"Sec. 4. Minnesota Statutes 1978, Chapter 116H, is amended by adding a section to read:

[116H.31] [DISTRICT HEATING LOANS.] *Subdivision 1. [POLICIES.] Developing and improving efficient and economical district heating systems is a public purpose for state financing and a proper function of state government. Climate and geography make a reliable, economic supply of energy essential for industrial, commercial and residential heating. Imported supplies are increasingly costly, unreliable, and environmentally disadvantageous. District heating systems employing cogeneration techniques and innovative technology offer an important means of increasing the efficiency of Minnesota's energy systems and reducing the state's reliance on imported energy supplies. The combination of the large initial capital cost and investors' lack of familiarity with district heating has made the private market reluctant to provide the necessary capital for district heating projects. As a result, public leadership, cooperation, and aid are needed to demonstrate the feasibility of district heating systems by establishing economically viable municipal district heating systems as demonstration projects. Municipal district heating systems may be financed by loans from the state.*

Subd. 2. [DEFINITIONS.] In this section:

(a) "Commissioner" means the commissioner of finance.

(b) "Director" means the director of the Minnesota energy agency.

(c) "District heating" means the use of a central energy conversion facility to produce hot water or steam for distribution to homes or businesses. District heating facilities may also produce electricity in addition to hot water or steam.

(d) "Municipality" means any county, city, town, municipal power agency, or public utility, as defined in section 452.01, subdivision 3, owned and operated by a city, however organized.

Subd. 3. [ELIGIBILITY.] The commissioner of finance, upon request of the director of the energy agency, shall make loans to municipalities for the acquisition and betterment of district heating systems. A loan shall be made only to a municipality that has demonstrated that:

(a) The municipality has the financial capability to sponsor the project;

(b) The project is technologically feasible; and

(c) The municipality has made adequate provision to assure proper and efficient operation and maintenance of the project after construction is completed.

Subd. 4. [PRIORITIES.] The director shall give higher priority to a project that does more to achieve the following goals:

(a) The district heating conversion facility employs cogeneration techniques;

(b) The facility uses renewable or non-petroleum sources of energy;

(c) The district heating facility will save petroleum or natural gas;

(d) The operation of the district heating facility will not have an adverse impact on the environment;

(e) The district heating facility may readily be expanded to serve additional customers or to supply additional amounts of energy, and market demand for the energy exists;

(f) The project has obtained additional financing from the federal government, private sources, or other sources of capital; and

(g) Other goals the director finds desirable for district heating systems.

Subd. 5. [ELIGIBLE COST.] The eligible cost of any municipal district heating project includes (a) preliminary planning to determine the economic, engineering, and environmental feasibility of the project; (b) engineering, architectural, legal, fiscal, economic, and project administrative costs of the agency and the municipality, and other investigations and studies; (c) surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary to the planning, design, and construction of the project; (d) erection, building, acquisition, alteration, remodeling, improvement, and extension of district heating systems; (e) inspection and supervision of construction; and (f) loans to potential users of the district heating system to finance conversion of, additions to, or other necessary alterations of their energy systems to facilitate use of energy supplied by the district heating system.

Subd. 6. [AMOUNT.] The amount of a loan is limited to:

(a) 50 percent of the costs included under subdivision 5, clauses (a), (b), (c) and (e);

(b) 90 percent of the costs included under subdivision 5, clauses (d) and (f).

Subd. 7. [TERMS.] A loan is repayable over a period not to exceed 20 years, with interest at a rate sufficient to cover the cost to the state of borrowing the money.

Subd. 8. [APPLICATION.] Application for a loan shall be made by a municipality to the director on a form prescribed by the director by rule. The director shall review each application and determine:

(a) Whether or not the project is eligible for a loan;

(b) The priority of the project when ranked with all other eligible projects for which a loan application has been submitted;

(c) The total estimated cost of the project;

(d) The amount of the loan for which the project is eligible;

(e) The terms upon which the loan would be made; and

(f) The means by which the municipality proposes to finance the project, including:

(1) A loan authorized by state law; or

(2) A grant of money appropriated by state law; or

(3) A grant to the municipality by an agency of the federal government within the amount of money then appropriated to that agency and allocated by it to projects within the state; or

(4) The appropriation of proceeds of bonds or other money of the municipality to an account for the construction of the project; or

(5) Any or all of the means referred to in clauses (1) to (4).

Subd. 9. [PROJECT APPROVAL.] The director shall prepare and submit to the legislature a list of district heating projects, if any, for which loan applications have been submitted and reviewed. The list shall contain supporting information, including descriptions of the projects, plans, and the determinations made by the director pursuant to subdivision 8. The director shall request the commissioner of finance to make loans for projects within the limits of appropriations provided by the legislature.

Subd. 10. [PAYMENT; OBLIGATION.] The commissioner shall not pay money to a municipality pursuant to an approved loan until he has determined that:

(a) Financing of the project as proposed by the municipality is assured by an irrevocable undertaking, by resolution of the governing body of the municipality, to use all money made avail-

able by the financing plan exclusively for the construction of the project, and to pay any additional amount by which the cost of the project exceeds the estimate by the appropriation to the construction account of additional municipal money or the proceeds of additional bonds to be issued by the municipality; and that

(b) The governing body of the municipality has adopted a resolution obligating the municipality to repay the loan according to its terms. The obligation may be payable solely from user charges, special assessments or other money available to the municipality. The resolution shall obligate the municipality to annually impose and collect user charges or special assessments or to use any other money available to it from any other specified source, in amounts and at times that if collected in full will annually produce at least five percent in excess of the amount needed for all annual costs of the system, including annual repayment on state loans. A municipality may also pledge to levy an ad valorem tax to guarantee the payments under the loan agreement. For the purpose of repaying the loan the municipality by resolution of its governing body may fix the rates and charges for district heating system service and products, may enter into contracts for the payment by others of costs of construction, maintenance, and use of the project in accordance with section 444.075, and may pledge the revenues derived therefrom. The commissioner may condition a loan upon the establishment of rates and charges or the execution of contracts sufficient to produce the revenues pledged.

Subd. 11. [RECEIPTS.] All principal and interest payments received by the commissioner in repayment of the loans authorized by this section shall be deposited in the state treasury and credited to the Minnesota state building bond account and are appropriated to the commissioner for the purposes of that account.

Subd. 12. [RULES.] The director shall adopt rules necessary to carry out this section. The director may adopt temporary rules pursuant to section 15.0412, subdivision 5, meeting the requirements of this section. The rules shall contain as a minimum:

(a) Procedures for application by municipalities; and

(b) Criteria for reviewing loan applications, including those specified in subdivisions 3 and 4.

Sec. 2. Minnesota Statutes 1978, Section 412.321, Subdivision 1, is amended to read:

412.321 [MUNICIPAL UTILITIES.] Subdivision 1. [AUTHORITY TO OWN AND OPERATE.] Any statutory city may own and operate any waterworks, district heating system, or gas, light, power, or heat plant for supplying its own needs for utility service or for supplying utility service to private consumers or both. It may construct and install all facilities reasonably needed for that purpose and may lease or purchase any existing utility properties so needed. It may, in lieu of providing for the local production of gas, electricity, water, hot water, steam, or heat, purchase

the same wholesale and resell it to local consumers. After any such utility has been acquired, the council, except as its powers have been limited through establishment of a public utilities commission in the city, shall make all necessary rules and regulations for the protection, maintenance, operation, extension, and improvement thereof and for the sale of its utility products.

Sec. 3. Minnesota Statutes 1978, Section 412.351, is amended to read:

412.351 [COMMISSION, JURISDICTION.] The council shall, in the ordinance establishing the commission, decide which of the following public utilities shall be within the commissioner's jurisdiction: (1) the city water system; (2) light and power systems, including any system then in use or later acquired for the production and distribution of steam heat; (3) gas system; (4) sanitary or storm sewer system or both, including the city sewage disposal plant; (5) public buildings owned or leased by the city; (6) *district heating system*. As used subsequently in sections 412.351 to 412.391, the term "public utility" means any water, light and power, gas or sewer system, or public buildings thus placed by ordinance under the jurisdiction of the public utilities commission. Any public utility not placed under the jurisdiction of the public utilities commission by the ordinance establishing the commission may be placed under the jurisdiction of the commission by an amendment to the original ordinance.

Sec. 4. Minnesota Statutes 1978, Section 412.361, Subdivision 3, is amended to read:

Subd. 3. The commission shall have power to buy all fuel and supplies, and it may purchase wholesale electric energy, steam heat, *hot water energy*, gas or water, as the case may be, for municipal distribution.

Sec. 5. Minnesota Statutes, 1979 Supplement, Section 429.021, Subdivision 1, is amended to read:

429.021 [LOCAL IMPROVEMENTS, COUNCIL POWERS.] Subdivision 1. [IMPROVEMENTS AUTHORIZED.] The council of a municipality shall have power to make the following improvements:

(1) To acquire, open, and widen any street, and to improve the same by constructing, reconstructing, and maintaining sidewalks, pavement, gutters, curbs, and vehicle parking strips of any material, or by grading, graveling, oiling, or otherwise improving the same, including the beautification thereof and including storm sewers or other street drainage and connections from sewer, water or similar mains to curb lines.

(13) To acquire, construct, improve, alter, extend, operate, maintain and promote public malls, plazas or courtyards.

(14) To construct, extend, and maintain district heating systems.

Sec. 6. Minnesota Statutes 1978, Chapter 465, is amended by adding a section to read:

[465.74] [AUTHORIZATION TO OPERATE DISTRICT HEATING SYSTEMS.] *Subdivision 1.* [CITIES OF THE FIRST CLASS.] *A city operating a public utility pursuant to chapter 452 or its charter may acquire, construct, own, and operate a municipal district heating system pursuant to the provisions of that chapter or its charter.*

Subsequent to the initial certification and decertification, if any, pursuant to this section, the provisions of this section shall not apply.

Subd. 2. [EXISTING MAJORITY.] The director shall certify an employee organization as exclusive representative for an appropriate unit established by section 38 upon a petition filed with the director by the organization within 30 days of the effective date of this section for state employees and within 180 days of the effective date of this section for university of Minnesota employees stating that the petitioner is certified pursuant to section 179.67 as the exclusive representative of a majority of the employees included within the unit established by section 38 on the effective date of this section. Two or more employee organizations which represent the employees in a unit established by section 38, may petition jointly pursuant to this subdivision, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice to the remaining organization or organizations, the

employer, and the director without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 45 days of its receipt.

Subd. 3. [NO EXISTING MAJORITY.] (1) If no exclusive representative is certified under subdivision 2, the director shall certify an employee organization as exclusive representative for an appropriate unit established by section 38 upon a petition filed by the organization within the time period provided in subdivision 2, stating that the petitioner is certified pursuant to section 179.67 as the exclusive representatives of fewer than a majority of the employees included within the unit established by section 38, where no other employee organization so certified has filed a petition within the time period provided in subdivision 2 so long as a majority of the employees in the unit established by section 38 are represented by employee organizations pursuant to section 179.67 on the effective date of this section. Two or more employee organizations, each of which represents employees included in the unit established by section 38 may petition jointly pursuant to this clause, provided that any organization may withdraw from a joint certification in favor of the remaining organization or organizations on 30 days notice to the remaining organization or organizations, the employer, and the director without effect upon the rights and obligations of the remaining organization or organizations or the employer. The director shall make a determination on a timely petition within 45 days of its receipt.

(2) If no exclusive representative is certified under subdivision 2 or subdivision 3, clause (1), and an employee organization petitions the director within 45 days of the effective date of this section for state employees and within 195 days of the effective date of this section for university of Minnesota employees stating that at least 30 percent of the employees included within a unit established by section 38 wish to be represented by the petitioner, where this 30 percent is evidenced by current dues deduction rights, signed statements plainly indicating that the signatories wish to be represented for collective bargaining purposes by the petitioner rather than by any other organization, or a combination thereof, the director shall conduct a secret ballot election to determine the wishes of the majority. The election shall be conducted within 75 days of the effective date of this section for state employees and within 225 days of the effective date of this section for university of Minnesota employees and shall, where not inconsistent with other provisions of this section, be governed by section 179.67.

Subd. 4. Exclusive representatives of state employees and university of Minnesota employees certified after the effective date of this section shall immediately upon certification have the responsibility of bargaining on behalf of employees within the unit and shall have the responsibility of administering grievances arising under previous contracts covering employees included within the unit which remain unresolved on June 30, 1981. Where the employer does not object, these responsibilities may be varied by agreement between the outgoing and incoming exclusive representatives. All other rights and duties of representation shall commence on July 1, 1981, except that exclusive representatives certified after the effective date of this section shall immediately upon certification have the right to all employer information and all forms of access to employees within the bargaining unit which would be permitted to the current contract-holder. This section shall in no way affect any existing collective bargaining contract. Should an exclusive bargaining agent not be certified for the unit provided for in section 38, subdivision 3, clause (2), the employees assigned to that unit shall continue to be compensated pursuant to the appropriate university of Minnesota civil service rules, or by the terms of any master or uniform contract of their particular trade which exists between associations of employers in their local area representing all or substantially all of the employees of that trade, if such method of compensation has been elected by the employee previous to the effective date of this section.*

Nothing in sections 1 to 42 shall prevent an exclusive representative certified after the effective date of sections 1 to 42 from assessing fair share or dues deductions immediately upon certification for employees in a unit established under section 38 if the employees were unrepresented for collective bargaining purposes prior to that certification.

Sec. 42. Minnesota Statutes 1978, Chapter 179, is amended by adding a section to read:

[179.743] [STATE EMPLOYEES.] *When no prior determination has been made with respect to the supervisory status of a state employee or his predecessor and no agreement can be reached between the employer and petitioning employee organizations, the commissioner of employee relations may petition the director for a determination. The director shall not exclude any supervisory employee from an appropriate unit of nonsupervisory state employees on the basis of a petition filed later than 30 days after the effective date of this section, except as provided in section 32. The director shall make all determinations under this subdivision within 60 days of receipt of a timely petition. The director shall have full discretion in his determination of the ap-*

Notwithstanding any other law, his decision shall be final and no appeal whatsoever shall be heard. For the purposes of the certification of a bargaining agent for units provided in subdivision 1 of section 38 employees sought to be excluded by a timely and valid petition as supervisory or confidential shall be counted or shall vote separately in a fashion which shall permit them to be individually excluded or included after a determination as to their status. When a certification is dependent upon challenged employees, the director shall determine the status of the challenged employees prior to deciding the cases of challenged employees whose status need not be determined for a certification. In the latter situation the certification of a bargaining agent shall proceed irrespective of pending challenges.

"Sec. 43. Minnesota Statutes 1978, Chapter 179, is amended by adding a section to read:

[179.78] [TEACHERS; NEGOTIATIONS; ARBITRATION.]
Subdivision 1. The provisions of this section shall govern the negotiation and arbitration of a collective bargaining agreement between the employer and the exclusive representative of the teachers. The provisions of sections 179.61 to 179.76 shall continue to govern the rights and obligations of teachers, their exclusive representative and their employer except to the extent that the provisions are inconsistent with the provisions of this section.

Subd. 2. The employer and the exclusive representative of the teachers shall execute a written contract or memorandum of contract as provided in section 179.70 not later than July 1 of each odd-numbered year. Either party may petition the director of mediation services for assistance in reaching an agreement, as provided in section 179.69, subdivision 1. If the employer and

the exclusive representative fail to execute a contract by July 1 of the odd-numbered year, they shall be conclusively presumed to be at an impasse.

Subd. 3. If a new or different exclusive representative is certified by the director at any time other than the period between 120 days before the termination date of a contract and the termination date of the contract, or if on July 1 of any odd-numbered year a representation proceeding involving the employer and the employer's teachers is before the director, the provisions of subdivision 2 shall not apply. In those cases, the employer and the exclusive representative of the teacher shall execute a written contract or memorandum of contract as provided in section 179.70 no later than 60 days after a certification by the director of a new or different exclusive representative or the resolution by the director of a representation proceeding. Either party may petition the director of mediation services for assistance in reaching an agreement, as provided in section 179.69, subdivision 1. If the employer and the exclusive representative fail to execute a contract by 60 days after the certification of a new or different exclusive representative or the resolution by the director of a representation proceeding, they shall be conclusively presumed to be at an impasse.

Subd. 4. Upon an impasse, either party may petition the director for binding arbitration. When a petition for binding arbitration is filed by either party and an impasse exists, the director shall notify the other party of the filing of a petition for binding arbitration. The other party shall have 15 days after notification of the filing of the petition to reject the request or to agree to submit matters not agreed upon to binding arbitration. If the other party does not respond within 15 days, the failure to respond shall be regarded as a refusal to submit to binding arbitration within the meaning of subdivision 6.

Subd. 5. (a) When the parties have agreed to binding arbitration and an impasse exists, the director shall require the parties to submit their final positions on all issues in dispute within 10 days of the agreement. The director shall define and state the issues in dispute and the final position of each party on each issue. In defining the issues in dispute, the director shall follow the rules promulgated by the board. The director may seek clarification from the parties about their final position on each issue as defined. The final positions of the parties shall be confidential, and the director shall not disclose them before certification of the dispute to the board.

(b) The director shall certify the dispute to the board by transmitting to it a statement in which the director defines the issues in dispute and the parties' final position on each disputed issue. The certification shall be made within 20 days after the director is notified that both parties agree to binding arbitration.

(c) When a dispute is certified to the board as provided in this section, the board shall constitute an arbitration panel in the manner provided by section 179.72, subdivision 6.

(d) The arbitration panel or arbitrator shall resolve the issues in dispute between the parties as certified by the director. The decision and order of the arbitration panel or arbitrator shall be final and binding on the parties. A dispute shall be resolved by the selection of the final position of one of the parties with respect to each issue as defined and stated by the director. Each issue shall be resolved on an independent basis, and the adoption of one party's final position on one issue shall not preclude the adoption of the other party's final position on other issues. In determining which party's final position to adopt with respect to an issue, the arbitration panel or arbitrator shall be governed by section 179.72, subdivision 7.

(e) The arbitration panel or arbitrator shall have the powers and follow the procedures set forth in section 179.72, subdivisions 8 and 9. The parties shall have the power set forth in section 179.72, subdivision 12.

(f) Before the effective date of this section, the board shall promulgate rules pursuant to chapter 15 governing the definition of disputed issues by the director for purposes of this section. The rules shall recognize the independent status of all matters which are not logically required to be grouped as a single issue, and they shall recognize the right of the parties to submit a final position on each independent matter.

Subd. 6. Teachers shall have the right to strike and a defense to a charge of violating section 179.64 only under the following circumstances:

(a) The employer has violated section 179.68, subdivision 2, clause (9);

(b) Either party has refused a request by the other party for binding arbitration pursuant to this section; or

(c) Sixty days after an impasse in contract negotiations, there is no agreement to submit the issues in dispute to binding arbitration pursuant to this section."

"Sec. 19. Minnesota Statutes 1978, Section 462.351, is amended to read:

462.351 [MUNICIPAL PLANNING AND DEVELOPMENT; STATEMENT OF POLICY.] The legislature finds that municipalities are faced with mounting problems in providing means of guiding future development of land so as to insure a safer, more pleasant and more economical environment for residential, commercial, industrial and public activities, *to preserve agricultural and other open lands*, and to promote the public health, safety, ~~morals~~ and general welfare. Municipalities can prepare for anticipated changes and by such preparations bring about significant savings in both private and public expenditures. Municipal planning, by providing public guides to future municipal action, enables other public and private agencies to plan their activities in harmony with the municipality's plans. Municipal planning will assist in developing lands more wisely to serve citizens

more effectively, will make the provision of public services less costly, and will achieve a more secure tax base. It is the purpose of sections 462.351 to 462.364 to provide municipalities, in a single body of law, with the necessary powers and a uniform procedure for adequately conducting and implementing municipal planning.

Sec. 20. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 12. "Subdivision" means the separation of an area, parcel, or tract of land under single ownership into two or more parcels, tracts, lots, or long-term leasehold interests where the creation of the leasehold interest necessitates the creation of streets, roads, or alleys, for residential, commercial, industrial, or other use or any combination thereof, except those separations:

(a) Where all the resulting parcels, tracts, lots, or interests will be 20 acres or larger in size and 500 feet in width for residential uses and five acres or larger in size for commercial and industrial uses;

(b) Creating cemetery lots;

(c) Resulting from court orders, or the adjustment of a lot line by the relocation of a common boundary.

Sec. 21. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 14. "Plat" means the drawing or map of a subdivision prepared for filing of record pursuant to chapter 505 and containing all elements and requirements set forth in applicable local regulations adopted pursuant to section 462.358 and chapter 505.

Sec. 22. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 15. "Subdivision regulation" means an ordinance adopted pursuant to section 462.358 regulating the subdivision of land.

Sec. 23. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 16. "Official controls" or "controls" means ordinances and regulations which control the physical development of a city, county or town or any part thereof or any detail thereof and implement the general objectives of the comprehensive plan. Official controls may include ordinances establishing zoning, subdivision controls, site plan regulations, sanitary codes, building codes and official maps.

Sec. 24. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 17. "Preliminary approval" means official action taken by a municipality on an application to create a subdivision which establishes the rights and obligations set forth in section 462.358 and the applicable subdivision regulation. In accordance with section 462.358, and unless otherwise specified in the applicable sub-

division regulation, preliminary approval may be granted only following the review and approval of a preliminary plat or other map or drawing establishing without limitation the number, layout, and location of lots, tracts, blocks, and parcels to be created, location of streets, roads, utilities and facilities, park and drainage facilities, and lands to be dedicated for public use.

Sec. 25. Minnesota Statutes 1978, Section 462.355, Subdivision 4, is amended to read:

Subd. 4. [INTERIM ORDINANCE.] *If a municipality is conducting or in good faith intends to conduct studies within a reasonable time or has authorized a study to be conducted or has held or has scheduled a hearing for the purpose of considering adoption or amendment of a comprehensive plan or official controls as defined in section 473.852 462.352, subdivision 16, or if new territory for which plans or controls have not been adopted is annexed to a municipality, the governing body of the municipality may adopt an interim ordinance applicable to all or part of its jurisdiction for the purpose of protecting the planning process and the health, safety and welfare of its citizens. The interim ordinance may regulate, restrict or prohibit any use or, development, or subdivision within the jurisdiction or a portion thereof for a period not to exceed one year from the date it is created effective, and may be renewed extended for one additional year such additional periods as the municipality may deem appropriate, not exceeding a total additional period of 18 months. No interim ordinance may halt, delay, or impede a subdivision which has been given preliminary approval prior to the effective date of the interim ordinance.*

Sec. 26. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 1a. [AUTHORITY.] *To protect and promote the public health, safety, and general welfare, to provide for the orderly, economic, and safe development of land, to preserve agricultural lands, to promote the availability of housing affordable to persons and families of all income levels, and to facilitate adequate provision for transportation, water, sewage, storm drainage, schools, parks, playgrounds, and other public services and facilities, a municipality may by ordinance adopt subdivision regulations establishing standards, requirements, and procedures for the review and approval or disapproval of subdivisions. The regulations may contain varied provisions respecting, and be made applicable only to, certain classes or kinds of subdivisions. The regulations shall be uniform for each class or kind of subdivision.*

A municipality may by resolution extend the application of its subdivision regulations to unincorporated territory located within two miles of its limits in any direction but not in a town which has adopted subdivision regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the subdivision of land equal distance from its boundaries within this area. However, if a municipality extends the application of its subdivision or zoning regu-

lations to unincorporated territory, upon the petition of any county board or town board affected by the subdivision or zoning regulations, a joint board shall be established consisting of a three-member committee with one member appointed from each of the municipal, town and county governing bodies. This joint board shall adopt zoning and subdivision regulations under Minnesota Statutes, Sections 462.351 to 462.364 for the entire area within two miles of the city located within a town, and designate one of the governing bodies to serve as the governing body and board of appeals and adjustment for purposes of sections 462.357 and 462.358 within the area. During the time before the joint board adopts subdivision regulations, the subdivision regulations which the municipality has extended shall apply.

Sec. 27. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 2a. [TERMS OF REGULATIONS.] The standards and requirements in the regulations may address without limitation: the size, location, grading, and improvement of lots, structures, public areas, streets, roads, trails, walkways, curbs and gutters, water supply, storm drainage, lighting, sewers, electricity, gas, and other utilities; the planning and design of sites; access to solar energy; and the protection and conservation of flood plains, shore lands, soils, water, vegetation, energy, air quality, and geologic and ecologic features. The regulations shall require that subdivisions be consistent with the municipality's official map if one exists and its zoning ordinance, and may require consistency with other official controls and the comprehensive plan. The regulations may prohibit certain classes or kinds of subdivisions in areas where prohibition is consistent with the comprehensive plan and the purposes of this section, particularly the preservation of agricultural lands. The regulations may prohibit the issuance of building permits for any tracts, lots, or parcels for which required subdivision approval has not been obtained. The regulations may permit the municipality to condition its approval on the construction and installation of sewers, streets, electric, gas, drainage, and water facilities, and similar utilities and improvements or, in lieu thereof, on the receipt by the municipality of a cash deposit, certified check, irrevocable letter of credit, or bond in an amount and with surety and conditions sufficient to assure the municipality that the utilities and improvements will be constructed or installed according to the specifications of the municipality. The regulations may permit the municipality to condition its approval on compliance with other requirements reasonably related to the provisions of the regulations and to execute development contracts embodying the terms and conditions of approval. The municipality may enforce such agreements and conditions by appropriate legal and equitable remedies.

Sec. 28. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 2b. [DEDICATION.] The regulations may require that a reasonable portion of any proposed subdivision be dedicated

to the public or preserved for public use as streets, roads, sewers, electric, gas, and water facilities, storm water drainage and holding areas or ponds and similar utilities and improvements. In addition, the regulations may require that a reasonable portion of any proposed subdivision be dedicated to the public or preserved for public use as parks, playgrounds, trails, or open space; provided that (a) the municipality may choose to accept an equivalent amount in cash from the applicant for part or all of the portion required to be dedicated to such public uses or purposes based on the fair market value of the land no later than at the time of final approval, (b) any cash payments received shall be placed in a special fund by the municipality used only for the purposes for which the money was obtained, (c) in establishing the reasonable portion to be dedicated, the regulations may consider the open space, park, recreational, or common areas and facilities which the applicant proposes to reserve for the subdivision, and (d) the municipality reasonably determines that it will need to acquire that portion of land for the purposes stated in this subdivision as a result of approval of the subdivision.

Sec. 29. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3a. [PLATTING.] The regulations may require that any subdivision creating parcels, tracts, or lots, shall be platted. The regulations shall require that all subdivisions which create five or more lots or parcels which are 2½ acres or less in size shall be platted. The regulations shall not conflict with the provisions of chapter 505 but may address subjects similar and additional to those in that chapter.

Sec. 30. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3b. [REVIEW PROCEDURES.] The regulations shall include provisions regarding the content of applications for proposed subdivisions, the preliminary and final review and approval or disapproval of applications, and the coordination of such reviews with affected political subdivisions and state agencies. The regulations may provide for the consolidation of the preliminary and final review and approval or disapproval of subdivisions. Preliminary or final approval may be granted or denied for parts of subdivision applications. The regulations may prescribe fees sufficient to defray the costs incurred by the municipality in the review and investigation of and actions upon such applications. The regulations may delegate the authority to review proposals to the planning commission, but final approval or disapproval shall be the decision of the governing body of the municipality unless otherwise provided by law or charter. The regulations shall require that a public hearing shall be held on all subdivision applications prior to preliminary approval, unless otherwise provided by law or charter. The hearing shall be held following publication of notice of the time and place thereof in the official newspaper at least ten days before the day of the hearing. At the hearing, all persons interested shall be given an opportunity

to make presentations. A subdivision application shall be preliminarily approved or disapproved within 120 days following delivery of an application completed in compliance with the municipal ordinance by the applicant to the municipality, unless an extension of the review period has been agreed to by the applicant. When a division or subdivision to which the regulations of the municipality do not apply is presented to the city, the clerk of the municipality shall within ten days certify that the subdivision regulations of the municipality do not apply to the particular division.

If the municipality or the responsible agency of the municipality fails to preliminarily approve or disapprove an application within the review period, the application shall be deemed preliminarily approved, and upon demand the municipality shall execute a certificate to that effect. Following preliminary approval the applicant may request final approval by the municipality, and upon such request the municipality shall certify final approval within 60 days if the applicant has complied with all conditions and requirements of applicable regulations and all conditions and requirements upon which the preliminary approval is expressly conditioned either through performance or the execution of appropriate agreements assuring performance. If the municipality fails to certify final approval as so required, and if the applicant has complied with all conditions and requirements, the application shall be deemed finally approved, and upon demand the municipality shall execute a certificate to that effect. The applicant shall be notified of the preliminary and final approval or disapproval of his application, and the action and reasons therefor shall be set forth in the proceedings of the municipality. After final approval a subdivision may be filed or recorded.

Sec. 31. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3c. [EFFECT OF SUBDIVISION APPROVAL.] For one year following preliminary approval and for two years following final approval, unless the subdivider and the municipality agree otherwise, no amendment to a comprehensive plan or official control shall apply to or affect the use, development density, lot size, lot layout, or dedication or platting required or permitted by the approved application. Thereafter, pursuant to its regulations, the municipality may extend the period by agreement with the subdivider and subject to all applicable performance conditions and requirements, or it may require submission of a new application unless substantial physical activity and investment has occurred in reasonable reliance on the approved application and the subdivider will suffer substantial financial damage as a consequence of a requirement to submit a new application. In connection with a subdivision involving planned and staged development, a municipality may by resolution or agreement grant the rights referred to herein for such periods of time longer than two years which it determines to be reasonable and appropriate.

Sec. 32. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 4a. [DISCLOSURE BY SELLER; BUYER'S ACTION FOR DAMAGES.] *A person conveying a new parcel of land which, or the plat for which, has not previously been filed or recorded, and which is part of or would constitute a subdivision to which adopted municipal subdivision regulations apply, shall attach to the instrument of conveyance either: (a) recordable certification by the clerk of the municipality that the subdivision regulations do not apply, or that the subdivision has been approved by the governing body, or that the restrictions on the division of taxes and filing and recording have been waived by resolution of the governing body of the municipality in this case because compliance will create an unnecessary hardship and failure to comply will not interfere with the purpose of the regulations; or (b) a statement which names and identifies the location of the appropriate municipal offices and advises the grantee that municipal subdivision and zoning regulations may restrict the use or restrict or prohibit the development of the parcel, or construction on it, and that the division of taxes and the filing or recording of the conveyance may be prohibited without prior recordable certification of approval, nonapplicability, or waiver from the municipality. In any action commenced by a buyer of such a parcel against the seller thereof, the misrepresentation of or the failure to disclose material facts in accordance with this subdivision shall be grounds for damages. If the buyer establishes his right to damages, a district court hearing the matter may in its discretion also award to the buyer an amount sufficient to pay all or any part of the costs incurred in maintaining the action, including reasonable attorney fees, and an amount for punitive damages not exceeding five per centum of the purchase price of the land.*

Sec. 33. Minnesota Statutes 1978, Section 462.358, Subdivision 4, is amended to read:

Subd. 4b. [RESTRICTIONS ON FILING AND RECORDING CONVEYANCES.] *In a municipality in which subdivision regulations are in force and have been filed or recorded as provided in this section, no conveyance of land to which the regulations are applicable shall be filed or recorded, if the land is described in the conveyance by metes and bounds or by reference to an unapproved registered land survey made after April 21, 1961 or to an unapproved plat made after such regulations become effective. The foregoing provision does not apply to a conveyance if the land described:*

(1) *was a separate parcel of record April 1, 1945 or the date of adoption of subdivision regulations under Laws 1945, Chapter 287, whichever is the later, or of the adoption of subdivision regulations pursuant to a home rule charter, or*

(2) *was the subject of a written agreement to convey entered into prior to such time,*

(3) *was a separate parcel of not less than two and one-half acres in area and 150 feet in width on January 1, 1966, or*

(4) was a separate parcel of not less than five acres in area and 300 feet in width on July 1, 1980, or

(4) (5) is a single parcel of commercial or industrial land of not less than five acres and having a width of not less than 300 feet and its conveyance does not result in the division of the parcel into two or more lots or parcels, any one of which is less than five acres in area or 300 feet in width, or

(6) is a single parcel of residential or agricultural land of not less than 20 acres and having a width of not less than 500 feet and its conveyance does not result in the division of the parcel into two or more lots or parcels, any one of which is less than 20 acres in area or 500 feet in width.

In any case in which compliance with the foregoing restrictions will create an unnecessary hardship and failure to comply does not interfere with the purpose of the subdivision regulations, the platting authority may waive such compliance by adoption of a resolution to that effect and the conveyance may then be filed or recorded. Any owner or agent of the owner of land who conveys a lot or parcel in violation of the provisions of this subdivision shall forfeit and pay to the municipality a penalty of not less than \$100 for each lot or parcel so conveyed. A municipality may enjoin such conveyance or may recover such penalty by a civil action in any court of competent jurisdiction.

Sec. 34. [CONFLICT OF LAWS; APPLICABILITY.] *Where and to the extent that a provision of a municipal ordinance adopted before the effective date of this act is determined by the governing body of the municipality to conflict with the requirements of this act, the provision of the municipal ordinance shall govern until the ordinance is amended to conform to this act or one year after the effective date of this act, whichever occurs first. This act does not require a municipality to regulate subdivisions, or to regulate subdivisions to the maximum extent authorized by this act.*

Sec. 35. *Minnesota Statutes 1978, Sections 462.352, Subdivision 4; and 462.358, Subdivisions 1, 2, and 3 are repealed."*

[253A.22] [EVALUATION PROGRAM FOR COMMITTED PERSONS.] *Subdivision 1. The committing court in each county shall participate in a statewide results-oriented evaluation program designed to assure that each person it orders committed pursuant to section 253A.07 shall receive the best possible treatment plan. In order to implement the program, the court shall appoint for each committed person, upon that person's hospitalization for an indeterminate period, a counsel guardian for the duration of the person's period of commitment.*

Subd. 2. For each patient assigned to the counsel guardian, the guardian shall obtain from the head of the hospital where the patient is institutionalized, as soon as practical after hospitalization and at the beginning of treatment, a written report describing the significant cognitive, emotional and behavioral problems of the patient and a clinical diagnosis of those problems. The guardian shall file the report with the committing court. Upon completion of a specific plan of treatment for a patient, the counsel guardian shall file a written report with the court indicating the type of treatment administered; the length of and cost incurred for the treatment; and the results obtained in light of the original diagnosis of each identified problem of the patient. Each report required under this subdivision shall refer to the patient by use of a numerical code in order to protect the patient's privacy. The data shall be derived from the reports required to be filed by guardians pursuant to subdivision 2. The commissioner shall provide a statistical summary of data relating to committed persons for each committing court and for the state as a whole. The commissioner shall prepare data in code and shall ensure that only the commissioner or his designate has access to the names of the patients, guardians and clinical diagnosticians.

Subd. 4. Sec. 2. [APPORTIONMENT OF MEMBERS.] The number of members who compose the senate and house of representatives shall be prescribed by law. ~~The representation in both houses shall be apportioned equally throughout the different sections of the state in proportion to the population thereof.~~ A law changing the number of senators or representatives shall be effective on January 1 of the next year ending in the number one following enactment of the law and shall govern beginning with the first general election held under an apportionment plan that becomes effective after that date.

Sec. 3. At its first session after each enumeration of the inhabitants of this state made by the authority of the United States, the legislature shall have the power to prescribe the bounds of congressional and legislative districts. Senators shall be chosen by single districts of convenient contiguous territory. No representative district shall be divided in the formation of a senate district. The senate districts shall be numbered in a regular series. The legislature shall not prescribe the boundaries for the districts of senators and representatives or for the districts of representatives in the congress of the United States.

Subd. 3. If the amendment is adopted, a new article will be added to the constitution which will read as follows:

ARTICLE XV REAPPORTIONMENT COMMISSION

Section 1. [REAPPORTIONMENT COMMISSION.] *In each year ending in the number one, or when required by court order, a reapportionment commission shall be established to draw the boundaries of legislative and congressional districts.*

The commission shall consist of nine members who are eligible voters of the state. One member shall be appointed by the speaker of the house and one by the members of the house representing political parties other than the party represented by the speaker. One member shall be appointed by the president of the senate and one by the members of the senate representing political parties other than the party represented by the president. Article IV, section 5 shall not apply to the appointment of members of the reapportionment commission. The term "political party" as used in this section shall have the meaning provided by law.

The remaining five members shall be appointed by unanimous agreement of the legislative appointees. The qualifications of these members shall be provided by law.

Members of the commission shall be appointed within the time provided by law but not later than March 15 when the commission is established in a year ending in the number one. The supreme court shall fill any vacancy caused by failure to appoint a member within the time required by law.

Sec. 2. [APPORTIONMENT STANDARDS.] *The commission shall draw the boundaries of legislative and congressional districts in accordance with the requirements of this section. There shall be one district for each representative, senator and representative in congress. No state representative district shall be divided in the formation of a senate district.*

All districts of the same kind shall be as equal in population as practicable. Population shall be the controlling factor in drawing the district boundaries.

The districts shall be composed of compact and contiguous territory. To the extent consistent with other standards, the boundaries of the districts shall follow the boundaries of local governmental

units and, wherever practicable, follow natural and man-made physical boundaries. No apportionment plan shall be drawn for the purpose of favoring any person or political party. Legislative and congressional districts shall be drawn according to the number of legislators and representatives in congress to be elected at the first election of all senators and representatives following the effective date of the apportionment plan.

Sec. 3. [APPORTIONMENT PLAN.] *The commission shall adopt an apportionment plan within the time provided by law but not later than December 1 when the commission is established in a year ending in the number one. The plan shall set forth all of the new legislative and congressional districts. An apportionment plan is adopted by the commission when it is approved by a vote of at least six of its members.*

Sec. 4. [EFFECTIVE DATE; ELECTIONS GOVERNED BY NEW DISTRICTS.] *An apportionment plan is effective when it is adopted and all judicial review under section 5 or by any other court is completed. The districts set forth in an apportionment plan shall govern legislative and congressional elections beginning on the date of the first general election after the plan is effective.*

Sec. 5. [JUDICIAL REVIEW; COURT DRAWN PLAN.] *The supreme court shall exercise original jurisdiction in any matter relating to apportionment in the manner provided by law. If the commission fails to adopt an apportionment plan within the time provided by law the supreme court shall adopt its own plan in accordance with the requirements of section 2 of this article. If an apportionment plan for legislative districts is adopted by the supreme court later than April 1 of a general election year, the time for establishing residency for legislative candidates as set forth in article IV, section 6, is extended to either 45 days after the effective date of the plan or to the last day provided by law for filing for office at the general election, whichever is earlier.*

Sec. 6. [IMPLEMENTATION.] *The legislature may enact the laws necessary to implement this article provided that reapportionment shall be governed by the law in effect on January 1 of the year in which a reapportionment commission is established.*

Sec. . . . *The amendment shall be submitted to the people at the 1980 general election. The question proposed shall be:*

“Shall the Minnesota Constitution be amended to transfer from the legislature to a bipartisan commission the power to establish the boundaries of legislative and congressional districts?

Yes.

No.”

Sec. . . . [2A.01] [CITATION.] *Sections . . . to . . . may be cited as the “Reapportionment Implementation Act.”*

Sec. 4. [2A.02] [APPOINTMENT.] *Subdivision 1. For the purpose of Article XV, Section 1 of the Minnesota Constitution “political party” means the political party or political principle by which*

Within ten days after the notification the supreme court shall appoint the necessary number of members and certify their names to the secretary of state.

Subd. 7. Vacancies other than those resulting from a failure to appoint a member within the time provided by law shall be filled by the appointing authority that made the original appointment within five days after the vacancy occurs. If the vacancy is not filled within five days the supreme court shall fill the vacancy.

It is prima facie evidence that a member is unwilling to serve if he fails to attend three successive meetings of the commission or fails to attend a total of six meetings of the commission. Upon removal, the position shall be filled in the manner provided for filling vacancies. An individual who is removed from the commission pursuant to this section may not be reappointed to the commission.

Subd. 2. The supreme court shall set a timetable for establishing a reapportionment commission and drawing the boundaries or amending the plan. The timetable shall be consistent with the time provided for adoption of an apportionment plan pursuant to section . . . , subdivision 2, as far as practicable.

Subd. 17. [TAXES AND INTEREST PAID TO COOPERATIVE APARTMENT CORPORATION.] In the case of a tenant-stockholder as defined herein, amounts, not otherwise deductible, paid or accrued to a cooperative apartment corporation within the taxable year, if such amounts represent that proportion of (a) the real estate taxes (allowable as deductions under subdivision 4) paid or incurred by the corporation on the apartment building and the land on which it is situated, and (b) the interest (allowable as a deduction under subdivision 3) paid or incurred by the corporation on its indebtedness contracted in the acquisition, construction, alteration, rehabilitation, or maintenance of such apartment building or in the acquisition of the land on which the building is located, which the stock of the corporation owned by the tenant-stockholder is of the total outstanding stock of the corporation, including that held by the corporation.

As used in this subdivision the term "cooperative apartment corporation" means a corporation

(a) having one and only one class of stock outstanding,

(b) all of the stockholders of which are entitled, solely by reason of their ownership of stock in the corporation, to occupy for dwelling purposes apartments in a building owned or leased by such corporation, and who are not entitled, either conditionally or unconditionally, except upon a complete or partial liquidation of the corporation, to receive any distribution not out of earnings and profits of the corporation, and

The term "tenant-stockholders" means an individual who is a stockholder in a cooperative apartment corporation, and whose stock is fully paid up in an amount not less than an amount shown to the satisfaction of the commissioner as bearing a reasonable relationship to the portion of the value of the corporation's equity in the building and the land on which it is situated which is attributable to the apartment which such individual is entitled to occupy. *For purposes of this subdivision, if a bank or other lending institution acquires by foreclosure, or by instrument in lieu of foreclosure, the stock of a tenant-stockholder, and a lease or the right to occupy an apartment to which the stock is appurtenant, the bank or other lending institution shall be treated as a tenant-stockholder for a period not to exceed three years from the date of acquisition. The preceding sentence shall apply even though, by agreement with the cooperative apartment corporation, the bank or other lending institution, or its nominee, may not occupy the apartment without the prior approval of the corporation.*

Sec. 3. Minnesota Statutes 1978, Section 290.09, is amended by adding a subdivision to read:

Subd. 17a. If the original seller acquires any stock of a cooperative apartment corporation (1) from the corporation by purchase, or (2) by foreclosure, or by instrument in lieu of foreclosure, of any purchase-money security interest in stock of the corporation held by the original seller, for purposes of subdivision 17, the original seller shall be treated as a tenant-stockholder for a period not to exceed three years from the date of acquisition. This subdivision shall apply with respect to any acquisition of stock of a cooperative apartment corporation only if, together with acquisition, the original seller acquires the right to occupy an apartment to which the stock is appurtenant. For purposes of the preceding sentence, there shall not be taken into account the fact that, by agreement with a cooperative apartment corporation, the original seller or its nominee may not occupy an apartment without the prior approval of the corporation. The term "original seller" means the person or corporation from whom the cooperative apartment corporation has acquired the apartments or leaseholds therein."

This subdivision shall not apply to any portion of the structure used for nonresidential purposes.

For purposes of this subdivision, neighborhood real estate trust means an entity which (a) is a nonprofit corporation organized under chapter 317; (b) has as its principal purpose providing housing for lower income families in a specific geographic community designated in its articles or bylaws; (c) limits membership with voting rights to residents of the designated community; and (d) has a board of directors consisting of at least seven directors, 60 percent of whom are voting members and 25 percent of whom are elected by resident members of buildings owned by the trust."

CONFERENCE COMMITTEE REPORT ON S. F. NO. 1843

A bill for an act relating to transportation; establishing a state rail bank for abandoned rail lines; amending Minnesota Statutes 1978, Chapter 222, by adding a section; Minnesota Statutes, 1979 Supplement, Sections 174.03, Subdivision 4; 222.50, Subdivision 7; and 222.65.

March 31, 1980

The Honorable Edward J. Gearty
President of the Senate

The Honorable Fred C. Norton
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 1843, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and S. F. No. 1843 be further amended as follows:

Page 4, line 7, before "potential" insert "present or"

Page 4, line 8, after "rail" insert "freight or"

Page 4, delete lines 13 to 21 and insert

"The commissioner shall provide for the maintenance including control of weeds, of any right-of-way that is included in the rail bank. The commissioner shall provide for the maintenance and management of any right-of-way that is acquired under the rail bank program in a manner that minimizes maintenance costs and

provides a benefit to the state. The commissioner may also require that any existing railroad track that is included in the acquired right-of-way shall not be removed during the period the right-of-way is included in the state rail bank."

Page 4, line 28, before "area" delete "the" and insert "each"

Page 5, line 28, before the period insert "at its fully appraised value"

Page 6, after line 24, insert:

"Sec. 5. The commissioner of natural resources may, in the same manner as provided by law for the sale of trust fund lands, sell at public auction the lands and interests in lands relating to the abandoned railway line located in Mower and Fillmore Counties which were acquired by the state in 1978 from the Chicago and Northwestern Transportation Company and which lie between the intersection of U.S. Highways 16 and 63 near the city of Spring Valley in Fillmore County and the intersection of the railway line with the Minnesota and Iowa border at a point southwest of LeRoy in Mower County. The commissioner may subdivide the lands and interests in lands into smaller parcels for the purpose of this sale.

Sec. 6. In any county in which a combination railroad and highway bridge is closed the county board may lease or purchase such bridge. The subsequent use and operation of the combination bridge shall conform to and be compatible with the existing uses adjoining both sides of that bridge. The county board may establish and from time to time adjust tolls to be charged for vehicular use of the bridge at the rate or rates and on the basis the county board may deem appropriate to provide revenues sufficient to finance the lease, purchase, operation, repair, and maintenance of the bridge and toll facilities. The revenues from the bridge tolls shall only be used for the lease, purchase, repair, operation, and maintenance of the bridge and toll facilities. Notwithstanding the provisions of this section, if the state purchases the combination bridge the county may lease the bridge from the state by contract.

Sec. 7. Minnesota Statutes 1978, Chapter 222, is amended by adding a section to read:

[222.64] [EMPLOYMENT PREFERENCE.] *Individuals who have been previously employed by railroads, whose users obtain guaranteed loans or other assistance pursuant to sections 222.46 to 222.64, shall have priority, based upon their length of service with that railroad, in employment with a purchasing carrier or other operator of a railroad benefiting from those loans or other assistance.*

Sec. 8. *This act is effective the day following its final enactment."*

Amend the title as follows:

Page 1, line 3, after the semicolon insert "providing for the sale of certain abandoned railway lines in certain counties; providing for the purchase or lease of certain bridges by counties,

authorizing toll charges for vehicular use thereof, and specifying the purposes for which the revenue may be used; providing for employment preferences for certain rail employees under certain circumstances;”

Page 1, lines 4 and 5, delete “a section” and insert “sections”

EXECUTIVE AND OFFICIAL COMMUNICATIONS

April 7, 1980

The Honorable Edward J. Gearty
President of the Senate

Dear Sir:

I am vetoing S. F. No. 2122. This Act, if allowed to become law, would have established a new method for reapportioning Hennepin County Commissioner districts.

I feel strongly that reapportionment should be removed from the political arena. However, unlike the proposed constitutional amendment establishing a state reapportionment commission, the provisions of this act have the potential of increasing the partisan motives inherent in all redistricting. S. F. 2122 ostensibly establishes a bipartisan commission, but its provisions fail to accomplish this worthy objective.

Although Hennepin County Commissioners are elected on a non-party designated ballot, they are endorsed by political parties during their campaigns. Under the proposed legislation, if five or more of the seven-member Hennepin County Board have the same political persuasion, there is no assurance that a bipartisan redistricting plan will be adopted.

Furthermore, if the Board is divided by a four-to-three vote, there is a strong likelihood that a court, and not the commission, would be required to draw the district boundaries. This differs from present state law which provides for a court-appointed redistricting commission to draw new boundaries, should the County Board fail to do so.

I. This legislation establishes an eleven member commission. Each county commissioner appoints one member, with the remaining four members selected by the first seven. A vote of six of the eleven members is required to approve the plan. Under this legislation, the following problems would arise:

1. The four non-board appointees are selected upon agreement by five of the board appointed members. Partisan politics could easily influence the appointment of the four non-board appointed members. This is in contrast to the state-wide bipartisan reapportionment proposal which I support. Under the proposed state-wide constitutional amendment, the five public members are selected only if *unanimous* consent is given by the four legislative appointees (two legislators from each political party).
2. A majority of six of the eleven members is required to approve the Hennepin County reapportionment plan.
—If the majority caucus of the Board has six or seven members, their representatives on the

reapportionment commission can effectively draw the boundaries.

- If the majority caucus has five members, their five representatives could select all of the non-Board appointees. The five from the majority caucus could then control all reapportionment decisions.

Again, this is in contrast to the state-wide proposal under which six of the nine members must agree on the reapportionment plan. This extraordinary majority requirement in the proposed constitutional amendment makes it necessary to achieve bipartisan consensus for any plan to be adopted.

3. If the majority caucus on Hennepin County controls four of the seven seats, it is likely that a court would write the reapportionment plan. This would result when the seven board-appointed members could not reach a five member consensus on the four non-board appointees. If this consensus is not reached, five of the *Board* members must agree on the four non-board appointees. If five Board members cannot agree, there is no provision for filling a vacancy. Presumably, the court would have to reapportion. Again, this is in contrast to the state-wide proposal, which constitutionally requires the Supreme Court to appoint members to vacancies which cannot be filled by consensus.

II. The Legislature, which used substantial portions of the state-wide reapportionment proposal in drafting S. F. 2122, failed to incorporate the bipartisan appointment principle which is part of the proposed constitutional amendment. The departure from this principle results in my veto.

Hennepin County is better served under present law (Minnesota Statutes, Sec. 375.025) than it would be if this legislation took effect.

The present county reapportionment law was adopted in 1974. The Hennepin County Board successfully reapportioned itself in 1975 under the provisions of the 1974 law.

Current law provides for a court appointed redistricting commission for redrawing boundaries if any county board fails to reapportion following a census or reapportions in a manner inconsistent with statutorily established standards. Existing law does not suffer from the defects of S. F. 2122 with its likelihood of a court determined reapportionment plan.

III. The following additional comments are offered.

S. F. 2122 contradicts existing law in one of its provisions. The Act fails to exempt Hennepin County from the applicability

of Minnesota Statutes 1978, Section 375.025, subd. 1, which requires redistricting by *county boards*. It is likely that this contradiction would result in litigation.

This is a significant error. Perhaps it reflects the hastiness with which this legislation was prepared and passed.

—This legislation was not presented to the House or Senate Hennepin County delegation for their consideration.

—This legislation was opposed by a majority on the Hennepin County Board.

—The bipartisan Metropolitan Inter-County Association, representing the seven-county metropolitan area, unanimously opposed this legislation.

Section 1 of this Act provides for individuals to take time off work to serve as election judges. This provision, standing alone, would have been acceptable. It is unfortunate that the Legislature amended the reapportionment commission to this bill. As Governor, I do not have the authority to let Section 1 become law on its own merits. Therefore, the entire Act must fall.

For the reasons set forth in this message, I cannot allow S. F. 2122 to become law. I am, therefore, returning it to you unsigned.

Sincerely,
Albert H. Quie, Governor

Mr. Luther moved that S. F. No. 2122 and the veto message be laid on the table. The motion prevailed.

The program shall be administered by the commissioner of administration.*

Subd. 2. [DUTIES OF COMMISSIONER.] *The commissioner of administration shall develop policies to reduce the volume of waste*

generated by state agencies. The commissioner shall develop and institute procedures for the separation, collection, and storage of used commodities wherever feasible in state agencies and shall establish policies for the reuse, sale, or disposition of recovered materials and surplus property. The commissioner shall promote and publicize the waste reduction and waste separation and recovery procedures on an on going basis to all state employees. The commissioner shall issue guidelines for the procurement of recyclable commodities and commodities containing recycled materials that include definitions of recycled materials, the percentage of recycled materials to be contained in each commodity and performance specifications. To the extent practicable, the guidelines shall be written so as to give preference to recyclable commodities and commodities containing recycled materials. The commissioner shall inform state agencies whenever recycled commodities are available for purchase. The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in administrative programs to reduce, separate, and recover waste materials. The commissioner shall investigate opportunities for the inclusion of local governments and regional agencies in the resource recovery program.

Subd. 3. [POWERS OF COMMISSIONER.] The commissioner of administration shall have such powers as are necessary to implement and operate the program. All state agencies shall comply with the policies, guidelines, and procedures established by the commissioner pursuant to this section. The commissioner shall have the power to issue orders to compel compliance.

Subd. 4. [STAFF.] The commissioner of administration shall employ an administrator to manage the resource recovery program and other staff and consultants as are necessary to carry out the program.

Subd. 5. [REPORTS.] By January 1, 1981, and each odd-numbered year thereafter, the commissioner of administration shall submit a report to the governor and to the legislative commission summarizing past activities and proposed goals of the program for the following biennium. By July 1, 1980, and each even numbered year thereafter the directors of the energy agency and the pollution control agency shall submit recommendations to the commissioner regarding the operation of the program.

Subd. 6. [RESOURCE RECOVERY REVOLVING ACCOUNT.] Upon the certification of the commissioner of administration, the commissioner of finance shall establish an account in the general services revolving fund, effective June 30, 1980, for the operation of the state government resource recovery program. The revolving account shall consist of all funds appropriated by the state for the program and all revenues resulting from the sale of used commodities made available for sale as a result of the resource recovery program. The account may be used for all activities associated with the program including payment of administrative and operating costs.

ARTICLE III
COMMERCIAL HAZARDOUS WASTE
DISPOSAL FACILITIES

Section 1. [LEGISLATIVE FINDINGS; PURPOSE.] *The legislature finds that proper management of hazardous waste generated in the state is needed to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens, that the establishment of safe disposal facilities is necessary to properly manage the waste, that this cannot be accomplished solely by the activities of private persons and political subdivisions acting alone or jointly, and that therefore it is necessary to provide a procedure for making final determinations on the locations, sizes, types, and functions of such facilities.*

Sec. 2. [PROCEDURE NOT EXCLUSIVE.] *The procedure established by this article for the permitting of hazardous waste disposal facilities shall not preclude the issuance of permits by the agency pursuant to section 116.07 for disposal facilities at sites not reviewed under this article.*

Sec. 3. [VALUATION OF SITES.] *The board shall not be required to promulgate rules pursuant to chapter 15 to govern its evaluation and selection of sites for commercial disposal facilities under this article. In evaluating and selecting sites for disposal facilities, the board shall consider at least the following factors:*

(a) economic feasibility, including proximity to concentrations of generators of the types of hazardous wastes likely to be proposed and permitted for disposal;

(b) intrinsic suitability of the sites;

(c) federal and state pollution control and environmental protection rules;

(d) the risk and effect for local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to a facility or at a facility, water, air, and land pollution, and fire or explosion;

(e) the consistency of a facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(f) the adverse effects of a facility at the site on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by stipulations, conditions, and requirements respecting the design and operation of a disposal facility at the proposed site.

No land shall be excluded from consideration except land determined by the agency to be intrinsically unsuitable for the use intended.

Sec. 4. [CANDIDATE SITES.] *Subdivision 1. [SELECTION.]*

By August 1, 1981, the board shall select six locations in the state, no more than one site per county, as candidate sites for commercial disposal facilities for hazardous waste. No location shall be selected as a candidate site unless the agency certifies its intrinsic suitability for the use intended. The board shall consult with the agency and the private waste management industry in selecting candidate sites. Any sites proposed in applications for permits for disposal facilities being reviewed by the agency on August 1, 1981, may be included by the board as candidate sites, provided the agency certifies the intrinsic suitability of the sites.

Subd. 2. [PROCEDURE.] As soon as practicable, the board through its chairperson shall publish a request soliciting proposals and permit applications for hazardous waste disposal facilities from potential developers and operators of such facilities. Notice of the request shall be published in the state register and newspapers of general circulation in the state and shall be transmitted to all regional development commissions, the metropolitan council, and all counties in the state. The board may select conceptual design and operating specifications for a variety of hazardous waste disposal facilities in sufficient detail and extent in the judgment of the board to assist the evaluation of sites and the selection of candidate sites. By November 1, 1980, the board through its chairperson shall notify each regional development commission, or the metropolitan council, and each local government unit within whose jurisdiction the board intends to search for candidate sites. The notification shall explain the selection of the jurisdiction as a search area; shall summarize any conceptual specifications and the evaluation factors, criteria, standards, and procedures the board intends to use in selecting candidate sites; and shall describe the relationship of the candidate site selection process to the other review procedures under this article and the hazardous waste reports and plans required under article II. The notification shall request recommendations and suggestions from each such commission, the metropolitan council, and local government unit on the criteria, standards, and procedures the board should use in selecting candidate sites within the time allowed. The board through its chairperson shall make a written response to any recommendations, explaining its disposition of the recommendations. By May 1, 1981, the board shall propose at least six locations as candidate sites and shall publish notice in the state register and newspapers of general circulation in the state and shall notify by mail all regional development commissions, or the metropolitan council, and local government units containing a proposed candidate site. Any person objecting to the agency's certification or the board's proposal of a site for candidacy shall have 30 days in which to request a hearing. If a hearing is requested, the hearing shall be ordered by the chairperson of the board and shall be conducted in a manner consistent with the completion of the proceedings and the examiner's report to the agency and board in the time allowed by this section. The hearing examiner may consolidate hearings. No action of the board shall be held invalid by reason of the board's failure to notify any of the entities listed in this subdivision.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on all development, except hazardous waste facilities, within each proposed or candidate site identified pursuant to this section and in a buffer area identified by the board surrounding and at least equal in area to the site. The moratorium on candidate sites and buffer areas shall extend until six months following final action of the board pursuant to this article. No development shall be allowed to occur within a proposed site or buffer area during the period of the moratorium. No land use control of any political subdivision shall permit development, nor shall any political subdivision sanction or approve any subdivision, permit, license, or other authorization which would allow development to occur.

Sec. 5. [PARTICIPATION BY AFFECTED LOCALITIES.] Subdivision 1. [GENERAL.] In order systematically to involve those who would be affected most directly by disposal facilities in all decisions leading to their establishment, the board's decisions on reports referred to in subdivision 7, the preliminary specifications under section 6, and the certification of need required under section 7 shall not be made until after the establishment of local project review committees for each candidate site, with representation on the board, pursuant to this section.

Subd. 2. [ESTABLISHMENT OF LOCAL PROJECT REVIEW COMMITTEES.] A local project review committee shall be established for each location selected as a candidate site. The local committee shall exist, and its members shall serve, so long as the location for which the committee was formed is a candidate site or, for the site or sites finally chosen, until the commencement of the operation of the facility at that site.

Subd. 3. [MEMBERSHIP ON LOCAL COMMITTEES.] By September 1, 1981, the governor shall appoint the chairperson and members of each local project review committee, ensuring a balanced representation of all parties with a legitimate and direct interest in the outcome of the project review. The governor shall consult particularly with affected local units of government before selecting members. Members may be added to the local committee from time to time by the governor.

Subd. 4. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] By October 1, 1981, each local committee shall select a temporary board member to be added to the board for the purposes of the reports, certifications, and review conducted under this article. Temporary board members may be members of the local project review committee, and they shall be residents of the county where the candidate site is located.

Subd. 5. [DUTIES OF LOCAL COMMITTEES.] During the review, the local project review committee shall: inform affected local communities, government units, and residents of the proposed land containment and disposal facilities and of the planning and environmental review process relating to the proposed facilities; solicit and record local attitudes and concerns respecting the proposed facilities and represent and communicate such attitudes and concerns to the board, the legislative commission, the environ-

mental quality board, the agency, and other units and agencies of government; and act as a forum for the exchange of local attitudes and concerns and the development, where possible, of local consensus.

Subd. 6. [TECHNICAL ASSISTANCE; GRANTS.] To assist local project review committees to participate in the certification of need and the review process, the board through its chairperson shall make grants to the committees to be used to employ staff, pay administrative expenses, or contract with qualified consultants. The board through its chairperson shall ensure the delivery to the committees of technical information and assistance by appropriate state agencies.

Subd. 7. [HAZARDOUS WASTE MANAGEMENT REPORTS.] The chairperson and the board shall prepare and submit the hazardous waste management reports required by article II, section 5, subdivisions 4 and 5, in consultation with the local project review committees. The chairperson and the board shall request recommendations from the local committees and shall consult with the committees on the board's intended disposition of the recommendations. The reports of the board shall summarize the recommendations of the committees and the board's response to the recommendations. Before submitting the reports, the board shall hold at least one public meeting in each county in which a candidate site is located. A majority of the permanent members shall be present at each meeting. Notice of the meeting shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facilities, the proposed location, the purpose of the board's report to the legislature, and the subsequent and related activities of the board.

Sec. 6. [DISPOSAL FACILITIES; PRELIMINARY DESIGN AND OPERATING SPECIFICATIONS.] By January 1, 1982, the board shall select, for further study and consideration, design and operating specifications for a variety of disposal facilities for hazardous waste in sufficient detail and extent in the judgment of the agency to allow the agency to begin preparing an environmental impact statement on the alternative facilities at each of the candidate sites pursuant to section 8. The preliminary design and operating specifications shall not be final and shall not preclude the consideration of other specifications nor foreclose the subsequent addition by the board of other disposal facility alternatives.

Sec. 7. [CERTIFICATION OF NEED.] By May 1, 1982, on the basis of and consistent with its hazardous waste management plan adopted under article II, section 8, the board shall issue a certificate or certificates of need for disposal facilities for hazardous wastes in the state. The certificate or certificates shall indicate the types and volumes of waste for which disposal facilities are and will be needed through the year 2000 and the number, types, sizes, general design and operating specifications, and function or use of the disposal facilities needed in the state. The

board shall certify need only to the extent that the board has determined that there are no feasible and prudent alternatives including waste reduction, separation, pretreatment, processing, and resource recovery which would minimize adverse impact upon natural resources, provided that the board shall require the establishment of at least one commercial disposal facility in the state. Economic considerations alone shall not justify certification nor the rejection of alternatives. Alternatives that are speculative and conjectural shall not be deemed to be feasible and prudent. The certificate or certificates shall not be subject to the provisions of chapter 15 but shall be the final determination required on the matters decided by the certificate or certificates and shall have the force and effect of law. The certificate or certificates shall not be amended for five years. The board and the permitting agencies, in reviewing and selecting sites, completing environmental impact statements, and issuing approvals and permits for waste disposal facilities described in the certificate or certificates of need, shall not reconsider matters determined in the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of facilities consistent with the certification. The board and the permitting agencies shall be required to make a final decision approving the establishment of at least one commercial disposal facility for hazardous waste in the state.

Sec. 8. [AGENCY; ENVIRONMENTAL REVIEW PROCEDURES.] Subdivision 1. [ENVIRONMENTAL IMPACT STATEMENT.] An environmental impact statement meeting the requirements of chapter 116D shall be completed by the agency on disposal facilities at each candidate site. The statement shall be finally accepted or rejected within 120 days following the issuance of a certificate or certificates of need under section 7.

Subd. 2. [PUBLIC DISCLOSURE.] Before commencing preparation of the environmental impact statement, the agency shall issue a document summarizing and making full disclosure of the intended objectives and contents of the environmental impact statement and the environmental review. Announcement of the disclosure shall be published in the state register. The disclosure shall:

- (a) identify the candidate sites;
- (b) summarize preliminary design and operating specifications and indicate where and when the specifications are available for inspection;
- (c) describe as fully as possible the object of the review, including the significant actions, issues, alternatives, types of impacts, and compensation and mitigation measures expected to be addressed in the statement; the depth of the analysis expected; and subjects which the statement will not address in depth because they have been disposed of previously or because they are believed to be insignificant or remote and speculative;
- (d) identify, by reference and brief summary, any related plan-

ning activities and environmental reviews which have been, are being, or will be conducted, and the substantive, chronological, and procedural relationship between the proposed review and the other activities and reviews;

(e) identify the membership and address of the local project review committees and the names of the local representatives on the board;

(f) summarize the comments and suggestions received from the public pursuant to subdivision 3 and the agency's response.

Subd. 3. [PUBLIC PARTICIPATION PROCEDURES.] The public disclosure document shall be issued following diligent effort to involve the public in determining the objective and contents of the environmental impact statement. At least one public meeting shall be held in each county with a candidate site. The advice of the board, facility developers, state agencies, the local project review committees, and local units of government shall be actively solicited. The agency may engage the state hearing examiner to conduct meetings and make recommendations concerning the review. Each local project review committee shall present to the agency a written report summarizing local concerns and attitudes about the proposed action and the specific issues which the local communities and residents wish to see addressed in the environmental review.

Sec. 9. [AGENCIES; PERMIT CONDITIONS.] Within 60 days following the acceptance of the final environmental impact statement, and after consulting with the board, facility developers, affected local government units, and the local project review committees, each permitting state agency shall issue a notice of intent to issue permits, indicating the terms, conditions, and requirements of agency approval for all permits needed at each candidate site for the establishment of the facilities described in the board's certification of need. The agency decisions shall be consistent with the establishment of facilities in accordance with the certification of need.

Sec. 10. [HEARINGS.] Subdivision 1. **[AGENCY HEARINGS.]** Any person objecting to a notice of intent to issue permits shall have 30 days in which to request a hearing. The hearing shall be ordered by the commissioner or director of the agency involved and shall be conducted by the state office of hearing examiners in the manner provided for contested cases in chapter 15. The hearing examiner may consolidate hearings on agency notices as he deems appropriate. The hearing shall be held in the county where the candidate site is located. A majority of the permanent members of the board shall be present at the agency hearing. The proceeding shall be completed and the examiner's report submitted to the permitting agency within 90 days following the issuance of the agency's notice of intent. Within 60 days following the hearing examiner's report and after consulting with the board, facility developers, affected local government units, and the local project review committee, the per-

mitting agency shall revise its notice of intent as it deems appropriate and shall reissue the notice.

Subd. 2. [BOARD HEARINGS.] Within 90 days following the issuance of agency notice of intent under section 9, the board shall conduct a hearing in each county containing a candidate site, for the purpose of receiving testimony on the sites and facilities to be established. The hearings shall be ordered by the chairperson of the board and shall be conducted concurrently with any agency hearing regarding the site held pursuant to subdivision 1. The subject of the board hearing shall not extend to matters previously decided in the board's certificate of need. The hearing shall be conducted for the board by the state office of hearing examiner's in a manner determined by the hearing examiner to be consistent with the completion of the proceedings in the time allowed. The proceedings shall not be deemed a contested case under chapter 15. A majority of the permanent members of the board shall be present at the hearing.

Sec. 11. [FINAL ACTION.] Subdivision 1. [DECISION OF BOARD.] Within 60 days following final agency decisions on permits pursuant to section 9 and section 10, subdivision 1, and after consulting with private facility developers, the agency, affected local government units, and the local project review committees, the board shall finally select the site or sites for the facilities and shall submit or cause to be submitted final permit applications. If the chairperson of the board determines that an agency notice of intent has been substantially revised following hearings held pursuant to section 10, subdivision 1, the chairperson shall order a public hearing to receive further testimony on the sites and facilities to be established. The proceeding shall be conducted as provided in section 10, subdivision 2, except that hearings shall not be separately held in the affected counties and the issues relating to all agency notices shall be considered at one hearing. The board's decision and final permit applications shall embody all terms, conditions, and requirements of the permitting agencies, provided that the board may: (a) finally resolve any conflicts between state agencies regarding permit terms, conditions, and requirements, and (b) require more stringent terms, conditions, and requirements respecting the facility as may be consistent with the certification of need and the agency rules and permit conditions. The board's resolution of conflicts under clause (a) shall be in favor of the more stringent terms, conditions, and requirements. The board's decision and the permit applications shall provide for the establishment of facilities consistent with the board's certification of need.

Subd. 2. [BOARD'S DECISION PARAMOUNT.] The board's decision under subdivision 1 shall be final and shall supersede and preempt requirements of state agencies and political subdivisions, excepting only those terms, conditions, and requirements of permitting agencies embodied in the board's decision and except as provided in subdivision 3. The permitting agencies shall issue permits within 60 days following and in accordance with the board's final decision, and all permits shall conform to the terms, condi-

tions, and requirements of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment, operation, expansion, continuance, or closure of a facility in accordance with the final decision of the board and permits issued pursuant thereto.

Subd. 3. [LOCAL REQUIREMENTS.] A political subdivision may impose reasonable requirements respecting the construction, inspection, operation, monitoring, and maintenance of a facility. Any such requirements shall be subject to review by the agency to determine their reasonableness and consistency with the establishment and use of a facility in accordance with the final decision of the board and permits issued pursuant thereto. The agency may approve, disapprove, suspend, modify, or reverse any such requirements. The decision of the agency shall be final.

Sec. 12. [RECONCILIATION AND INTERVENTION PROCEDURES.] **Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.]** At least 30 days before making final decisions on final site selection and permit application under section 11, the board through its chairperson may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. The report shall not raise issues previously decided by the board's certification of need. In any such report the chairperson of the board may request intervention in the review pursuant to subdivisions 2 and 3.

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor appointed by the commission with the advice and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which were not decided by the certification of need and which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] Following the report of the intervenor, the legislative commission may suspend the review process

for an additional period not to exceed 90 days for an intervention proceeding. The intervention proceeding shall not consider issues previously decided by the board's certification of need. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairperson of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.

Sec. 13. [JUDICIAL REVIEW.] Any civil action maintained by or against the agency or board under this article shall be brought in the county where the board is located and shall take precedence over all other matters of a civil nature and be expedited to the maximum extent possible. Any person aggrieved by a final decision of the board authorizing facilities under this article may appeal therefrom within 30 days as provided in chapter 15. No civil action shall be maintained pursuant to section 116B.03 with respect to conduct taken by a person pursuant to any environmental quality standard, limitation, regulation, rule, order, license, stipulation agreement or permit issued by the board under this article. Notwithstanding any provision of chapter 116B to the contrary, in any action brought under that chapter with respect to any decision or conduct undertaken by any person or the board or agency pursuant to this article after the period for appeal under this section has lapsed, the plaintiff shall have the burden of proving that the evidence required under section 116B.10 was not reasonably available within the time provided for appeal. The trial court shall, upon motion of any prevailing non-governmental party, award costs, disbursements, reasonable attorney's fees, and reasonable expert witness fees, if the court finds the action hereunder was commenced or defended in bad faith or was frivolous.

ARTICLE IV

Section 1. [RULES.] The board shall promulgate rules pursuant to chapter 15 to govern its activities under article IV.

Sec. 2. [ELIGIBILITY; REQUEST FOR REVIEW.] The following persons shall be eligible to request supplementary review by the board pursuant to this article: (a) a generator of sewage sludge within the state who has been issued permits by the agency for a facility to dispose of sewage sludge or solid waste resulting from sewage treatment; (b) a political subdivision which has been

issued permits by the agency, or a political subdivision acting on behalf of a person who has been issued permits by the agency, for a solid waste facility which is no larger than 250 acres, not including any proposed buffer area, and located outside the metropolitan area; (c) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator for managing the hazardous wastes produced by the generator only; (d) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to article II, section 6. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a sewage sludge disposal facility. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a solid waste facility with a proposed permitted life of longer than four years. The board may require completion of a plan conforming to the requirements of article V, section 5, before granting review under clause (b). A request for supplementary review shall show that the required permits for the facility have been issued by the agency and that a political subdivision has refused to approve the establishment or operation of the facility.

Sec. 3. [APPOINTMENT OF TEMPORARY BOARD MEMBERS.] Within 45 days of the submission of a request determined by the board to satisfy the requirements for review under this article, temporary board members shall be added to the board for the purpose of the supplementary review. Three members shall be selected by the governing body of the city or town in which the chairperson of the waste management board determines the facility would be principally located, and three members shall be selected by the governing body of the county in which the chairperson of the waste management board determines the proposed facility would be principally located. If the proposed facility is located in unorganized territory, all six members shall be selected by the governing board of the county. Temporary members shall be residents of the county in which the proposed facility would be located and shall be selected to represent broadly the local interests that would be directly affected by the proposed facility. At least one member appointed by the city or town shall live within one mile of the proposed facility, and at least one member appointed by the county shall be a resident of a city or town in which the proposed facility would be located. Temporary board members shall serve for terms lasting until the board has taken final action on the facility.

Sec. 4. [REVIEW PROCEDURE.] The board shall meet to commence the supplementary review within 90 days of the submission of a request determined by the board to satisfy the requirements for review under this section. At the meeting commencing the review the chairperson shall recommend and the board establish a scope and procedure, in accordance with the rules of the board, for review and final decision on the proposed

facility. The procedure shall require the board to make a final decision on the proposed facility within 90 days following the commencement of review. The procedure shall require the board to hold, at the call of the chairperson, at least one public hearing in the county within which the proposed facility would be located. A majority of permanent members of the board shall be present at the hearing. The hearing shall be conducted for the board by the state office of hearing examiners in a manner determined by the hearing examiner to be consistent with the expeditious completion of the proceedings as required by this article. The hearing shall not be deemed a contested case under chapter 15. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the meeting. The notice shall describe the proposed facility, its location, the permits, and the board's scope and procedure for review. The notice shall identify a location or locations within the city or town and county where the permit applications, the agency permits, and the board's scope and procedure for review are available for review and where copies may be obtained.

Sec. 5. [SCOPE AND CONTENT OF REVIEW.] In its review and final decision on the proposed facility, the board shall consider at least the following matters:

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, including such dangers as an accidental release of wastes during transportation to the facility, water, air, and land pollution, and fire or explosion where appropriate, and the degree to which the risk or effect may be alleviated;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate the adverse effects by additional stipulations, conditions, and requirements respecting the proposed facility at the proposed site;

(d) the need for the proposed facility, especially its contribution to abating solid and hazardous waste disposal, the availability of alternative sites, and opportunities to mitigate or eliminate need by additional and alternative waste management strategies or actions of a significantly different nature;

(e) whether, in the case of solid waste resource recovery facilities, the applicant has considered the feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.

Sec. 6. [FINAL DECISION OF BOARD.] Subdivision 1. [AP-

PROVAL OR DISAPPROVAL.] *In its final decision on the proposed facility, the board may either approve or disapprove the proposed facility at the proposed site. The board's approval shall embody all terms, conditions, and requirements of the permitting agencies, provided that the board may: (a) finally resolve any conflicts between state agencies regarding permit terms, conditions, and requirements, and (b) require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site. The board's resolution of conflicts under clause (a) shall be in favor of the more stringent terms, conditions, and requirements.*

Subd. 2. [DECISION PARAMOUNT.] *The decision of the board to approve a facility shall be final and shall supersede and preempt requirements of state agencies and political subdivisions, excepting only those terms, conditions, and requirements of permitting agencies embodied in the board's approval and except as provided in subdivision 3. The permitting agencies shall issue or amend the permits for the facility within 60 days following and in accordance with the final decision of the board, and all permits shall conform to the terms, conditions, and requirements of the board's decision. No charter provision, ordinance, regulation, permit, or other requirement of any state agency or political subdivision shall prevent or restrict the establishment, operation, expansion, continuance, or closure of the facility in accordance with the final decision of the board and permits issued pursuant thereto.*

Subd. 3. [LOCAL REQUIREMENTS.] *A political subdivision may impose reasonable requirements respecting the construction, inspection, operation, monitoring, and maintenance of a facility. Any such requirements shall be subject to review by the agency to determine their reasonableness and consistency with the establishment and use of a facility in accordance with the final decision of the board and permits issued pursuant thereto. The agency may approve, disapprove, suspend, modify, or reverse any such requirements. The decision of the agency shall be final.*

Sec. 7. [RECONCILIATION PROCEDURES.] **Subdivision 1. [REPORTS TO LEGISLATIVE COMMISSION.]** *At least 30 days before making a final decision under section 6 in a review brought pursuant to section 2, clause (d), the board through its chairperson may report to the legislative commission describing permit conditions or requirements being considered which are not within the existing authority of the agency or the board or which would require legislation or public financial assistance. In any such report the chairperson of the board may request intervention in the review pursuant to subdivisions 2 and 3.*

Subd. 2. [PRE-INTERVENTION ASSESSMENT.] *If the legislative commission determines that intervention might be warranted under the terms of subdivision 1, the commission may suspend the review process for up to 60 days to allow a pre-intervention assessment. The pre-intervention assessment shall be conducted by an independent, impartial, and qualified public intervenor*

appointed by the commission with the advice and consent of the parties to the dispute. The intervenor shall report to the commission. The report shall include:

(a) an assessment of whether the dispute is ripe for mediation and whether the parties are willing to mediate;

(b) an assessment of whether, within the terms of subdivision 1, substantive issues exist which cannot be resolved effectively through normal administrative and judicial procedures;

(c) a preliminary definition of the facts and issues in dispute and actions and decisions being considered;

(d) a description of the diverse parties having a legitimate and direct interest in the outcome of the dispute.

Subd. 3. [SUSPENSION OF REVIEW PROCESS; INTERVENTION PROCEEDING.] *Following the report of the intervenor, the legislative commission may suspend the review process for an additional period not to exceed 90 days for an intervention proceeding. The intervenor shall be in charge of the intervention proceeding and may call for such participation and establish such procedures as he deems necessary and appropriate to facilitate agreement. The intervenor shall keep the chairman of the legislative commission informed on the progress of the intervention proceeding, particularly with respect to agreements or proposed agreements which may require action or decisions not within the authority of the agency or board, legislative action, or public financial assistance. The intervenor shall make recommendations to the commission respecting any such agreements or proposed agreements. The commission may make recommendations to the intervenor respecting any such agreement or proposed agreement. If the commission approves of an agreement, or a decision based upon an agreement, which requires action or decisions not within the authority of the agency or board, legislative action, or public financial assistance, the commission shall cause the matter and recommendations to be submitted to the legislature for consideration.*

Sec. 8. [JUDICIAL REVIEW.] *Judicial review with respect to conduct or decisions in supplementary reviews brought pursuant to section 2, clauses (c) or (d) shall be as provided in article III, section 13.*

ARTICLE V SOLID WASTE MANAGEMENT PLANNING ASSISTANCE PROGRAM

Section 1. [ESTABLISHMENT AND ADMINISTRATION.] *There is established a planning assistance program to provide technical and financial assistance to political subdivisions of the state for the purpose of encouraging and improving regional and local solid waste management planning activities and efforts. The program shall be administered by the agency pursuant to rules promulgated under chapter 15, except in the metropolitan area where the program shall be administered by the metropolitan*

council pursuant to chapter 473. The agency and the metropolitan council shall ensure conformance with federal requirements and programs established pursuant to the Resource Conservation and Recovery Act of 1976 and amendments thereto.

Sec. 2. [ELIGIBLE RECIPIENTS.] *Political subdivisions shall be eligible for assistance under the program.*

Sec. 3. [FINANCIAL ASSISTANCE.] *Eligible recipients may receive grants for up to 50 percent of the cost of the planning activity, except that planning by a regional development commission and joint planning by two or more contiguous counties or political subdivisions located in two or more contiguous counties may receive grants for up to 100 percent of the cost of the planning activity. Financial assistance provided under the program may be used to employ staff, contract with other units of government or qualified consultants, and pay such other planning expenses as the agency or metropolitan council may allow.*

Sec. 4. [TECHNICAL ASSISTANCE.] *The agency and metropolitan council shall provide for technical assistance for eligible recipients. The agency and metropolitan council shall provide model plans for regional and local solid waste management. The agency and metropolitan council may contract for the delivery of technical assistance by a regional development commission, any state or federal agency, or private consultants. The agency shall prepare and publish an inventory of sources of technical assistance for solid waste planning, including studies, publications, agencies, and persons available.*

Sec. 5. [CONTENTS.] *Political subdivisions preparing plans under this article are encouraged to consult with persons presently providing solid waste collection, processing, and disposal services in the preparation of the plan. Plans prepared by local units of government in the metropolitan area shall conform to the requirements of chapter 473. Plans prepared by political subdivisions outside the metropolitan area with assistance from the program shall conform to the requirements of this section. The plans shall describe existing collection, processing, and disposal systems, including schedules of rates and charges, financing methods, environmental acceptability, and opportunities for improvements in the systems. The plans shall include an estimate of the land disposal capacity in acre-feet which will be needed through the year 2000, on the basis of current and projected waste generation practices. The plans shall contain an assessment of opportunities to reduce the need for land disposal through waste reduction and resource recovery, the alternative degrees of reduction achievable, and a comparison of the costs of alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators. The plans shall establish a siting procedure and development program to assure the orderly location, development, and financing of new or expanded solid waste facilities and services sufficient for a prospective ten-year period, including estimated costs and implementation schedules, proposed procedures for operation and maintenance, estimated annual costs*

and gross revenues, and proposals for the use of facilities after they are no longer needed or usable. The plans shall describe existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste management and shall describe existing and proposed regulation and enforcement procedures. Plans for location, establishment, operation, maintenance, and post-closure use of facilities and facility sites, for ordinances, and for licensing, permit, and enforcement activities shall be consistent with the rules adopted by the agency pursuant to chapter 116. The plans shall address the resolution of conflicting, duplicative, or overlapping local management efforts. The plans shall address the establishment of joint powers management programs or waste management districts where appropriate. The plans shall address other matters as the rules of the agency may require consistent with the purposes of article V.

ARTICLE VI

SOLID WASTE MANAGEMENT DEMONSTRATION PROGRAM

Section 1. [ESTABLISHMENT; PURPOSES AND PRIORITIES.] *There is established a solid waste management demonstration program to encourage and assist cities, counties, and solid waste management districts in the development and implementation of solid waste management projects of potential state wide application or significance and to transfer the knowledge and experience gained from such projects to other communities in the state. The program shall be administered so as to demonstrate the application of feasible and prudent alternatives to disposal, including waste reduction; waste separation by generators, collectors, and other persons; and waste processing. The program shall be administered by the agency and the board in accordance with the requirements of article VI and rules promulgated by the agency and the board pursuant to chapter 15. In administering the program, the agency and the board shall give priority to areas where natural geologic and soil conditions are unsuitable for land disposal of solid waste and areas where the capacity of existing solid waste disposal facilities is determined by the agency or the board to be less than five years. In areas outside the metropolitan area, the agency and the board shall also give priority to projects serving more than one local government unit.*

Sec. 2. [ELIGIBLE RECIPIENTS.] *Eligible recipients for assistance under the program shall be limited to cities, counties, and solid waste management districts established pursuant to article VIII. Eligible recipients may apply for assistance under sections 4 and 5 on behalf of other persons.*

Sec. 3. [APPLICATION REQUIREMENTS.] *Applications for assistance under the program shall demonstrate: (a) that the project is conceptually and technically feasible; (b) that affected political subdivisions are committed to implement the project, to provide necessary local financing, and to accept and exercise the government powers necessary to the project; (c) that operating*

revenues from the project, considering the availability and security of sources of solid waste and of markets for recovered resources, together with any proposed federal, state, or local financial assistance, will be sufficient to pay all costs over the projected life of the project; (d) that the applicant has evaluated the feasible and prudent alternatives to disposal and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators. The agency or the board may require completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, before accepting an application.

Sec. 4. [TECHNICAL ASSISTANCE FOR DEMONSTRATION PROJECTS.] *The agency and the board shall ensure the delivery of the technical assistance necessary for proper implementation of each demonstration project funded under the program. The agency and the board may contract for the delivery of technical assistance by any state or federal agency, a regional development commission, the metropolitan council, or private consultants and may use program funds to reimburse the agency, commission, council, or consultants. The agency and the board shall prepare and publish an inventory of sources of technical assistance, including studies, publications, agencies, and persons available. The agency and the board shall ensure statewide benefit from projects assisted under the demonstration program by developing exchange and training programs for local officials and employees and by using the experience gained in demonstration projects to provide technical assistance and education for other solid waste management projects in the state.*

Sec. 5. [WASTE REDUCTION AND SEPARATION PROJECTS.] *The agency shall provide technical assistance and grants to projects which demonstrate waste reduction; waste separation by generators, collectors, and other persons; and collection systems for separated waste. Activities eligible for assistance under this section include legal, financial, economic, educational, marketing, social, governmental, and administrative activities related to the implementation of the project. Preliminary planning and development, feasibility study, and conceptual design costs shall also be eligible activities, but no more than 20 percent of program funds shall be used to fund those activities. The rules of the agency shall prescribe the level or levels of local funding required for grants under this section.*

Sec. 6. [WASTE PROCESSING FACILITIES.] *Subdivision 1. [PURPOSES; PUBLIC INTEREST; DECLARATION OF POLICY.] The legislature finds that the establishment of waste processing facilities and transfer stations serving such facilities is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that opportunities to establish the facilities and transfer stations are not being fully realized by individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to provide*

capital assistance to stimulate and encourage the acquisition and betterment of the facilities and transfer stations.

Subd. 2. [ADMINISTRATION; ASSURANCE OF FUNDS.] *The board shall provide technical and financial assistance for the acquisition and betterment of the facilities and transfer stations from revenues derived from the issuance of bonds authorized by article VII, section 2. Of money appropriated for the purposes of the demonstration program, at least 70 percent shall be distributed as loans, and the remainder shall be distributed as grants. An individual project may receive assistance totaling up to 100 percent of the capital cost of the project and grants up to 50 percent of the capital cost of the project. No grant or loan shall be disbursed to any recipient until the board has determined the total estimated capital cost of the project and ascertained that financing of the cost is assured by funds provided by the state, by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state, by any person, or by the appropriation of proceeds of bonds or other funds of the recipient to a fund for the construction of the project.*

Subd. 3. [OBLIGATIONS OF RECIPIENT.] *No grant or loan for any project shall be disbursed until the governing body of the recipient has made an irrevocable undertaking, by resolution, to use all funds made available exclusively for the capital cost of the project and to pay any additional amount by which the cost of the project exceeds the estimate by appropriation to the construction fund of additional funds or proceeds of additional bonds of the recipient. The resolution shall also indicate that any subsequent withdrawal of allocated or additional funds of the recipient will impair the obligation of contract between the state of Minnesota, the recipient, and the bondholders. The resolution shall pledge payment to the debt service account of all revenues of the project to the extent that they exceed costs and shall also obligate the recipient to levy a tax sufficient to make timely payments under the loan agreement, if a deficiency occurs in the amount of user charges, taxes, special assessments, or other moneys pledged for payment under the loan agreement. Each loan made to a recipient shall be secured by resolutions adopted by the board and the governing body of the recipient, obligating the recipient to repay the loan to the state treasurer in annual installments including both principal and interest. Installments shall be in an amount sufficient to pay the principal amount within the period required by the agency. The interest on the loan shall be calculated on the declining balance at a rate not less than the average annual interest rate on the state bonds of the issue from which proceeds of the loan were made. The resolution shall obligate the recipient to provide money for the repayment from user charges, taxes, special assessments or any other funds available to it.*

ARTICLE VII

STATE WASTE MANAGEMENT BONDS

Section 1. [WASTE MANAGEMENT FUND.] *Subdivision 1.*

[CREATION; RECEIPTS.] *The commissioner of finance shall maintain a Minnesota state waste management fund. The fund shall receive the proceeds of state bonds and other money appropriated to the fund and disburse money for the acquisition of real property and interests in real property for hazardous waste facility sites and surrounding buffer areas, as authorized by article II, section 3, subdivision 4, and money to be granted or loaned to political subdivisions pursuant to the waste processing facility capital assistance program created by article VI, section 6. The commissioner of finance and state treasurer shall deposit in the fund as received (a) all proceeds of Minnesota state waste management bonds, except accrued interest and premiums received upon the sale of the bonds; (b) all other money appropriated by law for purposes stated in article VII, and (c) all money granted to the state for those purposes by the federal government or any agency thereof. All the receipts are annually appropriated for the purposes of the fund, and shall remain available until expended.*

Subd. 2. [DISBURSEMENTS.] *Disbursements from the fund shall be made at the times and in the amounts authorized by the board in accordance with applicable state laws and the board's rules.*

Sec. 2. [MINNESOTA STATE WASTE MANAGEMENT BONDS.] **Subdivision 1. [AUTHORITY TO ISSUE BONDS.]** *The commissioner of finance shall sell bonds of the state of Minnesota for the prompt and full payment of which, together with interest, the full faith, credit, and taxing powers of the state are irrevocably pledged. Bonds shall be sold only upon request of the board and in the amount as may otherwise be authorized by this or a subsequently enacted law which authorizes the sale of additional bonds and the deposit of the proceeds in the state waste management fund. Any authorized amount of bonds in this law or any subsequently enacted law authorizing the issuance of bonds for the purposes of the state waste management fund, together with this section, constitute complete authority for the issue. The bonds shall not be subject to restrictions or limitations contained in any other law.*

Subd. 2. [ISSUANCE OF BONDS.] *Upon request by the board and upon authorization as provided in subdivision 1, the commissioner of finance shall sell Minnesota state waste management bonds. The bonds shall be in the aggregate amount requested, and sold upon sealed bids upon the notice, at the price, in the form and denominations, bearing interest at the rate or rates, maturing in the amounts and on the dates (without option of prepayment or subject to prepayment upon the notice and at the times and prices), payable at the bank or banks within or outside the state (with provisions for registration, conversion, and exchange and for the issuance of notes in anticipation of the sale or delivery of definitive bonds), and in accordance with any further provisions as the commissioner of finance shall determine. The sale is subject to the approval of the attorney general, but not subject to the provisions of Minnesota Statutes, Sections 15.0411 to 15.0422. The bonds shall be executed by the commissioner of finance and*

attested by the state treasurer under their official seals. The signatures of the officers on the bonds and any interest coupons and their seals may be printed, lithographed, engraved, or stamped thereon, except that each bond shall be authenticated by the manual signature on its face of one of the officers or of an officer of a bank designated by them as authenticating agent. The commissioner of finance shall ascertain and certify to the purchasers of the bonds the performance and existence of all acts, conditions, and things necessary to make them valid and binding general obligations of the state of Minnesota, subject to the approval of the attorney general.

Subd. 3. [EXPENSES.] All expenses incidental to the sale, printing, execution, and delivery of bonds pursuant to this section, including but not limited to actual and necessary travel and subsistence expenses of state officers and employees for these purposes, and any expenses of litigation relating to the validity of the bonds, shall be paid from the waste management fund, and the amounts necessary are appropriated from that fund.

Subd. 4. [DEBT SERVICE ACCOUNT IN THE STATE WASTE MANAGEMENT FUND.] The commissioner of finance shall maintain in the Minnesota state waste management fund a separate account to be called the state waste management debt service account. It shall record receipts of premium and accrued interest, loan repayments, project revenue or other money transferred to the fund and income from the investment of the money and record any disbursements to pay the principal and interest on waste management bonds. Income from investment shall be credited to the account in each fiscal year. The amount credited shall be equal to the average return that year on all funds invested by the state treasurer, as determined by the treasurer, times the average balance in the account that year.

Subd. 5. [APPROPRIATIONS TO DEBT SERVICE ACCOUNT; APPROPRIATION FROM ACCOUNT TO PAY DEBT SERVICE.] The premium and accrued interest received on each issue of Minnesota state waste management bonds, and all payments received in repayment of loans and other revenues received are appropriated to the debt service account. All income from the investment of the Minnesota state waste management fund is appropriated to the debt service account. In order to reduce the amount of taxes otherwise required to be levied, there is also appropriated to the debt service account from any funds available in the general fund on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand, to pay all principal and interest on Minnesota waste management bonds due and to become due before July 1 in the second ensuing year. So much of the debt service account of the state waste management fund as is necessary to pay principal and interest on waste management bonds is annually appropriated from the debt service account for the payment of principal and interest of the waste management bonds. All funds appropriated by this subdivision shall be available in the debt service account prior to

any levy of the tax in any year required by the Minnesota Constitution, Article XI, Section 7.

Subd. 6. [SECURITY.] *On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money currently credited to the debt service account, to pay the entire amount of principal and interest currently due and the principal and interest to become due before July 1 in the second year thereafter on Minnesota waste management bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of Minnesota Statutes, Section 273.13, Subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all the bonds and interest thereon are fully paid. The proceeds of this tax are appropriated to the debt service account. The principal of and interest on the bonds are payable from the proceeds of this tax.*

Sec. 3. [BOND AUTHORIZATION AND APPROPRIATION OF PROCEEDS.] *The commissioner of finance is authorized, upon request of the board, to sell Minnesota state waste management bonds in the amount of up to \$8,800,000 for the purpose of the waste processing facility capital assistance program under article VI, section 6, and in the amount of up to \$6,200,000 for the purpose of acquiring real property and interests in real property for hazardous waste facility sites and buffer areas as authorized by article II, section 3, subdivision 4. The bonds shall be sold in the manner and upon the conditions prescribed in article VII, section 2, and in the Minnesota Constitution, Article XI, Sections 4 to 7. The proceeds of the bonds, except as provided in article VII, section 2, subdivision 5, are appropriated to the Minnesota state waste management fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the waste management fund equal to the aggregate amount of the loans and grants then approved and not previously disbursed, plus the amount of the loans and grants to be approved in the current and the following fiscal year, as estimated by the board.*

ARTICLE VIII

SOLID WASTE MANAGEMENT DISTRICTS

Section 1. [PURPOSE; PUBLIC INTEREST; DECLARATION OF POLICY.] *The legislature finds that the development of integrated and coordinated solid waste management systems is needed to manage properly the solid waste generated in the state and to conserve and protect the natural resources in the state and the health, safety, and welfare of its citizens; that this need cannot always be met solely by the activities of individual political subdivisions or by agreements among subdivisions; and that therefore it is necessary to establish a procedure for the creation of solid waste management districts having the powers and performing the functions prescribed in article VIII.*

Sec. 2. [SOLID WASTE MANAGEMENT DISTRICTS.] *Subdivision 1. [LEGAL STATUS.] Solid waste management districts established pursuant to article VIII shall be public corporations and political subdivisions of the state.*

Subd. 2. [ESTABLISHMENT BY BOARD.] The board may establish waste districts as public corporations and political subdivisions of the state, define the powers of such districts in accordance with article VIII, define and alter the boundaries of the districts as provided in article VIII, section 3, and terminate districts as provided in article VIII, section 5. The board shall promulgate rules pursuant to chapter 15 governing the establishment, alteration, and termination of districts.

Subd. 3. [RESTRICTIONS.] No waste district shall be established within the boundaries of the Western Lake Superior Sanitary District established by Laws 1971, Chapter 478, as amended. No waste district shall be established wholly within one county. The board shall not establish a waste district within or extending into the metropolitan area, nor define or alter the powers or boundaries of a district, without the approval of the metropolitan council. The council shall not approve a district unless the articles of incorporation of the district require that the district will have the same procedural and substantive responsibilities, duties, and relationship to the metropolitan agencies as a metropolitan county. The board shall not establish a district unless the petitioners demonstrate that they are unable to fulfill the purposes of a district through joint action under Minnesota Statutes, Section 471.59. The board shall require the completion of a comprehensive solid waste management plan conforming to the requirements of article V, section 5, by petitioners seeking to establish a district.

Sec. 3. [PROCEDURE FOR ESTABLISHMENT AND ALTERATION.] *Subdivision 1. [LOCAL PETITION.] Waste districts shall be established and their powers and boundaries defined or altered by the board only after petition requesting the action jointly submitted by the governing bodies of petitioners comprising at least one-half of the counties partly or wholly within the district. A petition for alteration shall include a resolution by the board of directors of the district approving the alteration.*

Subd. 2. [PETITION CONTENTS.] A petition requesting establishment or alteration of a waste district shall contain the information the board may require, including at least the following:

(a) *the name of the proposed district;*

(b) *a description of the territory and political subdivisions within and the boundaries of the proposed district or alteration thereto, along with a map showing the district or alteration;*

(c) *resolutions of support for the district, as proposed to the board, from the governing body of each of the petitioning counties;*

(d) a statement of the reason, necessity, and purpose for the district, plus a general description of the solid waste management improvements and facilities contemplated for the district showing how its activities will accomplish the purpose of the district and the purposes for waste resource districts stated in article VIII;

(e) articles of incorporation stating the powers of the district consistent with article VIII, including a statement of powers proposed pursuant to sections 9 and 10.

After the petition has been filed, no petitioner may withdraw from it except with the written consent of all other petitioners filed with the board.

Subd. 3. [LOCAL REVIEW AND COMMENT.] At least 60 days before submitting the petition to the board, the petitioners shall publish notice of the petition in newspapers of general circulation in the proposed district and shall cause a copy of the petition to be served upon the agency, the governing body of each political subdivision which is wholly or partly within the proposed district or is affected by the proposed alteration and each regional development commission affected by the proposed district or alteration. Each entity receiving service shall have 60 days within which to comment to the petitioners on the petition and the proposed district or alteration. Proof of service, along with any comments received, shall be attached to the petition when it is submitted to the board.

Subd. 4. [REVIEW PROCEDURES.] Upon receipt of the petition, the chairperson of the board shall determine whether the petition conforms in form and substance to the requirements of law and rule. If the petition does not conform to the requirements, the chairperson shall return it immediately to the petitioners with a statement describing the deficiencies and the amendments necessary to rectify them. If the petition does conform to the requirements, and if comments have been received objecting to the establishment or alteration of the district as proposed, the chairperson shall request the office of hearing examiners to conduct a hearing on the petition. The hearing shall be conducted in the proposed district in the manner provided in chapter 15 for contested cases. If no comments have been received objecting to the establishment of the district as proposed, the board may proceed to grant or deny the petition without the necessity of conducting a contested case hearing. If the petition conforms to the requirements of law and rule, the chairperson shall also immediately submit the petition to the solid waste and the technical advisory councils of the board for review and recommendation and shall forward the petition to the director of the agency, who shall prepare and submit to the board a report containing recommendations on the disposition of the petition. The director's report shall contain at least the director's findings and conclusions on whether the proposed boundaries, purposes, powers, and management plans of the district or alteration thereto serve the purposes of waste resource districts, are appropriately related to the waste generation, collection, processing, and disposal patterns in the area, and are generally consistent with the purposes of the agency's regulatory program.

Subd. 5. [CORRECTIONS ALLOWED.] No petition submitted by the requisite number of counties shall be void or dismissed on account of defects exposed in the hearing documents or report. The board shall permit the petition to be amended in form and substance to conform to the facts by correcting any errors in the description of the territory or any other defects.

Subd. 6. [BOARD ORDER.] After considering the reports of the hearing examiner, if a contested case hearing has been held, and the recommendations of the advisory councils director of the agency, the board shall make a final decision on the petition. If the board finds and determines that the establishment or alteration of a district as proposed in the petition would not be in the public interest and would not serve the purposes of article VIII, it shall give notice to the petitioners of its intent to deny the petition. If a contested case hearing has not been held, the petitioners may request a hearing within 30 days of notice of intent to deny the petition. The request shall be granted. Following the hearing and the report of the hearing examiner, the board shall make a final decision on the petition and mail a copy of its decision to the governing body of each affected political subdivision. If the board finds and determines that the establishment or alteration of a district as proposed in the petition would be in the public interest and would serve the purposes of article VIII, it shall, by order, establish the district, define its boundaries, and give it a corporate name by which, in all proceedings, it shall thereafter be known. The order shall include articles of incorporation stating the powers of the district and the location of its registered office. Upon the filing of a certified copy of the order of the board with the secretary of state, the district shall become a political subdivision of the state and a public corporation, with the authority, power, and duties prescribed in article VIII and the order of the board. At the time of filing, a copy of the order shall be mailed by the board to the governing body of each political subdivision wholly or partly within the district or affected by the alteration of the district.

Sec. 4. [PERPETUAL EXISTENCE.] A waste district created under the provisions of article VIII shall have perpetual existence to the extent necessary to perform all acts necessary and proper for carrying out and exercising the powers and duties expressly given in it. A district shall not be terminated except pursuant to article VIII, section 5.

Sec. 5. [TERMINATION.] Subdivision 1. **[PETITION.]** Proceedings for the termination of a district shall be initiated by the filing of a petition with the board. The petition shall be submitted by the governing bodies of not less than one-half of the counties which are wholly or partly in the district. The petition shall state that the existence of the district is no longer in the public interest. The petitioners shall publish notice of the petition in newspapers of general circulation in the district and shall cause to be served upon each political subdivision wholly or partly within the district a copy of the petition, and proof of service shall be attached to the petition filed with the board.

Subd. 2. [BOND; PAYMENT OF COSTS.] *If the petition is dismissed or denied, the petitioners shall be required to pay all costs and expenses of the proceeding for termination. At the time of filing the petition a bond shall be filed by the petitioners with the board in such sum as the board determines to be necessary to ensure payment of costs.*

Subd. 3. [HEARING; DECISION.] *If objection is made to the board against the petition for termination, a contested case hearing on the petition shall be held in the waste district pursuant to chapter 15. If the board determines that the termination of the district as proposed in the petition would not be in the public interest, the board shall give notice to the petitioner of its intent to deny the petition. If a contested case hearing has not been held, the petitioner may request a hearing within 30 days of the notice of intent to deny the petition. The request shall be granted. Following the hearing and the report of the hearing examiner, the board shall make a final decision on the petition. If the petition is dismissed all costs of the proceeding shall be assessed against the petitioner. If the board determines that the existence of the district is no longer in the public interest, the board shall by its findings and order terminate the district. Upon the filing of a certified copy of the finds and order with the secretary of state the district shall cease to be a public corporation and a political subdivision of the state.*

Subd. 4. [LIMITATION.] *The board shall not entertain a petition for termination of a district within five years from the date of the formation of the district nor shall the board entertain a petition for termination of the same district more often than once in five years.*

Sec. 6. [ORGANIZATION OF DISTRICT.] *The governing body of each county wholly or partly within the district shall appoint two persons to serve on the first board of directors of the district. The first chairperson of the board of directors shall be appointed by the chairperson of the waste management board and shall be a local elected official within the district. The first chairperson shall serve for a term of two years. Thereafter the chairperson shall be elected from outside the board of directors by majority vote of the board of directors. The first meeting of the board of directors shall be held at the call of the chairperson, after notice, for the purpose of proposing the bylaws, electing officers and for any other business that comes before the meeting. The bylaws of the district, and amendments thereto, shall be adopted by a majority vote of the board of directors unless the certificate of incorporation requires a greater vote. The bylaws shall state:*

(a) the manner and time of calling regular meetings of the representatives and the board of directors, not less than once annually;

(b) the title, manner of selection, and term of office of officers of the district;

(c) the term of office of members of the board of directors, the

manner of their removal, and the manner of filling vacancies on the board of directors;

(d) the powers and duties of the board of directors consistent with the order and articles of incorporation establishing the district;

(e) the definition of a quorum for meetings of the board of directors, which shall be not less than a majority of the members;

(f) the compensation and reimbursement for expenses for members of the board of directors, which shall not exceed that provided for in section 15.0575, subdivision 3; and

(g) such other provisions for regulating the affairs of the district as the board of directors shall determine to be necessary.

Sec. 7. [REGISTERED OFFICE.] Every district shall maintain an office in this state to be known as its registered office. When a district desires to change the location of its registered office, it shall file with the secretary of state, the board, and the director of the agency, a certificate stating the new location by city, town, or other community and the effective date of change. When the certificate has been duly filed, the board of directors may make the change without any further action.

Sec. 8. [POWERS.] Subdivision 1. [GENERAL.] A district shall have all powers necessary or convenient to perform its duties, including the powers provided in this section.

Subd. 2. [ACTIONS.] The district may sue and be sued, and shall be a public body within the meaning of chapter 562.

Subd. 3. [ACQUISITION OF PROPERTY.] The district may acquire by purchase, lease, condemnation, gift, or grant, any right, title, and interest in and to real or personal property deemed necessary for the exercise of its powers or the accomplishment of its purposes, including positive and negative easement and water and air rights. Any local government unit and the commissioners of transportation, natural resources, and administration may convey to or permit the use of any property or facilities by the district, subject to the rights of the holders of any bonds issued with respect thereto, with or without compensation and without an election or approval by any other government agency. The district may hold the property for its purposes, and may lease or rent the property so far as not needed for its purposes, upon the terms and in the manner as it deems advisable. The right to acquire lands and property rights by condemnation shall be exercised in accordance with Minnesota Statutes, Chapter 117. The district may take possession of any property for which condemnation proceedings have been commenced at any time after the issuance of a court order appointing commissioners for its condemnation.

Subd. 4. [RIGHT OF ENTRY.] Whenever the district deems it necessary to the accomplishment of its purposes, the district or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of

obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Subd. 5. [GIFTS AND GRANTS.] *The district may apply for and accept gifts, loans, or other property from the United States, the state, or any person for any of its purposes, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement.*

Subd. 6. [PROPERTY EXEMPT FROM TAXATION.] *Any real or personal property owned, used, or occupied by the district for any authorized purpose is declared to be acquired, owned, used and occupied for public and governmental purposes, and shall be exempted from taxation by the state or any political subdivision of the state, provided that those properties shall be subject to special assessments levied by a political subdivision for a local improvement in amounts proportionate to and not exceeding the special benefit received by the properties from the improvement. No possible use of the properties in any manner different from their use for solid waste management at the time shall be considered in determining the special benefit received by the properties. All bonds, certificates of indebtedness or other obligations of the district shall be exempted from taxation by the state or any political subdivision of the state. Interest on the obligations of the district shall be exempted from taxation in the same manner provided for interest on obligations qualifying under Minnesota Statutes, Section 290.08, Subdivision 7.*

Subd. 7. [FACILITIES AND SERVICES.] *The district may construct, equip, develop, enlarge, improve, and operate solid waste facilities and services as it deems necessary and may negotiate contracts for the use of public or private facilities and services. The district shall contract with private persons for the construction, maintenance, and operation of facilities and services where the facilities and services are adequate and available for use and competitive with other means of providing the same service.*

Subd. 8. [RATES; CHARGES.] *The district may establish and collect rates and charges for the facilities and services provided by the district any may negotiate and collect rates and charges for facilities and services contracted for by the district. The board of directors of the district may agree with the holders of district obligations which are secured by revenues of the district as to the maximum or minimum amounts which the district shall charge and collect for services provided by the district. Before establishing or raising any rates and charges the board of directors shall hold a public hearing regarding the proposed rates and charges. Notice of the hearing shall be published at least once in a legal newspaper of general circulation throughout the area affected by the rates and charges. Publication shall be no more than 45 days and no less than 15 days prior to the date of the hearing.*

Subd. 9. [DISPOSITION OF PROPERTY.] *The district may sell or otherwise dispose of any real or personal property acquired by it which is no longer required for accomplishment of its purposes. The property shall be sold in the manner provided by Minnesota Statutes, Section 458.196, insofar as practical. The district shall give notice of sale which it deems appropriate. When the district determines that any property which has been acquired from a government unit without compensation is no longer required, the district shall transfer it to the government unit.*

Subd. 10. [DISPOSITION OF PRODUCTS AND ENERGY.] *The district may use, sell, or otherwise dispose of all of the products and energy produced by its facilities. The district may, on a competitive basis, enter into short or long term contracts, make spot sales, solicit bids, enter into direct negotiations, deal with brokers, or use such other methods of disposal as it chooses, provided that the dealings of the district shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the district. The district shall give particular consideration to the needs of purchasers in this state and shall actively promote sales to such purchasers so long as this can be done at prices and under conditions that meet constitutional requirements and that are consistent with the district's object of being financially self supporting to the greatest extent possible.*

Subd. 11. [CONTRACTS.] *The district may enter into any contract necessary or proper for the exercise of its powers or the accomplishment of its purposes.*

Subd. 12. [JOINT POWERS.] *The district may act under the provisions of Minnesota Statutes, Section 471.59, or any other law providing for joint or cooperative action between government units.*

Subd. 13. [RESEARCH.] *The district may conduct research studies and programs, collect and analyze data, prepare reports, maps, charts, and tables, and conduct all necessary hearings and investigations in connection with its work and may advise and assist other government units on planning matters within the scope of its powers, duties, and objectives.*

Subd. 14. [EMPLOYEES; CONTRACTS FOR SERVICES.] *The district may employ persons or firms and contract for services to perform engineering, legal or other services necessary to carry out its functions.*

Subd. 15. [INSURANCE.] *The district may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in amounts it deems necessary to insure against liability of the board of directors and employees or both, for personal injury or death and property damage or destruction, with the force and effect stated in Minnesota Statutes, Chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property as it deems necessary.*

Subd. 16. [REVIEW OF PROJECTS.] *The district may require that persons shall not acquire, construct, alter, reconstruct or operate a solid waste facility within the district without prior consultation with and approval of the district.*

Sec. 9. [DESIGNATION OF RESOURCE RECOVERY FACILITIES; REQUIRED USE.] Subdivision 1. [GENERAL.] *A district may be authorized by the order and articles of incorporation establishing the district to require that all or any portion of the solid waste that is generated within its boundaries or any service area thereof and is deposited within the state be taken for processing to a resource recovery facility or a transfer station serving a facility designated by the district.*

Subd. 2. [STANDARDS.] *In determining whether to designate and require use of resource recovery facilities the district shall consider whether:*

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) all other feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed designation have been considered and the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators have been compared and evaluated.

Subd. 3. [EXEMPTION.] *The district shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator or by a licensed solid waste collector.*

Subd. 4. [PROCEDURE.] *The districts shall proceed as follows when designating and requiring use of facilities:*

(a) The district shall notify those persons whom the district has determined should use the facilities. Notification to political subdivisions, landfill operators, and licensed solid waste collectors shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. During a period of 90 days following the notification, the district shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.

(b) If contracts have not been made at the end of the 90 day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).

(c) If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption under subdivision 3, the district may order any person identified in the notice of the district to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.

No designation shall be invalid by reason of the district's failure to provide written notice to any of the entities listed in this subdivision.

Subd. 5. [SERVICE GUARANTEE.] The district shall not arbitrarily terminate, suspend, or curtail services provided to any person required pursuant to this section to use designated facilities without the consent of the person or without just cause.

Subd. 6. [TERMINATION.] Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the district that the solid waste has value and that arrangements have been made by the person sufficient to justify exemption under subdivision 3, unless the district determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the district facilities.

Sec. 10. [BONDING POWERS.] Subdivision 1. **[GENERAL.]** A district may exercise the bonding powers provided in this section to the extent the powers are authorized by the order of the waste management board establishing the district and by its articles of incorporation.

Subd. 2. [DEBT.] The district's bonds shall be sold, issued, and secured in the manner provided in chapter 475 for revenue bonds and the district shall have the same powers and duties as a municipality and its governing body in issuing revenue bonds under that chapter. No election shall be required. The bonds may be sold at any price and at public or private sale as determined by the district and shall not be subject to any limitation as to rate.

Subd. 3. [REVENUE BONDS.] A district may borrow money and incur indebtedness by issuing bonds and obligations which are payable solely:

(a) from revenues, income, receipts, and profits derived by the district from its operation and management of solid waste facilities;

(b) from the proceeds of warrants, notes, revenue bonds, de-

ventures, or other evidences of indebtedness issued and sold by the district which are payable solely from such revenues, income, receipts, and profits;

(c) from federal or state grants, gifts, or other moneys received by the district which are available therefor.

Every issue of revenue bonds by the district shall be payable out of any funds or revenues from any facility of the district, subject only to agreements with the holders of particular bonds or notes pledging particular revenues or funds. If any facility of the district is funded in whole or in part by Minnesota waste management bonds issued under article VII, the state bonds shall take priority. The district may provide for priorities of liens in the revenues between the holders of district obligations issued at different times or under different resolutions. The district may provide for the refunding of any district obligation through the issuance of other district obligations entitled to rights and priorities similar in all respects to those held by the obligations that are refunded.

Sec. 11. [AUDIT.] The board of directors, at the close of each year's business, shall cause an audit of the books, records and financial affairs of the district to be made by a certified public accountant or the state auditor. Copies of a written report of the audit, certified to by the auditors, shall be placed and kept on file at the principal place of business of the district and shall be filed with the secretary of state and the board.

In establishing, continuing, and terminating the designation, the county shall be governed by all standards, exemptions, procedures, and other requirements provided in article VIII, section 9, subdivisions 2 to 6.*

ARTICLE X

SOLID WASTE AND SEWAGE SLUDGE MANAGEMENT: METROPOLITAN AREA

Section 1. Minnesota Statutes 1978, Section 473.121, is amended by adding a subdivision to read:

Subd. 36. The definitions of terms relating to waste in chapter 116 and article 1, section 3, also apply to the same terms relating to waste used in chapter 473.

Sec. 2. Minnesota Statutes 1978, Section 473.149, is amended to read:

473.149 [SOLID WASTE COMPREHENSIVE PLANNING.]
Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.]
By July 1, 1978, The metropolitan council shall prepare and by resolution adopt as part of its development guide a long range policy plan for the collection and processing of solid and hazardous waste management in the metropolitan area. When adopted, the plan shall be followed in the metropolitan area. The plan shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, provided that no land shall be thereby excluded from consideration as a solid waste facility site except land determined by the agency to be intrinsically unsuitable for such use. The plan shall include goals and policies for the collection and processing of solid and hazardous waste management in

the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1. The plan shall include criteria and standards for *solid waste facilities and solid waste facility sites* respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. For *solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations*, the plan shall include additional criteria and standards respecting ~~financial self sufficiency based upon competitive rates and charges to ensure that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.~~ In developing the plan the council shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, low cost, competitive, and adaptable systems of waste collection and processing management; and the orderly resolution of questions concerning changes in systems of waste collection and processing management. Criteria and standards for solid and hazardous waste facilities shall be consistent with regulations adopted by the pollution control agency pursuant to chapter 116 and ~~section 473.823.~~ ~~The hazardous waste portion of the policy plan shall be approved by the pollution control agency in accordance with its standards and regulations prior to adoption by the council shall be at least as stringent as the guidelines, regulations, and standards of the federal environmental protection agency.~~

Subd. 2. [DISPOSAL CAPACITY ESTIMATE.] By July 1, 1980, the council shall adopt by resolution an estimate of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The council's estimate shall be based upon existing and projected solid waste generation rates without regard to potential waste reduction, separation, and recovery activity except that provided by services and facilities in operation or under construction.

Subd. 2a. [DISPOSAL ABATEMENT REPORT.] By January 1, 1981, the council shall prepare and submit a report to metropolitan counties on potentials for abating the need for and practice of land disposal of mixed municipal solid waste in the metropolitan area, for use by the counties in developing land disposal abatement plans pursuant to section 473.803, subdivision 1b. The report shall contain an analysis of abatement achievable through waste reduction, waste separation, waste processing, and resource recovery. The report shall contain specific and quantifiable alternative abatement objectives and degrees of abatement, along with solid waste management methods and

technologies, private and government actions, facilities and services, development schedules, revenue-raising measures, and levels of public and private expenditure and effort necessary to the achievement of those alternative objectives and degrees of abatement. The report shall recommend priorities and objectives for abating, immediately and over specified time periods, the disposal of mixed municipal solid waste in the metropolitan area. During the preparation of the report, the council shall encourage public debate and discussion of the issues relating to land disposal abatement and shall hold a public meeting on the issues in each metropolitan county.

Subd. 2b. [INVENTORY OF SOLID WASTE DISPOSAL SITES.] *By October 1, 1981, the council shall adopt by resolution an inventory of eligible solid waste disposal sites and buffer areas within the metropolitan area. The council's inventory shall be composed of the sites and buffer areas proposed by the counties and reviewed and approved by the council pursuant to section 473.803, subdivision 1a. If a county does not have an approved inventory, the council shall adopt the required inventory for the county, following investigations by the council and public hearings as the council deems appropriate. The council's inventory shall satisfy all requirements and standards described in section 473.803, subdivision 1a, for sites and buffer areas proposed by counties. For sites and buffer areas included in the council's inventory, the moratorium imposed under section 473.803, subdivision 1a, shall extend until October 1, 1983.*

Subd. 2c. [REPORT ON LOCAL EFFECTS OF SOLID WASTE DISPOSAL FACILITIES; REPORT TO LEGISLATURE.] *By January 1, 1982, the council shall report to the legislative commission on methods of mitigating and compensating for the local risks, costs, and other adverse effects of solid waste disposal facilities and on methods of financing mitigation and compensation measures. The methods of mitigating and compensating to be considered shall include but not be limited to the following: payment outside of levy limitations in lieu of taxes for all property taken off the tax rolls; preference for the city or town containing a facility in federal A-95 reviews conducted by the council; payment of all costs to service the facilities including the costs of roads, monitoring, inspection, enforcement, police and fire, and litter clean up costs; payment for buffer zone amenities and improvements; city or town control over buffer zone design; elimination of the tipping charge for solid waste collected in the city or town; a guarantee against any and all liability that may occur; payment for reclamation of closed sites to local design specifications.*

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN.] *By January 1, 1983, after considering county land disposal abatement proposals submitted pursuant to section 473.803, subdivision 1b, the council shall amend its policy plan to include specific and quantifiable objectives for abating the land disposal of mixed municipal solid waste. The plan shall include a reduced estimate, based on the council's abatement objectives, of the*

added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000. The objectives in the plan shall be based upon standards for county resource recovery and waste reduction and separation programs and activities. The plan shall include standards and procedures to be used by the council in determining that metropolitan counties have not implemented the council's land disposal abatement plan and have not met the standards for county abatement programs and activities. The council shall report to the legislative commission on its abatement plan and on legislation that may be required to implement the plan.

Subd. 2e. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] *By January 1, 1983, after requesting and considering recommendations from the counties, cities, and towns, the council as part of its policy plan shall determine the number of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 16. The council shall adopt a schedule for development of disposal facilities by each such county through the year 2000. The schedule shall be based upon the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan. The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 16. The schedule shall include standards and procedures for council certification of need pursuant to section 473.823. The schedule shall include a facility closure schedule and plans for post-closure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 16, no longer needed for disposal facilities.*

Subd. 3. [PREPARATION AND ADOPTION.] *The solid waste policy plan shall be prepared, adopted, and amended in accordance with section 473.146, subdivision 2, provided that the procedural duties and responsibilities established therein for the affected metropolitan commission shall extend to the metropolitan counties and the pollution control agency. In addition to the requirements of section 473.146, subdivision 2, the council shall send notice of any hearing to the pollution control agency and the governing body of each metropolitan county and each local governmental unit, as defined in section 473.801, wherein a solid waste facility is or may be located in accordance with the plan. Any comprehensive solid and hazardous waste plan adopted by the council prior to the effective date of this act shall remain in force and effect until a policy plan is while new or amended plans are being prepared in accordance with subdivision 1 and adopted by the council. By October 1, 1976, the council shall adopt either interim policies or amendments to the existing comprehensive plan establishing standards and criteria for the review under section 473.823 of permit applications for solid waste facilities used primarily for resource recovery. For permit applications received by*

the council prior to October 1, 1976, the council may extend the time period provided for review under section 473.823 until 60 days after the adoption of the interim policies or amendments. No metropolitan county, local government unit, commission, or person shall acquire, construct, improve or operate any *solid* waste facility in the metropolitan area except in accordance with the council's plan and section 473.823, provided that no *solid* waste facility in use when a plan is adopted shall be discontinued solely because it is not located in an area designated in the plan as acceptable for the location of such facilities.

Subd. 4. [ADVISORY COMMITTEE.] The council shall establish an advisory committee to aid in the preparation of the policy plan and, *the performance of the council's responsibilities under subdivisions 2 to 2e*, the review of county master plans and reports and applications for permits for waste facilities, under sections 473.151 and 473.801 to 473.823 and sections 14 to 16, and other duties determined by the council. The committee shall consist of one-third citizen representatives, one-third representatives from metropolitan counties and municipalities, and one-third representatives from private waste management firms. *From October 1, 1981 to January 1, 1983, for the purpose only of participating in the preparation of the legislative report required by subdivision 2c and the land disposal abatement plan required by subdivision 2d, additional members shall be included on the advisory committee sufficient to assure that at least one-third of the members of the committee are residents of cities or towns containing eligible solid waste disposal sites included in the council's disposal site inventory, and that counties containing three sites have at least two additional members and counties containing one or two sites have at least one additional member.* A representative from the pollution control agency, one from the waste management board established under article II, section 1, and one from the Minnesota health department shall serve as ex officio members of the committee.

Sec. 3. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.153] [COMPREHENSIVE DISPOSAL FACILITIES PLAN FOR SEWAGE SLUDGE AND SOLID WASTE FROM SEWAGE TREATMENT.] *Subdivision 1. [FACILITIES REQUIRED.] Except as provided in subdivision 7 and article IV, section 2, all sewage sludge disposal facilities and facilities for the disposal of solid waste generated by the metropolitan waste control commission shall be established and operated in accordance with this section and section 473.516. The council and the commission shall establish at least one facility for sewage sludge disposal and at least one facility for solid waste disposal.*

Subd. 2. [CANDIDATE SITE SELECTION.] *By July 1, 1981, the council shall select three candidate sites for the disposal of the commission's sewage sludge and three candidate sites for the disposal of the commission's solid waste, together with appropriate surrounding buffer areas. The council shall evaluate sites for*

candidacy on the basis of at least the following factors: local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities, distance from the points of generation, and the intrinsic suitability of sites compared with other potential sites. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of the council, counties, or local units of government, no land shall be excluded from consideration for candidacy except land determined by the agency to be intrinsically unsuitable. No site shall be selected for candidacy unless the agency certifies its apparent intrinsic suitability for the use intended, based on preliminary environmental analysis and on-site surveys and investigations conducted by the agency. In selecting candidate sites, the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility.

Subd. 3. [MORATORIUM.] A moratorium is hereby imposed on development within the area of each proposed site and buffer area selected by the council. The moratorium shall extend until six months following the council's decision under subdivision 6. No development shall be allowed to occur within the area of a proposed site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 4. [ADVISORY COMMITTEE.] For the purposes only of advising the council on decisions under this section, additional members shall be added to the advisory committee established by section 473.149, subdivision 4, sufficient to assure that each city and town containing a candidate site has at least one representative on the committee.

Subd. 5. [ENVIRONMENTAL AND PERMIT REVIEW.] An environmental impact statement meeting the requirements of chapter 116D shall be completed on each candidate site, provided that the statement shall be finally accepted or rejected within 280 days of the selection of candidate sites. Within 90 days following the acceptance of the statement, the agency shall indicate the conditions and terms of approval of all permits needed at each candidate site.

Subd. 6. [COUNCIL SITE SELECTION.] Within 90 days following the agency's decision on permit conditions and terms, the council shall select at least one of the candidate sites for acquisition and development by the commission as a sewage sludge disposal facility and at least one of the candidate sites for acquisition and development by the commission as a solid waste disposal facility. Before its selection the council shall consult with the advisory committee and affected counties, cities, and towns.

Subd. 7. [EXEMPTIONS.] Nothing in this section shall be construed to preclude the commission from continuing to use existing sewage sludge disposal facilities. In addition, to the same extent and upon the same conditions as sewage sludge may be applied on private property pursuant to section 473.516, subdivisions 3 and 4, the commission may use any site owned by the commission for the purpose of landspreading sewage sludge for a period no longer than four years. Any property currently used by the commission and permitted by the agency for disposing of the commission's solid waste may continue to be used for that purpose by the commission, as permitted by the agency, for a period not to exceed four years.

Sec. 4. Minnesota Statutes 1978, Section 473.502, is amended to read:

473.502 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that in the metropolitan area there are serious problems of water pollution and *processing and disposal of sewage and waste resulting from sewage treatment*, which cannot be effectively or economically dealt with by existing local government units in the area under existing laws. The legislature therefore declares that for the protection of the public health, safety, and welfare of the area, for the preservation and best use of waters and other natural resources of the state in the area, for the prevention, control and abatement of water pollution in the area, and for the efficient and economic collection, treatment and disposal of *sewage and waste resulting from sewage treatment* it is necessary to assign to the metropolitan council the responsibility of carrying on a continuous, long-range program of planning with respect thereto and to establish a waste control commission, which, together with the council, can take over, acquire, construct, operate, and maintain all interceptors and treatment works *and waste facilities* necessary for the collection, treatment and disposal of *sewage and waste resulting from sewage treatment* in the metropolitan area, *and can take over, acquire, construct, operate, and maintain waste facilities in the metropolitan area.*

Sec. 5. Minnesota Statutes 1978, Section 473.516, is amended to read:

473.516 [WASTE FACILITIES; SEWAGE SLUDGE DISPOSAL.] *Subdivision 1. [ACQUISITION AND OPERATION.]* Without limiting the grant or enumeration of any of the powers conferred on the council or commission under sections 473.501 to 473.549, the commission shall have the specific power to acquire by purchase, lease, condemnation, gift or grant any real or personal property including *development rights as defined in section 16*, positive and negative easements and water and air rights, and it may construct, enlarge, improve, replace, repair, maintain and operate ~~hazardous~~ waste facilities in the metropolitan area deemed to be necessary or convenient in connection with the *processing or disposal of hazardous waste resulting from sewage treatment*, and the commission may contract for the maintenance and operation of such waste facilities, subject to the bidding requirements of section 473.523. The commission may accept for

processing hazardous waste derived from outside the metropolitan area in the state, as well as hazardous waste derived from within the metropolitan area, and may fix and collect fees and charges for the acceptance of hazardous waste as the commission determines to be reasonable.

Subd. 2. [GENERAL REQUIREMENTS.] With respect to its activities under this section, the commission shall be subject to and comply with the applicable provisions of this chapter. Property acquired by the commission under this section shall be subject to the provisions of section 473.545. Any site or facility owned or operated for or by the commission shall conform to the policy plan adopted by the council under section 473.149 and shall be authorized in accordance with the commission's development program and capital budget approved by the council. The commission shall contract with private persons for the construction, maintenance, and operation of waste facilities, subject to the bidding requirements of section 473.523, where the facilities are adequate and available for use and competitive with other means of providing the same service.

Subd. 3. [LOCAL RESTRICTIONS.] Counties and local units of government may impose conditions respecting the construction, operation, inspection, monitoring, and maintenance of a waste facility of the commission and conditions respecting the sale, gift, delivery, storage, use, and disposal of sewage sludge of the commission on private property as a soil conditioner or amendment, but only in the manner and only to the extent authorized and approved by the council and the agency as being consistent with the establishment and use of the commission's waste facilities and the disposal of the commission's sewage sludge on private property in accordance with the council's plan, adopted under section 3, and agency permits and rules. Counties may exercise the enforcement powers granted under section 473.811, subdivision 5c, in the manner and to the extent authorized and approved in accordance with this subdivision.

Subd. 4. [TECHNICAL MONITORING; SEWAGE SLUDGE DISPOSAL.] Each sewage sludge disposal facility of the waste control commission, or site used for the disposal of sewage sludge of the commission, shall be required to have an agency permit issued pursuant to agency rules for permitting sewage sludge disposal facilities and sites. Each permit shall require a regular monitoring and testing program to be carried out by the waste control commission. A regular inspection program shall be conducted by the agency or a county under contract to the agency. The commission shall reimburse the agency quarterly for the cost of the program, and the amounts reimbursed are hereby appropriated to the agency for the purposes of the program.

Sec. 6. Minnesota Statutes 1978, Section 473.801, Subdivision 1, is amended to read:

473.801 [DEFINITIONS.] Subdivision 1. For the purposes of sections 473.801 to 473.823 and sections 14 to 17 the terms defined in this section have the meanings given them.

Sec. 7. Minnesota Statutes 1978, Section 473.802, is amended to read:

473.802 [LEGISLATIVE PURPOSE AND POLICY.] The legislature determines that for the protection of the public health, safety, and welfare of the people of the metropolitan area, for the prevention, control and abatement of pollution of air and waters of the state in the metropolitan area, and for the efficient and economic collection and processing management of solid and hazardous waste in the metropolitan area, it is necessary to authorize the agency to regulate the handling of hazardous waste and the location and operation of waste facilities in the area; to authorize the metropolitan council to carry on a continuous, long range program of planning with respect to solid and hazardous waste collection and processing management, and to establish criteria and standards and approve permits for solid waste facilities in the area, and to provide funds for the acquisition of property for solid waste disposal purposes; and to authorize the metropolitan counties if necessary to acquire, construct, operate and maintain solid waste facilities, to plan for and regulate solid waste collection services and facilities, to collect data on solid and hazardous waste collection and processing management systems and procedures, and to assist state agencies to regulate the handling management of hazardous waste. The legislature declares that a public purpose is served by the recovery and utilization of resources from solid waste and hazardous waste where economically viable and compatible with source reduction. The plans, criteria, standards and regulations of the agency, council and metropolitan counties shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry.

Sec. 8. Minnesota Statutes 1978, Section 473.803, is amended to read:

473.803 [METROPOLITAN COUNTY PLANNING.] Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the council's solid and hazardous waste policy plan and in accordance with the dates specified therein, and after consultation with all affected municipalities local government units, shall prepare and submit to the council for its approval, a county solid and hazardous waste master plan to implement the policy plan. *The master plan shall be revised and resubmitted at such times as the council's policy plan may require.* The master plan shall describe county solid and hazardous waste activities, functions, and facilities; the existing system of solid and hazardous waste generation, collection, and processing, and disposal within the county; existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste facilities and hazardous and solid waste generation, collection, and processing, and disposal; existing or proposed municipal, county, or private solid waste facilities and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any

solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations, the master plan shall contain policies to ensure financial self sufficiency based upon competitive rates and charges that the facilities are operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.

Subd. 1a. [PROPOSED INVENTORY OF DISPOSAL SITES.]
By June 1, 1981, each county shall adopt, by resolution of its governing body, an inventory of four proposed sites in the county suitable for mixed municipal solid waste disposal facilities and one proposed site in the county suitable for the disposal of demolition debris and shall submit the inventory to the council for approval or disapproval. The council shall evaluate and approve or disapprove each proposed site in accordance with the standards set out in this subdivision. Except as otherwise provided in this subdivision, each site shall satisfy the standards and criteria in federal and state regulations and the council's policy plan for solid waste management. In proposing and approving sites for the inventory, the counties and the council shall prefer land which is capable of being returned to its existing use or the use anticipated in a plan of a metropolitan agency, county, or local unit of government use after closure of a disposal facility. Each site shall contain no less than 80 acres and no more than 250 acres. Each proposed site shall be surrounded by a buffer area at least equal to the area of the site. No site shall be proposed by the county or approved by the council unless the agency certifies its intrinsic suitability for the use intended, based on preliminary environmental analysis and on site surveys and investigations conducted by the county or agency. Notwithstanding any plan, charter provision, law, ordinance, regulation, or other requirement of any state agency or political subdivision, no land shall be excluded from consideration for inclusion in the inventory except land determined by the agency to be intrinsically unsuitable. The council shall evaluate each site with respect to local land use and land use controls, the protection of agriculture and natural resources, existing and future development patterns, transportation facilities and other services and facilities appropriate to land disposal facilities, the quality of other potential sites, and patterns of generation of solid waste. The council shall notify a county of any site proposed by the county which the council disapproves and shall allow the county 60 days to propose an alternative site. If the county fails to propose an alternative acceptable to the council in the time al-

lowed, the council shall propose a site acceptable to it for inclusion in the inventory of sites in that county. If in the council's judgment a county does not contain the requisite number of satisfactory sites, the council may reduce the number of sites required of that county. A moratorium is hereby imposed on development within the area of each site and buffer area proposed by a county, pending the council's adoption of an inventory pursuant to section 473.149, subdivision 2b. For sites and buffer areas included in the council's inventory, the moratorium shall extend until October 1, 1983. No development shall be allowed to occur within the area of a site or buffer area during the period of the moratorium. No county, city, or town land use control shall permit such development, nor shall any county, city, or town sanction or approve any subdivision, permit, license, or other authorization which would allow such development to occur.

Subd. 1b. [LAND DISPOSAL ABATEMENT.] By April 1, 1982, after considering the council's disposal abatement report submitted to the counties pursuant to section 473.149, subdivision 2a, each county shall submit to the council a proposal to reduce to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste. The proposal shall address at least waste reduction, separation, and resource recovery. The proposal shall include objectives, immediately and over specified time periods, for reducing the land disposal of mixed municipal solid waste generated within the county. The proposal shall describe specific functions to be performed and activities to be undertaken by the county and cities and towns within the county to achieve the objectives and shall describe the estimated cost, proposed manner of financing, and timing of the functions and activities. The proposal shall include alternatives which could be used to achieve the objectives if the proposed functions and activities are not established. By June 1, 1983, each county shall revise its master plan to include a land disposal abatement element to implement the council's land disposal abatement plan adopted under section 473.149, subdivision 2d, and shall submit the revised plan to the council for review under subdivision 2. The proposal and master plan revision required by this subdivision shall be prepared in consultation with cities and towns within the county, particularly the cities and towns in which a solid waste disposal facility is or may be located pursuant to the county master plan.

Subd. 2. [COUNCIL REVIEW.] The council shall review each master plan or revision thereof to determine whether it is consistent with the council's policy plan. If it is not consistent, the council shall *disapprove* and return the plan with its comments to the county for revision and resubmittal. *The county shall have 90 days to revise and resubmit the plan for council approval.* Any county solid or hazardous waste plan or report approved by the council prior to April 9, 1976, shall remain in effect until a new master plan is submitted to and approved by the council in accordance with this section.

Subd. 3. [ANNUAL REPORT.] Each metropolitan county shall prepare and submit annually to the council *for its approval* a report containing information, as the council may prescribe in its policy plan, concerning solid and hazardous waste generation, collection, and processing and management within the county. *The report shall include a statement of progress in achieving the land disposal abatement objectives of the council's policy plan and county master plan.* The report shall include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

Sec. 9. Minnesota Statutes 1978, Section 473.811, is amended to read:

473.811 [COUNTIES AND LOCAL UNITS OF GOVERNMENT; WASTE MANAGEMENT.] Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties or easements or development rights, as defined in section 16, for solid waste facilities which are in accordance with regulations adopted by the agency, the policy plan adopted by the council and the county master plan as approved by the council, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If such a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117. A metropolitan county may acquire property for and operate a solid waste facility within the boundaries of any city or town in the metropolitan area, without complying with the provisions of any zoning ordinance adopted after April 15, 1969.

Subd. 1a. [RIGHT OF ACCESS.] *Whenever the county deems it necessary to the evaluation of a waste facility for enforcement purposes or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 2b, and section 473.803, subdivision 1a, or for final acquisition under section 16, the county or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is*

made for any damage to the property caused by the entrance and activity.

Subd. 2. [COUNTY FINANCING OF FACILITIES.] Each metropolitan county may by resolution authorize the issuance of bonds to provide funds for the acquisition or betterment of solid waste facilities or property or property rights for a solid waste facility, or for refunding any outstanding bonds issued for any such purpose, and may pledge to the payment of the bonds and the interest thereon, its full faith, credit and taxing powers, or the proceeds of any designated tax levies, or the gross or net revenues or charges to be derived from any facility operated by or for the county, or any combination thereof. Taxes levied for the payment of the bonds and interest shall not reduce the amounts of other taxes which the county is authorized by law to levy. No election shall be required to authorize the issuance of the bonds. Except as otherwise provided, the bonds shall be issued and sold in accordance with the provisions of chapter 475.

Subd. 3. [COUNTY OPERATION OF FACILITIES.] Each metropolitan county may operate and maintain solid waste facilities, and for this purpose may employ all necessary personnel, may adopt regulations governing operation, and may establish and collect reasonable, non-discriminatory rates and charges for the use of the facilities by any local government unit or person, estimated to be sufficient, with any other moneys appropriated for the purpose, to pay all costs of acquisition, operation and maintenance. Each metropolitan county may use itself or sell all or any part of materials or energy recovered from solid waste to private interests or public agencies for consumption or reuse by them. Section 471.345 and Laws 1951, Chapter 556, as amended shall not apply to the sale of the materials or energy provided that the dealings of each county shall be on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade on the part of the county.

Subd. 4. [COUNTY CONTRACTS.] Each metropolitan county *may contract* for the use of existing public or private *solid waste facilities and may contract* with any person for the operation and maintenance of any solid waste facility owned by the county. The contract shall provide for the operation and maintenance of the facility in accordance with any regulations, criteria, and standards of the agency, the metropolitan council and the county relating thereto.

Subd. 4a. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] *Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted by the council and shall be consistent with county master plans approved by the council. Except as provided in this subdivision, a metropolitan county may acquire a site and buffer area for a solid waste disposal facility anywhere within the county*

without complying with local ordinances, if the action is approved by the council as being taken pursuant to the policy plan and the development schedule adopted under section 473.149, subdivision 2e, and the provisions of section 16, and the county may establish and operate or contract for the establishment or operation of a disposal facility at the site without complying with local ordinances, if the council certifies need under section 13. With the approval of the council, local government units may impose and enforce reasonable conditions respecting the construction, operation, inspection, monitoring, and maintenance of the disposal facilities. No local government unit shall prevent the establishment or operation of any solid waste facility in accordance with the council's decision under section 12, except that, with the approval of the council, the local government unit may impose reasonable conditions respecting the construction, inspection, monitoring, and maintenance of a facility.

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. ~~The ordinances shall not prevent the hauling of solid waste from one county to another.~~ Each municipality and town local unit of government within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted an ordinance, the ~~municipality or town local unit~~ shall adopt either the county ordinance by reference or a more strict ordinance. ~~A hauler who qualified under the ordinance of the municipality where he is making pickups may transport solid waste on streets and highways in other municipalities within the county without conforming to their ordinances.~~ Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 14. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. The council shall approve or disapprove the ordinance within 60 days of the submission of a request for review. The ordinance shall remain in effect unless it is disapproved. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 14. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.

Subd. 5a. [ORDINANCES; SOLID WASTE FACILITIES.] Each metropolitan county shall by ordinance establish and from time to time revise rules, regulations, and standards for solid waste facilities within the county, relating to location, sanitary operation, periodic inspection and monitoring, maintenance, termination and abandonment, and other pertinent matters. The county ordinance shall require permits or licenses for solid waste

facilities and shall require that such facilities be registered with a county office.

Subd. 5b. [ORDINANCES; HAZARDOUS WASTE MANAGEMENT.] Each metropolitan county shall by ordinance establish and revise rules, regulations, and standards for hazardous waste management relating to (a) the identification of hazardous waste, (b) the labeling and classification of hazardous waste, (c) the handling, collection, storage, transportation and storage, processing, and disposal of hazardous waste, and (d) the ultimate disposal site of hazardous waste, and (e) other matters necessary for the public health, welfare and safety. The county shall require permits or licenses for the generation, collection, and processing, and disposal of hazardous waste and shall require registration with a county office. Any ordinance enacted under this subdivision shall embody regulations, standards, and requirements adopted by the agency and goals, policies, criteria, and standards adopted by the council and shall be consistent with the county master plan approved by the council. County ordinances adopted pursuant to this subdivision shall not apply to the location or operation of any hazardous waste facility owned or operated by the waste control commission under section 473.516. Issuing, denying, suspending, modifying, imposing conditions upon, or revoking hazardous waste permits or licenses, and county hazardous waste regulations and ordinances, shall be subject to review, denial, suspension, modification, and reversal by the agency. The agency shall after written notification have 15 days to review, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court in the manner provided in section 115.05. Any ordinance enacted shall be published in accordance with the provisions of section 375.51 chapter 15.

Subd. 5a 5c. [COUNTY ENFORCEMENT.] Each metropolitan county shall be responsible for insuring that waste facilities, solid waste collection operations licensed or regulated by the county and hazardous waste generation, and collection, and processing operations are brought into conformance with, or terminated and abandoned in accordance with, applicable county ordinances; rules, regulations and requirements of the agency state; and goals, policies, criteria, and standards the policy plan of the council. Counties may provide by ordinance that operators or owners or both of such facilities or operations shall be responsible to the county for satisfactorily performing the procedures required. If operators or owners or both fail to perform, the county may recover the costs incurred by the county in completing the procedures in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land. The ordinances may be enforced by action in district court. The county may prescribe a criminal penalty for the violation of any ordinance enacted under this section not exceeding the maximum which may be specified for a misdemeanor.

Subd. 6. [GRANTS AND LOANS TO COUNTIES.] Each met-

ropolitan county may accept gifts, may apply for and accept grants or loans of money or other property from the United States, the state, the metropolitan council, any local government unit, or any person, to accomplish the purposes specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17, may enter into any agreement required in connection therewith, and may hold, use, and dispose of the money or property in accordance with the terms of the gift, grant, loan or agreement relating thereto.

Subd. 7. [JOINT ACTION.] Each metropolitan county and local government unit may act *together with any county, city, or town within or without the metropolitan area* under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17.

Subd. 8. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17. Such property may be sold in the manner provided by section 458.196. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the metropolitan council for review and comment the terms on and the use for which the property will be disposed of. The agency and the council shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Subd. 9. [SOLID AND HAZARDOUS WASTE FUND.] All moneys received by any metropolitan county from any source specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 14 to 17 shall be paid into the county treasury, placed in a special fund designated as the county solid and hazardous waste fund, and used only for the purposes authorized in those sections, as appropriated by the county board, subject to any lawful restrictions, conditions, or pledges applicable thereto.

Sec. 10. Minnesota Statutes 1978, Section 473.813, is amended to read:

473.813 [CITIES, COUNTIES, TOWNS; SOLID WASTE CONTRACTS.] Subdivision 1. Notwithstanding any contrary provision of law or charter, and in addition to the powers or authority granted by any other law or charter, a city, county, or town in the metropolitan area may directly negotiate and enter into contracts, for a term not to exceed 30 years, for the delivery of solid waste to a waste facility and the processing of solid waste. Contracts made by direct negotiations shall be approved by res-

olution adopted by the governing body of the city, county, or town.

Subd. 2. Before a city, county, or town may enter enters into any contract pursuant to subdivision 1, which contract is for a period of more than five years, the city, county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the council for review and approval. The council shall approve the proposed contract if it determines that the contract will not adversely affect collection rates and charges during the term of the contract and that the contract is consistent with the council's plan, permits issued under section 473.823, and county reports or master plans approved by the council. The council may consolidate its review of contracts submitted under this section with its review of related permit applications submitted under section 473.823 and for this purpose may delay the review required by this section.

Sec. 11. Minnesota Statutes 1978, Section 473.823, Subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] The agency may prescribe permit and permit application forms, and may request applicants to submit in writing all information deemed relevant by the agency. The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. The agency, or any employee or agent thereof, when authorized by it, may examine any books, papers, records or memoranda of the applicant pertaining to its waste facility, and may enter on any property, public or private, for the purpose of obtaining information, conducting surveys or making investigations relative to the location or operation of a waste facility. The agency may issue permits for the operation of waste facilities by any metropolitan county or commission, local government unit or person where the operation thereof is consistent with applicable regulations adopted by the agency pursuant to subdivision 1, provided that No permit may be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid and hazardous waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the goals, policies, standards, and criteria in its policy plan. In making its determination, the council shall consider the area-wide need and benefit of the applicant facility and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities described in a waste control commission development program or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the

council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a *solid waste facility used primarily for resource recovery and restrictions on the geographic territory from which a waste facility used primarily for resource recovery facility or transfer station serving such a facility may draw its waste.* For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60 day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit may be issued in the metropolitan area for a *solid waste facility used primarily for resource recovery, if the facility or site is owned and operated by a public agency or if the acquisition or betterment of the facility or site is secured by public funds or obligations pledging the full faith and credit or taxing powers of a city, county, or town,* unless the council finds that adequate markets exist for the products recovered without substantially reducing the supply of solid waste available for existing resource recovery operations and that all costs of operation, administration, maintenance and debt service will be covered by reasonable rates and charges for the use of the facility *the facility is operated on a competitive basis so as not to create an unfair or unreasonable advantage or restraint of trade in relation to comparable private facilities existing in the area.*

Sec. 12. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 5. [REVIEW OF WASTE PROCESSING FACILITIES.] A metropolitan county may establish a waste processing facility within the county without complying with local ordinances, if the action is approved by the council in accordance with the review process established by this subdivision. A county requesting review by the council shall show that the required permits for the proposed facility have been or will be issued by the agency, that the facility is consistent with the council's policy plan and the approved county master plan and that a local government unit has refused to approve the establishment or operation of the facility. The council shall meet to commence the review within 90 days of the submission of a request determined by the council to satisfy the requirements for review under this subdivision. At the meeting commencing the review the chairman shall recommend and the council establish a scope and procedure for its review and final

decision on the proposed facility. The procedure shall require the council to make a final decision on the proposed facility within 120 days following the commencement of review. The council shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the council's scope and procedure for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the council's scope and procedure for review are available for review and where copies may be obtained. In its review and final decision on the proposed facility, the council shall consider at least the following matters:

(a) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(b) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(c) the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;

(d) the need for the proposed facility and the availability of alternative sites;

(e) the consistency of the proposed facility with the county master plan adopted pursuant to section 473.803 and the council's policy plan adopted pursuant to section 473.149;

(f) transportation facilities and distance to points of waste generation.

In its final decision in the review, the council may either approve or disapprove the proposed facility at the proposed site. The council's approval shall embody all terms, conditions, and requirements of the permitting state agencies, provided that the council may require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site.

Sec. 13. Minnesota Statutes 1978, Section 473.823, is amended by adding a subdivision to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility shall be permitted in the metropolitan area without a certificate of need issued by the

council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, and the abatement master plans of counties adopted pursuant to section 473.803, subdivision 1b. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 14. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.827] [COUNCIL DESIGNATION OF SOLID WASTE FACILITY; REQUIRED USE.] *Subdivision 1. [AUTHORITY.] The council may require that all or any portion of the solid waste that is generated within the metropolitan area or any service area thereof and is disposed of in the state be delivered to a resource recovery facility designated by the council or a transfer station serving such a facility. The council may designate a facility under this section without the approval of the board except that the approval of the board shall be required if the solid waste required to be delivered is generated outside of the metropolitan area.*

Subd. 2. [STANDARDS.] In determining whether to designate and require the use of the facility the council shall consider whether:

(a) the required use will result in the recovery of resources or energy from materials which would otherwise be wasted;

(b) the required use will lessen the demand for and use of land disposal;

(c) the required use is necessary for the financial support of the facility;

(d) less restrictive methods for ensuring an adequate solid waste supply are available;

(e) the applicant has considered the feasible and prudent waste processing alternatives for accomplishing the purposes of the proposed project and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators.

Subd. 3. [EXEMPTION.] The council shall not designate and require use of facilities for materials which are separated from solid waste and recovered for reuse or recycling by the generator, by a private person under contract with the generator, or by a licensed solid waste collector.

Subd. 4. [PROCEDURE.] *The council shall proceed as follows when designating and requiring use of facilities:*

(a) *The council shall notify those persons whom the council has determined should use the facilities. Notification to political subdivisions, disposal facility operations, and licensed solid waste collectors shall be in writing. All other persons shall be notified at least by publication in a legal newspaper or newspapers having general circulation in the area. The notification shall specify types and quantities of solid wastes, plans for use of the solid wastes, the point of delivery of the solid wastes, and the fee to be charged. No action of the council pursuant to this subdivision shall be held invalid by reason of the council's failure to provide written notice to persons listed in this subdivision. During a period of 90 days following the notification, the council shall negotiate with the persons within the areas to be served in order to develop contractual agreements on the terms of required use of the designated facilities.*

(b) *If contracts have not been made at the end of the 90-day period, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council shall hold a public hearing to take testimony on the required use of the designated facilities. The hearing shall be preceded by the notice required under clause (a).*

(c) *If contracts have not been made within 30 days after the public hearing, or if persons subject to the required use have not made arrangements sufficient to justify exemption, the council may order any person identified in the notice of the council to use the designated facilities, starting at a specified date which shall be at least 30 days after the order has been issued.*

Subd. 5. [SERVICE GUARANTEE.] *The facility designated by the council shall not arbitrarily terminate, suspend, or curtail services approved to any person required pursuant to this section to use designated facilities without the consent of the person, or without just cause.*

Subd. 6. [TERMINATION.] *Use required under contract or order pursuant to this section may be terminated by a person upon an adequate showing to the council that the solid waste has value and that arrangements have been made sufficient to justify exemption under subdivision 3, unless the council determines that the requirement must be continued to assure delivery of waste necessary to the financial support of the facilities designated by the council.*

Sec. 15. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.831] [DEBT OBLIGATIONS; SOLID WASTE DISPOSAL.] **Subdivision 1. [GENERAL OBLIGATION BONDS.]** *Following the adoption of the revisions to its policy plan required by section 473.149, subdivision 2e, the council may by resolution authorize the issuance of general obligation bonds of the council to provide funds for the acquisition of sites and sur-*

rounding buffer areas for development as solid waste disposal facilities pursuant to this section and section 16 and to provide funds for refunding obligations issued under this section. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for general obligation bonds, and the council shall have the same power and duties as a municipality and its governing body in issuing bonds under chapter 475, except as otherwise provided in this chapter. No election shall be required, and the net debt limitations in chapter 475 shall not apply. The principal amount of bonds issued pursuant to this section shall not exceed \$15,000,000.

Subd. 2. [USE OF PROCEEDS.] The proceeds of bonds issued under subdivision 1 shall be used pursuant to section 16, by the council, to make grants to metropolitan counties to pay the cost of the acquisition of all property or interests in property for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to section 16, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e.

Sec. 16. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.833] [SOLID WASTE DISPOSAL SITES AND BUFFER AREAS.] *Subdivision 1. [DEFINITION.] "Development right" as used in this section means the right of the owner of the fee interest in land to change the use of the land from its existing use to any other use.*

Subd. 2. [REQUIREMENT.] Each metropolitan county shall select and acquire sites and buffer areas for solid waste disposal facilities in accordance with this section and the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e.

Subd. 3. [COUNTY SITE SELECTION AUTHORITIES.] Each metropolitan county shall establish a site selection authority. By June 1, 1983, each site selection authority shall select specific sites within the county from the council's disposal site inventory, in accordance with the procedures established by the council under section 473.149, subdivision 2e, and in a number equal to that required by the council to be acquired by the county. Each site selection authority shall be composed of the county board, plus one member appointed by the governing body of each city or town within the county containing a site in the council's disposal site inventory or the majority of the land contained within such a site. If the number of members on the site selection authority who reside in a city or town containing all or part of a site or buffer area is equal to or greater than the number of members who do not, the chairman of the county board shall appoint to the authority an additional member or members, residing within the county but not within a city or town containing all or part of a site or buffer area, sufficient to assure a majority of one on the authority of members residing in cities and

towns not containing all or any part of a site of buffer area. The chairman of the county board shall be the chairman of the site selection authority. If a site selection authority has not selected the requisite number of sites in accordance with the council's standards, criteria, and procedures by June 1, 1983, the council shall make the selection.

Subd. 4. [ACQUISITION AND DISPOSITION.] In order to prevent the development of conflicting land uses at and around future solid waste disposal facility sites, the council shall provide for the acquisition by a metropolitan county of property and rights in property at and around each solid waste disposal site selected pursuant to subdivision 3. Each site scheduled for development as a facility through the year 1990 shall be acquired in fee. Development rights shall be acquired for each site scheduled for development as a facility after the year 1990 through the year 2000. Development rights shall be acquired in a buffer area surrounding and at least equal to the area of each site scheduled for development as a facility through the year 2000. The owner of any property for which development rights are to be or have been acquired pursuant to this subdivision may elect by written notice at any time up to 90 days following the issuance of a permit by the agency for a facility to have the county acquire fee title to the property. Fee title shall be acquired by counties for buffer areas only at the election of the owner of the fee.

Subd. 5. [COMPENSATION.] Where the development right or fee is acquired by means other than through eminent domain proceedings, as by direct purchase or gift, the land owner's compensation shall be determined by the agreement of the parties involved. Where the fee is acquired through eminent domain proceedings, the land owner's compensation shall be the fair market value of the property. Where the development rights are acquired through eminent domain proceedings, the land owner's compensation shall be the fair market value of the property less the value of the land as restricted to the use to which it is devoted at the time of the acquisition. An award of compensation in a condemnation proceeding shall not be increased or decreased by reason of any increase or decrease in the value of the property caused by its designation in the inventory of disposal sites and buffer areas or its selection as a site or buffer area. Where the fee is subsequently condemned after the acquisition of the development rights, the land owner's compensation shall be based on the value of the property as restricted to the use permitted at the date of the subsequent acquisition.

Subd. 6. [DISPOSITION.] The county may sell property and development rights, with the permission of the council, when they are no longer needed for a site or surrounding buffer area. The owner of the fee shall have the right of first refusal of any development rights at the price of purchase plus interest at the rate permitted under section 344.01. The proceeds from any sale of property or development rights shall be returned to the council and used to pay debt service on the council's solid waste bonds.

Subd. 7. [FAILURE OF COUNTIES TO ACQUIRE; REPORT TO LEGISLATURE.] *If any county fails to identify property for acquisition or if any county refuses to proceed with acquisition, as required by this section and the council's disposal facility development schedule adopted pursuant to section 473.149, subdivision 2e, the council shall prepare and recommend to the legislature, no later than January 1, 1984, legislation to transfer solid waste management authority and responsibility in the metropolitan area from the counties to the waste control commission or a new metropolitan commission established for that purpose.*

Sec. 17. Minnesota Statutes 1978, Chapter 473, is amended by adding a section to read:

[473.834] [DEBT SERVICE; SOLID WASTE BONDS.] Subdivision 1. [CERTAIN CITIES AND TOWNS; EXEMPTION.] *Each city or town in which a solid waste disposal facility is operating after January 1, 1980, shall be permanently exempt from the payments required by this section, if the facility is a commercial facility disposing of mixed municipal solid waste under an agency permit.*

Subd. 2. [ALLOCATION OF DEBT SERVICE.] *The annual debt service on the council's solid waste bonds, issued under article X, section 15, shall be annually apportioned by the council to each city and town in the metropolitan area, in the proportion that the assessed value of all taxable property within such city or town bears to the assessed value of the taxable property in all such cities and towns, as last finally equalized before October 1 in the year in which the allocation is made.*

Subd. 3. [CERTAIN CITIES AND TOWNS; REDUCED PAYMENTS.] *When a solid waste reduction, separation, or resource recovery program is implemented or solid waste processing facilities are established in a city or town pursuant to a county land disposal abatement plan approved by the council, the annual payment otherwise required of the city or town pursuant to subdivision 2, shall be reduced by an amount determined by the council to be proportionate to the abatement in the waste going from the city or town into a solid waste disposal facility as a result of the local abatement program or processing facility.*

Subd. 4. [PROCEDURES FOR PAYMENT.] *By January 1 of each year, the council shall certify to the auditor of each county the amount to be levied within each city and town in the metropolitan area to pay debt service on the council's bonds in the next succeeding calendar year. The amounts so certified shall be due and payable to the council, for deposit in the council's debt service fund, at such time or times during the year as the council determines. The council shall set the dates for payment with reference to the dates on which tax, assessment, and revenue collections become available to the government units required to pay such charges, provided that all payments shall be due in time to allow the council to certify deficiency tax levies pursuant to subdivision 5.*

Subd. 5. [SECURITY.] In addition to the power to require payments and tax levies under subdivisions 3 and 4 for the payment of debt service on bonds issued under section 16, the council may levy taxes for the payment of the debt service upon all taxable property within the metropolitan area without limitation of rate or amount and without affecting the amount or rate of taxes which may be levied by the council for other purposes or by any local government unit in the area.

Sec. 18. Article X applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington.

ARTICLE XI

POLLUTION CONTROL AGENCY

Section 1. Minnesota Statutes 1978, Section 116.06, Subdivision 9, is amended to read:

Subd. 9. "Land pollution" means the presence in or on the land of any solid waste in such quantity, of such nature and duration, and under such condition as would affect injuriously any waters of the state, create air contaminants or cause air pollution.

Sec. 2. Minnesota Statutes 1978, Section 116.06, is amended by adding subdivisions to read:

Subd. 9a. "Waste" has the meaning given it in article I, section 3.

Subd. 9b. "Waste management" has the meaning given it in article I, section 3.

Subd. 9c. "Collection" of waste has the meaning given it in article I, section 3.

Subd. 9d. "Processing" of waste has the meaning given it in article I, section 3.

Subd. 9e. "Disposal" of waste has the meaning given it in article I, section 3.

Subd. 9f. "Intrinsic hazard" of a waste has the meaning given it in article I, section 3.

Subd. 9g. "Intrinsic suitability" of a land area or site has the meaning given it in article I, section 3.

Subd. 9h. "Sewage sludge" has the meaning given it in article I, section 3.

Sec. 3. Minnesota Statutes 1978, Section 116.06, Subdivision 10, is amended to read:

Subd. 10. "Solid waste" means garbage, refuse, sludge from a water supply treatment plant or air contaminant treatment facility, and other discarded solid waste materials and sludges, including solid waste materials and waste sludges in solid, semi-solid, liquid, or contained gaseous form, resulting from industrial,

commercial, *mining*, and agricultural operations, and from community activities, but does not include *hazardous waste*; animal waste used as fertilizer; earthen fill, boulders, rock, solids; *sewage sludge*; solid or dissolved material in domestic sewage or other significant common pollutants in water resources, such as silt, dissolved or suspended solids in industrial waste water effluents or discharges which are point sources subject to permits under section 402 of the federal water pollution control act, as amended, dissolved materials in irrigation return flows, or other common water pollutants; or source, special nuclear, or by-product material as defined by The Atomic Energy Act of 1954, as amended.

Sec. 4. Minnesota Statutes 1978, Section 116.06, Subdivision 13, is amended to read:

Subd. 13. "Hazardous waste" means any refuse or discarded material or combinations of refuse or discarded materials in solid, semi-solid, liquid, or gaseous form which cannot be handled by routine waste management techniques because they pose a substantial present or potential hazard to human health or other living organisms because of their chemical, biological, or physical properties. Categories of hazardous waste materials include, but are not limited to: explosives, flammables, oxidizers, poisons, irritants, and corrosives. *Hazardous waste does not include sewage sludge and source, special nuclear, or by-product material as defined by the Atomic Energy Act of 1954, as amended.*

Sec. 5. Minnesota Statutes 1978, Section 116.07, Subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air

quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, *processing*, and disposal of solid waste *and the disposal of sewage sludge* for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of solid waste control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of solid waste control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the *management, identification*, labeling, classification, storage, collection, transportation, *processing*, and disposal of hazardous waste, recognizing that due

to variable factors, *no a single standard of hazardous waste control is may not be applicable to all areas of the state.* In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

Sec. 6. Minnesota Statutes 1978, Section 116.07, Subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind *regulations rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the prevention, abatement, or control of air pollution. Any such *regulation rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, *regulations rules* or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend, and rescind *regulations rules* and standards having the force of law relating to any purpose within the provisions of Laws 1969, Chapter 1046, for the collection, transportation, storage, *processing*, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. *The agency shall adopt such rules and standards for the disposal of sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of disposal facilities, and operation of disposal facilities and disposal sites. The agency shall promulgate temporary rules for sewage sludge disposal pursuant to section 15.0412, subdivision 5.* Any such *regulation rule* or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, *regulations rules* or standards may relate to collection, transportation, *processing*, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or

control of water, air, and land pollution which may be advised through the control of collection, transportation, *processing*, and disposal of solid waste *and the disposal of sewage sludge*, and the deposit in or on land of any other material that may tend to cause pollution.

Pursuant and subject to the provisions of chapter 15, and the provisions hereof, the pollution control agency may adopt, amend and rescind *regulations rules* and standards having the force of law relating to any purpose within the provisions of Laws 1971, Chapter 727, for the prevention, abatement, or control of noise pollution. Any such *regulation rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, *regulations rules* or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 15, the pollution control agency may adopt, amend, and rescind *regulations rules* and standards having the force of law relating to any purpose within the provisions of this chapter for the *management, identification, labeling, classification, storage, collection, treatment, transportation, processing, and disposal of hazardous waste and location of hazardous waste disposal facilities*. A *regulation rule* or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions. The public service commission, in cooperation with the pollution control agency, shall set standards for the transportation of hazardous waste in accordance with chapter 221. *In implementing its hazardous waste rules, the pollution control agency shall give high priority to providing planning and technical assistance to hazardous waste generators. The agency shall assist generators in investigating the availability and feasibility of both interim and long term hazardous waste management methods. The methods shall include waste reduction, waste separation, waste processing, resource recovery, and temporary storage.*

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

Sec. 7. Minnesota Statutes 1978, Section 116.07, Subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air

contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the storage, collection, transportation, processing, or disposal of solid waste, or for the installation or operation of any system or facility, or any part thereof, related to the storage, collection, transportation, processing, or disposal of solid waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the treatment or disposal or both of hazardous waste, or for the installation or operation of any system or facility or any part thereof.

Sec. 8. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4b. [PERMITS; HAZARDOUS WASTE FACILITIES.] The agency shall provide to the waste management board established in article II, section 1, copies of each preliminary and final permit application for a hazardous waste facility immediately upon its submittal to the agency. The agency shall request recommendations on each permit application from the board and shall consult with the board on the agency's intended disposition of the recommendations. Except as otherwise provided in article III, the agency shall commence any environmental review required under chapter 116D within 120 days of its acceptance of a completed preliminary permit application. The agency shall respond to a preliminary permit application for a hazardous waste facility within 120 days following a decision not to prepare environmental documents or following the acceptance of a negative declaration notice or an environmental impact statement. Except as otherwise provided in article III, within 60 days following the submission of a final permit application for a hazardous waste facility, unless a time extension is agreed to by the applicant, the agency shall issue or deny all permits needed for the construction of the proposed facility.

Sec. 9. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 4c. [PERMITS; TEMPORARY HAZARDOUS WASTE STORAGE FACILITIES.] A generator of hazardous waste within the state or an entity composed of or under contract to such generators may apply to the agency for permits for a temporary storage facility for hazardous waste generated within the state. The application shall demonstrate: (a) that no permitted commercial waste facility is reasonably available to accept the waste,

and (b) that the proposed storage facility will be used for storing the hazardous waste generated exclusively by the applicant. The agency shall give highest priority to and shall expedite consideration of such applications. Within 60 days of receipt of a completed application, the agency shall either deny a permit or give notice of its intent to issue a permit. The agency shall publish the notice in the state register and shall notify directly the board and the affected county and city or town. If no hearing is requested on the permit within 30 days following the notice of intent, the agency shall issue the permit. If a hearing is requested, the hearing shall be ordered by the director of the agency and shall be conducted by the state office of hearing examiners in a manner determined by the hearing examiner to be consistent with the expeditious completion of the proceedings as required by this subdivision. The examiner shall give highest priority to and shall expedite the proceedings. The hearing shall be conducted within 45 days of the request, the examiner's report shall be submitted to the agency within 15 days of the hearing, and the agency shall make a final decision on the permit within 30 days of the report. The permit shall be issued for a period not to exceed one year but shall be renewable for four successive one year periods if at the time of each annual renewal the agency determines that there continues to be no permitted commercial waste facility reasonably available to accept the waste and that the facility has been operated in a way that does not cause pollution, impairment or destruction of the environment. Notwithstanding any law or requirement to the contrary, the permit shall be the only permit or approval required. Upon submission of an application for temporary storage facilities and until the permit is issued, the applicant shall store its hazardous wastes in the manner set forth in the application. A temporary storage permit issued or contract entered into for the purposes of a storage permit issued pursuant to this subdivision shall not affect the individual generator's ownership of and responsibility for the waste or the responsibility of the individual generator for removal and final processing or disposal in a permitted hazardous waste facility. The agency shall not be required to promulgate rules pursuant to chapter 15 governing its activity under this subdivision.

Sec. 10. Minnesota Statutes 1978, Section 116.07, is amended by adding a subdivision to read:

Subd. 9. [ORDERS; INVESTIGATIONS.] The agency shall have the following powers and duties for the enforcement of any provision of chapter 116, relating to waste:

(a) to adopt, issue, reissue, modify, deny, revoke, enter into or enforce reasonable orders, schedules of compliance and stipulation agreements;

(b) to require the owner or operator of any system or facility related to the storage, collection, transportation, processing, or disposal of waste to establish and maintain records; to make reports; to install, use, and maintain monitoring equipment or methods; and to make tests, in accordance with methods, at locations, at intervals, and in a manner as the agency shall prescribe;

and to provide other information as the agency may reasonably require;

(c) to conduct investigations, issue notices, public and otherwise, and order hearings as it may deem necessary or advisable for the discharge of its duties under chapter 116, including but not limited to the issuance of permits; and to authorize any member, employee, or agent appointed by it to conduct the investigations and issue the notices.

Sec. 11. Minnesota Statutes 1978, Section 116.081, Subdivision 1, is amended to read:

116.081 [PROHIBITIONS.] Subdivision 1. [OBTAIN PERMIT.] It shall be unlawful for any person to construct, install or operate an emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, storage facility, or system or facility related to the collection, transportation, storage, processing, or disposal of solid waste, or any part thereof unless otherwise exempted by any agency regulation rule now in force or hereinafter adopted, until plans therefor shall have been submitted to the agency, and a written permit therefor shall have been granted by the agency. The requirements of this section shall not be applied to motor vehicles, abatement and control of air and land pollution during each biennium to the legislature with recommendations for action in furtherance of the air and land pollution and solid waste programs.

Elements of The statewide hazardous waste spill contingency plan which relate to hazardous wastes, shall be incorporated into the statewide hazardous waste management plan plans of the waste management board established by article II, section 1. The pollution control agency shall develop an informational reporting system of hazardous waste quantities generated, processed, and disposed of in the state.

Sec. 13. Minnesota Statutes 1978, Section 116.41, is amended to read:

116.41 [WASTE AND WASTE FACILITIES CLASSIFICATION; TRAINING AND CERTIFICATION.] Subdivision 1. [LAND DISPOSAL FACILITY CLASSIFICATION.] By January 1, 1982, the pollution control agency may shall classify, respectively, facilities for the disposal of solid waste, facilities for the disposal of sewage sludge, and facilities for the disposal of

hazardous waste according to the degree of hazard to public health or the environment involved in their operation, and according to the volume or hazardous character of solid waste disposed of at the facility. The agency may develop standards of competence for persons operating various classes of facilities for the disposal of solid waste. The classification of disposal facilities for waste shall be based upon the degree of intrinsic hazard and the volume and rate of application of the waste accepted by a facility, the intrinsic suitability of the location of the facility, the design and operating character of the facility, and other factors deemed relevant by the agency.

Subd. 1a. [HAZARDOUS WASTE CLASSIFICATION.] By January 1, 1982, the agency shall prescribe by rule criteria for excluding types and categories of hazardous wastes from disposal, criteria for accepting types and categories of wastes as suitable for disposal, and minimum pre-treatment standards required as a condition of acceptance for disposal. The criteria and standards shall be based upon the degree of intrinsic hazard of the waste; the availability of conventional processing technologies for reducing, separating, reusing, recycling, and treating the waste; the feasibility and cost of applying the processing technologies in relation to the benefits to be achieved by such application; the class of facility; and other factors deemed relevant by the agency.

Subd. 2. [TRAINING AND CERTIFICATION PROGRAMS.] The agency shall develop standards of competence for persons operating and inspecting various classes of disposal facilities. The agency may shall conduct training programs for persons operating facilities for the disposal of solid waste and for inspectors of such facilities, and may charge such fees as are necessary to cover the actual costs of the training programs. Subd. 3. After July 1, 1976, when a facility for the disposal of solid waste, other than an animal feedlot, is operating under a permit from the agency, The agency may shall require the operator operators and inspectors of the facility such facilities to obtain from the agency a certificate of his competence to operate the facility. The agency may shall conduct examinations to test the competence of applicants for certification, and may shall require that certificates be renewed at reasonable intervals. The agency may charge such fees as are necessary to cover the actual costs of receiving and processing applications, conducting examinations, and issuing and renewing certificates.

Subd. 3. [REGULATION AND ENFORCEMENT ASSISTANCE.] The agency shall establish a program to provide technical and financial assistance for regulation and enforcement to counties which have certified operators and inspectors conforming to the requirements of the agency, chapters 400 and 473, and articles I to VIII.

Subd. 4. [RULES.] The agency may shall adopt, amend, and rescind such rules and regulations as may be necessary to carry out the provisions of this section in accordance with chapter 15.

Sec. 14. [REPORT ON SEWAGE SLUDGE.] By January 1,

1981, in consultation with the department of health, the agency shall prepare and submit a report on sewage sludge disposal to the legislative commission. The report shall be based on available information and shall recommend appropriate strategies, procedures, and programs to abate potential health hazards resulting from sewage sludge disposal facilities. The report shall: (a) analyze the potential public health hazards resulting from sewage sludge disposal facilities and methods of abatement; (b) examine existing regional, state, and federal regulations regarding the pre-treatment of industrial wastewater and efforts which are being or could be made by industry to pre-treat their industrial wastewaters; (c) analyze the need and potential effects of state regulations on concentrations of toxic and hazardous substances in industrial wastewater effluent; (d) summarize the duties and relationships among government entities responsible for sewage and sewage sludge treatment and regulation.

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 1710, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 1710 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [3.351] [LEGISLATIVE COMMISSION ON ENERGY.] *Subdivision 1. [COMPOSITION.] The legislative commission on energy is composed of five senators of the majority party and three senators of the minority party appointed by the subcommittee on committees of the committee on rules and administration, and five representatives of the majority party and three representatives of the minority party appointed by the speaker of the house. The commission shall be appointed by June 1, 1980. The commission shall elect a chairman from among its members.*

Subd. 2. [GENERAL DUTIES.] The commission shall:

(a) *Make a continuing study of matters relating to energy supply and use in the state;*

(b) *Identify the potential for enhanced economic growth and job creation from increased energy efficiency and the production and utilization of renewable energy systems.*

(c) *Identify ways to assure the provision of necessary energy supplies to all Minnesotans;*

(d) *Coordinate resources and programs on energy conservation; and*

(e) *Review overall legislative policy concerning energy.*

Subd. 3. [ENERGY PLAN; REPORT TO LEGISLATURE.] *The commission shall develop legislative energy plans based on the provisions of subdivision 2 and consistent with appropriate long term energy goals for Minnesota. The plans shall be reported to the legislature no later than February 15 of each year.*

Subd. 4. [STAFF.] *The commission shall use existing legislative facilities and staff.*

Sec. 2. Minnesota Statutes 1978, Section 45.17, is amended by adding a subdivision to read:

Subd. 7. *The consumer services section shall represent and further the interests of residential utility consumers through participation as an intervenor or interested party in federal proceedings relating to the regulation of: (a) wholesale rates for energy delivered through interstate facilities; or (b) fuel used in generation of electricity or the manufacture of gas. The consumer services section may maintain, intervene in or otherwise participate in any civil actions relating to the federal proceedings. In performing its duties pursuant to this subdivision, the section shall follow the guidelines established pursuant to subdivision 6, clause (1).*

Sec. 3. Minnesota Statutes 1978, Section 90.195, is amended to read:

90.195 [SPECIAL USE PERMIT.] *The commissioner, for a \$5 fee, may issue a permit to salvage or cut not to exceed 25 12 cords of fuelwood per year for personal use from either or both of the following sources: (1) Dead, down, and diseased trees; (2) other trees that are of negative value under good forest management practices. Such permits may be issued for a period not to exceed one year. A fee shall be charged for the permit of not less than \$5 nor more than the approximate current market value of fuelwood stumpage of similar species, grade and volume that is being charged in the area.*

Sec. 4. Minnesota Statutes 1978, Section 116H.01, is amended to read:

116H.01 [FINDINGS AND PURPOSE.] *The legislature finds and declares that the present rapid continued growth in demand for energy is in part due to unnecessary energy use; that a continuation of this trend will result in serious depletion of finite quantities of fuels, land and water resources, and threats to the state's environmental quality; that the state must insure consideration of urban expansion, transit systems; economic development, energy conservation and environmental protection in planning for large energy facilities; that there is a need to carry out energy conservation measures; and that energy planning, protection of environmental values, development of Minnesota energy sources, and conservation of energy require expanded authority and technical capability and a unified, coordinated response within state government.*

The legislature seeks to encourage thrift in the use of energy, and to maximize use of energy efficient systems, thereby reducing the rate of growth of energy consumption, prudently conserving energy resources, and assuring statewide environmental protection consistent with an adequate, reliable supply of energy. will cause severe social and economic dislocations, and that the state has a vital interest in providing for: increased efficiency in energy consumption, the development and use of renewable energy resources wherever possible, and the creation of an effective energy forecasting, planning and education program.

The legislature further finds and declares that the protection of life, safety and financial security for citizens during an energy crisis is of paramount importance.

Therefore, the legislature finds that it is in the public interest to review, analyze and encourage those energy programs that will minimize the need for annual increases in fossil fuel consumption by 1990 and the need for additional electrical generating plants, and provide for an optimum combination of energy sources consistent with environmental protection and the protection of citizens.

The legislature intends to monitor, through energy policy planning and implementation, the transition from historic growth in energy demand to a period when demand for traditional fuels becomes stable and the supply of renewable energy resources is readily available and adequately utilized.

Sec. 5. Minnesota Statutes, 1979 Supplement, Section 116H.085, is amended to read:

116H.085 [ENERGY CONSERVATION INFORMATION CENTER.] The director shall establish an energy conservation information center in the agency's offices in St. Paul. Sec. 17. Minnesota Statutes 1978, Chapter 216B, is amended by adding a section to read:

[216B.165.] [ENERGY AUDITS.] *Subdivision 1. A customer who asks a public utility to perform an energy audit of his residence pursuant to 42 United States Code 8211 et seq. shall pay no more than \$10 of the administrative and general expenses associated with the audit. The remainder of the administrative and general expenses of operating a program of energy audits pursuant to 42 United States Code 8211 et seq., including those associated with program audits, list distribution, customer billing services, arranging services and post-installation inspections shall be treated as current operating expenses of providing utility service and shall be charged to all ratepayers of the public utility in the same manner as other current operating expenses of providing utility service.*

Subd. 2. All audits performed pursuant to 42 United States Code 8211 et seq. of residences which are required by section 116H.129, subdivision 3 to comply with energy efficiency standards shall include a separate list of those improvements to the residence which are required to bring the residence into compliance with section 116H.129, subdivision 3, and a statement describing remedies available to tenants for violations.

Sec. 18. [216B.241] [ENERGY CONSERVATION IMPROVEMENTS.] *Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision shall have the meanings given them:*

(a) "Commission" means the public service commission, department of public service;

(b) "Energy conservation improvement" means the purchase or installation of any device, method or material that increases the efficiency in the residential use of electricity or natural gas including, but not limited to:

- (1) insulation and ventilation;
- (2) storm or thermal doors or windows;
- (3) caulking and weatherstripping;
- (4) furnace efficiency modifications;
- (5) thermostat or lighting controls;
- (6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" does not include any device or method which creates, converts or actively uses energy from renewable sources such as solar, wind and biomass.

(c) "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;

(2) the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.

(d) "Public utility" has the same meaning as given that term in section 216B.02, subdivision 4. For the purposes of this section, "public utility" shall not include cooperative electric associations that become subject to rate regulation after the effective date of this act.

Subd. 2. [PROGRAMS.] Prior to January 1, 1981, the commission, after consultation with the energy agency, shall initiate a pilot program designed to demonstrate the feasibility of investments and expenses of a public utility in energy conservation improvements. The commission, as part of the pilot program, shall order at least one public utility to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements shall be offered to the customers. The order of the commission shall provide to the extent practicable for a free choice of contractor, qualified under the residential conservation services program of the energy agency, for consumers participating in the pilot program. The commission shall not order a utility to make any energy conservation improvement investment or expenditure unless it first finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. Investments and expenditures made pursuant to an order

shall be treated for ratemaking purposes in the manner prescribed in section 16. No utility shall make an energy conservation improvement pursuant to this section to a residential building envelope unless it is the primary supplier of energy used for either space heating or cooling in the building.

Subd. 3. [OWNERSHIP OF RESIDENTIAL ENERGY CONSERVATION IMPROVEMENTS.] *Any energy conservation improvement made to or installed in any residential building pursuant to this section shall be the exclusive property of the owner of the building except insofar as it is subjected to a security interest in favor of the utility in case of a loan to the building owner. The utility shall have no liability for loss, damage or injury caused directly or indirectly by any energy conservation improvement except for negligence by the utility in purchase, installation, or modification of the product.*

Subd. 4. [FEDERAL LAW PROHIBITIONS.] *If investments by public utilities in energy conservation improvements are in any manner prohibited or restricted by federal law and there is a provision under which such prohibition or restriction may be waived, then the commission, the governor, or any other necessary state agency or officer shall take all necessary and appropriate steps to secure a waiver with respect to those public utility investments in energy conservation improvements included in this section.*

Sec. 19. Minnesota Statutes, 1979 Supplement, Section 268.37, is amended to read:

268.37 [COORDINATION OF FEDERAL AND STATE RESIDENTIAL WEATHERIZATION PROGRAMS.] Subdivision 1. The department of economic security is the state agency to apply for, receive, and disburse federal money made available to the state by federal law or rules promulgated thereunder for the purpose of weatherizing the residences of low-income persons. The commissioner of economic security shall coordinate available federal money with any state money appropriated for this purpose.

Subd. 2. The commissioner shall make grants of federal and state money to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications shall be submitted in accordance with rules developed pursuant to 42 U.S.C., Sections 6861 to 6872, any other relevant federal weatherization program, and rules promulgated by the commissioner.

Subd. 3. The commissioner shall promulgate temporary rules as necessary to administer the grants program by July 1, 1979 and shall promulgate permanent rules by July 1, 1980. The rules shall describe: (a) procedures for the administration of grants, (b) data to be reported by grant recipients, and (c) other matters the commissioner finds necessary for the proper administration of the grant program including compliance with relevant federal regulations. Weatherization assistance shall be given to households where the total income does not exceed 125 percent of the poverty level as

updated by the federal office of management and budget poverty guidelines.

Subd. 4. [SUPPLEMENTARY STATE GRANTS.] *The commissioner shall distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.*

Criteria for the allocation of state grants to local agencies include: (a) existing local agency production levels, (b) availability of CETA resources in the area, (c) emergency needs, and (d) the potential for maintaining or increasing acceptable levels of production in the area.

An eligible local agency may receive advance funding for 90 days' production, but thereafter shall receive grants solely on the basis of program criteria.

Subd. 5. *The commissioner shall submit reports to the legislature by March 1 of each year, 1980, and March 1, 1981, evaluating the weatherization program. The reports shall describe: (a) the number of households weatherized, (b) the average cost per household, (c) any change in energy consumption after weatherization, (d) outreach efforts, and (e) any other information the commissioner feels is relevant, including information routinely submitted to the federal government.*

Sec. 20. *Minnesota Statutes 1978, Section 462A.05, is amended by adding a subdivision to read:*

Subd. 15b. It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair, cleaning or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.

To be eligible for an emergency energy conservation grant, a household must be certified as eligible to receive emergency residential heating assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the energy agency, or (2) be eligible to receive a federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section

shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

Temporary rules to implement this subdivision may be promulgated and amended pursuant to chapter 15. The temporary rules may remain in effect until July 1, 1981.

Sec. 21. Minnesota Statutes 1978, Section 462A.21, is amended by adding a subdivision to read:

Subd. 4g. It may make emergency energy conservation grants as provided in section 20 and may pay the costs and expenses necessary and incidental to the development of the emergency energy conservation grant program.

Sec. 22. [EMERGENCY RESIDENTIAL HEATING GRANTS.] *Subdivision 1. The commissioner of economic security shall make grants pursuant to the state plan to county boards, community action agencies, or other public or private nonprofit agencies for the purpose of providing emergency residential heating grants to low income households. These grants shall be made to the same agencies and in the same manner as provided for federal grants under the energy crisis assistance program of 42 United States Code, Section 2809, Paragraph (a), Clause (5), except as otherwise provided in sections 22 to 25.*

Subd. 2. The commissioner of economic security shall promulgate rules that provide: (a) procedures for the administration of grants; (b) data to be reported by grant recipients and heating fuel suppliers; and (c) other matters the commissioner finds necessary for the proper administration of the state and federal grant programs. The rules may take effect as temporary rules upon approval by the attorney general and without the normal publication in the state register and 20 day wait for comments from the public, and may be amended in the same manner at a later date if comments from the public demonstrate that amendments are justified.

Subd. 3. Data on individuals collected, maintained, used, or disseminated pursuant to sections 22 to 25 are private data on individuals and shall not be disclosed except as provided for data in the welfare system under Minnesota Statutes, 1979 Supplement, Section 15.1691.

Sec. 23. [ALLOCATIONS.] *Money appropriated for emergency residential heating grants shall be allocated among local administrative agencies on the basis of the number of households in the area served by the agency whose income falls within the limits specified for grant eligibility in relation to the total of those households in the state.*

Sec. 24. [ELIGIBILITY; AMOUNT OF GRANT.] *Subdivision 1. [INCOME LIMITS.] Emergency residential heating grants under this section shall be paid only to households not eligible for the federal energy crisis assistance program and whose total household income does not exceed the following limits:*

In addition, a household may deduct medical expenses that are not reimbursed by insurance or other sources and that exceed three percent of the household income.

Subd. 2. [AMOUNT OF GRANT.] The amount of a grant under this section, in combination with the special grant paid by the federal government directly to recipients of supplemental security income and money available to the state under the HEW block grant program shall be the lesser of:

(a) Fifty percent of the cost of residential heating energy paid or reasonably anticipated to be paid by the household during the winter heating season beginning in September and ending in May; or

(b) The appropriate table of maximum grant amounts as follows:

Section 1. Minnesota Statutes 1978, Section 50.14, Subdivision 5, is amended to read:

Subd. 5. (1) Class four shall be:

(a) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate, whether in fee or in a leasehold of a duration not less than ten years beyond the maturity of the loan, in any state of the United States, worth at least twice the amount loaned thereon;

(b) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate in clause (1) (a) where the notes or bonds do not exceed 80 percent of the appraised value of the security for the same, provided that the notes or bonds are payable in installments aggregating not less than five percent of the original principal per annum in addition to the interest; or, are payable on a regular amortization basis in equal installments, including principal and interest, the installments to be payable monthly in such amounts that the debt will be fully paid in not to exceed 30 years if the security is non-agricultural real estate, and the installments to be payable annually or semi-annually in such amounts that the debt will be fully paid in not to exceed 25 years if the security is agricultural real estate. A construction loan is deemed amortized as required by this clause if the first installment thereon is payable not later than 18 months after the date of the first advance in the case of residential construction or not later than 36 months after the date of the first advance in the case of nonresidential construction; and

(c) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate in clause (1) (a) which are in an original principal amount of \$100,000 or more and which do not exceed 95 percent of the appraised value of the security for the same which may be payable in a manner as the trustees of the bank prescribe, provided that construction loans made by a savings bank pursuant to this clause (1) (c) shall not exceed in the aggregate five percent of the assets of the savings bank.

(2) Class four investments shall be made only on report of a committee directed to investigate the same and report its value, according to the judgment of its members, and its report shall be preserved among the bank's records.

(3) Notwithstanding anything to the contrary in clause (1) (b), a mutual savings bank organized under the laws of this state may invest in notes or bonds secured by mortgages or trust deed where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same. Except as modified herein, the other provisions of clause (1) (b) apply.

(4) For purposes of this subdivision, real estate is deemed unencumbered if the only existing mortgage or lien against the real estate is a first mortgage lien in favor of the savings bank making a second mortgage loan.

(5) Renegotiable rate notes or bonds secured by mortgages or trust deeds where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same.

For the purposes of this clause, a renegotiable rate mortgage loan is a loan issued for a term of three years to five years, secured by a mortgage maturing in not to exceed 30 years, and automatically renewable at equal intervals after the original loan term which may be up to 6 months shorter or longer than subsequent terms. The loan must be repayable in equal monthly installments of principal and interest during the loan term, in an amount at

least sufficient to amortize a loan with the same principal and at the same interest rate over the remaining life of the mortgage.

In the mortgage documents, the savings bank must grant to the borrower an option to renew the loan for a new term, but not beyond the maturity date of the mortgage, at a new interest rate which shall be the savings bank's current market rate of interest on similar loans determined 60 days before the due date of the loan: provided, that the maximum interest rate increase shall be equal to one-half of one percent per year multiplied by the number of years in the loan term with a maximum net increase of five percent over the life of the mortgage. Interest rate increases are optional with the savings bank; net decreases from the previous loan term are mandatory.

The borrower may not be charged costs connected with the renewal of the loan.

Sixty days before the due date of the loan, the savings bank shall send a written notification to the borrower containing the following information: (i) The date on which the entire balance of borrower's loan is due and payable; (ii) a statement that the loan will be renewed automatically by the savings bank at the rate specified in the notice unless the borrower pays the loan by the due date; (iii) the amount of the monthly payment, calculated according to the new rate determined at the time of notice; (iv) a statement that the borrower may prepay the loan without penalty at any time after the original loan becomes due and payable; ~~(v) the cost, if any, of document preparation and recording;~~ and ~~(vi)~~ (v) the name and phone number of a savings bank employee who will answer the borrowers' questions concerning the information in the notice.

An applicant for a renegotiable rate mortgage loan must be given, at the time an application is requested, written disclosure materials prepared in reasonably simple terms that contain at least the following information: (i) An explanation of how a renegotiable rate mortgage differs from a standard fixed rate mortgage; (ii) an example of a renegotiable rate mortgage indicating the maximum possible interest rate increase and monthly payment calculated on that rate at the time of the first renewal; *and* (iii) an explanation of how the savings bank determines what the rate will be at the end of each loan term; *and* ~~(iv) an estimate of possible costs of renewal.~~

Sec. 2. Minnesota Statutes 1978, Section 51A.02, is amended by adding a subdivision to read:

Subd. 4a. Pursuant to rules the commissioner finds necessary and proper "direct reduction loan" also means renegotiable rate notes or bonds secured by mortgages or trust deeds where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same.

The loan must be repayable in equal monthly installments of principal and interest during the loan term, in an amount at least sufficient to amortize a loan with the same principal and at the same interest rate over the remaining life of the mortgage.

Interest rate increases are optional with the association; net decreases from the previous loan term are mandatory.

The borrower may not be charged costs connected with the renewal of the loan.

Sixty days before the due date of the loan, the association shall send a written notification to the borrower containing the following information: (i) The date on which the entire balance of borrower's loan is due and payable; (ii) a statement that the loan will be renewed automatically by the association at the rate specified in the notice unless the borrower pays the loan by the due date; (iii) the amount of the monthly payment, calculated according to the new rate determined at the time of notice; (iv) a statement that the borrower may prepay the loan without penalty at any time after the original loan becomes due and payable; ~~(v) the cost, if any, of document preparation and recording;~~ and ~~(vi)~~ (v) the name and phone number of an association employee who will answer the borrowers' questions concerning the information in the notice.

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 1612, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 1612 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [CITATION; POLICY; PURPOSE.] *Subdivision 1. Sections 2 to 17 may be cited as the "metropolitan agricultural preserves act".*

Subd. 2. It is the policy of the state to encourage the use and improvement of its agricultural lands for the production of food and other agricultural products. It is the purpose of sections 2 to 17 to provide an orderly means by which lands in the metropolitan area designated for long term agricultural use through the local and regional planning processes will be taxed in an equitable manner reflecting the long term singular use of the property, protected from unreasonably restrictive local and state regulation of normal farm practices, protected from indiscriminate and disruptive taking of farmlands through eminent domain actions, protected from the imposition of unnecessary special assessments, and given such additional protection and benefits as are needed to maintain viable productive farm operations in the metropolitan area.

Sec. 2. [DEFINITIONS.] *Subdivision 1. For purposes of sections 2 to 17 the terms defined in this section shall have the meanings given them.*

Subd. 2. "Agricultural preserve" or "preserve" means a land area covenanted according to section 5 to remain in agricultural use.

Subd. 3. "Agricultural use" means the production for sale of livestock, dairy animals, dairy products, poultry or poultry products, fur bearing animals, horticultural or nursery stock, fruit, vegetables, forage, grains, or bees and apiary products. Wetlands, pasture and woodlands accompanying land in agricultural use shall be deemed to be in agricultural use.

Subd. 4. "Authority" means the unit of government exercising planning and zoning authority for the land specified in an application as provided under section 5 and pursuant to Minnesota Statutes, Sections 394.21 to 394.37, 462.351 to 462.364, or 366.10 to

366.19. *Where both a county and a township have adopted zoning regulations, the authority shall be the unit of government designated to prepare a comprehensive plan pursuant to Minnesota Statutes, Section 473.861, Subdivision 2.*

Subd. 5. "Certified long term agricultural land" means land certified pursuant to section 4 as eligible for designation as agricultural preserves.

Subd. 6. "Covenant agreement" means a restrictive covenant initiated by the owner and evidenced by an agreement provided for in section 5 whereby the owner places the limitations on specified land and receives the protections and benefits contained in sections 2 to 17.

Subd. 7. "Long term agricultural land" means land in the metropolitan area designated for agricultural use in local or county comprehensive plans adopted and reviewed pursuant to Minnesota Statutes, Sections 473.175, and 473.351 to 473.871, and which has been zoned specifically for agricultural use permitting a maximum residential density of not more than one unit per quarter/quarter.

Subd. 8. "Metropolitan area" has the meaning given it in Minnesota Statutes, Section 473.121, Subdivision 2.

Subd. 9. "Owner" means a resident of the United States owning land specified in an application pursuant to section 5, and includes an individual, legal guardian or family farm corporation as defined in Minnesota Statutes, Section 500.24, having a joint or common interest in the land. Where land is subject to a contract for deed, owner means the vendor in agreement with the vendee.

Subd. 10. "Quarter/quarter" means one quarter of one quarter of any section in the rectangular land survey system.

Sec. 3. [ELIGIBILITY.] Subdivision 1. Long term agricultural land comprising 40 or more acres shall be eligible for designation as an agricultural preserve.

Subd. 2. Noncontiguous parcels may be included to achieve the minimum acreage requirement in subdivision 1, provided that each parcel is at least ten acres in size and provided that all separate parcels are farmed together as a unit.

Subd. 3. The minimum acreage requirement in subdivision 1 may be reduced to 35 acres provided the land is a single quarter/quarter parcel and the amount less than 40 acres is due to a public road right-of-way or a perturbation in the rectangular survey system resulting in a quarter/quarter of less than 40 acres.

Subd. 4. Contiguous long term agricultural land comprising not less than 20 acres and surrounded by eligible land on not less than two sides shall be eligible for designation as an agricultural preserve provided the authority by resolution determines that: (i) the land area predominantly comprises Class I, II, III, or irrigated Class IV land according to the Land Capability Classification Systems of the Soil Conservation Service and the county soil

survey; (ii) the land area is considered by the authority to be an essential part of the agricultural region; and (iii) the parcel was a parcel of record prior to January 1, 1980, or the land was an agricultural preserve prior to becoming a separate parcel of at least 20 acres.

Subd. 5. Contiguous long term agricultural land meeting the total acreage requirements of this section but located in two or more authorities so that the minimum acreage requirement is not met in one or more of the authorities shall be eligible by joint resolution of the affected authorities.

Sec. 4. [CERTIFICATION.] *Subdivision 1. On or before January 1, 1981 each authority in the metropolitan area having land classified agricultural pursuant to Minnesota Statutes, Section 273.13 shall certify by resolution using appropriate maps which lands, if any, are eligible for designation as agricultural preserves. Maps shall be in sufficient detail to identify eligible lands by property boundaries. Notification of the certification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority. No additional lands shall qualify for designation as agricultural preserves until the authority certifies qualification.*

Subd. 2. Land shall cease to be eligible for designation as an agricultural preserve when the comprehensive plan and zoning for the land have been amended so that the land is no longer planned for long term agricultural use and is no longer zoned for long term agricultural use, evidenced by a maximum residential density permitting more than one unit per 40 acres. When changes have been made, the authority shall certify by resolution and appropriate maps which lands are no longer eligible. Notification of the decertification shall be published in a newspaper having a general circulation within the area of jurisdiction of the authority.

Subd. 3. The authority shall provide the metropolitan council with suitable maps showing any lands certified eligible pursuant to subdivision 1 or decertified pursuant to subdivision 2. The metropolitan council shall maintain maps of the metropolitan area showing all certified long term agricultural lands.

Sec. 5. [APPLICATION; COVENANT AGREEMENT.] *Subdivision 1. An owner or owners of certified long term agricultural land may apply to the authority with jurisdiction over the land on forms provided by the commissioner of agriculture for the creation of an agricultural preserve at any time. Land for which application is received prior to March 1 of any year shall be assessed pursuant to section 10 for taxes payable in the following year. Land for which application is received on or after March 1 of any year shall be assessed pursuant to section 10 in the following year. The application shall contain at least the following information and such other information as the commissioner deems necessary:*

(a) *Legal description of the area proposed to be designated or parcel identification numbers as designated by the county auditor;*

(b) *Name and address of owner;*

(c) *An affidavit by the authority evidencing that the land is certified long term agricultural land at the date of application;*

(d) *A witnessed signature of the owner covenanting that the land shall be kept in agricultural use, and shall be used in accordance with the provisions of sections 2 to 17 which exist on the date of application;*

(e) *A statement that the restrictive covenant shall be binding on the owner or his successor or assignee, and shall be an easement running with the land;*

(f) *Date of application and date that designation is effectuated.*

Subd. 2. The authority may require an application fee, not to exceed \$50, to defray administrative costs.

Sec. 6. [NOTIFICATION.] Subdivision 1. Within five days of the date of application, the authority shall forward copies of the completed and signed application to the county recorder, the county auditor, the county assessor, the metropolitan council, and the county soil and water conservation district.

Subd. 2. The county recorder shall file and record the restrictive covenant.

Subd. 3. The county auditor, for taxes payable in the following year and thereafter for the duration of the preserve, shall determine mill rates, assessments and taxes involving the preserve according to the provisions of section 10.

Subd. 4. The county assessor, for taxes payable in the following calendar year and thereafter for the duration of the preserve, shall value and assess the agricultural preserve according to section 10.

Subd. 5. The metropolitan council shall maintain agricultural preserve maps, illustrating (a) certified long term agricultural lands; and (b) lands covenanted as agricultural preserves. The council shall make yearly reports to the state planning agency and such other agencies as the council deems appropriate.

Subd. 6. County auditors shall maintain records of the taxes assessed and paid on agricultural preserves in a manner prescribed by the commissioner of revenue for the orderly monitoring of the program.

Subd. 7. The county soil and water conservation district may prepare an advisory statement of existing and potential conservation problems for the agricultural preserve land. The statement shall be forwarded to the owner of record and a copy of the statement shall be forwarded to the authority.

Sec. 7. [COMMENCEMENT OF PRESERVE.] A land area shall be deemed an agricultural preserve and subject to all the benefits and restrictions of sections 2 to 17 commencing 30 days from the date of application.

Sec. 8. [DURATION.] Subdivision 1. Agricultural preserves

shall continue until either the landowner or the authority initiates expiration as provided in this section.

Subd. 2. A landowner may initiate expiration by notifying the authority on a form provided by the commissioner of agriculture. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice. The notice and expiration may be rescinded by the owner at any time during the first two years following notice.

Subd. 3. The authority may initiate expiration by notifying the landowner by registered letter on a form provided by the commissioner of agriculture, provided that before notification (i) the comprehensive plan and the zoning for the land have been officially amended so that the land is no longer planned for long term agriculture and is no longer zoned for long term agriculture, evidenced by a maximum residential density permitting more than one unit per quarter/quarter, and (ii) the authority has certified such changes pursuant to section 4, subdivision 2. The notice shall describe the property for which expiration is desired and shall state the date of expiration which shall be at least eight years from the date of notice.

Subd. 4. Upon receipt of the notice provided in subdivision 2, or upon notice served by the authority as provided in subdivision 3, the authority shall notify the county recorder, county auditor, county assessor, the metropolitan council, and the county soil and water conservation district of the date of expiration. Designation as an agricultural preserve and all benefits and limitations accruing through sections 2 to 17 for the preserve shall cease on the date of expiration.

Sec. 9. [EARLY TERMINATION.] Termination of an agricultural preserve earlier than a date derived through application of section 8 may be permitted only in the event of a public emergency upon petition from the owner or authority to the governor. The determination of a public emergency shall be by the governor through executive order pursuant to Minnesota Statutes, Sections 4.035 and 12.01 to 12.46. The executive order shall identify the preserve, the reasons requiring the action and the date of termination.

Sec. 10. [AD VALOREM PROPERTY TAXES.] Subdivision 1. Real property within an agricultural preserve shall be valued and assessed pursuant to Minnesota Statutes, Chapter 273, except as provided in this section.

Subd. 2. All land classified agricultural and in agricultural use, exclusive of buildings, shall be valued solely with reference to its appropriate agricultural classification and value, notwithstanding Minnesota Statutes, Sections 272.03, Subdivision 8, and 273.11. In determining the value for ad valorem tax purposes the assessor shall not consider any added values resulting from nonagricultural factors.

Subd. 3. (a) After the assessor has determined the market value

of all land valued according to subdivision 2, he shall compute the assessed value of those properties by applying the appropriate classification percentages. When the county auditor computes the rate of tax pursuant to Minnesota Statutes, Section 275.09, he shall include the assessed value of land as provided in this clause.

(b) The county auditor shall compute the tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times the total rate of tax for all purposes as provided in clause (a).

(c) The county auditor shall then compute the maximum ad valorem property tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times 105 percent of the previous year's statewide average mill rate levied on property located within townships for all purposes.

(d) The tax due and payable by the owner of preserve land valued according to subdivision 2 and nonresidential buildings will be the amount determined in clause (b) or (c), whichever is less. If the gross tax in clause (c) is less than the gross tax in clause (b), the state shall reimburse the taxing jurisdictions for the amount of difference. Residential buildings shall continue to be valued and classified according to the provisions of Minnesota Statutes, Sections 273.11 and 273.13, as they would be in the absence of this section, and the tax on those buildings shall not be subject to the limitation contained in this clause.

The county auditor shall certify to the commissioner of revenue on or before June 1, 1983, and each year thereafter, the total amount of tax lost to the taxing jurisdictions located within his county as a result of this subdivision. Payments shall be made by the state annually on or before July 15, 1983 and each year thereafter to each of the affected taxing jurisdictions. There is annually appropriated from the general fund in the state treasury to the commissioner of revenue an amount sufficient to make the reimbursement provided in this subdivision. This section shall be effective for taxes levied in 1982, payable in 1983 and thereafter.

Sec. 11. [LIMITATION ON CERTAIN PUBLIC PROJECTS.] Notwithstanding Minnesota Statutes, Chapter 429, construction projects for public sanitary sewer systems and public water systems benefiting land or buildings in agricultural preserves shall be prohibited. New connections between land or buildings in agricultural preserves and sanitary sewers or water systems shall be prohibited. Public sanitary sewer or water systems built in the vicinity of agricultural preserves are deemed of no benefit to the land and buildings in agricultural preserves.

Sec. 12. [PROTECTION FOR NORMAL FARM PRACTICES.] Local governments and counties shall be prohibited from enacting ordinances or regulations within an agricultural preserve which would unreasonably restrict or regulate normal farm structures or farm practices in contravention of the purpose of sections 2 to 17 unless the restriction or regulation bears a direct relationship to the public health and safety. This section shall apply to the

operation of farm vehicles and machinery in the planting, maintenance and harvesting of crops and in the care and feeding of farm animals, the type of farming, and the design of farm structures, exclusive of residences.

Sec. 13. [STATE AGENCIES TO BE SUPPORTIVE.] *Subdivision 1. It shall be the policy of all state agencies to encourage the maintenance of viable farming in agricultural preserves.*

Subd. 2. The joint legislative committee on agricultural land preservation shall undertake a study of state agency rules which negatively affect long term agricultural lands. The committee shall identify any state rules which favor nonagricultural development and adversely affect the long term nature of farming in an agricultural preserve. For any rules so identified, the committee shall propose modifications for application to agricultural preserves encourage agriculture as the primary and long term use of land within an agricultural preserve while protecting the health, safety, and welfare of the public. The committee shall make a report on this study to the legislature by January 1, 1982.

Sec. 14. [ANNEXATION PROCEEDINGS.] *Agricultural preserve land within a township shall not be annexed to a municipality pursuant to Minnesota Statutes, Chapter 414, without a specific finding by the Minnesota municipal board that either (a) the expiration period as provided for in section 8 has begun; (b) the surviving unit of government due to size, tax base, population or other relevant factors would not be able to provide normal governmental functions and services; or (c) the agricultural preserve would be completely surrounded by lands within a municipality.*

This section shall not apply to annexation agreements approved by the Minnesota municipal board prior to creation of the preserve.

Sec. 15. [EMINENT DOMAIN ACTIONS.] *Subdivision 1. Any agency of the state, any public benefit corporation, any local, county or regional unit of government, or any other entity possessing powers of eminent domain under Minnesota Statutes, Chapter 117, shall follow the procedures contained in this section before (1) acquiring any land or easement having a gross area over ten acres in size within agricultural preserves; or (2) advancing a grant, loan, interest subsidy or other funds for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities that could be used to serve nonfarm structures within agricultural preserves.*

Subd. 2. At least 60 days prior to an action described in subdivision 1, notice of intent shall be filed with the environmental quality board containing information and in the manner and form required by the environmental quality board. The notice of intent shall contain a report justifying the proposed action, including an evaluation of alternatives which would not require acquisition within agricultural preserves.

Subd. 3. The environmental quality board, in consultation with

affected units of government, shall review the proposed action to determine the effect of the action on the preservation and enhancement of agriculture and agricultural resources within the preserves and the relationship to local and regional comprehensive plans.

Subd. 4. If the environmental quality board finds that the proposed action might have an unreasonable effect on an agricultural preserve or preserves, the environmental quality board shall issue an order within the 60 day period for the party to desist from such action for an additional 60 day period.

Subd. 5. During the additional 60 day period, the environmental quality board shall hold a public hearing concerning the proposed action at a place within the affected preserve or otherwise easily accessible to the preserve upon notice in a newspaper having a general circulation within the area of the preserves, and individual notice, in writing, to the municipalities whose territory encompasses the preserves, the agency, corporation or government proposing to take the action, and any public agency having the power of review of or approval of the action, in a manner conducive to the wide dissemination of the findings to the public.

Subd. 6. The review process required in this section may be conducted jointly with any other environmental impact review conducted by the environmental quality board.

Subd. 7. The environmental quality board may request the attorney general to bring an action to enjoin any agency, corporation or government from violating the provisions of this section.

Subd. 8. This section shall not apply to an emergency project which is immediately necessary for the protection of life and property.

Subd. 9. The environmental quality board shall be empowered to suspend any eminent domain action for up to one year which it determines to be contrary to the purposes of sections 2 to 17 and for which it determines there are feasible and prudent alternatives which have less negative impact on the agricultural preserves.

Sec. 16. [CONSERVATION.] *Subdivision 1. Land within an agricultural preserve shall be farmed and otherwise managed according to sound soil and water conservation management practices. Management practices which are not sound shall be any use of the land resulting in wind or water erosion in excess of the soil loss tolerance for each soil type as found in the United States soil conservation service, Minnesota technical guide.*

Subd. 2. The authority shall be responsible for enforcing this section. Upon receipt of a written complaint stating the conditions or land management practices which are believed to be in violation of this section, the authority shall consult with the county soil and water conservation district. The district shall determine the average soil loss in tons per acre per year for each field cited in the complaint according to the universal soil loss equation and the wind erosion equation, and shall return to the authority a report showing the average soil loss in tons per acre per year for each

field and a list of alternative practices that the landowner can use to reduce the soil loss to the limit allowed in subdivision 1. After consultation, and if in the judgment of the authority the land is not being managed properly as required by this section, the authority shall adopt a resolution to this effect and shall seek corrective measures from the owner. At the request of the landowner, the district shall assist in the planning, design and application of the practices selected to reduce the soil loss to an acceptable level and shall give such landowners a high priority for providing technical and cost share assistance.

Subd. 3. Any owner who fails to implement corrective measures to the satisfaction of the authority within one year of notice from the authority shall be subject to a fine of not more than \$1,000. The authority may recover the penalty by a civil action in a court of competent jurisdiction.

Subd. 4. Costs incurred by the authority in the enforcement of this section may be charged to the property owner. Charges not timely paid may be placed on the tax rolls and collected as a special assessment against the property.

Sec. 17. [LAND USE.] *Subdivision 1. Land within an agricultural preserve shall be maintained for agricultural production. The average maximum density of residential structures within an agricultural preserve shall not exceed one unit per 40 acres. The location of any new structure shall conform to locally applicable zoning regulations. Commercial and industrial uses shall not be permitted except that small on-farm commercial or industrial operations normally associated with and important to farming in the area may be permitted by the authority. The authority shall be responsible for enforcing this section.*

Subd. 2. When a separate parcel is created for a residential structure permitted under subdivision 1, the parcel shall cease to be an agricultural preserve unless the eligibility requirements of section 3 are met. However, the residential unit shall continue to be included in the maximum residential density for the original preserve.

Sec. 18. Minnesota Statutes 1978, Section 462.351, is amended to read:

462.351 [MUNICIPAL PLANNING AND DEVELOPMENT; STATEMENT OF POLICY.] *The legislature finds that municipalities are faced with mounting problems in providing means of guiding future development of land so as to insure a safer, more pleasant and more economical environment for residential, commercial, industrial and public activities, to preserve agricultural and other open lands, and to promote the public health, safety, morals and general welfare. Municipalities can prepare for anticipated changes and by such preparations bring about significant savings in both private and public expenditures. Municipal planning, by providing public guides to future municipal action, enables other public and private agencies to plan their activities in harmony with the municipality's plans. Municipal planning will assist in developing lands more wisely to serve citizens more effec-*

tively, will make the provision of public services less costly, and will achieve a more secure tax base. It is the purpose of sections 462.351 to 462.364 to provide municipalities, in a single body of law, with the necessary powers and a uniform procedure for adequately conducting and implementing municipal planning.

Sec. 19. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 12. "Subdivision" means the separation of an area, parcel, or tract of land under single ownership into two or more parcels, tracts, lots, or long-term leasehold interests where the creation of the leasehold interest necessitates the creation of streets, roads, or alleys, for residential, commercial, industrial, or other use or any combination thereof, except those separations:

(a) Where all the resulting parcels, tracts, lots, or interests will be 20 acres or larger in size and 500 feet in width for residential uses and five acres or larger in size for commercial and industrial uses;

(b) Creating cemetery lots;

(c) Resulting from court orders, or the adjustment of a lot line by the relocation of a common boundary.

Sec. 20. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 14. "Plat" means the drawing or map of a subdivision prepared for filing of record pursuant to chapter 505 and containing all elements and requirements set forth in applicable local regulations adopted pursuant to section 462.358 and chapter 505.

Sec. 21. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 15. "Subdivision regulation" means an ordinance adopted pursuant to section 462.358 regulating the subdivision of land.

Sec. 22. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 16. "Official controls" or "controls" means ordinances and regulations which control the physical development of a city, county or town or any part thereof or any detail thereof and implement the general objectives of the comprehensive plan. Official controls may include ordinances establishing zoning, subdivision controls, site plan regulations, sanitary codes, building codes and official maps.

Sec. 23. Minnesota Statutes 1978, Section 462.352, is amended by adding a subdivision to read:

Subd. 17. "Preliminary approval" means official action taken by a municipality on an application to create a subdivision which establishes the rights and obligations set forth in section 462.358 and the applicable subdivision regulation. In accordance with section 462.358, and unless otherwise specified in the applicable sub-

division regulation, preliminary approval may be granted only following the review and approval of a preliminary plat or other map or drawing establishing without limitation the number, layout, and location of lots, tracts, blocks, and parcels to be created, location of streets, roads, utilities and facilities, park and drainage facilities, and lands to be dedicated for public use.

Sec. 24. Minnesota Statutes 1978, Section 462.355, Subdivision 4, is amended to read:

Subd. 4. [INTERIM ORDINANCE.] *If a municipality is conducting or in good faith intends to conduct studies within a reasonable time or has authorized a study to be conducted or has held or has scheduled a hearing for the purpose of considering adoption or amendment of a comprehensive plan or official controls as defined in section 473.852 462.352, subdivision 16, or if new territory for which plans or controls have not been adopted is annexed to a municipality, the governing body of the municipality may adopt an interim ordinance applicable to all or part of its jurisdiction for the purpose of protecting the planning process and the health, safety and welfare of its citizens. The interim ordinance may regulate, restrict or prohibit any use or , development, or subdivision within the jurisdiction or a portion thereof for a period not to exceed one year from the date it is created effective, and may be renewed extended for one additional year such additional periods as the municipality may deem appropriate, not exceeding a total additional period of 18 months. No interim ordinance may halt, delay, or impede a subdivision which has been given preliminary approval prior to the effective date of the interim ordinance.*

Sec. 25. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 1a. [AUTHORITY.] *To protect and promote the public health, safety, and general welfare, to provide for the orderly, economic, and safe development of land, to preserve agricultural lands, to promote the availability of housing affordable to persons and families of all income levels, and to facilitate adequate provision for transportation, water, sewage, storm drainage, schools, parks, playgrounds, and other public services and facilities, a municipality may by ordinance adopt subdivision regulations establishing standards, requirements, and procedures for the review and approval or disapproval of subdivisions. The regulations may contain varied provisions respecting, and be made applicable only to, certain classes or kinds of subdivisions. The regulations shall be uniform for each class or kind of subdivision.*

A municipality may by resolution extend the application of its subdivision regulations to unincorporated territory located within two miles of its limits in any direction but not in a town which has adopted subdivision regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the subdivision of land equal distance from its boundaries within this area. However, if a municipality extends the application of its subdivision or zoning regulations to unincorporated territory, upon the petition of any

county board or town board affected by the subdivision or zoning regulations, a joint board shall be established consisting of a three-member committee with one member appointed from each of the municipal, town and county governing bodies. This joint board shall adopt zoning and subdivision regulations under Minnesota Statutes, Sections 462.351 to 462.364 for the entire area within two miles of the city located within a town, and designate one of the governing bodies to serve as the governing body and board of appeals and adjustment for purposes of sections 462.357 and 462.358 within the area. During the time before the joint board adopts subdivision regulations, the subdivision regulations which the municipality has extended shall apply.

Sec. 26. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 2a. [TERMS OF REGULATIONS.] The standards and requirements in the regulations may address without limitation: the size, location, grading, and improvement of lots, structures, public areas, streets, roads, trails, walkways, curbs and gutters, water supply, storm drainage, lighting, sewers, electricity, gas, and other utilities; the planning and design of sites; access to solar energy; and the protection and conservation of flood plains, shore lands, soils, water, vegetation, energy, air quality, and geologic and ecologic features. The regulations shall require that subdivisions be consistent with the municipality's official map if one exists and its zoning ordinance, and may require consistency with other official controls and the comprehensive plan. The regulations may prohibit certain classes or kinds of subdivisions in areas where prohibition is consistent with the comprehensive plan and the purposes of this section, particularly the preservation of agricultural lands. The regulations may prohibit the issuance of building permits for any tracts, lots, or parcels for which required subdivision approval has not been obtained. The regulations may permit the municipality to condition its approval on the construction and installation of sewers, streets, electric, gas, drainage, and water facilities, and similar utilities and improvements or, in lieu thereof, on the receipt by the municipality of a cash deposit, certified check, irrevocable letter of credit, or bond in an amount and with surety and conditions sufficient to assure the municipality that the utilities and improvements will be constructed or installed according to the specifications of the municipality. The regulations may permit the municipality to condition its approval on compliance with other requirements reasonably related to the provisions of the regulations and to execute development contracts embodying the terms and conditions of approval. The municipality may enforce such agreements and conditions by appropriate legal and equitable remedies.

Sec. 27. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 2b. [DEDICATION.] The regulations may require that a reasonable portion of any proposed subdivision be dedicated to the public or preserved for public use as streets, roads, sewers, electric,

gas, and water facilities, storm water drainage and holding areas or ponds and similar utilities and improvements.

In addition, the regulations may require that a reasonable portion of any proposed subdivision be dedicated to the public or preserved for public use as parks, playgrounds, trails, or open space; provided that (a) the municipality may choose to accept an equivalent amount in cash from the applicant for part or all of the portion required to be dedicated to such public uses or purposes based on the fair market value of the land no later than at the time of final approval, (b) any cash payments received shall be placed in a special fund by the municipality used only for the purposes for which the money was obtained, (c) in establishing the reasonable portion to be dedicated, the regulations may consider the open space, park, recreational, or common areas and facilities which the applicant proposes to reserve for the subdivision and (d) the municipality reasonably determines that it will need to acquire that portion of land for the purposes stated in this paragraph as a result of approval of the subdivision.

Sec. 28. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3a. [PLATTING.] The regulations may require that any subdivision creating parcels, tracts, or lots, shall be platted. The regulations shall require that all subdivisions which create five or more lots or parcels which are 2½ acres or less in size shall be platted. The regulations shall not conflict with the provisions of chapter 505 but may address subjects similar and additional to those in that chapter.

Sec. 29. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3b. [REVIEW PROCEDURES.] The regulations shall include provisions regarding the content of applications for proposed subdivisions, the preliminary and final review and approval or disapproval of applications, and the coordination of such reviews with affected political subdivisions and state agencies. The regulations may provide for the consolidation of the preliminary and final review and approval or disapproval of subdivisions. Preliminary or final approval may be granted or denied for parts of subdivision applications. The regulations may prescribe fees sufficient to defray the costs incurred by the municipality in the review and investigation of and actions upon such applications. The regulations may delegate the authority to review proposals to the planning commission, but final approval or disapproval shall be the decision of the governing body of the municipality unless otherwise provided by law or charter. The regulations shall require that a public hearing shall be held on all subdivision applications prior to preliminary approval, unless otherwise provided by law or charter. The hearing shall be held following publication of notice of the time and place thereof in the official newspaper at least ten days before the day of the hearing. At the hearing, all persons interested shall be given an opportunity to make presentations. A subdivision application shall be preliminarily approved or dis-

approved within 120 days following delivery of an application completed in compliance with the municipal ordinance by the applicant to the municipality, unless an extension of the review period has been agreed to by the applicant. When a division or subdivision to which the regulations of the municipality do not apply is presented to the city, the clerk of the municipality shall within ten days certify that the subdivision regulations of the municipality do not apply to the particular division.

If the municipality or the responsible agency of the municipality fails to preliminarily approve or disapprove an application within the review period, the application shall be deemed preliminarily approved, and upon demand the municipality shall execute a certificate to that effect. Following preliminary approval the applicant may request final approval by the municipality, and upon such request the municipality shall certify final approval within 60 days if the applicant has complied with all conditions and requirements of applicable regulations and all conditions and requirements upon which the preliminary approval is expressly conditioned either through performance or the execution of appropriate agreements assuring performance. If the municipality fails to certify final approval as so required, and if the applicant has complied with all conditions and requirements, the application shall be deemed finally approved, and upon demand the municipality shall execute a certificate to that effect. After final approval a subdivision may be filed or recorded.

Sec. 30. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 3c. [EFFECT OF SUBDIVISION APPROVAL.] For one year following preliminary approval and for two years following final approval, unless the subdivider and the municipality agree otherwise, no amendment to a comprehensive plan or official control shall apply to or affect the use, development density, lot size, lot layout, or dedication or platting required or permitted by the approved application. Thereafter, pursuant to its regulations, the municipality may extend the period by agreement with the subdivider and subject to all applicable performance conditions and requirements, or it may require submission of a new application unless substantial physical activity and investment has occurred in reasonable reliance on the approved application and the subdivider will suffer substantial financial damage as a consequence of a requirement to submit a new application. In connection with a subdivision involving planned and staged development, a municipality may by resolution or agreement grant the rights referred to herein for such periods of time longer than two years which it determines to be reasonable and appropriate.

Sec. 31. Minnesota Statutes 1978, Section 462.358, is amended by adding a subdivision to read:

Subd. 4a. [DISCLOSURE BY SELLER; BUYER'S ACTION FOR DAMAGES.] A person conveying a new parcel of land which, or the plat for which, has not previously been filed or recorded, and which is part of or would constitute a subdivision to which adopted municipal subdivision regulations apply, shall attach to

the instrument of conveyance either: (a) recordable certification by the clerk of the municipality that the subdivision regulations do not apply, or that the subdivision has been approved by the governing body, or that the restrictions on the division of taxes and filing and recording have been waived by resolution of the governing body of the municipality in this case because compliance will create an unnecessary hardship and failure to comply will not interfere with the purpose of the regulations; or (b) a statement which names and identifies the location of the appropriate municipal offices and advises the grantee that municipal subdivision and zoning regulations may restrict the use or restrict or prohibit the development of the parcel, or construction on it, and that the division of taxes and the filing or recording of the conveyance may be prohibited without prior recordable certification of approval, nonapplicability, or waiver from the municipality. In any action commenced by a buyer of such a parcel against the seller thereof, the misrepresentation of or the failure to disclose material facts in accordance with this subdivision shall be grounds for damages. If the buyer establishes his right to damages, a district court hearing the matter may in its discretion also award to the buyer an amount sufficient to pay all or any part of the costs incurred in maintaining the action, including reasonable attorney fees, and an amount for punitive damages not exceeding five per centum of the purchase price of the land.

Sec. 32. Minnesota Statutes 1978, Section 462.358, Subdivision 4, is amended to read:

Subd. 4b . [RESTRICTIONS ON FILING AND RECORDING CONVEYANCES.] In a municipality in which subdivision regulations are in force and have been filed or recorded as provided in this section, no conveyance of land to which the regulations are applicable shall be filed or recorded, if the land is described in the conveyance by metes and bounds or by reference to an unapproved registered land survey made after April 21, 1961 or to an unapproved plat made after such regulations become effective. The foregoing provision does not apply to a conveyance if the land described:

(1) was a separate parcel of record April 1, 1945 or the date of adoption of subdivision regulations under Laws 1945, Chapter 287, whichever is the later, or of the adoption of subdivision regulations pursuant to a home rule charter, or

(2) was the subject of a written agreement to convey entered into prior to such time,

(3) was a separate parcel of not less than two and one-half acres in area and 150 feet in width on January 1, 1966, or

(4) was a separate parcel of not less than five acres in area and 300 feet in width on July 1, 1980, or

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 1896, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and H. F. No. 1896 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1978, Section 241.021, Subdivision 1, is amended to read:

241.021 [LICENSING AND SUPERVISION OF INSTITUTIONS AND FACILITIES.] Subdivision 1. [SUPERVISION OVER CORRECTIONAL INSTITUTIONS; ADVISORY TASK FORCES.] (1) The commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. He shall promulgate pursuant to chapter 15, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association or other private organization legally responsible

for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner may provide by rule for provisional licenses which authorize the operation of a correctional facility on a temporary basis where the operator is temporarily unable to comply with all of the requirements for a license. Notwithstanding the provisions of sections 15.0412 and 15.0413, rules setting standards for group homes established under the direction of the juvenile courts shall not take effect until September 1, 1979. The commissioner shall have access to the buildings, grounds, books, records, staff and to persons detained or confined in these facilities. He may require the officers in charge of these facilities to furnish all information and statistics he deems necessary, upon forms furnished by him. *Rules promulgated hereunder establishing the maximum number of children permitted to reside in group homes shall require that children in the group foster parents' natural family be counted in the number of children actually residing in the group home, and the application of the rules providing the maximum number and manner of counting residents shall not be waived.*

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1) of this subdivision, except foster care facilities for delinquent children and youth as provided in subdivision 2, does not conform to the minimum standards established by law or by the commissioner, he shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, he may issue his order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, he may, at the request of the appropriate officials of the affected facility supported by a

written schedule for compliance, grant an extension of time for a period not to exceed one year.

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted or adjudicated to be guilty or delinquent.

By July 1, 1979, a case plan shall be prepared for each child who was residing in a *foster home* on July 1, 1978 and who has not been returned to the home of his parent or parents.

The document shall be explained to all persons involved in its implementation, including the child who has signed the document, and shall set forth:

(2) The specific actions to be taken by the parent or parents of the child to eliminate or correct the problems or conditions identified in clause (1), and the time period during which the actions are to be taken;

(3) The financial responsibilities and obligations, if any, of the parents for the support of the child during the period the child is in the *foster home residential facility*;

(4) The visitation rights and obligations of the parent or parents during the period the child is in the *foster home residential facility*;

The parent or parents and the child *each* shall have the right to legal counsel in the preparation of the case plan *and shall be informed of the right at the time of placement of the child. The child shall also have the right to a guardian ad litem.* If unable to employ counsel from their own resources, the court shall appoint counsel upon the request of the parent or parents or the child or his legal guardian. The parent or parents may also receive assistance from any person or social service agency in preparation of the case plan.

After the plan has been agreed upon by the parties involved, the foster parents shall be fully informed of the provisions of the case plan.

Subd. 2. [SIX MONTH REVIEW OF VOLUNTARY PLACEMENTS.] If the child has been placed in a *foster home residential facility* pursuant to a voluntary release by his parent or parents, the case plan shall be reviewed by the persons involved in its preparation 180 days after the initial placement of the child in a *foster home residential facility* if the child is not returned to the home of his parent or parents within that time.

Subd. 3. [REVIEW OF VOLUNTARY PLACEMENTS.] If the child has been placed in a *foster home residential facility* pursuant to a voluntary release by his parent or parents, and is not returned to his home within 18 months after his initial placement in the *foster home residential facility*, the social service agency responsible for the placement shall:

Sec. 3. Minnesota Statutes 1978, Section 260.011, Subdivision 2, is amended to read:

Subd. 2. The purpose of the laws relating to juvenile courts is to secure for each *minor child alleged or adjudicated neglected or dependent* and under the jurisdiction of the court, the care and guidance, preferably in his own home, as will serve the spiritual, emotional, mental, and physical welfare of the *minor child* and the best interests of the state; to preserve and strengthen the *minor's child's* family ties whenever possible, removing him from the custody of his parents only when his welfare or safety and *protection of the public* cannot be adequately safeguarded without re-

moval; and, when the ~~minor~~ *child* is removed from his own family, to secure for him custody, care and discipline as nearly as possible equivalent to that which should have been given by his parents.

The purpose of the laws relating to children alleged or adjudicated to be delinquent is to promote the public safety and reduce juvenile delinquency by maintaining the integrity of the substantive law prohibiting certain behavior and by developing individual responsibility for lawful behavior. This purpose should be pursued through means that are fair and just, that recognize the unique characteristics and needs of children, and that give children access to opportunities for personal and social growth.

The laws relating to juvenile courts shall be liberally construed to carry out these purposes.

Sec. 4. Minnesota Statutes 1978, Section 260.111, Subdivision 1, is amended to read:

Sec. 6. Minnesota Statutes 1978, Section 260.121, subdivision 3, is amended to read:

Subd. 3. *Except when a child is alleged to have committed a minor traffic offense, as defined in section 260.193, subdivision 1, clause (c)*, if it appears at any stage of the proceeding that a child before the court is a resident of another state, the court may invoke the provisions of the interstate compact on juveniles or, if it is in the best interests of the child or the public to do so, the court may place the child in the custody of his parent, guardian, or

custodian, if the parent, guardian, or custodian agree to accept custody of the child and return him to their state.

The prosecuting authority to whom ~~such the~~ matter is referred shall within the time specified in ~~such the~~ order of reference, which time shall not exceed 90 days, file with the court making ~~such the~~ order of reference notice of intent to prosecute or not to prosecute. If ~~such the~~ prosecuting authority files notice of intent not to prosecute or fails to act within the time specified, the court shall proceed as if no order of reference had been made. If such prosecuting authority files with the court notice of intent to prosecute the jurisdiction of the juvenile court in the matter is terminated.

This subdivision applies to dispositions of juveniles found to be delinquent as defined in section 260.015, subdivision 5, clause (c) or (d) made prior to, on, or after January 1, 1978.

Sec. 18. Minnesota Statutes 1978, Section 260.193, is amended to read:

260.193 [JUVENILE TRAFFIC OFFENDER; PROCEDURES; DISPOSITIONS.] Subdivision 1. *(a) For purposes of this section, the following terms have the meanings given them.*

(b) "Major traffic offense" includes any violation of a state or local traffic law, ordinance, or regulation, or a federal, state, or local water traffic law not included within the provisions of clause (c).

(c) "Minor traffic offense" means a violation of a state or local traffic law, ordinance, or regulation, or a federal, state, or local water traffic law constituting an offense punishable only by fine of not more than \$100.

Subd. 2. A child who violates a state or local traffic law, ordinance, or regulation, or who violates a federal, state, or local water traffic law commits a major traffic offense shall be adjudicated a "juvenile highway traffic offender" or a "juvenile water traffic offender," as the case may be, and shall not be adjudicated delinquent, unless, as in the case of any other child alleged to be delinquent, a petition is filed in the manner provided in section 260.131, summons issued, notice given, a hearing held, and the court finds as a further fact that the child is also delinquent within the meaning and purpose of the laws relating to juvenile courts.

Subd. 3. Except as provided in subdivision 4, a child who commits a minor traffic offense and at the time of the offense was at least 16 years old shall be subject to the laws and court procedures controlling adult traffic violators and shall not be under the jurisdiction of the juvenile court. When a child is alleged to have committed a minor traffic offense and is at least 16 years old at

the time of the offense, the peace officer making the charge shall follow the arrest procedures prescribed in section 169.91 and shall make reasonable effort to notify the child's parent or guardian of the nature of the charge.

Subd. 4. The juvenile court shall have original jurisdiction if the child is alleged to have committed both major and minor traffic offenses in the same behavioral incident.

Subd. 2 5. When a child is alleged to have violated any state or local traffic law, ordinance, or regulation committed a major traffic offense, the peace officer making the charge shall file a signed copy of the notice to appear, as provided in section 169.91, with the juvenile court of the county in which the violation occurred, and the notice to appear has the effect of a petition and gives the juvenile court jurisdiction. Filing with the court of a notice to appear containing the name and address of the child allegedly violating a federal, state, or local water traffic law committing a major traffic offense and specifying the offense charged, the time and place of the alleged violation shall have the effect of a petition and give the juvenile court jurisdiction. Any reputable person having knowledge of a child who violates a state or local traffic law, ordinance, or regulation or a federal, state, or local water traffic law, ordinance, or regulation commits a major traffic offense may petition the juvenile court in the manner provided in section 260.131. Whenever a notice to appear or petition is filed alleging that a child is a juvenile highway traffic offender or a juvenile water traffic offender, the court shall summon and notify the persons required to be summoned or notified as provided in sections 260.135 and 260.141. However, it is not necessary to (1) notify more than one parent, or (2) publish any notice, or (3) personally serve outside the state.

Subd. 3 6. Before making a disposition of any child found to be a juvenile highway major traffic offender, the court shall obtain from the department of transportation information of any previous traffic violation by this juvenile. In the case of a juvenile water traffic offender, he shall obtain from the office where such the information is now or hereafter may be kept information of any previous water traffic violation by such the juvenile.

Subd. 4 7. If after a hearing the court finds that the welfare of a juvenile highway major traffic offender or a juvenile water traffic offender or the public safety would be better served under the laws controlling adult traffic violators, the court may transfer the case to any court of competent jurisdiction presided over by a salaried judge if there is one in the county. The juvenile court transfers the case by forwarding to the appropriate court the documents in the court's file together with an order to transfer. The court to which the case is transferred shall proceed with the case as if the jurisdiction of the juvenile court had never attached.

Subd. 5 8. If the juvenile court finds that the child is a juvenile major highway or water traffic offender, it may make any one or more of the following dispositions of the case:

(a) Reprimand the child and counsel with the child and his parents;

(b) Continue the case for a reasonable period under such conditions governing the child's use and operation of any motor vehicles or boat as the court may set;

(c) Require the child to attend a driver improvement school if one is available within the county;

(d) Recommend to the department of public safety suspension of the child's driver's license as provided in section 171.16;

(e) If the child is found to have committed two moving highway traffic violations or to have contributed to a highway accident involving death, injury, or physical damage in excess of \$100, the court may recommend to the commissioner of public safety or to the licensing authority of another state the cancellation of the child's license until he reaches the age of 18 years, and the commissioner of public safety is hereby authorized to cancel the license without hearing. At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety, or to the licensing authority of another state, that the child's license be returned to him, and the commissioner of public safety is authorized to return the license;

(f) Place the child under the supervision of a probation officer in his own home under conditions prescribed by the court including reasonable rules relating to his operation and use of motor vehicles or boats directed to the correction of his driving habits;

(g) *Require the child to pay a fine of up to \$500. The court shall order payment of the fine in accordance with a time payment schedule which shall not impose an undue financial hardship on the child.*

Subd. 6 9. The juvenile court shall report the disposition of all juvenile highway traffic cases to the commissioner of public safety, as provided in section 171.16, on the standard form provided by the department of public safety under section 169.95.

Subd. 7 10. The juvenile court records of juvenile highway traffic offenders and juvenile water traffic offenders shall be kept separate from delinquency matters.

Sec. 19. Minnesota Statutes 1978, Section 260.211, Subdivision 1, is amended to read:

260.211 [EFFECT OF JUVENILE COURT PROCEEDINGS.]
Subdivision 1. No adjudication upon the status of any child in the jurisdiction of the juvenile court shall operate to impose any of the civil disabilities imposed by conviction, nor shall any child be deemed a criminal by reason of this adjudication, nor shall this adjudication be deemed a conviction of crime. The disposition of the child or any evidence given by the child in the juvenile court shall not be admissible as evidence against him in any case or

proceeding in any other court, *except that an adjudication may later be used to determine a proper sentence, nor shall the disposition or evidence disqualify him in any future civil service examination, appointment, or application.*

Sec. 20. Minnesota Statutes 1978, Chapter 480, is amended by adding a section to read:

[480.0595] [JUVENILE COURT RULES.] *The supreme court shall promulgate rules to regulate the pleadings, practice, procedure and the forms thereof in juvenile proceedings in all juvenile courts of the state in accordance with the provisions of section 480.059, except with respect to the composition of the advisory committee. The rules shall be published and distributed to the judiciary and attorneys of the state on or before September 1, 1981.*

Sec. 21. Minnesota Statutes 1978, Section 484.70, is amended by adding a subdivision to read:

Subd. 5. No referee sitting in juvenile court in the second and fourth judicial districts may hear any motion involving a contested case or preside at any hearing or final trial involving a contested case if either party or his attorney objects in writing to the assignment of a referee to hear the matter. The court shall, by rule, specify the time within which the objections must be filed. If written objections are not filed consistent with the court's rules, the parties and their attorneys are deemed to have conferred full judicial powers to the referee.

Sec. 22. Minnesota Statutes 1978, Section 540.18, Subdivision 1, is amended to read:

540.18 [DAMAGE BY MINOR; RESPONSIBILITY OF PARENT, GUARDIAN, AND MINOR.] Subdivision 1. The parent or guardian of the person of a minor who is under the age of 18 and who is living with the parent or guardian and who willfully or maliciously causes injury to any person or damage to any property is jointly and severally liable with such minor for such injury or damage to an amount not exceeding \$100 \$500, if such minor would have been liable for such injury or damage if he had been an adult. Nothing in this subdivision shall be construed to relieve such minor from personal liability for such injury or damage. The liability provided in this subdivision is in addition to and not in lieu of any other liability which may exist at law. Recovery under this section shall be limited to special damages.

Sec. 23. [EFFECTIVE DATE.] *Section 21 is effective the day following final enactment and expires July 31, 1981. The remainder of the sections are effective August 1, 1980 and apply to offenses committed on or after that date except with respect to the history of offenses provided for in section 7."*

Mr. President:

House File No. 1847 is herewith transmitted to the Senate.

Edward A. Burdick, Chief Clerk, House of Representatives

Transmitted April 8, 1980

CONFERENCE COMMITTEE REPORT ON H. F. NO. 1847

A bill for an act relating to public welfare; providing for a study of revisions to the nursing home rate reimbursement formula; appropriating money.

April 3, 1980

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 1847, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 1847 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. The commissioner of public welfare shall undertake a study to further develop, analyze, and evaluate suggested revisions to the current rate reimbursement system established pursuant to Minnesota Statutes, Sections 256B.41 to 256B.48. In the study, the commissioner shall analyze the fiscal impact of the suggested rate reimbursement formula on nursing homes in the state and on the medical assistance program budget. The study shall also analyze the revisions of the current system to determine if they are designed to improve the system’s equitable treatment of nursing homes, control costs and cost increases, reduce administrative complexity, provide capability for better biennial budgeting for nursing home care by the commissioner, and place the commissioner’s primary concerns on fair and equitable reimbursement and enforcement. The revisions studied shall provide for reimbursement of capital costs according to a rental concept of payment based upon an initial appraised value of fixed assets and land that will be updated according to an index or indices. The commissioner shall prepare a report for the legislature before December 31, 1980, which shall include cost analyses, implementation strategies and suggestions regarding changes in rule and stat-

utory language needed to incorporate the revisions into the nursing home rate reimbursement system. The rule and statutory language changes in the report shall address allowable costs, capital costs, operating costs and exceptions.

Sec. 2. Minnesota Statutes 1978, Section 256B.47, is amended by adding a subdivision to read:

Subd. 5. The commissioner shall promulgate rules no later than August 1, 1980, to amend the current rules governing nursing home reimbursement, in accordance with sections 15.0411 to 15.052, to allow providers to allocate their resources in order to provide as many nursing hours as necessary within the total cost limitations of the per diem already granted.

Sec. 3. [STATEMENT OF PURPOSE.] *The legislature finds that general health is related to dental health and, due to the increased longevity of the population, the expansion of the nursing home industry, and the existing unmet and continuing needs for dental health in nursing homes, it is appropriate and necessary to establish programs for residents of nursing homes which promote dental health and prevent dental disease.*

Sec. 4. [PROGRAM ASPECTS.] Subdivision 1. *The commissioner of health shall provide for the establishment of nursing home dental health programs as provided in this section.*

Subd. 2. The commissioner shall:

(a) Develop, maintain, and distribute to nursing homes a dental health manual which identifies their administrative and patient care responsibilities and which recommends a local dental health policy;

(b) Establish, in conjunction with the dental profession, nursing home dental health standards, priorities of dental operations and guidelines for advisory dentists;

(c) Review existing nursing home dental health regulations to insure their consistency with current oral health standards;

(d) Seek the cooperation and coordination of a joint statewide effort between the dental profession, the nursing home industry and senior citizen organizations to promote the purpose of this section; and

(e) Provide technical dental health assistance, dental consultation, and current dental health information to nursing homes.

Subd. 3. *In each of the eight health department districts, the commissioner shall establish during the biennial cycle a specific site program for nursing homes each to include:*

(a) The analysis and identification of resident dental care needs and obstacles to access and the achievement of optimal oral health care and maintenance; and

(b) A training program of preventive oral health practices for nursing home staff.

Sec. 5. [PROGRAM SUPERVISION.] *The commissioner shall provide for all administrative and technical responsibilities for section 4. The development and administration of the program shall be under a licensed dentist.*

Sec. 6. [REPORT.] *The commissioner shall compile, analyze, and evaluate programmatic data and accomplishments related to sections 4 and 5 and submit a report to the legislature by April 15, 1981.*

Sec. 7. Minnesota Statutes 1978, Chapter 253A, is amended by adding a section to read:

[253A.22] [EVALUATION PROGRAM FOR COMMITTED PERSONS.] *Subdivision 1. The committing court in each county shall participate in a statewide results-oriented evaluation program designed to assure that each person it orders committed pursuant to section 253A.07 shall receive the best possible treatment plan. In order to implement the program, the court shall appoint for each committed person, upon that person's hospitalization for an indeterminate period, a counsel guardian for the duration of the person's period of commitment.*

Subd. 2. For each patient assigned to the counsel guardian, the guardian shall obtain from the head of the hospital where the patient is institutionalized, as soon as practical after hospitalization and at the beginning of treatment, a written report describing the significant cognitive, emotional and behavioral problems of the patient and a clinical diagnosis of those problems. The guardian shall file the report with the committing court. Upon completion of a specific plan of treatment for a patient, the counsel guardian shall file a written report with the court indicating the type of treatment administered; the length of and cost incurred for the treatment; and the results obtained in light of the original diagnosis of each identified problem of the patient. Each report required under this subdivision shall refer to the patient by use of a numerical code in order to protect the patient's privacy. The head of a hospital to which a person has been committed pursuant to chapter 253A, shall make treatment information available to counsel guardians and otherwise assist guardians to carry out the provisions of this section.

Subd. 3. In order to further the purposes of this section, the commissioner of public welfare shall develop and maintain a program of collection and compilation of statistics relating to treatment of patients. The data shall be derived from the reports required to be filed by guardians pursuant to subdivision 2. The commissioner shall provide a statistical summary of data relating to committed persons for each committing court and for the state as a whole. The commissioner shall prepare data in code and shall ensure that only the commissioner or his designate has access to the names of the patients, guardians and clinical diagnosticians.

Subd. 4. The judges of probate court may designate judges of probate to serve on a panel whose purpose shall be to analyze the impact, positive or negative, or both, of treatment upon committed persons. The panel may request statistical analysis relating

to treatment of patients from the commissioner of public welfare. The panel shall consult with a recognized state medical psychiatric organization prior to dissemination of the data amongst the two professions, law and medicine.

Sec. 8. [APPROPRIATION.] *Subdivision 1. The sum of \$40,000 is appropriated from the general fund to the commissioner of public welfare for use in implementing an analysis and fiscal evaluation of suggested revisions to the nursing home rate reimbursement formula. This appropriation is available until January 1, 1981.*

Subd. 2. The sum of \$40,000 is appropriated from the general fund to the commissioner of public welfare for the purpose of providing an ongoing computer based information retrieval system that includes the annual cost report information and the balance sheet and statement of changes in financial position from the audited financial statement required by section 256B.48, subdivision 2, clause (a). This appropriation is available until June 30, 1981.

Subd. 3. The sum of \$60,000 is appropriated from the general fund to the commissioner of health for nursing home dental health programs, to be available until June 30, 1981.

Subd. 4. The sum of \$10,000 is appropriated from the general fund to the commissioner of public welfare for the purposes of section 7 to be available until June 30, 1981.

Sec. 9. [TEMPORARY PROVISION.] *The commissioner of corrections shall amend 11 MCAR Section 2.111 (G) (1.) by striking the word "Health" and insert the word "Corrections."*

Notwithstanding sections 15.0411 to 15.052, the amendment shall be effective on the day following its publication in the State Register.

Sec. 10. [EFFECTIVE DATE.] *This act is effective the day following its final enactment. Sections 3, 4, 5 and 6 shall expire June 30, 1981 and section 7 shall expire June 30, 1983."*

A bill for an act relating to health; requiring counties to establish local nursing home pre-admission screening teams; prescribing duties of the teams and the commissioner of public welfare; appropriating money; amending Minnesota Statutes 1978, Chapter 256B, by adding a section.

April 3, 1980

The Honorable Edward J. Gearty
President of the Senate

The Honorable Fred C. Norton
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 702, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 702 be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1978, Chapter 256B, is amended by adding a section to read:

[256B.091] [NURSING HOME PRE-ADMISSION SCREENING PROGRAM.] *Subdivision 1. [PURPOSE.] It is the purpose of this section to prevent inappropriate nursing home placement by establishing a program of pre-admission screening teams for all medical assistance recipients and any individual who would become eligible for medical assistance within 90 days of admission to a licensed nursing home participating in the program. Further, it is the purpose of this section and the program to gain further information about how to contain costs associated with inappropriate nursing home admissions. The commissioners of public welfare and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the appropriation available. The commissioner of public welfare shall promulgate temporary rules in order to implement this section by September 1, 1980.*

Subd. 2. [SCREENING TEAMS; ESTABLISHMENT.] Each county agency designated by the commissioner of public welfare to participate in the program shall contract with the local board of health organized under Minnesota Statutes, Section 145.911 to 145.922 or other public or non-profit agency to establish a screening team to assess, prior to admission to a nursing home licensed under section 144A.02, the health and social needs of medical assistance recipients and individuals who would become eligible for medical assistance within 90 days of nursing home admission. Each local screening team shall be composed of a public health nurse from the local public health nursing service and a social worker from the local community welfare agency. Each screening team shall have a physician available for consultation and shall utilize individuals' attending physicians' physical assessment forms, if any, in assessing needs. The individual's physician shall be included on the screening team if the physician chooses to participate. Other personnel as deemed appropriate by the county agency may be included on the team. No member of a screening team shall have a direct or indirect financial or self-serving interest in a nursing home or non-institutional referral such that it would not be possible for the member to consider each case objectively.

Subd. 3. [SCREENING TEAM; DUTIES.] Local screening teams shall seek cooperation from other public and private agencies in the community which offer services to the disabled and elderly. The responsibilities of the agency responsible for screening shall include:

(a) Provision of information and education to the general public regarding availability of the screening program;

(b) Acceptance of referrals from individuals, families, human service professionals and nursing home personnel of the community agencies;

(c) *Assessment of health and social needs of referred individuals and identification of services needed to maintain these persons in the least restrictive environments;*

(d) *Identification of available noninstitutional services to meet the needs of individuals referred;*

(e) *Recommendations for individuals screened regarding:*

(1) *Nursing home admission; and*

(2) *Maintenance in the community with specific service plans and referrals and designation of a lead agency to implement each individual's plan of care;*

(f) *Provisions of follow up services as needed; and*

(g) *Preparation of reports which may be required by the commissioner of public welfare.*

Subd. 4. [SCREENING OF PERSONS.] *Prior to nursing home admission, screening teams shall assess the needs of all persons receiving medical assistance and of all persons who would be eligible for medical assistance within 90 days of admission to a nursing home, except patients from acute care facilities or transfers from other nursing homes. Any other interested person may be assessed by a screening team upon payment of a fee based upon a sliding fee scale.*

Subd. 5. [APPEALS.] *Appeals from the screening team's determination shall be made pursuant to the procedures set forth in Minnesota Statutes, Section 256.045, Subdivisions 2 and 3. An appeal shall be automatic if the individual's physician does not agree with the recommendation of the screening team.*

Subd. 6. [TEAM REIMBURSEMENT.] *The commissioner of public welfare shall amend the Minnesota medical assistance plan to include reimbursement for the local screening teams. Reimbursement shall not be provided for any recipient placed in a nursing home in opposition to the screening team's recommendation after January 1, 1981; provided, however, the commissioner shall not deny reimbursement for (1) an individual admitted to a nursing home who is assessed to need long-term supportive services if long-term supportive services other than nursing home care are not available in that community; or (2) any eligible individual placed in the nursing home pending an appeal of the preadmission screening team's decision; or (3) any eligible individual placed in the nursing home by a physician in an emergency situation and where the screening team has not made a decision within five working days of its initial contact.*

Subd. 7. [REPORT.] *The commissioner of public welfare, in consultation with the commissioner of health, shall evaluate the screening program established pursuant to this section and provide a report to the legislature by April 1, 1981, which shall include a description of:*

(a) *The cost effectiveness of the program;*

- (b) *The unmet needs in the community;*
 (c) *Similar screening activities in the counties;*
 (d) *Methods to improve the program.*

Sec. 2. [APPROPRIATION.] *For the biennium ending June 30, 1981, there is appropriated from the general fund to the department of public welfare the sum of \$48,000 for the purposes of section 1 and the approved complement shall be increased by one until June 30, 1981.*

Sec. 3. [EFFECTIVE DATE.] *This act shall be effective the day following its enactment."*

ARTICLE I

GENERAL PROVISIONS

Section 515.1-101. [SHORT TITLE.] Sections 515.1-101 to 515.4-117 shall be known and may be cited as the uniform condominium act.

Sec. 515.1-102. [APPLICABILITY.] (a) Sections 515.1-105 (Separate Titles and Taxation; Homestead), 515.1-106 (Applicability of Local Ordinances, Regulations, and Building Codes), 515.1-107 (Eminent Domain), 515.2-103 (Construction and Validity of Declaration and Bylaws), 515.2-104 (Description of Units),

515.3-102 (1) to (5) and (9) to (12) (Powers of Unit Owners Association), 515.3-111 (Tort and Contract Liability), 515.3-112 (Insurance), 515.3-115 (Lien for Assessments), 515.3-116 (Association Records), 515.4-107 (Resales of Units), and 515.1-103 (Definitions) to the extent necessary in construing any of those sections, apply to all condominiums created in this state prior to the effective date of sections 515.1-101 to 515.4-117; provided, however, that these sections apply only with respect to events and circumstances occurring after the effective date of sections 515.1-101 to 515.4-117, and do not invalidate existing provisions of the declaration, bylaws, or floor plans of those condominiums.

(b) Sections 515.1-101 to 515.4-117 apply to all condominiums created within this state after August 1, 1980. The provisions of Minnesota Statutes, Sections 515.01 to 515.29 do not apply to condominiums created after August 1, 1980 and do not invalidate any amendment to the declaration, bylaws, or floor plans of any condominium created before August 1, 1980 if the amendment would be permitted by sections 515.1-101 to 515.4-117. The amendment must be adopted in conformity with the procedures and requirements specified by those instruments and by Minnesota Statutes, Sections 515.01 to 515.29. If the amendment grants to any person any rights, powers, or privileges permitted by sections 515.1-101 to 515.4-117, all correlative obligations, liabilities, and restrictions in sections 515.1-101 to 515.4-117 also apply to that person.

Sec. 515.1-103. [DEFINITIONS.] In the declaration and bylaws, unless specifically provided otherwise or the context otherwise requires, and in sections 515.1-101 to 515.4-117:

(1) "Additional real estate" means real estate that may be added to a flexible condominium.

(2) "Affiliate of a declarant" means any person who controls, is controlled by, or is under common control with a declarant. A person "controls" a declarant if the person (i) is a general partner, officer, director, or employer of the declarant or (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than 20 percent of the voting interest in the declarant, or (iii) controls in any manner the election of a majority of the directors of the declarant, or (iv) has contributed more than 20 percent of the capital of the declarant. A person "is controlled by" a declarant if the declarant (i) is a general partner, officer, director, or employer of the person or (ii) directly or indirectly or acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than 20 percent of the voting interest in the person, or (iii) controls in any manner the election of a majority of the directors of the person, or (iv) has contributed more than 20 percent of the capital of the person. Control does not exist if the powers described in this paragraph are held solely as security for an obligation and are not exercised.

(3) "Association" or "unit owners association" means the unit owners association organized under section 515.3-101.

(4) "Common elements" means all portions of a condominium other than the units.

(5) "Common expenses" means expenditures made or liabilities incurred by or on behalf of the association, together with any allocations to reserves.

(6) "Common expense liability" means the liability for common expenses allocated to each unit pursuant to section 515.2-108.

(7) "Condominium" means real estate, portions of which are designated for separate ownership and the remainder of which is designated for common ownership solely by the owners of those portions. Real estate is not a condominium unless the undivided interests in the common elements are vested in the unit owners.

(8) "Conversion condominium" means a condominium in which a building was at any time before the recording of the declaration wholly or partially occupied by persons other than purchasers and persons who occupied with the consent of the purchasers.

(9) "Declarant" means:

(a) if the condominium has been created, (1) any person who has executed a declaration or an amendment to a declaration to add additional real estate, other than persons holding interests in the real estate solely as security for an obligation, persons whose interests in the real estate will not be conveyed to unit owners, or, in the case of a leasehold condominium, a lessor who possesses no special declarant rights and who is not an affiliate of a declarant who possesses special declarant rights, or (2) any person who succeeds under section 515.3-104 to any special declarant rights; or

(b) any person who has offered prior to creation of a condominium to dispose of his interest in a unit to be created and not previously disposed of.

(10) "Dispose" or "disposition" means a voluntary transfer of any legal or equitable interest in a unit, other than as security for an obligation.

(11) "Flexible condominium" means a condominium to which additional real estate may be added.

(12) "Leasehold condominium" means a condominium in which all of the real estate is subject to a lease, the expiration or termination of which will terminate the condominium.

(13) "Limited common element" means a portion of the common elements allocated by the declaration or by operation of section 515.2-102(2) or (4) for the exclusive use of one or more but fewer than all of the units.

(14) "Person" means a natural person, corporation, partnership, trust, or other entity, or any combination thereof.

(15) "Purchaser" means any person, other than a declarant, who prior to creation of the condominium enters into a purchase agreement with a declarant or who by means of a voluntary transfer after creation of the condominium holds a legal or equitable interest in a unit, other than (i) a leasehold interest (including renewal options) of less than three years, or (ii) as security for an obligation.

(16) "Real estate" means any leasehold for three years or more or other estate or interest in, over, or under land, including structures, fixtures, and other improvements and interests which by custom, usage, or law pass with a conveyance of land though not described in the contract of sale or instrument of conveyance. "Real estate" includes parcels with or without upper or lower boundaries.

(17) "Security for an obligation" means the vendor's interest in a contract for deed, mortgagee's interest in a mortgage, purchaser's interest under a sheriff's certificate of sale during the period of redemption, or the holder's interest in a lein.

(18) "Special declarant rights" means rights reserved for the benefit of a declarant to complete improvements indicated on floor plans (section 515.2-110); to add additional real estate to a flexible condominium (section 515.2-111); to subdivide or convert a unit (section 515.2-115); to maintain sales offices, management offices, signs advertising the condominium, and models (section 515.2-117); to use easements through the common elements for the purpose of making improvements within the condominium or any additional real estate (section 515.2-118); or to appoint or remove any board member during any period of declarant control (section 515.3-103(a)).

(19) "Unit" means a portion of the condominium, whether or not contained solely or partially within a building, designated for separate ownership, the boundaries of which are described pursuant to section 515.2-110.

(20) "Unit owner" means a declarant who owns a unit, a person to whom ownership of a unit has been conveyed or transferred, or in a leasehold condominium a lessee of a unit whose lease expires simultaneously with any lease the expiration or termination of which will remove the unit from the condominium, but does not include a holder of an interest as security for an obligation.

Sec. 515.1-104. [VARIATION BY AGREEMENT.] Except as expressly otherwise provided in sections 515.1-101 to 515.4-117, provisions of sections 515.1-101 to 515.4-117 may not be varied by agreement, and rights conferred by sections 515.1-101 to 515.4-117 may not be waived. A declarant may not act under a power of attorney, or use any other device, to evade the limitations or prohibitions of sections 515.1-101 to 515.4-117 or the declaration.

Sec. 515.1-105. [SEPARATE TITLES AND TAXATION; HOMESTEAD.] (a) Each unit together with its common element interest constitutes for all purposes a separate parcel of real estate.

(b) If a declaration is recorded prior to ten days before any installment of real estate taxes becomes payable, the local taxing authority shall split the taxes so payable on the condominium among the units. Interest and penalties which would otherwise accrue shall not begin to accrue until at least 30 days after the split is accomplished.

(c) A unit used for residential purposes together with not more than two units used for vehicular parking and their common element interests shall be treated the same as any other real estate in determining whether homestead exemptions or classifications shall apply.

Sec. 515.1-106 [APPLICABILITY OF LOCAL ORDINANCES, REGULATIONS, AND BUILDING CODES.] (a) Except as provided in subsections (b) and (c), a zoning, subdivision, building code, or other real estate use law, ordinance, charter provision, or regulation may not directly or indirectly prohibit the condominium form of ownership or impose any requirement upon a condominium, upon the creation or disposition of a condominium or upon any part of the condominium conversion process which it would not impose upon a physically similar development under a different form of ownership. Otherwise, no provision of sections 515.1-101 to 515.4-117 invalidates or modifies any provision of any zoning, subdivision, building code, or other real estate use law, ordinance, charter provision, or regulation.

(b) Subsection (a) shall not apply to any ordinance, rule, regulation, charter provision or contract provision relating to the financing of housing construction, rehabilitation, or purchases provided by or through a housing finance program established and operated pursuant to state or federal law by a state or local agency or local unit of government.

(c) A statutory or home rule charter city, pursuant to an ordinance or charter provision establishing standards to be applied uniformly within its jurisdiction, may prohibit or impose reasonable conditions upon the conversion of buildings to the condominium form of ownership only if there exists within the city a significant shortage of suitable rental dwellings available to low and moderate income individuals or families or to establish or maintain the city's eligibility for any federal or state program providing direct or indirect financial assistance for housing to the city. Prior to the adoption of an ordinance pursuant to the authority granted in this subsection, the city shall conduct a public hearing.

Any ordinance or charter provision adopted pursuant to this subsection shall not apply to any conversion condominium or proposed conversion condominium for which a bona fide loan commitment for a consideration has been issued by a lender and is in effect on the date of adoption of the ordinance or charter provision, or for which a notice of condominium conversion or intent to convert prescribed by section 515.4-110(a), containing a termination of tenancy, has been given to at least 75 percent of the

tenants and subtenants in possession prior to the date of adoption of the ordinance or charter provision.

(d) For purposes of providing marketable title, a statement in the declaration showing that the condominium is not subject to an ordinance or showing that any conditions required under an ordinance have been complied with shall be prima facie evidence that the condominium was not created in violation thereof.

(e) A violation of an ordinance or charter provision adopted pursuant to the provisions of subsections (b) or (c) shall not affect the validity of a condominium. This subsection shall not be construed to in any way limit the power of a city to enforce the provisions of an ordinance or charter provision adopted pursuant to subsections (b) or (c).

Any ordinance or charter provision enacted hereunder shall not be effective for a period exceeding 18 months.

Sec. 515.1-107. [EMINENT DOMAIN.] (a) If a unit is acquired by eminent domain, or if part of a unit is acquired by eminent domain leaving the unit owner with a remnant which may not practically or lawfully be used for any purpose permitted by the declaration, the award shall compensate the unit owner and holders of an interest as security for an obligation in the unit and its common element interest as their interests may appear, whether or not any common element interest is acquired. Upon acquisition, unless the decree otherwise provides, that unit's entire common element interest, votes in the association, and common expense liability are automatically reallocated to the remaining units in proportion to the respective interests, votes, and liabilities of those units prior to the taking, and the association shall promptly prepare, execute, and record an amendment to the declaration reflecting the reallocations. Any remnant of a unit remaining after part of a unit is taken under this subsection is thereafter a common element.

(b) Except as provided in subsection (a), if part of a unit is acquired by eminent domain, the award shall compensate the unit owner and the holders of an interest as security for an obligation as their interests may appear for the reduction in value of the unit and its common element interest. Upon acquisition, unless the apportionment thereof pursuant to the declaration is based upon equality, (1) that unit's common element interest, votes in the association, and common expense liability are reduced in proportion to the reduction in the size of the unit, and (2) the portion of common element interest, votes, and common expense liability divested from the partially acquired unit are automatically reallocated to that unit and the remaining units in proportion to the respective interests, votes, and liabilities of those units prior to the taking, with the partially acquired unit participating in the reallocation on the basis of its reduced interests, votes, and liabilities.

(c) If part of the common elements is acquired by eminent domain, the award shall be paid to the association. The association shall divide any portion of the award not used for any restor-

ation or repair of the remaining common elements among the unit owners and holders of an interest as security for an obligation as their interests may appear in proportion to their respective interests in the common elements before the taking, but the portion of the award attributable to the acquisition of a limited common element shall be equally divided among the owners of the units to which that limited common element was allocated at the time of acquisition and the respective holders of an interest as security for an obligation of the units as their interests may appear of the units to which that limited common element was allocated at the time of acquisition, or in such other manner as the declaration may provide.

(d) The court decree shall be recorded in every county in which any portion of the condominium is located.

Sec. 515.1-108. [SUPPLEMENTAL GENERAL PRINCIPLES OF LAW APPLICABLE.] The principles of law and equity, including the law of corporations, the law of real property and the law relative to capacity to contract, principal and agent, eminent domain, estoppel, fraud, misrepresentation, duress, coercion, mistake, receivership, substantial performance, or other validating or invalidating cause supplement the provisions of sections 515.1-101 to 515.4-117, except to the extent inconsistent with sections 515.1-101 to 515.4-117. Documents required by sections 515.1-101 to 515.4-117 to be recorded shall in the case of registered land be filed.

Sec. 515.1-109. [CONSTRUCTION AGAINST IMPLICIT REPEAL.] Sections 515.1-101 to 515.4-117 being a general act intended as a unified coverage of its subject matter, no part of it shall be construed to be impliedly repealed by subsequent legislation if that construction can reasonably be avoided.

Sec. 515.1-110. [UNIFORMITY OF APPLICATION AND CONSTRUCTION.] Sections 515.1-101 to 515.4-117 shall be applied and construed so as to effectuate its general purpose to make uniform the law with respect to the subject of sections 515.1-101 to 515.4-117 among states enacting it.

Sec. 515.1-111. [SEVERABILITY.] If any provision of sections 515.1-101 to 515.4-117 or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of sections 515.1-101 to 515.4-117 which can be given effect without the invalid provisions or application, and to this end the provisions of sections 515.1-101 to 515.4-117 are severable.

Sec. 515.1-112. [UNCONSCIONABLE AGREEMENT OR TERM OF CONTRACT.] (a) The court, upon finding as a matter of law that a contract or contract clause to which the declarant or the affiliate of a declarant is a party was unconscionable at the time the contract was made, may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable clause, or limit the application of any unconscionable clause in order to avoid an unconscionable result.

(b) Whenever it is claimed, or appears to the court that such a contract or contract clause is or may be unconscionable, the parties, in order to aid the court in making the determination, shall be afforded a reasonable opportunity to present evidence as to:

(1) the commercial setting of the negotiations;

(2) whether a party has knowingly taken advantage of the inability of the other party reasonably to protect his interests by reason of physical or mental infirmity, illiteracy, or inability to understand the language of the agreement or similar factors;

(3) the effect and purpose of the contract or clause; and

(4) if a sale, any gross disparity, at the time of contracting, between the amount charged for the real estate and the value of the real estate measured by the price at which similar real estate was readily obtainable in similar transactions, but a disparity between the contract price and the value of the real estate measured by the price at which similar real estate was readily obtainable in similar transactions does not, of itself, render the contract unconscionable.

Sec. 515.1-113. [OBLIGATION OF GOOD FAITH.] Every contract or duty governed by sections 515.1-101 to 515.4-117 imposes an obligation of good faith in its performance or enforcement.

Sec. 515.1-114. [REMEDIES TO BE LIBERALLY ADMINISTERED.] (a) The remedies provided by sections 515.1-101 to 515.4-117 shall be liberally administered to the end that the aggrieved party is put in as good a position as though the other party had fully performed, provided that rights of bona fide purchasers shall be protected. However, consequential, special, or punitive damages may not be awarded except as specifically provided in sections 515.1-101 to 515.4-117 or by other rule of law.

(b) Any right or obligation declared by sections 515.1-101 to 515.4-117 is enforceable by judicial proceeding unless the provision declaring it provides otherwise.

Sec. 515.1-115. [NOTICE.] Except as otherwise stated in sections 515.1-101 to 515.4-117 all notices required by sections 515.1-101 to 515.4-117 shall be in writing and shall be effective upon hand delivery or upon mailing if properly addressed with postage prepaid and deposited in the United States mail.

Sec. 515.1-116. [EFFECTIVE DATE.] Section 515.1-106 is effective the day following final enactment.

ARTICLE II

CREATION, ALTERATION,

AND TERMINATION OF CONDOMINIUMS

Sec. 515.2-101. [CREATION OF CONDOMINIUM.] (a) A condominium may be created pursuant to sections 515.1-101 to 515.4-117 only by recording a declaration executed, in the same manner as a deed, by all persons whose interests in the real estate

will be conveyed to unit owners, except vendors under contracts for deed, and by every lessor of a lease the expiration or termination of which will terminate the condominium. The condominium shall not include real estate covered by a lease affecting less than all of the condominiums and the expiration or termination of which will reduce the size of the condominium. The declaration and bylaws shall be recorded in every county in which any portion of the condominium is located. Failure of any party to join in a declaration shall have no effect on the validity of a condominium provided that after the recording of the declaration the party acknowledges the condominium in a recorded instrument or the interest of the party is extinguished.

(b) A declaration, or an amendment to a declaration adding units to a condominium, may not be recorded unless all structural components and mechanical systems serving more than one unit of all buildings containing or comprising any units thereby created are substantially completed consistent with the floor plans, as evidenced by a certificate executed by a registered professional engineer or architect and recorded or attached to the floor plans.

(c) No possessory interest in a unit may be conveyed until the unit is substantially completed as evidenced by a recorded certificate of completion executed by a registered professional engineer or architect. For the purpose of this section "substantially completed" means entirely completed consistent with the floor plans. This subsection does not prevent the conveyance prior to substantial completion of all units owned by the declarant to a person who is a transferee of special declarant rights.

(d) The declaration, any amendment or amendments thereof, and every instrument affecting a condominium or any unit shall be entitled to be recorded.

(e) In addition to the records and indexes required to be maintained by the recording officer, the recording officer shall maintain an index or indexes whereby the record of each declaration contains a reference to the record of each conveyance of a unit affected by the declaration.

(f) The recording officer shall upon request assign a number to a condominium to be formed.

(g) The recording officer shall separate the floor plans from the declaration and the floor plans shall be kept by the recording officer in a separate file for each condominium indexed in the same manner as a conveyance entitled to record indicating the number of the condominium.

Sec. 515.2-102. [UNIT BOUNDARIES.] Except as otherwise provided by the declaration:

(1) If walls, floors, or ceilings are designated as boundaries of a unit, all lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring, and any other materials constituting any part of the finished surfaces thereof are a part of

the unit, and all other portions of the walls, floors, or ceilings are a part of the common elements.

(2) If any chute, flue, duct, pipe, wire, conduit, bearing wall, bearing column, or any other fixture lies partially within and partially outside of the designated boundaries of a unit, any portion thereof serving only that unit is a limited common element allocated solely to that unit, and any portion thereof serving more than one unit or any portion of the common elements is a part of the common elements.

(3) Subject to the provisions of paragraph (2), all spaces, interior partitions, and other fixtures and improvements within the boundaries of a unit are a part of the unit.

(4) All exterior doors and windows and any shutters, awnings, window boxes, doorsteps, stoops, porches, balconies, patios, or other fixtures designed to serve a single unit, but located outside the unit's boundaries, are limited common elements allocated exclusively to that unit.

Sec. 515.2-103. [CONSTRUCTION AND VALIDITY OF DECLARATION AND BYLAWS.] (a) All provisions of the declaration and bylaws are severable.

(b) The rule against perpetuities may not be applied to defeat any provision of the declaration or sections 515.1-101 to 515.4-117, or any instrument executed pursuant to the declaration of sections 515.1-101 to 515.4-117.

(c) In the event of a conflict between the provisions of the declaration and the bylaws, the declaration prevails except to the extent that the declaration is inconsistent with sections 515.1-101 to 515.4-117.

Sec. 515.2-104. [DESCRIPTION OF UNITS.] After the declaration is recorded, a description of a unit which sets forth the number of the condominium, the county in which the condominium is located, and the identifying number of the unit, is a sufficient legal description of that unit and its common element interest whether or not the common element interest is described or referred to therein.

Sec. 515.2-105. [CONTENTS OF DECLARATION; ALL CONDOMINIUMS.] The declaration for a condominium shall contain:

(1) the name and number of the condominium, which shall include the word "condominium" or be followed by the words "a condominium";

(2) the name of every county in which any part of the condominium is situated;

(3) a legally sufficient description of the real estate included in the condominium;

(4) a description or delineation of the boundaries of a unit;

(5) the floor plans as required by section 515.2-110;

(6) an allocation to each unit of an undivided interest in the common elements, a portion of the votes in the association, and a percentage or fraction of the common expenses of the association (section 515.2-108);

(7) a statement of the maximum number of any units which may be created by the subdivision or conversion of units owned by the declarant pursuant to section 515.2-115(c);

(8) an allocation of any limited common elements, as provided in section 515.2-109;

(9) any restrictions on use, occupancy, and alienation of the units;

(10) a statement showing that the condominium is not subject to an ordinance provided for in section 515.1-106 or showing that any conditions required under an ordinance have been complied with;

(11) any other matters the declarant deems appropriate.

Sec. 515.2-106. [CONTENTS OF DECLARATION; FLEXIBLE CONDOMINIUMS.] The declaration for a flexible condominium shall include, in addition to the matters specified in section 515.2-105:

(1) an explicit reservation of any options to add additional real estate;

(2) a statement of any time limit, not exceeding seven years after the recording of the declaration, upon which any option reserved under paragraph (1) will lapse, together with a statement of any circumstances that will terminate the option before the expiration of the time limit. If no time limit is set forth in the declaration, the time limit shall be seven years after the recording of the declaration;

(3) a statement of any limitations on any option reserved under paragraph (1), other than limitations created by or imposed pursuant to law;

(4) legally sufficient descriptions of each portion of additional real estate;

(5) if portions of any additional real estate may be added at different times, a statement to that effect together with a statement fixing the boundaries of those portions and regulating the order in which they may be added or a statement that no assurances are made in those regards;

(6) a statement of (i) the maximum number of units that may be created within any additional real estate and within any portion, the boundaries of which are fixed pursuant to paragraph (5), and (ii) how many of those units will be restricted exclusively to residential use;

(7) a statement that any buildings and units that may be erected upon the additional real estate or a portion thereof will be

compatible with the other buildings and units in the condominium in terms of architectural style, quality of construction, principal materials employed in construction, and size, or a statement of any differences with respect to the buildings or units, or a statement that no assurances are made respecting those matters;

(8) a statement that all restrictions in the declaration affecting use, occupancy, and alienation of units will apply to units created in the additional real estate, or a statement of any differentiations that may be made as to those units;

(9) general descriptions of all other improvements and common elements that may be made or created upon or within the additional real estate or each portion thereof;

(10) a statement of the extent to which any assurances made in the declaration regarding additional real estate pursuant to paragraphs (5) to (9) apply in the event any additional real estate is not added to the condominium, or a statement that those assurances do not apply if the real estate is not added to the condominium.

Sec. 515.2-107. [LEASEHOLD CONDOMINIUMS.] (a) Any lease the expiration or termination of which may terminate the condominium shall be recorded and the declaration shall include, in addition to the matters specified in section 515.2-105:

(1) the county of recording and recorder's document number for the lease;

(2) the date on which the lease is scheduled to expire;

(3) any right of the unit owners to purchase the lessor's interest in the real estate and the manner whereby those rights may be exercised, or a statement that they do not have those rights;

(4) any right of the unit owners to remove any improvements within a reasonable time after the expiration or termination of the lease, or a statement that they do not have those rights; and

(5) any rights of the unit owners to renew the lease and the conditions of any renewal, or a statement that they do not have those rights.

(b) After the declaration for a leasehold condominium is recorded, neither the lessor nor his successor in interest may terminate the leasehold interest of a unit owner who makes timely payment of his share of the rent which shall be the same portion thereof as that of his common area expense and who otherwise complies so far as practicable with his share of all other covenants which, if violated, would entitle the lessor to terminate the lease. No unit owner's leasehold interest is affected by failure of any other person to pay rent or fulfill any other covenant.

(c) Acquisition of the leasehold interest of any unit owner by the lessor does not merge the leasehold and fee simple interests

and the lessor shall hold the title to the unit subject to the declaration unless the leasehold interests of all unit owners subject to the lease are so acquired.

Sec. 515.2-108. [ALLOCATION OF COMMON ELEMENT INTERESTS, VOTES, AND COMMON EXPENSE LIABILITIES.] (a) The declaration shall allocate a fraction or percentage of the undivided interests in the common elements, common expenses and votes in the association to each unit in such manner that each of the items is equally allocated or is allocated according to the proportion of the area or volume of each unit to the area or volume of all units, and the items need not be allocated the same for all purposes. The declaration may provide that a portion of each common expense assessment may be allocated on the basis of equality and the remainder on the basis of area or volume of each unit. The sum of the percentages or fractions shall equal 100 percent or 1.

(b) Except in the case of eminent domain (section 515.1-107), expansion of a flexible condominium (section 515.2-111), relocation of boundaries between adjoining units (section 515.2-114), or subdivision of units (section 515.2-115), the common element interest, votes and common expense liability allocated to any unit may not be altered, except as an amendment to the declaration which is signed by all unit owners and first mortgagees, and which complies with section 515.2-119. The common elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale or other voluntary or involuntary transfer of an undivided interest or involuntary transfer of an undivided interest in the common elements without the unit to which the interest is allocated is void.

(c) The association may assess certain common expenses against fewer than all units pursuant to section 515.3-114.

Sec. 515.2-109. [COMMON ELEMENTS AND LIMITED COMMON ELEMENTS.] Common elements other than limited common elements may be used in common with all unit owners. Except for the limited common elements described in section 515.2-102(2) and (4), the declaration shall specify to which unit each limited common element is allocated.

Sec. 515.2-110. [FLOOR PLANS.] (a) Floor plans are a part of the declaration. The floor plans shall contain a certification by a registered professional engineer, surveyor or architect that the floor plans accurately depict all information required by this section.

(b) Each floor plan shall show:

(1) the number of the condominium, and the boundaries and dimensions of the land included in the condominium;

(2) the dimensions and location of all existing structural improvements and roadways;

(3) the intended location and dimensions of any contemplated

common element improvements to be constructed within the condominium labeled either "MUST BE BUILT" or "NEED NOT BE BUILT";

(4) the location and dimensions of any additional real estate, labeled as such;

(5) the extent of any encroachments by or upon any portion of the condominium;

(6) the location and dimensions of all recorded easements within the condominium serving or burdening any portion of the condominium;

(7) the distance between noncontiguous parcels of real estate;

(8) the location and dimensions of limited common elements, including porches, balconies and patios, other than limited common elements described in section 515.2-102(2) and (4);

(9) the location and dimensions of the vertical boundaries of each unit, and that unit's identifying number;

(10) the location and dimensions of the horizontal unit boundaries with reference to established or assumed datum, and that unit's identifying number;

(11) any units which may be converted by the declarant to create additional units or common elements (section 515.2-115) identified separately.

(c) When adding additional real estate (section 515.2-111), the declarant shall record supplemental floor plans for that real estate conforming to the requirements of subsection (b). If less than all additional real estate is being added, the supplemental floor plans shall also show the location and dimensions of the remaining portion.

(d) If a declarant subdivides or converts any unit into two or more units, common elements or limited common elements (section 515.2-115), he shall record an amendment to the floor plans showing the location and dimensions of any new units, common elements and limited common elements thus created.

Sec. 515.2-111. [EXPANSION OF FLEXIBLE CONDOMINIUMS.] (a) To add additional real estate pursuant to an option reserved under section 515.2-106(1), all persons having an interest in the additional real estate, excepting any holder of an easement or any holder of an interest to secure an obligation which interest was recorded or created subsequent to the recording of the declaration, shall prepare and execute and, after notice as provided in subsection (b), record an amendment to the declaration. The amendment to the declaration shall assign an identifying number to each unit formed in the additional real estate, and reallocate common element interests, votes in the association, and common expense liabilities according to section 515.2-108. The amendment shall describe or delineate any limited common

elements formed out of the additional real estate, showing or designating the unit to which each is allocated to the extent required by section 515.2-109 (Limited Common Elements).

(b) The declarant shall serve notice of his intention to add additional real estate as follows:

(1) To the association in the same manner as service of summons in a civil action in district court at least 30 days prior to recording the amendment. The amendment shall be attached to the notice and shall not thereafter be changed so as to materially affect the rights of unit owners.

(2) To the occupants of each unit by notice given in the manner provided in section 515.1-115 not less than 20 days prior to recording the amendment addressed to "Occupant Entitled to Legal Notice" at each unit. Attached to the notice shall be a statement that the amendment has been served on the association.

(3) Proof of service upon the association and the occupants shall be attached to the recorded amendment.

Sec. 515.2-112. [RESERVED.]

Sec. 515.2-113. [ALTERATIONS OF UNITS.] Subject to the provisions of the declaration and other provisions of law, a unit owner:

(1) may make any improvements or alterations to his unit that do not impair the structural integrity or mechanical systems or lessen the support of any portion of the condominium;

(2) after acquiring an adjoining unit or an adjoining part of an adjoining unit, may with consent of the association and first mortgagees of the affected units, remove or alter any intervening partition or create apertures therein, even if the partition in whole or in part is a common element, if those acts do not impair the structural integrity or mechanical systems or lessen the support of any portion of the condominium. The adjoining unit owners shall have the exclusive license to use the space occupied by the common elements, but the use shall not create an easement or vested right. Removal of partitions or creation of apertures under this paragraph is not an alteration of boundaries. The association may reasonably require that the owner or owners of units affected replace or restore any such partition.

Sec. 515.2-114. [RELOCATION OF BOUNDARIES BETWEEN ADJOINING UNITS.] (a) Subject to the provisions of the declaration and other provisions of law, the boundaries between adjoining units may be relocated by an amendment to the declaration upon application to the association by the owners of those units. The owners of the adjoining units shall specify the proposed reallocation between their units of their common element interests, votes in the association, and common expense liabilities in the application and in accord with section 515.2-108. Unless the board of directors determines within 60 days after receipt of the application by the association that the proposed

amendment is not in the best interests of the condominium, the unit owners shall prepare an amendment which shall identify the units involved, state the reallocation, be executed by those unit owners and by any holder of an interest as security for an obligation, contain words of conveyance between them, contain written consent of the association, and upon recordation be indexed in the name of the grantor and the grantee. The amendment shall include an amended floor plan to show the altered boundaries between the adjoining units and their dimensions and identifying numbers. If a holder of an interest as security for an obligation joins in the amendment pursuant to this section, the extent of the interest and the remedies shall be deemed to be modified as provided in the amendment. The association shall incur no liability to any party by reason of performing those acts enumerated in this section.

(b) The association may require the owners of the affected units to build a boundary wall and other common elements between the units.

(c) The applicant shall deliver a certified copy of the amendment to the association.

Sec. 515.2-115. [SUBDIVISION OR CONVERSION OF UNITS.] (a) If the declaration expressly so permits, (i) a unit may be subdivided into two or more units, or, (ii) if owned by a declarant, a unit may be subdivided or converted into two or more units, limited common elements, common elements, or a combination of units, limited common elements and common elements. Subject to the provisions of the declaration and other provisions of law, the unit owner shall prepare and execute an amendment to the declaration, including the floor plans, subdividing or converting that unit. The amendment to the declaration shall be executed by the unit owner and any holder of an interest as security for an obligation of the unit to be subdivided or converted, assign an identifying number to each unit created, and reallocate the common element interest, votes in the association, and common expense liability formerly allocated to the subdivided unit to the units in accord with section 515.2-108.

(b) The unit owner shall deliver a certified copy of the recorded amendment to the association.

(c) In the case of a unit owned by a declarant, if a declarant converts part or all of a unit to common elements, the amendment to the declaration shall reallocate among the other units the common element interest, votes in the association, and common expense liability formerly allocated to the converted unit or portion thereof on the same basis used for the initial allocation thereof.

(d) If a holder of an interest as security for an obligation joins in the amendment pursuant to this section, the interest and remedies shall be deemed to apply to the units and the common element interests that result from the subdivision or conversion under this section. In the event of enforcement of any remedy, including foreclosure by advertisement, all instruments and notices

shall describe the subject property in terms of the amended description.

Sec. 515.2-116. [MINOR VARIATION IN BOUNDARIES.] The existing physical boundaries of a unit or of a unit reconstructed in substantial accordance with the floor plans are conclusively presumed to be its boundaries regardless of settling or lateral movement of the building.

Sec. 515.2-117. [USE FOR SALES PURPOSES.] If the declaration so provides and specifies the rights of a declarant with regard to their number, size, location and relocation, a declarant may maintain sales offices, management offices, and models in the condominium. Any sales office, management office, or model not designated a unit by the declaration is a common element, and if a declarant ceases to be a unit owner, he ceases to have any rights with regard thereto unless it is removed promptly from the condominium in accordance with a right to remove reserved in the declaration. Subject to any limitations in the declaration, a declarant may maintain signs on the common elements advertising the condominium.

Sec. 515.2-118. [EASEMENT TO FACILITATE COMPLETION, CONVERSION, AND EXPANSION.] Subject to the provisions of the declaration, a declarant has an easement through the common elements as may be reasonably necessary for the purpose of discharging a declarant's obligations or exercising special declarant rights, whether arising under sections 515.1-101 to 515.4-117 or reserved in the declaration.

Sec. 515.2-119. [AMENDMENT OF DECLARATION.] (a) Except in cases of amendments which may be executed by a declarant under sections 515.2-110(c) and (d), 515.2-111(a); the association under section 515.1-107(a); or certain unit owners under sections 515.2-114, 515.2-115, or 515.2-120(b), and except as limited by subsection (d), the declaration may be amended by the association only by a vote or written agreement of unit owners to which at least 67 percent of the votes in the association are allocated, and 67 percent of the first mortgagees of the units (each mortgagee having one vote per unit financed) or any larger or smaller majority the declaration specifies. The declaration may specify any percentage if all of the units are restricted exclusively to nonresidential use.

(b) Every amendment to the declaration shall be recorded in every county in which any portion of the condominium is located, and is effective only when recorded.

(c) Except to the extent expressly permitted or required by other provisions of sections 515.1-101 to 515.4-117, no amendment may create or increase special declarant rights, increase the number of units, convert common elements to limited common elements, or change the boundaries of any unit, the common element interest, common expense liability, or voting strength in the association allocated to a unit, or the uses to which any unit is restricted, in the absence of unanimous written agreement of the

unit owners and holders of an interest as security for an obligation.

(d) Limited common elements shall not be altered without the written agreement of the unit owners and holders of an interest to secure an obligation of the units to which the limited common elements are allocated.

(e) An affidavit of the secretary of the association stating that the votes or agreements required by this section have occurred, shall be attached to the amendment and shall constitute prima facie evidence of the representations contained therein.

Sec. 515.2-120. [TERMINATION OF CONDOMINIUM.] (a) Except in the case of a taking of all the units by eminent domain (section 515.1-107), a condominium may be terminated only by agreement of unit owners of units to which at least 80 percent of the votes in the association are allocated, and 80 percent of the first mortgagees of the units (each mortgagee having one vote per unit financed), or any larger percentage the declaration specifies. The declaration may specify a smaller percentage only if all of the units in the condominium are restricted exclusively to nonresidential uses.

(b) An agreement of unit owners and mortgagees to terminate a condominium must be evidenced by their execution of a termination agreement or ratification thereof. If, pursuant to a termination agreement, the real estate constituting the condominium is to be sold following termination, the termination agreement shall set forth the terms of the sale. A termination agreement and all ratifications thereof shall be effective upon recording in every county in which a portion of the condominium is situated.

(c) If the termination agreement provides that the real estate constituting the condominium is to be sold following termination, title to that real estate, upon termination, vests in the association as trustee for the holders of all interests in the units. The association as trustee thereafter has all powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds thereof distributed, the association continues in existence with all powers and responsibilities it had before termination whether under the declaration or otherwise. Unless the termination agreement otherwise provides, proceeds of the sale shall be paid to the association as trustee and shall be distributed to the unit owners and holders of an interest as security for an obligation as their interests may appear and according to the priority enjoyed prior to termination in proportion to the respective interests of unit owners as provided in subsection (f). Any interest as security for an obligation formerly affecting a unit shall constitute a claim against the proceeds in the amount existing at the time of termination plus interest and other amounts accrued until distribution. Except as otherwise specified in the termination agreement, as long as the association as trustee holds title to the real estate, each unit owner and his successors in interest have the right to use the real estate that formerly constituted the common elements and have an exclusive right to occupancy of the portion of the real estate that formerly constituted his unit and limited

common elements. During the period of such occupancy, each unit owner and his successors in interest remain liable for all assessments and other obligations imposed on unit owners by sections 515.1-101 to 515.4-117, the declaration, or the termination agreement.

(d) If the real estate constituting the condominium is not to be sold following termination, title to the real estate, upon termination, vests in the unit owners as tenants in common in proportion to their respective interests as provided in subsection (f). Any interests held as security for an obligation and the respective instruments formerly affecting a unit shall be deemed to be an interest affecting the resulting undivided interest in the same manner as they formerly affected the unit. As long as the tenancy in common exists, each unit owner and his successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted his unit and limited common elements. Unless the termination agreement otherwise provides during the period of tenancy in common, the cotenants and the association shall have the rights and obligations under sections 515.1-101 to 515.4-117, the declaration and bylaws and the termination agreement.

(e) Following termination of the condominium, and after payment of or provision for the claims of the association's creditors, the assets of the association shall be distributed to unit owners and holders of an interest as security for an obligation in proportion to their respective interests as provided in subsection (f). The proceeds of sale described in subsection (c) and held by the association as trustee are not assets of the association.

(f) The respective interests of unit owners referred to in subsections (c), (d), and (e) are as follows:

(1) except as provided in paragraph (2), the respective interests of unit owners are the fair market values of their units, limited common elements, and common element interests immediately before the termination, as determined by one or more independent appraisers selected by the association. The decision of the independent appraisers shall be delivered in the manner provided in section 515.1-115 addressed to the "Occupant Entitled to Legal Notice" at each unit and the first mortgagee of each unit at its last known address and becomes final unless disapproved within 30 days after delivery by unit owners of units to which 25 percent of the votes in the association are allocated or by 25 percent of the first mortgagees, each mortgagee having one vote per unit financed. The proportion of any unit owner's interest to that of all unit owners is determined by dividing the fair market value of his interest by the total fair market values of the interests of all unit owners.

(2) if any unit is destroyed to the extent that an appraisal of the fair market value thereof prior to destruction cannot be made and there is not satisfactory evidence to afford such an appraisal, the interests of all unit owners are their respective common element interests immediately before the termination.

Sec. 515.2-121. [RIGHTS OF HOLDERS OF AN INTEREST AS SECURITY FOR AN OBLIGATION.] (a) Nothing in sections 515.1-101 to 515.4-117 unless expressly stated diminishes the rights of holders of an interest as security for an obligation or prevents the declaration from requiring that all of a specified number or percentage of holders of an interest as security for an obligation affecting the units approve specified actions of the unit owners or the association as a condition to the effectiveness of those actions, but no requirement for approval may operate to (1) deny or delegate control over the general administrative affairs of the association by the unit owners, or (2) prevent the association from commencing, intervening in or settling any litigation or proceeding, or receiving and distributing any insurance proceeds pursuant to section 515.3-112.

(b) Foreclosure or enforcement of an interest as security for an obligation against the entire condominium does not of itself terminate the condominium. Foreclosure or enforcement of an interest as security for an obligation against a portion of the condominium without redemption withdraws that portion from the condominium unless (i) the interest is recorded subsequent to the recording of the declaration or is otherwise subordinate to the declaration, or (ii) the holder or his predecessor has issued a release or deed for a unit.

ARTICLE III

MANAGEMENT OF THE CONDOMINIUM

Section 515.3-101. [ORGANIZATION OF UNIT OWNERS ASSOCIATION.] A unit owners association shall be organized no later than the date the condominium is created. The membership of the association at all times shall consist exclusively of all the unit owners or, following termination of the condominium, of all former unit owners entitled to distributions of proceeds under section 515.2-120, or their heirs, successors, or assigns. The association shall be organized as a profit or nonprofit corporation.

Sec. 515.3-102. [POWERS OF UNIT OWNERS ASSOCIATION.] (a) Unless limited by the provisions of the declaration, the association may:

- (1) adopt and amend rules and regulations;
- (2) adopt and amend budgets for revenues, expenditures, and reserves and collect assessments for common expenses from unit owners;
- (3) hire and terminate managing agents and other employees, agents, and independent contractors;
- (4) institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more unit owners on matters affecting the condominium;
- (5) regulate the use, maintenance, repair, replacement and modification of common elements;

(6) cause improvements to be made as a part of the common elements;

(7) grant leases, licenses, and concessions not to exceed one year and utility easements through or over the common elements; provided, however, that after conveyance to owners other than the declarant or affiliate of a declarant of units to which more than 50 percent of the voting power is allocated, the association may by resolution of a meeting of the members duly called grant leases, licenses, and concessions in excess of one year and easements through or over the common elements;

(8) impose and receive any payments, fees, or charges for the use, rental, or operation of the common elements other than limited common elements described in section 515.2-102(2) and (4);

(9) impose reasonable charges including reasonable costs and attorneys' fees, for the evaluation, preparation and recordation of amendments to the declaration, resale certificates required by section 515.4-107, or statements of unpaid assessments;

(10) provide for the indemnification of its officers and board and maintain directors' and officers' liability insurance;

(11) impose charges for late payment of assessments and, after notice and an opportunity to be heard, levy reasonable fines for violations of the declaration, bylaws, and rules and regulations of the association;

(12) exercise any other powers conferred by state law, the declaration, or bylaws.

(b) Notwithstanding subsection (a), the declaration may not impose limitations on the power of the association to deal with the declarant that are more restrictive than the limitations imposed on the power of the association to deal with other persons.

Sec. 515.3-103. [BOARD OF DIRECTORS, MEMBERS AND OFFICERS.] (a) The declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by him, may elect the members of the board of directors. Any period of declarant control extends from the date of the first conveyance of a unit to a unit owner other than a declarant for a period not exceeding five years in the case of a flexible condominium or three years in the case of any other condominium. Regardless of the period provided in the declaration, a period of declarant control terminates upon surrender of control by the declarant or no later than 60 days after conveyance of 75 percent of the units to unit owners other than a declarant.

(b) Not later than 60 days after conveyance of 50 percent of the units to unit owners other than a declarant not less than 33 $\frac{1}{3}$ percent of all of the members of the board of directors shall be elected by unit owners other than the declarant.

(c) Not later than the termination of the period of declarant control and thereafter the unit owners shall elect a board of di-

rectors of at least three members, at least a majority of whom shall be unit owners or the individual nominees of unit owners other than individuals. The board of directors shall elect the officers. The persons elected shall take office upon election.

(d) In determining whether the period of declarant control has terminated under subsection (a), or whether unit owners other than a declarant are entitled to elect members of the board of directors under subsection (b), the percentage of the units which has been conveyed is presumed to be that percentage which would have been conveyed if all the units which the declarant has built or reserved the right to build in the declaration were included in the condominium.

Sec. 515.3-104. [TRANSFER OF SPECIAL DECLARANT RIGHTS.] (a) No special declarant rights (section 515.1-103(18)) created or reserved under sections 515.1-101 to 515.4-117 may be transferred except by an instrument evidencing the transfer recorded in every county where any portion of the condominium is located. The instrument shall be recordable and is not effective unless executed by the transferor and transferee. If additional real estate is transferred by the declarant, the transferee shall be deemed to receive all special declarant rights with respect thereto and shall be subject to any obligations imposed by the declaration respecting the additional real estate so transferred.

(b) Upon transfer of any special declarant right, the liability of a transferor declarant is as follows:

(1) a transferor is not relieved of any obligation or liability which arose before the transfer, and remains liable for warranty obligations imposed on him by sections 515.1-101 to 515.4-117. Lack of privity does not deprive any unit owner of standing to bring an action to enforce any obligation of the transferor;

(2) if a transferor retains any special declarant right, or if a successor to any special declarant right is an affiliate of a declarant (section 515.1-103(2)), the transferor is subject to liability for all obligations and liabilities imposed on a declarant by sections 515.1-101 to 515.4-117 or by the declaration arising after the transfer and is jointly and severally liable with the successor for the liabilities and obligations of the successor which relate to the condominium; and

(3) a transferor who retains no special declarant right has no liability for any act or omission or any breach of a contractual or warranty obligation arising from the exercise of a special declarant right by a successor declarant who is not an affiliate of the transferor.

(c) In case of foreclosure of a mortgage or cancellation of a contract for deed or sale under the bankruptcy act or receivership proceeding or the foreclosure of any other item against any unit owned by a declarant in the condominium, a person first acquiring title to all the units being cancelled, foreclosed or sold, succeeds to all then existing special declarant rights except the special de-

clarant rights with respect to additional real estate, unless the mortgage or other instrument or proceeding also covers additional real estate.

(d) The liabilities and obligations of persons who succeed to special declarant rights are as follows:

(1) A successor to any special declarant right who is an affiliate of a declarant is subject to all the obligations and liabilities imposed on any declarant by sections 515.1-101 to 515.4-117 or by the declaration.

(2) A successor to any special declarant right, other than a successor described in paragraphs (3) or (4) of this subsection, who is not an affiliate of a declarant, is subject to all obligations and liabilities imposed on a declarant by sections 515.1-101 to 515.4-117 of the declaration, except that he is not subject to liability for misrepresentations of warranty obligations on improvements made by any previous declarant, or made before the condominium was created, or for a breach of fiduciary obligation by any previous declarant.

(3) A successor to only a right reserved in the declaration to maintain models, sales offices, and signs (section 515.2-117), if he is not an affiliate of a declarant, may not exercise any other special declarant right, and is not subject to any liability or obligation as a declarant, except the obligation to provide a disclosure statement and any liability arising as a result thereof.

(4) A successor to all special declarant rights, who is not an affiliate of a declarant and who succeeded to those rights pursuant to a deed in lieu of foreclosure or by reason of subsection (c), may declare his intention in a recorded instrument to hold those rights solely for transfer to another person. Thereafter, until transferring all special declarant rights to any person acquiring title to any unit owned by the successor, or until recording an instrument permitting exercise of all those rights, that successor may not exercise any of those rights other than the right to control the board of directors in accordance with the provisions of section 515.3-103 for the duration of any period of declarant control, and any attempted exercise of those rights is void. So long as any successor declarant may not exercise special declarant rights under this subsection, he is not subject to any liability or obligation as a declarant other than liability for his acts and omissions under section 515.3-103.

(e) Nothing in this section subjects any successor to a special declarant right to any claims against or other obligations of a transferor declarant, other than claims and obligations arising under sections 515.1-101 to 515.4-117 or the declaration.

Sec. 515.3-105. [TERMINATION OF CONTRACTS AND LEASES OF DECLARANT.] If entered into prior to expiration of the period of declarant control pursuant to section 515.3-103, (1) any management contract, employment contract, or lease of recreational or parking areas or facilities, (2) any other contract

or lease binding the association or any unit owner other than the declarant or an affiliate of the declarant to which a declarant or an affiliate of a declarant is a party, or (3) any contract or lease binding the association or any unit owner other than the declarant or an affiliate of the declarant which is not bona fide or which was unconscionable to the unit owners at the time entered into under the circumstances then prevailing, may be terminated without penalty by the association at any time after the expiration of declarant control upon not less than 90 days' notice to the other party. This section does not apply to any lease the termination of which would terminate the condominium.

Sec. 515.3-106. [BYLAWS.] The bylaws and any amendments thereto must be recorded to be effective and shall provide:

(a) The meeting of the members shall be held at least once each year and shall specify an officer who shall, at least 21 days in advance of any annual or regularly scheduled meeting and at least seven days in advance of any other meeting, send to each unit owner notice of the time, place and complete agenda of the meeting. The notice shall be hand delivered or sent by United States mail to all unit owners of record at the address of the respective units and to other addresses as any of them may have designated to the officer.

(b) No vote in the association of unit owners shall be deemed to inure to any unit during the time when the unit owner is the association.

(c) For a mechanism to resolve disputes regarding voting among more than one unit owner of a unit in such a way that the vote allocated to the unit is not split or otherwise cast separately by the several unit owners.

(d) An annual report be prepared by the association and a copy of the report be provided to each unit owner and the report contain a minimum of the following:

(1) A statement of any capital expenditures in excess of two percent of the current budget or \$5,000 whichever is the greater anticipated by the association during the current year or succeeding two fiscal years.

(2) A statement of the status and amount of any reserve or replacement fund and portion of the fund designated for any specified project by the board of directors.

(3) A copy of the statement of financial condition for the association for the last fiscal year.

(4) A statement of the status of any pending suits or judgments to which the association is a party.

(5) A statement of the insurance coverage provided by the association.

(6) A statement of any unpaid assessments by the association on individual units identifying the unit number and the amount of the unpaid assessment.

Sec. 515.3-107. [UPKEEP OF THE CONDOMINIUM.] Except to the extent otherwise provided by the declaration or section 515.3-112(d), the association is responsible for maintenance, repair, and replacement of the common elements and each unit owner is responsible for maintenance, repair, and replacement of his unit. Each unit owner shall afford to the association and the other unit owners, and to their agents or employees, access through his unit reasonably necessary for those purposes.

If damage is inflicted on the common elements or any unit through which access is taken, the unit owner responsible for the damage, or the association if it is responsible, is liable for the prompt repair thereof.

Sec. 515.3-108. [RESERVED.]

Sec. 515.3-109. [RESERVED.]

Sec. 515.3-110. [RESERVED.]

Sec. 515.3-111. [TORT AND CONTRACT LIABILITY.] (a) If a tort or breach of contract occurred during any period of declarant control (section 515.3-103), the declarant shall indemnify the association for all liability incurred by the association as a result of that tort or breach of contract, including legal fees. Any statute of limitation affecting the association's right of action under this section is tolled until the period of declarant control terminates.

(b) No unit owner shall have tort liability arising out of his ownership of the common elements provided that the association has liability insurance coverage on the occurrence in an amount not less than \$1,000,000.

Sec. 515.3-112. [INSURANCE.] (a) Commencing not later than the time of the first conveyance of a unit to a unit owner other than a declarant, the association shall maintain, to the extent reasonably available:

(1) Property insurance on the common elements and units, exclusive of land, excavations, foundations, and other items normally excluded from property policies, insuring against all risks of direct physical loss. The total amount of insurance after application of any deductibles shall not be less than 80 percent of the full insurable replacement cost of the insured property. The association or its authorized agent may enter a unit at reasonable times upon reasonable notice for the purpose of making appraisals for insurance purposes.

(2) Comprehensive general liability insurance, in an amount determined by the board of directors but not less than any amount specified in the declaration, covering all occurrences commonly insured against for death, bodily injury, and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements.

(b) If the insurance described in subsection (a) is not maintained, the association shall immediately cause notice of that fact

to be sent postage prepaid by United States mail to all unit owners at their respective units and other addresses provided to the association. The declaration may require the association to carry any other insurance, and the association in any event may carry any other insurance it deems appropriate to protect the association or the unit owners.

(c) Insurance policies carried pursuant to subsection (a) shall provide that:

(1) Each unit owner and holder of a vendor's interest in a contract for deed is an insured person under the policy with respect to liability arising out of his ownership of an undivided interest in the common elements;

(2) The insurer waives its right to subrogation under the policy against any unit owner of the condominium or members of his household and against the association and members of the board of directors;

(3) No act or omission by any unit owner or holder of an interest as security for an obligation, unless acting within the scope of his authority on behalf of the association, shall void the policy or be a condition to recovery under the policy; and

(4) If, at the time of a loss under the policy, there is other insurance in the name of a unit owner covering the same property covered by the policy, the policy is primary insurance not contributing with the other insurance.

(d) Any loss covered by the property policy under subsection (a) (1) shall be adjusted with the association, but the insurance proceeds for that loss shall be payable to any insurance trustee designated for that purpose, or otherwise to the association. The insurance trustee or the association shall hold any insurance proceeds in trust for unit owners and holders of an interest as security for an obligation as their interests may appear. The proceeds shall be disbursed first for the repair or restoration of the damaged common elements and units, and unit owners and holders of an interest as security for an obligation are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the common elements and units have been completely repaired or restored, or the condominium is terminated.

(e) An insurance policy issued to the association does not prevent a unit owner from obtaining insurance for his own benefit.

(f) An insurer that has issued an insurance policy under this section shall issue certificates or memoranda of insurance, upon request, to any unit owner, or holder of an interest as security for an obligation. The insurance may not be cancelled until 30 days after notice of the proposed cancellation has been mailed to the association and to each unit owner and holder of an interest as security for an obligation to whom certificates of insurance have been issued.

(g) Any portion of the condominium damaged or destroyed

shall be promptly repaired or replaced by the association unless (1) the condominium is terminated and the association votes not to repair or replace all or part thereof, (2) repair or replacement would be illegal under any state or local health or safety statute or ordinance, or (3) 80 percent of the unit owners, including every owner and first mortgagee of a unit or assigned limited common element which will not be rebuilt, vote not to rebuild. The cost of repair or replacement of a unit or the common area in excess of insurance proceeds and reserves shall be a common expense. If less than the entire condominium is repaired or replaced, (1) the insurance proceeds attributable to the damaged common elements shall be used to restore the damaged area to a condition compatible with the remainder of the condominium, (2) the insurance proceeds attributable to units and limited common elements which are not rebuilt shall be distributed to the owners of those units and the holders of an interest as security for an obligation of those units and the owners and holders of an interest as security for an obligation of the units to which those limited common elements were assigned, as their interests may appear, and (3) the remainder of the proceeds shall be distributed to all the unit owners and holders of an interest as security for an obligation as their interests may appear in proportion to their common element interest. In the event the unit owners vote not to rebuild a unit, that unit's entire common element interest, votes in the association, and common expense liability are automatically reallocated upon the vote as if the unit had been condemned under section 515.1-107(a), and the association shall promptly prepare, execute and record an amendment to the declaration reflecting the reallocations. Notwithstanding the provisions of this subsection, if the condominium is terminated, insurance proceeds not used for repair or replacement shall be distributed in the same manner as sales proceeds pursuant to section 515.2-120.

(h) The provisions of this section may be varied or waived in the case of a condominium all of the units of which are restricted to nonresidential use.

Sec. 515.3-113. [SURPLUS FUNDS.] Unless otherwise provided in the declaration, any surplus funds of the association remaining after payment of or provision for common expenses and any prepayment of reserves shall be credited to the unit owners to reduce their future common expense assessments.

Sec. 515.3-114. [ASSESSMENTS FOR COMMON EXPENSES.] (a) Until the association levies a common expense assessment, the declarant shall pay all accrued expenses of the condominium. After any assessment has been levied by the association, assessments shall be levied at least annually and shall be based on a budget adopted at least annually by the association.

(b) Except for assessments under subsections (c) and (d), common expenses shall be assessed against all the units in accordance with the common expense liability allocated to each unit (section 515.2-108). Any past due assessment or installment thereof shall bear interest at the rate established by the association not exceeding the rate of interest provided in section 549.09.

(c) Except as provided by the declaration any common expense associated with the maintenance, repair, or replacement of a limited common element shall be assessed against the unit or in equal shares against the units to which that limited common element was assigned at the time the expense was incurred.

(d) If the declaration so provides, the association may assess any common expense benefiting less than all of the units against the units benefited. In that case the common expense shall be allocated among units benefited in proportion to their common expense liability.

Sec. 515.3-115. [LIEN FOR ASSESSMENTS.] (a) The association has a lien on a unit for any assessment levied against that unit from the time the assessment becomes payable. The association's lien may be foreclosed as provided by the laws of this state as if it were a lien under a mortgage containing a power of sale. The rights of the parties shall be the same as those provided by law except that the period of redemption for unit owners shall be six months from the date of sale. Unless the declaration otherwise provides, fees, charges, late charges, and interest charges pursuant to section 515.3-102(8), (9) and (12) are enforceable as assessments under this section.

(b) A lien under this section is prior to all other liens and encumbrances on a unit except (1) liens and encumbrances recorded before the recordation of the declaration, (2) any recorded mortgage on the unit securing a first mortgage holder, and (3) liens for real estate taxes and other governmental assessments or charges against the unit. This subsection does not affect the priority of mechanics' or materialmen's liens.

(c) Recording of the declaration constitutes record notice and perfection of the lien, and no further recordation of any claim of lien for assessment under this section is required.

(d) Proceedings to enforce an assessment must be instituted within three years after the last installment of the assessment becomes payable.

(e) Unit owners at the time an assessment is payable are personally liable to the association for payment of the assessments.

(f) A foreclosure sale, judgment or decree in any action, proceeding or suit brought under this section shall include costs and reasonable attorney's fees for the prevailing party.

(g) The association shall furnish to a unit owner or his authorized agent upon written request of the unit owner or his authorized agent a recordable statement setting forth the amount of unpaid assessments currently levied against his unit. The statement shall be furnished within ten business days after receipt of the request and is binding on the association and every unit owner.

Sec. 515.3-116. [ASSOCIATION RECORDS.] The association shall keep financial records sufficiently detailed to enable

the association to comply with section 515.4-107. All financial records shall be made reasonably available for examination by any unit owner and his authorized agents.

Sec. 515.3-117. [ASSOCIATION AS TRUSTEE.] With respect to a third person dealing with the association in the association's capacity as a trustee, the existence of trust powers and their proper exercise by the association may be assumed without inquiry. A third person is not bound to inquire whether the association has power to act as trustee or is properly exercising trust powers and a third person, without actual knowledge that the association is exceeding its powers or improperly exercising them, is fully protected in dealing with the association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the association in its capacity as trustee.

ARTICLE IV

PROTECTION OF PURCHASES

Sec. 515.4-103. [RESERVED.]

(c) A list of any outstanding notices of uncured violations of building code or other municipal regulations, which will be outstanding at the time of the first conveyance of a unit, together with the estimated cost of curing those violations.

Sec. 515.4-105. [RESERVED.]

Sec. 515.4-106. [PURCHASER'S RIGHT TO CANCEL.] (a) Unless delivery of a disclosure statement is not required under section 515.4-101(b), a declarant shall provide at least one of the purchasers of a unit with a copy of a disclosure statement not later than the date of any purchase agreement. Unless a purchaser is given the disclosure statement more than 15 days prior to execu-

tion of a purchase agreement for the unit, the purchaser may, prior to the conveyance, cancel the agreement within 15 days after receiving the disclosure statement.

If the conveyance occurs within 15 days after the date of the execution of the purchase agreement by the purchaser, any purchaser may waive in writing all rights to receive a disclosure statement under this section.

(b) If a purchaser elects to cancel a purchase agreement pursuant to subsection (a), he may do so by hand delivering notice thereof to the declarant or by mailing notice thereof by postage prepaid United States mail to the declarant or to his agent for service of process. Cancellation is without penalty, and all payments made by the purchaser pursuant to the purchase agreement shall be refunded promptly.

(c) If a declarant fails to provide a purchaser to whom a unit is conveyed with a disclosure statement and all amendments thereto as required by subsections (a) and (d), that purchaser, in addition to any rights to damages or other relief, is entitled to receive from the declarant an amount not to exceed five percent of the sales price of the unit.

(d) The disclosure statement and any information furnished in connection therewith may be amended prior to conveyance if the amendment is delivered to the purchaser to whom the disclosure statement was delivered. If the amendment materially adversely affects a purchaser, then the purchaser shall have 15 days after delivery of the amendment to cancel the purchase agreement in accordance with this section.

Sec. 515.4-107. [RESALES OF UNITS.] (a) In the event of a resale of a unit by a unit owner other than a declarant, the unit owner shall furnish to a purchaser before execution of any purchase agreement for a unit, or otherwise before conveyance, a copy of the declaration, other than the floor plans, the bylaws, the rules and regulations of the association, and any amendments thereto, and a certificate dated not more than 90 days prior to the date of the purchase agreement or otherwise before conveyance, containing:

(1) a statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration, bylaws, rules and regulations, or any amendment thereof;

(2) a statement setting forth the amount of periodic installments of common expense assessments and special assessments and any unpaid common expense or special assessment currently payable;

(3) a statement of any other fees payable by unit owners;

(4) a statement of any capital expenditures approved by the association for the current and next succeeding two fiscal years;

(5) a statement that a copy of the floor plans and any amend-

ments thereof are available in the office of the association for inspection;

(6) a statement of the amount of any reserves for capital expenditures and of any portions of those reserves designated by the association for any specified projects;

(7) the most recent regularly prepared balance sheet and income and expense statement, if any, of the association;

(8) the current budget of the association;

(9) a statement of any judgments against the association and the status of any pending suits to which the association is a party;

(10) a statement describing any insurance coverage provided for the benefit of unit owners.

(b) The association shall, within seven days after a request by a unit owner or his authorized agent, furnish a certificate containing the information necessary to enable the unit owner to comply with this section. A unit owner without actual knowledge providing a certificate pursuant to subsection (a) shall have no liability to the purchaser for any erroneous information provided by the association and included in the certificate.

(c) A purchaser is not liable for any unpaid assessment or fee existing as of the date of the certificate greater than the amount set forth in the certificate prepared by the association. A unit owner is not responsible to a purchaser for the failure or delay of the association to provide the certificate in a timely manner.

Sec. 515.4-1075. [PURCHASER'S RIGHT TO CANCEL.] (a) The information required to be delivered by section 515.4-107 shall be delivered to a purchaser not later than the date of any purchase agreement. Unless a purchaser is given the information more than 15 days prior to the execution of the purchase agreement for the unit the purchaser may, prior to the conveyance, cancel the agreement within 15 days after receiving the information.

(b) If a purchaser elects to cancel a purchase agreement pursuant to subsection (a), he may do so by hand delivering notice thereof to the seller or his agent or by mailing notice thereof by postage prepaid United States mail to the seller or his agent. Cancellation is without penalty and all payments made by the purchaser shall be refunded promptly.

Sec. 515.4-108. [ESCROW OF DEPOSITS.] Any earnest money paid in connection with the purchase or reservation of a unit from a declarant shall be escrowed and held in this state in an account, savings deposit or certificate of deposit designated solely for that purpose in an institution whose accounts are insured by a governmental agency or instrumentality until (1) delivered to the declarant at closing; (2) delivered to the declarant because of purchaser's default under the purchase agreement or reservation; or (3) delivered to the purchaser.

Sec. 515.4-109. [RELEASE OF INTERESTS AS SECURITY FOR AN OBLIGATION.] (a) Before conveying a unit to a purchaser other than a declarant, the seller shall furnish to the purchaser releases for that unit and its common element interest of all interests as security for an obligation affecting more real estate than that unit and its common element interest, or if the purchaser expressly agrees, a policy of title insurance insuring against loss or damage by reason of such interests. Failure to furnish the releases does not of itself invalidate the lien or the conveyance. This subsection does not apply to conveyance of all of the units in the condominium or to deeds in lieu of foreclosure.

(b) Whether perfected before or after creation of the condominium, if a lien other than a mortgage, including a lien attributable to work performed or materials supplied before creation of the condominium, becomes effective against two or more units, the unit owner of such a unit may pay to the lienholder the amount of the lien attributable to his unit, and the lienholder, upon receipt of payment, shall promptly deliver a release of the lien covering that unit and its common element interest. The amount of the payment shall be proportionate to the ratio which that unit owner's common expense liability bears to the common expense liabilities of all unit owners whose units are subject to the lien. After payment, the association may not assess or have a lien against that unit owner's unit for any portion of the common expenses incurred in connection with that lien.

(c) Labor performed or materials furnished for the common elements, if duly authorized by the association, shall be deemed to be performed or furnished with the express consent of each unit owner and shall be the basis for the filing of a lien pursuant to the lien law against each of the units and shall be subject to the provisions of subsection (b) of this section.

Sec. 515.4-110. [CONVERSION CONDOMINIUMS.] (a) A declarant of a conversion condominium shall give each of the tenants and any subtenant in possession of buildings subject to sections 515.1-101 to 515.4-117 notice of the conversion or the intent to convert no later than 120 days before the declarant will require them to vacate. The notice shall set forth generally the rights conferred by this section and shall have attached thereto a form of purchase agreement setting forth the terms of sale contemplated by subsection (b) and a statement of any significant restrictions on the use and occupancy of the unit to be imposed by the declarant and shall be hand delivered or mailed by postage prepaid United States mail to the tenant and subtenant at the address of the unit. The notice shall further state that the tenants or subtenants in possession of a residential unit may demand to be given 60 additional days before being required to vacate, if any of them, or any person residing with them, is 62 years of age or older, handicapped as defined in Minnesota Statutes 129A.01, or a minor child on the date the notice is given. This demand must be in writing, contain reasonable proof of qualification, and be given to the declarant within 30 days after the notice of condominium conversion is delivered or mailed. The notice

shall be contained in an envelope upon which the following words shall be boldly printed: "Notice of Condominium Conversion". No tenant or subtenant may be required by the declarant to vacate upon less than 120 days notice, except by reason of nonpayment of rent, waste, or conduct which disturbs other tenants' peaceful enjoyment of the premises, and the terms of the tenancy may not be altered during that period, except that a tenant or subtenant in possession of a residential unit may vacate upon 30 days' written notice to the declarant. Nothing in this section prevents the declarant and the tenant or subtenant in possession of the unit from agreeing to an extension of the tenancy on a month to month basis beyond the 120-day notice period. No repair work or remodeling may be commenced or undertaken in the occupied units or common areas of the building during the notice period, unless reasonable precautions are taken to ensure the safety and security of the tenants or subtenants in possession of the premises. Failure of a declarant to give notice as required by this section constitutes a defense to an action for possession.

(b) For 60 days after delivery or mailing of the notice described in subsection (a), the holder of the lessee's interest for each unit on the date the notice is delivered or mailed shall have an option to purchase that unit on the terms set forth in the purchase agreement attached to the notice. The purchase agreement shall contain no terms or conditions preventing the purchase of the unit by the holder because of the age of the holder or of persons residing with the holder. If the holder fails to exercise the option during that 60 day period, the declarant may not offer to dispose of an interest in that unit during the following 180 days at a price or on terms more favorable to the offeree than the price or terms offered to the holder. This subsection does not apply to any unit in a conversion condominium if that unit will be restricted exclusively to nonresidential use or if the boundaries of the converted unit do not substantially conform to the dimensions of the residential unit before conversion.

(c) If a declarant, in violation of subsection (b), conveys a unit to a purchaser for value who has no knowledge of the violation, delivery of the deed conveying the unit extinguishes any right which a holder of a lessee's interest not in possession may have under subsection (b) to purchase that unit, but does not affect the right of the holder to recover damages from the declarant for a violation of subsection (b).

(d) Nothing in this section permits termination of a lease by a declarant in violation of its terms.

Sec. 515.4-111. [EXPRESS WARRANTIES.] (a) Express warranties made by a declarant or an affiliate of a declarant to a purchaser of a unit if reasonably relied upon by the purchaser, are created as follows:

(1) any affirmation of fact or promise which relates to the unit, its use, or rights appurtenant thereto, area improvements to the condominium that would directly benefit the unit, or the right to use or have the benefit of facilities not located in the condomin-

ium, creates an express warranty that the unit and related rights and uses will conform to the affirmation or promise;

(2) any model or description of the physical characteristics of the condominium, including plans and specifications of or for improvements, creates an express warranty that the condominium will conform to the model or description. A notice prominently displayed on a model or description shall prevent a purchaser from reasonably relying upon the model or description to the extent of the disclaimer set forth on the notice;

(3) any description of the quantity or extent of the real estate comprising the condominium, including plats or surveys, creates an express warranty that the condominium will conform to the description, subject to customary tolerance; and

(4) a provision that a buyer may put a unit only to specified use is an express warranty that the specified use is lawful.

(b) Neither formal words, such as "warranty" or "guarantee", nor a specific intention to make a warranty, are necessary to create an express warranty. A statement purporting to be merely an opinion or commendation of the real estate or its value does not create a warranty.

(c) Any conveyance of a unit transfers to the purchaser all express warranties made by a declarant or an affiliate of a declarant.

Sec. 515.4-112. [IMPLIED WARRANTIES.] (a) A declarant warrants to a purchaser that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear excepted.

(b) A declarant warrants to a purchaser that a unit and the common elements in the condominium are structurally suitable for the ordinary uses of real estate of its type and that any improvements or repairs made or contracted for by him or made by any person in contemplation of the creation of the condominium, will be:

(1) free from defective materials; and

(2) constructed in accordance with applicable law, according to sound engineering and construction standards, and in a workmanlike manner.

(c) A declarant warrants to a purchaser of a unit which may be used for residential use that the residential use does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(d) Warranties imposed by this section may be excluded or modified as specified in section 515.4-113.

(e) For purposes of this section, improvements made or contracted for by an affiliate of a declarant (section 515.1-103(2)) are made or contracted for by the declarant.

(f) Any conveyance of a unit transfers to the purchaser all of any declarant's implied warranties.

Sec. 515.4-113. [EXCLUSION OR MODIFICATION OF IMPLIED WARRANTIES.] (a) Except as limited by subsection (b) implied warranties:

(1) may be excluded or modified by agreement of the parties; and

(2) are excluded by expression of disclaimer, such as "as is", "with all faults", or other language which in common understanding calls the buyer's attention to the exclusion of warranties.

(b) With respect to a purchaser of a unit which may be occupied for residential use, no general disclaimer of implied warranties is effective, but a declarant may disclaim liability in an instrument signed by the purchaser for a specified defect or specified failure to comply with applicable law, if the defect or failure entered into and became a part of the basis of the bargain.

Sec. 515.4-114. [STATUTE OF LIMITATIONS FOR WARRANTIES.] (a) A judicial proceeding for breach of any obligation arising under section 515.4-111 or 515.4-112 must be commenced within six years after the cause of action accrues, but the parties may reduce the period of limitation to not less than two years. With respect to a unit which may be occupied for residential use, an agreement to reduce the period of limitation shall be evidenced by a separate instrument executed by the purchaser.

(b) Subject to subsection (c), a cause of action under section 515.4-111 or 515.4-112, regardless of the purchaser's lack of knowledge of the breach, accrues:

(1) as to a unit, when the purchaser to whom the warranty is first made enters into possession after a conveyance of a possessory interest if a possessory interest is conveyed or otherwise at the time of acceptance of the instrument of conveyance if a non-possessory interest was conveyed; and

(2) as to each common element, the later of (i) the time the common element is completed, (ii) the time the first unit in the condominium is conveyed to a bona fide purchaser, or (iii) as to a common element within any additional real estate or portion thereof the time the first unit therein is conveyed to a bona fide purchaser.

(c) If a warranty under section 515.4-111 or 515.4-112 explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

Sec. 515.4-115. [EFFECT OF VIOLATIONS ON RIGHTS OF ACTION; ATTORNEYS' FEES.] If a declarant or any other person subject to sections 515.1-101 to 515.4-117 violates any provision thereof or any provision of the declaration or bylaws, any person or class of persons adversely affected by the violation has a

claim for appropriate relief. Punitive damages may be awarded in the case of a willful violation of sections 515.1-101 to 515.4-117. The court, in an appropriate case, may award reasonable attorneys' fees.

Sec. 515.4-116. [LABELING OF PROMOTIONAL MATERIAL.] If any improvement contemplated in a condominium is required by section 515.2-110(b)(3) to be labeled "NEED NOT BE BUILT" on the floor plan, no promotional material may be displayed or delivered to prospective purchasers which describes or depicts that improvement unless the description or depiction of the improvement is conspicuously labeled or identified as "NEED NOT BE BUILT".

Sec. 515.4-117. [DECLARANT'S OBLIGATION TO COMPLETE AND RESTORE.] (a) The declarant shall complete all improvements labeled "MUST BE BUILT" on the floor plans prepared pursuant to section 515.2-110.

(b) The declarant is subject to liability for the prompt repair and restoration to a condition compatible with the remainder of the condominium of any portion of the condominium affected by the exercise of rights reserved pursuant to or created by sections 515.2-111, 515.2-117, and 515.2-118.

CONFERENCE COMMITTEE REPORT ON H. F. NO. 2429

A bill for an act relating to usury; changing the penalty for usurious loans made by state banks and savings banks; amending Minnesota Statutes 1978, Sections 334.02; 334.03; and Chapter 48, by adding a section.

April 9, 1980

The Honorable Fred C. Norton
Speaker of the House of Representatives

The Honorable Edward J. Gearty
President of the Senate

We, the undersigned conferees for H. F. No. 2429, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H. F. No. 2429 be further amended as follows:

Strike everything after the enacting clause and insert:

“Section 1. Laws 1980, Chapter 522, Section 1, is amended to read:

48.153 [INSTALLMENT LOANS; FINANCE CHARGES; MINIMUM CHARGES.] Subdivision 1. A bank organized under the laws of this state, or a national banking association doing business in this state making a loan of money not exceeding \$35,000 repayable in installments, may charge upon the unpaid principal balance of the financed amount a rate of interest not in excess of 12 percent a year. A loan made prior to June 30, 1982, at a greater rate than permitted by this subdivision may continue to bear the greater rate of interest if that greater rate was lawful when the loan was made.

Subd. 1a. (a) Notwithstanding subdivision 1, a bank organized under the laws of this state, or a national banking association doing business in this state, making a loan of money not exceeding \$35,000 repayable in installments, may charge, at the time the loan is made, a rate of interest upon the unpaid principal balance of the amount financed of 12 percent a year, or the rate of interest authorized by section 334.011, whichever is greater. If the rate of interest charged is permitted by section 334.011 at the time the loan is made, the rate does not later become usurious because of a fluctuation in the federal discount rate.

(b) This subdivision supersedes subdivision 1 from its effective date until June 30, 1982.

Subd. 2. Installment payments on loans made pursuant to this section by a bank or national banking association shall not extend beyond a period of 12 years and 32 days from the date of the loan. The loan may be secured by a mortgage, pledge, or other collateral.

Subd. 3. A savings bank organized pursuant to chapter 50, *a savings association or savings and loan association subject to the*

provisions of sections 51A.01 to 51A.07, or a savings and loan association chartered under the laws of the United States, that has its principal place of business in this state, may make a loan for consumer purposes to a natural person in an amount not exceeding \$25,000 repayable in installments, and may charge upon the unpaid principal balance of the financed amount a rate of interest not in excess of 12 percent a year. A loan made prior to June 30, 1982, at a greater rate than permitted by this subdivision may continue to bear the greater rate of interest if that greater rate was as lawful when the loan was made.

Subd. 3a. (a) Notwithstanding subdivision 3, a savings bank organized pursuant to chapter 50, *a savings association or savings and loan association subject to the provisions of sections 51A.01 to 51A.57, or a savings and loan association chartered under the laws of the United States, that has its principal place of business in this state, may make a loan for consumer purposes to a natural person in an amount not exceeding \$25,000 repayable in installments, and may charge a rate of interest upon the unpaid principal balance of the amount financed of 12 percent a year, or the rate of interest authorized by section 334.011, whichever is greater. If the rate of interest charged is permitted by section 334.011 at the time the loan is made, the rate does not later become usurious because of a fluctuation in the federal discount rate.*

(b) This subdivision supersedes subdivision 3 from its effective date until June 30, 1982.

Subd. 4. Installment payments on loans made pursuant to this section by a savings bank, *a savings association or savings and loan association subject to the provisions of sections 51A.01 to 51A.57, or a savings and loan association chartered under the laws of the United States shall not extend beyond a period of five 12 years and 32 days from the date of the loan. The loan may be secured by a mortgage, pledge, or other collateral.*

Subd. 5. Charges in reference to installment loans under this section shall be computed and collected only on the unpaid principal balance of the amount financed actually outstanding. One day's finance charge means an amount equal to 1/365 of the per annum rate provided for in an installment loan. If the total finance charge determined on an installment loan, single payment or demand loan shall be less than \$10 the amount charged may nevertheless be \$10. No loan shall be made pursuant to this section if over 50 percent of the proceeds of the loan are used to finance the purchase of a borrower's primary residence other than a mobile home.

Sec. 2. Minnesota Statutes 1978, Chapter 48, is amended by adding a section to read:

[48.195] [PENALTY FOR USURIOUS INTEREST CHARGED BY BANKS AND SAVINGS BANKS.] *The taking, receiving, reserving or charging by a lender of a rate of interest greater than is allowed by state law shall be deemed a forfeiture of the entire interest which the note, bill, or other evidence of*

debt carries with it, or which has been agreed to be paid thereon. In case the greater rate of interest has been paid, the person paying it, or his legal representatives, may recover, in an action in the nature of an action of debt, twice the amount of the interest thus paid from the lender taking or receiving the interest, if the action is commenced within two years from the time the usurious transaction occurred. For purposes of this section, the term "lender" means a bank or savings bank organized under the laws of this state, a federally chartered savings and loan association, a savings association organized under chapter 51A, a federally chartered credit union, a credit union organized under chapter 52, or a mortgagee or lender approved or certified by the secretary of housing and urban development or approved or certified by the administrator of veterans affairs.

Sec. 3. Minnesota Statutes 1978, Section 334.02, is amended to read:

334.02 [USURIOUS INTEREST; RECOVERY.] Every person who for any such loan or forbearance shall have paid or delivered any greater sum or value than in section 334.01 allowed to be received may, by himself or his personal representatives, recover in an action against the person who shall have received the same, or his personal representatives, the full amount of interest or premium so paid, with costs, if action is brought within two years after such payment or delivery. *This section does not apply when the loan or forbearance is made by a lender and the lender is liable for the penalty provided in section 2 in connection with the loan or forbearance. For purposes of this section, the term "lender" means a bank or savings bank organized under the laws of this state, a federally chartered savings and loan association, a savings association organized under chapter 51A, a federally chartered credit union, a credit union organized under chapter 52, or a mortgagee or lender approved or certified by the secretary of housing and urban development or approved or certified by the administrator of veterans affairs.*

Sec. 4. Minnesota Statutes 1978, Section 334.03, is amended to read:

334.03 [USURIOUS CONTRACTS INVALID; EXCEPTIONS.] All bonds, bills, notes, mortgages, and all other contracts and securities, and all deposits of goods, or any other thing, whereupon or whereby there shall be reserved, secured, or taken any greater sum or value for the loan or forbearance of any money, goods, or things in action than prescribed, except such instruments which are taken or received in accordance with and in reliance upon the provisions of any statute, shall be void except as to a holder in due course. No merely clerical error in the computation of interest, made without intent to avoid the provisions of this chapter, shall constitute usury. Interest at the rate of one-twelfth of eight percent for every 30 days shall not be construed to exceed eight percent per annum; nor shall the payment of interest in advance of one year, or any less time, at a rate not exceeding eight percent per annum constitute usury;

and nothing herein shall prevent the purchase of negotiable mercantile paper, usurious or otherwise, for a valuable consideration, by a purchaser without notice, at any price before the maturity of the same, when there has been no intent to evade the provisions of this chapter, or where such purchase has not been a part of the original usurious transactions; but where the original holder of a usurious note sells the same to an innocent purchaser, the maker thereof, or his representatives, may recover back from the original holder the amount of principal and interest paid by him on the note. *This section does not apply when the loan or forbearance is made by a lender and the lender is liable for the penalty provided in section 2 in connection with the loan or forbearance. For purposes of this section, the term "lender" means a bank or savings bank organized under the laws of this state, a federally chartered savings and loan association, a savings association organized under chapter 51A, a federally chartered credit union, a credit union organized under chapter 52, or a mortgagee or lender approved or certified by the secretary of housing and urban development or approved or certified by the administrator of veterans affairs.*

Sec. 5. [EFFECTIVE DATE.] *Sections 1 to 4 are effective the day following final enactment.*"

(b) the product obtained by multiplying the ratio of the amount derived in part (a) (ii) of this clause to \$64,476, times the district's 1979 adjusted assessed valuation; plus

(5) an amount equal to the difference between

(a) the product obtained by multiplying the mill rate levied by the district on its adjusted assessed valuation in 1980 payable 1981 pursuant to section 275.125, subdivision 7a, times \$64,476, times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in 1980-1981; and

(b) the product obtained by multiplying the mill rate levied by the district on its adjusted assessed valuation in 1980 payable 1981 pursuant to section 275.125, subdivision 7a, times the district's 1979 adjusted assessed valuation.

(6) No district where the assessed valuation of agricultural land identified in section 273.13, subdivisions 4, 6 and 6a, comprises 60 percent or more of the assessed valuation of the district shall receive an amount of foundation aid pursuant to clause (1) which is less than the following difference:

(a) \$600 \$800 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), less

(b) the sum of

(i) the amount of the agricultural tax credit by which 1980 payable 1981 property taxes in the district are reduced pursuant to section 273.132, plus

(ii) the amount by which 1980 payable 1981 property taxes in the district are reduced pursuant to section 273.13, subdivisions 6, 7 and 14a, plus

(iii) the amount by which 1980 payable 1981 property taxes in the district are reduced pursuant to section 273.135, plus

(iv) the amount by which 1980 payable 1981 taxes in the district are reduced pursuant to section 273.138, subdivision 6.

Sec. 8. Minnesota Statutes, 1979 Supplement, Section 124.224, Subdivision 8, is amended to read:

Subd. 8. [EXPIRATION.] This section shall expire **June 30, 1980 with the final 1980 payment pursuant to subdivision 7.**

Sec. 9. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 2a, is amended to read:

Subd. 2a. (1) In 1979, a school district may levy for all general and special school purposes, an amount equal to the amount raised by 23 mills times the 1978 adjusted assessed valuation of the district.

(2) In 1980, a school district may levy for all general and special school purposes, an amount equal to the amount raised by 21 mills times the 1979 adjusted assessed valuation of the district.

(3) For any district levying less than 95 percent of the maximum levy allowable in clauses (1) and (2), beginning with the levy certified in 1978, payable in 1979, the foundation aid to the district for the 1979-1980 school year, and for subsequent levies, foundation aid for subsequent school years when the levy is recognized as revenue, calculated pursuant to section 124.212, subdivision 7c, clauses (1) and (6); or section 124.212, subdivision 7d, clauses (1) and (6); or their successor provisions, as applicable, shall be reduced to an amount equal to the ratio between the actual levy and the maximum levy allowable under clauses (1) and (2) times the foundation aid calculated pursuant to section 124.212, subdivision 7c, clauses (1) and (6); or 124.212, subdivision 7d, clauses (1) and (6); or their successor provisions, as applicable, to which the district is otherwise entitled for that year. For purposes of computations pursuant to this clause, the maximum levy allowable and the actual levy under clauses (1) and (2) shall be increased by any reduction of this levy which is required by section 275.125, subdivision 9 or any other law.

(4) (a) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held to approve a levy increase which will commence in a specific school year. The question on the ballot shall state the maximum amount of the increased levy in mills, the amount that will be raised by that millage in the first year it is to be levied, and that the millage shall be used to finance school operations. The question may designate a specific number of years for which the referendum authorization shall apply. If approved, the amount provided by the approved millage applied to each year's taxable valuation shall be authorized for certification for the number of years approved, if applicable, or until revoked by the voters of the district at a subsequent referendum.

(b) A referendum on the question of revoking the increased levy amount authorized pursuant to clause (a) of this clause may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district.

The amount approved by the voters of the district pursuant to clause (a) of this clause must be levied at least once before it is subject to a referendum on its revocation for subsequent years. Only one such revocation election may be held to revoke a levy for any specific year and for years thereafter.

(c) A petition authorized by clauses (a) or (b) of this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or 10 percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board.

(d) Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

(e) Within 30 days after the district holds a referendum pursuant to this clause, the district shall notify the commissioner of education of the results of the referendum.

Sec. 10. Minnesota Statutes 1979 Supplement, Section 275.125, Subdivision 2b, is amended to read:

Subd. 2b. (1) **Beginning in 1979**, In any year when the amount of the maximum levy allowed by subdivision 2a, clause (1) or (2), for any district with 950 or more pupil units under section 124.17, subdivision 1, clauses (1) and (2), exceeds the product of the district's foundation aid formula allowance under section 124.212 for the corresponding school year in which the levy is recognized as revenue times the estimated number of pupil units computed for that district under section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for that school year, the levy permitted that district by subdivision 2a, clause (1) or (2) shall be limited to the greater of the dollar amount of the levy the district certified in 1977 under subdivision 2a, clause (1) or 107 percent of the sum of the following, but not to exceed the amount raised by the number of mills permitted levy limitation under subdivision 2a, clause (1) or (2):

(a) (i) the product of the district's foundation aid formula allowance under section 124.212 for the school year in which the levy is certified recognized as revenue, times the estimated number of pupil units computed for that district under section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for the that school year in which the levy is certified; plus less

(ii) the estimated amount of any payments which would reduce the district's foundation aid entitlement as provided in section 124.212, subdivision 5a in the school year in which the levy is recognized as revenue; plus

(b) the district's estimated aid entitlement pursuant to section 124.20 for the summer school which begins in the school year in which the levy is certified recognized as revenue; plus

(c) that district's estimated entitlement, for the year in which

the levy is certified *recognized as revenue*, for transportation aid pursuant to section 124.225, special education aid pursuant to section 124.32, secondary vocational aid pursuant to section 124.573 and secondary vocational aid for handicapped children pursuant to section 124.574.

(2) If a district levies the full 107 percent of its entitlement under clause (1) for a school year and that amount is less than the amount to which the district would actually have been entitled under sections 124.20, 124.212, 124.225, 124.32, 124.573, and 124.574, for the year to which the levy is attributable, the district may adjust its levies in the succeeding years to make up this difference. The amount by which the district adjusts any levy in the succeeding years pursuant to this section shall be recognized as revenue in the school year when the levy which is so adjusted is recognized as revenue.

(3) If a district levies pursuant to clause (1) for school year and the amount levied is greater than the amount to which the district would actually have been entitled under sections 124.20, 124.212, 124.225, 124.32, 124.573, and 124.574, for the year to which the levy is attributable, the district shall reduce its levies in the succeeding years by the amount of this difference.

(4) However, if the amount of the difference in clause (2), when calculated as an addition to the original levy for that year, would have exceeded the amount raised by the millage limitation in subdivision 2a, clause (1) or (2) for that year, the state shall pay the amount to which the district is entitled under sections 124.20, 124.212, 124.225, 124.32, 124.573, and 124.574, for that school year, which exceeds the amount raised by that millage limitation.

(5) If the district is unable to levy the full 107 percent of its entitlement for a school year because of the millage limitation in subdivision 2a, clause (1) or (2), the state shall pay the amount under sections 124.20, 124.212, 124.225, 124.32, 124.573, or 124.574 to which the district is entitled for that school year which exceeds the amount raised by that millage limitation.

(6) (2) Prior to the certification of levies, the commissioner of education shall notify an applicable district that it is subject to the levy limitation of this subdivision and of its estimated entitlements pursuant to sections 124.20, 124.212, 124.225, 124.32, 124.573, and 124.574. The commissioner shall decide that a district is subject to this levy limitation if it appears reasonably certain that the maximum levy allowed that district pursuant to subdivision 2a, clause (1) or (2) will exceed the district's foundation aid formula allowance times the number of pupil units computed for that district under section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for that corresponding year. If, upon the order of the commissioner, the district levies pursuant to this subdivision but the maximum levy allowed that district pursuant to subdivision 2a, clause (1) or (2) would not actually have exceeded the district's foundation aid formula allowance times the number of pupil units computed for that district under section 124.17, subdivision 1, clauses (1), (2), (4) and (5), for that corresponding year, the

district shall reduce its levy for the next year by the amount by which the levy certified pursuant to this subdivision exceeded the amount the district could have levied under subdivision 2a, clause ~~(1)~~ or ~~(2)~~. Also in that case, the district shall receive all aids from the state pursuant to sections ~~124.20, 124.212, 124.225, 124.32, 124.573, and 124.574~~ to which it would otherwise have been entitled if its permitted levy had not been computed pursuant to this subdivision.

~~(7)~~ (3) Any district which is required to compute its permitted levy levy limitation under this subdivision shall not be eligible to receive that amount of aid for the corresponding school year under sections ~~124.20, 124.212, 124.225, 124.32, 124.573, and 124.574~~ for the corresponding year except as authorized by this subdivision for which it is eligible to levy pursuant to this subdivision and subdivision 20. Clause (1) and this clause shall apply to aids pursuant to these sections in the following order: (a) ~~124.20~~; (b) ~~124.225~~; (c) ~~124.32~~; (d) ~~124.573~~; (e) ~~124.574~~.

~~(8)~~ (4) Nothing within the provisions of this subdivision shall be construed to affect any other levy under this section, including levies made pursuant to subdivision 2a, clause (4), to which a district is otherwise entitled.

~~(9)~~ (5) A levy made by a district pursuant to the provisions of this subdivision shall be construed to be the levy made by that district pursuant to subdivision 2a, clause (1) and (2), for purposes of statutory cross-reference.

~~(10)~~ The provisions of clauses ~~(2)~~ to ~~(9)~~ shall govern ~~1970-1980~~ aids, the adjustment of levies, and statutory cross references to the ~~1978~~ levy, for any district which levied pursuant to clause ~~(1)~~ in ~~1978~~ and which is not required to levy pursuant to clause ~~(1)~~ in ~~1979~~ or subsequent years.

Sec. 11. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 7a, is amended to read:

Subd. 7a. (1) In ~~1979~~ In ~~1980~~ each district which levies the maximum permissible amount pursuant to subdivisions ~~2a~~, clauses ~~(1)~~, ~~(2)~~, and ~~(4)~~, subdivision ~~2a~~, clause (1) or (2) and subdivision ~~6b~~, and ~~6c~~, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one half one mill times the district's ~~1978~~ 1979 adjusted assessed valuation or (b) the product obtained by multiplying ~~\$27.50~~ \$64.48 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in ~~1979-1980~~ the 1980-1981 school year.

(2) In ~~1980~~ 1981 and each year thereafter, each district which levies the maximum permissible amount pursuant to subdivisions ~~2a~~, clauses ~~(1)~~, ~~(2)~~ and ~~(4)~~, subdivision ~~2a~~, clause (1) or (2) and subdivision ~~6b~~, and ~~6c~~, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one mill and one-half mills times the district's adjusted assessed valuation for the preceding year or (b) the product obtained by multiplying (i) one

and one-half times (i) (ii) the ratio of the equalizing factor to 1,000, times (ii) (iii) the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in the school year when the levy is certified.

(3) ~~By August 1 before a district certifies any levy pursuant to this subdivision in 1979, or~~ By the July 1 before a district certifies any levy pursuant to this subdivision in 1980, in any even-numbered year thereafter, or in any odd-numbered year thereafter when the district has not certified a levy pursuant to this subdivision in the preceding year, the board of the district shall hold a public hearing on the need for the proposed levy pursuant to this subdivision. At least three weeks published notice of the hearing in 10 point type, on 12 point body, with a larger headline, shall be given in the legal newspaper with the largest circulation in the district. The notice shall state the amount of the proposed levy in dollars and mills, the *estimated* net unappropriated fund balance in the district's operating funds as of the June 30 before the levy is certified, and the tax impact of the proposed levy on homesteads with market values of \$30,000 and \$50,000. At the hearing, the district shall present its proposed revenue and expenditure budgets for the next two school years and the *estimated* net unappropriated fund balances in all district funds as of the June 30 before the levy is certified, and the board shall hear all parties requesting to give testimony for and against the proposed levy. Upon petition within 20 days after the hearing of ~~five percent~~ *the greater of (a) 50 voters, or (b) 15 percent* of the number of voters who voted in the district at the ~~preceding statewide general most recent regular school board~~ election, the board shall call a referendum on a reduction of the proposed levy. The petition shall state the number of mills on the district's adjusted assessed valuation by which it proposes to reduce the proposed levy. No petition or referendum shall provide for a reduction of a proposed levy pursuant to this subdivision to a rate less than one-half mill on the district's adjusted assessed valuation below the rate levied by the district pursuant to this subdivision in the preceding year. The referendum shall be held on a date set by the school board, but no later than ~~September 20 in 1979 or~~ the August 20 before the levy is certified in ~~subsequent years~~. The question on the ballot shall state the maximum amount of the proposed levy, the amount of the proposed reduction of the levy and the amount of the levy if the reduction is approved, in mills on the district's adjusted assessed valuation and in dollars in the first year of the proposed levy. The district may levy the amount provided by the millage proposed by the school board, reduced by any reduction in millage approved at a referendum pursuant to this clause, applied to the preceding year's adjusted assessed valuation until the next even-numbered year. The district is not required to hold a public hearing or call a referendum on a levy pursuant to this subdivision in any odd-numbered year ~~after 1979~~ which succeeds a year in which a levy is certified pursuant to this subdivision.

Sec. 12. Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 7b, is amended to read:

Subd. 7b. (1) It is the intention of the legislature that the

revenue provided by the discretionary levy authorized in subdivision 7a and by the corresponding portion of foundation aid provided in section 124.212, subdivisions 7c, clause (5), and 7d, clause (5), be used to improve instructional programs in grades kindergarten through 12 *and not be used to increase a district's balance*. If the board of any district with a reasonable general fund balance determines that all or part of this revenue is not needed for this purpose and if this determination is demonstrated by an increase in the district's general fund balance in any fiscal year starting in fiscal year 1981, the mill rate used to calculate the authorized discretionary levy and the corresponding portion of foundation aid shall be reduced as provided in this subdivision. For purposes of this subdivision, a "reasonable general fund balance" shall mean \$150 in all operating funds above \$165 per pupil unit identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5).

(2) In any district where the maximum permissible levy pursuant to subdivision 7a in 1981 or in any year thereafter is determined according to clause (2), part (a), of that subdivision, and where the net unappropriated general fund balance *in all operating funds* has increased between the second June 30 before the levy is certified and the June 30 before the levy is certified, the maximum permissible levy pursuant to subdivision 7a in that year shall be reduced by an amount equal to the product obtained by multiplying

(a) the ratio of

(i) the quotient obtained by dividing the amount of that increase in the general fund balance *in all operating funds* by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, to

(ii) the equalizing factor, times

(b) the district's adjusted assessed valuation for the preceding year.

No levy reduction pursuant to this clause, however, shall exceed an amount equal to the product obtained by multiplying

(a) the ratio of

(i) the difference obtained by subtracting \$150 \$165 from the quotient obtained by dividing the *total* amount of the net unappropriated general fund balance *in all operating funds* of the district as of the June 30 before the levy is certified, by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, to

(ii) the equalizing factor, times

(b) the district's adjusted assessed valuation for the preceding year.

(3) In any district where the maximum permissible levy pur-

suant to subdivision 7a in 1981 or in any year thereafter is determined according to clause (2), part (b), of that subdivision, and where the net unappropriated ~~general fund~~ *balance in all operating funds* has increased between the second June 30 before the levy is certified and the June 30 before the levy is certified, the maximum permissible levy pursuant to subdivision 7a in that year shall be reduced by the *total amount of that the increase in the general fund balance in all operating funds*. No levy reduction pursuant to this clause, however, shall exceed an amount equal to the difference obtained by subtracting

(a) the product obtained by multiplying ~~\$150~~ *\$165* times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5), in the district in the year when the levy is certified, from

(b) the *total amount of the net unappropriated general fund balance in all operating funds* in the district as of the June 30 before the levy is certified.

Sec. 13. Minnesota Statutes 1979 Supplement, Section 275.125, Subdivision 20, is amended to read:

Subd. 20. The computation of levy limitations pursuant to subdivisions 2b, 2c, 6c and 19 shall be based on estimates where necessary. If as a result of using estimates for these computations the amount of any levy is different from the amount which could actually have been levied if actual data had been available, levy limitations in the first year when the actual data is known shall be adjusted to reflect for this difference. The amount of any adjustment to levy limitations pursuant to this subdivision shall be recognized as revenue in the school year when the levy for which the levy limitation is so adjusted is recognized as revenue.

Sec. 14. [REPEALER.] *Minnesota Statutes 1978, Section 122.531, Subdivision 3, is repealed.*

Sec. 15. [DEFICIENCY APPROPRIATION; SUMMER SCHOOL.] *The sum of \$685,000 is appropriated from the general fund to the department of education for the fiscal year ending June 30, 1980, for the payment of a deficiency in funds available for state aid for summer school. This amount is for 1979 summer school programs and shall be added to the sum appropriated for fiscal year 1980 for summer school aid in Laws 1979, Chapter 334, Article I, Section 28, Subdivision 3.*

Sec. 16. [DEFICIENCY APPROPRIATION; SPARSITY AID.] *There is appropriated from the general fund to the department of education the sum of \$30,000 for the fiscal year ending June 30, 1980, and the sum of \$6,000 for the fiscal year ending June 30, 1981, for the payment of a deficiency in funds available for sparsity aid for 1980 pursuant to section 124.224. These appropriations shall be added to the amounts appropriated for sparsity aid in Laws 1979, Chapter 334, Article I, Section 28, Subdivision 4.*

Sec. 17. [EFFECTIVE DATE.] Sections 8, 15 and 16 are effective on the day following final enactment.

ARTICLE II

124.223 [TRANSPORTATION AID AUTHORIZATION.] School transportation and related services for which state transportation aid is authorized are:

(1) Transportation or board of resident pupils who reside one mile or more from the public schools which they could attend, or transportation to, from, or between the schools they attend pursuant to a program approved by the commissioner of education, or who reside one mile or more from a private school actually attended, but only to the extent permitted by sections 123.76 to 123.79 with respect to private school pupils;

(2) Transportation to and from or board and lodging in another district, of resident pupils of a district without a secondary school; the pupils may attend a classified secondary school in another district and shall receive board and lodging in or transportation to and from a district having a classified secondary school at the expense of the district of the pupil's residence;

(3) Transportation to and from a state board approved secondary vocational center for secondary vocational classes for resident pupils of any of the districts who are members of or participating in programs at that center;

(4) Transportation or board and lodging of a handicapped pupil when that pupil cannot be transported on a regular school bus, the conveying of handicapped pupils between home and school and within the school plant, *necessary transportation of handicapped pupils during the school day to other buildings within or outside the district where services are provided*, and necessary transportation for resident handicapped pupils required by section 120.17, subdivision 4a. *Transportation of handicapped pupils between home and school shall not be subject to the requirement in clause (1) that the pupil reside at least one mile from school in order for the transportation to qualify for aid;*

(5) When necessary, board and lodging for nonresident handicapped pupils in a district maintaining special classes;

(6) Transportation from one educational facility to another within the district for resident pupils enrolled on a shared time basis in educational programs approved by the commissioner of education, and necessary transportation required by section 120.17, subdivision 9 for resident handicapped pupils who are provided special instruction and services on a shared time basis;

(7) Transportation for residents to and from the Minnesota

school for the deaf or the Minnesota braille and sight-saving school;

(8) Services described in clauses (1) to (7) and ~~clause~~ *clauses* (9) and (10) when provided in conjunction with a state board approved summer school program;

(9) Transportation to, from or between educational facilities located in any of two or more school districts jointly offering academic classes approved by the commissioner or secondary vocational classes not provided at a secondary vocational center which are approved by the commissioner for resident pupils of any of these districts; and

(10) Necessary transportation within district boundaries between a nonpublic school and a public school or a neutral site for nonpublic school pupils who are provided pupil support services pursuant to section 123.935.

Sec. 2. Minnesota Statutes, 1979 Supplement, Section 124.225, is amended to read:

124.225 [TRANSPORTATION AID ENTITLEMENT.] Subdivision 1. For purposes of this section, the terms defined in this subdivision have the meanings given to them.

(a) "FTE" means a transported full time equivalent pupil whose transportation is authorized for aid purposes by section 124.223.

(b) *Beginning with the 1980-1981 school year, "region" means development region as defined in section 462.384, subdivision 5, except that for purposes of this section, development regions 1 and 2 are one region, development regions 4 and 5 are one region, development regions 6E and 6W are one region, and development regions 7E and 7W are one region.*

(c) "Total authorized cost" or "total authorized expenditure" means the sum of:

(i) all expenditures for transportation for which aid is authorized in section 124.223, plus

(ii) an amount equal to one year's depreciation on the district's school bus fleet *and mobile units* computed on a straight line basis at the rate of 12- $\frac{1}{2}$ percent per year of the cost of the fleet, plus

(iii) an amount equal to one year's depreciation on district school buses reconditioned by the department of corrections computed on a straight line basis at the rate of 33- $\frac{1}{3}$ percent per year of the cost to the district of the reconditioning.

~~(e)~~ (d) "Total authorized predicted cost" means the total authorized cost predicted by a linear *multiple* regression formula determined by the department of education.

~~(d)~~ (e) *For the 1979-1980 school year, "regular and summer school authorized FTE's transported" means full time equivalent*

pupils transported under section 124.223, clause (1), during the regular school year and in conjunction with a state board approved summer school program.

(f) "Transportation category" means a category of transportation service provided to pupils. Each category includes transportation provided during the regular school year and in conjunction with a state board approved summer school program. For purposes of this section, transportation categories are as follows:

(i) Regular transportation is transportation services provided under section 124.223, clauses (1) and (2), excluding transportation between schools under section 124.223, clause (1);

(ii) Secondary vocational center transportation is transportation services provided under section 124.223, clause (3);

(iii) Handicapped transportation is transportation services provided under section 124.223, clause (4), excluding board and lodging and excluding transportation to and from board and lodging facilities;

(iv) Board and lodging is services provided, in lieu of transportation, under section 124.223, clauses (4) and (5);

(v) Between schools transportation is transportation services between schools provided under section 124.223, clause (1);

(vi) Shared time regular transportation is transportation services provided under section 124.223, clause (6), excluding transportation provided for pupils attending shared time special education classes;

(vii) Shared time special education transportation is transportation services for pupils attending shared time special education classes provided under section 124.223, clause (6);

(viii) To and from board and lodging facility transportation is transportation services to and from board and lodging facilities provided under section 124.223, clauses (4) and (7);

(ix) Cooperative academic and vocational transportation is transportation services provided under section 124.223, clause (9);

(x) Nonpublic health, guidance and counseling transportation is transportation services provided under section 124.223, clause (10);

(g) "Pupil weighting factor" means the ratio of the actual regional average cost per FTE in a particular transportation category to the actual regional average cost per FTE in the regular transportation category.

(h) "Weighted FTE's" means the number of FTE's in each transportation category multiplied by the pupil weighting factor for that category.

(i) "Mobile unit" means a vehicle or trailer designed to provide facilities for educational programs and services, including diag-

nostic testing, guidance and counseling services and health services. A mobile unit located off nonpublic school premises is a neutral site as defined in section 123.932, subdivision 9.

Subd. 1a. For the 1980-1981 school year and thereafter, in computing transportation aid, the department of education shall establish the pupil weighting factors for each transportation category for each region using transportation cost data for the second prior school year. The department shall use the statewide pupil weighting factor for any transportation category for which a region had no experience during the second prior school year.

Subd. 2. For the 1979-1980 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear regression formula shall be determined for each planning region by the department of education, using the terms specified in subdivision 4, to maximize the amount of variance accounted for between the total actual authorized cost per FTE for the 1977-1978 school year and the total authorized predicted cost per FTE for the 1977-1978 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per FTE for the 1977-1978 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 5 and 7. The linear regression formulas shall be determined so that the total transportation aid for the 1979-1980 school year does not exceed the amount appropriated for transportation aid for the 1979-1980 school year.

Subd. 3. For the 1980-1981 school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A linear multiple regression formula shall be determined through stepwise multiple regression analysis for each planning region by the department of education, using the terms specified in subdivision 4 4a , to maximize the amount of variance accounted for between the total actual authorized cost per weighted FTE for the 1978-1979 school year and the total authorized predicted cost per weighted FTE for the 1978-1979 school year. The formula determined for each region shall be used to determine a total authorized predicted cost per weighted FTE for the 1978-1979 school year for each district in the region. The amount determined for each district shall be adjusted according to the provisions of subdivisions 6 and 7 7a . The linear regression formulas shall be determined so that the total transportation aid for all districts for the 1980-1981 school year does not exceed the amount appropriated for transportation aid for the 1980-1981 school year.

Subd. 4. To predict the natural logarithm of the total authorized cost per FTE transported authorized by law for the 1979-1980 school year , the linear regression formula shall use the following terms and all their cross products:

(1) The natural logarithm of the quotient of 1.00 divided by the total number of authorized FTE's transported;

(2) The natural logarithm of the sum of 100 plus the difference between the average of the square roots computed for all districts in the state of the number of regular and summer school authorized FTE's transported per square mile minus the square root of the number of regular and summer school authorized FTE's transported per square mile in the district;

(3) The natural logarithm of the ratio of the number of regular and summer school authorized FTE's transported to the district's total average daily membership;

(4) The natural logarithm of the number of regular and summer school authorized FTE's transported per square mile;

(5) The natural logarithm of the district's average daily membership;

(6) The natural logarithm of the size of the district measured in square miles; and

(7) The natural logarithm of the total number of FTE's transported by the district authorized for aid pursuant to section 124.223 minus the number of regular and summer school authorized FTE's transported.

Subd. 4a. To predict the total authorized cost per weighted FTE for each district beginning in the 1980-1981 school year, each regional multiple regression formula shall use the following terms and their squares for each district in the region:

(1) The area of the district measured in square miles;

(2) The district's average daily membership;

(3) The total number of authorized FTE's transported by the district;

(4) The total number of authorized FTE's transported by the district in the handicapped, shared time special education, and to and from board and lodging facility transportation categories as a percentage of the total number of authorized FTE's transported by the district;

(5) The number of authorized FTE's transported by the district in the board and lodging transportation category as a percentage of the total number of authorized FTE's transported by the district;

(6) The number of authorized FTE's transported by the district in the between schools transportation category as a percentage of the total number of authorized FTE's transported by the district;

(7) The number of authorized FTE's transported by the district in the shared time regular transportation category as a percentage of the total number of authorized FTE's transported by the district;

(8) *The number of authorized FTE's transported by the district in the secondary vocational center transportation category as a percentage of the total number of authorized FTE's transported by the district;*

(9) *The number of authorized FTE's per square mile transported by the district in the regular transportation category;*

(10) *The number of authorized FTE's per square mile transported by the district in the handicapped transportation category;*

(11) *The number of authorized FTE's transported by the district in the regular transportation category as a percentage of the district's average daily membership;*

(12) *An index of the district's shape computed by the department of education based on a comparison of the perimeter of the district to the perimeter of a circle with the same square mile area as the district;*

(13) *The percentage of the district's square mile area which is classified by the state planning agency as water-covered or marshland;*

(14) *The number of 40 acre parcels of land in the district which are contiguous to or intersected by unpaved roads, as a percentage of the number of 40 acre parcels of land in the district which are contiguous to or intersected by any roads, paved or unpaved. The number of 40 acre parcels of each type shall be obtained from the state planning agency;*

(15) *The percentage of the district's square mile area which is classified by the state planning agency as having a slope of land exceeding six percent;*

(16) *The number of authorized FTE's transported to nonpublic schools by the district in the regular transportation category as a percentage of the total number of authorized FTE's transported by the district in the regular transportation category.*

Subd. 5. The total authorized predicted cost per FTE determined for a district under subdivision 2 for 1977-1978 shall be increased by 47 27 percent.

Subd. 6. The total authorized predicted cost per *weighted* FTE determined for a district under subdivision 3 for 1978-1979 shall be increased by 47 29 percent.

Subd. 7. (1) Each district's adjusted total authorized predicted cost per FTE determined for each the 1979-1980 school year according to subdivision 5 or 6 shall be compared to the total actual expenditure per FTE for authorized transportation for that district for that year to determine the district's aid entitlement per FTE for that year.

(2) *For the 1979-1980 school year, if the adjusted total authorized predicted cost per FTE is greater than the district's actual authorized expenditure per FTE, its aid entitlement per FTE*

shall equal the adjusted predicted cost per FTE minus 10 percent of the first \$10 of difference between the adjusted total authorized predicted cost per FTE and the actual expenditure per FTE; minus 20 percent of the next \$20; minus 40 percent of the next \$20; minus 60 percent of the next \$50; and minus 75 percent of the difference which exceeds \$100.

(3) *For the 1979-1980 school year, if the adjusted total authorized predicted cost per FTE is less than the district's actual authorized expenditure per FTE, its aid entitlement per FTE shall equal the adjusted total authorized predicted cost per FTE plus 10 percent of the first \$10 of difference between the adjusted predicted cost per FTE and the actual expenditure per FTE; plus 20 percent of the next \$20; plus 40 percent of the next \$20; plus 60 percent of the next \$50; and plus 75 percent of the difference which exceeds \$100.*

(4) Notwithstanding clauses (2) and (3), for the 1979-1980 school year, no district's aid entitlement per FTE shall be less than its actual authorized expenditure per FTE minus \$20 or more than its actual authorized expenditure per FTE plus \$20.

Subd. 7a. (1) Each district's adjusted total authorized predicted cost per weighted FTE determined for the 1980-1981 school year and each year thereafter according to subdivision 6 shall be compared to the total actual expenditure per weighted FTE for authorized transportation for that district for that year to determine the district's aid entitlement per weighted FTE for that year.

(2) If the adjusted total authorized predicted cost per weighted FTE is greater than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted predicted cost per weighted FTE minus 20 percent of the first \$10 of difference between the adjusted total authorized predicted cost per weighted FTE and the actual expenditure per weighted FTE; minus 40 percent of the next \$10; 60 percent of the next \$10; minus 75 percent of the difference which exceeds \$30.

(3) If the adjusted total authorized predicted cost per weighted FTE is less than the district's actual authorized expenditure per weighted FTE, its aid entitlement per weighted FTE shall equal the adjusted total authorized predicted cost per weighted FTE plus 20 percent of the first \$10 of difference between the adjusted predicted cost per weighted FTE and the actual expenditure per weighted FTE; plus 40 percent of the next \$10; plus 60 percent of the next \$10; plus 75 percent of the difference which exceeds \$30.

Subd. 8. A district's aid pursuant to this section for each the 1979-1980 school year shall equal the district's aid entitlement per FTE determined according to subdivision 7 times the total number of authorized FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 8a. A district's aid pursuant to this section for the 1980-

1981 school year and each year thereafter shall equal the district's aid entitlement per weighted FTE determined according to subdivision 7a times the total number of authorized weighted FTE's transported in the district in that school year, minus the amount raised by one mill times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year.

Subd. 8b. (a) In addition to the amount authorized in subdivision 8a, for the 1980-1981 school year, the state shall pay aid for the excess costs of providing transportation for handicapped students as provided in this subdivision to a district where:

(1) the average daily membership in that year is 2,500 or fewer pupils,

(2) the total actual authorized expenditures exceed the aid entitlement, and

(3) the actual authorized expenditure per weighted FTE in the handicapped and board and lodging categories exceeds 140 percent of the aid entitlement per weighted handicapped and board and lodging FTE.

(b) This aid shall equal 80 percent of the difference between:

(1) the actual authorized expenditure per weighted handicapped and board and lodging FTE and

(2) 140 percent of the aid entitlement per weighted handicapped and board and lodging FTE.

(3) For purposes of the computation of aid pursuant to this subdivision, the amounts of the actual authorized expenditure and the aid entitlement shall exclude amounts attributable to depreciation. Aid pursuant to this subdivision shall not exceed the difference between the district's total actual authorized expenditures and its total aid entitlement.

Subd. 9. Each district shall report to the department before July 1 of each year an estimate for the next school year of the total number of FTE's transported by transportation category and an estimate of the district's total actual authorized transportation expenditure by transportation category. The district's aid shall be determined for purposes of the first three transportation aid payments for the school year using these estimates. Before August 15 of each year, 1980, each district shall provide the department with the information for the preceding 1979-1980 school year which the department determines is necessary to compute the district's actual authorized expenditure per FTE for purposes of the computation in subdivision 7 and the district's actual total number of FTE's transported for purposes of the aid computation in subdivision 8. Before August 15, 1981, and each August 15 thereafter, each district shall provide the department with the information for the preceding school year which the department determines is necessary to compute the district's actual authorized expenditure per weighted FTE for purposes of

the computation in subdivision 7a and the district's actual total number of weighted FTE's transported for purposes of the aid computation in subdivision 8a. The district's final transportation aid payment for that the school year shall be based on these computations.

Subd. 10. Any school district which owns school buses or mobile units shall transfer annually from the unappropriated fund balance account in its transportation fund to the appropriated fund balance account for bus purchases in its bus purchase transportation fund at least an amount equal to 12½ percent of the original cost of each bus or mobile unit until the original cost of each bus or mobile unit is fully amortized, plus 33⅓ percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized. Any school district may transfer any amount from the unappropriated fund balance account in its transportation fund to any other operating fund or to the appropriated fund balance account for bus purchases in its bus purchase transportation fund.

Subd. 11. [PAYMENT SCHEDULE.] *Except as may be otherwise authorized by the commissioner to accommodate a flexible school year program, the state shall pay to each school district 30 percent of its estimated school transportation aid entitlement for the fiscal year on or before each of the following dates: August 31, December 31, and March 31. The final aid distribution to each district shall be made on or before October 31 of the following fiscal year.*

Sec. 3. Minnesota Statutes 1978, Section 275.125, Subdivision 5, is amended to read:

Subd. 5. For school transportation services, a school district may levy an amount not to exceed the amount raised by a levy of one mill times the adjusted assessed valuation of the taxable property of the district for the preceding year. A district may levy under this subdivision for the annual each payments to be made for the purchase of buses, but only for that portion of the payments not offset by state transportation aid received on account of depreciation amount necessary to eliminate any projected deficit in the appropriated fund balance account for bus purchases in its transportation fund as of June 30 in the school year when the levy is recognized as revenue. Beginning with the levy certified in 1976, A district may also levy for transportation costs or other related services which are approved by the commissioner as necessary because of extraordinary traffic hazards for the current fiscal year.

Sec. 4. Minnesota Statutes 1978, Section 275.125, Subdivision 5a, is amended to read:

Subd. 5a. Upon approval of the commissioner, a district may levy for increased transportation costs above the formula limitation resulting from changes in transportation patterns required by

leasing a school in another district provided that the cost increases are estimated to be a direct result of leasing that school and the increases result in costs above the formula limitation. When the transportation patterns of a district change as a result of leasing a school in another district, the district may, upon approval of the commissioner, levy for any increase in transportation cost above the cost that would occur without the leasing of the school. The commissioner shall approve a specific dollar amount which may be levied because of these increased costs. The levy authorized by this subdivision may be computed on the basis of estimated increased costs. In the first year a district makes the levy authorized by this subdivision, the commissioner may authorize a levy sufficient to pay for estimated increased costs resulting from leasing for two years. The amount provided by this levy shall not be included in the computation of the actual net operating cost per pupil transported in future years.

Sec. 5. [SCHOOL BUS ALCOHOL FUEL DEMONSTRATION.] *Subdivision 1. The commissioner of education may make grants to school districts for the purpose of converting gasoline-fueled school buses to the use of straight alcohol fuel. Each grant shall be limited to the actual cost of the conversion from gasoline fuel to alcohol fuel, but the total grant shall not exceed \$700 per bus to be converted plus reimbursement for additional costs necessary for compliance with subdivision 4. The commissioner shall provide general guidelines for districts to follow in making these conversions.*

Subd. 2. [SELECTION OF PARTICIPATING DISTRICTS.] To the extent feasible, the commissioner shall make grants pursuant to subdivision 1 so as to include one or more school districts in each of the following categories: districts with primarily urban bus routes, districts with primarily rural bus routes, districts with gravel or unpaved roads on their bus routes, and suburban school districts having a broad range of population densities.

Subd. 3. [ALCOHOL FUEL STORAGE FACILITIES.] School districts which participate in this program may apply for an additional grant to cover the costs of establishing satisfactory alcohol fuel storage facilities. These additional grants shall be limited to \$1,000 per school district or to the actual cost of the necessary storage facilities, whichever is less.

Subd. 4. [REPORT BY DISTRICTS.] On or before February 1, 1981, every school district receiving a grant pursuant to subdivision 1 shall make a report to the commissioner including the following information: (1) the fuel cost differences between using alcohol as a fuel and using gasoline as a fuel in its school buses; (2) any fuel system or drivability problems with its buses converted to alcohol; (3) any differences in maintenance costs between gasoline-fueled and alcohol-fuel buses; (4) any difficulties with the availability of alcohol fuel; and (5) any other observations the districts deems pertinent.

This reporting requirement shall not apply to any school dis-

trict which has not used any of its alcohol-fueled school buses on a regular basis before November 15, 1980.

Subd. 5. [REPORT TO LEGISLATURE.] *The commissioner shall make the information received pursuant to subdivision 4 available to the energy agency and shall report to the legislature on or before February 15, 1981, evaluating the practicality of alcohol as a fuel for school buses.*

Sec. 6. [TRANSPORTATION STUDY; COMPUTERIZED BUS ROUTING.] *Subdivision 1. Before February 1, 1981, the department of education shall report to the appropriate committees of the legislature on proposed measures for economy and cost effectiveness in school transportation and related services. The report shall include a study of the existing administration of transportation services based on a sampling of school districts of representative sizes and locations, and other data throughout the state. The report shall also include recommendations by the department on the following:*

(1) Measures by districts to reduce fuel costs, conserve fuel and increase the overall efficiency of transportation and related services;

(2) Adjustments to the transportation aid entitlement formula; and

(3) Measures by the department of education which will assist districts in reducing their costs of transportation and related services.

Subd. 2. *After February 1, 1981, the department of education shall provide technical assistance to school districts which request it for developing computer assisted bus routing plans.*

Subd. 3. *The department of education may increase the staff complement by two professional employees and one clerical employee for the purposes of subdivision 1 and 2. The department may also contract with consultants or employ necessary temporary personnel for the purposes of subdivision 1.*

Sec. 7. [REPEALER.] *Minnesota Statutes 1978, Section 123.-39, Subdivision 3; and Minnesota Statutes, 1979 Supplement, Section 124.222, Subdivision 3, are repealed.*

Sec. 8. [APPROPRIATION; ALCOHOL CONVERSION.] *For grants pursuant to section 5, there is appropriated to the department of education from the general fund the sum of \$30,000 for the fiscal year ending June 30, 1981. If this appropriation amount is insufficient for the purposes indicated, the state shall not be obligated for any amount in excess of the appropriation in this section for these purposes.*

Sec. 9. [APPROPRIATION; TRANSPORTATION STUDY; COMPUTERIZED BUS ROUTING.] *There is appropriated from the general fund to the department of education the sum of \$150,000 for the purposes of section 6 of this article. This appropriation is available until June 30, 1981.*

Sec. 10. [APPROPRIATION.] *Subdivision 1. There is appropriated from the general fund to the department of education the sums indicated in this section for the fiscal years ending June 30 in the years designated.*

Subd. 2. [TRANSPORTATION AID.] For transportation aid there is appropriated:

- \$ 2,000,000 1980,
- \$13,688,300 1981.

(a) The appropriation for 1980 is for aid for fiscal year 1980 payable in fiscal year 1980.

(b) The appropriation for 1981 includes \$2,225,600 for aid for fiscal year 1980 payable in fiscal year 1981 and \$11,462,700 for aid for fiscal year 1981 payable in fiscal year 1981.

(c) The amounts appropriated in this subdivision shall be added to the amounts appropriated for transportation aid in Laws 1979, Chapter 334, Article II, Section 15, Subdivision 2.

Subd. 3. Any unexpended balance remaining from the appropriation in this section for 1980 shall cancel and shall not be available for the second year of the biennium. None of the amounts appropriated in this section shall be expended for a purpose other than the purpose indicated. If the appropriated amount attributable to either year for any purpose indicated is insufficient when added to the amount appropriated for the purpose in Laws 1979, Chapter 334, Article II, Section 15, Subdivision 2, the aid for that year shall be prorated among all qualifying districts. The state shall not be obligated for any amount in excess of the total appropriations in this section and in Laws 1979, Chapter 334, Article II, Section 15, Subdivision 2, for those purposes.

ARTICLE VIII

RESEARCH AND DEVELOPMENT

Section 1. [PURPOSE.] *The legislature of the state of Minnesota recognizes the long standing tradition and commitment of the people of this state to quality in education. This commitment has required a growing and unprecedented expenditure of public funds. As these expenditures continue to grow, it becomes necessary to insure that the expectations and priorities of the people of Minnesota for education continue to be met. One of the most effective means of maintaining and improving quality in public education, as in business, industry, science and medicine, is through research and development. Research and development in education makes it possible for those concerned to find answers to questions of educational importance, develop improved measures for education and create new responses to address future problems. Presently, however, only a small fraction of one percent of the total revenues spent on public education is allocated for research and development. The purpose of this article is to encourage research and development programs at the local school district level.*

Sec. 2. Subdivision 1. *For the 1980-1981 and 1981-1982 school years, the state board of education, with the approval of the governor after consultation with the legislative advisory commission in the manner provided in section 3.30, shall make up to 15 grants to school districts to engage in educational research and development. Districts are encouraged, but are not limited, to conduct educational research and development in the following areas:*

(1) Review of school district purposes and priorities for education;

(2) Programs encouraging the development of local citizen task forces on educational issues;

(3) Programs in preventive education and basic living skills;

(4) Developing programs which emphasize the purpose and results of education for the effective development of the child, including programs which focus on the importance of the home environment, the behavior of parents and family members in promoting the total development of the child, and programs which focus on the responsibility of parents as teachers and on membership in a family as a career; and

(5) Developing uses for computerized instruction, cable television and other innovations in media technology.

The research may include a review of existing national and

international research and may involve the cooperation of the private sector.

Subd. 2. Districts which wish to participate in the funded research and development shall submit a research and development proposal to the department of education no later than June 1 preceding the school year for which the research and development is proposed. Two or more districts may submit a joint proposal for cooperative research and development. A proposal may request funding for one year or two years. Districts are encouraged to establish offices of research and development with the grant funds and to coordinate the research and development grant received pursuant to this section with grants for research and development from other sources. The council on quality education shall provide technical assistance to the state board of education in evaluating proposals. Districts shall be notified of their participation in the funding no later than August 1 preceding the school year for which the research and development is proposed.

Subd. 3. The funds shall be as equally distributed as possible among districts in cities of the first class, in suburbs, and outside the seven county metropolitan area. Districts are encouraged to propose research and development which is district wide or state-wide in its implementation.

Subd. 4. The department of education shall make a report to the legislature on the research and development conducted in accordance with this section before September 15, 1982.

Sec. 3. [APPROPRIATION; RESEARCH AND DEVELOPMENT PROGRAM.] *The sum of \$250,000 is appropriated from the general fund to the department of education for the fiscal year ending June 30, 1981 for the program authorized pursuant to sections 1 and 2 of this article. This appropriation is available until June 30, 1982.*

Sec. 4. [EFFECTIVE DATE.] *This article is effective the day following final enactment."*

We, the undersigned conferees for S. F. No. 507, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S. F. No. 507 be further amended as follows:

Delete everything after the enacting clause and insert:

Sec. 2. [PURPOSE.] *The purpose of the regional railroad authorities act is to provide a means whereby counties, with state and federal aids as may be available, may provide for the preservation and improvement of local rail service for agriculture, industry, or passenger traffic when determined to be practicable and necessary for the public welfare, particularly in the case of abandonment of local rail lines.*

Sec. 3. [ORGANIZATION OF AUTHORITY.] *Subdivision 1. [ORGANIZATION RESOLUTIONS.] A regional railroad authority may be organized by resolution or joint resolution adopted by the governing body or bodies of one or more counties, providing and stating:*

Subd. 2. [HEARING.] Before final adoption of an organization resolution, the governing body of each county named in it shall provide for a public hearing upon notice published in the official county newspaper and mailed to the governing body of each municipality in the county, at least 30 days before the hearing. All other amendments shall take effect upon filing with the secretary of state and issuance of an amended certificate of incorporation in the same manner as provided for the organization resolution.

Commissioners shall be appointed and vacancies in their office shall be filled by the governing body of each county named in the organization resolution, in accordance with the provisions of that resolution. A majority of the commissioners being present at a meeting, any action may be taken by resolution or motion adopted by recorded vote of a majority of those present, unless a larger majority is required by bylaws adopted by the board.

Subd. 7. [OFFICERS AND EMPLOYEES.] The board of commissioners shall appoint a chairman, vice chairman, secretary, and treasurer from its members, each to serve for a term of one year and until a successor is appointed. The offices of secretary and treasurer may be combined, and deputies or assistants may be appointed for either office or the combined office, from members of the board or otherwise. The powers and duties of each office shall be determined by the board, which shall require and pay for a surety bond for each officer handling funds. The board shall provide for the keeping of a full and accurate record of all proceedings and of resolutions, regulations, and orders issued or adopted; the state auditor shall, as time and resources permit, annually audit the books of said regional railroad authority. The board may appoint an executive director and other officers, fix their compensation, and delegate to them the powers and duties, as it may determine. (b) Acquire real and personal property within or outside its taxing jurisdiction, by purchase, gift, devise, condemnation, conditional sale, lease, lease purchase, or otherwise; and

(c) Hold, manage, control, sell, convey, lease, mortgage, or otherwise dispose of real or personal property.

limited to terminal buildings, roadways, crossings, bridges, causeways, tunnels, equipment, and rolling stock.

Subd. 3. [PERMITS.] The authority may apply to any public agency for permits, consents, authorizations, and approvals required for any project and take all actions necessary to comply with their conditions.

Subd. 4. [EMINENT DOMAIN.] The authority shall have all powers granted to a political subdivision in Minnesota Statutes, Chapter 117 for the acquisition of property for a public purpose except that it shall have no power of eminent domain with respect to property owned by another authority or political subdivision of Minnesota or any other state, or with respect to property owned or used by a railroad corporation unless the Interstate Commerce Commission, or another authority with power to make the finding, has found that the public convenience and necessity permit discontinuance of rail service on the property. All property taken for the exercise of the powers granted herein is declared to be taken for a public governmental purpose and as a matter of public necessity.

Subd. 5. [FUNDS.] The authority may establish charges and rentals for the use, sale, and availability of its property and service and may hold, use, dispose of, invest, and reinvest the income, revenues, and funds derived therefrom. Subject to any agreement with bondholders, it may invest money not required for immediate use, including bond proceeds, in the securities it shall deem prudent, notwithstanding the provisions of any other law relating to the investment of public funds.

Subd. 6. It may also procure insurance against loss of or damage to property in the amounts, by reason of the risks, and from the insurers as it deems prudent.

Subd. 7. [GRANTS.] The authority may accept, contract for, and receive and disburse federal, state, and other funds or property, public or private, made available by grant, loan, or lease, to be used in the exercise of any of its powers, and may comply with the terms and conditions of the grant or loan.

Subd. 8. [TAXATION.] Before deciding to exercise the power to tax, the authority shall give six weeks published notice in all counties in the region. If a number of voters in the region equal to five percent of those who voted for candidates for governor at the

last gubernatorial election present a petition within nine weeks of the first published notice to the secretary of state requesting that the matter be submitted to popular vote, it shall be submitted at the next general election. The question prepared shall be:

"Shall the regional rail authority have the power to impose a property tax,

Yes

No"

If a majority of those voting on the question approve or if no petition is presented within the prescribed time the authority may thereafter levy a tax at any annual rate not exceeding four mills on the assessed valuation of all taxable property situated within the county or counties named in its organization resolution. Its recording officer shall file in the office of the county auditor of each county a certified copy of the board of commissioners' resolution levying the tax, and each county auditor shall assess and extend upon the tax rolls the portion of the tax that bears the same ratio to the whole amount that the assessed valuation of taxable property in that county bears to the assessed value of taxable property in all counties named in the organization resolution. Collections of the tax shall be remitted by each county treasurer to the treasurer of the authority.

Subd. 9. [MUNICIPAL AGREEMENTS.] The authority may enter into agreements with the county or counties named in the organization agreement, or with other municipalities situated in the counties, respecting the matters referred to in section 6.

Subd. 10. [BONDS.] The authority may issue bonds in the manner and upon the conditions provided in section 7.

Subd. 11. [CONTRACTS FOR OPERATION AND USE OF FACILITIES.] The authority may enter into contracts including leases with any person, firm, or corporation, for terms the authority may determine:

(a) Providing for the operation of any facilities on behalf of the authority, at the rate of compensation as may be determined.

(b) Leasing a rail line for operation by the lessee or any facility or space therein for other commercial purposes, at rentals as may be determined, but no person may be authorized to operate a rail line other than as a common carrier;

(c) Granting the privilege, for compensation as the authority shall determine, of supplying goods, commodities, services, or facilities along rail lines or in or upon other property; and

(d) Making available services furnished by the authority or its agents, at charges, rentals, or fees which shall be reasonable and uniform for the same class of privilege or service.

Sec. 5. [TAX EXEMPTION.] The property and income of an authority shall be exempt from all taxation, except that Minnesota

Statutes, Sections 272.01, Subdivision 2, and 273.19 shall apply to any use or lease of the property, other than operation of a railroad line by a railroad company.

Sec. 6. [MUNICIPAL POWERS.] Subdivision 1. [GENERAL.] *Any county named in the organization resolution of an authority, and any other municipality situated within a named county, may exercise the powers granted in this section, in aid or in consideration of the exercise of the authority's powers in ways which are determined by the governing body of the municipality to be for the benefit and welfare of its citizens.*

Subd. 2. [LOANS AND DONATIONS.] *The municipality may lend or donate money to the authority and may levy taxes, appropriate money, and issue bonds for that purpose in the manner and within the limitations prescribed by law, including but not limited to Minnesota Statutes, Chapters 275 and 475.*

[PUBLIC IMPROVEMENTS.] *The municipality may cause water, sewer, storm sewer, drainage, street, highway and sidewalk, or other public improvements to be furnished adjacent to or in connection with property of the authority; but the property shall be exempt from special assessment as in the case of highway rights of way pursuant to Minnesota Statutes, Section 435.19.*

Subd. 5. [CONVEYANCE OF PROPERTY.] *The municipality may dedicate, sell, convey, or lease to the authority its interest in any property and may grant easements, licenses, and other rights in it to the authority.*

Sec. 7. [BONDS.] Subdivision 1. [AUTHORIZATION.] *An authority may from time to time issue bonds, or other obligations however designated, in principal amounts as it shall deem necessary to fulfill its purpose and to exercise any of its powers, to provide funds for operating expenses in anticipation of revenues of the current year, or for capital expenditures in anticipation of the issuance of long term bonds or the receipt of a grant or loan of state or federal funds, to refund the principal of or interest or redemption premiums on outstanding bonds whether or not the amounts refunded have become due and payable, to establish or increase reserves to secure the payment of bonds or interest on them, and to pay costs and expenses of the issuance of the bonds.*

Subd. 2. [SECURITY.] *Bonds may be made payable exclusively from the revenues from one or more projects, or from one or more revenue producing contracts, or from the authority's revenues generally, and may be additionally secured by a pledge of any grant, subsidy, or contribution from any public agency or any income or revenues from any source. They may be secured by a mortgage or deed of trust of the whole or any part of the property of the authority. They shall be payable solely from the revenues,*

funds, and property pledged or mortgaged for their payment. No commissioner, officer, employee, agent, or trustee of the authority shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of their issuance. Neither the state nor a county or other municipality except the authority may pledge its faith and credit or taxing power or shall be obligated in any manner for the payment of the bonds or interest on them; but nothing herein shall affect the obligation of the state or municipality to perform any contract made by it with the authority, and when the authority's rights under a contract with the state or a municipality are pledged by the authority for the security of its bonds, the holders or a bond trustee may enforce the rights as a third party beneficiary. All bonds shall be negotiable within the meaning and for the purposes of the uniform commercial code, subject only to any registration requirement.

Subd. 3. [BOND RESOLUTION OR INDENTURE.] Bonds of the authority shall be authorized by resolutions of its board of commissioners which may set forth, or may authorize and direct the execution of an indenture or security agreement with a corporate trustee setting forth, the terms and conditions thereof, the covenants and agreements entered into by the authority for their security, the real and personal property, if any, which is mortgaged or pledged for their further security, the rights and duties of the trustee, if any, and the manner of and conditions for adoption of amending or supplemental resolutions or indentures. Covenants may be made regarding:

(a) The custody, collection, securing, investment, reinvestment, and disbursement of bond proceeds and any revenues with respect to which the authority has any right or interest;

(b) The purposes to which the proceeds shall be applied, and the pledge of the proceeds, until so applied, to secure the payment of the bonds and interest thereon;

(c) The rentals, rates, or charges to be established for use and availability of the authority's property or service;

(d) The establishment of funds or accounts for the disbursement of proceeds, the segregation of revenues, and the debt service and reserve requirements of the bonds;

(e) The conditions for the issuance of any additional bonds and the refunding of outstanding bonds and the terms upon which additional bonds may be issued and secured;

(f) The priority of any bonds with respect to any pledge of revenues, mortgage, or security interest;

April 10, 1980

The Honorable Edward J. Gearty
President of the Senate

The Honorable Fred C. Norton
Speaker of the House of Representatives

We, the undersigned conferees for S. F. No. 129, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and the bill be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Subdivision 1. An amendment to the Minnesota Constitution is proposed to the people as provided by subdivisions 2 and 3.

Subd. 2. If the amendment is adopted, article IV, sections 2 and 3 will read as follows:

Sec. 2. [APPORTIONMENT OF MEMBERS.] The number of members who compose the senate and house of representatives shall be prescribed by law. The representation in both houses shall be apportioned equally throughout the different sections of the state in proportion to the population thereof. A law changing the number of senators or representatives shall be effective on January 1 of the next year ending in the number one following enactment of the law and shall govern general elections held under an apportionment plan that becomes effective after that date.

Sec. 3. At its first session after each enumeration of the inhabitants of this state made by the authority of the United States, the legislature shall have the power to prescribe the bounds of congressional and legislative districts. Senators shall be chosen by single districts of convenient contiguous territory. No representative district shall be divided in the formation of a senate district. The senate districts shall be numbered in a regular series. The legislature shall not prescribe the boundaries for the districts of senators and representatives or for the districts of representatives in the congress of the United States.

Subd. 3. If the amendment is adopted, a new article will be added to the constitution which will read as follows:

ARTICLE XV

REAPPORTIONMENT COMMISSION

Section 1. [REAPPORTIONMENT COMMISSION.] In each year ending in the number one, or when required by court order, a reapportionment commission shall be established to draw the boundaries of legislative and congressional districts.

The commission shall consist of nine members who are eligible voters of the state. One member shall be appointed by the speaker of the house and one by the members of the house representing political parties other than the party represented by the speaker. One member shall be appointed by the president of the senate and one by the members of the senate representing political parties other than the party represented by the president. Article IV, section 5 shall not apply to the appointment of these four members of the reapportionment commission. The term "political party" as used in this section shall have the meaning provided by law.

The remaining five members shall be appointed by unanimous agreement of the legislative appointees. The qualifications of these members shall be provided by law.

Members of the commission shall be appointed within the time provided by law but not later than March 15 when the commission is established in a year ending in the number one. The supreme court shall fill any vacancy caused by failure to appoint a member within the time required by law.

Sec. 2. [APPORTIONMENT STANDARDS.] The commission shall draw the boundaries of legislative and congressional districts in accordance with the requirements of this section. There shall be one district for each representative, senator and representative in congress. No state representative district shall be divided in the formation of a senate district.

All districts of the same kind shall be as equal in population as practicable. Population shall be the controlling factor in drawing the district boundaries.

The districts shall be composed of compact and contiguous territory. To the extent consistent with other standards, the boundaries of the districts shall follow the boundaries of local governmental units and, wherever practicable, natural and man-made physical boundaries. No apportionment plan shall be drawn for the purpose of favoring any person or political party.

Sec. 3. [APPORTIONMENT PLAN.] The commission shall adopt an apportionment plan within the time provided by law but not later than December 1 when the commission is established in a year ending in the number one. The plan shall set forth all of the new legislative and congressional districts. An apportionment

plan is adopted by the commission when it is approved by a vote of at least six of its members.

Sec. 4. [EFFECTIVE DATE; ELECTIONS GOVERNED BY NEW DISTRICTS.] *An apportionment plan is effective when it is adopted and any judicial proceedings under section 5 have been completed. The districts set forth in an apportionment plan shall govern elections of state senators, state representatives and representatives in congress beginning with the first general election after the plan is effective.*

Sec. 5. [JUDICIAL REVIEW; COURT DRAWN PLAN.] *The supreme court shall exercise original jurisdiction in any matter relating to apportionment in the manner provided by law. If the commission fails to adopt an apportionment plan within the time provided by law the supreme court shall adopt its own plan in accordance with the requirements of section 2 of this article. If an apportionment plan for legislative districts is adopted by the supreme court later than April 1 of a general election year, the time for establishing residency for legislative candidates as set forth in article IV, section 6, is extended to either 45 days after the effective date of the plan or to the last day provided by law for filing for office at the general elections, whichever is earlier.*

Sec. 6. [IMPLEMENTATION.] *The legislature may enact the laws necessary to implement this article provided that reapportionment shall be governed by the law in effect on January 1 of the year in which a reapportionment commission is established.*

Sec. 2. The amendment shall be submitted to the people at the 1980 general election. The question proposed shall be:

“Shall the Minnesota Constitution be amended to transfer from the legislature to a bipartisan commission the power to draw the boundaries of legislative and congressional districts?”

Yes.....

No.....”

Sec. 3. [2A.01] [CITATION.] *Sections 3 to 14 may be cited as the “Reapportionment Implementation Act”.*

Sec. 4. [2A.02] [APPOINTMENT.] *Subdivision 1. For the purpose of Article XV, Section 1 of the Minnesota Constitution “political party” means the political party or political principle by which a legislator was designated on the general election ballot when the legislator was last elected.*

Subd. 2. *Not more than five members of the commission shall be residents of the metropolitan area as defined in section 473.121, subdivision 2 and not more than five shall be residents of the area consisting of the remainder of the state.*

Subd. 3. *Except for the members appointed pursuant to subdivision 5, no individual shall be appointed or shall serve as a member of the commission who:*

(a) *Holds or has held within two years prior to appointment an*

elected or appointed office in the executive, judicial or legislative branch or in an independent agency of the federal or state government;

(b) Is or has been within two years prior to appointment an officer of a campaign committee of a candidate for state or federal office or an officer of a political party other than a precinct officer:

(c) Is an employee of the legislature or congress;

(d) Is a member of the immediate family of a legislator or representative in congress. "Member of the immediate family" means father, mother, son, daughter, brother, sister, spouse, ex-spouse or member of the same household; or,

(e) Is or has been within two years prior to appointment a lobbyist as that term is defined by section 10A.01, subdivision 11.

Subd. 4. Except for members appointed pursuant to subdivision 5, no individual appointed as a member of the commission shall remain a member if he becomes a candidate for any elective state or federal office.

Subd. 5. Not later than January 15 of each year ending in the number one the secretary of state shall request the legislators who are authorized by the constitution to appoint members to serve on the commission to certify the names of their appointees. The representatives representing political parties other than the party represented by the speaker of the house and the senators representing political parties other than the party represented by the president of the senate shall convene during the ten days following the request of the secretary of state, at a time and place directed by the secretary, to appoint members of the commission. The secretary of state shall preside at these conventions. The names of all legislative appointees shall be certified to the secretary of state not later than the following February 1. If a certification is not received within the required time, the secretary of state shall notify the chief justice of the supreme court that there is a vacancy on the commission. Within ten days after notification the supreme court shall fill the vacancy and certify the name of the appointee to the secretary of state.

Subd. 6. Not later than March 15 the commission members whose appointments have been certified pursuant to subdivision 5 shall appoint the five remaining members by unanimous agreement and certify the names to the secretary of state. When a certificate is not received within the required time, the secretary of state shall notify the chief justice that there is a vacancy. Within ten days after the notification the supreme court shall appoint the necessary number of members and certify their names to the secretary of state.

Subd. 7. Vacancies other than those resulting from a failure to appoint a member within the time provided by law shall be filled by the appointing authority that made the original appointment within five days after the vacancy occurs. If the vacancy is not filled within five days the supreme court shall fill the vacancy.

Sec. 5. [2A.03] [COMMENCEMENT OF DUTIES; MEETINGS.] *Subdivision 1. The secretary of state shall select a time and place of the first meeting of the commission, which shall not be later than April 1 of the year ending in one, and shall notify the commission members of the time and place selected. Before beginning to exercise their official duties the members of the commission shall take an oath in the form required for other state officers. The secretary of state shall preside at the meeting until the election of a permanent presiding officer. The commission shall elect a presiding officer and other officers as it shall find necessary.*

Subd. 2. The commission, after notice and opportunity for public comment, may adopt and publish procedures necessary to carry out its duties. Chapter 15 does not apply to these procedures.

Subd. 3. The commission shall meet upon the call of either the presiding officer or a majority of the members of the commission. The proceedings of the commission are open to the public. The commission shall give public notice of its proceedings and shall keep minutes and audio recordings of those proceedings. All materials submitted to or developed by the commission, together with the minutes and audio record of its proceedings shall be preserved and made available for public inspection and copying. The commission may administer oaths to individuals appearing before it.

Subd. 4. A majority of the members of the commission constitutes a quorum to conduct business. At any meeting of the commission at which a quorum is present, a majority of those present may compel the attendance of absent members. The attendance of absent members may be compelled in the manner that either the senate or house of representatives provide for their members.

Sec. 6. [2A.04] [REMOVAL OF COMMISSION MEMBER.] *Any member of the commission may be removed from the commission by the supreme court upon petition filed by any eligible voter. The member may be removed after a hearing and upon a finding by the supreme court, by a preponderance of the evidence, that the member:*

- (a) Has been convicted, during his membership, of a gross misdemeanor or felony;*
- (b) Is unqualified to serve under the provisions of section 4, subdivision 3 or 4;*
- (c) Is physically or mentally incapable of serving; or*
- (d) Is unwilling to serve.*

It is prima facie evidence that a member is unwilling to serve if he fails to attend three successive meetings of the commission or fails to attend a total of six meetings of the commission. Upon removal, the position shall be filled in the manner provided for filling vacancies. An individual who is removed from the commission pursuant to this section may not be reappointed to the commission.

Sec. 7. [2A.05] [ADMINISTRATIVE SUPPORT.] *The presiding officer of the commission shall supervise the staff of the commission. The secretary of state, commissioner of administration, attorney general and revisor of statutes shall make available the personnel, facilities, technical services and other assistance requested by the commission. The commission may employ or contract for the services of other staff personnel.*

Sec. 8. [2A.06] [APPORTIONMENT PLAN.] *Subdivision 1. An apportionment plan adopted by the commission shall include:*

(g) Any other information which the commission deems relevant to the plan.

Subd. 2. An apportionment plan shall be adopted not later than September 1 of the year in which the commission is established. When an apportionment plan adopted by the commission is remanded by the supreme court or by a federal court, the commission shall adopt an amended plan consistent with the finding of the court not later than 30 days after the original plan is remanded.

Subd. 3. The commission shall file the original or any amended plan with the secretary of state within five days of its adoption.

Subd. 4. Any commission members in the minority may prepare a minority report which shall be published with the plan adopted by the commission.

Sec. 9. [2A.07] [COURT ORDER OR CHANGE IN CONGRESSIONAL REPRESENTATION.] *Subdivision 1. When a commission is not otherwise constituted and either the number of the state's representatives in congress is changed by federal law or a federal court order requires adoption or amendment of an original apportionment plan, a commission shall be established and shall draw the congressional district boundaries or amend the plan.*

Subd. 2. The supreme court shall set a timetable for establishing

a reapportionment commission and drawing the boundaries or amending the plan. The timetable shall be consistent with the time provided for adoption of an apportionment plan pursuant to section 8, subdivision 2, as far as practicable.

Sec. 10. [2A.08] [COMPENSATION.] *Members of the commission who are not paid a salary by the state shall be compensated at the rate provided by section 15.059, subdivision 3, for members of advisory councils and committees. Members shall be compensated for their actual and necessary expenses incurred in carrying out their duties on the commission in the same manner and amount as other state employees.*

Sec. 11. [2A.09] [DISSOLUTION.] *The commission shall conclude its business and dissolve when:*

(a) 30 days have passed from the adoption of an original, unamended apportionment plan without the filing of any petition for review by the supreme court and all legal actions concerning the plan which are known at that time have been decided; or

(b) The commission has adopted an amended apportionment plan after remand by a court and has completed its duties under section 12; or

(c) The commission has failed to adopt a plan or amended plan within the time required by law.

The conclusion of business shall include preparation of the official record of the commission and a financial statement disclosing all expenditures made by the commission. The official record shall contain all information developed by the commission pursuant to carrying out its duties including records of public hearings, data collected, minutes and audio recordings of hearings and meetings, and other information of a similar nature. The official record shall be submitted to the secretary of state who shall provide for its preservation.

Sec. 13. [2A.11.] [JUDICIAL REVIEW.] Subdivision 1. An action to review an original or amended apportionment plan adopted by the reapportionment commission shall be commenced by petition to the supreme court within 30 days of the date the plan is filed with the secretary of state. The petition shall set forth the facts and the law on the basis of which petitioner believes the plan does not comply with the provisions of the United States Constitution, the Minnesota Constitution or other provisions of law. A copy of the petition shall be served upon the commission and upon the attorney general. The court shall hold hearings upon the petition and shall render its opinion on an original unamended plan of the commission within 60 days of the date that the petition to review the plan is filed. Subd. 3. If a federal court finds that an original unamended plan of the reapportionment commission is invalid because it does not comply with constitutional or legal requirements, and the court permits the commission to redraw the boundaries with consideration to the court's findings and conclusions, the plan shall be remanded to the commission for amendment.

Subd. 4. If the commission fails to adopt an apportionment plan or an amended plan within the time provided by law, or an amended plan adopted by the commission is found invalid upon review by the supreme court or by any federal court, the supreme court shall adopt its own reapportionment plan in accordance with the requirements of Article XV, Section 2, of the Minnesota Constitution. The court shall hold at least one public hearing before adopting or amending a plan. An apportionment plan adopted or amended by the supreme court shall be in the form prescribed for a plan adopted by the commission. The court shall adopt the plan or amended plan and file it with the secretary of state not later than 60 days from the date on which the amended plan was declared invalid, or the date on which the plan or amended plan was required to be adopted by the commission. Within 45 days after the close of the period for submitting comment, the commissioner shall grant or disapprove the application. Applications processed under this subdivision shall be either approved or disapproved by the commissioner within 90 days of the receipt of the application. For purposes of subdivision 1, the data which is the subject of the classification shall be deemed to be classified as set forth in the application for a period of 90 days, or until the application is disapproved or granted by the commissioner, whichever is earlier. If requested in the application, or determined to be necessary by the commissioner, the data in the application shall be so classified for all agencies, political subdivisions, or statewide systems similar to the applicant until the application is disapproved or granted by the commissioner, whichever is earlier.
