CONFERENCE COMMITTEE REPORT ON H. F. NO. 1530

A bill for an act relating to metropolitan land use and planning; providing certain requirements and procedures for local governmental units and school districts in the metropolitan area; providing interim zoning; amending Minnesota Statutes 1974, Section 462.365, by adding a subdivision; Minnesota Statutes, 1975 Supplement, Section 473.175.

March 22, 1976

The Honorable Martin O. Sabo
Speaker of the House of Representatives

The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 1530 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that everything after the enacting clause be stricken and the following inserted:

"Section 1. [LEGISLATIVE FINDINGS AND PURPOSE.] The legislature finds and declares that the local governmental units within the metropolitan area are interdependent, that the growth and patterns of urbanization within the area create the need for additional state, metropolitan and local public services and facilities and increase the danger of air and water pollution, and the developments in one local governmental unit may affect the provision of regional capital improvements for sewers, transportation, airports and regional recreation open space. Since problems of urbanization and development transcend local governmental boundaries, there is a need for the adoption of coordinated plans, programs and controls by all local governmental units and school districts in order to protect the health, safety and welfare of the residents of the metropolitan area and to ensure coordinated, orderly and economic development. Therefore, it is the purpose of sections 1 to 23 to (1) establish requirements and procedures to accomplish comprehensive local planning with land use controls consistent with planned, orderly and staged development and the metropolitan system plans, and (2) to provide assistance to local governmental units and school districts within the metropolitan area for the preparation of plans and official controls appropriate for their areas and consistent with metropolitan system plans.

Sec. 2. [DEFINITIONS.] Subdivision 1. As used in sections 1 to 23, the following terms shall have the meanings given them.

Subd. 2. "Advisory metropolitan land use committee" or "advisory committee" means an advisory committee established by the metropolitan council pursuant to section 3.

Subd. 3. "Applicable planning statute" means sections 394.21 to 394.37 for counties and sections 462.351 to 462.364 for cities and towns.

Subd. 4. "Capital improvement program" means an itemized program for a five year prospective period, and any amendments thereto, subject to at least biennial review, setting forth the schedule, timing, and details of specific contemplated capital improvements by year, together with their estimated cost, the need for each improvement, financial sources, and the financial impact that the improvements will have on the local governmental unit or school district.

Subd. 5. "Comprehensive plan" means the comprehensive plan of each local governmental unit described in sections 8 to 12, and any amendments to the plan.

Subd. 6. "Fiscal devices" means the valuation of property pursuant

to section 273.111, the designation of urban and rural service districts, pursuant to section 272.67, and the establishment of development districts pursuant to sections 472A.01 to 472A.13, and any other statutes authorizing the creation of districts in which the use of tax increment bonding is authorized.

Subd. 7. "Local governmental unit" or "unit" means all cities, counties and towns lying in whole or in part within the metropolitan area, but does not include school districts.

Subd. 8. "Metropolitan system plans" means the airports portion of the metropolitan development guide and the policy plans, development programs and capital budgets for metropolitan waste control, transportation, and regional recreation open space.

Subd. 9. "Official controls" or "controls" means ordinances and regulations which control the physical development of a city, county or town or any part thereof or any detail thereof and implement the general objectives of the comprehensive plan. Official controls may include ordinances establishing zoning, subdivision controls, site plan regulations, sanitary codes, building codes and official maps.

Subd. 10. "Private sewer facility" means a single lot, multiple lot or other sewage collection or treatment facility owned, constructed or operated by any person other than a local governmental unit or the metropolitan waste control commission.

Subd. 11. "School district" has the meaning given it by section 120.02, subdivisions 14 and 15, and includes any independent or special school district whose administrative offices are located within the metropolitan area as of the effective date of this act.

Sec. 3. [ADVISORY COMMITTEE.] The council shall establish an advisory metropolitan land use committee pursuant to section 473.-127, comprised of 16 members, one from each council district, and as many additional members as are necessary to provide representation from each metropolitan county, plus a chairman. At least one half of the members of the advisory committee shall be elected officials of local governmental units. The members shall be appointed for the same period as the term of the council member for the district in which the member resides.

Sec. 4. [GUIDELINES.] The council shall prepare and adopt guidelines and procedures relating to the requirements and provisions of sections 1 to 23 which will provide assistance to local governmental units and school districts in accomplishing the provisions of sections 1 to 23.

Sec. 5. [METROPOLITAN SYSTEM STATEMENT.] By July 1, 1977, the council shall transmit to each local governmental unit a metropolitan system statement and to each school district a statement comprised of the parts of metropolitan system statements affecting the school district. In the preparation of the metropolitan system statement, the council shall consult with appropriate commissions and officials of the unit. The statement shall contain information relating to the unit and appropriate surrounding territory that the council determines necessary for the unit

Sec. 6. [METROPOLITAN SYSTEM STATEMENTS; AMENDMENTS.] *Local governmental units shall consider in their initial comprehensive plans submitted to the council, and school districts shall consider in their initial capital improvement programs submitted to the council, any amendments or modifications to metropolitan system plans which were made by the council and transmitted prior to January 1, 1978. Thereafter, within nine months after receiving an amendment to a metropolitan system plan, each affected local governmental unit shall review its comprehensive plan and each affected school district shall review its capital improvement program to determine if an amendment is necessary to ensure continued conformity with metropolitan system plans. If an amendment is necessary, the governmental unit or school district shall prepare the amendment and submit it to the council for review pursuant to sections 1 to 23.*

Sec. 7. [SYSTEM STATEMENTS; RECONCILIATION PROCEDURES.] *Subdivision 1. If a local governmental unit or school district and the council are unable to resolve disagreements over the content of a system statement, the unit or district may by resolution request that a hearing be conducted by the advisory committee or by the state office of hearing examiners for the purpose of considering amendments to the system statement. The request shall be made by the unit or district within 60 days after receipt of the system statement and shall be accompanied by a description of the disagreement together with specified proposed amendments to the system statement. If no request for a hearing is received by the council within 60 days, the statement shall be final.*

Subd. 2. A hearing shall be conducted within 60 days after the request, provided that the committee shall consolidate hearings on related requests. The hearing shall not consider the need for or reasonableness of the metropolitan system plans or parts thereof. The hearing shall afford all interested persons an opportunity to testify and present evidence. The advisory committee or hearing examiner may employ the appropriate technical and professional services of the state planning agency for the purpose of evaluating disputes of fact.

The proceedings shall not be deemed a contested case. Within 30 days after the hearing, the committee or hearing examiner shall report to the council respecting the proposed amendments to the system statements. The report shall contain findings of fact, conclusions, and recommendations and shall apportion the costs of the proceedings among the parties.

Subd. 3. Within 30 days of receipt of the report, the council, by resolution containing findings of fact and conclusions, shall make a final determination respecting the proposed amendments. At any point in the reconciliation procedure established by this section, the council and a local governmental unit or district may resolve their disagreement by stipulation.

The council shall review and comment on the apparent consistency of the comprehensive plans and capital improvement programs with other adopted chapters of the metropolitan development guide. After Subdivision 5, add new Sections 3 and 4 as follows:

"Sec. 3. Minnesota Statutes 1974, Chapter 116D, is amended by adding a section to read:

[116D.045] [COST OF PREPARATION OF ENVIRONMENTAL IMPACT STATEMENTS.] *Subdivision 1. The board shall, no later than January 1, 1977, by rule adopt procedures to assess the proposer of a specific action, when the proposer is a private person, for reasonable costs of preparing and distributing an environmental impact statement on that action required pursuant to section 116D.04. Such costs shall be determined by the responsible agency pursuant to the rules promulgated by the board in accordance with subdivision 5.*

Subd. 2. In the event of a disagreement between the proposer of the action and the responsible agency over the cost of an environmental impact statement, the responsible agency shall consult with the board, which may modify the cost or determine that the cost assessed by the responsible agency is reasonable.

Subd. 3. The proposer shall pay the assessed cost to the board. All money received pursuant to this subdivision shall be deposited in the general fund.

Subd. 4. No agency or governmental subdivision shall commence with the preparation of an environmental impact statement until at least one-half of the assessed cost of the environmental impact statement is paid pursuant to subdivision 3. Other laws notwithstanding, no state agency may issue any permits for the construction or operation of a project for which an environmental impact statement is prepared until the assessed cost for the environmental impact statement has been paid in full.

Subd. 5. For actions proposed by a private person, the assessed cost for preparation and distribution of the environmental impact statement shall not exceed .3 percent times that part of the total project cost in excess of one million dollars. For actions the value of which exceed ten million dollars but are less than 50 million dollars, an additional charge may be made to the proposer by the agency which will not exceed .2 percent of each one million dollars of value over ten million dollars. For actions which are greater than 50 million dollars in total value, an additional charge may be made to the proposer by the agency which will not exceed .1 percent of each one million dollars of value over 50 million dollars. March 25, 1976

The Honorable Martin O. Sabo
Speaker of the House of Representatives

The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 1382 report that

we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert:

"Section 1. In order to conserve energy and to alleviate traffic congestion in and about the location of state offices, the commissioner of administration shall, in cooperation with the director of the Minnesota energy agency, the commissioner of highways and interested nonprofit agencies, establish and operate an employee transportation program utilizing commuter vans with a capacity of not less than seven nor more than 16 passengers. The commissioner shall acquire or lease commuter vans, or otherwise contract for the provision of commuter vans, and shall make the vans available for the use of state employees in a manner consistent with standards and procedures adopted by the commissioner. Standards and procedures adopted pursuant to this section shall not be subject to chapter 15. Commuter vans may be used by state employees to travel between their homes and their work locations, and for personal purposes after working hours, not including partisan political activity. The commissioner shall provide in his standards and procedures for the recovery by the state of vehicle acquisition, lease, operation and insurance costs through efficient and convenient assignment of vans, and for the billing of costs and collection of fees. A state employee using a van for personal use shall pay, pursuant to the standards and procedures adopted by the commissioner, for operating and routine maintenance costs incurred as a result of the personal use. The commissioner shall promote the maximum practicable participation of state employees in the use of the vans. Fees collected pursuant to this section shall be deposited in the accounts from which the costs of operating, maintaining and leasing or amortizing acquisition costs for the specific vehicle are paid.

Sec. 2. Use of the vans shall be limited to areas not having adequate public transportation between the residences of state employees and their places of employment. During the first year, the van program shall be implemented both in the seven-county metropolitan area and in one other region of the state.

Sec. 3. The program shall be evaluated after its first year of operation, and the commissioner of administration shall at that time recommend to the legislature whether the program should be expanded or discontinued. The commissioner shall at least semi-annually inform the metropolitan council and the capitol area architectural and planning board on the operation of the program.

Sec. 4. Notwithstanding section 15.31 or any other law to the contrary, the commissioner of administration may purchase, pursuant to chapter 16, collision insurance coverage for the commuter vans. Notwithstanding sections 16.75, subdivision 7, and 168.012, the vans shall not be marked. The vans shall not be equipped with tax-exempt motor vehicle number plates.

Sec. 5. Minnesota Statutes 1974, Section 16.85, Subdivision 1, is amended to read:

16.85 [GENERAL POWERS OF COMMISSIONER, STATE BUILDING CODE.] Subdivision 1. Subject to the provisions of Laws 1971, Chapter 561 sections 16.83 to 16.867, the commissioner shall ~~prepare and publish by rule establish~~ a code of rules, regulations, and standards for the construction, reconstruction, alteration, and repair of state-owned buildings, governing matters of structural materials, design and construction, fire protection, health, sanitation, and safety. The commissioner may amend ~~such~~ the code from time to time as provided in Laws 1971, Chapter 561 sections 16.83 to 16.867. The code and any amendment thereof shall conform insofar as practicable to model building codes generally accepted and in use throughout the United States. In the preparation of the code consideration shall be given to the existing state-wide specialty codes presently in use in the state of Minnesota. Such model codes with modifications as may be deemed necessary and state-wide specialty codes may be adopted by reference. The code so promulgated and any amendments thereof shall be based on the application of scientific principles, approved tests, and professional judgment; and to the extent that it is practical so to do the code shall be promulgated in terms of desired results instead of the means of achieving such results, avoiding wherever possible the incorporation of specifications of particular methods or materials. To that end the code shall encourage the use of new methods and new materials.

The code shall require that any parking ramp or other parking facility constructed in accordance with the code include an appropriate number of spaces suitable for the parking of motor vehicles having a capacity of seven to 16 persons and which are principally used to provide prearranged commuter transportation of employees to or from their place of employment or to or from a transit stop authorized by a local transit authority.

Sec. 6. Minnesota Statutes, 1975 Supplement, Section 65B.43, Subdivision 12, is amended to read:

Subd. 12. "Commercial vehicle" means:

- (a) any motor vehicle used as a common carrier,

Commercial vehicle does not include a "commuter van", which for purposes of chapter 65B shall mean a motor vehicle having a capacity of seven to 16 persons which is used principally to provide prearranged transportation of persons to or from their place of employment or to or from a transit stop authorized by a local transit authority which vehicle is to be operated by a person who does not drive the vehicle for his principal occupation but is driving it only to or from his principal place of employment,

"Sec. 5. The legislature of the state of Minnesota finds that a need exists for new and expanded industrial and commercial enterprises to provide for enlarged opportunities for gainful employment by residents of the city of Minneapolis, and to enlarge the tax base of the city of Minneapolis. It is also declared that it is in the interest of the public welfare and purpose to promote the expansion and diversification of industry and commerce, to avoid relocation of industry from the city of Minneapolis, to increase employment, and to provide a larger taxable base for the economy of the city of Minneapolis. The city of Minneapolis is therefore authorized to engage in the program provided in the following sections of this act to encourage the sale of municipal industrial revenue bonds, for the purpose of furthering industrial and commercial expansion in the city of Minneapolis, and thus, improving the welfare of the public for the foregoing reasons and by the stimulation of larger flow of private investment funds from banks, building and loan associations, insurance companies, and other financial institutions, including pension, retirement and profit-sharing funds, meet the need of industrial plant and commercial expansion.

Sec. 6. Subdivision 1. Notwithstanding the provisions of any statute or charter to the contrary, the city council of the city of Minneapolis is authorized to develop and administer a program using only the fund provided in this subdivision to insure (1) the payment of principal, premium if any, and interest due on bonds, notes, or other obligations issued or incurred under the provisions of Minnesota Statutes, Chapters 458, 462, and 474, (2) the amounts due as payments under an agreement which may be in the form of a lease, mortgage, direct or installment sale contract, loan agreement, take or pay or similar agreement, which is entered into to provide revenue for payments on bonds, notes, or other obligations issued or incurred under the provisions of Minnesota Statutes, Chapters 458, 462, and 474. The city council may establish a fund using money derived pursuant to subdivision 5 from which insured bonds, notes or other obligations incurred or issued under Minnesota Statutes, Chapters 458, 462, or 474, may be retired or paid if the revenues pledged from the project to repay or retire the bonds, notes or other obligations are not sufficient to do so, and also from which payments may be made when payments on an agreement specified above are in default.

Subd. 2. The city council shall, by ordinance, promulgate rules and regulations for the program authorized by this act. Such rules and regulations shall establish the schedule for premium payments which will be required of commercial and industrial enterprises for the insurance provided, the administrative procedures for establishing and operating the program, and the criteria by which applicants will be granted insurance. The city council shall not amend the rules or regulations adopted by ordinance and in effect at the time bonds, notes, or other obligations are issued or incurred upon which the initial holder of such obligation relied, to the detriment of the holder of such bonds, notes, or other obligations.

Subd. 3. The city council shall in developing the program authorized by this act, consider the availability of other governmental and private programs.

Subd. 4. In administering the program authorized by this act, the city council shall:

(a) When the insurance fund is not established solely from premiums and moneys earned on premiums, not insure additional obligations of the city or the payment under agreements, the revenues of which are pledged to the payment of obligations of the city when the aggregate amount of principal indebtedness outstanding at any one time of (1) obligations of the city insured under a program authorized by this act and (2) obligations of the city which are to be retired from revenues generated from payments under agreements insured is more than ten times the amount in the fund established, or promised to be deposited by the city in the fund if needed to satisfy payments guaranteed;

(b) Consider at least the following factors in determining the financial soundness of an enterprise; (1) net earnings before taxes and depreciation, (2) ratio of debt to equity, (3) coverage by earnings of debt retirement, (4) amount of working capital in relationship to business needs, (5) years in business, and (6) the nature and quality of real and personal property involved;

(c) Insure only bonds, notes or other obligations of the city which do not exceed \$2,000,000 for any one industrial or commercial enterprise;

(d) Insure only agreements provided for in subdivision 1 the revenues from which are pledged to support bonds, notes or other obligations which do not exceed \$2,000,000 for any one industrial or commercial enterprise;

(e) Provide for the independent review of each application for the program authorized by this act by an experienced person qualified in the field of investment banking and an experienced person qualified in the field of valuation of real and personal property, to determine the financial soundness of the enterprise. The city council, or its designee, shall contract with a person so qualified to provide such review.

Subd. 5. To finance the program authorized by this act, the governing body of the city of Minneapolis, which, for the purposes of this act, is the elected council of the city of Minneapolis, notwithstanding any contrary definition thereof in Minnesota Statutes, Chapter 475, may, by resolution, authorize, issue, and sell, or promise to sell, general obligation bonds of the city of Minneapolis in accordance with the provisions of Minnesota Statutes, Sections 475.45, 475.51, 475.53, 475.54, Subdivision 4, 475.55, 475.553, 475.56, 475.60, 475.61, 475.62, 475.63, 475.64, 475.65, 475.66, 475.67, 475.69, 475.70, and 475.71. Also to finance the program authorized by this act the city council of the city of Minneapolis may, by resolution, authorize, issue, and sell, or promise to sell revenue bonds or obligations payable from the revenues of the program authorized by this act. The promise to sell bonds or obligations may be contained as a term in a contract with a purchaser of bonds, notes or other obligations issued or incurred under the provision of Minnesota Statutes, Chapters 458, 462, and 474, and shall bind the city to carry out the terms of the promise. The total amount of all general obligation bonds out-

standing for programs authorized by this act shall not exceed \$1,000,000. The total amount of all revenue bonds or obligations outstanding for programs authorized by this act shall not exceed \$3,000,000. The amount of all general obligation bonds outstanding at any one time shall be included in the net indebtedness of the city for the purpose of any statutory debt limitation. The city council may also make a direct appropriation from any revenues received by the city to finance the programs authorized by this act.

Subd. 6. In establishing the program provided for in this act, the city council shall make every effort to ensure that the revenues generated from premiums collected for insurance provided, and from moneys earned on funds accumulated in the insurance fund, and the proceeds obtained from the sale of bonds or obligations authorized by subdivision 5 are sufficient to retire the bonds or obligations issued to establish the insurance funds provided for by this act and to provide for the administrative costs of the program.

Sec. 7. Sections 5 and 6 take effect when approved by a majority of the city council of the city of Minneapolis and upon compliance with Minnesota Statutes, Section 645.021."

Mr. Olson, A. G. moved to amend H. F. No. 2414 as follows:

Pages 2 and 3, strike Section 3 and insert:

“Sec. 3. Minnesota Statutes 1974, Section 168.27 is amended to read:

168.27 [MOTOR VEHICLE DEALERS.] Subdivision 1. [DEFINITIONS.] *For the purposes of this section, the following terms have the meanings given them:*

(1) *“Leasing motor vehicles” means furnishing a motor vehicle for a fee under a bailor-bailee relationship where no incidences of ownership are intended to be transferred other than the right to use the vehicle for a stated period of time.*

(2) *“Brokering motor vehicles” means arranging sales between willing buyers and sellers of motor vehicles and receiving a fee for said service.*

(3) *“Wholesaling motor vehicles” means selling new or used motor vehicles to dealers for resale to the public.*

(4) *“Auctioning motor vehicles” means arranging for and handling the sale of motor vehicles, not the property of the auctioneer, to the highest bidder.*

(5) *“Dealer” includes new motor vehicle dealers, used motor vehicle dealers, brokers, wholesalers, auctioneers and lessors of new or used motor vehicles.*

Subd. 2. No person, partnership or corporation shall engage in the business, either exclusively or in addition to any other occupation, of selling motor vehicles, new or used, or shall offer to sell, solicit or advertise the sale of motor vehicles, new or used, without first having acquired a license therefor as hereinafter provided. Application for such license and renewal thereof, shall be made to the registrar of motor vehicles, shall be in writing, and duly verified by oath. The applicant shall submit such information as the registrar may require upon blanks provided by the registrar for such purpose. No application shall be granted nor a license issued to anyone, until and unless the applicant shall furnish proof satisfactory to the registrar of the following:

(1) *That the applicant has an established place of business; an established place of business when used in this section, means a permanent enclosed building or structure either owned in fee or leased at which a permanent business of bartering, trading and*

selling of motor vehicles will be carried on as such in good faith and not for the purpose of evading this section, and at which place of business shall be kept and maintained the books, records, and files necessary to conduct the business at such place and shall not mean residence, tents, temporary stands, or other temporary quarters, nor permanent quarters occupied pursuant to any temporary arrangement;

But nothing herein contained shall require an applicant for a dealer's license who proposes to deal in new and unused motor vehicle bodies to have a bona-fide contract or franchise in effect with the manufacturer or distributor of any motor vehicle chassis upon which the new and unused motor vehicle body is mounted;

(3) That if the applicant desires only to sell, solicit or advertise the sale of used motor vehicles, he shall have adequate space for the display of motor vehicles either in the building or structure wherein his business is conducted or on a lot adjacent thereto. If the applicant desires to set up an established place of business in more than one county in this state, he shall secure separate license for each county. No license for such additional county shall be issued until the registrar shall have been furnished with proof that the applicant has an established place of business in

Motor vehicles, new or used, owned by such motor vehicle dealer and bearing such number plates, except vehicles leased to the user, held for hire, or customarily used by the dealer as a tow truck, service truck, or pickup truck, may be driven upon the streets and highways of this state by such motor vehicle dealer, or any employee of such motor vehicle dealer or by any member of the immediate family of such dealer or employee for either private or business purposes; or may be driven upon the

A general distinguishing number shall be assigned by the registrar to such dealer for such purpose, and the registrar shall then issue to the dealer such number of pairs of such plates as the dealer may request, upon the payment by the dealer to the registrar of the sum of \$2 per pair. Such plates shall be known as "in transit" plates. The registrar may issue such "in transit" plates, upon the payment of the sum of \$2 to the registrar, to dealers duly licensed in other states or provinces upon information furnished him in such manner as he may prescribe, and which satisfies him that persons or companies applying therefor are duly licensed dealers under the laws of such states or provinces.

Subd. 7 13. [PROCEDURE FOR SUSPENSION AND REVOCATION; HEARING.] The registrar of motor vehicles, upon his own motion or upon the complaint of another, shall prepare and cause to be served upon the licensee complained of, a written notice or complaint setting forth, in substance, the violations charged, a statement of the deficiencies which exist and the corrective action necessary. The notice and shall require the licensee to appear at the time and place fixed therein before

the registrar or authorized deputy inspector, and show cause why his license should not be *suspended* or revoked.

The registrar shall, at the time and place fixed in the notice, proceed to hear and determine the matter on its merits. *All hearings shall be conducted in accordance with the provisions of chapter 15, except that the provisions of section 15.052, subdivision 3, shall not apply. The registrar is authorized to subpoena witnesses and administer oaths.* If the registrar shall find the existence of any of the causes for *suspension* or revocation as set forth in subdivision 4 12 and determine that *corrective action has not been taken* and the licensee's license should be *suspended* or revoked, *he the registrar shall make issue* a written order to that effect *setting out his decision*, and a copy of such order shall be served upon such licensee in the manner provided by law for the service of summons in a civil action. *If the registrar finds the dealer has violated any of the provisions of this section but that the nature of said violation or the circumstances thereof are such that a suspension of the license would be adequate, he may, instead of revoking the license suspend it for a period not exceeding 90 days. If he finds the violation does not justify a suspension only, he shall revoke the license.* Upon such a suspension or revocation, if it be a *new or used* motor vehicle dealer, he said licensee shall immediately return to the registrar all number plates, including any "in transit" plates, in his *its* possession and *its dealer's license certificate*.

Subd. § 14 . [APPEAL TO DISTRICT COURT.] Any party or person aggrieved by such order of *suspension, revocation or imposition of a penalty* may appeal therefrom to any district court of the state within 15 days after the service of a copy of such order upon the dealer complained of by the service of a written notice of appeal upon the registrar. The person serving such notice of appeal shall, within five days after the service thereof, file the same, with proof of service thereof, with the clerk of the court to which such appeal is taken, and thereupon the district court shall have jurisdiction over the appeal and the same shall be entered upon the records of the district court and be tried therein according to the rules relating to the trial of civil actions in so far as the same are applicable. The complainant before the registrar, if there was one, otherwise the registrar shall be designated as the complainant, and the dealer complained of shall be designated as the defendant. No further pleadings than those filed before the registrar shall be necessary. The findings of fact of the registrar shall be prima-facie evidence of the matters therein stated, and the order shall be prima-facie reasonable, and the burden of proof upon all issues raised by the appeal shall be on the appellant. If the court shall determine that the order appealed from is lawful and reasonable, it shall be affirmed and the order enforced as provided by law. If it shall be determined that the order is unlawful or unreasonable it shall be vacated and set aside. Such appeal shall not stay or supersede the order appealed from unless the court, upon an examination of the order and the return made on the appeal, and after giving defendant notice and opportunity to be heard, shall so direct. When no appeal is taken from such

order, the parties affected thereby shall be deemed to have waived the rights to have the merits of such controversy reviewed by a court, and there shall thereafter be no trial of the merits or reexamination of the facts by any district court to which application may be made from a writ to enforce the same.

Subd. 9. Any party to an appeal or other proceeding in the district court under the provisions of this section may appeal from the final judgment, or from any final order therein, to the supreme court in the same cases and manner as in civil actions seek judicial review pursuant to the provisions of chapter 15 .

Subd. 10 15 . [ENFORCEMENT.] The registrar is hereby authorized to enforce this section and he may also be directed to appoint under his hand a sufficient number of not less than seven persons amongst his several employees, the additional employees not to exceed three in number, to act as inspectors and investigators and who when so appointed, shall have full authority to enforce this section throughout the state . Before entering upon their official duties, the oath of appointment of each of the additional employees shall be filed in the office of the secretary of state. The registrar, his inspectors or investigators, when traveling or otherwise pursuing their duties outside the office of the registrar, shall be paid for their actual expenses incurred out of the same funds as other employees of the registrar of motor vehicles. *The inspectors shall assist licensees in compliance with laws governing licensees and administered hereunder.*

In addition the dealer shall pay a motor vehicle excise tax of \$15 annually for each pair of dealer plates purchased as required by section 2 of this act. The registrar shall deposit the tax in the state treasury and it shall be credited to the general fund. Motor vehicles, new or used, owned by such motor vehicle dealer and bearing such number plates, except vehicles leased to the user who is not an employee of the dealer during the term of the lease, held for hire, or customarily used by the dealer as a tow truck, service truck, or pickup truck, may be driven upon the streets and highways of this state by such motor vehicle dealer, or any employee of such motor vehicle dealer or by any member of the immediate family of such dealer or employee for either private or business purposes; or may be driven upon the streets and highways for demonstration purposes by any prospective buyer thereof for a period of 48 hours or in the case of a truck, truck-tractor, or semi-trailer, for a period of seven days.*

(b) *A new or used motor vehicle sold by such motor vehicle dealer and bearing the motor vehicle dealer's number plates may be driven upon the public streets and highways for a period of 72 hours by the buyer for either of the following purposes: (1) Removing the vehicle from this state for registration in another state, or (2) permitting the buyer to use the motor vehicle before he receives number plates pursuant to his own registration. Use of a motor vehicle by the buyer under the provisions of clause (2) of the preceding sentence before he*

receives number plates pursuant to his own registration constitutes a use of the public streets or highways for the purpose of the time requirements for registration of motor vehicles.

Subd. 17. [APPLICATION.] Every licensed dealer in motor vehicles may make application upon a blank provided by the registrar for that purpose for a general distinguishing number for use upon all new motor vehicles being transported from the dealer's source of supply, or other place of storage, to his place of business, or to another place of storage, or from one dealer to another. A general distinguishing number shall be assigned by the registrar to such dealer for such purpose, and the registrar shall then issue to the dealer such number of pairs of such plates as the dealer may request, upon the payment by the dealer to the registrar of the sum of \$2 per pair. Such plates shall be known as "in transit" plates. The registrar may issue such "in transit" plates, upon the payment of the sum of \$2 to the registrar, to dealers duly licensed in other states or provinces upon information furnished him in such manner as he may prescribe, and which satisfies him that persons or companies applying therefor are duly licensed dealers under the laws of such states or provinces.

Subd. 18 . All parties disobeying the orders of subpoenas of the registrar shall be guilty of contempt, as in proceedings in district courts of the state and may be punished in like manner.

Subd. 19 . [BOAT AND SNOWMOBILE TRAILERS.] Any person, copartnership or corporation having an established place of business as defined in this section and engaged in the business, either exclusively or in addition to any other occupation, of selling boat trailers or snowmobile trailers, may apply to the registrar for a dealer's license. Upon payment of a \$10 fee the registrar shall license the applicant as a dealer for the remainder of the calendar year in which the application was received. Thereafter such license may be renewed on or before the second day of January of each year by payment of a fee of \$10. The registrar shall issue to each such dealer, upon his request, dealer plates as provided in subdivision 5 of this section upon payment of \$3 for each such plate, and such plates may be used in the same manner and for the same purposes as is provided in said subdivision 5. The registrar shall also issue to such dealer, upon his request, "in transit" plates as provided in subdivision 6 of this section upon payment of a fee of \$2 for each such plate. Subd. 23. [REGISTRAR MAY FILE CHARGES.] The registrar or his appointed inspectors may file charges with the county attorney against any licensee who violates any of the provisions of this section, including but not limited to, the grounds for suspension or revocation set out in subdivision 12 of this section. Subd. 24. [BONDS.] Each motorcycle dealer licensed hereunder shall keep in full force and effect a bond with a corporate surety to be approved by the registrar of motor vehicles in the amount of \$2,500 to run to the State of Minnesota. All other persons licensed hereunder shall keep in full force and effect a bond with a corporate surety to be approved by the registrar of motor vehicles in the amount of \$10,000. Said bond shall be for the benefits of the state of Minnesota and any purchaser of a motor vehicle for any monetary loss caused by failure of the licensee to meet the obligations enumerated above. Subd. 6. "Metropolitan sports area commission" means that commission established by an ownership and operations agreement made and entered into as of August 13, 1954, validated by Laws 1955, Chapter 445, to which the cities are now parties.

ments among municipalities, or by the private efforts of the people in the metropolitan area. The legislature finds that the pressure of urbanization and development threatens the most valuable remaining large recreational open space areas in the metropolitan area at the same time as the need for such areas is increased ; and that there is a need for the development of open space in rural and urban areas. The provision of land and facilities for regional parks, arts and recreation, including sports facilities, will promote the health, safety and general welfare of the inhabitants of the area by enabling them to use and enjoy the parks and open space, arts facilities, and recreational facilities, including sports facilities, and by promoting the economic welfare of the metropolitan area and its inhabitants and industries. It is therefore necessary for the public health, safety and general welfare of the people of the metropolitan area to create a metropolitan parks, arts and recreation commission to carry out the powers and duties enumerated in Minnesota Statutes, Sections 473.302 to 473.341 and sections 5 to 17 . A representative of each professional athletic team which intends to use the facility shall serve as an ex-officio member of the committee. The commission shall seek the advice of the committee on matters relating to the construction of any new sports facility, and may delegate to the committee, or a subcommittee designated by it, such functions as it may determine to be desirable in the supervision of such construction. Upon completion of construction the committee shall be discharged.

Subd. 13. Sec. 10. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.353] [DEBT OBLIGATIONS.] *Subdivision 1. [BONDS.] The metropolitan council may by resolution authorize the sale and issuance of its general obligation revenue bonds for any or all of the following purposes:*

(b) To refund bonds issued hereunder and bonds upon which the council is obligated under section 8, subdivision 2;

(c) To refund outstanding bonds and other obligations issued or incurred by other governmental units for sports facilities acquired from them by the commission, provided that the council may instead assume liability for the payment of such obligations and interest thereon from its debt service fund in the same manner as bonds of the council; and

(d) To fund judgments entered by any court against the commission or against the council in matters relating to the commission's functions.

Subd. 2. [PROCEDURE.] Such bonds shall be sold, issued, and secured in the manner provided in chapter 475 and this section, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. The amount thereof shall not be limited except as provided in subdivision 3 and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation, and no election shall be required.

Subd. 3. [LIMITATION.] Until and unless otherwise provided by law, the principal amount of any bonds issued pursuant to subdivision 1, clause (a) shall be limited to \$47,000,000, and the purpose thereof shall be limited to the acquisition and betterment of a new multipurpose stadium seating approximately 65,000 persons suitable for university and major league baseball and football and for soccer, with adjacent parking facilities for automobiles and road access improvements, and without expenditure of bond proceeds for the acquisition of the site or for the construction or installation of a dome over the playing field; and the council shall not issue any of the bonds in excess of \$2,000,000 until it has determined that:

(a) Professional baseball and football clubs have entered into agreements with the commission to play in the stadium for a period of not less than the term of the longest term bonds that in

the council's judgment it may find it necessary to issue to finance the completion of the stadium; each agreement shall include a provision for arbitration of annual damages through loss of revenues in the event of default, based on average revenues in the years prior to default from the commission's share of gross admissions and concessions, from parking during club activities, and from taxes on admissions to club activities, and payable during the period from the occurrence of the default to the date on which another major league club shall enter into a use agreement with the commission for not less than the then remaining term of the original agreement; provided that such damages shall not exceed in any year an amount sufficient, with other revenues of the commission including admission taxes but excluding any other taxes, to pay all expenses of operation, maintenance, and administration of the stadium and all principal and interest due on the bonds referred to in this section and section 8, subdivision 2, during the same year;

(b) Acceptance by the environmental quality council of the environmental impact statement required in section 13 has been received and all necessary permits have been issued by the pollution control agency;

(c) The stadium and parking and ancillary facilities will be situated within the area designated by the site selection panel under section 15;

(d) The commission has received a grant of funds, or has entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required to make any payment upon which its acquisition of title to and possession of the site is conditioned and to satisfy any lawsuit related thereto and to pay all costs of clearing the site of all buildings, railroad trackage and other structures, plus any necessary relocation costs;

(e) The commission has acquired title to the site, including all easements and other appurtenances needed for the construction and operation of the stadium, or an order has been entered by a court of competent jurisdiction determining that its taking of the site and appurtenances is necessary and authorized by law and appointing commissioners to assess and award the damages pursuant to section 117.075;

(f) All agreements entered into by the commission are consistent with the purposes of sections 7 to 14, and the council has reviewed plans prepared for the commission in detail sufficient so that the development of final plans and specifications in accordance therewith will assure completion of the project in conformity with said purposes;

(g) The council finds that there are adequate provisions for traffic circulation at the stadium site;

(h) In the considered judgment of the council the proceeds of the bonds will be sufficient to pay the entire cost of the stadium and ancillary facilities, and the revenues that may reasonably be

expected to be received from the sources described in section 11, including but not limited to the playing agreements referred to in clause (a) above, and from investment of the construction fund, and if a site in the city of Minneapolis is selected under section 15, from the sale of any part of the existing metropolitan sports area which is no longer needed, will be sufficient to pay all current expenses of operation, administration, and maintenance of the commission's sports facilities, to pay the principal of and interest on all bonds referred to in this subdivision and in section 8, subdivision 2, when due or called for prior redemption, and to accumulate and maintain an adequate bond reserve; and

(i) The council in determining whether the aforementioned items have been satisfied may require of the lessee professional teams any and all relevant corporate fiscal and financial data, including, but not limited to, profit and loss statements, annual audit statements, and balance sheets.

(j) The requirement in paragraphs (d) and (e) shall apply only to a facility constructed in the city of Minneapolis.

Subd. 4. [SECURITY.] The net revenues from time to time received by the commission from charges for the use of its sport facilities and from the taxes authorized in section 12, in excess of (a) amounts necessary to pay when due the current, reasonable, and necessary expenses of the operation, administration, and maintenance of the sports facilities and the funds and revenues thereof, and (b) reserves authorized by the council to be accumulated and maintained for working capital and for major repairs and replacements, shall be pledged and appropriated to the council's debt service fund to the amounts needed to reduce and if possible cancel the tax otherwise required to be extended and assessed annually upon taxable property by section 475.61. The council is authorized to establish and maintain a reserve in its debt service fund, from bond proceeds or from revenues of the commission, in the amount determined to be necessary and feasible for this purpose. The tax, if required, shall be levied upon all taxable property within the metropolitan area under the jurisdiction of the council, without limitation as to rate or amount.

Subd. 5. [CERTIFICATES OF INDEBTEDNESS.] At any time or times after approval of an annual budget of the commission for operation, administration, and maintenance of its sports facilities, and in anticipation of the collection of the tax and other revenues appropriated in the budget, the council may authorize the issuance, negotiation, and sale, in such form and manner and upon such terms as it may determine, of general obligation certificates of indebtedness in aggregate principal amounts not exceeding 50 percent of the total amount of such appropriations, and maturing not later than three months after the close of the budget year. An amount of the anticipated revenues equal to not less than 105 percent of the amount required to pay the certificates and interest thereon when due shall be reappropriated to a special debt service fund established in the council's financial records, and all revenues received after expenditure or encumbrance of the remaining amount appropriated shall be credited to the fund until the certificates and interest are fully paid. If for any reason the anticipated revenues are insufficient, the certificates and interest shall be paid from the first

tax and other revenues received in the following budget year, and the council shall levy a tax in the amount of the deficiency on all taxable property in the metropolitan area.

Commencing January 1, 1977, no other tax may be levied on such transactions by any other unit of government except the state. The tax shall be stated and charged separately from the sales price so far as practicable and shall be collected by the grantor of admission from the person admitted and shall be a debt from that person to the grantor, and the tax required to be collected shall constitute a debt owed by the grantor to the commission, which debts shall be recoverable at law in the same manner as other debts. Every person, association, or corporation granting such admissions may be required, as provided in resolutions of the council, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay such penalties for nonpayment, and interest on late payments, as shall be deemed necessary or expedient to assure the prompt and uniform collection of the tax. The tax may not exceed three percent of the selling price; except that the tax upon admissions to activities conducted in the stadium referred to in section 10, subdivision 3, may be imposed at rates not to exceed ten percent of the selling price. The tax imposed by this subdivision shall be paid by the commission into the debt service fund.*

[ON-SALE LIQUOR TAX.] The council is authorized to impose a tax, supplemental to the general sales and use taxes imposed in chapter 297A, and to the excise taxes imposed in chapter 340, in the amount of one percent on all sales within the metropolitan area of intoxicating liquor and fermented malt beverages, at licensed on-sale liquor establishments, as those terms are defined in chapter 340. The tax shall be effective as of June 1, 1976, and shall be reported and paid to the commissioner of revenue with and as part of the state sales and use taxes, and shall be subject to the same penalties, interest, and enforcement provisions, and the collections thereof, less refunds and a proportionate share of the cost of collection, shall be remitted at least quarterly to the commission to be distributed as provided in section 13. When necessary to provide sufficient revenues to meet the obligations of the debt service fund, the council may increase the rate of this tax to two percent.

The amounts thereof shall be those estimated to be necessary and feasible

to produce so far as possible, with revenues from other sources, the amounts needed for current operation, maintenance, and debt service. All such rentals, fees, charges, and contracts shall be submitted to the council in accordance with section 473.163. Any contract may provide that the other contracting party shall have exclusive or nonexclusive use of such areas at such times, and shall be responsible for such performance and the payment of such costs of operation and maintenance thereof, as may be agreed.

Subd. 4. [GENERAL.] The commission shall receive and account for all tax and other revenues referred to in this section and from such revenues shall provide, contract, and pay for proper operation and maintenance of all of its property and facilities, and shall maintain a reserve for working capital as authorized by the council, and shall remit to the council for deposit in its debt service fund, at times required by resolutions of the council, the net revenues in excess of these requirements; provided that the council may by such resolutions authorize the retention also of a reserve for major repairs, replacements, and improvements.

Sec. 2. [PILOT PROGRAMS; ESTABLISHMENT] The commissioner of public welfare, hereinafter the commissioner, shall establish two pilot programs to provide dental care to senior citizens. One pilot program shall be established in the metropolitan area, composed of Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, and Carver counties; and one pilot program shall be established in an area selected by the commissioner and located outside of the seven metropolitan counties.

Subd. 8. [CLAIMANT.] "Claimant" means a person who filed a claim authorized by sections 290A.01 to 290A.21 and who was domiciled in this state during the calendar year for which the claim for relief was filed. In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes are payable for not less than six months of the calendar year covered by the claim, *except that a claimant who is disabled or who has attained the age of 65 on the date specified in section 290A.04, subdivision 1, may file a claim based on residence in a unit on which ad valorem taxes were not payable.* In the case of a part year resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only.

If a homestead is occupied by two or more unrelated renters, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be his household income for purposes of computing the amount of credit to be allowed.

Sec. 3. Minnesota Statutes, 1975 Supplement, Section 290A.04, Subdivision 2, is amended to read:

Subd. 2. The credit shall be paid to claimants whose property taxes payable exceed the following percentages of their income, up to the designated maximum credit amounts:

The credit shall be the amount calculated pursuant to this subdivision, but not exceeding \$675, less the homestead credit given pursuant to section 273.13, subdivisions 6 and 7.

taxes to be paid and credit allowed at various levels of income and assessment. The table shall follow the schedule of income percentages and , maximums and other provisions specified in subdivision 2, except that the commissioner may graduate the transition between income brackets.

For homestead property owners who are disabled or are 65 or older, as provided in subdivision 1, the commissioner shall base his determination of the credit on the gross qualifying tax reduced by the average statewide effective homestead credit percentage for taxes payable in 1975 calculated under Minnesota Statutes, Section 273.13, Subdivisions 6 and 7.

Sec. 5. In 1976, the commissioner shall recompute the credit for any person who has filed a claim and is affected by this act. A bill for an act relating to attorneys; providing for investigation of accusations against attorneys; amending Minnesota Statutes 1974, Section 481.15, by adding a subdivision.

March 29, 1976

The Honorable Alec G. Olson
President of the Senate

The Honorable Martin O. Sabo
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 1051 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S. F. No. 1051 be amended as follows:

Page 1, after line 6, insert:

"Section 1. Minnesota Statutes 1974, Section 481.11, is amended to read:

481.11 [CHANGE OF ATTORNEY.] The attorney in an *a* civil action or proceeding may be changed at any time upon his consent, or, by order of the court, upon the application of the client for cause, but no change can be made on application of the client unless the charges of the attorney be paid. When such change is made, written notice of the substitution of a new attorney shall be given to adverse parties; until such notice, they shall recognize the former attorney.

Sec. 2. Minnesota Statutes 1974, Section 481.13, is amended to read:

481.13 [LIEN FOR ATTORNEY FEES.] An attorney has a lien for his compensation whether the agreement therefor be expressed or implied:

(1) Upon the papers of his client coming into his possession in the course of his employment;

(2) Upon money in his hands belonging to his client;

(3) (1) Upon the cause of action from the time of the service of the summons therein, or the commencement of the proceeding, and upon the interest of his client in any money or property involved in or affected by any action or proceeding in which he may have been employed, from the commencement of the action or proceeding, and, as against third parties, from the time of filing the notice of such lien claim, as provided in this section;

(4) Upon money or property in the hands of the adverse party to the action or proceeding in which the attorney was employed, from the time such party is given notice of the lien. If the client has an interest in any real or personal property, whether held by any bailee, pledgee, judgment creditor or otherwise, the attorney shall be entitled to a lien upon such property wherever situated, for the value of his services, whether under a special agreement as to compensation or for the reasonable value thereof, and shall also have a lien for any contributions in money or services which the attorney makes for the preservation of the client's interest in the property or for the enhancement of the value thereof. If the client is not a resident of this state, jurisdiction may be had by service of notice of order to show cause without the state or by mailing a copy thereof to the client outside of the state, without the need of further jurisdictional requirements, provided the property itself is within the state of Minnesota;

(5) (2) Upon a judgment, and whether there be a special agreement as to compensation, or whether a lien is claimed for the reasonable value of the services, the lien shall extend to the amount thereof from the time of giving notice of his claim to the judgment debtor, but this lien is subordinate to the rights existing between the parties to the action or proceeding;

~~(6)~~ (3) The liens provided by clauses ~~(3)~~ (1) ; ~~(4)~~, and ~~(5)~~ (2) may be established, and the amount thereof determined, by the court, summarily, in the action or proceeding, on the application of the lien claimant or of any person or party interested in the property subject to such lien, on such notice to all parties interested therein as the court may, by order to show cause, prescribe, or such liens may be enforced, and the amount thereof determined, by the court, in an action for equitable relief brought for that purpose.

Judgment shall be entered under the direction of the court, adjudging the amount due and the sale of the property subjected to the lien, or some part thereof, to satisfy said amount, and directing the sheriff to proceed to sell the same according to the provisions of law relating to the sale of real estate on execution, and to make report to the court.

A certified transcript of the judgment shall be delivered to the sheriff, and shall be his authority for making the sale.

If the property so sold is real estate, the same shall be subject to redemption in the manner provided by law for redemption of real property sold on execution.

Such liens shall not affect the right or title of bona fide purchasers or encumbrancers of the property subject thereto, for value and without notice; but a duly verified notice of intention to claim such lien, specifying the property on which the lien is claimed, and the amount thereof, if under express agreement, or, if not, then the reasonable value of the services for which such lien is claimed, filed as herein provided, shall charge subsequent purchasers and encumbrancers of such property with notice of said lien from the time of such filing.

(4) If the lien is claimed on the client's interest in real estate involved in or affected by the action or proceeding, such notice of intention to claim a lien thereon shall be filed in the office of the register of deeds or registrar of titles, where appropriate, and therein noted on the certificate or certificates of title affected, in and for the county within which the same is situated. If the lien is claimed on the client's interest in personal property involved in or affected by the action or proceeding, the notice shall be filed in the same manner as provided by law for the filing of a chattel mortgages security interest.

Sec. 3. Minnesota Statutes 1974, Section 481.14, is amended to read:

481.14 [REFUSAL TO SURRENDER PROPERTY TO CLIENTS.] When an attorney shall refuse to deliver money or papers to a person from or for whom he has received them in the course of his professional employment, he may be required to do so, upon petition, by an order of court. Such order may be granted by the court in which the action was prosecuted, or if no action was prosecuted, by the district court of the county where he resides, or by the supreme court, and may require him to make delivery within a time specified, or show cause why he should not be

punished for contempt. *In the event an attorney shall retain money of a client under a claim of right, including a claim for fees and expenses, the court shall determine the amount, if any, due such attorney, and shall order that any surplus amount remaining after deduction thereof be surrendered to the client. If the attorney claims a lien upon the property, the court may:*

(1) *As a condition of making the order, require the client to give security, in form and amount as directed, to satisfy the lien when determined in an action; or*

(2) *Summarily inquire into and determine the facts upon which the lien claim is founded; or*

(3) *Direct a trial of the controversy by a jury, or refer it, and determine the same upon the verdict or report as in other cases."*

Renumber the remaining section

Page 1, line 15, strike "*dispostion*" and insert "*disposition*"

Further, amend the title as follows:

Page 1, line 2, after "*attorneys;*" insert "*authorizing change of attorney at any time; abolishing lien of an attorney upon money and papers of his client in his possession;*"

Page 1, line 4, delete "*Section*" and insert "*Sections 481.11, 481.13; 481.14; and*"

We request adoption of this report and repassage of the bill.

The Honorable Martin O. Sabo
Speaker of the House of Representatives

The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 1997 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and H. F. No. 1997 be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. [DECLARATION OF POLICY.] *The legislature finds that a process for curriculum evaluation and planning is needed for continued improvement of the educational program for all public school children in the state, and to allow for better evaluation of educational programs by local communities. The legislature further finds that such a process is needed to facilitate decisions by school boards and communities as to which services can best be provided by the public schools and which services can or should be provided by other institutions such as the family, the private sector or other public agencies.*

Sec. 2. [PLANNING, EVALUATION AND REPORTING TO PUBLIC; CURRICULUM ADVISORY COMMITTEES.] *Subdivision 1. The school board of each school district in the state shall develop and adopt a written educational policy which establishes educational goals for the district, a process for achieving these goals, and procedures for evaluating and reporting progress toward the goals. The school board shall review this policy each year and adopt revisions which it deems desirable. School boards are encouraged to develop this school district policy and any revisions after consultation with the staff of each school building.*

Subd. 2. The school board shall instruct the administrative and professional staff of the district to develop an instructional plan for the purpose of implementing the goals established in the district educational policy within resources available to the district. Insofar as possible the instructional plan shall include measurable instructional objectives to assist in directing and measuring progress toward the goals established in the district educational policy. For goals toward which progress is not easily measurable, the instructional plan shall include other appropriate means to direct and evaluate progress.

Subd. 3. Each school board is encouraged to appoint a curriculum advisory committee to provide for active community participation in the process of developing and revising the district educational policy, developing the instructional plan, evaluating progress and reporting to the public.

Subd. 4. Each year a final evaluation of progress shall be conducted, including both professional and consumer evaluations. The professional staff evaluation shall utilize test results and other performance data along with faculty interpretations and judgments. Consumer evaluation shall include the opinions of students, parents and other residents of the community served by the school. Upon receipt of the evaluation reports, each school board shall review the results and develop appropriate school improvement plans to improve areas where goals of the district educational policy have not been met.

Subd. 5. The district educational policy, the reports of the annual evaluation including summary test results, and the plans for school improvement shall be made available to the citizens of the school district through media releases and other means of com-

municating with the public. These documents shall also be on file and available for inspection by the public. Information copies of the reports shall be sent to the state board of education. All activities and reports pursuant to this section shall comply with Minnesota Statutes, Sections 15.162 to 15.167, and any other law governing data on individuals in school districts.

Sec. 3. [ASSISTANCE TO LOCAL SCHOOL DISTRICTS.] *Subdivision 1. Insofar as possible, the state board of education and educational cooperative service units shall make technical assistance for planning and evaluation available to school districts upon request during the 1976-1977 school year. The department shall collect the annual evaluation reports from local districts as provided in section 2, subdivision 5 of this act, and shall make this data available upon request to any district seeking to use it for purposes of comparisons of student performance.*

Subd. 2. The department upon written agreement with local school districts may perform testing and evaluation of students. The department may collect a reasonable fee not to exceed the actual cost of services.

Sec. 4. [TIME OF IMPLEMENTATION.] *School districts are encouraged to begin planning, evaluation and reporting to the public pursuant to sections 1 and 2 of this act during the 1976-1977 and 1977-1978 school years. All school districts in the state shall engage in planning, evaluation and reporting to the public pursuant to sections 1 and 2 of this act during the 1978-1979 school year and shall submit a report, which has been shared with the public and adopted by the school board, to the state board of education by August 1, 1979. During the summer of 1977, the state board of education shall report to the districts of the state the experiences of the demonstration projects authorized in section 5 of this act and of any similar projects funded from other sources.*

Sec. 5. [DEMONSTRATION PROJECTS.] *For the 1976-1977 school year, the state board of education shall make grants to several school districts to develop local plans, evaluation techniques using valid and reliable instruments, and procedures for reporting to the citizens of the school districts. The state board shall encourage these school districts to engage in alternative procedures for planning and reporting. The state board of education is encouraged to use available federal funds to support additional demonstration projects. By November 15, 1977, the state board shall report to the education committees of the legislature on the demonstration projects and their direct and indirect costs.*

Sec. 6. [REPORT TO LEGISLATURE.] *By February 1, 1977, the state board shall report to the legislature on the nature and number of requests for technical assistance received pursuant to section 3 of this act. This report shall contain recommendations on the need for any legislation to provide for improvement in the ability of the department of education to provide this assistance to districts.*

Sec. 7. [APPROPRIATION OF FUNDS.] *There is annually appropriated from the general fund to the department of educa-*

tion any and all amounts received by the department pursuant to section 3, subdivision 2 of this act.

Sec. 8. [ADVISORY TASK FORCE.] *Subdivision 1. The governor shall appoint a five member advisory task force on nonpublic schools within 30 days of the effective date of this section. The five members shall be representative of the various areas of the state and shall be knowledgeable about nonpublic schools. The task force shall expire May 15, 1977 and the compensation, removal of members and filling of vacancies shall be as provided in Minnesota Statutes, Section 15.059.*

Subd. 2. The task force study shall include, but not be limited to the following areas:

Subd. 3. The task force shall report the results of its study and any recommendations it may have developed to the appropriate education committees of the legislature prior to January 15, 1977, and shall be available for consultation during the 1977 legislative session.

Subd. 4. As used in this section, "nonpublic school" means a school as defined in Minnesota Statutes, Section 123.932, Subdivision 3.

If the commissioner determines that the district has incurred an additional and uncompensated cost, he shall pay to the district an amount not to exceed \$40 for each Southeast Asian child served.*

Subd. 2. All aid distributed pursuant to this section shall be utilized by a school district for the purpose of paying additional and uncompensated costs which have been incurred in the provision of these services.

School age means the ages of four years to 21 years for children who are deaf, blind, crippled or have speech defects; and five years to 21 years for mentally retarded children; handicapped as defined in section 120.03 and shall not extend beyond secondary school or its equivalent. Subd. 7. Summer school aids shall be recognized as revenues and recorded as receivables during the fiscal year in which the summer school session ends; provided that nothing in this subdivision shall be construed to provide for a different rate of aid than that provided in section 124.20.

Subd. 8. "Categorical reimbursement" aids are those aids for which the expenditures of the prior fiscal year are used only for determination of the amount. These aids shall be recognized as revenues and recorded as receivables in the fiscal year designated for payment.

Subd. 9. Interest shall be recognized in the fiscal year during which earned, and shall be allocated proportionally to the funds from which the resources were invested.

Subd. 10. Federal aids or grants shall be recognized as revenues and recorded as receivables in the fiscal year during which the eligible expenditures are recognized.

Subd. 11. State aids or grants, that are paid as a matching of an expenditure, shall be recognized as revenues and recorded as receivables in the fiscal year during which the eligible expenditure is recognized.

Subd. 12. Other revenues not specified in this section shall be recognized as revenue and shall be recorded in the fiscal year earned.

Subd. 13. Deviations from the principles set forth in this section shall be evaluated and explained in footnotes to audited financial statements.

Subd. 14. The state board shall specify the fiscal year or years to which the revenue from any aid or tax levy is applicable if Minnesota Statutes do not so specify.

Sec. 29. [121.94] [EXPENDITURE RECOGNITION.] *Subdivision 1. School district expenditures shall be recognized and reported on the district books of account in accordance with this section.*

Subd. 2. There shall be fiscal year-end recognition of expenditures and the related offsetting liabilities recorded in each fund in accordance with the uniform financial accounting and reporting system for Minnesota school districts.

Subd. 3. Purchase orders, itemized in detail, for other than inventory supply items, which are issued to outside vendors and based on firm prices shall be recorded as expenditures in the fiscal year designated at the time of the issuance of the order.

Subd. 4. Inventory supply items may be recorded as expenditures at the time of the issuance of the purchase order or at the time of delivery to the school district's subordinate unit or other consumer of the item.

Subd. 5. Salaries and wages shall be recorded as expenditures in the fiscal year in which the personal services are performed.

Subd. 6. Other payable items shall be recorded in the fiscal year in which the liability is incurred.

Subd. 7. Deviations from the principles set forth in this section shall be evaluated and explained in footnotes to audited financial statements.

Sec. 30. [121.95] [REQUIREMENT FOR ACCOUNTING, BUDGETING AND REPORTING.] *Subdivision 1. On or before June 30, 1977, each Minnesota school district shall adopt the uniform financial accounting and reporting system for Minnesota school districts provided for in section 27 of this act.*

Subd. 2. [UNAUDITED FINANCIAL STATEMENTS.] Each Minnesota school district shall submit to the commissioner by August 15, 1977 and August 15 of each year thereafter, an unaudited financial statement for the preceding fiscal year. This statement shall be submitted on forms prescribed by the commissioner after consultation with the advisory council on uniform financial accounting and reporting standards.

Subd. 3. [AUDITED FINANCIAL STATEMENTS.] Prior to June 30 of the calendar year following the submission of the unaudited financial statement, the school district shall provide to the commissioner and state auditor an audited financial statement prepared in a form which will allow comparison with and correction of the unaudited statement.

Subd. 4. [BUDGET REPORTING.] Each Minnesota school district shall submit to the department by August 15, 1977, and by August 15 of each year thereafter, on forms prescribed by the commissioner, the revenue and expenditure budgets adopted for that fiscal year.

Subd. 5. All governmental units formed by joint powers agreements entered into by school districts pursuant to Minnesota Statutes, Sections 120.17, 123.351, 741.59, or any other law and all educational cooperative service units shall be subject to the provisions of this section.

Sec. 31. [121.96] [CASH FLOW; SCHOOL DISTRICT REVENUES; BORROWING FOR CURRENT OPERATING COSTS.] *Subdivision 1. The commissioner of finance shall remit all payments of state aids to school districts in conformance with the dates provided by law or, when not so provided, with a schedule of aid payments to be established by the commissioner of education in consultation with other affected state agencies.*

Subd. 2. The auditors or finance officers of Minnesota counties shall remit all payments of taxes to the school districts in conformance with the provisions of Minnesota Statutes, Section 276.11. School districts which have need for tax remittance advances may secure them from the counties by making formal requests in conformance with Minnesota Statutes, Section 276.11.

Subd. 3. Minnesota school districts may issue tax and aid anticipation certificates in conformance with the provisions of Minnesota Statutes, Sections 124.71 to 124.781, with the additional provision that the proceeds of such borrowing or any other method of borrowing shall be recorded as liabilities of funds for which the taxes were levied, or for

which the aids are receivable. Nothing in this subdivision shall provide authority for borrowing against the tax levies and aids of one school district fund for the purpose of increasing the available cash balance of another fund.

Subd. 4. Unless otherwise provided by law, no district shall, for the purpose of increasing the available cash balance of another fund, borrow or transfer funds from the building construction fund, debt redemption fund, trust and agency fund, or from any sinking fund for outstanding bonds issued for any purpose. However, if the contemplated use for which funds were originally placed in the building construction fund or a sinking fund is afterwards abandoned or if a balance remains after the use is accomplished, a district may devote these funds as provided in Minnesota Statutes, Section 475.65. For the purpose of insuring fund integrity, if the commissioner determines that a district is in violation of this subdivision or section 28 of this act, he shall require that such district maintain separate bank accounts for building construction funds, debt redemption funds, trust and agency funds, and sinking funds for outstanding bonds. Nothing in this subdivision shall be construed to prohibit the use of common bank accounts for other funds unless prohibited by law.

Sec. 32. [121.97] [STATUTORY OPERATING DEBT.] *Subdivision 1. The "statutory operating debt" of a school district means the net negative fund balance in all school district funds, other than capital expenditure, building construction, debt service, trust and agency, and post-secondary vocational-technical education funds, calculated as of June 30 of each year in accordance with the uniform financial accounting and reporting system for Minnesota school districts.*

Subd. 2. The commissioner shall establish a uniform auditing or other verification procedure for school districts to determine whether a statutory operating debt exists in any Minnesota school district as of June 30, 1977. This procedure shall also identify all interfund transfers made during fiscal year 1977 from a fund included in computing statutory operating debt to a fund not included in computing statutory operating debt. The standards for this uniform auditing or verification procedure shall be promulgated by the state board pursuant to chapter 15. If a school district applies to the commissioner for a statutory operating debt verification or if the unaudited financial statement for the school year ending June 30, 1977 reveals that a statutory operating debt might exist, the commissioner shall require a verification of the amount of the statutory operating debt which actually does exist.

Subd. 3. If an audit or other verification procedure conducted pursuant to subdivision 2 determines that a statutory operating debt exists and does not come within the provisions of subdivision 4, a district shall follow the procedures set forth in section 88 of this act to eliminate this operating debt.

Subd. 4. If the amount of the statutory operating debt verified pursuant to subdivision 2 is less than two and one half percent of the most recent fiscal year's expenditure amount for the funds considered under subdivision 1, the net negative fund balance shall not qualify as statutory operating debt for the purposes of this section and sections 33 and 88 of this act.

Subd. 5. The commissioner of education shall certify the amount of statutory operating debt for each school district. Prior to June 30, 1979, the commissioner may, on the basis of corrected figures, adjust the total amount of statutory operating debt certified for any district.

Subd. 6. On January 15, 1998, the commissioner of education shall report to the legislature on the districts for which the levy allowable under section 88 of this act has been insufficient to eliminate the statutory operating debt of the district, determined as of June 30, 1977.

Subd. 7. This section and the provisions of section 88 of this act shall be applicable only to common, independent, and special school districts and districts formed pursuant to Laws 1967, Chapter 822, as amended, and Laws 1969, Chapters 775 and 1060, as amended. This section and the provisions of section 88 of this act shall not apply to Independent School District No. 625.

Subd. 8. Any district eligible to receive any amounts pursuant to section 88 of this act shall disclose its statutory operating debt retirement plan by footnote to the audited financial statement.

Subd. 9. The commissioner shall establish a uniform reporting procedure for school districts to determine whether a statutory operating debt exists in any Minnesota school district as of June 30, 1976, and to estimate the amount of such statutory operating debt. This procedure shall also identify all interfund transfers made during fiscal year 1976 from a fund included in computing statutory operating debt to a fund not included in computing statutory operating debt.

Subd. 10. (a) On or before January 1, 1977, the commissioner shall report to the legislature his findings concerning the amount of statutory operating debt for districts as of June 30, 1976, and interfund transfers during fiscal year 1976 which are identified pursuant to subdivision 9. This report shall include any information available to the commissioner regarding possible increases in statutory operating debt for districts between June 30, 1976, and June 30, 1977, and justifications for these increases.

(b) On or before January 1, 1978, the commissioner shall report to the legislature his findings concerning the amount of statutory operating debt for districts as of June 30, 1977, interfund transfers during fiscal year 1977 which are identified pursuant to subdivision 2, and actual increases in statutory operating debt for districts between June 30, 1976, and June 30, 1977.

Sec. 33. [121.98] [EXPENDITURE LIMITATIONS.] *Subdivision 1. (a) Beginning in fiscal year 1978 and in each year thereafter, a district which had statutory operating debt on June 30, 1977 pursuant to section 32 of this act shall limit its expenditures in each fiscal year to the amount of revenue recognized in the same fiscal year in accordance with the uniform financial accounting and reporting system for Minnesota school districts.*

(b) The expenditures of a district for each fiscal year shall be limited so that the amount of its statutory operating debt cal-

culated for that fiscal year pursuant to section 32 of this act is not greater than the amount of the district's statutory operating debt as of June 30, 1977, as certified and adjusted by the commissioner;

(1) reduced by an amount equal to the cumulative entries to that district's "reserve account for reducing operating debt";

(2) increased by an amount equal to two and one half percent of that district's operating expenditures for the fiscal year immediately preceding the fiscal year for which the statutory operating debt calculation is being made.

(c) When a district is no longer required to levy pursuant to section 88 of this act, subdivision 2 of this section shall be applicable.

Subd. 2. Beginning in fiscal year 1978 and each year thereafter, any district not subject to subdivision 1 shall limit its expenditures so that its appropriate fund balances shall not constitute statutory operating debt as defined and limited in section 32 of this act.

Subd. 3. If a school district does not limit its expenditures in accordance with this section, the commissioner shall so notify the appropriate committees of the legislature by no later than January 1 of the year following the end of that fiscal year.

Sec. 34. [121.99] [PARTICIPATION IN COMPUTER SYSTEMS.] *Subdivision 1. On or before July 1, 1980, all Minnesota school districts shall convert financial accounting and reporting operations to a computer based financial management accounting and reporting system utilizing regional or other computing facilities and utilizing multi-dimensional accounts and records defined in accordance with the uniform financial accounting and reporting system for Minnesota school districts.*

Subd. 2. After July 1, 1980, participation in a computer based financial management accounting and reporting system shall be mandatory. The form of this participation shall be appealable to the commissioner.

Sec. 35. Minnesota Statutes, 1975 Supplement, Section 122.23, Subdivision 15, is amended to read:

Subd. 15. If no district is divided by virtue of the proceedings, all of the assets, real and personal, of the districts involved and all legally valid and enforceable claims and contract obligations of the districts pass to the new district. If a district is divided by virtue of the proceedings, upon receipt of the order of the commissioner, the auditor of the county containing the greatest land area of the new district shall present a copy of the plat and supporting statement and orders issued in the proceedings to the county board at its next regular meeting commissioner, together with such information as is available to him concerning the assets and liabilities not secured by bonds of each district, any part of which is included in the newly created district. Thereafter within 30 days the county board commissioner shall issue his order providing for a division of the assets and liabilities

of the districts involved and apportioning and dividing these assets *and liabilities* according to such terms as ~~it~~ *he* may deem just and equitable. In making this division of assets and liabilities, the ~~county board~~ *commissioner* may consider the amount of bonded debt to be assumed by property in each area under the provisions of this section. If the order of consolidation transfers any real estate interest to the new district or to another district, the order apportioning assets and liabilities may impose a dollar claim on the district receiving the real estate in favor of any other district involved in an amount not exceeding the reasonable value of the real estate interest involved, which claim shall be paid in the manner provided by law for the enforcement of judgments.

Sec. 36. Minnesota Statutes, 1975 Supplement, Section 122.45, Subdivision 1, is amended to read:

122.45 [DISTRIBUTION AND DIVISION OF ASSETS AND LIABILITIES; TAXATION.] Subdivision 1. Title to all the property, real and personal, of any district dissolved under the provisions of sections 122.41 to 122.52 and all legally valid and enforceable claims and contract obligations, pass to the district to which such dissolved district is attached. If a district is divided by virtue of the proceedings, the ~~county board~~ *commissioner* shall issue ~~its~~ *his* subsequent order providing for the division of the assets and liabilities according to such terms as ~~it~~ *he* may deem just and equitable.

Sec. 37. Minnesota Statutes 1974, Section 122.45, Subdivision 2, is amended to read:

Subd. 2. As of the effective date of the attachment, all the taxable property in the newly enlarged district is taxable for the payment of any bonded debt theretofore incurred by any component district or territory in the proportion which the assessed valuation of that part of a preexisting district which is included in the newly enlarged district bears to the assessed valuation of the entire preexisting district as of the time of the attachment. This apportionment shall be made by the county auditor and shall be incorporated as an annex to the order of the ~~county board~~ *commissioner* dividing the assets and liabilities of the component parts. This subdivision shall not relieve any property from any tax liability for payment of any bonded obligation but taxable property in the newly enlarged district becomes primarily liable for the payment of bonded debts to the extent of the proportion stated.

Sec. 38. Minnesota Statutes 1974, Section 122.45, Subdivision 3a, is amended to read:

Subd. 3a. (a) Liabilities of a dissolved district existing at the time of the attachment other than bonded debt within the purview of subdivision 2 shall be obligations of the consolidated district after attachment (in the amount and kind determined by the ~~county board~~ *commissioner* according to subdivision 1, where a dissolved district is divided), for the payment of which the consolidated district has a right to reimbursement by special levy or

levies. The amount of reimbursement will be equal to the liabilities of the dissolved district for which the consolidated district is obligated less the aggregate of the following which has been or will be received by the consolidated district at or after the time of attachment from or as a result of the dissolution and attachment of the dissolved district:

- (1) All taxes inuring to the consolidating district upon levies made by the dissolved district;
- (2) All cash, bank accounts, investments, and other current assets;
- (3) Earned state aids of the dissolved districts;
- (4) Returns from the sale of property of the dissolved district.

(b) The amount of such special levy so computed shall be certified to the county auditor with the other tax requirements of the consolidated district but separately stated and identified. The auditor shall add the amount of special levy so certified to the school rate for the territory in the consolidated district which came from the dissolved district and include it in the levy on the taxable property in that territory; provided, the county auditor shall not spread more of the amount certified for special levy in any year than will amount to 20 percent of the school levy without the special levy, leaving the remaining part of the certified amount for levy in successive years without further certification. Any amount of reimbursement to which it is entitled omitted by the consolidated district from its initial certification for special levy may be certified in a subsequent year for levy in the same manner as the levy upon initial certification.

The levy authorized by this subdivision shall be in addition to those otherwise authorized by *Extra Session Laws 1971, Chapter 31, Article 29 section 275.125*.

Sec. 39. Minnesota Statutes 1974, Section 123.37, Subdivision 1, is amended to read:

123.37 [INDEPENDENT SCHOOL DISTRICTS, CONTRACTS.] Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed : (a) \$3,000 for school districts with an enrollment of students in grades 1 to 12 of less than 10,000, or (b) \$5,000 for all other school districts that specified in section 471.345, subdivision 3, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. Such notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Such additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract shall be awarded to the lowest responsible bidder, duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance, and otherwise conditioned as required by law. A record shall be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid shall be rejected unless the alteration or erasure is corrected as herein provided. An alteration or erasure may be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district shall be established by competitive bids. Such standard requirement price contracts may contain escalation clauses and may provide for a negotiated price increase or decrease based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate such increase or decrease. The term of such contracts shall not exceed two years with an option on the part of the district to renew for an additional two years. Provided that in the case of purchase of perishable food items except milk for school lunches and vocational training programs a contract of any amount may be made by direct negotiation by obtaining two or more written quotations for the purchase or sale, when possible, without advertising for bids or otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.

Every contract made without compliance with the provisions of this section shall be void. Provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

Firm bid contracts for the purchase of milk and ice cream renegotiated between August 25, 1973 and July 1, 1974 which provide for a price increase or decrease based upon a demonstrable industrywide or regional increase in the vendor's costs are valid and not void under this subdivision; provided that the adjustment shall not exceed the increase or decrease authorized in the applicable federal marketing order for raw milk; and provided further that a school district which did not renegotiate its

contract before February 1, 1974, shall not adjust its contract to provide for price increases or decreases for purchases made before February 1, 1974.

Sec. 40. Minnesota Statutes 1974, Section 123.37, Subdivision 1b, is amended to read:

Subd. 1b. Notwithstanding the provisions of subdivision 1 or section 471.345, a contract for the transportation of school children may be made either by direct negotiation, by obtaining two or more written quotations for the service, when possible, or upon sealed bids. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. If a contract is made by direct negotiation, negotiations shall be carried on at a meeting of the school board open to the public. If a contract is made upon sealed bids, the procedure for advertising and awarding bids shall conform to the provisions of subdivision 1.

Sec. 41. Minnesota Statutes, 1975 Supplement, Section 124.04, is amended to read:

124.04 [CAPITAL EXPENDITURE TAXING AUTHORITY.] In addition to the tax levy prescribed by law for general and special school purposes, the board of any district may levy annually an amount such that the sum of the levy and attached machinery aid for capital outlay purposes calculated pursuant to section 273.138, subdivision 3, clause (1), shall not exceed \$70 \$75 per pupil unit or, in districts where the pupil unit count is increased pursuant to section 124.17, subdivision 1, clause (7), \$75 \$80 per pupil unit. *For purposes of computing allowable levies under section 124.04, pupil units shall include only those units identified in section 124.17, subdivision 1, clauses (1), (2), (4), (5), (6) and (7).* No levy under this section shall exceed 10 mills on each dollar of assessed valuation of the taxable property in the district as adjusted for the preceding year by the equalization aid review committee notwithstanding the provisions of sections 272.64 and 275.49; ~~provided that said levy may not exceed by more than two mills (three mills if the district adds units pursuant to section 124.17, subdivision 1, clause (7))~~ the levy under this section in the previous year and provided further that any district which did not levy pursuant to this section in 1972 may certify a maximum levy of six mills not to exceed \$65 per pupil unit in 1974. The tax so levied shall be collected in the manner provided by law for the collection of school taxes. The proceeds of the tax may be used only to acquire land, improve and repair school sites, to equip; and re-equip; repair and improve buildings and permanent attached fixtures, and to pay leasing fees for computers and computer services systems hardware, computer terminals and telecommunications equipment, and related proprietary software. *The proceeds of this tax may also be used for capital improvement and repair of school sites, buildings and permanent attached fixtures and for the payment of any special assessments levied against the property of the district authorized*

pursuant to section 435.19 or any other law or charter provision authorizing assessments against publicly owned property; provided that a district may not levy amounts to pay assessments for service charges, including but not limited to those described in section 429.101, whether levied pursuant to that section or pursuant to any other law or home rule provision. Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. The state board shall promulgate rules establishing the criteria to be used by the commissioner in approving and disapproving district applications requesting the use of capital expenditure tax proceeds for the renting or leasing of buildings for school purposes and the acquisition or construction of buildings. The approval criteria for purposes of building acquisition and construction shall include: the appropriateness of the proposal with respect to the district's long term needs; the availability of adequate existing facilities; and the economic feasibility of bonding because of the proposed building's size or cost.

The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

The proceeds of the tax shall not be used for custodial or other maintenance services.

Sec. 42. Minnesota Statutes, 1975 Supplement, Section 124.17, Subdivision 1, is amended to read:

124.17 [DEFINITION OF PUPIL UNITS.] Subdivision 1. Pupil units for each resident pupil in average daily membership shall be counted as follows:

(1) In an elementary school, for kindergarten and for handicapped pre-kindergarten pupils as defined in section 120.03, and enrolled in one-half day sessions throughout the school year or the equivalent thereof, approved by the commissioner of education, one-half pupil unit and other elementary pupils, one pupil unit.

(2) In secondary schools, one and four-tenths pupil units. Pupils enrolled in the seventh and eighth grades of any school shall be counted as secondary pupils.

(3) In area vocational-technical schools one and one-half pupil units. This clause shall expire June 30, 1976.

(4) To meet the problems of educational overburden caused by broken homes, poverty and low income, each pupil in clauses (1) and (2) from families receiving aid to families with dependent children or its successor program shall be counted as an additional five-tenths pupil unit. By May 1 of each year the department of public welfare is directed to furnish to the department of education, and to each school district to the extent the information pertains to it, that information concerning children from families with dependent children which is necessary to calculate pupil units. Additional aids to a district for such pupils may be distributed on a delayed basis until the department of education publicly

certifies that the information needed for paying such aids is available on such a timely basis that such aids may be paid concurrently with other foundation aids.

(5) In every district where the number of pupils from families receiving aid to families with dependent children or its successor program exceeds five percent of the total actual pupil units in the district for the same year, as computed in clauses (1) and (2), each such pupil shall be counted as an additional one-tenth of a pupil unit for each percent of concentration over five percent of such pupils in the district. The percent of concentration shall be rounded down to the nearest whole percent for purposes of this clause, provided that in districts where the percent of concentration is less than six, no additional pupil units shall be counted under this clause for pupils from families receiving aid to dependent children or its successor program and provided further that no such pupil shall be counted as more than one and one-tenth additional pupil units pursuant to clauses (4) and (5). Such weighting shall be in addition to the weighting provided in clauses (1), (2), (3), and (4). School districts are encouraged to allocate a major portion of the aids that they receive on account of clauses (4) and (5) to primary grade programs and services, particularly to programs and services that involve participation of parents. Each district receiving aids on account of both clauses (4) and (5) shall establish and maintain accounts separate from all other district accounts for the receipt and disbursement of all such aids received.

(6) Where the total pupil units of a district are used as a multiplier in determining foundation aids and spending and levy limitations and where the actual number of pupil units has decreased from the prior year, the number of pupil units shall equal the average of actual pupil units for the prior and current years in a district with boundaries coterminous with the boundaries of a city of the first class and shall be increased by .6 times the difference between the actual pupil units for the two years in any other district. *Only pupil units as computed in clauses (1) and (2) shall be included for purposes of computations made pursuant to this clause.*

(7) In districts maintaining classified secondary schools where the actual number of pupil units has increased from the prior year by two percent or more, the additional pupil units over the prior year, as computed in clauses (1) and (2), shall be multiplied times one-tenth for each percent of increase over the prior year and a number of pupil units equal to the product shall be added to the other units for the district. The percent of increase shall be rounded up to the next whole percent for purposes of this clause, provided that in districts where the percent of increase is less than two, no additional pupil units shall be added to the other units for the district and provided further that the number of pupil units of increase over the prior year shall under no circumstances be multiplied by more than five-tenths.

(8) Only pupil units in clauses (1) and (2) shall be used in computing adjusted maintenance cost per pupil unit.

Sec. 43. Minnesota Statutes, 1975 Supplement, Section 124.17, Subdivision 2, is amended to read:

Subd. 2. Membership for pupils in grades kindergarten through twelve and for handicapped prekindergarten pupils shall mean the number of pupils on the current roll of the school, counted from the date of entry until withdrawal. The date of withdrawal shall mean the day the pupil permanently leaves the school or the date it is officially known that the pupil has left or has been legally excused: provided that any pupil, regardless of age, who has been absent from school without a legally justifiable excuse for 15 consecutive school days shall be dropped from the roll and classified as withdrawn. Nothing in Extra Session Laws 1971, Chapter 31, shall be construed as waiving the compulsory attendance provisions cited in section 120.10. Average daily membership shall equal the sum for all pupils of the number of days of the school year each pupil is enrolled in the district's schools divided by the number of days said schools are in session. For districts operating 12 months schools, days schools are in session shall mean the number of session days required by section 124.19, subdivision 1. The average daily membership of a pupil enrolled on a shared time basis shall equal the ratio of the total minutes for which such pupil is enrolled and the minimum minutes required during the year for a regularly enrolled public school pupil. Foundation aid for shared time pupils shall equal the amount which would accrue if shared time pupil units, counted pursuant to ~~this section subdivision 1, clauses (1) and (2),~~ were added to the district's total pupil units used in determining its foundation aid. *Foundation aid for shared time pupils shall be in addition to any other aid to which the district is otherwise entitled and shared time pupil units shall not be used for any other computation under subdivision 1 or for any computation under section 124.04.* A district shall not be entitled to transportation aid under section ~~124.22~~ 124.222 for pupils enrolled on a shared time basis unless the statutes specifically provide for transportation aid to such student. This subdivision shall be effective July 1, 1975 as applied to shared time foundation aid and July 1, 1976 as applied to pupils in area vocational-technical schools.

Sec. 44. Minnesota Statutes, 1975 Supplement, Section 124.212, Subdivision 8a, is amended to read:

Subd. 8a. (1) Notwithstanding any provisions of any other law to the contrary, the adjusted assessed valuation used in calculating foundation aid shall include only that property which is currently taxable in the district. For districts which received payments under sections 124.215, subdivision 2a; 124.25; 124.28; 124.30; ~~360.133; 360.135; and 124.20~~ 473.633; and 473.635; the foundation aid shall be reduced by: The previous year's payment to the district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125, but not to exceed 45 percent in 1975-1976 and 50 percent in 1976-1977 of the previous year's payment.

(b) for the employment of an individual jointly with another district or districts or unorganized territory in its educational program for handicapped children, ~~55~~ percent of the salary of essential personnel, but this amount shall not exceed \$10,000 for the normal school year for each full time person employed, or a pro rata amount for a part time person or a person employed for a limited time including but not limited to summer school plus 10 percent of the salaries of essential personnel employed in its educational program for handicapped children, for the purpose of recognizing additional support costs of educational programs for handicapped children;

(c) less 25 percent of the foundation aid formula allowance for each handicapped child in average daily membership who receives special instruction and services for more than 50 percent of the time school is in session, except that no portion of the foundation aid formula allowance shall be deducted for pre-school handicapped children.

The state board shall promulgate rules establishing the method and criteria by which districts shall determine the percentage of time that handicapped children receive special instruction and services. The actual percent of the salaries of essential personnel to be applied by the state pursuant to clause (a) shall be determined by the commissioner within the limits of the appropriation for special education for the school year and shall be the same for all school districts in the state.

Subd. 1a. For purposes of section 124.32, for the 1976-1977 school year, the foundation aid formula allowance per pupil unit shall be the lesser of \$960 or the greater sum computed pursuant to section 124.212, subdivision 7b, clause (2). Computations of foundation aid formula allowances pursuant to section 124.32 shall be based on the foundation aid formula allowance per pupil unit in the child's district of residence. For the purposes of computing foundation aid formula allowances pursuant to section 124.32, each handicapped child shall be counted as prescribed in section 124.17, subdivision 1, clause (1) or (2).

Subd. 1b. For special instruction or training and services provided for any pupil pursuant to section 120.17, subdivision 2, clause (h), by contract with public, private or voluntary agencies other than Minnesota school districts, the state shall pay each district:

(1) the percent of the amount of the contract which is equal to

Subd. 2. The state shall ~~reimburse~~ pay each district or ~~unorganized territory~~ for supplies and equipment purchased or rented for use in the instruction of handicapped children ~~in the~~ *an amount of equal to* one-half of the sum actually expended by the district or ~~unorganized territory~~ but not to exceed an average of \$50 in any one school year for each handicapped child receiving instruction.

Subd. 3a. The purpose of this subdivision is to change the method of funding of educational programs for handicapped children from reimbursement based on past expenditures to a current funding basis. Beginning July 1, 1976, the state shall not reimburse expenditures from the 1975-1976 school year programs, including 1976 summer school programs, but shall pay aids for the 1976-1977 school year programs and for each year thereafter on a current funding basis.

Subd. 4. The aids provided for handicapped children shall be paid to the district providing the special instruction and services. Foundation aid shall be paid to the district or ~~unorganized territory~~ of the pupils' residence. The total amount of aid paid may not exceed the amount expended for handicapped children ~~for~~ *in the school year for which the aid is paid.*

Subd. 5. When a handicapped child is placed in a residential facility approved by the commissioner and established primarily to serve handicapped children and when the child's educational program is approved by the commissioner, the state shall pay to the resident district not to exceed *65 the percent of instructional costs charged to the resident district which is equal to the actual percent of the salaries of essential personnel paid by the state pursuant to subdivision 1, clause (a)*, less the foundation aid ~~per pupil unit payable to~~ *formula allowance in the resident district for each handicapped child placed in a residential facility*. Not more than \$400,000 shall be spent annually for purposes of implementing this subdivision. If that amount does not suffice, the aid shall be pro rated among all qualifying districts.

The following types of facilities may be approved by the commissioner:

(a) A residential facility operated by a public school district and designed to serve the low incidence handicapped, the multiple handicapped, or the most severely handicapped children, either within or outside of the state, or, a state residential school outside of the state.

(b) A private, nonsectarian residential facility designed to provide educational services for handicapped children either within or outside of the state.

(c) A state hospital or private nonsectarian residential center designed to provide care and treatment for handicapped children.

Subd. 6. The state shall ~~reimburse pay~~ each district ~~or unorganized territory~~ the actual cost incurred in providing instruction and services for a handicapped child whose district of residence has been determined by ~~sections~~ *section 120.17, subdivisions 7 or subdivision 8a*, and who is temporarily placed in a state institution or a licensed residential facility for care and treatment. This section does not apply for a child placed in a foster home or a foster group home.

Upon following such procedure as requested by the commissioner of education a district ~~or unorganized territory~~ providing instruction and services for such handicapped child may bill the state the actual cost incurred in providing said services including transportation costs and a proportionate amount of capital outlay and debt service, minus the amount of *the foundation aid, formula allowance for the child and the special education aid, transportation aid, and any other aid earned in behalf of such child*, such action pursuant to limits set forth in *section 124.32, subdivision 4*.

Subd. 7. Before June 1, 1976 and before May 1 of each year thereafter, each district providing special instruction and services to handicapped children shall submit to the commissioner an application for approval of these programs and their budgets for the next school year. The application shall include an enumeration of the costs eligible for state aid pursuant to section 124.32 and of the estimated number and grade level of handicapped children in average daily membership in the district who will receive special instruction and services for more than 50 percent of the time school is in session during the next school year. The application shall also include any other information deemed necessary by the commissioner for the calculation of state aid and the evaluation of the program's compliance with the rules and standards of the state board. On or before August 1, 1976 and before July 1 of each year thereafter, the commissioner shall approve, disapprove or modify each application, and notify each applying district of his action and of the estimated level of aid for the programs determined pursuant to subdivision 1. The commissioner shall provide procedures for districts to submit additional applications for program and budget approval during the school year, for programs needed to meet changes in the needs of handicapped children in the district.

Subd. 8. When planning programs for the education of handicapped children in the regular classroom, school districts are encouraged to consider the size of the regular class and to provide the support services necessary to insure successful mainstreaming.

Subd. 9. Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program the state shall pay to each school district 30 percent of its estimated special education aid for the school year on or before each of the following dates: September 30, December 30 and March 31. The final aid distribution to the district shall be made on or before August 31 of the following year.

Subd. 10. Beginning with the summer of 1977, the state shall pay aid for summer school programs for handicapped children on the basis of the sections of Minnesota Statutes providing aid for handicapped children for the preceding school year. On or before March 15, 1977, and March 15 of each year thereafter, districts shall submit separate applications for program and budget approval for summer school programs. By May 1, 1977, and May 1 of each year thereafter, the commissioner shall approve, disapprove or modify the applications and notify the districts of his action and of the estimated level of aid for the summer school programs. Aid for these programs shall be paid on or before the October 1 after the summer when the programs are conducted.

Subd. 11. (1) Notwithstanding the provisions of subdivision 3a, Special School District No. 1 shall implement the change from reimbursement to current funding for aid to handicapped children as follows:

(a) The total amount of aid to handicapped children paid to the district each year shall be equal to the amount computed according to the current funding provisions of section 124.32.

(b) The district may account for \$4,700,000 of the amount in clause (a) on a reimbursement basis until such time as the district is required to account for aid to handicapped children on a current basis pursuant to clause (3).

(c) For purposes of revenue recognition the \$4,700,000 designated in clause (b) shall be recognized as revenue of the fiscal year preceding the fiscal year of receipt. The amount calculated pursuant to clause (a) less the \$4,700,000 designated in clause (b) shall be recognized as revenue of the fiscal year of receipt.

(2) (a) Special School District No. 1 shall establish an "account for special education statutory operating debt" and a "reserve account for current financing of special education". These accounts shall be established immediately following the effective date of this section.

(b) The "account for special education statutory operating debt" shall reflect the \$4,700,000 accounted for on a reimbursement basis pursuant to clause (1) (b). The special education statutory operating debt reflected in this account shall be in addition to the statutory operating debt of the district determined pursuant to section 32 of this act.

(c) Notwithstanding the provisions of section 88, clause (2) of this act, the "reserve account for current financing of special education" rather than the "reserve account for purposes of reducing statutory operating debt" shall reflect the proceeds of the levy authorized pursuant to section 88 of this act and the amount deposited pursuant to section 94 of this act until such time as the amount reflected in the "reserve account for current financing of special education" equals the amount reflected in the "account for special education statutory operating debt". Thereafter, the proceeds of the levy authorized pursuant to section 88 of this act shall be reflected in the "reserve account for purposes of reducing statutory operating debt".

(d) Until such time as the amount reflected in the "reserve account for current financing of special education" equals the amount re-

flected in the "account for special education statutory operating debt", the amount reflected in the "reserve account for current financing of special education" shall be used for the purposes for which special education aid may be used; however the amount reflected in this account shall be used only for cash flow requirements and shall not be used to supplement district revenues or income for the purposes of increasing the district's special education expenditures or budgets.

(e) Until such time as the amount reflected in the "reserve account for current financing of special education" equals the amount reflected in the "account for special education statutory operating debt", Special School District No. 1 may, in each year, issue certificates of indebtedness in anticipation of receipt of aid to handicapped children in an amount not to exceed \$4,700,000 less an amount equal to the amount reflected in the "reserve account for current financing of special education".

(3) When the amount reflected in the "account for special education statutory operating debt" equals the amount reflected in the "reserve account for current financing of special education" the district shall thereafter receive and account for aid to handicapped children on a current funding basis.

Sec. 53. Minnesota Statutes, 1975 Supplement, Section 124.43, Subdivision 1, is amended to read:

124.43 [CAPITAL LOANS.] Subdivision 1. To the extent moneys are from time to time available hereunder, the committee is authorized, after review and recommendation by the state board of education, to effect capital loans to school districts. Proceeds of such loans shall be used only for sites for school buildings and for acquiring, bettering, furnishing, or equipping school buildings under contracts to be entered into within 12 months from and after the date on which each loan is granted. Applications with the accompanying data specified in subdivision 2 shall be filed between October 1 of any year and June 1 next following. No application shall be approved unless the state board of education certifies that the loan is needed to replace facilities dangerous to the health and safety of pupils, or to provide for pupils for whom no adequate facilities exist; that such facilities could not be made available by consolidating the district with an adjacent district without substantially lowering the fiscal capacity of that district or so increasing its area that it would no longer be viable; and that existing institutions or facilities within the area could not be acquired or leased to provide the needed facilities safely and at a lower cost. The state board shall make recommendations to the committee. No loan shall be approved for any district exceeding an amount computed as follows:

(1) The amount voted by the district under subdivision 2;

(2) Plus the aggregate principal amount of general obligation bonds of the district outstanding on the date of approval, not exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or 30 percent of the adjusted assessed value, whichever is less ;

(3) Less the maximum net debt permissible for the district on the date of approval, under the limitation in section 475.53, subdivision 4, or 30 percent of the adjusted assessed value, whichever is less ; and

(4) Less any amount by which the amount voted exceeds the total cost of the facilities for which the loan is granted, as estimated in accordance with subdivision 4, provided that the loan may be approved in an amount computed as provided in clauses (1) to (3), subject to subsequent reduction in accordance with this clause (4).

Sec. 54. Minnesota Statutes, 1975 Supplement, Section 124.561, Subdivision 3, is amended to read:

Subd. 3. [BUDGETS.] Before January 1, 1976, and before January 1 of each year thereafter post-secondary vocational-technical school budgets for the following fiscal year shall be submitted to the state board for vocational education. The state board for vocational education shall approve the budgets for each district ~~at prior to June 1 of each year after a consolidated public hearing held pursuant to chapter 15, which shall be held prior to June 1 of each year and which shall continue until all interested persons, representatives, and organizations have had an opportunity to be heard~~ *section 55 of this act*. The total amount of reimbursement payments approved for fiscal year 1975 payable in fiscal year 1976 shall not exceed by more than 14 percent the amount appropriated for post-secondary vocational-technical education for payment in fiscal year 1975. No district shall increase its operating deficit during fiscal year 1976 unless authorized to do so by the state board for vocational education. The state board for vocational education shall before September 1, 1975 promulgate rules and regulations which establish the approval criteria for budgets, including responsiveness to current and projected manpower needs of population groups to be served in the various geographic areas and communities of the state, particularly disadvantaged and handicapped persons; adequacy of evaluation of programs; and other criteria set forth in the state plan for vocational education. The commissioner, in cooperation with the department of finance, shall establish program budget standards by which area vocational-technical institutes shall submit financial requests.

Sec. 55. Minnesota Statutes, 1975 Supplement, Section 124.561, is amended by adding a subdivision to read:

Subd. 3a. Notice of intention to hold the hearing shall be given at least 20 days prior to the date set for the hearing by United States mail to each district submitting a post-secondary vocational school budget, to other interested persons, representatives, and organizations who register their names with the commissioner of education for that purpose, and in the state register. The department of education shall make available at least one free copy of the proposed disposition of budgets to any person requesting it. Unless the commissioner determines that the use of an audio magnetic recording device is more appropriate, a court reporter shall keep a record at every hearing. A transcript of the hearing record shall be made available upon the request of any person, provided that the request is in writing and the cost of preparing the transcript is borne by the requesting person. After allowing written material to be submitted and added to the hearing record for five days after the public

Sec. 58. Minnesota Statutes, 1975 Supplement, Section 124.564, is amended to read:

124.564 [POST-SECONDARY VOCATIONAL DEBT SERVICE CREDITS.] The state board for vocational education shall ~~pay to provide, for credit against the debt service levy of qualifying districts, post-secondary vocational debt service aid equal to the state portion of debt service costs. The state portion of debt service costs shall equal the amount necessary to make payments for due in each school year ending June 30 with respect to bonds issued to finance post-secondary vocational facilities and for interest thereon, multiplied by the average of the district's nonresident reimbursement percentage pursuant to Minnesota Statutes 1974, Section 121.21, Subdivision 5, in fiscal years ended June 30, 1973, 1974, and 1975. The local portion of debt service costs shall equal the amount necessary to make these payments, less the state portion of debt service costs.~~ No district shall qualify for this post-secondary vocational debt service aid unless it has certified a levy equal in the total amount to the local portion of debt service costs, pursuant to ~~required by section 275.125, subdivision 1~~ *475.61, for collection in the calendar year in which the aid credit is to be given*. Post-secondary vocational debt service aid shall be utilized solely for payments for bonds issued to finance post-secondary vocational facilities and for interest thereon, and these bond and interest payments shall be made solely with proceeds from this aid and the local debt service levy computed each year before October 1, commencing October 1, 1976, by the state board for vocational education with reference to each school district bond issue financing post-secondary vocational facilities, as a percentage of the sum of the bonds and interest to become due in the school year commencing on the following July 1. The amount for each school district shall be certified by the board on or before October 1 to the school district, and to the county auditors of all counties containing taxable property within the school district, and to the state commissioner of finance. This amount shall be deducted by the county auditors from the amount of the

debt service levies of the school district to be assessed and extended against the taxable property therein for collection in the following year, and shall be payable instead from the appropriation made by this section. The commissioner of finance shall issue to the state treasurer warrants for payment of one-half of the amount to the treasurer of the school district on or before July 15 and one half thereof on or before November 15 in the following year, in lieu of the distributions of this amount otherwise payable by county treasurers at these times under the provisions of section 276.11. The amount of \$7,500,000 is annually appropriated from the general fund to the respective districts entitled to these payments, for expenditure in fiscal years beginning with fiscal year 1978. This appropriation shall not lapse until and unless otherwise provided by law, but shall be reduced by the amount of any funds specifically appropriated for the same purpose in any year from any state fund. In the event that the appropriation is revoked in any future year, the state board for vocational education shall certify this fact to each school district theretofore entitled to an aid credit under this subdivision. Sec. 34. Minnesota Statutes 1974, Section 10A.32, is amended to read:

10A.32 [LIMITATIONS UPON THE STATE ELECTION CAMPAIGN FUND.] Subdivision 1. No candidate shall be entitled to receive from the state elections campaign fund an amount greater than the total amount of expenditures which may be made by him or on his behalf ~~of the candidate~~ under sections 10A.25 and 10A.27. The amount by which the allocation exceeds the expenditure limit shall be distributed to all other candidates of the same party whose shares do not exceed their expenditure limits in proportion to their shares as set forth in section 10A.31.

Subd. 2. No candidate shall be entitled to receive from the state election campaign fund an amount greater than the total amount actually expended by him or on his behalf of the candidate during his campaign in the year of the election. If the report required to be filed on or before January 31 in the year following the general election indicates that the amount received by the candidate is greater than the amount authorized to be expended on his behalf, the treasurer of his principal campaign committee shall refund to the state treasurer an amount equal to the difference. The refund in the form of a check or money order shall be submitted with such report and the commission shall forward the refund to the state treasurer for deposit in the general fund of the state.

Subd. 3. As a condition of receiving any funds from the state elections campaign fund, any candidate, prior to receipt of the funds, shall agree by stating in writing to the commission on or before September 1 that authorized expenditures on his behalf shall not exceed the expenditure limits as set forth in section 10A.25 and that his principal campaign committee shall not accept contributions exceeding for the period beginning with January 1 of the election year or the registration of his principal campaign committee, whichever occurs later, and ending December 31 of the election year which exceed 105 percent of the difference between the amount which may legally be expended by him or on his behalf of that candidate, and the amount which the candidate he receives from the state elections campaign fund. Any amount by which his total contributions exceed 105 percent of the difference shall be refunded to the state treasurer. The refund in the form of a check or money order shall be submitted in the same manner as provided in subdivision 2.

For the purposes of this subdivision only, the total amount to be distributed to each candidate is calculated to be his share of the total estimated funds in his party account as provided in subdivision 3a, plus the total amount estimated as provided in subdivision 3a to be in the general account and set aside for that office divided by the number of candidates whose names are to appear on the general election ballot for that office. If the amount actually received by the candidate is greater by reason of a lesser number of qualifying candidates sharing in the funds in each account, and his contributions thereby exceed 105 percent of the difference, the agreement shall not be considered violated.

Subd. 3a. The commissioner of revenue shall certify to the commission on or before the last day for filing for office his estimate of the total to be accumulated in each account in the state elections campaign fund after 100 percent of the tax returns have been processed. Within seven days after the last day for filing for office the secretary of state shall certify to the commission the name, address, office sought, and party affiliation of each candidate who has filed with that office his affidavit of candidacy or petition to appear on the ballot. The auditor of each county shall certify to the commission the same information for each candidate who has filed with that county his affidavit of candidacy or petition to appear on the ballot. Within seven days thereafter the commission shall estimate the minimum

amount to be received by each candidate who qualifies as provided in section 10A.31, subdivisions 6 and 7, and notify all candidates on or before August 15 of the applicable amount.

Subd. 4. If a political party for whose candidates funds have been accumulated in the state elections campaign fund does not have a candidate for ~~statewide~~ any office, ~~state representative or state senator~~, the moneys ~~which would be used for distribution to that category or categories~~ shall be ~~transferred to the general maintained in that account until the year of the next general election~~. If in two successive general election years that political party does not have a candidate for any office, the accumulated funds shall be transferred to the general fund of the state.

Sec. 35. Minnesota Statutes 1974, Sections 10A.01, Subdivision 14; 10A.14, Subdivision 3; and 10A.22, Subdivisions 2 and 8, are repealed.

Sec. 36. This act is effective the day following final enactment."

Subd. 5. Grant moneys received under this act shall not be used for any capital expenditures or acquisition of real property.

CONFERENCE COMMITTEE REPORT ON H. F. NO. 2203

A bill for an act relating to medical assistance for the needy; establishing guidelines for reimbursement of medical services furnished by nursing homes; prescribing certain responsibilities for the department of public welfare.

April 1, 1976

The Honorable Martin O. Sabo
Speaker of the House of Representatives

The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 2203 report that we have agreed upon the items in dispute and recommend that H. F. No. 2203 be amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. [256B.41] [POLICY; INTENT.] Subdivision 1. The state agency shall by rule establish a formula for establishing payment rates for nursing homes which qualify as vendors of medical assistance.

Subd. 2. It is the intent of the legislature to establish certain limitations on the state agency in setting standards for nursing home rate setting for the care of recipients of medical assistance pursuant to Minnesota Statutes, Chapter 256B. It is not the intent of the legislature to repeal or change any existing or future rule promulgated by the state agency relating to the setting of rates for nursing homes unless the rule is clearly in conflict with sections 1 to 8 of this act. If any provision of sections 1 through 8 of this act is determined by the United States government to be in conflict with existing or future requirements of the United States government with respect to federal participation in medical assistance, the federal requirements shall prevail.

Sec. 2. [256B.42] [DEFINITIONS.] Subdivision 1. For the purpose of this act the following terms and phrases shall have the meaning given to them.

Subd. 2. “Facility” means the building in which a nursing home is located and all permanent fixtures attached to it. “Facility” does not include the land or any supplies and equipment which are not fixtures.

Subd. 3. “Original value” means the value of the facility established pursuant to section 3, subdivisions 1 and 2.

Subd. 4. "Purchase" means the acquisition of a nursing home by a new owner or the construction of a new nursing home.

Subd. 5. "Net asset value" means the total of the original value of the facility less accumulated depreciation on it and the value of the land.

Subd. 6. "Net debt" means the total of capital indebtedness and loans used for operating expenses.

Sec. 3. [256B.43] [FIXED ASSETS; DEPRECIATION.] Subdivision 1. The state agency shall by rule establish a depreciation allowance for nursing homes purchased on or after January 1, 1977. The depreciation allowance shall be based on the lesser of the purchase price or the appraised value of the facility at the time of the purchase. After the purchase of a nursing home, the purchaser of the nursing home or the state agency may request an appraisal of the facility pursuant to the provisions of subdivision 3. The value of the facility determined pursuant to this subdivision shall be the original value and shall be the basis for depreciation.

Subd. 2. If any nursing home expands its facility or makes any other capital expenditures which increases the value of the facility subsequent to January 1, 1977, the cost of the expansion or capital expenditure shall be added to the original value, and the total shall become the new original value and basis for depreciation. If the state agency disputes the cost attributed to the expansion or capital expenditure, it may request an appraisal pursuant to subdivision 3.

Subd. 3. The state agency shall establish a list of not more than 25 appraisers who have experience in appraising nursing homes. In the event that an appraisal is requested pursuant to this section, or section 5, the state agency and the owner of the nursing home shall select an appraiser from the list in accordance with procedures established by the state agency by rule. The appraisal shall be based on the depreciated replacement cost of the facility. The cost of the appraisal shall be paid by the party requesting it. The cost of an appraisal requested by a nursing home shall not be reimbursed by the state agency.

Subd. 4. Depreciation on any new construction or expansion of facilities commenced on or after January 1, 1977, other than governmentally owned facilities, shall be on a basis of not less than 30 years.

Sec. 4. [256B.44] [INTEREST EXPENSE.] Subdivision 1. Except as provided in subdivision 2, the state agency shall recognize interest expense as an allowable cost for any nonproprietary or governmentally owned nursing home if the interest rate is not in excess of what a borrower would have had to pay in an arms-length transaction in the money market at the time the loan was made, and the net debt is directly related to purchasing or improving the nursing home or providing patient care at the nursing home. Except as provided in subdivision 3, the state agency shall not recognize interest expense as an allowable cost for any proprietary nursing home.

Subd. 2. After the first three years that a nonproprietary or governmentally owned nursing home has been owned by its current owners, the state agency shall not recognize as an allowable cost the expense of

interest on net debt for any indebtedness and loans which exceed 100 percent of the net asset value of the facility.

Subd. 3. A proprietary nursing home which pays interest on capital indebtedness at an interest rate in excess of nine percent may be reimbursed for one half of its interest expenses in excess of the nine percent up to 12 percent if (1) the proceeds of the indebtedness are used for the purchase or operation of the nursing home and (2) the interest rate is not in excess of what a borrower would have had to pay in an arms-length transaction at the time the loan was made.

Sec. 5. [256B.45] [INVESTMENT ALLOWANCE.] Subdivision 1. The state agency shall by rule establish an investment allowance for nursing homes. For the fiscal year beginning July 1, 1977, the allowance for proprietary homes shall be nine percent of the original value of the facility for depreciation purposes. For the fiscal year beginning July 1, 1977, the allowance for nonproprietary homes shall be two percent of the original value of the facility for depreciation purposes. Beginning in 1977 the state agency shall, no later than May 1 of each year, conduct a public hearing pursuant to the rule making provisions of chapter 15 to determine the percentages to be used in the following fiscal year. There shall be no other cost of capital or profit allowance for proprietary homes.

Subd. 2. The owner of a nursing home or the state agency may request a new appraisal of the facility not more often than every seven years. If a new appraisal is made, the new appraised value less depreciation, computed on the basis of the value established pursuant to this subdivision, shall become the new basis for that nursing home's investment allowance. The appraiser shall be selected and the appraisal undertaken in accordance with the provisions of section 3, subdivision 3. The basis for depreciation shall continue to be the original value of the facility established pursuant to section 3.

Subd. 3. The seven year period used for the purposes of subdivision 2 shall commence with the date of purchase. The state agency or the owner of any nursing home purchased before January 1, 1977, may request an appraisal on July 1, 1977 or seven years after the date of purchase, whichever occurs later in time.

Subd. 4. If a nursing home is operated on a lease basis, the state agency shall not recognize as an allowable cost any rental fee in excess of the total amount it would pay to the owner of the facility as interest, investment allowance and depreciation allowance.

Sec. 6. [256B.46] [INCENTIVE ALLOWANCE.] In the event that the United States government disallows the investment allowance provided for in section 5 for nonproprietary homes, the state agency shall by rule establish an incentive allowance for nonproprietary nursing homes consistent with federal requirements. The incentive allowance shall include incentives to reward efficient management and quality care. The incentive allowance may also be graduated so that it increases with (1) the length of time that a nursing home is owned by the same owner and

(2) the owner's net investment as a percentage of the net asset value of the facility. The rule shall provide that if a nonproprietary nursing home is operated on a lease basis, the state agency shall not recognize as an allowable cost for the operator any rental fee in excess of the total amount it would pay for depreciation and pursuant to this section.

Sec. 7. [256B.47] [RATE LIMITS.] Subdivision 1. The state agency shall by rule establish separate overall limitations on the costs for items which directly relate to the provision of patient care to residents of nursing homes and those which do not directly relate to the provision of care. The state agency may also by rule, establish limitations for specific cost categories. All costs determined otherwise allowable shall be subject to these limitations. The categorical limits on patient care related items may be hourly limits based on the needs of the residents of the nursing home up to maximum limits established by the state agency.

Subd. 2. The following costs shall not be recognized as allowable: (1) political contributions; (2) salaries or expenses of a lobbyist, as defined in section 10A.01, subdivision 11, for lobbying activities; (3) advertising designed to encourage potential residents to select a particular nursing home; (4) assessments levied by the health department for uncorrected violations; (5) legal fees for unsuccessful challenges to decisions by state agencies; and (6) dues paid to a nursing home or hospital association. The state agency shall by rule exclude the costs of any other items which it determines are not directly related to the provision of patient care.

Subd. 3. On or before January 1, 1977 the state agency shall by rule establish a procedure affording notice of the approved rate for medical assistance recipients to nursing homes within 120 days after the close of the fiscal year of the nursing home.

Sec. 8. [256B.48] [CONDITIONS FOR PARTICIPATION.] Subdivision 1. No nursing home shall be eligible to receive medical assistance payments unless it agrees in writing that it will refrain from:

(a) Charging nonmedical assistance residents rates for similar services which exceed by more than ten percent those rates which are approved by the state agency for medical assistance recipients; effective July 1, 1978, no nursing home shall be eligible for medical assistance if it charges nonmedical assistance recipients rates for similar services which exceed those which are approved by the state agency for medical assistance recipients; provided, however, that the nursing home may (1) charge nonmedical assistance residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance patients are charged separately at the same rate for the same services in addition to the daily rate paid by the state agency;

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of ad-

mission, to pay an admission fee in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home; and

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

The prohibitions set forth in clause (b) shall not apply to a nonproprietary retirement home which contains an identifiable unit of fewer than 20 percent of the total number of facility beds to provide nursing care to the residents of the home.

Subd. 2. Effective July 1, 1976, no nursing home shall be eligible to receive medical assistance payments unless it agrees in writing to:

(a) Provide the state agency with its most recent (1) balance sheet and statement of revenues and expenses as audited by a certified public accountant licensed by this state or by a public accountant as defined in section 412.222; (2) statement of ownership for the nursing home; and (3) a separate audited balance sheet and statement of revenues and expenses for each nursing home if more than one nursing home or other business operation is owned by the same owner; a governmentally owned nursing home may comply with the auditing requirements of this clause by submitting an audit report prepared by the state auditor's office;

(b) Provide the state agency with copies of leases, purchase agreements and other related documents related to the lease or purchase of the nursing home; and

(c) Provide to the state agency upon request copies of leases, purchase agreements, or similar documents for the purchase or acquisition of equipment, goods and services which are claimed as allowable costs.

Subd. 3. The state agency may reject any annual cost report filed by a nursing home pursuant to this chapter if it determines that the report or the information required in subdivision 2, clause (a) has been filed in a form that is incomplete or inaccurate. In the event that a report is rejected pursuant to this subdivision, the state agency may make payments to a nursing home at the rate determined for its prior fiscal year, or at an interim rate established by the state agency, until the information is completely and accurately filed.

Sec. 9. [EFFECTIVE DATE.] Except as otherwise provided, this act shall be effective for cost reports filed after December 31, 1976."

April 2, 1976

The Honorable Martin O. Sabo
Speaker of the House of Representatives

The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 2492 report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 2492 be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. [DEFINITIONS.] Subdivision 1. For the purposes of this section the following terms shall have the meanings given:

Subd. 2. "Agency" means the Minnesota pollution control agency.

Subd. 3. "Director" means the director of the pollution control agency.

Subd. 4. "PCB" means the class of organic compounds known as polychlorinated biphenyls and includes any of several compounds produced by replacing one or more hydrogen atoms on the biphenyl molecule with chlorine. PCB does not include chlorinated biphenyl compounds that have functional groups attached other than chlorine.

Subd. 5. "Person" has the meaning specified in Minnesota Statutes, Section 115.01, Subdivision 10.

Sec. 2. [PROHIBITED USE OF PCB.] Subdivision 1. [CERTIFICATE OF EXEMPTION.] Beginning January 1, 1978, no person shall use, possess, sell, purchase or manufacture PCB or any product containing PCB unless the use, possession, sale, purchase or manufacture of PCB or products containing PCB is exempted by the agency. If the agency finds after there is opportunity for a public hearing on an application presented by any person, that no substitutes or feasible alternatives are reasonably available for PCB or a product containing PCB or class of products containing PCB, it shall grant a certificate of exemption which shall clearly set out the permitted use, possession, sale or purchase of PCB or a PCB product containing PCB. If the agency grants a certificate of exemption, it shall be valid for all subsequent uses of PCB or products containing PCB if the subsequent uses are consistent with the terms and conditions of the certificate of exemption. In granting certificates of exemption the agency shall at all times consider the public health and safety threatened by the use of PCB. In the consideration of certificates of exemption for the use or replacement of existing electrical transformers and capacitors the agency shall review, but not be limited to, considerations of the safety of proven alternatives, replacement costs and rules controlling the final disposal of PCB.

Subd. 2. [EXCLUSION.] In no event shall the certificate of exemption requirement or the labeling requirement of this section apply to any individual person who purchases or otherwise acquires a product containing PCB intended for consumer use in the home, provided that the use has previously been exempted by the agency and that the use is consistent with the terms and conditions of the certificate of exemption. Wastepaper, pulp, or other wood fiber materials purchased for use within this state in the manufacture of recycled paper products are exempt from the requirements of this section.

Subd. 3. [LABELS REQUIRED.] Beginning July 1, 1977, no person in this state shall add PCB in the manufacture of any new item, product or material, nor shall any person in this state sell any new item, product or material to which PCB has been added unless the PCB or products containing PCB are conspicuously labeled to disclose the presence of PCB and the concentrations of PCB.

Subd. 4. [RULES.] The agency shall promulgate rules by January 1, 1977, governing the granting of certificates of exemption and the requirements of labels specified in subdivision 3. The rules governing the requirement of labels specified in subdivision 3 may require other information relating to the public health and environmental effects of PCB and shall apply to persons holding certificates of exemption.

Subd. 5. [PENALTIES.] Violations of this act shall be subject to the provisions of Minnesota Statutes, Section 115.071.

Sec. 3. Minnesota Statutes 1974, Chapter 116D, is amended by adding a section to read:

[116D.045] [COST OF PREPARATION OF ENVIRONMENTAL IMPACT STATEMENTS.] Subdivision 1. The board shall, no later than January 1, 1977, by rule adopt procedures to assess the proposer of a specific action, when the proposer is a private person, for reasonable costs of preparing and distributing an environmental impact statement on that action required pursuant to section 116D.04. Such costs shall be determined by the responsible agency pursuant to the rules promulgated by the board in accordance with subdivision 5 and shall be assessed for projects for which an environmental impact statement preparation notice has been issued after February 15, 1977.

Subd. 2. In the event of a disagreement between the proposer of the action and the responsible agency over the cost of an environmental impact statement, the responsible agency shall consult with the board, which may modify the cost or determine that the cost assessed by the responsible agency is reasonable.

Subd. 3. The proposer shall pay the assessed cost to the board. All money received pursuant to this subdivision shall be deposited in the general fund.

Subd. 4. No agency or governmental subdivision shall commence with the preparation of an environmental impact statement until at least one half of the assessed cost of the environmental impact

statement is paid pursuant to subdivision 3. Other laws notwithstanding, no state agency may issue any permits for the construction or operation of a project for which an environmental impact statement is prepared until the assessed cost for the environmental impact statement has been paid in full.

Subd. 5. For actions proposed by a private person there shall be no assessment for preparation and distribution of an environmental impact statement for an action which has a total value less than one million dollars. For actions which are greater than one million dollars but less than ten million dollars, the assessment to the proposer as determined by the agency shall not exceed .3 percent of the total value except that the total value shall not include the first one million dollars of value. For actions the value of which exceed ten million dollars but are less than 50 million dollars, an additional charge may be made to the proposer by the agency which will not exceed .2 percent of each one million dollars of value over ten million dollars. For actions which are greater than 50 million dollars in total value, an additional charge may be made to the proposer by the agency which will not exceed .1 percent of each one million dollars of value over 50 million dollars. The proposer shall pay the assessed cost to the board when a state agency is designated the responsible agency. All money received by the board pursuant to this subdivision shall be deposited in the general fund. The proposer shall pay the assessed cost to the designated lead agency when such agency is a local unit of government.

Sec. 4. This act is effective the day following final enactment."

Further, amend the title by striking it in its entirety and inserting:

"A bill for an act relating to environmental protection; limiting the sale and use of organic compounds known as polychlorinated biphenyls; permitting exemptions; requiring labels; providing penalties; providing for the assessment of the cost of preparing an environmental impact statement; amending Minnesota Statutes 1974, Chapter 116D, by adding a section."

We request adoption of this report and repassage of the bill.

Mr. Conzemius moved that the foregoing recommendations and Conference Committee Report on H. F. No. 2492 be now adopted, and that the bill be repassed as amended by the Conference Committee. The motion prevailed. So the recommendations and Conference Committee Report were adopted.

H. F. No. 2492 was then progressed.

Members electing to administer the risks which are reinsured in the association shall comply with the benefit determination guidelines and accounting procedures established by the association. If a member elects to have the association administer the categories of coverage, it must do so for every life covered under every policy issued in that category. The fee for the administration shall not be less than 110 percent of the total anticipated expenses incurred by the association for the administration.

Sec. 11. [62E.11] [OPERATION OF COMPREHENSIVE PLAN.]
Subdivision 1. Upon certification as an eligible person in the manner provided by section 14 of this article, an eligible person may enroll in the comprehensive health insurance plan by payment of the state plan premium to the writing carrier.

Subd. 2. Any employer which has in its employ one or more eligible persons enrolled in the comprehensive health insurance plan may make all or any portion of the state plan premium payment to the state plan directly to the writing carrier.

Subd. 3. Not less than 87-½ percent of the state plan premium paid to the writing carrier shall be used to pay claims, and not more than 12-½ percent shall be used for the payment of agent referral fees as authorized in section 15, subdivision 3 of this article and for payment of the writing carrier's direct and indirect expenses, as specified in section 13, subdivision 7 of this article.

Subd. 4. Any income in excess of the costs incurred by the association in providing reinsurance or administrative services pursuant to section 7, clauses (e) and (f) of this article shall be held at interest and used by the association to offset losses due to claims expenses of the state plan or allocated to reduce state plan premiums.

Subd. 5. Each member of the association shall share the losses due to claims expenses of the comprehensive health insurance plan pursuant to the terms of the individual reinsurance contracts executed by the association with each member in accordance with section 10, subdivision 5 of this article. Deviations in the claim experience of the state plan from the premium payments allocated to the payment of benefits shall be the liability of the association members. Association members shall share in the excess costs of the state plan in an amount equal to the ratio of the member's total cost of self insurance, accident and health insurance premium, subscriber contract charges, or health maintenance organization contract charges received from or on behalf of Minnesota residents as divided into the total cost of self insurance, accident and health insurance premium, subscriber contract charges, and health maintenance organization contract charges received by all association members from or on behalf of Minnesota residents, as determined by the commissioner. The reinsurance contract shall provide for a retroactive determination of each member's liability and payment due within 30 days after each renewal date of the reinsurance contract. Failure by a member to tender to the association the assessed reinsurance payment within 30 days of notification by the association shall be grounds for termination of the member's membership.

Net gains, if any, from the operation of the state plan shall be held at interest and used by the association to offset future losses due to claims expenses of the state plan or allocated to reduce state plan premiums.

Sec. 12. [62E.12] [MINIMUM BENEFITS OF COMPREHENSIVE HEALTH INSURANCE PLAN.] *The association through its comprehensive health insurance plan shall offer policies which provide the benefits of a number one qualified plan, a number two qualified plan and a qualified medicare supplement plan. They shall offer health maintenance organization contracts in those areas of the state where a health maintenance organization has agreed to make the coverage available and has been selected as a writing carrier.*

Sec. 13. [62E.13] [ADMINISTRATION OF PLAN.] *Subdivision 1. Any member of the association may submit to the commissioner the policies of accident and health insurance or the health maintenance organization contracts which are being proposed to serve in the comprehensive health insurance plan. The time and manner of the submission shall be prescribed by rule of the commissioner.*

Subd. 2. Upon the commissioner's approval of the policy forms and contracts submitted pursuant to Minnesota Statutes, Section 62A.10, the association shall select policies and contracts submitted by a member or members of the association to be the comprehensive health insurance plan. This selection shall be based upon criteria including the member's proven ability to handle large group accident and health insurance cases, efficient claim paying capacity, and the estimate of total charges for administering the plan. The association may select separate writing carriers

for the two types of qualified plans, the qualified medicare supplement plan, and the health maintenance organization contract.

Subd. 3. The writing carrier shall perform all administrative and claims payment functions required by this section. The writing carrier shall provide these services for a period of three years, unless a request to terminate is approved by the commissioner. The commissioner shall approve or deny a request to terminate within 90 days of its receipt. A failure to make a final decision on a request to terminate within the specified period shall be deemed to be an approval. Six months prior to the expiration of each three year period, the association shall invite submissions of policy forms from members of the association, including the writing carrier. The association shall follow the provisions of subdivision 2 in selecting a writing carrier for the subsequent three year period.

Subd. 4. The writing carrier shall provide to all eligible persons enrolled in the plan an individual certificate, setting forth a statement as to the insurance protection to which he is entitled, with whom claims are to be filed and to whom benefits are payable. The certificate shall indicate that coverage was obtained through the association.

Subd. 5. The writing carrier shall submit to the association and the commissioner on a monthly basis a report on the operation of the state plan. Specific information to be contained in this report shall be determined by the association prior to the effective date of the state plan.

Subd. 6. All claims shall be paid by the writing carrier pursuant to the provisions of sections 1 to 17 of this article, and shall indicate that the claim was paid by the state plan. Each claim payment shall include information specifying the procedure to be followed in the event of a dispute over the amount of payment.

Subd. 7. The writing carrier shall be reimbursed from the state plan premiums received for its direct and indirect expenses. Direct and indirect expenses shall include, but need not be limited to, a pro rata reimbursement for that portion of the writing carrier's administrative, printing, claims administration, management and building overhead expenses which are assignable to the maintenance and administration of the state plan. It may agree to purchase, make, or otherwise participate in the making, and may enter into commitments for the purchase, making, or participation in the making, of eligible loans for rehabilitation to persons and families of low and moderate income, and to ~~sponsors~~ *owners* of existing residential housing for occupancy by such persons and families, for the rehabilitation of existing residential housing owned by them. Such loans may be insured or uninsured and may be made with such security, or may be unsecured, as the agency deems advisable. They may be made in amounts sufficient to refinance existing indebtedness secured by the property, if such refinancing is determined by the agency to be necessary to permit the owner to meet his housing cost without expending an unreasonable portion of his income thereon. No loan for rehabilitation shall be made unless the agency determines that such loan will be used primarily to make the housing more desirable to live in, to increase the market value of the housing ~~or~~, for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and ~~standards~~ *standards* applicable to housing, or to *accomplish energy conservation related improvements*. In unincorporated areas and municipalities not having such codes and standards, the agency may, solely for the purpose of administering the provisions of ~~Laws 1974, Chapter 441~~ *chapter 462A*, establish such codes and standards. No loan for rehabilitation of any property shall be made in an amount which, with all other existing indebtedness secured by the property, would exceed its market value, as determined by the agency. No loan for rehabilitation of owner occupied residential housing shall be denied solely because the loan will not be used for placing such residential housing in full compliance with all state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions.

Sec. 5. Minnesota Statutes 1974, Section 462A.05, Subdivision 15, is amended to read:

Subd. 15. It may make grants to persons and families of low and moderate income to pay or to assist in paying a loan made pursuant to subdivision 14, or to rehabilitate or to assist in rehabilitating existing residential housing owned or occupied by such persons or families. For the purposes of this section, persons of low and moderate income include administrators appointed pursuant to section 566.25, clause (c). No such grant shall be made unless the agency determines that such grant will be used primarily to make the housing more desirable to live in, to increase the market value of the housing or for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to *accomplish energy conservation related improvements*. In unincorporated areas and municipalities not having such codes and standards, the agency may, solely for the purpose of administering this provision, establish such codes and standards. No grant for rehabilitation of owner occupied residential housing shall be denied

solely because the grant will not be used for placing such residential housing in full compliance with all state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing. The amount of any such grant shall not exceed the lesser of (a) \$5,000, or (b) the actual cost of the work performed, or (c) that portion of the cost of rehabilitation which the agency determines cannot otherwise be paid by such person or family without spending an unreasonable portion of the income of such person or family thereon. In making such grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should such repayment be required.

The agency may also make grants to rehabilitate or to assist in rehabilitating housing under this subdivision to persons of low and moderate income for the purpose of qualifying as foster parents.

Sec. 6. Minnesota Statutes 1974, Section 462A.05, is amended by adding a subdivision to read:

Subd. 17. The agency may make conventional loans, as defined in and in accordance with the conditions and limitations prescribed in section 47.20, but without the necessity that such conventional loans and purchases of obligations representing conventional loans be eligible for purchase by the federal national mortgage association or the federal home loan mortgage corporation as authorized by and defined by the emergency home finance act of 1970, as amended.

Sec. 7. Minnesota Statutes 1974, Section 462A.07, is amended by adding a subdivision to read:

Subd. 9a. In the exercise of the powers granted to it under chapter 462A, it shall promulgate rules as may be necessary to encourage counties and municipalities to promote the economical construction of housing units for persons and families of low and moderate income.

Sec. 8. Minnesota Statutes 1971, Section 462A.07, Subdivision 13, is amended to read:

Subd. 13. It may engage in the development and administration of low rent housing, but only if (1) the federal government provides assistance in connection with such housing pursuant to 42 U.S.C. 1401—1435, and (2) the applicable county or municipal government body or reservation housing authority has requested the agency to engage in such development and administration. For the purpose of this subdivision, the terms "development", "administration", and "low rent housing" shall have the meanings set forth in 42 U.S.C. 1401—1435, as in effect on April 11, 1974. In the allocation of federal housing assistance funds provided pursuant to this subdivision, the agency shall give priority to programs which increase opportunities for low cost residential housing on or adjacent to the Indian reservations of this state. It may engage or assist in the development and operation of low

income housing if the federal government provides assistance in connection with the housing and the development and operation is in conformity with the applicable provisions of federal laws and regulations. The agency shall determine whether the applicable federal laws governing use of such funds permit a portion thereof to be used for residential housing for native Americans within the state .

Sec. 9. Minnesota Statutes 1974, Section 462A.07, is amended by adding a subdivision to read:

Subd. 14. It may engage in housing programs for low and moderate income native Americans, as that term is defined in section 254A.02, subdivision 11, developed and administered separately or in combination by the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities as determined by such tribe, band, or communities. In developing such housing programs the tribe, band, or communities shall take into account the housing needs of all native Americans residing both on and off reservations within the state. A plan for each such program, which specifically describes the program (a) content, (b) utilization of funds, (c) administration, (d) operation, (e) implementation and other matter, as determined by the agency, must be submitted to the agency for its review and approval prior to the making of eligible loans pursuant to section 462A.21. All such programs must conform to rules promulgated by the agency concerning program administration, including but not limited to rules concerning costs of administration; the quality of housing; interest rates, fees and charges in connection with making eligible loans; and other matters determined by the agency to be necessary in order to effectuate the purposes of this subdivision and sections 10 and 11 of this act. All such programs must provide for a reasonable balance in the distribution of funds appropriated for the purpose of this section between native Americans residing on and off reservations within the state. Nothing in this section shall preclude such tribe, band, or communities from requesting and receiving cooperation, advice, and assistance from the agency as regards program development, operation, delivery, financing, or administration. As a condition to the making of such eligible loans, the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians and the Sioux communities shall:

(a) enter into a loan agreement and other contractual arrangements with the agency for the purpose of transferring the allocated portion of loan funds as set forth in section 16 of this act and to insure compliance with the provisions of this section and chapter 462A, and

(b) shall agree that all of their official books and records related to such housing programs shall be subjected to audit by the legislative auditor in the manner prescribed for agencies of state government.

The agency shall submit a biennial report concerning the various housing programs for native Americans, and related receipts and expenditures as provided in section 462A.22, subdi-

vision 9, and such tribe, band, or communities to the extent that they administer such programs, shall be responsible for any costs and expenses related to such administration provided, however, they shall be eligible for payment for costs, expenses and services pursuant to section 462A.07, subdivision 12, and section 10 of this act. The agency may provide or cause to be provided essential general technical services as set forth in section 462A.07, subdivision 2, and general consultative project assistance services, including, but not limited to, management training, and home ownership counseling as set forth in section 462A.07, subdivision 3. Rules promulgated under this subdivision may be promulgated as emergency rules under chapter 15.

Sec. 10. Minnesota Statutes 1974, Section 462A.21, is amended by adding a subdivision to read:

Subd. 4b. It may establish loan funds and may make eligible loans from them, at rates of interest and with security as the agency deems advisable, if each loan is determined by the agency to be necessary to permit the occupant of residential housing financed wholly or in part by any such loan to meet his housing costs without expending an unreasonable portion of his income on them.

Sec. 11. Minnesota Statutes 1974, Section 462A.21, is amended by adding a subdivision to read:

Subd. 4c. It may establish a revolving loan fund and may make eligible loans, pursuant to section 10 of this act, to low and moderate income native Americans as provided in section 9 of this act and may pay the costs and expenses necessary and incidental to the development and operation of such programs.

Sec. 12. Minnesota Statutes 1974, Section 462A.21, is amended by adding a subdivision to read:

Subd. 7. The agency may make loans to low and moderate income persons who own existing residential housing for the purpose of improving the efficient energy utilization of the housing. Permitted improvements shall include installation or upgrading of ceiling, wall, floor and duct insulation, storm windows and doors, and caulking and weatherstripping. The improvements shall not be inconsistent with the energy standards as promulgated as part of the state building code; provided that the improvements need not bring the housing into full compliance with the energy standards. Any loan for such purpose shall be made only upon determination by the agency that such loan is not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions. The agency may promulgate rules as necessary to implement and make specific the provisions of this subdivision. The rules shall be designed to permit the state, to the extent not inconsistent with chapter 462A, to seek federal grants or loans for energy purposes.

Sec. 13. Minnesota Statutes 1974, Section 462A.22, Subdivision 9, is amended to read:

Subd. 9. The agency shall also submit a biennial report of its activities, projected activities, receipts, and expenditures for the next bien-

nium, to the governor and the legislature on or before January 15 in each odd-numbered year.

Sec. 14. Minnesota Statutes 1974, Chapter 462A, is amended by adding a section to read:

[462A.235] [DUTIES OF COMMISSIONER OF BANKS.] *The commissioner of banks shall strongly encourage all financial institutions organized under chapter 47 to cooperate with the Minnesota housing finance agency to effectuate the purposes of the Minnesota housing finance agency law of 1971, as amended.*

Sec. 15. *The legislative auditor shall study and report to the legislative audit commission and the Minnesota housing finance agency no later than March 1, 1977, on the performance, management and operations of the agency. The report of the legislative auditor may include recommendations for statutory amendments or changes in agency operations, and shall include discussions of such matters as funding for agency operations, transfer and investment of agency money, and security for agency loans. Not more than five percent of the amounts allocated in (a) and (c) below may be used for such administrative costs and expenses. The amounts determined by the agency to be used for each of those purposes shall not exceed:*

Up to \$9,000,000 of this appropriation may be used for making rehabilitation grants.*

Grants made under terms of this appropriation shall contain a requirement that the grant be recovered by the agency in accordance with the following schedule:

In connection with each issuance of bonds or notes for this purpose, the agency shall determine the amount, if any, of the account which shall be transferred to any fund or account required to be established by the agency under terms of any bond resolution or indenture to provide additional security for such bonds or notes;*

Notwithstanding the provisions of Minnesota Statutes, Section 16A.28, or any other law relating to lapse of an appropriation, the appropriation made by this subdivision shall not lapse but shall continue until fully expended. Earnings from investments of any of the amounts appropriated by this subdivision shall be appropriated to the agency to be used for the same purposes as the respective original appropriations in this subdivision.

March 31, 1976

The Honorable Martin O. Sabo
Speaker of the House of Representatives

The Honorable Alec G. Olson
President of the Senate

We, the undersigned conferees for H. F. No. 348 report that we have agreed upon the items in dispute and recommend as follows:

That H. F. No. 348 be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1974, Section 62A.15, is amended by adding a subdivision to read:

Subd. 3. No carrier referred to in subdivision 1 shall, in the payment of claims to employees in this state, deny benefits payable for services covered by the policy or contract if the services are lawfully performed by a duly licensed chiropractor.

Sec. 2. Sections 2 to 15 may be cited as the "Temporary Joint Underwriting Association Act."

Sec. 3. [JOINT UNDERWRITING ASSOCIATION.] *Subdivision 1. [CREATION.] There is created a temporary joint underwriting association to provide medical malpractice insurance coverage to any licensed health care provider unable to obtain this insurance through ordinary methods. Every insurer authorized to write and writing personal injury liability insurance in this state shall be a member of the association as a condition to obtaining and retaining a license to write insurance in this state.*

Subd. 2. [DIRECTORS.] *The association shall have a board of directors composed of 11 persons chosen annually as follows: five persons elected by members of the association at a meeting called by the commissioner; three members who are health care providers appointed by the commissioner prior to the election by the association; and three public members, as defined in section 214.02, appointed by the governor prior to the election by the association.*

Sec. 4. [DEFINITIONS.] *Subdivision 1. As used in sections 2 to 15, the following words shall have the meanings given.*

Subd. 2. "Association" means the temporary joint underwriting association.

Subd. 3. "Commissioner" means the commissioner of insurance.

Subd. 4. "Medical malpractice insurance" means insurance against loss, damage or expense incident to a claim arising out of the death or injury of any person as the result of negligence or malpractice in rendering professional service by any licensed health care provider.

Subd. 5. "Member" means every insurer authorized to write and writing personal injury liability insurance in this state.

Subd. 6. "Net direct premiums" means gross direct premiums written on personal injury liability insurance, including the liability component of multiple peril package policies as computed by the commissioner, less return premiums for the unused or unabsorbed portions of premium deposits.

Subd. 7. "Personal injury liability insurance" means insurance described in section 60A.06, subdivision 1, clause (13).

Sec. 5. [AUTHORIZATION TO ISSUE INSURANCE.] *Subdivision 1. If the commissioner determines after a hearing that medical malpractice insurance cannot be made available for either physicians, hospitals or other specific types of health care providers in the voluntary market, he shall authorize the association to issue medical malpractice insurance on a primary basis for physicians, hospitals or other health care providers. If the commissioner determines after a hearing that insurance issued by the association can be made available in the voluntary market, he shall revoke the association's authorization to issue that insurance which can be made available.*

Subd. 2. *If the association is authorized by the commissioner to issue insurance, it shall:*

(a) *Issue or cause to be issued insurance policies to applicants, including incidental coverages, subject to limits as specified in the plan of operation but not to exceed one million dollars for each claimant*

under one policy and three million dollars for all claimants under one policy in any one year;

(b) Underwrite the insurance and adjust and pay losses with respect thereto, or appoint service companies to perform those functions;

(c) Assume reinsurance from its members; and

(d) Cede reinsurance.

Sec. 6. [PLAN OF OPERATION.] Subdivision 1. Within 45 days following the effective date of this act, the directors of the association shall submit to the commissioner for his review, a proposed plan of operation, consistent with the provisions of sections 2 to 15.

The plan of operation shall provide for economic, fair and non-discriminatory administration and for prompt and efficient providing of medical malpractice insurance. It may contain other provisions, including but not limited to preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cession of reinsurance, appointment of servicing carriers or other servicing arrangements and procedures for determining amounts of insurance to be provided by the association.

Subd. 2. The plan of operation shall be subject to approval by the commissioner after consultation with the members of the association, representatives of the public and other affected individuals and organizations. If the commissioner disapproves all or any part of the proposed plan of operation, the directors shall within 15 days submit for review an appropriate revised plan of operation or part thereof. If a revised plan is not submitted within 15 days, the commissioner shall promulgate a plan of operation or part thereof, as the case may be. The plan of operation approved or promulgated by the commissioner shall become effective and operational upon order of the commissioner.

Subd. 3. Amendments to the plan of operation may be made by the commissioner or by the directors of the association, subject to the approval of the commissioner.

Sec. 7. [POLICY FORMS AND RATES.] Subdivision 1. A policy issued by the association shall provide for a continuous period of coverage beginning with its effective date and terminating automatically at 12:01 a.m. on September 1, 1978, or sooner as provided in sections 2 to 15. The policy shall be issued subject to the group retrospective rating plan and the stabilization reserve fund authorized by section 10. The policy shall be written to apply to injury which results from acts or omissions during the policy period. No policy form shall be used by the association unless it has been filed with the commissioner, and the commissioner may disapprove the form within 30 days if he determines it is misleading or violates public policy.

Subd. 2. If an insured fails to pay a stabilization reserve fund charge the association may cancel a policy by mailing or delivering to the insured at the address shown on the policy at least ten days written notice stating the date the cancellation is effective.

Subd. 3. The rates, rating plans, rating rules, rating classifications and territories applicable to the insurance written by the association and statistics relating thereto shall be subject to chapter 70A. Rates shall be on an actuarially sound basis, giving consideration to the group retrospective rating plan and the stabilization reserve fund. The commissioner shall take all appropriate steps to make available to the association the loss and expense experience of insurers previously writing medical malpractice insurance in this state.

Subd. 4. All policies issued by the association are subject to a non-profit group retrospective rating plan approved by the commissioner under which the final premium for the insureds of the association, as a group, will be equal to the administrative expenses, loss and loss adjustment expenses and taxes, plus a reasonable allowance for contingencies and servicing. Policyholders shall be given full credit for all investment income, net of expenses and a reasonable management fee, on policyholder supplied funds. The standard premium, before retrospective adjustment, for each policy issued by the association shall be established for portions of the policy period coinciding with the association's fiscal year on the basis of the association's rates, rating plans, rating rules, rating classifications and territories then in effect. The maximum premium for all policyholders of the association, as a group, shall be limited as provided in sections 2 to 15.

Subd. 5. The commissioner shall examine the business of the association as often as he deems appropriate to insure that the group retrospective rating plan is operating in a manner consistent with sections 2 to 15. If he finds that the operation is deficient or inconsistent with sections 2 to 15, he may order the association to take corrective action.

Subd. 6. The association shall certify to the commissioner the estimated amount of any deficit remaining after the stabilization reserve fund has been exhausted in payment of the maximum final premium for all policyholders of the association. Within 60 days after such certification, the commissioner shall authorize the association to recover the members' respective shares of the deficit by one of the following procedures:

(a) Applying a surcharge determined by the association at a rate not to exceed two percent of the annual premiums on future policies affording those kinds of insurance which form the basis for their participation in the association; or

(b) Deducting the members' share of the deficit from past or future premium taxes due the state. If the commissioner fails to authorize a procedure in 60 days, the association may recover its deficit pursuant to clause (b). The association shall submit an amended certification and shall adjust the recovery procedure as its incurred losses become finalized.

Subd. 7. If sufficient funds are not available for the sound financial operation of the association, pending recovery as provided in subdivision 6, all members shall, on a temporary basis contribute to the association in the manner provided in section 8. The contribution shall be reimbursed to the members by the recovery procedure authorized in subdivision 6.

Sec. 8. [PARTICIPATION.] *A member of the association shall participate in its writings, expenses, servicing allowance, management fees and losses in the proportion that the net direct premiums of the member, excluding that portion of premiums attributable to the operation of the association, written during the preceding calendar year bears to the aggregate net direct premiums written in this state by all members. The member's participation in the association shall be determined annually on the basis of net direct premiums written during the preceding calendar year, as reported in the annual statements and other reports filed by the member with the commissioner.*

Sec. 9. [PROCEDURES.] *Subdivision 1. Beginning on the effective date of the plan of operation, a licensed health care provider may apply to the association for medical malpractice insurance. An application may be made by an authorized agent of the health care provider.*

Subd. 2. If the association determines that the applicant meets the underwriting standards of the association as described in the plan of operation and there is no unpaid, uncontested premium due from the applicant for prior insurance, including failure to make written objection to premium charges within 30 days after billing, the association, upon receipt of the premium or portion thereof as is prescribed in the plan of operation, shall issue a policy of medical malpractice insurance.

Sec. 10. [STABILIZATION RESERVE FUND.] *Subdivision 1. There is created a stabilization reserve fund administered by three directors, as follows: the commissioner; a representative of the association appointed by the commissioner; and a representative of the policyholders of the association, appointed by the commissioner.*

Subd. 2. The directors shall act by majority vote with two directors constituting a quorum for the transaction of any business or the exercise of any power of the fund. The directors shall serve without salary, but shall be reimbursed for expenses in the manner provided for state employees. The directors shall not be subject to personal liability or accountability in the administration of the fund.

Subd. 3. Each policyholder shall pay to the association a stabilization reserve fund charge of 33 percent of each premium payment due for insurance through the association. This charge shall be separately stated in the policy. The association shall cancel the policy of any policyholder who fails to pay the stabilization reserve fund charge.

Subd. 4. The association shall promptly pay into the stabilization reserve fund charges which it collects from its policyholders and any retrospective premium refunds payable under the group retrospective rating plan.

Subd. 5. All moneys paid into the fund shall be held in trust by a corporate trustee selected by the directors. The corporate trustee may invest the moneys held in trust, subject to the approval of the directors. All investment income shall be credited to the fund. All

expenses of administration of the fund shall be charged against the fund. The moneys held in trust shall be used solely for the purpose of discharging when due any retrospective premium charges payable by policyholders of the association under the group retrospective rating plan. Payment of retrospective premium charges shall be made by the directors upon certification to them by the association of the amount due. If all moneys accruing to the fund are exhausted in payment of retrospective premium charges, all liability and obligations of the association's policyholders with respect to the payment of retrospective premium charges shall terminate and shall be conclusively presumed to have been discharged. Any moneys remaining in the fund after all retrospective premium charges have been paid shall be returned to policyholders under procedures authorized by the directors.

Sec. 11. [INVESTIGATION.] The commissioner shall investigate the association at least annually. The investigation shall be conducted and a report filed in the manner prescribed in section 60A.031. The expenses of the examination shall be paid by the association in the manner prescribed by section 60A.03, subdivision 5.

Sec. 12. [PRIVILEGED COMMUNICATIONS.] No cause of action of any nature shall arise against the association, the commissioner or his authorized representatives or any other person or organization, for any statements made in good faith by them during any proceedings or concerning any matters within the scope of sections 2 to 15.

Sec. 13. 473.302 [LEGISLATIVE POLICY; PURPOSE.] *The legislature finds that the population in the metropolitan area has a need for additional land and facilities for regional parks, arts and recreational activities, and for additional sports facilities and that this need cannot be adequately met by the activities of individual municipalities, agreements among municipalities, or by the private efforts of the people in the metropolitan area. The legislature finds that the pressure of urbanization and development threatens the most valuable remaining large recreational open space areas in the metropolitan area at the same time as the need for such areas is increased ; and that there is a need for the development of open space in rural and urban areas. The provision of land and facilities for regional parks, arts and recreation, including sports facilities, will promote the health, safety and general welfare of the inhabitants of the area by enabling them to use and enjoy the parks and open space, arts facilities, and recreational facilities, including sports facilities, and by promoting the economic welfare of the metropolitan area and its inhabitants and industries. It is therefore necessary for the public health, safety*

and general welfare of the people of the metropolitan area to create a metropolitan parks, arts and recreation commission to carry out the powers and duties enumerated in Minnesota Statutes, Sections 473.302 to 473.341 and sections 5 to 17. Immediate action is therefore necessary to provide funds to acquire, preserve, protect and develop regional recreational open space for public use.

Sec. 6. Minnesota Statutes, 1975 Supplement, Section 473.303, Subdivision 1, is amended to read:

A representative of each professional athletic team which intends to use the facility shall serve as an ex-officio member of the committee. The commission shall seek the advice of the committee on matters relating to the construction of any new sports facility, and may delegate to the committee, or a subcommittee designated by it, such functions as it

may determine to be desirable in the supervision of such construction. Upon completion of construction the committee shall be discharged.

Subd. 13. The commission shall assume all of the cities' obligations and those of the metropolitan sports area commission under the provision of all use agreements relating to the metropolitan sports area. and the cities and the metropolitan sports area commission shall cause to be executed all such assignments and other documents as the commission, upon the advice of the counsel, shall deem necessary or desirable and appropriate to vest all their rights and privileges under such agreements in the commission, provided that nothing herein shall be construed as imposing upon the commission an obligation to the cities and the

Provided, however, that any employee of the commission who was an employee of the metropolitan sports area commission immediately prior to the effective date of this act and who was a member of the public employees retirement association on account of such employment may elect no later than 30 days following the effective date of this act to remain a member of the public employees retirement association. Such election shall be made on forms provided by the commission, and the commission shall give immediate notice of any such elections to the executive directors of the public employees retirement association and the Minnesota state retirement system. Any person who makes such an election shall be excluded from membership in the Minnesota state retirement system with respect to employment by the commission.*

Subd. 2. Any permanent full time employee of the commission who was a permanent full time employee of the metropolitan sports area commission prior to the effective date of this act for whom such prior employment was not covered by the public employees retirement association, may obtain allowable service credit in the Minnesota state retirement system by paying to the retirement system (a) an amount equal to four percent of his or her current salary rate multiplied by the days and months of such prior service for which he or she desires to obtain allowable service credit plus (b) a matching amount representing the employer's required contributions, except that the commission may agree to pay such matching amount on behalf of its employees. Sec. 10. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.353] [DEBT OBLIGATIONS.] *Subdivision 1. [BONDS.] The metropolitan council may by resolution authorize the sale and issuance of its revenue bonds for any or all of the following purposes:*

(a) To provide funds for the acquisition or betterment of sports facilities by the commission, including the payment of interest on the bonds for a period not to exceed three years and to fund any reasonably required reserve in the debt service fund, subject to the limitations in subdivision 3;

(b) To refund bonds issued hereunder and revenue bonds upon which the council is obligated under section 8, subdivision 2;

(c) To fund judgments entered by any court against the commission or against the council in matters relating to the commission's functions.

Subd. 2. [PROCEDURE.] Such bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues and this section, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter, except that the interest rates on the bonds shall be limited to 7½ percent, and the bonds may be sold at any price and at public or private sale as determined by the council, and they shall be payable solely from tax and other revenues referred to in section 11, and shall not be a general obligation or debt of the metropolitan council or of the commission. The amount thereof shall not be limited except as provided in subdivision 3 and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation, and no election shall be required.

Subd. 3. [LIMITATION.] Until and unless otherwise provided by law, the principal amount of any bonds issued pursuant to subdivision 1, clause (a) shall be limited to \$47,000,000, and the purpose thereof shall be limited to the acquisition and betterment of a new multipurpose stadium seating approximately 65,000 persons suitable for university and major league baseball and football and for soccer, with adjacent parking facilities for automobiles and road access improvements, and without expenditure of bond proceeds for the acquisition of the site or for the construction or installation of a dome over the playing field; and the council shall not issue any of the bonds in excess of \$2,000,000 until it has determined that:

(a) Professional baseball and football clubs have entered into agreements with the commission to play in the stadium for a period not less than the term of the longest term bonds that in the council's judgment it may find it necessary to issue to finance the completion of the stadium; each agreement shall include a provision for arbitration of annual damages through loss of revenues in the event of default, based on average revenues in the years prior to default from the commission's share of gross admissions and concessions, from parking during club activities, and from taxes on admissions to club activities, and payable during the period from the occurrence of the default to the date on which another major league club shall enter into a use agreement with the commission for not less than the then remaining term of the original agreement; provided that such damages shall not exceed in any year an amount

sufficient, with other revenues of the commission including admission taxes but excluding any other taxes, to pay all expenses of operation, maintenance, and administration of the stadium and all principal and interest due on the bonds referred to in this section and section 8, subdivision 2, during the same year.

Subd. 4. No construction may be carried out on a new sports facility until the council has determined that:

(a) Acceptance by the environmental quality council of the environmental impact statement required in section 12 has been received and all necessary permits have been issued by the pollution control agency;

(b) The stadium and parking and ancillary facilities will be situated within the area designated by the site selection panel under section 14;

(c) The commission has received a grant of funds, or has entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required to make any payment upon which its acquisition of title to and possession of the site is conditioned and to satisfy any lawsuit related thereto, and to pay all costs of clearing the site of all buildings, railroad trackage and other structures, plus any necessary relocation costs;

(d) The commission has acquired title to the site, including all easements and other appurtenances needed for the construction and operation of the stadium, or an order has been entered by a court of competent jurisdiction determining that its taking of the site and appurtenances is necessary and authorized by law and appointing commissioners to assess and award the damages pursuant to section 117.075;

(e) All agreements entered into by the commission are consistent with the purposes of sections 7 to 14, and the council has reviewed plans prepared for the commission in detail sufficient so that the development of final plans and specifications in accordance therewith will assure completion of the project in conformity with said purposes;

(f) The council finds that there are adequate provisions for traffic circulation at the stadium site;

(g) In the considered judgment of the council the proceeds of the bonds will be sufficient to pay the entire cost of the stadium and ancillary facilities, and the revenues that may reasonably be expected to be received from the sources described in section 11, except subdivision 2 thereof, and from the playing agreements referred to in clause (a) above, and from investment of the construction fund, and, if a site in the city of Minneapolis is selected under section 14, from the sale of any part of the existing metropolitan sports area which is no longer needed, will be sufficient to pay all current expenses of operation, administration, and maintenance of the commission's sports facilities, to pay the principal of and interest on all bonds referred to in this subdivision and in section 8, subdivision 2, when due or called for prior redemption, and to accumulate and maintain an adequate bond reserve;

(h) *The council in determining whether the aforementioned items have been satisfied may require of the lessee professional teams any and all relevant corporate fiscal and financial data, including, but not limited to, profit and loss statements, annual audit statements, and balance sheets;*

(i) *The requirements in paragraphs (d) and (e) shall apply only to a facility constructed in the city of Minneapolis; and*

(j) *In no case shall the net revenues of the commission be reduced or abated, in whole or in part, through private box lease rate reductions offered in connection with any incentive for the donation of land or site clearance costs for a sports facility.*

Subd. 5. [SECURITY.] *The tax and other revenues described in section 1 shall be and remain pledged and appropriated for the payment of all necessary and reasonable expenses of the operation, administration, maintenance and debt service of the commission's sports facilities until all bonds referred to in section 8, subdivision 2 and all bonds issued pursuant to this section are fully paid. The bonds referred to in section 8, subdivision 2 may be refunded, whether at a lower or a higher rate of interest, by the issuance of new bonds pursuant to subdivision 1, clause (b) and not subject to the limitation in subdivision 3, for the purpose of pledging revenues of the metropolitan sports area for the payment and security of bonds issued hereunder, and until these bonds are fully paid or the council's obligation thereon is discharged in accordance with law they shall be deemed a first and prior charge on those revenues and secured by all provisions of the revenue bond resolution and the ownership and operations agreement. Bonds issued pursuant to this section may be secured by a bond resolution, or by a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the tax and other revenues pledged for the payment and security of the bonds. The pledge shall be a valid charge on the net revenues from the date when bonds are first issued under the resolution or indenture, and shall secure not only the payment of principal and interest and redemption premiums when due, but also the maintenance at all times of a reserve securing such payments, to be established from proceeds of the bonds or of the tax authorized in section 11, subdivision 2, at the time of first issuance of the bonds or within three years thereafter, in an amount at least equal to the maximum amount of principal and interest to become due or subject to mandatory redemption (except any amount of term maturity bonds required to be redeemed before maturity) in any subsequent year, with respect to all bonds outstanding under the bond resolution or indenture. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in all revenues received and accounts receivable by the commission or council hereunder, as against the claims of all other persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof, and without possession or filing as provided in the uniform commercial code or any other law. In the bond resolution or trust indenture the council may make such covenants, which shall be binding upon the commission, as are determined to be usual and reasonably necessary for the protection of the bondholders, including but not limited to covenants re-*

garding deposit, investment, and disposition of bond proceeds and revenues in the hands of the treasurer or the trustee; construction, acquisition, repair, replacement, operation, and insurance of facilities; funds, accounting, and reports; establishment and revision of rentals, fees, and charges to produce sufficient revenues; conditions of use and agreements for the use of facilities; establishment and maintenance of reserves for working capital, debt service, repairs, and replacements; amendment of covenants and other provisions; conditions for satisfaction and discharge of bond obligations; conditions for issuance of additional bonds as a superior, equal, or subordinate charge on the revenues pledged and the property mortgaged; duties and liabilities of the trustee; events of default and the waiver thereof; remedies, including acceleration, and limitations upon the prosecution of remedies. No pledge, mortgage, covenant, or agreement securing revenue bonds may be impaired, revoked, or amended by law or by action of the council or commission, except in accordance with the terms of the resolution or indenture under which the bonds are issued, until the obligations of the council thereunder are fully discharged.

Subd. 6. [REVENUE ANTICIPATION CERTIFICATES.] *At any time or times after approval of an annual budget of the commission for operation, administration, and maintenance of its sports facilities, and in anticipation of the collection of the tax and other revenues appropriated in the budget, but subject to any limitation or prohibition in a bond resolution or indenture, the council may authorize the issuance, negotiation, and sale, in such form and manner and upon such term as it may determine, of revenue anticipation certificates in aggregate principal amounts not exceeding 50 percent of the total amount of such appropriations, and maturing not later than three months after the close of the budget year. An amount of the anticipated revenues equal to not less than 105 percent of the amount required to pay the certificates and interest thereon when due shall be reapportioned to a special fund established in the council's financial records, and all revenues received after expenditure or encumbrance of the remaining amount appropriated shall be credited to the fund until the certificates and interest are fully paid. If for any reason the anticipated revenues are insufficient, the certificates and interest shall be paid from the first tax and other revenues received, and the council shall raise the rate of the tax authorized in section 11, subdivision 2, so far as necessary to restore the deficiency and produce revenues sufficient to pay all costs of operation, maintenance, administration and debt service in the then current and following budget years.*

Sec. 11. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.354] [FINANCES.] Subdivision 1. [ADMISSIONS TAX.] *Commencing January 1, 1977, the council may by resolution levy, impose, and collect an admissions tax, additional to and not in lieu of any taxes imposed by chapter 297A, upon the granting by any private or public person, association, or corporation, other than the commission, of the privilege of admission to activities conducted on premises owned, operated, or controlled by the commission. Commencing January 1, 1977, no other tax may be levied on such transactions by any other unit of government except the state. The tax shall be stated and*

charged separately from the sales price so far as practicable and shall be collected by the grantor of admission from the person admitted and shall be a debt from that person to the grantor, and the tax required to be collected shall constitute a debt owed by the grantor to the commission, which debts shall be recoverable at law in the same manner as other debts. Every person, association, or corporation granting such admissions may be required, as provided in resolutions of the council, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay such penalties for nonpayment, and interest on late payments, as shall be deemed necessary or expedient to assure the prompt and uniform collection of the tax. The tax may not exceed three percent of the selling price; except that the tax upon admissions to activities conducted in the stadium referred to in section 10, subdivision 3, may be imposed at rates not to exceed ten percent of the selling price. The tax imposed by this subdivision shall be paid by the commission into the debt service fund.

Subd. 2. [ON-SALE LIQUOR TAX.] The council is authorized to impose a tax, supplemental to the general sales and use taxes imposed in chapter 297A, and to the excise taxes imposed in chapter 340, in the amount of one percent on all sales within the metropolitan area of intoxicating liquor and fermented malt beverages, at licensed on-sale liquor establishments, as those terms are defined in chapter 340. The tax shall be effective as of June 1, 1976, and shall be reported and paid to the commissioner of revenue with and as part of the state sales and use taxes, and shall be subject to the same penalties, interest, and enforcement provisions, and the collections thereof, less refunds and a proportionate share of the cost of collection, shall be remitted at least quarterly to the commission to be distributed as provided in section 13. If in any year the commission experiences a cash deficit or the council estimates that the tax and other revenues to be received in the current or following year will not be sufficient to avoid cash deficit, the council may and shall increase the rate of the tax to such percent not exceeding two percent of the sales price as it estimates will be sufficient to remove any present and prevent any future deficit. It may reduce the rate at any time after twelve months of operation without a deficit, to such rate as it estimates will be adequate to prevent the recurrence of a deficit.

Subd. 3. [RENTALS, FEES, CHARGES, AND CONTRACTS.] The commission is authorized to fix, alter, charge, and collect rentals, fees, and charges to all private and public persons, associations, and corporations, for the use, occupation, and availability of all premises owned, operated, or controlled by it and all facilities situated thereon, and to enter into contracts respecting such rentals, fees, and charges. The amounts thereof shall be those estimated to be necessary and feasible to produce so far as possible, with revenues from other sources, the amounts needed for current operation, maintenance, and debt service. All such rentals, fees, charges, and contracts shall be submitted to the council in accordance with section 473.163. Any contract may provide that the other contracting party shall have exclusive or nonexclusive use of such areas at such times, and shall be responsible for such performance and the payment of such costs of operation and maintenance thereof, as may be agreed.

Subd. 4. [GENERAL.] The commission shall receive and account for all tax and other revenues referred to in this section and from such revenues shall provide, contract, and pay for proper operation and maintenance of all of its property and facilities, and shall maintain a reserve for working capital as authorized by the council, and shall remit to the council for deposit in its debt service fund, at times required by resolutions of the council, the net revenues in excess of these requirements; provided that the council may by such resolutions authorize the retention also of a reserve for major repairs, replacements, and improvements.

Sec. 12. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.355] [ENVIRONMENTAL IMPACT STATEMENT.]
Subdivision 1. Environmental impact statements fulfilling the requirements of section 116D.04 shall be completed for each stadium site specified in section 14, subdivision 1, within ten months of the effective date of this act. Each environmental impact statement shall include a study of the costs and methods for the control of traffic within and immediately outside of the stadium site. The environmental impact statements shall be prepared by the commission. The commission shall contract for the preparation of the statements. The draft environmental impact statements shall be submitted to the environmental quality council within 120 days of the effective date of this act. The provisions of this section shall apply to the construction of a new multi-purpose sports facility by the commission, notwithstanding any contrary provisions of section 116D.04 or any regulations issued pursuant thereto.

Subd. 4. Recipients of grants under this section shall be subject to the provision of Minnesota Statutes, Section 471.705.

Subd. 5. Grant moneys received under this act shall not be used for any capital expenditures or acquisition of real property.

Subd. 6. Subd. 3. Of the remainder of the sum appropriated in subdivision 1, not less than \$1,000,000 nor more than \$1,300,000 shall be distributed by the board to major arts organizations for general operating support in accordance with the provisions of Minnesota Statutes, Section 139.10, and section 23.

Subd. 4. Not more than \$75,000 of the sum appropriated shall be available to the board for administration, provided however that none of these funds shall be used for salary expenditures of any arts task force or regional development commission.

Subd. 5. The appropriation in this section shall be effective July 1, 1976 and be available for the fiscal year ending June 30, 1977.

Subd. 3. [RECOMMENDATIONS.] If, after duly considering a complaint and whatever material he deems pertinent, the director determines that the complaint is valid, he may recommend that an administrative agency, a health care provider or a health facility should:

- (a) Modify or cancel the actions which gave rise to the complaint;
- (b) Alter the practice, rule or decision which gave rise to the complaint;
- (c) Provide more information about the action under investigation; or
- (d) Take any other step which the director considers appropriate.

If the director requests, the administrative agency, a health care provider or health facility shall, within the time specified, inform the director about the action taken on his recommendation.

Subd. 4. [REFERRAL OF COMPLAINTS.] If a complaint received by the director relates to a matter more properly within the jurisdiction of an occupational licensing board, the office of consumer services or any other governmental agency, the director shall forward the complaint to that agency and shall inform the complaining party of the forwarding. The agency shall promptly act in respect to the complaint, and shall inform the complaining party and the director of its disposition. If a governmental agency receives a complaint which is more properly within the jurisdiction of the director, it shall promptly forward the complaint to the director, and shall inform the complaining party of the forwarding. If the director has reason to believe that any official or employee of an administrative agency or health facility has acted in a manner warranting criminal or disciplinary proceedings, he shall refer the matter to the state board of health, the commissioner of public welfare, an appropriate prosecuting authority, or any other appropriate agency.

Sec. 4. [144A.54] [PUBLICATION OF RECOMMENDATIONS; REPORTS.] Subdivision 1. Except as otherwise provided by this section, the director may determine the form, frequency, and distribution of his conclusions and recommendations. The director shall transmit his conclusions and recommendations to the state board of health and the legislature. Before announcing a conclusion or recommendation that expressly or by implication criticizes an administrative agency, a health care provider or a health facility, the director shall consult with that agency, health care provider or facility. When publishing an opinion adverse to an administrative agency, a health care provider or a health facility, he shall include in the publication any statement of reasonable length made to him by that agency, health care provider or health facility in defense or explanation of the action.

Subd. 2. In addition to whatever other reports the director may make, he shall, at the end of each year, report to the state board of health and the legislature concerning the exercise of his functions during the preceding year. The state board of health may, at any time, request and receive information, other than resident records, from the director.

Subd. 3. In performing his duties under this act, the director shall preserve the confidentiality of resident records. He may release a resident's records with the written approval of the resident who is the subject of the records.

Sec. 5. [HEALTH DEPARTMENT COMPLAINT TEAM.] It is the intent of the legislature that the complaint team of the department of health be superseded by the office of health facility complaints and that funds currently allocated to the complaint team by the state board of health be allocated to the office of health facility complaints.

Sec. 6. [ADVISORY TASK FORCE.] The director of the office of health facility complaints shall appoint a 15 member task force to advise him in the establishment of the office under this act. The appointment, compensation and term of office of the members of the task force shall be governed by the provisions of Minnesota Statutes, Section 15.059, Subdivision 6.

Sec. 7. [APPROPRIATION.] The sum of \$67,000 is hereby appropriated from the general fund to the state board of health for the biennium ending June 30, 1977 for the purposes of sections 1 to 6 of this act.

[FACILITIES.] Every hospital licensed as such pursuant to Minnesota Statutes, Sections 144.50 to 144.56, and every outpatient surgery center shall establish a grievance or complaint mechanism designed to process and resolve promptly and effectively grievances by patients or their representatives related to billing, inadequacies of treatment, and other factors which may have an impact on the incidence of malpractice claims and suits.

For the purposes of sections 8 to 10 of this act, "outpatient surgery center" shall mean a free standing facility organized for the specific purpose of providing elective outpatient surgery for preexamined prediagnosed low risk patients. Services provided at an outpatient surgery center shall be limited to surgical procedures which utilize local or general anesthesia and which do not require overnight inpatient care. On or before September 1, 1976, and on or before March 1 and September 1 of each year thereafter, each insurer providing professional liability insurance to one or more hospitals, outpatient surgery centers, or health maintenance organizations, shall submit to the state board of health a report listing by facility or organization all claims which have been closed by or filed with the insurer during the period ending December 31 of the previous year or June 30 of the current year. A report from an insurer submitted pursuant to this section is private data, as defined in Minnesota Statutes, Section 15.162, Subdivision 5a, accessible to the facility or organization which is the subject of the data, and to its authorized agents. Any data relating to patient records which is reported to the state board of health pursuant to this section shall be reported in the form of summary data, as defined in Minnesota Statutes, Section 15.162, Subdivision 9.

Subd. 2. The state board of health shall collect and review the data reported pursuant to subdivision 1. On December 1, 1976, and on January 2 of each year thereafter, the state board of health shall report to the legislature its findings related to the incidence and size of malpractice claims against hospitals, outpatient surgery centers, and health maintenance organizations, and shall make any appropriate recommendations to reduce the incidence and size of the claims. Data published by the state board of health pursuant to this subdivision with respect to malpractice claims information shall be summary data within the meaning of Minnesota Statutes, Section 15.162, Subdivision 9.

Subd. 3. The state board of health shall have access to the records of any insurer relating to malpractice claims made against hospitals, outpatient surgery centers, and health maintenance organizations in years prior to 1976 if it determines the records are necessary to fulfill its duties under this act.

Sec. 11. [EFFECTIVE DATE.] Section 2, subdivision 1, and section 10 are effective the day following final enactment. April 2, 1976

The Honorable Alec G. Olson
President of the Senate

The Honorable Martin O. Sabo
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 320 report that we have agreed upon the items in dispute and recommend as follows:

That S. F. No. 320 be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1974, Section 296.16, Subdivision 1, is amended to read:

296.16 [USE IN MOTOR VEHICLES.] Subdivision 1. [INTENT.] All gasoline received in this state and all gasoline produced in or brought into this state except aviation gasoline and marine gasoline shall be determined to be intended for use in motor vehicles in this state. ~~It is hereby found and determined that~~ Approximately three fourths of one percent of all gasoline received in this state and three fourths of one percent of all gasoline produced or brought into this state, except gasoline used for aviation purposes, is being used as fuel for the operation of motor boats on the waters of this state and ~~that~~ of the total revenue derived from the imposition of the gasoline fuel tax for uses other than in motor boats, three fourths of one percent of such revenues is the amount of tax on fuel used in motor boats operated on the waters of this state. ~~It is further found and determined that~~ Approximately ~~three-eighths~~ *three fourths* of one percent of all gasoline received in and produced or brought into this state, except gasoline used for aviation purposes, is being used as fuel for the operation of snowmobiles in this state, and ~~that~~ of the total revenue derived from the imposition of the gasoline fuel tax for uses other than in snowmobiles, ~~three-eighths~~ *three fourths* of one percent of such revenues is the amount of tax on fuel used in snowmobiles operated in this state.

Sec. 2. [APPROPRIATION.] *There is appropriated from the general fund to the commissioner of natural resources for the biennium ending June 30, 1977, the sum of \$1,300,000 for the following purposes:*

(a) *30 percent shall be paid in grants in aid to local units of government for purposes of enforcement of laws relating to recreational trail usage and for the construction of recreational trails.*

(b) *40 percent shall be allocated by the commissioner for the provision and maintenance of snowmobile trails and trails to be used exclusively for non-motorized recreation.*

(c) *30 percent shall be allocated by the commissioner for the provision of access to snowmobile trails and the provision of snowmobile areas in those parts of the state where trails prove unfeasible to provide.*

No more than ten percent of this appropriation shall be used for central staff administration.

This appropriation is intended to approximate the amount of tax paid on gasoline used as fuel for the operation of snowmobiles in this state but paid into the highway user distribution fund for highway purposes. It is based on the assumption that approximately three-fourths of one percent of all gasoline received in and produced or brought into this state, except gasoline used for aviation purposes, is being used as fuel for the operation of snowmobiles in this state.

This appropriation is in addition to and not in replacement for all other appropriations for recreational trails, including appropriations to match snowmobile license fee receipts.

The commissioner of natural resources shall exercise care and discretion in establishing snowmobile trails to the end that the trails will be distributed equitably throughout the state for the recreational use of the people and the preservation of natural wild areas.

Sec. 3. *Minnesota Statutes 1974, Section 296.421, Subdivisions 6 and 7, are repealed.*

Sec. 4. *This act is effective the day following final enactment.*"

Contracts for the purchase of materials, supplies, and equipment shall be made in accordance with section 471.345; except that the commission with the approval of the council, and without advertisement for bids, may employ a person, firm, or corporation to perform one or more or all of the functions of architect, engineer, construction manager, or contractor for both design and construction, with respect to all or any part of a sports facility project. Any such person, firm, or corporation shall certify, before the contracts are finally signed, a total construction price to the commission and shall post a bond in the amount of \$5,000,000 to cover any costs which may be incurred over and above the certified price. The commission shall secure surety bonds as required in section 574.26, securing payment of just claims in connection with all public work undertaken by it. Persons entitled to the protection of such bonds may enforce them as provided in sections 574.28 to 574.32, and shall not be entitled to a lien on any property of the commission under the provisions of sections 514.01 to 514.16.

Subd. 11. The commission may appoint advisory committees in the areas of culture and arts, parks and recreation, and sports.

Subd. 12. The commission shall appoint a nine member advisory sports facility building committee with membership as follows: a member representing the commission; a representative of the university of Minnesota; four citizen representatives, three of whom shall reside outside the city in which the facility is situated; and one member of the former metropolitan sports area commission from each of the three cities, to be chosen by the parks, arts and recreation commission. A representative of each professional athletic team which intends to use the facility shall serve as an ex-officio member of the committee. The commission shall seek the advice of the committee on matters relating to the construction of any new sports facility, and may delegate to the committee, or a subcommittee designated by it, such functions as it may determine to be desirable in the supervision of such con-

struction. Upon completion of construction the committee shall be discharged.

Subd. 13. The commission may employ on such terms as it deems advisable persons or firms for the purpose of providing traffic officers to direct traffic on property under the control of the commission, and on the city streets in the general area of the property controlled by the commission. The traffic officers shall not be peace officers and shall not have authority to make arrests for violations of traffic regulations.

Subd. 14. The commission shall, on a quarterly basis, reimburse the council for any costs incurred by the council in carrying out its functions relating to the commission under sections 3 and 10, and sections 473.161 and 473.163.

Subd. 15. The construction of new sports facilities under this act shall be accomplished under the provisions of sections 7 to 14 and shall not be affected by Minnesota Statutes, 1975 Supplement, Sections 473.161, 473.163, and sections 3, 4, and 15.

Subd. 16. In exercising its powers to contract for the purchase of services, materials, supplies, and equipment, pursuant to subdivisions 5, 9, 10, or 13 of this section, the commission shall designate and set aside each fiscal year for awarding to small businesses approximately ten percent of the value of anticipated contracts of that kind for that year, in the manner required of the commissioner of administration for state procurement contracts pursuant to sections 16.081 to 16.084. The commission shall follow the rules promulgated by the commissioner of administration pursuant to section 16.085, and shall submit reports of the kinds required of the commissioners of administration and economic development by section 16.086.

Subd. 17. The commission shall require that each party with whom it contracts for services for construction, concessions, and operation of a sports facility pursuant to subdivisions 5, 9, 10, or 13 of this section shall have an affirmative action plan for the employment of minority persons that has been approved by the commissioner of human rights.

Sec. 8. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.351] [OWNERSHIP AND OPERATION OF METROPOLITAN SPORTS AREA.] *Subdivision 1. On the effective date of this act the ownership of the metropolitan sports area is transferred to the commission.*

Subd. 2. The cities and the metropolitan sports area commission shall cause all conveyances and other instruments to be executed, delivered, and recorded on their behalf which the commission, upon advice of counsel, deems necessary or desirable to transfer and convey to it all of the cities' right, title, and interest in and to the metropolitan sports area and all parts thereof and appurtenances thereto. The treasurer of the city of Minneapolis shall remit, endorse, assign and transfer to the treasurer of the

commission all moneys and securities credited to the metropolitan sports area fund on the city's official books and records under the provisions of the ownership and operations agreement, except the metropolitan sports area bond sinking fund. The commission shall be and become obligated for the payment of the principal and interest thereafter due and payable with respect to the general obligation bonds and revenue bonds issued by the city of Minneapolis under the provisions of the ownership and operations agreement and amendments thereto and shall provide to Minneapolis funds sufficient to meet such payments and to maintain the sinking fund pursuant to the agreement; provided that when the balance in the sinking fund is sufficient to pay all remaining bonds and interest to their maturity dates, or to an earlier date on which they have been called for redemption, the obligation of the commission shall be discharged. The commission shall assume all of the cities' obligations and those of the metropolitan sports area commission under the provision of all use agreements relating to the metropolitan sports area, and the cities and the metropolitan sports area commission shall cause to be executed all such assignments and other documents as the commission, upon advice of the counsel, shall deem necessary or desirable and appropriate to vest all their rights and privileges under such agreements in the commission, provided that nothing herein shall be construed as imposing upon the commission an obligation to the cities and the metropolitan sports area commission, or any of them, to compensate the cities for all or any part of the metropolitan sports area, or to continue to operate and maintain the metropolitan sports area facilities taken over by the commission, except to the extent necessary to provide revenues sufficient, with other resources of the commission, to pay said outstanding bonds and interest thereon.

Subd. 3. All persons employed by the metropolitan sports area commission are transferred to the metropolitan parks, arts and recreation commission without loss of right or privilege.

Sec. 9. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.352] [RETIREMENT; ADMINISTRATION; PURCHASES OF PRIOR SERVICE CREDIT.] *Subdivision 1. All employees of the commission shall be members of the Minnesota state retirement system with respect to service rendered on or after the effective date of this act, except that temporary employees hired for a period of less than six months and part time employees hired to work less than 30 hours per week shall be excluded from membership in the retirement system if the commission certifies them to the executive director of the retirement system as being temporary or part time employees. Provided, however, that any employee of the commission who was an employee of the metropolitan sports area commission immediately prior to the effective date of this act and who was a member of the public employees retirement association on account of such employment may elect no later than 30 days following the effective date of this act to remain a member of the public employees*

retirement association. Such election shall be made on forms provided by the commission, and the commission shall give immediate notice of any such elections to the executive directors of the public employees retirement association and the Minnesota state retirement system. Any person who makes such an election shall be excluded from membership in the Minnesota state retirement system with respect to employment by the commission.

Subd. 2. Any permanent full time employee of the commission who was a permanent full time employee of the metropolitan sports area commission prior to the effective date of this act for whom such prior employment was not covered by the public employees retirement association, may obtain allowable service credit in the Minnesota state retirement system by paying to the retirement system (a) an amount equal to four percent of his or her current salary rate multiplied by the days and months of such prior service for which he or she desires to obtain allowable service credit plus (b) a matching amount representing the employer's required contributions, except that the commission may agree to pay such matching amount on behalf of its employees. Proof of prior permanent full time service and the duration thereof shall be established by the certification of the commission to the executive director of the retirement system. The payments shall be made either in a lump sum or by payroll deduction arranged for on or before July 1, 1977.

Sec. 10. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.353] [DEBT OBLIGATIONS.] Subdivision 1. [BONDS.] The metropolitan council may by resolution authorize the sale and issuance of its revenue bonds for any or all of the following purposes:

(a) To provide funds for the acquisition or betterment of sports facilities by the commission, including the payment of interest on the bonds for a period not to exceed three years and to fund any reasonably required reserve in the debt service fund, subject to the limitations in subdivision 3;

(b) To refund bonds issued hereunder and revenue bonds upon which the council is obligated under section 8, subdivision 2;

(c) To fund judgments entered by any court against the commission or against the council in matters relating to the commission's functions.

Subd. 2. [PROCEDURE.] Such bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues and this section, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter, except that the bonds may be sold at any price and the average annual rate of interest on the bonds (including discount) may equal but may not exceed 7½ percent, and the bonds may be sold at public or private sale as determined by the council, and they shall be payable solely from tax and other revenues referred to in section 11, and shall

not be a general obligation or debt of the metropolitan council or of the commission. The amount thereof shall not be limited except as provided in subdivision 3 and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation, and no election shall be required.

Subd. 3. [LIMITATION.] *Until and unless otherwise provided by law, the principal amount of any bonds issued pursuant to subdivision 1, clause (a) shall be limited to \$47,000,000, and the purpose thereof shall be limited to the acquisition and betterment of a new multipurpose stadium seating approximately 65,000 persons suitable for university and major league baseball and football and for soccer, with adjacent parking facilities for automobiles and road access improvements, and without expenditure of bond proceeds for the acquisition of the site or for the construction or installation of a dome over the playing field; and the council shall not issue any of the bonds in excess of \$2,000,000 until it has determined that:*

(a) Professional baseball and football clubs have entered into agreements with the commission to play in the stadium for a period not less than the term of the longest term bonds that in the council's judgment it may find it necessary to issue to finance the completion of the stadium; and (i) each agreement shall include a provision for arbitration of annual damages through loss of revenues in the event of default, based on average revenues in the years prior to default from the commission's share of gross admissions and concessions, from parking during club activities, and from taxes on admissions to club activities, and payable during the period from the occurrence of the default to the date on which another major league club shall enter into a use agreement with the commission for not less than the then remaining term of the original agreement; provided that such damages shall not exceed in any year an amount sufficient, with other revenues of the commission including admission taxes but excluding any other taxes, to pay all expenses of operation, maintenance, and administration of the stadium and all principal and interest due on the bonds referred to in this section and section 8, subdivision 2, during the same year; (ii) each agreement shall provide for the pledge by the team of their franchise and player contracts as security for the performance by the club of their obligations under the agreements; and (iii) each agreement shall specify that the team shall, except as approved by the commission, use the sports facility for all scheduled regular season home games and play-off and championship home games, and, in the case of the football organization, for at least one half of its exhibition games played in each two year period; and

(b) the environmental impact statement required in section 12 has been accepted by the environmental quality council.

Subd. 4. *No construction may be carried out on a new sports facility until the council has determined that:*

(a) Acceptance by the environmental quality council of the environmental impact statement required in section 12 has been

received and all necessary permits have been issued by the pollution control agency;

(b) The stadium and parking and ancillary facilities will be situated within the area designated by the site selection panel under section 14;

(c) The commission has received a grant of funds, or has entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required to make any payment upon which its acquisition of title to and possession of the site is conditioned and to satisfy any lawsuit related thereto, and to pay all costs of clearing the site of all buildings, railroad trackage and other structures, plus any necessary relocation costs;

(d) The commission has acquired title to the site, including all easements and other appurtenances needed for the construction and operation of the stadium, or an order has been entered by a court of competent jurisdiction determining that its taking of the site and appurtenances is necessary and authorized by law and appointing commissioners to assess and award the damages pursuant to section 117.075;

(e) All agreements entered into by the commission are consistent with the purposes of sections 7 to 14, and the council has reviewed plans prepared for the commission in detail sufficient so that the development of final plans and specifications in accordance therewith will assure completion of the project in conformity with said purposes;

(f) There are adequate provisions for traffic circulation at the stadium site without the expenditure of federal aid interstate or federal aid urban funds, unless the funds may be utilized without delaying the construction of Interstate 35E, or the construction of State Highway 36 south of Interstate 494 and the commission has consulted with the project area committees of the neighborhoods within one half mile of the sports facility on the plan for traffic circulation and parking, including a public hearing on the plan conducted in the affected neighborhoods by the commission;

(g) Any facilities planned for the area to the east of trunk highway 394 in the city of Minneapolis shall be consistent with the plan of the city of Minneapolis for the Cedar Riverside urban renewal area;

(h) Agreements have been executed by appropriate labor organizations and construction contractor organizations that no labor strike or management lockouts will halt, delay or impede construction;

(i) In the considered judgment of the council the proceeds of the bonds will be sufficient to pay the entire cost of the stadium and ancillary facilities, and the revenues that may reasonably be expected to be received from the sources described in section 11, except revenues described in subdivision 2 thereof and received after July 1, 1977, and from the playing agreements referred to in clause (a) above, and from investment of the construction fund, and, if a site in the city of Minneapolis is selected under section 14, from the sale of any part

of the existing metropolitan sports area which is no longer needed, will be sufficient to pay all current expenses of operation, administration, and maintenance of the commission's sports facilities and, with any bond proceeds deposited in debt service funds and earnings from the investment thereof, to pay the principal of and interest on all bonds to be issued pursuant to this section and all bonds referred to in section 8, subdivision 2, when due or called for prior redemption, and to accumulate and maintain an adequate bond reserve;

(j) The council in determining whether the aforementioned items have been satisfied may require of the lessee professional teams any and all relevant corporate fiscal and financial data, including, but not limited to, profit and loss statements, annual audit statements, and balance sheets;

(k) The requirements in paragraphs (d) and (e) shall apply only to a facility constructed in the city of Minneapolis; and

(l) In no case shall the net revenues of the commission be reduced or abated, in whole or in part, through private box lease rate reductions offered in connection with any incentive for the donation of land or site clearance costs for a sports facility.

Subd. 5. [SECURITY.] The tax and other revenues described in section 11 shall be and remain pledged and appropriated for the payment of all necessary and reasonable expenses of the operation, administration, maintenance and debt service of the commission's sports facilities until all bonds referred to in section 8, subdivision 2 and all bonds issued pursuant to this section are fully paid. The revenue bonds referred to in section 8, subdivision 2 may be refunded, whether at a lower or a higher rate of interest, by the issuance of new bonds pursuant to subdivision 1, clause (b) and not subject to the limitation in subdivision 3, for the purpose of pledging revenues of the metropolitan sports area for the payment and security of bonds issued hereunder, and until said revenue bonds are fully paid or the council's obligation thereon is discharged in accordance with law they shall be deemed a first and prior charge on those revenues and secured by all provisions of the revenue bond resolution and the ownership and operations agreement. Bonds issued pursuant to this section may be secured by a bond resolution, or by a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the tax and other revenues pledged for the payment and security of the bonds. The pledge shall be a valid charge on the net revenues from the date when bonds are first issued under the resolution or indenture, and shall secure not only the payment of principal and interest and redemption premiums when due, but also the maintenance at all times of a reserve securing such payments, to be established from proceeds of the bonds or of the tax authorized in section 11, subdivision 2, at the time of first issuance of the bonds or within three years thereafter, in an amount at least equal to the maximum amount of principal and interest to become due or subject to mandatory redemption (except any amount of term maturity bonds required to be redeemed before maturity) in any subsequent year, with respect to all bonds outstanding under the bond resolution or indenture. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid

security interest in all revenues received and accounts receivable by the commission or council hereunder, as against the claims of all other persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof, and without possession or filing as provided in the uniform commercial code or any other law. In the bond resolution or trust indenture the council may make such covenants, which shall be binding upon the commission, as are determined to be usual and reasonably necessary for the protection of the bondholders, including but not limited to covenants regarding deposit, investment, and disposition of bond proceeds and revenues in the hands of the treasurer or the trustee; construction, acquisition, repair, replacement, operation, and insurance of facilities; funds, accounting, and reports; establishment and revision of rentals, fees, and charges to produce sufficient revenues; conditions of use and agreements for the use of facilities; establishment and maintenance of reserve for working capital, debt service, repairs, and replacements; amendment of covenants and other provisions; conditions for satisfaction and discharge of bond obligations; conditions for issuance of additional bonds as a superior, equal, or subordinate charge on the revenues pledged; duties and liabilities of the trustee; events of default and the waiver thereof; remedies, including acceleration, and limitations upon the prosecution of remedies. No pledge, security interest, covenant, or agreement securing revenue bonds may be impaired, revoked, or amended by law or by action of the council or commission, except in accordance with the terms of the resolution or indenture under which the bonds are issued, until the obligations of the council thereunder are fully discharged.

Subd. 6. [REVENUE ANTICIPATION CERTIFICATES.] At any time or times after approval of an annual budget of the commission for operation, administration, and maintenance of its sports facilities, and in anticipation of the collection of the tax and other revenues appropriated in the budget, but subject to any limitation or prohibition in a bond resolution or indenture, the council may authorize the issuance, negotiation, and sale, in such form and manner and upon such terms as it may determine, of revenue anticipation certificates in aggregate principal amounts not exceeding 50 percent of the total amount of such appropriations, and maturing not later than three months after the close of the budget year; provided that the council may, prior to the adoption of the first annual budget of the commission under section 473.163, authorize up to \$300,000 in revenue anticipation certificates under this subdivision. An amount of the anticipated revenues equal to not less than 105 percent of the amount required to pay the certificates and interest thereon when due shall be reappropriated to a special fund established in the council's financial records, and all revenues received after expenditure or encumbrance of the remaining amount appropriated shall be credited to the fund until the certificates and interest are fully paid. If for any reason the anticipated revenues are insufficient, the certificates and interest shall be paid from the first tax and other revenues received, and the council shall raise the rate of the tax authorized in section 11, subdivision 2, so far as necessary to restore the deficiency and produce revenues sufficient to pay all costs of operation, maintenance, administration and debt service in the then current and following budget years.

Sec. 11. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.354] [FINANCES.] *Subdivision 1. [ADMISSIONS TAX.] Commencing January 1, 1977, the council may by resolution levy, impose, and collect an admissions tax, additional to and not in lieu of any taxes imposed by chapter 297A, upon the granting by any private or public person, association, or corporation, other than the commission, of the privilege of admission to activities conducted on premises owned, operated, or controlled by the commission. Commencing January 1, 1977, no other tax may be levied on such transactions by any other unit of government except the state. The tax shall be stated and charged separately from the sales price so far as practicable and shall be collected by the grantor of admission from the person admitted and shall be a debt from that person to the grantor, and the tax required to be collected shall constitute a debt owed by the grantor to the commission, which debts shall be recoverable at law in the same manner as other debts. Every person, association, or corporation granting such admissions may be required, as provided in resolutions of the council, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay such penalties for nonpayment, and interest on late payments, as shall be deemed necessary or expedient to assure the prompt and uniform collection of the tax. The tax may not exceed three percent of the selling price; except that the tax upon admissions to activities conducted in the stadium referred to in section 10, subdivision 3, shall be imposed at a rate not less than 10 percent and not more than 15 percent. The tax imposed by this subdivision shall be paid by the commission into the debt service fund.*

Subd. 2. [ON-SALE LIQUOR TAX.] The council is authorized to impose a one percent tax on the gross receipts from all on-sale sales at retail, exclusive of the general sales and use taxes imposed in chapter 297A, of intoxicating liquor and fermented malt beverages at licensed on-sale liquor establishments, as those terms are defined in chapter 340, within the metropolitan area. The tax authorized in sections 25 to 27 shall not be imposed except upon motion by the council. It shall apply only to sales made in the metropolitan area. The proceeds of the tax imposed by sections 25 to 27 shall be paid to the commission. The tax shall be effective as of June 1, 1976, and shall be reported and paid to the commissioner of revenue with and as part of the state sales and use taxes, and shall be subject to the same penalties, interest, and enforcement provisions, and the collections thereof, less refunds and a proportionate share of the cost of collection, shall be remitted at least quarterly to the commission. The council may reduce the rate at any time after twelve months of operation without a deficit, to such rate as it estimates will be adequate to prevent the recurrence of a deficit. For purposes of this subdivision the term "metropolitan area" shall not include that portion of the city of New Prague that is located in Scott county and also shall not include those portions of the city of Hanover and the city of Rockford that are located in Hennepin county.

Subd. 3. [RENTALS, FEES, CHARGES, AND CONTRACTS.] The commission is authorized to fix, alter, charge, and collect rentals, fees, and charges to all private and public persons, associations, and corporations, for the use, occupation, and availability of all premises owned, operated, or controlled by it and all facilities situated thereon, and to enter into contracts respecting such rentals, fees, and charges. The amounts thereof shall be those estimated to be necessary and feasible

to produce so far as possible, with revenues from other sources, the amounts needed for current operation, maintenance, and debt service. All such rentals, fees, charges, and contracts shall be submitted to the council in accordance with section 473.163. Any contract may provide that the other contracting party shall have exclusive or nonexclusive use of such areas at such times, and shall be responsible for such performance and the payment of such costs of operation and maintenance thereof, as may be agreed. Agreements with the university of Minnesota shall provide that the university shall use the stadium, without charge, for intercollegiate athletic events.

Subd. 4. [GENERAL.] *The commission shall receive and account for all tax and other revenues referred to in this section and from such revenues shall provide, contract, and pay for proper operation and maintenance of all of its property and facilities, and shall maintain a reserve for working capital as authorized by the council, and shall remit to the council for deposit in its debt service fund, at times required by resolutions of the council, the net revenues in excess of these requirements; provided that the council may by such resolutions authorize the retention also of a reserve for major repairs, replacements, and improvements.*

Sec. 12. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.355] [ENVIRONMENTAL IMPACT STATEMENT.] *Subdivision 1. Environmental impact statements fulfilling the requirements of section 116D.04 shall be completed for each stadium site specified in section 14, subdivision 1, within ten months of the effective date of this act. Each environmental impact statement shall include a study of the costs and methods for the control of traffic within and immediately outside of the stadium site. The environmental impact statements shall be prepared by the commission. The commission shall contract for the preparation of the statements. The draft environmental impact statements shall be submitted to the environmental quality council within 120 days of the effective date of this act. The provisions of this section shall apply to the construction of a new multi-purpose sports facility by the commission, notwithstanding any contrary provisions of section 116D.04 or any regulations issued pursuant thereto.*

Subd. 2. *The pollution control agency shall take final action to approve or deny any permits necessary for the construction of a new sports facility for each stadium site specified in section 14, subdivision 1, within ten months following the effective date of this act.*

Subd. 3. *The commission, in coordination with the highway department, shall conduct a study of the estimated capital costs of construction or modification of any roads or highways necessitated by the construction of a new stadium. The study shall be completed within six months of the effective date of this act.*

Sec. 13. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.356] [LIQUOR LICENSE.] *A single on-sale license may be*

issued by the commission for the sale of intoxicating liquors in sports facilities owned or controlled by the commission. The license issued under this section shall be for a single sports facility building, and shall not be included in the number of licenses within the city in which the sports facilities are located for the purposes of any law or charter provision limiting the number of on-sale licenses within the city. In addition, notwithstanding any provision of law or city charter to the contrary, on-sale licenses for the sale of intoxicating liquor may be issued to establishments on land now known as the metropolitan sports area owned by the commission and which is used primarily for sports and recreational purposes, upon payment of the regular on-sale license fee therefor to the municipality wherein the licensed premises are located, and such license shall authorize the sale of intoxicating liquor to club members and guests only.

Sec. 14, Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.357] [ARBITRATION PANEL.] *Subdivision 1. An arbitration panel shall be created to determine the location and general design specifications for a new multi-purpose sports facility in the metropolitan area.*

The panel shall select one of two sites: (a) the metropolitan sports area and the area adjacent thereto; or (b) the area within three-fourths of a mile of the intersection of 12th avenue south and second street south in the city of Minneapolis. The panel shall be composed of three impartial members appointed by the governor.

Subd. 2. The panel may contract for staff and consultant services as needed to perform its duties.

Subd. 3. The commission shall provide funds to the panel, to accomplish the purpose of this section, from the proceeds of bonds issued pursuant to section 10, subdivision 1, clause (a) or from the revenues received under section 11.

Subd. 4. The general design specifications for the sports facility shall at least meet the minimum general design specifications listed in Appendix A of the report of the state planning agency, entitled "A Report on Sport Stadium Proposals" and dated February, 1976.

Subd. 5. The panel shall hold a series of hearings in both outstate and metropolitan Minnesota. The hearings shall be open to the public and shall be held after appropriate public notice. The purpose of the hearings is to receive public testimony on all factors relating to the choice of location for the facility.

Subd. 6. Within 30 days following the acceptance by the environmental quality council of the environmental impact statements required by section 12, the arbitration panel shall, by a majority vote, make a site selection. Their decision shall be reported to the legislature, the governor, the commission, and the metropolitan council. In making their decision, the panel shall

consider factors bearing on the site selection, including but not limited to the environmental impact statements and highway study required in section 12, the design features unique to each site, and the testimonies at the public hearings.

Sec. 15. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.358] [CERTIFICATE OF NEED FOR NEW PUBLIC REGIONAL SPORTS AND AUDITORIUM FACILITIES.]

Subdivision 1. The council shall, subject to chapter 15, promulgate regulations governing the issuance of a certificate of need for new publicly financed sports facilities and indoor public assembly facilities with a planned capacity of more than 5,000 persons or requiring a total capital expenditure of more than five million dollars.

The regulations shall provide for the manner in which a local governmental unit, or agency thereof, may apply for a certificate of need, and for the process by which the council shall review the applications. The regulations shall include the factors to be considered in a decision whether to accept or reject an application for a certificate of need. Those factors shall include:

(a) the need for the particular new public sports or indoor public assembly facility proposed;

(b) the extent to which this need can be met by existing facilities;

(c) the relationship between the proposed facility and other existing and proposed facilities in the metropolitan area;

(d) the level of governmental subsidy required to support the proposed facility.

Subd. 2. No new publicly financed sports facility or indoor public assembly facility with a planned capacity of more than 5,000 persons or requiring a total capital expenditure of more than five million dollars may be constructed unless a certificate of need has been issued for the proposed facility by the council.

Sec. 16. **[BLOOMINGTON; TAX LEVY.]** *Subdivision 1. The city of Bloomington may add to the levy base determined for the purposes of Minnesota Statutes, Section 275.50 to 275.56, an amount equal to the revenue derived by the city in calendar year 1975 from the city tax imposed on tickets sold for admission to activities conducted at the metropolitan sports area.*

Sec. 17. **[SALE OF METROPOLITAN SPORTS AREA LAND.]** *Following the completion of the new sports facility under sections 8 to 16, the commission may sell up to 100 acres of the land at the metropolitan sports area, in a single parcel, or in smaller parcels, over a period of years. In the event that the approximately 47 acres of land retained by the commission at the metropolitan sports area is no longer used for a public purpose, the commission shall transfer all right, title, and interest to the real property to the cities, in proportion to their population at the*

most recent federal decennial census, and shall cause all conveyances and other instruments to be executed, delivered, and recorded on their behalf which the commission, upon advice from counsel, deems necessary or desirable to transfer and convey to the city all of the commission's right, title, and interest in the real property. This section shall apply only if the arbitration panel in section 14 determines that a Minneapolis site will be used.

Sec. 18. Minnesota Statutes 1974, Chapter 473, is amended by adding a section to read:

[473.359] [CULTURAL AND ARTISTIC INSTITUTIONS.] *Subdivision 1. The legislature finds that cultural and artistic institutions with headquarters in the metropolitan area serve the regional public interest by enhancing the educational environment and improving the living conditions; that these cultural institutions have a substantial economic impact in the communities served by them; and that these institutions should be provided with means to assist them in maintaining facilities with which to provide services to the public. The legislature further declares that certain regional cultural and artistic institutions enumerated in this section are particularly essential for the public interest of the metropolitan area.*

Subd. 2. Money appropriated to the state arts board in section 24, subdivision 1, shall be distributed to cultural and artistic institutions headquartered in the metropolitan area for operation and maintenance costs of their facilities, or the facilities in which they perform. The revenues shall be allocated by the board according to the following percentages:

| | Percent |
|---|---------|

| <i>The Walker Art Center</i> | 10 |
| <i>The Guthrie Theatre</i> | 11 |

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1974, Section 116H.02, is amended by adding a subdivision to read:

Subd. 10. "Decorative gas lamp" means a device installed for the purpose of producing illumination by burning natural, mixed, or LP gas and utilizing either a mantle or an open flame, but does not include portable camp lanterns or gas lamps.

Sec. 2. Minnesota Statutes 1974, Section 116H.02, is amended by adding a subdivision to read:

Subd. 11. "Solar energy system" means a set of devices whose primary purpose is to collect solar energy and convert and store it for useful purposes including heating and cooling buildings or other energy-using processes, or to produce generated power by means of any combination of collecting, transferring, or converting solar-generated energy.

Sec. 3. Minnesota Statutes 1974, Section 116H.03, Subdivision 3, is amended to read:

Subd. 3. The director shall be appointed by the governor with the advice and consent of the senate, to a four-year term which shall coincide with the term of the governor and until his successor is duly appointed and qualified. In appointing the director the governor should give due consideration to the listing of names submitted by the commission pursuant to section 116H.04. The director shall serve at the pleasure of the governor.

A vacancy in the office of director shall be filled by the governor and the new appointee shall immediately take office and carry out all duties until the next session of the legislature when his appointment shall be submitted to the senate for confirmation.

The director may appoint a deputy ~~who shall~~ *director and a personal secretary* to serve at his pleasure. The salaries of the director and the deputy shall be fixed by the governor until otherwise expressly provided for by law. The deputy may be authorized by the director to perform every duty, power and responsibility imposed on the director unless expressly forbidden by law. The director and his deputy *and his personal secretary* shall serve in the unclassified service and shall be members of the Minnesota state retirement system.

Sec. 4. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.085] [ENERGY CONSERVATION INFORMATION CENTER.] *The director shall establish an energy conservation information center in the agency's offices in St. Paul. The information center shall maintain a toll-free telephone information service and disseminate printed materials on energy conservation topics, including but not limited to, availability of loans and other public and private financing methods for energy conservation physical improvements, the techniques and materials used to conserve energy in buildings, including retrofitting or upgrading insulation and installing weatherstripping, the projected prices and availability of different sources of energy, and the alternative sources of energy.*

Sec. 5. Minnesota Statutes 1974, Section 116H.12, is amended by adding a subdivision to read:

Subd. 3a. Beginning 12 months after the effective date of this act, no person shall use a decorative gas lamp in Minnesota except as provided in section 6 of this act. All natural gas utilities and LP gas distributors doing business in Minnesota shall notify each of their customers of this prohibition, in writing, at least 120 days prior to the deadline including such information as the agency may require. The agency shall notify all natural gas utilities and LP gas distributors of this requirement and of the entire form and contents of such notice within 30 days of the effective date of this act, including the necessary technological information to adapt gas lights to electricity.

Sec. 6. Minnesota Statutes 1974, Section 116H.12, is amended by adding a subdivision to read:

Subd. 10. The director shall report to the legislature not later than March 1, 1977, on the economic and technological feasibility of implementing a program of energy conservation in Minnesota with respect to room air conditioners and standing pilot light equipment. The study shall include consideration of:

(1) The economic feasibility of the program and the impact on consumers, agriculture, business and interstate commerce;

(2) The technological feasibility of implementing the program including safety considerations;

(3) The potential reduction in energy consumed in Minnesota which would result from implementing the program;

(4) Substantial state need for the program in relation to the progress of similar energy conservation programs undertaken by the federal energy agency under the mandate of the federal energy policy and conservation act of 1975.

For the purposes of this subdivision "economic feasibility" means that the benefits from reduced energy consumption and the savings in operating costs throughout the estimated average life of the product outweigh:

(a) Any increase to purchasers in initial charges for, or, maintenance expenses of, the product which is likely to result from implementing the program;

(b) Any lessening of the utility, safety, dependability or performance of the product; and

(c) Any negative effects on competition.

Sec. 8. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.121] [ENERGY CONSERVATION STANDARDS IN CERTAIN PUBLIC BUILDINGS.] *Before February 1, 1977, the*

commissioner of administration in consultation with the director, shall amend the rules concerning heat loss, illumination, and climate control standards promulgated pursuant to Minnesota Statutes, 1975 Supplement, Section 116H.12, Subdivision 4, to include standards for all existing buildings heated by oil, coal, gas, or electric units which are owned by the state, the university of Minnesota, any city, any county, or any school district. Compliance with standards adopted pursuant to this section shall not be mandatory for buildings owned by any city, county or school district.

Sec. 9. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.122] [ENERGY CONSERVATION IN STATE OWNED BUILDINGS.] *Before January 1, 1980, the commissioner of administration, in cooperation with the director, shall survey all buildings which are heated by oil, coal, gas, or electric units and which are owned by the state of Minnesota, including buildings and associated facilities of the state university system, the state fairgrounds as defined in section 37.01, the Minnesota historical society building, and all buildings under the administration or supervision of the commissioners of natural resources, corrections, welfare, or transportation, to determine the energy savings that can be accomplished through insulation, climate control or illumination modifications. The survey shall determine, based upon a formula specified by the director, the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conservation standards promulgated pursuant to section 8 of this act. The survey shall include an estimate, based upon a formula specified by the director, of the annual potential savings in fuel procurement costs for existing heating and cooling systems which would be realized for each state-owned building if it were improved to comply with the energy conservation standards. Buildings heated by oil or interruptable gas shall be surveyed first. If the commissioner determines that a modification is economically feasible, in that savings in fuel procurement costs will exceed the cost of the modification amortized over the remaining useful life of the building he shall recommend implementation of the modification to the legislature. The commissioner shall submit to the legislature an interim progress report by January 1, 1977 and a final report by January 1, 1980.*

Sec. 10. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.123] [ENERGY CONSERVATION IN UNIVERSITY BUILDINGS.] *Before January 1, 1980, the university of Minnesota, after consultation with the director, shall survey all buildings and associated facilities of the university of Minnesota which are heated by oil, coal, electric, or gas units to determine whether energy savings could be accomplished through insulation, climate control or illumination modifications. The survey shall determine, based upon a formula specified by the director, the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conser-*

vation standards promulgated pursuant to section 8 of this act. The survey shall include an estimate, based upon a formula specified by the director, of the annual potential savings in fuel procurement costs for existing heating and cooling systems, which savings would be realized for each university-owned building if it were improved to comply with the energy conservation standards. Buildings heated by oil or interruptable gas shall be surveyed first. If the university determines, based upon a formula specified by the director, that a modification is economically feasible, in that estimated savings in fuel procurement costs will exceed the cost of the modification amortized over the remaining useful life of the building, it shall implement the modification in a manner designed to maximize the reduction in costs resulting from the modification. The university shall submit to the legislature an interim progress report before January 1, 1977 and a final report before January 1, 1980, indicating the number and percentage of university-owned buildings surveyed, the estimated costs of implementing the economically feasible modifications and its preliminary findings, recommendations, and priorities for implementing economically feasible modifications based upon the continuing survey.

Sec. 11. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.124] [LOCAL GOVERNMENTAL SURVEYS AND FUEL COST ESTIMATES.] Before January 1, 1980, the governing body of each city and county shall complete a survey of all existing city-owned or county-owned buildings within their respective jurisdictions which buildings are heated by oil, coal, electric, or gas units. Buildings heated by oil or interruptable gas shall be surveyed first. The survey shall determine, based upon a formula specified by the director, the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conservation standards promulgated pursuant to section 8 of this act. The governing body of a city or county may contract with any municipal building official appointed pursuant to section 16.861, or with the state building inspector to perform the energy conservation survey. Each governing body shall estimate, based upon a formula specified by the director, the annual potential savings in fuel procurement costs for existing heating and cooling systems, which savings would be realized for each building within its jurisdiction if that building were improved to comply with the energy conservation standards. Each governing body shall file the energy conservation survey and estimated fuel procurement data for the buildings within its jurisdiction with the director before December 31, 1978, for his review and comment.

Sec. 12. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.125] [ENERGY CONSERVATION IN PUBLIC SCHOOLS; LEGISLATIVE REPORT.] Before February 1, 1977, the commissioner of education after consultation with the director shall analyze the reports required under section 120.78, and report to the legislature on the energy efficiency of public school buildings including the recommendations of the commissioner of education and the director.

Sec. 13. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.126] [PUBLIC SCHOOL SURVEYS.] *Before January 1, 1980, each school district shall complete a survey of all existing public school buildings which it owns or operates and which are heated by oil, gas, coal, or electric units in order to determine the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conservation standards promulgated pursuant to section 8 of this act. Buildings heated by oil or interruptable gas shall be surveyed first. The results of the energy conservation survey shall be recorded on a form furnished by the director. A school district may contract with any municipal building official appointed pursuant to section 16.861 or with the state building inspector to perform the energy conservation survey. Each school district shall estimate, based upon a formula specified by the director, the annual savings in fuel procurement costs for existing heating and cooling systems, which savings would be realized for each public school building within the district if it were improved to comply with the energy conservation standards.*

Each school district shall file the energy conservation survey and estimated fuel procurement data for each public school building within the district with the director before December 31, 1978, for his review and comment.

Sec. 14. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.127] [SOLAR ENERGY SYSTEM STANDARDS OF PERFORMANCE.] *The building code division of the department of administration in consultation with the agency shall promulgate rules by December 31, 1976, concerning quality and performance standards which are in reasonable conformance with the Interim Performance Criteria for Solar Heating and Combined Heating/Cooling Systems and Dwellings, National Bureau of Standards, January 1, 1975; and the Interim Performance Criteria for Commercial Solar Heating and Combined Heating/Cooling Systems and Facilities, National Aeronautics and Space Administration, February 28, 1975, to insure that within the existing state of development, solar energy systems as defined in section 2 of this act, which are sold or installed within this state, are effective and represent a high standard of quality of material, workmanship, design, and performance. The department of administration in consultation with the energy agency shall modify existing standards and promulgate new standards subsequent to December 31, 1976, as new technology and materials become available, or as standards are revised by the federal government.*

Manufacturers or retailers of solar energy systems shall disclose to each bona fide potential purchaser of a system the extent to which the system meets or exceeds each quality standard.

Sec. 15. Minnesota Statutes 1974, Chapter 116H, is amended by adding a section to read:

[116H.128] [REVIEW OF ENERGY RESEARCH AND DEMONSTRATION PROJECTS.] *The director shall continu-*

ously identify, monitor, and evaluate in terms of potential direct benefit to, and possible implementation in Minnesota, research studies and demonstration projects of alternative energy systems and methodologies currently performed in Minnesota and other states and countries including:

- (a) Solar energy systems for heating and cooling;

- (c) Devices and technologies increasing the energy efficiency of energy consuming appliances, equipment, and systems;
- (d) Hydroelectric power; and
- (e) Such other projects as the director deems appropriate and of direct benefit to Minnesota and other states of the upper mid-west.

Sec. 16. Persons who served as public members of the legislative commission on energy, created pursuant to Laws 1974, Chapter 307, Section 4, shall be compensated the sum of \$25 per day for each day spent in the performance of their duties subsequent to April 1, 1974. They shall also be reimbursed for expenses incurred during that period in the same manner and amounts as provided for state employees during that period.

Sec. 17. [APPROPRIATIONS.] Subdivision 1. There is appropriated and added to the general contingent account for fiscal year 1977 the sum of \$200,000. April 2, 1976

The Honorable Alec G. Olson
President of the Senate

The Honorable Martin O. Sabo
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 1788 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 1788 be amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. [DEFINITIONS.] Subdivision 1. For the purposes of sections 1 to 11, the following terms shall have the meanings given them.

Subd. 2 “Automated teller machine” means an unattended free standing information processing device, located separate and apart from a financial institution’s principal office, branch or detached facility, by which, through, or by means of electronic, automated, or mechanical signals or impulses generated through the use of electronic, automated, or mechanical equipment, a customer of a financial institution may complete banking transactions pursuant to an existing contractual agreement.

Subd. 3. “Commissioner” means the commissioner of banks.

Subd. 4. “Consumer banking facility” means either an automated teller machine or a point-of-sale terminal.

Subd. 5. “Financial institution” means a national banking association, savings and loan association or credit union having its main office in this state or a bank, savings bank, a savings and loan association, or a credit union established and operating under the laws of this state.

Subd. 6. "Municipality" means the geographical area within the legal boundaries of any city or organized town located in Minnesota.

Subd. 7. "Point-of-sale terminal" means a manned electronic information processing device other than a telephone capable of performing banking transactions; provided, a point-of-sale terminal shall include an electronic information processing device which can be physically attached to a standard telephone and which transfers funds in accordance with the foregoing.

Sec. 2. [AUTHORIZATION.] Subdivision 1. Any financial institution may establish and maintain at a specific location one or more consumer banking facilities for use by its customers. Any person may establish and maintain at a specific location one or more point-of-sale terminals. Any person may establish facilities used for transmitting information from a consumer banking facility to a financial institution. Any financial institution may provide for its customers the use of a consumer banking facility by entering into agreement with any person who has established and maintains one or more consumer banking facilities if that person authorizes use of the consumer banking facility to all financial institutions on a nondiscriminatory basis.

Subd. 2. No consumer banking facility shall be established or used by a person other than a federally chartered savings and loan association or credit union unless the commissioner has authorized the establishment and maintenance of the facility.

For the purposes of this section consumer banking facility shall include all facilities used for transmitting information from the consumer banking facility to a financial institution.

Subd. 3. Application for authorization shall be made in the manner prescribed by rule. The commissioner shall grant authorization for an automatic teller machine unless he finds that (a) there is reason to believe that the facility will not be properly and safely managed, (b) that the applicant is not financially sound, (c) that no reasonable public demand exists for the facility, or (d) that the applicant has not furnished all of the information required by rule. If the commissioner has not denied the application within 45 days of the submission of the application, the authorization shall be deemed to be granted.

The commissioner shall grant authorization for point-of-sale terminal unless he finds that (a) there is reason to believe that the facility will not be properly and safely managed, (b) that the applicant is not financially sound, or (c) that the applicant has not furnished all of the information required by rule. If the commissioner has not denied the application within 45 days of the submission of the application, the authorization shall be deemed to be granted.

Subd. 4. For each application, a \$100 fee shall be paid to the commissioner. If the \$100 fee is less than the costs actually incurred by the commissioner in approving or disapproving the application, the fee shall be equal to those costs. When more than one point-of-sale terminal is established at a single place of business and maintained by the same person a single application and fee shall be sufficient.

Subd. 5. Subject to the procedures in this section, a consumer banking facility may be established and maintained except within

a municipality in which only one financial institution is located, unless that financial institution makes use of one or more consumer banking facilities. The location and placement of consumer banking facilities shall not be designed to give or promote an unfair competitive advantage to any financial institution in Minnesota.

Sec. 3. [FUNCTIONS OF A CONSUMER BANKING FACILITY.] Subdivision 1. Pursuant to a preexisting contractual agreement, banking transactions which may be performed by a consumer banking facility shall be limited to the disbursement of funds under a pre-authorized credit agreement, the withdrawal of funds from a customer's account, the deposit of funds in a customer's account, the receiving of cash or checks, the disbursement of cash, the payment of loan payments and the transfer of funds to or from one or more accounts in financial institutions. Accounts may not be opened at such facilities. Any person may also operate a device which is capable of performing the functions of a consumer banking facility for any internal business activity of that person.

Subd. 2. The methods by which a consumer banking facility performs banking transactions shall be limited to the use of electronic based systems which utilize devices capable of processing electronic information through or by means of which information relating to financial services rendered to the public is stored and transmitted, whether instantaneously or otherwise, to a financial institution and which devices, for activation and account access, are dependent upon the use of a machine readable instrument in the possession and control of the holder of an account with a financial institution.

Subd. 3. A point-of-sale terminal shall be operated exclusively by a person who is not employed by any financial institution, any financial institution holding company, or subsidiary thereof. Persons assisting customers of financial institutions at the site of the point-of-sale terminal may be trained by employees of a financial institution, financial institution holding company, or subsidiary thereof. Nothing in this section shall be construed to prohibit periodic servicing of a consumer banking facility terminal by an employee of a financial institution, financial institution holding company, or subsidiary thereof.

Sec. 4. [ESTABLISHMENT, MAINTENANCE AND USE OF A CONSUMER BANKING FACILITY.] Subdivision 1. One or more consumer banking facilities may be established and maintained by a person; provided, the person or persons holding legal title to a consumer banking facility, exclusive of any supporting equipment, structure or system, limits its use in the performance of banking transactions to transactions for customers of Minnesota financial institutions. The authority of third parties referred to in this act is limited to ownership, operation and maintenance of consumer banking facilities and any supporting equipment, structures or systems, and nothing in this act shall be construed to authorize any person, other than a bank, to engage in the

business of banking. Provided, a person that affords to any financial institution the use of a consumer banking facility may be examined by the commissioner as to any banking transaction by, with or involving a financial institution solely for the purpose of reconciling accounts and verifying the security and accuracy of such consumer banking facility including any supporting equipment, structures or systems, and all facts and information obtained in the course of such examination shall not be disclosed except as otherwise provided by law. The person examined shall pay examination fees as determined by the commissioner.

Subd. 2. Any person establishing and maintaining a consumer banking facility shall, upon written request, make its services available to any requesting financial institution on a fair, equitable and nondiscriminatory basis approved by the commissioner which shall include a pricing structure limited to the owner's direct costs, including a reasonable return on the capital expenditures incurred by the owner in establishing and maintaining consumer banking facilities and which except for an initial fee, shall be based on a per transaction cost. The initial fee shall not be greater than the actual cost incurred in establishing the participation and the per transaction cost shall not exceed the actual average cost of all transactions. Subject to the provisions of this act, any person establishing and maintaining a consumer banking facility may make the same available for use by one or more savings and loan associations and credit unions and the customers thereof. A financial institution may participate upon contractual agreement in the use of a device which is capable of performing the functions of a consumer banking facility and is owned or operated by one or more savings and loan associations or credit unions. Any financial institution requesting use of a consumer banking facility shall be permitted its use if the financial institution conforms to reasonable technical operation standards which have been established by the facility provider as approved by the commissioner; provided that the requesting party agrees to grant reciprocal use of all similar devices owned or maintained by it.

For the purposes of this subdivision consumer banking facility shall include all facilities used for transmitting information from the consumer banking facility to a financial institution.

Subd. 3. A person primarily engaged in the business of selling goods or services at retail who operates a consumer banking facility including any supporting equipment, structures or systems may limit his contractual agreement with any financial institution to only one or more types of banking transactions which, except in the case of any open-end type of consumer credit sales plan, agreement and arrangement such person shall make available upon request to any other financial institution on a nondiscriminatory basis.

Sec. 5. [ADVERTISING.] No advertisement by a person which relates to a consumer banking facility may be inaccurate or misleading with respect to such a facility. Except with respect to direct mailings by financial institutions to their customers, the advertising of rate of interest paid on accounts in connection with consumer banking facilities is prohibited. Any advertisement, either on or off the site of a consumer banking facility, promoting the use or identifying the location of a

consumer banking facility, which identifies any financial institution, group or combination of financial institutions, or third parties as owning or providing for the use of its services, is prohibited. The following shall be expressly permitted:

(1) A simple directory listing placed at the site of a consumer banking facility identifying the particular financial institution using its services;

(2) The use of a generic name, either on or off the site of a consumer banking facility, which does not promote or identify any particular financial institution, group or combination of financial institutions, or any third parties; and

(3) Media advertising or direct mailing of information by a financial institution identifying locations of consumer banking facilities and promoting their usage.

Sec. 6. [BANK SECURITY.] Every owner of a consumer banking facility and every financial institution using a consumer banking facility shall adopt and maintain safeguards to insure the safety of funds, items and other information, which safeguards shall include security devices consistent with the appropriate requirements specified under the federal bank protection act or such alternative security precautions as are approved by the commissioner.

Sec. 7. [CONSUMER PRIVACY] Subdivision 1. To protect the privacy of customers using consumer banking facilities, including any supporting equipment, structures or systems, information received by or processed through such facilities supporting equipment, structures or systems shall be treated and used only in accordance with applicable law relating to the dissemination and disclosure of such information. Provided, further, that the person operating a consumer banking facility including any supporting equipment, structures or systems shall take such steps as are reasonably necessary to safeguard any information received or obtained about a customer or his account from misuse by any person manning a consumer banking facility including any supporting equipment, structures or systems.

Subd. 2. The commissioner shall have the authority by rule to require each financial institution operating pursuant to this act to supply information to customers using consumer banking facilities of the financial institutions' consumer protection policies including the rights and liabilities of the consumer and protection against wrongful or accidental disclosure of confidential information, including the rights and liabilities of the consumer and protection against wrongful or accidental disclosure of confidential information.

Subd. 3. Every financial institution using a consumer banking facility shall maintain reasonable procedures to minimize losses from unauthorized withdrawals from its customers' accounts by use of a consumer banking facility. A financial institution shall be liable for all unauthorized withdrawals unless the unauthorized withdrawal was (a) due to the negligent conduct or the intentional misconduct of the operator of a consumer banking facility or his agent in which case the operator shall be liable, or (b) due to the loss or theft of the customer machine readable card in which case the customer shall be liable for those

unauthorized withdrawals made prior to the time the financial institution is notified of the loss or theft subject to a maximum liability of \$50. Transactions which involve deposits or payments by a customer to a financial institution at a consumer banking facility are completed when the deposit or payment is made and the customer receives his receipt at the consumer banking facility. Any loss due to theft or other reason subsequent to that time shall not be borne by the customer. For purposes of this subdivision, "unauthorized withdrawal" means a withdrawal by a person other than the customer who does not have actual, implied, or apparent authority for such withdrawal, and from which withdrawal the customer receives no benefit.

Subd. 4. No person's social security number shall be used as the personal identification number or as any code to activate any consumer banking facility.

Subd. 5. Any customer of a financial institution may bring a civil action against any person violating the provisions of this section in district court in the county in which the alleged violator resides or has his principal place of business or in the county wherein the alleged violation occurred. Upon adverse adjudication, the defendant shall be liable for actual damages, or \$500, whichever is greater, together with the court costs and reasonable attorneys' fees incurred by the plaintiff. The court may provide such equitable relief as it deems necessary or proper, including enjoining the defendant from further violations.

Sec. 8. [ANTI-TRUST.] No person engaged in consumer banking facility activities shall contract, combine, or conspire to restrain trade in the market for consumer banking facilities, or engage in anti-competitive practices to the detriment of the public interest. Notwithstanding Minnesota Statutes, Section 325.8017, Subdivision 2, the provisions of sections 325.8011 to 325.8028 shall apply to persons engaged in consumer banking facility activities. For the purposes of this section consumer banking facility shall include all facilities used for transmitting information from the consumer banking facility to a financial institution.

Sec. 9. [RULES AND REGULATIONS.] The commissioner may promulgate such rules and regulations as are reasonably necessary to carry out and make effective the provisions and purposes of this act pursuant to Minnesota Statutes, Chapter 15.

Sec. 10. [VIOLATIONS; PENALTIES; HEARINGS.] A violation of this act shall be subject to penalties applicable to violations of laws affecting financial institutions. In addition, violations of this act may be enjoined by civil action for an injunction by any aggrieved financial institution or by the commissioner. For the purposes of this section consumer banking facility shall include all facilities used for transmitting information from the consumer banking facility to a financial institution.

Sec. 11. [EFFECTIVE DATE.] Provisions authorizing the commissioner to promulgate rules and regulations are effective.

(1) finds that the amounts which can be assessed under the Minnesota life and health insurance guaranty association act are less than the amounts needed to assure full and prompt performance of the impaired insurer's contractual obligations, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of policy or contract liens, moratoriums, or similar means to be in the public interest, and

(2) approves the specific policy liens, contract liens, moratoriums, or similar means to be used.

(b) Before being obligated under subdivisions 1, clause (b), and 2, the association may request that there be imposed temporary moratoriums or liens on payments of cash values and policy loans. The temporary moratoriums and liens may be imposed if approved by the commissioner.

Subd. 4. [FOREIGN JURISDICTION COVERAGE.] The association shall have only excess liability under this section for any covered policy of a foreign or alien insurer whose domiciliary jurisdiction or state of entry provides protection, by statute or regulation, for residents of this state which is substantially similar to that provided by the Minnesota life and health insurance guaranty association act for residents of other states.

Subd. 5. [ADVISORY FUNCTION.] The association may, upon the request of the commissioner, render assistance and advice to him concerning rehabilitation, payment of claims, continuations of coverage, or the performance of other contractual obligations of any impaired insurer.

Subd. 6. [STANDING.] The association shall have standing to appear before any court in this state with jurisdiction over an impaired insurer concerning which the association is or may become obligated under these provisions. The standing shall extend to all matters germane to the powers and duties of the association, including proposals for reinsuring or guaranteeing the covered policies of the impaired insurer and the determination of the covered policies and contractual obligations.

Subd. 7. [ASSIGNMENT; SUBROGATION.] (a) The association may require an assignment to it by any payee, policy or contract owner, beneficiary, insured, or annuitant to their rights under the covered policy to the extent of benefits received under the provisions of the Minnesota life and health insurance guaranty association act as a condition precedent to the receipt of any rights or benefits conferred by these provisions upon the person. The association shall be subrogated

to these rights against the assets of any impaired insurer.

(b) *The subrogation rights of the association under this subdivision shall have the same priority against the assets of the impaired insurer as that of the person entitled to receive benefits.*

Subd. 8. [EXTENT OF LIABILITY.] The contractual obligations of the impaired insurer for which the association becomes liable shall be only as great as the contractual obligations of the impaired insurer would have been in the absence of an impairment, unless the obligations are reduced as permitted by subdivision 3; the association shall have no liability with respect to any portion of a covered policy or policies to the extent that the death benefit coverage on any one life exceeds an aggregate of \$300,000.

Subd. 9. [POWERS OF ASSOCIATION.] The association may:

(a) *Enter into contracts necessary or proper to carry out these provisions and their purposes.*

(b) *Sue or be sued, including taking legal actions necessary or proper for recovery of unpaid assessments under section 9.*

(c) *Borrow money to effect the purposes of the Minnesota life and health insurance guaranty association act. Any notes or other evidence of indebtedness of the association not in default shall be legal investments for domestic insurers and may be carried as admitted assets.*

(d) *Employ or retain persons necessary to handle the financial transactions of the association, and perform other necessary or proper functions.*

(e) *Negotiate and contract with any liquidator, rehabilitator, conservator, or ancillary receiver to carry out the powers and duties of the association.*

(f) *Take legal action as may be necessary to avoid payment of improper claims.*

(g) *Exercise, for the purposes of the Minnesota life and health insurance guaranty association act and to the extent approved by the commissioner, the powers of a domestic life or health insurer, but in no case may the association issue insurance policies or annuity contracts other than those issued to perform the contractual obligations of the impaired insurer.*

Sec. 9. [ASSESSMENTS.] Subdivision 1. [ASSESSMENT BY BOARD.] For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such times and for such amounts as the board finds necessary. The board shall collect the assessments after 30 days written notice to the member insurers before payment is due.

Subd. 2. [CLASSES OF ASSESSMENTS.] There shall be three classes of assessments, as follows:

(a) *Class A assessments shall be made for the purpose of meeting administrative costs and other general expenses not related to a particular impaired insurer;*

(b) Class B assessments shall be made to the extent necessary to carry out the powers and duties of the association under section 8 with regard to an impaired domestic insurer;

(c) Class C assessments shall be made to the extent necessary to carry out the powers and duties of the association under section 8 with regard to an impaired foreign or alien insurer.

Subd. 3. [FORMULA FOR DETERMINATION.] (a) The amount of any class A assessment for each account shall be determined by the board. The amount of any class B or C assessment shall be divided among the accounts in the proportion that the premiums received by the impaired insurer on the policies covered by each account bear to the premiums received by the insurer on all covered policies.

(b) Class A and class C assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account bear to premiums received on business in this state by all assessed member insurers.

(c) Class B assessments for each account shall be made separately for each state in which the impaired domestic insurer was authorized to transact insurance at any time, in the proportion that the premiums received on business in the state by the impaired insurer on policies covered by the account bear to premiums received in all states by the impaired insurer. The assessments against member insurers shall be in the proportion that the premiums received on business in each state by each assessed member insurer on policies covered by each account bears to premiums received on business in the state by all assessed member insurers.

(d) Assessments for funds to meet the requirements of the association with respect to an impaired insurer shall not be made until necessary to implement the Minnesota life and health insurance guaranty association act. Classification of assessments under subdivision 2, and computation of assessments under this subdivision shall be made with a reasonable degree of accuracy.

Subd. 4. [ABATEMENT OR DEFERMENT.] The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. The total of all assessments upon a member insurer for each account shall not, in any one calendar year, exceed two percent of the insurer's premiums in this state on the policies covered by the account.

Subd. 5. [ADDITIONAL ASSESSMENT.] In the event that an assessment against a member insurer is abated, or deferred, in whole or in part, because of the limitations set forth in subdivision 4, the amount by which such assessment is abated or deferred may be assessed against other member insurers in a manner consistent with the basis for assessments set forth in this section. If the maximum assessment, together with the other assets of the association, does not provide in any one year an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by the Minnesota life and health insurance guaranty association act.

Subd. 6. [REFUND.] The board may, by an equitable method as established in the plan of operation under section 10, refund to member insurers, in proportion to their contributions to particular accounts, the amount by which the assets of the account exceed the amount the board finds necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

Subd. 7. [CERTIFICATE OF CONTRIBUTION.] The association shall issue to each insurer paying an assessment under the Minnesota life and health insurance guaranty association act a certificate of contribution, in a form prescribed by the commissioner, for the amount paid. All outstanding certificates shall be of equal dignity and priority. A certificate of contribution may be shown by the insurer in its financial statement as an admitted asset in the form and for the amount and period of time as the commissioner may approve.

Sec. 10. [PLAN OF OPERATION.] Subdivision 1. [ADOPTION AND AMENDMENT.] (a) The association shall submit to the commissioner a plan of operation and amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and amendments thereto shall be effective upon approval in writing by the commissioner.

(b) If the association fails to submit a suitable plan of operation within 180 days after the effective date of the Minnesota life and health insurance guaranty association act or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt and promulgate reasonable rules as necessary or advisable to effectuate the provisions of the Minnesota life and health insurance guaranty association act. The rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

Subd. 2. [COMPLIANCE.] All member insurers shall comply with the plan of operation.

Subd. 3. [CONTENTS.] The plan of operation shall:

sary to handle the financial transactions and other necessary and proper functions of the association; and

(h) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

Subd. 4. [DELEGATION OF POWERS AND DUTIES.] The plan of operation may provide that any or all powers and duties of the association, except those under section 8, subdivision 9, clause (c), and section 9, are delegated to another organization which performs or will perform functions similar to those of this association in two or more states. The organization shall be reimbursed for any payments made on behalf of the association and paid for its performance of any association function. A delegation shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to an organization which extends protection substantially as favorable and effective as that provided by the Minnesota life and health insurance guaranty association act.

Sec. 11. [DUTIES AND POWERS OF THE COMMISSIONER.]

(a) *The commissioner shall*

(1) *Notify the board of directors of the existence of an impaired insurer within three days after a determination of impairment is made or he receives notice of impairment.*

(2) *Upon request of the board of directors, provide the association with a statement of the premiums in the appropriate states for each member insurer.*

(3) *When an impairment is declared and the amount determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders. The failure of the insurer to promptly comply with the demand shall not excuse the association from performance under the Minnesota life and health insurance guaranty association act.*

(b) *The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than \$100 per month.*

(c) *Any action of the board of directors or the association may be appealed to the commissioner by any member insurer within 30 days of the action being appealed. Any final action or order of the commissioner shall be subject to judicial review in a court of competent jurisdiction.*

(d) *The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of the Minnesota life and health insurance guaranty association act.*

Sec. 12. [PREVENTION OF IMPAIRMENTS.] *To aid in the detection and prevention of insurer impairments,*

(a) *The board of directors may, upon majority vote, notify the commissioner of information indicating that a member insurer may be unable or potentially unable to fulfill its contractual obligations.*

(b) *The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board believes may be unable or potentially unable to fulfill its contractual obligations. The commissioner may conduct the examination. The examination may be conducted as a national association of insurance commissioners examination or by persons the commissioner designates. The cost of the examination shall be paid by the association and the examination report treated as are other examination reports. In no event shall the examination report be released to the board of directors of the association prior to its release to the public, but this shall not excuse the commissioner from his obligation to comply with clause (c). The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner, but shall not be open to public inspection prior to the release of the examination report to the public and shall be released at that time only if the examination discloses that the examined insurer is unable or potentially unable to meet its contractual obligations.*

(c) *The commissioner shall report to the board of directors when he has reasonable cause to believe that any member insurer examined at the request of the board of directors may be unable or potentially unable to fulfill its contractual obligations.*

(d) *The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. The reports and recommendations shall not be considered public documents.*

(e) *The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer impairments.*

(f) *The board of directors may, at the conclusion of any insurer impairment in which the association carried out its duties or exercised powers under the Minnesota life and health insurance guaranty association act, prepare a report on the history and causes of the impairment, based on the information available to the association, and submit the report to the commissioner.*

Sec. 13. [DELEGATION BY COMMISSIONER.] *The commissioner may delegate powers conferred on him by law for the purposes of the Minnesota life and health insurance guaranty association act.*

Sec. 14. [MISCELLANEOUS PROVISIONS.] *Subdivision 1. [CONSTRUCTION.] Nothing in the Minnesota life and health insurance guaranty association act shall be construed to reduce the liability for unpaid assessments of the insureds of an impaired insurer operating under a plan with assessment liability.*

Subd. 2. [RECORDS.] Records shall be kept of all negotiations and meetings in which the association or its representatives are involved to discuss the activities of the association in carrying out its powers and duties under section 8. Records of negotiations or meetings shall be made public only upon termination of a liquidation, rehabilitation, or conservation proceeding involving an impaired insurer, termination of the impairment of the insurer, or order of a court of competent jurisdiction. Nothing in this subdivision shall limit the duty of the association to render a report of its activities under section 15.

Subd. 3. [ASSOCIATION AS CREDITOR.] For the purpose of carrying out its obligations under the Minnesota life and health insurance guaranty association act, the association shall be deemed to be a creditor of the impaired insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to section 8, subdivision 7. All assets of the impaired insurer attributable to covered policies shall be used to continue all covered policies and pay all contractual obligations of the impaired insurer as required by the Minnesota life and health insurance guaranty association act. Assets attributable to covered policies, as used in this subdivision, is that proportion of the assets which the reserves that should have been established for the policies bear to the reserve that should have been established for all policies of insurance written by the impaired insurer.

Subd. 4. [DISTRIBUTION TO STOCKHOLDERS.] No distribution to stockholders of an impaired insurer shall be made until the total amount of assessments levied by the association with respect to such insurer have been fully recovered by the association.

Subd. 5. [UNFAIR TRADE PRACTICE.] It shall be a prohibited unfair trade practice for any person to make use of the protection afforded by the Minnesota life and health insurance guaranty association act in the sale of insurance.

Sec. 15. [EXAMINATION OF THE ASSOCIATION; ANNUAL REPORT.] The association shall be subject to examination and regulation by the commissioner. The board of directors shall submit to the commissioner, before May 1 each year, a financial report for the preceding calendar year in a form approved by the commissioner and a report of its activities during the preceding calendar year.

Sec. 16. [TAX EXEMPTIONS.] Subdivision 1. [STATE FEES AND TAXES.] The association shall be exempt from payment of all fees and taxes levied by this state or its subdivisions, except taxes levied on real property.

Subd. 2. [FEDERAL AND FOREIGN STATE TAXES.] The association may seek exemption from payment of all fees and taxes levied by the federal or any other state government or any subdivisions thereof.

Sec. 17. [IMMUNITY.] There shall be no liability on the part of

and no cause of action shall arise against any member insurer or its agents or employees, the association or its agents or employees, members of the board of directors, or the commissioner or his representatives, for any action taken by them in the performance of their powers and duties under the Minnesota life and health insurance guaranty association act.

Sec. 18. [STAY OF PROCEEDINGS; REOPENING DEFAULT JUDGMENTS.] *All proceedings in which the impaired insurer is a party in a court in this state shall be stayed 60 days from the date that an order of liquidation, rehabilitation or conservation is final to permit legal action by the association on any matters germane to its powers or duties. The association may apply to have a judgment under a decision, order, verdict, or finding based on default set aside by the court that made the judgment and shall be permitted to defend against the suit on the merits.*

Sec. 19. Minnesota Statutes 1974, Section 60B.17, is amended by adding a subdivision to read:

Subd. 7. [COORDINATION OF ACTIVITIES WITH GUARANTY ASSOCIATIONS.] *The rehabilitator shall coordinate his activities with those of each guaranty association having an interest in the rehabilitation and submit a report detailing how coordination will be achieved to the court for its approval within 30 days following his appointment, or within the time the court, in its discretion, may establish.*

Sec. 20. Minnesota Statutes 1974, Section 60B.25, is amended to read:

60B.25 [POWERS OF LIQUIDATOR.] *The liquidator shall report to the court monthly, or at other intervals specified by the court, on the progress of the liquidation in whatever detail the court orders. The liquidator shall coordinate his activities with those of each guaranty association having an interest in the liquidation and submit a report detailing how coordination will be achieved to the court for its approval within 30 days following his appointment, or within such other time period as the court, in its discretion, may establish. Subject to the court's control, he may:*

(1) Appoint a special deputy to act for him under sections 60B.01 to 60B.61 and determine his compensation. The special deputy shall have all powers of the liquidator granted by this section. The special deputy shall serve at the pleasure of the liquidator.

(2) Appoint or engage employees and agents, actuaries, accountants, appraisers, consultants, and other personnel he deems necessary to assist in the liquidation without regard to chapter 15.

(3) Fix the compensation of persons under clause (2), subject to the control of the court.

(4) Defray all expenses of taking possession of, conserving, conducting, liquidating, disposing of, or otherwise dealing with the business and property of the insurer. If the property of the insurer does not contain sufficient cash or liquid assets to defray the costs incurred, the liquidator may advance the costs so incurred out of

the appropriation made to the insurance division. Any amounts so paid shall be deemed expense of administration and shall be repaid for the credit of the insurance division out of the first available moneys of the insurer.

(5) Hold hearings, subpoena witnesses and compel their attendance, administer oaths, examine any person under oath and compel any person to subscribe to his testimony after it has been correctly reduced to writing, and in connection therewith require the production of any books, papers, records, or other documents which he deems relevant to the inquiry.

(6) Collect all debts and moneys due and claims belonging to the insurer, wherever located, and for this purpose institute timely action in other jurisdictions, in order to forestall garnishment and attachment proceedings against such debts; do such other acts as are necessary or expedient to collect, conserve, or protect its assets or property, including sell, compound, compromise, or assign for purposes of collection, upon such terms and conditions as he deems best, any bad or doubtful debts; and pursue any creditor's remedies available to enforce his claims.

(7) Conduct public and private sales of the property of the insurer in a manner prescribed by the court.

(8) Use assets of the estate to transfer coverage obligations to a solvent assuming insurer, if the transfer can be arranged without prejudice to applicable priorities under section 60B.44.

(9) Acquire, hypothecate, encumber, lease, improve, sell, transfer, abandon, or otherwise dispose of or deal with any property of the insurer at its market value or upon such terms and conditions as are fair and reasonable, except that no transaction involving property the market value of which exceeds \$10,000 shall be concluded without express permission of the court. He may also execute, acknowledge, and deliver any deeds, assignments, releases, and other instruments necessary or proper to effectuate any sale of property or other transaction in connection with the liquidation. In cases where real property sold by the liquidator is located other than in the county where the liquidation is pending, the liquidator shall cause to be filed with the register of deeds for the county in which the property is located a certified copy of the order appointing him.

(10) Borrow money on the security of the insurer's assets or without security and execute and deliver all documents necessary to that transaction for the purpose of facilitating the liquidation.

(11) Enter into such contracts as are necessary to carry out the order to liquidate, and affirm or disavow any contracts to which the insurer is a party.

(12) Continue to prosecute and institute in the name of the insurer or in his own name any suits and other legal proceedings, in this state or elsewhere, and abandon the prosecution of claims he deems unprofitable to pursue further. (13) Prosecute any action which may exist in behalf of the creditors, members, policyholders, or shareholders of the insurer against any officer of the insurer, or any other person.

(14) Remove any records and property of the insurer to the offices of the commissioner or to such other place as is convenient for the purposes of efficient and orderly execution of the liquidation.

(15) Deposit in one or more banks in this state such sums as are required for meeting current administration expenses and dividend distributions.

(16) Deposit with the state board of investment for investment pursuant to chapter 11, all sums not currently needed, unless the court orders otherwise.

(17) File any necessary documents for record in the office of any register of deeds or record office in this state or elsewhere where property of the insurer is located.

(18) Assert all defenses available to the insurer as against third persons, including statutes of limitations, statutes of frauds, and the defense of usury. A waiver of any defense by the insurer after a petition for liquidation has been filed shall not bind the liquidator.

(19) Exercise and enforce all the rights, remedies, and powers of any creditor, shareholder, policyholder, or member, including any power to avoid any transfer or lien that may be given by law and that is not included within sections 60B.30 and 60B.32.

(20) Intervene in any proceeding wherever instituted that might lead to the appointment of a receiver or trustee, and act as the receiver or trustee whenever the appointment is offered.

(21) Enter into agreements with any receiver or commissioner of any other state relating to the rehabilitation, liquidation, conservation, or dissolution of an insurer doing business in both states.

(22) Exercise all powers now held or hereafter conferred upon receivers by the laws of this state not inconsistent with sections 60B.01 to 60B.61.

(23) The enumeration in this section of the powers and authority of the liquidator is not a limitation upon him, nor does it exclude his right to do such other acts not herein specifically enumerated or otherwise provided for as are necessary or expedient for the accomplishment of or in aid of the purpose of liquidation.

Sec. 21. Minnesota Statutes 1974, Section 60B.30, is amended by adding a subdivision to read:

Subd. 4. [FRAUDULENT TRANSFERS TO AFFILIATES.] Any distribution, other than stock dividends paid by the insurer on its capital stock, made by the insurer to an affiliate which controlled it during the five years preceding the filing of a successful petition for rehabilitation or liquidation under sections 60B.01 to 60B.61 shall be deemed fraudulent and may be avoided by the receiver; except that:

(a) No distribution shall be recoverable if the insurer shows that when paid, it was lawful, reasonable, and that the insurer did not know, and could not reasonably have known, that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations;

(b) Any person who was an affiliate that controlled the insurer at the time the distributions were paid shall be liable only up to the amount of distributions he received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared shall be liable up to the amount of distributions he would have received if they had been paid immediately. If two persons are liable with respect to the same distribution, they shall be jointly and severally liable;

(c) The maximum amount recoverable under this subdivision shall be the amount needed in addition to all other available assets of the insurer to pay its contractual obligations;

(d) If any person liable under clause (b) is insolvent, all its affiliates that controlled it at the time the dividend was paid shall be jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

Sec. 22. Minnesota Statutes 1974, Section 60B.46, Subdivision 1, is amended to read:

60B.46 [DISTRIBUTION OF ASSETS.] Subdivision 1. Payments to creditors. Under the direction of the court, the liquidator shall pay dividends in a manner that will assure the proper recognition of priorities and reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims, including third party claims. Distribution of assets in kind may be made at valuations set by agreement between the liquidator and the creditor and approved by the court. *The court may take into consideration the contributions of the respective parties, including guaranty associations, shareholders, and policyholders, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of the insurer. No distribution to stockholders of the insurer shall be permitted by the court unless the total amount of assessments levied by guaranty associations with respect to such insurer have been repaid.*"

CONFERENCE COMMITTEE REPORT ON S. F. NO. 2241

We, the undersigned conferees for S. F. No. 2241 report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 2241 be further amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. [MIGRATORY WATERFOWL STAMPS.] Subdivision 1. [DEFINITIONS.] As used in this section:

(1) “Migratory waterfowl” means any wild goose, brant, or wild duck.

(2) “Department” means department of natural resources.

(3) “Stamp” means the state migratory waterfowl stamp furnished by the department.

(4) “Development” includes, but is not limited to, the construction of dikes, water control structures and impoundments, nest cover, rough fish barriers, limited acquisition of sites necessary to allow development, and any and all facilities for the management of existing waterfowl habitat and the creation of waterfowl management lakes.

Subd. 2. [STAMP REQUIRED.] No person required to possess a Minnesota small game license shall hunt or take any migratory waterfowl within this state without first procuring a state migratory waterfowl stamp and having such stamp in his possession while hunting or taking any migratory waterfowl. Each stamp shall be validated by the signature of the licensee written across the face of such stamp. The department shall determine the form of the stamp and shall furnish the stamps to the county auditors and their designated agents for issuance or sale in the same manner as hunting licenses are issued or sold under Minnesota Statutes, Chapter 98; except that, county auditors or their designated agents shall not receive any fees pursuant to Minnesota Statutes, Section 98.50, Subdivision 5, for issuing a migratory waterfowl stamp pursuant to this act.

Subd. 3. [FEE.] The fee for a migratory waterfowl stamp shall be \$1.50.

Subd. 4. [USE OF REVENUE.] All revenue shall be used for projects approved by the department for the purpose of development of state wetland and designated waterfowl management lakes for maximum waterfowl production, protecting and propagating migratory waterfowl and for the development, restoration, maintenance or preservation of wetlands.

Sec. 2. [APPROPRIATION.] Subdivision 1.
