The commissioner shall not implement a system to pay hospitals under the medical assistance and general assistance medical care programs on a peer grouping basis during the biennium ending June 30, 1993.

The commissioner of human services may implement demonstration projects designed to create alternative delivery systems for acute and long-term care services to elderly and disabled persons which provide increased coordination, improve access to quality services, and mitigate future cost increases. Before implementing the projects, the commissioner must provide to the legislature information regarding the projects, as part of the department's fiscal year 1994-1995 biennial budget request. Demonstrations affecting elderly persons must be integrated with the provisions of Minnesota Statutes 1991 Supplement, section 256B.0917. The commissioner shall report to the legislature on the interim progress of these demonstrations by June 30, 1993. The report must address the feasibility of and time lines for expansion of the projects or similar projects as part of a long-range strategy for reforming the long-term care delivery system.

funding and shall include an evaluation of those results when requesting additional funding.

This transfer is for the purpose of providing funding through June 30, 1993, for the state match necessary for preplacement activity.

sota Rules, parts 9525.0215 to 9525.0355, for more than 16 beds but not certified as an intermediate care facility for persons with mental retardation or related conditions closes and alternative services for the residents are necessary, the commissioner may transfer on a quarterly basis to the medical assistance state account from each affected county's community social service allocation an amount equal to the state share of medical assistance reimbursement for such residential and day habilitation services funded by medical assistance and provided to clients for whom the county is financially responsible.

Up to $30,000 of the appropriation for preadmission screening/alternative care grants for fiscal year 1992 contained in Laws 1991, chapter 292, article 1, section 2, subdivision 6, may be transferred to the health care administration account to pay the state's share of county claims for conducting nursing home assessments for persons with mental illness or mental retardation as required by Public Law Number 100-203 (OBRA).

For the fiscal year ending June 30, 1993, a newly constructed or newly established intermediate care facility for the mentally retarded that is developed and financed during that period shall not be subject to the equity requirements in Minnesota Statutes, section 256B.501, subdivision 11, paragraph (d), or Minnesota Rules, part 9553.0060, subpart 3, item F, provided that the provider's interest rate does not exceed the interest rate available through state agency tax exempt financing.

Because nine percent or more of the total preadmission screenings done for SAIL counties under Minnesota Stat-

Subd. 6. Mental Health and Regional Treatment Centers	(3,445,000)	(9,683,000)
The commissioner of human services, by January 15, 1993, shall submit to the legislature a comprehensive integrated mental health plan for regional treatment centers and community-based services. The plan must be based on a systemwide analysis of individual needs and contain specific strategies, target dates, funding methods, and budgets.		
There shall be at least one complement position in the department of human services to provide staff support to the state advisory council on mental health in order to coordinate activities with and provide technical assistance to the local advisory councils on mental health.		
$120,000 is appropriated to establish a six-bed short-term mental health crisis unit for adolescents in the five-county Region VII East area. The planning and development of the project shall be done by the Cambridge regional service center task force and its mental health work group. The program's goal shall be to return clients to the community as soon as possible. Special emphasis must be placed on children's mental

health in cooperation with the special education districts.

For the fiscal year ending June 30, 1992, the commissioner of finance is authorized to transfer $4,100,000 from the regional treatment centers chemical dependency treatment fund account to the general fund. Any remaining unspent money in the account does not cancel but is available for the fiscal year ending June 30, 1993.

The commissioner of finance shall transfer up to $1,750,000 annually from the general fund to the enterprise fund for the specific purpose of providing for the cash flow requirements of the chemical dependency programs operated by the regional treatment centers. All transfers are subject to the commissioner's assessment of the amount of funding needed for cash flow needs, equivalent to two months of account receivables and the ability of the programs to repay the advances from earnings. The chemical dependency programs at the regional treatment centers must repay any advances from the general fund at the prevailing interest rate for invested treasury cash as determined by the commissioner by March 1, 1993. The commissioner shall report to the legislature by January 1, 1993, regarding the financial status of the chemical dependency programs operated by the regional treatment centers.

Notwithstanding the provisions of any law to the contrary, the commissioner of human services may not limit admissions to any regional treatment center or state-operated nursing home, without the specific approval of the chairs of the human resources division of the house appropriations committee and the health and human services division of the senate finance committee.

The reduction in regional treatment center salary accounts shall not reduce the salary base for the regional treatment centers.

It is the policy of the state of Minnesota to provide direct service to the state's customers in the face of tight fiscal conditions. If layoffs of state employees as defined under Minnesota Statutes, chapter 43A, are necessary, the appointing authority shall make reductions from the top down. Larger percentages of reductions shall come from top management and supervisory classifications than from support staff and line personnel. This same policy shall apply to the holding of vacancies if agencies use this technique to manage their respective budgets. Nothing in this section shall be construed to abrogate existing collective bargaining contracts.

Provided there is no conflict with any collective bargaining agreement, any regional treatment center or state nursing home reduction in the human services technical classifications and other nonprofessional, nonsupervisory direct care positions must only be accomplished through attrition, transfers, and retirement and must not be accomplished through layoff, unless the position reduction is due to the relocation of residents to a different state facility and the employee declines to accept a transfer to a comparable position in another state facility.

Any regional treatment center employee position identified as being vacant by the regional treatment center and the commissioner of human services may only be declared so after review by the chair of the house human services division of appropriations and the chair of the senate health and human services division of finance.

The commissioner shall develop the state-operated community residential facilities authorized in 1990 session worksheets of the house appropriations and senate finance committees. The commissioner shall finance the purchase or construction of state-operated, community-based facilities with general obligation bonds or with the Minnesota housing finance agency. When state-operated, community-based facilities are constructed, purchased, or leased through the Minnesota housing finance agency, the commissioner shall make payments through the department of administration to the Minnesota housing finance agency in repayment of mortgage loans granted for this purpose.		
In addition to using general obligation bonds authorized for that purpose, the commissioner shall finance the construction of the ten state-operated community residential facilities with the use of Minnesota housing finance agency bonding authorized in Laws 1990, chapter 610, article 1, section 12, subdivision 3. A

COMPUTATION AND ENFORCEMENT OF SUPPORT

Section 1. [16B.091] [CONTRACTS; COMPLIANCE WITH CHILD SUPPORT ORDERS.]

A state agency may not enter into, extend, or renew a contract with an individual unless the individual submits a verified statement that the individual is not under a court-ordered obligation to

pay child support or that the individual is in good standing with respect to a court-ordered child support obligation. For purposes of this section, an individual is in good standing if:

(1) no arrearages are owed with respect to a child support obligation;

(2) the individual has a motion pending with respect to modification of child support and liability for arrearages; or

(3) the individual is complying with a court-ordered repayment plan for arrearages; or

(4) the individual has entered into an agreement with the custodial parent to pay the arrearages.

Sec. 2. Minnesota Statutes 1991 Supplement, section 214.101, subdivision 1, is amended to read:

Subdivision 1. [COURT ORDER; HEARING ON SUSPENSION.] (a) For purposes of this section, "licensing board" means a licensing board or other state agency that issues an occupational license.

(b) If a licensing board receives an order from a court under section 518.551, subdivision 12, dealing with suspension of a license of a person found by the court to be in arrears in child support payments, the board shall, within 30 days of receipt of the court order, provide notice to the licensee and hold a hearing. If the board finds that the person is licensed by the board and evidence of full payment of arrearages found to be due by the court is not presented at the hearing, the board shall suspend the license unless it determines that probation is appropriate under subdivision 2. The only issues to be determined by the board are whether the person named in the court order is a licensee, whether the arrearages have been paid, and whether suspension or probation is appropriate. The board may not consider evidence with respect to the appropriateness of the court order or the ability of the person to comply with the order. The board may not lift the suspension until the licensee files with the board proof showing that the licensee is current in child support payments.

Sec. 3. Minnesota Statutes 1990, section 257.67, subdivision 3, is amended to read:

Subd. 3. Willful failure to obey the judgment or order of the court is a ~~civil~~ contempt of the court. All remedies for the enforcement of judgments apply including those available under chapters 518 and 518C and sections ~~518C.01 to 518C.36 and~~ 256.871 to 256.878.

Sec. 4. Minnesota Statutes 1990, section 518.14, is amended to read:

518.14 [COSTS AND DISBURSEMENTS AND ATTORNEY FEES.]

In a proceeding under this chapter, the court shall award attorney fees, costs, and disbursements in an amount necessary to enable a party to carry on or contest the proceeding, provided it finds:

(1) that the fees are necessary for the good-faith assertion of the party's rights in the proceeding and will not contribute unnecessarily to the length and expense of the proceeding;

(2) that the party from whom fees, costs, and disbursements are sought has the means to pay them; and

(3) that the party to whom fees, costs, and disbursements are awarded does not have the means to pay them.

Nothing in this section precludes the court from awarding, in its discretion, additional fees, costs, and disbursements against a party who unreasonably contributes to the length or expense of the proceeding. Fees, costs, and disbursements provided for in this section may be awarded at any point in the proceeding, including a modification proceeding under section 518.64. The court may adjudge costs and disbursements against either party. The court may authorize the collection of money awarded by execution, or out of property sequestered, or in any other manner within the power of the court. An award of attorney's fees made by the court during the pendency of the proceeding or in the final judgment survives the proceeding and if not paid by the party directed to pay the same may be enforced as above provided or by a separate civil action brought in the attorney's own name. If the proceeding is dismissed or abandoned prior to determination and award of attorney's fees, the court may nevertheless award attorney's fees upon the attorney's motion. The award shall also survive the proceeding and may be enforced in the same manner as last above provided.

Sec. 5. Minnesota Statutes 1990, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] ~~Unless the obligee has comparable or~~ The court shall order the parent who has better group dependent health insurance coverage available ~~at a more reasonable cost, the court shall order the obligor~~, after considering cost, to name the minor child as beneficiary on any health and dental insurance plan that is available to the ~~obligor~~ parent on a group basis or through an employer or union. If only one parent has such coverage available, the court shall order that parent to name the minor child as

beneficiary. "Health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

If the court finds that dependent health or dental insurance is not available to ~~the obligor~~ either parent on a group basis or through an employer or union, or that the group insurer is not accessible to the ~~obligee~~ custodial parent, the court may require ~~the obligor~~ either parent to obtain dependent health or dental insurance~~, or to be liable for reasonable and necessary medical or dental expenses of the child~~.

~~If the court finds that the dependent health or dental insurance required to be obtained by the obligor does not pay all the reasonable and necessary medical or dental expenses of the child, or that the dependent health or dental insurance available to the obligee does not pay all the reasonable and necessary medical or dental expenses of the child, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan.~~ The court shall allocate the cost of the premium for the child and the cost of any medical or dental expenses of the child not covered by health or dental insurance to each parent in proportion to the parent's share, after the transfer of child support, of the total combined net incomes of the parents.

Sec. 6. Minnesota Statutes 1990, section 518.171, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] (a) Upon the entry of an order for insurance coverage under this section, the court shall mail a copy of the ~~court~~ order ~~for insurance coverage shall be forwarded~~ to the ~~obligor's~~ employer or union ~~by the obligee or the public authority responsible for support enforcement only when ordered by the court or when the following conditions are met:~~

~~(1) the obligor fails to provide written proof to the obligee or the public authority, within 30 days of receiving effective notice of the court order, that the insurance has been obtained or that application for insurability has been made;~~

~~(2) the obligee or the public authority serves written notice of its intent to enforce medical support on the obligor by mail at the obligor's last known post office address; and~~

~~(3) the obligor fails within 15 days after the mailing of the notice to provide written proof to the obligee or the public authority that the insurance coverage existed as of the date of mailing~~ of the parent who is responsible for the insurance coverage, if insurance is available to the parent on a group basis. The employer or union shall

forward a copy of the order to the health and dental insurance plan offered by the employer.

Sec. 7. Minnesota Statutes 1990, section 518.171, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] The order is binding on the employer or union and the health and dental insurance plan when service under subdivision 3 has been made. Upon receipt of the order, ~~or upon application of the obligor pursuant to the order,~~ the employer or union and its health and dental insurance plan shall enroll the minor child as a beneficiary in the group insurance plan and withhold any required premium from the ~~obligor's~~ parent's income or wages. If more than one plan is offered by the employer or union, the child shall be enrolled in the insurance plan in which the ~~obligor~~ parent is enrolled or the least costly plan otherwise available to the ~~obligor~~ parent that is comparable to a number two qualified plan. An employer or union that fails to comply with the order for 30 or more days is subject to contempt of court. Failure of the ~~obligor~~ parent to execute any documents necessary to enroll the dependent in the group health and dental insurance plan will not affect the obligation of the employer or union and group health and dental insurance plan to enroll the dependent in a plan for which other eligibility requirements are met. Information and authorization provided by the public authority responsible for child support enforcement, or by the custodial parent or guardian, is valid for the purposes of meeting enrollment requirements of the health plan. The insurance coverage for a child eligible under subdivision 5 shall not be terminated except as authorized in subdivision 5.

Sec. 8. Minnesota Statutes 1990, section 518.171, subdivision 6, is amended to read:

Subd. 6. [INSURER REIMBURSEMENT; CORRESPONDENCE AND NOTICE.] (a) The signature of the custodial parent of the insured dependent is a valid authorization to the insurer for purposes of processing an insurance reimbursement payment to the provider of the medical services. If a parent makes a payment for medical services for which reimbursement is required, the insurer shall pay the reimbursement directly to the parent who made the payment.

(b) The insurer shall send copies of all correspondence regarding the insurance coverage to both parents. When an order for dependent insurance coverage is in effect and the ~~obligor's~~ insured's employment is terminated, or the insurance coverage is terminated, the insurer shall notify the ~~obligee~~ other parent within ten days of the termination date with notice of conversion privileges.

Sec. 9. [518.173] [CHILD CARE EXPENSES.]

The court shall allocate the cost of work-related child care to each parent in proportion to each parent's share, after the transfer of child support, of the total combined net incomes of the parents. The cost of child care for purposes of this section shall be determined by subtracting from the actual cost paid for child care, the amount of the federal and state income tax credits for child care.

Sec. 10. Minnesota Statutes 1990, section 518.175, subdivision 1, is amended to read:

Subdivision 1. In all proceedings for dissolution or legal separation, subsequent to the commencement of the proceeding and continuing thereafter during the minority of the child, the court shall, upon the request of either parent, grant such rights of visitation on behalf of ~~the~~ each child and noncustodial parent as will enable the child and the noncustodial parent to maintain a child to parent relationship that will be in the best interests of the child. In particular, the court shall consider the need of each child to spend time alone with each parent. If the court finds, after a hearing, that visitation is likely to endanger ~~the~~ any child's physical or emotional health or impair ~~the~~ any child's emotional development, the court shall restrict visitation by the noncustodial parent with that child as to time, place, duration, or supervision and may deny visitation entirely, as the circumstances warrant. The court shall consider the age of ~~the~~ each child and ~~the~~ each child's relationship with the noncustodial parent prior to the commencement of the proceeding. A parent's failure to pay support because of the parent's inability to do so shall not be sufficient cause for denial of visitation.

Sec. 11. Minnesota Statutes 1990, section 518.54, subdivision 4, is amended to read:

Subd. 4. [SUPPORT MONEY; CHILD SUPPORT.] "Support money" or "child support" means:

(1) an award in a dissolution, legal separation, ~~or~~ annulment, or parentage proceeding for the care, support and education of any child of the marriage or of the parties to the ~~annulment~~ proceeding; or

(2) a contribution by parents ordered under section 256.87.

"Support money" or "child support" includes interest on arrearages under section 23.

Sec. 12. Minnesota Statutes 1990, section 518.551, subdivision 1, is amended to read:

Subdivision 1. [SCOPE; PAYMENT TO PUBLIC AGENCY.] (a)

This section applies to all proceedings involving an award of the child support.

(b) The court shall direct that all payments ordered for maintenance and support be made to the public agency responsible for child support enforcement so long as the obligee is receiving or has applied for public assistance, or has applied for child support and maintenance collection services. Public authorities responsible for child support enforcement may act on behalf of other public authorities responsible for child support enforcement. This includes the authority to represent the legal interests of or execute documents on behalf of the other public authority in connection with the establishment, enforcement, and collection of child support, maintenance, or medical support, and collection on judgments. Amounts received by the public agency responsible for child support enforcement greater than the amount granted to the obligee shall be remitted to the obligee.

Sec. 13. Minnesota Statutes 1991 Supplement, section 518.551, subdivision 5, is amended to read:

Subd. 5. [NOTICE TO PUBLIC AUTHORITY; GUIDELINES.] (a) The petitioner shall notify the public authority of all proceedings for dissolution, legal separation, determination of parentage or for the custody of a child, if either party is receiving aid to families with dependent children or applies for it subsequent to the commencement of the proceeding. After receipt of the notice, the court shall set child support as provided in this subdivision. The court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the child's support, without regard to marital misconduct. The court shall approve a child support stipulation of the parties if each party is represented by independent counsel, unless the stipulation does not meet the conditions of paragraph (h). In other cases the court shall determine and order child support in a specific dollar amount in accordance with the guidelines and the other factors set forth in paragraph (b) and any departure therefrom. The court may also order the obligor to pay child support in the form of a percentage share of the obligor's net bonuses, commissions, or other forms of compensation, in addition to, or if the obligor receives no base pay, in lieu of, an order for a specific dollar amount.

(b) The court shall derive a specific dollar amount by multiplying the obligor's net income by the percentage indicated by the following guidelines:

Net Income Per Month of Obligor	Number of Children						
	1	2	3	4	5	6	7 or more
$400 and Below	Order based on the ability of the obligor to provide support at these income levels, or at higher levels, if the obligor has the earning ability.						
$401 – 500	14%	17%	20%	22%	24%	26%	28%
$501 – 550	15%	18%	21%	24%	26%	28%	30%
$551 – 600	16%	19%	22%	25%	28%	30%	32%
$601 – 650	17%	21%	24%	27%	29%	32%	34%
$651 – 700	18%	22%	25%	28%	31%	34%	36%
$701 – 750	19%	23%	27%	30%	33%	36%	38%
$751 – 800	20%	24%	28%	31%	35%	38%	40%

$951 – 1000	24%	29%	34%	38%	41%	45%	48%
$1001 – ~~4000~~ 10,000	25%	30%	35%	39%	43%	47%	50%

Guidelines for support for an obligor with a monthly income of ~~$4,001~~ $10,000 or more shall be the same dollar amounts as provided for in the guidelines for an obligor with a monthly income of ~~$4,000~~ $10,000. The court may apply the guideline percentages for net monthly incomes of $1,001 to $10,000 to any portion of net monthly income in excess of $10,000, but the rebuttable presumption in paragraph (i) does not apply to this additional amount.

Net Income defined as:

Total monthly income less

*(i) Federal Income Tax
*(ii) State Income Tax
(iii) Social Security Deductions
(iv) Reasonable Pension Deductions
(v) Union Dues
(vi) Cost of Dependent Health Insurance Coverage
(vii) Cost of Individual or Group Health/ Hospitalization Coverage or an Amount for Actual Medical Expenses
(viii) A Child Support or Maintenance Order that is Currently Being Paid.

*Standard Deductions apply—use of tax tables recommended

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

~~(b)~~ (c) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess employment of the obligor or obligee that meets the criteria of paragraph ~~(a)~~ (b), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) ~~the amount of the aid to families with dependent children grant for the child or children;~~

~~(5)~~ which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; ~~and~~

~~(6)~~ (5) the parents' debts as provided in paragraph ~~(c)~~ (d); and

(6) existing or anticipated extraordinary medical expenses of the child.

~~(c)~~ (d) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

~~(d)~~ (e) Any schedule prepared under paragraph ~~(c)~~ (d), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

~~(e)~~ (f) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

~~(f) Where~~ (g) If payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

~~(g)~~ (h) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

~~(h)~~ (i) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying

child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph ~~(b)~~ (c) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b.

(j) Under no circumstances shall the fact that the obligee receives public assistance be grounds for the court to depart downward from the applicable child support amount calculated under paragraph (b).

Sec. 14. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Subd. 5d. [EDUCATION TRUST FUND.] If the child support order provides the child with a reasonable standard of living, the parties may agree to designate a sum of money as a trust fund for the costs of post-secondary education. The court shall advise parties that this option is available and that they may wish to consult an attorney concerning the creation of a trust. The state court administrator, in consultation with attorneys experienced in trust law, shall prepare a model trust instrument which the court administrator shall provide to parties who have minor children.

Sec. 15. Minnesota Statutes 1991 Supplement, section 518.551, subdivision 12, is amended to read:

Subd. 12. [~~OCCUPATIONAL~~ LICENSE SUSPENSION.] Upon petition of an obligee or public agency responsible for child support enforcement, if the court finds that the obligor is in arrears in court-ordered child support payments, and has not entered into an agreement with the custodial parent to pay the arrearages, the court may provide for suspension of licenses as provided in this subdivision. If the court finds that the obligor is or may be licensed by a licensing board listed in section 214.01 ~~and the obligor is in arrears in court-ordered child support payments~~ or by any other state agency that issues an occupational license, the court may direct the licensing board or other licensing agency to conduct a hearing under section 214.101 concerning suspension of the obligor's license. If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct.

The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

Sec. 16. Minnesota Statutes 1990, section 518.57, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Upon a decree of dissolution, legal separation, or annulment, the court shall make a further order which is just and proper concerning the maintenance of the minor children as provided by section 518.551, and for the maintenance of any child of the parties as defined in section 518.54, as support money, ~~and~~. The court may make ~~the same~~ any child support order a lien or charge upon the property of the ~~parties to the proceeding, or either of them~~ obligor, either at the time of the entry of the judgment or by subsequent order upon proper application.

Sec. 17. Minnesota Statutes 1990, section 518.57, is amended by adding a subdivision to read:

Subd. 4. [OTHER CUSTODIANS.] If a child resides with a person other than a parent and the court approves of the custody arrangement, the court may order child support payments to be made to the custodian regardless of whether the person has legal custody.

Sec. 18. [518.585] [NOTICE OF INTEREST ON LATE CHILD SUPPORT.]

Any judgment or decree of dissolution or legal separation containing a requirement of child support and any determination of parentage, order under chapter 518C, order under section 256.87, or order under section 260.251 must include a notice to the parties that section 23 provides for interest to begin accruing on a payment or installment of child support whenever the unpaid amount due is greater than the current support due.

Sec. 19. Minnesota Statutes 1990, section 518.611, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) Notwithstanding any law to the contrary, the order is binding on the employer, trustee, payor of the funds, or financial institution when service under subdivision 2 has been made. Withholding must begin no later than the first pay period that occurs after 14 days following the date of the notice. In the case of a financial institution, preauthorized transfers must occur in accordance with a court-ordered payment schedule. An employer, payor of funds, or financial institution in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2 and section 518.613

and shall remit, within ten days of the date the obligor is paid the remainder of the income, the amounts withheld to the public authority. The payor shall identify on the remittance information the date the obligor is paid the remainder of the income. The obligor is deemed to have paid the amount withheld as of the date the obligor received the remainder of the income. The financial institution shall execute preauthorized transfers from the deposit accounts of the obligor in the amount specified in the order and amounts required under subdivision 2 as directed by the public authority responsible for child support enforcement.

(b) Employers may combine all amounts withheld from one pay period into one payment to each public authority, ~~but~~ or one payment for all public authorities made to a public authority in a county designated by the commissioner of human services. The employer shall separately identify each obligor making payment in accordance with information required by the commissioner of human services. The combined payment must be accompanied by a fee of $1 for each obligor included in the payment, which must be deposited in the county treasury of the county designated by the commissioner of human services and credited to the county general fund. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party.

(c) An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld. A financial institution is liable to the obligee if funds in any of the obligor's deposit accounts identified in the court order equal the amount stated in the preauthorization agreement but are not transferred by the financial institution in accordance with the agreement. An employer or other payor of funds or a financial institution that fails to withhold or transfer funds in accordance with this section is:

(i) liable to the obligee for interest on the funds at the rate applicable to judgments under section 549.09, computed from the date the funds were required to be withheld or transferred;

(ii) liable for reasonable attorney fees of the obligee or public authority incurred in enforcing the liability under this paragraph; and

(iii) subject to contempt of court if it fails to comply with the requirements of this section for 30 days or more.

Sec. 20. Minnesota Statutes 1991 Supplement, section 518.64, subdivision 1, is amended to read:

Subdivision 1. [MODIFICATION; CONTEMPT.] After an order for maintenance or support money, temporary or permanent, or for the appointment of trustees to receive property awarded as maintenance or support money, the court may from time to time, on motion of either of the parties, a copy of which is served on the public authority responsible for child support enforcement if payments are made through it, or on motion of the public authority responsible for support enforcement, modify the order respecting the amount of maintenance or support money, and the payment of it, and also respecting the appropriation and payment of the principal and income of property held in trust, and may make an order respecting these matters which it might have made in the original proceeding, except as herein otherwise provided. The obligee or public authority also may bring a motion for contempt of court if the obligor is in arrears in support or maintenance payments.

Sec. 21. Minnesota Statutes 1991 Supplement, section 518.64, subdivision 2, is amended to read:

Subd. 2. [MODIFICATION.] (a) The terms of an order respecting maintenance or support may be modified upon a showing of one or more of the following: (1) substantially increased or decreased earnings of a party; (2) substantially increased or decreased need of a party or the child or children that are the subject of these proceedings; (3) receipt of assistance under sections 256.72 to 256.87; ~~or~~ (4) a change in the cost of living for either party as measured by the federal bureau of statistics, any of which makes the terms unreasonable and unfair; or (5) extraordinary medical expenses of the child.

The terms of a current support order shall be rebuttably presumed to be unreasonable and unfair if the application of the child support guidelines in section 518.551, subdivision 5, to the current circumstances of the parties results in a calculated court order that is at least 20 percent and at least $50 per month higher or lower than the current support order.

(b) On a motion for modification of maintenance, including a motion for the extension of the duration of a maintenance award, the court shall apply, in addition to all other relevant factors, the factors for an award of maintenance under section 518.552 that exist at the time of the motion. On a motion for modification of support, the court:

(1) shall apply section 518.551, subdivision 5, and shall not consider the financial circumstances of each party's spouse, if any; ~~and~~

(2) shall not consider compensation received by a party for employment in excess of a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

(ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, or overtime employment compensable by the hour or fractions of an hour;

(iv) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation;

(v) in the case of an obligor, current child support payments are at least equal to the guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the obligee, any net income from excess employment must be used to pay the arrearages until the arrearages are paid in full; and

(3) may consider the financial needs of any child born to, or adopted by, the obligor after entry of the support order, but only if:

(i) the motion is to increase the amount of support; and

(ii) the court also considers the financial circumstances of each party's spouse, if any.

(c) A modification of support or maintenance may be made retroactive only with respect to any period during which the petitioning party has pending a motion for modification but only from the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of record. However, modification may be applied to an earlier period if the court makes express findings that the party seeking modification was precluded from serving a motion by reason of a significant physical or mental disability, a material misrepresentation of another party, or fraud upon the court and that the party seeking modification, when no longer precluded, promptly served a motion.

(d) Except for an award of the right of occupancy of the homestead, provided in section 518.63, all divisions of real and personal property provided by section 518.58 shall be final, and may be revoked or modified only where the court finds the existence of conditions that justify reopening a judgment under the laws of this state, including motions under section 518.145, subdivision 2. The court may impose a lien or charge on the divided property at any time while the

property, or subsequently acquired property, is owned by the parties or either of them, for the payment of maintenance or support money, or may sequester the property as is provided by section 518.24.

(e) The court need not hold an evidentiary hearing on a motion for modification of maintenance or support.

(f) Section 518.14 shall govern the award of attorney fees for motions brought under this subdivision.

Sec. 22. Minnesota Statutes 1991 Supplement, section 518.64, subdivision 5, is amended to read:

Subd. 5. [FORM.] The department of human services shall prepare and make available to courts, obligors and persons to whom child support is owed a form to be submitted by the obligor or the person to whom child support is owed in support of a motion for a modification of an order for support or maintenance or for contempt of court. The rulemaking provisions of chapter 14 shall not apply to the preparation of the form.

Sec. 23. Minnesota Statutes 1990, section 548.091, subdivision 1a, is amended to read:

Subd. 1a. [CHILD SUPPORT JUDGMENT BY OPERATION OF LAW.] Any payment or installment of support required by a judgment or decree of dissolution or legal separation, determination of parentage, an order under chapter 518C, an order under section 256.87, or an order under section 260.251, that is not paid or withheld from the obligor's income as required under section 518.611 or 518.613, is a judgment by operation of law on and after the date it is due and is entitled to full faith and credit in this state and any other state. Interest accrues at an annual rate of ten percent from the date the ~~judgment on the payment or installment is entered and docketed under subdivision 3a, at the annual rate provided in section 549.09, subdivision 1~~ unpaid amount due is greater than the current support due. A payment or installment of support that becomes a judgment by operation of law between the date on which a party served notice of a motion for modification under section 518.64, subdivision 2, and the date of the court's order on modification may be modified under that subdivision.

Sec. 24. Minnesota Statutes 1990, section 588.20, is amended to read:

588.20 [CRIMINAL CONTEMPTS.]

Every person who shall commit a contempt of court, of any one of the following kinds, shall be guilty of a misdemeanor:

(1) Disorderly, contemptuous, or insolent behavior, committed during the sitting of the court, in its immediate view and presence, and directly tending to interrupt its proceedings, or to impair the respect due to its authority;

(2) Behavior of like character in the presence of a referee, while actually engaged in a trial or hearing, pursuant to an order of court, or in the presence of a jury while actually sitting for the trial of a cause, or upon an inquest or other proceeding authorized by law;

(3) Breach of the peace, noise, or other disturbance directly tending to interrupt the proceedings of a court, jury, or referee;

The fee shall be deposited in the county general fund. The service fee assessed is limited to ten percent of the monthly court ordered child support and shall not be assessed to obligors who are current in payment of the monthly court ordered child support. The public agency may impose a late fee penalty at an annual rate of six percent of the unpaid support due, commencing 30 days after the end of the month when the support was due. (3) evidentiary hearing on contempt motions; and

(4) motions to sentence or to revoke the stay of a jail sentence in contempt proceedings.

(b) An administrative law judge may hear a stipulation reached on a contempt motion, but any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district judge.

(c) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue orders to show cause and to issue bench warrants for failure to appear.

(d) Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, and the county court administrator shall jointly establish procedures and the county shall provide hearing facilities for implementing this process in a county.

(e) Nonattorney employees of the public agency responsible for child support in the counties designated by the commissioner, acting at the direction of the county attorney, may prepare, sign, serve, and file complaints and motions for obtaining, modifying, or enforcing child and medical support orders and maintenance and related documents, appear at prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law.

(f) The hearings shall be conducted under the rules of the office of administrative hearings, Minnesota Rules, parts 1400.7100 to 1400.7500, 1400.7700, and 1400.7800, as adopted by the chief administrative law judge. Sec. 5. Minnesota Statutes 1990, section 518.551, is amended by adding a subdivision to read:

Sec. 8. [SAVINGS DESIGNATED FOR COUNTY ADMINISTRATION.]

The commissioner of human services and the commissioner of finance shall estimate the savings to the state that will result from

reducing the number of instances in which there are downward deviations from the child support guidelines in cases where the children receive AFDC. Before the end of fiscal year 1993, the amount of the estimated savings for fiscal year 1993 must be transferred from the appropriation for AFDC to the appropriation for county child support enforcement incentive grants in Laws 1991, chapter 292, article 1, section 2, subdivision 4, to be allocated to counties in the same manner as the original appropriation for fiscal year 1993. For purposes of the governor's 1994-1995 biennial budget recommendations, the amount transferred during fiscal year 1993 and any additional savings projected for the biennium as a result of prohibiting downward deviations in AFDC cases must be added to the direct legislative appropriations and considered part of the base level funding for county child support enforcement incentives.

SURCHARGE

Section 1. [144.0505] [COOPERATION WITH COMMISSIONER OF HUMAN SERVICES.]

The commissioner shall promptly provide to the commissioner of human services upon request any information on hospital revenues, nursing home licensure, and health maintenance organization revenues required by the commissioner of human services to operate the provider surcharge program.

Sec. 2. Minnesota Statutes 1991 Supplement, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified

beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided:

(1) the nursing home beds are not certified for participation in the medical assistance program; and

(2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital build-

ings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure and if the cost of any remodeling of the facility does not exceed ten percent of the appraised value of the facility or $200,000, whichever is less; or to license as nursing home beds boarding care beds in a facility with an addendum to its provider agreement effective beginning July 1, 1983, if the boarding care beds to be upgraded meet the standards for nursing home licensure. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding

the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or $200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation; ~~or~~

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that

licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of $200,000 or more; or

(u) to certify, prior to July 1, 1993, beds in a facility that has no certified beds but was licensed and in operation prior to January 1, 1992.

Sec. 19. Minnesota Statutes 1990, section 256B.431, subdivision 2i, is amended to read:

Subd. 2i. [OPERATING COSTS AFTER JULY 1, 1988.] (a) [OTHER OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the other operating

cost limits established in Minnesota Rules, part 9549.0055, subpart 2, item E, to 110 percent of the median of the array of allowable historical other operating cost per diems and index these limits as in Minnesota Rules, part 9549.0056, subparts 3 and 4. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted other operating cost limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 3 and 4.

The salary adjustment per diem for each nursing home must be determined as follows:

(1) for each nursing home that reports salaries for registered nurses, licensed practical nurses, and aides, orderlies and attendants separately, the commissioner shall determine the salary adjustment per diem by multiplying the total salaries, payroll taxes, and fringe benefits allowed in each operating cost category, except management fees and administrator and central office salaries and the related payroll taxes and fringe benefits, by 3.5 percent and then dividing the resulting amount by the nursing home's actual resident days; and

(2) for each nursing home that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the salary adjustment per diem is the weighted average salary adjustment per diem increase determined under clause (1).

Each nursing home that receives a salary adjustment per diem

pursuant to this subdivision shall adjust nursing home employee salaries by a minimum of the amount determined in clause (1) or (2). The commissioner shall review allowable salary costs, including payroll taxes and fringe benefits, for the reporting year ending September 30, 1989, to determine whether or not each nursing home complied with this requirement. The commissioner shall report the extent to which each nursing home complied with the legislative commission on long-term care by August 1, 1990.

(e) [NEW BASE YEAR.] The commissioner shall establish a new base year for reporting years ending September 30, 1991, and September 30, 1992. In establishing a new base year, the commissioner must take into account:

For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use 95 percent of capacity days. If the debt was incurred due to a sale between family members, the

nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.

Nursing homes seeking continued medical assistance payments under this subdivision shall make the reports required under subdivision 2, except that on or after December 31, 1985, the financial statements required need not be audited by or contain the opinion of a certified public accountant or licensed public accountant, but need only be reviewed by a certified public accountant or licensed public accountant. In the event that the state is determined by the federal government to be no longer eligible for the federal share of medical assistance payments made to a nursing home under this subdivision, the commissioner may cease medical assistance payments, under this subdivision, to that nursing home. Between October 1, 1992, and July 1, 1993, a facility governed by this subdivision may elect to resume full participation in the medical assistance program by agreeing to comply with all of the requirements of the medical assistance program, including the rate equalization law in subdivision 1, paragraph (a), and all other requirements established in law or rule, and to resume intake of new medical assistance recipients.

The indigent care payment shall be ten percent of the amount of medical assistance payments issued to that provider for inpatient services in a given calendar quarter or month, excluding indigent care payments paid under this section, divided by the number of related admissions, or patient days if applicable, and multiplying the result by 111 percent. The indigent care payment is added to each admission, or patient day if applicable, occurring (1) in the second calendar quarter beginning after the quarter on which the September 15, 1991, indigent care payment amount is based and (2) in the month beginning six months after the month on which the subsequent monthly indigent care payment amount is based. The commissioner shall report when submitting the budget forecast regarding any changes in the amount

of the nursing home surcharge needed to ensure that collections continue at the level anticipated for fiscal year 1993. At that time, the commissioner shall also submit information to the legislature on any other proposed adjustments to the surcharge. The commissioner shall continue to track and report separately any provider reimbursement increases or other payments authorized in Laws 1992, chapter 292, article 4, and under sections 1 to 29. The commissioner shall request the Minnesota congressional delegation to support a change in federal law that would prohibit federal disallowances for any state that makes a good faith effort to comply with Public Law Number 91-234 by enacting conforming legislation prior to the issuance of federal implementing regulations.

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;

(6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section.

(e) For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(f) The effective day for the property-related payment rate determined under this subdivision shall be the first day of the month following the month in which the effective date of sale occurs, provided that the notice requirements under section 256B.47, subdivision 2, have been met.

(g) Notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitems (3) and (4), and subpart 7, items E and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after June 30, 1992, to the sum of clauses (1) to (3) (for purposes of paragraphs (g), (h), and (i), the term capital asset does not include depreciable equipment):

(1) the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the average annual capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's capital assets. The commissioner shall compute the allowed inflation as described in paragraph (h).

(h) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Index for any time periods during which both are available must be used. If the Dodge Construction Index becomes unavailable, the commissioner shall substitute the index in section 256B.431, subdivision 3f, or such other index as the secretary of the health care financing administration may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must not exceed 300 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the month following the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing facility's initial occupancy, and ending with the month preceding the effective date of sale.

(i) If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use the historical cost of capital asset data from the point in time for which capital asset data is recorded in the nursing facility's audited financial statements.

(j) The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1993, including debt assumed by the purchaser of the nursing facility.

Sec. 4. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST RE-

PORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement rate shall be determined as provided in paragraphs (a) to (d).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of acquiring the following items, including cash payment for equity investment and principal and interest expense for debt financing, shall be reported in the capital repair and replacement cost category:

(1) wall coverings;

(2) paint;

(3) floor coverings;

(4) window coverings;

(5) roof repair;

(6) heating or cooling system repair or replacement;

(7) window repair or replacement;

(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and

(9) capitalized repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.

(b) To compute the capital repair and replacement rate, the lesser of the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed $150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate

must be added to the nursing facility's total payment rate determined under subdivision 13.

(c) For capital repair and replacement costs incurred using both equity investment and debt financing, the equity investment shall be used first in determining costs subject to the annual limit.

(d) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

Sec. 5. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 16. [MAJOR ADDITIONS AND REPLACEMENTS; EQUITY INCENTIVE.] For rate years beginning after June 30, 1993, new allowable costs during the reporting year preceding the rate year, in connection with a project approved under the moratorium exception process in section 144A.073 or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of those capital asset additions exceeds the lesser of $125,000 or ten percent of the most recent appraised value shall be reimbursed under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section and shall receive an equity incentive factor to be added to their rental factor for application to the allowed equity portion of the new cost as provided in paragraphs (a) to (c). This computation is separate from the determination of the nursing facility's rental rate.

(a) For costs described in this subdivision, in addition to the rental rate determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, the allowable historical cost of the capital asset acquired, minus the allowable debt directly identified to that capital asset, must be multiplied by the equity incentive factor as described in paragraphs (b) and (c), and divided by the nursing facility's occupancy factor under subdivision 3f, paragraph (c), and added to the nursing facility's total property-related rate. The allowable historical cost of the capital assets and the allowable debt shall be determined as provided in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) The equity incentive factor shall be determined under clauses (1) to (4):

(1) divide the initial allowable debt in paragraph (a) by the initial historical cost of the capital asset additions referred to in paragraph (a), then cube the quotient,

(2) subtract the amount calculated in clause (1) from the number one,

(3) determine the difference between the rental factor and the lesser of two percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation as published in the Wall Street Journal and in effect on the first day of the month the debt or cost is incurred, or 16 percent,

(4) multiply the amount calculated in clause (2) by the amount calculated in clause (3).

(c) The payment resulting from application of the equity incentive factor shall be limited to the term of the allowable debt in paragraph (a), not greater than 20 years nor less than ten years. If no debt is incurred in acquiring the capital asset, the equity incentive payment shall be paid for ten years. Sale of a nursing facility under subdivision 14 shall terminate application of the equity incentive factor effective on the date provided in subdivision 4, paragraph (f), for the sale.

Sec. 6. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 17. [SPECIAL PROVISIONS FOR MORATORIUM EXCEPTIONS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 3, for rate years beginning after June 30, 1992, a nursing facility that has completed a renovation, replacement, or upgrading project approved under the moratorium exception process in section 144A.073 shall be reimbursed for costs directly identified to that project as provided in subdivisions 16 and 18 and this subdivision.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitems (1) and (3), allowable debt shall include:

(1) debt related to the cost of purchasing or replacing depreciable equipment, excluding vehicles, not to exceed six percent of the total historical cost of the project; and

(2) an increase in debt related to financing or refinancing costs, including costs related to points, loan origination fees, financing charges, legal fees, and title searches; and issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate counsel, printing, and financial forecasts. Allowable debt related to items in this clause shall not exceed seven percent of the total historical cost of the project. To the extent these costs are financed, the straight-line amortization of the costs in this clause is not an allowable cost.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 7, item D, allowable interest shall include:

(1) interest on allowable debt, including debt allowed under paragraph (b); and

(2) interest on debt incurred for the establishment of a debt reserve fund, net of the interest earned on the debt reserve fund.

(d) Debt for costs under paragraph (b) is not subject to Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (5) or (6).

(e) Notwithstanding subdivision 3f, paragraph (a), for rate years beginning after June 30, 1992, the replacement-costs-new per bed limit to be used in Minnesota Rules, part 9549.0060, subpart 4, item B, for a nursing facility that has completed a renovation, replacement, or upgrading project that has been approved under the moratorium exception process in section 144A.073, or that has completed an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of $200,000 or ten percent of the most recent appraised value, must be $47,500 per licensed bed in multiple-bed rooms and $71,250 per licensed bed in a single-bed room. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a).

Sec. 7. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 18. [ESTABLISHING BASELINE APPRAISALS; UPDATING APPRAISALS, ADDITIONS, AND REPLACEMENTS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subparts 1 to 3, the appraised value, routine updating of the appraised value, and special reappraisals are subject to this subdivision.

(1) For rate years beginning after June 30, 1993, the commissioner shall allow any nursing facility not choosing to use appraised values established under Minnesota Rules, part 9549.0060, as of June 30, 1991, or as established after June 30, 1991, and before July 1, 1993, under Minnesota Rules, part 9549.0060, subpart 13, item G (special reappraisals), to appeal its appraisal according to the procedures provided in section 256B.50, subdivision 2. All appraisals conducted in connection with that appeal must utilize the segregated cost approach of the depreciated replacement cost method currently employed by the commissioner. Upon appeal, all elements of the appraisal may be placed at issue by either party.

Nursing facilities electing to appeal their appraised value shall file written notice of appeal with the commissioner of human services before December 30, 1992. The cost of the appraisal report submitted with the appeal shall be paid by the nursing facility and shall be considered an allowable cost under Minnesota Rules, parts 9549.0040, subpart 9, and 9549.0061.

(2) All appraisals and reappraisals conducted under Minnesota Rules, parts 9549.0010 to 9549.0080, must comply with this section.

(3) The redetermination of a facility's appraised value under this paragraph shall have no impact on the rate determined under subdivision 13 but shall only be used for calculating the nursing facility's property-related payment rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section for rate years beginning after June 30, 1993.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 2, for rate years beginning after June 30, 1994, the commissioner shall routinely update the appraised value of all nursing facilities by adjusting each nursing facility's appraised value components by multiplying them by the index provided in subdivision 3f, paragraph (a). The incremental increase in the nursing facility's rental rate resulting from the annual adjustment as determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section shall be added to the nursing facility's property-related payment rate for each rate year. The adjustment under this paragraph shall also apply for purposes of subdivision 16.

(c) A nursing facility that makes a repair, addition, or replacement under subdivision 16, or repair, renovation, or upgrading under subdivision 17, shall have the nursing facility's appraised value increased by the total historical cost of the repair, addition, or replacement exclusive of the proceeds from disposals of capital assets or applicable credits such as public grants and insurance proceeds. The property-related costs may be reported only after completion of the project and must be reported on a special cost report form provided by the commissioner. A nursing facility submitting a special cost report shall have the depreciation for the nursing facility reduced by a percentage equal to the percentage increase in the appraised value resulting from the repair, addition, or replacement under this paragraph. The incremental increase in a nursing facility's rental rate, determined under Minnesota Rules, part 9549.0080, and this section, resulting from the increased appraised value under this paragraph shall be added to its property-related payment rate and shall be effective on the first day of the month following the month in which the repair, addition, or replacement was completed.

Sec. 8. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 19. [REFINANCING INCENTIVE.] A nursing facility that refinances debt after May 30, 1992, in order to achieve a savings in annual interest expense payments shall receive as an incentive interest expense payments for the allowable refinanced debt plus payments of one-half the difference between the interest expense payments for the refinanced debt and the rate year in which

refinancing occurs and for the four consecutive rate years following the rate year in which refinancing occurs. The facility's rate under subdivision 13 shall be reduced by the incremental change in rate as provided in this subdivision and Minnesota Rules, parts 9549.0010 to 9549.0080, and this section resulting from the refinancing. To calculate the annual interest expense for the refinanced debt, the aggregate interest expense over the remaining term of the refinanced debt shall be divided by the remaining years of the term of the refinanced debt. For purposes of this subdivision, the annual interest for the debt prior to refinancing shall be calculated in the same manner. An increase in a nursing facility's debt for costs in subdivision 17, paragraph (b), clause (2), including the cost of refinancing the issuance or financing costs of the debt refinanced resulting from refinancing that meets the conditions of this section shall be allowed, notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (6). The proceeds of refinancing may not be used for the purpose of withdrawing equity from the nursing facility. Sale of a nursing facility under subdivision 14 shall terminate the payment of the incentive payments under this subdivision effective the date provided in subdivision 14, paragraph (f), for the sale.

Sec. 9. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 20. [SPECIAL PROPERTY RATE SETTING.] For rate years beginning after June 30, 1992, the property-related rate for a nursing facility approved for total replacement under the moratorium exception process in section 144A.073 shall have its property-related rate under subdivision 13 recalculated using the greater of actual resident days or 80 percent of capacity days. This rate shall apply until the nursing facility is replaced or until the moratorium exception authority lapses, whichever is sooner.

Sec. 10. [NURSING FACILITY PLANT STUDY.]

The commissioner of health shall study the physical condition of all Minnesota nursing facilities. This study shall include an individual assessment of each facility to be performed after September 30, 1993, by one of the architectural firms authorized by the commissioner of health to conduct assessments. To qualify for authorization, an architectural firm must have actual experience and prior involvement with nursing home construction or remodeling projects. The commissioner shall select one or more architectural firms to conduct the individual facility assessment. The cost of the assessment shall be paid by the nursing facility and shall be considered an allowable cost under Minnesota Rules, parts 9549.0040, subpart 9, and 9549.0061, for rate years beginning after June 30, 1995. Prior to beginning the individual assessments, the commissioner shall convene a special task force to develop recommendations for the commissioner concerning the standards and

criteria by which the individual assessments must be conducted. The recommendation shall be provided to the commissioner by the task force by July 1, 1993. The criteria and standards for the study shall be established by the commissioner by September 30, 1993.

E

REMAINING STATUTORY CHANGES

Section 1. Minnesota Statutes 1990, section 144.122, is amended to read:

144.122 [LICENSE AND PERMIT FEES.]

(a) The state commissioner of health, by rule, may prescribe reasonable procedures and fees for filing with the commissioner as prescribed by statute and for the issuance of original and renewal permits, licenses, registrations, and certifications issued under authority of the commissioner. The expiration dates of the various licenses, permits, registrations, and certifications as prescribed by the rules shall be plainly marked thereon. Fees may include application and examination fees and a penalty fee for renewal applications submitted after the expiration date of the previously issued permit, license, registration, and certification. The commissioner may also prescribe, by rule, reduced fees for permits, licenses, registrations, and certifications when the application therefor is submitted during the last three months of the permit, license, registration, or certification period. Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. The fees shall be in an amount so that the total fees collected by the commissioner will, where practical, approximate the cost to the commissioner in administering the program. All fees collected shall be deposited in the state treasury and credited to the general fund unless otherwise specifically appropriated by law for specific purposes.

(b) The commissioner may charge a fee for voluntary certification of medical laboratories and environmental laboratories, and for environmental and medical laboratory services provided by the department, without complying with paragraph (a) or chapter 14. Fees charged for environment and medical laboratory services provided by the department must be approximately equal to the costs of providing the services.

(c) The commissioner may develop a schedule of fees for diagnostic evaluations conducted at clinics held by the services for children with handicaps program. All receipts generated by the program are annually appropriated to the commissioner for use in the maternal and child health program.

(d) The commissioner, for fiscal years 1993 and beyond, shall set license fees for hospitals and nursing homes that are not boarding care homes at a level sufficient to recover, over a two-year period, the deficit associated with the collection of license fees from these facilities. The license fees for these facilities shall be set at the following levels:

Joint Commission on Accreditation of Healthcare Organizations (JCAHO hospitals)	$2,142
Non-JCAHO hospitals	$2,228 plus $138 per bed
Nursing home	$324 plus $76 per bed

For fiscal years 1993 and beyond, the commissioner shall set license fees for outpatient surgical centers, boarding care homes, and supervised living facilities at a level sufficient to recover, over a four-year period, the deficit associated with the collection of license fees from these facilities. The license fees for these facilities shall be set at the following levels:

Outpatient surgical centers	$1,645
Boarding care homes	$249 plus $58 per bed
Supervised living facilities	$249 plus $58 per bed.

Sec. 2. Minnesota Statutes 1990, section 144.123, subdivision 2, is amended to read:

Subd. 2. [RULES FOR FEE AMOUNTS.] The commissioner of health shall promulgate rules, in accordance with chapter 14, which shall specify the amount of the handling fee prescribed in subdivision 1. The fee shall approximate the costs to the department of handling specimens including reporting, postage, specimen kit preparation, and overhead costs. The fee prescribed in subdivision 1 shall be ~~$5~~ $15 per specimen until the commissioner promulgates rules pursuant to this subdivision.

Sec. 3. [144.3831] [FEES.]

Subdivision 1. [FEE SETTING.] The commissioner of health may assess an annual fee of $5.21 for every service connection to a public water supply that is owned or operated by a home rule or charter city, a statutory city, a city of the first class, or a town. The commissioner of health may also assess an annual fee for every service connection served by a water user district defined in section 110A.02.

Subd. 2. [COLLECTION AND PAYMENT OF FEE.] The public water supply described in subdivision 1 shall:

(1) collect the fees assessed on its service connections;

(2) pay the department of revenue an amount equivalent to the fees based on the total number of service connections. The service connections for each public water supply described in subdivision 1 shall be verified every four years by the department of health; and

(3) pay one-fourth of the total yearly fee to the department of revenue each calendar quarter. The first quarterly payment is due on or before March 30, 1993. In lieu of quarterly payments, a public water supply described in subdivision 1 with fewer than 50 service connections may make a single annual payment by June 30 each year, starting in 1993. The fees payable to the department of revenue shall be deposited in the state treasury as nondedicated general fund revenues.

Subd. 3. [LATE FEE.] The public water supply described in subdivision 1 shall pay a late fee in the amount of five percent of the amount of the fees due from the public water supply if the fees due from the public water supply are not paid within 30 days of the payment dates in subdivision 2, clause (3). The late fee that the public water supply shall pay shall be assessed only on the actual amount collected by the public water supply through fees on service connections.

Sec. 4. Minnesota Statutes 1991 Supplement, section 144.50, subdivision 6, is amended to read:

Subd. 6. [SUPERVISED LIVING FACILITY LICENSES.] (a) The commissioner may license as a supervised living facility a facility seeking medical assistance certification as an intermediate care facility for persons with mental retardation or related conditions for four or more persons as authorized under section 252.291.

(b) Class B supervised living facilities ~~seeking medical assistance certification as an intermediate care facility for persons with mental retardation or related conditions~~ shall be classified as follows for purposes of the state building code:

(1) Class B supervised living facilities for six or less persons must meet Group R, Division 3, occupancy requirements; and

(2) Class B supervised living facilities for seven to 16 persons must meet Group R, Division 1, occupancy requirements.

(c) Class B facilities classified under paragraph (b), clauses (1) and (2), must meet the fire protection provisions of chapter 21 of the 1985 life safety code, NFPA 101, for facilities housing persons with impractical evacuation capabilities, except that Class B facilities licensed prior to July 1, 1990, need only continue to meet institu-

tional fire safety provisions. Class B supervised living facilities shall provide the necessary physical plant accommodations to meet the needs and functional disabilities of the residents. For Class B supervised living facilities licensed after July 1, 1990, and housing nonambulatory or nonmobile persons, the corridor access to bedrooms, common spaces, and other resident use spaces must be at least five feet in clear width, except that a waiver may be requested in accordance with Minnesota Rules, part 4665.0600.

(d) The commissioner may license as a Class A supervised living facility a residential program for chemically dependent individuals that allows children to reside with the parent receiving treatment in the facility. The licensee of the program shall be responsible for the health, safety, and welfare of the children residing in the facility. The facility in which the program is located must be provided with a sprinkler system approved by the state fire marshal. The licensee shall also provide additional space and physical plant accommodations appropriate for the number and age of children residing in the facility. For purposes of license capacity, each child residing in the facility shall be considered to be a resident.

Sec. 5. Minnesota Statutes 1990, section 144A.071, subdivision 2, is amended to read:

Subd. 2. [MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded, for addition of new certified beds or for a change or changes in the certification status of existing beds except as provided in subdivision 3. The total number of certified beds in the state shall remain at or decrease from the number of beds certified on May 23, 1983, except as allowed under subdivision 3. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under sections 245A.01 to 245A.16 and 252.28 to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount. The commissioner of health shall deny each request for licensure of nursing home beds except as provided in subdivision 3.

In addition, the commissioner of health must not approve any construction project whose cost exceeds $200,000 or ten percent of the facility's appraised value, whichever is less, unless the project has been approved through the process described in section 144A.073, or meets an exception in subdivision 3.

Sec. 6. [144A.154] [RATE RECOMMENDATION.]

The commissioner may recommend to the commissioner of human services a review of the rates for a nursing home or boarding care home that participates in the medical assistance program that is in voluntary or involuntary receivership, and that has needs or deficiencies documented by the department of health. If the commissioner of health determines that a review of the rate under section 256B.495 is needed, the commissioner shall provide the commissioner of human services with:

(1) a copy of the order or determination that cites the deficiency or need; and

(2) the commissioner's recommendation for additional staff and additional annual hours by type of employee and additional consultants, services, supplies, equipment, or repairs necessary to satisfy the need or deficiency.

Sec. 7. Minnesota Statutes 1991 Supplement, section 144A.31, subdivision 2a, is amended to read:

Subd. 2a. [DUTIES.] The interagency committee shall identify long-term care issues requiring coordinated interagency policies and shall conduct analyses, coordinate policy development, and make recommendations to the commissioners for effective implementation of these policies. The committee shall refine state long-term goals, establish performance indicators, and develop other methods or measures to evaluate program performance, including client outcomes. The committee shall review the effectiveness of programs in meeting their objectives.

The committee shall also:

(1) facilitate the development of regional and local bodies to plan and coordinate regional and local services;

(2) recommend a single regional or local point of access for persons seeking information on long-term care services;

(3) recommend changes in state funding and administrative policies that are necessary to maximize the use of home and community-based care and that promote the use of the least costly alternative without sacrificing quality of care; ~~and~~

(4) develop methods of identifying and serving seniors who need minimal services to remain independent but who are likely to develop a need for more extensive services in the absence of these minimal services; and

(5) develop and implement strategies for advocating, promoting, and developing long-term care insurance and encourage insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits.

Sec. 8. Minnesota Statutes 1991 Supplement, section 148.91, subdivision 3, is amended to read:

Subd. 3. [FEE; TERM OF LICENSE.] An applicant shall pay a nonrefundable application fee set by the board. ~~The licenses granted by the board shall be for a period of three years and shall be renewed on a three-year basis.~~ The fee and term for a license and for renewal shall be set by the board.

Sec. 9. Minnesota Statutes 1991 Supplement, section 148.921, subdivision 2, is amended to read:

Subd. 2. [PERSONS PREVIOUSLY QUALIFIED.] The board shall grant a license for a licensed psychologist without further examination to a person who:

(2) before November 1, 1992, filed with the board a written declaration of intent to seek licensure under this subdivision;

(3) complied with all requirements of section 148.91, subdivisions 2 to 4, before December 31, 1997; and

(4) completed at least two full years or their equivalent of post-master's supervised psychological employment before December 31, 1998.

Sec. 10. Minnesota Statutes 1991 Supplement, section 148.925, subdivision 1, is amended to read:

Subdivision 1. [PERSONS QUALIFIED TO PROVIDE SUPERVISION.] (a) Only the following persons are qualified to provide supervision for master's degree level applicants for licensure as a licensed psychologist:

(1) a licensed psychologist with a competency in supervision in professional psychology and in the area of practice being supervised; and

(2) a person who either is eligible for licensure as a licensed psychologist under section 148.91 or is eligible for licensure by reciprocity, and who, in the judgment of the board, is competent or experienced in supervising professional psychology and in the area of practice being supervised.

(b) Professional supervision of a doctoral level applicant for licensure as a licensed psychologist must be provided by a person:

(1) who meets the requirements of paragraph (a), clause (1) or (2), and

(2)(i) who has a doctorate degree with a major in psychology, or

(ii) who was licensed by the board as a psychologist before August 1, 1991, and is certified by the board as competent in supervision of applicants for licensure in accord with section 148.905, subdivision 1, clause (10), by August 1, 1993.

Sec. 11. Minnesota Statutes 1991 Supplement, section 148.925, subdivision 2, is amended to read:

Subd. 2. A "qualified business" is a business that employs persons with mental retardation or related conditions but is not licensed or certified to provide job training and support to disabled persons.

Payments may be made directly to a qualified business by a county board or through other vendors of employment services. Subd. 3. [COMMISSIONER APPROVAL.] Notwithstanding requirements in sections 252.28, 252.40 to 252.47, and 256B.501, the commissioner of human services may authorize service alternatives to day training and habilitation services for persons specified in subdivision 2, paragraph (f). Alternative services may be provided by the existing day training and habilitation vendor, the residential vendor, or other qualified vendors selected by the county when the following conditions are met:

(1) the county has submitted a proposal to the commissioner, pursuant to subdivision 4 of this section, and has received written authorization from the commissioner to provide alternative services to eligible persons;

(2) the host county has a negotiated rate contract with an approved vendor as defined in this section; and

(3) the cost for the person's proposed service alternative will be less than or equal to the cost of the person's day training and habilitation services.

Subd. 4. [COUNTY PROPOSAL CONTENTS AND COMMISSIONER APPROVAL.] To be considered for the commissioner's approval, county proposals for alternative services must include the following:

(1) a description of persons who may receive alternative services and a description of the alternative services, including the proposed vendors;

(2) assurance that persons proposed to receive alternative services

will be or have been authorized based on their assessed needs and preferences for alternative services and in accordance with subdivision 5 and that the decision to receive alternative services was actually made by the person or the person's legal representative;

(3) a description of measures undertaken by the county to assure sufficient oversight by a person or organization other than the residential service provider when the residential service vendor is also the vendor of the alternative service;

(4) a statement of the proposed cost and the method of payment for the alternative service, including assurance that the cost will not exceed the cost of day training and habilitation;

(5) assurance that the county will provide timely reports to the commissioner of human services about who has been authorized to receive alternative services, in order to assure proper reimbursement of the vendor; and

(6) assurance that the county of financial responsibility has approved of the plan for alternative services.

Subd. 5. [RIGHTS AND PROTECTIONS.] (a) Persons and their legal representatives, if any, may choose service alternatives when made available by the county and authorized by the commissioner. Counties shall inform persons and their legal representatives, if any, in writing, of their option to participate in service alternatives, or to continue work or attendance at a training and habilitation facility.

(b) Persons participating in service alternatives shall continue to receive the amount and type of active treatment determined to be needed in their individual service plans and to assure compliance with federal regulations, as applicable.

(c) All persons referred for participation in the service alternative shall be informed when any part of Minnesota Rules is waived. No person shall be denied rights or procedural protection provided under sections 256.045, subdivision 4a, and 256B.092.

Subd. 6. [PAYMENT FOR ALTERNATIVE SERVICES.] (a) Payment for alternative services shall be made to approved vendors under the conditions of existing contracts with the host county, except for intermediate care facilities for persons with mental retardation or a related condition reimbursed through Minnesota Rules, parts 9553.0010 to 9553.0080. When alternative services under this section are provided by an intermediate care facility for persons with mental retardation or related conditions, the following reimbursement and reporting procedures will be applied.

(b) Effective upon date of enactment, the commissioner shall, for a

facility determined to be eligible under this section, negotiate an adjustment to the payment rate. The negotiated adjustment must reflect only the actual programmatic costs of meeting the alternative day training and habilitation needs of persons participating in service alternatives under this section. Additional programmatic costs must not include administrative and property-related costs. The additional programmatic costs shall be limited to:

(1) program salaries, payroll taxes, and fringe benefits of facility employees providing direct care services;

(2) costs of program consultants providing direct care services;

(3) training costs of facility employees providing direct care services;

(4) costs of program supplies; and

(5) additional operating costs related to transporting persons to community activities which have not been included in the facility's payment rate.

The additional programmatic costs must be reported on the facility's annual cost report in the program operating cost category. A facility receiving a negotiated adjustment to its payment rate must agree to report these payments on an accrual basis as an applicable credit in the program operating cost category on its annual cost report for each reporting year in which a negotiated adjustment is in effect. The maximum amount of the negotiated adjustment shall not exceed the cost of the day training and habilitation service provided to a person just prior to entering alternative services.

(c) The negotiated per diem adjustment to the facility's payment rate shall be equal to the sum of the negotiated programmatic costs divided by the facility's resident days for the reporting year used to establish the payment rate being adjusted. The adjusted payment rate shall be effective the first day of the month following the month when a person ceases receiving day training and habilitation services. The negotiated per diem adjustment may be subject to renegotiation on October 1 of each subsequent rate year. The negotiated per diem adjustment shall terminate upon discharge of the person from the facility, or at such time when the person is determined by the commissioner to no longer require service alternatives.

(d) Upon statewide implementation of a residential client-based reimbursement system for ICF/MR facilities, parts or all of this subdivision shall be subject to amendment, if no longer applicable, as determined by the commissioner.

Before taking such corrective action, the commissioner shall consult with the chairs of the senate health and human services committee, the house health and human services committee, the health and human services division of the senate finance committee and the human resources division of

the house appropriations committee, or, if the legislature is not in session, consult with the legislative advisory commission.

(b) The field trials shall be conducted as permitted under federal law, for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

Families assigned to ~~an experimental~~ a test group receive benefits and services through the family investment plan. Families assigned to a ~~control~~ comparison group receive benefits and services through existing programs. A family may not select the group to which it is assigned. Once assigned to a group, ~~a~~ an eligible family must remain in that group for the duration of the project.

(ii) To evaluate the effectiveness of the family investment plan, the commissioner may designate a subgroup of families from the ~~experimental~~ test group who shall be exempt from section 256.035, subdivision 1, and shall not receive case management services under section 256.035, subdivision 6a. Families are eligible for services under section 256.736 to the same extent as families receiving AFDC.

(b) For a family with a minor parental caregiver or a family whose

parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the expectation is that, concurrent with the receipt of assistance, the parental caregiver must be developing or complying with a family support agreement. The terms of the family support agreement must include compliance with section 256.736, subdivision 3b. However, if the assistance unit does not comply with section 256.736, subdivision 3b, the sanctions in subdivision 3 apply.

(c) For a family with two adult parental caregivers, the expectation is that at least one parent will independently pursue self-sufficiency until the family has received assistance for six months within the preceding 12 months. Beginning with the seventh month of assistance, one parent must be developing or complying with the terms of the family support agreement.

Sec. 40. Minnesota Statutes 1990, section 256.81, is amended to read:

256.81 [COUNTY AGENCY, DUTIES.]

(1) The county agency shall keep such records, accounts, and statistics in relation to aid to families with dependent children as the state agency shall prescribe.

(2) Each grant of aid to families with dependent children shall be paid to the recipient by the county agency unless paid by the state agency. Payment must be by check or electronic means except in those instances in which the county agency, subject to the rules of the state agency, determines that payments for care shall be made to an individual other than the parent or relative with whom the dependent child is living or to vendors of goods and services for the benefit of the child because such parent or relative is unable to properly manage the funds in the best interests and welfare of the child. At the request of a recipient, the state or county may make

payments directly to vendors of goods and services, but only for goods and services appropriate to maintain the health and safety of the child, as determined by the county. The state or county may ask the recipient to give written consent authorizing the state or county to provide advance notice to a vendor before vendor payments are reduced or terminated. Whenever possible under state and federal laws and regulations, the state or county shall provide at least 30 days notice to vendors before vendor payments are reduced or terminated. If 30 days notice cannot be given, the state or county shall notify the vendor within three working days after the date the state or county becomes aware that vendor payments will be reduced or terminated. A fee of no more than $5 may be charged to a vendor to offset the cost of notification. A vendor payment arrangement is not a guarantee that a vendor will be paid by the state or county for rent, goods, or services furnished to a recipient, and the state and county are not liable for any damages claimed by a vendor due to failure of the state or county to pay or to notify the vendor on behalf of a recipient, except under a specific written agreement between the state or county and the vendor or when the state or county has provided a voucher guaranteeing payment under certain conditions.

(3) The county shall be paid from state and federal funds available therefor the amount provided for in section 256.82.

(4) Federal funds available for administrative purposes shall be distributed between the state and the counties in the same proportion that expenditures were made except as provided for in section 256.017.

Sec. 41. Minnesota Statutes 1990, section 256.9655, is amended to read:

256.9655 [PAYMENTS TO MEDICAL PROVIDERS.]

Subdivision 1. At a minimum, the commissioner shall:

(1) designate a full-time position as a liaison between the department of human services and providers;

(2) analyze impediments to timely processing of claims, provide information and consultation to providers, and develop methods to resolve or reduce problems;

(3) provide to each acute care hospital a quarterly listing of claims

received and identify claims that have been suspended and the reason the claims were suspended;

(4) provide education and information on reasons for rejecting and suspending claims and identify methods that would avoid multiple submissions of claims; and

(5) for each acute care hospital, identify and prioritize claims that are in jeopardy of exceeding time factors that eliminate payment.

Subd. 2. [ELECTRONIC CLAIM SUBMISSION.] Medical providers designated by the commissioner of human services are permitted to purchase authorized materials through commodity contracts administered by the commissioner of administration for the purpose of submitting electronic claims to the medical programs designated in subdivision 1. Providers so designated must be actively enrolled and participating in the medical programs and must sign a hardware purchase and electronic biller agreement with the commissioner of human services prior to purchase from the contract.

Sec. 42. Minnesota Statutes 1991 Supplement, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The medical assistance payment rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment except the commissioner may establish exemptions to specific requirements based on diagnosis, procedure, or service after notice in the State Register and a 30-day comment period. The commissioner may establish an administrative reconsideration process for appeals of inpatient hospital services determined to be medically unnecessary. The reconsideration process shall take place prior to the contested case procedures of chapter 14 and shall be conducted by physicians that are independent of the case under reconsideration. A majority decision by the physicians is necessary to make a determination that the services were not medically necessary. Notwithstanding section 256B.72, the commissioner may recover inpatient hospital payments for services that have been determined to be medically unnecessary under the reconsideration process.

Sec. 43. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index ~~shall~~ may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program for admissions occurring during the biennium ending June 30, 1993.

For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital reimbursement rates under medical assistance and general assistance medical care. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital reimbursement rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 44. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 2, is amended to read:

Subd. 2. [DIAGNOSTIC CATEGORIES.] The commissioner shall use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data on admissions that are paid a per day transfer rate under subdivision ~~13~~ 14. The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may

recategorize the diagnostic classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period.

Sec. 45. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 21, is amended to read:

Subd. 21. [MENTAL HEALTH OR CHEMICAL DEPENDENCY ADMISSIONS; ~~RATES.~~] ~~Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of subdivision 14, except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary.~~ ~~Stays~~ Mental health and chemical dependency inpatient hospital services for a hold or commitment ordered by the court which are medically necessary ~~for inpatient hospital services~~ and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Contracts may be for the full range of health services, or a portion thereof, for medical assistance and general assistance medical care populations to determine the effectiveness of various provider reimbursement and care delivery mechanisms. The commissioner may seek necessary federal waivers and implement projects when approval of the waivers is obtained from the Health Care Financing Administration of the United States Department of Health and Human Services.

Sec. 51. Minnesota Statutes 1990, section 256B.056, subdivision 1a, is amended to read:

Subd. 1a. Cooperation also includes providing information about a group health plan for which the person may be eligible and if the plan is determined cost-effective by the state agency and premiums are paid by the local agency or there is no cost to the recipient, they must enroll or remain enrolled with the group. The commissioner, after receiving recommendations from the Minnesota medical association and the Minnesota pharmacists association, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall

serve without compensation. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide evidence to the formulary committee that placing the drug on prior authorization will not reduce the quality of patient care and that the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for pro-

hibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written – brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until June 30, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this

claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 57. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 13a. [DRUG UTILIZATION REVIEW BOARD.] A 12-member drug utilization review board is established. The board is comprised of six licensed physicians actively engaged in the practice of medicine in Minnesota; five licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; and one consumer representative. The board shall be staffed by an employee of the department who shall serve as an ex officio nonvoting member of the board. The members of the board shall be appointed by the commissioner and shall serve three-year terms. The physician members shall be selected from a list submitted by the Minnesota medical association. The pharmacist members shall be selected from a list submitted by the Minnesota pharmacist association. The commissioner shall appoint the initial members of the board for terms expiring as follows: four members for terms expiring June 30, 1995; four members for terms expiring June 30, 1994; and four members for terms expiring June 30, 1993. Members may be reappointed once. The board shall annually elect a chair from among the members.

The commissioner shall, with the advice of the board:

(1) implement a medical assistance retrospective and prospective drug utilization review program as required by United States Code, title 42, section 1396r-8(g)(3);

(2) develop and implement the predetermined criteria and practice parameters for appropriate prescribing to be used in retrospective and prospective drug utilization review;

(3) develop, select, implement, and assess interventions for physicians, pharmacists, and patients that are educational and not punitive in nature;

(4) establish a grievance and appeals process for physicians and pharmacists under this section;

(5) publish and disseminate educational information to physicians and pharmacists regarding the board and the review program;

(6) adopt and implement procedures designed to ensure the confidentiality of any information collected, stored, retrieved, assessed, or analyzed by the board, staff to the board, or contractors to the review program that identifies individual physicians, pharmacists, or recipients;

(7) establish and implement an ongoing process to (i) receive public comment regarding drug utilization review criteria and standards, and (ii) consider the comments along with other scientific and clinical information in order to revise criteria and standards on a timely basis; and

(8) adopt any rules necessary to carry out this section.

The board may establish advisory committees. The commissioner may contract with appropriate organizations to assist the board in carrying out the board's duties. The commissioner may enter into contracts for services to develop and implement a retrospective and prospective review program.

The board shall report to the commissioner annually on December 1. The commissioner shall make the report available to the public upon request. The report must include information on the activities of the board and the program; the effectiveness of implemented interventions; administrative costs; and any fiscal impact resulting from the program.

Sec. 58. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19b. [NO AUTOMATIC ADJUSTMENT.] For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for personal care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for personal care services.

Sec. 59. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19c. [PERSONAL CARE.] Medical assistance covers personal care services provided by an individual who is qualified to provide the services according to subdivision 19a and section

256B.0627, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse.

Sec. 60. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 20a. [CASE MANAGEMENT FOR PERSONS WITH MENTAL RETARDATION OR A RELATED CONDITION.] To the extent defined in the state Medicaid plan, case management service activities for persons with mental retardation or a related condition as defined in section 256B.092, and rules promulgated thereunder, are covered services under medical assistance.

Sec. 61. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 31. [MEDICAL SUPPLIES AND EQUIPMENT.] Medical assistance covers medical supplies and equipment. Separate payment outside of the facility's payment rate shall be made for wheelchairs and wheelchair accessories for recipients who are residents of intermediate care facilities for the mentally retarded. Reimbursement for wheelchairs and wheelchair accessories for ICF/MR recipients shall be subject to the same conditions and limitations as coverage for recipients who do not reside in institutions. A wheelchair purchased outside of the facility's payment rate is the property of the recipient.

Sec. 62. Minnesota Statutes 1991 Supplement, section 256B.0627, subdivision 5, is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits~~,~~ or skilled nurse visits~~, health promotions, or health assessments~~ under section 256B.0625, subdivision 6a; and

(2) a total of ten hours of nursing supervision under section 256B.0625, subdivision 7 or 19a.

(c) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened; or

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request.

(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waivered services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.

(e) [ASSESSMENT AND CARE PLAN.] The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.

(f) [PRIOR AUTHORIZATION.] The commissioner, or the com-

missioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a request for prior authorization, authorize home care services as follows:

(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options.

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's case mix level;

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs;

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have complex behaviors;

(D) up to the amount the commissioner would pay, as of July 1, 1991, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.091 or 256B.092.

(ii) The number of direct care hours shall be determined according to annual cost reports which are submitted to the department by nursing facilities each year. The average number of direct care

hours, as established by May 1, shall be calculated and incorporated into the home care limits on July 1 each year. These limits shall be calculated to the nearest quarter hour.

(iii) The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if they require:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care; or

(G) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(v) A recipient shall qualify as having complex behavior if the recipient exhibits on a daily basis the following:

(A) self-injurious behavior;

(B) unusual or repetitive habits;

(C) withdrawal behavior;

(D) hurtful behavior to others;

(E) socially ~~or~~ offensive behavior;

(F) destruction of property; or

(G) a need for constant one-to-one supervision for self-preservation.

(vi) The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501.

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined that a health benefit plan is required to pay for medically necessary nursing services. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall remain valid. If the recipient continues to require home care services beyond the dura-

tion of the prior authorization, the home care provider must request a new prior authorization through the process described above. Under no circumstances shall a prior authorization be valid for more than 12 months.

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] The department has 30 days from receipt of the request to complete the prior authorization, during which time it may approve a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner.

(j) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments,

less the base rate, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Sec. 63. Minnesota Statutes 1990, section 256B.064, is amended by adding a subdivision to read:

Subd. 1d. [INVESTIGATIVE COSTS.] The commissioner may seek recovery of investigative costs from any vendor of medical care or services who willfully submits a claim for reimbursement for services the vendor knows, or reasonably should have known, is a false representation and which results in the payment of public funds for which the vendor is ineligible. Billing errors deemed to be unintentional, but which result in overcharges, shall not be considered for investigative cost recoupment.

Sec. 64. Minnesota Statutes 1991 Supplement, section 256B.064, subdivision 2, is amended to read:

Subd. 2. The commissioner shall determine monetary amounts to be recovered and the sanction to be imposed upon a vendor of medical care for conduct described by subdivision 1a. Except in the case of a conviction for conduct described in subdivision 1a, neither a monetary recovery nor a sanction will be sought by the commissioner without prior notice and an opportunity for a hearing, pursuant to chapter 14, on the commissioner's proposed action, provided that the commissioner may suspend or reduce payment to a vendor of medical care, except a nursing home or convalescent care facility, prior to the hearing if in the commissioner's opinion that action is necessary to protect the public welfare and the interests of the program.

Upon receipt of a notice that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the vendor believes is correct;

(3) the authority in statute or rule upon which the vendor relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

Sec. 65. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility and individuals who are admitted to a certified nursing facility on an emergency basis may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Sec. 66. Minnesota Statutes 1991 Supplement, section 256B.0911, is amended by adding a subdivision to read:

Subd. 7a. [CASE MIX ASSESSMENTS.] The nursing facility is authorized to conduct all case mix assessments for persons who have been admitted to the facility prior to a preadmission screening. The county shall conduct the case mix assessment for all persons screened within ten working days prior to admission. The county retains the responsibility of distributing appropriate case mix forms to the nursing facility.

Sec. 67. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 8, is amended to read:

Subd. 8. [ADVISORY COMMITTEE.] The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than ~~20~~ 22 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, two representatives of nursing home associations, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.

Sec. 68. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who

have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner. The commissioner may authorize alternative care money to be used to meet a portion of a medical assistance income spend-down for persons residing in adult foster care who would otherwise be served under the alternative care program. The alternative care payment is limited to the difference between the recipient's negotiated foster care board and lodge rate and the medical assistance income standard for one elderly person plus the medical assistance personal needs allowance for a person residing in a long-term care facility. A person whose application for medical assistance is being processed may be served under the alternative care program for up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance retroactive to the date of eligibility for the services provided that are reimbursable under the elderly waiver program.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 69. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

(1) adult foster care;

(2) adult day care;

(3) home health aide;

(4) homemaker services;

(5) personal care;

(6) case management;

(7) respite care;

(8) assisted living; and

(9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, chore services, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. On July 1, 1992, the adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed $150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more alternative care ~~grant~~ clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care ~~grant~~ clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by

the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 70. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The case manager must give the individual a ten-day written notice of any decrease in or termination of alternative care services.

Sec. 71. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 11, is amended to read:

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care ~~grant~~ spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) counties that received a lower allocation in fiscal year 1991

than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Sec. 72. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

(1) when the alternative care client's gross income is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than $6,000, the fee is zero;

(2) when the alternative care client's gross income is greater than

150 percent of the federal poverty guideline and total assets are less than $6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's gross income, whichever is less; and

(3) when the alternative care client's total assets are greater than $6,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated and be payable in the month in which the alternative care services begin and shall continue unaltered for six months until the semiannual reassessment unless the actual cost of services falls below the fee.

(b) The fee shall be waived by the commissioner when:

(1) a person who is residing in a nursing facility is receiving case management only;

(2) a person is applying for medical assistance;

(3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(4) a person is a medical assistance recipient, but has been approved for alternative care-funded assisted living services;

(5) a person is found eligible for alternative care, but is not yet receiving alternative care services;

(6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of the person's medical assistance spend-down, as authorized in subdivision 4; and

(7) a person's fee under paragraph (a) is less than $25.

(c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium

due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

~~(c) The commissioner shall establish a premium schedule ranging from $25 to $75 per month based on the client's income and assets. The schedule is not subject to chapter 14, but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form.~~ (d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium. ~~Emergency or permanent rules governing client premiums supersede any schedule adopted under the exemption from chapter 14 in this section.~~

Sec. 73. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) ~~Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by~~ For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for alternative care

services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for alternative care services based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

Sec. 74. Minnesota Statutes 1991 Supplement, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waivered services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waivered services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over $150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval.

(e) ~~Annually on July 1, the commissioner must adjust the rates allowed for services by~~ For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waivered services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for home- and community-based waivered services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

On July 1, 1992, the adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other waiver and medical assistance home care services to be authorized by the case manager.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 75. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 4. [TERMINATION NOTICE.] The case manager must give the individual a ten-day written notice of any decrease in or termination of waivered services.

Sec. 76. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 5. [REASSESSMENTS FOR WAIVER CLIENTS.] A reas-

sessment of a client served under the elderly or disabled waiver must be conducted at least every six months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from the hospital.

Sec. 77. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board~~,~~ or boards ~~under a joint powers agreement,~~ must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board~~,~~ or boards ~~under a joint powers agreement,~~ shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordi-

nating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board, or boards ~~under a joint powers agreement,~~ shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between 1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization – high growth, type 2 is high utilization – high growth, type 3 is high utilization – low growth, and type 4 is low utilization – low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph (3), item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

(6) If more than one county applies for a specific project under this subdivision, all participating county boards must indicate intent to work cooperatively through individual board resolutions or a joint powers agreement.

Sec. 78. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 3, is amended to read:

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects; ~~and~~

~~(4) development and implementation of strategies for advocating, promoting, and developing long-term care insurance and encouraging insurance companies to offer long-term care insurance policies that are affordable and offer a wide range of benefits.~~

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Sec. 79. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 4, is amended to read:

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(d) Any information and referral functions funded by other

sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year of experience in home care to conduct the assessment.

(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.

The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.

For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the

lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(h) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Sec. 80. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 5, is amended to read:

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Targeted alternative care funds received through the SAIL project approval process may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

Sec. 81. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 6, is amended to read:

Subd. 6. [~~STATEWIDE CAREGIVER SUPPORT AND RESPITE CARE RESOURCE CENTER;~~ CAREGIVER SUPPORT AND RESPITE CARE PROJECTS.] (a) ~~The commissioner shall establish and maintain a statewide resource center for caregiver support and respite care. The resource center shall:~~

~~(1) provide information, technical assistance, and training statewide to county agencies and organizations on direct service models of caregiver support and respite care services;~~

~~(2) identify and address issues, concerns, and gaps in the statewide network for caregiver support and respite care;~~

These rules shall not require payment or repayment when payment would cause undue hardship to the responsible relative or that relative's immediate family. These rules shall be consistent with the requirements of section 252.27 for parents of children whose eligibility for medical assistance was determined without deeming of the parents' resources and income. ~~For parents of children receiving services under a federal medical assistance waiver or under section 134 of the Tax Equity and Fiscal Responsibility Act of 1982, United States Code, title 42, section 1396a(e)(3), while living in their natural home, including in-home family support services, respite care, homemaker services, and minor adaptations to the home, the state agency shall take into account the room, board, and services provided by the parents in determining the parental contribution to the cost of care.~~ The county agency shall give the responsible relative notice of the amount of the payment or repayment. If the state agency or county agency finds that notice of the payment obligation was given to the responsible relative, but that the relative failed or refused to pay, a cause of action exists against the responsible relative for that portion of medical assistance granted after notice was given to the responsible relative, which the relative was determined to be able to pay.

The action may be brought by the state agency or the county agency in the county where assistance was granted, for the assistance, together with the costs of disbursements incurred due to the action.

In addition to granting the county or state agency a money judgment, the court may, upon a motion or order to show cause, order continuing contributions by a responsible relative found able to repay the county or state agency. The order shall be effective only for the period of time during which the recipient receives medical assistance from the county or state agency.

Sec. 89. Minnesota Statutes 1990, section 256B.36, is amended to read:

The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically operated nursing homes and shall specify the costs that are allowable for establishing payment rates through medical assistance.

Sec. 91. Minnesota Statutes 1990, section 256B.41, subdivision 2, is amended to read:

Subd. 2. [FEDERAL REQUIREMENTS.] If any provision of this section and sections 256B.421, 256B.431, 256B.432, 256B.433, 256B.47, 256B.48, 256B.50, and 256B.502, is determined by the United States government to be in conflict with existing or future requirements of the United States government with respect to federal participation in medical assistance, the federal requirements shall prevail.

Sec. 92. Minnesota Statutes 1990, section 256B.421, subdivision 1, is amended to read:

Sec. 93. Minnesota Statutes 1990, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983, and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special

assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, but before January 1, 1988, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the fiscal year beginning on January 1, 1988, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted prior year's payment rate plus the real estate tax and special assessment per diem.

(5) For fiscal years beginning on or after January 1, 1989, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment

rate less the real estate tax and special assessment per diem must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted payment rate plus the real estate tax and special assessment per diem.

(6) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

(d) A facility that meets the criteria of paragraph (c) shall submit annual cost reports on forms prescribed by the commissioner.

(e) For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(f) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

(1) the sale or transfer of a nursing home upon death of an owner;

(2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;

(3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;

(4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;

(5) a sale and leaseback to the same licensee which does not constitute a change in facility license;

(6) a transfer of an interest to a trust;

(7) gifts or other transfers for no consideration;

(8) a merger of two or more related organizations;

(9) a transfer of interest in a facility held in receivership;

(10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;

(11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; or

(12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

~~(g) Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report. The payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.~~

~~Upon the subsequent sale or transfer of the nursing home, the commissioner may recover amounts paid through payment rate adjustments under this paragraph. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.~~

Sec. 94. Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 2l, is amended to read:

Subd. 2l. [INFLATION ADJUSTMENTS AFTER JULY 1, 1990.] (a) For rate years beginning on or after July 1, 1990, the forecasted composite price index for a nursing home's allowable operating cost per diems shall be determined using Data Resources, Inc., forecast for change in the Nursing Home Market Basket. The commissioner of human services shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.

(b) For rate years beginning on or after July 1, 1992, the commissioner ~~shall~~ may index the prior year's operating cost limits by the percentage change in the Data Resources, Inc., nursing home market basket between the midpoint of the current reporting year and the midpoint of the previous reporting year. The commissioner ~~shall~~ may use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year. The commissioner of finance shall include annual adjustments in operating costs for nursing homes as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11.

Sec. 95. Minnesota Statutes 1990, section 256B.432, is amended by adding a subdivision to read:

Subd. 7. [RECEIVERSHIPS.] This section does not apply to payment rates determined under sections 245A.12, 245A.13, and 256B.495, except that any additional identified costs directly associated with the department of human services' or the department of health's managing agent under a receivership must be allocated to the facility under receivership, and are nonallowable costs to the managing agent on the facility's cost reports.

Sec. 96. Minnesota Statutes 1990, section 256B.433, subdivision 1, is amended to read:

Subdivision 1. [SETTING PAYMENT; MONITORING USE OF THERAPY SERVICES.] The commissioner shall promulgate rules pursuant to the administrative procedure act to set the amount and method of payment for ancillary materials and services provided to recipients residing in nursing homes. Payment for materials and services may be made to either the nursing home in the operating cost per diem, to the vendor of ancillary services pursuant to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ 9505.0170 to 9505.0475 or to a nursing home pursuant to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ 9505.0170 to 9505.0475. Payment for the same or similar service to a recipient shall not be made to both the nursing home and the vendor. The commissioner shall ensure the avoidance of double payments through audits and adjustments to the

nursing home's annual cost report as required by section 256B.47, and that charges and arrangements for ancillary materials and services are cost effective and as would be incurred by a prudent and cost-conscious buyer. Therapy services provided to a recipient must be medically necessary and appropriate to the medical condition of the recipient. If the vendor, nursing home, or ordering physician cannot provide adequate medical necessity justification, as determined by the commissioner, in consultation with an advisory task force that meets the requirements of section 256B.064, subdivision 1a, the commissioner may recover or disallow the payment for the services and may require prior authorization for therapy services as a condition of payment or may impose administrative sanctions to limit the vendor, nursing home, or ordering physician's participation in the medical assistance program. If the provider number of a nursing home is used to bill services provided by a vendor of therapy services that is not related to the nursing home by ownership, control, affiliation, or employment status, no withholding of payment shall be imposed against the nursing home for services not medically necessary except for funds due the unrelated vendor of therapy services as provided in subdivision 3, paragraph (c). For the purpose of this subdivision, no monetary recovery may be imposed against the nursing home for funds paid to the unrelated vendor of therapy services as provided in subdivision 3, paragraph (c), for services not medically necessary. For purposes of this section and section 256B.47, therapy includes physical therapy, occupational therapy, speech therapy, audiology, and mental health services that are covered services according to Minnesota Rules, parts 9505.0170 to 9505.0475, and that could be reimbursed separately from the nursing home per diem.

Sec. 97. Minnesota Statutes 1990, section 256B.433, subdivision 2, is amended to read:

Subd. 2. [CERTIFICATION THAT TREATMENT IS APPROPRIATE.] The physical therapist, occupational therapist, speech therapist, mental health professional, or audiologist who provides or supervises the provision of therapy services, other than an initial evaluation, to a medical assistance recipient must certify in writing that the therapy's nature, scope, duration, and intensity are appropriate to the medical condition of the recipient every 30 days. The therapist's statement of certification must be maintained in the recipient's medical record together with the specific orders by the physician and the treatment plan. If the recipient's medical record does not include these documents, the commissioner may recover or disallow the payment for such services. If the therapist determines that the therapy's nature, scope, duration, or intensity is not appropriate to the medical condition of the recipient, the therapist must provide a statement to that effect in writing to the nursing home for inclusion in the recipient's medical record. The commissioner shall utilize a peer review program that meets the requirements of section 256B.064, subdivision 1a, to make

recommendations regarding the medical necessity of services provided.

Sec. 98. Minnesota Statutes 1990, section 256B.433, subdivision 3, is amended to read:

Subd. 3. [SEPARATE BILLINGS FOR THERAPY SERVICES.] Until new procedures are developed under subdivision 4, payment for therapy services provided to nursing home residents that are billed separate from nursing home's payment rate or according to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ 9505.0170 to 9505.0475, shall be subject to the following requirements:

(a) The practitioner invoice must include, in a format specified by the commissioner, the provider number of the nursing home where the medical assistance recipient resides regardless of the service setting.

(b) Nursing homes that are related by ownership, control, affiliation, or employment status to the vendor of therapy services shall report, in a format specified by the commissioner, the revenues received during the reporting year for therapy services provided to residents of the nursing home. For rate years beginning on or after July 1, 1988, the commissioner shall offset the revenues received during the reporting year for therapy services provided to residents of the nursing home to the total payment rate of the nursing home by dividing the amount of offset by the nursing home's actual resident days. Except as specified in paragraphs (d) and (f), the amount of offset shall be the revenue in excess of 108 percent of the cost removed from the cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. Therapy revenues that are specific to mental health services shall be subject to this paragraph for rate years beginning after June 30, 1993. In establishing a new base period for the purpose of setting operating cost payment rate limits and rates, the commissioner shall not include the revenues offset in accordance with this section.

(c) For rate years beginning on or after July 1, 1987, nursing homes shall limit charges in total to vendors of therapy services for renting space, equipment, or obtaining other services during the rate year to 108 percent of the annualized cost removed from the reporting year cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. If the arrangement for therapy services is changed so that a nursing home is subject to this paragraph instead of paragraph (b), the cost that is used to determine rent must be adjusted to exclude the annualized costs for therapy services that are not provided in the rate year. The maximum charges to the vendors shall be based on the commissioner's determination of annualized cost and may be subsequently adjusted upon resolution of appeals.

Mental health services shall be subject to this paragraph for rate years beginning after June 30, 1993.

(d) The commissioner shall require reporting of all revenues relating to the provision of therapy services and shall establish a therapy cost, as determined by section 256B.47, to revenue ratio for the reporting year ending in 1986. For subsequent reporting years, the ratio may increase five percentage points in total until a new base year is established under paragraph (e). Increases in excess of five percentage points may be allowed if adequate justification is provided to and accepted by the commissioner. Unless an exception is allowed by the commissioner, the amount of offset in paragraph (b) is the greater of the amount determined in paragraph (b) or the amount of offset that is imputed based on one minus the lesser of (1) the actual reporting year ratio or (2) the base reporting year ratio increased by five percentage points, multiplied by the revenues.

(e) The commissioner may establish a new reporting year base for determining the cost to revenue ratio.

(f) If the arrangement for therapy services is changed so that a nursing home is subject to the provisions of paragraph (b) instead of paragraph (c), an average cost to revenue ratio based on the ratios of nursing homes that are subject to the provisions of paragraph (b) shall be imputed for paragraph (d).

(g) This section does not allow unrelated nursing homes to reorganize related organization therapy services and provide services among themselves to avoid offsetting revenues. Nursing homes that are found to be in violation of this provision shall be subject to the penalty requirements of section 256B.48, subdivision 1, paragraph (f).

Sec. 99. Minnesota Statutes 1990, section 256B.48, subdivision 3, is amended to read:

Subd. 3. [INCOMPLETE OR INACCURATE REPORTS.] The commissioner may reject any annual cost report filed by a nursing home pursuant to this chapter if the commissioner determines that the report or the information required in subdivision 2, clause (a) has been filed in a form that is incomplete or inaccurate. In the event that a report is rejected pursuant to this subdivision, the commissioner shall reduce the reimbursement rate to a nursing home to 80 percent of its most recently established rate until the information is completely and accurately filed. The reinstatement of the total reimbursement rate is retroactive.

Sec. 100. Minnesota Statutes 1991 Supplement, section 256B.49, subdivision 4, is amended to read:

Subd. 4. [INFLATION ADJUSTMENT.] For the biennium ending June 30, 1993, the commissioner of human services shall not provide an annual inflation adjustment for home and community-based waivered services, except as provided in section 256B.491, subdivision 3, and except that the commissioner shall provide an inflation adjustment for the community alternatives for disabled individuals (CADI) and community alternative care (CAC) waivered services programs for the fiscal year beginning July 1, 1991. For fiscal years beginning after June 30, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waivered services. The commissioner of finance shall include, as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11, annual adjustments in reimbursement rates for each home- and community-based waivered service.

Sec. 101. Minnesota Statutes 1990, section 256B.495, subdivision 1, is amended to read:

Subdivision 1. [PAYMENT OF RECEIVERSHIP FEES.] The commissioner in consultation with the commissioner of health may establish a receivership fee ~~payment~~ that exceeds a ~~long-term care~~ nursing facility payment rate when the commissioner of health determines a ~~long-term care~~ nursing facility is subject to the receivership provisions under section 144A.14 or 144A.15 ~~or the commissioner of human services determines that a facility is subject to the receivership under section 245A.12 or 245A.13~~. In establishing the receivership fee ~~payment~~, the commissioner must reduce the receiver's requested receivership fee by amounts that the commissioner determines are included in the ~~long-term care~~ nursing facility's payment rate and that can be used to cover part or all of the receivership fee. Amounts that can be used to reduce the receivership fee shall be determined by reallocating facility staff or costs that were formerly paid by the ~~long-term care~~ nursing facility before the receivership and are no longer required to be paid. The amounts may include any efficiency incentive, allowance, and other amounts not specifically required to be paid for expenditures of the ~~long-term care~~ nursing facility.

If the receivership fee cannot be covered by amounts in the ~~long-term care~~ nursing facility's payment rate, a receivership fee ~~payment~~ shall be set according to paragraphs (a) and (b) and payment shall be according to paragraphs (c) to (e).

(a) The receivership fee per diem shall be determined by dividing the annual receivership fee ~~payment~~ by the ~~long-term care~~ nursing facility's resident days from the most recent cost report for which the commissioner has established a payment rate or the estimated resident days in the projected receivership fee period.

(b) The receivership fee per diem shall be added to the ~~long-term care~~ nursing facility's payment rate.

(c) Notification of the payment rate increase must meet the requirements of section 256B.47, subdivision 2.

(d) The payment rate in paragraph (b) for a nursing ~~home~~ facility shall be effective the first day of the month following the receiver's compliance with the notice conditions in paragraph (c). ~~The payment rate in paragraph (b) for an intermediate care facility for the mentally retarded shall be effective on the first day of the rate year in which the receivership fee per diem is determined.~~

(e) The commissioner may elect to make a lump sum payment of a portion of the receivership fee to the receiver or managing agent. In this case, the commissioner and the receiver or managing agent shall agree to a repayment plan. Regardless of whether the commissioner makes a lump sum payment under this paragraph, the provisions of paragraphs (a) to (d) and subdivision 2 also apply.

Sec. 102. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 1a. [RECEIVERSHIP PAYMENT RATE ADJUSTMENT.] Upon receiving a recommendation from the commissioner of health for a review of rates under either section 144A.14 or 144A.15, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report.

Sec. 103. Minnesota Statutes 1990, section 256B.495, subdivision 2, is amended to read:

Subd. 2. [DEDUCTION OF ADDITIONAL RECEIVERSHIP ~~FEE~~ PAYMENTS UPON TERMINATION OF RECEIVERSHIP.] If the commissioner has established a receivership fee per diem for a ~~long-term care~~ nursing facility in receivership under subdivision 1 or a payment rate adjustment under subdivision 1a, the commissioner must deduct ~~the~~ these receivership ~~fee~~ payments according to paragraphs (a) to (c).

(a) The total receivership fee payments shall be the receivership ~~fee~~ per diem plus the payment rate adjustment multiplied by the number of resident days for the period of the receivership ~~fee payments~~. If actual resident days for the receivership ~~fee payment~~ period are not made available within two weeks of the commissioner's written request, the commissioner shall compute the resident days by prorating the facility's resident days based on the number of calendar days from each portion of the ~~long-term care~~ nursing facility's reporting years covered by the receivership period.

(b) The amount determined in paragraph (a) must be divided by the ~~long-term care~~ nursing facility's resident days for the reporting year in which the receivership period ends.

(c) The per diem amount in paragraph (b) shall be subtracted from the ~~long-term care~~ nursing facility's operating cost payment rate for the rate year following the reporting year in which the receivership period ends. This provision applies whether or not there is a sale or transfer of the nursing facility, unless the provisions of subdivision 5 apply.

Sec. 104. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 4. [DOWNSIZING AND CLOSING NURSING FACILITIES.] (a) If the nursing facility is subject to a downsizing to closure process during the period of receivership, the commissioner may reestablish the nursing facility's payment rate. The payment rate shall be established based on the nursing facility's budgeted operating costs, the receivership property related costs, and the management fee costs for the receivership period divided by the facility's estimated resident days for the same period. The commissioner of health and the commissioner shall make every effort to first facilitate the transfer of private paying residents to alternate service sites prior to the effective date of the payment rate. The cost limits and the case mix provisions in the rate setting system shall not apply during the portion of the receivership period over which the nursing facility downsizes to closure.

(b) Any payment rate adjustment under this subdivision must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership ends, or until another date the commissioner sets.

Sec. 105. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 5. [SALE OR TRANSFER OF A NURSING FACILITY IN RECEIVERSHIP AFTER CLOSURE.] (a) Upon the subsequent sale or transfer of a nursing facility in receivership, the commissioner must recover any amounts paid through payment rate adjustments

under subdivision 4 which exceed the normal cost of operating the nursing facility. Examples of costs in excess of the normal cost of operating the nursing facility include the managing agent's fee, directly identifiable costs of the managing agent, bonuses paid to employees for their continued employment during the downsizing to closure of the nursing facility, prereceivership expenditures paid by the receiver, additional professional services such as accountants, psychologists, and dietitians, and other similar costs incurred by the receiver to complete receivership. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.

(b) If a nursing facility with payment rates subject to subdivision 4, paragraph (a), is later sold while the nursing facility is in receivership, the payment rates in effect prior to the receivership shall be the new owner's payment rates. Those payment rates shall continue to be in effect until the rate year following the reporting period ending on September 30 for the new owner. The reporting period shall, whenever possible, be at least five consecutive months. If the reporting period is less than five months but more than three months, the nursing facility's resident days for the last two months of the reporting period must be annualized over the reporting period for the purpose of computing the payment rate for the rate year following the reporting period.

Sec. 106. Minnesota Statutes 1990, section 256B.501, subdivision 3c, is amended to read:

Subd. 3c. [COMPOSITE FORECASTED INDEX.] For rate years beginning on or after October 1, 1988, the commissioner shall establish a statewide composite forecasted index to take into account economic trends and conditions between the midpoint of the facility's reporting year and the midpoint of the rate year following the reporting year. The statewide composite index must incorporate the forecast by Data Resources, Inc. of increases in the average hourly earnings of nursing and personal care workers indexed in Standard Industrial Code 805 in "Employment and Earnings," published by the Bureau of Labor Statistics, United States Department of Labor. This portion of the index must be weighted annually by the proportion of total allowable salaries and wages to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities.

For adjustments to the other operating costs in the program, maintenance, and administrative operating cost categories, the statewide index must incorporate the Data Resources, Inc. forecast for increases in the national CPI-U. This portion of the index must be weighted annually by the proportion of total allowable other

operating costs to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the reporting year.

For rate years beginning on or after October 1, 1990, the commissioner ~~shall~~ may index a facility's allowable operating costs in the program, maintenance, and administrative operating cost categories by using Data Resources, Inc., forecast for change in the Consumer Price Index-All Items (U.S. city average) (CPI-U). The commissioner ~~shall~~ may use the indices as forecasted by Data Resources, Inc., in the first quarter of the calendar year in which the rate year begins. The commissioner of finance shall include annual adjustments in operating costs for intermediate care facilities for persons with mental retardation and related conditions as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11.

Sec. 107. Minnesota Statutes 1990, section 256B.501, is amended by adding a subdivision to read:

Subd. 4a. [INCLUSION OF HOME CARE COSTS IN WAIVER RATES.] The commissioner shall adjust the limits of the established average daily reimbursement rates for waivered services to include the cost of home care services that may be provided to waivered services recipients. This adjustment must be used to maintain or increase services and shall not be used by county agencies for inflation increases for waivered services vendors. Home care services referenced in this section are those listed in section 256B.0627, subdivision 2. The average daily reimbursement rates established in accordance with the provisions of this subdivision apply only to the combined average, daily costs of waivered and home care services and do not change home care limitations under section 256B.0627. Waivered services recipients receiving home care as of June 30, 1992, shall not have the amount of their services reduced as a result of this section.

Sec. 108. Minnesota Statutes 1990, section 256B.501, is amended by adding a subdivision to read:

Subd. 4b. [WAIVER RATES AND RESIDENTIAL HOUSING RATES.] The average daily reimbursement rates established by the commissioner for waivered services shall be adjusted to include the additional costs of services eligible for waiver funding under title XIX of the Social Security Act and for which there is no group residential housing payment available as a result of the payment limitations set forth in section 256I.05, subdivision 10. The adjustment to the waiver rates shall be based on county reports of service costs that are no longer eligible for group residential housing payments. No adjustment shall be made for any amount of reported payments that prior to July 1, 1992, exceeded the group residential

housing rate limits established in section 256I.05, and were reimbursed through county funds.

Sec. 109. Minnesota Statutes 1990, section 256D.02, is amended by adding a subdivision to read:

Subd. 18. [GROUP HEALTH PLAN.] "Group health plan" means any plan of, or contributed to by, an employer, including a self-insured plan, which provides health care directly or otherwise to the employer's employees, former employees, or the families of the employees or former employees, and includes continuation coverage pursuant to title XXII of the Public Health Service Act, section 4980B of the Internal Revenue Code of 1986, or title VI of the Employee Retirement Income Security Act of 1974.

Sec. 110. Minnesota Statutes 1990, section 256D.02, is amended by adding a subdivision to read:

Subd. 19. [COST-EFFECTIVE.] "Cost-effective" means that the amount paid by the state for premiums, coinsurance, deductibles, other cost-sharing obligations under a health insurance plan, and other administrative costs is likely to be less than the amount paid for an equivalent set of services by general assistance medical care.

Sec. 111. Minnesota Statutes 1990, section 256D.03, is amended by adding a subdivision to read:

Subd. 3b. [COOPERATION.] General assistance medical care applicants and recipients must cooperate by providing information about any group health plan in which they may be eligible to enroll. They must cooperate with the state and local agency in determining if the plan is cost-effective. If the plan is determined cost-effective and the premium will be paid by the state or local agency or is available at no cost to the person, they must enroll or remain enrolled in the group health plan. Cost-effective insurance premiums approved for payment by the state agency and paid by the local agency are eligible for reimbursement according to subdivision 6.

Sec. 112. Minnesota Statutes 1991 Supplement, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

(1) inpatient hospital services;

(2) outpatient hospital services;

(3) services provided by Medicare certified rehabilitation agencies;

(4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;

(5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;

(6) eyeglasses and eye examinations provided by a physician or optometrist;

(7) hearing aids;

(8) prosthetic devices;

(9) laboratory and X-ray services;

(10) physician's services;

(11) medical transportation;

(12) chiropractic services as covered under the medical assistance program;

(13) podiatric services;

(14) dental services;

(15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;

(16) day treatment services for mental illness provided under contract with the county board;

(17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;

(18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;

(19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments for a person who would be eligible for medical assistance except that the person resides in an institution for mental diseases; and

(20) medical equipment not specifically listed in this paragraph

when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision.

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986, to December 31, 1986, reductions

below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987, to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987, to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988, to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) Chemical dependency services that are reimbursed under

chapter 254B must not be reimbursed under general assistance medical care.

(g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 113. Minnesota Statutes 1991 Supplement, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind,

and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) a person who, following participation in the work readiness program, completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness service provider, the ~~county agency~~ work readiness service provider determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility;

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, provided that if a rehabilitation plan for the person is developed or approved by the county agency, the person is following the plan;

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county agency. For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is

necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan;

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(13) a person who lives more than two hours round-trip traveling time from any potential suitable employment; ~~and~~

(14) a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day; ~~and~~

(15) a family as defined in section 256D.02, subdivision 5, which is ineligible for the aid to families with dependent children program. If all children in the family are six years of age or older, or if suitable child care is available for children under age six at no cost to the family, all the adult members of the family must register for and cooperate in the work readiness program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the work readiness program under section 256D.051. The adult member who must participate in the work readiness program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in work readiness and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, subdivision 1a, paragraph (b). The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause; or

(16) a person over age 18 whose primary language is not English and who is attending high school at least half time.

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) As a condition of eligibility under paragraph (a), clauses (1), (3), (5), (8), and (9), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.

(d) The burden of providing documentation for a county agency to use to verify eligibility for general assistance or work readiness is upon the applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.

Sec. 114. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program for a maximum period of five consecutive calendar months during any 12 consecutive calendar month period, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. The person's five-month eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later, and ends on the last day of the fifth consecutive calendar month, whether or not the person has received benefits for all five months. The person is not eligible to receive work readiness benefits during the seven calendar months immediately following the five-month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan. Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance

must be stated in the notice of termination of work readiness benefits. The notice must be provided at least 30 days before the expiration of the period of work readiness eligibility and shall contain information concerning eligibility for emergency assistance pursuant to section 256D.06, subdivision 2.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) ~~or (d)~~.

Sec. 115. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be determined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month unless the registrants comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility ~~without notice under section 256D.101, subdivision 1, paragraph (b)~~. The registrant ~~shall, however, be sent a notice no later than five days after eligibility ends~~ shall be sent a notice under section 256D.10, which informs the registrant that

family general assistance or work readiness eligibility ~~has ended~~ will end in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and complies with the work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.

~~(d) Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).~~

Sec. 116. Minnesota Statutes 1990, section 256D.06, subdivision 5, is amended to read:

If found eligible for benefits from other sources, and a payment received from another source relates to the period during which general assistance was also being received, the recipient shall be required to reimburse the county agency for the interim assistance paid. Reimbursement shall not exceed the amount of general assistance paid during the time period to which the other maintenance benefits apply and shall not exceed the state standard applicable to that time period. The commissioner shall adopt rules, and may adopt emergency rules, authorizing county agencies or other client representatives to retain from the amount recovered under an interim assistance agreement 25 percent plus actual reasonable fees, costs, and disbursements of appeals and litigation, of providing special assistance to the recipient in processing the recipient's claim for maintenance benefits from another source. The money retained under this section shall be from the state share of the recovery. The commissioner or the county agency may contract with qualified

This subdivision does not require repayment of per diem payments made to shelters for battered women pursuant to section 256D.05, subdivision 3.

Sec. 117. Minnesota Statutes 1990, section 256D.06, is amended by adding a subdivision to read:

Subd. 5a. [SSI CONVERSIONS AND BACK CLAIMS.] The commissioner of human services shall contract with county social services agencies or directly with local nonprofit social service agencies as necessary to ensure that clients who are presently receiving assistance under sections 256D.01 to 256D.21, and who may be eligible for benefits under the federal supplemental security income program, apply and, when eligible, are converted to the federal income assistance program and made eligible for health care benefits under the medical assistance program. The commissioner shall ensure that monies owing to the state under interim assistance agreements are collected. The commissioner shall also develop procedures for collecting federal Medicare and medical assistance funds for which clients converted to SSI are retroactively eligible. For residences in this clause that have less than five percent of their licensed boarding care capacity reimbursed by the medical assistance pro-

gram, rate increases shall be provided according to section 256B.431, subdivision 4, paragraph (c).

(b) The maximum negotiated rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a negotiated rate residence under general assistance or Minnesota supplemental aid. Rate increases for these residences are subject to the provisions of subdivision 7.

(c) The maximum negotiated rate does not apply to a residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989. Effective January 1, 1989, the rate for these residences is the individual's appropriate medical assistance case mix rate. The commissioner of human services, in consultation with the counties in which these residences are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.

(1) All mental health and placement screenings and diagnostic assessments required under the federal Omnibus Budget Reconciliation Act (OBRA) must be completed by July 1, 1991, for all residents in institutions for mental diseases admitted before June 1, 1991. Residents determined to need relocation under the preadmission screening and annual resident review must be relocated to a more appropriate placement in accordance with the timelines established in the state's alternative disposition plan.

(2) By October 1, 1991, all institutions for mental diseases must be reviewed again by the commissioner to determine if they are still institutions for mental diseases, and the commissioner shall immediately revoke a declaration that a facility is an institution for

mental diseases if the commissioner determines that the facility is not an institution for mental diseases.

(3) The commissioner shall provide to institutions for mental diseases training in the criteria used in assessing residents for determination of institutions for mental diseases status and the numbers of residents in each category.

(4) For facilities whose status as an institution for mental diseases is not revoked by the commissioner by October 1, 1991, a facility-specific plan must be developed by the commissioner and the facility, in consultation with the appropriate consumer groups, to offer alternative services to enough residents by July 1, 1992, to allow the commissioner to revoke the facility's status as an institution for mental diseases.

(b) The maximum ~~negotiated~~ group residential housing rate does not apply to a residence that on August 1, 1984, was licensed by the commissioner of human services under Minnesota Rules, parts 9525.0520 to 9525.0660, but funded as a ~~negotiated rate~~ group residence under general assistance or Minnesota supplemental aid. ~~Rate increases for these residences are subject to the provisions of subdivision 7.~~

~~(c) The maximum negotiated rate does not apply to a residence certified to participate in the medical assistance program, licensed as a boarding care facility or a nursing home, and declared to be an institution for mental disease by January 1, 1989. Effective January 1, 1989, the rate for these residences is the individual's appropriate medical assistance case mix rate. The exclusion from the rate limit for residences under this clause continues until June 30, 1992. The commissioner of human services, in consultation with the counties in which these residences are located, shall review the status of each certified nursing home and board and care facility declared to be an institution for mental disease. This review shall include the cost effectiveness of continued payment for residents through general assistance or Minnesota supplemental aid; the appropriateness of~~

~~placement of general assistance or supplemental aid clients in these facilities; the effects of Public Law Number 100-203 on these facilities; and the role of these facilities in the mental health service delivery system. The commissioner shall make recommendations to the legislature by January 1, 1990, regarding the need to continue the exclusion of these facilities from the negotiated rate maximum and the future role of these facilities in serving persons with mental illness.~~

~~(d) The commissioner of human services shall take the following action in relation to certified boarding care facilities and nursing homes that have been declared institutions for mental diseases, excluding those facilities exempt under paragraph (a):~~

~~(1) All mental health and placement screenings and diagnostic assessments required under the federal Omnibus Budget Reconciliation Act (OBRA) must be completed by July 1, 1991, for all residents in institutions for mental diseases admitted before June 1, 1991. Residents determined to need relocation under the preadmission screening and annual resident review must be relocated to a more appropriate placement in accordance with the timelines established in the state's alternative disposition plan.~~

~~(2) By October 1, 1991, all institutions for mental diseases must be reviewed again by the commissioner to determine if they are still institutions for mental diseases, and the commissioner shall immediately revoke a declaration that a facility is an institution for mental diseases if the commissioner determines that the facility is not an institution for mental diseases.~~

~~(3) The commissioner shall provide to institutions for mental diseases training in the criteria used in assessing residents for determination of institutions for mental diseases status and the numbers of residents in each category.~~

~~(4) For facilities whose status as an institution for mental diseases is not revoked by the commissioner by October 1, 1991, a facility-specific plan must be developed by the commissioner and the facility, in consultation with the appropriate consumer groups, to offer alternative services to enough residents by July 1, 1992, to allow the commissioner to revoke the facility's status as an institution for mental diseases.~~

Sec. 139. Minnesota Statutes 1990, section 256I.05, subdivision 3, is amended to read:

Subd. 3. [LIMITS ON RATES.] When a ~~negotiated~~ group residential housing rate is used to pay for an individual's room and board, the rate payable to the residence must not exceed the rate paid by an individual not receiving a ~~negotiated~~ group residential housing rate under this chapter.

[STATEWIDE RATE SETTING SYSTEM.] The commissioner shall establish a comprehensive statewide system of rates and payments for recipients who reside in ~~residences with negotiated rates~~ group residential housing to be effective ~~January 1, 1992, or~~ as soon as possible ~~after that date~~. The commissioner may adopt rules to establish this rate setting system.

Sec. 141. Minnesota Statutes 1990, section 256I.05, is amended by adding a subdivision to read:

Subd. 7b. [COMMISSIONER'S DUTIES.] The commissioner shall not provide automatic annual inflation adjustments for group residential housing rates for the fiscal year beginning on June 30, 1993, and for subsequent fiscal years. The commissioner of finance shall include as a budget change request annual adjustments in reimbursement rates for group residential housing in each biennial detailed expenditure budget submitted to the legislature under section 16A.11.

Sec. 142. Minnesota Statutes 1990, section 256I.05, subdivision 8, is amended to read:

Subd. 8. [STATE PARTICIPATION.] For a resident of a ~~negotiated rate~~ group residence who is eligible for general assistance under sections 256D.01 to 256D.21, state participation in the ~~negotiated~~ group residential housing rate is determined according to section 256D.03, subdivision 2. For a resident of a ~~negotiated rate facility~~ group residence who is eligible under sections 256D.33 to 256D.54, state participation in the ~~negotiated~~ group residential housing rate is determined according to section 256D.36.

Sec. 143. Minnesota Statutes 1990, section 256I.05, subdivision 9, is amended to read:

Sec. 144. Minnesota Statutes 1991 Supplement, section 256I.05, subdivision 10, is amended to read:

Subd. 10. [FOSTER CARE.] In keeping with the definition of "group residential housing rate" established in section 256I.03, subdivision 2, beginning July 1, 1992, the ~~negotiated~~ group residen-

tial housing rate of a residence licensed as a foster home is limited to the rate set for room and board ~~costs~~ payments provided the foster home is not the license holder's primary residence, or the license holder is not the primary caregiver to persons receiving services in the ~~negotiated rate~~ group residence~~,~~ and ~~federal funding is available to pay for~~ so long as the cost of other necessary services meets the definition of services or costs eligible for payment under the state's Medicaid program under title XIX of the Social Security Act and the persons receiving services in the group residence also receive title XIX home- and community-based waiver services for persons with mental retardation or a related condition or persons with traumatic or acquired brain injury. For the ~~purpose~~ purposes of this section, the July 1, 1992, rate set for room and board ~~costs mean costs of providing food and shelter for eligible persons, and includes the directly identifiable~~ payments must not exceed the group residential housing rate effective June 30, 1992, minus the additional rate to be paid under title XIX of the Social Security Act. (1) normal and special diet, food preparation and food services;

(2) providing linen, bedding, laundering, and laundry supplies;

(6) the lease or mortgage payment, property tax and insurance, furnishings and appliances.

For purposes of this section, room and board costs do not include the costs of modifications and adaptations of the facility required to ensure the health and safety of the resident or to meet the requirements of the applicable life safety code when those costs meet the definition of services and costs eligible for payment under the state's Medicaid program under title XIX of the Social Security Act. The facilities identified in this section shall be subject to a statewide rate setting system identified in subdivision 6 once the rate setting system has been developed. Any amount of payment made by counties prior to July 1, 1992, that exceeds the rate caps established in subdivisions 1 and 2 is not considered part of the group residential housing rate under this section and may not be considered as part of the group residential housing rate set as of July 1, 1992, nor shall that amount be considered eligible for payment under title XIX of the Social Security Act.

Sec. 145. [256I.051] [RATE LIMITATION; WAIVERED SERVICES ELIGIBILITY.]

Subdivision 1. [GROUP RESIDENTIAL HOUSING RATE.] If a group residential housing rate for an adult foster care or board and lodging placement is for an individual who would be or is eligible for the home- and community-based services, elderly, disabled, or chronically ill waivers, the group residential housing rate must include only the room and board portion of the rate. The room and board portion of the group residential housing rate is an amount equal to the total of:

(a) the combined maximum shelter and basic needs standards for Minnesota supplemental aid recipients living alone, specified in section 256D.44, subdivisions 2, paragraph (a), and 3, paragraph (a); plus

(b) the maximum allotment authorized by the federal food stamp program for a single individual in effect on the first day of July each year to be applied to persons who are not eligible to receive food stamps due to living arrangement; and less

When a ~~negotiated~~ group residential housing rate is used to pay the room and board costs of a person eligible under sections 256D.33 to 256D.54, payments must be made to the recipient. If a recipient is not able to manage the recipient's finances, a representative payee must be appointed.

Sec. 147. Minnesota Statutes 1991 Supplement, section 268.914, subdivision 2, is amended to read:

Subd. 2. [SERVICE EXPANSION GRANTS.] One-third of any biennial increase in the state appropriations for head start programs shall be allocated by the commissioner of jobs and training, under a request for proposal system, to existing head start grantees for service expansion. The additional funds provided to a grantee under

this subdivision in fiscal year 1992 must be considered part of the grantee's funding base for future formula allocations of state and federal funds.

Priority for state-funded service expansion grants must be given to applicants who propose to:

(1) coordinate or ~~co-locate~~ colocate the services through an existing community-based, family-oriented program such as a family resource center;

(2) minimize the amount of state funding that is needed for initial construction or remodeling costs by using an existing facility, by sharing a facility with a school or other program, or by obtaining contributions for these costs from private or local sources;

(3) reduce the costs and time of transportation by enabling children to attend a program closer to their home communities;

(4) increase services in an area where less than 15 percent of eligible children are enrolled; and

(5) expand programs within a city where no center-based program exists.

~~The additional funds provided to a grantee under this subdivision shall be considered part of the grantees funding base for future formula allocations of state or federal funds.~~

Sec. 148. Minnesota Statutes 1990, section 363.071, is amended by adding a subdivision to read:

Sec. 149. Minnesota Statutes 1990, section 363.14, subdivision 3, is amended to read:

Subd. 3. [ATTORNEY'S FEES AND COSTS.] In any action or proceeding brought pursuant to this section the court, in its discretion, may allow the prevailing party a reasonable attorney's fee as part of the costs. In any case brought by the department, the court

may order a respondent who is determined to have engaged in an unfair discriminatory practice to reimburse the department and the attorney general for all or part of appropriate litigation and court costs expended in preparing for and conducting the hearing. Appropriate costs include, but are not limited to, the costs of services rendered by the attorney general, private attorneys if engaged by the department, court costs, court reporters, and expert witnesses, as well as the costs of transcripts and other necessary supplies and materials.

Sec. 150. [STATE-OPERATED COMMUNITY SERVICES APPROPRIATION.]

Notwithstanding Laws 1991, chapter 292, article 1, section 2, subdivision 8, the language contained in that subdivision providing that receipts received for the state-operated community services program are appropriated to the commissioner for that purpose is of no effect. These receipts are deposited and appropriated to the commissioner as provided under Minnesota Statutes, section 246.18.

Sec. 151. [WAIVERED SERVICES RATE STRUCTURE.]

The commissioner of human services shall report to the legislature by January 15, 1993, with plans to implement on July 1, 1993, a rate structure for home- and community-based services under title XIX of the Social Security Act which bases funding on assessed client needs.

Sec. 152. [EVALUATION OF DAY HABILITATION ALTERNATIVES.]

The commissioner shall convene an advisory committee of persons concerned and affected by the projects established in sections 252.71 and 252.72 to assist in implementing and evaluating the impacts of payments to businesses and alternatives to day training and habilitation. The evaluation shall include the number and type of persons participating in the projects, the type and number of businesses supporting workers with developmental disabilities, the amount and type of alternative services provided by the vendor, and the impact of these projects on existing services. The commissioner shall report the results of the evaluation to the legislature by February 1, 1993. The number of persons with developmental disabilities participating in these projects shall not exceed 50 persons unless otherwise authorized by the legislature.

Sec. 153. [FAMILY INVESTMENT PLAN IMPLEMENTATION.]

Notwithstanding the second sentence of Laws 1991, chapter 292, article 5, section 85, subdivision 1, the commissioner shall imple-

ment the Minnesota family investment plan field trials pursuant to sections 32 to 39 beginning April 1, 1994.

Sec. 154. [SERVICE EXPANSION GRANTS FOR FISCAL YEAR 1993.]

The appropriation in Laws 1991, chapter 292, article 1, section 5, subdivision 3, for fiscal year 1993 must be used to fund center-based head start programs that received service expansion grants fund in fiscal year 1992 based upon formula allocations of state and federal funds.

Sec. 155. [MSA SHARED HOUSING DEMONSTRATION PROJECT.]

Within available appropriations, the commissioner of human services shall establish a shared housing demonstration project for mentally ill persons receiving assistance under the Minnesota supplemental aid (MSA) program established by Minnesota Statutes, sections 256D.33 to 256D.54. Persons selected for the project shall be MSA recipients who are mentally ill and who are certified by a physician as needing shared housing for medical reasons. These individuals shall be permitted to reside with other individuals while still receiving the full MSA shelter allowance and full basic needs allowance under Minnesota Statutes, section 256D.44. The purpose of the project is to demonstrate that allowing full MSA grants for certain persons with mental illness who share housing can be effective in helping those individuals avoid costly mental health treatment including repeated hospitalizations.

As part of the demonstration project, the commissioner shall conduct a survey of mental health professionals and county case managers and shall analyze the MSA caseload figures maintained by the department of human services. The purpose of the survey and analysis is to determine the likely number of individuals that would be impacted by an increase in the standard of assistance under Minnesota Statutes, section 256D.44, for mentally ill persons in shared housing situations. The commissioner shall consult with mental health advocacy and other public interest groups in preparing and carrying out the survey. The commissioner shall report to the legislature by January 15, 1994, on the results of the survey and demonstration project.

Sec. 156. [SOCIAL SERVICE PILOT PROJECT; INTERGOVERNMENTAL AGREEMENTS.]

Subdivision 1. [FINDINGS AND PURPOSE.] The legislature finds that the social service delivery system has become unnecessarily complicated and burdened by administrative regulations. In addition, there is a lack of emphasis on quality in the social service delivery system and too much emphasis on procedural requirements.

The legislature supports establishing pilot projects to evaluate alternative methods to fund, plan for, and regulate community social services to improve the quality and efficiency of community social services in Minnesota.

Subd. 2. [PILOT PROJECTS.] The commissioner of human services may approve up to six counties to participate in a pilot project to demonstrate the use of intergovernmental contracts between the state and counties to fund, administer, and regulate the delivery of programs under Minnesota Statutes, sections 245.461 to 245.4861 and 245.487 to 245.4887, and Minnesota Statutes, chapter 256E. The commissioner shall consider statewide distribution and county population in selecting counties for the pilot project. Counties may also develop integrated plans for any social service and community health programs which shall be accepted by the commissioners of health and human services in lieu of plans required in statute or rule. Two or more counties may submit joint proposals under the pilot project. The pilot projects shall expire after June 30, 1997.

Subd. 3. [PURPOSE OF PILOT PROJECTS.] Purposes of the social service contract pilot projects include:

(a) Improving the quality of social services provided to persons by county human service agencies.

(b) Eliminating administrative mandates and procedural requirements governing delivery of social services.

(c) Consolidating program funds to permit county flexibility in the use of program funds.

(d) Encouraging intercounty and regional cooperation and coordination.

(e) Simplifying and consolidating planning and reporting requirements.

(f) Determining feasibility of using outcome-based performance standards to regulate the delivery of social services by counties.

(g) Clarifying the role of counties and state in the delivery of social services programs.

Subd. 4. [TERMS; CONDITIONS OF INTERGOVERNMENTAL AGREEMENTS.] Counties participating in the pilot projects shall be exempt from the procedural requirements in state law except as required in federal law. Counties providing services under the pilot project shall continue mandated services. Program funds may be consolidated to permit the greatest flexibility in the delivery of services. Each intergovernmental agreement shall specify a limited

and reasonable number of measurable objectives based on the county's community social services plan which will be used by the state to determine compliance. Counties participating in pilot projects will be required to provide mandated services to all eligible persons but will have flexibility in the delivery of services and use of funds. The county shall review pilot projects proposed under sections 1 to 6 with all county social services and mental health advisory committees and councils.

Subd. 5. [MONITORING AND ENFORCEMENT.] The commissioner of human services shall monitor the pilot projects to determine compliance with the terms of the intergovernmental contracts and to assure that social services are delivered according to the county community social services act plan. The commissioner may rescind approval for the pilot project if the county fails to comply with the terms of the intergovernmental contract. If approval is withdrawn, the county will immediately be subject to all the requirements of the administrative rules governing programs covered under the intergovernmental contract.

Subd. 6. [DISPUTE RESOLUTION.] Nothing in this section shall alter the due process rights available to persons under state and federal law. Disputes which arise between the state and county in the development of contracts authorized in this section shall be resolved through mediation. The state and county shall select a mediator acceptable to both parties for the purpose of resolving disputes.

Sec. 157. [FEDERAL WAIVER.]

The commissioner shall enter into a contract under section 156 only if permitted under federal laws. The commissioner shall seek federal approval and apply for a waiver of existing requirements, if necessary.

(c) By January 1, 1993, the pilot program shall develop a comprehensive proposal for integrated program funding which would permit flexibility in expenditures based on local needs with local control. The planning process shall include, but not be limited to, mental health consumers, health advocacy groups, Dakota county, and the department of human services.

The integrated funding proposal shall be presented to the state legislature for approval prior to implementation on July 1, 1993.

(d) The pilot project may include, but not be limited to, issues in the service delivery system relating to:

(4) Minnesota supplemental aid;

(5) grants for residential services for adults with mental illness;

(6) grants for community support services programs for persons with serious and persistent mental illness; and

(7) mental health special project grants.

(f) The pilot project shall establish an opportunity to expand educational opportunities in the area of community-based psychiatry. The pilot project shall develop and may implement a psychiatric residency program at the Dakota Mental Health Center, Inc. The program may train at least one psychiatric resident per year. The program may contract with a psychiatric faculty member from a Minnesota medical school who will supervise the resident and assist in the development of a strong community-based psychiatric program.

(g) For purposes of the pilot project, for those persons committed under Minnesota Statutes, chapter 253B, and awaiting transfer to a regional treatment center, postcommitment costs of care will be added to the cost of care as provided for in Minnesota Statutes, sections 246.50, subdivision 5, and 246.54.

(h) An intergovernmental agreement or contract may be developed between the county and state to specify the terms of the pilot.

(i) Evaluation of the pilot project will be based on outcome evaluation criteria negotiated with the county prior to implementation of the pilot project.

(j) The pilot project shall be implemented after July 1, 1992.

(k) The pilot project shall be completed by July 1, 1997.

(l) A report on the pilot project must be completed by January 1, 1998, and a report presented to the commissioner.

Subd. 2. [DUTIES OF THE COMMISSIONER.] For purposes of the pilot project, the commissioner:

health funding used for commitment to or treatment in a regional treatment center shall not become part of any comprehensive fund or plan;

(2) may waive administrative rule requirements for the duration of the pilot project status;

(3) may exempt the participating county from fiscal sanctions for noncompliance with social services requirements in laws and rules; and

HUMAN RESOURCES

Section 1. [HUMAN RESOURCES ACCOUNT.]

It is the policy of the state of Minnesota that no person in the state should be homeless, hungry, or without health care. Therefore, a human resources account in the general fund is created to meet these basic needs of the people of our state. The account consists of net proceeds from the income tax rate increase under section 8. The commissioner of revenue shall annually determine the revenue derived from the increase under section 8 and notify the commissioner of finance of the amount to be credited to the human services account.

Sec. 2. Minnesota Statutes 1990, section 145A.14, is amended by adding a subdivision to read:

Subd. 5. [GRANTS FOR COMMUNITY HEALTH CLINICS.] The commissioner of health may make special grants to community health boards or nonprofit corporations to establish, operate, or

subsidize clinic facilities and services, including mobile clinics, to provide community health services in areas of the state where there are inadequate facilities and services to serve populations with particular health care needs, such as the homeless population.

Applicants for grants under this subdivision must submit to the commissioner for approval a plan and budget for use of the funds in the form and detail required by the commissioner. Recipients of funds under this subdivision must provide the services required by the commissioner. They must report to the commissioner at least annually on the use of the funds. Recipients of funds under this subdivision must keep records, including records of expenditure of funds, required by the commissioner. The commissioner may audit the records to determine eligibility for funds under this subdivision.

Sec. 3. [256.922] [USES OF ACCOUNT.]

The funds in the human resources account created in section 1 are annually appropriated as provided by law for the following purposes:

(1) to the housing trust fund account in the housing development fund created under section 462A.201, for use by the commissioner of the housing finance agency for the purposes given in section 462A.201, subdivisions 2 and 3;

(2) to the commissioner of jobs and training for supplemental food grants under section 268.44;

(3) to the commissioner of health for grants under section 145A.14, subdivision 5;

(4) to the commissioner of human services for services to eligible persons under the supplemental food program for women, infants, and children (WIC);

(5) to the commissioner of human services for the work readiness program;

(6) to the commissioner of the housing finance agency for emergency rental and mortgage assistance under section 462A.30; and

(7) to the commissioner of jobs and training for payment under the emergency jobs program in sections 268.671 to 268.681 of wage subsidies to eligible employers who are eligible government agencies or eligible nonprofit agencies as defined in section 268.672, notwithstanding the limit under section 268.676, subdivision 2.

Sec. 4. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1, is amended to read:

Subdivision 1. [WORK REGISTRATION.] (a) Except as provided in this subdivision, persons who are residents of the state and whose income and resources are less than the standard of assistance established by the commissioner, but who are not categorically eligible under section 256D.05, subdivision 1, are eligible for the work readiness program ~~for a maximum period of five consecutive calendar months during any 12 consecutive calendar month period~~, subject to the provisions of paragraph (d), subdivision 3, and section 256D.052, subdivision 4. ~~The person's five month eligibility period begins on the first day of the calendar month following the date of application for assistance or following the date all eligibility factors are met, whichever is later, and ends on the last day of the fifth consecutive calendar month, whether or not the person has received benefits for all five months. The person is not eligible to receive work readiness benefits during the seven calendar months immediately following the five month eligibility period; however, the person may voluntarily continue to participate in work readiness services for up to three additional consecutive months immediately following the last month of benefits to complete the provisions of the person's employability development plan.~~ Prior to terminating work readiness assistance the county agency must provide advice on the person's eligibility for general assistance medical care and must assess the person's eligibility for general assistance under section 256D.05 to the extent possible, using information in the case file, and determine the person's eligibility for general assistance. A determination that the person is not eligible for general assistance must be stated in the notice of termination of work readiness benefits.

(b) Persons, families, and married couples who are not state residents but who are otherwise eligible for work readiness assistance may receive emergency assistance to meet emergency needs.

(c) Except for family members who must participate in work readiness services under the provisions of section 256D.05, subdivision 1, clause (14), any person who would be defined for purposes of the food stamp program as being enrolled at least half-time in an institution of higher education is ineligible for the work readiness program.

(d) Notwithstanding the provisions of sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits due to exhaustion of the period of eligibility specified in paragraph (a) or (d).

Sec. 5. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 1a, is amended to read:

Subd. 1a. [WORK READINESS PAYMENTS.] (a) Except as provided in this subdivision, grants of work readiness shall be deter-

mined using the standards of assistance, exclusions, disregards, and procedures which are used in the general assistance program. Work readiness shall be granted in an amount that, when added to the nonexempt income actually available to the assistance unit, the total amount equals the applicable standard of assistance.

(b) Except as provided in section 256D.05, subdivision 6, work readiness assistance must be paid on the first day of each month.

At the time the county agency notifies the assistance unit that it is eligible for family general assistance or work readiness assistance and by the first day of each month of services, the county agency must inform all mandatory registrants in the assistance unit that they must comply with all work readiness requirements that month, and that work readiness eligibility will end at the end of the month unless the registrants comply with work readiness requirements specified in the notice. A registrant who fails, without good cause, to comply with requirements during this time period, including attendance at orientation, will lose family general assistance or work readiness eligibility without notice under section 256D.101, subdivision 1, paragraph (b). The registrant shall, however, be sent a notice no later than five days after eligibility ends, which informs the registrant that family general assistance or work readiness eligibility has ended in accordance with this section for failure to comply with work readiness requirements. The notice shall set forth the factual basis for such determination and advise the registrant of the right to reinstate eligibility upon a showing of good cause for the failure to meet the requirements. Subsequent assistance must not be issued unless the person completes an application, is determined eligible, and complies with the work readiness requirements that had not been complied with, or demonstrates that the person had good cause for failing to comply with the requirement. The time during which the person is ineligible under these provisions is counted as part of the person's period of eligibility under subdivision 1.

(c) ~~Notwithstanding the provisions of section 256D.01, subdivision 1a, paragraph (d), when one member of a married couple has exhausted the five months of work readiness eligibility in a 12-month period and the other member has one or more months of eligibility remaining within the same 12-month period, the standard of assistance applicable to the member who remains eligible is the first adult standard in the aid to families with dependent children program.~~

~~(d)~~ Notwithstanding sections 256.045 and 256D.10, during the pendency of an appeal, work readiness payments and services shall not continue to a person who appeals the termination of benefits under paragraph (b).

Sec. 6. Minnesota Statutes 1991 Supplement, section 256D.052, subdivision 4, is amended to read:

Subd. 4. [PAYMENT OF WORK READINESS.] The county agency must provide assistance under section 256D.051 to persons who:

(1) participate in a literacy program assigned under subdivision 2. To "participate" means to attend regular classes, complete assignments, and make progress toward literacy goals; or

(2) are not assigned to literacy training because there is no program available or accessible to them.

~~Notwithstanding contrary provisions of section 256D.051, subdivision 1, a person eligible for assistance under this section is eligible for assistance for a maximum period of seven consecutive calendar months during any 12 consecutive calendar month period, subject to section 256D.051, subdivision 1, paragraph (d). Work readiness payments may be terminated for persons who fail to attend the orientation and participate in the assessment and development of the employment development plan.~~

Sec. 7. [268.44] [GRANTS TO FOODSHELVES.]

Subdivision 1. [GRANTS.] The commissioner of jobs and training may provide grants to community foodshelves or other nonprofit programs distributing food or meals without charge to individuals or families in need.

Subd. 2. [APPLICATION AND REPORTS.] Applicants for grants under this section must submit to the commissioner for approval a plan and budget for use of the funds in the form and detail required by the commissioner. Recipients of funds under this section must provide food or meals as required by the commissioner. They must report to the commissioner at least annually on the use of the funds. Recipients of funds under this section must keep records, including records of expenditure of funds provided by the commissioner. The commissioner may audit the records to determine eligibility for funds under this section.

Subd. 3. [RULES.] The commissioner may adopt rules setting eligibility criteria for recipients and for use of grant funds.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than $100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision,

provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to $1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

Sec. 9. [462A.30] [EMERGENCY MORTGAGE AND RENTAL ASSISTANCE.]

The commissioner of the housing finance agency shall establish an emergency mortgage and rental assistance pilot project to serve individuals and families in danger of losing their housing. The agency may make grants and loans for the pilot project, establish criteria for administering the program, and pay costs and expenses necessary and incidentals to the development and operation of the program. The type of assistance and repayment must be determined on a case by case basis. Assistance to an individual or family is limited to six months or $2,000, whichever is less. A participant is eligible for assistance only once.

Sec. 10. [EFFECTIVE DATE.]

Section 8 is effective for taxable years beginning after December 31, 1991."

"Sec. 20. Minnesota Statutes 1991 Supplement, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

(c) "Gross tax capacity" means the product of the gross class rates and estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of (i) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1992 the class rate applied to class 4b property shall be 2.9 percent; the class rate applied to class 4a property shall be 3.55 percent; the class rate applied to noncommercial seasonal recreational residential property shall be 2.25 percent; and the class rates applied to portions of class 1a, 1b, and 2a property shall be 2 percent for the market value between $68,000 and $110,000 and 2.5 percent for the market value over $110,000; for aid payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 2.65 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent; for aid payable in 1995 the class rate applicable to class 4a shall be 3.3 percent; and for aid payable in 1996, the class rate applicable to class 4a property shall be 3.2 percent, and (ii) estimated market values for the assessment two years prior to that in which aid is payable. The reclassification of mobile home parks as class 4c shall not be considered in determining net tax capacity for purposes of this paragraph for aids payable in 1991 or 1992. Any reclassification of property by Laws 1991, chapter 291, shall not be considered in determining net tax capacity for aids payable in 1992. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. For purposes of determining the net tax capacity of

property referred to in clauses (1) and (2), the net tax capacity shall be multiplied by the ratio of the highest class rate for class 3a property for taxes payable in the year in which the aid is payable to the highest class rate for class 3a property in the prior year. Net tax capacity cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values for the assessment two years prior to that in which aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all property within the unique taxing jurisdiction. The total previous net tax capacity shall be reduced by the sum of (1) the unique taxing jurisdiction's previous net tax capacity of commercial-industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 6, for the municipality, as defined in section 473F.02, subdivision 8, in which the unique taxing jurisdiction is located, (2) the previous net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the previous net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425. Previous net tax capacity cannot be less than zero.

(f) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. The equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(g) "1989 local tax rate" means the quotient derived by dividing the gross taxes levied within a unique taxing jurisdiction for taxes payable in 1989 by the gross tax capacity of the unique taxing jurisdiction for taxes payable in 1989. For computation of the local tax rate for aid payable in 1991 and subsequent years, gross taxes for taxes payable in 1989 exclude equalized levies as defined in subdivision 2a. For purposes of computation of the local tax rate only, gross taxes shall not be adjusted by inflation or household growth.

(h) "Current local tax rate" means the quotient derived by dividing the taxes levied within a unique taxing jurisdiction for taxes payable in the year prior to that for which aids are being calculated by the net tax capacity of the unique taxing jurisdiction.

(i) For purposes of calculating the homestead and agricultural credit aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's 1989 local tax rate; (ii) its total net tax capacity; and (iii) 0.9767.

(j) For purposes of calculating and allocating homestead and agricultural credit aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties," "gross taxes," or "taxes levied" means the total taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction. Gross taxes levied on all properties or gross taxes are before reduction by any credits for taxes payable in 1989. "Gross taxes" are before any reduction for disparity reduction aid but "taxes levied" are after any reduction for disparity reduction aid. Gross taxes levied or taxes levied cannot be less than zero.

"Taxes levied" excludes actual amounts levied for purposes listed in subdivision 2a.

(k) "Human services aids" means:

(1) aid to families with dependent children under sections 256.82, subdivision 1, and 256.935, subdivision 1;

(2) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(3) general assistance medical care under section 256D.03, subdivision 6;

(4) general assistance under section 256D.03, subdivision 2;

(5) work readiness under section 256D.03, subdivision 2;

(6) emergency assistance under section 256.871, subdivision 6;

(7) Minnesota supplemental aid under section 256D.36, subdivision 1;

(8) preadmission screening and alternative care grants;

(9) work readiness services under section 256D.051;

(10) case management services under section 256.736, subdivision 13;

(11) general assistance claims processing, medical transportation and related costs; and

(12) medical assistance, medical transportation and related costs.

(l) "Cost-of-living adjustment factor" means the greater of one or one plus the percentage increase in the consumer price index minus .36 percent. In no case may the cost of living adjustment factor exceed 1.0394.

(m) The percentage increase in the consumer price index means the percentage, if any, by which:

(1) the consumer price index for the calendar year preceding that in which aid is payable, exceeds

(2) the consumer price index for calendar year 1989.

(n) "Consumer price index for any calendar year" means the average of the consumer price index as of the close of the 12-month period ending on May 31 of such calendar year.

(o) "Consumer price index" means the last consumer price index for all-urban consumers published by the department of labor. For purposes of the preceding sentence, the revision of the consumer price index which is most consistent with the consumer price index for calendar year 1989 shall be used.

(p) "Household adjustment factor" means the number of households for the second most recent year preceding that in which the aids are payable divided by the number of households for the third most recent year. The household adjustment factor cannot be less than one.

(q) "Growth adjustment factor" means the household adjustment factor in the case of counties, cities, and towns. In the case of school districts the growth adjustment factor means the average daily membership of the school district under section 124.17, subdivision 2, for the school year ending in the second most recent year preceding that in which the aids are payable divided by the average daily membership for the third most recent year. In the case of special taxing districts, the growth adjustment factor equals one. The growth adjustment factor cannot be less than one.

(r) For aid payable in 1992 and subsequent years, "homestead and agricultural credit base" means the previous year's certified homestead and agricultural credit aid determined under subdivision 2 less any permanent aid reduction in the previous year to homestead and agricultural credit aid under section 477A.0132, plus, for aid payable in 1992, fiscal disparity homestead and agricultural credit aid under subdivision 2b.

(s) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the

unique taxing jurisdiction's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(t) "Fiscal disparity adjustment" means the difference between (1) a taxing jurisdiction's fiscal disparity distribution levy under section 473F.08, subdivision 3, clause (a), for taxes payable in the year prior to that for which aids are being calculated, and (2) the same distribution levy multiplied by the ratio of the highest class rate for class 3 property for taxes payable in the year prior to that for which aids are being calculated to the highest class rate for class 3 property for taxes payable in the second prior year to that for which aids are being calculated. In the case of school districts, the fiscal disparity distribution levy shall exclude that part of the levy attributable to equalized school levies as defined in subdivision 2a."

"ARTICLE 1

LOCAL GOVERNMENT TRUST FUND

Section 1. Minnesota Statutes 1991 Supplement, section 3.862, subdivision 3, is amended to read:

Subd. 3. [DUTIES.] (a) By February 1 of each year, the commission shall submit to the speaker of the house and president of the senate recommendations for a formula or formulas to allocate the receipts of the local government trust fund to cities, counties, special taxing districts, and towns for the fiscal year beginning in the next calendar year. A recommendation of the commission must be approved by a three-fourths majority vote of the commission. Recommendations may be adopted, modified, or rejected by a bill enacted into law.

(b) In preparing its recommendations for intergovernmental aid formulas, the commission shall consider and balance the following goals:

(1) equalizing the access of local governments to fiscal resources relative to the need for and cost of providing local services;

(2) increasing accountability for state and local fiscal decisions;

(3) compensating for spillovers in the cost and benefits of local services; and

(4) funding municipal and county programs that are required by state law or that can only be appropriately provided on a uniform statewide basis. The commission may establish other recommenda-

tions for intergovernmental aid formulas to be financed from trust fund money.

(c) The commission shall study elements of state and local intergovernmental relations it considers appropriate. The studies may include examination of (1) requirements under state law that local governments provide services or benefits not funded by state appropriations, and (2) development of incentives or mechanisms for increased local efficiencies through cooperation or combination of local government units.

(d) The commission shall conduct a study of the property tax implications of the community social services act, the community corrections act, and the community health services act relative to: the mandate of each as specified in law or by rule; the level of state funding to support the mandates; the optional programs of each specified in law or by rule; the level of state funding to support the optional programs; the level of local property taxes and other resources to support both mandated and optional programs; the potential expansion of the community corrections act to other counties; and, whether the current allocation of state funding places a disproportionate property tax burden on any county. The commission shall provide a report to the governor and the legislature no later than February 26, 1993.

Sec. 2. Minnesota Statutes 1991 Supplement, section 16A.711, subdivision 1, is amended to read:

Subdivision 1. [CREATION.] The commissioner shall deposit to the credit of the local government trust fund all money available to the credit of the trust. The commissioner shall maintain the trust as a separate fund to be used only ~~to pay money,~~ as provided by law, ~~to local governments for intergovernmental aid or to repay advances made by the general fund, as provided under subdivision~~ 4. In fiscal year 1993, the commissioner shall allocate all money available to the local government trust fund in equal portions to the credit of a local aid account and a homestead credit account within the trust fund. In fiscal year 1994 and thereafter, the commissioner shall allocate all money available to the local government trust fund as follows: 55 percent to the credit of the homestead credit account within the trust fund and 45 percent to the credit of the local aid account within the trust fund. If the fiscal year 1994 deposits in the local government trust fund exceed 110 percent of the amount deposited in the fund in fiscal year 1993, the excess of the increase over ten percent shall be transferred to the general fund. If, in any fiscal year after 1994 the total amount deposited in the local government trust fund exceeds 108 percent of the amount deposited in the fund in the prior fiscal year, the excess of the increase over eight percent shall be transferred to the general fund.

Sec. 3. Minnesota Statutes 1991 Supplement, section 16A.711, subdivision 3, is amended to read:

Subd. 3. [ESTIMATES; REDUCTION OF PAYMENTS.] (a) At the beginning of each fiscal year the commissioner, in consultation with the commissioner of revenue, shall estimate for the fiscal year:

(1) the amount of revenues to be deposited in each account within the trust fund under sections 297A.44 and 297B.09 and other law; and

(2) the payments authorized by law to be made out of each account within the trust.

For fiscal year 1993, if the estimated payments exceed the estimated receipts for either of the two accounts within the trust fund, the corresponding fiscal year appropriations from ~~the trust to each program are~~ that account or accounts shall be proportionately reduced, unless otherwise provided by law.

~~If the estimated receipts of the trust fund exceed the estimated payments by $1,000,000 or more, the appropriation from the trust fund to each intergovernmental aid program is increased proportionately. The aid paid to each local government under the program is increased proportionately unless otherwise provided by law.~~ At the end of fiscal year 1993, any positive balance amounts in either account of the trust fund are transferred to the general fund.

For even-numbered fiscal years after fiscal year 1993, if the estimated local aid account receipts are more than 105 percent, or less than 95 percent, of that year's estimated payments, then that fiscal year's appropriations for each program funded by the local aid account shall be proportionately increased or decreased to bring the estimated fiscal year end account balance to zero. Fiscal year end balances in the local aid account from even-numbered fiscal years shall be carried over in the account to the next fiscal year.

For odd-numbered fiscal years after fiscal year 1993, if the estimated payments and receipts for the local aid account are not equal, then the appropriations for each program funded by the account shall be proportionately increased or decreased as necessary to bring that year's estimated year end account balance to zero.

For even-numbered fiscal years after fiscal year 1993, if the estimated homestead credit account receipts are less than 95 percent of that year's estimated payments, then that fiscal year's appropriations for each program funded by the homestead credit account shall be proportionately decreased to bring the estimated fiscal year end account balance to zero. Any negative fiscal year end balances in

the homestead credit account from even-numbered fiscal years shall be carried over in the account to the next fiscal year.

For odd-numbered fiscal years after fiscal year 1993, if the estimated payments from the homestead credit account exceed the estimated receipts, then the appropriations for each program funded by the account shall be proportionately decreased as necessary to bring that fiscal year's estimated ending balance to zero.

At the end of each fiscal year after fiscal year 1993, all balances greater than zero in the homestead credit account are transferred to the general fund. The amounts so transferred shall be used to pay the general fund costs of the property tax refunds paid under chapter 290A for homeowners and renters.

(b) If as a result of changes in economic conditions or if information becomes available that indicates changes either in receipts or payments from the trust fund, the commissioner may at other times estimate the amount of receipts or payments and reduce or restore the appropriations under paragraph (a).

Sec. 4. Minnesota Statutes 1991 Supplement, section 16A.711, subdivision 4, is amended to read:

Subd. 4. [GENERAL FUND ADVANCES.] If the money in the trust fund is insufficient to make payments on the dates provided by law, but the commissioner estimates receipts for the fiscal year will be sufficient, the commissioner shall advance money from the general fund to the trust fund necessary to make the payments. On or before the close of the biennium the trust shall repay the advances ~~with interest, calculated at the rate of earnings on invested treasurer's cash,~~ to the general fund.

Sec. 5. [16A.712] [LOCAL GOVERNMENT TRUST FUND; GENERAL FUND; APPROPRIATIONS.]

Subdivision 1. [APPROPRIATIONS; LOCAL GOVERNMENT TRUST FUND.] (a) The amounts necessary to make the following payments are annually appropriated from the local aid account of the local government trust fund:

(1) disparity reduction aid to counties, cities, towns, and special taxing districts under section 273.1398;

(2) local government aid and equalization aid under chapter 477A;

In fiscal year 1994, the amounts appropriated under clauses (3), (4), and (5) shall each be increased by 8.5 percent over the amounts appropriated for fiscal year 1993. In fiscal year 1995, the increase for each appropriation under clauses (3), (4), and (5) shall be eight percent of the respective fiscal year 1994 appropriations. In each case, the amount to be paid to each eligible county is increased by the same percentage.

(b) In fiscal year 1993 and thereafter, the amounts necessary to make the following payments are appropriated to the commissioner of revenue from the homestead credit account of the local government trust fund:

(1) homestead and agricultural credit aid to counties, cities, towns, and special taxing districts under section 273.1398;

(2) additional homestead and agricultural credit guarantee for counties, cities, towns, and special taxing districts under section 273.1398, subdivision 5; and

(3) manufactured home homestead and agricultural credit aid to counties, cities, towns, and special taxing districts under section 274.20.

Subd. 2. [CONTINGENT REDUCTIONS.] If the commissioner of finance, in consultation with the commissioner of revenue, estimates that the receipts of the local aid account of the local government trust fund will be insufficient to pay the appropriations under subdivision 1, paragraph (a), the appropriations under subdivision 1, paragraph (a), clause (6), must be paid in full and the appropriations under subdivision 1, paragraph (a), clauses (1) to (5), must be reduced as provided by section 16A.711. If the appropriations under

subdivision 1, paragraph (a), are increased as provided in section 16A.711, the appropriations under subdivision 1, paragraph (a), clause (6), must not be increased.

Subd. 3. [APPROPRIATIONS; GENERAL FUND.] In fiscal year 1993 and thereafter, the amounts necessary to make the following intergovernmental aid payments are annually appropriated from the general fund:

(1) additional homestead and agricultural credit guarantee for school districts under section 273.1398, subdivision 5;

(2) disparity reduction credit under section 273.1398, subdivision 4;

(3) attached machinery aid to counties under section 273.138;

(4) supplemental homestead property tax relief under section 273.1391; and

(5) state aid for county human services under section 273.1398, subdivision 5a.

Sec. 6. [207A.10] [REIMBURSEMENT OF ELECTION EXPENSES.]

Subdivision 1. "Sec. 11. Minnesota Statutes 1991 Supplement, section 289A.50, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RIGHT TO REFUND.] (a) Subject to the requirements of this section and section 289A.40, a taxpayer who has paid a tax in excess of the taxes lawfully due and who files a written claim for refund will be refunded or credited the overpayment of the tax determined by the commissioner to be erroneously paid.

(b) The claim must specify the name of the taxpayer, the date when and the period for which the tax was paid, the kind of tax paid, the amount of the tax that the taxpayer claims was erroneously paid, the grounds on which a refund is claimed, and other information relative to the payment and in the form required by the commissioner. An income tax, estate tax, or corporate franchise tax return,

(c) When, in the course of an examination, and within the time for requesting a refund, the commissioner determines that there has been an overpayment of tax, the commissioner shall refund or credit the overpayment to the taxpayer and no demand is necessary. If the overpayment exceeds $1, the amount of the overpayment must be refunded to the taxpayer. If the amount of the overpayment is less than $1, the commissioner is not required to refund. In these situations, the commissioner does not have to make written findings or serve notice by mail to the taxpayer.

(d) If the amount allowable as a credit for withholding, estimated taxes, or dependent care exceeds the tax against which the credit is allowable, the amount of the excess is considered an overpayment. ~~The refund allowed by section 290.06, subdivision 23, is also considered an overpayment.~~

(e) If the entertainment tax withheld at the source exceeds by $1 or more the taxes, penalties, and interest reported in the return of the entertainment entity or imposed by section 290.9201, the excess must be refunded to the entertainment entity. If the excess is less than $1, the commissioner need not refund that amount.

(f) If the surety deposit required for a construction contract exceeds the liability of the out-of-state contractor, the commissioner shall refund the difference to the contractor.

(g) An action of the commissioner in refunding the amount of the overpayment does not constitute a determination of the correctness of the return of the taxpayer.

Subd. 8. "Term of imprisonment," as applied to inmates whose crimes were committed before December 31, 1993, is the period of time to which an inmate is committed to the custody of the commissioner of corrections minus earned good time. "Term of imprisonment," as applied to inmates whose crimes were committed on or after December 31, 1993, is the period of time which an inmate is ordered to serve in prison by the sentencing court, plus any disciplinary confinement period imposed by the commissioner under section 244.05, subdivision 1a.

Sec. 2. Minnesota Statutes 1990, section 244.03, is amended to read:

244.03 [~~VOLUNTARY~~ REHABILITATIVE PROGRAMS.]

The commissioner shall provide appropriate mental health programs and vocational and educational programs with employment-related goals for inmates who desire to voluntarily participate in such programs and for inmates who are required to participate in the programs under the disciplinary offense rules adopted by the commissioner under section 244.05, subdivision 1a. The selection, design and implementation of programs under this section shall be the sole responsibility of the commissioner, acting within the limitations imposed by the funds appropriated for such programs.

No action challenging the level of expenditures for programs authorized under this section, nor any action challenging the selection, design or implementation of these programs, may be maintained by an inmate in any court in this state.

Sec. 3. Minnesota Statutes 1990, section 244.04, subdivision 1, is amended to read:

Subdivision 1. [REDUCTION OF SENTENCE.] Notwithstanding the provisions of section 609.11, subdivision 6, and section 609.346, subdivision 1, the term of imprisonment of any inmate sentenced to a presumptive fixed sentence after May 1, 1980, and whose crime was committed before December 31, 1993, shall be reduced in

duration by one day for each two days during which the inmate violates none of the disciplinary offense rules promulgated by the commissioner. The reduction shall accrue to the period of supervised release to be served by the inmate, except that the period of supervised release for a sex offender sentenced and conditionally released by the commissioner under section 609.1352, subdivision 5, is governed by that provision.

Except as otherwise provided in subdivision 2, if an inmate violates a disciplinary offense rule promulgated by the commissioner, good time earned prior to the violation may not be taken away, but the inmate may be required to serve an appropriate portion of the term of imprisonment after the violation without earning good time.

Sec. 4. Minnesota Statutes 1990, section 244.04, subdivision 3, is amended to read:

Subd. 3. The provisions of this section do not apply to an inmate serving a mandatory life sentence or to persons whose crimes were committed on or after December 31, 1993.

Sec. 5. Minnesota Statutes 1990, section 244.05, subdivision 1, is amended to read:

Subdivision 1. [SUPERVISED RELEASE REQUIRED.] Except as provided in subdivisions 1a, 4, and 5, every inmate shall serve a supervised release term upon completion of the inmate's term of imprisonment as reduced by any good time earned by the inmate or extended by confinement in punitive segregation pursuant to section 244.04, subdivision 2. Except for a sex offender conditionally released under section 609.1352, subdivision 5, the supervised release term shall be equal to the period of good time the inmate has earned, and shall not exceed the length of time remaining in the inmate's sentence.

Sec. 6. Minnesota Statutes 1990, section 244.05, is amended by adding a subdivision to read:

Subd. 1a. [SUPERVISED RELEASE; OFFENDERS WHO COMMIT CRIMES ON OR AFTER DECEMBER 31, 1993.] (a) Except as provided in subdivisions 4 and 5, every inmate sentenced to prison for a felony offense committed on or after December 31, 1993, shall serve a supervised release term upon completion of the term of imprisonment pronounced by the sentencing court under section 7 and any disciplinary confinement period imposed by the commissioner due to the inmate's violation of any disciplinary offense rule adopted by the commissioner under paragraph (b). The supervised release term shall be equal in length to the amount of time remaining in the inmate's imposed sentence after the inmate has

served the pronounced term of imprisonment and any disciplinary confinement period imposed by the commissioner.

(b) By December 31, 1993, the commissioner shall modify the commissioner's existing disciplinary rules to specify disciplinary offenses which may result in imposition of a disciplinary confinement period and the length of the disciplinary confinement period for each disciplinary offense. These disciplinary offense rules may cover violation of institution rules, refusal to work, refusal to participate in treatment or other rehabilitative programs, and other matters determined by the commissioner. No inmate who violates a disciplinary rule shall be placed on supervised release until the inmate has served the disciplinary confinement period or until the inmate is discharged or released from punitive segregation confinement, whichever is later. The imposition of a disciplinary confinement period shall be considered to be a disciplinary sanction imposed upon an inmate, and the procedure for imposing the disciplinary confinement period and the rights of the inmate in the procedure shall be those in effect for the imposition of other disciplinary sanctions at each state correctional institution.

Sec. 7. [244.101] [SENTENCING OF FELONY OFFENDERS WHO COMMIT OFFENSES ON AND AFTER DECEMBER 31, 1993.]

The lengths of the term of imprisonment and the supervised release term actually served by an inmate are subject to the provisions of section 244.05, subdivision 1a.

Subd. 2. [EXPLANATION OF SENTENCE.] When a court pronounces sentence under this section, it shall specify the amount of time the defendant will serve in prison and the amount of time the defendant will serve on supervised release, assuming the defendant commits no disciplinary offense in prison that may result in the imposition of a disciplinary confinement period. The court shall also explain that the defendant's term of imprisonment may be extended by the commissioner if the defendant commits any disciplinary offenses in prison and that this extension could result in the defendant's serving the entire pronounced sentence in prison. The court's explanation shall be included in the sentencing order.

Subd. 3. [NO RIGHT TO SUPERVISED RELEASE.] Notwithstanding the court's specification of the potential length of a defendant's supervised release term in the sentencing order, the court's order creates no right of a defendant to any specific, minimum length of a supervised release term.

Subd. 4. [APPLICATION OF STATUTORY MANDATORY MINIMUM SENTENCES.] If the defendant is convicted of any offense for which a statute imposes a mandatory minimum sentence or term of imprisonment, the statutory mandatory minimum sentence or term governs the length of the entire sentence pronounced by the court under this section.

Sec. 8. [609.146] [COMPUTATION OF JAIL CREDIT.]

An offender is entitled to a reduction in the offender's term of imprisonment for time spent in custody in a correctional facility before the date of sentencing only when the time was spent in custody in connection with the offense or behavioral incident for which the offender is currently being sentenced.

Sec. 9. [609.151] [CONSECUTIVE SENTENCES FOR CRIMES COMMITTED AT STATE CORRECTIONAL FACILITIES.]

Subdivision 1. [CONSECUTIVE SENTENCE.] Notwithstanding the sentencing guidelines or any provision of law, when an inmate of a state correctional facility commits a felony at the facility and is convicted for that felony, the court shall impose a sentence to run consecutively to the sentence for which the inmate was confined when the felony was committed.

Subd. 2. [PRESUMPTIVE SENTENCE.] Based upon the defendant's criminal history score at the time of the commission of the offense, the court shall impose the presumptive sentence established by the appropriate grid of the sentencing guidelines grid.

Subd. 3. [WAIVER.] The court may, in whole or part, waive the sentencing requirements of subdivisions 1 and 2 upon certification of the prosecuting authority that the defendant has provided substantial and material assistance in the detection or prosecution of crime.

Sec. 10. Minnesota Statutes 1990, section 609.152, subdivision 2, is amended to read:

Subd. 2. [INCREASED SENTENCES; DANGEROUS OFFENDERS.] Whenever a person is convicted of a violent crime, and the judge is imposing an executed sentence based on a sentencing guidelines presumptive imprisonment sentence, the judge may impose an aggravated durational departure from the presumptive imprisonment sentence up to the statutory maximum sentence if the offender was at least 18 years old at the time the felony was committed, and:

(1) the court determines on the record at the time of sentencing

that the offender has two or more prior convictions for violent crimes; and

(2) the court finds that the offender is a danger to public safety and specifies on the record the basis for the finding, which may include:

(i) the offender's past criminal behavior, such as the offender's high frequency rate of criminal activity or juvenile adjudications, or long involvement in criminal activity including juvenile adjudications; or

(ii) the fact that the present offense of conviction involved an aggravating factor that would justify a durational departure under the sentencing guidelines.

Sec. 11. Minnesota Statutes 1990, section 609.152, subdivision 3, is amended to read:

Subd. 3. [INCREASED SENTENCES; CAREER OFFENDERS.] Whenever a person is convicted of a felony, and the judge is imposing an executed sentence based on a sentencing guidelines presumptive imprisonment sentence, the judge may impose an aggravated durational departure from the presumptive sentence up to the statutory maximum sentence if the judge finds and specifies on the record that the offender has more than four prior felony convictions ~~and that the present offense is a felony that was committed as part of a pattern of criminal conduct from which a substantial portion of the offender's income was derived~~.

Sec. 12. [SENTENCING GUIDELINES MODIFICATIONS.]

The sentencing guidelines commission shall modify sentencing guideline II.F to provide a presumption in favor of consecutive sentences for any person convicted of multiple crimes against a person in separate behavioral incidents and to require judges to provide written reasons under sentencing guideline II.D for any mitigated departure from this presumption.

Sec. 13. [TASK FORCE ON NEW FELONY SENTENCING SYSTEM.]

Subdivision 1. [MEMBERSHIP.] A task force is established to study the implementation of the new felony sentencing system provided in this article. The task force consists of the following members or their designees:

(5) the chair of the senate judiciary committee.

The task force shall select a chair from among its membership.

Subd. 2. [DUTIES.] The task force shall study the new felony sentencing system provisions contained in this article. Based on this study, the task force shall:

(1) determine whether the current sentencing guidelines and sentencing guidelines grid need to be changed in order to implement the new sentencing provisions; and

(2) determine whether any legislative changes to the provisions are needed to permit their effective implementation.

Subd. 3. [REPORT.] The task force shall report the results of its study to the legislature by February 15, 1993. The report shall include the task force's recommendations, if any, for changing the law or the sentencing guidelines in order to effectively implement the new felony sentencing system.

Every new and existing minimum security facility that is built or remodeled for the purpose of increasing its inmate capacity, must be designed and built to comply with minimum security multiple-occupancy standards. All inmates in current and future close, maximum and high security facilities, including the Minnesota correctional facilities at St. Cloud, Stillwater, and Oak Park Heights, shall be confined in separate cells except for inmates confined in geriatric or honor dormitory-type facilities.

Sec. 2. Minnesota Statutes 1990, section 244.05, is amended by adding a subdivision to read:

Subd. 1b. For inmates whose crimes were committed on or after August 1, 1992, if the inmate's scheduled release date occurs on a Friday, Saturday, Sunday, or holiday, the inmate's supervised release term shall begin on the first day after the inmate's scheduled release date that is not a Friday, Saturday, Sunday, or holiday.

[GENERALLY.] The commissioner may select offenders who meet the eligibility requirements of subdivisions 2 and 3 to participate in the boot camp program described in sections 244.171 and 244.172 for all or part of the offender's sentence if the offender agrees to participate in the program and signs a written contract with the commissioner agreeing to comply with the program's requirements.

Subd. 2. [ELIGIBILITY] The commissioner must limit the boot camp program to the following persons:

(1) offenders who are committed to the commissioner's custody following revocation of a stayed sentence; and

An offender who is removed from the boot camp program shall be imprisoned for a time period equal to the offender's original term of imprisonment, minus earned good time if any, but in no case for longer than the time remaining in the offender's sentence. "Original term of imprisonment" means a time period equal to two-thirds of the sentence originally executed by the sentencing court, minus jail credit, if any.

Sec. 6. [244.172] [BOOT CAMP PROGRAM; PHASES I to III.]

Subdivision 1. [PHASE I.] Phase I of the program lasts at least six months. The offender must be confined in a state correctional facility designated by the commissioner and must successfully participate in all intensive treatment, education and work programs required by the commissioner. offender to report daily to a day-reporting facility designated by the commissioner. In addition, if the commissioner required the offender to undergo acupuncture during phase I, the offender must continue to submit to acupuncture treatment throughout phase II.

Subd. 3. [PHASE III.] Phase III lasts for the remainder of the offender's sentence. During phase III, the commissioner shall place the offender on supervised release under section 244.05. The commissioner shall set the level of the offender's supervision based on the public risk presented by the offender.

Sec. 7. [244.173] [BOOT CAMP PROGRAM; EVALUATION AND REPORT.]

Subd. 2. [LOCAL CORRECTIONAL FEES.] A local correctional agency may establish a schedule of local correctional fees to charge persons convicted of a crime and under the supervision and control of the local correctional agency to defray costs associated with correctional services. The local correctional fees on the schedule must be reasonably related to defendants' abilities to pay and the actual cost of correctional services.

Subd. 3. [FEE COLLECTION.] The chief executive officer of a local correctional agency may collect local correctional fees assessed under section 12. The local correctional agency may collect the fee at any time while the offender is under sentence or after the sentence

has been discharged. The agency may use any available civil means of debt collection in collecting a local correctional fee.

Subd. 4. [EXEMPTION FROM FEE.] The local correctional agency shall waive payment of a local correctional fee if so ordered by the court under section 12. If the court fails to waive the fee, the chief executive officer of the local correctional agency may waive payment of the fee if the officer determines that the offender does not have the ability to pay the fee, the prospects for payment are poor, or there are extenuating circumstances justifying waiver of the fee. Instead of waiving the fee, the local correctional agency may require the offender to perform community work service as a means of paying the fee.

Subd. 5. [RESTITUTION PAYMENT PRIORITY.] If a defendant has been ordered by a court to pay restitution and a local correctional fee, the defendant shall be obligated to pay the restitution ordered before paying the local correctional fee.

Subd. 6. [USE OF FEES.] The local correctional fees shall be used by the local correctional agency to pay the costs of local correctional services. Local correctional fees may not be used to supplant existing local funding for local correctional services.

No probationer or other person on conditional release shall be detained more than 72 hours, exclusive of legal holidays, Saturdays and Sundays, pursuant to this subdivision without being provided with the opportunity for a hearing before the court or the commissioner of corrections or a designee. Subd. 3. [FEE EXEMPTION.] The court may waive payment of a local correctional fee if it makes findings on the record that the convicted person is exempt due to any of the factors named under section 8, subdivision 4. The court shall consider prospects for payment during the term of supervision by the local correctional agency.

Subd. 4. [RESTITUTION PAYMENT PRIORITY.] If the court orders the defendant to pay restitution and a local correctional fee, the court shall order that the restitution be paid before the local correctional fee.

(5) the right to the complete and prompt assistance of school authorities in obtaining, securing, and maintaining evidence relevant to the school disciplinary proceeding or other legal proceeding concerning the sexual assault complaint; and

(6) the right to have school authorities and personnel take all necessary steps to shield the victim from unwanted contact with the alleged assailant, including but not limited to, relocation of the victim to safe, alternative housing and transfer of the victim to alternative classes, if requested.

Sec. 3. Minnesota Statutes 1990, section 260.155, is amended by adding a subdivision to read:

Subd. 1b. [RIGHT OF ALLEGED VICTIM TO PRESENCE OF SUPPORTIVE PERSON.] Notwithstanding any provision of subdivision 1 to the contrary, in any delinquency proceedings in which the alleged victim of the delinquent act is testifying in court, the victim may choose to have a supportive person, whether or not a witness, present during the testimony of the victim. If the person chosen is also scheduled to be a witness in the proceedings, the county attorney shall present, on noticed motion, evidence that the person's attendance is both desired by the victim for support and will be helpful to the victim. Upon that showing, the court shall grant the request unless information presented by the alleged delinquent or noticed by the court establishes that the supportive person's attendance during the testimony of the victim would pose a substantial risk of influencing or affecting the content of that testimony.

Sec. 4. Minnesota Statutes 1990, section 595.02, subdivision 4, is amended to read:

Subd. 4. [COURT ORDER.] (a) In a proceeding in which a child less than ~~ten~~ 12 years of age is alleging, denying, or describing:

(1) an act of physical abuse or an act of sexual contact or penetration performed with or on the child or any other person by another; or

(2) an act that constitutes a crime of violence committed against the child or any other person, the court may, upon its own motion or upon the motion of any party, order that the testimony of the child be taken in a room other than the courtroom or in the courtroom and televised at the same time by closed-circuit equipment, or recorded for later showing to be viewed by the jury in the proceeding, to minimize the trauma to the child of testifying in the courtroom setting and, where necessary, to provide a setting more amenable to securing the child witness's uninhibited, truthful testimony.

(b) At the taking of testimony under this subdivision, only the judge, the attorneys for the defendant and for the state, any person whose presence would contribute to the welfare and well-being of the child, persons necessary to operate the recording or closed-circuit equipment and, in a child protection proceeding under chapter 260 or a dissolution or custody proceeding under chapter 518, the attorneys for those parties with a right to participate may be present with the child during the child's testimony.

(c) The court shall permit the defendant in a criminal or delinquency matter to observe and hear the testimony of the child in person. If the court, upon its own motion or the motion of any party, ~~determines~~ finds in a hearing conducted outside the presence of the jury, that the presence of the defendant during testimony taken pursuant to this subdivision would psychologically traumatize the

witness so as to render the witness unavailable to testify, the court may order that the testimony be taken in a manner that:

(1) the defendant can see and hear the testimony of the child in person and communicate with counsel, but the child cannot see or hear the defendant; or

(2) the defendant ~~and child can view each other~~ can see and hear the testimony of the child by video or television monitor from a separate ~~rooms~~ room and communicate with counsel, but the child cannot see or hear the defendant.

(d) As used in this subdivision, "crime of violence" has the meaning given it in section 624.712, subdivision 5, and includes violations of section 609.26.

Sec. 5. Minnesota Statutes 1990, section 611A.03, subdivision 1, is amended to read:

Subdivision 1. [PLEA AGREEMENTS; NOTIFICATION OF VICTIM.] Prior to the entry of the factual basis for a plea pursuant to a plea agreement recommendation, a prosecuting attorney shall make a reasonable and good faith effort to inform the victim of:

(a) The contents of the plea agreement recommendation, including the amount of time recommended for the defendant to serve in jail or prison if the court accepts the agreement; and

(b) The right to be present at the sentencing hearing and to express orally or in writing, at the victim's option, any objection to the agreement or to the proposed disposition. If the victim is not present when the court considers the recommendation, but has communicated objections to the prosecuting attorney, the prosecuting attorney shall make these objections known to the court.

Sec. 6. [611A.19] [TESTING OF SEX OFFENDER FOR HUMAN IMMUNODEFICIENCY VIRUS.]

Subdivision 1. [TESTING ON REQUEST OF VICTIM.] (a) The sentencing court may issue an order requiring a person convicted of violating section 609.342, 609.343, 609.344, or 609.345, to submit to testing to determine the presence of human immunodeficiency virus (HIV) antibody if:

(1) the prosecutor moves for the test order in camera;

(2) the victim requests the test; and

(3) evidence exists that the broken skin or mucous membrane of

the victim was exposed to or had contact with the offender's semen or blood during commission of the crime.

(b) If the court grants the prosecutor's motion, the court shall order that the test be performed by an appropriate health professional and that no reference to the test, the motion requesting the test, the test order, or the test results may appear in the criminal record or be maintained in any record of the court or court services.

Subd. 2. [DISCLOSURE OF TEST RESULTS.] The date and results of any test performed under subdivision 1 are private data as defined in section 13.02, subdivision 12, except that the results are available, on request, to the victim or, if the victim is a minor, to the victim's parent or guardian and positive test results may be reported to the commissioner of health. Any test results given to a victim or victim's parent or guardian shall be provided by a health professional who is trained to provide the counseling described in section 144.763. Data regarding administration and results of the test are not accessible to any other person for any purpose and shall not be maintained in any record of the court or court services or any other record. After the test results are given to the victim or the victim's parent or guardian, data on the test must be removed from any medical data or health records maintained under section 13.42 or 144.335.

Sec. 7. [611A.711] [CRIME VICTIM SERVICES TELEPHONE LINE.]

The commissioner of public safety shall operate at least one statewide toll-free 24-hour telephone line for the purpose of providing crime victims with referrals for victim services and resources.

Sec. 8. [MEDIATION PROGRAMS FOR CRIME VICTIMS AND OFFENDERS.]

Subdivision 1. [GRANTS.] The state court administrator shall award grants to nonprofit organizations to create or expand mediation programs for crime victims and offenders. For purposes of this section, "offender" means an adult charged with a nonviolent misdemeanor or a juvenile with respect to whom a petition for delinquency has been filed in connection with a nonviolent misdemeanor, and "nonviolent misdemeanor" excludes any offense in which the victim is a family or household member, as defined in section 518B.01, subdivision 2.

(5) to evaluate the satisfaction of victims who participate in the mediation programs.

Subd. 3. [MEDIATOR QUALIFICATIONS.] The state court administrator shall establish criteria to ensure that mediators participating in the program are qualified.

Subd. 4. [MATCH REQUIRED.] A nonprofit organization may not receive a grant under this section unless the group has raised a matching amount from other sources.

Sec. 9. [EFFECTIVE DATE.]

ARTICLE 6

DOMESTIC ABUSE

Section 1. [256F.10] [GRANTS FOR CHILDREN'S SAFETY CENTERS.]

The commissioner shall issue a request for proposals from nonprofit, nongovernmental organizations, to design and implement two pilot children's safety centers. The purpose of the centers shall be to reduce children's vulnerability to violence and trauma related to family visitation, where there has been a history of domestic violence or abuse within the family. One of the pilot projects shall be located in the seven-county metropolitan area and one of the projects shall be located outside the seven-county metropolitan area.

Each children's safety center shall be designed to provide a healthy interactive environment for parents who are separated or divorced and for parents with children in foster homes to visit with their children. The centers shall be available for use by district courts who may order visitation to occur at a safety center. The centers can also be used as drop-off sites, so that parents who are

under court order to have no contact with each other can exchange children for visitation at a neutral site.

Each center must have an educational team which shall provide parenting and child development classes, and must offer support groups to participating custodial parents and hold regular classes designed to assist children who have experienced domestic violence and abuse.

Each center must provide sufficient security to ensure a safe visitation environment for children and their parents.

The commissioner shall award funds for development of the project sites. Funds shall be available beginning July 1, 1992. A grantee must demonstrate the ability to provide a local match for the two project sites. The local match may include in-kind contributions. The commissioner shall evaluate the operation of the two pilot projects and report back to the legislature by February 1, 1994, with recommendations.

Sec. 2. Minnesota Statutes 1991 Supplement, section 518B.01, subdivision 3a, is amended to read:

Subd. 3a. [FILING FEE.] The filing fees for an order for protection under this section are waived for the petitioner. The court administrator and the sheriff of any county in this state shall perform their duties relating to service of process without charge to the petitioner. The court shall ~~also~~ direct payment of the reasonable costs of service of process ~~in the manner provided in section 563.01, whether served by a sheriff,~~ if served by a private process server, when the sheriff is unavailable or if service is made by publication, without requiring the petitioner to make application under section 563.01. The court may direct a respondent to pay to the court administrator the petitioner's filing fees and reasonable costs of service of process if the court determines that the respondent has the ability to pay the petitioner's fees and costs.

Sec. 3. Minnesota Statutes 1991 Supplement, section 518B.01, subdivision 6, is amended to read:

Subd. 6. [RELIEF BY THE COURT.] (a) Upon notice and hearing, the court may provide relief as follows:

(1) restrain the abusing party from committing acts of domestic abuse;

(2) exclude the abusing party from the dwelling which the parties share or from the residence of the petitioner;

(3) award temporary custody or establish temporary visitation

with regard to minor children of the parties on a basis which gives primary consideration to the safety of the victim and the children. If the court finds that the safety of the victim or the children will be jeopardized by unsupervised or unrestricted visitation, the court shall condition or restrict visitation as to time, place, duration, or supervision, or deny visitation entirely, as needed to guard the safety of the victim and the children. Except for cases in which custody is contested, findings under sections 518.17 and 518.175 are not required. The court's ~~deliberation under this subdivision~~ decision on custody and visitation shall in no way delay the issuance of an order for protection granting other reliefs provided for in ~~Laws 1985, chapter 195~~ this section;

(4) on the same basis as is provided in chapter 518, establish temporary support for minor children or a spouse, and order the withholding of support from the income of the person obligated to pay the support according to chapter 518;

(5) provide upon request of the petitioner counseling or other social services for the parties, if married, or if there are minor children;

(6) order the abusing party to participate in treatment or counseling services;

(7) award temporary use and possession of property and restrain one or both parties from transferring, encumbering, concealing, or disposing of property except in the usual course of business or for the necessities of life, and to account to the court for all such transfers, encumbrances, dispositions, and expenditures made after the order is served or communicated to the party restrained in open court;

(8) exclude the abusing party from the place of employment of the petitioner, or otherwise limit access to the petitioner by the abusing party at the petitioner's place of employment; and

(9) order, in its discretion, other relief as it deems necessary for the protection of a family or household member, including orders or directives to the sheriff or constable, as provided by this section.

(b) Any relief granted by the order for protection shall be for a fixed period not to exceed one year, except when the court determines a longer fixed period is appropriate.

(c) An order granting the relief authorized in paragraph (a), clause (1), may not be vacated or modified in a proceeding for dissolution of marriage or legal separation, except that the court may hear a motion for modification of an order for protection concurrently with a proceeding for dissolution of marriage upon notice of motion and motion. The notice required by court rule shall not be waived. If the

proceedings are consolidated and the motion to modify is granted, a separate order for modification of an order for protection shall be issued.

(d) An order granting the relief authorized in paragraph (a), clause (2), is not voided by the admittance of the abusing party into the dwelling from which the abusing party is excluded.

(e) If a proceeding for dissolution of marriage or legal separation is pending between the parties, the court shall provide a copy of the order for protection to the court with jurisdiction over the dissolution or separation proceeding for inclusion in its file.

Sec. 4. Minnesota Statutes 1990, section 518B.01, subdivision 7, is amended to read:

Subd. 7. [TEMPORARY ORDER.] (a) Where an application under this section alleges an immediate and present danger of domestic abuse, the court may grant an ex parte temporary order for protection, pending a full hearing, and granting relief as the court deems proper, including an order:

(1) restraining the abusing party from committing acts of domestic abuse;

(2) excluding any party from the dwelling they share or from the residence of the other except by further order of the court; and

(3) excluding the abusing party from the place of employment of the petitioner or otherwise limiting access to the petitioner by the abusing party at the petitioner's place of employment.

(b) A finding by the court that there is a basis for issuing an ex parte temporary order for protection constitutes a finding that sufficient reasons exist not to require notice under applicable court rules governing applications for ex parte temporary relief.

(c) An ex parte temporary order for protection shall be effective for a fixed period not to exceed 14 days, except for good cause as provided under paragraph (c). A full hearing, as provided by this section, shall be set for not later than seven days from the issuance of the temporary order. The respondent shall be served forthwith a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing.

~~(c)~~ (d) When service is made by published notice, as provided under subdivision 5, the petitioner may apply for an extension of the period of the ex parte order at the same time the petitioner files the affidavit required under that subdivision. The court may extend the ex parte temporary order for an additional period not to exceed 14

days. The respondent shall be served forthwith a copy of the modified ex parte order along with a copy of the notice of the new date set for the hearing.

Sec. 5. Minnesota Statutes 1990, section 518B.01, subdivision 13, is amended to read:

Subd. 13. [COPY TO LAW ENFORCEMENT AGENCY.] (a) An order for protection granted pursuant to this section shall be forwarded by the court administrator within 24 hours to the local law enforcement agency with jurisdiction over the residence of the applicant.

Each appropriate law enforcement agency shall make available to other law enforcement officers through a system for verification, information as to the existence and status of any order for protection issued pursuant to this section.

(b) If the applicant notifies the court administrator of a change in the applicant's residence so that a different local law enforcement agency has jurisdiction over the residence, the order for protection must be forwarded by the court administrator to the new law enforcement agency within 24 hours of the notice. If the applicant notifies the new law enforcement agency that an order for protection has been issued under this section and the applicant has established a new residence within that agency's jurisdiction, within 24 hours the local law enforcement agency shall request a copy of the order for protection from the court administrator in the county that issued the order.

(c) When an order for protection is granted, the applicant for an order for protection must be told by the court that:

(1) notification of a change in residence should be given immediately to the court administrator and to the local law enforcement agency having jurisdiction over the new residence of the applicant;

(2) the reason for notification of a change in residence is to forward an order for protection to the proper law enforcement agency; and

(3) the order for protection must be forwarded to the law enforcement agency having jurisdiction over the new residence within 24 hours of notification of a change in residence, whether notification is given to the court administrator or to the local law enforcement agency having jurisdiction over the applicant's new residence.

An order for protection is enforceable even if the applicant does not notify the court administrator or the appropriate law enforcement agency of a change in residence.

Sec. 6. Minnesota Statutes 1991 Supplement, section 518B.01, subdivision 14, is amended to read:

Subd. 14. [VIOLATION OF AN ORDER FOR PROTECTION.] (a) Whenever an order for protection is granted pursuant to this section, and the respondent or person to be restrained knows of the order, violation of the order for protection is a misdemeanor. Upon conviction, the defendant must be sentenced to a minimum of three days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. If the court stays imposition or execution of the jail sentence and the defendant refuses or fails to comply with the court's treatment order, the court must impose and execute the stayed jail sentence. A person who violates this paragraph within two years after a previous conviction under this paragraph or within two years after a previous conviction under a similar law of another state, is guilty of a gross misdemeanor. ~~When a court sentences a person convicted of a gross misdemeanor and does not impose a period of incarceration, the court shall make findings on the record regarding the reasons for not requiring incarceration.~~ Upon conviction, the defendant must be sentenced to a minimum of 30 days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the minimum sentence provided in this paragraph for gross misdemeanor convictions.

(b) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order granted pursuant to this section restraining the person or excluding the person from the residence or the petitioner's place of employment, even if the violation of the order did not take place in the presence of the peace officer, if the existence of the order can be verified by the officer. The person shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(c) A violation of an order for protection shall also constitute contempt of court and be subject to the penalties therefor.

(d) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further viola-

tions of the order for protection, considering the financial resources of the respondent, and not to exceed $10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(e) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation. The court also may refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (a).

(f) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year.

(g) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

A peace officer is not liable under section 609.43, clause (1), for a failure to perform a duty required by clause (b).

Sec. 7. Minnesota Statutes 1990, section 609.02, is amended by adding a subdivision to read:

[ELECTRONIC MONITORING DEVICE.] As used in sections 9, 13, and 16, "electronic monitoring device" means a radio frequency transmitter unit that is worn at all times on the person of a defendant in conjunction with a receiver unit that is located in the victim's residence or on the victim's person. The judges shall make data on the use of electronic monitoring devices to protect a victim's safety in the tenth judicial district available to the commissioner of corrections to evaluate and to aid in development of standards for the use of devices to protect victims of domestic abuse.

In developing proposed standards, the commissioner shall consider the experience of the courts in the tenth judicial district in the use of the devices to protect victims of domestic abuse. These standards shall promote the safety of the victim and shall include measures to avoid the disparate use of the device with communities of color, product standards, monitoring agency standards, and victim disclosure standards.

Subd. 2. [REPORT TO LEGISLATURE.] By January 1, 1993, the commissioner of corrections shall report to the legislature on the proposed standards for electronic monitoring devices used to protect victims of domestic abuse.

Sec. 16. Minnesota Statutes 1990, section 629.72, is amended by adding a subdivision to read:

Subd. 2a. [ELECTRONIC MONITORING AS A CONDITION OF PRETRIAL RELEASE.] (a) Until the legislature has adopted standards governing electronic monitoring devices used to protect victims of domestic abuse, the court, as a condition of release, may not order a person arrested for a crime described in section 609.135, subdivision 5b, paragraph (b), to use an electronic monitoring device to protect a victim's safety.

The rules shall require that sex offender treatment programs be at least four months in duration. ~~After July 1, 1991,~~ A correctional facility may not operate a sex offender treatment program unless the program has met the standards adopted by and been certified by the commissioner of corrections. As used in this subdivision, "correctional facility" has the meaning given it in section 241.021, subdivision 1, clause (5).

(b) By July 1, 1993, the commissioner shall adopt rules under chapter 14 for the certification of community-based adult and juvenile sex offender treatment programs not operated in state or local correctional facilities. To the extent possible, the rules must minimize paperwork and administrative requirements, encourage creativity and experimentation, recognize any regional variation in needs and conditions that exists in the state, and emphasize treat-

ment outcomes rather than prescriptive standards and procedural requirements.

(c) In addition to other certification requirements established under paragraphs (a) and (b), rules adopted by the commissioner must require all certified programs to participate in an ongoing outcome-based evaluation and quality management system established by the commissioner.

Sec. 6. [241.68] [SEX OFFENDER TREATMENT FUND.]

Subdivision 1. [TREATMENT FUND ADMINISTRATION.] A sex offender treatment fund is established to pay for community-based sex offender treatment for adults and juveniles. The commissioner of corrections and the commissioner of human services shall establish an interagency staff work group to coordinate agency activities relating to sex offender treatment. The commissioner of human services is responsible for administering the sex offender treatment fund, including establishing requirements for submitting claims for payment, paying vendors, collecting the county share required under subdivision 8, and enforcing the county maintenance of effort requirement in subdivision 7. The commissioner of corrections is responsible for overseeing and coordinating a statewide sex offender treatment system under section 241.67, subdivision 1; certifying sex offender treatment providers under section 241.67, subdivision 2, paragraph (b); establishing eligibility criteria and an assessment process under subdivision 3; determining county allocations of treatment fund money under subdivision 4; and approving special project grants under subdivision 5. The county is responsible for developing and coordinating sex offender treatment services within the county under the supervision of the commissioner of corrections, approving sex offender treatment vendors under subdivision 9, approving persons for treatment within the limits of the county's allocation of treatment fund money under subdivision 4, and selecting an eligible vendor to provide the appropriate level of treatment to each person who is eligible to receive treatment and for whom funding is available. The assessment of eligibility and treatment needs under subdivision 3 must be conducted by the agency responsible for probation services. If this agency is not a county agency, the county shall enter into an agreement with the agency that prescribes the process for county approval of treatment and treatment vendors within the limits of the county's allocation of treatment fund money. The commissioner of corrections shall adopt rules under chapter 14 governing the sex offender treatment fund. At the request of the commissioner of corrections, the commissioner of human services shall provide technical assistance relating to the administration of the treatment fund. The commissioner may adopt emergency rules in order to establish the sex offender treatment fund and begin making payments out of the fund beginning July 1, 1993.

Subd. 2. [PERSONS ELIGIBLE TO RECEIVE TREATMENT.]

Within the limits of available funding, the sex offender treatment fund pays for sex offender treatment for sex offenders who have been ordered by the court to receive treatment and high-risk persons who seek treatment voluntarily. For purposes of this section, a sex offender is an adult who has been convicted of, or a juvenile who has been adjudicated to be delinquent based on a violation of, section 609.342, 609.343, 609.344, 609.345, 609.3451, 609.746, 609.79, 617.23, 617.246, or 617.247, or another offense arising out of a charge based on one or more of these sections. The treatment fund pays for treatment only to the extent that the costs of treatment cannot be met by the person's income or assets, health coverage, or other resources. Payment may be made on behalf of eligible persons only if:

(1) the person has been assessed and determined to be in need of community-based treatment under subdivision 3;

(2) the county has approved treatment and designated a treatment vendor within the limits of the county's allocation of money under subdivision 4;

(3) the person received the appropriate level of treatment as determined through the assessment process;

(4) the person received services from a vendor certified by the commissioner of corrections under section 241.67, subdivision 2, paragraph (b); and

(5) the vendor submitted a claim for payment in accordance with requirements established by the commissioner of human services.

Subd. 3. [ASSESSMENT.] The commissioner of corrections shall establish a process and criteria for assessing the eligibility and treatment needs of persons on whose behalf payment from the sex offender treatment fund is sought. The assessment determines: (1) whether the individual is eligible under subdivision 2; (2) the person's ability to contribute to the cost of treatment; (3) whether a need for treatment exists; (4) if treatment is needed, the appropriate level of treatment; and (5) if the person is seeking treatment voluntarily, whether the person represents a high risk of becoming a sex offender in the absence of intervention and treatment. The commissioner shall develop a sliding fee scale to determine the amount of the contribution required from persons who have income or other financial resources. The fee scale must require persons whose income and assets are above the limits for the medical assistance program to contribute to the cost of the assessment and treatment and require persons whose income is above the state median income to pay the entire cost of assessment and treatment.

Subd. 4. [COUNTY ALLOCATIONS.] (a) For the first year of the sex offender treatment fund, the money appropriated for the treat-

ment fund must be allocated among the counties according to the following formula:

(1) two-thirds based on the number of sex offender convictions or adjudications in the county in the previous year; and

(2) one-third based on county population.

(b) Any balance remaining in the fund at the end of the first year of the fund does not cancel and is available for the next year. Any balance remaining in subsequent years does not carry forward unless specifically authorized by the legislature.

(c) For the second year of the fund, an amount equal to the balance carried forward from the first year, plus any legislative appropriation for special project grants, must be reserved for special projects under subdivision 5. This becomes the base funding level for special project grants. The appropriation for the treatment fund must be allocated to counties in proportion to the amount actually paid out of each county's treatment fund allocation in the previous year.

(d) For the third and subsequent years of the fund, the appropriation for the sex offender treatment fund must be allocated to counties in proportion to the previous year's allocations. Any increase or decrease in funding for the sex offender treatment fund must be allocated proportionately among counties.

(e) For the second and subsequent years of the treatment fund, a reduction in the special projects base funding and a corresponding increase in a county's sex offender treatment fund allocation may be made under subdivision 5.

Subd. 5. [SPECIAL PROJECT GRANTS.] The commissioner of corrections shall approve grants to counties for special projects using the money reserved for special projects under subdivision 4, paragraph (c), and any appropriations specifically designated for sex offender treatment special projects. Special project grants may be used to develop new sex offender treatment services or providers, develop or test new treatment methods, educate courts and corrections personnel on treatment programs and methods, address special treatment needs in a particular county, or provide additional funding to counties that demonstrate that their treatment needs cannot be met within their formula allocation under subdivision 4. For the first three years of the fund, highest priority for special project grants must be given to counties that spent less than their allocation under the formula in subdivision 4, paragraph (a), during the previous year; demonstrate a significant need to increase their spending for sex offender treatment; and submit a detailed plan for improving their sex offender treatment system. For these high priority counties, upon successful completion of a special project the commissioner shall increase that county's base allocation under

subdivision 4 for subsequent years by the amount of the special project grant or another amount determined by the commissioner and agreed to by the county as a condition of receiving a special project grant. The base funding level for special projects for the subsequent year must be reduced by the amount of the increase in the county's base allocation. After the third year of the treatment fund, the commissioner may allocate up to 40 percent of the special project grant money to increase the base allocation of treatment fund money for those counties that demonstrate the greatest need to increase funding for sex offender treatment. The base funding level for special projects must be reduced by the amount of the increase in counties' base allocations.

Subd. 6. [COUNTY ADMINISTRATION.] A county may use up to five percent of the money allocated to it under subdivision 4 for administrative costs associated with the sex offender treatment fund, including the costs of assessment and referral of persons for treatment, state administrative and reporting requirements, service development, and other activities directly related to sex offender treatment. Nothing in this section requires a county to spend local money or commit local resources in addition to state money provided under this section, except as provided in subdivisions 7 and 8.

Subd. 7. [MAINTENANCE OF EFFORT.] As a condition of receiving an allocation of money from the sex offender treatment fund under this section, a county must agree not to reduce the level of funding provided for sex offender treatment below the average annual funding level for calendar years 1989, 1990, and 1991.

Subd. 8. [COUNTY MATCH.] The county share of the cost of treatment provided through the sex offender treatment fund is ten percent. By the 15th of each month, a county shall pay to the commissioner of human services the county share of services approved by the county for payment out of the sex offender treatment fund during the previous month, subject to future settle-up based on actual payments made. Payments made under this subdivision may be used to satisfy the maintenance of effort requirement under subdivision 7.

Subd. 9. [ELIGIBILITY OF VENDORS.] To be eligible to receive payment from the sex offender treatment fund, a vendor must be certified by the commissioner of corrections under section 241.67, subdivision 2, paragraph (b), and must comply with billing and reporting requirements established by the commissioner of human services. A county may become certified and approved as a vendor by satisfying the same requirements that apply to other vendors.

Subd. 10. [START-UP GRANTS.] Within the limits of appropriations made specifically for this purpose, the commissioner of corrections shall award grants to counties or providers for the initial start-up costs of establishing new certified, community-based sex

offender treatment programs eligible for reimbursement under the sex offender treatment fund. In awarding the grants, the commissioner shall promote a statewide system of sex offender treatment programs that will provide reasonable geographic access to treatment throughout the state.

Subd. 11. [COORDINATION OF FUNDING FOR SEX OFFENDER TREATMENT.] The commissioners of corrections and human services shall identify all sources of funding for sex offender treatment in the state and develop methods of coordinating funding sources.

Sec. 7. Minnesota Statutes 1991 Supplement, section 245.484, is amended to read:

245.484 [RULES.]

The commissioner shall adopt emergency rules to govern implementation of case management services for eligible children in section 245.4881 and professional home-based family treatment services for medical assistance eligible children, in section 245.4884, subdivision 3, by January 1, 1992, and must adopt permanent rules by January 1, 1993.

The commissioner shall adopt permanent rules as necessary to carry out sections 245.461 to 245.486 and 245.487 to 245.4888. The commissioner shall reassign agency staff as necessary to meet this deadline.

By January 1, 1993, the commissioner shall adopt permanent rules specifying program requirements for family community support services.

Sec. 8. Minnesota Statutes 1990, section 245.4871, is amended by adding a subdivision to read:

Subd. 9a. [CRISIS ASSISTANCE.] "Crisis assistance" means assistance to the child, family, and the child's school in recognizing and resolving a mental health crisis. It shall include, at a minimum, working with the child, family, and school to develop a crisis assistance plan. Crisis assistance does not include services designed to secure the safety of a child who is at risk of abuse or neglect or necessary emergency services.

Sec. 9. Minnesota Statutes 1991 Supplement, section 245.4884, subdivision 1, is amended to read:

Subdivision 1. [AVAILABILITY OF FAMILY COMMUNITY SUPPORT SERVICES.] By July 1, 1991, county boards must provide or contract for sufficient family community support services within the

county to meet the needs of each child with severe emotional disturbance who resides in the county and the child's family. Children or their parents may be required to pay a fee in accordance with section 245.481.

Family community support services must be designed to improve the ability of children with severe emotional disturbance to:

(1) manage basic activities of daily living;

(2) function appropriately in home, school, and community settings;

(3) participate in leisure time or community youth activities;

(4) set goals and plans;

(5) reside with the family in the community;

(6) participate in after-school and summer activities;

(7) make a smooth transition among mental health and education services provided to children; and

(8) make a smooth transition into the adult mental health system as appropriate.

In addition, family community support services must be designed to improve overall family functioning if clinically appropriate to the child's needs, and to reduce the need for and use of placements more intensive, costly, or restrictive both in the number of admissions and lengths of stay than indicated by the child's diagnostic assessment.

The commissioner of human services shall work with mental health professionals to develop standards for clinical supervision of family community support services. These standards shall be incorporated in rule and in guidelines for grants for family community support services.

Sec. 10. Minnesota Statutes 1990, section 254A.14, is amended by adding a subdivision to read:

Subd. 3. [GRANTS FOR TREATMENT OF HIGH-RISK YOUTH.] The commissioner of human services shall award grants on a pilot project basis to develop culturally specific chemical dependency treatment programs for minority and other high-risk youth, including those enrolled in area learning centers, those presently in residential chemical dependency treatment, and youth currently under commitment to the commissioner of corrections or detained under chapter 260. Proposals submitted under this section shall

include an outline of the treatment program components, a description of the target population to be served, and a protocol for evaluating the program outcomes.

Sec. 11. Minnesota Statutes 1990, section 254A.17, subdivision 1, is amended to read:

Subdivision 1. [MATERNAL AND CHILD SERVICE PROGRAMS.] (a) The commissioner shall fund maternal and child health and social service programs designed to improve the health and functioning of children born to mothers using alcohol and controlled substances. Comprehensive programs shall include immediate and ongoing intervention, treatment, and coordination of medical, educational, and social services through a child's preschool years. Programs shall also include research and evaluation to identify methods most effective in improving outcomes among this high-risk population.

(b) The commissioner of human services shall develop models for the treatment of children ages 6 to 12 who are in need of chemical dependency treatment. The commissioner shall fund at least two pilot projects with qualified providers to provide nonresidential treatment for children in this age group. Model programs must include a component to monitor and evaluate treatment outcomes.

Sec. 12. Minnesota Statutes 1990, section 254A.17, is amended by adding a subdivision to read:

Subd. 1a. [PROGRAMS FOR PREGNANT WOMEN AND WOMEN WITH CHILDREN.] Within the limits of funds available, the commissioner of human services shall fund programs providing specialized chemical dependency treatment for pregnant women and women with children. The programs shall provide prenatal care, child care, housing assistance, and other services needed to ensure successful treatment.

Sec. 13. [256.995] [SCHOOL-LINKED SERVICES FOR AT-RISK CHILDREN AND YOUTH.]

Subdivision 1. [PROGRAM ESTABLISHED.] In order to enhance the delivery of needed services to at-risk children and youth and maximize federal funds available for that purpose, the commissioner of human services shall design a statewide program of collaboration between providers of health and social services for children and local school districts, to be financed, to the greatest extent possible, from federal sources. The commissioners of health, education, and public safety shall assist the commissioner of human services in designing the program.

Subd. 2. [AT-RISK CHILDREN AND YOUTH.] The program shall

target at-risk children and youth, defined as individuals, whether or not enrolled in school, who are under 21 years of age and who:

(1) are school dropouts;

(2) have failed in school;

(3) have become pregnant;

(4) are economically disadvantaged;

(12) have experienced homelessness;

(13) have been excluded or expelled from school under sections 127.26 to 127.39; or

(14) have been adjudicated children in need of protection or services.

Subd. 3. [SERVICES.] The program must be designed not to duplicate existing programs, but to enable schools to collaborate with county social service agencies and county health boards and with local public and private providers to assure that at-risk children and youth receive health care, mental health services, family drug and alcohol counseling, and needed social services. Screenings and referrals under this program shall not duplicate screenings under section 123.702.

Subd. 4. [FUNDING.] The program must be designed to take advantage of available federal funding, including the following:

(1) child welfare funds under United States Code, title 42, sections 620-628 (1988) and United States Code, title 42, sections 651-669 (1988);

Subd. 5. [WAIVERS.] The commissioner of human services shall collaborate with the commissioners of education, health, and public safety to seek the federal waivers necessary to secure federal funds for implementing the statewide school-based program mandated by this section. Each commissioner shall amend the state plans for programs specified in subdivision 3, to the extent necessary to ensure the availability of federal funds for the school-based program.

Subd. 6. [PILOT PROJECTS.] Within 90 days of receiving the necessary federal waivers, the commissioner of human services shall implement at least two pilot programs that link health and social services in the schools. One program shall be located in a school district in the seven-county metropolitan area. The other program shall be located in a greater Minnesota school district. The commissioner of human services, in collaboration with the commissioner of education, shall select the pilot programs on a request for proposal basis. The commissioners shall give priority to school districts with some expertise in colocating services for at-risk children and youth. Programs funded under this subdivision must:

(1) involve a plan for collaboration between a school district and at least two local social service or health care agencies to provide services for which federal funds are available to at-risk children or youth;

(4) status of the pilot program development; and

(5) recommendations for statewide implementation of the school-linked services program.

Sec. 14. Minnesota Statutes 1990, section 260.151, subdivision 1, is amended to read:

Subdivision 1. Upon request of the court the county welfare board or probation officer shall investigate the personal and family history and environment of any minor coming within the jurisdiction of the court under section 260.111 and shall report its findings to the court. The court may order any minor coming within its jurisdiction to be examined by a duly qualified physician, psychiatrist, or psychologist appointed by the court.

The court shall have a chemical use assessment conducted when: (1) a child is ~~(1)~~ found to be delinquent for violating a provision of chapter 152, ~~or~~; (2) a child is alleged to be delinquent for violating a provision of chapter 152, if the child is being held in custody under a detention order; or (3) a child has violated a condition of release imposed by the court under section 260.172, subdivision 2c, relating to abstinence from the use of chemicals. The assessor's qualifications and the assessment criteria shall comply with Minnesota Rules, parts 9530.6600 to 9530.6655. If funds under chapter 254B are to be used to pay for the recommended treatment, the assessment and placement must comply with all provisions of Minnesota Rules, parts 9530.6600 to 9530.6655 and 9530.7000 to 9530.7030. The

commissioner of public safety shall reimburse the court for the cost of the chemical use assessment, up to a maximum of $100.

With the consent of the commissioner of corrections and agreement of the county to pay the costs thereof, the court may, by order, place a minor coming within its jurisdiction in an institution maintained by the commissioner for the detention, diagnosis, custody and treatment of persons adjudicated to be delinquent, in order that the condition of the minor be given due consideration in the disposition of the case. Adoption investigations shall be conducted in accordance with the laws relating to adoptions. Any funds received under the provisions of this subdivision shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner of corrections during that period and are hereby appropriated annually to the commissioner of corrections as reimbursement of the costs of providing these services to the juvenile courts.

Sec. 15. [260.152] [MENTAL HEALTH SCREENING OF JUVENILES IN DETENTION.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of human services, in cooperation with the commissioner of corrections, shall establish two pilot projects in counties to reduce the recidivism rates of juvenile offenders, by identifying and treating underlying mental health problems that contribute to delinquent behavior and can be addressed through nonresidential services. At least one of the pilot projects must be in the seven-county metropolitan area and at least one must be in greater Minnesota.

Subd. 2. [PROGRAM COMPONENTS.] The commissioners of corrections and human services shall, in consultation with the Indian affairs council, the council on affairs of Spanish-speaking people, the council on Black Minnesotans, and the council on Asian-Pacific Minnesotans, provide grants to the counties for the pilot projects. The projects shall build upon the existing service capabilities in the community and must include:

(1) screening for mental health problems of all juveniles admitted before adjudication to a secure detention facility as defined in section 260.015, subdivision 16, and any juvenile alleged to be delinquent as that term is defined in section 260.015, subdivision 5, who is admitted to a shelter care facility, as defined in section 260.015, subdivision 17;

(2) referral for mental health assessment of all juveniles for whom the screening indicates a need. This assessment is to be provided by the appropriate mental health professional. If the juvenile is of a minority race or minority ethnic heritage, the mental health professional must be skilled in and knowledgeable about the juvenile's

racial and ethnic heritage, or must consult with a special mental health consultant who has such knowledge so that the assessment is relevant, culturally specific, and sensitive to the juvenile's cultural needs; and

(3) upon completion of the assessment, access to or provision of nonresidential mental health services identified as needed in the assessment.

Subd. 3. [SCREENING TOOL.] The commissioner of human services and the commissioner of corrections shall jointly develop a model screening tool to screen juveniles held in juvenile detention to determine if a mental health assessment is needed. This tool must contain specific questions to identify potential mental health problems. In implementing a pilot project, a county must either use this model tool or another screening tool approved by the commissioner of human services which meets the requirements of this section.

Subd. 4. [PROGRAM REQUIREMENTS.] To receive funds, the county program proposal shall be a joint proposal with all affected local agencies, resulting in part from consultation with the local coordinating council established under section 245.4873, subdivision 3, and the local mental health advisory council established under section 245.4875, subdivision 5, and shall contain the following:

(1) evidence of interagency collaboration by all publicly funded agencies serving juveniles with emotional disturbances, including evidence of consultation with the agencies listed in this section;

(2) a signed agreement by the local court services and local mental health and county social service agencies to work together on the following: development of a program; development of written interagency agreements and protocols to ensure that the mental health needs of juvenile offenders are identified, addressed, and treated; and development of a procedure for joint evaluation of the program;

(3) a description of existing services that will be used in this program;

(4) a description of additional services that will be developed with program funds, including estimated costs and numbers of juveniles to be served; and

(5) assurances that funds received by a county under this section will not be used to supplant existing mental health funding for which the juvenile is eligible.

The commissioner of human services and the commissioner of corrections shall jointly determine the application form, information

needed, deadline for application, criteria for awards, and a process for providing technical assistance and training to counties. The technical assistance shall include information about programs that have been successful in reducing recidivism by juvenile offenders.

Subd. 5. [INTERAGENCY AGREEMENTS.] To receive funds, the county must agree to develop written interagency agreements between local court services agencies and local county mental health agencies within six months of receiving the initial program funds. These agreements shall include a description of each local agency's responsibilities, with a detailed assignment of the tasks necessary to implement the program. The agreement shall state how they will comply with the confidentiality requirements of the participating local agencies.

Subd. 6. [EVALUATION.] The commissioner of human services and the commissioner of corrections shall, in consultation with the Indian affairs council, the council on affairs of Spanish-speaking people, the council on Black Minnesotans, and the council on Asian-Pacific Minnesotans, develop systems and procedures for evaluating the pilot projects. The departments must develop an interagency management information system to track juveniles who receive mental health and chemical dependency services. The system must be designed to meet the information needs of the agencies involved and to provide a basis for evaluating outcome data. The system must be designed to track the mental health treatment of juveniles released from custody and to improve the planning, delivery, and evaluation of services and increase interagency collaboration. The evaluation protocol must be designed to measure the impact of the program on juvenile recidivism, school performance, and state and county budgets.

Subd. 7. [REPORT.] On January 1, 1994, and annually after that, the commissioner of corrections and the commissioner of human services shall present a joint report to the legislature on the pilot projects funded under this section. The report shall include information on the following:

(1) the number of juvenile offenders screened and assessed;

(2) the number of juveniles referred for mental health services, the types of services provided, and the costs;

(3) the number of subsequently adjudicated juveniles that received mental health services under this program; and

(4) the estimated cost savings of the program and the impact on crime.

Sec. 16. Minnesota Statutes 1990, section 260.172, is amended by adding a subdivision to read:

Subd. 2c. [CONDITIONS OF RELEASE.] If the court releases from detention a child alleged to have committed a delinquent act, the court may impose reasonable conditions of release on the child including, but not limited to, a requirement that the child abstain from the use of alcohol and drugs. If the child violates a condition of release requiring abstinence from the use of chemicals, the court shall order a chemical use assessment as provided in section 260.151, subdivision 1.

Sec. 17. Minnesota Statutes 1990, section 260.185, subdivision 1, is amended to read:

Subdivision 1. If the court finds that the child is delinquent, it shall enter an order making any of the following dispositions of the case which are deemed necessary to the rehabilitation of the child:

(a) Counsel the child or the parents, guardian, or custodian;

(b) Place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court including reasonable rules for the child's conduct and the conduct of the child's parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child, or with the consent of the commissioner of corrections, in a group foster care facility which is under the management and supervision of said commissioner;

(c) Subject to the supervision of the court, transfer legal custody of the child to one of the following:

(1) a child placing agency; or

(2) the county welfare board; or

(3) a reputable individual of good moral character. No person may receive custody of two or more unrelated children unless licensed as a residential facility pursuant to sections 245A.01 to 245A.16; or

(4) a county home school, if the county maintains a home school or enters into an agreement with a county home school; or

(5) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(d) Transfer legal custody by commitment to the commissioner of corrections;

(e) If the child is found to have violated a state or local law or ordinance which has resulted in damage to the person or property of another, the court may order the child to make reasonable restitution for such damage;

(f) Require the child to pay a fine of up to $700; the court shall order payment of the fine in accordance with a time payment schedule which shall not impose an undue financial hardship on the child;

(g) If the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails to provide this treatment or care, the court may order it provided;

(h) If the court believes that it is in the best interests of the child and of public safety that the driver's license of the child be canceled until the child's 18th birthday, the court may recommend to the commissioner of public safety the cancellation of the child's license for any period up to the child's 18th birthday, and the commissioner is hereby authorized to cancel such license without a hearing. At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize.

If the child is petitioned and found by the court to have committed or attempted to commit an act in violation of section 609.342, 609.343, 609.344, or 609.345, the court shall order an independent professional assessment of the child's need for sex offender treatment. An assessor providing an assessment for the court may not have any direct or shared financial interest or referral relationship resulting in shared financial gain with a treatment provider. If the assessment indicates that the child is in need of and amenable to sex offender treatment, the court shall include in its disposition order a requirement that the child undergo treatment.

If the child is found delinquent due to the commission of an offense that would be a felony if committed by an adult, the court shall make a specific finding on the record regarding the juvenile's mental health and chemical dependency treatment needs.

Any order for a disposition authorized under this section shall contain written findings of fact to support the disposition ordered, and shall also set forth in writing the following information:

(a) why the best interests of the child are served by the disposition ordered; and

(b) what alternative dispositions were considered by the court and why such dispositions were not appropriate in the instant case.

Sec. 18. Minnesota Statutes 1991 Supplement, section 299A.30, subdivision 2, is amended to read:

Subd. 2. [DUTIES.] (a) The assistant commissioner shall gather and make available information on prevention and supply reduction activities throughout the state, foster cooperation among involved state and local agencies, and assist agencies and public officials in training and other programs designed to improve the effectiveness of prevention and supply reduction activities.

(b) The assistant commissioner shall coordinate the distribution of funds received by the state of Minnesota through the federal Anti-Drug Abuse Act. Page 227, after line 13, insert:

"Sec. 40. [256.046] [ADMINISTRATIVE FRAUD DISQUALIFICATION HEARINGS.]

Subdivision 1. [HEARING AUTHORITY.] A local agency may initiate an administrative fraud disqualification hearing for individuals accused of wrongfully obtaining assistance or intentional program violations in the aid to families with dependent children or food stamp programs. The hearing is subject to the requirements of section 256.045 and the requirements in Code of Federal Regulations, title 7, section 273.16, for the food stamp program and title 45,

section 235.112, for the aid to families with dependent children program.

Subd. 2. [COMBINED HEARING.] The referee may combine a fair hearing and administrative fraud disqualification hearing into a single hearing if the factual issues arise out of the same, or related, circumstances and the individual receives prior notice that the hearings will be combined. If the administrative fraud disqualification hearing and fair hearing are combined, the time frames for administrative fraud disqualification hearings set forth in Code of Federal Regulations, title 7, section 273.16, and title 45, section 235.112, apply. If the individual accused of wrongfully obtaining assistance is charged under section 256.98 for the same act or acts which are the subject of the hearing, the individual may request that the hearing be delayed until the criminal charge is decided by the court or withdrawn.

Subd. 3. [PROSECURORIAL DISCRETION.]

Nothing in this subdivision shall limit the discretion of a county attorney to initiate a criminal prosecution where such action is deemed appropriate.

Sec. 41. Minnesota Statutes 1990, section 256.12, is amended by adding a subdivision to read:

Subd. 23. [IN-KIND INCOME.] "In-kind income," as used in sections 256.72 to 256.87, means income, benefits, or payments provided in a form other than money or liquid assets. In-kind income includes goods, produce, services, privileges, or payments on behalf of a person by a third party. Retirement Survivors and Disability Insurance (RSDI) benefits of an applicant or recipient, paid to a representative payee, and spent on behalf of the applicant or recipient, are not in-kind income, but are considered available income of the applicant or recipient."

"Sec. 48. Minnesota Statutes 1991 Supplement, section 256.98, subdivision 8, is amended to read:

Subd. 8. [DISQUALIFICATION FROM PROGRAM.] Any person found to be guilty of wrongfully obtaining assistance by a federal or state court or by an administrative hearing determination, in either the aid to families with dependent children program or the food stamp program, shall be disqualified from that program. The needs of that individual shall not be taken into consideration in determining the grant level for that assistance unit:

(1) for six months after the first ~~conviction~~ offense;

(2) for 12 months after the second ~~conviction~~ offense; and

(3) permanently after the third or subsequent ~~conviction~~ offense.

Any period for which sanctions are imposed is effective, without possibility of administrative stay, until the findings upon which the sanctions were imposed are reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved. When the disqualified individual is a caretaker relative, the remainder of the aid to families with dependent children grant payable to the other eligible assistance unit members must be provided in the form of protective payments. These payments may be made to the disqualified individual only if, after reasonable efforts, the county agency documents that it cannot locate an appropriate protective payee. Protective payments must continue until the disqualification period ends.

Page 54, after line 35, insert:

"Sec. 66. [SALARY FREEZE.]

(a) The salary of a public employee may not be increased during the time periods indicated in paragraphs (b), (c) and (d). For purposes of this section, "public employee" means any person employed by a public employer, as defined in Minnesota Statutes, chapter 179A. The term also includes legislators, judges, and constitutional officers, and their employees. For purposes of this section "salary" includes, but is not necessarily limited to, across-the-board increases, step or lane increases, performance-based increases, and lump-sum payments.

(b) The salary of an employee who is covered by a collective bargaining agreement on the effective date of this section may not be increased during the two-year period immediately after the expiration date of the current collective bargaining agreement. A current agreement may not be renegotiated to provide additional salary increases during its term.

(c) The salary of an employee who is not covered by a collective bargaining agreement on the effective date of this section may not be increased during the period in which increases are prohibited for represented employees of the same employer. A salary of such an employee may not be increased after the effective date of this section and before the freeze period, except to the extent that similar increases are granted to comparable represented employees of the same employer. If the employer has no represented employees, a salary may not be increased for two years after the effective date of this section.

(d) The salary of legislators, judges, and constitutional officers may not be increased until January, 1995.

(e) This section supersedes Minnesota Statutes, chapters 15A, 43A, 179A, Laws 1991, chapter 345, and any other law to the contrary. No contract or arbitration award may provide a salary increase in conflict with this section."

"Sec. 113. Minnesota Statutes 1991 Supplement, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) Each person or family whose income and resources are less than the standard of assistance established by the commissioner and who is a resident of the state shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is: (a) diagnosed by a licensed physician, licensed psychologist, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment; or (b) certified by a qualified professional as exhibiting perceptible symptoms of mental illness and is not eligible under clause (1) or (3) because the mental illness interferes with diagnosis and professional certification of the illness, and the person cooperates with plans developed by the county agency to address the illness;

(6) a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(7) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(8) a person ~~who, following participation in the work readiness program, completion of an individualized employability assessment by the work readiness service provider, and consultation between the county agency and the work readiness service provider, the county agency determines is not employable. For purposes of this item, a person is considered employable if the county agency determines that there exist positions of employment in the local labor market, regardless of the current availability of openings for those positions, that the person is capable of performing. Eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility~~ over age 18 whose primary language is not English and who is attending high school at least half-time;

(9) a person who is determined by the county agency, in accordance with emergency and permanent rules adopted by the commissioner, to be learning disabled, provided that if a rehabilitation plan

for the person is developed or approved by the county agency, the person is following the plan;

(10) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the county agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the county agency. For purposes of this clause, "legally emancipated" means a person under the age of 18 years who: (i) has been married; (ii) is on active duty in the uniformed services of the United States; (iii) has been emancipated by a court of competent jurisdiction; or (iv) is otherwise considered emancipated under Minnesota law, and for whom county social services has not determined that a social services case plan is necessary, for reasons other than that the child has failed or refuses to cooperate with the county agency in developing the plan. A child eligible under this clause who has not graduated from high school or received a general equivalency diploma must be enrolled in and attending high school if an educational option leading to a high school diploma exists. Failure to attend school without good cause will result in disqualification from general assistance as provided in section 256D.051;

(11) a woman in the last trimester of pregnancy who does not qualify for aid to families with dependent children. A woman who is in the last trimester of pregnancy who is currently receiving aid to families with dependent children may be granted emergency general assistance to meet emergency needs;

(12) a person who is eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(13) a person who ~~lives more than two hours round trip traveling time from any potential suitable employment; and~~ within the last 12 months has been assessed under Minnesota Rules, parts 9530.6600 to 9530.6655, to be drug dependent and, except for the limitation on the number of days spent in extended care in the past 24 months, determined to meet the criteria for placement in extended care under Minnesota Rules, part 9530.6640;

(14) a person who is involved with protective or court-ordered services that prevent the applicant or recipient from working at least four hours per day; and

(15) a family as defined in section 256D.02, subdivision 5, which is ineligible for the aid to families with dependent children program. If all children in the family are six years of age or older, or if suitable

child care is available for children under age six at no cost to the family, all the adult members of the family must register for and cooperate in the ~~work readiness~~ .... program under section 256D.051. If one or more of the children is under the age of six and suitable child care is not available without cost to the family, all the adult members except one adult member must register for and cooperate with the ~~work readiness~~ .... program under section 256D.051. The adult member who must participate in the ~~work readiness~~ ..... program is the one having earned the greater of the incomes, excluding in-kind income, during the 24-month period immediately preceding the month of application for assistance. When there are no earnings or when earnings are identical for each adult, the applicant must designate the adult who must participate in ~~work readiness~~ ..... program and that designation must not be transferred or changed after program eligibility is determined as long as program eligibility continues without an interruption of 30 days or more. ~~The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant.~~ If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's needs into account in making the grant determination as provided by the termination provisions of section 256D.051, ~~subdivision 1a, paragraph (b). The time limits of section 256D.051, subdivision 1, do not apply to persons eligible under this clause~~.

(b) Persons or families who are not state residents but who are otherwise eligible for general assistance may receive emergency general assistance to meet emergency needs.

(c) As a condition of eligibility under paragraph (a), clauses (1), (3), (5), ~~(8)~~ (6), ~~and~~ (9), and (13), the recipient must complete an interim assistance agreement and must apply for other maintenance benefits as specified in section 256D.06, subdivision 5, and must comply with efforts to determine the recipient's eligibility for those other maintenance benefits.

(d) The burden of providing documentation for a county agency to use to verify eligibility for general assistance ~~or work readiness~~ is upon the applicant or recipient. The county agency shall use documents already in its possession to verify eligibility, and shall help the applicant or recipient obtain other existing verification necessary to determine eligibility which the applicant or recipient does not have and is unable to obtain.

(e) The county agency shall inform recipients terminated from assistance when the work readiness program ends and new applicants determined ineligible for general assistance due to not meeting a category of eligibility of the existence of the ..... program, the

services it provides, and the address and telephone number of the local office.

Sec. 114. Minnesota Statutes 1991 Supplement, section 256D.05, subdivision 6, is amended to read:

Subd. 6. [ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.] (a) For applicants or recipients of general assistance, or emergency general assistance, ~~or work readiness assistance~~ who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment. Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; and

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) Notwithstanding the provisions of section 256D.06, subdivision 1, if the county agency elects to provide assistance on a weekly payment basis, the agency may not provide assistance for a period during which no need is claimed by the individual unless the individual has good cause for failing to claim need. The individual must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance that is withheld because the individual failed to claim need without good cause.

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

Sec. 115. Minnesota Statutes 1990, section 256D.05, is amended by adding a subdivision to read:

Subd. 8. [PERSONS INELIGIBLE.] (a) Each undocumented alien and nonimmigrant is ineligible for general assistance or emergency general assistance benefits. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who has come to, entered, or remains in the United States in violation of law and not under color of law.

(b) For the five-year period beginning on the date when lawful temporary resident status was granted under United States Code, title 8, section 1255a, each alien granted lawful temporary residence status is ineligible for general assistance or emergency general assistance benefits. (c) This subdivision does not apply to a child under age 18, a Cuban or Haitian entrant as defined in Public Law Number 96-722, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

Sec. 116. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 3, is amended to read:

(1) ~~cooperate with the county agency in all aspects of the work readiness~~ participate in and cooperate with the ..... program;

(2) accept any suitable employment, including employment offered through the job training partnership act, and other employment and training options; and

(3) participate in ~~work readiness~~ ..... program activities assigned by the ~~county agency~~ ..... program service provider. The county agency may terminate assistance to a ~~registrant~~ recipient who fails to cooperate in the ~~work readiness~~ ..... program, as provided in subdivision ~~1a~~ 13a.

Sec. 117. Minnesota Statutes 1990, section 256D.051, subdivision 3b, is amended to read:

Subd. 3b. [~~WORK READINESS PARTICIPATION~~ SCHOOL ATTENDANCE REQUIREMENTS.] ~~A work readiness registrant meets the work readiness participation requirements if the registrant:~~

~~(1) completes the specific tasks or assigned duties that were identified by the county agency in the notice required under section 256D.101, subdivision 1, paragraph (a); and~~

~~(2) meets the requirements in subdivisions 3 and 8.~~ A recipient required to attend high school under the provisions of section 256D.05, subdivision 1, clause (10), shall be determined to be attending school if the person meets the school's attendance requirements. The recipient is considered to be attending school when the recipient is enrolled but school is not in regular session, including holidays and summer breaks. The county agency must verify school attendance through quarterly contacts with the school. Prior to utilizing the disqualification procedures in subdivision 13a, the county agency must meet with the recipient and school personnel to determine if the recipient had good cause for failing to attend school and to determine if the recipient faces barriers to school attendance. If the county determines the recipient has failed without good cause to attend school, the recipient shall be disqualified from general assistance under the provisions of subdivision 13a.

Sec. 118. Minnesota Statutes 1991 Supplement, section 256D.051, subdivision 8, is amended to read:

Subd. 8. [VOLUNTARY QUIT.] A person who is required to participate in ~~work readiness~~ .... program services is not eligible for general assistance ~~or work readiness~~ payments ~~or services~~ if, without good cause, the person refuses a legitimate offer of, or quits, suitable employment within 60 days before the date of application. A person who is required to participate in ~~work readiness~~ .... program services and, without good cause, voluntarily quits suitable employment or refuses a legitimate offer of suitable employment while receiving general assistance ~~or work readiness~~ payments ~~or services~~ shall be terminated from the general assistance ~~or work readiness~~ program as specified in subdivision ~~1a~~ 13a.

Sec. 119. Minnesota Statutes 1990, section 256D.051, subdivision 13, is amended to read:

Subd. 13. [RIGHT TO NOTICE AND HEARING.] (a) The county agency shall provide notice and opportunity for hearings ~~as required~~ for persons who must be disqualified under this section according to section ~~256D.101, for adverse actions based on a determination that a recipient has failed to participate in work readiness activities, or 256D.10 for all other adverse actions. A determination made under subdivision 1, that a person is not eligible for general assistance is a denial of general assistance for purposes of notice, appeal, and~~

~~hearing requirements. The county agency must notify the person that this determination will result in a requirement that the person participate in the work readiness program as a condition of receiving assistance~~ 256D.10.

Sec. 120. Minnesota Statutes 1990, section 256D.051, is amended by adding a subdivision to read:

Subd. 13a. [DISQUALIFICATION PROCEDURES.] The .... program service provider shall determine if a general assistance recipient who is a mandatory participant in the .... program has, without good cause, failed to participate or cooperate with program requirements, or has quit or refused to accept suitable employment while participating in the program, and shall promptly notify the county agency of the determination. Such determination is binding upon the county agency. When the county agency is notified that a mandatory recipient has, without good cause, failed to participate in or comply with the .... program or has quit or refused to accept suitable employment while participating in the program, and when the county determines that a mandatory recipient has, without good cause, failed to attend high school under the provisions of subdivision 3b, the county shall disqualify the recipient from general assistance. The period of disqualification shall be two months, beginning with the first day of the first month in which the disqualification is imposed following timely notice. 256D.065 [GENERAL ASSISTANCE ~~AND WORK READINESS~~ PAYMENTS FOR NEW RESIDENTS.]

Notwithstanding any other provisions of sections 256D.01 to 256D.21, otherwise eligible applicants without minor children, who have been residing in the state less than six months, shall be granted general assistance ~~and work readiness~~ payments in an amount that, when added to the nonexempt income actually available to the applicant, shall equal 60 percent of the amount that the applicant would be eligible to receive under section 256D.06, subdivision 1. A person may receive benefits in excess of this amount, equal to the lesser of the benefits actually received in the last state of residence or the maximum benefits allowable under section 256D.06, subdivision 1. To receive the higher benefit amount, the

person must provide verification of the amount of assistance received in the last state of residence. Nonexempt income is the income considered available under Minnesota Rules, parts 9500.1200 to 9500.1270.

Sec. 122. Minnesota Statutes 1990, section 256D.09, subdivision 2a, is amended to read:

Subd. 2a. [REPRESENTATIVE PAYEE.] Notwithstanding subdivision 1, the commissioner shall adopt rules, and may adopt emergency rules, governing the assignment of a representative payee and management of the general assistance ~~or work readiness assistance~~ grant of a drug dependent person as defined in section 254A.02, subdivision 5. The representative payee is responsible for deciding how the drug dependent person's benefits can best be used to meet that person's needs. The determination of drug dependency must be made by an assessor qualified under Minnesota Rules, part 9530.6615, subpart 2, to perform an assessment of chemical use. Upon receipt of the assessor's determination of drug dependency, the county shall determine whether a representative payee will be assigned to manage the person's benefits. The chemical use assessment, the decision to refer a person for the assessment, and the county determination of whether a representative payee will be assigned are subject to the administrative and judicial review provisions of section 256.045. However, notwithstanding any provision of section 256.045 to the contrary, an applicant or recipient who is referred for an assessment and is otherwise eligible to receive a general assistance ~~or work readiness~~ benefit, may only be provided with emergency general assistance or vendor payments pending the outcome of an administrative or judicial review. If, at the time of application or at any other time, there is a reasonable basis for questioning whether a person is drug dependent, the person may be referred for a chemical health assessment, and only emergency assistance payments or general assistance vendor payments may be provided until the assessment is complete and the results of the assessment made available to the county agency. A reasonable basis for questioning whether a person is drug dependent exists when:

(1) the person has required detoxification two or more times in the past 12 months;

(2) the person appears intoxicated at the county agency as indicated by two or more of the following:

(i) the odor of alcohol;

(ii) slurred speech;

(iii) disconjugate gaze;

(iv) impaired balance;

(v) difficulty remaining awake;

(vi) consumption of alcohol;

(vii) responding to sights or sounds that are not actually present;

(viii) extreme restlessness, fast speech, or unusual belligerence;

(3) the person has been involuntarily committed for drug dependency at least once in the past 12 months; or

(4) the person has received treatment, including domiciliary care, for drug abuse or dependency at least twice in the past 12 months.

The assignment to representative payee status must be reviewed at least every 12 months. The county agency shall designate the representative payee after consultation with the recipient. The county agency shall select the representative payee from appropriate individuals, or public or nonprofit agencies, including those suggested by the recipient, but the county agency's designation of representative payee prevails, subject to the administrative and judicial review provisions of section 256.045.

The commissioner of jobs and training shall design the program to provide, to the extent possible, employment or employment-related training that will enable recipients to become self-supporting. A recipient shall be eligible for general assistance medical care during the term of the grant diversion contract to the extent that medical care coverage is not provided by the employer. Any rule adopted by the commissioner of jobs and training:

(a) shall require the county agencies to administer and deliver the grant diversions directly or to contract for the delivery of the program according to section 268.871;

(b) shall require that ~~grants or work readiness assistance~~ grant

(c) shall determine the amount of the grant ~~or work readiness assistance~~ payment to be paid to the employer and the term of the grant diversion contract;

(d) shall establish standards to ensure that recipients hired pursuant to grant diversion contracts do not displace other workers;

(e) shall provide for the amount of the wage to be paid to the recipient, which shall not be less than the minimum wage and shall be the usual and customary wage for comparable jobs with the employers;

(f) shall require that the job provide sufficient hours of work each month to provide a net monthly wage equal to or exceeding the difference between the amount of the grant ~~or work readiness assistance~~ payment retained by the recipient and 150 percent of the recipient's monthly grant ~~or work readiness assistance~~ payment standard if the recipient were not employed; and

(g) may establish other terms and conditions for the operation of the grant diversion process.

	(iv)	Reasonable Pension Deductions
*Standard Deductions apply—use of tax tables recommended	(v)	Union Dues
	(vi)	Cost of Dependent Health Insurance Coverage

(vii) Cost of Individual or Group Health/ Hospitalization Coverage or an Amount for Actual Medical Expenses

(viii) A Child Support or Maintenance Order that is Currently Being Paid.

"Net income" does not include:

(1) the income of the obligor's spouse, but does include in-kind payments received by the obligor in the course of employment, self-employment, or operation of a business if the payments reduce the obligor's living expenses; or

(2) compensation received by a party for employment in excess of a 40-hour work week, provided that:

(i) support is nonetheless ordered in an amount at least equal to the guidelines amount based on income not excluded under this clause; and

(ii) the party demonstrates, and the court finds, that:

(A) the excess employment began after the filing of the petition for dissolution;

(B) the excess employment reflects an increase in the work schedule or hours worked over that of the two years immediately preceding the filing of the petition;

(C) the excess employment is voluntary and not a condition of employment;

(D) the excess employment is in the nature of additional, part-time or overtime employment compensable by the hour or fraction of an hour; and

(E) the party's compensation structure has not been changed for the purpose of affecting a support or maintenance obligation.

(b) In addition to the child support guidelines, the court shall take into consideration the following factors in setting or modifying child support:

(1) all earnings, income, and resources of the parents, including real and personal property, but excluding income from excess

employment of the obligor or obligee that meets the criteria of paragraph (a), clause (2)(ii);

(2) the financial needs and resources, physical and emotional condition, and educational needs of the child or children to be supported;

(3) the standards of living the child would have enjoyed had the marriage not been dissolved, but recognizing that the parents now have separate households;

(4) the amount of the aid to families with dependent children grant for the child or children;

(5) which parent receives the income taxation dependency exemption and what financial benefit the parent receives from it; and

(6) the parents' debts as provided in paragraph (c).

(c) In establishing or modifying a support obligation, the court may consider debts owed to private creditors, but only if:

(1) the right to support has not been assigned under section 256.74;

(2) the court determines that the debt was reasonably incurred for necessary support of the child or parent or for the necessary generation of income. If the debt was incurred for the necessary generation of income, the court shall consider only the amount of debt that is essential to the continuing generation of income; and

(3) the party requesting a departure produces a sworn schedule of the debts, with supporting documentation, showing goods or services purchased, the recipient of them, the amount of the original debt, the outstanding balance, the monthly payment, and the number of months until the debt will be fully paid.

(d) Any schedule prepared under paragraph (c), clause (3), shall contain a statement that the debt will be fully paid after the number of months shown in the schedule, barring emergencies beyond the party's control.

(e) Any further departure below the guidelines that is based on a consideration of debts owed to private creditors shall not exceed 18 months in duration, after which the support shall increase automatically to the level ordered by the court. Nothing in this section shall be construed to prohibit one or more step increases in support to reflect debt retirement during the 18-month period.

(f) Where payment of debt is ordered pursuant to this section, the payment shall be ordered to be in the nature of child support.

If there is an existing child support order or maintenance order in the nature of child support, and after that order the obligor becomes the natural or adoptive parent of another child or children, the previous support or maintenance order may be reduced to assure that all the obligor's children are treated equally.

(g) Nothing shall preclude the court from receiving evidence on the above factors to determine if the guidelines should be exceeded or modified in a particular case.

(h) The guidelines in this subdivision are a rebuttable presumption and shall be used in all cases when establishing or modifying child support. If the court does not deviate from the guidelines, the court shall make written findings concerning the amount of the obligor's income used as the basis for the guidelines calculation and any other significant evidentiary factors affecting the determination of child support. If the court deviates from the guidelines, the court shall make written findings giving the reasons for the deviation and shall specifically address the criteria in paragraph (b) and how the deviation serves the best interest of the child. The provisions of this paragraph apply whether or not the parties are each represented by independent counsel and have entered into a written agreement. The court shall review stipulations presented to it for conformity to the guidelines and the court is not required to conduct a hearing, but the parties shall provide the documentation of earnings required under subdivision 5b."

Carlson, Dorn, Limmer, Morrison, Brown, Haukoos and Bertram moved to amend H. F. No. 2694, the first engrossment, as amended, as follows:

Page 6, after line 47, insert:

"Sec. 8. [16A.645] [COLLEGE SAVINGS BONDS.]

Subdivision 1. [ESTABLISHMENT OF PROGRAM.] The commissioner of finance, in consultation with the higher education coordinating board, shall establish a college savings bond program to encourage individuals to save for higher education costs by investing

in state general obligation bonds. The program consists of (1) issuing a portion of the state general obligation bonds in zero coupon form and in denominations and maturities that will be attractive to individuals saving to pay for higher education costs, and (2) developing a program for marketing the bonds to investors who are saving to pay for higher education costs. The commissioner of finance may designate all or a portion of each state general obligation bond sale as "college savings bonds."

Subd. 2. [DENOMINATIONS; MATURITIES.] The commissioner shall determine the appropriate denominations and maturities for college savings bonds. It is the intent of the legislature to make bonds available in as small denominations as is feasible given the costs of marketing and administering the bond issue. Minimum denominations of $1,000 must be made available. The minimum denomination bonds need not be made available for bonds of all maturities. For purposes of this section, "denomination" means the compounded maturity amount of the bond.

Subd. 3. [DIRECT SALE PERMITTED.] Notwithstanding the provisions of section 9, subdivision 5, the commissioner may sell any series of college savings bonds directly to the public or to financial institutions for prompt resale to the public upon the terms and conditions and the restrictions the commissioner prescribes. The commissioner may enter into all contracts deemed necessary or desirable to accomplish the sale in a cost effective manner, but the commissioner may contract for investment banking and banking services only after receiving competitive proposals for the services.

Subd. 4. [MARKETING PLAN.] The commissioner and the higher education coordinating board shall develop a plan for marketing college savings bonds. The marketing program must include appropriate disclosures to potential buyers, including information on the types of savers for whom long-term, tax-exempt bonds may not be appropriate investments.

The plan must include strategies to:

(1) inform parents and relatives about the availability of the bonds;

(2) take orders for the bonds;

(3) target the sale of the bonds to Minnesota residents, especially parents and relatives of children who are likely to seek higher education;

(4) ensure that purchase of the bonds by corporations will not prevent individuals and relatives of future students from buying them; and

(5) market the bonds at the lowest cost to the state.

Subd. 5. [EFFECT ON STUDENT GRANTS.] The first $25,000 of college savings bonds purchased for the benefit of a student must not be considered in determining the financial need of an applicant for the state grant program under section 136A.121.

Sec. 9. [16A.646] [ZERO COUPON BONDS.]

Subdivision 1. [AUTHORITY TO ISSUE.] When authorized by law to issue state general obligation bonds, the commissioner may issue all or part of the bonds as serial maturity bonds or as zero coupon bonds or a combination of the two.

Subd. 2. [DEFINITIONS.] For purposes of this section and section 8, the following terms have the meanings given them.

(a) "Compounded maturity" means the amount of principal and interest payable at maturity on zero coupon bonds.

(b) "Serial maturity bonds" means bonds maturing on a specified day in two or more consecutive years and bearing interest at a specified rate payable periodically to maturity or prior redemption.

(c) "Zero coupon bonds" means bonds in a stated principal amount, maturing on a specified date or dates, and bearing interest that accrues and compounds to and is payable only at maturity or upon prior redemption of the bonds.

Subd. 3. [METHOD OF SALE; PRINCIPAL AMOUNT.] Except as otherwise provided by this section or section 8, any series of bonds including zero coupon bonds must be issued and sold under the provisions of section 16A.641. The stated principal amount of zero coupon bonds must be used to determine the principal amount of bonds issued under the laws authorizing issuance of state general obligation bonds.

Subd. 4. [SINKING FUND.] The commissioner's order authorizing the issuance of zero coupon bonds shall establish a separate sinking fund account for the zero coupon bonds in the state bond fund. There is annually appropriated from the general fund to each zero coupon bond account, beginning in the year in which the zero coupon bonds are issued, an amount not less than the sum of:

(1) the total stated principal amount of the zero coupon bonds that would have matured from their date of issue to and including the second July 1 following the transfer of appropriated money, if the bonds matured serially in an equal principal amount in each year during their term and in the same month as their stated maturity date; plus

(2) the total amount of interest accruing on the stated principal amount of the bonds and on interest previously accrued, from the bonds' date of issue to and including the second July 1 following the transfer of appropriated money; less

(3) the amount in the sinking fund account for the payment of the compounded maturity amount of the bonds, including interest earnings on amounts in the account. This appropriation is in lieu of all other appropriations made with respect to zero coupon bonds. The appropriated amounts must be transferred from the general fund to the sinking fund account in the state bond fund by December 1 of each year.

Subd. 5. [SALE.] Except as otherwise provided in section 8, zero coupon bonds, or a series of bonds including zero coupon bonds, must be sold at public sale at price not less than 98 percent of their stated principal amount. No state trunk highway bond may be sold for a price of less than par and accrued interest."

(i) if treatment is likely to continue longer than six months after the date the claim is filed and the cost of the additional treatment will exceed $1,500, or if the total cost of treatment in any case will exceed $4,000, the provider shall first submit to the board a plan which includes the measurable treatment goals, the estimated cost of the treatment, and the estimated date of completion of the treatment. (4) reasonable expenses incurred for substitute child care and household services to replace those which the victim would have performed for the benefit of dependents if the victim had lived.

Claims for loss of support for minor children made under clause (3) must be paid for three years or until the child reaches 18 years old, whichever is the shorter period. After three years, if the child is less than 18 years old a claim for loss of support may be resubmitted to the board, and the board shall evaluate the claim giving consideration to the child's financial need and to the availability of funds to the board.

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following terms have the meanings given.

(b) "First degree murder" means murder in the first degree as defined in section 609.185.

(c) "Heinous crime" means a violation of section 609.185, 609.19, 609.195, or a violation of section 609.342 or 609.343 if the offense was committed with force or violence.

Subd. 2. [EXCLUDING DEATH SENTENCE.] When a defendant is found guilty of first degree murder, and the defendant has one or

more previous convictions for a heinous crime, the court shall impose a sentence other than that of death if it is satisfied that:

(1) none of the aggravating circumstances listed in subdivision 4 was established by the evidence at the trial or will be established at a sentencing proceeding under subdivision 3;

(2) substantial mitigating circumstances, established by the evidence at the trial, call for leniency;

(3) the defendant, with the consent of the prosecuting attorney and the approval of the court, pleaded guilty to murder with life imprisonment or a lesser sentence as the maximum term;

(4) the defendant was under 18 years of age at the time of the commission of the crime;

(5) the defendant's physical or mental condition calls for leniency; or

(6) although the evidence is sufficient to sustain the verdict, it does not foreclose all doubt about the defendant's guilt.

Subd. 3. [SEPARATE SENTENCING PROCEEDING TO DETERMINE IF DEATH PENALTY WARRANTED.] (a) When a defendant is convicted of first degree murder, and the defendant has one or more previous convictions for a heinous crime, the court shall conduct a separate proceeding to determine whether the defendant should be sentenced to death or to a sentence other than death as required by law, unless the court imposes a sentence under subdivision 2. The proceeding must be conducted before the court alone if the defendant was convicted by a court sitting without a jury, if the defendant pleaded guilty, or if the prosecuting attorney and the defendant waive a jury with respect to sentence. In other cases it must be conducted before the court sitting with the jury that determined the defendant's guilt or, if the court for good cause shown discharges that jury, with a new jury impaneled for the purpose.

(b) In the proceeding, evidence may be presented about any matter that the court considers relevant to sentence, including the nature and circumstances of the crime, the defendant's character, background, history, mental and physical condition, and any of the aggravating or mitigating circumstances listed in subdivisions 4 and 5. Any evidence relevant to the sentence, not legally privileged, that the court considers to have probative force, may be received, regardless of its admissibility under the exclusionary rules of evidence. The defendant's counsel must be given a fair opportunity to rebut the evidence. The prosecuting attorney and the defendant or defendant's counsel must be permitted to present argument for or against a sentence of death.

Subd. 4. [AGGRAVATING CIRCUMSTANCES.] (a) In this subdivision, "involved in" means engaged in committing a crime or attempting to commit a crime, acting as an accomplice in a crime or an attempt at a crime, or fleeing after committing or attempting to commit a crime.

(b) "Aggravating circumstances" are limited to the following:

(1) the victim of the murder was a public safety officer, as defined in section 299A.41, subdivision 4;

(2) the victim was under the age of 12 years and had a past history of physical or sexual abuse by the defendant, as defined in section 626.556, subdivision 2;

(3) the defendant was being held in lawful custody at the time of the murder;

(4) the murder was committed while the defendant was involved in criminal sexual conduct in the first degree by force or threat of force;

(5) the defendant intentionally killed the victim while the defendant was involved in a major controlled substance offense. "Major controlled substance offense" means an offense or series of offenses constituting a felony violation or violations under chapter 152, related to trafficking in controlled substances under circumstances more onerous than the usual offense and including at least one of the following circumstances:

(i) the offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(ii) the defendant knowingly possessed a firearm during the commission of the offense;

(iii) the circumstances of the offense reveal that the defendant occupied a high position in the drug distribution hierarchy; or

(iv) the offense involved a high degree of sophistication or planning; or

(6) at the time of the murder the defendant had previously been convicted of two or more state or federal offenses punishable by a term of imprisonment of more than one year, committed on different occasions, involving the distribution of a controlled substance in violation of chapter 152.

Subd. 5. [MITIGATING CIRCUMSTANCES.] "Mitigating circumstances" include:

(1) the defendant has no significant history of prior criminal activity;

(2) the murder was committed while the defendant was under extreme mental or emotional disturbance, although not sufficiently impaired as to constitute a defense to prosecution;

(3) the victim was a participant in the defendant's homicidal conduct or consented to the homicidal act;

(4) the defendant acted on a threat of imminent infliction of death or great bodily harm;

(5) at the time of the offense, the capacity of the offender to appreciate the criminality of the conduct or to conform that conduct to law was impaired as a result of mental disease or defect or intoxication; or

(6) any other relevant mitigating circumstance.

Sec. 4. [609A.04] [IMPOSITION OF DEATH SENTENCE; MODE OF EXECUTION.]

Subdivision 1. [DECISION.] (a) The court has discretion to determine whether a sentence of death will be imposed, except that when the proceeding is conducted before the court sitting with a jury, the court may not impose a sentence of death unless (1) it submits to the jury the issue whether the defendant should be sentenced to death or to imprisonment, and (2) the jury returns a verdict that the sentence should be death. If the jury is unable to reach a unanimous verdict, the court shall dismiss the jury and impose a sentence other than death as required by law.

(b) The court, in exercising its discretion as to sentence, and the jury, in determining its verdict, shall take into account the aggravating and mitigating circumstances listed in section 3, subdivisions 4 and 5, and any other facts that the court or jury considers relevant, but the court or jury may not impose or recommend a sentence of death unless the court or jury unanimously finds one of the aggravating circumstances listed in subdivision 4 and further unanimously finds that there are no mitigating circumstances sufficiently substantial to call for leniency.

(c) The burden of establishing the existence of an aggravating circumstance is on the state and is not satisfied unless established beyond a reasonable doubt. The burden of establishing the existence of a mitigating circumstance is on the defendant and is not satisfied unless established by a preponderance of the evidence.

(d) When the issue is submitted to the jury, the court shall instruct

the jury on the requirements of this subdivision. At that time, the court shall also inform the jury of the nature of the sentence of imprisonment that may be imposed if the jury verdict is against a sentence of death, including the implications of the sentence for possible supervised release. The court shall instruct the jury about the aggravating and mitigating circumstances listed in section 3. The court may provide the jury with a list of the aggravating and mitigating circumstances about which the jury is instructed.

Subd. 2. [IMPOSITION.] (a) When the proceeding is conducted without a jury, the court shall sentence the defendant to death when it:

(1) finds beyond a reasonable doubt that at least one statutory aggravating circumstance exists; and

(2) finds that there are no mitigating circumstances sufficiently substantial to call for leniency.

(b) When the proceeding is conducted before a jury, the court shall sentence the defendant to death when the jury unanimously:

(1) finds beyond a reasonable doubt that at least one statutory aggravating circumstance exists;

(2) finds that there are no mitigating circumstances sufficiently substantial to call for leniency; and

(3) recommends that the sentence of death be imposed.

(c) When the jury does not recommend a sentence of death, the court shall sentence the defendant to imprisonment as provided by law.

Subd. 3. [SENTENCE OF DEATH PRECLUDED.] A sentence of death may not be carried out upon a person who is under 18 years of age at the time the crime was committed. A sentence of death may not be carried out upon a person who, by reason of a mental disease or defect, is unable to understand the impending death or the reasons for it. A sentence of death may not be carried out upon a person who is pregnant.

Subd. 4. [EXECUTION BY LETHAL INJECTION.] When the court sentences a defendant to death under subdivision 2, the order of execution must be carried out by administration of a continuous, intravenous injection of a lethal quantity of an ultra-fast-acting barbiturate in combination with a chemical paralytic agent until a licensed physician pronounces that the defendant is dead according to accepted standards of medical practice. The execution by lethal injection must be performed by a person selected by the chief

executive officer of the maximum security facility at which the execution will take place and trained to administer the injection. The person administering the injection need not be a physician, registered nurse, or licensed practical nurse licensed or registered under the laws of this or another state.

Sec. 5. [609A.05] [SENTENCING COURT; ADMINISTRATIVE REQUIREMENTS.]

Subdivision 1. [DATE OF EXECUTION.] In pronouncing a sentence of death, the court shall set the date of execution not less than 60 days nor more than 90 days from the date the sentence is pronounced. If execution has been stayed by a court and the date set for execution has passed before dissolution of the stay, the court in which the defendant was previously sentenced shall, upon dissolution of the stay, set a new date of execution not less than five nor more than 90 days from the day the date is set. The defendant is entitled to be present in court on the day the new date of execution is set.

Subd. 2. [COPIES OF ORDER OF EXECUTION.] When a person is sentenced to death, the court administrator shall prepare certified copies of the judgment and order of execution and send these documents to the governor, defendant, defendant's counsel, attorney general, chief justice of the supreme court, state court administrator, and the state public defender's office within five business days following entrance of the order of execution.

Subd. 3. [DELIVERY OF DEFENDANT TO MAXIMUM SECURITY FACILITY.] Pending execution of a sentence of death, the sheriff or other chief law enforcement officer who has custody of the defendant may deliver the defendant to the maximum security facility designated by the commissioner of corrections to be the place where the execution is to be held. The state shall bear the costs of imprisoning the defendant from the date of delivery.

Sec. 6. [609A.06] [REVIEW OF DEATH SENTENCES BY SUPREME COURT.]

Subdivision 1. [AUTOMATIC REVIEW.] The judgment of conviction and a sentence of death are subject to automatic review by the supreme court within 60 days after certification by the sentencing court of the entire record, unless the supreme court extends the time, for good cause shown, for an additional period not to exceed 30 days. The review by the supreme court has priority over all other cases and must be heard in accordance with rules adopted by the supreme court.

Subd. 2. [TRANSCRIPT.] The court administrator, within ten days after receiving the transcript, shall transmit the entire record and transcript to the supreme court together with a notice prepared by

the administrator and a report prepared by the trial judge. The notice shall set forth the title and docket number of the case, the name of the defendant, the name and address of the defendant's attorney, a narrative statement of the judgment, the offense, and the punishment prescribed. The report shall be in the form of a standard questionnaire prepared and supplied by the supreme court.

Subd. 3. [REVIEW GUIDELINES.] Each sentence of death must be reviewed by the supreme court to determine if it is excessive. In determining whether the sentence is excessive, the supreme court shall determine whether the:

(1) sentence was imposed under the influence of passion, prejudice, or other arbitrary factors;

(2) evidence supports the finding of a statutory aggravating circumstance; and

(3) sentence is disproportionate to the penalty imposed in similar cases, considering both the crime and the defendant.

Subd. 4. [BRIEFS.] Both the defendant and the state have the right to submit briefs within the time provided by the court and to present oral argument to the court.

Subd. 5. [DECISION.] The supreme court shall:

(1) affirm the sentence of death; or

(2) set the sentence aside and remand the case for resentencing by the trial judge based on the record and argument of counsel.

Subd. 6. [NOTICE TO GOVERNOR.] Within five business days after reaching a decision under subdivision 5, the supreme court shall notify the governor whether the death sentence has been affirmed or set aside.

Sec. 7. [609A.07] [UNIFIED REVIEW PROCEDURE.]

Subdivision 1. [PROCEDURE.] The supreme court shall establish by rule a unified review procedure to provide for the presentation to the sentencing court and to the supreme court of all possible challenges to the trial, conviction, sentence, and detention of defendants upon whom the sentence of death has been or may be imposed. The unified review procedure governs both pretrial and posttrial appellate review of death penalty cases.

Subd. 2. [CHECKLISTS.] The supreme court shall establish by rule a series of checklists to be used by the trial court, the prosecuting attorney, and defense counsel before, during, and after

the trial of cases in which the death penalty is sought to make certain that all possible matters that could be raised in defense have been considered by the defendant and defense counsel and either asserted in a timely and correct manner or waived in accordance with applicable legal requirements, so that, for purposes of any pretrial review and the trial and posttrial review, the record and transcript of proceedings will be complete for a review by the sentencing court and the supreme court of all possible challenges to the trial, conviction, sentence, and detention of the defendant.

Subd. 3. [WRIT OF HABEAS CORPUS.] Nothing in this section or in the rules of the supreme court limits or restricts the grounds of review or suspends the rights or remedies available through the procedures governing the writ of habeas corpus.

Sec. 8. [609A.08] [STAY OF EXECUTION OF DEATH.]

Subdivision 1. [GOVERNOR OR APPEAL.] The execution of a death sentence may be stayed only by the governor or incident to an appeal.

Subd. 2. [PROCEEDINGS WHEN INMATE UNDER SENTENCE OF DEATH APPEARS TO BE MENTALLY ILL OR PREGNANT.] When the governor is informed that an inmate under sentence of death may be mentally ill or pregnant, the governor shall stay execution of the sentence and require the sentencing court to order a mental or physical examination of the inmate, as appropriate.

Subd. 3. [EXAMINATION AND HEARING.] (a) If the court orders a mental examination of the inmate, it shall appoint at least one qualified psychiatrist, clinical psychologist, or physician experienced in the field of mental illness to examine the defendant and report on the defendant's mental condition. If the inmate or prosecution has retained a qualified psychiatrist, clinical psychologist, or physician experienced in the field of mental illness, the court on request of the inmate or prosecuting attorney shall direct that the psychiatrist, clinical psychologist, or physician be permitted to observe the mental examination and to conduct a mental examination of the inmate.

(b) At the conclusion of the examination, the examiner shall submit a written report to the court and send copies to the prosecuting attorney and defense attorney. The report must contain a diagnosis of the inmate's mental condition and whether the inmate has the mental capacity to understand the nature of the death penalty and the reasons why it was imposed.

(c) If the court orders a physical examination, it shall appoint a qualified physician to examine the inmate and report on whether the inmate is pregnant.

(d) The hearing shall be scheduled so that the parties have adequate time to prepare and present arguments regarding the issue of mental illness or pregnancy. The parties may submit written arguments to the court before the date of the hearing and may make oral arguments before the court at the sentencing hearing. Before the hearing, the court shall send to the defendant or the defendant's attorney and the prosecuting attorney copies of the mental or physical examination.

Subd. 4. [MENTAL ILLNESS.] (a) If mental illness is the issue and the court decides that the inmate has the mental capacity to understand the nature of the death penalty and why it was imposed, the court shall so inform the governor. The governor shall issue a warrant to the chief executive officer of the maximum security facility where the execution is to be held directing the officer to execute the sentence at a time designated in the warrant.

(b) If the court decides that the inmate does not have the mental capacity to understand the nature of the death penalty and why it was imposed, the court shall so inform the governor. The governor shall have the inmate committed to the St. Peter Regional Treatment Center.

(c) When a person under sentence of death has been committed to the St. Peter Regional Treatment Center, that person shall be kept there until the proper official of the hospital determines that the person has been restored to mental health. The hospital official shall then notify the governor of the official's determination, and the governor shall request the sentencing court to proceed as provided in this section.

Subd. 5. [PREGNANCY.] (a) If the court determines that the inmate is not pregnant, the court shall so tell the governor. The governor shall issue a warrant to the chief executive officer of the maximum security facility where the execution is to be held directing the chief executive officer to execute the sentence at a time designated in the warrant.

(b) If the court determines that the inmate is pregnant, the court shall so tell the governor. The governor shall stay execution of sentence during the pregnancy.

(c) If the court determines that an inmate whose execution has been stayed because of pregnancy is no longer pregnant, the court shall so tell the governor. The governor shall issue a warrant to the chief executive officer directing the chief executive officer to execute the sentence at a time designated in the warrant.

Subd. 6. [FEE.] The court shall allow a reasonable fee to the physician appointed under this section that shall be paid by the state.

Sec. 9. [609A.09] [GOVERNOR'S DUTIES; ISSUANCE OF DEATH WARRANT.]

When notified by the supreme court under section 6 that a death sentence has been upheld, the governor shall issue a death warrant, attach it to a copy of the record, including the trial court's order of execution and the supreme court's affirming opinion, and send it to the chief executive officer of the maximum security facility where the inmate under sentence of death is being held. The warrant must direct that officer to execute the sentence at a time designated in the warrant. When notified by the supreme court under section 6 that a death sentence has been set aside, the governor shall order the commissioner of corrections to remove the inmate under sentence of death from the unit where inmates under sentence of death are confined and reassign the inmate consistent with the supreme court's opinion.

Sec. 10. [609A.10] [COMMISSIONER OF CORRECTIONS; DUTIES; DESIGNATION OF PLACE OF EXECUTION.]

Subdivision 1. [MAXIMUM SECURITY FACILITIES.] The commissioner of corrections shall designate one or more maximum security facilities at which executions of inmates under death sentence will take place. In each maximum security facility designated as a place where executions will take place, the commissioner shall establish and maintain a unit for the segregated confinement of inmates under sentence of death.

Subd. 2. [PLACE OF EXECUTION.] The chief executive officer of a maximum security facility where executions will take place shall provide a suitable and efficient room or place in which executions will be carried out, enclosed from public view, and all implements necessary to executions. The chief executive officer shall select the person to perform executions and the chief executive officer or the officer's designee shall supervise the execution.

Subd. 3. [EXECUTIONER'S IDENTITY; PRIVATE DATA.] Information relating to the identity and compensation of the executioner is private data as defined in section 13.02, subdivision 12. The chief executive officer of the maximum security facility is not required to record the name of an individual acting as an executioner or any information that could identify that individual.

Subd. 4. [REGULATION OF EXECUTION.] The chief executive officer of the maximum security facility holding an execution or a deputy designated by that officer must be present at the execution. The chief executive officer shall set the day for execution within the week designated by the governor in the warrant.

Subd. 5. [WITNESS TO EXECUTION.] Twelve citizens selected by the chief executive officer must witness the execution. The chief

executive officer shall select six representatives of the news media to witness the execution. Counsel for the inmate under sentence of death and members of the clergy requested by the inmate may be present at the execution. All other persons, except correctional facility officers and the executioner, must be excluded during the execution.

Subd. 6. [READING DEATH WARRANT.] The warrant authorizing the execution must be read to the convicted person immediately before death.

Subd. 7. [RETURN OF WARRANT OF EXECUTION ISSUED BY GOVERNOR.] After the death sentence has been executed, the chief executive officer of the maximum security facility where the execution took place shall return to the governor the warrant and a signed statement of the execution. The chief executive officer shall file an attested copy of the warrant and statement with the court administrator that imposed the sentence.

Subd. 8. [SENTENCE OF DEATH UNEXECUTED FOR UNJUSTIFIABLE REASONS.] If a death sentence is not executed because of unjustified failure of the governor to issue a warrant or for any other unjustifiable reason, on application of the attorney general, the supreme court shall issue a warrant directing the sentence to be executed during a week designated in the warrant.

Subd. 9. [RETURN OF WARRANT OF EXECUTION ISSUED BY SUPREME COURT.] After the sentence has been executed under a warrant issued by the supreme court, the chief executive officer shall return to the supreme court the warrant and a signed statement of the execution. The chief executive officer shall file an attested copy of the warrant and statement with the court administrator that imposed the sentence. The chief executive officer shall send to the governor an attested copy of the warrant and statement.

Sec. 11. [609A.11] [COSTS OF EXECUTION; REIMBURSEMENT; ATTORNEY GENERAL ASSISTANCE.]

Subdivision 1. [COSTS.] The state shall reimburse a county for all costs incurred for prosecution of a case involving the death penalty if the crimes for which the defendant is on trial occurred in that county. In a case involving the death penalty, if crimes for which the defendant is on trial occurred in more than one county, the state shall reimburse the county prosecuting the case for one-half of all costs incurred for prosecution.

Subd. 2. [ATTORNEY GENERAL ASSISTANCE.] The attorney general shall assist in the prosecution of cases involving the death penalty when requested to do so by the county prosecuting attorney.

Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 11 are effective August 1, 1992, and apply to crimes committed on or after that date. The court shall consider convictions for heinous crimes occurring before, on, or after August 1, 1992, as previous convictions for purposes of sentencing under sections 3 and 4.

ARTICLE 14

TECHNICAL AMENDMENTS

Section 1. Minnesota Statutes 1990, section 243.05, subdivision 1, is amended to read:

Subdivision 1. [CONDITIONAL RELEASE.] Except for a person sentenced to death under article 1, section 4, the commissioner of corrections may parole any person sentenced to confinement in any state correctional facility for adults under the control of the commissioner of corrections, provided that:

(a) no inmate serving a life sentence for committing murder before May 1, 1980, other than murder committed in violation of clause (1) of section 609.185 who has not been previously convicted of a felony shall be paroled without having served 20 years, less the diminution that would have been allowed for good conduct had the sentence been for 20 years;

(b) no inmate serving a life sentence for committing murder before May 1, 1980, who has been previously convicted of a felony or though not previously convicted of a felony is serving a life sentence for murder in the first degree committed in violation of clause (1) of section 609.185 shall be paroled without having served 25 years, less the diminution which would have been allowed for good conduct had the sentence been for 25 years;

(c) any inmate sentenced prior to September 1, 1963, who would be eligible for parole had the inmate been sentenced after September 1, 1963, shall be eligible for parole; and

(d) any new rule or policy or change of rule or policy adopted by the commissioner of corrections which has the effect of postponing eligibility for parole has prospective effect only and applies only with respect to persons committing offenses after the effective date of the new rule or policy or change. Upon being paroled and released, an inmate is and remains in the legal custody and under the control of the commissioner, subject at any time to be returned to a facility of the department of corrections established by law for the confinement or treatment of convicted persons and the parole rescinded by the commissioner. The written order of the commissioner of correc-

tions, is sufficient authority for any peace officer or state parole and probation agent to retake and place in actual custody any person on parole or supervised release, but any state parole and probation agent may, without order of warrant, when it appears necessary in order to prevent escape or enforce discipline, take and detain a parolee or person on supervised release or work release to the commissioner for action. The written order of the commissioner of corrections is sufficient authority for any peace officer or state parole and probation agent to retake and place in actual custody any person on probation under the supervision of the commissioner pursuant to section 609.135, but any state parole and probation agent may, without an order, when it appears necessary in order to prevent escape or enforce discipline, retake and detain a probationer and bring the probationer before the court for further proceedings under section 609.14. Persons conditionally released, and those on probation under the supervision of the commissioner of corrections pursuant to section 609.135 may be placed within or outside the boundaries of the state at the discretion of the commissioner of corrections or the court, and the limits fixed for these persons may be enlarged or reduced according to their conduct.

In considering applications for conditional release or discharge, the commissioner is not required to hear oral argument from any attorney or other person not connected with an adult correctional facility of the department of corrections in favor of or against the parole or release of any inmates, but the commissioner may institute inquiries by correspondence, taking testimony or otherwise, as to the previous history, physical or mental condition, and character of the inmate, and to that end shall have authority to require the attendance of the chief executive officer of any state adult correctional facility and the production of the records of these facilities, and to compel the attendance of witnesses. The commissioner is authorized to administer oaths to witnesses for these purposes.

Sec. 2. Minnesota Statutes 1990, section 609.10, is amended to read:

609.10 [SENTENCES AVAILABLE.]

Upon conviction of a felony and compliance with the other provisions of this chapter and chapter 609A the court, if it imposes sentence, may sentence the defendant to the extent authorized by law as follows:

(1) to death; or

(2) to life imprisonment; or

~~(2)~~ (3) to imprisonment for a fixed term of years set by the court; or

~~(3)~~ (4) to both imprisonment for a fixed term of years and payment of a fine; or

~~(4)~~ (5) to payment of a fine without imprisonment or to imprisonment for a fixed term of years if the fine is not paid; or

~~(5)~~ (6) to payment of court-ordered restitution in addition to either imprisonment or payment of a fine, or both.

Sec. 3. Minnesota Statutes 1990, section 609.12, subdivision 1, is amended to read:

Subdivision 1. A person sentenced to the commissioner of corrections for imprisonment for a period less than life may be paroled or discharged at any time without regard to length of the term of imprisonment which the sentence imposes when in the judgment of the commissioner of corrections, and under the conditions the commissioner imposes, the granting of parole or discharge would be most conducive to rehabilitation and would be in the public interest. A person sentenced to death is not eligible for supervised release or discharge at any time.

Sec. 4. Minnesota Statutes 1990, section 609.135, subdivision 1, is amended to read:

Subdivision 1. [TERMS AND CONDITIONS.] Except when a sentence of death has been imposed under chapter 609A, a life ~~imprisonment~~ sentence is required ~~by law~~ under section 609.185 or 609.19, or ~~when~~ a mandatory minimum term of imprisonment is required by section 609.11, any court may stay imposition or execution of sentence and (a) may order intermediate sanctions without placing the defendant on probation, or (b) may place the defendant on probation with or without supervision and on the terms the court prescribes, including intermediate sanctions when practicable. The court may order the supervision to be under the probation officer of the court, or, if there is none and the conviction is for a felony or gross misdemeanor, by the commissioner of corrections, or in any case by some other suitable and consenting person. No intermediate sanction may be ordered performed at a location that fails to observe applicable requirements or standards of chapter 181A or 182, or any rule promulgated under them. For purposes of this subdivision, subdivision 6, and section 609.14, the term "intermediate sanctions" includes but is not limited to incarceration in a local jail or workhouse, home detention, electronic monitoring, intensive probation, sentencing to service, reporting to a day reporting center, chemical dependency or mental health treatment or counseling, restitution, fines, day-fines, community work service, and work in lieu of or to work off fines.

A court may not stay the revocation of the driver's license of a person convicted of violating the provisions of section 169.121.

Sec. 5. Minnesota Statutes 1990, section 609.185, is amended to read:

609.185 [MURDER IN THE FIRST DEGREE.]

Whoever does any of the following is guilty of murder in the first degree and, unless sentenced to death under article 1, section 4, shall be sentenced to imprisonment for life:

(2) causes the death of a human being while committing or attempting to commit criminal sexual conduct in the first or second degree with force or violence, either upon or affecting the person or another;

(3) causes the death of a human being with intent to effect the death of the person or another, while committing or attempting to commit burglary, aggravated robbery, kidnapping, arson in the first or second degree, tampering with a witness in the first degree, escape from custody, or any felony violation of chapter 152 involving the unlawful sale of a controlled substance;

(4) causes the death of a peace officer or a guard employed at a Minnesota state correctional facility, with intent to effect the death of that person or another, while the peace officer or guard is engaged in the performance of official duties;

(5) causes the death of a minor under circumstances other than those described in clause (1) or (2) while committing child abuse, when the perpetrator has engaged in a past pattern of child abuse upon the child and the death occurs under circumstances manifesting an extreme indifference to human life; or

(6) causes the death of a human being under circumstances other than those described in clause (1), (2), or (5) while committing domestic abuse, when the perpetrator has engaged in a past pattern of domestic abuse upon the victim and the death occurs under circumstances manifesting an extreme indifference to human life.

For purposes of clause (5), "child abuse" means an act committed against a minor victim that constitutes a violation of section 609.221, 609.222, 609.223, 609.224, 609.342, 609.343, 609.344, 609.345, 609.377, or 609.378.

For purposes of clause (6), "domestic abuse" means an act that:

(1) constitutes a violation of section 609.221, 609.222, or 609.223; and

(2) is committed against the victim who is a family or household member as defined in section 518B.01, subdivision 2, paragraph (b).

Sec. 6. Minnesota Statutes 1991 Supplement, section 611.25, is amended by adding a subdivision to read:

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of health.

Subd. 4. [GROUP PURCHASER.] "Group purchaser" means a person or organization that purchases health care services on behalf of an identified group of persons, regardless of whether the cost of coverage or services is paid for by the purchaser or by the persons receiving coverage or services, as further defined in rules adopted by the commissioner. "Group purchaser" includes, but is not limited to, health insurance companies, health maintenance organizations and other health plan companies; employee health plans offered by self-insured employers; group health coverage offered by fraternal organizations, professional associations, or other organizations; state and federal health care programs; state and local public employee health plans; workers' compensation plans; and the medical component of automobile insurance coverage.

Subd. 5. [PROVIDER.] "Provider" or "health care provider" means a person or organization other than a nursing home that provides health care or medical care services within Minnesota for a fee, as further defined in rules adopted by the commissioner.

Sec. 2. [62J.04] [CONTROLLING THE RATE OF GROWTH OF HEALTH CARE SPENDING.]

Subdivision 1. [COMPREHENSIVE BUDGET.] The commissioner of health shall set an annual limit on the rate of growth of public and private spending on health care services for Minnesota residents. The limit on growth must be set at a level that will slow the current rate of growth by at least ten percent per year using the spending growth rate for 1991 as a base year. This limit must be achievable through good faith, cooperative efforts of health care consumers, purchasers, and providers.

Subd. 2. [DATA COLLECTION.] For purposes of setting limits under this section, the commissioner shall collect from all Minnesota health care providers data on gross patient revenues received during a time period specified by the commissioner. The commissioner shall also collect data on health care spending from all group purchasers of health care. All health care providers and group purchasers doing business in the state shall provide the data requested by the commissioner at the times and in the form specified by the commissioner. All data received is nonpublic, trade secret information under section 13.37. The commissioner shall establish procedures and safeguards to ensure that data provided to the Minnesota health care commission is in a form that does not identify individual patients, providers, employers, purchasers, or other indi-

viduals and organizations, except with the permission of the affected individual or organization.

Subd. 3. [COST CONTAINMENT DUTIES.] After obtaining the advice and recommendations of the Minnesota health care commission, the commissioner shall:

(2) divide the state into no fewer than four regions for purposes of setting regional spending limits and coordinating regional health care systems;

(3) provide technical assistance to regional coordinating boards;

(4) monitor the quality of health care throughout the state, conduct consumer satisfaction surveys, and take action as necessary to ensure an appropriate level of quality;

(11) administer the health care analysis unit under article 7; and

(12) undertake other activities to monitor and oversee the delivery of health care services in Minnesota with the goal of improving affordability, quality, and accessibility of health care for all Minnesotans.

If the commissioner intends to depart from the commission's recommendations, the commissioner shall inform the commission of the intended departure, provide a written explanation of the reasons for the departure, and give the commission an opportunity to comment on the intended departure. If, after receiving the commission's comment, the commissioner still intends to depart from the commission's recommendations, the commissioner shall notify each member of the legislative oversight commission of the commissioner's intent to depart from the recommendations of the Minnesota health care commission. The notice to the legislative oversight commission must be provided at least ten days before the commissioner takes final action. If emergency action is necessary that does not allow the commissioner to obtain the advice and recommendations of the Minnesota health care commission or to provide advance notice and an opportunity for comment as required in this subdivision, the commissioner shall provide a written notice and explanation to the Minnesota health care commission and the legislative oversight commission at the earliest possible time.

Subd. 5. [APPEALS.] A person or organization may appeal a decision of the commissioner through a contested case proceeding under chapter 14.

Subd. 6. [RULEMAKING.] The commissioner shall adopt rules under chapter 14 to implement this chapter.

Subd. 7. [PLAN FOR CONTROLLING GROWTH IN SPENDING.] (a) By January 15, 1993, the Minnesota health care commission shall submit to the legislature and the governor for approval a detailed plan for slowing the growth in health care spending to the growth rate identified by the commission, beginning July 1, 1993. The goal of the plan shall be to reduce the growth rate of health care spending, adjusted for population changes, so that it declines by at least ten percent per year for each of the next five years. The commission shall use the rate of spending growth in 1991 as the base year for developing its plan. The plan may include tentative targets for reducing the growth in spending for consideration by the legislature.

(b) In developing the plan, the commission shall consider the advisability and feasibility of the following options, but is not obligated to incorporate them into the plan:

(1) data and methods that could be used to calculate regional and statewide spending limits and the various options for expressing spending limits, such as maximum percentage growth rates or

actuarially adjusted average per capita rates that reflect the demographics of the state or a region of the state;

(2) methods of adjusting spending limits to account for patients who are not Minnesota residents, to reflect care provided to a person outside the person's region, and to adjust for demographic changes over time;

(3) methods that could be used to monitor compliance with the limits;

(4) criteria for exempting spending on research and experimentation on new technologies and medical practices when setting or enforcing spending limits;

(5) methods that could be used to help providers, purchasers, consumers, and communities control spending growth;

(6) methods of identifying activities of consumers, providers, or purchasers that contribute to excessive growth in spending;

(7) methods of encouraging voluntary activities that will help keep spending within the limits;

(8) methods of consulting providers and obtaining their assistance and cooperation and safeguards that are necessary to protect providers from abrupt changes in revenues or practice requirements;

(9) methods of avoiding, preventing, or recovering spending in excess of the rate of growth identified by the commission;

(10) methods of depriving those who benefit financially from overspending of the benefit of overspending, including the option of recovering the amount of the excess spending from the greater provider community or from individual providers or groups of providers through targeted assessments;

(11) methods of reallocating health care resources among provider groups to correct existing inequities, reward desirable provider activities, discourage undesirable activities, or improve the quality, affordability, and accessibility of health care services;

(12) methods of imposing mandatory requirements relating to the delivery of health care, such as practice standards, hospital admission protocols, 24-hour emergency care screening systems, or designated specialty providers;

(13) methods of preventing unfair health care practices that give a provider or group purchaser an unfair advantage or financial benefit

or that significantly circumvent, subvert, or obstruct the goals of this chapter;

(14) methods of providing incentives through special spending allowances or other means to encourage and reward special projects to improve outcomes or quality of care;

(15) the advisability or feasibility of a system of permanent, regional coordinating boards to ensure community involvement in activities to improve affordability, accessibility, and quality of health care in each region; and

(16) a report to the legislature on the advisability or feasibility of conditioning the adoption of new technologies or procedures or major capital expenditures on the approval of the state health care commission or some other review body.

The advisory committee must include at least one person representing physicians, at least one person representing hospitals, and at least one person representing the health care technology industry. Health care technologies and procedures include high-cost pharmaceuticals, organ and other transplants, health care procedures and devices, and expensive, large-scale technologies such as scanners and imagers.

Subd. 2. [HEALTH PLANNING.] In consultation with the health planning advisory committee, the Minnesota health care commission shall:

(1) develop criteria for evaluating new health care technology and procedures and major capital expenditures that take into consideration the effectiveness and value of the new technology, procedure, or capital expenditure in relation to the cost impact on consumers and payors;

(2) recommend to the commissioner of health and the regional boards statewide and regional goals and targets for the distribution and use of new and existing health care technologies and procedures and major capital expenditures;

(3) make recommendations to the commissioner regarding the designation of centers of excellence for transplants and other specialized medical procedures; and

(4) make recommendations to the commissioner regarding minimum volume requirements for the performance of certain procedures by hospitals and other health care facilities or providers.

Sec. 7. [62J.17] [TEMPORARY MORATORIUM ON MAJOR CAP-

ITAL EXPENDITURES AND THE INTRODUCTION OF NEW SPECIALIZED SERVICES; EXCEPTIONS.]

Subdivision 1. [HOSPITAL AND NURSING HOME MORATORIA PRESERVED.] Nothing in this section supersedes or limits the applicability of section 144.551 or 144A.071.

Subd. 2. [SEVERABILITY IF REVIEW PROCESS CHALLENGED.] The legislature intends that, if the exception review process in subdivisions 4 and 5 is enjoined or invalidated by a court, the moratorium in subdivision 3 is severable from the exception review process and must be construed to stand alone without a process for approving exceptions.

Subd. 3. [REPORT AND RECOMMENDATIONS.] The Minnesota health care commission, in consultation with the health planning advisory committee and regional coordinating boards, shall submit recommendations to the legislature by January 15, 1993, for a permanent strategy to ensure that major spending commitments are appropriate in terms of the accessibility, affordability, and quality of health care in Minnesota.

Sec. 8. [62J.19] [PARTICIPATION OF FEDERAL PROGRAMS.]

The commissioner of health shall seek the full participation of federal health care programs under this chapter, including Medicare, medical assistance, veterans administration programs, and other federal programs. The commissioner of human services shall under the direction of the health care commission submit waiver requests and take other action necessary to obtain federal approval to allow participation of the medical assistance program. Other state agencies shall provide assistance at the request of the commission. If federal approval is not given for one or more federal programs, data on the amount of health care spending that is collected under section 62J.04 shall be adjusted so that state and regional spending limits take into account the failure of the federal program to participate.

Sec. 9. [62J.23] [PROVIDER CONFLICTS OF INTEREST.]

Subdivision 1. [RULES PROHIBITING CONFLICTS OF INTEREST.] The commissioner of health shall adopt rules restricting financial relationships or payment arrangements involving health care providers under which a provider benefits financially by referring a patient to another provider, recommending another provider, or furnishing or recommending an item or service. The rules must be compatible with, and no less restrictive than, the federal Medicare antikickback statute, in section 1128B(b) of the Social Security Act, United States Code, title 42, section 1320a-7b(b), and regulations adopted under it. However, the commissioner's rules may be more restrictive than the federal law and regulations and may apply to additional provider groups and business and professional arrange-

ments except that the commissioner shall provide exemptions for group practices and salaried physicians in the same manner as under the federal Medicare antikickback statute and the regulations adopted under it. When the state rules restrict an arrangement or relationship that is permissible under federal laws and regulations, including an arrangement or relationship expressly permitted under the federal safe harbor regulations, the fact that the state requirement is more restrictive than federal requirements must be clearly stated in the rule.

Subd. 2. [PROHIBITED RELATIONSHIPS AND PRACTICES.] At a minimum, rules adopted under this subdivision must prohibit:

(1) referrals to another provider in which the referring provider has a significant financial interest;

(2) furnishing or arranging for the furnishing of an item or service in which the provider has a significant financial interest; and

(3) offering or paying, or soliciting or receiving, any remuneration, directly or indirectly, in return for referring a person to a provider or for providing or recommending an item or service.

Subd. 3. [PRINCIPAL CRITERIA FOR RESTRICTIONS.] In adopting and enforcing rules under this subdivision, the commissioner must consider whether the relationship or arrangement creates a risk that the financial interests of a provider will influence the provider's health care decisions about a particular patient or that the relationship or arrangement is likely to be perceived by the provider's patients or by the community as likely to influence a provider's health care decision making.

Subd. 4. [INTERIM RESTRICTIONS.] From July 1, 1992, until rules are adopted by the commissioner under this subdivision, the restrictions in the federal Medicare antikickback statutes in section 1128B(b) of the Social Security Act, United States Code, title 42, section 1320a-7b(b), and rules adopted under the federal statutes, apply to all health care providers in the state, regardless of whether the provider participates in any state or federal health care program. The commissioner may approve a transition plan submitted by a provider who is in violation of this paragraph to the commission by January 1, 1992, that provides a reasonable time for the provider to modify prohibited practices or divest financial interests in other providers in order to come into compliance with this subdivision.

Sec. 10. [62J.25] [MANDATORY MEDICARE ASSIGNMENT.]

Effective January 1, 1993, a health care provider authorized to participate in the Medicare program shall not charge to or collect from a Medicare beneficiary who is a Minnesota resident any

amount in excess of the Medicare-approved amount for any Medicare-covered service provided. This section does not apply to services provided by providers licensed under section 144.802.

Sec. 11. [62J.27] [MALPRACTICE PROTECTION FOR PROVIDERS.]

(a) The commissioner of health, after receiving the advice and recommendations of the Minnesota health care commission and the health care analysis unit, may approve practice parameters as defined in section 62J.30, subdivision 1, in order to minimize unnecessary, unproven, or ineffective care. The approval of practice parameters is not subject to the requirements of chapter 14.

(b) Adherence by a provider to a practice parameter approved by the commissioner of health is clear and convincing evidence in defense of a claim for medical malpractice.

(c) Paragraph (b) applies to claims arising on or after August 1, 1993, or 90 days after the effective date of approval of the practice parameters by the commissioner.

Sec. 12. [62J.29] [ANTITRUST EXCEPTIONS.]

The commissioner shall establish criteria and procedures for sanctioning contracts, business or financial arrangements, or other activities or practices involving providers or purchasers that might be construed to be violations of state or federal antitrust laws but which are in the best interests of the state of Minnesota and further the policies and goals of this chapter. Notwithstanding the Minnesota antitrust law of 1971, as amended, in Minnesota Statutes, sections 325D.49 to 325D.66, contracts, business or financial arrangements, or other activities or practices that are expressly sanctioned by the commissioner do not constitute an unlawful contract, combination, or conspiracy in unreasonable restraint of trade or commerce under Minnesota Statutes, sections 325D.49 to 325D.66. Approval by the commissioner is a defense against any action under state antitrust laws. The commissioner is exempt from rulemaking until January 1, 1994, for purposes of establishing criteria and procedures under this section.

ARTICLE 2

SMALL EMPLOYER INSURANCE REFORM

Section 1. [62L.01] [CITATION.]

Subdivision 1. [POPULAR NAME.] Sections 62L.01 to 62L.23 may be cited as the Minnesota small employer health benefit act.

Subd. 2. [JURISDICTION.] Sections 62L.01 to 62L.23 apply to any health carrier that offers, issues, delivers, or renews a health benefit plan to a small employer.

Subd. 3. [LEGISLATIVE FINDINGS AND PURPOSE.] The legislature finds that underwriting and rating practices in the individual and small employer markets for health coverage create substantial hardship and unfairness, create unnecessary administrative costs, and adversely affect the health of residents of this state. The legislature finds that the premium restrictions provided by this chapter reduce but do not eliminate these harmful effects. Accordingly, the legislature declares its desire to phase out the remaining rating bands as quickly as possible, with the end result of eliminating all rating practices based on risk by July 1, 1997.

Sec. 2. [62L.02] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 62L.01 to 62L.23.

Subd. 2. [ACTUARIAL OPINION.] "Actuarial opinion" means a written statement by a member of the American Academy of Actuaries that a health carrier is in compliance with this chapter, based on the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the health carrier in establishing premium rates for health benefit plans.

Subd. 3. [ASSOCIATION.] "Association" means the health coverage reinsurance association.

Subd. 4. [BASE PREMIUM RATE.] "Base premium rate" means as to a rating period, the lowest premium rate charged or which could have been charged under the rating system by the health carrier to small employers for health benefit plans with the same or similar coverage.

Subd. 5. [BOARD OF DIRECTORS.] "Board of directors" means the board of directors of the health coverage reinsurance association.

Subd. 6. [CASE CHARACTERISTICS.] "Case characteristics" means the relevant characteristics of a small employer, as determined by a health carrier in accordance with this chapter, which are considered by the carrier in the determination of premium rates for the small employer.

Subd. 7. [COINSURANCE.] "Coinsurance" means an established dollar amount or percentage of health care expenses that an eligible employee or dependent is required to pay directly to a provider of

medical services or supplies under the terms of a health benefit plan.

Subd. 8. [COMMISSIONER.] "Commissioner" means the commissioner of commerce for health carriers subject to the jurisdiction of the department of commerce or the commissioner of health for health carriers subject to the jurisdiction of the department of health, or the relevant commissioner's designated representative.

Subd. 9. [CONTINUOUS COVERAGE.] "Continuous coverage" means the maintenance of continuous and uninterrupted qualifying prior coverage by an eligible employee or dependent. An eligible employee or dependent is considered to have maintained continuous coverage if the individual requests enrollment in a health benefit plan within 30 days of termination of the qualifying prior coverage.

Subd. 10. [DEDUCTIBLE.] "Deductible" means the amount of health care expenses an eligible employee or dependent is required to incur before benefits are payable under a health benefit plan.

Subd. 11. [DEPENDENT.] "Dependent" means an eligible employee's spouse, unmarried child who is under the age of 19 years, unmarried child who is a full-time student under the age of 25 years as defined in section 62A.301 and financially dependent upon the eligible employee, or dependent child of any age who is handicapped and who meets the eligibility criteria in section 62A.14, subdivision 2. For the purpose of this definition, a child may include a child for whom the employee or the employee's spouse has been appointed legal guardian.

Subd. 12. [ELIGIBLE CHARGES.] "Eligible charges" means the actual charges submitted to a health carrier by or on behalf of a provider, eligible employee, or dependent for health services covered by the health carrier's health benefit plan. Eligible charges do not include charges for health services excluded by the health benefit plan, charges for which an alternate health carrier is liable under the coordination of benefit provisions of the health benefit plan, charges for health services that are not medically necessary, or charges that exceed the usual and customary charges.

Subd. 13. [ELIGIBLE EMPLOYEE.] "Eligible employee" means an individual employed by a small employer for at least 20 hours per week and who has satisfied all employer participation and eligibility requirements, including, but not limited to, the satisfactory completion of a probationary period of not less than 30 days but no more than 90 days. The term includes a sole proprietor, a partner of a partnership, or an independent contractor, if the sole proprietor, partner, or independent contractor is included as an employee under a health benefit plan of a small employer, but does not include employees who work on a temporary, seasonal, or substitute basis.

Subd. 14. [FINANCIALLY IMPAIRED CONDITION.] "Financially impaired condition" means a situation in which a health carrier is not insolvent, but (1) is considered by the commissioner to be potentially unable to fulfill its contractual obligations, or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

Subd. 15. [HEALTH BENEFIT PLAN.] "Health benefit plan" means a policy, contract, or certificate issued by a health carrier to a small employer for the coverage of medical and hospital benefits. Health benefit plan includes a small employer plan. Health benefit plan does not include coverage that is:

(1) limited to disability or income protection coverage;

(2) automobile medical payment coverage;

(3) supplemental to liability insurance;

(4) designed solely to provide payments on a per diem, fixed indemnity, or nonexpense-incurred basis;

(5) credit accident and health insurance issued under chapter 62B;

(6) designed solely to provide dental or vision care;

(7) blanket accident and sickness insurance as defined in section 62A.11;

(8) accident-only coverage;

(9) long-term care insurance as defined in section 62A.46;

(10) issued as a supplement to Medicare, as defined in sections 62A.31 to 62A.44, or policies that supplement Medicare issued by health maintenance organizations or those policies governed by section 1833 or 1876 of the Federal Social Security Act, United States Code, title 42, section 1395, et seq., as amended through December 31, 1991; or

(11) workers' compensation insurance.

For the purpose of this chapter, a health benefit plan issued to employees of a small employer who meets the participation requirements of section 62L.03, subdivision 3, is considered to have been issued to a small employer. A health benefit plan issued on behalf of a health carrier is considered to be issued by the health carrier.

Subd. 16. [HEALTH CARRIER.] "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a

policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; and a multiple employer welfare arrangement, as defined in United States Code, title 29, section 1002(40), as amended through December 31, 1991. For the purpose of this chapter, companies that are affiliated companies or that are eligible to file a consolidated tax return must be treated as one carrier, except that any insurance company or health service plan corporation that is an affiliate of a health maintenance organization located in Minnesota, or any health maintenance organization located in Minnesota that is an affiliate of an insurance company or health service plan corporation, or any health maintenance organization that is an affiliate of another health maintenance organization in Minnesota, may treat the health maintenance organization as a separate carrier.

Subd. 17. [HEALTH PLAN.] "Health plan" means a health benefit plan issued by a health carrier, except that it may be issued:

(1) to a small employer;

(2) to an employer who does not satisfy the definition of a small employer as defined under subdivision 26; or

(3) to an individual purchasing an individual or conversion policy of health care coverage issued by a health carrier.

Subd. 18. [INDEX RATE.] "Index rate" means as to a rating period for small employers the arithmetic average of the applicable base premium rate and the corresponding highest premium rate.

Subd. 19. [LATE ENTRANT.] "Late entrant" means an eligible employee or dependent who requests enrollment in a health benefit plan of a small employer following the initial enrollment period applicable to the employee or dependent under the terms of the health benefit plan, provided that the initial enrollment period must be a period of at least 30 days. However, an eligible employee or dependent must not be considered a late entrant if:

(1) the individual was covered under qualifying existing coverage at the time the individual was eligible to enroll in the health benefit plan, declined enrollment on that basis, and presents to the carrier a certificate of termination of the qualifying prior coverage, provided that the individual maintains continuous coverage;

(2) the individual has lost coverage under another group health plan due to the expiration of benefits available under the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law

Number 99-272, as amended, and any state continuation laws applicable to the employer or carrier, provided that the individual maintains continuous coverage;

(3) the individual is a new spouse of an eligible employee, provided that enrollment is requested within 30 days of becoming legally married;

(4) the individual is a new dependent child of an eligible employee, provided that enrollment is requested within 30 days of becoming a dependent;

(5) the individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during an open enrollment period; or

(6) a court has ordered that coverage be provided for a dependent child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order.

Subd. 20. [MCHA.] "MCHA" means the Minnesota comprehensive health association established under section 62E.10.

Subd. 21. [MEDICALLY NECESSARY.] "Medically necessary" means the medical and hospital services commonly recognized by the medical profession and leading medical authorities as essential treatment for the individual's injury or sickness.

Subd. 22. [MEMBERS.] "Members" means the health carriers operating in the small employer market who may participate in the association.

Subd. 23. [PREEXISTING CONDITION.] "Preexisting condition" means a condition manifesting in a manner that causes an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment or for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the effective date of coverage, or a pregnancy existing as of the effective date of coverage of a health benefit plan.

Subd. 24. [QUALIFYING PRIOR COVERAGE OR QUALIFYING EXISTING COVERAGE.] "Qualifying prior coverage" or "qualifying existing coverage" means health benefits or health coverage provided under:

(1) a health plan, as defined in this section;

(2) Medicare;

(3) medical assistance under chapter 256B;

(4) general assistance medical care under chapter 256D;

(5) MCHA;

(6) a self-insured health plan;

(7) the health right plan established under section 256.936, subdivision 2, when the plan includes inpatient hospital services as provided in section 256.936, subdivision 2a, paragraph (c);

(8) a plan provided under section 43A.316; or

(9) a plan similar to any of the above plans provided in this state or in another state as determined by the commissioner.

Subd. 25. [RATING PERIOD.] "Rating period" means the 12-month period for which premium rates established by a health carrier are assumed to be in effect, as determined by the health carrier. During the rating period, a health carrier may adjust the rate based on the prorated change in the index rate.

Subd. 26. [SMALL EMPLOYER.] "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no fewer than two nor more than 29 eligible employees, the majority of whom were employed in this state. If a small employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other, except that a small employer plan may be offered through a domiciled association to self-employed individuals and small employers who are members of the association, even if the self-employed individual or small employer has fewer than two employees or the employees are family members. Entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer for purposes of determining the number of eligible employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan.

Subd. 27. [SMALL EMPLOYER MARKET.] (a) "Small employer market" means the market for health benefit plans for small employers.

(b) A health carrier is considered to be participating in the small employer market if the carrier offers, sells, issues, or renews a health benefit plan to: (1) any small employer; or (2) the eligible employees of a small employer offering a health benefit plan if, with the

knowledge of the health carrier, both of the following conditions are met:

(i) any portion of the premium or benefits is paid for or reimbursed by a small employer; and

(ii) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of the Internal Revenue Code, section 106, 125, or 162.

Subd. 28. [SMALL EMPLOYER PLAN.] "Small employer plan" means a health benefit plan issued by a health carrier to a small employer for coverage of the medical and hospital benefits described in section 62L.05.

Sec. 3. [62L.03] [AVAILABILITY OF COVERAGE.]

Subdivision 1. [GUARANTEED ISSUE AND REISSUE.] Every health carrier shall, as a condition of authority to transact business in this state in the small employer market, affirmatively market, offer, sell, issue, and renew any of its health benefit plans to any small employer as provided in this chapter. Every health carrier participating in the small employer market shall make available both of the plans described in section 62L.05 to small employers and shall fully comply with the underwriting and the rate restrictions specified in this chapter for all health benefit plans issued to small employers. A health carrier may cease to transact business in the small employer market as provided under section 62L.09.

Subd. 2. [EXCEPTIONS.] (a) No health maintenance organization is required to offer coverage or accept applications under subdivision 1 in the case of the following:

(1) with respect to a small employer, where the worksite of the employees of the small employer is not physically located in the health maintenance organization's approved service areas;

(2) with respect to an employee, when the employee does not work or reside within the health maintenance organization's approved service areas; or

(3) within an area where the health maintenance organization demonstrates to the satisfaction of the commissioner that it does not have the capacity within the area in its network of providers to deliver service adequately to the members of these groups.

(b) A health maintenance organization that cannot offer coverage pursuant to paragraph (a), clause (3), may not offer coverage in the applicable area to new business involving employer groups with more than 29 eligible employees until 180 days following the date on

which the carrier notifies the commissioner that it has regained capacity to deliver services to small employer groups.

(c) A small employer carrier shall not be required to offer coverage or accept applications pursuant to subdivision 1 where the commissioner finds that the acceptance of an application or applications would place the small employer carrier in a financially-impaired condition, provided, however, that a small employer carrier that has not offered coverage or accepted applications pursuant to this paragraph shall not offer coverage or accept applications for any health benefit plan until 180 days following a determination by the commissioner that the small employer carrier has ceased to be financially impaired.

Subd. 3. [MINIMUM PARTICIPATION.] (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan must be guaranteed coverage from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier may not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to coverage under another group health plan.

(b) A health carrier may require that small employers contribute a specified minimum percentage toward the cost of the coverage of eligible employees, so long as the requirement is uniformly applied for all small employers. For the small employer plans, a health carrier must require that small employers contribute at least 50 percent of the cost of the coverage of eligible employees. The health carrier must impose this requirement on a uniform basis for both small employer plans and for all small employers.

(c) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer.

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted under this chapter. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as otherwise authorized for late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible

employee or dependent. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by qualifying prior coverage, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation must not exceed 18 months.

Subd. 5. [CANCELLATIONS AND FAILURES TO RENEW.] No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the small employer group. A health carrier may cancel or fail to renew a health benefit plan:

(1) for nonpayment of the required premium;

(2) for fraud or misrepresentation by the small employer, or, with respect to coverage of an individual eligible employee or dependent, fraud or misrepresentation by the eligible employee or dependent, with respect to eligibility for coverage or any other material fact;

(3) if eligible employee participation during the preceding calendar year declines to less than 75 percent, subject to the waiver of coverage provision in subdivision 3;

(4) if the employer fails to comply with the minimum contribution percentage legally required by the health carrier;

(5) if the health carrier ceases to do business in the small employer market; or

(6) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including, but not limited to, service area restrictions imposed on health maintenance organizations under section 62D.03, subdivision 4, paragraph (m), to the extent that these grounds are not expressly inconsistent with this chapter.

Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to any eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance or renewal of a health benefit plan to a small employer. The health benefit plan must require that the employer permit MCHA enrollees to enroll in the small employer's health benefit plan as of the first date of renewal of a health benefit plan occurring on or after July 1, 1993, or, in the case of a new group, as of the initial effective date of the health benefit plan.

Unless otherwise permitted by this chapter, health carriers must not impose any underwriting restrictions, including any preexisting condition limitations or exclusions, on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained, provided that the health carrier may impose any unexpired portion of a preexisting condition limitation under the person's MCHA coverage. An MCHA enrollee is not a late entrant, so long as the enrollee has maintained continuous coverage.

Sec. 4. [62L.04] [COMPLIANCE REQUIREMENTS.]

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] Beginning July 1, 1993, health carriers participating in the small employer market must offer and make available any health benefit plan that they offer, including both of the small employer plans provided in section 62L.05, to all small employers who satisfy the small employer participation requirements specified in this chapter. Compliance with these requirements is required as of the first renewal date of any small employer group occurring after July 1, 1993. For new small employer business, compliance is required as of the first date of offering occurring after July 1, 1993.

Compliance with these requirements is required as of the first renewal date occurring after July 1, 1993, with respect to employees of a small employer who had been issued individual coverage prior to July 1, 1993, administered by the health carrier on a group basis. Notwithstanding any other law to the contrary, the health carrier shall terminate any individual coverage for employees of small employers who satisfy the small employer participation requirements specified in section 62L.03 and offer to replace it with a health benefit plan. If the employer elects not to purchase a health benefit plan, the health carrier must offer all covered employees and dependents individual coverage. Small employer and individual coverage provided under this subdivision must be without application of underwriting restrictions, provided continuous coverage is maintained.

Subd. 2. [NEW CARRIERS.] A health carrier entering the small employer market after July 1, 1993, shall begin complying with the requirements of this chapter as of the first date of offering of a health benefit plan to a small employer. A health carrier entering the small employer market after July 1, 1993, is considered to be a member of the health coverage reinsurance association as of the date of the health carrier's initial offer of a health benefit plan to a small employer.

Sec. 5. [62L.05] [SMALL EMPLOYER PLAN BENEFITS.]

Subdivision 1. [TWO SMALL EMPLOYER PLANS.] Each health carrier in the small employer market must make available to any

small employer both of the small employer plans described in subdivisions 2 and 3. Under subdivisions 2 and 3, coinsurance and deductibles do not apply to child health supervision services and prenatal services, as defined by section 62A.047. The maximum out-of-pocket costs for covered services must be $3,000 per individual and $6,000 per family per year. The maximum lifetime benefit must be $500,000. The out-of-pocket cost limits and the deductible amounts provided in subdivision 2 must be adjusted on July 1 every two years, based upon changes in the consumer price index, as of the end of the previous calendar year, as determined by the commissioner of commerce. Adjustments must be in increments of $50 and must not be made unless at least that amount of adjustment is required.

Subd. 2. [DEDUCTIBLE-TYPE SMALL EMPLOYER PLAN.] The benefits of the deductible-type small employer plan offered by a health carrier must be equal to 80 percent of the eligible charges for health care services, supplies, or other articles covered under the small employer plan, in excess of an annual deductible which must be $500 per individual and $1,000 per family.

Subd. 3. [COPAYMENT-TYPE SMALL EMPLOYER PLAN.] The benefits of the copayment-type small employer plan offered by a health carrier must be equal to 80 percent of the eligible charges for health care services, supplies, or other articles covered under the small employer plan, in excess of the following copayments:

(1) $15 per outpatient visit, other than to a hospital outpatient department or emergency room, urgent care center, or similar facility;

(2) $15 per day for the services of a home health agency or private duty registered nurse;

(3) $50 per outpatient visit to a hospital outpatient department or emergency room, urgent care center, or similar facility; and

(4) $300 per inpatient admission to a hospital.

Subd. 4. [BENEFITS.] The medical services and supplies listed in this subdivision are the benefits that must be covered by the small employer plans described in subdivisions 2 and 3:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care, or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

(2) physician and nurse practitioner services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X-rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services, as defined in sections 62A.041 and 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;

(11) ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);

(12) 60 hours per year of outpatient treatment of chemical dependency; and

(13) 50 percent of eligible charges for prescription drugs, up to a separate annual maximum out-of-pocket expense of $1,000 per individual for prescription drugs, and 100 percent of eligible charges thereafter.

Subd. 5. [PLAN VARIATIONS.] (a) No health carrier shall offer to a small employer a health benefit plan that differs from the two small employer plans described in subdivisions 1 to 4, unless the health benefit plan complies with all provisions of chapters 62A, 62C, 62D, 62E, 62H, and 64B that otherwise apply to the health carrier, except as expressly permitted by paragraph (b).

(b) As an exception to paragraph (a), a health benefit plan is deemed to be a small employer plan and to be in compliance with paragraph (a) if it differs from one of the two small employer plans

described in subdivisions 1 to 4 only by providing benefits in addition to those described in subdivision 4, provided that the health care benefit plan has an actuarial value that exceeds the actuarial value of the benefits described in subdivision 4 by no more than two percent. "Benefits in addition" means additional units of a benefit listed in subdivision 4 or one or more benefits not listed in subdivision 4.

Subd. 6. [CHOICE PRODUCTS EXCEPTION.] Nothing in subdivision 1 prohibits a health carrier from offering a small employer plan which provides for different benefit coverages based on whether the benefit is provided through a primary network of providers or through a secondary network of providers so long as the benefits provided in the primary network equal the benefit requirements of the small employer plan as described in this section. For purposes of products issued under this subdivision, out-of-pocket costs in the secondary network may exceed the out-of-pocket limits described in subdivision 1.

Subd. 7. [BENEFIT EXCLUSIONS.] No medical, hospital, or other health care benefits, services, supplies, or articles not expressly specified in subdivision 4 are required to be included in a small employer plan. Nothing in subdivision 4 restricts the right of a health carrier to restrict coverage to those services, supplies, or articles which are medically necessary. Health carriers may exclude a benefit, service, supply, or article not expressly specified in subdivision 4 from a small employer plan.

Subd. 8. [CONTINUATION COVERAGE.] Small employer plans must include the continuation of coverage provisions required by the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Public Law Number 99-272, as amended through December 31, 1991, and by state law.

Subd. 9. [DEPENDENT COVERAGE.] Other state law and rules applicable to health plan coverage of newborn infants, dependent children who do not reside with the eligible employee, handicapped children and dependents, and adopted children apply to a small employer plan. Health benefit plans that provide dependent coverage must define "dependent" no more restrictively than the definition provided in section 62L.02.

Subd. 10. [MEDICAL EXPENSE REIMBURSEMENT.] Health carriers may reimburse or pay for medical services, supplies, or articles provided under a small employer plan in accordance with the health carrier's provider contract requirements including, but not limited to, salaried arrangements, capitation, the payment of usual and customary charges, fee schedules, discounts from fee-for-service, per diems, diagnostic-related groups (DRGs), and other payment arrangements. Nothing in this chapter requires a health carrier to develop, implement, or change its provider contract

requirements for a small employer plan. Coinsurance, deductibles, out-of-pocket maximums, and maximum lifetime benefits must be calculated and determined in accordance with each health carrier's standard business practices.

Subd. 11. [PLAN DESIGN.] Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer small employer plans through any provider arrangement, including, but not limited to, the use of open, closed, or limited provider networks. A health carrier may only use product and network designs currently allowed under existing statutory requirements. The provider networks offered by any health carrier may be specifically designed for the small employer market and may be modified at the carrier's election so long as all otherwise applicable regulatory requirements are met. Health carriers may use professionally recognized provider standards of practice when they are available, and may use utilization management practices otherwise permitted by law, including, but not limited to, second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management, and discharge planning. A health carrier may contract with groups of providers with respect to health care services or benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a small employer plan.

Subd. 12. [DEMONSTRATION PROJECTS.] Nothing in this chapter prohibits a health maintenance organization from offering a demonstration project authorized under section 62D.30. The commissioner of health may approve a demonstration project which offers benefits that do not meet the requirements of a small employer plan if the commissioner finds that the requirements of section 62D.30 are otherwise met.

Sec. 6. [62L.06] [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]

When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:

(1) the case characteristics and other rating factors used to determine initial and renewal rates;

(2) the extent to which premium rates for a small employer are established or adjusted based upon actual or expected variation in claim experience;

(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;

(4) provisions relating to renewability of coverage;

(5) the use and effect of any preexisting condition provisions, if permitted; and

(6) the application of any provider network limitations and their effect on eligibility for benefits.

Sec. 7. [62L.07] [SMALL EMPLOYER REQUIREMENTS.]

Subdivision 1. [VERIFICATION OF ELIGIBILITY.] Health benefit plans must require that small employers offering a health benefit plan maintain information verifying the continuing eligibility of the employer, its employees, and their dependents, and provide the information to health carriers on a quarterly basis or as reasonably requested by the health carrier.

Subd. 2. [WAIVERS.] Health benefit plans must require that small employers offering a health benefit plan maintain written documentation of a waiver of coverage by an eligible employee or dependent and provide the documentation to the health carrier upon reasonable request.

Sec. 8. [62L.08] [RESTRICTIONS RELATING TO PREMIUM RATES.]

Subdivision 1. [RATE RESTRICTIONS.] Premium rates for all health benefit plans sold or issued to small employers are subject to the restrictions specified in this section.

Subd. 2. [GENERAL PREMIUM VARIATIONS.] Beginning July 1, 1993, each health carrier must offer premium rates to small employers that are no more than 25 percent above and no more than 25 percent below the index rate charged to small employers for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this subdivision must be based only on health status, claims experience, industry of the employer, and duration of coverage from the date of issue. For purposes of this subdivision, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined to be actuarially valid and approved by the commissioner of commerce.

Subd. 3. [AGE-BASED PREMIUM VARIATIONS.] Beginning July 1, 1993, each health carrier may offer premium rates to small employers that vary based upon the ages of the eligible employees and dependents of the small employer only as provided in this subdivision. In addition to the variation permitted by subdivision 2,

each health carrier may use an additional premium variation based upon age of up to plus or minus 50 percent of the index rate.

Subd. 4. [GEOGRAPHIC PREMIUM VARIATIONS.] A health carrier may request approval by the commissioner to establish no more than three geographic regions and to establish separate index rates for each region, provided that the index rates do not vary between regions by more than five percent. The commissioner may grant approval if the following conditions are met:

(1) the geographic regions must be applied uniformly by the health carrier;

(2) the geographic regions are based on the seven-county metropolitan area, urban regions located outside the seven-county metropolitan area, and rural regions; and

(3) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

Subd. 5. [GENDER-BASED RATES PROHIBITED.] Beginning July 1, 1993, no health carrier may determine premium rates through a method that is in any way based upon the gender of eligible employees or dependents.

Subd. 6. [RATE CELLS PERMITTED.] Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based on the number of adults and children covered under the policy and may reflect the availability of Medicare coverage.

Subd. 7. [INDEX AND PREMIUM RATE DEVELOPMENT.] In developing its index rates and premiums, a health carrier may take into account only the following factors:

(1) actuarially valid differences in benefit designs of health benefit plans;

(2) actuarially valid differences in the rating factors permitted in subdivisions 2 and 3;

(3) actuarially valid geographic variations if approved by the commissioner as provided in subdivision 4.

Subd. 8. [FILING REQUIREMENT.] No later than July 1, 1993, and each year thereafter, a health carrier that offers, sells, issues, or renews a health benefit plan for small employers shall file with the commissioner of commerce the index rates and must demonstrate

that all rates shall be within the rating restrictions defined in this chapter. Such demonstration must include the allowable range of rates from the index rates and a description of how the health carrier intends to use demographic factors including case characteristics in calculating the premium rates.

Subd. 9. [EFFECT OF ASSESSMENTS.] Premium rates must comply with the rating requirements of this section, notwithstanding the imposition of any assessments or premiums paid by health carriers as provided under sections 62L.13 to 62L.22.

Subd. 10. [RATING REPORT.] Beginning January 1, 1995, and annually thereafter, the commissioners of health and commerce shall provide a joint report to the legislature on the effect of the rating restrictions required by this section and the appropriateness of proceeding with additional rate reform. Each report must include an analysis of the availability of health care coverage due to the rating reform, the equitable and appropriate distribution of risk and associated costs, the effect on the self-insurance market, and any resulting or anticipated change in health plan design and market share and availability of health carriers.

Sec. 9. [62L.09] [CESSATION OF SMALL EMPLOYER BUSINESS.]

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the following activities:

(1) the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines; or

(2) the inability of any health carrier to offer or renew a health benefit plan because it has given notice to the commissioner that it will not have the capacity within a specific provider site under contract to or owned by the health carrier to adequately deliver services to the enrollees, insureds, or subscribers of health benefit plans. Any health carrier that ceases to offer a particular provider site to the small employer market must also cease to offer that provider site to new groups other than small employers for any of its products.

Subd. 2. [NOTICE TO EMPLOYERS.] A health carrier electing to cease doing business in the small employer market shall provide 120 days' written notice to each small employer covered by a health benefit plan issued by the health carrier. A health carrier that ceases to write new business in the small employer market shall

continue to be governed by this chapter with respect to continuing small employer business conducted by the carrier.

Subd. 3. [REENTRY PROHIBITION.] A health carrier that ceases to do business in the small employer market after July 1, 1993, is prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the commissioner. This subdivision applies to any health maintenance organization that ceases to do business in the small employer market in one service area with respect to that service area only. Nothing in this subdivision prohibits an affiliated health maintenance organization from continuing to do business in the small employer market in that same service area.

Subd. 4. [CONTINUING ASSESSMENT LIABILITY.] A health carrier that ceases to do business in the small employer market remains liable for assessments levied by the association as provided in section 62L.22.

Sec. 10. [62L.10] [SUPERVISION BY COMMISSIONER.]

Subdivision 1. [REPORTS.] A health carrier doing business in the small employer market shall file by April 1 of each year an annual actuarial opinion with the commissioner of commerce certifying that the health carrier complied with the underwriting and rating requirements of this chapter during the preceding year and that the rating methods used by the health carrier were actuarially sound. A health carrier shall retain a copy of the opinion at its principal place of business.

Subd. 2. [RECORDS.] A health carrier doing business in the small employer market shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

Subd. 3. [SUBMISSIONS TO COMMISSIONER.] Subsequent to the annual filing, the commissioner of commerce may request information and documentation from a health carrier describing its rating practices and renewal underwriting practices, including information and documentation that demonstrates that a health carrier's rating methods and practices are in accordance with sound actuarial principles and the requirements of this chapter. Except in cases of violations of this chapter or of another chapter, information received by the commissioner as provided under this subdivision is nonpublic.

Subd. 4. [REVIEW OF PREMIUM RATES.] The commissioner shall regulate premium rates charged or proposed to be charged by

all health carriers in the small employer market under section 62A.02.

Subd. 5. [TRANSITIONAL PRACTICES.] The commissioner of commerce shall disapprove index rates, premium variations, or other practices of a health carrier if they violate the spirit of this chapter and are the result of practices engaged in by the health carrier between the date of final enactment of this act and July 1, 1993, where the practices engaged in were carried out for the purpose of evading the spirit of this chapter.

Sec. 11. [62L.11] [PENALTIES AND ENFORCEMENT.]

Subdivision 1. [DISCIPLINARY PROCEEDINGS.] The commissioner may, by order, suspend or revoke a health carrier's license or certificate of authority and impose a monetary penalty not to exceed $25,000 for each violation of this chapter, including the failure to pay an assessment required by section 62L.22. The notice, hearing, and appeal procedures specified in section 60A.051 or 62D.16, as appropriate, apply to the order. The order is subject to judicial review as provided under chapter 14.

Subd. 2. [ENFORCEMENT POWERS.] The commissioners of health and commerce each has for purposes of this chapter all of each commissioner's respective powers under other chapters that are applicable to their respective duties under this chapter.

Sec. 12. [62L.12] [PROHIBITED PRACTICES.]

Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] A health carrier operating in the small employer market shall not knowingly offer, issue, or renew an individual policy, subscriber contract, or certificate to an eligible employee or dependent of a small employer that meets the minimum participation requirements defined in section 62L.03, subdivision 3, except as authorized under subdivision 2.

Subd. 2. [EXCEPTIONS.] (a) A health carrier may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage under section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) A health carrier may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) A health carrier may sell, issue, or renew conversion policies under section 62E.16 to eligible employees and dependents.

(d) A health carrier may sell, issue, or renew individual continuation policies to eligible employees and dependents as required.

(e) A health carrier may sell, issue, or renew individual coverage if the coverage is appropriate due to an unexpired preexisting condition limitation or exclusion applicable to the person under the employer's group coverage or due to the person's need for health care services not covered under the employer's group policy.

(f) A health carrier may sell, issue, or renew an individual policy, with the prior consent of the commissioner, if the individual has elected to buy the individual coverage not as part of a general plan to substitute individual coverage for group coverage nor as a result of any violation of subdivision 3 or 4.

(g) Nothing in this subdivision relieves a health carrier of any obligation to provide continuation or conversion coverage otherwise required under federal or state law.

Subd. 3. [AGENT'S LICENSURE.] An agent licensed under chapter 60A or section 62C.17 who knowingly and willfully breaks apart a small group for the purpose of selling individual policies to eligible employees and dependents of a small employer that meets the participation requirements of section 62L.03, subdivision 3, is guilty of an unfair trade practice and subject to the revocation or suspension of license under section 60A.17, subdivision 6c, or 62C.17. The action must be by order and subject to the notice, hearing, and appeal procedures specified in section 60A.17, subdivision 6d. The action of the commissioner is subject to judicial review as provided under chapter 14.

Subd. 4. [EMPLOYER PROHIBITION.] A small employer shall not encourage or direct an employee or applicant to:

(1) refrain from filing an application for health coverage when other similarly situated employees may file an application for health coverage;

(2) file an application for health coverage during initial eligibility for coverage, the acceptance of which is contingent on health status, when other similarly situated employees may apply for health coverage, the acceptance of which is not contingent on health status;

(3) seek coverage from another carrier, including, but not limited to, MCHA; or

(4) cause coverage to be issued on different terms because of the

health status or claims experience of that person or the person's dependents.

Subd. 5. [SALE OF OTHER PRODUCTS.] A health carrier shall not condition the offer, sale, issuance, or renewal of a health benefit plan on the purchase by a small employer of other insurance products offered by the health carrier or a subsidiary or affiliate of the health carrier, including, but not limited to, life, disability, property, and general liability insurance. This prohibition does not apply to insurance products offered as a supplement to a health maintenance organization plan, including, but not limited to, supplemental benefit plans under section 62D.05, subdivision 6. This prohibition does not apply to accidental death or dismembership coverage up to $15,000 included in a health benefit plan other than a small employer plan.

Sec. 13. [62L.13] [REINSURANCE ASSOCIATION.]

Subdivision 1. [CREATION.] The health coverage reinsurance association is established as a nonprofit corporation. All health carriers in the small employer market shall be and remain members of the association as a condition of their authority to transact business.

Subd. 2. [PURPOSE.] The association is established to provide for the fair and equitable transfer of risk associated with participation by a health carrier in the small employer market to a private reinsurance pool established and maintained by the association.

Subd. 3. [EXEMPTIONS.] The association, its transactions, and all property owned by it are exempt from taxation under the laws of this state or any of its subdivisions, including, but not limited to, income tax, sales tax, use tax, and property tax. The association may seek exemption from payment of all fees and taxes levied by the federal government. Except as otherwise provided in this chapter, the association is not subject to the provisions of chapters 13, 14, 60A, 62A to 62H, and section 471.705. The association is not a public employer and is not subject to the provisions of chapters 179A and 353. Health carriers who are members of the association are exempt from the provisions of sections 325D.49 to 325D.66 in the performance of their duties as members of the association.

Subd. 4. [POWERS OF ASSOCIATION.] The association may exercise all of the powers of a corporation formed under chapter 317A, including, but not limited to, the authority to:

(1) establish operating rules, conditions, and procedures relating to the reinsurance of members' risks;

(2) assess members in accordance with the provisions of this

section and to make advance interim assessments as may be reasonable and necessary for organizational and interim operating expenses;

(3) sue and be sued, including taking any legal action necessary to recover any assessments;

(4) enter into contracts necessary to carry out the provisions of this chapter;

(5) establish operating, administrative, and accounting procedures for the operation of the association; and

(6) borrow money against the future receipt of premiums and assessments up to the amount of the previous year's assessment, with the prior approval of the commissioner.

The provisions of this chapter govern if the provisions of chapter 317A conflict with this chapter. The association shall adopt bylaws and shall be governed in accordance with this chapter and chapter 317A.

Subd. 5. [SUPERVISION BY COMMISSIONER.] The commissioner of commerce shall supervise the association in accordance with this chapter. The commissioner of commerce may examine the association. The association's reinsurance policy forms, its contracts, its premium rates, and its assessments are subject to the approval of the commissioner of commerce. The association shall notify the commissioner of all association or board meetings, and the commissioner or the commissioner's designee may attend all association or board meetings. The association shall file an annual report with the commissioner on or before July 1 of each year, beginning July 1, 1994, describing its activities during the preceding calendar year. The report must include a financial report and a summary of claims paid by the association. The annual report must be available for public inspection.

Sec. 14. [62L.14] [BOARD OF DIRECTORS.]

Subdivision 1. [COMPOSITION OF BOARD.] The association shall exercise its powers through a board of 13 directors. Four members must be public members appointed by the commissioner. The public members must not be employees of or otherwise affiliated with any member of the association. The nonpublic members of the board must be representative of the membership of the association and must be officers, employees, or directors of the members during their term of office. No member of the association may have more than three members of the board. Directors are automatically removed if they fail to satisfy this qualification.

Subd. 2. [ELECTION OF BOARD.] On or before July 1, 1992, the commissioner shall appoint an interim board of directors of the association who shall serve through the first annual meeting of the members and for the next two years. Except for the public members, the commissioner's initial appointments must be equally apportioned among the following three categories: accident and health insurance companies, nonprofit health service plan corporations, and health maintenance organizations. Thereafter, members of the association shall elect the board of directors in accordance with this chapter and the bylaws of the association, subject to approval by the commissioner. Members of the association may vote in person or by proxy. The public members shall continue to be appointed by the commissioner.

Subd 3. [TERM OF OFFICE.] The first annual meeting must be held by December 1, 1992. After the initial two-year period, each director shall serve a three-year term, except that the board shall make appropriate arrangements to stagger the terms of the board members so that approximately one-third of the terms expire each year. Each director shall hold office until expiration of the director's term or until the director's successor is duly elected or appointed and qualified, or until the director's death, resignation, or removal.

Subd. 4. [RESIGNATION AND REMOVAL.] A director may resign at any time by giving written notice to the commissioner. The resignation takes effect at the time the resignation is received unless the resignation specifies a later date. A nonpublic director may be removed at any time, with cause, by the members.

Subd. 5. [QUORUM.] A majority of the members of the board of directors constitutes a quorum for the transaction of business. If a vacancy exists by reason of death, resignation, or otherwise, a majority of the remaining directors constitutes a quorum.

Subd. 6. [DUTIES OF DIRECTORS.] The board of directors shall adopt or amend the association's bylaws. The bylaws may contain any provision for the purpose of administering the association that is not inconsistent with this chapter. The board shall manage the association in furtherance of its purposes and as provided in its bylaws. On or before January 1, 1993, the board or the interim board shall develop a plan of operation and reasonable operating rules to assure the fair, reasonable, and equitable administration of the association. The plan of operation must include the development of procedures for selecting an administering carrier, establishment of the powers and duties of the administering carrier, and establishment of procedures for collecting assessments from members, including the imposition of interest penalties for late payments of assessments. The plan of operation must be submitted to the commissioner for review and must be submitted to the members for approval at the first meeting of the members. The board of directors

may subsequently amend, change, or revise the plan of operation without approval by the members.

Subd. 7. [COMPENSATION.] Members of the board may be reimbursed by the association for reasonable and necessary expenses incurred by them in performing their duties as directors, but shall not otherwise be compensated by the association for their services.

Subd. 8. [OFFICERS.] The board may elect officers and establish committees as provided in the bylaws of the association. Officers have the authority and duties in the management of the association as prescribed by the bylaws and determined by the board of directors.

Subd. 9. [MAJORITY VOTE.] Approval by a majority of the board members present is required for any action of the board. The majority vote must include one vote from a board member representing an accident and health insurance company, one vote from a board member representing a health service plan corporation, one vote from a board member representing a health maintenance organization, and one vote from a public member.

Sec. 15. [62L.15] [MEMBERS.]

Subdivision 1. [ANNUAL MEETING.] The association shall conduct an annual meeting of the members of the association for the purpose of electing directors and transacting any other appropriate business of the membership of the association. The board shall determine the date, time, and place of the annual meeting. The association shall conduct its first annual member meeting on or before December 1, 1992.

Subd. 2. [SPECIAL MEETINGS.] Special meetings of the members must be held whenever called by any three of the directors. At least two categories must be represented among the directors calling a special meeting of the members. The categories are accident and health insurance companies, nonprofit health service plan corporations, and health maintenance organizations. Special meetings of the members must be held at a time and place designated in the notice of the meeting.

Subd. 3. [MEMBER VOTING.] Each member has an equal vote.

Subd. 4. [INITIAL MEMBER MEETING.] At least 60 days before the first annual meeting of the members, the commissioner shall give written notice to all members of the time and place of the member meeting. The members shall elect directors representing the members, approve the initial plan of operation of the association, and transact any other appropriate business of the membership of the association.

Subd. 5. [MEMBER COMPLIANCE.] All members shall comply with the provisions of this chapter, the association's bylaws, the plan of operation developed by the board of directors, and any other operating, administrative, or other procedures established by the board of directors for the operation of the association. The board may request the commissioner to secure compliance with this chapter through the use of any enforcement action otherwise available to the commissioner.

Sec. 16. [62L.16] [ADMINISTRATION OF ASSOCIATION.]

Subdivision 1. [ADMINISTERING CARRIER.] The association shall contract with a qualified health carrier to operate and administer the association. If there is no available qualified health carrier, or in the event of a termination under subdivision 2, the association may directly operate and administer the reinsurance program. The administering carrier shall perform all administrative functions required by this chapter. The board of directors shall develop administrative functions required by this chapter and written criteria for the selection of an administering carrier. The administering carrier must be selected by the board of directors, subject to approval by the commissioner.

Subd. 2. [TERM.] The administering carrier shall serve for a period of three years, unless the administering carrier requests the termination of its contract and the termination is approved by the board of directors. The board of directors shall approve or deny a request to terminate within 90 days of its receipt after consultation with the commissioner. A failure to make a final decision on a request to terminate within 90 days is considered an approval.

Subd. 3. [DUTIES OF ADMINISTERING CARRIER.] The association shall enter into a written contract with the administering carrier to carry out its duties and responsibilities. The administering carrier shall perform all administrative functions required by this chapter including the:

(1) preparation and submission of an annual report to the commissioner;

(2) preparation and submission of monthly reports to the board of directors;

(3) calculation of all assessments and the notification thereof of members;

(4) payment of claims to health carriers following the submission by health carriers of acceptable claim documentation; and

(5) provision of claim reports to health carriers as determined by the board of directors.

Subd. 4. [BID PROCESS.] The association shall issue a request for proposal for administration of the reinsurance association and shall solicit responses from health carriers participating in the small employer market and from other qualified insurers and reinsurers. Methods of compensation of the administrator must be a part of the bid process. The administering carrier shall substantiate its cost reports consistent with generally accepted accounting principles.

Subd. 5. [AUDITS.] The board of directors may conduct periodic audits to verify the accuracy of financial data and reports submitted by the administering carrier.

Subd. 6. [RECORDS OF ASSOCIATION.] The association shall maintain appropriate records and documentation relating to the activities of the association. All individual patient-identifying claims data and information are confidential and not subject to disclosure of any kind, except that a health carrier shall have access upon request to individual claims data relating to eligible employees and dependents covered by a health benefit plan issued by the health carrier. All records, documents, and work product prepared by the association or by the administering carrier for the association are the property of the association. The commissioner shall have access to the data for the purposes of carrying out the supervisory functions provided for in this chapter.

Sec. 17. [62L.17] [PARTICIPATION IN THE REINSURANCE ASSOCIATION.]

Subdivision 1. [MINIMUM STANDARDS.] The board of directors or the interim board shall establish minimum claim processing and managed care standards which must be met by a health carrier in order to reinsure business.

Subd. 2. [PARTICIPATION.] A health carrier may elect to not participate in the reinsurance association through transferring risk only after filing an application with the commissioner of commerce. The commissioner may approve the application after consultation with the board of directors. In determining whether to approve an application, the commissioner shall consider whether the health carrier meets the following standards:

(1) demonstration by the health carrier of a substantial and established market presence;

(2) demonstrated experience in the small group market and history of rating and underwriting small employer groups;

(3) commitment to comply with the requirements of this chapter for small employers in the state or its service area; and

(4) financial ability to assume and manage the risk of enrolling small employer groups without the protection of the reinsurance.

Initial application for nonparticipation must be filed with the commissioner no later than October 15, 1992. The commissioner shall make the determination and notify the carrier no later than November 15, 1992.

Subd. 3. [LENGTH OF PARTICIPATION.] A health carrier's initial election is for a period of two years. Subsequent elections of participation are for five-year periods.

Subd. 4. [APPEAL.] A health carrier whose application for nonparticipation has been rejected by the commissioner may appeal the decision. The association may also appeal a decision of the commissioner, if approved by a two-thirds majority of the board. Chapter 14 applies to all appeals.

Subd. 5. [ANNUAL CERTIFICATION.] A health carrier that has received approval to not participate in the reinsurance association shall annually certify to the commissioner on or before December 1 that it continues to meet the standards described in subdivision 2.

Subd. 6. [SUBSEQUENT ELECTION.] Election to participate in the reinsurance association must occur on or before December 31 of each year. If after a period of nonparticipation, the nonparticipating health carrier subsequently elects to participate in the reinsurance association, the health carrier retains the risk it assumed when not participating in the association.

If a participating health carrier subsequently elects to not participate in the reinsurance association, the health carrier shall cease reinsuring through the association all of its small employer business and is liable for any assessment described in section 62L.22 which has been prorated based on the business covered by the reinsurance mechanism during the year of the assessment.

Subd. 7. [ELECTION MODIFICATION.] The commissioner, after consultation with the board, may authorize a health carrier to modify its election to not participate in the association at any time, if the risk from the carrier's existing small employer business jeopardizes the financial condition of the health carrier. If the commissioner authorizes a health carrier to participate in the association, the health carrier shall retain the risk it assumed while not participating in the association. This election option may not be exercised if the health carrier is in rehabilitation.

Sec. 18. [62L.18] [CEDING OF RISK.]

Subdivision 1. [PROSPECTIVE CEDING.] For health benefit plans issued on or after July 1, 1993, all health carriers participating in the association may prospectively reinsure an employee or dependent within a small employer group and entire employer groups of seven or fewer eligible employees. A health carrier must determine whether to reinsure an employee or dependent or entire group within 60 days of the commencement of the coverage of the small employer and must notify the association during that time period.

Subd. 2. [ELIGIBILITY FOR REINSURANCE.] A health carrier may not reinsure existing small employer business through the association. A health carrier may reinsure an employee or dependent who previously had coverage from MCHA who is now eligible for coverage through the small employer group at the time of enrollment as defined in section 62L.03, subdivision 6. A health carrier may not reinsure individuals who have existing individual health care coverage with that health carrier upon replacement of the individual coverage with group coverage as provided in section 62L.04, subdivision 1.

Subd. 3. [REINSURANCE TERMINATION.] A health carrier may terminate reinsurance through the association for an employee or dependent or entire group on the anniversary date of coverage for the small employer. If the health carrier terminates the reinsurance, the health carrier may not subsequently reinsure the individual or entire group.

Subd. 4. [CONTINUING CARRIER RESPONSIBILITY.] A health carrier transferring risk to the association is completely responsible for administering its health benefit plans. A health carrier shall apply its case management and claim processing techniques consistently between reinsured and nonreinsured business. Small employers, eligible employees, and dependents shall not be notified that the health carrier has reinsured their coverage through the association.

Sec. 19. [62L.19] [ALLOWED REINSURANCE BENEFITS.]

A health carrier may reinsure through the association only those benefits described in section 62L.05.

Sec. 20. [62L.20] [TRANSFER OF RISK.]

Subdivision 1. [REINSURANCE THRESHOLD.] A health carrier participating in the association may transfer up to 90 percent of the risk above a reinsurance threshold of $5,000 of eligible charges resulting from issuance of a health benefit plan to an eligible employee or dependent of a small employer group whose risk has

been prospectively ceded to the association. If the eligible charges exceed $50,000, a health carrier participating in the association may transfer 100 percent of the risk each policy year not to exceed 12 months.

Satisfaction of the reinsurance threshold must be determined by the board of directors based on eligible charges. The board may establish an audit process to assure consistency in the submission of charge calculations by health carriers to the association.

Subd. 2. [CONVERSION FACTORS.] The board shall establish a standardized conversion table for determining equivalent charges for health carriers that use alternative provider reimbursement methods. If a health carrier establishes to the board that the carrier's conversion factor is equivalent to the association's standardized conversion table, the association shall accept the health carrier's conversion factor.

Subd. 3. [BOARD AUTHORITY.] The board shall establish criteria for changing the threshold amount or retention percentage. The board shall review the criteria on an annual basis. The board shall provide the members with an opportunity to comment on the criteria at the time of the annual review.

Subd. 4. [NOTIFICATION OF TRANSFER OF RISK.] A participating health carrier must notify the association, within 90 days of receipt of proof of loss, of satisfaction of a reinsurance threshold. After satisfaction of the reinsurance threshold, a health carrier continues to be liable to its providers, eligible employees, and dependents for payment of claims in accordance with the health carrier's health benefit plan. Health carriers shall not pend or delay payment of otherwise valid claims due to the transfer of risk to the association.

Subd. 5. [PERIODIC STUDIES.] The board shall, on a biennial basis, prepare and submit a report to the commissioner of commerce on the effect of the reinsurance association on the small employer market. The first study must be presented to the commissioner no later than January 1, 1995, and must specifically address whether there has been disruption in the small employer market due to unnecessary churning of groups for the purpose of obtaining reinsurance and whether it is appropriate for health carriers to transfer the risk of their existing small group business to the reinsurance association. After two years of operation, the board shall study both the effect of ceding both individuals and entire small groups of seven or fewer eligible employees to the reinsurance association and the composition of the board and determine whether the initial appointments reflect the types of health carriers participating in the reinsurance association and whether the voting power of members of the association should be weighted and recommend any necessary changes.

Sec. 21. [62L.21] [REINSURANCE PREMIUMS.]

Subdivision 1. [MONTHLY PREMIUM.] A health carrier ceding an individual to the reinsurance association shall be assessed a monthly reinsurance coverage premium that is 5.0 times the adjusted average market price. A health carrier ceding an entire group to the reinsurance association shall be assessed a monthly reinsurance coverage premium that is 1.5 times the adjusted average market price. The adjusted average market premium price must be established by the board of directors in accordance with its plan of operation. The board may consider benefit levels in establishing the reinsurance coverage premium.

Subd. 2. [ADJUSTMENT OF PREMIUM RATES.] The board of directors shall establish operating rules to allocate adjustments to the reinsurance premium charge of no more than minus 25 percent of the monthly reinsurance premium for health carriers that can demonstrate administrative efficiencies and cost-effective handling of equivalent risks. The adjustment must be made annually on a retrospective basis. The operating rules must establish objective and measurable criteria which must be met by a health carrier in order to be eligible for an adjustment. These criteria must include consideration of efficiency attributable to case management, but not consideration of such factors as provider discounts.

Subd. 3. [LIABILITY FOR PREMIUM.] A health carrier is liable for the cost of the reinsurance premium and may not directly charge the small employer for the costs. The reinsurance premium may be reflected only in the rating factors permitted in section 62L.08, as provided in section 62L.08, subdivision 10.

Sec. 22. [62L.22] [ASSESSMENTS.]

Subdivision 1. [ASSESSMENT BY BOARD.] For the purpose of providing the funds necessary to carry out the purposes of the association, the board of directors shall assess members as provided in subdivisions 2, 3, and 4 at the times and for the amounts the board of directors finds necessary. Assessments are due and payable on the date specified by the board of directors, but not less than 30 days after written notice to the member. Assessments accrue interest at the rate of six percent per year on or after the due date.

Subd. 2. [INITIAL CAPITALIZATION.] The interim board of directors shall determine the initial capital operating requirements for the association. The board shall assess each licensed health carrier $100 for the initial capital requirements of the association. The assessment is due and payable no later than January 1, 1993.

Subd. 3. [RETROSPECTIVE ASSESSMENT.] On or before July 1 of each year, the administering carrier shall determine the association's net loss, if any, for the previous calendar year, the program

expenses of administration, and other appropriate gains and losses. If reinsurance premium charges are not sufficient to satisfy the operating and administrative expenses incurred or estimated to be incurred by the association, the board of directors shall assess each member participating in the association in proportion to each member's respective share of the total insurance premiums, subscriber contract payments, health maintenance organization payments, and other health benefit plan revenue derived from or on behalf of small employers during the preceding calendar year. The assessments must be calculated by the board of directors based on annual statements and other reports considered necessary by the board of directors and filed by members with the association. The amount of the assessment shall not exceed four percent of the member's small group market premium. In establishing this assessment, the board shall consider a formula based on total small employer premiums earned and premiums earned from newly issued small employer plans. A member's assessment may not be reduced or increased by more than 50 percent as a result of using that formula, which includes a reasonable cap on assessments on any premium category or premium classification. The board of directors may provide for interim assessments as it considers necessary to appropriately carry out the association's responsibilities. The board of directors may establish operating rules to provide for changes in the assessment calculation.

Subd. 4. [ADDITIONAL ASSESSMENTS.] If the board of directors determines that the retrospective assessment formula described in subdivision 3 is insufficient to meet the obligations of the association, the board of directors shall assess each member not participating in the reinsurance association, but which is providing health plan coverage in the small employer market, in proportion to each member's respective share of the total insurance premiums, subscriber contract payments, health maintenance organization payments, and other health benefit plan revenue derived from or on behalf of small employers during the preceding calendar year. The assessment must be calculated by the board of directors based on annual statements and other reports considered necessary by the board of directors and filed by members with the association. The amount of the assessment may not exceed one percent of the member's small group market premium. Members who paid the retrospective assessment described in subdivision 3 are not subject to the additional assessment.

If the additional assessment is insufficient to meet the obligations of the association, the board of directors may assess members participating in the association who paid the retrospective assessment described in subdivision 3 up to an additional one percent of the member's small group market premium.

Subd. 5. [ABATEMENT OR DEFERMENT.] The association may abate or defer, in whole or in part, the retrospective assessment of a

member if, in the opinion of the commissioner, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations or the member is placed under an order of rehabilitation, liquidation, receivership, or conservation by a court of competent jurisdiction. In the event that a retrospective assessment against a member is abated or deferred, in whole or in part, the amount by which the assessment is abated or deferred may be assessed against other members in accordance with the methodology specified in subdivisions 3 and 4.

Subd. 6. [REFUND.] The board of directors may refund to members, in proportion to their contributions, the amount by which the assets of the association exceed the amount the board of directors finds necessary to carry out its responsibilities during the next calendar year. A reasonable amount may be retained to provide funds for the continuing expenses of the association and for future losses.

Subd. 7. [APPEALS.] A health carrier may appeal to the commissioner of commerce within 30 days of notice of an assessment by the board of directors. A final action or order of the commissioner is subject to judicial review in the manner provided in chapter 14.

Subd. 8. [LIABILITY FOR ASSESSMENT.] Employer liability for other costs of a health carrier resulting from assessments made by the association under this section are limited by the rate spread restrictions specified in section 62L.08.

Sec. 23. [62L.23] [LOSS RATIO STANDARDS.]

Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, each policy or contract form used with respect to a health benefit plan offered, or issued in the small employer market, is subject, beginning July 1, 1993, to section 62A.021.

Sec. 24. [COMMISSIONER OF COMMERCE STUDY.]

The commissioner of commerce shall study and provide a written report and recommendations to the legislature that analyze the effects of this article and future measures that the legislature could enact to achieve the purpose set forth in section 62L.01, subdivision 3. The commissioner shall study, report, and make recommendations on the following:

(1) the effects of this article on availability of coverage, average premium rates, variations in premium rates, the number of uninsured and underinsured residents of this state, the types of health benefit plans chosen by employers, and other effects on the market for health benefit plans for small employers;

(2) the desirability and feasibility of achieving the goal stated in section 62L.01, subdivision 3, in the small employer market by means of the following timetable:

(i) as of July 1, 1994, a reduction of the age rating bands to 30 percent on each side of the index rate, accompanied by a proportional reduction of the general premium rating bands to 15 percent on each side of the index rate;

(ii) as of July 1, 1995, a reduction in the bands described in the preceding clause to 20 percent and ten percent respectively;

(iii) as of July 1, 1996, a reduction in the bands referenced in the preceding clause to ten percent and five percent respectively; and

(iv) as of July 1, 1997, a ban on all rating bands; and

(3) Any other aspects of the small employer market considered relevant by the commissioner.

The commissioner shall file the written report and recommendations with the legislature no later than December 1, 1993.

Sec. 25. [EFFECTIVE DATES.]

Sections 1 to 12 and 23 are effective July 1, 1993. Sections 13 to 22 are effective the day following final enactment.

ARTICLE 3

INSURANCE REFORM: INDIVIDUAL MARKET AND MISCELLANEOUS

Section 1. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 11. [NAME.] Effective July 1, 1993, the name of the public employees insurance plan shall be the pooled employers insurance program. The pooled employers insurance program, as described in section 43A.317, is a continuation and expansion of the public employees insurance plan.

Sec. 2. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 12. [ELIGIBILITY AND COVERAGE.] Notwithstanding any contrary provision of section 43A.317, any group enrolled in the public employees insurance plan for a term extending beyond June 30, 1993, will become covered by the pooled employers insurance

program pursuant to the terms of the group's participation agreement with the public employees insurance plan. The commissioner of employee relations may provide such a group the option to convert to alternative coverage if available through the pooled employers insurance program. Upon the expiration of the group's participating agreement with the public employees insurance plan, the group may enroll in the pooled employers insurance program under section 43A.317, provided the group continues to meet the eligibility criteria that existed on June 30, 1993.

Sec. 3. Minnesota Statutes 1990, section 43A.316, is amended by adding a subdivision to read:

Subd. 13. [TRUST FUND.] Effective July 1, 1993, all assets and obligations of the public employees insurance trust fund are transferred to the pooled employers insurance trust fund, as described in section 43A.317, subdivision 9.

Sec. 4. [43A.317] [POOLED EMPLOYERS INSURANCE PROGRAM.]

Subdivision 1. [INTENT.] The legislature finds that the creation of a statewide program to provide employers with the advantages of a large pool for insurance purchasing would advance the welfare of the citizens of the state.

Subd. 2. [DEFINITIONS.] (a) [SCOPE.] For the purposes of this section, the terms defined have the meaning given them.

(b) [COMMISSIONER.] "Commissioner" means the commissioner of employee relations.

(c) [ELIGIBLE EMPLOYEE.] "Eligible employee" means an employee eligible to participate in the program under the terms described in subdivision 6.

(d) [ELIGIBLE EMPLOYER.] "Eligible employer" means an employer eligible to participate in the program under the terms described in subdivision 5.

(e) [ELIGIBLE INDIVIDUAL.] "Eligible individual" means a person eligible to participate in the program under the terms described in subdivision 6.

(f) [EMPLOYEE.] "Employee" means a common law employee of an eligible employer.

(g) [EMPLOYER.] "Employer" means a public or private person, firm, corporation, partnership, association, unit of local government,

or other entity actively engaged in business or public services. "Employer" includes both for-profit and nonprofit entities.

(h) [PROGRAM.] "Program" means the pooled employers insurance program created by this section.

(i) [PUBLIC EMPLOYER.] "Public employer" means an employer within the definition of section 179A.03, subdivision 15, that is a town, county, city, or school district as defined in section 120.02; educational cooperative service unit as defined in section 123.58; intermediate district as defined in section 136C.02, subdivision 7; cooperative center for vocational education as defined in section 123.351; regional management information center as defined in section 121.935; an education unit organized under a joint powers action under section 471.59; or another public employer approved by the commissioner.

Subd. 3. [ADMINISTRATION.] The commissioner shall, consistent with the provisions of this section, administer the program and determine its coverage options, funding and premium arrangements, contractual arrangements, and all other matters necessary to administer the program. The commissioner's contracting authority for the program, including authority for competitive bidding and negotiations, is governed by section 43A.23.

Subd. 4. [ADVISORY COMMITTEE.] The commissioner shall establish a ten-member advisory committee that includes five members who represent eligible employers and five members who represent eligible individuals. The committee shall advise the commissioner on issues related to administration of the program. The committee is governed by sections 15.014 and 15.059, and continues to exist while the program remains in operation.

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage will be two years from the effective date of the employer's application. After that, coverage will be automatically renewed for additional two-year terms unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner. The commissioner may establish conditions under which an employer may withdraw from the program prior to the expiration of a two-year term, including by reason of a midyear increase in health coverage premiums of 50 percent or more. An employer that withdraws from the program may not reapply for coverage for a period of two years from its date of withdrawal.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in Minnesota.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. If an employer has only two eligible employees, one employee must not be the spouse, child, sibling, parent, or grandparent of the other.

(f) [MINIMUM PARTICIPATION.] The commissioner may require as a condition of employer eligibility that:

(1) a minimum percentage of eligible employees are covered through the program; and

(2) the employer makes a minimum level of contribution toward the cost of coverage.

(g) [EMPLOYER CONTRIBUTION.] The commissioner may require as a condition of employer eligibility that the employer contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Subd. 6. [INDIVIDUAL ELIGIBILITY.] (a) [PROCEDURES.] The commissioner shall establish procedures for eligible employees and other eligible individuals to apply for coverage through the program.

(b) [EMPLOYEES.] An employer shall determine when it applies to the program the criteria its employees must meet to be eligible for coverage under its plan. An employer may subsequently change the criteria annually or at other times with approval of the commissioner. The criteria must provide that new employees become eligible

for coverage after a probationary period of at least 30 days, but no more than 90 days.

(c) [OTHER INDIVIDUALS.] An employer may elect to cover under its plan:

(1) the spouse, dependent children, and dependent grandchildren of a covered employee;

(2) a retiree who is eligible to receive a pension or annuity from the employer and a covered retiree's spouse, dependent children, and dependent grandchildren;

(3) the surviving spouse, dependent children, and dependent grandchildren of a deceased employee or retiree, if the spouse, children, or grandchildren were covered at the time of the death;

(4) a covered employee who becomes disabled, as provided in sections 62A.147 and 62A.148; or

(5) any other categories of individuals for whom group coverage is required by state or federal law.

An employer shall determine when it applies to the program the criteria individuals in these categories must meet to be eligible for coverage. An employer may subsequently change the criteria annually, or at other times with approval of the commissioner. The criteria for dependent children and dependent grandchildren may be no more inclusive than the criteria under section 43A.18, subdivision 2. This paragraph shall not be interpreted as relieving the program from compliance with any federal and state continuation of coverage requirements.

(d) [WAIVER AND LATE ENTRANCE.] An eligible individual may waive coverage at the time the employer joins the program or when coverage first becomes available. The commissioner may establish a preexisting condition exclusion of not more than 18 months for late entrants as defined in section 62L.02, subdivision 19.

(e) [CONTINUATION COVERAGE.] The program shall provide all continuation coverage required by state and federal law.

Subd. 7. [COVERAGE.] Coverage is available through the program beginning on July 1, 1993. At least annually, the commissioner shall solicit bids from carriers regulated under chapters 62A, 62C, and 62D, to provide coverage of eligible individuals. The commissioner shall provide coverage through contracts with carriers, unless the commissioner receives no reasonable bids from carriers.

(a) [HEALTH COVERAGE.] Health coverage is available to all employers in the program. The commissioner shall attempt to establish health coverage options that have strong care management features to control costs and promote quality and shall attempt to make a choice of health coverage options available. Health coverage for a retiree who is eligible for the federal Medicare program must be administered as though the retiree is enrolled in Medicare parts A and B. To the extent feasible as determined by the commissioner and in the best interests of the program, the commissioner shall model coverage after the plan established in section 43A.18, subdivision 2. Health coverage must include at least the benefits required of a carrier regulated under chapter 62A, 62C, or 62D for comparable coverage. Coverage under this paragraph must not be provided as part of the health plans available to state employees.

(b) [OPTIONAL COVERAGES.] In addition to offering health coverage, the commissioner may arrange to offer life, dental, and disability coverage through the program. Employers with health coverage may choose to offer one or more of these optional coverages according to the terms established by the commissioner. Life and disability insurance may be offered only to public employers.

(c) [OPEN ENROLLMENT.] The program must provide periodic open enrollments for eligible individuals for those coverages where a choice exists.

(d) [TECHNICAL ASSISTANCE.] The commissioner may arrange for technical assistance and referrals for eligible employers in areas such as health promotion and wellness, employee benefits structure, tax planning, and health care analysis services as described in section 62J.33.

Subd. 8. [PREMIUMS.] (a) [PAYMENTS.] Employers enrolled in the program shall pay premiums according to terms established by the commissioner. If an employer fails to make the required payments, the commissioner may cancel coverage and pursue other civil remedies.

(b) [RATING METHOD.] The commissioner shall determine the premium rates and rating method for the program. The rating method for eligible small employers must meet or exceed the requirements of chapter 62L. The rating methods must recover in premiums all of the ongoing costs for state administration and for maintenance of a premium stability and claim fluctuation reserve. Premiums must be established so as to recover and repay within three years after July 1, 1993, any direct appropriations received to provide start-up administrative costs. Premiums must be established so as to recover and repay within five years after July 1, 1993, any direct appropriations received to establish initial reserves. Premiums need not recover amounts received under section 353.65, subdivision 7.

(c) [TAX STATUS.] Premiums paid to the program are exempt from the tax imposed by sections 60A.15 and 60A.198. If the program obtains coverage for its enrollees from a carrier that is subject to the tax imposed by those sections, payments to the carrier for the coverage are subject to the tax.

Subd. 9. [POOLED EMPLOYERS INSURANCE TRUST FUND.] (a) [CONTENTS.] The pooled employer insurance trust fund in the state treasury consists of deposits received from eligible employers and individuals, contractual settlements or rebates relating to the program, investment income or losses, and direct appropriations.

(b) [APPROPRIATION.] All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other costs necessary to administer the program.

(c) [RESERVES.] For any coverages for which the program does not contract to transfer full financial responsibility, the commissioner shall establish and maintain reserves:

(1) for claims in process, incomplete and unreported claims, premiums received but not yet earned, and all other accrued liabilities; and

(2) to ensure premium stability and the timely payment of claims in the event of adverse claims experience. The reserve for premium stability and claim fluctuations must be established according to the standards of section 62C.09, subdivision 3, except that the reserve may exceed the upper limit under this standard until July 1, 1997.

(d) [INVESTMENTS.] The state board of investment shall invest the fund's assets according to section 11A.24. Investment income and losses attributable to the fund must be credited to the fund.

Subd. 10. [PROGRAM STATUS.] The pooled employers insurance program is a state program to provide the advantages of a large pool for purchasing health coverage, other coverages, and related services from insurance companies, health maintenance organizations, and other organizations. The program and, where applicable, the employers enrolled in it do not constitute insurance within the meaning of state law and are not subject to chapters 60A, 62A, 62C, 62D, 62E, 62H, and 62L, section 471.617, subdivisions 2 and 3, and the bidding requirements of section 471.6161.

Subd. 11. [EVALUATION.] The commissioner shall report to the legislature on December 15, 1995, concerning the success of the program in fulfilling the intent of the legislature.

Sec. 5. [62A.011] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For purposes of this chapter, the terms defined in this section have the meanings given.

Subd. 2. [HEALTH CARRIER.] "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a nonprofit health service plan corporation operating under chapter 62C; a health maintenance organization operating under chapter 62D; a fraternal benefit society operating under chapter 64B; or a joint self-insurance employee health plan operating under chapter 62H.

Subd. 3. [HEALTH PLAN.] "Health plan" means a policy or certificate of accident and sickness insurance as defined in section 62A.01 offered by an insurance company licensed under chapter 60A; a subscriber contract or certificate offered by a nonprofit health service plan corporation operating under chapter 62C; a health maintenance contract or certificate offered by a health maintenance organization operating under chapter 62D; a health benefit certificate offered by a fraternal benefit society operating under chapter 64B; or health coverage offered by a joint self-insurance employee health plan operating under chapter 62H. Health plan means individual and group coverage, unless otherwise specified.

Sec. 6. Minnesota Statutes 1990, section 62A.02, subdivision 1, is amended to read:

Subdivision 1. [FILING.] No ~~policy of accident and sickness insurance~~ health plan as defined in section 62A.011 shall be issued or delivered to any person in this state, nor shall any application, rider, or endorsement be used in connection ~~therewith~~ with the health plan, until a copy of ~~the~~ its form ~~thereof~~ and of the classification of risks and the premium rates pertaining ~~thereto~~ to the form have been filed with the commissioner. The filing for nongroup ~~policies~~ health plan forms shall include a statement of actuarial reasons and data to support the ~~need for any premium~~ rate ~~increase~~. For health benefit plans as defined in section 62L.02, and for health plans to be issued to individuals, the health carrier shall file with the commissioner the information required in section 62L.08, subdivision 8. For group health plans for which approval is sought for sales only outside of the small employer market as defined in section 62L.02, this section applies only to policies or contracts of accident and sickness insurance. All forms intended for issuance in the individual or small employer market must be accompanied by a statement as to the expected loss ratio for the form. Premium rates and forms relating to specific insureds or proposed insureds, whether individuals or groups, need not be filed, unless requested by the commissioner.

Sec. 7. Minnesota Statutes 1990, section 62A.02, subdivision 2, is amended to read:

Subd. 2. [APPROVAL.] ~~No such policy~~ The health plan form shall not be issued, nor shall any application, rider, ~~or~~ endorsement, or rate be used in connection ~~therewith~~ with it, until the expiration of 60 days after it has been ~~so~~ filed unless the commissioner ~~shall sooner give written approval thereto~~ approves it before that time.

Sec. 8. Minnesota Statutes 1990, section 62A.02, subdivision 3, is amended to read:

Subd. 3. [STANDARDS FOR DISAPPROVAL.] The commissioner shall, within 60 days after the filing of any form or rate, disapprove the form or rate:

(1) if the benefits provided ~~therein~~ are ~~unreasonable~~ not reasonable in relation to the premium charged;

(2) if it contains a provision or provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the ~~policy~~ health plan form, or otherwise does not comply with this chapter, chapter 62L, or chapter 72A; ~~or~~

(3) if the proposed premium rate is excessive ~~because the insurer has failed to exercise reasonable cost control~~ or not adequate; or

(4) the actuarial reasons and data submitted do not justify the rate.

The party proposing a rate has the burden of proving by a preponderance of the evidence that it does not violate this subdivision.

In determining the reasonableness of a rate, the commissioner shall also review all administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreement and effect of the contracts on the rate. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove any rate that reflects any unreasonable cost arising out of the contract or agreement. The commissioner may require any information that the commissioner deems necessary to determine the reasonableness of the cost.

For the purposes of ~~clause (1)~~ this subdivision, the commissioner shall establish by rule a schedule of minimum anticipated loss ratios which shall be based on (i) the type or types of coverage provided, (ii) whether the policy is for group or individual coverage, and (iii) the size of the group for group policies. Except for individual policies of disability or income protection insurance, the minimum anticipated loss ratio shall not be less than 50 percent after the first year that a policy is in force. All applicants for a policy shall be informed in writing at the time of application of the anticipated loss ratio of the

policy. ~~For the purposes of this subdivision,~~ "Anticipated loss ratio" means the ratio at the time of ~~form~~ filing, at the time of notice of withdrawal under subdivision 4a, or at the time of subsequent rate revision of the present value of all expected future benefits, excluding dividends, to the present value of all expected future premiums. ~~Nothing in this paragraph shall prohibit the commissioner from disapproving a form which meets the requirements of this paragraph but which the commissioner determines still provides benefits which are unreasonable in relation to the premium charged.~~

If the commissioner notifies ~~an insurer which~~ a health carrier that has filed any form or rate that ~~the form~~ it does not comply with ~~the provisions of~~ this ~~section or sections 62A.03 to 62A.05 and 72A.20~~ chapter, chapter 62L, or chapter 72A, it shall be unlawful ~~thereafter~~ for the ~~insurer~~ health carrier to issue or use the form or ~~use it in connection with any policy~~ rate. In the notice the commissioner shall specify the reasons for disapproval and state that a hearing will be granted within 20 days after request in writing by the ~~insurer~~ health carrier.

The 60-day period within which the commissioner is to approve or disapprove the form or rate does not begin to run until a complete filing of all data and materials required by statute or requested by the commissioner has been submitted.

However, if the supporting data is not filed within 30 days after a request by the commissioner, the rate is not effective and is presumed to be an excessive rate.

Sec. 9. Minnesota Statutes 1990, section 62A.02, is amended by adding a subdivision to read:

Subd. 4a. [WITHDRAWAL OF APPROVAL.] The commissioner may, at any time after a 20-day written notice has been given to the insurer, withdraw approval of any form or rate that has previously been approved on any of the grounds stated in this section. It is unlawful for the health carrier to issue a form or rate or use it in connection with any health plan after the effective date of the withdrawal of approval. The notice of withdrawal of approval must advise the health carrier of the right to a hearing under the contested case procedures of chapter 14, and must specify the matters to be considered at the hearing.

The commissioner may request an health carrier to provide actuarial reasons and data, as well as other information, needed to determine if a previously approved rate continues to satisfy the requirements of this section. If the requested information is not provided within 30 days after request by the commissioner, the rate is presumed to be an excessive rate.

Sec. 10. Minnesota Statutes 1990, section 62A.02, is amended by adding a subdivision to read:

Subd. 5a. [HEARING.] The health carrier must request a hearing before the 20-day notice period has ended, or the commissioner's order is final. A request for hearing stays the commissioner's order until the commissioner notifies the health carrier of the result of the hearing. The commissioner's order may require the modification of any rate or form and may require continued coverage to persons covered under a health plan to which the disapproved form or rate applies.

Sec. 11. Minnesota Statutes 1990, section 62A.02, is amended by adding a subdivision to read:

Subd. 7. [RATES OPEN TO INSPECTION.] All rates and supplementary rate information furnished to the commissioner under this chapter shall, as soon as the rates are approved, be open to public inspection at any reasonable time.

Sec. 12. [62A.021] [HEALTH CARE POLICY RATES.]

Subdivision 1. [LOSS RATIO STANDARDS.] Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, a health care policy form or certificate form shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policy form or certificate form, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of policies issued in the individual market, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. A health carrier shall demonstrate that the third year loss ratio is greater than or equal to the applicable percentage. The applicable percentage for policy forms and certificate forms issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, until an 80 percent loss ratio is reached on July 1, 1998. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, until a 70 percent loss ratio is reached on July 1, 1998. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policy forms or certificate forms in force less than three years. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media

advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

Subd. 2. [COMPLIANCE AUDIT.] The commissioner has the authority to audit any health carrier to assure compliance with this section. Health carriers shall retain at their principal place of business information necessary for the commissioner to perform compliance audits.

Sec. 13. [62A.022] [UNIFORM CLAIMS FORMS AND BILLING PRACTICES.]

By January 1, 1993, the commissioner of commerce, in consultation with the commissioners of health and human services, shall establish and require uniform claims forms and uniform billing and record keeping practices applicable to all policies of accident and health insurance, group subscriber contracts offered by nonprofit health service plan corporations regulated under chapter 62C, health maintenance contracts regulated under chapter 62D, and health benefit certificates offered through a fraternal benefit society regulated under chapter 64B, if issued or renewed to provide coverage to Minnesota residents.

Sec. 14. [62A.302] [COVERAGE OF DEPENDENTS.]

Subdivision 1. [SCOPE OF COVERAGE.] This section applies to all health plans as defined in section 62A.011.

Subd. 2. [REQUIRED COVERAGE.] Every health plan included in subdivision 1 that provides dependent coverage must define "dependent" no more restrictively than the definition provided in section 62L.02.

Sec. 15. [62A.303] [PROHIBITION; SEVERING OF GROUPS.]

Section 62L.12, subdivisions 1, 2, 3, and 4, apply to all employer group health plans, as defined in section 62A.011, regardless of the size of the group.

Sec. 16. Minnesota Statutes 1991 Supplement, section 62A.31, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or

group policy, certificate, subscriber contract issued by a health service plan corporation regulated under chapter 62C, or other evidence of accident and health insurance the effect or purpose of which is to supplement Medicare coverage issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual covered by Medicare unless the following requirements are met:

(a) The policy must provide a minimum of the coverage set out in subdivision 2;

(b) The policy must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage;

(c) The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured;

(d) Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance has been made to the individual, together with an explanation of both coverages;

(e) An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium;

(f)(1) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to this assistance;

(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy shall be automatically reinstated, effective as of the date of termination of this entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss;

(3) The policy must provide that upon reinstatement (i) there is no additional waiting period with respect to treatment of preexisting conditions, (ii) coverage is provided which is substantially equivalent to coverage in effect before the date of the suspension, and (iii) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended;

(g) The written statement required by an application for Medicare supplement insurance pursuant to section 62A.43, subdivision 1, shall be made on a form, approved by the commissioner, that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program;

(h) No issuer of Medicare supplement policies, including policies that supplement Medicare issued by health maintenance organizations or those policies governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., in this state may impose preexisting condition limitations or otherwise deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B;

(i) If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for similar benefits to the extent the time was spent under the original policy;

(j) The policy has been filed with and approved by the department as meeting all the requirements of sections 62A.31 to 62A.44; and

(k) The policy guarantees renewability.

Only the following standards for renewability may be used in Medicare supplement insurance policy forms.

No issuer of Medicare supplement insurance policies may cancel or nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by the group policyholder and is not replaced as provided in this clause, the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, provides for continuation of the benefits contained in the group policy; or provides for such benefits and benefit packages as otherwise meet the requirements of this clause.

If an individual is a certificate holder in a group Medicare

supplement insurance policy and the individual terminates membership in the group, the issuer of the policy shall offer the certificate holder the conversion opportunities described in this clause; or offer the certificate holder continuation of coverage under the group policy.

(l) Each health maintenance organization, health service plan corporation, insurer, or fraternal benefit society that sells coverage that supplements Medicare coverage shall establish a separate community rate for that coverage. Beginning January 1, 1993, no coverage that supplements Medicare or that is governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., may be offered, issued, sold, or renewed to a Minnesota resident, except at the community rate required by this paragraph.

For coverage that supplements Medicare and for the Part A rate calculation for plans governed by section 1833 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., the community rate may take into account only the following factors:

(1) actuarially valid differences in benefit designs or provider networks;

(2) geographic variations in rates if preapproved by the commissioner of commerce; and

(3) premium reductions in recognition of healty lifestyle behaviors, including but not limited to, refraining from the use of tobacco. Premium reductions must be actuarially valid and must relate only to those healthy lifestyle behaviors that have a proven positive impact on health. Factors used by the health carrier making this premium reduction must be filed with and approved by the commissioner of commerce.

Sec. 17. [62A.65] [INDIVIDUAL MARKET REGULATION.]

Subdivision 1. [APPLICABILITY.] No health carrier, as defined in chapter 62L, shall offer, sell, issue, or renew any individual policy of accident and sickness coverage, as defined in section 62A.01, subdivision 1, any individual subscriber contract regulated under chapter 62C, any individual health maintenance contract regulated under chapter 62D, any individual health benefit certificate regulated under chapter 64B, or any individual health coverage provided by a multiple employer welfare arrangement, to a Minnesota resident except in compliance with this section. For purposes of this section, "health benefit plan" has the meaning given in chapter 62L, except that the term means individual coverage, including family coverage, rather than employer group coverage. This section does not apply to the comprehensive health association established in section 62E.10 or to coverage described in section 62A.31, subdivision 1, paragraph

(h), or to long-term care policies as defined in section 62A.46, subdivision 2.

Subd. 2. [GUARANTEED RENEWAL.] No health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the health benefit plan provides that the plan is guaranteed renewable at a premium rate that does not take into account the claims experience or any change in the health status of any covered person that occurred after the initial issuance of the health benefit plan to the person. The premium rate upon renewal must also otherwise comply with this section. A health benefit plan may be subject to refusal to renew only under the conditions provided in chapter 62L.

Subd. 3. [PREMIUM RATE RESTRICTIONS.] No health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the rating and premium restrictions provided under chapter 62L, except the minimum loss ratio applicable to individual coverage is as provided in section 62A.021. All provisions of chapter 62L apply to rating and premium restrictions in the individual market, unless clearly inapplicable to the individual market.

Subd. 4. [GENDER RATING PROHIBITED.] No health benefit plan offered, sold, issued, or renewed to a Minnesota resident may determine the premium rate or any other underwriting decision, including initial issuance, on the gender of any person covered or to be covered under the health benefit plan.

Subd. 5. [PORTABILITY OF COVERAGE.] (a) No health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident that contains a preexisting condition limitation or exclusion, unless the limitation or exclusion would be permitted under chapter 62L. The individual may be treated as a late entrant, as defined in chapter 62L, unless the individual has maintained continuous coverage as defined in chapter 62L. An individual who has maintained continuous coverage may be subjected to a one-time preexisting condition limitation as permitted under chapter 62L for persons who are not late entrants, at the time that the individual first is covered by individual coverage. Thereafter, the person must not be subject to any preexisting condition limitation, except an unexpired portion of a limitation under prior coverage, so long as the individual maintains continuous coverage.

(b) A health carrier must offer individual coverage to any individual previously covered under a group health benefit plan issued by that health carrier, so long as the individual maintained continuous coverage as defined in chapter 62L. Coverage issued under this paragraph must not contain any preexisting condition limitation or exclusion, except for any unexpired limitation or exclusion under the previous coverage. The initial premium rate for the individual

coverage must comply with subdivision 3. The premium rate upon renewal must comply with subdivision 2.

Subd. 6. [GUARANTEED ISSUE NOT REQUIRED.] Nothing in this section requires a health carrier to initially issue a health benefit plan to a Minnesota resident, except as otherwise expressly provided in subdivision 4 or 5.

Sec. 18. Minnesota Statutes 1990, section 62E.02, subdivision 23, is amended to read:

Subd. 23. "Contributing member" means those companies ~~operating pursuant to~~ regulated under chapter 62A and offering, selling, issuing, or renewing policies or contracts of accident and health insurance ~~or~~, health maintenance organizations ~~and~~ regulated under chapter 62D, nonprofit health service plan corporations ~~incorporated~~ regulated under chapter 62C ~~or~~, fraternal benefit ~~society operating~~ societies regulated under chapter 64B, and joint self-insurance plans regulated under chapter 62H. For the purposes of determining liability of contributing members pursuant to section 62E.11 payments received from or on behalf of Minnesota residents for coverage by a health maintenance organization shall be considered to be accident and health insurance premiums.

Sec. 19. Minnesota Statutes 1990, section 62E.10, subdivision 1, is amended to read:

Subdivision 1. [CREATION; TAX EXEMPTION.] There is established a comprehensive health association to promote the public health and welfare of the state of Minnesota with membership consisting of all insurers, self-insurers, fraternals, joint self-insurance plans regulated under chapter 62H, and health maintenance organizations licensed or authorized to do business in this state. The comprehensive health association shall be exempt from taxation under the laws of this state and all property owned by the association shall be exempt from taxation.

Sec. 20. Minnesota Statutes 1990, section 62E.11, subdivision 9, is amended to read:

Subd. 9. Each contributing member that terminates individual health coverage ~~regulated under chapter 62A, 62C, 62D, or 64B~~ for reasons other than (a) nonpayment of premium; (b) failure to make copayments; (c) enrollee moving out of the area served; or (d) a materially false statement or misrepresentation by the enrollee in the application for membership; and does not provide or arrange for replacement coverage that meets the requirements of section 62D.121; shall pay a special assessment to the state plan based upon the number of terminated individuals who join the comprehensive health insurance plan as authorized under section 62E.14, subdivisions 1, paragraph (d), and 6. Such a contributing member shall pay

the association an amount equal to the average cost of an enrollee in the state plan in the year in which the member terminated enrollees multiplied by the total number of terminated enrollees who enroll in the state plan.

The average cost of an enrollee in the state comprehensive health insurance plan shall be determined by dividing the state plan's total annual losses by the total number of enrollees from that year. This cost will be assessed to the contributing member who has terminated health coverage before the association makes the annual determination of each contributing member's liability as required under this section.

In the event that the contributing member is terminating health coverage because of a loss of health care providers, the commissioner may review whether or not the special assessment established under this subdivision will have an adverse impact on the contributing member or its enrollees or insureds, including but not limited to causing the contributing member to fall below statutory net worth requirements. If the commissioner determines that the special assessment would have an adverse impact on the contributing member or its enrollees or insureds, the commissioner may adjust the amount of the special assessment, or establish alternative payment arrangements to the state plan. For health maintenance organizations regulated under chapter 62D, the commissioner of health shall make the determination regarding any adjustment in the special assessment and shall transmit that determination to the commissioner of commerce.

Sec. 21. Minnesota Statutes 1990, section 62E.11, is amended by adding a subdivision to read:

Subd. 12. [FUNDING.] Notwithstanding subdivision 5, the claims expenses and operating and administrative expenses of the association incurred on or after January 1, 1994 shall be paid from the health care access account established in section 16A.724, to the extent appropriated for that purpose by the legislature. Any such expenses not paid from that account shall be paid as otherwise provided in this section. All contributing members shall adjust their premium rates to fully reflect funding provided under this subdivision. The commissioner of commerce shall require contributing members to prove compliance with this rate adjustment requirement.

Sec. 22. [62E.141] [INCLUSION IN EMPLOYER-SPONSORED PLAN.]

No employee, or dependent of an employee, of an employer who offers a health benefit plan, under which the employee or dependent is eligible to enroll under chapter 62L, is eligible to enroll, or continue to be enrolled, in the comprehensive health association,

except for enrollment or continued enrollment necessary to cover conditions that are subject to an unexpired preexisting condition limitation or exclusion under the employer's health benefit plan. This section does not apply to persons enrolled in the comprehensive health association as of June 30, 1993.

Sec. 23. Minnesota Statutes 1990, section 62H.01, is amended to read:

62H.01 [JOINT SELF-INSURANCE EMPLOYEE HEALTH PLAN.]

Any ~~three~~ two or more employers, excluding the state and its political subdivisions as described in section 471.617, subdivision 1, who are authorized to transact business in Minnesota may jointly self-insure employee health, dental, or short-term disability benefits. Joint plans must have a minimum of ~~250~~ 100 covered employees and meet all conditions and terms of sections 62H.01 to 62H.08. Joint plans covering employers not resident in Minnesota must meet the requirements of sections 62H.01 to 62H.08 as if the portion of the plan covering Minnesota resident employees was treated as a separate plan. A plan may cover employees resident in other states only if the plan complies with the applicable laws of that state.

A multiple employer welfare arrangement as defined in United States Code, title 29, section 1002(40)(a), is subject to this chapter to the extent authorized by the Employee Retirement Income Security Act of 1974, United States Code, title 29, sections 1001 et seq.

Sec. 24. [REQUEST FOR ERISA EXEMPTION.]

The commissioner of commerce shall request and diligently pursue an exemption from the federal preemption of state laws relating to health coverage provided under employee welfare benefit plans under the Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1144. The scope of the exemption should permit the state to:

(1) require that employers participate in a state payroll withholding system designed to pay for health coverage for employees and dependents;

(2) regulate self-insured health plans to the same extent as insurance companies; and

(3) enact or adopt other state laws relating to health coverage that would, in the judgment of the commissioner of commerce, further the public policies of this state.

In determining the scope of the exemption request and in request-

ing and pursuing the exemption, the commissioner of commerce shall seek the advice and assistance of the legislative commission on health care access. The commissioner shall report in writing to that commission at least quarterly regarding the status of the exemption request.

Sec. 25. [COMMISSIONER OF COMMERCE STUDY.]

The commissioner of commerce shall study the operation of the individual market and shall file a report and recommendations with the legislature, no later than December 15, 1992. The study, report, and recommendations must:

(1) evaluate the extent to which the individual market and the state's regulation of it can achieve the goals provided in Minnesota Statutes, section 62L.01, subdivision 3;

(2) evaluate the need for and feasibility of a guaranteed issue requirement in the individual market;

(3) make recommendations regarding the future of the comprehensive health association.

Sec. 26. [STUDY OF HEALTHY LIFESTYLE PREMIUM REDUCTIONS.]

The commissioner of commerce shall study and make recommendations to the legislature regarding whether health benefits plans, as defined in section 62L.02, but including both individual and group plans, should be permitted or required to offer premium discounts in recognition of and to encourage healthy lifestyle behaviors. The commissioner shall file the recommendations with the legislature on or before December 15, 1992. The commissioner shall make recommendations regarding:

(1) the types of lifestyle behaviors, including but not limited to, nonuse of tobacco, nonuse of alcohol, and regular exercise appropriate to the person's age and health status, that should be eligible for premium discounts;

(2) the level or amounts of premium discounts that should be permitted or required, including appropriateness of premium discounts of up to 25 percent of the premium;

(3) the actuarial justification that the commissioner should require for premium reductions;

(4) the extent to which health carriers can monitor compliance with promised lifestyle behaviors and whether new legislation could increase the monitoring ability or reduce its cost; and

(5) any favorable or adverse impacts on the individual or small group market. Any data on individuals collected under this section and received by the commissioner, which has not previously been public data, is private data on individuals.

This section shall not be interpreted as prohibiting any premium discounts approved under current law by the commissioner of commerce or by the commissioner of health or permitted under this act.

Sec. 27. [REPEALER.]

(a) Minnesota Statutes 1990, sections 62A.02, subdivisions 4 and 5; 62E.51; 62E.52; 62E.53; 62E.54; and 62E.55, are repealed.

(b) Minnesota Statutes 1990, section 43A.316, subdivisions 1, 2, 3, 4, 5, 6, 7, and 10; and Minnesota Statutes 1991 Supplement, section 43A.316, subdivisions 8 and 9, are repealed effective July 1, 1993.

Sec. 28. [EFFECTIVE DATE.]

Section 16 is effective July 30, 1992. Sections 1 to 12, 14, 15, 17, 22, and 27 are effective July 1, 1993. Sections 24, 25, and 26 are effective the day following final enactment.

ARTICLE 4

CHILDREN'S HEALTH PLAN EXPANSION

Section 1. [256.362] [REPORTS AND IMPLEMENTATION.]

Subdivision 1. [WELLNESS COMPONENT.] The commissioners of human services and health shall recommend to the legislature, by January 1, 1993, methods to incorporate discounts for wellness factors of up to 25 percent into the health right plan premium sliding scale. Beginning October 1, 1992, the commissioner of human services shall inform health right plan enrollees of the future availability of the wellness discount, and shall encourage enrollees to incorporate wellness factors into their lifestyles.

Subd. 2. [FEDERAL HEALTH INSURANCE CREDIT.] By October 1, 1992, the commissioners of human services and revenue shall apply for any federal waivers or approvals necessary to allow enrollees in state health care programs to assign the federal health insurance credit component of the earned income tax credit to the state.

Subd. 3. [COORDINATION OF MEDICAL ASSISTANCE AND THE HEALTH RIGHT PLAN.] The commissioner shall develop and implement a plan to combine medical assistance and health right

plan application and eligibility procedures. The plan may include the following changes: (1) use of a single mail-in application; (2) elimination of the requirement for personal interviews; (3) postponing notification of paternity disclosure requirements; (4) modifying verification requirements for pregnant women and children; (5) using shorter forms for recertifying eligibility; (6) expedited and more efficient eligibility determinations for applicants; (7) expanded outreach efforts, including combined marketing of the two plans; and (8) other changes that improve access to services provided by the two programs. The plan may include seeking the following changes in federal law: (1) extension and expansion of exemptions for different eligibility groups from Medicaid quality control sanctions; (2) changing requirements for the redetermination of eligibility; (3) eliminating asset tests for all children; and (4) other changes that improve access to services provided by the two programs. The commissioner shall seek any necessary federal approvals, and any necessary changes in federal law. The commissioner shall implement each element of the plan as federal approval is received, and shall report to the legislature by January 1, 1993, on progress in implementing this plan.

Subd. 4. [PLAN FOR MANAGED CARE.] By January 1, 1993, the commissioner of human services shall present a plan to the legislature for providing all medical assistance and health right plan services through managed care arrangements. The commissioner shall apply to the secretary of health and human services for any necessary federal waivers or approvals, and shall begin to implement the plan for managed care upon receipt of the federal waivers or approvals.

Subd. 5. [REPORT ON PURCHASES AT FULL COST.] By January 1, 1994, the commissioner shall report to the legislature on the effect on average overall premium cost for the health right plan of allowing families who are not eligible for a subsidy to enroll in the health right plan at 100 percent of premium cost. The commissioner shall recommend whether enrollment for this group should be continued. By January 1, 1995, the commissioner shall report to the legislature on the effect on average overall premium cost for the health right plan of allowing individuals who are not eligible for a subsidy to enroll in the health right plan at 100 percent of premium cost. The commissioner shall recommend whether enrollment for this group should be continued.

Sec. 2. Minnesota Statutes 1990, section 256.936, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section the following terms shall have the meanings given them:

(a) ~~"Eligible persons" means children who are one year of age or older but less than 18 years of age who have gross family incomes~~

~~that are equal to or less than 185 percent of the federal poverty guidelines and who are not eligible for medical assistance under chapter 256B or general assistance medical care under chapter 256D and who are not otherwise insured for the covered services. The period of eligibility extends from the first day of the month in which the child's first birthday occurs to the last day of the month in which the child becomes 18 years old.~~

~~(b) "Covered services" means children's health services.~~

~~(c) "Children's health services" means the health services reimbursed under chapter 256B, with the exception of inpatient hospital services, special education services, private duty nursing services, orthodontic services, medical transportation services, personal care assistant and case management services, hospice care services, nursing home or intermediate care facilities services, inpatient mental health services, outpatient mental health services in excess of $1,000 per enrolled child per 12-month eligibility period, and chemical dependency services. Outpatient mental health services covered under the children's health plan are limited to diagnostic assessments, psychological testing, explanation of findings, and individual, family, and group psychotherapy.~~

~~(d)~~ "Eligible providers" means those health care providers who provide ~~children's~~ covered health services to medical assistance recipients under rules established by the commissioner for that program. Reimbursement under this section shall be at the same rates and conditions established for medical assistance.

~~(e)~~ (b) "Commissioner" means the commissioner of human services.

~~(f)~~ (c) "Gross family income" for farm and nonfarm self-employed means income calculated using as the baseline the adjusted gross income reported on the applicant's federal income tax form for the previous year and adding back in reported depreciation, carryover loss, and net operating loss amounts that apply to the business in which the family is currently engaged. Applicants shall report the most recent financial situation of the family if it has changed from the period of time covered by the federal income tax form. The report may be in the form of percentage increase or decrease.

Sec. 3. Minnesota Statutes 1990, section 256.936, subdivision 2, is amended to read:

Subd. 2. [PLAN ADMINISTRATION.] The ~~children's~~ health right plan is established to promote access to appropriate ~~primary~~ health care services to assure healthy children and adults. The commissioner shall establish an office for the state administration of this plan. The plan shall be used to provide ~~children's~~ covered health services for eligible persons. Payment for these services shall be

made to all eligible providers. The commissioner ~~may~~ shall adopt rules to administer ~~this section~~ the health right plan. The commissioner shall establish marketing efforts to encourage potentially eligible persons to receive information about the program and about other medical care programs administered or supervised by the department of human services. A toll-free telephone number must be used to provide information about medical programs and to promote access to the covered services. The commissioner shall manage spending for the health right plan in a manner that maintains a minimum reserve equal to five percent of the expected cost of state premium subsidies. The commissioner must make a quarterly assessment of the expected expenditures for the covered services and the appropriation. Based on this assessment the commissioner may limit enrollments and target ~~former aid to families with dependent children recipients~~ specific groups of eligible persons by first limiting enrollment to persons with gross annual incomes at or below 185 percent of the poverty level upon 30-day notice in the State Register. If sufficient money is not available to cover all costs incurred in one quarter, the commissioner may seek an additional authorization for funding from the legislative advisory committee.

The commissioner shall adopt emergency rules to govern implementation of this section. Notwithstanding section 14.35, the emergency rules adopted under this section shall remain in effect for 720 days.

Sec. 4. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 2a. [COVERED HEALTH SERVICES.] (a) [COVERED SERVICES.] "Covered health services" means the health services reimbursed under chapter 256B, with the exception of inpatient hospital services, special education services, private duty nursing services, orthodontic services, medical transportation services, personal care assistant and case management services, hospice care services, nursing home or intermediate care facilities services, inpatient mental health services, outpatient mental health services in excess of $1,000 per enrollee per 12-month eligibility period, and chemical dependency services. Outpatient mental health services covered under the health right plan are limited to diagnostic assessments, psychological testing, explanation of findings, and individual, family, and group psychotherapy. Medication management by a physician is not subject to the $1,000 limitation on outpatient mental health services. Covered health services shall be expanded as provided in paragraphs (b) and (c).

(b) [ALCOHOL AND DRUG DEPENDENCY.] Beginning October 1, 1992, covered health services shall include up to ten hours per year of individual outpatient treatment of alcohol or drug depen-

dency by a qualified health professional or outpatient program. Two hours of group treatment count as one hour of individual treatment.

Persons who may need chemical dependency services under the provisions of this chapter shall be assessed by a local agency as defined under section 254B.01, and under the assessment provisions of section 254A.03, subdivision 3. Persons who are recipients of medical benefits under the provisions of this chapter and who are financially eligible for consolidated chemical dependency treatment fund services provided under the provisions of chapter 254B shall receive chemical dependency treatment services under the provisions of chapter 254B only if:

(1) they have exhausted the chemical dependency benefits offered under this chapter; or

(2) an assessment indicates that they need a level of care not provided under the provisions of this chapter.

(c) [INPATIENT HOSPITAL SERVICES.] Beginning July 1, 1993, covered health services shall include inpatient hospital services, subject to any copayment or benefit limitations specified by the commissioner, including those limitations necessary to coordinate the provision of these services with eligibility under the medical assistance spend-down. The commissioner shall provide enrollees with at least 60 days' notice of coverage for inpatient hospital services and any premium increase associated with the inclusion of this benefit.

(d) [EMERGENCY MEDICAL TRANSPORTATION SERVICES.] Beginning July 1, 1993, covered health services shall include emergency medical transportation services.

(e) [FEDERAL WAIVERS AND APPROVALS.] The commissioner shall coordinate the provision of hospital inpatient services under the health right plan with enrollee eligibility under the medical assistance spend-down, and shall apply to the secretary of health and human services for any necessary federal waivers or approvals.

(f) [COPAYMENTS AND DEDUCTIBLES; PREMIUM LIMITS.] The health right benefit plan shall include a system of copayments and deductibles to limit monthly premiums to no more than: $144 for a household of one, $288 for a household of two, and $432 for a household of three or more.

Sec. 5. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 2b. [ELIGIBLE PERSONS.] (a) [CHILDREN.] "Eligible persons" means children who are one year of age or older but less

than 18 years of age who have gross family incomes that are equal to or less than 185 percent of the federal poverty guidelines and who are not eligible for medical assistance under chapter 256B and who are not otherwise insured for the covered services. The period of eligibility extends from the first day of the month in which the child's first birthday occurs to the last day of the month in which the child becomes 18 years old. Eligibility for the health right plan shall be expanded as provided in paragraphs (b) to (e). Under paragraphs (b) to (e), parents who enroll in the health right plan must also enroll their children and dependent siblings, if the children and their dependent siblings are eligible. Children and dependent siblings may be enrolled separately without enrollment by parents. However, if one parent in the household enrolls, both parents must enroll, unless other insurance is available. If one child from a family is enrolled, all children must be enrolled, unless other insurance is available. Families cannot choose to enroll only certain uninsured members. For purposes of this subdivision, a "dependent sibling" means an unmarried child who is a full-time student under the age of 25 years who is financially dependent upon his or her parents. Proof of school enrollment will be required.

(b) [FAMILIES WITH CHILDREN.] Beginning October 1, 1992, "eligible persons" means children eligible under paragraph (a), and parents and dependent siblings residing in the same household as a child eligible under paragraph (a). Individuals who initially enroll in the health right plan under the eligibility criteria in this paragraph shall remain eligible for the health right plan, regardless of age, place of residence, or the presence or absence of children in the same household, as long as all other eligibility requirements are met and continuous enrollment in the health right plan is maintained.

(c) [CONTINUATION OF ELIGIBILITY.] Beginning October 1, 1992, individuals who initially enrolled in the health right plan under the eligibility criteria in paragraph (a) or (b) remain eligible even if their gross income after enrollment exceeds 185 percent of the federal poverty guidelines, subject to any premium required under subdivision 4a, as long as all other eligibility requirements are met and continuous enrollment in the health right plan is maintained.

(d) [FAMILIES WITH CHILDREN; ELIGIBILITY BASED ON PERCENTAGE OF INCOME PAID FOR HEALTH COVERAGE.] Beginning January 1, 1993, "eligible persons" means children, parents, and dependent siblings residing in the same household who are not eligible for medical assistance under chapter 256B. These persons are eligible for coverage through the health right plan but must pay a premium as determined under subdivisions 4a and 4b. Individuals and families whose cost of coverage under the health right plan in relation to the family's income is less than the percentage limit established under subdivision 4b may enroll in the

health right plan but are not eligible for a state subsidy and must pay the entire cost of coverage. Individuals who initially enroll in the health right plan under the eligibility criteria in this paragraph remain eligible for the health right plan, regardless of age, place of residence within Minnesota, or the presence or absence of children in the same household, as long as all other eligibility requirements are met and continuous enrollment in the health right plan is maintained.

(e) [ADDITION OF SINGLE ADULTS AND HOUSEHOLDS WITH NO CHILDREN.] Beginning July 1, 1994, "eligible persons" means all families and individuals who are not eligible for medical assistance under chapter 256B. These persons are eligible for coverage through the health right plan but must pay a premium as determined under subdivisions 4a and 4b. Individuals and families whose cost of coverage under the health right plan in relation to their income is less than the percentage determined under subdivision 4b may enroll in the health right plan but are not eligible for subsidized premiums and must pay the entire cost of coverage.

Sec. 6. Minnesota Statutes 1990, section 256.936, subdivision 3, is amended to read:

Subd. 3. [APPLICATION PROCEDURES.] Applications and other information must be made available to provider offices, local human services agencies, school districts, public and private elementary schools in which 25 percent or more of the students receive free or reduced price lunches, community health offices, and Women, Infants and Children (WIC) program sites. These sites may accept applications, collect the enrollment fee or initial premium fee, and forward the forms and fees to the commissioner. Otherwise, applicants may apply directly to the commissioner. The commissioner ~~may~~ shall use individuals' social security numbers as identifiers for purposes of administering the plan and conduct data matches to verify income. Applicants shall submit evidence of family income, earned and unearned, that ~~will be used~~ is necessary to verify income eligibility. The commissioner shall perform random audits to verify reported income and eligibility. The commissioner may execute data sharing arrangements with the department of revenue and any other governmental agency in order to perform income verification related to eligibility and premium payment under the health right plan. The effective date of coverage is the first day of the month following the month in which a complete application is entered to the eligibility file and the first premium payment has been received. Benefits are not available until the day following discharge if an enrollee is hospitalized on the first day of coverage. Notwithstanding any other law to the contrary, benefits under this section are secondary to a plan of insurance or benefit program under which an eligible person may have coverage and the commissioner shall use cost avoidance techniques to ensure coordination of any other health coverage for eligible persons. The commissioner shall identify eligi-

ble persons who may have coverage or benefits under other plans of insurance or who become eligible for medical assistance.

Sec. 7. Minnesota Statutes 1990, section 256.936, subdivision 4, is amended to read:

Subd. 4. [ENROLLMENT AND PREMIUM FEE.] (a) [ENROLLMENT FEE.] Until October 1, 1992, an annual enrollment fee of $25, not to exceed $150 per family, is required from eligible persons for ~~children's~~ covered health services.

(b) [PREMIUM PAYMENTS.] Beginning October 1, 1992, the commissioner shall require health right plan enrollees to pay a premium based on a sliding scale, as established under subdivision 4a. Applicants who are eligible under subdivision 2b, paragraph (a), are exempt from this requirement until July 1, 1993, if the application is received by the health right plan staff on or before September 30, 1992. Before July 1, 1993, these individuals shall continue to pay the annual enrollment fee required by paragraph (a).

(c) [ADMINISTRATION.] Enrollment and premium fees are dedicated to the commissioner for the ~~children's~~ health right plan ~~program~~. The commissioner shall make an annual redetermination of continued eligibility and identify people who may become eligible for medical assistance. The commissioner shall develop and implement procedures to: (1) require enrollees to report changes in income; (2) adjust sliding scale premium payments, based upon changes in enrollee income; and (3) disenroll enrollees from the health right plan for failure to pay required premiums. Premiums are calculated on a calendar month basis and may be paid on a monthly or quarterly basis, with the first quarterly payment due upon notice from the commissioner of the premium amount required. Premium payment is required before enrollment is complete and to maintain eligibility in the health right plan. Nonpayment of the premium will result in disenrollment from the plan within one calendar month after the due date. Persons disenrolled for nonpayment may not reenroll until four calendar months have elapsed.

Sec. 8. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 4a. [ELIGIBILITY FOR SUBSIDIZED PREMIUMS BASED ON SLIDING SCALE.] (a) [GENERAL REQUIREMENTS.] Families and individuals who enroll on or after October 1, 1992, are eligible for subsidized premium payments based on a sliding scale under subdivision 4b only if the family or individual meets the requirements in paragraphs (b) to (d). Children and families already enrolled in the health right plan as of September 30, 1992, are eligible for subsidized premium payments without meeting these requirements, as long as they maintain continuous coverage in the health right plan or medical assistance.

(b) [MUST NOT HAVE ACCESS TO EMPLOYER-SUBSIDIZED COVERAGE.] To be eligible for subsidized premium payments based on a sliding scale, a family or individual must not have access to subsidized health coverage through an employer, and must not have had access to subsidized health coverage through the current employer for the 18 months prior to application for subsidized coverage under the health right plan. For purposes of this requirement, subsidized health coverage means health coverage for which the employer pays at least 50 percent of the cost of coverage for the employee, excluding dependent coverage, or a higher percentage as specified by the commissioner. Children who are eligible for employer-subsidized coverage through either parent, including the noncustodial parent, are not eligible for subsidized premium payments. The commissioner must treat employer contributions to Internal Revenue Code Section 125 plans as qualified employer subsidies toward the cost of health coverage for employees for purposes of this paragraph.

(c) [MUST BE A PERMANENT MINNESOTA RESIDENT.] To be eligible for subsidized premium payments based on a sliding scale, families and individuals must be permanent residents of Minnesota. A permanent Minnesota resident is a Minnesota resident who considers Minnesota to be the person's principal place of residence and intends to remain in the state permanently or for a long period of time and not as a temporary or short-term resident. An individual or family that moved to Minnesota primarily to obtain medical treatment or health coverage for a preexisting condition is not a permanent resident and is not entitled to subsidized coverage through the health right plan.

(d) [PERIOD UNINSURED.] To be eligible for subsidized premium payments based on a sliding scale, families and individuals initially enrolled in the health right plan under subdivision 2b, paragraphs (d) and (e), must have had no health coverage for at least four months prior to application. The commissioner may change this eligibility criterion for sliding scale premiums without complying with rulemaking requirements in order to remain within the limits of available appropriations. The requirement of at least four months of no health coverage prior to application for the health right plan does not apply to families, children, and individuals who want to apply for the health right plan upon termination from the medical assistance program, general assistance medical care program, or coverage under a regional demonstration project for the uninsured funded under section 256B.73, the Hennepin county assured care program, or the Group Health, Inc., community health plan. This paragraph does not apply to families and individuals initially enrolled under subdivision 2b, paragraphs (a) and (b).

Sec. 9. Minnesota Statutes 1990, section 256.936, is amended by adding a subdivision to read:

Subd. 4b. [PREMIUMS.] (a) Each individual or family enrolled in the health right plan shall pay a premium determined according to a sliding fee based on the cost of coverage as a percentage of the individual's or family's gross family income.

(b) The commissioner shall establish sliding scales to determine the percentage of gross family income that households at different income levels must pay to obtain coverage through the health right plan. The sliding scale must be based on the enrollee's gross family income, as defined in subdivision 1, paragraph (c), during the previous four months. The sliding scale must provide separate sliding scales for individuals, two-person households, and households of three or more.

(c) Beginning July 1, 1993, the sliding scales begin with a premium of 1.5 percent of gross family income for individuals with incomes below the limits for the medical assistance program set at 133-1/3 percent of the AFDC payment standard and proceed through the following evenly spaced steps: 1.9, 2.5, 3.3, 4.1, 5.2, 6.4, 8.0, and 9.5. These percentages are matched to evenly spaced income steps ranging from the medical assistance income limit to a gross monthly income of $1,600 for an individual, $2,160 for a household of two, $2,720 for a household of three, $3,280 for a household of four, $3,840 for a household of five, and $4,400 for households of six or more persons. For the period October 1, 1992 through June 30, 1993, the commissioner shall employ a sliding scale that sets required premiums at percentages of gross family income equal to two-thirds of the percentages specified in this paragraph.

(d) An individual or family whose gross monthly income is above the amount specified in paragraph (c) is not eligible for a subsidy but may enroll in the plan by paying the entire cost of coverage.

(e) The premium for coverage under the health right plan may be collected through wage withholding with the consent of the employer and the employee.

(f) The sliding fee scale and percentages are not subject to the provisions of chapter 14.

Sec. 10. Minnesota Statutes 1991 Supplement, section 256.936, subdivision 5, is amended to read:

Subd. 5. [APPEALS.] If the commissioner suspends, reduces, or terminates eligibility for the ~~children's~~ health right plan, or services provided under the ~~children's~~ health right plan, the commissioner must provide notification according to the laws and rules governing the medical assistance program. A ~~children's~~ health right plan applicant or enrollee aggrieved by a determination of the commissioner has the right to appeal the determination according to section 256.045.

Sec. 11. Minnesota Statutes 1990, section 256B.057, is amended by adding a subdivision to read:

Subd. 2a. [NO ASSET TEST FOR CHILDREN.] Eligibility for medical assistance for a person under age 21 must be determined without regard to asset standards established in section 256B.056.

Sec. 12. [256B.0644] [PARTICIPATION REQUIRED FOR REIMBURSEMENT UNDER OTHER STATE HEALTH CARE PROGRAMS.]

Subdivision 1. [PARTICIPATION REQUIREMENT.] A vendor of medical care, as defined in section 256B.02, subdivision 7; a health maintenance organization, as defined in chapter 62D; and a nonprofit health service plan corporation, as defined in chapter 62C, must participate as a provider or contractor in the medical assistance program, general assistance medical care program, and the health right plan as a condition of participating as a provider in health insurance plans or contractor for state employees established under section 43A.18, the public employees insurance plan under section 43A.316, the workers' compensation system under section 176.135, and insurance plans provided through the Minnesota comprehensive health association under sections 62E.01 to 62E.17. Participation in the medical assistance program means that the providers and contractors do not place limits which would prevent at least 20 percent of their practice to be reimbursed under medical assistance, general assistance medical care, and the health right plan. The commissioner shall provide lists of participating medical assistance providers on a quarterly basis to the commissioner of employee relations, the commissioner of labor and industry, and the commissioner of commerce. Each of the commissioners shall develop and implement procedures to exclude as participating providers in the program or programs under their jurisdiction those providers who do not participate in the medical assistance program.

Subd. 2. [CONTINGENT EFFECTIVE DATE.] This section becomes effective July 1, 1993, if the commissioner of human services determines that access to health care services by medical assistance recipients has not improved as a result of increased provider reimbursement enacted by the legislature. The commissioner shall report to the legislature on the numbers of physicians and dentists participating in the medical assistance program by geographic regions of the state no later than March 15, 1993.

Sec. 13. [COORDINATION OF STATE HEALTH CARE PURCHASING.]

The commissioner of administration shall convene an interagency task force to develop a plan for coordinating the health care programs administered by state agencies and local governments in order to improve the efficiency and quality of health care delivery

and make the most effective use of the state's market leverage and expertise in contracting and working with health plans and health care providers. The commissioner shall present to the legislature, by January 1, 1994, recommendations to: (1) improve the effectiveness of public health care purchasing; and (2) streamline and consolidate health care delivery, through merger, transfer, or reconfiguration of existing health care and health coverage programs. At the request of the commissioner of administration, the commissioners of other state agencies and units of local government shall provide assistance in evaluating and coordinating existing state and local health care programs.

Sec. 14. [INSTRUCTION TO REVISOR.]

(a) The revisor of statutes is directed to change the words "children's health plan" to "health right plan" wherever they appear in the next edition of Minnesota Statutes.

(b) The revisor of statutes is directed to recodify the subdivisions of Minnesota Statutes, section 256.936 as separate sections in chapter 256, and to recodify paragraphs as subdivisions within these sections.

ARTICLE 5

Section 1. Minnesota Statutes 1990, section 16A.124, is amended by adding a subdivision to read:

Subd. 4a. [INVOICE ERRORS; DEPARTMENT OF HUMAN SERVICES.] For purposes of department of human services payments to hospitals receiving reimbursement under the medical assistance and general assistance medical care programs, if an invoice is incorrect, defective, or otherwise improper, the department of human services must notify the hospital of all errors, within 30 days of discovery of the errors.

Sec. 2. Minnesota Statutes 1990, section 43A.17, subdivision 9, is amended to read:

Subd. 9. [POLITICAL SUBDIVISION SALARY LIMIT.] The salary of a person employed by a statutory or home rule charter city, county, town, school district, metropolitan or regional agency, or other political subdivision of this state, or employed under section 422A.03, may not exceed 95 percent of the salary of the governor as set under section 15A.082, except as provided in this subdivision. Deferred compensation and payroll allocations to purchase an individual annuity contract for an employee are included in determining the employee's salary. The salary of a medical doctor or doctor of

osteopathy occupying a position that the governing body of the political subdivision has determined requires an M.D. or D.O. degree is excluded from the limitation in this subdivision. The commissioner may increase the limitation in this subdivision for a position that the commissioner has determined requires special expertise necessitating a higher salary to attract or retain a qualified person. The commissioner shall review each proposed increase giving due consideration to salary rates paid to other persons with similar responsibilities in the state. The commissioner may not increase the limitation until the commissioner has presented the proposed increase to the legislative commission on employee relations and received the commission's recommendation on it. The recommendation is advisory only. If the commission does not give its recommendation on a proposed increase within 30 days from its receipt of the proposal, the commission is deemed to have recommended approval.

Sec. 6. [144.1484] [RURAL HOSPITAL FINANCIAL ASSISTANCE GRANTS.]

Subdivision 1. [SOLE COMMUNITY HOSPITAL FINANCIAL ASSISTANCE GRANTS.] The commissioner of health shall award financial assistance grants to rural hospitals in isolated areas of the state. To be eligible for a grant, a hospital must have 100 or fewer beds and must not be located in a city of the first class. To receive a grant, the hospital must demonstrate to the satisfaction of the commissioner of health that the hospital will close in the

Sec. 7. [144.1485] [DATA BASE ON HEALTH PERSONNEL.]

The commissioner of health shall develop and maintain a data base on health services personnel. The commissioner shall use this information to assist local communities and units of state government to develop plans for the recruitment and retention of health personnel. Information collected in the data base must include, but is not limited to, data on levels of educational preparation, specialty, and place of employment. The commissioner may collect information through the registration and licensure systems of the state health licensing boards.

Sec. 8. [144.1486] [RURAL COMMUNITY HEALTH CENTERS.]

The commissioner of health shall develop and implement a program to establish community health centers in rural areas of Minnesota that are underserved by health care providers. The program shall provide rural communities and community organizations with technical assistance, capital grants for start-up costs, and short-term assistance with operating costs. The technical assistance component of the program must provide assistance in review of practice management, market analysis, practice feasibility analysis, medical records system analysis, and scheduling and patient flow analysis. The program must: (1) include a local match requirement for state dollars received; (2) require local communities, through nonprofit boards comprised of local residents, to operate and own their community's health care program; (3) encourage the use of midlevel practitioners; and (4) incorporate a quality assurance strategy that provides regular evaluation of clinical performance and allows peer review comparisons for rural practices. The commissioner shall report to the legislature on implementation of the program by February 15, 1994.

For each year that a participant serves as a physician in a designated rural area, up to a

maximum of four years, the higher education coordinating board shall annually pay an amount equal to one year of qualified loans ~~and the interest accrued on these loans~~. Participants who move their practice from one designated rural area to another remain eligible for loan repayment. In addition, if a resident participating in the loan forgiveness program serves at least four weeks during a year of residency substituting for a rural physician to temporarily relieve the rural physician of rural practice commitments to enable the rural physician to take a vacation, engage in activities outside the practice area, or otherwise be relieved of rural practice commitments, the participating resident may designate up to an additional $2,000, above the $10,000 maximum, for each year of residency during which the resident substitutes for a rural physician for four or more weeks.

Sec. 3. [136A.1356] [MIDLEVEL PRACTITIONER EDUCATION ACCOUNT.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following definitions apply:

Subd. 3. [ELIGIBILITY.] To be eligible to participate in the program, a prospective midlevel practitioner must submit a letter of interest to the higher education coordinating board prior to or while attending a program of study designed to prepare the individual for service as a midlevel practitioner. Before completing the first year of

this program, a midlevel practitioner must sign a contract to agree to serve at least two of the first four years following graduation from the program in a designated rural area.

Subd. 4. [LOAN FORGIVENESS.] The higher education coordinating board may accept up to eight applicants per year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of midlevel practitioner study, up to a maximum of two years, an agreed amount, not to exceed $7,000, as a qualified loan. For each year that a participant serves as a midlevel practitioner in a designated rural area, up to a maximum of four years, the higher education coordinating board shall annually repay an amount equal to one-half a qualified loan. Participants who move their practice from one designated rural area to another remain eligible for loan repayment.

Subd. 5. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 4 for full repayment of all qualified loans, the higher education coordinating board shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The higher education coordinating board shall deposit the money collected in the midlevel practitioner education account. The board shall allow waivers of all or part of the money owed the board if emergency circumstances prevented fulfillment of the required service commitment.

Sec. 4. [137.38] [EDUCATION AND TRAINING OF PRIMARY CARE PHYSICIANS.]

Subdivision 1. [CONDITION.] If the board of regents accepts the funding appropriated for sections 137.38 to 137.40, it shall comply with the duties for which the appropriations are made.

Subd. 2. [PRIMARY CARE.] For purposes of sections 137.38 to 137.40, "primary care" means a type of medical care delivery that assumes ongoing responsibility for the patient in both health maintenance and illness treatment. It is personal care involving a unique interaction and communication between the patient and the physician. It is comprehensive in scope, and includes all the overall coordination of the care of the patient's health care problems including biological, behavioral, and social problems. The appropriate use of consultants and community resources is an important aspect of effective primary care.

Subd. 3. [GOALS.] The regents of the University of Minnesota, through the University of Minnesota medical school, shall implement the initiatives required by sections 137.38 to 137.40 in order to increase the number of graduates of residency programs of the medical school who practice primary care by 20 percent over an

eight-year period. The initiatives must be designed to encourage newly graduated primary care physicians to establish practices in areas of rural Minnesota that are medically underserved.

Subd. 4. [GRANTS.] The board of regents shall seek grants from private foundations and other nonstate sources for the initiatives outlined in sections 137.38 to 137.40.

Subd. 5. [REPORTS.] The board of regents shall report annually to the legislature on progress made in implementing sections 137.38 to 137.40, beginning January 15, 1993, and each succeeding January 15.

Sec. 5. [137.39] [MEDICAL SCHOOL INITIATIVES.]

Subdivision 1. [MODIFIED SCHOOL INITIATIVES.] The University of Minnesota medical school shall study the demographic characteristics of students that are associated with a primary care career choice. The medical school is requested to modify the selection process for medical students based on the results of this study, in order to increase the number of medical school graduates choosing careers in primary care.

Subd. 2. [DESIGN OF CURRICULUM.] The medical school shall ensure that its curriculum provides students with early exposure to primary care physicians and primary care practice. The medical school shall also support premedical school educational initiatives that provide students with greater exposure to primary care physicians and practices.

Subd. 3. [CLINICAL EXPERIENCES IN PRIMARY CARE.] The medical school, in consultation with medical school faculty at the University of Minnesota, Duluth, shall develop a program to provide students with clinical experiences in primary care settings in internal medicine and pediatrics. The program must provide training experiences in medical clinics in rural Minnesota communities, as well as in community clinics and health maintenance organizations in the Twin Cities metropolitan area.

Sec. 6. [137.40] [RESIDENCY AND OTHER INITIATIVES.]

Subdivision 1. [PRIMARY CARE AND RURAL ROTATIONS.] The medical school shall increase the opportunities for general medicine, pediatrics, and family practice residents to serve rotations in primary care settings. These settings must include community clinics, health maintenance organizations, and practices in rural communities.

Subd. 2. [RURAL RESIDENCY TRAINING PROGRAM IN FAMILY PRACTICE.] The medical school shall establish a rural resi-

dency training program in family practice. The program shall provide an initial year of training in a metropolitan-based hospital and family practice clinic. The second and third years of the residency program shall be based in rural communities, utilizing local clinics and community hospitals, with specialty rotations in nearby regional medical centers.

Subd. 3. [CONTINUING MEDICAL EDUCATION.] The medical school shall develop continuing medical education programs for primary care physicians that are comprehensive, community-based, and accessible to primary care physicians in all areas of the state.

Sec. 7. [136A.1357] [EDUCATION ACCOUNT FOR NURSES WHO AGREE TO PRACTICE IN A NURSING HOME.]

Subdivision 1. [CREATION OF THE ACCOUNT.] An education account in the general fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the loan forgiveness program, a person planning to enroll or enrolled in a program of study designed to prepare the person to become a registered nurse or licensed practical nurse must submit a letter of interest to the board before completing the first year of study of a nursing education program. Before completing the first year of study, the applicant must sign a contract in which the applicant agrees to practice nursing for at least one of the first two years following completion of the nursing education program providing nursing services in a licensed nursing home.

Subd. 3. [LOAN FORGIVENESS.] The board may accept up to ten applicants a year. Applicants are responsible for securing their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed $3,000, as a qualified loan. For each year that a participant practices nursing in a nursing home, up to a maximum of two years, the board shall annually repay an amount equal to one year of qualified loans. Participants who move from one nursing home to another remain eligible for loan repayment.

Subd. 4. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 3 for full repayment of all qualified loans, the commissioner shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The board shall deposit the collections in the general fund to be credited to the account established in subdivision 1. The board

may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. [RULES.] The board shall adopt rules to implement this section.

Sec. 8. [STUDY OF OBSTETRICAL ACCESS.]

The commissioner of health shall study access to obstetrical services in Minnesota and report to the legislature by January 1, 1993. The study must examine the number of physicians discontinuing obstetrical care in recent years and the effects of high malpractice costs and low government program reimbursement for obstetrical services, and must identify areas of the state where access to obstetrical services is most greatly affected. The commissioner shall recommend ways to reduce liability costs and to encourage physicians to continue to provide obstetrical services.

Sec. 9. [GRANT PROGRAM FOR MIDLEVEL PRACTITIONER TRAINING.]

The higher education coordinating board may award grants to Minnesota schools or colleges that educate, or plan to educate midlevel practitioners, in order to establish and administer midlevel practitioner training programs in areas of rural Minnesota with the greatest need for midlevel practitioners. The program must address rural health care needs, and incorporate innovative methods of bringing together faculty and students, such as the use of telecommunications, and must provide both clinical and lecture components.

Sec. 10. [GRANTS FOR CONTINUING EDUCATION.]

The higher education coordinating board shall establish a competitive grant program for schools of nursing and other providers of continuing nurse education, in order to develop continuing education programs for nurses working in rural areas of the state. The programs must complement, and not duplicate, existing continuing education activities, and must specifically address the needs of nurses working in rural practice settings. The board shall award two grants for the fiscal year ending June 30, 1993.

ARTICLE 7

DATA COLLECTION AND RESEARCH INITIATIVES

Section 1. [62J.30] [HEALTH CARE ANALYSIS UNIT.]

Subdivision 1. [DEFINITIONS.] For purposes of sections 62J.30 to 62J.34, the following definitions apply:

(a) "Practice parameter" means a statement intended to guide the clinical decision making of health care providers and patients that is supported by the results of appropriately designed outcomes research studies, including those studies sponsored by the federal agency for health care policy and research, or has been adopted for use by a national medical society.

(b) "Outcomes research" means research designed to identify and analyze the outcomes and costs of alternative interventions for a given clinical condition, in order to determine the most appropriate and cost-effective means to prevent, diagnose, treat, or manage the condition, or in order to develop and test methods for reducing inappropriate or unnecessary variations in the type and frequency of interventions.

Subd. 2. [ESTABLISHMENT.] The commissioner of health, in consultation with the Minnesota health care commission, shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.

Subd. 3. [GENERAL DUTIES; IMPLEMENTATION DATE.] The commissioner, through the health care analysis unit, shall:

(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;

(2) establish the condition-specific data base required under section 62J.31;

(3) develop and implement data collection procedures to ensure a high level of cooperation from health care providers and health carriers, as defined in section 62L.02, subdivision 16;

(4) work closely with health carriers and health care providers to promote improvements in health care efficiency and effectiveness;

(5) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;

(6) provide technical assistance to health plan and health care purchasers, as required by section 62J.33;

(7) develop outcome-based practice parameters as required under section 62J.34; and

(8) provide technical assistance as needed to the health planning advisory committee and the regional coordinating boards.

Subd. 4. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:

(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health carriers;

(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;

(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;

(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;

(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;

(6) be structured to minimize the administrative burden on health carriers, health care providers, and the health care delivery system, and minimize any privacy impact on individuals; and

(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.

Subd. 5. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.] Data and research initiatives related to public sector health care programs must:

(1) assist the state's current health care financing and delivery programs to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;

(2) assist the state in its public health activities, including the analysis of disease prevalence and trends and the development of public health responses;

(3) assist the state in developing and refining its overall health policy, including policy related to health care costs, quality, and access; and

(4) provide a data source that allows the evaluation of state health care financing and delivery programs.

Subd. 6. [DATA COLLECTION PROCEDURES.] The health care analysis unit shall collect data from health care providers, health carriers, and individuals in the most cost-effective manner, which does not unduly burden providers. The unit may require health care providers and health carriers to collect and provide patient health records, provide mailing lists of patients who have consented to release of data, and cooperate in other ways with the data collection process. For purposes of this chapter, the health care analysis unit shall assign, or require health care providers and health carriers to assign, a unique identification number to each patient to safeguard patient identity.

Subd. 7. [DATA CLASSIFICATION.] (a) Data collected through the large-scale data base initiatives of the health care analysis unit required by section 62J.31 that identify individuals are private data on individuals. Data not on individuals are nonpublic data. The commissioner may release private data on individuals and nonpublic data to researchers affiliated with university research centers or departments who are conducting research on health outcomes, practice parameters, and medical practice style; researchers working under contract with the commissioner; and individuals purchasing health care services for health carriers and groups. Prior to releasing any nonpublic or private data under this paragraph that identify or relate to a specific health carrier, medical provider, or health care facility, the commissioner shall provide at least 30 days' notice to the subject of the data, including a copy of the relevant data, and allow the subject of the data to provide a brief explanation or comment on the data which must be released with the data. To the extent reasonably possible, release of private or confidential data under this chapter shall be made without releasing data that could reveal the identity of individuals and should instead be released using the identification numbers required by subdivision 6.

(b) Summary data derived from data collected through the large-scale data base initiatives of the health care analysis unit may be provided under section 13.05, subdivision 7, and may be released in studies produced by the commissioner.

(c) The commissioner shall adopt rules to establish criteria and procedures to govern access to and the use of data collected through the initiatives of the health care analysis unit.

Subd. 8. [DATA COLLECTION ADVISORY COMMITTEE.] The commissioner shall convene a 15-member data collection advisory committee consisting of health service researchers, health care providers, health carrier representatives, representatives of businesses that purchase health coverage, and consumers. Six members of this committee must be physicians. The advisory committee shall

evaluate methods of data collection and shall recommend to the commissioner methods of data collection that minimize administrative burdens, address data privacy concerns, and meet the needs of health service researchers. The advisory committee is governed by section 15.059.

Subd. 9. [FEDERAL AND OTHER GRANTS.] The commissioner shall seek federal funding, and funding from private and other nonstate sources, for the initiatives of the health care analysis unit.

Subd. 10. [CONTRACTS AND GRANTS.] To carry out the duties assigned in sections 62J.30 to 62J.34, the commissioner may contract with or provide grants to private sector entities. Any contract or grant must require the private sector entity to maintain the data on individuals which it receives according to the statutory provisions applicable to the data.

Subd. 11. [RULEMAKING.] The commissioner may adopt permanent and emergency rules to implement sections 62J.30 to 62J.34.

Sec. 2. [62J.31] [LARGE-SCALE DATA BASE.]

Subdivision 1. [ESTABLISHMENT.] The health care analysis unit shall establish a large-scale data base for a limited number of health conditions. This initiative must meet the requirements of this section.

Subd. 2. [SPECIFIC HEALTH CONDITIONS.] (a) The data must be collected for specific health conditions, rather than specific procedures, types of health care providers, or services. The health care analysis unit shall designate a limited number of specific health conditions for which data shall be collected during the first year of operation. For subsequent years, data may be collected for additional specific health conditions. The number of specific conditions for which data is collected is subject to the availability of appropriations.

(b) The initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire episodes of care for a given condition, whether or not treatment includes use of a hospital or a freestanding outpatient surgical center.

Subd. 3. [INFORMATION TO BE COLLECTED.] The data collected must include information on health outcomes, including

information on mortality, morbidity, patient functional status and quality of life, symptoms, and patient satisfaction. The data collected must include information necessary to measure and make adjustments for differences in the severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records. The data must be collected in a manner that allows comparisons to be made between providers, health carriers, public programs, and other entities.

Subd. 4. [DATA COLLECTION AND REVIEW.] Data collection for any one condition must continue for a sufficient time to permit: adequate analysis by researchers and appropriate providers, including providers who will be impacted by the data; feedback to providers; and monitoring for changes in practice patterns. The health care analysis unit shall annually review all specific health conditions for which data is being collected, in order to determine if data collection for that condition should be continued.

Subd. 5. [USE OF EXISTING DATA BASES.] (a) The health care analysis unit shall negotiate with private sector organizations currently collecting data on specific health conditions of interest to the unit, in order to obtain required data in a cost-effective manner and minimize administrative costs. The unit shall attempt to establish linkages between the large scale data base established by the unit and existing private sector data bases and shall consider and implement methods to streamline data collection in order to reduce public and private sector administrative costs.

(b) The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.

Sec. 3. [62J.32] [ANALYSIS AND USE OF DATA COLLECTED THROUGH THE LARGE-SCALE DATA BASE.]

Subdivision 1. [DATA ANALYSIS.] The health care analysis unit shall analyze the data collected on specific health conditions using existing practice parameters and newly researched practice parameters, including those established through the outcomes research studies of the federal government. The unit may use the data collected to develop new practice parameters, if development and refinement is based on input from and analysis by practitioners, particularly those practitioners knowledgeable about and impacted by practice parameters. The unit may also refine existing practice parameters, and may encourage or coordinate private sector research efforts designed to develop or refine practice parameters.

Subd. 2. [EDUCATIONAL EFFORTS.] The health care analysis unit shall maintain and improve the quality of health care in Minnesota by providing practitioners in the state with information about practice parameters. The unit shall promote, support, and disseminate parameters for specific, appropriate conditions, and the research findings on which these parameters are based, to all practitioners in the state who diagnose or treat the medical condition.

Subd. 3. [PEER REVIEW.] The unit may require peer review by the Minnesota medical association for specific medical conditions for which medical practice in all or part of the state deviates from practice parameters. The commissioner may also require peer review by the Minnesota medical association for specific medical conditions for which there are large variations in treatment method or frequency of treatment in all or part of the state. Peer review may be required for all medical practitioners statewide, or limited to medical practitioners in specific areas of the state. The peer review must determine whether the procedures conducted by medical practitioners are medically necessary and appropriate, and within acceptable and prevailing practice parameters that have been disseminated by the health care analysis unit in conjunction with the appropriate professional organizations. If a medical practitioner continues to perform procedures that are medically inappropriate, even after educational efforts by the review panel, the practitioner may be reported to the appropriate professional licensing board.

Subd. 4. [PRACTICE PARAMETER ADVISORY COMMITTEE.] The commissioner shall convene a 15-member practice parameter advisory committee comprised of eight physicians, other health care professionals, and representatives of the medical research community and the medical technology industry. The committee shall present recommendations on the adoption of practice parameters to the commissioner and the Minnesota health care commission and provide technical assistance as needed to the commissioner and the commission. The advisory committee is governed by section 15.059, but does not expire.

Sec. 4. [62J.33] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

The health care analysis unit shall provide technical assistance to health plan and health care purchasers. The unit shall collect information about:

(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health carriers; and

(2) prices, outcomes, provider experience, and other information

for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.

The commissioner shall publicize this information in an easily understandable format.

Sec. 5. [62J.34] [OUTCOME-BASED PRACTICE PARAMETERS.]

The health care analysis unit may develop, adopt, revise, and disseminate practice parameters, and disseminate research findings, that are supported by medical literature and appropriately controlled studies to minimize unnecessary, unproven, or ineffective care. The development, adoption, revision, and dissemination of practice parameters under this chapter are not subject to chapter 14. Among other appropriate activities relating to the development of practice parameters, the health care analysis unit shall:

(1) determine uniform specifications for the collection, transmission, and maintenance of health outcomes data; and

(2) conduct studies and research on the following subjects:

(i) new and revised practice parameters to be used in connection with state health care programs and other settings;

(ii) the comparative effectiveness of alternative modes of treatment, medical equipment, and drugs;

(iii) the relative satisfaction of participants with their care, determined with reference to both provider and mode of treatment;

(iv) the cost versus the effectiveness of health care treatments; and

(v) the impact on cost and effectiveness of health care of the management techniques and administrative interventions used in the state health care programs and other settings.

Sec. 6. Minnesota Statutes 1991 Supplement, section 145.61, subdivision 5, is amended to read:

Subd. 5. "Review organization" means a nonprofit organization acting according to clause (k) or a committee whose membership is limited to professionals, administrative staff, and consumer directors, except where otherwise provided for by state or federal law, and which is established by a hospital, by a clinic, by one or more state or local associations of professionals, by an organization of professionals from a particular area or medical institution, by a health maintenance organization as defined in chapter 62D, by a nonprofit health service plan corporation as defined in chapter 62C, by a professional standards review organization established pursuant to

ARTICLE 8

MEDICAL MALPRACTICE

Section 1. Minnesota Statutes 1990, section 145.682, subdivision 4, is amended to read:

Subd. 4. [IDENTIFICATION OF EXPERTS TO BE CALLED.] (a) The affidavit required by subdivision 2, clause (2), must be signed by each expert listed in the affidavit and by the plaintiff's attorney and state the identity of each person whom plaintiff expects to call as an expert witness at trial to testify with respect to the issues of malpractice or causation, the substance of the facts and opinions to which the expert is expected to testify, and a summary of the grounds for each opinion. Answers to interrogatories that state the information required by this subdivision satisfy the requirements of

this subdivision if they are signed by the plaintiff's attorney and by each expert listed in the answers to interrogatories and served upon the defendant within 180 days after commencement of the suit against the defendant.

(13) methods of providing incentives through special spending allowances or other means to encourage and reward special projects to improve outcomes or quality of care; and

(3) the process for provider collaboration once a decision is reached by the regional coordinating organization.

Subd. 6. [ANTI-TRUST AND CONFLICTS OF INTEREST.] The regional coordinating organization should work with the commissioner and other appropriate state agencies in order to encourage the kind of provider collaboration needed in order to achieve the objectives outlined in subdivision 1. Actions taken by providers, health plan companies or others which are not related to the objectives in subdivision 1 should not be exempt from the legal and other restrictions that apply to such actions.

Subd. 7. [TECHNICAL ASSISTANCE.] The state health care commission shall provide technical assistance to regional coordinating organizations.

Subd. 8. [TERMS; COMPENSATION; REMOVAL; AND VACANCIES.] Regional coordinating organizations are governed by section 15.0575, except that members do not receive per diem payments.

Subd. 9. [REPEALER.] This section is repealed effective July 1, 1993.

Sec. 6. [62J.15] [HEALTH PLANNING.]

Subdivision 1. [HEALTH PLANNING ADVISORY COMMITTEE.] (a) The Minnesota health care commission shall convene an advisory committee to make recommendations regarding the use and distribution of new and existing health care technologies and procedures and major capital expenditures by providers. The advisory committee may include members of the state commission and other persons appointed by the commission. The advisory committee must include at least one person representing physicians, at least one person representing hospitals, and at least one person representing the health care technology industry. Health care technologies and procedures include high-cost pharmaceuticals, organ and

other transplants, health care procedures and devices, and expensive, large-scale technologies such as scanners and imagers.

Subd. 2. [HEALTH PLANNING.] In consultation with the health planning advisory committee, the Minnesota health care commission shall:

(1) develop criteria for evaluating new health care technology and procedures and major capital expenditures that take into consideration the effectiveness and value of the new technology, procedure, or capital expenditure in relation to the cost impact on consumers and payors;

(2) recommend to the commissioner of health and the regional coordinating organizations statewide and regional goals and targets for the distribution and use of new and existing health care technologies and procedures and major capital expenditures;

(3) make recommendations to the commissioner regarding the designation of centers of excellence for transplants and other specialized medical procedures; and

(4) make recommendations to the commissioner regarding minimum volume requirements for the performance of certain procedures by hospitals and other health care facilities or providers.

Sec. 7. [62J.17] [EXPENDITURE REPORTING.]

Subdivision 1. [PURPOSE.] To ensure access to affordable health care services for all Minnesotans it is necessary to restrain the rate of growth in health care costs. An important factor contributing to escalating costs is the purchase of costly new medical equipment, major capital expenditures, and the addition of new specialized services. After spending targets are established under section 62J.04, providers, patients, and communities will have the opportunity to decide for themselves whether they can afford capital expenditures or new equipment or specialized services within the constraints of a spending limit. In this environment, the state's role in reviewing these spending commitments can be more limited. However, during the interim period until spending targets are established, it is important to prevent unrestrained major spending commitments that will contribute further to the escalation of health care costs and make future cost containment efforts more difficult. In addition, it is essential to protect against the possibility that the legislature's expression of its attempt to control health care costs may lead a provider to make major spending commitments before targets or other cost containment constraints are fully implemented because the provider recognizes that the spending commitment may not be considered appropriate, needed, or affordable within the context of a fixed budget for health care spending. Therefore, the

legislature finds that a requirement for reporting health care expenditures is necessary.

Subd. 2. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given.

(a) [CAPITAL EXPENDITURE.] "Capital expenditure" means an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance.

(b) [HEALTH CARE SERVICE.] "Health care service" means:

(1) a service or item that would be covered by the medical assistance program under chapter 256B if provided in accordance with medical assistance requirements to an eligible medical assistance recipient; and

(2) a service or item that would be covered by medical assistance except that it is characterized as experimental, cosmetic, or voluntary.

"Health care service" does not include retail, over-the-counter sales of nonprescription drugs and other retail sales of health-related products that are not generally paid for by medical assistance and other third-party coverage.

(c) [MAJOR SPENDING COMMITMENT.] "Major spending commitment" means:

(1) acquisition of a unit of medical equipment;

(2) a capital expenditure for a single project for the purposes of providing health care services, other than for the acquisition of medical equipment;

(3) offering a new specialized service not offered before;

(4) planning for an activity that would qualify as a major spending commitment under this paragraph; or

(5) a project involving a combination of two or more of the activities in clauses (1) to (4).

The cost of acquisition of medical equipment, and the amount of a capital expenditure, is the total cost to the provider regardless of whether the cost is distributed over time through a lease arrangement or other financing or payment mechanism.

(d) [MEDICAL EQUIPMENT.] "Medical equipment" means fixed and movable equipment that is used by a provider in the provision of a health care service. "Medical equipment" includes, but is not limited to, the following:

(1) an extracorporeal shock wave lithotripter;

(2) a computerized axial tomography (CAT) scanner;

(3) a magnetic resonance imaging (MRI) unit;

(4) a positron emission tomography (PET) scanner; and

(5) emergency and nonemergency medical transportation equipment and vehicles.

(e) [NEW SPECIALIZED SERVICE.] "New specialized service" means a specialized health care procedure or treatment regimen offered by a provider that was not previously offered by the provider, including, but not limited to:

(1) cardiac catheterization services involving high-risk patients as defined in the Guidelines for Coronary Angiography established by the American Heart Association and the American College of Cardiology;

(2) heart, heart-lung, liver, kidney, bowel, or pancreas transplantation service, or any other service for transplantation of any other organ;

(3) megavoltage radiation therapy;

(4) open heart surgery;

(5) neonatal intensive care services; and

(6) any new medical technology for which premarket approval has been granted by the United States Food and Drug Administration.

(f) [PROVIDER.] "Provider" means an individual, corporation, association, firm, partnership, or other entity that is regularly engaged in providing health care services in Minnesota.

Subd. 3. [HOSPITAL AND NURSING HOME MORATORIA PRESERVED.] Nothing in this section supersedes or limits the applicability of section 144.551 or 144A.071.

Subd. 4. [EXPENDITURE REPORTING.] Any provider making a capital expenditure establishing a health care service or new spe-

cialized service, or making a major spending commitment after April 1, 1992, that is in excess of $500,000, shall submit notification of this expenditure to the commissioner and provide the commissioner with any relevant background or other information. The commissioner shall not have any approval or denial authority, but should use such information in the ongoing evaluation of statewide and regional progress toward cost containment and other objectives.

Subd. 5. [RETROSPECTIVE REVIEW.] The commissioner of health, in consultation with the Minnesota health care commission, shall retrospectively review capital expenditures and major spending commitments that are required to be reported by providers under subdivision 4. In the event that health care providers refuse to cooperate with attempts by the Minnesota health care commission and regional coordinating organizations to coordinate the use of health care technologies and procedures, and reduce the growth rate in health care expenditures, or in the event that health care providers continue to use or perform health care technologies and procedures that are clearly not cost-effective based on the results of medical research, the commissioner shall recommend that the commissioner of human services take action to eliminate the cost of new technologies, procedures, and capital expenditures from the medical assistance, general assistance medical care, and health right plan reimbursement received by the health care provider. The commissioner of human services shall reduce reimbursement under these programs to that provider upon recommendation of the commissioner of health. The commissioner of health may also cooperate with the commissioner of commerce and third party payers regulated by the commissioner of commerce, and with health maintenance organizations, to reduce reimbursement from these payers for this purpose. The commissioner may also restrict or prevent the future adoption of health care technologies and procedures, and capital expenditures, by a health care provider or group purchaser.

Sec. 8. [62J.19] [SUBMISSION OF REGIONAL PLAN TO COMMISSIONER.]

Each regional coordinating organization shall submit its plan to the commissioner on or before June 30, 1993. In the event that any major provider, provider group or other entity within the region chooses to not participate in the regional planning process, the commissioner may require the participation of that entity in the planning process or adopt other rules or criteria for that entity. In the event that a region fails to submit a plan to the commissioner that satisfactorily promotes the objectives in section 62J.09, subdivisions 1 and 2, or where competing plans and regional coordination organizations exist, the commissioner has the authority to establish a public regional coordinating organization for purposes of establishing a regional plan which will achieve the objectives. The public regional coordinating organization shall be appointed by the commissioner and under the commissioner's direction.

Sec. 9. [62J.21] [REPORTING TO THE LEGISLATURE.]

The commissioner shall report to the legislature by January 1, 1993 regarding the process being made within each region with respect to the establishment of a regional coordinating organization and the development of a regional plan. In the event that the commissioner determines that any region is not making reasonable progress or a good-faith commitment towards establishing a regional coordinating organization and regional plan, the commissioner may establish a public regional board for this purpose. The commissioner's report should also include the issues, if any, raised during the planning process to date and request any appropriate legislate action that would facilitate the planning process."

Subdivision 1. [ITEMIZED LIST.] A health care provider and a health care facility shall compile and make available to the public an itemized list of the usual and customary charges for each procedure or service rendered by the provider or facility.

Subd. 2. [DISCLOSURE.] A health care provider and a health care facility shall clearly and conspicuously display the following notice in boldface type of a minimum size of 24 points in the area or areas of the provider's office or facility accessible to the public:

"HEALTH CARE CONSUMER'S RIGHTS:

Within the requirements of your coverage, you have the right to have tests and procedures conducted in a facility or laboratory of your choice. You have the right to see your medical records and a right to receive responses to your questions about your health, medical care, or medical procedures."

Subd. 3. [DEFINITION.] (a) For purposes of this section, "health care provider" means a person licensed or registered to practice a healing art under chapter 147 or 148, to practice dentistry under

chapter 150A, or to practice podiatry under chapter 153. The term does not include providers whose practice is limited to enrollees of a staff model health maintenance organization.

(b) For purposes of this section, "health care facility" means a hospital, sanitarium, or other institution for the hospitalization or care of human beings licensed pursuant to sections 144.50 to 144.56.

Subd. 4. [RULEMAKING.] The commissioner of health may adopt rules for the administration of this section.

Subd. 5. [PENALTIES AND REMEDIES.] A health care professional or health care facility who is found to have violated this section is subject to the penalties and remedies in section 8.31.

Sec. 16. Minnesota Statutes 1990, section 144.699, subdivision 2, is amended to read:

Subd. 2. [FOSTERING PRICE COMPETITION.] The commissioner of health shall:

~~(a) Encourage~~ (1) require hospitals, outpatient surgical centers, home care providers, and professionals regulated by the health related licensing boards as defined in section 214.01, subdivision 2, and by the commissioner of health under section 214.13, to publish prices for procedures and services that are representative of the diagnoses and conditions for which citizens of this state seek treatment~~.~~; and

~~(b)~~ (2) analyze and disseminate available price information and analyses so as to foster the development of price competition among hospitals, outpatient surgical centers, home care providers, and health professionals.

Sec. 17. [STUDY ON RECOVERY OF UNCOMPENSATED CARE COSTS.]

The commissioner of health shall study cost-shifting and uncompensated care costs in the health care industry. The commissioner shall recommend to the legislature by January 15, 1993, methods to recover from health care providers an amount equal to the share of uncompensated care costs shifted to other payers that are no longer incurred by the provider as uncompensated care costs, due to the availability of the health right plan."

Section 1. Minnesota Statutes 1990, section 60B.03, subdivision 2, is amended to read:

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of commerce of the state of Minnesota and, in that commissioner's absence or disability, a deputy or other person duly designated to act in that commissioner's place. ~~In the context of rehabilitation or liquidation of a health maintenance organization, "commissioner" means the commissioner of health of the state of Minnesota and, in that commissioner's absence or disability, a deputy or other person duly designated to act in that commissioner's place.~~

Sec. 2. Minnesota Statutes 1990, section 60B.15, is amended to read:

60B.15 [GROUNDS FOR REHABILITATION.]

The commissioner may apply by verified petition to the district court for Ramsey county or for the county in which the principal office of the insurer is located for an order directing the commissioner to rehabilitate a domestic insurer or an alien insurer domiciled in this state on any one or more of the following grounds:

(1) Any ground on which the commissioner may apply for an order of liquidation under section 60B.20, whenever the commissioner believes that the insurer may be successfully rehabilitated without substantial increase in the risk of loss to creditors of the insurer, its policyholders or to the public;

(2) That the commissioner has reasonable cause to believe that there has been theft from the insurer, wrongful sequestration or diversion of the insurer's assets, forgery or fraud affecting the insurer or other illegal conduct in, by or with respect to the insurer, which endanger assets in an amount threatening insolvency of the insurer;

(3) That substantial and unexplained discrepancies exist between the insurer's records and the most recent annual report or other official company reports;

(4) That the insurer, after written demand by the commissioner, has failed to remove any person who in fact has executive authority in the insurer, whether an officer, manager, general agent, employee, or other person, if the person has been found by the commissioner after notice and hearing to be dishonest or untrustworthy in a way affecting the insurer's business such as is the basis for action under section 60A.051;

(5) That control of the insurer, whether by stock ownership or otherwise, and whether direct or indirect, is in one or more persons found by the commissioner after notice and hearing to be dishonest

or untrustworthy such as is the basis for action under section 60A.051;

(6) That the insurer, after written demand by the commissioner, has failed within a reasonable period of time to terminate the employment and status and all influences on management of any person who in fact has executive authority in the insurer, whether an officer, manager, general agent, employee or other person if the person has refused to submit to lawful examination under oath by the commissioner concerning the affairs of the insurer, whether in this state or elsewhere;

(7) That after lawful written demand by the commissioner the insurer has failed to submit promptly any of its own property, books, accounts, documents, or other records, or those of any subsidiary or related company within the control of the insurer, or those of any person having executive authority in the insurer so far as they pertain to the insurer, to reasonable inspection or examination by the commissioner or an authorized representative. If the insurer is unable to submit the property, books, accounts, documents, or other records of a person having executive authority in the insurer, it shall be excused from doing so if it promptly and effectively terminates the relationship of the person to the insurer;

(8) That without first obtaining the written consent of the commissioner, or if required by law, the written consent of the attorney general, the insurer has transferred, or attempted to transfer, substantially its entire property or business, or has entered into any transaction the effect of which is to merge, consolidate, or reinsure substantially its entire property or business of any other person;

(9) That the insurer or its property has been or is the subject of an application for the appointment of a receiver, trustee, custodian, conservator or sequestrator or similar fiduciary of the insurer or its property otherwise than as authorized under sections 60B.01 to 60B.61, and that such appointment has been made or is imminent, and that such appointment might divest the courts of this state of jurisdiction or prejudice orderly delinquency proceedings under sections 60B.01 to 60B.61;

(10) That within the previous year the insurer has willfully violated its charter or articles of incorporation or its bylaws or any applicable insurance law or regulation of any state, or of the federal government, or any valid order of the commissioner under section 60B.11 in any manner or as to any matter which threatens substantial injury to the insurer, its creditors, it policyholders or the public, or having become aware within the previous year of an unintentional or willful violation has failed to take all reasonable steps to remedy the situation resulting from the violation and to prevent the same violations in the future;

(11) That the directors of the insurer are deadlocked in the management of the insurer's affairs and that the members or shareholders are unable to break the deadlock and that irreparable injury to the insurer, its creditors, its policyholders, or the public is threatened by reason thereof;

(12) That the insurer has failed to pay for 60 days after due date any obligation to this state or any political subdivision thereof or any judgment entered in this state, except that such nonpayment shall not be a ground until 60 days after any good faith effort by the insurer to contest the obligation or judgment has been terminated, whether it is before the commissioner or in the courts;

(13) That the insurer has failed to file its annual report or other report within the time allowed by law, and after written demand by the commissioner has failed to give an adequate explanation immediately;

(14) That two-thirds of the board of directors, or the holders of a majority of the shares entitled to vote, or a majority of members or policyholders of an insurer subject to control by its members or policyholders, consent to rehabilitation under sections 60B.01 to 60B.61;

(15) That the insurer is engaging in a systematic practice of reaching settlements with and obtaining releases from policyholders or third party claimants and then unreasonably delaying payment of or failing to pay the agreed upon settlements;

(16) That the insurer is in such condition that the further transaction of business would be hazardous, financially or otherwise, to its policyholders, its creditors, or the public;

(17) That within the previous 12 months the insurer has systematically attempted to compromise with its creditors on the ground that it is financially unable to pay its claims in full;

(18) In the context of a health maintenance organization, "insurer" when used in clauses (1) to (17) means "health maintenance organization." In addition to the grounds in clauses (1) to (17), any one of the following constitutes grounds for rehabilitation of a health maintenance organization:

(a) the health maintenance organization is unable or is expected to be unable to meet its debts as they become due;

(b) grounds exist under section 62D.042, subdivision 7;

(c) the health maintenance organization's liabilities exceed the current value of its assets, exclusive of intangibles and, where the

guaranteeing organization's financial condition no longer meets the requirements of sections 62D.041 and 62D.042, exclusive of any deposits, letters of credit, or guarantees provided by any guaranteeing organization under chapter 62D;

(d) in addition to grounds under clause (16), within the last year the health maintenance organization has failed, and the commissioner ~~of health~~ expects such failure to continue in the future, to make comprehensive medical care adequately available and accessible to its enrollees and the health maintenance organization has not successfully implemented a plan of corrective action pursuant to section 62D.121, subdivision 7; and

(e) in addition to grounds under clause (16), within the last year the directors or officers of the health maintenance organization willfully violated the requirements of section 317A.251, or having become aware within the previous year of an unintentional or willful violation of section 317A.251, have failed to take all reasonable steps to remedy the situation resulting from the violation and to prevent the same violation in the future.

Sec. 3. Minnesota Statutes 1990, section 60B.20, is amended to read:

60B.20 [GROUNDS FOR LIQUIDATION.]

The commissioner may apply by verified petition to the district court for Ramsey county or for the county in which the principal office of the insurer is located for an order to liquidate a domestic insurer or an alien insurer domiciled in this state on any one or more of the following grounds:

(1) Any ground on which the commissioner may apply for an order of rehabilitation under section 60B.15, whenever the commissioner believes that attempts to rehabilitate the insurer would substantially increase the risk of loss to its creditors, its policyholders, or the public, or would be futile, or that rehabilitation would serve no useful purpose;

(2) That the insurer is or is about to become insolvent;

(3) That the insurer has not transacted the business for which it was organized or incorporated during the previous 12 months or has transacted only a token such business during that period, although authorized to do so throughout that period, or that more than 12 months after incorporation it has failed to become authorized to do the business for which it was organized or incorporated;

otherwise than as provided in section 60B.04, subdivision 3 in the case of a solvent insurer;

(5) That the insurer has concealed records or assets from the commissioner or improperly removed them from the jurisdiction, or the commissioner believes that the insurer is about to do so;

(6) That the insurer does not satisfy the requirements that would be applicable if it were seeking initial authorization in this state to do the business for which it was organized or incorporated, except for:

(i) Requirements that are intended to apply only at the time the initial authorization to do business is obtained, and not thereafter; and

(ii) Requirements that are expressly made inapplicable by the laws establishing the requirements;

(7) That the holders of two-thirds of the shares entitled to vote, or two-thirds of the members or policyholders entitled to vote in an insurer controlled by its members or policyholders, have consented to a petition;

(8) In the context of a health maintenance organization, "insurer" when used in clauses (1) to (7) means "health maintenance organization." In addition to the grounds in clauses (1) to (7), any one of the following constitutes grounds for liquidation of a health maintenance organization:

(i) the health maintenance organization is unable or is expected to be unable to meet its debts as they become due;

(ii) grounds exist under section 62D.042, subdivision 7;

(iii) the health maintenance organization's liabilities exceed the current value of its assets, exclusive of intangibles and, where the guaranteeing organization's financial condition no longer meets the requirements of sections 62D.041 and 62D.042, exclusive of any deposits, letters of credit, or guarantees provided by any guaranteeing organization under chapter 62D;

(iv) within the last year the health maintenance organization has failed, and the commissioner ~~of health~~ expects failure to continue in the future, to make comprehensive medical care adequately available and accessible to its enrollees and the health maintenance organization has not successfully implemented a plan of corrective action pursuant to section 62D.121, subdivision 7; and

(v) within the last year the directors or officers of the health

maintenance organization willfully violated the requirements of section 317A.251, or having become aware within the previous year of an unintentional or willful violation of section 317A.251, have failed to take all reasonable steps to remedy the situation resulting from the violation and to prevent the same violation in the future.

Sec. 4. Minnesota Statutes 1990, section 62D.01, subdivision 2, is amended to read:

Subd. 2. (a) Faced with the continuation of mounting costs of health care coupled with its inaccessibility to large segments of the population, the legislature has determined that there is a need to explore alternative methods for the delivery of health care services, with a view toward achieving greater efficiency and economy in providing these services.

(b) It is, therefore, the policy of the state to eliminate the barriers to the organization, promotion, and expansion of health maintenance organizations; to provide for their regulation by the state commissioner of ~~health~~ commerce; and to exempt them from the operation of the insurance and nonprofit health service plan corporation laws of the state except as hereinafter provided.

(c) It is further the intention of the legislature to closely monitor the development of health maintenance organizations in order to assess their impact on the costs of health care to consumers, the accessibility of health care to consumers, and the quality of health care provided to consumers.

Sec. 5. Minnesota Statutes 1990, section 62D.02, subdivision 3, is amended to read:

Subd. 3. "Commissioner of health" ~~or "commissioner"~~ means the state commissioner of health or a designee.

Upon receipt of an application for a certificate of authority, the commissioner of health shall determine whether the applicant for a certificate of authority has:

If the commissioner of health determines that the applicant has not met the requirements of this subdivision, the commissioner of health shall certify this determination to the commissioner of commerce and shall specify the reason or reasons for the determination and include copies of all documents and evidence upon which the determination was based.

Subd. 1a. [COMMISSIONER OF COMMERCE; STANDARDS FOR ISSUANCE.] Upon receiving an application for a certificate of authority, the commissioner shall determine whether the applicant for a certificate has:

If the replacement coverage is not approved by the commissioner, the health maintenance organization shall provide a cancellation notice with information that the enrollee is entitled to enroll in the state comprehensive health insurance plan with a waiver of the waiting period for preexisting conditions under section 62E.14, subdivisions 1, paragraph (d), and 6.

Sec. 26. Minnesota Statutes 1990, section 62D.121, subdivision 7, is amended to read:

Subd. 7. [GEOGRAPHIC ACCESSIBILITY.] If the commissioner believes that there are not enough providers to assure that enrollees have accessible health services available in a geographic service area, the commissioner may ask the commissioner of health to determine the question. If the commissioner of health determines that there are not enough providers to assure that enrollees have accessible health services available in a geographic service area, the commissioner of health shall ~~institute~~ prescribe a plan of corrective

action that shall be followed by the health maintenance organization. Such a plan may include but not be limited to requiring the health maintenance organization to make payments to nonparticipating providers for health services for enrollees, requiring the health maintenance organization to discontinue accepting new enrollees in that service area, and requiring the health maintenance organization to reduce its geographic service area. If a nonparticipating provider has been a participating provider with the health maintenance organization within the last year, any payments made under this section must not exceed the payment level of the previous contract unless the commissioner of health determines that without adjusting payments the health maintenance organization will be unable to meet the health care needs of enrollees in the area.

Sec. 27. Minnesota Statutes 1991 Supplement, section 62D.122, is amended to read:

62D.122 [MEDIATION.]

When current parties to a health maintenance organization contract between providers of health care services and the health maintenance organization believe they will be unable to reach agreement on the terms of renewal or maintenance of the agreement, either party may request the commissioner ~~of health~~ to order that the dispute be submitted to mediation. The parties to the dispute shall enter mediation upon the order of the commissioner ~~of health~~. Whether or not a request for mediation from one of the parties has been received, the commissioner shall order mediation if failure to reach agreement would significantly impair access to health care services on the part of current enrollees of that health maintenance organization. The commissioner or the commissioner of health if the commissioner considers it appropriate shall be a participant in the mediation. In determining whether access to health care services for current enrollees will be significantly impaired, the commissioner ~~shall~~ may consider:

(1) the number of enrollees affected,

(2) the ability of the plan to make alternate arrangements with other participating providers for the provision of health care services to the affected enrollees,

(3) the availability of nonparticipating providers who may become participating providers for those with whom the health maintenance organization is in dispute,

(4) the time remaining until termination of the provider contract, and

(5) whether failure to resolve the dispute may establish a prece-

dent for similar disputes in other parts of the state or might impede competition among health plans.

During the period in which the dispute is in mediation, no action to terminate provider or enrollee contracts may be taken by either party. Participation in mediation shall be required of all parties for a period of not more than 30 days. Notice of termination of provider agreements, as required under section 62D.08, subdivision 5, shall take effect no earlier than 31 days after the first day of mediation under this section.

When mediation is ordered by the commissioner, arrangements for mediation shall be made through the office of administrative hearings.

Costs of the mediation shall be borne equally by the health maintenance organization and the health care providers unless otherwise agreed to by the parties. The office of administrative hearings shall establish rates for mediation services comparable to those charged by mediators listed with the office of dispute resolution.

The mediator shall not have authority to impose a settlement or otherwise bind a participant to a nonvoluntary resolution of the dispute; however, any agreement reached as a result of the mediation shall be enforceable.

Except as otherwise provided under chapter 13 and sections 62D.03 and 62D.14, the commissioner shall make public the results of any mediation agreement.

(d) [CHILD CARE FACILITIES IN CHURCHES; GROUND LEVEL EXIT.] A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

S. F. No. 1938 was reported to the House.

Dawkins moved to amend S. F. No. 1938, as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1990, section 504.181, subdivision 2, is amended to read:

Subd. 2. [BREACH VOIDS RIGHT TO POSSESSION.] A breach of the covenant created by subdivision 1 voids the lessee's or licensee's right to possession of the residential premises. All other provisions of the lease or license, including but not limited to the obligation to pay rent, remain in effect until the lease is terminated by the terms of the lease or operation of law.

If the lessor or licensee breaches the covenant created by subdivision 1, the landlord may bring, or assign to the county attorney of the county in which the residential premises are located, the right to bring an unlawful detainer action against the lessee or licensee. The assignment must be in writing on a form provided by the county attorney, and the county attorney may determine whether to accept the assignment. If the county attorney accepts the assignment of the landlord's right to bring an unlawful detainer action:

(1) any court filing fee that would otherwise be required in an unlawful detainer action is waived; and

(2) the landlord retains all the rights and duties, including removal of the lessee's or licensee's personal property, following issuance of the writ of restitution and delivery of the writ to the sheriff for execution.

Sec. 2. Minnesota Statutes 1990, section 609.5311, subdivision 3, is amended to read:

Subd. 3. [LIMITATIONS ON FORFEITURE OF CERTAIN PROPERTY ASSOCIATED WITH CONTROLLED SUBSTANCES.] (a) A conveyance device is subject to forfeiture under this section only if the retail value of the controlled substance is $25 or more and the conveyance device is associated with a felony-level controlled substance crime.

(b) Real property is subject to forfeiture under this section only if the retail value of the controlled substance or contraband is $1,000 or more.

(c) Property used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section only if the owner of the property is a consenting party to, or is privy to, the use or intended use of the property as described in subdivision 2.

(d) Property is subject to forfeiture under this section only if its owner was privy to the use or intended use described in subdivision 2, or the unlawful use or intended use of the property otherwise occurred with the owner's knowledge or consent.

(e) Forfeiture under this section of a conveyance device or real property encumbered by a bona fide security interest is subject to the interest of the secured party unless the secured party had knowledge of or consented to the act or omission upon which the forfeiture is based. A person claiming a security interest bears the burden of establishing that interest by clear and convincing evidence.

(f) Notwithstanding paragraphs (d) and (e), property is not subject to forfeiture based solely on the owner's or secured party's knowledge of the unlawful use or intended use of the property: (1) if the owner or secured party took reasonable steps to terminate use of the property by the offender; or (2) the property is real property owned by the parent of the offender, unless the parent is criminally liable under section 609.05 for the act or omission giving rise to the forfeiture.

Sec. 3. Minnesota Statutes 1990, section 609.5317, subdivision 1, is amended to read:

Subdivision 1. [RENTAL PROPERTY.] (a) When contraband or a controlled substance manufactured, distributed, or acquired in violation of chapter 152 is seized on residential rental property incident to a lawful search or arrest, the county attorney shall give the notice required by this subdivision to (1) the landlord of the property or the fee owner identified in the records of the county assessor, and (2) the agent authorized by the owner to accept service pursuant to section 504.22. The notice is not required during an ongoing investigation. The notice shall state what has been seized and specify the applicable duties and penalties under this subdivision. The notice shall state that the landlord who chooses to assign the right to bring an unlawful detainer action retains all rights and duties, including removal of a tenant's personal property following issuance of the writ of restitution and delivery of the writ to the sheriff for execution. The notice shall also state that the landlord may contact the county attorney if threatened by the tenant. Notice shall be sent by certified letter, return receipt requested, within 30 days of the seizure. If receipt is not returned, notice shall be given in the manner provided by law for service of summons in a civil action.

(b) Within 15 days after notice of the first occurrence, the landlord shall bring, or assign to the county attorney of the county in which the real property is located, the right to bring an unlawful detainer action against the tenant. The assignment must be in writing on a form prepared by the county attorney. Should the landlord choose to assign the right to bring an unlawful detainer action, the assign-

ment shall be limited to those rights and duties up to and including delivery of the writ of restitution to the sheriff for execution.

(c) Upon notice of a second occurrence on any residential rental property owned by the same landlord in the same building or complex of buildings and involving the same tenant, the property is subject to forfeiture under sections 609.531, 609.5311, 609.5313, and 609.5315, unless an unlawful detainer action has been commenced as provided in paragraph (b) or the right to bring an unlawful detainer action was assigned to the county attorney as provided in paragraph (b). If the right has been assigned and not previously exercised, or if the county attorney requests an assignment and the landlord makes an assignment, the county attorney may bring an unlawful detainer action rather than an action for forfeiture.

Sec. 4. [EFFECTIVE DATE; APPLICATION.]

Section 1 is effective August 1, 1992, and applies to breaches of the covenant occurring on or after that date.

Section 2 is effective the day after final enactment and applies to forfeiture proceedings commenced or pending on or after that date. Section 3 is effective August 1, 1992, and applies to second occurrences on or after that date."

(c) The period for service credit purchase is the period of eligible service between January 1985 and September 1986, as determined by the executive director of the public employees retirement association based on satisfactory evidence of the eligible person's employment status.

Subd. 2. [ELIGIBILITY; EVELETH FIREFIGHTER.] (a) Notwithstanding any provision of Minnesota Statutes, chapter 353, to the contrary, a person described in paragraph (b) is entitled to purchase credit for the period of prior uncredited service specified in paragraph (c) from the public employees police and fire fund by paying the amount specified in subdivision 4.

(b) A person eligible under paragraph (a) is a member of the public employees police and fire plan who:

(c) The period of prior service available for purchase under this section is a period equivalent to one year and eleven months originally covered under the Eveleth fire relief association, for which the individual did not receive service credit in the public employees police and fire fund when the Eveleth fire relief association terminated and coverage was transferred to the public employees police and fire fund under Laws 1977, chapter 61.

Calculation of this amount must be made using the applicable preretirement interest rate for the association specified in Minnesota Statutes, section 356.215, subdivision 4d, and the mortality table adopted for the fund or association. The calculation must assume continuous future service in the fund or association until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including Minnesota Statutes, section 356.30, are met with the additional service credit purchased. The calculation must also assume a future salary history that includes annual salary increases at the applicable salary increase rate for the fund or association specified in section 356.215, subdivision 4d. The member must establish in the records of the fund proof of the service for which the purchase of prior service is requested. (d) The producer's shipment of milk must be immediately suspended if the producer is identified as an individual source of milk containing residues in violation of subdivision 3, clause (6) or (7). Shipment may resume only after subsequent milk has been sampled by the commissioner or the commissioner's agent and found to contain no residues above established tolerances or safe levels. A milk producer who violates subdivision 3, clause (6) or (7), is subject to clauses (1) to (3) of this paragraph.

(1) For the first violation in a 12-month period, a producer shall not receive payment for any milk contaminated or the equivalent of at least the value of two days' milk production on that farm. Milk purchased for use from the producer during the four-day penalty period will be assessed a civil penalty equal to the minimum value of that milk and is payable to the commissioner by the dairy plant or marketing organization who purchases the milk. Sec. 3. Minnesota Statutes 1990, section 41B.02, is amended by adding a subdivision to read:

Subd. 19. [AGRICULTURAL IMPROVEMENTS.] "Agricultural improvements" means improvements to a farm, including the purchase and construction or installation of improvements to land, buildings, and other permanent structures, including equipment incorporated in or permanently affixed to the land, buildings, or structures, which are useful for and intended to be used for the purpose of farming. "Agricultural improvements" does not include equipment not affixed to real estate or improvements or additions to that equipment.

Sec. 4. [41B.043] [AGRICULTURAL IMPROVEMENT LOAN PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] The authority may establish, adopt rules for, and implement an agricultural improvement loan program to finance agricultural improvements. Loans may be made to borrowers who meet the requirements of section 41B.03, subdivision 1, clauses (1) and (2), and who are actively engaged in farming. In the first two years of the program, only projects in the first and second priority categories may be funded. First priority for all loans must be given to grade B dairy farmers wishing to upgrade to grade A. Second priority must be for financing waste management facilities for livestock operations.

Subd. 2. [SPECIFICATIONS.] No loan may exceed $20,000, or be made to refinance an existing debt. Each loan must be secured by a mortgage on real property comprising all or part of the farm on which the improvements are made, and such other security as the authority may require.

Subd. 3. [APPLICATION AND ORIGINATION FEE.] The authority may impose a reasonable nonrefundable application fee for each application and an origination fee for each loan issued under the agricultural improvement loan program. The origination fee initially shall be set at 1.5 percent and the application fee at $50. The authority may review the fees annually and make adjustments as necessary. The fees must be deposited in a special account and appropriated to the commissioner for administrative expenses for the agricultural improvement loan program.

Subd. 4. [INTEREST RATE.] Unless the authority determines that it is not in the best interests of the agricultural improvement loan program, the interest rate per annum on the agricultural improvement loan must be that rate of interest determined by the authority to be necessary to provide for the timely payment of

principal and interest when due on bonds or other obligations of the authority issued pursuant to chapter 41B to provide financing for loans made under the agricultural improvement loan program, and to provide for reasonable and necessary costs of issuing, carrying, administering, and securing the bonds or notes and to pay the costs incurred and to be incurred by the authority in the implementation of the agricultural improvement loan program.

Sec. 5. [AGRICULTURAL IMPROVEMENT LOAN PROGRAM FUNDING.]

Subdivision 1. [APPROPRIATION.] $5,000,000 is appropriated to the Minnesota rural finance authority from the bond proceeds fund to fund the agency's agricultural improvement loan program.

Subd. 2. [BONDS.] The appropriation made under subdivision 1 must be funded by the issuance of general obligation bonds as provided in Minnesota Statutes, section 41B.19. The $5,000,000 authorized in subdivision 1 is part of the $50,000,000 bond authorization provided for in Minnesota Statutes, section 41B.19, subdivision 1. The bonds must be issued and sold in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, sections 16A.631 to 16A.675, and the Minnesota Constitution, article XI. Bond maturity should be matched to the terms of the loans made under this program. The legislature determines that the bonds are being issued to develop the state's agricultural resources by extending credit on real estate security.

Sections 3 to 5 are effective the day following final enactment. Section 2 is effective July 1, 1992."

Subdivision 1. [HEALTH PLAN COMPANY.] For purposes of this section, "health plan company" means any entity governed by chapter 62A, 62C, 62D, 62E, 62H, or 64B, or section 471.617, subdivision 2, that offers, sells, issues, or renews health coverage in this state. Subd. 2. [ACCEPTANCE AS PARTICIPATING PROVIDER.] A health plan company shall not exclude, as a participating provider, a physician who is licensed under chapter 147 and meets the requirements of section 147.02, subdivision 1, paragraph (b), solely because the physician has not completed a full residency or is not board certified, if:

(1) the physician meets all other requirements for serving as a participating provider;

(2) the physician has completed a minimum of two years residency in any specialty;

(3) the physician has not been disciplined by the board of medical practice under section 147.091;

(4) the physician is credentialed by and has staff privileges at a hospital, or is employed by a medical clinic, located in an area designated by the federal government as either a health personnel shortage area or a medically underserved area;

"ARTICLE 1

STATE AGENCY INITIATIVES

Section 1. [62J.23] [PROVIDER CONFLICTS OF INTEREST.]

Subdivision 1. [RULES PROHIBITING CONFLICTS OF INTEREST.] The commissioner of health shall adopt rules restricting financial relationships or payment arrangements involving health care providers under which a provider benefits financially by referring a patient to another provider, recommending another provider, or furnishing or recommending an item or service. The rules must be compatible with, and no less restrictive than, the federal Medicare antikickback statute, in section 1128B(b) of the Social Security Act, United States Code, title 42, section 1320a-7b(b), and regulations adopted under it. However, the commissioner's rules may be more restrictive than the federal law and regulations and may apply to additional provider groups and business and professional arrangements except that the commissioner shall provide exemptions for group practices and salaried physicians in the same manner as under the federal Medicare antikickback statute and the regulations adopted under it. When the state rules restrict an arrangement or relationship that is permissible under federal laws and regulations,

including an arrangement or relationship expressly permitted under the federal safe harbor regulations, the fact that the state requirement is more restrictive than federal requirements must be clearly stated in the rule.

Subd. 2. [PROHIBITED RELATIONSHIPS AND PRACTICES.] At a minimum, rules adopted under this subdivision must prohibit:

(1) referrals to another provider in which the referring provider has a significant financial interest;

(2) furnishing or arranging for the furnishing of an item or service in which the provider has a significant financial interest; and

(3) offering or paying, or soliciting or receiving, any remuneration, directly or indirectly, in return for referring a person to a provider or for providing or recommending an item or service.

Subd. 3. [PRINCIPAL CRITERIA FOR RESTRICTIONS.] In adopting and enforcing rules under this subdivision, the commissioner must consider whether the relationship or arrangement creates a risk that the financial interests of a provider will influence the provider's health care decisions about a particular patient or that the relationship or arrangement is likely to be perceived by the provider's patients or by the community as likely to influence a provider's health care decision making.

Subd. 4. [INTERIM RESTRICTIONS.] From July 1, 1992, until rules are adopted by the commissioner under this subdivision, the restrictions in the federal Medicare antikickback statutes in section 1128B(b) of the Social Security Act, United States Code, title 42, section 1320a-7b(b), and rules adopted under the federal statutes, apply to all health care providers in the state, regardless of whether the provider participates in any state or federal health care program. The commissioner may approve a transition plan submitted by a provider who is in violation of this paragraph to the commission by January 1, 1992, that provides a reasonable time for the provider to modify prohibited practices or divest financial interests in other providers in order to come into compliance with this subdivision.

Sec. 2. [62J.27] [MALPRACTICE PROTECTION FOR PROVIDERS.]

(a) The commissioner of health, after receiving the advice the health care analysis unit, may approve practice parameters as defined in section 62J.30, subdivision 1, in order to minimize unnecessary, unproven, or ineffective care. The approval of practice parameters is not subject to the requirements of chapter 14.

(b) Adherence by a provider to a practice parameter approved by

the commissioner of health is clear and convincing evidence in defense of a claim for medical malpractice.

(c) Paragraph (b) applies to claims arising on or after August 1, 1993, or 90 days after the effective date of approval of the practice parameters by the commissioner.

Sec. 3. [62J.29] [ANTITRUST EXCEPTIONS.]

The commissioner shall establish criteria and procedures for sanctioning contracts, business or financial arrangements, or other activities or practices involving providers or purchasers that might be construed to be violations of state or federal antitrust laws but which are in the best interests of the state of Minnesota and further the policies and goals of this chapter. Notwithstanding the Minnesota antitrust law of 1971, as amended, in Minnesota Statutes, sections 325D.49 to 325D.66, contracts, business or financial arrangements, or other activities or practices that are expressly sanctioned by the commissioner do not constitute an unlawful contract, combination, or conspiracy in unreasonable restraint of trade or commerce under Minnesota Statutes, sections 325D.49 to 325D.66. Approval by the commissioner is a defense against any action under state antitrust laws. The commissioner is exempt from rulemaking until January 1, 1994, for purposes of establishing criteria and procedures under this section.

Sec. 4. [256.362] [REPORTS AND IMPLEMENTATION.]

Subdivision 1. [WELLNESS COMPONENT.] The commissioners of human services and health shall recommend to the legislature, by January 1, 1993, methods to incorporate discounts for wellness factors of up to 25 percent into the health right plan premium sliding scale. Beginning October 1, 1992, the commissioner of human services shall inform health right plan enrollees of the future availability of the wellness discount, and shall encourage enrollees to incorporate wellness factors into their lifestyles.

Subd. 2. [FEDERAL HEALTH INSURANCE CREDIT.] By October 1, 1992, the commissioners of human services and revenue shall apply for any federal waivers or approvals necessary to allow enrollees in state health care programs to assign the federal health insurance credit component of the earned income tax credit to the state.

Sec. 5. [COORDINATION OF STATE HEALTH CARE PURCHASING.]

The commissioner of administration shall convene an interagency task force to develop a plan for coordinating the health care programs administered by state agencies and local governments in

order to improve the efficiency and quality of health care delivery and make the most effective use of the state's market leverage and expertise in contracting and working with health plans and health care providers. The commissioner shall present to the legislature, by January 1, 1994, recommendations to: (1) improve the effectiveness of public health care purchasing; and (2) streamline and consolidate health care delivery, through merger, transfer, or reconfiguration of existing health care and health coverage programs. At the request of the commissioner of administration, the commissioners of other state agencies and units of local government shall provide assistance in evaluating and coordinating existing state and local health care programs.

ARTICLE 2

SMALL EMPLOYER INSURANCE REFORM

Section 1. [62L.01] [CITATION.]

Subdivision 1. [POPULAR NAME.] Sections 62L.01 to 62L.23 may be cited as the Minnesota small employer health benefit act.

Subd. 2. [JURISDICTION.] Sections 62L.01 to 62L.23 apply to any health carrier that offers, issues, delivers, or renews a health benefit plan to a small employer.

Subd. 3. [LEGISLATIVE FINDINGS AND PURPOSE.] The legislature finds that underwriting and rating practices in the individual and small employer markets for health coverage create substantial hardship and unfairness, create unnecessary administrative costs, and adversely affect the health of residents of this state. The legislature finds that the premium restrictions provided by this chapter reduce but do not eliminate these harmful effects. Accordingly, the legislature declares its desire to phase out the remaining rating bands as quickly as possible, with the end result of eliminating all rating practices based on risk by July 1, 1997.

Sec. 2. [62L.02] [DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 62L.01 to 62L.23.

Subd. 2. [ACTUARIAL OPINION.] "Actuarial opinion" means a written statement by a member of the American Academy of Actuaries that a health carrier is in compliance with this chapter, based on the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods utilized by the health carrier in establishing premium rates for health benefit plans.

Subd. 3. [ASSOCIATION.] "Association" means the health coverage reinsurance association.

Subd. 6. [CASE CHARACTERISTICS.] "Case characteristics" means the relevant characteristics of a small employer, as determined by a health carrier in accordance with this chapter, which are considered by the carrier in the determination of premium rates for the small employer.

For the purpose of this definition, a child may include a child for whom the employee or the employee's spouse has been appointed legal guardian.

Subd. 12. [ELIGIBLE CHARGES.] "Eligible charges" means the actual charges submitted to a health carrier by or on behalf of a provider, eligible employee, or dependent for health services covered by the health carrier's health benefit plan. Eligible charges do not include charges for health services excluded by the health benefit plan, charges for which an alternate health carrier is liable under the coordination of benefit provisions of the health benefit plan, charges for health services that are not medically necessary, or charges that exceed the usual and customary charges.

Subd. 13. [ELIGIBLE EMPLOYEE.] "Eligible employee" means an individual employed by a small employer for at least 20 hours per week and who has satisfied all employer participation and eligibility requirements, including, but not limited to, the satisfactory completion of a probationary period of not less than 30 days but no more than 90 days. The term includes a sole proprietor, a partner of a partnership, or an independent contractor, if the sole proprietor, partner, or independent contractor is included as an employee under a health benefit plan of a small employer, but does not include employees who work on a temporary, seasonal, or substitute basis.

Subd. 14. [FINANCIALLY IMPAIRED CONDITION.] "Financially impaired condition" means a situation in which a health carrier is not insolvent, but (1) is considered by the commissioner to be potentially unable to fulfill its contractual obligations, or (2) is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

Subd. 15. [HEALTH BENEFIT PLAN.] "Health benefit plan" means a policy, contract, or certificate issued by a health carrier to a small employer for the coverage of medical and hospital benefits. Health benefit plan includes a small employer plan. Health benefit plan does not include coverage that is:

(7) blanket accident and sickness insurance as defined in section 62A.11;

(11) workers' compensation insurance.

For the purpose of this chapter, a health benefit plan issued to employees of a small employer who meets the participation requirements of section 62L.03, subdivision 3, is considered to have been issued to a small employer. A health benefit plan issued on behalf of a health carrier is considered to be issued by the health carrier.

Subd. 16. [HEALTH CARRIER.] "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a health service plan licensed under chapter 62C; a health maintenance organization licensed under chapter 62D; a fraternal benefit society operating under chapter 64B; a joint self-insurance employee health plan operating under chapter 62H; and a multiple employer welfare arrangement, as defined in United States Code, title 29, section 1002(40), as amended through December 31, 1991. For the purpose of this chapter, companies that are affiliated companies or that are eligible to file a consolidated tax return must be treated as one carrier, except that any insurance company or health service plan corporation that is an affiliate of a health maintenance organization located in Minnesota, or any health maintenance organization located in Minnesota that is an affiliate of an insurance company or health service plan corporation, or any health maintenance organization that is an affiliate of another health maintenance organization in Minnesota, may treat the health maintenance organization as a separate carrier.

Subd. 17. [HEALTH PLAN.] "Health plan" means a health benefit plan issued by a health carrier, except that it may be issued:

(1) to a small employer;

(2) to an employer who does not satisfy the definition of a small employer as defined under subdivision 26; or

(3) to an individual purchasing an individual or conversion policy of health care coverage issued by a health carrier.

Subd. 18. [INDEX RATE.] "Index rate" means as to a rating period for small employers the arithmetic average of the applicable base premium rate and the corresponding highest premium rate.

Subd. 19. [LATE ENTRANT.] "Late entrant" means an eligible employee or dependent who requests enrollment in a health benefit plan of a small employer following the initial enrollment period applicable to the employee or dependent under the terms of the health benefit plan, provided that the initial enrollment period must be a period of at least 30 days. However, an eligible employee or dependent must not be considered a late entrant if:

(1) the individual was covered under qualifying existing coverage at the time the individual was eligible to enroll in the health benefit plan, declined enrollment on that basis, and presents to the carrier a certificate of termination of the qualifying prior coverage, provided that the individual maintains continuous coverage;

(2) the individual has lost coverage under another group health plan due to the expiration of benefits available under the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law Number 99-272, as amended, and any state continuation laws applicable to the employer or carrier, provided that the individual maintains continuous coverage;

(3) the individual is a new spouse of an eligible employee, provided that enrollment is requested within 30 days of becoming legally married;

(4) the individual is a new dependent child of an eligible employee, provided that enrollment is requested within 30 days of becoming a dependent;

(5) the individual is employed by an employer that offers multiple health benefit plans and the individual elects a different plan during an open enrollment period; or

(6) a court has ordered that coverage be provided for a dependent child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order.

Subd. 20. [MCHA.] "MCHA" means the Minnesota comprehensive health association established under section 62E.10.

Subd. 21. [MEDICALLY NECESSARY.] "Medically necessary" means the medical and hospital services commonly recognized by the medical profession and leading medical authorities as essential treatment for the individual's injury or sickness.

Subd. 22. [MEMBERS.] "Members" means the health carriers

operating in the small employer market who may participate in the association.

Subd. 23. [PREEXISTING CONDITION.] "Preexisting condition" means a condition manifesting in a manner that causes an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment or for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the effective date of coverage, or a pregnancy existing as of the effective date of coverage of a health benefit plan.

Subd. 24. [QUALIFYING PRIOR COVERAGE OR QUALIFYING EXISTING COVERAGE.] "Qualifying prior coverage" or "qualifying existing coverage" means health benefits or health coverage provided under:

(1) a health plan, as defined in this section;

(2) Medicare;

(3) medical assistance under chapter 256B;

(4) general assistance medical care under chapter 256D;

(5) MCHA;

(6) a self-insured health plan;

(7) the health right plan established under section 256.936, subdivision 2, when the plan includes inpatient hospital services as provided in section 256.936, subdivision 2a, paragraph (c);

(8) a plan provided under section 43A.316; or

(9) a plan similar to any of the above plans provided in this state or in another state as determined by the commissioner.

Subd. 25. [RATING PERIOD.] "Rating period" means the 12-month period for which premium rates established by a health carrier are assumed to be in effect, as determined by the health carrier. During the rating period, a health carrier may adjust the rate based on the prorated change in the index rate.

Subd. 26. [SMALL EMPLOYER.] "Small employer" means a person, firm, corporation, partnership, association, or other entity actively engaged in business who, on at least 50 percent of its working days during the preceding calendar year, employed no fewer than two nor more than 29 eligible employees, the majority of whom were employed in this state. If a small employer has only two eligible employees, one employee must not be the spouse, child, sibling,

parent, or grandparent of the other, except that a small employer plan may be offered through a domiciled association to self-employed individuals and small employers who are members of the association, even if the self-employed individual or small employer has fewer than two employees or the employees are family members. Entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer for purposes of determining the number of eligible employees. Small employer status must be determined on an annual basis as of the renewal date of the health benefit plan. The provisions of this chapter continue to apply to an employer who no longer meets the requirements of this definition until the annual renewal date of the employer's health benefit plan.

Subd. 27. [SMALL EMPLOYER MARKET.] (a) "Small employer market" means the market for health benefit plans for small employers.

(b) A health carrier is considered to be participating in the small employer market if the carrier offers, sells, issues, or renews a health benefit plan to: (1) any small employer; or (2) the eligible employees of a small employer offering a health benefit plan if, with the knowledge of the health carrier, both of the following conditions are met:

(i) any portion of the premium or benefits is paid for or reimbursed by a small employer; and

(ii) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of the Internal Revenue Code, section 106, 125, or 162.

Subd. 28. [SMALL EMPLOYER PLAN.] "Small employer plan" means a health benefit plan issued by a health carrier to a small employer for coverage of the medical and hospital benefits described in section 62L.05.

Sec. 3. [62L.03] [AVAILABILITY OF COVERAGE.]

Subdivision 1. [GUARANTEED ISSUE AND REISSUE.] Every health carrier shall, as a condition of authority to transact business in this state in the small employer market, affirmatively market, offer, sell, issue, and renew any of its health benefit plans to any small employer as provided in this chapter. Every health carrier participating in the small employer market shall make available both of the plans described in section 62L.05 to small employers and shall fully comply with the underwriting and the rate restrictions specified in this chapter for all health benefit plans issued to small employers. A health carrier may cease to transact business in the small employer market as provided under section 62L.09.

Subd. 2. [EXCEPTIONS.] (a) No health maintenance organization is required to offer coverage or accept applications under subdivision 1 in the case of the following:

(1) with respect to a small employer, where the worksite of the employees of the small employer is not physically located in the health maintenance organization's approved service areas;

(2) with respect to an employee, when the employee does not work or reside within the health maintenance organization's approved service areas; or

(3) within an area where the health maintenance organization demonstrates to the satisfaction of the commissioner that it does not have the capacity within the area in its network of providers to deliver service adequately to the members of these groups.

(b) A health maintenance organization that cannot offer coverage pursuant to paragraph (a), clause (3), may not offer coverage in the applicable area to new business involving employer groups with more than 29 eligible employees until 180 days following the date on which the carrier notifies the commissioner that it has regained capacity to deliver services to small employer groups.

(c) A small employer carrier shall not be required to offer coverage or accept applications pursuant to subdivision 1 where the commissioner finds that the acceptance of an application or applications would place the small employer carrier in a financially-impaired condition, provided, however, that a small employer carrier that has not offered coverage or accepted applications pursuant to this paragraph shall not offer coverage or accept applications for any health benefit plan until 180 days following a determination by the commissioner that the small employer carrier has ceased to be financially impaired.

Subd. 3. [MINIMUM PARTICIPATION.] (a) A small employer that has at least 75 percent of its eligible employees who have not waived coverage participating in a health benefit plan must be guaranteed coverage from any health carrier participating in the small employer market. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. A health carrier may not increase the participation requirements applicable to a small employer at any time after the small employer has been accepted for coverage. For the purposes of this subdivision, waiver of coverage includes only waivers due to coverage under another group health plan.

(b) A health carrier may require that small employers contribute a specified minimum percentage toward the cost of the coverage of eligible employees, so long as the requirement is uniformly applied for all small employers. For the small employer plans, a health

carrier must require that small employers contribute at least 50 percent of the cost of the coverage of eligible employees. The health carrier must impose this requirement on a uniform basis for both small employer plans and for all small employers.

(c) Nothing in this section obligates a health carrier to issue coverage to a small employer that currently offers coverage through a health benefit plan from another health carrier, unless the new coverage will replace the existing coverage and not serve as one of two or more health benefit plans offered by the employer.

Subd. 4. [UNDERWRITING RESTRICTIONS.] Health carriers may apply underwriting restrictions to coverage for health benefit plans for small employers, including any preexisting condition limitations, only as expressly permitted under this chapter. Health carriers may collect information relating to the case characteristics and demographic composition of small employers, as well as health status and health history information about employees of small employers. Except as otherwise authorized for late entrants, preexisting conditions may be excluded by a health carrier for a period not to exceed 12 months from the effective date of coverage of an eligible employee or dependent. When calculating a preexisting condition limitation, a health carrier shall credit the time period an eligible employee or dependent was previously covered by qualifying prior coverage, provided that the individual maintains continuous coverage. Late entrants may be subject to a preexisting condition limitation not to exceed 18 months from the effective date of coverage of the late entrant. Late entrants may also be excluded from coverage for a period not to exceed 18 months, provided that if a health carrier imposes an exclusion from coverage and a preexisting condition limitation, the combined time period for both the coverage exclusion and preexisting condition limitation must not exceed 18 months.

Subd. 5. [CANCELLATIONS AND FAILURES TO RENEW.] No health carrier shall cancel, decline to issue, or fail to renew a health benefit plan as a result of the claim experience or health status of the small employer group. A health carrier may cancel or fail to renew a health benefit plan:

(1) for nonpayment of the required premium;

(2) for fraud or misrepresentation by the small employer, or, with respect to coverage of an individual eligible employee or dependent, fraud or misrepresentation by the eligible employee or dependent, with respect to eligibility for coverage or any other material fact;

(3) if eligible employee participation during the preceding calendar year declines to less than 75 percent, subject to the waiver of coverage provision in subdivision 3;

(4) if the employer fails to comply with the minimum contribution percentage legally required by the health carrier;

(5) if the health carrier ceases to do business in the small employer market; or

(6) for any other reasons or grounds expressly permitted by the respective licensing laws and regulations governing a health carrier, including, but not limited to, service area restrictions imposed on health maintenance organizations under section 62D.03, subdivision 4, paragraph (m), to the extent that these grounds are not expressly inconsistent with this chapter.

Subd. 6. [MCHA ENROLLEES.] Health carriers shall offer coverage to any eligible employee or dependent enrolled in MCHA at the time of the health carrier's issuance or renewal of a health benefit plan to a small employer. The health benefit plan must require that the employer permit MCHA enrollees to enroll in the small employer's health benefit plan as of the first date of renewal of a health benefit plan occurring on or after July 1, 1993, or, in the case of a new group, as of the initial effective date of the health benefit plan. Unless otherwise permitted by this chapter, health carriers must not impose any underwriting restrictions, including any preexisting condition limitations or exclusions, on any eligible employee or dependent previously enrolled in MCHA and transferred to a health benefit plan so long as continuous coverage is maintained, provided that the health carrier may impose any unexpired portion of a preexisting condition limitation under the person's MCHA coverage. An MCHA enrollee is not a late entrant, so long as the enrollee has maintained continuous coverage.

Sec. 4. [62L.04] [COMPLIANCE REQUIREMENTS.]

Subdivision 1. [APPLICABILITY OF CHAPTER REQUIREMENTS.] Beginning July 1, 1993, health carriers participating in the small employer market must offer and make available any health benefit plan that they offer, including both of the small employer plans provided in section 62L.05, to all small employers who satisfy the small employer participation requirements specified in this chapter. Compliance with these requirements is required as of the first renewal date of any small employer group occurring after July 1, 1993. For new small employer business, compliance is required as of the first date of offering occurring after July 1, 1993.

Compliance with these requirements is required as of the first renewal date occurring after July 1, 1993, with respect to employees of a small employer who had been issued individual coverage prior to July 1, 1993, administered by the health carrier on a group basis. Notwithstanding any other law to the contrary, the health carrier shall terminate any individual coverage for employees of small employers who satisfy the small employer participation require-

ments specified in section 62L.03 and offer to replace it with a health benefit plan. If the employer elects not to purchase a health benefit plan, the health carrier must offer all covered employees and dependents individual coverage. Small employer and individual coverage provided under this subdivision must be without application of underwriting restrictions, provided continuous coverage is maintained.

Subd. 2. [NEW CARRIERS.] A health carrier entering the small employer market after July 1, 1993, shall begin complying with the requirements of this chapter as of the first date of offering of a health benefit plan to a small employer. A health carrier entering the small employer market after July 1, 1993, is considered to be a member of the health coverage reinsurance association as of the date of the health carrier's initial offer of a health benefit plan to a small employer.

Sec. 5. [62L.05] [SMALL EMPLOYER PLAN BENEFITS.]

Subdivision 1. [TWO SMALL EMPLOYER PLANS.] Each health carrier in the small employer market must make available to any small employer both of the small employer plans described in subdivisions 2 and 3. Under subdivisions 2 and 3, coinsurance and deductibles do not apply to child health supervision services and prenatal services, as defined by section 62A.047. The maximum out-of-pocket costs for covered services must be $3,000 per individual and $6,000 per family per year. The maximum lifetime benefit must be $500,000. The out-of-pocket cost limits and the deductible amounts provided in subdivision 2 must be adjusted on July 1 every two years, based upon changes in the consumer price index, as of the end of the previous calendar year, as determined by the commissioner of commerce. Adjustments must be in increments of $50 and must not be made unless at least that amount of adjustment is required.

Subd. 2. [DEDUCTIBLE-TYPE SMALL EMPLOYER PLAN.] The benefits of the deductible-type small employer plan offered by a health carrier must be equal to 80 percent of the eligible charges for health care services, supplies, or other articles covered under the small employer plan, in excess of an annual deductible which must be $500 per individual and $1,000 per family.

Subd. 3. [COPAYMENT-TYPE SMALL EMPLOYER PLAN.] The benefits of the copayment-type small employer plan offered by a health carrier must be equal to 80 percent of the eligible charges for health care services, supplies, or other articles covered under the small employer plan, in excess of the following copayments:

(1) $15 per outpatient visit, other than to a hospital outpatient department or emergency room, urgent care center, or similar facility;

(2) $15 per day for the services of a home health agency or private duty registered nurse;

(3) $50 per outpatient visit to a hospital outpatient department or emergency room, urgent care center, or similar facility; and

(4) $300 per inpatient admission to a hospital.

Subd. 4. [BENEFITS.] The medical services and supplies listed in this subdivision are the benefits that must be covered by the small employer plans described in subdivisions 2 and 3:

(1) inpatient and outpatient hospital services, excluding services provided for the diagnosis, care, or treatment of chemical dependency or a mental illness or condition, other than those conditions specified in clauses (10), (11), and (12);

(2) physician and nurse practitioner services for the diagnosis or treatment of illnesses, injuries, or conditions;

(3) diagnostic X-rays and laboratory tests;

(4) ground transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition, or as otherwise required by the health carrier;

(5) services of a home health agency if the services qualify as reimbursable services under Medicare and are directed by a physician or qualify as reimbursable under the health carrier's most commonly sold health plan for insured group coverage;

(6) services of a private duty registered nurse if medically necessary, as determined by the health carrier;

(7) the rental or purchase, as appropriate, of durable medical equipment, other than eyeglasses and hearing aids;

(8) child health supervision services up to age 18, as defined in section 62A.047;

(9) maternity and prenatal care services, as defined in sections 62A.041 and 62A.047;

(10) inpatient hospital and outpatient services for the diagnosis and treatment of certain mental illnesses or conditions, as defined by the International Classification of Diseases-Clinical Modification (ICD-9-CM), seventh edition (1990) and as classified as ICD-9 codes 295 to 299;

(11) ten hours per year of outpatient mental health diagnosis or treatment for illnesses or conditions not described in clause (10);

(12) 60 hours per year of outpatient treatment of chemical dependency; and

(13) 50 percent of eligible charges for prescription drugs, up to a separate annual maximum out-of-pocket expense of $1,000 per individual for prescription drugs, and 100 percent of eligible charges thereafter.

Subd. 5. [PLAN VARIATIONS.] (a) No health carrier shall offer to a small employer a health benefit plan that differs from the two small employer plans described in subdivisions 1 to 4, unless the health benefit plan complies with all provisions of chapters 62A, 62C, 62D, 62E, 62H, and 64B that otherwise apply to the health carrier, except as expressly permitted by paragraph (b).

(b) As an exception to paragraph (a), a health benefit plan is deemed to be a small employer plan and to be in compliance with paragraph (a) if it differs from one of the two small employer plans described in subdivisions 1 to 4 only by providing benefits in addition to those described in subdivision 4, provided that the health care benefit plan has an actuarial value that exceeds the actuarial value of the benefits described in subdivision 4 by no more than two percent. "Benefits in addition" means additional units of a benefit listed in subdivision 4 or one or more benefits not listed in subdivision 4.

Subd. 6. [CHOICE PRODUCTS EXCEPTION.] Nothing in subdivision 1 prohibits a health carrier from offering a small employer plan which provides for different benefit coverages based on whether the benefit is provided through a primary network of providers or through a secondary network of providers so long as the benefits provided in the primary network equal the benefit requirements of the small employer plan as described in this section. For purposes of products issued under this subdivision, out-of-pocket costs in the secondary network may exceed the out-of-pocket limits described in subdivision 1.

Subd. 7. [BENEFIT EXCLUSIONS.] No medical, hospital, or other health care benefits, services, supplies, or articles not expressly specified in subdivision 4 are required to be included in a small employer plan. Nothing in subdivision 4 restricts the right of a health carrier to restrict coverage to those services, supplies, or articles which are medically necessary. Health carriers may exclude a benefit, service, supply, or article not expressly specified in subdivision 4 from a small employer plan.

Subd. 8. [CONTINUATION COVERAGE.] Small employer plans must include the continuation of coverage provisions required by the

Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), Public Law Number 99-272, as amended through December 31, 1991, and by state law.

Subd. 9. [DEPENDENT COVERAGE.] Other state law and rules applicable to health plan coverage of newborn infants, dependent children who do not reside with the eligible employee, handicapped children and dependents, and adopted children apply to a small employer plan. Health benefit plans that provide dependent coverage must define "dependent" no more restrictively than the definition provided in section 62L.02.

Subd. 10. [MEDICAL EXPENSE REIMBURSEMENT.] Health carriers may reimburse or pay for medical services, supplies, or articles provided under a small employer plan in accordance with the health carrier's provider contract requirements including, but not limited to, salaried arrangements, capitation, the payment of usual and customary charges, fee schedules, discounts from fee-for-service, per diems, diagnostic-related groups (DRGs), and other payment arrangements. Nothing in this chapter requires a health carrier to develop, implement, or change its provider contract requirements for a small employer plan. Coinsurance, deductibles, out-of-pocket maximums, and maximum lifetime benefits must be calculated and determined in accordance with each health carrier's standard business practices.

Subd. 11. [PLAN DESIGN.] Notwithstanding any other law, regulation, or administrative interpretation to the contrary, health carriers may offer small employer plans through any provider arrangement, including, but not limited to, the use of open, closed, or limited provider networks. A health carrier may only use product and network designs currently allowed under existing statutory requirements. The provider networks offered by any health carrier may be specifically designed for the small employer market and may be modified at the carrier's election so long as all otherwise applicable regulatory requirements are met. Health carriers may use professionally recognized provider standards of practice when they are available, and may use utilization management practices otherwise permitted by law, including, but not limited to, second surgical opinions, prior authorization, concurrent and retrospective review, referral authorizations, case management, and discharge planning. A health carrier may contract with groups of providers with respect to health care services or benefits, and may negotiate with providers regarding the level or method of reimbursement provided for services rendered under a small employer plan.

Subd. 12. [DEMONSTRATION PROJECTS.] Nothing in this chapter prohibits a health maintenance organization from offering a demonstration project authorized under section 62D.30. The commissioner of health may approve a demonstration project which offers benefits that do not meet the requirements of a small employer

plan if the commissioner finds that the requirements of section 62D.30 are otherwise met.

Sec. 6. [62L.06] [DISCLOSURE OF UNDERWRITING RATING PRACTICES.]

When offering or renewing a health benefit plan, health carriers shall disclose in all solicitation and sales materials:

(1) the case characteristics and other rating factors used to determine initial and renewal rates;

(2) the extent to which premium rates for a small employer are established or adjusted based upon actual or expected variation in claim experience;

(3) provisions concerning the health carrier's right to change premium rates and the factors other than claim experience that affect changes in premium rates;

(4) provisions relating to renewability of coverage;

(5) the use and effect of any preexisting condition provisions, if permitted; and

(6) the application of any provider network limitations and their effect on eligibility for benefits.

Sec. 7. [62L.07] [SMALL EMPLOYER REQUIREMENTS.]

Subdivision 1. [VERIFICATION OF ELIGIBILITY.] Health benefit plans must require that small employers offering a health benefit plan maintain information verifying the continuing eligibility of the employer, its employees, and their dependents, and provide the information to health carriers on a quarterly basis or as reasonably requested by the health carrier.

Subd. 2. [WAIVERS.] Health benefit plans must require that small employers offering a health benefit plan maintain written documentation of a waiver of coverage by an eligible employee or dependent and provide the documentation to the health carrier upon reasonable request.

Sec. 8. [62L.08] [RESTRICTIONS RELATING TO PREMIUM RATES.]

Subdivision 1. [RATE RESTRICTIONS.] Premium rates for all health benefit plans sold or issued to small employers are subject to the restrictions specified in this section.

Subd. 2. [GENERAL PREMIUM VARIATIONS.] Beginning July 1, 1993, each health carrier must offer premium rates to small employers that are no more than 25 percent above and no more than 25 percent below the index rate charged to small employers for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this subdivision must be based only on health status, claims experience, industry of the employer, and duration of coverage from the date of issue. For purposes of this subdivision, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined to be actuarially valid and approved by the commissioner of commerce.

Subd. 3. [AGE-BASED PREMIUM VARIATIONS.] Beginning July 1, 1993, each health carrier may offer premium rates to small employers that vary based upon the ages of the eligible employees and dependents of the small employer only as provided in this subdivision. In addition to the variation permitted by subdivision 2, each health carrier may use an additional premium variation based upon age of up to plus or minus 50 percent of the index rate.

Subd. 4. [GEOGRAPHIC PREMIUM VARIATIONS.] A health carrier may request approval by the commissioner to establish no more than three geographic regions and to establish separate index rates for each region, provided that the index rates do not vary between regions by more than five percent. The commissioner may grant approval if the following conditions are met:

(1) the geographic regions must be applied uniformly by the health carrier;

(2) the geographic regions are based on the seven-county metropolitan area, urban regions located outside the seven-county metropolitan area, and rural regions; and

(3) the health carrier provides actuarial justification acceptable to the commissioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

Subd. 5. [GENDER-BASED RATES PROHIBITED.] Beginning July 1, 1993, no health carrier may determine premium rates through a method that is in any way based upon the gender of eligible employees or dependents.

Subd. 6. [RATE CELLS PERMITTED.] Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based on the number of adults and children covered under the policy and may reflect the availability of Medicare coverage.

Subd. 7. [INDEX AND PREMIUM RATE DEVELOPMENT.] In developing its index rates and premiums, a health carrier may take into account only the following factors:

(1) actuarially valid differences in benefit designs of health benefit plans;

(2) actuarially valid differences in the rating factors permitted in subdivisions 2 and 3;

(3) actuarially valid geographic variations if approved by the commissioner as provided in subdivision 4.

Subd. 8. [FILING REQUIREMENT.] No later than July 1, 1993, and each year thereafter, a health carrier that offers, sells, issues, or renews a health benefit plan for small employers shall file with the commissioner of commerce the index rates and must demonstrate that all rates shall be within the rating restrictions defined in this chapter. Such demonstration must include the allowable range of rates from the index rates and a description of how the health carrier intends to use demographic factors including case characteristics in calculating the premium rates.

Subd. 9. [EFFECT OF ASSESSMENTS.] Premium rates must comply with the rating requirements of this section, notwithstanding the imposition of any assessments or premiums paid by health carriers as provided under sections 62L.13 to 62L.22.

Subd. 10. [RATING REPORT.] Beginning January 1, 1995, and annually thereafter, the commissioners of health and commerce shall provide a joint report to the legislature on the effect of the rating restrictions required by this section and the appropriateness of proceeding with additional rate reform. Each report must include an analysis of the availability of health care coverage due to the rating reform, the equitable and appropriate distribution of risk and associated costs, the effect on the self-insurance market, and any resulting or anticipated change in health plan design and market share and availability of health carriers.

Sec. 9. [62L.09] [CESSATION OF SMALL EMPLOYER BUSINESS.]

Subdivision 1. [NOTICE TO COMMISSIONER.] A health carrier electing to cease doing business in the small employer market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the following activities:

(1) the failure of a health carrier to offer or issue new business in the small employer market or continue an existing product line,

provided that a health carrier does not terminate, cancel, or fail to renew its current small employer business or other product lines; or

(2) the inability of any health carrier to offer or renew a health benefit plan because it has given notice to the commissioner that it will not have the capacity within a specific provider site under contract to or owned by the health carrier to adequately deliver services to the enrollees, insureds, or subscribers of health benefit plans. Any health carrier that ceases to offer a particular provider site to the small employer market must also cease to offer that provider site to new groups other than small employers for any of its products.

Subd. 2. [NOTICE TO EMPLOYERS.] A health carrier electing to cease doing business in the small employer market shall provide 120 days' written notice to each small employer covered by a health benefit plan issued by the health carrier. A health carrier that ceases to write new business in the small employer market shall continue to be governed by this chapter with respect to continuing small employer business conducted by the carrier.

Subd. 3. [REENTRY PROHIBITION.] A health carrier that ceases to do business in the small employer market after July 1, 1993, is prohibited from writing new business in the small employer market in this state for a period of five years from the date of notice to the commissioner. This subdivision applies to any health maintenance organization that ceases to do business in the small employer market in one service area with respect to that service area only. Nothing in this subdivision prohibits an affiliated health maintenance organization from continuing to do business in the small employer market in that same service area.

Subd. 4. [CONTINUING ASSESSMENT LIABILITY.] A health carrier that ceases to do business in the small employer market remains liable for assessments levied by the association as provided in section 62L.22.

Sec. 10. [62L.10] [SUPERVISION BY COMMISSIONER.]

Subdivision 1. [REPORTS.] A health carrier doing business in the small employer market shall file by April 1 of each year an annual actuarial opinion with the commissioner of commerce certifying that the health carrier complied with the underwriting and rating requirements of this chapter during the preceding year and that the rating methods used by the health carrier were actuarially sound. A health carrier shall retain a copy of the opinion at its principal place of business.

Subd. 2. [RECORDS.] A health carrier doing business in the small employer market shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal

underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

Subd. 3. [SUBMISSIONS TO COMMISSIONER.] Subsequent to the annual filing, the commissioner of commerce may request information and documentation from a health carrier describing its rating practices and renewal underwriting practices, including information and documentation that demonstrates that a health carrier's rating methods and practices are in accordance with sound actuarial principles and the requirements of this chapter. Except in cases of violations of this chapter or of another chapter, information received by the commissioner as provided under this subdivision is nonpublic.

Subd. 4. [REVIEW OF PREMIUM RATES.] The commissioner shall regulate premium rates charged or proposed to be charged by all health carriers in the small employer market under section 62A.02.

Subd. 5. [TRANSITIONAL PRACTICES.] The commissioner of commerce shall disapprove index rates, premium variations, or other practices of a health carrier if they violate the spirit of this chapter and are the result of practices engaged in by the health carrier between the date of final enactment of this act and July 1, 1993, where the practices engaged in were carried out for the purpose of evading the spirit of this chapter.

Sec. 11. [62L.11] [PENALTIES AND ENFORCEMENT.]

Subdivision 1. [DISCIPLINARY PROCEEDINGS.] The commissioner may, by order, suspend or revoke a health carrier's license or certificate of authority and impose a monetary penalty not to exceed $25,000 for each violation of this chapter, including the failure to pay an assessment required by section 62L.22. The notice, hearing, and appeal procedures specified in section 60A.051 or 62D.16, as appropriate, apply to the order. The order is subject to judicial review as provided under chapter 14.

Subd. 2. [ENFORCEMENT POWERS.] The commissioners of health and commerce each has for purposes of this chapter all of each commissioner's respective powers under other chapters that are applicable to their respective duties under this chapter.

Sec. 12. [62L.12] [PROHIBITED PRACTICES.]

Subdivision 1. [PROHIBITION ON ISSUANCE OF INDIVIDUAL POLICIES.] A health carrier operating in the small employer market shall not knowingly offer, issue, or renew an individual

policy, subscriber contract, or certificate to an eligible employee or dependent of a small employer that meets the minimum participation requirements defined in section 62L.03, subdivision 3, except as authorized under subdivision 2.

Subd. 2. [EXCEPTIONS.] (a) A health carrier may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage under section 62D.104 as a result of leaving a health maintenance organization's service area.

(b) A health carrier may sell, issue, or renew individual conversion policies to eligible employees and dependents otherwise eligible for conversion coverage as a result of the expiration of any continuation of group coverage required under sections 62A.146, 62A.17, 62A.21, 62C.142, 62D.101, and 62D.105.

(c) A health carrier may sell, issue, or renew conversion policies under section 62E.16 to eligible employees and dependents.

(d) A health carrier may sell, issue, or renew individual continuation policies to eligible employees and dependents as required.

(e) A health carrier may sell, issue, or renew individual coverage if the coverage is appropriate due to an unexpired preexisting condition limitation or exclusion applicable to the person under the employer's group coverage or due to the person's need for health care services not covered under the employer's group policy.

(f) A health carrier may sell, issue, or renew an individual policy, with the prior consent of the commissioner, if the individual has elected to buy the individual coverage not as part of a general plan to substitute individual coverage for group coverage nor as a result of any violation of subdivision 3 or 4.

(g) Nothing in this subdivision relieves a health carrier of any obligation to provide continuation or conversion coverage otherwise required under federal or state law.

Subd. 3. [AGENT'S LICENSURE.] An agent licensed under chapter 60A or section 62C.17 who knowingly and willfully breaks apart a small group for the purpose of selling individual policies to eligible employees and dependents of a small employer that meets the participation requirements of section 62L.03, subdivision 3, is guilty of an unfair trade practice and subject to the revocation or suspension of license under section 60A.17, subdivision 6c, or 62C.17. The action must be by order and subject to the notice, hearing, and appeal procedures specified in section 60A.17, subdivision 6d. The action of the commissioner is subject to judicial review as provided under chapter 14.

Subd. 4. [EMPLOYER PROHIBITION.] A small employer shall not encourage or direct an employee or applicant to:

(1) refrain from filing an application for health coverage when other similarly situated employees may file an application for health coverage;

(2) file an application for health coverage during initial eligibility for coverage, the acceptance of which is contingent on health status, when other similarly situated employees may apply for health coverage, the acceptance of which is not contingent on health status;

(3) seek coverage from another carrier, including, but not limited to, MCHA; or

(4) cause coverage to be issued on different terms because of the health status or claims experience of that person or the person's dependents.

Subd. 5. [SALE OF OTHER PRODUCTS.] A health carrier shall not condition the offer, sale, issuance, or renewal of a health benefit plan on the purchase by a small employer of other insurance products offered by the health carrier or a subsidiary or affiliate of the health carrier, including, but not limited to, life, disability, property, and general liability insurance. This prohibition does not apply to insurance products offered as a supplement to a health maintenance organization plan, including, but not limited to, supplemental benefit plans under section 62D.05, subdivision 6. This prohibition does not apply to accidental death or dismembership coverage up to $15,000 included in a health benefit plan other than a small employer plan.

Sec. 13. [62L.13] [REINSURANCE ASSOCIATION.]

Subdivision 1. [CREATION.] The health coverage reinsurance association is established as a nonprofit corporation. All health carriers in the small employer market shall be and remain members of the association as a condition of their authority to transact business.

Subd. 2. [PURPOSE.] The association is established to provide for the fair and equitable transfer of risk associated with participation by a health carrier in the small employer market to a private reinsurance pool established and maintained by the association.

Subd. 3. [EXEMPTIONS.] The association, its transactions, and all property owned by it are exempt from taxation under the laws of this state or any of its subdivisions, including, but not limited to, income tax, sales tax, use tax, and property tax. The association may seek exemption from payment of all fees and taxes levied by the

federal government. Except as otherwise provided in this chapter, the association is not subject to the provisions of chapters 13, 14, 60A, 62A to 62H, and section 471.705. The association is not a public employer and is not subject to the provisions of chapters 179A and 353. Health carriers who are members of the association are exempt from the provisions of sections 325D.49 to 325D.66 in the performance of their duties as members of the association.

Subd. 4. [POWERS OF ASSOCIATION.] The association may exercise all of the powers of a corporation formed under chapter 317A, including, but not limited to, the authority to:

(1) establish operating rules, conditions, and procedures relating to the reinsurance of members' risks;

(2) assess members in accordance with the provisions of this section and to make advance interim assessments as may be reasonable and necessary for organizational and interim operating expenses;

(3) sue and be sued, including taking any legal action necessary to recover any assessments;

(4) enter into contracts necessary to carry out the provisions of this chapter;

(5) establish operating, administrative, and accounting procedures for the operation of the association; and

(6) borrow money against the future receipt of premiums and assessments up to the amount of the previous year's assessment, with the prior approval of the commissioner.

The provisions of this chapter govern if the provisions of chapter 317A conflict with this chapter. The association shall adopt bylaws and shall be governed in accordance with this chapter and chapter 317A.

Subd. 5. [SUPERVISION BY COMMISSIONER.] The commissioner of commerce shall supervise the association in accordance with this chapter. The commissioner of commerce may examine the association. The association's reinsurance policy forms, its contracts, its premium rates, and its assessments are subject to the approval of the commissioner of commerce. The association shall notify the commissioner of all association or board meetings, and the commissioner or the commissioner's designee may attend all association or board meetings. The association shall file an annual report with the commissioner on or before July 1 of each year, beginning July 1, 1994, describing its activities during the preceding calendar year. The report must include a financial report and a summary of claims

paid by the association. The annual report must be available for public inspection.

Sec. 14. [62L.14] [BOARD OF DIRECTORS.]

Subdivision 1. [COMPOSITION OF BOARD.] The association shall exercise its powers through a board of 13 directors. Four members must be public members appointed by the commissioner. The public members must not be employees of or otherwise affiliated with any member of the association. The nonpublic members of the board must be representative of the membership of the association and must be officers, employees, or directors of the members during their term of office. No member of the association may have more than three members of the board. Directors are automatically removed if they fail to satisfy this qualification.

Subd. 2. [ELECTION OF BOARD.] On or before July 1, 1992, the commissioner shall appoint an interim board of directors of the association who shall serve through the first annual meeting of the members and for the next two years. Except for the public members, the commissioner's initial appointments must be equally apportioned among the following three categories: accident and health insurance companies, nonprofit health service plan corporations, and health maintenance organizations. Thereafter, members of the association shall elect the board of directors in accordance with this chapter and the bylaws of the association, subject to approval by the commissioner. Members of the association may vote in person or by proxy. The public members shall continue to be appointed by the commissioner.

Subd 3. [TERM OF OFFICE.] The first annual meeting must be held by December 1, 1992. After the initial two-year period, each director shall serve a three-year term, except that the board shall make appropriate arrangements to stagger the terms of the board members so that approximately one-third of the terms expire each year. Each director shall hold office until expiration of the director's term or until the director's successor is duly elected or appointed and qualified, or until the director's death, resignation, or removal.

Subd. 4. [RESIGNATION AND REMOVAL.] A director may resign at any time by giving written notice to the commissioner. The resignation takes effect at the time the resignation is received unless the resignation specifies a later date. A nonpublic director may be removed at any time, with cause, by the members.

Subd. 5. [QUORUM.] A majority of the members of the board of directors constitutes a quorum for the transaction of business. If a vacancy exists by reason of death, resignation, or otherwise, a majority of the remaining directors constitutes a quorum.

Subd. 6. [DUTIES OF DIRECTORS.] The board of directors shall

adopt or amend the association's bylaws. The bylaws may contain any provision for the purpose of administering the association that is not inconsistent with this chapter. The board shall manage the association in furtherance of its purposes and as provided in its bylaws. On or before January 1, 1993, the board or the interim board shall develop a plan of operation and reasonable operating rules to assure the fair, reasonable, and equitable administration of the association. The plan of operation must include the development of procedures for selecting an administering carrier, establishment of the powers and duties of the administering carrier, and establishment of procedures for collecting assessments from members, including the imposition of interest penalties for late payments of assessments. The plan of operation must be submitted to the commissioner for review and must be submitted to the members for approval at the first meeting of the members. The board of directors may subsequently amend, change, or revise the plan of operation without approval by the members.

Subd. 7. [COMPENSATION.] Members of the board may be reimbursed by the association for reasonable and necessary expenses incurred by them in performing their duties as directors, but shall not otherwise be compensated by the association for their services.

Subd. 8. [OFFICERS.] The board may elect officers and establish committees as provided in the bylaws of the association. Officers have the authority and duties in the management of the association as prescribed by the bylaws and determined by the board of directors.

Subd. 9. [MAJORITY VOTE.] Approval by a majority of the board members present is required for any action of the board. The majority vote must include one vote from a board member representing an accident and health insurance company, one vote from a board member representing a health service plan corporation, one vote from a board member representing a health maintenance organization, and one vote from a public member.

Sec. 15. [62L.15] [MEMBERS.]

Subdivision 1. [ANNUAL MEETING.] The association shall conduct an annual meeting of the members of the association for the purpose of electing directors and transacting any other appropriate business of the membership of the association. The board shall determine the date, time, and place of the annual meeting. The association shall conduct its first annual member meeting on or before December 1, 1992.

Subd. 2. [SPECIAL MEETINGS.] Special meetings of the members must be held whenever called by any three of the directors. At least two categories must be represented among the directors calling a special meeting of the members. The categories are accident and

health insurance companies, nonprofit health service plan corporations, and health maintenance organizations. Special meetings of the members must be held at a time and place designated in the notice of the meeting.

Subd. 3. [MEMBER VOTING.] Each member has an equal vote.

Subd. 4. [INITIAL MEMBER MEETING.] At least 60 days before the first annual meeting of the members, the commissioner shall give written notice to all members of the time and place of the member meeting. The members shall elect directors representing the members, approve the initial plan of operation of the association, and transact any other appropriate business of the membership of the association.

Subd. 5. [MEMBER COMPLIANCE.] All members shall comply with the provisions of this chapter, the association's bylaws, the plan of operation developed by the board of directors, and any other operating, administrative, or other procedures established by the board of directors for the operation of the association. The board may request the commissioner to secure compliance with this chapter through the use of any enforcement action otherwise available to the commissioner.

Sec. 16. [62L.16] [ADMINISTRATION OF ASSOCIATION.]

Subdivision 1. [ADMINISTERING CARRIER.] The association shall contract with a qualified health carrier to operate and administer the association. If there is no available qualified health carrier, or in the event of a termination under subdivision 2, the association may directly operate and administer the reinsurance program. The administering carrier shall perform all administrative functions required by this chapter. The board of directors shall develop administrative functions required by this chapter and written criteria for the selection of an administering carrier. The administering carrier must be selected by the board of directors, subject to approval by the commissioner.

Subd. 2. [TERM.] The administering carrier shall serve for a period of three years, unless the administering carrier requests the termination of its contract and the termination is approved by the board of directors. The board of directors shall approve or deny a request to terminate within 90 days of its receipt after consultation with the commissioner. A failure to make a final decision on a request to terminate within 90 days is considered an approval.

Subd. 3. [DUTIES OF ADMINISTERING CARRIER.] The association shall enter into a written contract with the administering carrier to carry out its duties and responsibilities. The administering carrier shall perform all administrative functions required by this chapter including the:

(1) preparation and submission of an annual report to the commissioner;

(2) preparation and submission of monthly reports to the board of directors;

(3) calculation of all assessments and the notification thereof of members;

(4) payment of claims to health carriers following the submission by health carriers of acceptable claim documentation; and

(5) provision of claim reports to health carriers as determined by the board of directors.

Subd. 4. [BID PROCESS.] The association shall issue a request for proposal for administration of the reinsurance association and shall solicit responses from health carriers participating in the small employer market and from other qualified insurers and reinsurers. Methods of compensation of the administrator must be a part of the bid process. The administering carrier shall substantiate its cost reports consistent with generally accepted accounting principles.

Subd. 5. [AUDITS.] The board of directors may conduct periodic audits to verify the accuracy of financial data and reports submitted by the administering carrier.

Subd. 6. [RECORDS OF ASSOCIATION.] The association shall maintain appropriate records and documentation relating to the activities of the association. All individual patient-identifying claims data and information are confidential and not subject to disclosure of any kind, except that a health carrier shall have access upon request to individual claims data relating to eligible employees and dependents covered by a health benefit plan issued by the health carrier. All records, documents, and work product prepared by the association or by the administering carrier for the association are the property of the association. The commissioner shall have access to the data for the purposes of carrying out the supervisory functions provided for in this chapter.

Sec. 17. [62L.17] [PARTICIPATION IN THE REINSURANCE ASSOCIATION.]

Subdivision 1. [MINIMUM STANDARDS.] The board of directors or the interim board shall establish minimum claim processing and managed care standards which must be met by a health carrier in order to reinsure business.

Subd. 2. [PARTICIPATION.] A health carrier may elect to not participate in the reinsurance association through transferring risk

only after filing an application with the commissioner of commerce. The commissioner may approve the application after consultation with the board of directors. In determining whether to approve an application, the commissioner shall consider whether the health carrier meets the following standards:

(1) demonstration by the health carrier of a substantial and established market presence;

(2) demonstrated experience in the small group market and history of rating and underwriting small employer groups;

(3) commitment to comply with the requirements of this chapter for small employers in the state or its service area; and

(4) financial ability to assume and manage the risk of enrolling small employer groups without the protection of the reinsurance.

Initial application for nonparticipation must be filed with the commissioner no later than October 15, 1992. The commissioner shall make the determination and notify the carrier no later than November 15, 1992.

Subd. 3. [LENGTH OF PARTICIPATION.] A health carrier's initial election is for a period of two years. Subsequent elections of participation are for five-year periods.

Subd. 4. [APPEAL.] A health carrier whose application for nonparticipation has been rejected by the commissioner may appeal the decision. The association may also appeal a decision of the commissioner, if approved by a two-thirds majority of the board. Chapter 14 applies to all appeals.

Subd. 5. [ANNUAL CERTIFICATION.] A health carrier that has received approval to not participate in the reinsurance association shall annually certify to the commissioner on or before December 1 that it continues to meet the standards described in subdivision 2.

Subd. 6. [SUBSEQUENT ELECTION.] Election to participate in the reinsurance association must occur on or before December 31 of each year. If after a period of nonparticipation, the nonparticipating health carrier subsequently elects to participate in the reinsurance association, the health carrier retains the risk it assumed when not participating in the association.

If a participating health carrier subsequently elects to not participate in the reinsurance association, the health carrier shall cease reinsuring through the association all of its small employer business and is liable for any assessment described in section 62L.22 which

has been prorated based on the business covered by the reinsurance mechanism during the year of the assessment.

Subd. 7. [ELECTION MODIFICATION.] The commissioner, after consultation with the board, may authorize a health carrier to modify its election to not participate in the association at any time, if the risk from the carrier's existing small employer business jeopardizes the financial condition of the health carrier. If the commissioner authorizes a health carrier to participate in the association, the health carrier shall retain the risk it assumed while not participating in the association. This election option may not be exercised if the health carrier is in rehabilitation.

Sec. 18. [62L.18] [CEDING OF RISK.]

Subdivision 1. [PROSPECTIVE CEDING.] For health benefit plans issued on or after July 1, 1993, all health carriers participating in the association may prospectively reinsure an employee or dependent within a small employer group and entire employer groups of seven or fewer eligible employees. A health carrier must determine whether to reinsure an employee or dependent or entire group within 60 days of the commencement of the coverage of the small employer and must notify the association during that time period.

Subd. 2. [ELIGIBILITY FOR REINSURANCE.] A health carrier may not reinsure existing small employer business through the association. A health carrier may reinsure an employee or dependent who previously had coverage from MCHA who is now eligible for coverage through the small employer group at the time of enrollment as defined in section 62L.03, subdivision 6. A health carrier may not reinsure individuals who have existing individual health care coverage with that health carrier upon replacement of the individual coverage with group coverage as provided in section 62L.04, subdivision 1.

Subd. 3. [REINSURANCE TERMINATION.] A health carrier may terminate reinsurance through the association for an employee or dependent or entire group on the anniversary date of coverage for the small employer. If the health carrier terminates the reinsurance, the health carrier may not subsequently reinsure the individual or entire group.

Subd. 4. [CONTINUING CARRIER RESPONSIBILITY.] A health carrier transferring risk to the association is completely responsible for administering its health benefit plans. A health carrier shall apply its case management and claim processing techniques consistently between reinsured and nonreinsured business. Small employers, eligible employees, and dependents shall not be notified that the health carrier has reinsured their coverage through the association.

Sec. 19. [62L.19] [ALLOWED REINSURANCE BENEFITS.]

A health carrier may reinsure through the association only those benefits described in section 62L.05.

Sec. 20. [62L.20] [TRANSFER OF RISK.]

Subdivision 1. [REINSURANCE THRESHOLD.] A health carrier participating in the association may transfer up to 90 percent of the risk above a reinsurance threshold of $5,000 of eligible charges resulting from issuance of a health benefit plan to an eligible employee or dependent of a small employer group whose risk has been prospectively ceded to the association. If the eligible charges exceed $50,000, a health carrier participating in the association may transfer 100 percent of the risk each policy year not to exceed 12 months.

Satisfaction of the reinsurance threshold must be determined by the board of directors based on eligible charges. The board may establish an audit process to assure consistency in the submission of charge calculations by health carriers to the association.

Subd. 2. [CONVERSION FACTORS.] The board shall establish a standardized conversion table for determining equivalent charges for health carriers that use alternative provider reimbursement methods. If a health carrier establishes to the board that the carrier's conversion factor is equivalent to the association's standardized conversion table, the association shall accept the health carrier's conversion factor.

Subd. 3. [BOARD AUTHORITY.] The board shall establish criteria for changing the threshold amount or retention percentage. The board shall review the criteria on an annual basis. The board shall provide the members with an opportunity to comment on the criteria at the time of the annual review.

Subd. 4. [NOTIFICATION OF TRANSFER OF RISK.] A participating health carrier must notify the association, within 90 days of receipt of proof of loss, of satisfaction of a reinsurance threshold. After satisfaction of the reinsurance threshold, a health carrier continues to be liable to its providers, eligible employees, and dependents for payment of claims in accordance with the health carrier's health benefit plan. Health carriers shall not pend or delay payment of otherwise valid claims due to the transfer of risk to the association.

Subd. 5. [PERIODIC STUDIES.] The board shall, on a biennial basis, prepare and submit a report to the commissioner of commerce on the effect of the reinsurance association on the small employer market. The first study must be presented to the commissioner no

later than January 1, 1995, and must specifically address whether there has been disruption in the small employer market due to unnecessary churning of groups for the purpose of obtaining reinsurance and whether it is appropriate for health carriers to transfer the risk of their existing small group business to the reinsurance association. After two years of operation, the board shall study both the effect of ceding both individuals and entire small groups of seven or fewer eligible employees to the reinsurance association and the composition of the board and determine whether the initial appointments reflect the types of health carriers participating in the reinsurance association and whether the voting power of members of the association should be weighted and recommend any necessary changes.

Sec. 21. [62L.21] [REINSURANCE PREMIUMS.]

Subdivision 1. [MONTHLY PREMIUM.] A health carrier ceding an individual to the reinsurance association shall be assessed a monthly reinsurance coverage premium that is 5.0 times the adjusted average market price. A health carrier ceding an entire group to the reinsurance association shall be assessed a monthly reinsurance coverage premium that is 1.5 times the adjusted average market price. The adjusted average market premium price must be established by the board of directors in accordance with its plan of operation. The board may consider benefit levels in establishing the reinsurance coverage premium.

Subd. 2. [ADJUSTMENT OF PREMIUM RATES.] The board of directors shall establish operating rules to allocate adjustments to the reinsurance premium charge of no more than minus 25 percent of the monthly reinsurance premium for health carriers that can demonstrate administrative efficiencies and cost-effective handling of equivalent risks. The adjustment must be made annually on a retrospective basis. The operating rules must establish objective and measurable criteria which must be met by a health carrier in order to be eligible for an adjustment. These criteria must include consideration of efficiency attributable to case management, but not consideration of such factors as provider discounts.

Subd. 3. [LIABILITY FOR PREMIUM.] A health carrier is liable for the cost of the reinsurance premium and may not directly charge the small employer for the costs. The reinsurance premium may be reflected only in the rating factors permitted in section 62L.08, as provided in section 62L.08, subdivision 10.

Sec. 22. [62L.22] [ASSESSMENTS.]

Subdivision 1. [ASSESSMENT BY BOARD.] For the purpose of providing the funds necessary to carry out the purposes of the association, the board of directors shall assess members as provided in subdivisions 2, 3, and 4 at the times and for the amounts the

board of directors finds necessary. Assessments are due and payable on the date specified by the board of directors, but not less than 30 days after written notice to the member. Assessments accrue interest at the rate of six percent per year on or after the due date.

Subd. 2. [INITIAL CAPITALIZATION.] The interim board of directors shall determine the initial capital operating requirements for the association. The board shall assess each licensed health carrier $100 for the initial capital requirements of the association. The assessment is due and payable no later than January 1, 1993.

Subd. 3. [RETROSPECTIVE ASSESSMENT.] On or before July 1 of each year, the administering carrier shall determine the association's net loss, if any, for the previous calendar year, the program expenses of administration, and other appropriate gains and losses. If reinsurance premium charges are not sufficient to satisfy the operating and administrative expenses incurred or estimated to be incurred by the association, the board of directors shall assess each member participating in the association in proportion to each member's respective share of the total insurance premiums, subscriber contract payments, health maintenance organization payments, and other health benefit plan revenue derived from or on behalf of small employers during the preceding calendar year. The assessments must be calculated by the board of directors based on annual statements and other reports considered necessary by the board of directors and filed by members with the association. The amount of the assessment shall not exceed four percent of the member's small group market premium. In establishing this assessment, the board shall consider a formula based on total small employer premiums earned and premiums earned from newly issued small employer plans. A member's assessment may not be reduced or increased by more than 50 percent as a result of using that formula, which includes a reasonable cap on assessments on any premium category or premium classification. The board of directors may provide for interim assessments as it considers necessary to appropriately carry out the association's responsibilities. The board of directors may establish operating rules to provide for changes in the assessment calculation.

Subd. 4. [ADDITIONAL ASSESSMENTS.] If the board of directors determines that the retrospective assessment formula described in subdivision 3 is insufficient to meet the obligations of the association, the board of directors shall assess each member not participating in the reinsurance association, but which is providing health plan coverage in the small employer market, in proportion to each member's respective share of the total insurance premiums, subscriber contract payments, health maintenance organization payments, and other health benefit plan revenue derived from or on behalf of small employers during the preceding calendar year. The assessment must be calculated by the board of directors based on annual statements and other reports considered necessary by the

board of directors and filed by members with the association. The amount of the assessment may not exceed one percent of the member's small group market premium. Members who paid the retrospective assessment described in subdivision 3 are not subject to the additional assessment.

If the additional assessment is insufficient to meet the obligations of the association, the board of directors may assess members participating in the association who paid the retrospective assessment described in subdivision 3 up to an additional one percent of the member's small group market premium.

Subd. 5. [ABATEMENT OR DEFERMENT.] The association may abate or defer, in whole or in part, the retrospective assessment of a member if, in the opinion of the commissioner, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations or the member is placed under an order of rehabilitation, liquidation, receivership, or conservation by a court of competent jurisdiction. In the event that a retrospective assessment against a member is abated or deferred, in whole or in part, the amount by which the assessment is abated or deferred may be assessed against other members in accordance with the methodology specified in subdivisions 3 and 4.

Subd. 6. [REFUND.] The board of directors may refund to members, in proportion to their contributions, the amount by which the assets of the association exceed the amount the board of directors finds necessary to carry out its responsibilities during the next calendar year. A reasonable amount may be retained to provide funds for the continuing expenses of the association and for future losses.

Subd. 7. [APPEALS.] A health carrier may appeal to the commissioner of commerce within 30 days of notice of an assessment by the board of directors. A final action or order of the commissioner is subject to judicial review in the manner provided in chapter 14.

Subd. 8. [LIABILITY FOR ASSESSMENT.] Employer liability for other costs of a health carrier resulting from assessments made by the association under this section are limited by the rate spread restrictions specified in section 62L.08.

Sec. 23. [62L.23] [LOSS RATIO STANDARDS.]

Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, each policy or contract form used with respect to a health benefit plan offered, or issued in the small employer market, is subject, beginning July 1, 1993, to section 62A.021.

Sec. 24. [COMMISSIONER OF COMMERCE STUDY.]

The commissioner of commerce shall study and provide a written report and recommendations to the legislature that analyze the effects of this article and future measures that the legislature could enact to achieve the purpose set forth in section 62L.01, subdivision 3. The commissioner shall study, report, and make recommendations on the following:

(1) the effects of this article on availability of coverage, average premium rates, variations in premium rates, the number of uninsured and underinsured residents of this state, the types of health benefit plans chosen by employers, and other effects on the market for health benefit plans for small employers;

(2) the desirability and feasibility of achieving the goal stated in section 62L.01, subdivision 3, in the small employer market by means of the following timetable:

(i) as of July 1, 1994, a reduction of the age rating bands to 30 percent on each side of the index rate, accompanied by a proportional reduction of the general premium rating bands to 15 percent on each side of the index rate;

(ii) as of July 1, 1995, a reduction in the bands described in the preceding clause to 20 percent and ten percent respectively;

(iii) as of July 1, 1996, a reduction in the bands referenced in the preceding clause to ten percent and five percent respectively; and

(iv) as of July 1, 1997, a ban on all rating bands; and

(3) Any other aspects of the small employer market considered relevant by the commissioner.

The commissioner shall file the written report and recommendations with the legislature no later than December 1, 1993.

Sec. 25. [EFFECTIVE DATES.]

Sections 1 to 12 and 23 are effective July 1, 1993. Sections 13 to 22 are effective the day following final enactment.

ARTICLE 3

INSURANCE REFORM: INDIVIDUAL MARKET AND MISCELLANEOUS

Section 1. [62A.011] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] For purposes of this chapter, the terms defined in this section have the meanings given.

Subd. 2. [HEALTH CARRIER.] "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a nonprofit health service plan corporation operating under chapter 62C; a health maintenance organization operating under chapter 62D; a fraternal benefit society operating under chapter 64B; or a joint self-insurance employee health plan operating under chapter 62H.

Subd. 3. [HEALTH PLAN.] "Health plan" means a policy or certificate of accident and sickness insurance as defined in section 62A.01 offered by an insurance company licensed under chapter 60A; a subscriber contract or certificate offered by a nonprofit health service plan corporation operating under chapter 62C; a health maintenance contract or certificate offered by a health maintenance organization operating under chapter 62D; a health benefit certificate offered by a fraternal benefit society operating under chapter 64B; or health coverage offered by a joint self-insurance employee health plan operating under chapter 62H. Health plan means individual and group coverage, unless otherwise specified.

Sec. 2. Minnesota Statutes 1990, section 62A.02, subdivision 1, is amended to read:

Subdivision 1. [FILING.] No ~~policy of accident and sickness insurance~~ health plan as defined in section 62A.011 shall be issued or delivered to any person in this state, nor shall any application, rider, or endorsement be used in connection ~~therewith~~ with the health plan, until a copy of ~~the~~ its form ~~thereof~~ and of the classification of risks and the premium rates pertaining ~~thereto~~ to the form have been filed with the commissioner. The filing for nongroup ~~policies~~ health plan forms shall include a statement of actuarial reasons and data to support the ~~need for any premium~~ rate ~~increase~~. For health benefit plans as defined in section 62L.02, and for health plans to be issued to individuals, the health carrier shall file with the commissioner the information required in section 62L.08, subdivision 8. For group health plans for which approval is sought for sales only outside of the small employer market as defined in section 62L.02, this section applies only to policies or contracts of accident and sickness insurance. All forms intended for issuance in the individual or small employer market must be accompanied by a statement as to the expected loss ratio for the form. Premium rates and forms relating to specific insureds or proposed insureds, whether individuals or groups, need not be filed, unless requested by the commissioner.

Sec. 3. Minnesota Statutes 1990, section 62A.02, subdivision 2, is amended to read:

Subd. 2. [APPROVAL.] ~~No such policy~~ The health plan form shall not be issued, nor shall any application, rider, ~~or~~ endorsement, or rate be used in connection ~~therewith~~ with it, until the expiration of 60 days after it has been ~~so~~ filed unless the commissioner ~~shall sooner give written approval thereto~~ approves it before that time.

Sec. 4. Minnesota Statutes 1990, section 62A.02, subdivision 3, is amended to read:

Subd. 3. [STANDARDS FOR DISAPPROVAL.] The commissioner shall, within 60 days after the filing of any form or rate, disapprove the form or rate:

(1) if the benefits provided ~~therein~~ are ~~unreasonable~~ not reasonable in relation to the premium charged;

(2) if it contains a provision or provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the ~~policy~~ health plan form, or otherwise does not comply with this chapter, chapter 62L, or chapter 72A; ~~or~~

(3) if the proposed premium rate is excessive ~~because the insurer has failed to exercise reasonable cost control~~ or not adequate; or

(4) the actuarial reasons and data submitted do not justify the rate.

The party proposing a rate has the burden of proving by a preponderance of the evidence that it does not violate this subdivision.

In determining the reasonableness of a rate, the commissioner shall also review all administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreement and effect of the contracts on the rate. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove any rate that reflects any unreasonable cost arising out of the contract or agreement. The commissioner may require any information that the commissioner deems necessary to determine the reasonableness of the cost.

For the purposes of ~~clause (1)~~ this subdivision, the commissioner shall establish by rule a schedule of minimum anticipated loss ratios which shall be based on (i) the type or types of coverage provided, (ii) whether the policy is for group or individual coverage, and (iii) the size of the group for group policies. Except for individual policies of disability or income protection insurance, the minimum anticipated loss ratio shall not be less than 50 percent after the first year that a policy is in force. All applicants for a policy shall be informed in writing at the time of application of the anticipated loss ratio of the

policy. ~~For the purposes of this subdivision,~~ "Anticipated loss ratio" means the ratio at the time of ~~form~~ filing, at the time of notice of withdrawal under subdivision 4a, or at the time of subsequent rate revision of the present value of all expected future benefits, excluding dividends, to the present value of all expected future premiums. ~~Nothing in this paragraph shall prohibit the commissioner from disapproving a form which meets the requirements of this paragraph but which the commissioner determines still provides benefits which are unreasonable in relation to the premium charged.~~

If the commissioner notifies ~~an insurer which~~ a health carrier that has filed any form or rate that ~~the form~~ it does not comply with ~~the provisions of~~ this ~~section or sections 62A.03 to 62A.05 and 72A.20~~ chapter, chapter 62L, or chapter 72A, it shall be unlawful ~~thereafter~~ for the ~~insurer~~ health carrier to issue or use the form or ~~use it in connection with any policy~~ rate. In the notice the commissioner shall specify the reasons for disapproval and state that a hearing will be granted within 20 days after request in writing by the ~~insurer~~ health carrier.

The 60-day period within which the commissioner is to approve or disapprove the form or rate does not begin to run until a complete filing of all data and materials required by statute or requested by the commissioner has been submitted.

However, if the supporting data is not filed within 30 days after a request by the commissioner, the rate is not effective and is presumed to be an excessive rate.

Sec. 5. Minnesota Statutes 1990, section 62A.02, is amended by adding a subdivision to read:

Subd. 4a. [WITHDRAWAL OF APPROVAL.] The commissioner may, at any time after a 20-day written notice has been given to the insurer, withdraw approval of any form or rate that has previously been approved on any of the grounds stated in this section. It is unlawful for the health carrier to issue a form or rate or use it in connection with any health plan after the effective date of the withdrawal of approval. The notice of withdrawal of approval must advise the health carrier of the right to a hearing under the contested case procedures of chapter 14, and must specify the matters to be considered at the hearing.

The commissioner may request an health carrier to provide actuarial reasons and data, as well as other information, needed to determine if a previously approved rate continues to satisfy the requirements of this section. If the requested information is not provided within 30 days after request by the commissioner, the rate is presumed to be an excessive rate.

Sec. 6. Minnesota Statutes 1990, section 62A.02, is amended by adding a subdivision to read:

Subd. 5a. [HEARING.] The health carrier must request a hearing before the 20-day notice period has ended, or the commissioner's order is final. A request for hearing stays the commissioner's order until the commissioner notifies the health carrier of the result of the hearing. The commissioner's order may require the modification of any rate or form and may require continued coverage to persons covered under a health plan to which the disapproved form or rate applies.

Sec. 7. Minnesota Statutes 1990, section 62A.02, is amended by adding a subdivision to read:

Subd. 7. [RATES OPEN TO INSPECTION.] All rates and supplementary rate information furnished to the commissioner under this chapter shall, as soon as the rates are approved, be open to public inspection at any reasonable time.

Sec. 8. [62A.021] [HEALTH CARE POLICY RATES.]

Subdivision 1. [LOSS RATIO STANDARDS.] Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, a health care policy form or certificate form shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policy form or certificate form, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of policies issued in the individual market, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. A health carrier shall demonstrate that the third year loss ratio is greater than or equal to the applicable percentage. The applicable percentage for policy forms and certificate forms issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, until an 80 percent loss ratio is reached on July 1, 1998. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, until a 70 percent loss ratio is reached on July 1, 1998. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policy forms or certificate forms in force less than three years. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency. The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media

advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

Subd. 2. [COMPLIANCE AUDIT.] The commissioner has the authority to audit any health carrier to assure compliance with this section. Health carriers shall retain at their principal place of business information necessary for the commissioner to perform compliance audits.

Sec. 9. [62A.022] [UNIFORM CLAIMS FORMS AND BILLING PRACTICES.]

By January 1, 1993, the commissioner of commerce, in consultation with the commissioners of health and human services, shall establish and require uniform claims forms and uniform billing and record keeping practices applicable to all policies of accident and health insurance, group subscriber contracts offered by nonprofit health service plan corporations regulated under chapter 62C, health maintenance contracts regulated under chapter 62D, and health benefit certificates offered through a fraternal benefit society regulated under chapter 64B, if issued or renewed to provide coverage to Minnesota residents.

Sec. 10. [62A.302] [COVERAGE OF DEPENDENTS.]

Subdivision 1. [SCOPE OF COVERAGE.] This section applies to all health plans as defined in section 62A.011.

Subd. 2. [REQUIRED COVERAGE.] Every health plan included in subdivision 1 that provides dependent coverage must define "dependent" no more restrictively than the definition provided in section 62L.02.

Sec. 11. [62A.303] [PROHIBITION; SEVERING OF GROUPS.]

Section 62L.12, subdivisions 1, 2, 3, and 4, apply to all employer group health plans, as defined in section 62A.011, regardless of the size of the group.

Sec. 12. Minnesota Statutes 1991 Supplement, section 62A.31, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or

group policy, certificate, subscriber contract issued by a health service plan corporation regulated under chapter 62C, or other evidence of accident and health insurance the effect or purpose of which is to supplement Medicare coverage issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual covered by Medicare unless the following requirements are met:

(a) The policy must provide a minimum of the coverage set out in subdivision 2;

(b) The policy must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage;

(c) The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured;

(d) Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance has been made to the individual, together with an explanation of both coverages;

(e) An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium;

(f)(1) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to this assistance;

(2) If suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy shall be automatically reinstated, effective as of the date of termination of this entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss;

(3) The policy must provide that upon reinstatement (i) there is no additional waiting period with respect to treatment of preexisting conditions, (ii) coverage is provided which is substantially equivalent to coverage in effect before the date of the suspension, and (iii) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended;

(g) The written statement required by an application for Medicare supplement insurance pursuant to section 62A.43, subdivision 1, shall be made on a form, approved by the commissioner, that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program;

(h) No issuer of Medicare supplement policies, including policies that supplement Medicare issued by health maintenance organizations or those policies governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., in this state may impose preexisting condition limitations or otherwise deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B;

(i) If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for similar benefits to the extent the time was spent under the original policy;

(j) The policy has been filed with and approved by the department as meeting all the requirements of sections 62A.31 to 62A.44; and

(k) The policy guarantees renewability.

Only the following standards for renewability may be used in Medicare supplement insurance policy forms.

No issuer of Medicare supplement insurance policies may cancel or nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by the group policyholder and is not replaced as provided in this clause, the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, provides for continuation of the benefits contained in the group policy; or provides for such benefits and benefit packages as otherwise meet the requirements of this clause.

If an individual is a certificate holder in a group Medicare

supplement insurance policy and the individual terminates membership in the group, the issuer of the policy shall offer the certificate holder the conversion opportunities described in this clause; or offer the certificate holder continuation of coverage under the group policy.

(l) Each health maintenance organization, health service plan corporation, insurer, or fraternal benefit society that sells coverage that supplements Medicare coverage shall establish a separate community rate for that coverage. Beginning January 1, 1993, no coverage that supplements Medicare or that is governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., may be offered, issued, sold, or renewed to a Minnesota resident, except at the community rate required by this paragraph.

For coverage that supplements Medicare and for the Part A rate calculation for plans governed by section 1833 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., the community rate may take into account only the following factors:

(1) actuarially valid differences in benefit designs or provider networks;

(2) geographic variations in rates if preapproved by the commissioner of commerce; and

(3) premium reductions in recognition of healthy lifestyle behaviors, including but not limited to, refraining from the use of tobacco. Premium reductions must be actuarially valid and must relate only to those healthy lifestyle behaviors that have a proven positive impact on health. Factors used by the health carrier making this premium reduction must be filed with and approved by the commissioner of commerce.

Sec. 13. [62A.65] [INDIVIDUAL MARKET REGULATION.]

Subdivision 1. [APPLICABILITY.] No health carrier, as defined in chapter 62L, shall offer, sell, issue, or renew any individual policy of accident and sickness coverage, as defined in section 62A.01, subdivision 1, any individual subscriber contract regulated under chapter 62C, any individual health maintenance contract regulated under chapter 62D, any individual health benefit certificate regulated under chapter 64B, or any individual health coverage provided by a multiple employer welfare arrangement, to a Minnesota resident except in compliance with this section. For purposes of this section, "health benefit plan" has the meaning given in chapter 62L, except that the term means individual coverage, including family coverage, rather than employer group coverage. This section does not apply to the comprehensive health association established in section 62E.10 or to coverage described in section 62A.31, subdivision 1, paragraph

(h), or to long-term care policies as defined in section 62A.46, subdivision 2.

Subd. 2. [GUARANTEED RENEWAL.] No health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the health benefit plan provides that the plan is guaranteed renewable at a premium rate that does not take into account the claims experience or any change in the health status of any covered person that occurred after the initial issuance of the health benefit plan to the person. The premium rate upon renewal must also otherwise comply with this section. A health benefit plan may be subject to refusal to renew only under the conditions provided in chapter 62L.

Subd. 3. [PREMIUM RATE RESTRICTIONS.] No health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the rating and premium restrictions provided under chapter 62L, except the minimum loss ratio applicable to individual coverage is as provided in section 62A.021. All provisions of chapter 62L apply to rating and premium restrictions in the individual market, unless clearly inapplicable to the individual market.

Subd. 4. [GENDER RATING PROHIBITED.] No health benefit plan offered, sold, issued, or renewed to a Minnesota resident may determine the premium rate or any other underwriting decision, including initial issuance, on the gender of any person covered or to be covered under the health benefit plan.

Subd. 5. [PORTABILITY OF COVERAGE.] (a) No health benefit plan may be offered, sold, issued, or renewed to a Minnesota resident that contains a preexisting condition limitation or exclusion, unless the limitation or exclusion would be permitted under chapter 62L. The individual may be treated as a late entrant, as defined in chapter 62L, unless the individual has maintained continuous coverage as defined in chapter 62L. An individual who has maintained continuous coverage may be subjected to a one-time preexisting condition limitation as permitted under chapter 62L for persons who are not late entrants, at the time that the individual first is covered by individual coverage. Thereafter, the person must not be subject to any preexisting condition limitation, except an unexpired portion of a limitation under prior coverage, so long as the individual maintains continuous coverage.

(b) A health carrier must offer individual coverage to any individual previously covered under a group health benefit plan issued by that health carrier, so long as the individual maintained continuous coverage as defined in chapter 62L. Coverage issued under this paragraph must not contain any preexisting condition limitation or exclusion, except for any unexpired limitation or exclusion under the previous coverage. The initial premium rate for the individual

coverage must comply with subdivision 3. The premium rate upon renewal must comply with subdivision 2.

Subd. 6. [GUARANTEED ISSUE NOT REQUIRED.] Nothing in this section requires a health carrier to initially issue a health benefit plan to a Minnesota resident, except as otherwise expressly provided in subdivision 4 or 5.

Sec. 14. Minnesota Statutes 1990, section 62E.02, subdivision 23, is amended to read:

Subd. 23. "Contributing member" means those companies ~~operating pursuant to~~ regulated under chapter 62A and offering, selling, issuing, or renewing policies or contracts of accident and health insurance ~~or~~, health maintenance organizations ~~and~~ regulated under chapter 62D, nonprofit health service plan corporations ~~incorporated~~ regulated under chapter 62C ~~or~~, fraternal benefit ~~society operating~~ societies regulated under chapter 64B, and joint self-insurance plans regulated under chapter 62H. For the purposes of determining liability of contributing members pursuant to section 62E.11 payments received from or on behalf of Minnesota residents for coverage by a health maintenance organization shall be considered to be accident and health insurance premiums.

Sec. 15. Minnesota Statutes 1990, section 62E.10, subdivision 1, is amended to read:

Subdivision 1. [CREATION; TAX EXEMPTION.] There is established a comprehensive health association to promote the public health and welfare of the state of Minnesota with membership consisting of all insurers, self-insurers, fraternals, joint self-insurance plans regulated under chapter 62H, and health maintenance organizations licensed or authorized to do business in this state. The comprehensive health association shall be exempt from taxation under the laws of this state and all property owned by the association shall be exempt from taxation.

Sec. 16. Minnesota Statutes 1990, section 62E.11, subdivision 9, is amended to read:

Subd. 9. Each contributing member that terminates individual health coverage ~~regulated under chapter 62A, 62C, 62D, or 64B~~ for reasons other than (a) nonpayment of premium; (b) failure to make copayments; (c) enrollee moving out of the area served; or (d) a materially false statement or misrepresentation by the enrollee in the application for membership; and does not provide or arrange for replacement coverage that meets the requirements of section 62D.121; shall pay a special assessment to the state plan based upon the number of terminated individuals who join the comprehensive health insurance plan as authorized under section 62E.14, subdivisions 1, paragraph (d), and 6. Such a contributing member shall pay

the association an amount equal to the average cost of an enrollee in the state plan in the year in which the member terminated enrollees multiplied by the total number of terminated enrollees who enroll in the state plan.

The average cost of an enrollee in the state comprehensive health insurance plan shall be determined by dividing the state plan's total annual losses by the total number of enrollees from that year. This cost will be assessed to the contributing member who has terminated health coverage before the association makes the annual determination of each contributing member's liability as required under this section.

In the event that the contributing member is terminating health coverage because of a loss of health care providers, the commissioner may review whether or not the special assessment established under this subdivision will have an adverse impact on the contributing member or its enrollees or insureds, including but not limited to causing the contributing member to fall below statutory net worth requirements. If the commissioner determines that the special assessment would have an adverse impact on the contributing member or its enrollees or insureds, the commissioner may adjust the amount of the special assessment, or establish alternative payment arrangements to the state plan. For health maintenance organizations regulated under chapter 62D, the commissioner of health shall make the determination regarding any adjustment in the special assessment and shall transmit that determination to the commissioner of commerce.

Sec. 17. Minnesota Statutes 1990, section 62E.11, is amended by adding a subdivision to read:

Subd. 12. [FUNDING.] Notwithstanding subdivision 5, the claims expenses and operating and administrative expenses of the association incurred on or after January 1, 1994 shall be paid from the health care access account established in section 16A.724, to the extent appropriated for that purpose by the legislature. Any such expenses not paid from that account shall be paid as otherwise provided in this section. All contributing members shall adjust their premium rates to fully reflect funding provided under this subdivision. The commissioner of commerce shall require contributing members to prove compliance with this rate adjustment requirement.

Sec. 18. [62E.141] [INCLUSION IN EMPLOYER-SPONSORED PLAN.]

No employee, or dependent of an employee, of an employer who offers a health benefit plan, under which the employee or dependent is eligible to enroll under chapter 62L, is eligible to enroll, or continue to be enrolled, in the comprehensive health association,

except for enrollment or continued enrollment necessary to cover conditions that are subject to an unexpired preexisting condition limitation or exclusion under the employer's health benefit plan. This section does not apply to persons enrolled in the comprehensive health association as of June 30, 1993.

Sec. 19. Minnesota Statutes 1990, section 62H.01, is amended to read:

62H.01 [JOINT SELF-INSURANCE EMPLOYEE HEALTH PLAN.]

Any ~~three~~ two or more employers, excluding the state and its political subdivisions as described in section 471.617, subdivision 1, who are authorized to transact business in Minnesota may jointly self-insure employee health, dental, or short-term disability benefits. Joint plans must have a minimum of ~~250~~ 100 covered employees and meet all conditions and terms of sections 62H.01 to 62H.08. Joint plans covering employers not resident in Minnesota must meet the requirements of sections 62H.01 to 62H.08 as if the portion of the plan covering Minnesota resident employees was treated as a separate plan. A plan may cover employees resident in other states only if the plan complies with the applicable laws of that state.

A multiple employer welfare arrangement as defined in United States Code, title 29, section 1002(40)(a), is subject to this chapter to the extent authorized by the Employee Retirement Income Security Act of 1974, United States Code, title 29, sections 1001 et seq.

Sec. 20. [REQUEST FOR ERISA EXEMPTION.]

The commissioner of commerce shall request and diligently pursue an exemption from the federal preemption of state laws relating to health coverage provided under employee welfare benefit plans under the Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, section 1144. The scope of the exemption should permit the state to:

(1) require that employers participate in a state payroll withholding system designed to pay for health coverage for employees and dependents;

(2) regulate self-insured health plans to the same extent as insurance companies; and

(3) enact or adopt other state laws relating to health coverage that would, in the judgment of the commissioner of commerce, further the public policies of this state.

In determining the scope of the exemption request and in request-

ing and pursuing the exemption, the commissioner of commerce shall seek the advice and assistance of the legislative commission on health care access. The commissioner shall report in writing to that commission at least quarterly regarding the status of the exemption request.

Sec. 21. [COMMISSIONER OF COMMERCE STUDY.]

The commissioner of commerce shall study the operation of the individual market and shall file a report and recommendations with the legislature, no later than December 15, 1992. The study, report, and recommendations must:

(1) evaluate the extent to which the individual market and the state's regulation of it can achieve the goals provided in Minnesota Statutes, section 62L.01, subdivision 3;

(2) evaluate the need for and feasibility of a guaranteed issue requirement in the individual market;

(3) make recommendations regarding the future of the comprehensive health association.

Sec. 22. [STUDY OF HEALTHY LIFESTYLE PREMIUM REDUCTIONS.]

The commissioner of commerce shall study and make recommendations to the legislature regarding whether health benefits plans, as defined in section 62L.02, but including both individual and group plans, should be permitted or required to offer premium discounts in recognition of and to encourage healthy lifestyle behaviors. The commissioner shall file the recommendations with the legislature on or before December 15, 1992. The commissioner shall make recommendations regarding:

(1) the types of lifestyle behaviors, including but not limited to, nonuse of tobacco, nonuse of alcohol, and regular exercise appropriate to the person's age and health status, that should be eligible for premium discounts;

(2) the level or amounts of premium discounts that should be permitted or required, including appropriateness of premium discounts of up to 25 percent of the premium;

(3) the actuarial justification that the commissioner should require for premium reductions;

(4) the extent to which health carriers can monitor compliance with promised lifestyle behaviors and whether new legislation could increase the monitoring ability or reduce its cost; and

(5) any favorable or adverse impacts on the individual or small group market. Any data on individuals collected under this section and received by the commissioner, which has not previously been public data, is private data on individuals.

This section shall not be interpreted as prohibiting any premium discounts approved under current law by the commissioner of commerce or by the commissioner of health or permitted under this act.

Sec. 23. [REPEALER.]

Minnesota Statutes 1990, sections 62A.02, subdivisions 4 and 5; 62E.51; 62E.52; 62E.53; 62E.54; and 62E.55, are repealed.

Sec. 24. [EFFECTIVE DATE.]

Section 12 is effective July 30, 1992. Sections 1 to 8, 10, 11, 13, 18 and 23 are effective July 1, 1993. Sections 20, 21, and 22 are effective the day following final enactment.

The salary of a medical doctor or doctor of osteopathy occupying a position that the governing body of the political subdivision has determined requires an M.D. or D.O.

degree is excluded from the limitation in this subdivision. The commissioner may increase the limitation in this subdivision for a position that the commissioner has determined requires special expertise necessitating a higher salary to attract or retain a qualified person. The commissioner shall review each proposed increase giving due consideration to salary rates paid to other persons with similar responsibilities in the state. The commissioner may not increase the limitation until the commissioner has presented the proposed increase to the legislative commission on employee relations and received the commission's recommendation on it. The recommendation is advisory only. Before completing the first year of residency,~~. A student or resident who is accepted must sign a contract to agree to serve at least three of the first five years following residency in a designated rural area.

Sec. 2. Minnesota Statutes 1990, section 136A.1355, subdivision 3, is amended to read:

Subd. 3. [LOAN FORGIVENESS.] Prior to June 30, 1992, the higher education coordinating board may accept up to eight applicants who are fourth year medical students, up to eight applicants who are first year residents, and up to eight applicants who are second year residents for participation in the loan forgiveness program. For the period July 1, 1992 through June 30, 1995, the higher education coordinating board may accept up to eight appli-

cants who are fourth year medical students per fiscal year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of medical school, up to a maximum of four years, an agreed amount, not to exceed $10,000, as a qualified loan. For each year that a participant serves as a physician in a designated rural area, up to a maximum of four years, the higher education coordinating board shall annually pay an amount equal to one year of qualified loans ~~and the interest accrued on these loans~~. Participants who move their practice from one designated rural area to another remain eligible for loan repayment. In addition, if a resident participating in the loan forgiveness program serves at least four weeks during a year of residency substituting for a rural physician to temporarily relieve the rural physician of rural practice commitments to enable the rural physician to take a vacation, engage in activities outside the practice area, or otherwise be relieved of rural practice commitments, the participating resident may designate up to an additional $2,000, above the $10,000 maximum, for each year of residency during which the resident substitutes for a rural physician for four or more weeks.

Sec. 3. [136A.1356] [MIDLEVEL PRACTITIONER EDUCATION ACCOUNT.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following definitions apply:

(a) "Designated rural area" has the definition developed in rule by the higher education coordinating board.

(b) "Midlevel practitioner" means a nurse practitioner, nurse-midwife, nurse anesthetist, advanced clinical nurse specialist, or physician assistant.

(c) "Nurse-midwife" means a registered nurse who has graduated from a program of study designed to prepare registered nurses for advance practice as nurse-midwives.

(e) "Physician assistant" means a person meeting the definition in Minnesota Rules, part 5600.2600, subpart 11.

Subd. 2. [CREATION OF ACCOUNT.] A midlevel practitioner education account is established. The higher education coordinating board shall use money from the account to establish a loan forgive-

ness program for midlevel practitioners agreeing to practice in designated rural areas.

Subd. 3. [ELIGIBILITY.] To be eligible to participate in the program, a prospective midlevel practitioner must submit a letter of interest to the higher education coordinating board prior to or while attending a program of study designed to prepare the individual for service as a midlevel practitioner. Before completing the first year of this program, a midlevel practitioner must sign a contract to agree to serve at least two of the first four years following graduation from the program in a designated rural area.

Subd. 4. [LOAN FORGIVENESS.] The higher education coordinating board may accept up to eight applicants per year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of midlevel practitioner study, up to a maximum of two years, an agreed amount, not to exceed $7,000, as a qualified loan. For each year that a participant serves as a midlevel practitioner in a designated rural area, up to a maximum of four years, the higher education coordinating board shall annually repay an amount equal to one-half a qualified loan. Participants who move their practice from one designated rural area to another remain eligible for loan repayment.

Subd. 5. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 4 for full repayment of all qualified loans, the higher education coordinating board shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The higher education coordinating board shall deposit the money collected in the midlevel practitioner education account. The board shall allow waivers of all or part of the money owed the board if emergency circumstances prevented fulfillment of the required service commitment.

Sec. 4. [137.38] [EDUCATION AND TRAINING OF PRIMARY CARE PHYSICIANS.]

Subdivision 1. [CONDITION.] If the board of regents accepts the funding appropriated for sections 137.38 to 137.40, it shall comply with the duties for which the appropriations are made.

Subd. 2. [PRIMARY CARE.] For purposes of sections 137.38 to 137.40, "primary care" means a type of medical care delivery that assumes ongoing responsibility for the patient in both health maintenance and illness treatment. It is personal care involving a unique interaction and communication between the patient and the physician. It is comprehensive in scope, and includes all the overall coordination of the care of the patient's health care problems including biological, behavioral, and social problems. The appropri-

ate use of consultants and community resources is an important aspect of effective primary care.

Subd. 3. [GOALS.] The regents of the University of Minnesota, through the University of Minnesota medical school, shall implement the initiatives required by sections 137.38 to 137.40 in order to increase the number of graduates of residency programs of the medical school who practice primary care by 20 percent over an eight-year period. The initiatives must be designed to encourage newly graduated primary care physicians to establish practices in areas of rural Minnesota that are medically underserved.

Subd. 4. [GRANTS.] The board of regents shall seek grants from private foundations and other nonstate sources for the initiatives outlined in sections 137.38 to 137.40.

Subd. 5. [REPORTS.] The board of regents shall report annually to the legislature on progress made in implementing sections 137.38 to 137.40, beginning January 15, 1993, and each succeeding January 15.

Sec. 5. [137.39] [MEDICAL SCHOOL INITIATIVES.]

Subdivision 1. [MODIFIED SCHOOL INITIATIVES.] The University of Minnesota medical school shall study the demographic characteristics of students that are associated with a primary care career choice. The medical school is requested to modify the selection process for medical students based on the results of this study, in order to increase the number of medical school graduates choosing careers in primary care.

Subd. 2. [DESIGN OF CURRICULUM.] The medical school shall ensure that its curriculum provides students with early exposure to primary care physicians and primary care practice. The medical school shall also support premedical school educational initiatives that provide students with greater exposure to primary care physicians and practices.

Subd. 3. [CLINICAL EXPERIENCES IN PRIMARY CARE.] The medical school, in consultation with medical school faculty at the University of Minnesota, Duluth, shall develop a program to provide students with clinical experiences in primary care settings in internal medicine and pediatrics. The program must provide training experiences in medical clinics in rural Minnesota communities, as well as in community clinics and health maintenance organizations in the Twin Cities metropolitan area.

Sec. 6. [137.40] [RESIDENCY AND OTHER INITIATIVES.]

Subdivision 1. [PRIMARY CARE AND RURAL ROTATIONS.]

The medical school shall increase the opportunities for general medicine, pediatrics, and family practice residents to serve rotations in primary care settings. These settings must include community clinics, health maintenance organizations, and practices in rural communities.

Subd. 2. [RURAL RESIDENCY TRAINING PROGRAM IN FAMILY PRACTICE.] The medical school shall establish a rural residency training program in family practice. The program shall provide an initial year of training in a metropolitan-based hospital and family practice clinic. The second and third years of the residency program shall be based in rural communities, utilizing local clinics and community hospitals, with specialty rotations in nearby regional medical centers.

Subd. 3. [CONTINUING MEDICAL EDUCATION.] The medical school shall develop continuing medical education programs for primary care physicians that are comprehensive, community-based, and accessible to primary care physicians in all areas of the state.

Sec. 7. [136A.1357] [EDUCATION ACCOUNT FOR NURSES WHO AGREE TO PRACTICE IN A NURSING HOME.]

Subdivision 1. [CREATION OF THE ACCOUNT.] An education account in the general fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. [ELIGIBILITY.] To be eligible to participate in the loan forgiveness program, a person planning to enroll or enrolled in a program of study designed to prepare the person to become a registered nurse or licensed practical nurse must submit a letter of interest to the board before completing the first year of study of a nursing education program. Before completing the first year of study, the applicant must sign a contract in which the applicant agrees to practice nursing for at least one of the first two years following completion of the nursing education program providing nursing services in a licensed nursing home.

Subd. 3. [LOAN FORGIVENESS.] The board may accept up to ten applicants a year. Applicants are responsible for securing their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed $3,000, as a qualified loan. For each year that a participant practices nursing in a nursing home, up to a maximum of two years, the board shall annually repay an amount equal to one year of qualified loans. Participants who move from one nursing home to another remain eligible for loan repayment.

Subd. 4. [PENALTY FOR NONFULFILLMENT.] If a participant does not fulfill the service commitment required under subdivision 3 for full repayment of all qualified loans, the commissioner shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The board shall deposit the collections in the general fund to be credited to the account established in subdivision 1. The board may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. [RULES.] The board shall adopt rules to implement this section.

Sec. 8. [STUDY OF OBSTETRICAL ACCESS.]

The commissioner of health shall study access to obstetrical services in Minnesota and report to the legislature by January 1, 1993. The study must examine the number of physicians discontinuing obstetrical care in recent years and the effects of high malpractice costs and low government program reimbursement for obstetrical services, and must identify areas of the state where access to obstetrical services is most greatly affected. The commissioner shall recommend ways to reduce liability costs and to encourage physicians to continue to provide obstetrical services.

Sec. 9. [GRANT PROGRAM FOR MIDLEVEL PRACTITIONER TRAINING.]

The higher education coordinating board may award grants to Minnesota schools or colleges that educate, or plan to educate midlevel practitioners, in order to establish and administer midlevel practitioner training programs in areas of rural Minnesota with the greatest need for midlevel practitioners. The program must address rural health care needs, and incorporate innovative methods of bringing together faculty and students, such as the use of telecommunications, and must provide both clinical and lecture components.

Sec. 10. [GRANTS FOR CONTINUING EDUCATION.]

The higher education coordinating board shall establish a competitive grant program for schools of nursing and other providers of continuing nurse education, in order to develop continuing education programs for nurses working in rural areas of the state. The programs must complement, and not duplicate, existing continuing education activities, and must specifically address the needs of nurses working in rural practice settings. The board shall award two grants for the fiscal year ending June 30, 1993.

ARTICLE 6

DATA COLLECTION AND RESEARCH INITIATIVES

Section 1. [62J.30] [HEALTH CARE ANALYSIS UNIT.]

Subdivision 1. [DEFINITIONS.] For purposes of sections 62J.30 to 62J.34, the following definitions apply:

(a) "Practice parameter" means a statement intended to guide the clinical decision making of health care providers and patients that is supported by the results of appropriately designed outcomes research studies, including those studies sponsored by the federal agency for health care policy and research, or has been adopted for use by a national medical society.

(b) "Outcomes research" means research designed to identify and analyze the outcomes and costs of alternative interventions for a given clinical condition, in order to determine the most appropriate and cost-effective means to prevent, diagnose, treat, or manage the condition, or in order to develop and test methods for reducing inappropriate or unnecessary variations in the type and frequency of interventions.

Subd. 2. [ESTABLISHMENT.] The commissioner of health shall establish a health care analysis unit to conduct data and research initiatives in order to improve the efficiency and effectiveness of health care in Minnesota.

Subd. 3. [GENERAL DUTIES; IMPLEMENTATION DATE.] The commissioner, through the health care analysis unit, shall:

(1) conduct applied research using existing and newly established health care data bases, and promote applications based on existing research;

(2) establish the condition-specific data base required under section 62J.31;

(3) develop and implement data collection procedures to ensure a high level of cooperation from health care providers and health carriers, as defined in section 62L.02, subdivision 16;

(4) work closely with health carriers and health care providers to promote improvements in health care efficiency and effectiveness;

(5) participate as a partner or sponsor of private sector initiatives that promote publicly disseminated applied research on health care delivery, outcomes, costs, quality, and management;

(6) provide technical assistance to health plan and health care purchasers, as required by section 62J.33;

(7) develop outcome-based practice parameters as required under section 62J.34; and

(8) provide technical assistance as needed to the health planning advisory committee and the regional coordinating boards.

Subd. 4. [CRITERIA FOR UNIT INITIATIVES.] Data and research initiatives by the health care analysis unit must:

(1) serve the needs of the general public, public sector health care programs, employers and other purchasers of health care, health care providers, including providers serving large numbers of low-income people, and health carriers;

(2) promote a significantly accelerated pace of publicly disseminated, applied research on health care delivery, outcomes, costs, quality, and management;

(3) conduct research and promote health care applications based on scientifically sound and statistically valid methods;

(4) be statewide in scope, in order to benefit health care purchasers and providers in all parts of Minnesota and to ensure a broad and representative data base for research, comparisons, and applications;

(5) emphasize data that is useful, relevant, and nonredundant of existing data. The initiatives may duplicate existing private activities, if this is necessary to ensure that the data collected will be in the public domain;

(6) be structured to minimize the administrative burden on health carriers, health care providers, and the health care delivery system, and minimize any privacy impact on individuals; and

(7) promote continuous improvement in the efficiency and effectiveness of health care delivery.

Subd. 5. [CRITERIA FOR PUBLIC SECTOR HEALTH CARE PROGRAMS.] Data and research initiatives related to public sector health care programs must:

(1) assist the state's current health care financing and delivery programs to deliver and purchase health care in a manner that promotes improvements in health care efficiency and effectiveness;

(2) assist the state in its public health activities, including the analysis of disease prevalence and trends and the development of public health responses;

(3) assist the state in developing and refining its overall health policy, including policy related to health care costs, quality, and access; and

(4) provide a data source that allows the evaluation of state health care financing and delivery programs.

Subd. 6. [DATA COLLECTION PROCEDURES.] The health care analysis unit shall collect data from health care providers, health carriers, and individuals in the most cost-effective manner, which does not unduly burden providers. The unit may require health care providers and health carriers to collect and provide patient health records, provide mailing lists of patients who have consented to release of data, and cooperate in other ways with the data collection process. For purposes of this chapter, the health care analysis unit shall assign, or require health care providers and health carriers to assign, a unique identification number to each patient to safeguard patient identity.

Subd. 7. [DATA CLASSIFICATION.] (a) Data collected through the large-scale data base initiatives of the health care analysis unit required by section 62J.31 that identify individuals are private data on individuals. Data not on individuals are nonpublic data. The commissioner may release private data on individuals and nonpublic data to researchers affiliated with university research centers or departments who are conducting research on health outcomes, practice parameters, and medical practice style; researchers working under contract with the commissioner; and individuals purchasing health care services for health carriers and groups. Prior to releasing any nonpublic or private data under this paragraph that identify or relate to a specific health carrier, medical provider, or health care facility, the commissioner shall provide at least 30 days' notice to the subject of the data, including a copy of the relevant data, and allow the subject of the data to provide a brief explanation or comment on the data which must be released with the data. To the extent reasonably possible, release of private or confidential data under this chapter shall be made without releasing data that could reveal the identity of individuals and should instead be released using the identification numbers required by subdivision 6.

(b) Summary data derived from data collected through the large-scale data base initiatives of the health care analysis unit may be provided under section 13.05, subdivision 7, and may be released in studies produced by the commissioner.

(c) The commissioner shall adopt rules to establish criteria and

procedures to govern access to and the use of data collected through the initiatives of the health care analysis unit.

Subd. 8. [DATA COLLECTION ADVISORY COMMITTEE.] The commissioner shall convene a 15-member data collection advisory committee consisting of health service researchers, health care providers, health carrier representatives, representatives of businesses that purchase health coverage, and consumers. Six members of this committee must be physicians. The advisory committee shall evaluate methods of data collection and shall recommend to the commissioner methods of data collection that minimize administrative burdens, address data privacy concerns, and meet the needs of health service researchers. The advisory committee is governed by section 15.059.

Subd. 9. [FEDERAL AND OTHER GRANTS.] The commissioner shall seek federal funding, and funding from private and other nonstate sources, for the initiatives of the health care analysis unit.

Subd. 10. [CONTRACTS AND GRANTS.] To carry out the duties assigned in sections 62J.30 to 62J.34, the commissioner may contract with or provide grants to private sector entities. Any contract or grant must require the private sector entity to maintain the data on individuals which it receives according to the statutory provisions applicable to the data.

Subd. 11. [RULEMAKING.] The commissioner may adopt permanent and emergency rules to implement sections 62J.30 to 62J.34.

Sec. 2. [62J.31] [LARGE-SCALE DATA BASE.]

Subdivision 1. [ESTABLISHMENT.] The health care analysis unit shall establish a large-scale data base for a limited number of health conditions. This initiative must meet the requirements of this section.

Subd. 2. [SPECIFIC HEALTH CONDITIONS.] (a) The data must be collected for specific health conditions, rather than specific procedures, types of health care providers, or services. The health care analysis unit shall designate a limited number of specific health conditions for which data shall be collected during the first year of operation. For subsequent years, data may be collected for additional specific health conditions. The number of specific conditions for which data is collected is subject to the availability of appropriations.

(b) The initiative must emphasize conditions that account for significant total costs, when considering both the frequency of a condition and the unit cost of treatment. The initial emphasis must be on the study of conditions commonly treated in hospitals on an

inpatient or outpatient basis, or in freestanding outpatient surgical centers. As improved data collection and evaluation techniques are incorporated, this emphasis shall be expanded to include entire episodes of care for a given condition, whether or not treatment includes use of a hospital or a freestanding outpatient surgical center.

Subd. 3. [INFORMATION TO BE COLLECTED.] The data collected must include information on health outcomes, including information on mortality, morbidity, patient functional status and quality of life, symptoms, and patient satisfaction. The data collected must include information necessary to measure and make adjustments for differences in the severity of patient condition across different health care providers, and may include data obtained directly from the patient or from patient medical records. The data must be collected in a manner that allows comparisons to be made between providers, health carriers, public programs, and other entities.

Subd. 4. [DATA COLLECTION AND REVIEW.] Data collection for any one condition must continue for a sufficient time to permit: adequate analysis by researchers and appropriate providers, including providers who will be impacted by the data; feedback to providers; and monitoring for changes in practice patterns. The health care analysis unit shall annually review all specific health conditions for which data is being collected, in order to determine if data collection for that condition should be continued.

Subd. 5. [USE OF EXISTING DATA BASES.] (a) The health care analysis unit shall negotiate with private sector organizations currently collecting data on specific health conditions of interest to the unit, in order to obtain required data in a cost-effective manner and minimize administrative costs. The unit shall attempt to establish linkages between the large scale data base established by the unit and existing private sector data bases and shall consider and implement methods to streamline data collection in order to reduce public and private sector administrative costs.

(b) The health care analysis unit shall use existing public sector data bases, such as those existing for medical assistance and Medicare, to the greatest extent possible. The unit shall establish linkages between existing public sector data bases and consider and implement methods to streamline public sector data collection in order to reduce public and private sector administrative costs.

Sec. 3. [62J.32] [ANALYSIS AND USE OF DATA COLLECTED THROUGH THE LARGE-SCALE DATA BASE.]

Subdivision 1. [DATA ANALYSIS.] The health care analysis unit shall analyze the data collected on specific health conditions using existing practice parameters and newly researched practice param-

eters, including those established through the outcomes research studies of the federal government. The unit may use the data collected to develop new practice parameters, if development and refinement is based on input from and analysis by practitioners, particularly those practitioners knowledgeable about and impacted by practice parameters. The unit may also refine existing practice parameters, and may encourage or coordinate private sector research efforts designed to develop or refine practice parameters.

Subd. 2. [EDUCATIONAL EFFORTS.] The health care analysis unit shall maintain and improve the quality of health care in Minnesota by providing practitioners in the state with information about practice parameters. The unit shall promote, support, and disseminate parameters for specific, appropriate conditions, and the research findings on which these parameters are based, to all practitioners in the state who diagnose or treat the medical condition.

Subd. 3. [PEER REVIEW.] The unit may require peer review by the Minnesota medical association for specific medical conditions for which medical practice in all or part of the state deviates from practice parameters. The commissioner may also require peer review by the Minnesota medical association for specific medical conditions for which there are large variations in treatment method or frequency of treatment in all or part of the state. Peer review may be required for all medical practitioners statewide, or limited to medical practitioners in specific areas of the state. The peer review must determine whether the procedures conducted by medical practitioners are medically necessary and appropriate, and within acceptable and prevailing practice parameters that have been disseminated by the health care analysis unit in conjunction with the appropriate professional organizations. If a medical practitioner continues to perform procedures that are medically inappropriate, even after educational efforts by the review panel, the practitioner may be reported to the appropriate professional licensing board.

Subd. 4. [PRACTICE PARAMETER ADVISORY COMMITTEE.] The commissioner shall convene a 15-member practice parameter advisory committee comprised of eight physicians, other health care professionals, and representatives of the medical research community and the medical technology industry. The committee shall present recommendations on the adoption of practice parameters to the commissioner and the Minnesota health care commission and provide technical assistance as needed to the commissioner and the commission. The advisory committee is governed by section 15.059, but does not expire.

Sec. 4. [62J.33] [TECHNICAL ASSISTANCE FOR PURCHASERS.]

The health care analysis unit shall provide technical assistance to

health plan and health care purchasers. The unit shall collect information about:

(1) premiums, benefit levels, managed care procedures, health care outcomes, and other features of popular health plans and health carriers; and

(2) prices, outcomes, provider experience, and other information for services less commonly covered by insurance or for which patients commonly face significant out-of-pocket expenses.

The commissioner shall publicize this information in an easily understandable format.

Sec. 5. [62J.34] [OUTCOME-BASED PRACTICE PARAMETERS.]

The health care analysis unit may develop, adopt, revise, and disseminate practice parameters, and disseminate research findings, that are supported by medical literature and appropriately controlled studies to minimize unnecessary, unproven, or ineffective care. The development, adoption, revision, and dissemination of practice parameters under this chapter are not subject to chapter 14. Among other appropriate activities relating to the development of practice parameters, the health care analysis unit shall:

(1) determine uniform specifications for the collection, transmission, and maintenance of health outcomes data; and

(2) conduct studies and research on the following subjects:

(i) new and revised practice parameters to be used in connection with state health care programs and other settings;

(ii) the comparative effectiveness of alternative modes of treatment, medical equipment, and drugs;

(iii) the relative satisfaction of participants with their care, determined with reference to both provider and mode of treatment;

(iv) the cost versus the effectiveness of health care treatments; and

(v) the impact on cost and effectiveness of health care of the management techniques and administrative interventions used in the state health care programs and other settings.

Sec. 6. Minnesota Statutes 1991 Supplement, section 145.61, subdivision 5, is amended to read:

Subd. 5. "Review organization" means a nonprofit organization acting according to clause (k) or a committee whose membership is

limited to professionals, administrative staff, and consumer directors, except where otherwise provided for by state or federal law, and which is established by a hospital, by a clinic, by one or more state or local associations of professionals, by an organization of professionals from a particular area or medical institution, by a health maintenance organization as defined in chapter 62D, by a nonprofit health service plan corporation as defined in chapter 62C, by a professional standards review organization established pursuant to United States Code, title 42, section 1320c-1 et seq., or by a medical review agent established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), or by the department of human services, to gather and review information relating to the care and treatment of patients for the purposes of:

The health care analysis unit shall study costs and requirements incurred by health carriers, group purchasers, and health care providers that are related to the collection and submission of information to the state and federal government, insurers, and other third parties. The unit shall recommend to the commissioner of health and the Minnesota health care commission by January 1, 1994, any reforms that may reduce these costs without compromising the purposes for which the information is collected.

ARTICLE 7

MEDICAL MALPRACTICE

Section 1. Minnesota Statutes 1990, section 145.682, subdivision 4, is amended to read:

Subd. 4. [IDENTIFICATION OF EXPERTS TO BE CALLED.] (a) The affidavit required by subdivision 2, clause (2), must be signed by each expert listed in the affidavit and by the plaintiff's attorney and state the identity of each person whom plaintiff expects to call as an expert witness at trial to testify with respect to the issues of malpractice or causation, the substance of the facts and opinions to which the expert is expected to testify, and a summary of the grounds for each opinion. Answers to interrogatories that state the information required by this subdivision satisfy the requirements of this subdivision if they are signed by the plaintiff's attorney and by each expert listed in the answers to interrogatories and served upon the defendant within 180 days after commencement of the suit against the defendant.

(b) The parties or the court for good cause shown, may by agreement, provide for extensions of the time limits specified in subdivision 2, 3, or this subdivision. Nothing in this subdivision may be construed to prevent either party from calling additional expert witnesses or substituting other expert witnesses.

(c) In any action alleging medical malpractice, all expert interrogatory answers must be signed by the attorney for the party responding to the interrogatory and by each expert listed in the answers. The court shall include in a scheduling order a deadline prior to the close of discovery for all parties to answer expert interrogatories for all experts to be called at trial. No additional experts may be called by any party without agreement of the parties or by leave of the court for good cause shown.

Sec. 2. [604.20] [MEDICAL MALPRACTICE CASES.]

Subdivision 1. [DISCOVERY.] Pursuant to the time limitations set forth in the Minnesota rules of civil procedure, the parties to any medical malpractice action may exchange the uniform interrogatories in subdivision 3 and ten additional nonuniform interrogatories. Any subparagraph of a nonuniform interrogatory will be treated as one nonuniform interrogatory. By stipulation of the parties, or by leave of the court upon a showing of good cause, more than ten additional nonuniform interrogatories may be propounded by a party. In addition, the parties may submit a request for production of documents pursuant to rule 34 of the Minnesota rules of civil procedure.

Subd. 2. [ALTERNATIVE DISPUTE RESOLUTION.] At the time a trial judge orders a case for trial, the court shall require the parties to discuss and determine whether a form of alternative dispute resolution would be appropriate or likely to resolve some or all of the issues in the case. Alternative dispute resolution may include arbitration, mediation, summary jury trial, or other alternatives suggested by the court or parties, and may be either binding or nonbinding. All parties must agree unanimously before alternative dispute resolution proceeds.

[ESTABLISHMENT OF PRACTICE PARAMETERS.] The commissioner of health, after receiving the advice and recommendations of the Minnesota health care commission, may through rulemaking under chapter 14 establish medical practice parameters to minimize unnecessary, unproven, or ineffective care. Such rules must be supported by medical literature and appropriate control studies and be recommended by the health care commission.

Subd. 2. [MEDICAL NEGLIGENCE CASES.] (a) In a negligence action against a health care professional, as defined in section 145.61 for malpractice, error, mistake or failure to cure, whether based on contract or tort, adherence to a practice parameter established by the commissioner of health is an absolute defense against an allegation that the health care professional did not comply with the standard of care of practice in the community, except that a failure on the part of a health care professional to properly provide the services established by the practice parameter is not entitled to such defense.

(b) Evidence of a departure from a practice parameter is admissible only on the issue of whether the provider is entitled to an absolute defense under paragraph (a).

(c) Paragraphs (a) and (b) apply to claims arising on or after August 1, 1993, or 90 days after the effective date of rules adopted by the commissioner establishing the applicable practice parameter, whichever is later."

Section 1. Minnesota Statutes 1990, section 168.011, is amended by adding a subdivision to read:

Subd. 36. [PERSONAL TRANSPORTATION SERVICE VEHICLE.] "Personal transportation service vehicle" is a passenger vehicle that has a seating capacity of up to six persons excluding the driver, or a van or station wagon with a seating capacity of up to 12 persons excluding the driver, that provides personal transportation service as defined in section 221.011, subdivision 33.

Sec. 2. [168.1281] [PERSONAL TRANSPORTATION SERVICE PLATES.]

Subdivision 1. [LICENSE PLATES.] A person who operates a personal transportation service vehicle shall apply to register the vehicle as provided in this section. The registrar shall issue personal transportation service plates on the applicant's compliance with laws relating to registration and licensing of motor vehicles and drivers, and certification by the owner that an insurance policy meeting the requirements of subdivision 2 is in effect for the entire period of registration. The applicant must provide the registrar with proof that the passenger automobile license tax and a $10 fee have been paid for each vehicle receiving personal transportation service license plates. The registrar shall design personal transportation service license plates so that the plates identify the vehicle as a personal transportation service vehicle, and clearly display the letters "LS." Personal transportation service license plates issued to a vehicle may not be transferred to another vehicle, except that they may be transferred to another personal transportation service vehicle owned by the same owner on notification to the registrar and payment of a $5 transfer fee.

Subd. 2. [INSURANCE.] An application under subdivision 1 must include a certificate of insurance that (1) verifies that a valid commercial insurance policy is in effect; and (2) gives the name of the insurance company and the number of the policy. The policy must provide stated limits of liability, exclusive of interest and costs, with respect to each vehicle for which coverage is granted, of (1) not less than $100,000 because of bodily injury to one person in any one

accident; (2) subject to the limit for one person, not less than $300,000 because of injury to two or more persons in any one accident; and (3) not less than $100,000 because of injury to or destruction of property. The insurance company must notify the commissioner if the policy is canceled or if the policy no longer provides the coverage required by this subdivision.

The commissioner may suspend or revoke a permit for violation of applicable law and rules and, on request of a political subdivision, may immediately suspend a permit for multiple violations of local ordinances. "Sec. 2. Minnesota Statutes 1990, section 169.86, is amended by adding a subdivision to read:

Subd. 1b. [RECREATIONAL COMBINATION.] The commissioner may issue a single trip permit or annual permit to permit the operation of a recreational vehicle combination on any highway in the state, except a highway where operation is prohibited by the permit. The permit must among other things require that:

(1) the combination not consist of more than three vehicles;

(2) the towing rating of the pickup truck is at least equal to the combined gross weight of all vehicles being towed;

(3) the total length of the combination not exceed 59 feet, and the length of the camper-trailer in the combination does not exceed 26 feet;

(4) the operator of the combination is at least 18 years of age;

(5) the trailers in the combination are connected to the pickup truck and to each other in conformity with section 169.82; and

(6) the trailer carrying a watercraft meets all requirements of law.

The permit may not authorize the combination to be operated within Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington county on Mondays through Fridays between the hours of 6:30 a.m. to 9:30 a.m. and 3:30 p.m. to 6:30 p.m.

Sec. 3. Minnesota Statutes 1991 Supplement, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under the commissioner's jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $3 for each single trip permit for a recreational vehicle combination.

(c) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight, and dimension.

~~(c)~~ (d) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) refuse compactor vehicles that carry a gross weight up to but not in excess of 22,000 pounds on a single rear axle and not in excess of 38,000 pounds on a tandem rear axle;

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3); and

(5) special pulpwood vehicles described in section 169.863.

(e) $15 for an annual permit for a recreational vehicle combination.

~~(d)~~ (f) $120 for an oversize annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(1) mobile cranes;

(2) construction equipment, machinery, and supplies;

(3) manufactured homes;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

~~(e)~~ (g) For vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limitations on axles	Cost Per Mile For Each Group Of: Two consecutive axles spaced within 8 feet or less	Three consecutive axles spaced within 9 feet or less	Four consecutive axles spaced within 14 feet or less
0-2,000	.100	.040	.036
2,001-4,000	.124	.050	.044
4,001-6,000	.150	.062	.050

18,001-20,000	Not permitted	Not permitted	.140
20,001-22,000	Not permitted	Not permitted	.168

The amounts added are rounded to the nearest cent for each axle

or axle group. The additional cost does not apply to paragraph (c), clauses (1) and (3).

For a vehicle found to exceed the appropriate maximum permitted weight, a cost-per-mile fee of 22 cents per ton, or fraction of a ton, over the permitted maximum weight is imposed in addition to the normal permit fee. Miles must be calculated based on the distance already traveled in the state plus the distance from the point of detection to a transportation loading site or unloading site within the state or to the point of exit from the state.

~~(f)~~ (h) As an alternative to paragraph (e), an annual permit may be issued for overweight, or oversize and overweight, construction equipment, machinery, and supplies. The fees for the permit are as follows:

Gross Weight (pounds) of vehicle	Annual Permit Fee
90,000 or less	$200
90,001 – 100,000	$300
100,001 – 110,000	$400

130,001 – 140,000	$700
140,001 – 145,000	$800

If the gross weight of the vehicle is more than 145,000 pounds the permit fee is determined under paragraph (e).

~~(g)~~ (i) For vehicles which exceed the width limitations set forth in section 169.80 by more than 72 inches, an additional cost equal to $120 added to the amount in paragraph (a) when the permit is issued while seasonal load restrictions pursuant to section 169.87 are in effect."

Subdivision 1. [SPECIAL PLATES; APPLICATION.] (a) When a motor vehicle registered under section 168.017, a motorcycle, or a self-propelled recreational vehicle is owned or primarily operated by a permanently physically disabled person or a custodial parent or guardian of a permanently physically disabled minor, the owner may apply for and secure from the registrar of motor vehicles (1) in the case of a motorcycle, one license plate with attached emblems, to be attached to the rear of the vehicle, or (2) in the case of any other vehicle, two license plates with attached emblems, one plate to be attached to the front, and one to the rear of the vehicle. Application for the plates must be made at the time of renewal or first application for registration. When the owner first applies for the plates, the owner must submit a physician's statement on a form developed by the commissioner under section 169.345, or proof of physical disability provided for in that section.

(b) The owner of a motor vehicle may apply for and secure a set of special plates for a motor vehicle if:

(1) the owner employs a permanently physically disabled person who would qualify for special plates under this section; and

(2) the owner furnishes the motor vehicle to the physically disabled person for the exclusive use of that person in the course of employment.

(c) The registrar may not refuse to issue a license plate under this section for a motorcycle to a person who qualifies for the license plate, solely on the grounds that the registrar has issued license plates under this section to the person for another motor vehicle.

Subd. 2a. [PLATE RETURNS, TRANSFERS.] (a) When vehicle ownership is transferred, the owner of the vehicle shall remove the special plates from the vehicle and return them to the registrar. On returning the plates and repaying the remaining credit, the buyer is entitled to receive regular plates for the vehicle without further cost for the rest of the registration period.

(b) Notwithstanding section 168.12, subdivision 1, the special plates may be transferred to a replacement motor vehicle on notification to the registrar. However, the special plates may not be transferred unless the replacement motor vehicle (1) is registered under section 168.017, is a motorcycle, or is a self-propelled recreational vehicle, and (2) is owned or primarily operated by the permanently physically disabled person.

(c) The transferor shall not receive the $1 credit for each month the replacement vehicle is registered until the time of renewal or first application for registration on the replacement vehicle."

The number plates so issued shall bear the inscription "Classic Car," "Minnesota," and the registration number or other combination of characters authorized under section 168.12, subdivision 2a, but no date. Sec. 12. [296.171] [FUEL TAX COMPACTS.]

Subdivision 1. [AUTHORITY.] The commissioner of public safety has the powers granted to the commissioner of revenue under section 296.17. The commissioner of public safety may enter into an agreement or arrangement with the duly authorized representative of another state or make an independent declaration, granting to owners of vehicles properly registered or licensed in another state, benefits, privileges, and exemptions from paying, wholly or partially, fuel taxes, fees, or other charges imposed for operating the vehicles under the laws of Minnesota. The agreement, arrangement, or declaration may impose terms and conditions not inconsistent with Minnesota laws.

Subd. 2. [RECIPROCAL PRIVILEGES AND TREATMENT.] An agreement or arrangement must be in writing and provide that when a vehicle properly licensed for fuel in Minnesota is operated on highways of the other state, it must receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to a vehicle properly licensed for fuel in that state, when operated in Minnesota. A declaration must be in writing and must contemplate and provide for mutual benefits, reciprocal privileges, or equitable treatment of the owner of a vehicle registered for fuel in Minnesota and the other state. In the judgment of the commissioner of public safety, an agreement, arrangement, or declaration must be in the best interest of Minnesota and its citizens and must be fair and equitable regarding the benefits that the agreement brings to the economy of Minnesota.

Subd. 3. [COMPLIANCE WITH MINNESOTA LAWS.] Agreements, arrangements, and declarations made under authority of this section must contain a provision specifying that no fuel license, or exemption issued or accruing under the license, excuses the operator or owner of a vehicle from compliance with Minnesota laws.

Subd. 4. [EXCHANGES OF INFORMATION.] The commissioner of public safety may make arrangements or agreements with other states to exchange information for audit and enforcement activities in connection with fuel tax licensing. The filing of fuel tax returns under this section is subject to the rights, terms, and conditions granted or contained in the applicable agreement or arrangement made by the commissioner under the authority of this section.

Subd. 5. [BASE STATE FUEL COMPACT.] The commissioner of public safety may ratify and effectuate the international fuel tax agreement or other fuel tax agreement. The commissioner's authority includes, but is not limited to, collecting fuel taxes due, issuing fuel licenses, issuing refunds, conducting audits, assessing penalties and interest, issuing fuel trip permits, issuing decals, and suspending or denying licensing.

Subd. 6. [MINNESOTA-BASED INTERSTATE CARRIERS.] Notwithstanding the exemption contained in section 296.17, subdivision 9, as the commissioner of public safety enters into interstate fuel tax compacts requiring base state licensing and filing and eliminating filing in the nonresident compact states, the Minnesota-based motor vehicles registered under section 168.187 will be required to license under the fuel tax compact in Minnesota.

Subd. 7. [DELINQUENT FILING OR PAYMENT.] If a fleet owner licensed under this section is delinquent in either filing or paying the international fuel tax agreement reports for more than 30 days, or paying the international registration plan billing under section 168.187 for more than 30 days, the fleet owner, after ten days written notice, is subject to suspension of the apportioned license plates and the international fuel tax agreement license.

Subd. 8. [TRANSFERRING FUNDS TO PAY DELINQUENT FEES.] If a fleet owner licensed under this section is delinquent in either filing or paying the international fuel tax agreement reports for more than 30 days, or paying the international registration plan billing under section 168.187 for more than 30 days, the commissioner may authorize any credit in either the international fuel tax agreement account or the international registration plan account to be used to offset the liability in either the international registration plan account or the international fuel tax agreement account.

Subd. 9. [FUEL COMPACT FEES.] License fees paid to the commissioner of public safety under the international fuel tax agreement must be deposited in the highway user tax distribution fund. The commissioner shall charge the fuel license fee of $30 established under section 296.17, subdivision 10, in annual installments of $15 and an annual application filing fee of $13 for quarterly reporting of fuel tax.

Subd. 10. [FUEL DECAL FEES.] The commissioner of public safety may issue and require the display of a decal or other identification to show compliance with subdivision 5. The commissioner may charge a fee to cover the cost of issuing the decal or other identification. Decal fees paid to the commissioner under this subdivision must be deposited in the highway user tax distribution fund."

Sec. 13. Minnesota Statutes 1990, section 221.041, is amended to read:

221.041 [RATE-MAKING POWERS.]

Subdivision 1. [CONSIDERATIONS; PROCEDURES.] The board shall fix and establish just, reasonable, and nondiscriminatory rates, fares, charges, and the rules and classifications incident to tariffs for ~~regular route common carriers and petroleum~~ certificated carriers. In prescribing rates, fares, charges, classifications, and rules for the carrying of freight, persons, or property, the board shall take into consideration the effect of the proposed rates or fares upon the users of the service and upon competitive carriers by motor vehicle and rail and, insofar as possible, avoid rates and fares which will result in unreasonable and destructive competition. In making its determination, the board shall consider, among other things, the cost of the service rendered by the carrier, including an adequate sum for maintenance and depreciation, and an adequate operating ratio under honest, economical, and efficient management. No rate or fares may be put into effect or changed or altered except upon hearing duly had and an order therefor by the board, or except as herein otherwise provided. The board may authorize rate changes ex parte which, in its opinion, are not of sufficient import to require a hearing. In an emergency, the board may order a change in existing rates or fares without a hearing. In instances of ex parte or emergency orders, the board shall, within five days, serve a copy of its order granting the change in rates upon parties which the board deems interested in the matter, including competing carriers. An interested party shall have 30 days from the date of the issuance of the order to object to the order. If objection is made, the board shall determine whether a hearing is necessary for resolution of the material issues relating to the proposed change in rates. On finding that a hearing is unnecessary for this purpose, the board, no sooner than 30 days after issuing its initial order granting the change in rates, may enter an order finally disposing of the rate change application. On determining otherwise, the board may take final action on the rate change application and the objections to it only after a contested case hearing has been conducted under chapter 14.

Subd. 2. [FILING.] A ~~regular route common carrier and a petroleum~~ certificated carrier, upon approval by the board of its rates, fares, charges, and rules and classifications incident to tariffs shall file its rates, fares, charges, and tariffs with the commissioner. Filings must be prepared and filed in the manner prescribed by the commissioner. The commissioner may not accept for filing rates,

fares, charges, and tariffs which have not been approved by the board.

Subd. 3. [PROHIBITIONS; COMPENSATION AND TIME SCHEDULES.] No ~~regular route common carrier or petroleum~~ certificated carrier may charge or receive a greater or less or different compensation for the transportation of passengers or property or for service in connection therewith than the rates, fares, and charges and the rules and classifications governing the same which have been duly approved therefor by order of the board; ~~nor may~~. A ~~regular route common carrier or petroleum~~ certificated carrier may not refund or remit in any manner or by any device a portion of those rates, fares, and charges required to be collected under the board's order; nor extend to a shipper or person a privilege or facilities in connection with the transportation of passengers or property except as are authorized under the order of the board. No passenger-carrying regular route common carrier may alter or change its time schedules except upon order of the board. The order may be issued ex parte unless the board decides that the public interest requires that a hearing be ~~had thereon~~ held.

Subd. 4. [NONAPPLICABILITY.] This section does not apply to any regular-route passenger transportation being performed with operating assistance provided by the regional transit board.

Sec. 14. Minnesota Statutes 1990, section 221.051, is amended to read:

221.051 [ABANDONMENT OR DISCONTINUANCE OF SERVICE.]

No regular route common carrier ~~shall~~ of passengers or class I carrier may abandon or discontinue any service required under its certificate without an order of the board therefor, except in cases of emergency or conditions beyond its control.

A passenger regular route common carrier may depart from the route over which it is authorized to operate for the purpose of transporting chartered or excursion parties to any point in the state of Minnesota on such terms and conditions as the board may prescribe.

Sec. 15. Minnesota Statutes 1990, section 221.061, is amended to read:

221.061 [OPERATION CERTIFICATE FOR REGULAR ROUTE COMMON CARRIER OR PETROLEUM CARRIER.]

A person desiring a certificate authorizing operation as a regular route common carrier of passengers, a class I carrier, or petroleum

carrier, or an extension of or amendment to that certificate, shall file a petition with the commissioner which must contain information as the board and commissioner, by rule may prescribe.

Upon the filing of a petition for a certificate, the petitioner shall pay to the commissioner as a fee for issuing the certificate the sum of $300 and for a transfer or lease of the certificate the sum of $300.

The petition must be processed as any other petition. The board shall cause a copy and a notice of hearing thereon to be served upon a competing carrier operating into a city located on the proposed route of the petitioner and to other persons or bodies politic which the board deems interested in the petition. A competing carrier and other persons or bodies politic are hereby declared to be interested parties to the proceedings.

If, during the hearing, an amendment to the petition is proposed which appears to be in the public interest, the board may allow it when the issues and the territory are not unduly broadened by the amendment.

Sec. 16. Minnesota Statutes 1990, section 221.071, subdivision 1, is amended to read:

Subdivision 1. [CONSIDERATIONS; TEMPORARY CERTIFICATES; AMENDING.] If the board finds from the evidence that the petitioner is fit and able to properly perform the services proposed and that public convenience and necessity require the granting of the petition or a part of the petition, it shall issue a certificate of public convenience and necessity to the petitioner. In determining whether a certificate should be issued, the board shall give primary consideration to the interests of the public that might be affected, to the transportation service being furnished by a railroad which may be affected by the granting of the certificate, and to the effect which the granting of the certificate will have upon other transportation service essential to the communities which might be affected by the granting of the certificate. The board may issue a certificate as applied for or issue it for a part only of the authority sought and may attach to the authority granted terms and conditions as in its judgment public convenience and necessity may require. If the petitioner is seeking authority to operate regular-route transit service wholly within the seven-county metropolitan area with operating assistance provided by the regional transit board, the board shall consider only whether the petitioner is fit and able to perform the proposed service. The operating authority granted to such a petitioner must be the operating authority for which the petitioner is receiving operating assistance from the regional transit board. A carrier receiving operating assistance from the regional transit board may amend the certificate to provide for additional routes by filing a copy of the amendment with the board, and approval of the amendment by the board is not required if the

additional service is provided with operating assistance from the regional transit board.

The board may grant a temporary certificate, ex parte, valid for a period not exceeding 180 days, upon a showing that no regular route common carrier or petroleum carrier is then authorized to serve on the route sought, that no other petition is on file with the board covering the route, and that a need for the proposed service exists.

A certificate ~~issued to a regular route common carrier or petroleum carrier~~ may be amended by the board on ex parte petition and payment of a $25 fee to the commissioner, to grant an additional or alternate route if there is no other means of transportation over the proposed additional route or between its termini, and the proposed additional route does not exceed ten miles in length.

Sec. 17. [221.072] [CLASS I CARRIERS.]

Subdivision 1. [AUTHORITY.] The board may issue a class I certificate only to a motor carrier who owns, leases, or otherwise controls more than one terminal. Except as provided in subdivision 2, a motor carrier may not own, operate, or otherwise control more than one terminal without having obtained a class I certificate from the board. For purposes of this section, utilization of a local cartage carrier by a class I carrier constitutes ownership, lease, or control of a terminal.

Subd. 2. [EXCEPTIONS.] This section does not apply to any carrier listed in section 221.111, clauses (3) to (9).

Subd. 3. [OPERATION.] A class I certificate authorizes the certificate holder to transport both truckload and less-than-truckload freight to and from points named in the certificate, over routes described in the certificate. A holder of a class I certificate may transfer freight to and from another class I carrier.

Sec. 18. Minnesota Statutes 1990, section 221.111, is amended to read:

221.111 [PERMITS TO OTHER MOTOR CARRIERS.]

Motor carriers other than ~~regular route common carriers, petroleum~~ certificated carriers~~,~~ and local cartage carriers~~,~~ shall obtain a permit in accordance with section 221.121~~, including irregular route carriers, livestock carriers, contract carriers, charter carriers, and courier service carriers~~. The board shall issue only the following kinds of permits:

(1) class II-T permits;

(2) class II-L permits;

(3) livestock carrier permits;

(4) contract carrier permits;

(5) charter carrier permits;

(6) courier service carrier permits;

(7) local cartage carrier permits;

(8) household goods mover permits; and

(9) temperature-controlled commodities permits.

Sec. 19. Minnesota Statutes 1990, section 221.121, subdivision 1, is amended to read:

Subdivision 1. [PERMIT CARRIERS.] (a) A person desiring to operate as a permit carrier, except as ~~a livestock carrier, or a local cartage carrier~~ provided in subdivision 5 or section 221.296, shall file a petition with the commissioner specifying the kind of permit desired, the name and address of the petitioner and the names and addresses of the officers, if a corporation, and other information as the board and commissioner may require. The board, after notice to interested parties and a hearing, shall issue the permit upon compliance with the laws and rules relating to it, if it finds that petitioner is fit and able to conduct the proposed operations, that petitioner's vehicles meet the safety standards established by the department, that the area to be served has a need for the transportation services requested in the petition, and that existing permit and certificated carriers in the area to be served have failed to demonstrate that they offer sufficient transportation services to meet fully and adequately those needs, provided that no person who holds a permit at the time sections 221.011 to 221.291 take effect may be denied a renewal of the permit upon compliance with other provisions of sections 221.011 to 221.291. A permit once granted continues in full force and effect until abandoned or unless suspended or revoked, subject to compliance by the permit holder with the applicable provisions of law and the rules of the commissioner or board governing permit carriers. No permit may be issued to a common carrier by rail permitting the common carrier to operate trucks for hire within this state, nor may a common carrier by rail be permitted to own, lease, operate, control, or have an interest in a permit carrier by truck, either by stock ownership or otherwise, directly, indirectly, through a holding company, or by stockholders or directors in common, or in any other manner. Nothing in sections 221.011 to 221.291 prevents the board from issuing a permit to a common carrier by rail authorizing the carrier to operate trucks

wholly within the limits of a municipality or within adjacent or contiguous municipalities or a common rate point served by the railroad and only as a service supplementary to the rail service now established by the carriers.

Sec. 20. Minnesota Statutes 1990, section 221.121, subdivision 4, is amended to read:

Subd. 4. [EXTENSIONS OF AUTHORITY.] The board may grant extensions of authority ex parte after due notice of a petition has been published. A party desiring to protest the petition shall file its protest by mail or in person within 20 days of the date of notice, except that no protest may be filed against an application submitted under subdivision 6f. If a timely filed protest is received, the matter must be placed on the calendar for hearing. If a timely protest is not received, the board may issue its order ex parte.

Sec. 21. Minnesota Statutes 1990, section 221.121, subdivision 6a, is amended to read:

Subd. 6a. [HOUSEHOLD GOODS CARRIER.] A person who desires to hold out or to operate as a carrier of household goods shall follow the procedure established in subdivision 1, and shall specifically request ~~an irregular route common carrier~~ a household goods mover permit ~~with authority to transport household goods~~. The permit granted by the board to a person who meets the criteria established in this subdivision and subdivision 1 shall authorize the person to hold out and to operate as ~~an irregular route common carrier of~~ a household goods mover. A person who provides or offers to provide household goods packing services and who makes any arrangement directly or indirectly by lease, rental, referral, or by other means to provide or to obtain drivers, vehicles, or transportation service for moving household goods, must have ~~an irregular route common carrier permit with authority to transport~~ a household goods mover permit.

Sec. 22. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6c. [CLASS II CARRIERS.] A person desiring to operate as a permit carrier, other than as a carrier listed in section 221.111, clauses (3) to (9), shall follow the procedure established in subdivision 1 and shall specify in the petition whether the person is seeking a class II-T or class II-L permit. If the person meets the criteria established in subdivision 1, the board shall grant the class II-T or class II-L permit or both. A class II permit holder may not own, lease, or otherwise control more than one terminal. The board may not issue a class II permit to a motor carrier who owns, leases, or otherwise controls more than one terminal. For purposes of this section: (1) utilization of a local cartage carrier by a class II carrier constitutes ownership, lease, or control of a terminal; and (2)

terminal does not include a terminal used by a permit holder who also holds a class I certificate, household goods permit, or temperature-controlled commodities permit for the unloading, docking, handling, and storage of freight transported under the certificate, household goods permit, or temperature-controlled commodities permit.

Sec. 23. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6d. [TEMPERATURE-CONTROLLED COMMODITIES CARRIERS.] A person who desires to hold out or to operate as a carrier of temperature-controlled commodities shall follow the procedure established in subdivision 1 and shall specifically request a temperature-controlled commodities permit. The permit granted by the board to a person who meets the criteria established in subdivision 1 shall authorize the person to hold out and to operate as a carrier of temperature-controlled commodities.

Sec. 24. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6e. [CLASS II-T PERMITS.] A holder of a class II-T permit may transport truckload freight to and from any point named in the permit without restriction as to routes, schedules, or frequency of service.

Sec. 25. Minnesota Statutes 1990, section 221.121, is amended by adding a subdivision to read:

Subd. 6f. [CLASS II-L PERMITS.] (a) A motor carrier with a class II-L permit may transport less-than-truckload freight as provided in this subdivision.

(b) A motor carrier with a class II-L permit may transport less-than-truckload freight to and from any point named in the permit, without restriction as to routes, schedules, or frequency of service.

(c) A motor carrier with a class II-L permit may transport less-than-truckload freight to and from points within the geographic area the carrier was authorized to serve on December 31, 1992, that were not listed in the carrier's permit. Service by a carrier under this paragraph may be provided no more often than on 24 days in a 12-month period.

(d) A motor carrier described in paragraph (c) may amend the carrier's permit to add points within the geographic area the carrier was authorized to serve on December 31, 1992. The carrier must submit to the commissioner an application on a form provided by the

commissioner. The application must name the points proposed to be served and include evidence of need for the proposed service. The commissioner shall transmit the application to the board. The board shall publish notice of the application in the board's next weekly calendar. Failure by the board to deny the application within ten days after the date of publication in the calendar constitutes approval of the application.

Sec. 26. Minnesota Statutes 1990, section 221.131, subdivision 2, is amended to read:

Subd. 2. [PERMIT CARRIERS; ANNUAL VEHICLE REGISTRATION.] The permit holder shall pay an annual registration fee of ~~$20~~ $40 on each vehicle, including pickup and delivery vehicles, operated by the holder under authority of the permit during the 12-month period or fraction of the 12-month period. Trailers and semitrailers used by a permit holder in combination with power units may not be counted as vehicles in the computation of fees under this section if the permit holder pays the fees for power units. The commissioner shall furnish a distinguishing annual identification card for each vehicle or power unit for which a fee has been paid. The identification card must at all times be carried in the vehicle or power unit to which it has been assigned. An identification card may be reassigned to another vehicle or power unit upon application of the permit holder and a transfer fee of $10. An identification card issued under the provisions of this section is valid only for the period for which the permit is effective. The name and residence of the permit holder must be stenciled or otherwise shown on the outside of both doors of each registered vehicle operated under the permit. A fee of $10 is charged for the replacement of an unexpired identification card that has been lost or damaged. The total annual registration fee per vehicle for class II-T, class II-L, household goods mover and temperature-controlled commodities, or any combination thereof, may not exceed $40.

Sec. 27. Minnesota Statutes 1990, section 221.131, subdivision 3, is amended to read:

Subd. 3. [CERTIFICATE CARRIERS; ANNUAL VEHICLE REGISTRATION.] ~~Regular route common carriers and petroleum~~ Certificated carriers~~, operating under sections 221.011 to 221.291,~~ shall ~~annually~~ pay ~~into the treasury of the state of Minnesota~~ an annual registration fee of ~~$20~~ $40 for each vehicle, including pickup and delivery vehicles, operated during a calendar year. The commissioner shall issue distinguishing identification cards as provided in subdivision 2.

Sec. 28. Minnesota Statutes 1990, section 221.141, subdivision 4, is amended to read:

Subd. 4. [~~IRREGULAR ROUTE CARRIERS OF~~ HOUSEHOLD

GOODS MOVERS.] ~~An irregular route common carrier of~~ A household goods mover shall maintain in effect cargo insurance or cargo bond in the amount of $50,000 and shall file with the commissioner a cargo certificate of insurance or cargo bond. A cargo certificate of insurance must conform to Form H, Uniform Motor Cargo Certificate of Insurance, described in Code of Federal Regulations, title 49, part 1023. A cargo bond must conform to Form J, described in Code of Federal Regulations, title 49, part 1023. Both Form H and Form J are incorporated by reference. The cargo certificate of insurance or cargo bond must be issued in the full and correct name of the person, corporation, or partnership to whom the ~~irregular route common carrier of~~ household goods mover permit was issued and whose operations are being insured. ~~A carrier that was issued a permit as an irregular route common carrier of household goods before August 1, 1989, shall obtain and file a cargo certificate of insurance or bond within 90 days of August 1, 1989.~~

Sec. 29. Minnesota Statutes 1990, section 221.151, is amended by adding a subdivision to read:

Subd. 3. [TRANSFER OF CERTAIN AUTHORITY.] Operating authority described in section 25, paragraph (c), that has not been added to the motor carrier's permit under section 25, paragraph (d), may not be transferred to any person except a member of the transferor's immediate family as defined in subdivision 2.

Sec. 30. [221.152] [CONVERSION OF PERMITS.]

Subdivision 1. [EXPIRATION OF OPERATING AUTHORITY.] Except as provided in subdivision 3, paragraph (c), the following certificates and permits in effect on January 1, 1993, and all operating authority granted by those certificates and permits, expire on January 1, 1993:

(1) all certificates authorizing operation as a regular route common carrier of property, other than petroleum carrier certificates; and

(2) all permits authorizing operation as an irregular route common carrier, except those carriers listed in section 221.111, clauses (3) to (9).

Subd. 2. [CONVERSION.] All holders of certificates and permits that expire on January 1, 1993, under subdivision 1, who wish to continue providing the service authorized by those certificates and permits, must convert the certificates and permits into class I or class II certificates or permits by that date.

Subd. 3. [ISSUANCE OF NEW CERTIFICATES AND PERMITS.] (a) By September 1, 1992, a motor carrier described in subdivision 2

must submit to the commissioner an application for conversion. The application must be on a form prescribed by the commissioner and must be accompanied by an application fee of $50. The application must state: (1) the name and address of the applicant; (2) the identifying number of the expiring certificates or permits the applicant wishes to convert; and (3) other information the commissioner deems necessary. An applicant for a class II-L permit must also submit a statement of the extent of operating authority that the applicant holds under the applicant's existing permit or permits and wishes to include in the new permit or permits, and evidence of the operating authority actually exercised as described in section 221.151, subdivision 1.

(b) The commissioner shall transmit to the board all applications that meet the requirements of paragraph (a). The board shall develop an expedited process for hearing and ruling on applications submitted under this subdivision. Within 60 days after receiving an application under this subdivision, the board shall issue an order approving or denying the issuance of a new certificate or permit. The board shall issue the certificate or permit requested in the application if it finds that the issuance is authorized under this section. An application submitted to the commissioner under this subdivision by September 1, 1992, is deemed approved by the board unless by November 1, 1992, or a later date determined under paragraph (c), the board has issued an order denying the application.

(c) If the board determines that a conversion of a certificate or permit under this subdivision requires a longer period of deliberation than that provided in paragraph (b), the board may prescribe a date: (1) on which a class I certificate or class II permit becomes effective; (2) on which the application for conversion becomes effective unless denied by the board; and (3) on which the certificate or permit being converted expires. The board may not prescribe a date under clauses (1) to (3) that is later than June 30, 1993.

Subd. 4. [AUTHORITY CONVERTED.] (a) The board shall not issue any certificate or permit under this subdivision that authorizes the carrier to serve any geographic area or transport any commodities that the carrier was not authorized to serve or transport under the expiring certificate or permit.

(b) Notwithstanding paragraph (a), the board shall not grant a class II-L permit to an applicant under this section that names points that the permit holder did not serve at any time in the two years before the effective date of this section.

(c) When a person who had been issued before January 1, 1993, an irregular route common carrier permit with authority to transport household goods applies for conversion of that permit to a class II permit under subdivision 3, the board shall issue the applicant, along with a class II permit, a household goods mover permit with

the same operating authority to transport household goods as was granted under the person's irregular route common carrier permit.

(d) When a person who, before January 1, 1993, held an irregular route common carrier permit under which the person transported temperature-controlled commodities applies for conversion of that permit to a class II permit under subdivision 3, the board shall issue the applicant a temperature-controlled commodities permit with authority to operate in the same geographic area authorized under the person's irregular route common carrier permit and a class II permit.

Sec. 31. [TRANSITION.]

By August 1, 1992, the commissioner shall send a notice by certified mail, return receipt requested, to all holders of certificates and permits that expire January 1, 1993, under this act. The notice must summarize the requirements for conversion of the certificates and permits and include an application form for conversion.
