Sec. 515.1-102. [APPLICABILITY.] (a) Sections 515.1-105 (Separate Titles and Taxation; Homestead), 515.1-106 (Applicability of Local Ordinances, Regulations, and Building Codes), 515.1-107 (Eminent Domain), 515.2-103 (Construction and Validity of Declaration and Bylaws), 515.2-104 (Description of Units), 515.3-102 (1) to (5) and (9) to (12) (Powers of Unit Owners Association), 515.3-111 (Tort and Contract Liability), 515.3-115 (Lien for Assessments), 515.3-116 (Association Records), 515.4-107 (Resales of Units), and 515.1-103 (Definitions) to the extent necessary in construing any of those sections, apply to all condominiums created in this state prior to the effective date of sections 515.1-101 to 515.4-117; provided, however, that these sections apply only with respect to events and circumstances occurring after the effective date of sections 515.1-101 to 515.4-117, and do not invalidate existing provisions of the declaration, bylaws, or floor plans of those condominiums.

(b) Sections 515.1-101 to 515.4-117 apply to all condominiums created within this state after August 1, 1980. The provisions of Minnesota Statutes, Sections 515.01 to 515.29 do not apply to condominiums created after August 1, 1980 and do not invalidate any amendment to the declaration, bylaws, or floor plans of any condominium created before August 1, 1980 if the amendment would be permitted by sections 515.1-101 to 515.4-117. The amendment must be adopted in conformity with the procedures and requirements specified by those instruments and by Minnesota Statutes, Sections 515.01 to 515.29. If the amendment grants to

any person any rights, powers or privileges permitted by sections 515.1-101 to 515.4-117, all correlative obligations, liabilities, and restrictions in sections 515.1-101 to 515.4-117 also apply to that person.

Sec. 515.1-103. [DEFINITIONS.] In the declaration and by-laws, unless specifically provided otherwise or the context otherwise requires, and in sections 515.1-101 to 515.4-117:

(1) "Additional real estate" means real estate that may be added to a flexible condominium.

(2) "Affiliate of a declarant" means any person who controls, is controlled by, or is under common control with a declarant. A person "controls" a declarant if the person (i) is a general partner, officer, director, or employee of the declarant or (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than 20 percent of the voting interests of the declarant, or (iii) controls in any manner the election of a majority of the directors of the declarant, or (iv) has contributed more than 20 percent of the capital of the declarant. A person "is controlled by" a declarant if the declarant (i) is a general partner, officer, director, or employee of the person or (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than 20 percent of the voting interests of the person, or (iii) controls in any manner the election of a majority of the directors of the person, or (iv) has contributed more than 20 percent of the capital of the person.

(7) "Condominium" means real estate, portions of which are designated for separate ownership and the remainder of which is designated for common ownership solely by the owners of those portions. Real estate is not a condominium unless the undivided interests in the common elements are vested in the unit owners.

(8) "Conversion condominium" means a condominium in which a building was at any time before the recording of the declaration wholly or partially occupied by persons other than purchasers and persons who occupied with the consent of the purchasers.

(9) "Declarant" means:

(a) if the condominium has been created, (1) any person who has executed a declaration or an amendment to a declaration to add additional real estate, other than persons holding interests in the real estate solely as security for an obligation, persons whose interests in the real estate will not be conveyed to unit owners, or, in the case of a leasehold condominium, a lessor who possesses no special declarant rights and who is not an affiliate of a declarant who possesses special declarant rights, or (2) any person who succeeds under section 515.3-104 to any special declarant rights; or

(b) any person who has offered prior to creation of a condominium to dispose of his interest in a unit to be created and not previously disposed of.

(10) "Dispose" or "disposition" means a voluntary transfer of any legal or equitable interest in a unit, other than as security for an obligation.

(11) "Flexible condominium" means a condominium to which additional real estate may be added.

(12) "Leasehold condominium" means a condominium in which all of the real estate is subject to a lease, the expiration or termination of which will terminate the condominium.

(13) "Limited common element" means a portion of the common elements allocated by the declaration or by operation of section 515.2-102(2) or (4) for the exclusive use of one or more but fewer than all of the units.

(14) "Person" means a natural person, corporation, partnership, trust, or other entity, or any combination thereof.

(15) "Purchaser" means any person, other than a declarant, who prior to creation of the condominium enters into a purchase agreement with a declarant or who by means of a voluntary transfer after creation of the condominium holds a legal or equitable interest in a unit, other than (i) a leasehold interest (including renewal options) of less than three years, or (ii) as security for an obligation.

(16) "Real estate" means any leasehold for three years or more or other estate or interest in, over, or under land, including structures, fixtures, and other improvements and interests which by custom, usage, or law pass with a conveyance of land though not described in the contract of sale or instrument of conveyance. "Real estate" includes parcels with or without upper or lower boundaries.

(17) "Security for an obligation" means the vendor's interest in a contract for deed, mortgagee's interest in a mortgage, purchaser's interest under a sheriff's certificate of sale during the period of redemption, or the holder's interest in a lien.

(18) "Special declarant rights" means rights reserved for the benefit of a declarant to complete improvements indicated on floor plans (section 515.2-110); to add additional real estate to a flexible

condominium (section 515.2-111); to subdivide or convert a unit (section 515.2-115); to maintain sales offices, management offices, signs advertising the condominium, and models (section 515.2-116); to use easements through the common elements for the purpose of making improvements within the condominium or any additional real estate (section 515.2-118); or to appoint or remove any board member during any period of declarant control (section 515.3-103 (a) ).

(19) "Unit" means a portion of the condominium, whether or not contained solely or partially within a building, designated for separate ownership, the boundaries of which are described pursuant to section 515.2-110.

(20) "Unit owner" means a declarant who owns a unit, a person to whom ownership of a unit has been conveyed or transferred, or in a leasehold condominium a lessee of a unit whose lease expires simultaneously with any lease the expiration or termination of which will remove the unit from the condominium, but does not include a holder of an interest as security for an obligation.

Sec. 515.1-104. [VARIATION BY AGREEMENT.] Except as expressly otherwise provided in sections 515.1-101 to 515.4-117, provisions of sections 515.1-101 to 515.4-117 may not be varied by agreement, and rights conferred by sections 515.1-101 to 515.4-117 may not be waived. A declarant may not act under a power of attorney, or use any other device to evade the limitations or prohibitions of sections 515.1-101 to 515.4-117 or the declaration.

Sec. 515.1-105. [SEPARATE TITLES AND TAXATION; HOMESTEAD.] (a) Each unit together with its common element interest constitutes for all purposes a separate parcel of real estate.

(b) If a declaration is recorded prior to ten days before any installment of real estate taxes becomes payable, the local taxing authority shall split the taxes so payable on the condominium among the units. Interest and penalties which would otherwise accrue shall not begin to accrue until at least 30 days after the split is accomplished.

(c) A unit used for residential purposes together with not more than two units used for vehicular parking and their common element interests shall be treated the same as any other real estate in determining whether homestead exemptions or classifications shall apply.

Sec. 515.1-106 [APPLICABILITY OF LOCAL ORDINANCES, REGULATIONS, AND BUILDING CODES.] (a) Except as provided in subsection (b), a zoning, subdivision, building code, or other real estate use law, ordinance, or regulation may not prohibit the condominium form of ownership or impose any requirement upon a condominium which it would not impose upon a physically identical development under a different form of ownership. Otherwise, no provision of sections 515.1-101 to 515.4-117 invalidates or modifies any provision of any zoning, subdivision, building code, or other real estate use law, ordinance, or regulation.

(b) A statutory or home rule charter city, pursuant to an or-

dinance or charter provision establishing standards to be applied uniformly within its jurisdiction, may prohibit, restrict, or impose conditions upon the conversion of buildings to the condominium form of ownership (1) as a condition to the provision of public financial assistance to preserve or improve buildings containing residential dwellings or to reduce the rents charged to tenants occupying residential dwellings, (2) to prevent a substantial reduction in the supply of rental housing for low and moderate income people, (3) to minimize the adverse effects to the city of displacement caused by the conversion of occupied residential dwellings to the condominium form of ownership, or (4) to establish or maintain the city's eligibility for any federal or state program providing direct or indirect financial assistance to the city.

Any ordinance or charter provision enacted hereunder shall not be effective for a period exceeding one year.

Sec. 515.1-107. [EMINENT DOMAIN.] (a) If a unit is acquired by eminent domain, or if part of a unit is acquired by eminent domain leaving the unit owner with a remnant which may not practically or lawfully be used for any purpose permitted by the declaration, the award shall compensate the unit owner and holders of an interest as security for an obligation in the unit and its common element interest as their interests may appear, whether or not any common element interest is acquired. Upon acquisition, unless the decree otherwise provides, that unit's entire common element interest, votes in the association, and common expense liability are automatically reallocated to the remaining units in proportion to the respective interests, votes, and liabilities of those units prior to the taking, and the association shall promptly prepare, execute, and record an amendment to the declaration reflecting the reallocations. Any remnant of a unit remaining after part of a unit is taken under this subsection is thereafter a common element.

(b) Except as provided in subsection (a), if part of a unit is acquired by eminent domain, the award shall compensate the unit owner and the holders of an interest as security for an obligation as their interests may appear for the reduction in value of the unit and its common element interest. Upon acquisition, unless the apportionment thereof pursuant to the declaration is based upon equality, (1) that unit's common element interest, votes in the association, and common expense liability are reduced in proportion to the reduction in the size of the unit, and (2) the portion of common element interest, votes, and common expense liability divested from the partially acquired unit are automatically reallocated to that unit and the remaining units in proportion to the respective interests, votes, and liabilities of those units prior to the taking, with the partially acquired unit participating in the reallocation on the basis of its reduced interests, votes, and liabilities.

(c) If part of the common elements is acquired by eminent domain, the award shall be paid to the association. The association shall divide any portion of the award not used for any restoration or repair of the remaining common elements among

the unit owners and holders of an interest as security for an obligation as their interests may appear in proportion to their respective interests in the common elements before the taking, but the portion of the award attributable to the acquisition of a limited common element shall be equally divided among the owners of the units to which that limited common element was allocated at the time of acquisition, and the respective holders of an interest as security for an obligation of the units as their interests may appear of the units to which that limited common element was allocated at the time of acquisition, or in such other manner as the declaration may provide.

(d) The court decree shall be recorded in every county in which any portion of the condominium is located.

**Sec. 515.1-108. [SUPPLEMENTAL GENERAL PRINCIPLES OF LAW APPLICABLE.]** The principles of law and equity, including the law of corporations, the law of real property and the law relative to capacity to contract, principal and agent, eminent domain, estoppel, fraud, misrepresentation, duress, coercion, mistake, receivership, substantial performance, or other validating or invalidating cause supplement the provisions of sections 515.1-101 to 515.4-117, except to the extent inconsistent with sections 515.1-101 to 515.4-117. Documents required by sections 515.1-101 to 515.4-117 to be recorded shall in the case of registered land be filed.

**Sec. 515.1-109. [CONSTRUCTION AGAINST IMPLICIT REPEAL.]** Sections 515.1-101 to 515.4-117 being a general act intended as a unified coverage of its subject matter, no part of it shall be construed to be impliedly repealed by subsequent legislation if that construction can reasonably be avoided.

**Sec. 515.1-110. [UNIFORMITY OF APPLICATION AND CONSTRUCTION.]** Sections 515.1-101 to 515.4-117 shall be applied and construed so as to effectuate its general purpose to make uniform the law with respect to the subject of sections 515.1-101 to 515.4-117 among states enacting it.

**Sec. 515.1-111. [SEVERABILITY.]** If any provision of sections 515.1-101 to 515.4-117 or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of sections 515.1-101 to 515.4-117 which can be given effect without the invalid provisions or application, and to this end the provisions of sections 515.1-101 to 515.4-117 are severable.

**Sec. 515.1-112. [UNCONSCIONABLE AGREEMENT OR TERM OF CONTRACT.]** (a) The court, upon finding as a matter of law that a contract or contract clause to which the declarant or the affiliate of a declarant is a party was unconscionable at the time the contract was made, may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable clause, or limit the application of any unconscionable clause in order to avoid an unconscionable result.

(b) Whenever it is claimed, or appears to the court that such

a contract or contract clause is or may be unconscionable, the parties, in order to aid the court in making the determination, shall be afforded a reasonable opportunity to present evidence as to:

- (1) the commercial setting of the negotiations;
- (2) whether a party has knowingly taken advantage of the inability of the other party reasonably to protect his interests by reason of physical or mental infirmity, illiteracy, or inability to understand the language of the agreement or similar factors;
- (3) the effect and purpose of the contract or clause; and
- (4) if a sale, any gross disparity, at the time of contracting, between the amount charged for the real estate and the value of the real estate measured by the price at which similar real estate was readily obtainable in similar transactions, but a disparity between the contract price and the value of the real estate measured by the price at which similar real estate was readily obtainable in similar transactions does not, of itself, render the contract unconscionable.

Sec. 515.1-113. [OBLIGATION OF GOOD FAITH.] Every contract or duty governed by sections 515.1-101 to 515.4-117 imposes an obligation of good faith in its performance or enforcement.

Sec. 515.1-114. [REMEDIES TO BE LIBERALLY ADMINISTERED.] (a) The remedies provided by sections 515.1-101 to 515.4-117 shall be liberally administered to the end that the aggrieved party is put in as good a position as though the other party had fully performed, provided that rights of bona fide purchasers shall be protected. However, consequential, special, or punitive damages may not be awarded except as specifically provided in sections 515.1-101 to 515.4-117 or by other rule of law.

(b) Any right or obligation declared by sections 515.1-101 to 515.4-117 is enforceable by judicial proceeding unless the provision declaring it provides otherwise.

Sec. 515.1-115. [NOTICE.] Except as otherwise stated in sections 515.1-101 to 515.4-117 all notices required by sections 515.1-101 to 515.4-117 shall be in writing and shall be effective upon hand delivery or upon mailing if properly addressed with postage prepaid and deposited in the United States mail.

## ARTICLE II

### CREATION, ALTERATION, AND TERMINATION OF CONDOMINIUMS

Sec. 515.2-101. [CREATION OF CONDOMINIUM.] (a) A condominium may be created pursuant to sections 515.1-101 to 515.4-117 only by recording a declaration executed, in the same manner as a deed, by all persons whose interests in the real estate will be conveyed to unit owners, except vendors under contracts for deed, and by every lessor of a lease the expiration or termination

of which will terminate the condominium. The condominium shall not include real estate covered by a lease affecting less than all of the condominiums and the expiration or termination of which will reduce the size of the condominium. The declaration and by-laws shall be recorded in every county in which any portion of the condominium is located. Failure of any party to join in a declaration shall have no effect on the validity of a condominium, provided that after the recording of the declaration the party acknowledges the condominium in a recorded instrument, or the interest of the party is extinguished.

(b) A declaration, or an amendment to a declaration adding units to a condominium, may not be recorded unless all structural components and mechanical systems serving more than one unit of all buildings containing or comprising any units thereby created are substantially completed consistent with the floor plans, as evidenced by a certificate executed by a registered professional engineer or architect and recorded or attached to the floor plans.

(c) No possessory interest in a unit may be conveyed until the unit is substantially completed as evidenced by a recorded certificate of completion executed by a registered professional engineer or architect. For the purpose of this section "substantially completed" means substantially completed consistent with the floor plans. This subsection does not prevent the conveyance prior to substantial completion of all units owned by the declarant to a person who is a transferee of special declarant rights.

(d) The declaration, any amendment or amendments thereof, and every instrument affecting a condominium or any unit shall be entitled to be recorded.

(e) In addition to the records and indexes required to be maintained by the recording officer, the recording officer shall maintain an index or indexes whereby the record of each declaration contains a reference to the record of each conveyance of a unit affected by the declaration.

(f) The recording officer shall upon request assign a number to a condominium to be formed.

(g) The recording officer shall separate the floor plans from the declaration and the floor plans shall be kept by the recording officer in a separate file for each condominium indexed in the same manner as a conveyance entitled to record indicating the number of the condominium.

Sec. 515.2-102. [UNIT BOUNDARIES.] Except as otherwise provided by the declaration:

(1) If walls, floors, or ceilings are designated as boundaries of a unit, all lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring, and any other materials constituting any part of the finished surfaces thereof are a part of the unit, and all other portions of the walls, floors, or ceilings are a part of the common elements.

(2) If any chute, flue, duct, pipe, wire, conduit, bearing wall,

bearing column, or any other fixture lies partially within and partially outside of the designated boundaries of a unit, any portion thereof serving only that unit is a limited common element allocated solely to that unit, and any portion thereof serving more than one unit or any portion of the common elements is a part of the common elements.

(3) Subject to the provisions of paragraph (2), all spaces, interior partitions, and other fixtures and improvements within the boundaries of a unit are a part of the unit.

(4) All exterior doors and windows and any shutters, awnings, window boxes, doorsteps, stoops, porches, balconies, patios, or other fixtures designed to serve a single unit, but located outside the unit's boundaries, are limited common elements allocated exclusively to that unit.

**Sec. 515.2-103. [CONSTRUCTION AND VALIDITY OF DECLARATION AND BYLAWS.]** (a) All provisions of the declaration and bylaws are severable.

(b) The rule against perpetuities may not be applied to defeat any provision of the declaration or sections 515.1-101 to 515.4-117, or any instrument executed pursuant to the declaration or sections 515.1-101 to 515.4-117.

(c) In the event of a conflict between the provisions of the declaration and the bylaws, the declaration prevails except to the extent that the declaration is inconsistent with sections 515.1-101 to 515.4-117.

**Sec. 515.2-104. [DESCRIPTION OF UNITS.]** After the declaration is recorded, a description of a unit which sets forth the number of the condominium, the county in which the condominium is located, and the identifying number of the unit, is sufficient legal description of that unit and its common element interest whether or not the common element interest is described or referred to therein.

**Sec. 515.2-105. [CONTENTS OF DECLARATION; ALL CONDOMINIUMS.]** The declaration for a condominium shall contain:

(1) the name and number of the condominium, which shall include the word "condominium" or be followed by the words "a condominium";

(2) the name of every county in which any part of the condominium is situated;

(3) a legally sufficient description of the real estate included in the condominium;

(4) a description or delineation of the boundaries of a unit;

(5) the floor plans as required by section 515.2-110;

(6) an allocation to each unit of an undivided interest in the common elements, a portion of the votes in the association, and

a percentage or fraction of the common expenses of the association (section 515.2-108);

(7) a statement of the maximum number of any units which may be created by the subdivision or conversion of units owned by the declarant pursuant to section 515.2-115(c);

(8) an allocation of any limited common elements, as provided in section 515.2-109;

(9) any restrictions on use, occupancy, and alienation of the units;

(10) any other matters the declarant deems appropriate.

Sec. 515.2-106. [CONTENTS OF DECLARATION; FLEXIBLE CONDOMINIUMS.] The declaration for a flexible condominium shall include, in addition to the matters specified in section 515.2-105:

(1) an explicit reservation of any options to add additional real estate;

(2) a statement of any time limit, not exceeding seven years after the recording of the declaration, upon which any option reserved under paragraph (1) will lapse, together with a statement of any circumstances that will terminate the option before the expiration of the time limit. If no time limit is set forth in the declaration, the time limit shall be seven years after the recording of the declaration;

(3) a statement of any limitations on any option reserved under paragraph (1), other than limitations created by or imposed pursuant to law;

(4) legally sufficient descriptions of each portion of additional real estate;

(5) if portions of any additional real estate may be added at different times, a statement to that effect together with a statement fixing the boundaries of those portions and regulating the order in which they may be added or a statement that no assurances are made in those regards;

(6) a statement of (i) the maximum number of units that may be created within any additional real estate and within any portion, the boundaries of which are fixed pursuant to paragraph (5), and (ii) how many of those units will be restricted exclusively to residential use;

(7) a statement that any buildings and units that may be erected upon the additional real estate or a portion thereof will be compatible with the other buildings and units in the condominium in terms of architectural style, quality of construction, principal materials employed in construction, and size, or a statement of any differences with respect to the buildings or units, or a statement that no assurances are made respecting those matters;

(8) a statement that all restrictions in the declaration affecting use, occupancy, and alienation of units will apply to units created in the additional real estate, or a statement of any differentiations that may be made as to those units;

(9) general descriptions of all other improvements and common elements that may be made or created upon or within the additional real estate or each portion thereof;

(10) a statement of the extent to which any assurances made in the declaration regarding additional real estate pursuant to paragraphs (5) to (9) apply in the event any additional real estate is not added to the condominium, or a statement that those assurances do not apply if the real estate is not added to the condominium.

**Sec. 515.2-107. [LEASEHOLD CONDOMINIUMS.]** (a) Any lease the expiration or termination of which may terminate the condominium shall be recorded and the declaration shall include, in addition to the matters specified in section 515.2-105:

(1) the county of recording and recorder's document number for the lease;

(2) the date on which the lease is scheduled to expire;

(3) any right of the unit owners to purchase the lessor's interest in the real estate and the manner whereby those rights may be exercised, or a statement that they do not have those rights;

(4) any right of the unit owners to remove any improvements within a reasonable time after the expiration or termination of the lease, or a statement that they do not have those rights; and

(5) any rights of the unit owners to renew the lease and the conditions of any renewal, or a statement that they do not have those rights.

(b) After the declaration for a leasehold condominium is recorded, neither the lessor nor his successor in interest may terminate the leasehold interest of a unit owner who makes timely payment of his share of the rent which shall be the same portion thereof as that of his common area expense and who otherwise complies so far as practicable with his share of all other covenants which, if violated, would entitle the lessor to terminate the lease. No unit owner's leasehold interest is affected by failure of any other person to pay rent or fulfill any other covenant.

(c) Acquisition of the leasehold interest of any unit owner by the lessor does not merge the leasehold and fee simple interests and the lessor shall hold the title to the unit subject to the declaration unless the leasehold interests of all unit owners subject to the lease are so acquired.

**Sec. 515.2-108. [ALLOCATION OF COMMON ELEMENT INTERESTS, VOTES, AND COMMON EXPENSE LIABILITIES.]** (a) The declaration shall allocate a fraction or percentage of the undivided interests in the common elements, common expenses and votes in the association to each unit in such manner

that each of the items is equally allocated or is allocated according to the proportion of the area or volume of each unit to the area or volume of all units, and the items need not be allocated the same for all purposes. The declaration may provide that a portion of each common expense assessment may be allocated on the basis of equality and the remainder on the basis of area or volume of each unit. The sum of the percentages or fractions shall equal 100 percent or 1.

(b) Except in the case of eminent domain (section 515.1-107), expansion of a flexible condominium (section 515.2-111), relocation of boundaries between adjoining units (section 515.2-114), or subdivision of units (section 515.2-115), the common element interest, votes and common expense liability allocated to any unit may not be altered, except as an amendment to the declaration which is signed by all unit owners and first mortgagees, and which complies with section 515.2-119. The common elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale or other voluntary or involuntary transfer of an undivided interest in the common elements without the unit to which the interest is allocated is void.

(c) The association may assess certain common expenses against fewer than all units pursuant to section 515.3-111.

**Sec. 515.2-109. [COMMON ELEMENTS AND LIMITED COMMON ELEMENTS.]** Common elements other than limited common elements may be used in common with all unit owners. Except for the limited common elements described in section 515.2-102(2) and (4), the declaration shall specify to which unit each limited common element is allocated.

**Sec. 515.2-110. [FLOOR PLANS.]** (a) Floor plans are a part of the declaration. The floor plans shall contain a certification by a registered professional engineer, surveyor or architect that the floor plans accurately depict all information required by this section.

(b) Each floor plan shall show:

(1) the number of the condominium, and the boundaries and dimensions of the land included in the condominium;

(2) the dimensions and location of all existing structural improvements and roadways;

(3) the intended location and dimensions of any contemplated common element improvements to be constructed within the condominium labeled either "MUST BE BUILT" or "NEED NOT BE BUILT";

(4) the location and dimensions of any additional real estate, labeled as such;

(5) the extent of any encroachments by or upon any portion of the condominium;

(6) the location and dimensions of all recorded easements within the condominium serving or burdening any portion of the condominium;

(7) the distance between noncontiguous parcels of real estate;

(8) the location and dimensions of limited common elements, including porches, balconies and patios, other than limited common elements described in section 515.2-102(2) and (4);

(9) the location and dimensions of the vertical boundaries of each unit, and that unit's identifying number;

(10) the location and dimensions of the horizontal unit boundaries with reference to established or assumed datum, and that unit's identifying number;

(11) any units which may be converted by the declarant to create additional units or common elements (section 515.2-115) identified separately.

(c) When adding additional real estate (section 515.2-111), the declarant shall record supplemental floor plans for that real estate conforming to the requirements of subsection (b). If less than all additional real estate is being added, the supplemental floor plans shall also show the location and dimensions of the remaining portion.

(d) If a declarant subdivides or converts any units into two or more units, common elements or limited common elements (section 515.2-115), he shall record an amendment to the floor plans showing the location and dimensions of any new units, common elements and limited common elements thus created.

Sec. 515.2-111. [EXPANSION OF FLEXIBLE CONDOMINIUMS.] (a) To add additional real estate pursuant to an option reserved under section 515.2-106(1), all persons having an interest in the additional real estate, excepting any holder of an easement or any holder of an interest to secure an obligation which interest was recorded or created subsequent to the recording of the declaration, shall prepare and execute and, after notice as provided in subsection (b), record an amendment to the declaration. The amendment to the declaration shall assign an identifying number to each unit formed in the additional real estate, and reallocate common element interests, votes in the association, and common expense liabilities according to section 515.2-108. The amendment shall describe or delineate any limited common elements formed out of the additional real estate, showing or designating the unit to which each is allocated to the extent required by section 515.2-109 (Limited Common Elements).

(b) The declarant shall serve notice of his intention to add additional real estate as follows:

(1) To the association in the same manner as service of summons in a civil action in district court at least 30 days prior to recording the amendment. The amendment shall be attached to the notice and shall not thereafter be changed so as to materially affect the rights of unit owners.

(2) To the occupants of each unit by notice given in the manner provided in section 515.1-116 not less than 20 days prior to recording the amendment addressed to "Occupant Entitled to Legal Notice" at each unit. Attached to the notice shall be a statement that the amendment has been served on the association.

(3) Proof of service upon the association and the occupants shall be attached to the recorded amendment.

**Sec. 515.2-11. [RESERVED.]**

**Sec. 515.2-113. [ALTERATIONS OF UNITS.]** Subject to the provisions of the declaration and other provisions of law, a unit owner:

(1) may make any improvements or alterations to his unit that do not impair the structural integrity or mechanical systems or lessen the support of any portion of the condominium;

(2) after acquiring an adjoining unit or an adjoining part of an adjoining unit, may with consent of the association and first mortgagees of the affected units, remove or alter any intervening partition or create apertures therein, even if the partition in whole or in part is a common element, if those acts do not impair the structural integrity or mechanical system or lessen the support of any portion of the condominium. The adjoining unit owners shall have the exclusive license to use the space occupied by the common elements, but the use shall not create an easement or vested right. Removal of partitions or creation of apertures under this paragraph is not an alteration of boundaries. The association may reasonably require that the owner or owners of units affected replace or restore any such partition.

**Sec. 515.2-114. [RELOCATION OF BOUNDARIES BETWEEN ADJOINING UNITS.]** (a) Subject to the provisions of the declaration and other provisions of law, the boundaries between adjoining units may be relocated by an amendment to the declaration upon application to the association by the owners of those units. The owners of the adjoining units shall specify the proposed reallocation between their units of their common element interests, votes in the association, and common expense liabilities in the application and in accord with section 515.2-108. Unless the board of directors determines within 60 days after receipt of the application by the association that the proposed amendment is not in the best interests of the condominium, the unit owners shall prepare an amendment which shall identify the units involved, state the reallocation, be executed by those unit owners and by any holder of an interest as security for an obligation, contain words of conveyance between them, contain written consent of the association, and upon recordation be indexed in the name of the grantor and the grantee. The amendment shall include an amended floor plan to show the altered boundaries between the adjoining units and their dimensions and identifying numbers. If a holder of an interest as security for an obligation joins in the amendment pursuant to this section, the extent of the interest and the remedies shall be deemed to

be modified as provided in the amendment. The association shall incur no liability to any party by reason of performing those acts enumerated in this section.

(b) The association may require the owners of the affected units to build a boundary wall and other common elements between the units.

(c) The applicant shall deliver a certified copy of the amendment to the association.

Sec. 515.2-115. [SUBDIVISION OR CONVERSION OF UNITS.] (a) If the declaration expressly so permits, (i) a unit may be subdivided into two or more units, or, (ii) if owned by a declarant, a unit may be subdivided or converted into two or more units, limited common elements, common elements, or a combination of units, limited common elements and common elements. Subject to the provisions of the declaration and other provisions of law, the unit owner shall prepare and execute an amendment to the declaration, including the floor plans, subdividing or converting that unit. The amendment to the declaration shall be executed by the unit owner and any holder of an interest as security for an obligation of the unit to be subdivided or converted, assign an identifying number to each unit created, and reallocate the common element interest, votes in the association, and common expense liability formerly allocated to the subdivided unit to the units in accord with section 515.2-108.

(b) The unit owner shall deliver a certified copy of the recorded amendment to the association.

(c) In the case of a unit owned by a declarant, if a declarant converts part or all of a unit to common elements, the amendment to the declaration shall reallocate among the other units the common element interest, votes in the association, and common expense liability formerly allocated to the converted unit or portion thereof on the same basis used for the initial allocation thereof.

(d) If a holder of an interest as security for an obligation joins in the amendment pursuant to this section, the interest and remedies shall be deemed to apply to the units and the common element interests that result from the subdivision or conversion under this section. In the event of enforcement of any remedy, including foreclosure by advertisement, all instruments and notices shall describe the subject property in terms of the amended description.

Sec. 515.2-116. [MINOR VARIATION IN BOUNDARIES.] The existing physical boundaries of a unit or of a unit reconstructed in substantial accordance with the floor plans are conclusively presumed to be its boundaries regardless of settling or lateral movement of the building.

Sec. 515.2-117. [USE FOR SALES PURPOSES.] If the declaration so provides and specifies the rights of a declarant with regard

to their number, size, location and relocation, a declarant may maintain sales offices, management offices, and models in the condominium. Any sales office, management office, or model not designated a unit by the declaration is a common element, and if a declarant ceases to be a unit owner, he ceases to have any rights with regard thereto unless it is removed promptly from the condominium in accordance with a right to remove reserved in the declaration. Subject to any limitations in the declaration, a declarant may maintain signs on the common elements advertising the condominium.

**Sec. 515.2-118. [EASEMENT TO FACILITATE COMPLETION, CONVERSION, AND EXPANSION.]** Subject to the provisions of the declaration, a declarant has an easement through the common elements as may be reasonably necessary for the purpose of discharging a declarant's obligations or exercising special declarant rights, whether arising under sections 515.1-101 to 515.4-117 or reserved in the declaration.

**Sec. 515.2-119. [AMENDMENT OF DECLARATION.]** (a) Except in cases of amendments which may be executed by a declarant under sections 515.2-110(c) and (d), 515.2-111(a); the association under section 515.1-107(a); or certain unit owners under sections 515.2-114, 515.2-115, or 515.2-129(b), and except as limited by subsection (d), the declaration may be amended by the association only by a vote or written agreement of unit owners to which at least 67 percent of the votes in the association are allocated, and 67 percent of the first mortgagees of the units (each mortgagee having one vote per unit financed) or any larger or smaller majority the declaration specifies. The declaration may specify any percentage if all of the units are restricted exclusively to nonresidential use.

(b) Every amendment to the declaration shall be recorded in every county in which any portion of the condominium is located, and is effective only when recorded.

(c) Except to the extent expressly permitted or required by other provisions of sections 515.1-101 to 515.4-117, no amendment may create or increase special declarant rights, increase the number of units, convert common elements to limited common elements, or change the boundaries of any unit, the common element interest, common expense liability, or voting strength in the association allocated to a unit, or the uses to which any unit is restricted, without the written agreement of at least 80 percent of the holders of an interest as security for an obligation and the absence of any written objection by any unit owner.

(d) Limited common elements shall not be altered without the written agreement of the unit owners and holders of an interest to secure an obligation of the units to which the limited common elements are allocated.

(e) An affidavit of the secretary of the association stating that the votes or agreements required by this section have occurred, shall be attached to the amendment and shall constitute prima facie evidence of the representations contained therein.

**Sec. 515.2-120. [TERMINATION OF CONDOMINIUM.] (a)** Except in the case of a taking of all the units by eminent domain (section 515.1-107), a condominium may be terminated only by agreement of unit owners of units to which at least 80 percent of the votes in the association are allocated, and 80 percent of the first mortgagees of the units (each mortgagee having one vote per unit financed), or any larger percentage the declaration specifies. The declaration may specify a smaller percentage only if all of the units in the condominium are restricted exclusively to nonresidential uses.

(b) An agreement of unit owners and mortgagees to terminate a condominium must be evidenced by their execution of a termination agreement or ratification thereof. If, pursuant to a termination agreement, the real estate constituting the condominium is to be sold following termination, the termination agreement shall set forth the terms of the sale. A termination agreement and all ratifications thereof shall be effective upon recording in every county in which a portion of the condominium is situated.

(c) If the termination agreement provides that the real estate constituting the condominium is to be sold following termination, title to that real estate, upon termination, vests in the association as trustee for the holders of all interests in the units. The association as trustee thereafter has all powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds thereof distributed, the association continues in existence with all powers and responsibilities it had before termination whether under the declaration or otherwise. Unless the termination agreement otherwise provides, proceeds of the sale shall be paid to the association as trustee and shall be distributed to the unit owners and holders of an interest as security for an obligation as their interests may appear and according to the priority enjoyed prior to termination in proportion to the respective interests of unit owners as provided in subsection (f). Any interest as security for an obligation formerly affecting a unit shall constitute a claim against the proceeds in the amount existing at the time of termination plus interest and other amounts accrued until distribution. Except as otherwise specified in the termination agreement, as long as the association as trustee holds title to the real estate, each unit owner and his successors in interest have the right to use the real estate that formerly constituted the common elements and have an exclusive right to occupancy of the portion of the real estate that formerly constituted his unit and limited common elements. During the period of such occupancy, each unit owner and his successors in interest remain liable for all assessments and other obligations imposed on unit owners by sections 515.1-101 to 515.4-117, the declaration, or the termination agreement.

(d) If the real estate constituting the condominium is not to be sold following termination, title to the real estate, upon termination, vests in the unit owners as tenants in common in proportion to their respective interests as provided in subsection (f). Any interests held as security for an obligation and the respective

instruments formerly affecting a unit shall be deemed to be an interest affecting the resulting undivided interest in the same manner as they formerly affected the unit. As long as the tenancy in common exists, each unit owner and his successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted his unit and limited common elements. Unless the termination agreement otherwise provides during the period of tenancy in common, the cotenants and the association shall have the rights and obligations under sections 515.1-101 to 515.4-117, the declaration and bylaws and the termination agreement.

(e) Following termination of the condominium, and after payment of or provision for the claims of the association's creditors, the assets of the association shall be distributed to unit owners and holders of an interest as security for an obligation in proportion to their respective interests as provided in subsection (f). The proceeds of sale described in subsection (c) and held by the association as trustee are not assets of the association.

(f) The respective interests of unit owners referred to in subsections (c), (d), and (e) are as follows:

(1) except as provided in paragraph (2), the respective interests of unit owners are the fair market values of their units, limited common elements, and common element interests immediately before the termination, as determined by one or more independent appraisers selected by the association. The decision of the independent appraisers shall be delivered in the manner provided in section 515.1-116 addressed to "Occupant Entitled to Legal Notice" at each unit and the first mortgagee of each unit at its last known address and becomes final unless disproved within 30 days after delivery by unit owners of units to which 25 percent of the votes in the association are allocated or by 25 percent of the first mortgagees, each mortgagee having one vote per unit financed. The proportion of any unit owner's interest to that of all unit owners is determined by dividing the fair market value of his interest by the total fair market value of the interests of all unit owners.

(2) if any unit is destroyed to the extent that an appraisal of the fair market value thereof prior to destruction cannot be made and there is not satisfactory evidence to afford such an appraisal, the interests of all unit owners are their respective common element interests immediately before the termination.

Sec. 515.2-121. [RIGHTS OF HOLDERS OF AN INTEREST AS SECURITY FOR AN OBLIGATION.] (a) Nothing in sections 515.1-101 to 515.4-117 unless expressly stated diminishes the rights of holders of an interest as security for an obligation or prevents the declaration from requiring that all or a specified number or percentage of holders of an interest as security for an obligation affecting the units approve specified actions of the unit owners or the association as a condition to the effectiveness of those actions, but no requirement for approval may operate to (1) deny or delegate control over the general ad-

ministrative affairs of the association by the unit owners, or (2) prevent the association from commencing, intervening in or settling any litigation or proceeding, or receiving and distributing any insurance proceeds pursuant to section 515.3-109.

(b) Foreclosure or enforcement of an interest as security for an obligation against the entire condominium does not of itself terminate the condominium. Foreclosure or enforcement of an interest as security for an obligation against a portion of the condominium without redemption withdraws that portion from the condominium unless (i) the interest is recorded subsequent to the recording of the declaration or is otherwise subordinate to the declaration, or (ii) the holder or his predecessor has issued a release or deed for a unit.

### ARTICLE III

#### MANAGEMENT OF THE CONDOMINIUM

**Section 515.3-101. [ORGANIZATION OF UNIT OWNERS ASSOCIATION.]** A unit owners association shall be organized no later than the date the condominium is created. The membership of the association at all times shall consist exclusively of all the unit owners or, following termination of the condominium, of all former unit owners entitled to distributions of proceeds under section 515.2-120, or their heirs, successors, or assigns. The association shall be organized as a profit or nonprofit corporation.

**Sec. 515.3-102. [POWERS OF UNIT OWNERS ASSOCIATION.]** (a) Unless limited by the provisions of the declaration, the association may:

- (1) adopt and amend rules and regulations;
- (2) adopt and amend budgets for revenues, expenditures, and reserves and collect assessments for common expenses from unit owners;
- (3) hire and terminate managing agents and other employees, agents, and independent contractors;
- (4) institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more unit owners on matters affecting the condominium;
- (5) regulate the use, maintenance, repair, replacement and modification of common elements;
- (6) cause improvements to be made as a part of the common elements;
- (7) grant leases, licenses, and concessions not to exceed one year and utility easements through or over the common elements; provided, however, that after conveyance to owners other than the declarant or affiliate of a declarant of units to which more than 50 percent of the voting power is allocated, the association may by resolution of a meeting of the members duly called grant leases, licenses, and concessions in excess of one year and easements through or over the common elements;

(8) impose and receive any payments, fees, or charges for the use, rental, or operation of the common elements other than limited common elements described in section 515.2-102(2) and (4);

(9) impose reasonable charges including reasonable costs and attorneys' fees, for the evaluation, preparation and recordation of amendments to the declaration, resale certificates required by section 515.4-107, or statements of unpaid assessments;

(10) provide for the indemnification of its officers and board and maintain directors' and officers' liability insurance;

(11) impose charges for late payment of assessments and, after notice and an opportunity to be heard, levy reasonable fines for violations of the declaration, bylaws, and rules and regulations of the association;

(12) exercise any other powers conferred by state law, the declaration, or bylaws.

(b) Notwithstanding subsection (a), the declaration may not impose limitations on the power of the association to deal with the declarant that are more restrictive than the limitations imposed on the power of the association to deal with other persons.

Sec. 515.3-103. [BOARD OF DIRECTORS, MEMBERS AND OFFICERS.] (a) The declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by him, may elect the members of the board of directors. Any period of declarant control extends from the date of the first conveyance of a unit to a unit owner other than a declarant for a period not exceeding five years in the case of a flexible condominium or three years in the case of any other condominium. Regardless of the period provided in the declaration, a period of declarant control terminates upon surrender of control by the declarant or no later than 60 days after conveyance of 75 percent of the units to unit owners other than a declarant.

(b) Not later than 60 days after conveyance of 50 percent of the units to unit owners other than a declarant not less than 33 $\frac{1}{3}$  percent of all of the members of the board of directors shall be elected by unit owners other than the declarant.

(c) Not later than the termination of the period of declarant control and thereafter the unit owners shall elect a board of directors of at least three members, at least a majority of whom shall be unit owners or the individual nominees of unit owners other than individuals. The board of directors shall elect the officers. The persons elected shall take office upon election.

(d) In determining whether the period of declarant control has terminated under subsection (a), or whether unit owners other than a declarant are entitled to elect members of the board of directors under subsection (b), the percentage of the units which has been conveyed is presumed to be that percentage which would have been conveyed if all the units which the declarant has built

or reserved the right to build in the declaration were included in the condominium.

**Sec. 515.3-104. [TRANSFER OF SPECIAL DECLARANT RIGHTS.]** (a) No special declarant rights (section 515.1-103(18)) created or reserved under sections 515.1-101 to 515.4-117 may be transferred except by an instrument evidencing the transfer recorded in every county where any portion of the condominium is located. The instrument shall be recordable and is not effective unless executed by the transferor and transferee. If additional real estate is transferred by the declarant, the transferee shall be deemed to receive all special declarant rights with respect thereto and shall be subject to any obligations imposed by the declaration respecting the additional real estate so transferred.

(b) Upon transfer of any special declarant right, the liability of a transferor declarant is as follows:

(1) a transferor is not relieved of any obligation or liability which arose before the transfer, and remains liable for warranty obligations imposed on him by sections 515.1-101 to 515.4-117. Lack of privity does not deprive any unit owner of standing to bring an action to enforce any obligation of the transferor;

(2) if a transferor retains any special declarant right, or if a successor to any special declarant right is an affiliate of a declarant (section 515.1-103(2)), the transferor is subject to liability for all obligations and liabilities imposed on a declarant by sections 515.1-101 to 515.4-117 or by the declaration arising after the transfer and is jointly and severally liable with the successor for the liabilities and obligations of the successor which relate to the condominium; and

(3) a transferor who retains no special declarant right has no liability for any act or omission or any breach of a contractual or warranty obligation arising from the exercise of a special declarant right by a successor declarant who is not an affiliate of the transferor.

(c) In case of foreclosure of a mortgage or cancellation of a contract for deed or sale under the bankruptcy act or receivership proceeding or the foreclosure of any other lien against any unit owned by a declarant in the condominium, a person first acquiring title to all the units being cancelled, foreclosed or sold, succeeds to all then existing special declarant rights except the special declarant rights with respect to additional real estate, unless the mortgage or other instrument or proceeding also covers additional real estate.

(d) The liabilities and obligations of persons who succeed to special declarant rights are as follows:

(1) A successor to any special declarant right who is an affiliate of a declarant is subject to all the obligations and liabilities imposed on any declarant by sections 515.1-101 to 515.4-117 or by the declaration.

(2) A successor to any special declarant right, other than a

successor described in paragraphs (3) or (4) of this subsection, who is not an affiliate of a declarant, is subject to all obligations and liabilities imposed on a declarant by sections 515.1-101 to 515.4-117 or the declaration, except that he is not subject to liability for misrepresentations or warranty obligations on improvements made by any previous declarant, or made before the condominium was created, or for a breach of fiduciary obligation by any previous declarant.

(3) A successor to only a right reserved in the declaration to maintain models, sales offices, and signs (section 515.2-117), if he is not an affiliate of a declarant, may not exercise any other special declarant right, and is not subject to any liability or obligation as a declarant, except the obligation to provide a disclosure statement and any liability arising as a result thereof.

(4) A successor to all special declarant rights, who is not an affiliate of a declarant and who succeeded to those rights pursuant to a deed in lieu of foreclosure or by reason of subsection (c), may declare his intention in a recorded instrument to hold those rights solely for transfer to another person. Thereafter, until transferring all special declarant rights to any person acquiring title to any unit owned by the successor, or until recording an instrument permitting exercise of all those rights, that successor may not exercise any of those rights other than the right to control the board of directors in accordance with the provisions of section 515.3-103 for the duration of any period of declarant control, and any attempted exercise of those rights is void. So long as any successor declarant may not exercise special declarant rights under this subsection, he is not subject to any liability or obligation as a declarant other than liability for his acts and omissions under section 515.3-103.

(e) Nothing in this section subjects any successor to a special declarant right to any claims against or other obligations of a transferor declarant, other than claims and obligations arising under sections 515.1-101 to 515.4-117 or the declaration.

**Sec. 515.3-105. [TERMINATION OF CONTRACTS AND LEASES OF DECLARANT.]** If entered into prior to expiration of the period of declarant control pursuant to section 515.3-103, (1) any management contract, employment contract, or lease of recreational or parking areas or facilities, (2) any other contract or lease binding the association or any unit owner other than the declarant or an affiliate of the declarant to which a declarant or an affiliate of a declarant is a party, or (3) any contract or lease binding the association or any unit owner other than the declarant or an affiliate of the declarant which is not bona fide or which was unconscionable to the unit owners at the time entered into under the circumstances then prevailing, may be terminated without penalty by the association at any time after the expiration of declarant control upon not less than 90 days notice to the other party. This section does not apply to any lease the termination of which would terminate the condominium.

**Sec. 515.3-106. [BYLAWS.]** The bylaws and any amendments thereto must be recorded to be effective and shall provide:

(a) The meeting of the members shall be held at least once each year and shall specify an officer who shall, at least 21 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each unit owner notice of the time, place and complete agenda of the meeting. The notice shall be given to all unit owners at the address of the respective units and to other addresses as any of them may have designated to the officer.

(b) No vote in the association of unit owners shall be deemed to inure to any unit during the time when the unit owner is the association.

(c) For a mechanism to resolve disputes regarding voting among more than one unit owner of a unit in such a way that the vote allocated to the unit is not split or otherwise cast separately by the several unit owners.

(d) An annual report be prepared by the association and a copy of the report be provided to each unit owner and the report contain a minimum of the following:

(1) A statement of any capital expenditures in excess of two percent of the current budget or \$5,000 whichever is the greater anticipated by the association during the current year or succeeding two fiscal years.

(2) A statement of the status and amount of any reserve or replacement fund and portion of the fund designated for any specified project by the board of directors.

(3) A copy of the statement of financial condition for the association for the last fiscal year.

(4) A statement of the status of any pending suits or judgments to which the association is a party.

(5) A statement of the insurance coverage provided by the association.

(6) A statement of any unpaid assessments by the association on individual units identifying the unit number and the amount of the unpaid assessment.

Sec. 515.3-107. [UPKEEP OF THE CONDOMINIUM.] Except to the extent otherwise provided by the declaration or section 515.3-112(d), the association is responsible for maintenance, repair, and replacement of the common elements and each unit owner is responsible for maintenance, repair, and replacement of his unit. Each unit owner shall afford to the association and the other unit owners, and to their agents or employees, access through his unit reasonably necessary for those purposes.

If damage is inflicted on the common elements or any unit through which access is taken, the unit owner responsible for the damage, or the association if it is responsible, is liable for the prompt repair thereof.

Sec. 515.3-108. [RESERVED.]

**Sec. 515.3-109. [RESERVED.]**

**Sec. 515.3-110. [RESERVED].**

**Sec. 515.3-111. [TORT AND CONTRACT LIABILITY.]** (a) If a tort or breach of contract occurred during any period of declarant control (section 515.3-103), the declarant shall indemnify the association for all liability insured by the association as a result of that tort or breach of contract, including legal fees. Any statute of limitation affecting the association's right of action under this section is tolled until the period of declarant control terminates.

(b) No unit owner shall have tort liability arising out of his ownership of the common elements provided that the association has liability insurance coverage on the occurrence in an amount not less than \$1,000,000.

**Sec. 515.3-112. [INSURANCE.]** (a) Commencing not later than the time of the first conveyance of a unit to a unit owner other than a declarant, the association shall maintain, to the extent reasonably available:

(1) Property insurance on the common elements and units, exclusive of land, excavations, foundations, and other items normally excluded from property policies, insuring against all risks of direct physical loss. The total amount of insurance after application of any deductibles shall be not less than 80 percent of the full insurable replacement cost of the insured property. The association or its authorized agent may enter a unit at reasonable times upon reasonable notice for the purpose of making appraisals for insurance purposes.

(2) Comprehensive general liability insurance, in an amount determined by the board of directors but not less than any amount specified in the declaration, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements.

(b) If the insurance described in subsection (a) is not maintained, the association shall immediately cause notice of that fact to be given to all unit owners at their respective units and other addresses provided to the association. The declaration may require the association to carry any other insurance, and the association in any event may carry any other insurance it deems appropriate to protect the association or the unit owners.

(c) Insurance policies carried pursuant to subsection (a) shall provide that:

(1) Each unit owner and holder of a vendor's interest in a contract for deed is an insured person under the policy with respect to liability arising out of his ownership of an undivided interest in the common elements;

(2) The insurer waives its right to subrogation under the policy against any unit owner of the condominium or members of his household and against the association and members of the board of directors;

(3) No act or omission by any unit owner or holder of an interest as security for an obligation, unless acting within the scope of his authority on behalf of the association, shall void the policy or be a condition to recovery under the policy; and

(4) If, at the time of a loss under the policy, there is other insurance in the name of a unit owner covering the same property covered by the policy, the policy is primary insurance not contributing with the other insurance.

(d) Any loss covered by the property policy under subsection (a)(1) shall be adjusted with the association, but the insurance proceeds for that loss shall be payable to any insurance trustee designated for that purpose, or otherwise to the association. The insurance trustee or the association shall hold any insurance proceeds in trust for unit owners and holders of an interest as security for an obligation as their interests may appear. The proceeds shall be disbursed first for the repair or restoration of the damaged common elements and units, and unit owners and holders of an interest as security for an obligation are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the common elements and units have been completely repaired or restored, or the condominium is terminated.

(e) An insurance policy issued to the association does not prevent a unit owner from obtaining insurance for his own benefit.

(f) An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance, upon request, to any unit owner, or holder of an interest as security for an obligation. The insurance may not be cancelled until 30 days after notice of the proposed cancellation has been mailed to the association and to each unit owner and holder of an interest as security for an obligation to whom certificates of insurance have been issued.

(g) Any portion of the condominium damaged or destroyed shall be promptly repaired or replaced by the association unless (1) the condominium is terminated and the association votes not to repair or replace all or part thereof, (2) repair or replacement would be illegal under any state or local health or safety statute or ordinance, or (3) 80 percent of the unit owners, including every owner and first mortgagee of a unit or assigned limited common element which will not be rebuilt, vote not to rebuild. The cost of repair or replacement of a unit or the common area in excess of insurance proceeds and reserves shall be a common expense. If less than the entire condominium is repaired or replaced, (1) the insurance proceeds attributable to the damaged common elements shall be used to restore the damaged area to a condition compatible with the remainder of the condominium, (2) the insurance proceeds attributable to units and limited common elements which are not rebuilt shall be distributed to the owners of those units and the holders of an interest as security for an obligation of those units and the owners and holders of an interest as security for an obligation of the units to which those limited common elements

were assigned, as their interests may appear and (3) the remainder of the proceeds shall be distributed to all the unit owners and holders of an interest as security for an obligation as their interests may appear in proportion to their common element interest. In the event the unit owners vote not to rebuild a unit, that unit's entire common element interest, votes in the association, and common expense liability are automatically reallocated upon the vote as if the unit had been condemned under section 515.1-107(a), and the association shall promptly prepare, execute and record an amendment to the declaration reflecting the reallocations. Notwithstanding the provisions of this subsection, if the condominium is terminated, insurance proceeds not used for repair or replacement shall be distributed in the same manner as sales proceeds pursuant to section 515.2-120.

(h) The provisions of this section may be varied or waived in the case of a condominium all of the units of which are restricted to nonresidential use.

Sec. 515.3-113. [SURPLUS FUNDS.] Unless otherwise provided in the declaration, any surplus funds of the association remaining after payment of or provision for common expenses and any prepayment of reserves shall be credited to the unit owners to reduce their future common expense assessments.

Sec. 515.3-114. [ASSESSMENTS FOR COMMON EXPENSES.] (a) Until the association levies a common expense assessment, the declarant shall pay all accrued expenses of the condominium. After any assessment has been levied by the association, assessments shall be levied at least annually and shall be based on a budget adopted at least annually by the association.

(b) Except for assessments under subsection (c) and (d), common expenses shall be assessed against all the units in accordance with the common expense liability allocated to each unit (section 515.2-108). Any past due assessment or installment thereof shall bear interest at the rate established by the association not exceeding the rate of interest provided in section 549.09.

(c) Except as provided by the declaration any common expense associated with the maintenance, repair, or replacement of a limited common element shall be assessed against the unit or in equal shares against the units to which that limited common element was assigned at the time the expense was incurred.

(d) If the declaration so provides, the association may assess any common expense benefiting less than all of the units against the units benefited. In that case the common expense shall be allocated among units benefited in proportion to their common expense liability.

Sec. 515.3-115. [LIEN FOR ASSESSMENTS.] (a) The association has a lien on a unit for any assessment levied against that unit from the time the assessment becomes payable. The association's lien may be foreclosed as provided by the laws of this state as if it were a lien under a mortgage containing a power of sale. The rights of the parties shall be the same as those provided by

law except that the period of redemption for unit owners shall be six months from the date of sale. Unless the declaration otherwise provides, fees, charges, late charges, and interest charges pursuant to section 515.3-102(8), (9) and (12) are enforceable as assessments under this section.

(b) A lien under this section is prior to all other liens and encumbrances on a unit except (1) liens and encumbrances recorded before the recordation of the declaration, (2) any recorded mortgage on the unit securing a first mortgage holder, and (3) liens for real estate taxes and other governmental assessments or charges against the unit. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) Recording of the declaration constitutes record notice and perfection of the lien, and no further recordation of any claim of lien for assessment under this section is required.

(d) Proceedings to enforce an assessment must be instituted within three years after the last installment of the assessment becomes payable.

(e) Unit owners at the time an assessment is payable are personally liable to the association for payment of the assessments.

(f) A foreclosure sale, judgment or decree in any action, proceeding or suit brought under this section shall include costs and reasonable attorney's fees for the prevailing party.

(g) The association shall furnish to a unit owner or his authorized agent upon written request of the unit owner or his authorized agent a recordable statement setting forth the amount of unpaid assessments currently levied against his unit. The statement shall be furnished within ten business days after receipt of the request and is binding on the association and every unit owner.

Sec. 515.3-116. [ASSOCIATION RECORDS.] The association shall keep financial records sufficiently detailed to enable the association to comply with section 515.4-107. All financial records shall be made reasonably available for examination by any unit owner and his authorized agents.

Sec. 515.3-117. [ASSOCIATION AS TRUSTEE.] With respect to a third person dealing with the association in the association's capacity as a trustee, the existence of trust powers and their proper exercise by the association may be assumed without inquiry. A third person is not bound to inquire whether the association has power to act as trustee or is properly exercising trust powers and a third person, without actual knowledge that the association is exceeding its powers or improperly exercising them, is fully protected in dealing with the association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the association in its capacity as trustee.

**Sec. 515.4-105. [RESERVED.]**

**Sec. 515.4-106. [PURCHASER'S RIGHT TO CANCEL.]** (a) Unless delivery of a disclosure statement is not required under section 515.4-101(b), a declarant shall provide at least one of the purchasers of a unit with a copy of a disclosure statement not later than the date of any purchase agreement. Unless a purchaser is given the disclosure statement more than 15 days prior to execution of a purchase agreement for the unit, the purchaser may, prior to the conveyance, cancel the agreement within 15 days after receiving the disclosure statement.

If the conveyance occurs within 15 days after the date of the execution of the purchase agreement by the purchaser, any purchaser may waive in writing all rights to receive a disclosure statement under this section.

(b) If a purchaser elects to cancel a purchase agreement pursuant to subsection (a), he may do so by hand delivering notice thereof to the declarant or by mailing notice thereof by postage prepaid United States mail to the declarant or to his agent for service of process. Cancellation is without penalty, and all payments made by the purchaser pursuant to the purchase agreement shall be refunded promptly.

(c) The disclosure statement and any information furnished in connection therewith may be amended prior to conveyance if the amendment is delivered to the purchaser to whom the disclosure statement was delivered. If the amendment materially adversely affects a purchaser, then the purchaser shall have 15 days after delivery of the amendment to cancel the purchase agreement in accordance with this section.

**Sec. 515.4-107. [RESALES OF UNITS.]** (a) In the event of a resale of a unit by a unit owner other than a declarant, the unit owner shall furnish to a purchaser before execution of any purchase agreement for a unit, or otherwise before conveyance, a copy of the declaration other than the floor plans, the bylaws, the rules and regulations of the association, and any amendments thereto, and a certificate dated not more than 90 days prior to the date of the purchase agreement or otherwise before conveyance, containing:

(b) The association shall, within seven days after a request by a unit owner or his authorized agent, furnish a certificate containing the information necessary to enable the unit owner to comply with this section. A unit owner without actual knowledge providing a certificate pursuant to subsection (a) shall have no liability to the purchaser for any erroneous information provided by the association and included in the certificate.

(c) A purchaser is not liable for any unpaid assessment or fee existing as of the date of the certificate greater than the amount set forth in the certificate prepared by the association. A unit owner is not responsible to a purchaser for the failure or delay of the association to provide the certificate in a timely manner.

**Sec. 515.4-1075. [PURCHASER'S RIGHT TO CANCEL.]** (a) The information required to be delivered by section 515.4-107 shall be delivered to a purchaser not later than the date of any purchase agreement. Unless a purchaser is given the information more than 15 days prior to the execution of the purchase agreement for the unit the purchaser may, prior to the conveyance, cancel the agreement within 15 days after receiving the information.

(b) If a purchaser elects to cancel a purchase agreement pursuant to subsection (a), he may do so by hand delivering notice thereof to the seller or his agent or by mailing notice thereof by postage prepaid United States mail to the seller or his agent. Cancellation is without penalty and all payments made by the purchaser shall be refunded promptly.

Sec. 515.4-108. [ESCROW OF DEPOSITS.] Any earnest money paid in connection with the purchase or reservation of a unit from a declarant shall be escrowed and held in this state in an account, savings deposit or certificate of deposit designated solely for that purpose in an institution whose accounts are insured by a governmental agency or instrumentality until (1) delivered to the declarant at closing; (2) delivered to the declarant because of purchaser's default under the purchase agreement or reservation; or (3) delivered to the purchaser.

Sec. 515.4-109. [RELEASE OF INTERESTS AS SECURITY FOR AN OBLIGATION.] (a) Before conveying a unit to a purchaser other than a declarant, the seller shall furnish to the purchaser releases for that unit and its common element interest of all interests as security for an obligation affecting more real estate than that unit and its common element interest, if the purchaser expressly agrees, a policy of title insurance insuring against loss or damage by reason of such interests. Failure to furnish the releases does not of itself invalidate the lien or the conveyance. This subsection does not apply to conveyance of all of the units in the condominium or to deeds in lieu of foreclosure.

(b) Whether perfected before or after creation of the condominium, if a lien other than a mortgage, including a lien attributable to work performed or materials supplied before creation of the condominium, becomes effective against two or more units, the unit owner of such a unit may pay to the lienholder the amount of the lien attributable to his unit, and the lienholder, upon receipt of payment, shall promptly deliver a release of the lien covering that unit and its common element interest. The amount of the payment shall be proportionate to the ratio which that unit owner's common expense liability bears to the common expense liabilities of all unit owners whose units are subject to the lien. After payment, the association may not assess or have a lien against that unit owner's unit for any portion of the common expenses incurred in connection with that lien.

(c) Labor performed or materials furnished for the common elements, if duly authorized by the association, shall be deemed to be performed or furnished with the express consent of each unit owner and shall be the basis for the filing of a lien pursuant to the lien law against each of the units and shall be subject to the provisions of subsection (b) of this section.

Sec. 515.4-110. [CONVERSION CONDOMINIUMS.] (a) A declarant of a conversion condominium shall give each of the tenants and any subtenant in possession of buildings subject to sections 515.1-101 to 515.4-117 notice of the conversion or the intent to convert no later than 180 days before the declarant will require

them to vacate. The notice shall set forth generally the rights conferred by this section and shall have attached thereto a form of purchase agreement setting forth the terms of sale contemplated by subsection (b) and a statement of any significant restrictions on the use and occupancy of the unit to be imposed by the declarant and shall be hand delivered or mailed by postage prepaid United States mail to "The Tenant and Subtenant" at the address of the unit. The notice shall be contained in an envelope upon which the following words shall be boldly printed: "Notice of Condominium Conversion". No tenant or subtenant may be required by the declarant to vacate upon less than 180 days notice, except by reason of nonpayment of rent, waste, or conduct which disturbs other tenants' peaceful enjoyment of the premises, and the terms of the tenancy may not be altered during that period. Failure of a declarant to give notice as required by this section constitutes a defense to an action for possession.

(b) For 60 days after delivery or mailing of the notice described in subsection (a), the holder of the lessee's interest for each unit on the date the notice is delivered or mailed shall have an option to purchase that unit on the terms set forth in the purchase agreement attached to the notice. The purchase agreement shall contain no terms or conditions preventing the purchase of the unit by the holder because of the age of the holder or persons residing with the holder. If the holder fails to exercise the option during that 60 day period, the declarant may not offer to dispose of an interest in that unit during the following 180 days at a price or on terms more favorable to the offeree than the price or terms offered to the holder. This subsection does not apply to any unit in a conversion condominium if that unit will be restricted exclusively to non-residential use or if the boundaries of the converted unit do not substantially conform to the dimensions of the residential unit before conversion.

(c) If a declarant, in violation of subsection (b), conveys a unit to a purchaser for value who has no knowledge of the violation, delivery of the deed conveying the unit extinguishes any right which a holder of a lessee's interest not in possession may have under subsection (b) to purchase that unit, but does not affect the right of the holder to recover damages from the declarant for a violation of subsection (b).

(d) Nothing in this section permits termination of a lease by a declarant in violation of its terms.

Sec. 515.4-111. [EXPRESS WARRANTIES.] (a) Express warranties made by any declarant to a purchaser of a unit if reasonably relied upon by the purchaser, are created as follows:

(1) any affirmation of fact or promise which relates to the unit, its use, or rights appurtenant thereto, area improvements to the condominium that would directly benefit the unit, or the right to use or have the benefit of facilities not located in the condominium, creates an express warranty that the unit and related rights and uses will conform to the affirmation or promise;

(2) any model or description of the physical characteristics of the condominium, including plans and specifications of or for improvements, creates an express warranty that the condominium will conform to the model, or description. A notice prominently displayed on a model or description shall prevent a purchaser from reasonably relying upon the model or description to the extent of disclaimer set forth on the notice;

(3) any description of the quantity or extent of the real estate comprising the condominium, including plats or surveys, creates an express warranty that the condominium will conform to the description, subject to customary tolerance.

(b) Neither formal words, such as "warranty" or "guarantee", nor a specific intention to make a warranty, are necessary to create an express warranty. A statement purporting to be merely an opinion or commendation of the real estate or its value does not create a warranty.

(c) Any conveyance of a unit transfers to the purchaser all express warranties made by a declarant.

Sec. 515.4-112. [IMPLIED WARRANTIES.] (a) A declarant warrants to a purchaser that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear excepted.

(b) A declarant warrants to a purchaser that a unit and the common elements in the condominium are structurally suitable for the ordinary uses of real estate of its type and that any improvements or repairs made or contracted for by him or made by any person in contemplation of the creation of the condominium, will be:

(1) free from defective materials; and

(2) constructed in accordance with applicable law, according to sound engineering and construction standards, and in a workmanlike manner.

(c) A declarant warrants to a purchaser of a unit which may be used for residential use that the residential use does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(d) Warranties imposed by this section may be excluded or modified as specified in section 515.4-113.

(e) For purposes of this section, improvements made or contracted for by an affiliate of a declarant (section 515.1-103(2)) are made or contracted for by the declarant.

(f) Any conveyance of a unit transfers to the purchaser all of any declarant's implied warranties.

Sec. 515.4-113. [EXCLUSION OR MODIFICATION OF IMPLIED WARRANTIES.] (a) Except as limited by subsection (b) implied warranties:

(1) may be excluded or modified by agreement of the parties; and

(2) are excluded by expression of disclaimer, such as "as is", "with all faults", or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(b) with respect to a purchaser of a unit which may be occupied for residential use, no general disclaimer of implied warranties is effective, but a declarant may disclaim liability in an instrument signed by the purchaser for a specified defect or specified failure to comply with applicable law, if the defect or failure entered into and became a part of the basis of the bargain.

Sec. 515.4-114. [STATUTE OF LIMITATIONS FOR WARRANTIES.] (a) A judicial proceeding for breach of any obligation arising under section 515.4-111 or 515.4-112 must be commenced within six years after the cause of action accrues, but the parties may reduce the period of limitation to not less than two years. With respect to a unit which may be occupied for residential use, an agreement to reduce the period of limitation shall be evidenced by a separate instrument executed by the purchaser.

(b) Subject to subsection (c), a cause of action under section 515.4-111 or 515.4-112, regardless of the purchaser's lack of knowledge of the breach, accrues:

(1) as to a unit, when the purchaser to whom the warranty is first made enters into possession after a conveyance of a possessory interest if a possessory interest is conveyed or otherwise at the time of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(2) as to each common element, the later of (i) the time the common element is completed, (ii) the time the first unit in the condominium is conveyed to a bona fide purchaser, or (iii) as to a common element within any additional real estate or portion thereof the time the first unit therein is conveyed to a bona fide purchaser.

(c) If a warranty under section 515.4-111 or 515.4-112 explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

Sec. 515.4-115. [EFFECT OF VIOLATIONS ON RIGHTS OF ACTION; ATTORNEYS' FEES.] If a declarant or any other person subject to sections 515.1-101 to 515.4-117 violates any provision thereof or any provision of the declaration or bylaws, any person or class of persons adversely affected by the violation has a claim for appropriate relief. Punitive damages may be awarded in the case of a willful violation of sections 515.1-101 to 515.4-117. The court, in an appropriate case, may award reasonable attorneys' fees.

Sec. 515.4-116. [LABELING OF PROMOTIONAL MATERIAL.] If any improvement contemplated in a condominium is re-

quired by section 515.2-110(b) (3) to be labeled "NEED NOT BE BUILT" on the floor plan, no promotional material may be displayed or delivered to prospective purchasers which describes or depicts that improvement unless the description or depiction of the improvement is conspicuously labeled or identified as "NEED NOT BE BUILT".

Sec. 515.4-117. [DECLARANT'S OBLIGATION TO COMPLETE AND RESTORE.] (a) The declarant shall complete all improvements labeled "MUST BE BUILT" on the floor plans prepared pursuant to section 515.2-110.

(b) The declarant is subject to liability for the prompt repair and restoration to a condition compatible with the remainder of the condominium of any portion of the condominium affected by the exercise of rights reserved pursuant to or created by sections 515.2-111, 515.2-117, and 515.2-118."

Loans and guarantees shall be provided only to the extent the applicant cannot otherwise obtain funds. Any individual, small business or unit of government may apply to the commissioner on forms provided by the commissioner for a loan or loan guarantee for an agricultural fuel development project. The commissioner shall preliminarily review all applications for compliance with the standards and criteria established pursuant to this section and make recommendations to the commission as to the form and amount of any assistance to be granted. **Sec. 3. Minnesota Statutes, 1979 Supplement, Section 477A.01, Subdivision 4, is amended to read:**

**Subd. 4 (a) The balance of the distributions in 1980 pursuant to subdivision 1, shall be divided among the several cities and towns in the state as provided herein:**

**(1) Funds shall be distributed to all cities and towns which are not subject to the levy limitations imposed pursuant to sections 275.50 to 275.56, with the distribution to be based on the average equalized mill rate of each city or town. For purposes of this clause, "average equalized mill rate" shall be defined as the sum of the 1979 mill rate of the city or town plus its 1978 mill rate plus its 1977 mill rate, multiplied by its 1978 aggregate sales ratio as determined by the commissioner of revenue, divided by three.**

**If the average equalized mill rate of the city or town is ten or less, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus, in the case of a city, the sum of \$1 multiplied by its population as determined under section 275.53.**

**If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$3 multiplied by its population as determined under section 275.53.**

**(2) Funds shall be distributed to the city of Minneapolis in an amount equal to the amount distributed to that city for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01.**

**(3) The funds remaining after distribution has been made pursuant to paragraphs (1) and (2) shall be distributed according to the provisions of this paragraph among the cities and towns, other than the city of Minneapolis, which are subject to the levy limitations imposed pursuant to sections 275.50 to 275.56.**

**(i) For purposes of the 1980 distribution, the "local revenue base" of a city or town shall be the sum of its levy limitation for taxes levied in 1978 plus the amount of the distribution it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, except that the "local revenue base" of a city of the first class**

located within the metropolitan area defined in section 473.121, subdivision 2, shall be the sum of its levy limitation for taxes levied in 1978, multiplied by .85, plus the amount of the distribution it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01.

(ii) A preliminary state aid factor shall be established for each city and town by subtracting from the local revenue base, an amount equal to ten mills multiplied by the 1979 taxable valuation of the city or town, adjusted for the contributions and distributions required by chapter 473F in the case of a city or town located within the metropolitan area and less the captured value in any tax increment district, divided by its 1978 aggregate sales ratio as determined by the commissioner of revenue.

(iii) A final state aid factor shall be established for each city and town by adjusting the preliminary state aid factor to comply with the following restrictions:

The final state aid factor for a city or town shall be an amount which is equal to or greater than an amount computed pursuant to the following:

If the average equalized mill rate of the city or town is ten or less, the final state aid factor of the city or town shall be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the final state aid factor of the city or town will be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$3 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the final state aid factor of the city or town will be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01, for 1979, plus the sum of \$5 multiplied by its population as determined under section 275.53.

The final state aid factor for any city or town shall not exceed the previous year's distribution under Minnesota Statutes 1978, Section 477A.01 by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1978, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(iv) The amount of the distribution for which a city or a town is eligible under this paragraph shall be determined as follows: For

each city or town, its final state aid factor increase shall be the difference between its final state aid factor determined pursuant to this paragraph and the amount of distribution which it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01. The final state aid factor increase of each city or town shall be divided by the sum of the final state aid factor increases for all cities and towns receiving distributions under this paragraph; that quotient shall be multiplied by the amount of the increase in funds available for distribution under this paragraph over the sum of the amounts distributed to those cities and towns for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01. That product, plus the distribution the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, shall equal the distribution to be distributed to the city or town for 1980.

(v) The final distribution made to each city or town pursuant to this paragraph shall be in an amount which is at least equal to the distribution received by that city or town for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, but which does not exceed the amount of the city's or town's 1979 distribution by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1978, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(vi) If the amount distributed to a city or town by paragraph (iv) is limited by paragraph (v) the distribution to other cities and towns that receive aid under paragraph (3) shall be proportionately increased as necessary to absorb the difference. In no event shall a city's or town's distribution exceed the city's or town's 1979 distribution by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1978, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(b) The balance of the distributions in 1981 pursuant to subdivision 1 shall be divided among the several cities and towns in the state as provided herein:

(1) Funds shall be distributed to all cities and towns which are not subject to the levy limitations imposed pursuant to sections 275.50 to 275.56, with the distributions to be based on the average equalized mill rate of each city or town. For purposes of this clause "average equalized mill rate" shall be defined as the sum of the 1980 mill rate of the city or town plus its 1979 mill rate plus its 1978 mill rate, multiplied by its 1979 aggregate sales ratio as determined by the commissioner of revenue, divided by three ; *provided that, if the city or town contains property exempt from taxation by the city or town pursuant to section 1, the mill rate*

*used for the purpose of this computation shall be the mill rate that would have been in effect if no property had been so exempt .*

If the average equalized mill rate of the city or town is ten or less, the city or town will receive a distribution equal to that which it received pursuant to clause (a) for 1980, plus, in case of a city, the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the city or town will receive a distribution equal to that which it received pursuant to clause (a) for 1980, plus the sum of \$4 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the city or town will receive a distribution equal to that which it received pursuant to clause (a), for 1980, plus the sum of \$6 multiplied by its population as determined under section 275.53.

(2) The funds remaining after distribution has been made pursuant to paragraph (1) shall be distributed according to the provisions of this paragraph among the cities and towns which are subject to the levy limitations imposed pursuant to sections 275.50 to 275.56.

(i) For purposes of the 1981 distribution, the "local revenue base" of a city or town shall be its local revenue base computed according to clause (a) paragraph (3) for purposes of the 1980 distribution, provided that, in the case of a city which received its 1980 aid distribution pursuant to clause (a), paragraph (2), a local revenue base shall be computed for it according to the provisions of clause (a), paragraph (3); these revenue bases shall be increased as follows:

The 1980 local revenue base will be multiplied by the percentage of increase from June, 1979, to June, 1980 in the revised consumer price index for all urban consumers for the Minneapolis-St. Paul metropolitan area prepared by the United States department of labor with 1967 as a base year. The product of that computation will be added to the 1980 local revenue base. The inflation-adjusted base shall also be increased by the percentage increase in the population of the city or town during the preceding year as determined according to section 275.53. After adjustment for population increase the inflation-adjusted local revenue base of each city and town shall also be increased by (1) the amount of its special levies levied in 1979 to pay the costs of principal and interest on bonded indebtedness incurred in 1979 or thereafter for the purpose of providing capital replacement for streets, curbs, gutters, storm sewers and bridges plus (2) any adjustments made to the levy limit base of the city or town pursuant to section 275.51, subdivision 3d for purposes of refuse collection and street maintenance; and (3) any adjustments made to the levy limit base of the city or town pursuant to section 275.52, subdivision 4, clause (d).

(ii) A preliminary state aid factor shall be established for each city and town by subtracting from the local revenue base, ten mills multiplied by the 1980 taxable valuation of the city or town adjusted for the contributions and distributions required by chapter 473F if applicable and less the captured value in any tax increment financing district divided by its 1979 sales ratio as determined by the commissioner of revenue.

(iii) A final state aid factor shall be established for each city and town by adjusting the preliminary state aid factor to comply with the following restrictions:

The final state aid factor for a city or town shall be an amount which is equal to or greater than an amount computed pursuant to the following:

If the average equalized mill rate of the city or town is ten or less, the final state aid factor of the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the final state aid factor for the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$4 multiplied by its population as determined under section 275.53.

**"Sec. 2. [MODIFICATION IN RETIREMENT COVERAGE FOR CERTAIN POLICE OFFICERS AND FIREFIGHTERS; AUTHORIZING MUNICIPAL IMPLEMENTATION.]** Subdivision 1. **[AUTHORIZATION OF MUNICIPAL ACTION.]** Notwithstanding any provision of law, municipal charter, municipal ordinance or resolution, or relief association articles of incorporation or bylaws to the contrary, any municipality in which is located a covered local police or salaried firefighters' relief association enumerated in section 1, subdivision 3, is authorized to implement the provisions of this section. Implementation shall be effected by a municipal resolution approved by a majority of the governing body of the municipality following consultation with the board of trustees of the affected local relief association and the holding of a public meeting at which the views of the public are considered. Prior to becoming effective, a copy of the municipal resolution shall be filed with the secretary of state, the commissioner of finance, the commissioner of insurance and the executive secretary of the legislative commission on pensions and retirement. To be deemed an implementing municipal resolution within the meaning of this section, the municipal resolution shall either refer to this section in the text or shall describe in summary form the modifications provided for in this section. Once granted, municipal approval shall be irrevocable.

**Subd. 2. [MODIFICATION OF RETIREMENT COVERAGE FOR CERTAIN NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.]** Any person first employed by a municipality which has adopted a municipal resolution pursuant to subdivision 1 after the effective date for the modification stated in the municipal resolution, which date shall not in any event be later than the first day of the month occurring six months after the date of passage of the municipal resolution, as a police officer or police trainee or as a firefighter or firefighter trainee, whichever position is covered in the municipal resolution, shall be a member of the public employees police and fire fund established by Minnesota Statutes, Sections 353.63 to 353.68, and shall not be a member of the applicable local police or firefighters' relief association established pursuant to any general or special law.

**Subd. 3. [OPERATION OF LOCAL RELIEF ASSOCIATION UPON MODIFICATION OF RETIREMENT COVERAGE FOR NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.]** The minimum obligation of a municipality which has adopted a municipal resolution pursuant to subdivision 1 with respect to the local relief association shall be determined and governed in accordance with the provisions of Minnesota Statutes, Sections 69.77, 356.215 and 356.216, except that the normal cost calculation for the relief association shall be computed as a percentage of the compensation paid to the active members of the relief association. The compensation paid to persons with retirement coverage modified pursuant to subdivision 2 shall not be included in any of the

computations made in determining the obligation of the municipality with respect to the local relief association.

The contribution rate of members of the local relief association shall be governed by Minnesota Statutes, Section 69.77, unless a special law establishing a greater member contribution rate is applicable whereupon it shall continue to govern. The member contribution rate of persons with retirement coverage modified pursuant to subdivision 2 shall be governed by Minnesota Statutes, Section 353.65.

When every active member of the local relief association retires or terminates from active duty, the local relief association shall cease to exist as a legal entity and the assets of the special fund of the relief association shall be transferred to a trust fund to be established by the appropriate municipality for the purpose of paying service pensions and retirement benefits to recipient beneficiaries. If there are at least five recipient beneficiaries, the trust fund shall be managed by a board of trustees composed of five members selected by the recipient beneficiaries of the fund, subject to the approval of the governing body of the municipality. If there are fewer than five recipient beneficiaries, the trust fund shall be managed by the governing body of the municipality. The term of the elected members of the board of trustees shall be indefinite and shall continue until a vacancy occurs in one of the board of trustee member positions. Board of trustee members shall not be compensated for their services, but shall be reimbursed for any expenses actually and necessarily incurred as a result of the performance of their duties in their capacity as board of trustee members. The municipality shall perform whatever services are necessary to administer the trust fund. The balance of assets remaining in the trust fund shall not revert to the municipality until all obligations of the trust fund are paid.

The financial requirements of the trust fund and the minimum obligation of the municipality with respect to the trust fund shall be determined in accordance with Minnesota Statutes, Sections 69.77, 356.215 and 356.216, until the unfunded accrued liability of the trust fund is fully amortized in accordance with this act. The municipality shall provide in its annual budget for at least the aggregate amount of service pensions, disability benefits, survivorship benefits and refunds which are projected as payable for the following calendar year, as determined by the board of trustees of the trust fund, less the amount of assets in the trust fund as of the end of the most current calendar year for which figures are available, valued pursuant to Minnesota Statutes, Section 356.20, Subdivision 4, Clause (1) (a), if the difference between those two figures is a positive number.

In calculating the amount of service pensions and other retirement benefits payable from the local relief association and in calculating the amount of any automatic post retirement increases in those service pensions and retirement benefits based on the salary paid or payable to active members or escalated in any fashion, the salary for use as the base for the service pension

or retirement benefit calculation and the post retirement increase calculation for the local relief association shall be the salary for the applicable position as specified in the articles of incorporation or bylaws of the relief association as of the date immediately prior to the effective date of the municipal resolution adopted pursuant to subdivision 1, as the applicable salary is reset by the municipality periodically, irrespective of whether retirement coverage for persons holding the applicable position used in calculations is provided by the relief association or by the public employees police and fire fund.

If the modification of retirement coverage implemented pursuant to municipal resolution adopted pursuant to subdivision 1 is applicable to a local police relief association, the police state aid received by the municipality shall be disbursed pursuant to Minnesota Statutes, Section 69.031, Subdivision 5, Clause (2) (c). If the modification of retirement coverage implemented pursuant to a municipal resolution adopted pursuant to subdivision 1 is applicable to a local firefighters' relief association, the fire state aid received by the applicable municipality shall be disbursed as the municipality at its option may elect. The municipality may elect: (1) to transmit the total fire state aid to the treasurer of the local relief association for immediate deposit in the special fund of the relief association; or (2) to apply the total fire state aid toward the employer contribution of the municipality to the public employees police and fire fund pursuant to Minnesota Statutes, Section 353.65, Subdivision 3; or (3) to allocate the total fire state aid proportionately between the special fund of the local relief association and employer contribution of the municipality to the public employees police and fire fund on the basis of the respective number of active full time salaried firefighters receiving retirement coverage from each."

The commissioner of economic security shall promulgate rules that provide: (a) procedures for the administration of grants; (b) data to be reported by grant recipients and heating fuel suppliers; and (c) other matters the commissioner finds necessary for the proper administration of the state and federal grant programs. The rules may take effect as temporary rules upon approval by the attorney general and without the normal publication in the state register and, 20 day wait for comments from the public, and may be amended in the same manner at a later date if comments from the public demonstrate that amendments are justified.*

Users of wood as the primary heating source, whether the wood is purchased or not, shall be eligible for assistance under this section.

Grants shall not be considered as income or resources under any other public or publicly assisted income tested program.

Sec. 4. [DISCRETIONARY GRANTS.] A local administrative agency may use money allocated to it for discretionary grants to assist households in extraordinary need whose income, assets, or heating costs fall outside the limits set in section 3 and who are not eligible for additional assistance under any federal program.

Sec. 5. [LEGISLATIVE AUDITOR REPORT.] The legislative auditor shall submit to the legislature by January 1 of each year an audit report of the department of economic security concerning their administration of the emergency residential heating grant program. This report shall also contain a summary of the audit results of the local agencies involved in the administration of this program.

These financial and compliance audits of the local agencies shall be initiated, monitored, and approved by the department of economic security. The legislative auditor must approve the selection of the auditors and scope of the audit.

Sec. 6. Minnesota Statutes, 1979 Supplement, Section 268.37, is amended to read:

268.37 [COORDINATION OF FEDERAL AND STATE RESIDENTIAL WEATHERIZATION PROGRAMS.] Subdivision 1. The department of economic security is the state agency to apply for, receive, and disburse federal money made available to the state by federal law or rules promulgated thereunder for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with any state money appropriated for this purpose.

Subd. 2. The commissioner shall make grants of federal and state money to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications shall be submitted in accordance with rules developed pursuant to 42 U.S.C., Sections 6861 to 6872, any other relevant federal weatherization program, and rules promulgated by the commissioner.

Subd. 3. The commissioner shall promulgate temporary rules as necessary to administer the grants program by July 1, 1979 and shall promulgate permanent rules by July 1, 1980. The rules shall describe: (a) procedures for the administration of grants, (b) data to be reported by grant recipients, and (c) other matters the commissioner finds necessary for the proper administration of the grant program including compliance with relevant federal regulations. Weatherization assistance shall be given to households where the total income does not exceed 125 percent of the poverty level as updated by the federal office of management and budget poverty guidelines.

Subd. 4. [SUPPLEMENTARY STATE GRANTS.] *The commissioner shall distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units feasible. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.*

*Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) availability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.*

*An eligible local agency may receive advance funding for 90 days' production, but thereafter shall receive grants solely on the basis of program criteria.*

Subd. 5. The commissioner shall submit reports to the legislature by March 1 of each year, 1980, and March 1, 1981, evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner

feels is relevant, including information routinely submitted to the federal government.

Sec. 7. Minnesota Statutes, 1979 Supplement, Section 290.01, Subdivision 20, is amended to read:

Subd. 20. [GROSS INCOME.] Except as otherwise provided in this chapter, the term "gross income," as applied to corporations includes every kind of compensation for labor or personal services of every kind from any private or public employment, office, position or services; income derived from the ownership or use of property; gains or profits derived from every kind of disposition of, or every kind of dealing in, property; income derived from the transaction of any trade or business; and income derived from any source; except that gross income shall not include "exempt function income" of a "homeowners association" as those terms are defined in Section 528 of the Internal Revenue Code of 1954, as amended.

For each of the taxable years beginning after December 31, 1960 and prior to January 1, 1971, the term "gross income" in its application to individuals, estates, and trusts, shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through December 31, 1970 for the applicable taxable year, with the modifications specified in this section.

For each of the taxable years beginning after December 31, 1970, the term "gross income" in its application to individuals, estates, and trusts shall mean the adjusted gross income as computed for federal income tax purposes as defined in the Internal Revenue Code of 1954, as amended through the date specified herein for the applicable taxable year, with the modifications specified in this section.

(i) The Internal Revenue Code of 1954, as amended through December 31, 1970, shall be in effect for taxable years beginning after December 31, 1970 and prior to January 1, 1973.

(ii) The Internal Revenue Code of 1954, as amended through December 31, 1972, shall be in effect for taxable years beginning after December 31, 1972.

(iii) The Internal Revenue Code of 1954, as amended through December 31, 1973, shall be in effect for taxable years beginning after December 31, 1973.

(iv) The Internal Revenue Code of 1954, as amended through December 31, 1974, shall be in effect for the taxable years beginning after December 31, 1974.

(v) The Internal Revenue Code of 1954, as amended through December 31, 1976, including the amendments made to section 280A (relating to licensed day care centers) in H.R. 3477 as it passed the Congress on May 16, 1977, shall be in effect for the taxable years beginning after December 31, 1976. The provisions of the Tax Reform Act of 1976, P.L. 94-455, which affect adjusted gross income shall become effective for purposes of this chapter at

the same time they become effective for federal income tax purposes. Section 207 (relating to extension of period for nonrecognition of gain on sale or exchange of residence) and section 402 (relating to time for making contributions to pension plans of self employed people) of P.L. 94-12 shall be effective for taxable years beginning after December 31, 1974.

The amendments made to sections 219(c) (3) and 220(c) (4) (extending the time for which a taxpayer is deemed to have made a contribution to an individual retirement account for the taxable year) by section 157(a) of P.L. 95-600 shall be effective for taxable years beginning after December 31, 1977.

References to the Internal Revenue Code of 1954 in clauses (a), (b) and (c) following shall mean the code in effect for the purpose of defining gross income for the applicable taxable year.

(1) Interest income on obligations of any state other than Minnesota or a political subdivision of any such other state exempt from federal income taxes under the Internal Revenue Code of 1954;

(2) Interest income on obligations of any authority, commission, or instrumentality of the United States, which the laws of the United States exempt from federal income tax, but not from state income taxes;

(3) Income taxes imposed by this state or any other taxing jurisdiction, to the extent deductible in determining federal adjusted gross income and not credited against federal income tax;

(4) Interest on indebtedness incurred or continued to purchase or carry securities the income from which is exempt from tax under this chapter, to the extent deductible in determining federal adjusted gross income;

(5) Amounts received as reimbursement for an expense of sickness or injury which was deducted in a prior taxable year to the extent that the deduction for such reimbursed expenditure resulted in a tax benefit;

(6) The amount of any federal income tax overpayment for any previous taxable year, received as refund or credited to another taxable year's income tax liability, proportionate to the percentage of federal income tax that was claimed as a deduction in determining Minnesota income tax for such previous taxable year.

The overpayment refund or credit, determined with respect to a husband and wife on a joint federal income tax return for a previous taxable year, shall be reported on joint or separate Minnesota income tax returns. In the case of separate Minnesota returns, the overpayment shall be reported by each spouse proportionately according to the relative amounts of federal income tax claimed as a deduction on his or her separate Minnesota income tax return for such previous taxable year;

(7) In the case of a change of residence from Minnesota to

another state or nation, the amount of moving expenses which exceed total reimbursements and which were therefore deducted in arriving at federal adjusted gross income;

(9) Expenses and losses arising from a farm which are not allowable under section 290.09, subdivision 29;

(11) The amount by which the gain determined pursuant to section 41.59, subdivision 2 exceeds the amount of such gain included in federal adjusted gross income;

(12) To the extent deducted in computing the taxpayer's federal adjusted gross income for the taxable year, losses realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(13) Interest income from qualified scholarship funding bonds as defined in section 103(e) of the Internal Revenue Code of 1954, as amended through December 31, 1976, if the nonprofit corporation is domiciled outside of Minnesota; and

(14) Exempt-interest dividends, as defined in section 852(b) (5)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1976, not included in federal adjusted gross income pursuant to section 852(b) (5)(B) of the Internal Revenue Code of 1954, as amended through December 31, 1976, except for that portion of such exempt-interest dividends derived from interest income on obligations of the state of Minnesota, any of its political or governmental subdivisions, any of its municipalities, or any of its governmental agencies or instrumentalities;

(15) The amount of any excluded gain realized by a trust on the sale or exchange of property as defined in section 641(c) (1).

(b) Modifications reducing federal adjusted gross income. There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a

long-term capital gain for federal income tax purposes, the modification shall be limited to 50 per centum of such portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Interest or dividend income on securities to the extent exempt from income tax under the laws of this state authorizing the issuance of such securities but includible in gross income for federal income tax purposes;

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks resulting from such losses;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether such amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1977. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$10,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) In the case of property acquired on or after January 1, 1973, the amount of any credit to the taxpayer's federal tax liability under section 38 of the Internal Revenue Code of 1954, as amended through December 31, 1976, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(8) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain realized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(9) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(10) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed after December 31, 1977 and before January 1, 1982 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(12) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota; and

(c) Modifications affecting shareholders of electing small business corporations under section 1372 of the Internal Revenue Code of 1954, or section 290.972 of this chapter.

(1) Shareholders in a small business corporation, which has elected to be so taxed under the Internal Revenue Code of 1954, but has not made an election under section 290.972 of this chapter, shall deduct from federal adjusted gross income the amount of any imputed income from such corporation and shall add to federal adjusted gross income the amount of any loss claimed as a result of such stock ownership. Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954,

but has not elected under section 290.972 of this chapter and said corporation is liquidated or the individual shareholder disposes of his stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, such shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

(3) In cases where the election under section 1372 of the Internal Revenue Code of 1954 antedates the election under section 290.972 of this chapter and at the close of the taxable year immediately preceding the effective election under section 290.972 the corporation has a reserve of undistributed taxable income previously taxed to shareholders under the provisions of the Internal Revenue Code of 1954, in the event and to the extent that such reserve is distributed to shareholders such distribution shall be taxed as a dividend for purposes of this act.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that such amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 290.06, Subdivision 14, is amended to read:

Subd. 14. [RESIDENTIAL ENERGY CREDIT.] A credit of 20 percent of the first \$10,000 of renewable energy source expenditures, including the expenditures described in clauses (a), (b) and (d) if made by an individual taxpayer on a Minnesota building of six dwelling units or less and expenditures for biomass conversion equipment described in clause (c), and a credit of 15 percent of the first \$2,000 of energy conservation expenditures made by a taxpayer and installed in or on a dwelling unit located in Minnesota, may be deducted from the tax due under this chapter for the taxable year in which the expenditures were made. For purposes of this subdivision, the term "building" shall include a condominium or townhouse used by the taxpayer as a residence. In the case of qualifying expenditures incurred in connection with a building under construction by a contractor, the credit shall be deducted from the tax liability of the first individual to purchase the building for use as a principal residence or for residential rental purposes; the contractor shall not be eligible for the credit given pursuant to this subdivision for that expenditure.

A "renewable energy source expenditure" which qualifies shall include:

(a) Expenditures which qualify for the federal renewable energy credit, pursuant to Section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto;

(b) Expenditures for earth sheltered dwelling units. For purposes of this credit, an "earth sheltered dwelling unit" shall mean a structure which complies with applicable building standards and which is constructed so that:

(1) 80 percent or more of the wall roof area is covered with a minimum depth of 12 inches of earth; and

(2) 50 percent or more of the wall area is covered with a minimum depth of 12 inches of earth; and

(3) Those portions of the structure not insulated with a minimum of seven feet of earth shall have additional insulation;

(c) Expenditures for biomass conversion equipment which produces ethanol, methane or methanol for use as a liquid fuel which is not offered for sale; and

(d) Expenditures for passive solar energy systems. For purposes of this credit, a "passive solar energy system" is defined to include systems which utilize elements of the building and its operable components to heat or cool a building unit with the sun's energy by means of conduction, convection, radiation, or evaporation. A passive system shall include:

(1) Collection aperture, including glazing installed in south facing walls and roofs; and

(2) Storage element, including thermal mass in the form of water, masonry, rock, concrete, or other mediums which is designed to store heat collected from solar radiation.

A passive system may include:

- (1) Control and distribution element, including fans, louvers, and air ducts; and/or
- (2) Retention element, including movable insulation used to minimize heat loss caused by nocturnal radiation through areas used for direct solar heat gain during daylight hours.

Eligible passive expenditures shall be for equipment, materials or devices that are an integral part of the components listed above and essential to the functioning of a passive design which qualifies pursuant to rules promulgated by the commissioner of revenue in cooperation with the director of the energy agency. Expenditures for equipment, materials, or devices which are a part of the normal heating, cooling, or insulation system of a building are not eligible for the credit.

*An "energy conservation expenditure" is an expenditure which qualifies for the federal energy conservation credit pursuant to section 44C of the Internal Revenue Code of 1954, as amended through December 31, 1979, and any regulations promulgated pursuant thereto.*

*If a credit for a renewable energy expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum renewable energy expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$10,000 reduced by the amount of renewable energy expenditures which a credit was claimed pursuant to this subdivision in prior years. If a credit for an energy conservation expenditure was allowed to a taxpayer under this subdivision for any prior taxable year, the dollar amount of the maximum energy conservation expenditure for which a taxpayer may qualify for a credit under this subdivision in subsequent years shall be \$2,000 reduced by the amount of energy conservation expenditures for which a credit was claimed pursuant to this subdivision in prior years.*

**The A credit provided in this subdivision shall not be allowed in a taxable year if the amount sum of the credit credits provided in this subdivision would be less than \$10.**

*If the a credit allowable under this subdivision exceeds the amount of tax due in a taxable year, the excess credit shall not be refunded but may be carried forward to the succeeding taxable year and added to the credit allowable for that year. No amount attributable to renewable energy source expenditures may be carried forward to a taxable year beginning after December 31, 1984. No amount attributable to energy conservation expenditures may be carried forward to a taxable year beginning after December 31, 1982. In the case of energy conservation expenditures, excess credits may be carried back two years, in chronological order. No credit may be carried back to a taxable year beginning before January 1, 1978. For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to an energy conservation credit carryback*

*under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 46th month following the end of the taxable year of the energy conservation credit which results in the carryback. In the case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of the energy conservation credit, interest shall be computed only from the end of the taxable year in which the energy conservation credit occurs.*

A shareholder in a family farm corporation and each partner in a partnership operating a family farm shall be eligible for the ~~credit~~ credits provided by this subdivision in the same manner and to the same extent allowed a joint owner of property under ~~clause (a)~~ section 44C (d) of the Internal Revenue Code of 1954, as amended through December 31, 1979. "Family farm corporation" and "family farm" have the meanings given in section 500.24.

The ~~credit~~ credits provided in this subdivision ~~is~~ are subject to the provisions of Section 44C, (c) (7), (d) (1) to (3), and (e), of the Internal Revenue Code of 1954, as amended through December 31, 1978, and any regulations promulgated pursuant thereto.

The commissioner of revenue in cooperation with the director of the energy agency shall promulgate rules establishing additional qualifications and definitions for the credits provided in ~~clauses (a) to (d)~~ this subdivision.

*Notwithstanding section 290.61, the commissioner of revenue may request the energy agency to assist in the review and auditing of the information furnished by the taxpayer for purposes of claiming this credit. The provisions of section 290.61 shall apply to employees of the energy agency who receive information furnished by the taxpayer for purposes of claiming this credit.*

~~This subdivision~~ *The credit for renewable energy source expenditures is effective for expenditures made during taxable years beginning after December 31, 1978 and before January 1, 1983. The credit for energy conservation expenditures is effective for expenditures made during taxable years beginning after December 31, 1979, and before January 1, 1983.*

It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.*

*To be eligible for an emergency conservation grant, a household must be certified as eligible to receive emergency residential heat-*

ing assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the energy agency, or (2) be eligible to receive a federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

*Temporary rules to implement this subdivision may be promulgated and amended pursuant to chapter 15. The temporary rules may remain in effect until July 1, 1981.*

Sec. 10. Minnesota Statutes 1978, Section 462A.21, is amended by adding a subdivision to read:

Sec. 2. Minnesota Statutes 1978, Section 174.50, Subdivision 1, is amended to read:

**174.50 [MINNESOTA STATE TRANSPORTATION FUND.]**  
Subdivision 1. State assistance is needed to supplement local effort and the highway user tax distribution fund in financing capital improvements to preserve and develop a balanced transportation system throughout the state. Such a balanced transportation system is a proper function and concern of state government and necessary to protect the safety and personal and economic welfare of all citizens. It requires capital expenditures for public facilities, improvements, and equipment that are complementary, additional, and alternate to the state, county, and municipal highway and street systems financed pursuant to article XIV of the constitution, and are a proper object for contracting public debt and engaging in works of internal improvement under Article XI, section 5, clause (a). Reasons for the expenditures are to prevent obstructions of highway traffic, to harmonize state and local systems with the requirements of the federal interstate highway system, to avoid harmful environmental impact of arterial highways on urban, scenic, and recreational areas, and to reduce the number of private motor vehicles on highways. Capital expenditures of this nature exceed requirements for basic highway systems and should be funded from sources other than the taxes and bonds authorized in article XIV. However, improvements financed by the capital expenditures on routes of trunk highways, county state-aid highways, and municipal state-aid streets alleviate the burden and facilitate the flow of traffic on the routes and tend to reduce the cost of maintenance to the minimum required to accommodate the traffic. Therefore it is determined that the cost of maintenance of these systems, including the improvements, may and shall continue to be paid from taxes authorized in article XIV. Immediate improvement needs are reconstruction and replacement of key bridges and approaches to remove obstructions to the flow of traffic on state and county highways, municipal streets and township roads; and expediting the completion of the interstate highway system in Minnesota by paying the state and local shares of interstate highway segments, and interstate highway substitution projects when approved by the United States secretary of transportation, the governor and the regional councils and local government units responsible.

Sec. 3. Minnesota Statutes 1978, Section 299D.02, Subdivision 1, is amended to read:

299D.02 [TRANSFER OF POWERS.] Subdivision 1. In conjunction with the transfer persons in the classified service of the state who shall be transferred pursuant to section 15.015, subdivision 5, there shall be transferred to the department of public safety the personnel who are presently serving as radio dispatchers for the highway patrol. ~~Such classified employees serving as highway patrol radio dispatchers shall continue to be paid from the trunk highway fund.~~

**Subd. 4. [INVESTMENT.]** *The assets of the post-retirement investment fund shall be invested by the state board subject to the provisions of section 22.*

[DEFERRED YIELD ADJUSTMENT ACCOUNT.]** *There is hereby established a deferred yield adjustment account which shall be increased by the sale or disposition of any debt securities at less than book value and shall be decreased by the sale or disposition of debt securities at more than book value. At the end of each fiscal year, a portion of the balance of this account shall be offset against the investment income for that year. The annual portion of the balance to be offset shall be proportional to the reciprocal of the average remaining life of the bonds sold, unless the amounts are offset by gains on the future sales of these securities. The amount of this account shall be included in the recognized value of assets other than corporate stocks and all other equity investments. In any fiscal year in which the gains on the sales of debt securities exceed the discounts realized on the sales of such securities, the excess shall be used to reduce the balance of the account.*

*Subd. 6. [PARTICIPATING PUBLIC RETIREMENT FUNDS OR PLANS.] Any public retirement fund or plan authorized by law to participate in the post-retirement investment fund shall no later than the commencement of a benefit payment from the post-retirement investment fund, certify and transfer to the state board moneys equal to the actuarially determined reserves required for those retirement annuities and benefits which are payable by the public retirement fund or plan and which are specified in law to be included in the participation in the fund. The state board shall confirm in writing each certification and transfer of moneys made by a participating public retirement fund or plan. Each participating public retirement fund or plan shall maintain adequate records to account for moneys transferred to the post-retirement investment fund.*

*Subd. 7. [PARTICIPATION IN FUND.] Each participating public retirement fund or plan which has transferred moneys to the state board for investment in the post-retirement investment fund shall have an undivided participation in the fund. The participation on any valuation date shall be determined by adding to the participation on the prior valuation date: (a) funds transferred in accordance with subdivision 6, (b) the amount of required investment income on its participation as defined in subdivision 9, clause (1)(c) and (c) the reserves for any benefit adjustment made as of the current valuation date with the result adjusted for any mortality gains or losses determined pursuant to subdivision 11.*

*Subd. 8. [WITHDRAWAL OF MONEYS.] Upon certification by the applicable executive director that a portion of the certified moneys representing the required reserves for various retirement annuities or benefits payable from the participating public retirement fund or plan are required for the payment of a retirement annuity or benefit, the state board shall sell sufficient securities or transfer sufficient available cash to equal the amount of money certified as required and shall order the transfer of that amount to the appropriate executive director.*

*Subd. 9. [CALCULATION OF POST-RETIREMENT ADJUSTMENT.] Annually, following June 30, the state board shall determine whether a post-retirement adjustment shall be payable and shall determine the amount of any post-retirement adjustment which shall be payable.*

*(1) The state board shall determine whether a post-retirement adjustment shall be payable using the following procedure:*

*(a) The state board shall determine the amount of dividends, interest, accruals and realized equity capital gains or losses applicable to the most recent fiscal year ending June 30;*

*(b) The participating public pension funds or plans shall determine the amount of reserves required for every annuitant and benefit recipient as of the current June 30. Every annuitant or benefit recipient who has been receiving an annuity or benefit for at least one year as of the current June 30 shall be eligible to*

receive a post-retirement adjustment. Each fund shall report separately the amount of the reserves for those annuitants and benefit recipients who are eligible to receive a post-retirement benefit adjustment and those annuitants and benefit recipients who are not eligible to receive a post-retirement adjustment. The amount of the required reserves shall be certified to the board as soon as is practical following the current June 30;

(c) The state board shall determine the amount of investment income required to equal five percent of the required reserves as of the preceding June 30 adjusted by five percent of each transfer in or transfer out multiplied by the fraction of a year from the date of transfer to the current June 30. This amount of required investment income shall be subtracted from the actual amount of investment income determined pursuant to clause (1)(a), to determine the amount of excess investment income. If this amount is positive, then a post-retirement adjustment may be paid.

(2) The state board shall determine the amount of any post-retirement adjustment which is payable using the following procedure:

(a) The state board shall determine the amount of excess investment income by the method indicated in clause (1);

(b) The participating public pension funds and plans shall certify to the state board the total required reserves as of the first of January next following the end of the fiscal year for the annuitants and benefit recipients eligible to receive the post-retirement adjustment as determined by clause (1)(b);

(c) If the state board determines that the book value of the assets of the fund is less than an amount equal to 100 percent of the current June 30 required reserves, with the book value to be determined after the adjustments provided for in subdivision 11, then the board shall allocate 25 percent of the excess investment income as an asset of the fund. The remaining 75 percent will be termed available for distribution. The book value of assets on any given date shall be the cost of equity investments and the amortized cost of fixed income investments.

(d) The resulting total amount available for distribution shall be increased by two and one-half percent, and the result shall be stated as a percentage of the total required reserves pursuant to clause (2)(b), and shall be certified to each participating public pension fund or plan as the amount of the post-retirement adjustment.

**Subd. 10. [PAYMENT OF POST-RETIREMENT ADJUSTMENT.]** Upon receiving the certification of the amount of the post-retirement adjustment from the state board, each participating public pension fund or plan shall determine the amount of the post-retirement adjustment payable to each eligible annuitant and benefit recipient. The dollar amount of the post-retirement adjustment payable to each annuitant or benefit recipient shall be calculated by applying the certified post-retirement adjustment percentage to the amount of the monthly annuity or benefit

payable to each eligible annuitant or benefit recipient. The post-retirement adjustment shall commence to be paid on January 1 following the calculations required pursuant to this section and shall thereafter be included in the monthly annuity or benefit paid to the recipient. Notwithstanding Minnesota Statutes, Section 356.18, any adjustment pursuant to this section shall be paid automatically unless the intended recipient files a written notice with the applicable participating public pension fund or plan requesting that the adjustment not be paid.

**Subd. 11. [ADJUSTMENT FOR MORTALITY GAINS AND LOSSES.]** As of June 30 annually, the actuary of each participating public pension fund or plan shall calculate the amount of required reserves representing any mortality gains and any mortality losses incurred by the fund or plan during the fiscal year. The actuary shall report separately the amount of the reserves for annuitants and benefit recipients who are eligible for a post-retirement benefit adjustment and the amount of reserves for annuitants and benefit recipients who are not eligible for a post-retirement benefit adjustment. If the net amount of required reserves represents a mortality gain, the participating public pension fund or plan shall certify that amount to the state board, which shall sell sufficient securities or transfer sufficient available cash to equal the amount of money certified. If the amount of required reserves represents a mortality loss, the participating public pension fund or plan shall transfer to the state board an amount equal to the amount of the net mortality loss. The amount of the transfers shall be determined before any post-retirement benefit adjustments have been made. All book values of the assets of the fund for the purposes of subdivision 9 shall be determined only after all adjustments for mortality gains and losses for the fiscal year have been made.

**Subd. 12. [APPROPRIATION OF REQUIRED AMOUNTS.]** All moneys necessary to meet the requirements of the certification of withdrawals and all moneys necessary to pay post-retirement adjustments pursuant to this section are hereby and from time to time appropriated from the post-retirement fund to the state board.

*Subd. 5. [VALUATION OF FUND.] The variable annuity investment fund shall be valued by the state board bimonthly, using the closing market prices of the last business days of August, October, December, February, April and June of each fiscal year. The ratio of the total market value of investments to the admitted value of investments at the end of the preceding fiscal year, plus the cost of investment acquired, less the net receipts from investments sold during the fiscal year, shall be determined for each valuation date. The admitted value of the investments of the variable annuity investment fund at the end of each fiscal year shall be the book value of all investments held at that date multiplied by the average of the ratios at the 12 bimonthly valuation dates for the fiscal year and the immediately preceding fiscal year. **Subd. 8. [RATE OF RETURN.]** *The total annual increment or decrement divided by the admitted value of the assets of the Minnesota variable annuity fund, as computed pursuant to subdivision 5, shall be defined as the rate of return for the fiscal year. 43.064 [OTHER SALARIES SET BY COMMISSIONER OF PERSONNEL.] Notwithstanding any other law to the contrary, compensation for all unclassified positions in the executive branch not enumerated in the listing described in section 15A.081, shall be established by the commissioner except for the following: (1) positions listed in section 299D.03; (2) employees in the office of the governor whose salaries shall be determined by the governor; (3) employees in the office of the attorney general; (4) *employees of the state board of investment*; (5) positions in the state university system, the community college system, and in the higher education coordinating board whose primary duties consist of instructing and counseling students, directing academic programs of schools, divisions or departments of colleges and community colleges, or conducting research on academic subjects, or conducting academic support programs; and the positions of state university and community college presidents. Individual salaries for positions enumerated in clauses (3) and , (4) and (5) and for classified hearing examiners in the office of hearing examiners shall be determined by the attorney general, *the state board of investment*, the state university board, the state board for community colleges, the higher education coordinating board, and the chief hearing examiner, respectively, within the limits of salary plans which shall have been approved by the commissioner before becoming effective.

No provision of any subsequent law relating to salaries of state employees shall be construed as inconsistent with this section unless it is expressly provided in ~~such~~ *the* subsequent act that the provisions of this section shall not be applicable or shall be superseded, amended, or repealed.

Sec. 27. Minnesota Statutes 1978, Section 69.77, Subdivision 2, as amended by Laws 1980, Chapter 341. Section 1, is amended to read:

Subd. 2. Subdivision 1 does not apply to an association enumerated in subdivision 1a under the following circumstances:

(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1981, a contribution for retirement and survivorship benefits of not less than eight percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that ~~such~~ *the* contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year, any increase in the amount of contributions required by this section may be spread over several years, but the increase in rate of contribution in each year commencing in 1981 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firefighters, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before the date established by the municipality, which shall not be later than September 1 and shall not be earlier than August 1, of each year the financial requirements and minimum obligation of the association for the following calendar year in accordance with the following requirements:

The financial requirements shall be based on the most recent actuarial survey prepared in accordance with sections 356.215, subdivision 4 and 356.216.

The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

The total of these two amounts represents the financial requirements of the association for the following year.

Except as otherwise provided in this paragraph, the minimum

obligation of the governmental subdivision shall be the financial requirements of the association less member contributions herein provided from covered salary and less one year's estimated receipts expected from the state of Minnesota through state collected insurance premium taxes or other state aids. The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body not later than September 1 of each year so that it may ascertain if it has been prepared in accordance with law.

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level; the levy of such taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the officers of the association shall certify that amount to the county auditor, who shall spread a levy in the amount of such *the* obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments ~~for funds of the Minnesota state retirement system pursuant to section 22~~, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the three percent stock limitation ~~applicable to the Minnesota state retirement system specified in~~

*section 22, subdivision 5 would necessitate a lesser investment. Securities held by the association before July 1, 1971, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21 15, provided that there be no limit to the amount which may be invested in the income share account described in section 11.18, subdivision 2, or in the fixed-return account described in section 11.18, subdivision 3a, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement investment fund may be invested in the growth share account described in section 11.18, subdivision 3.*

(8) The association shall procure an actuarial survey showing the condition of its fund pursuant to section 356.216 as of December 31, 1978, and shall procure an actuarial survey every two years thereafter. The association shall also procure a quadrennial experience study pursuant to section 356.216 as of December 31, 1978, and shall procure a quadrennial experience study every four years thereafter. A copy of the actuarial survey and the quadrennial experience study shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and retirement, and the commissioner of insurance, not later than June 1 of the following year.

Securities held by the associations before January 1, 1972, which do not meet the requirements of this section may be retained after that date if they were proper investments for the association on May 14, 1971. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21 15, provided that there be no limit to the amount which may be invested in the income share account described in section 11.18, subdivision 2, or in the fixed-return account described in section 11.18, subdivision 3a, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account described in section 11.18, subdivision 3.

Bonds issued pursuant hereto may be purchased by the state board of investment for the permanent school fund, swamp land fund, internal improvement land fund, or any other fund for which investments may be made by the state board of investment or may be sold elsewhere at public or private sale and shall be deemed "authorized securities" within the provisions of section 50.14 and acts amendatory thereof or supplemental thereto.

Sec. 30. Minnesota Statutes 1978, Section 167.42, is amended to read:

167.42 [PLEDGE OF FULL FAITH AND CREDIT.] The full faith and credit of the state of Minnesota is hereby irrevocably pledged to the payment of the principal of and the interest on the bonds authorized by sections 167.39 to 167.45. Such *The* bonds shall be issued and sold on competitive bids after reasonable notice, or direct to the state board of investment without bids and that board is hereby authorized to invest any funds under its control or discretion in any of these bonds, notwithstanding any limitations imposed by section 11.10 or any other provisions of law. Such *The* bonds shall be issued and sold by the state auditor under such rules and regulations and in such *the* form and denominations as he shall determine and shall be attested by the secretary of state. Such *The* rules may provide for the maturity, registration, conversion and exchange of the bonds so issued; all bonds maturing more than three years after their date may be made redeemable at par at the expiration of such *the* three years and on each interest payment date thereafter upon such notice as such *the* rules, made prior to the issuance of the bonds, may provide. All expenses incident to the printing and the sale of the bonds, including actual and necessary traveling expenses of state officers and employees for such *the* purpose, shall be paid from the trunk highway fund and the amounts therefor are hereby appropriated from said *that* fund. The provisions of sections 15.041 to 15.044 shall not apply to the rules and regulations promulgated pursuant hereto. The state auditor shall keep a record showing the number, date of issue and date of maturity of each such bond.

Sec. 31. Minnesota Statutes 1978, Section 167.50, Subdivision 2, is amended to read:

Subd. 2. Said *The* bonds shall be issued and sold upon sealed bids after two weeks' published notice, or they may be sold directly to the state board of investment without bids. They shall mature serially over a term not exceeding 20 years from their respective dates of issue, shall not be sold for less than par and accrued interest, and shall not bear interest at a greater rate than

five percent per annum. Subject to the foregoing limitations, and subject to any other limitations stated in the acts authorizing *such the* bonds and appropriating the proceeds thereof, but not subject to the provisions of sections 15.0411 to 15.0422, *such the* bonds shall be issued and sold in *such the* number of series, at *such* times, in *such the* form and denominations, bearing interest at *such the* rate or rates, maturing on *such* dates, either without option of prior redemption or subject to prepayment upon *such* notice and at *such the* times and prices, payable at *such the* bank or banks, within or without the state, with *such* provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale and delivery of definitive bonds, and in accordance with such further regulations, as the commissioner of finance may determine. The bonds shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signature of one of these officers on the face of any bond, and their seals, and the signatures of both officers on the interest coupons appurtenant to any bond, may be printed, lithographed, stamped, or engraved thereon.

Sec. 32. Minnesota Statutes 1978, Section 193.146, Subdivision 4, is amended to read:

Subd. 4. [SALE.] *Such The* bonds shall be sold by *such the* corporation under *such* notice and upon *such the* terms and at *such* times as the corporation shall deem best. *Such The* bonds shall not be deemed or construed to be debts of the state of Minnesota or of the county or municipality in which *such the* armory is situated, nor to impose any personal liability upon any member of *such the* corporation, but shall be payable solely out of the income to be received by *such the* corporation as specified herein. Bonds legally issued pursuant hereto may be purchased by the state board of investment for the permanent school fund, permanent university fund, swamp land fund, internal improvement land fund, or any other trust fund of the state of Minnesota, or for any other fund administered by *such* board, and shall be deemed authorized securities within the provisions of section 50.14, and laws supplemental thereto, and shall be proper for the investment of capital, surplus, or deposits of any savings bank or trust company, and for the investment of funds of any insurance company, and for the investment of any sinking funds held by any public or municipal corporation, and may be pledged by any bank or trust company as security for the deposit of public moneys therein in lieu of surety bonds. *Such The* bonds shall be deemed and treated as instrumentalities of a public governmental agency, and as such shall be exempt from taxation.

If an adjustment from the Minnesota adjustable fixed benefit fund pursuant to section 11.25 is payable as of January 1, 1970, the required reserves for the increase determined using a five percent interest assumption and the applicable Minnesota state retirement system mortality table shall be transferred by the Minnesota state retirement system to the Minnesota adjustable fixed benefit fund on January 1, 1970. Subd. 3. [DEPOSIT ACCUMULATION FUND.] The deposit accumulation fund shall consist of the assets held in such fund, increased by amounts contributed by or for employees, amounts contributed by the city, amounts contributed by municipal activities supported in whole or in part by revenues other than taxes and amounts contributed by any public corporation, and by income from investments. Sec. 52. Minnesota Statutes 1978, Section 422A.06, Subdivision 5, is amended to read:

Subd. 5. [VALUATION OF ASSETS; ADJUSTMENTS OF BENEFITS.] (a) For those members retiring pursuant to sections 422A.01 to 422A.25, assets equal to the required reserves as determined in accordance with a mortality table appropriate to the fund with an interest assumption of five percent, shall be transferred to the Minnesota adjustable fixed-benefit fund ~~or~~, the disability benefit funds as provided in subdivision 7, *or the retirement benefit fund* except for any amounts payable from the survivor benefit fund, as of date of retirement.

(c) Notwithstanding the provisions of section 356.18 increases in annuity payments pursuant to this section will be made automatically unless written notice on a form prescribed by the board is filed with the retirement board requesting that the increase shall not be made.

(d) All annuities payable from the Minnesota adjustable fixed-benefit fund which are in effect on June 30, 1973 shall be increased in the same ratio that the actuarially computed reserve for such annuities determined by using an interest assumption of 3½ percent bears to the actuarially computed reserve for such annuities determined by using an interest assumption of five percent. The reserves upon which such increases shall be based shall be the actuarially determined reserves for all Minnesota adjustable fixed-benefit fund annuities which were in effect on December 31, 1972, in accordance with the mortality assumptions then in effect and at interest assumptions of 3½ percent and five percent. ~~Such~~ *The* ratio of increase computed to the last full 1/100 of one percent shall be applied to all annuities payable from the Minnesota adjustable fixed-benefit fund which are in effect on June 30, 1973. Any additional annuity shall begin to accrue on July 1, 1973 and shall be considered as part of the base amount to be used in determining any increase which may become effective on January 1, 1974 under the provisions of section 11.25, subdivisions 12 and 13.

(e) All assets in the annuity stabilization reserve and suspense account shall be credited proportionately to the individual retirement funds' participation in the Minnesota adjustable fixed-bene-

fit fund. Effective January 1, 1974 each participating fund in the Minnesota adjustable fixed-benefit fund, except the municipal employees retirement fund, shall increase the benefits in effect on June 30, 1973 by an amount that when added to the increase granted to such benefits effective July 1, 1973, equals 20 percent. The increase shall apply to accrual of benefits commencing January 1, 1974 and shall be in lieu of the adjustment provided by *Minnesota Statutes, 1973 Supplement*, Section 11.25, Subdivisions 12 and 13 scheduled to take effect January 1, 1974. The municipal employees retirement fund of Minneapolis shall determine the increase if any in accrual of benefits commencing January 1, 1974, determined on the basis of its entire participation in the manner provided in *Minnesota Statutes, 1973 Supplement*, Section 11.25, Subdivisions 12 and 13 as amended by *Laws 1973, Chapter 7*.

(f) The actuary for each participating fund shall calculate the reserve required to support the benefits in effect on June 30, 1973 as increase July 1, 1973 and herein. As of December 31, 1973, each participating fund shall transfer to or from the Minnesota adjustable fixed-benefit fund assets so that its participation equals the total of such required reserves and the reserve for benefits authorized on or after July 1, 1973. The increased benefits accruing as of January 1, 1974 shall be considered the "originally determined benefits" for the purpose of future adjustments.

Sec. 53. Minnesota Statutes 1978, Section 422A.06, is amended by adding a subdivision to read:

*Subd. 8. [RETIREMENT BENEFIT FUND.] The retirement benefit fund shall consist of amounts held for payment of retirement allowances for members retired pursuant to sections 422A.01 to 422A.25. For members retiring after June 30, 1980, assets equal to the required reserves pursuant to law shall be transferred from the deposit accumulation fund to the retirement benefit fund. All income from investments of these assets shall be allocated to this fund. There shall be paid from this fund all the retirement annuities authorized by law.*

*The state board of investment shall transfer the assets in the Minnesota adjustable fixed benefit fund belonging to the retired members of the Minneapolis employees retirement fund to the retirement board, for deposit in the retirement benefit fund. The assets of the retirement benefit fund shall be invested in the same manner as provided by law for the Minnesota adjustable fixed benefit fund.*

*Notwithstanding any law to the contrary, the transfer of assets from the adjustable fixed benefit fund to the retirement board will be based on the proportional share of required reserves of the Minnesota adjustable fixed benefit fund owned by Minneapolis retirement fund members on June 30, 1980, as determined by the actuary for the legislative commission on pensions and retirement. The Minneapolis municipal employees retirement fund shall reimburse the legislative commission on pensions and retirement for any expenses for actuarial services which it incurs by virtue of the services provided by its actuary as required by this section.*

*These expenses shall be paid by the fund upon certification of the required amount by the chairman of the commission. Special auditing and valuation expenses incurred by the state board of investment in connection with this transfer shall be paid by the Minneapolis employees retirement fund. The proportional share of reserves owned shall determine the proportional share of the market value of the Minnesota adjustable fixed benefit fund to be transferred.*

*As of June 30, 1980, the liability for the payment of all annuities to annuitants of the Minneapolis municipal employees retirement fund previously payable from the Minnesota adjustable fixed benefit fund shall be transferred to the retirement benefit fund of the Minneapolis municipal employees retirement fund and shall no longer be the liability of the Minnesota adjustable fixed benefit fund. The liability transferred shall be equal to the actuarially determined reserves of the Minneapolis municipal employees retirement fund in the Minnesota adjustable fixed benefit fund on June 30, 1980, as that term is defined in Minnesota Statutes 1978, Section 11.25, Subdivision 9. For purposes of accounting for the liability transferred from the Minnesota adjustable fixed benefit fund and for purposes of the calculation of any potential future post retirement adjustments, there shall be established in the retirement benefit fund an annuity stabilization reserve in order to eliminate any deficiency so that the assets of the retirement benefit fund will equal the actuarially determined reserves required to support the annuities being paid. Benefit increases and amortization of the annuity stabilization reserves will be in accordance with the methods provided for the Minnesota adjustable fixed benefit fund.*

*At the close of the business day on June 30, 1980, there shall be transferred to the retirement board title to no less than 90 percent of the total value of the estimated Minneapolis employees retirement fund participation. All market valuations shall be determined by a nationally recognized firm known to perform such evaluations mutually agreed upon by the investment board and retirement board. The transfer shall be in securities mutually agreeable to both parties and cash, representative of the portfolio composition on June 30, 1980, except funds paid after January 1, 1980, shall be transferred in cash. The remainder of the transfer shall be in cash with interest at the average rate earned on the Minnesota adjustable fixed benefit fund short term portfolio fund from June 30 to the date of transfer once the actuarial determination of the proportional share of reserves owned by the Minneapolis retirement fund is calculated by the actuary for the legislative commission on pensions and retirements.*

*The state auditor representing the Minneapolis employees retirement fund and the legislative auditor representing the investment board shall supervise the transfer to assure its fairness to the Minneapolis fund and the Minnesota adjustable fixed benefit fund.*

*The provisions of this subdivision shall not be implemented until the retirement board, by a majority vote of its members,*

*elects to establish a retirement benefit fund and implement the provisions of this subdivision. The election shall be made within 45 days after the effective date of this subdivision.*

Sec. 54. Minnesota Statutes, 1979 Supplement, Section 422A.06, Subdivision 2, is amended to read:

Subd. 2. Prior to August 31 of each year the retirement board shall prepare an itemized statement of its financial requirements from tax revenue for the succeeding fiscal year. A copy of the statement shall be submitted to the board of estimate and taxation and to the city council prior to September 15 of each year. This statement shall include:

(c) The cost of handling the retirement benefits of any public corporation and its employees who have availed themselves of the provisions of sections 422A.01 to 422A.25.

(2) An estimated amount not to exceed  $7\frac{1}{4}$  percent of the salaries and wages of all employees covered by the retirement fund less any amounts contributed for current cost of future retirement benefits by any city-owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than taxes, or any public corporation.

(3) The estimated amount to meet the requirements of section 422A.06, subdivision 3, less any amounts contributed for this purpose by any city-owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than taxes, or any public corporation.

(4) The cost of all monthly survivor's benefits provided in section 422A.23 as an obligation of the city and any of its boards, departments, commission or public corporations as therein provided, less any amounts contributed for this purpose by any city-owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than taxes, or any public corporation.

(5) Such other levies and financing as are required by law.

(6) The total of items 1, 2, and 3 above shall be increased or decreased as the case may be by any deficiency or excess of the amount of tax revenue actually collected within the preceding fiscal year under or over the amount actually determined to meet the financial requirements of the fund for such year. In no event shall the amount requested for levy exceed the total of entry age

normal cost, less the amounts contributed by the employees, plus administrative expense, plus an amount necessary to amortize on a level annual dollar basis the principal amount of the actuarial deficit by the year 2017 using an interest rate of five percent, compounded annually, plus interest upon any deficiency from the previous year's levy at the rate of ~~four~~ six percent per annum. This limit does not apply to the requirements for survivors benefits provided in section 422A.23 nor to any levy which is administered by the retirement board pursuant to special act.

The county shall collect and pay to the retirement fund the employee contribution. A tax shall be levied by Hennepin county to defray the cost of such retirement allowances which may be in addition to all other taxes levied by the county. (5) A person who is exempted from the contributing class by Minnesota Statutes 1974, Section 422A.09, Subdivision 3, Clauses (4) and (5), but who is employed by and paid, in whole or in part, by the city or any of its boards, departments, or commissions, operated as a department of the city government or independently, if financed in whole or in part by city funds, including any person employed by a public corporation as herein defined, and including any person employed by the Minneapolis school district, each of whom is not a member of any other retirement system, who later becomes a contributing member of the fund may elect to qualify such time for credit by paying into the fund an amount equal to the amount of contributions to the fund which such person would have made had he been a contributor to the fund since the date he first qualified as an exempt member of the contributing class, in accordance with the method of contribution herein provided, plus four percent compound interest.

(6) Any person who is employed by the city or any of its boards, departments, commissions or a public corporation, as herein outlined, and is excluded from participation in the fund by paragraph (4) shall be separated from the service upon reaching the age of 70 regardless of the provisions of the veterans preference act.

"[471.982] [REVIEW OF JOINT SELF INSURANCE POOL.]  
Subdivision 1. Prior to the formation of a pool, there shall be submitted for approval to the commissioner of insurance a complete written proposal of the pool's operation, including, but not limited to, administration, claims adjusting, membership, capitalization, and provision for payment of claims exceeding the pool's assets. The commissioner shall review the proposal and approve or disapprove within 60 days after receipt to assure that proper insurance techniques and procedures are included in the proposal. If the commissioner does not disapprove within 60 days after receipt of the proposal, the proposal is deemed approved. Each pool shall file with the commissioner of insurance on or before March 1 of each year a written report in a form prescribed by the commissioner as to its condition. The report shall include a detailed statement of assets and liabilities, the amount and character of the business transacted, and the moneys reserved and expended during the previous year.

Subd. 2. The commissioner of insurance is authorized to promulgate administrative rules, including emergency rules pursuant to sections 15.0411 to 15.052. These rules may provide standards

*or guidelines governing the formation, operation, administration, dissolution of self insurance pools, and other reasonable requirements to further the purpose of this section and shall at a minimum require the following:*

*(a) All participants in the pool are jointly and severally liable for all claims and expenses of the pool;*

*(b) Each pool shall contract with a service company licensed by the commissioner to provide or contract for all administrative services required by the pool. No vendor of risk management services or entity administering a self insurance plan under this section may transact such business in this state unless it is licensed to do so by the commissioner. The license shall be granted only when the commissioner is satisfied that the entity possesses the necessary organization, background, expertise, and financial integrity to supply the services sought to be offered. The commissioner may issue a license subject to restrictions or limitations upon the authorization, including the type of services which may be supplied or the activities which may be engaged in. The license fee shall be \$100. All licenses shall be for a period of two years;*

*(c) The service company has sole responsibility for the settlement of all claims against the pool or its members for which the pool may provide indemnification;*

*(d) A minimum premium volume for each pool shall be established. The minimum premium volume may differ because of the kinds of coverage provided, and the limits of liability for the coverage;*

*(e) All premiums or other assessments due to the pool from members shall be payable prior to the period for which coverage is being provided, or at equal intervals throughout the period;*

*(f) Premiums shall either be established by an actuary approved by the commissioner or shall be premiums filed by a licensed rate service organization with reductions permitted solely for administrative or premium tax savings;*

*(g) The commissioner may require each pool to purchase excess insurance above certain limits and in a particular form. The limits or form of the excess insurance may differ based on the kinds of coverage offered by a pool, the limits of liability of the coverage, and the revenues available to pool members for the payment of premiums or assessments;*

*(h) Each pool shall be audited annually by a certified public accountant;*

*(i) Limitations on the payment of dividends to pool members may be established as necessary to assure the solvency of the pool;*

*(j) No participant may withdraw from a pool for a period of at least three years after its initial entry into the pool;*

*(k) The amount of any liabilities in excess of assets shall be assessed to members of the pool within 30 days after a deficiency is identified and shall be payable by the member within 90 days;*

*(l) The investment policies of the pool shall be governed by the laws governing investments by cities pursuant to section 475.66;*

*(m) Pools shall be subject to the standards of unfair methods of competition and unfair or deceptive acts or practices established in Minnesota Statutes, Chapter 72A;*

*(n) Other requirements that are necessary to protect the solvency of the pool, the rights and privileges of claimants against the pool, and citizens of the members of the pool shall be included in the rules.*

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Section 273.36, is amended to read:

**273.36 [ELECTRIC LIGHT AND POWER COMPANIES.]** Personal property of electric light and power companies having a fixed situs in any city in this state shall be listed and assessed where situated, without regard to where the principal or other place of business of the company is located. *Transmission lines having a voltage of 69 kv and above, all attachments and appurtenances thereto, having a fixed situs in this state shall be listed and assessed where situated, without regard to where the principal or other place of business of the company is located.*

Sec. 2. Minnesota Statutes 1978, Section 273.37, Subdivision 2, is amended to read:

Subd. 2. All *Transmission lines of less than 69 kv* and distribution lines, and equipment attached thereto, having a fixed situs outside the corporate limits of cities except distribution lines taxed as provided in sections 273.40 and 273.41, shall be listed with and assessed by the commissioner of revenue in the county where situated. The commissioner shall assess such property at the percentage of market value fixed by law; and, on or before the fifteenth day of November, shall certify to the auditor of each county in which such property is located the amount of the assessment made against each company and person owning such property.

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 273.42, is amended to read:

**273.42 [RATE OF TAX; ENTRY AND CERTIFICATION; CREDIT ON PAYMENT; PROPERTY TAX CREDIT.]** Subdivision 1. The property set forth in section 273.37, subdivision 2, consisting of transmission lines of *less than 69 kv*, and distribution lines not taxed as provided in sections 273.38, 273.40 and 273.41 shall be taxed at the average rate of taxes levied for all purposes throughout the county and shall be entered on the tax lists by the county auditor against the owner thereof and certified to the county treasurer at the same time and in the same manner that other taxes are certified, and, when paid, shall be credited, 35 percent to the general revenue fund of the county, 50 percent to the general school fund of the county, and 15 percent to the townships within the county in which the lines are located, after deducting the amount required for the property tax credit as provided in subdivision 2. The amount available for distribution to the townships shall be divided among the townships in the same proportion that the length of transmission line in each township bears to the total length of transmission line in the county, ~~except that if a payment to a town exceeds ten percent of the town's levy for the preceding year, the excess amount shall be paid to the county.~~

Subd. 2. Owners of land defined as class 3, 3b, 3c, 3cc, 3d or 3f pursuant to section 273.13 listed on records of the county auditor or county treasurer over which runs a high voltage transmission line as defined in section 116C.52, subdivision 3, except a high voltage transmission line the construction of which was commenced prior to July 1, 1974, shall receive a property tax credit in an amount determined by multiplying a fraction, the numerator of which is the length of high voltage transmission line which runs over that parcel and the denominator of which is the total length of that particular line running over all property within the ~~county~~ *city or township* by ten percent of the transmission line tax revenue derived from the tax on that ~~portion of the line within the city or township~~ pursuant to ~~this~~ section 273.36. Where a right-of-way width is shared by more than one property owner, the numerator shall be adjusted by multiplying the length of line on the parcel by the proportion of the total width on the parcel owned by that property owner. The amount of credit for which the property qualifies shall not exceed 20 percent of the total gross tax on the parcel prior to deduction of the state paid agricultural credit and the state paid homestead credit. *provided that, if the affected parcel is included on the property tax statement of the landowner as part of a parcel which exceeds 40 acres, the total gross tax on the parcel shall be multiplied by a fraction, the numerator of which is 40 and the denominator of which is the total number of acres in the parcel set forth on the tax statement, and the maximum credit shall be 20 percent of the product of that computation, prior to deduction of those credits. The auditor of the county in which the affected parcel is located shall calculate the amount of the credit due for each parcel and*

*transmit that information to the county treasurer. The county auditor, in computing the credits received pursuant to sections 273.13 and 273.135, shall reduce the gross tax by the amount of the credit received pursuant to this section, unless the amount of the credit would be less than \$10.*

Sec. 4. Minnesota Statutes, 1979 Supplement, Section 275.51, Subdivision 3d, is amended to read:

Subd. 3d. The property tax levy limitation for governmental subdivisions in 1977 payable in 1978 and subsequent years shall be calculated as follows:

(a) The sum of the following amounts shall be computed: (1) the property tax permitted to be levied in 1976 payable 1977 computed pursuant to Minnesota Statutes 1976, Section 275.51, Subdivision 3c, plus

(4) the amount levied in 1976 payable 1977 pursuant to Minnesota Statutes 1976, Section 275.50, Subdivision 5, Clause (g) for the administrative costs of public assistance programs or county welfare systems, plus

(5) one-half of the amount of the special levy authorized under section 275.50, subdivision 5, clause (n) shall be added to the permanent levy limit base of the governmental subdivision in the year following the year in which it has been discontinued as a special levy pursuant to the provisions of section 275.50, subdivision 5, clause (n).

(b) The sum computed in clause (a) shall be increased annually in the manner provided in section 275.52 to derive the levy limit base for successive years.

(c) For taxes levied in 1978 payable 1979 and subsequent years, the levy limit base is the levy limit base which was computed for the immediately preceding year under the provisions of this section increased according to the provisions of section 275.52. To determine the levy limit base for taxes levied in 1979 payable 1980 and subsequent years, (a) the levy limit base used for taxes levied in 1979 payable in 1980 shall be increased by the excess of the amount levied in 1979 for refuse collection and street maintenance over the amount levied in 1978 payable 1979 for those purposes; and (b) in the case of a city of the first class located within the metropolitan area defined in section 473.121, subdivision 2, for the purpose of calculating the levy limit base to be used for taxes

levied in 1979, payable 1980, the levy limit base used for taxes levied in 1978, payable 1979, shall be reduced by an amount sufficient to reduce the levy limitation for taxes levied in 1978 payable 1979 by 15 percent. *To determine the levy limit base used for taxes levied in 1981 payable in 1982 and subsequent years, the levy limit base used for taxes levied in 1981 payable in 1982 shall be increased by the revenue derived by the governmental subdivision for taxes levied in 1980 payable in 1981 from property assessed under Minnesota Statutes 1978, Section 273.37.* Any amount levied in 1976 payable 1977 under the provisions of section 275.50, subdivision 5, clauses (a), (c), (d), (e) or (f) to meet the costs of programs, services or legal requirements which cease to exist in a subsequent year shall be subtracted from the levy limit base in the year in which the programs, services or legal requirements for which the levy was made cease to exist.

(d) The levy limit base shall be reduced by the total amount of state formula aids pursuant to section 477A.01 and taconite taxes and aids pursuant to sections 294.26; 298.26; 298.28, subdivision 1; 298.282 and state reimbursements for wetlands property tax exemptions provided in section 272.02, subdivision 1, clause (16); and the payments in lieu of taxes to a county pursuant to section 477A.12 which are required to be used to provide property tax levy reduction, to be paid in the calendar year in which property taxes are payable. As provided in section 298.28, subdivision 1, for taxes payable in 1978 and 1979, two cents per taxable ton, and for taxes payable in 1980 and thereafter, one cent per taxable ton of the amount distributed under section 298.28, subdivision 1, clause (4) (c) shall not be deducted from the levy limit base of the counties that receive that aid. The resulting figure is the amount of property taxes which a governmental subdivision may levy for all purposes other than those for which special levies and special assessments are made.

In developing the plan, the board shall: consult with the hazardous waste management advisory committee, state agencies, regional and local governments, industry and citizens of the state; hold at least two public meetings outside of the metropolitan area to solicit comments and recommendations; and prepare environmental and economic impact statements which provide appropriate analysis of the alternatives, consequences and costs of hazardous waste management and facility development within the state. On or before April 1, 1981, the board shall prepare a draft plan and publish it in the state register and complete the impact statements. On or before May 1, 1981, the board shall hold a public hearing to solicit comments and recommendations on the draft plan. The facility development element shall provide for the establishment of at least one commercial hazardous waste disposal facility in the state; indicate the types and volumes of waste for which processing and disposal facilities are and will be needed through the year 2000 including a specific delineation of the minimum containment capacity of the commercial hazardous waste disposal facility; and the approximate number, types, sizes, operating life, and function or use of the disposal and processing facilities needed in the state. The disposal facility development element shall certify need only to the extent that the board has determined that there are no reasonably available and prudent alternatives including the degree of abatement achievable through waste reduction, waste separation, pre-treatment processing and resource recovery. The facility development plan shall be designed to minimize adverse impact upon natural resources. Economic considerations alone shall not justify disposal nor the rejection of alternatives. The standards and criteria for the review of sites and facilities shall be consistent with, but more specific than, the evaluation factors contained in article III, section 5, subdivision 2 and shall not duplicate or attempt to substitute for state and federal regulations governing hazardous waste sites and facilities. The abatement element shall include policies and recommendations for abating the production of hazardous wastes and reducing the amount of hazardous waste which needs to be processed and disposed within the state. The abatement plan shall contain specific alternative abatement objectives and recommended management methods and technologies, and private and public actions, facilities and services, and levels of public and private expenditure necessary to achieve the alternative abatement objectives."*

[ELIGIBILITY.] The following persons shall be eligible to request supplementary review by the board pursuant to this article: (a) a generator of sewage sludge within the state which has been issued permits by the agency for a facility to dispose of sewage sludge or solid waste resulting from sewage treatment; (b) a person who has been issued permits by the agency for a solid waste facility located outside the metropolitan area; (c) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator exclusively for managing the hazardous wastes produced by the generator; (d) a generator of hazardous waste within the state, or an entity composed of or under contract to such generators, which has been issued permits by the agency for an interim storage facility for hazardous waste*

*pursuant to article XI, section 9; and (e) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to article II, section 7.*

**Sec. 3. [REQUEST FOR REVIEW.]** *An eligible person may request a supplementary review by the board. The request shall show that the required permits for the facility have been issued by the agency, and that a political subdivision has refused to approve the establishment or operation of the facility. For requests by political subdivisions for review under section 2, clause (b), the board may require completion of a plan conforming to the requirements of article V, section 5, before granting review.*

**Sec. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.]** *Within 45 days of the submission of a request determined by the board to satisfy the requirements for review under this article, temporary board members shall be added to the board for the purpose of the supplementary review. Three members shall be selected by the governing body of the city or town in which the waste management board determines the facility would be principally located, and three members shall be selected by the governing body of the county in which the waste management board determines the proposed facility would be principally located. If the proposed facility is located in unorganized territory, all six members shall be selected by the governing board of the county. Temporary members shall be residents of the county in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. Temporary board members shall serve for terms lasting until the board has taken final action on the project.*

**Sec. 5. [REVIEW PROCEDURE.]** *The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairperson shall recommend and the board establish a scope and procedure for its review and final decision on the proposed facility. The procedure shall require the board to make a final decision on the proposed facility within 90 days following the commencement of review. The procedure shall require the board to conduct at least one public meeting in the county within which the proposed facility would be located. Notice of the meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the proposed permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency notice of intent, and the board's scope*

and procedure for review are available for review and where copies may be obtained.

**Sec. 6. [SCOPE AND CONTENT OF REVIEW.]** *In its review and final decision on the proposed facility, the board shall consider at least the following matters:*

(a) *the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of hazardous wastes during transportation to the facility, water, air, and land pollution, and fire or explosion where appropriate, and the degree to which the risk or effect may be alleviated;*

(b) *the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;*

(c) *opportunities to apply local regulations and requirements to the proposed facility at the proposed site;*

(d) *the adverse effects of the facility on natural resources and opportunities to mitigate or eliminate the adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;*

(e) *the need for the proposed facility, especially its contribution to abating solid and hazardous waste disposal, the availability of alternative sites, and opportunities to mitigate or eliminate need by additional and alternative waste management strategies or actions of a significantly different nature; and*

(f) *whether, in the case of resource recovery facilities, the applicant has considered all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of all such alternatives, including capital and operating costs, and the effects of all such alternatives on the cost to generators.*

**Sec. 7. [DECISION OF BOARD.]** *In its final decision in the review, the board may:*

(a) *disapprove the facility;*

(b) *approve the facility and the agency permits; or*

(c) *approve the facility but add more stringent stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the site proposed.*

*The board shall not stipulate or establish conditions or requirements which are less stringent than those established by the agency permits. The board shall not stipulate or establish conditions or requirements affecting the location proposed for the facility in the agency permits. The board shall not stipulate or establish conditions or requirements for additional waste management capabilities at the facility of a different nature than those permitted in the agency permits. The board shall not stipulate*

*or establish conditions or requirements relating to alternative waste management strategies, actions, or facilities not proposed by the applicant or addressed in the agency permits.*

**Sec. 8. [BOARD'S DECISION PARAMOUNT.]** *To assure the paramount and controlling effect of the reviews conducted under this article, the board's decision shall supersede and preempt conflicting requirements of state agencies and political subdivisions. The permitting agency or agencies shall withdraw, modify, or issue the permits for the facility in accordance with the decision of the board following a supplementary review under article IV. All permits issued by the agency or agencies shall conform to the terms of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment and operation of the facility in accordance with the board's final decision.*

**Sec. 9. [JUDICIAL REVIEW.]** *Judicial review with respect to conduct or decisions in reviews brought pursuant to sections 2, clauses (c), (d), and (e) of this article shall be as provided in article III, section 14."*

*"Subd. 4c. [PERMITS; TEMPORARY HAZARDOUS WASTE STORAGE FACILITIES.] A generator of hazardous waste within the state may apply to the agency for permits for a temporary storage facility for hazardous waste generated within the state. The application shall demonstrate: (a) that no permitted commercial waste facility is reasonably available to accept the waste, and (b) that the proposed storage facility will be on property owned by the applicant and used for storing the hazardous*

waste generated exclusively by the applicant. The agency shall give highest priority to and shall expedite consideration of such applications. Within 60 days of receipt of a completed application, the agency shall either deny a permit or give notice of its intent to issue a permit. The agency shall publish the notice in the state register and shall notify directly the board and the affected county and city or town. If no hearing is requested on the permit within 30 days following the notice of intent, the agency shall issue the permit. If a hearing is requested, the hearing shall be conducted by the state office of hearing examiners in a manner determined by the hearing examiner to be consistent with the expeditious completion of the proceedings as required by this subdivision. The examiner shall give highest priority to and shall expedite the proceedings. The hearing shall be conducted within 45 days of the request, the examiner's report shall be submitted to the agency within 15 days of the hearing, and the agency shall make a final decision on the permit within 30 days of the report. The permit shall be issued for a period not to exceed one year but shall be renewable for four successive one year periods if at the time of each annual renewal the agency determines that there continues to be no permitted commercial waste facility reasonably available to accept the waste. Notwithstanding any law or requirement to the contrary, the permit shall be the only permit or approval required. Upon submission of an application for temporary storage facilities and until the permit is issued, the applicant shall store its hazardous wastes in the manner set forth in the application. A temporary storage permit issued pursuant to this subdivision shall not affect the responsibility of the generator for removal and final processing or disposal in a permitted hazardous waste facility."

Mr. Willet from the Committee on Agriculture and Natural Resources, to which was referred

S. F. No. 1597: A bill for an act relating to agriculture; providing for agricultural preserves; providing property tax relief; appropriating money.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [CITATION; POLICY; PURPOSE.] *Subdivision 1. Sections 2 to 19 may be cited as the "metropolitan agricultural preserves act".*

*Subd. 2. It is the policy of the state to encourage the use and improvement of its agricultural lands for the production of food and other agricultural products. It is the purpose of sections 2 to 19 to provide an orderly means by which lands in the metropolitan area designated for long term agricultural use through the local and regional planning processes will be taxed in an equitable manner reflecting the long term singular use of the property, will be protected from unreasonably restrictive local and state regulation of normal farm practices, will be protected from indiscriminate and disruptive taking of farmlands through eminent domain actions, will be protected from the imposition of unnecessary special assessments, and will be given such additional protection and benefits as are needed to maintain viable productive farm operations in the metropolitan area.*

Sec. 2. [DEFINITIONS.] *Subdivision 1. For purposes of sections 2 to 19 the terms defined in this section shall have the meanings given them.*

*Subd. 2. "Agricultural preserve" or "preserve" means a land area covenanted according to section 5 to remain in agricultural use.*

*Subd. 3. "Agricultural use" means the production for sale of livestock, dairy animals, dairy products, poultry and poultry products, fur bearing animals, horticultural and nursery stock which is under Minnesota Statutes, Sections 18.44 to 18.61, fruit of all kinds, vegetables, forage, grains, bees and apiary products, and wetlands, pasture and woodlands.*

*Subd. 4. "Authority" means the unit of government exercising planning and zoning authority for the land specified in an application as provided under section 5 and pursuant to Minnesota Statutes, Sections 394.21 to 394.37, 462.351 to 462.364, or 366.10*

to 366.19. Where both a county and a township have adopted zoning regulations, the authority shall be the unit of government designated to prepare a comprehensive plan pursuant to Minnesota Statutes, Section 473.861, Subdivision 2.

Subd. 5. "Certified long term agricultural land" means land certified pursuant to section 4 as eligible for designation as agricultural preserves.

Subd. 6. "Covenant agreement" means a restrictive covenant initiated by the owner and evidenced by an agreement provided for in section 5 whereby the owner places the limitations on specified land and receives the protections and benefits contained in sections 2 to 19.

Subd. 7. "Long term agricultural land" means land in the metropolitan area designated for agricultural use in local or county comprehensive plans adopted and reviewed pursuant to Minnesota Statutes, Sections 473.175, and 473.851 to 473.871, and which has been zoned specifically for agricultural use permitting a maximum residential density of not more than one unit per quarter/quarter.

Subd. 8. "Metropolitan area" has the meaning given it in Minnesota Statutes, Section 473.121, Subdivision 2.

Subd. 9. "Owner" means a resident of the United States owning land specified in an application pursuant to section 5, and includes an individual, legal guardian or family farm corporation as defined in Minnesota Statutes, Section 500.24, having a joint or common interest in the land. Where land is subject to a land contract, owner means the vendor in agreement with the vendee.

Subd. 10. "Quarter/quarter" means one quarter of one quarter of any section in the rectangular land survey system.

Sec. 3. [ELIGIBILITY.] Subdivision 1. Long term agricultural land comprising 40 or more acres shall be eligible for designation as an agricultural preserve.

Subd. 2. Noncontiguous parcels may be included to achieve the minimum acreage requirement in subdivision 1, provided that each parcel is at least ten acres in size and provided that all separate parcels are farmed together as a unit.

Subd. 3. The minimum acreage requirement in subdivision 1 may be reduced to 35 acres provided the land is a single quarter/quarter parcel and the amount less than 40 acres is due to a public road right-of-way or a perturbation in the rectangular survey system resulting in a quarter/quarter of less than 40 acres.

Subd. 4. Contiguous long term agricultural land comprising not less than 20 acres and surrounded by eligible land on not less than two sides shall be eligible for designation as an agricultural preserve provided the authority by resolution determines that: (i) the land area predominantly comprises Class I, II, III, or is irrigated Class IV land according to the Land Capability Classification Systems of the Soil Conservation Service and the county soil

survey; (ii) the land area is considered by the authority to be an essential part of the agricultural region; and (iii) the parcel was a parcel of record prior to January 1, 1980, or the land was an agricultural preserve prior to becoming a separate parcel of at least 20 acres.

*Subd. 5. Contiguous long term agricultural land meeting the total acreage requirements of this section but located in two or more minor civil divisions so that the minimum acreage requirement is not met in one or more of the minor civil divisions shall be eligible by joint resolution of the affected authorities.*

*Sec. 4. [CERTIFICATION.] Subdivision 1. On or before January 1, 1981 each authority in the metropolitan area having land classified agricultural pursuant to Minnesota Statutes, Section 273.13 shall certify by resolution and appropriate maps which lands, if any, are eligible for designation as agricultural preserves. Maps shall be in sufficient detail to identify eligible lands by property boundaries. Notification of the certification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority. No additional lands shall qualify for designation as agricultural preserves until the authority certifies qualification.*

*Subd. 2. Land shall cease to be eligible for designation as an agricultural preserve when the comprehensive plan and zoning for the land have been officially amended so that the land is no longer planned for long term agricultural use and is no longer zoned for long term agricultural use, evidenced by a maximum residential density permitting more than one unit per 40 acres. When such changes have been made, the authority shall certify by resolution and appropriate maps which lands are no longer eligible. Notification of the decertification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority.*

*Subd. 3. The authority shall provide the metropolitan council with suitable maps showing any lands certified eligible pursuant to subdivision 1 or decertified pursuant to subdivision 2. The metropolitan council shall maintain maps of the metropolitan area showing all certified long term agricultural lands.*

*Sec. 5. [APPLICATION; COVENANT AGREEMENT.] Subdivision 1. An owner or owners of certified long term agricultural land may apply for the creation of an agricultural preserve at any time. Land for which application is received prior to March 1 of any year shall be assessed pursuant to section 10 for taxes payable in the following year. Land for which application is received on or after March 1 of any year shall be assessed pursuant to section 10 in the following year. Application shall be made to the authority for the specified land area. Application shall be made on forms provided by the commissioner of agriculture and shall require at least the following information and such other information as the commissioner deems necessary for the lawful fulfillment of the provisions of sections 2 to 19.*

(a) *Legal description of the area proposed to be designated or parcel identification numbers as designated by the county auditor;*

(b) *Name and address of owner;*

(c) *An affidavit by the authority evidencing that the land is certified long term agricultural land at the date of application;*

(d) *A witnessed signature of the owner covenanting that the land shall be kept in agricultural use, and shall be used in accordance with the provisions of sections 2 to 19 which exist on the date of application;*

(e) *A statement that the restrictive covenant shall be binding on the owner or his successor or assignee, and shall be an easement running with the land;*

(f) *Date of application and date that designation is effectuated.*

*Subd. 2. The authority may require an application fee, not to exceed \$50, to defray administrative costs.*

*Sec. 6. [NOTIFICATION.] Subdivision 1. Within five days of the date of application, the authority shall forward copies of the completed and signed application to the county recorder, the county auditor, the county assessor, the metropolitan council, and the county soil and water conservation district.*

*Subd. 2. The county recorder shall file and record the restrictive covenant.*

*Subd. 3. The county auditor, for taxes payable in the following year and thereafter for the duration of the preserve, shall determine mill rates, assessments and taxes involving the preserve according to the provisions of section 10.*

*Subd. 4. The county assessor, for taxes payable in the following calendar year and thereafter for the duration of the preserve, shall value and assess the agricultural preserve according to section 10.*

*Subd. 5. The metropolitan council shall maintain agricultural preserve maps of suitable form, illustrating (a) certified long term agricultural lands; and (b) lands covenanted as agricultural preserves. The council shall make yearly reports of such data to the state planning agency and such other agencies as the council deems appropriate.*

*Subd. 6. County auditors shall maintain records of the taxes assessed and paid on agricultural preserves in a manner prescribed by the commissioner of revenue for the orderly monitoring of the program.*

*Subd. 7. The county soil and water conservation district may prepare an advisory statement of existing and potential conservation problems for the agricultural preserve land. The statement shall be forwarded to the owner of record and a copy of the statement shall be forwarded to the authority.*

*Sec. 7. [COMMENCEMENT OF PRESERVE.] A land area shall be deemed an agricultural preserve and subject to all the*

*benefits and restrictions of sections 2 to 19 commencing 30 days from the date of application.*

**Sec. 8. [DURATION.]** *Subdivision 1. Agricultural preserves shall continue until either the landowner or the authority initiates expiration as provided in this section.*

*Subd. 2. A landowner may initiate expiration by notifying the authority on a form provided by the commissioner of agriculture. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice. The notice and expiration may be rescinded by the owner at any time during the first two years following notice.*

*Subd. 3. The authority may initiate expiration by notifying the landowner by registered letter on a form provided by the commissioner of agriculture, provided that before notification (i) the comprehensive plan and the zoning for the land have been officially amended so that the land is no longer planned for long term agriculture and is no longer zoned for long term agriculture, evidenced by a maximum residential density permitting more than one unit per quarter/quarter, and (ii) the authority has certified such changes pursuant to section 4, subdivision 2. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice.*

*Subd. 4. Upon receipt of the notice provided in subdivision 2, or upon notice served by the authority as provided in subdivision 3, the authority shall notify the county recorder, county auditor, county assessor, the metropolitan council, and the county soil and water conservation district and shall state the date of expiration. Designation as an agricultural preserve and all benefits and limitations accruing through sections 2 to 19 for the preserve shall cease on the date of expiration.*

**Sec. 9. [EARLY TERMINATION.]** *Termination of an agricultural preserve earlier than a date derived through application of section 8 may be permitted only in the event of a public emergency upon petition from the owner or authority to the governor. The determination of public emergency shall be by the governor through executive order pursuant to Minnesota Statutes, Sections 4.035 and 12.01 to 12.46. The executive order shall identify the preserve, the reasons requiring the action and the date of termination.*

**Sec. 10. [AD VALOREM PROPERTY TAXES.]** *Subdivision 1. Real property within an agricultural preserve shall be valued and assessed pursuant to Minnesota Statutes, Chapter 273, except as provided in this section.*

*Subd. 2. All land classified agricultural and in agricultural use, exclusive of buildings, shall be valued solely with reference to its agricultural capability value, notwithstanding Minnesota Statutes, Sections 272.03, Subdivision 8, and 273.11. Agricultural*

capability value shall be determined in a manner prescribed by the commissioner of revenue for this purpose. Factors that shall be considered when applicable are rent capitalization, crop equivalency rating, climate, soils, distance from market, normal farm practices, crops, commodity prices, transportation costs, and interest rates. Added value from nonagricultural factors shall not be considered.

Subd. 3. (a) After the assessor has determined the market value of all land valued according to subdivision 2, he shall compute the assessed value of those properties by applying the appropriate classification percentages. When the county auditor computes the rate of tax pursuant to Minnesota Statutes, Section 275.09, he shall include the assessed value of land as provided in this clause.

(b) The county auditor shall compute the original ad valorem property taxes on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times the total rate of tax for all purposes as provided in clause (a).

(c) The county auditor shall then compute the maximum ad valorem property tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times 105 percent of the previous year's statewide average township mill rate for all purposes.

(d) The tax due and payable by the owner of preserve land valued according to subdivision 2 and nonresidential buildings is the amount determined in clause (b) or (c), whichever is less. If the gross tax in clause (c) is less than the gross tax in clause (b), the state shall reimburse the taxing jurisdictions for the amount of difference.

The county auditor shall certify to the commissioner of revenue on or before June 1, 1982, and each year thereafter, the total amount of tax lost to the taxing jurisdictions located within his county as a result of this subdivision. Payments shall be made by the state annually on July 15, 1982 and each year thereafter to each of the affected taxing jurisdictions. There is annually appropriated from the general fund in the state treasury to the commissioner of revenue an amount sufficient to make the reimbursement provided in this subdivision.

Sec. 11. [LIMITATION ON CERTAIN PUBLIC PROJECTS.] Notwithstanding Minnesota Statutes, Chapter 429, construction projects for public sanitary sewer systems and public water systems benefiting land or buildings in agricultural preserves shall be prohibited. New connections between land or buildings in agricultural preserves and sanitary sewers or water systems shall be prohibited. Public sanitary sewer or water systems built in the vicinity of agricultural preserves are deemed of no benefit to the land and buildings in agricultural preserves.

Sec. 12. [PROTECTION FOR NORMAL FARM PRACTICES.] Local governments and counties shall be prohibited from enacting ordinances or regulations within an agricultural

preserve which would unreasonably restrict or regulate normal farm structures or farm practices in contravention of the purpose of sections 2 to 19 unless the restriction or regulation bears a direct relationship to the public health and safety. This section shall apply to the operation of farm vehicles and machinery in the planting, maintenance and harvesting of crops and in the care and feeding of farm animals, the type of farming, and the design of farm structures, exclusive of residences.

**Sec. 13. [STATE AGENCIES TO BE SUPPORTIVE.]** *Subdivision 1. It shall be the policy of all state agencies to encourage the maintenance of viable farming in agricultural preserves.*

*Subd. 2. The joint legislative committee on agricultural land preservation shall undertake a study of state agency regulations which negatively affect long term agricultural lands. The committee shall identify any state regulations which have the effect of favoring nonagricultural development and adversely affecting the long term nature of farming in an agricultural preserve. For any regulations so identified, the committee shall propose modifications for application to agricultural preserves that would be supportive of agriculture as the primary and long term use of land within an agricultural preserve while maintaining the statutory objective to protect the health, safety, and welfare of the public. The committee shall make a report on this study to the legislature by January 1, 1982.*

*Subd. 3. The joint committee shall study at least the following state agency rules and regulations:*

*preserve would be completely surrounded by lands within a municipality.*

*This section shall not apply to annexation agreements approved by the Minnesota municipal board prior to creation of the preserve.*

**Sec. 15. [EMINENT DOMAIN ACTIONS.] Subdivision 1.** *Any agency of the state, any public benefit corporation, any local, county or regional unit of government, or any other entity possessing powers of eminent domain under Minnesota Statutes, Chapter 117, shall follow the procedures contained in this section before (1) moving to acquire any land or easement having a gross area over ten acres in size within agricultural preserves and on certified long term agricultural land; or (2) moving to advance a grant, loan, interest subsidy or other funds for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities that could be used to serve nonfarm structures within agricultural preserves.*

**Subd. 2.** *Notice of intent shall be filed with the environmental quality board 60 days prior to such action containing information and in the manner and form required by the environmental quality board. The notice of intent shall contain a report justifying the proposed action, including an evaluation of alternatives which would not require acquisition within agricultural preserves.*

**Subd. 4.** *If the environmental quality board finds that the proposed action might have an unreasonable effect on an agricultural preserve or preserves, the environmental quality board shall issue an order within the sixty day period for the party to desist from such action for an additional sixty day period.*

**Subd. 5.** *During the additional 60 day period, the environmental quality board shall hold a public hearing concerning the proposed action at a place within the preserve or otherwise easily accessible to the preserves upon notice in a newspaper having a general circulation within the area of the preserves, and individual notice, in writing, to the municipalities whose territory encompasses the preserves and the agency, corporation or government proposing to take the action, to any public agency having the power of review of or approval of the action, and in a manner conducive to the wide dissemination of the findings to the public.*

**Subd. 6.** *The review process required in this section may be conducted jointly with any other environmental impact review conducted by the environmental quality board.*

**Subd. 7.** *The environmental quality board may request the attorney general to bring an action to enjoin any agency, corporation or government from violating the provisions of this section.*

*Subd. 8. This section shall not apply to an emergency project which is immediately necessary for the protection of life and property.*

*Subd. 9. **Sec. 16. [CONSERVATION.]** *Subdivision 1. Land within an agricultural preserve shall be farmed and otherwise managed according to sound soil and water conservation management practices. Management practices which are not sound shall be any use of the land resulting in wind or water erosion in excess of the soil loss tolerance for each soil type as found in the United States soil conservation service, Minnesota technical guide.*

*Subd. 2. The authority shall be responsible for enforcing this section. Upon receipt of a written complaint stating the conditions or land management practices which are believed to be in violation of this section, the authority shall consult with the county soil and water conservation district. The district shall determine the average soil loss in tons per acre per year for each field cited in the complaint according to the universal soil loss equation and the wind erosion equation, and shall return to the authority a report showing the average soil loss in tons per acre per year for each field and a list of alternative practices that the landowner can use to reduce the soil loss to the limit allowed in subdivision 1. After consultation, and if in the judgment of the authority there is ample evidence that the land is not being managed properly as required by this section, the authority shall adopt a resolution to this effect and shall seek corrective measures from the owner. At the request of the landowner, the district shall assist in the planning, design and application of the practices selected to reduce the soil loss to an acceptable level and shall give such landowners a high priority for providing technical and cost share assistance.*

*Subd. 3. Any owner who fails to implement corrective measures to the satisfaction of the authority within one year of notice from the authority shall be subject to a fine of not more than \$1,000. The authority may recover the penalty by a civil action in a court of competent jurisdiction.*

**Sec. 17. [LAND USE.]** *Subdivision 1. Land within an agricultural preserve shall be maintained for agricultural production. The average maximum density of residential structures within an agricultural preserve shall not exceed one unit per 40 acres. The location of any new structure shall conform to locally applicable*

zoning regulations. Commercial and industrial uses shall not be permitted except that small on-farm commercial or industrial operations normally associated with and important to farming in the area may be permitted by the authority. The authority shall be responsible for enforcing this section.

*Subd. 2. However, the residential unit shall continue to be included in the maximum residential density for the original preserve.*

**Sec. 18. [TRANSFER FROM AGRICULTURAL PROPERTY TAX LAW TREATMENT.]** *When land which has been receiving the special agricultural valuation and tax deferment provided in Minnesota Statutes, Section 273.111, becomes an agricultural preserve pursuant to sections 2 to 19, the recapture of deferred tax and special assessments, as provided in Minnesota Statutes, Section 273.111, Subdivisions 9 and 11, shall not be made. Special assessments deferred under Minnesota Statutes, Section 273.111, at the date of commencement of the preserve shall continue to be deferred for the duration of the preserve. All special assessments so deferred shall be payable within 90 days of the date of expiration unless other terms are mutually agreed upon by the authority and the owner. In the event of early termination under section 9, all special assessments plus interest shall be payable within 90 days of the date of termination unless otherwise deferred or abated by executive order of the governor.*

Subd. 3. [APPLICATION; CANCELATION; EXCESSIVE GROSS WEIGHTS FORBIDDEN.] The applicant for all licenses based on gross weight shall state in writing upon oath, among other things, the unloaded weight of such *the motor vehicle or , trailer or semi-trailer* and the maximum load the applicant proposes to carry thereon, the sum of which shall constitute the gross weight upon which the license tax shall be paid, but in no case shall the declared gross weight upon which the tax is paid be less than  $1\frac{1}{2}$  times the declared unloaded weight of the *motor vehicle or , trailer or semi-trailer* to be registered, except recreational vehicles taxed under subdivision 1g, school buses taxed under subdivision 18 and wreckers defined in section 169.01, subdivision 52. The gross weight of a wrecker is the actual weight of the wrecker fully equipped, but does not include the weight of a wrecked or disabled vehicle towed or drawn by the wrecker.

(1) The owner, driver or user of a *motor vehicle or , trailer or semi-trailer* upon conviction for transporting a gross weight in excess of the gross weight for which it is registered by more than four percent or 1000 pounds, whichever is greater, but less than 25 percent or for operating or using a vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.83 by more than four percent or 1000 pounds, whichever is greater, but less than 25 percent, in addition to any penalty imposed on him for the misdemeanor shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight of which the owner, driver, or user was convicted of carrying, the increase computed for the balance of the calendar year on the basis of  $1/12$  of the annual tax for each month remaining in the calendar year beginning with the first day of the month in which the violation occurred. Unless the owner within 30 days after such a conviction shall apply to increase the authorized weight and pay the additional tax as herein provided, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued by him on that registration.

The registrar may investigate any allegation of gross weight violations and demand that the operator show cause why all future operating privileges in the state should not be revoked unless the additional tax assessed be paid.

(3) When the registration on a motor vehicle, trailer or semi-trailer has been revoked by the registrar according to provisions of this section, such vehicle shall not be again operated on the highways of the state until it is registered or re-registered, as the case may be, and new plates issued, and the registration fee therefor shall be the annual tax for the total gross weight of the vehicle at the time of violation. *The re-registration pursuant to this subdivision of any vehicle operating under reciprocity agreements pursuant to sections 168.181 or 168.187 shall be at the full annual registration fee without regard to the percentage of vehicle miles traveled in this state."*

#### "ARTICLE I FOUNDATION AID

Section. 1. Minnesota Statutes 1978, Section 124.214, Subdivision 2, is amended to read:

Subd. 2. [ABATEMENTS.] Whenever by virtue of chapter 278, sections 270.07, 375.192, or otherwise, the assessed valuation of any school district for any taxable year is changed after the taxes for that year have been spread by the county auditor and whenever the mill rate as determined by the county auditor based upon the original assessed valuation is applied upon such changed valuations, the county auditor shall, prior to February 1 of each year, beginning in 1979, certify to the commissioner of education the amount of any resulting net revenue loss that accrued to the

school district during the preceding year. In August of each year, beginning in 1979, when the district's net revenue loss during the preceding year exceeds \$1 per pupil unit in the district in the most recent school year for which data is available, the commissioner shall pay an abatement adjustment to the district in an amount calculated according to the provisions of this subdivision. This amount shall be deducted from the amount of the levy authorized by section 275.48. The amount of the abatement adjustment shall be the product of (1) the net revenue loss as certified by the county auditor, times (2) the ratio of the sum of the amounts of the district's levy limitations in the preceding October pursuant to section 275.125, subdivision 2a, clause (1) or (2), subdivision 5, and subdivision 13, to the total amount of the district's maximum levy limitation in the preceding October pursuant to section 275.125. The abatement adjustment shall be recognized as revenue in the fiscal year in which it is received.

Sec. 2. Minnesota Statutes, 1979 Supplement, Section 124.224, Subdivision 8, is amended to read:

Subd. 8. [EXPIRATION.] This section shall expire June 30, 1980 with the final 1980 payment pursuant to subdivision 7.

Sec. 3. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 7a, is amended to read:

Subd. 7a. (1) In 1979 each district which levies the maximum permissible amount pursuant to subdivisions 2a, clauses (1), (2), and (4); 6b; and 6c, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one-half mill times the district's 1978 adjusted assessed valuation or (b) the product obtained by multiplying \$27.50 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in the 1979-1980 school year.

(2) In 1980 and each year thereafter, each district which levies the maximum permissible amount pursuant to subdivisions 2a, clauses (1), and (2) and (4); 6b; and 6c, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one mill times the district's adjusted assessed valuation for the preceding year or (b) the product obtained by multiplying (i) the ratio of the equalizing factor to 1.000, times (ii) the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in the school year when the levy is certified.

(3) By August 4 before a district certifies any levy pursuant to this subdivision in 1979, or By the July 1 before a district certifies any levy pursuant to this subdivision in 1980, in any even-numbered year thereafter, or in any odd-numbered year thereafter when the district has not certified a levy pursuant to this subdivision in the preceding year, the board of the district shall hold a public hearing on the need for the proposed levy pursuant to this subdivision. At least three weeks published notice of the hearing in 10 point type, on 12 point body, with a larger headline, shall be given in the legal newspaper with the largest circulation in the

district. The notice shall state the amount of the proposed levy in dollars and mills, the net unappropriated fund balance in the district's operating funds as of the June 30 before the levy is certified, and the tax impact of the proposed levy on homesteads with market values of \$30,000 and \$50,000. At the hearing, the district shall present its proposed revenue and expenditure budgets for the next two school years and the net unappropriated fund balances in all district funds as of the June 30 before the levy is certified, and the board shall hear all parties requesting to give testimony for and against the proposed levy. Upon petition within 20 days after the hearing of five percent of the number of voters who voted in the district at the preceding statewide general election, the board shall call a referendum on a reduction of the proposed levy. The petition shall state the number of mills on the district's adjusted assessed valuation by which it proposes to reduce the proposed levy. No petition or referendum shall provide for a reduction of a proposed levy pursuant to this subdivision to a rate less than one-half mill on the district's adjusted assessed valuation below the rate levied by the district pursuant to this subdivision in the preceding year. The referendum shall be held on a date set by the school board, but no later than September 20 in 1979 or the August 20 before the levy is certified in subsequent years. The question on the ballot shall state the maximum amount of the proposed levy; the amount of the proposed reduction of the levy; and the amount of the levy if the reduction is approved, in mills on the district's adjusted assessed valuation and in dollars in the first year of the proposed levy. The district may levy the amount provided by the millage proposed by the school board, reduced by any reduction in millage approved at a referendum pursuant to this clause, applied to the preceding year's adjusted assessed valuation until the next even-numbered year. The district is not required to hold a public hearing or call a referendum on a levy pursuant to this subdivision in any odd-numbered year after 1979 which succeeds a year in which a levy is certified pursuant to this subdivision.

(f) "Transportation category" means a category of transportation service provided to pupils. Each category includes transportation provided during the regular school year and in conjunction with a state board approved summer school program. For purposes of this section, transportation categories are as follows:

(i) Regular transportation is transportation services provided under section 124.223, clauses (1) and (2), excluding transportation between schools under section 124.223, clause (1);

(ii) Secondary vocational center transportation is transportation services provided under section 124.223, clause (3);

*Subd. 1a. In computing transportation aid for each school year, the department of education shall establish the pupil weighting factors for each transportation category for each region using transportation cost data for the second prior school year. The department shall use the statewide pupil weighting factor for any transportation category for which a region had no experience during the second prior school year.*

*Subd. 2. For the 1979-1980 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear regression formula shall be determined for each planning region by the department of education, using the terms specified in subdivision 4, to maximize the amount of variance accounted for between the total actual authorized cost per FTE for the 1977-1978 school year and the total authorized predicted cost per FTE for the 1977-1978 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per FTE for the 1977-1978 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 5 and 7. The linear regression formulas shall be determined so that the total transportation aid for the 1979-1980 school year does not exceed the amount appropriated for transportation aid for the 1979-1980 school year.*

*Subd. 3. For the 1980-1981 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear multiple regression formula shall be determined through stepwise multiple regression analysis for each planning region by the department of education, using the terms specified in subdivision 4 4a, to maximize the amount of variance accounted for between the total*

actual authorized cost per *weighted FTE* for the 1978-1979 school year and the total authorized predicted cost per *weighted FTE* for the 1978-1979 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per *weighted FTE* for the 1978-1979 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 6 and 7 7a. The linear regression formulas shall be determined so that the total transportation aid for all districts for the 1980-1981 school year does not exceed the amount appropriated for transportation aid for the 1980-1981 school year.

Subd. 4. To predict the natural logarithm of the total authorized cost per FTE transported authorized by law for the 1979-1980 school year, the linear regression formula shall use the following terms and all their cross products:

(1) The natural logarithm of the quotient of 1.00 divided by the total number of authorized FTE's transported;

(2) The natural logarithm of the sum of 100 plus the difference between the average of the square roots computed for all districts in the state of the number of regular and summer school authorized FTE's transported per square mile minus the square root of the number of regular and summer school authorized FTE's transported per square mile in the district;

(3) The natural logarithm of the ratio of the number of regular and summer school authorized FTE's transported to the district's total average daily membership;

(4) The natural logarithm of the number of regular and summer school authorized FTE's transported per square mile;

(5) The natural logarithm of the district's average daily membership;

(6) The natural logarithm of the size of the district measured in square miles; and

(7) The natural logarithm of the total number of FTE's transported by the district authorized for aid pursuant to section 124.-223 minus the number of regular and summer school authorized FTE's transported.

Subd. 4a. To predict the total authorized cost per *weighted FTE* for each district beginning in the 1980-1981 school year, each regional multiple regression formula shall use the following terms and their squares for each district in the region:

(1) The area of the district measured in square miles;

(2) The district's average daily membership;

(3) The total number of authorized FTE's transported by the district;

(4) The total number of authorized FTE's transported by the district in the handicapped, shared time special education, and

*to and from board and lodging facility transportation categories as a percentage of the total number of authorized FTE's transported by the district;*

*(5) The number of authorized FTE's transported by the district in the board and lodging transportation category as a percentage of the total number of authorized FTE's transported by the district;*

*(6) The number of authorized FTE's transported by the district in the between schools transportation category as a percentage of the total number of authorized FTE's transported by the district;*

*(7) The number of authorized FTE's transported by the district in the shared time regular transportation category as a percentage of the total number of authorized FTE's transported by the district;*

*(8) The number of authorized FTE's transported by the district in the secondary vocational center transportation category as a percentage of the total number of authorized FTE's transported by the district;*

*(9) The number of authorized FTE's per square mile transported by the district in the regular transportation category;*

*(10) The number of authorized FTE's per square mile transported by the district in the handicapped transportation category;*

*(11) The number of authorized FTE's transported by the district in the regular transportation category as a percentage of the district's average daily membership;*

*(12) An index of the district's shape computed by the department of education based on a comparison of the perimeter of the district to the perimeter of a circle with the same square mile area as the district;*

*(13) The percentage of the district's square mile area which is classified by the state planning agency as water-covered or marshland;*

*(14) The number of 40 acre parcels of land in the district which are contiguous to or intersected by unpaved roads, as a percentage of the number of 40 acre parcels of land in the district which are contiguous to or intersected by any roads, paved or unpaved. The number of 40 acre parcels of each type shall be obtained from the state planning agency;*

*(15) The percentage of the district's square mile area which is classified by the state planning agency as having a slope of land exceeding six percent;*

*(16) The number of authorized FTE's transported to nonpublic schools by the district in the regular transportation category as a percentage of the total number of authorized FTE's transported by the district in the regular transportation category.*

Subd. 5. The total authorized predicted cost per FTE determined for a district under subdivision 2 for 1977-1978 shall be increased by 17 26 percent.

Subd. 6. The total authorized predicted cost per *weighted* FTE determined for a district under subdivision 3 for 1978-1979 shall be increased by 17 28 percent.

Subd. 7. (1) Each district's adjusted total authorized predicted cost per FTE determined for each *the* 1979-1980 school year according to subdivision 5 or 6 shall be compared to the total actual expenditure per FTE for authorized transportation for that district for that year to determine the district's aid entitlement per FTE for that year.

(2) *For the 1979-1980 school year*, if the adjusted total authorized predicted cost per FTE is greater than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted predicted cost per FTE minus 10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per FTE and the actual expenditure per FTE; minus 20 percent of the next \$20; minus 40 percent of the next \$20; minus 60 percent of the next \$50; and minus 75 percent of the difference which exceeds \$100.

(3) *For the 1979-1980 school year*, if the adjusted total authorized predicted cost per FTE is less than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted total authorized predicted cost per FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per FTE and the actual expenditure per FTE; plus 20 percent of the next \$20; plus 40 percent of the next \$20; plus 60 percent of the next \$50; and plus 75 percent of the difference which exceeds \$100.

(4) Notwithstanding clauses (2) and (3), for the 1979-1980 school year, no district's aid entitlement per FTE shall be less than its actual authorized expenditure per FTE minus \$20 or more than its actual authorized expenditure per FTE plus \$20.

*Subd. 7a. (1) Each district's adjusted total authorized predicted cost per weighted FTE determined for the 1980-1981 school year and each year thereafter according to subdivision 6 shall be compared to the total actual expenditure per weighted FTE for authorized transportation for that district for that year to determine the district's aid entitlement per weighted FTE for that year.*

*(2) If the adjusted total authorized predicted cost per weighted FTE is greater than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted predicted cost per weighted FTE minus 10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per weighted FTE and the actual expenditure per weighted FTE; minus 20 percent of the next \$20; minus 75 percent of the difference which exceeds \$30.*

(3) If the adjusted total authorized predicted cost per weighted FTE is less than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted total authorized predicted cost per weighted FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per weighted FTE and the actual expenditure per weighted FTE; plus 20 percent of the next \$20; plus 75 percent of the difference which exceeds \$30.

Subd. 8. A district's aid pursuant to this section for each *the 1979-1980 school year* shall equal the district's aid entitlement per FTE determined according to subdivision 7 times the total number of authorized FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

*Subd. 8a. A district's aid pursuant to this section for the 1980-1981 school year and each year thereafter shall equal the district's aid entitlement per weighted FTE determined according to subdivision 7a times the total number of authorized weighted FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.*

Subd. 9. Each district shall report to the department before July 1 of each year an estimate for the next school year of the total number of FTE's transported by *transportation* category and an estimate of the district's total actual authorized transportation expenditure by *transportation* category. The district's aid shall be determined for purposes of the first three transportation aid payments for the school year using these estimates. Before August 15 of each year, 1980, each district shall provide the department with the information for the preceding 1979-1980 school year which the department determines is necessary to compute the district's actual authorized expenditure per FTE for purposes of the computation in subdivision 7 and the district's actual total number of FTE's transported for purposes of the aid computation in subdivision 8. *Before August 15, 1981, and each August 15 thereafter, each district shall provide the department with the information for the preceding school year which the department determines is necessary to compute the district's actual authorized expenditure per weighted FTE for purposes of the computation in subdivision 7a and the district's actual total number of weighted FTE's transported for purposes of the aid computation in subdivision 8a.* The district's final transportation aid payment for ~~that~~ *the* school year shall be based on these computations.

Subd. 10. (3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause 1 or 2, to an amount less than the amount raised by a levy of 10 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The reduction of the capital expenditure levy and the community services levy shall be computed on the basis of the amount so ascertained.

The commissioner of finance shall deposit any amounts received pursuant to this clause in the taconite property tax relief fund in the state treasury, established pursuant to section 16A.70 for purposes of paying the taconite homestead credit as provided in section 273.135.

For purposes of computing the levy limitation pursuant to this subdivision, the amount certified pursuant to this subdivision in 1976 shall not reflect reductions pursuant to subdivision 9.

The certificate of compliance shall certify that the governing boards of the county, municipality and township in which the school district or any part thereof is located have been sent 15 working days written notice of a meeting and that a meeting has been held to discuss methods of increasing mutual cooperation between such bodies and the school board. The failure of a governing board of a county, municipality or township to attend the meeting shall not affect the authority of the school district to make a levy pursuant to this subdivision.

(3) The population of the district for purposes of this subdivision is the population determined as provided in section 275.14 or as certified by the department of education from the most recent federal census.

Sec. 12. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 11a, is amended to read:

The proceeds of the tax may also be used for capital improvement and repair of school sites, buildings and permanent attached fixtures, energy assessments as required pursuant to section 116H.126, and for the payment of any special assessments levied against the property of the district authorized pursuant to section 435.19 or any other law or charter provision authorizing assessments against publicly owned property; provided that a district may not levy amounts to pay assessments for service charges, including but not limited to those described in section 429.101, whether levied pursuant to that section or pursuant to any other law or home rule provision. The proceeds of the tax may also be used for capital expenditures for the purpose of reducing or eliminating barriers to or increasing access to school facilities by handicapped individuals. *The proceeds of the tax may also be used to make capital improvements to schoolhouses to be leased pursuant to article VI, section 3.*

(c) Subject to the commissioner's approval, the tax proceeds may also be used to rent or lease buildings for school purposes and to acquire or construct buildings. The state board shall promulgate rules establishing the criteria to be used by the commissioner in approving and disapproving district applications requesting the use of capital expenditure tax proceeds for the renting or leasing of buildings for school purposes and the acquisition or construction of buildings. The approval criteria for purposes of building acquisition and construction shall include: the appropriateness of the proposal with respect to the district's long term needs; the availability of adequate existing facilities; and the economic feasibility of bonding because of the proposed building's size or cost.

(d) The board shall establish a fund in which the proceeds of this tax shall be accumulated until expended.

(e) The proceeds of the tax shall not be used for custodial or other maintenance services.

Sec. 13. Minnesota Statutes 1978, Section 275.125, Subdivision 12, is amended to read:

Subd. 12. When a district finds it economically advantageous to rent or lease existing school buildings or other buildings for instructional purposes, and the proceeds of the levy permitted under section 124.04 or 275.125, subdivision 11a are insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this clause shall contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use. The criteria for approval of applications to levy under this clause shall include: the reasonable-

ness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils to the leased building, conformity of the lease to the laws and regulations of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner shall not authorize a levy under this clause in an amount greater than the cost to the district of renting or leasing a school building for approved purposes. The proceeds of this levy shall not be used for custodial or other maintenance services.

**EXECUTIVE AND OFFICIAL COMMUNICATIONS**

March 21, 1980

The Honorable Edward J. Gearty  
President of the Senate

Dear Sir:

I am vetoing Senate File 1670. This legislation, if allowed to

become law, would create a State emergency residential heating grant program, expand the State weatherization program administered by the Department of Economic Security (DES), create a new conservation weatherization program administered by the Housing Finance Agency (HFA), provide a State tax credit for energy conservation expenditures, provide for a pass through of the federal tax credit for energy conservation and alternative energy investments, and reimburse the counties for an energy assistance program.

There are four aspects of the bill that I do not support.

### 1. *Tax Credits for Weatherization*

When weatherization efforts are undertaken by low or middle-income households, financial assistance is needed more immediately than tax credits can deliver. Weatherization programs should be based on grant and loan programs such as the new Housing Finance Agency grant program in this bill, the Department of Energy/Department of Economic Security weatherization program, and the HFA's \$45 million rehabilitation loan program. Low-income households need direct grants. Middle-income households need loans. For all others, the real incentive will be savings from heating costs reduced by weatherization, not tax credits. Therefore, I oppose the 15% State tax credit for weatherization and the pass through of the federal tax credit.

I have proposed an \$11 million weatherization effort (\$6 million to DES and \$5 million to HFA).

I will accept the extra \$6 million to DES included in this legislation, bringing the total to \$17 million (\$12 million to DES and \$5 million to HFA).

According to the Department of Revenue, the cost of the 15% State tax credit and the pass through of the federal credits is estimated to be \$9.5 million.

The energy tax credit will not, of itself, bring about much increase in weatherization; nor can State government afford at this time that amount of expenditure with so little direct results.

### 2. *Earned Income Offset*

I support a State energy assistance program for households from 126-150% of poverty guidelines. 150% of poverty is \$10,050 for a family of four. A sliding scale of assistance should provide less assistance as household income increases. The federal Energy Crisis Assistance Program (ECAP) is designed to reach 200,000 low-income households with incomes at 125% of poverty and below. A State program for households from 126-150% is designed to assist another 65,000 households. Next year the federal program will expand to assist households above the 150% level.

An earned income offset is just too expensive to be State funded. The deduct provisions also add new administrative responsibilities and increases the cost of the program. Depending on the participation rate, the heating assistance grant program, including the earned income offset, may be underfunded in this bill.

### 3. *Discretionary Funds*

With a federal program assisting households up to 125%, a State program under this bill for those over 125% of poverty, and the Department of Public Welfare's Temporary Crisis Fuel Plan to assist any household with special needs, there is no need for a \$1 million discretionary fund for "extraordinary" needs.

The Department of Public Welfare's program, based on need, has been operating since October and has been used in all 87 counties.

### 4. *State Plan for ECAP*

The Windfall Profits Tax Act provides for the "chief executive" to prepare the State plan for the ECAP program. Section 11 of this legislation requires the Governor to include certain categories of eligible households, certain types of fuel, cooling costs, and use three percent of the federal money for "emergency" (discretionary) funds, and submit the State plan to the Legislature for "review and comment."

I have no problem considering and taking into account legislative input on the State plan for the ECAP program, in fact, I welcome it. However, I intend to write the plan this summer and fall when the Legislature is in full swing campaigning. In order to have the ECAP program on line next fall, it must be submitted to the federal government early.

While I appreciate legislative input on this important matter I will not accept a mandate.

There are a number of sections in the legislation that I support, including fuel assistance to those with incomes up to 150% of poverty, the \$17 million for State weatherization efforts, and \$1 million to reimburse the counties for their actual program expenses under the Temporary Crisis Fuel Plan.

I am encouraged by the Legislature's intensive interest in energy matters, especially assistance, weatherization, and conservation. I remain optimistic that the Legislature can still prepare, pass, and deliver to me legislation which will address the issues of assistance, weatherization, and conservation.

For the reasons set forth in this message, I cannot allow Senate File 1670 to become law. I am, therefore, returning it to you unsigned.

Sincerely,  
Albert H. Quie, Governor

Mr. Humphrey moved that S. F. No. 1670 and the Governor's message be laid on the table. The motion prevailed.

In every case the court shall determine if the procedure is in the best interests of the ward or conservatee. In making its determination the court shall consider a written medical report which specifically considers the medical risks of the procedure and whether alternative, less restrictive methods of treatment could be used to protect the best interests of the ward or conservatee.

(c) In the case of a petition for sterilization of a mentally retarded ward or conservatee, the court shall appoint a licensed physician, a psychologist who is qualified in the diagnosis and treatment of mental retardation, and a social worker who is familiar with the ward's or conservatee's social history and adjustment to examine or evaluate the ward or conservatee and to provide

(6) The duty and power to exercise supervisory authority over the ward or conservatee in a manner which limits his civil rights and restricts his personal freedom only to the extent necessary to provide needed care and services.

Except where expressly waived by the court after a finding that the ward or conservatee is so incapacitated as to be unable to understand any notice, every guardian or conservator shall annually give notice to the ward or conservatee of his right to petition for restoration to capacity, discharge of guardian or conservator, or modification of the orders of guardianship or conservatorship. The notice shall describe the procedure for preparing and filing such a petition. The court shall appoint the person so nominated and shall charge him with the instructions, unless the court finds that the appointment of the nominee or the instructions or both are not in the best interests of the ward or conservatee.

Sec. 16. Minnesota Statutes 1978, Section 525.591, is amended to read:

**525.591 [SPECIAL GUARDIAN OR CONSERVATOR.]** *Subdivision 1.* Any person may file a verified petition for a special guardian or conservator. The petition shall contain: (a) all of the information required in section 525.542; (b) the reasons that the petitioner believes the proposed ward or conservatee is in need of a special guardian or conservator; and (c) the reasons why the regular procedure for obtaining guardianship or conservatorship is not appropriate.

*Subd. 2.* Upon a clear showing of necessity or expediency, the court with ~~or without~~ notice may appoint a special guardian or conservator of the person or estate or both of any adult person designated in section 525.54, whether a petition for general guardianship or conservatorship has been filed or not. A copy of the petition shall be served with the notice. The court may waive the 24 hour notice requirement upon a showing that immediate and reasonably foreseeable harm to the person or his estate will result from the 24 hour delay. *Subd. 3.* There shall be no An appeal may be taken from any order appointing or refusing to appoint a special guardian or conservator. A special guardian or conservator of the estate shall collect the assets and conserve the estate, unless his powers are limited by the court in the order of appointment and in the letters to the performance of specified acts. Upon a showing of necessity or expediency, the court with ~~or without~~ notice may expressly confer upon a special guardian or conservator power to perform any or all acts in the administration of the guardianship or conservatorship, not exceeding the powers conferred by law upon general guardians or conser-

voters *The appeal shall be handled on an expedited basis by the district court.*

*Subd. 4. The court shall grant to a special guardian or conservator only those powers necessary to provide for the demonstrated needs of the ward or conservatee. Subject to this limitation the court may grant any of the powers specified in section 525.56.*

*Subd. 5. Within 14 days after appointment, a special guardian or conservator of the estate shall file an inventory and appraisal of the personal property according to the requirements of sections 525.561 and 525.562. The court shall specify in its order the duration of the special guardianship or conservatorship. At the expiration of the time specified in the court's order, or upon the granting of letters of general guardianship or conservatorship, the power of a special guardian or conservator shall cease, and he shall proceed forthwith to a final accounting. When a special guardian or conservator has been appointed to protect the ward's or conservatee's interest in any matter wherein the interest of the general guardian or conservator appears to conflict with that of the ward or conservatee, or to protect the ward's or conservatee's interest upon suspension of an order of removal of a general guardian or conservator by appeal, the power of such the special guardian or conservator shall not cease until terminated by the court.*

Sec. 17. Minnesota Statutes 1978, Section 525.60, Subdivision 1, is amended to read:

525.60 [TERMINATION.] Subdivision 1. A guardianship or conservatorship of a minor shall terminate upon his death or upon his attainment of legal age. The marriage of a female ward or conservatee under guardianship or conservatorship as a minor only and not under a juvenile court guardianship or conservatorship shall terminate the guardianship or conservatorship of her person but not of her estate. The guardianship or conservatorship of a *an adult ward or conservatee other than a minor* shall terminate upon his death or upon his *the ward's or conservatee's* restoration to capacity. When there is no further need for any guardianship or conservatorship, the court may terminate the same upon such notice as it may direct. *Termination does not affect a guardian's or conservator's liability for prior acts, nor his obligation to account for funds and assets of his ward or conservatee.*

Sec. 18. Minnesota Statutes, 1979 Supplement, Section 525.61, is amended to read:

525.61 [RESTORATION TO CAPACITY; MODIFICATION OF GUARDIANSHIP OR CONSERVATORSHIP.] Any *adult* person who is under guardianship or conservatorship *←except as a minor, or as a feeble-minded or epileptic person, or a person under guardianship or conservatorship in the juvenile court→*; or his guardian or conservator, or any other person interested in him or his estate may petition the court in which he was so adjudicated to be restored to capacity or to have a guardianship transferred to a conservatorship or to modify the guardianship or conservatorship. Upon the filing of a *the* petition, the court shall fix the time

and place for the hearing thereof, notice of which shall be given to the commissioner of public welfare if he was under the control of the commissioner and has not been discharged by the commissioner, ward or conservatee, guardian or conservator, and to those other persons and in a manner as the court may direct provided in section 525.55 .

Any person may oppose the restoration. Upon proof that the person is of sound mind and capable of managing his person and estate, and that he is not likely to expose himself or his family to want or suffering, the court shall adjudge him restored to capacity. To obtain an order of restoration to capacity the petitioner must prove by a preponderance of the evidence that the ward or conservatee is no longer incapacitated as defined in section 525.54, and is able to make provisions for his care or manage his property. If a ward or conservatee has the functional ability to care for himself or for his property, or to make provisions for his care or the care of his property, the fact that he may be impaired to some extent by a mental condition shall not preclude his restoration to capacity. In any proceedings for restoration, the court may appoint two one person duly licensed doctors of medicine to assist in the determination of the mental capacity of the patient by a health related licensing board and one accredited social worker with expertise in evaluating persons who have the disabilities similar to those found to be the reason for the ward's or conservatee's incapacity, to assist in the determination of his mental condition and functional ability to care for himself or his property. The court shall allow and order paid to each doctor health professional and social worker a reasonable sum for his services. Upon the order, the county auditor shall issue a warrant on the county treasurer for the payment thereof.

Sec. 19. Minnesota Statutes 1978, Section 525.62, is amended to read:

525.62 [MORTGAGE AND LEASE.] Sections 525.62 to 525.702 shall be applicable only to guardianships and conservatorships and not to decedents' estates. As used in sections 525.62 to 525.702, the word "mortgage" includes an extension of an existing mortgage, subject to the provisions of section 525.691, the word "lease," unless the context otherwise indicates, means a lease for more than three years.

Sec. 20. Minnesota Statutes 1978, Section 525.63, is amended to read:

525.63 [REASONS FOR SALE, MORTGAGE, LEASE.] The court may direct a sale, mortgage, or lease of any real estate of a ward or conservatee when the personal property is insufficient to pay his debts and other charges against his estate, or to provide for the support, maintenance, and education of the ward or conservatee, his wife spouse, and dependent children, or when it shall determine such the sale, mortgage, or lease to be for the best interest of the ward or conservatee.

The homestead of a ward or conservatee shall not be sold,

mortgaged, or leased unless the written consent of the spouse has been filed.

Sec. 21. Minnesota Statutes 1978, Section 525.67, is amended to read:

525.67 [AGREEMENT AND SALE FOR PUBLIC PURPOSE.] When any real estate of a ward or conservatee is desired by any person, firm, association, corporation, or governmental agency having the power of eminent domain, the guardian or conservator may agree, in writing, upon the compensation to be made for the taking, injuring, damaging, or destroying thereof, subject to the approval of the court. When such *the* agreement has been made, the guardian or conservator shall file a petition, of which the agreement shall be a part, setting forth the facts relative to the transaction. The court, with *or without* notice *as provided in section 525.83*, shall hear, determine, and act upon the petition. If the court approves the agreement, the guardian or conservator, upon payment of the agreed compensation, shall convey the real estate sought to be acquired and execute any release which may be authorized.

Sec. 22. Minnesota Statutes 1978, Section 525.69, is amended to read:

525.69 [CONVEYANCE OF VENDOR'S TITLE.] When any ward or conservatee is legally bound to make a conveyance or lease, the court, with *or without* notice *as provided in section 525.83*, may direct the guardian or conservator to make the conveyance or lease to the person entitled thereto. The petition may be made by any person claiming to be entitled to such *the* conveyance or lease, or by the guardian or conservator, or by any person interested in the estate or claiming an interest in such *the* real estate or contract, and shall show the description of the land and the facts upon which such *the* claim for conveyance or lease is based. Upon proof of the petition, the court may order the guardian or conservator to execute and deliver an instrument of conveyance or lease upon performance of the contract.

Sec. 23. Minnesota Statutes 1978, Chapter 525, is amended by adding a section to read:

[525.703] [COSTS.] *In proceedings under sections 525.54 to 525.702, and except in cases in which the petitioner filed a petition in bad faith, fees for counsel representing the proposed ward or conservatee shall be borne by the proposed ward or conservatee. In cases in which the petitioner acted in bad faith, he shall bear the costs. Except as otherwise provided in this section, the fee of petitioner's counsel shall be borne by the petitioner. In uncontested cases the court may order the fee charged to the ward or conservatee if the petition is granted. If the proposed ward or conservatee is indigent, the fees for which the ward or conservatee is responsible shall be borne by the county having jurisdiction over the guardianship proceedings.*

Sec. 24. Minnesota Statutes 1978, Section 525.83, is amended to read:

525.83 [NOTICE.] When notice of hearing is required by any provision of this chapter by reference to this section, *such the* notice shall be given once a week for three consecutive weeks in a legal newspaper designated by the petitioner in the county wherein the proceedings are pending; or, if no such designation be made, in any legal newspaper in *such the* county; or, if the city of the decedent's residence is situated in more than one county, in any legal newspaper in *such the* city. The first publication shall be had within two weeks after the date of the order fixing the time and place for the hearing.

At least 14 days prior to the date fixed for hearing the petitioner, his attorney or agent, shall in guardianship or conservatorship mail a copy of the notice to *such the ward or conservatee, and other* persons as the court may direct and in decedents' estates shall mail a copy of the notice to each heir, devisee, and legatee whose name and address are known to him.

Proof of *such* publication and mailing shall be filed before the hearing. No defect in any notice nor in the publication or service thereof shall invalidate any proceedings.

Sec. 25. [525.615] [STATUS OF GUARDIAN OF MINOR; GENERAL.] *A person becomes a guardian of a minor by acceptance of a testamentary appointment or upon appointment by the court. The guardianship status continues until terminated, without regard to the location from time to time of the guardian and minor ward.*

Sec. 26. [525.6155] [TESTAMENTARY APPOINTMENT OF GUARDIAN OF MINOR.] *The parent of a minor may appoint by will a guardian of an unmarried minor. Subject to the right of the minor under section 27, a testamentary appointment becomes effective upon filing the guardian's acceptance in the court in which the will is probated, if before acceptance, both parents are dead or the surviving parent is adjudged incapacitated. If both parents are dead, an effective appointment by the parent who died later has priority. This state recognizes a testamentary appointment effected by filing the guardian's acceptance under a will probated in another state which is the testator's domicile. Upon acceptance of appointment, written notice of acceptance must be given within five days by the guardian to the minor, to the person having his care, to his adult siblings, his grandparents, aunts and uncles. Notice shall state that any person interested in the welfare of the minor, or the minor, if 14 or more years of age, may file with the court a written objection to the appointment in accordance with section 27.*

Sec. 27. [525.616] [OBJECTION BY MINOR OF 14 OR OLDER OR INTERESTED ADULT TO TESTAMENTARY APPOINTMENT.] *A minor of 14 or more years or any adult interested in his welfare may prevent an appointment of his testamentary guardian from becoming effective, or may cause a previously accepted appointment to terminate, by filing with the court in which the will is probated a written objection to the appointment before it is accepted or within 30 days after its ac-*

*ceptance. An objection may be withdrawn. An objection does not preclude appointment by the court in a proper proceeding of the testamentary nominee, or any other suitable person.*

**Sec. 28. [525.6165] [COURT APPOINTMENT OF GUARDIAN OF MINOR; CONDITIONS FOR APPOINTMENT.]** *The court may appoint a guardian for an unmarried minor if all parental rights of custody have been terminated or suspended by circumstances or prior court order. A guardian appointed by will as provided in section 26 whose appointment has not been prevented or nullified under section 27 has priority over any guardian who may be appointed by the court but the court may proceed with an appointment upon a finding that the testamentary guardian has failed to accept the testamentary appointment within 30 days after notice of the guardianship proceeding.*

**Sec. 29. [525.617] [COURT APPOINTMENT OF GUARDIAN OF MINOR; VENUE.]** *The venue for guardianship proceedings for a minor is in the place where the minor resides or is present.*

**Sec. 30. [525.6175] [COURT APPOINTMENT OF GUARDIAN OF MINOR; QUALIFICATION; PRIORITY OF MINOR'S NOMINEE.]** *The court may appoint as guardian any person whose appointment would be in the best interests of the minor. The court shall appoint a person nominated by the minor, if the minor is 14 years of age or older, unless the court finds the appointment contrary to the best interests of the minor.*

**Sec. 31. [525.618] [COURT APPOINTMENT OF GUARDIAN OF MINOR; PROCEDURE.]** *Subdivision 1. Notice of the time and place of hearing of a petition for the appointment of a guardian of a minor shall be given by the petitioner in the following manner and to the following persons:*

*(a) The minor, if he is 14 or more years of age, by personal service at least 14 days prior to the date of hearing;*

*(b) The person who has had the principal care and custody of the minor during the 60 days preceding the date of the petition by personal service, at least 14 days prior to the date of hearing;*

*(c) Any living parent of the minor by personal service, at least 14 days prior to the date of hearing;*

*(d) Any adult siblings of the minor, service by mail, at least 14 days prior to the date of hearing; and*

*(e) To any other persons that the court may direct.*

*Subd. 2. Upon hearing, if the court finds that a qualified person seeks appointment, venue is proper, the required notices have been given, the requirements of section 28 have been met, and the welfare and best interests of the minor will be served by the requested appointment, it shall make the appointment. In other cases the court may dismiss the proceedings, or make any other disposition of the matter that will best serve the interests of the minor.*

*Subd. 3. If necessary, the court may appoint a temporary guardian, with the status of an ordinary guardian of a minor, but the authority of a temporary guardian shall not last longer than six months.*

*Subd. 4. If, at any time in the proceeding, the court determines that the interests of the minor are or may be inadequately represented, it may appoint an attorney to represent the minor, giving consideration to the preference of the minor if the minor is 14 years of age or older.*

**Sec. 32. [525.6185] [CONSENT TO SERVICE BY ACCEPTANCE OF APPOINTMENT; NOTICE.]** *By accepting a testamentary or court appointment as guardian, a guardian submits personally to the jurisdiction of the court in any proceeding relating to the guardianship that may be instituted by any interested person. Notice of any proceeding shall be given by personal service upon the guardian at least 14 days prior to the date of the hearing. Letters of guardianship must indicate whether the guardian was appointed by will or by court order.*

**Sec. 33. [525.619] [POWERS AND DUTIES OF GUARDIAN OF MINOR.]** *A guardian of a minor has the powers and responsibilities of a parent who has not been deprived of custody of his minor and unemancipated child, except that a guardian is not legally obligated to provide from his own funds for the ward. In particular, and without qualifying the foregoing, a guardian has the following powers and duties:*

*(a) He must take reasonable care of his ward's personal effects and commence protective proceedings if necessary to protect other property of the ward.*

*(b) He may receive money payable for the support of the ward to the ward's parent, guardian or custodian under the terms of any statutory benefit or insurance system, or any private contract, devise, trust, conservatorship or custodianship. He also may receive money or property of the ward paid or delivered by virtue of section 37. Any sums so received shall be applied to the ward's current needs for support, care and education. He must exercise due care to conserve any excess for the ward's future needs unless a conservator has been appointed by the estate of the ward, in which case the excess shall be paid over at least annually to the conservator. Sums so received by the guardian are not to be used for compensation for his services except as approved by order of court or as determined by a duly appointed conservator other than the guardian. A guardian may institute proceedings to compel the performance by any person of a duty to support the ward or to pay sums for the welfare of the ward.*

*(c) The guardian is empowered to facilitate the ward's education, social, or other activities and to authorize medical or other professional care, treatment or advice. A ward may not be committed to any state institution except pursuant to sections 253A.01 to 253A.21 and no guardian may give consent for psychosurgery, electroshock, sterilization or experimental treatment of any kind*

*unless the procedure is first approved by the order of the court, after a hearing as prescribed by section 525.56, subdivision 2.*

*A guardian is not liable by reason of his consent for injury to the ward resulting from the negligence or acts of third persons unless it would have been illegal for a parent to have consented, or unless he fails to comply with the requirements of this section which provide that a court order is necessary for commitment and for certain types of medical procedures. A guardian may consent to the marriage or adoption of his ward.*

*(d) A guardian must report the condition of his ward and of the ward's estate which has been subject to his possession or control, as ordered by the court on petition of any person interested in the minor's welfare and as required by section 525.58, subdivision 1.*

**Sec. 34. [525.6192] [TERMINATION OF APPOINTMENT OF GUARDIAN; GENERAL.]** *A guardian's authority and responsibility terminates upon the death, resignation or removal of the guardian or upon the minor's death, adoption, marriage or attainment of majority, but termination does not affect his liability for prior acts, nor his obligation to account for funds and assets of his ward. Resignation of a guardian does not terminate the guardianship until it has been approved by the court. A testamentary appointment under an informally probated will terminates if the will is later denied probate in a formal proceeding.*

**Sec. 35. [525.6194] [PROCEEDINGS SUBSEQUENT TO APPOINTMENT; VENUE.]** *(a) The court where the ward resides has concurrent jurisdiction with the court which appointed the guardian, or in which acceptance of a testamentary appointment was filed, over resignation, removal, accounting and other proceedings relating to the guardianship.*

*(b) If the court located where the ward resides is not the court in which acceptance of appointment is filed, the court in which proceedings subsequent to appointment are commenced shall in all appropriate cases notify the other court, in this or another state, and after consultation with that court determine whether to retain jurisdiction or transfer the proceedings to the other court, whichever is in the best interests of the ward. A copy of any order accepting a resignation or removing a guardian shall be sent to the court in which acceptance of appointment is filed.*

**Sec. 36. [525.6195] [RESIGNATION OR REMOVAL PROCEEDINGS.]** *(a) Any person interested in the welfare of a ward, or the ward, if 14 or more years of age, may petition for removal of a guardian on the ground that removal would be in the best interests of the ward. A guardian may petition for permission to resign. A petition for removal or for permission to resign may, but need not, include a request for appointment of a successor guardian.*

*(b) After notice and hearing on a petition for removal or for*

permission to resign, the court may terminate the guardianship and make any further order that may be appropriate.

(c) If, at any time in the proceeding, the court determines that the interests of the ward are, or may be, inadequately represented, it may appoint an attorney to represent the minor, giving consideration to the preference of the minor if the minor is 14 or more years of age.

**Sec. 37. [525.6196] [FACILITY OF PAYMENT OR DELIVERY.]** Any person under a duty to pay or deliver money or personal property to a minor may perform this duty, in amounts not exceeding \$5,000 per annum, by paying or delivering the money or property to, (1) the minor, if he has attained the age of 18 years or is married; (2) any person having the care and custody of the minor with whom the minor resides; (3) a guardian of the minor; or (4) a financial institution incident to a deposit in a federally insured savings account in the sole name of the minor and giving notice of the deposit to the minor. This section does not apply if the person making payment or delivery has actual knowledge that a conservator has been appointed or proceedings for appointment or a conservator of the estate of the minor are pending. The persons, other than the minor or any financial institution under (4) above, receiving money or property for a minor, are obligated to apply the money to the support and education of the minor, but may not pay themselves except by way of reimbursement for out-of-pocket expenses for goods and services necessary for the minor's support. Any excess sums shall be preserved for future support of the minor and any balance not so used and any property received for the minor must be turned over to the minor when he attains majority. Persons who pay or deliver in accordance with provisions of this section are not responsible for the proper application thereof.

any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

Amounts allowable under section 291.07, subdivision 1(2) in computing Minnesota inheritance tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have such amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner.

## ARTICLE II: PROPERTY TAX

**Section 1. [LEGISLATIVE INTENT AND PURPOSE.]** *It is the intent and purpose of sections 1 to 11 to provide:*

*(a) A means by which municipalities may establish an orderly phase-out of local police and salaried firefighters relief associations governed by Minnesota Statutes, Section 69.77, by allowing municipalities to provide that all newly hired police officers and salaried firefighters shall be covered by the public employees police and fire fund established by Minnesota Statutes, Sections 353.63 to 353.68;*

*(b) Assistance to municipalities and local police and salaried firefighters relief associations by establishing a local police and salaried firefighters relief association amortization state aid program; and*

*(c) An increase in retirement benefits to members of local police and salaried firefighters relief associations under certain conditions while not diminishing or impairing any retirement benefits of any persons who are members of local police and salaried firefighters relief associations, either active or retired.*

**Sec. 2. Minnesota Statutes 1978, Section 69.77, Subdivision 2, as amended by Laws 1980, Chapter 341, Section 1, is amended to read:**

**Subd. 2.** *Subdivision 1 does not apply to an association enumerated in subdivision 1a under the following circumstances:*

*(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1981, a contribution for retirement and survivorship benefits of not less than eight percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that such contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and*

deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year, any increase in the amount of contributions required by this section may be spread over several years, but the increase in rate of contribution in each year commencing in 1981 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firefighters, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before the date established by the municipality, which shall not be later than September 1 and shall not be earlier than August 1, of each year the financial requirements and minimum obligation of the association for the following calendar year in accordance with the following requirements:

The financial requirements shall be based on the most recent actuarial survey prepared in accordance with sections 356.215, subdivision 4 and 356.216.

*For a relief association which is located in a municipality which has adopted and filed a resolution as provided in section 4, subdivision 1, or section 6, the total of the amounts calculated pursuant to clauses (a) and (c) shall constitute the financial requirements of the relief association for the following year. For a relief association which is located in a municipality which has not adopted and filed a resolution as provided in section 4, subdivision 1, or section 6, the total of the amounts calculated pursuant to clauses (a) and (b) shall constitute the financial requirements of the relief association for the following year.*

(a) The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

(b) To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

The total of these two amounts represents the financial requirements of the association for the following year.

(c) *To the dollar amount of normal cost thus determined shall be added an amount equal to the level annual dollar amount sufficient to amortize the unfunded accrued liability by December 31, 2010, as determined from the actuarial survey of the fund.*

Except as otherwise provided in this paragraph, the minimum obligation of the governmental subdivision shall be the financial requirements of the association less the estimated amount of member contributions herein provided from covered salary anti-

*puted for the following calendar year and less one year's estimated receipts expected from the applicable state of Minnesota through state collected insurance premium taxes or other state aids aid program established pursuant to sections 69.011 to 69.051, and from the local police and salaried firefighters' relief association amortization aid program established pursuant to section 5. The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.*

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body *on or before the date established by the municipality which shall not be earlier than August 1 and shall not be later than September 1* of each year so that it may ascertain if it has been prepared in accordance with law.

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level: the levy of such taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the officers of the association shall certify that amount to the county auditor, who shall spread a levy in the amount of such obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments for funds of the Minnesota state retirement system, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size

that the three percent stock limitation applicable to the Minnesota state retirement system would necessitate a lesser investment. Securities held by the association before July 1, 1981, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section 11.21, provided that there be no share account described in section 11.18, subdivision 2, or in the fixed-return account described in section 11.18, subdivision 3a, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement fund may be invested in the growth share account described in section 11.18, subdivision 3.

(8) The association shall procure an actuarial survey showing the condition of its fund pursuant to section 356.216 as of December 31, 1978, and shall procure an actuarial survey every two years thereafter. The association shall also procure a quadrennial experience study pursuant to section 356.216 as of December 31, 1978, and shall procure a quadrennial experience study every four years thereafter. A copy of the actuarial survey and the quadrennial experience study shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and retirement, and the commissioner of insurance, not later than June 1 of the following year.

Sec. 3. Minnesota Statutes 1978, Section 353.657, Subdivision 3, is amended to read:

Subd. 3. Each dependent child, until the child reaches the age of 18 years, shall receive a monthly benefit equal to ten percent of the member's average monthly salary earned as a police officer or fire fighter on which employee contributions were paid over the last full six months of allowable service preceding death. Payments for the benefit of any qualified dependent child under the age of 18 years shall be made to the surviving parent, or if there be none, to the legal guardian of such the child. The maximum monthly benefit for any one family shall not exceed \$450 an amount equal to 50 percent of the member's specified average monthly salary, and the minimum benefit per family shall not be less than 30 percent of the member's said specified average monthly salary, subject to the aforementioned maximum.

Sec. 4. [MODIFICATION IN RETIREMENT COVERAGE OR BENEFITS FOR CERTAIN POLICE OFFICERS AND FIREFIGHTERS; AUTHORIZING MUNICIPAL IMPLEMENTATION.] *Subdivision 1. [AUTHORIZATION OF MUNICIPAL ACTION.] Notwithstanding any provision of law, municipal charter, municipal ordinance or resolution, or relief association articles of incorporation or bylaws to the contrary, any municipality in which is located a local police or salaried firefighters' relief association which is governed by Minnesota Statutes, Section*

69.77, is authorized to implement the provisions of this section. Implementation shall be effected by a municipal resolution approved by a majority of the governing body of the municipality following consultation with the board of trustees of the affected local relief association and the holding of a public meeting at which the views of the public are considered. Prior to becoming effective, a copy of the municipal resolution shall be filed with the secretary of state, the commissioner of finance, the commissioner of insurance and the executive secretary of the legislative commission on pensions and retirement. To be deemed an implementing municipal resolution within the meaning of this section and sections 1 and 5, the municipal resolution shall either refer to this section in the text or shall describe in summary form the modifications provided for in this section. Once granted, municipal approval shall be irrevocable.

**Subd. 2. [MODIFICATION OF RETIREMENT COVERAGE FOR CERTAIN NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.]** Any person first employed by a municipality which has adopted a municipal resolution pursuant to subdivision 1 after the effective date for the modification stated in the municipal resolution, which date shall not in any event be later than the first day of the month occurring six months after the date of passage of the municipal resolution, as a police officer or police trainee or as a firefighter or firefighter trainee, whichever position is covered in the municipal resolution, shall be a member of the public employees police and fire fund established by Minnesota Statutes, Sections 353.63 to 353.68 and shall not be a member of the applicable local police or firefighters' relief association established pursuant to any general or special law.

**Subd. 3. [OPERATION OF LOCAL RELIEF ASSOCIATION UPON MODIFICATION OF RETIREMENT COVERAGE FOR NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.]** The minimum obligation of a municipality which has adopted a municipal resolution pursuant to subdivision 1 with respect to the local relief association shall be determined and governed in accordance with the provisions of Minnesota Statutes, Sections 69.77, 356.215 and 356.216, except that the normal cost calculation for the relief association shall be computed as a percentage of the compensation paid to the active members of the relief association. The compensation paid to persons with retirement coverage modified pursuant to subdivision 2 shall not be included in any of the computations made in determining the obligation of the municipality with respect to the local relief association.

The contribution rate of members of the local relief association shall be governed by Minnesota Statutes, Section 69.77, unless a special law establishing a greater member contribution rate is applicable whereupon it shall continue to govern. The member contribution rate of persons with retirement coverage modified pursuant to subdivision 2 shall be governed by Minnesota Statutes, Section 353.65.

When every active member of the local relief association retires

or terminates from active duty, the local relief association shall cease to exist as a legal entity and the assets of the special fund of the relief association shall be transferred to a trust fund to be established by the appropriate municipality for the purpose of paying service pensions and retirement benefits to recipient beneficiaries. If there are at least five recipient beneficiaries, the trust fund shall be managed by a board of trustees composed of five members selected by the recipient beneficiaries of the fund, subject to the approval of the governing body of the municipality. If there are fewer than five recipient beneficiaries, the trust fund shall be managed by the governing body of the municipality. The term of the elected members of the board of trustees shall be indefinite and shall continue until a vacancy occurs in one of the board of trustee member positions. Board of trustee members shall not be compensated for their services, but shall be reimbursed for any expenses actually and necessarily incurred as a result of the performance of their duties in their capacity as board of trustee members. The municipality shall perform whatever services are necessary to administer the trust fund. The balance of assets remaining in the trust fund shall not revert to the municipality until all obligations of the trust fund are paid.

The financial requirements of the trust fund and the minimum obligation of the municipality with respect to the trust fund shall be determined in accordance with Minnesota Statutes, Sections 69.77, 356.215 and 356.216 until the unfunded accrued liability of the trust fund is fully amortized in accordance with this act. The municipality shall provide in its annual budget for at least the aggregate amount of service pensions, disability benefits, survivorship benefits and refunds which are projected as payable for the following calendar year, as determined by the board of trustees of the trust fund, less the amount of assets in the trust fund as of the end of the most current calendar year for which figures are available, valued pursuant to Minnesota Statutes, Section 356.20, Subdivision 4, Clause (1) (a), if the difference between those two figures is a positive number.

In calculating the amount of service pensions and other retirement benefits payable from the local relief association and in calculating the amount of any automatic post retirement increases in those service pensions and retirement benefits based on the salary paid or payable to active members or escalated in any fashion, the salary for use as the base for the service pension or retirement benefit calculation and the post retirement increase calculation for the local relief association shall be the salary for the applicable position as specified in the articles of incorporation or bylaws of the relief association as of the date immediately prior to the effective date of the municipal resolution adopted pursuant to subdivision 1, as the applicable salary is reset by the municipality periodically, irrespective of whether retirement coverage for persons holding the applicable position used in calculations is provided by the relief association or by the public employees police and fire fund.

If the modification of retirement coverage implemented pursuant to municipal resolution adopted pursuant to subdivision 1 is applicable to a local police relief association, the police state aid received by the municipality shall be disbursed pursuant to Minnesota Statutes, Section 69.031, Subdivision 5, Clause (2) (c). If the modification of retirement coverage implemented pursuant to a municipal resolution adopted pursuant to subdivision 1 is applicable to a local firefighters' relief association, the fire state aid received by the applicable municipality shall be disbursed as the municipality at its option may elect. The municipality may elect: (1) to transmit the total fire state aid to the treasurer of the local relief association for immediate deposit in the special fund of the relief association; or (2) to apply the total fire state aid toward the employer contribution of the municipality to the public employees police and fire fund pursuant to Minnesota Statutes, Section 353.65, Subdivision 3; or (3) to allocate the total fire state aid proportionately between the special fund of the local relief association and employer contribution of the municipality to the public employees police and fire fund on the basis of the respective number of active full time salaried firefighters receiving retirement coverage from each.

**Subd. 4. [BENEFIT INCREASE FOR CERTAIN RELIEF ASSOCIATION MEMBERS.]** Notwithstanding any law to the contrary, any member of a local police or salaried firefighters' relief association located in a municipality, except the city of Minneapolis, which has adopted a municipal resolution pursuant to subdivision 1 shall be entitled to receive, after the effective date for the modification stated in the municipal resolution, a retirement annuity in addition to the service pension to which the member may be eligible upon retirement. The additional retirement annuity shall be payable for the life of the retired member. The additional retirement annuity shall be equal to one-half of one percent of the salary upon which the service pension is calculated payable on the date of termination of active service per year of service credit acquired in excess of 25 years of service credit. The department of revenue shall take such steps as are necessary in the performance of that duty and may incur such expense as is necessary therefor. The commissioner of revenue is authorized to reimburse any county or governmental official for services performed at his request in ascertaining such adjusted valuation. On or before March 15, annually, the department of revenue shall submit its report on the assessed values established by the previous year's assessment to said committee for approval or rejection and, if approved, such report shall be filed not later than the following July 1 with the commissioner of education and each county auditor for those school districts for which he has the responsibility for determination of mill rates. "Revenues" from a public service enterprise or a municipal liquor store shall mean the net income or loss of such public service enterprise or municipal liquor store, determined by subtracting total expenses from total revenues, and before any contribution to or from the governmental subdivision. "Fines" for a municipal court means the net amount remaining after subtracting total municipal court expenses from total collections of municipal court fines. *The "inflation adjusted aggregate of revenues in calendar year 1971" shall be the sum of (a) the aggregate of revenues received in calendar year 1971 multiplied by the total percentage increase in the consumer price index for the Minneapolis-St. Paul area from the calendar year 1971 to June of the levy year plus (b) the aggregate of revenues received in calendar year 1971. The commissioner of revenue shall calculate and notify the governmental subdivisions of the inflation adjustment by September of the levy year.* A governmental subdivision shall qualify for this special levy only if the decrease in aggregate revenues as computed herein and divided by the population of the governmental subdivision in the preceding levy year is equal to or greater than two percent of the per capita levy limitation for the preceding levy year;

(j) pay the amounts required to compensate for a decrease in mobile homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section 273.13, subdivision 3, as amended, is less than the distribution of the mobile homes tax to the governmental subdivision pursuant to section 273.13, subdivision 3, in calendar year 1971;

(k) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission in levy year 1971 or a subsequent levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(l) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city

powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(m) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal board in levy year 1971 or a subsequent levy year, but only to the extent and for the levy years as provided by the board in its order pursuant to section 414.01, subdivision 15. Special levies authorized by the board shall not exceed 50 percent of the levy limit base of the governmental subdivision and may not be in effect for more than three years after the board's order;

(n) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) The increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) The amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development. In the levy year following the levy year in which the special levy made pursuant to this clause is discontinued, one-half of the amount of that special levy made in the preceding year shall be added to the permanent levy base of the governmental subdivision;

(o) recover a loss or refunds in tax receipts incurred in non-special levy funds resulting from abatements or court action in the previous year pursuant to section 275.48;

For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(q) the amounts allowed under section 174.27 to establish and administer a commuter van program;

(r) pay the costs of financial assistance to local governmental units and certain administrative, engineering, and legal expenses pursuant to Laws 1979, Chapter 253, Section 3 \* ;

(s) *compensate for revenue lost as a result of abatements or court action pursuant to sections 270.07, 270.17 or 278.01 due to a reassessment ordered by the commissioner of revenue pursuant to section 270.16.*

(1) Funds shall be distributed to all cities and towns which are not subject to the levy limitations imposed pursuant to sections 275.50 to 275.56, with the distribution to be based on the average equalized mill rate of each city or town. For purposes of this clause, "average equalized mill rate" shall be defined as the sum of the 1970 mill rate of the city or town plus its 1978 mill rate plus its 1977 mill rate, multiplied by its 1978 aggregate sales ratio as determined by the commissioner of revenue divided by three.

If the average equalized mill rate of the city or town is ten or less, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1970, plus, in the case of a city, the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1970, plus the sum of \$3 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the city or town will receive a distribution equal to that which it received pursuant to Minnesota Statutes 1978, Section 477A.01, for 1970, plus the sum of \$5 multiplied by its population as determined under section 275.53.

(2) Funds shall be distributed to the city of Minneapolis in an

amount equal to the amount distributed to that city for 1970 pursuant to Minnesota Statutes 1978, Section 477A.01.

(i) For purposes of the 1980 distribution, the "local revenue base" of a city or town shall be the sum of its levy limitation for taxes levied in 1978 plus the amount of the distribution it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01, except that the "local revenue base" of a city of the first class located within the metropolitan area defined in section 473.121, subdivision 2 shall be the sum of its levy limitation for taxes levied in 1978, multiplied by .85, plus the amount of the distribution it received for 1979 pursuant to Minnesota Statutes 1978, Section 477A.01.

(ii) A preliminary state aid factor shall be established for each city and town by subtracting from the local revenue base, an amount equal to ten mills multiplied by the 1979 taxable valuation of the city or town, adjusted for the contributions and distributions required by chapter 473F in the case of a city or town located within the metropolitan area and less the captured value in any tax increment district, divided by its 1978 aggregate sales ratio as determined by the commissioner of revenue.

(iii) A final state aid factor shall be established for each city and town by adjusting the preliminary state aid factor to comply with the following restrictions:

The final state aid factor for a city or town shall be an amount which is equal to or greater than an amount computed pursuant to the following:

If the average equalized mill rate of the city or town is ten or less, the final state aid factor of the city or town shall be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979, plus the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the final state aid factor of the city or town will be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01 for 1979 plus the sum of \$3 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the final state aid factor of the city or town will be at least equal to the amount which the city or town received pursuant to Minnesota Statutes 1978, Section 477A.01, for 1979, plus the sum of \$5 multiplied by its population as determined under section 275.53.

The final state aid factor for any city or town shall not exceed the previous year's distribution under Minnesota Statutes 1079, Section 477A.01 by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1079, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1079, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(iv) The amount of the distribution for which a city or a town is eligible under this paragraph shall be determined as follows: For each city or town, its final state aid factor increase shall be the difference between its final state aid factor determined pursuant to this paragraph and the amount of distribution which it received for 1979 pursuant to Minnesota Statutes 1079, Section 477A.01. The final state aid factor increase of each city or town shall be divided by the sum of the final state aid factor increases for all cities and towns receiving distributions under this paragraph; that quotient shall be multiplied by the amount of the increase in funds available for distribution under this paragraph over the sum of the amounts distributed to those cities and towns for 1979 pursuant to Minnesota Statutes 1079, Section 477A.01. That product, plus the distribution the city or town received pursuant to Minnesota Statutes 1079, Section 477A.01 for 1979, shall equal the distribution to be distributed to the city or town for 1980.

(v) The final distribution made to each city or town pursuant to this paragraph shall be in an amount which is at least equal to the distribution received by that city or town for 1979 pursuant to Minnesota Statutes 1079, Section 477A.01, but which does not exceed the amount of the city's or town's 1979 distribution by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1079, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1079, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(vi) If the amount distributed to a city or town by paragraph (iv) is limited by paragraph (v) the distribution to other cities and towns that receive aid under paragraph (3) shall be proportionately increased as necessary to absorb the difference. In no event shall a city's or town's distribution exceed the city's or town's 1979 distribution by more than the following percent: if a city received more than \$100 per capita in 1979 pursuant to Minnesota Statutes 1079, Section 477A.01, using the population determined pursuant to Minnesota Statutes 1079, Section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(b) The balance of the distributions in 1981 pursuant to subdivision 1 shall be divided among the several cities and towns in the state as provided herein + . For purposes of this subdivision, "clause (a)" shall mean Minnesota Statutes, 1979 Supplement, Section 477A.01, Subdivision 4, clause (a).

(1) Funds shall be distributed to all cities and towns which are not subject to the levy limitations imposed pursuant to sections 275.50 to 275.56, with the distributions to be based on the average equalized mill rate of each city or town. For purposes of this clause, "average equalized mill rate" shall be defined as the sum of the 1980 mill rate of the city or town plus its 1979 mill rate plus its 1978 mill rate, multiplied by its 1979 aggregate sales ratio as determined by the commissioner of revenue, divided by three.

If the average equalized mill rate of the city or town is ten or less, the city or town will receive a distribution equal to that which it received pursuant to clause (a) for 1980, plus, in the case of a city, the sum of \$1 \$2 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the city or town will receive a distribution equal to that which it received pursuant to clause (a) for 1980, plus the sum of \$4 \$5 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the city or town will receive a distribution equal to that which it received pursuant to clause (a), for 1980, plus the sum of \$6 \$7 multiplied by its population as determined under section 275.53.

(2) The funds remaining after distribution has been made pursuant to paragraph (1) shall be distributed according to the provisions of this paragraph among the cities and towns which are subject to the levy limitations imposed pursuant to sections 275.50 to 275.56.

(i) For purposes of the 1981 distribution, the "local revenue base" of a city or town shall be its local revenue base computed according to clause (a) paragraph (3) for purposes of the 1980 distribution, provided that, in the case of a city which received its 1980 aid distribution pursuant to clause (a), paragraph (2), a local revenue base shall be computed for it according to the provisions of clause (a), paragraph (3); these revenue bases shall be increased as follows:

The 1980 local revenue base will be multiplied by the percentage of increase from June, 1979, to June, 1980 in the revised consumer price index for all urban consumers for the Minneapolis-St. Paul metropolitan area prepared by the United States department of labor with 1967 as a base year. The product of that computation will be added to the 1980 local revenue base. The inflation-adjusted base shall also be increased by the per-

centage increase in the population of the city or town during the preceding year as determined according to section 275.53. After adjustment for population increase the inflation-adjusted local revenue base of each city and town shall also be increased by (1) the amount of its special levies levied in 1979 to pay the costs of principal and interest on bonded indebtedness incurred in 1979 or thereafter for the purpose of providing capital replacement for streets, curbs, gutters, storm sewers and bridges plus (2) any adjustments made to the levy limit base of the city or town pursuant to section 275.51, subdivision 3d for purposes of refuse collection and street maintenance; and (3) any adjustments made to the levy limit base of the city or town pursuant to section 275.52, subdivision 4, clause (d).

(ii) A preliminary state aid factor shall be established for each city and town by subtracting from the local revenue base, ten mills multiplied by the 1980 taxable valuation of the city or town adjusted for the contributions and distributions required by chapter 473F if applicable and less the captured value in any tax increment financing district divided by its 1979 sales ratio as determined by the commissioner of revenue.

(iii) A final state aid factor shall be established for each city and town by adjusting the preliminary state aid factor to comply with the following restrictions:

The final state aid factor for a city or town shall be an amount which is equal to or greater than an amount computed pursuant to the following:

If the average equalized mill rate of the city or town is ten or less, the final state aid factor of the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$1 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than ten but less than or equal to 20, the final state aid factor for the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980, plus the sum of \$4 multiplied by its population as determined under section 275.53.

If the average equalized mill rate of the city or town is greater than 20, the final state aid factor for the city or town shall be at least equal to the amount which the city or town received pursuant to clause (a) for 1980 plus the sum of \$6 multiplied by its population as determined under section 275.53.

The final state aid factor for any city or town shall not exceed the previous year's distribution under section 477A.01 by more than the following percent: if a city received more than \$100 per capita in 1980 pursuant to clause (a) of this subdivision using the population determined pursuant to section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to

\$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(iv) The amount of the distribution for which a city or town is eligible under this paragraph shall be determined as follows: For each city or town, its final state aid factor increase shall be the difference between its final state aid factor determined pursuant to this paragraph and the amount of distribution which it received pursuant to clause (a). The final state aid factor increase of each city or town shall be divided by the sum of the final state aid factor increases for all cities and towns receiving distributions under this paragraph; that quotient shall be multiplied by the amount of the increase in funds available for distribution under this paragraph over the amount distributed under clause (a), paragraphs (2) and (3). That product, plus the distribution the city or town received pursuant to clause (a), shall equal the distribution to be distributed to the city or town for 1981.

(v) The final distribution made to each city or town pursuant to this paragraph shall be in an amount which is at least equal to the distribution received by that city or town for 1980 pursuant to clause (a), but which does not exceed the amount of the city's or town's 1980 distribution by more than the following percent: if a city received more than \$100 per capita in 1980 pursuant to clause (a) ~~of this subdivision~~ using the population determined pursuant to section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

(vi) If the amounts distributed to a city or town by paragraph (iv) is limited by paragraph (v) the distribution to other cities and towns who receive aid under paragraph (2) shall be proportionately increased as necessary to absorb the difference. In no event shall a city's or town's distribution exceed the city's or town's 1980 distribution by more than the following percent: if a city received more than \$100 per capita in 1980 pursuant to clause (a) of this subdivision using the population determined pursuant to section 275.53, 12 percent; if more than \$75 per capita but less than or equal to \$100 per capita, 15 percent; if more than \$50 per capita but less than or equal to \$75 per capita, 17 percent; or if less than or equal to \$50 per capita, 20 percent.

The taconite environmental protection fund shall be used for the following purposes:

(a) to initiate investigations into matters the Iron Range Resources and Rehabilitation Board determines are in need of study and which will determine the environmental problems requiring remedial action;

The commissioner shall by September 1 of each year prepare a list of projects to be funded from the taconite environmental protection fund, with such supporting information including description of the projects, plans, and cost estimates as may be necessary. Upon recommendation of the Iron Range Resources and Rehabilitation Board, this list shall be submitted to the legislative advisory commission for its review. This list with the recommendation of the legislative advisory commission shall then be transmitted to the governor by November 1 of each year. By December 1 of each year, the governor shall approve or disapprove, or return for further consideration, each individual project. Sec. 8. Minnesota Statutes 1978, Section 298.28, Subdivision 1, is amended to read:

298.28 [DIVISION AND DISTRIBUTION OF PROCEEDS.]  
Subdivision 1. The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton", to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, less any amount distributed under clause (8), to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton to school districts to be distributed as follows:

(a) 6 cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (c), shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 or in which is located property which is entitled to the reduction of tax pursuant to section 273.135, subdivision 2, clause (e). The 23 cents, less any amount distributed under part (c), shall be distributed in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its permitted levy for the prior year, computed pursuant to section 275.125, comprises of the sum of permitted levies for the prior year

for all qualifying districts, computed pursuant to section 275.125. For purposes of distributions pursuant to this part, permitted levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2a, clause (4).

(c) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) 4 cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) 1 cent per taxable ton to the state.

(7) 3 cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes

of section 298.22. Of this amount, one cent per taxable ton is to be used to provide environmental development grants to local governments located within any county in region 3 as defined in governor's executive order number 60 issued on June 12, 1970, which does not contain a municipality qualifying pursuant to *The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134.*

~~(8)~~ (7) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

~~(9)~~ (8) the amounts determined under clauses (4) (a), (4) (c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

~~(10)~~ (9) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to ~~(9)~~ (8) and parts (a), (b), and (c) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1978, 1979, 1980, 1981, and 1982, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund; in 1983 and thereafter, one-half to each fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

(c) On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between

September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the

iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 9. Minnesota Statutes 1978, Chapter 477A, is amended by adding a section to read:

[477A.15] [TACONITE AID REIMBURSEMENT.] *Any school district in which is located property which had been entitled to a reduction of tax pursuant to Minnesota Statutes 1978, Section 273.135, Subdivision 2, clause (c), shall receive in 1981 and subsequent years an amount equal to the amount it received in 1980 pursuant to Minnesota Statutes 1978, Section 298.28, Subdivision 1, clause (3)(b). Any county in region 3 as defined in governor's executive order number 60 issued on June 12, 1970, which does not contain a municipality qualifying pursuant to section 273.134, and in which are located local units of government which received environmental development grants in 1980 pursuant to Minnesota Statutes 1978, Section 298.28, Subdivision 1, clause (7), shall receive in 1981 and subsequent years an amount equal to the aggregate amount of the grants given to those local units in that county under that clause in 1980. The money distributed to the counties shall be used to provide environmental development grants. Payments shall be made pursuant to this section by the commissioner of revenue to the taxing jurisdictions on July 15 of 1981 and each year thereafter.*

**Sec. 11. Minnesota Statutes 1978, Section 124.212, Subdivision 8a, is amended to read:**

**Subd. 8a. (1)** Notwithstanding any provisions of any other law to the contrary, the adjusted assessed valuation used in calculating foundation aid shall include only that property which is currently taxable in the district. For districts which received payments under sections 124.215, subdivision 2a; 124.25; 124.28; 124.30; 473.633 and 473.635; the foundation aid shall be reduced by: The previous year's payment to the district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125, but not to exceed 50 percent of the previous year's payment.

**(2)** For districts which received payments under sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; section 9; any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; the foundation aid shall be reduced in the October adjustment payment by the difference between the dollar amount of the payments received pursuant to those sections in the fiscal year to which the October adjustment is attributable and the amount which was calculated, pursuant to section 275.-

(1) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, clause (1), shall reduce the permissible levies authorized by subdivisions 3 to 14 by that portion of the previous year's payment not deducted from foundation aid on account of the payment. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies. (b) an amount equal to the total dollar amount of the payments received pursuant to those sections in the previous fiscal year less the product of the same dollar amount of payments times the ratio of the maximum levy allowed the district under subdivision 2a, to the total levy allowed the district under this section in the year in which the levy is certified.

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause 1 or 2, to an amount less than the amount raised by a levy of 10 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The amount of any increased levy authorized by referendum pursuant to subdivision 2a, clause (4) shall not be reduced

[DEFERRED YIELD ADJUSTMENT ACCOUNT.] There is hereby established a deferred yield adjustment account which shall be increased by the sale or disposition of any debt securities at less than book value and shall be decreased by the sale or disposition of debt securities at more than book value. At the end of each fiscal year, a portion of the balance of this account shall be offset against the investment income for that year. The annual portion of the balance to be offset shall be proportional to the reciprocal of the average remaining life of the bonds sold, unless the amounts are offset by gains on the future sales of these securities. The amount of this account shall be included in the recognized value of assets other than corporate stocks and all other equity investments. In any fiscal year in which the gains on the sales of debt securities exceed the discounts realized on the sales of such securities, the excess shall be used to reduce the balance of the account.*

*Subd. 6. [PARTICIPATING PUBLIC RETIREMENT FUNDS OR PLANS.] Any public retirement fund or plan authorized by law to participate in the post-retirement investment fund shall no later than the commencement of a benefit payment from the post-retirement investment fund, certify and transfer to the state board moneys equal to the actuarially determined reserves required for those retirement annuities and benefits which are payable by the public retirement fund or plan and which are specified in law to be included in the participation in the fund. The state board shall confirm in writing each certification and transfer of moneys made by a participating public retirement fund or plan. Each participating public retirement fund or plan shall maintain adequate records to account for moneys transferred to the post-retirement investment fund.*

*Subd. 7. [PARTICIPATION IN FUND.] Each participating public retirement fund or plan which has transferred moneys to the state board for investment in the post-retirement investment fund shall have an undivided participation in the fund. The participation on any valuation date shall be determined by adding to the participation on the prior valuation date: (a) funds transferred in accordance with subdivision 6, (b) the amount of required investment income on its participation as defined in subdivision 9, clause (1)(c) and (c) the reserves for any benefit adjustment made as of the current valuation date with the result adjusted for any mortality gains or losses determined pursuant to subdivision 11.*

**Subd. 8. [WITHDRAWAL OF MONEYS.]** Upon certification by the applicable executive director that a portion of the certified moneys representing the required reserves for various retirement annuities or benefits payable from the participating public retirement fund or plan are required for the payment of a retirement annuity or benefit, the state board shall sell sufficient securities or transfer sufficient available cash to equal the amount of money certified as required and shall order the transfer of that amount to the appropriate executive director.

**Subd. 9. [CALCULATION OF POST-RETIREMENT ADJUSTMENT.]** Annually, following June 30, the state board shall determine whether a post-retirement adjustment shall be payable and shall determine the amount of any post-retirement adjustment which shall be payable.

(1) The state board shall determine whether a post-retirement adjustment shall be payable using the following procedure:

(a) The state board shall determine the amount of dividends, interest, accruals and realized equity capital gains or losses applicable to the most recent fiscal year ending June 30;

(b) The participating public pension funds or plans shall determine the amount of reserves required for every annuitant and benefit recipient as of the current June 30. Every annuitant or benefit recipient who has been receiving an annuity or benefit for at least one year as of the current June 30 shall be eligible to receive a post-retirement adjustment. Each fund shall report separately the amount of the reserves for those annuitants and benefit recipients who are eligible to receive a post-retirement benefit adjustment and those annuitants and benefit recipients who are not eligible to receive a post-retirement adjustment. The amount of the required reserves shall be certified to the board as soon as is practical following the current June 30;

(c) The state board shall determine the amount of investment income required to equal five percent of the required reserves as of the preceding June 30 adjusted by five percent of each transfer in or transfer out multiplied by the fraction of a year from the date of transfer to the current June 30. This amount of required investment income shall be subtracted from the actual amount of investment income determined pursuant to clause (1)(a), to determine the amount of excess investment income. If this amount is positive, then a post-retirement adjustment may be paid.

(2) The state board shall determine the amount of any post-retirement adjustment which is payable using the following procedure:

(a) The state board shall determine the amount of excess investment income by the method indicated in clause (1);

(b) The participating public pension funds and plans shall certify to the state board the total required reserves as of the first of January next following the end of the fiscal year for the annuitants and benefit recipients eligible to receive the post-retirement adjustment as determined by clause (1)(b);

(c) If the state board determines that the book value of the assets of the fund is less than an amount equal to 100 percent of the current June 30 required reserves, with the book value to be determined after the adjustments provided for in subdivision 11, then the board shall allocate 25 percent of the excess investment income as an asset of the fund. The remaining 75 percent will be termed available for distribution. The book value of assets on any given date shall be the cost of equity investments and the amortized cost of fixed income investments.

(d) The resulting total amount available for distribution shall be increased by two and one-half percent, and the result shall be stated as a percentage of the total required reserves pursuant to clause (2)(b), and shall be certified to each participating public pension fund or plan as the amount of the post-retirement adjustment.

**Subd. 10. [PAYMENT OF POST-RETIREMENT ADJUSTMENT.]** Upon receiving the certification of the amount of the post-retirement adjustment from the state board, each participating public pension fund or plan shall determine the amount of the post-retirement adjustment payable to each eligible annuitant and benefit recipient. The dollar amount of the post-retirement adjustment payable to each annuitant or benefit recipient shall be calculated by applying the certified post-retirement adjustment percentage to the amount of the monthly annuity or benefit payable to each eligible annuitant or benefit recipient. The post-retirement adjustment shall commence to be paid on January 1 following the calculations required pursuant to this section and shall thereafter be included in the monthly annuity or benefit paid to the recipient. Notwithstanding Minnesota Statutes, Section 356.18, any adjustment pursuant to this section shall be paid automatically unless the intended recipient files a written notice with the applicable participating public pension fund or plan requesting that the adjustment not be paid.

**Subd. 11. [ADJUSTMENT FOR MORTALITY GAINS AND LOSSES.]** As of June 30 annually, the actuary of each participating public pension fund or plan shall calculate the amount of required reserves representing any mortality gains and any mortality losses incurred by the fund or plan during the fiscal year. The actuary shall report separately the amount of the reserves for annuitants and benefit recipients who are eligible for a post-retirement benefit adjustment and the amount of reserves for annuitants and benefit recipients who are not eligible for a post-retirement benefit adjustment. If the net amount of required reserves represents a mortality gain, the participating public pension fund or plan shall certify that amount to the state board, which shall sell sufficient securities or transfer sufficient available cash to equal the amount of money certified. If the amount of required reserves represents a mortality loss, the participating public pension fund or plan shall transfer to the state board an amount equal to the amount of the net mortality loss. The amount of the transfers shall be determined before any post-retirement benefit adjustments have been made. All book values of the assets of the fund for the purposes of subdivision 9 shall be determined

only after all adjustments for mortality gains and losses for the fiscal year have been made.

**Subd. 12. [APPROPRIATION OF REQUIRED AMOUNTS.]** All moneys necessary to meet the requirements of the certification of withdrawals and all moneys necessary to pay post-retirement adjustments pursuant to this section are hereby and from time to time appropriated from the post-retirement investment fund to the state board.

(c) Up to ten percent of the book value may be invested in corporate stocks which do not conform with the dividend standard provided for in section 22, subdivision 5.

**Subd. 5. [VALUATION OF FUND.]** The variable annuity investment fund shall be valued by the state board bimonthly, using the closing market prices of the last business days of August, October, December, February, April and June of each fiscal year. The ratio of the total market value of investments to the admitted value of investments at the end of the preceding fiscal year, plus the cost of investments acquired, less the net receipts from investments sold during the fiscal year, shall be determined for each valuation date. The admitted value of the investments of the variable annuity investment fund at the end of each fiscal year shall be the book value of all investments held at that date multiplied by the average of the ratios at the 12 bimonthly valuation dates for the fiscal year and the immediately preceding fiscal year. The book value of investments during any fiscal year shall be the admitted value at the end of the preceding fiscal year or the cost of the investments if acquired during the fiscal year.

**Subd. 6. [ACCOUNTING PROCEDURES.]** Notwithstanding

provisions of section 10, the following procedures shall be employed by the state board:

The income shall be attributed to those funds in the account at the beginning of the bimonthly period. Earnings from investments shall not include changes in the admitted values of the investments.*

[TOTAL ANNUAL INCREMENT OR DECREMENT.] The total annual increment or decrement for any one year shall be the sum of (a) the six bimonthly computations of earnings as computed under subdivision 6, clause (1); (b) total realized gains or losses for the fiscal year as computed under subdivision 6, clause (2), after adjusting for the approximate unrealized gain or loss evidenced for such securities in the admitted value; and (c) total unrealized gains or losses for the fiscal year as computed under subdivision 6, clause (2).*

*Subd. 8. [RATE OF RETURN.] The total annual increment or decrement divided by the admitted value of the assets of the Minnesota variable annuity fund, as computed pursuant to subdivision 5, shall be defined as the rate of return for the fiscal year. The rate of return is to be used as the percentage of increase or decrease which shall be credited to the individual member's account balances at the end of the fiscal year.*

Sec. 27. Minnesota Statutes 1978, Section 69.77, Subdivision 2. as amended by Laws 1980, Chapter 341, Section 1, is amended to read:

Subd. 2. Subdivision 1 does not apply to an association enumerated in subdivision 1a under the following circumstances:

(1) Each member of the association pays into the retirement funds of the association during his term of covered employment from and after January 1, 1981, a contribution for retirement and survivorship benefits of not less than eight percent of the maximum rate of salary from which retirement and survivorship credits and amounts of benefits are determined, and that *such the* contributions of a member are deducted from his salary by his governmental employer, transmitted to the association, and deposited to the credit of the proper fund thereof, provided that to avoid undue increase in the amount of employee contributions in any one year, any increase in the amount of contributions required by this section may be spread over several years, but the increase in rate of contribution in each year commencing in 1981 shall not be less than one percent until the appropriate levels of required employee contributions have been reached. This paragraph shall not apply to members who are volunteer firefighters, provided that the local governing body shall have given their approval to the exemption following consideration of the most recent actuarial survey.

(2) The officers of the association determine on or before the date established by the municipality, which shall not be later than September 1 and shall not be earlier than August 1 of each year the financial requirements and minimum obligation of the association for the following calendar year in accordance with the following requirements:

The financial requirements shall be based on the most recent actuarial survey prepared in accordance with sections 356.215, subdivision 4 and 356.216.

The normal level cost expressed as a percent of covered payroll determined from the actuarial survey shall be applied to the estimated covered payroll of the membership for the following year to determine the dollar amount of normal cost for said following year.

To the dollar amount of normal cost thus determined shall be added the amount of one year's interest at five percent on the amount of the (deficit) unfunded liability found by the actuarial survey of the fund.

The total of these two amounts represents the financial requirements of the association for the following year.

Except as otherwise provided in this paragraph, the minimum obligation of the governmental subdivision shall be the financial requirements of the association less member contributions herein provided from covered salary and less one year's estimated receipts expected from the state of Minnesota through state collected insurance premium taxes or other state aids. The minimum obligation may, by vote of the governing body of the governmental subdivision, be reduced to the amount levied in the preceding year for purposes of the association, plus the following percentage of the difference between that levy and the amount of the minimum obligation determined without benefit of this sentence: for the levy made in 1971, 10 percent; in 1972, 20 percent; in 1973, 30 percent; in 1974, 40 percent; in 1975, 50 percent; in 1976, 60 percent; in 1977, 70 percent; in 1978, 80 percent; and in 1979, 90 percent. Commencing with the levy made in 1980, there shall be no reduction in the minimum obligation pursuant to this paragraph.

(3) The foregoing determination of the obligation of a governmental subdivision shall be submitted to its governing body not later than September 1 of each year so that it may ascertain if it has been prepared in accordance with law.

(4) The governmental subdivision shall provide and pay as promptly as funds are available to the association at least the amount of the minimum obligation each year. Any portion of this amount not paid to the association at the end of any calendar year shall be increased at the rate of six percent per annum until so paid. On September 1 of any year the unpaid amount subject to interest shall be added to the obligation of the governmental subdivision.

(5) The governmental subdivision shall provide in its annual budget at least its minimum obligation and may levy taxes for the payment thereof without limitation as to rate or amount and irrespective of limitations imposed by other provisions of law upon the rate or amount of taxation when the balance of any fund of the association has attained a specified level; the levy of such taxes shall not cause the amount of other taxes levied or to be levied by the governmental subdivision, which are subject to any such limitation, to be reduced in any amount whatsoever. If the governmental subdivision does not include the full amount of the minimum obligation in its levy for any year, the officers of the association shall certify that amount to the county auditor, who shall spread a levy in the amount of ~~such~~ *the* obligation.

(6) Moneys paid by the governmental subdivision to the association in excess of the minimum amount so required shall be applied to the reduction in the unfunded liabilities of the association.

(7) The funds of the association shall be invested in securities which are proper investments for funds of the Minnesota state retirement system pursuant to section 22, except that up to \$10,000 may be invested in the stock of any one corporation in any account of such small size that the three percent stock limitation applicable to the Minnesota state retirement system specified in section 22, subdivision 5 would necessitate a lesser investment. Securities held by the association before July 1, 1971, which do not meet the requirements of this paragraph may be retained after that date if they were proper investments for the association on April 28, 1969. The governing board of the association may select and appoint investment agencies to act for and in its behalf or may certify funds for investment by the state board of investment under the provisions of section ~~11-21~~ 15, provided that there be no limit to the amount which may be invested in the income share account described in section 11-18, subdivision 2, or in the fixed-return account described in section 11-18, subdivision 3a, and that up to 20 percent of that portion of the assets of the association invested in the Minnesota supplemental retirement investment fund may be invested in the growth share account described in section 11-18, subdivision 3.

(8) The association shall procure an actuarial survey showing the condition of its fund pursuant to section 356.216 as of December 31, 1978, and shall procure an actuarial survey every two years thereafter. The association shall also procure a quadrennial experience study pursuant to section 356.216 as of December 31, 1978, and shall procure a quadrennial experience study every four years thereafter. A copy of the actuarial survey and the quadrennial experience study shall be filed with the director of the legislative reference library, the governing body of the municipality in which the association is organized, the executive secretary of the legislative commission on pensions and retirement, and the commissioner of insurance, not later than June 1 of the following year.

Effective January 1, 1974 each participating fund in the Minnesota adjustable fixed-benefit fund, except the municipal employees retirement fund, shall increase the benefits in effect on June 30, 1973 by an amount that when added to the increase granted to such benefits effective July 1, 1973, equals 20 percent. The increase shall apply to accrual of benefits commencing January 1, 1974 and shall be in lieu of the adjustment provided by *Minnesota Statutes, 1973 Supplement*, Section 11.25, Subdivisions 12 and 13 scheduled to take effect January 1, 1974. The municipal employees retirement fund of Minneapolis shall determine the increase if any in accrual of benefits commencing January 1, 1974, determined on the basis of its entire participation in the manner provided in *Minnesota Statutes, 1973 Supplement*, Section 11.25, Subdivisions 12 and 13 as amended by *Laws 1973, Chapter 7*.

(f) The actuary for each participating fund shall calculate the reserve required to support the benefits in effect on June 30, 1973 as increase July 1, 1973 and herein. As of December 31, 1973, each participating fund shall transfer to or from the Minnesota adjustable fixed-benefit fund assets so that its participation equals the total of such required reserves and the reserve for benefits authorized on or after July 1, 1973. The increased benefits accruing as of January 1, 1974 shall be considered the "originally determined benefits" for the purpose of future adjustments.

Sec. 53. Minnesota Statutes 1978, Section 422A.06, is amended by adding a subdivision to read:

*Subd. 8. [WITHDRAWAL FROM MINNESOTA ADJUSTABLE FIXED BENEFIT FUND.] The Minneapolis retirement board and the state board of investment may jointly agree to cease participation by the Minneapolis employees retirement fund in the Minnesota adjustable fixed benefit fund and transfer the assets in the Minnesota adjustable fixed benefit fund belonging to the retired members of the Minneapolis employees retirement fund to the retirement board for deposit in the retirement benefit fund established and administered by the retirement board. The agreement between the retirement board and the pension board shall provide for the allocation of expenses of the transfer of assets and for the determination of the value of the assets transferred. The valuation shall be established as of June 30 in the year in which the transfer occurs. The assets of the retirement benefit fund shall be invested in the same manner as provided by law for Minnesota adjustable fixed benefit fund assets.*

Sec. 54. Minnesota Statutes, 1979 Supplement, Section 422A.08, Subdivision 2, is amended to read:

Subd. 2. Prior to August 31 of each year the retirement board shall prepare an itemized statement of its financial requirements from tax revenue for the succeeding fiscal year. A copy of the statement shall be submitted to the board of estimate and taxation and to the city council prior to September 15 of each year. This statement shall include:

(1) An estimate of the administrative expense of the board less:

(a) Such amount as the board may charge against the interest income account of the fund as cost of handling the investment securities of the fund.

(b) The cost of handling the retirement benefits of any city-owned public utility, improvement project, or other municipal activities supported in whole or in part by revenues other than taxes.

(c) The cost of handling the retirement benefits of any public corporation and its employees who have availed themselves of the provisions of sections 422A.01 to 422A.25.

(2) An estimated amount not to exceed  $7\frac{1}{4}$  percent of the salaries and wages of all employees covered by the retirement fund less any amounts contributed for current cost of future retirement benefits by any city-owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than taxes, or any public corporation.

(3) The estimated amount to meet the requirements of section 422A.06, subdivision 3, less any amounts contributed for this purpose by any city-owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than taxes, or any public corporation.

(4) The cost of all monthly survivor's benefits provided in section 422A.23 as an obligation of the city and any of its boards, departments, commission or public corporations as therein provided, less any amounts contributed for this purpose by any city-owned public utility, improvement project, other municipal activities supported in whole or in part by revenues other than taxes, or any public corporation.

(5) Such other levies and financing as are required by law.

(6) The total of items 1, 2, and 3 above shall be increased or decreased as the case may be by any deficiency or excess of the amount of tax revenue actually collected within the preceding fiscal year under or over the amount actually determined to meet the financial requirements of the fund for such year. In no event shall the amount requested for levy exceed the total of entry age normal cost, less the amounts contributed by the employees, plus administrative expense, plus an amount necessary to amortize on a level annual dollar basis the principal amount of the actuarial deficit by the year 2017 using an interest rate of five percent, compounded annually, plus interest upon any deficiency from the previous year's levy at the rate of ~~four~~ six percent per annum. This limit does not apply to the requirements for survivors benefits provided in section 422A.23 nor to any levy which is administered by the retirement board pursuant to special act.

Sec. 55. Minnesota Statutes, 1979 Supplement, Section 422A.09, Subdivision 3, is amended to read:

Subd. 3. The exempt class shall consist of:

(1) Employees who are members of any other organization or association of the city on behalf of which a tax is levied by the city for the purpose of paying retirement allowances to disabled or superannuated employees.

(2) Persons filling elective position. Provided that any elective officer holding an elective city office, excepting judges of a municipal court, shall, upon written application to the retirement board, be entitled to become a member of the contributing class of the fund, and after becoming a contributor to the fund be entitled to all benefits conferred upon employees of the contributing class except retirement on a service allowance, which shall be granted only upon completion of ten or more years of service and attaining at least age 60.

All retirement allowances shall be computed and determined as provided herein, except that in determining the number of years of service, credit shall be given for time served as an elective officer or employee, or member of an executive board or commission or any combination thereof. Persons who have served in elective positions which qualified them for membership in the fund prior to July 1, 1967, and who immediately thereafter hold elective office, first being appointed to that elective office in Hennepin county in which they served as an elected official, may retain or resume membership in the fund as an elective officer of the county.

The county shall collect and pay to the retirement fund the employee contribution. The employer cost of allowances and benefits credited to an elected officer as set forth above shall be paid from the county revenue fund by the proper county officials upon certification of such costs by the retirement board in the same manner as prescribed in section 422A.08 for the payment of costs by public corporations. A tax shall be levied by Hennepin county to defray the cost of such retirement allowances which may be in addition to all other taxes levied by the county. Before receiving a retirement allowance, or any other benefit, any person who claims credit for service under this section shall contribute to the fund an amount equal to the amount of contributions to the fund which such person would have made had he been a contributor to the fund since the date he first became eligible for membership in the fund, in accordance with the method of contribution herein provided for, plus ~~four~~ six percent compound interest.

(3) Persons serving without pay.

(4) Persons employed on a temporary basis, as doorkeepers, ticket takers, and attendants at the municipal auditorium, park recreation facilities, or like activities, employed less than 1000 hours, or its equivalent, if employed on any other basis than an hourly basis, in any calendar year from January 1 to December 31, inclusive, provided that employees who are contributing members of the fund on July 1, 1959 shall not be affected by the exclusions contained in this section.

(5) A person who is exempted from the contributing class by Minnesota Statutes 1974, Section 422A.09, Subdivision 3, Clauses (4) and (5), but who is employed by and paid, in whole or in part, by the city or any of its boards, departments, or commissions, operated as a department of the city government or independently, if financed in whole or in part by city funds, including any person employed by a public corporation as herein defined, and including any person employed by the Minneapolis school district, each of whom is not a member of any other retirement system, who later becomes a contributing member of the fund may elect to qualify such time for credit by paying into the fund an amount equal to the amount of contributions to the fund which such person would have made had he been a contributor to the fund since the date he first qualified as an exempt member of the contributing class, in accordance with the method of contribution herein provided, plus four percent compound interest.

(6) Any person who is employed by the city or any of its boards, departments, commissions or a public corporation, as herein outlined, and is excluded from participation in the fund by paragraph (4) shall be separated from the service upon reaching the age of 70 regardless of the provisions of the veterans preference act.

(7) Any person who is employed in subsidized on-the-job training, work experience or public service employment as an enrollee under the federal comprehensive employment and training act from and after March 30, 1978, unless the city council of the city

of Minneapolis specifies that the person is to be considered as a provisional member of the retirement fund pursuant to section 356.451 or unless the person has as of the later of March 30, 1978 or the date of employment sufficient service credit in the retirement fund to meet the minimum vesting requirements for a deferred retirement annuity, or the employer agrees in writing to make the required employer contributions, including any employer additional contributions, on account of that person from revenue sources other than funds provided under the federal comprehensive training and employment act, or the person agrees in writing to make the required employer contribution in addition to the required employee contribution.

Section 1. Minnesota Statutes, 1979 Supplement, Section 424A.02, is amended by adding a subdivision to read:

*Subd. 9a. [POST RETIREMENT INCREASES.] Notwithstanding any provision of general or special law to the contrary, a relief association may, from time to time, with municipal approval pursuant to subdivision 10 and section 69.772, subdivision 6, or section 69.773, subdivision 6, whichever is applicable, provide a post retirement increase to retired members and other retirement benefit recipients of the relief association. The post retirement increase may only be granted pursuant to an amendment to the bylaws of the relief association and shall be applicable only to retired members and other retirement benefit recipients receiving a service pension or retirement benefit as of the effective date of the bylaw amendment. The authority to provide a post retirement increase to retired members and other retirement benefit recipients of a relief association contained in this subdivision shall supersede any prior special law authorization relating to the provision of post retirement increases.*

Sec. 2. Minnesota Statutes, 1979 Supplement, Section 424A.04, is amended to read:

**424A.04 [VOLUNTEER RELIEF ASSOCIATION; BOARD OF TRUSTEES.]** *Every volunteer firefighters' relief association shall be managed by a board of trustees consisting of nine members. Six trustees shall be elected from the membership of the relief association and three trustees shall be drawn from the officials of the municipality which has a fire department to which the relief association is directly associated or the municipality which contracts or the municipalities which contract with*

the independent nonprofit firefighting corporation of which the relief association is a subsidiary. *The bylaws of a volunteer firefighters' association may provide that one of the six trustees required to be elected from the membership of the relief association may be a retired member of the relief association receiving a monthly pension elected by the membership of the fire department.* The ex officio trustees, if the relief association is directly associated with the fire department of a municipality, shall be the mayor, the clerk or clerk-treasurer, and the chief of the municipal fire department. The ex officio trustees, if the relief association is a subsidiary of an independent nonprofit firefighting corporation, shall be three elected officials of the contracting municipality designated by the governing body of the municipality if only one municipality contracts with the independent nonprofit firefighting corporation, two elected officials of the largest municipality in population and one elected official of the next largest municipality in population designated by the governing bodies of the applicable municipalities if two municipalities contract with the independent nonprofit firefighting corporation or one elected official of each of the three largest municipalities in population designated by the governing bodies of the applicable municipalities if three or more municipalities contract with the independent nonprofit firefighting corporation. An ex officio trustee shall have all of the rights and duties accorded to any other trustee except the right to be an officer of the board of trustees. A board shall have at least three officers, which shall be a president, a secretary and a treasurer. The terms of the elected trustees and of the officers of the board shall be specified in the bylaws of the relief association but shall not exceed three years. If the term of the elected trustees exceeds one year, the election of the various trustees elected from the membership shall initially and shall thereafter continue to be staggered on as equal a basis as is practicable.

It shall be the duty of the board of trustees to faithfully administer any provisions of statute or special law applicable to the relief association without prejudice and consistent with the expressed intent of the legislature. The members of the board shall act as trustees with a fiduciary obligation to the state of Minnesota which authorized the creation of the relief association, the taxpayers who aid in its financing and the firefighters who are its beneficiaries.

**Sec. 3. [HIBBING; AUTHORIZATION FOR SEPARATE RELIEF ASSOCIATIONS FOR SALARIED AND VOLUNTEER FIREFIGHTERS.]** *Notwithstanding any provisions of any law to the contrary, the city of Hibbing may establish and maintain or continue to maintain two separate relief associations for firefighters employed by or serving with the Hibbing municipal fire department. One relief association shall provide retirement*

**Sec. 4. [RESTRICTION ON VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION MEMBERSHIP FOR CERTAIN PERSONS.]** *No person who is employed by the city of Hibbing as a regular salaried firefighter, and who is a member of the Hibbing salaried firefighters relief association to which Minnesota Statutes, Section 69.77, applies, shall be entitled while so employed after the effective date of this section to be a member of or to accrue any service credit in the relief association which provides retirement benefit coverage for volunteer firefighters serving with the Hibbing municipal fire department and to which Minnesota Statutes, Sections 69.771 to 69.776, apply.*

**Sec. 5. [PROPORTIONATE SERVICE PENSION IN CERTAIN CASES.]** *Any person who is prohibited from further membership in or from accruing further service credit in the volunteer firefighters' relief association which is established or maintained by the city of Hibbing and to which Minnesota Statutes, Sections 69.771 to 69.776 apply and who has not as of the effective date of this act received credit for sufficient years of service with the Hibbing municipal fire department or membership with the Hibbing volunteer firefighters' relief association to be entitled to a service pension without the benefit of this section shall be entitled when otherwise qualified to receive a proportionate service pension based on the number of completed years of service rounded to the nearest full years of service.*

[AUTHORIZATION OF MUNICIPAL ACTION.] Notwithstanding any provision of law, municipal charter, municipal ordinance or resolution, or relief association articles of incorporation or bylaws to the contrary, any municipality in which is located a covered local police or salaried firefighters' relief association enumerated in section 10, subdivision 3, is authorized to implement the provisions of this section. Implementation shall be effected by a municipal resolution approved by a majority of the governing body of the municipality following consultation with the board of trustees of the affected local relief association and the holding of a public meeting at which the views of the public are considered. Prior to becoming effective, a copy of the municipal resolution shall be filed with the secretary of state, the commissioner of finance, the commissioner of insurance and the executive secretary of the legislative commission on pensions and retirement. To be deemed an implementing municipal resolution within*

*the meaning of this section, the municipal resolution shall either refer to this section in the text or shall describe in summary form the modifications provided for in this section. Once granted, municipal approval shall be irrevocable.*

**Subd. 2. [MODIFICATION OF RETIREMENT COVERAGE FOR CERTAIN NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.]** *Any person first employed by a municipality which has adopted a municipal resolution pursuant to subdivision 1 after the effective date for the modification stated in the municipal resolution, which date shall not in any event be later than the first day of the month occurring six months after the date of passage of the municipal resolution, as a police officer or police trainee or as a firefighter or firefighter trainee, whichever position is covered in the municipal resolution, shall be a member of the public employees police and fire fund established by Minnesota Statutes, Sections 353.63 to 353.68, and shall not be a member of the applicable local police or firefighters' relief association established pursuant to any general or special law.*

**Subd. 3. [OPERATION OF LOCAL RELIEF ASSOCIATION UPON MODIFICATION OF RETIREMENT COVERAGE FOR NEWLY HIRED POLICE OFFICERS AND FIREFIGHTERS.]** *The minimum obligation of a municipality which has adopted a municipal resolution pursuant to subdivision 1 with respect to the local relief association shall be determined and governed in accordance with the provisions of Minnesota Statutes, Sections 69.77, 356.215 and 356.216, except that the normal cost calculation for the relief association shall be computed as a percentage of the compensation paid to the active members of the relief association. The compensation paid to persons with retirement coverage modified pursuant to subdivision 2 shall not be included in any of the computations made in determining the obligation of the municipality with respect to the local relief association.*

*The contribution rate of members of the local relief association shall be governed by Minnesota Statutes, Section 69.77, unless a special law establishing a greater member contribution rate is applicable whereupon it shall continue to govern. The member contribution rate of persons with retirement coverage modified pursuant to subdivision 2 shall be governed by Minnesota Statutes, Section 353.65.*

*When every active member of the local relief association retires or terminates from active duty, the local relief association shall cease to exist as a legal entity and the assets of the special fund of the relief association shall be transferred to a trust fund to be established by the appropriate municipality for the purpose of paying service pensions and retirement benefits to recipient beneficiaries. If there are at least five recipient beneficiaries, the trust fund shall be managed by a board of trustees composed of five members selected by the recipient beneficiaries of the fund, subject to the approval of the governing body of the municipality. If there are fewer than five recipient beneficiaries, the trust fund*

shall be managed by the governing body of the municipality. The term of the elected members of the board of trustees shall be indefinite and shall continue until a vacancy occurs in one of the board of trustee member positions. Board of trustee members shall not be compensated for their services, but shall be reimbursed for any expenses actually and necessarily incurred as a result of the performance of their duties in their capacity as board of trustee members. The municipality shall perform whatever services are necessary to administer the trust fund. The balance of assets remaining in the trust fund shall not revert to the municipality until all obligations of the trust fund are paid.

The financial requirements of the trust fund and the minimum obligation of the municipality with respect to the trust fund shall be determined in accordance with Minnesota Statutes, Sections 69.77, 356.215 and 356.216, until the unfunded accrued liability of the trust fund is fully amortized in accordance with this act. The municipality shall provide in its annual budget for at least the aggregate amount of service pensions, disability benefits, survivorship benefits and refunds which are projected as payable for the following calendar year, as determined by the board of trustees of the trust fund, less the amount of assets in the trust fund as of the end of the most current calendar year for which figures are available, valued pursuant to Minnesota Statutes, Section 356.20, Subdivision 4, Clause (1) (a), if the difference between those two figures is a positive number.

In calculating the amount of service pensions and other retirement benefits payable from the local relief association and in calculating the amount of any automatic post retirement increases in those service pensions and retirement benefits based on the salary paid or payable to active members or escalated in any fashion, the salary for use as the base for the service pension or retirement benefit calculation and the post retirement increase calculation for the local relief association shall be the salary for the applicable position as specified in the articles of incorporation or bylaws of the relief association as of the date immediately prior to the effective date of the municipal resolution adopted pursuant to subdivision 1, as the applicable salary is reset by the municipality periodically, irrespective of whether retirement coverage for persons holding the applicable position used in calculations is provided by the relief association or by the public employees police and fire fund.

If the modification of retirement coverage implemented pursuant to municipal resolution adopted pursuant to subdivision 1 is applicable to a local police relief association, the police state aid received by the municipality shall be disbursed pursuant to Minnesota Statutes, Section 69.031, Subdivision 5, Clause (2) (c). If the modification of retirement coverage implemented pursuant to a municipal resolution adopted pursuant to subdivision 1 is applicable to a local firefighters' relief association, the fire state aid received by the applicable municipality shall be disbursed as the municipality at its option may elect. The municipality may elect: (1) to transmit the total fire state aid to the treasurer of the local

*relief association for immediate deposit in the special fund of the relief association; or (2) to apply the total fire state aid toward the employer contribution of the municipality to the public employees police and fire fund pursuant to Minnesota Statutes, Section 353.65, Subdivision 3; or (3) to allocate the total fire state aid proportionately between the special fund of the local relief association and employer contribution of the municipality to the public employees police and fire fund on the basis of the respective number of active full time salaried firefighters receiving retirement coverage from each.*

#### Research and Development

Section 1. [PURPOSE.] *The legislature of the state of Minnesota recognizes the long standing tradition and commitment of the people of this state to quality in education. This commitment has required a growing and unprecedented expenditure of public funds. As these expenditures continue to grow, it becomes necessary to insure that the expectations and priorities of the people of Minnesota for education continue to be met. One of the most effective means of maintaining and improving quality in public education, as in business, industry, science and medicine, is through research and development. Research and development in education makes it possible for those concerned to find answers to questions of educational importance, develop improved measures for education and create new responses to address future problems. Presently, however, only a small fraction of one percent of the total revenues spent on public education is allocated for research and development. The purpose of sections 10 and 11 of this article is to encourage research and development programs at the local school district level.*

Sec. 2. Subdivision 1. *For the 1980-1981 and 1981-1982 school years, the state board of education, with the approval of the governor after consultation with the legislative advisory com-*

*mission in the manner provided in section 3.30, shall make up to 15 grants to school districts to engage in educational research and development. Districts are encouraged, but are not limited, to conduct educational research and development in the following areas:*

*(1) Review of school district purposes and priorities for education;*

*(2) Programs encouraging the development of local citizen task forces on educational issues;*

*(3) Programs in preventive education and basic living skills;*

*(4) Developing programs which emphasize the purpose and results of education for the effective development of the child, including programs which focus on the importance of the home environment, the behavior of parents and family members in promoting the total development of the child, and programs which focus on the responsibility of parents as teachers and on membership in a family as a career; and*

*(5) Developing uses for computerized instruction, cable television and other innovations in media technology.*

*The research may include a review of existing national and international research and may involve the cooperation of the private sector.*

*Subd. 2. Districts which wish to participate in the funded research and development shall submit a research and development proposal to the department of education no later than June 1 preceding the school year for which the research and development is proposed. Two or more districts may submit a joint proposal for cooperative research and development. A proposal may request funding for one year or two years. Districts are encouraged to establish offices of research and development with the grant funds and to coordinate the state board's research and development grant with grants for research and development from other sources. The council on quality education shall provide technical assistance to the state board of education in evaluating proposals. Districts shall be notified of their participation in the funding no later than August 1 preceding the school year for which the research and development is proposed.*

*Subd. 3. The funds shall be as equally distributed as possible among districts in cities of the first class, in suburbs, and outside the seven county metropolitan area. Districts are encouraged to propose research and development which is district wide or state-wide in its implementation.*

*Subd. 4. The department of education shall make a report to the legislature on the research and development conducted in accordance with this section before September 15, 1982.*

**Sec. 3. [APPROPRIATION; RESEARCH AND DEVELOPMENT PROGRAM.]** *The sum of \$750,000 is appropriated from the general fund to the department of education for the fiscal year*

*ending June 30, 1981 for the program authorized pursuant to sections 1 and 2 of this article. This appropriation is available until June 30, 1982.*

**Sec. 4. [EFFECTIVE DATE.]** *This article is effective the day following final enactment."*

Eligible bidders shall be limited to suppliers who have provided people mover systems which have successfully served the public.*

**Subd. 2. [CONTRACT AWARD.]** *Contracts for equipment purchase and for construction may not be awarded without approval of the board. The purchase contract for the vehicle system shall require the supplier to assure that the vehicle system operates within the specifications of the contract and to maintain the vehicle system for a five year period of revenue operation at a fixed base price with escalation clauses. The five year period shall be extended for the period of time equal to the time when the*

*vehicle system is not in service because of a failure of the system to perform according to the specifications of the contract. The contract shall contain a provision permitting termination of the operation and maintenance portion of the contract by the board at the end of any year of revenue operation.*

The amounts which the city and commission may be required to pay pursuant to this clause are not limited to the amounts provided in section 9.*

*The city shall levy assessments on benefited properties pursuant to section 5 in the amount the board determines is required from the owners of the properties to pay the estimated operating deficit as determined under clause (c) of this subdivision. These assessments shall be levied at the earliest possible time consistent with the provisions of section 5.*

*(f) Establish a schedule of payments by the city and the commission for the following calendar year which assures the payment of the estimated operating deficit in a timely manner; and*

*(g) Report its findings and determinations to the city and the commission.*

*For the purpose of the determination made in the first full calendar year of revenue service, the preceding calendar year is deemed to include all preceding calendar years in which an operating deficit was incurred or payments were made by the city, the commission and owners of benefited property.*

*Subd. 5. At the earliest possible time after receiving a report of the board as provided in subdivision 4, the city shall levy assessments for the amount determined by the board to be required from owners of benefited properties to pay the estimated operating deficit less any amount previously assessed which was not due and payable before the close of the previous year. The assessments shall be levied pursuant to section 5.*

*Subd. 6. The city and the commission shall pay the amounts determined by the board to be required from them to pay the estimated operating deficit according to the schedule established by the board.*

Payments by owners of benefited properties shall be pursuant to assessments levied by the city pursuant to section 5.*

*Subd. 4. Payments by owners of benefited properties shall be pursuant to assessments levied by the city pursuant to section 5.*

*Subd. 5. The maximum payments provided in subdivisions 2 and 3 shall be increased beginning July 1, 1978, to the close of the first year of revenue service by an amount equal to the local consumer price index not to exceed eight percent, compounded annually. **Sec. 13. [LIMIT ON CAPITAL EXPENDITURES.]** *Subdivision 1. [TOTAL EXPENDITURES.] Except as otherwise provided in this subdivision, the sum of all expenditures by the city and the commission, including federal grants and in-kind expenditures, for acquisition, construction and betterment of the people mover system shall not exceed \$90,000,000. #### "ARTICLE XI

Section 1. [DEFINITIONS.] *Subdivision 1. For the purposes of sections 1 to 9, the following terms have the meanings given them in this section.*

*Subd. 2. "Board" means the Minnesota state board of investment.*

*Subd. 3. "Commissioner" means the State of Minnesota commissioner of finance.*

*Subd. 4. "Minnesota standard state bonds" means bonds issued by the state pursuant to the provisions of sections 1 to 9.*

*Subd. 5. "Political subdivisions" means cities, counties, townships, school districts, special service districts and any other local units of government in Minnesota authorized to incur public debt through the issuance of bonds.*

**Sec. 2. [LOAN AUTHORIZATION; APPLICATIONS FROM POLITICAL SUBDIVISIONS.]** *Subdivision 1. [AUTHORIZATION.] The commissioner of finance, upon timely receipt of a loan application from a political subdivision, may loan to the political subdivision proceeds from the issuance of standard state bonds pursuant to the provisions of sections 1 to 9. The commissioner's decision as to whether to make such a loan is discretionary, but he shall not effect a loan if he determines that:*

*(1) The political subdivision could not directly issue general obligations bonds to obtain funds for the purpose for which the loan was requested,*

*(2) The political subdivision has been or is currently in default on a loan pursuant to this program,*

*(3) The political subdivision does not appear to be financially able to repay the amount of the loan requested,*

*(4) The political subdivision has not taken reasonable, preliminary steps in preparation for repayment of the loan,*

*(5) The issuance of standard state bonds in connection with the loan would violate the Constitution, or*

*(6) It would not be financially feasible or wise for the state to make the requested loan.*

**Subd. 2. [STATE PROJECTS.]** *The commissioner may issue standard state bonds pursuant to the provisions of sections 1 to 9 to finance state projects if he determines that the project has been authorized by the legislature in accordance with the provisions of Article XI, Section 7, of the Constitution.*

**Subd. 3. [LOAN RULES].** *The commissioner may promulgate and adopt any rules he deems necessary regarding loan applications, the granting of loans, and administration of this program.*

**Sec. 3. [MINNESOTA STANDARD STATE DEBT FUND.]** *For the purpose of providing an alternative financing mechanism to the state and to political subdivisions in lieu of the direct issuance of bonds by subdivisions, the Minnesota standard state debt fund is created as a separate bookkeeping account in the general books of account of the state. Proceeds of state bonds credited to this fund are hereby appropriated to the commissioner for use at any time. The commissioner shall utilize these appropriated funds only (1) for loans to political subdivisions as provided in sections 1 to 9; (2) for state projects to be financed*

by state bonds consistent with Article XI of the Constitution, and appropriations made pursuant to this section. Funds appropriated shall not cancel and shall remain available for expenditure.

**Sec. 4. [MINNESOTA STANDARD STATE BONDS.]** Subdivision 1. **[AUTHORIZATION.]** For the purpose of providing money appropriated to the commissioner from the Minnesota standard state debt fund for financing state projects authorized by the legislature and for the implementation of the loan program established by sections 1 to 9, the commissioner shall issue bonds of the state of Minnesota for the prompt and full payment of which, with interest thereon, the full faith, credit, and taxing powers of the state are irrevocably pledged. The proceeds of the bonds shall be credited to the Minnesota standard state debt fund, except that accrued interest and any premium received on sale of the bonds shall be credited to the state bond fund account established in subdivision 7, together with any additional sum directed to be so credited by any law authorizing an issue of the bonds. Bonds shall be issued pursuant to this section only as authorized by subdivision 9 or by another law adopted in accordance with the provisions of the Constitution, Article XI, Section 7. Any law authorizing the issuance of bonds shall, together with this section, constitute complete authority for the issue, and the bonds shall not be subject to restrictions or limitations contained in any other law.

**Subd. 2. [MANNER OF ISSUE.]** Upon issue by the commissioner, the state board of investment, as fiscal agent, shall market Minnesota standard state bonds in the ways the board deems appropriate. The board may offer the bonds for sale, either to the public or on a private placement basis, to individual investors, institutional investors, syndicated investors and other investors. The board may also form and market unit tax exempt bond pools composed of Minnesota standard state bonds. These units may be sold to any person to whom the bonds may be offered for sale pursuant to this subdivision. The board shall determine the sales price and interest rate of the bonds to be sold and may request the advice of the commissioner, or others, in making this determination. Notwithstanding the provisions of any law to the contrary, if the board determines to purchase Minnesota standard state bonds for its own accounts, if necessary to effect the marketing of the bonds and not for long-term investment, that determination satisfies any standards of prudence required of the board in its investment decisions if any lower return realized by the purchase compared with the investment return that would otherwise be realized is compensated for by marketing fees credited to the account whose funds are so invested.

**Subd. 3. [PURCHASE BY FINANCIAL INSTITUTIONS.]** Notwithstanding any provision of law to the contrary, purchase by a financial institution of a Minnesota standard state bond that may be sold without rating by a national rating service satisfies any rating requirement imposed by law on the institution for its investments.

**Subd. 4. [FORM AND NATURE OF BONDS.]** The bonds

shall be issued and sold upon the notice, at the times, in the form and denominations maturing on the dates, either without option of prior payment of subject to prepayment upon the notice and at the times and prices, payable at the bank or banks, within or without the state, with the provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale and delivery of definitive bonds, and in accordance with further rules, as the commissioner of finance shall determine, subject to the approval of the attorney general, but not subject to the provisions of the Minnesota administrative procedure act. Each bond shall mature within 20 years from its date of issue, shall be sold at not less than par plus accrued interest, and shall be executed by the commissioner of finance and attested by the state treasurer under their official seals. The signature of one of these officers on the face of any bond, and their seals, and the signature of both officers on the interest coupons appurtenant to any bond, may be printed, lithographed, stamped, or engraved thereon. The commissioner may issue uncertificated securities in accordance with the provisions of Article VIII of the Uniform Commercial Code.

Subd. 5. [BONDHOLDER INDEMNIFICATION.] The commissioner, subject to the approval of the attorney general, shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions and things necessary to make them valid and binding obligations of the state of Minnesota in accordance with their terms. The state shall be a self-insurer as to errors by any state official affecting the validity or tax exempt status of any Minnesota standard state bond. The state shall hold harmless and indemnify any person directly suffering loss due to an error as described in this subdivision. There is hereby appropriated to the commissioner from the general fund, as an open, standing appropriation, amounts sufficient at any time to carry out the provisions of this subdivision.

Subd. 6. [PARTIAL REDEMPTION.] If in any case a portion of the debt underlying an issue of Minnesota standard state bonds is defective because it is unauthorized, or is invalid as a basis for tax exempt status, or in any way impairs the value or validity of a Minnesota standard state bond, the defect shall be allocated by the commissioner of finance to a portion of the particular bond issue equal to the amount of the defect. Without impairing the rights of any person as provided in subdivision 5, the bonds to which the defect is allocated under this subdivision shall be redeemed and damages shall be paid as specified in subdivision 5. Bonds in the remaining portion of the issue shall not be affected in any way by the redemption or by the defect which caused the redemption.

Subd. 7. [ISSUANCE AND MARKETING EXPENSES.] All expenses incidental to the sale, printing, execution, marketing and delivery of bonds pursuant to this section, including, but not limited to, actual and necessary travel and subsistence expenses of state officers and employees for these purposes, shall be deducted from the Minnesota standard state bond fund, and

paid and appropriated for expenditure to the state officials or entities incurring the expense, and the amounts necessary therefor are appropriated from the fund; provided that if any amount is specifically appropriated for this purpose in an act authorizing the issuance of bonds pursuant to this section, these expenses shall be limited to the amount so appropriated.

**Subd. 8. [MINNESOTA STANDARD STATE BOND ACCOUNT.]** The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account which shall be designated as the Minnesota standard state bond account, to record receipts and disbursements of money transferred to the fund to pay Minnesota standard state bonds and income from the investment of the money, which income shall be credited to the account in each fiscal year. The amounts directed by section 4 to be transferred to this bond account are appropriated thereto, and the legislature may also appropriate to the bond account any other money in the state treasury not otherwise appropriated. On November 1 of each year there shall be transferred to the bond account all of the money then available under any appropriation or a lesser sum as will be sufficient, with all money previously transferred to the account and all income from the investment of the money, and all payments by political subdivisions, to pay all principal and interest then and theretofore due and all principal and interest to become due to and including July 1 in the second ensuing year on Minnesota standard state bonds. All money so transferred and all income from the investment thereof shall be available for the payment of the bonds and interest thereon, and so much thereof as may be necessary is appropriated for these payments. The state auditor and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

**Subd. 9. [TAX LEVY.]** On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the Minnesota standard state bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota standard state bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all these bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from the proceeds, and the whole thereof, or so much as may be necessary, is appropriated for the payments. If at any time there is insufficient money from the proceeds of taxes to pay the principal and interest when due on Minnesota standard state bonds, the principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated, with the sums from tax levies and the general fund subject to future reimbursement to the bond fund by the Minnesota standard state bond account as indicated in section 2.

*Subd. 10. [BOND AUTHORIZATION.] For the purpose of providing funds to the commissioner for establishment and implementation of the loan programs created pursuant to sections 1 to 9, the commissioner is authorized to sell and issue Minnesota standard state bonds in the manner and upon the conditions provided in sections 1 to 9 and in Article II, Section 7 of the Constitution. The proceeds of the bonds, except premium and accrued interest, are appropriated to the Minnesota standard state debt fund in the general fund, for expenditure by the commissioner for the purpose for which the bonds are authorized in accordance with the provisions of section 2. In order to reduce the amount of taxes otherwise required by the Constitution and by subdivision 9 to be levied for the payment of interest and principal on the bonds, there is also appropriated annually to the Minnesota standard state bond account in the state bond fund from the general fund a sum of money sufficient in amount, when added to the balance on hand on November 1 in each year in the bond account, to pay all principal and interest due and to become due on the bonds to and including July 1 in the second ensuing year. The money received and on hand pursuant to this annual appropriation is available in the state bond fund prior to the levy of the tax in any year required by the Constitution and by subdivision 9 and shall be used to reduce the amount of the tax otherwise required to be levied.*

*Sec. 6. [PAYMENTS TO POLITICAL SUBDIVISIONS.] Subdivision 1. [AUTHORIZATION; CONDITIONS.] The commissioner may loan monies from the Minnesota standard state debt fund to any qualifying political subdivision provided that the commissioner on behalf of the state and the authorized representatives of the political subdivision enter into an agreement which shall among other things provide that:*

*(1) The political subdivision is irrevocably bound to repay the loan in full,*

*(2) The political subdivision shall hold the state of Minnesota and its officers and employees harmless from any claim, cause of action or damages arising from the political subdivision's misapplication of loaned funds, and*

*(3) The books, records and accounts of the political subdivision shall be available during business hours at any time for inspection by either the commissioner or state auditor.*

*Subd. 2. [WITHHOLDING BY COMMISSIONER.] Prior to the issuance of any loan to a political subdivision, the commissioner shall deduct and withhold therefrom an amount sufficient, when added to the balance on hand in the portion of the bond account dedicated to debt service for the subject loan, to pay all principal and interest due and to become due on the bonds issued for the particular loan to and including July 1 in the second ensuing year. All funds so withheld shall be placed in the Minnesota standard state bond account in the state bond fund and are appropriated for expenditure at any time for debt service on Minnesota standard state bonds.*

**Sec. 7. [REPAYMENT BY POLITICAL SUBDIVISIONS.]** *Political subdivisions receiving loans pursuant to sections 1 to 9 shall proceed to obtain repayment funds and transmit those funds to the state in the same manner as if the political subdivisions had directly issued bonds for the purposes for which they obtained loans from the Minnesota standard state debt fund. Provided, however, that in addition to the initial withholding undertaken by the commissioner pursuant to section 6, each loan recipient shall, not later than October 15 of each year, transmit to the commissioner a loan repayment sum sufficient in amount, when added to the balance on hand in the bond account, to pay all principal and interest due and to become due on the bonds issued for the subject loan to and including July 1 in the second ensuing year. All funds so transmitted shall be placed in the Minnesota standard state bond account in the state bond fund and are appropriated for expenditure at any time for debt service on Minnesota standard state bonds.*

**Sec. 8. [CERTIFICATES OF INDEBTEDNESS.]** *Whenever the state auditor would otherwise be required to levy a property tax to pay obligations incurred under sections 1 to 9, and there is a reasonable expectation that the obligations will be paid from appropriations or payments by political subdivisions pursuant to section 7, the commissioner may issue certificates of indebtedness as authorized by Article XI, Section 6 of the Minnesota Constitution in an amount sufficient to avoid the necessity of a property tax levy.*

**Sec. 9. [DEFAULT.]** *If a political subdivision defaults on repayment of any loan financed through Minnesota standard state bonds, the state auditor shall cause taxes to be levied on the real property of the defaulting political subdivision in an amount sufficient to make overdue payments plus interest equal to one percent more than the average annual rate of interest on Minnesota standard state bonds issued during the proceeding calendar year and to make future loan payments as they become due. All funds generated from this levy shall be transmitted to the state, placed in the Minnesota standard state bond account in the state bond fund and are appropriated for expenditure at any time for debt service on Minnesota standard state bonds.*

**Sec. 10. [APPROPRIATIONS.]** *For the biennium ending June 30, 1981, the sum of \$150,000 is appropriated to the commissioner for the issuance of Minnesota standard state bonds.*

**Sec. 11. [EFFECTIVE DATE.]** *This article is effective the day following final enactment. To facilitate the prompt implementation of this loan program, the commissioner is authorized to promulgate temporary rules pursuant to the provisions of the administrative procedures act."*

Every candidate who does not designate and cause to be formed a principal campaign committee, and any individual who makes independent expenditures or expenditures expressly advocating the approval or defeat of a ballot question in aggregate in excess of \$100 in any year, shall file with the board a report containing the information required by subdivision 3. Reports required by this subdivision shall be filed on the dates on which reports by committees and funds are filed.

Sec. 12. Minnesota Statutes 1978, Section 10A.32, Subdivision 3, is amended to read:

Subd. 3. As a condition of receiving any moneys money from the state elections campaign fund, a candidate shall agree by stating in writing to the board that (a) his expenditures and approved expenditures shall not exceed the expenditure limits as set forth in section 10A.25 and that (b) he shall not accept contributions or allow approved expenditures to be made on his behalf for the period beginning with January 1 of the election year or with the registration of his principal campaign committee, whichever occurs later, and ending December 31 of the election year, which aggregate contributions and approved expenditures exceed the difference between the amount which may legally be expended by him or on his behalf, and the amount which he receives from the state elections campaign fund. The agreement, insofar as it relates to the expenditure limits set forth in section 10A.25, remains effective until the dissolution of the principal campaign committee of the candidate or the opening of filings for the next succeeding election to the office held or sought at the time of agreement, whichever occurs first. Beginning in 1980, Money in the account of the principal campaign committee of a candidate on January 1 of the election year for the office held or sought shall be considered contributions accepted by that candidate in that year for the purposes of this subdivision. Notwithstanding the effective date of this section, for 1978, the period for determining the aggregate contribution and approved expenditure limit agreed to pursuant to

**this subdivision shall begin January 1, 1978. That amount of all contributions accepted by a candidate in an election year which equals the amount of noncampaign disbursements and contributions and expenditures to promote or defeat a ballot question which are made by that candidate in that year, and the amount of contributions received and approved expenditures made between January 1, 1978, and February 28, 1978 which equals the amount of expenditures made between January 1, 1978, and February 28, 1978, for goods consumed and services used before February 28, 1978, shall not count toward the aggregate contributions and approved expenditure limit imposed by this subdivision. Any amount by which his aggregate contributions and approved expenditures agreed to under clause (b) exceed the difference shall be returned to the state treasurer in the manner provided in subdivision 2. In no case shall the amount returned exceed the amount received from the state elections campaign fund.**

The candidate may submit his signed agreement to the filing officer on the day he files his affidavit of candidacy or petition to appear on the ballot, or he may submit the agreement to the board no later than September 1.

The board prior to the first day of filing for office shall forward forms for the agreement to all filing officers. The filing officer shall without delay forward signed agreements to the board. An agreement may not be rescinded after September 1.

For the purposes of this subdivision only, the total amount to be distributed to each candidate is calculated to be his share of the total estimated funds in his party account as provided in subdivision 3a, plus the total amount estimated as provided in subdivision 3a to be in the general account of the state elections campaign fund and set aside for that office divided by the number of candidates whose names are to appear on the general election ballot for that office. If for any reason the amount actually received by the candidate is greater than his share of the estimate, and his contributions thereby exceed the difference, the agreement shall not be considered violated.

Subd. 2. The amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a county with a population of less than 100,000 in which taconite is mined or quarried and wherein a school district is located which does meet the qualifications of a tax relief area, and provided that at least 90 percent of the area of the school district which does not meet the qualifications of section 273.134 lies within such county, 57 percent of the amount of the tax on qualified property located in the school district that does not meet the qualifications of section 273.134, provided that the amount of said reduction shall not exceed the maximum amount specified in clause (c). Sec. 6. Minnesota Statutes 1978, Section 124.212, Subdivision 8a, is amended to read:

Subd. 8a. (1) Notwithstanding any provisions of any other law to the contrary, the adjusted assessed valuation used in calculating foundation aid shall include only that property which is currently taxable in the district. For districts which received payments under sections 124.215, subdivision 2a; 124.25; 124.28; 124.30; 473.633 and 473.635; the foundation aid shall be reduced by: The previous year's payment to the district pursuant to said sections times the ratio of the maximum levy allowed the district under section 275.125, subdivision 2a, to the total levy allowed by section 275.125, but not to exceed 50 percent of the previous year's payment.

(2) For districts which received payments under sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; section 4; any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; the foundation aid shall be reduced in the October adjustment payment by the difference between the dollar amount of the payments received pursuant to those sections in the fiscal year to which the October adjustment is attributable and the amount which was calculated, pursuant to section 275.125, subdivision 9, as a reduction of the levy attributable to the fiscal year to which the October adjustment is attributable. If the October adjustment of a district's foundation aid for a fiscal year is a negative amount because of this clause, the next fiscal year's foundation aid to that district shall be reduced by this negative amount in the following manner: there shall be withheld from each monthly scheduled foundation aid payment due the district in such fiscal year, 15 percent of the total negative amount, until the total negative amount has been withheld. The amount reduced from foundation aid pursuant to this clause shall be recognized as revenue in the fiscal year to which the October adjustment payment is attributable.

Sec. 7. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 9, is amended to read:

Subd. 9. (1) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, clause (1), shall reduce the permissible levies authorized by subdivisions 3 to 14 by that portion of the previous year's payment not deducted from foundation aid on account of

the payment. The levy reductions shall be made in the proportions that each permissible levy bears to the sum of the permissible levies. Reductions in levies pursuant to this clause, subdivision 10 of this section, and section 273.138, shall be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 294.21 to 294.28; 298.23 to 298.28; 298.32; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; section 4; and any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; shall not include a portion of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by this section by the greater of the following:

(a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections in the previous fiscal year; or

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections in the previous fiscal year less the product of the same dollar amount of payments times the ratio of the maximum levy allowed the district under subdivision 2a, to the total levy allowed the district under this section in the year in which the levy is certified.

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause 1 or 2, to an amount less than the amount raised by a levy of 10 mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The amount of any increased levy authorized by referendum pursuant to subdivision 2a, clause (4) shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 7a shall not be reduced pursuant to this subdivision.

(4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by subdivision 11a, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to that subdivision. The reduction of the capital expenditure levy shall be computed on the basis of the amount so ascertained.

(5) Notwithstanding any law to the contrary, any amounts received by districts in any fiscal year pursuant to sections 294.21 to 294.28; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; or any law imposing a tax on severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; and not deducted from foundation aid pursuant to section 124.212, subdivision 8a, clause (2), and not applied to reduce levies pursuant to this subdivision shall be paid by the district to the commissioner of finance in the following amount on the designated

date; on or before March 15 of each year, 100 percent of the amount required to be subtracted from the previous fiscal year's foundation aid pursuant to section 124.212, subdivision 8a, which is in excess of the foundation aid earned for that fiscal year. The commissioner of finance shall deposit any amounts received pursuant to this clause in the taconite property tax relief fund in the state treasury, established pursuant to section 16A.70 for purposes of paying the taconite homestead credit as provided in section 273.135.

*Sec. 8. [APPROPRIATION.] A sum sufficient to make the payments required by sections 4 and 5 shall be annually appropriated from the general fund to the commissioner of revenue."*

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes, 1979 Supplement, Section 256B.06, Subdivision 1, is amended to read:

256B.06 [ELIGIBILITY REQUIREMENTS.] Subdivision 1. Medical assistance may be paid for any person:

(1) Who is eligible for or receiving public assistance under the aid to families with dependent children program; or

(2) Who is eligible for or receiving supplemental security income for the aged, blind and disabled; or

(3) Who except for the amount of income or resources would qualify for supplemental security income for the aged, blind and disabled, or aid to families with dependent children and is in need of medical assistance; or

(4) Who is under 21 years of age and in need of medical care

that neither he nor his relatives responsible under sections 256B.01 to 256B.26 are financially able to provide; or

(5) Who is residing in a hospital for treatment of mental disease or tuberculosis and is 65 years of age or older and without means sufficient to pay the per capita hospital charge; and

(6) Who resides in Minnesota, or, if absent from the state, is deemed to be a resident of Minnesota in accordance with the regulations of the state agency; and

(7) Who alone, or together with his spouse, does not own real property other than the homestead. Real estate not used as a home may not be retained unless it produces net income applicable to the family's needs or the family is making a continuing effort to sell it at a fair and reasonable price; and

(8) Who, if single, does not have more than \$2,000 in cash or liquid assets, plus \$150 for each additional legal dependent or, if married, whose cash or liquid assets do not exceed \$10,000, except that the value of the homestead and one automobile shall be disregarded; and

(9) Who has or anticipates receiving an annual income not in excess of \$2,600 for a single person, or \$3,250 for two family members (man and wife, parent and child, or two siblings), plus \$625 for each additional legal dependent, or who has income in excess of these maxima and in the month of application, or during the three months prior to the month of application, incurs expenses for medical care that total more than one-half of the annual excess income in accordance with the regulations of the state agency. In computing income to determine eligibility of persons who are not residents of long term care facilities, the commissioner shall, beginning in July 1979, disregard increases in income of social security or supplementary security income recipients due solely to increases required by sections 215(i) and 1617 of the social security act, and shall disregard income of disabled persons that is also disregarded in determining eligibility for supplemental aid under section 256D.37, subdivision 1. In excess income cases, eligibility shall be limited to a period of six months beginning with the first of the month in which these medical obligations are first incurred.

(10) Who has continuing monthly expenses for medical care that are more than the amount of his excess income, computed on a monthly basis, in which case eligibility may be established before the total income obligation referred to in the preceding paragraph is incurred, and medical assistance payments may be made to cover the monthly unmet medical need. In licensed nursing home and state hospital cases, income over and above that required for justified needs, determined pursuant to a schedule of contributions established by the commissioner of public welfare, is to be applied to the cost of institutional care. The commissioner of public welfare may establish a schedule of contributions to be made by the spouse of a nursing home resident to the cost of care and shall seek a waiver from federal regulations which establish the amount required to be contributed by either spouse when one spouse is a nursing home resident; and

(11) Who has applied or agrees to apply all proceeds received or receivable by him or his spouse from automobile accident coverage and private health care coverage to the costs of medical care for himself, his spouse, and children. The state agency may require from any applicant or recipient of medical assistance the assignment of any rights accruing under private health care coverage. Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter. Any assignment shall not be effective as to benefits paid or provided under automobile accident coverage and private health care coverage prior to receipt of the assignment by the person or organization providing the benefits.
