“Section 1. Minnesota Statutes 1990, section 268.04, subdivision 18, is amended to read:

Sec. 2. Minnesota Statutes 1990, section 268.04, subdivision 32, is amended to read:

Subd. 32. “Nonpublic school” means any school within the state, other than a public school, ~~wherein a resident of Minnesota may legally fulfill the compulsory school attendance requirements of section where an individual is provided instruction in compliance with sections 120.101 and 120.102,~~ or any school (1) which operates on a nonprofit basis, (2) ~~which admits only~~ prekindergarten children, (3) which has as its primary purpose the education of its students as determined by the commissioner ~~of human services pursuant to section 245A.03, clause (14),~~ and (4) which operates on a regular basis for at least eight months and no more than nine months a year.

Sec. 3. Minnesota Statutes 1990, section 268.04, subdivision 34, is amended to read:

Subd. 34. [CONTRIBUTION REPORT.] “Contribution report” means the summary report of wages paid and employment used to determine the amount of contributions due by employers on a calendar quarter basis. An auxiliary report of ~~wages paid and employment~~ broken down by business locations, when required by the commissioner, is part of the contribution report. The auxiliary report shall contain the number of employees for each month, and the quarterly total wages, excess wages, taxable wages, and tax for each location.

[NOTICE TO EMPLOYER.] The commissioner shall at least twice each year ~~notify mail to the last known address of each employer a quarterly notice of the benefits as determined by the department which have been charged to the employer’s account subsequent to the last notice, as determined by the department.~~ Unless reviewed in the manner hereinafter provided, charges set forth in such notice, or as modified by a redetermination, a decision of a referee, or the commissioner, shall be final and shall be used in determining the contribution rates for all years in which the charges

occur within the employer's experience period and shall not be subject to collateral attack by way of review of a rate determination, application for adjustment or refund, or otherwise.

Sec. 5. Minnesota Statutes 1990, section 268.06, subdivision 19, is amended to read:

Subd. 19. [NOTICE OF RATE.] The commissioner shall mail to the last known address of each employer notice of the employer's contribution rate of contributions as determined for any calendar year pursuant to this section. Such notice shall contain the contribution rate, factors used in determining the individual employer's experience rating, and such other information as the commissioner may prescribe. Unless changed by the procedure provided in this subdivision, the assigned rate as initially determined or as changed by a redetermination by the tax branch of this department, a decision of a referee, or the commissioner shall be final except for fraud and shall be the rate upon which contributions shall be computed for the calendar year for which such rate was assigned, and shall not be subject to collateral attack for any errors, clerical or otherwise, whether by way of claim for adjustment or refund, or otherwise. If the legislature changes any of the factors used to determine the contribution rate of any employer for any year subsequent to the original mailing of such notice for the year, the earlier notice shall be void. The notice based on the new factors shall be deemed to be the only notice of rate of contributions for that year and shall be subject to the same finality, redetermination, and review procedures as provided above.

(b) When an employing unit succeeds to or acquires a distinct severable portion of the organization, trade, business, or assets which is less than substantially all of the employing enterprises of another employing unit, the successor employing unit shall acquire the experience rating record attributable to the portion to which it has succeeded, and the predecessor employing unit shall retain the experience rating record attributable to the portion which it has retained, if (1) the successor continues the organization, trade, or business of the portion acquired, (2) the successor makes a written request to file an application for the transfer of the experience rating

record for the severable portion acquired from the predecessor (3) and within 90 days from the date the application is mailed to the last known address of the successor the successor and predecessor employing units jointly sign and file a properly completed, written application as prescribed by the commissioner that furnishes the commissioner with sufficient information to substantiate the severable portion and to assign the appropriate total and taxable wages and benefit charges to the successor for experience rating purposes. Previously assigned contribution rates that have become final in accordance with subdivision 19 prior to the filing of the written request to file an application shall not be affected by the transfer.

(c) Employment with a predecessor employer shall not be deemed to have been terminated if similar employment is offered by the successor employer and accepted by the employee.

(d) An official, designated by the commissioner, upon the official's own motion or upon application of an employing unit shall determine if an employing unit is a successor within the meaning of this subdivision and shall notify mail notice of such determination to the last known address of the employing unit of the determination. The determination shall be final unless a written appeal is filed by the employing unit shall within 30 days after mailing of the notice of determination to the employing unit's last known address file a written appeal. employment excluded under section 268.04, subdivision 12, clause (15). Any tribal election must be in writing to the commissioner and must be binding for a minimum of two years. Sec. 8. Minnesota Statutes 1990, section 268.07, subdivision 3, is amended to read:

Subd. 3. [WHEN WAGE CREDITS ARE NOT AVAILABLE.] (1) To establish a second benefit year following the expiration of an immediately preceding benefit year, an individual must have sufficient wage credits and weeks of employment to establish a claim under the provisions of subdivision 2 and must have performed services after the establishment of the expired benefit year. The services performed must have been in insured work and the wages paid for those services must equal not less than ten times the weekly benefit amount of the second benefit year. A claim filed sufficiently in advance of anticipated unemployment to make the limitations of this clause ineffective shall be invalid. It is the purpose of this provision that an individual cannot establish more than one benefit year as a result of one separation from employment.

(2) No employer who provided 90 percent or more of the wage credits in a claimant's base period shall be charged for benefits based upon earnings of the claimant during a subsequent base period unless the employer has employed the claimant in any part of the subsequent base period.

(3) Wages paid by an employing unit may not be used for benefit purposes by any claimant who (a) individually, jointly, or in combination with the claimant's spouse, parent, or child owns or controls directly or indirectly 25 percent or more interest in the employing unit; or (b) is the spouse, parent, or minor child of any individual who owns or controls directly or indirectly 25 percent or more interest in the employing unit; and (c) is not permanently separated from employment.

This clause is effective when the individual has been paid four times the individual's weekly benefit amount in the current benefit year.

(4) Wages paid in seasonal employment, as defined in subdivision 2a, are not available for benefit purposes during weeks in which there is no seasonal employment available with the employer.

(5) No employer shall be charged for benefits if the employer is a base period employer on a second claim solely because of the transition from a base period consisting of the 52-week period

preceding the claim date to a base period as defined in section 268.04, subdivision 2.

Sec. 9. Minnesota Statutes 1990, section 268.071, subdivision 6, is amended to read:

Subd. 6. [BEGINNING AND TERMINATION OF EXTENDED BENEFIT PERIOD.] (1) Whenever an extended benefit period is to become effective in this state as a result of a state "on" indicator, or an extended benefit period is to be terminated in this state as a result of a state "off" indicator the commissioner shall make an appropriate public announcement.

(2) Computations required by the provisions of subdivision 1, clause (4) shall be made by the commissioner, in accordance with regulations prescribed by the United States Secretary of Labor.

(3) Except as otherwise provided, the state share of the benefits paid to an individual under this section shall be charged to the employment experience record of the base period employer of the individual to the extent regular benefits were charged to the base period employer under sections 268.06, subdivision 5, and 268.09, subdivision 1, clause (4) (e).

(4) With respect to an employer which has elected to be a contributing employer under the provisions of section 268.06, subdivision 31, all benefits paid under this section which are based upon services for such contributing employer shall be charged to such contributing employer's account as to weeks of unemployment beginning after January 1, 1979.

Sec. 10. Minnesota Statutes 1990, section 268.08, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.231;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt;

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner, is a dislocated worker as defined in section 268.975, subdivision 3, who is in training approved by the commissioner, or in training approved pursuant to section 236 of the Trade Act of 1974, as amended.

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college, or university unless a majority of the wage credits earned in the base period individual's wages paid during the 52 weeks preceding the claim date were for services performed during weeks in which the student was attending school as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty; and

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.231. However, payment for the waiting week, not to exceed \$20, shall be made to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment. No individual is required to serve a waiting period of more than one week within the one-year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 11. Minnesota Statutes 1990, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from any employment under paragraph (a), (b), or (d) shall be disqualified for waiting week credit and benefits. For separations under paragraphs (a) and (b), the disqualification shall continue until four calendar weeks have elapsed following the individual's separation and the individual has earned eight times the individual's weekly benefit amount in insured work.

(a) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued employment with such employer. For the purpose of this paragraph, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(b) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with work or for misconduct which interferes with and adversely affects employment.

(c) [EXCEPTIONS TO DISQUALIFICATION.] An individual shall not be disqualified under paragraphs (a) and (b) under any of the following conditions:

(1) the individual voluntarily discontinued employment to accept ~~work~~ employment offering substantially better conditions of ~~work~~ or substantially higher wages or both;

(2) the individual is separated from employment due to personal, serious illness provided that such individual has made reasonable efforts to retain employment.

An individual who is separated from employment due to the individual's illness of chemical dependency which has been professionally diagnosed or for which the individual has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment the individual knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain employment.

(3) the individual accepts work from a base period employer which involves a change in location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(4) the individual left employment because of reaching mandatory retirement age and was 65 years of age or older;

(5) the individual is terminated by the employer because the individual gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which the individual receives the individual's normal wage or salary which is equal to or greater than the weekly benefit amount;

(6) the individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(7) the individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual;

(8) the individual is separated from employment based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act on behalf of the individual;

(9) except as provided in paragraph (d), separations from part-time employment will not be disqualifying when the claim is based on sufficient full-time employment to establish a valid claim from which the claimant has been separated for nondisqualifying reasons.

(d) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with work or gross misconduct which interferes with and adversely affects the individual's employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom the individual was discharged for gross misconduct connected with work.

For the purpose of this paragraph "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, gross misconduct also includes misconduct involving an act of patient or resident abuse as defined in section 626.557, subdivision 2, clause (d).

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was

discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with the individual's work.

(e) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing paragraphs, excepting paragraphs (c)(3), (c)(5), and (c)(8), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure, without good cause, to accept an offer of suitable reemployment shall not be used as a factor in determining the future contribution rate of the employer whose offer of reemployment was not accepted or whose offer of reemployment was refused solely due to the distance of the available work from the individual's residence, the individual's own serious illness, the individual's other employment at the time of the offer, or if the individual is in training with the approval of the commissioner.

(f) [ACTS OR OMISSIONS.] An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after separation from employment with the employer.

(g) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from the individual's own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 12. Minnesota Statutes 1990, section 268.09, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK OR REEMPLOYMENT.] An individual shall be disqualified for waiting week credit and benefits during the week of occurrence and until four calendar weeks have elapsed following the refusal or failure and the individual has earned eight times the individual's weekly benefit amount in insured work if the commissioner finds that the individual has failed, without good cause, either to apply for available, suitable work of which advised by the employment office, or the commissioner or to accept suitable work when offered, ~~or to return to customary self-employment (if any) when so directed by the commissioner,~~ or to accept a base period employer's offer of reemployment offering substantially the same or better hourly wages and conditions of work as were previously provided by that employer in the base period most recent period of employment.

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to health, safety, and morals, physical fitness and prior

training, experience, length of unemployment and prospects of securing local work in the individual's customary occupation, and the distance of the available work from the individual's residence.

(b) Notwithstanding any other provisions of sections 268.03 to 268.231, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;

(4) if the individual is in training with the approval of the commissioner.

Sec. 13. Minnesota Statutes 1990, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] (a) Claims for benefits shall be made in accordance with such rules as the commissioner may prescribe. Each employer shall post and maintain printed statements of such rules in places readily accessible to individuals in the employer's service and shall make available to each such individual at the time of becoming unemployed, a printed statement of such rules. Such printed statements shall be supplied by the commissioner to each employer without cost to the employer.

(b) Any employer upon separation of an employee from employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall provide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the reason for separation from all employers in the individual's base period.

(c) For the purpose of complying with section 268.04, subdivision 2, the commissioner may require all base period employers to

provide such information as the commissioner may prescribe, including, but not limited to, wages paid during any part of the base period, whether or not such information was previously provided.

(d) Upon establishment of a benefit year, the commissioner shall give notice to the last employer for whom the individual worked and all base period employers and registered successors to those employers as defined in section 268.06, subdivision 22. The employer so notified shall have seven days after the mailing of the notice to file a protest to monetary entitlement or a protest raising an issue of ineligibility or disqualification.

(e) If, upon review of the wage information on file with the department, it is found that an employer failed to provide wage information for the claimant, the commissioner shall accept a claimant certification as to the wage credits earned, based upon the claimant's records, and issue a monetary determination of validity certification. This determination may be modified based upon corrected information subsequently received from the employer or other sources. The employer who failed to report the individual's wages or filed an erroneous report may be penalized in accordance with section 268.16 or 268.18. In the absence of fraud, if a redetermination of validity of claim based on an employer's late corrected or erroneous report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid prior to such redetermination; and

(f) The commissioner shall determine any issue raised under paragraph (d) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in paragraph (b), any relief from benefit charges provided by section 268.09, subdivision 1, paragraph (e), shall apply to weeks of unemployment beginning after the filing of the late report or protest.

Sec. 14. Minnesota Statutes 1990, section 268.161, subdivision 5, is amended to read:

Subd. 5. [RIGHT OF SETOFF.] Upon certification by the commissioner to the commissioner of finance or to any state agency which disburses its own funds, that an employer has an uncontested delinquent contribution or reimbursement liability owed to the department, and that the state has purchased personal services, supplies, contract services, or property from said employer, the commissioner of finance or the state agency shall apply to the delinquent contribution or reimbursement liability funds sufficient to satisfy the unpaid liability from funds appropriated for payment of said obligation of the state or any of its agencies that are due and owing the employer. The credit shall not be made against any funds exempt under section 550.37 or those funds owed an individual employer who receives assistance under chapter 256.

All funds, whether general or dedicated, shall be subject to setoff in the manner provided in this subdivision. Transfer of funds in payment of the obligations of the state or any of its agencies to an employer and any actions for the funds shall be had against the commissioner on the issue of the contribution or reimbursement liability. Nothing in this section shall be construed to limit the previously existing right of the state or any of its agencies to setoff.

Notwithstanding any law to the contrary, the commissioner shall have first priority to setoff funds owed by the department to a delinquent employer.

Sec. 15. [RED LAKE BAND; TEMPORARY UNEMPLOYMENT INSURANCE RATE; ABATEMENT OF PENALTY, INTEREST, AND COSTS.]

To the extent permissible under the laws of the United States, and notwithstanding Minnesota Statutes, section 268.06, subdivisions 2 and 3a, the commissioner of the department of jobs and training shall enter into a compromise agreement with the governing body of the Red Lake Band of Chippewa Indians. The agreement shall retroactively establish and apply a zero-percentage contribution rate for each quarter of the years 1988, 1989, 1990, 1991, 1992, and 1993, when no benefits under sections 268.001 to 268.25, were paid by the state on account of employment by the tribe or by any of its wholly tribally-controlled subsidiaries or subdivisions. The agreement shall abate any amounts owed and relieve the tribe and its subsidiaries or subdivisions of all liability for amounts otherwise payable by the tribe or its subsidiaries or subdivisions for the period, including but not limited to, delinquent contributions, reimbursements, interest, penalties, and costs. This section does not apply to any wholly tribally-controlled entity or subsidiary that elected coverage under Minnesota Statutes, chapter 268 prior to the day following final enactment.

Sec. 16. [LEGISLATIVE INTENT.]

The legislature intends that sections 7 and 15 be interpreted and applied to assist the Red Lake Band of Chippewa Indians in complying with federal and state unemployment laws in a manner that does not lead to a determination by the United States Department of Labor that sections 7 and 15 are out of conformity with federal unemployment law. In enacting section 7, the legislature does not intend to suggest that Indian tribes should be permitted to choose governmental or nonprofit status or to make that status available for employment that is not appropriate for governmental or nonprofit treatment, rather, the legislature intends to accommodate in state law the status and treatment that may be allowed under federal law.

Sec. 17. [SUNSET.]

Section 15 expires August 1, 1995.

Sec. 18. [EFFECTIVE DATE.]

Sections 1 through 6 and 8 through 14 take effect the day following final enactment. Sections 7 and 15 take effect August 1, 1993.

"Sec. 15. Minnesota Statutes 1990, section 268.18, subdivision 1, is amended to read:

Subdivision 1. [ERRONEOUS PAYMENTS.] (a) Any claimant for benefits who, by reason of the claimant's own mistake or through the error of any individual engaged in the administration of sections 268.03 to 268.231 or because of a determination or redetermination issued pursuant to section 268.10, subdivision 2, has received any sum as benefits to which the claimant was not entitled under these sections, shall promptly return ~~such~~ those benefits in cash to the nearest office of the Minnesota department of jobs and training. If ~~such~~ the claimant fails to return ~~such~~ the benefits, the department of jobs and training shall, as soon as it ~~discovers~~ discovers ~~such~~ the erroneous payment, determine the amount ~~thereof~~ due and ~~notify said~~ notify ~~the~~ the individual to return ~~the same~~ it.

(b) Unless the claimant files a written appeal with the department of jobs and training within 15 days after the mailing of the notice of determination to the claimant's last known address or personal delivery of the notice, the determination shall become final. If the claimant files an appeal with the department in writing within the time ~~aforsaid~~ aforsaid above the matter shall be set for hearing before a referee of the department and heard as other benefit matters are

If a claimant has been overpaid benefits under the law of another state due to error and that state certifies to the department the facts involved and that the individual is liable under its law to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state, except that no single deduction shall exceed 50 percent of the amount of the payment from which the deduction is made. Benefits paid for weeks more than three years prior to the discovery of error are not erroneous payments.

(d) Notwithstanding paragraph (a), the commissioner shall waive recovery of an overpayment if a referee or the commissioner's representative determines the overpayment resulted from an administrative failure to identify that a claimant's wage credits were not earned in covered employment."

“Sec. 2. [144.1215] [LICENSING OF RADIOLOGIC TECHNOLOGISTS.]

Subdivision 1. [LEGISLATIVE FINDINGS.] The legislature finds

that the health and safety of the people of this state should be protected from excessive or improper exposure to ionizing radiation. This section requires persons who operate sources of radiation applied to human beings for diagnostic or therapeutic purposes to be licensed as radiologic technologists and limits specific diagnostic or therapeutic procedures to qualified persons.

Subd. 2. [DEFINITIONS.] (a) For purposes of this section, the following terms have the meanings given them in this subdivision.

(b) "Commissioner" means the commissioner of health.

(c) "Radiologic technologist" means any person who operates sources of radiation applied to human beings for diagnostic purposes and includes, among others, a nuclear medicine technologist and a radiation therapy technologist.

(d) "Nuclear medicine technologist" means a person who uses radiopharmaceutical agents on humans for diagnostic purposes.

(e) "Radiation therapy technologist" means a person who applies radiation to humans for therapeutic purposes.

Subd. 3. [LICENSE REQUIREMENT.] No person may operate or administer sources of radiation to be applied to human beings unless the person is licensed as a radiologic technologist under this section or explicitly excepted from licensing. Licensees shall renew licenses at the time and in the manner established by the commissioner in rule. The requirement for licensing under this section does not apply to a person licensed by a health-related licensing board, as defined in section 214.01, subdivision 2, or registered by the commissioner of health pursuant to section 214.13, provided that the person limits activities to those within the scope of the license.

Subd. 4. [EXAMINATION.] The commissioner shall issue a license under this section to a person who complies with application and licensure procedures established by the commissioner in rule, who has completed at least a two-year program with a certified school for radiological technology and who has passed the examination for radiologic technologists administered by the American Registry of Radiologic Technologists.

Subd. 5. [CONTINUING EDUCATION.] At the time of renewal, a person licensed as a radiologic technologist must provide evidence satisfactory to the commissioner that the person has completed, during the previous two years, 15 hours of continuing professional education in programs approved by the commissioner.

Subd. 6. [TRANSITION.] Until August 1, 1993, the commissioner shall issue a license without examination to a person who is

registered in the American Registry of Radiologic Technologists and who meets other requirements for licensure that the commissioner establishes by rule.

Subd. 7. [LIMITED LICENSES.] A person who is subject to this section but has been actively employed as a radiologic technologist for the year immediately preceding July 1, 1991, shall be licensed without complying with subdivision 4. A person licensed under this subdivision may only operate a source of radiation for examination of the chest and extremities. Examination of extremities includes only examination of the shoulder, humerus, elbow, forearm, wrist, hand, fingers, knee, tibia, fibula, ankle, foot, and toes. Chest examination includes only standard P.A. and lateral view. The commissioner shall provide by rule for the continuing education and other qualifications of persons licensed under this subdivision.

Subd. 8. [RULES.] In accordance with section 144.122, the commissioner of health shall adopt rules to implement this section. The rules shall include procedures for persons to apply for licenses. The rules shall also specify grounds and procedures for approving or denying a license application or renewal, and for suspending or revoking a license. The commissioner shall adopt rules specifying criteria and procedures for approving courses to meet continuing education requirements under subdivision 5. The commissioner shall also establish by rule fees for license application and renewal."

Bishop, Jaros, Welle, Dempsey, Blatz, Vanasek and Hasskamp moved to amend S. F. No. 2111, as follows:

Page 5, after line 27, insert:

“Sec. 2. [145C.01] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to this chapter.

Subd. 2. [ATTORNEY IN FACT.] “Attorney in fact” means an individual age 18 or older who is designated by a durable power of attorney for health care as an agent to make health care decisions on behalf of a principal and has consented to act in that capacity.

Subd. 3. [DURABLE POWER OF ATTORNEY FOR HEALTH

CARE.] “Durable power of attorney for health care” means a document authorizing an attorney in fact to make health care decisions for the principal if the principal is unable, in the judgment of the attending physician, to make health care decisions.

Subd. 4. [HEALTH CARE.] “Health care” means any care, treatment, service, or procedure to maintain, diagnose, or treat an individual’s physical or mental condition. “Health care” does not include the provision of nutrition or hydration except when they are required to be provided parenterally or through intubation.

Subd. 5. [HEALTH CARE DECISION.] “Health care decision” means the consent, refusal of consent, or withdrawal of consent to health care.

Subd. 6. [HEALTH CARE PROVIDER.] “Health care provider” means a person, health care facility, organization, or corporation licensed, certified, or otherwise authorized or permitted by the laws of this state to administer health care directly or through an arrangement with other health care providers.

Subd. 7. [PRINCIPAL.] “Principal” means an individual age 18 or older who has executed a durable power of attorney for health care.

Sec. 3. [145C.02] [DURABLE POWER OF ATTORNEY FOR HEALTH CARE.]

A durable power of attorney for health care authorizes the attorney in fact to make health care decisions for the principal if the durable power of attorney for health care substantially complies with the requirements of this chapter. A document executed prior to the effective date of sections 2 to 14 purporting to create a durable power of attorney for health care is valid if the document specifically authorizes the attorney in fact to make health care decisions and is signed by the principal.

Sec. 4. [145C.03] [REQUIREMENTS.]

Subdivision 1. [CONTENT; EXECUTION.] An attorney in fact shall make health care decisions only if the following requirements are satisfied:

(a) The durable power of attorney for health care must explicitly authorize the attorney in fact to make health care decisions. The durable power of attorney may also designate one or more alternative attorneys in fact to act if the named attorney in fact is unable, unavailable, or unwilling to serve.

(b) The durable power of attorney for health care must contain the

date of its execution and must be witnessed or acknowledged by one of the following methods:

(1) signed by at least two individuals age 18 or older who, in the presence of each other and the principal, witnessed the signing of the instrument by the principal or by another person acting on behalf of the principal at the principal's direction; or

(2) acknowledged before a notary public within this state.

Subd. 2. [INDIVIDUALS INELIGIBLE TO BE ATTORNEY IN FACT.] The following individuals shall not be designated as the attorney in fact to make health care decisions under a durable power of attorney for health care:

(1) a health care provider attending the principal on the date of execution; or

(2) an employee of a health care provider attending the principal on the date of execution, unless the individual designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.

A durable health care power of attorney that designates an individual described in this section as the attorney in fact is void.

Subd. 3. [WITNESSES.] The following individuals shall not act as witnesses for a durable power of attorney for health care:

(1) a health care provider attending the principal on the date of execution;

(2) an employee of a health care provider attending the principal on the date of execution; or

(3) the individual designated in the durable power of attorney for health care as the attorney in fact.

At least one of the witnesses for a durable power of attorney for health care shall be an individual who is not a relative of the principal by blood, marriage, or adoption within the third degree of consanguinity.

Sec. 5. [145C.04] [EXECUTED IN ANOTHER STATE.]

A durable power of attorney for health care or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction is valid and enforceable in this state, to the extent the document is consistent with the laws of this state.

**Sec. 6. [145C.05] [DURABLE POWER OF ATTORNEY FOR HEALTH CARE; FORM.]**

Subdivision 1. [SUGGESTED CONTENT.] A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

I hereby designate ..... as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make health care decisions.

The attorney in fact must act consistently with my desires as stated in this document or otherwise made known.

Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of those records.

Subd. 2. [ADDITIONAL PROVISIONS.] In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

The principal may include a statement indicating that the designated attorney in fact and any alternative attorney in fact has been notified of and has consented to the designation.

**Sec. 7. [145C.06] [WHEN OPERATIVE.]**

A durable health care power of attorney becomes operative when it is delivered to the principal's attending physician or other health care provider.

**Sec. 8. [145C.07] [ATTORNEY IN FACT; PRIORITY TO MAKE DECISIONS.]**

Subdivision 1. [PRECEDENCE OVER OTHER DECISION MAKERS.] Unless the district court specifically finds that the attorney in

fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be able, available, and willing to make health care decisions has priority over any other person, including a guardian or conservator appointed pursuant to chapter 525, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

Subd. 2. [DUTIES OF ATTORNEY IN FACT.] In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. If the principal's desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

Sec. 9. [145C.08] [AUTHORITY TO REVIEW MEDICAL RECORDS.]

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

Sec. 10. [145C.09] [REVOCAION OF DURABLE POWER OF ATTORNEY.]

Subdivision 1. [MANNER.] A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be accomplished by notifying the attorney in fact orally or in writing. Revocation may also be accomplished by notifying a health care provider orally or in writing while the provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

Subd. 2. [REVOCAION OF PRIOR DURABLE POWER OF

ATTORNEY.] Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

Subd. 3. [REVOCATION AFTER MARRIAGE DISSOLUTION.] If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the principal's marriage to the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

Subd. 4. [IMMUNITY FROM LIABILITY.] If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care, unless the individual has actual knowledge of the revocation.

Subd. 5. [EFFECT ON HEALTH CARE.] The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

Sec. 11. [145C.10] [IMMUNITIES AND RESPONSIBILITIES.]

A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:

(1) the decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision; and

(2) the health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

Unless either the declaration or the durable power of attorney for health care expressly provides otherwise, if a person, or the health care agent authorized to make health care decisions on behalf of a person, directs the provision of health care, nutrition, or hydration to keep the person alive, and there is a significant possibility that it will in fact sustain the person's life, the person's health care provider may not knowingly or negligently withhold it from the person. The

health care provider may instead transfer the person to a health care provider willing to provide the directed health care, nutrition, or hydration, but must ensure its provision until the transfer is completed. Nothing in this paragraph shall be construed to alter any legal obligation or lack of legal obligation of a health care provider to provide health care, nutrition, or hydration to a person who refuses or is unable to pay for them.

Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the contrary.

An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal, absent clear and convincing evidence to the contrary.

For purposes of this section, acting in "good faith" means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

Sec. 12. [145C.11] [EMERGENCY TREATMENT.]

This chapter does not affect the law governing health care treatment in an emergency.

Sec. 13. [145C.12] [PROHIBITED PRACTICES.]

Subdivision 1. [HEALTH CARE PROVIDER.] A health care provider, health care service plan, insurer, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not condition admission to a facility, or the providing of treatment, or insurance, on the requirement that an individual execute a durable power of attorney for health care.

Subd. 2. [INSURANCE.] A policy of life insurance shall not be

legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.

Sec. 14. [145C.13] [GENERAL PROVISIONS.]

This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.”

In determining consistency of ordinances and ordinance amendments, the provisions of the comprehensive land use plan shall be considered minimum standards. An aggrieved person may appeal a decision of the type specified in subdivision 1, clauses (1) to (3), that is reviewed by the board under this section in the same manner as provided for review of a decision of a board of adjustment in section 394.27, subdivision 9, but only after the procedures prescribed under this section have been completed.

Subd. 3. [CERTIFICATION.] A copy of the notices of public hearings or, when a hearing is not required, a copy of the application to consider an action of a type specified in subdivision 1, clauses (1) to (3), must be forwarded to the board by the county at least 15 days before the hearing or meetings to consider the actions. The county shall notify the board of its final decision on the proposed action within ten days of the decision. Within 30 days after the board receives the notice, the board shall notify the county and the applicant of its approval or disapproval of the proposed action.

Subd. 4. [DISAPPROVAL OF ACTIONS.] (a) If a notice of disapproval is issued by the board, the county or the applicant may, within 30 days of the notice, file with the board a demand for a hearing. If a demand is not filed within the 30-day period, the disapproval becomes final.

The cash need calculations required for determining the short-term borrowing cost reimbursement aid are to be based on the data used in accordance with the state aid payment calculations required by section 124.195 for the May 30 payment period. The commissioner of education may adjust the May 30 data for updated information as is appropriate.

Subd. 5. [PAYMENT.] The short-term borrowing cost reimbursement aid shall be paid in full to eligible districts on or before June 30 of each fiscal year.

Subd. 6. [APPROPRIATION.] There is annually appropriated to the commissioner of education the amount needed to pay short-term borrowing cost reimbursement aid as established in this section.

Sec. 10. [124A.029] [REFERENDUM AND DESEGREGATION REVENUE CONVERSION.]

Subdivision 1. [REVENUE CONVERSION.] Except as provided under subdivision 4, the referendum authority under section 124A.03 and the levy authority under section 275.125, subdivisions 6e and 6i, of a school district must be converted by the department according to this section.

Subd. 2. [ADJUSTMENT RATIO.] For assessment years 1991, 1992, and 1993, the commissioner of revenue must determine for each school district a ratio equal to:

(1) the net tax capacity for taxable property in the district determined by applying the property tax class rates for assessment year 1990 to the market values of taxable property for each assessment year, divided by

(2) the net tax capacity of the district for the assessment year.

Subd. 3. [RATE ADJUSTMENT.] The department shall adjust a school district's referendum authority for a referendum approved before July 1, 1991, excluding authority based on a dollar amount, and the levy authority under section 275.125, subdivisions 6e and 6i, by multiplying the sum of the rates authorized by a district under section 124A.03 and the rates in section 275.125, subdivisions 6e and 6i, by the ratio determined under subdivision 2 for the assessment year for which the revenue is attributable. The adjusted rates for assessment year 1993 shall apply to later years for which the revenue is authorized.

Subd. 4. [PER PUPIL REVENUE OPTION.] A district may, by school board resolution, request that the department convert the levy authority under section 275.125, subdivisions 6e and 6i, or its current referendum revenue, excluding authority based on a dollar amount, authorized before July 1, 1991, to an allowance per pupil. The district must adopt a resolution and submit a copy of the resolution to the department by July 1, 1992. The department shall convert a district's revenue for fiscal year 1994 and later years as follows: the revenue allowance equals the amount determined by dividing the district's maximum revenue under section 124A.03 or 275.125, subdivisions 6e and 6i, for fiscal year 1993 by the district's 1992-1993 actual pupil units. A district's maximum revenue for all later years for which the revenue is authorized equals the revenue allowance times the district's actual pupil units for that year. If a district has referendum authority under section 124A.03 and levy authority under section 275.125, subdivisions 6e and 6i, and the district requests that each be converted, the department shall convert separate revenue allowances for each. However, if a district's referendum revenue is limited to a dollar amount, the maximum revenue under section 124A.03 must not exceed that dollar amount. If the referendum authority of a district is converted according to this subdivision, the authority expires July 1, 1997, unless it is scheduled to expire sooner.

Sec. 11. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 1c, is amended to read:

Subd. 1c. [REFERENDUM ALLOWANCE LIMIT.] Notwithstanding subdivision 1b, a district's referendum allowance must not exceed the greater of:

- (1) the district's referendum allowance for fiscal year 1992; or
- (2) the district's referendum allowance for fiscal year 1993;
- (3) 35 30 percent of the formula allowance for that the fiscal year for which it is attributable; or
- (4) for a district that held a successful referendum levy election in calendar year 1991, 35 percent of the formula allowance for the fiscal year to which it is attributable.

Sec. 12. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2, is amended to read:

Subd. 2. [REFERENDUM REVENUE.] (a) The revenue authorized by section 124A.22, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be conducted during the calendar year before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The ballot shall state the maximum amount of the increased revenue per actual pupil unit, the estimated net tax capacity referendum tax rate as a percentage of market value in the first year it is to be levied, and that the revenue shall be used to finance school operations. The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot shall designate the specific number of years, not to exceed five, for which the referendum authorization shall apply. The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ....., School District No. ..., be approved?"

If approved, an amount equal to the approved revenue per actual

pupil unit times the actual pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The school board shall prepare and deliver by first class mail at least 15 days but no more than 30 days prior to the day of the referendum to each taxpayer at the address listed on the school district's current year's assessment roll, a notice of the referendum and the proposed revenue increase. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy, if any, in annual dollars and annual percentage for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the levy amount must be based upon the dollar amount, local tax rate, or amount per actual pupil unit, that was stated to be the basis for the initial authorization. Revenue approved by the voters of the district pursuant to paragraph (a) must be received at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) shall be effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the school district on the day the petition is

filed with the school board. A referendum invoked by petition shall be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days prior to the day of the referendum, the district shall submit a copy of the notice required under paragraph (b) to the commissioner of education. Within 15 days after the results of the referendum have been certified by the school board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district shall notify the commissioner of education of the results of the referendum.

(g) Any referendum under this section held on a day other than the first Tuesday after the first Monday in November must be conducted by mail in accordance with section 204B.46. Notwithstanding paragraph (b) to the contrary, in the case of a referendum conducted by mail under this paragraph, the notice required by paragraph (b) shall be prepared and delivered by first class mail at least 20 days before the referendum.

Sec. 13. Minnesota Statutes 1991 Supplement, section 124A.03, subdivision 2a, is amended to read:

Subd. 2a. [SCHOOL REFERENDUM LEVY; MARKET VALUE.] Notwithstanding the provisions of subdivision 2, a school referendum levy approved after November 1, 1992, for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property. Any referendum levy amount subject to the requirements of this subdivision shall be certified separately to the county auditor under section 275.07.

~~The ballot shall state the maximum amount of the increased levy as a percentage of market value, the amount that will be raised by that new school referendum tax rate in the first year it is to be levied, and that the new school referendum tax rate shall be used to finance school operations.~~

~~If approved, the amount provided by the new school referendum tax rate applied to the market value for the year preceding the year the levy is certified, shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.~~

All other provisions of subdivision 2 that do not conflict with this subdivision shall apply to referendum levies under this subdivision.

Sec. 14. Minnesota Statutes 1991 Supplement, section 124A.03, is amended by adding a subdivision to read:

Subd. 2b. [REFERENDUM DATE.] In addition to the referenda allowed in subdivision 2, clause (g), the commissioner may authorize a referendum for a different day.

(a) The commissioner may grant authority to a district to hold a referendum on a different day if the district is in statutory operating debt and has an approved plan or has received an extension from the department to file a plan to eliminate the statutory operating debt.

(b) The commissioner must approve, deny, or modify each district's request for a referendum levy on a different day within 60 days of receiving the request from a district.

Sec. 15. Minnesota Statutes 1991 Supplement, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX RATE.] The commissioner of revenue shall establish the general education tax rate and certify it to the commissioner of education by July 1 of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a percent, that, when applied to the adjusted net tax capacity for all districts, raises the amount specified in this subdivision. The general education tax rate shall be the rate that raises \$916,000,000 for fiscal year 1993 and ~~\$961,800,000~~ \$969,800,000 for fiscal year 1994 and later fiscal years. The general education tax rate certified by the commissioner of revenue may not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been certified.

Sec. 16. Minnesota Statutes 1991 Supplement, section 124A.26, subdivision 1, is amended to read:

Subdivision 1. [REVENUE REDUCTION.] A district's general education revenue for a school year shall be reduced if the estimated net unappropriated operating fund balance as of June 30 in the prior school year exceeds \$600 times the fund balance pupil units in the prior year. For purposes of this subdivision ~~only~~ and section 124.243, subdivision 2, fund balance pupil units means the number of resident pupil units in average daily membership, including shared time pupils, according to section 124A.02, subdivision 20, plus

(1) pupils attending the district for which general education aid adjustments are made according to section 124A.036, subdivision 5; minus

(2) the sum of the resident pupils attending other districts for

which general education aid adjustments are made according to section 124A.036, subdivision 5, plus pupils for whom payment is made according to section 126.22, subdivision 8, or 126.23. The amount of the reduction shall equal the lesser of:

- (1) the amount of the excess, or
- (2) \$150 times the actual pupil units for the school year.

The final adjustment payments made under section 124.195, subdivision 6, must be adjusted to reflect actual net operating fund balances as of June 30 of the prior school year.

Sec. 17. Minnesota Statutes 1990, section 124A.26, is amended by adding a subdivision to read:

Subd. 1a. [ALTERNATIVE REDUCTION CALCULATION.] For any district where the ratio of (1) the number of nonpublic students ages 5 to 18, according to the report required under section 120.102, to (2) the total number of residents in the district ages 5 to 18 as counted according to the annual fall school census is greater than 40 percent, the district's net unappropriated operating fund balance for that year for the purpose of calculating the fund balance reduction under this section is equal to the sum of the district's net unappropriated fund balance in the general, transportation, and food service funds.

Sec. 18. Minnesota Statutes 1991 Supplement, section 124A.29, subdivision 1, is amended to read:

Subdivision 1. (b) Of a district's basic revenue under section 124A.22, subdivision 2, an amount equal to \$5 times the number of actual pupil units must be reserved and may be used only to provide parental involvement programs that implement section 124C.61. A district may use up to \$1 of the \$5 times the number of actual pupil units for promoting parental involvement in the PER process.

Sec. 19. Minnesota Statutes 1991 Supplement, section 126.70, is amended to read:

126.70 [STAFF DEVELOPMENT PLAN.]

Subdivision 1. ### TRANSPORTATION

Section 1. Minnesota Statutes 1990, section 123.39, subdivision 8d, is amended to read:

Subd. 8d. School districts may provide bus transportation along regular school bus routes when space is available for participants in early childhood family education programs and learning readiness program if these services do not result in an increase in the district's expenditures for transportation. The costs allocated to these services, as determined by generally accepted accounting principles, shall be considered part of the authorized cost for regular transportation for the purposes of section 124.225.

Sec. 2. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

(b) A district that levies under this section must provide late transportation home from school for students participating in any academic-related activities provided by the district if transportation is provided for students participating in athletic activities.

(c) A district may levy under this subdivision only if the district provided late transportation home from school during fiscal year 1991.

### ARTICLE 3

#### SPECIAL PROGRAMS

Section 1. Minnesota Statutes 1990, section 120.17, subdivision 2, is amended to read:

Subd. 2. [METHOD OF SPECIAL INSTRUCTION.] (a) Special instruction and services for handicapped children must be based on the assessment and individual education plan. The instruction and services may be provided by one or more of the following methods:

~~(a)~~ (1) connection with attending regular elementary and secondary school classes;

~~(b)~~ (2) establishment of special classes;

~~(c)~~ (3) at the home or bedside of the child;

~~(d)~~ (4) in other districts;

~~(e)~~ (5) instruction and services by special education cooperative centers established under this section, or in another member district of the cooperative center to which the resident district of the handicapped child belongs;

~~(f)~~ (6) in a state residential school or a school department of a state institution approved by the commissioner;

~~(g)~~ (7) in other states;

~~(h)~~ (8) by contracting with public, private or voluntary agencies;

~~(i)~~ (9) for children under age five and their families, programs and services established through collaborative efforts with other agencies;

~~(j)~~ (10) for children under age five and their families, programs in which handicapped children are served with nonhandicapped children; and

~~(k)~~ (11) any other method approved by the commissioner.

(b) Preference shall be given to providing special instruction and services to children under age three and their families in the residence of the child with the parent or primary caregiver, or both, present.

(c) The primary responsibility for the education of a handicapped child shall remain with the district of the child's residence regardless of which method of providing special instruction and services is used. The district of residence must inform the parents of the child about the methods of instruction that are available.

(d) Paragraphs (e) to (i) may be cited as the "blind persons' literacy rights and education act."

(e) The following definitions apply to paragraphs (f) to (i).

"Blind student" means an individual who is eligible for special educational services and who:

(1) has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than 20 degrees; or

(2) has a medically indicated expectation of visual deterioration.

"Braille" means the system of reading and writing through touch commonly known as standard English Braille.

"Individualized education plan" means a written statement developed for a student eligible for special education and services pursuant to this section and section 602(a)(20) of part A of the Individuals

with Disabilities Education Act, 20 United States Code, section 1401(a).

(f) In developing an individualized education plan for each blind student the presumption must be that proficiency in Braille reading and writing is essential for the student to achieve satisfactory educational progress. The assessment required for each student must include a Braille skills inventory, including a statement of strengths and deficits. Braille instruction and use are not required by this paragraph if, in the course of developing the student's individualized education program, team members concur that the student's visual impairment does not affect reading and writing performance commensurate with ability. This paragraph does not require the exclusive use of Braille if other special education services are appropriate to the student's educational needs. The provision of other appropriate services does not preclude Braille use or instruction. Instruction in Braille reading and writing shall be available for each blind student for whom the multidisciplinary team has determined that reading and writing is appropriate.

(g) Instruction in Braille reading and writing must be sufficient to enable each blind student to communicate effectively and efficiently with the same level of proficiency expected of the student's peers of comparable ability and grade level.

(h) The student's individualized education plan must specify:

(1) the results obtained from the assessment required under paragraph (f);

(2) how Braille will be implemented through integration with other classroom activities;

(3) the date on which Braille instruction will begin;

(4) the length of the period of instruction and the frequency and duration of each instructional session;

(5) the level of competency in Braille reading and writing to be achieved by the end of the period and the objective assessment measures to be used; and

(6) if a decision has been made under paragraph (f) that Braille instruction or use is not required for the student:

(i) a statement that the decision was reached after a review of pertinent literature describing the educational benefits of Braille instruction and use; and

(ii) a specification of the evidence used to determine that the

student's ability to read and write effectively without Braille is not impaired.

(i) Instruction in Braille reading and writing is a service for the purpose of special education and services under section 120.17.

(j) Paragraphs (e) to (i) shall not be construed to supersede any rights of a parent or guardian of a child with a disability under federal or state law.

Sec. 2. Minnesota Statutes 1990, section 120.17, subdivision 3a, is amended to read:

Subd. 3a. [SCHOOL DISTRICT OBLIGATIONS.] Every district shall ensure that:

(1) all handicapped children students with disabilities are provided the special instruction and services which are appropriate to their needs. The student's needs and the special education instruction and services to be provided shall be agreed upon through the development of an individual education plan. The plan shall address the student's need to develop skills to live and work as independently as possible within the community. By grade 9 or age 14, the plan shall address the student's needs for transition from secondary services to post-secondary education and training, employment, and community participation, recreation, and leisure and home living. The plan must include a statement of the needed transition services, including a statement of the interagency responsibilities or linkages or both before secondary services are concluded;

(2) handicapped children under age five and their families are provided special instruction and services appropriate to the child's level of functioning and needs;

(3) handicapped children and their parents or guardians are guaranteed procedural safeguards and the right to participate in decisions involving identification, assessment and educational placement of handicapped children;

(4) to the maximum extent appropriate, handicapped children, including those in public or private institutions or other care facilities, are educated with children who are not handicapped, and that special classes, separate schooling, or other removal of handicapped children from the regular educational environment occurs only when and to the extent that the nature or severity of the handicap is such that education in regular classes with the use of supplementary services cannot be achieved satisfactorily;

(5) in accordance with recognized professional standards, testing and evaluation materials, and procedures utilized for the purposes of

classification and placement of handicapped children are selected and administered so as not to be racially or culturally discriminatory; and

(6) the rights of the child are protected when the parents or guardians are not known or not available, or the child is a ward of the state.

Sec. 3. Minnesota Statutes 1991 Supplement, section 120.17, subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment, and educational placement of handicapped children:

(a) Parents and guardians shall receive prior written notice of:

(1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (e) at the district's initiative;

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of an opportunity for conciliation shall be deemed to be satisfied;

(d) The commissioner shall establish a mediation process to assist parents, school districts, or other parties to resolve disputes arising out of the identification, assessment, or educational placement of handicapped children. The mediation process must be offered as an informal alternative to the due process hearing provided under

clause (e), but must not be used to deny or postpone the opportunity of a parent or guardian to obtain a due process hearing.

(e) Parents, guardians, and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted by and in the school district responsible for assuring that an appropriate program is provided in accordance with state board rules, if the parent or guardian continues to object to:

(1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) the proposed placement of their child in, or transfer of their child to a special education program;

(3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;

(4) the proposed provision or addition of special education services for their child; or

(5) the proposed denial or removal of special education services for their child.

At least five calendar days before the hearing, the objecting party shall provide the other party with a brief written statement of the objection and the reasons for the objection.

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(f) The decision of the hearing officer pursuant to clause (e) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant

specific extensions of time beyond the 45-day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the hearing review officer by the parent, guardian, or the school board of the district where the child resides pursuant to clause (g).

The local decision shall:

(1) be in writing;

(2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the hearing review officer of the basis and reason for the decision;

(3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;

(4) state the amount and source of any additional district expenditure necessary to implement the decision; and

## Sec. 8. [124A.73] [EDUCATION TRUST FUND.]

The commissioner shall maintain the trust as a separate fund to be used only to pay money as provided by law to school districts or to repay advances made from the general fund, as provided under subdivision 4.

Subd. 2. [APPROPRIATION.] The money to be paid by law from the education trust fund is appropriated annually.

Subd. 3. [ESTIMATES; REDUCTION OF PAYMENTS.] (a) At the beginning of each fiscal year, the commissioner, in consultation with the commissioner of revenue, shall estimate for the fiscal year:

(1) the amount of revenues to be deposited in the trust fund and other law; and

(2) the payments authorized by law to be made out of the trust.

(b) If the estimated payments exceed the estimated receipts of the trust fund, the appropriations from the trust to each program are proportionately reduced, unless otherwise provided by law.

Subd. 4. [GENERAL FUND ADVANCE.] If the money in the trust fund is insufficient to make payments on the dates provided by law, but the commissioner estimates receipts for the fiscal year will be sufficient, the commissioner shall advance money from the general fund to the trust fund necessary to make the payments. On or before the close of the biennium, the trust shall repay the advances with interest, calculated at the rate of earnings on invested treasurer's cash, to the general fund.

Sec. 9. [124C.62] [SUMMER HEALTH CARE INTERNS.]

Subdivision 1. [SUMMER INTERNSHIPS.] The commissioner of education shall award grants to hospitals and clinics to establish a summer health care intern program for pupils who intend to complete high school graduation requirements and who are between their junior and senior year of high school. The purpose of the program is to expose interested high school pupils to various careers within the health care profession.

Subd. 2. [CRITERIA.] (a) The commissioner, with the advice of the Minnesota medical association and the Minnesota hospital association, shall establish criteria for awarding grants to hospitals and clinics.

(b) The criteria must include, among other things:

(1) the kinds of formal exposure to the health care profession a hospital or clinic can provide to a pupil;

(2) the need for health care professionals in a particular area; and

(3) the willingness of a hospital or clinic to pay one-half the costs of employing a pupil.

(c) The Minnesota medical association and the Minnesota hospital association must provide the commissioner, by January 31, 1993, with a list of hospitals and clinics willing to participate in the program and what provisions those hospitals or clinics will make to ensure a pupil's adequate exposure to the health care profession, and indicate whether a hospital or clinic is willing to pay one-half the costs of employing a pupil.

Subd. 3. [GRANTS.] The commissioner shall award grants to hospitals and clinics meeting the requirements of subdivision 2. The grants must be used to pay one-half of the costs of employing a pupil in a hospital or clinic during the course of the program. No more than five pupils may be selected from any one high school to participate in the program and no more than one-half of the number of pupils selected may be from the seven-county metropolitan area.

Sec. 10. [126.239] [ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE PROGRAMS.]

Subdivision 1. [TRAINING PROGRAMS FOR TEACHERS.] A secondary teacher assigned by a school district to teach an advanced placement or international baccalaureate course may participate in a training program offered by the college board or International Baccalaureate North America, Inc. The state may pay a portion of the tuition, room, and board costs a teacher incurs in participating in a training program. The commissioner of education shall determine application procedures and deadlines, and select teachers to participate in the training program. The procedures determined by the commissioner shall, to the extent possible, ensure that advanced placement and international baccalaureate courses become available in all parts of the state and that a variety of course offerings are available in school districts. This subdivision does not prevent teacher participation in training programs offered by the college board or International Baccalaureate North America, Inc., when tuition is paid by a source other than the state.

Subd. 2. [SUPPORT PROGRAMS.] The commissioner shall provide support programs during the school year for teachers who attended the training programs and teachers experienced in teaching advanced placement or international baccalaureate courses. The support programs shall provide teachers with opportunities to share instructional ideas with other teachers. The state may pay the costs of participating in the support programs, including substitute teachers, if necessary, and program affiliation costs.

Subd. 3. [SUBSIDY FOR EXAMINATION FEES.] The state may pay all or part of the fee for advanced placement or international baccalaureate examinations for pupils in public and nonpublic schools whose circumstances make state payment advisable. The state board of education shall adopt a schedule for fee subsidies that may allow payment of the entire fee for low-income families, as defined by the state board. The state board may also determine the circumstances under which the fee is subsidized, in whole or in part. The state board shall determine procedures for state payments of fees.

Subd. 4. [INFORMATION.] The commissioner shall submit the following information to the education committees of the legislature each year by January 1:

Subd. 6j. [LEVY FOR CRIME RELATED COSTS.] For taxes levied in 1991 and subsequent years, payable in 1992 only and subsequent years, each school district may make a levy on all taxable property located within the school district for the purposes specified in this subdivision. The maximum amount which may be levied for all costs under this subdivision shall be equal to \$1 multiplied by the population of the school district. For purposes of this subdivision, "population" of the school district means the same as contained in section 275.14. The proceeds of the levy must be used for reimbursing the cities and counties who contract with the school district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison services in the district's middle and secondary schools, and (2) to ~~teach drug abuse resistance education curricula~~ pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (f) in the elementary schools, and ~~(3) to pay the costs incurred for the salaries and benefits of peace officers and sheriffs whose primary responsibilities are to investigate controlled substance crimes under chapter 152.~~ The school district must initially attempt to contract for these services with the police department of each city or the sheriff's department of the county within the school district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries. The levy authorized under this subdivision is not included in determining the school district's levy limitations and must be disregarded in computing any overall levy limitations under sections 275.50 to 275.56 of the participating cities or counties.

Sec. 12. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

Subd. 6k. [HEALTH INSURANCE LEVY.] (a) A school district may levy the amount necessary to make employer contributions for insurance for retired employees under this subdivision. Notwithstanding section 121.904, 50 percent of the amount levied shall be

recognized as revenue for the fiscal year in which the levy is certified. This levy shall not be considered in computing the aid reduction under section 124.155.

(b) The school board of a joint vocational technical district formed under sections 136C.60 to 136C.69 and the school board of a school district may provide employer-paid hospital, medical, and dental benefits to a person who:

(1) is eligible for employer-paid insurance under collective bargaining agreements or personnel plans in effect on the day before the effective date of this section;

(2) has at least 25 years of service credit in the public pension plan of which the person is a member on the day before retirement or, in the case of a teacher, has a total of at least 25 years of service credit in the teachers retirement association, a first-class city teacher retirement fund, or any combination of these;

(3) upon retirement is immediately eligible for a retirement annuity;

(4) is at least 55 and not yet 65 years of age; and

(5) retires on or after May 15, 1992, and before July 21, 1992.

A school board paying insurance under this subdivision may not exclude any eligible employees.

(c) An employee who is eligible both for the health insurance benefit under this subdivision and for an early retirement incentive under a collective bargaining agreement or personnel plan established by the employer must select either the early retirement incentive provided under the collective bargaining agreement personnel plan or the incentive provided under this subdivision, but may not receive both. For purposes of this subdivision, a person retires when the person terminates active employment and applies for retirement benefits. The retired employee is eligible for single and dependent coverages and employer payments to which the person was entitled immediately before retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans, for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee attains the age of 65, or when the employee chooses not to receive the retirement benefits for which the employee has applied, or when the employee is eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program.

(d) An employee who retires under this subdivision using the rule of 90 must not be included in the calculations required by section 356.85.

(e) Unilateral implementation of this section by a public employer is not an unfair labor practice for purposes of chapter 179A. The authority provided in this subdivision for an employer to pay health insurance costs for certain retired employees is not subject to the limits in section 179A.20, subdivision 2a.

(f) If a school district levies according to this subdivision, it may not also levy according to article 6, section 9, for eligible employees.

Sec. 13. Minnesota Statutes 1990, section 275.125, is amended by adding a subdivision to read:

The total amount of the levy each year may not exceed \$300,000.

Notwithstanding section 121.904, 50 percent of the proceeds of this levy shall be recognized in the fiscal year in which it is certified.

Sec. 14. Laws 1991, chapter 265, article 8, section 14, is amended to read:

A transfer may not be made from the capital expenditure facilities or equipment accounts that results in a deficit account balance in either account or a deficit in the combined account balance for facilities and equipment as of June 30, 1992, or as of June 30, 1993. No levies and no state aids shall be reduced as a result of a transfer. For the purposes of section 120.101, subdivision 5, the minimum number of hours for a year determined for the appropriate grade level of instruction shall constitute 170 days through the 1994-1995 school year and the number of days of instruction required under section 120.101, subdivision 5b thereafter. Hours of instruction that occur after the close of the instructional year in June shall be attributed to the following fiscal year.

(c) Revenues and expenditures for food service activities must be recorded in the food service fund. The costs of processing applications, accounting for meals, preparing and serving food, providing kitchen custodial services, and other expenses involving the preparing of meals or the kitchen section of the lunchroom may be charged to the food service fund or to the general fund of the district. That portion of superintendent and fiscal manager costs that can be documented as attributable to the food service program may be charged to the food service fund provided that the school district does not employ or contract with a food service director or other individual who manages the food service program, or food service management company. If the cost of the superintendent or fiscal manager is charged to the food service fund, the charge must be at a wage rate not to exceed the statewide average for food service directors as determined by the department of education.

(d) Capital expenditures for the purchase of food service equip-

ment must be made from the capital fund and not the food service fund, unless two conditions apply:

(1) the unreserved balance in the food service fund at the end of the last fiscal year is greater than the cost of the equipment to be purchased; and

(2) the department of education has approved the purchase of the equipment.

(e) If the two conditions set out in paragraph (d) apply, the equipment may be purchased from the food service fund.

Section 1. Minnesota Statutes 1991 Supplement, section 120.17, subdivision 7a, is amended to read:

Subd. 7a. [ATTENDANCE AT SCHOOL FOR THE HANDICAPPED.] Responsibility for special instruction and services for a visually disabled or hearing impaired child attending the Minnesota state academy for the deaf or the Minnesota state academy for the blind shall be determined in the following manner:

(a) The legal residence of the child shall be the school district in which the child's parent or guardian resides.

(b) When it is determined pursuant to section 128A.05, subdivision 1 or 2, that the child is entitled to attend either school, the state board shall provide the appropriate educational program for the child. The state board shall make a tuition charge to the child's district of residence for the cost of providing the program. The amount of tuition charged shall not exceed the basic revenue of the district for that child, for the amount of time the child is in the program. For purposes of this subdivision, "basic revenue" has the meaning given it in section 124A.22, subdivision 2. The district of the child's residence shall pay the tuition and may claim general education aid for the child. The district of the child's residence shall not receive aid pursuant to section 124.32, subdivision 5, for tuition paid pursuant to this subdivision. Tuition received by the state board, except for tuition received under clause (c), shall be deposited in the state treasury as provided in clause (g).

(c) In addition to the tuition charge allowed in clause (b), the academies may charge the child's district of residence for the academy's unreimbursed cost of providing an instructional aide assigned to that child, if that aide is required by the child's individual education plan. Tuition received under this clause must be used by the academies to provide the required service.

(d) When it is determined that the child can benefit from public school enrollment but that the child should also remain in attendance at the applicable school, the school district where the institution is located shall provide an appropriate educational program for the child and shall make a tuition charge to the state board for the actual cost of providing the program, less any amount of aid received pursuant to section 124.32. The state board shall pay the tuition and other program costs including the unreimbursed transportation costs. Aids for handicapped children shall be paid to the district providing the special instruction and services. Special transportation shall be provided by the district providing the educational

program and the state shall reimburse such district within the limits provided by law.

(e) Notwithstanding the provisions of clauses (b) and (d), the state board may agree to make a tuition charge for less than the amount specified in clause (b) for pupils attending the applicable school who are residents of the district where the institution is located and who do not board at the institution, if that district agrees to make a tuition charge to the state board for less than the amount specified in clause (d) for providing appropriate educational programs to pupils attending the applicable school.

(f) Notwithstanding the provisions of clauses (b) and (d), the state board may agree to supply staff from the Minnesota state academy for the deaf and the Minnesota state academy for the blind to participate in the programs provided by the district where the institutions are located when the programs are provided to students in attendance at the state schools.

(g) On May 1 of each year, the state board shall count the actual number of Minnesota resident kindergarten and elementary students and the actual number of Minnesota resident secondary students enrolled and receiving education services at the Minnesota state academy for the deaf and the Minnesota state academy for the blind. The state board shall deposit in the state treasury an amount equal to all tuition received less:

(1) the total number of students on May 1 less 175, times the ratio of the number of kindergarten and elementary students to the total number of students on May 1, times the general education formula allowance; plus

(2) the total number of students on May 1 less 175, times the ratio of the number of secondary students on May 1 to the total number of students on May 1, times 1.3, times the general education formula allowance.

(h) The sum provided by the calculation in clause (g), subclauses (1) and (2), must be deposited in the state treasury and credited to the general operation account of the academy for the deaf and the academy for the blind.

(i) There is annually appropriated to the department of education for the Faribault academies the tuition amounts received and credited to the general operation account of the academies under this section. A balance in an appropriation under this paragraph does not cancel but is available in successive fiscal years.

The affidavit must state the terms and conditions under which the sponsor would authorize an outcome-based school. The state board must approve or disapprove the sponsor's proposed authorization within 30 days of receipt of the affidavit. Failure to obtain state board approval precludes a sponsor from authorizing the outcome-based school that was the subject of the affidavit.

(c) The teachers authorized to organize and operate a school shall hold an election for members of the school's board of directors. All staff members employed at the school and all parents of children enrolled in the school may participate in the election. Licensed teachers employed at the school must be a majority of the members of the board of directors.

In this case, the obligation of the taxable property in the component districts with reference to the payment of such bonded debt is not affected by the consolidation.

(b) If the plan for consolidation makes no provision for the disposition of bonded debt, all the taxable property in the newly created district is taxable for the payment of any bonded debt incurred by any component district in the proportion which the net

tax capacity of that part of a preexisting district which is included in the newly created district bears to the net tax capacity of the entire preexisting district as of the time of the consolidation.

Subdivision 1. [~~REFERENDUM LEVIES REVENUES.~~] The referendum ~~levy~~ revenue authorization of the combined district shall be one of the methods set forth in section 122.531, subdivision 2a, 2b, or 2c, and must be consistent with the plan adopted according to section 122.242, and any subsequent modifications.

(b) This subdivision shall not affect the continued liability of a school district for its share of bonded indebtedness or other debt incurred as a result of any agreement before July 1, 1993. The school district is liable only until the obligation or debt is discharged and only according to the payment schedule in effect on July 1, 1993, except that the payment schedule may be altered for the purpose of restructuring debt or refunding bonds outstanding on July 1, 1993, if the annual payments of the school district are not increased and if the total obligation of the school district for its share of outstanding bonds or other debt is not increased.

(c) To cease participating in or providing financial support for any of the services or activities relating to the agreement or to terminate participation in the agreement, the school board shall adopt a resolution and notify other parties to the agreement of its decision on or before February 1 of any year. The cessation or withdrawal shall be effective June 30 of the same year or, at the option of the school board, June 30 of the following fiscal year.

A school board adopting a resolution according to clause (2) is not liable for the bonded indebtedness or other debt, as proposed by the governing body, related to the services or activities in which the district ceases participating or providing financial support. A school board adopting a resolution according to clause (3) is not liable for the bonded indebtedness or other debt proposed by the governing body implementing the agreement.

(e) After July 1, 1993, a district is liable according to paragraph (d) for its share of bonded indebtedness or other debt incurred by the governing body implementing the agreement to the extent that the bonds or other debt are directly related to the services or activities in which the district participates or for which the district provides financial support. The district has continued liability only until the obligation or debt is discharged and only according to the payment schedule in effect at the time the governing body implementing the agreement provides notice to the school board, except that the payment schedule may be altered for the purpose of refunding the outstanding bonds or restructuring other debt if the annual payments of the district are not increased and if the total obligation of the district for the outstanding bonds or other debt is not increased.

Subdivision 1. [INSTRUCTIONAL TIME.] Every district shall maintain school in session or provide instruction in other districts for at least 170 days through the 1994-1995 school year and the number of days required in section 120.101, subdivision 1b 5b thereafter, not including summer school, or the equivalent in a district operating a flexible school year program. A district that holds school for the required minimum number of days and is otherwise qualified is entitled to state aid as provided by law. If school is not held for the required minimum number of days, state aid shall be reduced by the ratio that the difference between the required number of days and the number of days school is held bears to the required number of days, multiplied by 60 percent of the basic revenue, as defined in section 124A.22, subdivision 2, of the district for that year. However, districts maintaining school for fewer than the required minimum number of days do not lose state aid (1) if the circumstances causing loss of school days below the required minimum number of days are beyond the control of the board, (2) if proper evidence is submitted, and (3) if a good faith attempt made to make up time lost due to these circumstances. The loss of school days resulting from a lawful employee strike shall not be considered a circumstance beyond the control of the board. Days devoted to meetings authorized or called by the commissioner may not be included as part of the required minimum number of days of school. For grades 1 to 12, days devoted to parent-teacher conferences, teachers' workshops, or other staff development opportunities as part of the required minimum number of days must not exceed five days through the 1994-1995 school year and for subsequent school years the difference between the number of days required in subdivision 1b and the number of instructional days required in subdivision ~~1b~~ 5b. For kindergarten, days devoted to parent-teacher conferences, teachers' workshops, or other staff development opportunities as part of the required minimum number of days must not exceed twice the number of days for grades 1 to 12.

Sec. 11. Minnesota Statutes 1991 Supplement, section 124.214, subdivision 2, is amended to read:

Subd. 2. [ABATEMENTS.] Whenever by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the net tax capacity of any school district for any taxable year is changed after the taxes for that year have been spread by the county auditor and the local tax rate as determined by the county auditor based upon the original net tax capacity is applied upon the changed net tax capacities, the county auditor shall, prior to February 1 of each year, certify to the commissioner of education the amount of any resulting net revenue loss that accrued to the school district during the preceding year. Each year, the commissioner shall pay an abatement adjustment to the district in an amount calculated according to the provisions of this subdivision. This amount shall be deducted from the amount of the levy authorized by section 275.48. The amount of the abatement adjustment shall be the product of:

- (1) the net revenue loss as certified by the county auditor, times
- (2) the ratio of:

(a) the sum of the amounts of the district's certified levy in the preceding year according to the following:

(i) section 124A.23 if the district receives general education aid according to that section, or section 124B.20, if the education district of which the district is a member receives general education aid according to that section;

(ii) section 275.125, subdivisions 5 and 5c, if the district receives transportation aid according to section 124.225;

(v) section 124.83, if the district receives health and safety aid according to that section;

AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD  
AND INCENTIVE PROGRAM

Section 1. [356B.01] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD AND INCENTIVE PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] An ambulance service personnel longevity award and incentive program is established. The program is intended to recognize the service rendered to state and local government, and the citizens of Minnesota by qualified ambulance service personnel and to reward qualified ambulance service personnel for significant contributions to state and local government and to the public. The purpose of the ambulance service personnel longevity award and incentive trust is to accumulate funds to allow for the payment of longevity awards to qualified ambulance service personnel upon the completion of a substantial ambulance service career.

Subd. 2. [ADMINISTRATION.] (a) The ambulance service personnel longevity award and incentive program is administered by the commissioner of health. The administrative responsibilities of the commissioner of health for the program relate solely to the record keeping, award application, and award payment functions. The state board of investment is responsible for the investment of the ambulance service personnel longevity award and incentive trust. Each ambulance service is responsible for determining, consistent with this chapter, who is a qualified ambulance service person, what constitutes a year of credited ambulance service, what constitutes sufficient documentation of a year of prior service, and submission of all necessary data to the commissioner of health in a manner consistent with this chapter. Determinations of an ambulance service are final.

(b) The commissioner of health may administer the program directly or may retain a qualified plan administrator under contract to administer the program. A contract with a qualified plan administrator must be the result of an open competitive bidding process and must be reopened for competitive bidding at least every five years.

Sec. 2. [356B.02] [PROGRAM ELIGIBILITY; QUALIFIED AMBULANCE SERVICE PERSONNEL.]

(a) Persons eligible to participate in the ambulance service personnel longevity award and incentive program are qualified ambulance service personnel.

(b) Qualified ambulance service personnel are ambulance attendants, ambulance drivers, and ambulance service medical directors or medical advisors who meet the following requirements:

(1) employment by or provision of service to an ambulance service that is licensed as such by the state of Minnesota and that provides ambulance services that are generally available to the public and are free of unfair discriminatory practices under chapter 363;

(2) performance during the 12 months ending as of the immedi-

ately previous June 30 of all or a predominant portion of services in the state of Minnesota or on behalf of Minnesota residents, as verified by August 1 annually in an affidavit from the chief administrative officer of the ambulance service;

(3) current certification during the 12 months ending as of the immediately previous June 30 by the Minnesota department of health as an ambulance attendant, ambulance driver, or ambulance service medical director or medical advisor under section 144.804, and supporting rules and current active ambulance service employment or service provision status, as verified by August 1 annually in an affidavit from the chief administrative officer of the ambulance service; and

(4) conformance with the definition of the phrase "volunteer ambulance attendant" under section 144.8091, subdivision 2, except that for the salary limit specified in that provision there must be substituted, for purposes of this section only, a limit of \$3,000 for calendar year 1992, and \$3,000 multiplied by the cumulative percentage increase in the national Consumer Price Index, all items, for urban wage earners and clerical workers, as published by the federal Department of Labor, Bureau of Labor Statistics, since December 31, 1992, and for an ambulance service medical director, conformance based solely on the person's hourly stipends or salary for service as a medical director.

(c) The term "active ambulance service employment or service provision status" means being in good standing with and on the active roster of the ambulance service making the certification.

(d) The maximum period of ambulance service employment or service provision for which a person may receive credit towards an award under this chapter, including prior service credit under section 7, subdivision 2, paragraph (c), is 20 years.

**Sec. 3. [356B.03] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD AND INCENTIVE TRUST; TRUST ACCOUNT.]**

Subdivision 1. [TRUST.] There is established an ambulance service personnel longevity award and incentive trust.

Subd. 2. [TRUST ACCOUNT.] There is established in the general fund an ambulance service personnel longevity award and incentive trust account. The trust account must be credited with the proceeds of the driver's license surtax imposed under section 171.06, subdivision 2b, and investment earnings on those accumulated proceeds. The assets and income of the trust account must be held and managed by the commissioner of finance and the state board of investment for the benefit of the state of Minnesota and its general creditors.

Subd. 3. [PRIORITY OF CLAIMS.] The state of Minnesota intends that this program, trust, and trust account not constitute a separate fund for any legal purpose, including the federal Internal Revenue Code, as amended, and the federal Employee Retirement Income Security Act of 1974, as amended. Qualified ambulance service personnel have only an unsecured promise of the state of Minnesota to pay a longevity award upon meeting entitlement requirements set forth in section 8, and qualified ambulance service personnel meeting those entitlement requirements have the status of general unsecured creditors with respect to an ambulance service personnel longevity award if and when awarded.

Sec. 4. [356B.04] [CONTRIBUTIONS TO ACCOUNT.]

The contributions to the ambulance service personnel longevity award and incentive trust account by the state of Minnesota are the proceeds of the driver's license surtax imposed under section 171.06, subdivision 2b.

Sec. 5. [356B.05] [DISTRIBUTIONS FROM ACCOUNT.]

Subdivision 1. [AWARD PAYMENTS.] (a) The commissioner of health or the commissioner's designee under section 1, subdivision 2, shall pay ambulance service personnel longevity awards to qualified ambulance service personnel determined by the commissioner to be entitled to an award under section 8.

(b) If the state of Minnesota is unable to meet its financial obligations as they become due, the commissioner of health shall undertake all necessary steps to discontinue paying ambulance service personnel longevity awards until the state of Minnesota is again able to meet its financial obligations as they become due.

Subd. 2. [GENERAL CREDITORS OF THE STATE.] The trust account is at all times subject to a levy under an execution of any general creditor of the state of Minnesota, and if no other funds are available to satisfy that levy, the levy has priority for payment from the trust account before any ambulance service personnel longevity award.

Sec. 6. [356B.06] [TRUST ACCOUNT INVESTMENT.]

The trust account must be invested by the state board of investment, as provided in section 11A.20.

Sec. 7. [356B.07] [CREDITING QUALIFIED AMBULANCE PERSONNEL SERVICE.]

Subdivision 1. [SEPARATE RECORD KEEPING.] The commissioner of health or the commissioner's designee under section 1,

subdivision 2, shall maintain a separate record of potential award accumulations for each qualified ambulance service person under subdivision 2.

Subd. 2. [POTENTIAL ALLOCATIONS.] (a) On September 1, annually, the commissioner of health or the commissioner's designee under section 1, subdivision 2, shall determine the amount of the allocation of the prior year's accumulation to each qualified ambulance service person. The prior year's net investment gain or loss must be allocated and the prior year's driver's license surtax under section 171.06, subdivision 2b, also must be allocated.

(b) The difference in the market value of the assets of the ambulance service personnel longevity award and incentive trust account as of the immediately previous June 30 and the June 30 occurring 12 months earlier must be reported on or before August 15 by the state board of investment. The market value gain or loss must be expressed as a percentage of the total potential award accumulations as of the immediately previous June 30, and that positive or negative percentage must be applied to increase or decrease the recorded potential award accumulation of each qualified ambulance service person.

(c) The driver's license surtax proceeds for the 12 months ending on the immediately previous June 30 must be reported on or before August 15 to the commissioner of health by the commissioner of public safety. The amount of proceeds must be divided by the total number of additional ambulance service personnel years of service recognized since the last allocation or 1,000 years of service, whichever is greater. A qualified ambulance service person must be credited with a year of service if the person is certified by the chief administrative officer of the ambulance service as having rendered active ambulance service during the 12 months ending as of the immediately previous June 30. If the person has rendered prior active ambulance service, the person must be additionally credited with one-fifth of a year of service for each year of active ambulance service rendered before June 30, 1992, but not to exceed one additional year of service in any year or to exceed in total five years of prior service. Prior active ambulance service means employment by or the provision of service to a licensed ambulance service before June 30, 1992, as determined by the person's current ambulance service based on records that were contemporaneous to the service as provided by the person. The prior ambulance service must be reported to the commissioner of health in an affidavit from the chief administrative officer of the ambulance service.

Sec. 8. [356B.08] [AMBULANCE SERVICE PERSONNEL LONGEVITY AWARD.]

(a) A qualified ambulance service person who terminates active ambulance service, who has at least five years of credited ambulance

service, who is at least 50 years old, and who is among the 400 persons with the greatest amount of credited ambulance service applying for a longevity award during that year, is entitled, upon application, to an ambulance service personnel longevity award. An applicant whose application is not approved because of the limit on the number of annual awards may apply in a subsequent year.

(b) If a qualified ambulance service person who meets the age and service requirements specified in paragraph (a) dies before applying for a longevity award, the estate of the decedent is entitled, upon application, to the decedent's ambulance service personnel longevity award, without reference to the limit on the number of annual awards.

(c) An ambulance service personnel longevity award is the total amount of the person's accumulations indicated in the person's separate record under section 7 as of the June 30 preceding the application. The amount is payable only in a lump sum.

(d) Applications for an ambulance service personnel longevity award must be received by the commissioner of finance or the commissioner's designee under section 1, subdivision 2, by August 15, annually. Ambulance service personnel longevity awards are payable only as of the last business day in October annually.

#### Sec. 9. [356B.09] [EFFECT OF CHANGES.]

Subdivision 1. [MODIFICATIONS.] The ambulance service personnel longevity award and incentive program is a gratuity established by the state of Minnesota and may be modified by legislative enactment at any time without creating any cause of action for any ambulance service personnel related to the program as a result. No provision of this act and no subsequent amendment may be interpreted as causing or resulting in the program to be funded for federal Internal Revenue Code or federal Employee Retirement Income Security Act of 1974 purposes, or as causing or resulting in any contributions to or investment income earned by the ambulance service personnel longevity award and incentive trust account to be subject to federal income tax to ambulance service personnel or their beneficiaries before actual receipt of a longevity award under section 8.

Subd. 2. [NONASSIGNABILITY.] No entitlement or claim of a qualified ambulance service person or the person's beneficiary to an ambulance service personnel longevity award is assignable, or subject to garnishment, attachment, execution, levy, or legal process of any kind. The commissioner of health may not recognize any attempted transfer, assignment, or pledge of an ambulance service personnel longevity award.

Subd. 3. [PUBLIC EMPLOYEE STATUS.] Recognizing the impor-

tant public function performed by ambulance service personnel, only for purposes of this act and the receipt of a state sponsored gratuity in the form of an ambulance service personnel longevity award, all qualified ambulance service personnel are considered to be public employees.

Sec. 10. [SCOPE OF ADMINISTRATIVE DUTIES.]

For purposes of administering the award and incentive program, the commissioner cannot hear appeals, direct ambulance services to take actions, investigate or take action on individual complaints, or otherwise act on information beyond that submitted by the licensed ambulance services.

Sec. 11. [APPROPRIATION; COMPLEMENT INCREASE.]

In fiscal year 1993, the commissioner of health may expend up to \$40,000 of the proceeds of the driver's license surtax for the expenses of administering the longevity award and incentive program, as well as up to \$45,000 for the purpose of redesigning and consolidating the volunteer ambulance attendant reimbursement data base and the data base for the personnel longevity award and incentive program and purchase of computer equipment.

In fiscal year 1994 and beyond, reasonable and necessary expenses of administering the ambulance service longevity award and incentive program may be expended by the commissioner of health from the trust account established in section 3. Administrative expenses may not exceed three percent of the proceeds of the driver's license surtax for that year.

The complement of the department of health is increased by ... positions for the fiscal year ending June 30, 1992, and by ... positions for the fiscal year ending June 30, 1993.

Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 7, 9, and 10, are effective on July 1, 1992. Section 8 is effective on July 1, 1993. Section 11 is effective the day following final enactment.

The service of an elected local government official on an additional board, commission, or committee, even if part of the official's elected position, is not covered service under this plan. Eligibility to participate in the defined contribution plan terminates when the participant ceases to be an elected local government official. For purposes of this chapter, an elected local government official does not include an elected county sheriff; and

(2) ~~eligibility to participate is open to~~ basic and advanced life support emergency medical service personnel employed by or providing services for any public ambulance service or privately operated ambulance service that receives an operating subsidy from a governmental entity that elects to participate; ~~and~~

(3) ~~a person who qualifies to have an ambulance service personnel incentive payment made on the person's behalf under section 353D.031.~~

(b) For purposes of this chapter, an elected local government official includes a person appointed to fill a vacancy in an elective office. Elected local government official does not include an elected county sheriff.

Sec. 3. Minnesota Statutes 1991 Supplement, section 353D.02, is amended to read:

353D.02 [ELECTION OF COVERAGE.]

(a) Elected local government officials eligible under section 353D.01, subdivision 2, paragraph (a), clause (1), may elect to participate in the defined contribution plan after being elected or appointed to a public office by filing a membership application on a form prescribed by the executive director of the association authorizing contributions to be deducted from the elected official's salary. Participation begins on the first day of the pay period for which the contributions were deducted or, if pay period coverage dates are not provided, the date on which the membership application or contributions are received in the office of the association, whichever is received first, provided further that the membership application is received by the association within 60 days of the receipt of the contributions. If the membership application is not received, the elected official is not a participant in the plan and may request a refund under section 353D.04, subdivision 2. An election to participate in the plan is irrevocable during incumbency in office.

(b) For personnel eligible under section 353D.01, subdivision 2, paragraph (a), clause (2), a public ambulance service or privately operated ambulance service that receives an operating subsidy from a governmental entity with eligible personnel may elect to participate in the plan. If a service elects to participate, its eligible personnel may elect to participate or to decline to participate. An individual's election must be made within 30 days of the service's election to participate or 30 days of the date on which the individual was employed by the service or began to provide service for it, whichever date is later. An election by a service or an individual is irrevocable.

~~(c) A person eligible under section 353D.01, subdivision 2, paragraph (a), clause (3), may elect to participate in the plan. The person must elect to participate or decline to participate by June 30, 1994, or by June 30 of the fiscal year after June 30, 1994, which the person first becomes qualified to have an ambulance service personnel incentive payment made on the person's behalf under section 353D.031.~~

#### 353D.03 [FUNDING OF PLAN.]

(a) An elected local government official eligible under section 353D.01, subdivision 2, paragraph (a), clause (1), who elects to participate in the public employees defined contribution plan shall contribute an amount equal to five percent of salary as defined in section 353.01, subdivision 10. A participating elected local government official's governmental subdivision shall contribute a matching amount.

(b) A public ambulance service or privately operated ambulance

service that receives an operating subsidy from a governmental entity that elects to participate in the plan shall fund benefits for its personnel eligible under section 353D.01, subdivision 2, paragraph (a), clause (2), who individually elect to participate, except that personnel who are paid for their services may elect to make member contributions in an amount not to exceed the service's contribution on their behalf. Ambulance service contributions on behalf of salaried employees must be a fixed percentage of salary. An ambulance service making contributions for volunteer or largely uncompensated personnel may assign a unit value for each call or each period of alert duty for the purpose of calculating ambulance service contributions. ~~An ambulance service with personnel for whom funding is provided under the paragraph that has ambulance attendants, ambulance drivers, and ambulance service medical directors qualified to have an ambulance service personnel incentive payment made on the person's behalf under section 353D.031 may discontinue that funding if the ambulance service has given its participating personnel at least 18 months notice of its intent to discontinue its funding of the plan.~~

Sec. 6. Minnesota Statutes 1991 Supplement, section 353D.05, subdivision 3, is amended to read:

Subd. 3. [ADMINISTRATIVE EXPENSES.] The public employees retirement association may deduct an amount to defray the expenses of the association in administering the plan. The amount must be set annually by the executive director of the association, but not to exceed two percent of the total amount of the employing unit contributions to the plan ~~and the ambulance service personnel incentive allocation received by the plan.~~

Sec. 7. Minnesota Statutes 1991 Supplement, section 353D.06, is amended to read:

#### 353D.06 [REPORTING.]

The executive director of the public employees retirement association shall prescribe the reporting forms required from employing units and the election forms required from participants. Reporting forms must contain names, identification numbers, amount of

contribution by and on behalf of each participant, and such other data as is required to keep an accurate record of the account value of each participant and to determine eligibility for aid allocations of ambulance service personnel incentive amounts under section 353D.031.

In the event an ambulance service fails to provide required information within 60 days after the public employees retirement association sends the service a notice that the information is overdue, its members forfeit the service units credited and its members are not entitled to the ambulance service personnel incentive amount allocated for that year. Ambulance services that provide fraudulent information are subject to criminal prosecution.

Sec. 8. [COMPREHENSIVE REVIEW OF THE STATE EMERGENCY MEDICAL SERVICES SYSTEM.]

Notwithstanding Laws 1990, chapter 568, article 2, section 95, to the contrary, the recommendations of the commissioner of health must be provided to the legislature by January 1, 1993.

“Section 1. Minnesota Statutes 1991 Supplement, section 16B.61, subdivision 3, is amended to read:

Subd. 3. [SPECIAL REQUIREMENTS.] (a) [SPACE FOR COMMUTER VANS.] The code must require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

(b) [SMOKE DETECTION DEVICES.] The code must require that all dwellings, lodging houses, apartment houses, and hotels as defined in section 299F.362 comply with the provisions of section 299F.362.

(c) [DOORS IN NURSING HOMES AND HOSPITALS.] The state building code may not require that each door entering a sleeping or patient's room from a corridor in a nursing home or hospital with an

approved complete standard automatic fire extinguishing system be constructed or maintained as self-closing or automatically closing.

(d) [CHILD CARE FACILITIES IN CHURCHES; GROUND LEVEL EXIT.] A licensed day care center serving fewer than 30 preschool age persons and which is located in a below ground space in a church building is exempt from the state building code requirement for a ground level exit when the center has more than two stairways to the ground level and its exit.

(e) [CHILD CARE FACILITIES IN CHURCHES; VERTICAL ACCESS.] Until August 1, 1996, an organization providing child care in an existing church building which is exempt from taxation under section 272.02, subdivision 1, clause (5), shall have five years from the date of initial licensure under chapter 245A to provide interior vertical access, such as an elevator, to persons with disabilities as required by the state building code. To obtain the extension, the organization providing child care must secure a \$2,500 performance bond with the commissioner of human services to ensure that interior vertical access is achieved by the agreed upon date.

(f) [FAMILY AND GROUP FAMILY DAY CARE.] The commissioner of administration shall establish a task force to determine occupancy standards specific and appropriate to family and group family day care homes and to examine hindrances to establishing day care facilities in rural Minnesota. The task force must include representatives from rural and urban building code inspectors, rural and urban fire code inspectors, rural and urban county day care licensing units, rural and urban family and group family day care providers and consumers, child care advocacy groups, and the departments of administration, human services, and public safety.

By January 1, 1989, the commissioner of administration shall report the task force findings and recommendations to the appropriate legislative committees together with proposals for legislative action on the recommendations.

Until the legislature enacts legislation specifying appropriate standards, the definition of Group R-3 occupancies in the state building code applies to family and group family day care homes licensed by the department of human services under Minnesota Rules, chapter 9502.

(g) [MINED UNDERGROUND SPACE.] Nothing in the state building codes shall prevent cities from adopting rules governing the excavation, construction, reconstruction, alteration, and repair of mined underground space pursuant to sections 469.135 to 469.141, or of associated facilities in the space once the space has been created, provided the intent of the building code to establish reasonable safeguards for health, safety, welfare, comfort, and security is maintained.

(h) [ENCLOSED STAIRWAYS.] No provision of the code or any appendix chapter of the code may require stairways of existing multiple dwelling buildings of two stories or less to be enclosed.

(i) [DOUBLE CYLINDER DEAD BOLT LOCKS.] No provision of the code or appendix chapter of the code may prohibit double cylinder dead bolt locks in existing single-family homes, townhouses, and first floor duplexes used exclusively as a residential dwelling. Any recommendation or promotion of double cylinder dead bolt locks must include a warning about their potential fire danger and procedures to minimize the danger.

(j) [RELOCATED RESIDENTIAL BUILDINGS.] A residential building relocated within or into a political subdivision of the state need not comply with the state energy code or section 326.371 provided that, where available, an energy audit is conducted on the relocated building.

(k) [AUTOMATIC GARAGE DOOR OPENING SYSTEMS.] The code must require all residential buildings as defined in section 325F.82 to comply with the provisions of sections 325F.82 and 325F.83.

(l) [EXIT SIGN ILLUMINATION.] The code must prohibit the use of ~~incandescent bulbs, except for battery-powered back-up bulbs,~~ in internally illuminated exit signs whose electrical consumption during non-emergency operation exceeds 20 watts of resistive power with a maximum total power consumption of 40 volt amperes (VA). All other requirements in the code for exit signs must be complied with. Power consumption in volt amperes is the resistive power divided by the power factor."

“Sec. 5. Minnesota Statutes 1990, section 473.3993, is amended to read:

473.3993 [LIGHT RAIL TRANSIT FACILITY PLANS; DEFINITIONS.]

Subdivision 1. [APPLICATION.] The definitions in this section apply to sections 473.3994 and 473.3996.

Subd. 2. [PRELIMINARY DESIGN PLAN.] “Preliminary design plan” means a light rail transit plan that identifies:

(1) preliminary plans for the physical design of facilities, including location, length, and termini of routes; general dimension, elevation, alignment, and character of routes and crossings; whether the track is elevated, on the surface, or below ground; approximate station locations; and related park and ride, parking, and other transportation facilities; and a plan for handicapped access; and

(2) preliminary plans for intermodal coordination with bus operations and routes; ridership; capital costs; operating costs and revenues, and sources of funds for operating subsidies; funding for final design, construction, and operation; and an implementation method.

The preliminary design plan includes the preliminary or draft environmental impact statement for the light rail transit facilities proposed.

Subd. 2a. [PRELIMINARY ENGINEERING PLAN.] “Preliminary engineering plan” means a light rail transit plan that includes the items in the preliminary design plan for the facilities proposed for construction, but with greater detail and specificity to satisfy final environmental impact statement requirements.

Subd. 3. [FINAL DESIGN PLAN.] “Final design plan” means a light rail transit plan that includes the items in the preliminary design plan and the preliminary engineering plan for the facilities proposed for construction, but with greater detail and specificity needed for construction. The final design plan must include, at a minimum:

(1) final plans for the physical design of facilities, including the right-of-way definition; environmental impacts and mitigation measures; intermodal coordination with bus operations and routes; and civil engineering plans for vehicles, track, stations, parking, and access, including handicapped access; and

(2) final plans for civil engineering for electrification, communication, and other similar facilities; operational rules, procedures, and strategies; capital costs; ridership; operating costs and revenues, and sources of funds for operating subsidies; financing for construction and operation; an implementation method; and other similar matters.

The final design plan must be stated with sufficient particularity and detail to allow the proposer to begin the acquisition and construction of operable facilities. If a turn-key implementation method is proposed, instead of civil engineering plans the final design plan must state detailed design criteria and performance standards for the facilities.”

Page 4, line 15, after the period, insert “The commissioner shall summarize the proceedings and testimony, and maintain the record of a hearing held under this section, including any written statements submitted.”

The Honorable Dee Long

The Honorable Jerome M. Hughes  
President of the Senate

We, the undersigned conferees for H. F. No. 2940, report that we have agreed upon the items in dispute and recommend as follows:

Subd. 4. [GENERAL FUND ADVANCES.] If the money in the trust fund is insufficient to make payments on the dates provided by law, but the commissioner estimates receipts for the ~~fiscal year~~ biennium will be sufficient, the commissioner shall advance money from the general fund to the trust fund necessary to make the payments. On or before the close of the biennium the trust shall repay the advances ~~with interest, calculated at the rate of earnings on invested treasurer's cash,~~ to the general fund.

Sec. 2. Minnesota Statutes 1991 Supplement, section 16A.711, is amended by adding a subdivision to read:

Subd. 5. [ADJUSTMENTS FOR LOCAL GOVERNMENT TRUST FUND REVENUES.] For the second fiscal year of each biennium, the commissioner of revenue shall make adjustments in aid amounts so that the anticipated total obligations of the local government trust fund are equal to anticipated total revenues.

In the event that anticipated total obligations of the trust fund exceed anticipated total revenues, each jurisdiction's aid will be reduced as provided under section 477A.0132. For fiscal year 1993 only, if reductions are necessary in an amount greater than \$6,700,000, the additional reduction for the shortfall beyond \$6,700,000 will be applied only to aids under section 477A.013.

In the event that anticipated total obligations of the trust fund are less than anticipated total revenues, aid amounts for the following programs will be proportionately increased to bring anticipated total expenditures into conformance with anticipated total revenues:

(1) local government aid and equalization aid under section 477A.013;

(2) community social services aid under section 256E.06; and

(3) county criminal justice aid under section 477A.0121.

If the commissioner estimates further aid adjustments are necessary after aid amounts have already been certified, but before all aid amounts have been paid, all remaining aid payments will be increased or decreased proportionately.

Sec. 3. [16A.712] [LOCAL GOVERNMENT TRUST; APPROPRIATIONS IN FISCAL YEAR 1993 AND SUBSEQUENT YEARS.]

(a) The amounts necessary to make the following payments in fiscal year 1993 and subsequent years are appropriated from the local government trust fund to the commissioner of revenue unless otherwise specified:

(2) in fiscal year 1993 only, supplemental homestead credit under section 273.1391. The school district's supplemental homestead credit shall be appropriated to the commissioner of education;

(3) \$560,000 in fiscal year 1993 and \$300,000 annually in fiscal years 1994 and 1995 for tax administration;

(4) \$105,000 annually to the commissioner of finance in fiscal years 1993, 1994, and 1995 to administer the trust fund;

(5) \$25,000 annually to the advisory commission on intergovernmental relations in fiscal years 1993, 1994, and 1995 to pay nonlegislative members' per diem expenses and such other expenses as the commission deems appropriate;

(6) \$350,000 in fiscal year 1993 and \$1,200,000 annually in fiscal years 1994 and 1995 to the intergovernmental information systems advisory council to develop a local government financial reporting system, with the participation and ongoing oversight of the legislative commission on planning and fiscal policy; and

(7) in fiscal year 1993 only, the transition credit under section 273.1398, subdivision 5, and the disparity reduction credit under section 273.1398, subdivision 4, for school districts. The school districts' transition credit and disparity reduction credit shall be appropriated to the commissioner of education.

(b) In addition, the legislature shall appropriate the rest of the trust fund receipts for fiscal year 1993 and subsequent years to finance intergovernmental aid formulas or programs prescribed by law.

Sec. 4. [207A.10] [REIMBURSEMENT OF ELECTION EXPENSES.]

Subdivision 1. [DUTIES OF SECRETARY OF STATE.] The secretary of state shall reimburse the counties and municipalities for expenses incurred in the administration of the presidential primary from the funds appropriated by the legislature for this purpose, as provided in this section. Up to \$7,500 of the appropriation for reimbursement of election expenses may be retained by the secretary of state to administer the reimbursement program.

Subd. 2. [REIMBURSABLE EXPENSES.] The following expenses are eligible for reimbursement: salaries of election judges; postage for absentee ballots; preparation of polling places, in an amount not to exceed \$25 per polling place; preparation of electronic voting systems or lever voting machines, in an amount not to exceed \$50 per precinct; compensation of county canvassing board members; and compensation for temporary staff or overtime payments.

Subd. 3. [CERTIFICATION OF COSTS.] The county auditor shall certify to the secretary of state the costs incurred by the county for the presidential primary. The municipal clerk shall certify to the secretary of state the costs incurred by the municipality for the presidential primary. If the total amount certified by all units for temporary staff and overtime payments exceeds \$480,000, the secretary of state shall reduce those amounts so that they do not exceed \$480,000. The secretary of state shall provide each county and municipality with the appropriate forms for this certification. The secretary of state may require that the county auditor or municipal clerk provide documentation of actual expenditures made for the presidential primary. The certification of costs must be submitted to the secretary of state no later than 60 days after the presidential primary. No reimbursement of expenses must be made unless the certification of costs has been submitted as provided in this subdivision.

Subd. 4. [APPORTIONMENT OF REIMBURSEMENTS.] If the total amount of requests for reimbursement of expenses exceeds the total amount appropriated to the secretary of state for this purpose, the secretary of state shall proportionately reduce the reimbursements so that they do not exceed the amount appropriated.

Notwithstanding subdivisions 1 and 2, the increased appropriation available in fiscal year 1994 and thereafter shall be used to increase each county's aid proportionately over the aid received in calendar year 1992. For calendar year 1993 only, each county's aid will be adjusted

appropriately to reflect the increase that is dictated to occur in the second half of the calendar year.

Sec. 8. Minnesota Statutes 1991 Supplement, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [~~ADDITIONAL HOMESTEAD AND AGRICULTURAL TRANSITION CREDIT GUARANTEE.~~] Beginning with taxes payable in 1990, each unique taxing jurisdiction may receive ~~additional homestead and agricultural transition credit guarantee~~ payments.

Each year, the commissioner shall determine the total education aids paid under chapters 124 and 124A, homestead and agricultural credit aid and disparity reduction aid paid under this section, local government aid to cities, counties, and towns paid under chapter 477A, and human services aids, including, for aids paid in 1991 and thereafter, the amount paid under subdivision 5b, paid to counties for each taxing jurisdiction. The commissioner shall apportion each governmental unit's aids to each school district portion of each city and town based upon the proportion that each school district portion of each city and town's tax capacity bears to the total tax capacity of the local governmental unit. For purposes of this subdivision, "governmental unit" includes counties, cities, towns, and school districts, and excludes special taxing districts.

If the amount determined is less than the amount of homestead credit and agricultural credit received by all properties for taxes payable in 1989 in the school district portion of each city or town, the difference will be ~~additional homestead and agricultural transition credit guarantee~~ payments for that school district portion of the city or town in the following taxes payable year. The additional credit amount shall proportionately reduce the local tax rates of all governmental units levying taxes within that school district portion of the city or town in the following year. The commissioner shall certify the amounts of additional credits determined under this subdivision to the county auditor at the time provided in subdivision 6. For aid payable in 1992 and subsequent years, the aid payable under this subdivision shall be reduced by any reductions required in the current year and permanent reductions required in previous years under section 477A.0132.

Sec. 9. Minnesota Statutes 1991 Supplement, section 273.1398, subdivision 7, is amended to read:

Subd. 7. [APPROPRIATION.] (a) An amount sufficient to pay the aids and credits provided under this section for school districts, intermediate school districts, or any group of school districts levying as a single taxing entity, except aid provided under subdivisions 4 and 5 for fiscal year 1993 only, is annually appropriated from the general fund to the commissioner of revenue education. An amount sufficient to pay the aids and credits provided under this section for

counties, cities, towns, and special taxing districts, except as provided under paragraph (b), is annually appropriated from the local government trust fund to the commissioner of revenue. A jurisdiction's aid amount may be increased or decreased based on any prior year adjustments for homestead credit or other property tax credit or aid programs.

(b) An amount sufficient to pay the aid provided under subdivision 5a is appropriated four percent from the local government trust fund and 96 percent from the general fund in fiscal year 1993 and entirely from the general fund in fiscal year 1994 and thereafter.

Sec. 10. Minnesota Statutes 1990, section 274.20, subdivision 4, is amended to read:

Subd. 4. [APPROPRIATION.] There is annually appropriated from the general fund to the commissioner of ~~revenue~~ education a sum sufficient to pay the aids provided under this section for school districts, intermediate school districts, or any group of school districts levying as a single taxing entity. There is annually appropriated from the local government trust fund to the commissioner of revenue a sum sufficient to pay the aids provided under this section to counties, cities, towns, and special taxing districts.

Sec. 11. Minnesota Statutes 1990, section 290A.23, is amended to read:

290A.23 [APPROPRIATION.]

interpretations of the information, with comments and recommendations. The data contained in the report on Part I offenses cleared by arrest, as defined by the United States Department of Justice, shall be collected and tabulated geographically at least on a county-by-county basis. In such reports the superintendent shall, from time to time, include recommendations to the legislature for dealing with crime and criminals and information as to conditions and methods in other states in reference thereto, and shall furnish a copy of such report to each member of the legislature.

Sec. 13. Minnesota Statutes 1991 Supplement, section 477A.012, subdivision 6, is amended to read:

Subd. 6. [AID OFFSET FOR 1992 COURT AND PUBLIC DEFENDER COSTS.] (a) There shall be deducted from the payment to a county under this section an amount equal to the cost of jury fees and, in the case of a county located in the third or sixth judicial district, of public defense services in juvenile and misdemeanor cases, to the extent those costs are assumed by the state for the fiscal year beginning on July 1, 1992. The amount of the deduction is computed as provided in this subdivision.

(d) One-half of the amount computed under paragraphs (b) and (c) for each county shall be deducted from each local government aid payment to the county under section 477A.015 in 1992 and each subsequent year. If the amount computed under paragraph (b) exceeds the amount payable to a county under subdivision 1, the excess shall be deducted from the aid payable to the county under section 273.1398, subdivision 2, and then, if necessary, from the disparity reduction aid under section 273.1398, subdivision 3. No payments shall be made from the local government trust fund to the general fund for county aid reductions under subdivisions 3, 4, and 6.

Sec. 14. [477A.0121] [COUNTY CRIMINAL JUSTICE AID.]

Subdivision 1. [PURPOSE.] County criminal justice aid is intended to reduce the reliance of county criminal justice and corrections programs and associated costs on local property taxes.

County criminal justice aids must be used to pay expenses associated with criminal justice activities including law enforcement, criminal adjudication, and corrections.

Subd. 2. [DEFINITIONS.] For the purposes of this section, the following definitions apply:

(1) "population" means the population according to the most recent federal census, or according to the state demographer's most recent estimate if it has been issued subsequent to the most recent federal census; and

By July 1 of each year the commissioner of public safety shall certify to the commissioner of revenue the number of Part I crimes reported for each county.

Subd. 3. [FORMULA.] Each calendar year, the commissioner of revenue shall distribute county criminal justice aid to each county in an amount determined according to the following formula:

(1) one-half shall be distributed to each county in the same proportion that the county's population is to the population of all counties in the state; and

(2) one-half shall be distributed to each county in the same proportion that the county's Part I crimes are to the total Part I crimes for all counties in the state.

Subd. 4. [PUBLIC DEFENDER COSTS.] Each calendar year, four percent of the total appropriation for this section shall be retained by the commissioner of revenue to make reimbursements to the commissioner of finance for payments made under section 611.27. The reimbursements shall be to defray the additional costs associated with court-ordered counsel under section 611.27. Any retained amounts not used for reimbursement in a year shall be carried over and distributed as additional county criminal justice aid in the following year.

Subd. 5. [PAYMENT DATES.] The aid amounts for each calendar year shall be paid as provided in section 477A.015.

Subd. 6. [REPORT.] By March 15 of each year following the year in which criminal justice aids are received, each county must file a report with the commissioner of revenue describing how criminal justice aids were spent, and demonstrating that they were used for criminal justice purposes.

Sec. 15. Minnesota Statutes 1991 Supplement, section 477A.013, subdivision 1, is amended to read:

Subdivision 1. [TOWNS.] In calendar year 1990, each town that had levied for taxes payable in the prior year a local tax rate of at least .008 shall receive a distribution equal to 106 percent of the amount received in 1989 under this subdivision. In calendar year years 1991 and subsequent years 1992, each town that had levied for taxes payable in the prior year a local tax rate of at least .008 shall receive a distribution equal to the amount it received in the previous year under this subdivision less any permanent reductions made under section 477A.0132. In 1993 and thereafter, each town that had levied for taxes payable in the prior year a local tax rate of at least .008 shall receive a distribution equal to the amount it received in 1992 before any nonpermanent reductions made under section 477A.0132 plus \$1 per capita based on the town's population.

Sec. 16. Minnesota Statutes 1991 Supplement, section 477A.013, subdivision 3, is amended to read:

Subd. 3. [CITY AID DISTRIBUTION.] In 1989, a city whose initial aid is greater than \$0 will receive the following aid increases in addition to an amount equal to the local government aid it received in 1988 under Minnesota Statutes 1987 Supplement, section 477A.013:

(1) for a city whose expenditure/unlimited aid ratio is at least 1.5, two percent of city revenue;

(2) for a city whose expenditure/unlimited aid ratio is at least 1.4 but less than 1.5, 2.5 percent of city revenue;

(3) for a city whose expenditure/unlimited aid ratio is at least 1.3 but less than 1.4, three percent of city revenue;

(4) for a city whose expenditure/unlimited aid ratio is at least 1.2 but less than 1.3, four percent of city revenue;

(5) for a city whose expenditure/unlimited aid ratio is at least 1.1 but less than 1.2, five percent of city revenue;

(6) for a city whose expenditure/unlimited aid ratio is at least 1.05 but less than 1.1, six percent of city revenue;

(7) for a city whose expenditure/unlimited aid ratio is at least 1.0 but less than 1.05, seven percent of city revenue;

(8) for a city whose expenditure/unlimited aid ratio is at least .95 but less than 1.0, 7.5 percent of city revenue;

(9) for a city whose expenditure/unlimited aid ratio is at least .75 but less than .95, 8.5 percent of city revenue; and

(10) for a city whose expenditure/unlimited aid ratio is less than .75, nine percent of city revenue.

In 1990, a city whose initial aid is greater than \$0 will receive an amount equal to the aid it received under this section in the year prior to that for which aids are being calculated plus an aid increase equal to 50 percent of the rates listed in clauses (1) to (10) multiplied by city revenue.

In 1991 and subsequent years 1992, a city will receive an amount equal to the local government aid it received under this section in the previous year, less any permanent reductions made under section 477A.0132.

In 1993 and thereafter, a city will receive an amount equal to 103 percent of the local government aid it received under this section in 1992 before any nonpermanent reductions made under section 477A.0132.

For aids payable in 1990, a city's aid increase under this subdivision is limited to the lesser of (1) 20 percent of its levy for taxes payable in the year prior to that for which aids are being calculated, or (2) its initial aid amount, or (3) 15 percent of the total local government aid amount received under this section in the previous year, provided that no city will receive an increase that is less than two percent of its 1989 local government aid for aids payable in 1990.

A city whose initial aid is \$0 will receive in 1990 an amount equal to 102 percent of the local government aid it received in 1989 under Minnesota Statutes 1988, section 477A.013. For purposes of this subdivision, the term "local government aid" does not include equalization aid amounts under subdivision 5.

Sec. 17. Minnesota Statutes 1990, section 477A.013, subdivision 5, is amended to read:

Subd. 5. [EQUALIZATION AID.] A city is eligible for equalization aid equal to the aid amount received under this subdivision in 1990 after the adjustments, if any, under subdivisions 6 and 7, plus an equalization aid increase equal to the product of (i) a city's average levy for the three immediately preceding years less the disparity reduction aids allocated to the city pursuant to section 273.1398, subdivision 3, for the year prior to the aid distribution, and less the equalization aid it received under this section in the year prior to that for which the aid is being calculated, (ii) .30, and (iii) one minus the ratio of the net tax capacity per capita to 900. The equalization aid increase under this section is limited to 12 percent of the total

aid the city received under this section in the prior year. The aid under this section cannot be less than zero. For the purposes of this subdivision, "levy" includes a city's levy on fiscal disparities distribution under section 473F.08, subdivision 3, paragraph (a).

If the amount ~~allocated under section 477A.03, subdivision 1, appropriated~~ is insufficient to pay the aid amounts calculated under this subdivision, the commissioner of revenue shall first proportionately reduce the equalization aid increase for each city so that the sum of the equalization aid amounts paid under this subdivision equals the amount ~~allocated in section 477A.03, subdivision 1 appropriated~~. If the equalization aid increase is reduced to zero and the amount ~~allocated under section 477A.03, subdivision 1, appropriated~~ is still insufficient to pay the aid amounts under this subdivision, the remaining amount of equalization aid for each city will be reduced proportionately so that the sum of the aid paid under this subdivision equals the amount ~~allocated in section 477A.03, subdivision 1 appropriated~~.

Sec. 18. Minnesota Statutes 1991 Supplement, section 477A.0132, is amended to read:

477A.0132 [AID REDUCTIONS TO LOCAL GOVERNMENTS.]

(d) For aids payable in 1992, there shall be a permanent reduction in aids to counties, cities, and special taxing districts of \$86,000,000. For purposes of this reduction, hospital districts are not considered special taxing districts.

(e) ~~For (b)~~ Aid reductions required under section 477A.014, ~~subdivision 1a~~ 16A.711, subdivision 5, there shall be a nonpermanent reduction ~~reductions~~ in aids to counties, cities, towns, and special taxing districts equal to the difference between the aid amounts certified to be paid and the amount appropriated ~~under~~

~~Laws 1991, chapter 291, article 2, section 3, of the appropriation to pay the aids.~~

Subd. 2. [CALCULATION OF AID REDUCTION.] The aid reduction to each local government as provided under subdivision 1 will be equal to the product of the reduction percentage and its reduction base. The reduction base is defined as the following:

(a) For subdivision 1, clause (a), the reduction base is equal to the adjusted revenue base for ~~1991~~ 1992.

(b) ~~For subdivision 1, clause (b), the reduction base is equal to the revenue base for 1992.~~

(c) For subdivision 1, clause (c), the reduction base is equal to the adjusted revenue base for ~~1992~~.

(d) ~~For subdivision 1, clause (d), the reduction base is equal to the adjusted revenue base for 1992.~~

(e) ~~For subdivision 1, clause (e), the reduction base is equal to the adjusted revenue base for the year in which the aid payment is to be made.~~

Subd. 3. [ORDER OF AID REDUCTIONS.] The aid reduction to a local government as calculated under subdivisions 1 and 2, is first applied to its local government aid under sections 477A.012 and 477A.013 excluding aid under section 477A.013, subdivision 5; then, if necessary, to its equalization aid under section 477A.013, subdivision 5; then if necessary, to its homestead and agricultural credit aid under section 273.1398, subdivision 2; and then, if necessary, to its disparity reduction aid under section 273.1398, subdivision 3; and then, if necessary, to its ~~homestead and agricultural transition credit guarantee~~ under section 273.1398, subdivision 5. No aid payment may be less than \$0. Aid reductions under this section in any given year shall be divided equally between the July 20 and December 15 aid payments unless specified otherwise in ~~subdivision 1.~~

Sec. 19. Minnesota Statutes 1991 Supplement, section 477A.03, subdivision 1, is amended to read:

Subdivision 1. For aid payments in 1993 and thereafter, local government aid to the city of Alden, Freeborn county, as determined under Minnesota Statutes, sections 477A.013 and 477A.0132, is increased by \$838. These amounts reimburse the city for state aid decreases attributable to an error in the city's 1990 levy, payable in 1991.

If local government aid provisions are enacted in 1992 or thereafter which do not use the city's 1990 levy as a base year to determine local government aids, this section does not apply to those aids.

The commissioner of revenue shall pay the local government aid under this section from the amounts appropriated to the commissioner by law from the local government trust fund for payment of local government aid. For purposes of any proportional increases or decreases in local government aid under Minnesota Statutes, section 16A.711, due to the amount of funds in the local government trust fund, payments under this section must be included in local government aid payable to the city of Alden.

Sec. 21. [LOCAL APPROVAL; EFFECTIVE DATE.]

Section 20 is effective the day following compliance with Minnesota Statutes, section 645.021, subdivision 3, by the governing body of the city of Alden.

Counties may apply for an aid adjustment on a form prescribed by the commissioner of revenue by July 1, 1992. The aggregate amount of all adjustments shall not exceed \$500,000. If the sum of all counties aid adjustments exceeds this amount, the commissioner shall proportionately reduce all adjustment amounts so that the total is \$500,000.

Sec. 23. [APPROPRIATION CANCELLATION.]

Any fiscal year 1993 appropriation from the general fund enacted prior to enactment of this act to pay community social services aids under Minnesota Statutes, section 256E.06, is canceled.

If any amount certified under section 4 remain unpaid on July 1, 1992, a sum sufficient to pay the remaining aids is carried forward to fiscal year 1993 provided the total appropriation does not exceed \$2,483,375.

Sec. 25. [INSTRUCTION TO REVISOR.]

In the next edition of Minnesota Statutes, the revisor of statutes shall change references to the homestead and agricultural credit guarantee to transition credit wherever the terms appear in Minnesota Statutes.

Sec. 26. [REPEALER.]

Minnesota Statutes 1991 Supplement, section 16A.711, subdivision 3; and Laws 1991, chapter 291, article 2, section 3, is repealed.

The property tax benefits under paragraph (c) shall be granted only to property owned or rented by persons or families within the qualifying income limits. The family income criteria and verification is only necessary at the time of initial occupancy in the property.

A unit which is rented by the occupant and used as a homestead by the occupant shall be class 4a or 4b property, under section 273.13, subdivision 25, whichever is applicable. The land upon which the building is located shall be assessed at the same class rate as the units within the building, provided that if the building contains some units assessed as class 1a and some units assessed as class 4a or 4b, the market value of the land will be assessed in the same proportions as the value of the building.

Sec. 12. Minnesota Statutes 1990, section 273.11, is amended by adding a subdivision to read:

Subd. 13. [VALUATION OF INCOME-PRODUCING PROPERTY.] Beginning with the 1995 assessment, only accredited assessors or senior accredited assessors may value income-producing property for ad valorem tax purposes. "Income-producing property" as used in this subdivision means the taxable property in class 3a and 3b in section 273.13, subdivision 24; class 4a and 4c, except for seasonal recreational property not used for commercial purposes, and class 4d in section 273.13, subdivision 25; and class 5 in section 273.13, subdivision 31.

Sec. 13. Minnesota Statutes 1991 Supplement, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] (a) Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a residential homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise as provided in subdivision 13, of the facts upon which classification as a homestead may be determined. Notwithstanding any other law, the assessor may at any time require a homestead application to be filed in order to verify that any property classified as a homestead continues to be eligible for homestead status.

(b) For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

(c) ~~In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny home-~~

stead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

(d) If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have a relative shown on the deed as a coowner, the assessor shall allow a full homestead classification. Residential real estate that is occupied and used for purposes of a homestead by a relative of the owner is a homestead but only to the extent of the homestead treatment that would be provided if the related owner occupied the property. For purposes of this paragraph, "relative" means a parent, stepparent, child, stepchild, spouse, grandparent, grandchild, brother, sister, uncle, or aunt. This relationship may be by blood or marriage. Property that was classified as seasonal recreational residential property at the time when treatment under this paragraph would first apply shall continue to be classified as seasonal recreational residential property for the first two assessment years beginning after the date when the relative of the owner occupies the property as a homestead; this delay also applies to property that, in the absence of this paragraph, would have been classified as seasonal recreational residential property at the time when the residence was constructed. Neither the related occupant nor the owner of the property may claim a property tax refund under chapter 290A for a homestead occupied by a relative. In the case of a residence located on agricultural land, only the house, garage, and immediately surrounding one acre of land shall be classified as a homestead under this paragraph.

(e) In the case of property owned and formerly occupied by two or more persons in joint tenancy or tenancy in common, when those persons are related to each other as parents and children or as stepparents and stepchildren, and when one or more of the owners ceases to occupy the property, the assessor shall continue to allow a full homestead classification as long as at least one of the owners continues to occupy the property for purposes of a homestead. This paragraph applies only to single family residential property.

Sec. 14. Minnesota Statutes 1991 Supplement, section 273.124, subdivision 6, is amended to read:

Subd. 6. [LEASEHOLD COOPERATIVES.] When one or more dwellings or one or more buildings which each contain several dwelling units is owned by a nonprofit corporation subject to the provisions of chapter 317A and qualifying under section 501(c)(3) or 501(c)(4) of the Internal Revenue Code of 1986, as amended through December 31, 1990, or a limited partnership which corporation or partnership operates the property in conjunction with a cooperative association, and has received public financing, homestead treatment may be claimed by the cooperative association on behalf of the

(c) to the extent permitted under state or federal law, the cooperative association must have a right under a written agreement with the owner to purchase the property if the owner proposes to sell it; if the cooperative association does not purchase the property it is offered for sale, the owner may not subsequently sell the property to another purchaser at a price lower than the price at which it was offered for sale to the cooperative association unless the cooperative association approves the sale;

For purposes of this clause, "member income" means the income of a member existing at the time the member acquires cooperative membership, and "median income" means the St. Paul-Minneapolis metropolitan area median income as determined by the United States Department of Housing and Urban Development;

(e) if a limited partnership owns the property, it must include as the managing general partner a nonprofit organization operating under the provisions of chapter 317A and qualifying under section 501(c)(3) or 501(c)(4) of the Internal Revenue Code of 1986, as amended through December 31, 1990, and the limited partnership agreement must provide that the managing general partner have sufficient powers so that it materially participates in the management and control of the limited partnership;

(g) if a dwelling unit of a building was occupied on the 60th day prior to the date on which the unit became leasehold cooperative property described in this subdivision, the notice described in paragraph (f) must have been sent by first class mail to the occupant of the unit at least 60 days prior to the date on which the unit became leasehold cooperative property. For purposes of the notice under this paragraph, the copies of the documents referred to in paragraph (f) may be in proposed version, provided that any subsequent material alteration of those documents made after the occupant has requested a copy shall be disclosed to any occupant who has requested a copy of the document. Copies of the articles of incorporation and certificate of limited partnership shall be filed with the secretary of state after the expiration of the 60-day period unless the change to leasehold cooperative status does not proceed; and

(h) the county attorney of the county in which the property is located must certify to the assessor that the property meets the requirements of this subdivision;

(i) the public financing received must be from at least one of the following sources:

(1) tax increment financing proceeds used for the acquisition or rehabilitation of the building or interest rate writedowns relating to the acquisition of the building;

(7) other rental housing program funds provided by the Minnesota housing finance agency for the acquisition or rehabilitation of the building;

(j) at the time of the initial request for homestead classification or of any transfer of ownership of the property, the governing body of the municipality in which the property is located must hold a public hearing and make the following findings:

(1) that the granting of the homestead treatment of the apartment's units will facilitate safe, clean, affordable housing for the cooperative members that would otherwise not be available absent the homestead designation;

(2) that the owner has presented information satisfactory to the governing body showing that the savings garnered from the homestead designation of the units will be used to reduce tenant's rents or provide a level of furnishing or maintenance not possible absent the designation; and

(3) that the requirements of paragraphs (b), (d), and (i) have been met.

Homestead treatment must be afforded to units occupied by members of the cooperative association and the units must be assessed as provided in subdivision 3, provided that any unit not so occupied shall be classified and assessed pursuant to the appropriate class. No more than three acres of land may, for assessment purposes, be included with each dwelling unit that qualifies for homestead treatment under this subdivision.

Sec. 15. Minnesota Statutes 1991 Supplement, section 273.124, subdivision 9, is amended to read:

If homestead classification has not been requested as of December 15, the assessor will classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

Sec. 16. Minnesota Statutes 1991 Supplement, section 273.124, subdivision 13, is amended to read:

Subd. 13. [SOCIAL SECURITY NUMBER REQUIRED FOR HOMESTEAD APPLICATION.] On or before January 2, 1993, each county assessor shall mail a homestead application to the owner of each parcel of property within the county which was classified as homestead for the 1992 assessment year. The format and contents of a uniform homestead application shall be prescribed by the commissioner of revenue. The commissioner shall consult with the chairs of the house and senate tax committees on the contents of the homestead application form. The application must clearly inform the taxpayer that this application must be signed by all owners of the property and returned to the county assessor in order for the property to continue receiving homestead treatment. The envelope containing the homestead application shall clearly identify its contents and alert the taxpayer of its necessary immediate response.

Every four years after the initial homestead application has been filed under this subdivision, a county shall mail a homestead application to the owner of each parcel of property to verify the continued eligibility for homestead status for all properties classi-

fied as homestead within the county in the prior year's assessment. The homestead application and procedures shall be done in the same manner as contained in this subdivision for the 1993 homestead application.

On the homestead application each owner shall disclose the location of any other residential property in the state in which the owner holds full or partial ownership and for which homestead status has been granted or has been applied for at the time of the application. Each owner must also disclose the name and social security number of any relative occupying a property qualifying as a homestead under section 273.124, subdivision 1, paragraph (c). Failure to disclose the information required under this paragraph may result in the imposition of the penalty provided under this subdivision.

Every property owner applying for homestead classification must furnish to the county assessor ~~that owner's~~ the social security number of each person who is listed as an owner of the property listed on the homestead application. If the social security number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.

If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under section 273.124, subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The social security number of each relative occupying the property and the social security number of each owner of the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy.

The homestead application shall also notify the property owners that the application filed under this section will not be mailed annually and that if the property is granted homestead status for the 1993 assessment, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the county within 30 days that the property has been sold, transferred, or that the owner or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

If the initial homestead application is not returned within 30 days, the county will send a second application to the present owners of record. The notice of proposed property taxes prepared under section 275.065, subdivision 3, shall reflect the property's classification. If a homestead application has not been filed with the county by December 15, the assessor shall classify the property as non-homestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

At the request of the commissioner, each county must give the commissioner a list that includes the name and social security number of each property owner applying for homestead classification under this subdivision.

If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that had been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, the taconite homestead credit under section 273.135, and the supplemental homestead credit under section 273.1391. The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead benefits plus a penalty equal to ~~50~~ 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered by the county from the property owner ~~must be transmitted to the commissioner by the end of each calendar quarter~~ shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

~~The commissioner will provide suggested homestead applications to each county.~~ If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

Sec. 17. Minnesota Statutes 1991 Supplement, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first \$72,000 of market value of class 1a property has a net class rate of one percent of its market value and a gross class rate of 2.17 percent of its market value. For taxes payable in 1992, the market value of class 1a property that exceeds \$72,000 but does not exceed \$115,000 has a class rate of two percent of its market value; and the market value of class 1a property that exceeds \$115,000 has a class rate of 2.5 percent of its market value. For taxes payable in 1993 and thereafter, the market value of class 1a property that exceeds \$72,000 has a class rate of two percent.

(b) Class 1b property includes real estate or manufactured homes used for the purposes of a homestead by

(1) any blind person, if the blind person is the owner thereof or if the blind person and the blind person's spouse are the sole owners thereof; or

(2) any person, hereinafter referred to as "veteran," who:

(i) served in the active military or naval service of the United States; and

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's

disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

(3) any person who:

(i) is permanently and totally disabled and

(ii) receives 90 percent or more of total income from

(A) aid from any state as a result of that disability; or

(B) supplemental security income for the disabled; or

(C) workers' compensation based on a finding of total and permanent disability; or

(D) social security disability, including the amount of a disability insurance benefit which is converted to an old age insurance benefit and any subsequent cost of living increases; or

(E) aid under the Federal Railroad Retirement Act of 1937, United States Code Annotated, title 45, section 228b(a)5; or

(F) a pension from any local government retirement fund located in the state of Minnesota as a result of that disability; or

(4) any person who is permanently and totally disabled and whose household income as defined in section 290A.03, subdivision 5, is 150 percent or less of the federal poverty level.

Property is classified and assessed under clause (4) only if the government agency or income-providing source certifies, upon the request of the property owner, that the property owner satisfies the disability requirements of this subdivision.

Property is classified and assessed pursuant to clause (1) only if the commissioner of jobs and training certifies to the assessor that the owner of the property satisfies the requirements of this subdivision.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net class rate of .45 percent of its market value and a gross class rate of .87 percent of its market value. The remaining market value of class 1b property has a gross or net class rate using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 225 250 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort or a partner in a partnership that owns the resort, even if the title to the homestead is held by the corporation or partnership. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used or available for use for residential occupancy and a fee is charged for residential occupancy. Class 1c property has a class rate of .8 percent of the first \$32,000 of market value and one percent of market value in excess of \$32,000 for taxes payable in 1992, and one percent of total market value for taxes payable in 1993 and thereafter with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

Sec. 18. Minnesota Statutes 1991 Supplement, section 273.13, subdivision 25, as amended by Laws 1992, chapter 363, article 1, section 12, subdivision 1, is amended to read:

Subd. 25. [CLASS 4.] (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. Class 4a property has a class rate of 3.5 percent of market value for taxes payable in 1992, and 3.4 percent of market value for taxes payable in 1993 and thereafter.

(b) Class 4b includes:

- (1) residential real estate containing less than four units, other than seasonal residential, and recreational;
- (2) manufactured homes not classified under any other provision;
- (3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4b property has a class rate of 2.8 percent of market value for taxes payable in 1992, 2.5 percent of market value for taxes payable in 1993, and 2.3 percent of market value for taxes payable in 1994 and thereafter.

(c) Class 4c property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low- and moderate-income families as defined in Title II, as amended through December 31, 1990, of the National Housing Act or the Minnesota housing finance agency law of 1971 or rules promulgated by the agency and financed by a direct federal loan or federally insured loan made pursuant to Title II of the Act; or

(ii) situated on real property that is used for housing the elderly or for low- and moderate-income families as defined by the Minnesota housing finance agency law of 1971, as amended, or rules adopted by the agency pursuant thereto and financed by a loan made by the Minnesota housing finance agency pursuant to the provisions of the act.

This clause applies only to property of a nonprofit or limited dividend entity. Property is classified as class 4c under this clause for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan.

(2) a structure that is:

(i) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended; and

(ii) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Property is classified as class 4c under this clause for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter; and

(3) a qualified low-income building as defined in section 42(c)(2) of the Internal Revenue Code of 1986, as amended through December 31, 1990, that (i) receives a low-income housing credit under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1990; or (ii) meets the requirements of that section and receives public financing, except financing provided under sections 469.174 to 469.179, which contains terms restricting the rents; or (iii) meets the requirements of section 273.1317. Classification pursuant to this clause is limited to a term of 15 years.

For all properties described in clauses (1), (2), and (3) and in paragraph (d), the market value determined by the assessor must be

based on the normal approach to value using normal unrestricted rents unless the owner of the property elects to have the property assessed under Laws 1991, chapter 291, article 1, section 55. If the owner of the property elects to have the market value determined on the basis of the actual restricted rents, as provided in Laws 1991, chapter 291, article 1, section 55, the property will be assessed at the rate provided for class 4a or class 4b property, as appropriate. Properties described in clauses (1)(ii), (3), and (4) may apply to the assessor for valuation under Laws 1991, chapter 291, article 1, section 55. The land on which these structures are situated has the class rate given in paragraph (b) if the structure contains fewer than four units, and the class rate given in paragraph (a) if the structure contains four or more units. This clause applies only to the property of a nonprofit or limited dividend entity.

(4) a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. This clause does not apply to any portion of the land or improvements used for nonresidential purposes. For purposes of this clause, a lower income family is a family with an income that does not exceed 65 percent of the median family income for the area, and a lower income individual is an individual whose income does not exceed 65 percent of the median individual income for the area, as determined by the United States Secretary of Housing and Urban Development. For purposes of this clause, "neighborhood real estate trust" means an entity which is certified by the governing body of the municipality in which it is located to have the following characteristics:

(a) it is a nonprofit corporation organized under chapter 317A;

(b) it has as its principal purpose providing housing for lower income families in a specific geographic community designated in its articles or bylaws;

(c) it limits membership with voting rights to residents of the designated community; and

(d) it has a board of directors consisting of at least seven directors, 60 percent of whom are members with voting rights and, to the extent feasible, 25 percent of whom are elected by resident members of buildings owned by the trust; and

(5) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause,

property is devoted to a commercial purpose on a specific day if any portion of the property is used, ~~or available for use~~ for residential occupancy, and a fee is charged for residential occupancy. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Class 4c property classified in this clause also includes the remainder of class 1c resorts. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The first \$100,000 of the market value of the remainder of the cabins or units and a proportionate share of the land on which they are located shall have a class rate of three percent. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the second year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(6) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or nonintoxicating malt liquor establishment licensed under chapter 340A, a restaurant open to the

public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(7) post-secondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus; and

(8) manufactured home parks as defined in section 327.14, subdivision 3.

Class 4c property has a class rate of 2.3 percent of market value, except that (i) seasonal residential recreational property not used for commercial purposes under clause (5) has a class rate of 2.2 percent of market value for taxes payable in 1992, and for taxes payable in 1993 and thereafter, the first \$72,000 of market value has a class rate of two percent and the market value that exceeds \$72,000 has a class rate of 2.5 percent, and (ii) manufactured home parks assessed under clause (8) have a class rate of two percent for taxes payable in 1993 only.

(d) Class 4d property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low and moderate income families as defined by the Farmers Home Administration;

(ii) located in a municipality of less than 10,000 population; and

(iii) financed by a direct loan or insured loan from the Farmers Home Administration. Property is classified under this clause for 15 years from the date of the completion of the original construction or for the original term of the loan.

The class rates in paragraph (c), clauses (1), (2), and (3) and this clause apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to

January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. For property for which application is made for 4c or 4d classification for taxes payable in 1994 and thereafter, and which was not classified 4c or 4d for taxes payable in 1993, 4c or 4d classification is available only for those units meeting the requirements of section 273.1318.

Classification under this clause is only available to property of a nonprofit or limited dividend entity.

(2) For taxes payable in 1992, 1993 and 1994, only, buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income, adjusted for family size and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

(3) For taxes payable in 1992, 1993 and 1994, only, federally acquired buildings under four units and appurtenances, together with the land upon which they are located that is leased to a nonprofit corporation organized under chapter 317A that qualifies for tax exempt status under United States Code, title 26, section 501(c), or a housing and redevelopment authority authorized under sections 469.001 to 469.047; the purpose of the lease must be to allow the nonprofit corporation to provide transitional housing for homeless persons under the program established in Code of Federal Regulations, title 55, section 49489. As used in this clause, "transitional housing" has the meaning given in section 268.38, subdivision 1, except that the two-year restriction does not apply. If the property is purchased from the federal government by the nonprofit corporation for the purpose of continuing to provide transitional housing after the expiration of the lease, the property shall continue to be eligible for this classification. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the county assessor to determine qualification under this clause. Property qualifying under this clause in 1992, 1993, or 1994 continues to receive a two percent class rate until the five-year lease has expired provided that the property continues to be used for the purposes as described in this clause. Qualifying buildings and appurtenances, together with the land upon which they are located,

leased for a period of up to five years by the occupant under a lease-purchase program administered by the Minnesota housing finance agency or a housing and redevelopment authority authorized under sections 469.001 to 469.047, provided the occupant's income is no greater than 80 percent of the county or area median income, adjusted for family size and the building consists of two or less dwelling units. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. The administering agency shall verify the occupants income eligibility and certify to the county assessor that the occupant meets the income criteria under this paragraph. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. For purposes of this section, "qualifying buildings and appurtenances" shall be defined as one or two unit residential buildings which are unoccupied and have been abandoned and boarded for at least six months.

Class 4d property has a class rate of two percent of market value.

(e) Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b), clauses (1) and (3); paragraph (c), clause (1), (2), (3), or (4), is assessed at the class rate applicable to it under Minnesota Statutes 1988, section 273.13, if it is found to be a substandard building under section 273.1316. Residential rental property that would otherwise be assessed as class 4 property under paragraph (d) is assessed at 2.3 percent of market value if it is found to be a substandard building under section 273.1316.

Sec. 19. [273.1318] [CLASS 4C LOW-INCOME HOUSING; ELIGIBLE UNITS.]

Subdivision 1. [INCOME LIMITATION.] (a) Subject to the exception in paragraph (b), for a building for which application is made for class 4c for taxes payable in 1994 and thereafter, and which was not class 4c for taxes payable in 1993, only those units occupied by a household whose income is 100 percent or less of the county or area median income adjusted for family size as determined by the department of housing and urban development are eligible for class 4c.

(b) For a building for which application is made for class 4c for taxes payable in 1994 and thereafter, and which was not class 4c for taxes payable in 1993, but for which a formal application was received by a local, state, or federal agency for financing, refinancing, or insurance before July 1, 1992, the income limit is 100 percent or less of county or area median income not adjusted for family size as determined by the department of housing and urban development.

Subd. 2. [ANNUAL DETERMINATION.] With regard to build-

ings, the construction of which had been commenced after December 31, 1982; or the project of which the building was a part was approved by the governing body of the municipality in which it is located subsequent to June 29, 1983; or financing of the project had been approved by a federal or state agency subsequent to June 29, 1983, a governmental agency providing financing or mortgage insurance for a building qualifying for class 4c or 4d or other entity must annually review income records maintained by the owner of the property to determine the units that qualify for a class 4c or 4d rate under this section. The income records must reflect household income at the commencement of the tenancy, and thereafter, when household composition changes. If the entity is not a governmental agency, the entity must be approved by the department of revenue. The agency or other entity shall report to the assessor responsible for assessing the property at the time and in the manner required by the assessor. The income records must be made available to the assessor. The assessor shall determine the units that qualify for a class 4c or 4d rate.

Sec. 20. Minnesota Statutes 1990, section 274.19, subdivision 8, is amended to read:

Subd. 8. [MANUFACTURED HOMES; SECTIONAL STRUCTURES.] (a) In this section, "manufactured home" means a structure transportable in one or more sections, which is built on a permanent chassis, and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and contains the plumbing, heating, air conditioning, and electrical systems in it. "Manufactured home" includes any accessory structure that is an addition or supplement to the manufactured home and, when installed, becomes a part of the manufactured home.

(b) A manufactured home that meets each of the following criteria must be valued and assessed as an improvement to real property, the appropriate real property classification applies, and the valuation is subject to review and the taxes payable in the manner provided for real property:

(1) the owner of the unit holds title to the land on which it is situated;

(2) the unit is affixed to the land by a permanent foundation or is installed at its location in accordance with the manufactured home building code in sections 327.31 to 327.34, and rules adopted under those sections, or is affixed to the land like other real property in the taxing district; and

(3) the unit is connected to public utilities, has a well and septic tank system, or is serviced by water and sewer facilities comparable to other real property in the taxing district.

(c) A manufactured home that meets each of the following criteria must be assessed at the rate provided by the appropriate real property classification but must be treated as personal property, and the valuation is subject to review and the taxes payable in the manner provided in this section:

(1) the owner of the unit is a lessee of the land under the terms of a lease;

(2) the unit is affixed to the land by a permanent foundation or is installed at its location in accordance with the manufactured homes building code contained in sections 327.31 to 327.34, and the rules adopted under those sections, or is affixed to the land like other real property in the taxing district; and

(3) the unit is connected to public utilities, has a well and septic tank system, or is serviced by water and sewer facilities comparable to other real property in the taxing district.

(d) Sectional structures must be valued and assessed as an improvement to real property if the owner of the structure holds title to the land on which it is located or is a qualifying lessee of the land under section 273.19. In this paragraph "sectional structure" means a building or structural unit that has been in whole or substantial part manufactured or constructed at an off-site location to be wholly or partially assembled on-site alone or with other units and attached to a permanent foundation.

(e) The commissioner of revenue may adopt rules under the administrative procedure act to establish additional criteria for the classification of manufactured homes and sectional structures under this subdivision.

(f) A storage shed, deck, or similar improvement constructed on property that is leased or rented as a site for a manufactured home, sectional structure, park trailer, or travel trailer is taxable as provided in this section. The property is taxable as personal property to the lessee of the site if it is not owned by the owner of the site. The property is taxable as real estate if it is owned by the owner of the site. As a condition of permitting the owner of the manufactured home, sectional structure, park trailer, or travel trailer to construct improvements on the leased or rented site, the owner of the site must obtain the permanent home address of the lessee or user of the site. The site owner must provide the name and address to the assessor upon request.

Sec. 21. Minnesota Statutes 1991 Supplement, section 275.125, subdivision 6j, is amended to read:

For purposes of this subdivision, "population" of the school district means the same as contained in section 275.14. The proceeds of the levy must be used for reimbursing the cities and counties who contract with the school district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison services in the district's middle and secondary schools; and (2) to ~~teach drug abuse resistance education curricula~~ pay the costs for a drug abuse prevention program as defined in Minnesota Statutes 1991 Supplement, section 609.101, subdivision 3, paragraph (f) in the elementary schools; and (3) to pay the costs incurred for the salaries and benefits of peace officers and sheriffs whose primary responsibilities are to investigate controlled substance crimes under chapter 152. The school district must initially attempt to contract for these services with the police department of each city or the sheriff's department of the county within the school district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries. The levy authorized under this subdivision is not included in determining the school district's levy limitations and must be disregarded in computing any overall levy limitations under sections 275.50 to 275.56 of the participating cities or counties.

Sec. 22. Minnesota Statutes 1991 Supplement, section 275.61, is amended to read:

**275.61 [REFERENDUM LEVY; MARKET VALUE.]**

For local governmental subdivisions other than school districts, any levy, including the issuance of debt obligations payable in whole or in part from property taxes, required to be approved and approved by the voters at a general or special election for taxes payable in 1993 and thereafter, shall be levied against the market value of all taxable property within the governmental subdivision. Any levy amount subject to the requirements of this section shall be certified separately to the county auditor under section 275.07.

[CERTIFICATION TO MANUFACTURED HOME OWNER.] On or before October 15 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the personal property taxes due on August 31 are delinquent as of September 30. On or before December 31 of each year, the county auditor shall send a letter to each owner of a manufactured home for which the taxes due on August 31 were not delinquent but the personal property taxes due on November 15 are delinquent as of December 15. Subd. 2. [ESTABLISHMENT OF TAX ESCROW ACCOUNTS.] The county auditor ~~must~~ may establish a tax escrow account for delinquent property taxes for ~~each~~ an owner ~~receiving a letter who receives a notice under subdivision 1 if the county does not initiate the process provided under section 47.209.~~ If an escrow account is established for an owner who receives a notice regarding taxes due August 31, the owner must pay an additional amount each month equal to ten percent of the delinquent personal property taxes, penalties, and interest due, plus ten percent of the tax payable in the following calendar year. If the owner fails to pay the tax due on November 15, the additional amount of tax due but unpaid will be added to the delinquent property taxes payable by installment under this section. If an escrow account is established for an owner who receives a notice regarding taxes due November 15, the owner must pay an additional amount each month equal to 15 percent of the delinquent taxes, penalties, and interest due, plus 12 percent of the tax payable in the following calendar year.

The commissioner of revenue shall prescribe the procedures to be used for monthly collections of the delinquent and current tax payments. If an owner is making the payments at the time required under this section, no action may be taken under

section 277.20 with respect to the manufactured home for which the property taxes are being paid into the escrow account.

Sec. 24. Minnesota Statutes 1991 Supplement, section 278.05, subdivision 6, is amended to read:

(b) Provided that the information as contained in paragraph (a) is timely submitted to the county assessor, the county assessor shall furnish the petitioner at least five days before the hearing under this chapter with the property's appraisal, if any, which will be presented to the court at the hearing. The petitioner shall furnish to the county assessor at least five days before the hearing under this chapter with the property's appraisal, if any, which will be presented to the court at the hearing. An appraisal of the petitioner's property done by or for the county or by or for the petitioner shall not be admissible as evidence if the provisions within this paragraph are not met.

Sec. 25. Minnesota Statutes 1991 Supplement, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, a penalty shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer. The penalty shall be at a rate of ~~three~~ two percent on homestead property ~~and seven percent until May 31 and four percent on June 1.~~ The penalty on nonhomestead property shall be at a rate of four percent until May 31 and eight percent on June 1. This penalty shall not accrue until June 1 of each year, or 21 days after the postmark date on the envelope containing the property tax statements, whichever is later, on commercial use real property used for seasonal residential recreational purposes and classified as class 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1, or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead

and nonhomestead property, on the first day of each month beginning July 1, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes provided that if the due date was extended beyond May 15 as the result of any delay in mailing property tax statements no additional penalty shall accrue if the tax is paid by the extended due date. If the tax is not paid by the extended due date, then all penalties that would have accrued if the due date had been May 15 shall be charged. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of ~~four~~ two percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November an additional penalty of four percent shall accrue and on the first day of December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following.

This section applies to payment of personal property taxes assessed against improvements to leased property, except as provided by section 277.01, subdivision 3.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 26. Minnesota Statutes 1991 Supplement, section 281.17, is amended to read:

## 281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale, except that the period of redemption for nonhomesteaded agricultural land as defined in section 273.13, subdivision 23, paragraph (b), shall be two years from the date of sale if at that time that property is owned by a person who owns one or more parcels of property on which taxes are delinquent, and (1) the aggregate tax capacity of that property exceeds five percent of the total tax capacity of the school district in which the property is located, or (2) the delinquent taxes are more than 25 percent of the prior year's school district levy.

Sec. 27. Minnesota Statutes 1990, section 282.01, subdivision 7, is amended to read:

Subd. 7. [SALES, WHEN COMMENCED, HOW LAND OFFERED FOR SALE.] The sale herein provided for shall commence at such time as the county board of the county wherein such parcels lie, shall direct. The county auditor shall offer the parcels of land in order in which they appear in the notice of sale, and shall sell them to the highest bidder, but not for a less sum than the appraised value, until all of the parcels of land shall have been offered, and thereafter shall sell any remaining parcels to anyone offering to pay the appraised value thereof, except that if the person could have repurchased a parcel of property under section 282.012 or 282.241, that person shall not be allowed to purchase that same parcel of

property at the sale under this subdivision unless approved by the county board. Said sale shall continue until all such parcels are sold or until the county board shall order a reappraisal or shall withdraw any or all such parcels from sale. Such list of lands may be added to and the added lands may be sold at any time by publishing the descriptions and appraised values of such parcels of land as shall have become forfeited and classified as nonconservation since the commencement of any prior sale or such parcels as shall have been reappraised, or such parcels as shall have been reclassified as nonconservation or such other parcels as are subject to sale but were omitted from the existing list for any reason in the same manner as hereinafter provided for the publication of the original list, provided that any parcels added to such list shall first be offered for sale to the highest bidder before they are sold at appraised value. All parcels of land not offered for immediate sale, as well as parcels of such lands as are offered and not immediately sold shall continue to be held in trust by the state for the taxing districts interested in each of said parcels, under the supervision of the county board, and such parcels may be used for public purposes until sold, as the county board may direct.

Sec. 28. Minnesota Statutes 1990, section 282.012, is amended to read:

282.012 [PRIOR OWNER MAY PURCHASE; CONDITIONS.]

At any time not less than least one week prior to before the date of ~~such~~ sale, the person who was the owner of any included parcel ~~at the time~~ when it forfeited to the state for nonpayment of taxes, or the person's heirs, successors or assigns or any person to whom the right to pay taxes on such lands was given by statute, mortgage, or other agreement, may purchase ~~such~~ the parcel ~~at~~. The purchase price is the greater of (1) the appraised value thereof, of the parcel, or (2) the sum of all delinquent taxes and assessments, computed under section 282.251, together with penalties, interest, and costs, that accrued or would have accrued if the parcel had not forfeited to the state. The purchaser's title and right ~~to be~~ is conditioned upon the primary use as designated by the resolution of the county board. The right of ~~such~~ the purchaser to purchase shall be evidenced by the purchaser's duly verified written application showing the qualifications as hereinabove prescribed required by this section and filed with the county auditor.

Sec. 29. Minnesota Statutes 1990, section 282.241, is amended to read:

282.241 [REPURCHASE AFTER FORFEITURE FOR TAXES.]

The owner at the time of forfeiture, or the owner's heirs, devisees, or representatives, or any person to whom the right to pay taxes was given by statute, mortgage, or other agreement, may repurchase any

parcel of land claimed by the state to be forfeited to the state for taxes unless ~~prior to~~ before the time repurchase is made ~~such the~~ parcel shall have been is sold under installment payments, or otherwise, by the state as provided by law, or is under mineral prospecting permit or lease, or proceedings have been commenced by the state or any of its political subdivisions or by the United States to condemn such parcel of land. ~~Said~~ The parcel of land may be repurchased for a ~~sum equal to the aggregate.~~ The repurchase price is the greater of (1) the appraised value of the parcel, or (2) the sum of all delinquent taxes and assessments computed as provided by under section 282.251, together with penalties, interest, and costs, which did that accrued or would have accrued if such the parcel of land had not forfeited to the state. Except for property which was homesteaded on the date of forfeiture, such repurchase shall be permitted during one year only from the date of forfeiture, and in any case only after the adoption of a resolution by the board of county commissioners determining that thereby undue hardship or injustice resulting from the forfeiture will be corrected, or that permitting such repurchase will promote the use of such lands that will best serve the public interest. If the county board has good cause to believe that a repurchase installment payment plan for a particular parcel is unnecessary and not in the public interest, the county board may require as a condition of repurchase that the entire repurchase price be paid at the time of repurchase. A repurchase shall be subject to any easement, lease, or other encumbrance granted by the state prior thereto, and if said land is located within a restricted area established by any county under Laws 1939, chapter 340, such repurchase shall not be permitted unless said resolution with respect thereto is adopted by the unanimous vote of the board of county commissioners.

Sec. 30. Minnesota Statutes 1991 Supplement, section 290A.04, subdivision 2h, is amended to read:

Subd. 2h. (a) If the gross property taxes payable on a homestead increase more than ~~ten~~ 12 percent over the net property taxes payable in the prior year on the same property that is owned by the same owner in both years, and the amount of that increase is ~~\$40 or more for taxes payable in 1990 and 1991, \$60 or more for taxes payable in 1992, \$80 or more for taxes payable in 1993, and \$100 or more for taxes payable in 1994,~~ a claimant who is a homeowner shall be allowed an additional refund equal to the sum of ~~(1) 75 percent of the first \$250 of the amount of the increase over ten percent for taxes payable in 1990 and 1991, 75 percent of the first \$275 of the amount of the increase over ten percent for taxes payable in 1992, 75 percent of the first \$300 of the amount of the increase over ten~~ the greater of 12 percent of the prior year's net property taxes payable or \$80 for taxes payable in 1993, and 75 percent of the first \$325 of the amount of the increase over ten percent the greater of 12 percent of the prior year's net property taxes payable or \$100 for taxes payable in 1994, and ~~(2) 90 percent of the amount of the increase over ten percent plus~~

~~\$250 for taxes payable in 1990 and 1991, 90 percent of the amount of the increase over ten percent plus \$275 for taxes payable in 1992, 90 percent of the amount of the increase over ten percent plus \$300 for taxes payable in 1993, and 90 percent of the amount of the increase over ten percent plus \$325 for taxes payable in 1994. This subdivision shall not apply to any increase in the gross property taxes payable attributable to improvements made to the homestead after the assessment date for the prior year's taxes.~~

In the case of refunds for property taxes payable in 1993 and thereafter, the maximum refund allowed under this subdivision is \$1,500.

(b) For purposes of this subdivision, the following terms have the meanings given:

(1) "Net property taxes payable" means property taxes payable after reductions made under sections 273.13, subdivisions 22 and 23; 273.135; 273.1391; and 273.42, subdivision 2, and any other state paid property tax credits and after the deduction of tax refund amounts for which the claimant qualifies pursuant to subdivision 2 and this subdivision.

~~On or before December 1, 1990, and December 1 of each of the following three years 1993, the commissioner shall estimate the cost of making the payments provided by this subdivision for taxes payable in the following year. Notwithstanding the open appropriation provision of section 290A.23, if the estimated total refund claims for taxes payable in 1991, 1993, or 1994 exceed the following amounts for the taxes payable year designated \$5,500,000, the commissioner shall increase the dollar \$100 amount of tax increase which must occur before a taxpayer qualifies for a refund, and increase by an equal amount the \$100 threshold used in determining the amount of the refund, so that the estimated total refund claims do not exceed the appropriation limit \$5,500,000.~~

Taxes payable in:

1991  
1993  
1994

Appropriation limit

\$13,000,000  
\$ 6,000,000  
\$ 5,500,000

The determinations of the revised thresholds by the commissioner are not rules subject to chapter 14.

Sec. 31. [290A.25] [VERIFICATION OF SOCIAL SECURITY NUMBERS.]

Annually, the commissioner of revenue shall furnish a list to the county assessor containing the names and social security numbers of persons who have applied for both homestead classification under section 273.13 and a property tax refund as a renter under this chapter.

Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was improperly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead benefits that has been improperly allowed. For the purpose of this section, "homestead benefits" means the tax reduction resulting from the classification as a homestead under section 273.13, and the taconite homestead credit under section 273.1391. The county auditor shall send a notice to the owners of the property, demanding reimbursement of the homestead benefits plus a penalty equal to 100 percent of the homestead benefits. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount of taxes and penalty to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered by the county from the property owner shall be distributed to the county, city or town, and school district where the property is located in the same proportion that each taxing district's levy was to the total of the three taxing districts' levy for the current year. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The total amount of penalty collected must be deposited in the county general fund.

**327C.12 [RETIALIATORY CONDUCT PROHIBITED.]**

A park owner may not increase rent, decrease services, alter an existing rental agreement or seek to recover possession or threaten such action in whole or in part as a penalty for a resident's:

(a) good faith complaint to the park owner or to a government agency or official; ~~or~~

(b) good faith attempt to exercise rights or remedies pursuant to state or federal law. In any proceeding in which retaliatory conduct is alleged, the burden of proving otherwise shall be on the park owner if the owner's challenged action began within 90 days after the resident engaged in any of the activities protected by this section. If the challenged action began more than 90 days after the resident engaged in the protected activity, the party claiming retaliation must make a prima facie case. The park owner must then prove otherwise; or

(c) joining and participating in the activities of a resident association as defined under section 327C.01, subdivision 9a.

Sec. 34. Minnesota Statutes 1991 Supplement, section 375.192, subdivision 2, is amended to read:

Subd. 2. Upon written application by the owner of the property, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties, or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties, or interest which have been erroneously or unjustly paid. The county board may also grant the abatement of penalties for taxes paid within 30 days of the due date, regardless of the classification of the property. The application must include the social security number of the applicant. The social security number is private data on individuals as defined by section 13.02, subdivision 12. The application must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board. If the application is for abatement of penalty or interest, the application must be approved by the county treasurer and county auditor. No reduction, abatement, or refund of any special assessments made or levied by any municipality for local improvements shall be made unless it is also approved by the board of review or similar taxing authority of the municipality. Before taking action on any reduction or abatement where the reduction of taxes, costs, penalties, and interest exceed \$10,000, the county board shall give 20 days' notice to the school board and the municipality in which the property is

located. The notice must describe the property involved, the actual amount of the reduction being sought, and the reason for the reduction. If the school board or the municipality object to the granting of the reduction or abatement, the county board must refer the abatement or reduction to the commissioner of revenue with its recommendation. The commissioner shall consider the abatement or reduction under section 270.07, subdivision 1.

An appeal may not be taken to the tax court from any order of the county board made in the exercise of the discretionary authority granted in this section.

The county auditor shall notify the commissioner of revenue of all abatements resulting from the erroneous classification of real property, for tax purposes, as nonhomestead property. For the abatements relating to the current year's tax processed through June 30, the auditor shall notify the commissioner on or before July 31 of that same year of all abatement applications granted. For the abatements relating to the current year's tax processed after June 30 through the balance of the year, the auditor shall notify the commissioner on or before the following January 31 of all applications granted. The county auditor shall submit a form containing the social security number of the applicant and such other information the commissioner prescribes.

Sec. 35. Minnesota Statutes 1990, section 381.12, subdivision 2, is amended to read:

Subd. 2. [EXPENSE, TAX LEVY.] ~~For the purpose of defraying the expense incurred, or to be incurred in the preservation and restoration of monuments under this section,~~ The county board of any county may levy a tax upon all the taxable property in the county for the purpose of defraying the expense incurred, or to be incurred for:

(1) the preservation and restoration of monuments under this section;

(2) the preservation or establishment of control monuments for mapping activities;

(3) the modernization of county land records through the use of parcel-based land management systems; or

(4) the establishment of geographic (GIS), land (LIS), management (MIS) information systems.

Sec. 36. Minnesota Statutes 1990, section 473.388, subdivision 4, is amended to read:

Subd. 4. [FINANCIAL ASSISTANCE.] The board may grant the

requested financial assistance if it determines that the proposed service is consistent with the approved implementation plan and is intended to replace the service to the applying city or town or combination thereof by the transit commission and that the proposed service will meet the needs of the applicant at least as efficiently and effectively as the existing service.

The amount of assistance which the board may provide under this section may not exceed the sum of:

(a) the portion of the available local transit funds which the applicant proposes to use to subsidize the proposed service; and

(b) an amount of financial assistance bearing an identical proportional relationship to the amount under clause (a) as the total amount of financial assistance to the transit commission bears to the total amount of taxes collected by the board under section 473.446. The board shall pay the amount to be provided to the recipient from the assistance the board would otherwise pay to the transit commission.

For purposes of this section "available local transit funds" means 90 percent of the tax revenues which would accrue to the board from the tax it levies under section 473.446 in the applicant city or town or combination thereof.

For purposes of this section, "tax revenues" in the city or town means the sum of the following:

(1) the nondebt spread levy, which is the total of the taxes extended by application of the local tax rate for nondebt purposes on the taxable net tax capacity;

(2) the portion of the fiscal disparity distribution levy under section 473F.08, subdivision 3, attributable to nondebt purposes; and

(3) the portion of the homestead credit and agricultural credit aid and disparity reduction aid amounts under section 273.1398, subdivisions 2 and 3, attributable to nondebt purposes.

Tax revenues do not include the state feathering reimbursement under section 473.446.

Sec. 37. Minnesota Statutes 1990, section 473.711, subdivision 2, is amended to read:

Subd. 2. The metropolitan mosquito control commission shall prepare an annual budget. The budget may provide for expenditures in an amount not exceeding the property tax levy limitation determined in this subdivision. The commission may levy a tax on

all taxable property in the district as defined in section 473.702 to provide funds for the purposes of sections 473.701 to 473.716. The tax shall not exceed the property tax levy limitation determined in this subdivision. A participating county may agree to levy an additional tax to be used by the commission for the purposes of sections 473.701 to 473.716 but the sum of the county's and commission's taxes may not exceed the county's proportionate share of the property tax levy limitation determined under this subdivision based on the ratio of its total net tax capacity to the total net tax capacity of the entire district as adjusted by section 270.12, subdivision 3. The auditor of each county in the district shall add the amount of the levy made by the district to other taxes of the county for collection by the county treasurer with other taxes. When collected, the county treasurer shall make settlement of the tax with the district in the same manner as other taxes are distributed to political subdivisions. No county shall levy any tax for mosquito, disease vectoring tick, and black gnat (*Simuliidae*) control except under sections 473.701 to 473.716. The levy shall be in addition to other taxes authorized by law and shall be disregarded in the calculation of limits on taxes imposed by chapter 275.

The property tax levied by the metropolitan mosquito control commission shall not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of six-tenths on one mill multiplied by the total assessed valuation of all taxable property located within the district as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

When computing the rate of tax pursuant to section 275.08, the county auditor shall include the ~~gross net~~ tax capacity of land as provided in this clause.

(b) The county auditor shall compute the tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the ~~gross net~~ tax capacity times the total local tax rate for all purposes as provided in clause (a).

## PROPOSED AND FINAL TAX NOTICES

Section 1. Minnesota Statutes 1991 Supplement, section 273.1398, subdivision 6, is amended to read:

Subd. 6. [PAYMENT.] The commissioner shall certify the aids provided in subdivisions 2, 2b, 3, and 5 before ~~December~~ September 1, 1989, and October 1 thereafter of the year preceding the distribution year to the county auditor of the affected local government. The aids provided in subdivisions 2, 2b, 3, and 5 must be paid to local governments other than school districts at the times provided in section 477A.015 for payment of local government aid to taxing jurisdictions, except that the first one-half payment of disparity reduction aid provided in subdivision 3 must be paid on or before August 31. The disparity reduction credit provided in subdivision 4 must be paid to taxing jurisdictions other than school districts at the time provided in section 473H.10, subdivision 3. Aids and credit reimbursements to school districts must be certified to the commissioner of education and paid under section 273.1392. Except for education districts and secondary cooperatives that receive revenue according to section 124.2721 or 124.575, payment shall not be made to any taxing jurisdiction that has ceased to levy a property tax.

Sec. 2. Minnesota Statutes 1991 Supplement, section 275.065, subdivision 1, is amended to read:

Subdivision 1. [PROPOSED LEVY.] Notwithstanding any law or charter to the contrary, on or before September 15, each taxing authority, other than a school district, shall adopt a proposed budget and each taxing authority shall certify to the county auditor the proposed or, in the case of a town, the final property tax levy for taxes payable in the following year. If the board of estimate and taxation or any similar board that establishes maximum tax levies for taxing jurisdictions within a first class city certifies the maximum property tax levies for funds under its jurisdiction by charter to the county auditor by September 15, the city shall be deemed to have certified its levies for those taxing jurisdictions. For purposes of this section, "taxing authority" includes all home rule and statutory cities, towns, counties, school districts, and special taxing districts. The commissioner of revenue shall determine what constitutes a special taxing district for purposes of this section. Intermediate school districts that levy a tax under chapter 136D, joint powers boards established under sections 124.491 to 124.495, and common school districts No. 323, Franconia, and No. 815, Prinsburg, are special taxing districts for purposes of this section.

Sec. 3. Minnesota Statutes 1990, section 275.065, subdivision 1a, is amended to read:

Subd. 1a. [OVERLAPPING JURISDICTIONS.] In the case of a taxing authority lying in two or more counties, the home county auditor shall certify the proposed levy and the proposed local tax rate to the other county auditor by September 20 for taxes levied in 1990, and thereafter, and the proposed local tax rate by September 5 for taxes levied in 1991, and thereafter, for counties containing a city of the first class. The home county auditor must estimate the levy or rate in preparing the notices required in subdivision 3, if the other county has not certified the appropriate information. If requested by the home county auditor, the other county auditor must furnish an estimate to the home county auditor.

Sec. 4. Minnesota Statutes 1991 Supplement, section 275.065, subdivision 3, is amended to read:

Subd. 3. [NOTICE OF PROPOSED PROPERTY TAXES.] (a) The county auditor shall prepare and the county treasurer shall deliver ~~on or before~~ after November 10 and on or before November 24 each year, by first class mail to each taxpayer at the address listed on the county's current year's assessment roll, a notice of proposed property taxes and, in the case of a town, final property taxes.

(b) The commissioner of revenue shall prescribe the form of the notice.

(c) The notice must inform taxpayers that it contains the amount of property taxes each taxing authority other than a town proposes to collect for taxes payable the following year as ~~required in paragraph (d) or (e)~~ and, for a town, the amount of its final levy. It must clearly state that each taxing authority, other than a town or special taxing district, will hold a public meeting to receive public testimony on the proposed budget and proposed or final property tax levy, or, in case of a school district, on the current budget and proposed property tax levy. It must clearly state the time and place of each taxing authority's meeting and an address where comments will be received by mail.

(d) ~~Except as provided in paragraph (e), for taxes levied in 1990 and 1991, the notice must state by county, city or town, and school district:~~

(1) ~~the total proposed or, for a town, final property tax levy for taxes payable the following year after reduction for state aid;~~

(2) ~~the percentage increase or decrease from the actual property tax levy for taxes payable in the current year; and~~

(3) ~~for counties, cities, and towns, the increase or decrease in population from the second previous calendar year to the immediately prior calendar year, and for school districts, the increase or~~

decrease in the number of pupils in average daily membership from the current school year to the immediately following school year as determined by the commissioner of education. The data used to determine the increase or decrease in population under this clause must be the data used for purposes of the population adjustment to the levy limit base of the county, city, or town under section 275.51, subdivision 6.

For notices which are not parcel-specific, the notice must also state a total percentage increase or decrease in the proposed levy, relative to the actual property tax levy for taxes payable in the current year for the county, city or town, and school district. The county auditor shall compute the total percentage increase or decrease as an average percentage change weighted in proportion to each taxing jurisdiction's proportion of the total levy.

For purposes of this paragraph, "proposed property taxes after reduction for state aid" means the taxing authority's levy certified under section 275.07, subdivision 1.

(c) In the case of a county containing a city of the first class, or taxing authority lying wholly within a county or counties containing a city of the first class, for taxes levied in 1991, and thereafter, and for all counties for taxes levied in 1992 and thereafter, The notice must state for each parcel:

(1) the market value of the property as defined under section 272.03, subdivision 8, for property taxes payable in the following year and for taxes payable the current year; and, in the case of residential property, whether the property is classified as homestead or nonhomestead. The notice must clearly inform taxpayers of the years to which the market values apply and that the values are final values;

(2) by county, city or town, school district, the sum of the special taxing districts, and as a total of the taxing authorities, including special taxing districts, the proposed or, for a town, final net tax on the property for taxes payable the following year and the actual tax for taxes payable the current year. In the case of a parcel where tax increment or the fiscal disparities areawide tax applies, the proposed tax levy on the captured value or the proposed tax levy on the tax capacity subject to the areawide tax must each be stated separately and not included in the sum of the special taxing districts; and

(3) the increase or decrease in the amounts in clause (2) from taxes payable in the current year to proposed or, for a town, final taxes payable the following year, expressed as a dollar amount and as a percentage.

(4) (e) The notice must clearly state that the proposed or final taxes do not include the following:

- (1) special assessments;
- (2) levies approved by the voters after the date the proposed taxes are certified, including bond referenda, school district levy referenda, and levy limit increase referenda;
- (3) amounts necessary to pay cleanup or other costs due to a natural disaster occurring after the date the proposed taxes are certified;
- (4) amounts necessary to pay tort judgments against the taxing authority that become final after the date the proposed taxes are certified; and
- (5) any additional amount levied in lieu of a local sales and use tax, unless this amount is included in the proposed or final taxes.

~~(g)~~ (f) Except as provided in subdivision 7, failure of the county auditor to prepare or the county treasurer to deliver the notice as required in this section does not invalidate the proposed or final tax levy or the taxes payable pursuant to the tax levy.

(g) If the notice the taxpayer receives under this section lists the property as nonhomestead and the homeowner provides satisfactory documentation to the county assessor that the property is owned and has been used as the owner's homestead prior to June 1 of that year, the assessor shall reclassify the property to homestead for taxes payable in the following year.

(h) In the case of class 4 residential property used as a residence for lease or rental periods of 30 days or more, the taxpayer must either:

- (1) mail or deliver a copy of the notice of proposed property taxes to each tenant, renter, or lessee; or
- (2) post a copy of the notice in a conspicuous place on the premises of the property.

The notice must be mailed or posted by the taxpayer by November 13 27 or within three days of receipt of the notice, whichever is later. A taxpayer may notify the county treasurer of the address of the taxpayer, agent, caretaker, or manager of the premises to which the notice must be mailed in order to fulfill the requirements of this paragraph.

Sec. 5. Minnesota Statutes 1990, section 275.065, subdivision 4, is amended to read:

Subd. 4. [COSTS.] If the reasonable cost of the county auditor's services and the cost of preparing and mailing the notice required in this section exceed the amount distributed to the county by the commissioner of revenue to administer this section, the taxing authority must reimburse the county for the excess cost. The excess cost must be apportioned between taxing jurisdictions as follows:

(1) one-third is allocated to the county;

(2) one-third is allocated to cities and towns within the county; and

(3) one-third is allocated to school districts within the county.

The amounts in clause (2) must be further apportioned among the cities and towns in the proportion that the ~~population~~ number of parcels in the city and town bears to the ~~population~~ number of parcels in all the cities and towns within the county. The amount in clause (3) must be further apportioned among the school districts in the proportion that the number of ~~pupils~~ parcels in the school district bears to the number of ~~pupils~~ parcels in all school districts within the county.

(d) Class 4d property includes:

(1) a structure that is:

(i) situated on real property that is used for housing for the elderly or for low and moderate income families as defined by the Farmers Home Administration;

(ii) located in a municipality of less than 10,000 population; and

(iii) financed by a direct loan or insured loan from the Farmers Home Administration. Property is classified under this clause for 15 years from the date of the completion of the original construction or for the original term of the loan.

The class rates in paragraph (c), clauses (1), (2), and (3) and this clause apply to the properties described in them, only in proportion to occupancy of the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983. Classification under this clause is only available to property of a nonprofit or limited dividend entity.

(2) For taxes payable in 1992, 1993 and 1994, only, buildings and appurtenances, together with the land upon which they are located, leased by the occupant under the community lending model lease-purchase mortgage loan program administered by the Federal National Mortgage Association, provided the occupant's income is no greater than 60 percent of the county or area median income, adjusted for family size and the building consists of existing single family or duplex housing. The lease agreement must provide for a portion of the lease payment to be escrowed as a nonrefundable down payment on the housing. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the assessor to determine qualification under this clause.

(3) For taxes payable in 1992, 1993 and 1994, only, federally acquired buildings under four units and appurtenances, together with the land upon which they are located that is leased to a nonprofit corporation organized under chapter 317A that qualifies for tax exempt status under United States Code, title 26, section 501(c), or a housing and redevelopment authority authorized under sections 469.001 to 469.047; the purpose of the lease must be to allow the nonprofit corporation to provide transitional housing for homeless persons under the program established in Code of Federal Regulations, title 55, section 55 Federal Register 49489. As used in this clause, "transitional housing" has the meaning given in section 268.38, subdivision 1, except that the two-year restriction does not apply. If the property is purchased from the federal government by the nonprofit corporation for the purpose of continuing to provide transitional housing after the expiration of the lease, the property shall continue to be eligible for this classification. To qualify under this clause, the taxpayer must apply to the county assessor by May 30 of each year. The application must be accompanied by an affidavit or other proof required by the county assessor to determine qualification under this clause. Property qualifying under this clause in 1992, 1993, or 1994 continues to receive a two percent class rate until the five-year lease has expired provided that the property continues to be used for the purposes as described in this clause.

Class 4d property has a class rate of two percent of market value.

(e) Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b), clauses (1) and (3); paragraph (c), clause (1), (2), (3), or (4), is assessed at the class rate applicable to it under Minnesota Statutes 1988, section 273.13, if it is found to be a substandard building under section 273.1316. Residential rental property that would otherwise be assessed as class 4 property under paragraph (d) is assessed at 2.3 percent of market value if it is found to be a substandard building under section 273.1316.

Sec. 5. Minnesota Statutes 1991 Supplement, section 273.13, subdivision 33, is amended to read:

Subd. 33. [CLASSIFICATION OF UNIMPROVED PROPERTY.]  
(a) Except as provided in paragraph (b), real property that is not improved with a structure and that is not used as part of a commercial or industrial activity must be classified and assessed according to its highest and best use permitted under the local zoning ordinance. If the ordinance permits more than one use, the land must be classified and assessed according to the highest and best use permitted under the ordinance. If no such ordinance exists, the assessor shall consider the most likely potential use of the vacant unimproved land based upon the use made of surrounding land or land in proximity to the vacant unimproved land.

(b) Real property that is not improved with a structure and is in commercial, industrial, or agricultural use under section 273.13, must be classified according to its actual use.

Sec. 6. Minnesota Statutes 1990, section 273.135, subdivision 2, is amended to read:

Subd. 2. ~~For taxes payable in 1990 and subsequent years, The amount of the reduction authorized by subdivision 1 shall be:~~

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the

effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10.

(c) The maximum reduction of the tax is \$225.40 on property described in clause (a) and \$200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by \$15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net class rate to the gross class rate applicable to the first ~~\$68,000~~ \$72,000 of the market value of residential homesteads, "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after the application of the credits payable under Minnesota Statutes 1988, section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 7. Minnesota Statutes 1990, section 273.1391, subdivision 2, is amended to read:

Subd. 2. ~~For taxes payable in 1990 and subsequent years,~~ The amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a county with a population of less than 100,000 in which taconite is mined or quarried and wherein a school district is located which does meet the qualifications of a tax relief area, and provided that at least 90 percent of the area of the school district which does not meet the qualifications of section 273.134 lies within such county, 57 percent of the tax on qualified property located in the school district that does not meet the qualifications of section 273.134, provided that the amount of said reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10. The reduction provided by this clause shall only be applicable to property located within the boundaries of the county described therein.

(b) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief

area, but which is located in a school district in a county containing a city of the first class and a qualifying municipality, but not in a school district containing a city of the first class or adjacent to a school district containing a city of the first class unless the school district so adjacent contains a qualifying municipality, 57 percent of the tax, but not to exceed the maximums specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction for each homestead resulting from this credit be less than \$10.

(c) The maximum reduction of the tax is \$200.10 for taxes payable in 1985. This maximum amount shall increase by \$15 multiplied by the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

For the purposes of this subdivision, "homestead credit equivalency percentage" means one minus the ratio of the net class rate to the gross class rate applicable to the first ~~\$68,000~~ \$72,000 of the market value of residential homesteads, and "effective tax rate" means tax divided by the market value of a property, and the "base year effective tax rate" means the payable 1988 tax on a property with an identical market value to that of the property receiving the credit in the current year after application of the credits payable under Minnesota Statutes 1988, section 273.13, subdivisions 22 and 23, and this section, divided by the market value of the property.

Sec. 8. Minnesota Statutes 1991 Supplement, section 273.1398, subdivision 7, is amended to read:

Subd. 7. [APPROPRIATION.] An amount sufficient to pay the aids and credits provided under this section for school districts, intermediate school districts, or any group of school districts levying as a single taxing entity is annually appropriated from the general fund to the commissioner of revenue education.

Sec. 9. Minnesota Statutes 1991 Supplement, section 273.1399, is amended to read:

273.1399 [REDUCTION IN STATE TAX INCREMENT FINANCING AID.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(a) "Qualifying captured net tax capacity" means the following amounts:

(1) the captured net tax capacity of a new or the expanded part of

an existing economic development or soils condition tax increment financing district, other than a qualified manufacturing district, for which certification was requested after April 30, 1990;

(2) the captured net tax capacity of a qualified manufacturing district, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification assessment year of the original net tax capacity). In no case may the final amounts be less than zero or greater than the total captured net tax capacity of the district:

Number of Years	Percentage
1	0
2	20
3	40
4	60
5	80
6 or more	100;

(3) the captured net tax capacity of a new or the expanded part of an existing tax increment financing district, other than an economic development or soils condition district, for which certification was requested after April 30, 1990, multiplied by the following percentage based on the number of years that have elapsed since the district was first certified (measured from January 2 immediately preceding certification assessment year of the original net tax capacity). In no case may the final amounts be less than zero or greater than the total captured net tax capacity of the district.

Number of years	Renewal and Renovation Districts	All other Districts
0 to 5	0	0
6	12.5	6.25
7	25	12.5
8	37.5	18.75
9	50	25
10	62.5	31.25
11	75	37.5
12	87.5	43.75
13	100	50
14	100	56.25
15	100	62.5
16	100	68.75
17	100	75
18	100	81.25
19	100	87.5
20	100	93.75
21 or more	100	100

In the case of a hazardous substance subdistrict, the number of years must be measured from the date of certification of the subdistrict for purposes of the additional captured net tax capacity resulting from the reduction in the subdistrict's or site's original net tax capacity.

(b) The terms defined in section 469.174 have the meanings given in that section.

(c) "Qualified manufacturing district" means an economic development district that qualifies under section 469.176, subdivision 4c, paragraph (a), without regard to clauses (2) and (4), for which certification was requested after June 30, 1991, located in a home rule charter or statutory city that (1) has a population under 10,000 according to the last federal census and (2) is wholly located outside of a metropolitan statistical area as determined by the United States Office of Management and Budget.

Subd. 2. [REPORTING.] The county auditor shall calculate the qualifying captured net tax capacity amount for each municipal part of each school district in the county and report the amounts to the commissioner of revenue at the time and in the manner prescribed by the commissioner.

Subd. 3. [CALCULATION OF EDUCATION AIDS.] For each school district containing qualifying captured net tax capacity, the commissioner of education shall compute a hypothetical state aid amount that would be paid to the school district if the qualifying captured net tax capacity were divided by the sales ratio and included in the school district's adjusted tax capacity for purposes of calculating equalized levies as defined in section 273.1398, subdivision 2a, and associated state aids. The commissioner of education shall notify the commissioner of revenue of the difference between the actual aid paid and the hypothetical aid amounts calculated for each school district, broken down by the municipality that approved the tax increment financing district containing the qualifying captured net tax capacity. The resulting amount is the reduction in state tax increment financing aid.

Subd. 4. [EQUALIZATION FACTOR.] The amount of the reduction in state tax increment financing aid equals the amount determined under subdivision 3 less

(1) 75 percent of the excess, if any, of the amount determined under subdivision 3, over

(2) .05 times the municipality's net tax capacity, divided by the sales ratio.

Subd. 5. [LOCAL GOVERNMENT AIDS; HOMESTEAD AND

AGRICULTURAL AID CALCULATIONS.] (a) The reduction in state tax increment financing aid for a municipality must be deducted first from the local government aids to be paid to the municipality. If the deduction exceeds the amount of the local government aid, the rest must be deducted from the homestead and agricultural credit aid to be paid to the municipality.

(b) The amount of qualifying captured net tax capacity must be included in adjusted net tax capacity for purposes of computing the local government aid of the municipality that approved the tax increment financing district.

Sec. 10. Minnesota Statutes 1990, section 274.20, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) ~~The term "total gross taxes" means the total gross taxes levied on manufactured homes assessed pursuant to section 274.19 in a unique taxing jurisdiction as defined in section 273.1398 before reduction by any credits for taxes in 1989. For aid payable in 1991 and subsequent years total gross taxes for 1989 shall be multiplied by the cost of living adjustment factor as defined in section 273.1398.~~

~~(b) "Local tax rate" means the total local tax rate for taxes payable in 1989 within a unique taxing jurisdiction.~~

~~(c) "Total net tax capacity" means the net tax capacities as defined in section 273.1398 of all manufactured homes assessed pursuant to section 274.19 except the market value used shall be for the assessment one year prior to that in which aid is payable.~~

~~(d) "Subtraction factor" means the product of (i) a unique taxing jurisdiction's local tax rate; (ii) its total net tax capacity; and (iii) 0.9767. "Current local tax rate" has the meaning given in section 273.1398, subdivision 1.~~

(b) "Growth adjustment factor" means the growth adjustment factor used in the calculation of homestead and agricultural credit aid for the payable year in which the manufactured home homestead and agricultural credit aid is payable.

(c) "Net tax capacity" means the product of (1) the appropriate net class rates for the year in which the aid is payable, except that for aids payable in 1993 the class rate applicable to class 4a shall be 3.5 percent; and the class rate applicable to class 4b shall be 3.5 percent; and for aid payable in 1994 the class rate applicable to class 4b shall be 2.4 percent, and (2) estimated market values of manufactured homes assessed under section 274.19 for the assessment one year prior to that in which the aid is payable. "Total net tax capacity" means the net tax capacities for all manufactured homes within the

taxing district assessed under section 274.19. Net tax capacity cannot be less than zero.

(d) "Net tax capacity adjustment" means (1) the total previous net tax capacity minus the total net tax capacity, multiplied by (2) the taxing district's current local tax rate. The net tax capacity adjustment cannot be less than zero.

(e) "Previous net tax capacity" means the product of the appropriate net class rates for the year previous to the year in which the aid is payable, and estimated market values of manufactured homes assessed under section 274.19 for the assessment one year prior to that in which the aid is payable. "Total previous net tax capacity" means the previous net tax capacities for all manufactured homes within the taxing district assessed under section 274.19. Previous net tax capacity cannot be less than zero.

Sec. 11. Minnesota Statutes 1990, section 274.20, subdivision 2, is amended to read:

Subd. 2. [MANUFACTURED HOME HOMESTEAD AND AGRICULTURAL CREDIT AID.] For each calendar year, the manufactured home homestead and agricultural credit aid for each unique taxing jurisdiction equals total gross taxes minus the unique taxing jurisdiction's subtraction factor manufactured home homestead and agricultural credit aid determined under this subdivision for the preceding aid payable year times the growth adjustment factor for the jurisdiction plus the net tax capacity adjustment for the jurisdiction. The aid shall be allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's gross taxes bear to the total gross taxes. Except for education districts and secondary cooperatives that receive revenue according to section 124.2721 or 124.575, payment will not be made to any taxing jurisdiction that has ceased to levy a property tax.

Sec. 12. Minnesota Statutes 1991 Supplement, section 275.125, subdivision 5, is amended to read:

Subd. 5. [BASIC TRANSPORTATION LEVY.] Each year, a school district may levy for school transportation services an amount not to exceed the amount raised by the basic transportation tax rate times the adjusted net tax capacity of the district for the preceding year. The commissioner of revenue education shall establish the basic transportation tax rate and certify it to the commissioner of education by July 1 of each year for levies payable in the following year. The basic transportation tax rate shall be a rate, rounded up to the nearest hundredth of a percent, that, when applied to the adjusted net tax capacity of taxable property for all districts, raises the amount specified in this subdivision. The basic transportation tax rate for transportation shall be the rate that raises \$64,300,000 for

fiscal year 1993 and \$68,000,000 for fiscal year 1994 and subsequent fiscal years. The basic transportation tax rate certified by the commissioner of revenue education must not be changed due to changes or corrections made to a district's adjusted net tax capacity after the tax rate has been certified.

Sec. 13. Minnesota Statutes 1991 Supplement, section 277.01, subdivision 1, is amended to read:

Subdivision 1. [DUE DATES; PENALTY.] Except as provided in this subdivision and subdivision 3, all unpaid personal property taxes shall be deemed delinquent on May 16 next after they become due or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and thereupon a penalty of eight percent shall attach and be charged upon all such taxes. In the case of unpaid personal property taxes due and owing under section 272.01, subdivision 2, or 273.19, the first half shall become delinquent if not paid before May 16 or 21 days after the postmark date on the envelope containing the property tax statement, whichever is later, and ~~thereupon a penalty of eight percent shall attach on the unpaid first half;~~ and the second half shall become delinquent if not paid before October 16, ~~and thereupon a penalty of eight percent shall attach on the unpaid second half;~~ penalties for unpaid tax on such property are imposed under section 279.01, subdivision 1. In counties where the office of county treasurer has been combined with the office of county auditor, the county may elect to require the petitioner to serve the number of copies as determined by the county. The county assessor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A list of petitioned properties, including the name of the petitioner, the identification number of the property, and the estimated market value, shall be sent on or before the first day of July by the county auditor/treasurer to the school board of the school district in which the property is located.

For all counties, the petitioner must file the copies with proof of service, in the office of the court administrator of the district court before the 16th day of May of the year in which the tax becomes payable. Sec. 15. Minnesota Statutes 1990, section 278.02, is amended to read:

278.02 [PETITION MAY INCLUDE SEVERAL PARCELS.]

Such petition need not be in any particular form, but shall clearly identify the land involved, the assessment date, and shall set forth in concise language the claim, defense, or objection asserted. No petition shall include more than one assessment date. Several parcels of land in or upon which the petitioner has an estate, right, title, interest, or lien may be included in the same petition, but only if they are in the same city or town, except that contiguous property overlapping city or town boundaries may be included in one petition.

If the rate so determined is less than ten percent, the rate of interest shall be ten percent. The maximum per annum rate shall be 14 percent if the rate specified under section 270.75, subdivision 5, exceeds 14 percent. The rate shall be subject to change on January 1 of each year.

~~(b) If a person is the owner of one or more parcels of property on which taxes are delinquent, and the aggregate tax capacity of that property exceeds five percent of the total tax capacity of the school district in which the property is located, interest on the delinquent property taxes, penalties, and costs unpaid after January 1, 1992, shall be payable at twice the rate determined under paragraph (a) for the year.~~

Sec. 25. Minnesota Statutes 1990, section 473.446, subdivision 1, is amended to read:

Subdivision 1. [TAXATION WITHIN TRANSIT TAXING DISTRICT.] For the purposes of sections 473.404 to 473.449 and the metropolitan transit system, except as otherwise provided in this subdivision, the regional transit board shall levy each year upon all taxable property within the metropolitan transit taxing district, defined in subdivision 2, a transit tax consisting of:

(a) an amount which shall be used for payment of the expenses of operating transit and paratransit service and to provide for payment of obligations issued by the commission under section 473.436, subdivision 6;

(b) an additional amount, if any, the board determines to be necessary to provide for the full and timely payment of its certificates of indebtedness and other obligations outstanding on July 1, 1985, to which property taxes under this section have been pledged; and

(c) an additional amount necessary to provide full and timely payment of certificates of indebtedness, bonds, including refunding bonds or other obligations issued or to be issued under section 473.39 by the council for purposes of acquisition and betterment of

property and other improvements of a capital nature and to which the council or board has specifically pledged tax levies under this clause.

The property tax levied by the regional transit board for general purposes under clause (a) must not exceed the following amount for the years specified:

(1) for taxes payable in 1988, the product of two mills multiplied by the total assessed valuation of all taxable property located within the metropolitan transit taxing district as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(2) for taxes payable in 1989, the product of (i) the regional transit board's property tax levy limitation for general purposes for the taxes payable year 1988 determined under clause (1) multiplied by (ii) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan transit taxing district divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan transit taxing district; and

(3) for taxes payable in 1990 and subsequent years, the product of (i) the regional transit board's property tax levy limitation for general purposes for the previous year determined under this subdivision multiplied by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current assessment year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous assessment year.

For the purpose of determining the regional transit board's property tax levy limitation for general purposes for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan transit taxing district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive limited peak service by an amount equal to the tax levy that would be produced

by applying a rate of ~~0.01813~~ 0.765 percent of ~~market value~~ net tax capacity on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner shall review the certifications to determine their accuracy and may make changes in the certification as necessary or return a certification to the county auditor for corrections. The commissioner shall pay to the regional transit board the amounts certified by the county auditors on the dates provided in section 273.1398. There is annually appropriated from the general fund in the state treasury to the department of revenue the amounts necessary to make these payments.

For the purposes of this subdivision, "full-peak and limited off-peak service" means peak period regular route service, plus weekday midday regular route service at intervals longer than 60 minutes on the route with the greatest frequency; and "limited peak period service" means peak period regular route service only.

Sec. 26. [1989 POPULATION AND NUMBER OF HOUSEHOLDS DATA USED IN 1992 AID CALCULATIONS.]

Notwithstanding any law to the contrary, for the calculation of payable 1992 homestead and agricultural credit aid under Minnesota Statutes, section 273.1398, the 1989 population and number of households figure for governmental subdivisions not having annual estimates prepared by the metropolitan council is equal to the local unit's 1988 population or number of households figure as prepared by the state demographer, plus one-half the increase or minus one-half the decrease when compared to the corresponding figures according to the 1990 federal census.

Sec. 27. [INSTRUCTION TO REVISOR.]

In the next edition of Minnesota Statutes, the revisor of statutes shall delete the first note after section 273.1398. The amendment to Minnesota Statutes, section 273.1398, subdivision 1, paragraph (j), made by Laws 1990, chapter 480, article 7, section 9, is of no effect.

After the hearing, the city council may decide to take no action or may adopt a resolution authorizing the proposed increase or a lesser increase. A resolution authorizing an increase must be published in the city's official newspaper or if none exists in a newspaper of general circulation in the city. The resolution is not effective if a petition requesting a referendum on the resolution is filed with the city clerk within 30 days of publication of the resolution. The petition must be signed by voters equaling five percent of the votes cast in the city in the last general election. The election must be held pursuant to the procedure specified in section 275.58 at a general or special election. Notice of the election must be given in the manner required by law. The notice must state the purpose and amount of the levy.

Sec. 14. Minnesota Statutes 1990, section 471.571, subdivision 2, is amended to read:

Subd. 2. [CREATION OF FUND, TAX LEVY.] The governing body of the city may create a permanent improvement and replacement fund to be maintained by an annual tax levy. The governing body may levy a tax in excess of any charter limitation and in excess of ~~the per capita limitation imposed under section 275.11~~ for the support of the permanent improvement and replacement fund, but not exceeding the following:

(a) In cities having a population of not more than 500 inhabitants, the lesser of \$20 per capita or 0.08059 percent of taxable market value;

Sec. 15. Minnesota Statutes 1990, section 473.711, subdivision 2, is amended to read:

Subd. 2. The metropolitan mosquito control commission shall prepare an annual budget. The budget may provide for expenditures in an amount not exceeding the property tax levy limitation determined in this subdivision. The commission may levy a tax on all taxable property in the district as defined in section 473.702 to provide funds for the purposes of sections 473.701 to 473.716. The tax shall not exceed the property tax levy limitation determined in this subdivision. A participating county may agree to levy an additional tax to be used by the commission for the purposes of sections 473.701 to 473.716 but the sum of the county's and commission's taxes may not exceed the county's proportionate share of the property tax levy limitation determined under this subdivision based on the ratio of its total net tax capacity to the total net tax capacity of the entire district as adjusted by section 270.12, subdivision 3. The auditor of each county in the district shall add the amount of the levy made by the district to other taxes of the county for collection by the county treasurer with other taxes. When collected, the county treasurer shall make settlement of the tax with the district in the same manner as other taxes are distributed to political subdivisions. No county shall levy any tax for mosquito, disease vectoring tick, and black gnat (*Simuliidae*) control except under sections 473.701 to 473.716. The levy shall be in addition to other taxes authorized by law and shall be disregarded in the calculation of limits on taxes imposed by chapter 275.

The property tax levied by the metropolitan mosquito control commission shall not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of six-tenths on one mill multiplied by the total assessed valuation of all taxable property located within the district as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, the product of (1) the commission's property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the district divided by the assessment year 1987 total market valuation of all taxable property located within the district; and

(c) for taxes payable in 1990 and subsequent years, the product of (1) the commission's property tax levy limitation for the previous year determined under this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the district for the current

assessment year divided by the total market valuation of all taxable property located within the district for the previous assessment year.

For the purpose of determining the commission's property tax levy limitation for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

Sec. 16. Minnesota Statutes 1991 Supplement, section 477A.011, subdivision 27, is amended to read:

Subd. 29. [ADJUSTED REVENUE BASE.] "Adjusted revenue base" means revenue base as defined in subdivision 27 less the ~~special levy reported under section 275.50~~ 275.60, subdivision 5 1, clause ~~(a)~~ (2).

Sec. 18. [REPEALER.]

Minnesota Statutes 1990, section 134.342, subdivisions 2 and 4, are repealed.

Sec. 19. [EFFECTIVE DATE.]

(d) Failure of a company to make payments of at least one-third of either (1) the total tax paid during the previous calendar year or (2) 80 percent of the actual tax for the current calendar year shall subject the company to the penalty and interest provided in this section, unless the total tax for the current tax year is \$500 or less.

Sec. 2. [60A.152] [INSURANCE PREMIUM TAX EQUIVALENT PAYMENT BY AUTOMOBILE RISK SELF-INSURERS.]

Subdivision 1. [DEFINITIONS.] (a) [APPLICATION.] For purposes of this section, the definitions in paragraphs (b) to (f) apply.

(b) [AUTOMOBILE RISKS.] "Automobile risks" means the risk of providing no-fault insurance under sections 65B.41 to 65B.71.

(c) [MOTOR VEHICLE.] "Motor vehicle" has the meaning given in section 65B.43, subdivision 2.

(d) [PERSON.] "Person" means an owner, as defined in section 65B.43, subdivision 4, but does not include the state or a political subdivision as defined in section 65B.43, subdivision 20.

(e) [SELF-INSURANCE.] "Self-insurance" means the condition of qualifying as a self-insurer by complying with section 65B.48, subdivisions 3 and 3a.

(f) [SELF-INSURER.] "Self-insurer" means a person who has arranged self-insurance for the automobile risks associated with the person's motor vehicle.

Subd. 2. [PREMIUM TAX AMOUNT.] Every self-insurer who owns, leases, or operates a motor vehicle required to be registered or licensed in this state or principally garaged in this state for at least two months in the applicable calendar year shall pay an annual amount for each vehicle of:

(1) \$15 for a private passenger vehicle as defined in section 65B.001, subdivision 3, or a utility vehicle as defined in section 65B.001, subdivision 4, not including a taxi; or

A late payment penalty of \$10 a vehicle is assessed if the amount is not paid on or before July 1, and an additional amount equal to the original payment amount if the total amount is not paid until after December 1 of the same year. A self-insurer who is more than six months delinquent in paying the amount due must be referred to the commissioner of commerce for action, which may include revocation of the self-insured's self-insurer status.

Subd. 3. [DEPOSIT OF PAYMENT AMOUNT.] The amounts paid under subdivision 2 must be deposited in the general fund to the credit of the account from which the police state aid provided for in sections 69.011 to 69.051 is payable.

Sec. 3. Minnesota Statutes 1990, section 289A.25, is amended by adding a subdivision to read:

Subd. 5a. [MODIFICATION TO INDIVIDUAL ESTIMATED TAX REQUIREMENTS.] (a) If an individual meets the requirements of section 6654(d)(1)(C) to (F), of the Internal Revenue Code, the amount of the required installments under subdivision 5 must be computed as provided in this subdivision. In determining the amount of the required installment, the following requirement is substituted for subdivision 5, clauses (2) and (3): “(2) the greater of (i) 100 percent of the tax shown on the return of the individual for the preceding taxable year, or (ii) 90 percent of the tax shown on the return for the current year, determined by taking into account the adjustments under section 6654(d)(1)(D) of the Internal Revenue Code.”

(b) Paragraph (a) does not apply for purposes of determining the amount of the first required installment in any taxable year under subdivision 3, paragraph (b). A reduction in an installment under this paragraph must be recaptured by increasing the amount of the first succeeding required installment by the amount of the reduction, unless the individual meets the requirements of paragraph (c).

(c) This subdivision does not apply to any required installment if the individual qualifies for an annualization exception as computed under section 6654(d)(1)(C)(iv) of the Internal Revenue Code. A reduction in an installment under this paragraph must be recaptured by increasing the amount of the first succeeding required installment (with respect to which the requirements of section 6654(d)(1)(C)(iv) are not met) by the amount of the reduction.

(d) All references to the Internal Revenue Code in this section are to the Internal Revenue Code of 1986, as amended through December 31, 1991. For purposes of meeting the requirements of or making adjustments under section 6654 of the Internal Revenue Code in this subdivision:

(1) for an individual who is not a Minnesota resident for the entire year, the terms “adjusted gross income” and “modified adjusted gross income” mean the Minnesota share of that income apportioned to Minnesota under section 290.06, subdivision 2c, paragraph (e); and

(2) “tax” means the sum of the taxes imposed by chapter 290 for a taxable year.

(e) This subdivision does not apply to individuals who compute and pay estimated taxes under subdivision 10.

(f) This subdivision does not apply to any taxable year beginning after December 31, 1996.

Sec. 4. Minnesota Statutes 1991 Supplement, section 289A.26, subdivision 1, is amended to read:

Subdivision 1. [MINIMUM LIABILITY.] ~~A corporation, partnership, or trust~~ subject to taxation under chapter 290 (excluding section 290.92) or an entity subject to taxation under section 290.05, subdivision 3, must make payment of estimated tax for the taxable year if its tax liability so computed can reasonably be expected to exceed \$500, or in accordance with rules prescribed by the commissioner for an affiliated group of corporations electing to file one return as permitted under section 289A.08, subdivision 3.

Sec. 5. Minnesota Statutes 1990, section 289A.26, subdivision 3, is amended to read:

Subd. 3. [SHORT TAXABLE YEAR.] (a) ~~A corporation~~ An entity with a short taxable year of less than 12 months, but at least four months, must pay estimated tax in equal installments on or before the 15th day of the third, sixth, ninth, and final month of the short taxable year, to the extent applicable based on the number of months in the short taxable year.

(b) ~~A corporation~~ An entity is not required to make estimated tax payments for a short taxable year unless its tax liability before the first day of the last month of the taxable year can reasonably be expected to exceed \$500.

(c) No payment is required for a short taxable year of less than four months.

Sec. 6. Minnesota Statutes 1990, section 289A.26, subdivision 4, is amended to read:

Subd. 4. [UNDERPAYMENT OF ESTIMATED TAX.] If there is an underpayment of estimated tax by a corporation, partnership, or trust, there shall be added to the tax for the taxable year an amount determined at the rate in section 270.75 on the amount of the underpayment, determined under subdivision 5, for the period of the underpayment determined under subdivision 6. This subdivision does not apply in the first taxable year that a corporation is subject to the tax imposed under section 290.02.

Sec. 7. Minnesota Statutes 1991 Supplement, section 289A.26, subdivision 6, is amended to read:

Subd. 6. [PERIOD OF UNDERPAYMENT.] The period of the underpayment runs from the date the installment was required to be paid to the earlier of the following dates:

(1) the 15th day of the third month following the close of the taxable year for corporations, the 15th day of the fourth month following the close of the taxable year for partnerships or trusts, and

the 15th day of the fifth month following the close of the taxable year for entities subject to tax under section 290.05, subdivision 3; or

(2) with respect to any part of the underpayment, the date on which that part is paid. For purposes of this clause, a payment of estimated tax shall be credited against unpaid required installments in the order in which those installments are required to be paid.

Sec. 8. Minnesota Statutes 1990, section 289A.26, subdivision 7, is amended to read:

Subd. 7. [REQUIRED INSTALLMENTS.] (a) Except as otherwise provided in this subdivision, the amount of a required installment is 25 percent of the required annual payment.

(b) Except as otherwise provided in this subdivision, the term "required annual payment" means the lesser of:

(1) ~~90~~ (i) for tax years beginning in calendar year 1992, 93 percent of the tax shown on the return for the taxable year, or if no return is filed, ~~90~~ 93 percent of the tax for that year; or

(ii) for tax years beginning after December 31, 1992, 95 percent of the tax shown on the return for the taxable year, or if no return is filed 95 percent of the tax for that year; or

(2) 100 percent of the tax shown on the return of the ~~corporation~~ entity for the preceding taxable year provided the return was for a full 12-month period, showed a liability, and was filed by the ~~corporation~~ entity.

(c) Except for determining the first required installment for any taxable year, paragraph (b), clause (2), does not apply in the case of a large corporation. The term "large corporation" means a corporation or any predecessor corporation that had taxable net income of \$1,000,000 or more for any taxable year during the testing period. The term "testing period" means the three taxable years immediately preceding the taxable year involved. A reduction allowed to a large corporation for the first installment that is allowed by applying paragraph (b), clause (2), must be recaptured by increasing the next required installment by the amount of the reduction.

(d) In the case of a required installment, if the corporation establishes that the annualized income installment is less than the amount determined in paragraph (a), the amount of the required installment is the annualized income installment and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

(e) The “annualized income installment” is the excess, if any, of:

(1) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(i) for the first two months of the taxable year, in the case of the first required installment;

(ii) for the first two months or for the first five months of the taxable year, in the case of the second required installment;

(iii) for the first six months or for the first eight months of the taxable year, in the case of the third required installment; and

(iv) for the first nine months or for the first 11 months of the taxable year, in the case of the fourth required installment, over

(2) the aggregate amount of any prior required installments for the taxable year.

(3) For the purpose of this paragraph, the annualized income shall be computed by placing on an annualized basis the taxable income for the year up to the end of the month preceding the due date for the quarterly payment multiplied by 12 and dividing the resulting amount by the number of months in the taxable year (2, 5, 6, 8, 9, or 11 as the case may be) referred to in clause (1).

(4) The “applicable percentage” used in clause (1) is:

For the following required installments:

The applicable percentage is:

	<u>for tax years</u> <u>beginning in</u> <u>1992</u>	<u>for tax years</u> <u>beginning after</u> <u>December 31, 1992</u>
1st	<u>22.5</u>	<u>23.75</u>
2nd	<u>45</u>	<u>46.5</u>
3rd	<u>67.5</u>	<u>69.75</u>
4th	<u>90</u>	<u>93</u>

(f)(1) If this paragraph applies, the amount determined for any installment must be determined in the following manner:

(i) take the taxable income for the months during the taxable year preceding the filing month;

(ii) divide that amount by the base period percentage for the months during the taxable year preceding the filing month;

(iii) determine the tax on the amount determined under item (ii); and

(iv) multiply the tax computed under item (iii) by the base period percentage for the filing month and the months during the taxable year preceding the filing month.

(2) For purposes of this paragraph:

(i) the "base period percentage" for a period of months is the average percent that the taxable income for the corresponding months in each of the three preceding taxable years bears to the taxable income for the three preceding taxable years;

(ii) the term "filing month" means the month in which the installment is required to be paid;

(iii) this paragraph only applies if the base period percentage for any six consecutive months of the taxable year equals or exceeds 70 percent; and

(iv) the commissioner may provide by rule for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

(3) In the case of a required installment determined under this paragraph, if the ~~corporation~~ entity determines that the installment is less than the amount determined in paragraph (a), the amount of the required installment is the amount determined under this paragraph and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing later required installments to the extent the reductions have not previously been recovered.

Sec. 9. Minnesota Statutes 1990, section 289A.26, subdivision 9, is amended to read:

Subd. 9. [FAILURE TO FILE AN ESTIMATE.] In the case of a ~~corporation~~ an entity that fails to file an estimated tax for a taxable year when one is required, the period of the underpayment runs from the four installment dates in subdivision 2 or 3, whichever applies, to the earlier of the periods in subdivision 6, clauses (1) and (2).

Sec. 10. Minnesota Statutes 1991 Supplement, section 289A.37, subdivision 1, is amended to read:

Subdivision 1. [ORDER OF ASSESSMENT; NOTICE AND DEMAND TO TAXPAYER.] (a) When a return has been filed and the commissioner determines that the tax disclosed by the return is

different than the tax determined by the examination, the commissioner shall send an order of assessment to the taxpayer. When no return has been filed, the commissioner may make a return for the taxpayer under section 289A.35 or may send an order of assessment under this subdivision. The order must explain the basis for the assessment and must explain the taxpayer's appeal rights. An order of assessment is final when made but may be reconsidered by the commissioner under section 289A.65.

(b) An The penalty under section 289A.60, subdivision 1, is not imposed if the amount of unpaid tax shown on the order must be is paid to the commissioner: (1) within 60 days after notice of the amount and demand for its payment have been mailed to the taxpayer by the commissioner; or (2) if an administrative appeal is filed under section 289A.65 or a tax court appeal is filed under chapter 271, within 60 days following the final determination of the appeal.

Sec. 11. Minnesota Statutes 1991 Supplement, section 290.01, subdivision 19, is amended to read:

Subd. 19. [NET INCOME.] The term "net income" means the federal taxable income, as defined in section 63 of the Internal Revenue Code of 1986, as amended through the date named in this subdivision, incorporating any elections made by the taxpayer in accordance with the Internal Revenue Code in determining federal taxable income for federal income tax purposes, and with the modifications provided in subdivisions 19a to 19f.

In the case of a regulated investment company or a fund thereof, as defined in section 851(a) or 851(h) of the Internal Revenue Code, federal taxable income means investment company taxable income as defined in section 852(b)(2) of the Internal Revenue Code, except that:

Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. If they are unable to agree, the matter shall be referred to the commissioner of revenue whose decision shall be final. If a homestead property owner was a part-year Minnesota resident, the income reflected in the computation made pursuant to section 290A.04 shall be for the entire calendar year, including income not assignable to Minnesota.

The city may agree with the commissioner of revenue that a tax imposed under this section shall be collected by the commissioner together with the tax imposed by Minnesota Statutes, chapter 297A, and subject to the same interest, penalties, and other rules and that its proceeds, less the cost of collection, shall be remitted to the city. The proceeds of the tax shall be dedicated to and used to pay the costs of the construction, debt service, operation, and maintenance of a public multiuse speed skating/bandy facility within the city to the extent the costs exceed any revenues derived from the lease, rental, or operation of the facility.

Subd. 2. [REFERENDUM.] If the city intends to impose the tax authorized by this section, it shall conduct a referendum on the issue. The question of imposing the tax must be submitted to the voters at a general election. The tax may not be imposed unless a majority of votes cast on the question of imposing the tax are in the affirmative. The commissioner of revenue shall prepare a suggested form of question to be presented at the election. The referendum must be held at a general election before December 1, 1992. This subdivision applies notwithstanding any city charter provision to the contrary.

Sec. 28. [OCCASIONAL SALES; RETROACTIVE DATE; REFUNDS.]

A purchaser must file a claim for refund containing the information required in Minnesota Statutes, section 289A.50 and any other information required by the commissioner, including receipts or other proof of payment. A purchaser is considered a taxpayer for purposes of section 289A.50. Notwithstanding section 289A.50, subdivision 2, a vendor who has collected a tax from the purchaser may not claim a refund under this section.

The commissioner may accept various forms of payment, including, but not limited to, financial transaction cards and electronic funds transfer.

Subd. 3. [FILING OF RETURN.] The commissioner may establish additional dates, applicable to certain groups of taxpayers, for the filing of tax returns. Subd. 4. [AGREEMENTS.] The commissioner may enter written agreements with taxpayers that provide for the payment of taxes or the filing of returns at dates earlier than now provided by statute or rule. The commissioner and the taxpayer may also agree in writing to other changes from the statutory or rule requirements related to the administration of these taxes. If the taxpayer agrees to pay taxes at a date earlier than provided by statute, the commissioner may negotiate payments to the taxpayer to compensate in part or in full for the loss incurred as a result of the accelerated payment. Included under this authority, the commissioner may agree to let the taxpayer keep a percentage of the taxes collected.

Subd. 5. [PERMITS; APPLICATION; REVOCATION.] The commissioner may establish procedures for the issuance, renewal, revocation, and cancellation of sales tax permits. These procedures may change the permit application process, establish permit renewal procedures and timeframes, and alter the sales and use tax permit revocation process. These procedures must not impair the statutory due process rights of the taxpayer, except with the taxpayer's consent.

Subd. 6. [PROCEDURE; APPROVAL.] Pilot studies proposed under these authorities must be presented to the chairs of the house of representatives tax committee and the senate committee on taxes and tax laws. No study may be undertaken without the approval of both chairs. If either chair fails to respond within 15 days after the proposal is presented, that chair is considered to have approved the

study. If the study is approved, the commissioner will initially seek participation on a voluntary basis from within the targeted taxpayer group.

Subd. 7. [ADMINISTRATIVE PROCEDURES ACT.] The powers granted under this section are not subject to the provisions of Minnesota Statutes, chapter 14.

Subd. 8. [EXPIRATION DATE.] This section expires June 30, 1994. Within 90 days following the expiration date, the commissioner will prepare a report on this study for presentation to the chairs of the house of representatives tax committee and the senate committee on taxes and tax laws.

The question of imposing the tax must be submitted to the voters at a general election. The tax may not be imposed unless a majority of votes cast on the question of imposing the tax are in the affirmative. Subd. 2. [EXCISE TAX AUTHORIZED.] Notwithstanding Minnesota Statutes, section 477A.016, or any other contrary provision of law, ordinance, or city charter, the city of Rochester may, by ordinance, impose an excise tax of up to \$20 per motor vehicle, as defined by ordinance, purchased or acquired from any person engaged within the city in the business of selling motor vehicles at retail.

By July 1, 1992, the commissioner of revenue shall provide the city council an estimate of the fee.

Subd. 4. [ALLOCATION OF REVENUES.] Revenues received from taxes authorized by subdivisions 1 and 2 must be used to pay the costs of collecting the taxes, capital and administrative costs of capital improvements for fire station, city hall, and public library facilities for which the city voters at the general election held on November 6, 1990, approved the issuance of general obligation bonds, and to pay debt service on the bonds. Subd. 5. Any funds remaining after completion of the improvements and retirement or redemption of the bonds may be placed in the general fund of the city.

Subd. 6. [BONDS.] The city of Rochester, pursuant to the approval of the city voters at the general election held on November 6, 1990, may issue general obligation bonds of the city in an amount not to exceed \$28,760,000 for fire station, city hall, and public library facilities. The debt represented by the bonds shall not be included in computing any debt limitation applicable to the city, and the levy of taxes required by Minnesota Statutes, section 475.61, to pay the principal of and interest on the bonds shall not be subject to any levy limitation or be included in computing or applying any levy limitation applicable to the city. The amount of any special levy for debt service for payment of principal and interest on the bonds shall not include the amount of estimated collection of revenues from the taxes imposed pursuant to subdivisions 1 and 2 that are pledged for the payment of those obligations.

Subd. 7. [EFFECTIVE DATE.] This section is effective the day after compliance by the governing body of the city of Rochester with Minnesota Statutes, section 645.021, subdivision 3.

Subd. 4. [SUPPORT BY PARTICIPANTS AND OTHER PUBLIC BODIES.] The city of Minneapolis and special school district No. 1 are authorized to appropriate money to the board, to the Minneapolis community development agency, or to each other, for use in connection with neighborhood early learning centers and facilities described in subdivision 3, clause (5), and to undertake activities in support of the purposes of the board, including the acquisition, construction, equipping, and improving of neighborhood early learning centers. Any appropriations may be subject to the conditions that the appropriating entity may establish. [MEMBERSHIP.] The membership of the advisory committee shall be as follows: the mayor of Minneapolis, one member of the house of representatives who represents the city of Minneapolis to be appointed by the speaker of the house, one member of the senate who represents the city of Minneapolis to be appointed by the subcommittee on committees of the senate committee on rules and administration, the chair of special school district No. 1 or a member of the school board designated by the chair, the president of the Minneapolis city council or a member of the city council designated by the president, the president of the Minneapolis federation of teachers and one teacher currently employed by special school district No. 1 appointed by the president of the Minneapolis federation of teachers, the executive director and either one member of the board of directors of the Minneapolis teachers retirement fund association or one retiree of the fund appointed by the board, and the commissioner of finance or the commissioner's designee. The legislative members shall be co-chairs of the committee.

Subd. 3. [OPERATION OF COMMITTEE.] The advisory committee shall make its recommendations by February 1, 1993, and shall terminate after the recommendations have been made. No per diem or expense reimbursements shall be paid to members of the committee. The actuary employed by the legislative pension commission shall provide information upon request of a chair of the committee.

Subd. 4. [LOCAL APPROVAL.] This section is effective the day following final enactment, after compliance with Minnesota Statutes, section 645.021, subdivision 3, by the city council of the city of Minneapolis, and the board of special school district No. 1.

Sec. 36. Laws 1953, chapter 560, section 2, subdivision 3, is amended to read:

Subd. 3. [TAX ORDINANCE; AMENDMENT, REPEAL.] An ordinance adopted as heretofore provided in this act may be repealed or amended in the following manner: A petition signed by not less than two thousand (2,000) qualified electors of the city demanding repeal of the ordinance shall be filed with the clerk. The petition shall identify the ordinance to be repealed by title, date of adoption and subject matter. The signatures to the petition need not all be appended to one paper, but each signer shall state his place of residence and street number. One of the signers of each such paper

shall make oath that the statements therein made are true, as he believes, and that each signature to the paper appended is the genuine signature of the person whose signature it purports to be.

Within 10 days from the date of filing such petition, the city clerk shall ascertain from the voters' register that the said petition is signed by the requisite number of qualified voters. The clerk shall attach to said petition his certificate, showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within 10 days from the date of said clerk's certificate. The clerk shall, within 10 days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition is deemed sufficient, the clerk shall submit the same to the council without delay. Within 10 days thereafter, the council shall provide for the submission to the electorate at the next general or special election held not less than 45 days thereafter of the question of repeal of the ordinance described in the petition. The question of repeal or amendment of said ordinance shall be submitted upon a separate ballot which shall summarize the substance of the ordinance proposed to be repealed or amended. If the majority of the electors voting upon the question vote in favor of the repeal of the ordinance, it shall be repealed or amended thereby effective on January 1 of the year next following. Such repeal shall not affect any right accrued, any duty imposed, any penalty incurred, or any proceeding commenced under or by virtue of the ordinance repealed. If taxes levied under this section are pledged to or for the benefit of any bonds issued before January 1, 1993, then no pledge, mortgage, covenant, or agreement securing the bonds may be impaired, revoked, or amended by repeal or amendment of the ordinance under this subdivision, except in accordance with the terms of the resolution or indenture under which the bonds are issued, until the obligations of the city with respect to the bonds or with respect to bonds issued to refund those bonds have been fully discharged. Any action or proceeding pending to enforce any right under the authority of the ordinance repealed shall and may be proceeded with and concluded under the ordinance in existence when the action or proceeding was instituted, notwithstanding the repeal of such ordinance.

The commissioner of finance shall, as authorized from time to time by law, restrict part or all of the budgetary balance in the general fund for use as the budget and cash flow reserve account. The commissioner of finance shall transfer from the budget and cash flow reserve account the amount necessary to bring the total amount, including any existing balance in the account on ~~June 30, 1991~~ July 1, 1992, to ~~\$400,000,000~~ \$240,000,000. The amounts restricted shall remain in the account until drawn down under subdivision 1 or increased under section 16A.1541.

Sec. 2. Minnesota Statutes 1991 Supplement, section 69.021, subdivision 5, is amended to read:

Subd. 5. [CALCULATION OF STATE AID.] (a) The amount of fire state aid available for apportionment shall be two percent of the fire, lightning, sprinkler leakage, and extended coverage premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report and ~~two percent of the premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report~~. This amount shall be reduced by the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations.

(b) The total amount for apportionment in respect to ~~police peace officer~~ state aid ~~shall not be greater or lesser than~~ is the amount of premium taxes paid to the state upon the premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report ~~after subtracting~~, plus the payment amounts received under section 60A.152 since the last aid apportionment, and reduced by the amount required to pay the state auditor's costs and expenses of the audits or exams of the police relief associations. The total amount for apportionment in respect to firefighters state aid shall not be greater or lesser than the amount of premium taxes paid to the state upon the premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report after subtracting the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations. ~~The amount for apportionment in respect to police state aid shall be distributed to the municipalities maintaining police departments and to the county on the basis of the number of active peace officers, as certified pursuant to section 60.011, subdivision 2, clause (b). The commissioner shall calculate the percentage of increase or decrease~~

reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

Sec. 3. Minnesota Statutes 1991 Supplement, section 69.021, subdivision 6, is amended to read:

Subd. 6. [CALCULATION OF APPORTIONMENT OF STATE PEACE OFFICERS AID TO COUNTIES.] The peace officers state aid available in respect to peace officers shall not exceed the amount of tax collected and shall be distributed to the counties in proportion to the total number of active peace officers, as defined in section 69.011, subdivision 1, clause (g), in each county who are employed either by municipalities maintaining police departments or by the county. Any necessary adjustments shall be made to subsequent apportionments.

Sec. 4. Minnesota Statutes 1990, section 270.07, subdivision 3, is amended to read:

Subd. 3. Notwithstanding any other provision of law the commissioner of revenue may,

(a) based upon the administrative costs of processing, determine minimum standards for the determination of additional tax for which an order shall be issued, and

(b) based upon collection costs as compared to the amount of tax involved, determine minimum standards of collection, and

(c) based upon the administrative costs of processing, determine the minimum amount of refunds for which an order shall be issued and refund made where no claim therefor has been filed, and

(d) ~~may~~ cancel any amounts below these minimum standards determined under (a) and (b) hereof, and

(e) based upon the inability of a taxpayer to pay a delinquent tax liability, abate the liability if the taxpayer agrees to perform uncompensated public service work for a state agency, a political subdivision or public corporation of this state, or a nonprofit educational, medical, or social service agency. The department of corrections shall administer the work program. No benefits under chapter 176 or 268 shall be available, but a claim authorized under section 3.739 may be made by the taxpayer. The state may not enter into any agreement that has the purpose of or results in the displacement of public employees by a delinquent taxpayer under this section. The state must certify to the appropriate bargaining agent or employees, as applicable, that the work performed by a delinquent taxpayer will not result in the displacement of currently

employed workers or layoff from a substantially equivalent position, including partial displacement such as reduction in hours of nonovertime work, wages, or other employment benefits. The program authorized under this paragraph terminates June 30, 1993.

Sec. 5. Minnesota Statutes 1990, section 270.69, is amended by adding a subdivision to read:

[REGISTERED LAND.] When a lien is filed with a county recorder under subdivision 2, the county recorder shall search the registered land records in that county and cause the lien to be memorialized on every certificate of title or certificate of possessory title of registered land in that county which can be reasonably identified as owned by the taxpayer who is named on the lien. The fees for memorializing the lien shall be paid in the manner prescribed by subdivision 2, paragraph (c). The county recorders, and their employees and agents, shall not be liable for any loss or damages arising from failure to identify a parcel of registered land owned by the taxpayer who is named on the lien.

Sec. 6. Minnesota Statutes 1990, section 282.016, is amended to read:

**282.016 [PROHIBITED PURCHASERS.]**

No county auditor, county treasurer, court administrator of the district court, or county assessor or supervisor of assessments, or deputy or clerk or employee of such officer, and no commissioner for tax-forfeited lands or assistant to such commissioner may become a purchaser of the properties offered for sale under the provisions of this chapter, either personally, or as agent or attorney for any other person, except that such officer, deputy, court administrator, employee or commissioner for tax-forfeited lands or assistant to such commissioner may (1) purchase lands owned by that official at the time the state became the absolute owner thereof or (2) bid upon and purchase forfeited property offered for sale under the alternate sale procedure described in section 282.01, subdivision 7a.

Sec. 7. [290.069] [DESIGNATED COUNTIES JOB CREATION CREDIT.]

Subdivision 1. [DESIGNATION OF COUNTIES.] The commissioner of trade and economic development shall certify counties as designated counties. A county is a designated county if:

(1) the county has had a decline in population of ten percent or more from 1980 to 1990, as determined by the 1990 federal decennial census;

(2) the county has adopted a county-wide economic development plan;

(3) the county has been designated a star county by the department of trade and economic development; and

(4) each statutory and home rule charter city in the county has established an economic development authority under sections 469.090 to 469.108.

For purposes of this section, "designated county" means a county designated by the commissioner of trade and economic development as provided under this section or a city of the second class that is designated as an economically depressed area by the United States Department of Commerce.

Subd. 2. [CREDIT FOR JOB CREATION.] A business with operations located in a designated county may take a credit against the tax due under chapter 290 for its first taxable year beginning after December 31, 1992, and before January 1, 1994. For purposes of this section, "business" means a business entity organized for profit, including a sole proprietorship, partnership, or corporation, and "eligible employees" are determined as the number of persons paid an annual wage of at least \$15,000 and employed by the business within the designated county on a full-time basis on the last day of the taxable year, not to exceed the number of persons paid an annual wage of at least \$15,000 and employed by the business on a full-time basis within the designated county on the date 90 days before the last day of the taxable year. A credit is provided only for the number of eligible employees that exceeds the number of such persons so employed on the last day of the preceding taxable year. A person is not an eligible employee if the commissioner of trade and economic development determines that the position held by that employee in the business was transferred from an enterprise conducted by substantially the same business enterprise at another site in the state. The credit is equal to \$2,000 multiplied by the number of eligible employees. The credit is not refundable.

Subd. 3. [LIMITATION.] Tax credits provided under this section may not exceed \$200,000. If by April 15, 1994, the commissioner of revenue determines that the estimated total amount of credits claimed under this section exceeds \$200,000, the commissioner shall reduce the credit granted for each eligible employee proportionately.

Sec. 8. [298.227] [TACONITE ECONOMIC DEVELOPMENT FUND.]

An amount equal to 10.4 cents per taxable ton distributed pursuant to each taconite producer's taxable production under section 298.28, subdivision 9a, for production years 1992 and 1993 shall be held by the iron range resources and rehabilitation board in

a separate taconite economic development fund for each taconite producer. Money from the fund for each producer shall be released only on the written authorization of a joint committee consisting of an equal number of representatives of the salaried employees and the nonsalaried production and maintenance employees of that producer. The district 33 director of the United States Steelworkers of America, on advice of each local employee president, shall select the employee members. In nonorganized operations, the employee committee shall be elected by the nonsalaried production and maintenance employees. Each producer's joint committee may authorize release of the funds held pursuant to this section only for acquisition of equipment and facilities for the producer or for research and development in Minnesota on new mining, or taconite, iron, or steel production technology. Funds may be released only upon a majority vote of the representatives of the committee. Any portion of the fund which is not released by a joint committee within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 for placement in their respective special accounts. Two-thirds of the unreleased funds shall be distributed to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. This section is effective for taxes payable in 1993 and 1994.

Sec. 9. Minnesota Statutes 1990, section 298.24, subdivision 1, is amended to read:

Subdivision 1. (a) For concentrate produced in ~~1990~~ 1992 and 1993 there is ~~hereby~~ imposed upon taconite and iron sulphides, and upon the mining and quarrying thereof, and upon the production of iron ore concentrate therefrom, and upon the concentrate so produced, a tax of ~~\$1.975~~ \$2.054 per gross ton of merchantable iron ore concentrate produced therefrom.

(b) For concentrates produced in ~~1991~~ 1994 and subsequent years, the tax rate shall be equal to the preceding year's tax rate plus an amount equal to the preceding year's tax rate multiplied by the percentage increase in the implicit price deflator from the fourth quarter of the second preceding year to the fourth quarter of the preceding year. "Implicit price deflator" for the gross national product means the implicit price deflator prepared by the bureau of economic analysis of the United States Department of Commerce.

(c) The tax shall be imposed on the average of the production for the current year and the previous two years. The rate of the tax imposed will be the current year's tax rate. This clause shall not apply in the case of the closing of a taconite facility if the property taxes on the facility would be higher if this clause and section 298.25 were not applicable.

(d) If the tax or any part of the tax imposed by this subdivision is held to be unconstitutional, a tax of ~~\$1.975~~ \$2.054 per gross ton of merchantable iron ore concentrate produced shall be imposed.

(e) Consistent with the intent of this subdivision to impose a tax based upon the weight of merchantable iron ore concentrate, the commissioner of revenue may indirectly determine the weight of merchantable iron ore concentrate included in fluxed pellets by subtracting the weight of the limestone, dolomite, or olivine derivatives or other basic flux additives included in the pellets from the weight of the pellets. For purposes of this paragraph, "fluxed pellets" are pellets produced in a process in which limestone, dolomite, olivine, or other basic flux additives are combined with merchantable iron ore concentrate. No subtraction from the weight of the pellets shall be allowed for binders, mineral and chemical additives other than basic flux additives, or moisture.

Sec. 10. Minnesota Statutes 1990, section 298.28, is amended by adding a subdivision to read:

Subd. 9a. [TACONITE ECONOMIC DEVELOPMENT FUND.] 10.4 cents per ton for distributions in 1993 and 1994 shall be paid to the taconite economic development fund. No distribution shall be made under this subdivision in any year in which total industry production falls below 30 million tons.

Sec. 11. Minnesota Statutes 1990, section 373.40, subdivision 7, is amended to read:

Subd. 7. [REPEALER.] This section is repealed effective for bonds issued after July 1, 1993 1998, but continues to apply to bonds issued before that date.

Sec. 12. Minnesota Statutes 1990, section 383.06, is amended to read:

383.06 [PAYMENT OF WARRANTS; ACCOUNTS; HOW KEPT; CERTIFICATES OF INDEBTEDNESS TO RETIRE OUTSTANDING WARRANTS.]

Subdivision 1. [PAYMENT OF WARRANTS.] The county treasurer shall pay warrants only from the fund from which they are legally payable. Payments under any special contract shall be kept separate under the name of such contract, and under the general title of the fund from which such payment may be legally made. The treasurer need not keep a specific appropriations account separately, but shall keep a general appropriations account.

Subd. 2. [TAX ANTICIPATION CERTIFICATES.] The county board may, by resolution, issue and sell as many certificates of

indebtedness as may be needed in anticipation of the collection of taxes levied for any fund named in the tax levy for the purpose of raising money for such fund, but the certificates outstanding for any such separate funds shall not at any time exceed 50 percent of the amount of taxes previously levied for such fund remaining uncollected, and. No certificate shall be issued to become due and payable later than ~~December 31 of the year succeeding the year in which the tax levy was made~~ 15 months after the deadline for the certification of the property tax levy under section 275.07, subdivision 1, and the certificates shall not be sold for less than par and accrued interest. No such certificates shall be issued prior to the beginning of the fiscal year for which the taxes so anticipated were intended, except that when taxes shall have been levied for the purpose of paying a deficit in any such fund carried over from any previous year or years ~~The certificates of indebtedness in anticipation of collection of the taxes levied for such deficit may be issued at any time after such the~~ levy shall have ~~has~~ been finally made and certified to the county auditor. Each certificate shall state upon its face for which fund the proceeds thereof shall be used, the total amount of certificates so issued, and the whole amount embraced in the levy for that particular purpose. They shall be numbered consecutively, be in denominations of \$100 or a multiple thereof, may have interest coupons attached, shall be otherwise of such form and terms, and may be made payable at such place, as will best aid in their negotiation, and the proceeds of the tax assessed and collected on account of the fund and the full faith and credit of the county shall be irrevocably pledged for the redemption and payment of the certificates so issued. Such certificates shall be payable primarily from the moneys derived from the levy for the years against which such certificates were issued, but shall constitute unlimited general obligations of the county. Money derived from the sale of such certificates shall be credited to the fund or funds the taxes for which are so anticipated.

Sec. 13. Minnesota Statutes 1990, section 401.02, subdivision 3, is amended to read:

Subd. 3. [ESTABLISHMENT AND REORGANIZATION OF ADMINISTRATIVE STRUCTURE.] Any county or group of counties which have qualified for participation in the community corrections subsidy program provided by this chapter may, ~~after consultation with the judges of the district court, county court, municipal court, probate court and juvenile court having jurisdiction in the county or group of counties~~ establish, organize, and reorganize an administrative structure and provide for the budgeting, staffing and operation of court services and probation, ~~construction or improvement to juvenile detention and juvenile correctional facilities and adult detention and correctional facilities,~~ and other activities required to conform to the purposes of this chapter. No contrary general or special statute divests any county or group of counties of the authority granted by this subdivision. ~~This subdivision does not~~

apply to Ramsey County or Hennepin County or to the counties in the Arrowhead region. In Hennepin County and Ramsey County the county board and the judges of the district court, county court, municipal court, probate court and juvenile court shall prepare and implement a joint plan for reorganization of correctional services in the county providing for the administrative structure and providing for the budgeting, staffing and operation of court services and probation, juvenile detention and juvenile correctional facilities, and other activities required to conform to the purposes of this chapter. Subd. 2. [CAPITAL IMPROVEMENTS; BONDS; LEASES.] (a) A county or group of counties which acquires facilities under section 401.04 or constructs the facilities may finance the acquisition or construction and the equipping and subsequent improvement of the facilities in whole or in part by:

(1) the issuance of general obligation bonds of the county or group of counties in the manner provided in chapter 475; or

(2) the issuance of revenue bonds, secured by a lease agreement as provided in subdivision 3 and sections 469.152 to 469.165, by a city situated in any of the counties or a county housing and redevelopment authority established pursuant to chapter 469 or special law.

Proceedings for the issuance of general obligation bonds shall be instituted by the board of county commissioners of the county or boards of the group of counties.

(2) apportion to each county its share of this amount or of the annual debt service or lease rentals required to pay this amount with interest, as provided in subdivision 4.

Subd. 3. [LEASING.] (a) A county or joint powers board of a group of counties which acquires or constructs and equips or improves facilities under this chapter may, with the approval of the board of county commissioners of each county, enter into a lease agreement with a city situated within any of the counties, or a county housing and redevelopment authority established under chapter 469 or any special law. Under the lease agreement, the city or county housing and redevelopment authority shall:

(1) construct or acquire and equip or improve a facility in accordance with plans prepared by or at the request of a county or joint powers board of the group of counties and approved by the commissioner of corrections; and

(2) finance the facility by the issuance of revenue bonds.

(b) The county or joint powers board of a group of counties may lease the facility site, improvements, and equipment for a term upon rental sufficient to produce revenue for the prompt payment of the revenue bonds and all interest accruing on them. Upon completion of payment, the lessee shall acquire title. The real and personal property acquired for the facility constitutes a project and the lease agreement constitutes a revenue agreement as provided in sections 469.152 to 469.165. All proceedings by the city or county housing and redevelopment authority and the county or joint powers board shall be as provided in sections 469.152 to 469.165, with the following adjustments:

(1) no tax may be imposed upon the property;

(5) the county or group of counties shall provide for payment of all

Subd. 4. [TAX LEVIES; APPORTIONMENT OF COSTS.] The county or each county of the group of counties shall annually levy a tax in an amount necessary to defray its proportion of the net costs of maintenance and operation of the facilities, and shall levy a tax to pay the cost of construction or acquisition, equipping, and any subsequent improvement to the facilities or the retirement of any bonds or required lease payments for these purposes. Each county may levy these taxes without limitation on the rate or amount. This levy shall not cause the amount of other taxes levied or to be levied by the county, which are subject to any limitation, to be reduced in any amount. A joint powers board of the group of counties shall apportion the costs of maintenance and operation, construction or acquisition, equipping, and subsequent improvement of the facilities to each of the counties according to a formula in the agreement entered into by the counties.

Subd. 5. [CORRECTIONAL FACILITIES FUND.] All money received for the operation and maintenance, payment of indebtedness or lease payments, and construction or acquisition, equipping, and subsequent improvement of the facilities must be deposited in a correctional facilities fund maintained in the treasury of the county in which the facilities are located or any county treasury of the group of counties as designated by the joint powers board. No county authority shall transact any business or exercise any powers until the governing body of the county, by resolution, finds that there is need for a county authority to function in the county. The governing body shall consider the need for a county authority to function (1) on the governing body's own motion or (2) upon the filing of a petition signed by 25 qualified voters of the county asserting that there is need for a county authority to function in the county and requesting that the governing body so declare. The governing body shall adopt a resolution declaring that there is need for a county authority to function in the county if it makes the findings required in section 469.003, subdivision 1.

Sec. 17. Minnesota Statutes 1990, section 469.004, is amended by adding a subdivision to read:

The authority granted to Ramsey county under this subdivision and section 16 terminates June 30, 1994, providing that obligations incurred by the county before that date shall remain in effect according to their terms.

Sec. 18. Minnesota Statutes 1990, section 469.034, is amended to read:

469.034 [BOND ISSUE FOR CORPORATE PURPOSES.]

Subdivision 1. [AUTHORITY AND REVENUE OBLIGATIONS.] An authority may issue bonds for any of its corporate purposes. The bonds may be the type the authority determines, including bonds on which the principal and interest are payable exclusively from the income and revenues of the project financed with the proceeds of the bonds, or exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part with the proceeds of the bonds. The bonds may be additionally secured by (1) a pledge of any grant or contributions from the federal government or other source, or (2) a pledge of any income or revenues of the authority from the project for which the proceeds of the bonds are to be used, or (3) a mortgage of any project or other property of the authority.

Subd. 2. [GENERAL OBLIGATION REVENUE BONDS.] (a) An

authority may pledge the general obligation of the general jurisdiction governmental unit as additional security for bonds payable from income or revenues of the project or the authority. The authority must find that the pledged revenues will equal or exceed 110 percent of the principal and interest due on the bonds for each year. The proceeds of the bonds must be used for a qualified housing development project or projects. The obligations must be issued and sold in the manner and following the procedures provided by chapter 475, except the obligations are not subject to approval by the electors. The authority is the municipality for purposes of chapter 475.

(b) The principal amount of the issue must be approved by the governing body of the general jurisdiction governmental unit whose general obligation is pledged. Public hearings must be held on issuance of the obligations by both the authority and the general jurisdiction governmental unit. The hearings must be held at least 15 days, but not more than 120 days, before the sale of the obligations.

(c) The maximum amount of general obligation bonds that may be issued and outstanding under this section equals the greater of (1) one-half of one percent of the taxable market value of the general jurisdiction governmental unit whose general obligation which includes a tax on property is pledged, or (2) \$3,000,000. In the case of county or multicounty general obligation bonds, the outstanding general obligation bonds of all cities in the county or counties issued under this subdivision must be added in calculating the limit under clause (1).

(d) "General jurisdiction governmental unit" means the city in which the housing development project is located. In the case of a county or multicounty authority, the county or counties may act as the general jurisdiction governmental unit. In the case of a multicounty authority, the pledge of the general obligation is a pledge of a tax on the taxable property in each of the counties.

(e) "Qualified housing development project" means a housing development project providing housing either for the elderly or for individuals and families with incomes not greater than 80 percent of the median family income as estimated by the United States Department of Housing and Urban Development for the standard metropolitan statistical area or the nonmetropolitan county in which the project is located. A qualified housing development project may admit nonelderly individuals and families with higher incomes if:

(1) three years have passed since initial occupancy;

(2) the authority finds the project is experiencing unanticipated vacancies resulting in insufficient revenues, because of changes in

population or other unforeseen circumstances that occurred after the initial finding of adequate revenues; and

(3) the authority finds a tax levy or payment from general assets of the general jurisdiction governmental unit will be necessary to pay debt service on the bonds if higher income individuals or families are not admitted.

Subd. 3. [REVENUE FROM OTHER PROJECTS.] No proceeds of bonds issued for or revenue authorized for or derived from any redevelopment project or area shall be used to pay the bonds or costs of, or make contributions or loans to, any public housing project. The proceeds of bonds issued for or revenues authorized for or derived from any one public housing project shall not be used to pay the bonds or costs of, or make contributions or loans to any other public housing project until the bonds and costs of the public housing project for which those bonds were issued or from which those revenues were derived or for which they were authorized shall be fully paid.

Subd. 4. [BOND TERMS.] Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. Except as provided in subdivision 2, the bonds of an authority shall not be a debt of the city, the state, or any political subdivision, and neither the city nor the state or any political subdivision shall be liable on them, nor shall the bonds be payable out of any funds or properties other than those of the authority; the bonds shall state this on their face. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, except as provided in subdivision 2. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities.

Subd. 5. [TAX EXEMPTION.] The provisions of sections 469.001 to 469.047 exempting from taxation authorities, their properties and income, shall be considered additional security for the repayment of bonds and shall constitute, by virtue of sections 469.001 to 469.047 and without the same being restated in the bonds, a contract between the (1) bondholders and each of them, including all transferees of the bonds, and (2) the respective authorities issuing the bonds and the state. An authority may by covenant confer upon the holder of the bonds the rights and remedies it deems necessary or advisable, including the right in the event of default to have a receiver appointed to take possession of and operate the project. When the obligations issued by an authority to assist in financing the development of a project have been retired and federal contributions have been discontinued, the exemptions from taxes and special assessments for that project shall terminate.

#### Subd. 2. [ALTERNATIVE CALCULATION METHOD.] Pursuant

to the election authorized in subdivision 1, the governing body of the city of Richfield may elect the following method of computation:

The current net tax capacity must exclude any fiscal disparity commercial-industrial net tax capacity increase between the original year and the current year multiplied by a ratio that is less than the fiscal disparity ratio determined pursuant to Minnesota Statutes, section 473F.08, subdivision 6. The ratio, which must be a percentage of the fiscal disparity ratio, must be determined by the governing body and must remain in effect during the term of the district. Where the original net tax capacity is equal to or greater than the current net tax capacity, there is no captured net tax capacity and no tax increment determination.

(2) The county auditor shall exclude the retained captured net tax capacity of the authority from the net tax capacity of the local taxing districts in determining local taxing district tax capacity rates. The tax capacity rates so determined must be extended against the retained captured net tax capacity of the authority as well as the net tax capacity of the local taxing districts. The tax generated by the extension of the lesser of (i) the local taxing district tax capacity rates or (ii) the original tax capacity rate to the retained captured net tax capacity of the authority is the tax increment of the authority.

The bonds shall not be included in computing the net debt of the city under law or charter. The powers granted by this section are in addition to the powers which the city may exercise under other law or charter.

**Sec. 28. [CITY OF MINNEAPOLIS; DURATION OF TAX INCREMENT DISTRICT.]**

Notwithstanding Minnesota Statutes, section 469.176, subdivision 1, the duration of the Laurel Village tax increment financing district, district No. 64, located within the city of Minneapolis, may be extended by the authority through the year 2015. The request for certification of the subdistrict must be filed with the county auditor before December 1, 1995. The city may defer receipt of the first increment from a subdistrict for up to three years following certification. Minnesota Statutes, sections 469.174, subdivision 7, paragraph (c); and 469.176, subdivisions 1, paragraph (d); 4e; 6; and 7, do not apply to a subdistrict. Nothing in this section affects the liability of persons for costs or damages associated with the release of hazardous substances, the city's right to pursue responsible parties or reimbursement under applicable insurance contracts, or the city's liability under Minnesota Statutes, section 115B.04, subdivision 4. The powers granted are in addition to other powers of the city.

Subd. 2. [RESTRICTIONS; SUBDISTRICT SIZE.] The subdistrict created under this section must be contiguous and may not exceed 20 acres.

Subd. 3. [QUALIFICATION RULES.] Before creation of a subdistrict under subdivision 1, the governing body of the city of St. Louis Park must find that the sum of remediation costs related to the subdistrict and deposits to the indemnification fund or premiums for the purchase of private environmental insurance necessary to develop the site exceeds the estimated fair market value of the land in

the subdistrict after completion of all necessary remediation activities and provision of indemnification under the plan.

Subd. 4. [LIMITS ON SPENDING INCREMENTS; POOLING RULES.] The provisions of Minnesota Statutes 1990, section 469.1763, do not apply to the subdistrict created under this section. Revenues derived from tax increments from the subdistrict may be spent only on:

(1) remediation and associated costs related to the area contained in the subdistrict, including the activities outside of the subdistrict to the extent necessary to prevent contaminants moving to or from the site;

(2) deposits to an indemnification fund or the purchase of environmental insurance, relating only to liability or additional remediation costs for contaminated parcels located in the subdistrict; and

(3) administrative expenses and costs permitted under Minnesota Statutes 1990, section 469.176, subdivision 4h.

After sufficient revenues derived from tax increments have been received to pay all remediation costs, deposits to an indemnification fund or insurance premiums, and administrative and other qualifying costs the subdistrict must be decertified.

Subd. 5. [STATE AID REDUCTIONS.] The state aid reductions under Minnesota Statutes 1990, section 273.1399, do not apply to the subdistrict, if the city elects to pay and pays 25 percent of the remediation costs and deposits to the indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted city money (other than tax increments). The city must elect this option at the time of certification of the district and must notify the commissioner of revenue of its election. The election is irrevocable.

Subd. 6. [DEFINITION.] For purposes of this section, "remediation" means activity constituting "removal," "remedy," "remedial action," or "response" as those terms are defined in Minnesota Statutes, section 115B.02. Remediation costs include activities, including installation of public infrastructure, necessary to accomplish remediation.

Subd. 7. [EFFECTIVE DATE.] This section is effective upon compliance by the city of St. Louis Park with Minnesota Statutes, section 645.021, subdivision 3.

Sec. 30. [ST. PAUL; TAX INCREMENT.]

Subdivision 1. [AUTHORIZATION.] The city of St. Paul, or its

redevelopment agencies, may create a hazardous substance subdistrict in the Lower Payne Avenue study area, under Minnesota Statutes, section 469.175, subdivision 7, and issue bonds or other obligations payable in whole or in part from increment derived from the subdistrict or district upon a finding by city resolution that establishment of a subdistrict will facilitate environmental remediation and reduce the likelihood of litigation. The request for certification of the subdistrict must be filed with the county auditor before December 1, 1995. The city may defer receipt of the first increment from a subdistrict for up to three years following certification. Minnesota Statutes, sections 469.174, subdivision 7, paragraph (c); and 469.176, subdivisions 1, paragraph (d); 4e; 6; and 7, do not apply to a subdistrict. Nothing in this section affects the liability of persons for costs or damages associated with the release of hazardous substances, the city's right to pursue responsible parties or reimbursement under applicable insurance contracts, or the city's liability under Minnesota Statutes, section 115B.04, subdivision 4. The powers granted are in addition to other powers of the city.

Subd. 2. [RESTRICTIONS; SUBDISTRICT SIZE.] The subdistrict created under this section must be contiguous and may not exceed ten acres.

Subd. 3. [QUALIFICATION RULES.] Before creation of a subdistrict under subdivision 1, the governing body of the city of St. Paul must find that the sum of remediation costs related to the subdistrict and deposits to the indemnification fund or premiums for the purchase of private environmental insurance necessary to develop the site exceeds the estimated fair market value of the land in the subdistrict after completion of all necessary remediation activities and provision of indemnification under the plan.

Subd. 4. [LIMITS ON SPENDING INCREMENTS; POOLING RULES.] The provisions of Minnesota Statutes 1990, section 469.1763, do not apply to the subdistrict created under this section. Revenues derived from tax increments from the subdistrict may be spent only on:

(1) remediation and associated costs related to the area contained in the subdistrict, including the activities outside of the subdistrict to the extent necessary to prevent contaminants moving to or from the site;

(2) deposits to an indemnification fund or the purchase of environmental insurance, relating only to liability or additional remediation costs for contaminated parcels located in the subdistrict; and

(3) administrative expenses and costs permitted under Minnesota Statutes 1990, section 469.176, subdivision 4h.

After sufficient revenues derived from tax increments have been

received to pay all remediation costs, deposits to an indemnification fund or insurance premiums, and administrative and other qualifying costs the subdistrict must be decertified.

Subd. 5. [STATE AID REDUCTIONS.] (a) The state aid reductions under Minnesota Statutes 1990, section 273.1399, do not apply to the subdistrict, if the city elects to pay and pays 25 percent of the remediation costs and deposits to the indemnification fund out of its general fund, a property tax levy for that purpose, or other unrestricted city money (other than tax increments). The city must elect this option at the time of certification of the district and must notify the commissioner of revenue of its election. The election is irrevocable.

(b) If the city elects this option, tax capacity captured by the subdistrict must not be included in the calculation of state aid reduction for the district under Minnesota Statutes, section 273.1399.

Subd. 6. [DEFINITION.] For purposes of this section, "remediation" means activity constituting "removal," "remedy," "remedial action," or "response" as those terms are defined in Minnesota Statutes, section 115B.02. Remediation costs include activities, including installation of public infrastructure, necessary to accomplish remediation.

Subd. 7. [EFFECTIVE DATE.] This section is effective upon compliance by the city of St. Paul with Minnesota Statutes, section 645.021, subdivision 3.

Sec. 31. [APPROPRIATIONS; TAX SAMPLE.]

Sec. 32. [APPROPRIATION.]

\$1,000,000 is appropriated from the general fund to the commissioner of the Minnesota housing finance agency to be deposited in the housing trust fund account created under Minnesota Statutes, section 462A.201, and used for the purposes provided in that section.

Sec. 33. [REPEALER.]

Section 7 is repealed effective for taxable years beginning after December 31, 1993.

If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed  $66 \frac{2}{3}$  80 percent of the ~~product of the daily wage times the number of days normally worked~~ employee's after-tax

weekly wage, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 4. Minnesota Statutes 1990, section 176.011, is amended by adding a subdivision to read:

Subd. 18a. [AFTER-TAX WEEKLY WAGE.] "After-tax weekly wage" means the weekly wage reduced by the amounts required to be withheld by the Federal Insurance Contributions Act, United States Code, title 16, sections 3101 to 3126, but without regard to the yearly maximum, and by state and federal income tax laws using as the number of allowances the number of exemptions that the employee is entitled to under federal law for the employee and the employee's dependents and without additional allowances. The after-tax weekly wage must be determined as of the date of injury, and changes in dependents after that date may not be considered.

Sec. 46. Minnesota Statutes 1991 Supplement, section 240.13, subdivision 5, is amended to read:

Subd. 5. [PURSES.] (a) From the amounts deducted from all pari-mutuel pools by a licensee, an amount equal to not less than the following percentages of all money in all pools must be set aside by the licensee and used for purses for races conducted by the licensee, provided that a licensee may agree by contract with an organization representing a majority of the horsepersons racing the breed involved to set aside amounts in addition to the following percentages:

(1) for live races conducted at a class A facility, and for races that are part of full racing card simulcasting or full racing card telrace simulcasting that takes place within the time period of the live races, 8.4 percent;

(2) for simulcasts and telrace simulcasts conducted during the

racing season other than as provided for in clause (1), 50 percent of the takeout remaining after deduction for taxes on pari-mutuel pools, payment to the breeders fund, and payment to the sending out-of-state racetrack for receipt of the signal; and

(3) for simulcasts and telerece simulcasts conducted outside of the racing season, 25 percent of the takeout remaining after deduction for the state pari-mutuel tax, payment to the breeders fund, payment to the sending out-of-state racetrack for receipt of the signal and, before January 1, 2005, a further deduction of eight percent of all money in all pools; provided, however, that in the event that wagering on simulcasts and telerece simulcasts outside of the racing season exceeds \$125 million in any calendar year, the amount set aside for purses by this formula is increased to 30 percent on amounts between \$125,000,000 and \$150,000,000 wagered; 40 percent on amounts between \$150,000,000 and \$175,000,000 wagered; and 50 percent on amounts in excess of \$175,000,000 wagered. In lieu of the eight percent deduction, a deduction as agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing at the licensee's class A facility during the preceding 12 months, is allowed after December 31, 2004.

The commission may by rule provide for the administration and enforcement of this subdivision. The deductions for payment to the sending out-of-state racetrack must be actual, except that when there exists any overlap of ownership, control, or interest between the sending out-of-state racetrack and the receiving licensee, the deduction must not be greater than three percent unless agreed to between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races during the existing racing meeting or, if outside of the racing season, during the most recent racing meeting.

In lieu of the amount the licensee must pay to the commission for deposit in the Minnesota breeders fund under section 240.15, subdivision 1, the licensee shall pay 5-1/2 percent of the takeout from all pari-mutuel pools generated by wagering at the licensee's facility on full racing card simulcasts and full racing card telerece simulcasts of races not conducted in this state.

(b) From the money set aside for purses, the licensee shall pay to the horseperson's organization representing the majority of the horsepersons racing the breed involved and contracting with the licensee with respect to purses and the conduct of the racing meetings and providing representation, benevolent programs, benefits, and services for horsepersons and their on-track employees, an amount, sufficient to perform these services, as may be determined by agreement by the licensee and the horseperson's organization. The amount paid may be deducted only from the money set aside for purses to be paid in races for the breed represented by the horseperson's organization. With respect to racing meetings where more than

one breed is racing, the licensee may contract independently with the horseperson's organization representing each breed racing.

(c) Notwithstanding sections 325D.49 to 325D.66, a horseperson's organization representing the majority of the horsepersons racing a breed at a meeting, and the members thereof, may agree to withhold horses during a meeting.

(d) Money set aside for purses from wagering, during the racing season, on simulcasts and telerace simulcasts must be used for purses for live races conducted at the licensee's class A facility during the same racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state. Money set aside for purses from wagering, outside of the racing season, on simulcasts and telerace simulcasts must be for purses for live races conducted at the licensee's class A facility during the next racing season, over and above the 8.4 percent purse requirement or any higher requirement to which the parties agree, for races conducted in this state.

(e) Money set aside for purses from wagering on simulcasts and telerace simulcasts must be used for purses for live races involving the same breed involved in the simulcast or telerace simulcast except that money set aside for purses and payments to the breeders fund from wagering on full racing card simulcasts and full racing card telerace simulcasts of races not conducted in this state, occurring during a live mixed meet, must be allotted to the purses and breeders fund for each breed participating in the mixed meet in the same proportion that the number of live races run by each breed bears to the total number of live races conducted during the period of the mixed meet.

(f) The allocation of money set aside for purses to particular racing meets may be adjusted, relative to overpayments and underpayments, by contract between the licensee and the horsepersons' organization representing the majority of horsepersons racing the breed involved at the licensee's facility.

(g) Subject to the provisions of this chapter, money set aside from pari-mutuel pools for purses must be for the breed involved in the race that generated the pool, except that if the breed involved in the race generating the pari-mutuel pool is not racing in the current racing meeting, or has not raced within the preceding 12 months at the licensee's class A facility, money set aside for purses ~~must~~ may be distributed proportionately to those breeds that have run during the preceding 12 months or paid to the commission and used for purses or to promote racing for the breed involved in the race generating the pari-mutuel pool, or both, in a manner prescribed by the commission.

Sec. 47. Minnesota Statutes 1991 Supplement, section 240.13, subdivision 6, is amended to read:

Subd. 6. [SIMULCASTING.] The commission may permit an authorized licensee to conduct simulcasting or telereace simulcasting at the licensee's facility on any day authorized by the commission. All simulcasts and telereace simulcasts must comply with the Interstate Horse Racing Act of 1978, United States Code, title 15, sections 3001 to 3007. In addition to telereacing programs featuring live racing conducted at the licensee's class A facility, the class E licensee may conduct not more than seven telereacing programs per week during the racing season, unless additional telereace simulcasting is authorized by the director and approved by the horsepersons' organization representing the majority of horsepersons racing the breed racing the majority of races at the licensee's class A facility during the preceding 12 months. The commission may not authorize any day for simulcasting at a class A facility during the racing season, and a licensee may not be allowed to transmit out-of-state telecasts of races the licensee conducts, unless the licensee has obtained the approval of the horsepersons' organization representing the majority of the horsepersons racing the breed involved at the licensed racetrack during the preceding 12 months. The licensee may pay fees and costs to an entity transmitting a telecast of a race to the licensee for purposes of conducting pari-mutuel wagering on the race. The licensee may deduct fees and costs related to the receipt of televised transmissions from a pari-mutuel pool on the televised race, provided that one-half of any amount recouped in this manner must be added to the amounts required to be set aside for purses.

With the approval of the commission and subject to the provisions of this subdivision, a licensee may transmit telecasts of races it conducts, for wagering purposes, to locations outside the state, and the commission may allow this to be done on a commingled pool basis.

Except as otherwise provided in this section, simulcasting and telereace simulcasting may be conducted on a separate pool basis or, with the approval of the commission, on a commingled pool basis. All provisions of law governing pari-mutuel betting apply to simulcasting and telereace simulcasting except as otherwise provided in this subdivision or in the commission's rules. If pools are commingled, wagering at the licensed facility must be on equipment electronically linked with the equipment at the licensee's class A facility or with the sending racetrack via the totalizator computer at the licensee's class A facility. Subject to the approval of the commission, the types of betting, takeout, and distribution of winnings on commingled pari-mutuel pools are those in effect at the sending racetrack. Breakage for pari-mutuel pools on a televised race must be calculated in accordance with the law or rules governing the sending racetrack for these pools, and must be distributed in a manner agreed to between the licensee and the sending racetrack.

Notwithstanding subdivision 7 and section 240.15, subdivision 5, the commission may approve procedures governing the definition and disposition of unclaimed tickets that are consistent with the law and rules governing unclaimed tickets at the sending racetrack. For the purposes of this section, "sending racetrack" is either the racetrack outside of this state where the horse race is conducted or, with the consent of the racetrack, an alternative facility that serves as the racetrack for the purpose of commingling pools.

If there is more than one class B licensee conducting racing within the seven-county metropolitan area, simulcasting and telerrace simulcasting may be conducted only on races run by a breed that ran at the licensee's class A facility within the 12 months preceding the event. That portion of the takeout allocated for purses from pari-mutuel pools generated by wagering on standardbreds must be set aside and must be paid to the racing commission and used for purses as otherwise provided by this section or to promote standardbred racing or both, in a manner prescribed by the commission. In the event that a licensee conducts live standardbred racing, pools generated by live, simulcast, or telerrace simulcasting at the licensee's facilities on standardbred racing are subject to the purse set-aside requirements otherwise provided by law.

Contractual agreements between licensees and horsepersons' organizations entered into before June 5, 1991, regarding money to be set aside for purses from pools generated by simulcasts at a class A facility, are controlling regarding purse requirements through the end of the 1992 racing season.

Sec. 48. Minnesota Statutes 1990, section 240.14, subdivision 3, is amended to read:

Subd. 3. [COUNTY FAIR RACING DAYS.] The commission may assign to a class D licensee the following racing days:

(1) those racing days, not to exceed ten racing days, that coincide with the days on which the licensee's county fair is running; and

(2) additional racing days, not to exceed ten racing days, immediately before or after the days on which the licensee's county fair is running.

In no event shall the number of racing days assigned by the commission exceed 20 days.

The commission may not assign any days before July 1, 1980, as racing days to a class D licensee.

Sec. 49. Minnesota Statutes 1991 Supplement, section 240.15, subdivision 6, is amended to read:

Revenue from an admissions tax imposed under subdivision 1 must be paid to the local unit of government at whose request it was imposed, at times and in a manner the commission determines. (a) Unclaimed funds, as defined in this section, held and owing by a life insurance corporation shall be presumed abandoned if the last known address, according to the records of the corporation, of the person entitled to the funds is within this state. If a person other than the insured or annuitant is entitled to the funds and no address of such person is known to the corporation or if it is not definite and certain from the records of the corporation what person is entitled to the funds, it is presumed that the last known address of the person entitled to the funds is the same as the last known address of the insured or annuitant according to the records of the corporation.

(b) "Unclaimed funds," as used in this section, means all moneys held and owing by any life insurance corporation unclaimed and unpaid for more than ~~five~~ three years after the moneys became due and payable as established ~~from~~ the records of the corporation under any life or endowment insurance policy or annuity contract which has matured. A life insurance policy not matured by actual proof of the death of the insured is deemed to be matured and the proceeds thereof are deemed to be due and payable if such policy was in force when the insured attained the limiting age under the mortality table on which the reserve is based, unless the person appearing entitled thereto has within the preceding ~~five~~ three years, (1) assigned, readjusted or paid premiums on the policy, or subjected the policy to loan, or (2) corresponded in writing with the life insurance corporation concerning the policy. **345.35 [STOCK AND OTHER INTANGIBLE INTERESTS IN BUSINESS ASSOCIATIONS.]**

(b) At the expiration of a ~~seven-year~~ three-year period following the failure of the owner to claim a dividend, distribution, or other sum payable to the owner as a result of the interest, the interest is not presumed abandoned unless there have been at least ~~seven~~ three dividends, distributions, or other sums paid during the period, none of which has been claimed by the owner. If ~~seven~~ three dividends, distributions, or other sums are paid during the ~~seven-year~~ three-year period, the period leading to a presumption of abandonment commences on the date payment of the first such unclaimed dividend, distribution, or other sum became due and payable. (c) The running of the ~~seven-year~~ three-year period of abandonment ceases immediately upon the occurrence of a communication referred to in paragraph (a). If any future dividend, distribution, or other sum payable to the owner as a result of the interest is

subsequently not claimed by the owner, a new period of abandonment commences and relates back to the time a subsequent dividend, distribution, or other sum became due and payable.

(d) At the time an interest is presumed abandoned under this section, any dividend, distribution, or other sum then held for or owing to the owner as a result of the interest, and not previously presumed abandoned, is presumed abandoned.

(e) This section does not apply to any stock or other intangible ownership interest enrolled in a plan that provides for the automatic reinvestment of dividends, distributions, or other sums payable as a result of the interest unless the records available to the administrator of the plan show, with respect to any intangible ownership interest not enrolled in the reinvestment plan, that the owner has not within ~~seven~~ three years communicated in any manner described in paragraph (a).

(f) For purposes of this section, stock or other intangible ownership interest in a business association is presumed abandoned if:

(1) it is held or owing by a business association organized under the laws of or created in this state; or

(2) it is held or owing by a business association doing business in this state, but not organized under the laws of or created in this state, and the records of the business association indicate that the last known address of the person entitled thereto is in this state.

and provide a listing to the commissioner of finance. The commissioner of finance shall direct the agencies to reduce allotments as these savings occur and cancel them to the general fund at the end of the fiscal year. Projected saving for this program is \$1,901,000 in fiscal year 1993.

#### Subd. 2. Intertech

The commissioner of finance shall direct agencies to reduce allotments to reflect a credit in Intertech billings of \$2,000,000 which will result in savings to the general fund by June 30, 1993. This credit is based upon extra earnings made in the prior fiscal year that caused certain services to exceed their net revenue projections.

#### Subd. 3. Plant management retained earnings

The commissioner of administration is directed to refund in fiscal year 1993 \$1,400,000 of excess earnings in the plant management internal service fund of which \$1,000,000 will be savings to the general fund. Deposits to this account shall be transferred to the appropriate funds in proportion to the claims savings attributable. The commissioner shall provide staff to administer a return-to-work unit within the health, safety, and workers' compensation program to enhance procedures and agency personnel practices in order to facilitate the return of claimants to suitable state employment. It is estimated that the general fund savings attributable to this program will yield a net savings to the general fund of \$222,000 in fiscal year 1992 and \$1,350,000 in fiscal year 1993. Three new positions are to staff and implement a return-to-work unit which will manage internal file review and reduce costs.

#### Subd. 5. Prior injuries and illnesses

The commissioner of employee relations is directed to develop and coordinate implementation procedures to enhance agency registrations of state employees' prior injuries and illnesses. The commissioner shall also develop and implement procedures for medical claim file reviews, intensive monitoring of potential second injury claims, and expedition of second injury and supplemental reimbursement applications from the special compensation fund administered by the commissioner of labor and industry. Implementation of the procedures required under this section are expected to yield savings to the general fund of \$708,000 in fiscal year 1992 and \$465,000 in fiscal year 1993. Any other law to the contrary notwithstanding, reimbursements in excess of the total obtained in fiscal year 1991 shall be deposited in a spe-

The commissioner of employee relations, in conjunction with the commissioner of finance, shall develop and implement procedures to account for the savings accruing to agency budgets due to reductions to federal old age, survivors, disability, and health insurance program and supplemental Medicare obligations that occur as a result of reductions to taxable gross income for employees participating in health, dental, and life plans administered by the commissioner of employee relations. The savings that accrue to agencies' budgets shall be accounted for, unallotted, and canceled to the appropriate funds according to the procedures and dates specified by the commissioner of finance. It is expected that savings to the general fund resulting from the actions required under this section will be \$576,000 in fiscal year 1993.

#### Subd. 7. Insurance Premiums

This reduction is to agency budgets to account for premium holidays to be declared by the commissioner of employee relations. For periods deemed appropriate by the commissioner of employee relations to adjust balances in the accounts of the insurance trust fund, the commissioner shall declare premium holidays in the basic life and dental insurance plans in the health and benefits program within the current biennium. The commissioner of finance shall reduce agency allotments

	1992	1993
	\$	\$

and cancel to the respective funds savings accruing to agency budgets as a result of premium holidays or reductions made effective by the commissioner of employee relations. It is estimated that these cancellations will save the general fund \$623,000 the first year and \$4,900,000 the second year.

#### Subd. 8. MSRS

The commissioner of finance shall reduce agencies' fiscal year 1993 annual spending plans by the amount of the savings attributable to reductions to the employer retirement contribution rate to the state employees retirement fund. #### Sec. 24. [MANAGING REDUCTIONS.]

The general fund appropriation reductions to an agency in this article may be taken by the agency in either year of the biennium, except that an agency in the executive branch, other than a constitutional officer, must obtain the advance approval of the commissioner of finance before moving a reduction to a different fiscal year. Moving a reduction out of fiscal year 1993 does not

increase the agency's appropriation base for the 1994-1995 biennium.

## Sec. 58. [FINDINGS.]

The legislature finds that the state of Minnesota faces immediate and serious financial problems. As a result, public employers may have insufficient resources to maintain their work forces at the current level. The legislature determines that the public interest is best served if public employers' budgets can be balanced without layoffs of public employees. This section and section 59 are enacted as a temporary measure to help solve the financial crisis facing units of state and local government, while minimizing layoffs of public employees.

## Sec. 59. [EMPLOYER-PAID HEALTH INSURANCE.]

Subdivision 1. [STATE EMPLOYEES.] A state employee, as defined in Minnesota Statutes, section 43A.02, subdivision 21, or an employee of the state university system, community college system, higher education board, Minnesota state retirement system, the teachers retirement association, or the public employees retirement association, is eligible for state-paid hospital, medical, and dental benefits if the person:

(1) is eligible for state-paid insurance under Minnesota Statutes, section 43A.18, or other law;

(2) (i) has at least 25 years of service in the state civil service as defined in Minnesota Statutes, section 43A.02, subdivision 10; or (ii) has at least 25 years of service as an employee of the Minnesota state retirement system, the teachers retirement association, or the public employees retirement association; or (iii) has at least 25 years of service credit in the public pension plan that the person is a member of on the day before retirement;

(3) upon retirement is immediately eligible for a retirement annuity;

(4) is at least 55 and not yet 65 years of age; and

(5) retires on or after July 1, 1992, and before October 1, 1992.

During the biennium ending June 30, 1993, an executive branch state agency may not hire a replacement for a person who retires under this subdivision, except under conditions specified by the commissioners of finance and employee relations.

Subd. 2. [OTHER PUBLIC EMPLOYEES.] The University of Minnesota or the governing body of a city, county, school district, joint vocational technical district formed under Minnesota Statutes, sections 136C.60 to 136C.69, or other political subdivision of the

state may provide employer-paid hospital, medical, and dental benefits to a person who:

(1) is eligible for employer-paid insurance under collective bargaining agreements or personnel plans in effect on the day before the effective date of this section;

(2) has at least 25 years of service credit in the public pension plan that the person is a member of on the day before retirement; or in the case of a teacher has a total of at least 25 years of service credit in the teachers retirement association, a first-class city teacher retirement fund, or any combination of these groups;

(3) upon retirement is immediately eligible for a retirement annuity;

(4) is at least 55 and not yet 65 years of age; and

(5) in the case of a school district employee, retires on or after May 15, 1992, and before July 21, 1992; and in the case of an employee of another employer in this subdivision, retires on or after July 1, 1992, and before October 1, 1992.

An employer that pays for insurance under this subdivision may not exclude any eligible employees.

Subd. 3. [CONDITIONS; COVERAGE.] An employee who is eligible both for the health insurance benefit under this section and for an early retirement incentive under a collective bargaining agreement or personnel plan established by the employer must select either the early retirement incentive in the collective bargaining agreement, personnel plan, or the incentive provided under this section, but may not receive both. For purposes of this section, a person retires when the person terminates active employment and applies for retirement benefits. The retired employee is eligible for single and dependent coverages and employer payments to which the person was entitled immediately before retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans, for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee attains the age of 65, or when the employee chooses not to receive the retirement benefits for which the employee has applied, or when the employee is eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program. Nothing in this section obligates, limits, or otherwise affects the right of the University of Minnesota to provide employer-paid hospital, medical, dental benefits, and life insurance to any person.

Subd. 4. [RULE OF 90.] An employee who retires under this section using the rule of 90 must not be included in the calculations required by Minnesota Statutes, section 356.85.

Subd. 5. [APPLICATION OF OTHER LAWS.] Unilateral implementation of this section by a public employer is not an unfair labor practice for purposes of Minnesota Statutes, chapter 179A. The authority provided in this section for an employer to pay health insurance costs for certain retired employees is not subject to the limits in Minnesota Statutes, section 179A.20, subdivision 2a.

Sec. 60. [REPEALER.]

Minnesota Statutes 1990, section 41A.051, is repealed. Minnesota Statutes 1990, section 270.185, is repealed effective January 1, 1993. On that date, any balance in the reassessment account of the special revenue fund is transferred to the general fund. The repeal of Minnesota Statutes 1991 Supplement, section 326.991, provided for in Laws 1991, chapter 306, section 26, is postponed until July 31, 1994.

Sec. 61. [LAYOFFS.]

It is the policy of the legislature to maximize the delivery of services to the public. If layoffs of state employees as defined in Minnesota Statutes, chapter 43A, are necessary in an agency with 50 or more employees, the agency shall make an effort to reduce at least the same percentage of management and supervisory personnel as line and support personnel for the biennium ending June 30, 1993. This section does not modify any employee rights contained in any other law or collective bargaining agreement under Minnesota Statutes, chapter 179A.

Sec. 62. [LEGISLATIVE INTENT.]

The amendments in this article to Minnesota Statutes, sections 3.736, 16B.85, and 466.06, are intended to clarify, rather than to change, the original intent of the statutes amended.

Sec. 63. [EFFECTIVE DATE.]

This article is effective the day following final enactment, except that sections 36, 37, 42, 43, 46, and 47, are effective July 1, 1992.

Sections 26, 32, and 44 apply to cases pending or brought on or after their effective date.

The paragraph in Laws 1991, chapter 292, article 1, section 2, subdivision 9, providing for the implementation of a reduced reimbursement rate for therapy services provided by a physical or occupational therapy assistant is repealed. Services provided by a physical therapy assistant shall be reimbursed at the same rate as services performed by a physical therapist when the services of the physical therapy assistant are provided under the direction of a physical therapist who is on the premises. Services provided by a physical therapy assistant that are provided under the direction of a physical therapist who is not on the premises shall be reimbursed at 65 percent of the physical therapist rate. Services provided by an occupational therapy assistant shall be reimbursed at the same rate as services performed by an occupational therapist when the services of the occupational therapy assistant are provided under the direction of the occupational therapist who is on the premises. During the biennium ending June 30, 1993, the commissioner shall identify long-term care providers with high mortgage rates on existing debt and work with them and their mortgagees or other lenders to negotiate debt refinancing at lower interest rates that

Effective for the biennium beginning July 1, 1993, the commissioner shall allocate sufficient home- and community-based waived service openings and money to serve persons who are being relocated from existing intermediate care facilities for the mentally retarded that are projected to close and who otherwise would have been required to be relocated into newly developed intermediate care facilities for the mentally retarded.

In the event that a large community-based facility licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, for more than 16 beds but not certified as an intermediate care facility for persons with mental retardation or related conditions closes and alternative services for the residents are necessary, the commissioner may transfer on a quarterly basis to the medical assistance state account from each affected county's community social service allocation an amount equal to the state share of medical assistance reimbursement for residential and day habilitation services funded by medical assistance and provided to clients for whom the county is financially responsible.

For the fiscal year ending June 30, 1993, if a facility which is in receivership under Minnesota Statutes, section 245A.12 or 245A.13, is sold to an unrelated organization: (a) the facility shall be considered a newly established facility for rate setting purposes notwithstanding any provisions to the contrary in Minnesota Statutes, section 256B.501, subdivision 11; and (b) the facility's historical basis for the physical plant, land, and land improvements for each facility must not exceed the

prior owner's aggregate historical basis for these same assets for each facility. The allocation of the purchase price between land, land improvements, and physical plant shall be based on the real estate appraisal using the depreciated replacement cost method.

The number of home- and community-based waiver openings used for persons with mental retardation or related conditions who are being discharged from nursing homes shall not exceed 50 openings in fiscal year 1992 and 80 openings in fiscal year 1993.

The commissioner shall not spend money to study and shall not implement a system to pay hospitals under the medical assistance and general assistance medical care programs on a peer grouping basis during the biennium ending June 30, 1993.

The money appropriated to health care management to increase federal medical assistance reimbursement may not be included in the base for the biennium beginning July 1, 1993. The commissioner shall request continued funding based upon the results of the increased effort to maximize federal funding and shall include an evaluation of those results when requesting additional funding.

Before implementing the managed care initiatives for people with developmental disabilities or mental illness, the commissioner shall report to the chair of the house of representatives human resources division of the appropriations committee and the chair of the senate human resources division of the finance committee regarding the proposed program. The report should include the number of people likely to be affected by the program and the effects of the proposal on the services

they receive. Fiscal information should be provided, including the projected costs and savings under the proposal for the biennium ending June 30, 1995.

Effective January 1, 1993, and contingent upon federal approval of adding preplacement case management activities for persons with mental retardation or a related condition to the state Medicaid plan under title XIX of the Social Security Act, the commissioner shall transfer \$600,000 of Community Social Services Act funds, appropriated for grants for case management established under Minnesota Statutes, section 256E.14, to the state medical assistance account. This transfer is for the purpose of providing funding through June 30, 1993, for the state match necessary for preplacement activity.

The commissioner of human services may implement demonstration projects designed to create alternative delivery systems for acute and long-term care services to elderly and disabled persons which provide increased coordination, improve access to quality services, and mitigate future cost increases. Before implementing the projects, the commissioner must provide to the legislature information regarding the projects, as part of the department's fiscal year 1994-1995 biennial budget request. Demonstrations affecting elderly persons must be integrated with the provisions of Minnesota Statutes 1991 Supplement, section 256B.0917. The report must address the feasibility of and time lines for expansion of the projects or similar projects as part of a long-range strategy for reforming the long-term care delivery system.

These receipts are deposited and appropriated to the commissioner as provided under Minnesota Statutes, section 246.18.

The commissioner of finance shall transfer up to \$1,750,000 annually from the general fund to the enterprise fund for the specific purpose of providing for the cash flow requirements of the chemical dependency programs operated by the regional treatment centers. All transfers are subject to the commissioner's assessment of the amount of funding needed for cash flow needs, equivalent to two months of account receivables and the ability of the programs to repay the advances from earnings. The chemical dependency programs at the regional treatment centers must repay any advances from the general fund. The expiration dates of the various licenses, permits, registrations, and certifications as prescribed by the rules shall be plainly marked thereon. Fees may include application and examination fees and a penalty fee for renewal applications submitted after the expiration date of the previously issued permit, license, registration, and certification. The commissioner may also prescribe, by rule, reduced fees for permits, licenses, registrations, and certifications when the application therefor is submitted during the last three months of the permit, license, registration, or certification period. Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. The fees shall be in an amount so that the total fees collected by the commissioner will, where practical, approximate the cost to the commissioner in administering the program. All fees collected shall be deposited in the state treasury and credited to the general fund unless otherwise specifically appropriated by law for specific purposes.

(b) The commissioner may charge a fee for voluntary certification of medical laboratories and environmental laboratories, and for environmental and medical laboratory services provided by the department, without complying with paragraph (a) or chapter 14. Fees charged for environment and medical laboratory services provided by the department must be approximately equal to the costs of providing the services.

(c) The commissioner may develop a schedule of fees for diagnostic evaluations conducted at clinics held by the services for children with handicaps program. All receipts generated by the program are annually appropriated to the commissioner for use in the maternal and child health program.

(d) The commissioner, for fiscal years 1993 and beyond, shall set license fees for hospitals and nursing homes that are not boarding care homes at a level sufficient to recover, over a two-year period, the deficit associated with the collection of license fees from these facilities. Subdivision 1. [LICENSE REQUIRED.] (a) A home care provider may not operate in the state without a current license issued by the commissioner of health.

(b) Within ten days after receiving an application for a license, the commissioner shall acknowledge receipt of the application in writing. The acknowledgment must indicate whether the application appears to be complete or whether additional information is required before the application will be considered complete. Within 90 days after receiving a complete application, the commissioner shall either grant or deny the license. If an applicant is not granted or denied a license within 90 days after submitting a complete application, the license must be deemed granted. An applicant whose

license has been deemed granted must provide written notice to the commissioner before providing a home care service.

(c) Each application for a home care provider license, or for a renewal of a license, shall be accompanied by a fee to be set by the commissioner under section 144.122, ~~except that the commissioner shall not charge a licensure fee to a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity.~~

Sec. 8. Minnesota Statutes 1991 Supplement, section 144A.46, subdivision 2, is amended to read:

Subd. 2. [EXEMPTIONS.] The following individuals or organizations are exempt from the requirement to obtain a home care provider license:

providing home care services to a person with a developmental disability; or

(7) a person or organization that provides only home management services, if the person or organization is registered under section 5.

An exemption under this subdivision does not excuse the individual from complying with applicable provisions of the home care bill of rights.

Sec. 9. Minnesota Statutes 1990, section 144A.46, subdivision 5, is amended to read:

Subd. 5. [PRIOR CRIMINAL CONVICTIONS.] ~~An applicant for a home care provider license shall disclose to the commissioner all criminal convictions of persons involved in the management, operation, or control of the provider. A home care provider shall require employees of the provider and applicants for employment in positions that involve contact with recipients of home care services to disclose all criminal convictions.~~ (a) All persons who have or will have direct contact with clients, including the home care provider, employees of the provider, and applicants for employment shall be required to disclose all criminal convictions. The commissioner may adopt rules that may require a person who must disclose criminal convictions under this subdivision to provide fingerprints and releases that authorize law enforcement agencies, including the bureau of criminal apprehension and the federal bureau of investigation, to release information about the person's criminal convictions to the commissioner and home care providers. The bureau of criminal apprehension, county sheriffs, and local chiefs of police shall, if requested, provide the commissioner with criminal conviction data available from local, state, and national criminal record repositories, including the criminal justice data communications network. No person may be employed by a home care provider in a position that involves contact with recipients of home care services nor may any person be involved in the management, operation, or control of a provider, if the person has been convicted of a crime that relates to the provision of home care services or to the position, duties, or responsibilities undertaken by that person in the operation of the home care provider, unless the person can provide sufficient evidence of rehabilitation. The commissioner shall adopt rules for determining what types of employment positions, including volunteer positions, involve contact with recipients of home care services, and whether a crime relates to home care services and what constitutes sufficient evidence of rehabilitation. The rules must require consideration of the nature and seriousness of the crime; the relationship of the crime to the purposes of home care licensure and regulation; the relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the person's position; mitigating circumstances or social conditions surrounding the commission of the

crime; the length of time elapsed since the crime was committed; the seriousness of the risk to the home care client's person or property; and other factors the commissioner considers appropriate. Data collected under this subdivision shall be classified as private data under section 13.02, subdivision 12.

(b) Termination of an employee in good faith reliance on information or records obtained under paragraph (a) regarding a confirmed conviction does not subject the home care provider to civil liability or liability for unemployment compensation benefits.

Sec. 10. [144A.461] [REGISTRATION.]

A person or organization that provides only home management services defined as home care services under section 144A.43, subdivision 3, clause (8), may not operate in the state without a current certificate of registration issued by the commissioner of health. To obtain a certificate of registration, the person or organization must annually submit to the commissioner the name, address, and telephone number of the person or organization and a signed statement declaring that the person or organization is aware that the home care bill of rights applies to their clients and that the person or organization will comply with the bill of rights provisions contained in section 144A.44. A person who provides home management services under this section must, within 120 days after beginning to provide services, attend an orientation session approved by the commissioner that provides training on the bill of rights and an orientation on the aging process and the needs and concerns of elderly and disabled persons. An organization applying for a certificate must also provide the name, business address, and telephone number of each of the individuals responsible for the management or direction of the organization. The commissioner shall charge an annual registration fee of \$20 for individuals and \$50 for organizations. A home care provider that provides home management services and other home care services must be licensed, but licensure requirements other than the home care bill of rights do not apply to those employees or volunteers who provide only home management services to clients who do not receive any other home care services from the provider. A licensed home care provider need not be registered as a home management service provider, but must provide an orientation on the home care bill of rights to its employees or volunteers who provide home management services. The commissioner may suspend or revoke a provider's certificate of registration or assess fines for violation of the home care bill of rights. Any fine assessed for a violation of the bill of rights by a provider registered under this section shall be in the amount established in the licensure rules for home care providers. As a condition of registration, a provider must cooperate fully with any investigation conducted by the commissioner, including providing specific information requested by the commissioner on clients served and the employees and volunteers who provide services. The

commissioner may use any of the powers granted in sections 144A.43 to 144A.49 to administer the registration system and enforce the home care bill of rights under this section.

Sec. 11. Minnesota Statutes 1991 Supplement, section 144A.49, is amended to read:

144A.49 [TEMPORARY PROCEDURES.]

For purposes of this section, "home care providers" shall mean the providers described in section 144A.43, subdivision 4, including hospice programs described in section 144A.48. Home care providers are exempt from the licensure requirement in section 144A.46, subdivision 1, until 90 days after the effective date of the licensure rules. Beginning July 1, 1987, no home care provider, as defined in section 144A.43, subdivision 4, except a provider exempt from licensure under section 144A.46, subdivision 2, may provide home care services in this state without registering with the commissioner. A home care provider is registered with the commissioner when the commissioner has received in writing the provider's name; the name of its parent corporation or sponsoring organization, if any; the street address and telephone number of its principal place of business; the street address and telephone number of its principal place of business in Minnesota; the counties in Minnesota in which it may render services; the street address and telephone number of all other offices in Minnesota; and the name, educational background, and ten-year employment history of the person responsible for the management of the agency. A registration fee must be submitted with the application for registration, ~~except that the commissioner shall not collect a registration fee from a home care provider operated by a statutory or home rule charter city, county, town, or other governmental entity.~~ The fee must be established pursuant to section 144.122 and must be based on a consideration of the following factors: the number of clients served by the home care provider, the number of employees, the number of services offered, and annual revenues of the provider. The registration is effective until 90 days after licensure rules are effective. In order to maintain its registration and provide services in Minnesota, a home care provider must comply with section 144A.44 and comply with requests for information under section 144A.47. A registered home care provider is subject to sections 144A.51 to 144A.54. Registration under this section does not exempt a home care provider from the licensure and other requirements later adopted by the commissioner.

Within 90 days after the effective date of the licensure rules under section 144A.45, the commissioner of health shall issue provisional licenses to all home care providers registered with the department as of that date. The provisional license shall be valid until superseded by a license issued under section 144A.46 or for a period of one year, whichever is shorter. Applications for licensure as a home care

provider received on or after the effective date of the home care licensure rules, shall be issued under section 144A.46, subdivision 1.

For purposes of investigation and securing information to determine violations, the director need not present a release, waiver, or consent of an individual. The identities of patients or residents must be kept private as defined by section 13.02, subdivision 12.

(e) Enter and inspect, at any time, a health facility or residential care home and be permitted to interview staff; provided that the director shall not unduly interfere with or disturb the provision of care and services within the facility or home or the activities of a patient or resident unless the patient or resident consents.

(f) Issue correction orders and assess civil fines pursuant to section 144.653 or any other law which provides for the issuance of correction orders to health facilities or home care provider, or under section 144A.45. (h) Assist patients or residents of health facilities or residential care homes in the enforcement of their rights under Minnesota law.

(i) Work with administrative agencies, health facilities, home care

The agency shall promptly act in respect to the complaint, and shall inform the complaining party and the director of its disposition. If a governmental agency receives a complaint which is more properly within the jurisdiction of the director, it shall promptly forward the complaint to the director, and shall inform the complaining party of the forwarding. Sec. 21. Minnesota Statutes 1990, section 144A.54, subdivision 1, is amended to read:

The commissioner of health, in consultation with the commissioner of human services, shall submit a report to the legislature by November 1, 1992, on the advisability and feasibility of consolidating licensure and regulation of home care services and residential care homes into one activity with the goal of avoiding contradictory or duplicative regulation and allowing flexibility for creative service development by regulating services rather than institutions. If the commissioner determines that consolidation of the two systems is feasible and desirable, the commissioner shall submit recommendations for changes in laws and regulations that are necessary to consolidate the systems. In developing the report and recommendations, the commissioner shall consider methods of enforcing physical plant and fire safety standards that are appropriate to congregate living settings and that reflect the needs and characteristics of different populations served in residential care homes. The commissioner shall also consider the need to modify home care rules to allow a social model for providing services as an alternative to a medical model for certain supportive services provided in residential care homes and home care settings. The commissioner of health shall consult with the commissioner of human services regarding the impact of changes on costs and payment mechanisms.

Sec. 35. [EFFECTIVE DATES.]

[MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded, for addition of new certified beds or for a change or changes in the certification status of existing beds except as provided in subdivision 3. The total number of certified beds in the state shall remain at or decrease from the number of beds certified on May 23, 1983, except as allowed under subdivision 3. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under sections 245A.01 to 245A.16 and 252.28 to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount. The commissioner of health shall deny each request for licensure of nursing home beds except as provided in subdivision 3.

In addition, the commissioner of health must not approve any construction project whose cost exceeds \$500,000, or 25 percent of the facility's appraised value, whichever is less, unless the project:

(1) has been approved through the process described in section 144A.073;

(2) meets an exception in subdivision 3;

(3) is necessary to correct violations of state or federal law issued by the commissioner of health;

(4) is necessary to repair or replace a portion of the facility that was destroyed by fire, lightning, or other hazards provided that the provisions of subdivision 3, clause (g), are met; or

(5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision 3, clause (b), or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made arrangements with outside

parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made.

Prior to the approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the construction project. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the construction project is completed and prior to the final clearance by the commissioner, the total actual costs for the construction project shall be submitted to the commissioner. If the final construction cost exceeds the threshold in this subdivision, the commissioner of human services shall not recognize any of the construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Sec. 3. Minnesota Statutes 1991 Supplement, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be

found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules;

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration;

(g) to license or certify beds in a new facility constructed to replace a facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard

that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ~~ten~~ 25 percent of the appraised value of the facility or ~~\$200,000~~ \$500,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ~~ten~~ 25 percent of the appraised value of the facility or ~~\$200,000~~ \$500,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project recommended for approval by the interagency board for quality assurance under section 144A.073;

(k) to license nursing home beds in a hospital facility that are relocated from a different hospital facility under common ownership or affiliation, provided:

(1) the nursing home beds are not certified for participation in the medical assistance program; and

(2) the relocation of nursing home beds under this clause should not exceed a radius of six miles;

(l) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings, from a hospital-attached nursing home to the hospital building, or from a separate nursing home to a building formerly used as

a hospital, provided the original nursing home building will no longer be operated as a nursing home and the building to which the beds are moved will no longer be operated as a hospital. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation. At the time of the licensure and certification of the nursing home beds, the commissioner of health shall delicense the same number of acute care beds within the existing complex of hospital buildings or building. Relocation of nursing home beds under this clause is subject to the limitations in section 144A.073, subdivision 5;

(m) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds. The relocated beds need not be licensed and certified at the new location simultaneously with the delicensing and decertification of the old beds and may be licensed and certified at any time after the old beds are delicensed and decertified;

(n) to license new nursing home beds in a continuing care retirement community affiliated with a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its residents from outside the state for the purpose of meeting contractual obligations to residents of the retirement community, provided the facility makes a written commitment to the commissioner of human services that it will not seek medical assistance certification for the new beds;

(o) to certify or license new beds in a new facility on the Red Lake Indian Reservation for which payments will be made under the Indian Health Care Improvement Act, Public Law Number 94-437, at the rates specified in United States Code, title 42, section 1396d(b);

(p) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed ~~ten~~ 25 percent of the appraised value of the facility or \$200,000 ~~\$500,000~~, whichever is less; or to license as nursing home beds boarding care beds in a facility with an addendum to its provider agreement effective beginning July 1, 1983, if the boarding care beds to be upgraded meet the standards for nursing home licensure. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase in the future. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(q) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of Saint Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this clause;

(r) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(s) to license or certify beds that are moved from a nursing home to a separate facility under common ownership or control that was formerly licensed as a hospital and is currently licensed as a nursing facility and that is located within eight miles of the original facility, provided the original nursing home building will no longer be operated as a nursing home. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the relocation; or

(t) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(u) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

[HEALTH PLAN MAINTENANCE ORGANIZATION SURCHARGE.] Effective July 1, 1991 October 1, 1992, each health plan under contract with maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D shall pay to the commissioner of human services a surcharge equal to the equivalent value of the surcharges described in subdivision 2 for each medical assistance rate cell payment ~~six-tenths of one percent of the total premium revenues of the health maintenance organization as reported to the commissioner of health~~ according to the schedule in subdivision 4. The surcharge for each quarter or month of a fiscal year shall be calculated based on the payments due in September of the same fiscal year under subdivision 2.

Sec. 20. Minnesota Statutes 1991 Supplement, section 256.9657, subdivision 4, is amended to read:

Subd. 4. [PAYMENTS INTO THE ACCOUNT.] Payments to the commissioner under ~~subdivision~~ subdivisions 1 to 3 must be paid in monthly installments due on the 15th of the month beginning ~~August 15, 1991~~ October 15, 1992. The monthly payment must be equal to the annual surcharge divided by 12. Payments to the commissioner under subdivisions 2 and 3 for fiscal year 1993 must be paid as follows: the first payment is a quarterly payment due September 15, 1991, with subsequent payments due monthly on the fifteenth of each month. The September 15, 1991, payment under subdivisions 2 and 3 shall be determined by taking the amount of medical assistance payments issued to each provider in the calendar quarter beginning six months prior to the quarter in which the payment is due multiplied by the percentage surcharge for each provider. The subsequent monthly payments shall be determined by taking the amount of medical assistance payments issued to each provider in the month beginning six months prior to the month in which the payment is due multiplied by the percentage surcharge for each provider based on calendar year 1990 revenues. Effective July 1 of each year, beginning in 1993, payments under subdivisions 2 and 3 must be based on revenues earned in the second previous calendar year.

Sec. 21. Minnesota Statutes 1991 Supplement, section 256.9657, subdivision 7, is amended to read:

Subd. 7. [~~ENFORCEMENT COLLECTION; CIVIL PENALTIES.~~] The commissioner shall bring action in district court to collect provider payments due under subdivisions 1 to 3 that are more than 30 days in arrears. The provisions of sections 289A.35 to 289A.50 relating to the authority to audit, assess, collect, and pay refunds of other state taxes may be implemented by the commissioner of human services with respect to the tax, penalty, and interest imposed by this section and section 147.01, subdivision 6. The commissioner of human services shall impose civil penalties for violation of this section or section 147.01, subdivision 6, as provided in section 289A.60, and the tax and penalties are subject to interest at the rate provided in section 270.75.

Sec. 22. Minnesota Statutes 1991 Supplement, section 256.9685, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY.] The commissioner shall establish procedures for determining medical assistance and general assistance medical care payment rates under a prospective payment system for inpatient hospital services in hospitals that qualify as vendors of medical assistance. The commissioner shall establish, by rule, procedures for implementing this section and sections 256.9686, 256.969, and 256.9695. The medical assistance payment

rates must be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of recipients in efficiently and economically operated hospitals. Services must meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b), to be eligible for payment except the commissioner may establish exemptions to specific requirements based on diagnosis, procedure, or service after notice in the State Register and a 30-day comment period. The commissioner may establish an administrative reconsideration process for appeals of inpatient hospital services determined to be medically unnecessary. The reconsideration process shall take place prior to the contested case procedures of chapter 14 and shall be conducted by physicians that are independent of the case under reconsideration. A majority decision by the physicians is necessary to make a determination that the services were not medically necessary. Notwithstanding section 256B.72, the commissioner may recover inpatient hospital payments for services that have been determined to be medically unnecessary under the reconsideration process.

Sec. 23. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] (a) The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. The hospital cost index ~~shall~~ may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program for admissions occurring during the biennium ending June 30, 1993, and the hospital cost index under medical assistance, excluding general assistance medical care, shall be increased by one percentage point to reflect changes in technology for admissions occurring after September 30, 1992.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, excluding the technology factor under paragraph (a), nor under general assistance medical care. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section

16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 24. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 2, is amended to read:

Subd. 2. [DIAGNOSTIC CATEGORIES.] The commissioner shall use to the extent possible existing diagnostic classification systems, including the system used by the Medicare program to determine the relative values of inpatient services and case mix indices. The commissioner may combine diagnostic classifications into diagnostic categories and may establish separate categories and numbers of categories based on program eligibility or hospital peer group. Relative values shall be recalculated when the base year is changed. Relative value determinations shall include paid claims for admissions during each hospital's base year. The commissioner may extend the time period forward to obtain sufficiently valid information to establish relative values. Relative value determinations shall not include property cost data, Medicare crossover data, and data on admissions that are paid a per day transfer rate under subdivision 13 14. The computation of the base year cost per admission must include identified outlier cases and their weighted costs up to the point that they become outlier cases, but must exclude costs recognized in outlier payments beyond that point. The commissioner may recategorize the diagnostic classifications and recalculate relative values and case mix indices to reflect actual hospital practices, the specific character of specialty hospitals, or to reduce variances within the diagnostic categories after notice in the State Register and a 30-day comment period.

Sec. 25. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 9, is amended to read:

Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] For admissions occurring on or after ~~July 1, 1989~~ October 1, 1992, the medical assistance disproportionate population adjustment shall comply with federal law at fully implemented rates and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and

the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this section. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

Sec. 26. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 20, is amended to read:

Subd. 20. [INCREASES IN MEDICAL ASSISTANCE INPATIENT PAYMENTS; CONDITIONS.] (a) Medical assistance inpatient payments shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(b) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occurred between July 1, 1988, and December 31, 1990, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For this paragraph, medical assistance does not include general assistance medical care.

(c) Medical assistance inpatient payment rates shall increase 20 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occur on or after October 1, 1992, if: (i) the

hospital had 100 or fewer Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For a hospital that qualifies for an adjustment under this paragraph and under subdivision 9, the hospital must be paid the adjustment under subdivision 9 plus any amount by which the adjustment under this paragraph exceeds the adjustment under subdivision 9. For this paragraph, medical assistance does not include general assistance medical care.

(d) Medical assistance inpatient payments shall increase 15 percent for inpatient hospital originally paid admissions, excluding Medicare crossovers, that occur after September 30, 1992, if: (i) the hospital had more than 100 but fewer than 250 Minnesota medical assistance annualized paid admissions, excluding Medicare crossovers, that were paid by March 1, 1988, for the period January 1, 1987, to June 30, 1987; (ii) the hospital had 100 or fewer licensed beds on March 1, 1988; (iii) the hospital is located in Minnesota; and (iv) the hospital is not located in a city of the first class as defined in section 410.01. For a hospital that qualifies for an adjustment under this paragraph and under subdivision 9, the hospital must be paid the adjustment under subdivision 9 plus any amount by which the adjustment under this paragraph exceeds the adjustment under subdivision 9. For this paragraph, medical assistance does not include general assistance medical care.

Sec. 27. Minnesota Statutes 1991 Supplement, section 256.969, subdivision 21, is amended to read:

Subd. 21. [MENTAL HEALTH OR CHEMICAL DEPENDENCY ADMISSIONS; RATES.] Admissions occurring on or after July 1, 1990, that are classified to a diagnostic category of mental health or chemical dependency shall have rates established according to the methods of subdivision 14, except the per day rate shall be multiplied by a factor of 2, provided that the total of the per day rates shall not exceed the per admission rate. This methodology shall also apply when a hold or commitment is ordered by the court for the days that inpatient hospital services are medically necessary. Stays Mental health and chemical dependency inpatient hospital services for a hold or commitment ordered by the court which are medically necessary for inpatient hospital services and covered by medical assistance shall not be billable to any other governmental entity. Medical necessity shall be determined under criteria established to meet the requirements of section 256B.04, subdivision 15, or 256D.03, subdivision 7, paragraph (b).

Sec. 28. Minnesota Statutes 1990, section 256.9695, subdivision 3, is amended to read:

Subd. 3. [TRANSITION.] Except as provided in section 256.969, subdivision 6a, paragraph (a), clause (3), the commissioner shall establish a transition period for the calculation of payment rates from July 1, 1989, to the implementation date of the upgrade to the Medicaid management information system or July 1, 1992, whichever is earlier.

During the transition period:

(a) Changes resulting from section 256.969, subdivision 6a, paragraph (a), clauses (1), (2), (4), (5), (6), and (8), shall not be implemented, except as provided in section 256.969, subdivision 6a, paragraph (a), clause (7), and paragraph (i).

(b) The beginning of the 1991 rate year shall be delayed and the rates notification requirement shall not be applicable.

(c) Operating payment rates shall be indexed from the hospital's most recent fiscal year ending prior to January 1, 1991, by prorating the hospital cost index methodology in effect on January 1, 1989. For payments made for admissions occurring on or after June 1, 1990, ~~shall not be adjusted by the one percent technology factor included in the hospital cost index and until the implementation date of the upgrade to the Medicaid management information system the hospital cost index excluding the technology factor shall not exceed five percent.~~ This hospital cost index limitation shall not apply to hospitals that meet the requirements of section 256.969, subdivision 6a ~~20~~, paragraphs ~~(g)~~ (a) and ~~(h)~~ (b).

(d) Property and pass-through payment rates shall be maintained at the most recent payment rate effective for June 1, 1990. However, all hospitals are subject to the hospital cost index limitation of subdivision 2c, for two complete fiscal years. Property and pass-through costs shall be retroactively settled through the transition period. The laws in effect on the day before July 1, 1989, apply to the retroactive settlement.

(e) If the upgrade to the Medicaid management information system has not been completed by July 1, 1992, the commissioner shall make adjustments for admissions occurring on or after that date as follows:

(1) provide a ten percent increase to hospitals that meet the requirements of section 256.969, subdivision 20, or, upon written request from the hospital to the commissioner, 50 percent of the rate change that the commissioner estimates will occur after the upgrade to the Medicaid management information system; and

(2) adjust the rebased payment rates that are established after the upgrade to the Medicaid management information system to com-

pensate for a rebasing effective date of July 1, 1992. The adjustment shall be based on the change in rates from July 1, 1992, to the rebased rates in effect under the systems upgrade. The adjustment shall reflect payments under clause (1), differences in the hospital cost index and dissimilar rate establishment procedures such as the variable outlier and the treatment of births and rehabilitation units of hospitals. The adjustment shall be in effect for a period not to exceed the amount of time from July 1, 1992, to the systems upgrade.

Subd. 15. [COST-EFFECTIVE.] "Cost-effective" means that the amount paid by the state for premiums, coinsurance, deductibles, other cost sharing obligations under a health insurance plan, and other administrative costs is likely to be less than the amount paid for an equivalent set of services paid by medical assistance.

256B.035 [MANAGED CARE.]

The commissioner of human services may contract with public or private entities for health care services for or operate a preferred provider program to deliver health care services to medical assistance and, general assistance medical care, and children's health

plan recipients identified by the commissioner as inappropriately using health care services. The commissioner may enter into risk-based and non-risk-based contracts. Contracts may be for the full range of health services, or a portion thereof, for medical assistance and general assistance medical care populations to determine the effectiveness of various provider reimbursement and care delivery mechanisms. The commissioner may seek necessary federal waivers and implement projects when approval of the waivers is obtained from the Health Care Financing Administration of the United States Department of Health and Human Services.

Sec. 34. Minnesota Statutes 1990, section 256B.056, subdivision 1a, is amended to read:

Subd. 1a. [INCOME AND ASSETS GENERALLY.] Unless specifically required by state law or rule or federal law or regulation, the methodologies used in counting income and assets to determine eligibility for medical assistance shall be as follows: (a) for persons whose eligibility category is based on blindness, disability, or age of 65 or more years, the methodologies for the supplemental security income program shall be used; and (b) for families and children, which includes all other eligibility categories, the methodologies for the aid to families with dependent children program under section 256.73 shall be used. For these purposes, a "methodology" does not include an asset or income standard, budgeting or accounting method, or method of determining effective dates.

Sec. 35. Minnesota Statutes 1990, section 256B.056, subdivision 2, is amended to read:

Subd. 2. [HOMESTEAD; EXCLUSION FOR INSTITUTIONALIZED PERSONS.] To be eligible for medical assistance, a person must not own, individually or together with the person's spouse, real property other than the homestead. For the purposes of this section, "homestead" means the house owned and occupied by the applicant or recipient as a primary place of residence, together with the contiguous land upon which it is situated. The homestead shall be excluded for the first six calendar months of a person's stay in a long-term care facility and shall continue to be excluded for as long as the recipient can be reasonably expected to return, as provided under the methodologies for the supplemental security income program. The homestead shall continue to be excluded for persons residing in a long-term care facility if it is used as a primary residence by one of the following individuals:

- (a) the spouse;
- (b) a child under age 21;
- (c) a child of any age who is blind or permanently and totally disabled as defined in the supplemental security income program;

The homestead is also excluded for the first six calendar months of the person's stay in the long-term care facility. The person's equity in the homestead must be reduced to an amount within limits or excluded on another basis if the person remains in the long-term care facility for a period longer than six months. Real estate not used as a home may not be retained unless the property is not salable, the equity is \$6,000 or less and the income produced by the property is at least six percent of the equity, or the excess real property is exempted for a period of nine months if there is a good faith effort to sell the property and a legally binding agreement is signed to repay the amount of assistance issued during that nine months.

Sec. 36. Minnesota Statutes 1990, section 256B.056, subdivision 3, is amended to read:

Subd. 3. [ASSET LIMITATIONS.] To be eligible for medical assistance, a person must not individually own more than \$3,000 in assets, or if a member of a household with two family members (husband and wife, or parent and child), the household must not own more than \$6,000 in assets, plus \$200 for each additional legal dependent. In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. ~~For residents of long-term care facilities, the accumulation of the clothing and personal needs allowance pursuant to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. The value of the items in paragraphs (a) to (i) are not considered in determining medical assistance eligibility. The accumulation of the clothing and personal needs allowance pursuant to section 256B.35 must also be reduced to the maximum at the time of the eligibility redetermination. The value of assets that are not considered in determining eligibility for medical assistance is the value of those assets that are excluded by the aid to families with dependent children program for families and children, and the supplemental security income program for aged, blind, and disabled persons, with the following exceptions:~~

(a) ~~The homestead is not considered.~~

(b) ~~Household goods and personal effects are not considered.~~

(e) ~~Personal property used as a regular abode by the applicant or recipient is not considered.~~

(d) ~~A lot in a burial plot for each member of the household is not considered.~~

(e) (b) Capital and operating assets of a trade or business that the local agency determines are necessary to the person's ability to earn an income are not considered.

(f) ~~Insurance settlements to repair or replace damaged, destroyed, or stolen property are considered to the same extent as in the related cash assistance programs.~~

(g) ~~One motor vehicle that is licensed pursuant to chapter 168 and defined as: (1) passenger automobile, (2) station wagon, (3) motorcycle, (4) motorized bicycle or (5) truck of the weight found in categories A to E, of section 168.013, subdivision 1e, and that is used primarily for the person's benefit is not considered.~~

~~To be excluded, the vehicle must have a market value of less than \$4,500; be necessary to obtain medically necessary health services; be necessary for employment; be modified for operation by or transportation of a handicapped person; or be necessary to perform essential daily tasks because of climate, terrain, distance, or similar factors. The equity value of other motor vehicles is counted against the asset limit.~~

(h) ~~Life insurance policies and assets designated as burial expenses, according to the standards and restrictions of the supplemental security income (SSI) program.~~

(i) ~~Other items excluded by federal law are not considered.~~

(c) Motor vehicles are excluded to the same extent excluded by the supplemental security income program.

(d) Assets designated as burial expenses are excluded to the same extent excluded by the supplemental security income program.

Sec. 37. Minnesota Statutes 1990, section 256B.056, subdivision 5, is amended to read:

Subd. 5. [EXCESS INCOME.] A person who has excess income is eligible for medical assistance if the person has expenses for medical care that are more than the amount of the person's excess income, computed by deducting incurred medical expenses from the excess income to reduce the excess to the income standard specified in subdivision 4. The person shall elect to have the medical expenses deducted at the beginning of a one-month budget period or at the

beginning of a six-month budget period. Until June 30, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, the commissioner shall seek applicable waivers from the Secretary of Health and Human Services to allow persons eligible for assistance on a one-month spend-down basis under this subdivision to elect to pay the monthly spend-down amount in advance of the month of eligibility to the local agency in order to maintain eligibility on a continuous basis for medical assistance and to simplify payment to health care providers. If the local agency has not received payment of the spend-down amount by the 15th day of the month recipient does not pay the spend-down amount on or before the 20th of the month, the recipient is ineligible for this option for the following month. The commissioner may seek a waiver of the requirement of the Social Security Act that all requirements be uniform statewide, to phase in this option over a six-month period. The local agency must deposit spend-down payments into its treasury and issue a monthly payment to the state agency with the necessary individual account information. The local agency shall code the client eligibility system to indicate that the spend-down obligation has been satisfied for the month paid. The state agency shall convey this information to providers through eligibility cards which list no remaining spend-down obligation. After the implementation of the MMIS upgrade, the recipient may elect to pay the state agency the monthly spend-down amount. The recipient must make the payment on or before the 20th of the month in order to be eligible for this option in the following month.

Sec. 38. Minnesota Statutes 1990, section 256B.056, is amended by adding a subdivision to read:

Subd. 8. [COOPERATION.] To be eligible for medical assistance, applicants and recipients must cooperate with the state and local agency to identify potentially liable third-party payers and assist the state in obtaining third party payments, unless good cause for noncooperation is determined according to Code of Federal Regulations, title 42, part 433.147. "Cooperation" includes identifying any third party who may be liable for care and services provided under this chapter to the applicant, recipient, or any other family member for whom application is made and providing relevant information to assist the state in pursuing a potentially liable third party. Cooperation also includes providing information about a group health plan for which the person may be eligible and if the plan is determined cost-effective by the state agency and premiums are paid by the local agency or there is no cost to the recipient, they must enroll or remain enrolled with the group. Cost-effective insurance premiums approved for payment by the state agency and paid by the local agency are eligible for reimbursement according to section 256B.19.

Sec. 39. Minnesota Statutes 1990, section 256B.057, is amended by adding a subdivision to read:

Subd. 3a. [ELIGIBILITY FOR PAYMENT OF MEDICARE PART B PREMIUMS.] A person who would otherwise be eligible as a qualified Medicare beneficiary under subdivision 3, except the person's income is in excess of the limit, is eligible for medical assistance reimbursement of Medicare part B premiums if the person's income is less than 110 percent of the official federal poverty guidelines for the applicable family size. The income limit shall increase to 120 percent of the official federal poverty guidelines for the applicable family size on January 1, 1995.

Sec. 40. Minnesota Statutes 1990, section 256B.059, subdivision 2, is amended to read:

Subd. 2. [ASSESSMENT OF SPOUSAL SHARE.] At the beginning of a continuous period of institutionalization of a person, at the request of either the institutionalized spouse or the community spouse, or upon application for medical assistance, the total value of assets in which either the institutionalized spouse or the community spouse had an interest at the time of the first period of institutionalization of 30 days or more shall be assessed and documented and the spousal share shall be assessed and documented.

Sec. 41. Minnesota Statutes 1990, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of application for medical assistance benefits, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the greater of:

(1) \$12,000; or

(2) the lesser of the spousal share or \$60,000; or

(3) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 2; (ii) the institutionalized spouse lacks the ability to execute

an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under clause (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under section 256B.056, without regard to the limitations on total value in that section.

Sec. 42. Minnesota Statutes 1990, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] (a) If a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

(b) This section applies to transfers, for less than fair market value, of income or assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments.

(c) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(d) This section applies to the portion of any asset or interest that a person or a person's spouse transfers to an irrevocable trust, annuity, or other instrument, that exceeds the value of the benefit

likely to be returned to the person or spouse during his or her lifetime, based on his or her estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

(e) For purposes of this section, long-term care services include nursing facility services, and ~~home~~ home- and community-based services provided pursuant to section 256B.491. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or who is receiving ~~home~~ home- and community-based services under section 256B.491.

Sec. 43. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 2, is amended to read:

Subd. 2. [SKILLED AND INTERMEDIATE NURSING CARE.] Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562, unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute care beds; (b) the health care financing administration approves the necessary state plan amendments; (c) the patient was screened as provided by law; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. Medical assistance also covers up to ten days of nursing care provided to a patient in a swing bed if: (1) the patient's physician certifies that the patient has a terminal illness or condition that is likely to result in death within 30 days and that moving the patient would not be in the best interests of the patient and patient's family; (2) no open nursing home beds are available within 25 miles of the facility; and (3) no open beds are available in any Medicare hospice program within 50 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year.

Sec. 44. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if pre-

scribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from the Minnesota medical association and the Minnesota pharmacists association, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, and vitamins for children under the age of seven

and pregnant or nursing women; or any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Nutritional products needed for the treatment of a combined allergy to human milk, cow's milk, and soy formula require prior authorization. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(b) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug may be estimated by the commissioner. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual

acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(c) Until January 4, 1993, or the date the Medicaid Management Information System (MMIS) upgrade is implemented, whichever occurs last, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spend-down, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spend-down amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spend-down of (1) their right to appeal the denial of services on the grounds that they have satisfied the spend-down requirement, and (2) their potential eligibility for the health right program or the children's health plan.

Sec. 45. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 13a. [DRUG UTILIZATION REVIEW BOARD.] A 12-member drug utilization review board is established. The board is comprised of six licensed physicians actively engaged in the practice of medicine in Minnesota; five licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; and one consumer representative. The board shall be staffed by an employee of the department who shall serve as an ex officio nonvoting member of the board. The members of the board shall be appointed by the commissioner and shall serve three-year terms. The physician members shall be selected from a list submitted by the Minnesota medical

association. The pharmacist members shall be selected from a list submitted by the Minnesota pharmacist association. The commissioner shall appoint the initial members of the board for terms expiring as follows: four members for terms expiring June 30, 1995; four members for terms expiring June 30, 1994; and four members for terms expiring June 30, 1993. Members may be reappointed once. The board shall annually elect a chair from among the members.

The commissioner shall, with the advice of the board:

(1) implement a medical assistance retrospective and prospective drug utilization review program as required by United States Code, title 42, section 1396r-8(g)(3);

(2) develop and implement the predetermined criteria and practice parameters for appropriate prescribing to be used in retrospective and prospective drug utilization review;

(3) develop, select, implement, and assess interventions for physicians, pharmacists, and patients that are educational and not punitive in nature;

(4) establish a grievance and appeals process for physicians and pharmacists under this section;

(5) publish and disseminate educational information to physicians and pharmacists regarding the board and the review program;

(6) adopt and implement procedures designed to ensure the confidentiality of any information collected, stored, retrieved, assessed, or analyzed by the board, staff to the board, or contractors to the review program that identifies individual physicians, pharmacists, or recipients;

(7) establish and implement an ongoing process to (i) receive public comment regarding drug utilization review criteria and standards, and (ii) consider the comments along with other scientific and clinical information in order to revise criteria and standards on a timely basis; and

(8) adopt any rules necessary to carry out this section.

The board may establish advisory committees. The commissioner may contract with appropriate organizations to assist the board in carrying out the board's duties. The commissioner may enter into contracts for services to develop and implement a retrospective and prospective review program.

The board shall report to the commissioner annually on December

1. The commissioner shall make the report available to the public upon request. The report must include information on the activities of the board and the program; the effectiveness of implemented interventions; administrative costs; and any fiscal impact resulting from the program.

Sec. 46. Minnesota Statutes 1991 Supplement, section 256B.0625, subdivision 17, is amended to read:

Subd. 17. [TRANSPORTATION COSTS.] (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this subdivision, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the provider receives and maintains a current physician's order by the recipient's attending physician. The commissioner shall establish maximum medical assistance reimbursement rates for special transportation services for persons who need a wheelchair lift van or stretcher-equipped vehicle and for those who do not need a wheelchair lift van or stretcher-equipped vehicle. The average of these two rates must not exceed ~~\$12.50~~ \$13 for the base rate and \$1 per mile. Special transportation provided to nonambulatory persons who do not need a wheelchair lift van or stretcher-equipped vehicle, may be reimbursed at a lower rate than special transportation provided to persons who need a wheelchair lift van or stretcher-equipped vehicle.

Sec. 47. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19b. [NO AUTOMATIC ADJUSTMENT.] For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for home care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for home care services.

Sec. 48. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 19c. [PERSONAL CARE.] Medical assistance covers personal care services provided by an individual who is qualified to provide the services according to subdivision 19a and section 256B.0627, where the services are prescribed by a physician in

accordance with a plan of treatment and are supervised by a registered nurse.

Sec. 49. Minnesota Statutes 1990, section 256B.0625, is amended by adding a subdivision to read:

Subd. 31. [MEDICAL SUPPLIES AND EQUIPMENT.] Medical assistance covers medical supplies and equipment. Separate payment outside of the facility's payment rate shall be made for wheelchairs and wheelchair accessories for recipients who are residents of intermediate care facilities for the mentally retarded. Reimbursement for wheelchairs and wheelchair accessories for ICF/MR recipients shall be subject to the same conditions and limitations as coverage for recipients who do not reside in institutions. A wheelchair purchased outside of the facility's payment rate is the property of the recipient.

Sec. 50. Minnesota Statutes 1991 Supplement, section 256B.0627, subdivision 5, as amended by Laws 1992, chapter 391, section 5, is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits, or skilled nurse visits, ~~health promotions, or health assessments~~ under section 256B.0625, subdivision 6a; and

(2) a total of ten hours of nursing supervision under section 256B.0625, subdivision 7 or 19a.

(c) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of

severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened; or

(3) a third party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request.

(d) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (c) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waived services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.

(e) [ASSESSMENT AND CARE PLAN.] The home care provider shall conduct an assessment and complete a care plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries.

(f) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request for prior authorization, assessment, and care plan, authorize home care services as follows:

(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization

must be based on medical necessity and cost-effectiveness when compared with other care options.

(2) [PERSONAL CARE SERVICES.] (i) All personal care services must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision established in paragraph (b). The amount of personal care services authorized must be based on the recipient's case mix classification according to section 256B.0911, except that a child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level;

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs;

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have complex behaviors;

(D) up to the amount the commissioner would pay, as of July 1, 1991, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.091 or 256B.092.

(ii) The number of direct care hours shall be determined according to annual cost reports which are submitted to the department by nursing facilities each year. The average number of direct care hours, as established by May 1, shall be calculated and incorporated into the home care limits on July 1 each year. These limits shall be calculated to the nearest quarter hour.

(iii) The case mix level shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the personal care provider on forms specified by the commissioner. The forms shall be a combination of current assess-

ment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of children and nonelderly adults who need home care. The commissioner shall establish these forms and protocols under this section and shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1991.

(iv) A recipient shall qualify as having complex medical needs if they require:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care; or

(G) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(v) A recipient shall qualify as having complex behavior if the recipient exhibits on a daily basis the following:

(A) self-injurious behavior;

(B) unusual or repetitive habits;

(C) withdrawal behavior;

(D) hurtful behavior to others;

(E) socially or offensive behavior;

(F) destruction of property; or

(G) a need for constant one-to-one supervision for self-preservation.

(vi) The complex behaviors in clauses (A) to (G) have the meanings developed under section 256B.501.

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize up to 16 hours per day of private duty nursing services or up to 24 hours per day of private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are cooperatively applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined by the appropriate regulatory agency that a health benefit plan is or is not required to pay for appropriate medically necessary nursing health care services. Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

(g) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall remain valid. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization through the process described above. Under no circumstances shall a prior authorization be valid for more than 12 months.

(h) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical neces-

sity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

(i) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] The department has 30 days from receipt of the request to complete the prior authorization, during which time it may approve a temporary level of home care service. Authorization under this authority for a temporary level of home care services is limited to the time specified by the commissioner.

(j) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless the recipient is referred to the commissioner by a regional treatment center preadmission evaluation team;

(4) home care services when the number of foster care residents is greater than four; or

(5) home care services when combined with foster care payments, less the base rate, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.

Sec. 51. Minnesota Statutes 1990, section 256B.064, is amended by adding a subdivision to read:

Subd. 1d. [INVESTIGATIVE COSTS.] The commissioner may

seek recovery of investigative costs from any vendor of medical care or services who willfully submits a claim for reimbursement for services the vendor knows, or reasonably should have known, is a false representation and which results in the payment of public funds for which the vendor is ineligible. Billing errors deemed to be unintentional, but which result in overcharges, shall not be considered for investigative cost recoupment.

Sec. 52. Minnesota Statutes 1991 Supplement, section 256B.064, subdivision 2, is amended to read:

Subd. 2. The commissioner shall determine monetary amounts to be recovered and the sanction to be imposed upon a vendor of medical care for conduct described by subdivision 1a. Except in the case of a conviction for conduct described in subdivision 1a, neither a monetary recovery nor a sanction will be sought by the commissioner without prior notice and an opportunity for a hearing, pursuant to chapter 14, on the commissioner's proposed action, provided that the commissioner may suspend or reduce payment to a vendor of medical care, except a nursing home or convalescent care facility, prior to the hearing if in the commissioner's opinion that action is necessary to protect the public welfare and the interests of the program.

Upon receipt of a notice that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:

- (1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;
- (2) the computation that the vendor believes is correct;
- (3) the authority in statute or rule upon which the vendor relies for each disputed item;
- (4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and
- (5) other information required by the commissioner.

Sec. 53. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be

established by the county agency and the county public health nursing service of the local board of health. Each local screening team shall be composed of a social worker and a public health nurse from their respective county agencies. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) Both members of the team must conduct the screening. However, individuals who are being transferred from an acute care facility to a certified nursing facility and individuals who are admitted to a certified nursing facility on an emergency basis may be screened by only one member of the screening team in consultation with the other member.

(c) In assessing a person's needs, each screening team shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

(d) If a person who has been screened must be reassessed to assign a case mix classification because admission to a nursing facility occurs later than the time allowed by rule following the initial screening and assessment, the reassessment may be completed by the public health nurse member of the screening team.

Sec. 54. Minnesota Statutes 1991 Supplement, section 256B.0911, is amended by adding a subdivision to read:

Subd. 7a. [CASE MIX ASSESSMENTS.] The nursing facility is authorized to conduct all case mix assessments for persons who have been admitted to the facility prior to a preadmission screening. The county shall conduct the case mix assessment for all persons screened within ten working days prior to admission. The county retains the responsibility of distributing appropriate case mix forms to the nursing facility.

Sec. 55. Minnesota Statutes 1991 Supplement, section 256B.0911, subdivision 8, is amended to read:

Subd. 8. [ADVISORY COMMITTEE.] The commissioner shall appoint an advisory committee to advise the commissioner on the preadmission screening program, the alternative care program under section 256B.0913, and the home- and community-based services waiver programs for the elderly and the disabled. The advisory committee shall review policies and procedures and provide advice and technical assistance to the commissioner regarding the

effectiveness and the efficient administration of the programs. The advisory committee must consist of not more than ~~20~~ 22 people appointed by the commissioner and must be comprised of representatives from public agencies, public and private service providers, two representatives of nursing home associations, and consumers from all areas of the state. Members of the advisory committee must not be compensated for service.

Sec. 56. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(5) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of

March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spend-down if the person applied, unless authorized by the commissioner. The commissioner may authorize alternative care money to be used to meet a portion of a medical assistance income spend-down for persons residing in adult foster care who would otherwise be served under the alternative care program. The alternative care payment is limited to the difference between the recipient's negotiated foster care room and board rate and the medical assistance income standard for one elderly person plus the medical assistance personal needs allowance for a person residing in a long-term care facility. A person whose application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance retroactive to the date of eligibility for the services provided that are reimbursable under the elderly waiver program.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 57. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;

- (7) respite care;
- (8) assisted living; and
- (9) care-related supplies and equipment.

(b) The county agency may use up to ten percent of the annual allocation of alternative care funding for payment of costs of meals delivered to the home, transportation, skilled nursing, chore services, companion services, nutrition services, and training for direct informal caregivers. The commissioner shall determine the impact on alternative care costs of allowing these additional services to be provided and shall report the findings to the legislature by February 15, 1993, including any recommendations regarding provision of the additional services.

(c) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(d) These services must be provided by a licensed provider, a home health agency certified for reimbursement under Titles XVIII and XIX of the Social Security Act, or by persons or agencies employed by or contracted with the county agency or the public health nursing agency of the local board of health.

(e) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

(f) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(g) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to two or more

alternative care ~~grant~~ clients who reside in the same apartment building of ten or more units. These services may include care coordination, the costs of preparing one or more nutritionally balanced meals per day, general oversight, and other supportive services which the vendor is licensed to provide according to sections 144A.43 to 144A.49, and which would otherwise be available to individual alternative care ~~grant~~ clients. Reimbursement from the lead agency shall be made to the vendor as a monthly capitated rate negotiated with the county agency. The capitated rate shall not exceed the state share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The capitated rate may not cover rent and direct food costs. A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 58. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every six months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The case manager must give the individual a ten-day written notice of any decrease in or termination of alternative care services.

Sec. 59. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 11, is amended to read:

Subd. 11. [TARGETED FUNDING.] (a) The purpose of targeted funding is to make additional money available to counties with the greatest need. Targeted funds are not intended to be distributed equitably among all counties, but rather, allocated to those with long-term care strategies that meet state goals.

(b) The funds available for targeted funding shall be the total appropriation for each fiscal year minus county allocations determined under subdivision 10 as adjusted for any inflation increases provided in appropriations for the biennium.

(c) The commissioner shall allocate targeted funds to counties that demonstrate to the satisfaction of the commissioner that they have developed feasible plans to increase alternative care ~~grant~~ spending. In making targeted funding allocations, the commissioner shall use the following priorities:

(1) counties that received a lower allocation in fiscal year 1991 than in fiscal year 1990. Counties remain in this priority until they have been restored to their fiscal year 1990 level plus inflation;

(2) counties that sustain a base allocation reduction for failure to spend 95 percent of the allocation if they demonstrate that the base reduction should be restored;

(3) counties that propose projects to divert community residents from nursing home placement or convert nursing home residents to community living; and

(4) counties that can otherwise justify program growth by demonstrating the existence of waiting lists, demographically justified needs, or other unmet needs.

(d) Counties that would receive targeted funds according to paragraph (c) must demonstrate to the commissioner's satisfaction that the funds would be appropriately spent by showing how the funds would be used to further the state's alternative care goals as described in subdivision 1, and that the county has the administrative and service delivery capability to use them.

(e) The commissioner shall request applications by June 1 each year, for county agencies to apply for targeted funds. The counties selected for targeted funds shall be notified of the amount of their additional funding by August 1 of each year. Targeted funds allocated to a county agency in one year shall be treated as part of the county's base allocation for that year in determining allocations for subsequent years. No reallocations between counties shall be made.

(f) The allocation for each year after fiscal year 1992 shall be determined using the previous fiscal year's allocation, including any targeted funds, as the base and then applying the criteria under subdivision 10, paragraphs (c), (d), and (f), to the current year's expenditures.

Sec. 60. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

(1) when the alternative care client's gross income is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than \$6,000, the fee is zero;

(2) when the alternative care client's gross income is greater than 150 percent of the federal poverty guideline and total assets are less than \$6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's gross income, whichever is less; and

(3) when the alternative care client's total assets are greater than \$6,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated and be payable in the month in which the alternative care services begin and shall continue unaltered for six months until the semiannual reassessment unless the actual cost of services falls below the fee.

(b) The fee shall be waived by the commissioner when:

(1) a person who is residing in a nursing facility is receiving case management only;

(2) a person is applying for medical assistance;

(3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(4) a person is a medical assistance recipient, but has been approved for alternative care-funded assisted living services;

(5) a person is found eligible for alternative care, but is not yet receiving alternative care services;

(6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of the person's medical assistance spend-down, as authorized in subdivision 4; and

(7) a person's fee under paragraph (a) is less than \$25.

(c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

~~(e) The commissioner shall establish a premium schedule ranging from \$25 to \$75 per month based on the client's income and assets. The schedule is not subject to chapter 14, but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the schedule in final form. (d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium. Emergency or permanent rules governing client premiums supersede any schedule adopted under the exemption from chapter 14 in this section.~~

Sec. 61. Minnesota Statutes 1991 Supplement, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services shall be through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. To receive reimbursement, the county or vendor must submit invoices within 120 days following the month of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) Annually on July 1, the commissioner must adjust the rates allowed for alternative care services by For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for alternative care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for alternative care services based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs

is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

Sec. 62. Minnesota Statutes 1991 Supplement, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under medical assistance case mix reimbursement system. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waived services, including extended medical supplies and equipment; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval.

(e) Annually on July 1, the commissioner must adjust the rates allowed for services by For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waived services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under

section 16A.11 annual adjustments in reimbursement rates for home- and community-based waived services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

The adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other waiver and medical assistance home care services to be authorized by the case manager.

(f) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid management information system (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(g) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 63. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 4. [TERMINATION NOTICE.] The case manager must give the individual a ten-day written notice of any decrease in or termination of waived services.

Sec. 64. Minnesota Statutes 1991 Supplement, section 256B.0915, is amended by adding a subdivision to read:

Subd. 5. [REASSESSMENTS FOR WAIVER CLIENTS.] A reassessment of a client served under the elderly or disabled waiver must be conducted at least every six months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from the hospital.

Sec. 65. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 2, is amended to read:

Subd. 2. [DESIGN OF SAIL PROJECTS; LOCAL LONG-TERM CARE COORDINATING TEAM.] (a) The commissioner of human services shall establish SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board, or boards ~~under a joint powers agreement~~, must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Community Social Services Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board, or boards ~~under a joint powers agreement~~, shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board, or boards ~~under a joint powers agreement~~, shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions:

(1) No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

(2) If only two projects are selected, at least one of them must be from a metropolitan statistical area as determined by the United States Census Bureau; if three or four projects are selected, at least one but not more than two projects must be from a metropolitan statistical area; and if more than four projects are selected, at least two but not more than three projects must be from a metropolitan statistical area.

(3) Counties or groups of counties that submit a proposal for a project shall be assigned to types defined by institutional utilization rate and population growth rate in the following manner:

(i) Each county or group of counties shall be measured by the utilization rate of nursing homes and boarding care homes and by the projected growth rate of its population aged 85 and over between

1990 and 2000. For the purposes of this section, "utilization rate" means the proportion of the seniors aged 65 or older in the county or group of counties who reside in a licensed nursing home or boarding care home as determined by the most recent census of residents available from the department of health and the population estimates of the state demographer or the census, whichever is more recent. The "projected growth rate" is the rate of change in the county or group of counties of the population group aged 85 or older between 1990 and 2000 according to the projections of the state demographer.

(ii) The institutional utilization rate of a county or group of counties shall be converted to a category by assigning a "high utilization" category if the rate is above the median rate of all counties, and a "low utilization" category otherwise. The projected growth rate of a county or group of counties shall be converted to a category by assigning a score of "high growth" category if the rate is above the median rate of all counties, and a "low growth" category otherwise.

(iii) Types of areas shall be defined by the four combinations of the scores defined in item (ii): type 1 is low utilization – high growth, type 2 is high utilization – high growth, type 3 is high utilization – low growth, and type 4 is low utilization – low growth. Each county or group of counties making a proposal shall be assigned to one of these types.

(4) Projects shall be selected from each of the types in the order that the types are listed in paragraph (3), item (iii), with available funding allocated to projects until it is exhausted, with no more than 30 percent of available funding allocated to any one project. Available funding includes state administrative funds which have been appropriated for screening functions in subdivision 4, paragraph (b), clause (3), and for service developers and incentive grants in subdivision 5.

(5) If more than one county or group of counties within one of the types defined by paragraph (3) proposes a special project that meets all of the other conditions in paragraphs (1) and (2), the project that demonstrates the most cost-effective proposals in terms of the number of nursing home placements that can be expected to be diverted or converted to alternative care services per unit of cost shall be selected.

(6) If more than one county applies for a specific project under this subdivision, all participating county boards must indicate intent to work cooperatively through individual board resolutions or a joint powers agreement.

Sec. 66. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 3, is amended to read:

Subd. 3. [LOCAL LONG-TERM CARE STRATEGY.] The local long-term care strategy must list performance outcomes and indicators which meet the state's objectives. The local strategy must provide for:

(1) accessible information, assessment, and preadmission screening activities as described in subdivision 4;

(2) an application for expansion of alternative care targeted funds under section 256B.0913, for serving 180-day eligible clients, including those who are relocated from nursing homes; and

(3) the development of additional services such as adult family foster care homes; family adult day care; assisted living projects and congregate housing service projects in apartment buildings; expanded home care services for evenings and weekends; expanded volunteer services; and caregiver support and respite care projects; and

~~(4) development and implementation of strategies for advocating, promoting, and developing long term care insurance and encouraging insurance companies to offer long term care insurance policies that are affordable and offer a wide range of benefits.~~

The county or groups of counties selected for the projects shall be required to comply with federal regulations, alternative care funding policies in section 256B.0913, and the federal waiver programs' policies in section 256B.0915. The requirements for preadmission screening as defined in section 256B.0911, subdivisions 1 to 6, are waived for those counties selected as part of a long-term care strategy project. For persons who are eligible for medical assistance or who are 180-day eligible clients and who are screened after nursing facility admission, the nursing facility must include a screener in the discharge planning process for those individuals who the screener has determined have discharge potential. The agency responsible for the screening function in subdivision 4 must ensure a smooth transition and follow-up for the individual's return to the community. Requirements for an access, screening, and assessment function replace the preadmission screening requirements and are defined in subdivision 4. Requirements for the service development and service provision are defined in subdivision 5.

Sec. 67. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 4, is amended to read:

Subd. 4. [ACCESSIBLE INFORMATION, SCREENING, AND ASSESSMENT FUNCTION.] (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include

information and referral, early intervention, follow-up contacts, telephone triage as defined in paragraph (f), home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed by the nursing homes in the counties of the project, through the same policy that is in place in fiscal year 1992 as established in section 256B.0911. The amount a nursing home pays to the county agency is that amount identified and approved in the February 15, 1991, estimated number of screenings and associated expenditures. This amount remains the same for fiscal year 1993;

(2) The level I screenings and the level II assessments required by Public Law Numbers 100-203 and 101-508 (OBRA) for persons with mental illness, mental retardation, or related conditions, are reimbursed through administrative funds with 75 percent federal funds and 25 percent state funds, as allowed by federal regulations and established in the contract; and

(3) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clauses (1) and (2). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) The amounts available under paragraph (b) are available to the county or counties involved in the project to cover staff salaries and expenses to provide the services in this subdivision. The lead agency shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide the services listed in this subdivision.

(d) Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act and the Community Social Services Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

(e) The staffing for the screening and assessment function must include, but is not limited to, a county social worker and a county

public health nurse. The social worker and public health nurse are responsible for all assessments that are required to be completed by a professional. However, only one of these professionals is required to be present for the assessment. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year of experience in home care to conduct the assessment.

(f) All persons entering a Medicaid certified nursing home or boarding care home must be screened through an assessment process, although the decision to conduct a face-to-face interview is left with the county social worker and the county public health nurse. All applicants to nursing homes must be screened and approved for admission by the county social worker or the county public health nurse named by the lead agency or the agencies which are under contract with the lead agency to manage the access, screening, and assessment functions. For applicants who have a diagnosis of mental illness, mental retardation, or a related condition, and are subject to the provisions of Public Law Numbers 100-203 and 101-508, their admission must be approved by the local mental health authority or the local developmental disabilities case manager.

The commissioner shall develop instructions and assessment forms for telephone triage and on-site screenings to ensure that federal regulations and waiver provisions are met.

For purposes of this section, the term "telephone triage" refers to a telephone or face-to-face consultation between health care and social service professionals during which the clients' circumstances are reviewed and the county agency professional sorts the individual into categories: (1) needs no screening, (2) needs an immediate screening, or (3) needs a screening after admission to a nursing home or after a return home. The county agency professional shall authorize admission to a nursing home according to the provisions in section 256B.0911, subdivision 7.

(g) The requirements for case mix assessments by a preadmission screening team may be waived and the nursing home shall complete the case mix assessments which are not conducted by the county public health nurse according to the procedures established under Minnesota Rules, part 9549.0059. The appropriate county or the lead agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

(h) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Sec. 68. Minnesota Statutes 1991 Supplement, section 256B.0917, subdivision 5, is amended to read:

Subd. 5. [SERVICE DEVELOPMENT AND SERVICE DELIVERY.] (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) expansion of alternative care to serve an increased caseload, over the fiscal year 1991 average caseload, of at least 100 persons each year who are assessed prior to nursing home admission and persons who are relocated from nursing homes, which results in a reduction of the medical assistance nursing home caseload;

(2) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(3) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(4) a plan to apply for a congregate housing service project as identified in section 256.9751, authorized by the Minnesota board on aging, to the extent that funds are available;

(5) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(6) one or more caregiver support and respite care projects, as described in subdivision 6; and

(7) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The

funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Targeted alternative care funds received through the SAIL project approval process may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the medical assistance management information system (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (5), and grant funds for paragraph (a), clauses (6) and (7), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted care-related limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 1 and 2.

(c) [SALARY ADJUSTMENT PER DIEM.] For the rate period October 1, 1988, to June 30, 1990, the commissioner shall add the appropriate salary adjustment per diem calculated in clause (1) or (2) to the total operating cost payment rate of each nursing home. The salary adjustment per diem for each nursing home must be determined as follows:

(1) for each nursing home that reports salaries for registered nurses, licensed practical nurses, and aides, orderlies and attendants separately, the commissioner shall determine the salary adjustment per diem by multiplying the total salaries, payroll taxes, and fringe benefits allowed in each operating cost category, except management fees and administrator and central office salaries and the related payroll taxes and fringe benefits, by 3.5 percent and then dividing the resulting amount by the nursing home's actual resident days; and

(2) for each nursing home that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the salary adjustment per diem is the weighted average salary adjustment per diem increase determined under clause (1).

Each nursing home that receives a salary adjustment per diem pursuant to this subdivision shall adjust nursing home employee salaries by a minimum of the amount determined in clause (1) or (2). The commissioner shall review allowable salary costs, including payroll taxes and fringe benefits, for the reporting year ending September 30, 1989, to determine whether or not each nursing home complied with this requirement. The commissioner shall report the extent to which each nursing home complied with the legislative commission on long-term care by August 1, 1990.

(d) [NEW BASE YEAR.] The commissioner shall establish new base years for both the reporting year ending September 30, 1989,

and the reporting year ending September 30, 1990. In establishing new base years, the commissioner must take into account:

- (1) statutory changes made in geographic groups;
- (2) redefinitions of cost categories; and
- (3) reclassification, pass-through, or exemption of certain costs such as public employee retirement act contributions.

(e) [NEW BASE YEAR.] The commissioner shall establish a new base year for the reporting years ending September 30, 1991, and September 30, 1992. In establishing a new base year, the commissioner must take into account:

- (1) statutory changes made in geographic groups;
- (2) redefinitions of cost categories; and
- (3) reclassification, pass-through, or exemption of certain costs.

Sec. 89. Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 2l, is amended to read:

Subd. 2l. [INFLATION ADJUSTMENTS AFTER JULY 1, 1990.]

(a) For rate years beginning on or after July 1, 1990, the forecasted composite price index for a nursing home's allowable operating cost per diems shall be determined using Data Resources, Inc., forecast for change in the Nursing Home Market Basket. The commissioner of human services shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.

(b) For rate years beginning on or after July 1, 1992, the commissioner shall index the prior year's operating cost limits by the percentage change in the Data Resources, Inc., nursing home market basket between the midpoint of the current reporting year and the midpoint of the previous reporting year. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the calendar year preceding the rate year.

(c) For rate years beginning on or after July 1, 1993, the commissioner shall not provide automatic annual inflation adjustments for nursing homes. The commissioner of finance shall include annual adjustments in operating costs for nursing homes as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11.

Sec. 90. Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 2m, is amended to read:

Subd. 2m. [NURSING HOMES SPECIALIZING IN THE TREATMENT OF HUNTINGTON'S DISEASE.] For the rate year beginning July 1, 1991, and for the rate period from July 1, 1992, to December 31, 1992, the commissioner shall reimburse nursing homes that specialize in the treatment of Huntington's disease using the case mix per diem limit that applies to nursing homes licensed under the department of human services' rules governing residential services for physically handicapped persons to establish rates for up to 35 persons with Huntington's disease. For purposes of this subdivision, a nursing home specializes in the treatment of Huntington's disease if more than 25 percent of its licensed capacity is used for residents with Huntington's disease.

Sec. 91. Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 2o, is amended to read:

Subd. 2o. [SPECIAL PAYMENT RATES FOR SHORT-STAY NURSING HOMES.] Notwithstanding contrary provisions of this section and rules adopted by the commissioner, for the rate year years beginning on or after July 1, 1992, a nursing home whose average length of stay for the rate year beginning July 1, 1991, is less than 180 days must be reimbursed for allowable costs up to 125 percent of the total care-related limit and 105 percent of the other-operating-cost limit for hospital-attached nursing facilities. The nursing home continues to receive this rate even if the home's average length of stay is more than 180 days in the rate year years subsequent to the rate year beginning July 1, 1991.

Sec. 92. Minnesota Statutes 1991 Supplement, section 256B.431, subdivision 3f, is amended to read:

Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.] (a) [INVESTMENT PER BED LIMIT.] For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom. For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1990, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1). Beginning January 1, 1991, the replacement-cost-new per bed limits will be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1), except that the index utilized will be the Bureau of the Census: Composite fixed-weighted price index as published in the Survey of Current Business.

(b) [RENTAL FACTOR.] For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent

rounded to the nearest 100th percent for the purpose of reimbursing nursing homes for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use 95 percent of capacity days. For a nursing home whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed 95 percent of capacity days.

(d) [EQUIPMENT ALLOWANCE.] For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing home's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing home's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E. For the rate period beginning October 1, 1992, the equipment allowance for each nursing facility shall be increased by 28 percent. For rate years beginning after June 30, 1993, the allowance must be adjusted annually for inflation.

(e) [POST CHAPTER 199 RELATED-ORGANIZATION DEBTS AND INTEREST EXPENSE.] For rate years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item E, shall not apply to outstanding related organization debt incurred prior to May 23, 1983, provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010 to 9510.0480, the debt is subject to repayment through annual principal payments, and the nursing home demonstrates to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred. If the debt was incurred due to a sale between family members, the nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.

(f) [BUILDING CAPITAL ALLOWANCE FOR NURSING HOMES

WITH OPERATING LEASES.] For rate years beginning on or after July 1, 1990, a nursing home with operating lease costs incurred for the nursing home's buildings shall receive its building capital allowance computed in accordance with Minnesota Rules, part 9549.0060, subpart 8.

Sec. 93. Minnesota Statutes 1990, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983, and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to

establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, but before January 1, 1988, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the fiscal year beginning on January 1, 1988, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted prior year's payment rate plus the real estate tax and special assessment per diem.

(5) For fiscal years beginning on or after January 1, 1989, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate less the real estate tax and special assessment per diem must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted payment rate plus the real estate tax and special assessment per diem.

(6) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

(d) A facility that meets the criteria of paragraph (c) shall submit annual cost reports on forms prescribed by the commissioner.

(e) For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(f) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

- (1) the sale or transfer of a nursing home upon death of an owner;
- (2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;
- (3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;
- (4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;
- (5) a sale and leaseback to the same licensee which does not constitute a change in facility license;
- (6) a transfer of an interest to a trust;
- (7) gifts or other transfers for no consideration;
- (8) a merger of two or more related organizations;
- (9) a transfer of interest in a facility held in receivership;
- (10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;

(11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; or

(12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

(g) Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk audited cost report. The payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.

Upon the subsequent sale or transfer of the nursing home, the commissioner may recover amounts paid through payment rate adjustments under this paragraph. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.

Sec. 94. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 9a. [ONE-TIME ADJUSTMENT FOR 21-MONTH FACTOR.] For the rate period beginning October 1, 1992, the 21-month inflation factor for operating costs shall be increased by seven-tenths of one percent.

Sec. 95. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 13. [HOLD-HARMLESS PROPERTY-RELATED RATES.]

(a) Terms used in subdivisions 13 to 21 shall be as defined in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) Except as provided in this subdivision, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the property-related rate for a nursing facility shall be the greater of \$4 or the property-related payment rate in effect on September 30, 1992. In addition, the incremental increase in the nursing facility's rental rate will be determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(c) Notwithstanding Minnesota Rules, part 9549.0060, subpart 13, item F, a nursing facility that has a sale permitted under subdivision 14 after June 30, 1992, shall receive the property-related payment rate in effect at the time of the sale or reorganization. For rate periods beginning after October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility shall receive, in addition to its property-related payment rate in effect at the time of the sale, the incremental increase allowed under subdivision 14.

Sec. 96. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 14. [LIMITATIONS ON SALES OF NURSING FACILITIES.] (a) For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (b) or (c) for the sale of the nursing facility, including sales occurring after June 30, 1992, as provided in this subdivision.

(b) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is greater than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the greater of its property-related payment rate under subdivision 13 prior to sale or its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is equal to or less than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the nursing facility's property-related payment rate under subdivision 13 plus the difference between its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility or any of the following transactions:

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;

(6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section.

(e) For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(f) The effective day for the property-related payment rate determined under this subdivision shall be the first day of the month following the month in which the effective date of sale occurs or October 1, 1992, whichever is later, provided that the notice requirements under section 256B.47, subdivision 2, have been met.

(g) Notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitems (3) and (4), and subpart 7, items E and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after June 30, 1992, to the sum of clauses (1) to (3):

(1) the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the average annual capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's capital assets. The commissioner shall compute the allowed inflation as described in paragraph (h).

(h) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Systems Costs for Nursing Homes for any time periods during which both are available must be used. If the Dodge Construction Systems Costs for Nursing Homes becomes unavailable, the commissioner shall substitute the index in section 256B.431, subdivision 3f, or such other index as the secretary of the health care financing administration may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (g), clauses (1) and (2), must not exceed 300 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the month following the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing facility's initial occupancy, and ending with the month preceding the effective date of sale.

(i) If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use the historical cost of capital asset data from the point in time for which capital asset data is recorded in the nursing facility's audited financial statements.

(j) The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1992, including debt assumed by the purchaser of the nursing facility.

Sec. 97. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement payment rate shall be established annually as provided in paragraphs (a) to (d).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of acquiring the following items, including cash payment for equity investment and principal and interest expense for debt financing, shall be reported in the capital repair and replacement cost category:

(1) wall coverings;

(2) paint;

(3) floor coverings;

(4) window coverings;

(5) roof repair;

(6) heating or cooling system repair or replacement;

(7) window repair or replacement;

(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and

(9) capitalized repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.

(b) To compute the capital repair and replacement payment rate, the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed \$150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years begin-

ning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate must be added to the nursing facility's total payment rate.

(c) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

(d) If costs otherwise allowable under this subdivision are incurred as the result of a project approved under the moratorium exception process in section 144A.073, or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of these assets exceeds the lesser of \$150,000 or ten percent of the nursing facility's appraised value, these costs must be claimed under subdivisions 16 or 17, as appropriate.

Sec. 98. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 16. [MAJOR ADDITIONS AND REPLACEMENTS; EQUITY INCENTIVE.] For rate years beginning after June 30, 1993, if a nursing facility acquires capital assets in connection with a project approved under the moratorium exception process in section 144A.073 or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of those capital asset additions exceeds the lesser of \$150,000 or ten percent of the most recent appraised value, the nursing facility shall be eligible for an equity incentive payment rate as in paragraphs (a) to (d). This computation is separate from the determination of the nursing facility's rental rate. An equity incentive payment rate as computed under this subdivision is limited to one in a 12-month period.

(a) An eligible nursing facility shall receive an equity incentive payment rate equal to the allowable historical cost of the capital asset acquired, minus the allowable debt directly identified to that capital asset, multiplied by the equity incentive factor as described in paragraphs (b) and (c), and divided by the nursing facility's occupancy factor under subdivision 3f, paragraph (c). This amount shall be added to the nursing facility's total payment rate and shall be effective the same day as the incremental increase in paragraph (d) or subdivision 17. The allowable historical cost of the capital assets and the allowable debt shall be determined as provided in Minnesota Rules, parts 9549.0010 to 9549.0080, and this section.

(b) The equity incentive factor shall be determined under clauses (1) to (4):

(1) divide the initial allowable debt in paragraph (a) by the initial historical cost of the capital asset additions referred to in paragraph (a), then cube the quotient,

(2) subtract the amount calculated in clause (1) from the number one,

(3) determine the difference between the rental factor and the lesser of two percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation as published in the Wall Street Journal and in effect on the first day of the month the debt or cost is incurred, or 16 percent,

(4) multiply the amount calculated in clause (2) by the amount calculated in clause (3).

(c) The equity incentive payment rate shall be limited to the term of the allowable debt in paragraph (a), not greater than 20 years nor less than ten years. If no debt is incurred in acquiring the capital asset, the equity incentive payment rate shall be paid for ten years. The sale of a nursing facility under subdivision 14 shall terminate application of the equity incentive payment rate effective on the date provided in subdivision 4, paragraph (f), for the sale.

(d) A nursing facility with an addition to or a renovation of its buildings, attached fixtures, or land improvements meeting the criteria in this subdivision and not receiving the property-related payment rate adjustment in subdivision 17, shall receive the incremental increase in the nursing facility's rental rate as determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section. The incremental increase shall be added to the nursing facility's property-related payment rate. The effective date of this incremental increase shall be the first day of the month following the month in which the addition or replacement is completed.

Sec. 99. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 17. [SPECIAL PROVISIONS FOR MORATORIUM EXCEPTIONS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 3, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility that has completed a renovation, replacement, or upgrading project approved under the moratorium exception process in section 144A.073 shall be reimbursed for costs directly identified to that project as provided in subdivision 16 and this subdivision.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 5,

item A, subitems (1) and (3), and subpart 7, item D, allowable interest expense on debt shall include:

(1) interest expense on debt related to the cost of purchasing or replacing depreciable equipment, excluding vehicles, not to exceed six percent of the total historical cost of the project; and

(2) interest expense on debt related to financing or refinancing costs, including costs related to points, loan origination fees, financing charges, legal fees, and title searches; and issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate counsel, printing, and financial forecasts. Allowable debt related to items in this clause shall not exceed seven percent of the total historical cost of the project. To the extent these costs are financed, the straight-line amortization of the costs in this clause is not an allowable cost; and

(3) interest on debt incurred for the establishment of a debt reserve fund, net of the interest earned on the debt reserve fund.

(c) Debt incurred for costs under paragraph (b) is not subject to Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (5) or (6).

(d) The incremental increase in a nursing facility's rental rate, determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, resulting from the acquisition of allowable capital assets, and allowable debt and interest expense under this subdivision shall be added to its property-related payment rate and shall be effective on the first day of the month following the month in which the moratorium project was completed.

(e) Notwithstanding subdivision 3f, paragraph (a), for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the replacement-costs-new per bed limit to be used in Minnesota Rules, part 9549.0060, subpart 4, item B, for a nursing facility that has completed a renovation, replacement, or upgrading project that has been approved under the moratorium exception process in section 144A.073, or that has completed an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of \$150,000 or ten percent of the most recent appraised value, must be \$47,500 per licensed bed in multiple-bed rooms and \$71,250 per licensed bed in a single-bed room. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 1993.

Sec. 100. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 18. [APPRAISALS; UPDATING APPRAISALS, ADDITIONS, AND REPLACEMENTS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subparts 1 to 3, the appraised value, routine updating of the appraised value, and special reappraisals are subject to this subdivision.

(1) For rate years beginning after June 30, 1993, the commissioner shall permit a nursing facility to appeal its appraisal according to the procedures provided in section 256B.50, subdivision 2. Any reappraisals conducted in connection with that appeal must utilize the comparative-unit method as described in the Marshall Valuation Service published by Marshall-Swift in establishing the nursing facility's depreciated replacement cost.

Nursing facilities electing to appeal their appraised value shall file written notice of appeal with the commissioner of human services before December 30, 1992. The cost of the reappraisal, if any, shall be considered an allowable cost under Minnesota Rules, parts 9549.0040, subpart 9, and 9549.0061.

(2) The redetermination of a nursing facility's appraised value under this paragraph shall have no impact on the rental payment rate determined under subdivision 13 but shall only be used for calculating the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section for rate years beginning after June 30, 1993.

(3) For all rate years after June 30, 1993, the commissioner shall no longer conduct any appraisals under Minnesota Rules, part 9549.0060, for the purpose of determining property-related payment rates.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 2, for rate years beginning after June 30, 1993, the commissioner shall routinely update the appraised value of each nursing facility by adding the cost of capital asset acquisitions to its allowable appraised value.

The commissioner shall also annually index each nursing facility's allowable appraised value by the inflation index referenced in subdivision 3f, paragraph (a), for the purpose of computing the nursing facility's annual rental rate. In annually adjusting the nursing facility's appraised value, the commissioner must not include the historical cost of capital assets acquired during the reporting year in the nursing facility's appraised value.

In addition, the nursing facility's appraised value must be reduced by the historical cost of capital asset disposals or applicable credits such as public grants and insurance proceeds. Capital asset additions and disposals must be reported on the nursing facility's annual cost report in the reporting year of acquisition or disposal. The

incremental increase in the nursing facility's rental rate resulting from this annual adjustment as determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section shall be added to the nursing facility's property-related payment rate for the rate year following the reporting year.

Sec. 101. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 19. [REFINANCING INCENTIVE.] (a) A nursing facility that refinances debt after May 30, 1992, in order to save in interest expense payments as determined in clauses (1) to (5) may be eligible for the refinancing incentive under this subdivision. To be eligible for the refinancing incentive, a nursing facility must notify the commissioner in writing of such a refinancing within 60 days following the date on which the refinancing occurs. If the nursing facility meets these conditions, the commissioner shall determine the refinancing incentive as in clauses (1) to (5).

(1) Compute the aggregate amount of interest expense, including amortized issuance and financing costs, remaining on the debt to be refinanced, and divide this amount by the number of years remaining for the term of that debt.

(2) Compute the aggregate amount of interest expense, including amortized issuance and financing costs, for the new debt, and divide this amount by the number of years for the term of that debt.

(3) Subtract the amount in clause (2) from the amount in clause (1), and multiply the amount, if positive, by .5.

(4) The amount in clause (3) shall be divided by the nursing facility's occupancy factor under subdivision 3f, paragraph (c).

(5) The per diem amount in clause (4) shall be deducted from the nursing facility's property-related payment rate for three full rate years following the rate year in which the refinancing occurs. For the fourth full rate year following the rate year in which the refinancing occurs, and each rate year thereafter, the per diem amount in clause (4) shall again be deducted from the nursing facility's property-related payment rate.

(b) An increase in a nursing facility's debt for costs in subdivision 17, paragraph (b), clause (2), including the cost of refinancing the issuance or financing costs of the debt refinanced resulting from refinancing that meets the conditions of this section shall be allowed, notwithstanding Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (6).

(c) The proceeds of refinancing may not be used for the purpose of withdrawing equity from the nursing facility.

(d) Sale of a nursing facility under subdivision 14 shall terminate the payment of the incentive payments under this subdivision effective the date provided in subdivision 14, paragraph (f), for the sale, and the full amount of the refinancing incentive in paragraph (a) shall be implemented.

(e) If a nursing facility eligible under this subdivision fails to notify the commissioner as required, the commissioner shall determine the full amount of the refinancing incentive in paragraph (a), and shall deduct one-half that amount from the nursing facility's property-related payment rate effective the first day of the month following the month in which the refinancing is completed. For the next three full rate years, the commissioner shall deduct one-half the amount in paragraph (a), clause (5). The remaining per diem amount shall be deducted in each rate year thereafter.

(f) The commissioner shall reestablish the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section following the refinancing using the new debt and interest expense information for the purpose of measuring future incremental rental increases.

Sec. 102. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 20. [SPECIAL PROPERTY RATE SETTING.] For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the property-related payment rate for a nursing facility approved for total replacement under the moratorium exception process in section 144A.073 through an addition to another nursing facility shall have its property-related rate under subdivision 13 recalculated using the greater of actual resident days or 80 percent of capacity days. This rate shall apply until the nursing facility is replaced or until the moratorium exception authority lapses, whichever is sooner.

Sec. 103. Minnesota Statutes 1990, section 256B.431, is amended by adding a subdivision to read:

Subd. 21. [INDEXING THRESHHOLDS.] Beginning January 1, 1993, and each January 1 thereafter, the commissioner shall annually update the dollar threshholds in subdivision 15, paragraph (d), subdivisions 16 and 17, and in section 144A.071, subdivision 2, and subdivision 3, clauses (h) and (p), by the inflation index referenced in subdivision 3f, paragraph (a).

Sec. 104. Minnesota Statutes 1990, section 256B.432, is amended by adding a subdivision to read:

Subd. 7. [RECEIVERSHIPS.] This section does not apply to payment rates determined under sections 245A.12, 245A.13, and 256B.495, except that any additional directly identified costs associated with the department of human services' or the department of health's managing agent under a receivership agreement must be allocated to the facility under receivership, and are nonallowable costs to the managing agent on the facility's cost reports.

Sec. 105. Minnesota Statutes 1990, section 256B.433, subdivision 1, is amended to read:

**Subdivision 1. [SETTING PAYMENT; MONITORING USE OF THERAPY SERVICES.]** The commissioner shall promulgate rules pursuant to the administrative procedure act to set the amount and method of payment for ancillary materials and services provided to recipients residing in nursing homes. Payment for materials and services may be made to either the nursing home in the operating cost per diem, to the vendor of ancillary services pursuant to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ 9505.0170 to 9505.0475 or to a nursing home pursuant to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ 9505.0170 to 9505.0475. Payment for the same or similar service to a recipient shall not be made to both the nursing home and the vendor. The commissioner shall ensure the avoidance of double payments through audits and adjustments to the nursing home's annual cost report as required by section 256B.47, and that charges and arrangements for ancillary materials and services are cost effective and as would be incurred by a prudent and cost-conscious buyer. Therapy services provided to a recipient must be medically necessary and appropriate to the medical condition of the recipient. If the vendor, nursing home, or ordering physician cannot provide adequate medical necessity justification, as determined by the commissioner, in consultation with an advisory task force that meets the requirements of section 256B.064, subdivision 1a, the commissioner may recover or disallow the payment for the services and may require prior authorization for therapy services as a condition of payment or may impose administrative sanctions to limit the vendor, nursing home, or ordering physician's participation in the medical assistance program. If the provider number of a nursing home is used to bill services provided by a vendor of therapy services that is not related to the nursing home by ownership, control, affiliation, or employment status, no withholding of payment shall be imposed against the nursing home for services not medically necessary except for funds due the unrelated vendor of therapy services as provided in subdivision 3, paragraph (c). For the purpose of this subdivision, no monetary recovery may be imposed against the nursing home for funds paid to the unrelated vendor of therapy services as provided in subdivision 3, paragraph (c), for services not medically necessary. For purposes of this section and

section 256B.47, therapy includes physical therapy, occupational therapy, speech therapy, audiology, and mental health services that are covered services according to Minnesota Rules, parts 9505.0170 to 9505.0475, and that could be reimbursed separately from the nursing home per diem.

Sec. 106. Minnesota Statutes 1990, section 256B.433, subdivision 2, is amended to read:

Subd. 2. [CERTIFICATION THAT TREATMENT IS APPROPRIATE.] The physical therapist, occupational therapist, speech therapist, mental health professional, or audiologist who provides or supervises the provision of therapy services, other than an initial evaluation, to a medical assistance recipient must certify in writing that the therapy's nature, scope, duration, and intensity are appropriate to the medical condition of the recipient every 30 days. The therapist's statement of certification must be maintained in the recipient's medical record together with the specific orders by the physician and the treatment plan. If the recipient's medical record does not include these documents, the commissioner may recover or disallow the payment for such services. If the therapist determines that the therapy's nature, scope, duration, or intensity is not appropriate to the medical condition of the recipient, the therapist must provide a statement to that effect in writing to the nursing home for inclusion in the recipient's medical record. The commissioner shall utilize a peer review program that meets the requirements of section 256B.064, subdivision 1a, to make recommendations regarding the medical necessity of services provided.

Sec. 107. Minnesota Statutes 1990, section 256B.433, subdivision 3, is amended to read:

Subd. 3. [SEPARATE BILLINGS FOR THERAPY SERVICES.] Until new procedures are developed under subdivision 4, payment for therapy services provided to nursing home residents that are billed separate from nursing home's payment rate or according to Minnesota Rules, parts ~~9500.0750 to 9500.1080~~ 9505.0170 to 9505.0475, shall be subject to the following requirements:

(a) The practitioner invoice must include, in a format specified by the commissioner, the provider number of the nursing home where the medical assistance recipient resides regardless of the service setting.

(b) Nursing homes that are related by ownership, control, affiliation, or employment status to the vendor of therapy services shall report, in a format specified by the commissioner, the revenues received during the reporting year for therapy services provided to residents of the nursing home. For rate years beginning on or after July 1, 1988, the commissioner shall offset the revenues received

during the reporting year for therapy services provided to residents of the nursing home to the total payment rate of the nursing home by dividing the amount of offset by the nursing home's actual resident days. Except as specified in paragraphs (d) and (f), the amount of offset shall be the revenue in excess of 108 percent of the cost removed from the cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. Therapy revenues that are specific to mental health services shall be subject to this paragraph for rate years beginning after June 30, 1993. In establishing a new base period for the purpose of setting operating cost payment rate limits and rates, the commissioner shall not include the revenues offset in accordance with this section.

(c) For rate years beginning on or after July 1, 1987, nursing homes shall limit charges in total to vendors of therapy services for renting space, equipment, or obtaining other services during the rate year to 108 percent of the annualized cost removed from the reporting year cost report resulting from the requirement of the commissioner to ensure the avoidance of double payments as determined by section 256B.47. If the arrangement for therapy services is changed so that a nursing home is subject to this paragraph instead of paragraph (b), the cost that is used to determine rent must be adjusted to exclude the annualized costs for therapy services that are not provided in the rate year. The maximum charges to the vendors shall be based on the commissioner's determination of annualized cost and may be subsequently adjusted upon resolution of appeals. Mental health services shall be subject to this paragraph for rate years beginning after June 30, 1993.

(d) The commissioner shall require reporting of all revenues relating to the provision of therapy services and shall establish a therapy cost, as determined by section 256B.47, to revenue ratio for the reporting year ending in 1986. For subsequent reporting years, the ratio may increase five percentage points in total until a new base year is established under paragraph (e). Increases in excess of five percentage points may be allowed if adequate justification is provided to and accepted by the commissioner. Unless an exception is allowed by the commissioner, the amount of offset in paragraph (b) is the greater of the amount determined in paragraph (b) or the amount of offset that is imputed based on one minus the lesser of (1) the actual reporting year ratio or (2) the base reporting year ratio increased by five percentage points, multiplied by the revenues.

(e) The commissioner may establish a new reporting year base for determining the cost to revenue ratio.

(f) If the arrangement for therapy services is changed so that a nursing home is subject to the provisions of paragraph (b) instead of paragraph (c), an average cost to revenue ratio based on the ratios of

nursing homes that are subject to the provisions of paragraph (b) shall be imputed for paragraph (d).

(g) This section does not allow unrelated nursing homes to reorganize related organization therapy services and provide services among themselves to avoid offsetting revenues. Nursing homes that are found to be in violation of this provision shall be subject to the penalty requirements of section 256B.48, subdivision 1, paragraph (f).

Sec. 108. Minnesota Statutes 1990, section 256B.48, subdivision 1b, is amended to read:

Subd. 1b. [EXCEPTION.] Notwithstanding any agreement between a nursing home and the department of human services or the provisions of this section or section 256B.411, other than subdivision 1a, the commissioner may authorize continued medical assistance payments to a nursing home which ceased intake of medical assistance recipients prior to July 1, 1983, and which charges private paying residents rates that exceed those permitted by subdivision 1, paragraph (a), for (i) residents who resided in the nursing home before July 1, 1983, or (ii) residents for whom the commissioner or any predecessors of the commissioner granted a permanent individual waiver prior to October 1, 1983. Nursing homes seeking continued medical assistance payments under this subdivision shall make the reports required under subdivision 2, except that on or after December 31, 1985, the financial statements required need not be audited by or contain the opinion of a certified public accountant or licensed public accountant, but need only be reviewed by a certified public accountant or licensed public accountant. In the event that the state is determined by the federal government to be no longer eligible for the federal share of medical assistance payments made to a nursing home under this subdivision, the commissioner may cease medical assistance payments, under this subdivision, to that nursing home. Between October 1, 1992, and July 1, 1993, a facility governed by this subdivision may elect to resume full participation in the medical assistance program by agreeing to comply with all of the requirements of the medical assistance program, including the rate equalization law in subdivision 1, paragraph (a), and all other requirements established in law or rule, and to resume intake of new medical assistance recipients.

Sec. 109. Minnesota Statutes 1990, section 256B.48, subdivision 2, is amended to read:

Subd. 2. [REPORTING REQUIREMENTS.] No later than December 31 of each year, a skilled nursing facility or intermediate care facility, including boarding care facilities, which receives medical assistance payments or other reimbursements from the state agency shall:

(a) Provide the state agency with a copy of its audited financial statements. The audited financial statements must include a balance sheet, income statement, statement of the rate or rates charged to private paying residents, statement of retained earnings, statement of cash flows, notes to the financial statements, audited applicable supplemental information, and the certified public accountant's or licensed public accountant's opinion. The examination by the certified public accountant or licensed public accountant shall be conducted in accordance with generally accepted auditing standards as promulgated and adopted by the American Institute of Certified Public Accountants;

(b) Provide the state agency with a statement of ownership for the facility;

(c) Provide the state agency with separate, audited financial statements as specified in clause (a) for every other facility owned in whole or part by an individual or entity which has an ownership interest in the facility;

(d) Upon request, provide the state agency with separate, audited financial statements as specified in clause (a) for every organization with which the facility conducts business and which is owned in whole or in part by an individual or entity which has an ownership interest in the facility;

(e) Provide the state agency with copies of leases, purchase agreements, and other documents related to the lease or purchase of the nursing facility;

(f) Upon request, provide the state agency with copies of leases, purchase agreements, and other documents related to the acquisition of equipment, goods, and services which are claimed as allowable costs; and

(g) Permit access by the state agency to the certified public accountant's and licensed public accountant's audit workpapers which support the audited financial statements required in clauses (a), (c), and (d).

Documents or information provided to the state agency pursuant to this subdivision shall be public. If the requirements of clauses (a) to (g) are not met, the reimbursement rate may be reduced to 80 percent of the rate in effect on the first day of the fourth calendar month after the close of the reporting year, and the reduction shall continue until the requirements are met.

Both nursing facilities and intermediate care facilities for the mentally retarded must maintain statistical and accounting records in sufficient detail to support information contained in the facility's

cost report for at least five years, including the year following the submission of the cost report. For computerized accounting systems, the records must include copies of electronically generated media such as magnetic discs and tapes.

Sec. 110. Minnesota Statutes 1990, section 256B.48, subdivision 3, is amended to read:

Subd. 3. [INCOMPLETE OR INACCURATE REPORTS.] The commissioner may reject any annual cost report filed by a nursing home pursuant to this chapter if the commissioner determines that the report or the information required in subdivision 2, clause (a) has been filed in a form that is incomplete or inaccurate. In the event that a report is rejected pursuant to this subdivision, the commissioner shall reduce the reimbursement rate to a nursing home to 80 percent of its most recently established rate until the information is completely and accurately filed. The reinstatement of the total reimbursement rate is retroactive.

Sec. 111. Minnesota Statutes 1990, section 256B.48, is amended by adding a subdivision to read:

Subd. 3a. [AUDIT ADJUSTMENTS.] If the commissioner requests supporting documentation during a field audit for an item of cost reported by a long-term care facility, and the long-term care facility's response does not adequately document the item of cost, the commissioner may make reasoned assumptions considered appropriate in the absence of the requested documentation to reasonably establish a payment rate rather than disallow the entire item of cost. This provision shall not diminish the long-term care facility's appeal rights.

Sec. 112. Minnesota Statutes 1990, section 256B.48, subdivision 4, is amended to read:

Subd. 4. [EXTENSIONS.] The commissioner may grant up to a 15-day extension of the reporting deadline to a nursing home for good cause. To receive such an extension, a nursing home shall submit a written request by December 1. The commissioner will notify the nursing home of the decision by December 15. Between December 1 and December 31, the nursing facility may request a reporting extension for good cause by telephone and followed by a written request.

Sec. 113. Minnesota Statutes 1990, section 256B.48, is amended by adding a subdivision to read:

Subd. 9. [MEDICAL ASSISTANCE PARTICIPATION FOR CERTAIN FACILITIES.] An agreement entered into between a nursing facility and the commissioner of human services that limits the

number of residents that will be reimbursed under the medical assistance program as a condition of allowing additional beds to be certified under section 144A.071, subdivision 3a, terminates effective October 1, 1992.

Sec. 114. Minnesota Statutes 1991 Supplement, section 256B.49, subdivision 4, is amended to read:

Subd. 4. [INFLATION ADJUSTMENT.] For the biennium ending June 30, 1993, the commissioner of human services shall not provide an annual inflation adjustment for home and community-based waived services, except as provided in section 256B.491, subdivision 3, and except that the commissioner shall provide an inflation adjustment for the community alternatives for disabled individuals (CADI) and community alternative care (CAC) waived services programs for the fiscal year beginning July 1, 1991. For fiscal years beginning after June 30, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for home- and community-based waived services. The commissioner of finance shall include, as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11, annual adjustments in reimbursement rates for each home- and community-based waived service program.

Sec. 115. Minnesota Statutes 1990, section 256B.495, subdivision 1, is amended to read:

Subdivision 1. [PAYMENT OF RECEIVERSHIP FEES.] The commissioner in consultation with the commissioner of health may establish a receivership fee ~~payment~~ that exceeds a ~~long-term care nursing facility~~ payment rate when the commissioner of health determines a ~~long-term care nursing facility~~ is subject to the receivership provisions under section 144A.14 or 144A.15 ~~or the commissioner of human services determines that a facility is subject to the receivership under section 245A.12 or 245A.13.~~ In establishing the receivership fee ~~payment~~, the commissioner must reduce the receiver's requested receivership fee by amounts that the commissioner determines are included in the ~~long-term care nursing facility's~~ payment rate and that can be used to cover part or all of the receivership fee. Amounts that can be used to reduce the receivership fee shall be determined by reallocating facility staff or costs that were formerly paid by the ~~long-term care nursing facility~~ before the receivership and are no longer required to be paid. The amounts may include any efficiency incentive, allowance, and other amounts not specifically required to be paid for expenditures of the ~~long-term care nursing facility~~.

If the receivership fee cannot be covered by amounts in the ~~long-term care nursing facility's~~ payment rate, a receivership fee ~~payment~~ shall be set according to paragraphs (a) and (b) and payment shall be according to paragraphs (c) to (e).

(a) The receivership fee per diem shall be determined by dividing the annual receivership fee ~~payment~~ by the ~~long-term care~~ nursing facility's resident days from the most recent cost report for which the commissioner has established a payment rate or the estimated resident days in the projected receivership fee period.

(b) The receivership fee per diem shall be added to the ~~long-term care~~ nursing facility's payment rate.

(c) Notification of the payment rate increase must meet the requirements of section 256B.47, subdivision 2.

(d) The payment rate in paragraph (b) for a nursing ~~home~~ facility shall be effective the first day of the month following the receiver's compliance with the notice conditions in paragraph (c). ~~The payment rate in paragraph (b) for an intermediate care facility for the mentally retarded shall be effective on the first day of the rate year in which the receivership fee per diem is determined.~~

(e) The commissioner may elect to make a lump sum payment of a portion of the receivership fee to the receiver or managing agent. In this case, the commissioner and the receiver or managing agent shall agree to a repayment plan. Regardless of whether the commissioner makes a lump sum payment under this paragraph, the provisions of paragraphs (a) to (d) and subdivision 2 also apply.

Sec. 116. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 1a. [RECEIVERSHIP PAYMENT RATE ADJUSTMENT.] Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.154, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report.

Sec. 117. Minnesota Statutes 1990, section 256B.495, subdivision 2, is amended to read:

Subd. 2. [DEDUCTION OF ADDITIONAL RECEIVERSHIP FEE PAYMENTS UPON TERMINATION OF RECEIVERSHIP.] If the commissioner has established a receivership fee per diem for a

long-term care nursing facility in receivership under subdivision 1 or a payment rate adjustment under subdivision 1a, the commissioner must deduct the these receivership fee payments according to paragraphs (a) to (c).

(a) The total receivership fee payments shall be the receivership fee per diem plus the payment rate adjustment multiplied by the number of resident days for the period of the receivership fee payments. If actual resident days for the receivership fee payment period are not made available within two weeks of the commissioner's written request, the commissioner shall compute the resident days by prorating the facility's resident days based on the number of calendar days from each portion of the long-term care nursing facility's reporting years covered by the receivership period.

(b) The amount determined in paragraph (a) must be divided by the long-term care nursing facility's resident days for the reporting year in which the receivership period ends.

(c) The per diem amount in paragraph (b) shall be subtracted from the long-term care nursing facility's operating cost payment rate for the rate year following the reporting year in which the receivership period ends. This provision applies whether or not there is a sale or transfer of the nursing facility, unless the provisions of subdivision 5 apply.

Sec. 118. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 4. [DOWNSIZING AND CLOSING NURSING FACILITIES.] (a) If the nursing facility is subject to a downsizing to closure process during the period of receivership, the commissioner may reestablish the nursing facility's payment rate. The payment rate shall be established based on the nursing facility's budgeted operating costs, the receivership property related costs, and the management fee costs for the receivership period divided by the facility's estimated resident days for the same period. The commissioner of health and the commissioner shall make every effort to first facilitate the transfer of private paying residents to alternate service sites prior to the effective date of the payment rate. The cost limits and the case mix provisions in the rate setting system shall not apply during the portion of the receivership period over which the nursing facility downsizes to closure.

(b) Any payment rate adjustment under this subdivision must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership ends, or until another date the commissioner sets.

Sec. 119. Minnesota Statutes 1990, section 256B.495, is amended by adding a subdivision to read:

Subd. 5. [SALE OR TRANSFER OF A NURSING FACILITY IN RECEIVERSHIP AFTER CLOSURE.] (a) Upon the subsequent sale or transfer of a nursing facility in receivership, the commissioner must recover any amounts paid through payment rate adjustments under subdivision 4 which exceed the normal cost of operating the nursing facility. Examples of costs in excess of the normal cost of operating the nursing facility include the managing agent's fee, directly identifiable costs of the managing agent, bonuses paid to employees for their continued employment during the downsizing to closure of the nursing facility, prereceivership expenditures paid by the receiver, additional professional services such as accountants, psychologists, and dietitians, and other similar costs incurred by the receiver to complete receivership. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.

(b) If a nursing facility with payment rates subject to subdivision 4, paragraph (a), is later sold while the nursing facility is in receivership, the payment rates in effect prior to the receivership shall be the new owner's payment rates. Those payment rates shall continue to be in effect until the rate year following the reporting period ending on September 30 for the new owner. The reporting period shall, whenever possible, be at least five consecutive months. If the reporting period is less than five months but more than three months, the nursing facility's resident days for the last two months of the reporting period must be annualized over the reporting period for the purpose of computing the payment rate for the rate year following the reporting period.

Sec. 120. Minnesota Statutes 1990, section 256B.50, subdivision 1b, is amended to read:

Subd. 1b. [FILING AN APPEAL.] To appeal, the provider shall file with the commissioner a written notice of appeal; the appeal must be postmarked or received by the commissioner within 60 days of the date the determination of the payment rate was mailed. The notice of appeal must specify each disputed item; the reason for the dispute; the total dollar amount in dispute for each separate disallowance, allocation, or adjustment of each cost item or part of a cost item; the computation that the provider believes is correct; the authority in statute or rule upon which the provider relies for each disputed item; the name and address of the person or firm with whom contacts may be made regarding the appeal; and other information required by the commissioner. The commissioner shall review an appeal by a nursing facility, if the appeal was sent by certified mail and postmarked prior to August 1, 1991, and would have been received by the commissioner within the 60-day deadline if it had not been delayed due to an error by the postal service.

Sec. 121. Minnesota Statutes 1990, section 256B.50, subdivision 2, is amended to read:

Subd. 2. [APPRAISED VALUE.] (a) A nursing home may appeal the determination of its appraised value, as determined by the commissioner pursuant to section 256B.431 and rules established thereunder. A written notice of appeal concerning the appraised value of a nursing home's real estate as established by an appraisal conducted after July 1, 1986, must be filed with the commissioner within 60 days of the date the determination was made and shall state the appraised value the nursing home believes is correct for the building, land improvements, and attached equipment and the name and address of the firm with whom contacts may be made regarding the appeal. The appeal request shall include a separate appraisal report prepared by an independent appraiser of real estate which supports the total appraised value claimed by the nursing home. The appraisal report shall be based on an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, must be in a form comparable to that used in the commissioner's appraisal, and must pertain to the same time period covered by the appealed appraisal. The appraisal report shall include information related to the training, experience, and qualifications of the appraiser who conducted and prepared the appraisal report for the nursing home. An appeal request shall be deemed timely if it is postmarked or received by the commissioner within the time limits established for filing such appeal requests.

(b) A nursing home which has filed an appeal request prior to the effective date of Laws 1987, chapter 403, concerning the appraised value of its real estate as established by an appraisal conducted before July 1, 1986, must submit to the commissioner the information described under paragraph (a) within 60 days of the effective date of Laws 1987, chapter 403, in order to preserve the appeal.

(c) An appeal request which has been filed pursuant to the provisions of paragraph (a) or (b) shall be finally resolved through an agreement entered into by and between the commissioner and the nursing home or by the determination of an independent appraiser based upon an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, in a form comparable to that used in the commissioner's appraisal, and pertaining to the same time period covered by the appealed appraisal. The appraiser shall be selected by the commissioner and the nursing home by alternately striking names from a list of appraisers approved for state contracts by the commissioner of administration. The appraiser shall make assurances to the satisfaction of the commissioner and the nursing home that the appraiser is experienced in the use of the depreciated cost method of appraisals and that the appraiser is free of any personal, political, or economic conflict of interest that may impair the ability to function in a fair

and objective manner. The commissioner shall pay costs of the appraiser through a negotiated rate for services of the appraiser.

(d) The decision of the appraiser is final and is not appealable. Exclusive jurisdiction for appeals of the appraised value of nursing homes lies with the procedures set out in this subdivision. No court of law shall possess subject matter jurisdiction to hear appeals of appraised value determinations of nursing homes.

Sec. 122. Minnesota Statutes 1990, section 256B.501, subdivision 3c, is amended to read:

Subd. 3c. [COMPOSITE FORECASTED INDEX.] For rate years beginning on or after October 1, 1988, the commissioner shall establish a statewide composite forecasted index to take into account economic trends and conditions between the midpoint of the facility's reporting year and the midpoint of the rate year following the reporting year. The statewide composite index must incorporate the forecast by Data Resources, Inc. of increases in the average hourly earnings of nursing and personal care workers indexed in Standard Industrial Code 805 in "Employment and Earnings," published by the Bureau of Labor Statistics, United States Department of Labor. This portion of the index must be weighted annually by the proportion of total allowable salaries and wages to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities.

For adjustments to the other operating costs in the program, maintenance, and administrative operating cost categories, the statewide index must incorporate the Data Resources, Inc. forecast for increases in the national CPI-U. This portion of the index must be weighted annually by the proportion of total allowable other operating costs to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the reporting year.

For rate years beginning on or after October 1, 1990, the commissioner shall index a facility's allowable operating costs in the program, maintenance, and administrative operating cost categories by using Data Resources, Inc., forecast for change in the Consumer Price Index-All Items (U.S. city average) (CPI-U). The commissioner shall use the indices as forecasted by Data Resources, Inc., in the first quarter of the calendar year in which the rate year begins. For fiscal years beginning after June 30, 1993, the commissioner shall not provide automatic inflation adjustments for intermediate care facilities for persons with mental retardation. The commissioner of finance shall include annual inflation adjustments in operating costs for intermediate care facilities for persons with mental retardation and related conditions as a budget change request in each

biennial detailed expenditure budget submitted to the legislature under section 16A.11.

Sec. 123. Minnesota Statutes 1991 Supplement, section 256B.74, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL REIMBURSEMENT.] (a) ~~Effective for admissions occurring on or after July 1, 1991, the commissioner shall make an indigent care payment to Minnesota and local trade area hospitals except facilities of the federal Indian Health Service and regional treatment centers, in addition to all other payment to hospitals for inpatient services. The indigent care payment shall be ten percent of the amount of medical assistance payments issued to that provider for inpatient services in a given calendar quarter or month, excluding indigent care payments paid under this section, divided by the number of related admissions, or patient days if applicable, and multiplying the result by 111 percent. The indigent care payment is added to each admission, or patient day if applicable, occurring (1) in the second calendar quarter beginning after the quarter on which the September 15, 1991, indigent care payment amount is based and (2) in the month beginning six months after the month on which the subsequent monthly indigent care payment amount is based. Medicare crossovers are excluded from indigent care payments and from the payments and admissions on which the indigent care payment is based. The commissioner may issue indigent care payments as disproportionate population adjustments for eligible hospitals.~~

(b) ~~Effective for services rendered on or after July 1, 1991, the commissioner shall reimburse outpatient hospital facility fees at 80 percent of calendar year 1990 submitted charges, not to exceed the Medicare upper payment limit. Services excepted from this payment methodology are emergency room facility fees, clinic facility fees, and those services for which there is a federal maximum allowable payment.~~

Sec. 124. Minnesota Statutes 1991 Supplement, section 256B.74, subdivision 3, is amended to read:

Subd. 3. [NURSING FACILITY REIMBURSEMENT.] ~~For rate years beginning on or after July 1, 1991, the commissioner shall reimburse nursing facilities participating in the medical assistance program as follows:~~

(1) ~~a capital allowance of \$1.44 per resident day shall be paid. For a licensed provider with an operating lease on the nursing facility, the capital equipment allowance shall not be the property of the lessor but shall be the property of the licensed provider for the duration of the operating lease or any renewal or extension of the operating lease; and~~

(2) the maximum efficiency incentive per diem payment established annually under section 256B.431, subdivision 2b, paragraph (d), shall be increased to \$2.10 effective July 1, 1991, and \$2.20 effective July 1, 1992, and shall be indexed for inflation annually beginning July 1, 1993, using Data Resources, Inc., forecast for change in the nursing home market basket.

Sec. 125. Minnesota Statutes 1990, section 256D.02, is amended by adding a subdivision to read:

Subd. 18. [GROUP HEALTH PLAN.] "Group health plan" means any plan of, or contributed to by, an employer, including a self-insured plan, which provides health care directly or otherwise to the employer's employees, former employees, or the families of the employees or former employees, and includes continuation coverage pursuant to title XXII of the Public Health Service Act, section 4980B of the Internal Revenue Code of 1986, or title VI of the Employee Retirement Income Security Act of 1974.

Sec. 126. Minnesota Statutes 1990, section 256D.02, is amended by adding a subdivision to read:

Subd. 19. [COST-EFFECTIVE.] "Cost-effective" means that the amount paid by the state for premiums, coinsurance, deductibles, other cost-sharing obligations under a health insurance plan, and other administrative costs is likely to be less than the amount paid for an equivalent set of services by general assistance medical care.

Sec. 127. Minnesota Statutes 1991 Supplement, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is age 18 or older and who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spend-down of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for

general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

Sec. 128. Minnesota Statutes 1990, section 256D.03, is amended by adding a subdivision to read:

Subd. 3b. [COOPERATION.] General assistance medical care applicants and recipients must cooperate by providing information about any group health plan in which they may be eligible to enroll. They must cooperate with the state and local agency in determining if the plan is cost-effective. If the plan is determined cost-effective and the premium will be paid by the state or local agency or is available at no cost to the person, they must enroll or remain enrolled in the group health plan. Cost-effective insurance premiums approved for payment by the state agency and paid by the local agency are eligible for reimbursement according to subdivision 6.

Sec. 129. [501B.90] [EXCULPATORY CLAUSES LINKED TO PUBLIC ASSISTANCE ELIGIBILITY UNENFORCEABLE.]

A provision in a trust created after July 1, 1992, purporting to make assets or income unavailable to a beneficiary if the beneficiary applies for or is determined eligible for public assistance or a public health care program is unenforceable.

Sec. 130. [HOSPITAL OUTPATIENT REIMBURSEMENT.]

For outpatient hospital facility fee payments for services rendered on or after October 1, 1992, the commissioner of human services shall pay the lower of (1) submitted charge, or (2) 32 percent above the rate in effect on June 30, 1992, except for those services for which there is a federal maximum allowable payment. Services for which there is a federal maximum allowable payment shall be paid at the lower of (1) submitted charge, or (2) the federal maximum

allowable payment. Total aggregate payment for outpatient hospital facility fee services shall not exceed the Medicare upper limit. If it is determined that a provision of this section conflicts with existing or future requirements of the United States government with respect to federal financial participation in medical assistance, the federal requirements prevail. The commissioner may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the Medicare upper limitations.

Sec. 131. [PHYSICIAN AND DENTAL REIMBURSEMENT.]

(a) The physician reimbursement increase provided in Minnesota Statutes, section 256B.74, subdivision 2, shall not be implemented. Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for physician services as follows:

(1) payment for level one Health Care Finance Administration's common procedural coding system (HCPCS) codes titled "office and other outpatient services," "preventive medicine new and established patient," "delivery, antepartum, and postpartum care," "critical care," caesarean delivery and pharmacologic management provided to psychiatric patients, and HCPCS level three codes for enhanced services for prenatal high risk, shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992. If the rate on any procedure code within these categories is different than the rate that would have been paid under the methodology in Minnesota Statutes, section 256B.74, subdivision 2, then the larger rate shall be paid;

(2) payments for all other services shall be paid at the lower of (i) submitted charges, or (ii) 15.4 percent above the rate in effect on June 30, 1992; and

(3) all physician rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases.

(b) The dental reimbursement increase provided in Minnesota Statutes, section 256B.74, subdivision 5, shall not be implemented. Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for dental services as follows:

(1) dental services shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992; and

(2) dental rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases.

Sec. 132. [HEALTH MAINTENANCE ORGANIZATION REIMBURSEMENT.]

Effective October 1, 1992, the commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in Minnesota Statutes, section 256.969, subdivisions 1, 9, and 20, and sections 130 and 131. The adjustment to reflect increases under section 256.969, subdivision 9, must be made on a nondiscounted basis.

Sec. 133. [COMMISSIONER'S DUTIES.]

The commissioner of human services shall report to the legislature quarterly on the first day of January, April, July, and October regarding the provider surcharge program. The report shall include information on total billings, total collections, and administrative expenditures. The report on January 1, 1993, shall include information on all surcharge billings, collections, federal matching payments received, efforts to collect unpaid amounts, and administrative costs pertaining to the surcharge program in effect from July 1, 1991, to September 30, 1992. The surcharge shall be adjusted by inflationary and caseload changes in future bienniums to maintain reimbursement of health care providers in accordance with the requirements of the state and federal laws governing the medical assistance program, including the requirements of the Medicaid moratorium amendments of 1991 found in Public Law No. 102-234. The commissioner shall request the Minnesota congressional delegation to support a change in federal law that would prohibit federal disallowances for any state that makes a good faith effort to comply with Public Law Number 102-234 by enacting conforming legislation prior to the issuance of federal implementing regulations.

Sec. 134. [NURSING FACILITY PLANT STUDY.]

The commissioner of health shall study the physical condition of all Minnesota nursing facilities. This study shall include an individual assessment of each facility to be performed after September 30, 1993, by one of the architectural firms authorized by the commissioner of health to conduct assessments. To qualify for authorization, an architectural firm must have actual experience and prior involvement with nursing home construction or remodeling projects. The commissioner shall select one or more architectural firms to conduct the individual facility assessment. The cost of the assessment shall be paid by the nursing facility and shall be considered an allowable cost under Minnesota Rules, parts 9549.0040, subpart 9, and 9549.0061, for rate years beginning after June 30, 1995. Prior to beginning the individual assessments, the commissioner shall convene a special task force to develop recommendations for the commissioner concerning the standards and criteria by which the individual assessments must be conducted. The

recommendation shall be provided to the commissioner by the task force by July 1, 1993. The criteria and standards for the study shall be established by the commissioner by September 30, 1993.

Sec. 135. [REPEALER; ASSET LIMITATIONS FOR VETERANS.]

Minnesota Statutes 1990, section 256B.056, subdivision 3a, is repealed.

Minnesota Statutes 1991 Supplement, sections 144A.071, subdivision 3a; 256.9657, subdivision 5; 256.969, subdivision 7; and 256B.74, subdivisions 8 and 9; and Laws 1991, chapter 292, article 4, section 77, excluding subdivision 9, are repealed effective October 1, 1992. Laws 1991, chapter 292, article 4, section 77, subdivision 9, is repealed the day following final enactment.

Sec. 136. [REVISOR'S INSTRUCTIONS.]

The revisor of statutes shall change the headnote in Minnesota Statutes, section 256B.495, from "LONG-TERM CARE RECEIVERSHIP FEES" to "NURSING FACILITY RECEIVERSHIP FEES." The revisor shall change the term "nursing home" and similar terms to "nursing facility" and similar terms in Minnesota Statutes, sections 256B.41, 256B.411, 256B.421, 256B.431, 256B.432, 256B.433, 256B.47, 256B.48, and 256B.50.

Sec. 137. [EFFECTIVE DATES.]

Section 39 is effective January 1, 1993.

Section 60 is effective the day following final enactment.

Sections 9, 15, 16, 18 to 21, 25, 27, 46, 82, 123, and 124 are effective October 1, 1992.

Section 42 is effective July 1, 1992, and applies to transfers or payments made on or after that date.

Section 130 is not effective in the event that the health right program is not enacted into law prior to October 1, 1992. In the event the health right program is not enacted into law prior to October 1, 1992, the percentage increase in reimbursement rates scheduled to be effective October 1, 1992, and provided for in section 131 shall not be effective, and the commissioner shall implement, effective October 1, 1992, the rate increases provided in Minnesota Statutes, section 256B.74, subdivision 2 and 5.

Section 28 is effective for admissions occurring on or after October 1, 1992.

The provisions of section 44 relating to prior authorization of drugs are effective for all drugs added to the list of drugs requiring prior authorization on or after July 1, 1992.

#### Section 1. [149.10] [CREMATION; UNCLAIMED REMAINS.]

Any funeral director, or other person or establishment licensed under this chapter, may arrange for proper disposal after one year of remains unclaimed by family or next of kin.

Sec. 2. Minnesota Statutes 1991 Supplement, section 256.031, subdivision 3, is amended to read:
