Such bonds shall not be included for purposes of computing the net debt of any municipality.

In any suit, actions, or proceedings involving the validity of enforceability of any bonds of the authority or the security therefor, any bond reciting in substance that it has been issued by the authority to aid in financing a project shall be conclusively deemed to have been issued for such purpose, and the tax increment financing district within the project shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of Laws 1979, Chapter 322. In any suit, action, or proceedings involving the validity or enforceability of any bonds of the authority or the security therefor, any bond reciting in substance that it has been issued by the authority to aid in financing a project shall be conclusively deemed to have been issued for such purpose, and the tax increment financing district within the project shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of Laws 1979,

Chapter 322. Neither the authority, nor any director, commissioner, council member, board member, officer, employee or agent of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds may be further secured by a pledge and mortgage of all or any portion of the district in aid of which the bonds are issued and such covenants as the authority shall deem by such resolution to be necessary and proper to secure payment of the bonds. The bonds, and the bonds shall so state on their face, shall not be payable from nor charged upon any funds other than the revenues and property pledged or mortgaged to the payment thereof, nor shall the issuing authority be subject to any liability thereon or have the powers to obligate itself to pay or pay the bonds from funds other than the revenues and properties pledged and mortgaged and no holder or holders of the bonds shall ever have the right to compel any exercise of any taxing power of the issuing authority or any other public body, other than as is permitted or required under Laws 1979, Chapter 322 and pledged therefor hereunder, to pay the principal of or interest on any such bonds, nor to enforce payment thereof against any property of the authority or other public body other than that expressly pledged or mortgaged for the payment thereof.

(d) (1) In anticipation of the issuance of bonds pursuant to either paragraph (a), (b) or (c) of this section, the authority or municipality may by resolution issue and sell temporary bonds pursuant to paragraph (a), (b) or (c), maturing within not more than three years from their date of issue, to pay any part or all of the cost of a project. To the extent that the principal of and interest on the temporary bonds cannot be paid when due from receipts of tax increment, assessments, or other funds appropriated for the purpose, they shall be paid from the proceeds of long-term bonds or additional temporary bonds which the authority or municipality shall offer for sale in advance of the maturity date of the temporary bonds, but the indebtedness funded by an issue of temporary bonds shall not be extended by the issue of additional temporary bonds for more than six years from the date of the first issue. Long-term bonds may be issued pursuant to paragraph (a), (b) or (c) without regard to whether the temporary bonds were issued pursuant to paragraph (a), (b) or (c). If general obligation temporary bonds are issued pursuant to paragraph (a), proceeds of long-term bonds or additional temporary bonds not yet sold may be treated as pledged revenues, in reduction of the tax otherwise required by section 475.61 to be levied prior to delivery of the obligations. Subject to the six-year maturity limitation contained above, but without regard to the requirement of section 475.58, if any temporary bonds are not paid in full at maturity, in addition to any other remedy authorized or permitted by law, the holders may demand, in which case the authority or municipality shall, issue pursuant to paragraph (a), (b) or (c) as the temporary bonds and in exchange for the temporary bonds, at par, replacement temporary bonds dated as of the date of the replaced temporary bonds, maturing within one year from the date of the replacement temporary bonds and earning interest at the rate set forth in the resolution authorizing the issuance of the replaced temporary bonds, provided that the rate shall not exceed the maximum rate permitted by law at the date of issue of the replaced temporary bonds.

(2) Funds of a municipality may be invested in its temporary bonds in accordance with the provisions of section 471.56, and may be purchased upon their initial issue, but shall be purchased only from funds which the governing body of the municipality determines will not be required for other purposes before the maturity date, and shall be resold before maturity only in

case of emergency. If purchased from a debt service fund securing other bonds, the holders of those bonds may enforce the municipality's obligations on the temporary bonds in the same manner as if they held the temporary bonds.

*(e) Sections 9 to 16 apply to any issuance of obligations under this section which are subject to limitation under a federal limitation act as defined in section 9, subdivision 5.*

Sec. 3. Minnesota Statutes 1982, section 429.091, is amended by adding a subdivision to read:

*Subd. 8. [FEDERAL LIMITATION ACT.] Sections 9 to 16 apply to any issuance of obligations under this section which are subject to limitation under a federal limitation act as defined in section 9, subdivision 5.*

Sec. 4. Minnesota Statutes 1982, section 430.12, is amended to read:

#### 430.12 [BONDS FOR IMPROVEMENTS.]

The city council, for the purpose of realizing the funds for making an improvement and paying damages may, from time to time as may be needed, issue and sell special certificates of indebtedness, or special street or parkway improvement bonds, as they may decide, which shall entitle the holder thereof to all sums realized upon any assessment or, if deemed advisable, a series of two or more certificates or bonds against any one assessment, or against the assessments in two or more different proceedings, the principal and interest being payable at fixed dates out of the funds collected from the assessments, including interest and penalties, and the whole of the fund or funds is hereby pledged for the pro rata payment of the certificates or bonds and the interest thereon, as they severally become due. These certificates or bonds may be made payable to the bearer, with interest coupons attached, and the city council may bind the city to make good deficiencies in the collection up to, but not exceeding, the principal and interest at the rate fixed, as hereinafter provided, and for the time specified in section 430.06. If the city, because of this guaranty, shall redeem any certificate or bond, it shall thereupon be subrogated to the holder's rights. For the purpose of this guaranty, penalties collected shall be credited upon deficiencies of principal and interest before the city shall be liable. These certificates or bonds shall be sold at public sale or by sealed proposals at a meeting of which at least two weeks' published notice shall be given, to the purchaser who will pay the par value thereof at the lowest interest rate, and the certificates or bonds shall be drawn accordingly, but the rate of interest shall in no case exceed seven percent per annum, payable annually or semiannually. The city clerk shall certify to the county auditor the rate of interest so determined at the first bond sale held for any such improvement, and interest shall be computed upon the assessments at this annual rate, in accordance with the terms of section 430.06. In case the rate of interest so determined at any subsequent bond sale for the same improvement is greater than the rate so determined at the first bond sale therefor, the difference between these rates of interest shall be a general city charge.

In case the proceeds of any special certificates of indebtedness or special street or parkway improvement bonds are in excess of the amount actually necessary to make the improvements for which the same were issued, or in

case the proceeds are not immediately required for the prosecution or completion of the improvement, these proceeds may meanwhile be used by the city council for the making of other improvements authorized under the provisions of this chapter, and the amount of the proceeds so used shall be replaced and made good so far as may be necessary from the proceeds of special certificates of indebtedness or special bonds issued for the purpose of making such other improvements.

Sec. 7. [462.556] [FEDERAL LIMITATION ACT.]

*Sections 9 to 16 apply to any issuance of obligations under chapter 462 which are subject to limitation under a federal limitation act as defined in section 9, subdivision 5.*

Sec. 8. Minnesota Statutes 1982, section 472.09, is amended by adding a subdivision to read:

*Subd. 8. [FEDERAL LIMITATION ACT.] Sections 9 to 16 apply to any issuance of obligations under this section which are subject to limitation under a federal limitation act as defined in section 9, subdivision 5.*

Sec. 9. [474.16] [DEFINITIONS.]

*Subdivision 1. For the purposes of sections 9 to 16, the terms defined in this section have the meaning given them.*

*Subd. 2. "Local issuer" means any home rule charter or statutory city, any town, any housing and redevelopment authority referred to in chapter 462 or any body authorized to exercise the powers of a housing and redevelopment authority, any port authority referred to in chapter 458 or any body authorized to exercise the powers of a port authority, any area or municipal redevelopment agency referred to in chapter 472, any county, or any other municipal authority or agency established pursuant to special law other than the iron range resources and rehabilitation board, acting as an issuer of obligations pursuant to law.*

*Subd. 3. "Entitlement issuer" means a local issuer with an average annual previous use of \$1,000,000 or more based on the highest annual use in three of the calendar years from 1980 to 1983.*

*Subd. 4. "Previous use" means the principal amount of obligations of a type subject to limitation under the terms of a federal limitation act issued by a local issuer during a specified period.*

*Subd. 5. "Federal limitation act" means an act of congress of the United States of America other than the Mortgage Subsidy Bond Tax Act of 1980, Public Law Number 96-499, section 1102(a) and amendments to it, amending the Internal Revenue Code of 1954, to limit the aggregate amount of obligations of a specified type or types which may be issued by an issuing authority during any calendar year whose interest is exempt from inclusion in gross income for purposes of federal income taxation pursuant to section 103(a) of the Internal Revenue Code of 1954, as amended, and providing for an allocation of issuing authority by the legislature of a state.*

**Sec. 10. [474.17] [ALLOCATION OF PRIVATE ACTIVITY BONDS.]**

*Subdivision 1. [HIGHER EDUCATION COORDINATING BOARD ALLOCATION.] \$30,000,000 for calendar year 1984 and \$10,000,000 for calendar year 1985 of the aggregate limit of bond issuance authority allocated to the state pursuant to a federal limitation act is allocated to the higher education coordinating board for the issuance of obligations pursuant to chapter 136A. On September 1, 1985, any unused portion of the bonding authority allocated to the higher education coordinating board shall be canceled and the authority shall be allocated pursuant to section 12. If the commissioner of energy and economic development determines that pursuant to a federal limitation act, the higher education coordinating board cannot issue obligations whose interest is exempt from inclusion in gross income for purposes of federal income taxation pursuant to section 103(a) of the Internal Revenue Code of 1954, as amended, this allocation shall cancel and the allocation provided in subdivision 3 shall be increased to \$55,000,000 for calendar year 1984 and to \$65,000,000 for calendar year 1985.*

*Subd. 2. [IRON RANGE RESOURCES AND REHABILITATION ALLOCATION.] From January 1 to August 31 of each calendar year, \$25,000,000 of the aggregate limit of bond issuance authority allocated to the state for any calendar year pursuant to a federal limitation act is allocated to the iron range resources and rehabilitation commissioner. From September 1 to October 31 of each year, the iron range resources and rehabilitation commissioner may retain his allocation or a portion of it only if he has submitted to the department of energy and economic development on or before September 1 a letter which states (a) his intent to issue obligations pursuant to his allocation or a portion of it before the end of the calendar year or within the time period permitted by a federal limitation act and (b) a description of the specific project or projects for which the obligations will be issued, together with a deposit in the amount of one percent of the amount of the remaining unused allocation or the portion of it pursuant to which he intends to issue obligations. If the iron range resources and rehabilitation commissioner does not submit the required letter of intent and deposit, the amount originally allocated to the iron range resources and rehabilitation commissioner or the portion not already used not subject to a letter of intent shall be canceled and subject to reallocation in accordance with section 12. If the iron range resources and rehabilitation commissioner returns for reallocation all or any part of his allocation on or before October 31, that portion of his application deposit equal to one percent of the amount returned shall be refunded within 30 days. The iron range resources and rehabilitation commissioner shall obtain the approval of the governing body of a home rule or statutory city before issuing obligations allocated pursuant to this subdivision for a project located*

*within the city, if the city received an allocation as an entitlement issuer pursuant to section 11. The iron range resources and rehabilitation commissioner may enter into a joint powers agreement with any other state or municipal entity which has authority to issue obligations subject to a federal limitation act whereby the other entity issues the bonds on behalf of the iron range resources and rehabilitation commissioner.*

*Subd. 3. [DEPARTMENT OF ENERGY AND ECONOMIC DEVELOPMENT ALLOCATION.] From January 1 to August 31 of calendar year 1984, \$40,000,000 and for calendar year 1985 \$60,000,000 of the aggregate limit of bond issuance authority allocated to the state pursuant to a federal limitation act is allocated to the department of energy and economic development for use or allocation pursuant to section 1, clause (2). From September 1 to October 31 of each year, the department or any entity which receives an allocation from the department pursuant to section 1, clause (2), may retain its allocation or a portion of it only if it has submitted to the division of the department responsible for administering this act on or before September 1 a letter which states (a) its intent to issue obligations pursuant to its allocation or a portion of it before the end of the calendar year or within the time period permitted by a federal limitation act, and (b) a description of the specific project or projects for which the obligations will be issued, together with a deposit in the amount of one percent of the amount of its remaining unused allocation or the portion of it pursuant to which it intends to issue obligations. If the department or any entity which receives an allocation from the department pursuant to section 1, clause (2), does not submit the required letter of intent and deposit, the amount originally allocated to the department or any entity which receives an allocation from the department pursuant to section 1, clause (2), or the portion not already used and not subject to a letter of intent shall be canceled and subject to reallocation in accordance with section 12. If the department or any entity which receives an allocation from the department pursuant to section 1, clause (2), returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned shall be refunded within 30 days.*

*Subd. 4. [LOCAL ISSUER ALLOCATION.] Any amount of the aggregate limit of bond issuance authority allocated to the state for any calendar year pursuant to a federal limitation act which is not allocated pursuant to subdivisions 1 to 3 shall be allocated among local issuers pursuant to sections 11 to 16.*

**Sec. 11. [474.18] [ALLOCATION AMONG ENTITLEMENT ISSUERS.]**

*Subdivision 1. [ALLOCATION AMOUNTS.] From January 1 to August 31 of each calendar year, 80 percent of the amount of authority determined pursuant to section 10 shall be available solely for issuance of obligations by entitlement issuers.*

*Subd. 2. [ALLOCATION PROCEDURE.] To obtain an allocation pursuant to this section, an entitlement issuer shall within 30 days after the effective date of this act, submit to the department of energy and economic development a certification as to previous use for the four preceding calendar years, and the average annual previous use for the highest three of the four*

preceding calendar years. Within 15 days thereafter, the department of energy and economic development shall determine and publish the amount of issuance authority allocated to each entitlement issuer which submitted the information required above. The amount of authority for an issuer is the aggregate authority allocated to entitlement issuers pursuant to subdivision 1, multiplied by a fraction. The numerator of the fraction is the highest three-year previous use average as certified by the entitlement issuer. The denominator of the fraction is the combined highest three-year previous use average as certified by all entitlement issuers. Local issuers with boundaries which are coterminous shall be treated as a single issuer for purposes of determining their entitlement allocation, if any.

In such cases the amount of the issuance authority to be allocated to each issuer shall be determined by the city council in the case of a city or the county board in the case of a county. If an entitlement issuer grants approval for a project pursuant to section 1, clause (3), or section 10, subdivision 2, bonds issued by the department of energy and economic development or the iron range resources and rehabilitation commissioner shall be treated as if they were issued by the entitlement issuer pursuant to its entitlement allocation and shall not be counted in the allocation to the department of energy and economic development or the iron range resources and rehabilitation commissioner, but shall be counted against the allocation of the entitlement issuer. The entitlement issuer may allocate its entitlement allocation to any project for which obligations are issued or are to be issued after December 31, 1983, without regard to any preliminary resolutions which have been adopted for any project.

Subd. 3. [LETTER OF INTENT.] From September 1 to October 31 of each year, an entitlement issuer may retain its allocation or a portion of it only if it has submitted to the department of energy and economic development on or before September 1 a letter which states its intent to issue obligations pursuant to its allocation or a portion of it before the end of the calendar year or within the time period permitted by a federal limitation act, together with a deposit in the amount of one percent of the amount of its remaining unused allocation or the portion of it pursuant to which it intends to issue obligations. If an entitlement issuer does not submit the required letter of intent and deposit, the amount originally allocated to the entitlement issuer or the portion not already used and not subject to a letter of intent shall be canceled and subject to reallocation in accordance with section 12. If an entitlement issuer returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned shall be refunded within 30 days.

Subd. 4. [JOINT POWERS.] An entitlement issuer may enter an agreement with a local issuer or the iron range resources and rehabilitation commissioner or the department of energy and economic development by which the local issuer or the iron range resources and rehabilitation commissioner or the department of energy and economic development issues bonds pursuant to issuance authority allocated to the entitlement issuer pursuant to this section. The amount of the issuance shall be considered as issued by the issuer granting use of its allocation for purposes of previous use determination.

Sec. 12. [474.19] [ALLOCATION OF POOL AMOUNT.]

*Subdivision 1. [POOL AMOUNT.] From January 1 to August 31 of each year, 20 percent of the amount determined pursuant to section 13 shall be available solely for local issuers that do not qualify as entitlement issuers and shall be allocated as provided in this section. From September 1 to October 31 of any calendar year, any amounts remaining available for allocation or reallocation pursuant to section 11 or this section shall be allocated among all local issuers and the department of energy and economic development and the iron range resources and rehabilitation commissioner, pursuant to this section. An entitlement issuer, the department of energy and economic development or the iron range resources and rehabilitation commissioner may apply for an allocation pursuant to this section only if the applicant has issued bonds equal to any allocation received pursuant to section 10 or 11 or has returned any remaining allocation for reallocation pursuant to this section.*

*Subd. 2. [APPLICATION.] A local issuer that is not an entitlement issuer may apply for an allocation of bond issuance authority pursuant to this section by submitting to the department of energy and economic development on or before the 20th day of any month from December to September an application on forms provided by the department of energy and economic development, accompanied by (i) a resolution of the local issuer expressing a preliminary intention to issue obligations adopted in accordance with section 474.01, subdivision 7b, if applicable, which identifies the proposed project and the proposed amount of the obligations to be issued; and (ii) a deposit in the amount of one percent of the requested allocation. A local issuer may enter into a joint powers agreement with any other state or municipal entity which has authority to issue obligations subject to a federal limitation act whereby the other entity issues the bonds on behalf of the local issuer for the project for which an allocation was received by the local issuer. A local issuer may request an allocation for obligations issued prior to the effective date of this subdivision. A local issuer may elect not to submit an application for an allocation of bond issuance authority for a project for which the local issuer previously adopted a preliminary resolution.*

*After July 31 of any year, an entitlement issuer may also apply for an allocation under this section. Its application need not comply with clause (i).*

*Subd. 3. [ALLOCATION CRITERIA.] The department of energy and economic development shall rank each application on the basis of the number of points awarded to it, with one point being awarded for each of the following criteria satisfied:*

*(1) The current rate of unemployment for the applicant is at or above 110 percent of the statewide average unemployment rate for the previous year, as determined by the department of economic security. The unemployment rate for the applicant shall be the greater of (i) the most recent estimate available for the smallest jurisdiction which wholly includes the jurisdiction of the applicant, as reported by the department of economic security, or (ii) another estimate supplied by the applicant with respect to its jurisdiction, which is documented by the applicant.*

*(2) The number of individuals employed in the applicant's jurisdiction declined from the second calendar year before the application, to the first calendar year before the application. The estimate of the number of individuals employed for each year shall be based on the same source, and shall be (i) the*

(6) The estimated market value of the project described in the application is at least one-half of one percent of the total market value of all taxable property in the applicant's jurisdiction as based on the most recent certification of assessed value to the commissioner of revenue.

(7) The project is wholly located in an enterprise zone designated pursuant to section 273.1312.

(9) The project meets one of the following energy conservation criteria: (i) the project is eligible for the additional federal investment tax credits for energy property, (ii) the project involves construction or expansion of a district heating system as defined in section 116J.36, or (iii) the project involves construction of an alternative energy source as described in section 116J.26, clause (a), (b), or (d), or 116J.922, subdivision 6 or 7.

(10) Ninety percent or more of the proceeds of the proposed obligations will be used for construction, installation, or addition of equipment used primarily to abate or control pollutants to meet or exceed state laws, rules, or standards.

(12) Ninety percent or more of the proceeds of the proposed obligations will be used to finance facilities for waste management as defined in section 115A.03, subdivision 36, or solid waste as defined in section 116.06, subdivision 10.

(13) *Service connections to sewer and water systems are available to the project at the time the application is submitted.*

(14) *The minority population in the applicant's jurisdiction is at least 110 percent of the statewide average as determined by the affirmative action division of the department of economic security according to the most recent census data.*

(15) *When the application is submitted either (a) neither the anticipated owner of the project, nor any party of which the owner was a controlling partner or shareholder, or which was a controlling shareholder or partner of the owner, owned or operated a substantially similar business within the state or (b) the project is an expansion of the operations of an existing business which is not likely to have the effect of transferring existing employment from one or more other municipalities within the state to the municipality in which the project is located.*

(16) *A controlling interest in the project will be owned by one or more women or minority persons.*

**Subd. 4. [ALLOCATION PROCEDURE.]** *The department of energy and economic development shall allocate available issuance authority to applications by the fifth day of the month succeeding each application deadline specified in subdivision 2 on the basis of the numerical rank determined pursuant to this section, but (i) no allocation shall be awarded to an application demonstrating less than four points, (ii) any project which is authorized by chapter 115A, chapter 400, or sections 473.801 to 473.834, shall receive an allocation of issuance authority without regard to its numerical rank to the extent that the amount of issuance authority allocated to the project when added to the issuance authority previously allocated during the calendar year pursuant to this clause does not exceed 49 percent of the amount provided in subdivision 1, provided that if obligations for any project described in this clause are not subject to a federal limitation act, no allocation shall be made pursuant to this clause, (iii) if on or before September 1, the department of energy and economic development returns a portion of its allocation for reallocation pursuant to this section, and the iron range resources and rehabilitation commissioner has issued obligations in an amount equal to its allocation or has submitted a letter of intent for any amount not issued, applications from the iron range resources and rehabilitation commissioner which demonstrate five or more points shall receive an allocation up to an amount equal to \$10,000,000 or the amount returned for reallocation by the department of energy and economic development or the amount remaining to be*

allocated, whichever is less, (iv) if on or before September 1, the iron range resources and rehabilitation commissioner returns a portion of his allocation for reallocation pursuant to this section, and the department of energy and economic development has issued obligations in an amount equal to its allocation or has submitted a letter of intent for any amount not issued, applications from the department of energy and economic development which demonstrate five or more points shall receive an allocation up to an amount equal to \$10,000,000 or the amount returned for reallocation by the iron range resources and rehabilitation commissioner or the amount remaining to be allocated, whichever is less, and (v) if two or more applications have the same numerical rank, the allocation of issuance authority as between the applications shall be by lot unless otherwise agreed by the respective local issuers. If an application is rejected, the department of energy and economic development shall return the deposit to the applicant within 30 days.

*Subd. 5. [LETTER OF INTENT.]* A local issuer which has received an allocation pursuant to this section prior to September 1 and which intends to issue obligations pursuant to it after August 31 of the year in which the allocation was received, shall submit to the department of energy and economic development on or before September 1 a letter stating its intent to issue bonds before the end of the calendar year or within the time period permitted by a federal limitation act. If the letter of intent is not submitted to the department of energy and economic development, the one percent deposit shall be returned to the local issuer, the issuance authority shall be canceled, and the issuance authority previously allocated to the local issuer will be available for reallocation pursuant to this section. If a local issuer returns for reallocation all or any part of its allocation on or before November 30, that portion of its application deposit equal to one percent of the amount returned shall be refunded within 30 days.

*Subd. 6. [FINAL ALLOCATION.]* From December 1 to November 30 of each year any amount determined pursuant to section 10, which is not both previously allocated and subject to a preliminary resolution for a specific project, whether or not committed pursuant to a letter of intent, shall be allocated among local issuers based on a ranking of points for criteria as set forth in subdivisions 3 and 4. No minimum number of points shall be required for allocation. If two or more applications receive an equal number of points, allocation among them shall be made by lot unless otherwise agreed by the respective applicants. An application for this allocation must be submitted by October 20, shall include evidence of passage of a preliminary resolution giving approval to a specific project and stating that it is the intent of the applicant that the obligations will be issued by the end of the year or within the time period permitted by a federal limitation act, and shall be accompanied by a deposit in the amount of one percent of the requested allocation. The department of energy and economic development shall notify applicants of their allocation on or before November 1.

Any amounts of authority which may become available for reallocation after November 1 shall be allocated among issuers which filed an application by October 20, pursuant to the criteria stated in subdivision 3.

*Subd. 7. [CARRYOVER ALLOCATION.]* If prior to December 20 of any year, an issuer determines that it will not issue obligations pursuant to authority allocated to it pursuant to this section or section 10 or 11 by the end of

*that year or within the time period permitted by a federal limitation act, the issuer may notify the department of energy and economic development and such amount will be available for reallocation pursuant to this subdivision. In such case, the department of energy and economic development shall refund to the issuer within 30 days that portion of any application deposit equal to one-third of one percent of the amount returned for reallocation. The amounts available for reallocation shall be allocated on or before December 31 of each year among issuers which have submitted an application by December 10, and which have certified that the project to which the application relates qualifies for carryover treatment of allocated authority according to the terms of a federal limitation act, such that obligations may be issued pursuant to such allocation of authority after the end of the year, without expiration of such authority. If there is insufficient authority for allocation among applications received pursuant to this subdivision, allocation among them shall be made by lot unless otherwise agreed by the respective applicants.*

Sec. 13. [474.20] [NOTICES REQUIRED.]

*Subdivision 1. [NOTICE OF ISSUE.] Any issuer of obligations subject to limitation under a federal limitation act must give a notice of issue stating the date of issuance of the obligations, the allocation under which the obligations are issued, and the principal amount of the obligations to the department of energy and economic development within five days after the obligations are issued. If the notice of issue is not filed within five days after the obligations are issued, the obligations shall be void unless this provision is waived by the commissioner of the department of energy and economic development. Within 30 days after receipt of the notice, the department of energy and economic development shall refund a portion of any application deposit equal to one percent of the principal amount of the obligations issued.*

*Subd. 2. [NOTICE OF AVAILABLE AUTHORITY.] The department of energy and economic development shall as soon as possible after the fifth day of each month publish in the State Register a notice of the amount of authority available for allocation or reallocation in the following month as of the fifth day of the month, after allocation of authority pursuant to section 12.*

Sec. 14. [474.21] [APPLICABILITY TO OTHER CHAPTERS.]

*Sections 9 to 16 apply to any issuance of obligations subject to limitation under a federal limitation act, whether issued under sections 474.01 to 474.13, or other law.*

Sec. 15. [474.22] [LEGISLATIVE REVIEW.]

*On March 1, 1986, the department of energy and economic development shall deliver a comprehensive report to the secretary of the senate and the clerk of the house which provides detailed information concerning the allocation of issuing authority pursuant to sections 9 to 16.*

Sec. 16. [474.23] [ADDITIONAL CONDITIONS.]

*If a federal limitation act as defined in section 9, subdivision 5, is adopted, action under chapter 474 with respect to any project which is to be financed by obligations which are subject to a federal limitation act shall be subject to the following conditions:*

*(a) No municipality or redevelopment agency shall undertake any project,*

*except a project referred to in section 474.02, subdivision 1f, unless its governing body finds that the project would not be undertaken but for the availability of industrial development bond financing.*

*(b) Notwithstanding any provision of this chapter, the term "project" shall not include: an airplane; a private luxury box; a facility primarily used for gambling; or a store the principal business of which is the sale of alcoholic beverages for consumption off premises.*

The distribution shall be allocated first to the return of contributions included in gross income until the amount of the contributions has been exhausted;

(9) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed before January 1, 1986 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

When the federal tax liability is joint and several under the computation of a joint federal return of husband and wife, the federal tax liability ~~must be split between the spouses in the same ratio that the federal adjusted gross income of that spouse bears to the total federal adjusted gross income. For purposes of the preceding sentence, "federal adjusted gross income" includes the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1981~~ may be taken by either spouse or divided between them as they elect.

(ii) Taxes paid for a taxable year beginning before January 1, 1981 shall be allowed as follows:

(1) Those taxes paid in a taxable year beginning before January 1, 1981, shall be claimed in the year in which the payment was made.

(3) Those paid in a taxable year beginning after December 31, 1982 shall be claimed in the year in which the payment was made. This amount ~~shall~~ may be apportioned between spouses as provided in clause (i) and shall be allocated for exempt income under the provisions of section 290.10, clause (9) or (10) as though the payment was part of the federal tax liability for the

year in which the payment was made.

(4) In the case of a person who was self employed during all or a portion of the taxable year, the federal income tax liability for purposes of this clause shall be increased by the self-employment tax allowed under section 290.10, clause (8). The self-employment tax shall be deducted in the year paid as provided in paragraph (1), (2), or (3). The self-employment tax must be deducted by the person who earned the income. Self-employment tax paid in a taxable year beginning after December 31, 1982 shall be allocated for exempt income as provided in paragraph (3).

(iii) If a taxpayer's federal tax liability is eventually not paid by reason of compromise, discharge, or court order, the deduction allowed pursuant to this subdivision shall be disallowed for the taxable year in which the liability was accrued.

(iv) In the event a federal tax liability for a taxable year commencing after December 31, 1980 is increased, decreased or modified, and such increase, decrease or modification has resulted in a change in the amount of Minnesota income tax in the year to which such increase, decrease or modification is attributable, the taxpayer's deduction under this subdivision shall be modified for such year.

(v) If the readjustments required in (iii) or (iv) are for taxes reflected in the transition rule described in (ii)(2), the readjustment shall be made ~~equally to the remaining installments installment~~ and if a reduction to ~~such installments is required under this readjustment which exceeds the total of all remaining installments installment~~, the ~~remaining installments installment~~ will be reduced to zero and the excess included in income as a federal income tax refund.

(vi) Refunds which are not involved with any readjustments under the transition rule shall be included in income under Minnesota Statutes 1982, section 290.01, subdivision 20a, clause (6) if it is from a year beginning before January 1, 1981.

(vii) Refunds of taxes for years beginning after December 31, 1980, shall be used to adjust the deduction in the taxable year of the liability unless that year is closed by statute and no other adjustments are to be required or allowable in which case such refund shall be reportable in the year received.

*The commissioner of revenue shall establish a tax amnesty program. The amnesty program applies to taxes payable to the commissioner and is only available to a taxpayer who either has an unpaid liability on the department of revenue's accounts receivable system as of February 1, 1984, or who has failed to file a return which, if filed on February 1, 1984, would be considered a delinquent return subject to penalty by law. For a taxpayer who has an existing liability as of February 1, 1984, the commissioner shall accept as full payment of the account a certified check, cashier's check, or money order in the amount of tax liability, not including penalties, plus any interest due on February 1, 1984, plus any interest accruing on that account since February 1, 1984, plus any additional liabilities including tax, penalty, and interest established by the commissioner subsequent to July 1, 1984. Tax amnesty is not available to any taxpayer who has an account which includes a civil fraud*

*penalty imposed by the commissioner. Payment must be received by the commissioner on or after July 1, 1984, but before October 1, 1984. For the purposes of this section, "received" means actual receipt by the commissioner either at his office in Saint Paul or at any field office of the department of revenue on or before the final date allowed for payment under the terms of this program.*

*In the case of a taxpayer who has failed to file returns which if filed on February 1, 1984, would be considered delinquent returns, the commissioner is authorized to accept the delinquent returns along with payment of all tax and interest if payment is made by certified check, cashier's check, or money order and received by the commissioner on or after July 1, 1984, but before October 1, 1984. For these delinquent returns filed pursuant to this tax amnesty program, the civil and criminal penalties imposed by law are waived unless the commissioner later finds that the tax as shown on any return was understated by 25 percent or more. In that case the civil and criminal penalties are hereby reinstated, and the commissioner shall collect the civil penalties and may pursue the criminal penalties.*

*The department of revenue shall help taxpayers determine the amounts of tax liability, interest, and penalties owed.*

#### Sec. 8. [WITHHOLDING HOLIDAY.]

*Notwithstanding the provisions of Minnesota Statutes, section 290.92, every employer who withholds taxes from an employee pursuant to that section shall, for the first payroll period beginning more than 30 days after the date of enactment of this act, reduce the amount of tax withheld pursuant to that section from each employee by an amount equal to the amount withheld with respect to wages normally earned by the employee during a two week period.*

~~When property subject to the tax imposed by this chapter qualifies for valuation based on its use pursuant to section 2032A of the Internal Revenue Code, it shall have the same value for Minnesota estate tax purposes as it has for federal estate tax purposes. If, after the final determination of the tax imposed by this chapter, the property valued pursuant to section 2032A of the Internal Revenue Code is disposed of or fails to qualify and an additional tax is imposed pursuant to section 2032A(c), any increase in the credit for state death taxes shall be reported to the commissioner within 90 days after final determination of the increased credit. Upon notification the commissioner may assess an additional tax in accordance with section 291.03, subdivision 1, clause (2). No additional Minnesota estate tax computed in accordance with section 291.03, subdivision 1, clause (1) will be imposed nor will an additional~~

Sec. 12. Minnesota Statutes 1982, section 291.09, subdivision 1a. is amended to read:

Subd. 1a. In all instances in which a decedent dies after December 31, 1979 and before January 1, 1981 leaving a federal gross estate in excess of \$161,000 and in all instances in which a decedent dies after December 31, 1980 and before January 1, 1982 leaving a federal gross estate in excess of \$175,000, and the decedent has an interest in property with a situs in Minnesota, the personal representative shall submit to the commissioner, on a form prescribed by the commissioner, a Minnesota estate tax return.

In the case of a decedent dying after December 31, 1981 1983 who has an interest in property with a situs in Minnesota, the personal representative shall submit to the commissioner, on a form prescribed by the commissioner, a Minnesota estate tax return in the following all instances:

The return shall be accompanied by a federal estate tax return, a schedule of all assets in the estate at their date of death values, and shall contain a computation of the Minnesota estate tax due. The return shall be signed by the personal representative.

Sec. 13. Minnesota Statutes 1983 Supplement, section 291.09, subdivision 3a, is amended to read:

Subd. 3a. (1) The commissioner may challenge matters of valuation or taxability of any assets reported on the return, or any deductions claimed, or the computation of tax, only if within 180 days from the due date of the return or the receipt of the return and all documents required to be filed with the return, whichever is later, the commissioner mails or delivers a written notice to the personal representative objecting to the return as filed and specifying the reasons for the objection.

(2) If the personal representative disagrees with the objection or does not wish to fully comply with the objection, he may request that the commissioner hold a hearing on the objection. Within 30 days of receipt of a request, the commissioner shall set a time and place for hearing. Unless otherwise agreed upon, the hearing date shall not be earlier than 30 days nor later than 60 days from the date of the notice setting the hearing. The notice of hearing shall set forth the rights available to the personal representative under chapter

14. Not later than 30 days after the commissioner receives the report and recommendation of the hearing examiner, or a written waiver of his hearing rights by the personal representative, the commissioner shall issue an order determining the tax. Any such determination made by the commissioner may be appealed to the tax court as provided in section 271.09.

(3) At any time together with or after the objection, the commissioner, on his own initiative, may set a time and place for a hearing in accordance with (2) above.

(4) In his objection, or at any time thereafter, the commissioner may assess any additional tax as the facts may warrant, subject to the right of the personal representative to demand a hearing under chapter 15. If the personal representative does not demand a hearing within 90 days of the date of the assessment, the tax so assessed shall be legally due and the commissioner may proceed to collect ~~any the~~ unpaid tax ~~after one year from the date of death~~. If the commissioner later finds the tax assessment to be erroneous, he may adjust the assessment prior to collection.

(5) The commissioner shall not be required to object to any subsequent original, amended or supplemental return in order to preserve his rights. The commissioner shall not be precluded from objecting to a subsequent original, amended or supplemental return even though an original return was accepted as filed. If the commissioner had accepted an original return showing no tax due and a subsequent original, amended or supplemental return discloses additional assets not disclosed on the original return, the commissioner may object to any matter of valuation, taxability, deduction or computation of tax on the original return within 180 days of receipt of the subsequent original, amended or supplemental return.

(6) Subject to the provisions of sections 291.11 and 291.215, the Minnesota estate tax liability shall be considered as finally determined on the date notification of acceptance is issued to the personal representative or, if no objection is filed, on the day following 180 days from the due date of the return or the receipt of the return, together with all other documents required to be filed with the return, whichever is later.

(7) Subject to the time limits imposed elsewhere in this chapter, the commissioner may refund an overpayment of tax, penalty or interest even though the personal representative has not made an application for refund.

Sec. 14. Minnesota Statutes 1982, section 291.132, subdivision 2, is amended to read:

Subd. 2. In lieu of an extension provided pursuant to subdivision 1 or payment of the estate tax in installments pursuant to section 291.11 on the property which qualifies under this subdivision, the personal representative may elect to extend the time for payment of the tax on property which qualifies for valuation under section ~~291.075~~ 2032A of the Internal Revenue Code. The personal representative of an estate containing such property may elect to pay all or part of the tax imposed by this chapter in one or more, but not to exceed ten, equal installments, provided that the maximum amount of tax which may be paid in installments pursuant to this subdivision shall be an amount which bears the same ratio to the estate's tax liability under this chapter as the value of property determined pursuant to section ~~291.075~~ 2032A of the Internal

*Revenue Code* and included in the Minnesota taxable estate bears to the amount of the Minnesota taxable estate. The first installment shall be paid on or before the date selected by the personal representative. The date may be no more than five years after the date prescribed by section 291.11, subdivision 1, for payment of the estate tax. Each succeeding installment shall be paid on or before that same date each year. An election under this subdivision shall be made not later than nine months after the decedent's death and shall be made in the manner as the commissioner shall prescribe by rule.

Sec. 15. Minnesota Statutes 1982, section 291.215, subdivision 1, is amended to read:

Subdivision 1. All property includable in the Minnesota gross estate of a decedent shall be valued in accordance with the provisions of sections 2031 or 2032 and, if applicable, 2032A, of the Internal Revenue Code and any elections made in valuing the federal gross estate shall be applicable in valuing the Minnesota gross estate. ~~Except as otherwise provided in section 291.075, the value of all property includable in the Minnesota gross estate of a decedent may be independently determined under said sections for Minnesota estate tax purposes.~~

Sec. 16. [REPEALER.]

Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner of revenue shall review the certifications to determine their accuracy. He may make changes in the certification as he may deem necessary or return a certification to the county auditor for corrections. The amount of the reduction provided under this subdivision which any taxpayer can receive on all qualifying property which he owns shall not exceed \$2,000 in the case of agricultural property and shall not exceed \$100 in the case of seasonal residential recreational property. In the case of property owned by more than one person, the maximum amount of the reduction shall apply to the total of all the owners. The statements shall contain the information required in section 276.04, except that a notice must be enclosed stating that the statement is amended pursuant to this section. The auditor shall recertify the agricultural aid amounts to the commissioner of revenue by the time and in the form determined by the commissioner. He may make changes in the recertification he deems necessary or return a certification to the county auditor for corrections.*

The county auditor shall determine the amount of the refund and mail it to the taxpayer.*

*If property taxes payable in 1984 have been partially paid without the adjustments required by this section, the auditor shall reduce the remaining*

*taxes due by the amount of the tax reduction required by this section, and refund any excess. In lieu of the reduction, a taxpayer may elect to receive a refund, and upon application of the taxpayer, the auditor shall refund the amount of the reduction attributable to the partial tax payment.*

*Refunds paid under this section do not include interest.*

*If the county auditor has settled and distributed funds under section 276.10 with respect to any amount refunded to taxpayers under this section, the amounts of the refund must be deducted from the next settlement and distribution. The county auditor shall notify the school districts of the amount to be deducted.*

#### Sec. 4. [PAYMENT; PENALTIES.]

Each county assessor shall survey the farm rental values of each grade of farmland in each township in the county and shall determine a farm rental value to be used for the assessment of each grade. The values so determined shall be presented to township boards of review at their annual meetings held pursuant to section 274.01 in the year prior to that in which those values might be used in determining tillable agricultural land values. The boards of review and any property owners may present their comments on the values, including any evidence indicating that the values are inaccurate, by December 1 of the year when the values were presented to the board. The county assessor shall make his final determination of assessed valuations for January 2 of the subsequent year based on his determinations of the farm rental values as modified by any comments of board members or other property owners that he finds persuasive. Nontillable agricultural land and buildings on agricultural land shall be valued in the usual manner. The data collected by political subdivisions relating to farm rental values shall be classified as private data pursuant to section 13.02, subdivision 12. ### ARTICLE 3

#### ECONOMIC DEVELOPMENT

Section 1. Minnesota Statutes 1983 Supplement, section 290.06, subdivision 1, is amended to read:

Subdivision 1. [COMPUTATION, CORPORATIONS.] The privilege and income taxes imposed by this chapter upon corporations shall be computed by applying to their taxable net income in excess of the applicable deductions allowed under section 290.21 the following rates:

(1) On the first \$25,000, ~~for the first taxable year beginning after December 31, 1981 and before January 1, 1983 nine percent and, for taxable years beginning after December 31, 1982, six percent;~~ provided that, in the case of a corporation having taxable net income allocated to this state pursuant to the provisions of section 290.19, 290.20, 290.35, or 290.36, the amount of income subject to this rate shall be that proportion of \$25,000 which its income allocable to this state bears to its total taxable net income; and

(2) On the remainder, ~~±~~ 9.8 percent.

Sec. 2. Minnesota Statutes 1983 Supplement, section 290.07, subdivision 1, is amended to read:

Subdivision 1. [ANNUAL ACCOUNTING PERIOD.] Net income and taxable net income shall be computed upon the basis of the taxpayer's annual accounting period. If a taxpayer has no annual accounting period, or has one other than a fiscal year, as heretofore defined, the net income and taxable net income shall be computed on the basis of the calendar year. Taxpayers shall employ the same accounting period on which they report, or would be required to report, their net income under the Internal Revenue Code. ~~The commissioner shall provide by rule for the determination of the accounting period for taxpayers who file a combined report under section 290.34, subdivision 2, when members of the group use different accounting periods for federal income tax purposes. Unless the taxpayer changes its accounting period for federal purposes, the due date of the return is not changed.~~

A taxpayer may change his accounting period only with the consent of the commissioner. In case of any such change, he shall pay a tax for the period not included in either his former or newly adopted taxable year, computed as provided in section 290.32.

Sec. 3. Minnesota Statutes 1982, section 290.095, subdivision 3, is amended to read:

Subd. 3. [CARRYOVER AND CARRYBACK.] (a) Except as provided in clause (d) or subdivision 8, a net operating loss for any taxable year shall be:

(1) A net operating loss carryback to each of the three taxable years preceding the taxable year of such loss, and

(2) A net operating loss carryover to each of the five taxable years following the taxable year of such loss.

(b) The entire amount of the net operating loss for any taxable year shall be

carried to the earliest of the taxable years to which, by reason of subdivision 3, clause (a) or (d), such loss may be carried. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the taxable net income, adjusted by the modifications specified in subdivision 4, for each of the prior taxable years to which such loss may be carried.

(c) Where a corporation does business both within and without Minnesota, and apportions its income under the provisions of section 290.19, the net operating loss deduction shall be allowed to the extent of the apportionment ratio of the loss year, or the year to which the loss is carried, whichever is smaller.

~~(d) Where a corporation files a combined report which reflects the entire unitary business as provided in section 290.34, subdivision 2, the corporation shall not be allowed a net operating loss carryback to a year in which it did not file a combined report. The number of taxable years for which a net operating loss carryover is allowed shall be increased by the number of taxable years for which a net operating loss carryback is not allowed under this clause.~~

Sec. 4. Minnesota Statutes 1983 Supplement, section 290.17, subdivision 2, is amended to read:

Subd. 2. [OTHER TAXPAYERS.] In the case of taxpayers not subject to the provisions of subdivision 1, items of gross income shall be assigned to this state or other states or countries in accordance with the following principles:

(1) (a) The entire income of all resident or domestic taxpayers from compensation for labor or personal services, or from a business consisting principally of the performance of personal or professional services, shall be assigned to this state, and the income of nonresident taxpayers from such sources shall be assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources shall be treated as income from sources without this state.

(b) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner.

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota. In order to eliminate the need to file state or provincial income tax returns in several states or provinces, Minnesota will exclude from income any income assigned to Minnesota under the provisions of this clause for a nonresident athlete who is employed by an athletic team whose operations are not based in this state if the state or province in which the athletic team is based provides a similar income exclusion. If the state or province in which the athletic team's operations are based does not have an income tax on an individual's personal service income, it will be deemed that that state or province has a similar income exclusion. As used in the preceding sentence, the term

“province” means a province of Canada.

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete not listed in clause (i), or who is an entertainer, for that person’s athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(2) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state. Income from winnings on Minnesota pari-mutuel betting tickets shall be assigned to this state. Income and gains received from tangible property not employed in the business of the recipient of such income or gains, and from tangible property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, shall be assigned to this state if such property has a situs within it, and to other states only if it has no situs in this state. Income or gains from intangible personal property not employed in the business of the recipient of such income or gains, and from intangible personal property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, wherever held, whether in trust, or otherwise, shall be assigned to this state if the recipient thereof is domiciled within this state or is a resident trust or estate.

(3) Income derived from carrying on a trade or business, including in the case of a business owned by natural persons the income imputable to the owner for his services and the use of his property therein, shall be assigned to this state if the trade or business is conducted wholly within this state, and to other states if conducted wholly without this state. This provision shall not apply to business income subject to the provisions of clause (1);

(4) When a trade or business is carried on partly within and partly without this state, the entire income derived from such trade or business, including income from intangible property employed in such business and including, in the case of a business owned by natural persons, the income imputable to the owner for his services and the use of his property therein, shall be governed, except as otherwise provided in sections 290.35 and 290.36, by the provisions of section 290.19, notwithstanding any provisions of this section to the contrary. This shall not apply to business income subject to the provisions of clause (1), nor shall it apply to income from the operation of a farm which is subject to the provisions of clause (2). For the purposes of this clause, a trade or business located in Minnesota is carried on partly within and partly without this state if tangible personal property is sold by such trade or business and delivered or shipped to a purchaser located outside the state of Minnesota.

~~If the trade or business carried on wholly or partly in Minnesota is part of a unitary business, the entire income of that unitary business shall be subject to apportionment under section 290.19 except for business income subject to the provisions of clause (1) and farm income subject to the provisions of clause (2). The term “unitary business” shall mean business activities or operations which are of mutual benefit, dependent upon, or contributory to one another, individually or as a group. Unity shall be presumed whenever there is unity of~~

ownership, operation, and use, evidenced by centralized management or executive force, centralized purchasing, advertising, accounting, or other controlled interaction but the absence of these centralized activities will not necessarily evidence a nonunitary business. Unity of ownership will not be deemed to exist when a corporation is involved unless that corporation is a member of a group of two or more corporations more than 50 percent of the voting stock of each member of the group is directly or indirectly owned by a common owner or by common owners, either corporate or noncorporate, or by one or more of the member corporations of the group.

The entire income of a unitary business shall be subject to apportionment as provided in section 290.19. None of the income of a unitary business shall be considered as derived from any particular source and none shall be allocated to any particular place except as provided by the applicable apportionment formula.

In determining whether or not intangible property is employed in a unitary business carried on partly within and partly without this state so that income derived therefrom is subject to apportionment under section 290.19 the following rules and guidelines shall apply.

(a) Intangible property is employed in a business if the business entity owning intangible property holds it as a means of furthering the business operation of which a part is located within the territorial confines of this state.

(b) Where a business operation conducted in Minnesota, is owned by a business entity which carries on business activity outside of the state different in kind from that conducted within this state, and such other business is conducted entirely outside the state, it will be presumed that the two business operations are unitary in nature, interrelated, connected and interdependent unless it can be shown to the contrary.

(5) For purposes of this section, amounts received by a nonresident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer fireman's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1981, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

(6) All other items of gross income shall be assigned to the taxpayer's domicile.

Sec. 5. Minnesota Statutes 1983 Supplement, section 290.21, subdivision 4, is amended to read:

Subd. 4. (a) 85 percent of dividends received by a corporation during the taxable year from another corporation, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or when the trade or business of

the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of such other corporation, and the dividends were paid from income arising out of business done in this state by the corporation paying such dividends; but if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the remainder shall be allowed as a deduction as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof; the burden shall be on the taxpayer of showing that the amount of remainder claimed as a deduction has been received from income arising out of business done in this state.

(b) If the trade or business of the taxpayer consists principally of the holding of the stocks and the collection of the income and gains therefrom, dividends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of such other corporation, from income arising out of business done in this state by the corporation paying such dividends; but, if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the dividends shall be allowed as deduction as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof. The burden shall be on the taxpayer of showing that the amount of dividends claimed as a deduction has been received from income arising out of business done in this state.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1954, as amended through December 31, 1982.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1954, as amended through December 31, 1982.

(d) ~~If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.~~

Sec. 6. Minnesota Statutes 1983 Supplement, section 290.34, subdivision 2, is amended to read:

Subd. 2. [~~AFFILIATED OR RELATED CORPORATIONS, COMBINED REPORT CONSOLIDATED STATEMENTS.~~] When a corporation which is required to file an income tax return is affiliated with or related to any other corporation through stock ownership by the same interests or as parent or subsidiary corporations, or has its income regulated through contract or other arrangement, the commissioner of revenue may permit or require such ~~combined report consolidated statements~~ as, in his opinion, ~~is are~~ necessary in order to determine the taxable net income of any one of the affiliated or related corporations. ~~For purposes of computing either the arithmetic average or weighted apportionment formulas under section 290.19, subdivision 1 for each corporation involved, the numerator of the fraction shall be that corporation's sales, property, and payroll in Minnesota and the denominator shall be the total sales, payroll, and property of all the corporations shown on the combined report. The combined report shall reflect the income of the entire unitary business as provided in section 290.17, subdivision 2, clause (4). The combined report shall reflect income only from corporations created or organized in the United States or under the laws of the United States or of any state, the District of Columbia, the commonwealth of Puerto Rico, any possession of the United States, or any political subdivision of any of the foregoing. All inter-company transactions between companies which are contained on the combined report shall be eliminated. This subdivision shall not apply to insurance companies whose income is determined under section 290.35 or to investment companies whose income is determined under section 290.36.~~

Sec. 7. [JOBS PROGRAM; SUPPLEMENTAL APPROPRIATION.]

*\$5,000,000 is appropriated to the department of economic security to be expended pursuant to the Minnesota emergency development act. The Minnesota emergency development coordinator shall allocate the funds to those service delivery areas having the highest unemployment levels.*

Sec. 8. [ALLOCATION TO DULUTH.]

*The city of Duluth is allocated \$6,610,940 of the tax reductions permitted by section 273.1314, subdivision 8, pursuant to its designation under section 273.1312, subdivision 4, paragraph (c), clause (3).*

Sec. 9. [REPEALER.]

*(a) Minnesota Statutes 1982, section 290.06, subdivision 15; and Laws 1982, chapter 523, article XXIX, section 6; and*

*(b) Minnesota Statutes 1983 Supplement, sections 16.072 and 16.0721, are repealed.*

Sec. 10. [EFFECTIVE DATE.]

*Section 1 is effective for taxable years beginning after December 31, 1984. Sections 2 to 6 and section 9, paragraph (a), are effective for tax years beginning after June 30, 1984. Section 9, paragraph (b), is effective August 1, 1984. Sections 7 and 8 are effective July 1, 1984."*

"Section 1. Minnesota Statutes 1983 Supplement, section 290.01, subdivision 20b, is amended to read:

Subd. 20b. [MODIFICATIONS REDUCING FEDERAL ADJUSTED GROSS INCOME.] There shall be subtracted from federal adjusted gross

income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 40 per centum of the portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Income from the performance of personal or professional services which is subject to the reciprocity exclusion contained in section 290.081, clause (a);

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether the amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, or the amount reflected as the ordinary income portion of a lump sum distribution under section 402(e) of the Internal Revenue Code of 1954, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, or (iii) severance pay distributed to an individual upon discontinuance of the individual's employment due to termination of business operations by the individual's employer, provided that the termination is reasonably likely to be permanent, involves the discharge of at least 75 percent of the employees at that site within a one-year period, and the business is not acquired by another person who continues operations at that site. The maximum amount of this subtraction shall be \$11,000 less the amount by which the individual's federal adjusted gross income, plus the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, exceeds \$17,000. For purposes of this clause, "severance pay" means an amount received for cancellation of an employment contract or a collectively

~~bargained termination payment made as a substitute for income which would have been earned for personal services to be rendered in the future. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$11,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000 Pension income as provided by section 2;~~

(7) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain recognized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(8) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(9) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed before January 1, 1986 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(10) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota. This modification does not apply to compensation defined in subdivision 20b, clause (6);

(11) The amount of any income earned for personal services rendered outside of Minnesota prior to the date when the taxpayer became a resident of Minnesota. This modification does not apply to compensation defined in subdivision 20b, clause (6);

(12) In the case of wages or salaries paid or incurred on or after January 1, 1977, the amount of any credit for employment of certain new employees under sections 44B and 51 to 53 of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(13) In the case of work incentive program expenses paid or incurred on or after January 1, 1979, the amount of any credit for expenses of work incentive programs under sections 40, 50A and 50B of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(14) Unemployment compensation to the extent includible in gross income for federal income tax purposes under section 85 of the Internal Revenue Code of 1954;

(15) The amount of any income or gain which is not assignable to Minne-

sota under the provisions of section 290.17;

(16) Interest earned on a contract for deed entered into for the sale of property for agricultural use if the rate of interest set in the contract is no more than nine percent per year for the duration of the term of the contract. This exclusion shall be available only if (1) the purchaser is an individual who, together with his spouse and dependents, has a total net worth valued at less than \$150,000 and (2) the property sold under the contract is farm land as defined in section 41.52, subdivision 6 of no more than 1,000 acres that the purchaser intends to use for agricultural purposes. Compliance with these requirements shall be stated in an affidavit to be filed with the first income tax return on which the taxpayer claims the exclusion provided in this clause. Upon request accompanied by the information necessary to make the determination, the commissioner shall determine whether interest to be paid on a proposed transaction will qualify for this exclusion; the determination shall be provided within 30 days of receipt of the request, unless the commissioner finds it necessary to obtain additional information, or verification of the information provided, in which case the determination shall be provided within 30 days of receipt of the final item of information or verification. The exclusion provided in this clause shall apply to interest earned on contracts for deed entered into after December 31, 1981 and before July 1, 1983;

(17) Income from the business of mining as defined in section 290.05, subdivision 1, clause (a) which is not subject to the Minnesota income tax;

(18) To the extent included in federal adjusted gross income, distributions from a qualified governmental pension plan which represent a return of designated employee contributions to the plan and which contributions were included in gross income pursuant to subdivision 20a, clause (20); and

(19) To the extent included in federal adjusted gross income, distributions from an individual retirement account which represent a return of designated employee contributions if the contributions were included in gross income pursuant to subdivision 20a, clause (19). The distribution shall be allocated first to return of contributions included in gross income until the amount of the contributions has been exhausted.

Sec. 2. Minnesota Statutes 1982, section 290.08, is amended by adding a subdivision to read:

*Subd. 32. [PENSION INCOME.] (a) [EXCLUSION.] Gross income shall not include the taxpayer's pension income. The maximum amount of this exclusion is the greater of the following two amounts:*

*(A) social security benefits,*

*(B) railroad retirement benefits, and*

*(C) the excess over \$23,000 of federal adjusted gross income, but excluding social security benefits and railroad retirement benefits to the extent included in federal adjusted gross income.*

*(3) Notwithstanding clauses (1) and (2), in the case of an involuntary lump*

*The commissioner of revenue shall establish a tax amnesty program. The amnesty program applies to taxes payable to the commissioner and is only available to a taxpayer who either has an unpaid liability on the department of revenue's accounts receivable system as of February 1, 1984, or who has failed to file a return which, if filed on February 1, 1984, would be considered a delinquent return subject to penalty by law. For a taxpayer who has an existing liability as of February 1, 1984, the commissioner shall accept as full payment of the account a certified check, cashier's check, or money order in the amount of tax liability, not including penalties, plus any interest due on February 1, 1984, plus any interest accruing on that account since February 1, 1984, plus any additional liabilities including tax, penalty, and interest established by the commissioner subsequent to July 1, 1984. Tax amnesty is not available to any taxpayer who has an account which includes a civil fraud penalty imposed by the commissioner. Payment must be received by the commissioner on or after July 1, 1984, but before October 1, 1984. For the purposes of this section, "received" means actual receipt by the commissioner either at his office in Saint Paul or at any field office of the department of revenue on or before the final date allowed for payment under the terms of this program.*

*In the case of a taxpayer who has failed to file returns which if filed on February 1, 1984, would be considered delinquent returns, the commissioner is authorized to accept the delinquent returns along with payment of all tax and interest if payment is made by certified check, cashier's check, or money order and received by the commissioner on or after July 1, 1984, but before October 1, 1984. For these delinquent returns filed pursuant to this tax amnesty program, the civil and criminal penalties imposed by law are waived unless the commissioner later finds that the tax as shown on any return was understated by 25 percent or more. In that case the civil and criminal penalties are hereby reinstated, and the commissioner shall collect the civil penalties and may pursue the criminal penalties.*

*The department of revenue shall help taxpayers determine the amounts of tax liability, interest, and penalties owed."*

“Sec. 3. Minnesota Statutes 1983 Supplement, section 290.18, subdivision 2, is amended to read:

Subd. 2. [FEDERAL INCOME TAX PAYMENTS AND REFUNDS.] The adjusted gross income shall be computed by deducting from the gross income assignable to this state under section 290.17, the deduction for allowable federal income taxes determined under the provisions of sections 290.09, subdivision 4, 290.10 (8), (9) or (10), and 290.18.

This deduction shall be allowed to individuals, estates, or trusts (i) for taxable years beginning after December 31, 1980 in the taxable year to which the liability applies. Such liability includes the portion of self-employment tax allowed under section 290.10, clause (8). The self-employment tax must be deducted by the person who is deriving the income. When the federal tax liability is joint and several under the computation of a joint federal return of husband and wife, the federal tax liability ~~must be split between the spouses in the same ratio that the federal adjusted gross income of that spouse bears to the total federal adjusted gross income. For purposes of the preceding sentence, “federal adjusted gross income” includes the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1981~~ may be taken by either spouse or divided between them as they elect.

(ii) Taxes paid for a taxable year beginning before January 1, 1981 shall be allowed as follows:

(1) Those taxes paid in a taxable year beginning before January 1, 1981, shall be claimed in the year in which the payment was made.

(2) Those paid in a taxable year beginning after December 31, 1980 but before January 1, 1983 shall be divided and deducted in equal installments reflected by the yearly periods beginning with the first day of the taxable year in which the payment was made and ending December 31, 1986. For an amount which remains to be deducted in a taxable year beginning after December 31, ~~1982 1983~~, where the federal tax liability for the year in which the payment was made is joint and several under the computation of a joint federal return of husband and wife, the remaining amounts to be deducted ~~shall be claimed by the same spouse and in the same dollar amount as the deduction was claimed in the first taxable year beginning after December 31, 1981~~ may be taken by either spouse or divided between them as they elect.

(3) Those paid in a taxable year beginning after December 31, 1982 shall be claimed in the year in which the payment was made. This amount ~~shall~~ may be apportioned between spouses as provided in clause (i) and shall be allocated for exempt income under the provisions of section 290.10, clause (9) or (10) as though the payment was part of the federal tax liability for the year in which the payment was made.

(4) In the case of a person who was self employed during all or a portion of the taxable year, the federal income tax liability for purposes of this clause shall be increased by the self-employment tax allowed under section 290.10, clause (8). The self-employment tax shall be deducted in the year paid as

provided in paragraph (1), (2), or (3). The self-employment tax must be deducted by the person who earned the income. Self-employment tax paid in a taxable year beginning after December 31, 1982 shall be allocated for exempt income as provided in paragraph (3).

(iii) If a taxpayer's federal tax liability is eventually not paid by reason of compromise, discharge, or court order, the deduction allowed pursuant to this subdivision shall be disallowed for the taxable year in which the liability was accrued.

(iv) In the event a federal tax liability for a taxable year commencing after December 31, 1980 is increased, decreased or modified, and such increase, decrease or modification has resulted in a change in the amount of Minnesota income tax in the year to which such increase, decrease or modification is attributable, the taxpayer's deduction under this subdivision shall be modified for such year.

(v) If the readjustments required in (iii) or (iv) are for taxes reflected in the transition rule described in (ii)(2), the readjustment shall be made equally to the remaining installments and if a reduction to such installments is required under this readjustment which exceeds the total of all remaining installments, the remaining installments will be reduced to zero and the excess included in income as a federal income tax refund.

(vi) Refunds which are not involved with any readjustments under the transition rule shall be included in income under Minnesota Statutes 1982, section 290.01, subdivision 20a, clause (6) if it is from a year beginning before January 1, 1981.

(vii) Refunds of taxes for years beginning after December 31, 1980, shall be used to adjust the deduction in the taxable year of the liability unless that year is closed by statute and no other adjustments are to be required or allowable in which case such refund shall be reportable in the year received."

#### “ARTICLE 7

### INTEREST RATE ON REFUNDS

#### Section 1. [270.76] [INTEREST ON REFUNDS.]

*When any tax payable to the commissioner of revenue or to the department of revenue is overpaid and an amount is due the taxpayer as a refund of the overpayment, the overpayment shall bear interest from the date of payment of the tax until the date the refund is paid or credit is made, unless another period for computing interest is provided by law. The interest rate per annum on overpayments shall be the interest rate contained in section 270.75, the rate shall be adjusted annually and become effective as provided in section 270.75, subdivision 5, and the result of the adjustment in the rate shall be rounded to the nearest full percent. The determination of the commissioner pursuant to this subdivision shall not be considered a “rule” and shall not be subject to the Administrative Procedure Act contained in chapter 14.*

Sec. 2. Minnesota Statutes 1982, section 270A.07, subdivision 5, is amended to read:

Subd. 5. [INTEREST ON REFUNDS.] Any refund wrongfully or incorrectly applied to a debt and transferred to a claimant agency shall be paid by the agency to the debtor. The sum wrongfully or incorrectly withheld shall bear interest at ~~six percent per year~~ *the rate specified in section 270.76*, computed from the date when the refund would begin to bear interest under sec-

tion 290.92, subdivision 13, clause (1), regardless of whether the refund is payable under chapter 290 or 290A. If the claimant agency is a state agency, the payment shall be made out of the agency's appropriation.

Sec. 3. Minnesota Statutes 1982, section 271.12, is amended to read:

271.12 [WHEN ORDER EFFECTIVE.]

No order for refundment by the commissioner of revenue, the appropriate unit of government, or the tax court shall take effect until the time for appeal therefrom or review thereof by all parties entitled thereto has expired. Otherwise every order of the commissioner, the appropriate unit of government, or the tax court shall take effect immediately upon the filing thereof, and no appeal therefrom or review thereof shall stay the execution thereof or extend the time for payment of any tax or other obligation unless otherwise expressly provided by law; provided, that in case an order which has been acted upon, in whole or in part, shall thereafter be set aside or modified upon appeal, the determination upon appeal or review shall supersede the order appealed from and be binding upon all parties affected thereby, and such adjustments as may be necessary to give effect thereto shall be made accordingly. If it be finally determined upon such appeal or review that any person is entitled to refundment of any amount which has been paid for a tax or other obligation, such amount, unless otherwise provided by law, shall be paid to him by the state treasurer, or other proper officer, out of funds derived from taxes of the same kind, if available for the purpose, or out of other available funds, if any, with interest at ~~six percent~~ *the rate specified in section 270.76* from the date of payment of the tax, unless a different rate of interest is otherwise provided by law, in which case such other rate shall apply, upon certification by the commissioner of revenue, the appropriate unit of government, the tax court or the supreme court. If any tax, assessment, or other obligation be increased upon such appeal or review, the increase shall be added to the original amount, and may be enforced and collected therewith.

Sec. 4. Minnesota Statutes 1983 Supplement, section 290.50, subdivision 1, is amended to read:

Subdivision 1. [PROCEDURE, TIME LIMIT.] (a) A taxpayer who has paid or from whom there has been collected an amount of tax for any year in excess of the amount legally due for that year, may file with the commissioner a claim for a refund of such excess. Except as otherwise provided in this section, no claim or refund shall be allowed or made after three and one-half years from the date prescribed for filing the return (plus any extension of time granted for filing the return, but only if filed within the extended time) or after two years from the date of overpayment, whichever period is longer, unless before the expiration of the period a claim is filed by the taxpayer. For this purpose an income tax return or amended return claiming an overpayment shall constitute a claim for refund.

(b) If no claim was filed, the credit or refund shall not exceed the amount which would be allowable if a claim was filed on the date the credit or refund is allowed.

(c) If a claim relates to an overpayment on account of a failure to deduct a loss due to a bad debt or to a security becoming worthless, the claim shall be allowed if filed within seven years from the date prescribed in section 290.42

for the filing of the return, and the refund or credit shall be limited to the amount of overpayment attributable to the loss.

(d) For purposes of this section, the prepayment of tax made through the withholding of tax at the source, or payment of estimated tax, prior to the due date of the tax are considered as having been paid on the last day prescribed by law for the payment of the tax by the taxpayer. A return filed before the due date shall be considered as filed on the due date.

(e) Except as provided in sections 290.92, subdivision 13, 290.93, subdivision 9, and 290.936, interest on the overpayment refunded or credited to the taxpayer shall be allowed at the rate of ~~six percent per annum~~ *specified in section 270.76* computed from the date of payment of the tax until the date the refund is paid or credit is made to the taxpayer. However, to the extent that the basis for the refund is a net operating loss carryback or a capital loss carryback, interest shall be computed only from the end of the taxable year in which the loss occurs.

(f) If a taxpayer reports a change in his federal gross income, items of tax preference, deductions, credits, or a renegotiation, or files a copy of his amended federal return, within 90 days as provided by section 290.56, subdivision 2, a refund may be made of any overpayment within one year after such report or amended return is filed except as provided in subdivision 2.

(g) There is hereby appropriated from the general fund to the commissioner of revenue the amounts necessary to make payments of refunds allowed pursuant to this section.

Sec. 5. Minnesota Statutes 1982, section 290.92, subdivision 11, is amended to read:

Subd. 11. [REFUNDS.] Where there has been an overpayment of tax imposed by this section, refund of such overpayment or credit shall be made to the employer in accordance with regulations prescribed by the commissioner, but only to the extent that the amount of such overpayment was not deducted and withheld under subdivision 2a or subdivision 3 by the employer. Any overpayment which is refunded shall bear interest at the rate of ~~six percent per annum~~ *specified in section 270.76*, computed from the date of payment until the date the refund is paid to the employer. The commissioner of finance shall cause any such refund of tax and interest to be paid out of the general fund in accordance with the provisions of section 290.62 and so much of said fund as may be necessary is hereby appropriated for that purpose. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

Sec. 6. Minnesota Statutes 1983 Supplement, section 290.92, subdivision 13, is amended to read:

Subd. 13. [REFUNDS.] (1) Where the amount of the tax withheld at the source under subdivision 2a or subdivision 3 exceeds by \$1 or more the taxes (and any added penalties and interest) reported in the return of the employee taxpayer or imposed upon him by this chapter, the amount of such excess shall be refunded to the employee taxpayer. If the amount of such excess is less than \$1 the commissioner shall not be required to refund that amount.

Where any amount of such excess to be refunded exceeds \$10, such amount on the original return shall bear interest at the rate of ~~six percent per annum~~ *specified in section 270.76*, computed from 90 days after (a) the due date of the return of the employee taxpayer or (b) the date on which his return is filed, whichever is later, to the date the refund is paid to the taxpayer. A return shall not be treated as filed until it is in processible form. A return is in processible form when it is filed on a permitted form containing the taxpayer's name, address, social security account number, the required signature, and sufficient required information (whether on the return or on required attachments) to permit the mathematical verification of tax liability shown on the return. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

(2) Any action of the commissioner in refunding the amount of such excess shall not constitute a determination of the correctness of the return of the employee taxpayer within the purview of section 290.46.

(3) The commissioner of finance shall cause any such refund of tax and interest, to be paid out of the general fund in accordance with the provisions of section 290.62, and so much of said fund as may be necessary is hereby appropriated for that purpose.

Sec. 7. Minnesota Statutes 1983 Supplement, section 290.93, subdivision 9, is amended to read:

Subd. 9. [OVERPAYMENT OF ESTIMATED TAX.] (1) Where the amount of an installment payment of estimated tax exceeds the amount determined to be the correct amount of such installment payment, the overpayment shall be credited against the unpaid installments, if any. Where the total amount of the estimated tax payments plus (a) the total amount of tax withheld at the source under section 290.92, subdivision 2a or subdivision 3 (if any) and (b) and other payments (if any) exceeds by \$1 or more the taxes (and any added penalties and interest) reported in the return of the taxpayer or imposed upon him by this chapter, the amount of such excess shall be refunded to the taxpayer. If the amount of such excess is less than \$1 the commissioner shall not be required to refund that amount. Where any amount of such excess to be refunded exceeds \$10, such amount on the original return shall bear interest at the rate of ~~six percent per annum~~ *specified in section 270.76*, computed from 90 days after (a) the due date of the return of the taxpayer or (b) the date on which his return is filed, whichever is later, until the date the refund is paid to the taxpayer. A return shall not be treated as filed until it is in processible form. A return is in processible form when the return is filed on a permitted form, and the return contains the taxpayer's name, address, social security account number, the required signature, and sufficient required information (whether on the return or on required attachments) to permit the mathematical verification of tax liability shown on the return. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

(2) Any action of the commissioner in refunding the amount of such excess

shall not constitute a determination of the correctness of the return of the taxpayer within the purview of section 290.46.

(3) The commissioner of finance shall cause any such refund of tax and interest to be paid out of the general fund in accordance with the provisions of section 290.62, and so much of said fund as may be necessary is hereby appropriated for that purpose.

Sec. 8. Minnesota Statutes 1982, section 290.936, is amended to read:

290.936 [OVERPAYMENT OF ESTIMATED TAX.]

(1) Where the amount of an installment payment of estimated tax exceeds the amount determined to be the correct amount of such installment payment, the overpayment shall be credited against the unpaid installments, if any. Where the total amount of the estimated tax payments and other payments, if any, exceeds by \$1 or more the taxes (and any added penalties and interest) reported in the return of the taxpayer or imposed upon him by this chapter, the amount of such excess shall be refunded to the taxpayer. If the amount of such excess is less than \$1, the commissioner shall not be required to refund. Where any amount of such excess to be refunded exceeds \$10, such amount on the original return shall bear interest at the rate of ~~six percent per annum~~ *specified in section 270.76*, computed from 90 days after (a) the due date of the return of the taxpayer or (b) the date on which his return is filed, whichever is later, until the date the refund is paid to the taxpayer. Notwithstanding the provisions of section 290.50, written findings by the commissioner, notice by mail to the taxpayer, and certificate for refundment by the commissioner, shall not be necessary. The provisions of section 270.10, shall not be applicable.

Except as provided in subdivision 4 no such claim shall be enter-

The commissioner shall examine the claim and make and file written findings thereon denying or allowing the claim in whole or in part and shall mail a notice thereof to such person at the address stated upon the claim. Any allowance shall include interest on the excess determined at a rate of ~~six percent per annum~~ *specified in section 270.76* from the date such excess was paid or collected until the date it is refunded or credited. If such claim is allowed in whole or in part, the commissioner shall credit the amount of the allowance against any taxes under sections 297A.01 to 297A.44 due from the claimant and for the balance of said allowance, if any, the commissioner shall issue his certificate for the refundment of the excess paid, and the commissioner of finance shall cause such refund to be paid out of the proceeds of the taxes imposed by sections 297A.01 to 297A.44, as other state moneys are expended. So much of the proceeds of such taxes as may be necessary are hereby appropriated for that purpose.

Sec. 14. Minnesota Statutes 1982, section 298.09, subdivision 4, is amended to read:

Subd. 4. If the amount of tax determined by the commissioner is subsequently found to be erroneous, the commissioner may, at any time within three years from the date the tax is certified as provided in section 298.10, redetermine the amount thereof. No such redetermination shall be made increasing the tax unless the person from whom the additional amount is due is given ten days written notice thereof and an opportunity to be heard thereon. If an order is made increasing the tax, the same proceedings shall be had as provided for occupation taxes originally determined and certified. Any person who has paid an occupation tax may apply to the commissioner within the time herein limited for a redetermination of the tax, and if the commissioner determines that the tax has been overpaid, he shall make and file an order determining the amount of such overpayment, and credit it against occupation taxes otherwise payable by the person who has overpaid the amount as so determined. If the tax is increased, interest at the rate specified in section 270.75 from the date payment should have been made shall be determined and paid; if the tax is reduced, interest at the rate of ~~six percent per annum~~ *specified in section 270.76* from the date of overpayment shall be allowed.

Sec. 15. Minnesota Statutes 1982, section 299.05, is amended to read:

The commissioner of revenue shall have power, in case he shall deem the report incorrect, or in case the report is not made and filed with the commissioner as provided in section 299.03, to make findings as to the amount of taxes due after hearing upon notice to the person interested, and the findings shall have the same effect as the determination of the amount of such taxes upon a report made as

hereinbefore provided.

A person subletting land for the use of which is received royalty shall be required to pay taxes only on the difference between the amount of royalty paid by him or her and the amount received.

If the amount of tax determined by the commissioner is subsequently found to be erroneous, the commissioner may, at any time within three years from the date allowed above for the original assessment, redetermine the amount of the tax. No redetermination shall be made increasing the tax unless the person from whom the additional amount is due is given ten days written notice of the proposed increase and the person's right to a hearing pursuant to chapter 14. Any person who has paid a royalty tax may apply to the commissioner within three years from the date allowed above for the original assessment for a redetermination of the tax and if the commissioner determines that the tax has been overpaid, he or she shall make and file an order determining the amount of the overpayment and credit the overpayment against the royalty taxes otherwise payable by the person who overpaid the tax. If the tax is increased, interest at the rate specified in section 270.75 from the date payment should have been made shall be determined and added to the tax. If the tax is reduced, interest at the rate of ~~six percent per annum~~ *specified in section 270.76* from the date of the overpayment shall be allowed.

"ARTICLE 7  
UNITARY TAX

Section 1. Minnesota Statutes 1983 Supplement, section 290.07, subdivision 1, is amended to read:

Subdivision 1. [ANNUAL ACCOUNTING PERIOD.] Net income and taxable net income shall be computed upon the basis of the taxpayer's annual accounting period. If a taxpayer has no annual accounting period, or has one other than a fiscal year, as heretofore defined, the net income and taxable net income shall be computed on the basis of the calendar year. Taxpayers shall employ the same accounting period on which they report, or would be required to report, their net income under the Internal Revenue Code. ~~The commissioner shall provide by rule for the determination of the accounting period for taxpayers who file a combined report under section 290.34, subdivision 2, when members of the group use different accounting periods for federal income tax purposes. Unless the taxpayer changes its accounting period for federal purposes, the due date of the return is not changed.~~

A taxpayer may change his accounting period only with the consent of the commissioner. In case of any such change, he shall pay a tax for the period not included in either his former or newly adopted taxable year, computed as provided in section 290.32.

Sec. 2. Minnesota Statutes 1982, section 290.095, subdivision 3, is amended to read:

Subd. 3. [CARRYOVER AND CARRYBACK.] (a) Except as provided in clause (d) or subdivision 8, a net operating loss for any taxable year shall be:

(1) A net operating loss carryback to each of the three taxable years preceding the taxable year of such loss, and

(2) A net operating loss carryover to each of the five taxable years following the taxable year of such loss.

(b) The entire amount of the net operating loss for any taxable year shall be carried to the earliest of the taxable years to which, by reason of subdivision 3, clause (a) or (d), such loss may be carried. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the taxable net income, adjusted by the modifications specified in subdivision 4, for each of the prior taxable years to which such loss may be carried.

(c) Where a corporation does business both within and without Minnesota, and apportions its income under the provisions of section 290.19, the net operating loss deduction shall be allowed to the extent of the apportionment ratio of the loss year, or the year to which the loss is carried, whichever is smaller.

(d) ~~Where a corporation files a combined report which reflects the entire unitary business as provided in section 290.34, subdivision 2, the corporation shall not be allowed a net operating loss carryback to a year in which it did not file a combined report. The number of taxable years for which a net operating loss carryover is allowed shall be increased by the number of taxable years for~~

~~which a net operating loss carryback is not allowed under this clause.~~

Sec. 3. Minnesota Statutes 1983 Supplement, section 290.17, subdivision 2, is amended to read:

Subd. 2. [OTHER TAXPAYERS.] In the case of taxpayers not subject to the provisions of subdivision 1, items of gross income shall be assigned to this state or other states or countries in accordance with the following principles:

(1) (a) The entire income of all resident or domestic taxpayers from compensation for labor or personal services, or from a business consisting principally of the performance of personal or professional services, shall be assigned to this state, and the income of nonresident taxpayers from such sources shall be assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources shall be treated as income from sources without this state.

(b) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner.

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota. In order to eliminate the need to file state or provincial income tax returns in several states or provinces, Minnesota will exclude from income any income assigned to Minnesota under the provisions of this clause for a nonresident athlete who is employed by an athletic team whose operations are not based in this state if the state or province in which the athletic team is based provides a similar income exclusion. If the state or province in which the athletic team's operations are based does not have an income tax on an individual's personal service income, it will be deemed that that state or province has a similar income exclusion. As used in the preceding sentence, the term "province" means a province of Canada.

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete not listed in clause (i), or who is an entertainer, for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(2) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state. Income from winnings on Minnesota pari-mutuel betting tickets shall be assigned to this state. Income and gains received from tangible property not employed in the business of the recipient of such income or gains, and from tangible property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, shall be assigned to this state if such property has a situs within it, and to other states only if it has no situs in this state. Income or gains from intangible personal property not employed in

the business of the recipient of such income or gains, and from intangible personal property employed in the business of such recipient if such business consists principally of the holding of such property and the collection of the income and gains therefrom, wherever held, whether in trust, or otherwise, shall be assigned to this state if the recipient thereof is domiciled within this state or is a resident trust or estate.

(3) Income derived from carrying on a trade or business, including in the case of a business owned by natural persons the income imputable to the owner for his services and the use of his property therein, shall be assigned to this state if the trade or business is conducted wholly within this state, and to other states if conducted wholly without this state. This provision shall not apply to business income subject to the provisions of clause (1);

(4) When a trade or business is carried on partly within and partly without this state, the entire income derived from such trade or business, including income from intangible property employed in such business and including, in the case of a business owned by natural persons, the income imputable to the owner for his services and the use of his property therein, shall be governed, except as otherwise provided in sections 290.35 and 290.36, by the provisions of section 290.19, notwithstanding any provisions of this section to the contrary. This shall not apply to business income subject to the provisions of clause (1), nor shall it apply to income from the operation of a farm which is subject to the provisions of clause (2). For the purposes of this clause, a trade or business located in Minnesota is carried on partly within and partly without this state if tangible personal property is sold by such trade or business and delivered or shipped to a purchaser located outside the state of Minnesota.

If the trade or business carried on wholly or partly in Minnesota is part of a unitary business, the entire income of that unitary business shall be subject to apportionment under section 290.19 except for business income subject to the provisions of clause (1) and farm income subject to the provisions of clause (2). The term "unitary business" shall mean business activities or operations which are of mutual benefit, dependent upon, or contributory to one another, individually or as a group. Unity shall be presumed whenever there is unity of ownership, operation, and use, evidenced by centralized management or executive force, centralized purchasing, advertising, accounting, or other controlled interaction but the absence of these centralized activities will not necessarily evidence a nonunitary business. Unity of ownership will not be deemed to exist when a corporation is involved unless that corporation is a member of a group of two or more corporations more than 50 percent of the voting stock of each member of the group is directly or indirectly owned by a common owner or by common owners, either corporate or noncorporate, or by one or more of the member corporations of the group.

The entire income of a unitary business shall be subject to apportionment as provided in section 290.19. None of the income of a unitary business shall be considered as derived from any particular source and none shall be allocated to any particular place except as provided by the applicable apportionment formula.

In determining whether or not intangible property is employed in a unitary business carried on partly within and partly without this state so that income

derived therefrom is subject to apportionment under section 290.19 the following rules and guidelines shall apply.

(a) Intangible property is employed in a business if the business entity owning intangible property holds it as a means of furthering the business operation of which a part is located within the territorial confines of this state.

(b) Where a business operation conducted in Minnesota, is owned by a business entity which carries on business activity outside of the state different in kind from that conducted within this state, and such other business is conducted entirely outside the state, it will be presumed that the two business operations are unitary in nature, interrelated, connected and interdependent unless it can be shown to the contrary.

(5) For purposes of this section, amounts received by a nonresident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer fireman's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, as amended through December 31, 1981, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

(6) All other items of gross income shall be assigned to the taxpayer's domicile.

Sec. 4. Minnesota Statutes 1983 Supplement, section 290.21, subdivision 4, is amended to read:

Subd. 4. (a) 85 percent of dividends received by a corporation during the taxable year from another corporation, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of such other corporation, and the dividends were paid from income arising out of business done in this state by the corporation paying such dividends; but if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the remainder shall be allowed as a deduction as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof; the burden shall be on the taxpayer of showing that the amount of remainder claimed as a deduction has been received from income arising out of business done in this state.

(b) If the trade or business of the taxpayer consists principally of the holding of the stocks and the collection of the income and gains therefrom, divi-

dends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of such other corporation, from income arising out of business done in this state by the corporation paying such dividends; but, if the income out of which the dividends are declared was derived from business done within and without this state, then so much of the dividends shall be allowed as deduction as the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation, such rate being determined by the returns under this chapter of the corporation paying such dividends for the taxable year preceding the distribution thereof. The burden shall be on the taxpayer of showing that the amount of dividends claimed as a deduction has been received from income arising out of business done in this state.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1954, as amended through December 31, 1982.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1954, as amended through December 31, 1982.

(d) If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.

Sec. 5. Minnesota Statutes 1983 Supplement, section 290.34, subdivision 2, is amended to read:

Subd. 2. [AFFILIATED OR RELATED CORPORATIONS, COMBINED REPORT CONSOLIDATED STATEMENTS.] When a corporation which is required to file an income tax return is affiliated with or related to any other corporation through stock ownership by the same interests or as parent or subsidiary corporations, or has its income regulated through contract or other arrangement, the commissioner of revenue may permit or require such combined report consolidated statements as, in his opinion, is are necessary in order to determine the taxable net income of any one of the affiliated or related corporations. For purposes of computing either the arithmetic average or weighted apportionment formulas under section 290.19, subdivision 1 for each corporation involved, the numerator of the fraction shall be that corporation's sales, property, and payroll in Minnesota and the denominator shall be the total sales, payroll, and property of all the corporations shown on the combined report. The combined report shall reflect the income of the entire unitary

business as provided in section 290.17, subdivision 2, clause (4). The combined report shall reflect income only from corporations created or organized in the United States or under the laws of the United States or of any state, the District of Columbia, the commonwealth of Puerto Rico, any possession of the United States, or any political subdivision of any of the foregoing. All inter-company transactions between companies which are contained on the combined report shall be eliminated. This subdivision shall not apply to insurance companies whose income is determined under section 290.35 or to investment companies whose income is determined under section 290.36.

Sec. 6. [REPEALER.]

*Minnesota Statutes 1982, section 290.06, subdivision 15; and Laws 1982, chapter 523, article XXIX, section 6 are repealed.*

Sec. 7. [EFFECTIVE DATE.]

"Sec. 8. Minnesota Statutes 1983 Supplement, section 125.12, subdivision 6b, is amended to read:

Subd. 6b. [UNREQUESTED LEAVE OF ABSENCE.] The school board

may place on unrequested leave of absence, without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave shall be effective at the close of the school year. In placing teachers on unrequested leave, the board shall be governed by the following provisions:

(a) The board may place probationary teachers on unrequested leave first in the inverse order of their employment. No teacher who has acquired continuing contract rights shall be placed on unrequested leave of absence while probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed;

(b) Teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed *and have been employed during at least one of the five prior years* in the inverse order in which they were employed by the school district. In the case of equal seniority, the order in which teachers who have acquired continuing contract rights shall be placed on unrequested leave of absence in fields in which they are licensed shall be negotiable;

(c) Notwithstanding the provisions of clause (b), no teacher shall be entitled to exercise any seniority when that exercise results in that teacher being retained by the district in a field for which the teacher holds only a provisional license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field. The provisions of this clause shall not apply to vocational education licenses;

(d) Notwithstanding clauses (a), (b) and (c), if the placing of a probationary teacher on unrequested leave before a teacher who has acquired continuing rights, the placing of a teacher who has acquired continuing contract rights on unrequested leave before another teacher who has acquired continuing contract rights but who has greater seniority, or the restriction imposed by the provisions of clause (c) would place the district in violation of its affirmative action program, the district may retain the probationary teacher, the teacher with less seniority, or the provisionally licensed teacher;

(e) Teachers placed on unrequested leave of absence shall be reinstated to the positions from which they have been given leaves of absence or, if not available, to other available positions in the school district in fields in which they are licensed *and have been employed during at least one of the five years prior to being placed on unrequested leave of absence*. Reinstatement shall be in the inverse order of placement on leave of absence. No teacher shall be reinstated to a position in a field in which the teacher holds only a provisional license, other than a vocational education license, while another teacher who holds a nonprovisional license in the same field remains on unrequested leave. The order of reinstatement of teachers who have equal seniority and who are placed on unrequested leave in the same school year shall be negotiable;

(f) No appointment of a new teacher shall be made while there is available, on unrequested leave, a teacher who is properly licensed to fill such vacancy, unless the teacher fails to advise the school board within 30 days of the date of notification that a position is available to that teacher, that he or she may

return to employment and that he or she will assume the duties of the position to which appointed on a future date determined by the board;

(g) A teacher placed on unrequested leave of absence may engage in teaching or any other occupation during the period of this leave;

(h) The unrequested leave of absence shall not impair the continuing contract rights of a teacher or result in a loss of credit for previous years of service;

(i) The unrequested leave of absence of a teacher who is placed on unrequested leave of absence prior to January 1, 1978 and who is not reinstated shall continue for a period of two years after which the right to reinstatement shall terminate. The unrequested leave of absence of a teacher who is placed on unrequested leave of absence on or after January 1, 1978 and who is not reinstated shall continue for a period of five years, after which the right to reinstatement shall terminate; provided the teacher's right to reinstatement shall also terminate if he or she fails to file with the board by April 1 of any year a written statement requesting reinstatement;

(j) The same provisions applicable to terminations of probationary or continuing contracts in subdivisions 3 and 4 shall apply to placement on unrequested leave of absence;

(k) Nothing in this subdivision shall be construed to impair the rights of teachers placed on unrequested leave of absence to receive unemployment compensation if otherwise eligible."

[HYDROPOWER GENERATION POLICY; LEASING OF DAMS AND DAM SITES.] Consistent with laws relating to dam construction, reconstruction, repair, and maintenance, the legislature finds that the public health, safety, and welfare of the state is also promoted by the use of state waters to produce hydroelectric or hydromechanical power. Further, the legislature finds that the leasing of existing dams and potential dam sites primarily for such power generation is a valid public purpose. A local governmental unit, or the commissioner of natural resources with the approval of the state executive council, may provide pursuant to a lease or development agreement for the development and operation of dams, dam sites, and hydroelectric or hydromechanical power generation plants owned by the respective government by an individual, a corporation, an organization, or other legal entity upon such terms and conditions as the local governmental unit or the commissioner may negotiate for a period not to exceed 99 years. *For an installation of 15,000 kilowatts or less at a dam site and reservoir that is not being used on January 1, 1984, in connection with the production of hydroelectric or hydromechanical power, the lease or development agreement negotiated by the local governmental unit and the developer shall constitute full payment by the lessee and may be in lieu of all real or personal property taxes that might otherwise be due to a local governmental unit.* If the dam, dam site, or power generation plant is located in or contiguous to a city or town, other than the lessor governmental unit, the lease or agreement shall not be effective unless it is approved by the governing body of ~~such~~ the city or town. For purposes of this subdivision, city means a statutory or home rule charter city.

H.F. No. 1507: A bill for an act relating to taxation; deed tax; exempting certain partitions; amending Minnesota Statutes 1982, section 287.22.

Reports the same back with the recommendation that the bill do pass. Report adopted.

Mr. Spear from the Committee on Judiciary, to which was referred

S.F. No. 2108: A bill for an act relating to civil commitment; providing for status review of persons residing in state facilities pursuant to an order of guardianship; amending Laws 1982, chapter 581, section 26, as amended.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1982, section 253B.02, is amended by adding a subdivision to read:

*Subd. 21. [PASS.] “Pass” means any authorized temporary, unsupervised absence from a treatment facility.*

Sec. 2. Minnesota Statutes 1982, section 253B.02, is amended by adding a subdivision to read:

*Subd. 22. [PASS PLAN.] “Pass plan” means the part of a treatment plan for a person who has been committed as mentally ill and dangerous that specifies the terms and conditions under which the patient may be released on a pass.*

Sec. 3. Minnesota Statutes 1982, section 253B.02, is amended by adding a subdivision to read:

*Subd. 23. [PASS-ELIGIBLE STATUS.] “Pass-eligible status” means the status under which a person committed as mentally ill and dangerous may be released on passes after approval of a pass plan by the head of a treatment facility.*

Sec. 4. Minnesota Statutes 1983 Supplement, section 253B.07, subdivision 7, is amended to read:

Subd. 7. [PRELIMINARY HEARING.] (a) No proposed patient may be held pursuant to subdivision 6 for longer than 72 hours, exclusive of Saturdays, Sundays, and legal holidays, unless the court holds a preliminary hearing and determines that probable cause exists to continue to hold him.

(b) The proposed patient, his counsel, the petitioner, the county attorney, and any other persons as the court directs shall be given at least 24 hours written notice of the preliminary hearing. The notice shall include the alleged grounds for confinement. The proposed patient shall be represented at the preliminary hearing by counsel. If the court finds it to be reliable, it may admit hearsay evidence, including written reports.

(c) *The court, on its motion or on motion of any party, may exclude or excuse a respondent who is seriously disruptive or who is totally incapable of comprehending and participating in the proceedings. In such instances, the court shall, with specificity on the record, state the behavior of respondent or other circumstances justifying proceeding in the absence of the respondent.*

(d) *The court may order the continued holding of the proposed patient if it finds, by a preponderance of the evidence, that serious imminent physical harm to the patient or others is likely if the proposed patient is not confined. The fact that a proposed patient was acquitted of a crime against the person under section 611.026 immediately preceding the filing of the petition constitutes evidence that serious imminent physical harm to the patient or others is likely if the proposed patient is not confined and shifts the burden of going forward in the presentation of evidence to the proposed patient; provided that the standard of proof remains as required by this chapter.*

Sec. 5. Minnesota Statutes 1982, section 253B.08, subdivision 5, is amended to read:

Subd. 5. [ABSENCE PERMITTED.] (a) *The court may permit the proposed patient to waive his right to attend the hearing if it determines that the waiver is freely given. All waivers shall be on the record. At the time of the hearing the patient shall not be so under the influence or suffering from the effects of drugs, medication, or other treatment so as to be hampered in participating in the proceedings. When in the opinion of the licensed physician or licensed consulting psychologist attending the patient the discontinuance of drugs, medication, or other treatment is not in the best interest of the patient, the court, at the time of the hearing, shall be presented a record of all drugs, medication or other treatment which the patient has received during the 48 hours immediately prior to the hearing.*

(b) *The court, on its own motion or on motion of any party, may exclude or excuse a respondent who is seriously disruptive or who is totally incapable of comprehending and participating in the proceedings. In such instances, the court shall, with specificity on the record, state the behavior of respondent or other circumstances justifying proceeding in the absence of the respondent.*

Sec. 6. Minnesota Statutes 1982, section 253B.18, is amended by adding a subdivision to read:

Subd. 4a. [RELEASE ON PASS; NOTIFICATION.] *A patient who has been committed as mentally ill and dangerous and who is confined at the Minnesota security hospital shall not be released on a pass unless the pass is part of a pass plan that has been approved by the medical director of the Minnesota security hospital. At least ten days prior to a determination on the plan, the medical director shall notify the committing court, the county attorney of the county of commitment, an interested person, the petitioner, and the petitioner's counsel of the plan, the nature of the passes proposed, and their right to object to the plan. If any notified person objects prior to the proposed date of implementation, the person shall have an opportunity to appear, personally or in writing, before the medical director, within ten days of the objection, to present grounds for opposing the plan. The pass plan shall not be implemented until the objecting person has been furnished that opportunity.*

Sec. 7. Minnesota Statutes 1982, section 253B.18, is amended by adding a

subdivision to read:

*Subd. 4b. [PASS-ELIGIBLE STATUS; NOTIFICATION.] The following patients committed to the Minnesota security hospital shall not be placed on pass-eligible status unless that status has been approved by the medical director of the Minnesota security hospital:*

*(a) a patient who has been committed as mentally ill and dangerous and who*

*(1) was found not guilty by reason of mental illness of a felony immediately prior to the filing of the commitment petition;*

*(2) was convicted of a felony immediately prior to or during his commitment as mentally ill and dangerous; or*

*(3) is subject to a commitment to the commissioner of corrections; and*

*(b) a patient who has been committed as a psychopathic personality, as defined in section 526.09.*

*At least ten days prior to a determination on the status, the medical director shall notify the committing court, the county attorney of the county of commitment, an interested person, the petitioner, and the petitioner's counsel of the proposed status, and their right to request review by the special review board. If within ten days of receiving notice any notified person requests review by filing a notice of objection with the commissioner and the head of the treatment facility, a hearing shall be held before the special review board. The proposed status shall not be implemented unless it receives a favorable recommendation by a majority of the board and approval by the commissioner. The status shall be deemed approved by the commissioner unless he orders otherwise within 30 days of the request for review. Any patient aggrieved by the head of the treatment facility's failure to approve a pass-eligible status may seek approval of the status by petitioning the special review board. The order of the commissioner is appealable as provided in section 253B.19.*

Sec. 8. Minnesota Statutes 1983 Supplement, section 525.619, is amended to read:

#### 525.619 [POWERS AND DUTIES OF GUARDIAN OF MINOR.]

A guardian of a minor has the powers and responsibilities of a parent who has not been deprived of custody of his minor and unemancipated child, except that a guardian is not legally obligated to provide from his own funds for the ward. In particular, and without qualifying the foregoing, a guardian has the following powers and duties:

(a) He must take reasonable care of his ward's personal effects and commence protective proceedings if necessary to protect other property of the ward.

(b) He may receive money payable for the support of the ward to the ward's parent, guardian or custodian under the terms of any statutory benefit or insurance system, or any private contract, devise, trust, conservatorship or custodianship. He also may receive money or property of the ward paid or delivered by virtue of section 525.6196. Any sums so received shall be applied to the ward's current needs for support, care and education. He must

exercise due care to conserve any excess for the ward's future needs unless a conservator has been appointed for the estate of the ward, in which case the excess shall be paid over at least annually to the conservator. Sums so received by the guardian are not to be used for compensation for his services except as approved by order of court or as determined by a duly appointed conservator other than the guardian. A guardian may institute proceedings to compel the performance by any person of a duty to support the ward or to pay sums for the welfare of the ward.

(c) The guardian is empowered to facilitate the ward's education, social, or other activities and to authorize medical or other professional care, treatment or advice. A ward *who is less than 16 years of age may be admitted to a treatment facility as an informal patient according to section 253B.04 but may not be committed to any state institution except pursuant to chapter 253B and*. No guardian may give consent for psychosurgery, electroshock, sterilization or experimental treatment of any kind unless the procedure is first approved by the order of the court, after a hearing as prescribed by section 525.56, subdivision 2.

A guardian is not liable by reason of his consent for injury to the ward resulting from the negligence or acts of third persons unless it would have been illegal for a parent to have consented, or unless he fails to comply with the requirements of this section which provide that a court order is necessary for commitment and for certain types of medical procedures. A guardian may consent to the marriage or adoption of his ward.

(d) A guardian must report the condition of his ward and of the ward's estate which has been subject to his possession or control, as ordered by the court on its own motion or on petition of any person interested in the minor's welfare and as required by court rule.

*For persons 16 years or older, involuntarily residing in a regional center pursuant to an order of guardianship, and not committed pursuant to an order issued under Minnesota Statutes, chapter 253B, or Minnesota Statutes 1980, chapter 253A, the following review procedures will apply:*

(a) *The person shall have a commitment hearing according to Minnesota Statutes, section 253B.08, prior to August 1, 1985. The head of the regional center shall notify the responsible county which shall initiate the petition for commitment.*

*(b) The person shall be deemed to be legally committed to the head of the regional center until the committing court issues an appropriate judgment according to Minnesota Statutes, section 253B.09, or until August 1, 1985, whichever date occurs first.*

*(c) A finding by the committing court that the individual does not satisfy the commitment criteria of Minnesota Statutes, chapter 253B, shall not terminate the guardianship or constitute a restoration to capacity. An order of restoration to capacity may only be obtained under Minnesota Statutes, section 525.61.*

*If the committing court finds that the individual does not satisfy the commitment criteria set forth in Minnesota Statutes, section 253B, the court, by order shall immediately notify the county welfare board. The designated agency shall locate an appropriate community placement within 90 days of notification by the guardian. Until an appropriate placement is available, the ward may continue to reside in the regional center in which the ward resided prior to the commitment hearing.*

Mr. Willet from the Committee on Finance, to which was re-referred

H.F. No. 432: A bill for an act relating to soil and water conservation; prohibiting in certain counties practices which cause accelerated erosion or sedimentation; prescribing penalties; proposing new law coded in Minnesota Statutes, chapter 40.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [PURPOSE.]

*It is the purpose of this act to prevent the degradation of lands, streams, and rivers, and to protect and promote the health, safety, and general welfare of the people.*

Sec. 2. [40.19] [DEFINITIONS.]

*Subdivision 1. [APPLICABILITY, SCOPE.] The definitions in this section apply to sections 3 to 11.*

*Subd. 2. [EXCESSIVE SOIL LOSS.] “Excessive soil loss” means soil loss resulting from erosion that is more rapid than the gradual erosion of land used by man when all reasonable soil and water conservation practices have been applied. “Excessive soil loss” may be evidenced by sedimentation on adjoining land or in any body of water. Soil loss is excessive if it is greater than the soil loss tolerance for each soil type described in the United States Soil Conservation Service Field Office technical guide.*

*Subd. 3. [CONSERVATION PRACTICES.] “Conservation practices” means practices and standards containing a definition, purpose, and conditions under which the practice applies including design requirements, and specifications containing a statement of details required for installing a conservation practice, including kinds, quality, and quantity of work and materials needed to meet the standards.*

*Subd. 4. [CONSTRUCTION ACTIVITY.] “Construction activity” means any physical disturbance of the land by man related to construction activities that may result in sedimentation of adjacent lands or waters. These activities include clearing, grading, excavating, transporting, and filling lands.*

*Subd. 5. [EROSION.] “Erosion” means any process that wears away the surface of the land by the action of water, ice, wind, or gravity.*

*Subd. 6. [LAND OCCUPIER.] “Land occupier” means any legal entity that holds title to, or is in possession of any lands, whether as owner, lessee, renter, tenant, or otherwise. “Land occupier” includes both the owner and the occupier of the land if they are not the same.*

*Subd. 7. [SEDIMENTATION.] “Sedimentation” means the process or action of depositing a solid mineral or organic material that is or has been moved by erosion from its site of origin to another land or water.*

*Subd. 8. [SOIL LOSS LIMIT.] "Soil loss limit" means the maximum amount of soil loss from erosion of a particular type of soil, expressed in tons per acre per year, that will be permitted by county and local government unit regulations.*

*Subd. 9. [SOIL CONSERVATION PRACTICE.] "Soil conservation practice" means a permanent or temporary vegetative or structural measure that controls erosion. A permanent practice should have an effective life greater than ten years and includes grassed waterways, terraces, field windbreaks, water control structures, grade stabilization structures, sediment retention structures, strip-cropping, and other practices approved by the state soil and water conservation board. Temporary practices include conservation tillage, contour farming, grasses and legumes in rotation, emergency tillage, and other practices approved by the state soil and water conservation board.*

*Subd. 10. [TECHNICAL GUIDE.] "Technical guide" means the guide developed by USDA Soil Conservation Service and adopted by soil and water conservation districts containing technical information including methods and procedures to measure various types of soil loss and erosion, and conservation practice standards and specifications required in the application of soil and water conservation practices.*

### Sec. 3. [40.20] [COUNTY SOIL LOSS CONTROL.]

*Each county, statutory or home rule charter city, or town that has planning and zoning authority under sections 366.10 to 366.18, 394.21 to 394.37, or 462.351 to 462.365, may adopt a soil loss ordinance consistent with the model ordinance in section 4. Ordinances adopted by local government units within the metropolitan area defined in section 473.121 must be consistent with local water management plans adopted under section 473.879. A local government unit that adopts a soil loss ordinance may enter an agreement with the soil and water conservation district board, that allows the soil and water conservation district board to administer local government unit functions and perform the duties of the local government unit.*

### Sec. 4. [40.21] [ADOPTION OF RULES BY THE STATE BOARD; PERIODIC REVIEW.]

*Subdivision 1. [RULES.] The commissioner of agriculture, in consultation with the state soil and water conservation board, counties, soil and water conservation districts, and other appropriate agencies, shall adopt rules to guide counties in erosion control. The rules must specify a model ordinance that specifies the technical and administrative procedures for a county, statutory or home rule charter city, or town to implement soil loss and erosion control including soil loss from construction activities. The model ordinance is the minimum regulation that may be adopted by each local government unit. The rules must describe administrative procedures required of the state soil and water conservation board for carrying out the provisions of sections 3 to 6.*

*Subd. 2. [PERIODIC REVIEW.] At least once every two years the commissioner of agriculture shall review the rules after consulting with the state soil and water conservation board, counties, local government units, soil and water conservation districts, and appropriate agencies to ensure continued applicability and relevance of the rules. The rules may be revised if neces-*

sary by the commissioner of agriculture.

Sec. 5. [40.22] [ EXCESSIVE SOIL LOSS PROHIBITED.]

*Subdivision 1. [PROHIBITED ACTIVITIES.] A person may not cause, conduct, contract for, or authorize an activity that causes excessive soil loss.*

*Subd. 2. [AGRICULTURAL LAND.] A land occupier of agricultural land is not violating subdivision 1 if the land occupier is using sound soil conservation practices and farming methods that prevent excessive soil loss.*

*Subd. 3. [WOODLAND.] A land occupier who uses wooded land for pasture must ensure that proper management is used to prevent excessive soil loss due to overgrazing or cattle paths.*

*Subd. 4. [CONSTRUCTION ACTIVITIES.] A construction activity may not cause excessive soil loss. A construction activity is subject to and may be enforced as provided in sections 9 to 11.*

*Subd. 5. [EXCESSIVE SOIL LOSS; APPLICATION.] Soil loss is excessive if it is greater than the provisions of section 2, subdivision 2, or a more restrictive ordinance adopted by the local government unit. The county or local government unit shall enforce this section.*

Sec. 6. [40.23] [COMPLAINT AND DETERMINATION OF SOIL LOSS.]

*Subdivision 1. [COMPLAINT.] An elected local government official or district board member may submit a written complaint to the county attorney if conditions exist that indicate there is excessive soil loss from a tract of land that affects another tract of land or body of water. The written complaint must contain the name and address of the landowner, the location of the tract of land with the excessive soil loss, other land or water that is affected by the excessive soil loss, and a description of the nature of the excessive soil loss and resulting sedimentation. The county attorney may submit the complaint to the district for soil loss determination.*

*Subd. 2. [DISTRICT DETERMINATION OF SOIL LOSS.] (a) Upon request by the county attorney the district shall determine the average soil loss in tons per acre per year of the tract of land cited in the complaint.*

*(b) The district shall submit a report to the county attorney that states the average soil loss in tons per acre per year for each tract of land and if that soil loss exceeds the amounts allowed in section 5, subdivision 5. If the soil loss is excessive the report must include the existing management and soil conservation practices and alternative practices and the costs of the alternative practices that will prevent excessive soil loss or reduce the soil loss to the most practicable extent. The district must describe the efforts made to include the land occupier in voluntary and cost-sharing programs and the amount of cost-sharing funds, if any, made available to the land occupier. If the report shows that the soil loss from the tract of land is excessive and alternative practices are available to reduce the soil loss the county attorney shall submit the complaint and the report to the county board.*

*(c) The district may enter public or private land to make an inspection for the determination of soil loss or to complete the report. The landowners must be notified of the time of the inspections and be given an opportunity to be*

*present when the inspection is made.*

**Sec. 7. [40.24] [COUNTY BOARD INSPECTION; RESOLUTION.]**

*Subdivision 1. [INSPECTION.] Upon receipt of the complaint and district report from the county attorney the county board may make an inspection of the land cited in the complaint to determine if the land is managed properly. The county board may enter public or private land to make an inspection for the determination. The county board must notify landowners of the time of the inspection and give them an opportunity to be present when the inspection is made.*

*Subd. 2. [COUNTY BOARD RESOLUTION.] If the county board determines that the land is managed properly or that cost-sharing funds have not been made available, the complaint must be dismissed. If the county board determines that the land is not being managed properly the board shall adopt a resolution that describes alternative management practices; requires the owner within one year after receiving the resolution to commence practices or measures to reduce soil loss to the most practicable extent or prevent excessive soil loss, or submit a completed application to the district for cost-sharing funds; and require that the practices or measures must be completed, or satisfactory progress to complete the practice or measures be made, not later than one year after cost-sharing funds are available, or not later than two years after receiving the resolution.*

*The resolution must be delivered by personal service or certified mail to the landowner cited in the complaint.*

**Sec. 8. [40.25] [COST-SHARING FUNDS; DISTRICT ASSISTANCE.]**

*Subdivision 1. [COST-SHARING FUNDS MUST BE AVAILABLE BEFORE SOIL CONSERVATION PRACTICES REQUIRED.] Except in the case of a construction activity, a land occupier may not be required to establish soil conservation practices unless state cost-sharing funds have been specifically approved for that land and have been actually made available to the land occupier in an amount equal to at least 75 percent of the cost of the permanent soil and water conservation practices on a voluntary basis and a 50 percent cost-share if implementation commenced after a board resolution under section 7.*

*Subd. 2. [REVIEW OF COST-SHARE AMOUNTS; AUTHORIZATION OF GREATER COST-SHARE.] The state soil and water conservation board shall review the required cost-share at least once each year, and may authorize districts in any particular case to provide a higher percentage of public cost sharing than is required by this section. To aid in this determination, the state board may consider the location of the affected area in relation to the priority areas as established in the district annual and long-range plans.*

*Subd. 3. [DISTRICT ASSISTANCE.] At the request of a landowner receiving a resolution under section 7, the district shall assist in the planning, design, and application of practices necessary to reduce soil loss to the amounts allowed in section 5, subdivision 5, or to the greatest practicable extent. The district shall give the landowner a high priority for technical and cost-sharing assistance.*

**Sec. 9. [40.26] [CONSTRUCTION ACTIVITIES.]**

*Subdivision 1. [EROSION CONTROL PLAN FOR CONSTRUCTION ACTIVITIES.] A person engaged in a construction activity that will disturb over one acre of land must submit to the local soil and water conservation district by 30 days before the construction activity is to begin a proposed sedimentation control plan that will prevent excessive soil loss.*

*Subd. 2. [DISTRICT REVIEW; NOTICE.] The district shall review the plan and notify the person submitting the plan whether the plan will prevent excessive soil loss. If the district determines that the plan does not prevent excessive soil loss, the district must include with the notice a description of alternative methods to prevent excessive soil loss or reduce the soil loss to the most practicable extent and the cost of implementing the alternative methods.*

*Subd. 3. [COMPLAINT.] An elected local government official or district board member may submit a written complaint to the county attorney if conditions exist that indicate there is excessive soil loss from a tract of land that affects another tract of land or body of water. The written complaint must contain the name and address of the landowner and person engaged in the construction activity, the location of the construction activity, the tract of land with the excessive soil loss, other land or water that is affected by the excessive soil loss, and a description of the nature of the excessive soil loss and resulting sedimentation. The county attorney shall submit the complaint and a copy of the district notice to the county board.*

*Subd. 4. [COUNTY BOARD RESOLUTION.] The county board or designated board members shall inspect the land cited in the complaint to determine if soil loss is being properly controlled. The county board or designated members may enter public or private property to make the inspection after giving notice to the property owner. If the county board determines that a person engaged in a construction activity is causing excessive soil loss the board shall adopt a resolution that requires a person to commence practices to reduce soil loss within the time limit set by the county board. The resolution must be delivered by personal service or certified mail to the person engaged in the construction activity cited in the complaint.*

#### Sec. 10. [40.27] [PENALTIES.]

*Subdivision 1. [CIVIL PENALTY.] A landowner or a person engaged in construction activity who fails to commence or complete actions, or make satisfactory progress to complete actions, required in a county board resolution or obstructs inspections is subject to a civil penalty up to \$1,000. The county attorney shall bring the action. This civil penalty is not an exclusive penalty. Other actions allowed by law may be brought to enforce sections 5 to 9.*

*Subd. 2. [PENALTY.] A violation of this act is a petty misdemeanor.*

#### Sec. 11. [40.28] [ATTORNEY AND GOVERNING BODY OF LOCAL GOVERNMENT UNITS.]

*Under sections 6, 7, and 9, the city attorney or town attorney may perform the duties of a county attorney and the governing body of any city or town may perform the duties of a county board if the city or town adopts a soil loss ordinance and the land in the complaint is located within the city or town.*

#### Sec. 12. [APPLICABILITY.]

*The provisions of sections 6 to 11 are not applicable without the adoption of an ordinance by the county or local government unit.*

Sec. 13. [APPROPRIATION.]

*The sum of \$10,000 is appropriated from the general fund to the commissioner of agriculture to adopt rules under section 4."*

### SPECIAL ORDER

S.F. No. 1880: A bill for an act relating to local government; providing for

financing of county and county regional jails; amending Minnesota Statutes 1982, sections 641.24; and 641.264, subdivision 1.

Mr. Vega moved to amend S. F. No. 1880 as follows:

Page 1, after line 7, insert:

“Section 1. Minnesota Statutes 1982, section 462C.09, is amended by adding a subdivision to read:

*Subd. 2a. [1985 CITY ALLOCATION.] Notwithstanding the allocation provisions of subdivision 2, this subdivision applies to the January, 1985 allocations. Unless otherwise authorized by law, a city that intends to issue during the calendar year 1985 mortgage revenue bonds that are subject to the volume limitation imposed by section 103A(g) of the Internal Revenue Code of 1954, as amended through March 1, 1983, shall by January 2 of 1985 submit to the Minnesota housing finance agency a program that will use a portion of the state mortgage revenue bond ceiling. The total amount of bonds included in all programs submitted pursuant to this subdivision by a city may not exceed \$10,000,000. Each program shall be accompanied by a certificate from the city that states that the revenue bond issue is feasible. By February 1, the Minnesota housing finance agency shall review each program pursuant to section 462C.04, subdivision 2. The Minnesota housing finance agency shall approve all programs that the agency determines are consistent with this chapter, and that meet the following conditions:*

*(a) all of the loans must be reserved for a period of not less than six months for persons and families whose adjusted family income is below 80 percent of the limits on adjusted gross income provided in section 462C.03, subdivision 2; and*

*(b) loans must be made only to finance homes that are serviced by municipal water and sewer utilities; provided that if the approval of all programs would result in an allocation to cities in excess of 27-1/2 percent of the state ceiling for the calendar year 1985, reduced by the amount of bonds that are allocated by law to specified cities, the Minnesota housing finance agency shall approve programs that are submitted by a city which meets any of the following three criteria: (1) a city of the first class, or (2) a city that did not receive an allocation under this subdivision during the preceding two calendar years, or (3) a group of cities that plan to jointly issue bonds for the program provided further that if approval of all of the programs submitted by cities that meet one or more of the criteria in (1), (2), or (3) would result in a total allocation to cities in excess of the portion of the state ceiling available for allocation, then from among those programs the agency shall select by lot the programs to be approved. If a portion of the state ceiling remains unallocated after the agency has approved all programs submitted by cities that meet one or more of the criteria in (1), (2), or (3), the Minnesota housing finance agency shall select by lot from among the remaining programs the programs to be approved. The Minnesota housing finance agency shall determine if a program meets the conditions in clauses (a) and (b) based solely upon the program with accompanying information submitted to the agency. Approval of a program shall constitute an allocation of a portion of the state ceiling for mortgage revenue bonds equal to the proposed bond issue or issues contained in the program, provided that the allocation for the last selected program that receives an allocation may be equal to or less than the*

*amount of the bond issue or issues proposed in the program.*

*If a city which received an allocation pursuant to this subdivision, or which has been allocated a portion of the state ceiling by law and has received approval of one or more programs, has not issued bonds by September 1 in an amount equal to the allocation, and the city intends to issue mortgage revenue bonds prior to the end of the calendar year, the city shall by September 1 submit to the Minnesota housing finance agency for each program a letter that states the city's intent to issue the mortgage revenue bonds prior to the end of the calendar year. If the Minnesota housing finance agency does not receive the letter from the city, then the allocation of the state ceiling for that program shall expire on September 1, and the applicable limit for the Minnesota housing finance agency shall be increased by an amount equal to the unused portion of the allocation to the city. A city referred to in subdivision 1, clause (i), shall not be required to apply under this subdivision with respect to bonds allocated by law to any such city. Nothing in this subdivision shall prevent any such city from applying for an additional allocation of bonds under this subdivision."*

Money may not be disbursed to a corporation in the Leech Lake reservation area or the White Earth reservation area without prior approval by the respective reservation business committee. Within its geographic area of responsibility each corporation shall accept cases involving felony, gross misdemeanor, and misdemeanor charges and juvenile cases if financial eligibility standards are met, unless there is a legal reason for rejecting a case. A corporation may accept cases arising outside its geographic area of responsibility, as appropriate. Each corporation, in order to insure broad support, shall provide matching money received from non-state sources, which may include money from federal agencies, local governments, private agencies, and community groups, equal to ten percent of its state appropriation. The board of public defense shall give notice 30 days in advance and conduct a hearing if it has reasonable grounds to believe money appropriated for this purpose is being improperly used, or if it has reasonable cause to believe criminal and juvenile defense of proper quality is not being supplied. Payment must cease from the date of notice until either the board of public defense determines that the money appropriated will be properly handled, or the board of public defense determines that criminal and juvenile defense of proper quality will be provided. Subd. 3. [PETITION BY ALL OWNERS.] Whenever all owners of real property abutting upon any street named as the location of any improvement shall petition the council to construct the improvement and to assess the entire cost against their property, the council may, without a public hearing, adopt a resolution determining such fact and ordering the improvement. The validity of the resolution shall not be questioned by any taxpayer or property owner or the municipality unless an action for that purpose is commenced within 30 days after adoption of the resolution as provided in section 429.036. Nothing herein prevents any property owner from questioning the amount or validity of the special assessment against his property pursuant to section 429.081. *In the case of a petition for the installation of a fire protection or a pedestrian skyway system, the petition must contain or be accompanied by an undertaking satisfactory to the city by the petitioner that the petitioner will grant the municipality the necessary property interest in the building to permit the city to enter upon the property and the building to construct, maintain, and operate the fire protection or pedestrian skyway system. If such a request is received, the city council shall abandon the proceedings but in such case the petitioner shall reimburse the city for any and all expenses incurred by the city in connection with the improvement.*

Obligations for the payment of which the full faith and credit of the municipality is not pledged shall be called improvement warrants *or, in the case of bonds for fire protection or pedestrian skyway systems, revenue bonds* and shall contain a promise to pay solely out of the proper special fund *or funds pledged to their payment*. Mr. Solon moved to amend H.F. No. 1999, as amended pursuant to Rule 49, adopted by the Senate April 5, 1984, as follows:

(The text of the amended House File is identical to S.F. No. 1660.)

Delete everything after the enacting clause and insert:

“Section 1. Laws 1981, chapter 223, section 2, is amended to read:

Sec. 2. [SURVEY AND CONTRACTS WITH HOMEOWNERS; *SCOPE OF PROGRAM* .]

*Subdivision 1. [SURVEYS, AUDITS AND CONTRACTS.]* The city may survey homes to identify those where significant energy waste exists and can be reduced by energy conservation projects including but not limited to insulation, weatherstripping, temperature controls, storm windows and doors, furnace modifications, or conversion to cheaper or more plentiful energy sources, at a capital cost recoverable within a 10 year period from energy cost savings. An energy audit to document the cost effectiveness of a full range of energy conserving measures must be performed prior to investment in such measures. It may contract with the owners of such homes to cause work and materials to be furnished for such projects by the means authorized in section 3 and subject to reimbursement in the ways contemplated in section 4.

*Subd. 2. [OWNER-OCCUPIED AND MULTIFAMILY HOMES.]* The program ~~shall be limited to~~ may include improvements to:

(1) “owner-occupied homes”, defined as homes containing not more than four dwelling units, one occupied as a principal residence by an owner not engaged in the trade or business of rental real estate, and

(2) “multifamily homes”, defined as structures or parts of structures rented from the owner and occupied as a principal residence by each renter.

*Subd. 3. [SERIES OF BONDS AND NOTES.]* Revenue bonds or notes authorized by section 5, if the proceeds are to be used for improvements to multifamily homes, shall be issued in one or more series separate from series of bonds or notes issued for improvements to owner-occupied homes.

*Subd. 4. [IMPROVEMENTS TO OTHER PROPERTY.]* Nothing herein, ~~however,~~ shall preclude the city from constructing or financing ~~similar~~ energy conservation improvements to other property, in any manner otherwise authorized by law or the city charter.

Sec. 2. Laws 1981, chapter 223, section 6, subdivision 2, is amended to read:

*Subd. 2. [STATUS AND PROCEEDS OF BONDS AND NOTES.]* The revenue bonds and notes authorized herein are not considered to be mortgage subsidy bonds within the meaning of section 103A of the Internal Revenue Code of 1954, as amended, or bonds issued to provide projects for residential rental property within the meaning of section 103(b)(4)(A), of said Code, which ~~provides~~ provide that the interest on such bonds is subject to federal income taxation unless exempted by reason of the performance of certain conditions stated in these sections; because ~~they~~ the bonds and notes are authorized for the purpose of financing improvements needed for the welfare of the city as a whole, to avoid hardship which would result from the failure of utility service within the city. The proceeds are not to be used for ~~owner-financing~~ financing of financing owner-occupied or multifamily home improvements generally, but for financing the city’s undertaking of improvements which, though situated on private premises, are needed to protect all the citizens, in

a manner which is intended to pay the cost without thereby raising materially the level of current home energy costs of either the owners of the premises or other utility customers.

Sec. 3. Laws 1981, chapter 223, section 6, subdivision 3, is amended to read:

Subd. 3. [GENERAL POWERS.] Notwithstanding the provisions of subdivision 2, the city is authorized to do all things determined on the advice of counsel to be necessary or desirable to assure that any issue of revenue bonds or notes hereunder, if subject to section 103A or section 103(b)(4)(A) of the Internal Revenue Code of 1954, as amended, will be a qualified mortgage bond issue or will provide projects for residential rental property as described therein, ~~the interest on which~~ through the performance of conditions necessary to assure that the interest will be and remain exempt from federal income taxation. Until and unless it is determined by a clarifying amendment of section 103A of the Internal Revenue Code of 1954, as amended, or by rulings or regulations of the internal revenue service or a decision of a court of competent jurisdiction, that such issues are not mortgage subsidy bonds, the applicable limit established pursuant to section 103A of the Internal Revenue Code of 1954, as amended, upon the amount of qualified mortgage bonds which the city may issue in any calendar year, shall be \$3,000,000.

Sec. 4. [EFFECTIVE DATE.]

In subsequent years, the commissioner shall provide notice to each nursing home on or before May 1 of the rates effective for the following rate year. If a statute enacted after May 1 affects the rates, the commissioner shall provide a revised notice to each nursing home as soon as possible.

The commissioner shall establish, by rule, limitations on compensation recognized in the historical base for top management personnel. *Compensation for top management personnel shall continue to be categorized as a general and administrative cost and is subject to any limits imposed on that cost category.* The commissioner shall also establish, by rule, limitations on allowable nursing hours for each level of care for the rate years beginning July 1, 1983 and July 1, 1984. *For the rate year beginning July 1, 1984, nursing homes in which the nursing hours exceeded 2.9 hours per day for skilled*

*nursing care or 2.3 hours per day for intermediate care for the reporting year ending on September 30, 1983, shall be limited to a maximum of 3.2 hours per day for skilled nursing care and 2.6 hours per day for intermediate care.*

Sec. 9. Minnesota Statutes 1983 Supplement, section 256B.431, subdivision 2, is amended to read:

Subd. 2. [OPERATING COSTS, 1984-85.] (a) *For the rate year beginning July 1, 1984, the commissioner shall establish, by rule, procedures for determining per diem reimbursement for operating costs based on actual resident days. The commissioner shall disallow any portion of the general and administration cost category, exclusive of fringe benefits and payroll taxes, that exceeds:*

*10 percent (1) for nursing homes with more than 100 certified beds in total, the greater of ten percent or \$2.95 per day per resident for skilled level, \$2.54 per day per resident for intermediate care one level, or \$1.82 per day per resident for intermediate care two level;*

*12 percent (2) for nursing homes with fewer than 101 but more than 40 certified beds in total, the greater of 12 percent or \$3.06 per day per resident for skilled level, \$2.70 per day per resident for intermediate care one level, or \$1.82 per day per resident for intermediate care two level;*

*14 percent (3) for nursing homes with 40 or fewer certified beds in total, the greater of 14 percent or \$5.78 per day per resident for skilled level, \$3.72 per day per resident for intermediate care one level, or \$3.72 per day per resident for intermediate care two level; and*

*(4) 15 percent for convalescent and nursing care units attached to hospitals for the rate year beginning July 1, 1983 1984,*

*of the expenditures in all operating cost categories except fringe benefits, payroll taxes, and general and administration.*

*(b) Subd. 2a. [OPERATING COSTS, 1983-1984.] For the rate year beginning July 1, 1983, and ending June 30, 1984, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on the allowed historical operating costs as reported in the most recent cost report received by December 31, 1982 and audited by March 1, 1983, and may be subsequently adjusted to reflect the costs allowed. To determine the allowed historical operating cost, the commissioner shall update the historical per diem shown in those cost reports to June 30, 1983, using a nine percent annual rate of increase after applying the general and administrative cost limitation described in paragraph (a) subdivision 2. The commissioner shall calculate the 60th percentile of actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1.*

*(1) (a) Within each group, each nursing home whose actual allowable historical operating cost per diem as determined under this paragraph (b) subdivision is above the 60th percentile shall receive the 60th percentile increased by six percent plus 80 percent of the difference between its actual allowable operating cost per diem and the 60th percentile.*

*(2) (b) Within each group, each nursing home whose actual allowable historical operating cost per diem is at or below the 60th percentile shall receive*

that actual allowable historical operating cost per diem increased by six percent.

For the rate year beginning July 1, 1984, and ending June 30, 1985, the prospective operating cost payment rate for each nursing home shall be determined by the commissioner based on actual allowable historical operating costs incurred during the reporting year preceding the rate year. The commissioner shall analyze and evaluate each nursing home's report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year. The actual allowable historical operating costs, after the commissioner's analysis and evaluation, shall be added together and divided by the number of actual resident days to compute the actual allowable historical operating cost per diem. The commissioner shall calculate the 60th percentile of actual allowable historical operating cost per diem for each group of nursing homes established under subdivision 1.

(3) (c) Within each group, each nursing home whose actual allowable historical operating cost per diem is above the 60th percentile of payment rates shall receive the 60th percentile increased at an annual rate of six percent plus 75 percent of the difference between its actual allowable historical operating cost per diem and the 60th percentile.

(4) (d) Within each group, each nursing home whose actual allowable historical operating cost per diem is at or below the 60th percentile shall receive that actual allowable historical operating cost per diem increased at an annual rate of six percent.

(e) *Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For subsequent years rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.*

(4) (b) *The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.*

(2) *Establish the 60th percentile of actual allowable historical operating cost per diem for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. (c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective. The allowable historical operating costs, after the commissioner's analysis and evaluation, shall be added together and divided by the actual number of resident days in order to compute the actual allowable historical operating cost per diem;*

(d) *The commissioner shall establish limits on actual allowable historical operating cost per diem based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, age, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. The limits established by the commissioner shall not be less, in the aggregate, than the 60th*

percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories.

(3) (e) The commissioner shall establish a composite index for each group or indices by determining the weighted average of all appropriate economic change indicators to be applied to the specific operating cost categories in that group; or combination of operating cost categories.

(4) Within each group, each nursing home shall receive the 60th percentile increased by the composite index calculated in paragraph (e)(3). The historical base for determining the prospective payment rate shall not exceed the operating cost payment rates during that reporting year.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability of each proprietary nursing home as an operating cost of that nursing home. The commissioner shall include a reported actual special assessment for each nursing home as an operating cost of that nursing home. Total real estate tax liability and actual special assessments paid for each nursing home (i) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, but (ii) shall not be used to compute the 60th percentile (2) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices es-

ablished pursuant to paragraph (e).

*Subd. 2c. [OPERATING COSTS AFTER JULY 1, 1986.] For rate years beginning on or after July 1, 1986, the commissioner may allow a one time adjustment to historical operating costs of a nursing home that has been found by the commissioner of health to be significantly below care related minimum standards appropriate to the mix of resident needs in that nursing home when it is determined by the commissioners of health and public welfare that the nursing home is unable to meet minimum standards through reallocation of nursing home costs and efficiency incentives or allowances. In developing procedures to allow adjustments, the commissioner shall specify the terms and conditions governing any additional payments made to a nursing home as a result of the adjustment. The commissioner shall establish procedures to recover amounts paid under this subdivision, in whole or in part, and to adjust current and future rates, for nursing homes that fail to use the adjustment to satisfy care related minimum standards.*

*(d) The commissioner shall allow the nursing home to keep, as an efficiency incentive, the difference between the nursing home's operating cost payment rate established for that rate year and the actual historical operating costs incurred for that rate year, if the latter amount is smaller. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up.*

*Subd. 2d. If an annual cost report or field audit indicates that the expenditures for direct resident care have been reduced in amounts large enough to indicate a possible detrimental effect on the quality of care, the commissioner shall notify the commissioner of health and the interagency board for quality assurance. If a field audit reveals that unallowable expenditures have been included in the nursing home's historical operating costs, the commissioner shall disallow the expenditures and recover the entire overpayment. The commissioner shall establish, by rule, procedures for assessing an interest charge at the rate determined for unpaid taxes or penalties under section 270.75 on any outstanding balance resulting from an overpayment or underpayment.*

*(e) Subd. 2e. [NEGOTIATED RATES.] Until procedures for determining operating cost payment rates according to mix of resident needs are established, the commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, or who have extensive care needs based on nursing hours actually provided or mental or physical disability, or who need for respite care for a specified and limited time period, and. The payment rate shall be based on an assessment of the nursing home's resident mix as determined by the commissioner of health. The payment rate negotiated and paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rule-making procedures required by chapter 14 and section 256B.502.*

*(f) Subd. 2f. [EXCLUSION.] Until groups are established according to mix of resident care needs procedures for determining operating cost payment rates according to mix of resident needs are established, nursing homes licensed on June 1, 1983 by the commissioner to provide residential services*

for the physically handicapped and nursing homes that have an average length of stay of less than 180 days shall not be included in the calculation of the 60th percentile of any group. For rate year beginning July 1, 1983 and July 1, 1984, each of these nursing homes shall receive their actual allowed historical operating cost per diem increased by six percent. The commissioner shall also apply to these nursing homes the percentage limitation on the general and administrative cost category as provided in subdivision 2, paragraph (a).

Sec. 10. Minnesota Statutes 1983 Supplement, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) A newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2, paragraph (b) to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2(f), the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by temporary and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. *Until procedures determining operating cost payment rates according to mix of resident needs are established*, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

*(b) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, is certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of public welfare under 12 MCAR S 2.036, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:*

*(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.*

*(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.*

(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

A facility that meets the criteria of this paragraph shall submit annual cost reports on forms prescribed by the commissioner.

Sec. 11. Minnesota Statutes 1983 Supplement, section 256B.431, subdivision 5, is amended to read:

Subd. 5. [ADJUSTMENTS.] When resolution of appeals or on-site field audits of the records of nursing homes within a group result in adjustments to the 60th percentile of the payment rates within the group in any the reporting year ending on September 30, 1983, the 60th percentile established for the following rate year for that group shall be increased or decreased by the adjustment amount.

Sec. 12. Minnesota Statutes 1983 Supplement, section 256B.50, is amended to read:

#### 256B.50 [APPEALS.]

A nursing home may appeal a decision arising from the application of standards or methods pursuant to sections 256B.41 and 256B.47 if the appeal, if successful, would result in a change to the nursing home's payment rate. The appeal procedures also apply to appeals of payment rates calculated under 12 MCAR S 2.049 filed with the commissioner on or after May 1, 1984. To appeal, the nursing home shall notify the commissioner in writing of its intent to appeal within 30 days and submit a written appeal request within 60 days of receiving notice of the payment rate determination or decision. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the dollar amount involved for each disputed item, the computation that the nursing home believes is correct, the authority in statute or rule upon which the nursing home relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner. The appeal shall be heard by a hearing examiner according to sections 14.48 to 14.56, or upon agreement by both parties according to a modified appeals procedure established by the commissioner and the hearing examiner. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect. Regardless of any rate appeal, the rate established shall be the rate paid and shall remain in effect until final resolution of the appeal or subsequent desk or field audit adjustment, notwithstanding any provision of law or rule to the contrary. To challenge the validity of rules established by the commissioner pursuant to sections 256B.41, 256B.421, 256B.431, 256B.47, 256B.48, 256B.50, and 256B.502, a nursing home shall comply with section 14.44.

Sec. 13. Minnesota Statutes 1983 Supplement, section 256B.431, is amended by adding a subdivision to read:

Subd. 6. The commissioners of health and public welfare shall adopt tem-

*porary rules necessary for the implementation and enforcement of the reimbursement system established in sections 1 to 11. The commissioner of health may adopt temporary rules relating to the licensure requirements of boarding care homes and nursing homes promulgated under sections 144.56 and 144A.08 if appropriate due to the changes in the reimbursement system. Until June 30, 1986, any temporary rules adopted by the commissioner of health or the commissioner of public welfare under this section shall be adopted in accordance with the provisions contained in sections 14.29 to 14.36 in effect on March 1, 1984. Temporary rules adopted under this subdivision have the force and effect of law and remain in effect until June 30, 1986, unless otherwise superseded by rule. The procedures for the adoption of the temporary rules authorized by this subdivision shall prevail over any other act that amends chapter 14 regardless of the date of final enactment of those amendments. The rules shall be developed in consultation with the interagency board for quality assurance and the board shall conduct public hearings and consult with providers and consumers as appropriate. The commissioners of health and public welfare shall consider all comments received and shall not implement the temporary rules until a report on the proposed rules has been presented to the senate health and human services committee and the house of representatives health and welfare committee. The rules are effective five days after publication in the State Register.*

Sec. 14. Minnesota Statutes, 1983 Supplement, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. *Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be offered to all residents and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure standards and that if not provided would result in a deficiency or violation by the nursing home.* A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall

request assignment of a hearing examiner under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The hearing examiner shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance;

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home;

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home;

~~(d) Requiring any applicant to the nursing home, or the applicant's guardian or conservator, as a condition of admission, to assure that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs. Providing differential treatment on the basis of status with regard to public assistance;~~

*(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance. Admissions discrimination shall include, but is not limited to:*

*(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs;*

*(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately.*

*The collection and use by a nursing home of financial information of any applicant pursuant to the pre-admission screening program established by section 256B.091 shall not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph;*

~~(e)~~ (f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any portion of his fee to the nursing home except as payment for renting or leasing space or equipment of the nursing home or purchasing support services, if those agreements are disclosed to the commissioner; and

(f) (g) Refusing, for more than 24 hours, to accept a resident returning to his same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section

290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or his guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against his individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of his individual account.

*The commissioner may continue to make medical assistance payments to a nursing home or boarding care home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20 day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation, and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.*

*In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.*

Sec. 15. Minnesota Statutes 1982, section 256D.06, is amended by adding a subdivision to read:

*Subd. 6. General assistance funds may be paid to cover the room and board needs of persons who are eligible for general assistance and who are placed by the county in a licensed facility for the purpose of receiving physical, mental health or rehabilitative care.*

Sec. 16. [OPERATING COST ADJUSTMENT ALLOWANCE.]

*For the rate year beginning July 1, 1984, and ending June 30, 1985, the commissioner shall add 24 cents per resident per day to the operating cost payment rate of each nursing home whose allowable historical operating cost per diem is below the 60th percentile of allowable historical operating costs per diems for its respective group and shall add 6 cents per resident per day to the operating cost payment rate of each nursing home whose allowable historical operating cost per diem is at or above the 60th percentile of allowable historical operating costs per diems for its respective group. The groups shall be the groups established under section 256B.431, subdivision 1, based on cost reports of allowable historical operating costs incurred in the previous*

reporting year. Any change in the ranking of nursing homes as a result of amendments, field audits or appeal settlements shall not affect the calculation in this clause.

Sec. 17. [APPROPRIATION.]

*The sum of \$698,000 is appropriated from the general fund to the commissioner of health for purposes of sections 1, 2, and 12 and is available until June 30, 1985. The approved complement of the department of health is increased by 22 positions for the purposes of sections 1, 2, and 12. Ten of these positions are temporary to continue only until June 30, 1985.*

Sec. 18. [EFFECTIVE DATE.]

*Sections 1 to 13 are effective the day following final enactment."*

“Section 1. Minnesota Statutes 1982, section 518.145, is amended to read:

518.145 [DECREE.]

A decree of dissolution of marriage or of legal separation is final when entered, subject to the right of appeal. When entered, the findings of fact and conclusions of law may constitute the judgment and decree. *When a stipulation has been filed with the court, the decree of dissolution may incorporate the stipulation by reference and the court may adopt the terms of the stipulation as its findings of fact, conclusions of law, and decree.* An appeal from the decree of dissolution that does not challenge the finding that the marriage is irretrievably broken does not delay the finality of that provision of the decree which dissolves the marriage beyond the time for appealing from that provision. A party may remarry before the time for appeal has run if it is not contested that the marriage is irretrievably broken or if a stipulation that the marriage is irretrievably broken is incorporated in the decree of dissolution.

If a parent dies and a child is subsequently adopted by a stepparent who is the spouse of a surviving parent, any rights of inheritance of the child or the child's issue from or through the deceased parent of the child which exist at the time of the death of that parent shall not be affected by the adoption.*

*(2) In cases not covered by (1), a person born out of wedlock is a child of the mother. That person is also a child of the father, if:*

*(i) the natural parents participated in a marriage ceremony before or after the birth of the child, even though the attempted marriage is void; or*

*(ii) the paternity is established by an adjudication or by acknowledgment, consent, or agreement pursuant to sections 257.51 to 257.74 before the death of the father or is established thereafter by clear and convincing proof, except that the paternity established under this clause is ineffective to qualify the father or his kindred to inherit from or through the child unless the father has openly treated the child as his, and has not refused to support the child.*

Sec. 11. [524.2-111] [DEBTS TO DECEDENT.]

*A debt owed to the decedent is not charged against the intestate share of any person except the debtor. If the debtor fails to survive the decedent, the debt is not taken into account in computing the intestate share of the debtor's issue.*

Sec. 12. [524.2-112] [ALIENAGE.]

ELECTIVE SHARE OF SURVIVING SPOUSE

Sec. 15. [524.2-201] [RIGHT TO ELECTIVE SHARE.]

*(a) If a married person domiciled in this state dies, the surviving spouse has a right of election to take an elective share of one-third of the augmented estate under the limitations and conditions hereinafter stated.*

*(b) If a married person not domiciled in this state dies, the right, if any, of the surviving spouse to take an elective share in property in this state is governed by the law of the decedent's domicile at death.*

Sec. 16. [524.2-202] [AUGMENTED ESTATE.]

*The augmented estate means the estate reduced by funeral and administration expenses, homestead allowance, family allowances and exemptions, liens, mortgages, and enforceable claims, to which is added the sum of the following amounts:*

*(1) The value of property transferred by the decedent at any time during the marriage, to or for the benefit of any person other than the surviving spouse, to the extent that the decedent did not receive adequate and full consideration in money or money's worth for the transfer, if the transfer is of any of the following types:*

*(i) any transfer under which the decedent retained at the time of death the possession or enjoyment of, or right to income from, the property;*

*(ii) any transfer to the extent that the decedent retained at the time of death a power, either alone or in conjunction with any other person, to revoke or to consume, invade or dispose of the principal for his or her own benefit;*

*(iii) any transfer whereby property is held at the time of decedent's death by decedent and another with right of survivorship;*

*(iv) any transfer made within one year of death of the decedent to the extent that the aggregate transfers to any one donee in the year exceeds \$30,000.*

*Any transfer is excluded if made with the written consent or joinder of the surviving spouse. Property is valued as of the decedent's death except that property given irrevocably to a donee during lifetime of the decedent is valued as of the date the donee came into possession or enjoyment if that occurs first.*

*(2) The value of property owned by the surviving spouse at the decedent's death, plus the value of property transferred by the spouse at any time during marriage to any person other than the decedent which would have been in-*

cludible in the spouse's augmented estate if the surviving spouse had predeceased the decedent, to the extent the owned or transferred property is derived from the decedent by any means other than testate or intestate succession or as an obligation of support without a full consideration in money or money's worth. For purposes of this clause:

(i) Property derived from the decedent includes, but is not limited to, any beneficial interest of the surviving spouse in a trust created by the decedent during the decedent's lifetime, any property appointed to the spouse by the decedent's exercise of a general or special power of appointment also exercisable in favor of others than the spouse, any lump sum immediately payable and the commuted value of the proceeds of annuity contracts under which the decedent was the primary annuitant attributable to premiums paid by him, the commuted value of amounts payable after the decedent's death under any public or private pension, disability compensation, benefit, or retirement plan, exclusive of the Federal Social Security system, by reason of service performed or disabilities incurred by the decedent, any property held at the time of decedent's death by decedent and the surviving spouse with right of survivorship, any property held by decedent and transferred by contract to the surviving spouse by reason of the decedent's death, and the value of the share of the surviving spouse resulting from rights in community property in this or any other state formerly owned with the decedent. The augmented estate does not include the proceeds of life insurance payable upon the death of the decedent in lump sum or in the form of an annuity or as part of any pension or profit sharing plan, nor does it include premiums paid therefore by the decedent or any other person.

(ii) Property owned by the spouse at the decedent's death is valued as of the date of death. Property transferred by the spouse is valued at the time the transfer became irrevocable, or at the decedent's death, whichever occurred first. Income earned by included property prior to the decedent's death is not treated as property derived from the decedent.

(iii) Property owned by the surviving spouse as of the decedent's death, or previously transferred by the surviving spouse, is presumed to have been derived from the decedent except to the extent that the surviving spouse establishes that it was derived from another source.

(3) The value of property paid to or for the benefit of any person other than the surviving spouse as a result of the decedent's death if the property is any of the following types:

(i) any lump sum immediately payable and the commuted value of the proceeds of annuity contracts under which the decedent was the primary annuitant attributable to premiums paid by the decedent during the marriage, or

(ii) the commuted value of amounts payable after the decedent's death under any public or private pension, disability compensation, benefit or retirement plan, exclusive of the Federal Social Security system, by reason of service performed or disabilities incurred by the decedent, attributable to premiums or contributions paid by the decedent during the marriage.

Unless the payer of any such property has received written notice of intention to file a petition for the elective share, the property may be paid, upon

*request and satisfactory proof of the decedent's death, to the designated beneficiary of the property. Payment made discharges the payer from all claims for the amounts paid. The protection here given does not extend to payments made after the payer has received written notice of intention to file a petition for the elective share. Unless the notice is withdrawn by the surviving spouse, the surviving spouse must concur in any demand for withdrawal if the payer is to be protected under this provision.*

*Upon petition to the probate court by the designated beneficiary, the court may order that all or part of the property may be paid to the designated beneficiary in such amount and subject to such conditions as are consistent with this section.*

**Sec. 17. [524.2-203] [RIGHT OF ELECTION PERSONAL TO SURVIVING SPOUSE.]**

*The right of election of the surviving spouse may be exercised only during his lifetime by him. In the case of a protected person, the right of election may be exercised only by order of the court in which protective proceedings as to his property are pending, after finding (1) that exercise is necessary to provide adequate support for the protected person during his probable life expectancy and (2) that the election will be consistent with the best interests of the natural bounty of the protected person's affection.*

**Sec. 18. [524.2-204] [WAIVER OF RIGHT TO ELECT AND OF OTHER RIGHTS.]**

*The right of election of a surviving spouse and the rights of the surviving spouse to homestead allowance, exempt property and family allowance, or any of them, may be waived, wholly or partially, after marriage, by a written contract, agreement or waiver signed by the party waiving after fair disclosure. Unless it provides to the contrary, a waiver of "all rights", or equivalent language, in the property or estate of a spouse is a waiver only of the right to elective share. Any waiver prior to marriage must be made pursuant to section 519.11.*

**Sec. 19. [524.2-205] [PROCEEDING FOR ELECTIVE SHARE; TIME LIMIT.]**

*(a) The surviving spouse may elect to take an elective share in the augmented net estate by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within nine months after the date of death, or within six months after the probate of the decedent's will, whichever limitation last expires. However, non-probate transfers, described in section 17, clause (1), shall not be included within the augmented estate for the purpose of computing the elective share, if the petition is filed later than nine months after death. The court may extend the time for election as it sees fit for cause shown by the surviving spouse before the time for election has expired.*

*(b) The surviving spouse shall give notice of the time and place set for hearing to persons interested in the estate and to the distributees and recipients of portions of the augmented net estate whose interests will be affected by the taking of the elective share.*

*(c) The surviving spouse may withdraw his demand for an elective share at*

any time before entry of a final determination by the court.

(d) After notice and hearing, the court shall determine the amount of the elective share and shall order its payment from the assets of the augmented net estate or by contribution as appears appropriate under section 22. If it appears that a fund or property included in the augmented net estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than he would have been if relief had been secured against all persons subject to contribution.

(e) The order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions.

**Sec. 20. [524.2-206] [EFFECT OF ELECTION ON BENEFITS BY WILL OR STATUTE.]**

A surviving spouse is entitled to the allowances provided in section 525.15 whether or not he or she elects to take an elective share.

**Sec. 21. [524.2-207] [CHARGING SPOUSE WITH GIFTS RECEIVED; LIABILITY OF OTHERS FOR BALANCE OF ELECTIVE SHARE.]**

(a) In the proceeding for an elective share, values included in the augmented estate which pass or have passed to the surviving spouse, or which would have passed to the surviving spouse but were renounced, are applied first to satisfy the elective share and to reduce any contributions due from other recipients of transfers included in the augmented estate. For purposes of this paragraph, the electing spouse's beneficial interest in any life estate or in any trust shall be computed as if worth one-half of the total value of the property subject to the life estate, or of the trust estate, unless higher or lower values for these interests are established by proof.

(b) Remaining property of the augmented estate is so applied that liability for the balance of the elective share of the surviving spouse is equitably apportioned among the recipients of the augmented estate in proportion to the value of their interests therein.

(c) Only original transferees from, or appointees of, the decedent and their donees, to the extent the donees have the property or its proceeds, are subject to the contribution to make up the elective share of the surviving spouse. A person liable to contribution may choose to give up the property transferred to him or to pay its value as of the time it is considered in computing the augmented estate.

**SPOUSE AND CHILDREN UNPROVIDED FOR IN WILLS**

**Sec. 22. [524.2-301] [OMITTED SPOUSE.]**

*testator provided for the spouse by transfer outside the will and the intent that the transfer be in lieu of a testamentary provision is shown by statements of the testator or from the amount of the transfer or other evidence.*

*(b) In satisfying a share provided by this section, the devises made by the will abate as provided in Minnesota Statutes, section 524.3-902.*

**Sec. 23. [524.2-302] [PRETERMITTED CHILDREN.]**

*(a) If a testator fails to provide in his will for any of his children born or adopted after the execution of his will, the omitted child receives a share in the estate equal in value to that which he would have received if the testator had died intestate unless:*

*(1) it appears from the will that the omission was intentional;*

*(2) when the will was executed the testator had one or more children and devised substantially all his estate to the other parent of the omitted child; or*

*(3) the testator provided for the child by transfer outside the will and the intent that the transfer be in lieu of a testamentary provision is shown by statements of the testator or from the amount of the transfer or other evidence.*

*(b) If at the time of execution of the will the testator fails to provide in his will for a living child solely because he believes the child to be dead, the child receives a share in the estate equal in value to that which he would have received if the testator had died intestate.*

*(c) In satisfying a share provided by this section, the devises made by the will abate as provided in Minnesota Statutes, section 524.3-902.*

- (a) The total wage credits earned in the base period;
- (b) The number of credit weeks which end within the base period;
- (c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;
- (d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and
- (e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual. Upon establishment of a benefit year, the commissioner shall give notice to the last employer for whom the individual worked and all base period employers. The employer so notified shall have seven days after the mailing of the notice to file a protest to charges or raise an issue of ineligibility or disqualification.

(3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to his last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of economic security and credited to the contingent fund if he has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to his last known address. If, upon review of the wage information on file with the department it is found that an employer failed to provide wage information for the claimant, the commissioner shall accept a claimant certification as to the wages earned, based upon the claimant's records, and issue a monetary determination of validity based upon the certification. The employer who failed to report the individual's wages or filed an erroneous report shall be penalized in accordance with section 268.16 or 268.18. In the absence of fraud, if a redetermination of validity of claim based on an employer's late or erroneous report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such redetermination; and.

(b) (4) The commissioner shall determine any issue of disqualification raised by clause (1) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in clause (1), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.

Upon the deposit in the employment services administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent account, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the employment services administration fund to said contingent account. All moneys in this account shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for the other special accounts in the state treasury. Sec. 23. Minnesota Statutes 1983 Supplement, section 268.16, subdivision 2, is amended to read:

Subd. 2. [REPORTS; DELINQUENCIES; PENALTIES.] (1) Any employer who knowingly fails to make and submit to the department of economic security any *contribution report of wages paid by or due from him for insured work in the manner and at the time such the report is required by regulations rules* prescribed by the commissioner shall pay to the department of economic security for the contingent account a penalty in the amount of one and one-half percent of contributions accrued during the period for which *such the report is required, for each month from and after such the due date until such the report is properly made and submitted to the department of economic security.* In no case shall the amount of the penalty imposed hereby be less than \$5 per month. The maximum penalty imposed hereby shall be \$25 or the amount determined at the rate of 1-1/2 percent per month, whichever is greater. ~~Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of economic security for the contingent account. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.~~

(2) If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof, or shall make, willfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for

him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report.

(3) Any employer who fails to file the wage detail report required by section 268.121 shall pay to the department of economic security for the contingent account a penalty of one-tenth of one percent of total wages paid and wages due but not paid during the period for each month the report is delinquent. The penalty shall not be assessed if the wage detail report is properly made and filed within 30 days after a demand for the report is mailed to the employer's address of record. In no case shall the amount of the penalty, if assessed, be more than \$500 or less than \$25. Penalties due under this subdivision may be waived where good cause for late filing is found by the commissioner. Any employer who files the wage detail report required by section 268.121 but knowingly fails to include any of the required information or knowingly enters erroneous information shall be subject to a penalty of \$25 for each individual for whom the information is missing or erroneous.

(4) Any employing unit which fails to make and submit to the commissioner any report, other than a contribution report or wage detail report, as and when required by rule, shall be subject to a penalty in the sum of \$25 payable to the department of economic security for the contingent account.

(5) Penalties provided for in paragraphs (1), (3), and (4) shall be in addition to interest and any other penalties imposed by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

#### Sec. 24. [BENEFIT AND WAGE STUDY.]

The commissioner shall conduct a study of benefit claims and wage data reported under section 268.121. The study shall include, but not be limited to, determining and examining cyclical patterns of unemployment, reemployment and benefit duration. The commissioner shall report the results of the study to the 1986 regular session of the legislature.

For purposes of this clause, the state's three-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants under this law during the 36 consecutive calendar months immediately preceding July 1 of each year by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

(b) Not exceeding 2-7/10 percent, that is the higher of (1) one percent and (2) the state's four-year benefit cost rate for the 48 consecutive month period immediately preceding July 1 of each year for each employer, except employers in the construction industry, as determined by the commissioner, who becomes subject to this law subsequent to December 31, 1983 and prior to January 1, 1985. For purposes of this clause, the state's four-year benefit cost rate shall be computed and derived by dividing the total dollar amount of benefits paid to claimants of construction employers, as determined by the commissioner, during the 48 consecutive calendar months immediately preceding July 1, 1983 by the total dollar amount of wages of construction employers subject to contributions during the same period. The rate so determined shall be applicable for the calendar year 1984.

For purposes of this clause, the state's five-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants under this law during the 60 consecutive calendar months immediately preceding July 1, 1984 and each year thereafter by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

The rate so determined shall be applicable for the calendar year next succeeding each computation date.

Subd. 2. [EMERGENCY INTEREST REPAYMENT FUND, CREATION.] A special fund to be known as the emergency interest repayment fund is created in the state treasury. The special fund is separate and distinct from any fund or account created for any other purposes of sections 268.03 to 268.24. The maximum weekly benefit amount as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to June 30 of each year.

(3) If the commissioner finds that an individual has sufficient wages within the base period to establish a valid claim, the weekly benefit amount payable to the individual during his benefit year shall equal 1/26 of the individual's high quarter wage credits, rounded to the next lower whole dollar.

(4) Notwithstanding the provisions of paragraph (3), the maximum weekly benefit for claims for benefits which establish a benefit year subsequent to June 30, 1982, and prior to July 1, 1988, shall be as follows:

(a) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1982, and prior to July 1, 1983, shall be \$184.

(b) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1983, and prior to July 1, 1984, shall be \$191.

(c) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1984, and prior to July 1, 1985, shall be \$198.

(d) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1985, and prior to July 1, 1986, shall be \$205.

(e) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1986, and prior to July 1, 1987, shall be \$212.

(f) The maximum benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1987, and each subsequent year shall be \$219.

(2) An individual's maximum amount of regular benefits payable in a benefit year shall not exceed the lesser of (a) 26 times his weekly benefit amount or (b) 70 percent of the number of credit weeks earned by such an individual computed to the nearest whole week times his weekly benefit amount.

(5) Any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to one-third of his total base period wage credits rounded to the next lower dollar not to exceed 26 times his weekly benefit amount.

(3) (6) Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his weekly benefit amount less that part of his earnings, including holiday pay, payable to him with respect to such week which is in excess of \$25 or \$200 for earnings from service in the national guard or a United States military reserve unit. Jury duty pay is not considered as earnings and shall not be deducted from benefits paid. Such benefit, if not a whole dollar amount shall be rounded down to the next lower dollar amount.

(4) The provisions of clauses (1) and (2) shall apply to claims for benefits

which establish a benefit year subsequent to June 30, 1983.

Sec. 13. Minnesota Statutes 1982, section 268.07, subdivision 2a, is amended to read:

Subd. 2a. [EXCEPTION.] Notwithstanding the provisions of subdivision 2, if the commissioner finds that an individual has earned ~~credit weeks wage credits~~ in seasonal employment, benefits shall be payable only if the commissioner finds that the individual has earned ~~45 credit weeks wage credits equal to or in excess of 30 times the individual's weekly benefit amount~~ in employment which is not seasonal, in addition to any ~~credit weeks wage credits~~ in seasonal employment. For the purposes of this subdivision, "seasonal employment" means employment with a single employer in the recreation or tourist industry which is available with the employer for 15 consecutive weeks or less each calendar year.

Sec. 14. Minnesota Statutes 1983 Supplement, section 268.07, subdivision 3, is amended to read:

Subd. 3. [WHEN WAGE CREDITS ARE NOT AVAILABLE.] (1) ~~No individual may receive benefits in a benefit year unless, subsequent to the beginning of the next preceding benefit year during which benefits were received, the individual performed service in insured work as defined in section 268.04, subdivision 17, and earned remuneration for the service in an amount equal to not less than the minimum wage credits required to qualify for benefits~~ *To establish a second benefit year following the expiration of an immediately preceding benefit year, an individual must have sufficient wage credits to establish a claim under the provisions of this section and must have performed services after the establishment of the expired benefit year. The services performed must have been in insured work and the wage credits from the services must equal not less than ten times the weekly benefit amount of the second benefit year.*

(2) No employer who provided 90 percent or more of the wage credits in a claimant's base period shall be charged for benefits based upon earnings of the claimant during a subsequent base period unless the employer has employed the claimant in any part of the subsequent base period.

(3) Wages paid by an employing unit may not be used for benefit purposes by any individual who (a) individually or jointly with a spouse, parent or child owns or controls directly or indirectly 25 percent or more interest in the employing unit; or (b) is the spouse, parent or minor child of any individual who owns or controls directly or indirectly 25 percent or more interest in the employing unit; and (c) is not permanently separated from employment.

This clause is effective when the individual has been paid four times the individual's weekly benefit amount in the current benefit year.

(4) Wages paid in seasonal employment, as defined in subdivision 2a, are not available for benefit purposes during weeks in which there is no seasonal employment available with the employer.

Sec. 15. Minnesota Statutes 1983 Supplement, section 268.08, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] An individual shall be eligible to receive benefits with respect to any week of unemployment only if

the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt; and

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended;

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the ~~credit weeks~~ *wage credits* earned in the base period were for services performed during weeks in which the student was attending school as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty.

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. However, payment for the waiting week shall be made to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment. No individual is required to serve a waiting period of more than one week within the one year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 16. Minnesota Statutes 1983 Supplement, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from employment under clauses (1), (2), or (3) shall be disqualified for waiting week credit and benefits. For separations under clauses (1) and (2), the disqualification shall continue until ~~four~~ *eight* calendar weeks have elapsed following his separation and the individual has earned ~~four~~ *eight* times his weekly benefit amount in insured work.

(1) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued his employment with such employer. For the purpose of this clause, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment or based solely on a provision in a collective bargaining agreement by which an

individual has vested discretionary authority in another to act in behalf of the individual shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(2) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with his work or for misconduct which interferes with and adversely affects his employment.

An individual shall not be disqualified under clauses (1) and (2) of this subdivision under any of the following conditions:

(a) The individual voluntarily discontinued his employment to accept work offering substantially better conditions of work or substantially higher wages or both;

(b) The individual is separated from employment due to his own serious illness provided that such individual has made reasonable efforts to retain his employment;

An individual who is separated from his employment due to his illness of chemical dependency which has been professionally diagnosed or for which he has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment he knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain his employment.

(c) The individual accepts work from a base period employer which involves a change in his location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues his employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(d) The individual left employment because he had reached mandatory retirement age and was 65 years of age or older;

(e) The individual is terminated by his employer because he gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which he receives his normal wage or salary which is equal to or greater than his weekly benefit amount;

(f) The individual is separated from employment due to the completion of

an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(g) The individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual.

(3) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with his work or gross misconduct which interferes with and adversely affects his employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom he was discharged for gross misconduct connected with his work.

For the purpose of this clause "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, gross misconduct also includes misconduct involving an act of patient or resident abuse as defined in section 626.557, subdivision 2, clause (d).

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with his work.

(4) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing clauses, excepting clauses (2)(c) and (2)(e), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure, without good cause, to accept an offer of suitable re-employment shall not be used as a factor in determining the future contribution rate of the employer whose offer of re-employment he failed to accept or whose offer of re-employment was refused solely due to the distance of the available work from his residence, the individual's own serious illness or his other employment at the time of the offer.

(5) An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after his separation from employment with the employer.

(6) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from his own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 17. Minnesota Statutes 1983 Supplement, section 268.09, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK

OR RE-EMPLOYMENT.] An individual shall be disqualified for waiting week credit and benefits during the week of occurrence and until ~~four~~ eight calendar weeks have elapsed following his refusal or failure and he has earned ~~four~~ eight times his weekly benefit amount in insured work if the commissioner finds that he has failed, without good cause, either to apply for available, suitable work of which he was advised by the employment office, or the commissioner or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commissioner, or to accept a base period employer's offer of re-employment offering substantially the same or better hourly wages and conditions of work as were previously provided by that employer in his base period.

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience, his length of unemployment and prospects of securing local work in his customary occupation, and the distance of the available work from his residence.

(b) Notwithstanding any other provisions of sections 268.03 to 268.24, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;

(4) if the individual is in training with the approval of the commissioner.

Sec. 18. Minnesota Statutes 1982, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] Claims for benefits shall be made in accordance with such regulations as the commissioner may prescribe. Each employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commissioner to each employer without cost to him.

(1) Any employer upon separation of an employee from his employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall provide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of his employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the

reason for separation from all employers in his base period.

(2) Upon the filing, by an individual, of a claim for benefits, the commissioner shall give notice to all such base period employers of the filing of such claim and request each such base period employer, within seven days after the mailing of such notice, to furnish the following information:

(a) The total wage credits earned in the base period;

(b) The number of credit weeks which end within the base period;

(c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;

(d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and

(e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual. Upon establishment of a benefit year, the commissioner shall give notice to the last employer for whom the individual worked and all base period employers. The employer so notified shall have seven days after the mailing of the notice to file a protest to charges or raise an issue of ineligibility or disqualification.

(3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to his last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of economic security and credited to the contingent fund if he has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to his last known address. If, upon review of the wage information on file with the department it is found that an employer failed to provide wage information for the claimant, the commissioner shall accept a claimant certification as to the wages earned, based upon the claimant's records, and issue a monetary determination of validity based upon the certification. The employer who failed to report the individual's wages or filed an erroneous report shall be penalized in accordance with section 268.16 or 268.18. In the absence of fraud, if a redetermination of validity of claim based on an employer's late or erroneous report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such redetermination; and.

(b) (4) The commissioner shall determine any issue of disqualification raised by clause (1) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in clause (1), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.

Sec. 19. Minnesota Statutes 1983 Supplement, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. ~~If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks from all employers in insured work by the number of base period credit weeks.~~ If within the time specified for the filing of ~~wage and separation information a protest~~ as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing

the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 20. Minnesota Statutes 1983 Supplement, section 268.12, subdivision 8, is amended to read:

Subd. 8. [RECORDS; REPORTS.] (1) Each employing unit shall keep true and accurate work records for such periods of time and containing such information as the commissioner may prescribe. Such records shall be open to inspection, audit, and verification, and be subject to being copied by any authorized representative of the commissioner at any reasonable time and as often as may be necessary. The commissioner, appeal referee, or any other duly authorized representative of the commissioner, may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commissioner, appeal referee, or any other duly authorized representative of the commissioner deems necessary for the effective administration of sections 268.03 to 268.24, ~~provided that quarterly contribution and wage report forms shall include the employee's name, social security number, and total wages paid to the employee.~~

(2) The commissioner may cause to be made such summaries, compilations, photographs, duplications, or reproductions of any records, reports, or transcripts thereof as he may deem advisable for the effective and economical preservation of the information contained therein, and such summaries, compilations, photographs, duplications or reproductions, duly authenticated, shall be admissible in any proceeding under sections 268.03 to 268.24, if the original record or records would have been admissible therein. Notwithstanding any restrictions contained in section 16.02, except restrictions as to

quantity, the commissioner is hereby authorized to duplicate, on equipment furnished by the federal government or purchased with funds furnished for that purpose by the federal government, records, reports, summaries, compilations, instructions, determinations, or any other written matter pertaining to the administration of the Minnesota Employment Services Law.

(3) Notwithstanding any inconsistent provisions elsewhere, the commissioner may provide for the destruction or disposition of any records, reports, transcripts, or reproductions thereof, or other papers in his custody, which are more than two years old, the preservation of which is no longer necessary for the establishment of contribution liability or benefit rights or for any purpose necessary to the proper administration of sections 268.03 to 268.24, including any required audit thereof, provided, that the commissioner may provide for the destruction or disposition of any record, report, or transcript, or other paper in his custody which has been photographed, duplicated, or reproduced in the manner provided in clause (2).

(4) Notwithstanding the provisions of the Minnesota State Archives Act the commissioner shall with the approval of the legislative auditor destroy all benefit checks and benefit check authorization cards that are more than two years old and no person shall make any demand, bring any suit or other proceeding to recover from the state of Minnesota any sum alleged to be due him on any claim for benefits after the expiration of two years from the date of filing such claim.

Sec. 21. Minnesota Statutes 1982, section 268.121, is amended to read:

268.121 [WAGE REPORTING.]

Beginning on April 1, 1984, each employer subject to this chapter shall provide the commissioner with a quarterly report of the wages, as defined in section 268.04, subdivision 25, paid to each employee of that employer covered by this chapter. ~~The commissioner shall provide the legislature with his recommendations for statutory changes to fully implement this section no later than January 1, 1983. The report must include the employee's name, social security number, and total wages paid to the employee.~~

Sec. 22. Minnesota Statutes 1983 Supplement, section 268.16, subdivision 2, is amended to read:

Subd. 2. [REPORTS; DELINQUENCIES; PENALTIES.] (1) Any employer who knowingly fails to make and submit to the department of economic security any contribution report of wages paid by or due from him for insured work in the manner and at the time such the report is required by regulations rules prescribed by the commissioner shall pay to the department of economic security for the contingent account a penalty in the amount of one and one-half percent of contributions accrued during the period for which such the report is required, for each month from and after such the due date until such the report is properly made and submitted to the department of economic security. In no case shall the amount of the penalty imposed hereby be less than \$5 per month. The maximum penalty imposed hereby shall be \$25 or the amount determined at the rate of 1-1/2 percent per month, whichever is greater. ~~Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be~~

subject to a penalty in the sum of \$10 payable to the department of economic security for the contingent account. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

(2) If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof, or shall make, willfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report.

(3) Any employer who fails to file the wage detail report required by section 268.121 shall pay to the department of economic security for the contingent account a penalty of one-tenth of one percent of total wages paid and wages due but not paid during the period for each month the report is delinquent. The penalty shall not be assessed if the wage detail report is properly made and filed within 30 days after a demand for the report is mailed to the employer's address of record. In no case shall the amount of the penalty, if assessed, be more than \$500 or less than \$25. Penalties due under this subdivision may be waived where good cause for late filing is found by the commissioner. Any employer who files the wage detail report required by section 268.121 but knowingly fails to include any of the required information or knowingly enters erroneous information shall be subject to a penalty of \$25 for each individual for whom the information is missing or erroneous.

(4) Any employing unit which fails to make and submit to the commissioner any report, other than a contribution report or wage detail report, as and when required by rule, shall be subject to a penalty in the sum of \$25 payable to the department of economic security for the contingent account.

(5) Penalties provided for in paragraphs (1), (3), and (4) shall be in addition to interest and any other penalties imposed by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

### Sec. 23. [BENEFIT AND WAGE STUDY.]

The commissioner shall conduct a study of benefit claims and wage data reported under section 268.121. The study shall include, but not be limited

to, determining and examining cyclical patterns of unemployment, reemployment and benefit duration. The commissioner shall report the results of the study to the 1986 regular session of the legislature.

April 13, 1984

The Honorable Harry A. Sieben, Jr.  
Speaker of the House of Representatives

The Honorable Jerome M. Hughes  
President of the Senate

We, the undersigned conferees for H.F. No. 1516, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 1516 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1982, section 429.011, is amended by adding a subdivision to read:

*Subd. 14. “Fire protection system” means pipes, standpipes, sprinklers, control systems and other devices and equipment installed in or outside a building for the primary purpose of eliminating or reducing the spread of fire in the building or providing for safe evacuation of the building, whether the devices and equipment are publicly or privately owned.*

Sec. 2. Minnesota Statutes 1982, section 429.021, subdivision 1, is amended to read:

Subdivision 1. [IMPROVEMENTS AUTHORIZED.] The council of a municipality shall have power to make the following improvements:

(1) To acquire, open, and widen any street, and to improve the same by constructing, reconstructing, and maintaining sidewalks, pavement, gutters, curbs, and vehicle parking strips of any material, or by grading, graveling, oiling, or otherwise improving the same, including the beautification thereof and including storm sewers or other street drainage and connections from sewer, water or similar mains to curb lines.

(2) To acquire, develop, construct, reconstruct, extend and maintain storm and sanitary sewers and systems, including outlets, holding areas and ponds, treatment plants, pumps, lift stations, service connections, and other appurtenances of a sewer system, within and without the corporate limits.

(3) To construct, reconstruct, extend and maintain steam heating mains.

(4) To install, replace, extend and maintain street lights and street lighting systems and special lighting systems.

(5) To acquire, improve, construct, reconstruct, extend and maintain water

works systems, including mains, valves, hydrants, service connections, wells, pumps, reservoirs, tanks, treatment plants, and other appurtenances of a water works system, within and without the corporate limits.

(6) To acquire, improve and equip parks, open space areas, playgrounds and recreational facilities within or without the corporate limits.

(7) To plant trees on streets and provide for their trimming, care and removal.

(8) To abate nuisances and to drain swamps, marshes and ponds on public or private property and to fill the same.

(9) To construct, reconstruct, extend, and maintain dikes and other flood control works.

(10) To construct, reconstruct, extend and maintain retaining walls and area walls.

(11) To acquire, construct, reconstruct, improve, alter, extend, operate, maintain and promote a pedestrian skyway system.

(12) To acquire, construct, reconstruct, extend, operate, maintain and promote underground pedestrian concourses.

(13) To acquire, construct, improve, alter, extend, operate, maintain and promote public malls, plazas or courtyards.

(14) To construct, reconstruct, extend, and maintain district heating systems.

*(15) To construct, reconstruct, alter, extend, operate, maintain and promote fire protection systems in existing buildings, but only upon a petition pursuant to section 429.031, subdivision 3.*

Sec. 3. Minnesota Statutes 1982, section 429.031, subdivision 3, is amended to read:

Subd. 3. [PETITION BY ALL OWNERS.] Whenever all owners of real property abutting upon any street named as the location of any improvement shall petition the council to construct the improvement and to assess the entire cost against their property, the council may, without a public hearing, adopt a resolution determining such fact and ordering the improvement. The validity of the resolution shall not be questioned by any taxpayer or property owner or the municipality unless an action for that purpose is commenced within 30 days after adoption of the resolution as provided in section 429.036. Nothing herein prevents any property owner from questioning the amount or validity of the special assessment against his property pursuant to section 429.081. *In the case of a petition for the installation of a fire protection system, the petition must contain or be accompanied by an undertaking satisfactory to the city by the petitioner that the petitioner will grant the municipality the necessary property interest in the building to permit the city to enter upon the property and the building to construct, maintain, and operate the fire protection system. In the case of a petition for the installation of a fire protection system, the petitioner may request abandonment of the improvement at any time after it has been ordered pursuant to subdivision 1 and before contracts have been awarded for the construction of the improvement under section 429.041, subdivision 2. If such a request is received, the city*

*council shall abandon the proceedings but in such case the petitioner shall reimburse the city for any and all expenses incurred by the city in connection with the improvement.*

Sec. 4. Minnesota Statutes 1982, section 429.091, subdivision 2, is amended to read:

Subd. 2. [TYPES OF OBLIGATIONS PERMITTED.] The council may by resolution adopted prior to the sale of obligations pledge the full faith, credit, and taxing power of the municipality for the payment of the principal and interest. Such obligations shall be called improvement bonds and the council shall pay the principal and interest out of any fund of the municipality when the amount credited to the specified fund is insufficient for the purpose and shall each year levy a sufficient amount to take care of accumulated or anticipated deficiencies, which levy shall not be subject to any statutory or charter tax limitation. Obligations for the payment of which the full faith and credit of the municipality is not pledged shall be called improvement warrants or, *in the case of bonds for fire protection systems, revenue bonds* and shall contain a promise to pay solely out of the proper special fund or funds pledged to their payment. It shall be the duty of the municipal treasurer to pay maturing principal and interest on warrants or revenue bonds out of funds on hand in the proper ~~special fund~~ funds and not otherwise.

Sec. 5. Minnesota Statutes 1982, section 429.091, subdivision 3, is amended to read:

Subd. 3. [METHOD OF ISSUANCE.] All obligations shall be issued in accordance with the provisions of chapter 475, except ~~that~~ *as provided in this subdivision.*

An election shall be required for bonds if less than 20 percent of the cost of the improvement to the municipality is to be assessed against benefited property.

*If the full faith, credit, and taxing power of the municipality is not pledged and the bonds are issued to finance a fire protection system, a public sale shall not be required and the obligations may*

- (a) mature at any time or times within 30 years from date of issue,*
- (b) mature in the amount or amounts,*
- (c) be sold at a price equal to the percentage of their par value, plus accrued interest, and*
- (d) bear interest at the rate or rates,*

*as agreed by the purchaser and the municipality, notwithstanding any limitation of interest rate or cost or of the amounts of annual maturities contained in any other law.*

The maturities shall be such as in the opinion of the council are warranted by the anticipated collections of assessments and ad valorem levies for the municipality's share of the cost; except that the council may in its discretion issue and sell temporary improvement bonds maturing and subject to further conditions as set forth in subdivision 5. All obligations shall state upon their face the purpose of the issue and the fund from which they are payable. The amount of any obligations issued hereunder shall not be included in deter-

mining the net indebtedness of any municipality under the provisions of any law limiting such indebtedness.

Sec. 6. Minnesota Statutes 1982, section 429.101, subdivision 1, is amended to read:

Subdivision 1. [ORDINANCES.] In addition to any other method authorized by law or charter, the governing body of any municipality may provide for the collection of unpaid special charges for all or any part of the cost of

(a) snow, ice, or rubbish removal from sidewalks,

(b) weed elimination from streets or private property,

(c) removal or elimination of public health or safety hazards from private property, excluding any structure included under the provisions of sections 463.15 to 463.26,

(d) installation or repair of water service lines, street sprinkling or other dust treatment of streets,

(e) the trimming and care of trees and the removal of unsound trees from any street,

(f) the treatment and removal of insect infested or diseased trees on private property, the repair of sidewalks and alleys, or

(g) the operation of a street lighting system, or

(h) the operation and maintenance of a fire protection system

as a special assessment against the property benefited. The council may by ordinance adopt regulations consistent with this section to make this authority effective, including, at the option of the council, provisions for placing primary responsibility upon the property owner or occupant to do the work himself (except in the case of street sprinkling or other dust treatment, alley repair, tree trimming, care, and removal or the operation of a street lighting system) upon notice before the work is undertaken, and for collection from the property owner or other person served of the charges when due before unpaid charges are made a special assessment.

Sec. 7. [EFFECTIVE DATE.]

*This act is effective the day following final enactment.*

Delete the title and insert:

"A bill for an act relating to local government; authorizing the levy of special assessments or service charges for fire protection systems; amending Minnesota Statutes 1982, sections 429.011, by adding a subdivision; 429.021, subdivision 1; 429.031, subdivision 3; 429.091, subdivisions 2 and 3; and 429.101, subdivision 1."

“Section 1. [RECOGNITION.]

*The state of Minnesota hereby recognizes that, as a result of fraud, theft, collusion and conspiracy perpetrated by the United States, the state of Minnesota, their agents and others, land rightfully belonging to Anishinabe heirs and allottees as recognized in the 1867 Treaty of the Mississippi has been illegally taken from its lawful owners.*

*It is further recognized that as a direct result of the above actions of the United States, the state of Minnesota, their agents and others, great harm has been and continues to be done to past and present Anishinabe heirs and allottees, as well as to non-Indian landholders whose ownership has been brought into question.*

*It is further recognized that the Anishinabe people have legitimate claims against the United States, the state of Minnesota, their agents and others based upon the aforementioned actions, and that prompt resolution of these claims is in the interest of all concerned parties.*

*It is further recognized that monetary compensation for the loss of land and resources is an incomplete remedy for said loss, in light of the centrality of land to the cultural, spiritual, and economic life of the Anishinabe people.*

Sec. 2. [MORATORIUM.]

*The state of Minnesota declares an immediate moratorium on the sale, transfer or other disposition of any and all lands, or resources therein or thereupon, subject to claims by Anishinabe people on the basis of the aforementioned acts of fraud, theft, collusion and conspiracy, said moratorium to continue in effect until final resolution of the claims aforesaid.*

*This section shall apply to all lands within the exterior boundaries of the 1867 Treaty established White Earth Reservation, whether publicly or privately held.*

Sec. 3. [RESOLUTION PROCESS.]

*The state of Minnesota urges the federal government to aggressively pursue its investigation into the fraud, theft, collusion and conspiracy aforesaid that is authorized under United States Code, title 28, section 2415, and to identify all lands subject to claim by Anishinabe people.*

*The state of Minnesota declares that no legislation shall be considered on the state or federal level that would result in any interference with or preven-*

tion of thorough identification of lands subject to said claims under United States Code, title 28, section 2415 or the resolution of said claims through appropriate judicial process initiated by Anishinabe claimants.

*In the event that the federal government terminates the investigation and identification process under United States Code, title 28, section 2415, prior to the resolution of all outstanding Anishinabe land claims under that section, the state of Minnesota shall continue said investigation and identification process with the assistance and participation of the heirs and allottees of said lands or their appointed representatives.*

*The state of Minnesota shall immediately restore to the rightful Anishinabe owners any and all lands identified by the federal government under United States Code, title 28, section 2415 or any court of competent jurisdiction, as having been unlawfully or wrongfully taken from said owners, and shall continue to restore said lands until all claims aforesaid have been resolved.*

*No laws shall be passed that inhibit or prevent appropriate action for damages by non-Indian landholders against the state of Minnesota, or other parties alleged to be responsible for the fraudulent or wrongful taking of Anishinabe land that has resulted in wrongful title being recorded in the name of said non-Indian landholders.*

Sec. 4. [EFFECTIVE DATE.]

*This act is effective the day after final enactment."*

*Subdivision 1. *Subd. 4. [SALE AND ISSUANCE.] State bonds must be sold and issued upon sealed bids in the manner and on the terms and conditions determined*

*Subd. 6. [CERTIFICATION.] The commissioner of finance shall ascertain from state records and certify to the holders of each series of state bonds, subject to the approval of the attorney general, that all conditions exist and all actions have been taken that are needed to make the bonds valid and binding general obligations of the state in accordance with their terms. The commissioner shall also certify for the state the facts, estimates, and circumstances on the date of issue that lead the commissioner reasonably to expect that the proceeds will not be used in a way that would make the bonds arbitrage bonds under section 103(c) of the Internal Revenue Code and related federal regulations.*

*(c) Actual and necessary travel and subsistence expenses of employees and all other expenses incidental to the sale, printing, execution, and delivery of bonds must be paid from the proceeds. The proceeds are appropriated for this purpose.*

*(d) Bond proceeds remaining in a special fund after the purposes for which the bonds were issued are accomplished or abandoned, as certified by the head of the agency administering the special fund, or as determined by the commissioner, unless devoted under the appropriation act to another purpose designated in the act, shall be transferred to the state bond fund.*

*Subd. 9. [SPECIAL ACCOUNTS; APPROPRIATION.] (a) The commissioner of finance shall establish separate accounts in the state bond fund for:*

*Subd. 10. [APPROPRIATION FROM GENERAL FUND.] There is annually appropriated to the state bond fund from the general fund the amount that, added to the amount in the state bond fund on November 1 each year, is needed to pay the principal of and interest on all state bonds due and to become due through July 1 in the second ensuing year. The money appropriated must be available in the state bond fund each year before the tax oth-*

erwise required by the Constitution, article XI, section 7, is levied.

*Subd. 11. [CONSTITUTIONAL TAX LEVY.] Under the Constitution, article XI, section 7, the state auditor must levy each year on all taxable property within the state a tax sufficient, with the amount then on hand in the state bond fund, to pay all principal and interest on state bonds due and to become due to and including July 1 in the second ensuing year. If levied, this tax must be assessed and extended against real property used for the purposes of a homestead, as well as other taxable property, notwithstanding section 273.13, subdivisions 6 and 7. The tax is not subject to limitation of rate or amount. However, the amount of money appropriated from other sources as provided in subdivision 10, and actually received and on hand prior to the levy in any year, reduces the amount of the tax otherwise required to be levied. The proceeds of the tax must be credited to the state bond fund.*

*Subd. 12. [SUPPLEMENTAL APPROPRIATION FROM GENERAL FUND.] If the proceeds of the tax levied under subdivision 11 are ever insufficient to make the principal and interest payments on state bonds when due, the balance must be paid out of the general fund. The amount needed to pay the balance is appropriated from the general fund to the commissioner.*

Sec. 35. [16A.651] [INTEREST RATE REDUCTION.]

*The commissioner may enter into contracts providing for the issuance of letters of credit, put options, or other contractual rights deemed necessary or desirable to reduce the interest rate on state general obligation bonds to be issued by the commissioner, and may pay the cost of the contracts from bond proceeds, including premiums and accrued interest, received from purchasers. The amount of bonds authorized to be issued by the commissioner under any other law adopted before the effective date of this section is increased by up to five percent in order to provide all or a portion of the money required to be paid under the contracts. The expenditure of bond proceeds for this purpose is deemed to be an expenditure for the primary purpose for which the bonds covered by the contract are authorized to be issued by the Constitution and applicable law. So much of the proceeds of bonds issued by the commissioner as is necessary to pay the costs of the letters of credit, put options, or other contractual rights is appropriated for this purpose.*

Sec. 43. Minnesota Statutes 1982, section 116.16, subdivision 4, is amended to read:

Subd. 4. [DISBURSEMENTS.] Disbursements from the fund shall be made by the state treasurer upon order of the commissioner of finance at the times and in the amounts requested by the agency in accordance with the applicable state and federal laws and regulations and the state appropriation acts law governing such disbursements; except that no appropriation or loan of state funds for any project shall be disbursed to any municipality until and unless the agency has by resolution determined the total estimated cost of the project, and ascertained that financing of the project is assured by:

(1) A grant to the municipality by an agency of the federal government within the amount of funds then appropriated to that agency and allocated by it to projects within the state; or

(2) A grant of funds appropriated by state law; or

(3) A loan authorized by state law; or

(4) The appropriation of proceeds of bonds or other funds of the municipality to a fund for the construction of the project; or

(5) Any or all of the means referred to in paragraphs (1) to (4); and

(6) An irrevocable undertaking, by resolution of the governing body of the municipality, to use all funds so made available exclusively for the construction of the project, and to pay any additional amount by which the cost of the project exceeds the estimate, by the appropriation to the construction fund of additional municipal funds or the proceeds of additional bonds to be

issued by the municipality; and

(7) Conformity of the project and of the loan or grant application with the state water pollution control plan as certified to the federal government and with all other conditions under *applicable state and federal laws and regulations law* for a grant of state or federal funds of the nature and in the amount involved.

Sec. 44. Minnesota Statutes 1982, section 116.16, subdivision 5, is amended to read:

Subd. 5. [RULES.] (a) The agency shall promulgate *permanent rules and may promulgate temporary rules* for the administration of grants and loans authorized to be made from the fund or from federal funds under the Federal Water Pollution Control Act, as amended, which rules, however, shall not be applicable to the issuance of bonds by the commissioner of finance as provided in section 116.17. The rules shall contain as a minimum:

(1) procedures for application by municipalities;

(2) conditions for the administration of the grant or loan;

(3) criteria for *eligibility the ranking of projects in order of priority* for grants or loans, *including those specified in subdivision 6 based on factors including the extent and nature of pollution, technological feasibility, assurance of proper operation, maintenance and replacement, and participation in multi-municipal systems; and*

(4) such other matters as the agency and the director find necessary to the proper administration of the grant program.

(b) *Except as otherwise provided in sections 116.16 to 116.18, the rules for the administration of state independent grants must comply, to the extent practicable, with provisions relating directly to protection of the environment contained in the Federal Water Pollution Control Act, as amended, and regulations and guidelines of the United States environmental protection agency promulgated under the act, except provisions regarding allocation contained in section 205 of the act and regulations and guidelines promulgated under section 205 of the act. This provision does not require approval from federal agencies for the issuance of grants or for the construction of projects under the state independent grants program.*

Sec. 45. Minnesota Statutes 1982, section 116.16, subdivision 9, is amended to read:

Subd. 9. [APPLICATIONS.] Applications by municipalities for grants or loans from the fund shall be made to the director of the agency on forms requiring information prescribed by rules of the agency. The director shall certify to the agency those applications which appear to meet the criteria set forth in sections 116.16 to 116.18 and the rules promulgated hereunder, and the agency shall award grants or loans on the basis of the criteria and priorities established in its rules and in sections 116.16 to 116.18. *A municipality that is designated under agency rules to receive state or federal funding for a project and that does not make a timely application for or that refuses the funding is not eligible for either state or federal funding for that project in that fiscal year or the subsequent year.*

Sec. 46. Minnesota Statutes 1982, section 116.16, is amended by adding a

subdivision to read:

*Subd. 9a. [SUBSEQUENT GRANTS.] A municipality awarded a final grant of funding for a project under the program established by the 1972 Federal Water Pollution Control Act amendments or the state independent grants program is not eligible for additional funding to replace that project under the federal program or the state program, unless the funding is necessary as a result of subsequent changes in state water quality standards, effluent limits, or technical design requirements, or for a municipality awarded the final grant before October 1, 1984, if the funding is necessary for the provision of increased capacity.*

Sec. 47. Minnesota Statutes 1982, section 116.18, as amended by Laws 1983, chapter 301, section 117, is amended to read:

**116.18 [WATER POLLUTION CONTROL FUNDS; APPROPRIATIONS AND BONDS.]**

Subdivision 1. [APPROPRIATION FROM THE FUND.] The sum of ~~\$155,000,000~~ \$167,000,000, or so much thereof as may be necessary, is appropriated from the Minnesota state water pollution control fund in the state treasury to the pollution control agency, for the period commencing on July 23, 1971 and ending June 30, 1985, to be granted and disbursed to municipalities and agencies of the state in aid of the construction of projects conforming to section 116.16, in accordance with the rules, priorities, and criteria therein described. ~~Except as otherwise provided in this subdivision and in subdivision 2, these state funds shall be expended at 15 per centum of the eligible cost of construction and shall be expended only~~

*Subd. 2. [STATE MATCHING GRANTS PROGRAM ENDING SEPTEMBER 30, 1984.] (a) For projects tendered, by September 30, 1984, a grant of federal funds under section 201(g), section 202, section 203 or section 206(f) of the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1314 et seq. United States Code, title 33, sections 1251 to 1376, at 75 per centum of the eligible cost for construction of the treatment works, state money appropriated under subdivision 1 must be expended at 15 percent of the eligible cost of construction, except as otherwise provided in this subdivision; provided, that not less than ten percent of the cost shall be paid by the municipality or agency constructing the project. In the event that a municipality is tendered federal and state grants in a percentage cumulatively exceeding 90 per centum of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to assure that not less than ten percent of the cost shall be paid by the municipality. It is the purpose of this appropriation that a grant of state funds for each project approved in each of the fiscal years ending June 30, 1971 through 1985, shall be made in an amount not less than that required in federal law and regulations as a condition for the grant of federal funds for the project and for all other water pollution control projects for which federal grants are allocated in the same year, in the maximum amount permissible under law and regulations.*

Notwithstanding any other provision, the agency may, in its discretion, and after consideration of the amount of state funds required to match federal funds, make a grant of state funds not exceeding 15 per centum to a municipality that would qualify for a grant of federal funds but desires to initiate

construction of a project without a federal grant. The agency may limit the scope and eligible cost of the project.

(b) If a municipality is tendered a grant of federal funds under section 201, paragraph (g), section 202, section 203 or section 206, paragraph (f) of the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1314 et seq. *United States Code, title 33, sections 1251 to 1376*, at 85 percent of the eligible cost for construction of treatment works utilizing innovative or alternative wastewater treatment processes and techniques, state funds shall be expended at nine percent of the eligible cost of construction; provided, that not less than six percent of the eligible cost of construction shall be paid by the municipality or agency constructing the project. In the event that a municipality is tendered federal and state grants in a percentage cumulatively exceeding 94 percent of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to assure that the municipality receives no more than 94 percent of the eligible cost of construction.

~~Subd. 2. [ADDITIONAL PURPOSES OF APPROPRIATION.]~~ (c) If the pollution control agency, acting in accordance with section 116.16, subdivision 4 and rules promulgated by the agency establishing criteria for financial hardship cases, determines that the prevention, control, and abatement of water pollution and the public health of the state requires the construction of a project by a municipality or agency that is unable to provide 10 percent of the eligible cost thereof, the funds appropriated in subdivision 1 may be expended to reduce or eliminate its contribution to the eligible cost.

*Subd. 2a. [STATE MATCHING GRANTS PROGRAM BEGINNING OCTOBER 1, 1984.] For projects tendered, on or after October 1, 1984, a grant of federal money under section 201(g), section 202, 203, or 206(f) of the Federal Water Pollution Control Act, as amended, United States Code, title 33, sections 1251 to 1376, at 55 percent or more of the eligible cost for construction of the treatment works, state money appropriated under subdivision 1 must be expended for up to 15 percent of the eligible cost of construction for municipalities for which the construction would otherwise impose significant financial hardship; provided, that not less than 25 percent of the eligible cost must be paid by the municipality or agency constructing the project. If a municipality is tendered federal and state grants in a percentage cumulatively exceeding 75 percent of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to ensure that not less than 25 percent of the eligible cost will be paid by the municipality. The amounts of the matching grants must be based on per connection capital cost, median household income, and per capita adjusted assessed valuation.*

*Subd. 3a. [STATE INDEPENDENT GRANTS PROGRAM.] (a) The agency may award independent grants for projects for 50 percent or, if the agency requires advanced treatment, 65 percent of the eligible cost of construction. The agency may award independent grants for up to an additional 15 percent or, if the agency requires advanced treatment, up to an additional ten percent of the eligible cost of construction to municipalities for which the construction would otherwise impose significant financial hardship; the amounts of the additional grants shall be based on per connection capital cost, median household income, and per capita adjusted assessed valuation.*

*These grants may be awarded in separate steps for planning and design in addition to actual construction. Not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded for projects for the control of combined sewer overflow as defined by federal regulation. Until December 31, 1990, not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.*

*(b) Up to ten percent of the money to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the commissioner of energy and economic development at the beginning of each fiscal year, and the commissioner shall review the list and identify those municipalities having substantial economic development projects. After the first 90 percent of the total available money is allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the agency to award grants to remaining municipalities that have been identified.*

*(c) Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and apply to be reimbursed in the subsequent year conditioned upon appropriation of sufficient money under subdivision 1 for that year. The maximum amount of the reimbursement the agency may commit in any single fiscal year is equal to the amount newly appropriated under subdivision 1 for that year.*

Subd. 4. [BOND AUTHORIZATION.] For the purpose of providing money appropriated in subdivision 1 for expenditure from the Minnesota state water pollution control fund through grants to municipalities and agencies of the state for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed for the prevention, control, and abatement of water pollution, the commissioner of finance is authorized upon request of the pollution control agency to sell and issue Minnesota state water pollution control bonds in the amount of ~~\$144,000,000~~ \$156,000,000, in the manner and upon the conditions prescribed in section 116.17 and in the Constitution, Article XI, Sections 4 to 7. The proceeds of the bonds, except as provided in section 116.17, subdivision 5, are appropriated and shall be credited to the Minnesota state water pollution control fund. The amount of bonds issued pursuant to this authorization shall not exceed at any time the amount needed to produce a balance in the water pollution control fund equal to the aggregate amount of grants then approved and not previously disbursed, plus the amount of grants to be approved in the current and the following fiscal year, as estimated by the pollution control agency.

Subd. 5. [FEDERAL AND OTHER FUNDS.] All federal and other funds made available for any purpose of the water pollution control fund are also appropriated to that fund.

Subd. 6. [CONTINUANCE OF APPROPRIATIONS.] None of the appropriations made in this section shall lapse until the purpose for which it is made has been accomplished or abandoned. The amount of each grant approved for disbursement from the water pollution control fund shall be and remain appropriated for that purpose until the grant is fully disbursed or part

or all thereof is revoked by the pollution control agency.

Sec. 48. Minnesota Statutes 1983 Supplement, section 116J.926, subdivision 3, is amended to read:

Subd. 3. [MUNICIPAL OBLIGATION.] A loan shall not be made to a municipality until it has entered into an agreement with the state providing that the municipality shall make payments of principal and interest at least equal in the aggregate to the principal amount of the loan plus interest at the rate payable on the state bonds. The annual amounts of the payments shall be determined by the commissioner of finance, and need not coincide with the principal and interest payments on the bonds. However, the amounts due each year shall be payable prior to the times transfers are required to be made pursuant to section ~~16A.65~~ 16A.641. The agreement shall obligate the municipality to levy an ad valorem property tax equal to the amounts necessary to make the payments. The amount required to be levied may be reduced by any other available amounts contained in a special fund dedicated to payment of the loan obligation.

Sec. 49. Minnesota Statutes 1982, section 136.40, subdivision 6, is amended to read:

Subd. 6. [APPROPRIATIONS TO STATE UNIVERSITY BOND ACCOUNT.] All loan payments to be deposited in the state bond fund in accordance with subdivision 2 shall be credited to the state university bond account therein. In order to reduce the amount of taxes otherwise required to be levied, in accordance with section ~~16A.65~~ 16A.641, there shall also be transferred to the state university bond account from the general fund in the state treasury, on November 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand therein, to pay all Minnesota state university bonds and interest thereon due and to become due to and including July 1 in the second ensuing year. All money so credited and all income from the investment thereof is annually appropriated for the payment of such bonds and interest thereon, and shall be available in the state university bond account prior to the levy of the tax in any year required by the Constitution, Article 11, Section 7. The legislature may also appropriate to the state university bond account any other moneys in the state treasury not otherwise appropriated, for the security of Minnesota state university bonds in the event that sufficient money should not be available in the account from the sources herein appropriated, prior to the levy of such tax in any year. The commissioner of finance and treasurer are directed to make the appropriate entries in the accounts of the respective funds.

Sec. 50. Minnesota Statutes 1982, section 475A.03, subdivision 1, is amended to read:

Subdivision 1. The governing body of any municipality, upon compliance with the terms of sections 475A.01 to 475A.06 and approval of the commissioner of finance may, after July 1, 1971 and before May 1, 1984, include in general obligation bonds of the municipality issued for the purpose of providing funds for acquisition to acquire or betterment of to better public lands and buildings and other public improvements of a capital nature, or bonds issued to refund guaranteed bonds, the following statement or such modification thereof consistent with sections 475A.01 to 475A.06 as the secretary shall prescribe:

The payment of this bond and the interest thereon is secured by the state municipal bond guaranty fund in accordance with the Minnesota municipal debt service aid law.

The bonds may also include the designation "secured by the state municipal bond guaranty fund", and the notice of sale of such bonds may include a reference to such guaranty.

Sec. 51. Minnesota Statutes 1982, section 475A.05, subdivision 1, is amended to read:

Subdivision 1. For the purpose of providing money to be loaned to municipalities ~~for the acquisition to acquire and betterment of to better~~ public lands and buildings and other public improvements of a capital nature, when needed to pay the principal of or interest on bonds issued for this purpose, or bonds issued to refund such guaranteed bonds, the municipal bond guaranty loan fund is created as a separate bookkeeping account in the general books of account of the state. All proceeds of state bonds credited to this fund, *all amounts transferred from the general fund*, all guaranty fees received, and all repayments of principal and interest on loans made from the fund are appropriated for construction and other permanent improvement and shall be available until the purposes for which the appropriation was made have been accomplished, except that at any time when the balance on hand in the state municipal bond guaranty fund exceeds ten percent of the principal amount of all then outstanding bonds secured by the fund, the state may reappropriate to the general fund the balance in excess of this amount.

Sec. 52. Minnesota Statutes 1982, section 475A.05, is amended by adding a subdivision to read:

*Subd. 1a. This subdivision does not prevent the sale of state municipal aid bonds to the extent that the amount available for transfer from the general fund is not sufficient to meet all the state's obligations under sections 475A.01 to 475A.06.*

Sec. 53. Minnesota Statutes 1982, section 475A.06, subdivision 7, is amended to read:

In connection with a loan to a lender, the authority may adopt a plan for the various loan-to-lender programs it may determine to pursue. In connection with a loan-to-lender program, in addition to any other powers the authority has, the authority has the following powers:*

*(h) In conjunction with the purchase of these loans or interest in these loans from lenders, the authority may require the lender to furnish collateral security in an amount as the authority shall determine to be necessary to assure the payment of these loans and interest in these loans as the loans become due. Sec. 6. Minnesota Statutes 1983 Supplement, section 124.2138, is

amended to read:

124.2138 [REVENUE EQUITY AID SUBTRACTION.]

Subdivision 1. [BASIC MAINTENANCE LEVY EQUITY.] (1) ~~In any year when~~ If the amount of the maximum levy limitation under section 275.125, subdivision 2a, for fiscal year 1985 for any district, or for fiscal year 1986 or after for a nonagricultural district under section 275.125, subdivision 2a, exceeds the district's basic foundation revenue for the corresponding fiscal year, an amount shall be deducted as provided in this subdivision from special state aids of chapter 124 receivable for the same fiscal year, and from state payments on behalf of the district for the same fiscal year authorized in sections 354.43, subdivision 1; 354A.12, subdivision 2; and 355.46, subdivision 3, clause (b). However, the aid authorized in sections 124.2137 and 124.646 shall not be reduced.

(2) The amount of the deduction shall equal the difference between:

(a) the sum of the amount of the district's maximum levy limitation under section 275.125, subdivision 2a, plus the amount of any reductions to that levy limitation pursuant to section 275.125, subdivisions 2c, clause (1)(b), and 9, and

(b) the district's basic foundation revenue.

However, for fiscal year 1985, the amount of the deduction shall be one-sixth of the difference between clauses (a) and (b); for fiscal year 1986, the amount of the deduction shall be one-third of the difference between clauses (a) and (b); for fiscal year 1987, the amount of the deduction shall be one-half of the difference between clauses (a) and (b); for fiscal year 1988, the amount shall be two-thirds of the difference between clauses (a) and (b); and for fiscal year 1989, the amount of the deduction shall be five-sixths of the difference between clauses (a) and (b).

Subd. 2. [TRANSPORTATION LEVY EQUITY.] (1) ~~In any fiscal year in which~~ If the transportation levy for fiscal year 1985 in any district, or for fiscal year 1986 and thereafter in a nonagricultural district attributable to that fiscal year, of 1.75 mills times the adjusted assessed valuation of the district exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8i, 8j, and 8k, an amount shall be deducted as provided in this subdivision from special state aids of chapter 124 receivable for the same fiscal year, and from state payments on behalf of the district for the same fiscal year authorized in sections 354.43, subdivision 1; 354A.12, subdivision 2; and 355.46, subdivision 3, clause (b), to the extent that those special state aids and state payments have not been reduced pursuant to subdivision 1 of this section. However, aid authorized in sections 124.2137 and 124.646 shall not be reduced.

(2) The amount of the deduction shall equal the difference between:

(a) 1.75 mills times the adjusted assessed valuation of the district for the levy attributable to that fiscal year, and

(b) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8i, 8j, and 8k, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.

However, for fiscal year 1985, the amount of the deduction shall be one-sixth of the difference between clauses (a) and (b); for fiscal year 1986, the amount of the deduction shall be one-third of the difference between clauses (a) and (b); for fiscal year 1987, the amount of the deduction shall be one-half of the difference between clause (a) and (b); for fiscal year 1988, the amount of the deduction shall be two-thirds of the difference between clauses (a) and (b); and for fiscal year 1989, the amount of the deduction shall be five-sixths of the difference between clauses (a) and (b).

Subd. 3. In any fiscal year in which the state payments on behalf of a district authorized in sections 354.43, subdivision 1; 354A.12, subdivision 2; and 355.46, subdivision 3, clause (b), are reduced under this section, the commissioner of education shall certify the amounts of the required reductions to the district. The district shall pay employer contributions in the amount of the reduction of these payments to the commissioner, which amount shall be placed in the general fund.

Subd. 4. [NONAGRICULTURAL DISTRICT DEFINED.] *For the purposes of this section, nonagricultural district means a district where the assessed valuation of agricultural land identified in section 273.13, subdivisions 4, 6, and 6a, comprises less than 60 percent of the assessed valuation of the district.*

Sec. 7. Minnesota Statutes 1983 Supplement, section 124A.06, subdivision 1, is amended to read:

Subdivision 1. [COST DIFFERENTIAL TIER ALLOWANCE.] "Cost differential tier allowance" means the amount of revenue per actual pupil unit used to compute the cost differential tier aid for a school year and levy for use in the same school year. A district's cost differential tier allowance shall be the result of the following computation:

(a) Divide the amount of aid the district would have received for the 1980-1981 school year if Minnesota Statutes, 1979 Supplement, section 124.224, as amended by section 124.2124, subdivision 1, had been effective for the 1980-1981 school year by the actual pupil units in the district in the 1980-1981 school year.

(b) *For the 1984-1985 school year, multiply the result in clause (a) by one. For the 1985-1986 school year and school years thereafter, multiply the result in clause (a) by two.*

(c) Divide the formula allowance for the school year by \$1265.

(d) Multiply the result in clause (b) by the result in clause (c).

(e) Subtract 1.25 from the training and experience index, and multiply the difference by \$300 for the 1984-1985 school year, or \$400 for the 1985-1986 school year and thereafter.

(f) Select the greater of the result in clause (e) or zero.

(g) Add the results of clauses (d) and (f).

Sec. 8. Minnesota Statutes 1983 Supplement, section 124A.12, subdivision 1, is amended to read:

Subdivision 1. [FOURTH TIER ALLOWANCE.] "Fourth tier allow-

ance" means the amount of revenue per actual pupil unit used to compute the fourth tier aid for a particular school year and the corresponding levy for that school year. The fourth tier allowance is \$100 for the 1984-1985 school year. For the 1985-1986 school year and thereafter, the fourth tier allowance is the result of the following computation:

(a) Subtract 1.25 from the training and experience index, and multiply the difference by \$150.

(b) Select the greater of the result in clause (a) or zero.

(c) Add \$100 to the result of clause (b).

Sec. 9. Minnesota Statutes 1983 Supplement, section 124A.14 is amended to read:

124A.14 [FIFTH TIER AID WITH 50 PERCENT EQUALIZING FACTOR.]

Subdivision 1. [TOTAL TIER ALLOWANCE.] "Total tier allowance" shall mean the sum of the cost differential tier allowance, second tier allowance, third tier allowance, and fourth tier allowance, as defined in this chapter.

Subd. 2. [PREVIOUS FORMULA AMOUNT.] "Previous formula amount" shall mean:

(a) the sum of the grandfather revenue, replacement revenue, discretionary revenue, and low fund balance revenue the district would have received for the 1984-1985 school year if the provisions of Minnesota Statutes 1982, sections 124.2123, 124.2124, 124.2125, and 124.2128 had been effective for the 1984-1985 school year, divided by

(b) the 1984-1985 actual pupil units.

(c) The computations in this subdivision shall be made assuming that the district would have been entitled to and would have levied the maximum allowable under Minnesota Statutes 1982, section 275.125, subdivision 7a, and that no levy or aid reduction would have been made according to Minnesota Statutes 1982, section 275.125, subdivision 7c.

Subd. 3. [MINIMUM INCREASE.] "Minimum increase" shall mean the amount equal to \$25 times the 1984-1985 total pupil units, divided by the 1984-1985 actual pupil units.

Subd. 4. [FIFTH TIER ALLOWANCE.] "Fifth tier allowance" means the amount of revenue per actual pupil unit used to compute the fifth tier aid for a particular school year and the corresponding levy for that school year. The fifth tier allowance shall equal the result of the following computation:

(a) Determine the revenue the district would have received for the 1984-1985 school year from grandfather revenue, replacement revenue, and low fund balance revenue, if the provisions of Minnesota Statutes 1982, sections 124.2123, 124.2124, and 124.2128 had been effective for the 1984-1985 school year.

(b) Determine the discretionary revenue the district would have received for the 1984-1985 school year if the provisions of Minnesota Statutes 1982, section 124.2125 had been effective for the 1984-1985 school year. Assume the

district had been entitled to and had levied the maximum allowable under section 275.125, subdivisions 7a, and no aid or levy reductions were made according to section 275.125, subdivision 7c.

(c) Determine the amount of revenue equal to \$25 times the total pupil units in the 1984-1985 school year.

(d) Add the results in clauses (a), (b), and (c).

(e) Determine the estimated revenue the district would receive for the 1984-1985 school year from the first to fourth tier revenue for the 1984-1985 school year.

(f) Subtract the result of clause (e) from the result of clause (d).

(g) Divide the amount in clause (f) by the 1984-1985 actual pupil units previous formula amount plus the minimum increase minus the total tier allowance for the current year. If this result is less than zero, the fifth tier allowance shall equal zero.

Subd. 2 5. [FIFTH TIER REVENUE.] A district's fifth tier revenue for each school year shall equal the fifth tier allowance times its actual pupil units for that school year.

Subd. 3 6. [FIFTH TIER AID.] A district's fifth tier aid shall be the result of the following computation:

(1) Subtract the amount of the fifth tier levy from the amount of the fifth tier revenue.

(2) Divide the actual fifth tier levy by the permitted fifth tier levy.

(3) Multiply the result in clause (1) by the result in clause (2).

Sec. 10. Minnesota Statutes 1983 Supplement, section 124A.16, is amended to read:

#### 124A.16 [COMMENCEMENT OF TIER REVENUE.]

Subdivision 1. [TOTAL TIER ALLOWANCE DEFINITIONS.] "Total tier allowance," "previous formula amount," and "minimum increase" shall mean the sum of the allowances from the tiers specified in sections 124A.06, 124A.08, 124A.10, 124A.12, and 124A.14 have the meanings given them in section 124A.14.

Subd. 2. [PREVIOUS FORMULA AMOUNT.] "Previous formula amount" shall mean the revenue per actual pupil unit from the previous formula as specified in section 124A.14, subdivision 1, clauses (a) and (b).

Subd. 3. [MINIMUM INCREASE.] "Minimum increase" shall mean the amount equal to \$25 times the total pupil units in the 1984-1985 school year, divided by the actual pupil units in the 1984-1985 school year.

Subd. 4. The total revenue per actual pupil unit permitted from the tiers specified in sections 124A.06, 124A.08, 124A.10, 124A.12, and 124A.14 shall equal the sum of the previous formula amount plus the greater of:

(a) the minimum increase; or

(b) 25 percent of the difference between the total tier allowance and the previous formula amount in the 1984-1985 school year, 50 percent of the

difference in the 1985-1986 school year, 75 percent of the difference in the 1986-1987 school year, or 100 percent of the difference in the 1987-1988 school year and subsequent school years.

Subd. 5 3. The revenue permitted by this section shall be accorded to the lowest numbered tiers, beginning with the cost differential tier.

Subd. 6 4. The permitted total revenue per actual pupil unit specified in subdivision 4 2 shall be determined prior to the reduction according to section 275.125, subdivision 7e.

Sec. 11. Minnesota Statutes 1983 Supplement, section 275.125, subdivision 2e, is amended to read:

Subd. 2e. [BASIC MAINTENANCE LEVY; DISTRICTS OFF THE FORMULA.] (1) In any year when the amount of the maximum levy limitation under subdivision 2a for any district, exceeds the product of the district's foundation aid formula allowance for the year in which the levy is recognized as revenue times the estimated number of ~~actual~~ and AFDC total pupil units for that district for that school year, the levy limitation for that district under subdivision 2a shall be limited to the greater of the dollar amount of the levy the district certified in 1977 under Minnesota Statutes 1978, section 275.125, subdivision 2a, clause (1), or the following difference but not to exceed the levy limitation under subdivision 2a:

(a) the sum of

(i) the product of the district's foundation aid formula allowance for the school year in which the levy is recognized as revenue, times the estimated number of ~~actual~~ and AFDC total pupil units for that district for that school year, plus

(ii) the amount ~~of~~ by which special state aids of chapter 124 receivable for the same school year, excluding aid authorized in sections 124.2137 and 124.646, are estimated to be reduced pursuant to section 124.2138, subdivision 1, plus

(iii) the amount ~~of~~ by which state payments on behalf of the district for the same school year authorized in sections 354.43, subdivision 1; 354A.12, subdivision 2; and 355.46, subdivision 3, clause (b), are estimated to be reduced pursuant to section 124.2138, subdivision 1, less

(b) the estimated amount of any payments which would reduce the district's foundation aid entitlement as provided in section 124.2132, subdivision 4 in the school year in which the levy is recognized as revenue.

~~(1) However, for fiscal year 1985, the amounts in clauses (a)(ii) and (a)(iii) shall be multiplied by one-sixth; for fiscal year 1986, the amounts in clauses (a)(ii) and (a)(iii) shall be multiplied by one-third; for fiscal year 1987, the amounts in clauses (a)(ii) and (a)(iii) shall be multiplied by one-half; for fiscal year 1988, the amounts in clauses (a)(ii) and (a)(iii) shall be multiplied by two-thirds; and for fiscal year 1989, the amounts in clauses (a)(ii) and (a)(iii) shall be multiplied by five-sixths.~~

(2) A levy made by a district pursuant to this subdivision shall be construed to be the levy made by that district pursuant to subdivision 2a, for purposes of statutory cross-reference.

Sec. 12. Minnesota Statutes 1983 Supplement, section 298.28, subdivision 1, is amended to read:

Subdivision 1. [DISTRIBUTION FROM GENERAL FUND.] The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton," to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, less any amount distributed under clause (8), to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton plus the increase provided in paragraph (c) to qualifying school districts to be distributed as follows:

(a) Six cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (d), shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its certified levy for the prior year, computed pursuant to section 275.125, comprises of the sum of certified levies for the prior year for all qualifying districts, computed pursuant to section 275.125. For purposes of distributions pursuant to this part, certified levies for the prior year computed pursuant to section 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 275.125, subdivision 2d.

(c) On July 15, 1982 and on July 15 in subsequent years, an amount equal to the increase derived by increasing the amount determined by clause (3)(b) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in clause (3)(b) where a levy increase pursuant to section 275.125, subdivision 2d, is authorized by

referendum, according to the following formula. Each district shall receive the product of:

(i) \$150 times the pupil units identified in section 124.17, subdivision 1, clauses (1) and (2), enrolled in the *second* previous school year, less the product of two mills times the district's taxable valuation in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the amount certified pursuant to section 275.125, subdivision 2d, in the previous year, to the product of two mills times the district's taxable valuation in the second previous year.

If the total amount provided by clause (3)(c) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to clause (3)(c) shall not be applied to reduce foundation aids which the district is entitled to receive pursuant to sections 124.2121 to 124.2128 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of finance who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in section 298.28, subdivision 1, clause 10.

(d) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) One cent per taxable ton to the state for the cost of administering the tax imposed by section 298.24.

(7) Three cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. The amount determined in this clause shall be increased in 1981 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this clause may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(9) the amounts determined under clauses (4)(a), (4)(c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

(10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to (9) and parts (a) and (b) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 as follows: In 1981 and each year thereafter, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977; provided, however, that the amount distributed in 1981 to the unorganized territory number 2 of Lake County and the town of Beaver Bay based on the between-terminal trackage of Erie Mining Company will be distributed in 1982 and subsequent years to the unorganized territory number 2 of Lake County and the towns of Beaver Bay and Stony River based on the miles of track of Erie Mining Company in each taxing district.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such cer-

tificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection trust fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. #### SPECIAL EDUCATION

Section 1. Minnesota Statutes 1983 Supplement, section 120.17, subdivision 3b, is amended to read:

Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment and educational placement of handicapped children:

(a) Parents and guardians shall receive prior written notice of:

(1) any proposed formal educational assessment or proposed denial of a formal educational assessment of their child;

(2) a proposed placement of their child in, transfer from or to, or denial of placement in a special education program; or

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of a child, the initial placement of a child in a special education program or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (d) at the district's initiative after at least one attempt to obtain this consent through a conciliation conference held pursuant to clause (c);

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a);

(d) Parents, guardians and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted in the school district where the child resides, if after at least one conciliation conference the parent or guardian continues to object to:

(1) a proposed formal educational assessment or proposed denial of a for-

mal educational assessment of their child;

(2) the proposed placement of their child in, or transfer of their child to a special education program;

(3) the proposed denial of placement of their child in a special education program or the transfer of their child from a special education program;

At least five calendar days before the hearing, the objecting party shall provide the other party with a brief written statement of the objection and the reasons for the objection.

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with his objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(e) The decision of the hearing officer pursuant to clause (d) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. The decision of the hearing officer shall be binding on all parties unless appealed to the ~~commissioner~~ *hearing review officer* by the parent, guardian, or the school board of the district where the child resides pursuant to clause (f).

The local decision shall:

(1) be in writing;

(2) state the controlling facts upon which the decision is made in sufficient detail to apprise the parties and the ~~commissioner~~ *hearing review officer* of the basis and reason for the decision;

(3) state whether the special education program or special education services appropriate to the child's needs can be reasonably provided within the resources available to the responsible district or districts;

(4) state the amount and source of any additional district expenditure necessary to implement the decision; and

(5) be based on the standards set forth in subdivision 3a and the rules of the

state board.

(f) Any local decision issued pursuant to clauses (d) and (e) may be appealed to the ~~commissioner~~ *hearing review officer* within 15 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district where the child resides.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The ~~commissioner~~ *hearing review officer* shall issue a final decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The ~~commissioner~~ *hearing review officer* shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The ~~commissioner~~ *hearing review officer* may grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

- (1) be in writing;
- (2) include findings and conclusions; and
- (3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(g) The decision of the ~~commissioner~~ *hearing review officer* shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.

(h) *The commissioner of education, having delegated general supervision of special education to the appropriate staff, shall be the hearing review officer except for appeals in which:*

- (2) *the commissioner has been employed as an administrator by the district that is a party to the hearing;*
- (3) *the commissioner has been involved in the selection of the administrators of the district that is a party to the hearing;*
- (4) *the commissioner has a personal, economic, or professional interest in the outcome of the hearing other than the proper administration of the federal and state laws, rules, and policies;*
- (5) *the appeal challenges a state or local policy which was developed with substantial involvement of the commissioner; or*
- (6) *the appeal challenges the actions of a department employee or official.*

*For any appeal to which the above exceptions apply, the state board of education shall name an impartial and competent hearing review officer.*

*In all appeals, the parent or guardian of the handicapped student or the district that is a party to the hearing may challenge the impartiality or com-*

*petence of the proposed hearing review officer by applying to the state board of education.*

(h) (i) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise, the child shall remain in his current educational placement and shall not be denied initial admission to school.

(h) (j) The child's school district of residence, if different from the district where the child actually resides, shall receive notice of and may be a party to any hearings or appeals pursuant to this subdivision.

If requested, the district shall submit to the commissioner an explanation of its methods and other information necessary to document accuracy. If the commissioner determines that the district has not provided sufficient documentation of accuracy, the commissioner may request the state demographer to prepare an estimate of the number of people under five years of age residing in the district and may use this estimate for the purposes of subdivision 1.*

If the municipality has the authority to levy taxes, the premium costs for such insurance may be levied in excess of any per capita or millage tax limitation imposed by statute or charter. *However, a school district may not levy pursuant to this section for premium costs for motor vehicle insurance protecting against injuries or damages arising out of the operation of district owned, operated, leased, or controlled vehicles for the transportation of pupils for purposes for which state aid is authorized under section 124.223, or for purposes for which the district is authorized to levy under section 275.125, subdivision 5d.* Any

independent board or commission in the municipality having authority to disburse funds for a particular municipal function without approval of the governing body may similarly procure liability insurance with respect to the field of its operation. An amount shall be presumed to be excess for a school district in the amount that it, together with the levy required by subdivision 1, will exceed 106 percent of the amount needed to meet when due the principal and interest payments on the obligations due before the second following July 1. This subdivision shall not limit a school board's authority to specify a tax levy in a higher amount if necessary because of anticipated tax delinquency or for cash flow needs to meet the required payments from the debt redemption fund.

If the governing body, including the governing body of a school district, in any year makes an irrevocable appropriation to the debt service fund of moneys actually on hand or if there is on hand any excess amount in the debt service fund, the recording officer may certify to the county auditor the fact and amount thereof and the auditor shall reduce by the amount so certified the amount otherwise to be included in the rolls next thereafter prepared.

The term "household" as used in this section is defined to be a domestic establishment maintained either (1) by two or more persons living together within the same house or place of abode, subsisting in common and constituting a domestic or family relationship, or (2) by one person.

(b) During the period of his active service and for six months after his discharge therefrom, no member of the armed forces of the United States shall lose status of a householder under paragraph (a) which he had immediately prior to becoming a member of the armed forces.

In case there is an assessment against more than one member of a household the \$100 exemption shall be divided among the members assessed in the proportion that the assessed value of the Class 2 property of each bears to the total assessed value of the Class 2 property of all the members assessed. The Class 2 property of each household claimed to be exempt shall be limited to property in one taxing district, except in cases where a single domestic establishment is maintained in two or more adjoining districts.
