SIXTY-EIGHTH LEGISLATURE

FIRST SESSION

LEGISLATURE

STATE OF MINNESOTA

1973

Webb Publishing Co.
St. Paul

INTRODUCTION

The 1973 Minnesota Legislature was the first to meet under guidelines of a new Constitutional Amendment. This Amendment was approved by Minnesota voters in November, 1972, authorizing the Legislature to define legislative day, and thereby allowing for flexible meeting times for legislative sessions. Even though the Legislature is limited by law to a total of 120 legislative days per biennium, the days may now be spread over two years. However, the length of the session each year is governed by the fact that the Legislature cannot meet in regular session after the first Monday following the third Saturday in May of any year. The 68th Legislature, First Session, began January 2, 1973 and adjourned May 21, 1973, until January 15, 1974, when the Second Session will begin.

Pursuant to a statute passed during the 1973 Session, effective April 19, 1973, candidates for the Legislature will campaign on a partisan ballot, ending 60 years of "non-partisan" legislative elections. In this Session the members caucused for purposes of organization as members of the DFL Caucus or the Conservative Caucus.

For the first time since 1858, the Senate was organized by a clear Democratic (DFL) majority. The House of Representatives saw a return of DFL control after 10 years of Conservative majorities. In the Senate, there were 37 DFL-ers and 30 Conservatives.

Each caucus elects leaders who serve as spokesmen for their respective groups. The DFL majority selected Senator Nicholas D. Coleman of St. Paul, who serves as floor leader and Chairman of the Committee on Rules and Administration. The Conservative minority selected Senator Harold G. Krieger of Rochester as their leader.

Another Constitutional Amendment approved by the Minnesota electorate in 1972 removed the Lieutenant Governor as presiding officer of the Senate. The Senate now elects its President from its membership, and the first member President of the Minnesota Senate is Senator Alec G. Olson of Spicer, Minnesota.

Even though the Senators had served only two years of the four year term to which they were elected in 1970, all ran for re-election in 1972 because of the Constitutional requirement of a new election after each apportionment. In an attempt to meet their responsibility to reapportion the Legislature, the members passed a reapportionment plan on October 29, 1971, and adjourned Sine Die on October 30. Governor Wendell R. Anderson vetoed the bill on November 1, 1971.

On December 3, 1971, a three judge federal panel consisting of Gerald W. Heaney, Circuit Judge; Edward A. Devitt, Chief District Judge and Earl R. Larson, District Judge, submitted a plan which reduced the size of the Legislature to 35 Senators and 105 Representatives.

The Minnesota Senate filed an appeal of the U.S. District Court decision on January 25, 1972. The appeal was upheld on the grounds that the three judge panel had no right to reduce the size of the Legislature. The U.S. Supreme Court then ordered the three judge panel to produce a new plan which would not reduce the size. This plan was adopted on June 2, 1972, which reapportioned the Minnesota Legislature into its present membership of 67 Senators elected to four year terms and 134 Representatives elected to two year terms.

When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day except as hereinafter provided. When notice of intention to move such reconsideration of the final action of the Senate on any question shall be given by a member, the Secretary of the Senate shall retain the subject of such notice until after the expiration of the time during which such motion can be made. During the last five legislative days of a session *in any year*

a notice of intention to move for reconsideration shall not be in order, but a motion to reconsider may be made and have priority over *all* other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

FORM OF BILLS

33. A bill for an amendment of a statute shall contain the full text of the chapter, section, or subdivision to be amended. The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. When the bill is printed, the amending matter shall be inserted in italics. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. A printed bill shall capitalize words and characters to be stricken and enclose them in brackets. The text of the new section or subdivision shall also be underscored when a bill amends an existing chapter, section, or subdivision, by adding a new section or subdivision. When such bill is printed the amending matter, including the new section or subdivision shall appear in italics. Before a committee favorably reports upon such a bill, the chairman of the committee shall see that the bill conforms to this rule. A bill drafted by the Revisor of Statutes for the purpose of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled, immediately below the title 'REVISOR'S BILL' and if there is attached thereto a memorandum of information explaining the reasons for the bill.

Bills shall refer to the session laws as follows: "Laws_____, Chapter_____, Section_____."

Bills shall refer to Minnesota Statutes as follows:

"Minnesota Statutes 1971, Section_____."

Reference shall be made to Minnesota Statutes 1971 for the provisions appearing therein, unless reference to previous session laws is required for some special reason.

If the bill is for an original law and not for an amendment of an existing law the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes 1971. If such bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for his examination. Any such headnotes shall be in capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes 1971, Section 648.36.

If the bill is for an amendment of a statute, all statutory references shall be to Minnesota Statutes 1971, and it shall contain the full text of the section or subdivision to be amended as it appears in Minnesota Statutes 1971.

The title of each bill shall state its subject and briefly state its purpose.

When a law is sought to be amended or repealed the title of the amendatory act shall contain a proper reference to the law to be amended or repealed and briefly express its subject matter.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of laws shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they should not be followed by numbers in parentheses.

40. A majority of the Senate may at any time recall a bill from any committee or take a bill from the table and place such bill on General Orders.

By a report of the Committee on Rules and Administration, adopted by the Senate, the Committee on Rules and Administration may remove any bill from any committee and re-refer the same to any other committee including the Committee of the Whole.

COMMITTEE OF THE WHOLE

43. *The President may call some member to the Chair when the Senate goes into the Committee of the Whole. The rules observed in the Senate shall govern, as far as practicable, the proceedings of the Committee of the Whole, except that a member may speak more than twice on the same subject, a call for the previous question cannot be made, and the ayes and nays shall be taken only upon the demand of five members.*

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If the recommendation contains a proposed amendment of any bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question shall be on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the calendar.

APPOINTMENT OF COMMITTEES

53. *The majority and minority shall each be represented on all standing committees of the Senate. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group shall be given adequate notice about its positions prior to the commencement of the session. Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee. The minority group shall transmit notice of its assignments to the majority group within ten days after receipt of the notice of positions available. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee assignments.*

The majority and minority committee assignments shall be subject to the uniform criteria governing committee assignments applicable to both the majority and minority, which uniform criteria shall be promulgated by the majority group and transmitted to the minority group together with notification of committee positions available to the minority.

Committee assignments as made by the majority and minority groups shall be followed by the Senate in the resolution establishing representation on all Senate standing committees.

After the organization of the Senate, all committees of the Senate and members of commissions to be appointed by the Senate authorized by rule, statute, resolution or otherwise, shall be appointed by a Committee on Committees, unless otherwise provided, subject to confirmation by the Senate. In the appointment of members of conference committees between the two houses, the Committee on Committees of the Senate shall appoint those who are in accord with the position of the Senate, and whenever practical, give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

MEMORIAL PRAYER

Almighty and Everlasting God, in your Providence you have called into eternal life one who has served You, his community, and his state as a public servant.

Be merciful to him and grant him the object of his hope. He believed in the Resurrection and the Life. The senator, as a public servant, worked for the resurrection that is going on now. Man and man's world are all destined for resurrection, and therefore, mankind shall survive. We shall survive. Senator McKnight now knows more fully the meaning of these words. For to your faithful, O Lord, life is changed not taken away. May he enjoy the fullness of the life he sincerely sought.

We pray for the families of Senator McKnight. Teach them to see your good and gracious purpose working in all the trials that come into life. May they not sorrow, as those who have no hope, but may they turn to You, the God of all consolations.

And we pray likewise for those of us who remain to carry on the senator's work. Let us be moved by this death, and from it learn more fully the meaning of life and the marvelous gift that it is.

This we ask through Christ our Lord, the Resurrection and the Life. Amen.

TRIBUTE TO LYNDON BAINES JOHNSON

We all know the meaning of this day in our state and nation. This morning I listened to a memorial service conducted in loving memory of Lyndon Baines Johnson, and a clergyman read a portion of the Twenty-Third Psalm in the service. I thought it would be appropriate that this be read this morning as part of our devotions.

"The Lord is my shepherd: I shall not want.

"He maketh me to lie down in green pastures: He leadeth me beside the still waters.

"He restoreth my soul: He leadeth me in the paths of righteousness for His Name's sake.

“Yea, though I walk through the valley of the shadow of death, I will fear no evil: for Thou art with me; Thy rod and Thy staff they comfort me.

“Thou preparest a table before me in the presence of mine enemies: Thou anointest my head with oil, my cup runneth over.

“Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever.”

Let us pray:

God of all comfort, mercy and strength, at this appointed hour we gather in this Chamber with many feelings in our hearts. There is anxiety, Lord, as we know and feel the burdens of our responsibility. There is hope and joy, Lord, as we pray that our dream of peace will soon become a reality. And there is mourning, Lord, as we remember the thirty-sixth president of the United States of America. Lord, quiet our anxious moments and allow us to center our thoughts upon Lyndon Baines Johnson. We join the citizens of this great state and nation in praying for his wife, children and grandchildren; that they might feel Thy presence; that by Thy spirit they will receive strength, renewed faith and courage.

Father, even in time of the death of our former president we raise our voices of gratitude, for we are grateful for his service to his country that was always most dear to him. We are grateful for his spirit of courage and dedication which is of inspiration to us. We are grateful for his active concern for all people of our nation.

Eternal Father, Lord of life and death, Creator of Earth and Heaven, as the body of our thirty-sixth president is laid to rest beneath a living oak, near the place of his birth in his beloved Texas, we commend his soul to Thee knowing that nothing in life or death can separate us from Your love, and confident that Thou hast prepared for him a place in Thy Heaven.

In the name of our King. Amen.

Mr. Coleman for the Committee on Rules and Administration, makes the following report:

The permanent rules of the Senate for the 1973 session shall read as follows:

PERMANENT RULES OF THE SENATE

Parliamentary Reference

1. The rules of parliamentary practice comprised in Mason's Manual of legislative procedure shall govern the Senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the Senate and the joint rules and orders of the Senate and House of Representatives. For matters not covered in the foregoing, Jefferson's Manual shall govern the Senate.

Hour of Convening

2. The Senate shall convene on days of meeting at 12 o'clock noon unless the Senate directs otherwise.

Calling Senate To Order

Appeal From Decision Of The Chair

3. The President shall take the chair at the hour to which the Senate shall have adjourned, and shall immediately call the members to order, and, on the appearance of a quorum, shall proceed with the regular order of business. He shall preserve order and decorum; may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the Senate by any member but such appeal shall be decided by a majority vote of those present and voting thereon. Upon an appeal from the decision of the Chair, the question shall be "shall the decision of the Chair be the judgment of the Senate?"

President

4. In the absence of the President, the Chairman of the Committee on Rules and Administration, or his designee, shall preside over the Senate, and in his absence a member may be selected by the Senate to perform the duties of the President; but substitutions shall not extend beyond adjournment.

Absence Of Senators

5. No Senator or officer of the Senate shall absent himself from any session of the Senate unless excused by the Senate.

Decorum During Business

6. When the President puts a question, or addresses the Senate, no one shall walk out of, or cross the Chamber; nor when a member is speaking shall anyone pass between the member speaking and the Chair. No member, or other person, shall proceed to or remain by the Secretary's desk while the ayes and nays are being called or counted. No member may speak on any point unless he is using his microphone.

Order Of Business

7. The order of business shall be as follows:
 1. Petitions, letters, remonstrances.
 2. Executive and official communications.
 3. Introduction and first reading of Senate bills.
 4. Messages from the House of Representatives.
 5. First reading of House bills.
 6. Reports of committees:
 - (a) From standing committees.
 - (b) From select committees.
 7. Second reading of Senate bills.
 8. Second reading of House bills.
 9. Motions and resolutions.
 10. Third reading of Senate bills.
 11. Third reading of House bills.
 12. General Orders of the day.
 13. Announcements of Senate Interest.

Unless the Senate directs otherwise, the Calendar of Ordinary Matters shall be considered on the first day the Senate is in session each week. This Calendar will be considered after the third reading of House bills.

Calendar

8. The Secretary shall make a list of all bills, resolutions and other matters coming before the Senate for final action and place the same upon the calendar in the order in which they have been acted upon in Committee of the Whole, with Senate bills positioned ahead of House bills, and such calendar shall be printed and placed

upon the members' desks at least one calendar day before the matters included therein shall be considered.

Calendar Of Ordinary Matters

9. If a committee determines that a bill it recommends to pass is of a routine nature or otherwise of a nature which likely will not be opposed, it may in its report, recommend that the bill be placed on the Calendar of Ordinary Matters. If such report is adopted, the bill will be printed and placed on the Calendar of Ordinary Matters after its second reading. On the question of adoption of such report the question of accepting the recommendation that the bill be placed on the Calendar of Ordinary Matters may be divided from the question of adopting the report in other respects.

The Calendar of Ordinary Matters shall consist of bills so placed on it; Rule 8 will govern it except that such bills will not be first considered in the Committee of the Whole and except as inconsistent with this rule.

If a member objects to consideration of a bill on the Calendar of Ordinary Matters at any time during its consideration in the Senate before the question on final passage is put, and that objection is supported by at least two other members, the bill will thereby and without further action be referred to the Committee of the Whole, and shall be placed at the bottom of General Orders subject to Rule 11, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

Special Order

10. After notice given during a session of the Senate at least two calendar days in advance, two-thirds of the whole Senate may designate a special order for a bill on General Orders.

With respect to any bill on General Orders or on the Calendar, the Committee on Rules and Administration, by committee report, may designate a special order for the bill.

After a time specified by a resolution offered by the Committee on Rules and Administration, the Chairmen of the Committees on Finance and Taxes and Tax Laws, as authorized by their respective committees, may designate a special order for any bill favorably reported by their respective committees.

A special order shall provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

During consideration of a special order, Rule 20 shall be suspended. As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions shall be that of the Committee of the Whole.

On any question any member may call for the ayes and nays which shall be entered in the Journal.

Unless it is otherwise disposed of, after consideration a bill on Special Orders of the Senate shall immediately proceed to its third reading and final passage.

General Orders

11. The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate, which are referred to the Committee of the Whole, and which are not made the order of the day, for any particular day, and to number the same, which lists shall be called the "General Orders of the Day" and they shall be taken up in the order in which they are numbered unless otherwise ordered by a majority of the committee.

Such general orders, together with all bills included therein required to be printed under the rules or orders of the Senate, shall be printed and placed upon the members' desks at least one calendar day before the same shall be considered in Committee of the Whole.

Motions

12. When a motion is made it shall be stated by the presiding officer; or, being in writing it shall be handed to the Secretary and read to the members.

13. A motion or amendment shall be written if the presiding officer or any member so requests. In such case it must be signed by the member or committee offering it.

14. After a motion is stated by the presiding officer, or read by the Secretary, it shall be deemed to be in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

Precedence Of Motions

15. When a question is under debate no motion shall be received, except:

1. To adjourn.
2. To recess.
3. To reconsider.
4. To lay on the table.
5. For the previous question.

(Motions numbered 1, 2, 4 and 5 above, shall be decided without debate.)

6. To commit.
7. To postpone to a day certain.
8. To amend.
9. To postpone indefinitely.

These several motions shall have precedence in the foregoing order; but a motion for the previous question having been seconded,

or the main question ordered, a motion to lay on the table shall not be in order.

A motion to postpone to a day certain, to commit, to postpone indefinitely, or to amend, having been decided, shall not again be put on the same day, nor at the same stage of the bill or proposition.

Motion To Adjourn

16. A motion to adjourn shall always be in order, and also a motion to adjourn to a time certain. The latter motion is debatable. When either motion is rejected it shall not be renewed until further business has been transacted.

Amendments To Rules And Suspension Of Rules

17. Every proposition to amend any rule of the Senate shall be referred to the Committee on Rules and Administration, and shall not be acted upon until the report of such committee is received by the Senate; nor shall any rule be suspended except by at least two-thirds vote of the whole Senate; provided that a motion to suspend the rules for the purpose of advancing a bill shall be made only under the order of business, "Motions and Resolutions."

Order In Debate

18. When any member is about to speak in debate, or deliver any matter to the Senate, he shall rise to his feet and respectfully address himself to "Mr. President," but shall not proceed to speak further until recognized by the Chair. He shall confine himself to the question under debate, and avoid personality. In discussing any resolution, Senators shall be limited to ten minutes each.

19. When any member is called to order he shall sit down until it is determined whether he is in order or not, and if a member is called to order for words spoken in debate, the words excepted to shall be taken down in writing by the Secretary immediately.

20. No member shall speak more than twice on the same question on the same day without leave of the Senate.

Committee Not To Be Absent

21. Committees shall not absent themselves from the Senate, by reason of their appointment, without permission of the Senate and the names of the Senators so excused shall be printed in the Journal.

Senators To Vote Unless Excused

22. Every member of the Senate who is in the Senate Chamber during a roll call shall give his vote upon the request of any Senator unless the Senate, for special reasons, excuses him.

A motion by a member to excuse himself from voting shall be made before the question is put. Any member wishing to be excused from voting may make a brief statement of the reason for making

such request and the question on his motion shall be taken without further debate.

When members have had an opportunity to vote and fail to do so, a majority of the members elected may, by motion, direct the President to close the roll. The vote on such motion shall be taken without debate, and no member shall be required to vote on such motion.

Call Of The Senate

23. Any member may impose a call of the Senate requiring the attendance of all members before any further proceedings shall be had except a motion to adjourn. Upon the imposition of a call, a record of those present shall be obtained and the Sergeant-at-arms instructed to bring in the absent members. When the Senate has been placed under call, the doors shall be closed and no member permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call be disposed of, or until the call be lifted by a majority vote of all the members of the Senate, or until the Senate adjourns. A majority vote of all the members of the Senate may excuse from attendance absent members not answering the call.

A call cannot be made after voting has commenced.

Questions—How Stated And Decided

24. Questions shall be distinctly put in this form, to-wit: "As many as are of the opinion that (as the question may be) say Aye," and after the affirmative voice is expressed, "As many as are of the contrary opinion say No." The President shall declare all votes but if any member rise to doubt a vote, he shall order a division.

Only Members Present To Vote

25. Upon a division and count of the Senate on any question, only members present in the Senate chamber shall be counted.

Any Senator May Demand Ayes And Nays

26. When a question is being taken, any member may call for the ayes and nays, which shall be entered in the Journal. A call for the ayes and nays cannot be interrupted except as provided in Rule No. 22.

Authorized Electrical Voting Device

27. Unless otherwise ordered, any vote, except upon elections and upon the overriding of a Governor's veto, may be taken by means of the electrical voting system which shall be under the control of the President of the Senate.

Certificate For Money

28. No certificate authorizing the payment of any money appropriated by the Legislature shall be issued by the Secretary, by virtue of any motion or resolution unless such a motion or resolution

shall be voted for by a majority of all members of the Senate. All motions or resolutions authorizing the issuing of certificates by the Secretary for the payment of money shall be upon a call of the ayes and nays.

The Previous Question

29. Unless the motion for the previous question is made specifically applicable to a subsidiary motion, the previous question shall be in this form:

“Shall the main question be now put?” It shall only be admitted when demanded by a majority of the members present, and its effect shall be to put an end to all debate, and bring the Senate to a direct vote upon amendments reported by a committee, if any, then upon all pending amendments in their order and then upon the main question.

On a motion for the previous question a call of the Senate shall be in order before the President submits the question to the Senate.

On a previous question there shall be no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending such motion, shall be decided, whether on appeal or otherwise, without debate.

Division Of Question

30. Any member may call for a division of the question when the same will admit of it. A motion to strike out and insert is indivisible. A motion to strike out being lost shall not preclude an amendment nor a motion to strike out and insert.

Reconsideration

31. When a motion or question has been once put and carried in the affirmative or negative, it shall be in order for any member who voted with the prevailing side to move for reconsideration thereof, on the same day on which the vote was taken or within the next two calendar days or if later the first day the Senate meets after the vote was taken. The motion shall take precedence over all other questions except a motion to adjourn. When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day the Senate meets except as hereinafter provided. When notice of intention to move such reconsideration of the final action of the Senate on any question shall be given by a member, the Secretary of the Senate shall retain the subject of such notice until after the expiration of the time during which such motion can be made.

During the six calendar days before the first Tuesday following the third Saturday in May of any year a notice of intention to move for reconsideration shall not be in order, but a motion to reconsider may be made and have priority over all other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

Introduction Of Bills

32. Bills, memorials, concurrent or joint resolutions may be introduced by any member or by order of the Senate on a report of a committee. An original and three copies so identified shall be required for introduction. The number of authors shall not exceed three. A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall place the same in the hands of the Secretary of the Senate, and the Secretary of the Senate shall promptly deliver all such bills, memorials or concurrent or joint resolutions to the President of the Senate who shall present them to the Senate.

The name of the author or authors shall be prefixed to each bill, memorial or resolution and the name of a committee reporting a bill, memorial or resolution for introduction shall be endorsed thereon.

Form Of Bills

33. A bill for an amendment of a statute shall contain the full text of the chapter, section, or subdivision to be amended. The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. When the bill is printed, the amending matter shall be inserted in italics. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. A printed bill shall capitalize words and characters to be stricken and enclose them in brackets. The text of the new section or subdivision shall also be underscored when a bill amends an existing chapter, section or subdivision, by adding a new section or subdivision. When such bill is printed the amending matter, including the new section or subdivision shall appear in italics. Before a committee favorably reports upon such a bill, the chairman of the committee shall see that the bill conforms to this rule. A bill drafted by the Revisor of Statutes for the purpose of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled, immediately below the title 'REVISOR'S BILL' and if there is attached thereto a memorandum of information explaining the reasons for the bill.

Bills shall refer to the session laws as follows: "Laws _____, Chapter _____, Section _____."

Bills shall refer to Minnesota Statutes as follows:

"Minnesota Statutes 1971, Section—."

Reference shall be made to Minnesota Statutes 1971 for the provisions appearing therein, unless reference to previous session laws is required for some special reason.

If the bill is for an original law and not for an amendment of an existing law the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes 1971. If

such bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for his examination. Any such headnotes shall be in capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes 1971, Section 648.36.

If the bill is for an amendment of a statute, all statutory references shall be to Minnesota Statutes 1971, and it shall contain the full text of the section or subdivision to be amended as it appears in Minnesota Statutes 1971.

The title of each bill shall state its subject and briefly state its purpose.

When a law is sought to be amended or repealed the title of the amendatory act shall contain a proper reference to the law to be amended or repealed and briefly express its subject matter.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of laws shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they should not be followed by numbers in parentheses.

Reading Of Bills

34. Every bill, memorial, order, resolution or vote requiring the approval of the Governor shall receive three separate readings previous to its passage; the first and third readings shall be at length; and no such bill, memorial, order or resolution shall be read twice on the same day.

Referring Of Bills

35. All bills shall be referred by the President of the Senate without motion to the proper standing committee unless otherwise referred by the Senate; provided that when any question shall arise concerning the proper reference of a bill during the order of business of first reading on the day of introduction or at the time of report of any standing committee to which the bill was first referred, the bill shall be referred without debate to the Committee on Rules and Administration to report the proper reference thereof, and upon adoption of such report, it shall be referred accordingly.

All bills appropriating money, or obligating the State to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, shall, before passage, be referred to the Committee on Finance.

Commitment Of Bills

36. No bill or resolution shall be committed or amended until

it has been once read at length. No bill or resolution shall be objected to on its introduction.

Report On Amended Bills

37. No committee nor any member thereof shall report any substitute for any bill or bills referred to such committee, which substitute relates to a different subject, or is intended to accomplish a different purpose than that of the original bill for which it is reported, or which, if adopted and passed, would require a title essentially different from the title of the original bill; and every substitute bill so reported shall be rejected whenever the Senate is advised that the same is in violation of this rule.

Amendments To Bills

38. In drawing any amendment to any bill or resolution reference shall be made therein, first to the number of the bill, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted.

Amendments To Title

39. The title to any bill may be amended at any time during its pendency in the Senate.

Recall From Committee

40. A majority of the Senate may at any time recall a bill from any committee or take a bill from the table and place such bill on General Orders.

By a report of the Committee on Rules and Administration, adopted by the Senate, the Committee on Rules and Administration on request of the first author may remove any bill from any committee and re-refer the same to any other committee or place such bill on General Orders.

Distribution and Printing of Bills

41. To the extent practical the Secretary of the Senate shall provide a copy of any bill to the public. He may charge a reasonable fee.

Unless otherwise ordered by the Senate, all Senate bills which have been reported upon favorably or without recommendation by a committee shall be printed prior to consideration by the Senate or the Committee of the Whole; and a bill may be printed by order of the Secretary of the Senate when amended after second reading. Any bill shall be printed when ordered by a majority vote of the Senate, and action by the Senate on a bill which has not been printed is a waiver of the printing requirement.

All Bills To Go To Committee Of The Whole

42. All bills, memorials, orders, resolutions and votes requiring the approval of the Governor shall, after a second

reading, be considered in Committee of the Whole before they shall be finally acted upon by the Senate, except as provided for in Rules 9 and 10.

Committee of the Whole

43. The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole. The rules observed in the Senate shall govern, as far as practicable, the proceedings of the Committee of the Whole. However a member may speak more than twice on the same subject, a call for the previous question cannot be made, and the ayes and nays shall be taken only upon the request of three members. The ayes and nays when taken shall be recorded in the Journal along with the amendment. Provided, however, that a member may, with the approval of the chairman of the Committee on Rules and Administration, submit a description of the amendment for printing. However, in such cases the Secretary shall retain in the minutes of the Committee of the Whole the full text of the amendment.

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If the recommendation contains a proposed amendment of any bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question shall be on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the calendar.

Amendment On Third Reading

45. Except as provided for in Rule 39 and to fill blanks, no amendment shall be received on third reading without the unanimous consent of the Senate. In filling blanks, the largest sum, the longest time and the greatest distance shall be first taken.

Motion To Commit

46. A bill or resolution may be committed at any time prior to its passage, and if any amendment be reported on such commitment to any other than a Committee of the Whole, it shall be again read the second time, considered in Committee of the Whole, and the question for third reading and passage again put. If the commitment be to the Committee of the Whole it shall be placed at the head of the general orders, except when the commitment is under Rule 9.

Final Passage

47. The final question upon a bill or other paper requiring action by both Houses after the first and second reading thereof, and after the consideration in Committee of the Whole, shall be upon its final passage.

Transmitting Of Bills To The House

48. Except as provided in Rule 31, immediately after the passage of any bill or other paper to which the concurrence of the House of Representatives is to be asked it shall be the duty of the Secretary to transmit the same to the House, and on the concurrence of any bill or other paper of the House of Representatives by the Senate, or on the concurrence or disagreement in any vote of the House it shall also be the duty of the Secretary to notify the House thereof.

Comparison And Substitution Of Bills

49. Unless there is a motion or objection, a House bill, after its first reading, shall be referred to the Committee on Rules and Administration. That committee will promptly make its report thereon, as follows:

- (a) If there is no Senate companion bill, the report shall recommend that the bill be referred to the appropriate standing committee.
- (b) If there is a Senate companion bill, the report of the committee shall recommend that the bill be referred to the standing committee possessing the Senate companion.
- (c) If the Senate companion bill has been reported to the Senate, the report of the committee shall state whether the House bill is identical to the Senate companion bill, and if identical, the report shall recommend that the House bill be given its second reading and substituted for the Senate companion bill and that the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee shall so state and recommend an amendment to the House bill, which amendment when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing such a proposed amendment, the House bill will be thus amended and as amended shall be given its second reading and substituted for the Senate companion bill and the Senate companion bill shall be indefinitely postponed.

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [DEFINITIONS.] Subdivision 1. As used in sections 1 to 6, the terms defined in this section have the meanings given them.

Subd. 2. “Home solicitation sale” means a sale of goods or services, other than insurance, purchased primarily for personal, family or household purposes, and not for agricultural purposes, with a purchase price of more than \$25, in which the seller or a person acting for him personally solicits the sale, when the buyer’s agreement or offer to purchase is made at a place other than the place of business of the seller, and, except as otherwise provided in this subdivision, including those in response to or following an invitation of the buyer. It does not include:

(a) a sale made pursuant to prior negotiations in the course of a visit by the buyer to a retail business establishment having a fixed permanent location where the goods are exhibited or the services are offered for sale on a continuing basis; or

(b) a sale in which the buyer has initiated the contact and the goods or services are needed to meet a bona fide immediate personal emergency of the buyer and the buyer furnishes the seller with a separate dated and signed statement not furnished by the seller describing the situation requiring immediate remedy and expressly acknowledging and waiving the right to cancel the sale. This exclusion shall only apply where (i) the seller in good faith makes a substantial beginning of performance of the contract before the buyer gives notice of cancellation, and, (ii) in the case of goods, the goods cannot be returned to the seller in substantially as good condition as when received by the buyer; or

(c) a sale in which the buyer has initiated the contact and specifically requested the seller to visit his home for the purpose of repairing or performing maintenance upon the buyer’s property. If in the course of such a visit, the seller sells the buyer the right to receive additional services or goods other than replacement parts necessarily used in performing the maintenance or in making the repairs, the sale of those additional goods or services would not fall within this exclusion; or

(d) a sale in which the buyer has initiated the contact either by oral, telephone, or written request (other than on a form provided

by the seller), and requested the seller to visit his home for the purpose of negotiating the purchase of a specific good or service. This exclusion shall only apply where the buyer furnishes the seller with a separate dated and signed statement in the buyer's handwriting expressly acknowledging and waiving his right to cancel the sale. It shall not apply to any sale for a purchase price greater than, or for goods or services different from, the specific good or service.

Subd. 3. "Sale" includes a lease or rental.

Subd. 4. "Seller" includes a lessor or anyone offering goods for rent, or an assignee of the seller.

Subd. 5. "Buyer" includes a lessee or anyone who gives a consideration for the privilege of using goods or services.

Subd. 6. "Business day" means any day other than a Saturday, Sunday, or holiday as defined in Minnesota Statutes, Section 645.44.

Sec. 2. [BUYER'S RIGHT TO CANCEL.] Subdivision 1. In addition to any other rights the buyer may have, the buyer has the right to cancel a home solicitation sale until midnight of the third business day after the day on which the buyer signs an agreement or offer to purchase. Cancellation is evidenced by the buyer giving written notice of cancellation to the seller at the address stated in the agreement or offer to purchase. Notice of cancellation, if given by mail, is effective upon deposit in a mailbox, properly addressed to the seller and postage prepaid. Notice of cancellation need not take a particular form and is sufficient if it indicates, by any form of written expression, the intention of the buyer not to be bound by the home solicitation sale.

Sec. 3. [WRITING REQUIRED: NOTICE OF RIGHT TO CANCEL: NOTICE OF CANCELLATION.] Subdivision 1. In a home solicitation sale, at the time the sale is arranged, the seller shall:

(a) inform the buyer orally of his right to cancel;

(b) furnish the buyer with a fully completed receipt or copy of a contract pertaining to the sale which shows the date of the transaction, contains the name and address of the seller, and in immediate proximity to the space reserved in the contract for the signature of the buyer or on the front page of the receipt if a contract is not used and in bold face type of a minimum size of ten points, a statement in substantially the following form:

"You, the buyer, may cancel this purchase at any time prior to midnight of the third business day after the date of this purchase. See attached notice of cancellation form for an explanation of this right."; and

(c) furnish each buyer a fully completed form in duplicate, captioned, "NOTICE OF CANCELLATION," which shall be attached to the contract or receipt and easily detachable, and which shall contain in bold face type of a minimum size of ten points the following information and statements:

“NOTICE OF CANCELLATION

If you do not want the goods or services described above, you may cancel your purchase by mailing or delivering a signed and dated copy of this cancellation notice or any other written notice, or send a telegram to [Name of seller], at [Address of Seller's Place of Business] not later than midnight of [Date]. If you cancel, any payments made by you under the contract or sale, any property traded in, and any instrument executed by you will be returned within ten business days following receipt by the seller of your cancellation notice, and any security interest arising out of the transaction will be cancelled.

If you cancel, you must make available to the seller at your residence, in substantially as good condition as when received, any goods delivered to you under this contract or sale; or you may, if you wish, comply with the written instructions of the seller regarding the return shipment of the goods at the seller's expense and risk.

If the seller does not pick up the goods within 20 days of the date of your notice of cancellation, you may retain or dispose of them without any further obligation.

I HEREBY CANCEL THIS TRANSACTION.

.....
(Date)

.....”
(Buyer's signature)

Subd. 2. Until the seller has complied with this section the buyer may cancel the home solicitation sale by notifying the seller in any manner and by any means of his intention to cancel.

Sec. 4. [RETURN OF PAYMENTS OF GOODS.] Subdivision 1. Within ten days after a home solicitation sale has been cancelled or an offer to purchase revoked, the seller must tender to the buyer any payments made by the buyer and any note or other evidence of indebtedness. If the down payment includes goods traded in, the goods must also be tendered by the seller in as good condition as when received by the seller. If the seller fails to tender said goods, the buyer may, if he so elects, recover from the seller an amount equal to the trade-in allowance stated in the agreement.

Subd. 2. Until the seller has complied with the obligations imposed by this section, the buyer may retain possession of the goods delivered to him by the seller.

Subd. 3. Except as provided in subdivision 2, within a reasonable time after a home solicitation sale has been cancelled or an offer

to purchase has been revoked, the buyer upon demand must tender to the seller any goods delivered by the seller pursuant to the sale. The buyer is not obligated to tender at any place other than his residence.

Subd. 4. If the seller fails to demand possession of goods within a reasonable time after cancellation or revocation, not to exceed 20 days, the goods become the property of the buyer without obligation to pay for them.

Subd. 5. The buyer has the duty to take reasonable care of the goods in his possession before cancellation or revocation and during the time provided in subdivision 4 for the seller to demand possession, during which time the goods are otherwise at the seller's risk.

Subd. 6. If the seller has performed any services pursuant to a home solicitation sale prior to its cancellation, the seller is entitled to no compensation.

Sec. 5. [PENALTIES FOR VIOLATION.] Any person who is found to have violated sections 1 to 4 shall be subject to the penalties provided in Minnesota Statutes, Section 325.907.

Sec. 6. [DAMAGES.] Any person injured by a violation of sections 1 to 4 may recover damages, together with costs and disbursements, including reasonable attorneys fees, and receive other equitable relief as determined by the court."

Protest And Dissent

Pursuant to the provisions of Article 4, Section 16, of the Minnesota Constitution, the undersigned request that the following dissent and protest be entered in the journal of the Senate.

The undersigned members of the Senate, for the following reason, dissent and protest the action of the Senate of making significant and highly controversial substantive changes in Minnesota's election laws with a bill known as "the party designation bill", H. F. No. 2.

Article 4, Section 27, of the Minnesota Constitution states, "No law shall embrace more than one subject, which shall be expressed in its title." The bill in question we feel actually consists of three separate and different subjects which are as follows: one relates to the rotation of candidates names on the ballot; another relates to the placement of names on the ballot; and another relates to identifying the members by party, or party designation.

The title of H. F. No. 2 places many members in the position of either voting against their commitments to constituents or against their conscience by voting for an unconstitutional measure.

The bill before the Legislature ought to be called a bill relating to placement on the ballot, rotation of names on the ballot, and party designation. Previous party designation bills covered only party designation.

Historically, each legislative candidate has been rotated on the ballot so that the favorite lead position is shared an equal number of times by each candidate. Under the party designation bill offered this will no longer be the case. This totally new proposal means that any statewide-majority-party legislative candidate will have the advantage of always being first on the ballot. It is a known fact of politics that many persons vote for the first name appearing on the ballot. Failure to alternate majority, minority, or any other party candidate in the lead position will make a one-party system easier to achieve. If there is to be a built-in advantage from ballot placement, it should go to the minority if we want to encourage a strong two-party system.

The candidate without party backing has additional handicaps. We believe the people of the state are entitled to fairness and openness in government. We also believe that every citizen should have the equal opportunity and equal protection under the law while running for office. We do not like to be party to a measure

which gives any political party in the state of Minnesota advantage over any other political party.

A separate change made under the guise of party designation has placed legislators below the national candidates on the ballot rather than below the state constitutional officers. It is generally recognized that only a tiny fraction of the issues in state government follow national party lines. Legislative candidates should follow the governor and the constitutional officers where the issues are essentially the same as in legislative races. We feel that this bill, which is being rushed through in haste, will only add to the confusion which many people feel when voting.

The unfair placement of names on the ballot will make many local races subject to national issues over which the candidate will be powerless to change even though he is successful in the election.

The Legislature and our major parties in Minnesota have a national record for honesty and personal dedication. The Minnesota Legislature has been nationally recognized as one of the most productive and progressive legislatures in the nation. In many areas of public concern it has led other states and at times the national government in innovative, progressive legislation.

The laws and the constitution of the state of Minnesota have been enacted with the intent to protect all the citizens of the state of Minnesota and this bill in our opinion deviates from this purpose.

The undersigned recognize that the people of the State of Minnesota are distrustful of government and political parties and that passage of this measure would add fuel to the fires of public cynicism and distrust. We wish to make these unfair and undemocratic actions and our dissent to them a matter of public record to be called to the attention of the people of Minnesota. For these reasons this dissent is entered upon the pages of the Senate Journal.

(Signed) Messrs. Hansen, Mel; O'Neill; Frederick; Fitzsimons; Renneke; Larson; Olson, J. L.; McCutcheon; Keefe, J.; Ueland; Blatz; Bang; Kowalczyk; Dunn; Krieger; Kirchner; Patton; Ashbach; Ogdahl; Pillsbury; Hanson, R.; Bernhagen; Stassen; Josefson; Sillers; Knutson; Nelson; Berg and Brown.

**JOINT RULES OF THE SENATE
AND HOUSE**

JOINT CONVENTIONS—HOW GOVERNED

Rule 1. The Speaker of the House shall preside at all Conventions of the two branches of the Legislature, and shall call the members to order. The Chief Clerk of the House shall be the Secretary, and the Sergeant at Arms of the House shall be the Sergeant at Arms at the Convention.

DUTIES OF THE PRESIDENT

Rule 2. The President of the Convention shall preserve order and decorum, may speak on all points of order in preference to other members; shall decide questions of order, subject to an appeal to the Convention by any member. He shall rise to put a question, but may state it sitting.

QUESTIONS—HOW STATED

Rule 3. Questions shall be distinctly put in this form, to-wit: "As many as are of the opinion that (as the question may be), say 'Aye'", and after an affirmative vote is expressed, "As many as are of the contrary opinion, say 'No'". If the President doubts, or a division be called, the Convention shall decide—those in the affirmative of the question shall first rise and afterwards those in the negative.

PRESIDENT'S RIGHT TO VOTE

Rule 4. The President shall have the right of voting in all cases except on an appeal from the decisions, and on all questions he shall vote last.

ORDER OF DEBATE

Rule 5. When any member is about to speak or deliver any matter to the Convention, he shall rise and respectfully address himself to "Mr. President," and confine himself to the question under debate and avoid personalities.

Rule 6. Whenever any member is called to order, he shall be seated until the point of order is determined; and if called to order for words spoken in debate the exceptional words shall be reduced in writing immediately.

Rule 7. When two or more members rise at the same time, the President shall name the member who is in order.

Rule 8. No member shall speak more than twice on the same question, without permission of the Convention.

CALL OF THE CONVENTION

Rule 9. Any five members may move a call of the Convention, and require absent members to be sent for, but a call cannot be

made after voting is commenced; and a call being ordered and the absentees noted, the door shall be closed and no member permitted to leave the hall until the report of the Sergeant at Arms be received and acted upon, or further proceedings under the call are suspended by a vote of the majority of all the members of the Convention.

EITHER HOUSE MAY AMEND, ETC.

Rule 10. It shall be in the power of either house to amend any amendment made by the other to any bill or resolution.

BILLS—HOW ENROLLED AND SIGNED

Rule 11. After a bill, memorial, or resolution shall have passed both houses, it shall be duly and carefully enrolled by the enrolling clerk of the house in which it originated. The enrolling clerk of that house shall then obtain the signatures and certificates of the proper officers to the enrolled copies, present the same to the Governor for his approval, and report the date of such presentation to the respective houses.

ELECTIONS BY JOINT CONVENTIONS

Rule 12. Whenever there shall be an election of any officer in Joint Convention, the result shall be certified by the President of the Senate and the Speaker of the House, and by them announced to their respective houses, and shall be entered on the Journal of each and communicated to the Governor by the Secretary of the Convention.

CONFERENCE COMMITTEES

Rule 13. In all cases of disagreement between the Senate and House on amendments, adopted by either house to a bill, memorial, or resolution passed by the other house, a Conference Committee, consisting of not less than three members, nor more than five members from each house, may be requested by either house, and the other house shall appoint a similar committee. The manner of procedure shall be as follows: The Senate, for instance, passes a bill and it is duly transmitted to the House, which body adopts an amendment to the bill and passes the bill as amended, returning the same with the record of the actions of the House, to the Senate; the Senate refuses to concur in the House amendment, asks for a Conference Committee, appoints such a committee on the part of the Senate, and with a record of the action of the Senate, returns the bill to the House; if the House adheres to its amendment, a like committee is appointed on the part of the House. The joint committee shall, at a convenient hour agreed upon, meet and state to each other, verbally or in writing, the reason of their respective houses for or against the disagreement, and confer thereon, and shall report to both houses such agreement as they may arrive at, if any—and if not, the fact of a disagreement. Within seven calendar days after the appointment of

such committee and every seven calendar days thereafter until such time as such committee is discharged, the committee shall report its progress to both houses. The house last having possession of the bill before the conference commences shall first act upon such report, if an agreement is reported, and duly transmit the same with the record of its action thereon to the other house together with the bill. All Conference Committees shall be open to the public. Meetings of Conference Committees shall be announced as far in advance as practicable. Except on the last day during which a bill may be passed in any year, a copy of a report of a Conference Committee shall be placed on the desk of each member of a house in written form twelve hours in advance of action on the report by that house unless the report has been reprinted in the Journal of either house for a preceding day and is available to the members.

EITHER HOUSE MAY RECEDE, ETC.

Rule 14. It shall be in order for either house to recede from any subject or matter of difference existing between the two houses at any time previous to a conference, whether the papers upon which the difference has arisen are before it or not, and a majority shall govern, except in cases otherwise provided in the Constitution; and the question having been put and lost, shall not be again put upon the same day, and a reconsideration thereof shall in all respects be regulated by the rules of the respective houses.

APPROPRIATIONS OF MONEY—HOW MADE

Rule 15. The same bill shall not appropriate public money or property to more than one local or private purpose.

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

It further finds that to protect the public health and safety it is necessary to require the dating of certain perishable food as specified in this act.

Sec. 2. [DEFINITIONS.] Subdivision 1. As used in this act, the following terms shall have the meanings ascribed to them.

Subd. 2. "Perishable food" means any food intended for human consumption (other than frozen food or fresh fruit or vegetables), which has a pull date less than 365 calendar days from the date of packaging, or, if unpackaged, from the original display date.

Subd. 3. "Pull date" means any date after which the manufacturer or processor reasonably determines that the product life has expired.

Subd. 4. "Date of packaging" means the date a product is first packaged for retail sale.

Subd. 5. "Original display date" means the date a product is first offered for retail sale.

Subd. 6. "Pre-packaged product" means a product packaged on premises other than the retail store where it is offered for sale.

Subd. 7. "Commissioner" means the commissioner of agriculture or designee.

Sec. 3. [PERISHABLE FOOD REGULATION.] Subdivision 1. No person shall offer for retail sale any perishable food unless the information required by this section is provided. When any date is required, it shall include the month, day, and year. All required dates shall be prominently and legibly displayed. In the case of any pre-packaged or packaged product, any required date shall be labeled on the package. In the case of other products, any required date shall be posted at the place of display.

Subd. 2. [PERISHABLE FOOD GENERALLY.] Unless another date is required pursuant to this section, the required date for all perishable food is the pull date. The labeling or posting of a pull date shall state "use before _____".

Subd. 3. [MEAT, POULTRY, AND FISH.] The required date for fresh meat, poultry, and fish, which is not pre-packaged, is the date of packaging, or the original display date, whichever occurs first.

Subd. 4. The commissioner shall administer and enforce the provisions of this act by regulations adopted pursuant to the administrative procedure act.

Sec. 4. Nothing in this act shall prohibit the sale of perishable foods whose pull date has passed, so long as it is fit for human consumption, is separated from perishable foods whose pull date has not passed, and has been marked in a manner to clearly indicate that it is outdated.

Sec. 5. [PRIMARY RESPONSIBILITY TO LABEL.] Without limiting the effect of section 2, in the case of pre-packaged perishable foods, it shall be the primary responsibility of the packager to affix the labels required by this act.

Sec. 6. [REGULATIONS OF OTHER STATES AND THE FEDERAL GOVERNMENT.] If any other state, or the federal government, adopts an open dating statute or regulation which provides for information and enforcement equal to or greater than that of this act, the commissioner may, by regulation, exempt any product from the provisions of this act if it is in compliance with such other statute or regulation.

Sec. 7. [LOCAL ORDINANCES PRE-EMPTED.] No subordinate unit of government may adopt or enforce any rule or ordinance regarding open dating of perishable foods other than this act.

Sec. 8. [ENFORCEMENT.] In enforcing the provisions of this act, the commissioner may receive complaints and investigate possible violations. The commissioner and his employees shall have access to all places wherein any item of perishable food regulated pursuant to this act is sold or held or offered for sale, and may take samples of perishable food for analysis. The attorney general, acting for the commissioner, or any municipal or county official responsible for the enforcement of rules or ordinances, may bring an action to restrain violations of this act.

Sec. 9. [PENALTIES.] Any person injured by a violation of this act may bring a civil action and recover damages, together with costs and disbursements, including reasonable attorney's fees, and receive other equitable relief as determined by the court.

Sec. 10. Nothing in this act shall apply to any sale exempt from a license by the Minnesota Constitution, Article I, Section 18.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [104.31] [WILD AND SCENIC RIVERS ACT.] This act may be cited as the "Minnesota wild and scenic rivers act."

Sec. 2. [104.32] [POLICY.] The legislature finds that certain of Minnesota's rivers and their adjacent lands possess outstanding scenic, recreational, natural, historical, scientific and similar values. Because it is in the interest of present and future generations to retain these values, it is hereby declared to be a policy of Minne-

sota and an authorized public purpose to preserve and protect these rivers.

Sec. 3. [104.33] [SYSTEM: CRITERIA FOR INCLUSION.] Subdivision 1. The whole or a segment of any river and its adjacent lands in this state that possesses outstanding scenic, recreational, natural, historical, scientific, or similar values shall be eligible for inclusion within the Minnesota wild and scenic rivers system. "River" means a flowing body of water such as a stream or a segment or tributary thereof, and may include lakes through which the river or stream flows.

Subd. 2. Rivers or segments thereof included within the system shall be classified as wild, scenic, or recreational.

(a) "Wild" rivers are those rivers that exist in a free-flowing state, with excellent water quality, and with adjacent lands that are essentially primitive. "Free-flowing" means existing in natural condition without significant artificial modification such as impoundment, diversion, or straightening. The existence, however, of low dams, diversion works or other minor structures at the time any river is proposed for inclusion shall not automatically bar its inclusion as a wild, scenic, or recreational river.

(b) "Scenic" rivers are those rivers that exist in a free-flowing state and with adjacent lands that are largely undeveloped.

(c) "Recreational" rivers are those rivers that may have undergone some impoundment or diversion in the past and may have adjacent lands that are considerably developed, but that are still capable of being managed so as to further the purposes of this act.

Sec. 4. [104.34] [COMMISSIONER'S DUTIES.] Subdivision 1. The commissioner of natural resources shall be responsible for administering the wild and scenic rivers system and his duties shall include but not be limited to conducting studies, developing criteria for classification and designation of rivers, designating rivers for inclusion within the system, and management of the components of the system including promulgation of regulations with respect thereto.

Subd. 2. The commissioner shall promulgate, in the manner provided in chapter 15, statewide minimum standards and criteria for the preservation and protection of shorelands within the boundaries of wild, scenic, and recreational rivers. Such standards and criteria (a) may include but need not be limited to the matters covered in the commissioner's standards and criteria for shoreland areas, as set out in section 105.485, except that the distance limitations contained in section 105.485 do not apply to standards and criteria for wild, scenic, and recreational rivers; (b) shall further the purposes of this act and of the classifications of rivers established hereunder; and (c) shall apply to the same local governments as are or may hereafter be specified in section 105.485.

Sec. 5. [104.35] [MANAGEMENT PLANS; HEARING; ESTABLISHMENT.] Subdivision 1. For each river proposed to be included in the wild and scenic rivers system, the commissioner shall prepare a management plan to preserve and enhance the

values that cause the river to be proposed for inclusion in the system with no unnecessary restrictions on those compatible land management practices, such as farming and timber harvesting, as they have customarily been used on the particular tract in the past. The plan shall give primary emphasis to the area's scenic, recreational, historical, scientific, and similar values. The plan shall set forth the proposed classification of the river and segments thereof, and the boundaries of the area along the river to be included within the system. The boundaries shall include not more than 320 acres per mile on both sides of the river. The plan shall include proposed regulations governing the use of public lands and waters within the area, which may differ from any statewide standards and criteria prescribed pursuant to section 4 to the extent necessary to take account of the particular attributes of the area. The plan may include proposed standards and criteria for local land use controls that differ from the statewide standards and criteria adopted pursuant to section 4 of this act to the extent necessary to take account of the particular attributes of the area.

Subd. 2. The commissioner shall make the proposed management plan available to affected local governmental bodies, shoreland owners, conservation and outdoor recreation groups, and the general public. Not less than 60 days after making such information available, the commissioner shall conduct a public hearing on the proposed management plan in the county seat of each county which contains a portion of the designated area, in the manner provided in chapter 15.

Subd. 3. Following the public hearing, and such additional public hearings as the commissioner shall deem necessary, he may by order establish the river or segment thereof as a wild, scenic, or recreational river and shall adopt a management plan to govern the area. The commissioner shall notify and inform public agencies and private landowners of the plan and its purposes so as to encourage their cooperation in the management and use of their land in a manner consistent with the plan and its purposes.

Subd. 4. The legislature may at any time designate additional rivers to be included within the system, delete rivers previously included in the system, or change the classification of rivers theretofore classified by the commissioner.

Sec. 6. [104.36] [LOCAL LAND USE ORDINANCES.] Subdivision 1. Within six months after establishment of a wild, scenic, or recreational river area, each local government containing any portion thereof shall adopt or amend its local ordinances and land use district maps to the extent necessary to comply with the standards and criteria of the commissioner and the management plan. If a local government fails to adopt adequate ordinances, maps, or amendments thereto within six months, the commissioner shall adopt such ordinances, maps, or amendments in the manner and with the effect specified in section 105.485, subdivisions 4 and 5.

Subd. 2. The commissioner shall assist local governments in the preparation, implementation and enforcement of the ordinances

required herein, within the limits of available appropriations and personnel.

Sec. 7. [104.37] [ACQUISITION OF INTERESTS IN LAND.] To further the purposes of this act, the commissioner of administration, for the commissioner of natural resources, may acquire the title, scenic easements or other interests in land, by purchase, grant, gift, devise, exchange, lease, or other lawful means. "Scenic easement" means an interest in land, less than the fee title, which limits the use of such land for the purpose of protecting the scenic, recreational, or natural characteristics of a wild, scenic or recreational river area. Unless otherwise expressly and specifically provided by the parties, such easement shall be (a) perpetually held for the benefit of the people of Minnesota; (b) specifically enforceable by its holder or any beneficiary; and (c) binding upon the holder of the servient estate, his heirs, successors and assigns. Unless specifically provided by the parties, no such easement shall give the holder or any beneficiary the right to enter on the land except for enforcement of the easement.

Sec. 8. In making his review the commissioner also shall consider any feature unique to the municipal shoreland in question, including but not limited to the characteristics of the waters which may be affected by development, storm sewer facilities, and sanitary and waste disposal facilities in existence at the time of the com-*

Within one year after receiving this notice from the commissioner, the municipality shall make the changes necessary to bring the ordinances, rules, or regulations into substantial compliance with state standards and criteria. The regulations shall be uniform for each class or kind of buildings, structures or land and for each class or kind of use throughout such district, but the regulations in one district may differ from those in other districts. The ordinance embodying these regulations shall be known as the Zoning Ordinance and shall consist of text and maps. A city, village, or borough may by ordinance extend the application of its zoning regulations to unincorporated territory located within two miles of its limits in any direction, but not in a county or town which has adopted zoning regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the zoning of land on its side of a line equidistant between the two noncontiguous municipalities unless a town or county in the affected area has adopted zoning regulations. Any city, village, or borough may thereafter enforce such regulations in the area to the same extent as if such property were situated within its corporate limits, until the county or town board adopts a comprehensive zoning regulation which includes the area.

Sec. 5. Nothing in this act shall be construed to prohibit a municipality from adopting and enforcing ordinances, rules, or regulations affecting the use and development of shoreland which are more restrictive than the state standards and criteria.
