(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under this chapter, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(8) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(9) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

Amounts allowable under section 291.07, subdivision 1 (2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. These grants shall be made to the same agencies and in the same manner as provided for federal grants under the energy crisis assistance program of 42.U.S.C.A., Section 2809, paragraph (a), clause (5), except as otherwise provided in this act.*

*Subd. 2. The commissioner of economic security shall promulgate rules that provide: (a) procedures for the administration of grants; (b) data to be reported by grant recipients and heating-fuel suppliers; and (c) other matters the commissioner finds necessary for the proper administration of the state and federal grant programs. The rules may take effect as temporary rules upon approval by the attorney general and publication in the state register, without the normal 20 day wait for comments from the public, and may be amended in the same manner at a later date if comments from the public demonstrate that amendments are justified.*

*Subd. 3. Data on individuals collected, maintained, used, or disseminated pursuant to this act are private data on individuals and shall not be disclosed except as provided for data in the welfare system under Minnesota Statutes, 1979 Supplement, Section 15.1691.*

*Subd. 4. [ALLOCATIONS.] Money appropriated for grants and for local administrative costs shall be allocated among local administrative agencies on the basis of the number of households in the area served by the agency whose income falls within the limits specified in subdivisions 5 and 6, in relation to the total of these households in the state.*

*Subd. 5. [ELIGIBILITY; INCOME LIMITS.] Emergency residential heating grants under this section shall be paid only to households not eligible for the federal energy crisis assistance program and whose total household income does not exceed 150 percent of the community services administration poverty guidelines.*

(a) *the amount needed to relieve the household's energy related problems; or*

(b) *The following amounts graduated by level of poverty and type of fuel up to:*

*Subd. 8. [ADMINISTRATIVE COSTS.] Money appropriated for local administrative costs shall be used to reimburse local administrative agencies for the costs involved in administering grants, including publicizing the availability of grants. Money not spent for local administrative costs shall be used for weatherization.*

Grants shall not exceed \$2,000 per household.*

*To be eligible for an emergency energy conservation grant, an applicant must demonstrate that (1) his projected annual heating cost for the winter heating season or projected heating costs for the calendar year for households using an annual budget plan, exceed 10 percent of his income as determined pursuant to subdivision 5. Projected heating costs shall be determined by multiplying energy consumption during the preceding heating season by projected costs for the appropriate fuel type as published by the energy agency, or (2) the household has been precluded from receiving a federal energy conservation grant due to the need for directly related repairs which cannot be funded under the federal program. The energy conservation rehabilitation measures that qualify under this section include: ceiling insulation, storm windows or doors, furnace or space heater repair or replacement, weatherstripping and caulking and structural or building envelope repairs essential for proper weatherization. The entity designated to administer the program shall make a reasonable effort to determine whether other state or federal grant or loan programs*

The department of economic security is the state agency to apply for, receive, and disburse federal money made available to the state by state or federal law or rules promulgated thereunder for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with any state money appropriated for this purpose.

Subd. 4. **[SUPPLEMENTARY STATE GRANTS.]** *The commissioner shall distribute supplementary state grants in a manner*

consistent with the goal of producing the maximum number of weatherized units feasible. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.

Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) availability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.

An eligible local agency may receive advance funding for three months' production, but thereafter shall receive grants solely on the basis of program criteria.

Subd. 5. The commissioner shall submit reports to the legislature by March 1 of each year, 1980, and March 1, 1981, evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner feels is relevant, including information routinely submitted to the federal government.

Sec. 3. [APPROPRIATIONS.] Subdivision 1. The sum of \$14,000,000 is appropriated from the general fund to the commissioner of economic security for the following purposes:

(a) Grants pursuant to section 1, subdivision 6 \$8,000,000

If grants are paid from this appropriation of state money to persons eligible to receive grants for the same purposes from federal money, this appropriation shall be reimbursed for those grants from federal money when the federal money becomes available if reimbursement is permitted under federal law.

(b) Weatherization of residences \$6,000,000

The appropriations in clause (a) is available until September 30, 1981. Local administrating agencies may retain up to ten percent of these appropriations for administrative costs.

Subd. 2. The sum of \$5,000,000 is appropriated from the general fund to the housing finance agency for the purpose of the emergency energy conservation grant program specified in section 1, subdivision 10, and for the payment of related costs and expenses. Subd. 3. The sum of \$2,480,000 is appropriated from the general fund to the commissioner of public welfare to reimburse

counties for the county portion of expenses incurred by them in providing residential heating assistance under the emergency assistance and special needs allowance programs during fiscal years 1980 and 1981. No county match is required for this money.

Subd. 4. There is appropriated to the Minnesota energy agency from the general fund the sum of \$100,000, or so much thereof as may be required for the purpose of making a study of residential energy conservation in Minnesota. The study shall determine the energy efficiency of the existing housing stock as it relates to fuel type, household income, ownership, and geographic location. The study shall determine the effectiveness of existing residential conservation efforts including federal weatherization programs, Minnesota housing finance agency grant and loan programs, local programs and others. The study may review programs in other states which show potential for implementation in Minnesota. The study shall recommend methods for meeting identified residential energy conservation needs through new or existing public or private programs, including new or proposed federal programs, and the estimated costs of such programs. The agency shall report its findings to the legislature by January 31, 1981.

Subd. 5. The sum of \$5,000,000 is appropriated to the legislative advisory commission for the purposes of this subdivision. This appropriation is intended to ensure the most effective and efficient delivery of fuel assistance and weatherization programs requiring a coordination of state and federal monies. To the extent that state matching funds are required for participation in federal programs, the legislative advisory commission shall provide the match from these appropriated monies. In case no state matching funds are required by federal rule the legislative advisory commission shall use this appropriation to extend the scope or effectiveness of programs of fuel assistance and weatherization.

Sec. 4. [EFFECTIVE DATE.] This act is effective the day following final enactment."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [362.50] [DEFINITIONS.] Subdivision 1. Each term defined in this section has the meaning given it whenever used in sections 1 to 4.

Subd. 2. "Agency" means the small business finance agency created in section 2.

Subd. 3. "Owner" means a person, partnership, firm, or corporation engaged in a small business and applying to the agency for a loan under section 3.

Subd. 4. "Small business" means an enterprise defined as a small business concern by the United States small business administration or by another agency or instrumentality of the United States to which the same or similar power may be granted, as authorized by 15 U.S. Code, Sections 631 et seq., on the effective date of this section.

Sec. 2. [362.51] [SMALL BUSINESS FINANCE AGENCY.] Subdivision 1. A small business finance agency is hereby created as a public body corporate and politic and a public corporation, and is constituted as an authority to act on behalf of the state within the scope of the powers granted to it in sections 1 to 4 to implement a loan program by which, in cooperation with cities, towns, counties and private or public lenders, adequate funds may be provided on sufficiently favorable terms to assist and encourage the establishment, maintenance and growth of small business in Minnesota and to reduce to a manageable level the cost of the control of pollution and disposal of waste resulting from the operations of small business.

Subd. 2. Sections 1 to 5 are enacted to promote the welfare and prosperity of the state by maintaining and increasing the career and job opportunities of its citizens, by reducing, controlling and preventing environmental pollution and waste of resources and by protecting and enhancing the tax base on which state and local governments depend for the financing of public services.

Subd. 3. Neither the state nor any other agency or political subdivision of the state shall be liable on any bond, note or other obligation of the agency, and no bond, note, or other obligation of the agency shall constitute a debt or loan of credit of the state or any political subdivision or any individual member of the agency.

Subd. 4. The state pledges and agrees with all holders of obligations of the agency that it will not limit or alter the rights vested in the agency to fulfill their terms, and will not in any way impair the rights or remedies of the holders, until all of the obligations and interest on them, with interest on any unpaid installments of interest and all costs and expenses in connection with any action or proceeding by or on behalf of such holders to enforce the payment and other provisions of the obligations, are fully met and discharged. The agency is authorized to include and recite this pledge and agreement of the state in any obligation or related document.

Subd. 5. The provisions of this section do not affect the power of the state to supervise and control the agency or to discontinue its operation or alter its organization, programs or activities or transfer its powers to a successor agency, provided that the action of the state is consistent with the provisions of subdivision 4 and that title to all property then owned by the agency will remain or vest in the agency, its successor or the state, as the case may be.

Subd. 6. The property of the agency and its income and operation shall be exempt from all taxation by the state or any of its political subdivisions and all bonds and notes of the agency shall be exempt from all taxation by the state or any of its political subdivisions.

Subd. 7. The state covenants with the purchasers and all subsequent holders and transferees of notes and bonds issued by the agency in consideration of the acceptance of and payment for the notes and bonds, that the notes and bonds of the agency issued pursuant to sections 1 to 4 and the income therefrom and all its fees, charges, gifts, grants, revenues, receipts, and other moneys received or to be received, pledges to pay or secure the payment of such notes or bonds shall at all times be free and exempt from all state, city, county or other taxation provided by the laws of the state, except for estate and gift taxes and taxes on transfers, and except for the Minnesota corporate franchise tax measured by income, so long as the interest on federal bonds is included in the income by which such tax is measured.

Subd. 8. The members and governing body of the agency shall be the commissioner of economic development and six other members holding no other elective or appointive office of the state or

any local government, appointed by the governor with advice and consent of the senate. The commissioner shall be vice chairman, and the governor shall designate the chairman from among the other members, to serve as chairman at the pleasure of the governor. Minnesota Statutes, Section 15.0575, governs the terms, compensation, removal and filling of vacancies in the offices of members other than the commissioner.

Subd. 9. The members shall be responsible for management and control of the agency. A majority of the members, excluding vacant memberships, is a quorum. When a quorum is present at any meeting of which notice has been given to or waived by all absent members in the manner provided in bylaws adopted by the vote of a majority of all members, any action of the agency may be taken by the vote of a majority of the members present. Fewer than a quorum may hear reports and adjourn from time to time.

Subd. 10. The commissioner of economic development shall designate an assistant commissioner as executive director of the agency and may appoint permanent and temporary employees necessary for the administration of the agency. The governing body of the agency may enter into agreements under which the department will provide administrative support for the agency.

Sec. 3. [362.52] [LOANS.] Subdivision 1. The agency may participate with banks, savings institutions, investment bankers, insurance companies and other financial institutions in making and committing to make or purchase business facilities loans and pollution control facilities loans, as described in subdivisions 2 and 3 of this section.

Subd. 2. Business facilities loans shall consist of:

(a) Mortgage loans to owners of small businesses for:

(1) Interim or long term financing of projects consisting of the acquisition, construction, or improvement of land and buildings, or the substantial improvement of existing buildings and land in connection therewith, or

(b) Secured loans to owners of small businesses for capital expenditures in the purchase of equipment useful in connection with the conduct of a small business.

Subd. 3. Pollution control facilities loans shall consist of loans for the purpose of pollution control facilities, evidenced and secured by qualified contracts under which the full amount of payments due is guaranteed or to be guaranteed, as a full faith and credit obligation of the United States, by the United States Small Business Administration or by another agency or instrumentality of the United States to which the same or similar power may be granted. On the effective date of this section, the guarantees are

authorized by 15 U.S. Code, Sections 694-1 and 694-2, in which pollution control facilities are defined as real and personal property as the administration, in its discretion, determines is likely to help prevent, reduce, abate or control noise, air, or water pollution or contamination by removing, altering, disposing or storing pollutants, contaminants, wastes or heat and real and personal property as the administration determines will be used for the collection, storage, treatment, utilization, processing or final disposal of solid or liquid waste.

Subd. 4. The agency's participation in any business facilities loan may not exceed 90 percent of the principal amount thereof. The total principal amount of any business facilities loan may not exceed 90 percent of the appraised value or the purchase price of the property which will secure the loan, whichever is less, unless the amount in excess of 90 percent is loaned from surplus funds of the agency available for that purpose under the terms of the instrument securing its outstanding obligations, or unless insurance is procured from a federal agency or from a private insurer satisfactory to the governing body of the agency and qualified to write the insurance in the state, insuring a percentage of any claim for loss at least equal to that percentage of the value or price by which the loan exceeds 90 percent of the value or price, as the case may be. The value and price of the property shall be certified by the participating bank, savings institution, investment banker, mortgage banker, insurance company or other financial institution on the basis of appraisals, bids, purchase orders and engineers' certificates as to work and materials furnished in conformity with plans and specifications and construction contracts as the agency may require. No other indebtedness of the borrower for any loan made other than pursuant to this section may be secured by a mortgage on or security interest in property securing a loan made pursuant to this section.

Subd. 5. No business facilities loan made for the purpose of providing long term financing for construction or substantial improvement of property shall be disbursed unless the construction or improvement has been completed in accordance with plans and specifications or unless the bank, savings institution, investment banker, mortgage banker, insurance company or other financial institution furnishes an irrevocable letter of credit or a qualified corporate surety furnishes payment and performance bonds or both satisfactory to the governing body of the agency and in the aggregate amount payable under the construction contract.

Sec. 4. [362.53] [POWERS; DUTIES.] Subdivision 1. In implementing its corporate purposes and the programs described in sections 1 to 3, the agency shall have the powers and duties set forth in this section.

Subd. 2. It may sue and be sued.

Subd. 3. It may have a seal and alter the same at will.

Subd. 7. It may acquire real property, or an interest therein, in its own name, by purchase or foreclosure, where such acquisition is necessary or appropriate to protect any loan in which the agency has an interest and may sell, transfer and convey any such property to a buyer and, in the event such sale, transfer or conveyance cannot be effected with reasonable promptness or at a reasonable price, may lease such property to a tenant.

Subd. 8. It may sell, at public or private sale, any note, mortgage or other instrument or obligation evidencing or securing a loan.

Subd. 9. It may procure insurance against any loss in connection with its property in such amounts, and from such insurers, as may be necessary or desirable.

Subd. 10. It may consent, whenever it deems it necessary or desirable in the fulfillment of its corporate purpose, to the modification of the rate of interest, time of payment or any installment of principal or interest, or any other term, of any mortgage loan, mortgage loan commitment, construction loan, temporary loan, contract or agreement of any kind to which the agency is a party.

Subd. 11. It may borrow money to carry out and effectuate its corporate purpose and may issue its negotiable bonds or notes as evidence of any such borrowing in accordance with sections 462A.08 to 462A.13, 462A.16 and 462A.17. The aggregate principal amount of the agency's general obligation bonds and notes outstanding at any one time, excluding the amount satisfied and discharged by payment or provision for payment in accordance with their terms, and deducting amounts held in debt service reserve funds therefor, shall not exceed \$100,000,000 unless authorized by another law.

Subd. 12. It may issue and sell revenue bonds, notes and other obligations payable solely from particular moneys, assets or revenues derived from its programs.

Subd. 13. It may sell any of its obligations at public or private sale, at such price or prices as the agency shall determine, notwithstanding the limitation on sale price in the fourth sentence of section 462A.09.

Subd. 14. It may establish and collect reasonable interest and amortization payments on loans, and in connection therewith may establish and collect or authorize the collection of reasonable fees and charges or require funds to be placed in escrow, sufficient to provide for the payment and security of its bonds, notes, commitments and other obligations and for the servicing thereof, to provide reasonable allowances for or insurance against losses which may be incurred and to cover the cost of issuance of obligations and technical, consultative and project assistance services. It shall

require the payment of all processing, administrative and guarantee fees and the deposit in escrow of all funds required by the small business administration or other federal agency or instrumentality guaranteeing any loan and shall comply and enforce compliance with all terms and conditions of each guarantee, and the prompt filing of all claims which may arise thereunder.

Subd. 15. It may cause any funds not required for immediate disbursement to be invested in direct obligations of or obligations guaranteed as to principal and interest by the United States, or in insured savings accounts, up to the amount of the insurance, in any institution the accounts of which are insured by the federal savings and loan insurance corporation or to be deposited in a savings or other account in a bank insured by the federal deposit insurance corporation or to be invested in time certificates of deposit issued by a bank insured by the federal deposit insurance corporation and maturing within one year or less.

Subd. 16. It may provide general consultative and technical services to assist in financing small business facilities for which loans may be made pursuant to section 3. It may enter into agreements or other transactions concerning the receipt or provision of those services.

Subd. 17. Financial information, including, but not limited to, credit reports, financial statements and net worth calculations, received or prepared by the agency regarding any project loan is private data on individuals as defined in Minnesota Statutes, Section 15.162, Subdivision 5a.

Subd. 18. It may accept appropriations, gifts, grants, bequests and devises and use or dispose of them for its corporate purposes.

Subd. 19. All proceeds of the agency's bonds, notes and other obligations, all income from their investment and all revenues from loans, fees and charges of the agency are annually appropriated to the agency for the accomplishment of its corporate purposes and shall be expended, administered and accounted for in accordance with the applicable provisions of all bond and note resolutions, indentures and other instruments, contracts, and agreements of the agency. Notwithstanding Minnesota Statutes, Section 16A.28, these appropriations are available until expended.

If no such counter affidavit is filed by plaintiff within three years, his original claim is dismissed without prejudice without any further action by the clerk or any judge. "Sec. 7. Minnesota Statutes 1978, Section 275.53, Subdivision 3, is amended to read:

Subd. 3. (a) *In lieu of passing a resolution pursuant to subdivision 2, the governing body of a governmental subdivision may pass by June 1 of any year a resolution containing an estimate of the current population of the subdivision. The resolution shall describe the criteria upon which the estimate is based, and shall state that the estimate is made for purposes of increasing that subdivision's tax levy pursuant to sections 275.50 to 275.56 or local government aids pursuant to section 477A.01. The resolution shall be in the form and accompanied by the data required by the state planning agency. In any year in which the population estimate for a governmental subdivision provided by the state demographer pursuant to subdivision 4 increases the amount of tax that the governmental subdivision may levy pursuant to sections 275.50 to 275.56, the governing body of the governmental subdivision shall publish notice of the estimate and the fact that it may result in an increased tax levy at least once in a legal newspaper of general circulation in the subdivision by August 1.*

(b) *The resolution shall then be submitted to the state planning agency. The agency shall determine, and inform the subdivision in writing within 30 days of receipt of the resolution, whether the criteria and process described therein do or do not provide a reasonable basis for the population estimate. The estimate prepared by the subdivision shall be reviewed by the state planning agency with reference to county population estimates prepared by the state demographer. The state demographer's county population estimates will be used as a county control.*

(c) *(b) If the agency determines that the criteria and process used by the subdivision do not provide a reasonable basis for the population estimate, the resolution shall be of no effect. If the*

agency determines that the criteria do provide a reasonable basis for the population estimate, the resolution shall be published at least once in a legal newspaper of general circulation in said subdivision. Said estimate may be used for computing the amount of ad valorem taxes the subdivision may levy, unless Within 30 days following the publication of the resolution notice , 10 percent or more of the registered voters of the subdivision, or , if the subdivision does not require voter registration, then 10 percent or more of its voters, who voted at the subdivision's last election, may sign and submit to the governing body of this subdivision a petition demanding a special census ; and submit the petition to the governing body of the subdivision .

(d) (c) Attached to the petition shall be an affidavit executed by the circulator or circulators thereof, stating that he or they personally circulated the petition, the number of signatures thereon, that all signatures were affixed in his or their presence and that he or they believe them to be genuine signatures of the persons whose names they purport to be. Each signature need not be notarized.

(e) (d) Upon the receipt of a petition conforming to this subdivision, the governing body shall pass a resolution requesting the secretary of state to take contract for the taking of a special census of the governmental subdivision. The census shall be taken and financed pursuant to the provisions of subdivision 2. Any population estimate made by the governing body of any governmental subdivision shall be superseded by any subsequent state or federal census taken pursuant to sections 275.50 to 275.56 or any other law, or by a population estimate made by the metropolitan council or the state demographer. The governing body of a governmental subdivision may not avail itself of the provisions of this subdivision during any year for which any state or federal census has been taken or for which the metropolitan council has made a population estimate of the subdivision.

Sec. 8. Minnesota Statutes 1978, Section 275.53, is amended by adding a subdivision to read:

*Subd. 4. In any year in which the annual population estimate of the state demographer is the population of a governmental subdivision pursuant to subdivision 1, the governing body of the governmental subdivision may challenge the accuracy of the estimate by notifying the state demographer of its objections to the estimate by June 1. If the governing body of the governmental subdivision and the state demographer agree on a revised population estimate by July 1, the revised estimate shall become the annual population estimate of the state demographer for that governmental subdivision for that year.*

The county sanatorium commission shall determine, by resolution, each year, prior to July first, the amount of money necessary for the maintenance of such sanatorium during the following year and a certified copy of the resolution shall be forthwith forwarded to the board or boards of county commissioners, and such board or boards may, in their discretion, at the regular meeting in July, include the properly approved and apportioned amount in the annual levy of county taxes. In no case shall the amount of such levy in any one year exceed one-third of one mill on the dollar of assessed valuation. For the maintenance of each free patient treated in the sanatorium 50 percent of the actual cost of care of each free patient, except that the amount of state aid shall not exceed \$7.50 per week before July 1, 1956, and \$2.50 per patient day beginning July 1, 1956, shall be paid to the county or group of counties by the state treasurer out of funds appropriated under sections 376.28 to 376.42, which payments shall be made monthly upon warrants of the commissioner of finance, drawn upon the state treasurer; provided, that the commissioner of public welfare certifies that the institution has been properly conducted; provided, further, in a county having an assessed valuation of real and personal property of less than \$7,000,000 and the required total mill levy for all costs, including administrative costs, for all forms of public assistance exceeds by 50 percent or more the average required mill levy for these costs in all counties of the state, and the levy is insufficient to pay the county's share of these costs, the state pays 75 percent of the actual cost of care of each free patient. In case two or more counties unite in a decision to establish a sanatorium, the county sanatorium commission shall apportion, by resolution, one-half the estimated total cost of site, erection, and equipment and the estimated total cost of maintenance for the ensuing year between or among the counties, and designate the amount to be raised by each county, which apportionment shall be based approximately upon the respective population of the counties, as determined by the last previous federal or state census, except that when the county boards of such counties shall agree upon a different apportionment of such cost of maintenance such agreed apportionment shall govern. When so apportioned the commission shall forward to the board of county commissioners of each county a certified copy of such resolution, and each county board shall then proceed to pay, if it has funds available for that purpose, or to make a tax levy for the amount apportioned to its county. All

moneys collected or received for such sanatorium purposes, except cost of site, erection, and equipment, shall be deposited in the treasury of the county or counties to the credit of the tuberculosis sanatorium funds, and shall not be used for any other purpose and shall be paid out in a manner provided by law for other county expenses by the proper officers of the county or counties upon the properly authenticated vouchers of the county sanatorium commission, signed by the president and the secretary thereof, and all moneys collected or received to be used toward the payment of the cost of site, erection, and equipment of such sanatorium shall be sent by each county treasurer to the state treasurer to be placed to the credit of the sanatorium and shall be paid out in the manner as in this section provided for other payments toward cost of site, erection, and equipment of the sanatorium.

Sec. 15. Minnesota Statutes 1978, Section 395.08, is amended to read:

395.08 [APPROPRIATIONS FOR CERTAIN AGRICULTURAL DEVELOPMENTS.] The board of county commissioners of any county in this state may appropriate annually out of the general revenue fund of such county, a sum of money not exceeding a sum equal to five cents per capita of the population of such county according to the latest *federal* census, either *federal* or *state*, of such county and not to exceed \$25,000 for any one county. Such sum so appropriated shall be paid to any incorporated development society or organization of this state which, in the opinion of the board, will use such money for the best interests of the county in promoting, advertising, improving, or developing the economic and agricultural resources of the county, and such other matter as may tend to a development of the county.

Sec. 16. Minnesota Statutes 1978, Section 447.34, Subdivision 1, is amended to read:

447.34 [PAYMENT OF EXPENSES; TAXATION.] Subdivision 1. Expenses of acquisition, betterment, administration, operation, and maintenance of all hospital and nursing home facilities operated by any hospital district, expenses incurred pursuant to section 447.331, subdivision 1, and the expenses of organization and administration of such district and of planning and financing such facilities, shall be paid from the revenues derived from such facilities, and to the extent necessary, from ad valorem taxes levied by the hospital board upon all taxable property situated within the district, and, to the extent determined from time to time by the board of county commissioners of any county in which territory of the district is situated, from appropriations made by said board in accordance with the provisions of section 376.08, and any future laws amending or supplementing the same. Any moneys appropriated by such board of county commissioners for the acquisition or betterment of facilities of the hospital district may be transferred in the discretion of the hospital board to a sinking fund for bonds issued for that purpose. The hospital board may agree to repay to the county any sums appropriated by the board of county commissioners for this purpose, out of the net

revenues to be derived from operation of its facilities, and subject to such terms as may be agreed upon. No taxes levied by a hospital district in any year, other than taxes levied for payment of bonded indebtedness, shall exceed in amount \$1.50 per capita of the population of the district according to the last state or federal census, if the amount proposed to be levied in excess of such amount, when added to the levy subject to the limitations of section 275.10 or 275.11, of any of the municipalities within the district, would cause such municipal levy to exceed the limitations of such applicable section.

Sec. 17. Minnesota Statutes, 1979 Supplement, Section 462C.07, Subdivision 2, is amended to read:

Subd. 2. The aggregate principal amount of revenue bonds or other obligations issued by a city pursuant to this section shall not exceed an amount equal to \$1,000 times its population for the first 50,000 persons, plus \$500 times its population in excess of 50,000, until otherwise provided by law. Its population shall be determined by the last state or federal census, or by the last official estimate of the metropolitan council, for a city in the metropolitan area, whichever is greater.

Sec. 19. Minnesota Statutes, 1979 Supplement, Section 471.698, Subdivision 1, is amended to read:

(d) Submit within 90 days after the close of the fiscal year a copy of the statement to the state auditor in such summary form as the state auditor may prescribe.

Sec. 20. Minnesota Statutes 1978, Section 641.264, Subdivision 2, is amended to read:

Subd. 2. [TAX LEVIES; APPORTIONMENT OF COSTS.] The county board of each cooperating county shall annually levy a tax in an amount necessary to defray its proportion of the net costs of maintenance and operation of the regional jail after deduction of payments for the care of inmates, and in addition shall levy a tax to repay the cost of construction or acquisition, equipping, and any subsequent improvement of the regional jail and for the retirement of any bonds issued for these purposes. The county board may levy these taxes without limitation as to the rate or amount, and the levy of these taxes shall not cause the amount of other taxes levied or to be levied by the county, which are subject to any such limitation, to be reduced in any amount whatsoever. The regional jail board shall apportion the costs of maintenance and operation, and of construction or acquisition, equipping, and improvement of the jail to each county on the basis of the proportion that the population in that county bears to the total

population in all of the cooperating counties, the population figures to be determined by the last previous federal or state census.

Sec. 21. Minnesota Statutes 1978, Section 645.44, Subdivision 8, is amended to read:

Subd. 8. [POPULATION; INHABITANTS.] When used in reference to population, "population" and "inhabitants" mean that shown by the last preceding *federal decennial census, state or United States*, unless otherwise expressly provided."

Mr. Schaaf from the Committee on Governmental Operations, to which was referred

S. F. No. 1965: A bill for an act relating to retirement; local police and salaried firefighters' relief associations; authorizing certain municipalities to modify retirement coverage and benefits for certain police officers and firefighters by local action; establishing a local police and salaried firefighters' relief association amortization state aid program; appropriating money; amending Minnesota Statutes 1978, Section 69.77, Subdivision 2.

Reports the same back with the recommendation that the bill be amended as follows:

Pages 1 to 6, delete section 1 and insert:

"Section 1. Minnesota Statutes 1978, Section 69.77, Subdivision 2, as amended by Laws 1980, Chapter 341, Section 1, is amended to read:

Subd. 2. Subdivision 1 does not apply to an association enumerated in subdivision 1a under the following circumstances:

(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1981, a contribution for retirement and survivorship benefits of not less than eight percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that such contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year,

any increase in the amount of contributions required by this section may be spread over several years, but the increase in rate of contribution in each year commencing in 1981 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firefighters, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before the date established by the municipality, which shall not be later than September 1 and shall not be earlier than August 1, of each year the financial requirements and minimum obligation of the association for the following calendar year in accordance with the following requirements:

The financial requirements shall be based on the most recent actuarial survey prepared in accordance with sections 356.215, subdivision 4 and 356.216.

*For a relief association which is located in a municipality which has adopted and filed a resolution as provided in section 2, subdivision 1, or section 4, the total of the amounts calculated pursuant to clauses (a) and (c) shall constitute the financial requirements of the relief association for the following year. For a relief association which is located in a municipality which has not adopted and filed a resolution as provided in section 2, subdivision 1, or section 4, the total of the amounts calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year.*

(a) The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

(b) To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

~~The total of these two amounts represents the financial requirements of the association for the following year.~~

*(c) To the dollar amount of normal cost thus determined shall be added an amount equal to the level annual dollar amount sufficient to amortize the unfunded accrued liability by December 31, 2010, as determined from the actuarial survey of the fund.*

Except as otherwise provided in this paragraph, the minimum obligation of the governmental subdivision shall be the financial requirements of the association less the estimated amount of member contributions herein provided from covered salary anticipated for the following calendar year and less one year's estimated receipts expected from the applicable state of Minnesota through state collected insurance premium taxes or other state aids aid

*program established pursuant to sections 69.011 to 69.051, and from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 3. The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.*

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body *on or before the date established by the municipality which shall not be earlier than August 1 and shall not be later than September 1 of each year so that it may ascertain if it has been prepared in accordance with law.*

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level; the levy of such taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the officers of the association shall certify that amount to the county auditor, who shall spread a levy in the amount of such obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments for funds of the Minnesota state retirement system, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the three percent stock limitation applicable to the Minnesota state retirement system would necessitate a lesser investment. Securities held by the association before July 1, 1971, which do not

meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21, provided that there be no share account described in section 11.18, subdivision 2, or in the fixed-return account described in section 11.18, subdivision 3a, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account described in section 11.18, subdivision 3.

(8) The association shall procure an actuarial survey showing the condition of its fund pursuant to section 356.216 as of December 31, 1978, and shall procure an actuarial survey every two years thereafter. The association shall also procure a quadrennial experience study pursuant to section 356.216 as of December 31, 1978, and shall procure a quadrennial experience study every four years thereafter. A copy of the actuarial survey and the quadrennial experience study shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and retirement, and the commissioner of insurance, not later than June 1 of the following year."

Each dependent child, until the child reaches the age of 18 years, shall receive a monthly benefit equal to ten percent of the member's average monthly salary earned as a police officer or fire fighter on which employee contributions were paid over the last full six months of allowable service preceding death. Payments for the benefit of any qualified dependent child under the age of 18 years shall be made to the surviving parent, or if there be none, to the legal guardian of such the child. or retirement benefits provided by or modify any provision of the benefit plan of either a police relief association or a firefighters relief association. The total cost of any increase or modification, including amortization by the applicable date to amortize specified in any prior applicable special legislation, shall not exceed 1.26 percent of covered payroll.

**Sec. 7. [HEALTH AND WELFARE BENEFIT.]** Notwithstanding any law to the contrary, any person who, after July 1, 1980, retires on a service pension or a disability benefit from the Minneapolis police relief association or the Minneapolis firefighters relief association shall be entitled on January 1, 1981, or upon the date of retirement, whichever occurs later, to receive a monthly health and welfare benefit. The monthly health and welfare benefit shall be an amount equal to one unit as defined pursuant to Laws 1963, Chapter 315, Section 1, Subdivision 3, for the Minneapolis police relief association, or Minnesota Statutes, Section 69.45, for the Minneapolis firefighters relief association, whichever is applicable. The monthly health and welfare benefit shall be paid to the retired member unless the retired member designates in writing that the amount be paid to an insurance carrier to defray the cost of any health or welfare related insurance coverage.

**Sec. 8. [DETERMINATION OF FINANCIAL REQUIREMENTS OF RELIEF ASSOCIATION AND MINIMUM MUNICIPAL OBLIGATION.]** The officers of the Minneapolis police relief association and the Minneapolis firefighters relief association shall include in their determinations of the financial requirements of the relief association and the minimum obligation of the governmental subdivision submitted to the city of Minneapolis on or before September 1, 1980, pursuant to Minnesota Statutes, Section 69.77, Subdivision 2, Clauses (2) and (3), the cost of the health and welfare benefit as estimated by the actuary of the respective relief association based on the most recent actuarial valuation of the relief association prepared pursuant to Minnesota Statutes, Sections 69.77, 356.215 and 356.216. The city of Minneapolis shall provide sufficient financial support to each relief association to meet the minimum obligation of the governmental subdivision including the cost of the health and welfare benefit, effective January 1, 1981."

(a) The town board of each town, the council or other governing body of each city, except in cities whose charters provide for a board of equalization, shall be a board of review. The county assessor shall fix a day and time when each of such boards and the board of equalization of any city whose charter provides for a board of equalization shall meet in the several assessment districts of the county, and shall on or before April 1st of each year give written notice thereof to the clerk. Such meetings notwithstanding the provisions of any charter to the contrary shall be held between April 1st and June 30th in each year, and the clerk shall give published and posted notice of such meeting at least ten days prior to the date fixed. Such board shall meet at the office of the clerk to review the assessment and classification of property in such town or district, and immediately proceed to examine and see that all taxable property in the town or district has been properly placed upon the list, and duly valued by the assessor. In case any property, real or personal shall have been omitted, the board shall place it upon the list with its market value, and correct the assessment so that each tract or lot of real property, and each article, parcel, or class of personal property, shall be entered on the assessment list at its market value; but no assessment of the property of any person shall be raised until he has been duly notified of the intent of the board so to do. On application of any person feeling aggrieved, the board shall review the assessment or classification or both, and correct it as shall appear just, *provided that upon review pursuant to application of a person feeling aggrieved, the board shall not increase the valuation of real property for the current assessment year over the amount of the valuation reviewed.* A majority of the members may act at such meeting, and adjourn from day to day until they finish the hearing of all cases presented. (b) If a person fails to appear in person, by counsel, or by written communication before the board after being duly notified of the board's intent to raise the assessment of his property, or if a person feeling aggrieved by an assessment or classification fails to apply for a review of the assessment or classification, he may not appear before the county board of equalization for a review of his assessment or classification, except when an assessment was made subsequent to the meeting of the board, as provided in section 273.01, or that he can establish that he did not receive notice of his market value at least five days before the local board of review meeting.

The board of review, and the board of equalization of any city, unless a longer period is approved by the commissioner of revenue, shall complete its work and adjourn within 20 days from the time of convening specified in the notice of the clerk and no action taken subsequent to such date shall be valid. All complaints in reference to any assessment or classification made after the meeting of such board, shall be heard and determined by the county board of equalization. Any non-resident may, at any time, before the meeting of the board of review file written objections to his assessment or classification with the county assessor and if any such objections are filed they shall be presented to the board of review at its meeting by the county assessor for its consideration."

The objectives of **Laws 1973, Chapter 650, Article 21, Sections 1 to 30 sections 256D.01 to 256D.18** are to provide a sound administrative structure for public assistance programs; to maximize the use of federal funds for public assistance purposes; to provide property tax relief, and to provide an integrated public assistance program for all persons in the state without adequate income or resources to maintain a subsistence reasonably compatible with decency and health. *A principal objective in providing general assistance and services shall be to aid those persons who can be helped to become self-supporting or to attain self-care. The strengthening and preservation of the family unit shall also be a principal consideration in the administration of all general assistance policies.*

It is hereby declared to be the policy of this state that persons unable to provide for themselves and not otherwise provided for by law, and who meet the eligibility requirements of **Laws 1973, Chapter 650, Article 21 sections 256D.01 to 256D.18** and do not refuse suitable employment; shall be entitled to receive such grants of general assistance and such services as may be necessary to maintain a subsistence reasonably compatible with decency and health. The furnishing of such assistance and services is a matter of public concern and a necessity in promoting the public health and welfare.

*A principal objective in providing general assistance and services shall be to aid those persons who can be helped to become self-supporting or to attain self-care. To achieve this aim, the commissioner shall establish minimum standards of assistance for general assistance. The minimum standard for cash payments to recipients shall be: as to shelter and utilities, 100 percent of the actual need or state standards therefor, subject to the maximum established for shelter in the aid to the blind, aid to the disabled, and old age assistance programs in December 1973; and as to other budgetary items, 50 percent, of those established for said items in the aid to the blind, aid to the disabled, and old age assistance programs in December, 1973. In order to maximize the use of federal funds, the commissioner shall promulgate regulations, to the extent permitted by federal law for eligibility for the emergency assistance program, under the terms of **Laws 1973, Chapter 650, Article 21** for general assistance. The commissioner shall provide by regulation for the eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient. Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1978, Section 462.351, is amended to read:

462.351 [MUNICIPAL PLANNING AND DEVELOPMENT; STATEMENT OF POLICY.] The legislature finds that municipalities are faced with mounting problems in providing means of guiding future development of land so as to insure a safer, more pleasant and more economical environment for residential, commercial, industrial and public activities, *to preserve agricultural and other open lands*, and to promote the public health, safety, ~~morals~~ and general welfare. Municipalities can prepare for anticipated changes and by such preparations bring about significant savings in both private and public expenditures. Municipal planning, by providing public guides to future municipal action, enables other public and private agencies to plan their activities in harmony with the municipality's plans. Municipal planning will assist in developing lands more wisely to serve citizens more effectively, will make the provision of public services less costly, and will achieve a more secure tax base. It is the purpose of sections 462.351 to 462.364 to provide municipalities, in a single body of law, with the necessary powers and a uniform procedure for adequately conducting and implementing municipal planning.

Sec. 2. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

*(a) Where all the resulting parcels, tracts, lots, or interests will be 20 acres or larger in size and 500 feet in width for residential uses and five acres or larger in size for commercial and industrial uses;*

*(c) Resulting from court orders, or the adjustment of a lot line by the relocation of a common boundary.*

Sec. 3. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Official controls may include ordinances establishing zoning, subdivision controls, site plan regulations, sanitary codes, building codes and official maps.*

Sec. 7. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Sec. 8. Minnesota Statutes 1978, Section 462.355, Subdivision 4, is amended to read:

Subd. 4. [INTERIM ORDINANCE.] *If a municipality is conducting or in good faith intends to conduct studies within a reasonable time or has authorized a study to be conducted or has held or has scheduled a hearing for the purpose of considering adoption or amendment of a comprehensive plan or official controls as defined in section ~~473.852~~ 462.352, subdivision 16, or if new territory for which plans or controls have not been adopted is annexed to a municipality, the governing body of the municipality may adopt an interim ordinance applicable to all or part of its jurisdiction for the purpose of protecting the planning process and the health, safety and welfare of its citizens. Sec. 9. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 1a. [AUTHORITY.] *To protect and promote the public health, safety, and general welfare, to provide for the orderly, economic, and safe development of land, to preserve agricultural lands, to promote the availability of housing affordable to persons and families of all income levels, and to facilitate adequate provision for transportation, water, sewage, storm drainage, schools, parks, playgrounds, and other public services and facilities, a municipality may by ordinance adopt subdivision regulations establishing standards, requirements, and procedures for the review and approval or disapproval of subdivisions. The regulations may contain varied provisions respecting, and be made applicable only to, certain classes or kinds of subdivisions. The regulations shall be uniform for each class or kind of subdivision.*

*A municipality may by resolution extend the application of its subdivision regulations to unincorporated territory located within two miles of its limits in any direction but not in a town which has adopted subdivision regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the subdivision of land equal distance from its boundaries within this area. However, if a municipality extends the application of its subdivision or zoning*

*regulations to unincorporated territory, upon the petition of any county board or town board affected by the subdivision or zoning regulations, a joint board shall be established consisting of a three-member committee with one member appointed from each of the municipal, town and county governing bodies. This joint board shall adopt zoning and subdivision regulations under Minnesota Statutes, Sections 462.351 to 462.364 for the entire area within two miles of the city located within a town, and designate one of the governing bodies to serve as the governing body and board of appeals and adjustment for purposes of sections 462.357 and 462.358 within the area. The regulations shall require that subdivisions be consistent with the municipality's official map if one exists and its zoning ordinance, and may require consistency with other official controls and the comprehensive plan. The regulations may prohibit certain classes or kinds of subdivisions in areas where prohibition is consistent with the comprehensive plan and the purposes of this section, particularly the preservation of agricultural lands. The regulations may prohibit the issuance of building permits for any tracts, lots, or parcels for which required subdivision approval has not been obtained. The regulations may permit the municipality to condition its approval on the construction and installation of sewers, streets, electric, gas, drainage, and water facilities, and similar utilities and improvements or, in lieu thereof, on the receipt by the municipality of a cash deposit, certified check, irrevocable letter of credit, or bond in an amount and with surety and conditions sufficient to assure the municipality that the utilities and improvements will be constructed or installed according to the specifications of the municipality. The regulations may permit the municipality to condition its approval on compliance with other requirements reasonably related to the provisions of the regulations and to execute development contracts embodying the terms and conditions of approval. The municipality may enforce such agreements and conditions by appropriate legal and equitable remedies.*

Sec. 11. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

*Subd. 2b. [DEDICATION.] The regulations may require that a reasonable portion of any proposed subdivision be dedicated*

to the public or preserved for public use as streets, roads, sewers, electric, gas, and water facilities, and similar utilities and improvements. In addition, the regulations may require that a reasonable portion of any proposed subdivision be dedicated to the public or preserved for public use as parks, playgrounds, trails, open space, or storm water drainage and holding areas or ponds; provided that (a) the municipality may choose to accept an equivalent amount in cash from the applicant for part or all of the portion required to be dedicated to such public uses or purposes based on the fair market value of the land no later than at the time of final approval, (b) any cash payments received shall be placed in a special fund by the municipality used only for the purposes for which the money was obtained, (c) in establishing the reasonable portion to be dedicated, the regulations may consider the open space, park, recreational, or common areas and facilities which the applicant proposes to reserve for the subdivision, and (d) the municipality reasonably establishes that it will need to acquire that portion of land for the purposes stated in this subdivision as a result of approval of the subdivision.

Sec. 12. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

*Subd. 3a. [PLATTING.] The regulations may require that any subdivision creating parcels, tracts, or lots, shall be platted. Sec. 13. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

*Subd. 3b. [REVIEW PROCEDURES.] The regulations shall include provisions regarding the content of applications for proposed subdivisions, the preliminary and final review and approval or disapproval of applications, and the coordination of such reviews with affected political subdivisions and state agencies. The regulations may provide for the consolidation of the preliminary and final review and approval or disapproval of subdivisions. Preliminary or final approval may be granted or denied for parts of subdivision applications. The regulations may prescribe fees sufficient to defray the costs incurred by the municipality in the review and investigation of and actions upon such applications. The regulations may delegate the authority to review proposals to the planning commission, but final approval or disapproval shall be the decision of the governing body of the municipality unless otherwise provided by law or charter. The regulations shall require that a public hearing shall be held on all subdivision applications, except those minor subdivisions, prior to preliminary approval, unless otherwise provided by law or charter. The hearing shall be held following publication of notice of the time and place thereof in the official newspaper at least ten days be-*

fore the day of the hearing. At the hearing, all persons interested shall be given an opportunity to make presentations. A subdivision application shall be preliminarily approved or disapproved within 120 days, except a minor subdivision application shall be preliminarily approved or disapproved within 10 days following delivery by the applicant to the municipality of a completed application unless an extension of the review period has been agreed to by the applicant. When a division to which the regulations of the municipality do not apply is presented to the city, the clerk of the municipality must, within ten days of the date it is presented, certify that the subdivision regulations of the municipality do not apply to the particular division.

If the municipality or the responsible agency of the municipality fails to preliminarily approve or disapprove an application within the review period, the application shall be deemed preliminarily approved, and upon demand the municipality shall execute a certificate to that effect. Following preliminary approval the applicant may request final approval by the municipality, and upon such request the municipality shall certify final approval within 60 days if the applicant has complied with all conditions and requirements of applicable regulations and all conditions and requirements upon which the preliminary approval is expressly conditioned either through performance or the execution of appropriate agreements assuring performance. If the municipality fails to certify final approval as so required, and if the applicant has complied with all conditions and requirements, the application shall be deemed finally approved, and upon demand the municipality shall execute a certificate to that effect. The applicant shall be notified of the preliminary and final approval or disapproval of his application, and the action and reasons therefor shall be set forth in the proceedings of the municipality. The notice and proceedings shall identify the subdivision or parts thereof which have been preliminarily or finally approved and any requirements upon which such approval has been conditioned. After final approval a subdivision may be filed or recorded.

Sec. 14. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3c. [EFFECT OF SUBDIVISION APPROVAL.] For one year following preliminary approval and for two years following final approval, unless the subdivider and the municipality agree otherwise, no amendment to a comprehensive plan or official control shall apply to or affect the use, development density, lot size, lot layout, or dedication or platting required or permitted by the approved application. Thereafter, pursuant to its regulations, the municipality may extend the period by agreement with the subdivider and subject to all applicable performance conditions and requirements, or it may require submission of a new application unless substantial physical activity and investment has occurred in reasonable reliance on the approved application and the subdivider will suffer substantial financial damage as a consequence of a requirement to submit a new application. In connection with a subdivision involving planned and staged develop-

*ment, a municipality may by resolution or agreement grant the rights referred to herein for such periods of time longer than two years which it determines to be reasonable and appropriate.*

*The provisions of this subdivision may be applied by municipalities to subdivisions approved before April 1, 1945, if all the lots in the subdivision are encumbered and owned by one person or entity. Any municipality intending to so apply the provisions of this subdivision shall cause notice of its intention, including a description of the lands to which the application of the subdivision regulations is proposed, to be published in a newspaper of general circulation serving the municipality in which the subdivision regulations apply once each week for two consecutive weeks, and shall serve personal notice by certified mail at the last known address of the record owner of any interest in the lots in the subdivision. Thirty days after the last publication or the deposit of the certified letter with the postal authorities for delivery, whichever occurs later, the municipality may apply its subdivision regulations to subdivisions approved before April 1, 1945, which were described in the published notice unless within that period the record owner of the lands described in the published notice requests by certified mail to the city clerk of the municipality a public hearing on the applicability of the subdivision regulations, in which case a public hearing shall be held prior to the application of the regulations. The municipality shall within 30 days of the application of the subdivision regulations to subdivisions approved before April 1, 1945, make application to the district court pursuant to section 505.14 to vacate or alter all plats applicable to the land in question.*

Sec. 15. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

*Subd. 4a. [DISCLOSURE BY SELLER; BUYER'S ACTION FOR DAMAGES.] After the effective date of this section, any person conveying a new parcel of land which, or the plat for which, has not previously been filed or recorded, and which is part of or would constitute a subdivision to which adopted municipal subdivision regulations apply, shall attach to the instrument of conveyance either: (a) recordable certification by the clerk of the municipality that the subdivision regulations do not apply, or that the subdivision has been approved by the governing body, or that the restrictions on the division of taxes and filing and recording have been waived by resolution of the governing body of the municipality in this case because compliance will create an unnecessary hardship and failure to comply will not interfere with the purpose of the regulations; or (b) a statement which names and identifies the location of the appropriate municipal offices and advises the grantee that municipal subdivision and zoning regulations may restrict the use or restrict or prohibit the development of the parcel, or construction on it, and that the division of taxes and the filing or recording of the conveyance may be prohibited without prior recordable certification of approval, nonapplicability, or waiver from the municipality. In any action commenced by a buyer of such a parcel against the seller thereof, the misrepre-*

*sentation of or the failure to disclose material facts in accordance with this subdivision shall be grounds for damages. If the buyer establishes his right to damages, a district court hearing the matter may in its discretion also award to the buyer an amount sufficient to pay all or any part of the costs incurred in maintaining the action, including reasonable attorney fees, and an amount for punitive damages not exceeding five per centum of the purchase price of the land.*

Sec. 16. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

*Subd. 4b. [MUNICIPALITY; INJUNCTION; FINES.] A municipality may enjoin a conveyance or transfer which would violate the provisions of subdivision 4a of this act. Any person who conveys a lot or parcel in violation of subdivision 4a or section 17 of this act shall forfeit and pay to the municipality a fine of not more than \$100. A municipality may recover the penalty by a civil action in a court of competent jurisdiction. The court may in its discretion award to the municipality an amount sufficient to pay all or any part of the costs incurred by the municipality in maintaining the action, including reasonable attorney fees.*

Sec. 17. Minnesota Statutes 1978, Section 462.36, Subdivision 1, is amended to read:

**462.36 [CERTIFIED COPIES FILED.]** Subdivision 1. **[REQUIRED DOCUMENTS.]** A certified copy of every municipal ordinance, resolution, map, or regulation adopted under the provisions of sections 462.358 and 462.359 and amendments thereto, together with a description of the lands to which they apply, shall be filed with the county recorder and auditor of the county or counties in which the municipality adopting it is and lands are located. Ordinances, resolutions, maps or regulations filed with the county recorder pursuant to this subdivision do not constitute encumbrances on real property.

Sec. 18. **[CONFLICT OF LAWS; APPLICABILITY.]** *Where and to the extent that a provision of a municipal ordinance adopted before the effective date of this act, is determined by the governing body of the municipality to conflict with the requirements of this act, the provision of the municipal ordinance shall govern until such time as the ordinance is amended to conform to this act or the effective date of this act, whichever occurs first, provided that this act shall not be construed to require a municipality to regulate subdivisions, or to regulate subdivisions to the maximum extent authorized by this act.*

Sec. 19. Minnesota Statutes 1978, Section 505.14, is amended to read:

**505.14 [VACATION.]** *Subdivision 1.* Upon the application of the owner of land included in any plat, and upon proof that all taxes assessed against such land have been paid, and the notice hereinafter provided for given, the district court may vacate or alter all, or any part, of such plat, and adjudge the title to all

streets, alleys, and public grounds to be in the persons entitled thereto; but streets or alleys connecting separate plats or lying between blocks or lots, shall not be vacated between such lots, blocks, or plats as are not also vacated, unless it appears that the street or alley or part thereof sought to be vacated is useless for the purpose for which it was laid out. The petitioner shall cause two weeks published and posted notice of such application to be given, the last publication to be at least ten days before the term at which it shall be heard; and the petitioner shall also serve personally, or cause to be served personally, notice of such application, at least ten days before the term at which the application shall be heard, upon the mayor of the city, the president of the statutory city, or the chairman of the town board of the town where such land is situated. The court shall hear all persons owning or occupying land that would be affected by the proposed vacation, and if, in the judgment of the court, the same would be damaged, the court may determine the amount of such damage and direct its payment by the applicant before the vacation or alteration shall take effect. A certified copy of the order of the court shall be filed with the county auditor, and recorded by the county recorder. The district court shall not vacate or alter any street, alley, or public ground dedicated to the public use in or by any such plat in any city or town organized under a charter or special law which provides a method of procedure for the vacation of streets and public grounds by the municipal authorities of such city or town.

*Subd. 2. [VACATION BY MUNICIPALITY.] A municipality acting pursuant to section 462.358, subdivision 3c, shall make application to the district court to vacate all plats of lands to which the municipality has applied its subdivision regulations. The municipality shall cause notice to be personally served upon the owner and lien holders of any interest in the lands to which the subdivision regulations have been applied in lieu of the notice to the governmental officials required by subdivision 1.*

*Sec. 20. Minnesota Statutes 1978, Sections 462.352, Subdivision 4; and 462.358, Subdivisions 1, 2, 3 and 4, are repealed."*

[APPLICATION OF SECTION.] Notwithstanding section 179.65, subdivision 2, or any other law, this section shall govern, where contrary to other law, the initial certification and decertification of exclusive representatives for the appropriate units of state employees established by section 35. Subsequent to the initial certification and decertification pursuant to this section, the provisions of this section shall not apply.*

*Subd. 2. [EXISTING MAJORITY.] The director shall certify an employee organization and exclusive representative for an ap-*

appropriate unit established by section 35 upon a petition filed with the director by the organization within 30 days of the effective date of this section stating that the petitioner is certified pursuant to section 179.67 as the exclusive representative of a majority of the employees included within the unit established by section 35. Two or more employee organizations which represent the employees in a unit established by section 35, may petition jointly pursuant to this subdivision, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 15 days of its receipt.

**Subd. 3. [NO EXISTING MAJORITY.]** (1) The director shall certify an employee organization as exclusive representative for an appropriate unit established by section 35 upon a petition filed by the organization within 30 days of the effective date of this section stating that the petitioner is certified pursuant to section 179.67 as the exclusive representative of fewer than a majority of the employees included within the unit established by section 35, where no other employee organization so certified has filed a petition within 30 days of the effective date of this section under subdivisions 2 or 3, so long as a majority of the employees in the unit established by section 35 are represented by employee organizations pursuant to section 179.67 on the effective date of this section. The director shall make a determination on a timely petition within 15 days of its receipt.

(2) If no exclusive representative is certified under subdivision 2 or subdivision 3, clause (1), and an employee organization petitions the director within 45 days of the effective date of this section stating that at least 30 percent of the employees included within a unit established by section 35 wish to be represented by the petitioner, where this 30 percent is evidenced by current dues deduction rights, signed statements plainly indicating that the signatories wish to be represented for collective bargaining purposes by the petitioner rather than by any other organization, or a combination thereof, the director shall conduct a secret ballot election to determine the wishes of the majority. The election shall be conducted within 75 days of the effective date of this section and shall, where not inconsistent with other provisions of this section, be governed by section 179.67.

Exclusive representatives of state employees certified after the effective date of this section shall immediately upon certification have the responsibility of bargaining on behalf of employees within the unit and shall have the responsibility of administering grievances arising under previous contracts covering employees included within the unit which remain unresolved on June 30, 1981. Where the employer does not object, these responsibilities may be varied by agreement between the outgoing and incoming exclusive representatives. All other rights and duties of representation shall commence on July 1, 1981, except that exclusive representatives certified after the effective date of this section shall immediately upon certification have the right to all employer information and all forms of access to employees within the bargaining unit which would be permitted to the current contract-holder. This section shall in no way affect any existing collective bargaining contract.*

*Nothing in sections 1 to 40 shall prevent an exclusive representative certified after the effective date of sections 1 to 40 from assessing fair share or dues deductions immediately upon certification for employees in a unit established under section 35 if the employees were unrepresented for collective bargaining purposes prior to that certification.*

The Honorable Edward J. Gearty  
President of the Senate

We, the undersigned conferees for H. F. No. 455, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 455 be further amended as follows:

Strike everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 126.21, is amended to read: .

126.21 [ATHLETIC PROGRAMS; SEX DISCRIMINATION.]  
Subdivision 1. [POLICY.] *The legislature recognizes certain past inequities in access to athletic programs and in the various degrees of athletic opportunity previously afforded members of each sex. The purpose of this section is to provide an equal opportunity for members of both sexes to participate in athletic programs.*

*Subd. 2. Each educational institution or public service shall provide equal opportunity for members of both sexes to participate in its athletic program. In determining whether equal opportunity to participate in athletic programs is available for the purposes of this section, at least the following factors shall be considered to the extent that they are applicable to a given situation: whether the opportunity for males and females to participate in the athletic program reflects the demonstrated interest in athletics of the males and females in the student body of the educational institution or the population served by the public service; whether the variety and selection of sports and levels of competition effectively accommodate the demonstrated interests of members of both sexes; the provision of equipment and supplies; scheduling of games and practice times; assignment of coaches; provision of locker rooms; practice and competitive facilities; and the provision of necessary funds for teams of one sex.*

*Subd. 3. (1) Notwithstanding any other state law to the contrary, in athletic programs operated by educational institutions or public services and designed for participants 12 years old or older or in the seventh grade or above, it is not an unfair discriminatory practice: (1) to restrict membership on an athletic team to participants of one sex; if this restriction is necessary to provide members of each sex with an equal opportunity to participate in the athletic program; provided, if a membership restriction on the basis of sex results in the operation of two teams in the same sport which are separated or substantially separated according to sex, the two teams shall be operated in compliance with all the provisions of clause (2); or whose overall athletic opportunities have previously been limited.*

(2) *When an educational institution or a public service provides athletic teams for children eleven years old or younger or in the sixth grade or below, those teams shall be operated without restrictions on the basis of sex, except that when overall athletic opportunities for one sex have previously been limited and there is a demonstrated interest by members of that sex to participate on a team restricted to members of that sex, the educational institution or public service may provide a team restricted to members of that sex.*

~~(2) to provide (3) When two teams in the same sport which are in fact separated or substantially separated according to sex, if the two teams are shall be provided with substantially equal budgets per participant, exclusive of gate receipts and other revenues generated by that sport, and in all other respects are shall be treated in a substantially equal manner. The two teams shall be operated separately only in those activities where separation is necessary to provide the members of each sex equal opportunity to participate in the athletic program. However, nothing in this section shall be construed to require the two teams to conduct combined practice sessions or any other combined activities related to athletics.~~

(4) *If two teams are provided in the same sport, one of these teams may be restricted to members of a sex whose overall athletic opportunities have previously been limited, and members of either sex shall be permitted to try out for the other team.*

Subd. 4. *When an equal opportunity to participate in the elementary or secondary school level athletic program of an educational institution or public service is not provided to members of a sex whose overall athletic opportunities have previously been limited, that educational institution or public service shall, where there is demonstrated interest, provide separate teams for members of the excluded sex in sports which it determines will provide members of that excluded sex with an equal opportunity to participate in its athletic program and which will attempt to accommodate their demonstrated interests.*

Subd. 2 5. *The state board of education, after consultation with the commissioner of human rights shall promulgate rules in accordance with chapter 15 to implement this section to prevent discrimination in elementary and secondary school athletic programs operated by educational institutions. The rules promulgated by the state board pursuant to this section shall not require athletic competition or tournaments for teams whose membership may be restricted to members of a sex whose overall athletic opportunities have previously been limited to be scheduled in conjunction with the scheduling of athletic competition or tournaments for teams whose membership is not so restricted by this section. Any organization, association or league entered into by educational institutions elementary or secondary schools or public services for the purpose of promoting sports or adopting rules and regulations for the conduct of athletic contests between members shall effective July 1, 1976 provide rules and regulations and conduct its activities so as to permit its members to comply fully with*

subdivision 1 and section 363.03, subdivisions 4 and 5 this section. The rules of that organization, association or league may provide separate seasons for athletic competition or tournaments in a sport for teams whose membership may be restricted to members of a sex whose overall athletic opportunities have previously been limited from athletic competition or tournaments established for teams in that same sport whose membership is not so restricted by this section, and its rules may prohibit a participating student from competing on more than one school team in a given sport during a single school year.

Subd. 3. Educational institutions and public services shall make every reasonable effort to provide substantially equal budgets per participant pursuant to subdivision 1 during the school year 1975-1976, and thereafter shall provide substantially equal budgets per participant pursuant to subdivision 1. Educational institutions and public services shall phase out separation based on sex in athletic programs designed for participants 11 years old or younger and in the sixth grade or below during the school years 1975-1976, 1976-1977, and 1977-1978, and thereafter shall comply fully with subdivision 1 and section 363.03, subdivisions 4 and 6.

Sec. 2. Minnesota Statutes 1978, Section 129.121, is amended by adding a subdivision to read:

*Subd. 5. For the purposes of section 471.705, the Minnesota state high school league shall be deemed to be a state agency required by law to transact business in meetings open to the public.*

Sec. 3. Minnesota Statutes 1978, Section 363.02, Subdivision 3, is amended to read:

Subd. 3. [EDUCATION.] (a) It is not an unfair discriminatory practice for a religious or denominational institution to limit admission or give preference to applicants of the same religion. The provisions of section 363.03, subdivision 5, relating to sex, shall not apply to a private educational institution, or branch or level of a private educational institution, in which students of only one sex are permitted to enroll. Nothing in this chapter shall be construed to require any educational institution to provide any special service to any person because of the disability of such person or to modify in any manner its buildings, grounds, facilities, or admission procedures because of the disability of any such person. Nothing in this chapter shall prohibit an educational institution from discriminating on the basis of academic qualifications or achievements or requiring from applicant's information which relates to academic qualifications or achievements.

(b) *Notwithstanding any other provisions of this chapter or any law to the contrary, it is not an unfair discriminatory practice for an educational institution or a public service to operate or sponsor separate athletic teams and activities for members of each sex or to restrict membership on an athletic team to participants of one sex, if this separation or restriction meets the requirements of section 126.21.*

(c) *The department of human rights shall investigate all charges*

*alleging sex discrimination in athletic programs in educational institutions and public services pursuant to the standards and requirements of section 126.21 and the procedures enumerated in chapter 363."*

Further, delete the title and insert:

#### EXECUTIVE AND OFFICIAL COMMUNICATIONS

March 7, 1980

The Honorable Edward J. Gearty  
President of the Senate

Dear Sir:

I have the honor of informing you that I have received, approved, signed and deposited in the Office of the Secretary of State, S. F. No. 1848.

Sincerely yours,  
Albert H. Quie, Governor

March 10, 1980

The Honorable Edward J. Gearty  
President of the Senate

Dear Sir:

I am vetoing Senate File 550. This act, if allowed to become law,

would have permitted candidates campaigning for a legislative or constitutional office to spend an increased amount of money on their elections.

The focus of public policy should turn from the cost of a campaign to the sources of the money for a campaign.

I have long been an advocate of reduced contribution limits. It is illogical to assume that candidates are tainted by the amount they spend on their campaigns. Rather, the potential for creating undue influence is derived from the amount any one individual or group can contribute to a candidate.

Merely increasing spending limits is not the solution to ensure that elections will be fair and free from abuse. It's my belief that S. F. No. 550 has the potential of repressing rather than improving our political process.

Campaign financing is an important facet of Minnesota's Ethics in Government Act. It is an area of law which should be addressed *in toto* rather than piecemeal. By simply raising expenditure limits the Legislature has failed to consider other changes which have been recently suggested by the Ethical Practices Board. This Board is given the statutory authority to indicate apparent abuses and offer legislative recommendations regarding this Act. ·

For seven months the Board undertook an extensive analysis of public financing of election campaigns. Their study focused on how well Minnesota's program has met the goals of the public financing system which was adopted in 1974.

Their report, transmitted to the Legislature in January, recommended the *elimination* of expenditure limits. The bipartisan Board concluded:

- a. Spending limits do not hold down the costs of campaigns;
- b. Spending limits inhibit a challenger's ability to obtain name recognition and identity which any incumbent inherently has already acquired;
- c. Current emphasis on spending limits is misdirected. Rather, public policy should be to control the impact of campaign money by a reduction in contribution limits.

I find it regrettable that the Legislature not only acted contrary to the Board's conclusions, but more disturbing, failed to even consider them before enacting this bill.

It is quite apparent that the provisions of S. F. 550 are politically motivated. This act has been placed on my desk without careful study or legislative deliberation. This law would not benefit the people of this State.

I am encouraged that the Senate Elections Committee has adopted several of the recommendations of the Ethical Practices Board. I urge that they all be adopted. The Board's recommendations which received unanimous approval included:

- a. Increase the political checkoff to \$2.00 (single) and \$4.00 (joint);
- b. Eliminate the party designated checkoff;
- c. Substitute a matching fund system for the current grant system of public financing;
- d. Eliminate campaign expenditure limits;
- e. Reduce contribution limits.

For the reasons set forth in this message, and with the hope that the Board's recommendations be adopted, I cannot allow S. F. No. 550 to become law. I am, therefore, returning it to you unsigned.

Sincerely,  
Albert H. Quie, Governor

Mr. Keefe, S. moved that S. F. No. 550 and the veto message be laid on the table. The motion prevailed.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [MINNEAPOLIS, CITY OF; DEVELOPMENT AND REDEVELOPMENT, PURPOSE.] The legislature of the state of Minnesota finds that the preservation of the quality of life in a major metropolitan city is dependent upon creation of an expanding tax base including commercial and industrial valuation, maintaining economically viable commercial and industrial areas within the city, encouraging private reinvestment within the city, encouraging redevelopment, maintaining and increasing employment opportunities, and providing improved housing opportunities, and that assistance which is provided by local government to accomplish these objectives should be provided as efficiently and effectively as possible, and that a coherent organized structure is necessary to maximize the impact of local government’s activities while maintaining local government’s involvement at the minimum level necessary, and that the economic development, housing and redevelopment activity of the city of Minneapolis is in need of increased efficiency and improved organization.

Sec. 2. [MINNEAPOLIS REDEVELOPMENT STRUCTURE.] Subdivision 1. Notwithstanding any contrary provision of law or charter, the city council of the city of Minneapolis may, by ordinance:

(a) Establish an independent development and redevelopment agency, corporate and politic, which shall be a governmental subdivision of the state of Minnesota. The agency shall be governed by a board of commissioners. The city council, by ordinance, shall provide for the establishment of the board of commissioners, and shall state the number of commissioners, terms of office, the appointing authority of the commissioners, and other matters relating to the composition of the board and shall designate the name for the agency. Notwithstanding any contrary provisions of the Minneapolis city charter, state statute, veterans preference act, or civil service rule, law, or regulation, all employees of the agency shall be selected and employed by the board of commissioners and shall not by virtue of employment by the agency be employees of the city of Minneapolis, and the terms and conditions of employment, including salary, shall be determined by the board of commissioners, subject only to limitations contained in this act. Throughout this act the term “agency” means the agency established pursuant to this clause.

The passage of the first ordinance establishing an agency, the passage of any ordinance changing the number of commissioners, the term of office of the commissioners, or the appointing authority

of the commissioners, shall require affirmative votes of nine members of the city council. The vote of the city council adopting the ordinance shall be subject to mayoral veto and city council override of that veto.

(b) Establish a development and redevelopment department of the city. Notwithstanding any contrary provision of the Minneapolis city charter, statute, veterans preference act, or civil service rule, law or regulation, the ordinance creating the department may provide for a director and three assistant directors, who shall be in the unclassified service of the city of Minneapolis, and may provide for the director to appoint not more than ten employees to perform managerial duties as defined by the director, who shall be in the unclassified service of the city. The ordinance shall establish the appointing authority of the director and assistant directors, and the manner of appointment and term of office, if any, and shall provide for the terms and conditions of employment, including salary, subject only to the limitations contained within this act for all employees of the department, and shall designate the name for the department. The director shall select and appoint all employees of the department. Throughout this act the term "department" means the department established pursuant to this clause.

(c) Any time up to six months after the passage of the first ordinance implementing the provisions of this section, transfer any employee of the city of Minneapolis or the Minneapolis housing and redevelopment authority or the Minneapolis industrial development commission to the employment of the agency or the department. An employee who is in the classified service of the city of Minneapolis whose position is being transferred pursuant to this clause, may elect to remain in the classified service and exercise the rights provided by the Minneapolis civil service commission to an employee as if the position held by the employee had been eliminated. Any employee who is transferred from employment with one employer pursuant to this clause to another employer shall retain rights and benefits accumulated including seniority, accumulated vacation and sick leave, and length of service for the purposes of calculating benefits, layoffs, seniority rating for promotions and merit increases, emoluments or rewards.

An employee of the Minneapolis Housing and Redevelopment Authority, except the director and deputy directors, whose job responsibilities are transferred to the agency or department shall either become an employee of the agency or department with similar job responsibilities, or shall remain an employee of the original agency in a position for which the person is qualified, as determined by the city council and shall not be required to change residence as a result of the transfer.

If a person employed as an employee of the agency or as a director or assistant director or as a managerial employee of the department is, at the time of agency employment, a member of the classified service of the city of Minneapolis, the employee

shall be deemed to be on leave of absence during his tenure in the employment, and upon termination of service, shall be returned to his permanent civil service classification. If no vacancy is available in his permanent civil service classification position, seniority shall prevail, and the person most recently certified to the position shall be returned to the permanent civil service classification held by him prior to certification.

Subd. 2. The ordinance which creates the agency or department shall establish procedures for including citizen input when the agency or department establishes policies and programs. The city council shall provide for an advisory role for citizens in the establishment of citizen participation procedures to be included in the ordinance which creates the agency or department.

The citizen participation procedures established by the ordinance must meet the following standards:

- (a) All citizen participation must be done openly;
- (b) An advisory role for citizens, including project area residents and other affected persons, if any, must be provided in all stages of the activities of the agency or department, including policy establishment and implementation, assessment of performance and policy amendment;
- (c) Reasonable efforts must be included to ensure the continuity of involvement of citizens throughout the activities of the agency or department;
- (d) Public hearings with adequate notice must be provided prior to the establishment of policies and as the policies are implemented;
- (e) A method for providing proposed policies and proposals for implementing the policies to interested citizens must be provided;
- (f) Citizens must be encouraged to submit their views and proposals for policies and the implementation of policies to the department or agency; and
- (g) A technical assistance policy for citizen organizations and affected groups must be developed.

Subd. 3. Notwithstanding any contrary provision of the public employees labor relations act, the employees of the department who are not supervisory or confidential employees shall be designated an appropriate bargaining unit. The designation conferred by this subdivision shall expire October 1, 1981.

Subd. 4. All employees of the agency shall be considered employees of the city of Minneapolis for the purposes of membership in the public employee retirement association. An employee of the Minneapolis housing and redevelopment authority who is transferred to employment of the department or agency shall elect one of the following options with respect to retirement programs within six months after the date of transfer:

- (a) The employee may continue as a member of the retirement

program established by the Minneapolis housing and redevelopment authority and in effect on the date of transfer, and the agency or department shall make the necessary employer contributions to the program instead of becoming a member of the public employees retirement association.

(b) The employee may become a member of the public employees retirement association.

Subd. 5. The terms of a collective bargaining agreement which are not in conflict with any applicable rules or regulations of the Minneapolis civil service commission, which is in effect between a governmental subdivision and its employees, whose employees, some or all of whom are transferred to the department or agency shall be binding upon the department or agency for the length of the term of the contract with respect to the employees transferred from the contracting subdivision.

Sec. 3. [AUTHORITY.] Subdivision 1. Notwithstanding any contrary law or provision of the Minneapolis city charter, the city council may exercise the powers presently, or hereafter granted to a governmental agency or subdivision by Minnesota Statutes, Chapters 458 and 462 except the power to operate and maintain public housing as defined in Minnesota Statutes, Chapter 462. Notwithstanding any contrary law or provision of the Minneapolis city charter, the agency may after approval by the city council by ordinance exercise any of the powers presently or hereafter granted to a governmental subdivision by Minnesota Statutes, Chapters 458, 462, 472, 472A, and 474. The city council or the agency may exercise the powers granted by this subdivision and any other development or redevelopment powers authorized by other laws, independently or in conjunction with each other as though all of the powers had been granted to a single entity.

Subd. 2. In addition to any other powers granted to the city of Minneapolis, and not in limitation thereof, the city council may by ordinance divide economic development, housing, and redevelopment powers granted to the city between the agency or department created pursuant to this act, and any authority or commission established pursuant to statute or the Minneapolis city charter for the purposes of economic development, or housing, or redevelopment.

Subd. 3. The city council may, upon the request of the department, levy a general ad valorem tax for any purpose for which a housing and redevelopment authority pursuant to Minnesota Statutes, Chapter 462 may levy an ad valorem tax. The agency may levy a general ad valorem tax upon all taxable property in the city of Minneapolis for any economic development, housing, or redevelopment purpose for which the city council may levy a tax, or for which a housing and redevelopment authority pursuant to Minnesota Statutes, Chapter 462 may levy a tax. The levy of this tax shall be in the same manner as for a tax levied by the city council. The tax levied by the agency pursuant to this subdivision shall not exceed three mills levied upon all taxable property in the city of Minneapolis, provided that this limitation shall not

apply to any levy for the repayment of bonds or obligations of the agency.

Subd. 4. The agency may pledge the full faith and credit of the agency for the repayment of any bonds which the agency is authorized to issue pursuant to any statute or charter provision. The city council may pledge any anticipated revenues of or reserves accumulated by the department for the repayment of any bonds issued by the city for economic development, housing or redevelopment purposes.

Subd. 5. The city council may, by ordinance upon request of the agency, pledge the full faith and credit of the city of Minneapolis for the repayment of bonds to be issued by the agency. The pledge of the full faith and credit of the city of Minneapolis shall not be subject to the provisions of Minnesota Statutes, Section 475.58, or to any limitations of the Minneapolis city charter. The amount of bonds issued by the agency and outstanding at any one time for which the full faith and credit of the city of Minneapolis is pledged shall not exceed six percent times the market value of all taxable real and personal property within the city of Minneapolis and shall not be included in any debt limitations imposed upon the city of Minneapolis.

Subd. 6. Notwithstanding any contrary law or provision of the Minneapolis city charter, the city council may, by resolution, transfer the control, authority, and operation of any project as defined in Minnesota Statutes, Section 273.73, Subdivision 8, or any other program or project authorized by Minnesota Statutes, Chapter 462 for the purpose of rehabilitation of housing units or for the purpose of providing public housing as defined in Minnesota Statutes, Chapter 462, located within the city of Minneapolis, from the governmental agency or subdivision which established the project to any other governmental agency or subdivision established in whole or in part for the purpose of economic development housing or redevelopment within the city of Minneapolis, including the city council. The city council may also require acceptance of control, authority, and operation of the project by the governmental entity to which the transfer is intended. The governmental agency or subdivision to which the control, authority, and operation of the project is transferred, may exercise all of the powers and only the powers which the governmental unit which established the project could exercise with respect to the project.

Upon the transfer of a project or program, the receiving agency or body shall covenant and pledge to perform the terms, conditions, and covenants of bond indenture or other agreement executed for the security of any bonds issued by the governmental subdivision which initiated the project or program. The receiving governmental subdivision is granted by this act all powers necessary to perform the terms, conditions, and covenants of any indenture or other agreement executed for the security of bonds on which it shall become obligated by operation of this subdivision.

Subd. 7. Notwithstanding any contrary law or provision of the

Minneapolis city charter, the city council may, by resolution, require any governmental subdivision which is conducting a project as defined in Minnesota Statutes, Section 273.73, Subdivision 8, or any other program or project authorized by Minnesota Statutes, Chapter 462, for the purpose of rehabilitation of housing units or for the purpose of providing public housing as defined in Minnesota Statutes, Chapter 462, within the city of Minneapolis, to contract for services for administration of the project or any portion of the project with any other governmental subdivision established in whole or in part for the purpose of economic development or redevelopment or housing within the city of Minneapolis, including the city council. The city council may also require the acceptance of the contract for services by the governmental subdivision intended to provide the service for administration.

Subd. 8. Except when otherwise prohibited by law or when the reserves are pledged for the repayment of bonds issued by the agency, the city council may, by resolution, require the agency to transfer any portion of the reserves generated by activities of the agency which the city council determines is not necessary for the successful operation of the agency, to the city of Minneapolis general fund. The city council may transfer funds so received to any account and may expend the funds for any purpose.

Sec. 4. [LIMITATIONS.] The city council may, by ordinance, impose the following limitations upon the actions of the agency:

(a) That the sale of any or all bonds or obligations issued by the agency be approved before issuance by the city council by resolution.

(b) That the agency must follow the budget process for city departments as provided in the Minneapolis city charter and as implemented by the city council and mayor.

(c) That all official actions of the agency be consistent with the adopted comprehensive plan of the city of Minneapolis, and any official controls implementing the comprehensive plan.

(g) That the levy of any tax by the agency be approved by the city council by ordinance prior to the levy of the tax.

(h) Any other limitation or control established by the city council by ordinance.

Limitations imposed pursuant to this section shall not be

applied in a manner which impairs the security of any bonds issued prior to the imposition of the limitation. The city council shall not amend any limitations in effect at the time any bonds or obligations are issued pursuant to this act to the detriment of the holder of the bonds or obligations. A determination by the city council that the limitations imposed pursuant to this section have been complied with by the agency shall be conclusive.

"Section 1. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

*Subd. 1a. [DEFINITIONS.] For the purposes of sections 116D.01 to 116D.07, the following terms have the meanings given to them in this subdivision.*

*(a) "Natural resources" has the meaning given it in section 116B.02, subdivision 4.*

(b) *"Pollution, impairment or destruction" has the meaning given it in section 116B.02, subdivision 5.*

(c) *"Environmental assessment worksheet" means a brief document which is designed to set out the basic facts necessary to determine whether an environmental impact statement is required for a proposed action.*

(d) *"Governmental action" means activities, including projects wholly or partially conducted, permitted, assisted, financed, regulated or approved by units of government including the federal government.*

(e) *"Governmental unit" means any state agency and any general or special purpose unit of government in the state including, but not limited to, watershed districts organized under chapter 112, counties, towns, cities, port authorities and housing authorities, but not including courts, school districts and regional development commissions other than the metropolitan council.*

Sec. 2. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

*Subd. 2a. Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.*

(a) *The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section.*

(b) *The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet in a manner to be determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30 day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after*

*the close of the comment period. The board's chairman may extend the 15 day period by not more than 15 additional days upon the request of the responsible governmental unit.*

*(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 25 individuals, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chairman of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chairman may extend the 15 day period by not more than 15 additional days upon request of the responsible governmental unit.*

*(d) The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.*

*(e) An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.*

*(f) Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement.*

*(g) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact*

*statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.*

Sec. 3. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

*Subd. 3a. Within 90 days after final approval of an environmental impact statement, final decisions shall be made by the appropriate governmental units on those permits which were identified as required and for which information was developed concurrently with the preparation of the environmental impact statement. Provided, however, that the 90 day period may be extended where a longer period is required by federal law or state statute or is consented to by the permit applicant. The permit decision shall include the reasons for the decision, including any conditions under which the permit is issued, together with a final order granting or denying the permit.*

Sec. 4. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

*Subd. 4a. The board shall by rule identify alternative forms of environmental review which will address the same issues and utilize similar procedures as an environmental impact statement in a more timely or more efficient manner to be utilized in lieu of an environmental impact statement.*

*(b) The form and content of environmental assessment worksheets;*

*(e) A standard format for environmental impact statements;*

*(f) Standards for determining the alternatives to be discussed in an environmental impact statement;*

*(g) Alternative forms of environmental review which are acceptable pursuant to subdivision 4a;*

*(h) A model ordinance in lieu of the environmental impact statement process required by this section which may be adopted*

by local governmental units where the local governmental unit is the responsible governmental unit for reviewing a proposed action. The model ordinance shall provide for adequate consideration of appropriate alternatives, and shall ensure that decisions are made in accordance with the policies and purposes of this act;

(i) Procedures to reduce paperwork and delay through inter-governmental cooperation and the elimination of unnecessary duplication of environmental reviews;

(j) Procedures for expediting the selection of consultants by the governmental unit responsible for the preparation of an environmental impact statement; and

(k) Any additional rules which are reasonably necessary to carry out the requirements of this section.

*Subd. 6a. Prior to the preparation of a final environmental impact statement, the governmental unit responsible for the statement shall consult with and request the comments of every governmental office which has jurisdiction by law or special expertise with respect to any environmental effect involved. Copies of the drafts of such statements and the comments and views of the appropriate offices shall be made available to the public. The final detailed environmental impact statement and the comments received thereon shall precede final decisions on the proposed action and shall accompany the proposal through an administrative review process.*

Sec. 7. Minnesota Statutes 1978, Section 116D.04, is amended by adding a subdivision to read:

*Subd. 10. Decisions on the need for an environmental assessment worksheet, the need for an environmental impact statement and the adequacy of an environmental impact statement may be reviewed by certiorari by the district court of the county wherein the proposed action, or any part thereof, would be undertaken. No bond shall be required under Minnesota Statutes, Section 562.02, as a prerequisite to review under this subdivision. *Subd. 11. If the board or governmental unit which is required to act within a time period specified in this section fails to so act, any person may seek an order of the district court requiring the board or governmental unit to immediately take the action mandated by subdivisions 2a and 3a.*

Sec. 9. Rules adopted under the authority of section 116D.04

*which are in effect on the effective date of this act shall remain in effect until the rules required by this section become effective.*

Sec. 10. [REPEALER.] *Minnesota Statutes 1978, Section 116D.04, Subdivision 1, 2, 3, 4 and 5 are repealed.*

(b) The agency shall annually on or before May 1 submit a report on a form prescribed by the state auditor for the prior calendar year to the state auditor on all loans which it makes purchases or participates in. The report shall include a listing of each new and outstanding loan in which the financial institution is a participant, the amount and terms of the loan, the purpose of the loan and any other information as the state auditor may reasonably require.

(c) The state auditor shall annually on or before July 1 submit a report for the prior calendar year to the governor and the legislature summarizing the report submitted pursuant to clause (b).

(d) The cost of preparing and submitting the reports required by this subdivision shall be borne by the party submitting it. Any financial institution which fails to comply with the requirements of this subdivision shall be prohibited from participating in future loans until it complies.

## "ARTICLE I FOUNDATION AID

Section 1. Minnesota Statutes 1978, Section 124.214, Subdivision 2, is amended to read:

Subd. 2. [ABATEMENTS.] Whenever by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the assessed valuation of any school district for any taxable year is changed after the taxes for that year have been spread by the county auditor and whenever the mill rate as determined by the county auditor based upon the original assessed valuation is applied upon such changed valu-

ations, the county auditor shall, prior to February 1 of each year, beginning in 1979, certify to the commissioner of education the amount of any resulting net revenue loss that accrued to the school district during the preceding year. In August of each year, beginning in 1979, when the district's net revenue loss during the preceding year exceeds \$1 per pupil unit in the district in the most recent school year for which data is available, the commissioner shall pay an abatement adjustment to the district in an amount calculated according to the provisions of this subdivision. This amount shall be deducted from the amount of the levy authorized by section 275.48. The amount of the abatement adjustment shall be the product of (1) the net revenue loss as certified by the county auditor, times (2) the ratio of the sum of the amounts of the district's levy limitations in the preceding October pursuant to section 275.125, subdivision 2a, clause (1) or (2), subdivision 5, and subdivision 13, to the total amount of the district's maximum levy limitation in the preceding October pursuant to section 275.125. The abatement adjustment shall be recognized as revenue in the fiscal year in which it is received.

Sec. 2. Minnesota Statutes, 1979 Supplement, section 124.224, Subdivision 8, is amended to read:

Subd. 8. [EXPIRATION.] This section shall expire June 30, 1980 with the final 1980 payment pursuant to subdivision 7.

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 7a, is amended to read:

Subd. 7a. (1) In 1979 each district which levies the maximum permissible amount pursuant to subdivisions 2a, clauses (1), (2), and (4); 6b; and 6c, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one-half mill times the district's 1978 adjusted assessed valuation or (b) the product obtained by multiplying \$27.50 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in the 1979-1980 school year.

(2) In 1980 and each year thereafter, each district which levies the maximum permissible amount pursuant to subdivisions 2a, clauses (1), and (2) and (4); 6b; and 6c, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one mill times the district's adjusted assessed valuation for the preceding year or (b) the product obtained by multiplying (i) the ratio of the equalizing factor to 1,000, times (ii) the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in the school year when the levy is certified.

(3) By August 1 before a district certifies any levy pursuant to this subdivision in 1979, or By the July 1 before a district certifies any levy pursuant to this subdivision in 1980, in any even-numbered year thereafter, or in any odd-numbered year thereafter when the district has not certified a levy pursuant to this subdivision in the preceding year, the board of the district shall hold a public hearing on the need for the proposed levy pursuant to this

subdivision. At least three weeks published notice of the hearing in 10 point type, on 12 point body, with a larger headline, shall be given in the legal newspaper with the largest circulation in the district. The notice shall state the amount of the proposed levy in dollars and mills, the net unappropriated fund balance in the district's operating funds as of the June 30 before the levy is certified, and the tax impact of the proposed levy on homesteads with market values of \$30,000 and \$50,000. At the hearing, the district shall present its proposed revenue and expenditure budgets for the next two school years and the net unappropriated fund balances in all district funds as of the June 30 before the levy is certified, and the board shall hear all parties requesting to give testimony for and against the proposed levy. Upon petition within 20 days after the hearing of five percent of the number of voters who voted in the district at the preceding statewide general election, the board shall call a referendum on a reduction of the proposed levy. The petition shall state the number of mills on the district's adjusted assessed valuation by which it proposes to reduce the proposed levy. No petition or referendum shall provide for a reduction of a proposed levy pursuant to this subdivision to a rate less than one-half mill on the district's adjusted assessed valuation below the rate levied by the district pursuant to this subdivision in the preceding year. The referendum shall be held on a date set by the school board, but no later than ~~September 20 in 1979~~ or the August 20 before the levy is certified in ~~subsequent years~~. The question on the ballot shall state the maximum amount of the proposed levy; the amount of the proposed reduction of the levy; and the amount of the levy if the reduction is approved, in mills on the district's adjusted assessed valuation and in dollars in the first year of the proposed levy. The district may levy the amount provided by the millage proposed by the school board, reduced by any reduction in millage approved at a referendum pursuant to this clause, applied to the preceding year's adjusted assessed valuation until the next even-numbered year. The district is not required to hold a public hearing or call a referendum on a levy pursuant to this subdivision in any odd-numbered year ~~after 1979~~ which succeeds a year in which a levy is certified pursuant to this subdivision.

(h) "Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.

(i) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diagnostic testing, guidance and counseling services and health services. A mobile unit may be a neutral site as defined in section 123.932, subdivision 9.

*Subd. 1a.* In computing transportation aid for each school year, the department of education shall establish the pupil weighting factors for each transportation category for each region using transportation cost data for the second prior school year. The department shall use the statewide pupil weighting factor for any transportation category for which a region had no experience during the second prior school year.

*Subd. 2.* For the 1979-1980 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear regression formula shall be determined for each planning region by the department of education, using the terms specified in subdivision 4, to maximize the amount of variance accounted for between the total actual authorized cost per FTE for the 1977-1978 school year and the total authorized predicted cost per FTE for the 1977-1978 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per FTE for the 1977-1978 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 5 and 7. The linear regression formulas shall be determined so that the total transportation aid for the 1979-1980 school year does not exceed the amount appropriated for transportation aid for the 1979-1980 school year.

*Subd. 3.* For the 1980-1981 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid

an amount determined according to this section. A linear multiple regression formula shall be determined *through stepwise multiple regression analysis* for each planning region by the department of education, using the terms specified in subdivision 4 *4a*, to maximize the amount of variance accounted for between the total actual authorized cost per *weighted* FTE for the 1978-1979 school year and the total authorized predicted cost per *weighted* FTE for the 1978-1979 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per *weighted* FTE for the 1978-1979 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 6 and 7 *7a*. The linear regression formulas shall be determined so that the total transportation aid for all districts for the 1980-1981 school year does not exceed the amount appropriated for transportation aid for the 1980-1981 school year.

Subd. 4. To predict the natural logarithm of the total authorized cost per FTE transported authorized by law for the 1979-1980 school year, the linear regression formula shall use the following terms and all their cross products:

(1) The natural logarithm of the quotient of 1.00 divided by the total number of authorized FTE's transported;

(2) The natural logarithm of the sum of 100 plus the difference between the average of the square roots computed for all districts in the state of the number of regular and summer school authorized FTE's transported per square mile minus the square root of the number of regular and summer school authorized FTE's transported per square mile in the district;

(3) The natural logarithm of the ratio of the number of regular and summer school authorized FTE's transported to the district's total average daily membership;

(4) The natural logarithm of the number of regular and summer school authorized FTE's transported per square mile;

(5) The natural logarithm of the district's average daily membership;

(6) The natural logarithm of the size of the district measured in square miles; and

(7) The natural logarithm of the total number of FTE's transported by the district authorized for aid pursuant to section 124.223 minus the number of regular and summer school authorized FTE's transported.

*Subd. 4a. To predict the total authorized cost per weighted FTE for each district beginning in the 1980-1981 school year, each regional multiple regression formula shall use the following terms and their squares for each district in the region:*

(1) *The area of the district measured in square miles;*

(2) *The district's average daily membership;*

(3) *The total number of authorized FTE's transported by the district;*

(4) *The total number of authorized FTE's transported by the district in the handicapped, shared time special education, and to and from board and lodging facility transportation categories as a percentage of the total number of authorized FTE's transported by the district;*

(5) *The number of authorized FTE's transported by the district in the board and lodging transportation category as a percentage of the total number of authorized FTE's transported by the district;*

(6) *The number of authorized FTE's transported by the district in the between schools transportation category as a percentage of the total number of authorized FTE's transported by the district;*

(7) *The number of authorized FTE's transported by the district in the shared time regular transportation category as a percentage of the total number of authorized FTE's transported by the district;*

(8) *The number of authorized FTE's transported by the district in the secondary vocational center transportation category as a percentage of the total number of authorized FTE's transported by the district;*

(9) *The number of authorized FTE's per square mile transported by the district in the regular transportation category;*

(10) *The number of authorized FTE's per square mile transported by the district in the handicapped transportation category;*

(11) *The number of authorized FTE's transported by the district in the regular transportation category as a percentage of the district's average daily membership;*

(12) *An index of the district's shape computed by the department of education based on a comparison of the perimeter of the district to the perimeter of a circle with the same square mile area as the district;*

(13) *The percentage of the district's square mile area which is classified by the state planning agency as water-covered or marshland;*

(14) *The number of 40 acre parcels of land in the district which are contiguous to or intersected by unpaved roads, as a percentage of the number of 40 acre parcels of land in the district which are contiguous to or intersected by any roads, paved or unpaved. The number of 40 acre parcels of each type shall be obtained from the state planning agency;*

(15) *The percentage of the district's square mile area which is classified by the state planning agency as having a slope of land exceeding six percent;*

(16) *The number of authorized FTE's transported to nonpublic schools by the district in the regular transportation category as a percentage of the total number of authorized FTE's transported by the district in the regular transportation category.*

Subd. 5. The total authorized predicted cost per FTE determined for a district under subdivision 2 for 1977-1978 shall be increased by 17 26 percent.

Subd. 6. The total authorized predicted cost per *weighted* FTE determined for a district under subdivision 3 for 1978-1979 shall be increased by 17 28 percent.

Subd. 7. (1) Each district's adjusted total authorized predicted cost per FTE determined for each *the* 1979-1980 school year according to subdivision 5 or 6 shall be compared to the total actual expenditure per FTE for authorized transportation for that district for that year to determine the district's aid entitlement per FTE for that year.

(2) *For the 1979-1980 school year*, if the adjusted total authorized predicted cost per FTE is greater than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted predicted cost per FTE minus 10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per FTE and the actual expenditure per FTE; minus 20 percent of the next \$20; minus 40 percent of the next \$20; minus 60 percent of the next \$50; and minus 75 percent of the difference which exceeds \$100.

(3) *For the 1979-1980 school year*, if the adjusted total authorized predicted cost per FTE is less than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted total authorized predicted cost per FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per FTE and the actual expenditure per FTE; plus 20 percent of the next \$20; plus 40 percent of the next \$20; plus 60 percent of the next \$50; and plus 75 percent of the difference which exceeds \$100.

(4) Notwithstanding clauses (2) and (3), for the 1979-1980 school year, no district's aid entitlement per FTE shall be less than its actual authorized expenditure per FTE minus \$20 or more than its actual authorized expenditure per FTE plus \$20.

Subd. 7a. (1) *Each district's adjusted total authorized predicted cost per weighted FTE determined for the 1980-1981 school year and each year thereafter according to subdivision 6 shall be compared to the total actual expenditure per weighted FTE for authorized transportation for that district for that year to determine the district's aid entitlement per weighted FTE for that year.*

(2) *If the adjusted total authorized predicted cost per weighted FTE is greater than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted predicted cost per weighted FTE minus*

10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per weighted FTE and the actual expenditure per weighted FTE; minus 20 percent of the next \$20; minus 75 percent of the difference which exceeds \$30.

(3) If the adjusted total authorized predicted cost per weighted FTE is less than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted total authorized predicted cost per weighted FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per weighted FTE and the actual expenditure per weighted FTE; plus 20 percent of the next \$20; plus 75 percent of the difference which exceeds \$30.

Subd. 8. A district's aid pursuant to this section for each the 1979-1980 school year shall equal the district's aid entitlement per FTE determined according to subdivision 7 times the total number of authorized FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 8a. A district's aid pursuant to this section for the 1980-1981 school year and each year thereafter shall equal the district's aid entitlement per weighted FTE determined according to subdivision 7a times the total number of authorized weighted FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 9. Each district shall report to the department before July 1 of each year an estimate for the next school year of the total number of FTE's transported by transportation category and an estimate of the district's total actual authorized transportation expenditure by transportation category. The district's aid shall be determined for purposes of the first three transportation aid payments for the school year using these estimates. Before August 15 of each year, 1980, each district shall provide the department with the information for the preceding 1979-1980 school year which the department determines is necessary to compute the district's actual authorized expenditure per FTE for purposes of the computation in subdivision 7 and the district's actual total number of FTE's transported for purposes of the aid computation in subdivision 8. Before August 15, 1981, and each August 15 thereafter, each district shall provide the department with the information for the preceding school year which the department determines is necessary to compute the district's actual authorized expenditure per weighted FTE for purposes of the computation in subdivision 7a and the district's actual total number of weighted FTE's transported for purposes of the aid computation in subdivision 8a. The district's final transportation aid payment for that the school year shall be based on these computations.

Subd. 10. Any school district which owns school buses or mobile units shall transfer annually from the unappropriated fund balance account in its transportation fund to the appropriated fund balance account for bus purchases in its bus purchase transportation fund at least an amount equal to 12½ percent of the original cost of each bus or mobile unit until the original cost of each bus or mobile unit is fully amortized, plus 33⅓ percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized. Any school district may transfer any amount from the unappropriated fund balance account in its transportation fund to any other operating fund or to the appropriated fund balance account for bus purchases in its bus purchase transportation fund.

Nothing in this subdivision shall permit a district to amortize the cost of a mobile unit purchased with funds received pursuant to section 9 of this article.

Subd. 11. [PAYMENT SCHEDULE.] Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, the state shall pay to each school district 30 percent of its estimated school transportation aid entitlement for the fiscal year on or before each of the following dates: August 31, December 31, and March 31. The final aid distribution to each district shall be made on or before October 31 of the following fiscal year.

Sec. 3. Minnesota Statutes 1978, Section 275.125, Subdivision 5, is amended to read:

Subd. 5. For school transportation services, a school district may levy an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year. A district may levy under this subdivision for the annual cash payments to be made for the purchase of buses, or mobile units, as defined in section 2 of this article, or the reconditioning of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation the amount transferred to the district bus purchase fund pursuant to section 124.225, subdivision 10. Upon approval of the commissioner, a district may levy for increased transportation costs above the formula limitation resulting from changes in transportation patterns required by leasing a school in another district provided that the cost increases are estimated to be a direct result of leasing that school and the increases result in costs above the formula limitation. When the transportation patterns of a district change as a result of leasing a

*school in another district, the district may, upon approval of the commissioner, levy for any increase in transportation cost above the cost that would occur without the leasing of the school. The commissioner shall approve a specific dollar amount which may be levied because of these increased costs. The levy authorized by this subdivision may be computed on the basis of estimated increased costs. In the first year a district makes the levy authorized by this subdivision, the commissioner may authorize a levy sufficient to pay for estimated increased costs resulting from leasing for two years. The amount provided by this levy shall not be included in the computation of the actual net operating cost per pupil transported in future years.*

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause 1 or 2, to an amount less than the amount raised by a levy of 10 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. (3) The population of the district for purposes of this subdivision is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

Sec. 12. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 11a, is amended to read:

The proceeds of the tax may also be used for capital improvement and repair of school sites, buildings and permanent attached fixtures, energy assessments as required pursuant to section 116H.126, and for the payment of any special assessments levied against the property of the district authorized pursuant to section 435.19 or any other law or charter provision authorizing assessments against publicly owned property; provided that a district may not levy amounts to pay assessments for service charges, including but not limited to those described in section 429.101, whether levied pursuant to that section or pursuant to any other law or home rule provision. (1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton", to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, less any amount distributed under clause (8), to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton to school districts to be distributed as follows:

The 23 cents, less any amount distributed under part (c), shall be distributed in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its permitted levy for the prior year, computed pursuant to section 275.125, comprises of the sum of permitted levies for the prior year for all qualifying districts, computed pursuant to section 275.125. For purposes of distributions pursuant to this part, permitted levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2a, clause (4). *The total amount of increase provided*

*by clause (9) shall be distributed on September 1 of each year commencing in 1981 among the school districts described in this paragraph on the basis of the total number of pupils enrolled in each school district during the latest school year. (b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) 4 cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(6) 1 cent per taxable ton to the state.

(7) 3 cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of

section 298.22. Of this amount, one cent per taxable ton is to be used to provide environmental development grants to local governments located within any county in region 3 as defined in governor's executive order number 60 issued on June 12, 1970, which does not contain a municipality qualifying pursuant to section 273.134.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(9) the amounts determined under clauses (3)(b), (4)(a), (4)(c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. *Provided that the total amount to be raised by the escalation of clause (3)(b) shall not exceed the sum of \$75 per pupil on the basis of the total number of pupils enrolled in each qualifying school district during the latest school year.*

(10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to (9) and parts (a), (b), and (c) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1978, 1979, 1980, 1981, and 1982, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund; in 1983 and thereafter, one-half to each fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

(c) On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and

production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter one cent per taxable ton of the amount distributed under clause (4) (c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

*The research may include a review of existing national and international research and may involve the cooperation of the private sector.*

*Subd. 2. Districts which wish to participate in the funded research and development shall submit a research and development proposal to the department of education no later than June 1 preceding the school year for which the research and development is proposed. Two or more districts may submit a joint proposal for cooperative research and development. A proposal may request funding for one year or two years. Districts are encouraged to establish offices of research and development with the grant funds and to coordinate the state board's research and development grant with grants for research and development from other sources. The council on quality education shall provide technical assistance to the state board of education in evaluating proposals.*

*Districts shall be notified of their participation in the funding no later than August 1 preceding the school year for which the research and development is proposed.*

*Subd. 3. The funds shall be as equally distributed as possible among districts in cities of the first class, in suburbs, and outside the seven county metropolitan area. Districts are encouraged to propose research and development which is district-wide or statewide in its implementation.*

*Subd. 4. The department of education shall make a report to the legislature on the research and development conducted in accordance with this section before September 15, 1982.*

*Sec. 13. [REPEALER.] Minnesota Statutes 1978, Sections 123.34, Subdivision 6 and 122.85, Subdivision 7, are repealed.*
