Sec. 2. Minnesota Statutes 1978, Section 116H.124, is amended to read:

116H.124 [LOCAL GOVERNMENT BUILDING ENERGY REPORTS AND AUDITS.] *Subdivision 1. Before January 1, 1980, The governing body of each city and county shall complete a survey of building energy report for all existing city owned or county owned buildings within their respective jurisdictions which buildings are heated by oil, coal, electric, or gas units. Buildings heated by oil or interruptable gas shall be surveyed first. The survey shall determine, based upon a formula specified by the director, the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conservation standards promulgated pursuant to section 116H.121. The governing body of a city or county may contract with any municipal building official appointed pursuant to section 16.861, or with the state building inspector to perform the energy conservation survey. Each governing body shall estimate, based upon a formula specified by the director, the annual potential savings in fuel procurement costs for existing heating and cooling systems, which savings would be realized for each building within its jurisdiction if that building were improved to comply with the energy conservation standards. The building energy report shall be recorded on a form furnished by the director. Each governing body shall file the energy conservation survey and estimated fuel procurement data for at least half the buildings within its jurisdiction building energy report with the director before December 31, 1978, and all remaining buildings by December 31, 1979, for his review and comment analysis.*

Subd. 2. [MAXI-AUDITS AND MINI-AUDITS.] By June 30, 1980, based upon analysis of the building energy reports, the director shall indicate to the governing body of each city and county those buildings upon which a mini-audit or a maxi-audit, or both, shall be performed. The results of the mini-audit or maxi-audit shall be recorded on a form furnished by the director and filed with the director by December 31, 1982.

Subd. 3. [CERTIFICATION OF AUDITORS.] The director may certify persons to perform mini-audits and maxi-audits and to complete the building energy reports.

Subd. 4. [ACCEPTANCE OF EQUIVALENT ENERGY SURVEY.] The director may accept the results of an equivalent energy

survey in place of the building energy report, mini-audit, or maxi-audit required under this section.

Sec. 3. Minnesota Statutes 1978, Section 116H.126, is amended to read:

116H.126 [PUBLIC SCHOOL BUILDING ENERGY REPORTS AND AUDITS.] *Subdivision 1. Before January 1, 1980, Each school district shall complete a survey of building energy report for all existing public school buildings which it owns or operates and which are heated by oil, gas, coal, or electric units in order to determine the estimated remaining useful life of each building, together with the present degree and estimated cost of compliance with the energy conservation standards promulgated pursuant to section 116H.121. Buildings heated by oil or interruptable gas shall be surveyed first. The results of the energy conservation survey building energy report shall be recorded on a form furnished by the director. A school district may contract with any municipal building official appointed pursuant to section 16.961 or with the state building inspector to perform the energy conservation survey. Each school district shall estimate, based upon a formula specified by the director, the annual savings in fuel procurement costs for existing heating and cooling systems, which savings would be realized for each public school building within the district if it were improved to comply with the energy conservation standards. Each school district shall file the energy conservation survey and estimated fuel procurement data for at least half the public school buildings within the district building energy reports with the director before December 31, 1978, and all remaining buildings by December 31, 1979, for his review and comment analysis.*

Subd. 2. [MAXI-AUDITS AND MINI-AUDITS.] By July 1, 1980, based upon the analysis of the building energy reports, the director shall indicate to each school district those buildings upon which a mini-audit or maxi-audit, or both, shall be performed. The results of the mini-audit or maxi-audit shall be recorded on a form furnished by the director and filed with the director by December 31, 1982.

Subd. 3. [CERTIFICATION OF AUDITORS.] The director may certify persons to perform mini-audits and maxi-audits and to complete the building energy reports.

Subd. 4. [ACCEPTANCE OF EQUIVALENT ENERGY SURVEYS.] The director may accept the results of an equivalent energy survey in place of the building energy report and mini-audit or maxi-audit required under this section.

Subd. 5. [SCHOOL DISTRICTS INTENDING TO CLOSE PUBLIC SCHOOL BUILDINGS.] A school district intending to permanently close or otherwise discontinue use of any existing public school building by January 1, 1985, is not required to comply with this section for those buildings, if a certification of intent to close the building is filed with the director.

Sec. 4. [STUDY OF CAPABILITY OF ENERGY MANAGEMENT PERSONNEL.] *The director shall conduct a study of the*

capabilities and level of training of school district energy management personnel. The report shall include recommendations and shall be submitted to the legislature by January 1, 1980.

Sec. 5. Minnesota Statutes 1978, Section 116H.129, Subdivision 1, is amended to read:

116H.129 [ENERGY CONSERVATION STANDARDS FOR EXISTING RESIDENCES.] Subdivision 1. Before ~~January 1, 1979~~ *August 1, 1980*, the commissioner of administration, in consultation with the director and the appropriate standing committees of the legislature, shall promulgate minimum energy efficiency standards for existing residences. The standards shall be economically feasible in that the resultant savings in energy procurement costs, based on current and projected average residential energy costs *including projected costs for fuel* in Minnesota as certified by the director in the state register, will exceed the cost of the energy conserving requirements amortized over the *five year ten-year* period subsequent to the incurring of such cost. The costs computed under this section shall include reasonable inflation and interest factors.

Sec. 6. [116H.21] [FUNDING FOR ENERGY AUDITS AND CONSERVATION MEASURES.] *Subdivision 1. [DEFINITIONS.] As used in sections 116H.124, 116H.126, this section, and section 7, the following terms have the meanings given them.*

Subd. 2. "Energy conservation measure" means an installation or modification of an installation in a building that is primarily intended to reduce energy consumption or allow the use of an alternative energy source. The measure must be one that a mini-audit or a maxi-audit of the building, as defined in subdivisions 5 and 6, indicates would reduce the consumption of energy. An "energy conservation measure" as defined in section 302 (a)(2) of the National Energy Conservation Policy Act, P.L. 95-619, is considered an energy conservation measure as defined in this subdivision.

Subd. 3. "Governing body" means the governing body of a statutory or home rule charter city or county.

Subd. 4. "Building energy report" means a questionnaire designed to collect information on a building concerning its energy use and other basic factors that relate to energy use.

Subd. 5. "Mini-audit" means a brief, on-site inspection designed to observe and record building energy use systems and related factors. The primary objective is to identify energy saving measures that can be implemented quickly and at low cost.

Subd. 6. "Maxi-audit" means a detailed engineering analysis of energy saving building improvements, including modifications to building structure; heating, ventilating and air conditioning systems; operation practices; lighting; and other factors that relate to energy use. The primary objective is to quantify the economic and engineering feasibility of energy saving improvements that require capital expenditures or major operational modi-

fications. "Technical assistance" as defined in section 302(a)(17) of the National Energy Conservation Policy Act, P.L. 95-619, is considered a maxi-audit.

Subd. 7. "School" means a public school district or an area vocational-technical institute.

Sec. 7. [116H.22] [PRIORITIES FOR FUNDING.] A school or local government may apply to the director to receive reimbursement for the actual costs of mini-audits or maxi-audits performed pursuant to sections 116H.124 and 116H.126. Applications shall be accompanied by a report on the energy using characteristics of the building and any other information the director may reasonably require. Notwithstanding any other law to the contrary, schools and local governments that submit their maxi-audits or mini-audits to the director by December 31, 1980, may use the state money received to pay part or all of the actual costs of energy conservation measures. If the applicant receives pursuant to the National Energy Conservation Policy Act, P.L. 95-619, federal money intended to be used to pay part or all of the costs of a mini-audit or maxi-audit, the applicant shall be paid state money in an amount that, when combined with federal money received, equals the actual cost of the mini-audit or maxi-audit. If appropriations are not sufficient to cover the costs of all audits for which reimbursement is requested, money shall be allocated to acceptable applicants in accordance with criteria established by the director of the energy agency, the department of education, and representatives of governing bodies and schools. Criteria may include, but are not limited to, population, number of students, amount of grant request, condition of facility, type of facility, and type of energy conservation measure for which money is requested.

Sec. 8. Minnesota Statutes 1978, Chapter 268, is amended by adding a section to read:

[268.37] [COORDINATION OF RESIDENTIAL WEATHERIZATION PROGRAM.] Subdivision 1. The department of economic security is the state agency to apply for, receive, and disburse federal money made available to the state by federal law or rules promulgated thereunder for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with any state money appropriated for this purpose.

Subd. 2. The commissioner shall make grants to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications shall be submitted in accordance with rules developed pursuant to 42 U.S.C., 6861-6872, any other relevant federal weatherization program, and rules promulgated by the commissioner.

Subd. 3. The commissioner shall promulgate all rules necessary to administer the grants program by July 1, 1979. The rules shall describe: (a) procedures for the administration of grants,

(b) data to be reported by grant recipients, and (c) other matters the commissioner finds necessary for the proper administration of the grant program including compliance with relevant federal regulations. Weatherization assistance shall be given to households where the total income does not exceed 125 percent of the poverty level as updated by the federal office of management and budget poverty guidelines.

Sec. 9. [REPORTS.] *The commissioner shall submit reports to the legislature by March 1, 1980, and March 1, 1981, evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner feels is relevant including information routinely submitted to the federal government.*

Sec. 10. Minnesota Statutes 1978, Section 451.09, is amended to read:

451.09 [STEAM HEAT SYSTEMS; DISCONTINUANCE OR CONVERSION.] *Subdivision 1. Any steam heat system operated by a public utilities board or commission in any home rule charter city may be discontinued in whole or in part at the discretion of such board or commission. Funds may be expended at the discretion of such board or commission to compensate persons to whom service is discontinued for the expense of converting to some other type of heat system. Prior to exercising any of the authority granted by this section, the public utilities board or commission shall obtain the approval of the governing body of the city. The authority granted by this section shall apply notwithstanding any statute, city charter, or other law to the contrary. This section subdivision shall not apply to Austin, Marshall and Virginia.*

Subd. 2. The public utilities board or commission shall inform the energy agency of its plans to discontinue operation at least two years prior to the intended date of discontinuance of operation. If a public utilities board or commission decides to discontinue operation of a steam heat system prior to July 1, 1981, it shall notify the director of the energy agency within 60 days of its decision.

Sec. 11. [PILOT ETHANOL PRODUCTION PLANT.] *The energy agency shall issue a request for proposals for the construction and operation of a small scale pilot plant for the production of ethanol. The plant shall operate and produce ethanol from more than one resource, though not necessarily simultaneously. One of the resources must be agricultural, forest, or wetland residue such as, but not limited to, corn stalks, straw, cattails or timber slash. The pilot plant shall be portable and demonstrated around the state with literature explaining the process and illustrating possible designs for plants producing one million gallons per year or less. The plant shall operate for at least two years. A final report shall be provided to the Minnesota energy agency*

in October, 1981. The department of biochemistry at the University of Minnesota shall provide instrumentation and monitor the processes. The department of mechanical engineering shall test the fuel in internal combustion engines and provide horsepower, fuel consumption, and related data. Each organization shall provide a written report to the Minnesota energy agency, which shall in turn assemble all information for a report to the legislature in January, 1982.

Sec. 12. [APPROPRIATIONS.] Subdivision 1. The sum of \$15,447,000 is appropriated from the general fund to the agencies and for the purposes indicated, to be available until June 30, 1981, except as otherwise provided in this section.

economically disadvantaged and who are unable to use regular means of transportation. Special transportation service includes but is not limited to service provided by specially equipped buses, vans, taxis and volunteers driving private automobiles.

Subd. 2. [DIRECTION.] In order to provide more adequate access to transportation service for the elderly, handicapped and others with special transportation needs and to more efficiently utilize public and private funds expended for that purpose, all state agencies that assist, provide, reimburse or regulate special transportation services shall promote, support and facilitate coordination of those services with other special services and with regular transportation services offered to the general public.

Subd. 3. [INTERAGENCY TASK FORCE.] The commissioner or chief administrative officer of each department, agency or board of the state that assists, provides, reimburses or regulates special transportation services shall serve or appoint a representative to serve on an interagency task force on coordination of special transportation programs. The departments of economic security, education, health, public safety, public welfare and transportation, the council on the handicapped and the board on aging shall be represented on the task force. The commissioner of transportation shall appoint members of the task force representing other departments, boards or agencies of the state that assist, provide, reimburse or regulate special transportation service and shall appoint up to five additional members representing the metropolitan council, regional development commissions and public and private entities that provide special transportation service. The commissioner of transportation shall furnish necessary administrative support for the task force and shall chair or appoint a representative to chair the task force.

The task force shall:

programs such as human services and educational programs can be coordinated with the programs and expenditures of agencies authorized to provide capital and operating assistance to operators of special and regular transportation service;

(e) Examine the feasibility of transportation voucher systems as a method of improving access to transportation for those with special transportation needs and decreasing capital and operating costs incurred by public agencies to support or provide that transportation. Voucher systems examined shall include systems which allow or require participation by agencies providing transportation as a component of other programs;

(f) Recommend the adoption of policies, rules and legislation necessary to implement programs which it has identified or developed as a result of its study and evaluation; and

(g) Report its findings, conclusions and recommendations to the legislature, including written and oral presentations to the appropriate standing committees. The task force shall make a preliminary report to the legislature not later than November 1, 1979. The commissioners of transportation and public safety shall cooperate in the enforcement of this section and sections 299A.11 to 299A.18 so that a single inspection is sufficient to ascertain compliance with sections 299A.11 to 299A.18 and with the standards adopted under this section.*

Subd. 4. [CERTIFICATE OF COMPLIANCE.] *The commissioner of transportation shall issue an annual certificate of compliance for each vehicle used to provide special transportation service which complies with the standards adopted under this section. The commissioner shall provide procedures for determining compliance and issuing the certificates. The procedures may include inspection of vehicles and examination of drivers.*

Subd. 5. [RULES.] *The standards authorized under subdivision 2 and the procedures authorized by subdivision 4 shall be adopted by rule in accordance with chapter 15. Not later than November 15, 1979, and before proposing any rules under this section the commissioner shall:*

(a) *Make available a draft of the rules, a plan for enforcing the rules and a proposed budget for the necessary enforcement activities of the department for review by the standing committees on transportation in both houses of the legislature; and*

(b) *Review the draft rules, enforcement plan and proposed budget with the interagency task force on coordination of special transportation service. The commissioner shall adopt the rules necessary to implement this section and commence enforcement of those rules not later than July 1, 1980.*

Subd. 6. [PREEMPTION OF OTHER REQUIREMENTS.] *Notwithstanding any other law, ordinance or resolution to the contrary an operator of special transportation service that has been issued a current certificate of compliance under subdivision 4 for a vehicle used to provide that service shall not be required to obtain any other state or local permit, license or certificate as a condition of operating the vehicle for that purpose. This subdivision does not exempt any vehicle from the requirements imposed on vehicles generally as a condition of using the public streets and highways.*

Subd. 7. [ENFORCEMENT.] *After January 1, 1981, no state agency, political subdivision or other public agency shall provide*

any capital or operating assistance to or reimbursement for services rendered by any operator of special transportation service unless current certificates of compliance have been issued under subdivision 4 for the vehicles used by the operator to provide the service.

Sec. 28. Minnesota Statutes 1978, Chapter 174, is amended by adding a section to read:

[174.31] [SPECIAL DEMONSTRATION PROJECT; COORDINATION OF SPECIAL TRANSPORTATION SERVICE IN THE METROPOLITAN AREA.] *Subdivision 1. [ESTABLISHMENT; OBJECTIVES.] A special demonstration project for coordination of special transportation service in the metropolitan area as defined in section 473.121, subdivision 2, shall be established and implemented by the commissioner with the following objectives:*

(a) To provide greater access to transportation for the elderly, handicapped and others with special transportation needs in the metropolitan area and particularly to fill all unmet needs for that transportation in the transit taxing district as defined in section 473.446, subdivision 2; and

(b) To develop an integrated system of special transportation service providing transportation tailored to meet special individual needs in the most cost-efficient manner using existing public and private providers of service.

For the purpose of this section "project" means the demonstration project established under this subdivision.

Subd. 2. [FINANCING; IMPLEMENTATION; MANAGEMENT AND ADVISORY GROUPS.] The project shall be operated pursuant to the rules governing and funded with money available under the paratransit service demonstration grant program. The commissioner shall not operate the project but shall contract for services necessary for its operation. All transportation service provided through the project shall be provided under a contract between the commissioner and the provider which specifies the service to be provided and the rates for providing it. The commissioner shall establish a committee to set management policies for the project. The management policy committee shall include the commissioner or his designee, representatives of persons contracting to provide services for the project, a representative of the metropolitan council, a representative of the metropolitan transit commission and at least two representatives of the task force established to advise the committee. The meetings of the management policy committee shall be public and minutes of all meetings shall be taken, preserved and made available for public inspection. The commissioner shall establish an advisory task force of individuals representing the elderly, handicapped and other users of service provided by the project to advise the management policy committee.

Subd. 3. [DUTIES OF COMMISSIONER.] In implementing the project the commissioner shall:

(a) Encourage participation in the project by public and private providers of special transportation service currently receiving capital or operating assistance from a public agency;

(b) Contract with public and private providers that have demonstrated their ability to effectively provide service at a reasonable cost;

(c) Encourage individuals using service provided through the project to use the type of service most appropriate to their particular needs;

(d) Insure that all persons providing service through the project receive equitable treatment in the allocation of the ridership;

(e) Encourage shared rides to the greatest extent practicable;

(f) Insure that a full range of service is made available through the project to all parts of the metropolitan transit taxing district;

(g) Encourage public agencies that provide transportation to eligible individuals as a component of human services and educational programs to coordinate with the project and to allow reimbursement for services provided through the project at rates that reflect the public cost of providing those services.

Subd. 4. [COORDINATION REQUIRED.] The commissioner shall not grant any financial assistance under sections 174.24 or 174.25 to any recipient that proposes to use any part of the grant to provide special transportation service in the metropolitan area unless the program is coordinated with the project in the manner determined by the commissioner. A recipient of a grant made before the effective date of this section shall coordinate its program with the project as far as practicable but shall not be denied any additional grant for which it is otherwise qualified solely because it is not coordinated with the project.

Subd. 5. [COMPLIANCE WITH OPERATING STANDARDS.] A vehicle providing special transportation service which is subject to the operating standards adopted pursuant to section 27 shall not be allowed to provide service through the project after January 1, 1981, unless a current certificate of compliance has been issued to the vehicle.

Subd. 6. [EVALUATION AND REPORTS.] The commissioner shall evaluate the project and submit a report to the legislature in January, 1981, including the following information:

(a) All amounts of money spent or obligated for the project by the commissioner and the persons receiving those amounts;

(b) The types of service provided, number of individuals served and areas covered;

(c) A comparison of the cost of providing different types of service;

(d) A review of the achievements or failures of the project, problems encountered in implementation and conclusions and recommendations concerning future action.

The commissioner shall submit a preliminary report to the legislature in January, 1980, covering the above information to the extent it is available at that time.

Subd. 7. [EXPIRATION OF PROJECT.] The project shall expire June 30, 1981, and the commissioner shall not enter a contract or make any grant the proceeds of which may be expended for the purpose of implementing or continuing the project beyond June 30, 1981.

Sec. 29. Minnesota Statutes 1978, Section 256B.04, Subdivision 12, is amended to read:

Subd. 12. Place limits on the types of services covered by medical assistance, the frequency with which the same or similar services may be covered by medical assistance for an individual recipient, and the amount paid for each covered service. The state agency shall promulgate rules, including temporary rules, establishing maximum reimbursement rates for emergency and non-emergency ambulance transportation.

The rules shall provide:

(a) An opportunity for all recognized transportation providers to be reimbursed for non-emergency transportation consistent with the maximum rates established by the agency;

(b) Reimbursement of public and private nonprofit providers serving the handicapped population generally at reasonable maximum rates that reflect the cost of providing the service regardless of the fare that might be charged by the provider for similar services to individuals other than those receiving medical assistance or medical care under this chapter; and

(c) Reimbursement for each additional passenger carried on a single trip at a substantially lower rate than the first passenger carried on that trip.

The commissioner shall encourage providers reimbursed under this chapter to coordinate their operation with similar services that are operating in the same community. To the extent practicable, the commissioner shall encourage eligible individuals to utilize less expensive providers capable of serving their needs.

For the purpose of this subdivision and section 256B.02, subdivision 8, and effective on January 1, 1981, "recognized providers of transportation services" means any operator of special transportation service as defined in section 24 that has been issued a current certificate of compliance with operating standards of the department of transportation or, if those standards do not apply to an operator, that the agency finds is able to provide the required transportation in a safe and reliable manner. Until January 1, 1981, "recognized transportation providers" includes any operator of special transportation service that the agency finds is able to provide the required transportation in a safe and reliable manner.

Sec. 30. [EFFECTIVE DATE.] *Sections 17, 23, 26, 27, 28 and 29 are effective the day following final enactment.*"

(b) *Up to \$75,000 for development of operating standards for vehicles providing special transportation service and of procedures for enforcing the standards. Any amount transferred in the first year of the biennium shall not cancel but shall be available until June 30, 1981."*

Sec. 42. [EQUIPMENT PURCHASE.] *Subdivision 1. [REQUEST FOR PROPOSALS.] Notwithstanding the provisions of Minnesota Statutes, Sections 471.345 and 471.35 or any other provision of law or charter, a contract for purchase of a vehicle system comprising part of the people mover system shall be awarded to the bidder whose proposal is determined to be most favorable on the basis of specifications which shall include the following considerations: the cost of the vehicle system; its cost consequence for other elements of the people mover system; the operating and maintenance cost of the vehicle system; its visual, aesthetic, environmental, noise and energy impact; the supplier's plan for winter operation; the capacity of the vehicle system to meet the functional and physical specifications of the contract documents; the ability of the bidder to perform design, furnishing, installing and testing services for all vehicle system elements and for construction coordination; and ability of the bidder to meet requirements imposed as contract conditions in any grant contract entered into with the federal government. Bids may not be solicited without approval by the board of the functional and physical specifications proposed for the vehicle system purchase contract. Eligi-*

ble bidders shall be limited to suppliers who have provided people mover systems which have successfully served the public.

Subd. 2. [CONTRACT AWARD.] Contracts for equipment purchase and for construction may not be awarded without approval of the board. The purchase contract for the vehicle system shall require the supplier to assure that the vehicle system operates within the specifications of the contract and to maintain the vehicle system for a five year period of revenue operation at a fixed base price with escalation clauses. The contract shall contain a provision permitting termination of the operation and maintenance portion of the contract (by the board) at the end of any year of revenue operation.

Subd. 3. [CERTIFICATION.] No revenue operation of the people mover system shall begin until the board receives written notice, signed by the administrator of the urban mass transportation administration, stating that the vehicle system or the part proposed to be operated has been fully tested, that it meets the criteria for acceptance established by the authority that let the construction and equipment purchase contracts with the concurrence of the administration, and that it is ready for year-around revenue operation. The purchase contract for the vehicle system shall so provide. The written notice from the administration shall not imply any legal liability of the federal government for construction or operation of the people mover system.

Sec. 43. [SPECIAL ASSESSMENT.] The people mover system and related access facilities, including the seventh place pedestrian mall and public galleria facilities, are determined to be local improvements within the meaning of the Minnesota Constitution, Article X, the city's charter, and Minnesota Statutes, Chapters 429 and 430. Accordingly, the costs of acquisition, construction, reconstruction, extension, operation, maintenance and promotion of the people mover system and such facilities whether paid or to be paid by the city or the commission, may be specially assessed against property determined to be specially benefited thereby, to the extent of and in proportion to the benefits. The special assessment shall be levied by the city pursuant to its charter, chapter 429 or 430, and the collections thereof may be pledged to the payment of the costs.

Sec. 44. [ACCESS FACILITIES.] By December 15, 1980 the board, the commission and the city shall report to the legislature on their plans for improving and facilitating access to the people mover system from other modes of transportation. In addition to filing copies of the reports as provided in section 3.195, the board, the city and the commission shall provide oral presentations of the reports to the appropriate standing committees of the legislature. The commission, subject to the approval of the board, shall produce a plan for managing the relationship between transit vehicles and the people mover to enhance ridership, revenue and patron satisfaction on both systems. The city, subject to the approval of the board, shall produce parking and traffic and pedestrian management plans, including plans for the construction of fringe parking ramps or lots and skyways to improve and facilitate

access to the people mover system. The parking plans shall identify the specific locations and capacities of the proposed facilities, along with preliminary design, engineering, and traffic management studies. The plans shall include a development program with a schedule for the development of such facilities and a detailed financial plan demonstrating financial capability for a prospective five year period to support the capital, operating, maintenance and promotional costs of the parking and other access facilities.

Sec. 45. [FARE AND TRANSFER POLICIES.] Subdivision 1. [REDUCED OR SOCIAL FARES.] Fares charged during non-peak hours for elderly and handicapped riders shall not exceed one-half of the peak hour fares for the general public. The board may charge the social fares provided in Minnesota Statutes, Section 473.408, Subdivision 3, during non-peak hours. The board shall determine the peak and non-peak hours of the people mover system for purposes of the reduced fares provided in this subdivision. Reduced or social fares charged by the board shall be reimbursed by the Minnesota department of transportation as provided in Minnesota Statutes, Section 174.24, Subdivision 4.

Subd. 2. [TRANSFER POLICY.] All fares charged to riders of the people mover system who transfer from the system to transit service provided by the commission shall be paid to the commission. No additional fare shall be charged to any rider who transfers to the people mover system from transit service provided by the commission.

Sec. 46. [OPERATING DEFICIT; DETERMINATION AND PAYMENT.] Subdivision 1. Any operating deficit of the people mover system shall be paid as provided in this section and section 47.

Subd. 2. For the purposes of this section and section 47, "operating deficit" means that portion of the costs of operating, maintaining and promoting the people mover system during the period of revenue service which exceeds the amount received from revenues of the system, reimbursement for reduced or social fares, federal operating assistance and other sources exclusive of payments by the city, the commission and owners of benefited properties as provided in this section and section 47.

Subd. 3. As soon as practicable before the start of revenue service, the board shall:

(a) Establish an operating deficit account for the deposit of all money required to be paid pursuant to this section by the city, the commission and owners of benefited properties and for the payment of the operating deficit;

(b) Determine the estimated operating deficit for the calendar year in which revenue service is expected to begin and for the first year of revenue service;

(c) Determine the amount of the share required from the city, the commission and the owners of benefited properties to pay the estimated operating deficit as provided in section 47. If the system

is expected to be in revenue service for only a portion of the first calendar year of revenue service, the shares shall be prorated according to the percentage of the year the system is expected to be in revenue service; and

(d) Establish procedures which assure that an amount equal to the estimated operating deficit for the calendar year in which service begins, as determined under clause (b), is paid to the operating deficit account by the city and the commission not later than the first day of revenue service and that additional amounts will be paid by the city and the commission if necessary to pay the actual operating deficit through the end of the first full calendar year of revenue service. The amounts which the city and commission may be required to pay pursuant to this clause are not limited to the amounts provided in section 47.

The city shall levy assessments on benefited properties pursuant to section 43 in the amount the board determines is required from the owners of the properties to pay the estimated operating deficit as determined under clause (c) of this subdivision. These assessments shall be levied at the earliest possible time consistent with the provisions of section 43.

Subd. 4. Not later than July 1 of the first full calendar year of revenue service and at one year intervals thereafter the board shall:

(a) Determine the actual operating deficit for the preceding calendar year;

(b) Determine the amounts paid into the operating deficit account during the preceding calendar year by the city, the commission and owners of benefited properties. Deductions and additions carried over from another year shall be included in payments made during the year subject to the determination;

(c) Determine the amounts which are required from the city, the commission and owners of benefited properties to pay the operating deficit for the preceding calendar year pursuant to section 47;

(d) Determine whether the city, the commission or owners of benefited properties have paid to the operating deficit account during the preceding calendar year an amount that is more or less than that required under clause (c) of this subdivision and deduct the excess from or add the deficiency to the required payment by that party for the following calendar year;

(e) Determine the estimated operating deficit for the following calendar year and the amounts which are required from the city, the commission and owners of benefited properties to pay that estimated operating deficit pursuant to section 47;

(f) Establish a schedule of payments by the city and the commission for the following calendar year which assures the payment of the estimated operating deficit in a timely manner; and

(g) Report its findings and determinations to the city and the commission.

For the purpose of the determination made in the first full calendar year of revenue service, the preceding calendar year is deemed to include all preceding calendar years in which an operating deficit was incurred or payments were made by the city, the commission and owners of benefited property.

Subd. 5. At the earliest possible time after receiving a report of the board as provided in subdivision 4, the city shall levy assessments for the amount determined by the board to be required from owners of benefited properties to pay the estimated operating deficit less any amount previously assessed which was not due and payable before the close of the previous year. The assessments shall be levied pursuant to section 43.

Subd. 6. The city and the commission shall pay the amounts determined by the board to be required from them to pay the estimated operating deficit according to the schedule established by the board.

Sec. 47. [OPERATING DEFICIT SHARING FORMULA.]
Subdivision 1. The city, the commission and the owners of benefited properties shall share in the payment of the operating deficit according to the provisions of subdivisions 2 to 5.

Subd. 2. Owners of benefited properties shall pay the first \$300,000 of any operating deficit for any year of revenue service, subject to escalation as provided in subdivision 5. Payments shall be pursuant to assessments levied by the city pursuant to section 43.

Subd. 3. If the operating deficit for any year exceeds the amount required to be paid pursuant to subdivision 2, the city, the commission and owners of benefited properties shall each pay one-third of the remaining portion up to a maximum of \$500,000, subject to escalation as provided in subdivision 5. Payments by owners of benefited properties shall be pursuant to assessments levied by the city pursuant to section 43.

Subd. 4. If the operating deficit for any year exceeds the amounts required to be paid pursuant to subdivisions 2 and 3, the city shall pay the additional amount.

Subd. 5. The maximum payments provided in subdivisions 2 and 3 shall be increased beginning July 1, 1978, to the close of the first year of revenue service by an amount equal to the local consumer price index not to exceed eight percent, compounded annually. After the first year of revenue service, the amount calculated under the preceding sentence shall be increased by the actual rate of inflation of the cost of operating, and maintaining the people mover system, compounded annually.

Sec. 48. [CAPITOL AREA FACILITIES; STATE OWNED PROPERTY.]
Subdivision 1. Construction of the people mover system within the capitol area shall be exempt from the provisions of Minnesota Statutes 1978, Section 15.50, Subdivision 2, Clause (e), requiring design competition except that capitol sta-

tion west shall be subject to an invited competition as defined in part II, 6, c(2) of the American Institute of Architecture document number 6-J332, issued November, 1976, sponsored and conducted by the capitol area architectural and planning board upon guidelines and criteria as determined by agreement between that board and the joint board. System improvements within the capitol area shall be in conformity with the comprehensive use plan for the capitol area and subject to the approval of the capitol area architectural and planning board.

Subd. 2. The commissioner of administration on behalf of the state may grant to the city or the commission, without compensation, easements for the construction, location and operation of the people mover system upon state owned property. The commissioner of administration and the urban mass transportation administration shall establish the value of easements and related access facilities in the capitol area which will be required for the people mover and which are eligible in lieu of cash as local contributions to the capital cost of the people mover project. The value of these easements and facilities shall be applied to the commission's share of the local contributions.

Sec. 49. Laws 1979, Chapter 46, Section 1, is amended by adding a subdivision to read:

Subd. 6. [PEOPLE MOVER SYSTEM.] The commission may issue certificates of indebtedness, bonds or other obligations in an amount not exceeding \$9,000,000 for the purpose of acquisition and betterment of the people mover system as defined in section 39. The proceeds of the obligations shall be expended as provided in the joint powers agreement entered into by the commission pursuant to section 40. Proceeds of the obligations which are not needed for acquisition and betterment of the people mover system shall be expended to pay the operating deficit of the people mover system pursuant to sections 46 and 47. No obligations shall be issued under this subdivision until the commission determines that agreements have been executed between the authority that will let the construction contract for the people mover system and the appropriate labor organizations and construction contractor organizations which provide that no labor strike or management lockout will halt, delay or impede construction.

Sec. 50. [JUDICIAL PROCEEDINGS; TIME TO COMMENCE.] *No action shall be commenced or maintained, nor defense interposed in an eminent domain proceeding, questioning the public purpose, propriety of expenditure of public funds, or validity of any law authorizing the acquisition, betterment, operation, maintenance or financing of the people mover system, except by lawsuit commenced in the district court of Ramsey County within 90 days of the date of publication of the metropolitan council recommendation given pursuant to section 41, or within 90 days of the date of written notice mailed to persons whose property may be taken by subsequent proceedings in eminent domain for the people mover system or right of way. Such action*

timely commenced by any taxpayer, any person whose property is or may be taken or interfered with by reason of the proposed implementation of the people mover system, or other person with standing, shall be maintained in the manner provided by law, including Minnesota Statutes, Chapter 562. Nothing in this subdivision nor notice given pursuant thereto shall be construed as a taking of private property, nor as limiting a property owner's right to just compensation for the taking of private property to be litigated in proceedings in eminent domain subsequently instituted under charter or Minnesota Statutes, Chapter 117, for such taking and assessment and award of damages.

Sec. 51. [LIMIT ON CAPITAL EXPENDITURES.] *Subdivision 1. [TOTAL EXPENDITURES.] Except as otherwise provided in this subdivision, the sum of all expenditures by the city and the commission, including federal grants and in-kind expenditures, for acquisition, construction and betterment of the people mover system shall not exceed \$90,000,000. This amount may be increased by up to 20 percent if the federal urban mass transportation administration provides 80 percent matching grants for any amount exceeding \$90,000,000 and that all of the non-federal share required to match the federal grants is provided by the city.*

Subd. 2. [COMMISSION EXPENDITURES.] The commission shall expend no money for the acquisition, construction or betterment of the people mover system except the proceeds of the bonds authorized in section 49.

Sec. 52. [REPEALER.] *Laws 1977, Chapter 454, Section 45, is repealed.*

Sec. 53. [EFFECTIVE DATE.] *Sections 39 to 52 are effective upon approval by resolution of the St. Paul city council and by resolution of the metropolitan transit commission. The resolutions shall be adopted after published notice to the public and public hearing."*

(b) The excise tax so determined shall be rounded down to the nearest one-tenth of one cent, and shall be effective July 1 of the current year.

If the consumer price index for February of the current year is computed using a base year other than 1967, the value of the current index shall be adjusted by recomputing it using 1967 as the base year. If the commission approves of an agreement or award, it shall cause the matter to be submitted to the legislature to be accepted or rejected pursuant to section 179.74. Approval or disapproval by the commission shall not be binding on the entire legislature.

Subd. 3. [OTHER DUTIES.] In addition to the duties specified in subdivision 2, the commission shall perform the following:

(a) Continually monitor the state's civil service system, Chapter 43, and collective bargaining process, Sections 179.61 to 179.76, as applied to state employees;

(b) Research and analyze the need for improvements in those statutory sections; and

(c) Perform such other related functions as are delegated to it by the legislature.

Sec. 3. [DEFINITIONS.] Subdivision 1. As used in sections 3 to 7, the terms defined in this section have the meanings given them.

Subd. 2. For the purposes of sections 3 to 7 only, it also means the Minnesota historical society.

Subd. 3. "State-funded positions" means all full-time equivalent personnel positions however authorized, except those funded entirely by federal money and those which provide direct care to residents at state hospitals.

Subd. 4. "Normal attrition" means vacancies occurring due to voluntary resignations, retirements, and deaths. It does not include vacancies due to involuntary dismissals and terminations.

Sec. 4. The commissioner of finance shall submit to the chairmen of the senate finance and house appropriations committees, and the legislative commission on employee relations by October 1, 1980, a plan for reducing the number of state funded positions pursuant to sections 3 to 7 during the 1981-1983 biennium. The plan shall include (1) a description of the number and types of reductions in positions, (2) an analysis of how the reductions co-

ordinate with departmental long range program plans, and (3) an analysis of the ratio of supervisory to non-supervisory employees in the agency.

The commissioner of finance shall, in consultation with the commissioner of personnel, prescribe procedures by which each state agency shall submit to the commissioner of finance the information necessary for him to comply with sections 3 to 7. The position reduction program shall be integrated to the extent possible with the program budgeting system and the evaluation of program functions conducted as part of the budgeting process.

Sec. 5. [POSITION REDUCTIONS.] Subdivision 1. [VACANT POSITIONS.] *The commissioner of finance shall cancel every state funded position that has remained vacant for more than 90 days, unless (a) the commissioner of personnel has certified that the position has not been filled because the department of personnel was unable to certify any names pursuant to section 43.18, or (b) an exception has been requested pursuant to subdivision 4. If the exception is denied, the position shall be cancelled.*

Subd. 2. [NORMAL ATTRITION.] *The total number of state funded positions authorized on July 1, 1981, shall be reduced by at least four percent. Reductions shall be accomplished solely by cancellation pursuant to subdivision 1 and normal attrition. Positions providing custodial control of inmates of state correctional institutions, maintenance of state highways, teaching at state universities and community colleges paid for by increased tuition from increased enrollment, or enforcement of state laws on state highways or public lands and waters shall not be eliminated unless the agency shows that it has no other feasible and prudent alternative. To the maximum extent feasible, one-half of the reduction shall be accomplished by June 20, 1982, and the remainder by June 30, 1983.*

Subd. 3. [TRANSFERS.] *A state agency may transfer positions to another agency pursuant to Minnesota Statutes, Section 16.125, but the number of positions on July 1, 1981 for each agency affected shall be adjusted to reflect the transfer. A position that is eliminated by transferring an employee to part-time, seasonal, or other status of employment by the same state agency does not count as a position reduction for purposes of meeting the goals set by this section.*

Subd. 4. [EXCEPTIONS; SHIFTS.] *Where the position cancellations and reductions required by this section would unduly impair the ability of a state agency to perform the duties assigned to it, the state agency may apply to the commissioner of finance for an exception permitting the agency to avoid the cancellation or make a lesser reduction than would otherwise be required.*

Sec. 6. [SPENDING PLANS.] Subdivision 1. [TRANSFERS.] *A state agency shall not transfer any money to or from personal*

services as shown on the official worksheets of the conferees of the senate and house of representatives, a true copy of which is on file in the office of the commissioner of finance, without the written approval of the commissioner of finance.

[APPEAL TO BOARD; PUBLIC HEARINGS, FINDINGS, HEARING CONFERENCE.] Any permanent employee who is removed, discharged, suspended without pay for more than 30 days, or reduced in pay or position and who has not elected to proceed pursuant to a grievance procedure, if such procedure is available, pursuant to sections 179.61 to 179.77, may appeal to the board within 30 days after the effective date of such removal, discharge, suspension or reduction in pay or position. In no event may an employee avail himself of both the procedure under this section and the grievance procedure under sections 179.61 to 179.77. Upon such appeal, both the appealing employee and the appointing authority or their representatives shall meet with the hearing officer, at a place and on such date as set by him for the purpose of determining the facts at issue. Prior to the hearing conference, both parties may stipulate on mutually agreed matters relevant to the dismissal or other disciplinary action referred to in this subdivision. If the hearing officer is successful in reaching a mutually agreed settlement between both parties, such agreement shall be certified to the board, with copies furnished to both parties, and such agreement, if approved by the board, shall become binding on both parties. The hearing conference shall be conducted in such manner and follow such procedures as prescribed by the board. If the board finds that there exist sufficient grounds for institution of dismissal but extenuating circumstances are brought out in testimony and evidence, it may in its discretion reinstate the employee, with full, partial, or no pay, or it may modify the appointing authority's action by substituting a lesser disciplinary action. The hearing officer shall recommend to the board an appropriate disposition of the case. If no exceptions are made, the hearing officer's recommended disposition shall, at the option of the board, become final. If exceptions are taken, the board, upon a review of the record, may accept the officer's recommendations with or without additional oral or written evidence from the parties, may remand the case to the officer for further hearing, adopt the hearing officer's report with any changes warranted by the record, or issue its own report of findings and orders. In those cases in which the board finds just cause for dismissal, the findings and recommendations of the board shall be submitted to and considered by the appointing authority, who may, not later than 30 days after receipt of such findings and recommendations, reinstate the employee with or without pay for the period of suspension, or otherwise modify his original decision of suspension, demotion, or discharge. When any permanent employee is dismissed and not reinstated after appeal, the board may direct that his name be placed on an appropriate reemployment

list, for employment in any similar position other than the one from which he has been removed, which direction shall be enforced by the commissioner.

Subd. 3. [REQUEST FOR WRITTEN STATEMENT.] When any such permanent employee shall be suspended without pay, he shall, within 30 days time after being notified of such disciplinary action, be furnished with a statement in writing specifically setting forth the reasons for the disciplinary action, and a copy of such statement shall then also be filed with the commissioner.

Upon the filing with the board by any party in interest of a complaint in writing, on a form provided by the board, charging any person with engaging in or having engaged in any specific unfair labor practice, the complainant shall provide by registered mail or personal service a copy of the complaint to all other parties in interest. Any other person claiming interest in the dispute or controversy, as an employer, an employee, or their representative, may be made a party upon application. The board may bring in additional parties by service of a copy of the complaint. Only one complaint shall issue against a person with respect to a single controversy, but a complaint may be amended in the discretion of the board at any time prior to the issuance of a final order based on the complaint. The person against whom the complaint is made may file an answer to the original or amended complaint and may appear in person or otherwise and give testimony at the place and time fixed in the notice of hearing. If the board decides that the complaint is without merit, it shall issue an order to that effect. If the board decides that the complaint may have merit, the board shall fix a time for the hearing, which shall not be less than ten nor more than 40 days after the filing of the complaint, except as otherwise provided in section 179.64, subdivision 5. Notice shall be given to each interested party by personal service or by mailing a copy to him at his last known post-office address at least ten days before the hearing. No complaint may be acted on by the board concerning an unfair labor practice committed more than six months prior to the filing of the complaint unless the board for good cause waives the time limitation.

Subd. 3. The board may issue subpoenas, administer oaths, and take and provide for the taking of depositions. Any person who willfully and unlawfully fails or neglects to appear, testify or produce books, papers, and records as required, shall, upon application to a district court, be ordered to appear before the board to testify or produce evidence if so ordered. Failure to obey the order of the court may be punished as civil contempt. Each witness appearing before the board or before a hearing examiner holding a hearing on behalf of the board shall be paid by the party requesting the witness in the amount and manner specified in section 357.22 unless the board determines that the witness is a public official who is appearing in the regular and normal course of his official duties and who is reimbursed by his employer in whole or in part for expenses necessitated by his appearance. A full and complete record of all proceedings before the board shall be kept in the manner most practical and most economical as determined

by the board. The board may admit and give probative effect to evidence which possesses probative value commonly accepted by reasonable, prudent men in the conduct of their affairs. They shall give effect to the rules of privilege recognized by law. They may exclude incompetent, irrelevant, immaterial and repetitious evidence. Compliance with the technical rules of pleading before courts need not be required by the board.

Subd. 4. If the board cannot expeditiously hold a hearing on a complaint filed with the board, the board may request the chief hearing officer of the state office of hearing examiners to assign a hearing officer to hold a hearing on the complaint on behalf of the board. After an assignment is made the hearing officer shall notify the parties of the time and place of the hearing, conduct the hearings in a fair and impartial manner, and following the hearing, issue a report to the board stating his findings of fact, his conclusions, and, if proper, his recommendations for a remedy. The board shall then consider the report of the hearing examiner and may adopt, modify, or reject the report. The board may base its decision on a review of the record made by the hearing examiner, or it may, if necessary, choose to rehear the matter in whole or in part before issuing its decision.

Subd. 5. If upon the preponderance of the testimony taken the board is of the opinion that any person named in the complaint has engaged in or is engaging in an unfair labor practice, then it shall state its findings of fact and shall issue and cause to be served on the person an order requiring him to cease and desist from the unfair labor practice, and to take affirmative action, including, but not limited to, reinstatement of employees with or without back pay, as will effectuate the policies of the public employment labor relations act. If upon the preponderance of the testimony taken the board is not of the opinion that the person named in the complaint has engaged in or is engaging in an unfair labor practice, then the board shall state its findings of fact and shall issue an order dismissing the complaint. The board may as part of its final order, in cases where it deems it appropriate, require a person found to have committed an unfair labor practice to reimburse the prevailing party for reasonable costs incurred in conjunction with the filing and hearing of the complaint.

Subd. 6. If, after 30 days following the issuance of its order, the board finds that the order has not been complied with, the board or the prevailing complainant may petition the district court of the county wherein the unfair labor practice was or is being committed for an injunction against further disobedience of its order. The injunction shall be granted unless the party against whom the board's order was directed can show that it has initiated appeals proceedings under subdivision 7, in which case, the injunction shall still be granted unless the court finds substantial reasons for denying the injunction.

Subd. 7. A party in interest may within 30 days of the issuance of an order have the order reviewed by the supreme court on certiorari upon the grounds provided in section 15.0425.

No objection that has not been urged before the board shall be considered by the court, unless the failure or neglect to urge the objection is excused because of extraordinary circumstances. The findings of the board with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. If either party applies to the court for leave to adduce additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to adduce the evidence in the hearings before the board, the court may order the evidence to be taken before the board and to be made a part of the record. The board may modify its findings as to the facts, or make new findings, by reason of additional evidence taken and filed. The board shall file the modified or new findings, which findings with respect to questions of fact if supported by substantial evidence on the record considered as a whole shall be conclusive. The board shall file its recommendations, if any, for the modification or setting aside of its original order. On review of any board order the supreme court may reverse, affirm, or modify the order and enter such judgment as it deems just and proper. Where necessary the supreme court may remand the cause to the board for a new hearing or for further proceedings with directions.

Subd. 8. Until the record in a case is filed in a court, as hereinafter provided, the board may at any time, upon reasonable notice and in a manner it deems proper, modify or set aside, in whole or in part, any findings or order made or issued by it.

If the parties are unable to agree on who shall strike the first name, the question shall be decided by the flip of a coin. In submitting names of arbitrators to the parties the board shall endeavor whenever possible to include names of persons from the general geographical area in which the public employer is located. The panel shall assume and have jurisdiction over the items of dispute certified to the board for which the panel was constituted. The panel's orders shall be issued upon a majority vote of members considering a given dispute. The members of the panel shall be paid their actual and necessary traveling and other expenses incurred in the performance of their duties plus a per diem allowance of \$180 for each day or part thereof while engaged in the consideration of a dispute. The commissioner of public welfare shall annually review the use of title XX money by each county and reallocate unused money among the other counties, except Hennepin, Ramsey and St. Louis counties, so as to raise them to their earnings in federal fiscal year 1979. Any federal title XX money unused after this reallocation shall be reallocated by the commissioner according to the formula in paragraphs (a), (b), and (c) so that all available federal money is used within the federal fiscal year.

[473.572] [REVISED FINAL DETERMINATION.] *Subdivision 1. Notwithstanding any final determination reached by the commission on or before December 1, 1978, pursuant to section 473.571, subdivision 6, the commission shall make a revised determination on a sports facility or sports facilities which facility or facilities (1) may be covered, (2) may include use of the existing or a remodeled metropolitan stadium for baseball, and (3) shall be located in Hennepin County. The decision shall be made within 30 days after the effective date of this act. In making its decision the commission may rely on data previously submitted and reviewed pursuant to section 473.571 and need not require new data even if modifications are made in an alternative previously considered. The commission shall give full consideration to the needs of the University of Minnesota when making its revised determination.*

Subd. 2. Except as provided in this section, the council shall make all determinations required by section 473.581, subdivision 3, before it authorizes the issuance of bonds.

Subd. 3. It is the intent of the legislature that the commission shall, to the maximum extent possible consistent with the provisions of section 473.581, subdivision 3, impose rates, rentals and other charges in the operation of the sports facility which will make the sports facility self supporting so that the taxes imposed under section 11 will be at the lowest possible rate consistent with the obligations of the political subdivision levying those taxes as provided in sections 473.551 to 473.595.

Sec. 2. Minnesota Statutes 1978, Section 473.553, Subdivision 2, is amended to read:

Subd. 2. [MEMBERSHIP.] The commission shall consist of six members, appointed by the governor *during the period before substantial completion of construction of sports facilities pursuant to sections 473.551 to 473.595 and thereafter as hereinafter provided*, plus a chairman appointed as provided in subdivision 3. Initial appointments of members shall be made within 30 days of May 17, 1977. One member shall be appointed from each of the following combinations of metropolitan commission precincts defined in section 473.141, subdivision 2: A and B; C and G; D and E; F and H. Two members shall be appointed from outside the metropolitan area. *Upon substantial completion of constructing of the sports facility, vacancies occurring on the commission, whether at the completion of or prior to the completion of a member's term, shall be filled by the city council of the city in which the stadium is located.*

Sec. 3. Minnesota Statutes 1978, Section 473.553, Subdivision 4, is amended to read:

Subd. 4. [QUALIFICATIONS.] Each member *appointed prior to substantial completion of construction of a sports facility constructed pursuant to sections 473.551 to 473.595* shall be a resident of the precincts or area of the state for which he is appointed and . *A member appointed at any time shall not during his term of office hold the office of metropolitan council member or be a member of another metropolitan commission or hold any judicial office or office of state government. Each member shall qualify by taking and subscribing the oath of office prescribed by the Minnesota Constitution, Article 5, Section 6. The oath, duly certified by the official administering it, shall be filed with the chairman of the metropolitan council.*

Sec. 4. Minnesota Statutes 1978, Section 473.556, Subdivision 4, is amended to read:

Subd. 4. [EXEMPTION OF PROPERTY.] Any real or personal property acquired, owned, leased, controlled, used, or occupied by the commission for any of the purposes of sections 473.551 to 473.595 is declared to be acquired, owned, leased, controlled, used and occupied for public, governmental, and municipal purposes, and shall be exempt from taxation by the state or any political subdivision of the state, provided that such properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of any such properties in any manner different from their use under sections 473.551 to 473.595 at the time shall be considered in determining the special benefit received by the properties. All assessments shall be subject to final confirmation by the council, whose determination of the benefits shall be conclusive upon the political subdivision levying the assessment. *The provisions of this subdivision, insofar as they require exemption or special treatment, shall not apply to any real property at the metropolitan sports area which is leased by the commission for development pursuant to subdivision 6.*

Sec. 5. Minnesota Statutes 1978, Section 473.556, Subdivision 6, is amended to read:

Subd. 6. [DISPOSITION OF PROPERTY.] The commission may sell or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property shall be sold in the manner provided by section 458.196, insofar as practical and consistent with sections 473.551 to 473.595. *Real property at the metropolitan sports area (not including the indoor public assembly facility and adjacent parking facilities) which is no longer needed for sports facilities shall be sold or leased for commercial or industrial development in accordance with the procedures in section 458.196 within two years to a private, for-profit entity, and thereafter the property shall be subject to all applicable taxes and assessments and all government laws, regulations and ordinances bearing on use and development as if the property were privately owned.* The proceeds from the sale of any real property at the metropolitan sports area shall be paid to the council and used for debt service.

Sec. 6. Minnesota Statutes 1978, Section 473.556, Subdivision 7, is amended to read:

Subd. 7. [CONTRACTS.] The commission may contract for materials, supplies, and equipment in accordance with sections 471.-345, except that the commission may employ persons, firms, or corporations to perform one or more or all of the functions of architect, engineer, construction manager, or contractor for both design and construction, with respect to all or any part of a project to build or remodel sports facilities. ~~Such employment~~ *Contractors shall be selected* through the process of public bidding, provided that it shall be permissible for the commission to narrow the listing of eligible bidders to those which the commission determines to possess sufficient expertise to perform the intended functions. ~~Any such person, firm, or corporation~~ *construction manager or contractor shall certify, before the contracts are finally signed, a construction price and completion date to the commission and shall post a bond in an amount at least equal to 100 percent of the certified price, to cover any costs which may be incurred over and above the certified price, including but not limited to costs incurred by the commission or loss of revenues resulting from incomplete construction on the completion date. The commission shall secure surety bonds as required in section 574.26, securing payment of just claims in connection with all public work undertaken by it. Persons entitled to the protection of the bonds may enforce them as provided in sections 574.28 to 574.32, and shall not be entitled to a lien on any property of the commission under the provisions of sections 514.01 to 514.16.*

Sec. 7. Minnesota Statutes 1978, Section 473.581, Subdivision 2, is amended to read:

Subd. 2. [PROCEDURE.] The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues, except as otherwise provided in sections 473.551 to 473.595, and the council shall have the same powers

and duties as a municipality and its governing body in issuing bonds under that chapter. The bonds may be sold at any price and at public or private sale as determined by the council. They shall be payable solely from tax and other revenues referred to in sections 473.551 to 473.595, shall not be a general obligation or debt of the council or of the commission, and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation, *provided that nothing herein shall affect the obligation of any political subdivision to levy a tax pursuant to an agreement made under the provisions of section 11.* No election shall be required. The principal amount shall not be limited except as provided in subdivision 3.

Sec. 8. Minnesota Statutes 1978, Section 473.581, Subdivision 3, as amended by Laws 1979, Chapter 26, Section 1, is amended to read:

Subd. 3. [LIMITATIONS.] The principal amount of the bonds issued pursuant to subdivision 1, clause (a), shall not exceed the amounts hereinafter authorized. If the commission's proposal and the construction contracts referred to in clause (g) of this subdivision provide for the construction of a covered multipurpose sports facility, *the total cost of constructing the facility under the construction contracts, not including costs paid from funds provided by others, and the principal amount of bonds issued pursuant to subdivision 1, clause (a), shall be limited to \$55,000,000.* If the commission's proposal and the construction contracts do not provide for the construction of a cover on a proposed multipurpose sports facility and the commission does not otherwise contract for the construction or acquisition of a cover for the sports facility, the principal amount shall be limited to \$42,000,000. ~~If the site for the facility is in the county of Anoka, no more than \$3,000,000 of additional bonds may be issued for land acquisition, clearance, relocation and legal costs referred to in clauses (d) and (e) of this subdivision in connection with the construction of a multi-purpose stadium.~~ If the commission's proposal and the construction contracts provide for the construction of a new sports facility for football and soccer and for remodeling the existing metropolitan stadium for baseball, the principal amount shall be limited to \$37,500,000. If the commission's proposal and the construction contracts provide for the reconstruction and remodeling of the existing metropolitan stadium as an uncovered multipurpose sports facility, the principal amount shall be limited to \$25,000,000. The bonds issued pursuant to subdivision 1, clause (a), shall bear an average annual rate of interest, including discount, not in excess of seven and one-half percent. The proceeds of the bonds issued pursuant to subdivision 1, clause (a), shall be used only for the acquisition and betterment of sports facilities suitable for baseball, football and soccer, with a seating capacity for football and soccer of approximately 65,000 persons. The council shall issue its bonds and construction of sports facilities may commence when the council has made the following determinations:

(a) The commission has executed agreements with major league professional baseball and football organizations to use its sports

facilities for all scheduled regular season home games and play-off home games and, in the case of the football organization, for at least one-half of its exhibition games played each season. The agreements shall be for a period of not more than 30 years nor less than the term of the longest term bonds that in the council's judgment it may find it necessary to issue to finance the acquisition and betterment of the commission's sports facilities. *The agreements may contain provisions negotiated between the organizations and the commission which provide for termination upon conditions related and limited to the bankruptcy, insolvency, or financial capability of the organization.* The agreements shall provide that, in the event of breach of the agreements, the defaulting organization shall pay damages annually to the commission. The annual payment shall be in an amount equal to the annual average of all revenue derived by the commission from attendance at events and activities of the defaulting organization during the years prior to default, provided that the damages shall not exceed in any year an amount sufficient, with other revenues of the commission *but excluding proceeds of the taxes under section 11*, to pay all expenses of operation, maintenance, administration, and debt service for the facilities used by the defaulting organization during the same year. The damages shall be payable during the period from the occurrence of the default to the date on which another major league professional baseball or football organization, replacing the defaulting organization, enters into a use agreement with the commission for not less than the then remaining term of the original agreement. The agreements with the teams shall provide that no closed circuit or pay television broadcasting of events in the sports facility may be allowed without the approval of the commission. The agreements shall include provisions protecting the commission and the council in the event of change in ownership of the professional teams.

(b) The commission has executed agreements with professional baseball and football major leagues which guarantee the continuance of franchises in the metropolitan area for the period of the agreements referred to in clause (a).

(c) The proceeds of bonds provided for in this subdivision will be sufficient, together with other capital funds that may be available to the commission, to construct or remodel and to furnish the sports facilities proposed by the commission, including the appropriate professional fees and charges but excluding, except as otherwise provided in this subdivision, the acquisition, clearance, relocation, and legal costs referred to in clauses (d) and (e).

(d) The commission has acquired, without cost to the commission or the council except as provided in this subdivision, title to all real property including all easements and other appurtenances needed for the construction and operation of any proposed sports facilities or has received a grant of funds or has entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required, to make any payment upon which the commission's

acquisition of title and possession of the real property is conditioned.

(e) The commission has received a grant of funds or entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required, to pay all costs, except as provided in this subdivision, of clearing the real property needed for the construction and operation of any proposed sports facilities of all buildings, railroad tracks and other structures, including without limitation all relocation costs, all utility relocation costs, and all legal costs.

(f) The commission has executed agreements with appropriate labor organizations and construction ~~contractor organizations~~ *contractors* which provide that no labor strike or management lockout will halt, delay or impede construction.

(g) The commission has executed ~~contracts~~ *agreements which will provide for the construction of its sports facilities for a certified construction price and completion date and which include performance bonds in an amount at least equal to 100 percent of the certified price to cover any costs which may be incurred over and above the certified price, including but not limited to costs incurred by the commission or loss of revenues resulting from incomplete construction on the completion date.*

(h) The environmental impact statement for the sports facility or facilities has been accepted by the environmental quality board, and the pollution control agency and any other department, agency, or unit of government have taken ~~final action to approve or deny any permits necessary for the actions necessary to permit the construction of the sports facility or facilities.~~

(i) At least 50 percent of the private boxes provided for in the *commission's proposal for the sports facility or facilities are sold or leased for at least five years.*

(j) The anticipated revenue from the operation of the sports facility or facilities plus any additional available revenue of the commission ~~and the revenue from the taxes under section 11 will be an amount sufficient to pay when due all debt service plus all operating and maintenance expenses, unless the proposed facility is a covered multipurpose sports facility, in which case the aforementioned revenues need only be an amount sufficient to pay when due all debt service plus a substantial portion of all administration, operating and maintenance expense.~~

(k) The commission has studied and considered the needs of the university of Minnesota for athletic facilities for a prospective 20 year period.

(l) *The municipality where the facility is to be constructed has entered into an agreement as contemplated in section 11.*

(m) *The commission has entered into an agreement or agreements with a purchaser or purchasers of tickets of admission for a period of not less than 20 years which will assure that, if the professional football organization cannot comply with the provi-*

sions of section 473.568, whenever more than 90 and less than 100 percent of the tickets of admission for seats at any professional football game, which were available for purchase by the general public 120 hours or more before the scheduled beginning time of the game either at the sports facility where the game is to be played or at the box office closest to the sports facility, have been purchased 72 hours or more before the beginning time of the game, then all of such tickets which remain unsold will be purchased in sufficient time to permit the telecast to areas within the state which otherwise would not receive the telecast because of the terms of an agreement in which the professional football league has sold or otherwise transferred all or part of the rights of the league's member organizations in the sponsored telecasting of games of the organizations. The party or parties agreeing to the purchase of such unsold tickets shall be obligated for a period of at least 20 years in an amount determined by the council to be sufficient to assure the purchase of all such unsold tickets. An agreement or agreements satisfying the requirements of this clause shall free the professional football organization from the prohibition otherwise imposed on it by section 473.568.

(n) The council has entered into an agreement with the brokerage firm or brokerage firms to be used in connection with the issuance and sale of the bonds guaranteeing that fees and charges payable to the brokerage firm or firms in connection therewith, including any underwriting discounts, shall not exceed fees and charges customarily payable in connection with the issuance and sale of bonds secured by the pledge of the full faith and credit of the municipality in which any new sports facility is to be located.

The validity of any bonds issued under subdivision 1, clause (a), and the obligations of the council and commission related thereto, shall not be conditioned upon or impaired by the council's determinations made pursuant to this subdivision. For purposes of issuing the bonds the determinations made by the council shall be deemed conclusive, and the council shall be and remain obligated for the security and payment of the bonds irrespective of determinations which may be erroneous, inaccurate, or otherwise mistaken.

Sec. 9. Minnesota Statutes 1978, Section 473.581, Subdivision 4, as amended by Laws 1979, Chapter 26, Section 1, is amended to read:

Subd. 4. [SECURITY.] To the extent and in the manner provided in section sections 11 and 473.595, the taxes described in section 11, the tax and other revenues of the commission described in section 473.595, and any other revenues of the commission shall be and remain pledged and appropriated for the payment of all necessary and reasonable expenses of the operation, administration, maintenance, and debt service of the commission's sports facilities until all bonds referred to in section 473.564, subdivision 2, and all bonds and certificates issued pursuant to this section are fully paid or discharged in accordance with law. The revenue bonds and

interest thereon referred to in section 473.564, subdivision 2, may be refunded, whether at a lower or a higher rate of interest, by the issuance of new bonds pursuant to subdivision 1, clause (b), for the purpose of pledging revenues of the metropolitan sports area for the payment and security of bonds issued hereunder, and the council may provide that a portion of the new bonds shall be payable solely from the interest earnings derived from the investment of the bond proceeds. Until these revenue bonds are fully paid or the council's obligation thereon is discharged in accordance with law they shall be deemed a first and prior charge on those revenues and shall be secured by all provisions of the revenue bond resolution and the ownership and operations agreement. Bonds issued pursuant to this section *and bonds referred to in section 473.564, subdivision 2*, may be secured by a bond resolution, or by a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the tax and other revenues pledged for the payment and security of the bonds. The pledge shall be a valid charge on the tax and other revenues referred to in sections 473.551 to 473.595 from the date when bonds are first issued *or secured* under the resolution or indenture and shall secure the payment of principal and interest and redemption premiums when due and the maintenance at all times of a reserve securing such payments. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in all tax and other revenues received and accounts receivable by the commission or council hereunder, as against the claims of all other persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof, and without possession or filing as provided in the uniform commercial code or any other law. In the bond resolution or trust indenture the council may make such covenants, which shall be binding upon the commission, as are determined to be usual and reasonably necessary for the protection of the bondholders. No pledge, mortgage, covenant, or agreement securing revenue bonds may be impaired, revoked, or amended by law or by action of the council or , commission, *or city*, except in accordance with the terms of the resolution or indenture under which the bonds are issued, until the obligations of the council thereunder are fully discharged.

Sec. 10. Minnesota Statutes 1978, Section 473.581, Subdivision 5, as amended by Laws 1979, Chapter 26, Section 1, is amended to read:

Subd. 5. [REVENUE ANTICIPATION CERTIFICATES.] At any time or times after approval by the council and final adoption by the commission of an annual budget of the commission for operation, administration, and maintenance of its sports facilities, and in anticipation of *the proceeds from the taxes under section 11 and the revenues of the commission provided for in the budget*, but subject to any limitation or prohibition in a bond resolution or indenture, the council may authorize the issuance, negotiation, and sale, in such form and manner and upon such terms as it may determine, of revenue anticipation certificates. The principal amount of the certificates outstanding shall at no time exceed 25

percent of the total amount of the tax and other revenues anticipated. The certificates shall mature not later than three months after the close of the budget year. Prior to the approval and final adoption of the first annual budget of the commission, the council may authorize up to \$300,000 in revenue anticipation certificates under this subdivision. So much of the anticipated tax and other revenues as may be needed for the payment of the certificates and interest thereon shall be paid into a special debt service fund established for the certificates in the council's financial records. If for any reason the anticipated tax and other revenues are insufficient, the certificates and interest shall be paid from the first tax and other revenues received, subject to any limitation or prohibition in a bond resolution or indenture. The proceeds of the certificates may be used for any purpose for which the anticipated revenues of the commission or taxes may be used or for any purpose for which bond proceeds under subdivision 1 may be used, provided that the proceeds of certificates issued after the first issuance of bonds under subdivision 1, clause (a) effective date of this act, shall not be used to pay capital costs of sports facilities constructed or remodeled pursuant to sections 473.551 to 473.595.

Sec. 11. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.592] [TAX REVENUES.] *Subdivision 1. [LOCAL SALES TAX.] Upon designation of a location for a sports facility pursuant to section 1, the municipality in which the facility is to be located may enter into an agreement with the metropolitan council and the commission which requires the municipality to impose a sales tax, supplemental to the general sales tax imposed in chapter 297A, for the purposes and in accordance with the requirements specified in sections 473.551 to 473.595. The tax may be imposed on the gross receipts from all retail on-sales of intoxicating liquor and fermented malt beverages when sold at licensed on-sale liquor establishments and municipal liquor stores located within the municipality, or on the gross receipts from the furnishing for consideration of lodging for a period of less than 30 days at a hotel, motel, rooming house, tourist court, or trailer camp located within the municipality, or on both. The agreement between the municipality, the metropolitan council, and the commission shall require the municipality to impose the tax or taxes at whatever rate or rates may be necessary to produce revenues which are determined by the council from year to year to be required, together with the revenues available to the commission, to pay when due all debt service on bonds and revenue anticipation certificates issued under section 473.581, all debt service on bonds referred to in section 473.564, subdivision 2, and all expenses of operation, administration, and maintenance of the sports facilities. The agreement shall provide for the suspension, reimposition, reduction, or increase in tax collections upon determination by the metropolitan council that such actions are appropriate or necessary for the purposes for which the tax is imposed, provided that the balance in the debt service fund or funds, including any reserve for debt service, shall be maintained at least at an amount sufficient to pay the principal and interest on bonds which will become due within the next succeeding one year period and, except as other-*

wise provided by agreement, shall not be maintained at an amount greater than that required to pay principal and interest on bonds which will become due within the next succeeding two year period. The agreement shall be executed by the city, after approval by resolution of the city council and before the issuance of the bonds under section 473.581 and commencement of construction, and shall constitute a contract with and for the security of all holders of the bonds and revenue anticipation certificates secured by the tax. A sports facility shall not be constructed or remodeled in a municipality which has not entered into an agreement in accordance with this section. The tax shall be reported and paid to the commissioner of revenue with and as part of the state sales and use taxes, and shall be subject to the same penalties, interest, and enforcement provisions. The collections of the tax, less refunds and a proportionate share of the costs of collection, shall be remitted at least quarterly to the metropolitan council. The commissioner of revenue shall deduct from the proceeds remitted to the council an amount that equals the indirect statewide costs as well as the direct and indirect department costs necessary to administer, audit, and collect this tax. The amount deducted shall be deposited in the general fund of the state. The proceeds remitted shall be placed, together with the net revenues of the commission under section 473.595, into debt service fund or reserve or special funds, established under section 473.581, and any funds established to secure payment of operating deficits of the commission. The proceeds may be used for payment of debt service on bonds and revenue anticipation certificates issued under section 473.581, debt service on bonds referred to in section 473.564, subdivision 2, and expenses of operation, administration, and maintenance of the sports facilities. The proceeds shall not be used for any capital costs of sports facilities constructed under sections 473.551 to 473.595, except that the proceeds may be used to pay interest on bonds during the construction period.

Subd. 2. [METROPOLITAN LIQUOR TAX.] All proceeds of the liquor tax collected by the council pursuant to the provisions of Minnesota Statutes 1978, Section 473.591, prior to August 1, 1979, not otherwise expended or applied as provided in chapter 473, together with any earnings derived from the investment of such revenues, may be used for any purpose for which the tax revenues under subdivision 1 may be used.

Sec. 12. Minnesota Statutes 1978, Section 473.595, Subdivision 1, is amended to read:

473.595 [COMMISSION FINANCES.] Subdivision 1. [ADMISSION TAX.] Effective January 1, 1978, the commission shall by resolution impose a three percent admission tax upon the granting, sale, or distribution, by any private or public person, association, or corporation, of the privilege of admission to activities; except for those activities sponsored by nonprofit organizations and conducted at the indoor public assembly facility at the metropolitan sports area known as the metropolitan sports center. Commencing with the operation of sports facilities constructed or remodeled by the commission pursuant to sections

473.551 to 473.595, the commission shall impose an additional seven percent admission tax upon activities conducted at such sports facilities. Effective January 1, 1978, no other tax, except the taxes imposed by chapter 297A, may be levied by any other unit of government upon any such sale or distribution. The admission tax shall be stated and charged separately from the sales price so far as practicable and shall be collected by the grantor, seller, or distributor from the person admitted and shall be a debt from that person to the grantor, seller, or distributor, and the tax required to be collected shall constitute a debt owed by the grantor, seller, or distributor to the commission, which shall be recoverable at law in the same manner as other debts. Every person granting, selling, or distributing tickets for such admissions may be required, as provided in resolutions of the commission, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay such penalties for nonpayment and interest on late payments, as shall be deemed necessary or expedient to assure the prompt and uniform collection of the tax.

Sec. 13. Minnesota Statutes 1978, Section 473.595, is amended by adding a subdivision to read:

Subd. 7. [SALE OF SEATS.] The commission may sell seats in any multipurpose sports facility constructed after June 30, 1979 at prices and subject to conditions consistent with this section. Ownership of a seat shall give the owner first preference for purchase of a season ticket of admission for professional sports exhibitions with a right to be seated in the owned seat. An owner may sell or otherwise transfer his rights on whatever terms he chooses. Rights to a seat may not be divided. No fee may be charged for a transfer of ownership of a seat. The commission may charge a maintenance fee not exceeding \$10 per year for each seat.

Sec. 14. [HIGHWAY USER TAX DISTRIBUTION FUND.] *So long as the tax imposed pursuant to article XIV, section 10, of the Minnesota Constitution is at or below the rate fixed by law on January 1, 1979, no money derived from the highway user tax distribution fund shall be used to construct, relocate, or improve any streets, highways, or other public thoroughfares, except ones included in the municipal state aid street system established pursuant to article XIV, section 4, if such work is done solely in order to provide or improve access to a new sports facility constructed pursuant to sections 473.551 to 473.595. The commissioner of transportation shall determine whether expenditures are in violation of this section.*

Sec. 15. *Pursuant to article VI, section 2 of the Minnesota constitution the supreme court shall have original jurisdiction of any action brought or maintained in which an issue is presented as to the validity of a provision of sections 1 to 14 of this act, and may hear and determine the issue as provided in title V of the rules of civil appellate procedure, after notice given as provided in rule 144.*

Sec. 16. *This act is effective the day following final enactment in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington."*

Further, strike the title and insert:

CONFERENCE COMMITTEE REPORT ON S. F. NO. 521

A bill for an act relating to the city of St. Cloud; authorizing sale of liquor at the Municipal Sports Complex.

May 18, 1979

The Honorable Edward J. Gearty
President of the Senate

The Honorable Rod Searle
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 521, report that we have agreed upon the items in dispute and recommend as follows:

Strike everything after the enacting clause and insert:

“Section 1. Notwithstanding any statute, ordinance, or charter to the contrary, the governing body of the city of St. Cloud may by ordinance authorize any holder of an on-sale intoxicating liquor license issued by the city to dispense intoxicating liquor at any convention, banquet, conference, meeting or social affair at the premises known and used as the Municipal Sports Complex. The licensee must be engaged to dispense intoxicating liquor at such an event held by a person or organization permitted to use space at the arena, and may dispense intoxicating liquor only to persons attending the event. The dispensing of intoxicating liquor shall be subject to all laws and ordinances governing the dispensing of intoxicating liquor as are not inconsistent herewith. Nothing in this act shall authorize the dispensing of intoxicating liquor to any person attending or participating in any amateur hockey game, or elementary or secondary school or college athletic event being held on the Sports Complex premises. This section is effective upon its approval by the governing body of the city of St. Cloud and compliance with Minnesota Statutes, Section 645.021.

Sec. 2. In addition to the number permitted by Minnesota Statutes, Section 340.11, Subdivision 5a, and notwithstanding any other law to the contrary, the city of Bloomington may issue two on-sale licenses for the sale of intoxicating liquor. This section is effective upon approval by the governing body of the city of Bloomington and compliance with Minnesota Statutes, Section 645.021.

Sec. 3. Minnesota Statutes 1978, Section 340.11, Subdivision 11b, is amended to read:

Subd. 11b. [ON-SALE LICENSES TO CERTAIN NON-PROFIT CORPORATIONS.] “On-sale” licenses for the sale of intoxicating liquor may, in the discretion of the municipality, be issued in any city of the first class to any nonprofit corporation which was organized prior to January 1, 1962 1972 to promote, stimulate, and support community education, appreciation and development of the theater and cultural arts through dramatic performances and other means and which has operated a repertory theater in the city since at least January 1, 1964 1972. Such licenses may be issued notwithstanding any limitations imposed by law, charter or ordinance relating to liquor patrol limits, zoning, or school or church distance limitations and such licenses shall be in excess of any limitations imposed by subdivision 6, or otherwise. All other laws, charter provisions, or ordinances relating to

the licensing and regulation of on-sale liquor establishments, including the granting, renewal, suspension or revocation of licenses shall apply. Any license issued pursuant to this subdivision shall authorize the sale of intoxicating liquor only to holders of tickets to dramatic performances presented by such nonprofit corporation and members of such nonprofit corporation and their guests.

Sec. 4. Minnesota Statutes 1978, Section 340.13, Subdivision 3, is amended to read:

Subd. 3. [LIMITATIONS ON A LICENSE ISSUED TO A PERSON OR PLACE; PENALTY.] No more than one *off-sale* intoxicating liquor license shall be directly or indirectly issued to any one person or for any one place in each municipality. It is a gross misdemeanor for any person, partnership, or corporation to knowingly have or possess a direct or indirect interest in more than one *off-sale* license in each municipality and upon conviction therefor the governing body of such municipality may immediately revoke all licenses in which such person, partnership or corporation has an interest. The term "interest" includes any pecuniary interest in the ownership, operation, management, or profits of a retail liquor establishment, but does not include: bona fide loans; bona fide rental agreements; bona fide open accounts or other obligations held with or without security arising out of the ordinary and regular course of business of selling or leasing merchandise, fixtures or supplies to such establishment; an interest in a corporation owning or operating a hotel but having at least 150 or more rental units holding a liquor license in conjunction therewith; or 10 percent or less interest in any other corporation holding a license. A person who receives moneys from time to time directly or indirectly from a licensee, in the absence of a bona fide consideration therefor and excluding bona fide gifts or donations, shall be deemed to have a pecuniary interest in such retail license. In determining "bona fides" the reasonable value of the goods or things received as consideration for any payment by the licensee and all other facts reasonably tending to prove or disprove the existence of any purposeful scheme or arrangement to evade the prohibitions of this subdivision shall be considered.

Sec. 5. Minnesota Statutes 1978, Section 340.13, Subdivision 7, is amended to read:

Subd. 7. [LICENSES IN CONNECTION WITH PREMISES OF ANOTHER.] No license shall be issued to any person in connection with the premises of another to whom no license could be issued under the provisions of the intoxicating liquor act; provided, that this provision shall not prevent the granting of a license to a proper lessee by reason of the fact that he shall lease premises of a minor, non-citizen, or a person who has been convicted of a crime other than a violation of the intoxicating liquor act. No more than one license shall be issued to any person in any municipality except as otherwise specifically provided for in the intoxicating liquor act.

Sec. 6. Minnesota Statutes 1978, Section 340.14, Subdivision 3, is amended to read:

Subd. 3. [SALES; WHERE FORBIDDEN.] No intoxicating liquors shall be sold in any of the following places:

(1) Within the capitol or upon the grounds thereof;

(2) Upon the state fairgrounds or at any place in a city of the first class within one-half mile of such fairgrounds except as hereinafter otherwise provided by charter;

(3) Upon the campus of the school *institute* of agriculture of the University of Minnesota or at any place in a city of the first class within one-half mile of such campus except as hereinafter otherwise provided by charter. *The city may issue one on-sale wine license to a vendor in the territory described in this clause that is not also included in the territory described in clause (2). The license is in addition to any others permitted in the city by other law or charter;*

(4) Within 1,000 feet of any state hospital, training school, reformatory, prison, or other institution under the supervision and control, in whole or in part, of the commissioner of public welfare or the commissioner of corrections. Whoever sells or otherwise disposes of intoxicating liquor at retail at a place prohibited by this clause is guilty of a gross misdemeanor;

(5) In any town or municipality in which a majority of votes at the last election at which the question of license was voted upon shall not have been in favor of license, or within one-half mile of any such municipality, except that any intoxicating liquor, manufactured within any such district, may be sold to be consumed outside of such district;

(6) At any place on the east side of the Mississippi river within one-tenth mile of the main building of the University of Minnesota unless the licensed establishment is on property owned or operated by a nonprofit corporation organized prior to January 1, 1940 for and by former students of the University of Minnesota; a license may be issued under this clause notwithstanding any local law to the contrary;

(7) Within 1,500 feet of any state university, except as hereinafter provided, or, when the place of sale is not within a municipality, within 1,500 feet of any public school outside of a municipality; within 1,200 feet at Winona state university, and at Southwest state university and in determining the distance, the measurement shall be along the most direct line from the nearest corner of the administration building of the university to the main entrance of the licensed premises; as to Mankato state university in the city of Mankato when the place of sale is within 1,500 feet as measured from the front door of the student union of the Highland campus;

(8) At more than five places on any one side of a block within and fronting upon the patrol limits of cities of the first class;

(9) The restrictions imposed by this subdivision shall not apply to any manufacturer or wholesaler of intoxicating liquors or to a

drug store or to any person lawfully licensed to sell intoxicating liquor immediately prior to the enactment of this subdivision.

Sec. 7. Section 6 is effective the day following final enactment."

Further, strike the title and insert:

"A bill for an act relating to liquor; providing for licenses in various cities; limiting licenses allowed to be issued to persons and places; amending Minnesota Statutes 1978, Sections 340.11, Subdivision 11b; 340.13, Subdivisions 3 and 7; and 340.14, Subdivision 3."

We, the undersigned conferees for S. F. No. 186, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and S. F. No. 186 be further amended as follows:

“Section 1. Minnesota Statutes 1978, Chapter 299B, is amended by adding a section to read:

[299B.17] [LIMITING COMMERCIAL EXPLOITATION OF CRIMES; PAYMENT OF VICTIMS.] *Subdivision 1. For purposes of this section “crime” means an offense which is a felony under the Laws of Minnesota.*

Subd. 2. A legal entity that contracts with an individual person or the representative or assignee of a person who has been convicted of a crime in this state, or found not guilty by reason of insanity, regarding (a) the reenactment of the crime, by way of a movie, book, newspaper or magazine article, radio or television presentation, or live or recorded entertainment of any kind, or (b) the expression of the person's thoughts, feelings, opinions or emotions about the crime, shall notify the crime victims reparations board of the existence of the contract and pay over to the crime victims reparations board any moneys owed to that person or his representatives by virtue of the contract. If the crime occurred in this state, the proportion payable is one hundred percent. If the crime occurred in another jurisdiction having a law applicable to the case which is substantially similar to this section, the proportion payable is zero and this section does not apply. In all other cases, the proportion payable is that which fairly can be allocated to commerce in this state. This section does not apply to crimes occurring outside the United States. The board shall deposit the moneys pursuant to subdivision 7 and assign the amount received in each case for the benefit of any victim of crimes committed by the person. The moneys shall be paid by the board to any victim or the legal representative of a victim if (1) the person is convicted of the crime or found not guilty by reason of insanity, and (2) the claimant, within five years of the date of payment to the board in the case, brings a civil action in a court of competent jurisdiction and recovers a money judgment for damages against the per-

Notwithstanding any provision of law for the timely bringing of an action, an action may be brought pursuant to this section within a five year period which begins to run on the date payment is made to the board in a case; provided that once the person has been discharged from his sentence by court order or upon expiration of sentence, this section shall not apply.

Subd. 3. When the board receives a payment pursuant to this section, it shall attempt to notify any known victims of the crime and shall publish a notice of that fact in a newspaper having general circulation in the county where the crime was committed. The expenses of notification shall be paid from the amount received for that case.

Subd. 4. When the board has made payments to or on behalf of a crime victim pursuant to sections 299B.01 to 299B.16, to the extent of payment made, it is subrogated to any claim or judgment of the victim or his representative against the offender.

Subd. 5. Upon a showing by that person convicted of a crime or found not guilty by reason of insanity, or his representative, that five years have elapsed from the date of payment to the board in the case, and further that no actions are pending against him pursuant to this section, the board shall immediately pay over to him any moneys in the account related to the case.

Subd. 6. Notwithstanding any other provision of this section, the board shall make payments to a person convicted of crime or found not guilty by reason of insanity from the account of amounts received with reference to that person upon the order of a court of competent jurisdiction after a showing by that person that the moneys shall be used for the reasonable costs of defense in the appeal of his criminal conviction or in civil proceedings pursuant to this section.

Subd. 7. All moneys received by the board pursuant to this section shall be deposited in the state treasury, credited to a special account, and are appropriated to the board for the purposes of this section. Money in the special account may be invested pursuant to section 11.10. When so invested, any interest or profit shall accrue to, and any loss be borne by, the special account. The board shall allocate money in the special account to each case pursuant to this section.

Subd. 8. Any action taken, whether by way of execution of a power of attorney, creation of corporate or trust entities or otherwise, to defeat the purpose of this section shall be null and void as against the public policy of this state.

Sec. 2. [EFFECTIVE DATE.] *This act is effective the day after final enactment and applies to contracts entered into after that date.*"

The board shall make its final decision by a majority vote of the entire membership of the board. No construction shall commence on any action which was the subject of such a petition until after the time for filing a request pursuant to this section has expired or, if a request has been filed within that time, until the board makes a final decision as provided in this section.*

This appropriation contains sufficient money to ensure that no community action program receives a reduction in funding as a result of implementation of a revised formula for distribution of money to community action agencies.

If the anticipated reduction in federal funding for the work equity program, comprehensive services for independent living, and statewide economic opportunity does not occur, the additional state appropriations shall cancel in a direct relationship.

[473.572] [REVISED FINAL DETERMINATION.] *Subdivision 1. Notwithstanding any final determination reached by the commission on or before December 1, 1978, pursuant to section 473.571, subdivision 6, the commission shall make a revised determination on a sports facility or sports facilities which facility*

or facilities (1) may be covered, (2) may include use of the existing or a remodeled metropolitan stadium for baseball, and (3) shall be located in Hennepin County. The decision shall be made within 30 days after the effective date of this act. In making its decision the commission may rely on data previously submitted and reviewed pursuant to section 473.571 and need not require new data even if modifications are made in an alternative previously considered. The commission shall give full consideration to the needs of the University of Minnesota when making its revised determination.

Subd. 2. Except as provided in this section, the council shall make all determinations required by section 473.581, subdivision 3, before it authorizes the issuance of bonds.

Subd. 3. It is the intent of the legislature that the commission shall, to the maximum extent possible consistent with the provisions of section 473.581, subdivision 3, impose rates, rentals and other charges in the operation of the sports facility which will make the sports facility self supporting so that the taxes imposed under section 11 will be at the lowest possible rate consistent with the obligations of the political subdivision levying those taxes as provided in sections 473.551 to 473.595.

Sec. 2. Minnesota Statutes 1978, Section 473.553, Subdivision 2, is amended to read:

[MEMBERSHIP.] The commission shall consist of six members, appointed by the governor during the period before substantial completion of construction of sports facilities pursuant to sections 473.551 to 473.595 and thereafter as hereinafter provided, plus a chairman appointed as provided in subdivision 3. Initial appointments of members shall be made within 30 days of May 17, 1977. One member shall be appointed from each of the following combinations of metropolitan commission precincts defined in section 473.141, subdivision 2: A and B; C and G; D and E; F and H. Two members shall be appointed from outside the metropolitan area. Upon substantial completion of construction of the sports facility, vacancies occurring on the commission, whether at the completion of or prior to the completion of a member's term, shall be filled by the city council of the city in which the stadium is located.

Sec. 3. Minnesota Statutes 1978, Section 473.553, Subdivision 4, is amended to read:

Subd. 4. [QUALIFICATIONS.] Each member appointed prior to substantial completion of construction of a sports facility constructed pursuant to sections 473.551 to 473.595 shall be a resident of the precincts or area of the state for which he is appointed and . A member appointed at any time shall not during his term of office hold the office of metropolitan council member or be a member of another metropolitan commission or hold any judicial office or office of state government. Each member shall qualify by taking and subscribing the oath of office prescribed by the Minnesota Constitution, Article 5, Section 6. The oath, duly certified by the official

administering it, shall be filed with the chairman of the metropolitan council.

Sec. 4. Minnesota Statutes 1978, Section 473.556, Subdivision 4, is amended to read:

Subd. 4. [EXEMPTION OF PROPERTY.] Any real or personal property acquired, owned, leased, controlled, used, or occupied by the commission for any of the purposes of sections 473.551 to 473.595 is declared to be acquired, owned, leased, controlled, used and occupied for public, governmental, and municipal purposes, and shall be exempt from taxation by the state or any political subdivision of the state, provided that such properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of any such properties in any manner different from their use under sections 473.551 to 473.595 at the time shall be considered in determining the special benefit received by the properties. All assessments shall be subject to final confirmation by the council, whose determination of the benefits shall be conclusive upon the political subdivision levying the assessment. *The provisions of this subdivision, insofar as they require exemption or special treatment, shall not apply to any real property at the metropolitan sports area which is leased by the commission for development pursuant to subdivision 6.*

Sec. 5. Minnesota Statutes 1978, Section 473.556, Subdivision 6, is amended to read:

The property shall be sold in the manner provided by section 458.196, insofar as practical and consistent with sections 473.551 to 473.595. *Real property at the metropolitan sports area (not including the indoor public assembly facility and adjacent parking facilities) which is no longer needed for sports facilities shall be sold or leased for commercial or industrial development in accordance with the procedures in section 458.196 within two years to a private, for-profit entity, and thereafter the property shall be subject to all applicable taxes and assessments and all government laws, regulations and ordinances bearing on use and development as if the property were privately owned.* The proceeds from the sale of any real property at the metropolitan sports area shall be paid to the council and used for debt service.

Sec. 6. Minnesota Statutes 1978, Section 473.556, Subdivision 7, is amended to read:

Subd. 7. [CONTRACTS.] The commission may contract for materials, supplies, and equipment in accordance with section 471.345, except that the commission may employ persons, firms, or corporations to perform one or more or all of the functions of architect, engineer, construction manager, or contractor for both

design and construction, with respect to all or any part of a project to build or remodel sports facilities. ~~Such employment~~ *Contractors shall be selected through the process of public bidding, provided that it shall be permissible for the commission to narrow the listing of eligible bidders to those which the commission determines to possess sufficient expertise to perform the intended functions. Any such person, firm, or corporation construction manager or contractor shall certify, before the contracts are finally signed, a construction price and completion date to the commission and shall post a bond in an amount at least equal to 100 percent of the certified price, to cover any costs which may be incurred over and above the certified price, including but not limited to costs incurred by the commission or loss of revenues resulting from incomplete construction on the completion date. The commission shall secure surety bonds as required in section 574.26, securing payment of just claims in connection with all public work undertaken by it. Persons entitled to the protection of the bonds may enforce them as provided in sections 574.28 to 574.32, and shall not be entitled to a lien on any property of the commission under the provisions of sections 514.01 to 514.16.*

Sec. 7. Minnesota Statutes 1978, Section 473.581, Subdivision 2, is amended to read:

Subd. 2. [PROCEDURE.] The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues, except as otherwise provided in sections 473.551 to 473.595, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. The bonds may be sold at any price and at public or private sale as determined by the council. They shall be payable solely from tax and other revenues referred to in sections 473.551 to 473.595, shall not be a general obligation or debt of the council or of the commission, and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation, *provided that nothing herein shall affect the obligation of any political subdivision to levy a tax pursuant to an agreement made under the provisions of section 11.* No election shall be required. The principal amount shall not be limited except as provided in subdivision 3.

Sec. 8. Minnesota Statutes 1978, Section 473.581, Subdivision 3, as amended by Laws 1979, Chapter 26, Section 1, is amended to read:

Subd. 3. [LIMITATIONS.] The principal amount of the bonds issued pursuant to subdivision 1, clause (a), shall not exceed the amounts hereinafter authorized. If the commission's proposal and the construction contracts referred to in clause (g) of this subdivision provide for the construction of a covered multipurpose sports facility, *the total cost of constructing the facility under the construction contracts, not including costs paid from funds provided by others, and the principal amount of bonds issued pursuant to subdivision 1, clause (a), shall be limited to \$55,000,000.* If the commission's proposal and the construction contracts do not provide for the construction of a cover on a proposed multipurpose

sports facility and the commission does not otherwise contract for the construction or acquisition of a cover for the sports facility, the principal amount shall be limited to \$42,000,000. If the site for the facility is in the county of Anoka, no more than \$3,000,000 of additional bonds may be issued for land acquisition, clearance, relocation and legal costs referred to in clauses (d) and (e) of this subdivision in connection with the construction of a multi-purpose stadium. If the commission's proposal and the construction contracts provide for the construction of a new sports facility for football and soccer and for remodeling the existing metropolitan stadium for baseball, the principal amount shall be limited to \$37,500,000. If the commission's proposal and the construction contracts provide for the reconstruction and remodeling of the existing metropolitan stadium as an uncovered multipurpose sports facility, the principal amount shall be limited to \$25,000,000. The bonds issued pursuant to subdivision 1, clause (a), shall bear an average annual rate of interest, including discount, not in excess of seven and one-half percent. The proceeds of the bonds issued pursuant to subdivision 1, clause (a), shall be used only for the acquisition and betterment of sports facilities suitable for baseball, football and soccer, with a seating capacity for football and soccer of approximately 65,000 persons. The council shall issue its bonds and construction of sports facilities may commence when the council has made the following determinations:

(a) The commission has executed agreements with major league professional baseball and football organizations to use its sports facilities for all scheduled regular season home games and play-off home games and, in the case of the football organization, for at least one-half of its exhibition games played each season. The agreements shall be for a period of not more than 30 years nor less than the term of the longest term bonds that in the council's judgment it may find it necessary to issue to finance the acquisition and betterment of the commission's sports facilities. *The agreements may contain provisions negotiated between the organizations and the commission which provide for termination upon conditions related and limited to the bankruptcy, insolvency, or financial capability of the organization.* The agreements shall provide that, in the event of breach of the agreements, the defaulting organization shall pay damages annually to the commission. The annual payment shall be in an amount equal to the annual average of all revenue derived by the commission from attendance at events and activities of the defaulting organization during the years prior to default, provided that the damages shall not exceed in any year an amount sufficient, with other revenues of the commission *but excluding proceeds of the taxes under section 11*, to pay all expenses of operation, maintenance, administration, and debt service for the facilities used by the defaulting organization during the same year. The damages shall be payable during the period from the occurrence of the default to the date on which another major league professional baseball or football organization, replacing the defaulting organization, enters into a use agreement with the com-

mission for not less than the then remaining term of the original agreement. The agreements with the teams shall provide that no closed circuit or pay television broadcasting of events in the sports facility may be allowed without the approval of the commission. The agreements shall include provisions protecting the commission and the council in the event of change in ownership of the professional teams.

(b) The commission has executed agreements with professional baseball and football major leagues which guarantee the continuance of franchises in the metropolitan area for the period of the agreements referred to in clause (a).

(c) The proceeds of bonds provided for in this subdivision will be sufficient, together with other capital funds that may be available to the commission, to construct or remodel and to furnish the sports facilities proposed by the commission, including the appropriate professional fees and charges but excluding, except as otherwise provided in this subdivision, the acquisition, clearance, relocation, and legal costs referred to in clauses (d) and (e).

(d) The commission has acquired, without cost to the commission or the council except as provided in this subdivision, title to all real property including all easements and other appurtenances needed for the construction and operation of any proposed sports facilities or has received a grant of funds or has entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required, to make any payment upon which the commission's acquisition of title and possession of the real property is conditioned.

(e) The commission has received a grant of funds or entered into an agreement or agreements sufficient in the judgment of the council to assure the receipt of funds, at the time and in the amount required, to pay all costs, except as provided in this subdivision, of clearing the real property needed for the construction and operation of any proposed sports facilities of all buildings, railroad tracks and other structures, including without limitation all relocation costs, all utility relocation costs, and all legal costs.

(f) The commission has executed agreements with appropriate labor organizations and construction ~~contractor organizations~~ *contractors* which provide that no labor strike or management lockout will halt, delay or impede construction.

(g) The commission has executed ~~contracts~~ *agreements which will provide* for the construction of its sports facilities *for a certified construction price and completion date and which include performance bonds in an amount at least equal to 100 percent of the certified price to cover any costs which may be incurred over and above the certified price, including but not limited to costs incurred by the commission or loss of revenues resulting from incomplete construction on the completion date.*

(h) The environmental impact statement for the sports facility or facilities has been accepted by the environmental quality board, and the pollution control agency and any other department, agency, or unit of government have taken ~~final action to approve or deny~~

any permits necessary for the actions necessary to permit the construction of the sports facility or facilities.

(i) At least 50 percent of the private boxes provided for in the commission's proposal for the sports facility or facilities are sold or leased for at least five years.

(j) The anticipated revenue from the operation of the sports facility or facilities plus any additional available revenue of the commission and the revenue from the taxes under section 11 will be an amount sufficient to pay when due all debt service plus all operating and maintenance expenses, unless the proposed facility is a covered multipurpose sports facility, in which case the aforementioned revenues need only be an amount sufficient to pay when due all debt service plus a substantial portion of all administration, operating and maintenance expense.

(k) The commission has studied and considered the needs of the university of Minnesota for athletic facilities for a prospective 20 year period.

(l) The municipality where the facility is to be constructed has entered into an agreement as contemplated in section 11.

(m) The commission has entered into an agreement or agreements with a purchaser or purchasers of tickets of admission for a period of not less than 20 years which will assure that, if the professional football organization cannot comply with the provisions of section 473.568, whenever more than 90 and less than 100 percent of the tickets of admission for seats at any professional football game, which were available for purchase by the general public 120 hours or more before the scheduled beginning time of the game either at the sports facility where the game is to be placed or at the box office closest to the sports facility, have been purchased 72 hours or more before the beginning time of the game, then all of such tickets which remain unsold will be purchased in sufficient time to permit the telecast to areas within the state which otherwise would not receive the telecast because of the terms of an agreement in which the professional football league has sold or otherwise transferred all or part of the rights of the league's member organizations in the sponsored telecasting of games of the organizations. The party or parties agreeing to the purchase of such unsold tickets shall be obligated for a period of at least 20 years in an amount determined by the council to be sufficient to assure the purchase of all such unsold tickets. An agreement or agreements satisfying the requirements of this clause shall free the professional football organization from the prohibition otherwise imposed on it by section 473.568.

(n) The council has entered into an agreement with the brokerage firm or brokerage firms to be used in connection with the issuance and sale of the bonds guaranteeing that fees and charges payable to the brokerage firm or firms in connection therewith, including any underwriting discounts, shall not exceed fees and charges customarily payable in connection with the issuance and sale of bonds secured by the pledge of the full faith and credit of the municipality in which any new sports facility is to be located.

The validity of any bonds issued under subdivision 1, clause (a), and the obligations of the council and commission related thereto, shall not be conditioned upon or impaired by the council's determinations made pursuant to this subdivision. For purposes of issuing the bonds the determinations made by the council shall be deemed conclusive, and the council shall be and remain obligated for the security and payment of the bonds irrespective of determinations which may be erroneous, inaccurate, or otherwise mistaken.

Sec. 9. Minnesota Statutes 1978, Session 473.581, Subdivision 4, as amended by Laws 1979, Chapter 26, Section 1, is amended to read:

Subd. 4. [SECURITY.] To the extent and in the manner provided in ~~section sections 11 and 473.595, the taxes described in section 11, the tax and other revenues of the commission described in section 473.595, and any other revenues of the commission shall be and remain pledged and appropriated for the payment of all necessary and reasonable expenses of the operation, administration, maintenance, and debt service of the commission's sports facilities until all bonds referred to in section 473.564, subdivision 2, and all bonds and certificates issued pursuant to this section are fully paid or discharged in accordance with law. The revenue bonds and interest thereon referred to in section 473.564, subdivision 2, may be refunded, whether at a lower or a higher rate of interest, by the issuance of new bonds pursuant to subdivision 1, clause (b), for the purpose of pledging revenues of the metropolitan sports area for the payment and security of bonds issued hereunder, and the council may provide that a portion of the new bonds shall be payable solely from the interest earnings derived from the investment of the bond proceeds. Until these revenue bonds are fully paid or the council's obligation thereon is discharged in accordance with law they shall be deemed a first and prior charge on those revenues and shall be secured by all provisions of the revenue bond resolution and the ownership and operations agreement. Bonds issued pursuant to this section and bonds referred to in section 473.564, subdivision 2, may be secured by a bond resolution, or by a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the tax and other revenues pledged for the payment and security of the bonds. The pledge shall be a valid charge on the tax and other revenues referred to in sections 473.551 to 473.595 from the date when bonds are first issued or secured under the resolution or indenture and shall secure the payment of principal and interest and redemption premiums when due and the maintenance at all times of a reserve securing such payments. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in all tax and other revenues received and accounts receivable by the commission or council hereunder, as against the claims of all other persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof, and without possession or filing as provided in the uniform commer-~~

cial code or any other law. In the bond resolution or trust indenture the council may make such covenants, which shall be binding upon the commission, as are determined to be usual and reasonably necessary for the protection of the bondholders. Subd. 5. [REVENUE ANTICIPATION CERTIFICATES.] At any time or times after approval by the council and final adoption by the commission of an annual budget of the commission for operation, administration, and maintenance of its sports facilities, and in anticipation of *the proceeds from the taxes under section 11 and the revenues of the commission provided for in the budget*, but subject to any limitation or prohibition in a bond resolution or indenture, the council may authorize the issuance, negotiation, and sale, in such form and manner and upon such terms as it may determine, of revenue anticipation certificates. The principal amount of the certificates outstanding shall at no time exceed 25 percent of the total amount of the tax and other revenues anticipated. The certificates shall mature not later than three months after the close of the budget year. Prior to the approval and final adoption of the first annual budget of the commission, the council may authorize up to \$300,000 in revenue anticipation certificates under this subdivision. So much of the anticipated tax and other revenues as may be needed for the payment of the certificates and interest thereon shall be paid into a special debt service fund established for the certificates in the council's financial records. If for any reason the anticipated tax and other revenues are insufficient, the certificates and interest shall be paid from the first tax and other revenues received, subject to any limitation or prohibition in a bond resolution or indenture. The proceeds of the certificates may be used for any purpose for which the anticipated revenues ~~of the commission or taxes~~ may be used or for any purpose for which bond proceeds under subdivision 1 may be used, provided that the proceeds of certificates issued after the ~~first issuance of bonds under subdivision 1, clause (a)~~ effective date of this act, shall not be used to pay capital costs of sports facilities constructed or remodeled pursuant to sections 473.551 to 473.595.

Sec. 11. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.592] [TAX REVENUES.] *Subdivision 1. [LOCAL SALES TAX.] Upon designation of a location for a sports facility pursuant to section 1, the municipality in which the facility is to be located may enter into an agreement with the metropolitan council and the commission which requires the municipality to impose a sales tax, supplemental to the general sales tax imposed in chap-*

ter 297A, for the purposes and in accordance with the requirements specified in sections 473.551 to 473.595. The tax may be imposed on the gross receipts from all retail on-sales of intoxicating liquor and fermented malt beverages when sold at licensed on-sale liquor establishments and municipal liquor stores located within the municipality, or on the gross receipts from the furnishing for consideration of lodging for a period of less than 30 days at a hotel, motel, rooming house, tourist court, or trailer camp located within the municipality, or on both. The agreement between the municipality, the metropolitan council, and the commission shall require the municipality to impose the tax or taxes at whatever rate or rates may be necessary to produce revenues which are determined by the council from year to year to be required, together with the revenues available to the commission, to pay when due all debt service on bonds and revenue anticipation certificates issued under section 473.581, all debt service on bonds referred to in section 473.564, subdivision 2, and all expenses of operation, administration, and maintenance of the sports facilities. The agreement shall provide for the suspension, reimposition, reduction, or increase in tax collections upon determination by the metropolitan council that such actions are appropriate or necessary for the purposes for which the tax is imposed, provided that the balance in the debt service fund or funds, including any reserve for debt service, shall be maintained at least at an amount sufficient to pay the principal and interest on bonds which will become due within the next succeeding one year period and, except as otherwise provided by agreement, shall not be maintained at an amount greater than that required to pay principal and interest on bonds which will become due within the next succeeding two year period. The agreement shall be executed by the city, after approval by resolution of the city council and before the issuance of the bonds under section 473.581 and commencement of construction, and shall constitute a contract with and for the security of all holders of the bonds and revenue anticipation certificates secured by the tax. A sports facility shall not be constructed or remodeled in a municipality which has not entered into an agreement in accordance with this section. The tax shall be reported and paid to the commissioner of revenue with and as part of the state sales and use taxes, and shall be subject to the same penalties, interest, and enforcement provisions. The collections of the tax, less refunds and a proportionate share of the costs of collection, shall be remitted at least quarterly to the metropolitan council. The commissioner of revenue shall deduct from the proceeds remitted to the council an amount that equals the indirect statewide costs as well as the direct and indirect department costs necessary to administer, audit, and collect this tax. The amount deducted shall be deposited in the general fund of the state. The proceeds remitted shall be placed, together with the net revenues of the commission under section 473.595, into the debt service fund or reserve or special funds, established under section 473.581, and any funds established to secure payment of operating deficits of the commission. The proceeds may be used for payment of debt service on bonds and revenue anticipation certificates issued under section

473.581, debt service on bonds referred to in section 473.564, subdivision 2, and expenses of operation, administration, and maintenance of the sports facilities. The proceeds shall not be used for any capital costs of sports facilities constructed under sections 473.551 to 473.595, except that the proceeds may be used to pay interest on bonds during the construction period.

Subd. 2. [METROPOLITAN LIQUOR TAX.] All proceeds of the liquor tax collected by the council pursuant to the provisions of Minnesota Statutes 1978, Section 473.591, prior to August 1, 1979, not otherwise expended or applied as provided in chapter 473, together with any earnings derived from the investment of such revenues, may be used for any purpose for which the tax revenues under subdivision 1 may be used.

473.595 [COMMISSION FINANCES.] Subdivision 1. [ADMISSION TAX.] Effective January 1, 1978, the commission shall by resolution impose a three percent admission tax upon the granting, sale, or distribution, by any private or public person, association, or corporation, of the privilege of admission to activities; except for those activities sponsored by nonprofit organizations and conducted at the indoor public assembly facility at the metropolitan sports area known as the metropolitan sports center. Commencing with the operation of sports facilities constructed or remodeled by the commission pursuant to sections 473.551 to 473.595, the commission shall impose an additional seven percent admission tax upon activities conducted at such sports facilities. Effective January 1, 1978, no other tax, except the taxes imposed by chapter 297A, may be levied by any other unit of government upon any such sale or distribution. The admission tax shall be stated and charged separately from the sales price so far as practicable and shall be collected by the grantor, seller, or distributor from the person admitted and shall be a debt from that person to the grantor, seller, or distributor, and the tax required to be collected shall constitute a debt owed by the grantor, seller, or distributor to the commission, which shall be recoverable at law in the same manner as other debts. Every person granting, selling, or distributing tickets for such admissions may be required, as provided in resolutions of the commission, to secure a permit, to file returns, to deposit security for the payment of the tax, and to pay such penalties for nonpayment and interest on late payments, as shall be deemed necessary or expedient to assure the prompt and uniform collection of the tax.

Subd. 7. [SALE OF SEATS.] The commission may sell seats in any multipurpose sports facility constructed after June 30, 1979 at prices and subject to conditions consistent with this section. Ownership of a seat shall give the owner first preference for purchase of a season ticket of admission for professional sports exhibitions with a right to be seated in the owned seat. An

owner may sell or otherwise transfer his rights on whatever terms he chooses. Rights to a seat may not be divided. No fee may be charged for a transfer of ownership of a seat. The commission may charge a maintenance fee not exceeding \$10 per year for each seat.

Sec. 14. [HIGHWAY USER TAX DISTRIBUTION FUND.]
So long as the tax imposed pursuant to article XIV, section 10, of the Minnesota Constitution is at or below the rate fixed by law on January 1, 1979, no money derived from the highway user tax distribution fund shall be used to construct, relocate, or improve any streets, highways, or other public thoroughfares, except ones included in the municipal state aid street system established pursuant to article XIV, section 4, if such work is done in order to provide or improve access to a new sports facility constructed pursuant to sections 473.551 to 473.595. The commissioner of transportation shall determine whether expenditures are in violation of this section.

Sec. 15. *Pursuant to article VI, section 2 of the Minnesota Constitution the supreme court shall have original jurisdiction of any action brought or maintained in which an issue is presented as to the validity of a provision of sections 1 to 14 of this act, and may hear and determine the issue as provided in title V of the rules of civil appellate procedure, after notice given as provided in rule 144.*

Sec. 16. *This act is effective the day following final enactment in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington."*

If the commission approves of an agreement or award, it shall cause the matter to be submitted to the legislature to be accepted or rejected pursuant to section 179.74. Failure of the commission to disapprove of affected portions of an agreement or award within 30 days of its receipt shall

be deemed approval. Approval or disapproval by the commission shall not be binding on the entire legislature.

Subd. 3. [OTHER DUTIES.] In addition to the duties specified in subdivision 2, the commission shall perform the following:

(a) Continually monitor the state's civil service system, Chapter 43, and collective bargaining process, Sections 179.61 to 179.76, as applied to state employees;

(b) Research and analyze the need for improvements in those statutory sections; and

(c) Perform such other related functions as are delegated to it by the legislature.

Sec. 4. [REDUCTION OF STATE LABOR FORCE.] Subdivision 1. **[PLAN PREPARATION.]** The commissioner of finance shall submit to the chairmen of the senate finance and house appropriations committees, and the legislative commission on employee relations by October 1, 1980, a plan for reducing the number of state funded positions pursuant to sections 3 to 7 during the 1981-1983 biennium. The plan shall include (1) a description of the number and types of reductions in positions, (2) an analysis of how the reductions coordinate with departmental long range program plans, and (3) an analysis of the ratio of supervisory to non-supervisory employees in the agency.

The commissioner of finance shall, in consultation with the commissioner of personnel, prescribe procedures by which each state agency shall submit to the commissioner of finance the information necessary for him to comply with sections 3 to 7. The position reduction program shall be integrated to the extent possible with the program budgeting system and the evaluation of program functions conducted as part of the budgeting process.

Subd. 2. [PLAN APPROVAL.] Notwithstanding the provisions of sections 5 to 7, the plan prepared pursuant to subdivision 1 shall not be implemented until it has been reviewed by the senate finance committee and the house appropriations committees. The senate finance and house appropriations committees may accept,

Sec. 5. [POSITION REDUCTIONS.] Subdivision 1. [VACANT POSITIONS.] The commissioner of finance shall cancel every state funded position that has remained vacant for more than 90 days, unless (a) the commissioner of personnel has certified that the position has not been filled because the department of personnel was unable to certify any names pursuant to section 43.18, or (b) an exception has been requested pursuant to subdivision 4. If the exception is denied, the position shall be cancelled.

Positions providing custodial control of inmates of state correctional institutions, maintenance of state highways, or enforcement of state laws on state highways or public lands and waters shall not be eliminated unless the agency shows that it has no other feasible and prudent alternative. To the maximum extent feasible, one-half of the reduction shall be accomplished by June 30, 1982, and the remainder by June 30, 1983.

Subd. 3. [TRANSFERS.] A state agency may transfer positions to another agency pursuant to Minnesota Statutes, Section 16.125, but the number of positions on July 1, 1981 for each agency affected shall be adjusted to reflect the transfer. A position that is eliminated by transferring an employee to part-time, seasonal, or other status of employment by the same state agency does not count as a position reduction for purposes of meeting the goals set by this section.

Subd. 4. [EXCEPTIONS; SHIFTS.] Where the position cancellations and reductions required by this section would unduly impair the ability of a state agency to perform the duties assigned to it, the state agency may apply to the commissioner of finance for an exception permitting the agency to avoid the cancellation or make a lesser reduction than would otherwise be required.

Sec. 6. [SPENDING PLANS.] Subdivision 1. [TRANSFERS.] A state agency shall not transfer any money to or from personal services as shown on the official worksheets of the conferees of the senate and house of representatives, a true copy of which is on file in the office of the commissioner of finance, without the written approval of the commissioner of finance.

Subd. 2. [SALARY SAVINGS.] The commissioner of finance shall reduce the amount allotted or to be allotted to each state agency by the amount of any saving that can be effected upon previous spending plans through the position reductions required by section 5.

Sec. 7. [REPORTING AND REVIEW.] *Subdivision 1. The commissioner of personnel shall report monthly to the commissioner of finance the number of vacancies occurring in each state agency due to normal attrition.*

Subd. 8. All employees whose rates of pay are established according to salary schedule "C", effective July 6, ~~1977~~ *4, 1979*, shall be advanced in salary from their rate of pay and step in salary range immediately preceding that date, ~~to the next step within the salary range for that classification.~~ An employee whose classification is reassigned to a higher salary range shall, in addition, be adjusted to the comparable step in the new salary range for his ~~their~~ class or to the new minimum rate of pay for their class, whichever rate is greater. These step increases shall not affect an employee's eligibility for normal step progression increases provided by section 43.122, subdivision 3.

Employees who are paid at a rate which exceeds the maximum rate established for their class prior to July 6, 1977, but whose rate falls within the new range for their class, shall be assigned to the maximum of the new range. The commissioner shall refer to the appointing authority the names of employees on layoff from the legislature who are available for appointment to temporary positions with duties and responsibilities comparable to work performed in the legislature. The secretary of the senate and the chief clerk of the house shall supply the names of legislative employees on layoff status who are available for appointment. The hearing conference shall be conducted in such manner and follow such procedures as prescribed by the board. The issues and facts on which agreement has not been reached will be decided during the hearing at which hearing technical rules of evidence shall not apply. If the board finds that there exist sufficient grounds for institution of dismissal but extenuating circumstances are brought out in testimony and evidence, it may in its discretion reinstate the employee, with full, partial, or no pay, or it may modify the appointing authority's action by substituting a lesser disciplinary action. The hearing officer shall recommend to the board an appropriate disposition of the case. If no exceptions are made, the hearing officer's recommended disposition shall, at the option of the board, become final. If exceptions are taken, the board, upon a review of the record, may accept the officer's recommendations with or without additional oral or written evidence from the parties, may remand the case to the officer for further hearing, adopt the hearing officer's report with any changes warranted by the record, or issue its own report of findings and orders. In those cases in which the board finds just cause for dismissal, the findings and recommendations of the board shall be submitted to and considered by the appointing authority, who may, not later than 30 days after receipt of such findings and recommendations, reinstate the employee with or without pay for the period of suspension, or otherwise modify his original decision of suspension, demotion, or discharge. Subd. 11. (a) In the calculation of adjusted assessed valuations for 1979 and each year thereafter, the committee shall not increase the adjusted assessed valuation, exclusive of property valuation added, improved, reclassified, or reassessed since the prior assessment, of taxable property for any subsequent year in any school

district over the adjusted assessed valuation established and filed with the commissioner of education for the immediately preceding year by more than eight percent ~~over~~ the greater of (1) 19 percent of the certified adjusted assessed valuation established and filed with the commissioner of education for the year immediately preceding, or (2) 40 percent of the difference between the district's total adjusted assessed valuation for the current year calculated without the application of this subdivision and the district's certified adjusted assessed valuation established and filed with the commissioner of education for the immediately preceding year.

(b) The sales ratio studies published by the department of revenue, or any part thereof, or any copy of the same, or records accumulated in preparation thereof, which are prepared by the commissioner of revenue for the equalization aid review committee for use in determining school aids pursuant to this section shall not be admissible in evidence in any proceeding, except that the sales ratio studies shall be admissible as a public record without the laying of a foundation in (1) actions under chapter 278 in the case of property described in section 273.13, subdivisions 6, 6a, 7, 7b, 10 or 12; (2) actions brought in the small claims division of the tax court; or (3) in actions for review of the determination of the school aids payable under this section.

Sec. 12. Minnesota Statutes 1978, Chapter 124, is amended by adding a section to read:

[124.224] [SPARSITY AID.] *Subdivision 1. The sparsity aid program for the 1979-1980 school year shall be governed by the provisions of this section.*

Subd. 2. [DEFINITIONS.] As used in this section, the terms defined in this subdivision have the meanings given them.

(a) "High school" means a secondary school, as defined in Minnesota Statutes, Section 120.05, Subdivision 2, Clause (3), which enrolls pupils in each of grades ten, eleven and twelve. If a district is paired with another district according to the provisions of Minnesota Statutes, Section 122.85, and if there is no secondary school in the district which enrolls pupils in each of grades ten, eleven and twelve, then the commissioner of education shall designate one school in the district as a high school for the purposes of this section.

(b) (i) In a school district with only one high school, "secondary average daily membership" means the average daily membership of resident pupils in grades seven through twelve, as defined in section 124.17, subdivision 2;

(ii) In a school district with more than one high school, "secondary average daily membership" for a particular high school means the product of the number of resident pupils enrolled in grades seven through twelve in average daily membership in that high school, as defined in section 124.17, subdivision 2, times the ratio of six to the number of grades in that high school.

(c) "Attendance area" means the quotient of the total surface

area of a district divided by the number of high schools in the district.

(d) "Isolation index" means the sum of

(i) the distance measured by the usual traveled routes between a particular high school in a district and the nearest other high school, plus

(ii) the square root of one-half the attendance area.

(e) "Qualifying high school" means a high school with an isolation index of greater than 18 and with secondary average daily membership of less than 500 in the year for which the aid is to be paid.

Subd. 3. [QUALIFICATION.] To qualify for aid under subdivision 4, a district must have at least one qualifying high school in the year for which the aid is to be paid.

Subd. 4. [COMPUTATION.] A district which qualifies for aid under subdivision 3 shall receive an amount of aid equal to the sum of the amounts determined by computing the following product for each qualifying high school in the district:

(a) the foundation aid formula allowance for the school year, multiplied by

(b) the secondary average daily membership, multiplied by

(c) the quotient obtained by dividing (1) the remainder of 500 minus the secondary average daily membership by (2) the sum of 500 plus the secondary average daily membership, multiplied by

(d) the quotient obtained by dividing (1) the remainder of the isolation index minus 18 by (2) the isolation index.

Subd. 5. [ISOLATED ELEMENTARY SCHOOLS.] Any school district operating an elementary school, as defined in Minnesota Statutes, Section 120.05, Subdivision 2, which enrolls fewer than 20 pupils, and which is at least 50 miles by the usual traveled routes from the nearest other Minnesota elementary school, shall receive an amount equal to the foundation aid formula allowance times the number of pupils enrolled in that school in addition to all other aids the district is entitled to pursuant to chapter 124.

Subd. 6. [PAYMENT SCHEDULE.] Except as may otherwise be authorized by the commissioner of education to accommodate a flexible school year program, the state shall pay to a school district 45 percent of its estimated aid for the fiscal year under this section on or before each of the following dates: August 31 and January 31. The final aid distribution shall be made on or before October 31 of the following fiscal year.

Subd. 7. [DEPARTMENT OF EDUCATION.] All sparsity aid shall be computed and distributed by the state aids section of the department of education.

Subd. 8. This section shall expire June 30, 1980.

Sec. 13. Minnesota Statutes 1978, Section 124.245, Subdivision 2, is amended to read:

Subd. 2. As used in this section, pupil units shall include only those units identified in section 124.17, subdivision 1, clauses (1), (2), (4), (5), (6) and (7). *Beginning in the 1980-1981 school year, pupil units shall include only those units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5).*

Sec. 14. Minnesota Statutes 1978, Section 275.125, Subdivision 1, is amended to read:

275.125 [TAX LEVY, SCHOOL DISTRICTS.] Subdivision 1. Except as may otherwise be provided in this section, the words and phrases defined in ~~section sections~~ *sections 124.212 and 124.01* when used in this section shall have the meanings ascribed to them in ~~section 124.212~~ *those sections.*

Sec. 15. Minnesota Statutes 1978, Section 275.125, Subdivision 2a, is amended to read:

Subd. 2a. (1) In ~~1977~~ *1979*, a school district may levy for all general and special school purposes, an amount equal to the amount raised by ~~28 23~~ *times the 1976 1978* adjusted assessed valuation of the district.

(2) In ~~1978~~ *1980*, a school district may levy for all general and special school purposes, an amount equal to the amount raised by ~~27 21~~ *times the 1977 1979* adjusted assessed valuation of the district.

(3) For any district levying less than 95 percent of the maximum levy allowable in clauses (1) and (2), beginning with the levy certified in 1978, payable in 1979, the foundation aid to the district for the 1979-1980 school year, and for subsequent levies, foundation aid for subsequent school years, calculated pursuant to section 124.-212, shall be reduced to an amount equal to the ratio between the actual levy and the maximum levy allowable under clauses (1) and (2) times the foundation aid to which the district is otherwise entitled for that year. For purposes of computations pursuant to this clause, the maximum levy allowable and the actual levy under clauses (1) and (2) shall be increased by any reduction of this levy which is required by section 275.125, subdivision 9 or any other law.

(4) (a) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held to approve a levy increase which will commence in a specific school year. The question on the ballot shall state the maximum amount of the increased levy in mills, the amount that will be raised by that millage in the first year it is to be levied, and that the millage shall be used to finance school operations. The question may designate a specific number of years

for which the referendum authorization shall apply. If approved, the amount provided by the approved millage applied to each year's taxable valuation shall be authorized for certification for the number of years approved, if applicable, or until revoked by the voters of the district at a subsequent referendum.

(b) A referendum on the question of revoking the increased levy amount authorized pursuant to clause (a) of this clause may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. The amount approved by the voters of the district pursuant to clause (a) of this clause must be levied at least once before it is subject to a referendum on its revocation for subsequent years. Only one such revocation election may be held to revoke a levy for any specific year and for years thereafter.

(c) A petition authorized by clauses (a) or (b) of this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board.

(d) Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

(e) Within 30 days after the district holds a referendum pursuant to this clause, the district shall notify the commissioner of education of the results of the referendum.

Sec. 16. Minnesota Statutes 1978, Section 275.125, Subdivision 2b, is amended to read:

Subd. 2b. (1) Beginning in ~~1978~~ 1979, in any year when the amount of the maximum levy allowed for any district by subdivision 2a, clause (1) or (2), *for any district with 950 or more pupil units under section 124.17, subdivision 1, clauses (1) and (2)*, exceeds the product of the district's foundation aid formula allowance under section 124.212 for the corresponding school year times the number of pupil units computed for that district under section 124.17, *subdivision 1, clauses (1), (2), (4) and (5)*, for that school year, the levy permitted that district by subdivision 2a, clause (1) or (2) shall be limited to the greater of the dollar amount of the levy the district certified in 1977 under subdivision 2a, clause (1) or 107 percent of the sum of the following, but not to exceed the amount raised by the number of mills permitted under subdivision 2a, clause (1) or (2):

(a) the product of the district's foundation aid formula allowance under section 124.212 for the school year in which the levy is certified times the number of pupil units computed for that district under ~~sections~~ *section 124.17, subdivision 1, clauses (1), (2), (4) and (5)*, for the school year in which the levy is certified; plus

(b) the district's estimated aid entitlement pursuant to section 124.20 for the summer school which begins in the school year in which the levy is certified; plus

(c) that district's entitlement, for the year in which the levy is certified, for transportation aid pursuant to *article II, section ~~124.222~~ 8 of this act*, special education aid pursuant to section 124.32, secondary vocational aid pursuant to section 124.573 and secondary vocational aid for handicapped children pursuant to section 124.574.

(2) If a district levies the full 107 percent of its entitlement under clause (1) for a school year and that amount is less than the amount to which the district would actually have been entitled under sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 and, 124.574 and *article II, section 8 of this act*, for the year to which the levy is attributable, the district may adjust its levies in the succeeding years to make up this difference. The amount by which the district is allowed to adjust its levies *adjusts any levy in the succeeding years pursuant to this clause section shall be recorded as a receivable in the school year to which the aids are attributable recognized as revenue in the school year when the levy which is so adjusted is recognized as revenue.*

(3) If a district levies pursuant to clause (1) for a school year and the amount levied is greater than the amount to which the district would actually have been entitled under sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 and, 124.574 and *article II, section 8 of this act*, for the year to which the levy is attributable, the district shall reduce its levies in the succeeding years by the amount of this difference.

(4) However, if the amount of the difference in clause (2), when calculated as an addition to the original levy for that year, would have exceeded the amount raised by the millage limitation in subdivision 2a, clause (1) or (2) for that year, the state shall pay the amount to which the district is entitled under sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 and, 124.574 and *article II, section 8 of this act*, for that school year, which exceeds the amount raised by that millage limitation.

(5) If the district is unable to levy the full 107 percent of its entitlement for a school year because of the millage limitation in subdivision 2a, clause (1) or (2), the state shall pay the amount under sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 or, 124.574 or *article II, section 8 of this act* to which the district is entitled for that school year which exceeds the amount raised by that millage limitation.

(6) Prior to the certification of levies, the commissioner of education shall notify an applicable district that it is subject to the levy limitation of this subdivision and of its estimated entitlements pursuant to sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 and, 124.574 and *article II, section 8 of this act*. The commissioner shall decide that a district is subject to this levy limitation if it appears reasonably certain that the maximum levy allowed

that district pursuant to subdivision 2a, clause (1) or (2) will exceed the district's foundation aid formula allowance times the number of pupil units computed for that district under section 124.17, *subdivision 1, clauses (1), (2), (4) and (5)*, for that corresponding year. If, upon the order of the commissioner, the district levies pursuant to this subdivision but the maximum levy allowed that district pursuant to subdivision 2a, clause (1) or (2) would not actually have exceeded the district's foundation aid formula allowance times the number of pupil units computed for that district under section 124.17, *subdivision 1, clauses (1), (2), (4) and (5)*, for that corresponding year, the district shall reduce its levy for the next year by the amount by which the levy certified pursuant to this subdivision exceeded the amount the district could have levied under subdivision 2a, clause (1) or (2). Also in that case, the district shall receive all aids from the state pursuant to sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 and, 124.574 and *article II, section 8 of this act* to which it would otherwise have been entitled if its permitted levy had not been computed pursuant to this subdivision.

(7) Any district which is required to compute its permitted levy under this subdivision shall not be eligible to receive aid under sections 124.20, 124.212, ~~124.222~~, 124.32, 124.573 and, 124.574 and *article II, section 8 of this act* for the corresponding year except as authorized by this subdivision.

(8) Nothing within the provisions of this subdivision shall be construed to affect any other levy under this section, including levies made pursuant to subdivision 2a, clause (4), to which a district is otherwise entitled.

(9) A levy made by a district pursuant to the provisions of this subdivision shall be construed to be the levy made by that district pursuant to subdivision 2a, clause (1) and (2), for purposes of statutory cross-reference.

(10) *The provisions of clauses (2) to (9) shall govern 1979-1980 aids, the adjustment of levies, and statutory cross-references to the 1978 levy, for any district which levied pursuant to clause (1) in 1978 and which is not required to levy pursuant to clause (1) in 1979 or subsequent years.*

Sec. 17. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd 2c. (1) Beginning in 1979, in any year when the amount of the maximum levy limitation under subdivision 2a, clause (1) or (2), for any district with fewer than 950 pupil units under section 124.17, subdivision 1, clauses (1) and (2), exceeds the product of the district's foundation aid formula allowance for the year in which the levy is recognized as revenue times the estimated number of pupil units for that district identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for that school year, the levy limitation for that district under subdivision 2a, clause (1) or (2), shall be limited to the greater of the dollar amount of the levy the district certified in 1977 under

Minnesota Statutes 1978, Section 275.125, subdivision 2a, clause (1), or the following difference but not to exceed the levy limitation under subdivision 2a, clause (1) or (2):

(a) the product of the district's foundation aid formula allowance under section 124.212 for the school year in which the levy is recognized as revenue, times the estimated number of pupil units for that district identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for that school year, less

(b) the estimated amount of any payments which would reduce the district's foundation aid entitlement as provided in section 124.212, subdivision 5a in the school year in which the levy is recognized as revenue.

(2) A levy made by a district pursuant to this subdivision shall be construed to be the levy made by that district pursuant to subdivision 2a, clause (1) or (2), for purposes of statutory cross-reference.

Sec. 18. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd. 6b. (1) In 1979 any district which qualified in 1978 for an excess levy under Minnesota Statutes 1978, Section 275.125, Subdivisions 6 or 7, may levy an amount equal to the product obtained by multiplying

(a) the lesser of

(i) one or

(ii) the ratio of the district's 1978 adjusted assessed valuation per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in 1979-1980, to the state average 1978 adjusted assessed valuation per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the state in 1979-1980, times

(b) the product obtained by multiplying

(i) the amount per pupil unit which the district was permitted to levy in 1978 under Minnesota Statutes 1978, Section 275.125, Subdivisions 6 and 7, times

(ii) the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (6), and (7), in the district in 1979-1980.

(2) In 1980 and each year thereafter, any district which qualified in 1979 for an excess levy under clause (1), shall be allowed to levy an amount equal to the product obtained by multiplying

(a) the lesser of

(i) one or

(ii) the ratio of the district's adjusted assessed valuation in the preceding year per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the school year

when the levy is certified, to the state average adjusted assessed valuation in the preceding year per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the school year when the levy is certified, times

(b) the greater of

(i) the amount derived in clause (1), part (b), or

(ii) the product obtained by multiplying the number of pupil units identified in section 124.17, subdivision 1, clauses (1) and (2) in the district in the school year when the levy is certified, times the quotient obtained by dividing the amount derived in clause (1), part (b), by the number of pupil units identified in section 124.17, subdivision 1, clauses (1) and (2), in the district in 1979-1980.

Sec. 19. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd. 6c. (1) In 1979 any district may levy an amount equal to the lesser of

(a) the product obtained by multiplying

(i) the ratio of

(A) the quotient obtained by dividing the sum of the additional amounts of aid the district would receive if pupil units identified in section 124.17, subdivision 1, clauses (6) and (7) were used in addition to the pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the computation pursuant to section 124.212, subdivision 7c, clause (1), and if section 12 of this article were effective in the 1980-1981 school year, by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in 1980-1981, to

(B) \$55,000, times

(ii) the district's 1978 adjusted assessed valuation, or

(b) the additional amounts of aid the district would receive if pupil units identified in section 124.17, subdivision 1, clauses (6) and (7) were used in addition to the pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the computation pursuant to section 124.212, subdivision 7c, clause (1), and if section 12 of this article were effective in the 1980-1981 school year.

(2) In 1980 and each year thereafter, any district which qualified for a levy under clause (1) may levy an amount equal to the lesser of

(a) the product obtained by multiplying

(i) the ratio of the foundation aid formula allowance for the school year to which the levy is attributable pursuant to section 121.904, subdivision 4, to \$1,265, times

(ii) the ratio of the amount derived in clause (1), part (a) (i) (A), to the equalizing factor for the school year to which the levy is attributable, times

(iii) the district's adjusted assessed valuation for the preceding year, or

(b) the product obtained by multiplying

(i) the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5) in the district in the school year to which the levy is attributable pursuant to section 121.904, subdivision 4, times

(ii) the ratio of the foundation aid formula allowance for the year to which the levy is attributable pursuant to section 121.904, subdivision 4, to \$1,265, times

(iii) the amount derived in clause (1), part (a) (i) (A).

Sec. 20. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd. 7a. (1) In 1979 each district which levies the maximum permissible amount pursuant to subdivision 2a, clauses (1), (2), and (4), section 18 of this article, and section 19 of this article, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one-half mill times the district's 1978 adjusted assessed valuation or (b) the product obtained by multiplying \$27.50 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in 1979-1980.

(2) In 1980 and each year thereafter, each district which levies the maximum permissible amount pursuant to subdivision 2a, clauses (1), (2) and (4), section 18 of this article, and section 19 of this article, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one mill times the district's adjusted assessed valuation for the preceding year or (b) the product obtained by multiplying (i) the ratio of the equalizing factor to 1,000, times (ii) the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the school year when the levy is certified.

(3) By August 1 before a district certifies any levy pursuant to this subdivision in 1979, or by the July 1 before a district certifies any levy pursuant to this subdivision in 1980, in any even-numbered year thereafter, or in any odd-numbered year thereafter when the district has not certified a levy pursuant to this subdivision in the preceding year, the board of the district shall hold a public hearing on the need for the proposed levy pursuant to this subdivision. At least three weeks published notice of the hearing in 10 point type, on 12 point body, with a larger headline, shall be given in the legal newspaper with the largest circulation in the district. The notice shall state the amount of the proposed levy in dollars and mills, the net unappropriated fund balance in the district's operating funds as of the June 30 before the levy is certi-

fied, and the tax impact of the proposed levy on homesteads with market values of \$30,000 and \$50,000. At the hearing, the district shall present its proposed revenue and expenditure budgets for the next two school years and the net unappropriated fund balances in all district funds as of the June 30 before the levy is certified, and the board shall hear all parties requesting to give testimony for and against the proposed levy. Upon petition within 20 days after the hearing of five percent of the number of voters who voted in the district at the preceding statewide general election, the board shall call a referendum on a reduction of the proposed levy. The petition shall state the number of mills on the district's adjusted assessed valuation by which it proposes to reduce the proposed levy. No petition or referendum shall provide for a reduction of a proposed levy pursuant to this subdivision to a rate less than one-half mill on the district's adjusted assessed valuation below the rate levied by the district pursuant to this subdivision in the preceding year. The referendum shall be held on a date set by the school board, but no later than September 20 in 1979 or the August 20 before the levy is certified in subsequent years. The question on the ballot shall state the maximum amount of the proposed levy, the amount of the proposed reduction of the levy and the amount of the levy if the reduction is approved, in mills on the district's adjusted assessed valuation in dollars in the first year of the proposed levy. The district may levy the amount provided by the millage proposed by the school board, reduced by any reduction in millage approved at a referendum pursuant to this clause, applied to the preceding year's adjusted assessed valuation until the next even-numbered year. The district is not required to hold a public hearing or call a referendum on a levy pursuant to this subdivision in any odd-numbered year after 1979 which succeeds a year in which a levy is certified pursuant to this subdivision.

Sec. 21. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd. 7b. (1) It is the intention of the legislature that the revenue provided by the discretionary levy authorized in section 20 of this article and by the corresponding portion of foundation aid provided in section 9, clause (5), of this article and section 10, clause (5), of this article be used to improve instructional programs in grades kindergarten through 12. If the board of any district with a reasonable general fund balance determines that all or part of this revenue is not needed for this purpose and if this determination is demonstrated by an increase in the district's general fund balance in any fiscal year starting in fiscal year 1981, the mill rate used to calculate the authorized discretionary levy and the corresponding portion of foundation aid shall be reduced as provided in this subdivision. For purposes of this subdivision, a "reasonable general fund balance" shall mean \$150 per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5).

(2) In any district where the maximum permissible levy pursuant to section 20 of this article in 1981 or in any year thereafter

is determined according to clause (2), part (a), of that section, and where the net unappropriated general fund balance has increased between the second June 30 before the levy is certified and the June 30 before the levy is certified, the maximum permissible levy pursuant to section 20 of this article in that year shall be reduced by an amount equal to the product obtained by multiplying

(a) the ratio of

(i) the quotient obtained by dividing the amount of that increase in the general fund balance by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, to

(ii) the equalizing factor, times

(b) the district's adjusted assessed valuation for the preceding year.

No levy reduction pursuant to this clause, however, shall exceed an amount equal to the product obtained by multiplying

(a) the ratio of

(i) the difference obtained by subtracting \$150 from the quotient obtained by dividing the amount of the net unappropriated general fund balance in the district as of the June 30 before the levy is certified; by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, to

(ii) the equalizing factors, times

(b) the district's adjusted assessed valuation for the preceding year.

(3) In any district where the maximum permissible levy pursuant to section 20 of this article in 1981 or in any year thereafter is determined according to clause (2), part (b), of that section, and where the net unappropriated general fund balance has increased between the second June 30 before the levy is certified and the June 30 before the levy is certified, the maximum permissible levy pursuant to section 20 of this article in that year shall be reduced by the amount of that increase in the general fund. No levy reduction pursuant to this clause, however, shall exceed an amount equal to the difference obtained by subtracting

(a) the product obtained by multiplying \$150 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, from

(b) the amount of the net unappropriated general fund balance in the district as of the June 30 before the levy is certified.

Sec. 22. Minnesota Statutes 1978, Section 275.125, Subdivision 9, is amended to read:

Subd. 9. (1) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, sub-

division 8a, clause (1), shall reduce the permissible levies authorized by subdivisions 3 to 14 by that portion of the previous year's payment not deducted from foundation aid on account of the payment. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies. Reductions in levies pursuant to this clause, subdivision 10 of this section, and section 273.138, shall be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; and any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; shall not include a portion of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by this section by the greater of the following:

(a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections in the previous fiscal year; or

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections in the previous fiscal year less the product of the same dollar amount of payments times the ratio of the maximum levy allowed the district under subdivision 2a, to the total levy allowed the district under this section in the year in which the levy is certified.

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause 1 or 2, to an amount less than the amount raised by a levy of 10 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The amount of any increased levy authorized by referendum pursuant to subdivision 2a, clause (4) shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision. *The amount of any levy authorized by section 20 of this article shall not be reduced pursuant to this subdivision.*

(4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by subdivision 11a, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to that subdivision. The reduction of the capital expenditure levy shall be computed on the basis of the amount so ascertained.

(5) Notwithstanding any law to the contrary, any amounts received by districts in any fiscal year after fiscal year 1975 pursuant to sections 294.21 to 294.28; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; or any law imposing a tax on severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or

nickel properties; and not deducted from foundation aid pursuant to section 124.212, subdivision 8a, clause (2), and not applied to reduce levies pursuant to this subdivision shall be paid by the district to the commissioner of finance in the following amounts pursuant to this clause on the designated dates: on or before March 15, 1977, 20 percent of the amounts received in fiscal 1976 and not deducted from foundation aid in August 1976 and not applied to reduce 1976 payable 1977 levies; on or before March 15, 1979, 60 percent of the amounts received in fiscal 1977 and not deducted from foundation aid and not applied to reduce 1977 payable 1978 levies. Any amounts received by districts in any fiscal year after fiscal year 1977 pursuant to the sections specified in this clause shall be paid by the district to the commissioner of finance in the following amounts amount on the designated dates date: on or before March 15, 1979 and March 15 of each year thereafter, 100 percent of the amount required to be subtracted from the previous fiscal year's foundation aid pursuant to section 124.212, subdivision 8a, which is in excess of the foundation aid earned for that fiscal year. The commissioner of finance shall deposit any amounts received pursuant to this clause in the taconite property tax relief fund in the state treasury, established pursuant to section 16A.70 for purposes of paying the taconite homestead credit as provided in section 273.135.

Sec. 23. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd. 19. Beginning with the 1979 payable 1980 levy, any district which it is estimated will receive an amount of minimum foundation aid pursuant to section 9, clause (6) of this article or its successor provision in the year to which the levy is attributable, shall reduce its levy limitation pursuant to subdivision 2a, clause (1) or (2), by the amount of minimum foundation aid which it is estimated that the district will receive in the year to which the levy is attributable.

Sec. 24. Minnesota Statutes 1978, Section 275.125, is amended by adding a subdivision to read:

Subd. 20. The computation of levy limitations pursuant to sections 17, 19 and 23 of this article shall be based on estimates where necessary. If as a result of using estimates for these computations the amount of any levy is different from the amount which could actually have been levied if actual data had been available, levy limitations in the first year when the actual data is known shall be adjusted to reflect for this difference. The amount of any adjustment to levy limitations pursuant to this subdivision shall be recognized as revenue in the school year when the levy for which the levy limitation is so adjusted is recognized as revenue.

Sec. 25. *In accordance with Minnesota Statutes, Section 648.34, in the next edition of Minnesota Statutes, the revisor of statutes shall renumber Minnesota Statutes, Section 273.132 as a section of Minnesota Statutes, Chapter 124 and alter references*

to it in the statutes to conform to the change. The headnote of the renumbered section shall read: "[STATE SCHOOL AGRICULTURAL CREDIT.]"

ARTICLE II TRANSPORTATION AID PROGRAM

Section 1. Minnesota Statutes 1978, Section 120.17, Subdivision 4, is amended to read:

Subd. 4. [SPECIAL INSTRUCTIONS FOR NON-RESIDENT CHILDREN.] When a school district provides instruction and services outside the district of residence, ~~transportation or~~ board and lodging, and any tuition to be paid, shall be paid by the district of residence. *Transportation costs shall be paid by the district providing the transportation, and the state shall reimburse the district within the limits provided by law.* The tuition rate to be charged for any handicapped child shall be the actual cost of providing special instruction and services to the child including a proportionate amount for capital outlay and debt service *but not including any amount for transportation*, minus the amount of special aid for handicapped children received on behalf of that child. If the boards involved do not agree upon the tuition rate, either board may apply to the commissioner to fix the rate. The commissioner shall then set a date for a hearing, giving each board at least ten days' notice, and after the hearing the commissioner shall make his order fixing the tuition rate, which shall be binding on both school districts.

For the purposes herein, any school district may enter into an agreement, upon such terms and conditions as may be mutually agreed upon, to provide special instruction and services for handicapped children. In that event, one of the participating units may employ and contract with necessary qualified personnel to offer services in the several districts, and each participating unit shall reimburse the employing unit a proportionate amount of the actual cost of providing the special instruction and services, less the amount of state special education aid, which shall be claimed in full by the employing district.

Sec. 2. Minnesota Statutes 1978, Section 120.17, Subdivision 6, is amended to read:

Subd. 6. [PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.] The responsibility for special instruction and services for a handicapped child temporarily placed in another district for care and treatment shall be determined in the following manner:

(a) The school district of residence of such a child shall be the district in which his parent resides, if living, or his guardian, or the district designated by the commissioner of education if neither parent nor guardian is living within the state.

(b) The district providing the instruction shall maintain an appropriate educational program for such a child and shall bill the district of the child's residence for the actual cost of providing the program, as outlined in subdivision 4, except that the board, lodging, and treatment costs incurred in behalf of a handicapped child placed outside of the school district of his residence by the commissioner of public welfare or the commissioner of corrections or their agents, for reasons other than for making provision for his special educational needs shall not become the responsibility of either the district providing the instruction or the district of the child's residence.

(c) The district of residence shall pay tuition and other program costs, *not including transportation costs*, to the district providing the instruction and the district of residence may claim foundation aid for the child as provided by law. Special transportation costs shall be paid by the district of the child's residence *providing the transportation* and the state shall reimburse *the district* for such costs within the limits set forth in section 124.32, subdivision 3 provided by law.

Sec. 3. Minnesota Statutes 1978, Section 122.85, Subdivision 6, is amended to read:

Subd. 6. Each district entering into an agreement pursuant to subdivision 1 shall continue to provide transportation and collect transportation aid for its resident pupils pursuant to sections 123.39, ~~124.222~~ 8 of this article and 124.223. This subdivision shall not be construed to prohibit a district from providing some or all transportation to its resident pupils by contracting with the other district which has entered the agreement. ~~For purposes of aid calculations pursuant to section 124.222, the commissioner may adjust the base cost per eligible pupil transported to reflect changes in costs resulting from any agreement which provides for each district to discontinue at least one grade.~~

Sec. 4. Minnesota Statutes 1978, Section 123.79, Subdivision 1, is amended to read:

123.79 [FUNDS AND AIDS.] Subdivision 1. Sec. 5. Minnesota Statutes 1978, Section 123.80, Subdivision 1, is amended to read:

123.80 [SAFETY EDUCATION FOR TRANSPORTED STUDENTS.] Subdivision 1. ~~Not later than January 1, 1975~~ The state board of education shall provide by rule or regulation a program of safety education for students who are transported to school. Each district receiving aid under the provisions of section ~~124.222~~ 8 of this article shall implement the program for the school year beginning in September 1975. In drafting said regulations, the board shall give particular attention to procedures for loading, unloading,

vehicle lane crossing and emergency evacuation procedures as they affect school buses.

Sec. 6. Minnesota Statutes 1978, Section 124.222, Subdivision 3, is amended to read:

Subd. 3. [PAYMENT SCHEDULE.] Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, the state shall pay to each school district 30 percent of its estimated school transportation aid entitlement for the fiscal year on or before each of the following dates: August 31, December 31, and March 31. ~~The amount of transportation aid for school bus depreciation shall be paid on or before September 30.~~ The final aid distribution to each district shall be made on or before October 31 of the following fiscal year.

Sec. 7. Minnesota Statutes 1978, Section 124.223, is amended to read:

124.223 [TRANSPORTATION AID AUTHORIZATION.] ~~For the 1978-1979 school year and thereafter,~~ School transportation and related services for which state transportation aid is authorized are:

(1) Transportation or board of resident pupils who reside one mile or more from the public schools which they could attend, or transportation to, from, or between the schools they attend pursuant to a program approved by the commissioner of education, or who reside one mile or more from a private school actually attended, but only to the extent permitted by sections 123.76 to 123.79 with respect to private school pupils;

(2) Transportation to and from or board and lodging in another district, of resident pupils of a district without a secondary school; the pupils may attend a classified secondary school in another district and shall receive board and lodging in or transportation to and from a district having a classified secondary school at the expense of the district of the pupil's residence;

(3) Transportation to and from a state board approved secondary vocational center for secondary vocational classes for resident pupils of any of the districts who are members of or participating in programs at that center;

(4) Transportation or board and lodging of a handicapped pupil when that pupil cannot be transported on a regular school bus, the conveying of handicapped pupils between home and school and within the school plant, and necessary transportation for resident handicapped pupils required by section 120.17, subdivision 4a;

(5) When necessary, board and lodging for nonresident handicapped pupils in a district maintaining special classes;

(6) Transportation from one educational facility to another within the district for resident pupils enrolled on a shared time basis in educational programs approved by the commissioner

of education, and necessary transportation required by section 120.17, subdivision 9 for resident handicapped pupils who are provided special instruction and services on a shared time basis;

(7) Transportation for residents to and from the Minnesota school for the deaf or the Minnesota braille and sight-saving school;

(8) Services described in clauses (1) to (7) and clause (10) when provided in conjunction with a state board approved summer school program;

(9) Transportation to, from or between educational facilities located in any of two or more school districts jointly offering academic classes approved by the commissioner or secondary vocational classes not provided at a secondary vocational center which are approved by the commissioner for resident pupils of any of these districts; and

Sec. 8. Minnesota Statutes 1978, Chapter 124, is amended by adding a section to read:

[124.224] [TRANSPORTATION AID ENTITLEMENT.]
Subdivision 1. [DEFINITIONS.] *For purposes of this section, the terms defined in this subdivision have the meanings given to them.*

(a) *"FTE" means a transported full time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.*

(b) *"Total authorized cost" or "total authorized expenditure" means the sum of:*

(i) *all expenditures for transportation for which aid is authorized in section 124.223, plus*

(ii) *an amount equal to one year's depreciation on the district's school bus fleet computed on a straight line basis at the rate of 12½ percent per year of the cost of the fleet, plus*

(iii) *an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections computed on a straight line basis at the rate of 33½ percent per year of the cost to the district of the reconditioning.*

(c) *"Total authorized predicted cost" means the total authorized cost predicted by a linear regression formula determined by the department of education.*

(d) *"Regular and summer school authorized FTE's transported" means full time equivalent pupils transported under section 124.223, clause (1), during the regular school year and in conjunction with a state board approved summer school program.*

Subd. 2. For the 1979-1980 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear regression formula shall be determined for each planning region by the department of education, using the terms specified in subdivision 4, to maximize the amount of variance accounted for between the total actual authorized cost per FTE for the 1977-1978 school year and the total authorized predicted cost per FTE for the 1977-1978 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per FTE for the 1977-1978 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 5 and 7. The linear regression formulas shall be determined so that the total transportation aid for the 1979-1980 school year does not exceed the amount appropriated for transportation aid for the 1979-1980 school year.

Subd. 3. For the 1980-1981 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear regression formula shall be determined for each planning region by the department of education, using the terms specified in subdivision 4, to maximize the amount of variance accounted for between the total actual authorized cost per FTE for the 1978-1979 school year and the total authorized predicted cost per FTE for the 1978-1979 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per FTE for the 1978-1979 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 6 and 7. The linear regression formulas shall be determined so that the total transportation aid for all districts for the 1980-1981 school year does not exceed the amount appropriated for transportation aid for the 1980-1981 school year.

Subd. 4. To predict the natural logarithm of the total authorized cost per FTE transported authorized by law, the linear regression formula shall use the following terms and all their cross products:

(1) The natural logarithm of the quotient of 1.00 divided by the total number of authorized FTE's transported;

(2) The natural logarithm of the sum of 100 plus the difference between the average of the square roots computed for all districts in the state of the number of regular and summer school authorized FTE's transported per square mile minus the square root of the number of regular and summer school authorized FTE's transported per square mile in the district;

(3) The natural logarithm of the ratio of the number of regular and summer school authorized FTE's transported to the district's total average daily membership;

(4) *The natural logarithm of the number of regular and summer school authorized FTE's transported per square mile;*

(5) *The natural logarithm of the district's average daily membership;*

(6) *The natural logarithm of the size of the district measured in square miles; and*

(7) *The natural logarithm of the total number of FTE's transported by the district authorized for aid pursuant to section 124.223 minus the number of regular and summer school authorized FTE's transported.*

Subd. 5. The total authorized predicted cost per FTE determined for a district under subdivision 2 for 1977-1978 shall be increased by 17 percent.

Subd. 6. The total authorized predicted cost per FTE determined for a district under subdivision 3 for 1978-1979 shall be increased by 17 percent.

Subd. 7. (1) Each district's adjusted total authorized predicted cost per FTE determined for each school year according to subdivision 5 or 6 shall be compared to the total actual expenditure per FTE for authorized transportation for that district for that year to determine the district's aid entitlement per FTE for that year.

(2) If the adjusted total authorized predicted cost per FTE is greater than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted predicted cost per FTE minus 10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per FTE and the actual expenditure per FTE; minus 20 percent of the next \$20; minus 40 percent of the next \$20; minus 60 percent of the next \$50; and minus 75 percent of the difference which exceeds \$100.

(3) If the adjusted total authorized predicted cost per FTE is less than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted total authorized predicted cost per FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per FTE and the actual expenditure per FTE; plus 20 percent of the next \$20; plus 40 percent of the next \$20; plus 60 percent of the next \$50; and plus 75 percent of the difference which exceeds \$100.

(4) Notwithstanding clauses (2) and (3), for the 1979-1980 school year, no district's aid entitlement per FTE shall be less than its actual authorized expenditure per FTE minus \$20 or more than its actual authorized expenditure per FTE plus \$20.

Subd. 8. A district's aid pursuant to this section for each school year shall equal the district's aid entitlement per FTE determined according to subdivision 7 times the total number of authorized FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation

which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 9. Each district shall report to the department before July 1 of each year an estimate for the next school year of the total number of FTE's transported by category and an estimate of the district's total actual authorized transportation expenditure by category. The district's aid shall be determined for purposes of the first three transportation aid payments for the school year using these estimates. Before August 15 of each year, each district shall provide the department with the information for the preceding school year which the department determines is necessary to compute the district's actual authorized expenditure per FTE for purposes of the computation in subdivision 7 and the district's actual total number of FTE's transported for purposes of the aid computation in subdivision 8. The district's final transportation aid payment for that school year shall be based on these computations.

Subd. 10. Any school district which owns school buses shall transfer annually from its transportation fund to its bus purchase fund at least an amount equal to 12½ percent of the original cost of each bus until the original cost of each bus is fully amortized, plus 33⅓ percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized. Any school district may transfer any amount from its transportation fund to any other operating fund or to its bus purchase fund.

Sec. 9. Minnesota Statutes 1978, Section 169.44, Subdivision 1, is amended to read:

169.44 [SCHOOL BUSES; STOP SIGNALS; CONDUCT OF OTHER VEHICLES.] Subdivision 1. [MEETING OR OVERTAKING BUSES; STOP SIGNALS; STOPPING.] The driver of a vehicle upon a street or highway, upon meeting or overtaking from front or rear any school bus which has stopped on the street or highway for the purpose of receiving or discharging any school child or children, shall stop the vehicle not less than 20 feet from the bus when the bus is stopped and is displaying an extended stop signal arm and flashing red signals and shall remain stopped until the school bus driver retracts the stop signal arm and extinguishes the flashing red signals. A failure to stop as required by this subdivision is a misdemeanor. Every school bus with a seating capacity in excess of 16 persons shall be equipped with a stop signal arm, pre-warning flashing amber signals and flashing red signals. The stop signal arm of a vehicle outwardly equipped and identified as a school bus shall be used in conjunction with the flashing red signals only when the school bus is stopped on a street or highway for the purpose of receiving or discharging any school child or children.

Subd. 1a. Every school bus with a seating capacity in excess of 16 persons and every vehicle purchased for delivery after April 1, 1977 for use in the state of Minnesota as a school bus, with a seating capacity in excess of ten persons including the driver, shall be

equipped with a stop signal arm, pre-warning flashing amber signals and flashing red signals. Every new school bus purchased for delivery after June 1, 1973, for use in the state of Minnesota as a school bus with a seating capacity in excess of 16 persons and every new vehicle purchased for delivery after April 1, 1977 for use in the state of Minnesota as a school bus, with a seating capacity in excess of ten persons including the driver, shall be of a uniform color, national school bus glossy yellow. Any school bus substantially repainted after June 1, 1973 shall be painted national school bus glossy yellow. Any school bus or vehicle which satisfies these equipment and color requirements and which bears signs containing the words "school bus" as provided in subdivision 3 shall be deemed to be outwardly equipped and identified as a school bus for purposes of this section.

Subd. 1b. Vehicles district owned or under contract having a seating capacity of 16 or fewer persons transporting school children to or from school which are not required to be outwardly equipped and identified as school buses pursuant to subdivision 1a shall comply with state board of education rules and regulations relating to, but not limited to, construction, design, equipment, color, identification, and operation.

Sec. 10. Minnesota Statutes 1978, Section 169.44, Subdivision 2, is amended to read:

Subd. 2. [LOADING AND UNLOADING PASSENGERS; USE OF SIGNALS.] (a) Drivers of a school bus with a capacity of more than 16 persons vehicle outwardly equipped and identified as a school bus shall actuate the pre-warning flashing amber signals of the bus before stopping to load or unload a school child or children at least 300 feet when operating outside an incorporated municipality and at least 100 feet when operating within an incorporated municipality and, upon stopping for such purpose, such drivers shall extend the stop signal arm and actuate the flashing red signals and shall not retract the stop signal arm and extinguish the flashing red signals until loading or unloading is completed and persons who must cross the street or highway are safely across.

(b) School bus drivers shall not actuate the pre-warning flashing amber signals or flashing red signals:

(1) in special school bus loading areas where the bus is entirely off the traveled portion of the road;

(2) in residence or business districts of cities except when directed by the local school administrator;

(3) when a school bus is being used on a highway for purposes other than the actual transportation of school children to or from school or a school approved activity, in which event the words "school bus" on the front and rear of the bus shall be removed or completely concealed; and

(4) at railroad grade crossings.

(c) Where school children must cross the road before boarding or after being discharged from the bus, the driver of a school bus

or a school bus patrol may supervise such crossings making use of the standard school patrol flag or signal as approved and prescribed by the commissioner of public safety. When children are alighting from a school bus, and not crossing the road, the driver shall visually ascertain that alighting children shall be a safe distance from the bus before moving the bus.

(d) Vehicles having a seating capacity of 16 or fewer persons not outwardly equipped and identified as school buses shall load or unload school children only from the right hand side of the vehicle, except on a one way street such vehicle shall load or unload school children only from the curb side of the vehicle.

Sec. 11. Minnesota Statutes 1978, Section 169.44, is amended by adding a subdivision to read:

Subd. 12. [AISLE AND EXIT.] The driver of a school bus shall keep the aisle and emergency exit of a school bus unobstructed at all times when children are being transported.

Sec. 12. Minnesota Statutes 1978, Section 169.44, is amended by adding a subdivision to read:

Subd. 13. [TRAILER BEHIND A SCHOOL BUS.] A school bus may pull a trailer, as defined by section 169.01, subdivision 10, only when traveling to or from co-curricular or extra curricular activities, as defined in section 123.38.

Sec. 13. Minnesota Statutes 1978, Section 275.125, Subdivision 15, is amended to read:

Subd. 15. If any school district levy is found to be excessive as a result of a decision of the tax court or a redetermination by the equalization aid review committee under section 124.212, subdivisions 11 to 18 or for any other reason, the amount of the excess shall be deducted from the levy certified in the next year for the same purpose; provided that if no levy is certified in the next year for the same purpose or if the amount certified is less than the amount of the excess, the excess shall be deducted from that levy and the levy certified pursuant to subdivision 2a. If any aid entitlement pursuant to sections 124.212, ~~124.222~~ 8 of this article and 124.245 would have been increased in a prior year as a result of a decision of the tax court or a redetermination by the equalization aid review committee, the amount of the increase shall be added to the current aid entitlement for the same purposes.

Sec. 14. [REPEALER.] *Minnesota Statutes 1978, Sections 124.222, Subdivisions 1a, 1b, 2a, 2b and 6; and 169.44, subdivisions 5 and 7, are repealed.*

Sec. 2. Minnesota Statutes 1978, Section 3.925, is amended to read:

3.925 [PURPOSE.] The legislature of the state of Minnesota expresses concern over the future of elementary and secondary education in this state, its ability to meet the educational needs of the public school students, the professional growth and satisfaction of school staffs, the effectiveness and efficiency of present schools and their learning processes, continuing pupil unit cost escalation and the resulting financial crisis which this brings about. New approaches to the learning process, better utilization of professional staff and community resources, different requirements as to course offerings, course content, grading, graduation and school attendance must be researched and developed. It is believed that revised programs, innovations, new attitudes about learning and the public schools' responsibilities can be effectively achieved if such research and development are performed by the council on quality education and at the local school level by the school's staff and with involvement by the students and their community. Although funds spent now for such purposes can produce substantial educational and cost benefits in the future, such capital type funds are seldom available within any single school district's budget.

The purpose of the council on quality education is, therefore, to encourage, promote, aid, and perform research and development for quality education in Minnesota elementary and secondary schools, to evaluate the results of significant innovative programs and to disseminate information about these programs throughout the state.

To these ends, the council through the state board of education shall establish a venture fund from which grants or loans may be made in support of research and development programs relating to the problems and objectives heretofore described which shall include but not be limited to:

- (1) Effective utilization of community personnel and resources.
- (2) Developing model personnel policies and procedures, and new staffing concepts such as differentiated staffing.
- (3) Assessment and evaluation of education programs.
- (4) Developing a management and unit of instructional objectives design which will provide accountability by relating time and dollars to the amount of learning produced.
- (5) Determining responsibilities to be assumed by the schools exclusively or concurrently with other agencies or individuals.
- (6) Effective dissemination of educational information.
- (7) Developing new knowledge about learning and teaching.
- (8) Developing model educational programs as alternatives to existing educational practices and curricula.
- (9) Model programs and innovations to increase equality of educational opportunities.
- (10) Research and testing of new concepts of educational efficiency, effectiveness and cost benefits.
- (11) *Comprehensive interdisciplinary programs in health education and comprehensive programs designed to coordinate and integrate the delivery of pupil support services.*

The council shall not be limited to supporting innovations, programs or procedures supplementary to existing school structures and programs but may assist or research entirely new concepts such as open schools, informal schools and the like. It is the legislature's intent that any supported program shall hold promise of both educational and cost benefits and that the costs and improvements in learning effectiveness introduced thereby shall be measured and related.

The council may also review literature and other information about innovative programs in Minnesota and other states and disseminate the results of this research throughout the state. The council may identify ideas for innovative programs in the course of this research and solicit proposals from school boards for grants for such programs; provided not to exceed ten percent of the funds appropriated to the venture fund in any year may be expended to fund such research and programs.

The council shall make a report by November 15 of each even numbered year to the legislature concerning all research and all proposals received and the dispositions made thereof by the council and the state board of education.

On November 1 in each year prior to the completion of the Minnesota zoological garden and related facilities the balance, if any, on hand in this account in excess of the amount determined by the board to be needed for the payment of claims then due and payable, encumbrances, and projected expenditures for necessary expenses of such completion shall be transferred to the state zoological garden bond account in the state bond fund,

The proceeds of the bonds, except premium and accrued interest, are appropriated to the Minnesota zoological garden building account in *the general fund*, for expenditure by the state zoological board for the purpose for which the bonds are authorized in accordance with the provisions of section 85A.04, subdivision 2. on November 1 in each year in the bond account, to pay all principal and interest due and to become due on the bonds to and including July 1 in the second ensuing year. That the Senate recede from its amendments and that H. F. No. 1495 be amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE I: INCOME TAX

Section 1. Minnesota Statutes 1978, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in

this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source; except that gross income shall not include "exempt function income" of a "homeowners association" as those terms are defined in Section 528 of the Internal Revenue Code of 1954, as amended.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(ii) The Internal Revenue Code of 1954, as amended through December 31, 1972, shall be in effect for taxable years beginning after December 31, 1972.

(iv) The Internal Revenue Code of 1954, as amended through December 31, 1974, shall be in effect for the taxable years beginning after December 31, 1974.

(v) The Internal Revenue Code of 1954, as amended through December 31, 1976, including the amendments made to section 280A (relating to licensed day care centers) in H.R. 3477 as it passed the Congress on May 16, 1977, shall be in effect for the taxable years beginning after December 31, 1976. The provisions of the Tax Reform Act of 1976, P.L. 94-455, which affect adjusted gross income shall become effective for purposes of chapter 290 at the same time they become effective for federal income tax purposes. (3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under this chapter, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(7) In the case of a change of residence from Minnesota to another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

liability under section 47 of the Internal Revenue Code of 1954, as amended through December 31, 1976, to the extent of the credit under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, that was previously allowed as a deduction either under section 290.01, subdivision 20 (b) (7) or under section 290.09, subdivision 24; and

(9) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(10) Expenses and depreciation attributable to substandard buildings disallowed by section 290.101; and

(11) The amount by which the gain determined pursuant to section 41.59, subdivision 2 exceeds the amount of such gain included in federal adjusted gross income;

(12) To the extent deducted in computing the taxpayer's federal adjusted gross income for the taxable year, losses realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

~~(12)~~ (13) Interest income from qualified scholarship funding bonds as defined in section 103(e) of the Internal Revenue Code of 1954, as amended through December 31, 1976, if the nonprofit corporation is domiciled outside of Minnesota;

~~(13)~~ (14) Exempt-interest dividends, as defined in section 852(b)(5)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1976, not included in federal adjusted gross income pursuant to section 852(b)(5)(B) of the Internal Revenue Code of 1954, as amended through December 31, 1976, except for that portion of such exempt-interest dividends derived from interest income on obligations of the state of Minnesota, any of its political or governmental subdivisions, any of its municipalities, or any of its governmental agencies or instrumentalities;

~~(14)~~ (15) The amount of any excluded gain realized by a trust on the sale or exchange of property as defined in section 641(c)(1).

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to fifty per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408 or 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1977. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be ~~\$7,200~~ less the sum of social security retirement benefits and railroad retirement benefits ~~\$10,000~~; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of ~~\$13,000~~ ~~\$17,000~~;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(8) *To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;*

The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

The product of the calculation shall be added to the inflation adjusted credit for the prior year to produce the inflation adjusted individual credits for each succeeding year. The product of the calculation shall be added to each inflation adjusted taxable net income bracket for the prior year to produce the inflation adjusted taxable net income brackets for each succeeding year. If the product exceeds a whole dollar amount, it shall be raised to the next highest whole dollar.

Sec. 11. Minnesota Statutes 1978, Section 290.067, Subdivision 1, is amended to read:

290.067 [DEPENDENT CARE CREDIT.] Subdivision 1. [AMOUNT OF CREDIT.] A taxpayer may take as a credit against the tax due from him and his spouse, if any, under chapter 290 an amount equal to 50 percent of the dependent care credit for which he is eligible pursuant to the provisions of section 44A of the Internal Revenue Code of 1954, as amended through December 31, ~~1976~~ 1978, subject to the limitations provided in subdivision 2.

Sec. 12. Minnesota Statutes 1978, Section 290.09, Subdivision 4, is amended to read:

Subd. 4. [TAXES.] Taxes paid or accrued within the taxable year, except (a) income or franchise taxes imposed by this chapter and income or franchise taxes paid to any other state or to any province or territory of Canada for which a credit is allowed under section 290.081; (b) taxes assessed against local benefits of a kind deemed in law to increase the value of the property assessed; (c) inheritance, gift and estate taxes except as provided in section 290.077, subdivision 4; (d) cigarette and tobacco products excise tax imposed on the consumer; (e) that part of Minnesota property taxes for which a credit or refund is claimed and allowed under ~~section 290.0603 or 290.066~~ chapter 290A; (f) federal income taxes, by corporations, national and state banks except as provided in section 290.18; (g) mortgage registry tax; (h) real estate transfer tax; (i) federal telephone tax; (j) federal transportation tax; and (k) tax paid by any corporation or national or state bank to any foreign country or possession of the United States to the extent that a credit against federal income taxes is allowed under the provisions of the Internal Revenue Code of 1954, as amended through December 31, 1976. If the taxpayer's foreign tax credit consists of both foreign taxes deemed paid and foreign taxes actually paid or withheld, it will be conclusively presumed that foreign taxes deemed

paid were first used by the taxpayer in its foreign tax credit. Minnesota gross income shall include the amount of foreign tax paid which had been allowed as a deduction in a previous year, provided such foreign tax is later allowed as a credit against federal income tax. Income taxes permitted to be deducted hereunder shall, regardless of the methods of accounting employed, be deductible only in the taxable year in which paid. Taxes imposed upon a shareholder's interest in a corporation which are paid by the corporation without reimbursement from the shareholder shall be deductible only by such corporation.

Sec. 13. Minnesota Statutes 1978, Section 290.081, is amended to read:

290.081 [INCOME OF NONRESIDENTS, RECIPROCITY.]

(a) The compensation received for the performance of personal or professional services within this state by an individual who resides and has his place of abode and place to which he customarily returns at least once a month in another state, shall be excluded from gross income to the extent such compensation is subject to an income tax imposed by the state of his residence; provided that such state allows a similar exclusion of compensation received by residents of Minnesota for services performed therein, or

(b) Whenever a nonresident taxpayer has become liable for income taxes to the state where he resides upon his net income for the taxable year derived from the performance of personal or professional services within this state and subject to taxation under this chapter, there shall be allowed as a credit against the amount of income tax payable by him under this chapter, such proportion of the tax so paid by him to the state where he resides as his gross income subject to taxation under this chapter bears to his entire gross income upon which the tax so paid to such other state was imposed; provided, that such credit shall be allowed only if the laws of such state grant a substantially similar credit to residents of this state subject to income tax under such laws, or

(c) If any taxpayer who is a resident of this state, or a domestic corporation or corporation commercially domiciled therein, has become liable for taxes on or measured by net income to another state or a province or territory of Canada upon, if the taxpayer is an individual or a resident estate or resident trust, any income, or if it is a corporation, upon income derived from the performance of personal or professional services within such other state or province or territory of Canada and subject to taxation under this chapter he or it shall be entitled to a credit against the amount of taxes payable under this chapter, of such proportion thereof, as such gross income subject to taxation in such state or province or territory of Canada bears to his entire gross income subject to taxation under this chapter; provided (1) that such credit shall in no event exceed the amount of tax so paid to such other state or province or territory of Canada on the gross income earned within such other state or province or territory of Canada and subject to taxation under this chapter, and (2) that such credit shall not be allowed if such other state or province or territory of Canada

allows residents of this state a credit against the taxes imposed by such state or province or territory of Canada for taxes payable under this chapter substantially similar to the credit provided for by paragraph (b) of this section, and (3) the allowance of such credit shall not operate to reduce the taxes payable under this chapter to an amount less than would have been payable if the gross income earned in such other state or province or territory of Canada had been excluded in computing net income under this chapter.

(d) The commissioner shall by regulation determine with respect to gross income earned in any other state the applicable clause of this section. When it is deemed to be in the best interests of the people of this state, the commissioner may determine that the provisions of clause (a) shall not apply.

(e) "Tax So Paid" as used in this section means taxes on or measured by net income payable to another state or province or territory of Canada on income earned within the taxable year for which the credit is claimed, provided that such tax is actually paid in that taxable year, or subsequent taxable years.

(f) For the purposes of clause (a), whenever the Wisconsin tax on Minnesota residents which would have been paid Wisconsin without clause (a) exceeds the Minnesota tax on Wisconsin residents which would have been paid Minnesota without clause (a), or vice versa, then the state with the net revenue loss resulting from clause (a) shall receive from the other state the amount of such loss. This provision shall be effective for all years beginning after December 31, 1972. The data used for computing the loss to either state shall be determined on or before September 30 of the year following the close of the previous calendar year.

If an agreement cannot be reached as to the amount of the loss, the commissioner of revenue and the taxing official of the state of Wisconsin shall each appoint a member of a board of arbitration and these members shall appoint the third member of the board. The board shall select one of its members as chairman. Such board may administer oaths, take testimony, subpoena witnesses, and require their attendance, require the production of books, papers and documents, and hold hearings at such places as are deemed necessary. The board shall then make a determination as to the amount to be paid the other state which determination shall be final and conclusive.

Notwithstanding the provisions of section 290.61, the commissioner may furnish copies of returns, reports, or other information to the taxing official of the state of Wisconsin, a member of the board of arbitration, or a consultant under joint contract with the states of Minnesota and Wisconsin for the purpose of making a determination as to the amount to be paid the other state under the provisions of this section. Prior to the release of any information under the provisions of this section, the person to whom the information is to be released shall sign an agreement which provides that he will protect the confidentiality of the returns

and information revealed thereby to the extent that it is protected under the laws of the state of Minnesota.

(a) ~~If his adjusted gross income is \$10,000 or more, the standard deduction shall be \$1,000.~~

(b) If his adjusted gross income is less than \$10,000 Subject to modification pursuant to clause (b), the standard deduction shall be an amount equal to ten percent thereof of the adjusted gross income of the taxpayer, up to a maximum deduction of \$2,000; in the case in which a standard deduction tax table is provided by the commissioner of revenue pursuant to the provisions of section 290.06, subdivision 2, the standard deduction shall be available to individuals with adjusted gross income of less than \$20,000 only through the use of such table.

In the case of a husband and wife living together, the standard deduction shall not be allowed to either if the net income of one of the spouses is determined without regard to the standard deduction. For the purposes of this paragraph the determination of whether an individual is living with his spouse shall be made as of the last day of the taxable year unless the spouse dies during the taxable year in which case such determination shall be made as of the date of such spouse's death.

In the case of a resident individual, estate or trust having preference items which could not be taken to reduce income from sources outside the state pursuant to section 290.17, subdivision 1, or any other taxpayer the tax shall equal 40 percent of that federal liability, multiplied by a fraction the numerator of which is the amount of the taxpayer's preference item income allocated to this state pursuant to the provisions of sections 290.17, subdivision 1, to 290.20, and the denominator of which is the taxpayer's total preference item income for federal purposes.

Sec. 17. Minnesota Statutes 1978, Section 290.14, is amended to read:

290.14 [GAIN OR LOSS ON DISPOSITION OF PROPERTY, BASIS.] The basis for determining the gain or loss from the sale or other disposition of property acquired on or after January 1, 1933, shall be the cost to the taxpayer of such property, with the following exceptions:

(1) If the property should have been included in the last inventory, it shall be the last inventory value thereof;

(2) If the property was acquired by gift, it shall be the same as it would be if it were being sold or otherwise disposed of by the last preceding owner not acquiring it by gift; if the facts required for this determination cannot be ascertained, it shall be the fair market value as of the date, or approximate date, of acquisition by such last preceding owner, as nearly as the requisite facts can be ascertained by the commissioner;

(3) If the property was acquired by gift through an inter vivos transfer in trust, it shall be the same as it would be if it were being sold or otherwise disposed of by the grantor;

(4) Except as otherwise provided in this clause (4), the basis of property in the hands of a person acquiring the property from a decedent or to whom the property passed from a decedent shall, if not sold, exchanged or otherwise disposed of before the decedent's death by such person, be the fair market value of the property at the date of decedent's death.

For the purposes of the preceding paragraph, the following property shall be considered to have been acquired from or to have passed from the decedent:

(a) Property acquired by bequest, devise, or inheritance, or by the decedent's estate from the decedent;

(b) Property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent, with the right reserved to the decedent at all times before his death to revoke the trust;

(c) Property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent with the right reserved to the decedent at all times before his death to make any change in the enjoyment thereof through the exercise of a power to alter, amend, or terminate the trust;

(d) Property passing without full and adequate consideration under a general power of appointment exercised by the decedent by will;

(e) In the case of a decedent's dying after December 31, 1956, property acquired from the decedent by reason of death, form of ownership, or other conditions (including property acquired through the exercise or non-exercise of a power of appointment), if by reason thereof the property is required to be included in determining the value of the decedent's gross estate for Minnesota inheritance tax purposes. In such case, if the

property is acquired before the death of the decedent, the basis shall be the amount determined under the first paragraph of this clause reduced by the amount allowed to the taxpayer as deductions in computing taxable net income under this chapter or prior Minnesota income tax laws for exhaustion, wear and tear, obsolescence, amortization, and depletion on such property before the death of the decedent. Such basis shall be applicable to the property commencing on the death of the decedent. This paragraph shall not apply to annuities described in section 290.08; and property described in paragraphs (a), (b), (c) and (d) of this clause (4).

Clause (4) shall not apply to property which constitutes a right to receive an item of income in respect of a decedent under section 290.077. Nor shall it apply to restricted stock options described in section 290.078 which the employee has not exercised at death.

(5) If the property was acquired after December 31, 1932, upon an exchange described in section 290.13, subdivision 1, the basis shall be the same as in the case of the property exchanged, decreased in the amount of any money received by the taxpayer and increased in the amount of gain or decreased in the amount of loss to the taxpayer that was recognized upon such exchange under the law applicable to the year in which the exchange was made. If the property so acquired consisted in part of the type of property permitted by section 290.13, subdivision 1, to be received without the recognition of gain or loss, and in part of other property, the basis provided in this clause shall be allocated between the properties, other than money, received, and for the purpose of the allocation there shall be assigned to such other property an amount equivalent to its fair market value at the date of the exchange. This clause shall not apply to property acquired by a corporation by the issuance of its stock or securities as the consideration, in whole or in part, for the transfer of the property to it;

(6) If substantially identical property was acquired in the place of stocks or securities which were sold or disposed of and in respect of which loss was not allowed as a deduction under section 290.09, subdivision 5, the basis in the case of property so acquired shall be the same as in the case of the stock or securities so sold or disposed of, increased by the excess of the repurchase price of such property over the sale price of such stock or securities, or decreased by the excess of the sale price of such stock or securities over the repurchase price of such property;

(7) If the property was acquired after December 31, 1932, as the result of a compulsory or involuntary conversion described in section 290.13, subdivision 5, the basis shall be the same as in the case of the property so converted, decreased in the amount of any money received by the taxpayer which was not expended in accordance with the provisions of law applicable to the year in which such conversion was made, determining the taxable status of the gain or loss upon such conversion, and increased

in the amount of gain or decreased in the amount of loss to the taxpayer recognized upon such conversion under the law applicable to the year in which such conversion was made.

(8) Neither the basis nor the adjusted basis of any portion of real property shall, in the case of a lessor of such property, be increased or diminished on account of income derived by the lessor in respect of such property and excludable from gross income under section 290.08, subdivision 14.

If an amount representing any part of the value of real property attributable to buildings erected or other improvements made by a lessee in respect of such property was included in gross income of the lessor for any taxable year beginning before January 1, 1943, the basis of each portion of such property shall be properly adjusted for the amount so included in gross income.

(9) If the property was acquired by the taxpayer as a transfer of property in exchange for the release of the taxpayer's marital rights, the basis of the property shall be the same as it would be if it were being sold or otherwise disposed of by the person who transferred the property to the taxpayer.

Sec. 18. Minnesota Statutes 1978, Section 290.17, Subdivision 1, is amended to read:

The county auditor shall deduct such exemption from the total valuation of such property as equalized by the revenue commissioner assessed to such household, and extend the levy of taxes upon the remainder only. The term "household" as used in this section is defined to be a domestic establishment maintained either (1) by two or more persons living together within the same house or place of abode, subsisting in common and constituting a domestic or family relationship, or (2) by one person.

(b) During the period of his active service and for six months after his discharge therefrom, no member of the armed forces of the United States shall lose status of a householder under para-

graph (a) which he had immediately prior to becoming a member of the armed forces.

In case there is an assessment against more than one member of a household the \$100 exemption shall be divided among the members assessed in the proportion that the assessed value of the Class 2 property of each bears to the total assessed value of the Class 2 property of all the members assessed. The Class 2 property of each household claimed to be exempt shall be limited to property in one taxing district, except in those cases where a single domestic establishment is maintained in two or more adjoining districts.

Bonds and certificates of indebtedness hereafter issued by the state of Minnesota, or by any county or city of the state, or any town, or any common or independent school district of the state, or any governmental board of the state, or any county or city thereof, shall hereafter be exempt from taxation; provided, that nothing herein contained shall be construed as exempting such bonds from the payment of a tax thereon, as provided for by section 291.01, when any of such bonds constitute, in whole or in part, any inheritance or bequest, taken or received by any person or corporation.

(10) Farm machinery manufactured prior to 1930, which is used only for display purposes as a collectors item;

(15) Real and personal property used primarily for the abatement and control of air, water, or land pollution to the extent that it is so used.

Any taxpayer requesting exemption of all or a portion of any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of revenue. Any such equipment or device shall meet standards, regulations or criteria prescribed by the Minnesota Pollution Control Agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota Pollution Control Agency shall upon request of the commissioner furnish information or advice to the commissioner. If the commissioner determines that property qualifies for exemption, he shall issue an order exempting such property from taxation. Any such equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota Pollution Control Agency remains in effect.

(16) *Wetlands.* For purposes of this subdivision, "wetlands" means land which is mostly under water, produces little if any income, and has no use except for wildlife or water conservation purposes. "Wetlands" shall be land preserved in its natural condition, drainage of which would be lawful, feasible and practical and would provide land suitable for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains, except wild rice. "Wetlands" shall include adjacent land which is not suitable for agricultural purposes due to the presence of the wetlands. Exemption of wetlands from taxation pursuant to this section shall not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands.

Sec. 6. Minnesota Statutes 1978, Section 272.02, is amended by adding a subdivision to read:

Subd. 5. The holding of property by a political subdivision of the state for later resale for economic development purposes shall be considered a public purpose in accordance with subdivision 1, clause (7) for a period not to exceed three years. This subdivision shall not operate to create an exemption from sections 272.01, subdivision 2; 272.68; 273.19; or 462.575, subdivision 3; or other provision of law providing for the taxation of or for payments in lieu of taxes for publicly held property which is leased, loaned, or otherwise made available and used by a private person. This section is effective for taxes levied in 1979 and thereafter, and payable in 1980 and thereafter.

Sec. 7. Minnesota Statutes 1978, Section 273.11, Subdivision 2, is amended to read:

Subd. 2. (a) For assessments of property for the purpose of determining taxes to be levied in 1979, payable in 1980, the assessor, after determining the value of any property, shall compare the value with that determined in the preceding assessment. Notwithstanding the provisions of section 273.17, the amount of the increase entered in the current assessment shall not exceed ten percent of the value in the preceding assessment or one-fourth one-half of the total amount of the increase in valuation whichever is greater; the excess, together with any increase in value which has occurred since the previous assessment, shall be entered in a subse-

quent year or years; provided, however, that if the amount of the increase in market value is

(i) more than ten percent but no more than 20 percent, the excess shall be entered in the following year;

(ii) more than 20 percent but no more than 40 percent, ten percent shall be entered in each subsequent year until the amount remaining to be entered is less than 10 percent in which case the amount remaining will be entered in the next subsequent year; or

(iii) more than 40 percent, the excess shall be entered equally in the three subsequent years added to the market value of the property which shall be used for the purpose of determining taxes to be levied in 1980, payable in 1981. In all subsequent assessments, all real property shall be assessed at its full market value.

(b) In the case of property described in section 273.13, subdivisions 6, 7, 7b, 10, 12, 17, 17b and 19, plus all agricultural property and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes which was not subject to the five percent limitation in valuation increase for the 1973 or the 1974 assessment that was previously provided pursuant to Minnesota Statutes 1974, Section 273.11, Subdivision 2, the value to be used for levying the 1976 taxes payable in 1977 shall be set at the average percent of market value used for the respective class of property in the 1976 tax levies in its assessment district if the market value as determined by the assessor pursuant to section 273.11, subdivision 1 exceeds by more than ten percent the limited market value established for that class of property. Such property shall subsequently increase in value for property tax purposes as prescribed in clause (a).

Sec. 8. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.115] [STATE PAID WETLANDS CREDIT.] *Subdivision 1. The county auditor shall annually reduce the tax liability of each owner of wetlands exempt from property taxation pursuant to section 272.02, subdivision 1, clause (16), by an amount equal to three-fourths of one percent of the average level of estimated market value of an acre of tillable land in the township or city in which the qualifying wetland is located, multiplied by the number of acres of wetlands he owns. Any excess of credit over tax liability shall not be paid to the property owner.*

Subd. 2. The total amounts of credits allowed pursuant to subdivision 1 and the total amounts of revenue lost as a result of the exemption provided in section 272.02, subdivision 1, clause (16), shall be submitted by the county auditor to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under the provisions of section 275.29. The amount of revenue lost as a result of the exemption shall be computed each year by applying the current mill rates of the taxing jurisdictions in which the wetlands are located to the assessed valuation of the wetlands for purposes of taxes

levied in 1979, payable in 1980. Provided that payment to the county for lost revenue shall not be less than the revenue which would have been received in taxes if the wetlands had an assessed value of \$20 per acre. The commissioner of revenue shall review such certifications to determine their accuracy. He may make such changes in the certification as he may deem necessary or return a certification to the county auditor for corrections.

Subd. 3. Payment shall be made according to the procedure provided in section 273.13, subdivision 15a, for the purpose of replacing revenue lost as a result of the exemption provided in section 272.02, subdivision 1, clause (16), and the credit provided in this section.

Subd. 4. There is appropriated from the general fund in the state treasury to the commissioner of revenue the amount necessary to make the payments provided in subdivision 3.

Subd. 5. In order to receive the wetlands credit provided in this section, an owner of wetlands shall agree not to drain the wetlands during the year for which he receives the credit. The local assessor shall certify that each land owner receiving the credit has so agreed.

Subd. 6. The amounts of the wetlands credit and the tax that would have been due but for the exemption in section 272.02, subdivision 1, clause (16) shall be reflected on the property tax statement of each eligible taxpayer.

Sec. 9. Minnesota Statutes 1978, Section 273.122, Subdivision 1, is amended to read:

Sec. 10. Minnesota Statutes 1978, Section 273.122, Subdivision 2, is amended to read:

Subd. 2. [HOMESTEAD BASE VALUE INDEX.] In assessment years subsequent to ~~1975~~ 1979, the homestead base value shall be adjusted pursuant to the homestead base value index. The homestead base value index shall be computed by the equalization aid review committee for each year immediately preceding an assessment year. This index is computed in the following manner. The annual statewide average market value of homestead property as indicated by bona fide real estate sales during the year shall be divided by the statewide average market value of all homestead property sold in ~~1974~~ 1978. This quotient is multiplied by 100. For each increase of a full three and one-half points in the index the homestead base value shall be increased ~~\$500~~ \$1,000 in the following assessment year. On or before December 1 of any year preceding an assessment year

the commissioner of revenue shall certify the homestead base value for that year.

The market value determined by the assessor shall be based on the normal approach to value using normal unrestricted rents.

Sec. 17. Minnesota Statutes 1978, Section 273.13, Subdivision 19, is amended to read:

Sec. 18. Minnesota Statutes 1978, Section 273.132, is amended to read:

273.132 [STATE PAID AGRICULTURAL CREDIT.] The county auditor shall reduce the tax for school purposes on all property receiving the homestead credit pursuant to section 273.13, subdivision 6, by an amount equal to the tax levy that would be produced by applying a rate of 15 17 mills on the property. The county auditor shall reduce the tax for school purposes on all other agricultural lands and all real estate devoted to temporary and seasonal residential occupancy for recreational purposes, but not devoted to commercial purposes, by an amount that would be produced by applying a rate of ten mills on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under the provisions of section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner of revenue shall review such certifications to determine their accuracy. He may make such changes in the certification as he may deem necessary or return a certification to the county auditor for corrections.

In 1977, payment shall be made according to the procedure provided in section 273.13, subdivision 15a, for the purpose of replacing revenue lost as a result of the reduction of property taxes provided in this section. In 1978, payment shall be made pursuant to sections 124.212, subdivision 7b and 124.11, for the purpose of replacing revenue lost as a result of the reduction in property taxes provided in this section. Sec. 19. Minnesota Statutes 1978, Section 273.17, Subdivision 1, is amended to read:

273.17 [ASSESSMENT OF REAL PROPERTY.] Subdivision 1. In every year, on January 2, the assessor shall also assess all real property that may have become subject to taxation since the last previous assessment, including all real property platted since the last real estate assessment, and all buildings or other structures of any kind, whether completed or in process of construction, of over \$1,000 in value, the value of which has not been previously added to or included in the valuation of the land on which they have been erected. The newly assessed property shall be valued initially at a value not exceeding the average percent of market value used in the tax levies for its respective class of property in its assessment district if the market value as determined by the assessor pursuant to

section 273.11, subdivision 1 exceeds by more than ten percent the limited market value established for that class of property. The assessment shall be increased to market value in annual increments as provided in section 273.11, subdivision 2 until such time as the property is reassessed. He shall make return thereof to the county auditor, with his return of personal property, showing the tract or lot on which each structure has been erected and the market value added thereto by such erection. Every assessor shall list, without revaluing, in each year, on a form to be prescribed by the commissioner of revenue, all parcels of land that shall have become homesteads or shall have ceased to be homesteads for taxation purposes since the last real estate assessment, and other parcels of land when the use of the land requires a change in classification or the land has been incorrectly classified in a previous assessment.

The county auditor shall note such change in the assessed valuation upon the tax lists, caused by a change in classification, and shall calculate the taxes for such year on such changed valuation. In case of the destruction by fire, flood, or otherwise of any building or structure, over \$100 in value, which has been erected previous to the last valuation of the land on which it stood, or the value of which has been added to any former valuation, the assessor shall determine, as nearly as practicable, how much less such land would sell for at private sale in consequence of such destruction, and make return thereof to the auditor.

Sec. 20. Minnesota Statutes 1978, Section 273.42, is amended to read:

273.42 [RATE OF TAX; ENTRY AND CERTIFICATION; CREDIT ON PAYMENT; PROPERTY TAX CREDIT.] *Subdivision 1.* The property set forth in section 273.37, subdivision 2, consisting of transmission lines, and distribution lines not taxed as provided in sections 273.38, 273.40 and 273.41 shall be taxed at the average rate of taxes levied for all purposes throughout the county and shall be entered on the tax lists by the county auditor against the owner thereof and certified to the county treasurer at the same time and in the same manner that other taxes are certified, and, when paid, shall be credited, 35 percent to the general revenue fund of the county, 50 percent to the general school fund of the county, and 15 percent to the townships within the county in which the lines are located, *after deducting the amount required for the property tax credit as provided in subdivision 2.* The amount available for distribution to the townships shall be divided among the townships in the same proportion that the length of transmission line in each township bears to the total length of transmission line in the county, except that if a payment to a town exceeds ten percent of the town's levy for the preceding year, the excess amount shall be paid to the county.

Subd. 2. Owners of land defined as class 3, 3b, 3c, 3cc, 3d or 3f pursuant to section 273.13 listed on records of the county auditor or county treasurer over which runs a high voltage transmission line as defined in section 116C.52, subdivision 3, except a high voltage transmission line the construction of which was com-

menced prior to July 1, 1974, shall receive a property tax credit in an amount determined by multiplying a fraction, the numerator of which is the length of high voltage transmission line which runs over that parcel and the denominator of which is the total length of that particular line running over all property within the county by ten percent of the transmission line tax revenue derived from the tax on that line pursuant to section 273.42. Where a right of way width is shared by more than one property owner, the numerator shall be adjusted by multiplying the length of line on the parcel by the proportion of the total width on the parcel owned by that property owner. The amount of credit for which the property qualifies shall not exceed 20 percent of the total gross tax on the parcel prior to deduction of the state paid agricultural credit and the state paid homestead credit.

Sec. 21. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.425] [ADJUSTMENT OF LEVY.] *When preparing tax lists pursuant to section 275.28 for each levy year for which credits will be payable under section 20, the county auditor shall deduct from the assessed valuation of the property within the county an amount equal to ten percent of the assessed valuation of transmission lines with respect to which a credit is to be paid. The mill rate necessary to be applied to this reduced total valuation in order to raise the required amount of tax revenue for the local taxing authorities shall be applied to the value of all taxable property in the county, including the entire valuation of those transmission lines. The proceeds of the tax levied against the excluded ten percent of the value of those transmission lines shall be available for purposes of funding of the credit provided in section 20. If the amount of that portion of the levy exceeds the amount necessary to fund the credits, the excess shall be distributed to the taxing districts within which the affected property is located in proportion to their respective mill rates, to be used for general levy purposes.*

Sec. 22. Minnesota Statutes 1978, Section 275.125, Subdivision 6a, is amended to read:

Subd. 6a. (1) In addition to the excess levy authorized in subdivision 6, in 1976 any district within a city of the first class which was authorized in 1975 to make a retirement levy under sections 275.127 and 422A.01 to 422A.25 may levy an amount per pupil unit which is equal to the amount levied in 1975 payable 1976, under sections 275.127 and 422A.01 to 422A.25, divided by the number of pupil units in the district in 1976-1977.

Sec. 23. Minnesota Statutes 1978, Section 275.50, Subdivision 6, is amended to read:

Subd. 6. The cost to a governmental unit of implementing section 18.023, including sanitation and reforestation, as defined in section 18.023, subdivision 1, is a "special levy" and is not subject to tax levy limitations including those contained in sections 275.50 to 275.56 and in Laws 1969, Chapter 593, as amended by Laws 1974, Chapter 108, commencing with the levy made in 1976, payable in 1977, and terminating with the levy made in 1978 1980, payable in 1979 1981. A governmental subdivision may make a supplementary levy in 1977, payable in 1978, for all costs of implementing section 18.023 incurred in calendar year 1977 for which a levy was not made in 1976, payable in 1977. For the purpose of calculating the tax levy limit base under section 275.51, for levy year 1977, taxes payable 1978, there shall be subtracted from the levy limit base of any governmental subdivision an amount equal to 112 percent of the amount levied under section 18.023 in levy year 1974, taxes payable 1975, and included in the levy limit base of the governmental subdivision as a result of Laws 1975, Chapter 437.

Sec. 24. Minnesota Statutes 1978, Section 275.51, Subdivision 3d, is amended to read:

Subd. 3d. The property tax levy limitation for governmental subdivisions in 1977 payable in 1978 and subsequent years shall be calculated as follows:

(a) The sum of the following amounts shall be computed: (1) the property tax permitted to be levied in 1976 payable 1977 computed pursuant to Minnesota Statutes 1976, Section 275.51, Subdivision 3c, plus

(2) the amount of any state aids the governmental subdivision was entitled to receive in calendar year 1977 pursuant to sections 477A.01; 298.26; 298.28, subdivisions 1 and 1a; 298.281, subdivision 1; 298.282; and 294.26, plus

(4) the amount levied in 1976 payable 1977 pursuant to Minnesota Statutes 1976, Section 275.50, Subdivision 5, Clause (g) for the administrative costs of public assistance programs or county welfare systems, plus

(5) one-half of the amount of the special levy authorized under section 275.50, subdivision 5, clause (n) shall be added to the permanent levy limit base of the governmental subdivision in the year following the year in which it has been discontinued as a special levy pursuant to the provisions of section 275.50, subdivision 5, clause (n).

(b) The sum computed in clause (a) shall be increased annually

in the manner provided in section 275.52 to derive the levy limit base for successive years.

(c) For taxes levied in 1978 payable 1979 and subsequent years, the levy limit base is the levy limit base which was computed for the immediately preceding year under the provisions of this section increased according to the provisions of section 275.52. To determine the levy limit base for taxes levied in 1979 payable 1980 and subsequent years, (a) the levy limit base used for taxes levied in 1979 payable in 1980 shall be increased by the excess of the amount levied in 1979 for refuse collection and street maintenance over the amount levied in 1978 payable 1979 for those purposes; and (b) in the case of a city of the first class located within the metropolitan area defined in section 473.121, subdivision 2, for the purpose of calculating the levy limit base to be used for taxes levied in 1979, payable 1980, the levy limit base used for taxes levied in 1978, payable 1979, shall be reduced by an amount sufficient to reduce the levy limitation for taxes levied in 1978 payable 1979 by 15 percent. Any amount levied in 1976 payable 1977 under the provisions of section 275.50, subdivision 5, clauses (a), (c), (d), (e) or (f) to meet the costs of programs, services or legal requirements which cease to exist in a subsequent year shall be subtracted from the levy limit base in the year in which the programs, services or legal requirements for which the levy was made cease to exist.

The resulting figure is the amount of property taxes which a governmental subdivision may levy for all purposes other than those for which special levies and special assessments are made.

Sec. 25. Minnesota Statutes 1978, Section 275.52, Subdivision 4, is amended to read:

Subd. 4. The levy limit base of a governmental subdivision may be increased upon approval by the levy limit review board established in section 275.551, for the following reasons:

On or before July 1 of 1977 and each subsequent year, the commissioner or revenue shall certify the average levy limit base per capita for each county for purposes of this clause. Provided that if a city or township having statutory powers has received a levy limit base adjustment from the levy limit review board prior to June 1, 1977 1979, that city or township may also qualify for a base adjustment in accordance with this clause.

(4) Nothing in this chapter shall be construed as imposing a tax upon any transfer, as defined in this chapter, of intangibles, however used or held, whether in trust or otherwise, by a person, or by reason of the death of a person, who was not a resident of this state at the time of his death.

Subd. 2. Such tax shall be imposed when any such person or corporation becomes beneficially entitled, in possession or expectancy, to any property or the income thereof, by any such transfer whether made before or after the passage of this chapter.

Subd. 3. A taxable transfer under the provisions of this chapter shall be deemed to have been made:

(1) To the extent of any property with respect to which the decedent has at the time of his death general power of appointment, created on or before October 21, 1942, is exercised by the decedent

(A) by will, or

(B) by disposition which is of such nature that if it were a transfer of property owned by the decedent, such transfer would be taxable under the provisions of this chapter;

but the failure to exercise such a power or the complete release of such a power shall not be deemed an exercise thereof. If a general power of appointment created on or before October 21, 1942, has been partially released so that it is no longer a general power of appointment, the exercise of such power shall not be deemed to be the exercise of a general power of appointment if

(a) such partial release occurred before November 1, 1950, or

(b) the donee of such power was under a legal disability to release such power on October 21, 1942, and such partial release occurred not later than six months after the termination of such legal disability.

(2) To the extent of any property with respect to which the decedent has at the time of his death a general power of appointment created after October 21, 1942, or with respect to which the decedent has at any time exercised or released such a power of appointment by a disposition which is of such nature that if it were a transfer of property owned by the decedent, such transfer would be taxable under the provisions of this chapter. A disclaimer or renunciation of such a power of appointment shall not be deemed a release of such power. For purposes of this paragraph (2), the power of appointment shall be considered to exist on the date of the decedent's death even though the exercise of the power is subject to a precedent giving of notice or even though the exercise of the power takes effect only on the expiration of a stated period after its exercise, whether or not on or before the date of the decedent's death notice has been given or the power has been exercised.

(3) To the extent of any property with respect to which the decedent:

(A) by will, or

(B) by a disposition which is of such nature that if it were a transfer of property owned by the decedent such transfer would be taxable under the provisions of this chapter,

exercises a power of appointment created after October 21, 1942, by creating another power of appointment which can be validly exercised so as to postpone the vesting of any estate or interest in such property, or suspend the absolute ownership or power of alienation of such property, for a period ascertainable without regard to the date of the creation of the first power.

(4) The term "general power of appointment" means a power which is exercisable in favor of the decedent, his estate, his creditors or the creditors of his estate; except that:

(A) A power to consume, invade, or appropriate property for the benefit of the decedent which is limited by an ascertainable standard relating to the health, education, support, or maintenance of the decedent shall not be deemed a general power of appointment.

(B) A power of appointment created on or before October 21, 1942, which is exercisable by the decedent only in conjunction with another person shall not be deemed a general power of appointment.

(C) In the case of a power of appointment created after October 21, 1942, which is exercisable by the decedent only in conjunction with another person:

(a) If the power is not exercisable by the decedent except in

contingent with the creator of the power, such power shall not be deemed a general power of appointment.

(b) If the power is not exercisable by the decedent except in conjunction with a person having a substantial interest in the property, subject to the power, which is adverse to exercise of the power in favor of the decedent, such power shall not be deemed a general power of appointment. For the purposes of this clause a person who, after the death of the decedent, may be possessed of a power of appointment (with respect to the property subject to the decedent's power) which he may exercise in his own favor shall be deemed as having an interest in the property and such interest shall be deemed adverse to such exercise of the decedent's power.

(c) If, after the application of clauses (a) and (b), the power is a general power of appointment and is exercisable in favor of such other person, in such power shall be deemed a general power of appointment only in respect of a fractional part of the property subject to such power, such part to be determined by dividing the value of such property by the number of such persons, including the decedent, in favor of whom such power is exercisable. For purposes of clauses (b) and (c) a power shall be deemed to be exercisable in favor of a person if it is exercisable in favor of such person, his estate, his creditors, or the creditors of his estate.

(5) The lapse of a power of appointment created after October 21, 1942, during the life of the individual possessing the power shall be considered a release of such power. The preceding sentence shall apply with respect to the lapse of powers during any calendar year only to the extent that the property, which could have been appointed by exercise of such lapsed powers, exceeded in value, at the time of such lapse, the greater of the following amounts:

(a) \$5,000 or

(b) Five percent of the aggregate value, at the time of such lapse, of the assets out of which, or the proceeds of which, the exercise of the lapsed powers could have been satisfied.

(6) For purposes of this subdivision, a power of appointment created by a will executed on or before October 12, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished such will, by codicil or otherwise, after October 21, 1942.

Subd. 4. Whenever any property, real or personal, is held in the joint names of two or more persons, or is deposited in banks or in other institutions or depositories in the joint names of two or more persons payable to either or the survivor, upon the death of one of such persons the right of the survivor or survivors, to the immediate ownership or possession and enjoyment of such property, shall be deemed a transfer and subject to the inheritance tax imposed by this chapter, except such part thereof as may be shown to have originally belonged to the survivor or survivors and never to have been received or acquired by them from the decedent for less than an adequate and full consideration in money or money's

worthy in which case there shall be excepted only such part as is proportionate to the consideration furnished by the survivor or survivors. Provided, where any property has been acquired prior to April 20, 1925, by the decedent and spouse, as joint tenants, not in excess of one-half of the value thereof shall be taxable. Provided, further, where property has been acquired at any time by gift, bequest, devise, or inheritance, by the decedent and any other person or persons, as joint tenants, the taxable portion shall be the value of a fractional part of said property to be determined by dividing the value of the property by the number of joint tenants.

Where personal property is held in joint names, such property shall be deemed to be transferred to the survivors as provided in this subdivision unless it is established to the satisfaction of the commissioner that the decedent intended a different disposition. Upon the showing of evidence of that intent to the commissioner, the right of survivorship shall not be deemed to be a transfer to the named survivors subject to the inheritance tax, provided the survivors make the disposition according to the evidenced intention of the decedent and present to the commissioner statements signed by the transferees acknowledging receipt of the property from the named survivors; the disposition by the survivors to the transferees shall be deemed a transfer from the decedent to the transferees and shall be subject to the inheritance tax imposed by this chapter. This paragraph shall not apply to cases where the aggregate value of joint tenancy assets exceeds \$30,000.

Subd. 5. (1) The proceeds of all life or accident insurance policies whether now in force or hereafter issued, payable on account of the decedent's death shall be subject to the tax herein imposed, as follows:

(a) To the extent of the amount receivable by the executor of the decedent as insurance under policies on the life of the decedent.

(b) To the extent of the amount receivable by all other beneficiaries as insurance under policies on the life of the decedent with respect to which the decedent possessed at his death any of the incidents of ownership, exercisable either alone or in conjunction with any other person. For purposes of the preceding sentence, the term "incident of ownership" includes a reversionary interest (whether arising by the express terms of the policy or other instrument or by operation of law) only if the value of such reversionary interest exceeded five percent of the value of the policy immediately before the death of the decedent. As used in this paragraph, the term "reversionary interest" includes a possibility that the policy, or the proceeds of the policy, may return to the decedent or his estate, or may be subject to a power of disposition by him. The value of a reversionary interest at any time shall be determined (without regard to the fact of the decedent's death) by usual methods of valuation, including the use of tables of mortality and actuarial principles, pursuant to regulations prescribed by the commissioner of internal revenue or his delegate. In determining the value of a possibility that the policy or proceeds

thereof may be subject to a power of disposition by the decedent, such possibility shall be valued as if it were a possibility that such policy or proceeds may return to the decedent or his estate.

(2) Such proceeds shall be deemed a transfer within the meaning of that term as used in this chapter and a part of decedent's estate, and shall be taxable to the person or persons entitled thereto.

(3) Every corporation, partnership, association, individual, order, or society authorized to transact life, accident, fraternal, mutual benefit, or death benefit insurance business which shall pay to any person, association, or corporation any insurance or death benefit in excess of \$1,000 or shall transfer any unpaid balance of, or any interest in, any annuity contract or deposit, upon the death of a resident of this state, shall give notice of such payment or transfer to the commissioner within ten days from the date thereof. Such notice shall be given on the forms prescribed by the commissioner and such notice shall set forth such information as the commissioner shall prescribe the Minnesota taxable estate of every decedent as prescribed by chapter 291.

Sec. 5. Minnesota Statutes 1978, Section 291.05, is amended to read:

Sec. 6. Minnesota Statutes 1978, Section 291.051, is amended to read:

291.051 [MARITAL DEDUCTION.] Subdivision 1. For the purposes of this section, the terms defined in this subdivision shall have the meaning given them herein.

"Marital exemption" means 50 percent, but not more than \$250,000, of the net taxable value passing to the surviving spouse of a decedent domiciled in Minnesota at the time of his death.

"Net taxable value" means the gross value passing to the surviving spouse, reduced by the value of real property outside Minnesota and tangible personal property permanently located outside Minnesota included in the gross value passing to the surviving spouse, and reduced by the deductions attributable to such gross value pursuant to section 291.07, except subdivision 1, clause (5), but without regard to the exemptions allowed to the surviving spouse by sections 291.05, clauses (1), (2), and (3), and 291.10.

"Marital exemption tax" means a tax imposed at the rates provided by this chapter on the value of property passing to the surviving spouse less the marital exemption, but without regard to the exemptions allowed to the surviving spouse by sections 291.05, clauses (1), (2) and (3) and 291.10.

Subd. 2. If the marital exemption tax on the property passing to the surviving spouse is less than a tax computed on that property under the other provisions of this chapter, the marital exemption tax shall be imposed in lieu of the tax computed under the other provisions. For the purpose of section 3, clause (3), the value of the

Minnesota taxable estate shall, except as limited by subsection (b) of Section 2056 of the Internal Revenue Code and by subdivision 2, be determined by deducting from the value of the federal gross estate an amount equal to the value of any interest in property which passes or has passed from the decedent to his surviving spouse, but only to the extent that the interest has a taxable situs in this state and is included in determining the value of the federal gross estate. An interest in property shall be considered as passing from the decedent to his surviving spouse if it is considered as passing from the decedent to the surviving spouse under Section 2056(d) of the Internal Revenue Code.

Subd. 2. [LIMITATION.] The amount of the deduction allowed under this section for a resident decedent shall not exceed the greater of:

(a) \$250,000, or

(b) 50 percent of the value of the federal adjusted gross estate as defined in Section 2056(c)(2)(A) of the Internal Revenue Code, reduced by an amount equal to the adjustment made, if any, for federal estate tax purposes with respect to any gift or gifts made by the decedent to his spouse after December 31, 1976 under Section 2056(c)(1)(B) of the Internal Revenue Code, and further reduced by the value of any property passing from the decedent to his surviving spouse which is exempt from estate tax under section 291.065 and is included in determining the value of the federal gross estate. In the case of a nonresident decedent, the amount of the deduction allowed under this section shall be determined without reference to subpart (a) of this subdivision.

Sec. 7. Minnesota Statutes 1978, Section 291.06, is amended to read:

291.06 [CREDIT FOR PREVIOUSLY PAID TAXES.] (a) Where property is transferred to any person described in section 291.03, clauses (1) and (2), which can be identified as having been transferred to the decedent at death from a person who died within five years prior to the death of the decedent, and such transfer to the decedent was within the class of transfer described in said section 291.03, clauses (1) and (2), such property shall be exempt to the extent of the value thereof at the date of death of the prior decedent but not to exceed the value at the date of death of the second decedent. Provided, (1) no such exemption shall be allowed unless an inheritance tax was determined and paid to this state on the transfer thereof from the said prior decedent; (2) the exemption shall be limited to the value of property which is in excess of the amount of the exemption provided in section 291.05 allowed on the transfer to the decedent; (3) unless such previously transferred property is specifically devised or bequeathed, the exempt property for purposes of taxation shall be considered as belonging to the residue of the estate; (4) property exempt under this section shall not be included in computing the rate applicable to other transfers to the beneficiary receiving such exempt property or can be identified as having been acquired in exchange for

property so received, a credit for any transfer taxes paid pursuant to the provisions of this act or any inheritance tax paid pursuant to the provisions of Minnesota Statutes, Chapter 291 in effect prior to the effective date of this act upon that property during the preceding five years shall be allowed upon the transfer tax at his death. This credit shall not exceed the allocable portion of the tax due with respect to that property for estate tax purposes.

(b) A credit shall also be allowed in the amount of any gift tax paid pursuant to chapter 292, if that transfer of property is subject to taxation under chapter 291 because it was made within three years of the decedent's death. The credit shall not exceed the amount of the tax imposed on the transfer pursuant to chapter 291.

Sec. 8. Minnesota Statutes 1978, Section 291.065, is amended to read:

291.065 [EMPLOYEE RETIREMENT PLANS, EXEMPTION.] *To the extent included in the federal gross estate, the value of an annuity or other payment receivable by a surviving spouse or minor or dependent child of the decedent or a trust for their benefit after December 31, 1956, shall be exempt from inheritance estate tax if received under (1) an employees' trust (or under a contract purchased by an employees' trust) forming part of a pension, stock bonus, or profit sharing plan, which at the time of the decedent's separation from employment (whether by death or otherwise), or at the time of termination of the plan if earlier, met the requirement of section 401(a) of the Internal Revenue Code of 1954, as adapted to the provisions of this chapter under regulations issued by the commissioner of revenue; (2) a retirement annuity contract purchased by an employer (and not by an employees' trust) pursuant to a plan, which at the time of the decedent's separation from employment (by death or otherwise), or at the time of termination of the plan if earlier, met the requirements of paragraph (3) of section 401(a) of such code, as adapted to the provisions of this chapter under regulations issued by the commissioner of revenue; or (3) a retirement annuity contract purchased by an employer which is an organization referred to in section 503(b) (1) (2) or (3) of such code and which is exempt from tax under section 501(a) of such code, as adapted to the provisions of this chapter under regulations issued by the commissioner of revenue any plan, which at the time of the decedent's separation from employment, whether by death or otherwise, or at the time of termination of the plan if earlier, qualified under section 401, 403, 404, 405, 408 or 409 of the Internal Revenue Code; (2) a benefit plan for employees of the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions or any other state or its political or governmental subdivisions; or (3) for members of a Minnesota volunteer firefighters' relief association. If such amounts payable after the death of the decedent under a plan described in clause (1) (2) or (3) are attributable to any extent to payments or contributions made by the decedent, no exemp-*

tion shall be allowed for that part of the value of such amounts in the proportion that the total payments or contributions made by the decedent bears to the total payments or contributions made. For purposes of the preceding sentence, contributions or payments made by the decedent's employer or former employer under a trust or plan described in clause (1) (2) or (3) shall not be considered to be contributed by the decedent.

Sec. 9. Minnesota Statutes 1978, Section 291.07, Subdivision 1, is amended to read:

291.07 [DEDUCTIONS.] Subdivision 1. The commissioner may furnish a copy of any return or report to any official of the United States or any state having duties to perform in respect to the assessment or collection of any inheritance, estate, or gift tax, if the taxpayer is required by the laws of the United States or of the other state to make a return therein. Prior to the release of any information to any official of the United States or any other state under the provisions of this section, the person to whom the information is to be released shall sign an agreement which provides that he will protect the confidentiality of the returns and information revealed to the extent that it is protected under the laws of the state of Minnesota. The commissioner and all other public officials and employees shall keep and maintain the same secrecy with respect to any information furnished by any department, commission, or official of the United States or of any other state. Nothing herein contained shall be construed to prohibit the commissioner from publishing statistics so classified as not to disclose the identity of particular property, decedents, heirs, or personal representatives, returns or reports and the contents thereof. Any person violating the provisions of this section shall be guilty of a gross misdemeanor.

The return of a decedent or donor shall, upon written request, be open to inspection by or disclosure to (a) the administrator, executor, or trustee of his estate, and (b) any heir at law, next of kin, or beneficiary under the will of the decedent, and any other person whose basis in property is determined in whole or part by values set forth in the return, or (c) a donee of the property, but only if the commissioner finds that the heir, next of kin, beneficiary or other person or donee has a material interest which will be affected by information contained therein.

Sec. 27. Minnesota Statutes 1978, Section 291.33, Subdivision 1, is amended to read:

291.33 [PAYMENTS TO COUNTIES.] Subdivision 1. On or before the first of November in each year the commissioner shall determine the net amount of ~~inheritance tax, Minnesota estate tax~~ and interest collected thereon which has been paid to the commissioner during the fiscal year ending June 30 next preceding from estates in each of the several counties of this state wherein probate proceedings have been had or where, if no probate proceedings have been required, wherein are located the probate courts that would have had venue under the provisions of section 524.3-201, had there been assets of decedents subject to probate.

For purposes of this subdivision net amount shall be the total amount paid from each of the several counties under the provisions

of this chapter, during the appropriate fiscal year, reduced by the refunds made by the commissioner applicable to each of the several counties under the provisions of this chapter, during the same fiscal year.

Sec. 28. Minnesota Statutes 1978, Section 352.15, Subdivision 1, is amended to read:

352.15 [EXEMPTION FROM PROCESS AND TAXATION.] Subdivision 1. None of the moneys, annuities, or other benefits mentioned herein shall be assignable either in law or in equity or be subject to execution, levy, attachment, garnishment, or other legal process, or to any state income tax or state inheritance estate tax, except that none shall be exempt from taxation under chapter 201, unless transferred to a surviving spouse or minor or dependent child of the decedent or a trust for their benefit. Provided, however, the executive director may pay an annuity, benefit or refund to a banking institution, qualified under chapter 48, that is trustee for a person eligible to receive such annuity, benefit or refund. Upon the request of a retired, disabled or former employee, the executive director may mail the annuity, benefit or refund check to a banking institution, savings association or credit union for deposit to such employee's account or joint account with his spouse. The board of directors may prescribe the conditions under which such payments will be made.

Sec. 29. Minnesota Statutes 1978, Section 353.15, is amended to read:

353.15 [NONASSIGNABILITY AND EXEMPTION OF ANNUITIES AND BENEFITS FROM JUDICIAL PROCESS AND TAXATION.] No money, annuity, or benefit provided for in this chapter is assignable or subject to a power of attorney, execution, levy, attachment, garnishment, or legal process, including actions for divorce, legal separation, and child support, or to any state income tax or state inheritance estate tax, except that none shall be exempt from taxation under chapter 201, unless transferred to a surviving spouse or minor or dependent child of the decedent or a trust for their benefit. Provided, however, the association may pay an annuity, benefit or refund to a trust company, qualified under chapter 48, that is trustee for a person eligible to receive such annuity, benefit or refund. Upon the request of a retired, disabled or former member, the association may mail the annuity, benefit or refund check to a banking institution, savings association or credit union for deposit to such person's account or joint account with his spouse. The association may prescribe the conditions under which such payment will be made. If in the judgment of the executive director conditions so warrant, payment may be made to a public body in behalf of an annuitant, disabilitant, or survivor upon such terms as the executive director may prescribe.

Sec. 30. Minnesota Statutes 1978, Section 354.10, is amended to read:

354.10 [FUND NOT SUBJECT TO ASSIGNMENT OR PROCESS; BENEFICIARIES.] The right of a teacher to avail himself of the benefits provided by this chapter, is a personal right only and shall not be assignable. All moneys to the credit of a teacher's account in the fund or any moneys payable to him from the fund shall belong to the state of Minnesota until actually paid to the teacher or his beneficiary pursuant to the provisions of this chapter. Any power of attorney, assignment or attempted assignment of a teacher's interest in the fund, or of the beneficiary's interest therein, by a teacher or his beneficiary, including actions for divorce, legal separation, and child support, shall be null and void and the same shall be exempt from garnishment or levy under attachment or execution and from all taxation by the state of Minnesota, except that none shall be exempt from taxation under chapter 291, unless transferred to a surviving spouse or minor or dependent child of the decedent or a trust for their benefit. Provided however, the board may pay an annuity or benefit to a banking institution, qualified under chapter 48, that is a trustee for a person eligible to receive such annuity or benefit. Upon completion of the proper forms as provided by the board, the annuity or benefit check may be mailed to a banking institution, savings association or credit union for deposit to the recipient's individual account or joint account with his or her spouse. The board shall prescribe the conditions which shall govern these procedures. If in the judgment of the executive director conditions so warrant, payment may be made to a public body in behalf of an annuitant, disabilitant, or survivor upon such terms as the executive director may prescribe. Any beneficiary designated by a teacher under the terms of this chapter, may be changed or revoked by the teacher at his pleasure, in such manner as the board may prescribe. In case a designated beneficiary dies before the teacher designating him dies, and a new beneficiary is not designated, the teacher's estate shall be the beneficiary.

Sec. 31. Minnesota Statutes 1978, Section 354A.11, is amended to read:

354A.11 [CERTAIN MONEYS AND CREDITS OF TEACHERS EXEMPT.] All moneys deposited by a teacher or member or deposited by any other person or corporation, municipal or private, to the credit of such teacher or member in a corporation organized as a "Teachers Retirement Fund Association" under sections 354A.03 to 354A.10, and all moneys, rights, and interests or annuities due or to become due to such teacher, member, or annuitant, or their beneficiaries, from any such association shall not be assignable, shall be exempt from garnishment, attachment, and execution or sale on any final process issued from any court and shall not be subject to the inheritance estate tax provisions of this state if transferred to a surviving spouse or minor or dependent child of the decedent or a trust for their benefit.

Sec. 32. Minnesota Statutes 1978, Section 524.3-706, is amended to read:

524.3-706 [DUTY OF PERSONAL REPRESENTATIVE; INVENTORY AND APPRAISEMENT.] Within three months after his appointment, a personal representative, who is not a special administrator or a successor to another representative who has previously discharged this duty, shall prepare and file with the court or registrar and mail to the surviving spouse, if there be one, and to all residuary distributees an inventory of property owned by the decedent at the time of his death, listing it with reasonable detail, and indicating as to each listed item, its fair market value as of the date of the decedent's death, and the type and amount of any encumbrance that may exist with reference to any item.

The personal representative shall also mail a copy of the inventory to interested persons or creditors who request it, and shall file an executed copy of the Minnesota inheritance tax return with the court or registrar.

Sec. 33. Minnesota Statutes 1978, Section 524.3-916, is amended to read:

524.3-916 [APPORTIONMENT OF ESTATE TAXES.] (a) For purposes of this section:

(1) "estate" means the gross estate of a decedent as determined for the purpose of federal estate tax and the estate tax payable to this state;

(2) "person" means any individual, partnership, association, joint stock company, corporation, government, political subdivision, governmental agency, or local governmental agency;

(3) "person interested in the estate" means any person entitled to receive, or who has received, from a decedent or by reason of the death of a decedent any property or interest therein included in the decedent's estate. It includes a personal representative, conservator, and trustee;

(4) "state" means any state, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico;

(5) "tax" means the federal estate tax and the state estate tax determined by the commissioner of revenue pursuant to section 291.34 chapter 291 and interest and penalties imposed in addition to the tax;

(6) "fiduciary" means personal representative or trustee.

(b) Unless the will or other written instrument otherwise provides, the tax shall be apportioned among all persons interested in the estate. The apportionment is to be made in the proportion that the value of the interest of each person interested in the estate bears to the total value of the interests of all persons interested in the estate. The values used in determining the tax are to be used for that purpose. If the decedent's will or other written instrument directs a method of apportionment of tax dif-

ferent from the method described in this code, the method described in the will or other written instrument controls.

(c)(1) The court in which venue lies for the administration of the estate of a decedent, on petition for the purpose may determine the apportionment of the tax.

(2) If the court finds that it is inequitable to apportion interest and penalties in the manner provided in subsection (b), because of special circumstances, it may direct apportionment thereof in the manner it finds equitable.

(3) If the court finds that the assessment of penalties and interest assessed in relation to the tax is due to delay caused by the negligence of the fiduciary, the court may charge him with the amount of the assessed penalties and interest.

(4) In any action to recover from any person interested in the estate the amount of the tax apportioned to the person in accordance with this code the determination of the court in respect thereto shall be prima facie correct.

(d) (1) The personal representative or other person in possession of the property of the decedent required to pay the tax may withhold from any property distributable to any person interested in the estate, upon its distribution to him, the amount of tax attributable to his interest. If the property in possession of the personal representative or other person required to pay the tax and distributable to any person interested in the estate is insufficient to satisfy the proportionate amount of the tax determined to be due from the person, the personal representative or other person required to pay the tax may recover the deficiency from the person interested in the estate. If the property is not in the possession of the personal representative or the other person required to pay the tax, the personal representative or the other person required to pay the tax may recover from any person interested in the estate the amount of the tax apportioned to the person in accordance with Laws 1975, Chapter 347.

(2) If property held by the personal representative is distributed prior to final apportionment of the tax, the distributee shall provide a bond or other security for the apportionment liability in the form and amount prescribed by the personal representative.

(e)(1) In making an apportionment, allowances shall be made for any exemptions granted, any classification made of persons interested in the estate and for any deductions and credits allowed by the law imposing the tax.

(2) Any exemption or deduction allowed by reason of the relationship of any person to the decedent or by reason of the purposes of the gift inures to the benefit of the person bearing such relationship or receiving the gift; but if an interest is subject to a prior present interest which is not allowable as a deduction, the tax apportionable against the present interest shall be paid from principal.

(3) Any deduction for property previously taxed and any credit for gift taxes or death taxes of a foreign country paid by the decedent or his estate inures to the proportionate benefit of all persons liable to apportionment.

(4) Any credit for inheritance, succession or estate taxes or taxes in the nature thereof applicable to property or interests includable in the estate, inures to the benefit of the persons or interests chargeable with the payment thereof to the extent proportionately that the credit reduces the tax.

(5) To the extent that property passing to or in trust for a surviving spouse or any charitable, public or similar gift or devisee is not an allowable deduction for purposes of the tax solely by reason of an ~~inheritance tax or other death estate tax~~ imposed upon and deductible from the property, the property is not included in the computation provided for in subsection (b) hereof, and to that extent no apportionment is made against the property. The sentence immediately preceding does not apply to any case if the result would be to deprive the estate of a deduction otherwise allowable under section 2053(d) of the Internal Revenue Code of 1954, as amended, of the United States, relating to deduction for state death taxes on transfers for public, charitable, or religious uses.

(f) No interest in income and no estate for years or for life or other temporary interest in any property or fund is subject to apportionment as between the temporary interest and the remainder. The tax on the temporary interest and the tax, if any, on the remainder is chargeable against the corpus of the property or funds subject to the temporary interest and remainder.

(g) Neither the personal representative nor other person required to pay the tax is under any duty to institute any action to recover from any person interested in the estate the amount of the tax apportioned to the person until the expiration of the three months next following final determination of the tax. A personal representative or other person required to pay the tax who institutes the action within a reasonable time after the three month period is not subject to any liability or surcharge because any portion of the tax apportioned to any person interested in the estate was collectible at a time following the death of the decedent but thereafter became uncollectible. If the personal representative or other person required to pay the tax cannot collect from any person interested in the estate the amount of the tax apportioned to the person, the amount not recoverable shall be equitably apportioned among the other persons interested in the estate who are subject to apportionment.

(h) A personal representative acting in another state or a person required to pay the tax domiciled in another state may institute an action in the courts of this state and may recover a proportionate amount of the federal estate tax, of an estate tax payable to another state or of a death duty due by a decedent's estate to another state, from a person interested in the estate who is either

domiciled in this state or who owns property in this state subject to attachment or execution. For the purposes of the action the determination of apportionment by the court having jurisdiction of the administration of the decedent's estate in the other state is prima facie correct.

Sec. 34. Minnesota Statutes 1978, Section 524.3-1001, is amended to read:

524.3-1001 [FORMAL PROCEEDINGS TERMINATING ADMINISTRATION; TESTATE OR INTTESTATE; ORDER OF DISTRIBUTION, DECREE, AND GENERAL PROTECTION.]

(a) (1) A personal representative or any interested person may petition for an order of complete settlement of the estate. The personal representative may petition at any time, and any other interested person may petition after one year from the appointment of the original personal representative except that no petition under this section may be entertained until the time for presenting claims which arose prior to the death of the decedent has expired. The petition may request the court to determine testacy, if not previously determined, to consider the final account or compel or approve an accounting and distribution, to construe any will or determine heirs and adjudicate the final settlement and distribution of the estate. After notice to all interested persons and hearing the court may enter an order or orders, on appropriate conditions, determining the persons entitled to distribution of the estate, and, as circumstances require, approving settlement and directing or approving distribution of the estate and discharging the personal representative from further claim or demand of any interested person.

(2) In such petition for complete settlement of the estate, the petitioner may apply for a decree. Upon the hearing, if in the best interests of interested persons, the court may issue its decree which shall determine the persons entitled to the estate and assign the same to them in lieu of ordering the assignment by the personal representative. The decree shall name the heirs and distributees, state their relationship to the decedent, describe the property, and state the proportions or part thereof to which each is entitled. In the estate of a testate decedent, no heirs shall be named in the decree unless all heirs be ascertained.

(3) In solvent estates, the hearing may be waived by written consent to the proposed account and decree of distribution or order of distribution by all heirs or distributees, and the court may then enter its order allowing the account and issue its decree or order of distribution.

(4) The court shall have the power in its decree or order of distribution to waive the lien of inheritance estate taxes, find that the taxes have been satisfied by payment or, decree the property subject to the lien; provided, however, where a decree or order for distribution is issued, the personal representative shall not be discharged until all property is paid or transferred to the persons entitled thereto, and has otherwise fully discharged his trust. If

objections are filed with the court by the commissioner of revenue, no discharge shall be issued until the objections are determined. ~~The court shall send a copy of the decree, upon issuance, to the commissioner of revenue. If no objection is filed, the court shall have the power to settle and distribute the estate and discharge the personal representative without regard to tax obligations.~~

(b) If one or more heirs or devisees were omitted as parties in, or were not given notice of, a previous formal testacy proceeding, the court, on proper petition for an order of complete settlement of the estate under this section, and after notice to the omitted or unnotified persons and other interested parties determined to be interested on the assumption that the previous order concerning testacy is conclusive as to those given notice of the earlier proceeding, may determine testacy as it affects the omitted persons and confirm or alter the previous order of testacy as it affects all interested persons as appropriate in the light of the new proofs. In the absence of objection by an omitted or unnotified person, evidence received in the original testacy proceeding shall constitute prima facie proof of due execution of any will previously admitted to probate, or of the fact that the decedent left no valid will if the prior proceedings determined this fact.

Sec. 35. Minnesota Statutes 1978, Section 525.091, Subdivision 1, is amended to read:

Upon proof of the petition and of the will if there be one, or upon proof of the petition and of an authenticated copy of a will duly proved and allowed outside of this state in accordance with the laws in force in the place where proved, if there be one, the court

shall allow the same and enter its decree of descent assigning the real or personal property, or any interest therein, to the persons entitled thereto pursuant to the will or such authenticated copy, if there be one, otherwise pursuant to the laws of intestate succession in force at the time of the decedent's death. The court may appoint two or more disinterested persons to appraise the property. ~~No decree of descent shall be entered until the inheritance tax, if any, has been determined and paid.~~

Within 30 days after service of notice of the filing of such order, the appellant shall serve a notice of appeal upon all parties adversely interested or upon their attorneys and upon the probate judge. An appellant, other than the state, the veterans' administration, or a representative appealing on behalf of the estate, shall file in the probate court a bond in such amount as that court may direct, conditioned to prosecute the appeal with due diligence to a final determination, pay all costs and disbursements and abide the order of the court therein. The notice of appeal with proof of service and the bond, if required, shall be filed in the probate court within ten days after the service of such notice and the appellant shall pay to such court the sum of \$15, of which \$10 shall be transmitted to the clerk of the supreme court, as provided by law for appeals in civil actions.

Such appeal shall stay all proceedings on the order appealed from. When a party in good faith gives due notice of appeal from such order and omits through mistake to do any other act necessary to perfect the appeal, or to stay proceedings, the court may permit an amendment on such terms as may be just. The filing thereof shall vest in the supreme court jurisdiction of the cause, and records shall be transmitted to the supreme court, and records and briefs shall be printed, served, and filed, and such appeal shall be heard and disposed of as in the case of appeals in civil actions from the district court. In the event any escheated property has been sold pursuant to sections 11.08 or 94.09 to 94.16, then the warrant shall be for the appraised value as established during the administration of the decedent's estate. There is hereby annually appropriated from any moneys in the state treasury not otherwise appropriated an amount sufficient to make payment to all such designated persons. ARTICLE IV: BUSINESS RELIEF

Section 1. Minnesota Statutes 1978, Section 290.06, Subdivision 2c, is amended to read:

Subd. 2c. [SCHEDULE OF RATES FOR INDIVIDUALS, ESTATES AND TRUSTS.] (a) For taxable years beginning after December 31, 1977 1979, the income taxes imposed by this chapter upon individuals, estates and trusts, other than those taxable as

corporations, shall be computed by applying to their taxable net income in excess of the applicable credits allowed by section 290.21, the following schedule of rates:

- (1) On the first \$500, one and six-tenths percent;
- (2) On the second \$500, two and two-tenths percent;
- (3) On the next \$1,000, three and five-tenths percent;
- (4) On the next \$1,000, five and eight-tenths percent;
- (5) On the next \$1,000, seven and three-tenths percent;
- (6) On the next \$1,000, eight and eighth-tenths percent;
- (7) On the next \$2,000, ten and two-tenths percent;
- (8) On the next \$2,000, eleven and five-tenths percent;
- (9) On the next \$3,500, twelve and eight-tenths percent;
- (10) On all over \$12,500, and not over \$20,000, fourteen percent;
- (11) On all over \$20,000 and not over \$27,500, fifteen percent;
- (12) On all over \$27,500 and not over \$40,000, sixteen percent ;
- ~~(13) On all over \$40,000, seventeen percent .~~

(b) In lieu of a tax computed according to the rates set forth in clause (a) of this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year, reduced by the applicable credits allowed by section 290.21, is less than \$20,000 shall be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than \$100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to \$1.

Sec. 2. Minnesota Statutes 1978, Section 290.06, Subdivision 9, is amended to read:

Subd. 9. [POLLUTION CONTROL EQUIPMENT, CREDIT.] (a) A credit of five percent of the net cost of equipment *used primarily to abate or control pollutants to meet or exceed state laws, rules or standards to the extent the property is so used and which is included in section 290.09, subdivision 7, paragraph (A) (a) that is installed and operated within Minnesota exclusively to prevent pollution of air, water, or land in accordance with engineering principles approved by the Minnesota pollution control agency*, may be deducted from the tax due under this chapter in the first year for which a depreciation deduction is allowed for the equipment. The credit allowed by this subdivision shall not exceed so much of the liability for tax for the taxable year as does not exceed \$50,000 \$75,000. *The credit shall apply only if the equipment meets rules prescribed by the Minnesota pollution control agency and is in-*

stalled or operated in accordance with a permit or order issued by the agency.

(b) If the amount of the credit determined under (a) for any taxable year for which a depreciation deduction is allowed exceeds the limitation provided by (a) for such taxable year (hereinafter in this subdivision referred to as the "unused credit year"), such excess shall be,

~~(1) a credit carryback to each of the three taxable years preceding the unused credit year, and~~

~~(2) a credit carryover to each of the seven four taxable years following the unused credit year.~~

The entire amount of the unused credit for an unused credit year shall be carried to the earliest of the ~~ten four~~ taxable years to which ~~(by reason of (1) and (2))~~ such credit may be carried and then to each of the other ~~nine three~~ taxable years; provided, however, the maximum credit allowable in any one taxable year under this subdivision (including the credit allowable under (a) and the ~~carryback or carryforward~~ allowable under this paragraph) shall in no event exceed ~~\$50,000~~ \$75,000.

(c) This subdivision shall apply to property acquired in taxable years beginning on or after January 1, ~~1969~~ 1977.

Sec. 3. Minnesota Statutes 1978, Section 290.06, Subdivision 9a, is amended to read:

Subd. 9a. [FEEDLOT POLLUTION CONTROL EQUIPMENT.] A credit of 10 percent of the net cost of pollution control and abatement equipment, including but not limited to, lagoons, concrete storage pits, slurry handling equipment, and other equipment and devices approved by the pollution control agency, purchased, installed and operated within the state by a feedlot operator to prevent pollution of air, land, or water in connection with the operation of a livestock feedlot, poultry lot or other animal lot, may be deducted from the tax due under this chapter in the taxable year in which such equipment is purchased; provided that no deduction shall be taken for any portion of the cost of the same equipment pursuant to subdivision 9. ~~The credit provided for in subdivision 9 shall terminate on December 31, 1976. The credit provided for in this subdivision shall terminate on December 31, 1980, except any amounts that are carried forward to a subsequent year may be taken as a credit in such subsequent years.~~

If the amount of the credit provided by this subdivision exceeds the taxpayer's liability for taxes pursuant to chapter 290 in the taxable year, beginning after December 31, 1972, in which the equipment is purchased, the excess amount may be carried forward to the four taxable years following the year of purchase. The entire amount of the credit not used in the year purchased shall be carried to the earliest of the four taxable years to which the credit may be carried and then to each of the three successive taxable years.

Sec. 4. Minnesota Statutes 1978, Chapter 298, is amended by adding a section to read:

[298.028] [POLLUTION CONTROL TAX CREDIT.] *Subdivision 1. A credit of five percent of the net cost of equipment used primarily to abate or control pollutants to meet or exceed state laws, rules or standards to the extent the property is so used may be deducted from the tax imposed by section 298.01 in the first year in which the equipment is installed.*

The credit allowed by this subdivision shall not exceed so much of the liability for tax for the taxable year as does not exceed \$75,000. The credit shall apply only if the equipment meets rules prescribed by the Minnesota pollution control agency and is installed or operated in accordance with a permit or order issued by the agency.

Subd. 2. If the amount of the credit determined under subdivision 1 for any taxable year exceeds the limitation provided in subdivision 1 for such taxable year, hereinafter referred to as the "unused credit year", such excess shall be a credit carryover to each of the four taxable years following the unused credit year.

The entire amount of the unused credit for an unused credit year shall be carried to the earliest of the four taxable years to which such credit may be carried and then to each of the other three taxable years; provided, however, the maximum credit allowable in any one taxable year under this subdivision, including the credit allowable under subdivision 1 and the carryforward allowable under this paragraph, shall in no event exceed \$75,000.

Sec. 2. [EFFECTIVE DATE.] *Section 1 is effective for taxable years beginning after December 31, 1979. Sections 2 and 3 are effective the day following final enactment. Section 4 is effective for property acquired in a taxable year beginning after December 31, 1978.*

ARTICLE V: ENERGY CREDIT

Section 1. Minnesota Statutes 1978, Section 290.06, is amended by adding a subdivision to read:

Subd. 13. [RESIDENTIAL ENERGY CREDIT.] A credit of 20 percent of the first \$10,000 of renewable energy source expenditures, including the expenditures described in clauses (a), (b) and (d) if made by an individual taxpayer on a Minnesota building of six dwelling units or less and expenditures for biomass conversion equipment described in clause (c), may be deducted from the tax due under this chapter for the taxable year in which the expenditures were made. For purposes of this subdivision, the term "building" shall include a condominium or townhouse used by the taxpayer as a residence. In the case of qualifying expenditures incurred in connection with a building under construction by a contractor, the credit shall be deducted from the tax liability of the first individual to purchase the building for use as a principal residence or for residential rental purposes; the contractor shall not

be eligible for the credit given pursuant to this subdivision for that expenditure.

A "renewable energy source expenditure" which qualifies shall include:

(a) Expenditures which qualify for the federal renewable energy credit, pursuant to Section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto;

(b) Expenditures for earth sheltered dwelling units. For purposes of this credit, an "earth sheltered dwelling unit" shall mean a structure which complies with applicable building standards and which is constructed so that:

(1) 80 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(2) 50 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(3) Those portions of the structure not insulated with a minimum of seven feet of earth shall have additional insulation;

(c) Expenditures for biomass conversion equipment which produces ethanol, methane or methanol for use as a liquid fuel which is not offered for sale; and

(d) Expenditures for passive solar energy systems. For purposes of this credit, a "passive solar energy system" is defined to include systems which utilize elements of the building and its operable components to heat or cool a building unit the sun's energy by means of conduction, convection, radiation, or evaporation. A passive system shall include:

(1) Collection aperture, including glazing installed in south facing walls and roofs; and

(2) Storage element, including thermal mass in the form of water, masonry, rock, concrete, or other mediums which is designed to store heat collected from solar radiation.

A passive system may include:

(1) Control and distribution element, including fans, louvers, and air ducts; and/or

(2) Retention element, including movable insulation used to minimize heat loss caused by nocturnal radiation through areas used for direct solar heat gain during daylight hours.

Eligible passive expenditures shall be for equipment, materials or devices that are an integral part of the components listed above and essential to the functioning of a passive design which qualifies pursuant to rules promulgated by the commissioner of revenue in cooperation with the director of the energy agency. Expenditures for equipment, materials, or devices which are a part of the normal heating, cooling, or insulation system of a building are not eligible for the credit.

If a credit was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$10,000 reduced by the amount of expenditures which a credit was claimed pursuant to this subdivision in prior years.

The credit provided in this subdivision shall not be allowed in a taxable year if the amount of the credit would be less than \$10.

If the credit allowable under this subdivision exceeds the amount of tax due in a taxable year, the excess credit shall not be refunded but may be carried forward to the succeeding taxable year and added to the credit allowable for that year. No amount may be carried forward to a taxable year beginning after December 31, 1984.

A shareholder in a family farm corporation and each partner in a partnership operating a family farm shall be eligible for the credit provided by this subdivision in the same manner and to the same extent allowed a joint owner of property under clause (a). "Family farm corporation" and "family farm" have the meanings given in section 500.24.

The credit provided in this subdivision is subject to the provisions of section 44C, (c) (7), (d) (1) to (3), and (e), of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto.

Sec. 2. [RULES.] *The commissioner of revenue in cooperation with the director of the energy agency shall promulgate rules establishing additional qualifications and definitions for the credits provided in clauses (a) to (d).*

Sec. 3. [EFFECTIVE DATE.] *This article is effective for expenditures made during taxable years beginning after December 31, 1978 and before January 1, 1983.*

ARTICLE VI: LOCAL AIDS

Section 1. Minnesota Statutes 1978, Section 477A.01, Subdivision 1, is amended to read:

477A.01 [LOCAL GOVERNMENT AID.] Subdivision 1. The state shall distribute ~~\$52~~ *make available for distribution \$64* for each person residing in the ~~territory comprising each county state~~ *territory state* for the calendar year ~~1978 1980~~ *1978 1980* and ~~\$50 \$70~~ *\$70* for calendar year ~~1979 1981~~ *1979 1981* to the several taxing authorities, except school districts, with authority to impose taxes on property located in the ~~county's territory state~~ *county's territory state*. For purposes of this subdivision the number of persons residing in a ~~county the state~~ *county the state* shall be the 1970 federal census population. For the purposes of subdivisions 1, 3, 4, 4a, and 4b, the ~~counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, excluding the city of New Prague, and Washington shall be considered a single county. That portion of the city of New Prague which is in Scott county shall be treated as if it is in LeSueur county.~~ *counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, excluding the city of New Prague, and Washington shall be considered a single county. That portion of the city of New Prague which is in Scott county shall be treated as if it is in LeSueur county.*

Sec. 2. Minnesota Statutes 1978, Section 477A.01, Subdivision 2, is amended to read:

Subd. 2. Every county government except that of a county containing a city of the first class shall receive a distribution equal to the distribution it was entitled to receive in the preceding year pursuant to Minnesota Statutes 1974, Section 477A.01 plus an additional aid payment as follows: for 1980, the sum of \$1 for each person residing in the county according to the 1970 federal census and, for 1981, the sum of \$2 for each person residing in the county according to the 1970 federal census. The amount necessary to make the payments to the counties in excess of the amount of their 1979 local government aid payments shall be appropriated in addition to the amount required to be appropriated pursuant to subdivision 1.

Sec. 3. Minnesota Statutes 1978, Section 477A.01, Subdivision 4, is amended to read:

Subd. 4. (a) The balance of the distributions in ~~1978~~ 1980 pursuant to subdivision 1, shall be divided among the several cities and towns in the county's territory in the proportion that the product of

the city or town's 1970 federal census population or the average of the city's or town's 1970 federal census population and its current population as determined under the provisions of section 275.53, whichever is greater, times

(a) In the case of a city or town outside the metropolitan area as defined in section 473.121, subdivision 2, or a city other than a city of the first class or town inside the metropolitan area, the sum of its average city or town mill rate for the three immediately preceding years divided by three; or

(b) In the case of a first class city located within the metropolitan area, the sum of (i) 60 percent of the dollar amount of its levy limitation and its special levies plus (ii) 40 percent of the dollar amount of its actual levy, divided by its taxable value adjusted for the contributions and distribution required by chapter 473F, for each of the three immediately preceding years divided by three, times

its city or town 1976 aggregate sales ratio as determined by the commissioner of revenue bears to the sum of the product of that calculation for all cities and towns in the territory, state as provided herein:

(1) Funds shall be distributed to all cities and towns which are not subject to the levy limitation imposed pursuant to sections 275.50 to 275.56, with the distribution to be based on the average equalized mill rate of each city or town. For purposes of this clause, "average equalized mill rate" shall be defined as the sum of the 1979 mill rate of the city or town plus its 1978 mill rate plus its 1977 mill rate, multiplied by its 1978 aggregate sales ratio as determined by the commissioner of revenue, divided by three.

If the average equalized mill rate of the city or town is 10 or less, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus, in the case of a city, the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 10 but less than or equal to 20, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$3 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01, for 1979, plus the sum of \$5 multiplied by its population as determined under section 275.53.

(2) Funds shall be distributed to the city of Minneapolis in an amount equal to the amount distributed to that city for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01.

(3) The funds remaining after distribution has been made pursuant to paragraphs (1) and (2) shall be distributed according to the provisions of this paragraph among the cities and towns, other than the city of Minneapolis, which are subject to the levy limitations imposed pursuant to sections 275.50 to 275.56.

(i) For purposes of the 1980 distribution, the "local revenue base" of a city or town shall be the sum of its levy limitation for taxes levied in 1978 plus the amount of the distribution it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, except that the "local revenue base" of a city of the first class located within the metropolitan area defined in section 473.121, subdivision 2 shall be the sum of its levy limitation for taxes levied in 1978, multiplied by .85, plus the amount of the distribution it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01.

(ii) A preliminary state aid factor shall be established for each city and town by subtracting from the local revenue base, an amount equal to ten mills multiplied by the 1979 taxable valuation of the city or town, adjusted for the contributions and distributions required by chapter 473F in the case of a city or town located within the metropolitan area and less the captured value in any tax increment district, divided by its 1978 aggregate sales ratio as determined by the commissioner of revenue.

(iii) A final state aid factor shall be established for each city and town by adjusting the preliminary state aid factor to comply with the following restrictions:

The final state aid factor for a city or town shall be an amount which is equal to or greater than an amount computed pursuant to the following:

If the average equalized mill rate of the city or town is 10 or less, the final state aid factor of the city or town shall be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 10 but less than or equal to 20, the final state aid factor of the city or town will be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$3 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the final state aid factor of the city or town will be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01, for 1979, plus the sum of \$5 multiplied by its population as determined under section 275.53.

The final state aid factor for any city or town shall not exceed the previous year's distribution under Minnesota Statutes 1978, Section 477A.01 by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1978, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(iv) The amount of the distribution for which a city or a town is eligible under this paragraph shall be determined as follows: For each city or town, its final state aid factor increase shall be the difference between its final state aid factor determined pursuant to this paragraph and the amount of distribution which it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01. The final state aid factor increase of each city or town shall be divided by the sum of the final state aid factor increases for all cities and towns receiving distributions under this paragraph; that quotient shall be multiplied by the amount of the increase in funds available for distribution under this paragraph over the sum of the amounts distributed to those cities and towns for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01. That product, plus the distribution the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, shall equal the distribution to be distributed to the city or town for 1980.

(v) The final distribution made to each city or town pursuant to this paragraph shall be in an amount which is at least equal to the distribution received by that city or town for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, but which does not exceed the amount of the city's or town's 1979 distribution by more than the following percent: if a city received more than

\$100 per capita in 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1978, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(vi) If the amount distributed to a city or town by paragraph (iv) is limited by paragraph (v) the distribution to other cities and towns that receive aid under paragraph (3) shall be proportionately increased as necessary to absorb the difference. In no event shall a city's or town's distribution exceed the city's or town's 1979 distribution by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1978, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(b) The balance of the distributions in 1979 1981 pursuant to subdivision 1 shall be divided among the several cities and towns in the county's territory in the proportion that the product of

the city or town's 1970 federal census population or the average of the city's or town's 1970 federal census population and its current population as determined under the provisions of section 275.52, whichever is greater; times

(a) In the case of a city or town outside the metropolitan area as defined in section 473.121, subdivision 2, or a city other than a city of the first class or town inside the metropolitan area, the sum of its average city or town mill rate for the three immediately preceding years divided by three; or

(b) In the case of a first class city located within the metropolitan area, the sum of (i) 60 percent of the dollar amount of its levy limitation and its special levies plus (ii) 40 percent of the dollar amount of its actual levy, divided by its taxable value adjusted for the contributions and distribution required by chapter 473F, for each of the three immediately preceding years divided by three, times

its city or town 1977 aggregate sales ratio as determined by the commissioner of revenue bears to the sum of the product of that calculation for all cities and towns in the territory, state as provided herein:

(1) Funds shall be distributed to all cities and towns which are not subject to the levy limitations imposed pursuant to sections 275.50 to 275.56, with the distributions to be based on the average equalized mill rate of each city or town. For purposes of this clause,

“average equalized mill rate” shall be defined as the sum of the 1980 mill rate of the city or town plus its 1979 mill rate plus its 1978 mill rate, multiplied by its 1979 aggregate sales ratio as determined by the commissioner of revenue, divided by three.

If the average equalized mill rate of the city or town is 10 or less, the city or town will receive a distribution equal to that which it received pursuant to clause (a) for 1980, plus, in the case of a city, the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 10 but less than or equal to 20, the city or town will receive a distribution equal to that which it received pursuant to clause (a) for 1980, plus the sum of \$4 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the city or town will receive a distribution equal to that which it received pursuant to clause (a), for 1980, plus the sum of \$6 multiplied by its population as determined under section 275.53.

(2) The funds remaining after distribution has been made pursuant to paragraph (1) shall be distributed according to the provisions of this paragraph among the cities and towns which are subject to the levy limitations imposed pursuant to sections 275.50 to 275.56.

(i) For purposes of the 1981 distribution, the “local revenue base” of a city or town shall be its local revenue base computed according to clause (a) paragraph (3) for purposes of the 1980 distribution, provided that, in the case of a city which received its 1980 aid distribution pursuant to clause (a), paragraph (2), a local revenue base shall be computed for it according to the provisions of clause (a), paragraph (3); these revenue bases shall be increased as follows:

The 1980 local revenue base will be multiplied by the percentage of increase from June, 1979, to June, 1980 in the revised consumer price index for all urban consumers for the Minneapolis-St. Paul metropolitan area prepared by the United States department of labor with 1967 as a base year. The product of that computation will be added to the 1980 local revenue base. The inflation-adjusted base shall also be increased by the percentage increase in the population of the city or town during the preceding year as determined according to section 275.53. After adjustment for population increase the inflation-adjusted local revenue base of each city and town shall also be increased by (1) the amount of its special levies levied in 1979 to pay the costs of principal and interest on bonded indebtedness incurred in 1979 or thereafter for the purpose of providing capital replacement for streets, curbs, gutters, storm sewers and bridges plus (2) any adjustments made to the levy limit base of the city or town pursuant to Article II, section 24 for purposes of refuse collection and street maintenance; and (3)

any adjustments made to the levy limit base of the city or town pursuant to section 275.52, subdivision 4, clause (d).

(ii) A preliminary state aid factor shall be established for each city and town by subtracting from the local revenue base, ten mills multiplied by the 1980 taxable valuation of the city or town adjusted for the contributions and distributions required by chapter 473F if applicable and less the captured value in any tax increment financing district divided by its 1979 sales ratio as determined by the commissioner of revenue.

(iii) A final state aid factor shall be established for each city and town by adjusting the preliminary state aid factor to comply with the following restrictions:

The final state aid factor for a city or town shall be an amount which is equal to or greater than an amount computed pursuant to the following:

If the average equalized mill rate of the city or town is 10 or less, the final state aid factor of the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 10 but less than or equal to 20, the final state aid factor for the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$4 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the final state aid factor for the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$6 multiplied by its population as determined under section 275.53.

The final state aid factor for any city or town shall not exceed the previous year's distribution under section 477A.01 by more than the following percent: if a city received more than \$100 per capita in 1980 pursuant to clause (a) of this subdivision using the population determined pursuant to section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(iv) The amount of the distribution for which a city or town is eligible under this paragraph shall be determined as follows: For each city or town, its final state aid factor increase shall be the difference between its final state aid factor determined pursuant to this paragraph and the amount of distribution which it received pursuant to clause (a). The final state aid factor increase of each city or town shall be divided by the sum of the final state aid factor increases for all cities and towns receiving distributions under this paragraph; that quotient shall be multiplied by the

amount of the increase in funds available for distribution under this paragraph over the amount distributed under clause (a), paragraphs (2) and (3). That product, plus the distribution the city or town received pursuant to clause (a), shall equal the distribution to be distributed to the city or town for 1981.

(v) The final distribution made to each city or town pursuant to this paragraph shall be in an amount which is at least equal to the distribution received by that city or town for 1980 pursuant to clause (a), but which does not exceed the amount of the city's or town's 1980 distribution by more than the following percent: if a city received more than \$100 per capita in 1980 pursuant to clause (a) of this subdivision using the population determined pursuant to section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent:

(vi) If the amounts distributed to a city or town by paragraph (iv) is limited by paragraph (v) the distribution to other cities and towns who receive aid under paragraph (2) shall be proportionately increased as necessary to absorb the difference. In no event shall a city's or town's distribution exceed the city's or town's 1980 distribution by more than the following percent: if a city received more than \$100 per capita in 1980 pursuant to clause (a) of this subdivision using the population determined pursuant to section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

Within 30 days of the effective date of this section, the board of trustees of the Minneapolis municipal employees retirement fund shall transfer the entire assets attributable to the coordinated program of the Minneapolis municipal employees retirement fund to the coordinated program of the public employees retirement association. The assets transferred shall be an amount equal in value to the amount of*

Sec. 7. Minnesota Statutes 1978, Chapter 355, is amended by adding a section to read:

[355.311] [SECOND SOCIAL SECURITY REFERENDUM.] *Subdivision 1. Any member who so elects shall become a member of the coordinated program of the public employees retirement association and sufficient assets shall be transferred by the board of trustees of the Minneapolis municipal employees retirement fund to the coordinated program of the public employees retirement association pursuant to section 6.*

Subd. 2. This payment shall be computed from the date of retroactive coverage to the date that deductions are first taken from the wages of each municipal employee pursuant to section 355.309. Amounts paid to meet the required employee contribution shall first be deducted from the

accumulated deductions of the municipal employee and then from the remaining assets of the fund.

Subd. 3. [APPROPRIATION.] The amounts required by this section are hereby appropriated from the Minneapolis municipal employees retirement fund and the executive secretary of the fund is authorized to make any necessary disbursements and transfers. The amounts so required shall be paid to the contribution fund provided for in the enabling act.

Subd. 4. [BALANCES DUE AFTER PAYMENT OF RETROACTIVE SOCIAL SECURITY EMPLOYEE AND EMPLOYER TAXES.] Any municipal employee who elects social security coverage from and after January 1, 1979 and thereby transfers from the basic program of the Minneapolis municipal employees fund to the coordinated program of the Minneapolis municipal employees fund and from whose account retroactive social security employee taxes are paid by the board of the Minneapolis municipal employees fund shall be required to reimburse the fund in an amount equal to the difference between employee contributions at the rate of eight percent of his total salary for the period of retroactive social security coverage and the aggregate of four percent of his total salary for the period of retroactive social security coverage plus the rate of retroactive social security employee taxes paid on the salary of the municipal employee restricted to the earnings limitations imposed by the federal insurance contribution act covering service as a municipal employee rendered from and after July 1, 1978. In the event that a municipal employee does not reimburse the Minneapolis municipal employees retirement fund within 30 days following notification by the executive secretary of the amount of reimbursement which is due, interest at the rate of six percent per annum compounded annually from the date the amount was first payable following notification until the date payment is made shall accrue. The city or the public corporation which employs a municipal employee electing social security coverage from and after January 1, 1979 for service on which retroactive social security employer taxes are paid from the Minneapolis municipal employees retirement fund shall reimburse the fund in an amount equal to the reimbursement amount payable by the municipal employee. The financial requirements of the fund payable by the city shall be calculated as follows:*

(c) *a proportional share of an additional employer amortization contribution of an amount equal to \$3,900,000 annually until the year 2017 based upon the share of the Minneapolis municipal employees retirement fund's unfunded liability attributed to the city.*

Subd. 2. Contributions by or for any city owned public utility, improvement project and other municipal activities supported in

whole or in part by revenues other than real estate taxes, any public corporation, any employing unit of metropolitan government or by special school district number 1, shall be calculated as follows:

(c) a proportional share of an additional employer amortization contribution of an amount equal to \$3,900,000 annually until the year 2017 based upon the share of the Minneapolis municipal employees retirement fund's unfunded liability attributed to the employer.

Subd. 3. [STATE CONTRIBUTIONS.] There is appropriated from the general fund of the state to the Minneapolis municipal employees retirement fund annually an amount equal to the financial requirements of the basic program of the Minneapolis municipal employees retirement fund reported by the actuary in the actuarial valuation of the fund prepared pursuant to section 356.215 for the most recent year but based on a target date for full amortization of the unfunded liabilities by the year 2017 less the amount of employee contributions made pursuant to section 422A.10, and the amount of employer contributions made pursuant to subdivision 1, clauses (a), (b) and (c), and subdivision 2, clauses (a), (b) and (c). Nonoperating property shall include real property which is leased or rented or available for lease or rent to any person which is not a railroad company. Vacant land shall be presumed to be available for lease or rent if it has not been used as operating property for a period of one year preceding the valuation date. Nonoperating property also includes land which is not necessary and integral to the performance of railroad transportation services and which is not used on a regular and continual basis in the performance of these services.

Subd. 5. "Commissioner" means the commissioner of revenue.

Sec. 2. *Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:*

[270.81] [TAXATION AND ASSESSMENT OF RAILROAD COMPANY PROPERTY.] *Subdivision 1. The operating property of every railroad company doing business in Minnesota shall be valued by the commissioner in the manner prescribed by sections 1 to 13.*

Subd. 2. The nonoperating property of every railroad company doing business in Minnesota shall be assessed as otherwise provided by law.

Subd. 3. The commissioner shall have exclusive primary jurisdiction to determine what is operating property and what is nonoperating property. In making such determination, the commissioner

shall solicit information and opinions from outside his department and afford all interested persons an opportunity to submit data or views on the subject in writing or orally. Local assessors may submit written requests to the commissioner, asking that he determine the nature of specific property owned by a railroad and located within their assessing jurisdiction. Any determination made by the commissioner may be appealed by the assessor to the tax court pursuant to Minnesota Statutes, Chapter 271.

Subd. 4. In no event shall property owned or used by a railroad, whether operating property or nonoperating property, be subject to tax hereunder unless such property is of a character which would otherwise be subject to tax under the provisions of Minnesota Statutes, Chapter 272.

Subd. 5. Prior to the promulgation of permanent rules the commissioner may exercise temporary rule-making authority as provided in section 15.0412, subdivision 5, to implement the provisions of this act. The commissioner shall solicit information and opinions from outside his department as provided in section 15.0412, subdivision 6, before adopting these rules. Notwithstanding the provisions of section 15.0412, subdivision 5, rules adopted pursuant to this section shall be effective until permanent rules are adopted pursuant to chapter 15 or until May 1, 1980, whichever occurs first.

Sec. 3. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.82] [REPORTS OF RAILROAD COMPANIES.] *Subdivision 1. Every railroad company doing business in Minnesota shall annually file with the commissioner on or before April 30 a report under oath setting forth the information prescribed by the commissioner to enable him to make the valuation and equalization required by sections 1 to 13.*

Subd. 2. The commissioner for good cause may extend the time for filing the report required by subdivision 1.

Sec. 4. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.83] [EXAMINATIONS AND INVESTIGATIONS.] *Subdivision 1. The commissioner shall have the power to examine or cause to be examined any books, papers, records, or memoranda relevant to the determination of the valuation of operating property as herein provided. Subd. 2. For the purpose of making such examinations, the commissioner may appoint such persons as he may deem necessary. Such persons shall have the rights and powers of the examining of books, papers, records or memoranda, and of subpoenaing wit-

nesses, administering oaths and affirmations, and taking of testimony, which are conferred upon the commissioner hereby. The clerk of any court of record, upon demand of any such person, shall issue a subpoena for the attendance of any witness or the production of any books, papers, records, or memoranda before such person. The commissioner may also issue subpoenas for the appearance of witnesses before him or before such persons. Disobedience of subpoenas so issued shall be punished by the district court of the district in which the subpoena is issued for a contempt of the district court.

Subd. 3. If any railroad company shall refuse or neglect to make the report required by this section to the commissioner, or shall refuse or neglect to permit an inspection and examination of its property, records, books, accounts or other papers when requested by the commissioner, or shall refuse or neglect to appear before the commissioner or a person appointed under subdivision 2 when required so to do, the commissioner shall make the valuation provided for by sections 1 to 13 against the railroad company according to his best judgment on available information.

Sec. 5. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.84] [ANNUAL VALUATION OF OPERATING PROPERTY.] Subdivision 1. The commissioner shall annually between April 30 and July 31 make a determination of the fair market value of the operating property of every railroad company doing business in this state as of January 2 of the year in which the valuation is made. In determining the fair market value of the portion of operating property within this state, the commissioner shall value the operating property as a unit, taking into consideration the value of the operating property of the entire system, and shall allocate to this state that part thereof which is a fair and reasonable proportion of said entire system valuation. If the commissioner uses original cost as a factor in determining the unit value of operating property, no depreciation or obsolescence allowance shall be permitted. However, if the commissioner uses replacement cost as a factor in determining the unit value of operating property, then a reasonable depreciation and obsolescence allowance may be used.

The commissioner shall give a report to the legislature in February 1980 and in February 1981 on the formula which he has used to determine the unit value of railroad operating property pursuant to this act. This report shall also contain the valuation for payable 1980 and 1981 by company and the taxes payable in 1980 and 1981 by company based upon the valuation of operating property. The legislature may review the formula, the valuation, and the resulting taxes and may make changes in the formula that it deems necessary.

Subd. 2. After the commissioner has determined the fair market value of the operating property of each railroad company, he shall give notice by first class mail to the railroad company of the valuation.

Sec. 6. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.85] [REVIEW OF VALUATION.] *A railroad company may within 15 days of receipt of the notice of valuation file a written request for a conference with the commissioner relating to the value of its operating property. The commissioner shall thereupon designate a time and place for the conference which he shall conduct, upon commissioner's entire files and records and such further information as may be offered. Said conference shall be held no later than 30 days after mailing of the commissioner's valuation notice. At a reasonable time after such conference the commissioner shall make a final determination of the fair market value of the operating property of the railroad company and shall notify the company promptly thereof.*

Sec. 7. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.86] [APPORTIONMENT OF VALUATION.] *Upon determination by the commissioner of the fair market value of the operating property of each railroad company, he shall apportion such value to the respective counties and to the taxing districts therein in conformity with fair and reasonable rules and standards to be established by the commissioner pursuant to notice and hearing, except as provided in section 2. In establishing such rules and standards the commissioner may consider (a) the physical situs of all station houses, depots, docks, wharves, and other buildings and structures with an original cost in excess of \$10,000; (b) the proportion that the length and type of all the tracks used by the railroad in such county and taxing district bears to the length and type of all the track used in the state; and (c) other facts as will result in a fair and equitable apportionment of value.*

Sec. 8. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.87] [CERTIFICATION TO COUNTY ASSESSORS.] *When the commissioner has made his annual determination of the fair market value of the operating property of each company in each of the respective counties, and in the taxing districts therein, he shall certify the fair market value to the county assessor, which shall constitute the fair market value of the operating property of the railroad company in such county and the taxing districts therein upon which taxes shall be levied and collected in the same manner as on the commercial and industrial property of such county and the taxing districts therein.*

Sec. 9. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.88] [PROCEEDINGS AND APPEALS.] *The commissioner's final determination under section 6 and his certification to county assessors under section 8 shall be final orders appealable to the tax court in accordance with chapter 271. Appeals by railroad companies under this act shall be taken against the commissioner and not against the county or taxing district to which payment is*

made. Upon the filing of any appeal by a railroad company, the commissioner shall give notice thereof by first class mail to each county which would be affected by the appeal.

Sec. 10. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.89] [APPLICABILITY OF OTHER PROVISIONS.] *Section 297A.25, subdivision 1, clause (1) shall remain applicable to railroad companies subject to this act.*

Sec. 11. Minnesota Statutes 1978, Chapter 270, is amended by adding a section to read:

[270.90] [PAYMENT OF TAXES IN 1980 AND 1981 ONLY.] *For the years 1979 and 1980 only, after the commissioner has determined the market value of the operating property of each company under the provisions of sections 5 and 6, he shall compute the assessed value of the operating property by applying the classification percentage contained in section 273.13, subdivision 9. By March 1, 1980 and 1981, the commissioner shall compute the tax due from each company by applying the average statewide mill rate. The statement of taxes shall be sent to each company on or before April 1, 1980 and 1981, and shall indicate the assessed value of operating property, the mill rate applied in determining the taxes and the total amount of taxes due and payable. That amount shall be compared to the amount of gross earnings tax imposed under section 13 of this act. If the amount paid pursuant to section 13 is less than the amount computed in this section, the additional tax shall be payable to the commissioner and shall be deposited by him in the general fund of the state treasury. The provisions of section 279.01 pertaining to due dates and penalties for late payment of taxes for nonhomestead property shall be applicable to the taxes payable under this section. If the amount paid pursuant to section 13 exceeds the amount computed in this section, the commissioner shall refund the amount of excess within 60 days. The amounts necessary to make the refunds provided in this section are appropriated to the commissioner from the general fund in the state treasury.*

Sec. 12. Minnesota Statutes 1978, Section 272.02, Subdivision 1, is amended to read:

272.02 [EXEMPT PROPERTY.] Subdivision 1. Except as provided in other subdivisions of this section or in section 272.025, all property described in this section to the extent herein limited shall be exempt from taxation:

The term "household" as used in this section is defined to be a domestic establishment maintained either (1) by two or more persons living together within the same house or place of abode, subsisting in common and constituting a domestic or family relationship, or (2) by one person.

(b) During the period of his active service and for six months after his discharge therefrom, no member of the armed forces of the United States shall lose status of a householder under paragraph (a) which he had immediately prior to becoming a member of the armed forces.

In case there is an assessment against more than one member of a household the \$100 exemption shall be divided among the members assessed in the proportion that the assessed value of the Class 2 property of each bears to the total assessed value of the Class 2 property of all the members assessed. The Class 2 property of each household claimed to be exempt shall be limited to property in one taxing district, except in those cases where a single domestic establishment is maintained in two or more adjoining districts.

Bonds and certificates of indebtedness hereafter issued by the state of Minnesota, or by any county or city of the state, or any town, or any common or independent school district of the state, or any governmental board of the state, or any county or city thereof, shall hereafter be exempt from taxation; provided, that nothing herein contained shall be construed as exempting such bonds from the payment of a tax thereon, as provided for by section 291.01, when any of such bonds constitute, in whole or in part, any inheritance or bequest, taken or received by any person or corporation.

(10) Farm machinery manufactured prior to 1930, which is used only for display purposes as a collectors item;

(11) The taxpayer shall be exempted with respect to, all agricultural products, inventories, stocks of merchandise of all sorts, all materials, parts and supplies, furniture and equipment, manufacturers material, manufactured articles including the inventories of manufacturers, wholesalers, retailers and contractors; and the furnishings of a room or apartment in a hotel, rooming house, tourist court, motel or trailer camp, tools and machinery which by law are considered as personal property, and the property described in section 272.03, subdivision 1 (c), except personal property which is part of an electric generating, transmission, or distribution sys-

(14) All agricultural tools, implements and machinery used by the owners in any agricultural pursuit.

(15) Real and personal property used primarily for the abatement and control of air, water, or land pollution to the extent that it is so used.

Any taxpayer requesting exemption of all or a portion of any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of revenue. Any such equipment or device shall meet standards, regulations or criteria prescribed by the Minnesota Pollution Control Agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota Pollution Control Agency shall upon request of the commissioner furnish information or advice to the commissioner. If the commissioner determines that property qualifies for exemption, he shall issue an order exempting such property from taxation. Any such equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota Pollution Control Agency remains in effect.

Sec. 13. Minnesota Statutes 1978, Section 295.02, is amended to read:

295.02 [ANNUAL RETURN.] Every railroad company owning or operating any line of railroad situated within, or partly within, this state shall, annually, pay to the commissioner of revenue, in lieu of all taxes upon all property within this state owned or operated for railway purposes by such company, including equipment, appurtenances, appendages and franchises thereof, a sum of money equal to *five two* percent of the gross earnings derived from the operation of such line of railway within this state.

On or before September first, annually, each such railroad company shall file a true and just return of all such gross earnings for the six months ending June thirtieth, next preceding, and the tax of *five two* percent thereon shall become due and payable to the state of Minnesota, in manner provided by law, on September first.

On or before March first, annually, each such railroad company

shall file a true and just return of all such gross earnings for the six months ending December thirty-first, next preceding, and tax of five *two* percent thereon shall become due and payable to the state of Minnesota, in manner provided by law, on March first. The payments of such sums at the times hereinbefore set forth shall be in full and in lieu of all other taxes upon the property and franchises so taxed.

Such returns shall be filed with the commissioner, in such form as he shall prescribe, and the provisions of chapter 294 and acts amendatory thereto, shall be applicable to such railroad companies and to the returns and the taxes submitted therewith by them.

The lands acquired by public grant shall be and remain exempt from taxation until sold or contracted to be sold or conveyed, as provided in the respective acts whereby such grants were made or recognized.

The county auditor of each county containing taxable real or personal property situated within any school district shall certify to the district upon request the market value of all such property. The county auditor of each county containing exempt property referred to in section 275.49, situated within any school district, shall certify to the district upon request the total market value of all such property as determined under section 275.49. ~~If 20 percent or more in value of the taxable property in any school district consists of property on which taxes are paid into the state treasury under gross earnings tax laws applicable to common carrier railroads. The public service commission commissioner of revenue shall certify to the district upon request the market value of railroad property within the district as most recently determined by the commission under section 270.87 . Whenever the state equalization aid review committee, in accordance with section 124.212, subdivision 10, has determined that the assessed valuation of any district furnished by county auditors is not based upon the market value of taxable property in the district, the commissioner of revenue shall certify to the district upon request the ratio most recently ascertained to exist between such value and the actual market value of property within the district. The actual market value of property within a district, on which its debt limit under this subdivision is based, is (a) the value certified by the county auditors and, where applicable, by the public service commission commissioner of revenue under section 270.87 , or (b) this value divided by the ratio certified by the commissioner of revenue, whichever results in a higher value.~~

Sec. 16. Section 15 shall be effective beginning for taxable years after December 31, 1980. The remainder of this article is effective after December 31, 1978.

ARTICLE VIII: PAYMENTS IN LIEU

Section 1. [DEFINITIONS.] Subdivision 1. For the purpose of sections 1 to 5, the terms defined in this section have the meanings given them.

Subd. 2. "Commissioner" means the commissioner of natural resources.

Subd. 3. "Acquired natural resources land" means any land presently administered by the commissioner in which the state acquired by purchase, condemnation, or gift, a fee title interest in lands which were previously privately owned.

Subd. 4. "Other natural resources land" means any other land presently owned in fee title by the state and administered by the commissioner, or any tax-forfeited land, other than platted lots within a city, which is owned by the state and administered by the commissioner or by the county in which it is located.

Sec. 2. There is annually appropriated to the commissioner of natural resources from the general fund for payment to counties within the state an amount equal to \$3 multiplied by the number of acres of acquired natural resources land, 75 cents multiplied by the number of acres of county-administered other natural resources land, and 37.5 cents multiplied by the number of acres of commissioner-administered other natural resources land located in each county as of July 1 of each year. Lands for which payments in lieu are made pursuant to section 97.49, subdivision 7, and Laws 1973, Chapter 567, shall not be eligible for payments under this section. Each county auditor shall certify to the department of natural resources during July of each year the number of acres of county-administered other natural resources land within his county. The department of natural resources may, in addition to the certification of acreage, require descriptive lists of land so certified. The commissioner of natural resources shall determine and certify the number of acres of acquired natural resources land and commissioner-administered natural resources land within each county.

Sec. 3. Payments to the counties shall be made from the general fund during the month of January of the year next following certification. There shall be deducted from amounts paid any amounts paid to a county or township during the preceding year pursuant to sections 84A.51, 89.036, 97.49, subdivision 3, and 272.68, subdivision 3 with respect to the lands certified pursuant to section 2.

Sec. 4. Forty percent of the total payment to the county shall be deposited in the county general revenue fund to be used to pro-

vide property tax levy reduction. The remainder shall be distributed by the county in the following priority:

(a) 37.5 cents for each acre of county-administered other natural resources land shall be deposited in a resource development fund to be created within the county treasury for use in resource development, forest management, game and fish habitat improvement, and recreational development and maintenance of county-administered other natural resources land. Any county receiving less than \$5,000 annually for the resource development fund may elect to deposit that amount in the county general revenue fund;

(b) From the funds remaining, each organized township shall receive 30 cents per acre of acquired natural resources land and 7.5 cents per acre of other natural resources land located within its boundaries. Payments for natural resources lands not located in an organized township shall be deposited in the county general revenue fund. Payments to counties and townships pursuant to this paragraph shall be used to provide property tax levy reduction. Provided that, if the total payment to the county pursuant to section 2 is not sufficient to fully fund the distribution provided for in this clause, the amount available shall be distributed to each township and the county general revenue fund on a pro rata basis; and

(c) Any remaining funds shall be deposited in the county general revenue fund. Provided that, if the distribution to the county general revenue fund exceeds \$35,000, the excess shall be used to provide property tax levy reduction.

Sec. 5. Minnesota Statutes 1978, Section 275.51, Subdivision 3d, is amended to read:

Subd. 3d. The property tax levy limitation for governmental subdivisions in 1977 payable in 1978 and subsequent years shall be calculated as follows:

(a) The sum of the following amounts shall be computed: (1) the property tax permitted to be levied in 1976 payable 1977 computed pursuant to Minnesota Statutes 1976, Section 275.51, Subdivision 3c, plus

(2) the amount of any state aids the governmental subdivision was entitled to receive in calendar year 1977 pursuant to sections 477A.01; 298.26; 298.28, subdivisions 1 and 1a; 298.281, subdivision 1; 298.282; and 294.26, plus

(3) the amount levied in 1976 payable 1977 pursuant to Minnesota Statutes 1976, Section 275.50, Subdivision 5, Clauses (a), (c), (d), (e), and (f), except for levies made to pay tort judgments and make settlements of tort claims or to pay the salaries and benefits of municipal and probate court judges, plus

(4) the amount levied in 1976 payable 1977 pursuant to Minnesota Statutes 1976, Section 275.50, Subdivision 5, Clause (g) for the administrative costs of public assistance programs or county welfare systems, plus

(5) one-half of the amount of the special levy authorized under section 275.50, subdivision 5, clause (n) shall be added to the permanent levy limit base of the governmental subdivision in the year following the year in which it has been discontinued as a special levy pursuant to the provisions of section 275.50, subdivision 5, clause (n).

(b) The sum computed in clause (a) shall be increased annually in the manner provided in section 275.52 to derive the levy limit base for successive years.

(c) For taxes levied in 1978 payable 1979 and subsequent years, the levy limit base is the levy limit base which was computed for the immediately preceding year under the provisions of this section increased according to the provisions of section 275.52. Any amount levied in 1976 payable 1977 under the provisions of section 275.50, subdivision 5, clauses (a), (c), (d), (e) or (f) to meet the costs of programs, services or legal requirements which cease to exist in a subsequent year shall be subtracted from the levy limit base in the year in which the programs, services or legal requirements for which the levy was made cease to exist.

(d) The levy limit base shall be reduced by the total amount of state formula aids pursuant to section 477A.01 and taconite taxes and aids pursuant to sections 294.26; 298.26; 298.28, subdivision 1; and 298.282; ; *and the payments in lieu of taxes to a county pursuant to section 2 which are required to be used to provide property tax levy reduction*, to be paid in the calendar year in which property taxes are payable. As provided in section 298.28, subdivision 1, for taxes payable in 1978 and 1979, two cents per taxable ton, and for taxes payable in 1980 and thereafter, one cent per taxable ton of the amount distributed under section 298.28, subdivision 1, clause (4)(c) shall not be deducted from the levy limit base of the counties that receive that aid. The resulting figure is the amount of property taxes which a governmental subdivision may levy for all purposes other than those for which special levies and special assessments are made.

Sec. 6. [EFFECTIVE DATE.] *This article is effective July 1, 1979.*

ARTICLE IX: SALES TAX

Section 1. Minnesota Statutes 1978, Section 297A.01, Subdivision 3, is amended to read:

Subd. 3. A "sale" and a "purchase" includes, but is not limited to, each of the following transactions:

Sales by municipal corporations in a proprietary capacity are included in the provisions of this clause. *The furnishing of water and sewer services for residential use shall not be considered a sale.*

Sec. 2. [EFFECTIVE DATE.] *This article is effective July 1, 1979 for sales made after June 30, 1979.*

ARTICLE X: MISCELLANEOUS

Section 1. Minnesota Statutes 1978, Section 93.55, is amended to read:

93.55 [FAILURE TO FILE OR RE-FILE; FORFEITURE AFTER NOTICE AND HEARING; LEASING; RECOVERY OF FAIR MARKET VALUE OF FORFEITED INTEREST.]

Subdivision 1. If the owner of a mineral interest fails to file the verified statement required by section 93.52, before January 1, 1975, as to any interests owned on or before December 31, 1973, or within one year after acquiring such interests as to interests acquired after December 31, 1973, and not previously filed under section 93.52, the mineral interest shall forfeit to the state *after notice and opportunity for hearing as provided in this section.* Thereafter

Subd. 2. *The commissioner shall notify the last owner of record on file in either the county recorder's or registrar of titles' office of*

a hearing on an order to show cause why the mineral interest should not forfeit to the state absolutely. The notice shall be served in the same manner as provided for the service of summons in a civil action to determine adverse claims under chapter 559 and shall contain the following: (1) the legal description of the property upon or beneath which the interest exists; (2) a recitation that the statement of severed mineral interest either did not comply with the requirements specified by section 93.52 for such a statement or was not filed within the time specified in section 93.55, or both; and (3) that the court will be requested to enter an order adjudging the forfeiture of the mineral interest to be absolute in the absence of a showing that there was substantial compliance with laws requiring the registration and taxation of severed mineral interests. For the purposes of this section, substantial compliance with laws requiring the registration and taxation of severed mineral interests means: (1) that the records in the office of the county recorder or registrar of titles specified the true ownership of the severed mineral interest during the time period within which the statement of severed mineral interest should have been registered with the county recorder or the registrar of titles, or that probate, divorce, bankruptcy, mortgage foreclosure, or other proceedings affecting the title had been timely initiated and diligently pursued by the true owner during the time period within which the severed mineral interest statement should have been registered, and (2) that all taxes relating to severed mineral interests had been timely paid, including any taxes which would have been due and owing under section 273.13, subdivision 2a, had the interest been properly filed for record as required by section 93.52 within the time specified in section 93.55. For the purposes of this section, "timely paid" means paid within the time period during which tax forfeiture would not have been possible had a real property tax been assessed against the property.

Subd. 3. After the forfeiture of the mineral interest is adjudged to be absolute, the mineral interest may be leased in the same manner as provided in section 93.335, for the lease of minerals and mineral rights becoming the absolute property of the state under the tax laws, except that no permit or lease issued pursuant to this section shall afford the permittee or lessee any of the rights of condemnation provided in section 93.05, as to overlying surface interests.

Subd. 4. After the mineral interest has forfeited to the state pursuant to this section, a person claiming an ownership interest before the forfeiture may recover the fair market value of the interest, ~~only in the following manner~~ either; (1) as an alternative claim raised in the hearing on the order to show cause why the mineral interest should not forfeit absolutely, with fair market value to be determined and paid as provided in this subdivision, or (2) in a separate action brought as follows. An action ~~must~~ may be commenced within six years after the forfeiture under this section to determine the ownership and the fair market value of the mineral interests in the property both at the time of forfeiture and at the time of bringing the action. The action shall be brought in the manner provided in chapter 559, for an action to determine

adverse claims, to the extent applicable. The person bringing the action shall serve notice of the action on the commissioner of natural resources in the same manner as is provided for service of notice of the action on a defendant. The commissioner may appear and contest the allegations of ownership and value in the same manner as a defendant in such actions. Persons determined by the court to be owners of the interests at the time of forfeiture to the state under this section may present to the commissioner of finance a verified claim for refund of the fair market value of the interest. A copy of the court's decree shall be attached to the claim. Thereupon the commissioner of finance shall refund to the claimant the fair market value at the time of forfeiture or at the time of bringing the action, whichever is lesser, less any taxes, penalties, costs, and interest which could have been collected during the period following the forfeiture under this section, had the interest in minerals been valued and assessed for tax purposes at the time of forfeiture under this section. There is appropriated from the general fund to the persons entitled to a refund an amount sufficient to pay the refund.

Subd. 5. The forfeiture provisions of this section do not apply to mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests, so long as a tax is imposed and no forfeiture under the tax laws is complete. However, if the mineral interest is valued under other tax laws, but no tax is imposed, the mineral interest forfeits under this section if not filed as required by this section.

Sec. 2. Minnesota Statutes 1978, Chapter 93, is amended by adding a section to read:

[93.551] [VALIDATION OF CERTAIN STATEMENTS; CORRECTION OF CERTAIN ERRORS.] *A statement of severed mineral interests which was filed within the time limits specified by section 93.55 is validly and timely filed even if the interest claimed by the owner does not correctly set forth the whole or fractional interest actually owned; the statement erroneously contained interests from more than one government section; the statement was not properly verified; or the interest, if registered property, was erroneously filed with the county recorder, or, if the interest was not registered property, was filed with the registrar of titles. The owner may file an amendment or supplement to the original statement for the purpose of correcting any or all of the errors described in this section.*

Sec. 3. Minnesota Statutes 1978, Section 121.904, Subdivision 11b, is amended to read:

Subd. 11b. (1) Each district affected by the provisions of subdivision 11a shall account for and expend according to the provisions of this subdivision the total amount by which its 1976 payable 1977 and its 1977 payable 1978 permissible levies pursuant to section 275.125 were reduced on account of payments pursuant to sections 294.21 or 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; any law imposing a tax upon severed mineral values, or under any other

law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties. Notwithstanding the provisions of section 124.212, subdivision 8a, clause (2) and the provisions of section 275.125, subdivision 9, clause (2) or any other law to the contrary, this total amount shall not be applied to reduce the foundation aid which the district is entitled to receive pursuant to section 124.212 or again be applied to reduce the permissible levies of the district.

(2) The lesser of the amount in (1) or an amount equal to \$200 times the pupil units in the district computed pursuant to section 124.17 for the 1977-1978 school year shall be reflected in an "appropriated fund balance reserve account for current use of taconite payments" which shall be established in the general fund. Each school year, beginning in 1978-1979, each affected district shall transfer an amount equal to \$20 times the number of pupil units in the district in 1977-1978 out of this account into other operating accounts in the general fund, until the amount transferred equals the amount originally reflected in the reserve account; provided that in the last year in which the district is required to make this transfer, it shall transfer the balance of the reserve account, not to exceed an amount equal to \$20 times the number of pupil units in the district in 1977-1978. Notwithstanding the provisions of section 121.917, each affected district may use the amount so transferred each year to increase its expenditures above the amount it would otherwise be authorized to expend in that school year.

(3) Of the amount in (1), any amount not reflected in the account established pursuant to clause (2) shall be reflected in the district's appropriated fund balance reserve account for purposes of reducing statutory operating debt, if the district has established this account pursuant to section 275.125, subdivision 9a. The June 30, 1977 statutory operating debt of the district shall be reduced by the amount so reflected and shall be recertified accordingly by the commissioner.

(4) Notwithstanding the provisions of section 121.912, any portion of the amount in (1) remaining after the application of clauses (2) and (3) shall be transferred to the district's capital expenditure fund; *provided that before July 1, 1979 not exceeding \$75,000 of the amount transferred to the capital expenditure fund pursuant to this clause may be transferred to the district's general fund.*

Sec. 4. Minnesota Statutes 1978, Section 270.06, is amended to read:

270.06 [POWERS AND DUTIES.] It shall be the duty of the commissioner of revenue and he shall have power and authority:

(1) To have and exercise general supervision over the administration of the assessment and taxation laws of the state, over assessors, town, county, and city boards of review and equalization, and all other assessing officers in the performance of their duties, to the end that all assessments of property be made relatively just and equal in compliance with the laws of the state;

(2) To confer with, advise and give the necessary instructions and directions to local assessors and local boards of review throughout the state as to their duties under the laws of the state, and to that end call meetings of local assessors of each county, to be held at the county-seat of such county, for the purpose of receiving necessary instructions from the commissioner as to the laws governing the assessment and taxation of all classes of property, which meetings at least one member of each local board of review shall attend.

(3) To direct proceedings, actions, and prosecutions to be instituted to enforce the laws relating to the liability and punishment of public officers and officers and agents of corporations for failure or negligence to comply with the provisions of the laws of this state governing returns of assessment and taxation of property, and to cause complaints to be made against local assessors, members of boards of equalization, members of boards of review, or any other assessing or taxing officer, to the proper authority, for their removal from office for misconduct or negligence of duty.

(4) To require county attorneys to assist in the commencement of prosecutions in actions or proceedings for removal, forfeiture and punishment for violation of the laws of this state in respect to the assessment and taxation of property in their respective districts or counties;

(5) To require town, city, county, and other public officers to report information as to the assessment of property, collection of taxes received from licenses and other sources, and such other information as may be needful in the work of the department of revenue, in such form and upon such blanks as he may prescribe;

(6) To require individuals, copartnerships, companies, associations, and corporations to furnish information concerning their capital, funded or other debt, current assets and liabilities, earnings, operating expenses, taxes, as well as all other statements now required by law for taxation purposes;

(7) To summon witnesses to appear and give testimony, and to produce books, records, papers and documents relating to any tax matter which he may have authority to investigate or determine;

(8) To cause the deposition of witnesses residing within or without the state, or absent therefrom, to be taken, upon notice to the interested party, if any, in like manner that depositions of witnesses are taken in civil actions in the district court, in any matter which he may have authority to investigate or determine;

(9) To investigate the tax laws of other states and countries and to formulate and submit to the legislature such legislation as he may deem expedient to prevent evasions of assessment and taxing laws, and to secure just and equal taxation and improvement in the system of assessment and taxation in this state;

(10) To consult and confer with the governor upon the subject of taxation, the administration of the laws in regard thereto, and

the progress of the work of the department of revenue, and to furnish the governor, from time to time, such assistance and information as he may require relating to tax matters;

(11) To transmit to the governor, on or before the third Monday in December of each even-numbered year, and to each member of the legislature, on or before November 15 of each even-numbered year, the report of the department of revenue for the preceding year, showing all the taxable property in the state and the value of the same, in tabulated form;

(12) To visit at least one-half of the counties of the state annually and every county in the state at least once in two years and inquire into the methods of assessment and taxation and ascertain whether the assessors faithfully discharge their duties, particularly as to their compliance with the laws requiring the assessment of all property not exempt from taxation;

(13) To exercise and perform such further powers and duties as may be required or imposed upon the commissioner of revenue by law;

(14) The commissioner of revenue may promulgate rules and regulations for the administration and enforcement of the property tax. Such rules and regulations shall have the force and effect of law;

(15) To execute and administer any agreement with the secretary of the treasury of the United States regarding the exchange of information and administration of the tax laws of both the United States and the state of Minnesota;

(16) *To administer and enforce the provisions of sections 325.64 to 325.76, the Minnesota unfair cigarette sales act.*

Sec. 5. Minnesota Statutes 1978, Section 273.13, Subdivision 2a, is amended to read:

Subd. 2a. [CLASS 1B.] "Mineral interest", for the purpose of this subdivision, means an interest in any minerals, including but not limited to gas, coal, oil, or other similar interest in real estate, which is owned separately and apart from the fee title to the surface of such real property. Mineral interests which are filed for record in the offices of either the county recorder or registrar of titles, *whether or not filed* pursuant to sections 93.52 to 93.58, constitute class 1b, and shall be taxed as provided in this subdivision unless specifically excluded by this subdivision. A tax of \$.25 per acre or portion of an acre of mineral interest is hereby imposed and is due and payable annually. If an interest ~~filed pursuant to sections 93.52 to 93.58~~ is a fractional undivided interest in an area, the tax due on the interest per acre or portion of an acre is equal to the product obtained by multiplying the fractional interest times \$.25, computed to the nearest cent. However, the minimum annual tax on any mineral interest is \$2. No such tax on mineral interests is due and payable on the following: (a) Mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests; (b) Mineral interests which are exempt from taxation pursuant to consti-

tutional or related statutory provisions. Tax money received under this subdivision shall be apportioned to the taxing districts included in the area taxed in the same proportion as the surface interest mill rate of a taxing district bears to the total mill rate applicable to surface interests in the area taxed. The tax imposed by this subdivision is not included within any limitations as to rate or amount of taxes which may be imposed in an area to which the tax imposed by this subdivision applies. The tax imposed by this subdivision shall not cause the amount of other taxes levied or to be levied in the area, which are subject to any such limitation, to be reduced in any amount whatsoever. The tax imposed by this section is effective for taxing years beginning January 1, 1975. Twenty percent of the revenues received from the tax imposed by this section shall be distributed under the provisions of section 362.40.

Sec. 6. Minnesota Statutes 1978, Section 290.06, is amended by adding a subdivision to read:

Subd. 13. [GASOLINE AND SPECIAL FUEL TAX REFUND.] Subject to the provisions of section 296.18, a credit equal to the amount paid by the taxpayer during the taxable year as excise tax on gasoline bought and used for any purpose other than use in motor vehicles or snowmobiles or on special fuel bought and used for any purpose other than use in licensed motor vehicles may be deducted from any tax due under chapter 290. Any amount by which the credit exceeds the tax due shall be refunded.

Sec. 7. Minnesota Statutes 1978, Section 292.04, is amended to read:

292.04 [EXEMPTIONS.] The following transfers by gift shall be exempt from and excluded in computing the tax imposed by this chapter:

(1) Gifts to or for the use of the United States of America or any state or any political subdivision thereof for exclusively public purposes;

(2) Gifts to or for the use of any fund, foundation, trust, association, organization or corporation operated within this state for religious, charitable, scientific, literary, or educational purposes exclusively, including the promotion of the arts, or the conduct of a public cemetery, if no part thereof inures to the profit of any private shareholder or individual. Gifts to or for the use of any corporation, fund, foundation, trust, or association operated for religious, charitable, scientific, literary, or educational purposes, including the promotion of the arts, or the conduct of a public cemetery, no part of which inures to the profit of any private shareholders or individual, shall be exempt, if at the date of the gift, the laws of the state under the laws of which the donee is organized or existing either (1) do not impose a gift tax in respect of property transferred to a similar corporation, fund, foundation, trust, or association, organized or existing under the laws of this state, or (2) contain a reciprocal provision under which gifts to a similar corporation, fund, foundation, trust, or association orga-

nized or existing under the laws of another state are exempt from gift taxes if such other state allows a similar exemption to a similar corporation, fund, foundation, trust, or association, organized or existing under the laws of such state;

(3) Gifts to a fraternal society, order, or association operating under the lodge system, but only if such gifts are to be used exclusively for the purposes designated in clause (2);

(4) Gifts to or for the use of posts or organizations of war veterans, or auxiliary units or societies of any such posts or organizations, if such posts, organizations, units or societies are organized within the state of Minnesota and if such gifts are to be used exclusively for the purposes designated in clause (2);

(5) All property transferred, money, service, or other thing of value, paid, furnished, or delivered by any person, corporation, organization, or association to his or its employees, or to any organization of his or its employees, directly or indirectly, or to any person, firm, or corporation for them or it, including payments to cover insurance, sickness, and death benefits, pensions, relief activities, or to any other employees benefit fund of any kind, and medical service to such employees and their families;

(6) The first \$3,000 in value of gifts (other than of future interests in property) made to any person by the donor during any calendar year. No part of a gift to a minor donee shall be considered a gift of future interest in property for purposes of this clause if it complies with the provisions of the Minnesota uniform gifts to minors act, chapter 527, or if it is a transfer for the benefit of a minor, and if the property and income therefrom:

(a) May be expended by or for the benefit of the donee before his attaining the age of 18 21 years; and

(b) Will to the extent not so expended

(1) pass to the donee on his attaining the age of 18 21 years and

(2) in the event the donee dies before attaining the age of 18 21 years, be payable to the estate of the donee, or as he may appoint under a general power of appointment as defined in section 2514(C) of the Internal Revenue Code of 1954;

(7) Gifts to an employee stock ownership trust as defined in section 290.01, subdivision 5. Where the beneficiaries of a stock ownership trust include the transferor, his spouse, children, grandchildren, parents, siblings or their children, the amount of the exemption shall be reduced by the product of multiplying said amount by their percentage interest in the trust.

Sec. 8. [REFUND.] *Persons who paid gift taxes after June 1, 1973 on a transfer excludable pursuant to section 7 shall be entitled to a refund of taxes paid provided a claim is made to the commissioner pursuant to the procedures of section 292.12.*

Sec. 9. Minnesota Statutes 1978, Section 296.18, Subdivision 1, is amended to read:

296.18 [CREDIT.] Subdivision 1. [GASOLINE OR SPECIAL FUEL USED IN OTHER THAN MOTOR VEHICLES.] Any person who shall buy and use gasoline for any purpose other than use in motor vehicles or snowmobiles, or special fuel for any purpose other than use in licensed motor vehicles, and who shall have paid the excise tax directly or indirectly through the amount of the tax being included in the price of the gasoline or special fuel, or otherwise, shall be reimbursed and repaid *eligible to receive the credit provided in section 290.06, subdivision 13, in the amount of the tax paid by him upon filing with the commissioner a signed claim in writing in such form and containing such information as the commissioner shall require and accompanied by the original invoice thereof. By signing any such claim which is false or fraudulent, the applicant shall be subject to the penalties provided in this section for knowingly making a false claim. The claim shall set forth . The taxpayer claiming this credit shall include with his income tax return information including the total amount of the gasoline so purchased and used by him other than in motor vehicles, or special fuel so purchased and used by him other than in licensed motor vehicles, and shall state when and for what purpose it was used. When a claim contains an error in computation or preparation, the commissioner is authorized to adjust the claim in accordance with the evidence shown on the claim or other information available to him. If the commissioner be satisfied that the claimant is entitled to payment, he shall approve the claim and transmit it to the commissioner of finance. No repayment shall be made unless the claim and invoice shall be filed with the commissioner within one year from the date of the purchase. The postmark on the envelope in which the claim is mailed shall determine the date of filing. The words "gasoline" or "special fuel" as used in this subdivision do not include aviation gasoline or special fuel for aircraft.*

Sec. 10. Minnesota Statutes 1978, Section 296.18, Subdivision 2, is amended to read:

Subd. 2. [FAILURE TO USE OR SELL GASOLINE OR SPECIAL FUEL FOR INTENDED PURPOSES; REPORTS REQUIRED.] (1) Any person who shall buy aviation gasoline or special fuel for aircraft use and who shall have paid the excise taxes due thereon directly or indirectly through the amount of the tax being included in the price thereof, or otherwise, and shall use said gasoline or special fuel in motor vehicles or shall knowingly sell it to any person for use in motor vehicles shall, on or before the twenty-third day of the month following that in which such gasoline or special fuel was so used or sold, report the fact of such use or sale to the commissioner in such form as he may prescribe.

(2) Any person who shall buy gasoline other than aviation gasoline and who shall have paid the motor vehicle gasoline excise tax directly or indirectly through the amount of the tax being included in the price of the gasoline, or otherwise, who shall knowingly sell such gasoline to any person to be used for the purpose of producing or generating power for propelling aircraft, or who shall

receive, store, or withdraw from storage such gasoline to be used for that purpose, shall, on or before the twenty-third day of the month following that in which such gasoline was so sold, stored, or withdrawn from storage, report the fact of such sale, storage, or withdrawal from storage to the commissioner in such form as he may prescribe.

(i) The cost to the city, including administrative costs; and

(j) An analysis of how the programs will meet the needs of low and moderate income families in the city.

Subd. 2. Each program shall establish limits on gross income for persons and families to be served by the program. The adjusted gross income may not exceed the greater of (a) 110 percent of the median family income as estimated by the United States department of housing and urban development for the nonmetropolitan county or standard metropolitan statistical area, as the case may be, or (b) 100 percent of the income limits established by the Minnesota housing finance agency in which the city is located; except as provided in subdivision 8. The Minnesota housing finance agency shall provide the relevant income data to any city requesting the data.

Subd. 3. The plan shall establish maximum purchase prices or appraised values for single family housing eligible for mortgage loans in each program. The maximum purchase price allowable shall not exceed three times the income limit established for the program in subdivision 2, except that, for any program or portion of a program undertaken pursuant to subdivision 8, the maximum purchase price shall not exceed four times the income limit established pursuant to subdivision 2.

Subd. 4. Any financial institution as defined in Minnesota Statutes, Section 47.0151, doing business within the city which is an approved FHA/VA or FNMA/FHLMC lender shall be eligible for consideration for origination of single family housing loans in any city housing program. Other lenders may be eligible as provided in the program. Origination of loans in the program may not be limited to a single lender unless other eligible lenders are not interested in participating or the program clearly sets forth why a public purpose would be served by confining participation to one lender.

Subd. 5. In the event that on the date of the adoption of the resolution by the governing body of the city authorizing the sale of the revenue bonds or obligations any financial institution within the city has entered into a commitment agreement with the Minnesota housing finance agency under which the agency has agreed to purchase mortgage notes and mortgages securing loans for single family housing, and the financial institution has not closed an amount of eligible mortgages equal to at least 95 percent of the total amount provided in the commitment agreement, then the city may not enter into a commitment to purchase loans from the financial institution for its program. Any city housing finance program may not provide loans to consumers at a rate which is less than the rate on loans provided to consumers under the Minnesota housing finance agency program at the time of adoption of

the resolution. The executive director of the agency may waive either or both of the requirements of this subdivision in writing.

Subd. 6. Loans under a single family housing program may not be made to one developer or builder or restricted to housing provided by one developer or builder.

Subd. 7. Fifty percent of the money available for loans for each single family housing program subject to the income limits established pursuant to subdivision 2, must be made available to persons and families with adjusted gross incomes of less than 90 percent of the program's income limits for a period of six months from the date when the money becomes available for the program.

Subd. 8. Twenty percent of the aggregate amount of all loans provided under all city housing programs included in the housing plan for single family housing may be provided without regard to income limits or net worth limits if: (a) the housing program is used to finance single family housing in either a development district established pursuant to section 472A.03, or a redevelopment project established pursuant to section 462.521, or an industrial development district established pursuant to section 458.191; or (b) the city has previously developed and administered a housing program for low and moderate income persons and families and the program will be used to further policies of economic integration, stability and revitalization of residential areas. No housing program shall be developed or administered pursuant to this subdivision if the housing program will contribute to urban sprawl. A housing program shall be deemed to contribute to urban sprawl if the housing program is to be used to finance single family housing in any previously unincorporated real property annexed by the city pursuant to chapter 414, within one year prior to the date of the resolution adopted pursuant to this act.

Sec. 4. [462C.04] [PLAN REVIEW.] Subdivision 1. Any city located within the metropolitan area as defined in Minnesota Statutes 1978, Section 473.121, Subdivision 2, shall submit its housing plan or any amendments to the metropolitan council for review and comment. All other cities shall submit their housing plans or any amendments to the regional development commission for the area in which the city is located, for review and comment. The appropriate reviewing agency shall comment on:

(a) Whether the plan furthers local and regional housing policies;

(b) The compatibility of the housing plan with the housing portion of the comprehensive plan of the city, if any; and

(c) Whether the plan adequately meets the stated housing needs of the city.

The appropriate reviewing agency shall complete its review and comment within 45 days after submission.

Subd. 2. All cities shall submit their housing programs to the Minnesota housing finance agency for review and approval. The agency shall determine:

(a) *Whether the program furthers statewide housing policies;*

(b) *Whether the program is capable of implementation without material adverse effect on financing programs of the agency, without subjecting the interest on future bonds of the agency to federal income tax under any limitations imposed at the time by federal law, and without exceeding the limitation provided in section 7, subdivision 2;*

(c) *Whether the program provides for administrative and bond issuance costs that are reasonable; and*

(d) *Whether the program complies with all other requirements of sections 1 to 8.*

The agency shall complete its review and shall notify the city of its decision within 30 days. A failure to notify within 30 days constitutes approval. The agency may collect reasonable fees and charges in connection with its review of a city's housing program. The fees and charges shall be limited to the amounts required to pay the actual costs to the agency.

The Minnesota housing finance agency, in cooperation with the metropolitan council and the regional development commission, shall report annually to the legislature on the number and amounts of bond issues and the number of housing programs established pursuant to sections 1 to 8.

Sec. 5. [462C.05] [MULTIFAMILY HOUSING DEVELOPMENTS.] *Subdivision 1. A city may also plan, administer, and make or purchase a loan or loans to finance one or more multifamily housing developments within its boundaries, of the kind described in subdivisions 2, 3 or 4, and upon the conditions set forth in this section. A loan may be made or purchased for the acquisition and preparation of a site and the construction of a new development, or for the acquisition of an existing building and site and the rehabilitation thereof, provided that:*

(a) *The cost of rehabilitation of an existing building is estimated to equal at least \$5,000 per dwelling unit or 50 percent of the appraised value of the original building and site, whichever is less;*

(b) *At least a substantial portion of such rehabilitation cost is estimated to be incurred for compliance with building codes or conservation of energy;*

(c) *Each development upon completion shall comply with all applicable code requirements;*

(d) *A loan or loans may be made or purchased for either the construction or the long term financing of a development, or both, including the financing of the acquisition of dwelling units and interests in common facilities provided therein, by persons to whom such units and facilities may be sold as contemplated in chapter 515 or any supplemental or amendatory law thereof; and*

(e) *Substantially all of the proceeds of each loan shall be used*

to pay the cost of a multifamily housing development, including property functionally related and subordinate to it; but nothing herein prevents the construction of the development over, under, or adjacent to, and in conjunction with facilities to be used for purposes other than housing.

Subd. 2. A development may be designed for occupancy by persons and families of low or moderate income, and by other persons and families to the extent determined to be necessary in furtherance of the policy of economic integration stated in section 462A.-02, subdivision 6, with at least 20 percent of the dwelling units held for occupancy by families or individuals eligible to receive subsidies under section 8 of the United States Housing Act of 1937, as amended, or another amendatory or supplemental law of the United States.

Subd. 3. A development may be located within a redevelopment project area established pursuant to chapter 462 or within a development district established pursuant to chapter 472A or within an industrial development district established pursuant to section 458.191 without regard to the limitations and conditions set forth in section 3 and in subdivision 2.

Subd. 4. A development may be designed for rental primarily to elderly or handicapped persons without regard to the limitations and conditions set forth in section 3 and in subdivision 2.

Subd. 5. Each program for a multifamily housing development or developments described in subdivision 1 shall be adopted after public hearing and approved by the Minnesota housing finance agency as provided in section 1, on the basis of the considerations stated in section 4.

Subd. 6. The program shall demonstrate need for the development or developments, describe the method of financing proposed, state whether the development is to be constructed pursuant to subdivision 2, 3, or 4, and state the applicable limitations on gross income, if any, of the occupants.

Sec. 6. [462C.06] A housing and redevelopment authority in and for a county may exercise the powers conferred by sections 1 to 7 on behalf of a city, if the city authorizes the housing and redevelopment authority in and for the county in which the city is located to exercise such powers and the county has authorized its housing and redevelopment authority to exercise its powers pursuant to Minnesota Statutes, Section 462.426; provided, however, that any program undertaken pursuant to this section shall be included in the limitations provided in section 7, subdivision 2, and also shall be subject to the limitations of sections 3 and 4 in the case of a single family housing program, and subject to the limitations of section 5 in the case of a multi-family housing development program.

Sec. 7. [462C.07] [HOUSING REVENUE BONDS.] Subdivision 1. To finance programs or developments described in any plan the city may, upon approval of the plan as provided in sec-

tion 1, subdivision 1, clause (c), issue and sell revenue bonds or obligations which shall be payable exclusively from the revenues of the programs or developments. In the purchase or making of single family housing loans and the purchase or making of multi-family housing loans and the issuance of revenue bonds or other obligations the city may exercise within its corporate limits, any of the powers the Minnesota housing finance agency may exercise under chapter 462A, without limitation under the provisions of chapter 475.

Subd. 2. The aggregate principal amount of revenue bonds or other obligations issued by a city pursuant to this section shall not exceed an amount equal to \$1,000 times its population for the first 50,000 persons, plus \$500 times its population in excess of 50,000, until otherwise provided by law. Its population shall be determined by the last state or federal census, or by the last official estimate of the metropolitan council, for a city in the metropolitan area, whichever is greater.

Subd. 3. Upon approval of the housing plan as provided in section 1, subdivision 1, clause (c), any port authority referred to in chapter 458 may, until July 1, 1980, issue revenue bonds of the port authority to finance multi-family housing developments undertaken in accordance with the provisions of section 5, and for such purpose the port authority may exercise any and all powers set forth in chapters 458 and 474, provided that nothing herein shall be construed as authorizing a port authority to finance any housing program other than that authorized by section 5. After July 1, 1980, the port authority may issue revenue bonds solely in accordance with the provisions of sections 1 to 16.

Sec. 8. [462C.08] [OTHER HOUSING LEGISLATION.] Sections 1 to 7 do not impair or otherwise affect the validity or provisions for the security of any obligations issued or agreements made pursuant to law before the effective date of these sections. Sections 1 to 7 do not preclude or affect or limit the institution or financing or character of a housing program, project or development permitted for any city by any special law in effect on the effective date of these sections, except that: (a) section 3 is applicable to any program undertaken pursuant to a special law adopted after January 1, 1979, (b) no such city or agency thereof may issue obligations after January 1, 1980, for the purpose of financing a housing program or development of any kind referred to in sections 1 and 5, unless its plan therefor has previously been reviewed by the appropriate reviewing body and its program has been reviewed and approved by the agency; and all such obligations issued by such cities after January 1, 1980, shall be subject to the limitations set forth in sections 1 to 7.

Sec. 9. Minnesota Statutes 1978, Section 474.01, Subdivision 7a, is amended to read:

Subd. 7a. No municipality or redevelopment agency shall undertake any project authorized by this chapter unless its governing body finds that the project furthers the purposes stated in this section, nor until the commissioner of securities has approved the project, on the basis of preliminary information which the com-

missioner may require, as tending to further the purposes and policies of this chapter. Approval shall not be deemed to be an approval by the commissioner of securities or the state of the feasibility of the project or the terms of the revenue agreement to be executed or the bonds to be issued therefor, and the commissioner shall state this in communicating approval.

Sec. 10. Minnesota Statutes 1978, Section 474.01, is amended by adding a subdivision to read:

Subd. 7b. Prior to submitting an application to the commissioner of securities requesting approval of a project pursuant to subdivision 7a, the governing body of the municipality or redevelopment agency shall conduct a public hearing on the proposal to undertake and finance the project. Notice of the time and place of hearing, and stating the general nature of the project and an estimate of the principal amount of bonds or other obligations to be issued to finance the project, shall be published at least once not less than 15 days nor more than 30 days prior to the date fixed for the hearing, in the official newspaper and a newspaper of general circulation of the municipality or redevelopment agency. The notice shall state that a draft copy of the proposed application to the commissioner of securities, together with all attachments and exhibits thereto, shall be available for public inspection following the publication of such notice and shall specify the place and times where and when it will be so available. At the time and place fixed for the public hearing, the governing body of the municipality or the redevelopment agency shall give all parties who appear at the hearing an opportunity to express their views with respect to the proposal to undertake and finance the project. Following the completion of the public hearing, the governing body of the municipality or redevelopment agency shall adopt a resolution determining whether or not to proceed with the project and its financing and may thereafter apply to the commissioner of securities for approval of the project.

Sec. 11. Minnesota Statutes 1978, Section 474.02, is amended by adding a subdivision to read:

Subd. 1d. Notwithstanding any provision of this chapter, the term "project" shall not include any property to be sold or to be affixed to or consumed in the production of property for sale, and shall not include any housing facility to be rented or used as a permanent residence.

Sec. 12. Minnesota Statutes 1978, Section 474.03, is amended to read:

474.03 [POWERS.] Any municipality or redevelopment agency, in addition to the powers prescribed elsewhere by the laws of this state, shall have the power to:

(1) Acquire, construct, and hold any lands, buildings, easements, water and air rights, improvements to lands and buildings, and capital equipment to be located permanently or used exclusively on a designated site and solid waste disposal and pollution control equipment, regardless of where located, which are deemed

necessary in connection with a project to be situated within the state, whether wholly or partially within or without the municipality or redevelopment agency, and construct, reconstruct, improve, better, and extend such project;

(2) Issue revenue bonds, in anticipation of the collection of revenues of such project, to finance, in whole or in part, the cost of the acquisition, construction, reconstruction, improvement, betterment, or extension thereof;

(3) Issue revenue bonds to pay, *purchase or discharge* all or any part of the outstanding indebtedness of a contracting party engaged primarily in the operation of one or more nonprofit hospitals or nursing homes, theretofore incurred in the acquisition or betterment of its existing hospital or nursing home facilities, including, to the extent deemed necessary by the governing body of the municipality or redevelopment agency, any unpaid interest on such indebtedness accrued or to accrue to the date on which such indebtedness is finally paid; *and any premium the governing body of the municipality or redevelopment agency determines to be necessary to be paid to pay, purchase or defease such outstanding indebtedness*; if revenue bonds are issued for this purpose, the refinancing and the existing properties of the contracting party shall be deemed to constitute a project under section 474.02, subdivision 1c. Industrial revenue bonds shall only be available under this provision if the commissioner of securities has been shown that a reduction in debt service charges to patients and third party payors will occur. All reductions in debt service charges pursuant to this program shall be passed on to patients and third party payors. These industrial revenue bonds may not be used for any purpose not consistent with the provisions of sections 145.71 to 145.83 or chapter 256B;

Nothing in this subdivision is intended to prohibit the use of revenue bond proceeds to pay outstanding indebtedness of a contracting party to the extent now permitted by law;

(4) Enter into a revenue agreement with any person, firm, or public or private corporation or federal or state governmental subdivision or agency in such manner that payments required thereby to be made by the contracting party shall be fixed, and revised from time to time as necessary, so as to produce income and revenue sufficient to provide for the prompt payment of principal of and interest on all bonds issued hereunder when due, and the revenue agreement shall also provide that the contracting party shall be required to pay all expenses of the operation and maintenance of the project including, but without limitation, adequate insurance thereon and insurance against all liability for injury to persons or property arising from the operation thereof, and all taxes and special assessments levied upon or with respect to the project and payable during the term of the revenue agreement, during which term a tax shall be imposed and collected pursuant to the provisions of section 272.01, subdivision 2, for the privilege of using and possessing the project, in the same amount and to the same extent as though the contracting party were the owner of all real and personal property comprising the project;

(5) Pledge and assign to the holders of such bonds or a trustee therefor all or any part of the revenues of one or more projects and define and segregate such revenues or provide for the payment thereof to a trustee, whether or not such trustee is in possession of the project under a mortgage or otherwise;

(6) Mortgage or otherwise encumber such projects in favor of the municipality or redevelopment agency, the holders of such bonds, or a trustee therefor, provided that in creating any such mortgages or encumbrances a municipality or redevelopment agency shall not have the power to obligate itself except with respect to the project;

(7) Make all contracts, execute all instruments, and do all things necessary or convenient in the exercise of the powers herein granted, or in the performance of its covenants or duties, or in order to secure the payment of its bonds; including, but without limitation, a contract entered into prior to the construction of the project authorizing the contracting party, subject to such terms and conditions as the municipality or redevelopment agency shall find necessary or desirable and proper, to provide for the construction, acquisition, and installation of the buildings, improvements, and equipment to be included in the project by any means available to the contracting party and in the manner determined by the contracting party and without advertisement for bids as may be required for the construction or acquisition of other municipal facilities;

(8) Enter into and perform such contracts and agreements with other municipalities, political subdivisions, and state agencies, authorities, and institutions as the respective governing bodies of the same may deem proper and feasible for or concerning the planning, construction, lease, purchase, mortgaging or other acquisition, and the financing of a project, and the maintenance thereof, including an agreement whereby one municipality issues its revenue bonds in behalf of one or more other municipalities, which contracts and agreements may establish a board, commission, or such other body as may be deemed proper for the supervision and general management of the facilities of the project; provided, no municipality or redevelopment agency shall enter into or perform any contract or agreement with any school district under which the municipality or redevelopment agency issues its revenue bonds or otherwise provides for the construction of school facilities and the school leases or otherwise acquires these facilities;

(9) Accept from any authorized agency of the federal government loans or grants for the planning, construction, acquisition, leasing, purchase, or other provision of any project, and enter into agreements with such agency respecting such loans or grants;

(10) Sell and convey all properties acquired in connection with such projects, including without limitation the sale and conveyance thereof subject to such mortgage as herein provided, and the sale and conveyance thereof under an option granted to the lessee of the project, for such price, and at such time as the governing

body of the municipality or redevelopment agency may determine, provided, however, that no sale or conveyance of such properties shall ever be made in such manner as to impair the rights or interests of the holder, or holders, of any bonds issued under the authority of this chapter;

(11) Issue revenue bonds to refund, in whole or in part, bonds previously issued by such municipality or redevelopment agency under authority of this chapter;

(12) If so provided in the revenue agreement, terminate the agreement and re-enter or repossess the project upon the default of the contracting party, and operate, lease, or sell the project in such manner as may be authorized or required by the provisions of the revenue agreement or of the resolution or indenture securing the bonds issued for the project; any revenue agreement which includes provision for a conveyance of real estate to the contracting party may be terminated in accordance with the revenue agreement, notwithstanding that such revenue agreement may constitute an equitable mortgage provided that no municipality or redevelopment agency shall have power otherwise to operate any project referred to in this chapter as a business or in any manner whatsoever, and nothing herein authorizes any municipality or redevelopment agency to expend any funds on any project herein described, other than the revenues of such projects, or the proceeds of revenue bonds and notes issued hereunder, or other funds granted to the municipality or redevelopment agency for the purposes herein contemplated, except as may be otherwise permitted by law and except to enforce any right or remedy under any revenue agreement or related agreement for the benefit of the bondholders or for the protection of any security given in connection with a revenue agreement, provided that the public cost of redevelopment of land paid by a city or its redevelopment agency shall not be deemed part of the cost of any project situated on such land;

(13) Invest or deposit, or authorize a trustee to invest or deposit, any money on hand in funds or accounts established in connection with a project or payment of bonds issued therefor, to the extent they are not presently needed for the purposes for which such funds or accounts were created, in accordance with section 471.56, as amended; and

(14) Waive or require the furnishing of a contractors payment and performance bond of the kind described in section 574.26 and if such bond shall be required, then the provisions of chapter 514 relating to liens for labor and materials, shall not be applicable in respect of any work done or labor or materials supplied for the project, and if such bond be waived then the said provisions of chapter 514 shall apply in respect of work done or labor or materials supplied for the project.

Sec. 13. Minnesota Statutes 1978, Section 474.12, is amended to read:

474.12 [EXCLUSION OF INTEREST ON BONDS FROM

GROSS INCOME.] *Subdivision 1.* Interest paid on bonds issued under authority of this chapter shall not be included in gross income for the purpose of computing any tax imposed by or under the provisions of chapter 290, or any act amendatory thereof or supplemental thereto.

Subd. 2. Notwithstanding subdivision 1, the interest paid on bonds issued under authority of this chapter and issued after June 30, 1979 shall be exempt only as provided under section 290.08, subdivision 7, for obligations of the issuing municipality.

Sec. 14. [TRANSITIONAL PROVISIONS.] *Subdivision 1.* Sections 9 and 10 do not apply to a project which has been given preliminary approval by the governing body of a municipality or redevelopment agency before the effective date of this act.

Subd. 2. Section 11 does not apply to multifamily rental projects approved by the commissioner of securities or by a redevelopment agency prior to April 17, 1979.

Subd. 3. The cities of Coon Rapids in Anoka County and Vadnais Heights in Ramsey County are authorized to proceed with the single family housing projects heretofore approved by the commissioner of securities pursuant to their applications, respectively, under chapter 474, and to issue revenue bonds to finance such projects, notwithstanding any provisions of sections 1 to 12, provided that:

(a) Of the principal amount of loans made or purchased by each city in effectuating its approved project, at least 50 percent shall be made to persons or families whose adjusted gross income, as defined in section 2 does not exceed 110 percent of median family income estimated by the department of housing and urban development for the metropolitan statistical area in which the cities are situated, increased by the sums of \$750 for each adult, and \$500 for each other dependent; 40 percent may be made to persons or families whose adjusted gross income exceeds 110 percent but does not exceed 120 percent of said amount; and the remainder may be made without limitation;

(b) The maximum price allowable for homes eligible for mortgage loans shall not exceed three times the income limit established in clause (a) exclusive of the adjustment for family members;

(c) The amount of revenue bonds authorized by this subdivision is limited to \$45,000,000 for Coon Rapids and \$35,000,000 for Vadnais Heights;

(d) The principal amount of bonds issued by either city pursuant to this section shall be deducted from the aggregate amount of bonds issuable by the city at any time under the provisions of section 7, subdivision 2; and

(e) This subdivision applies to two cities within two contiguous counties and is effective the day following final enactment, in accordance with the provisions of Minnesota Statutes, Section 645.023, Subdivision 1.

Sec. 15. *The approved complement of the Minnesota housing finance agency may be increased up to three unclassified positions for the purposes of sections 1 to 16.*

That the House recede from its amendment and that S. F. No. 917 be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 79.01, is amended by adding subdivisions to read:

Subd. 6. [ASSOCIATION.] "Association" or "rating association" means the Workers' Compensation Insurers Rating Association of Minnesota.

Subd. 7. [INTERESTED PARTY.] Interested party means any person or association acting on behalf of its members who is directly affected by a change in the schedule of rates and includes the staff of the insurance division.

Subd. 8. [SCHEDULE OF RATES.] Schedule of rates means the rate level applicable to the various industry groupings or classes, including the risk classifications thereunder upon which the determination of workers' compensation premiums are based, including but not limited to all systems for merit or experience rating, retrospective rating, and premium discounts.

Sec. 2. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.071] [RATES; HEARINGS.] *Subdivision 1. The commissioner shall adopt a schedule of workers' compensation insurance rates for use in this state for each classification under which business is written. The schedule of rates shall not be excessive, inadequate, or unfairly discriminatory. In adopting a schedule of rates, the commissioner may act on the written petition of the association or any other interested party requesting that a hearing be held for modification of the schedule of rates. The commissioner may include the expense of a reasonable charge for the services of an agent of record, for the service of rejected risks as set forth in sections 79.24 to 79.27.*

Subd. 2. Upon receipt of a petition requesting a hearing for modification of an existing schedule of rates, the commissioner shall determine whether the petition sufficiently sets forth facts that show that the existing schedule of rates is excessive, inadequate, unfairly discriminatory, or otherwise in need of modification so as to indicate the need to hold a hearing. The commissioner may decline to grant a hearing if the association has failed to provide information requested by previous orders modifying the schedule of rates, provided that the request was not unreasonable. The commissioner may accept or reject the petition for a hearing and shall give notice of his determination to the petitioning party within 30 days of receipt of the petition. If the commissioner rejects the petition, he shall notify the petitioning party of the reasons for the rejection.

Subd. 3. If the commissioner accepts the petition for hearing, the commissioner shall order a hearing on matters set forth in the petition requesting modification of the schedule of rates. The hearing shall be held pursuant to the contested case procedures set forth in sections 15.0411 to 15.052. The burden of proof shall be on the petitioning party. The hearing examiner may admit documentary and statistical evidence accepted and relied upon by an expert whose field of expertise may have some relevance to workers' compensation rate matters, without the requirement of traditional

evidentiary foundation. Within 30 days after the close of the hearing record, the hearing examiner shall transmit to the commissioner the entire record of the hearing, including the transcript, exhibits, and all other material properly accepted into evidence, together with the finding of facts, conclusions, and recommended order made by the hearing examiner. The time for filing the report may be extended by the chief hearing examiner for good cause.

Subd. 4. The commissioner may accept, reject, or modify, in whole or in part, matters raised in the petition for modification of the schedule of rates or matters raised in the findings and recommendations of the hearing examiner. The commissioner's determination shall be based upon substantial evidence.

Subd. 5. The commissioner shall make a final determination with respect to adoption of a schedule of rates within 90 days after receipt of the hearing examiner's report. If the commissioner fails to act within the 90 day period, the findings, conclusions, and recommended order of the hearing examiner become the final order of the commissioner.

Subd. 6. The commissioner may hire a consulting actuary and other experts he deems necessary to assist in the hearing for modification of the schedule of rates. The costs of conducting the hearing provided under subdivision 3, including the costs of hiring a consulting actuary and other experts, shall be assessed against the rating association and its members.

Subd. 7. The office of hearing examiners, upon approval of the chief hearing examiner, may hire consultants necessary to assist the hearing examiner assigned to a given workers' compensation rate proceeding.

Sec. 3. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.072] [PETITION FOR REHEARING.] *Subdivision 1. Any interested party may petition the commissioner for rehearing and reconsideration of a determination made pursuant to section 2. The petition for rehearing and reconsideration shall be served upon the commissioner and all parties to the rate hearing within 30 days after service of the commissioner's final order. The petition shall set forth factual grounds the petitioning party deems to exist in support of its petition. An interested party adversely affected by a petition for review and reconsideration shall be afforded 15 days to respond to factual matters so alleged in the petition.*

Subd. 2. At his discretion, the commissioner may grant a rehearing upon the filing of a petition under subdivision 1. Upon rehearing, the commissioner may limit the scope of factual matters that are subject to rehearing and reconsideration. The rehearing is subject to the provisions of section 2.

Subd. 3. Following rehearing, the commissioner may modify the terms of the initial order adopting a change in the schedule of rates upon a determination that adequate factual grounds exist

to support modification. Adequate factual grounds shall include, but need not be limited to, erroneous testimony by any witness or party to the hearing, material change in Minnesota loss or expense data occurring after a petition for modification of the schedule of rates has been filed, or any other mistake of fact that has a substantial effect upon the schedule of rates adopted in the initial order of the commissioner.

Sec. 4. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.073] [JUDICIAL REVIEW.] *Final orders of the commissioner pursuant to sections 2 and 3 are subject to judicial review by writ of certiorari brought in the district court in Ramsey County by an interested party of record adversely affected thereby. The operation of the commissioner's order is not suspended during judicial review; provided that in the event of a judicial determination against the validity of the commissioner's order, the order under review and any subsequent order shall be modified so as to give effect to the court's ruling. For purposes of further judicial review, the commissioner is an aggrieved party to the extent that his orders are modified or set aside by the district court.*

Sec. 5. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.074] [DISCRIMINATION.] *Subdivision 1. [RATES.] One rate is unfairly discriminatory in relation to another if it clearly fails to reflect equitably the differences in expected losses, expenses, and the degree of risk. Rates are not unfairly discriminatory because different premiums result for policyholders with like loss exposures but different expense factors, or like expense factors but different loss exposures, so long as the rates reflect the differences with reasonable accuracy.*

Subd. 2. [DIVIDENDS.] Dividend plans are not unfairly discriminatory where different premiums result for different policyholders with similar loss exposures but different expense factors, or where different premiums result for different policyholders with similar expense factors but different loss exposures, so long as the respective premiums reflect the differences with reasonable accuracy. Every insurer referred to in section 79.20 who issues participating policies shall file with the commissioner a true copy or summary as the commissioner shall direct of its participating dividend rates as to policyholders. The commissioner may study the participating dividend rates and make recommendations to the legislature concerning possible bases for unfair discrimination.

Sec. 6. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.075] [AUTOMATIC ADJUSTMENT OF RATES.] *The commissioner shall, by rule, establish a formula by which a schedule of rates may be automatically adjusted to reflect benefit changes that have been mandated by operation of law subsequent to the most recent change in the statewide schedule of rates. This*

adjustment shall also reflect the annual change in the maximum weekly compensation made pursuant to section 176.101, an adjustment in the assessment rate for the financing of the special fund, and the annual adjustment made pursuant to section 176.645. Any automatic adjustment made pursuant to this subdivision is effective on October 1 or as soon thereafter as possible and is not otherwise subject to sections 15.0411 to 15.052.

At each rate hearing held pursuant to section 2 or rehearing pursuant to section 3, following an automatic adjustment, the commissioner shall review the rate adjustment to assure that the schedule of rates adopted subsequent to the adjustment are not excessive, inadequate, or unfairly discriminatory. If the commissioner finds that the schedule of rates adopted subsequent to the adjustment are excessive, inadequate, or unfairly discriminatory, the commissioner shall order appropriate remedial action.

Sec. 7. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.076] [RATE REVISION ORDER; EFFECT.] *Subdivision 1. Following adoption of a revised schedule of rates pursuant to sections 2 or 3, the revised rates apply to new and renewal policies issued after the effective date of the commissioner's final order.*

Subd. 2. The revised schedule of rates apply to all insureds and prospective insureds pursuant to the provisions of the workers' compensation rating manual adopted by the association and approved by the commissioner, provided that the manual:

(1) Is deemed to have met the applicable requirements of sections 15.0411 to 15.052 as of the effective date of sections 2 and 3.

(2) Shall not be amended except by a contested case proceeding held pursuant to sections 2 and 3.

Sec. 8. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.221] [INDEPENDENT CONTRACTORS; PAYROLL DETERMINATION.] *Pursuant to the contested case procedures in sections 15.0411 to 15.052, the commissioner may establish a formula to be used to determine the remuneration of independent contractors whose actual payroll cannot be determined.*

Sec. 9. Minnesota Statutes 1978, Section 79.095, is amended to read:

79.095 [APPOINTMENT OF ACTUARY.] *The commissioner shall employ the services of a casualty actuary experienced in worker's compensation whose duties shall include but not be limited to investigation of complaints by insured parties relative to rates, rate classifications, or discriminatory practices of an insurer. The salary of the actuary employed pursuant to this section is not subject to the provisions of section 43.067.*

Sec. 10. Minnesota Statutes 1978, Section 79.10, is amended to read:

79.10 [REVIEW OF ACTS OF INSURERS.] The commissioner, upon its own motion or upon the written complaint of any person having a direct interest, may review the acts of any insurer, bureau, or agent subject to the provisions of sections 79.01 to 79.23, and make findings and orders requiring compliance with the provisions thereof. Not less than ten days notice of this review before the commissioner shall be given to the parties interested in its findings or orders shall be made after a hearing before it and is subject to a review by a writ of certiorari brought in the supreme court. The operation of the commissioner's order is suspended during such review, but in the event of final determination against an insurer any overcharge made during the pendency of the proceedings shall be refunded to the person entitled thereto. All written complaints under this section shall be verified and may be upon information and belief of the person complaining. A copy of the complaint shall be served upon the insurer, bureau, or person against whom the complaint is directed and each party in interest is entitled to at least ten days notice of any hearing thereon. The insurance division staff may investigate on the request of any person or on its own initiative the acts of the rating association, an insurer, or an agent that are subject to provisions of sections 79.01 to 79.23 and may make findings and recommendations that the commissioner issue an order requiring compliance with the provisions thereof. The proposed findings and recommended order shall be served on all affected parties at the same time that the staff transmits its findings and recommendations to the commissioner. Any party adversely affected by the proposed findings and recommended order may request that a hearing be held concerning the issues raised therein within 15 days after service of the findings and recommended order. This hearing shall be conducted as a contested case pursuant to sections 15.0411 to 15.052. If a hearing is not requested within the time specified in this section, the proposed findings and recommended order may be adopted by the commissioner as a final order.

Sec. 11. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.171] [INFORMATION.] *In addition to other information that the commissioner requests pursuant to section 2, the rating association shall: (a) separate the incurred but not reported losses of its members; (b) separate paid and outstanding losses of its members; (c) provide information indicating cases in which its members have established a reserve in excess of \$50,000; and (d) provide information on the income on invested reserves of its members.*

The commissioner shall consider this information in an appropriate manner in adopting a schedule of rates and shall decline to grant a hearing pursuant to section 2 if the association fails to provide the information.

Sec. 12. Minnesota Statutes 1978, Section 79.21, is amended to read:

79.21 [RATES TO BE UNIFORM; EXCEPTIONS.] No insurer shall write insurance at a rate other than that exceeds that

made and put into force by the bureau and approved as adequate and reasonable by the commissioner. The bureau may reduce or increase a rate by the application to individual risks of the system of merit or experience rating which has been approved by the commissioner. This reduction or increase shall be set forth in the policy or by indorsement thereon. *An insurer may write insurance at rates that are lower than the rates approved by the commissioner provided the rates are not unfairly discriminatory.*

Sec. 13. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.211] [CERTAIN PREMIUM DETERMINATION PRACTICES.] *Subdivision 1. [CERTAIN WAGES EXCLUDED FOR RATE MAKING.] The rating association or an insurer shall not include wages paid for a vacation, holiday, or sick leave in the determination of workers' compensation insurance premium.*

Subd. 2. [DIVISION OF PAYROLL.] The rating association or an insurer shall permit an employer to divide his payroll among relevant rating classifications for purposes of premium calculation when the employer's records provide adequate support for such division.

Sec. 14. Minnesota Statutes 1978, Section 79.22, is amended to read:

79.22 [DUTIES OF COMMISSIONER.] *Subdivision 1. The commissioner of insurance shall require these insurers, or their agents, to file with him on such blanks as he may prescribe such reports as in the judgment of the commissioner, may be necessary for the purposes of sections 79.01 to 79.23; and this information when so filed shall be available for the use of the commissioner. No information regarding the writings of any insurer shall be made public by the commissioner or the bureau, or any of its employees, except as required by law.*

Subd. 2. The commissioner shall annually examine the reopened case fund established in section 43 to determine whether the fund has sufficient assets to cover claims charged against the fund including the maintenance of reasonable reserves. If upon this examination the commissioner deems it necessary for the maintenance of the required assets he shall determine the amount to be assessed against insurers and self-insured employers and shall notify the commissioner of labor and industry of the determination.

Sec. 15. Minnesota Statutes 1978, Section 79.25, is amended to read:

79.25 [BUREAU TO FIX PREMIUM RATES.] *Subdivision 1. When any such rejected risk is called to its attention and it appears that the risk is in good faith entitled to coverage the bureau shall fix the initial premium therefor and may fix an additional charge to compensate the agent of record for his services and, upon its payment, the bureau shall designate a member, whose duty it shall be to issue a policy containing the usual and customary provisions found in such policies therefor, but for which*

undertaking all members of the bureau shall be reinsurers as among themselves in the amount which the compensation insurance written in this state during the preceding calendar year by that member bears to the total compensation insurance written in this state during the preceding year by all the members of the bureau.

Subd. 2. An insurer that issues a policy pursuant to this section shall not receive an expense allowance that exceeds the expense allowance approved by the commissioner for other insurers.

Sec. 16. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.33] [ADDITIONAL DUTIES OF THE COMMISSIONER.] *In addition to other duties prescribed to the commissioner, he may: (a) study the feasibility of extending the experience rating system to employers who are covered by it; and (b) require insurers when establishing reserves to use life expectancy tables, when available, that are appropriate for persons with equivalent disabilities. If these life expectancy tables are not available, the commissioner shall require insurers to develop them unless their development is not feasible.*

Sec. 17. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.34] [CREATION OF REINSURANCE ASSOCIATION.] *Subdivision 1. An unincorporated, nonprofit association known as the workers' compensation reinsurance association is created. Each insurer as defined by section 79.01, subdivision 2, shall as a condition of its authority to transact workers' compensation insurance in this state, be a member of the reinsurance association and shall be bound by the plan of operation of the reinsurance association. Each self-insurer approved pursuant to section 176.181 shall also be a member of the reinsurance association and shall be bound by its plan of operation. The reinsurance association shall not be deemed a state agency. Actions of the reinsurance association and its board of directors and actions of the commissioner of insurance with respect to the reinsurance association shall not be subject to chapter 15.*

Subd. 2. (1) The reinsurance association shall provide and each member shall accept indemnification for 100 percent of the amount of ultimate loss sustained in each loss occurrence under chapter 176 in excess of \$300,000 or \$100,000 at the option of the member, provided that \$300,000 and \$100,000 shall be increased, to the nearest \$10,000, on October 1, 1980 and on each October 1 thereafter by the percentage increase in the state-wide average weekly wage for the previous calendar year as determined pursuant to clause (2) of this subdivision. Ultimate loss as used in this section means the actual loss amount which a member is obligated to pay and which is paid or payable by the member and shall not include claim expenses. An ultimate loss is incurred by the reinsurance association on the date on which the loss occurs.

(2) For the purposes of this section state-wide average weekly

wage means that wage determined by the commissioner in the following manner: On or before the July 1 preceding the October 1 on which the increase is to be applicable, the total wages reported to the department of economic security for the preceding 12 months ending on December 31 shall be divided by the total employment reported to that department for the same period to arrive at an average annual wage, which shall be divided by 52 to determine the state-wide average weekly wage.

Subd. 3. An insurer may withdraw from the reinsurance association only upon ceasing to write workers' compensation insurance in this state.

An insurer whose membership in the reinsurance association is terminated shall continue to be bound by the plan of operation. Upon withdrawal, all unpaid premiums which have been charged to the withdrawing member shall be payable as of the effective date of the withdrawal.

Subd. 4. An unsatisfied net liability to the reinsurance association of an insolvent member shall be assumed by and apportioned among the remaining members of the reinsurance association as provided in the plan of operation. The reinsurance association shall have all rights allowed by law on behalf of the remaining members against the estate or funds of the insolvent member for sums due the reinsurance association.

Subd. 5. When a member has been merged or consolidated into another insurer, or another insurer, which provides insurance required by chapter 176, has reinsured a member's entire business, the member and successors in interest of the member shall remain liable for the member's obligations.

Subd. 6. No insurer or self-insurer may establish a reserve in a financial statement filed with the commissioner of insurance in excess of its maximum liability under this section for a single claim or occurrence.

Sec. 18. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.35] [DUTIES; RESPONSIBILITIES; POWERS.] *The reinsurance association shall do the following on behalf of its members:*

(a) *Assume 100 percent of the liability as provided in section 17;*

(b) *Establish procedures by which members shall promptly report to the reinsurance association each claim which, on the basis of the injury sustained, may reasonably be anticipated to involve liability to the reinsurance association if the member is held liable under chapter 176. Solely for the purpose of reporting claims, the member shall in all instances consider itself legally liable for the injury. The member shall advise the reinsurance association of subsequent developments likely to materially affect the interest of the reinsurance association in the claim;*

(c) *Maintain relevant loss and expense data relative to all liabil-*

ities of the reinsurance association and require each member to furnish statistics in connection with liabilities of the reinsurance association at the times and in the form and detail as may be required by the plan of operation;

(d) Calculate and charge to members a total premium sufficient to cover the expected losses of the reinsurance association in excess of the larger retention limit, together with operating and administrative expenses, which the reinsurance association will likely pay during the period for which this premium is applicable. The premium shall include an amount to cover any excess or deficient premiums from previous periods. Each member shall be charged an amount equal to a percentage, equal to that charged other members, of that member's total gross written premiums, less returned premiums, written during the period preceding that to which the reinsurance association premium will apply. An equitable basis for premium charges to self insurers shall be established by the board. Members exercising the lower retention option shall be charged a premium established by the board as sufficient to cover incurred claims for the liability the association is likely to incur for the period to which the premium applies. The premium shall not be unfairly discriminatory as defined in section 5. The premium may reflect excessive or deficient premiums from previous periods;

The reinsurance association shall establish a reserve in anticipation of expended losses in excess of \$500,000 for a single occurrence.

(e) Require and accept the payment of premiums from members of the reinsurance association;

(f) Receive and distribute all sums required by the operation of the reinsurance association;

(g) Establish procedures for reviewing claims procedures and practices of members of the reinsurance association. If the claims procedures or practices of a member are considered inadequate to properly service the liabilities of the reinsurance association, the reinsurance association may undertake, or may contract with another person, including another member, to adjust or assist in the adjustment of claims which create a potential liability to the association and may charge the cost of the adjustment to the member; and

(h) Provide each member of the reinsurance association with an annual report of the operations of the reinsurance association in a form the board of directors may specify.

Sec. 19. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.36] [ADDITIONAL POWERS.] *In addition to the powers granted in section 18, the reinsurance association may do the following:*

(a) *Sue and be sued. A judgment against the reinsurance association shall not create any direct liability against the individual members of the reinsurance association. The reinsurance associa-*

tion may provide for the indemnification of the members, members of the board of directors of the reinsurance association, and officers, employees and other persons lawfully acting on behalf of the reinsurance association;

(b) Reinsure all or any portion of its potential liability with reinsurers licensed to transact insurance in this state;

(c) Provide for appropriate housing, equipment, and personnel as may be necessary to assure the efficient operation of the reinsurance association;

(d) Contract for goods and services, including independent claims management, actuarial, investment, and legal services from others within or without this state to assure the efficient operation of the reinsurance association;

(e) Adopt rules, consistent with the plan of operation, for the administration of the reinsurance association, enforce those rules, and delegate authority as necessary to assure the proper administration and operation of the reinsurance association;

(f) Intervene at any time, in any proceeding under chapters 79 or 176 in which liability of the reinsurance association may, in the opinion of the board of directors of the reinsurance association or its designee, be established, or the reinsurance association affected in any other way;

(g) Hear and determine complaints of a company or other interested party concerning the operation of the reinsurance association; and

(h) Perform other acts not specifically enumerated in this section which are necessary or proper to accomplish the purposes of the reinsurance association and which are not inconsistent with sections 17 to 25 or the plan of operation.

Sec. 20. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

The board shall consist of nine directors and the commissioner of insurance who shall be an ex officio member. Four members of the board shall represent insurers, three members of the board shall represent employers, and two members of the board shall represent employees. Each board member shall be entitled to one vote, except as provided otherwise. Terms of the directors shall be staggered so that the terms of all the directors do not expire at the same time and so that a director does not serve a term of more than four years. The board shall select a chairman and other officers it deems appropriate.

A majority of the board shall constitute a quorum, notwithstanding any vacancies. Action may be taken by a majority vote of the directors present.

Sec. 21. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

(a) *The establishment of necessary facilities;*

(e) *Procedures governing the actual payment of premiums to the reinsurance association;*

(f) *Reimbursement of each member of the board by the reinsurance association for actual and necessary expenses incurred on reinsurance association business;*

(g) *The composition, terms, compensation and other necessary rules consistent with section 20 for boards of directors of the reinsurance association to succeed the initial board provided in section 24;*

(h) *The investment policy of the reinsurance association; and*

(i) *Any other matters required by or necessary to effectively implement sections 17 to 25.*

[79.39] [APPLICABILITY OF CHAPTER 79.] *The reinsurance association is subject to all the provisions of this chapter. The commissioner or an authorized representative of the commissioner may visit the reinsurance association at any time and examine the reinsurance association's operations, records and practices.*

Sec. 23. Minnesota Statutes 1978, Chapter 79, is amended by adding a section to read:

[79.40] [PREMIUM INCLUSION IN RATEMAKING.] *Premiums charged members by the reinsurance association shall be recognized in the ratemaking procedures for insurance rates in the same manner as assessments for the special compensation fund.*

[79.41] [ORGANIZATIONAL MEETING.] *Not more than 30 days after the effective date of this section, the commissioner shall convene an organizational meeting of the board. The board shall be initially composed of nine members appointed by the*

commissioner as follows: four representatives of insurers, three representatives of employers, and two representatives of employees. Not more than 60 days after the initial organizational meeting of the board, the board shall submit to the commissioner for approval a proposed plan of operation consistent with the objectives and provisions of sections 17 to 25 which shall provide for the economical, fair, and nondiscriminatory administration of the reinsurance association and for the prompt and efficient payment of losses. If a plan is not submitted within this 60-day period, the commissioner shall formulate and place into effect a plan consistent with this chapter.*

Subd. 2. The plan of operation, unless approved sooner in writing, shall be considered to meet the requirements of sections 17 to 25 if it is not disapproved by written order of the commissioner within 30 days after the date of its submission. Before disapproval of all or any part of the proposed plan of operation, the commissioner shall notify the board in what respect the plan of operation fails to meet the requirements and objectives of sections 17 to 25. If the board fails to submit a revised plan of operation which meets the requirements and objectives of sections 17 to 25 within 30-days of the commissioner's notice of the inadequacy of the first plan, the commissioner shall immediately formulate and place into effect a plan consistent with the requirements and objectives of sections 17 to 25.

Subd. 3. The proposed plan of operation or amendments to the plan of operation shall be subject to approval by the board, with voting rights being apportioned according to the premiums charged, and shall be subject to approval by the commissioner.

Subd. 4. Upon approval by the commissioner and ratification by the members of the submitted plan, or upon the promulgation of a plan by the commissioner, each insurer authorized to write workers' compensation insurance shall be bound by and shall formally subscribe to and participate in the approved plan as a condition of maintaining its authority to transact insurance in the state.

Sec. 26. Minnesota Statutes 1978, Section 175.006, Subdivision 1, is amended to read:

Subd. 15. [OCCUPATIONAL DISEASE.] "Occupational disease" means a disease arising out of and in the course of employment peculiar to the occupation in which the employee is engaged and due to causes in excess of the hazards ordinary of employment and shall include undulant fever. Ordinary diseases of life to which the general public is equally exposed outside of employment are not compensable, except where *such the* diseases follow as an incident of an occupational disease, or where the exposure peculiar to the occupation makes *such the* disease an occupational disease hazard. A disease arises out of the employment only if there be a direct causal connection between the conditions under which the work is performed and if the occupational disease follows as a natural incident of the work as a result of the exposure occasioned by the nature of the employment. An employer is not liable for compensation for any occupational disease which cannot be traced to the employment as a direct and proximate cause and is not recognized as a hazard characteristic of and peculiar to the trade, occupation, process, or employment or which results from a hazard to which the worker would have been equally exposed outside of the employment. If immediately preceding the date of his disablement or death, an employee was employed on active duty with an organized fire or police department of any municipality, as a member of the Minnesota highway patrol, conservation officer service, state crime bureau, *as a forest officer by the department of natural resources*, or sheriff or full time deputy sheriff of any county, and his disease is that of myocarditis, coronary sclerosis, pneumonia or its sequel, and at the time of his employment such employee was given a thorough physical examination by a licensed doctor of medicine, and a written report thereof has been made and filed with such organized fire or police department, with the Minnesota highway patrol, conservation officer service, state

crime bureau, *department of natural resources*, or sheriff's department of any county, which examination and report negatived any evidence of myocarditis, coronary sclerosis, pneumonia or its sequel, the disease is presumptively an occupational disease and shall be presumed to have been due to the nature of his employment.

Sec. 30. Minnesota Statutes 1978, Section 176.021, Subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of the compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except those of medical, burial, and other non-periodic benefits, payments shall be made as nearly as may be at the intervals when the wage was payable; provided, however, that payments for permanent partial disability *in cases in which return to work occurs prior to four weeks from the date of injury* shall be made by lump sum payment, and the provisions of section 176.165 shall not apply, without the necessity of any agreement, or order of the division, upon ~~termination~~ *cessation of the healing period, or as soon as such disability can be ascertained* payments for temporary total disability and upon the employee's return to work. *In cases in which return to work does not occur prior to four weeks after injury* payments for permanent partial disability shall be made according to the following schedule: 25 percent of the amount due after four weeks from the date of injury, 25 percent after eight weeks, 25 percent after 12 weeks and 25 percent after 16 weeks, provided that any and all payments remaining shall be paid upon the cessation of payments for temporary total disability and upon the employee's return to work. If doubt exists at such that time as to the eventual permanent partial disability, payment shall be then made for the minimum permanent partial disability ascertainable in lump sum, and further lump sum payment shall be made upon any later ascertainment of greater permanent partial disability. At the time of the tender of any such ~~the~~ lump sum payment, the employee and employer shall be furnished with a copy of the medical report upon which ~~such the~~ payment is based, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. Compensation for permanent partial disability is payable concurrently and in addition to compensation for temporary total disability and temporary partial disability as set forth in section 176.101, subdivisions 1 and 2, and for permanent total disability as defined in section 176.101, subdivision 5; and such compensation for permanent partial disability shall not be deferred pending completion of payment for temporary disability or permanent total disability, and no credit shall be taken for payment of permanent partial disability against liability for permanent total disability. Liability on the part of an employer or his insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and

shall be payable accordingly. Permanent partial disability is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation. ~~In the event that an employee's death is not compensable under this chapter,~~ The right to receive *temporary total, temporary partial, a permanent partial or permanent total disability payment payments* shall vest in the injured employee or his dependents under this chapter or, if none, in his legal heirs at the time the disability can be ascertained and the right shall not be abrogated by the employee's death prior to the making of the payment.

Sec. 31. Minnesota Statutes 1978, Section 176.061, Subdivision 5, is amended to read:

Subd. 5. [CUMULATIVE REMEDIES.] Where an injury or death for which compensation is payable is caused under circumstances which created a legal liability for damages on the part of a party other than the employer, that party being then insured or self-insured in accordance with this chapter, and the provisions of subdivisions 1, 2, 3, and 4 do not apply, or the party other than the employer is not then insured or self-insured as provided by this chapter, legal proceedings may be taken by the employee or his dependents against the other party to recover damages, notwithstanding the payment by the employer or his liability to pay compensation. If the action against ~~such~~ *the* other party is brought by the injured employee or his dependents and a judgment is obtained and paid or settlement is made with the other party, the employer may deduct from the compensation payable by him the amount actually received by the employee or dependents in accordance with subdivision 6. If the action is not diligently prosecuted or if the court deems it advisable in order to protect the interests of the employer, upon application the court may grant the employer the right to intervene in any such action for the prosecution thereof. If the injured employee or his dependents agree to receive compensation from the employer or institute proceedings to recover the same or accept from the employer any payment on account of such compensation, the employer is subrogated to the rights of the employee or his dependents. This employer may maintain an action or continue an action already instituted. This action may be maintained in the name of the employee or the names of the dependents or in the name of the employer against ~~such~~ *the* other party for the recovery of damages. If the action is not diligently prosecuted by the employer or the court deems it advisable in order to protect the interest of the employee, the court, upon application, may grant to the employee or his dependents the right to intervene in the action for the prosecution thereof. The proceeds of ~~such~~ *the* action or settlement thereof shall be paid in accordance with subdivision 6. ~~Such~~ *The* party is not liable to any person other than the employee or his dependents for any damages resulting from the injury or death.

A co-employee working for the same employer is not liable for a personal injury incurred by another employee unless the injury

resulted from the gross negligence of the co-employee or was intentionally inflicted by the co-employee.

Sec. 32. Minnesota Statutes 1978, Section 176.081, Subdivision 5, is amended to read:

Subd. 5. In the determination of the reasonable value of attorney fees arising out of a claim or proceeding under this chapter, the following principles are to be applied:

(a) The fee in each individual case must be a reasonable one.

(b) There is no set standard fee to be awarded in any workers' compensation matter.

(c) No attorney-client fee contract or arrangement is binding in any workers' compensation matter.

(d) In determining a reasonable attorney fee, important factors to be taken into account are: the amount involved, the time and expense necessary to prepare for trial, the responsibility assumed by counsel, *the expertise of counsel in the workers' compensation field*, the difficulties of the issues involved, the nature of proof needed to be adduced and the results obtained. The amount of money involved shall not be the controlling factor.

(e) The determination of the fee in each specific workers' compensation matter must be done with the same care as the determination of any other fact question in the matter.

(f) The determiner of the attorney fee in each matter must ascertain whether or not a retainer fee has been paid to the attorney and if so, the amount of the retainer fee.

(g) The determiner of attorney fees in each case must personally see that the workers' compensation file contains fully adequate information to justify the fee that is determined.

Sec. 35. Minnesota Statutes 1978, Section 176.101, Subdivision 4, is amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be 66 $\frac{2}{3}$ percent of the daily wage at the time of the injury, subject to a maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to the minimum weekly compensation for a temporary total disability. This compensation shall be paid during the permanent total disability of the injured employee but after a total of \$25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if such *the* disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. Such *This* reduction shall also apply to any old age and survivor insurance benefits. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of his confinement in such *the* institution, unless he has wholly dependent on him for support some person named in section 176.111, subdivisions 1, 2 or 3, in which case the compensa-

tion provided for in section 176.111, during the period of such confinement, shall be paid for the benefits benefit of such the dependent person during dependency. The dependency of such persons this person shall be determined as though the employee were deceased.

Sec. 36. [176.102] [REHABILITATION.] *Subdivision 1. [SCOPE.] Vocational rehabilitation shall train an employee so he may be returned to a job related to his former employment or to a job in another work area which produces an economic status as close as possible to that he would have enjoyed without disability. Rehabilitation to a job with a higher economic status than would have occurred without disability would be permitted if it can be demonstrated such higher rehabilitation is necessary to increase the likelihood of reemployment. Economic status is to be measured not only by opportunity for immediate income but also by opportunity for future income.*

Subd. 2. [ADMINISTRATORS.] The commissioner of labor and industry shall hire a director of rehabilitation services who shall be in the classified service. The commissioner of labor and industry shall be responsible for supervising rehabilitation services, including the selection and delivery of services. The commissioner of labor and industry may hire qualified personnel to assist in his duties under this section and may delegate his duties and performance.

Subd. 3. [REVIEW PANEL.] There is created a rehabilitation review panel composed of the commissioner of labor and industry or his designee, who shall serve as an ex officio member and two members each from labor, employers, insurers, vocational rehabilitation, and medicine and one member representing chiropractors. The members shall be appointed by the governor and shall serve four year terms which may be renewed. Compensation for members shall be governed by section 15.0575. The panel shall select a chairman. The panel shall (a) review and make a determination with respect to appeals regarding rehabilitation plans; (b) hold revocation of certification approval hearings; (c) continuously study rehabilitation; and (d) recommend rehabilitation rules as necessary to the commissioner of labor and industry. A majority vote of those attending a panel hearing under subdivision 6 shall constitute the decision of the board.

Subd. 4. [REHABILITATION PLAN; DEVELOPMENT.] Within 30 days of the time an employer or his insurer has medical information that an employee is unable due to a personal injury or occupational disease to return to his preinjury occupation the employer shall provide rehabilitation consultation for the employee. The employee, however, shall have the final decision on which rehabilitation agency is to be utilized pursuant to the provisions of this section. The consultation shall be done by any person or public or private institution approved by the commissioner of labor and industry. If the consultant determines rehabilitation would significantly reduce or eliminate the decrease in employability, the employer or insurer in conjunction with the rehabilitation consultant

shall submit a specific plan of rehabilitation to the commissioner. If the employer does not provide rehabilitation consultation, when required by this section, within the time specified by this subdivision, the commissioner of labor and industry shall notify the employer and insurer that should they fail to provide rehabilitation consultation within 15 days from the receipt of the commissioner's notice, the division of vocational rehabilitation shall be authorized to provide the rehabilitation consultation for the employee. If the employee refuses to submit to any reasonable examinations and evaluative procedures to determine the need for and the details of a plan of rehabilitation, the amount of compensation may be reduced or the right to compensation may be suspended by an order of the division or workers' compensation court of appeals in a matter before it. In developing a plan, consideration should be given to the employee's age, education, previous work history, interests and skills.

Subd. 5. [ON THE JOB TRAINING.] On the job training is to be given consideration in developing a rehabilitation plan especially where it would produce an economic status similar to that enjoyed prior to disability. When a rehabilitation plan includes on the job training, the employee shall receive compensation while employed in an amount equal to the after tax wage the employee received at the time of the personal injury. This compensation shall be paid in whole or in part by the insurer liable for compensation for the employee's personal injury. The amount of compensation to be paid by this insurer shall be determined in the rehabilitation plan prepared pursuant to this section. Any difference between the amount of compensation the insurer is paying and the after tax wage the employee received at the time of the personal injury shall be paid by the on the job employer, but in no case shall this employer's amount exceed the prevailing wage for the job. After tax wage shall be determined by subtracting federal and state income tax from the employee's gross wage.

A rehabilitation plan which includes on the job training shall attempt to create an incentive for an employer to hire the employee for on the job training. This incentive may be in the form of reducing the on the job training employer's wages paid to the employee to a level which is less than the prevailing wage for the job, provided that the total compensation from the insurer, required by this section, and the wages paid by the on the job training employer is not less than the after tax wage received by the employee at the time of the personal injury. The compensation from the insurer and the on the job training employer paid pursuant to this subdivision is in lieu of temporary total disability payments and the additional compensation provided in subdivision 11.

Subd. 6. [PLAN, APPROVAL.] The commissioner of labor and industry shall approve or reject rehabilitation plans. Any persons aggrieved by a decision of the commissioner may appeal to the rehabilitation panel within 30 days of the commissioner's decision. The decision of the panel may be appealed to the workers' com-

compensation court of appeals. The panel may approve or reject the decision of the commissioner. If it rejects the commissioner's decision it may formulate its own rehabilitation plan.

Subd. 7. [PLAN IMPLEMENTATION; REPORTS.] Upon request by the commissioner, insurer or employer, reports shall be made by the provider of the rehabilitation service to the commissioner of labor and industry, insurer and employer of an employee's progress under a plan.

(b) In the event an eligible recipient is currently receiving no compensation or is receiving a reduced level of compensation because of a credit being applied as the result of a third party

liability or damages, the employer or insurer shall compute the offset credit as if the individual were entitled to the actual benefit or 60 65 percent of the statewide average weekly wage as computed annually, whichever is greater. If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section.

(e) In the event that an eligible recipient is receiving simultaneous benefits from any government disability program, the amount of supplementary benefits payable under this section shall be reduced by five percent. Interest or profit arising from investment of the reopened case fund shall be credited to the reopened case fund, and any loss from investment shall be borne by it.

Subd. 2. [LIABILITY.] When a claim for compensation is made pursuant to this chapter by an employee or a claim for death benefits is made pursuant to this chapter on behalf of the dependents of a deceased employee after seven years from the date of the personal injury or death, and no compensation has previously been paid for the injury or death, the claim shall be against and paid from the reopened case fund.

If compensation has previously been paid for the personal injury

or death for which compensation is being claimed, the claim shall be against and paid from the reopened case fund only if the claim is made after seven years from the date of injury or death or after three years from the date of last payment or compensation, whichever is later.

Subd. 3. [LAST PAYMENT OF COMPENSATION.] For the purposes of this section, the date of the last payment of compensation is the date of actual payment of the last installment of previously awarded compensation, except that when compensation was paid in a lump sum, the date of the last payment of compensation is the date to which the lump sum payment would have extended if the payments had been made in regular weekly intervals.

Subd. 4. [ADMINISTRATION.] The commissioner of labor and industry shall administer the reopened case fund.

If at least one of the opinions affirms that the surgery is reasonably required, the employee may choose to undergo the surgery at the employer's expense. A second surgical opinion is not required in cases of emergency surgery or when the employer and employee agree that the opinion is not necessary.

Sec. 45. Minnesota Statutes 1978, Chapter 176, is amended by adding a section to read:

[176.136] [MEDICAL FEE REVIEW.] The commissioner of labor and industry shall by rule establish procedures for determining whether the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups. If the commissioner determines that the charge for a health service is excessive, he may limit payment to the reasonable charge for that service; however, the commissioner shall by rule establish procedures allowing for a provider to appeal such determination. The commissioner may contract with a review organization as defined in section 145.61 in making any determinations as to whether or not a charge is excessive.

Sec. 46. [176.139] [NOTICE OF RIGHTS POSTED.] A notice, in form approved by the commissioner of labor and industry, shall be posted in a conspicuous place at each place of employment, advising employees of their rights and obligations under chapter

Sec. 47. Minnesota Statutes 1978, Section 176.141, is amended to read:

176.141 [NOTICE OF INJURY.] Unless the employer has actual knowledge of the occurrence of the injury or unless the injured worker, or a dependent or someone in behalf of either, gives written notice thereof to the employer within 14 days after the occurrence of the injury, then no compensation shall be due until ~~such~~ the notice is given or knowledge obtained. If the notice is given or the knowledge obtained within 30 days from the occurrence of the injury, no want, failure, or inaccuracy of a notice shall be a bar to obtaining compensation unless the employer shows that he was prejudiced by such want, defect, or inaccuracy, and then only to the extent of ~~such~~ the prejudice. If the notice is given or the knowledge obtained within 180 days, and if the employee or other beneficiary shows that his failure to give prior notice was due to his mistake, inadvertence, ignorance of fact or law, or inability, or to the fraud, misrepresentation, or deceit of the employer or his agent, then compensation may be allowed, unless the employer shows that he was prejudiced by failure to receive ~~such~~ the notice, in which case the amount of compensation shall be reduced by ~~such~~ a sum as *which* fairly represents the prejudice shown. Unless knowledge is obtained or written notice given within 180 days after the occurrence of the injury no compensation shall be allowed, *except that an employee who is unable, because of mental or physical incapacity, to give notice to the employer within 180 days from the injury shall give the prescribed notice within 180 days from the time the incapacity ceases.*

A copy of the signed certificate of ~~such the~~ neutral physician shall be mailed to the parties in interest and either party, within five days from date of mailing, may demand that ~~such the~~ physician be produced for purposes of cross-examination. ~~Such The~~ signed certificate of a neutral physician is competent evidence of the facts stated therein. The expense of ~~such the~~ examination shall be paid as ordered by the commissioner of ~~the department~~ of labor and industry, compensation judge, or the workers' compensation court of appeals.

Sec. 50. Minnesota Statutes 1978, Section 176.181, Subdivision 2, is amended to read:

The commissioner of insurance may issue a license subject to restrictions or limitations, including restrictions or limitations on the type of services which may be supplied or the activities which may be engaged in. The license is for a two year period.

Subd. 2. [INITIAL REPORT, WRITTEN REPORT.] Where subdivision 1 requires an injury to be reported within 48 hours, the employer may make his initial report by telephone, telegraph, or personal notice, and file a written report of the injury within seven days from its occurrence or within such time as the commissioner of the ~~department of labor and industry~~ designates. All written reports of injuries *required by subdivision 1* shall be in

duplicate quadruplicate on a form designed by the commissioner, with two copies to the commissioner and one to the insurer.

Sec. 55. Minnesota Statutes 1978, Section 176.235, is amended to read:

176.235 [NOTICE TO EMPLOYERS AND INJURED EMPLOYEE OF RIGHTS AND DUTIES.] *Subdivision 1.* When the commissioner of the department of labor and industry has received notice or information that an employee has sustained an injury which may be compensable under this chapter, the commissioner of the department of labor and industry shall mail a form letter notice brochure, written in language easily readable and understandable by a person of average intelligence and education, to the employee stating briefly and simply explaining the rights and duties obligations of the employee in such case, the assistance available to the employee, the operation of the workers' compensation system, and

The notice:

(1) shall summarize the duty of the employer to pay compensation and to furnish medical and hospital treatment;

(2) shall invite the employee to ask the advice of the division with reference to any doubt or dispute which the employee has concerning the injury;

(3) may contain whatever other relevant information the commissioner of the department of labor and industry deems necessary.

Subd. 2. The commissioner shall prepare, in language easily readable and understandable by a person of average intelligence and education, a brochure explaining to employers their rights and obligations under this chapter and shall furnish it to employers subject to this chapter.

Sec. 56. Minnesota Statutes 1978, Section 176.241, is amended to read:

176.241 [NOTICE TO DIVISION OF INTENTION TO DISCONTINUE COMPENSATION PAYMENTS.] *Subdivision 1.* [NECESSITY FOR NOTICE AND SHOWING; CONTENTS.] Where an employee claims that the right to compensation continues, or refuses to sign or objects to signing a final receipt for compensation, the employer may not discontinue payment of compensation until he notifies the division in writing of his intention to do so he provides the division with notice in writing of his intention to do so, together with a statement of facts clearly indicating the reasons for the discontinuance.

The notice to the division shall state the date of intended discontinuance, the reason for such the action, and the fact that the employee objects to the discontinuance. The notice shall be accompanied by a statement of facts in support of the discontinuance of compensation payments and whatever medical reports are in the possession of the employer bearing on the physical condition of the employee at the time of the proposed discontinuance.

Subd. 2. [CONTINUANCE OF EMPLOYER'S LIABILITY; SUSPENSION.] Except where the commissioner of the department of labor and industry orders otherwise, until the notice and reports have been filed with the division, the liability of the employer to make payments of compensation continues.

When the division has received a notice of discontinuance, *the statement of facts* and available medical reports, the duty of the employer to pay compensation is suspended pending an investigation, hearing, and determination of the matter by the division as provided in the following subdivisions.

Subd. 3. [COPY OF NOTICE TO EMPLOYEE, INVESTIGATION, HEARING.] When the division has received a notice of discontinuance, it shall immediately send the employee a copy of the notice and copies of ~~whatever~~ *medical reports supporting documents which* have been submitted in conjunction with the notice. The commissioner of the department of labor and industry shall make an investigation to determine whether the right to compensation has terminated. The hearing shall be held within a reasonable time after the division has received the notice of discontinuance. The commissioner of the department of labor and industry shall give eight days notice of the hearing to interested parties.

Subd. 4. Subd. 2. Before a proceeding is initiated pursuant to subdivision 1 the party contemplating initiation of a proceeding shall notify the party against whom the proceeding will be directed including an employer who has an interest in the matter and shall state the relief that will be sought in the proceeding. If the party to

whom the notice is directed does not respond to the satisfaction of the party supplying the notice within 15 days of the receipt of the notice a proceeding may be initiated pursuant to subdivision 1. We, the undersigned conferees for H. F. No. 257, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and H. F. No. 257 be amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

Sec. 2. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.72] [STATEMENT OF PURPOSE.] *The statutes governing the use of tax increment financing in Minnesota have evolved over a long period of time and exist in several different special and general laws. These laws are sometimes inconsistent and provide varying procedures which render them difficult to administer. It is the intent of the legislature, by enacting the Minnesota tax increment financing act, to ratify and confirm the findings, declarations and determinations made by the legislature in connection with chapters 362A, 458, 462, 472A and 474 and to establish a uniform set of standards and procedures to be followed when using this method of financing.*

Sec. 3. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.73] *Subdivision 1. [DEFINITIONS.] For the purposes of sections 1 to 8 the terms defined in this section shall have the meanings given them.*

Subd. 4. [CAPTURED ASSESSED VALUE.] "Captured assessed value" means any amount by which the current assessed value of a tax increment financing district exceeds the original assessed value, including the value of property normally taxable as personal property by reason of its location on or over property owned by a tax-exempt entity.

Subd. 5. [GOVERNING BODY.] "Governing body" means the duly elected council or board of a municipality, notwithstanding any contrary definition thereof contained in chapter 475.

Subd. 6. [MUNICIPALITY.] "Municipality" means any city, however, organized, and with respect to a project undertaken

Subd. 7. [ORIGINAL ASSESSED VALUE.] "Original assessed value" means the assessed value of all taxable real property within a tax increment financing district as most recently certified by the commissioner of revenue as of the date of the request by an authority for certification by the county auditor, together with subsequent adjustments as set forth in section 6, subdivisions 1 and 4; provided, however, that in determining the original assessed value the assessed value of real property exempt from taxation at the time of the request shall be zero except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the assessed value of the property shall be the assessed value as most recently determined by the commissioner of revenue. For purposes of this subdivision, "real property" shall include any property normally taxable as personal property by reason of its location on or over property owned by a tax-exempt entity.

Subd. 8. [PROJECT.] "Project" means a project as defined in section 362A.01; an industrial development district as defined in section 458.191, subdivision 1; a redevelopment project as defined in section 462.421, subdivision 14; a development district as defined in section 472A.02, subdivision 3 or any special law; or a project as defined in section 474.02, subdivisions 1, 1a or 1b.

[TAX INCREMENT FINANCING DISTRICT.] "Tax increment financing district" or "district" means a contiguous or noncontiguous geographic area within a project delineated in the tax increment financing plan, as provided by section 4, subdivision 1, for the purpose of financing redevelopment, housing or economic development in municipalities through the use of tax increment generated from the captured assessed value in the tax increment financing district.

Subd. 10. [REDEVELOPMENT PROJECT.] (a) "Redevelopment project" means a project within which the authority finds by resolution that one of the following conditions, reasonably distributed throughout the project, exists:

(2) The land is predominantly occupied by buildings, streets, utilities or other improvements and 20 percent of the buildings are structurally substandard and an additional 30 percent of the buildings are found to require substantial renovation or clearance in order to remove such existing conditions as: inadequate street layout, incompatible uses or land use relationships, overcrowding of

buildings on the land, excessive dwelling unit density, obsolete buildings not suitable for improvement or conversion, or other identified hazards to the health, safety and general well being of the community; or

(3) The land is not predominantly occupied by buildings, streets, utilities or other improvements, but at least 80 percent of the total acreage of such land has a fair market value upon inclusion in the project which, when added to the estimated cost of preparing the land for use, including utilities, if any, exceeds its anticipated fair market value after completion of said preparation; or

(4) The property consists of underutilized air rights existing over a public street, highway or right-of-way.

(b) For purpose of this subdivision, "structurally substandard" shall mean containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light and ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance. "Predominantly occupied" shall mean at least 50 percent of the parcels comprising at least 50 percent of the acreage.

Subd. 12. [ECONOMIC DEVELOPMENT PROJECT.] "Economic development project" means any project not meeting the requirements found in the definition of redevelopment project or housing project, but which the authority finds to be in the public interest because:

(a) It will discourage commerce, industry or manufacturing from moving their operations to another state; or

(b) It will result in increased employment in the municipality; or

(c) It will result in preservation and enhancement of the tax base of the municipality.

Subd. 13. [ADMINISTRATIVE EXPENSES.] "Administrative expenses" means all expenditures of an authority other than amounts paid for the purchase of land or amounts paid to contractors or others providing materials and services, including architectural and engineering services, directly connected with the physical development of the real property in the district, relocation benefits paid to or services provided for persons residing or businesses located in the district, or amounts used to pay interest on, fund a reserve for, or sell at a discount bonds issued pursuant to section 7.

Sec. 4. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.74] [ESTABLISHING, MODIFYING TAX INCREMENT FINANCING PLAN, ANNUAL ACCOUNTS.] *Subdivision 1. [TAX INCREMENT FINANCING PLAN.] A tax increment financing plan shall contain a statement of objectives of an authority for the improvement of a district. The plan shall contain a statement as to the development program for the district, including the property within the district, if any, which the authority intends to acquire. It shall also contain estimates of the following: cost of the district, including administration expenses; amount of bonded indebtedness to be incurred; sources of revenue to finance or otherwise pay public costs; the most recent assessed value of taxable real property within the district; the estimated captured assessed value of the district at completion; and the duration of the district's existence. The plan shall also contain a statement of the authority's estimate of the impact of tax increment financing on the assessed values of all taxing jurisdictions in which the district is located in whole or in part.*

Subd. 2. [CONSULTATIONS; COMMENT AND FILING.] Before formation of a tax increment financing district, the authority shall provide an opportunity to the members of the county boards of commissioners of any county in which any portion of the proposed district is located and the members of the school board of any school district in which any portion of the proposed district is located to meet with the authority. The authority shall present to the members of the county boards of commissioners and the school boards its estimate of the fiscal and economic implications of the proposed tax increment financing district. The members of the county boards of commissioners and the school boards may present their comments at the public hearing on the tax increment financing plan required by subdivision 3. Upon adoption of the tax increment financing plan, the authority shall file the same with the state planning agency.

Subd. 3. [MUNICIPALITY APPROVAL.] No county auditor shall certify the original assessed value of a tax increment financing district until the tax increment financing plan proposed for that district has been approved by the municipality in which the project is located. If an authority which proposes to establish a tax increment financing district and the municipality are not the same, the authority shall apply to the municipality in which the district is proposed to be located and shall obtain the approval of its tax increment financing plan by the municipality before the authority may use tax increment financing. The municipality shall approve the tax increment financing plan only after a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of the hearing. This hearing may be held before or after the approval or creation of the project or it may be held in conjunction with a hearing to approve the project. Before or at the time of approval of the

tax increment financing plan, the municipality shall make the following findings:

(a) That the project comprising the proposed tax increment financing district is a redevelopment project, a housing project or an economic development project and the specific bases for such determination.

(b) That the proposed development or redevelopment, in the opinion of the municipality, would not occur solely through private investment within the reasonably foreseeable future and therefore the use of tax increment financing is deemed necessary.

(c) That the tax increment financing plan conforms to the general plan for the development or redevelopment of the municipality as a whole.

(d) That the tax increment financing plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the development or redevelopment of the district by private enterprise.

(e) That the municipality elects the method of tax increment computation set forth in section 6, subdivision 3, clause (b), if applicable.

When the municipality and the authority are not the same, the municipality shall approve or disapprove the tax increment financing plan within 60 days of submission by the authority, or the plan shall be deemed approved. When the municipality and the authority are not the same, the municipality may not amend or modify a tax increment financing plan except as proposed by the authority pursuant to section 4, subdivision 4. Once approved, the determination of the authority to undertake the project through the use of tax increment financing and the resolution of the governing body shall be conclusive of the findings therein and of the public need for such financing.

Subd. 4. [MODIFICATION OF PLAN.] A tax increment financing plan may be modified by an authority, provided that any reduction or enlargement of geographic area, increase in amount of bonded indebtedness to be incurred, increase in the portion of the captured assessed value to be retained by the authority, increase in total estimated tax increment expenditures or designation of additional property to be acquired by the authority shall be approved upon the notice and after the discussion, public hearing and findings required for approval of the original plan.

The geographic area of a tax increment financing district may be reduced, but shall not be enlarged after five years following the date of certification of the original assessed value by the county auditor or five years from the effective date of this act for tax increment financing districts authorized prior to the effective date of the act, except that development districts created pursuant to chapter 472A prior to the effective date of this act may be reduced but shall not be enlarged after five years following the date of designation of such district.

Subd. 5. [ANNUAL DISCLOSURE.] For all tax increment financing districts, whether created prior or subsequent to the effective date of this act, on or before July 1 of each year, the authority shall submit to the county board, the school board, the state planning agency and, if the authority is other than the municipality, the governing body of the municipality a report of the status of the district. The report shall include the following information: the amount and the source of revenue in the account, the amount and purpose of expenditures from the account, the amount of any pledge of revenues, including principal and interest on any outstanding bonded indebtedness, the original assessed value of the district, the captured assessed value retained by the authority, the captured assessed value shared with other taxing districts, the tax increment received and any additional information necessary to demonstrate compliance with any applicable tax increment financing plan. An annual statement showing the tax increment received and expended in that year, the original assessed value, captured assessed value, amount of outstanding bonded indebtedness and any additional information the authority deems necessary shall be published in a newspaper of general circulation in the municipality.

Sec. 5. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.75] [LIMITATIONS.] Subdivision 1. [DURATION OF TAX INCREMENT FINANCING DISTRICTS.] Subject to the limitations contained elsewhere in this subdivision any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as any such bonds continue to be outstanding; provided, however, the tax increment pledged to the payment of bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to such maturity or redemption date, provided that for bonds issued pursuant to section 7, clauses (a) and (b) the full faith and credit and any taxing powers of the municipality or authority shall continue to be pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full; provided, further, that no tax increment shall be paid to an authority for a tax increment financing district after three years from the date of certification of the original assessed value of the taxable real property in the district by the county auditor or three years from the effective date of this act for tax increment financing districts authorized prior to the effective date of the act unless within the three year period (a) bonds have been issued pursuant to section 7, or in aid of a project pursuant to any other law, except revenue bonds issued pursuant to chapter 474, prior to the effective date of this act, or (b) the authority has acquired property within the district, or (c) the authority has constructed or caused to be constructed public improvements

within the district; and provided, further, that no tax increment shall in any event be paid to the authority from a redevelopment project after 25 years from date of receipt by the authority of the first tax increment, after 25 years from the date of the receipt for a housing project and after eight years from the date of the receipt, or 10 years from approval of the tax increment financing plan, whichever is less, for an economic development project.

For tax increment financing districts created prior to the effective date of this act, no tax increment shall be paid to the authority after 30 years from the effective date of this act.

Modification of a tax increment financing plan pursuant to section 4, subdivision 4, shall not extend the durational limitations of this subdivision.

Subd. 2. [EXCESS TAX INCREMENTS.] *In any year in which the tax increment exceeds the amount necessary to pay the costs authorized by the tax increment financing plan, including the amount necessary to cancel any tax levy as provided in section 475.61, subdivision 3, the authority shall use the excess amount to (a) prepay any outstanding bonds, (b) discharge the pledge of tax increment therefor, (c) pay into an escrow account dedicated to the payment of such bond, or shall return the excess amount to the municipality, county and school district in which the tax increment financing district is located in direct proportion to their respective mill rates.*

Subd. 3. [LIMITATION ON ADMINISTRATIVE EXPENSES.] *No tax increment shall be used to pay any administrative expenses for a district which exceed five percent of the total tax increment expenditures authorized by the tax increment financing plan or the total tax increment expenditures for the district, whichever is less.*

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT.] *All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. The revenues shall be used solely for the following purposes: (a) to pay the principal of and interest on bonds issued to finance a project; (b) by a rural development financing authority for the purposes stated in section 362A.01, subdivision 2, by a port authority or municipality exercising the powers of a port authority to finance or otherwise pay the cost of redevelopment pursuant to chapter 458, by a housing and redevelopment authority to finance or otherwise pay public redevelopment costs pursuant to chapter 462, by a municipality to finance or otherwise pay the capital and administration costs of a development district pursuant to chapter 472A, by a municipality or redevelopment agency to finance or otherwise pay premiums for insurance guaranteeing the payment of net rentals when due under the project lease or to accumulate and maintain a reserve securing the payment when due of the principal of and interest on the bonds pursuant to chapter 474. These revenues shall not be used to circumvent existing levy limit law.*

Subd. 5. [REQUIREMENT FOR AGREEMENTS.] *No more*

than 25 percent, by acreage, of the property to be acquired within a redevelopment project, or ten percent, by acreage, of the property to be acquired within a housing or economic development project, as set forth in the tax increment financing plan, shall at any time be owned by an authority as a result of acquisition with the proceeds of bonds issued pursuant to section 7 without the authority having prior to acquisition in excess of the percentages concluded an agreement for the development or redevelopment of the property acquired and which provides recourse for the authority should the development or redevelopment not be completed.

Subd. 6. [LIMITATION ON INCREMENT.] If, after five years from the date of certification of the original assessed value of the tax increment financing district pursuant to section 6, no demolition, rehabilitation or renovation of property or other site preparation, including improvement of a street adjacent to a property but not installation of utility service, has been commenced on a property located within a tax increment financing district by the authority or by the owner of the property in accordance with the tax increment financing plan, no additional tax increment may be taken from that property, and the original assessed value of that property shall be excluded from the original assessed value of the tax increment financing district. If the authority or the owner of the property subsequently commences demolition, rehabilitation or renovation or other site preparation on that property including improvement of a street adjacent to that property, in accordance with the tax increment financing plan, the authority shall certify to the county auditor that the activity has commenced, and the property may be added into the tax increment financing district. The county auditor shall certify the most recently assessed value of that property and add it to the original assessed value of the tax increment financing district.

Sec. 6. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.76] [COMPUTATION OF TAX INCREMENT.] *Subdivision 1. [ORIGINAL ASSESSED VALUE.] Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original assessed value of the tax increment financing district as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original assessed value has increased or decreased as a result of a change in tax exempt status of property within the district, reduction or enlargement of the district or changes pursuant to section 6, subdivision 4. The amount to be added to the original assessed value of the district as a result of previously tax exempt real property within the district becoming taxable shall be equal to the assessed value of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the value which shall be assessed by the assessor at the time of such transfer as of the date of title transfer. The amount to be added to the original assessed value of the district as a result of enlargements*

thereof shall be equal to the assessed value of the added real property as most recently certified by the commissioner of revenue as of the date of the tax increment financing plan. The amount to be subtracted from the original assessed value of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original assessed value initially attributed to the property becoming tax exempt or being removed from the district. If the assessed value of property located within the tax increment financing district is reduced by a court-ordered abatement, the original assessed value of the district shall be reduced by that amount. The county auditor shall have the power to specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 4, subdivision 4.

Subd. 2. [CAPTURED ASSESSED VALUE.] The county auditor shall certify the amount of the captured assessed value to the authority each year, together with the proportion that the captured assessed value bears to the total assessed value of the real property within the tax increment financing district for that year.

(a) An authority may choose to retain any part or all of the captured assessed value for purposes of tax increment financing according to one of the two following options:

(1) If the plan provides that all the captured assessed value is necessary to finance or otherwise make permissible expenditures under section 5, subdivision 5, the authority may retain the full captured assessed value.

(2) If the plan provides that only a portion of the captured assessed value is necessary to finance or otherwise make permissible expenditures under section 5, subdivision 5, only that portion shall be set aside and the remainder shall be distributed among the affected taxing districts by the county auditor.

(b) The portion of captured assessed value that an authority intends to use for purposes of tax increment financing must be clearly stated in the tax increment financing plan.

Subd. 3. [TAX INCREMENT, RELATIONSHIP TO CHAPTER 473F.] (a) Unless the governing body elects pursuant to clause (b) of this subdivision the following method of computation shall apply:

(1) The original assessed value shall include any portion thereof which is subject to the area-wide tax imposed by section 473F.08, subdivision 6, in the levy and assessment of taxes in the year the district is certified and the current assessed value shall not be reduced to any extent to reflect the contribution of the municipality to the area-wide tax base pursuant to section 473F.08, subdivision 2, clause (a).

(2) In each subsequent year, the county auditor shall compute assessed valuation, mill rates and the tax increment as follows:

(i) If the authority retains the full captured assessed value, the county auditor shall include no more than the original assessed

value of the real property in the tax increment financing district for purposes of determining assessed value for local mill rates. The county auditor shall compute the mill rates of all taxes levied by the state, the county, the municipality or town, the school district and every other taxing district in which the district is located in whole or in part of the aforementioned assessed value. The county auditor shall extend all mill rates against the current assessed value, including the captured assessed value, except for that portion of the current assessed value which is subject to the area-wide tax rate determined pursuant to section 473F.08, subdivision 5. In each year for which the current assessed value exceeds the original assessed value, the county treasurer shall remit to the authority that portion of all taxes paid that year on real property in the district, including taxes paid as a result of the application of the area-wide tax determined pursuant to section 473F.08, subdivision 5, which exceeds the taxes attributable to the application of local mill rates to the original assessed value. The amount so remitted each year is referred to in this section as the tax increment for that year.

(ii) If the authority retains only a portion of the captured assessed value for its use and returns the remaining portion to the tax rolls of all affected taxing districts, the county auditor shall include the original assessed value which is shared with all the affected taxing districts in determining the assessed value for computing mill rates. He shall compute the mill rates of all taxes levied by the state, county, municipality, school district, and every other taxing district in which the district is located in whole or in part on this assessed value. He shall extend all mill rates against the total current assessed value including that portion of the captured assessed value which the authority is retaining for its use only, except for that portion of the current assessed value which is subject to the area-wide tax rate determined pursuant to section 473F.08, subdivision 5. In each year for which the current assessed value exceeds the original assessed value, the county treasurer shall remit to the authority that portion of all taxes paid on real property in the district, including taxes paid as a result of the area-wide tax rate determined pursuant to section 473F.08, subdivision 5, that exceeds the taxes attributable to the application of local mill rates to the original assessed value and to that portion of the captured assessed value which is shared with all the affected taxing districts. The amount so remitted each year is referred to as the tax increment.

(3) In any year in which the current assessed value of the tax increment financing district is less than the original assessed value, thereby creating a tax increment deficit, the county auditor shall compute and extend taxes against the current assessed value, except for that portion of the current assessed value which is subject to the area-wide tax rate determined pursuant to section 473F.08, subdivision 5. Taxes, including taxes paid as a result of the application of the area-wide tax rate determined pursuant to section 473F.08, subdivision 5, shall be distributed from the affected property to each of the taxing jurisdictions as determined by the current levy and there will be no tax increment. In any

year subsequent to a year in which there exists a tax increment deficit, the tax increment shall be computed without regard to said deficit.

(b) Notwithstanding clause (a) of this subdivision, the governing body may, by resolution approving the tax increment financing plan pursuant to section 4, subdivision 3, elect the following method of computation:

(1) The original assessed value shall not include any portion thereof which is subject to the area wide tax imposed by section 473F.08, subdivision 6, in the levy and assessment of taxes in the year the district is certified and the current assessed value shall not include the portion thereof which is subject to the area wide tax imposed by section 473F.08, subdivision 6, but shall not otherwise be reduced by the amount of the contribution of the municipality to the area wide tax base pursuant to section 473F.08, subdivision 2, clause (a).

(2) In each subsequent year, the county auditor shall compute assessed valuation, mill rates and tax increments as follows:

(i) If the authority retains the full captured assessed value, the county auditor shall include no more than the original assessed value of the real property in the tax increment financing district for purposes of determining assessed value for local mill rates. The county auditor shall compute the mill rates of all taxes levied by the state, the county, the municipality or town, the school district and every other taxing district in which the district is located in whole or in part on the aforementioned assessed value. The county auditor shall extend all mill rates against the current assessed value, including the captured assessed value. In each year for which the current assessed value exceeds the original assessed value, the county treasurer shall remit to the authority that proportion of all taxes paid that year on real property in the district which the captured assessed value bears to the current assessed value. The amount so remitted each year is referred to in this section as the tax increment for that year.

(ii) If the authority retains only a portion of the captured assessed value for its use and returns the remaining portion to the tax rolls of all affected taxing districts, the county auditor shall include the original assessed value and that portion of the captured assessed value which is shared with all the affected taxing districts in determining the assessed value for computing mill rates. He shall compute the mill rates of all taxes levied by the state, county, municipality, school district, and every other taxing district in which the district is located in whole or in part on this aforementioned assessed value. He shall extend all mill rates against the total current assessed value including that portion of the captured assessed value which the authority is retaining for its use only. In each year for which the current assessed value exceeds the original assessed value, the county treasurer shall remit to the authority that portion of all taxes paid on real property in the district that the retained captured assessed value bears

to the total current assessed value in the district. The amount so remitted each year is referred to as the tax increment.

(3) In any year in which the current assessed value of the tax increment financing district is less than the original assessed value, thereby creating a tax increment deficit, the county auditor shall compute and extend taxes against the current assessed value. Taxes shall be distributed from the affected property to each of the taxing jurisdictions as determined by the current levy and there is no tax increment. In any year subsequent to a year in which there exists a tax increment deficit, tax increments shall be computed without regard to the deficit.

(4) An election by the governing body pursuant to part (b) of this subdivision shall be submitted to the county auditor by the authority at the time of the request for certification pursuant to section 6, subdivision 1.

(c) The method of computation of tax increment applied to a district pursuant to clause (a) or (b) of this subdivision, once established, shall remain the same for the duration of the district.

Subd. 4. [PRIOR PLANNED IMPROVEMENTS.] The authority shall, after due and diligent search, accompany its request for certification to the county auditor pursuant to section 6, subdivision 1, or its notice of district enlargement pursuant to section 4, subdivision 5, with a listing of all properties within the tax increment financing district or area of enlargement for which building permits have been issued during the 18 months immediately preceding approval of the tax increment financing plan by the municipality pursuant to section 4, subdivision 4. For 12 months after completion of the improvements for which a building permit was issued during said 18 month period, the county auditor is authorized, but not required, to increase the original assessed value of the district by the assessed valuation of the improvements for which the building permit was issued, as certified by the assessor.

Subd. 5. [TAX INCREMENT ACCOUNT.] The tax increment received with respect to any district shall be segregated by the authority in a special account or accounts on its official books and records or as otherwise established by resolution of the authority to be held by a trustee or trustees for the benefit of holders of the bonds.

Sec. 7. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.77] [TAX INCREMENT BONDING.] Any other law, general or special, notwithstanding, after the effective date of this act no bonds, payment for which tax increment is pledged, shall be issued in connection with any project for which tax increment financing has been undertaken other than as is authorized hereby and the proceeds therefrom shall be used only in accordance with section 5, subdivision 5 as if said proceeds were tax increment, except that a tax increment financing plan need not be adopted for any project for which tax increment financing has been undertaken

prior to the effective date of the act pursuant to statutes not requiring a tax increment financing plan. Such bonds shall not be included for purposes of computing the net debt of any municipality.

(a) A municipality may issue general obligation bonds to finance any expenditure by the municipality or an authority the jurisdiction of which is wholly or partially within that municipality, pursuant to section 5, subdivision 5 in the same manner and subject only to the same conditions as those provided in chapter 475 for bonds financing improvement costs reimbursable from special assessments. Any pledge of tax increment, assessments or other revenues for the payment of the principal of and interest on general obligation bonds issued under this subdivision, except when the authority and the municipality are the same, shall be made by written agreement by and between the authority and the municipality and filed with the county auditor. When the authority and the municipality are the same, the municipality may by covenant pledge tax increment, assessments or other revenues for the payment of the principal of and interest on general obligation bonds issued under this subdivision and thereupon shall file the resolution containing such covenant with the county auditor. When tax increment, assessments and other revenues are pledged, the estimated collections of said tax increment, assessments and any other revenues so pledged may be deducted from the taxes otherwise required to be levied before the issuance of the bonds under section 475.61, subdivision 1, or the collections thereof may be certified annually to reduce or cancel the initial tax levies in accordance with section 475.61, subdivision 1 or 3.

(b) When the authority and the municipality are not the same, an authority may, by resolution, authorize, issue and sell its general obligation bonds to finance any expenditure which that authority is authorized to make by section 5, subdivision 5. Said bonds of the authority shall be authorized by its resolution, shall mature as determined by resolution of the authority in accordance with this act, and may be issued in one or more series and shall bear such date or dates, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in medium of payment at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, its trust indenture or mortgage may provide. The bonds may be sold at public or private sale at the price or prices as the authority by resolution shall determine, and any provision of any law to the contrary notwithstanding, the bonds shall be fully negotiable. In any suit, actions, or proceedings involving the validity of enforceability of any bonds of the authority or the security therefor, any bond reciting in substance that it has been issued by the authority to aid in financing a district shall be conclusively deemed to have been issued for such purpose, and the district shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of this act. Neither the authority, nor any director, commissioner, council member, board member, of-

ficer, employee or agent of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds of the authority, and such bonds shall so state on their face, shall not be a debt of any municipality, the state or any political subdivision thereof, and neither the municipality nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds be payable out of any funds or properties other than those of the authority and any tax increment and revenues of a tax increment financing district pledged therefor.

(c) Notwithstanding any other law general or special, an authority may, by resolution, authorize, issue and sell revenue bonds payable solely from all or a portion of revenues, including but not limited to tax increment revenues and assessments, derived from a tax increment financing district located wholly or partially within the municipality to finance any expenditure which the authority is authorized to make by section 5, subdivision 5. The bonds shall mature as determined by resolution of the authority in accordance with this act and may be issued in one or more series and shall bear such date or dates, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in medium of payment at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, its trust indenture or mortgage may provide. The bonds may be sold at public or private sale at the price or prices as the authority by resolution shall determine, and any provision of any law to the contrary notwithstanding, shall be fully negotiable. In any suit, action, or proceedings involving the validity or enforceability of any bonds of the authority or the security therefor, any bond reciting in substance that it has been issued by the authority to aid in financing a district shall be conclusively deemed to have been issued for such purpose, and the district shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of this act. Neither the authority, nor any director, commissioner, council member, board member, officer, employee or agent of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds may be further secured by a pledge and mortgage of all or any portion of the district in aid of which the bonds are issued and such covenants as the authority shall deem by such resolution to be necessary and proper to secure payment of the bonds. The bonds, and the bonds shall so state on their face, shall not be payable from nor charged upon any funds other than the revenues and property pledged or mortgaged to the payment thereof, nor shall the issuing authority be subject to any liability thereon or have the powers to obligate itself to pay or pay the bonds from funds other than the revenues and properties pledged and mortgaged and no holder or holders of the bonds shall ever have the right to compel any exercise of any taxing power of the issuing authority or any other public body, other than as

is permitted or required under this act and pledged therefor hereunder, to pay the principal of or interest on any such bonds, nor to enforce payment thereof against any property of the authority or other public body other than that expressly pledged or mortgaged for the payment thereof.

Sec. 8. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.78] [EXISTING PROJECTS.] *The provisions of sections 1 to 7 shall not affect any project for which tax increment certification was requested pursuant to law prior to the effective date of sections 1 to 7, or any project carried on by an authority pursuant to Minnesota Statutes, Section 462.545, Subdivision 5 with respect to which the governing body has by resolution designated properties for inclusion in the project prior to the effective date of sections 1 to 7, except:*

(a) *As otherwise expressly provided in sections 1 to 7; or*

(b) *As an authority may elect to proceed with an existing project, under the provisions of sections 1 to 7; or*

(c) *That any enlargements of the geographic area of an existing tax increment financing district subsequent to the effective date of sections 1 to 7 shall be accomplished in accordance with and shall subject the property added as a result of the enlargement to the terms and conditions of sections 1 to 7; or*

(d) *That commencing with taxes payable in 1980, section 6, subdivision 3, clause (b) shall apply to all development districts created pursuant to chapter 472A, or any special law, prior to the effective date of this act.*

Sec. 9. Minnesota Statutes 1978, Chapter 273, is amended by adding a section to read:

[273.86] [DEFERRED PROPERTY TAXATION FOR PRIVATE REDEVELOPMENT.] *Subdivision 1. [APPLICATION.] A developer proposing to construct improvements on property located within an industrial development district as defined in section 458.191, subdivision 1; a development district as defined in section 472A.02, subdivision 3, or any special law; or a redevelopment project as defined in section 462.421, subdivision 14 may apply to the governing body of the city or municipality in which the property is located to obtain deferral of property tax on the improved property, stating the nature and location of the proposed improvement, its estimated cost, and the projected length of construction time. If the governing body finds that the proposed development is consistent with the requirements of the above referred sections, it may approve the application. If the application is approved by June 30, the tax exemption shall be in effect for taxes paid the following year; if it is approved later than June 30, the exemption shall be in effect for taxes paid in the second subsequent taxable year.*

Subd. 2. [TAX TREATMENT.] Property approved for the tax deferral provided in this section shall be exempt from taxation

during the time while the improvements proposed in the plan are under construction. The exemption shall be in effect for the number of taxable years approved by the governing body at the time of approval of the application. The period of deferral shall not exceed the length of the construction period projected in the plan. For taxes payable in the first year following the levy year during which 50 percent of the area of the building becomes occupied, the tax due on the property shall be the amount of tax paid on the property in the year in which the developer applied for the deferral, multiplied by the number of years during which the property was exempt from taxation pursuant to this section plus the amount of taxes which would ordinarily be due in the first year following the levy year during which 50 percent of the area of the building becomes occupied, plus at the option of the governing body, the amount of increased taxes that would have been due and payable each year during the period of deferral. If the improvements which had been present on the property were demolished prior to the year of the application, the governing body may require that the deferred tax be computed based on the amount of tax due on the property for the last taxable year preceding the demolition of the improvement. For all subsequent taxable years, the property shall be assessed as provided in section 273.11.

Subd. 3. [TRANSFERABILITY.] When ownership of property which has been approved for the tax deferral provided in this section is transferred from the original applicant, the governing body may elect to continue to defer the tax on the property if the subsequent owner agrees to redevelop the property according to either the original redevelopment plan approved under subdivision 1 or a plan proposed by the subsequent owner and approved by the governing body if the governing body does not approve continuation of the tax.

Subd. 4. [EXCEPTIONS.] The provisions of this section shall not apply to any property purchased from an authority which acquired such property with tax increment or bonds issued pursuant to sections 10 through 12.

Sec. 10. Minnesota Statutes 1978, Section 362A.05, is amended to read:

362A.05 [AGREEMENTS FOR RESERVATION OF TAX INCREMENTS.] The authority may enter into an agreement with any county in which a project is to be situated, under which the increment of taxable value of property to be created by the project, over and above the taxable value of the project site as last finally determined before the project was undertaken, may be excluded from the taxable value of property on which the mill rate of taxes is computed in every subsequent year, for so long as may be agreed, but the aggregate mill rate of taxes levied by the county and all other taxing districts on other properties in each such year shall be spread also on the incremental taxable value of the project, and the tax resulting therefrom, when collected, shall be remitted to the authority, and may be pledged, together with charges or special assessments, to pay or guarantee

the payment of its bonds, or may be used by the authority for the purposes stated in section 362A.01, subdivision 2. Every county shall have the power by resolution of the county board to do all acts and things necessary for the computation, segregation, and application of tax increments under agreements made with the authority in accordance with this section. *This section shall not apply with respect to any project established subsequent to the effective date of the Minnesota tax increment financing act.*

Sec. 11. Minnesota Statutes 1978, Section 458.192, Subdivision 11, is amended to read:

Subd. 11. Upon or after the creation of an industrial development district under section 458.191 *which is not subject to the provisions of sections 1 to 8 of the Minnesota tax increment financing act*, the auditor of the county in which it is situated shall upon request of the port authority certify the then most recently determined assessed valuation of all or so much of the taxable real property within the district as is identified by legal description in the request, other than that portion of the valuation which is contributed to an area-wide tax base under chapter 473F. The auditor shall certify to the authority in each year thereafter the amounts and percentages of subsequent increases or decreases in such valuation other than that portion of such increases or decreases which is contributed to an area-wide tax base under chapter 473F. The auditor shall compute the mill rates of taxes against such original valuation but shall extend such rates also against any incremental value and remit the resulting tax increment to the port authority in the same manner as that provided for the computation and remittance of tax increments under section 462.585, subdivisions 2 and 3. The port authority shall segregate tax increments received with respect to any such property district in a special account on its official books and records. Such tax increments shall be remitted to the port authority until the cost of redevelopment of the marginal land within the district, including interest thereon, has been fully reimbursed from the tax increments. When such full reimbursement has been made, it shall be reported by the port authority to the county auditor, who shall thereafter include the entire assessed valuation of the property in the assessed valuations upon which tax mill rates are computed and extended and taxes are remitted to all taxing districts. Any part or all of such tax, if so directed by the city council, shall be pledged and appropriated for the payment of any general obligation bonds of the port authority. Increases in the value of such property, subsequent to certification of the base for computing the tax increment therefrom, shall not be included in the assessed valuation of any taxing district for the purpose of computing any debt or levy limitation or the amount of any state or federal aid to the taxing district, so long as the tax increment therefrom is segregated under the provisions of this section. *The provisions of this subdivision shall not apply with respect to any project, certification of which is requested subsequent to the effective date of the Minnesota tax increment financing act.*

Sec. 12. Minnesota Statutes 1978, Section 462.545, Subdivision 5, is amended to read:

Subd. 5. [SPECIAL BENEFIT TAX FUND.] In the event the authority shall issue bonds or other obligations to finance a redevelopment project, the authority may, in its discretion, with the consent of the governing body obtained at the time of the approval of the redevelopment plan as required in section 462.521, notify the county treasurer to set aside in a special fund, for the retirement of such bonds and interest thereon, all or part of the real estate tax revenues derived from the real property in the redevelopment area which is in excess of the tax revenue derived therefrom in the tax year immediately preceding the acquisition of such property by the authority, and it shall be the duty of the county treasurer so to do. Such setting aside of funds shall continue until the bonds or other obligations have been retired. *The provisions of this subdivision shall not apply with respect to any property which the governing body has not by resolution designated for inclusion in a project prior to the effective date of the Minnesota tax increment financing act.*

Sec. 13. Minnesota Statutes 1978, Section 462.585, Subdivision 2, is amended to read:

Subd. 2. [ORIGINAL TAXABLE VALUE.] Upon or after approval of a redevelopment project of any housing and redevelopment authority under section 462.521, the auditor of the county in which it is situated shall upon request of the authority certify the assessed valuation of all taxable real property within the project area as then most recently determined, which is referred to in this section as the "original taxable value", and shall certify to the authority in each year thereafter the amount by which the original taxable value has increased or decreased, and the proportion which any such increase bears to the total assessed valuation of the real property for that year or the proportion which any such decrease bears to the original taxable value. *The provisions of this subdivision shall not apply with respect to any redevelopment project, certification of which is requested subsequent to the effective date of the Minnesota tax increment financing act.*

Sec. 14. Minnesota Statutes 1978, Section 462.585, Subdivision 3, is amended to read:

Subd. 3. [TAX INCREMENTS.] In each subsequent year the county auditor shall include no more than the original taxable value of such real property in the assessed valuation upon which he computes the mill rates of all taxes levied by the state, the county, the municipality or town, the school district and every other taxing district in which the project area is situated; but he shall extend all mill rates so determined against the entire assessed valuation of such real property for that year. In each year for which the assessed valuation exceeds the original taxable value, the county treasurer shall remit to the authority, instead of the taxing districts, that proportion of all taxes paid that year on the real property in the project area which such excess valuation bears to the total assessed valuation. The amount so remitted

each year is referred to in this section as the "tax increment" for that year. Tax increments received with respect to any redevelopment project shall be segregated by the authority receiving them in a special account on its official books and records until the public redevelopment cost of the project, including interest on all money borrowed therefor, has been fully paid, and the municipality or other public body in which the project is situated has been fully reimbursed from the tax increments or revenues of the project for any principal and interest on general obligation bonds which it has issued for the project and has paid from taxes levied on other property within its corporate limits. Such payment shall be reported to the county auditor, who shall thereafter include the entire assessed valuation of the project area in the assessed valuations upon which tax mill rates are computed and extended and taxes are remitted to all taxing districts. *The provisions of this subdivision shall not apply with respect to any redevelopment project, certification of which is requested subsequent to the effective date of the Minnesota tax increment financing act.*

Sec. 15. Minnesota Statutes 1978, Section 462.585, Subdivision 4, is amended to read:

Subd. 4. [TAX INCREMENT FINANCING.] The authority may pledge and appropriate any part or all of the tax increments received for any redevelopment project, and any part or all of the revenues received from lands in the project area while owned by the authority, for the payment of the principal of and interest on bonds issued in aid of the project pursuant to sections 462.551, 462.581, or chapter 474, by the authority or by the governing body of the municipality or other state public body within whose corporate limits the project area is situated. Any such pledge for the payment of bonds issued by the governing body shall be made by written agreement executed on behalf of the authority and the governing body and filed with the county auditor. The estimated collections of the tax increments and any other revenues so pledged may be deducted from the taxes otherwise required to be levied before the issuance of the bonds under section 475.61, subdivision 1, or the collections thereof may be certified annually to reduce or cancel the initial tax levies in accordance with section 475.61, subdivision 3. When such an agreement is made and filed, the bonds may be issued by the governing body in the same manner and subject only to the same conditions as those provided in chapter 475 for bonds financing improvement costs reimbursable from special assessments. *Bonds shall not be issued nor tax increments or other revenues pledged pursuant to this subdivision subsequent to the effective date of the Minnesota tax increment financing act.*

Sec. 16. Minnesota Statutes 1978, Section 472A.06, is amended to read:

472A.06 [ISSUANCE OF BONDS.] The governing body of the municipality, may authorize, issue and sell general obligation bonds, which shall mature within 30 years from the date of issue, to finance the acquisition and betterment of real and personal property needed to carry out the development program within the development dis-

tract together with all relocation costs incidental thereto in accordance with sections 475.51, 475.53, 475.54, 475.55, 475.56, 475.60, 475.61, 475.62, 475.63, 475.65, 475.66, 475.69, 475.70, 475.71. All tax increments received by the municipality pursuant to section 472A.08 shall be pledged for the payment of these bonds and used to reduce or cancel the taxes otherwise required to be extended for that purpose, and the bonds shall not be included when computing the municipality's net debt. *Bonds shall not be issued under this section subsequent to the effective date of the Minnesota tax increment financing act.*

Sec. 17. Minnesota Statutes 1978, Section 472A.07, is amended by adding a subdivision to read:

Subd. 5. The provisions of this section shall not apply to a development district created subsequent to the effective date of the Minnesota tax increment financing act.

Sec. 18. Minnesota Statutes 1978, Section 473F.02, Subdivision 3, is amended to read:

Subd. 3. "Commercial-industrial property" means the following categories of property, as defined in section 273.13, excluding that portion of such property (a) which may, by law, constitute the tax base for a tax increment pledged pursuant to sections 462.585 or 474.10, *certification of which was requested prior to the effective date of the Minnesota tax increment financing act*, to the extent and while such tax increment is so pledged; (b) which may, by law, constitute the tax base for tax revenues set aside and paid over for credit to a sinking fund pursuant to direction of the city council in accordance with Laws 1963, Chapter 881, as amended, to the extent that such revenues are so treated in any year; or (c) which is exempt from taxation pursuant to section 272.02:

(d) That portion of class 4 property which is either used or zoned for use for any commercial or industrial purpose, except for such property which is, or, in the case of property under construction, will when completed be used exclusively for residential occupancy and the provision of services to residential occupants thereof. Property shall be considered as used exclusively for residential occupancy only if each of not less than 80 percent of its occupied residential units is, or, in the case of property under construction, will when completed be occupied under an oral or written agreement for occupancy over a continuous period of not less than 30 days.

If the classification of property prescribed by section 273.13 is modified by legislative amendment, the references in this subdi-

vision shall be to such successor class or classes of property, or portions thereof, as embrace the kinds of property designated in this subdivision.

(e) That property valued and assessed under section 273.13, subdivision 14.

(a) There shall be subtracted from its assessed valuation, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to 40 percent of the amount certified in that year pursuant to section 473F.06 in respect to that municipality as the total preceding year's assessed valuation of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, *determined without regard to section 6, subdivision 3*, bears to the total preceding year's assessed valuation of commercial-industrial property within the municipality, *determined without regard to section 6, subdivision 3*;

(b) There shall be added to its assessed valuation, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the area-wide base for the year attributable to that municipality as the total preceding year's assessed valuation of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's assessed valuation of residential property of the municipality.

Sec. 21. Minnesota Statutes 1978, Section 473F.08, Subdivision 4, is amended to read:

Subd. 4. In 1972 and subsequent years, the county auditor shall divide that portion of the levy determined pursuant to subdivision 3, clause (b), by the assessed valuation of the governmental unit, *taking section 6, subdivision 3 into account*, less that portion subtracted from assessed valuation pursuant to subdivision 2,

clause (a). The resulting rate shall apply to all taxable property except commercial-industrial property, which shall be taxed in accordance with subdivision 6.

Sec. 22. Minnesota Statutes 1978, Section 473F.08, Subdivision 6, is amended to read:

The rate of taxation determined in accordance with subdivision 4 shall apply in the taxation of the remainder of the assessed valuation of the item.

Sec. 23. Minnesota Statutes 1978, Section 474.10, Subdivision 2, is amended to read:

The amount so needed shall be certified annually to the

county auditor and treasurer by the municipality or redevelopment agency on or before October 1. The Honorable Edward J. Gearty
President of the Senate

Dear Sir:

I am returning to you Senate File 498 unsigned for the purpose of vetoing that measure.

I do so reluctantly since Section 1 of the bill, which constitutes the original bill introduced by Senator Setzepfandt and Representative Patton, is clearly a worthwhile and noncontroversial provision. However, Section 2 of the bill which was amended on to it in the Transportation Committee of the House of Representatives is a special interest provision which runs contrary to the clearly enunciated regulatory practices for motor vehicle carriers as established by the Public Service Commission.

Section 2 of the bill would allow a large carrier which presently possesses local cartage, contract and certificated authorities to acquire irregular route authority without giving up its other authorities as would be required under the present regulatory scheme.

Irregular route authority would give the concern which seeks to acquire that authority a substantial competitive advantage over other motor carriers in the State without giving them an op-

portunity to appear and present their objections to the Public Service Commission in a customary regulatory proceeding.

For the foregoing reasons, I cannot allow this bill to become law.

Sincerely,

Albert H. Quie, Governor

The Honorable Edward J. Gearty
President of the Senate

Dear Sir:

I am vetoing S.F. 607 which establishes in Sections 2 and 3 a research program on the therapeutic use of marijuana. S.F. 607 does not provide any funds for research and in my judgment does not establish sufficient research guidelines or clarify investigational procedures to merit status as a research program.

The Federal Government has established procedures for the scientific experimental use of drugs, with protective research criteria clearly defined for experimentation. These current Federal programs investigating the use of marijuana permit physician participation without the need of enabling state legislation.

In addition it is my view that the "qualifications review board" which this bill establishes to certify patients, practitioners, and pharmacies for participation in the program will be administratively cumbersome and expensive and of questionable usefulness for either the individual patient or for research purposes.

Finally, not only are there no appropriations for research but no appropriation is included to address the costs of promulgating rules, administering the program, funding per diem and travel for the qualifications review board and writing contracts with the National Institute on Drug Abuse. If the State were to participate in such a research effort, an appropriation would be needed.

The negative effects of therapeutic research program contained in Sections 2 and 3 warrant a veto. I anticipate that Section 1 which prescribes increased penalties for the possession of controlled substances on school premises will be able to stand on its own merit next year.

Sincerely,

Albert H. Quie, Governor

Dear Sir:

Returned to you herewith and unsigned please find Senate File 1476, which relates to detached banking facilities. As the bill appears in its final form, I feel compelled to veto it in spite of some of the constructive changes the bill would make for remote banking facilities.

The detached banking facility laws of the State were designed to allow each bank to provide limited customer banking services at two separate locations up to 25 miles from the main banking office. It is essential that the structure of this system not be disturbed so as to provide a competitive advantage for any bank in the State, whether independently owned or controlled by multi-bank holding company.

Senate File 1476 would, in my view, provide such a competitive advantage for two banks. It would allow two additional detached facilities for Northwestern National Bank of Minneapolis through its Lake Street office and would allow First National Bank of Minneapolis two additional detached facilities through its West Broadway office. Allowing these banks two additional detached facilities each through those banking offices would give them an unfair competitive advantage over the remaining banking industry

in the State. For this reason, I must reject these special franchises and veto this legislation.

Sincerely,

Albert H. Quie, Governor
