Mr. Coleman moved to amend H. F. No. 2923, the printed bill, as follows:

Page 1, before line 1, insert:

“Section 1. [PUBLIC POLICY.] It is declared to be the public policy of the state of Minnesota that taxation of the income of individuals who do not earn enough to support themselves or their dependents adequately is unfair. To remedy this, a tax credit shall be granted to these individuals sufficient to offset their income tax liability.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of sections 2 and 3, the terms defined in this section have the meanings given them unless the context clearly requires otherwise.

Subd. 2. “Claimant” means the individual taxpayer whose income, together with that of his spouse, if any, brings him within the provisions of sections 2 and 3.

Subd. 3. “Dependent” means an individual dependent upon and receiving his chief support from the claimant. Payments for support of minor children as provided in section 290.072, subdivision 3, shall be considered as payments by the claimant for the support of a dependent. For the purposes of section 3, a spouse except a divorced or separated spouse shall be considered to be a dependent.

Subd. 4. "Income" means the sum of gross income as defined in Minnesota Statutes, Section 290.01, Subdivision 20, net income from sources outside the state, alimony, support money, cash public assistance and relief, not including relief granted under sections 290.0601 to 290.0618, unemployment compensation, the gross amount of any pension or annuity, including railroad retirement benefits, all payments received under the federal social security act, and veterans disability pensions, nontaxable interest received from the state or federal governments or any of their instrumentalities, and the gross amount of "loss of time" insurance. It does not include gifts from nongovernmental sources, or surplus food or other relief in kind supplied by a governmental agent.

Sec. 3. Minnesota Statutes 1971, Section 290.06, is amended by adding a subdivision to read:

*Subd. 3d. [CREDITS AGAINST TAX.] The taxes due as computed in accordance with section 290.06, subdivisions 2c and 3c shall be credited with the following amounts:*

- (1) A credit equal to his tax liability in the case of:*
  - (a) An unmarried claimant with an income of \$3,200 or less;*
  - (b) A claimant with one dependent, with an income of \$3,800 or less;*
  - (c) A claimant with two dependents, with an income of \$4,600 or less;*
  - (d) A claimant with three dependents, with an income of \$5,400 or less;*
  - (e) A claimant with four dependents, with an income of \$6,000 or less; and*
  - (f) A claimant with five or more dependents, with an income of \$6,400 or less.*

*(2) In the case of a claimant with an income in excess of that set forth in the appropriate category of clause (1), he may pay a tax equal to 15 percent of that portion of his income that is in excess of the amount set forth in the appropriate category of clause (1), or his tax obligation as it would have been in the absence of sections 2 and 3, whichever is less.*

*(3) The total income of the claimant and his spouse, if any, shall be the figure employed for the purposes of this subdivision. No dependent may be a claimant under sections 2 and 3. The commissioner of revenue shall prescribe the additional forms or alterations in existing forms as necessary to comply with the provisions of sections 2 and 3. All claimants shall submit their returns on these forms."*

Renumber the remaining section accordingly.

"Sec. 5. [EFFECTIVE DATE.] Sections 1 to 3 of this act shall apply to all taxable years beginning after December 31, 1973. Section 4 is in effect the day following its final enactment."

Further amend the title by striking it in its entirety and substituting therefor the following:

“A bill for an act relating to taxation; prohibiting the commissioner of revenue from requiring recipients of aid for non public school education costs to repay the aid money to the state; providing an income tax credit for persons with small incomes; amending Minnesota Statutes 1971, Section 290.06, and Minnesota Statutes 1971, Section 290.086, by adding subdivisions.”

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the state planning agency, on forms requiring information prescribed by the regulations of the state planning agency. The regional agency shall certify to the state planning agency those applications which appear to meet the program of capital grants and the standards and criteria set forth by the state planning agency and the regulations promulgated hereunder, and the state planning agency shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the state planning agency ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 4. [MINNESOTA STATE TRANSPORTATION BONDS.] Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 3, when authorized by law and requested by the director of the state planning agency, the commissioner of finance shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions of limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the commissioner of finance shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside this state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the commissioner of finance shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due

to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The commissioner of finance and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the commissioner of finance shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state transportation bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 5. [SEVERABILITY.] The invalidity of any provision of this act shall not affect the validity of the remainder of the act.

Sec. 6. [EFFECTIVE DATE.] This act is effective on the day following final enactment."

(e) no claim was filed with the board within one year of victim's injury or death.

Sec. 4. [AMOUNT OF REPARATIONS.] Reparations shall equal economic loss except that:

(1) reparations shall be reduced to the extent that economic loss is recouped from a collateral source;

Subd. 3. The board member to whom a claim is assigned may decide the claim in favor of a claimant in the amount claimed on the basis of the papers filed in support of it and the report of the investigation of such claim. If the board member is unable to decide such claim upon the basis of the papers and report, he shall order a hearing.

Honorable Martin O. Sabo  
Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 1530, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 1530 be further amended as follows:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. This act may be cited as “The Minnesota Public School Fee Law.”

Sec. 2. [GENERAL POLICY.] It is the policy of the state of Minnesota that public school education shall be free and no pupil shall be denied an education because of economic inability to furnish educational books and supplies necessary to complete educational requirements necessary for graduation. Any practice leading to suspension, coercion, exclusion, withholding of grades or diplomas, or discriminatory action based upon nonpayment of fees denies pupils their right to equal protection and entitled privileges. It is recognized that school boards do have the right to accept voluntary contributions and to make certain charges and to establish fees in areas considered extra curricular, non-curricular or sup-

plementary to the requirements for the successful completion of a class or educational program. No public school board may require, except as authorized by sections 3 and 5, the payment of fees.

Sec. 3. [AUTHORIZED FEES.] Subdivision 1. A school board is authorized to require payment of fees in the following areas:

(a) in any program where the resultant product, in excess of minimum requirements and at the pupil's option, becomes the personal property of the pupil;

(b) Admission fees or charges for extra curricular activities, where attendance is optional;

(c) A security deposit for the return of materials, supplies, or equipment;

(d) Personal physical education and athletic equipment and apparel, although any pupil may provide his own if it meets reasonable requirements and standards relating to health and safety established by the school board;

(e) Items of personal use or products which a student may purchase at his own option such as student publications, class rings, annuals, and graduation announcements;

(f) Fees specifically permitted by any other statute;

(g) Field trips considered supplementary to a district educational program;

(h) Any authorized voluntary student health and accident benefit plan;

(i) For the use of musical instruments owned or rented by the district, a reasonable rental fee not to exceed either the rental cost to the district or the annual depreciation plus the actual annual maintenance cost for each instrument.

Subd. 2. Students may be required to furnish personal or consumable items including pencils, paper, pens, erasers and notebooks.

Subd. 3. This act shall not preclude the operation of a school store wherein pupils may purchase school supplies and materials.

Subd. 4. A school board may waive any such deposit or fee if any pupil or his parent or guardian is unable to pay it.

Sec. 4. [PROHIBITED FEES.] Subdivision 1. A school board is not authorized to charge fees in the following areas:

(a) Textbooks, work books, art materials, laboratory supplies, towels;

(b) Supplies necessary for participation in any instructional course except as authorized in sections 3 and 5;

(c) Field trips which are required as a part of a basic education program or course;

(d) Graduation caps, gowns, any specific form of dress necessary for any educational program, and diplomas;

(e) Instructional costs for necessary school personnel employed in any course or educational program required for graduation;

(f) Library books required to be utilized for any educational course or program;

(g) Admission fees, dues, or fees for any activity the pupil is required to attend;

(h) Any admission or examination cost for any required educational course or program;

(i) Locker rentals.

Subd. 2. No pupil's rights or privileges, including the receipt of grades or diplomas may be denied or abridged for non-payment of fees; but this provision shall not prohibit a school district from maintaining any action provided by law for the collection of such fees authorized by sections 3 and 5.

Sec. 5. Subdivision 1. Prior to the initiation of any fee not authorized or prohibited by sections 3 and 4, the local school board shall hold a public hearing within the district upon three weeks published notice in the district's official newspaper. The local school board shall notify the state board of any fee it proposes to initiate under this section. If within 45 days of this notification, the state board does not disapprove the proposed fee, the local school board may initiate the proposed fee.

Subd. 2. The state board pursuant to the administrative procedures act, Minnesota Statutes, Sections 15.04 to 15.0426, and consistent with the general policy of section 2 shall have the power to specify further authorized and prohibited fees and to adopt rules and regulations for the purposes of this act.

Sec. 6. This act shall not be construed to prohibit a school board from charging reasonable fees for goods and services provided in connection with any post-secondary instructional program, including but not limited to vocational-technical, adult veterans, continuing education, community services, evening school and general educational development programs.

Sec. 7. [EFFECTIVE DATE.] This act shall be effective on July 1, 1975."

Further delete the title in its entirety and insert in lieu thereof:

"A bill for an act relating to education; authorizing and prohibiting certain pupil fees."

We request adoption of this report and repassage of the bill in accordance therewith.

March 21, 1974

Honorable Alec G. Olson  
President of the Senate

Honorable Martin O. Sabo  
Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 96, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 96 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [CITATION.] Sections 1 to 35 may be cited as the “Minnesota no-fault automobile insurance act”.

Sec. 2. [PURPOSE.] The detrimental impact of automobile accidents on uncompensated injured persons, upon the orderly and efficient administration of justice in this state, and in various other ways requires that this act be adopted to effect the following purposes:

(1) To relieve the severe economic distress of uncompensated victims of automobile accidents within this state by requiring automobile insurers to offer and automobile owners to maintain automobile insurance policies or other pledges of indemnity which will provide prompt payment of specified basic economic loss benefits to victims of automobile accidents without regard to whose fault caused the accident;

(2) To prevent the overcompensation of those automobile accident victims suffering minor injuries by restricting the right to recover general damages to cases of serious injury;

(3) To encourage appropriate medical and rehabilitation treatment of the automobile accident victim by assuring prompt payment for such treatment;

(4) To speed the administration of justice, to ease the burden of litigation on the courts of this state, and to create a system of small claims arbitration to decrease the expense of and to simplify litigation, and to create a system of mandatory inter-company arbitration to assure a prompt and proper allocation of the costs of insurance benefits between motor vehicle insurers;

(5) To correct imbalances and abuses in the operation of the automobile accident tort liability system, to provide offsets to avoid duplicate recovery, to require medical examination and disclosure, and to govern the effect of advance payments prior to final settlement of liability.

Sec. 3. [DEFINITIONS.] Subdivision 1. The following words and phrases, shall, for the purpose of this act, have the meanings ascribed to them, except where the context clearly indicates a different meaning.

Subd. 2. “Motor vehicle” means every vehicle, other than a motorcycle or other vehicle with fewer than four wheels, which (a) is required to be registered pursuant to Minnesota Statutes, Chapter 168, (b) is designed to be self-propelled by an engine or motor for use primarily upon public roads, highways or streets in the transportation of persons or property, or (c) is a trailer, when connected to or being towed by a motor vehicle.

Subd. 3. “Maintenance or use of a motor vehicle” means maintenance or use of a motor vehicle as a vehicle, including, incident to its maintenance or use as a vehicle, occupying, entering into, and alighting from it. Maintenance or use of a motor vehicle does not include (1) conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises, or (2) conduct in the

course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into or alighting from it.

Subd. 4. "Owner" means a person who holds legal title to a motor vehicle, or in the event that a motor vehicle is the subject of a security agreement or lease with option to purchase and the debtor or lessee is entitled to the immediate use or possession of the vehicle, then the debtor or lessee shall be deemed the owner for the purposes of this act.

Subd. 5. "Insured" means an insured under a plan of reparation security as provided by this act, including the named insured and the following persons not identified by name as an insured while (a) residing in the same household with the named insured and (b) not identified by name in any other contract for a plan of reparation security complying with this act as an insured:

(1) a spouse,

(2) other relative of a named insured or

(3) a minor in the custody of a named insured or of a relative residing in the same household with a named insured.

A person resides in the same household with the named insured if that person usually makes his home in the same family unit, even though he temporarily lives elsewhere.

Subd. 6. "Income" means salary, wages, tips, commissions, professional fees, and other earnings from work or tangible things of economic value produced through work in individually owned businesses, farms, ranches or other work.

Subd. 7. "Loss" means economic detriment resulting from the accident causing the injury, consisting only of medical expense, disability and income loss, replacement services loss and, if the injury causes death, funeral expense, survivor's economic loss and survivor's replacement services loss. Noneconomic detriment is not loss; however, economic detriment is loss although caused by pain and suffering or physical or mental impairment.

Subd. 8. "Noneconomic detriment" means all dignitary losses suffered by any person as a result of injury arising out of the ownership, maintenance, or use of a motor vehicle including pain and suffering, loss of consortium, and inconvenience.

Subd. 9. "Reparation obligor" means an insurer or self-insurer obligated to provide the benefits required by this act, including natural persons, firms, partnerships, associations, corporations, governmental units, trusts and syndicates.

Subd. 10. "Basic economic loss benefits" means benefits as described in section 4.

Subd. 11. "Injury" means bodily harm to a person and death resulting from such harm.

Subd. 12. "Commercial vehicle" means:

(a) any motor vehicle used as a common carrier,

(b) any motor vehicle, other than a passenger vehicle or a station wagon, as those terms are defined in Minnesota Statutes, Section 168.011, Subdivisions 7 and 23, which has a curb weight of 5500 pounds apart from cargo capacity, or

(c) any motor vehicle while used in the for-hire transportation of property.

Subd. 13. "Motorcycle" means a self-propelled vehicle designed to travel on fewer than four wheels which has an engine rated at greater than five horsepower.

Subd. 14. Except where otherwise indicated, "commissioner" means the commissioner of insurance of the state of Minnesota.

Sec. 4. [BASIC ECONOMIC LOSS BENEFITS.] Subdivision 1. Basic economic loss benefits shall provide reimbursement for all loss suffered through injury arising out of the maintenance or use of a motor vehicle, subject to any applicable deductibles, exclusions, disqualifications, and other conditions, and shall provide a maximum of \$30,000 for loss arising out of the injury of any one person, consisting of:

(a) \$20,000 for medical expense loss arising out of injury to any one person; and

(b) A total of \$10,000 for disability and income loss, replacement services loss, funeral expense loss, survivor's economic loss, and survivor's replacement services loss arising out of the injury to any one person.

Subd. 2. [MEDICAL EXPENSE BENEFITS.] Medical expense benefits shall reimburse all reasonable expenses for necessary medical, surgical, x-ray, optical, dental, chiropractic, and rehabilitative services, including prosthetic devices, prescription drugs, necessary ambulance, hospital, extended care and nursing services. "Extended care facility" means a place where skilled nursing care and related services are provided for patients who require post-hospitalization, in-patient medical, nursing, or therapy services. Hospital room and board benefits may be limited, except for intensive care facilities, to the regular daily semi-private room rates customarily charged by the institution in which the recipient of benefits is confined. Such benefits shall also include necessary remedial treatment and services recognized and permitted under the laws of this state for an injured person who relies upon spiritual means through prayer alone for healing in accordance with his religious beliefs. Medical expense loss includes medical expenses accrued prior to the death of a person notwithstanding the fact that benefits are paid or payable to the decedent's survivors. Medical expense benefits for rehabilitative services shall be subject to the provisions of section 5.

Subd. 3. [DISABILITY AND INCOME LOSS BENEFITS.] Disability and income loss benefits shall reimburse eighty-five percent of the injured person's loss of present and future gross income from inability to work proximately caused by the nonfatal injury subject to a maximum of \$200 per week. Compensation for

loss of income from work shall be reduced by any income from substitute work actually performed by the injured person or by income the injured person would have earned in available appropriate substitute work which he was capable of performing but unreasonably failed to undertake.

For the purposes of this section "inability to work" shall mean disability which continuously prevents the injured person from engaging in any substantial gainful occupation or employment, for wage or profit, for which he is or may by training become reasonably qualified.

Subd. 4. [FUNERAL AND BURIAL EXPENSES.] Funeral and burial benefits shall be reasonable expenses not in excess of \$1,250, including expenses for cremation or delivery under the Uniform Anatomical Gift Act, Minnesota Statutes, Sections 525.921 to 525.93.

Subd. 5. [REPLACEMENT SERVICE AND LOSS.] Replacement service loss benefits shall reimburse all expenses reasonably incurred by or on behalf of the nonfatally injured person in obtaining usual and necessary substitute services in lieu of those that, had he not been injured, the injured person would have performed not for income but for the direct benefit of himself or his household; if the nonfatally injured person normally, as a full time responsibility, provides care and maintenance of a home with or without children, the benefit to be provided under this clause shall be the reasonable value of such care and maintenance or the reasonable expenses incurred in obtaining usual and necessary substitute care and maintenance of the home, whichever is greater. These benefits shall be subject to a maximum of \$15 per day. All replacement services loss sustained on the date of injury and the first seven days thereafter is excluded in calculating replacement services loss.

Subd. 6. [SURVIVORS ECONOMIC LOSS BENEFITS.] Survivors economic loss benefits, in the event of death occurring within one year of the date of the accident, caused by and arising out of injuries received in the accident, shall reimburse loss after decedent's death of contributions of money or tangible things of economic value, not including services, subject to a maximum of \$200 per week that his surviving dependents would have received for their support during their dependency from the decedent had he not suffered the injury causing death.

For the purposes of definition under this act, the following described persons shall be presumed to be dependents of a deceased person: (a) a wife is dependent on a husband with whom she lives at the time of his death; (b) a husband is dependent on a wife with whom he lives at the time of her death; (c) any child while under the age of 18 years, or while over that age but physically or mentally incapacitated from earning, is dependent on the parent with whom he is living or from whom he is receiving support regularly at the time of the death of such parent. In all other cases, questions of the existence and extent of dependency shall be determined in accordance with the facts at the time of the death.

Payments to the surviving spouse shall be terminated in the event such surviving spouse remarries or dies. Payments to a dependent child who is not physically or mentally incapacitated from earning shall be terminated in the event he attains majority, marries or becomes otherwise emancipated, or dies.

Subd. 7. [SURVIVOR'S REPLACEMENT SERVICES LOSS.] Survivors replacement services loss benefits shall reimburse expenses reasonably incurred by surviving dependents after the date of the decedent's death in obtaining ordinary and necessary services in lieu of those the deceased would have performed for their benefit had he not suffered the injury causing death, minus expenses of the survivors avoided by reason of the decedent's death. These benefits shall be subject to a maximum of \$200 per week.

Subd. 8. "Basic economic loss benefits" do not include benefits for physical damage done to property or motor vehicles, including their contents.

Sec. 5. [REHABILITATION TREATMENT AND OCCUPATIONAL TRAINING.] Subdivision 1. A reparation obligor is responsible for the cost of a procedure or treatment for rehabilitation or a course of rehabilitative occupational training if the procedure, treatment, or training is reasonable and appropriate for the particular case, its cost is reasonable in relation to its probable rehabilitative effects, and it is likely to contribute substantially to medical or occupational rehabilitation.

Subd. 2. An injured person who has undertaken a procedure or treatment for rehabilitation or a course of rehabilitative occupational training, other than medical rehabilitation procedure or treatment, shall notify the reparation obligor that he has undertaken the procedure, treatment, or training within 60 days after a rehabilitation expense exceeding \$1,000 has been incurred for the procedure, treatment, or training, unless the reparation obligor knows or has reason to know of the undertaking. If the injured person does not give the required notice within the prescribed time, the reparation obligor is responsible only for \$1,000 or the expense incurred after the notice is given and within the 60 days before the notice, whichever is greater, unless failure to give timely notice is the result of excusable neglect.

Subd. 3. If the injured person notifies the reparation obligor of a proposed specified procedure or treatment for rehabilitation, or a proposed specified course of rehabilitative occupational training, and the reparation obligor does not promptly thereafter accept responsibility for its cost, the injured person may make a motion in an action to adjudicate his claim, or, if no action is pending, bring an action in the district court, for a determination that the reparation obligor is responsible for its costs. A reparation obligor may make a motion in an action to adjudicate the injured person's claim, or, if no action is pending, bring an action in the district court, for a determination that it is not responsible for the cost of a procedure, treatment, or course of training which the injured person has undertaken or proposes to undertake. A determination by the court that the reparation obligor is not responsible for the cost of a procedure, treatment, or

course of training is not res judicata as to the propriety of any other proposal or the injured person's right to other benefits. This subdivision does not preclude an action by the reparation obligor or the injured person for declaratory relief under any other law of this state, nor an action by the injured person to recover basic economic loss benefits.

Subd. 4. If an injured person unreasonably refuses to accept a rehabilitative procedure, treatment, or course of occupational training, a reparation obligor may make a motion in an action to adjudicate the injured person's claim, or if no action is pending, may bring an action in the district court, for a determination that future benefits will be reduced or terminated to limit recovery of benefits to an amount equal to benefits that in reasonable probability would be due if the injured person had submitted to the procedure, treatment, or training, and for other reasonable orders. In determining whether an injured person has reasonable ground for refusal to undertake the procedure, treatment, or training, the court shall consider all relevant factors, including the risks to the injured person, the extent of the probable benefit, the place where the procedure, treatment, or training is offered, the extent to which the procedure, treatment, or training is recognized as standard and customary, and whether the imposition of sanctions because of the person's refusal would abridge his right to the free exercise of his religion.

Sec. 6. [RIGHT TO BENEFITS.] Subdivision 1. If the accident causing injury occurs in this state, every person suffering loss from injury arising out of maintenance or use of a motor vehicle has a right to basic economic loss benefits.

Subd. 2. If the accident causing injury occurs outside this state, the following persons and their surviving dependents suffering loss from injury arising out of maintenance or use of a motor vehicle have a right to basic economic loss benefits:

(1) Insureds, and

(2) the driver and other occupants of a secured vehicle, other than (a) a vehicle which is regularly used in the course of the business of transporting persons or property and which is one of five or more vehicles under common ownership, or (b) a vehicle owned by a government other than this state, its political subdivisions, municipal corporations, or public agencies.

Subd. 3. For the purposes of this act, injuries suffered by a person while on, mounting or alighting from a motorcycle do not arise out of the maintenance or use of a motor vehicle although a motor vehicle is involved in the accident causing the injury.

Sec. 7. [PRIORITY OF APPLICABILITY OF SECURITY FOR PAYMENT OF BASIC ECONOMIC LOSS BENEFITS.] Subdivision 1. In case of injury to the driver or other occupant of a motor vehicle, if the accident causing the injury occurs while the vehicle is being used in the business of transporting persons or property, the security for payment of basic economic loss benefits is the security covering the vehicle or, if none, the security under which the injured person is an insured.

Subd. 2. In case of injury to an employee, or to his spouse or other relative residing in the same household, if the accident causing the injury occurs while the injured person is driving or occupying a motor vehicle furnished by the employer, the security for payment of basic economic loss benefits is the security covering the vehicle or, if none, the security under which the injured person is an insured.

Subd. 3. In the case of any other person whose injury arises from the maintenance or use of a motor vehicle described in subdivision 1 or 2 who is not a driver or occupant of another involved motor vehicle, the security for the payment of basic economic loss benefits is the security covering the vehicle, or if none, the security under which the injured person is an insured.

Subd. 4. In all other cases, the following priorities apply:

(a) The security for payment of basic economic loss benefits applicable to injury to an insured is the security under which the injured person is an insured.

(b) The security for payment of basic economic loss benefits applicable to injury to the driver or other occupant of an involved motor vehicle who is not an insured is the security covering that vehicle.

(c) The security for payment of basic economic loss benefits applicable to injury to a person not otherwise covered who is not the driver or other occupant of an involved motor vehicle is the security covering any involved motor vehicle. An unoccupied parked vehicle is not an involved motor vehicle unless it was parked so as to cause unreasonable risk of injury.

Subd. 5. If two or more obligations to pay basic economic loss benefits are applicable to an injury under the priorities set out in this section, benefits are payable only once and the reparation obligor against whom a claim is asserted shall process and pay the claim as if wholly responsible, but he is thereafter entitled to recover contribution pro rata for the basic economic loss benefits paid and the costs of processing the claim. Where contribution is sought among reparation obligors responsible under clause (c) of subdivision 4, proration shall be based on the number of involved motor vehicles.

Subd. 6. Where a reparation obligor pays basic economic loss benefits which another reparation obligor is obligated to pay under the priority provided in this section, the reparation obligor that pays is subrogated to all rights of the person to whom benefits are paid.

Sec. 8. [REPARATION SECURITY COMPULSORY.] Subdivision 1. Every owner of a motor vehicle of a type which is required to be registered or licensed or is principally garaged in this state shall provide and maintain a plan of reparation security under provisions approved by the commissioner, insuring against loss resulting from liability imposed by law for injury and property damage sustained by any person arising out of the ownership, maintenance, operation or use of an automobile. Such cover-

age shall provide for basic economic loss benefits and residual liability coverage in amounts not less than those specified in section 9, subdivision 3, clauses (1) and (2). The non-resident owner of a motor vehicle which is not required to be registered or licensed, or which is not principally garaged in this state, shall maintain such security in effect continuously throughout the period of the operation, maintenance or use of such motor vehicle within this state with respect to accidents occurring in this state.

Subd. 2. The security required by this act may be provided by a policy of insurance complying with this act which is issued by or on behalf of an insurer authorized to transact business in this state or, if the vehicle is registered in another state, by a policy of insurance issued by or on behalf of an insurer authorized to transact business in either this state or the state in which the vehicle is registered or by qualifying as a self-insurer.

Subd. 3. Self-insurance, subject to approval of the commissioner, is effected by filing with the commissioner in satisfactory form:

(1) a continuing undertaking by the owner or other appropriate person to pay tort liabilities or basic economic loss benefits, or both, and to perform all other obligations imposed by this act;

(2) evidence that appropriate provision exists for prompt administration of all claims, benefits, and obligations provided by this act; and

(3) evidence that reliable financial arrangements, deposits, or commitments exist providing assurance, substantially equivalent to that afforded by a policy of insurance complying with this act, for payment of tort liabilities, basic economic loss benefits, and all other obligations imposed by this act.

Subd. 4. The state of Minnesota or any agency thereof and any political subdivision of the state or agency thereof shall provide security by lawfully obligating itself to pay benefits in accordance with this act, either as a self-insurer pursuant to subdivision 3, or through purchase of a plan of reparation security.

Subd. 5. Every owner of a motorcycle registered or required to be registered in this state or operated in this state by him or with his permission shall provide and maintain security for the payment of tort liabilities arising out of the maintenance or use of the motorcycle in this state. Security may be provided by a contract of liability insurance complying with section 9, subdivision 3, or by qualifying as a self insurer in the manner provided in subdivision 3 of this section.

Subd. 6. A person providing security pursuant to subdivision 3 is a "self-insurer."

Subd. 7. "Security covering the vehicle" is the insurance or other security so provided. The vehicle for which the security is so provided is the "secured vehicle."

Subd. 8. "Plan of reparation security" includes a contract, self-insurance, or other legal means under which there is an obligation to pay the benefits described in section 9.

Sec. 9. [INSURERS.] Subdivision 1. [MANDATORY OFFER OF INSURANCE BENEFITS.] On and after the effective date of this act, no insurance policy providing benefits for injuries arising out of the maintenance or use of a motor vehicle shall be issued, renewed, continued, delivered, issued for delivery, or executed in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, under provisions approved by the commissioner, requiring the insurer to pay, regardless of the fault of the insured, basic economic loss benefits.

A plan of reparation security shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged, the term and limits of liability, and shall contain an agreement or endorsement that insurance is provided thereunder in accordance with and subject to the provisions of this act.

Subd. 2. [BASIC ECONOMIC LOSS.] Each plan of reparation security shall provide for payment of basic economic loss benefits.

Subd. 3. [RESIDUAL LIABILITY INSURANCE.] (1) Each plan of reparation security shall also contain stated limits of liability, exclusive of interest and costs, with respect to each vehicle for which coverage is thereby granted, of not less than \$25,000 because of bodily injury to one person in any one accident and, subject to said limits for one person, of not less than \$50,000 because of injury to two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, of not less than \$10,000 because of such injury to or destruction of property of others in any one accident.

(2) Under residual liability insurance the reparation obligor shall be liable to pay, on behalf of the insured, sums which the insured is legally obligated to pay as damages because of bodily injury and property damage arising out of the ownership, maintenance or use of a motor vehicle if the injury or damage occurs within this state, the United States of America, its territories or possessions, or Canada. A reparation obligor shall also be liable to pay sums which another reparation obligor is entitled to recover under the indemnity provisions of section 13, subdivision 1.

(3) Every plan of reparation security shall be subject to the following provisions which need not be contained therein:

(a) The liability of the reparation obligor with respect to the residual liability coverage required by this clause shall become absolute whenever injury or damage occurs; such liability may not be cancelled or annulled by any agreement between the reparation obligor and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or

duty of the reparation obligor to make payment on account of such injury or damage.

(c) The reparation obligor shall have the right to settle any claim covered by the residual liability insurance policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability for the accident out of which such claim arose.

Subd. 4. [UNINSURED OR HIT-AND-RUN MOTOR VEHICLE COVERAGE.] (1) On and after the effective date of this act, no plan of reparation security may be renewed, delivered or issued for delivery, or executed in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in the amounts of \$25,000 because of injury to or the death of one person in any accident, and subject to the said limit for one person, \$50,000 because of bodily injury to or the death of two or more persons in any one accident, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit-and-run motor vehicles because of injury.

(2) Every owner of a motor vehicle registered or principally garaged in this state shall maintain uninsured motor vehicle coverage as provided in this subdivision.

(3) "Uninsured motor vehicle" means any motor vehicle for which a plan of reparation security meeting the requirements of this act is not in effect.

(4) No recovery shall be permitted under the uninsured motor vehicle provisions of this section for basic economic loss benefits paid or payable, or which would be payable but for any applicable deductible.

Subd. 5. [MANDATORY OFFER; DEDUCTIBLES.] At appropriately reduced premium rates reparation obligors shall offer the following deductibles, applicable only to claims arising out of injury to basic economic loss insureds:

(a) A deductible in the amount of \$100 to all medical expense benefits otherwise payable, except that if two or more insureds to whom the deductible is applicable are injured in the same accident, the aggregate amount of the deductible applicable to all of them shall not exceed the specified deductible, which amount, where necessary shall be allocated equally among them, and

(b) A deductible in the amount of \$200 to all disability and income loss benefits otherwise payable as a result of an injury to any one insured in one accident.

Subd. 6. [MANDATORY OFFER; ADDED COVERAGE.] Reparation obligors shall offer the following optional coverages in addition to compulsory coverages:

(a) Medical expense benefits subject to a maximum payment of \$10,000;

(b) Medical expense benefits subject to a maximum payment of \$20,000;

(c) Residual liability coverage of not less than \$25,000 for damages for injury to one person in any one accident arising out of the maintenance or use of a motor vehicle, subject to a limitation of \$50,000 for damages arising out of any one accident;

(d) Basic economic loss benefits to all persons purchasing liability coverage for injuries arising out of the maintenance or use of a motorcycle; and

(e) Underinsured motorist coverage whereby subject to the terms and conditions of such coverage the reparation obligor agrees to pay its insureds for such uncompensated damages as they are legally entitled to recover on account of a motor vehicle accident because the total damages they are legally entitled to recover exceed the residual liability limit of the owner of the other vehicle, to the extent of the residual liability limits on the motor vehicle of the person legally entitled to recover or such smaller limits as he may select less the amount paid by reparation obligor of the person against whom he is entitled to recover. His reparation obligor shall be subrogated to any amounts it pays and upon payment shall have an assignment of the judgment if any against the other person to the extent of the money it pays.

Subd. 7. Nothing in this act shall be construed as preventing the insurer from offering other benefits or coverages in addition to those required to be offered under this section.

Subd. 8. Any coverage issued by a participating member of the Minnesota automobile insurance plan shall comply with the provisions of this section, any provisions of law or of the contract notwithstanding.

Sec. 10. [INSURERS' CERTIFICATION OF BASIC COVERAGE.] Subdivision 1. Every insurer licensed to write motor vehicle accident reparation and liability insurance in this state shall, on or before the effective date of this act or as a condition to such licensing, file with the commissioner and thereafter maintain a written certification that it will afford at least the minimum security provided by section 9 to all policyholders, except that in the case of non-resident policyholders it need only certify that security is provided with respect to accidents occurring in this state.

Subd. 2. Notwithstanding any contrary provision in it, every contract of liability insurance for injury, wherever issued, covering obligations arising from ownership, maintenance, or use of a motor vehicle, except a contract which provides coverage only for liability in excess of required minimum tort liability coverages, includes basic economic loss, benefit coverages and residual liability coverages required by this act, while the vehicle is in this state, and qualifies as security covering the vehicle.

Sec. 11. [DEDUCTION OF COLLATERAL BENEFITS FROM TORT RECOVERY; LIMITATION ON RIGHT TO RECOVER DAMAGES.] Subdivision 1. [DEDUCTION OF BASIC ECONOMIC LOSS BENEFITS.] With respect to a cause of action

in negligence accruing as a result of injury arising out of the operation, ownership, maintenance or use of a motor vehicle with respect to which security has been provided as required by this act, there shall be deducted from any recovery the value of basic or optional economic loss benefits paid or payable or which would be payable but for any applicable deductible. This subdivision shall not bar subrogation and indemnity recoveries under section 13, subdivisions 1 and 2, if the injury had the consequences described in subdivision 3 and a civil action has been commenced in the manner prescribed in applicable laws or rules of civil procedure to recover damages for noneconomic detriment.

Subd. 2. [RIGHT TO RECOVER ECONOMIC LOSS NOT INCLUDED IN FIRST PARTY BENEFITS.] A person may bring a negligence action for economic loss not paid or payable by an economic loss obligor because of daily or weekly dollar limitations of section 4, the seven-day services exclusion of section 4, the limitations of benefits contained in section 4, subdivision 1, or an exclusion from coverage by sections 18 to 20.

Subd. 3. [LIMITATION OF DAMAGES FOR NON-ECONOMIC DETRIMENT.] In an action described in subdivision 1, no person shall recover damages for non-economic detriment unless:

(a) The sum of the following exceeds \$2,000:

(1) Reasonable medical expense benefits paid, payable or payable but for any applicable deductible, plus

(2) The value of free medical or surgical care or ordinary and necessary nursing services performed by a relative of the injured person or a member of his household, plus

(3) The amount by which the value of reimbursable medical services or products exceeds the amount of benefit paid, payable, or payable but for an applicable deductible for those services or products if the injured person was charged less than the average reasonable amount charged in this state for similar services or products, minus

(4) The amount of medical expense benefits paid, payable, or payable but for an applicable deductible for diagnostic X-rays and for a procedure or treatment for rehabilitation and not for remedial purposes or a course of rehabilitative occupational training; or

(b) The injury results in:

(1) permanent disfigurement;

(2) permanent injury;

(3) death, or

(4) disability for 60 days or more.

(c) For the purposes of clause (a) evidence of the reasonable value of medical services and products shall be admissible in any action brought in this state.

(d) For the purposes of clause (b) disability means the inability to engage in substantially all of the injured person's usual and customary daily activities.

Subd. 4. Nothing in this section shall impair or limit the liability of a person in the business of manufacturing, distributing, retailing, repairing, servicing or maintaining motor vehicles arising from a defect in a motor vehicle caused or not corrected by an act or omission in manufacture, inspection, repair, servicing or maintenance of a vehicle in the course of his business.

Subd. 5. Nothing in this section shall impair or limit tort liability or limit the damages recoverable from any person for negligent acts or omissions other than those committed in the operation, ownership, maintenance, or use of a motor vehicle.

Sec. 12. [MANDATORY ARBITRATION OF CERTAIN CLAIMS; SUPREME COURT TO PROMULGATE RULES OF PROCEDURE.] Subdivision 1. The supreme court and the several courts of general trial jurisdiction of this state may, on or before the effective date of this act, by rules of court or other constitutionally permissible device, provide for the submission to arbitration, upon mutual consent of all parties to the action, of all cases at issue where a claim in an amount of \$5,000 or less is made by a motor vehicle accident victim, whether in an action to recover economic loss or non-economic detriment for the allegedly negligent operation, maintenance, or use of a motor vehicle within this state, or against any reparation obligor for benefits as provided in this act.

Subd. 2. The rules of court may provide that cases which are not at issue, whether or not suit has been filed, may be referred to arbitration by agreement of reference signed by counsel for both sides, or by the parties themselves. Such agreement of reference shall define the issues to be arbitrated and, shall also contain any stipulations with respect to facts submitted or agreed or defenses waived. In such cases, the agreement of reference shall take the place of the pleadings in the case and be filed of record.

Sec. 13. [INDEMNITY: ARBITRATION BETWEEN OBLIGORS: SUBROGATION.] Subdivision 1. A reparation obligor paying or obligated to pay basic or optional economic loss benefits shall be entitled to indemnity subject to the limits of the applicable residual liability coverage from a reparation obligor providing such coverage to a person whose negligence was the direct and proximate cause of the injury for which the basic economic loss benefits were paid or payable to the extent that the insured would have been liable for damages but for the deduction provisions of section 11, subdivision 1, and only if a commercial vehicle was involved in the accident causing the injury.

Subd. 2. To the extent permitted by section 11, subdivision 1, a reparation obligor paying or obligated to pay basic or optional economic loss benefits shall be subrogated to the extent of benefits paid or payable to any cause of action to recover damages for economic loss which the person to whom the basic or optional economic loss benefits were paid or payable has brought under the

terms of section 11, subdivision 3 of this act against another person whose negligence was the direct and proximate cause of the injury for which the basic economic loss benefits were paid or payable.

Subd. 3. The right of indemnity provided in subdivision 1 shall be enforceable only through mandatory good-faith and binding arbitration procedures to be established by rule of the commissioner of insurance. These procedures shall utilize determinations of comparative negligence. No evidence nor the decision in such an arbitration proceeding shall be admissible in any action by any party.

Subd. 4. Nothing in this act shall limit or abridge the subrogation rights of a reparation obligor providing collision coverage to a policyholder, but any obligor required to submit a claim described in subdivision 1 to arbitration shall join any claim it has against the other party to that proceeding as a result of automotive property damage to its insured arising out of the same accident as the primary claim.

Subd. 5. No reparation obligor shall include in its contract any provision which would require a person to commence a negligence action as a condition precedent to the payment of basic economic loss benefits or which permits the reparation obligor to determine whether such an action will be commenced. No reparation obligor shall contract for a right of reimbursement or subrogation greater than or in addition to those permitted by this act.

Subd. 6. Arbitration proceedings need not await final payment of benefits, and the award, if any, shall include provision for reimbursement of subsequent benefits, but no question of fact decided by a prior award shall be reconsidered in any such subsequent arbitration hearing.

Sec. 14. [REPARATION OBLIGOR'S DUTY TO RESPOND TO CLAIMS.] Subdivision 1. Basic economic loss benefits are payable monthly as loss accrues. Loss accrues not when injury occurs, but as income loss, replacement services loss, survivor's economic loss, survivor's replacement services loss, or medical or funeral expense is incurred. Benefits are overdue if not paid within 30 days after the reparation obligor receives reasonable proof of the fact and amount of loss realized, unless the reparation obligor elects to accumulate claims for periods not exceeding 31 days and pays them within 15 days after the period of accumulation. If reasonable proof is supplied as to only part of a claim, and the part totals \$100 or more, the part is overdue if not paid within the time provided by this section. Medical or funeral expense benefits may be paid by the reparation obligor directly to persons supplying products, services, or accommodations to the claimant.

Subd. 2. Overdue payments shall bear simple interest at the rate of ten percent per annum.

Subd. 3. A claim for basic economic loss benefits shall be paid without deduction for the benefits which are to be subtracted

pursuant to section 21, if these benefits have not been paid to the claimant before the reparation benefits are overdue or the claim is paid. The obligor is entitled to reimbursement from the person obligated to make the payments or from the claimant who actually receives the payments.

Subd. 4. A reparation obligor may bring an action to recover benefits which are not payable, but are in fact paid, because of an intentional misrepresentation of a material fact, upon which the reparation obligor relies, by the claimant or by a person providing products or services for which basic economic loss benefits are payable. The action may be brought only against the person providing the products or services, unless the claimant has intentionally misrepresented the facts or knew of the misrepresentation. A reparation obligor may offset amounts he is entitled to recover from the claimant under this subdivision against any basic economic loss benefits otherwise due him.

Subd. 5. A reparation obligor who rejects a claim for benefits shall give to the claimant prompt written notice of the rejection, specifying the reason. If a claim is rejected for a reason other than that the person is not entitled to the basic economic loss benefits claimed, the written notice shall inform the claimant that he may file his claim with the assigned claims bureau and shall give the name and address of the bureau.

Sec. 15. [APPLICATION FOR BENEFITS UNDER PLAN OF SECURITY.] Subdivision 1. A plan of reparation security may prescribe a period of not less than six months after the date of accident within which an insured or any other person entitled to claim basic economic loss benefits, or anyone acting on their behalf, must notify the reparation obligor or its agent, of the accident and the possibility of a claim for economic loss benefits in order to be eligible for such benefits. Such notice may be given in any reasonable fashion.

Subd. 2. A plan of reparation security may provide that in any instance where a lapse occurs in the period of disability or in the medical treatment of a person with respect to whose injury basic economic loss benefits have been paid and a person subsequently claims additional benefits based upon an alleged recurrence of the injury for which the original claim for benefits was made, the obligor may require reasonable medical proof of such alleged recurrence; provided, that in no event shall the aggregate benefits payable to any person exceed the maximum limits specified in the plan of security, and provided further that such coverages may contain a provision terminating eligibility for benefits after a prescribed period of lapse of disability and medical treatment, which period shall not be less than one year.

Sec. 16. [COOPERATION OF PERSON CLAIMING BENEFITS.] Subdivision 1. [MEDICAL EXAMINATIONS AND DISCOVERY OF CONDITION OF CLAIMANT.] Any person with respect to whose injury benefits are claimed under a plan of reparation security shall, upon request of the reparation obligor from whom recovery is sought, submit to a physical examination

by a physician or physicians selected by the obligor as may reasonably be required.

The costs of any examinations requested by the obligor shall be borne entirely by the requesting obligor. Such examinations shall be conducted within the city, town, or statutory city of residence of the injured person. If there is no qualified physician to conduct the examination within the city, town, or statutory city of residence of the injured person, then such examination shall be conducted at another place of the closest proximity to the injured person's residence. Obligors are authorized to include reasonable provisions in policies for mental and physical examination of those injured persons.

If requested by the person examined, a party causing an examination to be made shall deliver to him a copy of every written report concerning the examination rendered by an examining physician, at least one of which reports must set out in detail the findings and conclusions of such examining physician.

An injured person shall also do all things reasonably necessary to enable the obligor to obtain medical reports and other needed information to assist in determining the nature and extent of the injured person's injuries and loss, and the medical treatment received by him. If the claimant refuses to cooperate in responding to requests for examination and information as authorized by this section, evidence of such noncooperation shall be admissible in any suit or arbitration filed for damages for such personal injuries or for the benefits provided by this act.

Subd. 2. [CLAIMANT'S PARTICIPATION IN ARBITRATION BETWEEN OBLIGORS.] Any person receiving benefits under this act shall participate and cooperate, as reasonably required under the coverage, in any and all arbitration proceedings as provided in section 13 by or on behalf of the obligor paying the benefits, and the obligor may require in the furnishing of proof of loss the claimant's statement that he shall so participate and cooperate as consideration for the payment of such benefits. However, no claimant may be required by any obligor which has paid or is obligated to pay benefits as herein provided to personally attend an arbitration proceeding which shall take place more than 50 miles from the usual residence of the claimant; and provided that in no event shall the claimant have to attend such an arbitration proceeding if, at the time scheduled for that meeting, travel thereto by the claimant is not recommended by a physician treating the claimant for his injuries. Any claimant required to personally attend an arbitration proceeding shall be compensated by the reparation obligor requiring his attendance for actual income loss and expenses reasonably incurred.

Sec. 17. [ECONOMIC LOSS BENEFITS; EXEMPTIONS FROM LEGAL ATTACHMENT.] All economic loss benefits provided by this act, whether paid or payable to any claimant shall not be subject to garnishment, sequestration, attachment or execution, or any other legal process which would deny their receipt and use by that person; provided, however, that this section

shall not apply to any person who has provided treatment or services, as described in section 4, subdivision 2, to the victim of a motor vehicle accident.

Sec. 18. [CONVERTED MOTOR VEHICLES.] A person who converts a motor vehicle is disqualified from basic or optional economic loss benefits, including benefits otherwise due him as a survivor, from any source other than an insurance contract under which the converter is an insured, for injuries arising from maintenance or use of the converted vehicle. If the converter dies from the injuries, his survivors are not entitled to basic or optional economic loss benefits from any source other than an insurance contract under which the converter is a basic economic loss insured. For the purpose of this section, a person is not a converter if he uses the motor vehicle in the good faith belief that he is legally entitled to do so.

Sec. 19. [RACES.] A person who is injured in the course of an officiated racing or speed contest, or in practice or preparation therefor is disqualified from basic or optional economic loss benefits. His survivors are not entitled to basic or optional economic loss benefits for loss arising from his death.

Sec. 20. [INTENTIONAL INJURIES.] A person intentionally causing or attempting to cause injury to himself or another person is disqualified from basic or optional economic loss benefits for injury arising from his acts, including benefits otherwise due him as a survivor. If a person dies as a result of intentionally causing or attempting to cause injury to himself, his survivors are not entitled to basic or optional economic loss benefits for loss arising from his death. A person intentionally causes or attempts to cause injury if he acts or fails to act for the purpose of causing injury or with knowledge that injury is substantially certain to follow. A person does not intentionally cause or attempt to cause injury (1) merely because his act or failure to act is intentional or done with his realization that it creates a grave risk of causing injury or (2) if the act or omission causing the injury is for the purpose of averting bodily harm to himself or another person.

Sec. 21. [BENEFITS PRIMARY; SUBTRACTIONS; COORDINATION.] Subdivision 1. Basic economic loss benefits shall be primary with respect to benefits, except for those paid or payable under a workmen's compensation law, which any person receives or is entitled to receive from any other source as a result of injury arising out of the maintenance or use of a motor vehicle.

Subd. 2. Benefits paid or payable under a workmen's compensation law because of the injury or death shall be subtracted in computing basic economic loss benefits, but only to the extent that they exceed any deductible applicable to the basic economic loss benefits.

Subd. 3. Any legally constituted entity, other than a reparation obligor obligated to pay benefits under a plan of reparation security or an insurer or employer obligated to pay benefits under a workmen's compensation law, may coordinate any benefits it is obligated to pay for loss incurred as a result of injury arising out of

the maintenance or use of a motor vehicle with basic economic loss benefits.

Subd. 4. Notwithstanding subdivision 3, no entity may coordinate benefits unless it provides those persons who purchase benefits from it with an equitable reduction or savings in the direct or indirect cost of the purchased benefits. If the benefits to be coordinated are provided to an individual through a group, program, contract or other arrangement for which another person pays in whole or in part, the entity coordinating benefits shall return to the individual or use for his benefit any reduction or savings in the direct or indirect cost of the benefits.

Sec. 22. [DUPLICATE CLAIMS; OBLIGOR SUBROGATED.] A reparation obligor paying or obligated to pay basic economic loss benefits is subrogated to any claim based on an intentional tort or on strict or statutory liability against any person whose act or omission caused the injury. This right of subrogation shall exist only to the extent that basic economic loss benefits are paid and only to the extent that recovery on the claim would produce a duplication of benefits or reimbursement of the same loss.

Sec. 23. [ASSIGNED CLAIMS PLAN.] Subdivision 1. Reparation obligors providing basic economic loss insurance in this state may organize and maintain, subject to approval and regulation by the commissioner, an assigned claims bureau and an assigned claims plan, and adopt rules for their operation and for the assessment of costs on a fair and equitable basis consistent with this act. If such obligors do not organize and continuously maintain an assigned claims bureau and an assigned claims plan in a manner considered by the commissioner of insurance to be consistent with this act, he shall organize and maintain an assigned claims bureau and an assigned claims plan. Each reparation obligor providing basic economic loss insurance in this state shall participate in the assigned claims bureau and the assigned claims plan. Costs incurred shall be allocated fairly and equitably among the reparation obligors.

Subd. 2. The assigned claims bureau shall promptly assign each claim and notify the claimant of the identity and address of the assignee-obligor of the claim. Claims shall be assigned so as to minimize inconvenience to claimants. The assignee thereafter has rights and obligations as if he had issued a policy of basic economic loss insurance complying with this act applicable to the injury or, in case of financial inability of a reparation obligor to perform its obligations, as if the assignee had written the applicable reparation insurance, undertaken the self-insurance, or lawfully obligated itself to pay basic economic loss benefits.

Sec. 24. [PERSONS ENTITLED TO PARTICIPATE IN ASSIGNED CLAIMS PLAN.] Subdivision 1. A person entitled to basic economic loss benefits because of injury covered by this act may obtain basic economic loss benefits through the assigned claims plan or bureau established pursuant to section 23 and in accordance with the provisions for making assigned claims provided in this act, if:

(a) Basic economic loss benefits are not applicable to the injury for some reason other than those specified in sections 18, 19, or 20;

(b) The plan of reparation security applicable to the injury cannot be identified; or

(c) A claim for basic economic loss benefits is rejected by a reparation obligor on some ground other than the person is not entitled to basic economic loss benefits under this act.

Subd. 2. If a claim qualifies for assignment under subdivision 1 of this section, the assigned claims bureau or any reparation obligor to whom the claim is assigned shall be, as provided in section 13, subrogated to all of the rights of the claimant against any person, including another obligor, who is legally obligated to provide economic loss benefits to the claimant, for economic loss benefits provided by the obligor to whom the claim was assigned.

Subd. 3. A person shall not be entitled to basic economic loss benefits through the assigned claims plan with respect to injury which was sustained if at the time of such injury the injured person was the owner of a private passenger motor vehicle for which security is required under this act and he failed to have such security in effect. Persons claiming benefits as a result of injury to members of the owner's household shall also be disqualified from benefits if those members knew or reasonably should have known that security covering the vehicle was not provided as required by this act.

Sec. 25. [NOTIFICATION TO ASSIGNED CLAIMS BUREAU.] A person authorized to obtain basic economic loss benefits through the assigned claims plan shall notify the bureau of his claim within one year of the date on which he receives written authorization to participate in such plan. If timely action for basic economic loss benefits is commenced against a reparation obligor who is unable to fulfill his obligations under this act, a claim through the assigned claims plan may be made within a reasonable time after discovery of such inability.

Sec. 26. [CLAIMS AGAINST WRONG INSURER.] If timely action for economic loss benefits is commenced against a reparation obligor and benefits are denied because of a determination that the obligor's coverage is not applicable to the claimant under the provisions of section 7 on the priority of applicability of security a claim against a proper obligor or assigned claims plan may be made not later than 90 days after such determination becomes final or the last date on which the action could otherwise have been commenced, whichever is later.

Sec. 27. [PENALTIES FOR FAILURE TO PROVIDE SECURITY FOR BASIC REPARATION BENEFITS.] Subdivision 1. Every owner of a motor vehicle for which security has not been provided as required by section 8, shall be liable in tort without limitation.

Subd. 2. Any owner of a motor vehicle with respect to which security is required under this act who operates such motor vehicle or permits it to be operated upon a public highway, street or road in

this state without having in full force and effect security complying with the terms of section 8, is guilty of a misdemeanor.

Subd. 3. Any other person who operates such motor vehicle upon a public highway, street or road in this state with knowledge that the owner does not have such security in full force and effect is guilty of a misdemeanor.

Subd. 4. Any operator of a motor vehicle who is convicted of a misdemeanor under the terms of this section shall have his operator's license revoked for not less than six months or more than 12 months. If such operator is also an owner of the motor vehicle, his motor vehicle registration shall also be revoked for not less than six months or more than 12 months.

Subd. 5. When a nonresident's operating privilege is suspended pursuant to this section, the commissioner of public safety or his designee shall transmit a copy of the record of such action to the official in charge of the issuance of licenses in the state in which the nonresident resides.

Subd. 6. Upon receipt of such notification that the operating privilege of a resident of this state has been suspended or revoked in any other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, or for failure to provide security covering a vehicle if required by the laws of that state, the commissioner of public safety shall suspend the license of the resident until he furnishes evidence of compliance with the laws of this state and if applicable the laws of the other state.

Sec. 28. [RULES OF COMMISSIONER OF PUBLIC SAFETY.]  
Subdivision 1. The commissioner of public safety shall have the power and perform the duties imposed upon him by this act and may adopt rules to implement and provide effective administration of the provisions requiring security and governing termination of security.

Subd. 2. The commissioner of public safety may by rule provide that motor vehicles owned by certain persons may not be registered in this state unless satisfactory evidence is furnished that security has been provided as required by section 8 of this act. If a person who is required to furnish evidence ceases to maintain security, he shall immediately surrender the registration certificate and license plates for the vehicle. These requirements may be imposed if:

(1) The registrant has not previously registered a motor vehicle in this state; or

(2) An owner or operator of the vehicle has previously failed to comply with the security requirements of this act or of prior law; or

(3) The driving record of an owner or operator of the vehicle evidences his continuing disregard of the laws of this state enacted to protect the public safety; or

(4) Other circumstances indicate that such action is necessary to effectuate the purposes of this act.

Sec. 29. [OBLIGOR'S NOTIFICATION OF LAPSE, CANCEL-

**LATION, OR FAILURE TO RENEW POLICY OF COVERAGE.]**

(1) If the required plan of reparation security of an owner or named insured is cancelled, and notification of such fact is given to the insured as required by Minnesota Statutes, Section 65B.19, a copy of such notice shall within 30 days after coverage has expired be sent to the commissioner of public safety. If, on or before the end of that 30 day period, the insured owner of a motor vehicle has not presented the commissioner of public safety or his authorized agent with evidence of required security which shall have taken effect upon the expiration of the previous coverage, or if the insured owner or registrant has not instituted an objection to his obligor's cancellation under Minnesota Statutes, Section 65B.21, within the time limitations therein specified, he shall immediately surrender the registration certificate and motor vehicle license plates to the commissioner of public safety and may not operate or permit operation of the vehicle in this state until security is again provided and proof of security furnished as required by this act.

**Sec. 30. [AUTOMOBILE INSURANCE RATES.]** Subdivision 1. **[PREMIUM REDUCTION.]** The policy premiums charged by each insurer in connection with the compulsory plan of reparation security required by this act for private passenger motor vehicles shall be at least 30 percent below such insurer's policy premiums in effect on December 31, 1973 for liability insurance with limits of \$25,000 per person and \$50,000 per accident, plus \$1,000 medical payments insurance, plus uninsured motorists coverage of \$25,000 per person and \$50,000 per accident. Actuarially commensurate adjustments shall be required in the case of other combinations of coverage.

Subd. 2. **[APPLICABILITY OF CHAPTER 70A.]** The rates charged for motor vehicle insurance other than the compulsory plan of reparation security required by this act shall be governed by Minnesota Statutes, Chapter 70A, commencing with the effective date of this act.

Subd. 3. **[PENALTIES; ENFORCEMENT.]** Any person convicted of violating this section shall be guilty of a misdemeanor. Every day that a violation continues shall be deemed a separate offense. Further, any person convicted of violating any provision of this section shall thereafter be prohibited from engaging in any business as an insurer in this state for a period of five years. The attorney general shall, at the request of the commissioner, initiate in the name of the state appropriate action in a court of law to enforce the provisions of this section.

Subd. 4. **[COMMISSIONER MAY MAKE EXCEPTION.]** Notwithstanding the provisions of subdivision 1 of this section, if the commissioner finds that the mandated reduction in premium rates would jeopardize the financial soundness or solidity of any insurer, or require it to suffer an underwriting loss on that line of business in this state he shall permit such an insurer to charge such rates as are necessary to avoid such condition. The commissioner may hold a public hearing prior to making a determination pursuant to this subdivision.

Subd. 5. [EXCESSIVE RATES.] The commissioner shall review all automobile coverage rates on an annual basis. If the commissioner finds that the rates of any insurer, for coverages required or permitted by this act, are excessive, applying the standards of Minnesota Statutes, Chapter 70A, he shall issue such order as he deems appropriate to establish a reasonable competitive rate, and such order may include provisions for an appropriate premium adjustment or rebate on outstanding policies.

Subd. 6. The provisions of subdivisions 1, 3 and 4 shall expire on January 1, 1976.

Sec. 31. Minnesota Statutes 1971, Section 65B.14, Subdivision 1, as amended by Laws 1974, Chapter 56, Section 1, Subdivision 1, is amended to read:

65B.14 [CANCELLATION OR NONRENEWAL OF AUTOMOBILE POLICIES; DEFINITIONS.] Subdivision 1. "Policy of automobile insurance" means a policy plan of reparation security as defined in section 8 delivered or issued for delivery in this state ; insuring a natural person as named insured, and any relative or relatives of the named insured who is a resident of the same household covering automobiles owned by the insured of (a) the private passenger type, including a private passenger, station wagon or jeep type automobile not used as a public or livery conveyance for passengers, nor rented to others, or (b) the utility automobile type which shall mean any other four-wheel vehicle whether having a pick-up, sedan delivery, or panel truck type body not used primarily in the occupation, profession or business of the insured other than farming or ranching; provided, however, that sections 65B.14 to 65B.21 shall not apply to any policy of automobile insurance: (1) issued under the Minnesota automobile insurance plan; (2) insuring more than four automobiles; or (3) covering garage, automobiles sales agency, repair shop, service station or public parking place operation hazards .

Subd. 2. The actions permitted a metropolitan airport commission corporation under Minnesota Statutes 1971, Section 360.106, Subdivision 6 shall, upon the repeal of chapter 170 and the enactment of this act, include acts necessary to bring the corporation, its commissioners and agents within the provisions of this act.

Subd. 3. The actions permitted a county board under Minnesota Statutes, Section 375.32, Subdivision 2 shall, upon the repeal of chapter 170 and the enactment of this act, include acts necessary to bring the county, its officers and employees within the provisions of this act.

nancial responsibility" act has been referred to in a section, the revisor of statutes shall replace such references with references to this act.

Subd. 5. In the next and subsequent editions of Minnesota Statutes, wherever Minnesota Statutes, Section 65B.22 has been referred to in a section, the revisor of statutes shall replace such references with references to section 23 of this act.

Sec. 34. [SEVERABILITY.] If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity does not affect other provisions or applications of this act which can be given effect without the invalid application or provision, and to this end the provisions of this act are expressly declared to be severable.

Sec. 35. This act shall take effect January 1, 1975. Accidents occurring before that date are not covered by or subject to this act."

Further, amend the title by striking it in its entirety and inserting in lieu thereof the following:

### ARTICLE III THE METROPOLITAN TRANSIT COMMISSION

Section 1. Minnesota Statutes 1971, Section 473A.01, Subdivision 2, is amended to read:

Subd. 2. "Metropolitan transit area" or "transit area" or "area" or "MTA" means the ~~Twin Cities~~ metropolitan public transit area hereinafter established.

Sec. 2. Minnesota Statutes 1971, Section 473A.01, Subdivision 3, is amended to read:

Subd. 3. "Metropolitan transit commission" or "transit commission" or "commission" means the *Twin Cities area metropolitan transit commission* hereinafter created.

Sec. 3. Minnesota Statutes 1971, Section 473A.01, is amended by adding a subdivision to read:

*Subd. 12. "Metropolitan council" or "council" means the metropolitan council created by Minnesota Statutes 1971, Section 473B.02.*

Sec. 4. Minnesota Statutes 1971, Section 473A.02, is amended to read:

473A.02 [LEGISLATIVE DETERMINATION, POLICY AND PURPOSE.] The legislature finds and determines that nearly half the people of the state live in the metropolitan transit area hereinafter established. The population of that area is growing faster than in any other area of the state, and it is continually visited by large numbers of people from other parts of the state, resulting in a heavy and steadily increasing concentration of resident and transient population and creating serious problems of public transit and public highway traffic in the area. The present public transit systems in the area consist largely of bus lines using the public highways and streets. These systems are inadequate to meet the needs for public transit in the area. A major part of the transportation of people in the area is provided by private motor vehicles. All of the foregoing adds heavily to the traffic load on the state highways which constitute the main routes of travel to, from, and through the area, aggravating the congestion and danger of accidents thereon, polluting the surrounding air, intensifying the wear and tear on those highways and streets, increasing the cost of maintenance thereof, and the number, size, and cost of new highways that must be constructed in the area. These effects will progressively grow worse as the population of the area increases, imposing serious handicaps on the business, industry, property development, recreation, and other beneficial activities of the residents of the area and visitors thereto, and causing severe and widespread harm to the public health, safety and welfare of the area and the entire state. It is beyond the capacity of the present operators of public transit systems and other existing public and private agencies unassisted to make adequate provisions for public transit in the area or for dealing effectively with the aforesaid problems and conditions therein. The legislature therefore declares as the public policy of the state that for the protection and advancement of the public health, safety, and welfare of the metropolitan transit area and the entire state, and in order to provide for adequate public transit within the area, reduce the traffic congestion and hazards on the state and other highways and streets therein, and relieve the other harmful conditions aforesaid, there is urgent need for the establishment of that area as herein defined, for the creation of a metropolitan transit commission therefor with the powers and

duties herein prescribed, *for the implementation of a comprehensive transportation policy plan for the area and for the other measures herein provided for.*

Sec. 5. Minnesota Statutes 1971, Section 473A.03, is amended to read:

473A.03 [METROPOLITAN TRANSIT AREA; ESTABLISHMENT.] There is hereby established a ~~Twin Cities~~ metropolitan public transit area comprising the counties of Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, and Carver.

Sec. 6. Minnesota Statutes 1971, Section 473A.04, Subdivision 1, is amended to read:

473A.04 [METROPOLITAN TRANSIT COMMISSION.] Subdivision 1. [COMMISSION; CREATION AND COMPOSITION.] There is hereby created a ~~Twin Cities~~ area metropolitan transit commission for the *metropolitan* area, composed of nine members, herein called commissioners ; ~~selected and serving as hereinafter provided or members, which commission shall be organized, structured and administered as provided in this chapter and article I of this act .~~

Sec. 7. Minnesota Statutes 1971, Section 473A.05, Subdivision 10, is amended to read:

Subd. 10. [COMMISSION BUDGET; APPROVAL THEREOF.] ~~During the month of June in each year, the commission shall at its regular meeting establish a budget consisting of an operating expense budget for the current fiscal year, a capital expense budget for the current fiscal year, and a capital improvement program for the five fiscal years past the current fiscal year. The capital expense budget and the capital improvement program shall be submitted to the metropolitan council for its approval or disapproval and comment which shall be given within 60 days after submission. The absence of such approval or comment as to the items contained therein shall constitute approval of such items. If circumstances require a significant change in the budget or program, the commission shall submit the matter to the council for its approval within 30 days upon the above terms.~~

~~The commission and the council shall cooperate in such manner and provide such information so as to make possible meaningful evaluation of these items and of the comments thereon in implementation of the purposes of Minnesota Statutes 1967, Section 473B.02. The commission shall prepare, submit and adopt a budget in the manner provided in, and otherwise comply with, the provisions of article I, section 14 of this act .~~

Sec. 8. Minnesota Statutes 1971, Chapter 473A, is amended by adding a section to read:

[473A.051] [TRANSPORTATION POLICY PLANS; FEDERAL PROGRAMS.] Subdivision 1. [TRANSPORTATION POLICY PLAN.] *The council shall adopt a transportation policy plan as a part of its comprehensive development guide as in article I, section 10 hereof, which shall include policies, relating to all*

transportation forms. The plan shall be designed to promote the legislative determinations, policies and purposes set forth in section 4 of this article to the end of providing the area an integrated and efficient transportation system. In addition to the requirements of Article I, Section 10 of this act regarding the use of the expertise of the commission, the state highway department and affected counties and municipalities may provide such technical assistance as may be requested by the council.

Subd. 2. The metropolitan council shall be the designated planning agency for any long-range comprehensive transportation planning required by Section 134 of the Federal Highway Act of 1962, Section 4 of Urban Mass Transportation Act of 1964 and Section 112 of Federal Aid Highway Act of 1973 and such other federal transportation laws as may hereinafter be enacted. The council shall assure administration and coordination of transportation planning with appropriate state, regional and other agencies, counties, and municipalities, and together with the commission shall establish such an advisory body consisting of citizen representatives, commission, municipality, county and appropriate state agency representatives in fulfillment of the planning responsibilities of the council and the commission.

Subd. 3. [FEDERAL AID.] For the purposes of this subdivision the term "governmental subdivision" includes municipalities, counties and other political subdivisions generally. If federal aid for transportation programs and projects is otherwise unavailable to an existing agency or governmental subdivision, the metropolitan council may cooperate with the government of the United States and any agency or department thereof and the affected agency or other governmental subdivision in establishing metropolitan area eligibility to receive federal aid, and may comply with the provisions of the laws of the United States and any rules and regulations made thereunder for the expenditure of federal moneys upon such projects as are proposed for federal assistance. If necessary to meet federal requirements, the council and the commission may be considered a single eligible unit to carry out their respective responsibilities. The metropolitan council may accept federal aid and other aid, either public or private, for and in behalf of the metropolitan area or any governmental subdivision of the state, for transportation programs and projects within the metropolitan area upon such terms and conditions as are or may be prescribed by the laws of the United States and any rules or regulations made thereunder, and is authorized to act as agent of any governmental subdivision of the state with jurisdiction in the metropolitan area upon request of such subdivision in accepting the aid in its behalf for such programs or projects financed either in whole or in part by federal aid. The governing body of any such subdivision is authorized to designate the metropolitan council as its agent for such purposes and to enter into an agreement with the council prescribing the terms and conditions of the agency relationship in accordance with state and federal laws, rules and regulations. The metropolitan council is authorized to designate an appropriate state agency as its agent for such purposes and to enter into an agreement with such agency prescribing the terms

*and conditions of the agency relationship in accordance with state and federal laws, rules and regulations.*

*Nothing contained herein shall limit any separate authority of agencies or governmental subdivisions of the state to contract for and receive federal aid.*

Sec. 9. Minnesota Statutes 1971, Section 473A.06, is amended by adding a subdivision to read:

*Subd. 1a. [DEVELOPMENT PROGRAM.] The commission shall prepare and submit in the manner provided in and satisfying the requirements of article I, section 13 of this act, a transportation development program, providing for the implementation of the policy plan adopted by the council. In preparing the program, the commission shall consult with counties and municipalities in the metropolitan area, the state highway department and the state planning agency, and for that purpose may create such advisory committees as may be necessary.*

*Such program shall provide for coordination of routes and operations of all publicly and privately owned transportation facilities within the area to the end that combined efficient and rapid transportation may be provided for the use of the public in the entire area. The commission may designate a segment of the system planned as a pilot or demonstration transportation project using, without limitation, new technology including airborne systems, or traditional systems of evolved or modern form. The transportation development program shall include the general alignment and profile, approximate points of access, facility classification, approximate cost, relation to other existing and planned transportation routes and facilities, and a statement of the expected general effect on present and future use of the property within the corridor. The program shall be accompanied with a statement of need for the proposed construction or improvement, a description of alternate routes which were considered, and an explanation of the advantages and disadvantages in the selection of any route considered. The transportation development program shall also contain a description of the type of right of way or routes required; the type of transit service to be provided in each portion of the system; designation of transit mode; and appropriate general operating criteria. The program may include such other information as the council or the commission deems necessary.*

Sec. 10. Minnesota Statutes 1971, Section 473A.05, is amended by adding a subdivision to read:

*Subd. 11. [APPROVAL OF HIGHWAY PROJECTS.] Before acquiring land for or constructing a controlled access highway in the area, hereinafter a project, the state highway department or local government unit proposing such acquisition or construction shall submit to the council a statement describing the proposed project. The statement shall be in the form and detail required by the council. Immediately upon receipt of the statement, the council shall transmit a copy to the commission, which shall review and evaluate the project in relationship to the development program*

*and report its recommendations and comments to the council. The council shall also review the statement to ascertain its consistency with its policy plan and the development guide. No such project may be undertaken unless the council determines that it is consistent with the policy plan and development program. That the Senate recede from its amendments and that H. F. No. 1835 be amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. [LEGISLATIVE FINDING.] It is hereby declared to be in the public interest that public utilities be regulated as hereinafter provided in order to provide the retail consumers of natural gas and electric service in this state with adequate and reliable services at reasonable rates, consistent with the financial and economic requirements of public utilities and their need to construct facilities to provide such services or to otherwise obtain energy supplies, to avoid unnecessary duplication of facilities which increase the cost of service to the consumer and to mini-

mize disputes between public utilities which may result in inconvenience or diminish efficiency in service to the consumers. Because municipal utilities are presently effectively regulated by the residents of the municipalities which own and operate them, it is deemed unnecessary to subject such utilities to regulation under this act except as specifically provided herein.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of this act the terms defined in this section have the meanings given them.

Except as otherwise provided, the provisions of this act shall not be applicable to any sale of natural gas or electricity by a public utility to another public utility for resale. No person shall be deemed to be a public utility if it presently furnishes its services only to tenants in buildings owned, leased or operated by such person. No person shall be deemed to be a public utility if it presently furnishes service to occupants of a mobile home or trailer park owned, leased or operated by such person. No person shall be deemed to be a public utility if it presently produces or furnishes service to less than 25 persons.

Subd. 5. "Rate" means every compensation, charge, fare, toll, tariff, rental and classification, or any of them, demanded, observed, charged, or collected by any public utility for any service and any rules, regulations, practices, or contracts affecting any such compensation, charge, fare, toll, rental, tariff or classification.

Subd. 6. "Service" means natural, manufactured or mixed gas and electricity; the installation, removal, or repair of equipment or facilities for delivering or measuring such gas and electricity.

Subd. 7. "Commission" means the public service commission of the department of public service.

Subd. 8. "Department" means the department of public service of the state of Minnesota.

Subd. 9. "Municipality" means any city however organized.

Sec. 3. [REASONABLE RATE.] Every rate made, demanded, or received by any public utility, or by any two or more public utilities jointly, shall be just and reasonable. Rates shall not be unreasonably preferential, unreasonably prejudicial or discriminatory, but shall be sufficient, equitable and consistent in application to a class of consumers. Any doubt as to reasonableness should be resolved in favor of the consumer. For rate making purposes a public utility may treat two or more municipalities served by it as a single class wherever the populations are comparable in size or the conditions of service are similar.

Sec. 4. [STANDARD OF SERVICE.] Every public utility shall furnish safe, adequate, efficient, and reasonable service; provided that service shall be deemed adequate if made so within 90 days after a person requests service. Upon application by a public utility, and for good cause shown, the commission may extend the period for not to exceed another 90 days.

Sec. 5. [PUBLISH SCHEDULES; REGULATIONS; FILES; JOINT RATES.] Subdivision 1. Every public utility shall file with the commission schedules showing all rates, tolls, tariffs and charges which it has established and which are in force at the time for any service performed by it within the state, or for any service in connection therewith or performed by any public utility controlled or operated by it.

Subd. 2. Every public utility shall file with and as a part of the schedule all rules and regulations that, in the judgment of the commission, in any manner affect the service or product, or the rates charged or to be charged for any service or product, as well as any contracts, agreements or arrangements relating to the service or product or the rates to be charged for any service or product to which the schedule is applicable as the commission may by general or special order direct.

Subd. 3. Every public utility shall keep copies of the schedules open to public inspection under rules and regulations as the commission may prescribe.

Sec. 6. [RECEIVING DIFFERENT COMPENSATION.] No public utility shall directly or indirectly, by any device whatsoever, or in any manner, charge, demand, collect, or receive from any person a greater or less compensation for any service rendered or to be rendered by the utility than that prescribed in the schedules of rates of the public utility applicable thereto when filed in the manner provided in this act, nor shall any person knowingly receive or accept any service from a public utility for a compensation greater or less than that prescribed in the schedules, provided that all rates being charged and collected by a public utility upon the effective date of this act may be continued until schedules are filed. Nothing in this act shall prevent a cooperative association from returning to its patrons the whole, or any part of, the net earnings resulting from its operations in proportion to their purchases from or through the association.

Sec. 7. [RATE PREFERENCE PROHIBITED.] No public utility shall, as to rates or service, make or grant any unreason-

able preference or advantage to any person or subject any person to any unreasonable prejudice or disadvantage.

Sec. 3. [DUTIES OF COMMISSION.] The commission is hereby vested with the powers, rights, functions, and jurisdiction to regulate in accordance with the provisions of this act every public utility as defined herein. The exercise of such powers, rights, functions, and jurisdiction is prescribed as a duty of the commission. The commission is authorized to make rules and regulations in furtherance of the purposes of this act.

Sec. 9. [STANDARDS; CLASSIFICATIONS; REGULATIONS; PRACTICES.] The commission, after hearing upon reasonable notice had upon its own motion or upon complaint, may ascertain and fix just and reasonable standards, classifications, regulations, or practices to be observed and followed by any or all public utilities with respect to the service to be furnished; ascertain and fix adequate and reasonable standards for the measurement of the quantity, quality, pressure, initial voltage, or other condition pertaining to the supply of the service; prescribe reasonable regulations for the examination and testing of the service and for the measurement thereof; establish or approve reasonable rules, regulations, specifications, and standards to secure the accuracy of all meters, instruments and equipment used for the measurement of any service of any public utility. Any standards, classifications, regulations, or practices now or hereafter observed or followed by any public utility may be filed by it with the commission, and the same shall continue in force until amended by the public utility or until changed by the commission as herein provided.

The commission may require the filing of all rates, including rates charged to and by public utilities. The commission is empowered to appear before the Federal Power Commission to offer evidence and to seek appropriate relief in any case in which the rates charged consumers within the state of Minnesota may be affected.

Sec. 10. [ACCOUNTING SYSTEM.] Subdivision 1. The commission shall establish a system of accounts to be kept by public utilities subject to its jurisdiction. A public utility which maintains its accounts in accordance with the system of accounts prescribed by a federal agency or authority shall be deemed to be in compliance with the system of accounts prescribed by the commission. Where optional accounting is prescribed by a federal agency or authority, the commission may prescribe which option is to be followed.

Subd. 2. Every public utility engaged directly or indirectly in any other business than that of the production, transmission or furnishing of natural gas or electric service shall, if required by the commission, keep and render separately to the commission in like manner and form the accounts of all the other business, in which case all the provisions of this act shall apply to the books, accounts, papers and records of the other business.

Subd. 3. Every public utility is required to keep and render its books, accounts, papers and records accurately and faithfully in the manner and form prescribed by the commission, and to comply with all directions of the commission relating to these books, accounts, papers and records.

Subd. 4. The commission may require any public utility to file annual reports in the form and content, having regard for the provisions of this section, as the commission may require, and special reports concerning any matter about which the commission is authorized to inquire or to keep itself informed. The commission may require the reports to be verified. The basic financial statements in the annual report of a public utility may, at the direction of the public service commission, be examined by an independent certified public accountant and his opinion thereof included in the annual report filed with the commission.

Subd. 5. [AUDIT AND INSPECTION.] The commission may require the examination and audit of all accounts, and all items shall be allocated to the accounts in the manner prescribed by the commission.

Subd. 6. The term public utility as used in this section includes a municipal utility.

Sec. 11. [DEPRECIATION RATES AND PRACTICES.] The commission shall fix proper and adequate rates and methods of depreciation, amortization, or depletion in respect of utility property, including utility property owned by a municipally owned gas or electric utility, and every public and every municipally owned gas and electric utility shall conform its depreciation, amortization or depletion accounts to the rates and methods fixed by the commission.

Sec. 12. [RIGHT OF ENTRANCE; INSPECTION.] Subdivision 1. The commissioners and the duly authorized officers and employees of the department, during business hours, may enter upon any premises occupied by any public utility for the purpose of making examinations and tests and to inspect the accounts, books, papers, and documents of any public utility for the purpose of exercising any power provided for in this act, and may set up and use on the premises any apparatus and appliance necessary therefor. Such public utility shall have the right to be represented at the making of the examinations, tests, and inspections. The public utility, its officers and employees, shall facilitate the examinations, tests, and inspections by giving every reasonable aid to the commissioners and any person or persons designated by the department for the duties aforesaid.

Subd. 2. The term public utility as used in this section includes a municipal utility.

Sec. 13. [PRODUCTION OF RECORDS.] Subdivision 1. The commission may require, by order served on any public utility in the manner provided herein for the service of orders, the production within this state at a reasonable time and place as the commission may designate, of any books, accounts, papers, or records of the public utility relating to its business or affairs

within the state, pertinent to any lawful inquiry and kept by said public utility in any office or place within or without this state, or, at its option, verified or photostatic copies in lieu thereof, so that an examination thereof may be made by the commission or under its direction.

Subd. 2. The term public utility as used in this section includes a municipal utility.

Sec. 14. [INVESTIGATION.] The commission upon complaint or upon its own initiative and whenever it may deem it necessary in the performance of its duties may investigate and examine the condition and operation of any public utility or any part thereof. In conducting the investigations the commission may proceed either with or without a hearing as it may deem best, but it shall make no order without affording the affected parties a hearing.

Sec. 15. [HEARINGS; EXAMINER.] The commission may, in addition to the hearings specifically provided for by this act, conduct any other hearings as may reasonably be required in the administration of the powers and duties conferred upon it by this act. The commission may designate one of its members to act as an examiner for the purpose of holding any hearing which the commission has the power or authority to hold or in the event parties to the hearing so stipulate the commission may designate a qualified commission employee as the examiner. Reasonable notice of all hearings shall be given the persons interested therein as determined by the commission.

Sec. 16. [RATE CHANGES; PROCEDURE; HEARING.] Subdivision 1. Unless the commission otherwise orders, no public utility shall change any rate which has been duly established under this act, except after 30 days notice to the commission, which notice shall include statements of facts, expert opinions, substantiating documents, and exhibits, supporting the change requested, and further shall state the change proposed to be made in the rates then in force, and the time when the modified rates will go into effect. The commission shall give written notice of the proposed change to the governing body of each municipality and county in the area affected. All proposed changes shall be shown by filing new schedules or shall be plainly indicated upon schedules on file and in force at the time.

Subd. 2. Whenever there is filed with the commission any schedule modifying or resulting in a change in any rates then in force, together with the filed statements of facts, expert opinions, substantiating documents, and exhibits, supporting the changes requested, the commission shall upon complaint or may upon its own motion, upon reasonable notice to the governing bodies of municipalities affected, conduct a hearing to determine whether the rates are unjust or unreasonable; and pending the hearing and the decision thereon, the commission, upon filing with the schedule of rates and delivering to the affected utility a statement in writing of its reasons therefor at any time before they become effective, may suspend the operation of the schedule

but not for a longer period than 90 days beyond the time when the schedule of rates would otherwise go into effect unless the commission shall find that a longer time will be required, in which case the commission may further extend the period for not to exceed a total of nine months. If the commission does not make a final determination concerning any schedule of rates within a period of nine months beyond the time when the schedule of rates would otherwise go into effect, under subdivision 1, the schedule shall be deemed to have been approved by the commission.

Subd. 3. Notwithstanding any order of suspension of a proposed increase in rates, the public utility may put the suspended schedule into effect on the date when it would have become effective if not suspended, or any date subsequent thereto within the suspension period, by filing with the commission a bond in an amount approved by the commission with sureties approved by the commission, conditioned upon the refund, in a manner to be prescribed by order of the commission, of the excess in increased rates, including interest thereon which shall be at the current rate of interest as determined by the commission, collected during the period of the suspension if the schedule so put into effect is finally disallowed by the commission. There may be substituted for the bond other arrangements satisfactory to the commission for the protection of persons affected. If the public utility fails to make refunds within the period of time prescribed by the commission, the commission shall sue therefor and is authorized to recover on behalf of all persons entitled to a refund. In addition to the amount of the refund and interest due, the commission shall be entitled to recover reasonable attorney's fees, court costs and estimated cost of administering the distribution of the refund to persons entitled thereto. No suit under this subdivision shall be maintained unless instituted within two years after the end of the period of time prescribed by the commission for repayment of refunds. However, no public utility shall put a suspended rate schedule into effect as provided by this subdivision until at least 90 days after the commission has made a determination concerning any previously filed change of the rate schedule or the change has otherwise become effective under subdivision 2.

Subd. 4. The burden of proof to show that the rate change is just and reasonable shall be upon the public utility seeking the change.

Subd. 5. If, after the hearing, the commission finds the rates to be unjust or unreasonable or discriminatory, the commission shall determine the level of rates to be charged or applied by the utility for the service in question and shall fix the same by order to be served upon the utility; and the rates are thereafter to be observed until changed, as provided by this act. In no event shall the rates exceed the level of rates requested by the public utility, except that individual rates may be adjusted upward or downward.

Subd. 6. The commission, in the exercise of its powers under this act to determine just and reasonable rates for public utilities,

shall give due consideration to the public need for adequate, efficient, and reasonable service and to the need of the public utility for revenue sufficient to enable it to meet the cost of furnishing the service, including adequate provision for depreciation of its utility property used and useful in rendering service to the public, and to earn a fair and reasonable return upon the investment in such property. In determining the rate base upon which the utility is to be allowed to earn a fair rate of return, the commission shall give due consideration to evidence of the cost of the property when first devoted to public use, to prudent acquisition cost to the public utility less appropriate depreciation on each, to construction work in progress, to offsets in the nature of capital provided by sources other than the investors, and any other factors or evidence material and relevant thereto. To the extent that construction work in progress is included in the rate base, the income used in determining the actual return on the public utility property shall include an allowance for funds used during construction.

Subd. 7. Notwithstanding any other provision of this act, the commission may permit a public utility to file rate schedules containing provisions for the automatic adjustment of charges for public utility service in direct relation to changes in federally regulated wholesale rates for energy delivered through interstate facilities or fuel used in generation of electricity or the manufacture of gas.

Sec. 17. [COMPLAINTS.] Subdivision 1. On its own motion or upon a complaint made against any public utility, by the governing body of any political subdivision, by another public utility, or by any 50 consumers of the particular utility that any of the rates, tolls, tariffs, charges, or schedules or any joint rate or any regulation, measurement, practice, act or omission affecting or relating to the production, transmission, delivery or furnishing of natural gas or electricity or any service in connection therewith is in any respect unreasonable, insufficient or unjustly discriminatory, or that any service is inadequate or cannot be obtained, the commission shall proceed, with notice, to make such investigation as it may deem necessary. The commission may dismiss any complaint without a hearing if in its opinion a hearing is not in the public interest.

Subd. 2. The commission shall, prior to any formal hearing, notify the public utility complained of that a complaint has been made, and ten days after the notice has been given the commission may proceed to set a time and place for a hearing and an investigation as provided in this section.

Subd. 3. The commission shall give the public utility and the complainant ten days notice of the time and place when and where the hearing will be held and such matters to be considered and determined. Both the public utility and complainant shall be entitled to be heard and be represented by counsel.

Subd. 4. Notice shall also be given to the governing bodies of affected municipalities and counties, and to any other persons the commission shall deem necessary.

Subd. 5. The notice provided for in subdivisions 2 and 3 may be combined but if combined the notice shall not be less than ten days.

Subd. 6. The commission shall have the power to hear, determine and adjust complaints made against any municipally owned gas or electric utility with respect to rates and services upon petition of ten percent of the non-resident consumers of the municipally owned utility or 25 such non-resident consumers whichever is less. The hearing of the complaints shall be governed by subdivisions 1 through 5 of this section.

Subd. 7. Minnesota Statutes, Section 15.0419, shall be applicable to all contested cases before the commission.

Sec. 18. [SERVICE OF NOTICE.] Service of notice of all hearings, investigations and proceedings pending before the commission and of complaints, reports, orders and other documents shall be made personally or by mail as the commission may direct.

Sec. 19. [JOINT HEARINGS AND INVESTIGATIONS.] In the discharge of its duties under this act, the commission may cooperate with similar commissions of other states and any federal agency and may hold joint hearings and make joint investigations with other commissions.

Sec. 20. [SEPARATE RATE HEARINGS.] The commission may, in its discretion, when complaint is made of more than one rate or charge, order separate hearings thereon, and may consider and determine the several matters complained of separately and at times it may prescribe.

Sec. 21. [SUMMARY INVESTIGATIONS.] Subdivision 1. Whenever the commission has reason to believe that any rate or charge may be unreasonable or unjustly discriminatory or that any service is inadequate or cannot be obtained or that an investigation of any matter relating to any public utility should for any reason be made, it may on its own motion summarily investigate the same with or without notice.

Subd. 2. If, after making the summary investigation, the commission becomes satisfied that sufficient grounds exist to warrant a formal hearing being ordered as to the matters investigated, it shall set a time and place for a hearing.

Subd. 3. Notice of the time and place for the hearing shall be made as provided in sections 17 and 18 of this act.

Sec. 22. Any municipality that regulates and controls the exercise of a public utility franchise by reason of its home rule charter on the effective date of this act is authorized to assist the public service commission as amicus curiae in any proceeding brought before the commission with respect to the rates, fares, prices, regulation or control of any utility operating therein.

Sec. 23. [LAWFUL RATES; REASONABLE SERVICE.] Subdivision 1. Whenever upon an investigation made under the provisions of this act, the commission shall find rates, tolls, charges,

schedules or joint rates to be unjust, unreasonable, insufficient or unjustly discriminatory or preferential or otherwise unreasonable or unlawful, the commission shall determine and by order fix reasonable rates, tolls, charges, schedules or joint rates to be imposed, observed and followed in the future in lieu of those found to be unreasonable or unlawful.

Subd. 2. Whenever the commission shall find any regulations, measurements, practices, acts or service to be unjust, unreasonable, insufficient, preferential, unjustly discriminatory or otherwise unreasonable or unlawful, or shall find that any service which can be reasonably demanded cannot be obtained, the commission shall determine and by order fix reasonable measurements, regulations, acts, practices or service to be furnished, imposed, observed and followed in the future in lieu of those found to be unreasonable, inadequate or otherwise unlawful, and shall make any other order respecting the measurement, regulation, act, practice or service as shall be just and reasonable.

Subd. 3. A copy of the order shall be served upon the person against whom it runs or his attorney, and notice thereof shall be given to the other parties to the proceedings or their attorneys.

Sec. 24. [CONSTRUCTION OF FACILITIES; COMMISSION APPROVAL.] Subdivision 1. The words "major utility facility" means: (1) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of 50 megawatts or more; (2) an electric transmission line and associated facilities of a design capacity of 125 kilovolts or more; and (3) a gas transmission line and associated facilities designed for, or capable of, transporting gas at pressures in excess of 125 pounds per square inch; provided, however, that the words "major utility facility" shall not include electric or gas distribution lines and gas gathering lines and associated facilities as defined by the commission.

Subd. 2. Under rules and regulations as the commission may prescribe, every public utility shall file with the commission, within the time and in the form as the commission may designate, plans showing any contemplated construction of major utility facilities.

Subd. 3. The provisions of this section shall apply to the construction of major utility facilities by a municipally owned gas or electric utility.

Sec. 25. [CHANGE; AMENDMENT; RECISION OF ORDERS.] The commission may at any time, on its own motion or upon motion of an interested party, and upon notice to the public utility and after opportunity to be heard, rescind, alter or amend any order fixing rates, tolls, charges or schedules, or any other order made by the commission, and may reopen any case following the issuance of an order therein, for the taking of further evidence or for any other reason. Any order rescinding, altering, amending or reopening a prior order shall have the same effect as an original order.

Sec. 26. [ORDERS; EFFECTIVE DATE.] Every decision made by the commission constituting an order or determination shall be in force and effective 20 days after it has been filed and has been served by personal delivery or by mailing a copy thereof to all parties to the proceeding in which the decision was made or to their attorneys, unless the commission shall specify a different date upon which the order shall be effective.

Sec. 27. [REHEARINGS BEFORE COMMISSION; CONDITION PRECEDENT TO JUDICIAL REVIEW.] Subdivision 1. Within 20 days after the service by the commission of any decision constituting an order or determination, any party to the proceeding and any other person, aggrieved by the decision and directly affected thereby, may apply to the commission for a rehearing in respect to any matters determined in the decision. The commission may grant and hold a rehearing on the matters, or upon any of them as it may specify in the order granting the rehearing, if in its judgment sufficient reason therefor exists.

Subd. 2. The application for a rehearing shall set forth specifically the grounds on which the applicant contends the decision is unlawful or unreasonable. No cause of action arising out of any decision constituting an order or determination of the commission or any proceeding for the judicial review thereof shall accrue in any court to any person or corporation unless the plaintiff or petitioner in the action or proceeding within 20 days after the service of the decision, shall have made application to the commission for a rehearing in the proceeding in which the decision was made. No person or corporation shall in any court urge or rely on any ground not so set forth in the application for rehearing.

Subd. 3. Applications for rehearing shall be governed by general rules which the commission may establish. In case a rehearing is granted the proceedings shall conform as nearly as may be to the proceedings in an original hearing, except as the commission may otherwise direct. If in the commission's judgment, after the rehearing, it shall appear that the original decision, order or determination is in any respect unlawful or unreasonable, the commission may reverse, change, modify or suspend the original action accordingly. Any decision, order or determination made after the rehearing reversing, changing, modifying or suspending the original determination shall have the same force and effect as an original decision, order or determination. Only one rehearing shall be granted by the commission; but this shall not be construed to prevent any party from filing a new application or complaint. No order of the commission shall become effective while an application for a rehearing or a rehearing is pending and until ten days after the application for a rehearing is either denied, expressly or by implication, or the commission has announced its final determination on rehearing.

Subd. 4. Any application for a rehearing not granted within 20 days from the date of filing thereof, shall be deemed denied.

Subd. 5. It is hereby declared that the legislative powers of the state, in so far as they are involved in the issuance of orders

and decisions by the commission, have not been completely exercised until the commission has acted upon an application for rehearing, as provided for by this section and by the rules of the commission, or until the application for rehearing has been denied by implication, as above provided for.

Sec. 28. [SUBPOENA; WITNESSES; FEES; AND MILEAGE.] The commission and each commissioner, or the secretary of the commission may issue subpoenas and all necessary processes in proceedings pending before it; and each process shall extend to all parts of the state and may be served by any person authorized to serve processes of courts of record. Each witness who shall appear before the commission, or at a hearing before one of the individuals designated by it as provided in section 15 of this act, or whose deposition is taken, shall receive for his attendance the fees and mileage now provided for witnesses in civil cases in courts of record.

Sec. 29. [OATHS; CONTEMPT; EXAMINER'S POWERS.] The commission and each of the commissioners or authorized examiner, for the purpose mentioned in this act, may administer oaths and examine witnesses. In case of failure on the part of any person to comply with any subpoena, or in the case of the refusal of any witness to testify concerning any matter on which he may be interrogated lawfully, any court of record of general jurisdiction or a judge thereof, on application of the commission, may compel obedience by proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court or a refusal to testify therein.

Sec. 30. [DEPOSITIONS.] The commission or any party to the proceedings may, in any investigation or hearing before the commission, cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for taking depositions in civil actions in the district court.

Sec. 31. [TESTIMONY AND PRODUCTION OF RECORDS; PERJURY.] No person shall be excused from testifying or from producing any book, document, paper or account in any investigation, or inquiry by, or hearing before, the commission or any commissioner, or person designated by it to conduct hearings, when ordered to do so, upon the ground that the testimony or evidence, book, document, paper, or account required of him may tend to incriminate him or subject him to penalty or forfeiture; but no person shall be prosecuted, punished, or subjected to any forfeiture or penalty for or on account of any act, transaction, matter, or thing concerning which he shall have been compelled under oath to testify or produce documentary evidence; provided, that no person so testifying shall be exempt from prosecution or punishment for any perjury committed by him in his testimony.

Sec. 32. [COPIES OF DOCUMENTS AS EVIDENCE.] Copies of official documents and orders filed or deposited according to law in the office of the commission, certified by a commissioner or by the secretary under the official seal of the commission to be true copies of the original shall be evidence in like manner as

the originals, in all matters before the commission and in the courts of this state.

Sec. 33. [ORDERS AND FINDINGS IN WRITING.] Every order, finding, authorization, or certificate issued or approved by the commission under any provisions of this act shall be in writing and filed in the office of the secretary of the commission. A certificate under the seal of the commission that any order, finding, authorization, or certificate has not been modified, stayed, suspended, or revoked, shall be received as evidence in any proceedings as to the facts therein stated.

Sec. 34. [PUBLIC RECORDS.] All decisions, transcripts, and orders of the commission shall be public records.

Sec. 35. [TRANSCRIBED RECORD TO BE KEPT.] A full and complete record shall be kept of all proceedings at any formal hearing had before the commission or any commissioner or hearing examiner and all testimony shall be taken down by a reporter appointed by the commission. A copy of the transcript shall be furnished on demand to any party to the proceedings upon payment of reasonable costs of reproduction.

Sec. 36. [FRANCHISES CONTINUED.] Any public utility furnishing the utility services enumerated in this act or occupying streets, highways, or other public property within a municipality may be required to obtain a license, permit, right or franchise in accordance with the terms, conditions, and limitations of regulatory acts of the municipality, including the placing of distribution lines and facilities underground, and under the license, permit, right, or franchise, the utility may be obligated by any municipality to pay to the municipality fees to raise revenue or defray increased municipal costs accruing as a result of utility operations, or both, including but not limited to a sum of money based upon gross operating revenues or gross earnings from its operations in the municipality so long as the public utility shall continue to operate in the municipality, unless upon request of the public utility it is expressly released from the obligation at any time by such municipality. All existing licenses, permits, franchises and other rights acquired by any public utility or municipality prior to the passage of this act including the payment of existing franchise fees, shall not be impaired or affected in any respect by the passage of this act, except with respect to matters of rate and service regulation and service area assignments that have been vested to the jurisdiction of the commission by this act. However, in the event that a court of competent jurisdiction determines, or the parties by mutual agreement determine, that an existing license, permit, franchises or other right has been abrogated or impaired by this act, or its execution, the municipality affected shall impose and the public utility shall collect an excise tax on the utility charges which from year to year yields an amount which is reasonably equivalent to that amount of revenue which then would be due as a fee, charges or other thing or service of value to the municipality under the franchise, license or permit. The authorization shall be over and above taxing limitations including, but not limited to those of

section 477A.01, subdivision 18. Franchises granted pursuant to this section shall be exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80C.

**Sec. 37. [ASSIGNED SERVICE AREAS; ELECTRIC UTILITIES.]** Subdivision 1. [LEGISLATIVE POLICY.] It is hereby declared to be in the public interest that, in order to encourage the development of coordinated statewide electric service at retail, to eliminate or avoid unnecessary duplication of electric utility facilities, and to promote economical, efficient, and adequate electric service to the public, the state of Minnesota shall be divided into geographic service areas within which a specified electric utility shall provide electric service to customers on an exclusive basis.

**Sec. 38. [DEFINITIONS.]** For the purpose of sections 37 through 44 only, the following definitions shall apply:

Subdivision 1. "Person" means a natural person, a partnership, private corporation, a public corporation, a municipality, an association, a cooperative whether incorporated or not, a joint stock association, a business trust, any political subdivision or agency, or two or more persons having joint or common interest.

Subd. 2. "Customer" means a person contracting for or purchasing electric service at retail from an electric utility.

Subd. 3. "Electric service" means electric service furnished to a customer at retail for ultimate consumption, but does not include wholesale electric energy furnished by an electric utility to another electric utility for resale.

Subd. 4. "Electric line" means lines for conducting electric energy at a design voltage of 25,000 volts phase to phase or less used for distributing electric energy directly to customers at retail.

Subd. 5. "Electric utility" means persons, their lessees, trustees, and receivers, separately or jointly, now or hereafter operating, maintaining or controlling in Minnesota equipment or facilities for providing electric service at retail and which fall within the definition of "public utility" in section 2, subdivision 4, and includes facilities owned by a municipality.

Subd. 6. "Assigned service area" means the geographical area in which the boundaries are established as provided in section 39 of this act.

Subd. 7. "Municipality" means any city, however organized.

**Sec. 39. [ASSIGNED SERVICE AREAS.]** Subdivision 1. On or before six months from the effective date of this section, or, when requested in writing by an electric utility and for good cause shown, and at a further time as the commission may fix by order, each electric utility shall file with the commission a map or maps showing all its electric lines outside of incorporated municipalities as they existed on the effective date of this section. Each electric utility shall also submit in writing a list of all municipalities in

which it provides electric service on the effective date of this act. Where two or more electric utilities serve a single municipality, the commission may require each utility to file with the commission a map showing its electric lines within the municipality.

Subd. 2. On or before 12 months from the effective date of this section, the commission shall after notice and hearing establish the assigned service area or areas of each electric utility and shall prepare or cause to be prepared a map or maps to accurately and clearly show the boundaries of the assigned service area of each electric utility.

Subd. 3. To the extent that it is not inconsistent with the legislative policy stated in subdivision 1 of section 37, the boundaries of each assigned service area, outside of incorporated municipalities, shall be a line equidistant between the electric lines of adjacent electric utilities as they exist on the effective date of this section; provided that these boundaries may be modified by the commission to take account of natural and other physical barriers including, but not limited to, highways, waterways, railways, major bluffs, and ravines and shall be modified to take account of the contracts provided for in subdivision 4; and provided further that at any time after the effective date of the section, the commission may on its own or at the request of an electric utility make changes in the boundaries of the assigned service areas, but only after notice and hearing as provided for in sections 17 and 18.

Subd. 4. Contracts between electric utilities, which are executed on or before 12 months from the effective date of this section, designating service areas and customers to be served by the electric utilities when approved by the commission shall be valid and enforceable and shall be incorporated into the appropriate assigned service areas. The commission shall approve a contract if it finds that the contract will eliminate or avoid unnecessary duplication of facilities, will provide adequate electric service to all areas and customers affected and will promote the efficient and economical use and development of the electric systems of the contracting electric utilities.

Subd. 5. Where a single electric utility provides electric service within a municipality on the effective date of this section, that entire municipality shall constitute a part of the assigned service area of the electric utility in question. Where two or more electric utilities provide electric service in a municipality on the effective date of this section, the boundaries of the assigned service areas shall conform to those contained in municipal franchises with the electric utilities on the effective date of this section. In the absence of a franchise, the boundaries of the assigned service areas within an incorporated municipality shall be a line equidistant between the electric lines of the electric utilities as they exist on the effective date of this section; provided that these boundaries may be modified by the commission to take account of natural and other physical barriers including, but not limited to, major streets or highways, waterways, railways, major bluffs and ravines and shall be modified to take account of the contracts provided for in subdivision 4.

Subd. 6. In those areas where, on the effective date of this section, the existing electric lines of two or more electric utilities are so intertwined that subdivisions 2 through 5 cannot reasonably be applied, the commission shall determine the boundaries of the assigned service areas for the electric utilities involved as will promote the legislative policy in section 37, subdivision 1.

Sec. 40. [EXCLUSIVE SERVICE RIGHTS.] Except as provided in section 42, each electric utility shall have the exclusive right to provide electric service at retail to each and every present and future customer in its assigned service area and no electric utility shall render or extend electric service at retail within the assigned service area of another electric utility unless the electric utility consents thereto in writing; provided that any electric utility may extend its facilities through the assigned service area of another electric utility if the extension is necessary to facilitate the electric utility connecting its facilities or customers within its own assigned service area.

Sec. 41. [EFFECT OF INCORPORATION, ANNEXATION, OR CONSOLIDATION.] After the effective date of this section, the inclusion by incorporation, consolidation, or annexation of any part of the assigned service area of an electric utility within the boundaries of any municipality shall not in any respect impair or affect the rights of the electric utility to continue and extend electric service at retail throughout any part of its assigned service area unless a municipality which owns and operates an electric utility elects to purchase the facilities and property of the electric utility as provided in section 44 of this act.

Sec. 42. [SERVICE EXTENSIONS IN CERTAIN SITUATIONS.] Subdivision 1. Notwithstanding the establishment of assigned service areas for electric utilities provided for in section 39, customers located outside municipalities and who require electric service with a connected load of 2,000 kilowatts or more shall not be obligated to take electric service from the electric utility having the assigned service area where the customer is located if, after notice and hearing, the commission so determines after consideration of following factors:

- (a) the electric service requirements of the load to be served;
- (b) the availability of an adequate power supply;
- (c) the development or improvement of the electric system of the utility seeking to provide the electric service, including the economic factors relating thereto;
- (d) the proximity of adequate facilities from which electric service of the type required may be delivered;
- (e) the preference of the customer;
- (f) any and all pertinent factors affecting the ability of the utility to furnish adequate electric service to fulfill customers' requirements.

Subd. 2. Notwithstanding the provisions in section 39, any electric utility may extend electric lines for electric service to its own utility property and facilities.

Sec. 43. [HEARINGS; COMPLAINTS.] Upon the filing of an application under section 42 or upon complaint by an affected utility that the provisions of section 39 through 42 have been violated, the commission shall hold a hearing, upon notice, within 15 days after the filing of the application of complaint, and shall render its decision within 30 days after said hearing.

Sec. 44. [SERVICE EXTENSIONS IN ANNEXED AREAS; MUNICIPAL PURCHASE.] Notwithstanding the provisions of sections 38 through 42 of this act, whenever a municipality which owns and operates an electric utility extends its corporate boundaries through annexation or consolidation, the municipality shall thereafter furnish electric service to the annexed area unless the area is already receiving electric service from an electric utility, in which event, the annexing municipality may purchase the facilities of the electric utility serving the annexed area. The municipality acquiring the facilities shall pay to the utility formerly serving the annexed area the appropriate value of its properties within the area which payment may be by exchange of other electric utility property outside the municipality on an appropriate basis giving due consideration to revenue from and value of the respective properties. In the event the municipality and the electric utility involved are unable to agree as to the terms of the payment or exchange, the municipality or the electric utility may file an application with the commission requesting that the commission determine the appropriate terms for the exchange or sale. After notice and hearing, the commission shall determine appropriate terms for an exchange, or in the event no appropriate properties can be exchanged, the commission shall fix and determine the appropriate value of the property within the annexed area, and the transfer shall be made as directed by the commission. In making that determination the commission shall consider the original cost of the property, less depreciation, loss of revenue to the utility formerly serving the area, expenses resulting from integration of facilities, and other appropriate factors. Until the determination by the commission, the facilities shall remain in place and service to the public shall be maintained by the owner. However, the electric utility being displaced, serving the annexed area, shall not extend service to any additional points of delivery within the annexed area if the commission, after notice and hearing, with due consideration of any unnecessary duplication of facilities, shall determine that the extension is not in the public interest.

When property of a public utility located within an area annexed to a municipality which owns and operates a public utility is proposed to be acquired by the municipality, ratification by the electors is not required.

Sec. 45. [MUNICIPAL PURCHASE OF PUBLIC UTILITY.] Any public utility operating in a municipality under a license, permit, right or franchise shall be deemed to have consented to

the purchase by the municipality, for just compensation, of its property operated in the municipality under such license, permit, right or franchise. The municipality, subject to the provisions of this act, may purchase the property upon notice to the public utility as herein provided. Whenever the commission is notified by the municipality or the public utility affected that the municipality has, pursuant to law, determined to purchase the property of the public utility, and that the parties to the purchase and sale have been unable to agree on the amount to be paid and received therefor, the commission shall set a time and place for a public hearing, after not less than 30 days notice to the parties, upon the matter of just compensation or the matter of the property to be purchased. Within a reasonable time the commission shall, by order, determine the just compensation for the property to be purchased by the municipality. In determining just compensation, the commission shall consider the original cost of the property less depreciation, loss of revenue to the utility, expenses resulting from integration of facilities and other appropriate factors. The order of the commission may be reviewed as provided in section 52 of this act. Commission expenses arising out of the exercise of its jurisdiction under this section shall be assessed to the municipality.

Sec. 46. [MUNICIPAL PROCEDURE; NOTICE; ELECTION.] Any municipality which desires to acquire the property of a public utility as authorized under the provisions of section 45 of this act may determine to do so by resolution of the governing body of the municipality taken after a public hearing of which at least 30 days published notice shall be given as determined by the governing body. The determination shall become effective when ratified by a majority of the qualified electors voting on the question at a special election to be held for that purpose, not less than 60 nor more than 120 days after the resolution of the governing body of the municipality.

Sec. 47. [ACQUISITION BY EMINENT DOMAIN.] Nothing in this act shall be construed to preclude a municipality from acquiring the property of a public utility by eminent domain proceedings; provided that damages to be paid in eminent domain proceedings shall include the original cost of the property less depreciation, loss of revenue to the utility, expenses resulting from integration of facilities, and other appropriate factors.

Sec. 48. [RELATIONS WITH AFFILIATED INTERESTS.] Subdivision 1. "Affiliated interests" with a public utility means the following:

(a) Every corporation and person owning or holding directly or indirectly five percent or more of the voting securities of such public utility.

(b) Every corporation and person in any chain of successive ownership of five percent or more of voting securities.

(c) Every corporation five percent or more of whose voting securities is owned by any person or corporation owning five percent or more of the voting securities of such public utility or by

any person or corporation in any such chain of successive ownership of five percent or more of voting securities.

(d) Every person who is an officer or director of such public utility or of any corporation in any chain of successive ownership of five percent or more of voting securities.

(e) Every corporation operating a public utility or a servicing organization for furnishing supervisory, construction, engineering, accounting, legal and similar services to utilities, which has one or more officers or one or more directors in common with the public utility, and every other corporation which has directors in common with the public utility where the number of the directors is more than one-third of the total number of the utility's directors.

(f) Every corporation or person which the commission may determine as a matter of fact after investigation and hearing is actually exercising any substantial influence over the policies and actions of the public utility even though the influence is not based upon stockholding, stockholders, directors or officers to the extent specified in this section.

(g) Every person or corporation who or which the commission may determine as a matter of fact after investigation and hearing is actually exercising substantial influence over the policies and actions of the public utility in conjunction with one or more other corporations or persons with which or whom they are related by ownership or blood relationship or by action in concert that together they are affiliated with such public utility within the meaning of this section even though no one of them alone is so affiliated.

Subd. 2. The term "person" as used in subdivision 1 of this section shall not be construed to exclude trustees, lessees, holders of beneficial equitable interest, voluntary associations, receivers and partnerships.

Subd. 3. No contract or arrangement providing for the furnishing of management, supervisory, construction, engineering, accounting, legal, financial or similar services, and no contract or arrangement for the purchase, sale, lease or exchange of any property, right, or thing, or for the furnishing of any service, property, right, or thing, other than those above enumerated, made or entered into after the effective date of this act between a public utility and any affiliated interest as defined in this act, shall be valid or effective unless and until the contract or arrangement has received the written approval of the commission. It shall be the duty of every public utility to file with the commission a verified copy of the contract or arrangement, or a verified summary of the unwritten contract or arrangement, and also of all the contracts and arrangements, whether written or unwritten, entered into prior to the effective date of this act and in force and effect at that time. The commission shall approve the contract or arrangement made or entered into after that date only if it shall clearly appear and be established upon investigation that it is reasonable and consistent with the public interest. No contract or arrangement shall receive the commission's approval unless satisfactory proof is

submitted to the commission of the cost to the affiliated interest of rendering the services or of furnishing the property or service described herein to each public utility. No proof shall be satisfactory within the meaning of the foregoing sentence unless it includes the original or verified copies of the relevant cost records and other relevant accounts of the affiliated interest, or an abstract or summary as the commission may deem adequate, properly identified and duly authenticated, provided, however, that the commission may, where reasonable, approve or disapprove the contracts or arrangements without the submission of cost records or accounts. The burden of proof to establish the reasonableness of the contract or arrangement shall be on the public utility.

Subd. 4. The provisions of this section requiring the written approval of the commission shall not apply to transactions with affiliated interests where the amount of consideration involved is not in excess of \$10,000 or five percent of the capital equity of the utility whichever is smaller; provided, however, that regularly recurring payments under a general or continuing arrangement which aggregate a greater annual amount shall not be broken down into a series of transactions to come within the aforesaid exemption. Such transactions shall be valid or effective without commission approval under this section. However, in any proceeding involving the rates or practices of the public utility, the commission may exclude from the accounts of such public utility any payment or compensation made pursuant to the transaction unless the public utility shall establish the reasonableness of the payment or compensation.

Subd. 5. In any proceeding, whether upon the commission's own motion or upon application or complaint, involving the rates or practices of any public utility, the commission may exclude from the accounts of the public utility any payment or compensation to an affiliated interest for any services rendered or property or service furnished, as above described, under existing contracts or arrangements with the affiliated interest unless the public utility shall establish the reasonableness of the payment or compensation.

Subd. 6. The commission shall have continuing supervisory control over the terms and conditions of the contracts and arrangements as are herein described so far as necessary to protect and promote the public interest. The commission shall have the same jurisdiction over the modifications or amendment of contracts or arrangements as are herein described as it has over such original contracts or arrangements. The fact that the commission shall have approved entry into such contracts or arrangements as described herein shall not preclude disallowance or disapproval of payments made pursuant thereto, if upon actual experience under such contract or arrangement it appears that the payments provided for or made were or are unreasonable.

Subd. 7. The provisions of this section shall not apply to cooperative electric associations.

Franchises granted pursuant to this section shall be exempt

from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80C.

Sec. 49. [SECURITIES.] Subdivision 1. For the purpose of this section, "security" means any note; stock; treasury stock; bond; debenture; evidence of indebtedness; assumption of any obligation or liability as a guarantor, endorser, surety, or otherwise in the security of another person; certificate of interest or participation in any profit sharing agreement; collateral trust certificate; preorganization certificate or subscription; transferable shares; investment contract; voting trust certificate; certificate of deposit for a security; certificate of interest or participation in an oil, gas or mining right, title or lease or in payments out of production under an oil, gas, or mining right, title or lease; or, in general, any interest or instrument commonly known as a security, or any certificate for, receipt for guarantee of, or warrant or right to subscribe to or purchase, any of the foregoing.

Subd. 2. For the purpose of this section, "capital structure" is the total capitalization of the public utility including, but not limited to, all outstanding common stock, preferred stock, and the permanent financing of said public utility represented by long term debt, and shall further include retained earnings and paid in surplus in excess of par values.

Subd. 3. It shall be unlawful for any public utility organized under the laws of this state to offer or sell any security or, if organized under the laws of any other state or foreign country, to subject property in this state to an encumbrance for the purpose of securing the payment of any indebtedness unless the capital structure of the public utility shall first be approved by the commission. Approval by the commission shall be by formal written order.

Subd. 4. Upon the application of a public utility for approval of its capital structure prior to the issuance of any security or the encumbrance of any property for the purpose of securing the payment of any indebtedness, the commission may make such inquiry or investigation, hold such hearings, and examine such witnesses, books, papers, documents, or contracts, as in its discretion it may deem necessary. Prior to approval the commission shall ascertain that the amount of securities of each class which any public utility may issue shall bear a reasonable proportion to each other and to the value of the property, due consideration being given to the nature of the business of the public utility, its credit and prospects, the possibility that the value of the property may change from time to time, the effect which the issue shall have upon the management and operation of the public utility, and other considerations which the commission as a matter of fact shall find to be relevant. If the commission shall find that the proposed capital structure is reasonable and proper and in the public interest and will not be detrimental to the interests of the consumers and patrons affected thereby, the commission shall by written order grant its permission for the proposed public financing.

Subd. 5. The requirements of this section are in addition to any other requirements of law and, specifically, the requirements of Minnesota Statutes, 1973 Supplement, Chapter 80A, and the rules and regulations promulgated pursuant thereto.

Subd. 6. The provisions of this section shall not apply to cooperative electric associations.

Sec. 50. [ACQUIRING PROPERTY; MERGER.] Subdivision 1. No public utility shall sell, acquire, lease, or rent any plant as an operating unit or system in this state for a total consideration in excess of \$100,000, or merge or consolidate with another public utility operating in this state, without first being authorized so to do by the commission. Upon the filing of an application for the approval and consent of the commission thereto the commission shall investigate, with or without public hearing, and in case of a public hearing, upon such notice as the commission may require, and if it shall find that the proposed action is consistent with the public interest it shall give its consent and approval by order in writing. In reaching its determination the commission shall take into consideration the reasonable value of the property, plant, or securities to be acquired or disposed of, or merged and consolidated. The provisions of this section shall not be construed as applicable to the purchase of units of property for replacement or to the addition to the plant of the public utility by construction.

Subd. 2. The provisions of this section shall not apply to cooperative electric associations.

Subd. 3. Mergers and consolidations as enumerated in subdivision 1 hereof shall be exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80B.

Sec. 51. [STOCK PURCHASE.] Subdivision 1. No public utility shall purchase voting stock in another public utility doing business in Minnesota without first having made application to and received the consent of the commission in writing or by order.

Subd. 2. The provisions of this section shall not apply to cooperative electric associations.

Subd. 3. Mergers and consolidations as enumerated in subdivision 1 hereof shall be exempt from the provisions of Minnesota Statutes, 1973 Supplement, Chapter 80B.

Sec. 52. [APPEALS.] Subdivision 1. Any party to a proceeding before the commission or any other person, aggrieved by a decision and order and directly affected thereby, shall be entitled to appeal from such decision and order of the commission. The proceedings shall be instituted by serving a notice of appeal personally or by registered mail upon the commission or one of its members or upon its secretary, and by filing the notice in the office of the clerk of the district court of the county of Ramsey or of the county in which the appellant resides or maintains his principal place of business, all within 30 days after the service of the order and decision of the commission or in cases where a rehearing is requested within 30 days after service of the order

finally disposing of the application for the rehearing, or within 30 days after the final disposition by operation of law of the application for rehearing. The notice shall state the nature of the appellant's interest, the facts showing that the appellant is aggrieved and directly affected by the decision, and the grounds upon which the appellant contends that the decision should be reversed or modified. Copies of the notice shall be served, personally or by registered mail, not later than 30 days after the institution of the appeal, upon all parties who appeared before the commission in the proceeding in which the order sought to be reviewed was made. The commission and all parties to the proceeding before it, shall have the right to participate in the appeal. The court, in its discretion, may permit other interested parties to intervene.

Subd. 2. Every person served with a notice of appeal as provided in this section and who desires to participate in the appeal thereby instituted shall, within 20 days after the service of the notice, serve upon the appellant a notice of appearance stating his position with reference to the affirmance, vacation, or modification of the order or decision under appeal. The notice, other than by the named respondent, shall also be served on the named respondent and the attorney general, and shall be filed, together with proof of required service, with the clerk of the reviewing court within ten days after service. Service of all subsequent papers or notices in the appeal need be made only upon the appellant and other persons who have served and filed the notice as herein provided or have been permitted to intervene in the proceeding, as parties, by order of the court.

Subd. 3. Within 30 days after service of the notice of appeal upon the commission, or within a further time as the court may allow, the commission shall transmit to the court the original or a certified copy of the entire record of the proceedings in which the decision under appeal was made, including all pleadings, notices, testimony, exhibits, findings, decisions, orders, and exceptions; but by stipulation of all parties to the appeal the record may be shortened by eliminating any portion. The cost of preparing the transcript of the testimony, objections, rulings, and exceptions, shall be paid by the appellant to the official reporter of the commission. Any party, other than the commission, refusing to stipulate to limit the record may be taxed by the court for the additional costs.

Subd. 4. The appeal shall be conducted by the court without a jury and shall be confined to the record, arguments and brief, except that in cases of alleged irregularities in procedure before the commission testimony thereon may be taken in the court. The court may affirm the decision of the commission or may reverse or modify it.

Subd. 5. Any party, including the commission, may secure a review of the final judgment of the district court by appeal to the supreme court. The appeal shall be taken in the manner provided by law for appeals from the district court in other civil cases, except that the time for appeal shall be limited to 30 days from the notice of entry of the judgment.

Sec. 53. [SUSPENSION OF COMMISSION ORDERS.] The pendency of proceedings on appeal shall not of itself stay or suspend the operation of the order of the commission, but during the pendency of the proceedings the court in its discretion may stay or suspend, in whole or in part, the operation of the commission's order on terms it deems just, and in accordance with the practice of courts exercising equity jurisdiction, but no stay shall be granted without notice to the parties and opportunity to be heard by the court. Any party shall have the right to secure from the court in which an appeal of an order of the commission is sought an order suspending or staying the operation of an order of the commission, pending an appeal of the order, but no commission order relating to rates or rules and regulations shall be stayed or suspended absent a finding that great or irreparable damage would otherwise result to the party seeking the stay or suspension, and any order staying or suspending a commission order shall specify the nature of the damage.

In case the order of the commission is stayed or suspended, the court shall require a bond with good and sufficient surety, conditioned that the public utility petitioning for review shall answer for all damages caused by the delay in enforcing the order of the commission, and for all compensation for whatever sums for transmission or service any person shall be compelled to pay pending review proceedings in excess of the sum the person or corporation would have been compelled to pay had the commission's order not been stayed or suspended. The court, may, in addition or in lieu of the bond require other further security for the payment of such excess damages or charges it deems proper.

Sec. 54. [ACTIONS BY COMMISSION; ATTORNEY GENERAL TO INSTITUTE.] Whenever the commission shall be of the opinion that any person or public utility is failing or omitting or is about to fail or omit to do anything required of it by this act or by any order of the commission, or is doing anything or about to do anything, or permitting anything or about to permit anything to be done, contrary to or in violation of this act or of any order of the commission, it shall refer the matter to the attorney general who shall take appropriate legal action.

Sec. 55. [PRIORITY OF ACTION.] All actions and proceedings under this act, and all actions or proceedings to which the commission or the state of Minnesota may be parties, and in which any question arises under this act, or under or concerning any order or decision of the commission, shall be preferred over all other civil causes, except election causes, irrespective of position on the calendar.

Sec. 56. [BURDEN OF PROOF.] In all proceedings before the commission in which the modification or vacation of any order of the commission is sought, the burden of proof shall be on the person seeking such modification or vacation.

Sec. 57. [PENALTIES.] Any person who knowingly and intentionally violates any provision of this act, or who knowingly and intentionally fails, omits, or neglects to obey, observe, or comply with any lawful order, or any part or provision thereof, of the

commission is subject to a penalty of not less than \$100 nor more than \$1,000 for each violation.

Sec. 58. [ACTS; OMISSION; FAILURE; CONSTRUCTION THEREOF.] In construing and enforcing the provision of this act relating to penalties, the act, omission, or failure of any officer, agent or employee of any person acting within the scope of his official duties of employment shall in every case be deemed to be also the act, omission, or failure of that person.

Sec. 59. [CONTINUING VIOLATIONS.] Every violation of the provisions of this act or of any lawful order of the commission, or any part or portion thereof by any person, is a separate and distinct offense, and in case of a continuing violation after a first conviction thereof each day's continuance thereof shall be deemed to be a separate and distinct offense.

Sec. 60. [PENALTIES CUMULATIVE.] All penalties accruing under this act shall be cumulative, and a suit for the recovery of one penalty shall not be a bar to or affect the recovery of any other penalty or forfeiture or be a bar to any criminal prosecution against any public utility or any officer, director, agent, or employee thereof or any person.

Sec. 61. [ACTIONS TO RECOVER PENALTIES.] Actions to recover penalties under this act shall be brought in the name of the state of Minnesota in the district court of Ramsey County.

Sec. 62. [COST OF EXAMINATION; ASSESSMENT OF EXPENSES; LIMITATIONS; OBJECTIONS.] Subdivision 1. Immediately after the passage and adoption of this act, the commission shall assess to all public utilities subject to the provisions of this act in proportion to their respective gross operating revenues, as hereinafter defined, during the preceding calendar year, the sum of \$300,000. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed, by registered mail, to the several public utilities, which shall constitute notice of said assessment and demand of payment thereof.

Subd. 2. Whenever the commission, in a proceeding upon its own motion, on complaint, or upon an application to it, shall deem it necessary, in order to carry out the duties imposed by this act, to investigate the books, accounts, practices, and activities of, or make appraisals of the property of any public utility, or to render any engineering or accounting services to any public utility, the public utility shall pay the expenses reasonably attributable to the investigation, appraisal, or service. The commission shall ascertain the expenses, and the department shall render a bill therefor to the public utility, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress, which bill shall constitute notice of the assessment and a demand for payment. The amount of the bills so rendered by the department shall be paid by the public utility into the state treasury within 30 days from the date of rendition. The total amount, in any one calendar year, for which any public utility shall become liable, by reason of costs incurred by the commission within that calendar year, shall not exceed two-fifths of one percent of the

gross operating revenue from retail sales of gas, or electric service by the public utility within the state in the last preceding calendar year. Where, pursuant to this subdivision, costs are incurred within any calendar year which are in excess of two-fifths of one percent of the gross operating revenues, the excess costs shall not be chargeable as part of the remainder under subdivision 3 of this section, but shall be paid out of the general appropriation to the department. In the case of public utilities offering more than one public utility service only the gross operating revenues from the public utility service in connection with which the investigation is being conducted shall be considered when determining this limitation.

Subd. 3. The department shall annually, within 90 days after the close of each fiscal year, ascertain the total of its expenditures to the performance of its duties relating to public utilities under this act, and shall deduct therefrom all amounts chargeable to public utilities under subdivision 2 of this section. The remainder shall be assessed by the commission to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed to the several public utilities, which shall constitute notice of the assessment and demand of payment thereof. The total amount which may be assessed to the public utilities, under authority of this subdivision, shall not exceed one-eighth of one percent of the total gross operating revenues of the public utilities during such calendar year from retail sales of gas or electric service within the state.

Subd. 4. Within 30 days after the date of the mailing of any bill as provided by subdivisions 2 and 3, the public utility against which the bill has been rendered may file with the commission objections setting out the grounds upon which it is claimed the bill is excessive, erroneous, unlawful or invalid. The commission shall within 60 days hold a hearing and issue an order in accordance with its findings. The order shall be appealable in the same manner as other final orders of the commission.

Subd. 5. All moneys deposited in the state treasury pursuant to the provisions of this act shall be credited to the general fund. There is appropriated, upon passage of the act to the department of public service, from the general fund for the biennium ending June 30, 1975, the sum of \$300,000 for the purposes of this act.

Sec. 63. [INTEREST ON ASSESSMENTS.] The amounts assessed against any public utility not paid after 30 days after the mailing of a notice advising the public utility of the amount assessed against it, shall draw interest at the rate of six percent per annum, and upon failure to pay the assessment the attorney general shall proceed by action in the name of the state against the public utility to collect the amount due, together with interest and the cost of the suit.

Sec. 64. [ATTORNEY GENERAL TO REPRESENT COMMISSION.] The attorney general of the state shall, upon request of

the commission, represent and appear for the commission in all actions and proceedings involving any question under this act, and shall aid in any investigation or hearing had under the provisions of this act. The attorney general shall perform all duties and services in connection with this act and the enforcement thereof as the commission may require. He shall also bring all actions to collect penalties herein provided.

Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 1759, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments, and the bill be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [PURPOSE.] The legislature finds that the pressure of urbanization and development threatens the most valuable remaining large recreational open space areas in the metropolitan area at the same time as the need for such areas is increased. Immediate action is therefore necessary to provide funds to acquire, preserve, protect and develop regional recreational open space for public use.

Sec. 2. [DEFINITIONS.] Subdivision 1. As used in sections 1 to 10, the terms defined in this section have the meanings given them.

Sec. 4. [REGIONAL RECREATION OPEN SPACE SYSTEM POLICY PLAN.] Subdivision 1. The metropolitan council after consultation with the commission, municipalities, park districts and counties in the metropolitan area, and after appropriate pub-

lic hearings, shall prepare and adopt not later than January 1, 1975, a long range system policy plan for regional recreation open space as part of the council's metropolitan development guide. The plan shall substantially conform to all policy statements, purposes, goals, standards, and maps in development guide sections and comprehensive plans as developed and adopted by the council pursuant to the chapters of the Minnesota Statutes directly relating to the council. The policy plan shall identify generally the areas which should be acquired by a public agency to provide a system of regional recreation open space comprising park district, county and municipal facilities which, together with state facilities, reasonably will meet the outdoor recreation needs of the people of the metropolitan area and shall establish priorities for acquisition and development. In preparing or amending the policy plan the council shall consult with and make maximum use of the expertise of the commission. The policy plan shall include a five year capital improvement program, which shall be revised periodically, and shall establish criteria and priorities for the allocation of funds for such acquisition and development.

Subd. 2. [PROCEDURE.] Before adopting the policy plan, the council shall submit the proposed plan to the commission for its review, and the commission shall report its comments to the council within 60 days. The council shall hold a public hearing on the proposed policy plan at such time and place in the metropolitan area as it shall determine. Not less than 15 days before the hearing, the council shall publish notice thereof in a newspaper or newspapers having general circulation in the metropolitan area, stating the date, time and place of hearing, and the place where the proposed policy plan and commission comments may be examined by any interested person. At any hearing interested persons shall be permitted to present their views on the policy plan, and the hearing may be continued from time to time. After receipt of the commission's report and hearing, the council may revise the proposed plan giving appropriate consideration to all comments received, and thereafter shall adopt the plan by resolution. An amendment to the policy plan may be proposed by the council or by the commission. At least every four years the council shall engage in a comprehensive review of the policy plan, development guide sections, comprehensive plans, capital improvement programs and other plans in substantial conformance with the requirements of subdivision 1 which have been adopted by the council.

Sec. 5. [MASTER PLAN.] Subdivision 1. [ADOPTION.] Each park district located wholly or partially within the metropolitan area, and each county in the metropolitan area not wholly within a park district, shall prepare, after consultation with all affected municipalities, and submit to the metropolitan council, and from time to time revise and resubmit to the council, a master plan and annual budget for the acquisition and development of regional recreation open space located within the district or county, consistent with the council's policy plan.

Subd. 2. [COUNCIL REVIEW.] The metropolitan council shall

review with the advice of the commission, each master plan to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall return the plan with its comments to the municipalities, park district or county for revision and resubmittal.

Sec. 6. [GRANTS.] Subdivision 1. The metropolitan council with the advice of the commission may make grants, from any funds available to it for recreation open space purposes, to any municipality, park district or county located wholly or partially within the metropolitan area to cover the cost, or any portion of the cost, of acquiring or developing regional recreation open space in accordance with the policy plan; and all such agencies may enter into contracts for this purpose or rights or interests therein. The cost of acquisition shall include any payments required for relocation pursuant to Minnesota Statutes, 1973 Supplement, Sections 117.50 to 117.56. No more than 80 percent of the funds available under this act shall be used for acquisition of regional recreation open space and no more than 30 percent shall be used for development of regional recreation open space.

Subd. 2. In order to avoid further delays in acquisition and development of regional recreational open spaces heretofore identified by the council and within existing metropolitan development guidelines, the metropolitan council is authorized to immediately make grants to acquire or develop such areas. The existing development guide sections on regional recreation open space shall continue in force and effect and shall constitute the policy plan until the adoption of revisions or modifications pursuant to section 4.

Sec. 7. [SALES OF BONDS.] Subdivision 1. The metropolitan council may by resolution authorize the issuance of general obligation bonds of the council such that the amount outstanding and undischarged at any time shall not exceed \$40,000,000, for which its full faith and credit and taxing powers shall be pledged, for the acquisition and betterment of regional recreation open space in accordance with this act. The metropolitan council may also issue general obligation bonds for the purpose of refunding outstanding obligations issued hereunder. The amount of refunding bonds that may be issued from time to time shall not be subject to the dollar limitation contained in this subdivision nor shall such refunding bonds be included in computing the amount of bonds that may be issued within such dollar limitation.

Subd. 2. The metropolitan council shall sell and issue such bonds in the manner provided in Minnesota Statutes, Chapter 475, and shall have the same powers and duties as a municipality issuing bonds under that law, except that the approval of a majority of the electors shall not be required and the net debt limitations therein shall not apply. The terms of each series of such bonds shall be fixed so that the amount of principal and interest on all outstanding and undischarged bonds, together with the bonds proposed to be issued, due in any year shall not exceed .5 mills times the assessed value of all taxable property in the metropolitan area as last finally equalized prior to a proposed

issue. The bonds shall be secured in accordance with Minnesota Statutes, Section 475.61, Subdivision 1, and any taxes required for their payment shall be levied by the council, shall not affect the amount or rate of taxes which may be levied by the council for other purposes, shall be spread against all taxable property in the metropolitan area and shall not be subject to limitation as to rate or amount. Any taxes certified by the council to the county auditors for collection shall be reduced by the amount received by the council from the state auditor or the federal government for the purpose of paying the principal and interest on bonds to which the levy relates. The council shall certify the fact and amount of all money so received to the county auditors, and the auditors shall reduce the levies theretofore made for such bonds in the manner and to the extent provided in Minnesota Statutes, Section 475.61, Subdivision 3.

Subd. 3. [IMMEDIATE LOANS.] The metropolitan council shall have the power, after the authorization of bonds pursuant to this section, to provide funds immediately required for the purposes of this act, by effecting temporary loans upon such terms as it shall by resolution determine, evidenced by notes due in not exceeding 24 months from the date thereof, payable to the order of the lender or to the bearer, to be repaid with interest from the proceeds of such bonds when issued and delivered to the purchaser thereof. Such temporary loans may be made without public advertisement.

Subd. 4. In the event that the full faith and credit pledge of the metropolitan council for the payment of principal and interest on the bonds issued under this section is superseded and replaced by the full faith and credit pledge of the state of Minnesota, by binding and irrevocable legislation, such action shall extinguish the full faith and credit pledge theretofore made for all bonds and the interest thereon issued pursuant to this section.

Subd. 5. [INTERIM APPROPRIATION.] From the funds appropriated by Laws 1973, Chapter 720, Section 43, Subdivision 2, Paragraph h, which could be used for grants in aid for recreational and natural areas located within the jurisdiction of the council, not committed for such purposes on April 1, 1974, the amount needed but not to exceed \$2,000,000 is hereby re-appropriated to the council for the fiscal year commencing July 1, 1974, to pay principal and interest coming due in such fiscal year on bonds issued pursuant to this section.

Sec. 8. [LOCAL ACQUISITION.] Any park district or municipality wholly or partially within the metropolitan area, and any county in the metropolitan area not wholly within a park district, may acquire, develop and manage any land or water area, or any interests, easements or other rights therein, comprising regional recreation open space in the same manner as it is authorized to do for other park and recreation purposes, and such area or other rights shall constitute a part of the park and recreation system of the acquiring agency.

Sec. 9. [COUNCIL ACQUISITION.] The metropolitan council

shall have the same powers as a county under Minnesota Statutes, Section 398.32, Subdivision 1, to acquire any land or water area, or any interests, easements or other rights therein, which are included in the policy plan whenever such areas have not been acquired for recreation open space purposes within the period of time hereinafter specified; provided that the council shall not have the power of eminent domain.

Before proceeding with the acquisition of any such area or other rights, the council shall by resolution offer a grant covering the full cost of acquisition to the municipality, park district or county in which the area or other rights are situated. If the acquisition process has not been initiated within 60 days or if the area or other rights have not been acquired within 12 months after the adoption of the resolution, the council may by resolution offer such a grant to another park district or county or to a municipality in the metropolitan area. If the acquisition process has not been initiated within 60 days or if the area or other rights have not been acquired within six months after the adoption of the resolution, the council may direct the commission to proceed with acquisition. The council may, in its discretion, direct the commission to contract with a municipality, park district or county for such services as may be needed to complete such acquisition. The council shall direct the commission to manage such areas so as to preserve them for future recreation open space purposes and may contract with a municipality, park district or county for such management. The council shall convey such areas to a municipality, park district or county for development and operation consistent with an approved recreation open space master plan.

Sec. 10. [TAX EQUIVALENTS.] In each of the four years after the metropolitan council or park district, county or municipality acquires fee simple title to any real property included in the regional recreation open space system, the metropolitan council shall pay to the municipality or township in which the property is situated an amount equal to the total amount of the taxes levied thereon for municipal or township purposes for collection in the year in which title passed, diminished by 20 percent for each subsequent year to and including the year of payment; provided that for any year in which taxes on the property, or on the privilege of using or possessing it, are paid this tax equivalent shall not be paid. All amounts paid pursuant to this section are costs of acquisition of the property with respect to which they are paid.

Sec. 11. [EFFECTIVE DATE.] This act is effective the day following enactment."

Further, amend by striking the title and insert in lieu thereof:

"A bill for an act relating to outdoor recreation, providing for a regional recreation open space system; authorizing the metropolitan council to issue bonds therefor and levy taxes; authorizing grants to park districts, counties and municipalities for acquisition and development of the system; authorizing a tax levy therefor and appropriating money."

All meetings of the board shall be open to the public. The board may adopt a seal, which shall be officially and judicially noticed, to authenticate instruments executed by its authority, but omission of the seal shall not affect the validity of any instrument.

Subd. 2. [CHAIRMAN.] The board shall elect a chairman from its membership. The term of the first chairman of the board shall expire on January 1, 1976, and the terms of successor chairmen shall expire on January 1 of each succeeding year. The chairman shall preside at all meetings of the board, if present, and shall perform all other duties and functions usually incumbent upon such an officer, and all administrative functions assigned to him by the board. The board shall elect a vice chairman from its membership to act for the chairman during his temporary absence or disability.

Subd. 3. [SECRETARY AND TREASURER.] The board shall select a person or persons who may but need not be a member or members of the board, to act as its secretary and treasurer. The secretary and treasurer shall hold office at the pleasure of the board, subject to the terms of any contract of employment which the board may enter into with the secretary or treasurer. The secretary shall record the minutes of all meetings of the board, and shall be custodian of all books and records of the board except such as the board shall entrust to the custody of a designated employee. The treasurer shall be the custodian of all moneys received by the board except such as the board shall entrust to the custody of a designated employee. The board may appoint a deputy to perform any and all functions of either the secretary or the treasurer. No secretary or treasurer who is not a member of the board or a deputy of either shall have any right to vote.

Subd. 4. [EXECUTIVE DIRECTOR.] The board shall appoint an executive director who shall be selected solely upon the basis of his training, experience and other qualifications and who shall serve at the pleasure of the board and at a compensation to be determined by the board. The executive director need not be a resident of the district. He may also be selected by the board to serve as either secretary or treasurer, or both, of the board. As executive director, he shall attend all meetings of the board, but shall not vote, and shall have the following powers and duties:

(a) He shall see that all resolutions, rules, regulations, or orders of the board are enforced.

(b) He shall appoint and remove, upon the basis of merit and fitness, all subordinate officers and regular employees of the board except the secretary and the treasurer and their deputies.

(c) He shall present to the board plans, studies and other reports prepared for board purposes and recommend to the board for adoption such measures as he deems necessary to enforce or

carry out the powers and duties of the board, or the efficient administration of the affairs of the board.

(d) He shall keep the board fully advised as to its financial condition, and he shall prepare and submit to the board, and to the governing bodies of the local government units, the board's annual budget and other financial information as the board may request.

(e) He shall recommend to the board for adoption such rules and regulations as he deems necessary for the efficient operation of the district disposal system.

(f) He shall perform such other duties as may be prescribed by the board.

Subd. 5. [PUBLIC EMPLOYEES.] The executive director and all persons employed by him shall be public employees, and shall have all the rights and duties conferred on public employees under Minnesota Statutes, Sections 179.61 to 179.76. The board may elect to have employees become members of either the public employees retirement association or the Minnesota state retirement system. The compensation and conditions of employment of the employees shall not be governed by any rule applicable to state employees in the classified service nor to any of the provisions of Minnesota Statutes, Chapter 15A, unless the board so provides.

Subd. 6. [PROCEDURES.] The board shall adopt resolutions or bylaws establishing procedures for board action, personnel administration, keeping records, approving claims, authorizing or making disbursements, safekeeping funds, and audit of all financial operations of the board.

Subd. 7. [SURETY BONDS AND INSURANCE.] The board may procure surety bonds for its officers and employees and in amounts as are deemed necessary to assure proper performance of their duties and proper accounting for funds in their custody. It may procure insurance against risks to property and liability of the board and its officers, agents, and employees for personal injuries or death and property damage and destruction and in amounts as may be deemed necessary or desirable, with the force and effect stated in Minnesota Statutes, Chapter 466.

Sec. 6. [GENERAL POWERS OF BOARD.] Subdivision 1. The board shall have all powers which may be necessary or convenient to discharge the duties imposed upon it by law. The powers shall include those herein specified, but the express grant or enumeration of powers shall not be deemed to limit the generality or scope of the grant of power contained in this subdivision.

Subd. 2. The board may sue or be sued.

Subd. 3. The board may enter into any contract necessary or proper for the exercise of its powers or the accomplishment of its purposes.

Subd. 4. The board may adopt rules and regulations relating to the board's responsibilities and may provide penalties for the violation thereof not exceeding the maximum which may be specified for a misdemeanor, and the cost of prosecution may be added to the penalties imposed. Any rule or regulation prescribing a penalty for viola-

tion shall be published at least once in a newspaper having general circulation in the district. The violations may be prosecuted before any court in the district having jurisdiction of misdemeanors, and every court having misdemeanor jurisdiction shall have jurisdiction of the violations. Any constable or other peace officer of any government unit in the district may make arrests for violations committed anywhere in the district in like manner and with like effect as for violations of city ordinances or for statutory misdemeanors. All fines collected in cases arising under this subdivision shall be deposited in the treasury of the board, or may be allocated between the board and the government unit in which such prosecution occurs on such basis as the board and the government unit agree.

Subd. 5. The board may accept gifts, apply for and accept grants or loans of money or other property from the United States, the state, or any person for any of its purposes, enter into any agreement required in connection herewith, and hold, use and dispose of such money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto; and, with respect to any loans or grants of funds or real or personal property or other assistance from any state or federal government or any agency or instrumentality thereof, the board may contract to do and perform all acts and things required as a condition or consideration therefor pursuant to state or federal law or regulations, whether or not included among the powers expressly granted to the board in this act.

Subd. 6. The board may act under the provisions of Minnesota Statutes, Section 471.59, or any other appropriate law providing for joint or cooperative action between governmental units.

Subd. 7. The board may conduct research studies and programs, collect and analyze data, prepare reports, maps, charts, and tables, and conduct all necessary hearings and investigations in connection with the design, construction and operation of the district disposal system.

Subd. 8. The board may employ on terms as it deems advisable, persons or firms performing engineering, legal or other services of a professional nature; require any employee to obtain and file with it an individual bond or fidelity insurance policy; and procure insurance in amounts as it deems necessary against liability of the board or its officers or both, for personal injury or death and property damage or destruction, with the force and effect stated in Minnesota Statutes, Chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property as it deems necessary.

Subd. 9. The board may acquire by purchase, lease, condemnation, gift or grant, any real or personal property including positive and negative easements and water and air rights, and it may construct, enlarge, improve, replace, repair, maintain, and operate any interceptor, treatment works, or water facility determined to be necessary or convenient for the collection and disposal of sewage in the district. Any local government unit and the commissioners of highways and natural resources are authorized to convey to or permit the use of any of the abovementioned facilities owned or controlled by it, by the board, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation, without an election or

approval by any other government unit or agency. All powers conferred by this subdivision may be exercised both within or without the district as may be necessary for the exercise by the board of its powers or the accomplishment of its purposes. The board may hold, lease, convey or otherwise dispose of the above-mentioned property for its purposes upon terms and in a manner as it deems advisable. Unless otherwise provided, the right to acquire lands and property rights by condemnation shall be exercised in accordance with Minnesota Statutes, Sections 117.01 to 117.202, and shall apply to any property or interest therein owned by any local government unit; provided, that no property devoted to an actual public use at the time, or held to be devoted to such use within a reasonable time, shall be so acquired unless a court of competent jurisdiction shall determine that the use proposed by the board is paramount to the existing use. Except in case of property in actual public use, the board may take possession of any property on which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.

Subd. 10. The board may construct or maintain its systems or facilities in, along, on, under, over, or through public waters, streets, bridges, viaducts, and other public rights of way without first obtaining a franchise from a county or municipality having jurisdiction over them; but the facilities shall be constructed and maintained in accordance with the ordinances and resolutions of the county or municipality relating to construction, installation, and maintenance of similar facilities on public properties and shall not unnecessarily obstruct the public use of such rights of way.

Subd. 11. The board may sell, lease or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property may be sold in the manner provided by Minnesota Statutes, Section 458.196, insofar as practical. The board may give notice of sale as it shall deem appropriate. When the board determines that any property or any part of the district disposal system which has been acquired from a local government unit without compensation is no longer required but is required as a local facility by the government unit from which it was acquired, the board may by resolution transfer it to such government unit.

Subd. 12. The board may contract with the United States or any agency thereof, any state or agency thereof, or any regional public planning body in the state with jurisdiction over any part of the district, or any other municipal or public corporation, or governmental subdivision or agency or political subdivision in any state, for the joint use of any facility owned by the board or such entity, for the operation by such entity of any system or facility of the board, or for the performance on the board's behalf of any service, including but not limited to planning, on terms as may be agreed upon by the contracting parties. Unless designated by the board as a local sanitary sewer facility, any treatment works or interceptor jointly used, or operated on behalf of

the board, as provided in this subdivision, shall be deemed to be operated by the board for purposes of including said facilities in the district disposal system.

Sec. 7. [COMPREHENSIVE PLAN.] Subdivision 1. [BOARD PLAN AND PROGRAM.] The board shall adopt a comprehensive plan for the collection, treatment and disposal of sewage in the district for a designated period the board deems proper and reasonable. The board shall prepare and adopt subsequent comprehensive plans for the collection, treatment and disposal of sewage in the district for each succeeding designated period as the board deems proper and reasonable. The first plan, as modified by the board, and any subsequent plan shall take into account the preservation and best and most economic use of water and other natural resources in the area; the preservation, use and potential for use of lands adjoining waters of the state to be used for the disposal of sewage; and the impact such a disposal system will have on present and future land use in the area affected thereby. The plans shall include the general location of needed interceptors and treatment works, a description of the area that is to be served by the various interceptors and treatment works, a long range capital improvements program and any other details as the board shall deem appropriate. In developing the plans, the board shall consult with persons designated for the purpose by governing bodies of any government unit within the district to represent the entities and shall consider the data, resources and input offered to the board by the entities and any planning agency acting on behalf of one or more of the entities. Each plan, when adopted, shall be followed in the district and may be revised as often as the board deems necessary.

Subd. 2. [COMPREHENSIVE PLANS; HEARING.] Before adopting any subsequent comprehensive plan the board shall hold a public hearing on the proposed plan at such time and place in the district as it shall determine. The hearing may be continued from time to time. Not less than 45 days before the hearing, the board shall publish notice thereof in a newspaper or newspapers having general circulation in the district, stating the date, time and place of the hearing, and the place where the proposed plan may be examined by any interested person. At the hearing, all interested persons shall be permitted to present their views on the plan.

Subd. 3. [GOVERNMENT UNIT PLANS AND PROGRAMS; COORDINATION WITH BOARD'S RESPONSIBILITIES.] Once the board's plan is adopted, no construction project involving the construction of new sewers or other disposal facilities shall be undertaken by the local government unit unless its governing body shall first find the project to be in accordance with the government unit's comprehensive plan and program as approved by the board. Prior to approval by the board of the comprehensive plan and program of any local government unit in the district, no sanitary sewer construction project shall be undertaken by the government unit unless approval of the project is first secured from the board as to those features of the project affecting the board's responsibilities as determined by the board.

Sec. 8. [SEWAGE COLLECTION AND DISPOSAL; POWERS.] Subdivision 1. [POWERS.] In addition to all other powers conferred upon the board in this act, it shall have the powers specified in this section.

Subd. 2. [DISCHARGE OF TREATED SEWAGE.] The board shall have the right to discharge the effluent from any treatment works operated by it into any waters of the state, subject to approval of the agency if required and in accordance with any effluent or water quality standards lawfully adopted by the agency, any interstate agency or any federal agency having jurisdiction.

Subd. 3. [UTILIZATION OF DISTRICT SYSTEM.] The board may require any person or local government unit to provide for the discharge of any sewage, directly or indirectly, into the district disposal system, or to connect any disposal system or a part thereof with the district disposal system wherever reasonable opportunity therefor is provided; may regulate the manner in which such connections are made; may require any person or local government unit discharging sewage into the disposal system to provide preliminary treatment therefor; may prohibit the discharge into the district disposal system of any substance which it determines will or may be harmful to the system or any persons operating it; and may require any local government unit to discontinue the acquisition, betterment, or operation of any facility for the unit's disposal system wherever and so far as adequate service is or will be provided by the district disposal system.

Subd. 4. [SYSTEM OF COST RECOVERY TO COMPLY WITH APPLICABLE REGULATIONS.] Any charges, connection fees or other cost recovery techniques imposed on persons discharging sewage directly or indirectly into the district disposal system shall comply with applicable state and federal law, including but not limited to state and federal regulations governing grant applications.

Sec. 9. [BUDGET.] The board shall prepare and adopt, on or before October 1, 1974 and on or before October 1, 1975, and each year thereafter, a budget showing for the following calendar year or other fiscal year determined by the board, sometimes referred to in this act as the budget year, estimated receipts of money from all sources, including but not limited to payments by each local government unit, federal or state grants, taxes on property, and funds on hand at the beginning of the year, and estimated expenditures for:

(1) cost of operation, administration and maintenance of the district disposal system;

(2) cost of acquisition and betterment of the district disposal system; and

(3) debt service, including principal and interest, on general obligation bonds and certificates issued pursuant to section 13, and any money judgments entered by a court of competent jurisdiction. Expenditures within these general categories, and any other categories as the board may from time to time determine,

shall be itemized in detail as the board shall prescribe. The board and its officers, agents and employees shall not spend money for any purpose other than debt service without having set forth the expense in the budget nor in excess of the amount set forth in the budget therefor, and no obligation to make an expenditure of the abovementioned type shall be enforceable except as the obligation of the person or persons incurring it; provided that the board may amend the budget at any time by transferring from one purpose to another any sums except money for debt service and bond proceeds or by increasing expenditures in any amount by which cash receipts during the budget year actually exceed the total amounts designated in the original budget. The creation of any obligation pursuant to section 13 or the receipt of any federal or state grant is a sufficient budget designation of the proceeds for the purpose for which it is authorized, and of the tax or other revenue pledged to pay the obligation and interest on it, whether or not specifically included in any annual budget.

Sec. 10. [ALLOCATION OF COSTS.] Subdivision 1. [DEFINITION OF CURRENT COSTS.] The estimated cost of administration, operation, maintenance and debt service of the district disposal system to be paid by the board in each fiscal year and the estimated costs of acquisition and betterment of the system which are to be paid during the year from funds other than state or federal grants and bond proceeds and all other previously unallocated payments made by the board pursuant to this act to be allocated in the fiscal year are referred to as current costs and shall be allocated by the board as hereinafter provided in the budget for such year.

Subd. 2. [METHOD OF ALLOCATION OF CURRENT COSTS.] All current costs shall be allocated in the district on an equitable basis as the board may from time to time determine by resolution to be in the best interests of the district. The adoption or revision of any method of allocation used by the board shall be by the affirmative vote of at least two thirds of the members of the board.

Sec. 11. [TAX LEVIES.] To accomplish any duty imposed on it the board may, in addition to the powers granted in this act and in any other law or charter, exercise the powers granted any municipality by Minnesota Statutes, Chapters 117, 412, 429, 475, Sections 115.46, 444.075 and 471.59 with respect to the area in the district. In addition, the board may levy taxes upon all taxable property in the district for all or a part of the amount payable to the board, pursuant to section 10, to be assessed and extended as a tax upon such taxable property by the county auditor for the next calendar year, free from any limitation of rate or amount imposed by law or charter. The tax shall be collected and remitted in the same manner as other general taxes.

Sec. 12. [PUBLIC HEARING AND SPECIAL ASSESSMENTS.] Subdivision 1. [PUBLIC HEARING REQUIREMENT ON SPECIFIC PROJECT.] Before the board orders any project involving the acquisition or betterment of any interceptor or treatment works, all or a part of the cost of which will be allocated

pursuant to section 10 as current costs, the board shall hold a public hearing on the proposed project following two publications in a newspaper or newspapers having general circulation in the district, stating the time and place of the hearing, the general nature and location of the project, the estimated total cost of acquisition and betterment, that portion of costs estimated to be paid out of federal and state grants, and that portion of costs estimated to be allocated. The two publications shall be a week apart and the hearing shall be at least three days after the last publication. Not less than 45 days before the hearing, notice thereof shall also be mailed to each clerk of all local government units in the district, but failure to give mailed notice or any defects in the notice shall not invalidate the proceedings. The project may include all or part of one or more interceptors or treatment works. No hearing shall be held on any project unless the project is within the area covered by the comprehensive plan adopted by the board pursuant to section 7 except that the hearing may be held simultaneously with a hearing on a comprehensive plan. A hearing is not required with respect to a project, no part of the costs of which are to be allocated as the current costs of acquisition, betterment and debt service.

Subd. 2. [NOTICE TO BENEFITTED PROPERTY OWNERS.] If the board proposes to assess against benefitted property within the district all or any part of the allocable costs of the project as provided in subdivision 5, the board shall, not less than ten days prior to the hearing provided for in subdivision 1, cause mailed notice thereof to be given to the owner of each parcel within the area proposed to be specially assessed and shall also give one week's published notice of the hearing. The notice of hearing shall contain the same information provided in the notice published by the board pursuant to subdivision 1, and in addition, a description of the area proposed to be assessed. For the purpose of giving mailed notice, owners shall be those shown to be on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer; but other appropriate records may be used for this purpose. However, as to properties which are tax exempt or subject to taxation on a gross earnings basis and are not listed on the records of the county auditor or the county treasurer, the owners thereof shall be ascertained by any practicable means and mailed notice shall be given them as herein provided. Failure to give mailed notice or any defects in the notice shall not invalidate the proceedings of the board.

Subd. 3. [BOARD PROCEEDINGS PERTAINING TO HEARING.] Prior to adoption of the resolution calling for a hearing brought pursuant to this section the board shall secure from the district engineer or some other competent person of the board's selection a report advising it in a preliminary way as to whether the proposed project is feasible and as to whether it should best be made as proposed or in connection with some other project and the estimated costs of the project as recommended; but no error or omission in the report shall invalidate the proceeding. The board may also take such other steps prior to the

hearing, as will in its judgment provide helpful information in determining the desirability and feasibility of the project, including but not limited to preparation of plans and specifications and advertisement for bids thereon. The hearing may be adjourned from time to time and a resolution ordering the project may be adopted at any time within six months after the date of hearing. In ordering the project the board may reduce but not increase the extent of the project as stated in the notice of hearing and shall find that the project as ordered is in accordance with the comprehensive plan and program adopted by the board pursuant to section 7.

Subd. 4. [EMERGENCY ACTION.] If the board by resolution adopted by the affirmative vote of not less than two thirds of its members determines that an emergency exists requiring the immediate purchase of materials or supplies or the making of emergency repairs, it may order the purchase of such supplies and materials and the making of such repairs prior to any hearing required under this section, provided that the board shall set as early a date as practicable for such hearing at the time it declares such emergency. All other provisions of this section shall be followed in giving notice of and conducting such hearing. Nothing herein shall be construed as preventing the board or its agents from purchasing maintenance supplies or incurring maintenance costs without regard to the requirements of this section.

Subd. 5. [POWER OF THE BOARD TO SPECIALLY ASSESS.] The board may specially assess all or any part of the costs of acquisition and betterment as herein provided, of any project ordered pursuant to this section. The special assessments shall be levied in accordance with the provisions of Minnesota Statutes, Sections 429.051 to 429.081, except as otherwise provided in this subdivision. No other provisions of Minnesota Statutes, Chapter 429 shall apply. For purposes of levying the special assessments, the hearing on the project required in subdivision 1 shall serve as the hearing on the making of the original improvement provided for by Minnesota Statutes, Section 429.051. The area assessed may be less than but may not exceed the area proposed to be assessed as stated in the notice of hearing on the project provided for in subdivision 2.

Sec. 13. [BONDS, CERTIFICATES AND OTHER OBLIGATIONS.] Subdivision 1. [BUDGET ANTICIPATION CERTIFICATES OF INDEBTEDNESS.] At any time after adoption of its annual budget and in anticipation of the collection of tax and other revenues estimated and set forth by the board in the budget, except in the case of:

(a) Deficiency taxes levied pursuant to this subdivision, and

(b) Taxes levied for the payment of certificates issued pursuant to subdivision 2, the board may, by resolution, authorize the issuance, negotiation and sale, in accordance with subdivision 4 in the form and manner and upon terms as it may determine, of its negotiable general obligation certificates of indebtedness in aggregate principal amounts not exceeding 50 percent of the total

amount of tax collections and other revenues and maturing not later than three months after the close of the budget year in which issued. The proceeds of the sale of the certificates shall be used solely for the purposes for which the tax collections and other revenues are to be expended pursuant to the budget.

All the tax collections and other revenues included in the budget for the budget year, after the expenditure of the tax collections and other revenues in accordance with the budget, shall be irrevocably pledged and appropriated to a special fund to pay the principal and interest on the certificates when due. If for any reason the tax collections and other revenues are insufficient to pay the certificates and interest when due, the board shall levy a tax in the amount of the deficiency on all taxable property in the district and shall appropriate this amount when received to the special fund.

Subd. 2. [EMERGENCY CERTIFICATES OF INDEBTEDNESS.] If in any budget year the receipts of tax and other revenues should for some unforeseen cause become insufficient to pay the board's current expenses, or if any calamity or other public emergency should subject it to the necessity of making extraordinary expenditures, the board may by resolution authorize the issuance, negotiation, and sale, in accordance with subdivision 4 in the form and manner and upon such terms and conditions as it may determine, of its negotiable general obligation certificates of indebtedness in an amount sufficient to meet the deficiency, and the board shall forthwith levy on all taxable property in the district a tax sufficient to pay the certificates and interest thereon and shall appropriate all collections of the tax to a special fund created for the payment of the certificates and the interest thereon. Certificates issued under this subdivision shall mature not later than April 1 in the year following the year in which such tax is collectible.

Subd. 3. [GENERAL OBLIGATION BONDS.] The board may by resolution authorize the issuance of general obligation bonds for the acquisition or betterment of any part of the district disposal system, including but without limitation the payment of interest during construction and for a reasonable period thereafter, or for the refunding of outstanding bonds, certificates of indebtedness, or judgments. The board shall pledge its full faith and credit and taxing power for the payment of the bonds and shall provide for the issuance and sale and for the security of the bonds in the manner provided in Minnesota Statutes, Chapter 475, and shall have the same powers and duties as a municipality issuing bonds under that law, except that no election shall be required and the debt limitations of Minnesota Statutes, Chapter 475, shall not apply to the bonds. The board may also pledge for the payment of such bonds and deduct from the amount of any tax levy required under Minnesota Statutes, Section 475.61, Subdivision 1, and any revenues receivable under any state and federal grants anticipated by the board and may covenant to refund such bonds if and when and to the extent that for any reason such revenues, together with other funds properly available and appro-

priated for such purpose, are not sufficient to pay all principal and interest due or about to become due thereon, provided that such revenues have not been anticipated by the issuance of certificates under subdivision 1.

Subd. 4. [MANNER OF SALE AND ISSUANCE OF CERTIFICATES.] Certificates issued under subdivisions 1 and 2 may be issued and sold by negotiation, without public sale, and may be sold at a price equal to the percentage of the par value thereof, plus accrued interest, and bearing interest at a rate as may be determined by the board. No election shall be required to authorize the issuance of the certificates. The certificates shall bear the same rate of interest after maturity as before and the full faith and credit and taxing power of the board shall be pledged to the payment of such certificates.

Sec. 14. [DEPOSITORIES.] The board shall from time to time designate one or more national or state banks, or trust companies authorized to do a banking business, as official depositories for money of the board, and thereupon shall require the treasurer to deposit all or a part of the money in such institutions. The designation shall be in writing and shall set forth all the terms and conditions upon which the deposits are made, and shall be signed by the chairman and treasurer, and made a part of the minutes of the board. A bank or trust company so designated shall qualify as a depository by furnishing a corporate surety bond or collateral in the amounts required by Minnesota Statutes, Section 118.01. However, no bond or collateral shall be required to secure any deposit insofar as it is insured under federal law.

Sec. 15. [MONEYS, ACCOUNTS AND INVESTMENTS.] Subdivision 1. [RECEIPT AND APPLICATION.] All money received by the board shall be deposited or invested by the treasurer and disposed of as the board may direct in accordance with its budget; provided that any moneys that have been pledged or dedicated by the board to the payment of obligations or interest thereon or expenses incident thereto, or for any other specific purpose authorized by law, shall be paid by the treasurer into the fund to which they have been pledged.

Subd. 2. [FUNDS AND ACCOUNTS.] The board's treasurer shall establish funds and accounts as may be necessary or convenient to handle the receipts and disbursements of the board in an orderly fashion.

Subd. 3. [DEPOSIT AND INVESTMENT.] The money on hand in said funds and accounts may be deposited in the official depositories of the board or invested as hereinafter provided. The amount thereof not currently needed or required by law to be kept in cash on deposit may be invested in obligations authorized for the investment of municipal sinking funds by Minnesota Statutes, Section 475.66. Such moneys may also be held under certificates of deposit issued by any official depository of the board.

Subd. 4. [BOND PROCEEDS.] The use of proceeds of all bonds issued by the board for the acquisition and betterment of the district disposal system, and the use, other than investment, of all

money on hand in any sinking fund or funds of the board, shall be governed by the provisions of Minnesota Statutes, Chapter 475, the provisions of this act, and the provisions of resolutions authorizing the issuance of such bonds. The bond proceeds when received shall be transferred to the treasurer of the board for safekeeping, investment and payment of the costs for which they were issued.

Subd. 5. [AUDIT.] The board shall provide for and pay the cost of an independent annual audit of its official books and records by the state auditor or a public accountant authorized to perform such a function under Minnesota Statutes, Section 214.33.

Sec. 16. [SERVICE CONTRACTS WITH GOVERNMENTAL ENTITIES OUTSIDE THE JURISDICTION OF THE BOARD.] The board may contract with the United States or any agency thereof, any state or any agency thereof, or any municipal or public corporation, governmental subdivision or agency or political subdivision in any state, outside the jurisdiction of the board, for furnishing to the abovementioned entities services, including but not limited to planning for and the acquisition, betterment, operation, administration and maintenance of any or all interceptors, treatment works and local sanitary sewer facilities, provided that the board may further include as one of the terms of the contract that the entity also pay to the board an amount as may be agreed upon as a reasonable estimate of the proportionate share properly allocable to the entity of costs of acquisition, betterment and debt service previously allocated in the district. When payments are made by entities to the board, they shall be applied in reduction of the total amount of costs thereafter allocated in the district, on an equitable basis as the board deems to be in the best interests of the district, applying so far as practicable and appropriate the criteria set forth in section 10, subdivision 2. Any municipality in the state of Minnesota may enter into such contract and perform all acts and things required as a condition or consideration therefor consistent with the purposes of this act, whether or not included among the powers otherwise granted to such municipality by law or charter.

Sec. 17. [CONTRACTS FOR CONSTRUCTION, MATERIALS, SUPPLIES, AND EQUIPMENT.] Subdivision 1. [PLANS AND SPECIFICATIONS.] When the board orders a project involving the acquisition or betterment of a part of the district disposal system, it shall cause plans and specifications of the project to be made, or if previously made, to be modified, if necessary, and to be approved by the agency if required, and after any required approval by the agency, one or more contracts for work and materials called for by the plans and specification may be awarded as provided in this section.

Subd. 2. [CONTRACTS IN EXCESS OF \$5,000.] No contract for any construction work, or for the purchase of materials, supplies, or equipment, estimated to cost more than \$5,000 shall be made by the board without publishing once in a newspaper having general circulation in the district and once in a trade paper or legal newspaper published in any city of the first class, not less

than 14 days before the last day for submission of bids, notice that bids or proposals will be received. The notice shall state the nature of the work or purchase, the terms and conditions upon which the contract is to be awarded, and the time and place where such bids will be received, opened, and read publicly. After the bids have been duly received, opened, read publicly, and recorded, the board shall within a reasonable time award such contract to the lowest responsible bidder or it may reject all bids and readvertise. Each contract shall be duly executed in writing and the party to whom the contract is awarded shall give sufficient bond or security to the board for the faithful performance of the contract as required by law. If the board by an affirmative vote of not less than two thirds of its members declares that an emergency exists requiring the immediate purchase of materials or supplies or in making emergency repairs, at a cost estimated to be in excess of \$5,000, it shall not be necessary to advertise for bids.

Subd. 3. [CONTRACTS OR PURCHASES FOR \$5,000 OR LESS.] The board may, without advertising for bids, enter into any contract or purchase any materials, supplies or equipment of the type referred to in subdivision 2, the cost of which is estimated to be \$5,000 or less, or it may in the alternative authorize the executive director to enter into a contract on behalf of the board for such work or to make such purchases without prior approval of the board and without advertising for bids.

Subd. 4. [UNIFORM MUNICIPAL CONTRACTING LAW.] Except as otherwise provided in this section, Minnesota Statutes, Section 471.345 shall apply.

Sec. 18. [PROPERTY EXEMPT FROM TAXATION.] Any properties, real or personal, owned, leased, controlled, used, or occupied by the sanitary sewer board for any purpose under this act are declared to be acquired, owned, leased, controlled, used and occupied for public, governmental, and municipal purposes, and shall be exempt from taxation by the state or any political subdivision of the state, provided that the properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. In an ordinance creating a three member board of adjustment, provision may be made for one alternate member. The alternate board member shall, when directed by the chairman, attend all meetings of the board and participate fully in its activities but shall not vote on any issue unless authorized to do so by the chairman. The chairman shall authorize the alternate board member to vote on an issue when a regular member is absent, physically incapacitated, abstains because of a possible conflict of interest, or is prohibited by law from voting on that issue. Any question of whether a particular issue involves a conflict of interest sufficient to disqualify a regular board member from voting thereon shall be decided by majority vote of all regular board members except the member who is being challenged. In the ordinance establishing the board of adjustment provision may be made for removal of any member for nonperformance of duty or misconduct in office and for the filling of vacancies for any unexpired term. The regular and alternate members of such board of adjustment shall serve without compensation but may be paid compensation in an amount determined by the county board and may be paid their necessary expenses in attending meetings of the board and in the conduct of the business of the board.*

*Subd. 5. The board of adjustment shall act upon all questions as they may arise in the administration of any ordinance or official control, including the interpretation of zoning maps, and it shall have the authority to order the issuance of variances, hear and decide appeals from and review any order, requirement, decision, or determination made by any administrative official charged with enforcing any ordinance adopted pursuant to the provision of sections 394.21 to 394.37, order the issuance of permits for buildings in areas designated for future public use on an official map and perform such other duties as required by the official controls. Such appeal may be taken by any person aggrieved or by any officer, department, board or bureau of a town, municipality, county, or state.*

Sec. 26. Minnesota Statutes 1971, Section 394.27, Subdivision 6, is amended to read:

*Subd. 6. Such An appeal from any order, requirement, decision, or determination of any administrative official shall be taken in such time as shall be prescribed by the ordinance creating the board of adjustment by general rule, by filing with the board of adjustment a notice of appeal specifying the grounds thereof. The board of adjustment shall fix a reasonable time for the hearing of*

the appeal and give due notice thereof to the appellant and the officer from whom the appeal is taken and to the public and decide the same within a reasonable time which shall be defined in the ordinance establishing the board of adjustment. An appeal stays all proceedings in furtherance of the action appealed from unless the board of adjustment to whom the appeal is taken certifies that by reason of the facts stated in the certificate a stay would cause imminent peril to life or property. The board of adjustment may reverse or affirm wholly or partly, or may modify the order, requirement, decision, or determination appealed from as in its opinion ought to be made in the premises and to that end shall have all the powers of the officer from whom the appeal was taken and may issue or direct the issuance of a permit. The reasons for the board's decision shall be stated in writing. The decision of such board shall not be final and any person having an interest affected by such ordinance shall have the right to appeal to the district court in the county in which the land is located on questions of law and fact.

*Subd. 7. The board of adjustment shall have the exclusive power to order the issuance of variances from the terms of any official control including restrictions placed on nonconformities. Variances shall only be permitted when they are in harmony with the general purposes and intent of the official control in cases when there are practical difficulties or particular hardship in the way of carrying out the strict letter of any official control, and when the terms of the variance are consistent with the comprehensive plan. "Hardship" as used in connection with the granting of a variance means the property in question cannot be put to a reasonable use if used under the conditions allowed by the official controls; the plight of the landowner is due to circumstances unique to his property not created by the landowner; and the variance, if granted, will not alter the essential character of the locality. Economic considerations alone shall not constitute a hardship if a reasonable use for the property exists under the terms of the ordinance. No variance may be granted that would allow any use that is prohibited in the zoning district in which the subject property is located. The board of adjustment may impose conditions in the granting of variances to insure compliance and to protect adjacent properties and the public interest.*

Sec. 28. Minnesota Statutes 1971, Section 394.27, is amended by adding a subdivision to read:

*Subd. 8. A certified copy of any order issued by the board of adjustment acting upon an appeal from an order, requirement, decision or determination by an administrative official, or a request for a variance, shall be filed with the register of deeds or registrar of titles for record. The order issued by the board of adjustment shall include the legal description of the property involved. The board by ordinance shall designate the county official or employee responsible for meeting the requirements of this subdivision.*

Sec. 29. Minnesota Statutes 1971, Section 394.27, is amended by adding a subdivision to read:

*Subd. 9. All decisions by the board of adjustment in granting variances or in hearing appeals from any administrative order, requirement, decision or determination shall be final except that any aggrieved person or persons, or any department, board or commission of the jurisdiction or of the state shall have the right to appeal within 30 days, after receipt of notice of the decision, to the district court in the county in which the land is located on questions of law and fact.*

Sec. 30. Minnesota Statutes 1971, Section 394.29, is amended to read:

**394.29 [MAY EMPLOY DIRECTOR AND STAFF.]** To carry out the purposes of sections 394.21 to 394.37 the board may employ a planning director and inspector or either of them and such staff as it deems necessary ; *to assist the planning director in carrying out his assigned responsibilities, including but not limited to a zoning administrator, sanitary inspector and a building official. If no planning director is appointed, the board shall designate a chief administrative officer who shall administer the official controls.* or The board may employ or contract with a planning agency, authority ; or commission, any agency of the state or federal government, a regional development commission or with planning consultants, or with other specialists for such services as it requires.

Sec. 31. Minnesota Statutes 1971, Section 394.30, Subdivision 1, is amended to read:

The term of office and removal of any member for nonperformance of duty or misconduct

in office as well as filling vacancies on the board shall be as provided in the ~~resolution~~ ordinance creating the commission.

Sec. 32. Minnesota Statutes 1971, Section 394.30, Subdivision 3, is amended to read:

Subd. 3. The members of ~~such~~ *the commission shall serve without compensation but may be compensated in an amount determined by the county board and may be paid their necessary expenses in attending meetings of the commission and in the conduct of the business of the commission.*

The planning commission may be required by the board to review any comprehensive plans and official controls and any plans for public land acquisition and development sent to the county for that purpose by any local unit of government or any state or federal agency and shall report thereon in writing to the board.*

Sec. 35. Minnesota Statutes 1971, Chapter 394, is amended by adding a section to read:

[394.301] [CONDITIONAL USE PERMITS.] *Subdivision 1. The board may by ordinance designate certain types of developments, including planned unit developments and certain land development activities as conditional uses under zoning regulations. Conditional uses may be approved upon a showing by an applicant that standards and criteria stated in the ordinance will be satisfied. Such standards and criteria shall include both general requirements for all conditional uses and, insofar as practicable, requirements specific to each designated conditional use.*

*Subd. 2. Conditional use permits shall be issued by the officer administering the official controls only upon the order of the board or the planning commission as designated by ordinance as*

Sec. 37. Minnesota Statutes 1971, Section 394.32, Subdivision 2, is amended to read:

*Subd. 2. The contract between the governing body of the municipality and the board may provide among other things for joint county-municipal planning activities, or it may designate a county planning agency the board as the planning agency for the municipality.*

Sec. 38. Minnesota Statutes 1971, Section 394.32, Subdivision 3, is amended to read:

*Subd. 3. The governing body of any municipality may request a county planning agency board to submit to such governing body a comprehensive plan for the municipality setting forth such provisions as the planning agency board deems applicable to the municipality and for its best interests, or to include the area within the municipality in a county-wide comprehensive plan, or to prepare official controls to apply to the area within the municipality. Notwithstanding the adoption of the comprehensive plan*

and recommendations for the municipality the plan and recommendations shall not be binding until official controls are adopted by the municipality in accordance with the plan or until the county adopts official controls for the areas within the incorporated limits of the municipality when requested by the governing body of the municipality. After the county adopts official controls for areas within a municipality, the county shall enforce the controls unless the county and municipality provided otherwise by agreement. A municipality may at any time, by resolution of its governing body, take over planning functions, including adoption and enforcement of official controls, with respect to areas within its corporate limits for which a county has adopted official controls.

Sec. 39. Minnesota Statutes 1971, Section 394.33, is amended to read:

394.33 [RELATIONS WITH TOWNS.] *Subdivision 1.* The governing body of any town including any town with the powers of a statutory city pursuant to law may continue to exercise the authority to plan and zone as provided by law, but after the adoption of official controls for a county or portion thereof by the board of county commissioners no town shall enact or enforce official controls inconsistent with or less restrictive than the standards prescribed in the official ~~control~~ controls adopted by the board. Nothing in this section shall limit any town's power to ~~zone~~ adopt official controls, including shoreland regulations which are more ~~restrictively~~ restrictive than provided in the controls adopted by the county. Upon the adoption or amendment of any official controls the governing body of the town shall file a certified copy thereof with the register of deeds or registrar of titles for record. A certified copy of any official controls of any town which are in effect on the effective date of this act shall also be filed by the governing body of the town with the register of deeds or registrar of titles for record within one year from the effective date of this act.

*Subd. 2.* The board of supervisors of any town which has adopted or desires to adopt building and zoning regulations and restrictions pursuant to law shall have the authority granted the governing body of any municipality as provided in section 394.32.

Sec. 40. Minnesota Statutes 1971, Section 394.35, is amended to read:

394.35 [FILING WITH REGISTER OF DEEDS.] Upon the adoption of any ordinance or other official control including any maps or charts supplemented to or as part thereof, the county auditor shall file a certified copy thereof with the register of deeds for record. *Ordinances, resolutions, maps or regulations filed with the register of deeds or registrar of titles pursuant to sections 394.21 to 394.37 do not constitute encumbrances on real property.*

Sec. 41. Minnesota Statutes 1971, Section 394.36, Subdivision 1, is amended to read:

394.36 [NONCONFORMITIES.] *Subdivision 1.* Any nonconformity including the lawful use or occupation of land or premises

existing at the time of the adoption of an official control hereunder may be continued, *except as regulated, terminated or acquired by the board as provided in subdivisions 2 or 3*, although such use or occupation does not conform to the provisions thereof, but if such ~~nonconforming~~ use *nonconformity* or occupancy is discontinued for a period of more than one year, or any *nonconforming building or structure is destroyed by fire or other peril to the extent of 50 percent of its market value*, any subsequent use or occupancy of the land or premises shall be a conforming use or occupancy.

Sec. 42. Minnesota Statutes 1971, Section 394.36, Subdivision 2, is amended to read:

Subd. 2. The board may by ~~resolution as herein provided prescribe ordinance~~ *adopt such regulations not contrary to law as it deems desirable or necessary to classify, regulate and control, or reduce the number or extent of or and provide for the gradual elimination of nonconforming uses nonconformities and occupancies*, including *requiring nonconformities to conform with the official controls of the county or terminate within a reasonable time as specified in the official controls. The board may by ordinance impose upon nonconformities additional regulations relating to appearance, signs, lighting, hours of operation and other esthetic performance characteristics including but not limited to noise, heat, glare, vibrations and smoke.*

Sec. 43. Minnesota Statutes 1971, Section 394.36, is amended by adding a subdivision to read:

*Subd. 3. A nonconformity that is determined by the board to be detrimental to the achievement of the goals and objectives of the comprehensive plan may be acquired by the board by purchase.*

Sec. 44. Minnesota Statutes 1971, Chapter 394, is amended by adding a section to read:

[394.361] [OFFICIAL MAP.] *Subdivision 1. Land that is needed for future street and highway purposes and as sites for other necessary public facilities and services is frequently diverted to nonpublic uses which could have been located on other lands without hardship or inconvenience to the owners. When this happens, public uses of land may be denied or may be obtained later only at prohibitive cost or at the expense of dislocating the owners and occupants of the land. Identification on official maps of land needed for future public uses permits both the public and private property owners to adjust their building plans equitably and conveniently before investments are made which will make such adjustments difficult to accomplish.*

*Subd. 2. The planning commission may develop and recommend for adoption by the board official maps and amendments thereto covering all or any portion of the unincorporated area of the county. Public hearings on proposed official maps and amendments thereto shall be held in accordance with section 394.26. The official map may be adopted and amended by ordinance by the board.*

*All official maps shall be prepared in sufficient detail to permit the establishment of future acquisition lines on the ground. In unplatted areas a minimum of a centerline survey shall have been made prior to the preparation of the final draft of the official map. The accuracy of the future acquisition lines shown on the official map shall be attested to by the county surveyor. Copies of official maps and amendments shall be filed in accordance with section 394.35. One copy of the official map shall be furnished to the town clerk of each affected town.*

*Subd. 3. After an official map has been adopted and filed, the issuance of building permits by the county shall be subject to the provisions of this section. Whenever any street or highway is widened or improved or any new street is opened, or interests in land for other public purposes are acquired by the county, it is not required in such proceedings to pay for any building or structure placed without a permit or in violation of conditions of a permit within the limits of the mapped street or highway or outside of any building line that may have been established upon the existing street or within any area thus identified for public purposes. The adoption of official maps does not give the county any right, title or interest in areas identified for public purposes thereon, but the adoption of a map does authorize the county to acquire such interests without paying compensation for buildings or structures erected in such areas without a permit or in violation of the conditions of a permit. The provisions of this subdivision shall not apply to buildings or structures in existence prior to the filing of the official map.*

*Subd. 4. If a permit for a building in such location is denied, the board of adjustment shall have the power, upon appeal by the owner of the land to authorize the issuance of a permit for building in such location in any case in which the board finds, upon the evidence and the arguments presented to it, (a) that the entire property of the appellant of which such area identified for public purposes forms a part cannot be put to a reasonable use by the owner unless such a permit is granted, and (b) that balancing the interest of the county in preserving the integrity of the official map and the comprehensive plan and interest of the owner of the property in the use of his property and in the benefits of ownership, the issuance of such permit is required by considerations of justice and equity. Prior to reaching a decision upon the appeal, public hearings shall be held in accordance with section 394.26. If the board of adjustment authorizes the issuance of a permit the board shall have six months from the date of the decision of the board of adjustment to institute proceedings to acquire such land or interest therein, and if no such proceedings are started within that time, the officer responsible shall issue a permit in accordance with the conditions stated in the authorization specifying the exact location, ground area, height and other details as to the extent and character of the building for which the permit is granted.*

Sec. 45. Minnesota Statutes 1971, Chapter 394, is amended by adding a section to read:

[394.362] *Subdivision 1. The applicant for a variance which, in*

*the opinion of the board of adjustment, may result in a material adverse effect on the environment may be requested by the board to demonstrate the nature and extent of the effect.*

*Subd. 2. The applicant for a conditional use permit which, in the opinion of the planning commission, may result in a material adverse effect on the environment may be requested by the board to demonstrate the nature and extent of the effect.*

Sec. 46. Minnesota Statutes 1971, Section 394.37, Subdivision 1, is amended to read:

394.37 [ENFORCEMENT.] Subdivision 1. The board shall provide for the enforcement of sections 394.21 to 394.37 and of ordinances, resolutions, and regulations made thereunder, and may impose enforcement duties on any officer, department, agency, or employee of the county. In a county in which subdivision regulations or controls are in force and have been filed or recorded as provided in section 394.35, no conveyance of land to which the regulations are applicable shall be filed or recorded if the land is described in the conveyance by metes and bounds or by reference to an unapproved registered land survey made after June 4, 1971, or to an unapproved plat made after such regulations have become effective. The foregoing provision does not apply to a conveyance if the land described:

(1) was a separate parcel of record on the date of adoption of subdivision regulations under sections 394.12 to 394.37, or

(2) was the subject of a written agreement to convey entered into prior to such time, or

(3) was a separate parcel of not less than two and one half acres in area and 300 feet.

In any case in which compliance with the foregoing restrictions will create an unnecessary hardship and failure to comply does not interfere with the purpose of the subdivision regulations, the board may waive such compliance by adoption of a resolution to that effect and the conveyance may then be filed or recorded. Any owner or agent of the owner of land who conveys a lot or parcel in violation of the provisions of this subdivision shall forfeit and pay to the county a penalty of not less than \$100 for each lot or parcel so conveyed. A county may enjoin such conveyance or may recover such penalty by a civil action in any court of competent jurisdiction.

Sec. 47. Minnesota Statutes 1971, Section 375.51, Subdivision 1, is amended to read:

375.51 [ORDINANCES; ENACTMENT, PUBLICATION.] Subdivision 1. [ENACTMENT.] In any instance in which a county board is authorized by law to enact ordinances, such county ordinances shall be adopted in the manner hereinafter prescribed except as otherwise provided by law. *A public hearing shall be held prior to the enactment of any ordinance adopting or amending a comprehensive plan or official control as defined in section 394.22.* Every county ordinance shall be enacted by a majority

vote of all the members of the county board except where a larger number is required by law. It shall be signed by the chairman of the board and attested by the clerk of the board. The ordinance shall be published as hereinafter provided. Proof of the publication shall be attached to and filed with the ordinance in the office of the county auditor. Every ordinance shall be recorded in an ordinance book in the office of the county auditor within 20 days after its publication. All ordinances shall be suitably entitled and shall be substantially in the style: "The county board of . . . . . County ordains:".

Sec. 48. Minnesota Statutes 1971, Section 375.51, Subdivision 2, is amended to read:

Subd. 2. [NOTICE OF INTENTION.] No ordinance of a county shall be enacted unless a notice of the intention to enact such ordinance has been published in the official newspaper of the county not less than ten days before the meeting *or public hearing required by subdivision 1* at which the ordinance is to be considered. *Public hearings may be continued from time to time and additional hearings may be held.* The notice shall state the subject matter and the general purpose of the proposed ordinance. Proof of the publication of the notice shall be attached to and filed with the ordinance, if enacted, in the office of the county auditor.

Sec. 49. Minnesota Statutes 1971, Section 375.51, Subdivision 3, is amended to read:

Subd. 3. [PUBLICATION.] Every ordinance enacted by a county board shall be published at least once as part of the proceedings of the meeting at which the ordinance was enacted. Publication shall be made in the official newspaper of the county but additional publications, either in the official newspaper or other newspaper, may be ordered. An ordinance may be published in its entirety, or otherwise as hereinafter provided.

To the extent of the authority described in subdivision 1 of this section, a county may incorporate in an ordinance by reference any statute of Minnesota, any administrative rule or regulation of any department of the state of Minnesota affecting the county, or any code. The term "code" as used herein means any compilation of regulations or standards or parts thereof prepared by any governmental agency or any trade or professional association for general distribution in printed form as a standard or model on the subject of building construction, plumbing, electric wiring, inflammable liquids, sanitary provisions, public health, safety, or general welfare.

In the case of lengthy ordinances, or ordinances which include charts or maps, the ordinance need not be published in its entirety if the title of the ordinance and a summary of the ordinance is included in the publication of the proceedings of the meeting at which the ordinance was enacted. In such case and in the case a statute, administrative rule or regulation or a code is adopted by reference, all requirements of statute for the publication of ordinances shall be satisfied if the summary of the ordinance or the ordinance incorporating the statute, regulation, ordinance or code is published in the required manner and if, prior to such publica-

tion, at least ~~three copies~~ *one copy* of the entire ordinance or of the statute, rule, regulation or code are marked as *the official copies copy* and filed for use and examination by the public in the office of the county auditor. Provisions of the entire ordinance or of the statute, rule, regulation or code thus incorporated in such ordinance by reference shall be as much a part of the ordinance as if they had been set out in full therein.

Sec. 50. Minnesota Statutes 1971, Section 599.13, is amended to read:

599.13 [MUNICIPAL AND COUNTY ORDINANCES.] Copies of the ordinances, bylaws, resolutions, and regulations of any city, village, ~~or~~ borough, *or county*, certified by the mayor or president of the council, and the clerk thereof, under its seal *or by the county auditor or chairman of the county board*, and copies of the same printed in any newspaper, book, pamphlet, or other form, and which purport to be published by authority of the council of such city or village, *or county board*, shall be prima facie evidence thereof and, after three years from the compilation and publication of any such book or pamphlet, shall be conclusive proof of the regularity of their adoption and publication.

Sec. 51. *Minnesota Statutes 1971, Sections 394.06; 394.07; 394.08; 394.09; 394.10; 394.11; 394.12; 394.13; 394.14; 394.15; 394.16, as amended by Laws 1973, Chapter 35, Section 68; 394.17; 394.21, Subdivision 2; 394.22, Subdivision 5; 394.25, Subdivisions 5 and 6; 394.26, Subdivisions 1 and 3; 394.30, Subdivision 2; 394.31; 394.32, Subdivision 4; 396.01; 396.02; 396.03; 396.04; 396.05; 396.051; 396.06; 396.07; 396.08; 396.09; 396.10; 396.11; 396.12; 396.13; 396.14; 396.15; 396.16; 396.17; 396.18; 396.19; 396.20; and 396.21, are repealed.*"

Further amend the title by striking it in its entirety and inserting in lieu thereof:

#### CONFERENCE COMMITTEE REPORT ON H. F. NO. 1951

A bill for an act relating to the metropolitan council; granting the metropolitan council the powers of a municipal housing and redevelopment authority in the metropolitan area, subject to municipal approval; providing for revenues.

March 22, 1974

Honorable Martin O. Sabo  
Speaker of the House of Representatives

Honorable Alec G. Olson  
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 1951, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments, and the bill be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

“Section 1. [FINDINGS AND DECLARATION OF POLICY.]  
It is hereby found and determined that: The conditions found to exist by the municipal housing and redevelopment act as amended continue to exist throughout the state and in the area in which the metropolitan council established by Minnesota Statutes, Chapter 473B, has jurisdiction; substandard, slum and blighted areas exist

in the metropolitan area which cannot be redeveloped without government assistance; there is a shortage of decent, safe and sanitary dwelling accommodations available to persons of low and moderate income at rentals or prices they can afford; many municipalities in the metropolitan area are unable adequately to provide the financing and staff necessary to an effective municipal housing and redevelopment authority; for each such municipality to establish a separate authority would result in an inefficient use of manpower and services; and there is therefore a need to enable the metropolitan council to make available to the municipalities in the metropolitan area those services provided for in the municipal housing and redevelopment act.

Sec. 2. [DEFINITIONS.] Subdivision 1. Unless the context clearly indicates otherwise, the following terms, for the purposes of this act, shall have the meanings ascribed to them in this section.

Subd. 2. The terms defined in the municipal housing and redevelopment act shall, for the purposes of this act, have the meanings given them in that act.

Subd. 3. "Council" shall mean the metropolitan council created by Minnesota Statutes, Section 473B.02.

Subd. 4. "Metropolitan area" means the area in which the council has jurisdiction under Minnesota Statutes, Section 473B.02.

Subd. 5. "Comprehensive development guide" means that document prepared by the council pursuant to Minnesota Statutes, Section 473B.06, Subdivision 5.

Sec. 3. [POWERS.] Subdivision 1. In addition to, and not in limitation of, all other powers invested in it by law, the council, and the members thereof, shall have, throughout the metropolitan area, the same functions, rights, powers, duties, privileges, immunities and limitations as are provided for housing and redevelopment authorities created for municipalities, and for the commissioners of such authorities. The provisions of Minnesota Statutes, Sections 462.411 to 462.711 and of all other laws relating to housing and redevelopment authorities shall be applicable to the council when functioning as an authority, except as herein provided or as clearly indicated otherwise from the context of such laws. Minnesota Statutes, Section 462.425 shall have no application to the council nor to any municipality or county within which the council undertakes a project. Any municipality or county, and the governing bodies of any municipality or county, within and for which the council undertakes a project shall have all the powers, authority and obligations granted to municipalities and counties by the provisions of Minnesota Statutes, Sections 462.411 to 462.711 and all other laws relating to housing and redevelopment authorities. The council may plan and propose projects within the boundaries of any municipality, and may otherwise exercise the powers of an authority at any time; provided, however, that the council shall not implement any housing project, housing development project, redevelopment project or urban renewal project within the boundaries of any municipality or county without the prior approval of the governing body of the municipality or county in which any such project is to be located; and provided further that the council shall not propose any project to the governing

body of a municipality or county having an active authority created pursuant to Minnesota Statutes, Section 462.425, or pursuant to special legislation, without first submitting the proposed project to the municipal or county authority for its review and recommendations; and provided further that as to any project proposed by the council and approved by the municipality or county, the council shall not undertake the project if within 60 days after it has been proposed, the municipality or county agrees to undertake the project. All plans and projects of the council shall be consistent with the comprehensive development guide.

Subd. 2. [TECHNICAL ASSISTANCE.] The council may provide technical assistance to existing municipal or county housing and redevelopment authorities at the request of such authorities.

Subd. 3. [COOPERATION WITH OTHER GOVERNMENT AGENCIES.] The council may cooperate with or act as agent for the federal government, the state government, or any agencies or instrumentalities thereof, in carrying out the provisions of any federal or state legislation relating to the general purposes of the municipal housing and redevelopment act.

Subd. 4. [CITIZEN PARTICIPATION.] The council shall, as part of any project proposal to a municipality, propose a means for citizens substantially affected by the proposed project to participate in the formulation and carrying out of projects undertaken by the council pursuant to the terms of this act.

Subd. 5. [PROJECTS; REPORTS.] The council shall prepare a detailed report on the progress of any project it undertakes. The report shall be filed with the legislature not later than January 15 of each year.

Sec. 4. [EFFECT UPON MUNICIPAL AND COUNTY HOUSING AND REDEVELOPMENT AUTHORITIES.] Nothing in this act shall be construed to impair the powers and obligations of municipal, county or multi-county housing and redevelopment authorities within the metropolitan area.

Sec. 5. [FINANCES.] Subdivision 1. The council shall allocate the net unreimbursed costs of any project which it undertakes to the municipality or group of municipalities or county for which the project is undertaken. The governing body of each such municipality or county shall impose taxes or other revenue measures to provide funds necessary to pay the allocated costs, and the governing body of each such municipality or county shall have all the powers, authority and obligation granted to authorities by Minnesota Statutes, Section 462.545 and all other provisions of law regarding the financing of such projects, provided that the council shall have the powers of an authority for purposes of applying for and receiving federal grants in connection with all projects which it undertakes.

Subd. 2. The council may expend for the purposes of this act any revenues derived pursuant to Minnesota Statutes, Section 473B.08."

Further, strike the title and insert in lieu thereof the following:

“A bill for an act relating to the metropolitan council; granting the metropolitan council the powers of a municipal housing and redevelopment authority in the metropolitan area.”

We request adoption of this report and repassage of the bill in accordance therewith.

Mr. Conzemius moved to amend the amendment placed on H. F. No. 2360 by the Committee on Finance adopted by the Senate March 21, 1974, as follows:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. [PURPOSE.] It is determined that there is a critical need to preserve and improve transportation facilities

throughout the state which cannot be met by local effort without state financial assistance. The rate of completion of the interstate portion and upgrading of the remainder of the state's highway system has fallen behind the rate of traffic growth, resulting in serious traffic hazards and delays that affect the personal safety, quality of life, and economic welfare of citizens. The highway traffic problem is accentuated by the deficiency in the quality and quantity of public transportation available in urban areas, large and small. This deficiency is itself largely caused by the inability of public transportation to compete economically with private automobiles, without financial support comparable to that given highway construction. Its most serious effect is to limit severely the life and liberty of many persons who because of age, physical or mental characteristics, or economic circumstances are unable to use automobiles. For many more it compels the use of automobiles, often more than one per family, for daily attendance at work and school and for transportation in emergencies, notwithstanding cost that may reduce remaining living resources below poverty levels, and notwithstanding unacceptable safety hazards often resulting from physical handicaps or inexperience. And for many high cost makes it impossible to acquire and maintain vehicles that can operate at acceptable safety and pollution control levels, thus aggravating the traffic and pollution hazards created by sheer numbers of vehicles. Capital cost of the principal arterial highways of this state cannot be adequately met from existing sources of funds. Similar costs of adequate public transportation in urban areas cannot be met by user fees without subsidy, or even with subsidy to the extent this is possible from property taxes or other resources available to local units of government. It is determined that state financial assistance in meeting the capital cost of public transportation in urban areas and constructing and reconstructing the state's principal arterial highways is a proper function of state government and is necessary to protect the safety and the personal and economic welfare of the citizens of the state at large.

Sec. 2. [PRINCIPAL ARTERIAL HIGHWAY BOND AUTHORIZATION AND APPROPRIATIONS.] Subdivision 1. The commissioner of finance is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota state principal arterial bonds in accordance with the provisions of section 3 of this act, and Article IX, Section 6, of the Constitution in aggregate principal amount not to exceed \$40,000,000, which sum, or so much thereof as shall be required, is appropriated from the proceeds of such bonds to the commissioner of highways for grants to counties and municipalities for the acquisition and betterment of public land and other improvements of a capital nature needed to provide adequate principal arterial highways of this state. This appropriation shall not lapse or cancel until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the department of highways. Grants appropriated pursuant to this section

shall not exceed \$10,000,000 in any one fiscal year of the state of Minnesota.

Subd. 2. The department of highways shall promulgate regulations, standards, and priorities for the administration of grants authorized in accordance with subdivision 1, and these regulations, standards, and priorities are to be developed in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B.

Subd. 3. Applications by counties and municipalities for grants for the funds provided for by subdivision 1 shall be made through regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Section 462.381 to 462.396 and Chapter 473B referred to in this section as regional planning agencies to the department of highways on forms requiring information prescribed by the regulations of the department of highways. The regional planning agency shall certify to the department of highways those applications which appear to meet the standards and criteria set forth by the department of highways and the regulations promulgated hereunder, and the department of highways shall direct grants to be disbursed on the basis of the standards, criteria and priorities established in its regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the counties and municipalities sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the department ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the projects have complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 3. [PRINCIPAL ARTERIAL BONDS.] Subdivision 1. For the purpose of providing money appropriated to the counties and municipalities of the state from the principal arterial highway funds authorized by section 2 for the acquisition and betterment of public land and other improvement of a capital nature needed to provide adequate principal arterial highways, in accordance with section 2, when authorized by law and requested by the commissioner of highways, the commissioner of finance shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions or limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the commissioner of finance shall sell and issue Minnesota state principal arterial bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside the state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations as the commissioner of finance shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The state auditor shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state principal arterial funds, and the amounts necessary therefor are appropriated from those funds; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state principal arterial bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state principal arterial bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state principal arterial bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state principal arterial bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so

credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state principal arterial bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state principal arterial bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 4. [TRANSPORTATION BOND AUTHORIZATION AND APPROPRIATION.] The state auditor is authorized and directed, upon request of the director of the state planning agency, to issue and sell Minnesota state transportation bonds in accordance with the provisions of section 6 of this act, and Article IX, Section 6 of the Constitution, in an aggregate principal amount not to exceed \$60,000,000 which sum, or so much thereof as shall be required, is appropriated from the proceeds of the bonds to the Minnesota state transportation fund created in section 5, and shall be used, with any other money in that fund, solely for the purpose of providing money which is hereby appropriated from that fund to the director of the state planning agency for grants to subdivisions of the state, according to the definition of "subdivision" in section 5, subdivision 1, for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the provisions of section 5. This appropriation shall not lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement from the Minnesota state transportation fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part or all thereof is revoked by the state planning agency. Grants appropriated pursuant to this section shall not exceed \$10,000,000 in any one fiscal year of the state of Minnesota.

Sec. 5. [MINNESOTA STATE TRANSPORTATION FUND.] Subdivision 1. A Minnesota state transportation fund is created as a separate bookkeeping account in the general books of account of the state, to record receipts of the proceeds of state bonds and any other money appropriated to the fund and grants disbursed from the fund to subdivisions of the state for the acquisition and betterment of public land and buildings and other public improvements of a capital nature needed to provide adequate public transportation in urban areas, in accordance with the long range state policies and purposes defined in subdivision 2, and in accordance with standards established in regulations to be adopted by the state planning agency pursuant to law, and to be prepared in consultation with the regional development commissions and the metropolitan council established under the provisions of Minnesota Statutes, Sections 462.381 to 462.396 and Chapter 473B, referred to in this section as "regional planning agencies", and in consultation with the "subdivisions" defined and referred to in this section. "Subdivisions" referred to in this section include the metropolitan transit commission created by Minnesota Statutes, Chapter 473A, and any other public body now or hereafter given power by law or a city charter to operate public transportation facilities in any defined area, and any city, village, or borough outside the area of operation of such a public body.

Subd. 2. It is the policy of the state to assist its subdivisions in providing, so far as possible, public transportation facilities in all urban areas within the state by providing state funding for public transportation capital improvements. The state planning agency and regional planning agencies are directed to prepare and revise annually a program of capital grants to subdivisions for specific projects which will implement this policy. Capital costs eligible to be paid from such grants shall include all expenses of the kinds enumerated in Minnesota Statutes, Section 475.65.

Subd. 3. The state planning agency shall promulgate regulations for the administration of grants authorized to be made from the fund.

Subd. 4. The regulations of the state planning agency shall provide that a high priority shall be given to applications from subdivisions which, because of limited tax base, excessive bonded indebtedness, or critical conditions of public transportation service, would face extreme financial hardship without assistance from the state transportation fund, and to applications for systems to serve more than one municipality.

Subd. 5. Applications by subdivisions for grants from the fund shall be made through regional planning agencies to the state planning agency, on forms requiring information prescribed by the regulations of the state planning agency. The regional agency shall certify to the state planning agency those applications which appear to meet the program of capital grants and the standards and criteria set forth by the state planning agency and the regulations promulgated hereunder, and the state planning agency shall direct grants to be disbursed from the fund on the basis of the standards, criteria and priorities established in its

regulations and in this section; provided that no disbursement shall be made until and unless the regional planning agency has by resolution determined the total estimated cost of the project, and ascertained that its financing is assured by the appropriation of the proceeds of bonds or other funds of the subdivision sufficient to pay the estimated cost in excess of the grant, including funds to be granted to it by the federal government if the state planning agency ascertains that such funds are then appropriated and allocated by the federal government to projects within the state and that the subdivision has complied with all conditions under federal law and regulations for a grant of the nature and in the amount involved.

Sec. 6. [MINNESOTA STATE TRANSPORTATION BONDS.]  
Subdivision 1. For the purpose of providing money appropriated to subdivisions of the state from the Minnesota state transportation fund for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed to provide adequate public transportation in urban areas in accordance with the provisions of section 5, when authorized by law and requested by the director of the state planning agency, the commissioner of finance shall sell and issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be issued pursuant to this section only as authorized by a law specifying the purpose thereof and the maximum amount of the proceeds authorized to be expended for this purpose. Any act authorizing the issuance of bonds for this purpose, together with this section, constitutes complete authority for such issue, and such bonds shall not be subject to restrictions of limitations contained in any other law.

Subd. 2. Upon request and authorization as provided in subdivision 1 the commissioner of finance shall sell and issue Minnesota state transportation bonds in the aggregate amount requested, upon sealed bids and upon such notice, at such price, in such form and denominations, bearing interest at such rate or rates, maturing in such amounts and on such dates, without option of prepayment or subject to prepayment upon such notice and at such times and prices, payable at such bank or banks within or outside this state, with such provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds, and in accordance with such further regulations, as the commissioner of finance shall determine, subject to the approval of the attorney general, but not subject to the provisions of sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any appurtenant interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts,

conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for such purposes, shall be paid from the state transportation fund, and the amounts necessary therefor are appropriated from that fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, such expenses shall be limited to the amount so appropriated.

Subd. 4. The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the state transportation bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota state transportation bonds and income from the investment of such money, which income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. The premium and accrued interest received on each issue of Minnesota state transportation bonds shall be credited to the bond account. In order to reduce the amount of taxes otherwise required to be levied, there shall also be credited to the bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state transportation bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated to the bond account for the payment of such bonds and interest thereon, and shall be available in the bond account prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4. The commissioner of finance and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota state transportation bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are

payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota state transportation bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated.

Sec. 7. [TRUNK HIGHWAY BONDS; ISSUANCE AND SALE.] The state auditor is authorized and directed, upon request of the commissioner of highways, to issue and sell Minnesota trunk highway bonds under the provisions of Minnesota Statutes, Sections 167.50 to 167.52 and of the Minnesota Constitution, Article IX, Section 6, and Article XVI, Section 12, at such times and in such amounts as may be requested by the commissioner of highways. Bonds issued pursuant to this section are authorized in an aggregate principal amount of \$50,000,000. The proceeds of such bonds shall be appropriated to the trunk highway fund and shall be used for the purposes specified in Minnesota Constitution, Article XVI, Section 2.

Sec. 8. There is hereby imposed upon the transferor a tax for the privilege of making a transfer, other than a transfer for resale purposes, of every motor vehicle, new or used, weighing more than 1,000 pounds, the title of which is transferred within this state. The tax payable shall be measured by the sale price of the motor vehicle, and shall be one percent of that sale price. Proceeds of the tax shall be deposited in the general fund of the state treasury. This tax shall be in addition to any other taxes imposed on such transfer.

Sec. 9. Minnesota Statutes 1971, Section 296.02, Subdivision 1, is amended to read:

296.02 [GASOLINE, EXCISE TAX.] Subdivision 1. [TAX IMPOSED FOR MOTOR VEHICLE USE.] There is hereby imposed an excise tax of ~~seven~~ *eight* cents per gallon on all gasoline used in producing and generating power for propelling motor vehicles used on the public highways of this state. March 25, 1974

Honorable Martin O. Sabo  
Speaker of the House of Representatives

Honorable Alec G. Olson  
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 2675 report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [FINDINGS AND PURPOSE.] The legislature finds and declares that the present rapid growth in demand for energy is in part due to unnecessary energy use; that a continuation of this trend will result in serious depletion of finite quantities of fuels, land and water resources, and threats to the state's environmental quality; that the state must insure consideration of urban expansion, transit systems; economic develop-

ment, energy conservation and environmental protection in planning for large energy facilities; that there is a need to carry out energy conservation measures; and that energy planning, protection of environmental values, development of Minnesota energy sources, and conservation of energy require expanded authority and technical capability and a unified, coordinated response within state government.

The legislature seeks to encourage thrift in the use of energy, and to maximize use of energy-efficient systems, thereby reducing the rate of growth of energy consumption, prudently conserving energy resources, and assuring statewide environmental protection consistent with an adequate, reliable supply of energy.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of this act, the following terms shall have the meanings here given them.

Subd. 2. "Agency" means the Minnesota energy agency as provided in this act.

Subd. 3. "Commission" means the legislative commission on energy.

Subd. 4. "Director" means the director of the Minnesota energy agency.

Subd. 5. "Large energy facility" means any electric power generating plant or combination of plants at a single site with a combined capacity of 50,000 kilowatts or more, any interstate high voltage transmission line with a capacity of 200 kilovolts or more and over 100 miles in length, any facility on a single site designed for or capable of storing more than one million gallons of crude petroleum or petroleum fuels or oil or derivatives thereof, any pipeline greater than six inches in diameter and over 50 miles in length used for the transportation of crude petroleum or petroleum fuels or oil or derivatives thereof, any pipeline for transporting natural or synthetic gas at pressures in excess of 200 pounds per square inch and over 50 miles in length, any facility designed for or capable of storing on a single site more than 100,000 gallons of liquified natural gas or synthetic gas, any underground gas storage facility requiring a permit pursuant to Minnesota Statutes, Section 84.57, any facility designed or capable of serving as a depot for coal transported into this state for use within the state or transshipment from the state and any petroleum refinery.

Subd. 6. "Petroleum supplier" means any petroleum refinery in the state and any entity engaged in transmission or wholesale distribution of more than 100,000 gallons of crude petroleum or petroleum fuels or oil or derivatives thereof annually in this state.

Sec. 9. [ENERGY EMERGENCY ALLOCATION PLAN.] Subdivision 1. Within nine months after the effective date of this act, the director shall prepare and issue an emergency conservation and allocation plan in the manner set forth in subdivision 2. Such plan shall provide a variety of strategies and staged conservation measures to reduce energy use and in the event of an energy supply emergency, shall establish guidelines and criteria for allocation of fuels to priority users. The plan shall contain alternative conservation actions and allocation plans to reasonably meet various foreseeable shortage circumstances and allow a choice of appropriate responses. The plan shall be consistent with requirements of federal emergency energy conservation and allocation laws and regulations and shall:

(a) Give priority to individuals, institutions, agriculture and businesses which demonstrate they have engaged in energy-saving measures and shall include provisions to insure that:

(1) Immediate allocations to individuals, institutions, agricul-

ture and businesses be based on needs at energy conservation levels;

(2) Successive allocations to individuals, institutions, agriculture and businesses be based on needs after implementation of required action to increase energy conservation;

(3) Needs of individuals and institutions are adjusted to insure the health and welfare of the young, old and infirm;

(b) Insure maintenance of reasonable job safety conditions and avoid environmental sacrifices;

(c) Establish procedures for fair and equitable review of complaints and requests for special exemptions regarding emergency conservation measures or allocations.

Subd. 2. Within four months after the effective date of this act, the director shall circulate, in a manner designed to assure widespread public notice, a tentative plan of energy conservation measures and allocation priorities and criteria, and shall solicit, in a time, form and manner prescribed by him public comments thereon. Further the director may require all utilities, coal suppliers and petroleum suppliers to comment thereon, as prescribed by him, and to submit suggested emergency conservation measures and allocation criteria. The director may by written order, to the extent he deems appropriate, require joint preparation and submission of such comments and proposals by utilities, coal suppliers and petroleum suppliers. Industry participants in such cooperative planning, acting at the request of the director, shall be deemed thereby to have performed actions permitted by a regulatory body acting under authority of this state within the meaning of Minnesota Statutes, Section 325.8017, Subdivision 2.

Subd. 3. In the process of soliciting public comments on the tentative plan, the director shall hold at least five public meetings in various geographical areas of the state to insure public comment. The final plan shall be based on comments received from the public and utilities, coal suppliers and petroleum suppliers, the independent evaluation and analysis of the director and the guidelines set forth in subdivision 1.

Subd. 4. At least once every five years and whenever construction of a new large energy facility is completed which affects the supply of energy in Minnesota, the director shall review and if necessary revise the emergency conservation and allocation plan.

Subd. 5. Upon a declaration of an energy supply emergency by the executive council or the legislature, the director shall request the division of civil defense to implement and enforce the emergency conservation allocation plan. The executive council and the legislative commission may terminate an energy supply emergency at any time, but no energy supply emergency may continue for longer than 30 days unless renewed by the executive council and the legislative commission. Each renewed energy supply emergency may not continue for longer than 30 days. Each person shall carry out the responsibilities specified in the emergency conservation

allocation plan, and violation of any provision of such emergency conservation or allocation requirements shall be deemed a violation of this act and the rules or regulations promulgated thereunder for purposes of enforcement pursuant to section 15 hereof.

**Sec. 10. [FORECASTS, STATISTICS AND INFORMATION.]**  
Subdivision 1. In order to further the purposes of this act, the director shall develop and maintain an effective program of collection, compilation, and analysis of energy statistics. The statistical program shall be developed to insure a central state repository of energy data and so that the state may coordinate and cooperate with other governmental data collection and record keeping programs.

Subd. 2. In addition to supplying such current statistical and short range forecasting information as the director may require, each utility, coal supplier, petroleum supplier and large energy facility in the state shall prepare and transmit to the director by January 1, 1975, and every year thereafter, a report specifying in five, ten, and 20-year forecasts the projected demand for energy within their respective service areas and the facilities necessary to meet the demand.

The report shall be in a form specified by the director and contain all information deemed relevant by the director.

Subd. 3. The director shall, to the maximum extent feasible, provide that forecasts required under this section be consistent with material required by other state and federal agencies in order to prevent unnecessary duplication.

Subd. 4. Reports issued pursuant to this section shall be available for public inspection in the office of the agency during normal business hours.

Subd. 5. The director shall review and evaluate forecasts of energy demands and resources as they relate to the most current population growth and development estimates, statewide and regional land use, transportation, and economic development programs and forecasts.

**Sec. 11. [STATE ENERGY POLICY AND CONSERVATION REPORT.]** Subdivision 1. Beginning January 1, 1976, and at least every two years thereafter, the director shall transmit to the governor and the legislature a comprehensive report designed to identify emerging trends related to energy supply, demand, conservation, public health and safety factors, and to specify the level of statewide and service area energy need. The report shall include, but not be limited to, all of the following:

(a) A final report on the accuracy and acceptability of the energy forecasts received under section 10 and the alternatives to meeting that demand;

(b) An estimate of statewide and geographical area energy need for the forthcoming five and ten year period which, in the judgment of the director, will reasonably balance requirements of state and service area growth and development, protection of

public health and safety, preservation of environmental quality, and conservation of energy resources. Such forecasts established by the director shall serve as the basis for certification of large energy facilities in section 13;

(c) The anticipated level of statewide and geographical area energy demand for 20 years, which shall serve as the basis for long range action;

(d) The identification of potential adverse social, economic, or environmental effects caused by a continuation of the present energy demand trends;

(e) An assessment of the state's energy resources, including examination of the availability of commercially developable and imported fuels;

(f) The estimated reduction in annual energy consumption resulting from various energy conservation measures;

(g) The status of the department's ongoing studies;

(h) A description of the emergency allocation plan;

(i) Recommendations to the governor and the legislature for administrative and legislative actions to accomplish the purposes of this act.

Subd. 2. Prior to the preparation of a final report, the director shall issue a draft report to the legislative commission on energy, the environmental quality council and any person, upon request, and shall hold a public meeting. Notice of the public meeting shall be provided to each regional development commission.

Subd. 3. The director shall distribute the final report to any person upon request.

Sec. 12. [ENERGY CONSERVATION.] Subdivision 1. After consultation with the director and the commissioner of public safety, the commissioner of highways shall, pursuant to chapter 15, promulgate regulations establishing maximum energy use standards for street, highway and parking lot lighting. Such standards shall be consistent with overall protection of the public health, safety and welfare. No new highway, street or parking lot lighting shall be installed in violation of these regulations and existing lighting levels should be reduced consistent with the regulations as soon as feasible and practical, consistent with overall energy conservation.

Subd. 2. The director may investigate promotional practices by energy suppliers and, pursuant to chapter 15, may promulgate regulations to limit such practices in order to reduce the rate of growth of energy demand.

Subd. 3. After July 1, 1974, no new natural gas outdoor lighting shall be installed in the state.

Subd. 4. In recognition of the compelling need for energy conservation in order to safeguard the public health, safety and wel-

fare, it is necessary to provide building design and construction standards consistent with the most efficient use of energy. Therefore, the commissioner of administration, in consultation with the director, shall, no later than April 1, 1975, and pursuant to Minnesota Statutes, Chapter 15, promulgate building design and construction standards regarding heat loss control, illumination and climate control. Such standards shall apply to all new buildings and remodeling affecting heat loss control, illumination and climate control. Such standards shall be economically feasible in that the resultant savings in energy procurement shall exceed the cost of the energy conserving requirements amortized over the life of the building. The standards shall become part of the state building code and be effective six months after promulgation.

Subd. 5. The director, in conjunction with the commissioner of administration, shall conduct studies of the state's purchase and use of supplies, automobiles and equipment having a significant impact on energy use in order to determine the potential for energy conservation. The director may promulgate regulations to insure that energy use and conservation will be considered in state purchasing and, where appropriate, to require certain minimum energy efficiency standards in purchased products and equipment. No state purchasing of equipment or material use shall occur that is not in conformity with these regulations.

Subd. 6. In consultation with the director, the commissioner of highways shall begin an efficiency study of the present traffic flow system within the state. The study shall consider the feasibility of a computer-coordinated traffic system and other measures for increasing the efficiency of present traffic loads.

Subd. 7. The commissioner of administration shall begin a study of expanding the state telecommunication system to reduce travel between all state departments and agencies.

Subd. 8. The tax study commission shall study the feasibility of encouraging car pools and private busing through the use of tax incentives.

Subd. 9. In conjunction with the motor vehicle services division, the director shall study the feasibility of modifying motor vehicle license fees to reflect energy consumption.

Sec. 13. [CERTIFICATE OF NEED.] Subdivision 1. Within six months after the submission of the first biennial report the director shall, pursuant to chapter 15 and this act, promulgate assessment of need criteria to be used in the determination of need for large energy facilities pursuant to this section.

Subd. 2. After promulgation of the assessment of need criteria, no large energy facility shall be sited or constructed in Minnesota without the issuance of a certificate of need by the director pursuant to this act and consistent with the criteria for assessment of need.

Subd. 3. No proposed large energy facility shall be certified for

construction unless the applicant has justified its need. In assessing need, the director shall evaluate:

(1) The accuracy of the long range energy demand forecasts on which the necessity for the facility is based;

(2) The effect of existing or possible energy conservation programs under this act or other federal or state legislation on long term energy demand;

(3) The relationship of the proposed facility to overall state energy needs;

(4) Promotional activities which may have given rise to the demand for this facility;

(5) Socially beneficial uses of the output of this facility, including its uses to protect or enhance environmental quality;

(6) The effects of the facility in inducing future development;

(7) Possible alternatives for satisfying the energy demand including but not limited to potential for increased efficiency of existing energy generation facilities;

(8) The policies, rules and regulations of other state and federal agencies and local governments.

Subd. 4. After promulgation of the criteria for assessment of need, any utility, coal supplier or petroleum supplier shall apply for a certificate of need to construct a new large energy facility. The application shall be on forms and in a manner established by the director. In reviewing each application the director shall hold at least one public hearing pursuant to chapter 15.

Subd. 5. Within six months of the submission of an application, the director shall approve or deny a certificate of need for the facility. Such approval or denial of the certificate shall be accompanied by a statement of the reasons for the decision. Issuance of the certificate may be made contingent upon modifications required by the director.

Subd. 6. Any application for a certificate of need shall be accompanied by a fee not to exceed \$50,000. The director shall establish by regulation pursuant to chapter 15 and this act, a schedule of fees based on the output or capacity of the facility and the difficulty of assessment of need. Funds collected in this manner shall be credited to the general fund of the state treasury.

Subd. 7. Other state agencies authorized to issue permits for siting, construction or operation of large energy facilities shall present their position regarding need and participate in the public hearing process prior to the issuance or denial of a certificate of need. Issuance or denial of certificates of need shall be the sole and exclusive prerogative of the director and said determinations and certificates shall be binding upon other state departments and agencies, regional, county and local governments and special purpose government districts except as provided in Laws 1973, Chapter 342 and Chapter 412, Section 4, Subdivision 9.

Subd. 8. This section shall not apply in any case where the direc-

tor shall determine after being advised by the attorney general that its application has been preempted by federal law.

Sec. 14. [SUBPOENA POWER.] The director shall have the power, for the purposes of this act, to issue subpoenas for production of books, records, correspondence and other information and to require attendance of witnesses. Such subpoenas may be served anywhere in the state by any person authorized to serve processes of courts of record. If a person does not comply with a subpoena, the director may apply to the district court of Ramsey county and the court shall compel obedience to the subpoena by a proper order. A person failing to obey the order is punishable by the court as for contempt.

Sec. 15. [ENFORCEMENT, PENALTIES.] Subdivision 1. Any person who violates this act or any rule or regulation promulgated hereunder or knowingly submits false information in any report required by this act shall be guilty of a misdemeanor. Each day of violation shall constitute a separate offense.

Subd. 2. The provisions of this act or any rules or regulations promulgated hereunder may be enforced by injunction, action to compel performance or other appropriate action in the district court of the county wherein the violation takes place. The attorney general shall bring any action under this subdivision upon the request of the director, and the existence of an adequate remedy at law shall not be a defense to an action brought under this subdivision.

Subd. 3. When the court finds that any person has violated this act or any rule or regulation thereunder, has knowingly submitted false information in any report required by this act, or has violated any court order issued under this act, the court may impose a civil penalty of not more than \$10,000 for each violation. These penalties shall be paid to the general fund in the state treasury.

Sec. 16. Minnesota Statutes, 1973 Supplement, Section 116C.03, Subdivision 2, is amended to read:

Subd. 2. The council shall include as permanent members the director of the state planning agency, the director of the pollution control agency, the commissioner of natural resources, the commissioner of agriculture, the executive officer of the department of health, the commissioner of highways, *the director of the Minnesota energy agency*, a representative of the governor's office designated by the governor, the chairman of the citizens advisory committee, and three other members of the citizens advisory committee as designated by the governor.

Sec. 17. [APPROPRIATIONS.] The agency is hereby authorized positions either permanent or temporary upon approval by the legislative advisory committee of the agency's work program, priorities and proposed job assignments. There is appropriated to the director of the energy agency from the general fund the sum of \$30,000 for preliminary organization of the agency upon passage of this act. Such other financing as may be required shall be from the general contingent account and shall be authorized prior to the employment of personnel. There is hereby appropriated to the

general contingent account for fiscal year 1974-1975 from the general fund the sum of \$320,000. There is hereby appropriated to the legislative commission on energy from the general fund the sum of \$30,000 for fiscal year 1974-1975.

Sec. 18. [EFFECTIVE DATE.] This act is effective the day following final enactment.

Sec. 19. [EXPIRATION DATE.] The provisions of this act shall expire December 31, 1979 unless renewed by the legislature."

Further, amend the title in line 2 by striking "a" and in line 3 by striking "department of energy" and inserting in lieu thereof "the Minnesota energy agency"

We request adoption of this report and repassage of the bill in accordance therewith.

March 25, 1974

Honorable Alec G. Olson  
President of the Senate

Honorable Martin O. Sabo  
Speaker of the House of Representatives

We, the undersigned conferees on the part of the Senate and the House, upon the disagreeing votes as to S. F. No. 2703, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 2703 be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof:

“Section 1. [METROPOLITAN TRANSIT COMMISSION; AUTOMATED SMALL VEHICLE FIXED GUIDEWAY SYSTEM; PLANNING.] Subdivision 1. The metropolitan transit commission shall develop plans for an automated small vehicle fixed guideway system capable of development into a regional type system. In preparing its plans, the metropolitan transit commission shall include recent studies and developments in transit technology. The metropolitan council shall cooperate with the metropolitan transit commission and provide general policy guidance in developing the plans. The plans shall be subject to review by the metropolitan council in accordance with the provisions of section 3 of this act. The plans shall provide for demand activated origin to destination service, at least during non-peak or non-rush hour periods. “Demand activated” means, for the purpose of this section, that a vehicle is waiting or comes within a very short time for the use of one individual or party. “Origin to destination” means, for the purpose of this section, that the vehicle travels to any other station in the system without stops or transfers.

Subd. 2. The metropolitan transit commission shall issue written monthly reports to the metropolitan council and to members of the House and Senate metropolitan and urban affairs committees summarizing the status of the studies described in this sec-

tion. After final approval by the council of the study design for the development of the plans, and before the study is begun or consultants are hired, the metropolitan transit commission shall present the study design to a joint meeting of the House and Senate committees on metropolitan and urban affairs at which public testimony shall be taken.

Subd. 3. The plans shall provide for a safe and reliable system which is compatible with local circulation routes and which is adaptable to carry freight as well as passengers. The plans shall have a positive impact on efforts to minimize urban sprawl.

Subd. 4. The system shall be flexible to allow for expansion and improvement in order to accommodate changes made possible by changes in technology. The system shall be designed so as to maximize compatibility with the environment, including, but not limited to, such techniques as tunneling, to the extent practically and economically feasible; and above-ground guideways, designed to be as small as possible and aesthetically coordinated with the surrounding community.

Subd. 5. The plans shall specify general routes, route mileage, vehicle size, vehicle type and other technical matters.

Subd. 6. The plans shall be in such form that direct, valid comparison can be made with the other mass transit options reported in metropolitan transit commission consultant report III-A-2 on the following factors: capital cost, operating cost, 30-year net present cost, number of riders, completion date, route miles, safety, reliability, environmental impact, effect on development in the metropolitan area, reduction of energy requirements, capacity to meet future passenger levels higher than estimated, and technological feasibility. The final report of the commission required in section 3 shall be based on a thorough alternative systems analysis.

Sec. 2. [TAX LEVY; SMALL VEHICLE FIXED GUIDEWAY SYSTEM PLANNING.] Subdivision 1. The metropolitan transit commission shall levy for the planning program authorized by this act upon all taxable property within the metropolitan transit taxing district a tax in excess of all taxing limitations, without affecting the amount or rate of taxes which may be levied by the commission for other purposes or by any local government in the area. The levy made for the purposes of sections 1 to 3 of this act shall not exceed one-twentieth of a mill on each dollar of assessed valuation of all taxable property in the metropolitan transit taxing district. The certification and collection of the tax levied pursuant to this section shall be accomplished in accordance with Minnesota Statutes, Section 473A.111, Subdivision 3.

Subd. 2. This section shall be effective for taxes assessed in 1974 and payable in 1975.

Sec. 3. [METROPOLITAN COUNCIL REVIEW.] The metropolitan transit commission shall submit its study design for the development of the plans to the metropolitan council for prompt review and approval. The commission shall not alter or revise

the study design unless agreed to by the council. In addition, before any consultant is hired for the purposes of this act he shall have his contract for employment approved by the metropolitan council. The metropolitan transit commission shall submit a report to the metropolitan council and to the legislature by January 1, 1975, on the plans it has considered and its final recommendations. Based upon the plans developed according to section 1 of this act, the metropolitan council shall make a final report to the legislature on its findings and recommendations based upon the metropolitan council's development guide on or before February 1, 1975.

Sec. 4. Following the approval by the legislature of the council's final report required under section 3 of this act, the metropolitan transit commission shall prepare socioeconomic and environmental impact studies, and preliminary engineering studies for a transit development program based on the recommendations contained in the final report.

Sec. 5. This act is effective on the date following its final enactment."

Further amend by striking the title and inserting in lieu thereof:

"A bill for an act relating to metropolitan public transit; directing the metropolitan transit commission to plan an automated small vehicle fixed guideway system; authorizing tax levies upon property within the metropolitan transit taxing district."

Honorable Martin O. Sabo  
Speaker of the House of Representatives

Honorable Alec G. Olson  
President of the Senate

We, the undersigned conferees on the part of the House and the

Senate, upon the disagreeing votes as to H. F. No. 1810, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and the bill be amended as follows:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [DEVELOPMENT PROGRAM; PURPOSE.] It is found that there is a need for new development in areas of a municipality which are already built up to provide employment opportunities to improve the tax base and to improve the general economy of the state. Therefore, municipalities are authorized to develop a program for improving a district of the municipality to provide impetus for commercial development; to increase employment; to protect pedestrians from vehicle traffic and inclement weather; to provide the necessary linkage between peripheral parking facilities and places of employment and shopping; to provide off-street parking to serve the shoppers and employees of the district; to provide open space relief within the district; and to provide other facilities as are outlined in the development program adopted by the governing body. It is hereby declared by the legislature of the state of Minnesota that the actions required to assist the implementation of these development programs are a public purpose and that the execution and financing of such programs are a public purpose.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 14, the terms defined in this section shall have the meanings given them unless otherwise provided or indicated by the context.

Subd. 2. "Municipality" means any city, however organized.

Subd. 3. A "development district" is a specific area within the corporate limits of any municipality which has been so designated and separately numbered by the governing body. No less than 60 percent of the area of any such district shall consist of land which has been platted and developed. The area of a district shall not be enlarged after five years following the date of designation of the district. At the time of the designation of the first development district in any municipality, the governing body of that municipality shall by formal action adopt one of the three following alternative restrictive options. Once the choice is made, that municipality must use the same option for all succeeding development districts.

(a) The total acreage included in any one development district when designated shall not exceed one percent of the total acreage of the municipality, and when added to the total current acreage within development districts for which unrecovered cost of bonds remain shall not exceed three percent of the total acreage of the municipality.

(b) The total market value of taxable real property of any one development district when designated shall not exceed five per-

cent of the total market value of taxable real property in the municipality as most recently certified by the county auditor, and when added to the current total market value of taxable real property within development districts for which unrecovered cost of bonds remain shall not exceed ten percent of the total market value of taxable real property in the municipality as most recently certified by the county auditor.

The municipality shall also provide for relocation pursuant to section 12 and consult with the advisory board created by section 11 before making this designation. Within these districts the municipality may adopt a development program consistent with which the municipality may acquire, construct, reconstruct, improve, alter, extend, operate, maintain, or promote developments aimed at improving the physical facilities, quality of life and quality of transportation. **Sec. 5. [GRANTS.]** A municipality may accept grants or other financial assistance from the government of the United States or any other entity to do studies, construct and operate the pedestrian skyway system, underground pedestrian concourses, people mover systems, and other public improvements authorized by sections 1 to 14.

**Sec. 6. [ISSUANCE OF BONDS.]** The governing body of the municipality, may authorize, issue and sell general obligation bonds, which shall mature within 30 years from the date of issue, to finance the acquisition and betterment of real and personal property needed to carry out the development program within the development district together with all relocation costs incidental thereto in accordance with Minnesota Statutes, Sections 475.51, 475.53, 475.54, 475.55, 475.56, 475.60, 475.61, 475.62, 475.63, 475.65, 475.66, 475.69, 475.70, 475.71. All tax increments received by the municipality pursuant to section 8 shall be pledged for the payment of these bonds and used to reduce or cancel the taxes otherwise required to be extended for that purpose, and the bonds shall not be included when computing the municipality's net debt.

**Sec. 7. Subdivision 1. [TAX INCREMENT FINANCING PLAN.]** A tax increment financing plan shall contain a statement of objectives of a municipality for improvement of a development district. Such plan shall contain a complete statement as to the development program for the district. It shall also contain estimates of the following: cost of the development program; sources of revenue to finance these costs including estimates of tax increments; amount of bonded indebtedness to be incurred; and the duration of the program's existence. The plan shall also contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the district is located.

**Subd. 2. [NOTICE, HEARING.]** Before approving any tax increment financing plan, the governing body shall hold a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of hearing. This hearing may be a part of a hearing on the development program.

**Subd. 3. [CONSULTATIONS WITH OTHER JURISDICTIONS.]** Before formation of a development district the governing body shall provide a reasonable opportunity to the members of the county board of commissioners of any county in which any portion of the development district is located and to the members of the school board of any school district in which any portion of the development district is located to meet with the governing body. The governing body shall fully inform members of the county boards of commissioners and of the school boards of the fiscal and economic implications of the proposed development district. The members of the county boards of commissioners and of

the school boards may present their recommendations at the public hearing on the tax increment financing plan. A governing body may enter into agreements with the county boards of commissioners, the school boards and the governing body of the municipality in which the district is located to share a portion of the captured assessed value of the district.

Subd. 4. [MODIFICATION OF PLAN.] A tax increment financing plan may be modified provided such modification shall be approved by the governing body upon such notice and after such public hearings and agreements as are required for approval of the original plan.

Sec. 8. [COMPUTATION OF TAX INCREMENT.] Subdivision 1. [ORIGINAL ASSESSED VALUE.] Upon or after formation of a development district, the auditor of the county in which it is situated shall upon request of the municipality certify the original assessed value of the real property within the boundaries of the development district as described in the tax increment financing plan. Property taxable at the time of the request shall be included in the original assessed value at its most recently determined valuation. Property exempt from taxation at the time of the request shall be included at zero unless it was taxable when the tax increment financing plan was approved in which case its most recently determined assessed valuation before it became exempt shall be included. Assessed valuation which is contributed to an area-wide tax base under Minnesota Statutes, Section 473F.08 shall not be included in the original assessed value. Each year thereafter, the auditor shall certify the amount by which the assessed value has increased or decreased from the original assessed value. The auditor shall also certify the proportion which any such increase or decrease bears to the total assessed value of the real property in that district for that year.

Subd. 2. [CAPTURED ASSESSED VALUE.] Any amount by which the current assessed value of a development district exceeds the original assessed value, other than the portion thereof to be contributed to an area-wide tax base under Minnesota Statutes, Section 473F.08, is referred to as the captured assessed value. The county auditor shall certify the amount of the captured assessed value to the municipality each year thereafter.

(a) A municipality may choose to retain any part or all of the captured assessed value for purposes of tax increment financing according to one of the two following options:

(1) If the plan provides that all the captured assessed value is necessary to finance the development program the municipality may retain the full captured assessed value.

(2) If the plan provides that only a portion of the captured assessed value is necessary to finance the development program of the district only that portion shall be set aside and the remainder shall be distributed among the affected taxing districts by the county auditor.

(b) The portion of captured assessed value that a municipality

intends to use for purposes of tax increment financing must be clearly stated in the tax increment financing plan.

Subd. 3. [TAX INCREMENTS.] (a) In each subsequent year the county auditor shall compute assessed valuation, mill rates and tax increments according to the following method:

(1) If the municipality retains the full captured assessed value for the development district the county auditor shall include no more than the original assessed value of the real property in the development district for purposes of determining assessed value for local mill rates. He shall compute the mill rates of all taxes levied by the state, the county, the municipality or town, the school district and every other taxing district in which the district is located on the aforementioned assessed value. He shall extend all mill rates against the current assessed value, including the captured assessed value. In each year for which the current assessed value exceeds the original assessed value the county treasurer shall remit to the municipality that proportion of all taxes paid that year on real property in the district which the captured assessed value bears to the total current assessed value. The amount so remitted each year is referred to in this section as the tax increment for that year.

(2) If the municipality retains only a portion of the captured assessed value for the development district and returns the remaining portion to the tax rolls of all affected taxing districts the county auditor shall include the original assessed value and that portion of the captured assessed value which is shared with all the affected taxing districts in determining the assessed value for computing mill rates. He shall compute the mill rates of all taxes levied by the state, county, municipality, school district, and every other taxing district in which the district is located on this aforementioned assessed value. He shall extend all mill rates against the total current assessed value including that portion of the captured assessed value which the municipality is retaining for the development district only. In each year for which the current assessed value exceeds the original assessed value the county treasurer shall remit to the municipality that proportion of all taxes paid on real property in the district that the retained captured assessed value bears to the total current assessed value in the district. The amount so remitted each year is referred to as the tax increment.

(b) In any year in which the current assessed value of the development district is equal to or less than the original assessed value the county auditor shall compute and extend taxes against the current value. Taxes shall be distributed from the affected property to each of the taxing authorities as determined by the current levy and there is no tax increment.

Subd. 4. [LIMITATION ON USE OF TAX INCREMENTS.] The municipality shall expend the tax increments received for any development program only in accordance with the tax increment financing plan. Revenues derived from tax increments shall be used only to pay off capital costs and administrative expenses incurred in developing the

district. These revenues shall not be used to circumvent existing levy limit laws.

Subd. 5. [ANNUAL DISCLOSURE.] On or before July 1, of each year, the governing body shall submit to the governing body of the municipality, the county board and the school board a report on the status of the account. The report shall include the following information: the amount and source of revenue in the account, the amount and purpose of expenditures from the account, the amount of principal and interest on any outstanding bonded indebtedness, the original assessed value of the district, the captured assessed value retained by the district, the captured assessed value shared with other taxing districts, the tax increments received and any additional information necessary to demonstrate compliance with the tax increment financing plan. An annual statement showing the tax increments received and expended in that year, the original assessed value, captured assessed value, amount of outstanding bonded indebtedness, and any additional information the governing body deems necessary shall be published in a newspaper of general circulation in the municipality.

Sec. 9. [MAINTENANCE AND OPERATION.] Maintenance and operation of the pedestrian systems, special lighting systems, parking structures, and other public improvements constructed under provisions of sections 1 to 14 shall be under the supervision of the administrator as designated in section 10. The cost of maintenance and operation of the nonrevenue facilities together with the excess costs of operation and maintenance of revenue producing facilities, if any, shall be charged against the development district in which it is located. The amount of assessment against each property within the district shall be in proportion to the benefit to the several properties within the district. By July 1 of each year the administrator of the development district shall submit to the governing body of the municipality the maintenance and operating budget for the following year, and the prorata share of the budget to be charged to each property in the district. The governing body of the municipality shall certify the assessments to the county auditor for collection. The governing body shall levy these assessments in accordance with the procedures established in Minnesota Statutes 1971, Section 429.061.

Sec. 10. [ADMINISTRATION.] The governing body of a municipality may create a department or designate an existing department or office, or agency or municipal housing or redevelopment authority, to administer all districts authorized under the act. The head of this department may, subject to such rules and limitations as may be adopted by the governing body be granted the following powers:

(h) Certify to the governing body of the municipality the amount of funds, if any, which must be raised through sale of bonds to finance the program for development districts;

(i) Apply for grants from the United States of America;

(j) Apply for grants from other sources.

Sec. 11. [ADVISORY BOARD.] Subdivision 1. The governing body of the municipality may create an advisory board except in cities of the first class where the governing body shall create an advisory board. Except as provided in subdivision 2, a majority of the members shall be owners or occupants of real property located in or adjacent to the development district which they serve. The advisory board shall advise the governing body and the administrator on the planning, construction and implementation of the development program, and maintenance and operation of the district after the program has been completed.

Subd. 2. In a substantially residential development district the board shall be comprised of owners and occupants of real property within or adjacent to the district's boundaries. The board may be appointed or elected (except in the cities of Minneapolis and St. Paul where the board shall be elected) according to guidelines established by the governing body.

Subd. 3. The governing body shall by resolution delineate the respective powers and duties of the advisory board and the planning staff or agency. The resolution shall establish reasonable time limits for approval by the advisory board of the phases of the development programs, and provide a mechanism for appealing to the governing body for a final decision when conflicts arise between the advisory board and the planning staff or agency, regarding the development program in its initial and subsequent stages.

Sec. 12. [RELOCATION.] Unless they desire otherwise, provision must be made for relocation of all persons who would be displaced by a proposed development district prior to displacement in accordance with the provisions of Minnesota Statutes, 1973 Supplement Sections 117.50 to 117.56. Prior to undertaking any relocation of displaced persons, the governing body of a municipality shall insure that housing and other facilities of at least comparable quality be made available to the persons to be displaced.

The treasurer of a political committee or political fund shall not accept a contribution of more than \$100 from a political committee or political fund not registered in this state unless the contribution is accompanied by a written statement which meets the disclosure requirements imposed by section 20. This statement shall be certified as true and correct by an officer of the contributing committee or political fund. The provisions of this subdivision shall not apply when the national affiliate of any political party in this state transfers money to its state affiliate and that money is expended by the state political party on behalf of candidates of that party generally, without referring to any of them specifically, in any advertisement published or posted, on any broadcast, or in any telephone conversation if that conversation mentions three or more candidates.

No suspension shall take effect until the recommendation is received, or 60 days after referral. However, the recommendation shall be advisory only.*

March 27, 1974

Honorable Martin O. Sabo  
Speaker of the House of Representatives

Honorable Alec G. Olson  
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. 3707, report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert in lieu thereof the following:

"Section 1. [PUBLIC POLICY.] It is declared to be the public policy of the state of Minnesota that taxation of the income of individuals who do not earn enough to support themselves or their dependents adequately is unfair. To remedy this, a tax credit shall be granted to these individuals sufficient to offset their income tax liability.

Sec. 2. [DEFINITIONS.] Subdivision 1. For the purposes of sections 2 and 3, the terms defined in this section have the meanings given them unless the context clearly requires otherwise.

Subd. 2. "Claimant" means the individual taxpayer whose income, together with that of his spouse, if any, brings him within the provisions of sections 2 and 3.

Subd. 3. "Dependent" means an individual dependent upon and receiving his chief support from the claimant. Payments for support of minor children as provided in section 290.072, subdivision 3, shall be considered as payments by the claimant for the support of a dependent. For the purposes of section 3, a spouse except a divorced or separated spouse shall be considered to be a dependent.

Subd. 4. "Income" means the sum of gross income as defined in Minnesota Statutes, Section 290.01, Subdivision 20, net income from sources outside the state, alimony, support money, and relief, not including relief granted under unemployment compensation, the gross amount of any pension or annuity, including railroad retirement benefits, all payments received under the federal social security act, and veterans disability pensions, nontaxable interest received from the state or federal governments or any of their instrumentalities, the gross amount of "loss of time" insurance and cash public assistance and relief, not including relief granted under sections 290.0601 to 290.0618. It does not include gifts from nongovernmental sources, or surplus food or other relief in kind supplied by a governmental agent.

Sec. 3. Minnesota Statutes 1971, Section 290.06, is amended by adding a subdivision to read:

*Subd. 3d. [CREDITS AGAINST TAX.] The taxes due as computed in accordance with section 290.06, subdivision 2c and 3c shall be credited with the following amounts:*

- (1) A credit equal to his tax liability in the case of:*
  - (a) An unmarried claimant with an income of \$3,200 or less;*
  - (b) A claimant with one dependent, with an income of \$3,800 or less;*
  - (c) A claimant with two dependents, with an income of \$4,600 or less;*
  - (d) A claimant with three dependents, with an income of \$5,400 or less;*
  - (e) A claimant with four dependents, with an income of \$6,000 or less; and*
  - (f) A claimant with five or more dependents, with an income of \$6,400 or less.*

*(2) In the case of a claimant with an income in excess of that set forth in the appropriate category of clause (1), he may pay a tax equal to 15 percent of that portion of his income that is in excess of the amount set forth in the appropriate category of clause (1), or his tax obligation as it would have been in the absence of sections 2 and 3, whichever is less.*

*(3) The total income of the claimant and his spouse, if any, shall be the figure employed for the purposes of this subdivision. No dependent may be a claimant under sections 2 and 3. The commissioner of revenue shall prescribe the additional forms or alterations in existing forms as necessary to comply with the provisions of sections 2 and 3. All claimants shall submit their returns on these forms.*

Sec. 4. [EFFECTIVE DATE.] Sections 1 to 3 are effective for taxable years beginning January 1, 1975.

Sec. 5. Minnesota Statutes 1971, Section 33.10, Subdivision 1, is amended to read:

33.10 [TAX ON OLEOMARGARINE.] Subdivision 1. There is hereby imposed, levied, and assessed an inspection fee and excise tax of ~~ten cents~~ *ten cents in the amount specified in section 6* upon each pound of oleomargarine which: (1) is artificially colored to a shade of yellow which has a tint containing more than one and six-tenths degrees of yellow, or of yellow and red collectively, but with an excess of yellow over red, as measured in terms of the Lovibond tintometer scale, and (2) is sold, offered or exposed for sale, or given or delivered to a consumer. Such fee and tax shall be paid to the commissioner of taxation prior to any such sale, gift, or delivery, except where otherwise provided in cases where tax metering devices are used.

Sec. 6. Minnesota Statutes 1971, Section 33.10, is amended by adding a subdivision to read:

*Subd. 3. The inspection fee and excise tax on oleomargarine provided for in subdivisions 1 and 2 of this section shall be in the amounts and for the periods of time set out in the following schedule:*

<i>Period of Time</i>	<i>Tax per pound</i>
<i>July 1, 1974 to June 30, 1975</i>	<i>5 cents</i>
<i>July 1, 1975 and thereafter</i>	<i>none</i>

Sec. 7. Minnesota Statutes 1971, Section 270.35, is amended to read:

270.35 [STUMPAGE VALUE, USE IN COMPUTING TAX.] The stumpage value for each species to be used in computing the tax in any county shall be computed in each even numbered year and shall be the average sale price received by the county state upon all of its sales of sound standing timber of the species during the previous two calendar years. Honorable Martin O. Sabo

Honorable Alec G. Olson  
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 2996, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 2996 be amended as follows:

Strike everything after the enacting clause and insert the following:

"Section 1. [POST-SECONDARY VOCATIONAL-TECHNICAL EDUCATION FUNDING.] Subdivision 1. [PURPOSE.] The purpose of this section is to change the funding of post-secondary vocational-technical education from reimbursement of past expenditures to a current funding process.

Subd. 2. [CURRENT AID.] Beginning July 1, 1975, the state board for vocational education shall not enter into agreements to pay reimbursements but shall be obligated for reimbursement payments incurred in fiscal year 1975. Beginning July 1, 1976, all vocational aid payments to the extent funds are available shall be made based on the approved budget for the current fiscal year.

Subd. 3. [BUDGET.] Before January 1, 1976, and before January 1 of each year thereafter area vocational-technical institute budgets for the following fiscal year shall be submitted to the state board for vocational education. The commissioner, subject to the approval of the state board for vocational education, shall approve the state and federal portion of the budget for each district prior to May 15 of each year. The total amount of reimbursement payments approved for fiscal year 1975 payable in fiscal year 1976 shall not exceed by more than 14 percent the amount appropriated for post-secondary vocational-technical education for fiscal year 1975. Inflation and expansion occurring in fiscal year 1976 shall be incorporated into the fiscal year 1976 budget request. No district shall increase its indebtedness during fiscal year 1976 unless authorized by the state board for vocational education. The state board for vocational education shall before January 1, 1975 promulgate rules and regulations which establish the approval criteria of budgets including but not limited to the following: responsiveness to current and projected manpower needs of population groups to be served in the various geographic areas and communities of the state, particularly disadvantaged and handicapped persons; adequacy of evaluation of programs; other criteria set forth in the state plan for vocational education. The commissioner, in cooperation with the department of finance, shall establish program budget standards by which area vocational-technical institutes shall submit financial requests.

Subd. 4. [LOCAL DEFICITS.] The commissioner with the approval of the state board for vocational education shall establish a uniform auditing procedure for post-secondary vocational education. This procedure shall be used to determine the local deficit or surplus in each district as of July 1, 1974 and as of July 1 for each year thereafter. This deficit or surplus shall be certified to the commissioner before January 1, 1975 and January 1 of each year thereafter.

Sec. 2. [EARLY CHILDHOOD IDENTIFICATION AND EDUCATION PROGRAMS.] Subdivision 1. For the 1974-75 school year, the council on quality education shall make grants to no fewer than six pilot early childhood identification and education programs. Early childhood identification and education programs are programs for children before kindergarten and below age six which may include the following: identification of potential barriers to learning, education of parents on child development, libraries of educational materials, family services, education for parenthood programs in secondary schools, in-center activity, home-based programs, and referral services.

Notwithstanding section 3.926, subdivision 2, every early childhood identification and education program proposal shall be submitted to the council on quality education not less than six weeks before the planned commencement of the program. These programs shall be as equally distributed as possible among districts in cities of the first class, in suburbs, and outside the seven county metropolitan area. Each pilot program shall serve one elementary school attendance area in the local school district.

The council on quality education shall prescribe the form and manner of application and shall determine the participating pilot programs. In the determination of pilot programs, programs shall be given preference for their ability to coordinate their services with existing programs and other governmental agencies. The council on quality education shall report on the programs annually to the committees on education of the senate and house of representatives.

Subd. 2. Each district providing pilot programs shall establish and maintain an account separate from all other district accounts for the receipt and disbursement of all funds related to these early childhood identification and education programs.

Subd. 3. A school district providing early childhood identification and education programs shall be eligible to receive funds for these programs from other government agencies and from private sources when such funds are available.

Subd. 4. A district may charge reasonable fees for early childhood identification and education services; however, a district shall waive the charge or fee if any pupil, his parent or guardian is unable to pay it.

Sec. 3. [ADVISORY COMMITTEE ON EARLY CHILDHOOD IDENTIFICATION AND EDUCATION PROGRAMS.] The council on quality education shall appoint an advisory committee on early childhood identification and education programs.

Sec. 4. [THE STATE BOARD OF EDUCATION.] The state board of education shall provide service to the pilot programs by:

(1) Applying for funds which are, or may become, available under federal programs pertaining to child development, including funds for administration, demonstration projects, training, technical assistance, planning, and evaluation;

(2) Making maximum use of existing information services to inform the public concerning comprehensive early childhood development;

(3) Providing professional and technical assistance.

Sec. 5. [ADVISORY COMMITTEES.] Each pilot program shall provide for an advisory committee selected from the attendance area by the local board of education. A majority of the members of this committee shall be parents participating in the program. The committee shall report to the council on quality education, the local school board, and the district community school advisory council if this council has been established in the district.

Sec. 6. [VOLUNTARY PARTICIPATION.] All participation by parents and children in these early childhood identification and education programs shall be voluntary, and shall not preclude participation in any other state or local program. All pilot programs shall provide services to all qualified children, regardless of race, religion or ethnic background, and no such programs shall be used in whole or in part for religious worship or instruction.

Sec. 7. [TRANSITIONAL YEAR.] Subdivision 1. Notwithstanding any law to the contrary, any secondary school student who has completed all required courses may, with the approval of the student, his parent or guardian, and local school officials, graduate prior to the completion of the school year. All aid which such student, had he not graduated, would have earned for the district pursuant to Minnesota Statutes, Section 124.212, plus that portion of the amount raised by the local tax levy which results from such transitional year students plus that portion of any excess levy allowable under Minnesota Statutes, Section 275.125, Subdivision 3 (5) shall continue to be earned by the district.

Subd. 2. The commissioner shall promulgate rules and regulations setting forth the standards for application for and approval of this early graduation procedure.

Sec. 8. [FUNDING AND REFUNDING BONDS.] Notwithstanding the provisions of any general or special law to the contrary, any school district, however organized, may issue its general obligation bonds to fund or refund outstanding bonds without an election to the extent and in the manner provided in Minnesota Statutes, Chapter 475, but without complying with the provisions of Minnesota Statutes, Section 124.43, Subdivision 6, and Minnesota Statutes, Section 475.54, Subdivision 2; and such refunding bonds may but need not be included for purposes of determining maturity schedules of any other bonds thereafter issued as otherwise required under Minnesota Statutes, Section 475.54, Subdivision 2.

Sec. 9. Notwithstanding any law to the contrary, in Independent School Districts No. 93 and No. 99 where the adjusted assessed valuation is under contest in a Minnesota court as of February 1, 1974, foundation aid payments for the 1972-73 and 1973-74 school years shall be made on the basis of the uncontested portion of the valuation of these districts. If as a result of the pending litigation these districts experience an increase in the adjusted assessed value as determined by the equalization aid review committee and recover tax revenues in excess of those which would have been raised on the uncontested adjusted assessed value as determined by the equalization aid review committee, any excess in foundation aid payments which resulted from the use of this uncontested adjusted assessed value in the aid determination shall be returned to the state by these districts.

Sec. 10. Laws 1969, Chapter 775, Section 4, Subdivision 3, is amended to read:

Subd. 3. [SPECIAL INTERMEDIATE SCHOOL DISTRICT NO. 916.] The intermediate school board, acting in its own behalf, may issue bonds for the acquisition and betterment of school facilities or equipment or for the funding or refunding of outstanding bonds, warrants, orders or certificates of indebtedness. Minnesota Statutes, Chapter 475, shall be applicable in all respects. The purpose and the amount of any borrowing shall first be approved by resolution of the school board of the intermediate school district. When such resolution has been adopted by the intermediate school board it shall be published once in a newspaper of general circulation in said district.

The intermediate school board shall not sell and issue such bonds *for acquisition or betterment purposes* until the question of their issuance has been submitted to the voters of the intermediate school district at a special election held in and for such intermediate district. The date of such election, the question to be submitted, and all other necessary conduct of such election shall be fixed by the intermediate school board and said election shall be conducted and canvassed under the direction of the intermediate school board in accordance with Minnesota Statutes, Section 123.32, insofar as the same may be deemed applicable.

If a majority of the total number of votes cast on the question within the intermediate school district is in favor of the question, the intermediate school board may thereupon proceed with the sale and the issuance of said bonds. The full faith, credit and unlimited taxing powers of the intermediate school district shall be pledged to the payment of all bonds and certificates of indebtedness and none of such obligations shall be included in the net debt of any participating school district as defined by Minnesota Statutes, Section 475.51, Subdivision 4, or any other law similar thereto. The intermediate school board upon awarding a contract for the sale of such bonds shall certify to the county auditor or county auditors the years and amounts of taxes required to be levied for the payment of such bonds as provided by Minnesota Statutes, Section 475.61. The county auditor shall cause such taxes to be spread in each year until bonds and interest have been paid upon

all of the assessable, taxable valuation of said intermediate school district. In all other respects Minnesota Statutes, Chapter 475, shall apply and said bonds shall be deemed authorized securities within the provisions of Minnesota Statutes, Section 50.14, and shall be deemed instruments of a public governmental agency and exempt from taxation under provisions of Minnesota Statutes, Chapter 290, or any other act similar thereto.

*Subd. 2. The commissioner or his representative is authorized to select a sample of public school pupils for purposes of the educational assessment program funded pursuant to Laws 1973, Chapter 768, Section 2, Subdivision 4.*

*Subd. 3. The board of any district may, by resolution and consistent with this section, enter into a written agreement with the department, if the commissioner determines it to be in the best interests of the assessment program, to have statewide educational assessment instruments as developed by the department administered to its pupils in excess of any sample of its pupils previously selected by the commissioner and in addition thereto any related services.*

*Subd. 4. The department is authorized to enter into a written agreement with a district to provide the services described in subdivision 3 which will protect the interest of the state as determined by the commissioner provided that such services will be on an actual cost basis to the district and in no event at direct cost expense to the state and provided further that a district which fails to remit the amount due and payable within 60 days of the date of billing shall forfeit that portion of any subsequent state aids otherwise earned and payable to such district which are equal to the amount due and payable under such agreement.*

*Subd. 5. All amounts received by the department pursuant to this section, including any state aids forfeited as provided by subdivision 4, shall forthwith be deposited with the state treasurer to be credited to the general fund in the state treasury.*

Sec. 13. Minnesota Statutes 1971, Section 123.37, Subdivision 1, is amended to read:

123.37 [INDEPENDENT SCHOOL DISTRICTS, CONTRACTS.] Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed: (a) \$3,000 for school districts with an enrollment of students in grades 1 to 12 of less than 10,000, or (b) \$5,000 for all other school districts, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Such additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

*After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract shall be awarded to the lowest responsible bidder, duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by law. A record shall be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid shall be rejected unless the alteration or erasure is corrected as herein provided. An alteration or erasure may be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district shall be established by competitive bids. Such standard requirement price contracts may contain escalation clauses and may provide for a negotiated price increase or decrease based upon a demonstrable industry-wide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate*

*such increase or decrease. The term of such contracts shall not exceed two years with an option on the part of the district to renew for an additional two years. Provided that in the case of purchase of perishable food items except milk for school lunches and vocational training programs a contract of any amount may be made by direct negotiation by obtaining two or more written quotations for the purchase or sale, when possible, without advertising for bids or otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.*

Every contract made without compliance with the provisions of this section shall be void. Provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

*Firm bid contracts for the purchase of milk and ice cream renegotiated between August 25, 1973 and July 1, 1974 which provide for a price increase or decrease based upon a demonstrable industrywide or regional increase in the vendor's costs are valid and not void under this subdivision; provided that the adjustment shall not exceed the increase or decrease authorized in the applicable federal marketing order for raw milk; and provided further that a school district which did not renegotiate its contract before February 1, 1974, shall not adjust its contract to provide for price increases or decreases for purchases made before February 1, 1974.*

Sec. 14. Minnesota Statutes 1971, Section 123.37, is amended by adding a subdivision to read:

Sec. 15. Minnesota Statutes 1971, Section 123.37, is amended by adding a subdivision to read:

*Subd. 1b. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. If a contract is made by direct negotiation, negotiations shall be carried on at a meeting of the school board open to the public. Every driver shall possess all the qualifications required by the rules of the state board of education. In any district which at the time of the adoption of this code was a consolidated district or enjoyed the privileges of a consolidated district, the board shall arrange for the attendance of all pupils living two miles or more from the school, through suitable provision for transportation or for the boarding and rooming of such pupils as may be more economically and conveniently provided for by such means. The district is authorized to provide for the transportation of pupils or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by such means *or who attend school in a building rented or leased by a district within the confines of an adjacent district* .

Sec. 17. Minnesota Statutes, 1973 Supplement, Section 124.04, is amended to read:

124.04 [CAPITAL EXPENDITURE TAXING AUTHORITY.] In addition to the tax levy prescribed by law for general and special school purposes, the board of any district may levy annually an amount not to exceed \$65 per pupil unit and not to exceed 10 mills on each dollar of assessed valuation of the taxable property in the district as adjusted for the preceding year by the equalization aid review committee notwithstanding the provisions of sections 272.64 and 275.49, provided that said levy may not exceed by more than two mills (three mills if the district adds units pursuant to section 124.17, subdivision 1, clause (7) ) the levy under this section in the previous year *and provided further that any district which did not levy pursuant to this section in 1972 may certify a maximum levy of 6 mills not to exceed \$65 per pupil unit in 1974* . The tax so levied shall be collected in the manner provided by law for the collection of school taxes. The proceeds of the tax may be used only to acquire land, improve and repair school sites and to equip, re-equip, repair and improve buildings and permanent attached fixtures. Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

The proceeds of the tax shall not be used for custodial or other maintenance services.

Sec. 18. Minnesota Statutes, 1973 Supplement, Section 124.17, Subdivision 1, is amended to read:

124.17 [DEFINITION OF PUPIL UNITS.] Subdivision 1. Pupil units for each resident pupil in average daily membership shall be counted as follows:

(1) In an elementary school, for kindergarten and for handicapped pre-kindergarten pupils as defined in section 120.03, and enrolled in

one-half day sessions throughout the school year or the equivalent thereof, approved by the commissioner of education, one-half pupil unit and other elementary pupils, one pupil unit.

(2) In secondary schools, pupils in junior high school or a six-year school and all other pupils in secondary schools, one and four-tenths pupil units. Pupils enrolled in the seventh and eighth grades of a middle school shall be counted as secondary pupils.

(3) In area vocational-technical schools one and one-half pupil units.

(4) To meet the problems of educational overburden caused by broken homes, poverty and low income, each pupil *in clauses (1) and (2)* from families receiving aid to families with dependent children or its successor program shall be counted as an additional five-tenths pupil unit. The department of public welfare is directed to furnish to the department of education that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.

(5) In every district where the number of pupils from families receiving aid to families with dependent children or its successor program exceeds ~~ten~~ *nine* percent of the total actual pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional  $35/100$  of a pupil unit; for those districts where the number of such pupils is more than eight percent but not more than ~~ten~~ *nine* percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional two-tenths of a pupil unit and for those districts where the number of such pupils is at least five percent but not more than eight percent of the total pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional one-tenth of a pupil unit. Such weighing shall be in addition to the weighing provided in clauses (1), (2), (3), and (4) of this section. School districts are encouraged to allocate a major portion of the aids that they receive on account of clauses (4) and (5) to primary grade programs and services, particularly to programs and services that involve participation of parents.

(6) Where the total pupil units of a district are used as a multiplier in determining foundation aids and spending and levy limitations and where the actual number of pupil units has decreased from the prior year, the number of pupil units for such district shall equal the average of actual pupil units for the prior and current years.

(7) Where the actual number of pupil units has increased from the prior year by more than ~~four~~ *three* percent, a number of pupil units equal to one fourth of the difference between the units as

computed in clauses (1) and (2) for the two years shall be added to the other units for the district.

(8) Only pupil units in clauses (1) ; *and* (2) ~~and (3)~~ shall be used in computing adjusted maintenance cost per pupil unit.

Sec. 19. Minnesota Statutes 1971, Section 124.17, Subdivision 2, is amended to read:

Subd. 2. Membership *for pupils in grades kindergarten through twelve, for pupils in area vocational-technical schools and for handicapped prekindergarten pupils* shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused; provided that any pupil , *regardless of age*, who has been absent from school without a legally justifiable excuse for 15 consecutive school days shall be dropped from the roll and classified as withdrawn. Nothing in Extra Session Laws 1971, Chapter 31, shall be construed as waiving the compulsory attendance provisions cited in section 120.10. Average daily membership shall equal the sum for all pupils of the number of days of the school year each pupil is enrolled in the district's schools divided by the number of days said schools are in session. For districts operating 12 months schools, days schools are in session shall mean the number of session days required by section 124.19, subdivision 1. The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which such pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil. Foundation aid for each pupil in such shared time classes shall be paid at a rate proportionate to aid paid for other resident pupils of the district providing instruction. A district shall not be entitled to transportation aid under section 124.22 for pupils enrolled on a shared time basis unless the statutes specifically provide for transportation aid to such student.

Sec. 20. Minnesota Statutes 1971, Section 124.17, is amended by adding a subdivision to read:

*Subd. 2a. Notwithstanding subdivision 2, pupils granted transitional year status shall continue to be counted as members on the current roll of the school for the remainder of the school year. Sec. 23. Minnesota Statutes, 1973 Supplement, Section 124.212, Subdivision 10, is amended to read:

The department of ~~taxation revenue~~ shall take such steps as it may consider necessary in the performance of that duty and may incur such expense as is necessary therefor. A copy of the adjusted assessed value so filed shall be forthwith mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which such district is located.

For the purpose of determining the amount of this refund, the value of such exempt property shall be set at 30 percent of its full and true value except that in no case shall the assessed value of said exempt property for this purpose exceed such an amount as when added to the assessed value of all other property in the district exceed ~~\$3,000~~ \$9,000 per resident pupil unit. In the determination of the amounts to which districts shall be entitled in the distribution of any state aids that are based upon total valuation per pupil this valuation shall be included.

Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held in a single school year. The question on the ballot shall be whether a specific millage which will yield a specific amount based on the most recent assessed valuation may be added to that authorized by clauses (1) or (2). If approved, the amount provided by the millage applied to each year's assessed valuation shall be authorized for certification until revoked by the voters of the district at a subsequent referendum, which may be called by the school board and which shall be called by the school board upon the written petition of qualified voters of the district unless the petition for revocation is submitted in the same year in which a levy has been increased by the voters pursuant to this clause. (2) For school transportation services, an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year; provided that in 1973 and thereafter a district having boundaries coterminous with the boundaries of a city of the first class may levy an amount not to exceed 20 percent of its costs for transportation and related services for which state aid is authorized for the 1974-1975 school year and thereafter, and provided further that a district may levy under this clause for the annual cash payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation; and provided further that beginning with the levy certified in 1974, a district may levy for that portion of transportation costs approved by the commissioner as qualifying for aid because of extraordinary traffic hazards but for which no state aid is receivable for the current fiscal year pursuant to section 124.223, Clause (1).

(3) For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), shall be allowed to levy the same amount per pupil unit allowed by that clause. Provided, however, that a district having boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.5 mills times the adjusted assessed valuation of the district shall be allowed to levy 1.9 mills. For purposes of the 1973 levy, collectible in 1974, any district which qualified for an extra levy in 1971, collectible in 1972, under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3) but did not qualify for an extra levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4) in 1972, collectible in 1973, shall be allowed to levy the amount per pupil unit it was qualified to levy under Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(4) In 1973 only, for a district which was authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3), but which was not authorized to levy pursuant to Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (4), an amount not to exceed the aggregate amount authorized by Minnesota Statutes 1971, Section 275.125, Subdivision 3, Clause (3).

(5) ~~A district which qualified for a levy under clause (3) above shall be allowed to levy that same amount per pupil unit in 1974. For the 1974 levy, collectible in 1975, any district, in which the~~

1970-1971 adjusted maintenance cost per pupil unit in average daily membership was greater than \$663 per pupil unit, may levy an amount per pupil unit which is equal to or less than the difference between the 1970-1971 adjusted maintenance cost per pupil unit in average daily membership and \$663 per pupil unit, reduced by two and one-half percent. The per pupil amount of the reduction shall be rounded down to the dollar. No district may levy under this clause an amount which exceeds the sum of the levy permitted under Minnesota Statutes, 1973 Supplement, Section 275.125, Subdivision 3(3) and the amount raised by 2 mills times the adjusted assessed valuation of the taxable property of the district for the preceding year. Provided, however, that a district ~~within~~ with boundaries coterminous with the boundaries of a city of the first class which was affected by the limitation of an extra levy not to exceed 1.9 mills times the adjusted assessed valuation of the district shall be allowed to levy ~~the 1.9~~ 2.0 mills.

(6) For districts in cities of the first class, maintaining post secondary vocational schools, one half mills times the adjusted assessed valuation of the taxable property of the district for the preceding year; and for other districts maintaining post secondary vocational schools, three mills times the adjusted assessed valuation of the taxable property of the district for the preceding year, provided that districts formed pursuant to Laws 1967, Chapter 822, and Laws 1969, Chapters 775 and 1060, shall be subject to the levy limitations imposed by those laws, as amended.

(7) (A) In order that the transition from existing patterns of financing public schools to the system prescribed in Extra Session Laws 1971, Chapter 31, Article 20 may be made in an orderly fashion, a district may levy an additional levy under the terms of this section.

(B) If that part of the levy certified by the school district in 1970, received in 1971, plus so much of the levy, allowed under subdivisions 2 and 3, sections 1 to 5 of this act, to be certified in 1971, received in 1972, as will be received between July 1, 1971 and June 30, 1972, and when added to all other state aids, local funds available and net existing local debts, exclusive of bonded debt and existing capital loans will not be sufficient to allow a district to spend an amount per pupil unit sufficient to raise its 1970-1971 adjusted maintenance cost per pupil unit by \$42 it may petition the commissioner of education for authority to levy an additional levy. Before such a levy can be made, the commissioner must authorize such a levy. Such authorization shall specify the amount of the levy, provided that such levy may not exceed .5 mills in a city of the first class or 1.5 mills in any other district times the 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee.

(C) If the additional levy allowed in (B) is insufficient to raise the adjusted maintenance cost of a district to \$42 above its costs in 1970-1971 it may petition the commissioner of education for authority to issue general obligation bonds of an amount sufficient to meet the deficiency. The commissioner must authorize such a bond issue. The authorization shall specify the amount of the bond issue provided that the levy authorization to pay the princi-

pal and interest on the bonds may not exceed .5 mills in a district within a city of the first class, or 1.5 mills in any other district, times in 1970 adjusted assessed valuation of the district as determined by the equalization aid review committee. The bonds authorized by this section shall be sold and issued pursuant to the provisions of chapter 475, except as otherwise provided herein. Such bonds shall not be included in computing any debt limitation for a district and no election shall be required for their sale and issuance.

A district may not be authorized an additional levy under both (B) and (C) of this section.

(8) In 1973, and each year thereafter, for a district which has established a community school advisory council pursuant to section 121.88, whether or not the district receives reimbursement from the state pursuant to section 121.89, an amount of money raised by the greater of (A) \$1 per capita, or (B) the number of mills not to exceed the number of mills necessary in 1973 to raise \$1 per capita in 1973 for community services including summer school, non vocational adult programs, recreation programs, and programs contemplated by sections 121.85 to 121.89.

The population of the district for purposes of this clause is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

(9) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, shall reduce the permissible levies authorized by this subdivision by 25 percent in 1973, 50 percent in 1974, 75 percent in 1975, and 100 percent for each year thereafter of that portion of the previous year's payment not deducted from foundation aid on account of the payment, unless such a levy reduction is otherwise required by law. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies.

(10) *The commissioner shall certify to the county auditors any errors made in 1971 and 1972 in general and special purpose levy amounts the levy limits for all school districts headquartered in the respective counties together with adjustments for errors in levies not penalized pursuant to subdivision 4 as well as adjustments to final pupil unit counts .*

*A school district shall have the right to require the commissioner to review his certification and to present evidence in support of modification of his certification.*

*The county auditor is authorized to adjust the 1973 levy to correct for the errors shall reduce levies for any excess of levies over levy limitations pursuant to section 275.16. Such reduction in excess levies may at the discretion of the school district be spread over not to exceed two calendar years .*

(11) *The commissioner of education shall certify to the county auditors any underlevies made in 1971 and 1972 in the transportation levy amounts. The 1971 underlevies shall be determined to be*

(1) *the actual net costs of reimbursable transportation as reported to the department of education for the 1972-1973 school year plus the amount expended by the district to acquire school buses in 1972-1973 used for reimbursable transportation, less (2) the 1971 certified transportation levy as amended and state aids received in 1972-1973 for transportation including depreciation. Underlevies in the 1972 transportation levy shall be computed in like manner using 1973-1974 costs and state aids received in the 1973-1974 school year. The 1974 levy shall be adjusted to correct for such underlevies, provided that upon written request of the affected school board to the commissioner, the adjustment shall be prorated in the 1974 and 1975 transportation levies. No district may levy under this clause in any year an amount which exceeds the amount raised by a levy of two mills times the previous year's adjusted assessed valuation of the taxable property of the district.*

(12) *When a district finds it economically advantageous to rent or lease existing school buildings for instructional purposes, and the proceeds of the levy permitted under section 124.04 are insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this clause shall contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use. The criteria for approval of applications to levy under this clause shall include: the reasonableness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils to the leased building, conformity of the lease to the laws and regulations of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner shall not authorize a levy under this clause in an amount greater than the cost to the district of renting or leasing a school building for approved purposes.*

### CONFERENCE COMMITTEE REPORT ON H. F. NO. 452

A bill for an act relating to crimes and criminals; indemnification of victims of violent crimes for expenses; providing a penalty for fraudulent claims; appropriating money.

March 27, 1974

Honorable Martin O. Sabo  
Speaker of the House of Representatives

Honorable Alec G. Olson  
President of the Senate

We, the undersigned conferees on the part of the House and the Senate, upon the disagreeing votes as to H. F. No. 452, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 452 be further amended as follows:

Strike everything after the enacting clause and insert in lieu thereof:

"Section 1. [TITLE.] This act shall be known as the Minnesota crime victims reparations act.

Sec. 2. [DEFINITIONS.] For the purposes of this act the following terms shall have the meanings given them:

(1) "Accomplice" means any person who would be held criminally liable for the crime of another pursuant to Minnesota Statutes, Section 609.05.

(2) "Board" means the crime victims reparation board established by section 5.

(3) "Claimant" means a person entitled to apply for reparations pursuant to this act.

(a) the offender;

(b) the government of the United States or any agency thereof, a state or any of its political subdivisions, or an instrumentality of two or more states, unless the law providing for the benefits or advantages makes them excess or secondary to benefits under this act;

(c) social security, medicare, and medicaid;

(d) state required temporary non-occupational disability insurance;

(e) workmen's compensation;

(f) wage continuation programs of any employer;

(ii) poses a substantial threat of personal injury or death, and

(iii) is included within the definition of "crime" in Minnesota Statutes 1971, Section 609.02, Subdivision 1, or would be included within that definition but for the fact that the person engaging in the conduct lacked capacity to commit the crime under the laws of this state.

(b) A crime occurs whether or not any person is prosecuted or convicted but the conviction of a person whose acts give rise

to the claim is conclusive evidence that a crime was committed unless an application for rehearing, appeal, or petition for certiorari is pending or a new trial or rehearing has been ordered.

(c) "Crime" does not include conduct arising out of the use of a motor vehicle, as defined in Minnesota Statutes, Section 169.01, Subdivision 2, an aircraft or watercraft unless

(i) the conduct was intended to cause personal injury or death, or

(ii) the use of the motor vehicle, aircraft or watercraft in the commission of a felony was a proximate cause of the victim's injury or death.

(6) "Dependent" means any person who was dependent upon a deceased victim for support at the time of the crime.

(7) "Economic loss" means actual economic detriment incurred as a direct result of injury or death.

(i) reasonable expenses incurred for necessary medical, chiropractic, hospital, rehabilitative, and dental products, services, or accommodations, including ambulance services, drugs, appliances and prosthetic devices;

(ii) reasonable expenses incurred for psychological or psychiatric products, services or accommodations where the nature of the injury or the circumstances of the crime are such that the treatment is necessary to the rehabilitation of the victim;

(iii) loss of income the victim would have earned had he not been injured; and

(iv) reasonable expenses incurred for substitute child care or household services to replace those the victim would have performed had he not been injured.

(b) In the case of death the term is limited to:

(i) reasonable expenses incurred for funeral, burial or cremation;

(ii) reasonable expenses for medical, chiropractic, hospital, rehabilitative, psychological and psychiatric services, products or accommodations which were incurred prior to the victim's death and for which the victim's survivors or estate are liable;

(iii) loss of support, including contributions of money, products or goods, but excluding services which the victim would have supplied to his dependents if he had lived; and

(iv) reasonable expenses incurred for substitute child care and household services to replace those which the victim would have performed for the benefit of his dependents if he had lived.

(8) "Injury" means actual bodily harm including pregnancy and mental or nervous shock.

(9) "Victim" means a person who suffers personal injury or death as a direct result of (a) a crime; (b) the good faith effort of any person to prevent a crime; or (c) the good faith effort of any person to apprehend a person suspected of engaging in a crime.

Sec. 3. [ELIGIBILITY FOR REPARATIONS.] Subdivision 1. Except as provided in subdivision 2, the following persons shall be entitled to reparations upon a showing by a preponderance of the evidence that the requirements for reparations have been met:

(a) a victim who has incurred economic loss;

(b) a dependent who has incurred economic loss;

(c) the estate of a deceased victim if the estate has incurred economic loss;

Subd. 2. No reparations shall be awarded to a claimant otherwise eligible if

(b) the victim or claimant failed or refused to cooperate fully with the police and other law enforcement officials;

(c) the victim is the spouse of or a person living in the same household with the offender or his accomplice or the parent, child, brother or sister of the offender or his accomplice unless the board determined that the interests of justice otherwise require in a particular case;

(d) the claimant was the offender or an accomplice of the offender or an award to the claimant would unjustly benefit the offender or an accomplice; or

(e) no claim was filed with the board within one year of victim's injury or death;

(f) the claim is less than \$100.

Sec. 4. [AMOUNT OF REPARATIONS.] Reparations shall equal economic loss except that:

(1) reparations shall be reduced to the extent that economic loss is recouped from a collateral source;

(2) reparations shall be reduced to the extent, if any, that the board deems reasonable because of the contributory misconduct of

the claimant or of a victim through whom he claims and by the first \$100 of economic loss; and

(3) reparations paid to all claimants suffering economic loss as the result of the injury or death of any one victim shall not exceed \$10,000.

Sec. 5. [CRIME VICTIMS REPARATIONS BOARD.] Subdivision 1. There is created in the department of public safety, for budgetary and administrative purposes, the crime victims reparations board, which shall consist of three members appointed by the governor with the advice and consent of the senate. One of the members shall be designated as chairman by the governor and serve as such at his pleasure. Sec. 6. [POWERS AND DUTIES OF THE BOARD.] Subdivision 1. [DUTIES.] In addition to carrying out any duties specified elsewhere in this act or in other law, the board shall:

(a) provide all claimants with an opportunity for hearing pursuant to Minnesota Statutes, Chapter 15;

(b) establish and maintain a principal office and other necessary offices and appoint employees and agents as necessary and fix their duties;

(c) promulgate within 90 days following the effective date of this act rules to implement this act, including rules governing the method of practice and procedure before the board, prescribing the manner in which applications for reparations shall be made, and providing for discovery proceedings;

(d) publicize widely the availability of reparations and the method of making claims; and

(e) prepare and transmit annually to the governor and the legislature a report of its activities including the name of each claimant, a brief description of the facts in each case, the amount of reparation awarded, and a statistical summary of claims and awards made and denied.

Subd. 2. [POWERS.] In addition to exercising any powers specified elsewhere in this act or other law, the board upon its own motion or the motion of a claimant or the attorney general may:

(a) issue subpoenas for the appearance of witnesses and the production of books, records, and other documents;

(b) administer oaths and affirmations and cause to be taken affidavits and depositions within and without of this state;

(c) take notice of judicially cognizable facts and general, technical, and scientific facts within their specialized knowledge;

(e) suspend or postpone the proceedings on a claim if a criminal prosecution arising out of the incident which is the basis of the claim has been commenced or is imminent;

(f) request from prosecuting attorneys and law enforcement officers investigations and data to enable the board to perform its duties under this act;

(g) grant emergency reparations pending the final determination of a claim if it is one with respect to which an award will probably be made and undue hardship will result to the claimant if immediate payment is not made; and

(h) reconsider any decision granting or denying reparations or determining their amount.

**Sec. 7. [DETERMINATION OF CLAIMS.]** Subdivision 1. A claim when accepted for filing, shall be assigned by the chairman to himself or to another member of the board.

Subd. 2. The board member to whom the claim is assigned shall examine the papers filed in support of the claim and cause an investigation to be conducted into the validity of the claim.

Subd. 3. The board member to whom a claim is assigned may decide the claim in favor of a claimant in the amount claimed on the basis of the papers filed in support of it and the report of the investigation of such claim. If the board member is unable to decide such claim upon the basis of the papers and report, he shall order a hearing.

Subd. 4. After examining the papers filed in support of the claim and the report of investigation, and after a hearing, if any, the board member to whom the claim was assigned shall make a decision either granting an award or deny the claim.

Subd. 5. The board member making a decision shall file with the board a written report setting forth such decision and his reasons therefor. The board shall notify the claimant and furnish him a copy of the report.

**Sec. 8. [CONSIDERATION OF DECISIONS BY FULL BOARD.]** Subdivision 1. The claimant may, within 30 days after receipt of the report of the decision of the board member to whom his claim was assigned, make an application in writing to the board for consideration of the decision by the full board.

Subd. 3. The board shall treat all claims considered pursuant to

this section as contested cases within the meaning of Minnesota Statutes, Chapter 15.

Sec. 9. [REPARATIONS; HOW PAID.] Reparations may be awarded in a lump sum or in installments in the discretion of the board. The amount of any emergency award shall be deducted from the final award, if a lump sum, or prorated over a period of time if the final award is made in installments. Reparations are exempt from execution or attachment except by persons who have supplied services, products or accommodations to the victim as a result of the injury or death which is the basis of the claim. The board, in its discretion may order that all or part of the reparations awarded be paid directly to these suppliers.

Sec. 10. [SUBROGATION.] The state shall be subrogated, to the extent of reparations awarded, to all the claimant's rights to recover benefits or advantages for economic loss from a source which is or, if readily available to the victim or claimant would be, a collateral source.

Sec. 11. [MEDICAL PRIVILEGE.] There is no privilege as to communication or records relevant to an issue of the physical, mental, or emotional condition of the claimant or victim in a proceeding under this act in which that condition is an issue. Nothing contained in this section shall be interpreted to abridge the attorney-client privilege.

Sec. 12. [ENFORCEMENT OF BOARD'S ORDERS.] If a person refuses to comply with an order of the board or asserts a privilege to withhold or suppress evidence relevant to a claim, the board may make any just order including denial of the claim, but may not find the person in contempt. If necessary to carry out any of its powers and duties, the board may petition the district court for an appropriate order, but the court may not find a person in contempt for refusal to submit to a mental or physical examination.

Sec. 13. [DEPARTMENT OF CORRECTIONS; RESTITUTION.] The department of corrections may, as a means of assisting in the rehabilitation of persons committed to their care, establish programs and procedures whereby such persons may contribute toward restitution of those persons injured as a consequence of their criminal acts.

Sec. 14. [USE OF RECORD OF CLAIM; EVIDENCE.] Neither a record of the proceedings on a claim, a decision of the board, nor the fact that an award has been made or denied shall be admissible as evidence in any criminal or civil action against the alleged offender, including an action by the state on its subrogation claim.

Sec. 15. [LAW ENFORCEMENT AGENCIES; DUTY TO INFORM VICTIMS OF RIGHT TO FILE CLAIM.] All law enforcement agencies investigating crimes shall provide forms to each person who may be eligible to file a claim pursuant to this act and to inform them of their rights hereunder. All law enforcement agencies shall obtain from the board and maintain a supply of all forms necessary for the preparation and presentation of claims.

Sec. 16. [FRAUDULENT CLAIMS.] Any person who knowingly makes a false claim under this act shall be guilty of a gross misdemeanor.

Sec. 17. [EFFECTIVE DATE.] This act shall apply to claims arising as a result of crimes committed or attempted on or after July 1, 1974.

Sec. 18. [APPROPRIATIONS.] The sum of \$100,000 is hereby appropriated from the general fund in the state treasury to the department of public safety for the organization, operation, administration and staffing of the crime victim reparation board effective July 1, 1974."

Taxes levied by the corporation shall not affect the amount or rate of taxes which may be levied by any other local government unit within the metropolitan area under the provisions of any law or charter.

Sec. 30. Minnesota Statutes 1971, Section 360.116, is amended to read:

360.116 [LIMIT OF TAX LEVY.] The taxes levied against the

property of ~~each city~~ *the metropolitan area* in any one year shall not exceed *one third* of one mill upon the assessed valuation thereof, exclusive of the taxes it may be necessary to levy to pay the principal or interest on any bonds or indebtedness of said city issued by it under the provisions of Laws 1943, Chapter 500, and exclusive of any amounts required to pay the share of such city for payments on bonded indebtedness of the corporation provided for in Laws 1943, Chapter 500. The levy of taxes authorized in Laws 1943, Chapter 500, shall be in addition to the maximum rate allowed to be levied to defray the cost of government under the provisions of the charter of any city affected by Laws 1943, Chapter 500.

Sec. 31. Minnesota Statutes 1971, Chapter 360, is amended by adding a section to read:

[360.1161] *Notwithstanding the provisions of section 360.116 or any other provision of chapter 360, any tax levy required to be made to pay debt service on any bonds heretofore or hereafter issued by the commission shall not be restricted to the cities of Minneapolis and Saint Paul but shall be levied against all the taxable property in the metropolitan area in accordance with the provisions of section 32 of this act.*

Sec. 32. [360.120] [GENERAL OBLIGATION REVENUE FINANCING.] Subdivision 1. [SCOPE.] The Metropolitan Airports Commission shall have all the powers and duties set forth in this section, in addition to the powers granted and the duties imposed and notwithstanding any limitations of such powers set forth in any other law or city charter provision. These powers and duties are likewise granted to and imposed upon any successor public corporation, agency, or subdivision of the state in which the commission's property, rights, powers, obligations, and duties, or any of them, may in the future be vested by law.

Subd. 2. [BORROWING AUTHORIZATION.] No additional bonds shall be issued under the provisions of section 360.117, over and above the amount outstanding April 1, 1974. Except for refunding bonds and certificates of indebtedness, the amount of borrowing authorized by this section, over and above the amount of bonds of the commission outstanding July 1, 1974, is limited to \$20,000,000 until and unless this limitation is increased by law. The pledge of revenues of the commission to its debt service fund in lieu of the taxes otherwise required by section 360.117 to be assessed and extended shall be and remain a first charge on all current revenues of the commission to the extent required annually to cancel such taxes.

Subd. 3. [GENERAL OBLIGATION REVENUE BONDS.] Subject to the provisions of subdivision 2 the commission may issue bonds for the acquisition and betterment of airports and air navigation facilities, and for the refunding of such bonds and of certificates of indebtedness issued under subdivision 10, in the same manner and with the same powers and duties as a municipality under the provisions of chapter 475 except as otherwise provided in this section. The bonds shall be designated as general obligation revenue bonds, and shall be payable primarily from and secured under resolutions of the commission by an irrevocable pledge and appropriation of the revenues

to be derived from rates, fees, charges, and rentals to be imposed, maintained, and collected for all use, service, and availability of airport and air navigation facilities owned and to be owned or operated by the commission. They shall be further secured by the pledge of the full faith and credit of the commission, which shall be obligated to levy upon all taxable property within the metropolitan area a tax at such times and in such amounts, if any, as may be required to provide funds sufficient to pay all of the bonds and interest thereon when due and to maintain a reserve securing such payments in the manner and to the extent provided in this section. This tax, if ever required to be levied, shall not be subject to any limitation of rate or amount. The security afforded by this section extends equally and ratably to all general obligation revenue bonds of the commission, except that nothing herein shall prevent the commission from pledging current revenues from a particular facility or group of facilities first to the payment and security of bonds issued to finance such facilities.

Subd. 4. [DEBT SERVICE FUND.] The commission shall maintain permanently on its official books and records an account or accounts referred to herein collectively as the debt service fund, separate from all other funds and accounts, to record all receipts and disbursements of money for principal and interest payments on its bonds, and on certificates of indebtedness issued pursuant to subdivision 10. At or before the due date of each principal and interest payment on said bonds and certificates the treasurer shall remit from the debt service fund to the payment agent for the issue an amount sufficient for such payment, without further order from the commission. At or before the time of delivery of any series of bonds the commission shall withdraw from the proceeds thereof, or from revenues then on hand and available for the purpose, and shall deposit in the debt service fund such amount, if any, as may be required to establish in the fund a balance of cash and investments at least equal to the total amount of principal and interest then due and to become due on bonds of the commission to the end of the following year. The commission shall also deposit in the fund as needed and available, from revenues received in excess of budgeted current expenses of operation and maintenance of its property and of carrying on its business and activities, and in excess of amounts required to cancel taxes under subdivision 2, such amounts as shall be required to reimburse the fund for bond and certificate payments and to produce a balance of cash and investments therein by October 10 in each year at least equal to the total amount of principal and interest due and to become due on general obligation revenue bonds of the commission to the end of the following year. If the revenues are insufficient in any year to produce the required balance, then unless provision is made for restoring the deficiency in accordance with the provisions of subdivision 8, the commission shall levy and appropriate to the debt service fund, and certify to the county auditors of all counties in the metropolitan area, a tax in accordance with subdivision 3 in an amount at least five percent in excess of the deficiency. For the purpose of determining the balance in the debt service fund at any time, investments held therein shall be valued at the principal amount payable at maturity if they mature in the following year, or otherwise at market value

plus the amount of interest receivable thereon to the end of the following year.

Subd. 5. [RATES, FEES, CHARGES, AND RENTALS.] The commission shall be obligated to the holders of its bonds, and to the owners of all property subject to taxation for the payment thereof, to establish, revise from time to time, and collect rates, fees, charges, and rentals for all airport and air navigation facilities and service used by and made available to any person, firm, association, or corporation according to schedules such as to produce revenues at all times sufficient for the requirements of the debt service fund as provided in subdivision 4, and sufficient also to pay when due all expenses of operation and maintenance of the commission's property and of carrying on its business and activities in accordance with law. The payment of such rates, charges, fees, and rentals by any party for the use of any facility or service for any period, other than use permitted to the public generally, shall be secured by a lease or other agreement requiring such party to pay each year an amount sufficient to provide for the payment of a share of the principal and interest due during this period on all bonds of the commission, proportionate to the amount of such bonds issued to provide the facility or service and to the amount of use thereof assured to such party in comparison with others. If a tax is ever required to be levied for a debt service fund deficiency under the provisions of subdivision 4, the commission shall immediately take all action permitted by law and under its leases and other agreements to enforce the payment of rates, fees, charges, and rentals then due, and to raise the amounts thereof payable in the future to the extent required for conformity with subdivision 4 and for repayment of the deficiency with interest at six percent per annum.

Subd. 6. [REIMBURSEMENT OF DEBT SERVICE FUND DEFICIENCIES.] If a debt service fund deficiency tax is ever certified in accordance with subdivision 4, each county auditor shall extend it on the tax roll of his county in that proportion which the assessed valuation of taxable property within his county then bears to the assessed valuation of all taxable property within the metropolitan area, and shall certify to the commission the amount so extended. Thereafter the commission shall be obligated to repay to the treasurer of each county the amount extended upon its tax roll with interest at six percent per annum from the dates of payment of the deficiency tax to the commission to the date or dates of repayment. The commission shall certify to each county auditor the principal amount to be so paid to the county before October 10 in each subsequent year, and the county auditor shall reduce by this amount the taxes levied by the county which are to be extended upon its tax rolls then in preparation.

Subd. 7. [CONDITIONS.] Bond of the commission shall not be conditioned upon an election, but no bonds shall be issued at any time, except for refunding in the cases described in subdivision 8, unless the required balance in the debt service fund is first established in accordance with subdivision 4, and the commission determines on one of the bases described in this subdivision that the revenues to be received by it each year during the term of the

proposed issue will be at least sufficient to pay when due all of the commission's bonds and interest thereon, including the new issue but excluding any bonds refunded thereby, and to establish the balance required in the debt service fund by October 10. Before the bonds are delivered to the purchaser, the commission shall secure either:

(a) A report of audit of the commission's financial records for the fiscal year most recently ended or, if this is not yet available, a report for the preceding year, prepared by a nationally recognized firm of certified public accountants, showing that the net revenues received that year, computed as the gross receipts less any refunds of rates, fees, charges, and rentals for airport and air navigation facilities and service, less the aggregate amount of current expenses, paid or accrued, of operation and maintenance of property and carrying on the commission's business and activities, equaled or exceeded the maximum amount of then outstanding bonds of the commission and interest thereon to become due in any future fiscal year; or

(b) A lease or other agreement or agreements for the operation or use by one or more airline corporations of the facility for which the bonds are proposed to be issued, requiring such corporation or corporations to pay all costs of operation and maintenance thereof and to pay additional rentals or charges at the times and in not less than the amounts required to pay all of the bonds and interest thereon when due and to establish the annual balance required in the debt service fund to secure such payments, together with a report of audit showing net revenues fulfilling the condition in clause (a) as to all other bonds then outstanding or then to be issued; or

(c) A written report prepared by a nationally recognized consultant on airport management and financing, projecting gross receipts, current expenses, and net revenues at least sufficient during each year of the term of the proposed bonds to pay all principal and interest due on all bonds and to establish and maintain the required annual debt service fund balance, and stating the estimates of air traffic, rate increases, inflation, and other factors on which the projection is based.

Subd. 8. [REFUNDING DEFICIENCIES.] If in any year the revenues available for transfer to the debt service fund are or will in the judgment of the commission be insufficient to produce the balance required thereon on October 10 under the provisions of subdivision 4, or to make any interest or principal payment due on certificates of indebtedness issued under the provisions of subdivision 10, the commission may, with the approval of the council, issue refunding bonds and appropriate the proceeds to the debt service fund in the amount needed to restore the deficiency, provided that the refunding bonds shall not mature earlier than the date or dates when the commission estimates that the revenues from enforced or increased rates, fees, charges, and rentals will be sufficient to pay them and to meet all other requirements of the debt service fund as stated in subdivision 4.

Subd. 9. [ADDITIONAL TAXES.] Nothing herein shall prevent the commission from levying a tax not to exceed in any year one twentieth of one mill on the assessed valuation of taxable property within its taxing jurisdiction, over and above any levies found necessary for the debt service fund as authorized by section 360.116. Nothing herein shall prevent the levy and appropriation for purposes of the commission of any other tax on property or on any income, transaction, or privilege, when and if authorized by law. All collections of any taxes so levied shall be included in the revenues appropriated for the purposes referred to in this section, unless otherwise provided in the law authorizing such levies; but no covenant as to the continuance or as to the rate and amount of any such levy shall be made with the holders of the commission's bonds unless specifically authorized by law.

Subd. 10. [EMERGENCY BORROWING.] If in any budget year revenue receipts should from any unforeseen cause become insufficient to pay budgeted current expenses, or if a public emergency should necessitate expenditures in excess of revenues anticipated to meet the current budget, the commission may make an emergency appropriation sufficient to meet the deficiency and may authorize the issuance and sale of general obligation certificates of indebtedness in this amount, maturing not later than October 10 in the following budget year, at public or private sale and upon such other terms and conditions as the commission may determine. The principal of and interest on such certificates of indebtedness, unless paid from other revenues, shall be payable from the debt service fund.

Sec. 33. Minnesota Statutes 1971, Section 360.124, is amended by adding a subdivision to read:

*Subd. 4. The metropolitan airports commission shall not initiate land acquisition for a new major airport without explicit authorization from the legislature.*

Sec. 34. Minnesota Statutes 1971, Sections 360.104, Subdivisions 5 and 6; 360.105, Subdivisions 2 and 3; and 360.113, Subdivisions 2, 3, and 5; and 360.119 are repealed.

Sec. 35. [EFFECTIVE DATE.] This act is effective on the day following final enactment."

Further, strike the title and insert in lieu thereof the following:

"A bill for an act relating to the metropolitan airports commission; purposes; jurisdiction; definitions; membership and organization; taxing powers; land acquisition; amending Minnesota Statutes 1971, Sections 360.101; 360.102, Subdivisions 2, 3, 4, 5, 9, and by adding a subdivision; 360.103, Subdivisions 1 and 2; 360.104, Subdivisions 1, 2, 3, 4, and by adding a subdivision; 360.105, Subdivision 4, and by adding a subdivision; 360.106, Subdivision 5; 360.107, Subdivisions 2, 15, and 17; 360.108, Subdivision 5; 360.109, Subdivision 1, and by adding subdivisions; 360.111; 360.113, Subdivision 1; 360.114, Subdivisions 1, 2, and 3; 360.116; 360.124, by adding a subdivision; and Chapter 360, by adding a section; repealing Minnesota Statutes 1971, Sections 360.104, Subdivisions 5 and 6; 360.105, Subdivisions 2 and 3; and 360.113, Subdivisions 2, 3, and 5; 360.119."

We request adoption of this report and repassage of the bill in accordance therewith.

April 12, 1974

The Honorable Alec G. Olson  
President of the Senate

Sir:

I am returning S. F. No. 3352, a bill relating to the fire service in the City of Richfield, without my signature.

This bill allows the City of Richfield to remain eligible for state aid without maintaining both the positions of fire chief and assistant fire chief.

I have no quarrel with the basic purpose of this bill; I believe it is legitimate.

Nevertheless, respected persons in the fire service profession are genuinely concerned that S. F. No. 3352, if enacted into law, would bring long-term harm to those responsible for fire protection in Minnesota.

Therefore, I believe that any decision on my part must balance the authors' purpose with the deep anxiety of the fire service profession.

In light of the profession's concern, I firmly believe that the issue inherent in this legislation must be given careful and thorough reevaluation by the next Legislature. If, after further study and consultation with members of the fire service profession, the Legislature believes S. F. No. 3352 will contribute to better community fire protection, then I will be happy to reconsider the bill.

Sincerely,  
Wendell R. Anderson, Governor
