Sec. 16. Minnesota Statutes 1980, Section 275.125, Subdivision 2a, is amended to read:

Subd. 2a. [BASIC MAINTENANCE AND REFERENDUM LEVY.] (1) In ~~1979~~ 1981, a school district may levy for all general and special school purposes, an amount equal to the amount raised by ~~23~~ 21 mills times the ~~1978~~ 1980 adjusted assessed valuation of the district.

(2) In ~~1980~~ 1982, a school district may levy for all general and special school purposes, an amount equal to the amount raised by 21 mills times the ~~1979~~ 1981 adjusted assessed valuation of the district.

(3) For any district levying less than 95 percent of the maximum levy allowable in clauses (1) and (2), the foundation aid to the district for the school year when the levy is recognized as revenue, calculated pursuant to section 124.212, subdivision 7c, clauses (1) and (6); or section 124.212, subdivision 7d, clauses (1) and (6); or their successor provisions, as applicable, shall be reduced to an amount equal to the ratio between the actual levy and the maximum levy allowable under clauses (1) and (2) times the foundation aid calculated pursuant to section 124.212, subdivision 7c, clauses (1) and (6); or section 124.212, subdivision 7d, clauses (1) and (6); or their successor provisions, as applicable, to which the district is otherwise entitled for that year. For purposes of computations pursuant to this clause, the maximum levy allowable and the actual levy under clauses (1) and (2) shall be increased by any reduction of this levy which is required by section 275.125, subdivision 9 or any other law.

(4) (a) The levy authorized by clauses (1) or (2) may be increased in any amount which is approved by the voters of the district at a referendum called for the purpose. Such a referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters of the district. The referendum shall be held on a date set by the school board. Only one such election may be held to approve a levy increase which will commence in a specific school year. The question on the ballot shall state the maximum

amount of the increased levy in mills, the amount that will be raised by that millage in the first year it is to be levied, and that the millage shall be used to finance school operations. The question may designate a specific number of years for which the referendum authorization shall apply. If approved, the amount provided by the approved millage applied to each year's taxable valuation shall be authorized for certification for the number of years approved, if applicable, or until revoked by the voters of the district at a subsequent referendum.

(b) A referendum on the question of revoking the increased levy amount authorized pursuant to clause (a) of this clause may be called by the school board and shall be called by the school board upon the written petition of qualified voters of the district. The amount approved by the voters of the district pursuant to clause (a) of this clause must be levied at least once before it is subject to a referendum on its revocation for subsequent years. Only one such revocation election may be held to revoke a levy for any specific year and for years thereafter.

(c) A petition authorized by clauses (a) or (b) of this clause shall be effective if signed by a number of qualified voters in excess of 15 percent, or ten percent if the school board election is held in conjunction with a general election, of the average number of voters at the two most recent district wide school elections. A referendum invoked by petition shall be held within three months of submission of the petition to the school board.

(d) Notwithstanding any law to the contrary, the approval of 50 percent plus one of those voting on the question is required to pass a referendum.

(e) Within 30 days after the district holds a referendum pursuant to this clause, the district shall notify the commissioner of education of the results of the referendum.

(2) the ratio of

(a) the quotient derived by dividing the adjusted assessed valuation of the district in the second preceding year, by the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4) and (5) in the district in the preceding regular school year, to

(b) the equalizing factor for the preceding regular school year.

Sec. 20. *Minnesota Statutes, 1980, Section 275.125, Subdivision 7a, is*

amended to read:

Subd. 7a. [DISCRETIONARY LEVY.] (1) In 1980 each district which levies the maximum permissible amount pursuant to subdivision 2a, clause (1) or (2) and subdivision 6b, may levy an additional amount which shall not exceed the lesser of (a) an amount equal to one mill times the district's 1979 adjusted assessed valuation or (b) the product obtained by multiplying \$64.48 times the number of pupil units identified in section 124.17, subdivision 1, clauses (1), (2), (4), and (5), in the district in the 1980-1981 school year.

(2) (1) In 1981 and each year thereafter, each district which levies the maximum permissible amount pursuant to subdivision 2a, clause (1) or (2) and subdivision 6b may levy an additional amount which shall not exceed the lesser of (a) an amount equal to ~~1-1/2~~ 2-1/2 mills times the district's adjusted assessed valuation for the preceding year or (b) the product obtained by multiplying (i) ~~1-1/2~~ times (ii) the ratio of the equalizing factor to 1,000 the discretionary allowance, times (iii) (ii) the number of pupil units identified in section 124.17; subdivision 1, clauses (1), (2), (4), and (5), in the district in the school year when the levy is certified.

(3) (2) The board is not required to hold a public hearing or conduct a referendum on the levy authorized by this subdivision in any year when the board proposes to levy not to exceed an amount equal to the preceding year's adjusted assessed valuation times the largest number of EARC mills previously levied by the district pursuant to this subdivision.

(3)(a) The provisions of this clause shall apply to the levy authorization in this subdivision in any year when the board either proposes to levy pursuant to this subdivision for the first time or proposes to increase the number of mills which it levies against its adjusted assessed valuation pursuant to this subdivision to a number of mills greater than the largest number of mills previously levied against its adjusted assessed valuation pursuant to this subdivision.

(b) By the July 1 before a district certifies any levy pursuant to this subdivision in 1980, in any even-numbered year thereafter, or in any odd-numbered year thereafter when the district has not certified a levy pursuant to this subdivision in the preceding year in any year when this clause applies, the board of the district shall hold a public hearing on the need for the proposed levy pursuant to this subdivision or increase. At least three weeks published notice of the hearing in 10 point type or 5.0 agate type, on 12 point body, with a larger headline, shall be given in the legal newspaper with the largest circulation in the district. The notice shall state the amount of the proposed levy or increase in dollars, and EARC mills and auditor's mills, and the estimated net unappropriated fund balance in the district's operating funds as of the June 30 before the levy or increase is certified, and the tax impact of the proposed levy on homesteads with market values of \$30,000 and \$50,000.

(c) At the hearing, the district shall present its proposed revenue and expenditure budgets for the next two school years and the estimated net unappropriated fund balances in all district funds as of the June 30 before the levy or increase is certified, and the board shall hear all parties requesting to give testimony for and against the proposed levy or increase. Upon receipt of a petition within 20-45 days after the hearing of the greater of (a) 50 voters, or (b) 15 percent of the number of voters who voted in the district at the most recent regular school board election, the board shall call a referendum on a reduction

of the proposed levy or increase. The petition shall state the number of mills on the district's adjusted assessed valuation by which it proposes to reduce the proposed levy. No petition or referendum shall provide for a reduction of a proposed levy pursuant to this subdivision to a rate less than one-half mill on the district's adjusted assessed valuation below the rate levied by the district pursuant to this subdivision in the preceding year. A petition shall be effective if signed by a number of qualified voters in the district equal to the greater of 50 voters or 15 percent of the number of voters who voted in the district at the most recent regular school board election.

(d) The referendum shall be held on a date set by the school board, but no later than the August 20 or before September 20 in the year the levy is certified. The question on the ballot shall state the maximum amount of the proposed levy, the amount of the proposed reduction of the levy and the amount of the levy if the reduction is approved, in mills on the district's adjusted assessed valuation and in dollars in the first year of the proposed levy.

The ballot shall state substantially the following, as appropriate:

The board of School District No. has proposed (a discretionary levy in a maximum amount of EARC mills which would raise) (to increase a discretionary levy from EARC mills to EARC mills. This increase would provide an additional) \$..... in the first year levied.

Shall the (increase in the) discretionary levy proposed by the Board of School District No. be approved?

.... Yes
.... No

(e) The approval of 50 percent plus one of those voting on the question is required to pass the referendum.

(f) If a petition is not received or if the proposed levy or increase is approved at a referendum, the district may levy the amount provided by the number of mills proposed by the school board. If a proposed first time levy is not approved, the district may not levy pursuant to this subdivision. If a proposed increase is not approved, the district may levy an amount not to exceed the amount provided by the millage proposed by the school board, reduced by any reduction in millage approved at a referendum pursuant to this clause largest number of EARC mills previously levied by the district pursuant to this subdivision, applied to the preceding year's adjusted assessed valuation until the next even-numbered year. The district is not required to hold a public hearing or call a referendum on a levy pursuant to this subdivision in any odd-numbered year which succeeds a year in which a levy is certified pursuant to this subdivision.

Sec. 21, Minnesota Statutes 1980, Section 275.125, Subdivision 9, is amended to read:

Subd. 9. (1) Districts which receive payments which result in deductions from foundation aid pursuant to section 124.212, subdivision 8a, clause (1), shall reduce the permissible levies authorized by subdivisions 3 to 14 by that portion of the previous year's payment not deducted from foundation aid on account of the payment. The levy reductions shall be made in the proportions

that each permissible levy bears to the sum of the permissible levies. Reductions in levies pursuant to this clause; *and* subdivision 10 of this section; ~~and section 273.138~~, shall be made prior to the reductions in clause (2).

(2) Notwithstanding any other law to the contrary, districts which received payments pursuant to sections 294.21 to 294.26; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; ~~477A.15~~; and any law imposing a tax upon severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties, *or recognized revenue pursuant to section 477A.15*; shall not include a portion of these aids in their permissible levies pursuant to those sections, but instead shall reduce the permissible levies authorized by this section by the greater of the following:

(a) an amount equal to 50 percent of the total dollar amount of the payments received pursuant to those sections *or revenue recognized pursuant to section 477A.15* in the previous fiscal year; or

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections *or revenue recognized pursuant to section 477A.15* in the previous fiscal year less the product of the same dollar amount of payments *or revenue* times the ratio of the maximum levy allowed the district under subdivision 2a, to the total levy allowed the district under this section in the year in which the levy is certified.

(3) No reduction pursuant to this subdivision shall reduce the levy made by the district pursuant to subdivision 2a, clause (1) or (2), to an amount less than the amount raised by a levy of ten mills times the adjusted assessed valuation of that district for the preceding year as determined by the equalization aid review committee. The amount of any increased levy authorized by referendum pursuant to subdivision 2a, clause (4) shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 4, to make payments for bonds issued and for interest thereon, shall not be reduced pursuant to this subdivision. The amount of any levy authorized by subdivision 7a shall not be reduced pursuant to this subdivision.

(4) Before computing the reduction pursuant to this subdivision of the capital expenditure levy authorized by subdivision 11a, and the community service levy authorized by subdivision 8, the commissioner shall ascertain from each affected school district the amount it proposes to levy for capital expenditures pursuant to subdivision 11a and for community services pursuant to subdivision 8. The reduction of the capital expenditure levy and the community services levy shall be computed on the basis of the amount so ascertained.

(5) Notwithstanding any law to the contrary, any amounts received by districts in any fiscal year pursuant to sections 294.21 to 294.26; 298.23 to 298.28; 298.34 to 298.39; 298.391 to 298.396; 298.405; 298.51 to 298.67; or any law imposing a tax on severed mineral values, or under any other law distributing proceeds in lieu of ad valorem tax assessments on copper or nickel properties; and not deducted from foundation aid pursuant to section 124.212, subdivision 8a, clause (2), and not applied to reduce levies pursuant to this subdivision shall be paid by the district to the commissioner of finance in the following amount on the designated date: on or before March 15 of each year, 100 percent of the amount required to be subtracted from the previous fiscal

year's foundation aid pursuant to section 124.212, subdivision 8a, which is in excess of the foundation aid earned for that fiscal year. The commissioner of finance shall deposit any amounts received pursuant to this clause in the taconite property tax relief fund in the state treasury, established pursuant to section 16A.70 for purposes of paying the taconite homestead credit as provided in section 273.135.

Sec. 22. [275.128] [EXCESS FUND BALANCE; REVENUE REDUCTIONS.]

Beginning with the 1981 levy, when a school district has a net unappropriated operating fund balance as of the June 30 before the levy is certified which exceeds \$400 per pupil unit, as defined in section 124.17, subdivision 1, clauses (1), (2), (4) and (5) for the same fiscal year, the revenue entitlement shall be reduced as follows:

The revenue entitlement from the discretionary levy authorized in subdivision 7a, clause (2) and the related aid authorized in section 124.212 shall be reduced by the amount of the fund balance in excess of \$400 per pupil unit.

Sec. 23. Minnesota Statutes 1980, Section 298.28, Subdivision 1, is amended to read:

Subdivision 1. The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton", to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, less any amount distributed under clause (8), to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton *plus the increase provided in paragraph (c) to qualifying school districts to be distributed as follows:*

(a) Six cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (a) (d), shall be distributed to a group of school districts comprised of those school

districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134. ~~The 23 cents, less any amount distributed under part (e), shall be distributed~~ in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its permitted levy for the prior year, computed pursuant to section 275.125, comprises of the sum of permitted levies for the prior year for all qualifying districts, computed pursuant to section 275.125. For purposes of distributions pursuant to this part, permitted levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2a, clause (4).

(c) On July 15, 1982 and on July 15 in subsequent years, an amount equal to the increase derived by increasing the amount determined by clause (3)(b) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in clause (3)(b) where a levy increase pursuant to section 275.125, subdivision 2a, clause (4) is authorized by referendum, according to the following formula. Each district shall receive the product of:

(i) \$150 per pupil unit identified in section 124.17, subdivision 1, clauses (1) and (2), enrolled in the previous school year, less the product of two mills times the district's adjusted assessed valuation in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the amount certified pursuant to section 275.125, subdivision 2a, clause (4), in the previous year, to the product of two mills times the district's adjusted assessed value in the second previous year.

The entitlement of \$150 per pupil unit shall be increased in any year in the same proportion as the increase that the district's adjusted assessed valuation is increased over the district's adjusted assessed valuation for the year 1980. If the total amount provided by clause (3)(c) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to clause (3)(c) shall not be applied to reduce foundation aids which the district is entitled to receive pursuant to section 124.212 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of finance who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection fund as provided in section 298.28, subdivision 1, clause 10.

(e) (d) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The commissioner shall

follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) One cent per taxable ton to the state for the cost of administering the tax imposed by section 298.24.

(7) Three cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. The amount determined in this clause shall be increased in 1981 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this clause may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(9) the amounts determined under clauses (4)(a), (4)(c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

(10) the proceeds of the tax imposed by section 298.24 which remain after

the distributions in clauses (1) to (9) and parts (a) and (b) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1978, 1979, 1980, 1981, and 1982, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund; in 1983 and thereafter, one-half to each fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In

any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 24. [EVALUATION OF EXCESS MAINTENANCE LEVY.]

The state department of education shall study and evaluate the effects of the excess maintenance levy limitation and aid and report the findings of this study to the education committees of the legislature before February 15, 1982. The reports shall include recent data on patterns of revenue, expenditures, unit costs, and fund balances of school districts.

(b) In the 1983-1984 school year, school districts may provide special instruction and services through the school year in which the pupil reaches age 24 for trainable mentally retarded pupils as defined in section 120.03, subdivision 4.

(c) In the 1984-1985 school year, school districts may provide special instruction and services through the school year in which the pupil reaches age 23 for trainable mentally retarded pupils as defined in section 120.03, subdivision 4.

(d) In the 1985-1986 school year, school districts may provide special instruction and services through the school year in which the pupil reaches age 22 for trainable mentally retarded pupils as defined in section 120.03, subdivision 4.

(e) Any district may provide special instruction and services for these trainable mentally retarded pupils living within the district, including nonresident pupils temporarily placed in the district pursuant to subdivision 6 or 7. Prior to October 1 or 30 days after placement, whichever is later in the school year, the providing district shall give notice to the district of residence of any nonresident pupil placed in the district pursuant to subdivision 6 or 7, of its intention to provide the special instruction and services and bill the district of residence for the actual unreimbursed costs of providing the special instruction and services. The unreimbursed actual cost of providing the special instruction and services for eligible nonresident pupils shall be billed to the district of the pupil's residence and shall be paid by the resident district. The district of residence may claim state aid for these pupils as if the pupils were under 21 years of age.

(f) This subdivision shall expire on June 30, ~~1983~~ 1986.

Sec. 2. Minnesota Statutes 1980, Section 120.17, Subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment and educational placement of handicapped children:

(a) Parents and guardians shall receive prior written notice of: (1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child; (2) a proposed placement of their child in, transfer from or to or denial of placement in a special education program; or (3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian; provided the refusal of a parent or guardian to provide this consent may be overridden by the decision in a hearing held pursuant to clause (d) at the district's initiative after at least one attempt to obtain this consent through a conciliation conference held pursuant to clause (c);

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a);

(d) Parents, guardians and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted in the school district where the child resides, if after at least one conciliation conference the parent or guardian continues to object to: (1) a proposed formal educational assessment or proposed denial of a formal educational assessment of their child; (2) the proposed placement of their child in, or transfer of their child to a special education program; (3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program; (4) the proposed provision or addition of special education services for their child; or (5) the proposed denial or removal of special education services for their child.

If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with his objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(e) The decision of the hearing officer pursuant to clause (d) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. A hearing officer may grant specific extensions of time beyond the 45 day period at the request of either party. The decision of the hearing officer shall be binding on all parties unless appealed to the commissioner by the parent, guardian, or the school board of the district where the child resides pursuant to clause (f).

The local decision shall:

(1) be in writing;

(2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the commissioner of the basis and reason for the decision;

(3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;

(4) state the amount and source of any additional district expenditure necessary to implement the decision; and

(5) be based on the standards set forth in subdivision 3a and the rules of the state board.

(f) Any local decision issued pursuant to clauses (d) and (e) may be appealed to the commissioner within 15 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district where the child resides.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The commissioner shall issue a final decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The commissioner shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 15. The commissioner may grant specific extensions of time beyond the 30 day period at the request of any party.

The final decision shall:

(1) be in writing;

(2) include findings and conclusions; and

(3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(g) The decision of the commissioner shall be final unless appealed by the parent or guardian or school board to the district court of the county in which the school district in whole or in part is located. The scope of judicial review shall be as provided in chapter 15.

(h) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the

child shall remain in his current educational placement and shall not be denied initial admission to school.

(i) The child's school district of residence, if different from the district where the child actually resides, shall receive notice of and may be a party to any hearings or appeals pursuant to this subdivision.

~~(j) This subdivision shall expire on June 30, 1981. The department of education shall report to the education committees of the legislature on or before January 1, 1981, on the impact of the amendments made in this subdivision by Laws 1979, Chapter 334 and on the advisability of amending this subdivision to read as it reads in Minnesota Statutes 1978.~~

Sec. 3. Minnesota Statutes 1980, Section 120.17, Subdivision 4, is amended to read:

If the boards involved do not agree upon the tuition rate, either board may apply to the commissioner to fix the rate. The commissioner shall then set a date for a hearing, giving each board at least ten days' notice, and after the hearing the commissioner shall make his order fixing the tuition rate, which shall be binding on both school districts.

When a district provides instruction and services in a day program outside the district of residence, the district of residence shall be responsible for providing transportation. Transportation costs shall be paid by the district responsible for providing transportation and the state shall reimburse that district within the limits provided by law.

For the purposes herein, any school district may enter into an agreement, upon such terms and conditions as may be mutually agreed upon, to provide special instruction and services for handicapped children. In that event, one of the participating units may employ and contract with necessary qualified personnel to offer services in the several districts, and each participating unit shall reimburse the employing unit a proportionate amount of the actual cost of providing the special instruction and services, less the amount of state special education aid, which shall be claimed in full by the employing district.

Notwithstanding any contrary provisions in subdivisions 6 and 7, the school district providing the special instruction and services shall apply for ~~all state aid for the summer program, including special state education aid pursuant to section 124.32, and foundation aid and transportation aid for the summer program.~~ For the purposes of computing foundation aid for these programs, all pupils enrolled in these programs shall be construed to be residents of the district providing the programs. The unreimbursed actual cost of providing the program for nonresident handicapped children, *including the cost of board and lodging*, may be billed to the district of the child's residence and shall be paid by the resident district. *Transportation costs shall be paid by the district responsible for providing transportation pursuant to subdivisions 6 or 7 and the state shall reimburse that district within the limits provided by law.*

Also there shall be added to federal adjusted gross income the amount of any distributions in cash or property made by said corporation to its shareholders during the taxable year.

(2) In cases where the small business corporation has made an election under section 1372 of the Internal Revenue Code of 1954, but has not elected under section 290.972 of this chapter and the corporation is liquidated or the individual shareholder disposes of the stock and there is no capital loss reflected in federal adjusted gross income because of the fact that corporate losses have exhausted the shareholders basis for federal purposes, the shareholders shall be entitled, nevertheless, to a capital loss commensurate to their Minnesota basis for the stock.

Items of gross income includible within these definitions shall be deemed such regardless of the form in which received. Items of gross income shall be included in gross income of the taxable year in which received by a taxpayer unless properly to be accounted for as of a different taxable year under methods of accounting permitted by section 290.07, except that (1) amounts transferred from a reserve or other account, if in effect transfers to surplus, shall, to the extent that the amounts were accumulated through deductions from gross income or entered into the computation of taxable net income during any taxable year, be treated as gross income for the year in which the transfer occurs, but only to the extent that the amounts resulted in a reduction of the tax imposed by this act, and (2) amounts received as refunds on account of taxes deducted from gross income during any taxable year shall be treated as gross income for the year in which actually received, but only to the extent that such amounts resulted in a reduction of the tax imposed by this act.

(d) Modification in computing taxable income of the estate of a decedent. Amounts allowable under section 291.07, subdivision 1, clause (2) in computing Minnesota inheritance or estate tax liability shall not be allowed as a deduction in computing the taxable income of the estate unless there is filed within the time and in the manner and form prescribed by the commissioner a statement that the amounts have not been allowed as a deduction under section 291.07 and a waiver of the right to have the amounts allowed at any time as deductions under section 291.07. The provisions of this paragraph shall not apply with respect to deductions allowed under section 290.077 (relating to income in respect of decedents). In the event that the election made for federal tax purposes under section 642(g) of the Internal Revenue Code of 1954 differs from the election made under this paragraph appropriate modification of the estate's federal taxable income shall be made to implement the election made under this paragraph in accordance with regulations prescribed by the commissioner."

Subd. 4. [LIMITATION ON USE OF TAX INCREMENT.] All revenues derived from tax increment shall be used in accordance with the tax increment financing plan. The revenues shall be used solely for the following purposes: (a) to pay the principal of and interest on bonds issued to finance a project; (b) by a rural development financing authority for the purposes stated in section 362A.01, subdivision 2, by a port authority or municipality exercising the powers of a port authority to finance or otherwise pay the cost of redevelopment pursuant to chapter 458, by a housing and redevelopment authority to finance or otherwise pay public redevelopment costs pursuant to chapter 462,

These revenues shall not be used to circumvent existing levy limit law. *No revenues derived from tax increment shall be used for the construction or renovation of a municipally owned building used primarily and regularly for conducting the business of the municipality; this provision shall not prohibit the use of revenues derived from tax increments for the construction or renovation of a parking structure, a commons area used as a public park or a facility used for social or recreational purposes and not primarily for conducting the business of the municipality. No more than 15 percent of the proceeds from the sale of tax increment bonds with respect to a tax increment district shall be used for the construction of or improvements to a trunk highway.*

Sec. 12. Minnesota Statutes 1980, Section 273.75, Subdivision 6, is amended to read:

Subd. 6. [LIMITATION ON INCREMENT.] If, after ~~five~~ four years from the date of certification of the original assessed value of the tax increment financing district pursuant to section 273.76, no demolition, rehabilitation or renovation of property or other site preparation, including improvement of a street adjacent to a parcel but not installation of utility service *including sewer or water systems*, has been commenced on a parcel located within a tax increment financing district by the authority or by the owner of the parcel in accordance with the tax increment financing plan, no additional tax increment may be taken from that parcel, and the original assessed value of that parcel shall be excluded from the original assessed value of the tax increment financing district. If the authority or the owner of the parcel subsequently commences demolition, rehabilitation or renovation or other site preparation on that parcel including improvement of a street adjacent to that parcel, in accordance with the tax increment financing plan, the authority shall certify to the county auditor that the activity has commenced, and the county auditor shall certify the assessed value thereof as most recently certified by the commissioner of revenue and add it to the original assessed value of the tax increment financing district. For purposes of this subdivision "parcel" means a tract or plat of land established *prior to the certification of the district* as a single unit for purposes of assessment.

Sec. 13. Minnesota Statutes 1980, Section 273.75, is amended by adding a subdivision to read:

Subd. 7. [SUBSEQUENT DISTRICTS.] *No parcel may be included in a tax increment district if, at any time during the 20 years prior to the date when certification of the district is requested pursuant to section 273.76, subdivision 1, that parcel had been included in an economic development district.*

Sec. 14. Minnesota Statutes 1980, Section 273.76, Subdivision 4, is amended to read:

Subd. 4. [PRIOR PLANNED IMPROVEMENTS.] The authority shall, after due and diligent search, accompany its request for certification to the county auditor pursuant to subdivision 1, or its notice of district enlargement

pursuant to section 273.74, subdivision 5, with a listing of all properties within the tax increment financing district or area of enlargement for which building permits have been issued during the 18 months immediately preceding approval of the tax increment financing plan by the municipality pursuant to section 273.74, subdivision 4. ~~For 12 months after completion of the improvements for which a building permit was issued during said 18 month period.~~ The county auditor is authorized, ~~but not required,~~ to shall increase the original assessed value of the district by the assessed valuation of the improvements for which the building permit was issued, as certified by the assessor.

Sec. 15. Minnesota Statutes 1980, Section 273.77, is amended to read:

273.77 [TAX INCREMENT BONDING.]

Any other law, general or special, notwithstanding, after August 1, 1979 no bonds, payment for which tax increment is pledged, shall be issued in connection with any project for which tax increment financing has been undertaken other than as is authorized hereby and the proceeds therefrom shall be used only in accordance with section 273.75, subdivision 4 as if said proceeds were tax increment, except that a tax increment financing plan need not be adopted for any project for which tax increment financing has been undertaken prior to August 1, 1979, pursuant to statutes not requiring a tax increment financing plan. Such bonds shall not be included for purposes of computing the net debt of any municipality.

(a) A municipality may issue general obligation bonds to finance any expenditure by the municipality or an authority the jurisdiction of which is wholly or partially within that municipality, pursuant to section 273.75, subdivision 4 in the same manner and subject only to the same conditions as those provided in chapter 475 for bonds financing improvement costs reimbursable from special assessments. Any pledge of tax increment, assessments or other revenues for the payment of the principal of and interest on general obligation bonds issued under this subdivision, except when the authority and the municipality are the same, shall be made by written agreement by and between the authority and the municipality and filed with the county auditor. When the authority and the municipality are the same, the municipality may by covenant pledge tax increment, assessments or other revenues for the payment of the principal of and interest on general obligation bonds issued under this subdivision and thereupon shall file the resolution containing such covenant with the county auditor. When tax increment, assessments and other revenues are pledged, the estimated collections of said tax increment, assessments and any other revenues so pledged may be deducted from the taxes otherwise required to be levied before the issuance of the bonds under section 475.61, subdivision 1, or the collections thereof may be certified annually to reduce or cancel the initial tax levies in accordance with section 475.61, subdivision 1 or 3.

(b) When the authority and the municipality are not the same, an authority may, by resolution, authorize, issue and sell its general obligation bonds to finance any expenditure which that authority is authorized to make by section 273.75, subdivision 4. Said bonds of the authority shall be authorized by its resolution, shall mature as determined by resolution of the authority in accordance with Laws 1979, Chapter 322, and may be issued in one or more series and shall bear such date or dates, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered,

carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in medium of payment at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, its trust indenture or mortgage may provide. The bonds may be sold at public or private sale at the price or prices as the authority by resolution shall determine, and any provision of any law to the contrary notwithstanding, the bonds shall be fully negotiable. In any suit, actions, or proceedings involving the validity of enforceability of any bonds of the authority or the security therefor, any bond reciting in substance that it has been issued by the authority to aid in financing a district shall be conclusively deemed to have been issued for such purpose, and the district shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of Laws 1979, Chapter 322. Neither the authority, nor any director, commissioner, council member, board member, officer, employee or agent of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds of the authority, and such bonds shall so state on their face, shall not be a debt of any municipality, the state or any political subdivision thereof, and neither the municipality nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds be payable out of any funds or properties other than those of the authority and any tax increment and revenues of a tax increment financing district pledged therefor.

(c) Notwithstanding any other law general or special, an authority may, by resolution, authorize, issue and sell revenue bonds payable solely from all or a portion of revenues, including but not limited to tax increment revenues and assessments, derived from a tax increment financing district located wholly or partially within the municipality to finance any expenditure which the authority is authorized to make by section 273.75, subdivision 4. The bonds shall mature as determined by resolution of the authority in accordance with Laws 1979, Chapter 322 and may be issued in one or more series and shall bear such date or dates, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in medium of payment at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution, its trust indenture or mortgage may provide. The bonds may be sold at public or private sale at the price or prices as the authority by resolution shall determine, and any provision of any law to the contrary notwithstanding, shall be fully negotiable. In any suit, action, or proceedings involving the validity or enforceability of any bonds of the authority or the security therefor, any bond reciting in substance that it has been issued by the authority to aid in financing a district shall be conclusively deemed to have been issued for such purpose; and the district shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of Laws 1979, Chapter 322. Neither the authority, nor any director, commissioner, council member, board member, officer, employee or agent of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds may be further secured by a pledge and mortgage of all or any portion of the district in aid of which the bonds are issued and such covenants as the authority shall deem by such resolution to be necessary and proper to secure payment of the bonds. The bonds, and the

bonds shall so state on their face, shall not be payable from nor charged upon any funds other than the revenues and property pledged or mortgaged to the payment thereof, nor shall the issuing authority be subject to any liability thereon or have the powers to obligate itself to pay or pay the bonds from funds other than the revenues and properties pledged and mortgaged and no holder or holders of the bonds shall ever have the right to compel any exercise of any taxing power of the issuing authority or any other public body, other than as is permitted or required under Laws 1979, Chapter 322 and pledged therefor hereunder, to pay the principal of or interest on any such bonds, nor to enforce payment thereof against any property of the authority or other public body other than that expressly pledged or mortgaged for the payment thereof.

(d) (1) In anticipation of the issuance of bonds pursuant to either paragraph (a), (b) or (c) of this section, the authority or municipality may by resolution issue and sell temporary bonds pursuant to paragraph (a), (b) or (c), maturing within not more than three years from their date of issue, to pay any part or all of the cost of a project. To the extent that the principal of and interest on the temporary bonds cannot be paid when due from receipts of tax increment, assessments, or other funds appropriated for the purpose, they shall be paid from the proceeds of long-term bonds or additional temporary bonds which the authority or municipality shall offer for sale in advance of the maturity date of the temporary bonds, but the indebtedness funded by an issue of temporary bonds shall not be extended by the issue of additional temporary bonds for more than six years from the date of the first issue. Long-term bonds may be issued pursuant to paragraph (a), (b) or (c) without regard to whether the temporary bonds were issued pursuant to paragraph (a), (b) or (c). If general obligation temporary bonds are issued pursuant to paragraph (a), proceeds of long-term bonds or additional temporary bonds not yet sold may be treated as pledged revenues, in reduction of the tax otherwise required by section 475.61 to be levied prior to delivery of the obligations. Subject to the six-year maturity limitation contained above, but without regard to the requirement of section 475.58, if any temporary bonds are not paid in full at maturity, in addition to any other remedy authorized or permitted by law, the holders may demand, in which case the authority or municipality shall, issue pursuant to paragraph (a), (b) or (c) as the temporary bonds and in exchange for the temporary bonds, at par, replacement temporary bonds dated as of the date of the replaced temporary bonds, maturing within one year from the date of the replacement temporary bonds and earning interest at the rate set forth in the resolution authorizing the issuance of the replaced temporary bonds, provided that the rate shall not exceed the maximum rate permitted by law at the date of issue of the replaced temporary bonds.

(2) Funds of a municipality may be invested in its temporary bonds in accordance with the provisions of section 471.56, and may be purchased upon their initial issue, but shall be purchased only from funds which the governing body of the municipality determines will not be required for other purposes before the maturity date, and shall be resold before maturity only in case of emergency. If purchased from a debt service fund securing other bonds, the holders of those bonds may enforce the municipality's obligations on the temporary bonds in the same manner as if they held the temporary bonds.

If an owner fails to operate under the conditions and limitations herein set forth, he shall immediately notify the commissioner of public safety of such fact and pay the difference between the scheduled gross weight tax and the reduced tax proportionate to the number of months remaining in the year, 1/12 of the difference for each month or fraction thereof, beginning with the month in which such operations were discontinued or changed.

For the purposes of this clause a land area ceded to the United States of America under General Laws 1889, Chapter 57, is a statutory city. The vehicle shall not be operated outside the metropolitan area or corporate limits of such city or contiguous cities, or beyond one mile of cities of the first and second class; except that the commissioner of public safety may, by special permit, authorize the permanent removal of such vehicle from any registration area to another. The license plates issued therefor shall be plainly marked.

(1) On urban trucks and combinations with a gross weight of 57,000 pounds or less the tax shall be based on total gross weight and shall be 30 75 percent of the Minnesota base rate prescribed in this subdivision 1e under Schedule I during each of the first six years of vehicle life, but in no event less than \$19, and during the seventh and succeeding years of vehicle life as taken from Schedule II, but in no event less than \$14 the tax shall be 50 percent of the base rate except as otherwise provided in this subdivision. On urban trucks and combinations with a gross weight of more than 57,000 pounds, during each of the first six years of vehicle life, the tax shall be:

(a) For the 1982 registration year, 33 percent of the Minnesota base rate schedule;

(b) For the 1983 registration year, 67 percent of the Minnesota base rate schedule;

(a) For the 1982 registration year, 42 percent of the Minnesota base rate schedule;

(b) For the 1983 registration year, 57 percent of the Minnesota base rate schedule;

If the owner elects to register such slip-in camper as a truck, the annual tax shall be either the tax imposed for selfpropelled recreational vehicles or the tax imposed for trucks on the basis of gross weight in subdivision 1e, whichever is higher. Notwithstanding any law to the contrary, all trailers and semitrailers taxed pursuant to this section shall be exempt from any wheelage tax now or hereafter imposed by any political subdivision or political subdivisions.

Sec. 12. Minnesota Statutes 1980, Section 168.013, Subdivision 1h, is amended to read:

Subd. 1h. [MOTORIZED BICYCLES.] On motorized bicycles the tax is \$3 \$10, which includes the surtax provided for in subdivision 14.

Sec. 13. Minnesota Statutes 1980, Section 168.013, Subdivision 2, is amended to read:

Subd. 2. [PRORATED FEES.] When a motor vehicle first becomes subject to taxation during the registration period for which the tax is paid, the tax shall be for the remainder of the period prorated on a monthly basis, 1/12 of the annual tax for each calendar month or fraction thereof; provided, however, that for a vehicle having an annual tax of \$5 \$10 or less there shall be no reduction until on and after September 1 when ~~such~~ the annual tax shall be reduced one-half.

Sec. 14. Minnesota Statutes 1980, Section 168.013, Subdivision 3, is amended to read:

Subd. 3. [APPLICATION; CANCELATION; EXCESSIVE GROSS WEIGHTS FORBIDDEN.] The applicant for all licenses based on gross weight shall state in writing upon oath, among other things, the unloaded weight of such vehicle or trailer and the maximum load the applicant proposes to carry thereon, the sum of which shall constitute the gross weight upon which the license tax shall be paid, but in no case shall the declared gross weight upon which the tax is paid be less than ~~1-1/2~~ 1-1/4 times the declared unloaded weight of the vehicle or trailer to be registered, except recreational vehicles taxed under subdivision 1g, school buses taxed under subdivision 18 and wreckers defined in section 169.01, subdivision 52. The gross weight of a wrecker is the actual weight of the wrecker fully equipped, but does not include the weight of a wrecked or disabled vehicle towed or drawn by the wrecker.

The gross weight of no vehicle or trailer shall exceed the gross weight upon which the license tax has been paid by more than four percent or 1000 pounds, whichever is greater.

The gross weight of the vehicle or trailer for which such license tax is paid shall be indicated by a distinctive character on the license plate or plates except as provided in subdivision 12 and the plate or plates shall be kept clean and clearly visible at all times.

The owner, driver, or user of a vehicle or trailer upon conviction for transporting a gross weight in excess of the gross weight for which it was registered or for operating a vehicle with an axle weight exceeding the maximum lawful axle load weight shall be guilty of a misdemeanor and be subject to increased registration or re-registration according to the following schedule:

(1) The owner, driver or user of a vehicle or trailer upon conviction for transporting a gross weight in excess of the gross weight for which it is registered by more than four percent or 1000 pounds, whichever is greater, but less than 25 percent or for operating or using a vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.83 by more than four percent or 1000 pounds, whichever is greater, but less than 25 percent, in addition to any penalty imposed on him for the misdemeanor shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight of which the owner, driver, or user was convicted of carrying, the increase computed for the balance of the calendar year on the basis of 1/12 of the annual tax for each month remaining in the calendar year beginning with the first day of the month in which the violation occurred. If the additional registration tax computed upon that weight, plus the tax already paid, amounts to more than the regular tax for the maximum gross weight permitted for such a vehicle under section 169.83, that additional amount shall nevertheless be paid into the highway fund, but the additional tax thus paid shall not be deemed to permit the vehicle

to be operated with a gross weight in excess of the maximum legal weight as provided by section 169.83. Unless the owner within 30 days after such a conviction shall apply to increase the authorized weight and pay the additional tax as herein provided, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued by him on that registration.

(2) The owner or driver or user of a vehicle or trailer upon conviction for transporting a gross weight in excess of the gross weight for which the vehicle or trailer was registered by 25 percent or more, or for operating or using a vehicle or trailer with an axle weight exceeding the maximum lawful axle load as provided in section 169.83 by 25 percent or more, in addition to any penalty imposed on him for the misdemeanor, shall have the reciprocity privileges on the vehicle involved if the same is being operated under reciprocity canceled by the registrar, or if the vehicle is not being operated under reciprocity, the certificate of registration on the vehicle so operated shall be canceled by the registrar and the registrar shall demand the return of the registration certificate and registration plates. The registrar may investigate any allegation of gross weight violations and demand that the operator show cause why all future operating privileges in the state should not be revoked unless the additional tax assessed be paid.

(3) When the registration on a motor vehicle, trailer or semitrailer has been revoked by the registrar according to provisions of this section, such vehicle shall not be again operated on the highways of the state until it is registered or re-registered, as the case may be, and new plates issued, and the registration fee therefor shall be the annual tax for the total gross weight of the vehicle at the time of violation.

Sec. 15. Minnesota Statutes 1980, Section 168.017, Subdivision 1, is amended to read:

Subdivision 1. All passenger automobiles, ambulances, hearses, *pickup trucks* and station wagons, ~~beginning April 1, 1975,~~ shall be registered by the registrar according to the monthly series system of registration prescribed by this section.

(c) The application is a renewal application *for a pickup truck* for the registration year of ~~1975~~ 1982.

In such instance the registrar may register the vehicle which is the subject of the application for a period of not less than three nor more than 15 calendar months, when the registrar determines that such registration will help to equalize the registration and renewal work load of the department.

Sec. 17. [168.018] [FOUR MONTH REGISTRATION OF FARM TRUCKS.]

The owner of any farm truck as defined in section 168.011, subdivision 17, may elect to register and license the farm truck only for four months of a registration year, at a tax of one-third of the annual tax on the vehicle plus \$5. Subd. 1b. [COLLECTOR'S VEHICLE, CLASSIC CAR LICENSE.] Any motor vehicle manufactured between and including the years 1925 and 1948, and designated by the registrar of motor vehicles as a classic car because of its fine design, high engineering standards, and superior workmanship, and owned and operated solely as a collector's item shall be listed for taxation and registration as follows: An affidavit shall be executed stating the name and address of the owner, the name and address of the person from whom purchased, the make of the motor vehicle, year and number of the model, the manufacturer's identification number and that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes. If the registrar is satisfied that the affidavit is true and correct and that the motor vehicle qualifies to be classified as a classic car, and the owner pays a \$6

\$50 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates so issued shall bear the inscription "Classic Car," "Minnesota," and the registration number but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. Subd. 1c. [COLLECTOR'S VEHICLE, COLLECTOR LICENSE.] Any motor vehicle that is at least 20 model years old and manufactured after 1935, or of a defunct make, defined as any car originally licensed as a separate identifiable make as designated by the division of motor vehicles, and owned and operated solely as a collector's vehicle, shall be listed for taxation and registration as follows: An affidavit shall be executed stating the name and address of the person from whom purchased and of the new owner, the make of the motor vehicle, year and number of the model, the manufacturer's identification number and that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes. The owner must also prove that he or she also has one or more vehicles with regular license plates. If the registrar is satisfied that the affidavit is true and correct and the owner pays a \$20 \$50 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates so issued shall bear the inscription "Collector," "Minnesota" and the registration number, but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. The registrar has the power to revoke such plates for failure to comply with this subdivision.

In the event of the defacement, loss or destruction of such number plates, the registrar, upon receiving and filing a sworn statement of the vehicle owner, setting forth the circumstances, together with any defaced plates and the payment of a \$2 fee, shall issue duplicate plates specially designed for that purpose. The registrar shall then note on his records the issue of such new number plates and shall proceed in such a manner as he may deem advisable to cancel and call in the original plates.

Sec. 21. Minnesota Statutes 1980, Section 168.10, Subdivision 1d, is

Subd. 1d. [COLLECTORS VEHICLES, STREET ROD LICENSE.] Any modernized motor vehicle manufactured prior to the year 1949 or designed and manufactured to resemble such vehicle shall be listed for taxation and registration as follows:

An affidavit shall be executed stating the name and address of the person from whom purchased and of the new owner, the make of the motor vehicle, year number of model, and the manufacturer's identification number. The affidavit shall further state that the vehicle is owned and operated solely as a street rod and not for general transportation purposes. The owner must also prove that he or she has one or more vehicles with regular license plates. If the registrar is satisfied that the affidavit is true and correct and the owner pays a ~~\$25~~ \$50 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates issued shall bear the inscription "Street Rod"; "Minnesota" and the registration number but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. The registrar has the power to revoke such plates for failure to comply with this subdivision.

In the event of the defacement, loss or destruction of such number plates, the registrar, upon receiving and filing a sworn statement of the vehicle's owner, setting forth the circumstances, together with any defaced plates and the payment of a \$5 fee, shall issue duplicate plates specially designed for that purpose. The registrar shall then note on his records the issue of such new number plates and shall proceed in such a manner as he may deem advisable to cancel and call in the original plates.

Sec. 22. Minnesota Statutes 1980, Section 168.12, Subdivision 2a, is amended to read:

Subd. 2a. [PERSONALIZED LICENSE PLATES.] Personalized license plates shall be issued to any applicant for registration of a passenger automobile, station wagon, van or pickup truck with a gross weight of 9,000 pounds or less, or self-propelled recreational vehicle, upon compliance with all laws of this state relating to registration of the vehicle, and upon payment of a fee of ~~\$50~~ \$75 in addition to the registration tax required by law for the vehicle. In lieu of the numbers assigned as provided in subdivision 1, such personalized license plates shall have imprinted thereon a series of not to exceed any combination of six numbers and letters. When an applicant has once obtained personalized plates, he shall have a prior claim for similar personalized plates in the next succeeding year that plates are issued if he makes application for them at least 30 days prior to the first date on which his registration can be renewed. The commissioner of public safety shall adopt rules and regulations in the manner provided by chapter 15, regulating the issuance and transfer of such personalized license plates. No words or combination of letters placed on such personalized license plates may be used for commercial advertising or be of an obscene, indecent or immoral nature, or such as would offend public morals or decency. The call signals or letters of a radio or television station shall not be construed as commercial advertising for the purposes of this subdivision.

Notwithstanding the provisions of subdivision 1, personalized license plates issued pursuant to this subdivision may be transferred to another motor vehicle upon the payment of a fee of \$5, which fee shall be paid into the state treasury

and credited to the highway user tax distribution fund. The registrar may by regulation provide a form for such notification.

The fee prescribed for personalized license plates shall be paid only in those years in which the number plate itself is issued, and shall not be payable in any year in which a year plate, tab or sticker is issued in lieu of a number plate.

All fees from the sale of personalized license plates shall be paid into the state treasury and credited to the highway user tax distribution fund.

Sec. 23. Minnesota Statutes 1980, Section 174.50, Subdivision 1, is amended to read:

Subdivision 1. State assistance is needed to supplement local effort and the highway user tax distribution fund in financing capital improvements to preserve and develop a balanced transportation system throughout the state. Such a system is a proper function and concern of state government and necessary to protect the safety and personal and economic welfare of all citizens. *It requires capital expenditures for public facilities, improvements, and equipment that are complementary, additional, and alternate to highways and are a proper object for contracting public debt and engaging in works of internal improvement under article XI, section 5, clause (a) of the constitution. These expenditures are needed to harmonize state and local highway systems with the requirements of the federal interstate highway system, to avoid harmful environmental impact of arterial highways on urban, scenic, and recreational areas, and to provide auxiliary facilities for the convenience and safety of persons crossing highways and persons living and working adjacent to them. Capital expenditures of this nature exceed requirements for basic highway systems and should be funded from sources other than the taxes and bonds authorized in article XIV of the constitution. However, the improvements tend to reduce the cost of maintenance of highways to the minimum required for accommodation of traffic, and the cost may and shall continue to be paid from taxes authorized in article XIV of the constitution. Immediate improvement needs are reconstruction and replacement of key bridges and approaches to remove obstructions to the flow of traffic on state and county highways, municipal streets and township roads and expedited completion of the interstate highway system in Minnesota by paying the state share of interstate highway segments, and a portion of the local share of interstate highway substitution projects when those interstate substitution projects are approved in accordance with state and federal law.*

Sec. 24. Minnesota Statutes 1980, Section 296.02, Subdivision 1, is amended to read:

Subdivision 1. [TAX IMPOSED FOR MOTOR VEHICLE USE.] There is hereby imposed an excise tax of ~~11~~ 13 cents per gallon on all gasoline used in producing and generating power for propelling motor vehicles used on the public highways of this state. This tax shall be payable at the times, in the manner, and by persons specified in this chapter.

Sec. 25. [TRANSPORTATION FUND APPROPRIATIONS.]

\$98,000,000 is appropriated from the state transportation fund to the commissioner of transportation to acquire and better public land, buildings, and capital improvements in accordance with Minnesota Statutes, Section 174.50 and rules promulgated thereunder, to be expended in the following amounts for the following purposes:

(a) *\$95,000,000 for construction and reconstruction of key bridges and bridge approaches on routes on the trunk highway system, including interstate*

routes, and for construction of segments of the interstate highway system, and

(b) \$3,000,000 for matching funds not to exceed two-thirds of the non-federal share of right of way, preliminary and construction engineering, and construction costs of local transportation projects which are funded with federal interstate substitution funds.

Sec. 26. [AUTHORIZATION OF BONDS.]

To provide the money appropriated in section 25 from the state transportation fund the commissioner of finance upon request of the governor shall sell and issue bonds of the state in an amount up to \$98,000,000 in the manner, upon the terms, and with the effect prescribed by Minnesota Statutes, Section 174.51, and by the constitution, article XI, sections 4 to 7. The proceeds of the bonds, except premium and accrued interest, are appropriated to and shall be deposited in the Minnesota state transportation fund for expenditure for the acquisition and betterment of public land, buildings, and capital improvements in accordance with section 25 and Minnesota Statutes, Section 174.50.

Sec. 27. [REPEALER.]

Minnesota Statutes 1980, Section 168.013, Subdivisions 16 and 17, are repealed.

Sec. 28. [EFFECTIVE DATE.]

Sections 6 and 27 are effective for registration and renewal registration applications made on and after January 1, 1982, except as otherwise specifically provided in those sections. Sections 1 to 5 and 7 to 22 are effective November 15, 1981, for registration year 1982 and subsequent years, except as otherwise specifically provided in those sections. Section 24 is effective June 1, 1981, and applies to all gasoline and special fuel as defined in section 296.01, subdivision 6, in storage on that date. Notwithstanding the provisions of section 15.162, subdivision 4, no abortion operation shall be performed upon a minor woman who is unmarried and living with her parent or upon a woman for whom a guardian or conservator has been appointed pursuant to sections 525.54 to 525.551 because of a finding of incompetency, until at least 48 hours after written notice of the pending operation has been delivered or judicial authorization obtained in the manner specified in this subdivision.

If the pregnant woman is unmarried and is living with her parent, the notice shall either be delivered personally to her parent or be delivered to the parents' usual places of abode and left with a person of suitable age and discretion residing therein other than the pregnant woman.

In lieu of the personal delivery required by this subdivision notice may be made by certified mail receipted for by the persons specified for delivery. After mailing, time of delivery shall be deemed to occur at 12 o'clock noon on the next day on which regular mail delivery takes place.

(i) If the pregnant woman elects not to allow the notification of one or both of her parents or guardian or conservator, a judge of a court of competent jurisdiction shall, upon petition or motion, and after an appropriate hearing, authorize a physician to perform the abortion if the judge determines that the pregnant woman is mature and capable of giving informed consent to the proposed abortion. If the judge determines that the pregnant woman is not mature, or if the pregnant woman does not claim to be mature, the judge shall determine whether performance of an abortion upon her without notification of her parent, guardian, or conservator would be in her best interests. The judge shall authorize a physician to perform the abortion without notification if the judge concludes that the pregnant woman's best interests would be served by the authorization.

(ii) The pregnant woman may participate in proceedings in the court on her own behalf, and the court may appoint a guardian ad litem for her. The court shall, however, advise her that she has a right to court appointed counsel, and shall, upon her request, provide her with appointed counsel.

(iii) Proceedings in the court under this section shall be confidential and shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay so as to serve the best interests of the pregnant woman. A judge of the court who conducts proceedings under this section shall make written, specific factual findings and legal conclusions supporting his decision and shall order a record of the evidence to be maintained that includes his findings and conclusions.

(iv) An expedited confidential appeal shall be available to any pregnant woman for whom the court denies an order authorizing an abortion without notification. An order authorizing an abortion without notification is not

subject to appeal. No filing fees shall be required under this section of any pregnant woman at either the trial or the appellate level. Access to the trial court for the purposes of bringing a petition or motion, and access to the appellate courts for purposes of making an appeal from denial, shall be available to a pregnant woman 24 hours a day, seven days a week."

Mr. Stern requested division of the amendment as follows:

First portion:

Page 3, after line 6, insert:

Notwithstanding the provisions of section 15.162, subdivision 4, no abortion operation shall be performed upon a minor woman who is unmarried and living with her parent or upon a woman for whom a guardian or conservator has been appointed pursuant to sections 525.54 to 525.551 because of a finding of incompetency, until at least 48 hours after written notice of the pending operation has been delivered or judicial authorization obtained in the manner specified in this subdivision.

If the pregnant woman is unmarried and is living with her parent, the notice shall either be delivered personally to her parent or be delivered to the parents' usual places of abode and left with a person of suitable age and discretion residing therein other than the pregnant woman.

In lieu of the personal delivery required by this subdivision notice may be made by certified mail receipted for by the persons specified for delivery. After mailing, time of delivery shall be deemed to occur at 12 o'clock noon on the next day on which regular mail delivery takes place.

(i) If the pregnant woman elects not to allow the notification of one or both of her parents or guardian or conservator, a judge of a court of competent jurisdiction shall, upon petition or motion, and after an appropriate hearing, authorize a physician to perform the abortion if the judge determines that the pregnant woman is mature and capable of giving informed consent to the proposed abortion. If the judge determines that the pregnant woman is not mature, or if the pregnant woman does not claim to be mature, the judge shall determine whether performance of an abortion upon her without notification of her parent, guardian, or conservator would be in her best interests. The judge shall authorize a physician to perform the abortion without notification if the judge concludes that the pregnant woman's best interests would be served by the authorization.

(ii) The pregnant woman may participate in proceedings in the court on her own behalf, and the court may appoint a guardian ad litem for her. The court shall, however, advise her that she has a right to court appointed counsel, and shall, upon her request, provide her with appointed counsel.

(iii) Proceedings in the court under this section shall be confidential and shall be given precedence over other pending matters so that the court may reach a decision promptly and without delay so as to serve the best interests of the pregnant woman. A judge of the court who conducts proceedings under this

section shall make written, specific factual findings and legal conclusions supporting his decision and shall order a record of the evidence to be maintained that includes his findings and conclusions.

(iv) An expedited confidential appeal shall be available to any pregnant woman for whom the court denies an order authorizing an abortion without notification. An order authorizing an abortion without notification is not subject to appeal. No filing fees shall be required under this section of any pregnant woman at either the trial or the appellate level. Access to the trial court for the purposes of bringing a petition or motion, and access to the appellate courts for purposes of making an appeal from denial, shall be available to a pregnant woman 24 hours a day, seven days a week."

“Sec. 38. [290.521] [ACTION TO ENJOIN INCOME TAX RETURN PREPARERS.]

Subdivision 1. [AUTHORITY TO SEEK INJUNCTION.] A civil action in the name of the state of Minnesota to enjoin any person who is an income tax return preparer doing business in this state from further engaging in any conduct described in subdivision 2 or from further acting as an income tax return preparer may be commenced at the request of the commissioner of revenue. Any action under this section shall be brought by the attorney general in the district court for the judicial district in which the income tax return preparer resides or has his principal place of business, or in which the taxpayer with respect to whose income tax return the action is brought resides. The court

may exercise its jurisdiction over such action separate and apart from any other action brought by the state of Minnesota against such income tax return preparer or any taxpayer.

Subd. 2. [ADJUDICATION AND DECREES.] In any action under subdivision 1, if the court finds:

(a) that an income tax return preparer has:

(1) engaged in any conduct subject to the criminal penalty provided by section 39, or subject to the civil penalties under section 40,

(2) misrepresented his eligibility to practice before the department of revenue, or otherwise misrepresented his experience or education as an income tax return preparer,

(3) guaranteed the payment of any tax refund or the allowance of any tax credit, or

(4) engaged in any other fraudulent or deceptive conduct which substantially interferes with the proper administration of the provisions of this chapter, and

(b) that injunctive relief is appropriate to prevent the recurrence of such conduct,

the court may enjoin such person from further engaging in such conduct. If the court finds that an income tax return preparer has continually or repeatedly engaged in any conduct described in clauses (1) through (4) of clause (a) of this subdivision, and that an injunction prohibiting such conduct would not be sufficient to prevent such person's interference with the proper administration of this chapter, the court may enjoin such person from acting as an income tax return preparer.

Subd. 3. [INCOME TAX RETURN PREPARER DEFINED.] For purposes of this section and section 40, the term "income tax return preparer" means any person who prepares for compensation, or who employs one or more persons to prepare for compensation, any return of tax imposed by this chapter, or any claim for refund of tax imposed by this chapter. For purposes of the preceding sentence, the preparation of a substantial portion of a return or claim for refund shall be treated as if it were the preparation of such return or claim for refund.

A person shall not be an income tax preparer merely because such person:

(a) furnishes typing, reproducing, or other mechanical assistance,

(b) prepares a return or claim for refund of the employer (or an officer or employee of the employer) by whom he is regularly and continuously employed,

(c) prepares as a fiduciary a return or claim for refund of any person, or

(d) prepares a claim for refund for a taxpayer in response to any notice of deficiency issued to such taxpayer, or in response to any waiver of restriction after the commencement of an audit of such taxpayer or another taxpayer, if a determination in such audit of such other taxpayer directly or indirectly affects the tax liability of the first taxpayer.

Sec. 39. [290.522] [PREPARATION OF FALSE OR FRAUDULENT

RETURN.]

Any person (whether or not an income tax return preparer as defined in section 38, subdivision 3) who wilfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under the provisions of this chapter, of a return, affidavit, claim, or other document, which he knows to be fraudulent or false as to any material matter, whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document, shall be guilty of a felony, and may be prosecuted in the same manner and within the same period of limitations as provided in section 290.53, subdivision 4.

Sec. 40. [290.523] [UNDERSTATEMENT OF TAXPAYER'S LIABILITY BY INCOME TAX RETURN PREPARER.]

Subdivision 1. [NEGLIGENT OR INTENTIONAL DISREGARD OF STATUTORY PROVISIONS OR RULES.] If any part of any understatement of liability with respect to any return or claim for refund is due to the negligent or intentional disregard of the provisions of this chapter, or the rules prescribed by the commissioner of revenue in connection therewith, by any person who is an income tax return preparer (as defined in section 38, subdivision 3) with respect to such return or claim, such person shall pay to the commissioner a penalty of \$100 with respect to such return or claim. This penalty shall be collected in the same manner as any delinquent income tax.

Subd. 2. [WILFUL UNDERSTATEMENT OF LIABILITY.] If any part of any understatement of liability with respect to any return or claim for refund is due to a wilful attempt in any manner to understate the liability for a tax by a person who is an income tax return preparer with respect to such return or claim, such person shall pay to the commissioner a penalty of \$500 with respect to such return or claim. This penalty shall be collected in the same manner as any delinquent income tax. With respect to any return or claim, the amount of the penalty payable by any person by reason of this subdivision shall be reduced by the amount of the penalty paid by such person by reason of subdivision 1.

Subd. 3. [UNDERSTATEMENT OF LIABILITY DEFINED.] For purposes of this section, the term "understatement of liability" means any understatement of the net amount payable with respect to any tax imposed by this chapter, or any overstatement of the net amount creditable or refundable with respect to any such tax. Delete everything after the enacting clause and insert:

"Section 1. [325G.29] [CITATION.]

Sections 1 to 8 may be cited as the "Plain Language Contract Act".

Sec. 2. [325G.30] [DEFINITIONS.]

Subdivision 1. [TERMS.] As used in sections 2 to 8, the terms defined in this section have the meanings given them.

Subd. 2. [CONSUMER.] "Consumer" means any individual who, primarily for personal, family or household purposes: (1) gives consideration for an interest in any services or personal property, including money; (2) transfers or authorizes a security interest on any personal property; or (3) leases residential premises for a term not exceeding three years.

Subd. 3. [CONSUMER CONTRACT.] "Consumer contract" means any written contract with a consumer except: (1) a contract where the price, excluding interest or finance charges, is more than \$50,000; (2) a contract through which a consumer obtains money or credit to be used to purchase or refinance an interest in realty; (3) a contract in which the sale of personal property is merely incidental to the sale of an interest in realty.

Sec. 3. [325G.31] [PLAIN LANGUAGE REQUIRED.]

Except as provided in section 4, every consumer contract shall be written in a clear and coherent manner using words with common and everyday meanings and shall be appropriately divided and captioned by its various sections.

Sec. 4. [325G.32] [EXCEPTIONS.]

Subdivision 1. [OTHER STATUTES OR REGULATIONS.] Section 3 does not apply to any consumer contract for which a federal or state statute, rule or

regulation prescribes standards of readability applicable to the entire contract. Section 3 does not apply to particular words, phrases, provisions or forms of agreement specifically required, recommended or endorsed by a state or federal statute, rule or regulation.

Subd. 2. [CUSTOMARILY USED TECHNICAL TERMS.] A consumer contract may include technical terms to describe the services or property which are the subject of the contract, if the terms are customarily used by consumers in connection with the services or property.

Sec. 5. [325G.33] [REMEDIES.]

Subdivision 1. [ENFORCEMENT AUTHORITY.] Any violation of section 3 is a violation of a law under section 8.31, subdivision 1. The remedies provided in section 8.31, subdivisions 3 and 3a, are limited as provided in section 6.

Subd. 2. [REFORMATION.] In addition to the remedies provided in section 8.31, a court reviewing a consumer contract may reform or limit a provision so as to avoid an unfair result if it finds that:

(1) a material provision of the contract violates section 3;

(2) the violation caused the consumer to be substantially confused about any of the rights, obligations or remedies of the contract; and

(3) the violation has caused or is likely to cause financial detriment to the consumer.

If the court reforms or limits a provision of a consumer contract, the court shall also make orders necessary to avoid unjust enrichment. Bringing a claim for relief pursuant to this subdivision does not entitle a consumer to withhold performance of an otherwise valid contractual obligation. No relief shall be granted pursuant to this subdivision unless the claim is brought before the obligations of the contract have been fully performed.

Sec. 6. [325G.34] [LIMITS ON REMEDIES.]

Subdivision 1. [PENALTIES.] In any proceeding in which civil penalties are claimed from a party for a violation of section 3, it is a defense to the claim that the party made a good faith and reasonable effort to comply with section 3.

Subd. 2. [ATTORNEY'S FEES.] A party who has made a good faith and reasonable effort to comply with section 3 shall not be assessed attorney's fees or costs of investigation in an action for violating section 3.

Subd. 3. [CLASS ACTION ATTORNEY'S FEES.] In any class action or series of class actions which arise from the use by a person of a particular consumer contract found to violate section 3, the amount of attorney's fees and costs of investigation assessed against that person and in favor of the consumer class or classes may not exceed \$10,000.

Subd. 4. [LIMITS ON CONSUMER ACTIONS.] Violation of section 3 is not a defense to a claim arising from a consumer's breach of a consumer contract or to an action for unlawful detainer. A consumer may recover actual damages caused by a violation of section 3 only if the violation caused the consumer to be substantially confused about the rights, obligations or remedies of the contract.

Subd. 5. [STATUTE OF LIMITATIONS.] Any claim that a consumer contract violates section 3 must be raised within six years of the date the contract is executed by the consumer.

Sec. 7. [325G.35] [REVIEW BY THE ATTORNEY GENERAL.]

Subdivision 1. [PROCESS OF REVIEW.] Any seller, creditor or lessor may submit a consumer contract to the attorney general for review as to whether the contract complies with the requirements of section 3. After reviewing the contract the attorney general shall: (1) certify that the contract complies with section 3; (2) decline to certify that the contract complies with section 3 and note his objections to the contractual language; (3) decline to review the contract and refer the party submitting the contract to other previously certified contracts of the same type; (4) decline to review the contract because the contract's compliance with section 3 is the subject of pending litigation; or (5) decline to review the contract because the contract is not subject to section 3.

Subd. 2. [PROCESS NOT REVIEWABLE.] Actions of the attorney general pursuant to subdivision 1 are not subject to Minnesota Statutes, Chapter 15, and are not appealable.

Subd. 3. [LIMITED-EFFECT OF CERTIFICATION.] Any consumer contract certified pursuant to subdivision 1 is deemed to comply with section 3. Certification of a consumer contract pursuant to subdivision 1 is not otherwise an approval of the contract's legality or legal effect.

Subd. 4. [REVIEW NOT REQUIRED.] Failure to submit a contract to the attorney general for review pursuant to subdivision 1 does not show a lack of good faith nor does it raise a presumption that the contract violates section 3. If pursuant to subdivision 1 the attorney general refers a party to a previously certified contract, that the party chooses not to use the contract does not show a lack of good faith nor does it raise a presumption that a contract used by that party violated section 3.

Subd. 5. [FEE FOR REVIEW.] The attorney general may charge a fee, not to exceed \$50, for the costs of reviewing a consumer contract pursuant to subdivision 1.

Sec. 8. [325G.36] [WAIVERS VOID.]

Any provision of a consumer contract which waives or attempts to waive any provision of sections 1 to 8 is void.

Sec. 9. [EFFECTIVE DATE.]

Sections 1 to 6 and 8 take effect on July 1, 1983. Section 7 takes effect the day following final enactment. Sections 1 to 8 do not affect any consumer contract executed before July 1, 1983. A previously existing consumer contract renewed after July 1, 1983, is subject to sections 1 to 8. No provision for renewal of a consumer contract is invalid merely because compliance with sections 1 to 8 changes the form of the renewal agreement. For the purposes of this section periodic tenancies renew at the commencement of each rental period."

The reviews shall be submitted together with any agency recommendations to amend existing business licensing rules. The commission shall conduct public meetings to afford interested persons the opportunity to comment on the business licensing rules under review. The commission shall publish notice of the meetings in the state register at least 30 days in advance of the meetings.

Subd. 3. [ADMINISTRATIVE AND LEGISLATIVE AMENDMENTS.] Each agency shall use its review and the comments received from the public at the public meetings to initiate administrative action or legislative changes to bring the business licensing rules of the agency into compliance with the policy in section 2. If, following the review process, an agency determines that the existing statutory provisions for a license are inconsistent with the policy in section 2 of this article, the agency shall present legislation at the next regular session of the legislature to correct the inconsistencies, and the existing statutory provisions shall remain in effect until the legislature enacts the changes. An agency which does not review rules for a business license pursuant to this section shall report its decision and its reasons to the appropriate standing committees of the senate and the house of representatives at the next legislative session. ARTICLE III

It is the intent of the legislature that a program of business license assistance be established to provide a centralized state government office to which business license applicants may obtain comprehensive license information and assistance. Subd. 2. [DIRECTOR'S POWERS AND DUTIES.] The director shall direct the work of the bureau. The director may, with the advice and consent of the commissioner, hire employees as he may deem necessary, prescribe their duties, fix their compensation, and provide for the reimbursement of their expenses.

(a) Providing comprehensive information on licenses required for business undertakings, projects, and activities in the state and making the information available to applicants and other persons;

(d) Facilitating or recommending consolidation of hearings required pursuant to licensing applications when feasible and advantageous;

(f) Making recommendations for eliminating, consolidating, simplifying, expediting, or otherwise improving licensing procedures affecting business undertakings; and

(g) Adopting rules, procedures, instructions, and forms as are required to carry out the functions, powers, and duties imposed upon the bureau by sections 1 to 14 of this article.

Sec. 5. [362.459] [ASSISTANCE OF OTHER AGENCIES.]

To effect the purposes of sections 1 to 14 of this article, and when requested by the commissioner, an agency shall to the extent practicable provide assistance, services, facilities, and data as will enable the bureau to carry out its functions, powers, and duties.

Sec. 6. [362.461] [COMPREHENSIVE LICENSE INFORMATION.]

Subdivision 1. [REPORTS BY AGENCIES.] Not later than 90 days from the effective date of sections 1 to 14 of this article, each agency issuing licenses for business undertakings, projects, and activities shall report to the bureau, in a form prescribed by the bureau, on each and every type of license administered or issued by the agency. Application forms, applicable agency rules, fee schedules, and the estimated time period necessary for license application consideration based on experience and statutory or regulatory requirements shall accompany each report. The reports shall be updated every two years.

Subd. 2. [REPORT SUPPLEMENTATION.] Each agency issuing licenses for business undertakings, projects, and activities shall, subsequent to its report pursuant to subdivision 1, provide the bureau with a report of any new license or modification of any existing license, or licensing procedures, together with applicable forms, rules, and information required under subdivisions 1 and 2 regarding new or modified licenses.

Subd. 3. [PREPARATION OF INFORMATION FILE.] The bureau shall prepare an information file on agency license requirements upon receipt of the agency reports and shall develop methods for its maintenance, revision, updating, and ready access.

Subd. 4. [LICENSE INFORMATION PROVIDED BY BUREAU.] The bureau shall provide comprehensive license information on the basis of information submitted in subdivisions 1 to 3. The bureau may prepare and distribute publications, guides, and other materials based upon the agency reports and the information file. These materials are designed to serve the convenience of license applicants and explain license requirements affecting business, including requirements having multiple license or multiple agency aspects.

Sec. 7. [362.463] [PREAPPLICATION CONFERENCES.]

Subdivision 1. [REQUESTS FOR CONFERENCE.] The bureau, at the request of any person, proceeding in accordance with this section, may conduct a preapplication conference, pending the formal submission of application forms, in which affected agencies shall participate to the extent practicable in order to clarify the nature and scope of their interest, to provide guidance regarding license application and review procedures, and to coordinate agency actions and data collection or submission regarding license application.

Subd. 2. [MULTIPLE LICENSES; AGENCIES TO PROVIDE REVIEW AND OPINION.] If, in the course of a preapplication conference, it becomes clear in the opinion of the director that a proposed business undertaking: (a) may require multiple licenses from the same or different state departments; (b) will take place in phases over an extended period of time; (c) will involve substantial expense for preparation of detailed plans, specifications and license applications; or (d) is of a new or unique nature, then each affected agency shall, at the request of the director to the extent practicable, provide the applicant with a written review and opinion as to all licenses which the agency would require for the proposed undertaking, the standards and conditions which would have to be met in order to obtain the licenses, timetables involved, and any properly related circumstances or findings.

Subd. 3. [WRITTEN OPINIONS; TIME LIMITS; EXTENSIONS.] Each agency participating in the review and opinion process shall render the written

opinion within a period not exceeding 60 days from the date fixed by the director. This period may be extended by the director at the request of an interested agency for the further consideration of information provided in accordance with this section. The director shall advise the person having requested the review and opinion of the extension, the reasons for it, and the revised period fixed by the director for rendering the written opinion. The person shall be entitled to confer with the bureau and with any agency having been granted an extension of time to ascertain what further information, if any, is required to facilitate the rendering of the review and opinion.

Subd. 4. [EFFECT OF REVIEW AND OPINION PROCEDURE.] A preapplication review and opinion shall not relieve the person from the responsibility of obtaining any required licenses and shall be contingent upon the submission of all detailed plans, specifications, and information required for license applications. An agency's written opinion as to required licenses shall remain in effect indefinitely for the proposed business undertaking, project, or activity as described in the applicant's submission. However, if new license requirements or related standards over which an agency has no control or discretion in establishing subsequently become effective, the new license requirements or standards shall not be considered to have been part of the preapplication review and opinion. The opinion of the agency may be modified or amended by the agency at any time and shall not prohibit the agency from requiring additional licenses as deemed necessary for the applicant.

Subd. 5. [RULES OF PROCEDURE.] The bureau shall promulgate rules for the procedures to be followed in the conduct of preapplication reviews and opinions.

Sec. 8. [362.465] [MASTER APPLICATION PROCEDURE.]

Subdivision 1. [DEVELOPMENT AND IMPLEMENTATION.] The bureau shall develop and implement a master application procedure to expedite the identification and processing of licenses for business undertakings, projects, and activities. A master application shall be made on a form prescribed by the bureau. This form shall request concise and specific information necessary to determine those licenses which are or may be required for the undertaking, project, or activity in order to insure speedy issuance of the licenses when all necessary requirements are met.

Subd. 2. [BUREAU ASSISTANCE IN PREPARING.] Use of the master application procedure shall be at the option of any person proposing a business undertaking, project, or activity. Upon request, the bureau shall assist any person in preparing a master application, describe the procedures involved, and provide other information from the comprehensive license information file as may be helpful or necessary.

Subd. 3. [RECEIPT OF APPLICATION; NOTIFICATION TO AGENCIES.] Upon receipt of a master application the bureau shall immediately notify in writing each agency having a possible interest in the proposed business undertaking, project, or activity with respect to licenses which are or may be required.

Subd. 4. [AGENCY RESPONSE.] Each agency so notified shall respond to the bureau within 20 days of receipt of the notice and shall advise the bureau whether one or more licenses under its jurisdiction are or may be required for

the business undertaking, project, or activity described in the master application. The response shall specify the licenses which in the opinion of the agency are or may be required, if any, and shall indicate the fees to be charged.

Subd. 5. [CONSEQUENCES OF NEGATIVE OR NONRESPONSES.] Any agency so notified which responds that it does not have an interest in the license requirements of the business undertaking, project, or activity described in the master application, or which does not respond within the time period specified in subdivision 4, shall not require a license for the undertaking, project, or activity described in the master application. Except that where unusual circumstances have prevented an agency from notifying the bureau, and the agency establishes that failure to require a license would result in substantial harm to the public health or welfare, the commissioner may order that the license be required.

Subd. 6. [FAILURE TO PROVIDE ACCURATE OR PERTINENT INFORMATION.] The provisions of subdivision 5 shall not apply if the commissioner of economic development determines that the master application contained false, misleading, or deceptive information, or failed to include pertinent information, the lack of which could reasonably lead an agency to misjudge the applicability of licenses under its jurisdiction, or if new license requirements or related standards subsequently became effective for which an agency had no discretion in establishing the effective date.

Subd. 7. [NOTIFICATION TO APPLICANT.] The bureau, following the 20 day notice and response period, shall promptly provide the person having submitted a master application with application forms and related information for all licenses specified by the interested agencies and shall advise the person:

(a) That all forms are to be completed and submitted to the interested agencies; and

(b) At the option of the applicant, that the bureau will receive all forms as a package with the fees to be charged, if any, and that the bureau will immediately separate and submit the forms and any allocable fees to the appropriate agencies.

Subd. 8. [WITHDRAWAL OF APPLICATION.] An applicant may withdraw a master application at any time without forfeiture of any license approval applied for or obtained under the master application procedures contained in this section.

Sec. 9. [362.467] [LICENSE COORDINATION AND ASSISTANCE TO APPLICANTS.]

Subdivision 1. [AUTHORIZATION.] Any applicant for licenses required for a business undertaking, project, or activity may confer with the bureau to obtain assistance in the prompt and efficient processing and review of applications.

Subd. 2. [DUTIES OF THE BUREAU.] The bureau shall, so far as possible, render assistance; and the director may designate an officer or employee of the bureau to act as an expeditor for the purpose of:

(a) Facilitating contacts for the applicant with agencies responsible for processing and reviewing license applications;

(b) Arranging conferences to clarify the interest and requirements of any

agency with respect to license applications;

(c) Considering with agencies the feasibility of consolidating hearings and data required of the applicant; and

(d) Assisting the applicant in the resolution of outstanding issues identified by agencies, including delays experienced in license review.

Sec. 10. [362.469] [CONSOLIDATED HEARINGS.]

Subdivision 1. [BUREAU MAY REQUEST.] The bureau may request the office of administrative hearings to consolidate hearings insofar as it is feasible and agreeable to all parties.

Subd. 2. [RULES OF PROCEDURE.] A consolidated hearing shall be conducted in a manner consistent with Minnesota Statutes, Sections 15.0411 to 15.052, and the applicable rules of the office of administrative hearings.

Subd. 3. [PREHEARING CONFERENCE.] The office of administrative hearings, with the consent of the agencies having license jurisdiction, may provide for a prehearing conference to assist in the disposition of the type, time, place, and parties of the consolidated hearing, the simplification of the issues, the stipulations as to agreed facts and necessary documents, and other relevant matters.

Sec. 11. [362.471] [LICENSE AUTHORITY RETAINED.]

Each agency having jurisdiction to approve or deny a license shall have the continuing power vested in it to make such determinations. The provisions of sections 1 to 14 of this article shall not lessen or reduce these powers and shall modify the procedures followed in carrying out these powers only to the extent provided in sections 1 to 14 of this article.

Sec. 12. [362.473] [SERVICES PROVIDED AT NO CHARGE.]

Services rendered by the bureau shall be made available without charge. Nothing contained in this section shall relieve an applicant of any part of the fees or charges established for the review and approval of license applications or relieve an applicant of any of the apportioned costs of a consolidated hearing conducted under sections 7 and 8 of this article.

Sec. 13. [362.475] [FEDERAL AND LOCAL GOVERNMENT PARTICIPATION.]

Subdivision 1. [ENCOURAGEMENT.] Federal and local government license agencies shall be encouraged to participate in the business license information, coordination, and assistance services of the bureau and to make information available to applicants through the bureau with respect to any business undertaking, project, or activity which is referred to the bureau under the provisions of sections 1 to 14 of this article.

Subd. 2. [ASSISTANCE TO FEDERAL AND LOCAL AGENCY LICENSE APPLICANTS.] The bureau shall, so far as is practicable, advise applicants of federal and local agency license requirements and shall maintain an information file on licenses for which the state has delegated issuance authority to local government agencies.

Subd. 3. [COORDINATION OF LICENSE REVIEW PROCEDURES.] The director shall consult with local government officials with respect to co-

operation in coordinating state and local license application and review procedures and shall recommend to the governor and the legislature any actions which would facilitate this coordination.

Sec. 14. [362.477] [COMPILATION AND MAINTENANCE OF STATISTICAL DATA.]

The bureau shall obtain and keep on an annual basis appropriate statistical data regarding the number of licenses issued by agencies, the amount of time necessary for the licenses to be issued, the cost of obtaining the licenses, the types of projects for which specific licenses are issued, a geographic distribution of licenses issued, and other pertinent data which the director deems appropriate. The bureau shall analyze the data by type of license and by agency responsible and shall make its findings available to the public.

Sec. 15. [REPEALER.]

Minnesota Statutes 1980, Section 362.45, is repealed.

Sec. 16. [REVOLVING FUND.]

There is established a business license revolving fund. Any other law notwithstanding, every agency issuing a business license after the effective date of this act shall impose a two percent surcharge or \$10, whichever is the lesser amount, for the issuance or renewal of a business license through the period ending June 30, 1982. A surcharge of one percent or \$10, whichever is the lesser amount, shall be imposed beginning July 1, 1982. Proceeds from the license surcharge shall be deposited in the business license revolving fund.

Sec. 17. [APPROPRIATION.]

There is appropriated from the general fund to the bureau of business licenses the sum of \$450,000 for the purpose of implementing sections 1 to 14 of this article. This appropriation is available until June 30, 1983. The complement of the department of economic development is increased by four. The funds deposited in the business license revolving fund shall be transferred to the general fund in an amount not to exceed \$450,000 for the biennium ending June 30, 1983.

with good and sufficient sureties, to be approved by the officer with whom the same is filed, conditioned to pay all costs and expenses which may be incurred in case the proceedings are dismissed or for any reason no contract is entered into for the construction of the improvement petitioned for.

Sec. 12. Minnesota Statutes 1980, Section 106.631, Subdivision 2, is amended to read:

Subd. 2. [PROCEDURE ON APPEAL.] (a) Any person appealing on the first or second ground named, may include and have considered and determined benefits or damages affecting property other than his own. If the appellant fails to prevail, the cost of the trial shall be paid by the appellant. In case of appeal as to damages or benefits to property situated in the county other than the county where the drainage proceedings are pending, and if the appellant so requests, the trial shall be held at the next term of the district court of the county wherein the lands are situated. In such case, the clerk of the district court where the appeal is filed, shall make, certify and file in the office of the clerk of the district court of the county where the trial is to be had, a transcript of the papers and documents on file in his office in the proceedings so far as they pertain to the matters on account of which the appeal is taken. (d) The clerk of the district court shall file a certified copy of the final determination of any such appeal with the auditor of the county affected.

(a) extended benefits are payable for that week pursuant to an interstate claim filed in any state under the interstate benefit payment plan; and

(b) no extended benefit period is in effect for the week in that state.

This subdivision shall not apply to the first two weeks for which extended benefits are payable pursuant to an interstate claim filed under the interstate benefit payment plan to the individual from the extended benefit account established for the individual with respect to the benefit year.

Subd. 9. [ELIGIBILITY REQUIREMENTS.] Notwithstanding the provisions of subdivision 2, an individual shall be ineligible for the payment of extended benefits for any week of unemployment in his eligibility period if the commissioner finds that during that period he failed to accept any offer of suitable work or failed to apply for any suitable work to which he was referred by the commissioner or failed to actively engage in seeking work.

Any individual who has been found ineligible for extended benefits by reason of this subdivision shall also be denied benefits for the week following the week in which the failure occurred and until he has been employed in each of four subsequent weeks, whether or not consecutive, and has earned remuneration of not less than four times his extended weekly benefit amount.

For the purpose of this subdivision "suitable work" means, with respect to any individual, any work which is within that individual's capabilities and the gross average weekly remuneration exceeds the sum of the individual's weekly benefit amount as determined under subdivision 4 plus the amount, if any, of supplemental unemployment benefits, as defined in section 501(c)(17)(D) of the Internal Revenue Code of 1954, payable to the individual for that week; and the work pays wages not less than the higher of the minimum wage provided by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, without regard to any exemption, or the applicable state or local minimum wage.

No individual shall be denied extended benefits for failure to accept an offer of or apply for any suitable work if: (a) the position was not offered to the individual in writing and was not listed with employment service; (b) the failure could not result in a denial of benefits under the definition of suitable work for regular benefit claimants in section 268.09, subdivision 2, clause (a) to the extent that the criteria of suitability therein is not inconsistent with this subdivision; or (c) the individual furnishes satisfactory evidence to the commissioner that his prospects for obtaining work in his customary occupation within

a reasonably short period are good. If the evidence furnished is found to be satisfactory for this purpose, the determination of whether any work is suitable for the individual shall be made in accordance with the definition of suitable work for regular benefit claimants in section 268.09, subdivision 2, clause (a) without regard to the definition specified in this subdivision.

No work shall be found to be suitable work for an individual which does not accord with the labor standard provisions required by section 3304(a)(5) of the Internal Revenue Code of 1954, as amended, and set forth in section 268.09, subdivision 2, clauses (b)(1)(2)(3).

For the purpose of this subdivision an individual is actively seeking work during any week if the individual has engaged in a systematic and sustained effort to obtain work during the week, and the individual furnishes tangible evidence that he has engaged in that effort during the week.

The employment service shall refer any claimant entitled to extended benefits under section 268.071 to any suitable work."

Page 3, line 14, delete "3" and insert "4"

All of the student work shall be prominently and conspicuously advertised and held forth as being student work and not otherwise.

Subd. 10. [DISCRIMINATION PROHIBITED.] No school, duly approved under this chapter, shall refuse to teach any student, otherwise qualified, on account of race, sex, creed, color, citizenship, national origin, or sexual preference.

Sec. 41. [155A.11] [REVOCAION OF LICENSE.]

(c) Refusal to allow reasonable inspection or supply reasonable information after a written request by the director or his designee;

(d) The existence of any circumstance which would be grounds for the refusal of an initial or renewal license.

Subd. 2. [APPEAL FROM ORDER.] Any order refusing, revoking, or suspending a license is appealable to the district court where the licensee conducts business as provided in chapter 15. If a person has been operating and the person's license has been revoked, suspended, or refused by the director, the order is not effective until final determination of the appeal unless the court orders it to take effect immediately.

Sec. 42. [155A.12] [COMPLAINTS; INVESTIGATIONS AND HEARINGS.]

Subdivision 1. [NOTICE TO ATTORNEY GENERAL.] The director or person employed by him who receives a complaint or other communication, whether oral or written, alleging or implying a violation of a statute or rule which the director is empowered to enforce, which cannot be conciliated or resolved by the director or his designee shall promptly forward the substance of the communication on a form prepared by the attorney general to the designee of the attorney general responsible for providing legal services to the director. Before proceeding further with the communication, the director or designee of the attorney general may require the complaining party to state his complaint in writing on a form prepared by the attorney general. Complaints which relate to matters within the jurisdiction of another governmental agency shall be forwarded to that agency by the director. An officer of that agency shall advise the director of the disposition of that complaint. A complaint received by another agency which relates to a statute or rule which the director is empowered to enforce shall be forwarded to the director to be processed in accordance with this section.

Subd. 2. [INVESTIGATIONS BY ATTORNEY GENERAL.] The designee of the attorney general providing legal services to the director shall evaluate the communications forwarded to him by the director. If the communication alleges a violation of statute or rule which the director is to enforce, the designee is empowered to investigate the facts alleged in the communication. In the process of evaluation and investigation, he shall consult with or seek the assistance of the director. He may also consult with or seek the assistance of any other qualified person who the designee believes will materially aid in the process of evaluation or investigation. The director may attempt to correct

improper activities and redress grievances through education, conference, conciliation and persuasion, and in these attempts he may be assisted by the designee of the attorney general. If the attempts at correction or redress do not produce satisfactory results in the opinion of the director, or if after investigation the designee providing legal services to the director believes that the communication and the investigation suggest illegal or unauthorized activities warranting action, he shall inform the director who shall schedule a disciplinary hearing in accordance with chapter 15. Before scheduling a disciplinary hearing, the basis for the hearing must be stated in writing. The director shall promptly inform the complaining party, if any, of the final disposition of the complaint. Nothing in this section shall preclude the director from scheduling a disciplinary hearing based upon the findings or report of the director's staff or the attorney general.

A subpoena or other process or paper may be served upon any person named therein, anywhere within the state by any officer authorized to serve subpoenas or other process or paper in civil actions, with the same fees and mileage and in the same manner as prescribed by law for service of process issued out of the district court of this state. Fees and mileage and other expenses shall be paid as the director directs.

Sec. 43. [155A.13] [ADDITIONAL REMEDY.]

In addition to any other remedy provided by law, the director may in his own name bring an action in the district court where the licensee conducts business for injunctive relief to restrain any unauthorized practice or violation or threatened violation of any statute or rule which the director is empowered to regulate or enforce. A temporary restraining order may be granted in the proceeding if continued activity by a person would create an imminent risk of harm to others. Injunctive relief granted pursuant to this section shall not relieve the person from disciplinary action by the director in respect to the person's license or application for license or renewal.

Sec. 44. [155A.14] [SERVICES EXCEPTED; EMERGENCY.]

Nothing in sections 31 to 48 shall prohibit services in cases of emergency where compensation or other reward is not received, nor in domestic service, nor in the practice of medicine, surgery, dentistry, podiatry, osteopathy, chiropractic, or barbering. This section shall not be construed to authorize any of the persons so exempted to wave the hair, or to color, tint, or bleach the hair, in any manner.

Subd. 2. [EFFECT OF RULES TRANSFERRED.] All rules heretofore promulgated under the authority of a power, duty, or responsibility transferred by sections 31 to 48 to the director shall remain in full force until modified or repealed in accordance with law by the director.

[EFFECT OF PENDING PROCEEDINGS.] Any proceeding, court action, prosecution, or other business or matter which is pending on the effective date of sections 31 to 48 and which was undertaken or commenced by the board of cosmetology examiners under the authority of any power, duty, or responsibility which is transferred by sections 31 to 48 to the director may be conducted and completed by the director in the same manner, under the same terms and conditions, and with the same effect as though no transfer was made.

Subd. 4. [TRANSFER OF CUSTODY OF DOCUMENTS.] Every individual responsible under law for administration of any function transferred by sections 31 to 48 to the director shall, upon request by the director or by any of his designated employees, transfer custody of all books, maps, plans, papers, records, contracts, and other documents relating to the transferred function and necessary or convenient for the proper discharge of the director's new duties. [APPROPRIATIONS.] All unexpended and unencumbered funds appropriated to the board of cosmetology examiners for the purpose of performing any of the functions, powers, or duties which are transferred by sections 31 to 48 to the director are hereby transferred to the director. If any unexpended appropriation must be allocated between the director and any other individual, office, division, agency, or department to accurately reflect the division of responsibilities between those individuals, divisions, agencies, or departments and the director after the effective date of sections 31 to 48, the commissioner of administration shall allocate the unexpended appropriation

as he deems appropriate.

Subd. 6. [TRANSFER OF POSITIONS.] *Prior to the effective date of sections 31 to 48, the director has the authority to identify which board of cosmetology positions are required to carry out the provisions of sections 31 to 48. The incumbents of those positions in the classified service which the director determines are needed to carry out sections 31 to 48 are transferred to the employment of the director. The positions of all persons who are employed in the unclassified service by the board of cosmetology examiners to perform any of the functions, powers, or duties which are transferred by sections 31 to 48 to the director are abolished. Nothing in this subdivision shall be construed as abrogating or modifying any rights now enjoyed by affected employees under the terms of an agreement between an exclusive representative of public employees and the state or one of its appointing authorities.*

If screening is not feasible because of economic or topographic reasons, the commissioner shall secure the removal, relocation or disposal of such junk yard by sale, agreement, or other means, and pay for the costs thereof. Notwithstanding the other provisions of this section, if a junk yard exists within one-half mile of the right-of-way of any trunk highway and is visible from the highway, the commissioner may acquire easements for screening purposes up to one-half mile from the edge of the right-of-way of the highway. The commissioner shall acquire such rights and interest in property, personal or real, necessary to carry out the purposes of this section by purchase, gift, or eminent domain proceedings and shall pay just compensation therefor. The commissioner shall not be required to expend any funds for such purposes unless federal moneys are available to the state and have money to acquire rights or interests in junk yards under this section, except those for which acquisition proceedings were begun before June 8, 1979 or for which federal money has
