The judgment of the court, when so obtained, shall bear interest at the rate of one percent per month and be enforceable in the manner provided by law for the enforcement of judgments obtained in civil actions.*

Sec. 6. Minnesota Statutes 1971, Section 298.28, Subdivision 1, is amended to read:

298.28 [DIVISION OF PROCEEDS.] Subdivision 1. The proceeds of the tax collected under section 298.24 shall be distributed by the state treasurer, upon certificate of the commissioner of taxation to the general fund of the state and to the various taxing districts in which the lands from which taconite was mined or quarried were located in the following manner and proportions: 11½ percent thereof to the city, village or town; 27 percent thereof to the school district; 11½ percent thereof to the county; three percent thereof to the state and 47 percent thereof, less any amount required to be distributed under subdivision 1a to the taconite property tax relief account in the apportionment fund in the state treasury. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities, villages and towns among such subdivisions as provided above, and the part going to school districts among such districts, and the part going to counties among such counties upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner. The amount so distributed shall be divided among the various funds of the state, or of the taxing districts in the same proportion as the general ad valorem tax thereof. If in any year the state shall not spread any general ad valorem tax levy against real property, the state's proportion of the tax shall be paid into the general fund. The amount distributed to any city or village and one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the amount distributed to any school district under the provisions hereof shall be included in computing the permissible levies of such city, village or school district under sections 275.11 or 275.125, provided, in computing the deduction from permissible levies of cities or villages by reason hereof effect shall be given to the cost of living adjustment allowed by section 275.11, subdivision 2, regardless of whether or not more than 25 percent of the assessed valuation consists of iron ore. On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of taxation and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or village which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate

shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in such next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of taxation. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district except in the case of school districts one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the indicated amount is to be used in computing, pursuant to sections 275.11 or 275.125, the permissible tax levy of such city, village or school district in the year in which such estimate is made, and payable in the next ensuing calendar year. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 294.25 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of taxation pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of taxation, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.11 or 275.125 has been made, if the taxes distributable to any such city, village or school district are greater than the amount estimated to be paid to any such city, village or school district in such year, the excess of such distribution shall be held in a special fund by the city, village or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.11 or 275.125, of such city, village or school district payable in such year. If the amounts distributable to any such city, village or school district, after final determination by the commissioner of taxation under section 298.28 are less than the amounts indicated by such estimates, such city, village or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.11 or 275.125 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

Pursuant to Rule 49 the Committee recommends that H. F. No. 647 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. This act shall be known and may be cited as the “agricultural marketing and bargaining act of 1973.”

Sec. 2. [DECLARATION OF POLICY.] Since agricultural products are produced by numerous and often scattered individual producers, the marketing and bargaining position of individual producers will be adversely affected unless they are free to join together voluntarily in cooperative associations or other associations as authorized by law. Membership of a producer in such a cooperative association or other association can only be meaningful if a handler of agricultural products is required to bargain in good faith with an agricultural cooperative association or other association as the representative of the members of such association. Production and marketing of agricultural commodities constitutes a basic and essential industry. Agricultural producers do not now enjoy the opportunity, comparable to that of industrial workers and those in many other forms of enterprise or employment, to organize and bargain effectively. Neither is adequate government provision available to assure that the bargaining process shall be fair both to producers and handlers and in the public interest.

Sec. 3. Subdivision 1. For the purposes of sections 1 to 12, the terms defined in this section have the meanings given them.

Subd. 2. “Association” means an association of producers, or federation of cooperative association of producers engaged in producing, marketing, bargaining, shipping or processing functions of an agricultural commodity on behalf of its members who are producers of such agricultural commodity, which has been accredited by the commissioner.

Subd. 3. “Person” means an individual, partnership, corporation or association.

Subd. 4. “Producer” means any person, who in any one calendar year within the previous two calendar years, produces or causes to be produced any agricultural commodity in quantity beyond his own family use, and who is able to transfer, during the calendar year, to a handler or an association a merchantable title to the agricultural commodity or provide management, labor, machinery, facilities, or any other production input, with the assumption of risk, for the production of the agricultural commodity under a written contract.

Subd. 5. “Agricultural commodity” includes all agricultural goods produced under contract for marketing as defined by the commissioner of agriculture. It does not include any commodity sold by a producer to another producer for his own exclusive use and not for resale. The kinds, types and subtypes of products to be classed together as an agricultural commodity for the

purposes of this act shall be determined by the commissioner on the basis of common usage and practice.

Subd. 6. "Handler" means a person, other than an association, engaged in the business or practice of acquiring agricultural commodities from producers or associations for processing or sale; grading, packaging, handling, storing or processing agricultural commodities received from producers or associations; contracting or negotiating contracts or other arrangements with producers or associations with respect to the production of any agricultural commodity; or acting as an agent or broker for a handler in the performance of any function or act specified above. It does not include a producer who sells at a retail establishment which he owns and operates or who sells at a produce market, agricultural commodities produced by him and agricultural commodities produced by another producer subject to value limitation established by the commissioner.

Subd. 7. "Commissioner" means the commissioner of agriculture of the state of Minnesota or his designated authority.

Subd. 8. "Marketing year" shall mean, generally, any time between the second day of February of the previous calendar year and the first day of February of the subsequent year, unless the commissioner shall determine an alternative time period for a specific agricultural commodity to be designated as its marketing year.

Sec. 4. [ACCREDITATION.] Subdivision 1. Any association accredited under this section may engage in bargaining as provided for under this act.

(1) An association desiring accreditation shall file with the commissioner in the form required by the commissioner. The request shall contain properly certified evidence that the association meets the standards for accreditation and shall be accompanied by a report of the names and addresses of member producers, the name of each handler to whom the member producer delivered or contracted to deliver the agricultural commodity during the previous two calendar years and the quantity delivered or acreage grown. A fee to cover the costs of the commissioner in processing the request shall be established pursuant to Minnesota Statutes, Chapter 15, and paid by the association when the request is filed.

(2) The commissioner may require all handlers of an agricultural commodity produced in a bargaining unit area as individuals or through their trade association to file with the board within 30 days following such a request, a report, properly certified, showing the correct names and addresses of all producers of the agricultural commodity who have delivered the agricultural commodity to the handler during the two calendar years preceding the filing of the report and the quantities of the agricultural commodity received by the handler from each named producer during those periods. The information contained in the individual reports of handlers filed with the commissioner shall not be made public by the commissioner nor available to any person for private use.

Subd. 2. In determination of accreditation, the commissioner shall determine whether bargaining shall be appropriate by plant, processor, or company. This determination shall be the unit area for the bargaining provisions of this act as is applicable to associations and handlers. In making his determination, the commissioner shall define as appropriate the largest bargaining unit area in terms of the quantity of the agricultural commodity produced, the definition of the agricultural commodity, geographic area covered and number of producers included as is consistent with the following criteria:

- (a) The community of interest of the producers included;
- (b) The potential serious conflicts of interests among members of the proposed unit;
- (c) The effect of exclusions on the capacity of the association to effectively bargain for the bargaining unit as defined;
- (d) The kinds, types and subtypes of products to be classed together as agricultural commodity for which the bargaining unit is proposed;
- (e) Whether the producers eligible for membership in the proposed bargaining unit meet the definition of "producer" for the agricultural commodity involved;
- (f) The wishes of the producers;
- (g) The pattern of past marketing of the commodity.

Subd. 3. An association shall be accredited only if it complies with the following:

(a) The association meets the requirements of the Capper-Volstead Act, 7 U.S.C. 291-2.

(b) The association has submitted a copy of its bylaws which provide that: each member of the association shall have one vote in all votes of the membership of the association; that officers or directors shall be elected by a majority of the members voting or by delegates representing a majority of the membership; and that all elections shall be by secret ballot.

(c) The association would have marketing and bargaining contracts for the current or next marketing year with more than 50 percent of the producers of an agricultural commodity who are in the bargaining unit area and these contracts would cover more than 50 percent of the quantity of that commodity produced by producers in that bargaining unit area. The commissioner may determine the quantity produced by the bargaining unit area using information on production in the prior year, current marketing information, and projections on production during the current marketing year. The commissioner shall exclude from the quantity of the agricultural commodity contracted by producers with producer owned and controlled processing cooperatives and any quantity produced by handlers. An association whose main purpose is bargaining but which processes a surplus into a form which is not the subject of bargaining is not a processing cooperative. The contracts

with members shall specify the agricultural commodity and that the members have appointed the association as their exclusive agent in negotiations with handlers for prices and other terms of trade with respect to the sale and marketing of the agricultural commodity and obligate them to dispose of their production or holdings of the agricultural commodity through or at the direction of the association.

Subd. 4. Within 60 days of the filing date of the request for accreditation by an association, the commissioner shall determine whether the association shall be accredited. If the commissioner determines that insufficient evidence was filed by the association, the commissioner may permit the association to file an amended request for accreditation within 30 days following the determination and notification of the association. The commissioner shall then determine, within 30 days of the filing of the amended request, whether the association shall be accredited. An association which is denied accreditation after filing of an amended request may not file another request for accreditation for a period of one year.

Subd. 5. Accreditation of the association by the commissioner shall be effective 30 days after the notice of accreditation.

Subd. 6. [REVOCAION OF ACCREDITATION.] The commissioner shall consider revocation of accreditation upon any of the following conditions:

(a) Upon receipt of a request from an accredited association for its own disaccreditation.

(b) Upon receipt of a petition requesting that the accredited association be disaccredited and bearing the signatures of at least ten percent of the producers of an accredited association in the bargaining unit. Following the receipt of a petition bearing the signatures of at least ten percent of the producers of an accredited association in a bargaining unit the board shall order the commissioner to initiate a referendum among the members of the accredited association and if in the referendum a majority of the producers, producing 50 percent of the commodity approve, the association accreditation shall be revoked by the board.

Subd. 7. The accredited association shall represent all member producers who are in the bargaining unit area and it shall act as exclusive sales agents for the bargaining unit area in negotiations with handlers. The association may not assess, bargain for, or claim to represent those producers who choose not to be represented by the association or choose not to have a bargaining committee bargain for them.

Sec. 5. [MARKETING AND BARGAINING COMMITTEE.]
Subdivision 1. After accreditation of the association, the association shall establish and authorize a marketing and bargaining committee to negotiate, as the association's exclusive agent, with handlers for the sale and marketing of the agricultural commodity for which the association was accredited.

Subd. 2. This committee shall be comprised of members of the

association elected by the association in a secret ballot election, except that the association may contract with legal counsel who shall, at the discretion of the association, be eligible for membership on the committee.

Subd. 3. The production of the agricultural commodity shall comprise a significant portion of the total producing operation of each committee member.

Subd. 4. Members who have any quantity contracted with a producer owned and controlled processing cooperative are not eligible to serve on a marketing and bargaining committee for such a commodity.

Sec. 6. Subdivision 1. Producers of agricultural commodities are free to join together voluntarily in associations as authorized by law without interference by handlers. A handler shall not engage in any of the following practices, defined as unfair practices:

(a) To coerce a producer in the exercise of his right to join and belong to or to refrain from joining or belonging to an association or to refuse to deal with a producer because of the exercise of his right to join and belong to an association.

(b) To discriminate against a producer with respect to price, quantity, quality or other terms of purchase, acquisition or other handling of agricultural products because of his membership in or contract with an association.

(c) To coerce or intimidate a producer to breach, cancel or terminate a membership agreement or marketing contract with an association or a contract with a handler.

(d) To pay or loan money, give anything of value or offer any other inducement or reward to a producer for refusing or ceasing to belong to an association.

(e) To make or circulate unsubstantiated reports about the finances, management or activities of associations or other handlers.

(f) To conspire, combine, agree or arrange with any other person to do or aid or abet the doing of any practice which is in violation of this act.

(g) To refuse to bargain with an association with whom the handler has had prior dealings or with an association whose producers in the bargaining units have had dealings with the handler prior to the effective date of this act.

Subd. 2. An association shall not engage nor permit an employee or agent to engage in the following practices, defined as unfair practices:

(a) To enter into a contract which discriminates against a producer represented by that association.

(b) To act in a manner contrary to the bylaws of the association.

(c) To coerce or intimidate a handler to breach, cancel or terminate an agreement or marketing contract with an association or a contract with a producer.

(d) To make or circulate unsubstantiated reports about the finances, management or activities of other associations or handlers.

(e) To conspire, combine, agree or arrange with another person to do or aid or abet the doing of any practice which is in violation of this act.

Sec. 7. Subdivision 1. As used in this act, "bargaining" means the mutual obligation of a handler and an association or their designated representatives to meet at reasonable times and confer and negotiate in good faith. Negotiations may include all terms relative to trading between handlers and producers of the agricultural commodity such as:

(a) prices and terms of sale

(b) quality specifications

(c) quantity to be marketed by acreage or weight

(d) transactions involving products and services utilized by one party and provided by the other party.

Subd. 2. The association shall notify the commissioner of the commencement of negotiations.

Subd. 3. (a) If no agreement is reached at the expiration of ten days after service of such notice to the commissioner, the association may, at any time thereafter, petition the commissioner to assume supervision over the dispute, except as provided for by clause (e).

(b) The commissioner shall then set a time and place for conference with the parties to present facts representing each party's case and hearing arguments. The commissioner shall take such steps, in accordance with rules promulgated under this act, as he deems expedient to affect a voluntary, amicable and expeditious adjustment and settlement of the differences between the handler and the association.

(c) At any time prior to 15 days before the first day of the marketing year in dispute, if an agreement on the issues in dispute between the association and the handler has not been reached, the handler may elect not to purchase, directly or indirectly, any quantity of the agriculture commodity produced by the association during that marketing year; or, the affected producers may elect not to sell, directly or indirectly, any quantity of the agricultural commodity produced by the association during that marketing year, or, the affected producers may elect not to sell, directly or indirectly, any quantity of the agricultural commodity to the handler during that marketing year.

(d) If either party makes an election, the other party is not under an obligation to continue bargaining with the party so

electing for terms during the marketing period in dispute. Both parties may, however, engage immediately in bargaining for the following marketing year.

(e) If the petition requesting the commissioner to assume supervision over a dispute is presented 15 days or less before the marketing year in dispute, then the commissioner shall exercise his discretionary authority, according to rules promulgated under this act, in determining which disputes are arbitrable before the start of the marketing year in dispute.

Sec. 8. All decisions of mediation and bargaining which result from section 7 shall be based upon the following factors:

(a) Prices or projected prices for the agricultural commodity paid by the competing handlers in the market area or competing market areas.

(b) Amount of the commodity produced or projections of production in the production area or competing marketing areas.

(c) Relationship between the quantity produced and the quantity handled by the handler.

(d) The producers cost of production including the cost which would be involved in paying farm labor a fair wage rate and providing them with adequate housing.

(e) The average consumer prices for goods and services, commonly known as the cost of living.

(f) The impact of the award on the competitive position of the handler in the marketing area or competing areas.

(g) The impact of the award on the competitive position of the agricultural commodity in relationship to competing commodities.

(h) A fair return on investment.

(i) Kind, quality or grade of the commodity involved.

(j) Stipulation of the parties.

(k) Such other factors which are normally or traditionally taken into consideration in determining prices, quality, quantity and the costs of other services involved.

Sec. 9. The commissioner shall announce his findings of fact and decisions in all cases in which he has assumed supervision during the year previous to the marketing year in dispute by the fifteenth day of the marketing year in dispute. To expedite his decisions, the commissioner may engage the services of the bureau of mediation services, whose recommendations he shall consider in his final determination.

Sec. 10. Subdivision 1. For the purpose of this act, the commissioner may receive complaints with respect to violations or threatened violations. The commissioner may make all necessary investigations, examinations or inspections of any violation or threatened violation specified in the sworn complaint filed with the commissioner. If, upon such investigation, the commissioner considers that there is reasonable cause to believe that the person charged has committed a practice in

violation of this act, the commissioner shall issue and cause to be served a complaint upon the person. The complaint shall summon the person to a hearing before the commissioner at the time and place fixed.

Subd. 2. If the commissioner determines that the person complained of has committed a practice in violation of this act, he shall state his findings of fact and shall issue and cause to be served on the person an order requiring him to cease the violation and shall order further affirmative action as will effectuate the policies of this act.

Subd. 3. If the commissioner is of the opinion that the person complained of has not committed a practice in violation of this act, he shall make his findings of fact and issue an order dismissing the complaint.

Subd. 4. Until the record in a case has been filed in a court the commissioner may, at any time upon reasonable notice and in such manner as he deems proper, modify or set aside, in whole or in part, any finding or order he has made or issued, with jurisdiction for such a change specified in additional findings of fact.

Subd. 5. The commissioner may request the attorney general of the state of Minnesota to seek the appropriate temporary relief or restraining order of injunction in district court to insure the enforcement of his findings.

Sec. 11. The commissioner may promulgate rules necessary for the administration of this act in accordance with this act and Minnesota Statutes, Chapter 15.

Sec. 12. [EFFECTIVE DATE.] This act is effective July 1, 1973."

Further, amend the title by striking it in its entirety and inserting in lieu thereof the following:

"A bill for an act relating to agriculture; collective bargaining; providing for bargaining between producers or associations and handlers; providing criteria."

398.16 [TAX LEVY, BUDGET.] The park district board, as soon after organization as practicable and on or before the first day of July of each year thereafter, shall prepare a detailed budget of its proposed expenditures during the next fiscal year, other than those to be met by bond issues or by revenues described in section 398.17 and section 398.09, paragraph d, which budgets shall in no year exceed 18 cents per person in the district as determined by the last federal decennial census. ~~But no such assessment shall be made upon the people or property of a city of the first class.~~

As soon after organization as practicable, and on the first day of July each year thereafter, the park district board shall certify to the governing body of each township, town, borough, village or city included in the district, the budget adopted pursuant to this section, together with a statement of the proportion of the budget to be provided by such governmental subdivision. The budget shall be apportioned among such subdivisions within the district in the same proportion as their respective populations bear to the total population of the district, population figures to be based on the last federal decennial census.

For the purpose of this section the governing body of any city or village means that board, council, commission or officer authorized by law or charter to levy taxes for park and recreation purposes and the governing body of each unorganized township means the county board. It shall be the duty of each such governing body in the district to provide the funds necessary to meet its proportionate share of such budget, such funds to be raised by tax levies or other means within the authority of said governing bodies, and to pay the same over to the treasurer of the district in such amounts and at such times as may fairly be required by the park district board.

Any such governing body is hereby authorized to levy annually upon all taxable property within its boundaries a tax at the rate

necessary to raise, at 98 percent collection, its proportionate share of the park district's budget, which tax, except in the case of cities of the first class, may be levied in excess of and over and above all other tax limitations.

All moneys received from said levies shall be turned over by the county treasurer collecting the same to the treasurer of the park district. All moneys received by the park district shall be used to carry out the powers and duties imposed on the park district board by this chapter and shall not be subject to review or reduction by other boards, commissions or councils.

If the governing body of any subdivision fails before October 1 of any year to pay its proportionate share of the park district budget for the next fiscal year or to certify to the county auditor a tax levy specifically designated for said purpose, the park district board shall certify to the county auditor of each county in which such governmental subdivision is located such amount of taxes as is deemed necessary to raise such subdivision's proportionate share of the budget, for collection with and as a part of other taxes on taxable property within such subdivision, which tax, may be levied in excess of and over and above all other tax limitations.

The park district board may by resolution, submit to the electors of the park district at a general or primary state election the question of raising the limit on the park district's budget from 18 cents to not to exceed 35 cents per person in the district. Any resolution providing for an election on raising the budgetary limit shall specify the proposed additional amount per person in the district to be authorized and the number of consecutive years such increase in the limit shall be effective. The resolution shall be certified to the county auditor of each county wherein lies any part of the territory of the district, and the county auditor or auditors shall cause the same to be submitted to the electors residing within such territory at the next ensuing general or primary election on a ballot setting forth the proposed additional amount per person and the number of years such increase shall be effective as provided in the resolution, and shall forward the official returns of the judges of election in the precincts voting on such ballot to the park district board for canvas, and the increase shall be authorized if approved by a majority of the electors of the district voting on such ballot.

The board may borrow money in anticipation of the collection of all taxes levied in its behalf and issue the negotiable notes of the district in an amount not in excess of 90 percent of the amount so levied which has not been received by the district at the time of the borrowing. Such notes shall mature not later than March 1 of the year following the year in which the tax levies are to be collected and shall be payable primarily from the proceeds of the levies anticipated thereby, but the full faith and credit of the district shall be pledged to the payment of the notes, and if such levies are not sufficient to pay all principal due and interest accrued thereon the park district board shall levy for the repayment of the principal and interest on such notes and ad valorem tax in the next ensuing year and for so long thereafter as may be necessary upon all of the taxable property within its corporate limits, which levy may be made without limitation as to rate or amount and shall not be included in applying statutory limitations to other tax levies."

The act shall also apply to health care plans established by employers in this state through health maintenance organizations regulated under any health care maintenance organization enabling act enacted in 1973 or thereafter.

Sec. 2. Subdivision 1. [CONTINUATION OF COVERAGE.] Every group insurance policy, group subscriber contract and health care plan included within the provisions of Section 1, except policies, contracts or health care plans covering employees of an agency of the federal government, shall contain a provision which permits every eligible employee whose employment is terminated, if the policy, contract or health care plan remains in force for active employees of the employer, to elect to continue the coverage for himself and his dependents.

Subd. 2. [RESPONSIBILITY OF EMPLOYEE.] Every eligible employee electing to continue coverage shall pay his former employer, on a monthly basis, the cost of the continued coverage. The employee shall be eligible to continue the coverage until he becomes re-employed by the same or another employer, or for a period of six months after the termination of employment, whichever is shorter.

The University shall submit to the legislature by January 1, 1974, a report indicating measures taken in on-going construction to implement the above requirement, and outlining a procedure to evaluate energy needs and structural and design alternatives to conserve energy in future building construction.

The regents of the University of Minnesota are authorized to make applications for the maximum federal share for each project including interest subsidies. In the event the amount of federal funds obtained for any of these projects exceeds the amount appropriated for it in the above appropriation, the regents of the University shall reduce the state share for individual projects.

Sec. 9. Neither the commissioner of administration nor the board of regents shall prepare final plans and specifications for any building authorized in this act until the using agency or department has presented the program and schematic plans to the house appropriation committee and the senate finance committee and the committees have made their recommendations thereon. Such recommendations shall be advisory only.

Sec. 10. Lands or sites for public buildings or real estate, the acquisition of which is included in the appropriations made by this act, may be acquired by gift, purchase, or condemnation proceedings by the regents of the University of Minnesota in the case of lands for the University and by the commissioner of administration in the case of other lands. Condemnation proceedings shall be pursuant to Minnesota Statutes, Chapter 117.

Subd. 4. The commissioner of administration, and the University of Minnesota shall report to the House Appropriations Committee and the Senate Finance Committee on any transfer of funds made pursuant to this section.

Subd. 5. The balance of each appropriation made by this and any prior act to the commissioner of administration from the Minnesota state building fund, remaining when the specific purpose of such appropriation is accomplished as certified by the commissioner to the House Appropriations Committee and Senate Finance Committee and to the state auditor, may be transferred to any other account for which an appropriation from the fund is made to the commissioner by this or any prior act; provided that the amount so transferred to the account for any project shall not exceed ten percent of the amount otherwise appropriated for that project, and that before any such transfer is made the commissioner shall consult and obtain the recommendations of the House Appropriations Committee and the Senate Finance Committee, which shall be advisory only.

Sec. 12. There is appropriated to the commissioner of administration from the Minnesota state building fund the sum of \$100,000 which may be expended by him for the administration of the building program covered by this appropriation, including the employment of personnel. The commissioner may expend these funds for microfilming of plans of all state buildings.

Sec. 13. There is appropriated to the commissioner of administration from the Minnesota state building fund the sum of \$250,000 which may be expended for plans, studies and surveys, and for the alterations, betterments, construction, reconstruction, improve-

ments or rehabilitation of any state-owned building or structure, if it appears to the commissioner that such an expenditure is necessary in the public interest in order to avoid injury or damage to persons or property and funds have not been otherwise appropriated for such purposes. The commissioner, however, shall not authorize any expenditures from such appropriation until he has first consulted with the House Appropriations Committee and Senate Finance Committee and such committees have made their recommendations thereon. Such recommendations shall be advisory only.

Sec. 14. There is appropriated to the commissioner of administration from the Minnesota state building fund the sum of \$50,000 which may be expended for the purpose of preparing preliminary plans, or other documentation that may be required, for assistance in obtaining non-state participation in state buildings programs. The commissioner may transfer these funds to the building accounts projects authorized in sections 3, 4, and 7, and to the building accounts of projects authorized by Laws 1967, Extra Session, Chapter 8, Section 9 and by Laws 1969, Chapter 1159, Section 8. Moneys transferred are hereby reappropriated for such purposes. Such recommendation shall be advisory only. Failure or refusal to make a recommendation promptly shall be deemed a negative recommendation. Funds for the transfer of moneys to a project under the authority of the University of Minnesota are hereby reappropriated to the board of regents to carry out the purpose of the transfer.

Sec. 16. Minnesota state building bond issue and appropriation. For the purpose of providing the moneys appropriated by this act to the state agencies herein designated, for the acquisition and betterment of the public lands and buildings and other public improvements of a capital nature herein designated, the state auditor is authorized upon request of the governor to sell and issue Minnesota state building bonds in the amount of \$44,750,000 in the manner and upon the terms and conditions prescribed by Minnesota Statutes, Sections 6.30 and 6.31 and by the Constitution, Article IX, Section 6. The proceeds of such bonds, other than accrued interest and premium, are appropriated and shall be credited to the Minnesota state building fund.

Sec. 17. Minnesota state building bond account; appropriation. In order to reduce the amount of taxes otherwise required by the Constitution, Article IX, Section 6, Subdivision 4, to be levied for the payment of interest and principal on the bonds authorized in Section 16 of this act, there is hereby appropriated annually to the Minnesota state building bond account in the state bond fund from the general fund in the state treasury a sum of money sufficient in amount, when added to the balance on November 1 in each year in said Minnesota state building bond account, to pay all principal and interest due and to become due on said bonds within the then ensuing year and to and including July 1 in the second ensuing year. The moneys received and on hand pursuant to the appropriation annually made by this section are available in the state bond fund prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4, and shall be used to reduce the amount of the tax otherwise required to be levied.

Sec. 18. Where an amount is payable to a creditor of the state from a project account which is financed partly with federal funds and such project is one included in appropriations now or hereafter made to the commissioner of administration for public buildings and equipment therefor and such amount cannot be timely paid because of a deficiency of money in such project account caused by a delay in the receipt of federal funds, the commissioner may provide such money as is needed to pay the amount by temporarily transferring such sum from any other appropriation made to him in the same act as contains the project account wherein the deficiency has occurred. Such moneys as are required therefor are hereby appropriated for such purpose. When the delayed federal funds are received the commissioner shall cause the amount of money transferred to be returned to the account from whence it came.

Sec. 19. In the case of appropriations made for construction or other permanent improvement, including acquisition of real estate, equipment, rehabilitation, appurtenances or utility systems, which appropriations do not lapse until the purposes for which the appropriations were made shall have been accomplished or abandoned, the commissioner of administration may dispense with periodic allotment and shall prescribe such regulations as will insure proper application and encumbrance of funds.

Sec. 20. Notwithstanding any other provision of law, all moneys appropriated by this act and all previous acts for the purposes of the Minnesota state building fund shall be and remain available for such purposes until and unless such appropriations are specifically rescinded by law. The state auditor shall, upon the certification of the commissioner of administration as to the accounts involved, make such transfers of appropriations as will place in one account all of the moneys appropriated for the same or related projects, incidental expenses or contingencies.

Sec. 21. This act is in effect the day following enactment."

SPECIAL ORDER

Pursuant to Rule 10, Mr. Novak moved that S. F. No. 1283, No. 187 on the General Orders Calendar be designated as a special order to be heard immediately. Which motion prevailed.

S. F. No. 1283: A bill for an act relating to cable communications; providing penalties; appropriating money; amending Minnesota Statutes 1971, Sections 161.45, Subdivision 1; and 222.37, Subdivision 1.

Mr. Borden moved to amend S. F. No. 1283 as follows:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. [DECLARATION OF LEGISLATIVE FINDINGS AND INTENT.] *Upon investigation of the public interest associated with cable communications, the legislature of the state of Minnesota has determined that while cable communications serve in part as an extension of interstate broadcasting, that their operations also involve public rights-of-way, municipal franchising, and vital business and community service, which are of state concern; that while said operations must be subject to state oversight, they also must be protected from undue restraint and regulation so as to assure development of cable systems with optimum technology and maximum penetration in this state as rapidly as economically and technically feasible; that the municipalities and the state would benefit from valuable educational and public services through cable communications systems; that the cable communications industry must provide the opportunity for minority participation and benefit which its diversity promises; that the public and the business community would benefit if served by cable channels sufficient*

to meet the needs of producers and distributors of program and other communication content services; that the cable communications industry is in a period of rapid growth and corporate consolidation and should proceed in accord with regional and statewide service objectives; that these objectives should encourage area-wide service where consistent with the public interest and discourage concentration of control and ownership when not in the public interest; and that many municipalities lack the necessary resources and expertise to plan for and secure these benefits and to protect subscribers and other parties to the public interest in franchise negotiations.

There is, therefore, a need for a state agency to develop a state cable communications policy; to promote the rapid development of the cable communications industry responsive to community and public interest and consonant with policies, regulations and statutes of the federal government; to assure that cable communications companies provide adequate, economical and efficient service to their subscribers, the municipalities within which they are franchised and other parties to the public interest; to encourage the endeavors of public and private institutions, municipalities, associations and organizations in developing programming for public interest; and to provide minorities with the fullest opportunity to make effective use of the medium.

It is the intent of the legislature in the provisions of this act to vest authority in a commission to oversee development of the cable communications industry in Minnesota in accordance with the statewide service plan; to review the suitability of practices for franchising cable communications companies to protect the public interest; to set standards for cable communications systems and franchise practices; to assure channel availability for municipal services, educational television, program diversity, local expression and other program and communications content services; to assure that municipal franchising results in communication across metropolitan areas and in neighborhood communities in larger municipalities; to provide consultant services to community organizations and municipalities in franchise negotiations; and, to stimulate the development of diverse instructional, educational, community interest and public affairs programming with full access thereto by cable communications companies, educational broadcasters and public and private institutions operating closed circuit television systems and instructional television fixed services.

No. 2358: A bill for an act relating to transportation; providing principal arterial highway funds for the appropriation of money to counties and municipalities of the state for the purposes of constructing and reconstructing the state's principal arterial highways, authorizing the issuance of state bonds for the purposes thereof and appropriating money in connection therewith; establishing the Minnesota state transportation fund for

the appropriation of money to subdivisions of the state for public lands, buildings, and capital improvements needed for public transportation, authorizing the issuance of state bonds for the purposes of the transportation fund and appropriating money in connection therewith.

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert the following:

“Section 1. [PURPOSE.] It is determined that there is a critical need to preserve and improve transportation facilities throughout the state which cannot be met by local effort without state financial assistance. The rate of completion of the interstate portion and upgrading of the remainder of the state's highway system has fallen behind the rate of traffic growth, resulting in serious traffic hazards and delays that affect the personal safety, quality of life, and economic welfare of citizens. The highway traffic problem is accentuated by the deficiency in the quality and quantity of public transportation available in urban areas, large and small. This deficiency is itself largely caused by the inability of public transportation to compete economically with private automobiles, without financial support comparable to that given highway construction. Its most serious effect is to limit severely the life and liberty of many persons who because of age, physical or mental characteristics, or economic circumstances are unable to use automobiles. For many more it compels the use of automobiles, often more than one per family, for daily attendance at work and school and for transportation in emergencies, notwithstanding cost that may reduce remaining living resources below poverty levels, and notwithstanding unacceptable safety hazards often resulting from physical handicaps or inexperience. And for many high cost makes it impossible to acquire and maintain vehicles that can operate at acceptable safety and pollution control levels, thus aggravating the traffic and pollution hazards created by sheer numbers of vehicles. Capital cost of the principal arterial highways of this state cannot be adequately met from existing sources of funds. Similar costs of adequate public transportation in urban areas cannot be met by user fees without subsidy, or even with subsidy to the extent this is possible from property taxes or other resources available to local units of government. It is determined that state financial assistance in meeting the capital cost of public transportation in urban areas and constructing and reconstructing the state's principal arterial highways is a proper function of state government and is necessary to protect the safety and the personal and economic welfare of the citizens of the state at large.

Sec. 2. [PRINCIPAL ARTERIAL HIGHWAY BOND AUTHORIZATION AND APPROPRIATIONS.] Subdivision 1. The state auditor is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota state principal arterial bonds in accordance with the provisions of section 3 of

this act, and Article IX, Section 6, of the Constitution in an aggregate principal amount not to exceed \$120,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of such bonds to the commissioner of highways for grants to counties and municipalities for the acquisition and betterment of public land and other improvements of a capital nature needed to provide adequate principal arterial highways of this state. This appropriation shall not lapse or cancel until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the department of highways.

Subd. 2. The department of highways shall promulgate regulations, standards, and priorities for the administration of grants authorized in accordance with subdivision 1.

Subd. 3. Applications by counties and municipalities for grants for the funds provided for by subdivision 1 shall be made through regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Section 462.381 to 462.396 and Chapter 473B referred to in this section as regional planning agencies to the department of highways on forms requiring information prescribed by the regulations of the department of highways. The regional planning agency shall certify to the department of highways those applications which appear to meet the standards and criteria set forth by the department of highways and the regulations promulgated hereunder, and the department of highways shall direct grants to be disbursed on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the counties and municipalities sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the projects have complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 3. [PRINCIPAL ARTERIAL BONDS.] Subdivision 1. For the purpose of providing money appropriated to the counties and municipalities of the state from the principal arterial highway funds authorized by section 2 for the acquisition and betterment of public land and other improvement of a capital nature needed to provide adequate principal arterial highways, in accordance with section 2, when authorized by law and requested by the commissioner of highways, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying

the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state principal arterial bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery or definitive bonds, and in accordance with such further regulations as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state principal arterial funds, and the amounts necessary therefor are appropriated from those funds; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state principal arterial bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state principal arterial bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state principal arterial bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand

therein, to pay all Minnesota state principal arterial bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state principal arterial bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state principal arterial bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 4. [TRANSPORTATION BOND AUTHORIZATION AND APPROPRIATION.] The state auditor is authorized and directed, upon request of the director of the state planning agency, to issue and sell Minnesota state transportation bonds in accordance with the provisions of section 6 of this act, and Article IX, Section 6 of the Constitution, in an aggregate principal amount not to exceed \$80,000,000 which sum, or so much thereof as shall be required, is appropriated from the proceeds of the bonds to the Minnesota state transportation fund created in section 5, and shall be used, with any other money in that fund, solely for the purpose of providing money which is hereby appropriated from that fund to the director of the state planning agency for grants to subdivisions of the state, according to the definition of "subdivision" in section 5, subdivision 1, for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the provisions of section 5. This appropriation shall not lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement from the Minnesota state transportation fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the state planning agency.

Sec. 5. [MINNESOTA STATE TRANSPORTATION FUND.]
Subdivision 1. A Minnesota state transportation fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of state bonds and any other money appropriated to the fund and grants disbursed from the fund to subdivisions of the state for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the long range state policies and purposes defined in subdivision 2, and in accordance with standards established in regulations to be adopted by the state planning agency pursuant to law, and to be prepared in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B, referred to in this section as "regional planning agencies", and in consultation with the "subdivisions" defined and referred to in this section. "Subdivisions" referred to in this section include the metropolitan transit commission created by Minnesota Statutes, Chapter 473A, and any other public body now or hereafter given power by law or a city charter to operate public transportation facilities in any defined area, and any city, village, or borough outside the area of operation of such a public body.

Subd. 2. It is the policy of the state to assist its subdivisions in providing, so far as possible, public transportation facilities in all urban areas within the state by providing state funding for public transportation capital improvements. The state planning agency and regional planning agencies are directed to prepare and revise annually a program of capital grants to subdivisions for specific projects which will implement this policy. Capital costs eligible to be paid from such grants shall include all expenses of the kinds enumerated in Minnesota Statutes, Section 475.65.

Subd. 3. The state planning agency shall promulgate regulations for the administration of grants authorized to be made from the fund.

Subd. 4. The regulations of the state planning agency shall provide that a high priority shall be given to applications from subdivisions which, because of limited tax base, excessive bonded indebtedness, or critical conditions of public transportation service, would face extreme financial hardship without assistance from the state transportation fund, and to applications for systems to serve more than one municipality.

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the state planning agency, on forms requiring information prescribed by the regulations of the state planning agency. The regional agency shall certify to the state planning agency those applications which appear to meet the program of capital grants and the standards and criteria set forth by the state planning agency and the regulations promulgated hereunder, and the state planning agency shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement

shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the state planning agency ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 6. [MINNESOTA STATE TRANSPORTATION BONDS.]
Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 5, when authorized by law and requested by the director of the state planning agency, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions of limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside this state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution,

and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state transportation bonds, such principal and interest shall

be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 7. [SEVERABILITY.] The invalidity of any provision of this act shall not affect the validity of the remainder of the act.

A bill for an act relating to public health; dating of perishable food; providing a penalty.

May 17, 1973

Honorable Alec G. Olson,
President of the Senate

Honorable Martin O. Sabo,
Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 160, report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [DECLARATION OF POLICY.] The legislature recognizes the entire food industry in the nation as leaders in the world in providing wholesome, nutritious, fresh and clean food to its citizens and to others. The Minnesota department of agriculture is hereby authorized and directed to promulgate rules and regulations which provide for a quality assurance date on perishable foods, to assure this industry’s continuation and the degree of improvement reasonable and feasible, so as to provide people with wholesome, nutritious, fresh and clean food.

Sec. 2. [DEFINITIONS.] Subdivision 1. As used in this act, the following terms shall have the meanings ascribed to them.

Subd. 2. “Commissioner” means the commissioner of agriculture or designee.

Subd. 3. “Perishable food” means any food intended for human consumption (other than meat and poultry, frozen food, or fresh fruit or vegetables), which has a quality assurance date.

Subd. 4. “Quality assurance date” means any date after which the manufacturer or processor reasonably determines that the product may, by spoilage, wiltage, drying or any other foreseeable and normal natural phenomenon, lose its palatability or its desired or nutritive properties. The date shall include the day, month, and, if appropriate, the year.

Sec. 3. [REGULATIONS, SCOPE.] Subdivision 1. The commissioner shall administer and enforce the provisions of this act by regulations adopted prior to October 1, 1973 pursuant to the administrative procedures act.

Subd. 2. Perishable foods which bear a quality assurance date of 90 days or less from the date of packaging shall be dated in accordance with the regulations adopted pursuant to this act.

Subd. 3. Perishable foods which bear a quality assurance date of more than 90 days from the date of packaging may require dating in accordance with regulations adopted pursuant to this act.

Subd. 4. Whenever the commissioner has reason to believe that any regulation adopted pursuant to this act is inappropriate or unsuitable to any particular perishable food product or products, the commissioner may, in accordance with the administrative procedures act, waive the application of such regulations as to such product or products.

Sec. 4. [EXPIRATION OF QUALITY ASSURANCE DATE.] Nothing contained in this act or any regulation adopted pursuant hereto shall require the removal from sale of a perishable food product after the expiration of the quality assurance date on the product nor imply that after the expiration of the quality assurance date on the product, the product is not wholesome or safe for human consumption.

Sec. 5. [REGULATIONS OF OTHER STATES AND THE FEDERAL GOVERNMENT.] If any other state, or the federal government, adopts an open dating statute or regulation which provides for information and enforcement equal to or greater than that of this act, the commissioner may, by regulation, exempt any product from the provisions of this act if it is in compliance with such other statute or regulation.

Sec. 6. [LOCAL ORDINANCES PRE-EMPTED.] No subordinate unit of government may adopt or enforce any rule or ordinance regarding open dating of perishable foods other than this act.

Sec. 7. [ENFORCEMENT.] In enforcing the provisions of this act, the commissioner may receive complaints and investigate possible violations. The commissioner and his employees shall have reasonable access to all places wherein any item of perishable food regulated pursuant to this act is sold or held or offered for sale, and may take samples of perishable food for analysis. The attorney general, acting for the commissioner, or any municipal or county official responsible for the enforcement of rules or ordinances, may bring an action to restrain violations of this act.

Sec. 8. [PENALTIES.] Any person injured by a violation of this act may bring a civil action and recover damages, together with costs and disbursements.

Sec. 9. [EXEMPTION.] Nothing in this act shall apply to any sale exempt from a license by the Minnesota Constitution, Article I, Section 18.

Sec. 10. [EFFECTIVE DATE.] This act shall be effective as to all perishable food manufactured or processed on or after January 1, 1974."

Further, amend the title by striking it in its entirety and inserting in lieu thereof the following:

"A bill for an act relating to food; requiring open dating of perishable food; directing the commissioner of agriculture to promulgate rules and regulations governing the dating, handling and labeling of perishable foods; providing penalties."

We request adoption of this report and repassage of the bill in accordance therewith.

(5) (6) Where the total pupil units of a district are used as a multiplier in determining foundation aids and spending and levy limitations and where the actual number of pupil units has decreased from the prior year, the number of pupil units for such district shall equal the average of actual pupil units for the prior and current years .

(7) Where the actual number of pupil units has increased from the prior year by more than four percent, a number of pupil units equal to one fourth of the difference between the units as computed in clauses (1) and (2) for the two years shall be added to the other units for the district .

For the 1974-1975 school year and thereafter, school transportation and related services for which state transportation aid is authorized are:

(2) *Transportation to or board and lodging in another district, of resident pupils of a district without a secondary school; the pupils may attend a classified secondary school in another district and shall receive board and lodging in or transportation to a district having a classified secondary school at the expense of the district of the pupil's residence;*

ment of public service. For the purpose of determining refunds the valuations of the taxable property shall be taken at 30 percent of the valuations as adjusted by the equalization aid review committee and the valuation of the exempt property shall be taken at 30 percent of its full value. The eligibility of a school district under this section is determined by adding the adjusted taxable valuation of the taxable property of the district as determined by the equalization aid review committee to the full value of the exempt property as reported by the department of public service; then by dividing the amount of the exempt property by the total of such taxable property and exempt property; if the result is 20 percent or more the school district is eligible, otherwise not, unless it qualifies temporarily under subdivision 1 or the following paragraph.

Any district disqualified from receiving refunds because this subdivision as amended substitutes a more recent adjusted assessed valuation for the 1969 adjusted assessed valuation previously specified, shall nevertheless continue to receive such refunds for three additional years, but the net amounts due prior to any required proration shall be reduced by 25 percent the first year, by 50 percent the second year, and by 75 percent the third year.

Subd. 5. When a handicapped child is placed in a residential facility approved by the commissioner and established primarily to serve handicapped children and when the child's educational program is approved by the commissioner, the state shall pay to the resident district not to exceed 60 percent of instructional costs charged to the resident district, less the foundation aid per pupil unit payable to the resident district. Not more than ~~\$125,000~~ \$300,000 shall be spent annually for purposes of implementing this subdivision. If that amount does not suffice, the aid shall be prorated among all qualifying districts.

The following types of facilities may be approved by the commissioner:

This section does not apply for a child placed in a foster home or a foster group home.

Upon following such procedure as requested by the commissioner of education a district or unorganized territory providing instruction and services for such handicapped child may bill the state the actual cost incurred in providing said services including transportation costs and a proportionate amount of capital outlay and debt service, minus the amount of foundation aid, special education aid, transportation aid, and any other aid earned in behalf of such child, such action pursuant to limits set forth in Minnesota Statutes, Section 124.32, Subdivision 4.

Sec. 17. Minnesota Statutes 1971, Chapter 124, is amended by adding a section to read:

Sec. 18. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 2a. (1) In 1973, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1972 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the greater sum computed pursuant to section 9, clause (2) of this act, bears to \$820.

(2) In 1974, a school district may levy for all general and special school purposes, an amount equal to the amount raised by the 1973 adjusted assessed valuation of the district times the number of mills, not to exceed 30, that bears the same relation to 30, as the sum of the greater sum computed pursuant to section 9, clause (2) of this act, and the greater of (a) one-half of the difference that results when such greater sum is subtracted from \$860, or (b) \$40, bears to \$860.

(3) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific millage which will yield a specific amount based on the most recent assessed valuation may be added to that authorized by clauses (1) or (2). If approved, the amount provided by the millage applied to each year's assessed valuation shall be authorized for certification until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. A petition authorized by this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

Sec. 19. Minnesota Statutes 1971, Section 275.125, Subdivision 3, is amended to read:

(2) ~~An amount necessary to pay the estimated actual transportation costs of the district for the following school year less esti-~~

mated state transportation reimbursement for the current year. The money raised by this additional levy may be used only for costs incurred in transportation which is partially reimbursable under sections 124.22 and 124.32.

(2) For school transportation services, an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year; provided that in 1973 and thereafter a district having boundaries coterminous with the boundaries of a city of the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter, and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation.

(3) For purposes of the 1971 levy, collectible in 1972, any district, in which the sum of \$87 per pupil unit in average daily membership and the difference between the reimbursement entitlement per pupil unit in average daily membership for 1970-1971 school year programs for handicapped children and the 1970-1971 adjusted maintenance cost per pupil unit in average daily membership is greater than \$750 per pupil unit, may levy an amount per pupil unit which is equal to or less than the difference between said sum and \$750 per pupil unit. A district which is located in a city of the first class may not qualify for an additional levy that exceeds 1.5 mills times the adjusted assessed valuation of the district.

(4) For purposes of the 1972 levy collectible in 1973, any district, which qualified for an additional levy under subparagraph (3) of this subdivision, and in which the sum of the additional amount per pupil unit authorized by subparagraph (3) and \$750 per pupil unit is greater than \$700 per pupil unit may levy an additional amount per pupil unit which is equal to or less than \$39 per pupil unit plus the difference between said sum and \$788 per pupil unit. A district which is located in a city of the first class may not qualify for an additional levy that exceeds 1.5 mills times the adjusted assessed valuation of the district.

(5) Each district which maintains a post secondary area vocational technical school shall report to the commissioner of education the receipts and expenditures of the district for the area vocational technical school by September of the fiscal year ending in the preceding June. The commissioner shall prescribe the form of the report.

Each district or county maintaining a post secondary area vocational technical school may levy an additional levy exclusively for this school, but such levy in a district within a city of the first class may not exceed .5 mills times the adjusted assessed valuation of the district as determined by the equalization aid review committee for the year prior to the certification of the levy.

Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 1.9 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3) but did not qualify for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4) in 1972, collectible in 1973, shall be allowed to levy the amount per pupil unit it was qualified to levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(4) In 1973 only, for a district which was authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3), but which was not authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), an amount not to exceed the aggregate amount authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(5) A district which qualified for a levy under clause (3) above shall be allowed to levy that same amount per pupil unit in 1974 reduced by two and one-half percent. The per pupil amount of the reduction shall be rounded down to the dollar. Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to levy the 1.9 mills.

(6) For districts in cities of the first class, maintaining post secondary vocational schools, one half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.

~~(6)~~ (7) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded

debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(8) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

(9) Districts which receive payments which result in deductions from foundation aid pursuant to section 10 of this act, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

(10) The commissioner shall certify to the county auditors any errors made in 1971 and 1972 in general and special purpose levy

amounts. The county auditor is authorized to adjust the 1973 levy to correct for the errors.

Sec. 20. Minnesota Statutes 1971, Section 275.125, is amended by adding a subdivision to read:

Subd. 3a. Independent School District No. 625 is authorized to issue general obligation bonds in the amount of \$13,000,000. The department of taxation shall take such steps as it may consider necessary in the performance of that duty and may incur such expense as is necessary therefor. H. F. No. 2107: A bill for an act relating to intoxicating liquor; regulation of the on-sale thereof; amending Minnesota Statutes 1971, Section 340.07, Subdivision 5.

Mr. Berg moved to amend H. F. No. 2107, the printed bill, as follows:

Page 1, after line 3, insert:

"Sec. 2. Minnesota Statutes 1971, Chapter 340, is amended by adding a section to read:

[340.114] [UNLAWFUL DISCRIMINATIONS PROHIBITED.] *Subdivision 1. All licensed importers shall offer for sale on an equal basis to all licensed wholesalers and manufacturers all intoxicating liquor brought into the state of Minnesota.*

Subd. 2. Without limiting subdivision 1; the following shall be deemed failures to offer intoxicating liquor for sale on an equal basis and are unlawful:

(a) *A refusal to sell any intoxicating liquor to a wholesaler or manufacturer, which is offered for sale to any other wholesaler or manufacturer, except when a wholesaler or manufacturer is in arrears on payments for past purchases from the importer who refuses to sell.*

(b) *A sale of any intoxicating liquor to any wholesaler or manufacturer at a price different from that offered to any other wholesaler or manufacturer, exclusive of shipping costs, except that quantity discounts based upon actual cost savings may be uniformly offered to all wholesalers and manufacturers.*

(c) *A sale of any intoxicating liquor to any wholesaler or manufacturer on terms of purchase different from those offered any other wholesaler or manufacturer, except that when the importer reasonably believes that a wholesaler or manufacturer will be unable to comply with the existing terms of credit, then other terms may be employed, including denial of credit.*

(d) *Any discrimination among wholesalers and manufacturers in satisfying their respective demands for any intoxicating liquor.*

(e) *A sale conditioned upon an agreement which restricts the wholesaler or manufacturer with respect to customers, area for distribution, or resale price, or which otherwise restrains the wholesaler or manufacturer from competing in trade and commerce.*

(f) *For purposes of this subdivision and subdivision 1 only, the term "intoxicating liquor" shall not include "pop wines" as the same are defined by regulation of the commissioner.*

Subd. 3. No licensed importer or manufacturer shall offer or sell to any licensed wholesaler any intoxicating liquor at a bottle or case price which is higher than the lowest price at which such item of liquor is contemporaneously being sold by such importer or manufacturer to any wholesaler anywhere in any other state of the United States or in the District of Columbia or to any state or state agency which owns and operates retail liquor stores.

In determining the lowest price for which any item of liquor is being sold in any other state or in the District of Columbia, or to any state or state agency which owns and operates retail liquor stores, appropriate reductions shall be made to reflect all discounts, rebates, free goods, allowances and other inducements of any kind whatsoever offered or given to any such wholesaler, state, or state

agency purchasing such item in such other state or in the District of Columbia; provided that nothing contained herein shall prevent differentials in price which make only due allowance for differences in state taxes and fees, and in the actual cost of delivery. As used in this subdivision, the term "state taxes or fees" shall mean the excise taxes imposed or the fees required by any state or the District of Columbia based upon a gallon of liquor.

Nothing in this subdivision shall apply to any wines or malt beverages regardless of alcoholic content.

He shall set up an adequate system for the administration of the provisions of chapter 340, and have supervision over and power to regulate all forms of advertising and display of liquors as provided in section 340.15 .

Subd. 2. The commissioner shall have power to require periodic factual reports from all licensed importers, manufacturers, wholesalers and retailers of intoxicating liquors and to make all reasonable regulations to effect the object of such chapter 340 and to fix maximum prices from time to time on all liquors sold at wholesale . May 17, 1973

Honorable Alec G. Olson, President of the Senate

Honorable Martin O. Sabo, Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 160, report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [DECLARATION OF POLICY.] The legislature recognizes the entire food industry in the nation as leaders in the world in providing wholesome, nutritious, fresh and clean food to its citizens and to others. The Minnesota department of agriculture is hereby authorized and directed to promulgate rules and regulations which provide for a quality assurance date on perishable foods, to assure this industry's continuation and the degree of improvement reasonable and feasible, so as to provide people with wholesome, nutritious, fresh and clean food.

Sec. 2. [DEFINITIONS.] Subdivision 1. As used in this act, the following terms shall have the meanings ascribed to them.

Subd. 2. “Commissioner” means the commissioner of agriculture or designee.

Subd. 3. “Perishable food” means any food intended for human consumption (other than meat and poultry, frozen food, or fresh fruit or vegetables), which has a quality assurance date.

Subd. 4. “Quality assurance date” means any date after which the manufacturer or processor reasonably determines that the product may, by spoilage, wiltage, drying or any other foreseeable and normal natural phenomenon, lose its palatability or its desired or nutritive properties. The date shall include the day, month, and if appropriate, the year.

Sec. 3. [REGULATIONS, SCOPE.] Subdivision 1. The commissioner shall administer and enforce the provisions of this act by regulations adopted prior to October 1, 1973 pursuant to the administrative procedures act.

Subd. 2. Perishable foods which bear a quality assurance date of 90 days or less from the date of packaging shall be dated in accordance with the regulations adopted pursuant to this act.

Subd. 3. Perishable foods which bear a quality assurance date of more than 90 days from the date of packaging may require dating in accordance with regulations adopted pursuant to this act.

Subd. 4. Whenever the commissioner has reason to believe that any regulation adopted pursuant to this act is inappropriate or unsuitable to any particular perishable food product or products, the commissioner may, in accordance with the administrative procedures act, waive the application of such regulations as to such product or products.

Sec. 4. [EXPIRATION OF QUALITY ASSURANCE DATE.] Nothing contained in this act or any regulation adopted pursuant hereto shall require the removal from sale of a perishable food product after the expiration of the quality assurance date on the product nor imply that after the expiration of the quality assurance date on the product, the product is not wholesome or safe for human consumption.

Sec. 5. [REGULATIONS OF OTHER STATES AND THE FEDERAL GOVERNMENT.] If any other state, or the federal government, adopts an open dating statute or regulation which provides for information and enforcement equal to or greater than that of this act, the commissioner may, by regulation, exempt any product from the provisions of this act if it is in compliance with such other statute or regulation.

Sec. 6. [LOCAL ORDINANCES PRE-EMPTED.] No subordinate unit of government may adopt or enforce any rule or ordinance regarding open dating of perishable foods other than this act.

Sec. 7. [ENFORCEMENT.] In enforcing the provisions of this act, the commissioner may receive complaints and investigate possible violations. The commissioner and his employees shall have reasonable access to all places wherein any item of perishable food regulated pursuant to this act is sold or held or offered for sale, and may take samples of perishable food for analysis. The attorney general, acting for the commissioner, or any municipal or county official responsible for the enforcement of rules or ordinances, may bring an action to restrain violations of this act.

Sec. 8. [PENALTIES.] Any person injured by a violation of this act may bring a civil action and recover damages, together with costs and disbursements.

Sec. 10. [EFFECTIVE DATE.] This act shall be effective as to all perishable food manufactured or processed on or after January 1, 1974."

Further, amend the title by striking it in its entirety and inserting in lieu thereof the following:

"A bill for an act relating to food; requiring open dating of perishable food; directing the commissioner of agriculture to promulgate rules and regulations governing the dating, handling and labeling of perishable food; providing penalties."

We request adoption of this report and repassage of the bill in accordance therewith.

May 17, 1973

Honorable Alec G. Olson, President of the Senate

Honorable Martin O. Sabo, Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 452, report that we have agreed upon the items in dispute and recommend as follows: That S. F. No. 452 be amended as follows:

Strike everything after the enacting clause and substitute in lieu thereof the following:

“Section 1. [ST. PAUL, CITY OF; COUNCIL ELECTION; DISTRICTS.] Subdivision 1. The council of the city of St. Paul shall divide the city into four districts equal so far as possible in population at least 60 days prior to the first day for filing for the city elections. In the city general election next following the effective date of this section and thereafter four councilmen who shall be residents of the district shall be elected, one from each district, and three councilmen shall be elected at-large. Each person desiring to have his name placed on the primary ballot shall state in his affidavit of candidacy which office he is a candidate for specifying the district or specifying one of the three at-large positions. Incumbency shall not be indicated on election ballots. After the 1980 federal census and each federal census every ten years thereafter, the city council shall reapportion as necessary the four council districts provided herein. Except as provided herein the laws relating to the election of the council of the city of St. Paul shall continue to apply.

Subd. 2. This section takes effect when approved by a majority of the governing body of the city of St. Paul and upon compliance with Minnesota Statutes, Section 645.021; provided that notwithstanding the provisions of Minnesota Statutes, Section 645.021, Subdivision 1, relating to expiration of special laws, this section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters.

Sec. 2. [ST. PAUL, CITY OF; ALLEY SYSTEM OF ELECTING COUNCIL.] Subdivision 1. Sixty days after this section becomes effective the city council of the city of St. Paul shall desig-

nate each council seat, whether occupied or not, by a separate letter of the alphabet. Each so designated council seat shall be deemed a separate office for the city election of 1974 and thereafter. Any incumbent member of the city council running for election or re-election to the city council shall be a candidate for that office only of which he was an incumbent. Each person desiring to have his name placed on the primary ballot shall state in his affidavit of candidacy which designated council seat he is a candidate for. The names of the candidates for each council seat shall be rotated on the ballots to avoid any appearance of preference for incumbents. Incumbency shall not be indicated on the ballots. Except as herein provided the laws relating to the election of the council of the city of St. Paul shall continue to apply.

Subd. 2. This section takes effect when approved by a majority of the governing body of the city of St. Paul and upon compliance with Minnesota Statutes, Section 645.021; provided that notwithstanding the provisions of Minnesota Statutes, Section 645.021, Subdivision 1, relating to expiration of special laws, this section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters.

Sec. 3. [ST. PAUL, CITY OF; ELECTION DATE; TERM OF OFFICE.] Subdivision 1. Notwithstanding any provision of the charter of the city of St. Paul to the contrary, commencing November 4, 1975, the election of St. Paul city officers and such other officers as are required to be elected at a city election in the city of St. Paul shall be held on the first Tuesday after the first Monday in November of odd-numbered years. A primary election shall be held on a date set by the council which shall be no less than 14 days before the city election day.

Subd. 2. Notwithstanding any provision of the charter of the city of St. Paul to the contrary, commencing with the election of city officers on November 4, 1975, the mayor and each councilman of the city of St. Paul shall hold office for a term of two years commencing on the first business day in January next succeeding their election and until a successor is elected and qualified. Further, notwithstanding any provision of the charter of the city of St. Paul to the contrary, the term of office of the mayor and each councilman elected in 1974 shall begin on the first Tuesday of June of 1974 and end as of the first business day of January, 1976.

205.20, Subdivision 2, next following the presentation of the petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters.

Sec. 4. [ST. PAUL, CITY OF; OFFICERS' COMPENSATION.] Subdivision 1. Notwithstanding any provision of law or the St. Paul city charter to the contrary, the city of St. Paul shall have the power, from and after the effective date of this section, to fix in term and refix from time to time the compensation of all duly elected officers under its charter. Such compensation shall be fixed by ordinance passed upon in the manner provided for by the charter of the city of St. Paul, provided that no ordinance increasing compensation of elected officials may be passed during the last three months of any term of office. Except for the initial fixing of compensation authorized herein, no subsequent fixing of compensation shall be prescribed to take effect during the term of office for which the elected officials shall have been elected.

Subd. 2. [REFERENDUM.] Nothing contained in this section shall prohibit a referendum by petition of the registered voters of the city of St. Paul upon any ordinance adopted hereunder.

Subd. 3. [FEES.] No elected official shall receive any other compensation than that provided for pursuant to this section for the performance of his official duties and such compensation shall include compensation for all services rendered in any office or employment for said city. All fees, moneys or remuneration of whatever kind that accrue to any official in his elected capacity shall be reported to the city council and paid monthly into the treasury of the city.

Subd. 4. [REPEALER.] Laws 1971, Chapter 473, is hereby repealed.

Subd. 5. [EFFECTIVE DATE.] This section takes effect when approved by a majority of the governing body of the city of St. Paul and upon compliance with Minnesota Statutes, Section 645.021; provided that notwithstanding the provisions of Minnesota Statutes, Section 645.021, Subdivision 1, relating to expiration of special laws, this section shall also take effect if approved at a special election by the voters of the city of St. Paul which election shall be held on the uniform municipal election day specified in Minnesota Statutes, Section 205.20, Subdivision 2, next following the presentation of a petition to the city clerk of the city of St. Paul signed by 2,000 or more qualified voters."

The provisions of this clause shall apply to unclassified employees in the same manner as they apply to employees in the classified service.

Should any employee who has received severance pay be subsequently reappointed to state service, eligibility for future severance pay shall be computed upon the difference between the amount of accumulated but unused sick leave to the employee's credit at the time the employee was separated and the amount of accumulated but unused sick leave balance at the time of the employee's subsequent eligibility for severance pay.

The base for computing the severance pay provided for in this clause shall not exceed 800 hours, nor shall said base include lapsed sick leave hours as defined by departmental rules and regulations.

Such severance pay shall be excluded from retirement deductions and from any calculations in retirement benefits and shall be paid over a period not to exceed five years from termination of employment. Sec. 17. Minnesota Statutes 1971, Section 43.12, Subdivision 3, is amended to read:

Subd. 3. [ALLOCATIONS.] (1) The director shall allocate each position in the classified civil service to one of the classes within the classification plan, subject to review of the board if an appli-

cation is made in writing to the board upon one of the grounds set forth in clause (7) by the appointing authority immediately affected at any time within 30 days following notice to him of that allocation, or within 30 days from the date of notice of the final action of the director in case of an application for reconsideration, as hereinafter provided for, and thereafter all salary rates, schedules, or compensation policies shall apply uniformly to all positions within each class, in accordance with rules and regulations established by the board, except those positions for which special provision is made in clause (6) below. When a position which has not been allocated to one of the classes within the classification plan is established, the appointing authority shall notify the director, who shall allocate that new position to its appropriate class, subject to the same right of review by the board as heretofore provided in this clause.

(2) After the director makes an allocation under clause (1), he shall notify the appointing authority affected, in writing, of that allocation. The allocation shall become immediately effective, but the appointing authority may within ten days file with the director an application for reconsideration, together with any written evidence by way of affidavits, statements or exhibits which that appointing authority may desire considered by him. The director shall act upon that application within ten days after receiving it, and notify the appointing authority of his final action. In case of the filing of such application for reconsideration, the time for asking a review by the board shall commence to run from the date of notice to the appointing authority of the director's final action.

(3) Whenever, because of changes in the organizational structure of an agency, in the duties of a position, or for some other reason, a position appears to be improperly allocated, the director shall, upon his own initiative, or upon the written request of a permanent employee or an appointing authority, investigate the duties of the affected position. Following that investigation he may reallocate it to an appropriate class. If the director makes a reallocation or denies an application for reallocation, under this clause, he shall notify the appointing authority and the employee affected of his action. A permanent employee or appointing authority affected by any such action shall have the same right to make an application for reconsideration as is granted an appointing authority in the case of an original allocation by clause (2), and the procedure set out in clause (2) shall apply to such application. Except as provided in clause (6) below, any reallocation granted by the director shall become effective upon the expiration of the time fixed for making an application for reconsideration, if none is made, or if one is made, at the date of notice by the director of this final action. A permanent employee or appointing authority shall have the same right of review by the board of a reallocation which changes the class of a position as is granted an appointing authority in the case of an original allocation. Application for such a review must be made within 30 days from the date of notice by the director of his original action, or, if a reconsideration has been asked, within 30 days from the date of the director's final action upon that application.

(4) In case of any allocation under clause (1), or any reallocation under clause (3), no examination of witnesses nor any trial or hearing shall be required, but the director may act upon such matters as are submitted to him in writing by the employee whose position will be affected by a reallocation or by the appointing authority who will be affected by an allocation or a reallocation, and reports and records of investigators of the department, and may take official notice of the records of the department and of allocations of other comparable positions. The matters of which he takes official notice shall be set out by him in a memorandum to be filed with his order or report of investigation and made a part of his record. In all cases of applications for reallocation, the burden of proof shall be upon the person requesting the reallocation.

(5) Except as provided in clause (6) below, the incumbent of a position which has been reallocated shall continue in the position only if he is eligible for and actually is appointed to the position of the new class in accordance with the rules of the board governing promotion, transfer, and demotion. In any case in which the incumbent is ineligible to continue in the position and he is not transferred, promoted or demoted, the layoff provisions of this chapter and the rules of the board shall apply. Personnel changes required by the reallocation of positions shall be completed within a period of 60 days following the date of reallocation notice to an appointing authority. Any employee with permanent or probationary status whose position is reallocated shall be considered eligible to compete in any promotional examination held to fill the reallocated position, as provided in the rules of the board.

(6) When a position is reallocated by the director to a class in a lower salary range, or when an employee is demoted to a position in a lower salary range, the director and the commissioner of administration may give consideration to the employee's long or outstanding service, exceptional or technical qualifications, age, health, or *substantial changes in work assignment or operational changes in state government which eliminate positions held by classified employees with permanent status*. When, as a result of such consideration, the director and the commissioner determine that the best interests of the state will be served by such action, the position shall be reallocated but the employee shall continue at the same rate of pay. Thereafter, as long as he remains in the same position, such employee shall not be eligible to receive any salary increases, *except those economic adjustment increases based on the consumer's price index authorized by law*, until such time as his salary once again may be within the range of the class to which his position has been reallocated.

(7) A review by the board as provided for in this subdivision may be had when the employee or appointing authority affected files an application for review in writing on the ground:

(a) That the action of the director was not in accordance with the civil service act;

(b) That the action of the director was unwarranted by the evidence before him, or was procured by fraud, coercion or other improper conduct of any party in interest.

The board after receiving any application for review shall order the director to submit to it the record upon which he acted and thereafter, upon that record, may sustain, reverse or modify the action of the director or, in its discretion, may order that further evidence be taken by him to be submitted to the board and considered by it upon its review.

Sec. 18. Minnesota Statutes 1971, Section 43.121, Subdivision 2, is amended to read:

Subd. 2. When an additional class is added to the classification plan, it shall be assigned to one of the salary ranges *schedules* set forth in section 43.12, subdivision 2 ; and, if the duties and responsibilities of a class in the plan are substantially changed, or if an apparent inequity exists in the assignment of a class to a salary range, that class shall be reassigned to another salary range by the director of civil service. Such assignment or reassignment to a salary range *schedule* when approved by the civil service board after public hearing shall be submitted to the commissioner of administration who shall determine whether funds are available for such purposes. The commissioner of administration may approve or reject such schedules. These schedules shall become effective when approved by the commissioner and shall be used by him in connection with all payrolls and accounting records and with all budget estimates for all departments of agencies of the state government. Upon his approval, the commissioner shall file such new schedules in the office of the secretary of state.

Sec. 19. Minnesota Statutes 1971, Section 43.122, is amended to read:

Appointing authorities are authorized to grant achievement awards in the amount of one salary step for employees assigned to the schedule A, as set forth in section 43.12, subdivision 2 clause (1), who have demonstrated outstanding performance. Justification to the director must be in writing setting forth qualitative and quantitative criteria on which the determination was made. In no instance shall such awards be granted in excess of 20 percent of employees authorized at the beginning of each fiscal year, nor to employees whose rates of pay are at or above the maximum rate of pay established for their class. Appointing authorities shall make every effort to distribute achievement awards equitably among and within all classifications to eligible employees. To insure conformance to legislative intent, appointing authorities shall submit quarterly reports to the chairman of the senate civil administration and house governmental operations committees indicating the name and classification of each employee granted an achievement award, and the salary step at which the employee is being compensated within his salary range. A copy of each such report must be filed with the civil service director. The first quarterly report is due April 1, 1972.

Subd. 2. Within the limits of available appropriations an appointing authority may propose salary increases *within the range* of more than one step or more frequently than provided in this section upon detailed written statements to the director specifying

the unusual employment conditions that make such action necessary. The director shall review each such proposal giving due consideration to the salary rates paid other employees in the same class and agency and may deny any request which in his judgment is contrary to the best interest of the service.

Subd. 3. (a) Employees in classes assigned to the "A" schedule as cited in section 43.12, subdivision 2, clause (1), may receive a one step salary increase annually, on their anniversary date, to the position rate in their salary range, provided performance is satisfactory as indicated by their appointing authority.

The position rate shall be as follows:

9 step salary range—5th step

8 step salary range—5th step

7 step salary range—4th step

6 step salary range—4th step

5 step salary range—4th step

4 step salary range—3rd step

3 step salary range—3rd step

Beyond the position rate, employees may receive one step satisfactory performance increases biennially, on their anniversary date, upon the recommendation of their appointing authority, up to and including the maximum rate of the salary range for their class.

No increases authorized by this subdivision shall be granted by the appointing authority until an appropriate employee evaluation program is filed with the director. Authorized increases shall be recommended in the context of performance measured against specific performance standards or objectives.

Appointing authorities shall not recommend increases for those employees in this schedule who have not met, or only marginally attained, performance standards or objectives. Increases withheld may subsequently be granted by the appointing authority upon certification to the director that the employee is achieving performance standards or objectives.

(b) Employees in classes assigned to the "C" schedule as cited in section 43.12, subdivision 2, clause (6), shall progress through the salary range for their class according to the following procedure:

Employees compensated at the first step in their salary range shall be advanced to the second step following the completion of 1,044 hours of satisfactory service subsequent to the implementation of the provisions of section 43.12, subdivision 2, clause (7). Employees compensated at the second step in their salary range shall be advanced to the third step following the completion of 1,044 hours of satisfactory service subsequent to the implementation of the provisions of section 43.12, subdivision 2, clause (7).

Employees compensated at or beyond the third step in their

salary range shall advance to the next highest rate in their salary range at the completion of each increment of 2,088 hours of satisfactory service subsequent to the implementation of the provisions of section 43.12, subdivision 2, clause (7), until the maximum rate of pay is attained.

Employees compensated at the maximum step in their range or above shall receive no salary adjustments under the provisions of this subdivision.

(c) Appointing authorities may withhold increases authorized in section 43.122, subdivision 3, clause (b). Those employees who will be denied an increase because of unsatisfactory service must be notified in writing. Such cost of living allowance shall become effective the first full payroll period after July 1, 1974, and shall continue in effect until the first full payroll period after January 1, 1975. A redetermination of the cost of living allowance shall be made in October, 1974, and will involve computation of the difference, if any, between the aforementioned index as published for the base month of July, 1973, and the month of October, 1974. For each full four tenths point increase so computed one cent per hour shall be added to the hourly rate of pay of each officer; and two tenths of one percent rounded to the nearest dollar shall be added to the monthly rate of pay of each sergeant, captain, major and lieutenant colonel as a cost of living allowance. Such cost of living allowance shall become effective the first full payroll after January 1, 1975.

During periods when such cost of living allowance is in effect, it shall be added to the applicable basic hourly and monthly rates of pay for highway patrol officer, sergeant, captain, major and lieutenant colonel, and treated as a part thereof in all calculations involving employees' pay.

The commissioner of administration may direct the state auditor to transfer to the department of public safety the necessary amount to finance the increased cost of the cost of living provisions of this clause. This amount is appropriated from the trunk highway fund to the department of public safety for this purpose.

~~(5)~~ (4) Upon promotion, the person will be paid at the base salary rate of pay in effect for that rank, and, if initially appointed to the highway patrol on or before the effective date of this act, shall subsequently be eligible for the time in rank increases calculated from the effective date of promotion.

~~(5)~~ (5) Any time in rank increases in salary provided for in the tables in clauses clause (3) and ~~(4)~~, shall be effective for the payroll period nearest the employee's anniversary date of employment.

~~(7)~~ Patrol officers appointed on or after the effective date of this act, shall be paid the base salary assigned to the rank of patrol officer. In lieu of time in rank increases, 20 percent of such officers shall be eligible for achievement awards contemplated by Minnesota Statutes, Section 43.122, Subdivision 1.

Repayment of refundments will entitle the employee only to credit for service covered by (a) salary deductions, (b) payments made in lieu of salary deductions, and (c) payments made to obtain credit for service as permitted by laws in effect at the time payment was made. If an employee before taking one or more refundments had credit for prior service or for military service without payment in either case, he may obtain credit for such forfeited service prior to July 1, 1929, and for such forfeited military service by making payments at a contribution rate of three percent of his average salary upon which deductions for the retirement fund were based, for the three year period immediately preceding repayment of refundment for service credit prior to July 1, 1929, and on the salary received by him at the time of entering military service to restore his military service credit. Such employee may obtain such credit by paying into the fund an employee contribution based upon his salary at the date of return from military service. The amount of this contribution shall be the applicable amounts required in section 352.04, subdivision 2, plus interest at ~~four~~ six percent per annum compounded annually. In such cases the matching employer contribution and additional contribution provided in section 352.04 shall be paid by the department employing such employee upon his return to state service from funds available to such department at the time and in the manner provided in section 352.04.

Except as otherwise provided, the provisions of Minnesota Statutes, Chapter 352, apply to covered correctional employees.*

However an employee shall not be covered hereunder if first employed after July 1, 1973 and who because of his age could not acquire ten years of service to qualify for an annuity as a correctional employee.*

Sec. 41. Minnesota Statutes 1971, Chapter 352, is amended by adding a section to read:

Subd. 2. The monthly annuity under this section shall be determined by multiplying the average monthly salary by the number of years, or completed months, of covered correctional service by 2.5 percent for the first 20 years of correctional service and two percent for each year thereafter; provided however, the monthly annuity shall not exceed 75 percent of the average monthly salary.

Subd. 3. The annuity under this section shall begin to accrue as provided in section 352.115, subdivision 8, and shall be paid for an additional 84 full calendar months or to the first of the month following the month in which he becomes age 65, whichever occurs first, and then be reduced to the amount as calculated under section 352.115, except that if this amount, when added to the social security benefit based on state service the employee is eligible to receive at such time, is less than the benefit payable under subdivision 2, the retired employee shall receive an amount that when added to such social security benefit will equal the amount payable under subdivision 2. Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [CITATION.] Sections 1 to 4 may be cited as the Minnesota free flow of information act.

Sec. 2. [PUBLIC POLICY.] In order to protect the public interest and the free flow of information, the news media should have the benefit of a substantial privilege not to reveal sources of information or to disclose unpublished information. To this end, the freedom of press requires protection of the confidential relationship between the news gatherer and the source of information. The purpose of this act is to insure and perpetuate, consistent with the public interest, the confidential relationship between the news media and its sources.

Sec. 3. [DISCLOSURE PROHIBITED.] No person who is or has been directly engaged in the gathering, procuring, compiling, editing, or publishing of information for the purpose of transmission, dissemination or publication to the public shall be required by any court, grand jury, agency, department or branch of the state, or any of its political subdivisions or other public body, or by either house of the legislature or any committee, officer, member, or employee thereof, to disclose in any proceeding the person or means from or through which information was obtained, or to disclose any unpublished information procured by him in the course of his work or any of his notes, memoranda, recording tapes, film or other reportorial data which would tend to identify the person or means through which the information was obtained.

Sec. 4. [EXCEPTION AND PROCEDURE.] Subdivision 1. A person seeking disclosure may apply to the district court of the county where the person employed by or associated with a news media resides, has his principal place of business or where the proceeding in which the information sought is pending.

Subd. 2. The application shall be granted only if the court determines after hearing the parties that the person making application, by clear and convincing evidence, has met all three of the following conditions:

(1) that there is probable cause to believe that the source has information clearly relevant to a specific violation of the law other than a misdemeanor,

(2) that the information cannot be obtained by any alternative means or remedy less destructive of first amendment rights, and

(3) that there is a compelling and overriding interest requiring the disclosure of the information where the disclosure is necessary to prevent injustice.

Subd. 3. The district court shall consider the nature of the proceedings, the merits of the claims and defenses, the adequacies of alternative remedies, the relevancy of the information sought, and

the possibility of establishing by other means that which the source is expected or may tend to prove. The court shall make its appropriate order after making findings of fact, which order may be appealed directly to the supreme court according to the appropriate rule of appellate procedure. The order is stayed and nondisclosure shall remain in full force and effect during the pendency of the appeal.

Sec. 5. [DEFAMATION.] Subdivision 1. The prohibition of disclosure provided in section 3 shall not apply in any defamation action where the person seeking disclosure can demonstrate that the identity of the source will lead to relevant evidence on the issue of actual malice.

Subd. 2. Notwithstanding the provisions of subdivision 1 of this section, the identity of the source of information shall not be ordered disclosed unless the following conditions are met:

(a) that there is probable cause to believe that the source has information clearly relevant to the issue of defamation;

(b) that the information cannot be obtained by any alternative means or remedy less destructive of First Amendment rights.

Sec. 3. [DEFINITIONS.] Subdivision 1. Unless the language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of this act, shall have the meanings given to them in this section.

Sec. 5. [OVERTIME.] Subdivision 1. No employer shall employ any of his employees for a workweek longer than 48 hours, unless such employee receives compensation for his employment in excess of 48 hours in a workweek at a rate of not less than one and one-half times the regular rate at which he is employed; provided, however, that an employer if it is the State of Minnesota or a political subdivision may grant time off at the rate of one and one half hours for each hour worked in excess of 48 hours in any week in lieu of monetary compensation; and, provided, however, that no employer shall be deemed to have violated the overtime pay provisions of this section by employing any employees for a work week in excess of that specified in this section without paying the compensation for overtime employment prescribed herein if such employee is so employed under an agreement meeting the requirement of section 7 (b) (2) of the Fair Labor Standards Act of 1938, as amended.

Subd. 3. The provisions of subdivision 1 shall not apply with respect to any salesman, parts man, or mechanic primarily engaged in selling or servicing automobiles, trailers, trucks, or farm implements and paid on a commission or incentive basis, if employed by a nonmanufacturing establishment primarily engaged in the business of selling such vehicles to ultimate purchasers.

Sec. 6. [DIVISION OF LABOR STANDARDS IS CREATED.]

Subd. 2. [POWERS AND DUTIES.] The powers, duties, and functions vested in, or imposed upon, the division of women and children of the department of labor and industry by Minnesota Statutes, Chapter 177, and other applicable laws relating to wages, hours, and working conditions, are transferred, vested in, and imposed upon the division of labor standards. In addition, the division of labor standards shall administer the provisions of this act and chapter 184.

Subd. 3. [EMPLOYEES; TRANSFER FROM DIVISION OF WOMEN AND CHILDREN.] All persons employed by the department of labor and industry in the division of women and children shall be transferred to the division of labor standards without loss to the person of any rights acquired by reason of his employment at the time of transfer.

Sec. 7. [POWERS AND DUTIES OF THE COMMISSIONER.]
Subdivision 1. The commissioner or his authorized representative may enter during reasonable office hours or upon request and inspect the place of business or employment of any employer of employees in any occupation in the state, for the purpose of examining and inspecting any or all books, registers, payrolls, and other records of any such employer that in any way relate to or have a bearing upon the question of wages, hours, and other conditions of employment of any such employees; transcribe any or all of such books, registers, payrolls, and other records as he or his authorized representative may deem necessary or appropriate; and question such employees for the purpose of ascertaining whether the provisions of this act and the regulations issued pursuant thereto have been and are being complied with.

Subd. 2. The commissioner or his authorized representative may require from any employer of employees in any occupation in the state full and correct statements in writing, including sworn statements, with respect to wages, hours, name, addresses, and such other information pertaining to his employees and their employment as the commissioner or his authorized representative may deem necessary or appropriate.

Subd. 3. The commissioner or his authorized representative may issue any order requiring an employer to comply with the provisions of this act or with any regulation promulgated under the provisions of section 8. Any order shall be served by the department upon the employer or his authorized representative in person or by certified mail at the employer's place of business. If an employer wishes to contest the order for any reason, he shall file written notice of his objection to the order with the commissioner within 10 days after service of said order upon said employer. Thereafter, a public hearing shall be held in accordance with the provisions of Minnesota Statutes, Sections 15.0418 to 15.0426, and such regulations consistent therewith as the commissioner may make.

Subd. 4. The commissioner may investigate, mediate, and settle wage claims by an employee against an employer if the failure to pay any such wage may violate Minnesota laws or any order or regulation of the department thereunder.

Subd. 5. The commissioner may commence a civil action in any court of competent jurisdiction for the benefit of any employee for appropriate relief with respect to any wage claim which the commissioner deems to be valid, upon a written request being filed with the commissioner by such employee, provided: (1) the failure to pay such wage would constitute a violation of Minnesota laws or any order or regulation of the department thereunder, and (2) the wage claim does not exceed \$300. The employer shall pay all costs and disbursements as may be allowed by the court, and shall further pay an assessment of ten percent of the amount of any awarded wage claim to the treasurer of the state of Minnesota. In any action herein no security for payment of costs shall be required. Nothing herein shall be construed to prevent an employee from prosecuting his own claim for wages.

Subd. 6. Upon the written request of the commissioner, the attorney general of the state of Minnesota shall commence a civil action for appropriate relief against the employer as provided in subdivision 5.

Sec. 8. [POWER TO MAKE REGULATIONS.] Subdivision 1. The commissioner shall make and revise such regulations, including definitions of terms, as he shall deem appropriate to carry out the purposes of this act, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage and overtime rates established by sections 4 and 5.

Subd. 2. The commissioner shall appoint an advisory committee composed of an equal number of not more than three representatives each of employers and employees and of not more than three disinterested persons representing the public, which he shall consult concerning the making and revising of administrative regulations.

Subd. 3. The commissioner may establish regulations which define and govern this act with respect to, salesmen who conduct no more than 20 percent of their sales on the premises of the employer; allowances as part of the wage rates for board, lodging and other facilities or services furnished by the employer and used

by the employees. Regulations issued by the department pursuant to this section shall include, but are not limited to, bonuses; part-time rates for employees working 24 hours or less per week; special pay for special or extra work; procedures in contested cases; other facilities or services furnished by employers and used by employees; and other special items usual in a particular employer-employee relationship.

Subd. 4. An employee who receives \$20 or more per month in gratuities is a tipped employee. His employer is entitled to a credit in an amount up to 25 percent of the minimum wage which a tipped employee receives. Said credit against the wages due for gratuities received by a tipped employee may not be taken unless a signed statement from each tipped employee states that he did receive during the pay period an amount equal to or greater than the credit applied against the wages due by his employer. Such statements shall be maintained by the employer as a part of his business records.

Subd. 5. In order to prevent curtailment of opportunities for employment, avoid undue hardship, and safeguard the minimum wage rates under sections 4 and 5, the department shall also issue regulations providing for the employment of handicapped workers at wages lower than the wage rates applicable under sections 4 and 5, under permits and for such periods of time as specified therein; and providing for the employment of learners and apprentices at wages lower than the wage rates applicable under sections 4 and 5, under permits and subject to such limitations on number, proportion, length of learning period, occupations, and other conditions as the department may prescribe. The regulations issued by the department shall provide that where a handicapped person is now performing or is being considered for employment where he will perform work which is equal to work performed by a non-handicapped person, such handicapped person shall be paid the same wage as a non-handicapped person with similar experience and skill.

Subd. 6. Regulations shall be adopted by the department only after a public hearing held upon due publication of notice, at which any interested person may be heard and of which a record shall be made. Regulations shall be published by the department and shall take effect upon publication and filing with the secretary of state and the department of administration. Such regulations shall have the force and effect of law upon filing as provided herein.

Sec. 9. [JUDICIAL REVIEW.] Subdivision 1. Any person who may be aggrieved by any administrative regulation issued pursuant to section 8 may obtain a review thereof in the district court for Ramsey county, by filing in such court a written petition for declaratory judgment praying that the regulation be modified or set aside. A copy of such petition shall be served upon the department. The department's findings of fact, if any, shall be conclusive upon the court if supported by substantial evidence. The court shall determine whether the regulation is in accordance with law.

If the court determines that such regulation is not in accordance with law, it shall remand the case to the department with direc-

tions to modify or revoke such regulation. If application is made to the court by any aggrieved party for leave to adduce additional evidence, such party shall show to the satisfaction of the court that such additional evidence is material, and that there were reasonable grounds for the failure to adduce such evidence before the department. If the court finds that such evidence is material and that reasonable grounds exist for the failure of the aggrieved party to adduce such evidence in prior proceedings, the court may remand the case to the department with directions that such additional evidence be taken by the department. The department may modify its findings and conclusions, in whole or in part, by reason of such additional evidence.

Subd. 2. Hearings in the district court on all appeals taken under subdivision 1 shall be privileged and take precedence over all matters, except matters of the same character. The jurisdiction of the court shall be exclusive and its judgment and decree shall be final except that the same shall be subject to review on appeal to the supreme court.

Subd. 3. The commencement of proceedings under subdivision 1 shall not, unless specifically ordered by the court, operate as a stay of an administrative regulation issued pursuant to section 8. The court shall not grant any stay of an administrative regulation unless the person complaining of such regulation shall file in the court an undertaking with a surety or sureties satisfactory to the court for the payment to the employees affected by the regulation, in the event such regulation is affirmed, of the amount by which the compensation such employees are entitled to receive under the regulation exceeds the compensation they actually receive while such stay is in effect.

Sec. 10. [KEEPING RECORDS.] Every employer subject to any provision of this act or of any regulation issued pursuant thereto shall make and keep, for a period of not less than three years in or about the premises wherein any employee is employed, a record of the name, address and occupation of each of his employees, the rate of pay, and the amount paid each pay period to each such employee, the hours worked each day and each work-week by such employee, and such other information as the department shall prescribe by regulation as necessary or appropriate for the enforcement of the provisions of this act or of the regulations issued pursuant thereto.

Sec. 11. [POSTING OF LAW AND REGULATIONS.] Every employer subject to any provision of this act shall keep a summary thereof, approved by the department, and copies of any applicable regulations issued pursuant thereto, or a summary of such regulations, posted in a conspicuous and accessible place in or about the premises wherein any person subject thereto is employed. The department shall furnish copies of such summaries and regulations to employers without charge.

Sec. 12. [PENALTIES.] Subdivision 1. Any employer who hinders or delays the department or its authorized representative in the performance of its duties under this act or refuses to admit the commissioner or his authorized representative to any place of

employment as required by section 7, subdivision 1; or fails to make, keep, and preserve records as required by section 10; or falsifies any such record; or refuses to make any such record accessible, or to furnish a sworn statement of such record or any other information as required by section 7; or fails to post a summary of this act or a copy of any applicable regulation as required by section 11; or pays or agrees to pay wages at a rate less than the rate applicable under or pursuant to this act; or otherwise violates any provision of this act or of any regulation issued pursuant thereto; is guilty of a misdemeanor.

Subd. 2. Any employer who discharges or in any other manner discriminates against any employee because such employee has complained to his employer, to the department, or to an authorized representative of the department that he has not been paid wages in accordance with this act or regulations issued pursuant thereto or because such employee has caused to be instituted or is about to cause to be instituted any proceeding under or related to this act, or because such employee has testified or is about to testify in any such proceeding shall, upon conviction therefor, be fined not less than \$500 nor more than \$1000.

Sec. 13. [EMPLOYEES' REMEDIES.] Any employer who pays any employee less than the wages and overtime compensation to which such employee is entitled under this act and regulations issued pursuant thereto shall be liable to such employee for the full amount of such wages and overtime compensation, less any amount actually paid to such employee by the employer, for an additional equal amount as liquidated damages, and for costs and such reasonable attorney's fees as may be allowed by the court. Any agreement between such employee and the employer to work for less than the applicable wage rate shall be no defense to such action. Such action may be maintained in any court of competent jurisdiction by any one or more employees for and in behalf of himself or themselves.

Sec. 14. [RELATION TO OTHER LAWS.] Any standards relating to minimum wages, maximum hours, overtime compensation, or other working conditions in effect under any other law of this state on the effective date of this act which are more favorable to employees than those applicable hereunder shall not be deemed to be amended, rescinded, or otherwise affected by this act but shall continue in full force and effect until they are specifically superseded by standards more favorable to such employees by operation of or in accordance with this act or regulations issued pursuant thereto.

Sec. 15. [RIGHT OF COLLECTIVE BARGAINING.] Nothing in this act shall be deemed to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing in order to establish wages or other conditions of work more favorable to the employees than those required by this act and regulations issued pursuant thereto.

Sec. 16. Minnesota Statutes 1971, Sections 175.38, 175.39, 177.01, 177.02, 177.03, 177.04, 177.05, 177.06, 177.07, 177.075,

Sec. 17. [EFFECTIVE DATE.] This act shall become effective January 1, 1974."

In event the enrollment of full time equivalent students enrolled exceeds the budget estimates of 32,000 full time equivalents the first year and 31,000 full time equivalents the second year of the biennium for the total state college system, it is the intent of the legislature to provide additional teaching positions at a ratio of one position for each 19 full time equivalent undergraduate students, and one position for each 13 graduate students in excess of the biennial budget enrollment estimates for each year of the biennium.

In order to provide for an orderly realignment of faculty staffing resulting from reduced or shifting enrollments, not more than \$600,000 of this appropriation may be expended to pay the salaries of faculty members employed on terminal year contracts where such terminal appointments are required by current state college board rules. The state college board shall conduct a comprehensive program review at southwest Minnesota state college to determine the basic staffing requirements necessary to offer a sound educational program. Pursuant to this review the board may recommend to the legislative advisory committee a minimum staffing for that institution. Before any of the above appropriation is expended, the state college board shall demonstrate to the legislative advisory committee that all reasonable measures were taken to adjust staffing patterns in such a manner as to

Employees who have been employed by the colleges more than one year shall be granted permanent status; those employees with less than one year of service will be placed on probationary status. No other approval shall be required.

The state college board is authorized to utilize up to \$200,000 of the maintenance and equipment appropriation each year for regional and community service projects provided that the agency or local unit of government receiving such services shall reimburse the college system for not less than one-third their cost. Receipts so derived shall be treated as tuition for enrollment and budgetary purposes.

Notwithstanding any provision in Minnesota Statutes 1971, Chapter 16, which may indicate the contrary, when the state college board so requests, technical educational equipment may be procured for the state colleges either by brand designation or in accordance with standards and specifications which the board may promulgate.

In addition to the fees prescribed by Minnesota Statutes 1971, Section 136.11, the state college board may prescribe fees to be charged students for college activities, functions and purposes.

Notwithstanding any other provision of law to the contrary,

	1973	1974	1975
	\$	\$	\$

“ARTICLE I

Section 1. Minnesota Statutes 1971, Section 124.03, Subdivision 3, is amended to read:

Subd. 3. (a) The county auditor shall compute the tax levy that would be produced by applying a rate of 25 mills to the valuation determined on the January 2, 1971 assessment and 8.3 mills on the January 2, 1972 assessment and subsequent assessments on all the agricultural lands and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes, but not devoted to commercial purposes, within the several school districts for which the tax levy is required to be certified to him. The amounts so computed by the county auditor shall be submitted to the commissioner of taxation by November 15 of each year for verification.

(b) If the commissioner of taxation agrees with the computation, he shall deliver to the state auditor his certificate to that effect. In the event that the commissioner deems the computation to be erroneous, he may make the necessary corrections and deliver to the state auditor his certificate reflecting the amounts he deems to be correct. The county auditor or any school district aggrieved thereby may appeal the commissioner's revised certification to the Minnesota tax court in accordance with chapter 271.

(c) On or before May 31, 1972, the state auditor shall issue his warrant upon the state treasurer in favor of the school district in an amount equal to one half the amount certified by the commissioner shown to be due to the district. On or before October 31, 1972, the state auditor shall issue his warrant upon the state treasurer in favor of the school district distributing the remainder of the amount certified by the commissioner shown to be due to the school district for the year 1972. The state auditor in the same manner shall make distribution ~~in subsequent years~~ *for the year 1973* in the same manner with

respect to amounts shown to be due in accordance with the commissioner's certification. *For the year 1974 and subsequent years, the state auditor shall issue his warrant in an amount equal to one-half the amount certified on or before July 15, but no earlier than July 1. The remainder shall be distributed as provided herein.*

(d) In the event that a final judicial determination is not in agreement with the amount certified by the commissioner, the state auditor shall either increase or decrease the amount of the following payment required to be made to the school district in accordance with such judicial determination.

(e) There is hereby appropriated to the school districts entitled to such payments from the general fund, an amount sufficient to make the payments.

(f) The county auditor shall reduce the dollars levied for school maintenance by each district by the amount determined in (a) and (b). The amounts paid to the county treasurer pursuant to (c) shall be transmitted by the county treasurer to the school district at the same time the real estate settlement is made.

Sec. 2. The provisions of this article shall be effective the day following its final passage.

The amount of such additional certification, to the extent that it exceeds amounts remaining in the taconite property tax relief account, shall be paid from the state general fund, and an equivalent amount shall be transferred in 1974 from the taconite property tax relief account to the state general fund prior to the determination of the amount available for distribution.*

"Revenues" from a public service enterprise or a municipal liquor store shall mean the net income or loss of such public service enterprise or municipal liquor store, determined by subtracting total expenses from total revenues, and before any contribution to or from the governmental subdivision. "Fines" for a municipal court means the net amount remaining after subtracting total municipal court expenses from total collections of municipal court fines. A governmental subdivision shall qualify for this special levy only if the decrease in aggregate revenues as computed herein and divided by the population of the governmental subdivision in the preceding levy year is equal to or greater than two percent of the per capita levy limitation for the preceding levy year;

(o) pay the amounts required to compensate for a decrease in mobile homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section 273.13, subdivision 3, as amended, is less than the distribution of the mobile homes tax to the governmental subdivision pursuant to section 273.13, subdivision 3, in calendar year 1971;

(p) pay the amounts required to compensate for a decrease in gross earnings tax aids pursuant to sections 276.15 to 276.18, or 368.39 to 368.42, or 373.20 to 373.24, to the extent that the distribution of these aids to the governmental subdivision in the calendar year immediately preceding the current levy year is less than the distribution of these aids to the governmental subdivision in calendar year 1971;

(q) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(r) pay amounts required to correct for an error of omission in the

levy certified to the appropriate county auditor or auditors by the governing body of a city, village, borough or town with village powers in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(s) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal commission in levy year 1971 or a subsequent levy year, but only to the extent and for the levy years as provided by the commission in its order pursuant to section 414.01, subdivision 15;

(t) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) The increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) The amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development.

Sec. 4. Minnesota Statutes 1971, Section 275.51, Subdivision 1, is amended to read:

275.51 [LEVY LIMITS.] Subdivision 1. Notwithstanding any provisions of law or municipal charter to the contrary which authorize ad valorem levies in excess of the limitations established by sections 275.50 to 275.56, but subject to section 275.56, the provisions of this section shall apply to the levies by governmental subdivisions in the

years 1971, 1972 and subsequent years for all purposes other than those for which special levies and special assessments are made.

Sec. 5. Minnesota Statutes 1971, Section 275.51, Subdivision 2, is amended to read:

Subd. 2. The property tax levy limitation for governmental subdivisions in 1971 is calculated as follows. There shall be calculated the aggregate of receipts by each governmental subdivision from:

(a) the total amount of property taxes levied before any reduction prescribed by sections 273.13 and 273.135 in respect to homestead property, by or for each governmental subdivision in 1970, or in the most recent preceding year when such taxes were levied for a period of 12 months if the governmental subdivision levied such taxes for a shorter period in 1970, for all purposes, except for special assessments and special levies;

(b) exempt property tax reimbursement payments, if any, estimated by the department of taxation to be due and payable for the year 1971 from the state pursuant to section 273.69, *minus the allocation of these payments on a percentage distribution basis to the welfare aids and bonded indebtedness special levies in taxes payable year 1971* ;

(c) per capita aid payments estimated by the department of taxation to be due and payable for the year 1971 from the state pursuant to sections 297A.51 to 297A.60, *minus the allocation of these payments on a percentage distribution basis to the welfare aids special levy in taxes payable year 1971* .

The aggregate of the foregoing receipts shall be divided by the 1970 population of the governmental subdivision established pursuant to section 275.53. The resulting quotient (~~aggregate 1971 receipts per capita~~) *is the per capita limitation and may be adjusted (1971 payable 1971 levy limit base per capita) shall be increased pursuant to section 275.52, subdivision 2, to derive the 1971 payable 1972 levy limit base per capita* . The ~~adjusted quotient~~ *1971 payable 1972 levy limit base per capita* shall then be multiplied by the 1971 population of the governmental subdivision established pursuant to section 275.53. From the resulting figure *(1971 payable 1972 levy limit base)* shall be deducted the amount (estimated by the department of taxation) of state formula aids to be paid pursuant to ~~Extra Session Laws 1971, Chapter 31, Article 21 section 477A.01, as amended~~ and the taconite production tax municipal and county aids to be paid pursuant to ~~Extra Session Laws 1971, Chapter 31, Article 30 section 298.282, as amended~~ , to the governmental subdivision during the calendar year 1972. The resulting figure is the amount of property taxes which the governmental subdivision may levy in 1971 for all purposes other than those for which special levies and special assessments are made.

Sec. 6. Minnesota Statutes 1971, Section 275.51, Subdivision 3, is amended to read:

Subd. 3. The property tax levy limitation for governmental subdivisions in 1972 and subsequent *levy* years is calculated as

follows. There shall be calculated the aggregate of receipts by each governmental subdivision from:

(a) the total amount of property taxes levied pursuant to subdivision 1 in 1971 and succeeding years respectively;

(b) state formula and taconite production tax, municipal and county aid payments estimated by the department of taxation to be due and payable for the year 1972 and succeeding years, respectively, from the state pursuant to Extra Session Laws 1971, Chapter 31, Articles 24 and 30.

The aggregate of the foregoing receipts shall be divided by the 1971 or subsequent year's population of the governmental subdivision established as above for the preceding year. The resulting quotient (aggregate receipts per capita) is the per capita limitation and may be adjusted pursuant to section 275.52. The governmental subdivision's levy limit base per capita for the immediately preceding levy year shall be increased pursuant to section 275.52, subdivision 2. The adjusted quotient shall then be multiplied by the 1972 or subsequent resulting current levy year's levy limit base per capita shall then be multiplied by the current levy year's population of the governmental subdivision established pursuant to section 275.53. From the resulting figure (current levy year's levy limit base) shall be deducted the amount of state formula aids estimated by the department of taxation to be paid pursuant to Extra Session Laws 1971, Chapter 31, Article 21 section 477A.01, as amended, and the taconite production tax, municipal and county aids paid pursuant to Extra Session Laws 1971, Chapter 31, Article 30 section 298.282, as amended, to the governmental subdivision during the calendar year 1973, or subsequent year, as the case may be tax collection year to which the current levy year's levy limit base applies. The resulting figure is the amount of property taxes which the governmental subdivision may levy in 1972 and the current levy year for all purposes other than those for which special levies and special assessments are made.

For the purpose of determining the amount of property taxes that a governmental subdivision may levy, in 1973 and thereafter, taxes payable in 1974 and thereafter, for all purposes except special levies and special assessments, the following amounts (increased by 12.36 percent and divided by the 1973 population of the governmental subdivision established pursuant to section 275.53) shall be added to the governmental subdivision's 1972 payable 1973 levy limit base per capita and adjusted pursuant to section 275.52, subdivision 2:

(1) The amount of a county auditor's error of omission in the ad valorem taxes extended in levy year 1970, taxes payable in 1971, but only to the extent that when included in the governmental subdivision's levy in 1970, taxes payable in 1971, such amount is not in excess of any applicable statutory, special law or charter limitation imposed on the governmental subdivision in levy year 1970.

(2) The amount of an error of omission in the levy certified to

the appropriate county auditor or auditors by the governing body of a city, village, borough or town with village powers in levy year 1970, taxes payable in 1971, but only to the extent that when included in the governmental subdivision's levy in 1970, taxes payable in 1971, such amount is not in excess of any applicable statutory, special law or charter limitation imposed on the governmental subdivision in levy year 1970.

The foregoing addition shall not be construed to alter in any way the amount of state formula aids estimated by the department of taxation to be paid a governmental subdivision pursuant to section 477A.01 in calendar years 1972 and 1973.

For levy year 1973 and thereafter, taxes payable in 1974 and thereafter, the current levy year's levy limit base for the governmental subdivision shall be increased by:

(a) the amount of aids (estimated by the department of taxation) that the governmental subdivision was entitled to receive from the state, pursuant to sections 297.13 and 340.60, 70 percent of the amount of county government was entitled to receive pursuant to section 287.12 and 100 percent of the amount a city, village or town government was entitled to receive pursuant to section 287.12, in calendar year 1973, before any adjustments for payments made in preceding calendar years;

(b) the amount of aids (estimated by the department of taxation) that the governmental subdivision was entitled to receive from the state, pursuant to section 290.361, on November 30, 1972 and May 31, 1973, before any adjustments for prior payments.

The foregoing addition shall be made after the per capita adjustment pursuant to section 275.52, subdivision 2, and after the multiplication of the current levy year's levy limit base per capita by the current levy year's population of the governmental subdivision, but before the deduction of the aids estimated by the department of taxation to be paid to the governmental subdivision pursuant to sections 477A.01 and 298.282, as amended, during the tax collection year to which the current levy year's levy limit base applies.

Sec. 7. Minnesota Statutes 1971, Section 275.51, is amended by adding a subdivision to read:

Subd. 3a. Notwithstanding the provisions of subdivision 3, but subject to any other law or charter limitation, each governmental subdivision is entitled, in levy year 1973 and subsequent levy years, to a minimum property tax levy limitation of six percent of its state aids estimated by the department of taxation to be paid, pursuant to sections 477A.01 and 298.282, as amended, to the governmental subdivision during the tax collection year to which the property tax levy limitation applies.

A governmental subdivision which would maximize its property tax levy limitation under this subdivision shall qualify for this subdivision and subdivision 3 shall not apply to such governmental subdivision. In any levy year (qualifying levy year) that a govern-

mental subdivision qualifies for this subdivision, its property tax levy limitation shall be determined as follows.

The state aids estimated by the department of taxation to be paid, pursuant to sections 477A.01 and 298.282, as amended, to the governmental subdivision in the taxes payable year to which such qualifying levy year applies shall be divided by the population of the governmental subdivision in such qualifying levy year as determined pursuant to section 275.53.

The resulting quotient shall be increased pursuant to section 275.52, subdivision 2, to derive the levy limit base per capita for the governmental subdivision for the qualifying levy year. The levy limit base per capita for the qualifying levy year shall be multiplied by the population of the governmental subdivision in the qualifying levy year as determined pursuant to section 275.53. From the resulting figure (levy limit base for the qualifying levy year) shall be deducted the amount (estimated by the department of taxation) of state formula aids to be paid pursuant to section 477A.01, as amended, and the taconite production tax municipal aids to be paid pursuant to section 298.282, as amended, to the governmental subdivision during the tax collection year to which the qualifying levy year applies. The resulting figure is the amount of property taxes which the governmental subdivision may levy in the qualifying levy year for all purposes other than those for which special levies and special assessments are made.

In any levy year that a governmental subdivision would maximize its property tax levy limitation under subdivision 3 instead of this subdivision, the levy limit base per capita for the last qualifying levy year constituting the preceding year's levy limit base per capita for the provisions of subdivision 3, the governmental subdivision shall no longer qualify for this subdivision and shall presume to have its property tax levy limitation calculated pursuant to subdivision 3.

Sec. 8. Minnesota Statutes 1971, Section 275.51, Subdivision 4, is amended to read:

Subd. 4. If in 1971 the levy made by any governmental subdivision exceeds the limitation provided in this section, *except when such excess levy is due to the rounding of the mill rates of the governmental subdivision in accordance with section 275.28*, subsequent distributions of formula aids pursuant to ~~Extra Session Laws 1971, Chapter 31 sections 298.282 and 477A.01, as amended~~, shall be reduced 10 cents for each full dollar that the levy exceeds the limitation imposed by this section. If in any year subsequent to 1971 the levy made by a governmental subdivision exceeds the limitation provided in sections 275.50 to 275.56, *except when such excess levy is due to the rounding of the mill rates of the governmental subdivision in accordance with section 275.28*, subsequent distributions required to be made by the state auditor from any formula aids pursuant to ~~Extra Session Laws 1971, Chapter 31 sections 298.282 and 477A.01, as amended~~, shall be reduced 10 cents for each full dollar the levy exceeds the limitation up

to five percent, and 33 cents for each full dollar the levy exceeds the limitation by more than five percent; provided that a governmental subdivision may determine to levy in excess of the limitation provided in sections 275.50 to 275.56 by not to exceed five percent by passing a resolution setting forth the amount by which the levy limit is proposed to be exceeded. Thereafter the resolution shall be published for two successive weeks in the official newspaper of the governmental subdivision or if there be no official newspaper, in a newspaper of general circulation therein, together with a notice fixing a date for a public hearing on the proposed increase which hearing shall be held not less than two weeks nor more than four weeks after the first publication of the resolution. Following the public hearing, the governing body may determine to take no further action, or in the alternative, adopt a resolution authorizing the levy as originally proposed, or adopt a resolution approving a levy in such lesser amount as it so determines. The resolution authorizing a levy in excess of the limitation imposed by sections 275.50 to 275.56 shall be published in the official newspaper of the governmental subdivision or if there be no official newspaper, in a newspaper of general circulation therein. If within 30 days thereafter, a petition signed by voters equal in number to five percent of the votes cast in the governmental subdivision in the last general election or 2,000 voters, whichever is less, requesting a referendum on the proposed resolution is filed with the clerk or recorder of the governmental subdivision if the governmental subdivision is a city, village, borough, or town, or with the county auditor if the governmental subdivision is a county, the resolution shall not be effective until it has been submitted to the voters at a general or special election and a majority of votes cast on the question of approving the resolution are in the affirmative. The commissioner of taxation is directed to prepare a suggested form of question to be presented at any such referendum. A levy approved at any such referendum held at a special or general election held prior to October 1 in any levy year increases the allowable levy in that same levy year and provides a permanent adjustment to the levy limit base per capita of the governmental subdivision for future levy years, and there shall be no reduction in distributions of formula aids to the governmental subdivision as a result of such levy. If no referendum is requested, the excess levy authorized by the resolution, if the resolution is adopted prior to October 1 in any year, may be levied in that same levy year and subsequent distributions required to be made by the state auditor from any formula aids pursuant to Extra Session Laws 1971, Chapter 31, shall be reduced 15 cents for each full dollar the levy exceeds the limitation. A levy made in 1971 prior to the effective date of Extra Session Laws 1971, Chapter 31 shall be reviewed and may be modified by the appropriate authority of the governmental subdivision for the purpose of reducing such levy to conform to the limitations imposed by this section. Any reduction in such levy made prior to December 15, 1971, shall be given the same effect as though such reduction had been made prior to the expiration of the time allowed by law for making the levy. The provisions of this subdivision shall apply to the levy of a metropolitan county before the reduction required pursuant to section 163.051, subdivision 5.

Sec. 9. Minnesota Statutes 1971, Section 275.52, Subdivision 2, is amended to read:

Subd. 2. The ~~per capita limitation~~ *levy limit base per capita*, as adjusted for previous increases pursuant to this section, may be increased each year by the governing body of the governmental subdivision affected thereby in the amount not to exceed six percent of the previous year's ~~per capita limitation~~ *levy limit base per capita*.

Sec. 10. Minnesota Statutes 1971, Section 275.52, Subdivision 3, is amended to read:

Subd. 3. If the population of any governmental subdivision decreases from one year to the next, the *current levy year's* population shall, for purposes of sections 275.50 to 275.56, be increased by an amount equal to one half of the decrease in population from the prior *levy* year, such increase to be effective for the said one *levy* year only. ~~This subdivision shall not apply to decreases in population resulting from a change or change in the boundaries of a governmental subdivision.~~

Sec. 11. Minnesota Statutes 1971, Section 275.53, Subdivision 1, is amended to read:

275.53. [GOVERNING CENSUS.] Subdivision 1. For the purpose of determining the amount of tax that a governmental subdivision may levy in accordance with a per capita limitation established by this chapter, the population of the governmental subdivision shall be that established by the last state or federal census, or by a special census taken within the entire governmental subdivision pursuant to sections 275.50 to 275.56 or to any other law, by a census taken pursuant to subdivision 2, or by a population estimate made ~~by the state health department,~~ by the metropolitan council ~~by a regional development commission,~~ by an order of the Minnesota municipal commission pursuant to section 414.01, subdivision 14, or by an estimate made pursuant to subdivision 3, whichever is the most recent *as to the stated date of count or estimate*.

Sec. 12. Minnesota Statutes 1971, Section 275.53, Subdivision 3, is amended to read:

Subd. 3. (a) In lieu of passing a resolution pursuant to subdivision 2, the governing body of a ~~municipality or town~~ *governmental subdivision* may pass by June 1 of any year a resolution containing an estimate of the current population of the subdivision. The resolution shall describe with specificity the criteria upon which the estimate is based, and shall state that the estimate is made for purposes of increasing that subdivision's tax levy pursuant to sections 275.50 to 275.56.

(b) The resolution shall then be submitted to the ~~vital statistics section of the state department of health~~ *state planning agency*. The ~~section~~ *agency* shall determine, and so inform the subdivision in writing within 30 days of receipt of the resolution, whether the criteria described therein do or do not provide a reasonable

basis for the population estimate. No determination by the ~~section~~ *agency* made pursuant to this subdivision shall constitute, nor shall it be represented as constituting, a determination of actual population.

(c) If the ~~section~~ *agency* determines that the criteria do not provide a reasonable basis for the population estimate, the resolution shall be of no effect. If the ~~section~~ *agency* determines that the criteria do provide a reasonable basis for the population estimate, the resolution shall be published at least once in a legal newspaper of general circulation in said subdivision. Said estimate may be used for computing the amount of ad valorem taxes the subdivision may levy, unless within 30 days following the publication of the resolution, 10 percent or more of the registered voters of the subdivision, or if the subdivision does not require voter registration, then 10 percent or more of its voters, who voted at the subdivision's last election, sign a petition demanding a special census, and submit the petition to the governing body of the subdivision.

(d) Attached to the petition shall be an affidavit executed by the circulator or circulators thereof, stating that he or they personally circulated the petition, the number of signatures thereon, that all signatures were affixed in his or their presence and that he or they believe them to be genuine signatures of the persons whose names they purport to be. Each signature need not be notarized.

(e) Upon the receipt of a petition conforming to this subdivision, the governing body shall pass a resolution requesting the secretary of state to take a special census of the governmental subdivision. The census shall be taken and financed pursuant to the provisions of subdivision 2. Any population estimate made by the governing body of any governmental subdivision shall be superseded by any subsequent state or federal census taken pursuant to sections 275.50 to 275.56 or any other law, or by a population estimate made by the ~~state health department, the metropolitan council or a regional development commission~~. The governing body of a governmental subdivision may not avail itself of the provisions of this subdivision during any year for which any state or federal census has been taken or for which the ~~state health department, the metropolitan council or a regional development commission~~ has made a population estimate of the subdivision.

(f) ~~In the event of any variance in population certified, the governmental subdivision by resolution shall choose from among the population estimates the figure which shall be governing for purposes of sections 275.50 to 275.56.~~

Sec. 13. Minnesota Statutes 1971, Section 275.55, is amended to read:

275.55 [STATE REVIEW AND REGULATION OF LEVIES.] The ~~state auditor and the commissioner of taxation, or their~~ *his* designees, shall establish procedures by which levies of all governmental units shall be periodically reviewed. The commissioner shall

be empowered to order withholding of state aids where such penalties are authorized by law, ~~to order the reduction of current or future levies where levy limitations have been exceeded,~~ to issue, in accordance with chapter 15, rulings interpreting sections 275.50 to 275.56, and to take such other administrative actions as he deems necessary in order to carry out the provisions of sections 275.50 to 275.56. *If the commissioner of taxation takes administrative action or any other action authorized by this section to enforce the provisions of sections 275.50 to 275.56, he shall give written notice of such action to the governmental subdivision affected. Such notice shall specify the actual or impending violations by the governmental subdivision of sections 275.50 to 275.56 or the rules and regulations of the department of taxation pertaining thereto, describe the corrective action required, including, in the case of an excess levy, reduction of the governmental subdivision's levy in the next succeeding levy year in an amount equal to the amount of the excess levy, set a reasonable period of time within which the governmental subdivision shall correct the specified actual or impending violations and caution the governmental subdivision that if the specified correction is not made within the time allowed, the state aids to the governmental subdivision pursuant to sections 477A.01 and 298.282, as amended, will be reduced as provided in section 275.51, subdivision 4. The time period first allowed for correction may be extended by the commissioner if he finds a reasonable basis for delay. County auditors, in addition to duties otherwise provided by law, shall cooperate with the commissioner and auditor in establishing such procedures and enforcing the provisions of sections 275.50 to 275.56.*

Sec. 14. Minnesota Statutes 1971, Chapter 275, is amended by adding a section to read:

[275.551] [LEVY LIMITATIONS REVIEW BOARD.] *A levy limitations review board is hereby created to resolve questions concerning administrative interpretation of sections 275.50 to 275.56 that require review and to hear appeals by governing bodies of governmental subdivisions who disagree with the administrative rulings issued by the commissioner of taxation pursuant to section 275.55.*

The members of the review board shall be the commissioner of taxation, the chairman of the municipal commission and one public member appointed by the governor, by and with the approval of the senate, for a four year term which shall begin February 15 and continue until his successor is duly appointed and qualifies. The first public member, however, shall be appointed for a term ending February 15, 1975. A vacancy in the office of the public member of the board shall be filled by the governor, with the advice and consent of the senate, for the unexpired term. The governor may remove the public member at any time for good cause shown, after notice and hearing.

The public member shall be a citizen of the state who is knowledgeable in finance and local government. The public member shall not, at the time he is a member of the board, hold any other public office, or be employed by or represent a governmental subdivision,

or have any personal financial interest in any contract with a governmental subdivision, or serve in any capacity where a conflict of interest could arise. The public member shall receive as compensation for his services the amount of \$35 for each day or fraction thereof spent in attending meetings of the board or in performing other duties required by law, and shall be reimbursed for actual and necessary expenses incurred in the performance of his duties.

Sec. 15. Minnesota Statutes 1971, Chapter 275, is amended by adding a section to read:

[275.552] [CONTESTED CASES; HEARING, NOTICE, EVIDENCE, DECISIONS, ORDERS.] *The governing body of a governmental subdivision to whom a notice pursuant to section 275.55 is given may by a majority vote of the whole governing body decide to dispute the commissioner's administrative action. Notice of such decision must be given the commissioner within 30 days of the issuance of the commissioner's notice, or else the commissioner's decision is final and not subject to the review of the levy limitations review board. Upon receipt of a notice from a governmental subdivision within the time allowed, disputing the commissioner's administrative action, the commissioner shall conduct further investigation of the disputed issues of fact as he deems necessary. If the commissioner continues to adhere to his previous notice, the governing body of the governmental subdivision shall be entitled to a hearing before the levy limitations review board. The board shall set a time and place for the hearing and notice shall be given by mail to the governing body of the governmental subdivision. The board shall adopt rules governing the proceedings for hearings which shall afford all interested parties the opportunity to present evidence and arguments with respect to the contested issues of fact. The decision of the board shall be in writing, and shall state in detail the basis and reason for each conclusion upon each contested issue of fact. A copy of the decision and order together with the detailed reasons shall be delivered or mailed to the governmental subdivision or its attorney of record. The decision of the levy limitations review board under this section may be reviewed on certiorari by the district court of the county wherein the governmental subdivision, or any part thereof, is located.*

Sec. 16. Minnesota Statutes 1971, Chapter 275, is amended by adding a section to read:

[275.58] [ELECTIONS TO INCREASE LEVY.] *Subdivision 1. Notwithstanding the provisions of sections 275.50 to 275.56, but subject to other law or charter provisions establishing per capita, mill or other limitations on the amount of taxes that may be levied, the levy of a governmental subdivision, as defined by section 275.50, subdivision 1, may be increased above the limitation imposed by sections 275.50 to 275.56 in any per capita or dollar amount which is approved by the majority of voters of the governmental subdivision voting on the question at a general or special election. When the governing body of the governmental subdivision resolves to increase the levy of the governmental subdivision pursuant to this section, it shall provide for submission of the proposition of an increase in the levy limit base per capita or the*

proposition of an additional levy, as the case may be, at a general or special election. Notice of such election shall be given in the manner required by law. If the proposition is for an adjustment to the governmental subdivision's levy limit base per capita, increasing the levy limit base per capita over the per capita amount established pursuant to section 275.51, subdivision 3, such notice shall state the purpose of such per capita adjustment and the per capita amount of such adjustment. If the proposition is for an additional levy, such notice shall state the purpose and maximum yearly amount of such additional levy.

Subd. 2. A levy limit base per capita adjustment approved pursuant to subdivision 1 at a general or special election held prior to October 1 in any levy year increases the levy limit base per capita in that same levy year by the approved per capita amount and provides a permanent adjustment to the levy limit base per capita of the governmental subdivision for future levy years. A levy limit base per capita adjustment approved pursuant to subdivision 1 at a general or special election held after September 30 in any levy year shall not increase the levy limit base per capita in that same levy year but shall provide a permanent adjustment to the levy limit base per capita of the governmental subdivision for future levy years.

Subd. 3. An additional levy approved pursuant to subdivision 1 at a general or special election held prior to October 1 in any levy year may be levied in that same levy year and in any levy years thereafter. An additional levy approved pursuant to subdivision 1 at a general or special election held after September 30 in any levy year shall not be levied in that same levy year, but may be levied in the subsequent levy year and in levy years thereafter.

Subd. 4. An additional levy approved by the majority of the voters of the governmental subdivision pursuant to subdivision 1 is over and above the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 and shall not be subject to the penalty provisions of section 275.51, subdivision 4. A levy limit base per capita adjustment approved by the majority of the voters of the governmental subdivision pursuant to subdivision 1 is a permanent adjustment to the levy limit base per capita established pursuant to section 275.51, subdivision 3, and shall not be subject to the penalty provisions of section 275.51, subdivision 4.

Subd. 5. Notwithstanding any statute, special law, ordinance or charter provision to the contrary, it shall require approval of a majority of those voting on the question to pass a referendum pursuant to subdivision 1.

Subd. 6. Notwithstanding any statute, special law, ordinance or charter provision to the contrary, the governing body of a governmental subdivision may call and hold special elections pursuant to this section.

Sec. 17. Minnesota Statutes 1971, Chapter 275, is amended by adding a section to read:

[275.59] [GOVERNMENTAL SUBDIVISIONS UNDER 500 POPULATION; EXEMPTION FROM LEVY LIMITS.] *Commencing with levy year 1973 and thereafter, taxes payable in 1974 and thereafter, the provisions of sections 275.50 to 275.56 shall not apply to any city, village, borough or town with village powers whose population according to the latest state or federal census is under 500.*

Sec. 18. Minnesota Statutes 1971, Section 414.01, is amended by adding a subdivision to read:

Subd. 15. When a commission order enlarges an existing municipality or creates a new municipality, the commission shall indicate in its order the estimated increased costs to such municipality as the result of such annexation or consolidation, and the time period that such municipality would be allowed a special levy for these increased costs pursuant to section 275.50, subdivision 5, clause (s). This subdivision shall apply to annexations or consolidations of municipalities in levy year 1971 or a subsequent levy year.

ARTICLE V

Section 1. Minnesota Statutes 1971, Section 287.12, is amended to read:

287.12 [TAXES, HOW APPORTIONED.] All taxes paid to the county treasurers under the provisions of sections 287.01 to 287.12 shall be apportioned, ~~one-sixth~~ 95 percent to the general fund of the state, ~~one-sixth~~ and five percent to the county revenue fund ; and ~~the balance to be divided equally between the school district and the city, village, or town in which the real estate described in the mortgage is situated. Where the amount determined to be apportionable in any instance to any given school district, city, village or town is less than \$1, such amount shall be retained in the county revenue fund .~~

Sec. 2. *The provisions of this article shall be effective for all payments required to be made after December 31, 1973.*

ARTICLE VI

Section 1. Minnesota Statutes 1971, Section 290.081, is amended to read:

290.081 [INCOME OF NONRESIDENTS, RECIPROCITY.]

(a) The compensation received for the performance of personal or professional services within this state by an individual who resides and has his place of abode and place to which he customarily returns at least once a month in another state, shall be excluded from gross income to the extent such compensation is subject to an income tax imposed by the state of his residence; provided that such state allows a similar exclusion of compensation received by residents of Minnesota for services performed therein, or

(b) Whenever a nonresident taxpayer has become liable for

income taxes to the state where he resides upon his net income for the taxable year derived from the performance of personal or professional services within this state and subject to taxation under chapter 290, there shall be allowed as a credit against the amount of income tax payable by him under this chapter, such proportion of the tax so paid by him to the state where he resides as his gross income subject to taxation under this chapter bears to his entire gross income upon which the tax so paid to such other state was imposed; provided, that such credit shall be allowed only if the laws of such state grant a substantially similar credit to residents of this state subject to income tax under such laws, or

(c) If any taxpayer who is a resident of this state, or a domestic corporation or corporation commercially domiciled therein, has become liable for taxes on or measured by net income to another state upon income derived from the performance of personal or professional services within such other state and subject to taxation under this chapter he or it shall be entitled to a credit against the amount of taxes payable under this chapter, of such proportion thereof, as such gross income subject to taxation in such state bears to his entire gross income subject to taxation under this chapter; provided (1) that such credit shall in no event exceed the amount of tax so paid to such other state on the gross income earned within such other state and subject to taxation under this chapter, and (2) that such credit shall not be allowed if such other state allows residents of this state a credit against the taxes imposed by such state for taxes payable under this chapter substantially similar to the credit provided for by paragraph (b) of this section, and (3) the allowance of such credit shall not operate to reduce the taxes payable under this chapter to an amount less than would have been payable if the gross income earned in such other state had been excluded in computing net income under this chapter.

(d) The commissioner shall by regulation determine with respect to gross income earned in any other state the applicable clause of this section. *When it is deemed to be in the best interests of the people of this state, the commissioner may determine that the provisions of clause (a) shall not apply.*

(e) "Tax So Paid" as used in this section means taxes on or measured by net income payable to another state on income earned within the taxable year for which the credit is claimed, provided that such tax is actually paid in that taxable year, or subsequent taxable years.

(f) *For the purposes of clause (a), whenever the Wisconsin tax on Minnesota residents which would have been paid Wisconsin without clause (a) exceeds the Minnesota tax on Wisconsin residents which would have been paid Minnesota without clause (a), or vice versa, then the state with the net revenue loss resulting from clause (a) shall receive from the other state the amount of such loss. This provision shall be effective for all years beginning after December 31, 1972. The data used for computing the loss to either state shall be determined on or before September 30 of the year following the close of the previous calendar year.*

If an agreement cannot be reached as to the amount of the loss, the commissioner of taxation and the taxing official of the state of Wisconsin shall each appoint a member of a board of arbitration and these members shall appoint the third member of the board. The board shall select one of its members as chairman. Such board may administer oaths, take testimony, subpoena witnesses, and require their attendance, require the production of books, papers and documents, and hold hearings at such places as are deemed necessary. The board shall then make a determination as to the amount to be paid the other state which determination shall be final and conclusive.

ARTICLE VII

Section 1. Minnesota Statutes 1971, Section 290.17, is amended to read:

290.17 [GROSS INCOME, ALLOCATION TO STATE.] Items of gross income shall be assigned to this state or other states or countries in accordance with the following principles:

(1) The entire income of all resident or domestic taxpayers from compensation for labor or personal services, or from a business consisting principally of the performance of personal or professional services, shall be assigned to this state, and the income of non-resident taxpayers from such sources shall be assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources shall be treated as income from sources without this state;

(2) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state. Income and gains received from tangible property not employed in the business of the recipient of such income or gains, and from tangible property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, shall be assigned to this state if such property has a situs within it, and to other states only if it has no situs in this state. Income or gains from intangible personal property not employed in the business of the recipient of such income or gains, and from intangible personal property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, wherever held, whether in trust, or otherwise, shall be assigned to this state if the recipient thereof is domiciled within this state; income or gains from intangible personal property wherever held, whether in trust or otherwise shall be assigned to this state if the recipient of such income or gains is domiciled within this state, or if the grantor of any trust is domiciled within this state and such income or gains would be taxable to such grantor under sections 290.28 or 290.29;

(3) Income derived from carrying on a trade or business, including in the case of a business owned by natural persons the income imputable to the owner for his services and the use of his

property therein, shall be assigned to this state if the trade or business is conducted wholly within this state, and to other states if conducted wholly without this state. This provision shall not apply to business income subject to the provisions of clause (1);

(4) When a trade or business is carried on partly within and partly without this state, the entire income derived from such trade or business, including income from intangible property employed in such business and including, in the case of a business owned by natural persons, the income imputable to the owner for his services and the use of his property therein, shall be governed, except as otherwise provided in sections 290.35 and 290.36, by the provisions of section 290.19, notwithstanding any provisions of this section to the contrary. This shall not apply to business income subject to the provisions of clause (1). *For the purposes of this clause, a trade or business located in Minnesota is carried on partly within and partly without this state if tangible personal property is sold by such trade or business and delivered or shipped to a purchaser located outside the state of Minnesota.*

In determining whether or not intangible property is employed in a unitary business carried on partly within and partly without this state so that income derived therefrom is subject to apportionment under section 290.19 the following rules and guidelines shall apply.

(a) Intangible property is employed in a business if the business entity owning intangible property holds it as a means of furthering the business operation of which a part is located within the territorial confines of this state.

(b) Where a business operation conducted in Minnesota, is owned by a business entity which carries on business activity outside of the state different in kind from that conducted within this state, and such other business is conducted entirely outside the state, it will be presumed that the two business operations are unitary in nature, interrelated, connected and interdependent unless it can be shown to the contrary.

(5) All other items of gross income shall be assigned to the taxpayer's domicile.

If the commissioner finds that the taxpayer maintains an office, warehouse or other places of business outside the state for the purpose of reducing its tax under this section it shall in determining the amount of taxable net income include therein the proceeds of sales attributed by the taxpayer to the business conducted at such place outside the state .~~

Sec. 4. *The provisions of this article shall be effective for all payments required to be made after August 15, 1973.*

ARTICLE XII

Section 1. *The significant increase in ad valorem taxes in recent years is a major concern of the legislature in view of the impact of such increases upon all economic groups within the state, but with particular emphasis upon certain home owners, renters and farmers. The legislature attributes this steadily increasing property tax burden to the rising costs of local government, increased school and welfare expenditures, and a continuing and strong inflationary effect on real property values.*

In Extra Session Laws 1971, Chapter 31, Article XIII, the legislature created a tax study commission to examine Minnesota's total tax structure as its equity and distribution methods relate to the general economic needs and development of the state, the special needs of employment and job opportunity and the revenue needs and sources of revenue available to the state and to its political subdivisions.

The tax study commission is herewith directed to focus particular attention on the process of assessing and classifying real and personal property for ad valorem tax purposes, in order that the legislature may be able to achieve a reasonable balance between the total revenue requirements of the state and its political subdivision and that portion of such revenues that should be raised by property taxes.

No appropriation is made for the purposes of this article, as funds are being made available to the tax study commission in other sections of the law.

ARTICLE XIII

Section 1. *Minnesota Statutes 1971, Section 297A.14, is amended to read:*

Motor vehicles subject to tax under this section shall be taxed at the fair market value at the time of transport into Minnesota if such motor vehicles were acquired more than three months prior to its transport into this state.

Sec. 12. Minnesota Statutes 1971, Section 477A.01, Subdivision 13, is amended to read:

Subd. 13. In ~~1973~~ 1975 ~~\$20~~ \$37 shall be multiplied times the population of the seven counties named in subdivision 7. The distributions pursuant to subdivisions 8 and 9 shall be subtracted from the product of that calculation.

Sec. 13. Minnesota Statutes 1971, Section 477A.01, Subdivision 14, is amended to read:

Subd. 14. ~~The city of Minneapolis and the city of St. Paul shall receive a distribution of the balance remaining after the calculation provided by subdivision 13 shall be divided among the cities, villages, boroughs and towns in the proportion that the dollar amount of the levy limitation and special levies of each for taxes payable in 1971 1974 bears to the dollar amount of the levies levy~~

limitations and special levies of all cities, villages, boroughs and towns in the seven named counties. For purposes of this subdivision the levy limitation of a city, village, borough or town with village powers for taxes payable in 1974 shall be the limitation established for such governmental unit pursuant to Minnesota Statutes, Sections 275.50 to 275.56, as determined by the department of taxation. For the purposes of this subdivision, the special levies of a city, village, borough or town with village powers for taxes payable in 1974 shall be the amounts of the governmental unit's tax levy payable in 1974 which the department of taxation determines to be qualified special levies pursuant to Minnesota Statutes, Section 275.50, Subdivision 5, before the reduction pursuant to Minnesota Statutes 1971, Section 477A.02, Clause (c). Furthermore, cities, villages, boroughs, and towns with village powers under 500 population, according to the latest state or federal census, and towns without village powers, shall receive distributions in 1975, pursuant to this subdivision, based on their levies payable in 1974.

Sec. 14. Minnesota Statutes 1971, Section 477A.01, Subdivision 16, is amended to read:

Subd. 16. *If the amount distributed to a city, village, borough or town in 1972 or 1973 in the seven named counties pursuant to this section, is less than it was entitled to receive in 1971 pursuant to Minnesota Statutes 1969, Sections 273.60 and 297A.51 to 297A.60, the amount shall be raised to the amount distributed in 1971 and the distributions to each of the other cities, villages, boroughs and towns shall be proportionately reduced as necessary to supply the difference.*

(a) The department of taxation shall calculate the aggregate of the following aids (before adjustments for prior year aid payments) for each city, village, borough, town, and county government within the territory specified in subdivision 7:

(1) 1973 local government aids pursuant to Minnesota Statutes 1971, Section 477A.01;

(2) 1973 cigarette tax distribution aids pursuant to Minnesota Statutes 1971, Section 297.13;

(3) 1973 liquor tax distribution aids pursuant to Minnesota Statutes 1971, Section 340.60;

(4) The November 30, 1972 and May 31, 1973 distribution of bank excise tax aids pursuant to Minnesota Statutes 1971, Section 290.361;

(5) Fifty percent of the 1973 inheritance tax distribution to counties pursuant to Minnesota Statutes 1971, Section 291.33;

(6) Seventy percent of the amount county governments were entitled to receive and 100 percent of the amount city, village, borough and town governments were entitled to receive in 1973 pursuant to Minnesota Statutes 1971, Section 287.12;

(7) 1973 gross earnings aids to cities, villages, towns and coun-

ties pursuant to Minnesota Statutes 1971, Sections 276.15 to 276.18; 368.39 to 368.42; 373.20 to 373.24.

(b) If the amount distributed to a city, village, borough, town, or county in 1974 or 1975 in the seven named counties pursuant to this section is less than the aggregate of aids for such county, city, village, borough, or town as calculated by the department of taxation pursuant to clause (a), the amount distributed to it shall be raised to the amount for such county, city, village, borough or town as calculated by the department of taxation pursuant to clause (a), and the distributions to each of the other counties, cities, villages, boroughs and towns shall be proportionately reduced as necessary to supply the difference.

Sec. 15. Minnesota Statutes 1971, Section 477A.01, Subdivision 17, is amended to read:

Subd. 17. The commissioner of taxation shall make all necessary calculations based on the 1970 federal census and make payments directly to the affected taxing authorities in four equal parts on March 15, July 15, September 15, and November 15 in ~~1972~~ 1974 and ~~1973~~ 1975.

Sec. 16. ARTICLE XVIII

Section 1. Minnesota Statutes 1971, Section 290.0601, Subdivision 6, is amended to read:

Subd. 6. [CLAIMANT.] Claimant means a person who has filed a claim under sections 290.0601 to ~~290.0617~~ 290.0618, has attained either the age of 65 or was a recipient of "supplementary security income for the aged, blind, and disabled" provided under the social security amendments of 1972 (P.L. 92-603) during the calendar year for which the claim is filed, and was domiciled in this state during the entire calendar year for which the claim for relief under sections 290.0601 to ~~290.0617~~ 290.0618 was filed. In the case of claim for rent constituting property taxes accrued the claimant shall have rented property during any part of the calendar year for which he files claim for relief under sections 290.0601 to ~~290.0617~~ 290.0618. When two individuals are able to meet the qualifications for a claimant and are husband and wife, they may determine between them as to which of the two the claimant shall be. If they are unable to agree the matter shall be referred to the commissioner of taxation and his decision shall be final. When a homestead is occupied by two or more individuals and more than one such individual is able to qualify as a claimant, and some or all such

qualified individuals are not related as determined under subdivision 3, each such individual may be a claimant, provided he meets the requirements therefor. Each such claimant shall use only the rent constituting property taxes or property taxes accrued paid by him.

Sec. 2. Minnesota Statutes 1971, Section 290.0601, Subdivision 9, is amended to read:

Subd. 9. [PROPERTY TAXES ACCRUED.] Property taxes accrued means the net property tax after deducting the credit allowed by Minnesota Statutes 1967, Section 273.13, Subdivisions 6 and 7, (exclusive of special assessments, delinquent interest and charges for service) levied on a claimant's homestead in 1967 or any calendar year thereafter pursuant to Minnesota Statutes 1965, Chapters 272 and 273. When a homestead is owned by two or more persons or entities as joint tenants or tenants in common and one or more persons or entities is not a member of claimant's household, "property taxes accrued" is that part of property taxes levied on such homestead as reflects the ownership percentage of the claimant and his household. For purposes of this paragraph property taxes are "levied" when the tax roll is delivered to the local treasurer for collection. The local treasurer will include with the tax bill a statement that if the owner of the property is 65 years of age or over, or was a recipient of "supplementary security income for the aged, blind, and disabled" under the social security amendments of 1972 (P.L. 92-603), he may be eligible for the credit allowed by sections 290.0601 to ~~290.0617~~ 290.0618. When a claimant and his household own their homestead part of the preceding calendar year and rent the same or a different homestead for part of the same year "property taxes accrued" means only taxes levied on the homestead when both owned and occupied as such by claimant and his household at the time of the levy, multiplied by the percentage of 12 months that such property was owned and occupied by such household as its homestead during the preceding year. When a household owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall relate only to that property occupied by the household as a homestead on the levy date. Whenever a homestead is an integral part of a farm, the claimant may use the total property taxes accrued for the larger unit, but not exceeding 80 acres of land, as described in section 273.13, subdivision 6, except as the limitations of section 290.0608 apply. For the purpose of sections 290.0601 to ~~290.0617~~ 290.0618, the "unit" refers to that parcel of property covered by a single tax statement of which the homestead is a part.

Sec. 3. Minnesota Statutes 1971, Section 290.061, is amended to read:

290.061 [PROOF OF CLAIM.] Every claimant under sections 290.0601 to ~~290.0617~~ 290.0618 shall supply to the department of taxation, in support of his claim, reasonable proof of age, proof of "supplementary security income for the aged, blind, and disabled" received, rent paid, name and address of owner or managing agent of property rented, property taxes accrued, changes of homestead,

household membership, household income, size and nature of property claimed as the homestead and a statement that the property taxes accrued, used for purposes of sections 290.0601 to 290.0617 290.0618 have been or will be paid by him and that there are no delinquent property taxes on the homestead.

Sec. 4. *This article is effective January 1, 1974, and shall apply to property taxes and rent constituting property taxes accrued in 1973 and subsequent years.*

ARTICLE XIX

Section 1. *Subdivision 1. As used in this article the term "person" shall include any individual, firm, trust, estate, partnership, association, joint stock company, or corporation, or any representative appointed by order of any court.*

Sec. 6. *As soon as practicable after receiving such report, the commissioner shall examine the same to determine its correctness or validity. If the commissioner shall determine that the tax as paid by such person is less than that properly due and owing he shall immediately notify such person of the amount of tax he has found due and owing. The tax as found due and owing shall be paid by the person so notified within 30 days of the date of the mailing of the notice by the commissioner. If the commissioner shall find that the tax as paid by such person is in excess of that properly due and owing, such excess shall be a credit against any future liability incurred under this article.*

Sec. 7. *If any person required to file a report under this article and pay a tax under this article shall fail to do so within the time prescribed, the commissioner shall notify such person of such failure and such person shall, within 30 days of the mailing of the notice by the commissioner, file such report and pay such tax. If*

such person, after such notification, shall fail to make such report and pay such tax the commissioner shall, from such information as he may possess, make a report for such person and assess a tax on the basis of such report. The tax as assessed by the commissioner under this section shall be paid within 30 days after mailing of a notice of the amount due by the commissioner to such person.

Sec. 8. Subdivision 1. Any person who fails to file a report required by this article and pay the tax imposed by this article at the time prescribed, shall be subject to a specific penalty of ten percent of the tax found to be due.

Subd. 2. Any person who fails to pay the tax imposed by this article on or before April 15 of the year following the year in which the gross proceeds or gross receipts are realized shall be subject to a penalty of one percent per month until such tax is paid.

Subd. 3. Any person who willfully fails to file a report required by this article shall be guilty of a gross misdemeanor.

Sec. 9. The commissioner shall administer and enforce the assessment and collection of this tax. He may from time to time publish and distribute rules and regulations in enforcing its provisions. The commissioner shall have authority and power to prescribe for all persons liable for tax under this article a uniform method of accounting their gross receipts and gross proceeds subject to tax herein. Every person liable for tax imposed by this article shall keep such records, render such statements, make such returns, and comply with such regulations, as the commissioner may from time to time prescribe. Any such report or statement shall include therein the information required by such regulations and by the forms prescribed by the commissioner. For the purpose of determining compliance with the provisions of this article, the commissioner shall have power to examine, or cause to be examined, any books, papers, records, or memoranda relevant to making such determination, whether such books, papers, records, or memoranda are the property of or in the possession of such person or any other person or corporation. The commissioner shall further have power to require the attendance of any persons having knowledge or information in the premises, to compel the production of books, papers, records, or memoranda by persons so required to attend, to take testimony on matters material to such determination, and to administer oaths or affirmations.

Sec. 10. Any tax or any penalty imposed by this article may be collected by an ordinary action at law which shall be brought in the name of the state. Any report made by the commissioner pursuant to this article, or any modification of tax made by the commissioner pursuant to this article, shall, in all courts of this state for all purposes be prima facie evidence of the correctness and validity of the gross receipts or gross proceeds reflected therein and of such tax and penalties and the liability of the person notified therefor.

Sec. 11. The proceeds of the tax imposed by this article shall be deposited in the general fund of this state.

Sec. 12. *This article shall apply to all gross receipts or gross proceeds realized after December 31, 1973.*

Said payments shall be transmitted to the county auditor of each county, to be placed to the credit of the county revenue fund. It shall be the duty of the state treasurer to pay warrants therefor out of any funds in the state treasury not otherwise appropriated. The moneys necessary to pay such warrants are hereby appropriated out of any moneys in the state treasury not otherwise appropriated.

Sec. 2. *After November 1, 1973, no adjustments shall be made to the distributions resulting from the commissioner's November 1, 1973 determination or to the distributions required to have been made in prior years pursuant to Minnesota Statutes, Section 291.33. Any amounts appropriated for this purpose shall lapse after November 1, 1973 and shall revert to the general fund.*

Sec. 3. *The provisions of this article shall be effective for all payments required to be made in 1973 and years thereafter.*

ARTICLE XXI

Section 1. Minnesota Statutes 1971, Chapter 272, is amended by adding a section to read:

[272.039] [LEGISLATIVE FINDINGS AND CONCLUSIONS RELATED TO THE TAXATION OF MINERALS OWNED SEPARATELY FROM THE SURFACE.] *The legislature finds, for the reasons stated below, that a class of real property has been created which, although not exempt from taxation, is not assessed for tax purposes and does not, therefore, contribute anything toward the cost of supporting the governments which protect and preserve the continued existence of the property. These reasons are as follows: (1) In the case of Washburn v. Gregory, 1914, 125 Minn. 491, 147 N.W. 706, the Minnesota Supreme Court determined that where mineral interests are owned separately from the surface interests in real estate, the mineral interest is a separate interest in land, separately taxable, and does not forfeit if the overlying surface interest forfeits for nonpayment of taxes due on the surface interest; (2) Since this 1914 decision, mineral interests owned separately from the surface have been valued and assessed for tax purposes, as a practical matter, only if the value of the minerals has been determined through drilling and drill core analysis; and (3) The absence of any taxation of mineral interests owned separately from the surface, except where drilling analysis is available, has encouraged the separation of ownership of surface*

*and mineral estates and resulted in the creation of hundreds of thousands of acres of untaxed mineral estate lands which thus are immune from tax forfeiture. The legislature also finds that the province of Ontario in Canada, which has land ownership patterns and mineral characteristics similar to that of Minnesota, has imposed a tax of \$.50 an acre on minerals owned separately from the surface since 1968, and \$.10 an acre before that. The legislature further finds that the identification of separately owned mineral interests by taxing authorities requires title searches which are extremely burdensome and, where no public tract index is available, prohibitively expensive. This result is caused in part by the decision in *Wichelman v. Messner*, 1957, 250 Minn. 88, 83 N.W. (2d) 800, where the so called "40 year law" was held inapplicable to mineral interests owned separately from surface interests. On the basis of the above findings, and for the purpose of requiring mineral interests owned separately from surface interests to contribute to the cost of government at a time when other interests in real property are heavily burdened with real property taxes, the legislature concludes that the taxation of severed mineral interests as provided in section 3 of this article is necessary and in the public interest, and provides fair taxation of a class of real property which has escaped taxation for many years. The legislature further concludes that such a tax is not prohibited by Minnesota Constitution, Article 18. The legislature concludes finally that the amendments and repeals made by this act to Minnesota Statutes, Sections 93.52 to 93.58, are necessary to provide adequate identification of mineral interests owned separately from the surface and to prevent the continued escape from taxation of obscure and fractionalized severed mineral interests.*

Sec. 2. Minnesota Statutes 1971, Section 272.04, Subdivision 1, is amended to read:

272.04 [MINERAL, GAS, COAL, AND OIL OWNED APART FROM LAND; SPACE ABOVE AND BELOW SURFACE.] Subdivision 1. When any mineral, gas, coal, oil, or other similar interests in real estate are owned separately and apart from and independently of the rights and interests owned in the surface of such real estate, such mineral, gas, coal, oil, or other similar interests may be assessed and taxed separately from such surface rights and interests in such real estate, including but not limited to the taxation provided in section 3 of this act, and may be sold for taxes in the same manner and with the same effect as other interests in real estate are sold for taxes.

Sec. 3. Minnesota Statutes 1971, Section 273.13, is amended by adding a subdivision to read:

Subd. 2a. [CLASS 1b.] "Mineral interest", for the purpose of this subdivision, means an interest in any minerals, including but not limited to gas, coal, oil, or other similar interest in real estate, which is owned separately and apart from the fee title to the surface of such real property. Mineral interests which are filed for record in the offices of either the register of deeds or registrar of titles pursuant to Minnesota Statutes, Sections 93.52 to 93.58, constitute class 1b, and shall be taxed as provided in this subdivi-

sion unless specifically excluded by this subdivision. A tax of \$.50 per acre or portion of an acre of mineral interest is hereby imposed and is due and payable annually. If an interest filed pursuant to sections 93.52 to 93.58 is a fractional undivided interest in an area, the tax due on the interest per acre or portion of an acre is equal to the product obtained by multiplying the fractional interest times \$.50, computed to the nearest cent. However, the minimum annual tax on any mineral interest is \$2. No such tax on mineral interests is due and payable on the following: (a) Mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests; (b) Mineral interests which are exempt from taxation pursuant to constitutional or related statutory provisions. Tax money received under this subdivision shall be apportioned to the taxing districts included in the area taxed in the same proportion as the surface interest mill rate of a taxing district bears to the total mill rate applicable to surface interests in the area taxed. The tax imposed by this subdivision is not included within any limitations as to rate or amount of taxes which may be imposed in an area to which the tax imposed by this subdivision applies. The tax imposed by this subdivision shall not cause the amount of other taxes levied or to be levied in the area, which are subject to any such limitation, to be reduced in any amount whatsoever. The tax imposed by this section is effective for taxing years beginning January 1, 1975. Twenty percent of the revenues received from the tax imposed by this section shall be distributed under the provisions of section 4.

Sec. 4. Subdivision 1. For purposes of this section the following terms shall have the meanings ascribed to them herein.

Subd. 2. "Indian" means a person of one-quarter or more Indian blood.

Subd. 3. "Census" means the most recent census taken by the Minnesota department of manpower services.

Subd. 4. "Reservation residents" means Indians living on reservations at the time of the census.

Subd. 5. "Nonreservation residents" means Indians living off reservations in Minnesota at the time of the census, and who are enrolled members of a Minnesota-based tribe or band.

Subd. 6. "Person" means an individual Indian, or a partnership comprising Indians only, or a corporation whose stock is owned wholly by Indians.

Subd. 7. "Tribal council" means the reservation business committee or equivalent duly constituted tribal authority.

Subd. 8. The remaining 20 percent of the tax revenue received by the county auditor under section 3 shall be remitted by the county auditor to the state treasurer and shall be deposited in the general fund in special accounts identified as "reservation residents loan accounts" and a "nonreservation residents loan account." The amount to be credited to each reservation residents loan account shall be that percentage of the amount received from all the counties pursuant to subdivision 8 as the number of Indians

living on such reservation bears to all the Indians in Minnesota, according to the census. The amount remaining shall be credited to the nonreservation residents loan account. The amounts credited to each of these special accounts shall be used solely for making loans to Indians, in the manner provided by subdivisions 9 and 10.

Subd. 9. A reservation resident, desiring to make a loan for the purpose of starting a business enterprise or expanding a going business, shall make application to the state department of economic development. The department shall prescribe the necessary forms, and advise the prospective borrower as to the condition under which his application may be expected to receive favorable consideration. Thereafter the application shall be forwarded to the tribal council, which is empowered either to approve or reject the application. If the application is approved, the tribal council shall forward the application, together with all relevant documents pertinent thereto, to the state auditor, who shall draw his warrant in favor of the tribal council with appropriate notations identifying the borrower. The tribal council shall thereafter reimburse suppliers and vendors for purchases of equipment, real estate and inventory made by the borrower pursuant to the conditions or guidelines established by the state department of economic development. The tribal council shall maintain records of transactions for each borrower in a manner consistent with good accounting practice. Simple interest at two percent of the amount of the debt owed shall be charged. When any portion of a debt is repaid, the tribal council shall remit the amount so received plus interest paid thereon to the state treasurer. The amount so received shall be credited to such reservation residents loan account. The tribal council shall secure a bond from a surety company, in favor of the state treasurer, in an amount equal to the maximum amount to the credit of such reservation residents loan account during the fiscal year. Ten percent of the total amount made available to any tribal council during the fiscal year shall be paid to such council prior to December 31 for the purpose of financing administrative costs.

Subd. 10. A nonreservation resident desiring to make a loan for the purpose of starting a business enterprise or expanding a going business shall make application to the state department of economic development, on forms prescribed by the department. The department is empowered to either accept or reject the application, based upon guidelines and conditions essentially similar to those used for the purpose of recommending approval or rejection of reservation residents by the tribal council under subdivision 9 of this section. If the application is approved by the state department of economic development, the department shall forward the application, together with all the relevant documents pertinent thereto, to the state auditor, who shall draw his warrant in favor of the commissioner of economic development, with appropriate notations identifying the borrower. The department of economic development shall thereafter reimburse suppliers and vendors for purchases of equipment, real estate and inventory made by the borrower pursuant to the conditions or guidelines established by the department. The department of economic development shall main-

tain records of transactions for each borrower in a manner consistent with good accounting practice. Simple interest at two percent shall be charged. When any portion of a debt is repaid, the department of economic development shall remit the amount so received plus interest paid thereon to the state treasurer. The amount so received shall be credited to the nonreservation residents loan account.

Subd. 11. Loans made under subdivisions 9 and 10 shall be limited to a period of 20 years, if made for the purpose of financing nonreal estate purchases. Loans made for the purpose of financing real estate purchases, where such real property is to be used for nonresidential purposes only, shall be limited to a period of 40 years, and shall be a lien on the real property so acquired.

Subd. 12. Any person misrepresenting facts regarding the Indian ancestry of a prospective borrower for the purpose of securing a loan under subdivisions 9 and 10, whether such borrower be an individual, partnership or corporation, shall be guilty of a gross misdemeanor.

Subd. 13. The county auditor shall remit the tax revenue received yearly to the state treasurer as required by subdivision 8 no later than December 15.

Subd. 14. There is appropriated annually an amount equal to the tax revenue allotted under subdivisions 9 and 10.

Sec. 5. Minnesota Statutes 1971, Section 93.52, Subdivision 2, is amended to read:

Subd. 2. Except as provided in subdivision 3, from and after January 1, 1970, every owner of a fee simple interest in minerals, hereafter referred to as a mineral interest, in lands in this state, which interest is owned separately from the fee title to the surface of the property upon or beneath which the mineral interest exists, shall file for record in the register of deeds office or, if registered properly, in the registrar of titles office in the county where the mineral interest is located a verified statement citing sections 93.52 to 93.58 and setting forth his address, his interest in the minerals, and ~~either both~~ (1) the legal description of the property upon or beneath which the interest exists, ~~or and~~ (2) the book and page number ~~or the document number~~, in the records of the register of deeds or registrar of titles, of the instrument by which the mineral interest is created or acquired. ~~Every five years thereafter the owner, or his successor in interest, shall renew the filing of a verified statement which shall contain the information as above required.~~ No statement may be filed for record which contains mineral interests from more than one government section unless the instrument by which the mineral interest is created or acquired includes mineral interests from more than one government section. The register of deeds and registrar of titles shall file with the county auditor a copy of each document so recorded within 60 days after recording in the office of register of deeds or registrar of titles.

Sec. 6. Minnesota Statutes 1971, Section 93.55, is amended to read:

93.55 [FAILURE TO FILE OR RE-FILE.] If the owner of a mineral interest fails to file the verified statement required by section 93.52, before January 1, 1975, as to any interests owned on or before ~~September 30, 1974~~ *December 31, 1973*, or within 90 days one year after acquiring such interests as to interests acquired after ~~September 30, 1974~~ *December 31, 1973*, and not previously filed under section 93.52, or if the owner fails to re-file such verified statement within five years after the last filing, the mineral may be leased by the commissioner of natural resources as agent for the owner, his successor, and assigns, in the manner provided hereafter interest shall forfeit to the state. The owner's failure to file the verified statement is deemed consent by the owner to such leasing. Thereafter the mineral interest may be leased in the same manner as provided in Minnesota Statutes, Section 93.335, for the lease of minerals and mineral rights becoming the absolute property of the state under the tax laws, except that no permit or lease issued pursuant to this section shall afford the permittee or lessee any of the rights of condemnation provided in section 93.05, as to overlying surface interests. After the mineral interest has forfeited to the state pursuant to this section, a person claiming an ownership interest before the forfeiture may recover the fair market value of the interest, only in the following manner. An action must be commenced within six years after the forfeiture under this section to determine the ownership and the fair market value of the mineral interests in the property both at the time of forfeiture and at the time of bringing the action. The action shall be brought in the manner provided in Minnesota Statutes, Chapter 559, for an action to determine adverse claims, to the extent applicable. The person bringing the action shall serve notice of the action on the commissioner of natural resources in the same manner as is provided for service of notice of the action on a defendant. The commissioner may appear and contest the allegations of ownership and value in the same manner as a defendant in such actions. Persons determined by the court to be owners of the interests at the time of forfeiture to the state under this section may present to the state auditor a verified claim for refund of the fair market value of the interest. A copy of the court's decree shall be attached to the claim. Thereupon the state auditor shall refund to the claimant the fair market value at the time of forfeiture or at the time of bringing the action, whichever is lesser, less any taxes, penalties, costs, and interest which could have been collected during the period following the forfeiture under this section, had the interest in minerals been valued and assessed for tax purposes at the time of forfeiture under this section. There is appropriated from the general fund to the persons entitled to a refund an amount sufficient to pay the refund. The forfeiture provisions of this section do not apply to mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests, so long as a tax is imposed and no forfeiture under the tax laws is complete. However, if the mineral interest is valued under other tax laws, but no tax is imposed, the mineral

interest forfeits under this section if not filed as required by this section.

Sec. 7. Minnesota Statutes 1971, Section 93.58, is amended to read:

93.58 [PUBLICATION OF ACT.] Sections 93.52 to 93.58 , as amended or repealed by this act, together with the other sections of this 1973 act, shall be published once during the first week of each month in a legal newspaper in each county in the months of October, November, and December of the year ~~1969~~ 1973 by the commissioner of natural resources at county expense. Sections 93.52 to 93.58 also shall be published by the commissioner of natural resources at least once in ~~1969~~ 1973 in two publications related to mining activities which have nationwide circulation. ARTICLE XXII

Section 1. [GENERAL ASSISTANCE ACT; DECLARATION OF POLICY; CITATION.] *Subdivision 1. The objectives of sections 1 to 30 are to provide a sound administrative structure for public assistance programs; to maximize the use of federal funds for public assistance purposes; to provide property tax relief; and to provide an integrated public assistance program for all persons in the state without adequate income or resources to maintain a subsistence reasonably compatible with decency and health.*

It is hereby declared to be the policy of this state that persons unable to provide for themselves and not otherwise provided for by law, who meet the eligibility requirements of this article and do not refuse suitable employment, shall be entitled to receive such grants of general assistance and such services as may be necessary to maintain a subsistence reasonably compatible with decency and health. The furnishing of such assistance and services is a matter of public concern and a necessity in promoting the public health and welfare.

A principal objective in providing general assistance and services shall be to aid those persons who can be helped to become self-supporting or to attain self-care. To achieve this aim, the commissioner shall establish minimum standards of assistance for general assistance. The standard for cash payments to recipients shall be, as to shelter, 100 percent, and as to other budgetary items, 50 percent, of those established for the federally aided assistance programs; provided, however, that no general assistance payment shall exceed an amount, which when computed for the time period for which it is made, exceeds the equivalent on a weekly basis of 40 times the hourly federal minimum wage prevailing when the payment is made; and provided further that persons receiving general relief on the effective date of this article shall continue to be eligible therefor. In order to maximize the use of federal funds, the commissioner shall promulgate regulations, to the extent permitted by federal law for eligibility for the emergency assistance program, under the terms of this article for general assistance. The commissioner shall provide by regulation for the eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. The strengthening and preservation of the family unit shall be a principal consideration in the administration of this article and all general assistance policies shall be formulated and administered so as to further this objective.

Subd. 2. Sections 1 to 30 may be cited as the general assistance article.

Sec. 2. [DEFINITIONS.] Subdivision 1. The terms defined in this section shall have the meanings given them unless otherwise provided or indicated by the context.

Subd. 2. "Commissioner" means the commissioner of public welfare or his designee.

Subd. 3. "Department" means the department of public welfare.

Subd. 4. It shall include cash payments for goods, shelter, fuel, food, clothing, light, necessary household supplies, and personal need items. General assistance shall not include payments for foster care, child welfare services, medical, dental, hospitalization, nursing care, drugs, or medical supplies. It is the intent of this article that these items be provided by local agencies in accordance with programs in effect at the time of the passage of this article. Vendor payments may be made only as provided for in sections 9 and 11.

Subd. 5. "Family" means two or more individuals who are related by blood, marriage or adoption, who are living in a place or residence maintained by one or more of them as his or their own home, and at least one of whom is a child who is not married to another of such individuals and is in the care of or dependent upon another of such individuals.

Subd. 6. "Child" means an individual who is under the age of 18.

Subd. 7. "Childless couple" means two individuals who are related by marriage and who are living in a place of residence maintained by them as their own home.

Subd. 9. "Earned income" means remuneration for services performed as an employee, and net earnings from self-employment.

Subd. 10. "Unearned income" means all other income including any payments received as an annuity, retirement or disability benefit, including veteran's or workmen's compensation; old age, survivors and disability insurance; railroad retirement benefits; unemployment benefits; and benefits under any federally aided categorical assistance program, supplementary security income, or family assistance program; rents, dividends, interest and royalties; and support and alimony payments except that such payments may not be considered as available to meet the needs of any person other than the person for whose benefit they are received, unless that person is under a legal duty to support another family member.

Subd. 11. "State aid" means state aid to local agencies for general assistance expenditures as provided for in this article.

Subd. 12. "Local agency" means the county welfare boards in the several counties of the state except that it may also include any multicounty welfare boards or departments where those have been established in accordance with law.

Sec. 3. [RESPONSIBILITY TO PROVIDE GENERAL ASSISTANCE.] *Subdivision 1. Every local agency shall provide general assistance to persons residing within its jurisdiction who meet the need requirements of this article. General assistance shall be administered according to law and rules and regulations promulgated by the commissioner pursuant to the provisions of this article.*

Subd. 2. State aid shall be paid to local agencies for 50 percent of all general assistance grants up to the standards of section 1, subdivision 1, according to procedures established by the commissioner. Any local agency may, from its own resources, make payments of general assistance at a standard higher than that established by the commissioner, without reference to the standards of section 1, subdivision 1.

Sec. 4. [DUTIES OF THE COMMISSIONER.] *In addition to any other duties imposed by law, the commissioner shall:*

(1) Supervise the administration of general assistance by local agencies as provided in this article;

(2) Promulgate uniform rules and regulations consistent with law for carrying out and enforcing the provisions of this article to the end that general assistance may be administered as uniformly as possible throughout the state; rules and regulations shall be

furnished immediately to all local agencies and other interested persons; in promulgating rules and regulations, the provisions of Minnesota Statutes, Chapter 15, shall apply;

(3) Allocate moneys appropriated for general assistance to local agencies as provided in this article;

(4) Accept and supervise the disbursement of any funds that may be provided by the federal government or from other sources for use in this state for general assistance;

(5) Cooperate with other agencies including any agency of the United States or of another state in all matters concerning the powers and duties of the commissioner under this article;

(6) Cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services;

(7) Gather and study current information and report at least annually to the governor and legislature on the nature and need for general assistance, the amounts expended under the supervision of each local agency, and the activities of each local agency and publish such reports for the information of the public;

(8) Report at least annually to the governor and legislature the cost of living in the various counties and metropolitan areas as related to the standards of assistance and the amounts expended for assistance, and make this information available to the public.

Sec. 5. [ELIGIBILITY FOR GENERAL ASSISTANCE.] *Subdivision 1. Each person or family whose income and resources are less than the standard of assistance established by the commissioner shall be eligible for and entitled to general assistance; provided that no individual shall be eligible for general assistance if he is eligible for any of the following federally aided assistance programs: emergency assistance, aid to families with dependent children, supplemental security income for the aged, blind, or disabled; or any successor to the above.*

Subd. 2. [USE OF FEDERAL FUNDS.] Notwithstanding any law to the contrary, if any person otherwise eligible for general assistance would, but for state statutory restriction or limitation, be eligible for a federally aided assistance program providing benefits equal to or greater than those of general assistance, he shall be eligible for that federally aided program and ineligible for general assistance; provided, however, that (a) nothing in this section shall be construed to extend eligibility for federally aided programs to persons not otherwise eligible for general assistance; (b) this section shall not be effective to the extent that federal law or regulation require new eligibility for federal programs to persons not otherwise eligible for general assistance; and (c) nothing in this section shall deny general assistance to a person otherwise eligible who is determined ineligible for a substitute federally aided program.

Sec. 6. [AMOUNT OF ASSISTANCE.] *Subdivision 1. General assistance shall be granted in such an amount that when added to*

the nonexempt income actually available to the individual or family, the total amount equals the applicable standard of assistance established by the commissioner for general assistance.

Subd. 2. Notwithstanding the provisions of subdivision 1 of this section, a grant of general assistance may be made to an eligible individual or family for one or more items encompassed within the definition of general assistance where the applicant or recipient requests temporary assistance not exceeding 30 days and an emergency situation appears to exist if the individual is ineligible for the federally aided program of emergency assistance.

Sec. 7. [TIME OF PAYMENT OF ASSISTANCE.] *An applicant for general assistance shall be deemed presumptively eligible if his sworn application on its face demonstrates that he is within the eligibility criteria established by this article and any applicable rules and regulations of the commissioner. General assistance shall be immediately granted to such presumptively eligible applicant without the necessity of first securing action by the board of the local agency.*

If upon verification and due investigation it appears that the applicant swore falsely and such false information materially affected his eligibility for general assistance or the amount of his general assistance grant, the local agency shall refer the matter to the county attorney. The county attorney may commence a criminal prosecution or a civil action for the recovery of any general assistance wrongfully received, or both.

Sec. 8. [EXCLUSION FROM RESOURCES.] *Subdivision 1. In determining eligibility of a family or individual there shall be excluded the following resources:*

(1) Property which does not exceed that permitted under the federally aided assistance program known as aid to families with dependent children; provided, however, that the commissioner may provide by rule and regulation more restrictive eligibility standards and levels of payment for general assistance if it is determined that funds available are not adequate to meet projected need; and

(2) Other property, including real or personal property used as a home, which has been determined, in accordance with and subject to limitations contained in rules and regulations promulgated by the commissioner, to be essential to the family or individual as a means of self-support or self-care or which is producing income that is being used for the support of the individual or family. The commissioner shall further provide by rule and regulation for those situations in which property may be retained by the family or individual where there is a reasonable probability that in the foreseeable future the property will be used for the self-support of the individual or family.

Subd. 2. Notwithstanding any other provision of this article, the commissioner shall provide by rule and regulation for the exclusion of property from the determination of eligibility for general assistance when it appears likely that the need for general assistance

will not exceed 30 days and an undue hardship would be imposed on an individual or family by the forced disposal of such property.

Sec. 9. [FORM OF PAYMENT; VENDOR PAYMENTS.] *Subdivision 1. All grants of general assistance shall be paid in cash and with such frequency as the commissioner shall determine. The commissioner may provide by rule and regulation for the making of general assistance payments in different time periods for various reasonable classifications of recipients.*

Subd. 2. Notwithstanding the provisions of subdivision 1, the commissioner shall provide by rule and regulation for situations in which vendor payments may be made by local agencies because of the inability of the recipient to manage his general assistance grant for his own or family's benefit.

Sec. 10. [HEARINGS PRIOR TO REDUCTION; TERMINATION; SUSPENSION OF GENERAL ASSISTANCE GRANTS.] *No grant of general assistance except one made pursuant to section 6, subdivision 2 or section 8, subdivision 2, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the local agency.*

Nothing herein shall deprive a recipient of his right to full administrative and judicial review of an order or determination of a local agency as provided for in section 12 subsequent to any action taken by a local agency after a prior hearing.

Sec. 11. [WORK INCENTIVE AND REGISTRATION.] *Subdivision 1. Every person who is a recipient of general assistance and not employed shall be required, unless exempt by subdivision 6, to register with the state employment service of the department of manpower services and the local agency and accept any suitable employment that is offered him.*

Subd. 2. The local agency shall provide a general assistance work program for persons who qualify for assistance but who are unable to gain employment through the state employment service of the department of manpower services. Local agencies shall adopt a list of work priorities to be met through the employment of eligible recipients when such recipients are unable to gain employment through the state employment service or through their own initiative. The local agency may assign the recipient such work as he is able to perform but which is not that ordinarily performed and which would supplement but not replace projects which are ordinarily performed by regular employees of the county.

Subd. 3. General assistance work program recipients shall be paid at the same wage rates as county employees doing similar work, and the number of hours of work assigned to a recipient shall be determined by the needs of himself and his family including expenses incidental to his employment.

Subd. 4. A local agency may contract with the federal government, or with any department, agency, subdivision or instrumentality of the state, for the services of general assistance work program recipients on such terms and conditions as may be agreed upon, with or without consideration paid to the local agency.

Subd. 5. General assistance work program recipients are employees of the local agencies within the meaning of workmen's compensation laws, but not retirement or civil service laws.

Subd. 6. No person shall be required to register with the commissioner or state employment service if he is:

(1) A person with illness, incapacity, or advanced age;

(2) A child attending a school or college full time;

(3) A person whose presence in the home on a substantially continuous basis is required because of the illness or incapacity of another member of the household;

(4) A person who has been referred to or applied for a work training, work experience, vocational rehabilitation or other such similar program; provided that the period of time such person is exempted from the registration requirements of subdivision 1, while awaiting acceptance into such program, does not exceed 30 days; or

(5) An adult member of a household with children in which another adult is employed full time or has registered with the state employment service or been accepted in a work training program.

Subd. 7. Any person who objects to being required to register with the commissioner or state employment service, shall be entitled to a prior hearing in accord with the provisions of section 10 on the issue of whether such person comes within the exemptions contained in subdivision 6, clause (1), (2), (3), or (4).

Subd. 8. (1) Any person who refuses to accept suitable employment when offered him shall lose his eligibility for general assistance and, if a member of a family receiving general assistance, that portion of the grant attributable to said person shall not be paid.

The commissioner may further provide by rule and regulation that vendor payments may be made with respect to any family in which a person who is obligated to accept suitable employment has refused to do so.

(2) The provisions of section 10 providing for notice and opportunity to be heard prior to a decision to reduce, suspend or terminate benefits shall be applicable to determinations made under clause (1) of this subdivision.

Subd. 9. The commissioner shall establish procedures to insure that any recipient of general assistance desiring to improve his ability to support himself and his family shall be promptly referred to the department of manpower services or any other agency, public or private, operating a work training, work experience, vocational rehabilitation or other similar program.

Sec. 12. [ADMINISTRATIVE AND JUDICIAL REVIEW.]
Subdivision 1. Any applicant or recipient aggrieved by any order or determination of a local agency may appeal from such order or determination to the commissioner of public welfare. The aggrieved applicant or recipient shall file with the local agency a notice of appeal within 30 days of the receipt by him of the order or determination of the local agency, provided that the order of determination is in writing and contains a statement advising the applicant or recipient of his right to appeal and the procedures for perfecting same.

If the order or determination of the local agency is not in writing or does not contain the appeal procedure statement referred to above, the 30-day period shall not be tolled until the applicant or recipient is properly notified in accordance with the provisions of this subdivision.

Notwithstanding the absence of proper notice or order or determination, the applicant or recipient may appeal to the commissioner by filing with the local agency any writing which states with reasonable clarity his dissatisfaction with or desire to obtain review of the determination or order of the local agency.

Subd. 2. Upon receipt the local agency shall immediately forward the notice of appeal to the commissioner. Within 30 days of the receipt of the notice of appeal, the commissioner shall provide the applicant or recipient with the opportunity for a hearing before the commissioner or his legal representative. The local agency shall be a party to the proceeding before the commissioner.

Subd. 3. The commissioner may, upon his own motion, review any decision made by a local agency and may make such additional investigation as he deems necessary.

Subd. 4. Within 30 days from the date of the hearing before the commissioner or his legal representative, a decision in writing making findings of fact and conclusions of law shall be rendered.

Subd. 5. Any applicant or recipient aggrieved by the determination by the commissioner may, within 30 days after notice of such decision is mailed, appeal from the decision or determination of the commissioner to the district court of the county in which the application was filed by serving a written notice of such appeal upon the commissioner and all other parties to the administrative hearing and by filing the original of such notice together with proof of service with the clerk of the district court of the county. No filing fee or other fees normally exacted by the clerk of district court upon the filing of a case shall be required.

A summary of the issues involved, a copy of all supporting papers, a transcript of any testimony, and a copy of the decision of the commissioner shall be filed with the court. The court shall summarily, upon ten days' written notice, try and determine the appeal upon the record of the commissioner as certified by the commissioner and in the determination thereof shall be governed by the standard of review applicable to contested proceedings

under Minnesota Statutes, Chapter 15. No new or additional evidence shall be taken on such appeal or introduced by any party to such hearing or appeal in a district court unless such new or additional evidence in the sound discretion of the court is necessary to a more equitable disposition of the appeal. If the court shall find that the order of the commissioner is not sustained by substantial evidence or is not in accord with applicable legal principles, the court shall make an order declaring the order of the commissioner null and void, giving the reasons therefor, and shall order the commissioner to take further action in the matter not inconsistent with the determination of the court. During the pendency of any appeal, if the commissioner has awarded general assistance, it shall be paid pending the determination of the appeal.

Subd. 6. Any party aggrieved by the determination of the district court may appeal to the supreme court in like manner as appeals are taken in civil actions, except that no filing fee shall be required by the clerk of the district court or supreme court.

The determination of the district court shall remain in effect during the pendency of any appeal to the supreme court.

Sec. 13. [MANDAMUS TO COMPEL PAYMENT OF GENERAL ASSISTANCE.] *Subdivision 1. Notwithstanding the provisions of section 12 providing for administrative and judicial review of local agency determinations, a person denied general assistance by the local agency may apply to the district court of the county in which his application was filed and the district court shall order the payment of general assistance if the person establishes:*

(1) The substantial likelihood that he is eligible for and entitled to general assistance, and

(2) The person or family will suffer irreparable injury if general assistance is not granted without delay.

Subd. 2. The denial by a district court of a writ of mandamus shall not affect the right or scope of administrative or judicial review as set forth in section 16 of this article.

Sec. 14. [VIOLATIONS.] *Whoever obtains or attempts to obtain, or aids or abets any person to obtain by means of a willfully false statement or representation, or by impersonation, or other fraudulent device:*

(1) Assistance to which he is not entitled; or

(2) Assistance greater than that to which he is reasonably entitled; shall be considered to have violated Minnesota Statutes, Section 256.98, and shall be subject to the criminal and civil penalties provided therein.

Sec. 15. [RELATIVE'S RESPONSIBILITY.] *The financial responsibility of a relative for an applicant or recipient of general assistance shall not extend beyond the relationship of a spouse, or a parent of an applicant or recipient who is a child.*

Sec. 16. [GENERAL ASSISTANCE TO BE ALLOWED AS CLAIM IN PROBATE COURT.] *On the death of any person who received any general assistance under this article, or on the death of the survivor of a married couple, either or both of whom received general assistance, the total amount paid as general assistance to either or both, without interest, shall be allowed as a claim against the estate of such person or persons by the court having jurisdiction to probate the estate.*

Sec. 17. [DATA PROCESSING PROCEDURES.] *The local agency shall, to the extent permitted by federal law or regulation, in addition to any other necessary records and procedures, provide for the inclusion of all general assistance records in any data processing system established for the medical assistance program, in accordance with procedures established by the commissioner.*

Sec. 18. [RESIDENCE; COUNTY OF FINANCIAL RESPONSIBILITY.] *Subdivision 1. In determining the county of financial responsibility, in all matters concerning legal settlement of the poor, the definitions and rules of this section shall apply.*

Subd. 2. "County of financial responsibility" means (a) the county in which an individual resides; or (b) if an individual is a patient in a hospital, nursing home, or boarding care home, as defined in Minnesota Statutes, Section 144.50, at the time of making application, and immediately prior thereto resided in another county, then that other county; or (c) the above provisions notwithstanding, if an individual is a recipient of medical assistance, the county from which he is receiving medical assistance.

Subd. 3. [PROCEDURE WHEN COUNTY OF FINANCIAL RESPONSIBILITY IS IN QUESTION.] If upon the investigation the local agency decides that the application was not filed in the county of financial responsibility as defined by this section, but that the applicant is otherwise eligible for assistance, it shall, while providing assistance to the applicant, transmit a copy of the application, together with the record of any investigation made by it and a copy of its decision, to the state agency, and to the agency of the county which it has decided is the county of financial responsibility. The state agency shall thereupon promptly decide any question of financial responsibility and make an order referring the application to the local agency of the proper county for further action, including reimbursement by such county of any assistance which another county has provided to the applicant in accordance with this subdivision. The state agency may make such investigation as it deems proper before making its decision. It shall prescribe rules and regulations for carrying into effect this subdivision. The order of the state agency shall be binding upon the local agency involved and the applicant or recipient, shall be complied with by that agency unless reversed on appeal as provided in this article, and shall be so complied with pending any such appeal.

Sec. 19. [ABOLITION OF TOWNSHIP SYSTEM OF POOR RELIEF.] *Subdivision 1. The town system for caring for the poor in each of the counties in which it is in effect is hereby abolished. The county welfare board of each county shall administer general assistance under the provisions of this article.*

Subd. 2. All county welfare boards affected by this article are hereby authorized to take over for the county as of the effective date of this section, the ownership of all case records relating to the administration of poor relief.

Employees with permanent status under any civil service provision on the effective date of this article shall be granted permanent status under the merit system at comparable classifications and in accordance with work assignments made under the authority of the county welfare board as provided by the merit system rules.

The determination of proper job allocation shall be the responsibility of the personnel officer or director as provided under merit system rules applicable to the county involved with the right of appeal of allocation to the merit system council or personnel board by any employee affected by this transfer.

All transferred employees shall receive salaries for the classification to which they are allocated in accordance with the schedule in effect for county welfare board employees and at a salary step which they normally would have received had they been employed by the county welfare board for the same period of service they had previously served under the civil service provisions of any municipality or town; provided, however, that no salary shall be reduced as a result of the transfer.

All accumulated sick leave of transferred employees in the amount of 60 days or less shall be transferred to the records of the county welfare board and such accumulated sick leave shall be the legal liability of the county welfare board. In lieu of the cash payment, the municipality or town shall, at the option of the employee concerned, allow a leave of absence with pay, prior to transfer, for all or part of the accumulated sick leave.

Subd. 3. Employees of municipalities and towns engaged in the work of administering poor relief who are not covered by civil service provisions shall be blanketed into the merit system subject to a qualifying examination. Employees with one year or more service shall be subject to a qualifying examination and those with less than one year's service shall be subject to an open competitive examination.

Subd. 4. All vacation leave of employees referred to in subdivision 2 of this section, accumulated prior to their transfer to county employment shall be paid in cash to them by the municipality or town by which they were employed prior to their transfer, and at the time of their transfer. In lieu of the cash payment, the municipality or town shall, at the option of the employee concerned, allow a leave of absence with pay, prior to such transfer, for all or part of the accumulated vacation time.

Sec. 21. [CONTINUATION OF RETIREMENT SYSTEM FOR FORMER MINNEAPOLIS EMPLOYEES.] *Subdivision 1. Each employee of the city of Minneapolis who is transferred to and employed by the county under the provisions of section 20 and who is a contributing member of a retirement system organized under the provisions of Minnesota Statutes, Chapter 422, shall continue to be a member of that system and entitled to all of the benefits conferred thereby and subject to all the restrictions of chapter 422, unless he applies to cancel his membership within six months after the effective date of this article.*

273.11 [VALUATION OF PROPERTY.] *Subdivision 1. Except as provided in subdivision 2 herein, all property shall be valued at its market value. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at auction or at a forced sale, or in the*

aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such sum or price as he believes the same to be fairly worth in money. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the assessed value of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment. All property, or the use thereof, which is taxable under sections 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Subd. 2. In the case of property described in section 273.13, subdivisions 6, 7, 7B, 10, 12, 17, 17b, and 19, plus all agricultural property and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes where such property is held by the same owner, by the surviving spouse of a deceased owner, or by a surviving joint tenant, for a period of two years prior to any assessment date, the assessor after determining the value of any such property shall compare the value with that determined in the preceding assessment. If the increase exceeds five percent of the preceding valuation, the amount of the increase entered in the current assessment shall not exceed five percent; the excess (not exceeding five percent of the latest assessors market valuation) may be entered in the following years assessment, notwithstanding the provisions of section 273.17.

Sec. 2. In the event that, for the assessment year 1973, the assessor has increased the value of such property by an amount in excess of the five percent limitation provided for in section 1 of this article, he shall mail revised statement notices advising the property owner of the reduction required by this article. The revised notice shall state that the reduction is made pursuant to a statute enacted by the 1973 legislature.

Sec. 3. The provisions of this article shall not be applicable to property that may have become subject to taxation since the last assessment.

Sec. 4. The provisions of this article shall apply to the 1973 assessment and subsequent assessments.

Funds for the transfer of moneys to a project under the authority of the university of Minnesota are hereby reappropriated to the board of regents to carry out the purpose of the transfer.

Sec. 16. Minnesota state building bond issue and appropriation. For the purpose of providing the moneys appropriated by this act to the state agencies herein designated, for the acquisition and betterment of the public lands and buildings and other public improvements of a capital nature herein designated, the state auditor is authorized upon request of the governor to sell and issue Minnesota state building bonds in the amount of \$46,470,000 in the manner and upon the terms and conditions prescribed by Minnesota Statutes, Sections 6.30 and 6.31 and by the Constitution, Article IX, Section 6. The proceeds of such bonds, other than accrued interest and premium, are appropriated and shall be credited to the Minnesota state building fund.

Sec. 17. Minnesota state building bond account; appropriation. In order to reduce the amount of taxes otherwise required by the Constitution, Article IX, Section 6, Subdivision 4, to be levied for the payment of interest and principal on the bonds authorized in Section 16 of this act, there is hereby appropriated annually to the Minnesota state building bond account in the state bond fund

from the general fund in the state treasury a sum of money sufficient in amount, when added to the balance on November 1 in each year in said Minnesota state building bond account, to pay all principal and interest due and to become due on said bonds within the then ensuing year and to and including July 1 in the second ensuing year. The moneys received and on hand pursuant to the appropriation annually made by this section are available in the state bond fund prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4, and shall be used to reduce the amount of the tax otherwise required to be levied.

Sec. 18. Where an amount is payable to a creditor of the state from a project account which is financed partly with federal funds and such project is one included in appropriations now or hereafter made to the commissioner of administration for public buildings and equipment therefor and such amount cannot be timely paid because of a deficiency of money in such project account caused by a delay in the receipt of federal funds, the commissioner may provide such money as is needed to pay the amount by temporarily transferring such sum from any other appropriation made to him in the same act as contains the project account wherein the deficiency has occurred. Such moneys as are required therefor are hereby appropriated for such purpose. When the delayed federal funds are received the commissioner shall cause the amount of money transferred to be returned to the account from whence it came.

Sec. 19. In the case of appropriations made for construction or other permanent improvement, including acquisition of real estate, equipment, rehabilitation, appurtenances or utility systems, which appropriations do not lapse until the purposes for which the appropriations were made shall have been accomplished or abandoned, the commissioner of administration may dispense with periodic allotment and shall prescribe such regulations as will insure proper application and encumbrance of funds.

Sec. 20. Notwithstanding any other provision of law, all moneys appropriated by this act and all previous acts for the purposes of the Minnesota state building fund shall be and remain available for such purposes until and unless such appropriations are specifically rescinded by law. The state auditor shall, upon the certification of the commissioner of administration as to the accounts involved, make such transfers of appropriations as will place in one account all of the moneys appropriated for the same or related projects, incidental expenses or contingencies.

Sec. 21. The appropriation made by Section 6, Subdivision 1 (5) for the Centennial building parking facility is in addition to the amounts heretofore appropriated for the same purpose. The conditions imposed under prior laws for this facility are rescinded and in lieu thereof all appropriations made for such facility are subject to the following:

By July 1, 1973, or as soon thereafter as possible, the commissioner of administration, in accordance with the provisions of Minnesota Statutes, Section 16.72, shall fix and collect gross rents,

charges and fees in connection with and for the use of all parking lots and facilities now or hereafter owned and operated by the state and under the jurisdiction of the commissioner.

Such gross rents, charges and fees shall be fixed by the commissioner in such amount as will defray all costs of operating, maintaining and improving the parking lots and facilities under the jurisdiction of the commissioner and in addition provide the sum of \$4,064,000 which is hereby appropriated from such gross rents, charges and fees to the Minnesota State building bond account in the state bond fund, and which shall be credited to said account in the annual amount of \$203,200 on or before November 1 in each year, commencing in 1974 until the amount so appropriated has been credited to said account. The moneys received and on hand annually pursuant to this authorization are available in the state bond fund prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4, and shall be used to reduce the amount of the tax otherwise required to be levied.

Sec. 22. This act becomes effective the day following final enactment."

The commissioner or his authorized representative may enter during reasonable office hours or upon request and inspect the place of business or employment of any employer of employees in any occupation in the state, for the purpose of examining and inspecting any or all books, registers, payrolls, and other records of any such employer that in any way relate to or have a bearing upon the question of wages, hours, and other conditions of employment of any such employees; transcribe any or all of such books, registers, payrolls, and other records as he or his authorized representative may deem necessary or appropriate; and question such employees for the purpose of ascertaining whether the provisions of this act and the regulations issued pursuant thereto have been and are being complied with.

Subd. 2. The commissioner or his authorized representative may require from any employer of employees in any occupation in the state full and correct statements in writing, including sworn statements, with respect to wages, hours, name, addresses,

and such other information pertaining to his employees and their employment as the commissioner or his authorized representative may deem necessary or appropriate.

Subd. 3. The employer shall pay all costs and disbursements as may be allowed by the court, and shall further pay an assessment of ten percent of the amount of any awarded wage claim to the treasurer of the state of Minnesota. In any action herein no security for payment of costs shall be required. Nothing herein shall be construed to prevent an employee from prosecuting his own claim for wages.

Subd. 6. Upon the written request of the commissioner, the attorney general of the state of Minnesota shall commence a civil action for appropriate relief against the employer as provided in subdivision 5.

Sec. 8. [POWER TO MAKE REGULATIONS.] Subdivision 1. The commissioner shall make and revise such regulations, including definitions of terms, as he shall deem appropriate to carry out the purposes of this act, to prevent the circumvention or evasion thereof, and to safeguard the minimum wage and overtime rates established by sections 4 and 5.

Subd. 2. His employer is entitled to a credit in an amount up to 25 percent of the minimum wage which a tipped employee receives. Said credit against the wages due for gratuities received by a tipped employee may not be taken unless a signed statement from each tipped employee states that he did receive during the pay period an amount equal to or greater than the credit applied against the wages due by his employer. Such statements shall be maintained by the employer as a part of his business records.

Subd. 5. In order to prevent curtailment of opportunities for employment, avoid undue hardship, and safeguard the minimum wage rates under sections 4 and 5, the department shall also issue regulations providing for the employment of handicapped workers at wages lower than the wage rates applicable under sections 4 and 5, under permits and for such periods of time as specified therein; and providing for the employment of learners and apprentices at wages lower than the wage rates applicable under sections 4 and 5, under permits and subject to such limitations on number, proportion, length of learning period, occupations, and other conditions as the department may prescribe. Regulations shall be published by the department and shall take effect upon publication and filing with the secretary of state and the department of administration. Such regulations shall have the force and effect of law upon filing as provided herein.

A copy of such petition shall be served upon the department. The department's findings of fact, if any.

shall be conclusive upon the court if supported by substantial evidence. The court shall determine whether the regulation is in accordance with law.

If the court determines that such regulation is not in accordance with law, it shall remand the case to the department with directions to modify or revoke such regulation. If application is made to the court by any aggrieved party for leave to adduce additional evidence, such party shall show to the satisfaction of the court that such additional evidence is material, and that there were reasonable grounds for the failure to adduce such evidence before the department. If the court finds that such evidence is material and that reasonable grounds exist for the failure of the aggrieved party to adduce such evidence in prior proceedings, the court may remand the case to the department with directions that such additional evidence be taken by the department. The department may modify its findings and conclusions, in whole or in part, by reason of such additional evidence.

Subd. 2. Hearings in the district court on all appeals taken under subdivision 1 shall be privileged and take precedence over all matters, except matters of the same character. The jurisdiction of the court shall be exclusive and its judgment and decree shall be final except that the same shall be subject to review on appeal to the supreme court.

Subd. 3. The commencement of proceedings under subdivision 1 shall not, unless specifically ordered by the court, operate as a stay of an administrative regulation issued pursuant to section 8. The court shall not grant any stay of an administrative regulation unless the person complaining of such regulation shall file in the court an undertaking with a surety or sureties satisfactory to the court for the payment to the employees affected by the regulation, in the event such regulation is affirmed, of the amount by which the compensation such employees are entitled to receive under the regulation exceeds the compensation they actually receive while such stay is in effect.

Sec. 10. [KEEPING RECORDS.] Every employer subject to any provision of this act or of any regulation issued pursuant thereto shall make and keep, for a period of not less than three years in or about the premises wherein any employee is employed, a record of the name, address and occupation of each of his employees, the rate of pay, and the amount paid each pay period to each such employee, the hours worked each day and each workweek by such employee, and such other information as the department shall prescribe by regulation as necessary or appropriate for the enforcement of the provisions of this act or of the regulations issued pursuant thereto.

Sec. 11. [POSTING OF LAW AND REGULATIONS.] Every employer subject to any provision of this act shall keep a summary thereof, approved by the department, and copies of any applicable regulations issued pursuant thereto, or a summary of such regulations, posted in a conspicuous and accessible place in or about the premises

wherein any person subject thereto is employed. The department shall furnish copies of such summaries and regulations to employers without charge.

Sec. 13. [EMPLOYEES' REMEDIES.] Any employer who pays any employee less than the wages and overtime compensation to which such employee is entitled under this act and regulations issued pursuant thereto shall be liable to such employee for the full amount of such wages and overtime compensation, less any amount actually paid to such employee by the employer, for an additional equal amount as liquidated damages, and for costs and such reasonable attorney's fees as may be allowed by the court. Any agreement between such employee and the employer to work for less than the applicable wage rate shall be no defense to such action. Such action may be maintained in any court of competent jurisdiction by any one or more employees for and in behalf of himself or themselves.

Sec. 14. [RELATION TO OTHER LAWS.] Any standards relating to minimum wages, maximum hours, overtime compensation, or other working conditions in effect under any other law of this state on the effective date of this act which are more favorable to employees than those applicable hereunder shall not be deemed to be amended, rescinded, or otherwise affected by this act but shall continue in full force and effect until they are specifically superseded by standards more favorable to such employees by operation of or in accordance with this act or regulations issued pursuant thereto.

Sec. 15. [RIGHT OF COLLECTIVE BARGAINING.] Nothing in this act shall be deemed to interfere with, impede, or in any way diminish the right of employees to bargain collectively with their employers through representatives of their own choosing in order to establish wages or other conditions of work more favorable to the

employees than those required by this act and regulations issued pursuant thereto.

May 19, 1973

Honorable Martin O. Sabo,
Speaker of the House of Representatives

Honorable Alec G. Olson,
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 2444, report that we have agreed upon the items in dispute and recommend as follows:

That H. F. No. 2444 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [PURPOSE.] *It is determined that there is a critical need to preserve and improve transportation facilities throughout the state which cannot be met by local effort without state financial assistance. The rate of completion of the interstate portion and upgrading of the remainder of the state's highway system has fallen behind the rate of traffic growth, resulting in serious traffic hazards and delays that affect the personal safety, quality of life, and economic welfare of citizens. The highway traffic problem is accentuated by the deficiency in the quality and quantity of public transportation available in urban areas, large and small. This deficiency is itself largely caused by the inability of public transportation to compete economically with private automobiles, without financial support comparable to that given highway construction. Its most serious effect is to limit severely the life and liberty of many persons who because of age, physical or mental characteristics, or economic circumstances are unable to use automobiles. For many more it compels the use of automobiles, often more than one per family, for daily attendance at work and school and for transportation in emergencies, notwithstanding cost that may reduce remaining living resources below poverty levels, and notwithstanding unacceptable safety hazards often resulting from physical handicaps or inexperience. And for many high cost makes it impossible to acquire and maintain vehicles that can operate at acceptable safety and pollution control levels, thus aggravating the*

traffic and pollution hazards created by sheer numbers of vehicles. Capital cost of the principal arterial highways of this state cannot be adequately met from existing sources of funds. Similar costs of adequate public transportation in urban areas cannot be met by user fees without subsidy, or even with subsidy to the extent this is possible from property taxes or other resources available to local units of government. It is determined that state financial assistance in meeting the capital cost of public transportation in urban areas and constructing and reconstructing the state's principal arterial highways is a proper function of state government and is necessary to protect the safety and the personal and economic welfare of the citizens of the state at large.

Sec. 2. [PRINCIPAL ARTERIAL HIGHWAY BOND AUTHORIZATION AND APPROPRIATIONS.] *Subdivision 1. The state auditor is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota state principal arterial bonds in accordance with the provisions of Section 3 of this act, and Article IX, Section 6, of the Constitution in an aggregate principal amount not to exceed \$80,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of such bonds to the commissioner of highways for grants to counties and municipalities for the acquisition and betterment of public land and other improvements of a capital nature needed to provide adequate principal arterial highways of this state. This appropriation shall not lapse or cancel until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the department of highways. Grants appropriated pursuant to this section shall not exceed \$20,000,000 in any one fiscal year of the state of Minnesota.*

Subd. 2. The department of highways shall promulgate regulations, standards, and priorities for the administration of grants authorized in accordance with subdivision 1, and these regulations, standards, and priorities are to be developed in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B.

Subd. 3. Applications by counties and municipalities for grants for the funds provided for by subdivision 1 shall be made through regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Section 462.381 to 462.396 and Chapter 473B referred to in this section as regional planning agencies to the department of highways on forms requiring information prescribed by the regulations of the department of highways. The regional planning agency shall certify to the department of highways those applications which appear to meet the standards and criteria set forth by the department of highways and the regulations promulgated hereunder, and the department of highways shall direct grants to be disbursed on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by

resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the counties and municipalities sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the projects have complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 3. [PRINCIPAL ARTERIAL BONDS.] *Subdivision 1.* For the purpose of providing money appropriated to the counties and municipalities of the state from the principal arterial highway funds authorized by section 2 for the acquisition and betterment of public land and other improvement of a capital nature needed to provide adequate principal arterial highways, in accordance with section 2, when authorized by law and requested by the commissioner of highways, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state principal arterial bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution,

and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state principal arterial funds, and the amounts necessary therefor are appropriated from those funds; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the ~~state principal arterial bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state principal arterial bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.~~

Subd. 5. The premium and accrued interest received on each issue of Minnesota state principal arterial bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state principal arterial bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state principal arterial bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state principal arterial bonds, such principal and interest shall be paid out of the general fund in

the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 4. [TRANSPORTATION BOND AUTHORIZATION AND APPROPRIATION.] *The state auditor is authorized and directed, upon request of the director of the state planning agency, to issue and sell Minnesota state transportation bonds in accordance with the provisions of section 6 of this act, and Article IX, Section 6 of the Constitution, in an aggregate principal amount not to exceed \$80,000,000 which sum, or so much thereof as shall be required, is appropriated from the proceeds of the bonds to the Minnesota state transportation fund created in section 5, and shall be used, with any other money in that fund, solely for the purpose of providing money which is hereby appropriated from that fund to the director of the state planning agency for grants to subdivisions of the state, according to the definition of "subdivision" in section 5, subdivision 1, for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the provisions of section 5. This appropriation shall not lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement from the Minnesota state transportation fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the state planning agency. Grants appropriated pursuant to this section shall not exceed \$14,000,000 in any one fiscal year of the state of Minnesota.*

Sec. 5. [MINNESOTA STATE TRANSPORTATION FUND.]
Subdivision 1. *A Minnesota state transportation fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of state bonds and any other money appropriated to the fund and grants disbursed from the fund to subdivisions of the state for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the long range state policies and purposes defined in subdivision 2, and in accordance with standards established in regulations to be adopted by the state planning agency pursuant to law, and to be prepared in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B, referred to in this section as "regional planning agencies", and in consultation with the "subdivisions" defined and referred to in this section. "Subdivisions" referred to in this section include the metropolitan transit commission created by Minnesota Statutes, Chapter 473A, and any other public body now or hereafter given power by law or a city charter to operate public transportation facilities in any defined area, and any city, village, or borough outside the area of operation of such a public body.*

Subd. 2. *It is the policy of the state to assist its subdivisions in providing, so far as possible, public transportation facilities in all*

urban areas within the state by providing state funding for public transportation capital improvements. The state planning agency and regional planning agencies are directed to prepare and revise annually a program of capital grants to subdivisions for specific projects which will implement this policy. Capital costs eligible to be paid from such grants shall include all expenses of the kinds enumerated in Minnesota Statutes, Section 475.65.

Subd. 3. The state planning agency shall promulgate regulations for the administration of grants authorized to be made from the fund.

Subd. 4. The regulations of the state planning agency shall provide that a high priority shall be given to applications from subdivisions which, because of limited tax base, excessive bonded indebtedness, or critical conditions of public transportation service, would face extreme financial hardship without assistance from the state transportation fund, and to applications for systems to serve more than one municipality.

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the state planning agency, on forms requiring information prescribed by the regulations of the state planning agency. The regional agency shall certify to the state planning agency those applications which appear to meet the program of capital grants and the standards and criteria set forth by the state planning agency and the regulations promulgated hereunder, and the state planning agency shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the state planning agency ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 6. [MINNESOTA STATE TRANSPORTATION BONDS.] Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 5, when authorized by law and requested by the director of the state planning agency, the state auditor shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this pur-

pose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions of limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the state auditor shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside this state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the auditor shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the state auditor and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The state auditor shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added

to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state transportation bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 7. [TRUNK HIGHWAY BONDS; ISSUANCE AND SALE.] The state auditor is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota trunk highway bonds under the provisions of Minnesota Statutes, Sections 167.50 to 167.52 and of the Minnesota Constitution, Article IX, Section 6, and Article XVI, Section 12, at such times and in such amounts as may be requested by the commissioner of highways. Bonds issued pursuant to this section are authorized in an aggregate principal amount of \$40,000,000 provided that the total aggregate principal amount of the Minnesota trunk highway bonds issued under the authority of this section or under the authority of any other law, shall not at any time exceed \$150,000,000. The proceeds of such bonds shall be appropriated to the trunk highway fund and shall be used for the purposes specified in the Minnesota Constitution, Article XVI, Section 2.

Sec. 8. Minnesota Statutes 1971, Section 473A.111, Subdivision 1, is amended to read:

473A.111 [TRANSIT TAX LEVIES.] Subdivision 1. [AMOUNT.] For the purposes of chapter 473A, and the metropolitan transit system on or after August 1 of 1971 the metropolitan transit commission may levy upon all taxable property within the

metropolitan transit taxing district, defined herein, a transit tax shall not in any year exceed the sum of the following:

(a) An amount equal to ~~2-9~~ 1.4 mills times the assessed value of all such property some or all of the proceeds of which may be used to provide for the full and timely payment of its certificates of indebtedness and other obligations of the commission to which collections of the wheelage tax and replacement property tax under Minnesota Statutes 1969, Section 473A.14, have been pledged, plus any amount needed for compliance with any final judgment of a court of competent jurisdiction requiring payment of any amount of the wheelage tax levied by the commission for 1971 and prior years; plus

(b) such additional amount, if any, as the commission determines to be necessary to provide for the full and timely payment of its certificates of indebtedness and other obligations to which property taxes under this section have been pledged, provided that the amount of principal and interest to come due on such obligations shall not exceed \$3,000,000 in any year.

Sec. 9. [SEVERABILITY.] *The invalidity of any provision of this act shall not affect the validity of the remainder of the act.*

Sec. 10. [EFFECTIVE DATE.] *This act is effective on the day following final enactment.*"

TO : The Honorable Arlen I. Erdahl
Secretary of State

FROM : Curtis D. Forslund
Chief Deputy
Attorney General

SUBJECT: Senate File No. 1726

The Governor's Office will be filing this Act with you, without his signature. We believe this Act is nevertheless valid under Article IV, Section 11 of the Minnesota Constitution, providing that "If any bill shall not be returned by the governor within three days (Sundays excepted) after it shall have been pre-

sented to him, the same shall be a law in like manner as if he had signed it, unless the legislature, by adjournment within that time, prevents its return." The purpose of filing the bill without the governor's signature is to set up a test case on the meaning of the word "adjournment" within this section.
