- (1) reparations shall be reduced to the extent that economic loss is recouped from a collateral source;

Subd. 5. "Special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any action other than an action on an express contract or default on an express contract, or to pay the costs of settlements out of court against the governmental subdivision in any action other than an action on an express contract when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction.

The commissioner of taxation shall in consultation with other state departments and agencies, develop a suggested form for use by the state of Minnesota, its agencies and subdivisions in issuing orders pursuant to this subdivision;

(c) pay the costs of complying with any law enacted by the 1971 legislature or a prior or subsequent year's legislature which specifically and directly requires a new or altered activity after levy year 1970, taxes payable in 1971, but only to the extent of the increased cost for such activity after levy year 1970, taxes payable in 1971;

(d) pay the costs of an expanded county court system to the extent of the increase in costs over the amount levied in support of a county court or a probate court in levy year 1970, taxes payable in 1971;

(e) pay amounts required by any public pension plan to the extent that operation of the laws of the state of Minnesota or the United States governing such fund directly causes the level of governmental financial support to exceed the level of such support prior to July 1, 1971, provided that such increases are not the result of amendment by any means to the benefit plan after July 1, 1971 which required the approval of the governing body of the governmental subdivision;

(f) pay amounts required to be levied in support of a volunteer firemen's relief association if resulting from the operation of sections 69.772 and 69.773;

(g) pay the costs to a governmental subdivision for their share of any program otherwise authorized by law, including the administrative costs of social services and of county welfare systems, for which matching funds have been appropriated by the state of Minnesota or the United States, but only to the extent that the costs to the governmental subdivision for the program exceed those expended in calendar year 1970, subject to rules promulgated by the commissioner of taxation pursuant to the administrative procedures act;

(h) pay expenses reasonably and necessarily incurred in preventing, preparing for or repairing the effects of natural disaster. "Natural disaster" as used herein means the occurrence or threat

of widespread or severe damage, injury or loss of life or property resulting from natural causes, including and limited to fire, flood, earthquake, wind storm, wave action, oil spill, or other water contamination requiring action to avert danger or damage, volcanic activity, drought or air contamination. The civil defense division of the state department of public safety shall formulate standards by which an occurrence of any of the aforementioned natural phenomena would be deemed a natural disaster by reason of the level of damage, injury or loss of life or property that has occurred or would occur if preventative action was not taken;

(i) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law;

(j) pay the costs of principal and interest on bonded indebtedness, or, effective for taxes levied in 1973 and years thereafter, to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(k) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency;

(l) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(m) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(n) pay the amounts required to compensate for a decrease in revenues from public service enterprises, municipal liquor stores, licenses, permits, fines and forfeits and no other, to the extent that the aggregate of revenues from these sources in the calendar year preceding the year of levy are less than the aggregate of revenues from these sources in calendar year 1971. "Revenues" from a public service enterprise or a municipal liquor store shall mean the net income or loss of such public service enterprise or municipal liquor store, determined by subtracting total expenses from total revenues, and before any contribution to or from the governmental subdivision. "Fines" for a municipal court means the net amount remaining after subtracting total municipal court expenses from total collections of municipal court fines. A governmental subdivision shall qualify for this special levy only if the decrease in aggregate revenues as computed herein and divided by the population of the governmental subdivision in the preceding year is equal to or greater than two percent of the per capita levy limitation for the preceding levy year;

(o) pay the amounts required to compensate for a decrease in mobile homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy

year, pursuant to section 273.13, subdivision 3, as amended, is less than the distribution of the mobile homes tax to the governmental subdivision pursuant to section 273.13, subdivision 3, in calendar year 1971;

(p) pay the amounts required to compensate for a decrease in gross earnings tax aids pursuant to sections 276.15 to 276.18, or 368.39 to 368.42, or 373.20 to 373.24, to the extent that the distribution of these aids to the governmental subdivision in the calendar year immediately preceding the current levy year is less than the distribution of these aids to the governmental subdivision in calendar year 1971;

(q) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(r) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city, village, borough or town with village powers in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(s) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal commission in levy year 1971 or a subsequent levy year, but only to the extent and for the levy years as provided by the commission in its order pursuant to section 414.01, subdivision 15;

(t) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) The increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) The amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in

assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development;

(u) pay the costs of any levy authorized by special act for joint recreation and park board purposes of any city having a population of 15,000 or more and any town having a population of 4,000 or more, both city and town having assessed value of iron ore, taconite or semi-taconite, and situated within a county having a population of more than 200,000 but less than 300,000.

"Section 1. [PUBLIC POLICY.] It is hereby declared to be the public policy of the state of Minnesota that:

(1) Public confidence in the integrity of government is a prerequisite of representative democracy. The public interest is best served when full disclosure is made of the identity and expenditures of persons who engage in substantial efforts to persuade governmental officials to take specific actions;

(2) Public officials should not use their official positions to obtain financial gain for themselves, their households or any organizations with which they are associated in a manner which violates the public trust;

(3) Major political campaign contributions and expenditures should be fully disclosed to the public;

(4) Disclosure of major political campaign contributions and expenditures serves the public interest by (a) preventing undue influence and (b) revealing the sources of campaign financing to the public as well as thereby facilitating future informed decisions regarding alternative methods of public and private financing;

(5) Although small individual contributions to a candidate are unlikely to have an undue influence, a number of small contributions from an individual or small contributions from a number of associated individuals may when cumulated have an undue influence. Thus there is a compelling state interest in requiring the disclosure of all contributions of more than \$50 in the case of legislative campaigns and more than \$100 in the case of campaigns for statewide office;

(6) Limitations upon campaign expenditures are necessary to control the spiraling amount of money required to campaign for public office and to ensure that no individual is denied the opportunity to run for public office for financial reasons;

(7) Candidates for public office and elected officials should not be under the influence of those persons who make large contributions to political campaigns.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 36, the terms defined in this section have the meanings given them unless the context clearly indicates otherwise.

(g) The sum of individual expenditures which are not otherwise reported under clause (d);

(h) The sum of expenditures made by the political committee or political fund during the reporting period; and

(i) The amount and nature of debts.

Subd. 4. The reports shall cover the time from the last day of the period covered by the last report to seven days prior to the filing date.

Subd. 5. Every person, other than a political committee or political fund, who makes expenditures, other than by contribution to a political committee or political fund, in an aggregate amount in excess of \$100 within a year shall file with the commission a statement containing the information required of a political committee, political fund or candidate. Statements required by this subdivision shall be filed on the dates on which reports by committees are filed.

Subd. 6. If no contribution is received or expenditure made by or on behalf of a candidate, political fund or political committee during a reporting period, the treasurer of the committee or fund shall file with the commission at the times required by this section a statement to that effect.

Subd. 7. Any person who fails to file a report required by this section is guilty of a petty misdemeanor. The commission shall notify within seven days after a filing date by registered mail any person who fails to file a report or statement required by this section. A person who knowingly fails to file such a report or statement within seven days after receiving notice from the commission is guilty of a gross misdemeanor.

Subd. 8. The commission shall exempt any person, association, or any of its members or contributors from the provisions of this section if disclosure would expose that person or any or all of the members or contributors of or to an association to:

(a) Economic reprisals;

(b) Loss of employment; or

(c) Threat of physical coercion.

An association may seek an exemption for all of its members or contributors only if it proves by clear and convincing evidence that a substantial number of its members or contributors would suffer a restrictive effect on their freedom of association if members were required to seek exemption individually.

Subd. 9. A political committee or a political fund or any of its members or contributors shall have standing to seek an exemp-

tion. All applications for exemption shall be treated as contested cases within the meaning of Minnesota Statutes, Chapter 15. The commission by rule shall establish a procedure so that any individual seeking an exemption may proceed anonymously if he would be exposed to the reprisals listed in subdivision 8 were he to reveal his identity for the purposes of the hearing.

Subd. 10. No person or association shall engage in economic reprisals or threaten loss of employment or physical coercion against any person or association because of that person's or association's political contributions or political activity. This subdivision shall not apply to compensation for employment or loss of employment when the political affiliation or viewpoint of the employee is a bona fide occupational qualification of the employment. Any person or association which violates this subdivision is guilty of a gross misdemeanor.

Sec. 22. [REPORTS TO COUNTY AUDITOR.] Subdivision 1. All reports or statements that must be filed with the commission by the principal campaign committee of legislative candidates shall also be filed with the county auditor of each county in which the legislative district lies.

Subd. 2. The copies of reports filed with the county auditor need not be certified copies.

Subd. 3. Statements and reports filed with county auditors shall be available to the public in the manner prescribed by section 3, subdivision 8, clause (e), and retained until four years after the election to which they pertain.

Sec. 23. [REQUIREMENTS RESPECTING REPORTS AND STATEMENTS.] Subdivision 1. A report or statement required by sections 12 to 36 to be filed by a treasurer of a political committee or political fund, or by any other person, shall be signed and certified as true by the person required to file the report. Any person who signs and certifies to be true a report or statement which he knows contains false information or who knowingly omits required information is guilty of a felony.

Subd. 2. Each contribution in kind shall be valued at fair market value and reported on the appropriate schedule of receipts, identified as to its nature and listed as "contribution in kind". The total amount of goods and services contributed in kind shall be deemed to have been consumed in the reporting period in which received. Each contribution in kind shall be declared as an expenditure at the same fair market value and reported on the appropriate expenditure schedule, identified as "contribution in kind". A candidate may refuse to accept any contribution in kind. For purposes of this subdivision "contribution in kind" means any contribution except money.

Subd. 3. In determining the aggregate of a person's contributions, the treasurer shall list contributions from the same donor under the same name. In each instance when a contribution received from a person in a reporting period is added to previously reported unitemized contributions from the same contributor

and the aggregate exceeds the disclosure threshold of section 21, the name and address of that contributor shall then be listed on the prescribed reporting forms. A candidate may refuse to accept any contribution.

Subd. 4. A political committee or political fund making an expenditure, other than a transfer of funds, for or on behalf of more than one candidate for state or legislative office shall allocate the expenditure among the candidates on a reasonable cost basis and report this allocation for each candidate. The treasurer shall retain for audit any documents supporting the allocation.

Subd. 5. Each person required to file any report or statement shall maintain records on the matters required to be reported, including vouchers, cancelled checks, bills, invoices, worksheets, and receipts, which will provide in sufficient detail the necessary information from which the filed reports and statements may be verified, explained, clarified and checked for accuracy and completeness, and he shall keep the records available for audit, inspection, or examination by the commission or its authorized representatives for four years from the date of filing of the reports or statements or of changes or corrections thereto. Any person violating any provisions of this subdivision is guilty of a misdemeanor.

Subd. 6. The treasurer of a political committee or political fund shall not accept a contribution of more than \$100 from a political committee or political fund not registered in this state unless the contribution is accompanied by a written statement which lists the sources of the contribution in a manner which meets the disclosure requirements imposed by section 21, subdivision 3, clauses (b), (c) and (d). These statements shall be certified as true and correct by an officer of the contributing committee or political fund. The provisions of this subdivision shall not apply when the national affiliate of any political party in this state transfers money to its state affiliate and that money is expended by the state political party on behalf of candidates of that party generally, without referring to any of them specifically, in any advertisement published or posted, on any broadcast, or in any telephone conversation if that conversation mentions three or more candidates.

Subd. 7. The secretary of state shall cause one certified copy of each report or statement filed with him under section 309 of the federal election campaign act of 1971 to be delivered to the commission within 24 hours of the time he receives such report or statement.

Sec. 24. [CHANGES AND CORRECTIONS.] Any material changes in information previously submitted and any corrections to a report shall be reported in writing to the commission in the next report following the date of the event prompting the change or the date upon which the person filing became aware of the inaccuracy. The change or correction shall identify the form and the paragraph containing the information to be changed or corrected. Any person who willfully fails to report a material change or correction is guilty of a gross misdemeanor.

Sec. 25. [DISSOLUTION OR TERMINATION.] No political committee or political fund shall dissolve until it has settled all of its debts

and filed a termination report. The termination report shall include all information required in periodic reports and a statement as to the disposition of any residual funds.

Sec. 26. [LIMITS ON CAMPAIGN EXPENDITURES.] Subdivision 1. For the purposes of sections 26 to 36 a candidate for governor and a candidate for lieutenant governor, running together, shall be deemed to be a single candidate, and all expenditures made by or on behalf of the candidate for governor and all expenditures made by or on behalf of the candidate for lieutenant governor shall be considered to be expenditures by or on behalf of the candidate for governor.

Subd. 2. In a year in which a candidate stands for election no expenditures shall be made and no obligations to make expenditures shall be incurred by a candidate, political committee, political fund or individual which makes expenditures with the authorization, express or implied, and under the control, direct or indirect, of the candidate or his agents which results in the aggregate expenditure on behalf of the candidate of an amount in excess of the following amounts;

(a) For governor and lieutenant governor, running jointly, 15 cents per capita;

(b) For attorney general, four cents per capita;

(c) For secretary of state, state treasurer and state auditor, separately, $1\frac{1}{4}$ cents per capita;

(d) For state senator, 25 cents per capita;

(e) For state representative, 25 cents per capita.

Subd. 3. Notwithstanding subdivision 2, a candidate for party endorsement at the convention of a political party may spend five percent of the amount in subdivision 2, prior to the time of endorsement. The money actually spent for endorsement shall be in addition to the money which may be expended pursuant to Subdivision 2.

Subd. 4. Notwithstanding subdivision 2 with respect to the 1974 general election, expenses incurred prior to the effective date of this act shall not be counted against the spending limitations imposed by subdivision 2.

Subd. 5. If the winning candidate in a contested race in a primary election receives less than 70 percent of the vote cast in that election, he shall have added to the aggregate amount which may be expended by him or on his behalf an amount equal to one fourth of the applicable amount as set forth in subdivision 2 of this section, or the amount actually expended by him or on his behalf in the primary election, whichever is less.

Subd. 6. On or before January 31 of each election year, the commission shall determine and cause to be published generally the per capita amounts specified in subdivision 2. In determining the per capita amounts, the commission shall use:

(a) In the case of the elections for governor and lieutenant governor, attorney general, secretary of state, state treasurer and state auditor, the total population of the state;

(b) In the case of the elections for state senator, 1/67 of the total population of the state;

(c) In the case of elections for state representative, 1/134 of the total population of the state.

Subd. 7. On or before January 15 of each election year, the secretary of state shall certify to the commission the estimated total population of the state as of January 1 of that year.

Subd. 8. An expenditure is made in the year in which the goods or service for which it was made are used or consumed.

Sec. 27. [TRANSFERS OF FUNDS EXCEPTED.] A transfer of funds from any political committee or political fund other than a political party to the principal campaign committee of a candidate shall not be considered to be an expenditure of funds on behalf of the candidate by the political committee or political fund.

Sec. 28. [ADDITIONAL LIMITATIONS.] Subdivision 1. No political committee, political fund, or individual, except a political party or the principal campaign committee of a candidate shall make expenditures on behalf of a candidate, or transfer funds to the principal campaign committee of a candidate, in an amount in excess of ten percent of the amount that may be spent by or on behalf of that candidate as set forth in section 26.

Subd. 2. No political party shall make expenditures on behalf of a candidate or transfer funds to the principal campaign committee of a candidate in an amount in excess of 40 percent of the amount that may be spent by or on behalf of that candidate as set forth in section 26.

Subd. 3. Expenditures by a political party on behalf of candidates of that party generally, without referring to any of them specifically in any advertisement published or posted, on any broadcast, or in any telephone conversation, if that conversation mentions three or more candidates, shall not be subject to the limitations of section 26, subdivision 2.

Subd. 4. For the purposes of this section, a political party includes a political party's official organization within congressional districts, counties, legislative districts, municipalities, wards and precincts, and party organizations within a legislative body.

Sec. 29. [PRICE ADJUSTMENT.] At the beginning of each year, the commission shall obtain from the secretary of labor of the United States information as to the percent difference between the national price index for the 12 months preceding the beginning of the year and the price index for the base period which shall be 1973. Each amount determined under section 26 shall be increased by the percent difference. Each amount so increased after being rounded off to the nearest \$10 shall be the amount in effect for the year. For the purpose of this section, the term "price index" means the average over a year of the consumer price index (all items, United States city average published monthly by the United States bureau of labor statistics).

In the event that there is a decline in the price index it shall not result in a reduction in the amounts determined under section 26 and in any year after 1974 in which there is a decline in the price index, the amounts in effect shall be those in effect for the preceding general election.

Sec. 30. [PENALTY FOR EXCEEDING LIMITS.] Any person or association that makes expenditures in excess of the limitations imposed by sections 26 and 28 shall be subject to a fine equal to three times the amount by which its expenditure exceeded the limit. If the commission, a county attorney or the attorney general has reason to believe that a person or association has made such excess expenditures, it or he shall bring an action in the district court of Ramsey county or in the case of a legislative candidate a district court of a county within the legislative district, to impose this penalty. All moneys recovered pursuant to this section shall be deposited in the general account of the state elections campaign fund.

Sec. 31. [CIRCUMVENTION PROHIBITED.] Any attempt by a person to circumvent the provisions of sections 12 to 30 by redirecting funds through, or contributing funds on behalf of, another person is a gross misdemeanor.

Subd. 3. The income tax form provided to taxpayers shall include:

(c) Within two weeks of the certification by the state canvassing board of the results of the primary election, the state treasurer shall distribute available funds in each account, other than the general account, of the state elections fund to the appropriate candidates who are to appear on the ballot for general election as prescribed in clauses (a) and (b).

Subd. 2. No candidate shall be entitled to receive from the state elections campaign fund an amount greater than the total amount actually expended by or on behalf of the candidate during his campaign.

Subd. 3. As a condition of receiving any funds from the state elections campaign fund, any candidate, prior to receipt of the funds, shall agree that his principal campaign committee shall not

accept contributions exceeding 105 percent of the difference between the amount which may legally be expended by or on behalf of that candidate, and the amount which the candidate receives from the state elections campaign fund.

Subd. 4. If a political party for whose candidates funds have been accumulated in the state elections campaign fund does not have a candidate for statewide office, state representative or state senator, the moneys which would be used for distribution to that category or categories shall be transferred to the general account.

Sec. 35. [APPLICATION.] The provisions of sections 32 to 34 shall apply only in general elections and primary elections preceding general elections and shall not include special elections, special primary elections, conventions, and caucuses of a political party.

Strike everything after the enacting clause and insert in lieu thereof:

Section 1. [LEGISLATIVE POLICY.] The legislature finds and declares that the rapid spread of urban development in the metropolitan area presents major problems in the management and use of the natural resources of the area. The effects of development policies extend beyond municipal and county boundaries, requiring coordination throughout the metropolitan area and assistance from the state. It is the policy of the state and the purpose of this act to provide for the protection of the health, safety and welfare of the people of the area and the conservation of natural resources by encouraging local governmental units to adopt and enforce sound policies regulating the subdivision, use and development of the limited land and water resources of the metropolitan area, and to provide the assistance of metropolitan and state agencies in achieving that objective.

Sec. 2. [DEFINITIONS.] Subdivision 1. For purpose of this act, the terms defined in this section have the meanings given them.

Subd. 2. "Metropolitan area" means the area defined in Minnesota Statutes, Section 473B.02.

Subd. 3. "Metropolitan council" means the metropolitan council created by Minnesota Statutes, Section 473B.02.

Subd. 4. "Local governmental unit" means a county, city or town in the metropolitan area having planning and zoning authority as defined in Minnesota Statutes, Chapter 394, or Section 462.353.

Sec. 3. [STANDARDS AND CRITERIA.] Subdivision 1. Before January 1, 1976, and thereafter when made necessary by changed conditions or advances in scientific knowledge, the metropolitan council shall promulgate suggested standards and criteria and model ordinances for the regulation of the use and development of the land and water within the metropolitan area which will provide for:

(a) the protection and preservation of those wetlands and lowlands permanently or intermittently covered with waters, such as marshes, swamps, bogs, meadows, potholes and sloughs which are essential to hydrological or ecological systems or for flood control;

(b) the protection of groundwater recharge areas which contribute significantly to the recharge of groundwater aquifers;

(c) the minimum erosion of those slopes which are subject to severe or moderate erosion because of their degree of slope and soil type;

(d) the maximum retention of existing forests and woodlands, the minimum removal of trees for development, and the encouragement of replanting where removal is unavoidable;

(e) the determination of the suitability of soils or bedrock for development, design and construction measures for development which would compensate for existing soil or bedrock problems, and the prevention of the type of development for which such soils or bedrock are unsuitable;

(f) the protection and preservation of the natural watercourses, intermittent or permanent, and the minimum discharge of pollutants into water bodies and water courses by storm runoff and otherwise;

(g) local review and comment on applications for permits to change the course, current, or cross section of public waters pursuant to Minnesota Statutes, Section 105.42, and standards to govern the local review;

(h) the protection and preservation of areas containing unique or endangered species of plants and animals;

(i) the prevention of development for non-agricultural use of prime agricultural lands where such land is essential for agricultural purposes;

(j) the regulation of the extraction of minerals, including sand and gravel, to minimize undesirable environmental effects and provide for future utilization of the lands involved;

(k) the preservation of natural resource areas of particular historical significance.

Subd. 2. In preparation of these standards and criteria, and model ordinances, and in order to assure consistency with regulations, standards, criteria and model ordinances promulgated by other state agencies, the metropolitan council shall, where appropriate, seek the assistance and approval of the department of natural resources and the Minnesota environmental quality council. In addition, the metropolitan council shall, where appropriate, seek the assistance of the state planning agency, the Minnesota pollution control agency, soil and water conservation districts, the University of Minnesota, the department of agriculture, and other appropriate agencies.

Sec. 4. [LOCAL ORDINANCES.] Each local governmental unit in the metropolitan area may, after review and comment by the metropolitan council, adopt ordinances, separately or as a part of its zoning and subdivision ordinances, which meet the minimum standards proposed by the metropolitan council.

Sec. 5. [DISTRICTS.] In addition to all other authority relating to planning and zoning granted by Minnesota Statutes, Sections 394.25 or 462.357, local governmental units may establish zoning districts or zones in which the use of land and water areas are limited to purposes consistent with the standards and criteria established pursuant to this section.

Sec. 6. [COOPERATION.] In adopting and enforcing the ordinances for which standards and criteria are provided by this act, local governmental units may consult and cooperate with affected soil and water conservation districts, watershed districts, and lake conservation districts on matters of common concern.

Sec. 7. [METROPOLITAN COUNCIL ASSISTANCE.] The metropolitan council, in cooperation with local governmental units, shall collect information required for the development of sound standards and criteria in accordance with this act and sound standards and criteria for shoreland and floodplain management. Subd. 13. "Deputy director" means the deputy director of the Minnesota pollution control agency.

Subd. 14. "Assistant director" means the assistant director of the Minnesota pollution control agency.'

Sec. 5. Minnesota Statutes, 1973 Supplement, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution.

The agency shall adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, *storage*, and disposal of solid waste for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of solid waste control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use *by adopting at least two sets of standards*. Such standards of solid waste control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the out-

door atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1971, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [REGULATIONS AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind regulations and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such regulation or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, regulations or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind regulations and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, *storage*, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. Any such regulation or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowances for variations therein. Without limitation, regulations or standards may relate to collection, transportation, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, and disposal of solid waste, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind regulations and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter

727, for the prevention, abatement, or control of noise pollution. Any such regulation or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, regulations or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to chapter 116, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Sec. 7. Minnesota Statutes 1971, Section 116.07, Subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, *or for the sources or emissions of noise pollution.*

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the collection, transportation, *storage*, or disposal of solid waste, or for the installation or operation of any system or facility, or any part thereof, related to the collection, transportation or disposal of solid waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

Sec. 8. Minnesota Statutes 1971, Section 116.081, Subdivision 1, is amended to read:

116.081 [PROHIBITIONS.] Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate an emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, storage facility, or system or facility related to the collection, transportation, *storage*, or disposal of solid waste, or any part thereof unless otherwise exempted by any agency regulation now in force or hereinafter adopted, until plans therefor shall have been submitted to the agency, and a written permit therefor shall have been granted by the agency. The requirements of this section shall not be applied to motor vehicles.

Sec. 2. [CITY OF ST. PAUL; HOUSING REHABILITATION LOAN PROGRAM.] The city of Saint Paul is authorized to develop and administer a housing rehabilitation loan program with respect to property owned and occupied by persons of low and moderate income, located anywhere within its boundaries, on such terms and conditions as it determines; provided, that in approving applications for this program, the following factors shall be considered: (1) the availability of other governmental programs affordable by the applicant; (2) the availability and affordability of private market financing; (3) whether the housing is required, pursuant to an urban renewal program or a code enforcement program, to be repaired, improved, or rehabilitated; (4) whether the housing is required, pursuant to a court order issued under Minnesota Statutes, 1973 Supplement, Section 566.25 clauses (b), (c), (e), to be repaired, improved or rehabilitated; and (5) whether the housing has been determined to be uninsurable because of physical hazards after inspection pursuant to a statewide property insurance plan approved by the United States Department of Housing and Urban Development under Title XII of the National Housing Act; and further provided that all loans and grants shall be issued primarily for rehabilitating housing so that it meets applicable housing codes. Prior to making any rehabilitation loans, the city council or its designee shall adopt regulations which comply substantially with the provisions of section 312 of Title III of the Federal Housing Act of 1964 and acts supplemental thereto insofar as that section relates to the determinations to be made as a condition precedent to the making of rehabilitation loans under said act.

and administer a housing rehabilitation grant program with respect to property within its boundaries, on such terms and conditions as it determines, provided that; in approving applications for this program, all of the considerations and limitations enumerated in section 2 of this act for loans must be considered in making grants under this program, and the following factors must also be considered: (1) whether the housing unit is a single family dwelling or homesteaded unit and (2) whether the applicant is a person of low income; and further provided that: the city council of the city of Saint Paul shall by ordinance set forth the regulations for this grant program, and further provided that: the dollar value of grants made shall not exceed five percent of the total value of the bonds issued for the loan and grant program together.

Sec. 4. [ISSUANCE OF BONDS.] To finance the programs authorized in sections 2 and 3 of this act, the council of the city of Saint Paul, by resolution or resolutions, may from time to time authorize, issue and sell general obligation bonds of the city of Saint Paul, without a vote of the electorate, in accordance with the provisions of Minnesota Statutes, Chapter 475, notwithstanding any other provision of law or of the city charter or ordinance. Subd. 2. The division may employ or otherwise secure the services of professional and technical personnel capable of providing expert assistance to political subdivisions, and carrying out their emergency plans. This personnel shall consult with political subdivisions and shall make field examinations of the areas, circumstances, and conditions to which particular emergency plans are intended to apply, and may suggest revisions to the emergency plans. Any such revisions to the plan are subject to the approval of the division.

(a) In preparing and revising the state emergency plan, the division of emergency services shall seek the advice and assistance of local governmental, business, labor, industrial, agricultural, civic, and volunteer organizations and community leaders. Sec. 7. [FINANCE, ASSISTANCE, ACCEPTANCE; RULES BY GOVERNOR.] Subdivision 1. Where an emergency or disaster exists the executive council shall expend the funds appropriated to it pursuant to Minnesota Statutes, Section 9.061, for the purposes of this act as for the purposes specified in that section.

Subd. 2. Whenever the federal government or any agency or officer thereof shall offer to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant or loan, for the purposes of emergency services, the state, acting through the governor, or such political subdivision, acting with the consent of the governor and through its governing body, may accept such offer and upon such acceptance the governor of the state or governing body of such political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive such services, equipment, supplies, materials, or funds on behalf of the state or such political subdivision, and subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer, but no moneys or other funds shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law.

Subd. 3. Whenever any person, firm or corporation shall offer to the state or to any political subdivision thereof, services, equipment, supplies, materials, real property, or funds by the way of gift, grant or loan, for purposes of emergency services, the state, acting through the governor, or such political subdivision, acting through its governing body, may accept such offer and upon such acceptance the governor of the state or the governing body of such political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive such services, equipment, supplies, materials, real property, or funds on behalf of the state or such political subdivision, and subject to the terms of the offer, but no moneys or other funds shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law. Real property so accepted shall be treated as, and subject to the same immunities during time of emergencies and disasters as real property owned by the state.

Subd. 4. The governor shall have authority to establish rules and regulations in accordance with the law for the proper and efficient operation and administration of the emergency services program including methods relating to the establishment and maintenance of personnel standards on a merit basis for all employees of local emergency services agencies, provided, however, that the governor shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods.

The governor may, by rule or regulation, cooperate with the federal government in any manner as may be necessary to qualify for federal aid to carry out the provisions herein expressed. The governor may, by rule or regulation, also cooperate with other political units or sub-

divisions in establishing and maintaining personnel standards on a merit basis.

In carrying out the provisions of this act, the governor and the governing bodies of the political subdivisions of the state are directed to utilize the services, equipment, supplies and facilities of existing departments, offices, and agencies of the state and of the political subdivisions thereof to the maximum extent practicable, and the officers and personnel of all such departments, offices, and agencies are directed to cooperate with and extend such services and facilities to the governor and to the emergency services organizations of the state upon request.

Subd. 5. Where the governor or his duly authorized representatives find it necessary to send an employee of the division of emergency services or a volunteer designated by the division, to any school training or indoctrination program, or place for training or indoctrination in a matter legitimately connected with emergency services, the division shall compensate that person at the rate of \$35 per day for the time that he remains where he has been sent plus reasonable and necessary expenses in the same manner and amount as state employees.

Subd. 6. Nothing contained in this section shall be construed to limit the governor's authority to apply for, administer, and expend grants, gifts, or payment in aid of disaster prevention, preparedness, response, or recovery.

Sec. 8. [LOCAL ORGANIZATIONS.] Subdivision 1. Each political subdivision of this state shall establish a local organization for emergency services in accordance with the state emergency plan and program, but no town shall establish a local organization for emergency services without approval of the state director. Each local organization for emergency services shall have a director who shall be appointed forthwith in a city, by the mayor thereof, in a town by the town board, and for a public corporation created and operating under Minnesota Statutes, Sections 360.101 to 360.133 by its governing body who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency services, subject to the direction and control of such governing body.

Subd. 2. Each county emergency services organization shall have a director and one or more deputy directors. They shall be appointed by the county board. A county organization for emergency services shall have jurisdiction throughout the county outside of any city, or of a town which has a local emergency services organization. In addition to the other powers granted by this subdivision, such county organizations shall coordinate the activities of and may assist in the training of emergency services organizations of political subdivisions within the county, plan for the continuity of county government in cooperation with the county attorney who is authorized and directed to give legal advice to the county organization, acquire equipment necessary in connection therewith, and expend funds provided by the county board out of general revenue funds for such purposes.

Subd. 3. Each local and county organization for emergency services shall perform emergency functions within the territorial

limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this act or any other applicable provisions of law.

Subd. 4. The county emergency services director shall promote a community first aid and blood bank committee for each hospital within the county other than any owned and operated by the state or federal governments. This committee, in cooperation with the committee on emergency services and disaster blood program, the medical and administrative staff of the hospital and other local and state agencies, shall develop blood banks and donor lists in accordance with the provisions of this act.

Subd. 5. With approval of the governor, two or more political subdivisions may enter into agreements determining the boundaries of the geographic areas of their respective emergency responsibilities or providing for a common emergency services organization which, for the purposes of this act shall be a local emergency services organization.

Subd. 6. Each political subdivision either alone or in conjunction with another political subdivision shall prepare and keep current an emergency plan for its area.

Subd. 7. The political subdivision's organization of emergency service shall prepare and distribute to all appropriate persons in written form a clear and complete statement of the emergency responsibilities of local agencies and persons.

Subd. 8. To provide moneys for emergency services purposes authorized by this chapter, a political subdivision is empowered to levy annually upon all taxable property in the political subdivision, except as provided in subdivision 11, a tax in excess of and over and above all taxing limitations, except a limitation established pursuant to sections 275.50 to 275.56, in such amount as may be necessary to pay such expenditures. The total amount of a tax levied under authority of this section except when levied by a county shall not exceed 40 cents per capita based on the last federal regular or special census, except in a political subdivision in which such tax will not produce a total amount of \$1,000 in which event a tax sufficient to produce \$1,000 or so much thereof as may be necessary may be levied, if not in excess of a limitation established pursuant to sections 275.50 to 275.56.

Subd. 9. (a) To provide moneys for the purchase of organizational equipment which is to be paid for in part by the federal government, a political subdivision is empowered to levy a tax upon all taxable property in the political subdivision, except as provided in subdivision 10, in excess of and over and above all taxing limitations, including those provided in subdivision 8, but subject to a limitation established pursuant to sections 275.50 to 275.56, in such amount as may be necessary to pay its share of the cost of such organizational equipment, provided that the governor has approved the purchase thereof.

(b) Each political subdivision which has initiated the purchase of organizational equipment shall have the power:

(1) To pay into the state treasury, in trust, its share of the cost of organizational equipment required by the federal government to be paid in advance.

(2) To pay into the state treasury, in trust, its share of the reimbursement of the federal government by the state as part of its share of the cost of organizational equipment purchased for the political subdivision and initially wholly paid for from the federal treasury.

(3) To pay the entire cost of organizational equipment from funds derived from tax levies herein authorized but within the limitations of subdivision 8. Organizational equipment purchased entirely from funds of a political subdivision need not be in excess of equipment provided for normal operation of a political subdivision and may be of a type and kind usable for local emergency services purpose.

Subd. 10. When levied by a county, the taxes authorized in subdivisions 8 and 9, respectively, shall be spread wholly and exclusively upon property within the portion of the county over which the county local organization for civil defense has justification as provided in section 12.25, subdivision 1; provided, however, that a county may levy annually a tax upon all taxable property within any city or town within the county which has a local civil defense organization.

Subd. 11. Notwithstanding the limitation contained in section 8, subdivision 9, the limitation applicable to the city of Minneapolis shall continue at 20 cents per capita, and no levy may be made by Hennepin county on property within the city of Minneapolis pursuant to section 8, subdivision 11.

Sec. 9. Subdivision 1. If the governor or his designee find that two or more political subdivisions would benefit more by jointly developing and maintaining an emergency plan than by maintaining separate emergency plans, he may by executive order require the political subdivisions to develop and maintain a single emergency plan. This determination shall be subject to the consent of the political subdivisions and shall be based on these considerations of the political subdivisions:

- (a) Population;
- (b) Financial resources;
- (c) Vulnerability to disaster or emergency;
- (d) Interrelated characteristics;
- (e) Other relevant conditions or circumstances.

Subd. 2. If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship to protect this area, he shall take the proper steps to establish this relationship.

Subd. 3. In the event a jurisdiction or jurisdictions with which the governor proposes to cooperate has not enacted the interstate civil defense and disaster compact, he may negotiate special agreements with the jurisdiction or jurisdictions. Any agreement, if sufficient authority for the making thereof does not otherwise exist, becomes effective only after its text has been communicated to the legislature and provided that neither house of the legislature has disapproved it in the next session or within one year after its submission, whichever is shorter.

Sec. 10. [INTERGOVERNMENTAL ARRANGEMENTS.] Subdivision 1. This state enacts into law and enters into the interstate civil defense and disaster compact with all states, defined therein, which states have enacted or shall hereafter enact the compact in the form substantially as follows:

Interstate Civil Defense and Disaster Compact

The contracting States solemnly agree:

ARTICLE I

The purpose of this compact is to provide mutual aid among the states in meeting any emergency or disaster from enemy attack or other cause, natural or otherwise, including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full, and effective utilization of the resources of the respective states, including such resources as may be available from the United States government or any other source, are essential to the safety, care, and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment, or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the states that are parties hereto. The directors of civil defense of all party states shall constitute a committee to formulate plans to take all necessary steps for the implementation of this contract.

ARTICLE II

It shall be the duty of each party state to formulate civil defense plans and programs for application within such state. There shall be frequent consultation between the representatives of the states and with the United States government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs the party states shall so far as possible provide and follow uniform standards, practices and rules and regulations including:

(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services;

(b) Blackouts and practice blackouts, air-raid drills, mobilization of civil defense forces and other tests and exercises;

(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;

(d) The effective screening or extinguishing of all lights and lighting devices and appliances;

(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;

(f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party state;

(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during and subsequent to drills or attacks;

(h) The safety of public meetings or gatherings; and

(i) Mobile support units.

ARTICLE III

Any party state requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall extend to the civil defense forces of any other party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, privileges and immunities as if they were performing their duties in the state in which normally employed or rendering services. Civil defense forces will continue under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the state receiving assistance.

ARTICLE IV

Whenever any person holds a license, certificate, or other permit issued by any state evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party state to meet an emergency or disaster and such state shall give due recognition to such license, certificate or other permit as if issued in the state in which aid is rendered.

ARTICLE V

No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

ARTICLE VI

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that appropriate among other states party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or states. Such supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies.

ARTICLE VII

Each party state shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that state and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

ARTICLE VIII

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further that any two or more party states may enter into supplementary agreements establishing a different allocation of costs as among those states. The United States government may relieve the party state receiving aid from any liability and reimburse the party state supplying civil defense forces for the compensation paid to and the transportation, subsistence, and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the state and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment, or facilities so utilized or consumed.

ARTICLE IX

Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party states and the various local civil defense areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to

other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed by the party state of which the evacuees are residents, or by the United States government under plans approved by it. After the termination of the emergency or disaster the party state of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

ARTICLE X

This compact shall be available to any state, territory or possession of the United States, and the District of Columbia. The term "state" may also include any neighboring foreign country or province or state thereof.

ARTICLE XI

The committee established pursuant to Article 1 of this compact may request the Civil Defense Agency of the United States government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States government may attend meetings of such committee.

ARTICLE XII

This compact shall become operative immediately upon its ratification by any state as between it and any other state or states so ratifying and shall be subject to approval by Congress unless prior congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and the Civil Defense Agency and other appropriate agencies of the United States government.

ARTICLE XIII

This compact shall continue in force and remain binding on each party state until the legislature or the governor of such party state takes action to withdraw therefrom. Such action shall not be effective until 30 days after notice thereof has been sent by the governor of the party state desiring to withdraw to the governors of all other party states.

ARTICLE XIV

This compact shall be construed to effectuate the purposes stated in Article 1 hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

Sec. 11. [LOCAL EMERGENCIES.] Subdivision 1. A local emergency may be declared only by the executive authority of the affected political subdivision. The local emergency shall not be continued or renewed for a period in excess of seven days except with the consent of the governing board of the political subdivision involved. Any order or proclamation in regard to a local emergency shall be given prompt and general publicity and shall be filed promptly with the chief local records-keeping agency.

Subd. 2. The effect of a declaration of a local emergency is to activate applicable emergency plans.

Sec. 12. [DISASTER PREVENTION.] Subdivision 1. The governor shall direct state agencies, including but not limited to those charged with responsibilities of flood plain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land-use planning, and construction standards, to conduct studies and submit reports to the governor relative to disasters and emergencies. The governor shall make recommendations to the legislature, political subdivisions, and state agencies regarding measures for prevention and reduction of the harmful consequences of disasters and emergencies.

Subd. 2. The department of natural resources, in conjunction with the division of emergency services, shall keep land uses and construction of structures and other facilities under continuing study and identify areas which are particularly susceptible to severe land shifting, subsidence, and flood. The studies under this subdivision shall concentrate on means of reducing or avoiding the dangers and consequences of such occurrences.

Subd. 3. If the division of emergency services determines that existing building standards and land-use controls in an area are inadequate and could add substantially to the magnitude of the disaster, it shall recommend to the governor the changes it finds necessary to reduce the magnitude of the disaster. If the governor upon review of the recommendation finds that the changes are essential, he shall so recommend that these changes be implemented by the appropriate state agency or political subdivision. If his recommendations are not acted upon within the time specified by the governor, he shall so inform the legislature and request legislative action.

Sec. 13. [COMMUNICATIONS.] The division of emergency services shall ascertain what means exist for rapid and efficient communications in times of emergencies or disasters. The agency shall consider the desirability of supplementing these communications resources or of integrating them into a comprehensive state or state-federal telecommunications or other communications system or network. In studying the character and feasibility of any system or its several parts, the division shall evaluate the possibility of multipurpose use thereof for general state and local governmental purposes. The division shall make recommendations to the governor as appropriate.

Sec. 14. [MUTUAL AID.] Subdivision 1. Political subdivisions shall be encouraged and assisted by the division of emergency services to enter into suitable arrangements for furnishing mutual aid in coping with disasters.

Subd. 2. In reviewing of local emergency plans, the governor shall consider whether they contain adequate provisions for the rendering and receipt of mutual aid.

Sec. 15. [ASSISTANCE BETWEEN POLITICAL SUBDIVISIONS.] Subdivision 1. Whenever requested by a political subdivision after declaration of a stated emergency or disaster, the governor may, in his discretion, authorize and direct the police, fire-fighting, health, or other force of any political subdivision, herein called the sending political subdivision, to go to the assistance of another political subdivision, herein called the receiving political subdivision, and to take and use for such purpose such personnel, equipment, and supplies of the sending political subdivision as the governor may direct.

Subd. 2. While so engaged, the officers and members of such forces shall have the same powers, duties, rights, privileges and immunities as if they were performing like service in the sending political subdivision and shall be considered to be acting within the scope of and in the course of their regular employment, as employees of such sending political subdivision.

Subd. 3. The receiving political subdivision shall reimburse the sending political subdivision for all supplies used and the compensation paid to all officers and members of the forces so furnished during such time as the rendition of such aid prevents them from performing their duties in the sending political subdivision, for the actual traveling and maintenance expenses of such officers and members while rendering such aid, and the cost of all insurance covering such officers and members while so engaged. Any claim for such loss, damage or expense in use of equipment or supplies or for additional expenses incurred in the operation or maintenance thereof shall not be allowed unless within 90 days after the same is sustained or incurred an itemized notice of such claim, verified by an officer or employee of the municipality having knowledge of the facts, is filed with the clerk of the receiving political subdivision.

Subd. 4. It shall be the policy of the state to reimburse the sending political subdivision for any loss or damage to equipment used outside of the corporate limits of the sending political subdivision and to reimburse the sending political subdivision for any additional expenses incurred in the operation and maintenance thereof outside such corporate limits. Any claim for such loss, damage or expense in use of equipment or for additional expenses incurred in the operation or maintenance thereof shall not be allowed unless within 90 days after the same is sustained or incurred an itemized notice of such claim, verified by an officer or employee of the sending political subdivision having knowledge of the facts, is filed with the state director.

Sec. 16. [PERSONS REQUIRED TO ASSIST.] Subdivision 1.

During an emergency or disaster, the governor, the state director or a member of a class of members of a state or local civil defense organization designated by the governor, may, when necessary to save life or property, (1) require any person, except members of the federal or state military forces and officers of the state or a political subdivision, to perform services for emergency services purposes as directed by any of the persons first above described, and (2) commandeer, during a disaster or emergency, any motor vehicle, tools, appliances or any other personal property.

Subd. 2. The owner of any property so commandeered shall be promptly paid just compensation for the use thereof and all damages done to the property while so used for emergency services purposes. The governor or the governing body of the political subdivision concerned, respectively, according to the use thereof, shall make a formal order determining the amount of such compensation. The owner may appeal to the district court of the county in which such property was commandeered if, within 30 days from the date of such order, he serves upon the governor or the political subdivision concerned and files with the clerk of such court a written notice of appeal setting forth the order appealed from and, in detail, the amount claimed as compensation. Upon such appeal, the issue shall be the amount of damages to which the appellant is entitled. It may be noticed for trial as in the case of a civil action and the court may require other parties to be joined and to plead therein when necessary to a proper determination of the questions involved. The cause shall be tried without a jury *de novo* and the court shall determine the damages and the person or persons entitled thereto. Except as herein otherwise provided, the trial shall be conducted and the cause disposed of according to the rules applicable to civil actions in the district court. The court in its discretion may award to the prevailing party the costs and disbursements of the appeal.

Subd. 3. Any available personnel required to perform services for emergency services who refuses, neglects, or otherwise fails to perform the services required under subdivision 1 shall be guilty of a misdemeanor and punished by imprisonment in the county jail for not less than ten days or more than 90 days.

Sec. 17. [MOBILE SUPPORT UNITS CALLED TO DUTY.] Subdivision 1. Mobile support units shall be called to duty upon orders of the governor and shall perform their functions in any part of the state, or, upon the conditions specified in this section, in other states.

Subd. 2. Personnel of mobile support units while on active duty, whether within or without the state, shall: (1) if they are employees of the state, have the powers, duties, rights, privileges and immunities and receive the compensation incidental to their employment; (2) if they are employees of a political subdivision, and whether serving within or without such political subdivision, have the powers, duties, rights, privileges and immunities and receive the compensation incidental to their employment; and (3) if they are not employees of the state or a political subdivision thereof, receive compensation by the state of \$5 per day and have the same rights and immunities as are

provided by law for the employees of this state. All personnel of mobile support units shall, while on duty, be subject to the operational control of the authority in charge of emergency services activities in the area in which they are serving, and shall be reimbursed for all actual and necessary travel and subsistence expenses.

Subd. 3. The state shall reimburse a political subdivision for the compensation paid and actual and necessary travel, subsistence and maintenance expenses of employees of such political subdivision while serving as members of a mobile support unit and for all payments for death, disability or injury of such employees incurred in the course of such duty, and for all losses of or damage to supplies and equipment of such political subdivision resulting from the operation of such mobile support unit.

Subd. 4. Whenever a mobile support unit of another state shall render aid in this state pursuant to the orders of the governor of its home state, and upon the request of the governor of this state, this state shall reimburse such other state for the compensation paid and actual and necessary travel, subsistence and maintenance expenses of the personnel of such mobile support unit while rendering such aid, and for all payments for death, disability or injury of such personnel incurred in the course of rendering such aid, and for all losses of or damage to supplies and equipment of such other state or a governmental subdivision thereof resulting from the rendering of such aid; provided, that the laws of such other state contain provisions substantially similar to this section.

Subd. 5. No personnel of a mobile support unit of this state shall be ordered by the governor to operate in any other state unless the laws of such other state contain provisions substantially similar to this section.

Sec. 18. [GOVERNOR MAY CONTRACT.] The governor, during an emergency or disaster, is, notwithstanding any other provision of law, empowered to enter into contracts and incur obligations necessary to combat such emergency or disaster by protecting the health and safety of persons and the safety of property, and providing emergency assistance to the victims of such emergency or disaster; to exercise the powers vested by this subdivision in the light of the exigencies of the emergency or disaster without compliance with time-consuming procedures and formalities prescribed by law pertaining to the performance of public work, entering into contract, incurring obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials, for example, but not limited to, publication of calls for bids, provisions of the civil service act and rules, provisions relating to low bids and requirements for the budgeting and allotment of funds. All contracts shall be in writing, executed on behalf of the state by the governor or a person by him delegated in writing so to do, and shall be promptly filed with the state auditor, who shall forthwith encumber funds appropriated for the purposes of the contract for the full contract liability and certify thereon that such encumbrance has been made.

Sec. 19. [POLITICAL SUBDIVISIONS, AUTHORITY TO ENTER INTO CONTRACTS.] During a disaster or emergency, each political subdivision is, notwithstanding any statutory or charter provision to

the contrary, empowered, through its governing body acting within or without the corporate limits of the political subdivision, to enter into contracts and incur obligations necessary to combat such emergency or disaster by protecting the health and safety of persons and property, and providing emergency assistance to the victims of such emergency or disaster. Each political subdivision is authorized to exercise the powers vested by this subdivision in the light of the exigencies of the emergency or disaster without compliance with time-consuming procedures and formalities prescribed by law pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers; rental of equipment, purchase of supplies and materials, limitations upon tax levies, and the appropriation and expenditure of public funds, for example, but not limited to, publication of ordinances and resolutions, publication of calls for bids, provisions of civil service laws and rules, provisions relating to low bids, and requirements for budgets.

Sec. 20. [EMPLOYEES; LOYALTY OATHS.] No person shall be employed or associated in any capacity in an emergency service organization established under this act who advocates or has advocated a change by force or violence in the constitutional form of the government of the United States or in this state or the overthrow of any government in the United States by force or violence, or who has been convicted of or is under indictment or information charging any subversive act against the United States. Each person who is appointed to serve in an organization for emergency services shall, before entering upon his duties, take an oath, in writing, before a person authorized to administer oaths in this state, which oath shall be substantially as follows:

"I,, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter."

This oath may be administered by an officer of the division of emergency services, local emergency services director/coordinator or any public official authorized to administer oaths.

Sec. 21. [POLITICAL ACTIVITIES.] No organization for emergency services established under the authority of this chapter shall participate in any form of political activity, nor shall it be employed directly or indirectly for political purposes, nor shall it be employed in a legitimate labor dispute.

Sec. 22. Subd. 2. [CURRENT AID.] Beginning July 1, 1975, the state board for vocational education shall not enter into agreements to pay reimbursements but shall be obligated for reimbursement payments incurred in fiscal year 1975. These payments shall not exceed by more than 14 percent the amount appropriated for post-secondary vocational-technical education for fiscal year 1975. Beginning July 1, 1976, all vocational aid payments to the extent funds are available shall be made based on the approved budget for the current fiscal year.

Subd. 3. [BUDGETS.] Before May 1, 1974, and before January 1 of each year thereafter area vocational-technical institute budgets for the following fiscal year shall be submitted to the state board for vocational education. The commissioner, subject to the approval of the state board for vocational education, shall approve the overall budget for each district prior to June 15, 1974 and May 15 of each year thereafter. The total amount of reim-

bursement payments approved shall not exceed by more than 14 percent the amount appropriated for post-secondary vocational-technical education for fiscal year 1975. Inflation and expansion occurring in fiscal year 1976 shall be incorporated into the fiscal year 1976 budget request. No district shall increase its indebtedness during fiscal year 1976 unless authorized by the state board for vocational education. The state board for vocational education shall before October 1, 1974 promulgate rules and regulations which establish the approval criteria of budgets including but not limited to the following: responsiveness to current and projected manpower needs of population groups to be served in the various geographic areas and communities of the state, particularly disadvantaged and handicapped persons; adequacy of evaluation of programs; other criteria set forth in the state plan for vocational education. The commissioner, in cooperation with the department of finance, shall establish program budget standards by which the local school districts shall submit financial requests.

Subd. 4. [LOCAL DEFICITS.] The commissioner with the approval of the state board for vocational education shall establish a uniform auditing procedure for post-secondary vocational education. This procedure shall be used to determine the local deficit or surplus in each district as of July 1, 1974 and as of July 1 for each year thereafter. This deficit or surplus shall be certified to the commissioner before January 1, 1975 and January 1 of each year thereafter.

Sec. 2. [EARLY IDENTIFICATION AND EARLY CHILDHOOD PROGRAMS.] Subdivision 1. The board of any independent or special district may provide early identification and early childhood programs in one or more elementary school areas within the district and may receive state aids for such programs. In the 1974-75 school year such aids shall be provided for no more than 11 pilot program centers. The aids for such pilot programs shall be distributed in accordance with Minnesota Statutes, Sections 124.17 and 124.212.

Subd. 2. Each district providing such programs shall establish and maintain an account separate from all other district accounts for the receipt and disbursement of all funds related to such early identification and early childhood programs.

Subd. 3. Each district providing early identification and early childhood programs shall coordinate their services with any early identification and early childhood services provided in the district by other governmental agencies. A district may develop cooperative programs with private agencies providing early identification and early childhood services. All governmental agencies shall cooperate with the school district in these coordination efforts. Any district which provides early identification and early childhood programs but does not coordinate its efforts with other governmental agencies shall submit an explanatory report to the commissioner within one year after the implementation of its early identification and early childhood programs and each year thereafter in which such coordination is not established.

Subd. 4. A school district providing early identification and early childhood programs shall be eligible to receive funds for early identification and early childhood services from other government agencies and from private sources where such funds are available.

Subd. 5. A district may charge reasonable fees for early identification and early childhood services; however, a district shall waive such charge or fee if any pupil, his parent or guardian is unable to pay it.

Sec. 3. [TRANSITIONAL YEAR.] Subdivision 1. Notwithstanding any law to the contrary, in districts which have established an approved early identification and early childhood program, any secondary school student who has completed all required courses may, with the approval of the student, his parent or guardian, and local school officials, graduate prior to the completion of the school year. All aid which such student, had he not graduated, would have earned for the district pursuant to Minnesota Statutes, Section 124.212, plus that portion of the allowable foundation aid amount raised by the local tax levy which results from such transitional year students plus that portion of any excess levy allowable under Minnesota Statutes, Section 275.125, Subdivision 3 (5) shall continue to be earned by the district. All such transitional year funds shall be permanently transferred from the general fund to the early identification and early childhood account to provide for early identification and early childhood programs. Moneys so received shall be used only for purposes of the early identification and early childhood program.

Subd. 2. The commissioner shall promulgate rules and regulations setting forth the standards for application for and approval of this early graduation procedure.

Sec. 4. Minnesota Statutes 1971, Section 121.21, Subdivision 5, is amended to read:

Sec. 5. Minnesota Statutes 1971, Section 123.37, Subdivision 1, is amended to read:

123.37 [INDEPENDENT SCHOOL DISTRICTS, CONTRACTS.] Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall

exceed: (a) \$3,000 for school districts with an enrollment of students in grades 1 to 12 of less than 10,000, or (b) \$5,000 for all other school districts, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Such additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract shall be awarded to the lowest responsible bidder, duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by law. A record shall be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid shall be rejected unless the alteration or erasure is corrected as herein provided. An alteration or erasure may be crossed out and the correction thereof printed in ink or type-written adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district shall be established by competitive bids. Such standard requirement price contracts may contain escalation clauses and may provide for a negotiated price increase or decrease based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate such increase or decrease. The term of such contracts shall not exceed two years with an option on the part of the district to renew for an additional two years. Provided that in the case of purchase of perishable food items except milk for school lunches and vocational training programs a contract of any amount may be made by direct negotiation by obtaining two or more quotations for the purchase or sale, when possible, without advertising for bids or otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.

Every contract made without compliance with the provisions of this section shall be void. Provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

Firm bid contracts for the purchase of milk and ice cream nego-

tiated or renegotiated between September 1, 1973 and July 1, 1974 which provide for a price increase or decrease based upon a demonstrable industrywide or regional increase in the vendor's costs are not void under this subdivision, provided that the adjustment shall not exceed the increase or decrease authorized in the federal marketing order for raw milk between the dates of September 1, 1973 and July 1, 1974 for sales made between February 1, 1974 and July 1, 1974.

Sec. 6. Minnesota Statutes 1971, Section 123.37, is amended by adding a subdivision to read:

Subd. 1a. [AUTHORITY TO PURCHASE.] The board may authorize its superintendent or business manager to lease, purchase, and contract for goods and services within the budget as approved by the board, provided that any transaction in an amount exceeding the minimum amount for which bids are required must first be specifically authorized by the board and must fulfill all other applicable requirements in section 123.37, subdivision 1.

Sec. 7. Minnesota Statutes 1971, Section 123.37, is amended by adding a subdivision to read:

Subd. 1b. Notwithstanding the provisions of subdivision 1, a contract for the transportation of school children may be made either upon sealed bids or by direct negotiation, by obtaining two or more quotations for the service when possible. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. If a contract is made upon sealed bids, the procedure for advertising and awarding bids shall conform to the provisions of subdivision 1.

Sec. 8. Minnesota Statutes 1971, Section 123.39, Subdivision 1, is amended to read:

123.39 [INDEPENDENT SCHOOL DISTRICTS, TRANSPORTATION.] Subdivision 1. Every driver shall possess all the qualifications required by the rules of the state board of education. In any district which at the time of the adoption of this code was a consolidated district or enjoyed the privileges of a consolidated district, the board shall arrange for the attendance of all pupils living two miles or more from the school, through suitable provision for transportation or for the boarding and rooming of such pupils as may be more economically and conveniently provided for by such means. The district is authorized to provide for the transportation of pupils or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by such means *or where pupils attend school in a*

building rented or leased by a district within the confines of an adjacent district .

Sec. 9. Minnesota Statutes 1971, Section 123.39, is amended by adding a subdivision to read:

Sec. 10. Minnesota Statutes, 1973 Supplement, Section 124.04, is amended to read:

124.04 [CAPITAL EXPENDITURE TAXING AUTHORITY.] In addition to the tax levy prescribed by law for general and special school purposes, the board of any district may levy annually an amount not to exceed \$65 per pupil unit and not to exceed 10 mills on each dollar of assessed valuation of the taxable property in the district as adjusted for the preceding year by the equalization aid review committee notwithstanding the provisions of sections 272.64 and 275.49, provided that said levy may not exceed by more than two mills (three mills if the district adds units pursuant to section 124.17, subdivision 1, clause (7)) the levy under this section in the previous year and provided further that any district which did not levy pursuant to this section in 1972 may certify a maximum levy of 6 mills not to exceed \$65 per pupil unit in 1974 . The tax so levied shall be collected in the manner provided by law for the collection of school taxes. The proceeds of the tax may be used only to acquire land, improve and repair school sites and to equip, re-equip, repair and improve buildings and permanent attached fixtures. Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

The proceeds of the tax shall not be used for custodial or other maintenance services.

Sec. 11. Minnesota Statutes 1971, Section 124.13, is amended to read:

~~(4)~~ (5) To meet the problems of educational overburden caused by broken homes, poverty and low income, each pupil *in clauses (2) and (3) from families receiving aid to families with dependent children or its successor program shall be counted as an additional five-tenths pupil unit. The department of public welfare is directed to furnish to the department of education that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.*

For districts operating 12 months schools, days schools are in session shall mean the number of session days required by section 124.19, subdivision 1. The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which such pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil. Foundation aid for each pupil in such shared time classes shall be paid at a rate proportionate to aid paid for other resident pupils of the district providing instruction. A district shall not be entitled to transportation aid under section 124.22 for pupils enrolled on a shared time basis unless the statutes specifically provide for transportation aid to such student.

For the purpose of determining the amount of this refund, the value of such exempt property shall be set at 30 percent of its full and true value except that in no case shall the assessed value of said exempt property for this purpose exceed such an amount as when added to the assessed value of all other property in the district exceed \$3,000 per resident pupil unit. The final abstract of assessments after adjustments by the state board of equalization and inclusion of any omitted property shall be submitted to the commissioner of revenue on or before January 1 of each calendar year.

Sec. 21. Minnesota Statutes, 1973 Supplement, Section 275.125, Subdivision 3, is amended to read:

Subd. 3. In addition to the levy authorized by section 275.125, subdivision 2a, a qualifying district may levy additional amounts as follows:

(1) The amounts necessary to make payments for bonds issued and for interest thereon, including the bonds and interest thereon, issued as authorized by clause (7) (C) of this subdivision, and for repayment of debt service loans and capital loans, the amount authorized for capital expenditures pursuant to section 124.04 and the amount authorized for liabilities of dissolved districts pursuant to section 122.45.

(2) For school transportation services, an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year; provided that in 1973 and thereafter a district having boundaries coterminous with the boundaries of a city of the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter, and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation ; *and provided further that beginning with the levy certified in 1975, a district may levy for that portion of transportation costs approved by the commissioner as qualifying for aid because of extraordinary traffic hazards but for which no state aid was received for the previous fiscal year pursuant to section 124.223, clause (1) .*

(3) For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), shall be allowed to levy the same amount per pupil unit allowed by that clause. Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 1.9 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3) but did not qualify for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4) in 1972, collectible in 1973, shall be allowed to levy the amount per pupil unit it was qualified to levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(4) In 1973 only, for a district which was authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3), but which was not authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), an amount not to exceed the aggregate amount authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(5) A district which qualified for a levy under clause (3) above shall be allowed to levy ~~that same amount per pupil unit~~ in 1974 *the sum of the amount per pupil unit permitted under clause (3) above and the amount per pupil unit equal to the district's reimbursement aid per pupil unit in average daily membership for 1970-1971 school year programs for handicapped children*, reduced by two and one-half percent. The per pupil amount of the reduction shall be rounded down to the dollar. *No district in any year shall increase its levy as a result of the addition of the reimbursement aid for 1970-1971 programs for handicapped children by an amount greater than the amount raised by 2 mills times the adjusted assessed valuation of the taxable property of the district for the preceding year.* Provided, however, that a district within a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to levy the 1.9 mills.

(6) For districts in cities of the first class, maintaining post secondary vocational schools, one half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.

(7) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond

issue provided that the levy authorization to pay the principal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(8) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, nonvocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

(9) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

(10) The commissioner shall certify to the county auditors ~~any errors made in 1971 and 1972 in general and special purpose levy amounts~~ *the levy limits for all school districts headquartered in the respective counties together with adjustments for errors in levies not penalized pursuant to subdivision 4 as well as adjustments to final pupil unit counts.*

A school district shall have the right to require the commissioner to review his certification and to present evidence in support of modification of his certification.

~~The county auditor is authorized to adjust the 1973 levy to correct for the errors~~ *shall reduce levies for any excess of levies over levy limitations pursuant to section 275.16. Such reduction in excess levies may at the discretion of the school district be spread over not to exceed two calendar years .*

(11) *The commissioner of education shall certify to the county auditors any underlevies made in 1971 and 1972 in the transportation levy amounts. The 1971 underlevies shall be determined to*

be (1) the actual net costs of reimbursable transportation as reported to the department of education for the 1972-1973 school year plus the amount expended by the district to acquire school buses in 1972-1973 used for reimbursable transportation, less (2) the 1971 certified transportation levy as amended and state aids received in 1972-1973 for transportation including depreciation. Underlevies in the 1972 transportation levy shall be computed in like manner using 1973-1974 costs and state aids received in the 1973-1974 school year. The 1974 levy shall be adjusted to correct for such underlevies, provided that upon written request of the affected school board to the commissioner, the adjustment shall be prorated in the 1974 and 1975 transportation levies. No district may levy under this clause in any year an amount which exceeds the amount raised by a levy of two mills times the previous year's adjusted assessed valuation of the taxable property of the district.

Sec. 22. Minnesota Statutes 1971, Section 275.125, Subdivision 7, is amended to read:

Subd. 7. By November 1 of each year (~~December 1, in 1971 only~~) each district shall submit to the commissioner of education and the commissioner of taxation a certificate of compliance with the levy limitations of this section and of section 124.04. The commissioner of ~~taxation~~ education shall prescribe the form of this certificate.

Sec. 23. There is appropriated to the department of education the sum of \$300,000 for the fiscal year beginning July 1, 1974. This is to be added to the \$1,751,440 appropriated in Laws 1973, Chapter 768, Section 2, Subdivision 1, and shall be used solely to supplement the \$100,000 designated for the right to read program for the fiscal year beginning July 1, 1974.

Sec. 24. [APPROPRIATION.] There is appropriated from the general fund of the state treasury to the department of education the following sums for the year ending June 30, 1975 and for the purposes indicated:

Except for an award of the right of occupancy of the homestead, all divisions of real and personal property provided by sections 518.58 and 518.59 shall be final, and subject only to the power of the court to impose a lien or charge thereon at any time while such property, or subsequently acquired property, is owned by the parties or either of them, for the payment of alimony or support money, or to sequester the property as is provided by Minnesota Statutes 1949, Section 518.24.

Taxes levied by the corporation shall not affect the amount or rate of taxes which may be levied by any other local government unit within the metropolitan area under the provisions of any law or charter.

Sec. 29. Minnesota Statutes 1971, Section 360.116, is amended to read:

The levy of taxes authorized in Laws 1943, Chapter 500, shall be in addition to the maximum rate allowed to be levied to defray the cost of government under the provisions of the charter of any city affected by Laws 1943, Chapter 500.

Sec. 30. Minnesota Statutes 1971, Chapter 360, is amended by adding a section to read:

[360.1161] *Notwithstanding the provisions of section 360.116 or any other provision of chapter 360, any tax levy required to be made to pay debt service on any bonds heretofore or hereafter issued by the commission shall not be restricted to the cities of Minneapolis and Saint Paul but shall be levied against all the taxable property in the metropolitan area in accordance with the provisions of section 24 of this act.*

Sec. 31. [360.120] [GENERAL OBLIGATION REVENUE FINANCING.] *Subdivision 1. [SCOPE.] The Minneapolis-St. Paul Metropolitan Airports Commission shall have all the powers and duties set forth in this section, in addition to the powers granted and the duties imposed and notwithstanding any limitations of such powers set forth in any other law or city charter provision. These powers and duties are likewise granted to and imposed upon any successor public corporation, agency, or subdivision of the state in which the commission's property, rights, powers, obligations, and duties, or any of them, may in the future be vested by law.*

Subd. 2. [BORROWING AUTHORIZATION.] No additional bonds shall be issued under the provisions of section 360.117, over and above the amount outstanding April 1, 1974. Except for refunding bonds and certificates of indebtedness, the amount of borrowing authorized by this section, over and above the amount of bonds of the commission outstanding July 1, 1974, is limited to \$20,000,000 until and unless this limitation is increased by law. The pledge of revenues of the commission to its debt service fund in lieu of the taxes otherwise required by section 360.117 to be assessed and extended shall be and remain a first charge on all current revenues of the commission to the extent required annually to cancel such taxes.

Subd. 3. [GENERAL OBLIGATION REVENUE BONDS.] Subject to the provisions of subdivision 2 the commission may issue bonds for the acquisition and betterment of airports and air navigation facilities, and for the refunding of such bonds and of certificates of indebtedness issued under subdivision 10, in the same manner and with the same powers and duties as a municipality under the provisions of chapter 475 except as otherwise provided in this section. The bonds shall be designated as general obligation revenue bonds, and shall be payable primarily from and secured under resolutions of the commission by an irrevocable pledge and appropriation of the revenues to be derived from rates, fees, charges, and rentals to be imposed, maintained, and collected for all use, service, and availability of airport and air navigation facilities owned and to be owned or operated by the commission. They shall be further secured by the pledge of the full faith and credit of the commission, which shall be obligated to levy upon all taxable property within the metropolitan area a tax at such times and in such amounts, if any, as may be required to provide funds sufficient to pay all of the bonds and interest thereon when due and to maintain a reserve securing such payments in the manner and to the extent provided in this section. This tax, if ever required to be levied, shall not be subject to any limitation of rate or amount. The security afforded by this section extends equally and ratably to all general obligation revenue bonds of the commission, except that nothing herein shall prevent the commission from pledging current revenues from a particular facility or group of facilities first to the payment and security of bonds issued to finance such facilities.

Subd. 4. [DEBT SERVICE FUND.] The commission shall maintain permanently on its official books and records an account or accounts referred to herein collectively as the debt service fund, separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on its bonds, and on certificates of indebtedness issued pursuant to subdivision 10. At or before the due date of each principal and interest payment on said bonds and certificates the treasurer shall remit from the debt service fund to the payment agent for the issue an amount sufficient for such payment, without further order from the commission. At or before the time of delivery of any series of bonds the commission shall withdraw from the proceeds thereof, or from revenues then on hand and available for the purpose, and shall

deposit in the debt service fund such amount, if any, as may be required to establish in the fund a balance of cash and investments at least equal to the total amount of principal and interest then due and to become due on bonds of the commission to the end of the following year. The commission shall also deposit in the fund as needed and available, from revenues received in excess of budgeted current expenses of operation and maintenance of its property and of carrying on its business and activities, and in excess of amounts required to cancel taxes under subdivision 2, such amounts as shall be required to reimburse the fund for bond and certificate payments and to produce a balance of cash and investments therein by October 10 in each year at least equal to the total amount of principal and interest due and to become due on general obligation revenue bonds of the commission to the end of the following year. If the revenues are insufficient in any year to produce the required balance, then unless provision is made for restoring the deficiency in accordance with the provisions of subdivision 8, the commission shall levy and appropriate to the debt service fund, and certify to the county auditors of all counties in the metropolitan area, a tax in accordance with subdivision 3 in an amount at least five percent in excess of the deficiency. For the purpose of determining the balance in the debt service fund at any time, investments held therein shall be valued at the principal amount payable at maturity if they mature in the following year, or otherwise at market value, plus the amount of interest receivable thereon to the end of the following year.

Subd. 5. [RATES, FEES, CHARGES, AND RENTALS.] The commission shall be obligated to the holders of its bonds, and to the owners of all property subject to taxation for the payment thereof, to establish, revise from time to time, and collect rates, fees, charges, and rentals for all airport and air navigation facilities and service used by and made available to any person, firm, association, or corporation according to schedules such as to produce revenues at all times sufficient for the requirements of the debt service fund as provided in subdivision 4, and sufficient also to pay when due all expenses of operation and maintenance of the commission's property and of carrying on its business and activities in accordance with law. The payment of such rates, charges, fees, and rentals by any party for the use of any facility or service for any period, other than use permitted to the public generally, shall be secured by a lease or other agreement requiring such party to pay each year an amount sufficient to provide for the payment of a share of the principal and interest due during this period on all bonds of the commission, proportionate to the amount of such bonds issued to provide the facility or service and to the amount of use thereof assured to such party in comparison with others. If a tax is ever required to be levied for a debt service fund deficiency under the provisions of subdivision 4, the commission shall immediately take all action permitted by law and under its leases and other agreements to enforce the payment of rates, fees, charges, and rentals then due, and to raise the amounts thereof payable in the future to the extent required for conformity with subdivision 4 and for repayment of the deficiency with interest at six percent per annum.

Subd. 6. [REIMBURSEMENT OF DEBT SERVICE FUND DEFICIENCIES.] If a debt service fund deficiency tax is ever cer-

tified in accordance with subdivision 4, each county auditor shall extend it on the tax roll of his county in that proportion which the assessed valuation of taxable property within his county then bears to the assessed valuation of all taxable property within the metropolitan area, and shall certify to the commission the amount so extended. Thereafter the commission shall be obligated to repay to the treasurer of each county the amount extended upon its tax roll with interest at six percent per annum from the dates of payment of the deficiency tax to the commission to the date or dates of repayment. The commission shall certify to each county auditor the principal amount to be so paid to the county before October 10 in each subsequent year, and the county auditor shall reduce by this amount the taxes levied by the county which are to be extended upon its tax rolls then in preparation.

Subd. 7. [CONDITIONS.] Bonds of the commission shall not be conditioned upon an election, but no bonds shall be issued at any time, except for refunding in the cases described in subdivision 8, unless the required balance in the debt service fund is first established in accordance with subdivision 4, and the commission determines on one of the bases described in this subdivision that the revenues to be received by it each year during the term of the proposed issue will be at least sufficient to pay when due all of the commission's bonds and interest thereon, including the new issue but excluding any bonds refunded thereby, and to establish the balance required in the debt service fund by October 10. Before the bonds are delivered to the purchaser, the commission shall secure either:

(a) A report of audit of the commission's financial records for the fiscal year most recently ended or, if this is not yet available, a report for the preceding year, prepared by a nationally recognized firm of certified public accountants, showing that the net revenues received that year, computed as the gross receipts less any refunds of rates, fees, charges, and rentals for airport and air navigation facilities and service, less the aggregate amount of current expenses, paid or accrued, of operation and maintenance of property and carrying on the commission's business and activities, equaled or exceeded the maximum amount of then outstanding bonds of the commission and interest thereon to become due in any fiscal year; or

(b) A lease or other agreement or agreements for the operation or use by one or more airline corporations of the facility for which the bonds are proposed to be issued, requiring such corporation or corporations to pay all costs of operation and maintenance thereof and to pay additional rentals or charges at the times and in not less than the amounts required to pay all of the bonds and interest thereon when due and to establish the annual balance required in the debt service fund to secure such payments, together with a report of audit showing net revenues fulfilling the condition in clause (a) as to all other bonds then outstanding or then to be issued; or

(c) A written report prepared by a nationally recognized consultant on airport management and financing, projecting gross receipts, current expenses, and net revenues at least sufficient during each year of the term of the proposed bonds to pay all principal and interest due on all

bonds and to establish and maintain the required annual debt service fund balance, and stating the estimates of air traffic, rate increases, inflation, and other factors on which the projection is based.

Subd. 8. [REFUNDING DEFICIENCIES.] If in any year the revenues available for transfer to the debt service fund are or will in the judgment of the commission be insufficient to produce the balance required thereon on October 10 under the provisions of subdivision 4, or to make any interest or principal payment due on certificates of indebtedness issued under the provisions of subdivision 10, the commission may, with the approval of the council, issue refunding bonds and appropriate the proceeds to the debt service fund in the amount needed to restore the deficiency, provided that the refunding bonds shall not mature earlier than the date or dates when the commission estimates that the revenues from enforced or increased rates, fees, charges, and rentals will be sufficient to pay them and to meet all other requirements of the debt service fund as stated in subdivision 4.

Subd. 9. [ADDITIONAL TAXES.] Nothing herein shall prevent the commission from levying a tax not to exceed in any year one twentieth of one mill on the assessed valuation of taxable property within its taxing jurisdiction, over and above any levies found necessary for the debt service fund, as authorized by section 360.116. Nothing herein shall prevent the levy and appropriation for purposes of the commission of any other tax on property or on any income, transaction, or privilege, when and if authorized by law. All collections of any taxes so levied shall be included in the revenues appropriated for the purposes referred to in this section, unless otherwise provided in the law authorizing such levies; but no covenant as to the continuance or as to the rate and amount of any such levy shall be made with the holders of the commission's bonds unless specifically authorized by law.

Subd. 10. [EMERGENCY BORROWING.] If in any budget year revenue receipts should from any unforeseen cause become insufficient to pay budgeted current expenses, or if a public emergency should necessitate expenditures in excess of revenues anticipated to meet the current budget, the commission may make an emergency appropriation sufficient to meet the deficiency and may authorize the issuance and sale of general obligation certificates of indebtedness in this amount, maturing not later than October 10 in the following budget year, at public or private sale and upon such other terms and conditions as the commission may determine. The principal of and interest on such certificates of indebtedness, unless paid from other revenues, shall be payable from the debt service fund.

Subd. 13. "Deputy director" means the deputy director of the Minnesota pollution control agency.

Sec. 5. Minnesota Statutes, 1973 Supplement, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution.

The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants

from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, *storage*, and disposal of solid waste for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of solid waste control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of solid waste control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another

area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1971, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [REGULATIONS AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind regulations and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such regulation or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, regulations or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind regulations and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, *storage*, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. Any such regulation or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, regulations or standards may relate to collection, transportation, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, and disposal of solid waste, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind regulations and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Reports the same back with the recommendation that the printed bill be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [POLICY AND PURPOSE.] The legislature finds that a more effective system is required to control the collection, storage, dissemination, and usage, by or on behalf of the state and its political subdivisions of data on individuals. Improvements in the organization and control of records are imperative to strengthen the administration of governmental programs, to assure the public’s right to public information, and to guarantee protection of individual privacy. The legislature further finds that vigorous protection of individual privacy is an indispensable element of a fair and effective record-keeping system. The purposes of sections 1 to 8 are (1) to encourage more secure systems of records on individuals; (2) to establish more effective structures and procedures for the protection of individual privacy; and (3) to assure periodic reporting to the legislature and the general public concerning record-keeping.

Sec. 2. [DEFINITIONS.] Subdivision 1. As used in sections 1 to 8 the terms defined in this section have the meanings given them.

Subd. 2. “Commissioner” means the commissioner of the department of administration.

With respect to statewide systems, “responsible authority” means the state official involved, or if more than one state official, the official designated by the commissioner.

Subd. 7. “State” means the state, the university of Minnesota, and any office, officer, department, division, bureau, board, commission or agency of the state.

Subd. 8. “Statewide system” includes any record-keeping system in which data on individuals is collected, stored, disseminated and used by means of a system common to the state or common to the state and one or more of its political subdivisions.

Subd. 9. “Summary data” means statistical records and reports

derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable.

Sec. 3. [REPORTS TO THE LEGISLATURE.] On or before December 1 of each year the commissioner shall prepare a report to the legislature. Summaries of the report shall be available to the public at a nominal cost. The report shall contain to the extent feasible at least the following information:

(d) Any recommendations concerning appropriate legislation.

Sec. 4. [COMMISSIONER SHALL PROMULGATE RULES.] The commissioner shall with the advice of the intergovernmental information services advisory council promulgate rules and regulations, in accordance with Minnesota Statutes, Chapter 15, which shall apply to the state and political subdivisions and shall implement the enforcement and administration of the following:

(a) Collection of data on individuals and establishment of related files of the data shall be limited to that necessary for

the administration and management of programs enacted by the legislature or local governing body.

(b) Data on individuals shall be under the jurisdiction of the responsible authority. An individual shall be appointed to be in charge of each system containing data on individuals. The responsible authority shall document and file with the commissioner the nature of all data on individuals collected and stored and the need for and intended use of the data and any other information required by section 3. Use of data on individuals by other than the responsible authority or for other than intended uses, and the interrelation by manual, mechanical, or electronic means of data on individuals under the jurisdiction of two or more responsible authorities, may be permitted by the responsible authorities only when required by law or where clearly necessary to the health, safety or welfare of the public, or clearly in the interest of the individual involved.

(c) The use of summary data from data on individuals under the jurisdiction of one or more responsible authorities shall be permitted, subject to the requirements that the data be summarized by and under the direction of the responsible authority. Requests for use of the data must be in writing, stating the intended use and approved by the responsible authority. The responsible authority may, however, delegate such authority to the administrative officer responsible for any central repository of summary data. A reasonable fee may be charged for the summarization of data, and any additional cost caused by such summarization shall be borne by the requestor. Refusal of any request for use of summary data by the responsible authority or his delegate is appealable in accordance with Minnesota Statutes, Chapter 15. The responsible authority may delegate to a person outside of its agency, other than the requestor, its responsibility for summarizing data if it obtains a written agreement from the delegate providing for nondisclosure of data on individuals.

(d) Regarding the collection, storage, dissemination and use of data on individuals, the responsible authority shall establish reasonable and appropriate safeguards to assure that the data is accurate, complete and current. Emphasis shall be placed on the data security requirements of computerized files which are accessible directly via telecommunications technology, including security during transmission.

(e) Data on individuals shall be stored only so long as necessary to the administration of authorized programs or as authorized by statute.

Sec. 5. [RIGHTS OF SUBJECTS OF DATA.] The rights of individuals on whom the data is stored or to be stored and the responsibilities of the responsible authority shall be as follows:

(b) An individual asked to supply personal data shall be informed of the purpose of intended uses of the requested data.

(c) An individual asked to supply personal data shall be informed whether he may refuse or is legally required to supply the requested data. He shall be informed of any known consequence arising from his supplying or refusing to supply the personal data.

(d) Data shall not be used for any purpose other than as stated in clause (a) of this section unless (1) the responsible authority first makes an additional filing in accordance with clause (a); (2) the legislature gives its approval by law; or (3) the individuals to whom the data pertain give their informed consent.

(e) Upon request to a responsible authority, an individual shall be informed whether he is the subject of stored data and if so, and upon his additional request, shall be informed of the content and meaning of the data recorded about him or shown the data without any charge to him. After an individual has been so informed, data need not be disclosed to him for six months thereafter unless a dispute or action pursuant to this section is pending. This clause does not apply to data on individuals which is defined by statute as confidential or to records relating to the medical or psychiatric treatment of the individual.

(f) An individual shall have the right to contest the accuracy or completeness of data about him. If contested, the individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days correct the data if the data is found to be inaccurate or incomplete and attempt to notify past recipients of the inaccurate or incomplete data, or notify the individual of disagreement. The determination of the responsible authority is appealable in accordance with Minnesota Statutes, Chapter 15. Data in dispute shall not be disclosed except under conditions of demonstrated need and then only if the individual's statement of disagreement is included with the disclosed data.

[298.46] [EXPLORATORY DRILLING FOR IRON ORE.]
Subdivision 1. It is hereby declared to be in the public interest of this state as a whole, and in particular with respect to counties or other political subdivisions, to encourage the location of all deposits of iron ore hitherto unknown to such political subdivisions, that may be susceptible of economic exploitation.

Subd. 2. When in the opinion of the duly constituted authorities of a taxing district there are in existence reserves of unmined iron ore located in such district, these authorities may petition the iron range resources and rehabilitation commission for authority to petition the county assessor to verify the existence of such reserves

and to ascertain the value thereof by drilling in a manner consistent with established engineering and geological exploration methods, in order that such taxing district may be able to forecast in a proper manner its future economic and fiscal potentials.

Subd. 3. If the fee owner of the land on which the unmined iron ore is believed to be located, or the owner of a mineral interest therein, refuses to permit the county assessor to ascertain the value of unmined iron ore believed to be located on such land, the county attorney, acting in the name of the county may institute proceedings under Minnesota Statutes, Chapter 117, for the express purpose of being granted an easement which would permit the county assessor to verify whether or not such land does, in fact, contain reserves of unmined iron ore.

Subd. 4. When the county assessor has verified the existence of reserves of iron ore and has ascertained the value of such reserves, or in the alternative has failed to locate any reserves susceptible of being economically exploited, he shall notify the county attorney, and the county attorney shall then, by appropriate means, request the district court to discharge the easement secured for the purpose stated above.

Subd. 5. The cost of such exploration or drilling plus any damages to the property which may be assessed by the district court shall be paid by the iron range resources and rehabilitation commission from amounts appropriated to that commission under Minnesota Statutes, Section 298.22. The iron range resources and rehabilitation commission shall be reimbursed for one-half of the amounts thus expended. Such reimbursement shall be made by the taxing districts in the proportion that each such taxing district's levy on the property involved bears to the total levy on such property. Such reimbursement shall be made to the iron range resources and rehabilitation commission in the manner provided by Minnesota Statutes, Section 298.221.

Subd. 6. If any taxing district refuses to pay its share of the reimbursement as provided in subdivision 5, the county auditor is hereby authorized to reduce payments required to be made by the county to such taxing district under other provisions of law. Thereafter he shall draw his warrant, which shall be deposited with the state treasury in accordance with Minnesota Statutes, Section 298.221, to the credit of the iron range resources and rehabilitation commission.

Sec. 2. In the event that the county assessor ascertains that there are in existence reserves of unmined iron ore previously unreported, he shall transmit all the relevant information to the commissioner of revenue as soon as expedient.

Sec. 3. This act is effective the day following final enactment."

Reports the same back with the recommendation that the bill be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. Minnesota Statutes 1971, Section 145.08, Subdivision 1, is amended to read:

145.08 [EMPLOYMENT, APPROPRIATION.] Subdivision 1. [APPROPRIATION FOR COMPENSATION AND EXPENSES; EXCEPTION.] Every board of county commissioners; ~~except in counties new or hereafter having a population of 550,000 or more;~~ and every city council, village council, school board and ~~town board~~ is hereby authorized and empowered to employ and to make appropriations for the compensation and necessary expenses of public health nurses and home health service personnel, for such duties as may be deemed necessary.

Sec. 2. Minnesota Statutes 1971, Section 145.125, is amended to read:

145.125 [COUNTY PUBLIC HEALTH NURSING SERVICE.] Subdivision 1. [STATE AID QUOTA: EMPLOYMENT OF NURSE.] A county ~~shall be paid from the appropriation to~~

the state board of health for that purpose the sum of \$375 a quarter to aid in the payment of the cost of public health nursing. Each county with less than 50,000 population, which on May 1, 1971 had not established both a public health nursing service and a home health agency service shall receive \$7,500 in the biennium ending June 30, 1973, to establish these services. Each county with less than 20,000 population, which on May 1, 1971, had established only a public health nursing service shall receive \$2,500 in the biennium ending June 30, 1973, to establish a home health agency service, a group of counties, a city, or combination thereof, or a nursing district establishing a public health nursing service and a home health agency pursuant to section 145.08, subdivision 3, may apply for financial aid by submitting to the state board of health its work program and budget, following review and approval by the area-wide comprehensive health planning agency. The state board of health may approve the payment of aid if the plan is in accordance with the provisions of this section and with the regulations established by the state board of health relating to the provision of health services. The money appropriated to the counties in this section shall be used only for the purposes of this section. Those moneys not expended shall be deposited in the general fund of the state treasury. Two or more counties who by a joint powers agreement establish public health nursing or home health agency services or both, shall also qualify for payments under Laws 1971, Chapter 895. County boards or city clerks shall certify to the state board of health within 60 days from a quarter ending September 30, December 31, March 31, or June 30 respectively, the following facts:

(1) That the county, city, or nursing district is complying with the provisions of sections 145.08 to 145.12.

(2) That during the preceding quarter, stating the last date thereof, the county, city, or nursing district had employed a public health nurse who was approved and certified pursuant to section 145.10 and other qualified home health agency personnel.

(3) The name and address of each public health nurse and other qualified home health agency personnel employed during the preceding quarter, and the amount paid to such persons during each month of such quarter.

If a public health nurse was employed for less than a full quarter, the county shall be paid only the proportion of \$375 which the period of time for which such nurse was actually paid is to the full period of the quarter provided public health nursing and home health services in accordance with regulations established by the state board of health.

Subd. 2. [CERTIFICATE BY COUNTY BOARD; CERTIFICATE TO STATE AUDITOR.] At the end of each 60 day period provided for in subdivision 1, the state board of health shall certify to the state auditor, in the manner prescribed by law, the name of each such county, the amount to be paid to it, and that there are funds available for the payment thereof. Such certificate shall be supported by the certificate of the county board of such county. Thereupon, the state auditor shall draw his warrant upon

the state treasurer payable to the county for the amount so certified.

Subd. 3. To determine the amount which may be paid participating counties, the board of health will apply the following formula:

(1) All 87 counties will be ranked in accordance with a formula involving three factors:

(a) per capita income;

(b) per capita taxable value; and

(c) per capita expenditure per 1,000 population for public health nursing purposes.

(2) Each county is then ranked as follows:

(a) on the basis of per capita income the ranking is from the lowest to the highest;

(b) per capita taxable value is ranked from lowest to highest;

(c) per capita expenditure is ranked from highest to lowest.

(3) The ranking given each county on each of the foregoing three factors is then totaled and the counties ranked in numerical order according to score.

(4) The total score for each county thus determined is then divided into a median total score. The median total score is the score obtained by that county ranked number 44 in the final ranking. The quotient thus obtained then becomes the computation factor for the county. This computation factor is then multiplied by a "dollar value", as fixed by the appropriation pursuant to this act, times the total county population. The resulting product is the amount of subsidy to which the county is eligible under this section; provided that each county shall receive a minimum of \$5,000 of subsidy per year. Notwithstanding any law to the contrary, the board of health, after notifying the committees on finance of the senate and appropriations of the house of representatives, may, at the end of any fiscal year, transfer any unobligated funds in any appropriation to the department of health to the appropriation under this act, which appropriation shall not cancel but is reappropriated for the purposes of this act.

Subd. 4. The state board of health shall not disburse any public health nursing funds to any county unless and until the county agrees to provide matching funds. County matching funds under this section may only be funds in excess of the amount spent by the county for public health nursing services during fiscal year 1973. The state board of health shall not disburse to any county, regardless of the amount of matching county funds available, a sum in excess of the amount of aid calculated for the county pursuant to the formula in subdivision 3; however, the board may disburse any lesser amount for which the county makes matching funds available. In meeting competing demands by counties for funding pursuant to this section, the board shall adopt the following priorities:

(1) *Counties in which no public health nursing services are available;*

(2) *Counties in which no certified home health care agency exists; and*

(3) *All other counties.*

Sec. 3. Minnesota Statutes 1971, Section 145.123, Subdivision 1, is amended to read:

145.123 [PUBLIC HEALTH AND HOME HEALTH SERVICES.] Subdivision 1. [CHARGING OF FEES.] The county board of any county providing public health and home health services under Minnesota Statutes, Sections 145.08 and 145.12, and the governing body of a nursing district formed under section 145.08, subdivision 3, may charge and collect fees for such health services furnished to ~~ill or disabled~~ persons within the county or the nursing district. Payment, in whole or in part, for such services may be accepted from any person. Payment of any charges due may be billed to and accepted either from a local, county, state or federal public assistance agency or any combination thereof; or from any individual, governmental agency, or corporation, public or private, when such services are provided any person, including but not limited to a recipient of any type of social security aids administered by the federal or state governments, or a recipient of direct relief.

Sec. 4. [APPROPRIATION.] There is hereby appropriated to the state board of health the sum of \$113,696 for purposes of this act."

Further amend the title as follows:

Page 1, line 4, after "services;" insert "appropriating money;"

Page 1, line 6, after the semicolon insert "145.123, Subdivision 1;"

Page 1, line 6, strike ", Subdivision" and insert a period

Page 1, strike line 7

Mr. Laufenburger moved to amend S. F. No. 1879 as follows:

Strike everything after the enacting clause and insert the following:

“Section 1. [CITATION.] This act may be cited as “the insurance premium finance company act.”

Sec. 2. [DEFINITION.] Subdivision 1. For the purposes of this act, the words, terms and phrases defined in this section have the meanings ascribed to them except where the context clearly indicates a different meaning.

Subd. 2. “Insurance premium finance agreement” means an agreement by which an insured or prospective insured promises to pay to a premium finance company or to its assignee the amount advanced or to be advanced under the agreement to an insurer or to an insurance agent or broker in payment of premiums on an insurance policy together with a service charge. Any agreement to finance premiums is a premium finance agreement if an insurance policy, other than a life or disability insurance policy, is made the security or collateral for the repayment of the debt incurred under the agreement. Provided, however, an agreement to finance premiums for insurance which is included in a retail installment transaction or purchased in connection with a real estate transaction, mortgage, deed of trust or other security agreement is not a premium finance agreement. Provided further, that an agreement by an insurance company to finance policies written by companies other than itself or its parent company, its subsidiaries or companies with which it shares a common parent company is not a premium finance agreement.

Subd. 3. "Licensee" means a person licensed by the commissioner to engage in the business of insurance premium financing.

Subd. 4. "Commissioner" means the commissioner of banks.

Sec. 3. [LICENSES.] Subdivision 1. No person other than a savings and loan association, bank, savings bank, trust company, small loan company, industrial loan and thrift company or credit union may engage in the business of entering into insurance premium finance agreements unless licensed to do so by the commissioner. A violation of this subdivision is a misdemeanor.

Subd. 2. The applicant at the time of making application, shall pay to the commissioner the sum of \$250 as a fee for investigating the application, and the additional sum of \$100 as an annual license fee for a period terminating on May 31 of each year. In addition to the annual license fee, every licensee shall pay to the commissioner the actual costs of each examination as may be required to be conducted under the terms of the act.

Subd. 3. The person to whom the license or the renewal thereof may be issued shall file sworn answers to such interrogatories as the commissioner may require. The commissioner shall have authority, at any time, to require the applicant to fully disclose the identity of all stockholders, partners, officers and employees and he may, in his discretion, refuse to issue or issue a license in the name of any firm, partnership, or corporation if he is not satisfied with any officer, employee, stockholder or partner thereof, who may materially influence the applicant's conduct, meets the standards of this act.

Sec. 4. [ACTION BY COMMISSIONER ON APPLICATION.] Subdivision 1. Upon the filing of an initial application and the payment of the license fee, the commissioner shall make an investigation of each applicant. If a license has not been issued within 30 days after receipt of the application the commissioner shall, at the request of the applicant, give the applicant a full hearing.

Subd. 2. The commissioner shall issue or renew a license when he is satisfied that the person to be licensed:

(a) Is competent and trustworthy and intends to act in good faith in the financing of insurance premiums;

(b) Has a good business reputation and has had experience, training or education so as to be qualified in financing insurance premiums; and

(c) If a corporation, is a corporation incorporated under the laws of this state or a foreign corporation authorized to transact business in this state.

Sec. 5. [REVOCAION AND SUSPENSION OF LICENSES.] The commissioner may after a hearing revoke, suspend, or refuse to renew the license of any licensee if it appears to the commissioner that:

(a) The license was obtained by fraud;

(b) There was any misrepresentation in the application for the license;

(c) The holder of the license has otherwise shown himself untrustworthy or incompetent to finance insurance premiums, or is involved in any fraudulent, dishonest or deceptive practice; or

(d) The licensee has violated any of the provisions of this act or rules adopted pursuant to this act.

Sec. 6. [BOOKS AND RECORDS.] Subdivision 1. Every licensee shall maintain in this state records satisfactory to the commissioner of its premium finance transactions. The records shall be open to examination and investigation by the commissioner at any time during ordinary business hours. The commissioner may, at any time, require any licensee to bring these records to the commissioner's office for examination.

Subd. 2. Every licensee shall preserve its records of premium finance transactions for at least three years after making the final entry in respect to any premium finance agreement. The records may be preserved in photographic form.

Subd. 3. The commissioner shall make an examination of the affairs, business, office and records of each licensee at least once each year. Each licensee shall pay to the commissioner such amount for the cost of each examination as may be required under section 4, subdivision 2, and the commissioner may maintain an action for the recovery of such costs in any court of competent jurisdiction.

Sec. 7. [POWER TO MAKE RULES.] The commissioner shall promulgate any rules and regulations which may be necessary to the administration of this act.

Sec. 8. [PREMIUM FINANCE AGREEMENTS.] Subdivision 1. A premium finance agreement shall:

(a) Be dated and signed by or on behalf of the insured, and the printed portion thereof shall be in at least eight point type;

(b) Contain the name and place of business of the insurance agent or insurance broker negotiating the related insurance contract, the name and residence or the place of business of the insured as specified by him, the name and place of business of the premium finance company to which installments or other payments are to be made, a description of the insurance contracts including the term and type of policy, the premiums for which are advanced or are to be advanced under the agreement and the amount of the premiums therefor; and

(c) Set forth the following items where applicable:

(1) The total amount of the premiums,

(2) The amount of the down payment,

(3) The balance of premiums due, the amount financed (the difference between items (1) and (2)),

- (4) The amount of the finance charge,
- (5) The amount of the flat service fee,
- (6) The total of payments (sum of items (3), (4) and (5)).

Subd. 2. The items set forth in subdivision 1, clause (c) need not be stated in the sequence or order in which they appear and additional items may be included to explain the computations made in determining the amount to be paid by the insured.

Subd. 3. The information required by subdivision 1 shall only be required in the initial agreement where the premium finance agreement which has been entered into provides for open end terms defined as follows: An agreement which provides that additional premiums required on originally financed policies may be added from time to time on which a finance charge may be added for the remaining term of the original finance agreement. The \$10 flat service fee may not be collected on these additional premiums financed.

Subd. 4. The premium finance company or the insurance agent shall deliver to the insured, or mail to him at his address shown in the agreement, a completed copy of that agreement.

Sec. 9. [MAXIMUM FINANCE CHARGE.] Subdivision 1. No person engaged in the business of financing insurance premiums may charge, contract for, receive or collect a finance charge plus flat service fee with respect to an insurance premium finance agreement other than as permitted by this section.

Subd. 2. The finance charge shall be computed on the balance of the premiums due, after subtracting the down payment made by the insured in accordance with the premium finance agreement, from the effective date of the insurance coverage, for which the premiums are being advanced, to and including the date when final installment of the premium finance agreement is payable.

Subd. 3. The finance charge shall be a maximum of \$8 per \$100 per year for amounts financed of \$300 or less and \$6 per \$100 per year on that amount financed over \$300 plus a flat rate service fee of \$10 per premium finance agreement. The flat service fee need not be refunded upon prepayment in full before maturity.

Subd. 4. The finance charge shall be computed on the principal balance of a premium finance agreement payable in substantially equal successive monthly installments over a period of one year. On a premium finance agreement providing for installments extending for a period of less than or greater than one year, the finance charge shall be computed proportionately.

Subd. 5. Notwithstanding the provisions of any premium finance agreement, any insured may prepay the obligation in full at any time. In such event he shall receive a refund credit. The amount of such refund credit shall represent at least as great a proportion of the finance charge as the sum of the periodic balances after the month in which prepayment is made bears to the sum of all periodic balances under the schedule of installments in the agreement. Where the amount of the refund is less than \$1, no

refund need be made. If, in addition to the finance charge, an additional flat service fee was imposed, the flat service fee need not be refunded nor taken into consideration in computing the refund credit.

Sec. 10. [DELINQUENCY CHARGES.] Subdivision 1. A premium finance agreement may provide for payment by the insured of a delinquency charge. The delinquency charge may be \$1 or five percent of the delinquent installment, but not more than \$5. The delinquency charge may be imposed upon any installment which is in default for a period of ten days or more.

Subd. 2. If the default results in the cancellation of any insurance contract listed in the agreement, the agreement may provide for payment by the insured of a cancellation charge equal to the difference between any delinquency or default charge imposed with respect to the installment in default and \$5. A premium finance agreement may also provide for the payment of statutory attorneys fees and statutory court costs if the agreement is referred for collection to an attorney not a salaried employee of the insurance premium finance company.

Sec. 11. [CANCELLATION OF INSURANCE CONTRACT UPON DEFAULT.] Subdivision 1. When a premium finance agreement contains a power of attorney or other authority enabling the insurance premium finance company to cancel any insurance contract listed in the agreement, the insurance contract or contracts shall not be cancelled by the premium finance company unless such cancellation is effectuated in accordance with this section.

Subd. 2. Not less than ten days' written notice shall be mailed to the insured setting forth the intent of the insurance premium finance company to cancel the insurance contract unless the default is cured prior to the date stated in the notice. The insurance agent or insurance broker indicated on the premium finance agreement shall also be mailed ten days' notice of this action.

Subd. 3. Pursuant to the power of attorney or other authority referred to above, the insurance premium finance company may cancel on behalf of the insured by mailing to the insurer written notice stating when thereafter the cancellation shall be effective, and the insurance contract shall be cancelled as if such notice of cancellation had been submitted by the insured himself, but without requiring the return of the insurance contract. In the event that the insurer or its agent does not provide the insurance premium finance company with a specific mailing address for the purposes of receipt of the above notice, then mailing by the insurance premium finance company to the insurer at the address which is on file and of record with the commissioner of insurance pursuant to the provisions of Minnesota Statutes, Chapters 60A and 72A shall be considered sufficient notice under this section. The insurance premium finance company shall also mail a notice of cancellation to the insured at his last known address and to the insurance agent or insurance broker indicated on the premium finance agreement.

Subd. 4. Where statutory, regulatory or contractual restrictions provide that the insurance contract may not be cancelled unless notice is given to a governmental agency, mortgagee, or other third party, the insurer shall give the prescribed notice on behalf of itself or the insured to the governmental agency, mortgagee or other third party within a reasonable time after the day it receives the notice of cancellation from the premium finance company. When the above restrictions require the continuation of insurance beyond the effective date of cancellation specified by the premium finance company, the insurance shall be limited to the coverage to which the restrictions relate and to the persons they are designed to protect.

Sec. 12. [APPLICATION OF UNEARNED PREMIUMS.] Subdivision 1. Whenever a financed insurance contract is cancelled, the insurer shall return whatever gross unearned premiums are due under the insurance contract to the premium finance company for the account of the insured or insureds. This action by the insurer shall be deemed to satisfy the insurer's obligations under the insurance contract which relate to the return of the unearned premiums.

Subd. 2. In the event that a premium is subject to an audit to determine the final premium amount, the gross unearned premium will be calculated upon the deposit premium and the insurer shall return whatever gross unearned premiums are due based upon the deposit rather than the actual unearned premium to the finance company for the account of the insured or insureds.

Subd. 3. Assigned risk policies shall be handled in conformance with sections 11 and 12, subdivisions 1 and 2.

Subd. 4. In the event that the crediting of returned premiums to the account of the insured results in a surplus over the amount due from the insured, the premium finance company shall refund such excess to the insured; provided, that no refund shall be required if it amounts to less than \$1.

Sec. 13. [EXEMPTION FROM FILING.] No filing of the premium finance agreement or recording of a premium finance transaction shall be necessary to perfect the validity of the agreement as a secured transaction as against creditors, subsequent purchasers, pledgees, encumbrances, successors or assigns.

Sec. 14. [PRE-EXISTING PREMIUM FINANCE AGREEMENTS.] Any premium finance agreements executed prior to the effective date of this act shall not be covered by the terms of this act. However, any amendments to pre-existing premium finance agreements shall be governed by these provisions.

Sec. 15. The provisions of Minnesota Statutes, Chapter 15, shall apply to this act."

Subd. 6a. Taxes on the premium an individual pays for health insurance directly increase the cost of medical care. The premium taxes are in reality a sales tax and help to make health insurance inaccessible to the economically disadvantaged and those on fixed incomes. It is the policy of the state of Minnesota that every person should have available to him the highest quality medical care at a reasonable cost. In furtherance of that policy all direct taxes on premiums paid for health insurance imposed by Minnesota Statutes, Section 60A.15, Subdivision 1, are declared to be against the policy of this state and are repealed. The commissioner of revenue shall make such rules and regulations as may be necessary to enforce the provisions of this section."

The legislature determines that such contracts should help prevent pollution, thereby protecting the public health and the environment, by encouraging more effective use of existing technology and the development of new technology for waste treatment, by assuring that treatment works will be designed and built to meet applicable treatment standards, and by reducing the time interval between the initial application for a grant and the commencement of operation of the facilities.

Subd. 2. [AUTHORIZATION OF DESIGN AND CONSTRUCTION CONTRACTS.] Notwithstanding the provisions of any law to the contrary, any municipality authorized by law to enter into a contract for the construction of treatment works facilities may advertise for sealed bids for the design and construction thereof under a single contract. Prior to such advertisement the municipality shall prepare contract documents which shall serve as a basis for the comparison of bids and any contract to be entered into. These documents may be of a general nature, and

shall include performance standards for the construction and supervisory operation of the facilities which must be met for specified conditions and time periods, prior to final acceptance of the facilities by the municipality. The contract documents may require the bidder to furnish conceptual design plans and specifications and any other information deemed relevant for contract award. After award the documents may require the bidder to furnish detailed plans and specifications and provide for termination of the contract if such information is insufficient to permit the municipality to satisfy the requirements of any federal or state grant.

Subd. 3. [LIMITATIONS.] The provisions of subdivision 2 shall not in any way limit the application and effect of laws governing the practice of architecture, professional engineering, or land surveying in this state, including Minnesota Statutes, Sections 326.02 and 326.03.

Subd. 4. [DEFINITIONS.] As used in this section, "municipality" has the meaning given to it in Minnesota Statutes, Section 471.345; and "treatment works" has the meaning given to it in Section 212, Title II, of the Federal Water Pollution Control Act Amendments of 1972.

(8) Make arrangements for the use of materials determined to be available for emergencies and disasters;

(9) Establish a register of persons with types of training and skills important in emergencies and disasters;

(10) Suggest and submit to the governor, or executive council, orders, proclamations, and regulations as necessary or appropriate in coping with disasters or emergencies;

(11) Cooperate, when possible, with the federal government and any public or private agency or person in achieving the purpose of this act and in developing and implementing emergency plans;

(12) Perform all other necessary duties, incidental, or appropriate for the implementation of this act.

Sec. 7. [FINANCE, ASSISTANCE, ACCEPTANCE; RULES BY GOVERNOR.] Subdivision 1. Where an emergency or disaster exists the executive council shall expend the funds appropriated to it pursuant to Minnesota Statutes, Section 9.061, for the purposes of this act as for the purposes specified in that section.

Subd. 2. Whenever the federal government or any agency or officer thereof shall offer to the state, or through the state to any political subdivision thereof, services, equipment, supplies, materials, or funds by way of gift, grant or loan, for the purposes of emergency services, the state, acting through the governor, or such political subdivision, acting with the consent of the governor and through its governing body, may accept such offer and upon such acceptance the governor of the state or governing body of such political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive such services, equipment, supplies, materials, or funds on behalf of the state or such political subdivision, and subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer, but no moneys or other funds shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law.

Subd. 3. Whenever any person, firm or corporation shall offer to the state or to any political subdivision thereof, services, equipment, supplies, materials, real property, or funds by the way of gift, grant or loan, for purposes of emergency services, the state, acting through the governor, or such political subdivision, acting through its governing body, may accept such offer and upon such acceptance the governor of the state or the governing body of such political subdivision may authorize any officer of the state or of the political subdivision, as the case may be, to receive such services, equipment, supplies, materials, real property, or funds on behalf of the state or such political subdivision, and subject to the terms of the offer, but no moneys or other

funds shall be accepted or received as a loan nor shall any indebtedness be incurred except in the manner and under the limitations otherwise provided by law. Real property so accepted shall be treated as, and subject to the same immunities during time of emergencies and disasters as real property owned by the state.

Subd. 4. The governor shall have authority to establish rules and regulations in accordance with the law for the proper and efficient operation and administration of the emergency services program including methods relating to the establishment and maintenance of personnel standards on a merit basis for all employees of local emergency services agencies, provided, however, that the governor shall exercise no authority with respect to the selection, tenure of office, and compensation of any individual employed in accordance with such methods.

The governor may, by rule or regulation, cooperate with the federal government in any manner as may be necessary to qualify for federal aid to carry out the provisions herein expressed. The governor may, by rule or regulation, also cooperate with other political units or subdivisions in establishing and maintaining personnel standards on a merit basis.

In carrying out the provisions of this act, the governor and the governing bodies of the political subdivisions of the state are directed to utilize the services, equipment, supplies and facilities of existing departments, offices, and agencies of the state and of the political subdivisions thereof to the maximum extent practicable, and the officers and personnel of all such departments, offices, and agencies are directed to cooperate with and extend such services and facilities to the governor and to the emergency services organizations of the state upon request.

Subd. 5. Where the governor or his duly authorized representative find it necessary to send an employee of the division of emergency services or a volunteer designated by the division, to any school training or indoctrination program, or place for training or indoctrination in a matter legitimately connected with emergency services. The division shall compensate that person at the rate of \$35 per day for the time that he remains where he has been sent plus reasonable and necessary expenses in the same manner and amount as state employees.

Subd. 6. Nothing contained in this section shall be construed to limit the governor's authority to apply for, administer, and expend grants, gifts, or payments in aid of disaster prevention, preparedness, response, or recovery.

Sec. 8. [LOCAL ORGANIZATIONS.] Subdivision 1. Each political subdivision of this state shall establish a local organization for emergency services in accordance with the state emergency plan and program, but no town shall establish a local organization for emergency services without approval of the state director. Each local organization for emergency services shall have a director who shall be appointed forthwith in a city, by the mayor thereof, in a town by the town board, and for a public corporation created and

operating under Minnesota Statutes, Sections 360.101 to 360.133 by its governing body who shall have direct responsibility for the organization, administration, and operation of such local organization for emergency services, subject to the direction and control of such governing body.

Subd. 2. Each county emergency services organization shall have a director and one or more deputy directors. They shall be appointed by the county board. A county organization for emergency services shall have jurisdiction throughout the county outside of any city, or of a town which has a local emergency services organization. In addition to the other powers granted by this subdivision, such county organizations shall coordinate the activities of and may assist in the training of emergency services organizations of political subdivisions within the county, plan for the continuity of county government in cooperation with the county attorney who is authorized and directed to give legal advice to the county organization, acquire equipment necessary in connection therewith, and expend funds provided by the county board out of general revenue funds for such purposes.

Subd. 3. Each local and county organization for emergency services shall perform emergency functions within the territorial limits of the political subdivision within which it is organized, and, in addition, shall conduct such functions outside of such territorial limits as may be required pursuant to the provisions of this act or any other applicable provisions of law.

Subd. 4. The county emergency services director shall promote a community first aid and blood bank committee for each hospital within the county other than any owned and operated by the state or federal governments. This committee, in cooperation with the committee on emergency services and disaster blood program, the medical and administrative staff of the hospital and other local and state agencies, shall develop blood banks and donor lists in accordance with the provisions of this act.

Subd. 5. With approval of the governor, two or more political subdivisions may enter into agreements determining the boundaries of the geographic areas of their respective emergency responsibilities or providing for a common emergency services organization which, for the purposes of this act shall be a local emergency services organization.

Subd. 6. Each political subdivision either alone or in conjunction with another political subdivision shall prepare and keep current an emergency plan for its area.

Subd. 7. The political subdivision's organization of emergency service shall prepare and distribute to all appropriate persons in written form a clear and complete statement of the emergency responsibilities of local agencies and persons.

Subd. 8. To provide moneys for emergency services purposes authorized by this chapter, a political subdivision is empowered to levy annually upon all taxable property in the political subdivision, except as provided in subdivision 11, a tax in excess of and over and above all taxing limitations, except a limitation established

pursuant to sections 275.50 to 275.56, in such amount as may be necessary to pay such expenditures. The total amount of a tax levied under authority of this section except when levied by a county shall not exceed 40 cents per capita based on the last federal regular or special census, except in a political subdivision in which such tax will not produce a total amount of \$1,000 in which event a tax sufficient to produce \$1,000 or so much thereof as may be necessary may be levied, if not in excess of a limitation established pursuant to sections 275.50 to 275.56.

Subd. 9. (a) To provide moneys for the purchase of organizational equipment which is to be paid for in part by the federal government, a political subdivision is empowered to levy a tax upon all taxable property in the political subdivision, except as provided in subdivision 10, in excess of and over and above all taxing limitations, including those provided in subdivision 8, but subject to a limitation established pursuant to sections 275.50 to 275.56, in such amount as may be necessary to pay its share of the cost of such organizational equipment, provided that the governor has approved the purchase thereof.

(b) Each political subdivision which has initiated the purchase of organizational equipment shall have the power:

(1) To pay into the state treasury, in trust, its share of the cost of organizational equipment required by the federal government to be paid in advance.

(2) To pay into the state treasury, in trust, its share of the reimbursement of the federal government by the state as part of its share of the cost of organizational equipment purchased for the political subdivision and initially wholly paid for from the federal treasury.

(3) To pay the entire cost of organizational equipment from funds derived from tax levies herein authorized but within the limitations of subdivision 8. Organizational equipment purchased entirely from funds of a political subdivision need not be in excess of equipment provided for normal operation of a political subdivision and may be of a type and kind usable for emergency services purposes.

Subd. 10. When levied by a county, the taxes authorized in subdivisions 8 and 9, respectively, shall be spread wholly and exclusively upon property within the portion of the county over which the county local organization for civil defense has justification as provided in section 12.25, subdivision 1; provided, however, that a county may levy annually a tax upon all taxable property within any city or town within the county which has a local civil defense organization.

Subd. 11. Notwithstanding the limitation contained in section 8, subdivision 9, the limitation applicable to the city of Minneapolis shall continue at 20 cents per capita, and no levy may be made by Hennepin county on property within the city of Minneapolis pursuant to section 8, subdivision 11.

Sec. 9. Subdivision 1. If the governor or his designee find that

two or more political subdivisions would benefit more by jointly developing and maintaining an emergency plan than by maintaining separate emergency plans, he may by executive order require the political subdivisions to develop and maintain a single emergency plan. This determination shall be subject to the consent of the political subdivisions and shall be based on these considerations of the political subdivisions:

- (a) Population;
- (b) Financial resources;
- (c) Vulnerability to disaster or emergency;
- (d) Interrelated characteristics;
- (e) Other relevant conditions or circumstances.

Subd. 2. If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship to protect this area, he shall take the proper steps to establish this relationship.

Subd. 3. In the event a jurisdiction or jurisdictions with which the governor proposes to cooperate has not enacted the interstate civil defense and disaster compact, he may negotiate special agreements with the jurisdiction or jurisdictions. Any agreement, if sufficient authority for the making thereof does not otherwise exist, becomes effective only after its text has been communicated to the legislature and provided that neither house of the legislature has disapproved it in the next session or within one year after its submission, whichever is shorter.

Sec. 10. [INTERGOVERNMENTAL ARRANGEMENTS.]
Subdivision 1. This state enacts into law and enters into the interstate civil defense and disaster compact with all states, defined therein, which states have enacted or shall hereafter enact the compact in the form substantially as follows:

Interstate Civil Defense and Disaster Compact

The contracting States solemnly agree:

ARTICLE I

The purpose of this compact is to provide mutual aid among the states in meeting any emergency or disaster from enemy attack or other cause, natural or otherwise, including sabotage and subversive acts and direct attacks by bombs, shellfire, and atomic, radiological, chemical, bacteriological means, and other weapons. The prompt, full, and effective utilization of the resources of the respective states, including such resources as may be available from the United States government or any other source, are essential to the safety, care, and welfare of the people thereof in the event of enemy action or other emergency, and any other resources, including personnel, equipment, or supplies, shall be incorporated into a plan or plans of mutual aid to be developed among the civil defense agencies or similar bodies of the states that are parties

hereto. The directors of civil defense of all party states shall constitute a committee to formulate plans to take all necessary steps for the implementation of this contract.

ARTICLE II

It shall be the duty of each party state to formulate civil defense plans and programs for application within such state. There shall be frequent consultation between the representatives of the states and with the United States government and the free exchange of information and plans, including inventories of any materials and equipment available for civil defense. In carrying out such civil defense plans and programs the party states shall so far as possible provide and follow uniform standards, practices and rules and regulations including:

(a) Insignia, arm bands and any other distinctive articles to designate and distinguish the different civil defense services;

(b) Blackouts and practice blackouts, air-raid drills, mobilization of civil defense forces and other tests and exercises;

(c) Warnings and signals for drills or attacks and the mechanical devices to be used in connection therewith;

(d) The effective screening or extinguishing of all lights and lighting devices and appliances;

(e) Shutting off water mains, gas mains, electric power connections and the suspension of all other utility services;

(f) All materials or equipment used or to be used for civil defense purposes in order to assure that such materials and equipment will be easily and freely interchangeable when used in or by any other party state;

(g) The conduct of civilians and the movement and cessation of movement of pedestrians and vehicular traffic, prior, during and subsequent to drills or attacks;

(h) The safety of public meetings or gatherings; and

(i) Mobile support units.

ARTICLE III

Any party state requested to render mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state. Each party state shall extend to the civil defense forces of any other party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, privileges and immunities as if they were performing their duties in the state in which normally employed or rendering services. Civil defense forces will continue

under the command and control of their regular leaders but the organizational units will come under the operational control of the civil defense authorities of the state receiving assistance.

ARTICLE IV

Whenever any person holds a license, certificate, or other permit issued by any state evidencing the meeting of qualifications for professional, mechanical or other skills, such person may render aid involving such skill in any party state to meet an emergency or disaster and such state shall give due recognition to such license, certificate or other permit as if issued in the state in which aid is rendered.

ARTICLE V

No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

ARTICLE VI

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that appropriate among other states party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or states. Such supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons, and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, equipment and supplies.

ARTICLE VII

Each party state shall provide for the payment of compensation and death benefits to injured members of the civil defense forces of that state and the representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

ARTICLE VIII

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without

charge or cost; and provided further that any two or more party states may enter into supplementary agreements establishing a different allocation of costs as among those states. The United States government may relieve the party state receiving aid from any liability and reimburse the party state supplying civil defense forces for the compensation paid to and the transportation, subsistence, and maintenance expenses of such forces during the time of the rendition of such aid or assistance outside the state and may also pay fair and reasonable compensation for the use or utilization of the supplies, materials, equipment, or facilities so utilized or consumed.

ARTICLE IX

Plans for the orderly evacuation and reception of the civilian population as the result of an emergency or disaster shall be worked out from time to time between representatives of the party states and the various local civil defense areas thereof. Such plans shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the providing of facilities for the notification of relatives or friends and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees shall be reimbursed generally for the out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines and medical care, and like items. Such expenditures shall be reimbursed by the party state of which the evacuees are residents, or by the United States government under plans approved by it. After the termination of the emergency or disaster the party state of which the evacuees are resident shall assume the responsibility for the ultimate support or repatriation of such evacuees.

ARTICLE X

This compact shall be available to any state, territory or possession of the United States, and the District of Columbia. The term "state" may also include any neighboring foreign country or province or state thereof.

ARTICLE XI

The committee established pursuant to Article 1 of this compact may request the Civil Defense Agency of the United States government to act as an informational and coordinating body under this compact, and representatives of such agency of the United States government may attend meetings of such committee.

ARTICLE XII

This compact shall become operative immediately upon its ratification by any state as between it and any other state or

states so ratifying and shall be subject to approval by Congress unless prior congressional approval has been given. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and the Civil Defense Agency and other appropriate agencies of the United States government.

ARTICLE XIII

This compact shall continue in force and remain binding on each party state until the legislature or the governor of such party state takes action to withdraw therefrom. Such action shall not be effective until 30 days after notice thereof has been sent by the governor of the party state desiring to withdraw to the governors of all other party states.

ARTICLE XIV

This compact shall be construed to effectuate the purposes stated in Article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

Sec. 11. [LOCAL EMERGENCIES.] Subdivision 1. A local emergency may be declared only by the executive authority of the affected political subdivision. The local emergency shall not be continued or renewed for a period in excess of seven days except with the consent of the governing board of the political subdivision involved. Any order or proclamation in regard to a local emergency shall be given prompt and general publicity and shall be filed promptly with the chief local records-keeping agency.

Subd. 2. The effect of a declaration of a local emergency is to activate applicable emergency plans.

Sec. 12. [DISASTER PREVENTION.] Subdivision 1. The governor shall direct state agencies, including but not limited to those charged with responsibilities of flood plain management, stream encroachment and flow regulation, weather modification, fire prevention and control, air quality, public works, land use and land-use planning, and construction standards, to conduct studies and submit reports to the governor relative to disasters and emergencies. The governor shall make recommendations to the legislature, political subdivisions, and state agencies regarding measures for prevention and reduction of the harmful consequences of disasters and emergencies.

Subd. 2. The department of natural resources, in conjunction with the division of emergency services, shall keep land uses and construction of structures and other facilities under continuing study and identify areas which are particularly susceptible to severe land shifting, subsidence, and flood. The studies under this subdivision shall concentrate on means of reducing or avoiding the dangers and consequences of such occurrences.

Subd. 3. If the division of emergency services determines that existing building standards and land-use controls in an area are inadequate and could add substantially to the magnitude of the disaster, it shall recommend to the governor the changes it finds necessary to reduce the magnitude of the disaster. If the governor upon review of the recommendation finds that the changes are essential, he shall so recommend that these changes be implemented by the appropriate state agency or political subdivision. If his recommendations are not acted upon within the time specified by the governor, he shall so inform the legislature and request legislative action.

Sec. 13. [COMMUNICATIONS.] The division of emergency services shall ascertain what means exist for rapid and efficient communications in times of emergencies or disasters. The agency shall consider the desirability of supplementing these communications resources or of integrating them into a comprehensive state or state-federal telecommunications or other communications system or network. In studying the character and feasibility of any system or its several parts, the division shall evaluate the possibility of multipurpose use thereof for general state and local governmental purposes. The division shall make recommendations to the governor as appropriate.

Sec. 14. [MUTUAL AID.] Subdivision 1. Political subdivisions shall be encouraged and assisted by the division of emergency services to enter into suitable arrangements for furnishing mutual aid in coping with disasters.

Subd. 2. In reviewing of local emergency plans, the governor shall consider whether they contain adequate provisions for the rendering and receipt of mutual aid.

Sec. 15. [ASSISTANCE BETWEEN POLITICAL SUBDIVISIONS.] Subdivision 1. Whenever requested by a political subdivision after declaration of a stated emergency or disaster, the governor may, in his discretion, authorize and direct the police, fire-fighting, health, or other force of any political subdivision, herein called the sending political subdivision, to go to the assistance of another political subdivision, herein called the receiving political subdivision, and to take and use for such purpose such personnel, equipment, and supplies of the sending political subdivision as the governor may direct.

Subd. 2. While so engaged, the officers and members of such forces shall have the same powers, duties, rights, privileges and immunities as if they were performing like service in the sending political subdivision and shall be considered to be acting within the scope of and in the course of their regular employment, as employees of such sending political subdivision.

Subd. 3. The receiving political subdivision shall reimburse the sending political subdivision for all supplies used and the compensation paid to all officers and members of the forces so furnished during such time as the rendition of such aid prevents them from performing their duties in the sending political subdivision, for the actual traveling and maintenance expenses of such officers and

members while rendering such aid, and the cost of all insurance covering such officers and members while so engaged. Any claim for such loss, damage or expense in use of equipment or supplies or for additional expenses incurred in the operation or maintenance thereof shall not be allowed unless within 90 days after the same is sustained or incurred an itemized notice of such claim, verified by an officer or employee of the municipality having knowledge of the facts, is filed with the clerk of the receiving political subdivision.

Subd. 4. It shall be the policy of the state to reimburse the sending political subdivision for any loss or damage to equipment used outside of the corporate limits of the sending political subdivision and to reimburse the sending political subdivision for any additional expenses incurred in the operation and maintenance thereof outside such corporate limits. Any claim for such loss, damage or expense in use of equipment or for additional expenses incurred in the operation or maintenance thereof shall not be allowed unless within 90 days after the same is sustained or incurred an itemized notice of such claim, verified by an officer or employee of the sending political subdivision having knowledge of the facts, is filed with the state director.

Sec. 16. [PERSONS REQUIRED TO ASSIST.] Subdivision 1. During an emergency or disaster, the governor, the state director or a member of a class of members of a state or local civil defense organization designated by the governor, may, when necessary to save life or property, (1) require any person, except members of the federal or state military forces and officers of the state or a political subdivision, to perform services for emergency services purposes as directed by any of the persons first above described, and (2) commandeer, during a disaster or emergency, any motor vehicle, tools, appliances or any other personal property.

Subd. 2. The owner of any property so commandeered shall be promptly paid just compensation for the use thereof and all damages done to the property while so used for emergency services purposes. The governor or the governing body of the political subdivision concerned, respectively, according to the use thereof, shall make a formal order determining the amount of such compensation. The owner may appeal to the district court of the county in which such property was commandeered if, within 30 days from the date of such order, he serves upon the governor or the political subdivision concerned and files with the clerk of such court a written notice of appeal setting forth the order appealed from and, in detail, the amount claimed as compensation. Upon such appeal, the issue shall be the amount of damages to which the appellant is entitled. It may be noticed for trial as in the case of a civil action and the court may require other parties to be joined and to plead therein when necessary to a proper determination of the questions involved. The cause shall be tried without a jury de novo and the court shall determine the damages and the person or persons entitled thereto. Except as herein otherwise provided, the trial shall be conducted and the cause disposed of according to the rules applicable to civil actions in the district court. The court in its discretion may award to the prevailing party the costs and disbursements of the appeal.

Subd. 3. Any available personnel required to perform services for emergency services who refuses, neglects, or otherwise fails to perform the services required under subdivision 1 shall be guilty of a misdemeanor and punished by imprisonment in the county jail for not less than ten days or more than 90 days.

Sec. 17. [MOBILE SUPPORT UNITS CALLED TO DUTY.] Subdivision 1. Mobile support units shall be called to duty upon orders of the governor and shall perform their functions in any part of the state, or, upon the conditions specified in this section, in other states.

Subd. 2. Personnel of mobile support units while on active duty, whether within or without the state, shall: (1) if they are employees of the state, have the powers, duties, rights, privileges and immunities and receive the compensation incidental to their employment; (2) if they are employees of a political subdivision, and whether serving within or without such political subdivision, have the powers, duties, rights, privileges and immunities and receive the compensation incidental to their employment; and (3) if they are not employees of the state or a political subdivision thereof, receive compensation by the state of \$5 per day and have the same rights and immunities as are provided by law for the employees of this state. All personnel of mobile support units shall, while on duty, be subject to the operational control of the authority in charge of emergency services activities in the area in which they are serving, and shall be reimbursed for all actual and necessary travel and subsistence expenses.

Subd. 3. The state shall reimburse a political subdivision for the compensation paid and actual and necessary travel, subsistence and maintenance expenses of employees of such political subdivision while serving as members of a mobile support unit and for all payments for death, disability or injury of such employees incurred in the course of such duty, and for all losses of or damage to supplies and equipment of such political subdivision resulting from the operation of such mobile support unit.

Subd. 4. Whenever a mobile support unit of another state shall render aid in this state pursuant to the orders of the governor of its home state, and upon the request of the governor of this state, this state shall reimburse such other state for the compensation paid and actual and necessary travel, subsistence and maintenance expenses of the personnel of such mobile support unit while rendering such aid, and for all payments for death, disability or injury of such personnel incurred in the course of rendering such aid, and for all losses of or damage to supplies and equipment of such other state or a governmental subdivision thereof resulting from the rendering of such aid; provided, that the laws of such other state contain provisions substantially similar to this section.

Subd. 5. No personnel of a mobile support unit of this state shall be ordered by the governor to operate in any other state unless the laws of such other state contain provisions substantially similar to this section.

Sec. 18. [GOVERNOR MAY CONTRACT.] The governor, during an emergency or disaster, is, notwithstanding any other provision of law, empowered to enter into contracts and incur obliga-

tions necessary to combat such emergency or disaster by protecting the health and safety of persons and the safety of property, and providing emergency assistance to the victims of such emergency or disaster; to exercise the powers vested by this subdivision in the light of the exigencies of the emergency or disaster without compliance with time-consuming procedures and formalities prescribed by law pertaining to the performance of public work, entering into contract, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials, for example, but not limited to, publication of calls for bids, provisions of the civil service act and rules, provisions relating to low bids and requirements for the budgeting and allotment of funds. All contracts shall be in writing, executed on behalf of the state by the governor or a person by him delegated in writing so to do, and shall be promptly filed with the state auditor, who shall forthwith encumber funds appropriated for the purposes of the contract for the full contract liability and certify thereon that such encumbrance has been made.

Sec. 19. [POLITICAL SUBDIVISIONS, AUTHORITY TO ENTER INTO CONTRACTS.] During a disaster or emergency, each political subdivision is, notwithstanding any statutory or charter provision to the contrary, empowered, through its governing body acting within or without the corporate limits of the political subdivision, to enter into contracts and incur obligations necessary to combat such emergency or disaster by protecting the health and safety of persons and property, and providing emergency assistance to the victims of such emergency or disaster. Each political subdivision is authorized to exercise the powers vested by this subdivision in the light of the exigencies of the emergency or disaster without compliance with time-consuming procedures and formalities prescribed by law pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers; rental of equipment, purchase of supplies and materials, limitations upon tax levies, and the appropriation and expenditure of public funds, for example, but not limited to, publication of ordinances and resolutions, publication of calls for bids, provisions of civil service laws and rules, provisions relating to low bids, and requirements for budgets.

Sec. 20. [EMPLOYEES; LOYALTY OATHS.] No person shall be employed or associated in any capacity in any emergency service organization established under this act who advocates or has advocated a change by force or violence in the constitutional form of the government of the United States or in this state or the overthrow of any government in the United States by force or violence, or who has been convicted of or is under indictment or information charging any subversive act against the United States. Each person who is appointed to serve in an organization for emergency services shall, before entering upon his duties, take an oath, in writing, before a person authorized to administer oaths in this state, which oath shall be substantially as follows:

"I,, do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution

of the State of against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.”

This oath may be administered by any officer of the division of emergency services, local emergency services director/coordinator or any public official authorized to administer oaths.

Sec. 21. [POLITICAL ACTIVITIES.] No organization for emergency services established under the authority of this chapter shall participate in any form of political activity, nor shall it be employed directly or indirectly for political purposes, nor shall it be employed in a legitimate labor dispute.

Sec. 22. [VIOLATIONS, PENALTIES.] Unless a different penalty or punishment is specifically prescribed, any person who willfully violates any provision of this act or any rule, order or regulation having the force and effect of law issued under authority of this act is guilty of a misdemeanor and upon conviction shall be punished as provided by law.

Sec. 23. [LIMITATION OF POWERS.] Nothing in this act shall be construed to authorize the governor or the director:

(1) By subpoena or otherwise to require any person to appear before him or any other person or to produce any records for inspection by him or any other person, or to examine any person under oath; and

(2) To remove summarily from office any person, other than a person appointed under this chapter, except as now provided by law or as herein specifically authorized.

Sec. 24. [COLLECTION OF BLOOD TO TREAT CASUALTIES IN DISASTER.] The state board of health is authorized to procure and to store blood typing serums, donor and recipient sets of the disposable type and disposable blood containers in which to collect citrated whole human blood for transfusion purposes. Such donor and recipient sets, disposable blood containers and blood typing serum procured under sections 25 and 26 shall comply with the standards of the National Institutes of Health, United States Public Health Service. The board is authorized to make agreements with such hospitals, blood banks, and bleeding centers for the storing, without cost to the state, of such containers and sets, in quantities not to exceed a one year supply, at such points throughout the state as the board in cooperation with the division of emergency services deems necessary in order to facilitate the immediate collection and use for transfusion purposes of supplies of citrated whole human blood for the treatment of casualties in case of disaster. The hospitals, blood banks, and bleeding centers cooperating with the board pursuant to said agreements shall store such containers and sets but are authorized to use such containers and sets as needed in meeting their normal daily transfusion requirements. In order to keep the supply fresh and readily available at all times for disaster use, such hospitals, blood banks, and bleeding centers shall replenish as used, at their own expense,

the supply of such containers and sets stored with them by the board pursuant to said agreements.

Sec. 25. The hospitals, blood banks, and bleeding centers shall keep such donor lists current and shall report at such times as may be required by the board the total number of donors on the blood donor list and the number in the respective blood groups and RH types.

The determination of the director as to the cost of such excess property to the state department or agency receiving the same shall be final.

Subd. 3. Whenever any governmental or nonprofit organization other than a state department or agency receives excess property from the director, such governmental or nonprofit organization shall reimburse the excess property revolving fund for the cost thereof, including the expenses of screening, accepting and distributing the same, in such amount as the director may determine. The director may, however, require such governmental or nonprofit organization to deposit in advance in the excess property revolving fund moneys covering the cost of such excess property and upon such terms and conditions as may be mutually agreed upon.

Pursuant to Rule 49 the Committee recommends that H. F. No. 1835 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [LEGISLATIVE FINDING.] It is hereby declared to be in the public interest that public utilities be regulated as hereinafter provided in order to provide the retail consumers of natural gas and electric service in this state with adequate and reliable services at reasonable rates, consistent with the financial and economic requirements of public utilities and their need to construct facilities to provide such services or to otherwise obtain energy supplies, to avoid unnecessary duplication of facilities which increase the cost of service to the consumer and to minimize disputes between public utilities which may result in inconvenience or diminish efficiency in service to the consumers. Because municipal utilities are presently effectively regulated by the residents of the municipalities which own and operate them, it is deemed unnecessary to subject such utilities to regulation under this act except as specifically provided herein.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of this act the terms defined in this section have the meanings given them.

Subd. 2. “Corporation” means a private corporation, a public corporation, a municipality, an association, a cooperative whether incorporated or not, a joint stock association, a business trust, or any political subdivision or agency.

Subd. 3. “Person” means a natural person, a partnership, or two or more persons having a joint or common interest, and a corporation as hereinbefore defined.

Subd. 4. “Public utility” means persons, corporations or other legal entities, their lessees, trustees, and receivers, now or hereafter operating, maintaining, or controlling in this state equipment or facilities for furnishing at retail natural, manufactured or mixed gas or electric service to or for the public or its members, or engaged in the production and retail sale thereof but does not include a municipality producing or furnishing natural, manufactured or mixed gas or electric service. Except as otherwise provided, the provisions of this act shall not be applicable to any sale of natural gas or electricity by a public utility to another public utility for resale. No person shall be deemed to be a public

utility if it presently furnishes its services only to tenants in buildings owned, leased or operated by such person. No person shall be deemed to be a public utility if it presently furnishes service to occupants of a mobile home or trailer park owned, leased, or operated by such person. No person shall be deemed to be a public utility if it presently produces or furnishes service to less than 25 persons.

Subd. 5. "Rate" means every compensation, charge, fare, toll, tariff, rental and classification, or any of them, demanded, observed, charged, or collected by any public utility for any service and any rules, regulations, practices, or contracts affecting any such compensation, charge, fare, toll, rental, tariff, or classification.

Subd. 6. "Service" means natural, manufactured or mixed gas and electricity; the installation, removal, or repair of equipment or facilities for delivering or measuring such gas and electricity.

Subd. 7. "Commission" means the public service commission of the department of public service.

Subd. 8. "Department" means the department of public service of the state of Minnesota.

Subd. 9. "Municipality" means any city however organized.

Sec. 3. [REASONABLE RATE.] Every rate made, demanded, or received by any public utility, or by any two or more public utilities jointly, shall be just and reasonable. Rates shall not be unreasonably preferential, unreasonably prejudicial or discriminatory, but shall be sufficient, equitable and consistent in application to a class of consumers. Any doubt as to reasonableness should be resolved in favor of the consumer. For rate making purposes a public utility may treat two or more municipalities served by it as a single class wherever the populations are comparable in size or the conditions of service are similar.

Sec. 4. [STANDARD OF SERVICE.] Every public utility shall furnish safe, adequate, efficient, and reasonable service; provided that service shall be deemed adequate if made so within 90 days after a person requests service. Upon application by a public utility, and for good cause shown, the commission may extend the period for not to exceed another 90 days.

Sec. 5. [PUBLISH SCHEDULES; REGULATIONS; FILES; JOINT RATES.] Subdivision 1. Every public utility shall file with the commission schedules showing all rates, tolls, tariffs and charges which it has established and which are in force at the time for any service performed by it within the state, or for any service in connection therewith or performed by any public utility controlled or operated by it.

Subd. 2. Every public utility shall file with and as a part of the schedule all rules and regulations that, in the judgment of the commission, in any manner affect the service or product, or the rates charged or to be charged for any service or product, as well as any contracts, agreements or arrangements relating to the ser-

vice or product or the rates to be charged for any service or product to which the schedule is applicable as the commission may by general or special order direct.

Subd. 3. Every public utility shall keep copies of the schedules open to public inspection under rules and regulations as the commission may prescribe.

Sec. 6. [RECEIVING DIFFERENT COMPENSATION.] No public utility shall directly or indirectly, by any device whatsoever, or in any manner, charge, demand, collect, or receive from any person a greater or less compensation for any service rendered or to be rendered by the utility than that prescribed in the schedules of rates of the public utility applicable thereto when filed in the manner provided in this act, nor shall any person knowingly receive or accept any service from a public utility for a compensation greater or less than that prescribed in the schedules, provided that all rates being charged and collected by a public utility upon the effective date of this act may be continued until schedules are filed. Nothing in this act shall prevent a cooperative association from returning to its patrons the whole, or any part of, the net earnings resulting from its operations in proportion to their purchases from or through the association.

Sec. 7. [RATE PREFERENCE PROHIBITED.] No public utility shall, as to rates or service, make or grant any unreasonable preference or advantage to any person or subject any person to any unreasonable prejudice or disadvantage.

Sec. 8. [DUTIES OF COMMISSION.] The commission is hereby vested with the powers, rights, functions, and jurisdiction to regulate in accordance with the provisions of this act every public utility as defined herein. The exercise of such powers, rights, functions, and jurisdiction is prescribed as a duty of the commission. The commission is authorized to make rules and regulations in furtherance of the purposes of this act.

Sec. 9. [STANDARDS; CLASSIFICATIONS; REGULATIONS; PRACTICES.] The commission, after hearing upon reasonable notice had upon its own motion or upon complaint, may ascertain and fix just and reasonable standards, classifications, regulations, or practices to be observed and followed by any or all public utilities with respect to the service to be furnished; ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, initial voltage, or other condition pertaining to the supply of the service; prescribe reasonable regulations for the examination and testing of the service and for the measurement thereof; establish or approve reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters, instruments and equipment used for the measurement of any service of any public utility. Any standards, classifications, regulations, or practices now or hereafter observed or followed by any public utility may be filed by it with the commission, and the same shall continue in force until amended by the public utility or until changed by the commission as herein provided.

The commission may require the filing of all rates, including rates charged to and by public utilities. The commission is empowered to appear before the Federal Power Commission to offer evidence and to seek appropriate relief in any case in which the rates charged consumers within the state of Minnesota may be affected.

Sec. 10. [ACCOUNTING SYSTEM.] Subdivision 1. The commission shall establish a system of accounts to be kept by public utilities subject to its jurisdiction. A public utility which maintains its accounts in accordance with the system of accounts prescribed by a federal agency or authority shall be deemed to be in compliance with the system of accounts prescribed by the commission. Where optional accounting is prescribed by a federal agency or authority, the commission may prescribe which option is to be followed.

Subd. 2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission or furnishing of natural gas or electric service shall, if required by the commission, keep and render separately to the commission in like manner and form the accounts of all the other business, in which case all the provisions of this act shall apply to the books, accounts, papers and records of the other business.

Subd. 3. Every public utility is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the commission, and to comply with all directions of the commission relating to these books, accounts, papers and records.

Subd. 4. The commission may require any public utility to file annual reports in the form and content, having regard for the provisions of this section, as the commission may require, and special reports concerning any matter about which the commission is authorized to inquire or to keep itself informed. The commission may require the reports to be verified. The basic financial statements in the annual report of a public utility may, at the direction of the public service commission, be examined by an independent certified public accountant and his opinion thereof included in the annual report filed with the commission.

Subd. 5. [AUDIT AND INSPECTION.] The commission may require the examination and audit of all accounts, and all items shall be allocated to the accounts in the manner prescribed by the commission.

Subd. 6. The term public utility as used in this section includes a municipal utility.

Sec. 11. [DEPRECIATION RATES AND PRACTICES.] The commission shall fix proper and adequate rates and methods of depreciation, amortization, or depletion in respect of utility property, including utility property owned by a municipally owned gas or electric utility, and every public and every municipally owned gas and electric utility shall conform its depreciation, amortization or depletion accounts to the rates and methods fixed by the commission.

Sec. 12. [RIGHT OF ENTRANCE; INSPECTION.] Subdivision 1. The commissioners and the duly authorized officers and employees of the department, during business hours, may enter upon any premises occupied by any public utility for the purpose of making examinations and tests and to inspect the accounts, books, papers, and documents of any public utility for the purpose of exercising any power provided for in this act, and may set up and use on the premises any apparatus and appliance necessary therefor. Such public utility shall have the right to be represented at the making of the examinations, tests, and inspections. The public utility, its officers and employees, shall facilitate the examinations, tests, and inspections by giving every reasonable aid to the commissioners and any person or persons designated by the department for the duties aforesaid.

Subd. 2. The term public utility as used in this section includes a municipal utility.

Sec. 13. [PRODUCTION OF RECORDS.] Subdivision 1. The commission may require, by order served on any public utility in the manner provided herein for the service of orders, the production within this state at a reasonable time and place as the commission may designate, of any books, accounts, papers, or records of the public utility relating to its business or affairs within the state, pertinent to any lawful inquiry and kept by said public utility in any office or place within or without this state, or, at its option, verified or photostatic copies in lieu thereof, so that an examination thereof may be made by the commission or under its direction.

Subd. 2. The term public utility as used in this section includes a municipal utility.

Sec. 14. [INVESTIGATION.] The commission upon complaint or upon its own initiative and whenever it may deem it necessary in the performance of its duties may investigate and examine the condition and operation of any public utility or any part thereof. In conducting the investigations the commission may proceed either with or without a hearing as it may deem best, but it shall make no order without affording the affected parties a hearing.

Sec. 15. [HEARINGS; EXAMINER.] The commission may, in addition to the hearings specifically provided for by this act, conduct any other hearings as may reasonably be required in the administration of the powers and duties conferred upon it by this act. The commission may designate one of its members to act as an examiner for the purpose of holding any hearing which the commission has the power or authority to hold or in the event parties to the hearing so stipulate the commission may designate a qualified commission employee as the examiner. Reasonable notice of all hearings shall be given the persons interested therein as determined by the commission.

Sec. 16. [RATE CHANGES; PROCEDURE; HEARING.] Subdivision 1. Unless the commission otherwise orders, no public utility shall change any rate which has been duly established under this act, except after 30 days notice to the commission,

which notice shall include statements of facts, expert conclusions, substantiating documents, and exhibits, supporting the change requested, and further shall state the change proposed to be made in the rates then in force, and the time when the modified rates will go into effect. The commission shall give written notice of the proposed change to the governing body of each municipality and county in the area affected. All proposed changes shall be shown by filing new schedules or shall be plainly indicated upon schedules on file and in force at the time.

Subd. 2. Whenever there is filed with the commission any schedule modifying or resulting in a change in any rates then in force, together with the filed statements of facts, expert conclusions, substantiating documents, and exhibits, supporting the changes requested, the commission shall upon complaint or may upon its own motion, upon reasonable notice to the governing bodies or municipalities affected, conduct a hearing to determine whether the rates are unjust or unreasonable; and pending the hearing and the decision thereon, the commission, upon filing with the schedule of rates and delivering to the affected utility a statement in writing of its reasons therefor at any time before they become effective, may suspend the operation of the schedule.

Subd. 3. Notwithstanding any order of suspension of a proposed increase in rates, the public utility may put the suspended schedule into effect on the date when it would have become effective if not suspended, or any date subsequent thereto within the suspension period, by filing with the commission a bond in an amount approved by the commission with sureties approved by the commission, conditioned upon the refund, in a manner to be prescribed by order of the commission, of the excess in increased rates, including interest thereon which shall be at the current rate of interest as determined by the commission, collected during the period of the suspension if the schedule so put into effect is finally disallowed by the commission. There may be substituted for the bond other arrangements satisfactory to the commission for the protection of persons affected. If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefor and is authorized to recover on behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled thereto. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. However, no public utility shall put a suspended rate schedule into effect as provided by this subdivision until at least 90 days after the commission has made a determination concerning any previously filed change of the rate schedule or the change has otherwise become effective under subdivision 2.

Subd. 4. The burden of proof to show that the rate change is just and reasonable shall be upon the public utility seeking the change.

Subd. 5. If, after the hearing, the commission finds the rates to be unjust or unreasonable or discriminatory, the commission shall determine the level of rates to be charged or applied by the utility for the service in question and shall fix the same by order to be served upon the utility; and the rates are thereafter to be observed until changed, as provided by this act. In no event shall the rates exceed the level of rates requested by the public utility, except that individual rates may be adjusted upward or downward.

Subd. 6. The commission, in the exercise of its powers under this act to determine just and reasonable rates for public utilities, shall give due consideration to the public need for adequate, efficient, and reasonable service and to the need of the public utility for revenue sufficient to enable it to meet the cost of furnishing the service, including adequate provision for depreciation of its utility property used and useful in rendering service to the public, and to earn a fair and reasonable return upon the investment in such property. In determining the rate base upon which the utility is to be allowed to earn a fair rate of return, the commission shall give due consideration to evidence of the cost of the property when first devoted to public use, to prudent acquisition cost to the public utility less appropriate depreciation on each, to offsets in the nature of capital provided by sources other than the investors, and any other factors or evidence material and relevant thereto.

Subd. 7. Notwithstanding any other provision of this act, the commission may permit a public utility to file rate schedules containing provisions for the automatic adjustment of charges for public utility service in direct relation to changes in federally regulated wholesale rates for energy delivered through interstate facilities or fuel used in generation of electricity or the manufacture of gas.

Sec. 17. [COMPLAINTS.] Subdivision 1. On its own motion or upon a complaint made against any public utility, by the governing body of any political subdivision, by another public utility, or by any 50 consumers of the particular utility that any of the rates, tolls, tariffs, charges, or schedules or any joint rate or any regulation, measurement, practice, act or omission affecting or relating to the production, transmission, delivery or furnishing of natural gas or electricity or any service in connection therewith is in any respect unreasonable, insufficient or unjustly discriminatory, or that any service is inadequate or cannot be obtained, the commission shall proceed, with notice, to make such investigation as it may deem necessary. The commission may dismiss any complaint without a hearing if in its opinion a hearing is not in the public interest.

Subd. 2. The commission shall, prior to any formal hearing, notify the public utility complained of that a complaint has been made, and ten days after the notice has been given the commission may proceed to set a time and place for a hearing and an investigation as provided in this section.

Subd. 3. The commission shall give the public utility and the complainant, ten days notice of the time and place when and where

the hearing will be held and such matters to be considered and determined. Both the public utility and complainant shall be entitled to be heard and be represented by counsel.

Subd. 4. Notice shall also be given to the governing bodies of affected municipalities and counties, and to any other persons the commission shall deem necessary.

Subd. 5. The notice provided for in subdivisions 2 and 3 may be combined but if combined the notice shall not be less than ten days.

Subd. 6. The commission shall have the power to hear, determine and adjust complaints made against any municipally owned gas or electric utility with respect to rates and services upon petition of ten percent of the non-resident consumers of the municipally owned utility or 25 such non-resident consumers whichever is less. The hearing of the complaints shall be governed by subdivisions 1 through 5 of this section.

Subd. 7. Minnesota Statutes, Section 15.0419, shall be applicable to all contested cases before the commission.

Sec. 18. [SERVICE OF NOTICE.] Service of notice of all hearings, investigations and proceedings pending before the commission and of complaints, reports, orders and other documents shall be made personally or by mail as the commission may direct.

Sec. 19. [JOINT HEARINGS AND INVESTIGATIONS.] In the discharge of its duties under this act, the commission may cooperate with similar commissions of other states and any federal agency and may hold joint hearings and make joint investigations with other commissions.

Sec. 20. [SEPARATE RATE HEARINGS.] The commission may, in its discretion, when complaint is made of more than one rate or charge, order separate hearings thereon, and may consider and determine the several matters complained of separately and at times it may prescribe.

Sec. 21. [SUMMARY INVESTIGATIONS.] Subdivision 1. Whenever the commission has reason to believe that any rate or charge may be unreasonable or unjustly discriminatory or that any service is inadequate or cannot be obtained or that an investigation of any matter relating to any public utility should for any reason be made, it may on its own motion summarily investigate the same with or without notice.

Subd. 2. If, after making the summary investigation, the commission becomes satisfied that sufficient grounds exist to warrant a formal hearing being ordered as to the matters investigated, it shall set a time and place for a hearing.

Subd. 3. Notice of the time and place for the hearing shall be made as provided in sections 17 and 18 of this act.

Sec. 22. [LAWFUL RATES; REASONABLE SERVICE.] Subdivision 1. Whenever upon an investigation made under the provisions of this act, the commission shall find rates, tolls, charges, schedules or joint rates to be unjust, unreasonable, insufficient or

unjustly discriminatory or preferential or otherwise unreasonable or unlawful, the commission shall determine and by order fix reasonable rates, tolls, charges, schedules or joint rates to be imposed, observed and followed in the future in lieu of those found to be unreasonable or unlawful.

Subd. 2. Whenever the commission shall find any regulations, measurements, practices, acts or service to be unjust, unreasonable, insufficient, preferential, unjustly discriminatory or otherwise unreasonable or unlawful, or shall find that any service which can be reasonably demanded cannot be obtained, the commission shall determine and by order fix reasonable measurements, regulations, acts, practices or service to be furnished, imposed, observed and followed in the future in lieu of those found to be unreasonable, inadequate or otherwise unlawful, and shall make any other order respecting the measurement, regulation, act, practice or service as shall be just and reasonable.

Subd. 3. A copy of the order shall be served upon the person against whom it runs or his attorney, and notice thereof shall be given to the other parties to the proceedings or their attorneys.

Sec. 23. [CONSTRUCTION OF FACILITIES; COMMISSION APPROVAL.] Subdivision 1. The words "major utility facility" means: (1) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of 50 megawatts or more; (2) an electric transmission line and associated facilities of a design capacity of 125 kilovolts or more; and (3) a gas transmission line and associated facilities designed for, or capable of, transporting gas at pressures in excess of 125 pounds per square inch; provided, however, that the words "major utility facility" shall not include electric or gas distribution lines and gas gathering lines and associated facilities as defined by the commission.

Subd. 2. Under rules and regulations as the commission may prescribe, every public utility shall file with the commission, within the time and in the form as the commission may designate, plans showing any contemplated construction of major utility facilities.

Subd. 3. The provisions of this section shall apply to the construction of major utility facilities by a municipally owned gas or electric utility.

Sec. 24. [CHANGE; AMENDMENT; RECISION OF ORDERS.] The commission may at any time, on its own motion or upon motion of an interested party, and upon notice to the public utility and after opportunity to be heard, rescind, alter or amend any order fixing rates, tolls, charges or schedules, or any other order made by the commission, and may reopen any case following the issuance of an order therein, for the taking of further evidence or for any other reason. Any order rescinding, altering, amending or reopening a prior order shall have the same effect as an original order.

Sec. 25. [ORDERS; EFFECTIVE DATE.] Every decision made

by the commission constituting an order or determination shall be in force and effective 20 days after it has been filed and has been served by personal delivery or by mailing a copy thereof to all parties to the proceeding in which the decision was made or to their attorneys, unless the commission shall specify a different date upon which the order shall be effective.

Sec. 26. [REHEARINGS BEFORE COMMISSION; CONDITION PRECEDENT TO JUDICIAL REVIEW.] Subdivision 1. Within 20 days after the service by the commission of any decision constituting an order or determination, any party to the proceeding and any other person, aggrieved by the decision and directly affected thereby, may apply to the commission for a rehearing in respect to any matters determined in the decision. The commission may grant and hold a rehearing on the matters, or upon any of them as it may specify in the order granting the rehearing, if in its judgment sufficient reason therefor exists.

Subd. 2. The application for a rehearing shall set forth specifically the grounds on which the applicant contends the decision is unlawful or unreasonable. No cause of action arising out of any decision constituting an order or determination of the commission or any proceeding for the judicial review thereof shall accrue in any court to any person or corporation unless the plaintiff or petitioner in the action or proceeding within 20 days after the service of the decision, shall have made application to the commission for a rehearing in the proceeding in which the decision was made. No person or corporation shall in any court urge or rely on any ground not so set forth in the application for rehearing.

Subd. 3. Applications for rehearing shall be governed by general rules which the commission may establish. In case a rehearing is granted the proceedings shall conform as nearly as may be to the proceedings in an original hearing, except as the commission may otherwise direct. If in the commission's judgment, after the rehearing, it shall appear that the original decision, order or determination is in any respect unlawful or unreasonable, the commission may reverse, change, modify or suspend the original action accordingly. Any decision, order or determination made after the rehearing reversing, changing, modifying or suspending the original determination shall have the same force and effect as an original decision, order or determination. Only one rehearing shall be granted by the commission; but this shall not be construed to prevent any party from filing a new application or complaint. No order of the commission shall become effective while an application for a rehearing or a rehearing is pending and until ten days after the application for a rehearing is either denied, expressly or by implication, or the commission has announced its final determination on rehearing.

Subd. 4. Any application for a rehearing not granted within 20 days from the date of filing thereof, shall be deemed denied.

Subd. 5. It is hereby declared that the legislative powers of the state, insofar as they are involved in the issuance of orders and

decisions by the commission, have not been completely exercised until the commission has acted upon an application for rehearing, as provided for by this section and by the rules of the commission, or until the application for rehearing has been denied by implication, as above provided for.

Sec. 27. [SUBPOENA; WITNESSES; FEES; AND MILEAGE.] The commission and each commissioner, or the secretary of the commission may issue subpoenas and all necessary processes in proceedings pending before it; and each process shall extend to all parts of the state and may be served by any person authorized to serve processes of courts of record. Each witness who shall appear before the commission, or at a hearing before one of the individuals designated by it as provided in section 15 of this act, or whose deposition is taken, shall receive for his attendance the fees and mileage now provided for witnesses in civil cases in courts of record.

Sec. 28. [OATHS; CONTEMPT; EXAMINER'S POWERS.] The commission and each of the commissioners or authorized examiner, for the purpose mentioned in this act, may administer oaths and examine witnesses. In case of failure on the part of any person to comply with any subpoena, or in the case of the refusal of any witness to testify concerning any matter on which he may be interrogated lawfully, any court of record of general jurisdiction or a judge thereof, on application of the commission, may compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court or a refusal to testify therein.

Sec. 29. [DEPOSITIONS.] The commission or any party to the proceedings may, in any investigation or hearing before the commission, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for taking depositions in civil actions in the district court.

Sec. 30. [TESTIMONY AND PRODUCTION OF RECORDS; PERJURY.] No person shall be excused from testifying or from producing any book, document, paper, or account in any investigation, or inquiry by, or hearing before, the commission or any commissioner, or person designated by it to conduct hearings, when ordered to do so, upon the ground that the testimony or evidence, book, document, paper, or account required of him may tend to incriminate him or subject him to penalty or forfeiture; but no person shall be prosecuted, punished, or subjected to any forfeiture or penalty for or on account of any act, transaction, matter, or thing concerning which he shall have been compelled under oath to testify or produce documentary evidence; provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by him in his testimony.

Sec. 31. [COPIES OF DOCUMENTS AS EVIDENCE.] Copies of official documents and orders filed or deposited according to law in the office of the commission, certified by a commissioner or by the secretary under the official seal of the commission to be true copies of the original shall be evidence in like manner as the

originals, in all matters before the commission and in the courts of this state.

Sec. 32. [ORDERS AND FINDINGS IN WRITING.] Every order, finding, authorization, or certificate issued or approved by the commission under any provisions of this act shall be in writing and filed in the office of the secretary of the commission. A certificate under the seal of the commission that any order, finding, authorization, or certificate has not been modified, stayed, suspended, or revoked, shall be received as evidence in any proceedings as to the facts therein stated.

Sec. 33. [PUBLIC RECORDS.] All decisions, transcripts, and orders of the commission shall be public records.

Sec. 34. [TRANSCRIBED RECORD TO BE KEPT.] A full and complete record shall be kept of all proceedings at any formal hearing had before the commission or any commissioner or hearing examiner and all testimony shall be taken down by a reporter appointed by the commission. A copy of the transcript shall be furnished on demand to any party to the proceedings upon payment of reasonable costs of reproduction.

Sec. 35. [FRANCHISES CONTINUED.] Any public utility furnishing the utility services enumerated in this act or occupying streets, highways, or other public property within a municipality may be required to obtain a license, permit, right or franchise in accordance with the terms, conditions, and limitations of regulatory acts of the municipality, including the placing of distribution lines and facilities underground, and under the license, permit, right, or franchise, the utility may be obligated by any municipality to pay to the municipality fees to raise revenue or defray increased municipal costs accruing as a result of utility operations, or both, including but not limited to a sum of money based upon gross operating revenues or gross earnings from its operations in the municipality so long as the public utility shall continue to operate in the municipality, unless upon request of the public utility it is expressly released from the obligation at any time by such municipality. All existing licenses, permits, franchises and other rights acquired by any public utility or municipality prior to the passage of this act including the payment of existing franchise fees, shall not be impaired or affected in any respect by the passage of this act, except with respect to matters of rate and service regulation and service area assignments that have been vested to the jurisdiction of the commission by this act. However, in the event that a court of competent jurisdiction determines, or the parties by mutual agreement determine, that an existing license, permit, franchise or other right has been abrogated or impaired by this act, or its execution, the municipality affected shall impose and the public utility shall collect an excise tax on the utility charges which from year to year yields an amount which is reasonably equivalent to that amount of revenue which then would be due as a fee, charges or other thing or service of value to the municipality under the franchise, license or permit. The authorization shall be over and above taxing limitations including, but not limited to those of section 477A.01, subdivision 18. Franchises granted pursuant to this section shall be

exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80C.

Sec. 36. [ASSIGNED SERVICE AREAS; ELECTRIC UTILITIES.] Subdivision 1. [LEGISLATIVE POLICY.] It is hereby declared to be in the public interest that, in order to encourage the development of coordinated statewide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public, the state of Minnesota shall be divided into geographic service areas within which a specified electric utility shall provide electric service to customers on an exclusive basis.

Sec. 37. [DEFINITIONS.] For the purpose of sections 36 through 43 only, the following definitions shall apply:

Subdivision 1. "Person" means a natural person, a partnership, private corporation, a public corporation, a municipality, an association, a cooperative whether incorporated or not, a joint stock association, a business trust, any political subdivision or agency, or two or more persons having joint or common interest.

Subd. 2. "Customer" means a person contracting for or purchasing electric service at retail from an electric utility.

Subd. 3. "Electric service" means electric service furnished to a customer at retail for ultimate consumption, but does not include wholesale electric energy furnished by an electric utility to another electric utility for resale.

Subd. 4. "Electric line" means lines for conducting electric energy at a design voltage of 25,000 volts phase to phase or less used for distributing electric energy directly to customers at retail.

Subd. 5. "Electric utility" means persons, their lessees, trustees, and receivers, separately or jointly, now or hereafter operating, maintaining or controlling in Minnesota equipment or facilities for providing electric service at retail and which fall within the definition of "public utility" in section 2, subdivision 4, and includes facilities owned by a municipality.

Subd. 6. "Assigned service area" means the geographical area in which the boundaries are established as provided in section 38 of this act.

Subd. 7. "Municipality" means any city, however organized.

Sec. 38. [ASSIGNED SERVICE AREAS.] Subdivision 1. On or before six months from the effective date of this section, or when requested in writing by an electric utility and for good cause shown, and at a further time as the commission may fix by order, each electric utility shall file with the commission a map or maps showing all its electric lines outside of incorporated municipalities as they existed on the effective date of this section. Each electric utility shall also submit in writing a list of all municipalities in which it provides electric service on the effective date of this act. Where two or more electric utilities serve a single municipality, the commission may require each utility to file with the commission a map showing its electric lines within the municipality.

Subd. 2. On or before 12 months from the effective date of this section, the commission shall after notice and hearing establish the assigned service area or areas of each electric utility and shall prepare or cause to be prepared a map or maps to accurately and clearly show the boundaries of the assigned service area of each electric utility.

Subd. 3. To the extent that it is not inconsistent with the legislative policy stated in subdivision 1 of section 36, the boundaries of each assigned service area, outside of incorporated municipalities, shall be a line equidistant between the electric lines of adjacent electric utilities as they exist on the effective date of this section; provided that these boundaries may be modified by the commission to take account of natural and other physical barriers including, but not limited to, highways, waterways, railways, major bluffs, and ravines and shall be modified to take account of the contracts provided for in subdivision 4; and provided further that at any time after the effective date of the section, the commission may on its own or at the request of an electric utility make changes in the boundaries of the assigned service areas, but only after notice and hearing as provided for in sections 17 and 18.

Subd. 4. Contracts between electric utilities, which are executed on or before 12 months from the effective date of this section, designating service areas and customers to be served by the electric utilities when approved by the commission shall be valid and enforceable and shall be incorporated into the appropriate assigned service areas. The commission shall approve a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected and will promote the efficient and economical use and development of the electric systems of the contracting electric utilities.

Subd. 5. Where a single electric utility provides electric service within a municipality on the effective date of this section, that entire municipality shall constitute a part of the assigned service area of the electric utility in question. Where two or more electric utilities provide electric service in a municipality on the effective date of this section, the boundaries of the assigned service areas shall conform to those contained in municipal franchises with the electric utilities on the effective date of this section. In the absence of a franchise, the boundaries of the assigned service areas within an incorporated municipality shall be a line equidistant between the electric lines of the electric utilities as they exist on the effective date of this section; provided that these boundaries may be modified by the commission to take account of natural and other physical barriers including, but not limited to, major streets or highways, waterways, railways, major bluffs and ravines and shall be modified to take account of the contracts provided for in subdivision 4.

Subd. 6. In those areas where, on the effective date of this section, the existing electric lines of two or more electric utilities are so intertwined that subdivisions 2 through 5 cannot reasonably be applied, the commission shall determine the boundaries of the assigned service areas for the electric utilities involved as will promote the legislative policy in section 36, subdivision 1.

Sec. 39. [EXCLUSIVE SERVICE RIGHTS.] Except as provided in section 41, each electric utility shall have the exclusive right to provide electric service at retail to each and every present and future customer in its assigned service area and no electric utility shall render or extend electric service at retail within the assigned service area of another electric utility unless the electric utility consents thereto in writing; provided that any electric utility may extend its facilities through the assigned service area of another electric utility if the extension is necessary to facilitate the electric utility connecting its facilities or customers within its own assigned service area.

Sec. 40. [EFFECT OF INCORPORATION, ANNEXATION, OR CONSOLIDATION.] After the effective date of this section, the inclusion by incorporation, consolidation, or annexation of any part of the assigned service area of an electric utility within the boundaries of any municipality shall not in any respect impair or affect the rights of the electric utility to continue and extend electric service at retail throughout any part of its assigned service area unless a municipality which owns and operates an electric utility elects to purchase the facilities and property of the electric utility as provided in section 43 of this act.

Sec. 41. [SERVICE EXTENSIONS IN CERTAIN SITUATIONS.] Subdivision 1. Notwithstanding the establishment of assigned service areas for electric utilities provided for in section 38, customers located outside municipalities and who require electric service with a connected load of 2,000 kilowatts or more shall not be obligated to take electric service from the electric utility having the assigned service area where the customer is located if, after notice and hearing, the commission so determines after consideration of following factors:

- (a) the electric service requirements of the load to be served;
- (b) the availability of an adequate power supply;
- (c) the development or improvement of the electric system of the utility seeking to provide the electric service, including the economic factors relating thereto;
- (d) the proximity of adequate facilities from which electric service of the type required may be delivered;
- (e) the preference of the customer;
- (f) any and all pertinent factors affecting the ability of the utility to furnish adequate electric service to fulfill customers' requirements.

Subd. 2. Notwithstanding the provisions in section 38, any electric utility may extend electric lines for electric service to its own utility property and facilities.

Sec. 42. [HEARINGS; COMPLAINTS.] Upon the filing of an application under section 41 or upon complaint by an affected utility that the provisions of sections 38 through 41 have been violated, the commission shall hold a hearing, upon notice, within 15 days after the filing of the application of complaint, and shall render its decision within 30 days after said hearing.

Sec. 43. [SERVICE EXTENSIONS IN ANNEXED AREAS; MUNICIPAL PURCHASE.] Notwithstanding the provisions of sections 37 through 41 of this act, whenever a municipality which owns and operates an electric utility extends its corporate boundaries through annexation or consolidation, the municipality shall thereafter furnish electric service to the annexed area unless the area is already receiving electric service from an electric utility, in which event, the annexing municipality may purchase the facilities of the electric utility serving the annexed area. The municipality acquiring the facilities shall pay to the utility formerly serving the annexed area the appropriate value of its properties within the area which payment may be by exchange of other electric utility property outside the municipality on an appropriate basis giving due consideration to revenue from and value of the respective properties. In the event the municipality and the electric utility involved are unable to agree as to the terms of the payment or exchange, the municipality or the electric utility may file an application with the commission requesting that the commission determine the appropriate terms for the exchange or sale. After notice and hearing, the commission shall determine appropriate terms for an exchange, or in the event no appropriate properties can be exchanged, the commission shall fix and determine the appropriate value of the property within the annexed area, and the transfer shall be made as directed by the commission. In making that determination the commission shall consider the original cost of the property, less depreciation, loss of revenue to the utility formerly serving the area, expenses resulting from integration of facilities, and other appropriate factors. Until the determination by the commission, the facilities shall remain in place and service to the public shall be maintained by the owner. However, the electric utility being displaced, serving the annexed area, shall not extend service to any additional points of delivery within the annexed area if the commission, after notice and hearing, with due consideration of any unnecessary duplication of facilities, shall determine that the extension is not in the public interest.

When property of a public utility located within an area annexed to a municipality which owns and operates a public utility is proposed to be acquired by the municipality, ratification by the electors is not required.

Sec. 44. [MUNICIPAL PURCHASE OF PUBLIC UTILITY.] Any public utility operating in a municipality under a license, permit, right or franchise shall be deemed to have consented to the purchase by the municipality, for just compensation, of its property operated in the municipality under such license, permit, right or franchise. The municipality, subject to the provisions of this act, may purchase the property upon notice to the public utility as herein provided. Whenever the commission is notified by the municipality or the public utility affected that the municipality has, pursuant to law, determined to purchase the property of the public utility, and that the parties to the purchase and sale have been unable to agree on the amount to be paid and received therefor, the commission shall set a time and place for a public hearing, after not less than 30 days notice to the parties, upon the matter of just

compensation or the matter of the property to be purchased. Within a reasonable time the commission shall, by order, determine the just compensation for the property to be purchased by the municipality. In determining just compensation, the commission shall consider the original cost of the property less depreciation, loss of revenue to the utility, expenses resulting from integration of facilities and other appropriate factors. The order of the commission may be reviewed as provided in section 51 of this act. Commission expenses arising out of the exercise of its jurisdiction under this section shall be assessed to the municipality.

Sec. 45. [MUNICIPAL PROCEDURE; NOTICE; ELECTION.] Any municipality which desires to acquire the property of a public utility as authorized under the provisions of section 44 of this act may determine to do so by resolution of the governing body of the municipality taken after a public hearing of which at least 30 days published notice shall be given as determined by the governing body. The determination shall become effective when ratified by a majority of the qualified electors voting on the question at a special election to be held for that purpose, not less than 60 nor more than 120 days after the resolution of the governing body of the municipality.

Sec. 46. [ACQUISITION BY EMINENT DOMAIN.] Nothing in this act shall be construed to preclude a municipality from acquiring the property of a public utility by eminent domain proceedings; provided that damages to be paid in eminent domain proceedings shall include the original cost of the property less depreciation, loss of revenue to the utility, expenses resulting from integration of facilities, and other appropriate factors.

Sec. 47. [RELATIONS WITH AFFILIATED INTERESTS.] Subdivision 1. "Affiliated interests" with a public utility means the following:

(a) Every corporation and person owning or holding directly or indirectly five percent or more of the voting securities of such public utility.

(b) Every corporation and person in any chain of successive ownership of five percent or more of voting securities.

(c) Every corporation five percent or more of whose voting securities is owned by any person or corporation owning five percent or more of the voting securities of such public utility or by any person or corporation in any such chain of successive ownership of five percent or more of voting securities.

(d) Every person who is an officer or director of such public utility or of any corporation in any chain of successive ownership of five percent or more of voting securities.

(e) Every corporation operating a public utility or a servicing organization for furnishing supervisory, construction, engineering, accounting, legal and similar services to utilities, which has one or more officers or one or more directors in common with the public utility, and every other corporation which has directors in common with the public utility where the number of the directors is more than one-third of the total number of the utility's directors.

(f) Every corporation or person which the commission may determine as a matter of fact after investigation and hearing is actually exercising any substantial influence over the policies and actions of the public utility even though the influence is not based upon stockholding, stockholders, directors or officers to the extent specified in this section.

(g) Every person or corporation who or which the commission may determine as a matter of fact after investigation and hearing is actually exercising substantial influence over the policies and actions of the public utility in conjunction with one or more other corporations or persons with which or whom they are related by ownership or blood relationship or by action in concert that together they are affiliated with such public utility within the meaning of this section even though no one of them alone is so affiliated.

Subd. 2. The term "person" as used in subdivision 1 of this section shall not be construed to exclude trustees, lessees, holders of beneficial equitable interest, voluntary associations, receivers and partnerships.

Subd. 3. No contract or arrangement providing for the furnishing of management, supervisory, construction, engineering, accounting, legal, financial or similar services, and no contract or arrangement for the purchase, sale, lease or exchange of any property, right, or thing, or for the furnishing of any service, property, right, or thing, other than those above enumerated, made or entered into after the effective date of this act between a public utility and any affiliated interest as defined in this act, shall be valid or effective unless and until the contract or arrangement has received the written approval of the commission. It shall be the duty of every public utility to file with the commission a verified copy of the contract or arrangement, or a verified summary of the unwritten contract or arrangement, and also of all the contracts and arrangements, whether written or unwritten, entered into prior to the effective date of this act and in force and effect at that time. The commission shall approve the contract or arrangement made or entered into after that date only if it shall clearly appear and be established upon investigation that it is reasonable and consistent with the public interest. No contract or arrangement shall receive the commission's approval unless satisfactory proof is submitted to the commission of the cost to the affiliated interest of rendering the services or of furnishing the property or service described herein to each public utility. No proof shall be satisfactory within the meaning of the foregoing sentence unless it includes the original or verified copies of the relevant cost records and other relevant accounts of the affiliated interest, or an abstract or summary as the commission may deem adequate, properly identified and duly authenticated, provided, however, that the commission may, where reasonable, approve or disapprove the contracts or arrangements without the submission of cost records or accounts. The burden of proof to establish the reasonableness of the contract or arrangement shall be on the public utility.

Subd. 4. The provisions of this section requiring the written approval of the commission shall not apply to transactions with affiliated interests where the amount of consideration involved

is not in excess of \$10,000 or five percent of the capital equity of the utility whichever is smaller; provided, however, that regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within the aforesaid exemption. Such transactions shall be valid or effective without commission approval under this section. However, in any proceeding involving the rates or practices of the public utility, the commission may exclude from the accounts of such public utility any payment or compensation made pursuant to the transaction unless the public utility shall establish the reasonableness of the payment or compensation.

Subd. 5. In any proceeding, whether upon the commission's own motion or upon application or complaint, involving the rates or practices of any public utility, the commission may exclude from the accounts of the public utility any payment or compensation to an affiliated interest for any services rendered or property or service furnished, as above described, under existing contracts or arrangements with the affiliated interest unless the public utility shall establish the reasonableness of the payment or compensation.

Subd. 6. The commission shall have continuing supervisory control over the terms and conditions of the contracts and arrangements as are herein described so far as necessary to protect and promote the public interest. The commission shall have the same jurisdiction over the modifications or amendment of contracts or arrangement as are herein described as it has over such original contracts or arrangements. The fact that the commission shall have approved entry into such contracts or arrangements as described herein shall not preclude disallowance or disapproval of payments made pursuant thereto, if upon actual experience under such contract or arrangement it appears that the payments provided for or made were or are unreasonable.

Subd. 7. The provisions of this section shall not apply to cooperative electric associations.

Franchises granted pursuant to this section shall be exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80C.

Sec. 48. [SECURITIES.] Subdivision 1. For the purpose of this section, "security" means any note; stock; treasury stock; bond; debenture; evidence of indebtedness; assumption of any obligation or liability as a guarantor, endorser, surety, or otherwise in the security of another person; certificate of interest or participation in any profit sharing agreement; collateral trust certificate; preorganization certificate or subscription; transferable shares; investment contract; voting trust certificate; certificate of deposit for a security; certificate of interest or participation in an oil, gas or mining right, title or lease or in payments out of production under an oil, gas, or mining right, title or lease; or, in general, any interest or instrument commonly known as a

security, or any certificate for, receipt for guarantee of, or warrant or right to subscribe to or purchase, any of the foregoing.

Subd. 2. For the purpose of this section, "capital structure" is the total capitalization of the public utility including, but not limited to, all outstanding common stock, preferred stock, and the permanent financing of said public utility represented by long term debt, and shall further include retained earnings and paid in surplus in excess of par values.

Subd. 3. It shall be unlawful for any public utility organized under the laws of this state to offer or sell any security or, if organized under the laws of any other state or foreign country, to subject property in this state to an encumbrance for the purpose of securing the payment of any indebtedness unless the capital structure of the public utility shall first be approved by the commission. Approval by the commission shall be by formal written order.

Subd. 4. Upon the application of a public utility for approval of its capital structure prior to the issuance of any security or the encumbrance of any property for the purpose of securing the payment of any indebtedness, the commission may make such inquiry or investigation, hold such hearings, and examine such witnesses, books, papers, documents, or contracts, as in its discretion it may deem necessary. Prior to approval the commission shall ascertain that the amount of securities of each class which any public utility may issue shall bear a reasonable proportion to each other and to the value of the property, due consideration being given to the nature of the business of the public utility, its credit and prospects, the possibility that the value of the property may change from time to time, the effect which the issue shall have upon the management and operation of the public utility, and other considerations which the commission as a matter of fact shall find to be relevant. If the commission shall find that the proposed capital structure is reasonable and proper and in the public interest and will not be detrimental to the interests of the consumers and patrons affected thereby, the commission shall by written order grants its permission for the proposed public financing.

Subd. 5. The requirements of this section are in addition to any other requirements of law and, specifically, the requirements of Minnesota Statutes, 1973 Supplement, Chapter 80A, and the rules and regulations promulgated pursuant thereto.

Subd. 6. The provisions of this section shall not apply to cooperative electric associations.

Sec. 49. [ACQUIRING PROPERTY ; MERGER.] Subdivision 1. No public utility shall sell, acquire, lease, or rent any plant as an operating unit or system in this state for a total consideration in excess of \$100,000, or merge or consolidate with another public utility operating in this state, without first being authorized so to do by the commission. Upon the filing on an application for the approval and consent of the commission thereto the commission shall investigate, with or without public hearing, and in

case of a public hearing, upon such notice as the commission may require, and if it shall find that the proposed action is consistent with the public interest it shall give its consent and approval by order in writing. In reaching its determination the commission shall take into consideration the reasonable value of the property, plant, or securities to be acquired or disposed of, or merged and consolidated. The provisions of this section shall not be construed as applicable to the purchase of units of property for replacement or to the addition to the plant of the public utility by construction.

Subd. 2. The provisions of this section shall not apply to cooperative electric associations.

Subd. 3. Mergers and consolidations as enumerated in subdivision 1 hereof shall be exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80B.

Sec. 50. [STOCK PURCHASE.] Subdivision 1. No public utility shall purchase voting stock in another public utility doing business in Minnesota without first having made application to and received the consent of the commission in writing or by order.

Subd. 2. The provisions of this section shall not apply to cooperative electric associations.

Subd. 3. Mergers and consolidations as enumerated in subdivision 1 hereof shall be exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80B.

Sec. 51. [APPEALS.] Subdivision 1. Any party to a proceeding before the commission or any other person, aggrieved by a decision and order and directly affected thereby, shall be entitled to appeal from such decision and order of the commission. The proceedings shall be instituted by serving a notice of appeal personally or by registered mail upon the commission or one of its members or upon its secretary, and by filing the notice in the office of the clerk of the district court of the county of Ramsey or of the county in which the appellant resides or maintains his principal place of business, all within 30 days after the service of the order and decision of the commission or in cases where a rehearing is requested within 30 days after service of the order finally disposing of the application for the rehearing, or within 30 days after the final disposition by operation of law of the application for rehearing. The notice shall state the nature of the appellant's interest, the facts showing that the appellant is aggrieved and directly affected by the decision, and the grounds upon which the appellant contends that the decision should be reversed or modified. Copies of the notice shall be served, personally or by registered mail, not later than 30 days after the institution of the appeal, upon all parties who appeared before the commission in the proceeding in which the order sought to be reviewed was made. The commission and all parties to the proceeding before it, shall have the right to participate in the appeal. The court, in its discretion, may permit other interested parties to intervene.

Subd. 2. Every person served with a notice of appeal as provided

in this section and who desires to participate in the appeal thereby instituted shall, within 20 days after the service of the notice, serve upon the appellant a notice of appearance stating his position with reference to the affirmance, vacation, or modification of the order or decision under appeal. The notice, other than by the named respondent, shall also be served on the named respondent and the attorney general, and shall be filed, together with proof of required service, with the clerk of the reviewing court within ten days after service. Service of all subsequent papers or notices in the appeal need be made only upon the appellant and other persons who have served and filed the notice as herein provided or have been permitted to intervene in the proceeding, as parties, by order of the court.

Subd. 3. Within 30 days after service of the notice of appeal upon the commission, or within a further time as the court may allow, the commission shall transmit to the court the original or a certified copy of the entire record of the proceedings in which the decision under appeal was made, including all pleadings, notices, testimony, exhibits, findings, decisions, orders, and exceptions; but by stipulation of all parties to the appeal the record may be shortened by eliminating any portion. The cost of preparing the transcript of the testimony, objections, rulings, and exceptions, shall be paid by the appellant to the official reporter of the commission. Any party, other than the commission, refusing to stipulate to limit the record may be taxed by the court for the additional costs.

Subd. 4. The appeal shall be conducted by the court without a jury and shall be confined to the record, arguments and brief, except that in cases of alleged irregularities in procedure before the commission testimony thereon may be taken in the court. The court may affirm the decision of the commission or may reverse or modify it.

Subd. 5. Any party, including the commission, may secure a review of the final judgment of the district court by appeal to the supreme court. The appeal shall be taken in the manner provided by law for appeals from the district court in other civil cases, except that the time for appeal shall be limited to 30 days from the notice of entry of the judgment.

Sec. 52. [SUSPENSION OF COMMISSION ORDERS.] The pendency of proceedings on appeal shall not of itself stay or suspend the operation of the order of the commission, but during the pendency of the proceedings the court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order on terms it deems just, and in accordance with the practice of courts exercising equity jurisdiction, but no stay shall be granted without notice to the parties and opportunity to be heard by the court. Any party shall have the right to secure from the court in which an appeal of an order of the commission is sought an order suspending or staying the operation of an order of the commission, pending an appeal of the order, but no commission order relating to rates or rules and regulations shall be stayed or suspended absent a finding that great or irreparable damage would otherwise result to the party seeking the stay or suspension, and any order

staying or suspending a commission order shall specify the nature of the damage.

In case the order of the commission is stayed or suspended, the court shall require a bond with good and sufficient surety, conditioned that the public utility petitioning for review shall answer for all damages caused by the delay in enforcing the order of the commission, and for all compensation for whatever sums for transmission or service any person shall be compelled to pay pending review proceedings in excess of the sum the person or corporation would have been compelled to pay had the commission's order not been stayed or suspended. The court, may, in addition or in lieu of the bond require other further security for the payment of such excess damages or charges it deems proper.

Sec. 53. [ACTIONS BY COMMISSION; ATTORNEY GENERAL TO INSTITUTE.] Whenever the commission shall be of the opinion that any person or public utility is failing or omitting or is about to fail or omit to do anything required of it by this act or by any order of the commission, or is doing anything or about to do anything, or permitting anything or about to permit anything to be done, contrary to or in violation of this act or of any order of the commission, it may direct the attorney general to commence an action or proceeding in the district court of Ramsey County, in the name of the state of Minnesota, for the purpose of having the violations stopped and prevented by injunction. The attorney general shall thereupon begin the action or proceeding by petition to the court alleging the violation or threatened violation complained of, and praying for appropriate relief by way of injunction. It shall thereupon be the duty of the court to specify a time, not exceeding 20 days after the service of the copy of the petition, within which the public utility or person complained of must plead, and in the meantime the public utility or person may for good cause shown be restrained. In case of default, the court shall immediately inquire into the facts and circumstances of the case. The corporations or persons as the court may deem necessary or proper to be joined as parties, in order to make its judgment, order, or writ effective, may be joined as parties. The final judgment in the action or proceeding shall either dismiss the action or proceeding or direct that an injunction issue or be made permanent as prayed for in the petition, or in a modified or other form which will afford appropriate relief. An appeal upon the record may be taken as in other civil actions.

Sec. 54. [PRIORITY OF ACTION.] All actions and proceedings under this act, and all actions or proceedings to which the commission or the state of Minnesota may be parties, and in which any question arises under this act, or under or concerning any order or decision of the commission, shall be preferred over all other civil causes, except election causes, irrespective of position on the calendar.

Sec. 55. [BURDEN OF PROOF.] In all proceedings before the commission in which the modification or vacation of any order of the commission is sought, the burden of proof shall be on the person seeking such modification or vacation.

Sec. 56. [PENALTIES.] Any person who knowingly and inten-

tionally violates any provision of this act, or who knowingly and intentionally fails, omits, or neglects to obey, observe, or comply with any lawful order, or any part or provision thereof, of the commission is subject to a penalty of not less than \$100 nor more than \$1,000 for each violation.

Sec. 57. [ACTS; OMISSION; FAILURE; CONSTRUCTION THEREOF.] In construing and enforcing the provision of this act relating to penalties, the act, omission, or failure of any officer, agent or employee of any person acting within the scope of his official duties of employment shall in every case be deemed to be also the act, omission, or failure of that person.

Sec. 58. [CONTINUING VIOLATIONS.] Every violation of the provisions of this act or of any lawful order of the commission, or any part or portion thereof by any person, is a separate and distinct offense, and in case of a continuing violation after a first conviction thereof each day's continuance thereof shall be deemed to be a separate and distinct offense.

Sec. 59. [PENALTIES CUMULATIVE.] All penalties accruing under this act shall be cumulative, and a suit for the recovery of one penalty shall not be a bar to or affect the recovery of any other penalty or forfeiture or be a bar to any criminal prosecution against any public utility or any officer, director, agent, or employee thereof or any person.

Sec. 60. [ACTIONS TO RECOVER PENALTIES.] Actions to recover penalties under this act shall be brought in the name of the state of Minnesota in the district court of Ramsey County.

Sec. 61. [COST OF EXAMINATION; ASSESSMENT OF EXPENSES; LIMITATIONS; OBJECTIONS.] Subdivision 1. Immediately after the passage and adoption of this act, the commission shall assess to all public utilities subject to the provisions of this act in proportion to their respective gross operating revenues, as hereinafter defined, during the preceding calendar year, the sum of \$300,000. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed, by registered mail, to the several public utilities, which shall constitute notice of said assessment and demand of payment thereof.

Subd. 2. Whenever the commission, in a proceeding upon its own motion, on complaint, or upon an application to it, shall deem it necessary, in order to carry out the duties imposed by this act, to investigate the books, accounts, practices, and activities of, or make appraisals of the property of any public utility, or to render any engineering or accounting services to any public utility, the public utility shall pay the expenses reasonably attributable to the investigation, appraisal, or service. The commission shall ascertain the expenses, and the department shall render a bill therefor to the public utility, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress, which bill shall constitute notice of the assessment and a demand for payment. The amount of the bills so rendered by the department shall be paid by the public utility into the state treasury within 30 days from the date of rendition. The total amount, in any one calendar year, for which

any public utility shall become liable, by reason of costs incurred by the commission within that calendar year, shall not exceed two-fifths of one percent of the gross operating revenue from retail sales of gas, or electric service by the public utility within the state in the last preceding calendar year. Where, pursuant to this subdivision, costs are incurred within any calendar year which are in excess of two-fifths of one percent of the gross operating revenues, the excess costs shall not be chargeable as part of the remainder under subdivision 3 of this section, but shall be paid out of the general appropriation to the department. In the case of public utilities offering more than one public utility service only the gross operating revenues from the public utility service in connection with which the investigation is being conducted shall be considered when determining this limitation.

Subd. 3. The department shall annually, within 90 days after the close of each fiscal year, ascertain the total of its expenditures to the performance of its duties relating to public utilities under this act, and shall deduct therefrom all amounts chargeable to public utilities under subdivision 2 of this section. The remainder shall be assessed by the commission to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed to the several public utilities, which shall constitute notice of the assessment and demand of payment thereof. The total amount which may be assessed to the public utilities, under authority of this subdivision, shall not exceed one-eighth of one percent of the total gross operating revenues of the public utilities during such calendar year from retail sales of gas or electric service within the state.

Subd. 4. Within 30 days after the date of the mailing of any bill as provided by subdivisions 2 and 3, the public utility against which the bill has been rendered may file with the commission objections setting out the grounds upon which it is claimed the bill is excessive, erroneous, unlawful or invalid. The commission shall within 60 days hold a hearing and issue an order in accordance with its findings. The order shall be appealable in the same manner as other final orders of the commission.

Subd. 5. All moneys deposited in the state treasury pursuant to the provisions of this act shall be credited to the general fund. There is appropriated, upon passage of the act to the department of public service, from the general fund for the biennium ending June 30, 1975, the sum of \$300,000 for the purposes of this act.

Sec. 62. [INTEREST ON ASSESSMENTS.] The amounts assessed against any public utility not paid after 30 days after the mailing of a notice advising the public utility of the amount assessed against it, shall draw interest at the rate of six percent per annum, and upon failure to pay the assessment the attorney general shall proceed by action in the name of the state against the public utility to collect the amount due, together with interest and the cost of the suit.

Sec. 63. [ATTORNEY GENERAL TO REPRESENT COM-

MISSION.] The attorney general of the state shall, upon request of the commission, represent and appear for the commission in all actions and proceedings involving any question under this act, and shall aid in any investigation or hearing had under the provisions of this act. The attorney general shall perform all duties and services in connection with this act and the enforcement thereof as the commission may require. He shall also bring all actions to collect penalties herein provided. Nothing in this section shall prohibit the commission from employing counsel other than the attorney general to represent the public interest in any proceeding.

Sec. 67. [SEVERABILITY.] If any provision of this act, or any severable provision of a section of this act, or the application of any provision to any person or circumstances, shall be held invalid, the remainder of the act, or section, and the application of the provision to persons and circumstances other than those as to which it is held invalid, shall not be affected.

Sec. 68. [CONSTRUCTION.] This act is complete in itself and other Minnesota statutes are not to be construed as applicable to the supervision or regulation of public utilities by the commission. All acts and parts of acts in conflict with this act are repealed insofar as they pertain to the regulation of public utilities as defined herein.

(d) An attorney dismissed pursuant to this section and who is seeking attorney fees for services rendered to the estate has the burden of affirmatively proving that the estate has benefited from his services and that the benefits warrant the payment of the requested fee.

525.515 [BASIS FOR ATTORNEY'S FEES.] *(a) Notwithstanding any law to the contrary, an attorney performing services for the estate at the instance of the representative shall have compensation therefor out of the estate as the court shall deem just and reasonable. In any proceeding under this section, fair and reasonable attorney's fees shall be based upon time spent, the*

~~complexity of any problems involved, and the value of the estate shall not be the controlling factor. Further, the provisions of this section shall not be limited to proceedings under section 525.51 but shall apply to all probate proceedings.~~

(b) In determining what is a fair and reasonable attorney's fee the court shall give effect to a prior agreement in writing by a testator concerning attorney fees. Where there is no prior agreement in writing the court shall consider the following factors in determining what is a fair and reasonable attorney's fee:

(1) The time and labor required;

(2) The experience and knowledge of the attorney;

(3) The complexity and novelty of problems involved;

(4) The extent of the responsibilities assumed and the results obtained; and

(5) The sufficiency of assets properly available to pay for the services;

(c) An interested beneficiary under a will or heir may petition the probate court to review the attorney fees listed in section 6 of this act. In determining the reasonableness of the attorney fees, the court shall consider all the factors listed in clause (b) and the value of the estate shall not be the controlling factor.

GENERAL ORDERS		CALENDAR OF ORDINARY MATTERS		CALENDAR	
H.F. No.	S.F. No.	H.F. No.	S.F. No.	H.F. No.	S.F. No.
				1951	2222

Pursuant to Rule 49 the Committee recommends that H. F. No. 1951 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [FINDINGS AND DECLARATION OF POLICY.] It is hereby found and determined that: The conditions found to exist by the municipal housing and redevelopment act as amended continue to exist throughout the state and in the area in which the metropolitan council established by Minnesota Statutes, Chapter 473B, has jurisdiction; substandard, slum and blighted areas exist in the metropolitan area which cannot be redeveloped without government assistance; there is a shortage of decent, safe and sanitary dwelling accommodations available to persons of low and moderate income at rentals or prices they can afford; many municipalities in the metropolitan area are unable adequately to

provide the financing and staff necessary to an effective municipal housing and redevelopment authority; for each such municipality to establish a separate authority would result in an inefficient use of manpower and services; and there is therefore a need to enable the metropolitan council to make available to the municipalities in the metropolitan area those services provided for in the municipal housing and redevelopment act.

Sec. 2. [DEFINITIONS.] Subdivision 1. Unless the context clearly indicates otherwise, the following terms, for the purposes of this act, shall have the meanings ascribed to them in this section.

Subd. 2. The terms defined in the municipal housing and redevelopment act shall, for the purposes of this act, have the meanings given them in that act.

Subd. 3. "Council" shall mean the metropolitan council created by Minnesota Statutes, Section 473B.02.

Subd. 4. "Metropolitan area" means the area in which the council has jurisdiction under Minnesota Statutes, Section 473B.02.

Subd. 5. "Comprehensive development guide" means that document prepared by the council pursuant to Minnesota Statutes, Section 473B.06, Subdivision 5.

Sec. 3. [POWERS.] Subdivision 1. In addition to, and not in limitation of, all other powers invested in it by law, the council, and the members thereof, shall have, throughout the metropolitan area, the same functions, rights, powers, duties, privileges, immunities and limitations as are provided for housing and redevelopment authorities created for municipalities, and for the commissioners of such authorities. The provisions of Minnesota Statutes, Sections 462.411 to 462.711 and of all other laws relating to housing and redevelopment authorities shall be applicable to the council when functioning as an authority, except as herein provided or as clearly indicated otherwise from the context of such laws. Minnesota Statutes, Section 462.425 shall have no application to the council nor to any municipality or county within which the council undertakes a project. Any municipality or county, and the governing bodies of any municipality or county, within and for which the council undertakes a project shall have all the powers, authority and obligations granted to municipalities and counties by the provisions of Minnesota Statutes, Sections 462.411 to 462.711 and all other laws relating to housing and redevelopment authorities. The council may plan and propose projects within the boundaries of any municipality, and may otherwise exercise the powers of an authority at any time; provided, however, that the council shall not implement any housing project, housing development project, redevelopment project or urban renewal project within the boundaries of any municipality or county without the prior approval of the governing body of the municipality or county in which any such project is to be located; and provided further that the council shall not propose any project to the governing body of a municipality or county having an active authority created pursuant to Minnesota Statutes, Section 462.425, or pur-

suant to special legislation, without first submitting the proposed project to the municipal or county authority for its review and recommendations; and provided further that as to any project proposed by the council and approved by the municipality or county, the council shall not undertake the project if within 60 days after it has been proposed, the municipality or county agrees to undertake the project. All plans and projects of the council shall be consistent with the comprehensive development guide.

Subd. 2. [TECHNICAL ASSISTANCE.] The council may provide technical assistance to existing municipal or county housing and redevelopment authorities at the request of such authorities.

Subd. 3. [COOPERATION WITH OTHER GOVERNMENT AGENCIES.] The council may cooperate with or act as agent for the federal government, the state government, or any agencies or instrumentalities thereof, in carrying out the provisions of any federal or state legislation relating to the general purposes of the municipal housing and redevelopment act.

Subd. 4. [CITIZEN PARTICIPATION.] The council shall, as part of any project proposal to a municipality, propose a means for citizens substantially affected by the proposed project to participate in the formulation and carrying out of projects undertaken by the council pursuant to the terms of this act.

Subd. 5. [PROJECT; REPORTS.] The council shall prepare a detailed report on the progress of any project it undertakes. The report shall be filed with the legislature not later than January 15 of each year.

Sec. 4. [EFFECT UPON MUNICIPAL AND COUNTY HOUSING AND REDEVELOPMENT AUTHORITIES.] Nothing in this act shall be construed to impair the powers and obligations of municipal, county or multi-county housing and redevelopment authorities within the metropolitan area.

Sec. 5. [FINANCES.] Subdivision 1. The council shall allocate the net unreimbursed costs of any project which it undertakes to the municipality or group of municipalities or county for which the project is undertaken. The governing body of each such municipality or county shall impose taxes or other revenue measures to provide funds necessary to pay the allocated costs, and the governing body of each such municipality or county shall have all the powers, authority and obligation granted to authorities by Minnesota Statutes, Section 462.545 and all other provisions of law regarding the financing of such projects, provided that the council shall have the powers of an authority for purposes of applying for and receiving federal grants in connection with all projects which it undertakes.

Subd. 2. The council may expend for the purposes of this act any of the revenue derived pursuant to section 6 of this act, and any revenues derived pursuant to Minnesota Statutes, Section 473B.08.

Sec. 6. Minnesota Statutes 1971, Section 287.05, is amended by adding a subdivision to read:

Subd. 3. In addition to the tax imposed in subdivision 1, a tax of five cents is hereby imposed upon each \$100, or fraction thereof, of the principal debt or obligation which is or may be secured by any mortgage of real property situated within the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington executed, delivered, and recorded or registered subsequent to the effective date of this act; provided, however, that said tax shall be imposed but once upon any mortgage and extension thereof. The proceeds of this tax paid to the treasurers of the seven counties under the provisions of sections 287.01 to 287.12 shall be apportioned to the council."

Further, strike the title and insert in lieu thereof the following:

"A bill for an act relating to the metropolitan council; granting the metropolitan council the powers of a municipal housing and redevelopment authority in the metropolitan area; imposing a tax on mortgages in the seven-county metropolitan area; amending Minnesota Statutes 1971, Section 287.05, by adding a subdivision."

And when so amended, H. F. No. 1951 will be identical to S. F. No. 2222 and further recommends that H. F. No. 1951 be given its second reading and substituted for S. F. No. 2222 and S. F. No. 2222 be indefinitely postponed.

Subd. 4. [TERMINATION OF CONTRACT AFTER PROBATIONARY PERIOD.] A teacher who has completed his probationary period in any school district, and who has not been discharged or advised of a refusal to renew his contract pursuant to subdivision 3, shall have a continuing contract with such district. Thereafter, the teacher's contract shall remain in full force and effect, except as modified by mutual consent of the board and the teacher, until terminated by a majority roll call vote of the full membership of the board, upon one of the grounds specified in subdivision 6 or subdivision 6a or 6b, or until the teacher is discharged pursuant to subdivision 8, or by the written resignation of the teacher submitted prior to April 1; provided, however, that if an agreement as to the terms and conditions of employment for the succeeding school year has not been adopted pursuant to the provisions of sections 179.61 to 179.77 prior to March 1, the teacher's right of resignation shall be extended to the 30th calendar day following the adoption of said contract in compliance with section 179.70, subdivision 2. Such written resignation by the teacher shall be effective as of June 30 if submitted prior to that date or, if submitted thereafter, shall be effective August 15, and the teachers' right of resignation for the school year then beginning shall cease on August 15. Before a teacher's contract is terminated by the board, the board shall notify the teacher in writing and state its ground for the proposed termination in reasonable detail together with a statement that the teacher may make a written request for a hearing before the board within 14 days after receipt of such notification. Within 14 days after receipt of this notification the teacher may make a written request for a hearing before the board and it shall be granted before final action is taken. If no hearing is requested within such period, it shall be deemed acquiescence by the teacher to the board's action. Such termination shall take effect at the close of the school year in which the contract is terminated in the manner aforesaid. Such contract may be terminated at any time by mutual consent of the board and the teacher and this section shall not affect the powers of a board to suspend, discharge, or demote a teacher under and pursuant to other provisions of law.

Sec. 2. Minnesota Statutes 1971, Section 125.12, Subdivision 6, is amended to read:

Subd. 6. [GROUNDS FOR TERMINATION.] A continuing contract may be terminated, effective at the close of the school year, upon any of the following grounds:

- (b) Neglect of duty, or persistent violation of school laws, rules, regulations or directives;
- (c) Conduct unbecoming a teacher which materially impairs his educational effectiveness;

(d) Other good and sufficient grounds rendering the teacher unfit to perform his duties ; or .

(e) ~~Discontinuance of position, lack of pupils, or merger of classes caused by consolidation of districts or otherwise, provided that in the event of a consolidation of school districts, continuing contract teachers on the staffs of participating districts shall be retained on the staff of the consolidated district in positions for which they are qualified under state law and state board regulations to the extent that such positions exist.~~

A contract shall not be terminated upon one of the grounds specified in clauses (a), (b), (c), or (d), unless the teacher shall have failed to correct the deficiency after being given written notice of the specific items of complaint and reasonable time within which to remedy them.

All evaluations and files generated within a school district relating to each individual teacher shall be available during regular school business hours to each individual teacher upon his written request. The teacher shall have the right to reproduce any of the contents of the files at the teacher's expense and to submit for inclusion in the file written information in response to any material contained therein; provided, however, a school district may destroy such files as provided by law.

Sec. 3. Minnesota Statutes 1971, Section 125.12, is amended by adding a subdivision to read:

Subd. 6a. [NEGOTIATED UNREQUESTED LEAVE OF ABSENCE.] The school board and the exclusive bargaining representative of the teachers may negotiate a plan providing for unrequested leave of absence without pay or fringe benefits for as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. Failing to successfully negotiate such a plan by the beginning date of a new master contract, the provisions of 6(b) shall apply. The provisions of Minnesota Statutes 179.72 shall not apply for the purposes of this subdivision.

Sec. 4. Minnesota Statutes 1971, Section 125.12, is amended by adding a subdivision to read:

Subd. 6b. [UNREQUESTED LEAVE OF ABSENCE.] The school board may place on unrequested leave of absence, without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave shall be effective at the close of the school year. In placing teachers on unrequested leave, the board shall be governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. No teacher who has acquired continuing contract rights shall be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is certified;

(b) *Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are certified in the inverse order in which they were employed by the school district. In the case of merger of classes caused by consolidation of districts or in the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are certified shall be negotiable;*

(c) *Notwithstanding clauses (a) and (b), if either the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights or the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority would place the district in violation of its affirmative action program, the district may retain the probationary teacher or the teacher with less seniority;*

(d) *Teachers placed on unrequested leave of absence shall be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are certified. Reinstatement shall be in the inverse order of placement on leave of absence. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year shall be negotiable;*

(e) *Teachers, other than probationary teachers, terminated under Minnesota Statutes 1971, Section 125.12, Subdivision 6, Clause (e), in the 1973-74 school year shall be reinstated to the positions from which they have been terminated or, if not available, to other available positions in the school district in fields in which they are certified. Reinstatement shall be in the order of seniority. The order of reinstatement of continuing contract teachers who have equal seniority and who are terminated under Minnesota Statutes 1971, Section 125.12, Subdivision 6, Clause (e) in the 1973-74 school year shall be negotiable. These teachers shall also be subject to clauses (f), (g), (h), (i) and (k) of this subdivision.*

(f) *No appointment of a new teacher shall be made while there is available, on unrequested leave, a teacher who is properly certified to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to him, that he may return to employment and that he will assume the duties of the position to which appointed on a future date determined by the board;*

(g) *A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;*

(h) *The unrequested leave of absence shall not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service;*

(i) *The unrequested leave of absence of a teacher who is not reinstated shall continue for a period of two years after which the right to reinstatement shall terminate;*

(j) *The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 3 and 4 shall apply to placement on unrequested leave of absence;*

"ARTICLE I

GENERAL PROVISIONS, DEFINITIONS AND PROBATE

JURISDICTION OF COURT

PART 1

CITATION, CONSTRUCTION, GENERAL PROVISIONS

Section 524.1-101 [CITATION AND NUMBERING SYSTEM.] This chapter shall be known and may be cited as the uniform probate code. It is arranged and numbered, subject however to the provisions of Minnesota Statutes, Section 648.34, so that the enacted chapter may be compiled in the next published edition of Minnesota Statutes without change and in conformity with the official numbering of the uniform probate code.

Sec. 524.1-102. [PURPOSES: RULE OF CONSTRUCTION.]
 (a) This chapter shall be liberally construed and applied to promote its underlying purposes and policies.

(b) The underlying purposes and policies of this chapter are:

(1) to simplify and clarify the law concerning the affairs of decedents, missing persons, protected persons, minors and incapacitated persons;

(2) to discover and make effective the intent of a decedent in distribution of his property;

(3) to promote a speedy and efficient system for liquidating the estate of the decedent and making distribution to his successors;

(4) to facilitate use and enforcement of certain trusts;

(5) to make uniform the law among the various jurisdictions.

Sec. 524.1-103. [SUPPLEMENTARY GENERAL PRINCIPLES OF LAW APPLICABLE.] Unless displaced by the particular provisions of this chapter, the principles of law and equity supplement its provisions.

Sec. 524.1-104. [SEVERABILITY.] If any provisions of this chapter or the application thereof to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

Sec. 524.1-105. [CONSTRUCTION AGAINST IMPLIED REPEAL.] This chapter is a general act intended as a unified coverage of its subject matter and no part of it shall be deemed impliedly repealed by subsequent legislation if it can reasonably be avoided.

Sec. 524.1-106. [EFFECT OF FRAUD AND EVASION.] Whenever fraud has been perpetrated in connection with any proceeding or in any statement filed under this chapter or if fraud is used to avoid or circumvent the provisions or purposes of this chapter, any person injured thereby may obtain appropriate relief against the perpetrator of the fraud or restitution from any person, other than a bona fide purchaser, benefitting from the fraud, whether innocent or not. Any proceeding must be commenced within two years after the discovery of the fraud, but no proceeding may be brought against one not a perpetrator of the fraud later than five years after the time of commission of the fraud. This section has no bearing on remedies relating to fraud practiced on a decedent during his lifetime which affects the succession of his estate.

Sec. 524.1-107. [EVIDENCE AS TO DEATH OR STATUS.] In proceedings under this chapter the rules of evidence in courts of general jurisdiction including any relating to simultaneous deaths, are applicable unless specifically displaced by this chapter. In addition, the following rules relating to determination of death and status are applicable:

(1) a certified or authenticated copy of a death certificate purporting to be issued by an official or agency of the place where

the death purportedly occurred is prima facie proof of the fact, place, date and time of death and the identity of the decedent;

(2) a certified or authenticated copy of any record or report of a governmental agency, domestic or foreign, that a person is missing, detained, dead, or alive is prima facie evidence of the status and of the dates, circumstances and places disclosed by the record or report;

(3) a person who is absent for a continuous period of five years, during which he has not been heard from, and whose absence is not satisfactorily explained after diligent search or inquiry is presumed to be dead. His death is presumed to have occurred at the end of the period unless there is sufficient evidence for determining that death occurred earlier.

Sec. 524.1-108. [ACTS BY HOLDER OF GENERAL POWER.] For the purpose of granting consent or approval with regard to the acts or accounts of a personal representative or trustee, including relief from liability or penalty for failure to post bond, to register a trust, or to perform other duties, and for purposes of consenting to modification or termination of a trust or to deviation from its terms, the sole holder or all co-holders of a presently exercisable general power of appointment, including one in the form of a power of amendment or revocation, are deemed to act for beneficiaries to the extent their interests as objects, takers in default, or otherwise, are subject to the power.

(c) Proof of the giving of notice shall be made on or before the hearing and filed in the proceeding.

Sec. 524.1-402. [NOTICE; WAIVER.] A person, including a guardian ad litem, conservator, or other fiduciary, may waive notice by a writing signed by him or his attorney and filed in the proceeding.

Sec. 524.1-403. [PLEADINGS; WHEN PARTIES BOUND BY OTHERS; NOTICE.] In formal proceedings involving trusts or estates of decedents, minors, protected persons, or incapacitated persons, and in judicially supervised settlements, the following apply:

(1) Interests to be affected shall be described in pleadings which give reasonable information to owners by name or class, by reference to the instrument creating the interests, or in other appropriate manner.

(2) Persons are bound by orders binding others in the following cases:

(i) Orders binding the sole holder or all co-holders of a power of revocation or a presently exercisable general power of appointment, including one in the form of a power of amendment, bind other persons to the extent their interests as objects, takers in default, or otherwise, are subject to the power.

(ii) To the extent there is no conflict of interest between them or among persons represented, orders binding a conservator bind the person whose estate he controls; orders binding a guardian bind the ward if no conservator of his estate has been appointed; orders binding a trustee bind beneficiaries of the trust in proceedings to probate a will establishing or adding to a trust, to review the acts or accounts of a prior fiduciary and in proceedings involving creditors or other third parties; and orders binding a personal representative bind persons interested in the undistributed assets of a decedent's estate in actions or proceedings by or against the estate. If there is no conflict of interest and no con-

servator or guardian has been appointed, a parent may represent his minor child.

(iii) An unborn or unascertained person who is not otherwise represented is bound by an order to the extent his interest is adequately represented by another party having a substantially identical interest in the proceeding.

(3) Notice is required as follows:

(i) Notice as prescribed by section 524.1-401 shall be given to every interested person or to one who can bind an interested person as described in (2) (i) or (2) (ii) above. Notice may be given both to a person and to another who may bind him.

(ii) Notice is given to unborn or unascertained persons, who are not represented under (2) (i) or (2) (ii) above, by giving notice to all known persons whose interests in the proceedings are substantially identical to those of the unborn or unascertained persons.

(4) At any point in a proceeding, a court may appoint a guardian ad litem to represent the interest of a minor, an incapacitated, unborn, or unascertained person, or a person whose identity or address is unknown, if the court determines that representation of the interest otherwise would be inadequate. If not precluded by conflict of interests, a guardian ad litem may be appointed to represent several persons or interests. The court shall set out its reasons for appointing a guardian ad litem as a part of the record of the proceeding.

ARTICLE III

PROBATE OF WILLS AND ADMINISTRATION

PART 1

GENERAL PROVISIONS

Sec. 524.3-101. [DEVOLUTION OF ESTATE AT DEATH; RESTRICTIONS.] The power of a person to leave property by will, and the rights of creditors, devisees, and heirs to his property are subject to the restrictions and limitations contained in this chapter to facilitate the prompt settlement of estates. Upon the death of a person, his real and personal property devolves to the persons to whom it is devised by his last will or to those indicated as substitutes for them in cases involving lapse, renunciation, or other circumstances affecting the devolution of testate estate, or in the absence of testamentary disposition, to his heirs, or to those indicated as substitutes for them in cases involving renunciation or other circumstances affecting devolution of intestate estates, subject to homestead allowance, exempt property and family allowance, to rights of creditors, elective share of the surviving spouse, and to administration.

Sec. 524.3-102. [NECESSITY OF ORDER OF PROBATE FOR WILL.] Except as provided in section 524.3-1201, to be effective to prove the transfer of any property or to nominate an executor,

a will must be declared to be valid by an order of informal probate by the registrar, or an adjudication of probate by the court, except that a duly executed and unrevoked will which has not been probated may be admitted as evidence of a devise if (1) no court proceeding concerning the succession or administration of the estate has occurred, and (2) either the devisee or his successors and assigns possessed the property devised in accordance with the provisions of the will, or the property devised was not possessed or claimed by anyone by virtue of the decedent's title during the time period for testacy proceedings.

Sec. 524.3-103. [NECESSITY OF APPOINTMENT FOR ADMINISTRATION.] Except as otherwise provided in article IV, to acquire the powers and undertake the duties and liabilities of a personal representative of a decedent, a person must be appointed by order of the court or registrar, qualify and be issued letters. Administration of an estate is commenced by the issuance of letters.

Sec. 524.3-104. [CLAIMS AGAINST DECEDENT; NECESSITY OF ADMINISTRATION.] No proceeding to enforce a claim against the estate of a decedent or his successors may be revived or commenced before the appointment of a personal representative. After the appointment and until distribution, all proceedings and actions to enforce a claim against the estate are governed by the procedure prescribed by Chapter 525 or this article. After distribution a creditor whose claim has not been barred may recover from the distributees as provided in section 524.3-1004 or from a former personal representative individually liable as provided in section 524.3-1005. This section has no application to a proceeding by a secured creditor of the decedent to enforce his right to his security except as to any deficiency judgment which might be sought therein.

Sec. 524.3-105. [PROCEEDINGS AFFECTING DEVOLUTION AND ADMINISTRATION; JURISDICTION OF SUBJECT MATTER.] Persons interested in decedents' estates may apply to the registrar for determination in the informal proceedings provided in this article, and may petition the court for orders in formal proceedings within the court's jurisdiction including but not limited to those described in this article. The court has exclusive jurisdiction of formal proceedings to determine how decedents' estates subject to the laws of this state are to be administered, expended and distributed. The court has concurrent jurisdiction of any other action or proceeding concerning a succession or to which an estate, through a personal representative, may be a party, including actions to determine title to property alleged to belong to the estate, and of any action or proceeding in which property distributed by a personal representative or its value is sought to be subjected to rights of creditors or successors of the decedent.

Sec. 524.3-106. [PROCEEDINGS WITHIN THE EXCLUSIVE JURISDICTION OF COURT; SERVICE; JURISDICTION OVER PERSONS.] In proceedings within the exclusive jurisdiction of the court where notice is required by this chapter or by rule, interested persons may be bound by the orders of the court in respect to prop-

erty in or subject to the laws of this state by notice in conformity with section 524.1-401. An order is binding as to all who are given notice of the proceeding though less than all interested persons are notified.

Sec. 524.3-107. [SCOPE OF PROCEEDINGS; PROCEEDINGS INDEPENDENT; EXCEPTION.] Unless supervised administration as described in part 5 is involved, (1) each proceeding before the court or registrar is independent of any other proceeding involving the same estate; (2) petitions for formal orders of the court may combine various requests for relief in a single proceeding if the orders sought may be finally granted without delay. Except as required for proceedings which are particularly described by other sections of this article, no petition is defective because it fails to embrace all matters which might then be the subject of a final order; (3) proceedings for probate of wills or adjudications of no will may be combined with proceedings for appointment of personal representatives; and (4) a proceeding for appointment of a personal representative is concluded by an order making or declining the appointment.

Sec. 524.3-108. [PROBATE, TESTACY AND APPOINTMENT PROCEEDINGS; ULTIMATE TIME LIMIT.] No informal probate or appointment proceeding or formal testacy or appointment proceeding, other than a proceeding to probate a will previously probated at the testator's domicile and appointment proceedings relating to an estate in which there has been a prior appointment, may be commenced more than three years after the decedent's death, except (1) if a previous proceeding was dismissed because of doubt about the fact of the decedent's death, appropriate probate, appointment or testacy proceedings may be maintained at any time thereafter upon a finding that the decedent's death occurred prior to the initiation of the previous proceeding and the applicant or petitioner has not delayed unduly in initiating the subsequent proceeding; (2) appropriate probate, appointment or testacy proceedings may be maintained in relation to the estate of an absent, disappeared or missing person for whose estate a conservator has been appointed, at any time within three years after the conservator becomes able to establish the death of the protected person; and (3) a proceeding to contest an informally probated will and to secure appointment of the person with legal priority for appointment in the event the contest is successful, may be commenced within the later of twelve months from the informal probate or three years from the decedent's death. These limitations do not apply to proceedings to construe probated wills or determine heirs of an intestate. In cases under (1) or (2) above, the date on which a testacy or appointment proceeding is properly commenced shall be deemed to be the date of the decedent's death for purposes of other limitations provisions of this chapter which relate to the date of death.

Sec. 524.3-109. [STATUTES OF LIMITATION ON DECEDENT'S CAUSE OF ACTION.] No statute of limitation running on a cause of action belonging to a decedent which had not been barred as of the date of his death, shall apply to bar a cause of action surviving the decedent's death sooner than four months after death. A cause of action which, but for this section, would have been barred less than four months after death, is barred after four months unless tolled.

PART 2

VENUE FOR PROBATE AND ADMINISTRATION;
PRIORITY TO ADMINISTER; DEMAND FOR NOTICE

Sec. 524.3-201. [VENUE FOR FIRST AND SUBSEQUENT ESTATE PROCEEDINGS; LOCATION OF PROPERTY.] (a) Venue for the first informal or formal testacy or appointment proceedings after a decedent's death is:

(1) in the county where the decedent had his domicile at the time of his death; or

(2) if the decedent was not domiciled in this state, in any county where property of the decedent was located at the time of his death.

(b) Venue for all subsequent proceedings within the exclusive jurisdiction of the court is in the place where the initial proceeding occurred, unless the initial proceeding has been transferred as provided in section 524.1-303 or (c) of this section.

(c) If the first proceeding was informal, on application of an interested person and after notice to the proponent in the first proceeding, the court, upon finding that venue is elsewhere, may transfer the proceeding and the file to the other court.

(d) For the purpose of aiding determinations concerning location of assets which may be relevant in cases involving non-domiciliaries, a debt, other than one evidenced by investment or commercial paper or other instrument in favor of a non-domiciliary, is located where the debtor resides or, if the debtor is a person other than an individual, at the place where it has its principal office. Commercial paper, investment paper and other instruments are located where the instrument is. An interest in property held in trust is located where the trustee may be sued.

Sec. 524.3-202. [APPOINTMENT OR TESTACY PROCEEDINGS; CONFLICTING CLAIM OF DOMICILE IN ANOTHER STATE.] If conflicting claims as to the domicile of a decedent are made in a formal testacy or appointment proceeding commenced in this state, and in a testacy or appointment proceeding after notice pending at the same time in another state, the court of this state must stay, dismiss, or permit suitable amendment in, the proceeding here unless it is determined that the local proceeding was commenced before the proceeding elsewhere. The determination of domicile in the proceeding first commenced must be accepted as determinative in the proceeding in this state.

Sec. 524.3-203. [PRIORITY AMONG PERSONS SEEKING APPOINTMENT AS PERSONAL REPRESENTATIVE.] (a) Whether the proceedings are formal or informal, persons who are not disqualified have priority for appointment in the following order:

(1) the person with priority as determined by a probated will including a person nominated by a power conferred in a will;

(2) the surviving spouse of the decedent who is a devisee of the decedent;

(3) other devisees of the decedent;

(4) the surviving spouse of the decedent;

(5) other heirs of the decedent;

(6) 45 days after the death of the decedent, any creditor.

(b) An objection to an appointment can be made only in formal proceedings. In case of objection the priorities stated in (a) apply except that

(1) if the estate appears to be more than adequate to meet exemptions and costs of administration but inadequate to discharge anticipated unsecured claims, the court, on petition of creditors, may appoint any qualified person;

(2) in case of objection to appointment of a person other than one whose priority is determined by will by an heir or devisee appearing to have a substantial interest in the estate, the court may appoint a person who is acceptable to heirs and devisees whose interests in the estate appear to be worth in total more than half of the probable distributable value, or, in default of this accord any suitable person.

(c) A person entitled to letters under (2) through (5) of (a) above, may nominate a qualified person to act as personal representative. Any person aged 18 and over may renounce his right to nominate or to an appointment by appropriate writing filed with the court. When two or more persons share a priority, those of them who do not renounce must concur in nominating another to act for them, or in applying for appointment.

(d) Conservators of the estates of protected persons, or if there is no conservator, any guardian except a guardian ad litem of a minor or incapacitated person, may exercise the same right to nominate, to object to another's appointment, or to participate in determining the preference of a majority in interest of the heirs and devisees that the protected person or ward would have if qualified for appointment.

(e) Appointment of one who does not have priority, including priority resulting from renunciation or nomination determined pursuant to this section, may be made only in formal proceedings. Before appointing one without priority, the court must determine that those having priority, although given notice of the proceedings, have failed to request appointment or to nominate another for appointment, and that administration is necessary.

(f) No person is qualified to serve as a personal representative who is:

(1) under the age of 18;

(2) a person whom the court finds unsuitable in formal proceedings;

(g) A personal representative appointed by a court of the decedent's domicile has priority over all other persons except where the decedent's will nominates different persons to be personal representative in this state and in the state of domicile. The domiciliary personal representative may nominate another, who shall have the same priority as the domiciliary personal representative.

(h) This section governs priority for appointment of a successor personal representative but does not apply to the selection of a special administrator.

Sec. 524.3-204. [DEMAND FOR NOTICE OF ORDER OR FILING CONCERNING DECEDENT'S ESTATE.] Any person desiring notice of any order or filing pertaining to a decedent's estate in which he has a financial or property interest, may file a demand for notice with the court at any time after the death of the decedent stating the name of the decedent, the nature of his interest in the estate, and the demandant's address or that of his attorney. The clerk shall mail a copy of the demand to the personal representative if one has been appointed. After filing of a demand, no order or filing to which the demand relates shall be made or accepted without notice as prescribed in section 524.1-401 to the demandant or his attorney. The validity of an order which is issued or filing which is accepted without compliance with this requirement shall not be affected by the error, but the petitioner receiving the order or the person making the filing may be liable for any damage caused by the absence of notice. The requirement of notice arising from a demand under this provision may be waived in writing by the demandant and shall cease upon the termination of his interest in the estate.

PART 3

INFORMAL PROBATE AND APPOINTMENT PROCEEDINGS

Sec. 524.3-301. [INFORMAL PROBATE OR APPOINTMENT PROCEEDINGS; APPLICATION; CONTENTS.] Applications for informal probate or informal appointment shall be directed to the registrar, and verified by the applicant to be accurate and complete to the best of his knowledge and belief as to the following information:

(1) Every application for informal probate of a will or for informal appointment of a personal representative, other than a special or successor representative shall contain the following:

(i) a statement of the interest of the applicant;

(ii) the name, and date of death of the decedent, his age, and the county and state of his domicile at the time of death, and the names and addresses of the spouse, children, heirs and devisees and the ages of any who are minor so far as known or ascertainable with reasonable diligence by the applicant;

(iii) if the decedent was not domiciled in the state at the time of his death, a statement showing venue;

(iv) a statement identifying and indicating the address of any personal representative of the decedent appointed in this state or elsewhere whose appointment has not been terminated;

(v) a statement indicating whether the applicant has received a demand for notice, or is aware of any demand for notice of any probate or appointment proceeding concerning the decedent that may have been filed in this state or elsewhere.

(2) An application for informal probate of a will shall state the following in addition to the statements required by (1) :

(i) that the original of the decedent's last will is in the possession of the court, or accompanies the application, or that an authenticated copy of a will probated in another jurisdiction accompanies the application;

(ii) that the applicant, to the best of his knowledge, believes the will to have been validly executed;

(iii) that after the exercise of reasonable diligence, the applicant is unaware of any instrument revoking the will, and that the applicant believes that the instrument which is the subject of the application is the decedent's last will;

(iv) that the time limit for informal probate as provided in this article has not expired either because three years or less have passed since the decedent's death, or, if more than three years from death have passed, that circumstances as described by section 524.3-108 authorizing tardy probate have occurred.

(3) An application for informal appointment of a personal representative to administer an estate under a will shall describe the will by date of execution and state the time and place of probate or the pending application or petition for probate. The application for appointment shall adopt the statements in the application or petition for probate and state the name, address and priority for appointment of the person whose appointment is sought.

(4) An application for informal appointment of an administrator in intestacy shall state in addition to the statements required by (1) :

(i) that after the exercise of reasonable diligence, the applicant is unaware of any unrevoked testamentary instrument relating to property having a situs in this state under section 524.1-301, or, a statement why any such instrument of which he may be aware is not being probated;

(ii) the priority of the person whose appointment is sought and the names of any other persons having a prior or equal right to the appointment under section 524.3-203.

(5) An application for appointment of a personal representative to succeed a personal representative appointed under a different testacy status shall refer to the order in the most recent testacy proceeding, state the name and address of the person whose appointment is sought and of the person whose appointment will be terminated if the application is granted, and describe the priority of the applicant.

(6) An application for appointment of a personal representa-

tive to succeed a personal representative who has tendered a resignation as provided in section 524.3-610 (c), or whose appointment has been terminated by death or removal, shall adopt the statements in the application or petition which led to the appointment of the person being succeeded except as specifically changed or corrected, state the name and address of the person who seeks appointment as successor, and describe the priority of the applicant.

Sec. 524.3-302. [INFORMAL PROBATE; DUTY OF REGISTRAR; EFFECT OF INFORMAL PROBATE.] Upon receipt of an application requesting informal probate of a will, the registrar, upon making the findings required by section 524.3-303 shall issue a written statement of informal probate if at least 120 hours have elapsed since the decedent's death. Informal probate is conclusive as to all persons until superseded by an order in a formal testacy proceeding. No defect in the application or procedure relating thereto which leads to informal probate of a will renders the probate void.

Sec. 524.3-303. [INFORMAL PROBATE; PROOF AND FINDINGS REQUIRED.] (a) In an informal proceeding for original probate of a will, the registrar shall determine whether:

- (1) the application is complete;
- (2) the applicant has made oath or affirmation that the statements contained in the application are true to the best of his knowledge and belief;
- (3) the applicant appears from the application to be an interested person as defined in section 524.1-201 (20) ;
- (4) on the basis of the statements in the application, venue is proper;
- (5) an original, duly executed and apparently unrevoked will is in the registrar's possession;
- (6) any notice required by section 524.3-204 has been given and that the application is not within section 524.3-304 ; and
- (7) it appears from the application that the time limit for original probate has not expired.

(b) The application shall be denied if it indicates that a personal representative has been appointed in another county of this state or except as provided in subsection (d) below, if it appears that this or another will of the decedent has been the subject of a previous probate order.

(c) A will which appears to have the required signatures and which contains an attestation clause showing that requirements of execution under section 525.18 have been met shall be probated without further proof. In other cases, the registrar may assume execution if the will appears to have been properly executed, or he may accept a sworn statement or affidavit of any person having knowledge of the circumstances of execution, whether or not the person was a witness to the will.

(d) Informal probate of a will which has been previously probated elsewhere may be granted at any time upon written application by any interested person, together with deposit of an authenticated copy of the will and of the statement probating it from the office or court where it was first probated.

(e) A will from a place which does not provide for probate of a will after death and which is not eligible for probate under subsection (a) above, may be probated in this state upon receipt by the registrar of a duly authenticated copy of the will and a duly authenticated certificate of its legal custodian that the copy filed is a true copy and that the will has become operative under the law of the other place.

Sec. 524.3-304. [INFORMAL PROBATE; UNAVAILABLE IN CERTAIN CASES.] Applications for informal probate which relate to one or more of a known series of testamentary instruments, other than wills and codicils, the latest of which does not expressly revoke the earlier, shall be declined.

Sec. 524.3-305. [INFORMAL PROBATE; REGISTRAR NOT SATISFIED.] If the registrar is not satisfied that a will is entitled to be probated in informal proceedings because of failure to meet the requirements of sections 524.3-303 and 524.3-304 or any other reason, he may decline the application. A declination of informal probate is not an adjudication and does not preclude formal probate proceedings.

Sec. 524.3-306. [INFORMAL PROBATE; NOTICE REQUIREMENTS.] The moving party must give notice as described by section 524.1-401 of his application for informal probate (1) to any person demanding it pursuant to section 524.3-204; and (2) to any personal representative of the decedent whose appointment has not been terminated. No other notice of informal probate is required.

Sec. 524.3-307. [INFORMAL APPOINTMENT PROCEEDINGS; DELAY IN ORDER; DUTY OF REGISTRAR; EFFECT OF APPOINTMENT.] (a) Upon receipt of an application for informal appointment of a personal representative other than a special administrator as provided in section 524.3-614, if at least 120 hours have elapsed since the decedent's death, the registrar, after making the findings required by section 524.3-308, shall appoint the applicant subject to qualification and acceptance; provided, that if the decedent was a non-resident, the registrar shall delay the order of appointment until 30 days have elapsed since death unless the personal representative appointed at the decedent's domicile is the applicant, or unless the decedent's will directs that his estate be subject to the laws of this state.

(b) The status of personal representative and the powers and duties pertaining to the office are fully established by informal appointment. An appointment, and the office of personal representative created thereby, is subject to termination as provided in sections 524.3-608 through 524.3-612, but is not subject to retroactive vacation.

Sec. 524.3-308. [INFORMAL APPOINTMENT PROCEEDINGS; PROOF AND FINDINGS REQUIRED.] (a) In informal appointment proceedings, the registrar must determine whether:

(1) the application for informal appointment of a personal representative is complete;

(2) the applicant has made oath or affirmation that the statements contained in the application are true to the best of his knowledge and belief;

(3) the applicant appears from the application to be an interested person as defined in section 524.1-201(20);

(4) on the basis of the statements in the application, venue is proper;

(5) any will to which the requested appointment relates has been formally or informally probated; but this requirement does not apply to the appointment of a special administrator;

(6) any notice required by section 524.3-204 has been given;

(7) from the statements in the application, the person whose appointment is sought has priority entitling him to the appointment.

(b) Unless section 524.3-612 controls, the application must be denied if it indicates that a personal representative who has not filed a written statement of resignation as provided in section 524.3-610(c) has been appointed in this or another county of this state, that, unless the applicant is the domiciliary personal representative or his nominee, the decedent was not domiciled in this state and that a personal representative whose appointment has not been terminated has been appointed by a court in the state of domicile, or that other requirements of this section have not been met.

Sec. 524.3-309. [INFORMAL APPOINTMENT PROCEEDINGS; REGISTRAR NOT SATISFIED.] If the registrar is not satisfied that a requested informal appointment of a personal representative should be made because of failure to meet the requirements of sections 524.3-307 and 524.3-308, or for any other reason, he may decline the application. A declination of informal appointment is not an adjudication and does not preclude appointment in formal proceedings.

Sec. 524.3-310. [INFORMAL APPOINTMENT PROCEEDINGS; NOTICE REQUIREMENTS.] The moving party must give notice as described by section 524.1-401 of his intention to seek an appointment informally; (1) to any person demanding it pursuant to section 524.3-204; and (2) to any person having a prior or equal right to appointment not waived in writing and filed with the court. No other notice of an informal appointment proceeding is required.

Sec. 524.3-311. [INFORMAL APPOINTMENT UNAVAILABLE IN CERTAIN CASES.] If an application for informal appointment indicates the existence of a possible unrevoked testa-

mentary instrument which may relate to property subject to the laws of this state, and which is not filed for probate in this court, the registrar shall decline the application.

PART 4

FORMAL TESTACY AND APPOINTMENT PROCEEDINGS

Sec. 524.3-401. [FORMAL TESTACY PROCEEDINGS; NATURE; WHEN COMMENCED.] A formal testacy proceeding is litigation to determine whether a decedent left a valid will. A formal testacy proceeding may be commenced by an interested person filing a petition as described in section 524.3-402(a) in which he requests that the court, after notice and hearing, enter an order probating a will, or a petition to set aside an informal probate of a will or to prevent informal probate of a will which is the subject of a pending application, or a petition in accordance with section 524.3-402(b) for an order that the decedent died intestate.

A petition may seek formal probate of a will without regard to whether the same or a conflicting will has been informally probated. A formal testacy proceeding may, but need not, involve a request for appointment of a personal representative.

During the pendency of a formal testacy proceeding, the registrar shall not act upon any application for informal probate of any will of the decedent or any application for informal appointment of a personal representative of the decedent.

Unless a petition in a formal testacy proceeding also requests confirmation of the previous informal appointment, a previously appointed personal representative, after receipt of notice of the commencement of a formal probate proceeding, must refrain from exercising his power to make any further distribution of the estate during the pendency of the formal proceeding. A petitioner who seeks the appointment of a different personal representative in a formal proceeding also may request an order restraining the acting personal representative from exercising any of the powers of his office and requesting the appointment of a special administrator. In the absence of a request, or if the request is denied, the commencement of a formal proceeding has no effect on the powers and duties of a previously appointed personal representative other than those relating to distribution.

Sec. 524.3-402 [FORMAL TESTACY OR APPOINTMENT PROCEEDINGS; PETITION; CONTENTS.] (a) Petitions for formal probate of a will, or for adjudication of intestacy with or without request for appointment of a personal representative, must be directed to the court, request a judicial order after notice and hearing and contain further statements as indicated in this section. A petition for formal probate of a will

(1) requests an order as to the testacy of the decedent in relation to a particular instrument which may or may not have been informally probated and determining the heirs,

(2) contains the statements required for informal applications

as stated in the five subparagraphs under section 524.3-301(1), the statements required by subparagraphs (ii) and (iii) of section 524.3-301 (2), and

(3) states whether the original of the last will of the decedent is in the possession of the court or accompanies the petition.

If the original will is neither in the possession of the court nor accompanies the petition and no authenticated copy of a will probated in another jurisdiction accompanies the petition, the petition also must state the contents of the will, and indicate that it is lost, destroyed, or otherwise unavailable.

(b) A petition for adjudication of intestacy and appointment of an administrator in intestacy must request a judicial finding and order that the decedent left no will and determining the heirs, contain the statements required by (1) and (4) of section 524.3-301 and indicate whether supervised administration is sought. A petition may request an order determining intestacy and heirs without requesting the appointment of an administrator, in which case, the statements required by subparagraph (ii) of section 524.3-301(4) above may be omitted.

Sec. 524.3-403. [FORMAL TESTACY PROCEEDING; NOTICE OF HEARING ON PETITION.] (a) Upon commencement of a formal testacy proceeding, the court shall fix a time and place of hearing. Notice shall be given in the manner prescribed by section 524.1-401 by the petitioner to the persons herein enumerated and to any additional person who has filed a demand for notice under section 524.3-204 of this chapter.

Notice shall be given to the following persons: the surviving spouse, children, and other heirs of the decedent, the devisees and executors named in any will that is being, or has been, probated, or offered for informal or formal probate in the county, or that is known by the petitioner to have been probated, or offered for informal or formal probate elsewhere, and any personal representative of the decedent whose appointment has not been terminated. Notice may be given to other persons. In addition, the petitioner shall give notice by publication to all unknown persons and to all known persons whose addresses are unknown who have any interest in the matters being litigated.

(b) If it appears by the petition or otherwise that the fact of the death of the alleged decedent may be in doubt, or on the written demand of any interested person, a copy of the notice of the hearing on the petition shall be sent by registered mail to the alleged decedent at his last known address. The court shall direct the petitioner to report the results of, or make and report back concerning, a reasonably diligent search for the alleged decedent in any manner that may seem advisable, including any or all of the following methods:

(1) by inserting in one or more suitable periodicals a notice requesting information from any person having knowledge of the whereabouts of the alleged decedent;

(2) by notifying law enforcement officials and public welfare agencies in appropriate locations of the disappearance of the alleged decedent;

(3) by engaging the services of an investigator. The costs of any search so directed shall be paid by the petitioner if there is no administration or by the estate of the decedent in case there is administration.

Sec. 524.3-404. [FORMAL TESTACY PROCEEDINGS; WRITTEN OBJECTIONS TO PROBATE.] Any party to a formal proceeding who opposes the probate of a will for any reason shall state in his pleadings his objections to probate of the will.

Sec. 524.3-405. [FORMAL TESTACY PROCEEDINGS; UNCONTESTED CASES; HEARINGS AND PROOF.] If a petition in a testacy proceeding is unopposed, the court may order probate or intestacy on the strength of the pleadings if satisfied that the conditions of section 524.3-409 have been met, or conduct a hearing in open court and require proof of the matters necessary to support the order sought. If evidence concerning execution of the will is necessary, the affidavit or testimony of one of any attesting witnesses to the instrument is sufficient. If the affidavit or testimony of an attesting witness is not available, execution of the will may be proved by other evidence or affidavit.

Sec. 524.3-406. [FORMAL TESTACY PROCEEDINGS; CONTESTED CASES; TESTIMONY OF ATTESTING WITNESSES.] (a) If evidence concerning execution of an attested will which is not self-proved is necessary in contested cases, the testimony of at least one of the attesting witnesses, if within the state competent and able to testify, is required. Due execution of an attested or unattested will may be proved by other evidence.

(b) If the will is self-proved, compliance with signature requirements for execution is conclusively presumed and other requirements of execution are presumed subject to rebuttal without the testimony of any witness upon filing the will and the acknowledgment and affidavits annexed or attached thereto, unless there is proof of fraud or forgery affecting the acknowledgment or affidavit.

Sec. 524.3-407. [FORMAL TESTACY PROCEEDINGS; BURDENS IN CONTESTED CASES.] In contested cases, petitioners who seek to establish intestacy have the burden of establishing prima facie proof of death, venue and heirship. Proponents of a will have the burden of establishing prima facie proof of due execution in all cases, and, if they are also petitioners, prima facie proof of death and venue. Contestants of a will have the burden of establishing lack of testamentary intent or capacity, undue influence, fraud, duress, mistake or revocation. Parties have the ultimate burden of persuasion as to matters with respect to which they have the initial burden of proof. If a will is opposed by the petition for probate of a later will revoking the former, it shall be determined first whether the later will is entitled to probate, and if a will is opposed by a petition for a declaration of intestacy, it shall be determined first whether the will is entitled to probate.

Sec. 524.3-408. [FORMAL TESTACY PROCEEDINGS; WILL CONSTRUCTION; EFFECT OF FINAL ORDER IN ANOTHER JURISDICTION.] A final order of a court of another state determining testacy, the validity or construction of a will, made in a proceeding involving notice to and an opportunity for contest by all interested persons must be accepted as determinative by the courts of this state if it includes, or is based upon, a finding that the decedent was domiciled at his death in the state where the order was made.

Sec. 524.3-409. [FORMAL TESTACY PROCEEDINGS; ORDER; FOREIGN WILL.] After the time required for any notice has expired, upon proof of notice, and after any hearing that may be necessary, if the court finds that the testator is dead, venue is proper and that the proceeding was commenced within the limitation prescribed by section 524.3-108, it shall determine the decedent's domicile at death, his heirs and his state of testacy. Any will found to be valid and unrevoked shall be formally probated. Termination of any previous informal appointment of a personal representative, which may be appropriate in view of the relief requested and findings, is governed by section 524.3-612. The petition shall be dismissed or appropriate amendment allowed if the court is not satisfied that the alleged decedent is dead. A will from a place which does not provide for probate of a will after death, may be proved for probate in this state by a duly authenticated certificate of its legal custodian that the copy introduced is a true copy and that the will has become effective under the law of the other place.

Sec. 524.3-410. [FORMAL TESTACY PROCEEDINGS; PROBATE OF MORE THAN ONE INSTRUMENT.] If two or more instruments are offered for probate before a final order is entered in a formal testacy proceeding, more than one instrument may be probated if neither expressly revokes the other or contains provisions which work a total revocation by implication. If more than one instrument is probated, the order shall indicate what provisions control in respect to the nomination of an executor, if any. The order may, but need not, indicate how any provisions of a particular instrument are affected by the other instrument. After a final order in a testacy proceeding has been entered, no petition for probate of any other instrument of the decedent may be entertained, except incident to a petition to vacate or modify a previous probate order and subject to the time limits of section 524.3-412.

Sec. 524.3-411. [FORMAL TESTACY PROCEEDINGS; PARTIAL INTESTACY.] If it becomes evident in the course of a formal testacy proceeding that, though one or more instruments are entitled to be probated, the decedent's estate is or may be partially intestate, the court shall enter an order to that effect.

Sec. 524.3-412. [FORMAL TESTACY PROCEEDINGS; EFFECT OF ORDER; VACATION.] Subject to appeal and subject to vacation as provided herein and in section 524.3-413, a formal testacy order under sections 524.3-409 to 524.3-411, including an order that the decedent left no valid will and determining heirs, is

final as to all persons with respect to all issues concerning the decedent's estate that the court considered or might have considered incident to its rendition relevant to the question of whether the decedent left a valid will, and to the determination of heirs, except that:

(1) the court shall entertain a petition for modification or vacation of its order and probate of another will of the decedent if it is shown that the proponents of the later-offered will were unaware of its existence at the time of the earlier proceeding or were unaware of the earlier proceeding and were given no notice thereof, except by publication.

(2) If intestacy of all or part of the estate has been ordered, the determination of heirs of the decedent may be reconsidered if it is shown that one or more persons were omitted from the determination and it is also shown that the persons were unaware of their relationship to the decedent, were unaware of his death or were given no notice of any proceeding concerning his estate, except by publication.

(3) A petition for vacation under either (1) or (2) above must be filed prior to the earlier of the following time limits:

(i) If a personal representative has been appointed for the estate, the time of entry of any order approving final distribution of the estate, or, if the estate is closed by statement, six months after the filing of the closing statement.

(ii) Whether or not a personal representative has been appointed for the estate of the decedent, the time prescribed by section 524.3-108 when it is no longer possible to initiate an original proceeding to probate a will of the decedent.

(iii) 12 months after the entry of the order sought to be vacated.

(4) The order originally rendered in the testacy proceeding may be modified or vacated, if appropriate under the circumstances, by the order of probate of the later-offered will or the order redetermining heirs.

(5) The finding of the fact of death is conclusive as to the alleged decedent only if notice of the hearing on the petition in the formal testacy proceeding was sent by registered or certified mail addressed to the alleged decedent at his last known address and the court finds that a search under section 524.3-403(b) was made.

If the alleged decedent is not dead, even if notice was sent and search was made, he may recover estate assets in the hands of the personal representative. In addition to any remedies available to the alleged decedent by reason of any fraud or intentional wrongdoing, the alleged decedent may recover any estate or its proceeds from distributees that is in their hands, or the value of distributions received by them, to the extent that any recovery from distributees is equitable in view of all of the circumstances.

Sec. 524.3-413. [FORMAL TESTACY PROCEEDINGS; VACATION OR ORDER FOR OTHER CAUSE.] For good cause shown, an order in a formal testacy proceeding may be modified or vacated within the time allowed for appeal.

Sec. 524.3-414. [FORMAL PROCEEDINGS CONCERNING APPOINTMENT OF PERSONAL REPRESENTATIVE.] (a) A formal proceeding for adjudication regarding the priority or qualification of one who is an applicant for appointment as personal representative, or of one who previously has been appointed personal representative in informal proceedings, if an issue concerning the testacy of the decedent is or may be involved, is governed by section 524.3-402, as well as by this section. In other cases, the petition shall contain or adopt the statements required by section 524.3-301(1) and describe the question relating to priority or qualification of the personal representative which is to be resolved. If the proceeding precedes any appointment of a personal representative, it shall stay any pending informal appointment proceedings as well as any commenced thereafter. If the proceeding is commenced after appointment, the previously appointed personal representative, after receipt of notice thereof, shall refrain from exercising any power of administration except as necessary to preserve the estate or unless the court orders otherwise.

(b) After notice to interested persons, including all persons interested in the administration of the estate as successors under the applicable assumption concerning testacy, any previously appointed personal representative and any person having or claiming priority for appointment as personal representative, the court shall determine who is entitled to appointment under section 524.3-203, make a proper appointment and, if appropriate, terminate any prior appointment found to have been improper as provided in cases of removal under section 524.3-611.

PART 5

SUPERVISED ADMINISTRATION

Sec. 524.3-501 [SUPERVISED ADMINISTRATION; NATURE OF PROCEEDING.] Supervised administration is a single in rem proceeding to secure complete administration and settlement of a decedent's estate under the continuing authority of the court which extends until entry of an order approving distribution of the estate and discharging the personal representative or other order terminating the proceeding. A supervised personal representative is responsible to the court, as well as to the interested parties, and is subject to directions concerning the estate made by the court on its own motion or on the motion of any interested party. Except as otherwise provided in this part, or as otherwise ordered by the court, a supervised personal representative has the same duties and powers as a personal representative who is not supervised.

Sec. 524.3-502. [SUPERVISED ADMINISTRATION; PETITION; ORDER.] A petition for supervised administration may be filed by any interested person or by a personal representative

at any time or the prayer for supervised administration may be joined with a petition in a testacy or appointment proceeding. If the testacy of the decedent and the priority and qualification of any personal representative have not been adjudicated previously, the petition for supervised administration shall include the matters required of a petition in a formal testacy proceeding and the notice requirements and procedures applicable to a formal testacy proceeding apply. If not previously adjudicated, the court shall adjudicate the testacy of the decedent and questions relating to the priority and qualifications of the personal representative in any case involving a request for supervised administration, even though the request for supervised administration may be denied. After notice to interested persons, the court shall order supervised administration of a decedent's estate: (1) if the decedent's will directs supervised administration, it shall be ordered unless the court finds that circumstances bearing on the need for supervised administration have changed since the execution of the will and that there is no necessity for supervised administration; (2) if the decedent's will directs unsupervised administration, supervised administration shall be ordered only upon a finding that it is necessary for protection of persons interested in the estate; or (3) in other cases if the court finds that supervised administration is necessary under the circumstances.

Sec. 524.3-503. [SUPERVISED ADMINISTRATION; EFFECT ON OTHER PROCEEDINGS.] (a) The pendency of a proceeding for supervised administration of a decedent's estate stays action on any informal application then pending or thereafter filed.

(b) If a will has been previously probated in informal proceedings, the effect of the filing of a petition for supervised administration is as provided for formal testacy proceedings by section 524.3-401.

(c) After he has received notice of the filing of a petition for supervised administration, a personal representative who has been appointed previously shall not exercise his power to distribute any estate. The filing of the petition does not affect his other powers and duties unless the court restricts the exercise of any of them pending full hearing on the petition.

Sec. 524.3-504. [SUPERVISED ADMINISTRATION; POWERS OF PERSONAL REPRESENTATIVE.] Unless restricted by the court, a supervised personal representative has, without interim orders approving exercise of a power, all powers of personal representatives under this chapter, but he shall not exercise his power to make any distribution of the estate without prior order of the court. Any other restriction on the power of a personal representative which may be ordered by the court must be endorsed on his letters of appointment and, unless so endorsed, is ineffective as to persons dealing in good faith with the personal representative.

Sec. 524.3-505. [SUPERVISED ADMINISTRATION; INTERIM ORDERS; DISTRIBUTION AND CLOSING

ORDERS.] Unless otherwise ordered by the court, supervised administration is terminated by order in accordance with time restrictions, notices and contents of orders prescribed for proceedings under section 524.3-1001. Interim orders approving or directing partial distributions or granting other relief may be issued by the court at any time during the pendency of a supervised administration on the application of the personal representative or any interested person.

PART 6

PERSONAL REPRESENTATIVE; APPOINTMENT, CONTROL AND TERMINATION OF AUTHORITY

Sec. 524.3-601. [QUALIFICATION.] Prior to receiving letters, a personal representative shall qualify by filing with the appointing court any required bond and a statement of acceptance of the duties of the office.

Sec. 524.3-602. [ACCEPTANCE OF APPOINTMENT; CONSENT TO JURISDICTION.] By accepting appointment, a personal representative submits personally to the jurisdiction of the court in any proceeding relating to the estate that may be instituted by any interested person. Notice of any proceeding shall be delivered to the personal representative, or mailed to him by ordinary first class mail at his address as listed in the application or petition for appointment or as thereafter reported to the court and to his address as then known to the petitioner.

Sec. 524.3-603 [BOND NOT REQUIRED WITHOUT COURT ORDER, EXCEPTIONS.] No bond is required of a personal representative appointed in informal proceedings, except (1) upon the appointment of a special administrator; (2) when an executor or other personal representative is appointed to administer an estate under a will containing an express requirement of bond or (3) when bond is required under section 524.3-605. Bond may be required by court order at the time of appointment of a personal representative appointed in any formal proceeding except that bond is not required of a personal representative appointed in formal proceedings if the will relieves the personal representative of bond, unless bond has been requested by an interested party and the court is satisfied that it is desirable. Bond required by any will may be dispensed with in formal proceedings upon determination by the court that it is not necessary. No bond is required of any personal representative who, pursuant to statute, has deposited cash or collateral with an agency of this state to secure performance of his duties.

Sec. 524.3-604. [BOND AMOUNT; SECURITY; PROCEDURE: REDUCTION.] If bond is required and the provisions of the will or order do not specify the amount, unless stated in his application or petition, the person qualifying shall file a statement under oath with the registrar indicating his best estimate of the value of the personal estate of the decedent and of the income expected from the personal and real estate during the next year, and he shall execute and file a bond with the registrar, or give

other suitable security, in an amount not less than the estimate. The registrar shall determine that the bond is duly executed by a corporate surety, or one or more individual sureties whose performance is secured by pledge of personal property, mortgage on real property or other adequate security. The registrar may permit the amount of the bond to be reduced by the value of assets of the estate deposited with a domestic financial institution, as defined in section 528.02, in a manner that prevents their unauthorized disposition. On petition of the personal representative or another interested person the court may excuse a requirement of bond, increase or reduce the amount of the bond, release sureties, or permit the substitution of another bond with the same or different sureties.

Sec. 524.3-605. [DEMAND FOR BOND BY INTERESTED PERSON.] Any person apparently having an interest in the estate worth in excess of \$1,000, or any creditor having a claim in excess of \$1,000, may make a written demand that a personal representative give bond. The demand must be filed with the registrar and a copy mailed to the personal representative, if appointment and qualification have occurred. Thereupon, bond is required, but the requirement ceases if the person demanding bond ceases to be interested in the estate, or if bond is excused as provided in sections 524.3-603 or 524.3-604. After he has received notice and until the filing of the bond or cessation of the requirement of bond, the personal representative shall refrain from exercising any powers of his office except as necessary to preserve the estate. Failure of the personal representative to meet a requirement of bond by giving suitable bond within 30 days after receipt of notice is cause for his removal and appointment of a successor personal representative.

Sec. 524.3-606. [TERMS AND CONDITIONS OF BONDS.]
(a) The following requirements and provisions apply to any bond required by this part:

(1) Bonds shall name the state as obligee for the benefit of the persons interested in the estate and shall be conditioned upon the faithful discharge by the fiduciary of all duties according to law.

(2) Unless otherwise provided by the terms of the approved bond, sureties are jointly and severally liable with the personal representative and with each other. The address of sureties shall be stated in the bond.

(3) By executing an approved bond of a personal representative, the surety consents to the jurisdiction of the probate court which issued letters to the primary obligor in any proceedings pertaining to the fiduciary duties of the personal representative and naming the surety as a party. Notice of any proceeding shall be delivered to the surety or mailed to him by registered or certified mail at his address as listed with the court where the bond is filed and to his address as then known to the petitioner.

(4) On petition of a successor personal representative, any other personal representative of the same decedent, or any in-

terested person, a proceeding in the court may be initiated against a surety for breach of the obligation of the bond of the personal representative.

(5) The bond of the personal representative is not void after the first recovery but may be proceeded against from time to time until the whole penalty is exhausted.

(b) No action or proceeding may be commenced against the surety on any matter as to which an action or proceeding against the primary obligor is barred by adjudication or limitation.

Sec. 524.3-607. [ORDER RESTRAINING PERSONAL REPRESENTATIVE.] (a) On petition of any person who appears to have an interest in the estate, the court by temporary order may restrain a personal representative from performing specified acts of administration, disbursement, or distribution, or exercise of any powers or discharge of any duties of his office, or make any other order to secure proper performance of his duty, if it appears to the court that the personal representative otherwise may take some action which would jeopardize unreasonably the interest of the applicant or of some other interested person. Persons with whom the personal representative may transact business may be made parties.

(b) The matter shall be set for hearing within ten days unless the parties otherwise agree. Notice as the court directs shall be given to the personal representative and his attorney of record, if any, and to any other parties named defendant in the petition.

Sec. 524.3-608. [TERMINATION OF APPOINTMENT; GENERAL.] Termination of appointment of a personal representative occurs as indicated in sections 524.3-609 to 524.3-612, inclusive. Termination ends the right and power pertaining to the office of personal representative as conferred by this chapter or any will, except that a personal representative, at any time prior to distribution or until restrained or enjoined by court order, may perform acts necessary to protect the estate and may deliver the assets to a successor representative. Termination does not discharge a personal representative from liability for transactions or omissions occurring before termination, or relieve him of the duty to preserve assets subject to his control, to account therefor and to deliver the assets. Termination does not affect the jurisdiction of the court over the personal representative, but terminates his authority to represent the estate in any pending or future proceeding.

Sec. 524.3-609. [TERMINATION OF APPOINTMENT; DEATH OR DISABILITY.] The death of a personal representative or the appointment of a conservator for the estate of a personal representative, terminates his appointment. Until appointment and qualification of a successor or special representative to replace the deceased or protected representative, the representative of the estate of the deceased or protected personal representative, if any, has the duty to protect the estate possessed and being administered by his decedent or ward at the time his

appointment terminates, has the power to perform acts necessary for protection and shall account for and deliver the estate assets to a successor or special personal representative upon his appointment and qualification.

Sec. 524.3-610. [TERMINATION OF APPOINTMENT; VOLUNTARY.] (a) An appointment of a personal representative terminates as provided in section 524.3-1003, one year after the filing of a closing statement.

(b) An order closing an estate as provided in section 524.3-1001 or 524.3-1002 terminates an appointment of a personal representative.

(c) A personal representative may resign his position by filing a written statement of resignation with the registrar after he has given at least 15 days written notice to the persons known to be interested in the estate. If no one applies or petitions for appointment of a successor representative within the time indicated in the notice, the filed statement of resignation is ineffective as a termination of appointment and in any event is effective only upon the appointment and qualification of a successor representative and delivery of the assets to him.

Sec. 524.3-611. [TERMINATION OF APPOINTMENT BY REMOVAL; CAUSE; PROCEDURE.] (a) A person interested in the estate may petition for removal of a personal representative for cause at any time. Upon filing of the petition, the court shall fix a time and place for hearing. Notice shall be given by the petitioner to the personal representative, and to other persons as the court may order. Except as otherwise ordered as provided in section 524.3-607, after receipt of notice of removal proceedings, the personal representative shall not act except to account, to correct maladministration or preserve the estate. If removal is ordered, the court also shall direct by order the disposition of the assets remaining in the name of, or under the control of, the personal representative being removed.

(b) Cause for removal exists when removal would be in the best interests of the estate, or if it is shown that a personal representative or the person seeking his appointment intentionally misrepresented material facts in the proceedings leading to his appointment, or that the personal representative has disregarded an order of the court, has become incapable of discharging the duties of his office, or has mismanaged the estate or failed to perform any duty pertaining to the office. Unless the decedent's will directs otherwise, a personal representative appointed at the decedent's domicile, incident to securing appointment of himself or his nominee as ancillary personal representative, may obtain removal of another who was appointed personal representative in this state to administer local assets.

Sec. 524.3-612. [TERMINATION OF APPOINTMENT; CHANGE OF TESTACY STATUS.] Except as otherwise ordered in formal proceedings, the probate of a will subsequent to the appointment of a personal representative in intestacy or under a will which is superseded by for-

mal probate of another will, or the vacation of an informal probate of a will subsequent to the appointment of the personal representative thereunder, does not terminate the appointment of the personal representative although his powers may be reduced as provided in section 524.3-401. Termination occurs upon appointment in informal or formal appointment proceedings of a person entitled to appointment under the later assumption concerning testacy. If no request for new appointment is made within 30 days after expiration of time for appeal from the order in formal testacy proceedings, or from the informal probate, changing the assumption concerning testacy, the previously appointed personal representative upon request may be appointed personal representative under the subsequently probated will, or as in intestacy as the case may be.

Sec. 524.3-613. [SUCCESSOR PERSONAL REPRESENTATIVE.] Parts 3 and 4 of this article govern proceedings for appointment of a personal representative to succeed one whose appointment has been terminated. After appointment and qualification, a successor personal representative may be substituted in all actions and proceedings to which the former personal representative was a party, and no notice, process or claim which was given or served upon the former personal representative need be given to or served upon the successor in order to preserve any position or right the person giving notice or filing the claim may thereby have obtained or preserved with reference to the former personal representative. Except as otherwise ordered by the court, the successor personal representative has the powers and duties in respect to the continued administration which the former personal representative would have had if his appointment had not been terminated.

Sec. 524.3-614. [SPECIAL ADMINISTRATOR; APPOINTMENT.] A special administrator may be appointed:

(1) informally by the registrar on the application of any interested person when necessary to protect the estate of a decedent prior to the appointment of a general personal representative or if a prior appointment has been terminated as provided in section 524.3-609;

(2) in a formal proceeding by order of the court on the petition of any interested person and finding, after notice and hearing, that appointment is necessary to preserve the estate or to secure its proper administration including its administration in circumstances where a general personal representative cannot or should not act. If it appears to the court that an emergency exists, appointment may be ordered without notice.

Sec. 524.3-615 [SPECIAL ADMINISTRATOR; WHO MAY BE APPOINTED.] (a) If a special administrator is to be appointed pending the probate of a will which is the subject of a pending application or petition for probate, the person named executor in the will shall be appointed if available, and qualified.

(b) In other cases, any proper person may be appointed special administrator.

Sec. 524.3-616. [SPECIAL ADMINISTRATOR; APPOINTED INFORMALLY; POWERS AND DUTIES.] A special administrator

appointed by the registrar in informal proceedings pursuant to section 524.3-614(1) has the duty to collect and manage the assets of the estate, to preserve them, to account therefor and to deliver them to the general personal representative upon his qualification. The special administrator has the power of a personal representative under the chapter necessary to perform his duties.

Sec. 524.3-617. [SPECIAL ADMINISTRATOR; FORMAL PROCEEDINGS; POWER AND DUTIES.] A special administrator appointed by order of the court in any formal proceeding has the power of a general personal representative except as limited in the appointment and duties as prescribed in the order. The appointment may be for a specified time, to perform particular acts or on other terms as the court may direct.

Sec. 524.3-618. [TERMINATION OF APPOINTMENT; SPECIAL ADMINISTRATOR.] The appointment of a special administrator terminates in accordance with the provisions of the order of appointment or on the appointment of a general personal representative. In other cases, the appointment of a special administrator is subject to termination as provided in sections 524.3-608 through 524.3-611.

PART 7

DUTIES AND POWERS OF PERSONAL REPRESENTATIVES

Sec. 524.3-701. [TIME OF ACCRUAL OF DUTIES AND POWERS.] The duties and powers of a personal representative commence upon his appointment. The powers of a personal representative relate back in time to give acts by the person appointed which are beneficial to the estate occurring prior to appointment the same effect as those occurring thereafter. Prior to appointment, a person named executor in a will may carry out written instructions of the decedent relating to his body, funeral and burial arrangements. A personal representative may ratify and accept acts on behalf of the estate done by others where the acts would have been proper for a personal representative.

Sec. 524.3-702. [PRIORITY AMONG DIFFERENT LETTERS.] A person to whom general letters are issued first has exclusive authority under the letters until his appointment is terminated or modified. If, through error, general letters are afterwards issued to another, the first appointed representative may recover any property of the estate in the hands of the representative subsequently appointed, but the acts of the latter done in good faith before notice of the first letters are not void for want of validity of appointment.

Sec. 524.3-703. [GENERAL DUTIES; RELATION AND LIABILITY TO PERSONS INTERESTED IN ESTATE; STANDING TO SUE.] (a) A personal representative is a fiduciary who shall observe the standards of care applicable to trustees.

A personal representative is under a duty to settle and distribute the estate of the decedent in accordance with the terms of any probated and effective will and this chapter, and as expeditiously and efficiently as is consistent with the best interests of the estate. He shall use the authority conferred upon him by this chapter, the terms of the will, if any, and any order in proceedings to which he is party for the best interests of successors to the estate.

(b) A personal representative shall not be surcharged for acts of administration or distribution if the conduct in question was authorized at the time. Subject to other obligations of administration, an informally probated will is authority to administer and distribute the estate according to its terms. An order of appointment of a personal representative, whether issued in informal or formal proceedings, is authority to distribute apparently intestate assets to the heirs of the decedent if, at the time of distribution, the personal representative is not aware of a pending testacy proceeding, a proceeding to vacate an order entered in an earlier testacy proceeding, a formal proceeding questioning his appointment or fitness to continue, or a supervised administration proceeding. Nothing in this section affects the duty of the personal representative to administer and distribute the estate in accordance with the rights of claimants, the surviving spouse, any minor and dependent children and any pretermitted child of the decedent as described elsewhere.

(c) Except as to proceedings which do not survive the death of the decedent, a personal representative of a decedent domiciled in this state at his death has the same standing to sue and be sued in the courts of this state and the courts of any other jurisdiction as his decedent had immediately prior to death.

Sec. 524.3-704. [PERSONAL REPRESENTATIVE TO PROCEED WITHOUT COURT ORDER; EXCEPTION.] A personal representative shall proceed expeditiously with the settlement and distribution of a decedent's estate and, except as otherwise specified or ordered in regard to a supervised personal representative, do so without adjudication, order, or direction of the court, but he may invoke the jurisdiction of the court, in proceedings authorized by this chapter, to resolve questions concerning the estate or its administration.

Sec. 524.3-705. [DUTY OF PERSONAL REPRESENTATIVE; INFORMATION TO HEIRS AND DEVISEES.] Not later than 30 days after his appointment every personal representative, except any special administrator, shall give information of his appointment to the heirs and devisees, including, if there has been no formal testacy proceeding and if the personal representative was appointed on the assumption that the decedent died intestate, the devisees in any will mentioned in the application for appointment of a personal representative. The information shall be delivered or sent by ordinary mail to each of the heirs and devisees whose address is reasonably available to the personal representative. The duty does not extend to require information to persons who have been adjudicated in a prior formal testacy proceeding to have no interest in the estate. The information shall include the name and address of the personal representative, indicate that it is being sent to persons who have or may have some interest in the estate being administered, indicate whether bond has been filed, and describe the court where papers relating to the estate are on file. The personal representative's failure to give this information is a breach of his duty to the persons concerned but does not affect the validity of his appointment, his powers or other duties. A personal representative may inform other persons of his appointment by delivery or ordinary first class mail.

Sec. 524.3-706. [DUTY OF PERSONAL REPRESENTATIVE;

INVENTORY AND APPRAISEMENT.] Within three months after his appointment, a personal representative, who is not a special administrator or a successor to another representative who has previously discharged this duty, shall prepare and file or mail an inventory of property owned by the decedent at the time of his death, listing it with reasonable detail, and indicating as to each listed item, its fair market value as of the date of the decedent's death, and the type and amount of any encumbrance that may exist with reference to any item.

The personal representative shall send a copy of the inventory to interested persons who request it, or he may file the original of the inventory with the court.

Sec. 524.3-707. [EMPLOYMENT OF APPRAISERS.] The personal representative may employ a qualified and disinterested appraiser to assist him in ascertaining the fair market value as of the date of the decedent's death of any asset the value of which may be subject to reasonable doubt. Different persons may be employed to appraise different kinds of assets included in the estate. The names and addresses of any appraiser shall be indicated on the inventory with the item or items he appraised.

Sec. 524.3-708. [DUTY OF PERSONAL REPRESENTATIVE; SUPPLEMENTARY INVENTORY.] If any property not included in the original inventory comes to the knowledge of a personal representative or if the personal representative learns that the value or description indicated in the original inventory for any item is erroneous or misleading, he shall make a supplementary inventory or appraisal showing the market value as of the date of the decedent's death of the new item or the revised market value or descriptions, and the appraisers or other data relied upon, if any, and file it with the court if the original inventory was filed, or furnish copies thereof or information thereof to persons interested in the new information.

Sec. 524.3-709. [DUTY OF PERSONAL REPRESENTATIVE; POSSESSION OF ESTATE.] Except as otherwise provided by a decedent's will, every personal representative has a right to, and shall take possession or control of, the decedent's property, except that any real property or tangible personal property may be left with or surrendered to the person presumptively entitled thereto unless or until, in the judgment of the personal representative, possession of the property by him will be necessary for purposes of administration. The request by a personal representative for delivery of any property possessed by an heir or devisee is conclusive evidence, in any action against the heir or devisee for possession thereof, that the possession of the property by the personal representative is necessary for purposes of administration. The personal representative shall pay taxes on, and take all steps reasonably necessary for the management, protection and preservation of, the estate in his possession. He may maintain an action to recover possession of property or to determine the title thereto.

Sec. 524.3-710. [POWER TO AVOID TRANSFERS.] The property liable for the payment of unsecured debts of a decedent includes all property transferred by him by any means which is in law void or voidable as against his creditors, and subject to prior

liens, the right to recover this property, so far as necessary for the payment of unsecured debts of the decedent, is exclusively in the personal representative.

Sec. 524.3-711. [POWERS OF PERSONAL REPRESENTATIVES; IN GENERAL.] Until termination of his appointment a personal representative has the same power over the title to property of the estate that an absolute owner would have, in trust however, for the benefit of the creditors and others interested in the estate. This power may be exercised without notice, hearing, or order of court.

Sec. 524.3-712. [IMPROPER EXERCISE OF POWER; BREACH OF FIDUCIARY DUTY.] If the exercise of power concerning the estate is improper, the personal representative is liable to interested persons for damage or loss resulting from breach of his fiduciary duty to the same extent as a trustee of an express trust. The rights of purchasers and others dealing with a personal representative shall be determined as provided in sections 524.3-713 and 524.3-714.

Sec. 524.3-713. [SALE, ENCUMBRANCE OR TRANSACTION INVOLVING CONFLICT OF INTEREST; VOIDABLE; EXCEPTIONS.] Any sale or encumbrance to the personal representative, his spouse, agent or attorney, or any corporation or trust in which he has a substantial beneficial interest, or any transaction which is affected by a substantial conflict of interest on the part of the personal representative, is voidable by any person interested in the estate except one who has consented after fair disclosure, unless

(1) the will or a contract entered into by the decedent expressly authorized the transaction; or

(2) the transaction is approved by the court after notice to interested persons.

Sec. 524.3-714. [PERSONS DEALING WITH PERSONAL REPRESENTATIVE; PROTECTION.] A person who in good faith either assists a personal representative or deals with him for value is protected as if the personal representative properly exercised his power. The fact that a person knowingly deals with a personal representative does not alone require the person to inquire into the existence of a power or the propriety of its exercise. Except for restrictions on powers of supervised personal representatives which are endorsed on letters as provided in section 524.3-504, no provision in any will or order of court purporting to limit the power of a personal representative is effective except as to persons with actual knowledge thereof. A person is not bound to see to the proper application of estate assets paid or delivered to a personal representative. The protection here expressed extends to instances in which some procedural irregularity or jurisdictional defect occurred in proceedings leading to the issuance of letters, including a case in which the alleged decedent is found to be alive. The protection here expressed is not by substitution for that provided by comparable provisions of the laws relating to com-

mercial transactions and laws simplifying transfers of securities by fiduciaries.

Sec. 524.3-715. [TRANSACTIONS AUTHORIZED FOR PERSONAL REPRESENTATIVES; EXCEPTIONS.] Except as restricted or otherwise provided by the will or by an order in a formal proceeding and subject to the priorities stated in section 524.3-902, a personal representative, acting reasonably for the benefit of the interested persons, may properly:

(1) retain assets owned by the decedent pending distribution or liquidation including those in which the representative is personally interested or which are otherwise improper for trust investment;

(2) receive assets from fiduciaries, or other sources;

(3) perform, compromise or refuse performance of the decedent's contracts that continue as obligations of the estate, as he may determine under the circumstances. In performing enforceable contracts by the decedent to convey or lease land, the personal representative, among other possible courses of action, may:

(i) execute and deliver a deed of conveyance for cash payment of all sums remaining due or the purchaser's note for the sum remaining due secured by a mortgage or deed of trust on the land; or

(ii) deliver a deed in escrow with directions that the proceeds, when paid in accordance with the escrow agreement, be paid to the successors of the decedent, as designated in the escrow agreement;

(4) satisfy written charitable pledges of the decedent irrespective of whether the pledges constituted binding obligations of the decedent or were properly presented as claims, if in the judgment of the personal representative the decedent would have wanted the pledges completed under the circumstances;

(5) if funds are not needed to meet debts and expenses currently payable and are not immediately distributable, deposit or invest liquid assets of the estate, including moneys received from the sale of other assets, in federally insured interest-bearing accounts, readily marketable secured loan arrangements or other prudent investments which would be reasonable for use by trustees generally;

(6) acquire or dispose of an asset, including land in this or another state, for cash or on credit, at public or private sale; and manage, develop, improve, exchange, partition, change the character of, or abandon an estate asset;

(7) make ordinary or extraordinary repairs or alterations in buildings or other structures, demolish any improvements, raze existing or erect new party walls or buildings;

(8) subdivide, develop or dedicate land to public use; make or obtain the vacation of plats and adjust boundaries; or adjust differences in valuation on exchange or partition by giving or

receiving considerations; or dedicate easements to public use without consideration;

(9) enter for any purpose into a lease as lessor or lessee, with or without option to purchase or renew, for a term within or extending beyond the period of administration;

(10) enter into a lease or arrangement for exploration and removal of minerals or other natural resources or enter into a pooling or unitization agreement;

(11) abandon property when, in the opinion of the personal representative, it is valueless, or is so encumbered, or is in condition that it is of no benefit to the estate;

(12) vote stocks or other securities in person or by general or limited proxy;

(13) pay calls, assessments, and other sums chargeable or accruing against or on account of securities, unless barred by the provisions relating to claims;

(14) hold a security in the name of a nominee or in other form without disclosure of the interest of the estate but the personal representative is liable for any act of the nominee in connection with the security so held;

(15) insure the assets of the estate against damage, loss and liability and himself against liability as to third persons;

(16) borrow money with or without security to be repaid from the estate assets or otherwise; and advance money for the protection of the estate;

(17) effect a fair and reasonable compromise with any debtor or obligor, or extend, renew or in any manner modify the terms of any obligation owing to the estate. If the personal representative holds a mortgage, pledge or other lien upon property of another person, he may, in lieu of foreclosure, accept a conveyance or transfer of encumbered assets from the owner thereof in satisfaction of the indebtedness secured by lien;

(18) pay taxes, assessments, compensation of the personal representative, and other expenses incident to the administration of the estate;

(19) sell or exercise stock subscription or conversion rights; consent, directly or through a committee or other agent, to the reorganization, consolidation, merger, dissolution, or liquidation of a corporation or other business enterprise;

(20) allocate items of income or expense to either estate income or principal, as permitted or provided by law;

(21) employ persons, including attorneys, auditors, investment advisors, or agents, even if they are associated with the personal representative, to advise or assist the personal representative in the performance of his administrative duties; act without independent investigation upon their recommendations; and instead of

acting personally, employ one or more agents to perform any act of administration, whether or not discretionary;

(22) prosecute or defend claims, or proceedings in any jurisdiction for the protection of the estate and of the personal representative in the performance of his duties;

(23) sell, mortgage, or lease any real or personal property of the estate or any interest therein for cash, credit, or for part cash and part credit, and with or without security for unpaid balances;

(24) continue any unincorporated business or venture in which the decedent was engaged at the time of his death (i) in the same business form for a period of not more than four months from the date of appointment of a general personal representative if continuation is a reasonable means of preserving the value of the business including good will; (ii) in the same business form for any additional period of time that may be approved by order of the court in a formal proceeding to which the persons interested in the estate are parties; or (iii) throughout the period of administration if the business is incorporated by the personal representative and if none of the probable distributees of the business who are competent adults object to its incorporation and retention in the estate;

(25) incorporate any business or venture in which the decedent was engaged at the time of his death;

(26) provide for exoneration of the personal representative from personal liability in any contract entered into on behalf of the estate;

(27) satisfy and settle claims and distribute the estate as provided in this chapter.

Sec. 524.3-716. [POWERS AND DUTIES OF SUCCESSOR PERSONAL REPRESENTATIVE.] A successor personal representative has the same power and duty as the original personal representative to complete the administration and distribution of the estate, as expeditiously as possible, but he shall not exercise any power expressly made personal to the executor named in the will.

Sec. 524.3-717. [CO-REPRESENTATIVES; WHEN JOINT ACTION REQUIRED.] If two or more persons are appointed co-representatives and unless the will provides otherwise, the concurrence of all is required on all acts connected with the administration and distribution of the estate. This restriction does not apply when any co-representative receives and receipts for property due the estate, when the concurrence of all cannot readily be obtained in the time reasonably available for emergency action necessary to preserve the estate, or when a co-representative has been delegated to act for the others. Persons dealing with a co-representative if actually unaware that another has been appointed to serve with him or if advised by the personal representative with whom they deal that he has authority to act alone for any of the reasons mentioned herein, are as fully protected as if

the person with whom they dealt had been the sole personal representative.

Sec. 524.3-718. [POWERS OF SURVIVING PERSONAL REPRESENTATIVE.] Unless the terms of the will otherwise provide, every power exercisable by personal co-representatives may be exercised by the one or more remaining after the appointment of one or more is terminated, and if one of two or more nominated as co-executors is not appointed, those appointed may exercise all the powers incident to the office.

Sec. 524.3-719. [COMPENSATION OF PERSONAL REPRESENTATIVE.] A personal representative is entitled to reasonable compensation for his services. If a will provides for compensation of the personal representative and there is no contract with the decedent regarding compensation, he may renounce the provision before qualifying and be entitled to reasonable compensation. A personal representative also may renounce his right to all or any part of the compensation. A written renunciation of fee may be filed with the court.

Sec. 524.3-720. [EXPENSES IN ESTATE LITIGATION.] If any personal representative or person nominated as personal representative defends or prosecutes any proceeding in good faith, whether successful or not he is entitled to receive from the estate his necessary expenses and disbursements including reasonable attorneys' fees incurred.

Sec. 524.3-721. [PROCEEDINGS FOR REVIEW OF EMPLOYMENT OF AGENTS AND COMPENSATION OF PERSONAL REPRESENTATIVES AND EMPLOYEES OF ESTATE.] After notice to all interested persons or on petition of an interested person or on appropriate motion if administration is supervised, the propriety of employment of any person by a personal representative including any attorney, auditor, investment advisor or other specialized agent or assistant, the reasonableness of the compensation of any person so employed, or the reasonableness of the compensation determined by the personal representative for his own services, may be reviewed by the court. Any person who has received excessive compensation from an estate for services rendered may be ordered to make appropriate refunds.

PART 9

SPECIAL PROVISIONS RELATING TO DISTRIBUTION

Sec. 524.3-901. [SUCCESSORS' RIGHTS IF NO ADMINISTRATION.] In the absence of administration, the heirs and devisees are entitled to the estate in accordance with the terms of a probated will or the laws of intestate succession. Devisees may establish title by the probated will to devised property. Persons entitled to property by homestead allowance, exemption or intestacy may establish title thereto by proof of the decedent's ownership, his death, and their relationship to the decedent. Successors take subject to all charges incident to administration, including the claims of creditors and allowances of surviving spouse and dependent children, and subject to the rights of others resulting from abatement, retainer, advancement, and ademption.

Sec. 524.3-902. [DISTRIBUTION; ORDER IN WHICH ASSETS APPROPRIATED; ABATEMENT.] (a) Except as provided in subsection (b) and except as provided in connection with the share of the surviving spouse who elects to take an elective share, shares of distributees abate, without any preference or priority as between real and personal property, in the following order: (1) property not disposed of by the will; (2) residuary devises; (3) general devises; (4) specific devises. For purposes of abatement, a general devise charged on any specific property or fund is a specific devise to the extent of the value of the property on which it is charged, and upon the failure or insufficiency of the property on which it is charged, a general devise to the extent of the failure or insufficiency. Abatement within each classification is in proportion to the amounts of property each of the beneficiaries would have received if full distribution of the property had been made in accordance with the terms of the will.

(b) If the will expresses an order of abatement, or if the testamentary plan or the express or implied purpose of the devise would be defeated by the order of abatement stated in subsection (a), the shares of the distributees abate as may be found necessary to give effect to the intention of the testator.

(c) If the subject of a preferred devise is sold or used incident to administration, abatement shall be achieved by appropriate adjustments in, or contribution from, other interests in the remaining assets.

Sec. 524.3-903. [RIGHT OF RETAINER.] The amount of a non-contingent indebtedness of a successor to the estate if due, or its present value if not due, shall be offset against the successor's interest; but the successor has the benefit of any defense which would be available to him in a direct proceeding for recovery of the debt.

Sec. 524.3-904. [INTEREST ON GENERAL PECUNIARY DEVISE.] General pecuniary devises bear interest at the legal rate beginning one year after the first appointment of a personal representative until payment, unless a contrary intent is indicated by the will.

Sec. 524.3-905. [PENALTY CLAUSE FOR CONTEST.] A provision in a will purporting to penalize any interested person for contesting the will or instituting other proceedings relating to the estate is unenforceable if probable cause exists for instituting proceedings.

Sec. 524.3-906. [DISTRIBUTION IN KIND; VALUATION; METHOD.] (a) Unless a contrary intention is indicated by the will, the distributable assets of a decedent's estate shall be distributed in kind to the extent possible through application of the following provisions:

(1) A specific devisee is entitled to distribution of the thing devised to him, and a spouse or child who has selected particular assets of an estate shall receive the items selected.

(2) Any homestead or family allowance or devise payable in money may be satisfied by value in kind provided

(i) the person entitled to the payment has not demanded payment in cash;

(ii) the property distributed in kind is valued at fair market value as of the date of its distribution, and

(iii) no residuary devisee has requested that the asset in question remain a part of the residue of the estate.

(3) For the purpose of valuation under paragraph (2) securities regularly traded on recognized exchanges, if distributed in kind, are valued at the price for the last sale of like securities, traded on the business day prior to distribution, or if there was no sale on that day, at the median between amounts bid and offered at the close of that day. Assets consisting of sums owed the decedent or the estate by solvent debtors as to which there is no known dispute or defense are valued at the sum due with accrued interest or discounted to the date of distribution. For assets which do not have readily ascertainable values, a valuation as of a date not more than 30 days prior to the date of distribution, if otherwise reasonable, controls. For purposes of facilitating distribution, the personal representative may ascertain the value of the assets as of the time of the proposed distribution in any reasonable way, including the employment of qualified appraisers, even if the assets may have been previously appraised.

(4) The residuary estate shall be distributed in kind if there is no objection to the proposed distribution and it is practicable to distribute undivided interests. In other cases, residuary property may be converted into cash for distribution.

(b) After the probable charges against the estate are known, the personal representative may mail or deliver a proposal for distribution to all persons who have a right to object to the proposed distribution. The right of any distributee to object to the proposed distribution on the basis of the kind or value of asset he is to receive, if not waived earlier in writing, terminates if he fails to object in writing received by the personal representative within 30 days after mailing or delivery of the proposal.

Sec. 524.3-907. [DISTRIBUTION IN KIND; EVIDENCE.] If distribution in kind is made, the personal representative shall execute an instrument or deed of distribution assigning, transferring or releasing the assets to the distributee as evidence of the distributee's title to the property.

Sec. 524.3-908. [DISTRIBUTION; RIGHT OR TITLE OF DISTRIBUTE.] Proof that a distributee has received an instrument or deed of distribution of assets in kind, or payment in distribution, from a personal representative, is conclusive evidence that the distributee has succeeded to the interest of the estate in the distributed assets, as against all persons interested in the estate, except that the personal representative may recover the assets or their value if the distribution was improper.

Sec. 524.3-909. [IMPROPER DISTRIBUTION; LIABILITY OF DISTRIBUTE.] Unless the distribution or payment no longer can be questioned because of adjudication, estoppel, or limitation, a distributee of property improperly distributed or paid, or a claimant who was improperly paid, is liable to return the property improperly received and its income since distribution if he has the property. If he does not have the property, then he is liable to return the value as of the date of disposition of the property improperly received and its income and gain received by him.

Sec. 524.3-910. [PURCHASERS FROM DISTRIBUTEES PROTECTED.] If property distributed in kind or a security interest therein is acquired by a purchaser, or lender, for value from a distributee who has received an instrument or deed of distribution from the personal representative, the purchaser or lender takes title free of any claims of the estate, whether or not the distribution was proper. To be protected under this provision, a purchaser or lender need not inquire whether a personal representative acted properly in making the distribution in kind.

Sec. 524.3-911. [PARTITION FOR PURPOSE OF DISTRIBUTION.] When two or more heirs or devisees are entitled to distribution of undivided interests in any real or personal property of the estate, the personal representative or one or more of the heirs or devisees may petition the court prior to the formal or informal closing of the estate, to make partition. After notice to the interested heirs or devisees, the court shall partition the property in the same manner as provided by the law for civil actions of partition. The court may direct the personal representative to sell any property which cannot be partitioned without prejudice to the owners and which cannot conveniently be allotted to any one party.

Sec. 524.3-912. [PRIVATE AGREEMENTS AMONG SUCCESSORS TO DECEDENT BINDING ON PERSONAL REPRESENTATIVE.] Subject to the rights of creditors and taxing authorities, competent successors may agree among themselves to alter the interests, shares, or amounts to which they are entitled under the will of the decedent, or under the laws of intestacy, in any way that they provide in a written contract executed by all who are affected by its provisions. The personal representative shall abide by the terms of the agreement subject to his obligation to administer the estate for the benefit of creditors, to pay all taxes and costs of administration, and to carry out the responsibilities of his office for the benefit of any successors of the decedent who are not parties. Personal representatives of decedents' estates are not required to see to the performance of trusts if the trustee thereof is another person who is willing to accept the trust. Accordingly, trustees of a testamentary trust are successors for the purposes of this section. Nothing herein relieves trustees of any duties owed to beneficiaries of trusts.

Sec. 524.3-913. [DISTRIBUTIONS TO TRUSTEE.] (a) Before distributing to a trustee, the personal representative may require that the trust be registered if the state in which it is to be

administered provides for registration and that the trustee inform the beneficiaries as provided in section 524.7-303.

(b) If the trust instrument does not excuse the trustee from giving bond, the personal representative may petition the appropriate court to require that the trustee post bond if he apprehends that distribution might jeopardize the interests of persons who are not able to protect themselves, and he may withhold distribution until the court has acted.

(c) No inference of negligence on the part of the personal representative shall be drawn from his failure to exercise the authority conferred by subsections (a) and (b).

Sec. 524.3-914. [DISPOSITION OF UNCLAIMED ASSETS.]

(a) If an heir, devisee or claimant cannot be found, the personal representative shall distribute the share of the missing person to his conservator, if any, otherwise to the state treasurer to become a part of the general fund.

(b) The money received by state treasurer shall be paid to the person entitled on proof of his right thereto or, if the state treasurer refuses or fails to pay, the person may petition the court which appointed the personal representative, whereupon the court upon notice to the state treasurer may determine the person entitled to the money and order the treasurer to pay it to him. No interest is allowed thereon and the heir, devisee or claimant shall pay all costs and expenses incident to the proceeding. If no petition is made to the court within eight years after payment to the state treasurer, the right of recovery is barred.

Sec. 524.3-915. [DISTRIBUTION TO PERSON UNDER DISABILITY.] A personal representative may discharge his obligation to distribute to any person under legal disability by distributing to his conservator, or any other person authorized by this chapter or otherwise to give a valid receipt and discharge for the distribution.

PART 10

CLOSING ESTATES

Sec. 524.3-1001. [FORMAL PROCEEDINGS TERMINATING ADMINISTRATION; TESTATE OR INTTESTATE; ORDER OF GENERAL PROTECTION.] (a) A personal representative or any interested person may petition for an order of complete settlement of the estate. The personal representative may petition at any time, and any other interested person may petition after one year from the appointment of the original personal representative except that no petition under this section may be entertained until the time for presenting claims which arose prior to the death of the decedent has expired. The petition may request the court to determine testacy, if not previously determined, to consider the final account or compel or approve an accounting and distribution, to construe any will or determine heirs and adjudicate the final settlement and distribution of the estate. After notice to all interested persons and hearing the court may enter an order or orders, on appropriate conditions, determining the

persons entitled to distribution of the estate, and, as circumstances require, approving settlement and directing or approving distribution of the estate and discharging the personal representative from further claim or demand of any interested person.

(b) If one or more heirs or devisees were omitted as parties in, or were not given notice of, a previous formal testacy proceeding, the court, on proper petition for an order of complete settlement of the estate under this section, and after notice to the omitted or unnotified persons and other interested parties determined to be interested on the assumption that the previous order concerning testacy is conclusive as to those given notice of the earlier proceeding, may determine testacy as it affects the omitted persons and confirm or alter the previous order of testacy as it affects all interested persons as appropriate in the light of the new proofs. In the absence of objection by an omitted or unnotified person, evidence received in the original testacy proceeding shall constitute prima facie proof of due execution of any will previously admitted to probate, or of the fact that the decedent left no valid will if the prior proceedings determined this fact.

Sec. 524.3-1002. [FORMAL PROCEEDINGS TERMINATING TESTATE ADMINISTRATION; ORDER CONSTRUING WILL WITHOUT ADJUDICATING TESTACY.] A personal representative administering an estate under an informally probated will or any devisee under an informally probated will may petition for an order of settlement of the estate which will not adjudicate the testacy status of the decedent. The personal representative may petition at any time, and a devisee may petition after one year, from the appointment of the original personal representative, except that no petition under this section may be entertained until the time for presenting claims which arose prior to the death of the decedent has expired. The petition may request the court to consider the final account or compel or approve an accounting and distribution, to construe the will and adjudicate final settlement and distribution of the estate. After notice to all devisees and the personal representative and hearing, the court may enter an order or orders, on appropriate conditions, determining the persons entitled to distribution of the estate under the will, and, as circumstances require, approving settlement and directing or approving distribution of the estate and discharging the personal representative from further claim or demand of any devisee who is a party to the proceeding and those he represents. If it appears that a part of the estate is intestate, the proceedings shall be dismissed or amendments made to meet the provisions of section 524.3-1001.

Sec. 524.3-1003. [CLOSING ESTATES; BY SWORN STATEMENT OF PERSONAL REPRESENTATIVE.] (a) Unless prohibited by order of the court and except for estates being administered in supervised administration proceedings, a personal representative may close an estate by filing with the court no earlier than six months after the date of original appointment of a general personal representative for the estate, a verified statement stating that he, or a prior personal representative whom he has succeeded, has or have:

(1) published notice to creditors and that the first publication occurred more than six months prior to the date of the statement;

(2) fully administered the estate of the decedent by making payment, settlement or other disposition of all claims which were presented, expenses of administration and estate, inheritance and other death taxes, except as specified in the statement, and that the assets of the estate have been distributed to the persons entitled. If any claims remain undischarged, the statement shall state whether the personal representative has distributed the estate subject to possible liability with the agreement of the distributees or it shall state in detail other arrangements which have been made to accommodate outstanding liabilities; and

(3) sent a copy thereof to all distributees of the estate and to all creditors or other claimants of whom he is aware whose claims are neither paid nor barred and has furnished a full account in writing of his administration to the distributees whose interests are affected thereby.

(b) If no proceedings involving the personal representative are pending in the court one year after the closing statement is filed, the appointment of the personal representative terminates.

Sec. 524.3-1004. [LIABILITY OF DISTRIBUTEES TO CLAIMANTS.] After assets of an estate have been distributed and subject to section 524.3-1006, an undischarged claim not barred may be prosecuted in a proceeding against one or more distributees. No distributee shall be liable to claimants for amounts in excess of the value of his distribution as of the time of distribution. As between distributees, each shall bear the cost of satisfaction of unbarred claims as if the claim had been satisfied in the course of administration. Any distributee who shall have failed to notify other distributees of the demand made upon him by the claimant in sufficient time to permit them to join in any proceeding in which the claim was asserted against him loses his right of contribution against other distributees.

Sec. 524.3-1005. [LIMITATIONS ON PROCEEDINGS AGAINST PERSONAL REPRESENTATIVE.] Unless previously barred by adjudication and except as provided in the closing statement, the rights of successors and of creditors whose claims have not otherwise been barred against the personal representative for breach of fiduciary duty are barred unless a proceeding to assert the same is commenced within six months after the filing of the closing statement. The rights thus barred do not include rights to recover from a personal representative for fraud, misrepresentation, or inadequate disclosure related to the settlement of the decedent's estate.

Sec. 524.3-1006. [LIMITATIONS ON ACTIONS AND PROCEEDINGS AGAINST DISTRIBUTEES.] Unless previously adjudicated in a formal testacy proceeding or in a proceeding settling the accounts of a personal representative or otherwise barred, the claim of any claimant to recover from a distributee who is liable to pay the claim, and the right of any heir or devisee, or of a successor personal representative acting in their behalf, to

recover property improperly distributed or the value thereof from any distributee is forever barred at the later of (1) three years after the decedent's death; or (2) one year after the time of distribution thereof. This section does not bar an action to recover property or value received as the result of fraud.

Sec. 524.3-1007. [CERTIFICATE DISCHARGING LIENS SECURING FIDUCIARY PERFORMANCE.] After his appointment has terminated, the personal representative, his sureties, or any successor of either, upon the filing of a verified application showing, so far as is known by the applicant, that no action concerning the estate is pending in any court, is entitled to receive a certificate from the registrar that the personal representative appears to have fully administered the estate in question. The certificate evidences discharge of any lien on any property given to secure the obligation of the personal representative in lieu of bond or any surety, but does not preclude action against the personal representative or the surety.

Sec. 524.3-1008. [SUBSEQUENT ADMINISTRATION.] If other property of the estate is discovered after an estate has been settled and the personal representative discharged or after one year after a closing statement has been filed, the court upon petition of any interested person and upon notice as it directs may appoint the same or a successor personal representative to administer the subsequently discovered estate. If a new appointment is made, unless the court orders otherwise, the provisions of this chapter apply as appropriate; but no claim previously barred may be asserted in the subsequent administration.

PART 11

COMPROMISE OF CONTROVERSIES

Sec. 524.3-1101. [EFFECT OF APPROVAL OF AGREEMENTS INVOLVING TRUSTS, INALIENABLE INTERESTS, OR INTERESTS OF THIRD PERSONS.] A compromise of any controversy as to admission to probate of any instrument offered for formal probate as the will of a decedent, the construction, validity, or effect of any probated will, the rights or interests in the estate of the decedent, of any successor, or the administration of the estate, if approved in a formal proceeding in the court for that purpose, is binding on all the parties thereto including those unborn, unascertained or who could not be located. An approved compromise is binding even though it may affect a trust or an inalienable interest. A compromise does not impair the rights of creditors or of taxing authorities who are not parties to it.

Sec. 524.3-1102. [PROCEDURE FOR SECURING COURT APPROVAL OF COMPROMISE.] The procedure for securing court approval of a compromise is as follows:

(1) The terms of the compromise shall be set forth in an agreement in writing which shall be executed by all competent persons and parents acting for any minor child having beneficial interests or having claims which will or may be affected by the compromise. Execution is not required by any person whose identity

cannot be ascertained or whose whereabouts is unknown and cannot reasonably be ascertained.

(2) Any interested person, including the personal representative or a trustee, then may submit the agreement to the court for its approval and for execution by the personal representative, the trustee of every affected testamentary trust, and other fiduciaries and representatives.

(3) After notice to all interested persons or their representatives, including the personal representative of the estate and all affected trustees of trust, the court, if it finds that the contest or controversy is in good faith and that the effect of the agreement upon the interests of persons represented by fiduciaries or other representatives is just and reasonable, shall make an order approving the agreement and directing all fiduciaries under its supervision to execute the agreement. Minor children represented only by their parents may be bound only if their parents join with other competent persons in execution of the compromise. Upon the making of the order and the execution of the agreement, all further disposition of the estate is in accordance with the terms of the agreement.

PART 12

COLLECTION OF PERSONAL PROPERTY BY AFFIDAVIT AND SUMMARY ADMINISTRATION PROCEDURE FOR SMALL ESTATES

Sec. 524.3-1201. [COLLECTION OF PERSONAL PROPERTY BY AFFIDAVIT.] (a) Thirty days after the death of a decedent, any person indebted to the decedent or having possession of tangible personal property or an instrument evidencing a debt, obligation, stock or chose in action belonging to the decedent shall make payment of the indebtedness or deliver the tangible personal property or an instrument evidencing a debt, obligation, stock or chose in action to a person claiming to be the successor of the decedent upon being presented an affidavit made by or on behalf of the successor stating that:

(1) the value of the entire estate, wherever located, less liens and encumbrances, does not exceed \$5,000;

(2) 30 days have elapsed since the death of the decedent;

(3) no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction; and

(4) the claiming successor is entitled to payment or delivery of the property.

(b) A transfer agent of any security shall change the registered ownership on the books of a corporation from the decedent to the successor or successors upon the presentation of an affidavit as provided in subsection (a).

Sec. 524.3-1202. [EFFECT OF AFFIDAVIT.] The person paying, delivering, transferring, or issuing personal property or the

evidence thereof pursuant to affidavit is discharged and released to the same extent as if he dealt with a personal representative of the decedent. He is not required to see to the application of the personal property or evidence thereof or to inquire into the truth of any statement in the affidavit. If any person to whom an affidavit is delivered refuses to pay, deliver, transfer, or issue any personal property or evidence thereof, it may be recovered or its payment, delivery, transfer, or issuance compelled upon proof of their right in a proceeding brought for the purpose by or on behalf of the persons entitled thereto. Any person to whom payment, delivery, transfer or issuance is made is answerable and accountable therefor to any personal representative of the estate or to any other person having a superior right.

Sec. 524.3-1203. [SMALL ESTATES; SUMMARY ADMINISTRATIVE PROCEDURE.] If it appears from the inventory and appraisal that the value of the entire estate, less liens and encumbrances, does not exceed homestead allowance, exempt property, family allowance, costs and expenses of administration, reasonable funeral expenses, and reasonable and necessary medical and hospital expenses of the last illness of the decedent, the personal representative, without giving notice to creditors, may immediately disburse and distribute the estate to the persons entitled thereto and file a closing statement as provided in section 524.3-1204.

Sec. 524.3-1204. [SMALL ESTATES; CLOSING BY SWORN STATEMENT OF PERSONAL REPRESENTATIVE.] (a) Unless prohibited by order of the court and except for estates being administered by supervised personal representatives, a personal representative may close an estate administered under the summary procedures of section 524.3-1203 by filing with the court, at any time after disbursement and distribution of the estate, a verified statement stating that:

(2) the personal representative has fully administered the estate by disbursing and distributing it to the persons entitled thereto; and

(3) the personal representative has sent a copy of the closing statement to all distributees of the estate and to all creditors or other claimants of whom he is aware whose claims are neither paid nor barred and has furnished a full account in writing of his administration to the distributees whose interests are affected.

(b) If no actions or proceedings involving the personal representative are pending in the court one year after the closing statement is filed, the appointment of the personal representative terminates.

(c) A closing statement filed under this section has the same effect as one filed under section 524.3-1003.

ARTICLE IV
FOREIGN PERSONAL REPRESENTATIVES;
ANCILLARY ADMINISTRATION

PART 1
DEFINITIONS

Sec. 524.4-101. [DEFINITIONS.] In this article

(1) "local administration" means administration by a personal representative appointed in this state pursuant to appointment proceedings described in article III.

(2) "local personal representative" includes any personal representative appointed in this state pursuant to appointment proceedings described in article III and excludes foreign personal representatives who acquire the power of a local personal representative pursuant to section 524.4-205.

(3) "resident creditor" means a person domiciled in, or doing business in this state, who is, or could be, a claimant against an estate of a nonresident decedent.

PART 2
POWERS OF FOREIGN PERSONAL REPRESENTATIVES

Sec. 524.4-201. [PAYMENT OF DEBT AND DELIVERY OF PROPERTY TO DOMICILIARY FOREIGN PERSONAL REPRESENTATIVE WITHOUT LOCAL ADMINISTRATION.] At any time after the expiration of 60 days from the death of a nonresident decedent, any person indebted to the estate of the nonresident decedent or having possession or control of personal property, or of an instrument evidencing a debt, obligation, stock or chose in action belonging to the estate of the nonresident decedent may pay the debt, deliver the personal property, or the instrument evidencing the debt, obligation stock or chose in action, to the domiciliary foreign personal representative of the nonresident decedent upon being presented with proof of his appointment and an affidavit made by or on behalf of the representative stating:

- (1) the date of the death of the nonresident decedent,
- (2) that no local administration, or application or petition therefor, is pending in this state,
- (3) that the domiciliary foreign personal representative is entitled to payment or delivery.

Sec. 524.4-202. [PAYMENT OR DELIVERY DISCHARGES.] Payment or delivery made in good faith on the basis of the proof of authority and affidavit releases the debtor or person having possession of the personal property to the same extent as if payment or delivery had been made to a local personal representative.

Sec. 524.4-203. [RESIDENT CREDITOR NOTICE.] Payment or delivery under section 524.4-201 may not be made if a resident creditor of the nonresident decedent has notified the debtor of the nonresident decedent or the person having possession of the personal property belonging to the nonresident decedent that the debt should not be paid nor the property delivered to the domiciliary foreign personal representative.

Sec. 524.4-204. [PROOF OF AUTHORITY-BOND.] If no local administration or application or petition therefor is pending in this state, a domiciliary foreign personal representative may file with a court in this state in a county in which property belonging to the decedent is located, authenticated copies of his appointment and of any official bond he has given.

Sec. 524.4-205. [POWERS.] A domiciliary foreign personal representative who has complied with section 524.4-204 may exercise as to assets in this state all powers of a local personal representative and may maintain actions and proceedings in this state subject to any conditions imposed upon nonresident parties generally.

Sec. 524.4-206. [POWER OF REPRESENTATIVES IN TRANSITION.] The power of a domiciliary foreign personal representative under section 524.4-201 or 524.4-205 shall be exercised only if there is no administration or application therefor pending in this state. An application or petition for local administration of the estate terminates the power of the foreign personal representative to act under section 524.4-205, but the local court may allow the foreign personal representative to exercise limited powers to preserve the estate. No person who, before receiving actual notice of a pending local administration, has changed his position in reliance upon the powers of a foreign personal representative shall be prejudiced by reason of the application or petition for, or grant of, local administration. The local personal representative is subject to all duties and obligations which have accrued by virtue of the exercise of the powers by the foreign personal representative and may be substituted for him in any action or proceedings in this state.

Sec. 524.4-207. [ANCILLARY AND OTHER LOCAL ADMINISTRATIONS; PROVISIONS GOVERNING.] In respect to a nonresident decedent, the provisions of article III of this chapter govern (1) proceedings, if any, in a court of this state for probate of the will, appointment, removal, supervision, and discharge of the local personal representative, and any other order concerning the estate; and (2) the status, powers, duties and liabilities of any local personal representative and the rights of claimants, purchasers, distributees and others in regard to a local administration.

PART 3

JURISDICTION OVER FOREIGN REPRESENTATIVES

Sec. 524.4-301. [JURISDICTION BY ACT OF FOREIGN PERSONAL REPRESENTATIVE.] A foreign personal representative submits personally to the jurisdiction of the courts of this state

in any proceeding relating to the estate by (1) filing authenticated copies of his appointment as provided in section 524.4-204, (2) receiving payment of money or taking delivery of personal property under section 524.4-201, or (3) doing any act as a personal representative in this state which would have given the state jurisdiction over him as an individual. Jurisdiction under (2) is limited to the money or value of personal property collected.

Sec. 524.4-302. [JURISDICTION BY ACT OF DECEDENT.] In addition to jurisdiction conferred by section 524.4-301, a foreign personal representative is subject to the jurisdiction of the courts of this state to the same extent that his decedent was subject to jurisdiction immediately prior to death.

Sec. 524.4-303. [SERVICE ON FOREIGN PERSONAL REPRESENTATIVE.] (a) Service of process may be made upon the foreign personal representative by registered or certified mail, addressed to his last reasonable ascertainable address, requesting a return receipt signed by addressee only. Notice by ordinary first class mail is sufficient if registered or certified mail service to the addressee is unavailable. Service may be made upon a foreign personal representative in the manner in which service could have been made under other laws of this state on either the foreign personal representative or his decedent immediately prior to death.

(b) If service is made upon a foreign personal representative as provided in subsection (a), he shall be allowed at least 30 days within which to appear or respond.

PART 4

JUDGMENTS AND PERSONAL REPRESENTATIVE

Sec. 524.4-401. [EFFECT OF ADJUDICATION FOR OR AGAINST PERSONAL REPRESENTATIVE.] An adjudication rendered in any jurisdiction in favor of or against any personal representative of the estate is as binding on the local personal representative as if he were a party to the adjudication.

If a right is acquired, extinguished or barred upon the expiration of a prescribed period of time which has commenced to run by the provisions of any statute before the effective date, the provisions shall remain in force with respect to that right;

(5) any rule of construction or presumption provided in this chapter applies to instruments executed and multiple party accounts opened before the effective date unless there is a clear indication of a contrary intent;

dismiss his attorney and employ another attorney if necessary to complete the administration.

(c) If good cause is shown, the court shall order that the time for administration of the estate be extended for an additional period not to exceed six months.

If a final decree is not entered within six months from the date of extension the court shall again order the personal representative and his attorney to show cause why a final decree has not been ordered pursuant to the provisions of this section and the court may grant a further extension.

(d) An attorney dismissed pursuant to this section and who is seeking attorney fees for services rendered to the estate has the burden of affirmatively proving that the estate has benefited from his services and that the benefits warrant the payment of the requested fee.

Further, the provisions of this section shall not be limited to proceedings under section 525.51 but shall apply to all probate proceedings.*

(b) In determining what is a fair and reasonable attorney's fee the court shall give effect to a prior agreement in writing by a testator concerning attorney fees. (4) *The extent of the responsibilities assumed and the results obtained; and*
