Mr. Merriam from the Committee on Agriculture and Natural Resources, to which was referred

Senate Resolution No. 18: A Senate resolution requesting the Farmers Home Administration to amend proposed rules.

Reports the same back with the recommendation that the resolution be amended as follows:

Delete the language of the resolution and insert:

“WHEREAS, the farm economy is under extreme financial stress; and

WHEREAS, the Farmers Home Administration has made loans to many Minnesota farmers; and

WHEREAS, administration of farm loans affects the life and welfare of Minnesota farmers and the farm economy; and

WHEREAS, the Minnesota Senate is concerned about the welfare of Minnesota farmers and the crisis in the farm economy; NOW, THEREFORE,

BE IT RESOLVED that it is the sense of the Senate of the State of Minnesota that the Farmers Home Administration should reexamine its proposed rules for all loan programs to provide that fairness, justice, and equity are given to each farm borrower.

BE IT FURTHER RESOLVED that borrowers should have a right to family living and farm operating expenses until they get a due process notice, hearing, and appeal as provided in existing regulations. It is the sense of the Senate that the proposed regulations 7 C.F.R. Sections 1924.57 and 1962.17 threaten to eliminate these provisions and must be changed.

BE IT FURTHER RESOLVED that the deferral eligibility standards should include a crisis in the farm economy in the proposed regulations 7 C.F.R. Section 1951.44. It is the sense of the Senate that the deferral eligibility related to consideration of a reduction of income should allow consideration of reduced income for five years, and not two years prior to the application date. Reduction of income in a five-year period reflects a better standard for events that affect the farmer.

BE IT FURTHER RESOLVED that borrowers should not be required to ask local creditors, suppliers, and other lienholders to forgive portions of their debt before consideration for deferral. It is the sense of the Senate that the entire rural economy is under stress and this requirement would only aggravate it.

BE IT FURTHER RESOLVED it is the sense of the Senate that the eligibility requirement to obtain a deferral under proposed regulation 7 C.F.R. Section 1951.44(c) should be changed so that a farmer with reasonable records and documentation, farm management practices, and financial management practices can comply with the regulation and be eligible for deferral.

BE IT FURTHER RESOLVED it is the sense of the Senate that a borrower should be allowed to have either a partial debt set aside or a deferral or both under the proposed regulations.”

And when so amended the resolution do pass. Amendments adopted. Report adopted.

MOTIONS AND RESOLUTIONS

Mr. Moe, R.D. moved that Senate Resolution No. 18 be laid on the table. The motion prevailed.

Due to the existing agricultural economic conditions, the legislature declares that a public economic emergency exists and this act is necessary to protect the public welfare and prevent irreparable public harm.

Sec. 8. [APPLICATION.]

Subdivision 1. [MORTGAGES HELD BY UNITED STATES.] This act applies to mortgages secured by agricultural production real estate held by the United States or by any agency, department, bureau, or instrumentality of the United States, as security or pledge of the mortgagor, its successors, or assigns.

Subd. 2. [MORTGAGES HELD AS SECURITY FOR PUBLIC DEBT.] This act applies to mortgages of agricultural production real estate held as security or pledge to secure payment of a public debt or to secure payment of the deposit of public funds.

Subd. 3. [MORTGAGES HELD BY LENDERS.] This act applies to all other mortgages of agricultural production land that are held by lenders that are in the business of lending money.

Subd. 4. [SECURITY INTERESTS IN AGRICULTURAL PERSONAL PROPERTY.] This act applies to all security interests in agricultural crops and livestock, and all personal property used for agricultural production.

Sec. 9. [ONE YEAR REPOSSESSION, FORECLOSURE, AND FORECLOSURE SALE MORATORIUM ON AGRICULTURAL REAL ESTATE AND PERSONAL PROPERTY.]

Subdivision 1. [MORATORIUM.] (a) Agricultural production real estate may not be foreclosed by advertisement, or sold by execution or advertisement under Minnesota Statutes, chapters 580, 581, 582, or 583 for one year after this act becomes effective. Mortgaged real estate may only be sold with the mortgagor's approval or by judicial sale under Minnesota Statutes, chapters 580, 581, 582, and 583.

(b) Agricultural production crops and livestock, and all personal property used for agricultural production may not be repossessed, foreclosed, or sold at a foreclosure sale for one year after this act becomes effective.

Subd. 2. [SUPERSEDES CHAPTER 583.] This act supersedes the moratorium provisions of Minnesota Statutes, chapter 583, and other provisions of law that conflict with this act.

Sec. 10. [APPLICATION TO DISTRICT COURT FOR RELIEF.]

Any mortgagee, mortgagor, or owner in possession of the mortgaged premises, anyone claiming under the mortgage, anyone liable for the mortgage debt, or any party to a security interest in personal property covered under section 9 may at any time after the moratorium under section 9 becomes effective, petition the district court of the county where the foreclosure proceedings are pending, or the district court of the mortgagor's or debtor's residence serving a summons and verified complaint requesting that the repossession, foreclosure, or sale become effective. Upon receiving the petition, the court shall order a hearing on the petition. The court may order the repossession, foreclosure, or sale to proceed if the parties to the

mortgage or security interest have had adequate legal representation:

(1) the parties to the security interest or mortgage agree;

(2) the mortgaged real estate or secured personal property has no equity;
or

(3) after considering all equitable arguments the court finds that there is no reason for the sale not to be held.

Sec. 11. [COMPROMISES.]

If the parties to a security interest or mortgage agree in writing to a compromise settlement, or of composition of the indebtedness, or both, the court has jurisdiction and may, by its order, confirm and approve the settlement or composition, or both.

Sec. 12. [REDUCTION OF REDEMPTION PERIOD.]

The court may order the redemption period under Minnesota Statutes, section 580.23, to be reduced to compensate for the period of time that the sale was delayed, but the redemption period must not be less than 30 days. If the foreclosure sale is not delayed, the redemption period is as provided in Minnesota Statutes, section 580.23.

Sec. 13. [COURT MAY REVISE AND ALTER TERMS.]

Upon the application of either party before the expiration of the period before the sale and upon the presentation of evidence that the terms fixed by the court are no longer just and reasonable, the court may revise and alter the terms, in the manner the changed circumstances and conditions require.

Sec. 14. [HEARING.]

The hearing on the petition must be held within 30 days after the filing of the petition. The resulting order must be made and filed within five days after the hearing. Review by the supreme court may be had by certiorari, if application for the writ is made within 15 days after notice of the order. The writ is returnable within 30 days after the filing of the order.

Sec. 2. [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 2 to 6.

Subd. 2. [CLASSIFIED FARM LOAN.] “Classified farm loan” means a farm loan that the lender determines to have a substantial risk of nonpayment, so that the lender is likely to sustain some loss if the borrower’s paying capacity, net worth, or collateral is not improved. The loan need not already have been classified by a bank examiner.

Subd. 3. [COMMISSIONER.] “Commissioner” means the commissioner of commerce.

Subd. 4. [FARM ADVISOR.] “Farm advisor” means an extension agent, a farm advocate working under the department of agriculture, or an adult farm management instructor under the state board of vocational technical education.

Subd. 5. [FARMER.] “Farmer” means a resident individual, or a domestic family farm corporation defined in section 500.24, engaged in the business of farming property in this state.

Subd. 6. [FARMERS HOME ADMINISTRATION.] “Farmers home administration” means the farmers home administration of the United States department of agriculture.

Subd. 7. [FARM LOAN.] “Farm loan” means a loan for operating expenses or the purchase of property for a farm business.

Subd. 8. [LENDER.] “Lender” means a bank chartered by the state or federal government and a farm credit system lender.

Sec. 3. [QUALIFICATION OF LENDERS.]

To qualify for an interest payment under sections 4 to 6, a lender must first sign an agreement with the commissioner stating that the lender will suspend foreclosure on all farm loans held by the lender for 120 days after the agreement is signed. The commissioner shall enforce the 120-day farm loan foreclosure grace period.

Sec. 4. [INTEREST PAYMENT PROGRAM ON EXISTING FARM LOANS.]

Subdivision 1. [COMMISSIONER PAYS INTEREST.] The commis-

sioner shall pay the interest attributable to the first 60 days, of a 120-day foreclosure grace period, on the first \$25,000 of operating farm loans and the first \$25,000 of ownership farm loans of each borrower submitted by a lender that signs an agreement under section 3 to the farmers home administration for loan guarantees and debt restructuring.

Subd. 2. [INTEREST.] The interest to be paid is the amount that becomes attributable to the first 60-day period after the lender signs the agreement with the commissioner under section 3. The amount to be paid is determined by the loan agreement between the lender and the borrower.

Subd. 3. [CLASSIFIED FARM LOAN REVIEW.] During the first 60 days of the 120-day period after the agreement with the commissioner in section 3 is signed, the lender must review all classified farm loans and determine which farm loans the lender will submit to the farmers home administration for loan guarantees and debt restructuring.

Subd. 4. [LENDER-BORROWER AGREEMENT.] For each farm loan that the lender submits to the farmers home administration for loan guarantees and debt restructuring, the lender and the borrower of the farm loan must sign an agreement. The agreement must:

(1) state that the lender has agreed with the commissioner not to foreclose on any farm loans held by the lender for a 120-day period and specify the dates;

(2) state that the commissioner will pay the interest attributable to the eligible portion of the farm loan submitted to the farmers home administration for the first 60 days of the 120-day foreclosure grace period if the lender qualifies for state interest payment;

(3) state that the borrower is not liable for interest paid by the commissioner;

(4) provide that if the lender qualifies for state interest payment the lender will assume responsibility for the interest attributable to the eligible portion of the farm loan submitted and the borrower is not liable for the interest except as provided in clause (5); and

(5) provide that if the borrower agrees to have the farm loan submitted and the farmers home administration guarantees the loan, the lender may add the interest attributable to the second 60 days of the foreclosure grace period to the principal of the borrower's farm loan.

Subd. 5. [PAYMENT APPLICATION.] The lender must apply to the commissioner for the 60-day state interest payment on a farm loan that is submitted to the farmers home administration. The lender must give the commissioner evidence of the farm loan submitted to the farmers home administration guaranteed loan program and application for the farmers home administration approved lenders program. A lender that complies with this section is qualified to receive payment from the commissioner.

Sec. 5. [INTEREST PAYMENT PROGRAM ON NEW FARM OPERATING LOANS.]

Subdivision 1. [APPLICATION; FARMER CRITERIA.] A farmer may apply to a lender for a farm operating loan on which the state will pay part of

the interest. To be eligible for the state payment, the farmer must have a debt to asset ratio greater than 50 percent and must not have a positive cash flow at a 14.5 percent interest rate.

(b) The lender may use additional criteria in determining whether to make a farm operating loan to a farmer.

Subd. 3. [LOAN SUBMISSION.] The lender must submit to the commissioner all farm operating loans made by the lender for which the lender requests the state to pay part of the interest. The lender must certify that the approved farm operating loan has been submitted to the farmers home administration for any loan guarantee programs that are available. The commissioner may not pay interest on loans submitted after December 31, 1985.

Subd. 4. [PAYMENT AMOUNT.] The amount of interest paid by the state must be two-thirds of the amount of interest foregone by the lender as a result of the lender making the loan at an interest rate less than 14.5 percent. The interest is payable on the unpaid principal of the first \$50,000 of the loan. The commissioner shall not pay interest in an amount greater than the amount needed to provide a positive cash flow on the loan. The maximum interest payment per farmer may not exceed \$2,500. The commissioner shall pay the interest by March 1, 1986.

Sec. 6. [FORMS AND GUIDELINES.]

“Section 1. [CITATION.]”

Sections 1 to 5 may be cited as the “emergency agricultural relief act of 1985.”

Sec. 2. [LEGISLATIVE FINDINGS.]

The legislature finds that conditions have deteriorated and thousands of farmers will have their land foreclosed and offered at forced sales in the spring of 1985, causing agricultural land prices to fall drastically. The foreclosures and low land prices are causing and will cause extreme stress on rural financial institutions and all rural businesses, particularly those related to agricultural production, and financial panic conditions in areas that affect over one-third of the population of the state.

The legislature finds that agricultural land prices have decreased by over 30 percent in the last five years and that this fact alone would cause grave circumstances in the rural agricultural lending and borrowing community. In addition, real interest rates have increased, crop and livestock prices are not greater than the cost of production, and net farm income is essentially nonexistent. All of these factors and the federal agricultural financial policy have caused a situation beyond the control of Minnesota farmers and lenders resulting in repossession and forced sales of farm equipment and personal property, farm foreclosures and foreclosure sales, that if continued, will cause irreparable harm to the state, its farmers, its lenders, and the social fabric and existence of rural communities.

The legislature finds that provisions for the postponement of advertised sales under Minnesota Statutes, section 580.07, and prior law have been in

existence for over 80 years.

The legislature finds and declares existing relief is inadequate and that these conditions have resulted in a state of public economic emergency of a nature that justifies and validates additional measures for the extension of time before foreclosure and foreclosure sales may be made and for other relief.

Sec. 3. [APPLICATION.]

Subdivision 1. [DATE OF APPLICATION.] Sections 1 to 5 apply to the mortgages and security interests in this section that exist before February 1, 1985.

Subd. 2. [MORTGAGES HELD BY UNITED STATES.] Sections 1 to 5 apply to mortgages of agricultural production real estate held by the United States or by any agency, department, bureau, or instrumentality of the United States, as security or pledge of the mortgagor, its successors, or assigns.

Subd. 3. [MORTGAGES HELD AS SECURITY FOR PUBLIC DEBT.] Sections 1 to 5 apply to mortgages of agricultural production real estate held as security or pledge to secure payment of a public debt or to secure payment of the deposit of public funds.

Subd. 4. [MORTGAGES HELD BY LENDERS.] Sections 1 to 5 apply to all other mortgages of agricultural production real estate that are held by lenders that are in the business of lending money.

Subd. 5. [SECURITY INTERESTS IN AGRICULTURAL PERSONAL PROPERTY.] Sections 1 to 5 apply to all security interests in agricultural crops and livestock, and all personal property used for agricultural production that are held by lenders in the business of lending money.

Sec. 4. [MORATORIUM AND PROHIBITION OF DEFICIENCY JUDGMENTS.]

Subdivision 1. [MORATORIUM.] (a) Mortgages may not be foreclosed, or property sold by forced sale after foreclosure, for one year after sections 1 to 5 become effective, except by court order under section 5.

(b) Agricultural production crops and livestock, and all personal property used for agricultural production may not be repossessed, or security interests in the personal property foreclosed, for one year after sections 1 to 5 become effective unless the debtor agrees in writing, or by court order under section 5.

Subd. 2. [DEFICIENCY JUDGMENTS.] An action for a deficiency judgment related to a sale of real or personal agricultural property may not be started, continued, or executed for one year after sections 1 to 5 become effective.

Subd. 3. [PREVAILS OVER CONFLICTS.] Sections 1 to 5 prevail over Minnesota Statutes, chapter 583 and other laws that conflict with sections 1 to 5.

Sec. 5. [APPLICATION TO DISTRICT COURT FOR RELIEF.]

Subdivision 1. [PETITION.] A party to a mortgage or security interest may petition for relief to the district court of the county where the foreclosure

proceedings are pending, or the district court of the mortgagor's or debtor's residence. The party petitioning the court must serve a summons and verified complaint on parties to the mortgage or security interest and show why the repossession, foreclosure, or sale should be made.

Subd. 2. [RELIEF ALLOWED.] The court may order the repossession, foreclosure, or sale to proceed under applicable law and conditions provided by the court if the parties to the mortgage or security interest have had adequate legal representation and:

(1) the parties to the security interest or mortgage agree;

(2) the mortgagor of the mortgaged real estate or the debtor of secured personal property does not have any equity in the property; or

(3) after considering all equitable arguments the court finds that there is no reason for the sale not to be held.

Subd. 3. [POSTPONEMENT OF FORECLOSURE SALE AND REDEMPTION PERIOD.] The court may postpone the date of foreclosure sale and the corresponding redemption period up to one year.

Subd. 4. [REDUCTION OF REDEMPTION PERIOD.] The court may order the redemption period under Minnesota Statutes, section 580.23, to be reduced to compensate for the period of time that the sale was delayed, but the redemption period must not be less than 30 days. If the foreclosure sale is not delayed, the redemption period is as provided in Minnesota Statutes, section 580.23.

Subd. 5. [COMPROMISES.] If the parties to a security interest or mortgage agree in writing to a compromise settlement, a composition of the indebtedness, or both, the court has jurisdiction and may, by its order, confirm and approve the settlement, composition, or both.

Subd. 6. [COURT MAY REVISE AND ALTER TERMS.] A party to a mortgage or a security interest may apply to the court before the expiration of the period before the sale and present evidence that the terms set or approved by the court are not just and reasonable because circumstances have changed. The court may revise and alter the terms.

Subd. 7. [HEARING.] The hearing on the petition must be held within 30 days after the filing of the petition. The resulting order must be made and filed within five days after the hearing. An appeal may be made as in other civil actions.

Sec. 6. Laws 1983, chapter 215, section 16, as amended by Laws 1984, chapter 474, section 7, is amended to read:

Sec. 16. [REPEALER.]

Sections 1 to 5 are repealed one year after they become effective, but any postponement or other relief ordered by a court continues to be valid for the period ordered by the court.

Sec. 8. [EFFECTIVE DATE.]

Senate Concurrent Resolution No. 7: A Senate concurrent resolution declaring an economic emergency; declaring the need for Congressional hearings on the crisis, federal legislation, and the use of the powers of the state's executive branch.

WHEREAS, the State of Minnesota, one of the major agricultural states in the United States, is suffering from a financial crisis in agriculture that affects the entire economic health of this state, as well as the economic health of the midwestern and national economies; and

WHEREAS, this financial crisis that affects agricultural producers has grown to include the business communities which together form the core of the midwestern economy; and

WHEREAS, the factors which created this crisis are beyond the capacity of individuals to manage or control, including sustained high interest rates, declining land values which have eroded farm equity, commodity prices below the cost of production, and successive years of weather-related problems; and

WHEREAS, if current economic conditions continue, over 18,000 of Minnesota's 94,000 farms currently burdened with a high debt-to-asset ratio face the likelihood of insolvency within the next two years; and

WHEREAS, the value of Minnesota's agricultural land plunged by 4.2 billion dollars during 1984, which represents a 15 percent drop in the value of agricultural land in 12 months, the largest single year decrease in price since the depression of the 1930's, and which caps a 31 percent drop in agricultural land value since 1981; and

WHEREAS, the value of assets lost in this financial crisis has already negatively affected the machinery market and has forced many farm implement dealers and related agricultural service businesses into bankruptcy; and

WHEREAS, the average Minnesota farmer recorded a net farm income loss of \$2,425 during 1983, and average United States net farm income dropped to \$6,793 which represents an income \$3,470 below the federal poverty level for a family of four; and

WHEREAS, experts expect this crisis to broaden during the immediate weeks prior to the spring 1985 planting season, thus endangering the financial health of farmers, state and federally chartered lending institutions, rural small businesses, and agricultural manufacturers; NOW, THEREFORE,

BE IT RESOLVED by the Senate, the House of Representatives concurring, that the legislature declares Minnesota to be in a state of economic emergency due to an agricultural depression.

BE IT FURTHER RESOLVED that the Congress of the United States should immediately hold local and statewide hearings involving the United States Department of Agriculture and federal credit officials to examine the current crisis and to determine the immediate actions necessary to alleviate this crisis, and Congress should use the 1985 federal farm bill to restructure the financial burden currently facing agricultural producers and businesses.

BE IT FURTHER RESOLVED that the Legislature of the State of Minnesota calls upon the Governor to use the powers of the executive branch to address this state of economic emergency brought on by this agricultural depression.

Mr. Moe, R.D. moved the adoption of the foregoing resolution. The motion prevailed. So the resolution was adopted.

When necessary the local welfare agency shall seek authority to remove the child from the custody of his parent, guardian or adult with whom he is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

(b) Authority of the local welfare agency responsible for assessing the child abuse report and of the local law enforcement agency *for investigating the alleged abuse* includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found and may take place outside the presence of the perpetrator or parent, legal custodian, guardian or school official. Except as provided in this clause, the parent, legal custodian, or guardian shall be notified; *by the responsible local welfare or law enforcement agency* no later than the conclusion of the investigation or assessment, that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota Rules of Procedure for Juvenile Courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, *the agency withhold* notification of this interview ~~be withheld~~ from the parent, legal custodian, or guardian. *If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under paragraph (c), and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.*

(c) When the local welfare or local law enforcement agency determines that an interview should take place on school property, written notification of *intent to interview the child on school property* must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, *whether the child's parents, legal custodian, or guardian will be permitted to be present during the interview*, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chairman of the county welfare board or his designee. *For interviews conducted by the local law enforcement agency, the notification shall be signed by either the county sheriff or chief of police or their designee. The notification shall become part of the child's school record and shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview that may be a part of the child's school record until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded. Until that time, the local welfare or law enforcement agency shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.*

The time and place, and manner of the interview on school premises shall

be within the discretion of school officials, but the local welfare agency, or the local law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is ~~deemed~~ *considered* necessary by agreement between the school officials and the local welfare agency or local law enforcement agency. Where the school fails to comply with the provisions of this section *paragraph*, the juvenile court may order the school to comply with this provision. School officials shall not disclose to the parent, legal custodian, guardian, or perpetrator that a request to interview the child has been made until after the investigation or assessment has been concluded. Every effort shall *must* be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(d) Where the perpetrator or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the perpetrator or any person responsible for the child's care at reasonable places and times as specified by court order.

(e) Before making an order under paragraph (d), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If a guardian ad litem is appointed, he shall be present at the hearing on the order to show cause.

(f) The commissioner, the local welfare agencies responsible for investigating reports, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's records as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings."

MOTIONS AND RESOLUTIONS

Mr. Isackson moved that Senate Resolution No. 26 be taken from the table. The motion prevailed.

Senate Resolution No. 26: A Senate resolution declaring the sense of the Senate that the Commodity Credit Corporation should authorize loan advances to fund spring planting.

WHEREAS, dangerously high interest rates, coupled with low grain prices, decreasing land values and the strong dollar preventing exports have caused grave concern among farmers and economic experts throughout the United States; and

WHEREAS, there is currently desperate concern within the agricultural community that the federal government will repeal programs that have provided farmers financial aid during recent years; and

WHEREAS, the approval of a federal farm program that is less than attentive to the urgent needs of American agriculture could cause the virtual collapse of the farm industry and submerge this nation into an economic depression; and

WHEREAS, with the spring planting season just weeks away, farmers need capital to put in their crops; **NOW; THEREFORE,**

BE IT RESOLVED by the Senate of the State of Minnesota that it is the sense of the Senate that the Secretary of Agriculture of the United States should expeditiously act to authorize the Commodity Credit Corporation to advance part of the loan that farmers normally receive for sealing grain as either a recourse or nonrecourse loan to pay for spring planting expenses. This advance could be handled by local ASCS offices which are already in place requiring no extra funding and would be paid back at the 9-1/8 percent rate at which the Commodity Credit Corporation receives money.

Mr. Isackson moved the adoption of the foregoing resolution. The motion prevailed. So the resolution was adopted.

Without objection, the Senate reverted to the Order of Business of Reports

of Committees and Second Reading of Senate Bills.

"Sec. 25. Minnesota Statutes 1984, section 298.28, subdivision 1, is amended to read:

Subdivision 1. [DISTRIBUTION FROM GENERAL FUND.] The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certificate of the commissioner of revenue to the general fund of the state, be paid by the commissioner of revenue as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton," to the city or town in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or

quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) 12.5 cents per taxable ton, less any amount distributed under clause (8), *paragraph (a)*, to the taconite municipal aid account in the apportionment fund of the state treasury, to be distributed as provided in section 298.282.

(3) 29 cents per taxable ton plus the increase provided in paragraph (c) to qualifying school districts to be distributed as follows:

(a) Six cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (d), shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its certified levy for the prior year, computed pursuant to sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 275.125, comprises of the sum of certified levies for the prior year for all qualifying districts, computed pursuant to sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 275.125. For purposes of distributions pursuant to this part, certified levies for the prior year computed pursuant to sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 124A.03, subdivision 2.

(c) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by clause (3)(b) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in clause (3)(b) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988 and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). Each district shall receive the product of:

(i) \$150 times the pupil units identified in section 124.17, subdivision 1, clauses (1) and (2), enrolled in the second previous school year, less the product of two mills times the district's taxable valuation in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the amount certified pursuant to section 124A.03, subdivision 2, in the previous year, to the product of two mills times the district's taxable valuation in the second previous year.

If the total amount provided by clause (3)(c) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to clause (3)(c) shall not be applied to reduce foundation aids which the district is entitled to receive pursuant to section 124A.02 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of finance who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in section 298.28, subdivision 1, clause 10.

(d) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 17.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) One cent per taxable ton to the state for the cost of administering the tax imposed by section 298.24.

(7) Three cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. The amount determined in this clause shall be increased in 1981 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1 and shall be increased in 1988 and subsequent years according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1. The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this clause may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(8) (a) .20 cent per taxable ton shall be paid to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(b) 1.5 cents per taxable ton shall be paid to the northeast Minnesota economic protection trust fund.

(9) the amounts determined under clauses (4)(a), (4)(c), (5), and (8)(b) shall be increased in 1979 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. Those amounts shall be increased in 1988 and subsequent years in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1.

(10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to (9) and parts (a) and (b) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection trust fund created in section 298.292 as follows: Two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) There shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977; provided, however, that the amount distributed in 1981 to the unorganized territory number 2 of Lake County and the town of Beaver Bay based on the between-terminal trackage of Erie Mining Company will be distributed in 1982 and subsequent years to the unorganized territory number 2 of Lake County and the towns of Beaver Bay and Stony River based on the miles of track of Erie Mining Company in each taxing district.

(b) There shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. The commissioner of revenue shall annually on or before October 10 report an estimated distribution amount to each taxing district and the officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county or city in the year in which such estimate is made, and payable in the next ensuing calendar year, except that one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. In any calendar year in which a general property tax levy subject to sections 275.50 to 275.59 has been made, if the taxes distributable to any such county or city are greater than the amount estimated by the commissioner to be paid to any such county or city in such year, the excess of such distribution shall be held in a special fund by the county or city and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.50 to 275.59, of such county or city payable in such year. If the amounts distributable to any such county or city after final determination by the commissioner of revenue under this section are less than the amounts by which a taxing district's levies were reduced pursuant to this section, such county or city may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection trust fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

Sec. 26. Minnesota Statutes 1984, section 299.01, subdivision 1, is amended to read:

Subdivision 1. There shall be levied and collected upon all royalty received during each calendar year for permission to explore, mine, take out and remove ore ~~other than taconite, semi-taconite and iron sulphides~~ from land in this state, a tax of ~~15-5 15~~ percent ~~after December 31, 1971~~.

Sec. 27. Minnesota Statutes 1984, section 299.012, subdivision 1, is amended to read:

Subdivision 1. For the purpose of increasing the utilization of low grade,

underground, and high labor cost ores and taconites, the royalty tax levied by virtue of section 299.01, ~~subdivisions 1 and 2,~~ on royalty received because of the production of ores in any calendar year from land forming part of any mine which was in production during said year, shall be reduced by a credit in an amount which will make the net effective tax rate thereon equal to the net effective rate of the occupation tax imposed pursuant to section 298.01, because of the production of ores during such calendar year from the mine of which such land forms a part, after the application of the credits against such occupation tax allowed under section 298.02; provided, if such mine produced ore in such calendar year, but the ore produced had no valuation for occupation tax purposes because of the allowable deductions equaling or exceeding the value of the ore produced, the credit allowed hereunder shall be three-fourths of eleven percent, ~~as applied to underground, taconite, semi-taconite and other iron ore operations, and six-tenths of eleven percent as applied to all other operations,~~ of the royalty received. Any person making payments of royalty taxes in advance of the final determination of such taxes, may assume for the purposes of section 299.08, that the net rate of the tax for the calendar year in question shall be the last full year's net effective occupation tax rate known at the time of the first payment of royalty tax during the current calendar year."

Sec. 8. [136D.45] [TEACHERS.]

Subdivision 1. [ASSIGNMENT.] When an independent school district becomes a member of the joint vocational technical district, a teacher employed by a member district and primarily assigned as a post-secondary or adult vocational education teacher there, shall be assigned to and become an employee of the joint vocational technical district without further rights to employment in the member district; provided that, for a period of two years from the date of assignment, teaching vacancies in the member district from which the teacher was assigned must be offered to the teacher assigned to the joint vocational technical district if the teacher was placed on unrequested leave of absence by the joint vocational technical district, if the teacher is properly licensed for the position, and if a transfer or assignment from a post-secondary or adult vocational position to a secondary position would have been authorized in the member district under the contract in effect at the time of that teacher's assignment to the joint vocational technical district. A teacher who has previously been placed on unrequested leave of absence from a post-secondary or adult vocational education position by an independent school district that becomes a member of the joint vocational technical district only has reinstatement rights to an available post-secondary or adult vocational position in the joint vocational technical district and has no further rights to reinstatement to any post-secondary or adult vocational position in the member district. This reassignment of employment rights is not a leaving of employment for eligibility for payments under section 465.72 or under a policy or contract based on that section.

Subd. 2. [EXCLUSIVE REPRESENTATIVE.] The employee organization certified as the exclusive representative for the teachers in a particular member district who are assigned to the joint vocational technical district upon its establishment shall continue as the exclusive representative for those teachers until that organization is decertified or another organization is certified in its place under this subdivision. After the commissioner assigns an identification number to the joint vocational technical district, any employee organization representing teachers in the joint vocational technical district may petition the director of the bureau of mediation services for a certification election proceeding under chapter 179A. For purposes of certification of an exclusive representative, the teachers assigned to the joint vocational technical district are an appropriate unit of employees.

Subd. 3. [BARGAINING AGREEMENT.] The terms and conditions of employment of teachers assigned to the new joint vocational technical district from each member district shall be temporarily governed by the contract executed by the exclusive bargaining representative and that particular member district until a successor contract is executed between the board of the joint vocational technical district and the new exclusive bargaining representative. The date of first employment in the new joint vocational technical district shall be the date on which services were first performed by the teacher in the member school district from which assigned. Accumulations of sick leave and accumulated years of service to determine eligibility for any severance pay or early retirement benefits shall be applied to any maximum

accumulation limitations negotiated in the successor contract. The joint vocational technical board shall provide, to transferred teachers, open enrollment in all insurance plans with no limitation on preexisting conditions. The successor contract shall contain a negotiated plan for the placement of teachers on unrequested leave of absence in the joint vocational technical district.

Subd. 4. [APPLICABLE LAW.] Except as provided in this section, section 125.12 applies to the employment of each teacher by the joint vocational technical district.

Sec. 9. [136D.46] [NONLICENSED EMPLOYEES.]

Subdivision 1. [ASSIGNMENT.] When an independent school district becomes a member of the joint vocational technical district, each nonlicensed employee primarily employed in an AVTI who is transferred to the joint vocational technical district shall be assigned to and become an employee of the joint vocational technical district without further employment rights in the member district, other than, for two years from the date of assignment to the joint vocational technical district, the right to exercise, in the member district, job seniority promotion and job seniority layoff provisions of the contract in effect at the time of that employee's assignment to the joint vocational technical district. This reassignment of employment rights is not a leaving of employment for eligibility for payment under section 465.72 or under a policy or contract based on that section.

Subd. 2. [EXCLUSIVE REPRESENTATIVES.] After the commissioner assigns an identification number to the joint vocational technical district, any employee organization may petition the director of the bureau of mediation services for a certification election proceeding under chapter 179A. An organization certified as the exclusive representative for nonlicensed employees in a particular member district who are assigned to the joint vocational technical district upon its establishment shall continue as the exclusive representative for those particular employees for a period of 90 days from the date on which the joint vocational technical district is established. If a petition for representation of nonlicensed employees is filed within 90 days, an exclusive representative for those particular nonlicensed employees shall continue as the exclusive representative until bureau of mediation services proceedings are concluded.

Subd. 3. [BARGAINING AGREEMENT.] The terms and conditions of employment of nonlicensed employees assigned to the joint vocational technical district who were not governed by a collective bargaining agreement at the time of the assignment shall be governed by joint board policy. The terms and conditions of employment of nonlicensed employees assigned to the joint vocational technical district from each member district shall be temporarily governed by contracts executed by an exclusive representative for a period of 90 days from the date of assignment. If a petition for representation of nonlicensed employees is filed with the bureau of mediation services within the 90 days, the contractual terms and conditions of employment for those particular nonlicensed employees who were governed by a preexisting contract shall continue until bureau of mediation services proceedings are concluded; and if exclusive representatives have been elected, until successor contracts are executed between the board of the joint vocational technical

district and the new exclusive representatives.

The date of first employment in the joint vocational technical district shall be the date on which services were first performed by the employee in the member school district from which assigned. Any sick leave, vacation time, or severance pay benefits accumulated pursuant to policies of a member district or contracts between exclusive representatives and the boards of member districts shall continue to apply in the new joint vocational technical district to the employee assigned from those member districts; provided that their accumulated benefits do not exceed any maximum accumulation limitations negotiated in a successor contract. Future leaves of absence, vacations, or other benefits to be accumulated in the new joint vocational technical district shall be governed by joint board policy or by contract between an exclusive representative of an appropriate unit of employees and the joint vocational technical board. The joint vocational technical board shall provide, to transferred nonlicensed employees, open enrollment in all insurance plans with no limitation on preexisting conditions.

Sec. 10. [136D.47] [TRANSFER OF PROPERTY.]

Subdivision 1. [TRANSFER OF TITLE.] When an independent school district becomes a member of the joint vocational technical school district, the member district shall transfer to the joint board title to the AVTI facility in that district and other appropriate equipment, personal property, and related records. The deed transferring the real property may specify that title to the property reverts to the granting school district if the property is no longer used for vocational or technical education purposes. All claims and contract obligations of the member district relating to the AVTI and adult and post-secondary vocational education programs including claims for unemployment compensation, shall also transfer to the joint vocational technical district.

Subd. 2. [DEBT.] The bonded debt on all property transferred shall be paid according to levies for that debt previously made under chapter 475. The obligation of the taxable property in the member district with reference to the payment of that bonded debt is not affected by the transfer.

Subd. 3. [TRANSFER OF FUNDS.] A member district shall transfer all fund balances, excluding the debt redemption fund, in all post-secondary and adult vocational funds to the joint vocational technical district.

Subd. 4. [TRANSFER NOT TO AFFECT LEGAL ACTION.] The transfer of property, title, and power to govern AVTIs and post-secondary and adult vocational programs does not affect a proceeding of an administrative, civil, or criminal nature pending at the time of the transfer, but the proceeding shall be pursued in the name of the joint board. The joint board or its designee, upon application to the appropriate court or agency, shall be substituted as a party to the proceeding.

Sec. 11. [136D.48] [TAX LEVIES.]

Subdivision 1. [STATE AUDITOR COSTS; JUDGMENTS; INSURANCE.] The joint board may levy upon all taxable property in the joint vocational technical district an amount necessary to pay the joint vocational technical district's obligations under section 6.62, to pay its obligations under section 127.05, and to pay its insurance premium costs under section

466.06.

Subd. 2. [AID ANTICIPATION CERTIFICATES.] The joint board may issue aid anticipation certificates of indebtedness under sections 124.71 to 124.76 and may pledge the full faith and credit of the joint vocational technical district to their payment under section 124.75.

Subd. 3. [AVTI CONSTRUCTION.] It is the intention of the legislature to pay 100 percent of the cost of future authorized construction of post-secondary vocational facilities in the joint vocational technical district; however, the joint board may levy for the local share of the cost of construction of post-secondary vocational facilities as provided in section 275.125, subdivision 14a.

Sec. 12. [136D.49] [JOINDER.]

Upon approval by the majority vote of its board and the joint board, any other independent school district with an area vocational technical institute may enter into an agreement to become a participant in a joint vocational technical district. An election is not required on this issue. The agreement must be approved by resolution of the school board of the independent district and the joint board. The resolutions must be filed with the state director.

Sec. 13. [PAYMENT OBLIGATION.]

Subdivision 1. [AGREEMENTS WITH STATE DIRECTOR.] The state director may enter into agreements with the joint vocational technical district and its member school districts relating to costs of interim staffing and to payments of district service fees to member districts.

Subd. 2. [CONSTRUCTION.] Notwithstanding Minnesota Statutes, section 136C.44, it is the intention of the legislature to fund 100 percent of the cost of any future authorized post-secondary vocational facilities construction in the joint vocational technical district.

Subd. 3. [PAYMENT OF DEBT; TRANSFER; DEBT SERVICE AID.] A member district which has debt outstanding upon an AVTI facility and property that is transferred to the joint vocational technical district shall escrow in its AVTI debt redemption fund the lesser of: (a) a sufficient amount to pay the local share of all principal, interest, and redemption premiums on the outstanding debt when due, or (b) the remaining balance in the AVTI debt redemption fund. The member district shall transfer the amount to a separate account in its debt redemption fund for payment of the debt. Any remaining balance in the AVTI debt redemption fund may be used as provided in Minnesota Statutes, section 123.36, subdivision 13, clauses (2), (3), and (4).

The state board of vocational technical education shall provide for credit against the debt service of all member districts that have transferred their AVTI facilities to the board of the joint vocational technical district. The provided credit must be post-secondary vocational debt service aid equal to the state portion of the amount necessary to make all payments due in each school year ending June 30 with respect to bonds issued to finance those post-secondary vocational facilities and interest on the bonds. If the property reverts to ownership by the member district according to section 10, the state portion of debt service aid shall be paid according to Minnesota Statutes, section 136C.41.

Subd. 4. [LEVY.] A member district that has transferred an AVTI facility to the joint board may levy upon all taxable property in the member district, the following:

(1) in the first year's levy after the transfer, 75 percent of the amount of the district's most recent service fee allocation;

(2) in the second year's levy after the transfer, 50 percent of the amount of the district's service fee allocation under clause (1); and

(3) in the third year's levy after the transfer, 25 percent of the amount of the district's service fee allocation under clause (1).

The proceeds of the levy may be placed in the general fund or any other fund of the district. Any unexpended portion of the proceeds so received must not be considered in the net unappropriated fund balance of the member district for the three fiscal years to which the levy is attributable.

Under the order of business of Motions and Resolutions the Senate may by a majority vote of the whole Senate temporarily revert or proceed to any other order of business.

CALENDAR

8. The Secretary shall make a Calendar of all bills, resolutions and other matters coming before the Senate for final action. He shall place them on the Calendar in the order in which they have been acted upon in Committee of the Whole. The Calendar shall be printed and placed upon the members' desks at least one calendar day before the matters on it are considered.

CONSENT CALENDAR

9. If a committee determines that a bill it recommends to pass is of a routine nature or otherwise of a nature which likely will not be opposed, it may in its report recommend that the bill be placed on the Consent Calendar. If the report is adopted, the bill shall be printed and placed on the Consent Calendar after its second reading. On the question of adoption of the report the question of accepting the recommendation that the bill be placed on the Consent Calendar may be divided from the question of adopting the report in other respects.

A majority of the whole Senate, or the Subcommittee on Bill Scheduling, may order a bill on General Orders to be placed on the Consent Calendar.

The Consent Calendar consists of bills placed on it. Senate bills shall be positioned ahead of House bills. The Consent Calendar shall be printed and placed on the members' desks at least one calendar day before the matters on it are considered.

If a member objects to consideration of a bill on the Consent Calendar at any time during its consideration in the Senate before the question on final passage is put, and that objection is supported by at least two other members, the bill shall be referred to the Committee of the Whole, and shall be placed at the bottom of General Orders subject to Rule 11, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

SPECIAL ORDER

10. The Chairman of the Subcommittee on Bill Scheduling of the Committee on Rules and Administration, as authorized by the subcommittee, may designate a special order for a bill that has been given its second reading.

A special order shall provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

During consideration of a special order, Rule 20 is suspended. As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions shall be that of the Committee of the Whole.

On any question a member may call for the yeas and nays which shall be entered in the Journal.

Unless it is otherwise disposed of, after consideration a bill on Special Orders of the Senate shall immediately proceed to its third reading and final passage.

GENERAL ORDERS

11. The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate, which are referred to the Committee of the Whole, and which are not made the order of the day, for a particular day, and number them. The lists are called the "General Orders". They shall be taken up in the order in which they are numbered unless otherwise ordered by a majority of the committee.

General Orders, together with all bills included on it required to be printed under the rules or orders of the Senate, shall be printed and placed upon the

members' desks at least one calendar day before being considered in Committee of the Whole.

MOTIONS

12. When a motion is made it shall be stated by the President. If it is in writing it shall be handed to the Secretary and read to the members.

13. A motion or amendment shall be written if the president or a member requests. In that case it must be signed by the member or committee offering it.

14. After a motion is stated by the President, or read by the Secretary, it is in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

PRECEDENCE OF MOTIONS

15. When a question is under debate no motion shall be received, except:

1. To adjourn.

2. To recess.

3. To reconsider.

4. To lay on the table.

5. For the previous question.

(Motions numbered 1, 2, 4 and 5 above shall be decided without debate.)

6. To refer.

7. To postpone to a day certain.

8. To amend.

9. To postpone indefinitely.

These several motions have precedence in the foregoing order; but when a motion for the previous question has been seconded, or the main question ordered, a motion to lay on the table is not in order.

A motion to postpone to a day certain, to refer, to postpone indefinitely, or to amend, having been decided, shall not again be put on the same day, nor at the same stage of the bill or proposition.

MOTION TO ADJOURN

16. A motion to adjourn is always in order, and also a motion to adjourn to a time certain. The latter motion is debatable solely as to the time. When either motion is rejected it shall not be renewed until further business has been transacted.

AMENDMENTS TO RULES AND SUSPENSION OF RULES

17. Every proposition to amend a rule of the Senate shall be referred to the Committee on Rules and Administration. The proposition shall not be acted upon until the report of the committee is received by the Senate. A rule shall

not be suspended except by at least two-thirds vote of the whole Senate. A motion to suspend the rules for the purpose of advancing a bill shall be made only under the order of business, "Motions and Resolutions".

ORDER IN DEBATE

18. When a member is about to speak in debate, or deliver a matter to the Senate, the member shall rise and respectfully address "Mr. President". The member shall not proceed to speak further until recognized by the President. The member shall speak only to the question under debate and avoid personality. In discussing a resolution, each member is limited to ten minutes.

19. When a member is called to order, he shall be silent until it is determined whether or not he is in order. If a member is called to order for words spoken in debate, the words excepted to shall be taken down in writing by the Secretary immediately.

20. No member shall speak more than twice on the same question on the same day without leave of the Senate.

COMMITTEES NOT TO BE ABSENT

21. Committees shall not be absent from the Senate without permission of the Senate. The names of the members excused shall be printed in the Journal.

MEMBERS TO VOTE UNLESS EXCUSED

22. Every member who is in the Senate Chamber during a roll call shall vote upon the request of another member unless, for special reasons, excused by the Senate.

A motion by a member to be excused from voting shall be made before the question is put. A member wishing to be excused from voting may make a brief statement of the reason for making the request and the question on the motion shall be taken without further debate.

When members have had an opportunity to vote and fail to do so, a majority of all the members of the Senate may, by motion, direct the President to close the roll. The vote on a motion to close the roll shall be taken without debate and no member is required to vote on the motion.

CALL OF THE SENATE

23. A member may impose a call of the Senate requiring the attendance of all members before any further proceedings occur except a motion to adjourn. Upon the imposition of a call, a record of those present shall be obtained upon the request of any member, and the Sergeant at Arms instructed to bring in the absent members. When the Senate has been placed under call, a member may demand that the doors be closed and no member permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority vote of all the members of the Senate, or until the Senate adjourns. A majority vote of all the members of the Senate may excuse from attendance members not answering the call.

A call cannot be made after voting has commenced.

QUESTIONS—HOW STATED AND DECIDED

24. Questions shall be distinctly put. The President shall declare all votes but if a member rises to question a vote, the President shall order a division.

ONLY MEMBERS PRESENT TO VOTE

25. Upon a division and count of the Senate on a question, only members present in the Senate chamber shall be counted. No member may vote on a question except at the member's own seat in the chamber.

ANY MEMBER MAY DEMAND YEAS AND NAYS

26. At any time prior to the start of voting on a question, a member may call for the yeas and nays which shall be entered in the Journal. A call for the yeas and nays cannot be interrupted except as provided in Rule No. 22.

AUTHORIZED ELECTRICAL VOTING DEVICE

27. Unless otherwise ordered, a vote, except upon elections and upon the overriding of a governor's veto, may be taken by means of the electrical voting system which is under the control of the President.

CERTIFICATE FOR MONEY

28. No certificate authorizing the payment of money appropriated by the Legislature shall be issued by the Secretary by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of all members of the Senate upon a call of the yeas and nays.

THE PREVIOUS QUESTION

29. Unless the motion for the previous question is made specifically applicable to a subsidiary motion, the previous question shall be in this form:

“Shall the main question now be put?” It shall only be admitted when demanded by a majority of the members present, and its effect is to put an end to all debate, and bring the Senate to a direct vote upon amendments reported by a committee, if any, then upon all pending amendments in their order and then upon the main question.

On a motion for the previous question a call of the Senate is in order before the President submits the question to the Senate.

On a previous question there is no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending the motion, shall be decided, whether on appeal or otherwise, without debate.

DIVISION OF QUESTION

30. A member may call for a division of the question when the question will admit of it. A motion to strike out and insert is indivisible. A motion to

strike out being lost does not preclude an amendment nor a motion to strike out and insert.

RECONSIDERATION

31. When a motion or question has been once put and carried in the affirmative or negative, it is in order for a member who voted with the prevailing side to move for reconsideration on the same day on which the vote was taken or within the next two calendar days or, if later, the first day the Senate meets after the vote was taken. The motion takes precedence over all other questions except a motion to adjourn or recess. When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day the Senate meets except as provided in this rule. When notice of intention to move reconsideration of the final action of the Senate on a question is given by a member, the Secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

During the six calendar days before the first Tuesday following the third Saturday in May of any year a notice of intention to move for reconsideration is not in order, but a motion to reconsider may be made and have priority over all other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

INTRODUCTION OF BILLS

32. Bills, memorials, concurrent or joint resolutions may be introduced by a member or by order of the Senate on a report of a committee. An original and three copies are required for introduction. The number of authors shall not exceed five. A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall place it in the hands of the Secretary, and the Secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the President who shall present them to the Senate.

The name of the author or authors shall be prefixed to each bill, memorial or resolution and the name of a committee introducing a bill, memorial or resolution shall be endorsed on it.

RECESS BILL INTRODUCTIONS

33. During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, a bill filed with the Secretary for introduction shall be given a file number and may be unofficially referred by the President, with the approval of the Subcommittee on Bill Scheduling, to an appropriate standing committee of the Senate. All bills filed for introduction during this period shall be presented to the Senate when it reconvenes and shall be referred to the standing committees previously indicated by the President, subject to objection under Rule 35.

REPORTING OF BILLS

34. Every bill, memorial, order, resolution or vote requiring the approval of the Governor shall be reported to the Senate on three different days pre-

vious to its passage. The first report, called the first reading, is made when it has been received for introduction; the second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate; the third report, called the third reading, is made when it is ready for final passage.

REFERRING OF BILLS

35. All bills shall be referred by the President without motion to the proper standing committee unless otherwise referred by the Senate. A bill introduced by a committee need not be referred to a standing committee unless a question arises but rather shall lie over one day before being given its second reading. When a question arises concerning the proper reference of a bill during the order of business of first reading on the day of introduction or at the time of report on it by a standing committee to which the bill was previously referred, the bill shall be referred without debate to the Committee on Rules and Administration to report the proper reference, and upon adoption of the report of the Committee on Rules and Administration, it shall be referred accordingly.

All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, shall, before passage, be referred to the Committee on Finance.

36. No bill or resolution shall be referred to committee or amended until it has been given its first reading. No bill or resolution shall be objected to on its introduction.

AMENDMENTS TO BE GERMANE

37. An amendment proposed to the Senate or to the Committee of the Whole that is not germane is out of order. A non-germane amendment includes one that relates to a substantially different subject, or is intended to accomplish a substantially different purpose than that of the original bill to which it is proposed. Whether an amendment is germane is a question to be decided by the President, who may put the question to the body if he chooses.

AMENDMENTS TO BILLS

38. In drawing an amendment to a bill or resolution reference shall be made therein, first to the number of the bill, then to the page, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted.

AMENDMENTS TO TITLE

39. The title to a bill may be amended at any time during its pendency in the Senate.

RECALL FROM COMMITTEE

40. A majority of the Senate may at any time recall a bill from any committee or take a bill from the table and place it on General Orders.

By a report of the Committee on Rules and Administration adopted by the Senate, the Committee on Rules and Administration, on request of the first author, may remove a bill from committee and re-refer it to any other committee or place it on General Orders.

DISTRIBUTION AND PRINTING OF BILLS

41. To the extent practical the Secretary shall provide a copy of any bill to the public. He may charge a reasonable fee.

Unless otherwise ordered by the Senate, all Senate bills which have been reported upon favorably or without recommendation by a committee shall be printed prior to consideration by the Senate or the Committee of the Whole. A committee chairman, a majority of the last committee to consider a bill, or the Senate may require that a House bill amended by the Senate be unofficially engrossed and printed when placed on General Orders. A bill may be printed by order of the Secretary when amended after second reading. A bill shall be printed when ordered by a majority vote of the Senate. Action by the Senate on a bill which has not been printed is a waiver of the printing requirement.

COMMITTEE OF THE WHOLE

42. All bills, memorials, orders, resolutions and votes requiring the approval of the Governor shall, after a second reading, be considered in Committee of the Whole before they are finally acted upon by the Senate, except as provided for in Rules 9 and 10.

43. The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole. The rules observed in the Senate govern, as far as practicable, the proceedings of the Committee of the Whole, and the Chairman of the Committee of the Whole has the powers of the President, as appropriate. However, a member may speak more than twice on the same subject and a call for the previous question cannot be made. The yeas and nays shall be taken only upon the request of three members, and when taken shall be recorded in the Journal along with the amendment; provided, however, that a member may, with the approval of the Chairman of the Committee on Rules and Administration, submit a description of the amendment for printing. In those cases the Secretary shall retain in the minutes of the Committee of the Whole the full text of the amendment.

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If a recommendation contains a proposed amendment of a bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question is on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the Calendar.

AMENDMENT ON THIRD READING

45. No amendment is in order on third reading without the unanimous

consent of the Senate unless it fills a blank, amends the title as provided by Rule 39, is proposed to the chief author of the bill by the Revisor of Statutes to correct technical defects found by the Revisor while engrossing earlier amendments to the bill, or is proposed to a bill on the Consent Calendar before the bill is given its third reading.

In filling blanks, the largest sum, the longest time and the greatest distance shall be first taken.

MOTION TO REFER

46. A bill or resolution may be referred to committee at any time prior to its passage, and if an amendment is reported on the referral to any other than a Committee of the Whole, it shall again be read the second time, considered in Committee of the Whole, read the third time and placed on final passage. If the referral is to the Committee of the Whole it shall be placed at the head of General Orders, except when the referral is under Rule 9.

FINAL PASSAGE

47. The final question upon a bill or other matter requiring action by both Houses after its first and second reading, and after the consideration in Committee of the Whole, is upon its final passage.

TRANSMITTING OF BILLS TO THE HOUSE

48. Except as provided in Rule 31, immediately after the passage of a bill or other matter in which the concurrence of the House of Representatives is requested, the Secretary shall transmit it to the House. On the concurrence of a bill or other matter of the House by the Senate, or on the concurrence or disagreement in a vote of the House, the Secretary shall notify the House.

COMPARISON AND SUBSTITUTION OF BILLS

49. Unless there is a motion or objection, a House bill, after its first reading, shall be referred as follows:

(a) If there is no Senate companion bill, the House bill shall be referred to the appropriate standing committee;

(b) If there is a Senate companion bill, the House bill shall be referred to the standing committee possessing the Senate companion;

(c) If the Senate companion bill has been reported to the Senate, the House bill shall be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report shall recommend that the House bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee shall so state and recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended shall be given its second reading and substituted for the Senate companion bill and the Senate companion bill shall be indefinitely postponed.

Reports of the Committee on Rules and Administration pursuant to this rule shall be prepared and submitted on behalf of the committee by the Secretary.

A House bill placed on the Calendar by substitution shall not be given its third reading on the same day as the substitution.

ENGROSSING AND ENROLLING OF BILLS

50. All engrossing and enrolling of bills shall be done at the direction and under authority of the Senate.

Every bill, memorial, order or resolution originating in the Senate shall be carefully engrossed before being transmitted to the House of Representatives for concurrence.

All bills shall be carefully enrolled under the supervision of the Committee on Rules and Administration, which may report to the Senate at any time on the enrollment of bills.

DISPOSITION OF BILLS ON ADJOURNMENT

51. Adjournment of the regular session in an odd-numbered year to a date certain in the following year shall be equivalent to daily adjournment, except that a bill on the Calendar, Consent Calendar, or General Orders shall be returned to the standing committee other than the Committee on Rules and Administration from which it was last reported to the Senate, unless otherwise provided for by motion prior to adjournment. Bills returned to committee pursuant to this rule shall, upon request of the author, be given priority for consideration by the committee ahead of all other bills in the order in which they appeared on the Calendar, Consent Calendar, or General Orders.

PETITIONS AND OTHER COMMUNICATIONS

52. In presenting a petition, memorial, remonstrance or other communication addressed to the Senate, a member shall only state the general purpose of it.

Every petition, memorial, remonstrance, resolution, bill and report of committee, shall have an appropriate title, and the name of the member presenting it written on it.

RESOLUTIONS

53. Memorial resolutions addressed to the President or the Congress of the United States, or a house or member of Congress, or a department or officer of the United States, or a state or foreign government, joint resolutions, and resolutions requiring the signature of the Governor shall follow the same procedure as bills before being adopted.

Upon a member giving notice of intention to debate a resolution not required to follow the same procedure as bills and not offered by the Committee on Rules and Administration, the resolution shall lie over one calendar day without debate or other action. Upon the request of a member, the resolution shall be referred to the proper committee. Whenever a question arises con-

cerning the proper reference the procedure provided by Rule 35 applies.

CONFIRMATIONS

54. Every gubernatorial appointment requiring the advice and consent of the Senate shall be referred by the President to the appropriate committee. If a question arises as to the proper committee, the appointment shall be referred without debate to the Committee on Rules and Administration for a report making the proper reference.

The final question on the appointment is, "Will the Senate, having given its advice, now consent to this appointment?" The question shall not be put the same day the appointment is received or on the day it is reported by committee unless by unanimous consent.

SIGNING OF ACTS, RESOLUTIONS

55. In addition to his duties under Rule 3, the President shall sign all acts, memorials, addresses and resolutions. All writs, warrants and subpoenas issued by the Senate shall be signed by the President and attested by the Secretary. Upon a finding by the Committee on Rules and Administration that the President refuses or is unable to sign any of the documents described in this rule, the Chairman of the Committee on Rules and Administration, or some other member selected by the committee shall assume the duties of the President under this rule until the President is able to sign the documents described or until the Senate elects a new President, whichever occurs first.

APPOINTMENT OF COMMITTEES

56. The majority and minority shall each be represented on all standing committees of the Senate. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group shall be given adequate notice about its positions prior to the commencement of the session. Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee. The minority group shall transmit notice of its assignments to the majority group within ten calendar days after receipt of the notice of positions available. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee assignments.

The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority. The uniform criteria shall be promulgated by the majority group and transmitted to the minority group together with notification of committee positions available to the minority.

Committee assignments as made by the majority and minority groups shall be followed by the Senate in the resolution establishing representation on all Senate standing committees.

After the organization of the Senate, all committees of the Senate and members of commissions to be appointed by the Senate authorized by rule, statute, resolution or otherwise, shall be appointed by the Subcommittee on Committees of the Committee on Rules and Administration, unless other-

wise provided, subject to confirmation by the Senate. In the appointment of members of conference committees between the two houses, the Subcommittee on Committees of the Committee on Rules and Administration of the Senate shall appoint those who are in accord with the position of the Senate, and whenever practical, give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

committee, is authorized at any time to sit and act, to investigate and take testimony on any matter within its jurisdiction, to report hearings held by it, and to make expenditures as authorized from time to time by the standing Committee on Rules and Administration. A standing committee, but not a subcommittee, may require by subpoena or otherwise the attendance and testimony of witnesses and the production of correspondence, books, papers, and documents, in the manner provided by Minnesota Statutes, Section 3.153.

COMMITTEE MEETINGS

58. All meetings of the Senate, its committees and subcommittees are open to the public.

To the extent practical, meetings of all committees shall be announced to the public at least three calendar days prior to convening. The notice shall state the name of the committee, the bill or bills to be considered, the place and time of meeting. The notice shall be posted on all Senate bulletin boards in the Capitol, and the State Office Building. A notice shall be sent to the House of Representatives for posting as it deems necessary.

QUORUM IN COMMITTEE

Upon request of three members of the committee *before the vote is taken*, the record of a roll call vote in a standing committee shall accompany the committee report and be printed in the Journal.

COMMITTEE ACTION

61. No report of any committee shall be made to the Senate unless it reports action taken at a regular or special meeting of the Committee. A report in violation of this rule is out of order.

A committee report or a proposed amendment to a bill, memorial or resolution shall be in six copies and written only on one side of the paper.

EMPLOYEES AUTHORIZED IN THE SENATE

62. The Committee on Rules and Administration shall establish positions, set compensation, appoint employees, and authorize expense reimbursement for employees as it deems proper to carry out the work of the Senate. At the request of any committee member, an action of the committee shall be submitted as a Senate resolution for adoption by the Senate. A roster of all employees of the Senate, including positions and compensation, shall be kept by the Secretary and shall be open for inspection by the public.

ADDITIONAL EMPLOYEES

63. All propositions for the appointment and payment of employees of the Senate or for expenditures on account of the Legislature, other than those provided by law, shall be referred to the Committee on Rules and Administration without debate.

AUTHORITY OVER EMPLOYEES

64. Except as otherwise provided in these rules, the Committee on Rules and Administration has full and exclusive authority over, and charge of all employees, officers and clerks of the Senate both elective and appointive. The committee has the sole and exclusive power and authority to assign them to duties other than for which they were elected or appointed as the committee may from time to time provide. The committee has power to appoint employees, officers or clerks as it deems proper to exercise the power granted to it by this rule. The committee may make rules and regulations for the government of the employees, officers and clerks as they see fit. In case of violation of an order of the committee by an employee, officer or clerk, or in case of a violation of a rule or regulation made by the committee, or in case of misconduct or omission by an employee, officer or clerk, the Committee on Rules and Administration may hear complaints and discharge the employee, officer or clerk or impose other punishment by way of fine or otherwise upon the employee, officer or clerk as the committee deems just and proper.

DUTIES OF SECRETARY

65. The Secretary shall keep a correct Journal of the proceedings of the Senate and shall perform other duties assigned to him as Secretary. If a paper in his charge is missing, he shall report the fact to the President, so that inquiry may be made. He shall superintend the recording of proceedings in the Journal, the engrossing, transcribing and copying of the bills and resolutions, supervise the assistants, clerks and stenographers under the direction of the Committee on Rules and Administration, and generally perform the duties of Secretary, under direction of the President. The Secretary shall keep the books to be called "Minute Books" in which he shall enter under the appropriate marginal numbers, all Senate and House bills, and correct notes, with the dates thereof, of the state, condition and progress of each bill pending, until its final passage.

The Secretary shall cause to be recorded on magnetic tape the proceedings of the Senate, the Committee of the Whole, each standing committee and standing subcommittee. Each tape shall be clearly labeled to show the name of the body whose proceedings are recorded and the dates the proceedings occurred. Each tape shall be accompanied by a log showing the number of each bill considered and the places on the tape where consideration of the bill occurred. Within two working days after each day the Senate is in session the Secretary shall make a copy of the tape and corresponding log of proceedings of the Senate and the Committee of the Whole and deliver the copies to the Legislative Reference Library. The Library shall keep a similar record of all tapes received. The Library shall provide committee staff with reasonable access to Senate tapes and shall provide the public with convenient facilities to listen to the tapes. Copies of Senate tapes shall be available to the public from the Secretary, for a fee determined by the Secretary to be adequate to cover the cost of preparing the copies. A copy shall be provided free to a member of the Senate upon request for use in legislative business. The original tape and log of each session of the Senate and the Committee of the Whole shall be kept by the Secretary until the end of the period for which the members of the existing House of Representatives have been elected, at which time the tape may be preserved or disposed of as he sees fit. Tapes, logs, and minutes forwarded to the Legislative Reference Library shall be kept by the Library until two years after the end of the period for which the members of the existing Senate have been elected, at which time they may be preserved or disposed of as the Library sees fit. It is the intention that testimony and discussion preserved under this rule not be admissible in any court or administrative proceeding on an issue of legislative intent.

HOW GOVERNED

Rule 1.01. The Speaker of the House shall preside at all Conventions of the two houses of the Legislature and shall call the members to order. The Chief Clerk of the House shall be the Secretary and the Sergeant at Arms of the House shall be the Sergeant at Arms of the Convention.

PRESIDENT'S DUTIES

Rule 1.02. The President of the Convention shall preserve order and decorum. He may speak on all points of order in preference to other members and shall decide questions of order, subject to an appeal to the Convention by any member. He shall rise to put a question but may state it while seated.

PRESIDENT'S RIGHT TO VOTE

Rule 1.03. The President shall have the right to vote in all cases except appeals from his decisions. He shall vote last on all questions.

STATING QUESTIONS

Rule 1.04. Questions shall be put to the Convention in the following form:

“As many as are of the opinion that (the question) shall pass, say ‘Aye.’” After an affirmative vote is expressed the nays shall be called as follows: “As many as are of the contrary opinion, say ‘No.’” If the President is in doubt or a division is called, those in the affirmative shall rise first and those in the negative afterward.

ORDER OF DEBATE

Rule 1.05. When any member wishes to speak to the Convention on any matter, he shall rise and respectfully address the President, and not speak further until recognized. He shall confine himself to the question under debate and avoid personal remarks. When two or more members rise at the same time, the President shall designate the member to speak first. No member shall speak more than twice on the same question without permission of the Convention.

CALLING MEMBER TO ORDER

Rule 1.06. If any member of the Joint Convention is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Secretary shall record them. No member may be called to order for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place. A member called to order shall immediately sit down unless another member moves to permit him to explain. In any case, the Joint Convention, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed.

CALL OF THE CONVENTION

Rule 1.07. Five members may demand a call of the Convention at any time except after voting has commenced. When such a call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave the Chamber, unless excused by the President, until the call is lifted. Proceedings under the roll call may be suspended by a majority vote of all the members of the Convention. A call of the Convention may be lifted by a majority vote of all the members of the Convention.

ELECTIONS

Rule 1.08. In all elections by the Joint Convention, members shall vote viva voce and the roll of Senate members shall be called first. Whenever there is an election of any officer in Joint Convention, the result shall be certified by the President of the Senate and the Speaker of the House and announced by them to their respective houses. The result shall be entered on the Journal of each house and communicated to the Governor by the Secretary of the Convention.

NO SMOKING

Rule 1.09. No person is permitted to smoke in the Chamber or in the gallery during a Joint Convention.

PARLIAMENTARY PROCEDURE

Rule 1.10. The rules of the House shall be the Rules of the Joint Convention of both houses in all cases in which the foregoing rules are not applicable.

ARTICLE II: BILLS

FORM

Rule 2.01. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision.

Reference shall be made to Minnesota Statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason.

Bills shall refer to Minnesota Statutes as follows:

“Minnesota Statutes , section”

Bills shall refer to the session laws as follows:

“Laws , chapter , section”

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota Statutes unless it has been amended, in which event it shall contain the full text as amended.

The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by Joint Rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. Before a committee favorably reports upon a bill, the chairman of the committee shall see that the bill conforms to this rule. When a bill is printed in the Journal, the new matter shall be in italics or underscored and the matter to be eliminated shall be capitalized and in parentheses or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purposes of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled “REVISOR’S BILL” immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for examination. Any such headnotes shall be capital letters enclosed in

brackets, and shall be subject to the provisions of Minnesota Statutes, section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In the body of a bill numbers in excess of ten shall be in figures, except for a special reason they may be written, but when written they shall not be followed by numbers or parentheses.

APPROPRIATING MONEY

Rule 2.02. The same bill shall not appropriate public money or property to more than one local or private purpose.

No clause appropriating money for a local or private purpose shall be contained in a bill appropriating money for the State government or public institutions. All resolutions authorizing the issuing of abstracts by the Secretary of the Senate or the Chief Clerk of the House for the payment of money shall be upon the call of "yeas" and "nays."

In odd-numbered years, at least twenty calendar days prior to the last day the Legislature can meet in regular session [April 30, 1985], the Committee on Finance of the Senate and the Committee on Appropriations of the House shall report to their respective houses, unless directed by concurrent resolution to report different appropriation bills, eight separate appropriation bills as follows:

(a) A bill appropriating money for the general administrative and judicial expenses of the State government for the succeeding two fiscal years including salaries, office expenses and supplies and other necessary expenses connected therewith;

(b) A bill covering all appropriations relating to public welfare, health and corrections for the support and maintenance of all State penal and charitable institutions, and other institutions of the State except educational for the two succeeding fiscal years;

(c) A bill appropriating money for the support and maintenance of all State educational institutions for the two succeeding fiscal years;

(d) A bill covering all appropriations providing for the payment of claims against the State of Minnesota which may have been allowed by the Finance Committee of the Senate or the Appropriations Committee of the House;

(e) A bill covering all appropriations made for semi-state activities;

(f) A bill covering all appropriations for construction and major rehabilitation of public buildings to be financed by issuance of bonds;

(g) A bill covering all appropriations for maintenance, repair, and minor rehabilitation and construction of public buildings; and

(h) A bill covering appropriations for the department of transportation.

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

DEADLINES

Rule 2.03. (a) In odd-numbered years, committee reports on bills favor-

ably acted upon by a committee in the house of origin after the sixth Friday prior to the last Friday on which the Legislature can meet in regular session April 4, 1985, and committee reports on bills originating in the other house favorably acted upon by a committee after the Monday before the third Friday prior to the last Friday on which the Legislature can meet in regular session April 19, 1985, shall be referred in the Senate to the Committee on Rules and Administration, and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. Referral is not required when a committee after the earlier date and by the later date set by this paragraph acts on a bill that is a companion to a bill that has met the earlier deadline in the other house. This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Appropriations and on Taxes.

Conference Committees on the major appropriation bills specified in Joint Rule 2.02 shall have their reports on the members' desks by the last Thursday on which the Legislature can meet in regular session [May 16, 1985]. After the last Friday on which the Legislature can meet in regular session [May 17, 1985], neither house shall act on bills other than those contained in:

- (1) Reports of Conference Committees;
- (2) Messages from the other house;
- (3) Reports of the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House; or
- (4) Messages from the Governor.

(b) In even-numbered years the Legislature shall establish by concurrent resolution deadlines based on the date intended to be the date of adjournment sine die.

AMENDING BILLS ORIGINATING IN OTHER HOUSE

Rule 2.04. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

RECEDING FROM POSITION

Rule 2.05. Prior to a Conference Committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

CONFERENCE COMMITTEES

Rule 2.06. In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee.

The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a Conference Committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

At an agreed upon hour the Conference Committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon and shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement. If an agreement is reported, the house of origin shall act first upon the report. If the report is adopted and repassed as amended by the Conference Committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house.

All Conference Committees shall be open to the public. Meetings of Conference Committees shall be announced as far in advance as practical.

Except after the last Thursday on which the Legislature can meet in regular session in odd-numbered years [May 16, 1985], and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, paragraph (b), to meet in regular session in even-numbered years, a written copy of a report of a Conference Committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report.

ENROLLMENT AND SIGNATURE

Rule 2.07. After a bill or memorial has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrolled copy of the bill or memorial and present it to the Governor for his approval.

A bill or memorial may be prepared for presentation to the Governor on good quality paper approximately 8 1/2" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" and it shall be identical to the bill passed by the Legislature. An enrolled bill which is amendatory of any existing law or constitutional provision shall indicate deletions and additions in the manner provided in Rule 2.01 for printed bills.

CONFERENCE COMMITTEE REPORT ON S.F. NO. 54

A bill for an act relating to agriculture; providing a mechanism to aid restructuring existing farm loans; providing an interest reimbursement program to qualified banks; appropriating money.

March 1, 1985

The Honorable Jerome M. Hughes
President of the Senate

The Honorable David M. Jennings
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 54, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 54 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [CITATION.]

Sections 3 to 10 may be cited as the “Minnesota emergency farm operating loans act.”

Sec. 2. [LEGISLATIVE FINDINGS, PUBLIC PURPOSE, SCOPE OF PROGRAM.]

The legislature finds that many farm families face extreme financial hardship or possible foreclosure in 1985 because of their inability to obtain farm operating loans at affordable rates of interest. In many of these cases excessive interest rates reduce projected cash flow to a level where lending institutions refuse to renew a line of credit or demand the partial or total liquidation of remaining assets.

The legislature further finds that with relatively little public expense, and with the voluntary cooperation and assistance of Minnesota farm lenders, operating loans can be made to farm operators at an interest rate that will allow continuation of viable farm operations during 1985.

The legislature further finds that the use of money in the general fund for the purpose of assisting qualified farm operators is a public purpose and is necessary to protect the health, safety, and general welfare of the people of this state.

Sec. 3. [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 3 to 9.

Subd. 2. [CLASSIFIED FARM LOAN.] “Classified farm loan” means a farm loan that the lender determines to have a substantial risk of nonpayment, so that the lender is likely to sustain some loss if the borrower’s paying capacity, net worth, or collateral is not improved. The loan need not already have been classified by a bank examiner.

Subd. 3. [COMMISSIONER.] “Commissioner” means the commissioner of commerce.

Subd. 4. [COMMISSIONER’S INTEREST INDEX.] “Commissioner’s interest index” means an interest rate that is 2.3 percent above the current lending rates of the federal intermediate credit bank to production credit associations as certified each month by the commissioner.

Subd. 5. [FARMER.] “Farmer” means a state resident individual, or a domestic family farm corporation defined in Minnesota Statutes, section 500.24, engaged in the business of farming property in this state.

Subd. 6. [FARMERS HOME ADMINISTRATION.] "Farmers home administration" means the farmers home administration of the United States Department of Agriculture.

Subd. 7. [FARM LOAN.] "Farm loan" means a loan for operating expenses or the purchase of property for a farm business.

Subd. 8. [LENDER.] "Lender" means a bank chartered by the state or federal government and a farm credit system lender.

Sec. 4. [QUALIFICATION OF LENDERS.]

(a) To qualify for an interest payment under sections 4 to 6, a lender must first sign an agreement with the commissioner to follow the guidelines.

(b) A lender shall not foreclose on a farm loan of a farmer that has received a loan under section 6, or has had a loan application submitted to the farmers home administration under section 5 until the lender certifies to the commissioner that the farmer's loans have been submitted to the farmers home administration for debt restructuring and that the loan debt restructuring has been approved or denied, or 90 days have expired, whichever is earlier.

(c) The commissioner shall not make an interest payment to a lender for a loan under this act if the lender has foreclosed the loan.

Sec. 5. [INTEREST PAYMENT PROGRAM ON EXISTING FARM LOANS.]

Subdivision 1. [COMMISSIONER PAYS INTEREST.] The commissioner shall pay the interest attributable to the first 60 days, of a 120-day period, on the first \$25,000 of operating farm loans and the first \$25,000 of ownership farm loans of each borrower submitted by a lender that signs an agreement under section 4 to the farmers home administration for loan guarantees and debt restructuring except as provided in section 7.

Subd. 2. [INTEREST.] The interest to be paid is the amount that becomes attributable to the first 60-day period after the lender signs the agreement with the commissioner under section 4. The amount to be paid is determined by the loan agreement between the lender and the borrower.

Subd. 3. [CLASSIFIED FARM LOAN REVIEW.] During the first 60 days of the 120-day period after the agreement with the commissioner in section 4 is signed, the lender must review all classified farm loans and determine which farm loans the lender will submit to the farmers home administration for loan guarantees and debt restructuring.

Subd. 4. [LENDER-BORROWER AGREEMENT.] For each farm loan that the lender submits to the farmers home administration for loan guarantees and debt restructuring, the lender and the borrower of the farm loan must sign an agreement. The agreement must:

(1) state that the lender has agreed with the commissioner not to foreclose on farm loans submitted as specified in section 4;

(2) state that the commissioner will pay the interest attributable to the eligible portion of the farm loan submitted to the farmers home administration for the first 60 days of the 120-day period if the lender qualifies for state interest payment;

(3) state that the borrower is not liable for interest paid by the commissioner;

(4) provide that if the lender qualifies for state interest payment the lender will assume responsibility for the interest attributable to the eligible portion of the farm loan submitted and the borrower is not liable for the interest except as provided in clause (5); and

(5) provide that if the borrower agrees to have the farm loan submitted and the farmers home administration guarantees the loan, the lender may add the interest attributable to the second 60 days of the period to the principal of the borrower's farm loan.

Subd. 5. [PAYMENT APPLICATION.] The lender must apply to the commissioner for the 60-day state interest payment on a farm loan that is submitted to the farmers home administration. The lender must give the commissioner evidence of the farm loan submitted to the farmers home administration guaranteed loan program and application for the farmers home administration approved lenders program. A lender that complies with this section is qualified to receive payment from the commissioner.

Sec. 6. [INTEREST PAYMENT PROGRAM ON NEW FARM OPERATING LOANS.]

Subdivision 1. [APPLICATION; FARMER CRITERIA.] A farmer may apply to a lender for a farm operating loan on which the state will pay part of the interest. To be eligible for the state payment, the farmer must have a debt to asset ratio greater than 50 percent and must not have a positive cash flow at the commissioner's interest index rate.

Subd. 2. [LOAN CRITERIA.] (a) To be eligible for the state interest payment, the farm operating loan must:

(1) be made to a farmer at an interest rate between seven and ten percent per year;

(2) be due and payable by March 1, 1986, after it is made;

(3) be for operating expenses of the farm business; and

(4) be made to a farmer that shows a positive cash flow at the reduced interest rate, demonstrates a reasonable chance of obtaining debt restructuring necessary to achieve a positive cash flow, or shows the ability to repay the operating loan.

(b) The lender may use additional criteria in determining whether to make a farm operating loan to a farmer.

(c) The lender must encourage the farmer to participate in the vocational adult farm business management program. The lender must agree to offer to pay enrollment fees, less the amount of a locally available reduction in or subsidy to fees ordinarily paid by the enrollee, for loan recipients who wish to enroll and participate in a vocational adult farm business management program or equivalent. A lender is not required to pay farm management program enrollment fees for more than one farmer per loan.

Subd. 3. [LOAN SUBMISSION.] The lender must submit to the commissioner all farm operating loans made by the lender for which the lender requests the state to pay part of the interest. The lender must certify that the

approved farm operating loan has been submitted to the farmers home administration for any loan guarantee programs that are available. The commissioner must review the loan within five days after receipt. The commissioner may not pay interest on loans submitted after December 31, 1985.

Subd. 4. [PAYMENT AMOUNT.] The amount of interest paid by the state must be two-thirds of the amount of interest foregone by the lender as a result of the lender making the loan at an interest rate less than the commissioner's interest index. The interest is payable on the unpaid principal of the first \$75,000 of the loan, except as provided in section 7. The maximum interest payment per farmer may not exceed \$3,750. The commissioner shall make payments beginning January 1, 1986, and pay all interest due by March 1, 1986.

Sec. 7. [MAXIMUM LOAN AMOUNTS.]

Lenders may not receive interest payments on loans under sections 5 and 6 to a single farmer for a loan principal amount greater than \$100,000 and the principal for a loan under section 6 may not exceed \$75,000.

Sec. 8. [FORMS AND GUIDELINES.]

(a) Notwithstanding Minnesota Statutes, chapter 14, the commissioner shall adopt and provide guidelines to administer sections 4 to 6 and the forms to be submitted by a lender under sections 5 and 6. The forms under sections 5 and 6 constitute an application form for interest payment.

(b) The commissioner shall present a report to the senate agriculture and natural resources committee and the house of representatives agriculture committee containing the guidelines, when adopted.

(c) On April 15, 1985, and every third month afterwards until January 15, 1986, the commissioner shall report to the chairpersons of the agriculture and appropriations committees of the house of representatives and the agriculture and natural resources and finance committees of the senate on the implementation and economic impact of this act. In the quarterly report the commissioner shall describe the current economic situation for agricultural lending in the state economy.

(d) By April 15, 1986, the commissioner must report to the governor and the legislature on the overall effectiveness and efficiency of this act.

Sec. 9. [PENALTIES.]

A lender or farmer that willfully or intentionally misrepresents farm operating expenses or other required information, or misuses money obtained under this act, is guilty of fraud and subject to the penalties for using fraud to obtain credit under Minnesota Statutes, section 609.82. An application presented to the commissioner as provided under sections 4 to 6 may be deemed to be correct and accurate without further audit or substantiation.

Sec. 10. [APPROPRIATION.]

\$25,050,000 is appropriated from the general fund to the commissioner of commerce for the following purposes:

- (a) For payment of interest on existing farm loans under section 5,
to be available until June 30, 1986 \$ 9,200,000

- (b) For payment of interest on new farm operating loans under section 6, to be available until June 30, 1986 15,800,000
- (c) For administration of sections 4 to 6, to be available until June 30, 1986 50,000
- (d) If the appropriation for paragraph (b) is insufficient the appropriation for paragraph (a) is available for it.

Sec. 11. [REPEALER.]

Sections 1 to 9 are repealed effective July 1, 1986.

Sec. 12. [EFFECTIVE DATE.]

This act is effective the day following final enactment."

Delete the title and insert:

"A bill for an act relating to agriculture; providing a mechanism to aid restructuring of existing farm loans; providing for payment of interest on loans to farmers; appropriating money."

We request adoption of this report and repassage of the bill.

If a revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the department of commerce. If the index is superseded, the index referred to in this section is the one represented by the department of commerce as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(d) The commissioner of commerce shall announce and publish:

(1) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by paragraph (b); and

(2) promptly after the changes occur, changes in the index required by paragraph (c) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

Loans shall be in the amount of the appraised fair market value of the homestead property plus relocation costs and less salvage value. Before construction of the highway begins, the acquiring authority shall convey the property to the commissioner of transportation at the same price it paid, plus relocation costs and less its salvage value. Acquisition and assistance under this subdivision must conform to sections 117.50 to 117.56.

The tax shall be certified by the council, levied, and collected in the manner provided by section 473.08. The tax shall be in addition to that authorized by section 473.249 and any other law and shall not affect the amount or rate of taxes which may be levied by the council or any metropolitan agency or local governmental unit. The amount of the levy shall be as determined and certified by the council, except as otherwise provided in this subdivision. The tax shall not be levied at a rate higher than five one-hundredths of one mill. The tax shall not be levied at a rate higher than that determined by the council to be sufficient, considering the other anticipated revenues of and disbursements from the loan fund, to produce a balance in the loan fund at the end of the next calendar year equal to twice the amount that a tax levy of five one-hundredths of a mill would raise in that year.

Subd. 8. [OPERATING COSTS.] "Operating costs" means the day-to-day costs of operating the facility in compliance with licensure and certification standards. Operating cost categories are: nursing, including nurses and nursing assistants training; dietary; laundry and linen; housekeeping; plant operation and maintenance; other care-related services; medical directors; licenses ~~and~~, *other than license fees required by the Minnesota department of health*; permits; general and administration; payroll taxes; real estate taxes, *license fees required by the Minnesota department of health*, and actual special assessments paid; and fringe benefits, including clerical training; and travel necessary for training programs for nursing personnel and dietitians required to maintain licensure, certification, or professional standards requirements.

Sec. 3. Minnesota Statutes 1984, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, age, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days,

the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability of each proprietary nursing home as an operating cost of that nursing home. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing home as an operating cost of that nursing home. Total real estate tax liability and, actual special assessments paid, and license fees paid as required by the Minnesota department of health, for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e)."

Amend the title as follows:

S.F. No. 51: A bill for an act relating to health; requiring licensure of a home care agency; providing a home care bill of rights; providing a grievance procedure for a home care agency; amending Minnesota Statutes 1984, sections 144.12, subdivision 1; 144A.51, by adding a subdivision; 144A.52, subdivision 3; 144A.53, subdivisions 1, 2, 3, and 4; 144A.54, subdivision 1; 626.557, subdivision 2; and proposing coding for new law in Minnesota Statutes, chapter 144A.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [144A.43] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 4 and 13.

Subd. 2. [COMMISSIONER.] “Commissioner” means the commissioner of health.

Subd. 3. [HOME CARE SERVICE.] “Home care service” means any of the following services when delivered in a place of residence to a person whose advanced age, illness, disability, or physical condition creates a need for the service:

(1) nursing;

(2) personal care;

(3) home health aide services;

(4) physical therapy;

(5) speech therapy;

(6) respiratory therapy;

(7) occupational therapy;

(8) nutritional services;

(9) homemaker services, meal preparation, and similar nonmedical services when arranged to be provided along with at least one other home care service listed in this subdivision;

(10) medical social services; and

(11) other similar medical services and health-related support services identified by the commissioner in rule.

Subd. 4. [HOME CARE AGENCY.] “Home care agency” means an organization, unit of government, self-employed individual, or other entity that is regularly engaged in the delivery, directly or by contractual arrangement, of home care services for a fee. “Home care agency” does not include:

(1) a program sponsored by the Church of Christ, Scientist;

(2) an individual who only provides services to a relative; or

(3) an agency that only provides chore or housekeeping services which do not involve any medical care or treatment or personal care services.

Sec. 2. [144A.44] [HOME CARE BILL OF RIGHTS.]

Subdivision 1. [STATEMENT OF RIGHTS.] A person who receives home care services has these rights:

(1) the right to receive written information about rights, including what to do if rights are violated;

(2) the right to receive care and services according to a suitable and up-to-date plan, subject to accepted medical nursing standards, and to take an active part in creating and changing the plan and evaluating care and services;

(3) the right to be told, as part of the doctor's treatment plan, about treatment and services that are being provided or suggested, about other choices that are available, and about the consequences of these choices including the consequences of refusing treatment;

(4) the right to refuse services or treatment;

(5) the right to know, in advance, any limits to the services available from an agency and whether the services are covered by health insurance, medical assistance, or other health programs;

(6) the right to know what the charges are for services, no matter who will be paying the bill;

(7) the right to know that there may be other services available in the community, including other home care services, agencies, and case management services, and to know where to go for information about these services;

(8) the right to choose freely among available agencies and to change agencies after services have begun, within the limits of health insurance, medical assistance, or other health programs;

(9) the right to have personal, financial, and medical information kept private;

(10) the right to be served by people who are properly trained and competent to perform their duties;

(11) the right to be treated with courtesy and respect;

(12) the right to be free from physical and verbal abuse;

(13) the right to reasonable notice of changes in services or charges;

(14) the right to a smooth transition when there will be a change in the agency which provides the services;

(15) the right to know how to contact the director of an agency who is responsible for handling problems and where to go for help outside the agency; and

(16) the right to assert these rights without retaliation.

Subd. 2. [INTERPRETATION AND ENFORCEMENT OF RIGHTS.] These rights are established for the benefit of persons who receive home care services. "Home care services" means home care services as defined in section 1. A home care agency may not require a person to surrender these rights as a condition of receiving services. A guardian or conservator or,

when there is no guardian or conservator, a designated person, may seek to enforce these rights. This statement of rights does not replace or diminish other rights and liberties that may exist. The commissioner of health shall establish guidelines for interpretation of these rights.

Sec. 3. [144A.45] [REGULATION OF HOME CARE SERVICES.]

Subdivision 1. [AUTHORITY TO REGULATE.] The commissioner may regulate and control the delivery of home care services in order to protect consumers; assure quality of care; improve access to services; prevent fraud, overcharging and other undesirable practices; promote desirable forms of competition; and control health care costs. The commissioner may:

(1) require home care providers to furnish relevant information and documentation including information requested for purposes of section 4;

(2) inspect the office and records of a provider during regular business hours;

(3) with the consent of the consumer, visit the home where services are being provided;

(4) issue correction orders and assess civil penalties in accordance with section 144.653, subdivisions 5 to 8; and

(5) take other action the commissioner considers appropriate to accomplish the purposes of sections 1 to 4.

In the exercise of the authority granted in sections 1 to 4, the commissioner shall comply with the applicable requirements of section 144.122, the government data practices act, and the administrative procedure act. When conducting routine office visits or inspections, the commissioner shall provide at least 48 hours advance notice to the home care agency.

Subd. 2. [LICENSURE.] A home care agency may not operate in the state without a current license issued by the commissioner of health. In addition to the exemptions listed in subdivision 3, the commissioner may by rule exempt other classes of agencies from licensure requirements. When determining whether to exempt a class of agencies, the commissioner shall consider: (1) the extent to which the agencies, or the individuals who provide services through the agencies, are regulated under another law; (2) the risk to the health, safety, and well-being of the client; and (3) other factors the commissioner considers appropriate. The commissioner may establish different classes of licenses for different types of agencies and may impose different standards and requirements for different kinds of home care services. If a home care agency is Medicare certified, the state standards shall not be more burdensome than the Medicare standards for Medicare services, except as necessary to enforce the home care bill of rights.

Subd. 3. [EXEMPTIONS.] The following agencies are exempt from the requirement to obtain a home care agency license:

(1) a person who is licensed under sections 148.171 to 148.299 and who independently provides nursing services in the home without any contractual or employment relationship to a home care agency or other organization; and

(2) a personal care attendant authorized by the commissioner of human services to provide services under the medical assistance program.

An exemption under this subdivision does not excuse the exempted agency from complying with applicable provisions of the home care bill of rights.

Subd. 4. [ENFORCEMENT.] The commissioner may refuse to grant or renew a license, or may suspend or revoke a license, for violation of statutes or rules relating to home care services or for conduct detrimental to the welfare of the consumer. In addition to any other remedy provided by law, the commissioner may, without a prior contested case hearing, temporarily suspend a license or prohibit delivery of services by a provider for not more than 60 days if the commissioner determines that the health or safety of a consumer is in imminent danger, provided advance notice is given to the provider and there is a subsequent opportunity for a contested case hearing. The process of suspending or revoking a license must include a plan for transferring affected clients to other providers.

At the request of a licensee who has been issued a correction order, the commissioner shall order a review of the appropriateness of the correction order by a person designated by the commissioner other than the person who issued the correction order. The review process must allow an opportunity for the licensee to submit a brief explanation of the objections to the correction order. If, after receiving the report and recommendation of the reviewer, the commissioner determines that the correction order was issued inappropriately, the commissioner shall retract the correction order and remove from the licensee's record all references to the order.

Subd. 5. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 1 to 4, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 2.

Subd. 6. [RULES.] The commissioner shall, in consultation with representatives of home care providers, community health service agencies, and consumers, adopt rules to implement sections 1 to 4. The rules shall, to the extent possible, assure the health, safety, well-being, and appropriate treatment of persons who receive home care services.

Sec. 4. [144A.46] [INFORMATION AND REFERRAL SERVICES.]

The commissioner shall ensure that information and referral services relating to home care are available in all regions of the state. The commissioner shall collect and make available information about available home care services, costs, sources of payment, providers, the rights of consumers, and other information the commissioner determines to be appropriate. The commissioner may require home care providers to provide information requested for the purposes of this section, including price information, as a condition of licensure. Specific price information furnished by providers under this section is not public data and must not be released without the written permission of the provider. The commissioner may publish and make available:

(1) general information about the range of costs of home care services in the state and a summary of the range of prices charged by specific providers;

(2) *summary information about the number and nature of complaints received about individual providers;*

(3) *summary information about consumer evaluations of individual providers;*

(4) *limitations on hours, availability of services, and eligibility for third-party payments, applicable to individual providers; and*

(5) *other information the commissioner determines to be appropriate.*

Sec. 5. Minnesota Statutes 1984, section 144A.51, is amended by adding a subdivision to read:

Subd. 7. "Home care agency" means a home care agency as defined in section 1.

Sec. 6. Minnesota Statutes 1984, section 144A.52, subdivision 3, is amended to read:

Subd. 3. The director may delegate to members of his staff any of his authority or duties except the duty of formally making recommendations to the legislature, administrative agencies, health facilities, health care providers, *home care agencies*, and the state commissioner of health.

Sec. 7. Minnesota Statutes 1984, section 144A.53, subdivision 1, is amended to read:

Subdivision 1. [POWERS.] The director may:

(a) Promulgate by rule, pursuant to chapter 14, and within the limits set forth in subdivision 2, the methods by which complaints against health facilities, health care providers, *home care agencies*, or administrative agencies are to be made, reviewed, investigated, and acted upon; provided, however, that he may not charge a fee for filing a complaint;

(b) Recommend legislation and changes in rules to the state commissioner of health, legislature, governor, administrative agencies or the federal government;

(c) Investigate, upon a complaint or upon his own initiative, any action or failure to act by a health care provider, *home care agency*, or a health facility;

(d) Request and receive access to relevant information, records, or documents in the possession of an administrative agency, a health care provider, a *home care agency*, or a health facility which he deems necessary for the discharge of his responsibilities;

(e) Enter and inspect, at any time, a health facility; provided that the director shall not unduly interfere with or disturb the activities of a resident unless the resident consents;

(f) Issue a correction order pursuant to section 144.653 or any other law which provides for the issuance of correction orders to health care facilities or *home care agencies*, or pursuant to section 3, subdivisions 1 and 3;

(g) Recommend the certification or decertification of health facilities pursuant to Title XVIII or Title XIX of the United States Social Security Act;

(h) Assist residents of health facilities in the enforcement of their rights

under Minnesota law; and

(i) Work with administrative agencies, health facilities, *home care agencies*, and health care providers and organizations representing consumers on programs designed to provide information about health facilities to the public and to health facility residents.

Sec. 8. Minnesota Statutes 1984, section 144A.53, subdivision 2, is amended to read:

Subd. 2. [COMPLAINTS.] The director may receive a complaint from any source concerning an action of an administrative agency, a health care provider, a *home care agency*, or a health facility. He may require a complainant to pursue other remedies or channels of complaint open to the complainant before accepting or investigating the complaint.

The director shall keep written records of all complaints and his action upon them. After completing his investigation of a complaint, he shall inform the complainant, the administrative agency having jurisdiction over the subject matter, the health care provider, the *home care agency*, and the health facility of the action taken.

Sec. 9. Minnesota Statutes 1984, section 144A.53, subdivision 3, is amended to read:

Subd. 3. [RECOMMENDATIONS.] If, after duly considering a complaint and whatever material he deems pertinent, the director determines that the complaint is valid, he may recommend that an administrative agency, a health care provider, a *home care agency*, or a health facility should:

- (a) Modify or cancel the actions which gave rise to the complaint;
- (b) Alter the practice, rule or decision which gave rise to the complaint;
- (c) Provide more information about the action under investigation; or
- (d) Take any other step which the director considers appropriate.

If the director requests, the administrative agency, a health care provider, a *home care agency*, or health facility shall, within the time specified, inform the director about the action taken on his recommendation.

Sec. 10. Minnesota Statutes 1984, section 144A.53, subdivision 4, is amended to read:

Subd. 4. [REFERRAL OF COMPLAINTS.] If a complaint received by the director relates to a matter more properly within the jurisdiction of an occupational licensing board or other governmental agency, the director shall forward the complaint to that agency and shall inform the complaining party of the forwarding. The agency shall promptly act in respect to the complaint, and shall inform the complaining party and the director of its disposition. If a governmental agency receives a complaint which is more properly within the jurisdiction of the director, it shall promptly forward the complaint to the director, and shall inform the complaining party of the forwarding. If the director has reason to believe that an official or employee of an administrative agency, a *home care agency*, or health facility has acted in a manner warranting criminal or disciplinary proceedings, he shall refer the matter to the state commissioner of health, the commissioner of human services, an

appropriate prosecuting authority, or other appropriate agency.

Sec. 11. Minnesota Statutes 1984, section 144A.54, subdivision 1, is amended to read:

Subdivision 1. Except as otherwise provided by this section, the director may determine the form, frequency, and distribution of his conclusions and recommendations. The director shall transmit his conclusions and recommendations to the state commissioner of health and the legislature. Before announcing a conclusion or recommendation that expressly or by implication criticizes an administrative agency, a health care provider, a home care agency, or a health facility, the director shall consult with that agency, health care provider, home care agency, or facility. When publishing an opinion adverse to an administrative agency, a health care provider, a home care agency, or a health facility, he shall include in the publication any statement of reasonable length made to him by that agency, health care provider, home care agency, or health facility in defense or explanation of the action.

Sec. 12. Minnesota Statutes 1984, section 626.557, subdivision 2, is amended to read:

Sec. 3. [181.933] [DISCLOSURE OF INFORMATION.]

Subdivision 1. [NO RETRIBUTION.] Employees making disclosures under this section may do so without fear of any prohibited action by an employer, as set forth under section 4.

Subd. 2. [REPORT TO COUNTY ATTORNEY.] An employee having knowledge of a matter involving a violation or suspected violation of any federal or state law, local ordinance, or rules and regulations adopted pursuant to the laws or ordinances, may report or transmit all facts and information on the matter to the county attorney where the violation occurred or will occur. Sec. 6. [181.936] [REMEDIES.]

The district court may order reinstatement of the employee, the payment of back wages with interest, full reinstatement of fringe benefits and seniority rights, actual and compensatory damages, or any combination of these remedies for each violation of section 4. Sec. 9. [181.939] [DEFAMATION ACTIONS.]

Nothing in sections 1 to 11 abridges any action for defamation or invasion of privacy.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1984, section 145.882, is amended to read:

145.882 [MATERNAL AND CHILD HEALTH BLOCK GRANT DISTRIBUTION.]

Subdivision 1. [CONTINUATION OF 1983 PROJECTS.] Recipients of maternal and child health grants for special projects in state fiscal year 1983 shall continue to be funded at the same level as in state fiscal year 1983 until ~~September 30, 1985~~ *December 31, 1986* if they comply with the provisions of sections 145.881, and 145.882 to 145.888. *Beginning January 1, 1987, recipients of maternal and child health special project grants awarded in state fiscal year 1983 must receive:*

(1) for calendar year 1987, no less than 90 percent of the amount awarded in state fiscal year 1983;

(2) for calendar year 1988, no less than 80 percent of the amount awarded in state fiscal year 1983; and

(3) for calendar year 1989, no less than 70 percent of the amount awarded in state fiscal year 1983.

The amount of grants awarded under this subdivision must be deducted from the allocation due to the community health services area within which the grantee is located. If the community health services area includes more than one local board of health, the amount of the grant must be deducted only from the allocation due to the area served by the local board of health within which the grantee is located. The remaining areas served by local boards of health within that community health services area which do not include a grantee under this subdivision must be treated as a separate community health services area for purposes of the formula in subdivision 3. In order to receive money under this subdivision, grantees must continue to comply with the provisions of sections 145.881, and 145.882 to 145.888. These recipients are also eligible to apply for state grants under sections 145.883 to 145.888. Any decrease in the amount of federal funding to the state for the maternal and child health block grant shall be apportioned to reflect a proportional decrease for each recipient until ~~September 30, 1985~~. Any increase in the amount of federal funding to the state shall be distributed for services to ~~children with handicaps and to special projects as provided in sections 145.883 to 145.888~~, except that an amount not to exceed ten percent may be retained by the commissioner of health to address cost of living increases and increases in supplies and services according to the formula in subdivision 3 of this section.

After ~~September 30, 1985~~, The advisory task force shall review and recommend the proportion of maternal and child health block grant funds to be expended for indirect costs, direct services and special projects. The proportion of funds expended in direct services through special projects shall be maintained at not less than the level expended in state fiscal year 1984.

Subd. 2. [ALLOCATION TO THE DEPARTMENT OF HEALTH.] *Beginning January 1, 1986, up to one-third of the total maternal and child health block grant money may be retained by the commissioner of health for administrative and technical assistance services, projects of regional or statewide significance, direct services to children with handicaps, and other activities of the department.*

Subd. 3. [DISTRIBUTION FORMULA.] *The maternal and child health block grant money remaining after distributions made under subdivisions 1*

and 2 shall be allocated to community health services area for distribution by local boards of health to qualified programs that provide essential services within the community health services area. For purposes of this section, "community health services area" means a city, county, or multi-county area which is organized as a local board of health under section 145.913 and for which a state subsidy is received pursuant to sections 145.911 to 145.922. The amount of funds available for each community health services area shall be determined according to the following formula:

(a) Each community health services area shall be allocated an amount based on the following three variables:

(1) proportion of resident mothers within the city, county or counties who are under 20 years of age or over 35 years of age, as determined by averaging the data available for the three most current years;

(2) proportion of resident infants within the city, county or counties whose weight at birth is less than 2,500 grams, as determined by averaging the data available for the three most current years; and

(3) proportion of resident children within the city, county or counties under the age of 19 who are on general assistance or medicaid and the proportion of resident women within the city, county or counties aged 19 to 49 who are on general assistance or medicaid, as determined by using the data available for the most current year.

(b) Each variable must be expressed as a city or county score consisting of the city or county frequency of each variable divided by the statewide frequency of the variable.

(c) A total score for each city or county jurisdiction shall be computed by totalling the scores of the foregoing three factors and dividing the score obtained by three.

(d) Each community health services area must be allocated an amount equal to the score obtained above for the city, county, or counties in its area multiplied by the amount of funds determined to be available for special projects of local significance.

If no approvable applications are received for a community health services area, the commissioner may reallocate the funds available for that area to other community health service areas for which approvable applications have been received.

This formula also applies to any city or county that is not participating in the community health services subsidy in order to determine the amount of funds available for purposes of this subdivision. The commissioner shall convene a meeting of public and private nonprofit agencies in cities or counties who have expressed an intent to submit an application for funding. The meeting shall be used for purposes of attempting to develop a single coordinated grant application for each city or county. All applications, whether consolidated into a single application or as individual applications, shall be submitted according to section 145.885. If no approvable applications are received, the commissioner may reallocate the funds to community health service areas for which applications have been received.

Subd. 4. [USE OF BLOCK GRANT MONEY.] Maternal and child health

block grant money received by a local board of health or community health services area under this section must be used for qualified programs for high risk and low income individuals. Block grant money must be used for programs that:

(1) specifically address the highest risk populations, particularly low income and minority groups with a high rate of infant mortality and low birth weight children, by providing services calculated to produce measurable decreases in infant mortality rates and instances of low birth weight children and medical complications associated with pregnancy and childbirth;

(2) specifically target pregnant women whose age, medical condition, or maternal history substantially increases the likelihood of complications associated with pregnancy and childbirth, or the birth of a child with an illness, disability, or special medical needs;

(3) specifically address the health needs of young children who have, or are likely to have, a chronic disease or disability or special medical needs;
or

(4) provide family planning and preventive medical care for specifically identified target populations, such as minority and low income teenagers, in a manner calculated to decrease the occurrence of inappropriate pregnancy and minimize the risk of complications associated with pregnancy and childbirth.

Maternal and child health block grant money may be used for purposes other than the purposes listed in this subdivision only if the local board of health or community health services area can demonstrate that existing programs fully address the needs of the highest risk target populations described in this subdivision.

Subd. 5. [REPORT.] The commissioner shall prepare, with the advice of the advisory task force, an annual report to the legislature which details the distribution of maternal and child health block grant funds, including the amounts to be expended for indirect costs, direct services, and ~~special projects~~ local grants. The report shall also identify the statewide needs of low income and high risk populations and the department of health's plans and local board plans for meeting their needs. The legislature must receive the report no later than January of each year.

Sec. 2. Minnesota Statutes 1984, section 145.883, subdivision 8, is amended to read:

- (a) A complete description of the program and the manner in which the applicant intends to conduct the program;
- (b) *A description of the manner in which the program responds to needs and priorities for services identified by the maternal and child health task force pursuant to section 145.881, subdivision 2, and rules adopted by the commissioner. The rationale for any differences must be explained in detail;*
- (c) A budget and justification for the amount of grant funds requested;

The local board shall include, with grant application materials, a written statement of the criteria to be applied to public and private agency requests for funding.

Sec. 5. Minnesota Statutes 1984, section 145.886, is amended to read:

145.886 [GRANT REVIEW PROCESS.]

ment of health technical staff. All technically completed applications will be forwarded for secondary review to a grants review panel established by the commissioner. "Section 1. [PURPOSE.]

The legislature finds that profound changes in the state economy and in the availability and nature of federal support have created new needs among the

people of this state for assistance in their quest for jobs, for training to fill those jobs, for income maintenance programs, and for a wide array of other human services. At the same time, those changes have altered the role of state government in the planning, development, and delivery of all human services; creating a need for coordinating all the agencies that share responsibilities for those services. Accordingly, the legislature finds that in order to maximize productivity of human resources and economic opportunity within the state of Minnesota, it is necessary to streamline and coordinate the state's employment, training, and public assistance programs and to set new priorities so that state government might better meet its duty to help its citizens realize the dignity of a paycheck and achieve economic independence. Further, the legislature finds it necessary to act swiftly and decisively to achieve the dual goal of lowering the unemployment rate among the people of this state and decreasing the welfare caseload that is at once a reflection of the difficulties challenging some and a burden that must be borne by all."

Subd. 10. [APPROVED TRAINING.] (a) [CREATION.] There is created a training program for structurally unemployed workers in Minnesota under which individuals may be enrolled in an on-the-job training program, and an additional 1,000 individuals may be enrolled in classroom training in accordance with the provisions of this subdivision. Nothing in this subdivision shall be considered to limit or adversely affect the approved training provisions applicable to an individual under section 268.08, subdivision 1, clause (3). An individual approved under this subdivision shall be eligible for tuition aid under the provisions of chapter 136A. The commissioner shall report to the legislature annually regarding the status of the training program under this subdivision.

(b) [APPROVAL OF TRAINING.] An individual's enrollment in a training course shall be approved for the purposes of this subdivision if the commissioner finds that:

(1) the individual is not unemployed due to the seasonal nature of the work or a temporary work shortage;

(2) the individual's separation from most recent employment was caused by job obsolescence, plant shutdown, regional decline in the individual's customary occupation, or industry slowdown;

(3) the individual has received a notice of layoff and is unlikely to return to work for that employer or in that occupation within the 12-month period immediately following the separation;

(4) reasonable and suitable work opportunities for which the individual is fitted by training, experience, and physical capabilities do not exist within the local labor market;

(5) the training course is designed to provide preparation for available employment within the local labor market or in an area to which the individual is willing to relocate;

(6) the training is conducted by an agency, education institution, or employing unit which has been approved by the department of education or state board for vocational technical education or higher education coordinating board to conduct training programs; except that any agency, education institution, or employing unit which is not subject to regulation and approval by

one of the above agencies may be approved by the commissioner if it is determined that the curriculum, facilities, staff, and other essentials are adequate to achieve the training objective:

(7) the training consists of a full course load, as defined by the institution, necessary to achieve the approved training objective, and the individual is making satisfactory progress in the course. The department may require the training institution to periodically certify to the individual's attendance and progress.

(c) [ON-THE-JOB TRAINING.] An individual who meets the criteria set forth under paragraph (b) shall be eligible for participation in a full-time on-the-job training program provided that:

(1) the on-the-job training position is in an occupation for which the commissioner has determined a demand exists or will exist. In making this determination, the commissioner shall consider labor market information as contained in state and national occupational outlook publications, as well as other generally accepted authoritative sources with verifiable validity;

(2) the employer pays an hourly wage during training of at least the state minimum wage;

(3) the employer guarantees to provide at least 12 months of employment to the trainee after the completion of training at the prevailing area labor market wage for a trained individual in that occupation;

(4) the employer will not terminate the trainee during the period of training or guaranteed employment except for misconduct or demonstrated substandard performance;

(5) the employer has not in any way created an on-the-job training position through a reduction in work force within the preceding six months.

(d) [TRAINING ALLOWANCE.] During participation in an approved on-the-job training program, the trainee shall maintain both satisfactory progress and attendance. During the period of training specified in the agreement between the commissioner and the employer, individuals participating in an approved on-the-job training program shall be paid with respect to each week claimed during the benefit year and prior to exhaustion a benefit in an amount equal to the weekly benefit amount, less that part of the earnings, including holiday pay, which is in excess of \$100. The benefit shall be computed by rounding down to the nearest dollar amount. Notwithstanding any other provision, an individual participating in on-the-job training on a full-time basis shall not be considered employed for purposes of benefit eligibility.

(e) [EMPLOYER PENALTY.] An employer who enters into an on-the-job training agreement with the department and terminates the trainee in a manner other than provided in this subdivision shall repay 70 percent of the amount of unemployment insurance benefits paid to the individual while in the training program with that employer if terminated during the training period. If terminated during the 12-month period of guaranteed employment, the employer shall receive a proportional reduction in the amount it must repay.

(f) [FUNDING.] In arranging for training, existing federal and state fi-

nanced job training service deliverers and Wagner-Peyser mechanisms and funds shall be utilized in the most efficient and effective manner."

"Sec. 46. [268A.040] [CHILD CARE SLIDING FEE PROGRAM.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section the following terms have the meanings given.

(a) "Child care services" means family day care homes, group day care homes, nursery schools, day nurseries, child day care centers, play groups, head start, parent cooperatives, and in-home child care as defined in the Minnesota plan for social services to families and children.

(b) "Child" means any person 14 years of age or younger.

(c) "Commissioner" means the commissioner of employment and training.

Subd. 2. [DUTIES OF COMMISSIONER.] The commissioner shall develop standards for county welfare agencies and human services boards regarding the provision of child care services to enable eligible families to participate in employment or training programs. The commissioner shall establish a program to allocate available appropriations to counties for the purpose of reducing the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. The commissioner shall require counties to collect and report data that the commissioner deems necessary to demonstrate the effectiveness of the program in preventing and reducing participants' dependence on public assistance and in providing other benefits, including improvement in the care provided to children. The commissioner shall report

to the full productivity and opportunity coordinator no later than January 15 of each odd-numbered year on the effectiveness of the program.

Subd. 3. [ALLOCATION.] No later than April 1 of each odd-numbered year, the commissioner shall notify all county boards of the allocation procedures for the sliding fee program. No later than June 1 of each odd-numbered year, each county shall inform the commissioner of the number of persons estimated to need child care services and to use the program, and the expected cost for the following two state fiscal years. No later than July 1 of that year the commissioner shall allocate to each county its proportionate share of the appropriation for that year and the next fiscal year. In making the allocation the commissioner shall take into account the county's determination of need and the needs of counties relative to one another based on comparable data. If the appropriation is insufficient to meet the needs in all counties, the amount must be prorated among the counties. If a county does not expend its allocation during a fiscal year, any unused money must be returned to the commissioner for reallocation among counties whose needs have not been met.

Subd. 4. [FINANCIAL ELIGIBILITY.] (a) The county board shall make child care services available to families who need child care to find or keep employment or to obtain the training or education necessary to find employment and who:

(1) receive aid to families with dependent children under sections 256.72 to 256.87; or

(2) have household income below the eligibility levels for aid to dependent families; or

(3) have household income within a range established by the county board.

(b) Child care services for the families receiving aid to families with dependent children must be made available as in-kind services, to cover any difference between the actual cost and the amount disregarded under the aid to families with dependent children program.

(c) Child care services to families with incomes in the board's established range must be made available on a sliding fee basis. The lower limit of the board's range must be the eligibility limit for aid to families with dependent children. The upper limit of the range must not be less than 70 percent, and must not be more than 90 percent, of the state median income for a family of four, adjusted for family size.

Subd. 5. [FUNDING PRIORITIES.] The county may establish priorities of service among the categories of families designated in subdivision 4, paragraph (a). At least 20 percent of the money allocated to the county under this section must be used for each category unless a county can demonstrate that the need in a category can be met with less than 20 percent of the money.

Subd. 6. [EMPLOYMENT OR TRAINING ELIGIBILITY.] Persons who are seeking employment and who are eligible for assistance under this section shall receive the equivalent of one month of child care. To be eligible for child care assistance, employed persons must work at least 20 hours a week and receive at least the minimum wage for all hours worked.

Persons eligible under this section for child care assistance for education

or training shall receive assistance for the length of the program or 24 months, whichever is shorter. Any education or training program approved by the department of education and accredited by the appropriate agency is an eligible program, including but not limited to high school or an equivalent program, an English competency program, technical or vocational training, or a four-year or associate degree program. The commissioner shall develop a training and employment program for each applicant to ensure that the applicant will enter the labor force.

Subd. 7. [COUNTY CONTRIBUTION.] In addition to payments from parents, the program must be funded by county contributions. Counties shall contribute five percent of the cost of the program in the first year and 15 percent in the second and subsequent years that the county provides services under this section.

Subd. 8. [SLIDING FEE SCALE.] In setting the sliding fee schedule, the commissioner shall exclude from the amount of income used to determine eligibility under the board's established range, an amount for federal and state income and social security taxes attributable to that income level according to federal and state standardized tax tables. The fee schedule must be designed to use any available tax credits and to progress smoothly from appropriated assistance to tax-related assistance.

Subd. 9. [LIMITS ON USE OF STATE FUNDS.] When the county charges parents a fee that is less than the sliding fee set by the commissioner for the same service, the state's payment is limited to the difference between the fee set by the commissioner and the provider's charge for care. When the provider of child care services charges more than 125 percent of the median charge for similar care arrangements in the geographic area defined by the commissioner for the purpose of ascertaining the median charge, the state's payment is limited to the difference between 125 percent of the median charge for similar care arrangements in the geographic area and the parents' fee.

Subd. 10. [EXTENSION OF WORK INCENTIVE OPPORTUNITIES.] The county board shall ensure that child care services available to county residents are well advertised and that everyone who receives or applies for aid to families with dependent children is informed of training and employment opportunities and programs, including child care services. The county board may accept gifts, grants, bequests, devises, or offers of inclusion of services or employee fringe benefits for use in providing child care services under this section. The county board is encouraged to develop public-private partnerships for child care services.

Subd. 11. [ADMINISTRATIVE EXPENSES.] A county must not use more than ten percent of the first \$200,000 and seven percent of the balance of any allocation for its administrative expenses under this section."

"Sec. 2. Minnesota Statutes 1984, section 169.06, subdivision 1, is amended to read:

Subdivision 1. [UNIFORM SYSTEM.] The commissioner shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this chapter for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American Association of State Highway Officials. *The manual and specifications must include the design and wording of minimum-maintenance road signs.* The adoption of the manual and specifications by the commissioner as herein provided is specifically exempted from the provisions and requirements of sections 14.02, 14.04 to 14.36, 14.38, 14.44 to 14.45, and 14.57 to 14.62 and acts amendatory thereto.

Sec. 3. [160.091] [DESIGNATION OF MINIMUM-MAINTENANCE ROADS.]

Subdivision 1. [RESOLUTION.] A road authority, other than the commissioner, may by resolution designate a road under its jurisdiction as a minimum-maintenance road if it determines that the road or road segment is used only occasionally or intermittently for passenger and commercial travel. The resolution must identify the beginning and end points of the road being designated. After adopting the resolution, the road authority must post signs on the road to notify the motoring public that it is a minimum-maintenance road and that the public travels on the road at its own risk. A road authority must notify the road authorities of adjoining jurisdictions of designations under this section.

If an affected road or road segment runs along a county or town line, the designation applies only to that part of the road that is under the jurisdiction of the road authority adopting the resolution.

Subd. 2. [SIGNS.] Designation of a minimum-maintenance road is effective on the erection of the signs required under this section. The signs shall be posted at entry points to and at regular intervals along a minimum-maintenance road. Signs posted must conform to the commissioner's manual of uniform traffic devices. Properly posted signs are prima facie evidence that adequate notice of a minimum-maintenance road has been given to the motoring public.

Subd. 3. [LIMITATIONS.] A trunk highway may not be designated as a

minimum-maintenance road. A road may not be designated a minimum-maintenance road if federal-state aid to Minnesota will be reduced as a result. A road authority may not acquire additional right-of-way or easement by eminent domain or otherwise without the consent of the landowner, for the purpose of constructing or designating a minimum-maintenance road, except where necessary for drainage or public safety.

Subd. 4. [LIABILITY.] A minimum-maintenance road may be maintained at a level less than the minimum maintenance standards required for state-aid highways, roads, and streets, but must be maintained at the level required to serve the occasional or intermittent traffic. Where a road has been designated by resolution as a minimum-maintenance road and signs have been posted under subdivision 2, the road authority with jurisdiction over the road, and its officers and employees, are exempt from liability for any tort claim for injury to person or property arising from travel on the minimum-maintenance road and related to its maintenance or condition. Nothing in this section shall exempt a road authority from its duty to maintain bridges under chapter 165 or other applicable law."

"Sec. 4. [256D.44] [CITATION.]

Sections 4 to 31 may be cited as the Minnesota supplemental aid act.

Sec. 5. [256D.45] [POLICY.]

The purpose of sections 4 to 31 is to provide a sound administrative structure for public assistance programs; to maximize the use of federal funds for public assistance purposes; and to provide an integrated public assistance program for all Minnesota state residents who are recipients of supplemental security income or to persons who, except for excess income or resources, would be receiving supplemental security income, who are found to have maintenance needs as determined by application of state standards of assistance, or who have need of a clothing and personal needs allowance while residing in a state hospital, nursing home, or facility with a negotiated rate.

Sec. 6. [256D.46] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The terms defined in sections 4 to 31 have the meanings given them unless otherwise provided or indicated within the contents of these sections.

Subd. 2. [AGED.] "Aged" means a person who has reached age 65 or one who shall reach the age of 65 during the month of application.

Subd. 3. [APPLICANT.] "Applicant" means a person who has filed a Minnesota supplemental aid application or for whom an application has been filed and whose application has neither been acted upon nor voluntarily withdrawn.

Subd. 4. [BLIND.] "Blind" means the condition of a person who has no vision or who, even with the help of glasses or other device, does not have sufficient ocular power for ordinary affairs of life. A person without sufficient ocular vision is a person whose vision is 20/200 or less in the better eye with the Standard Snellen Chart and whose vision cannot be remedied or improved. If the vision in the better eye is more than 20/200 but is accompanied by a contraction of the peripheral field to such an extent that the widest diameter of the visual field subtends an angular distance no greater than 20 degrees, it is considered as coming within the definition. The definition shall also include persons with an aphacic eye with a vision of 20/70 in the better eye.

Subd. 5. [COMMISSIONER.] "Commissioner" means the commissioner of human services or the commissioner's designee.

Subd. 6. [COUNTABLE INCOME.] "Countable income" means net earned and unearned income that is not exempt or disregarded under section 16 and which is actually available to the recipient.

Subd. 7. [DEPARTMENT.] "Department" means the department of human services.

Subd. 8. [DISABILITY.] "Disability" means the inability to engage in a self-supporting occupation by reason of a permanent and total physical or mental impairment.

Subd. 10. [EMERGENCY.] "Emergency" means a set of circumstances which involve a lack or loss of a maintenance need, which demands immediate action, and which, if unresolved, will threaten the health or safety of the individual.

Subd. 11. [EXCLUDED TIME FACILITY.] "Excluded time facility" means any facility listed in section 256B.02, subdivision 2.

Subd. 12. [GROSS INCOME.] "Gross income" means all earned and unearned income before any deduction, disregard, or exclusion.

Subd. 13. [HOMESTEAD.] "Homestead" means a house owned and occupied by the applicant or recipient as his or her dwelling place together with the land upon which it is situated. This area may be no greater than two

contiguous lots in a platted or laid out city or town or 80 contiguous acres in areas which are rural in nature. Real estate not used as a home shall have its value counted under section 14, subdivision 2 unless it produces countable income applicable to the family's needs; the family is making a continuing effort to sell the property at a fair and reasonable price; sale of the real estate would not result in countable income equal to or exceeding the family's monthly needs; or sale of the real estate would cause undue hardship.

Subd. 14. [INCOME.] "Income" means generally any benefit with a cash value received by and available to an applicant or recipient as earnings or otherwise.

Subd. 15. [LOCAL AGENCY.] "Local agency" means the agency designated by the county board of commissioners, human services boards, county welfare boards in the several counties of the state or multi-county welfare boards or departments where those have been established in accordance with law to administer public assistance programs.

Subd. 20. [RECIPIENT.] "Recipient" means a person who is receiving assistance under the Minnesota supplemental aid program, except that a person who returns an uncashed monthly payment and withdraws from the program shall not be considered a recipient. A person who receives and cashes the monthly payment and is subsequently determined ineligible for assistance for that period of time shall remain a recipient, whether or not the assistance is repaid.

Subd. 21. [SUPPLEMENTAL SECURITY INCOME.] "Supplemental security income" means benefits paid under the federal program of supplemental security income for the aged, blind, and disabled under Title XVI of the Social Security Act, as enacted by section 301 of the Social Security Amendments of 1972.

Subd. 22. [TOTAL.] "Total" relates to the degree of the disability. Totality involves consideration of age, training, skills, and work experience.

Subd. 23. [UNDUE HARDSHIP.] "Undue hardship" means a situation when Minnesota supplemental aid eligibility is prevented because the appli-

cant or recipient owns more property than the limit in section 14 and the property is for sale at a reasonable price but has not been sold; or the property is essential to the applicant or recipient for other reasons as determined by the local agency.

Subd. 24. [UNEARNED INCOME.] "Unearned income" means any benefit received by the applicant or recipient which does not directly result from that person's labor.

Sec. 7. [256D.47] [CLIENT RIGHTS AND RESPONSIBILITIES.]

Subdivision 1. [INFORMATION.] The local agency shall provide, to each person inquiring about Minnesota supplemental aid, any information germane to a determination of eligibility.

Subd. 2. [ELIGIBILITY AND PROGRAM REQUIREMENTS.] Upon receiving a request for assistance, the local agency shall promptly advise the inquirer, applicant, or recipient of the eligibility criteria or other program information that bears upon eligibility or monthly payment amounts. The local agency shall offer informational brochures to prospective applicants, and shall inform them that eligibility cannot be officially determined and that the right to appeal the agency's decision does not exist without making a formal application.

Subd. 3. [INFORMATION ABOUT OTHER PROGRAMS.] The local agency shall inform applicants and recipients of the availability of other programs which, from its knowledge of the person's situation, could be of interest to the applicant or recipient.

Subd. 4. [RIGHT TO APPLY.] All persons making inquiry regarding the program shall be informed by the local agency of the right to apply and the manner in which formal application can be made.

Subd. 5. [RIGHT TO NOTICE.] No grant of Minnesota supplemental aid, except one made pursuant to section 19, shall be reduced, terminated or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to action by the local agency. Nothing herein shall deprive a recipient of the right to full administrative and judicial review of an order or determination of a local agency as provided for in section 256.045 subsequent to any action taken by a local agency after a prior hearing.

Subd. 6. [RIGHT TO REPRESENTATION.] Applicants and recipients have the right to have someone act in their behalf to ensure that their legal, civil, and human rights are upheld, and to have someone assist or represent them in the application, eligibility review, or fair hearing process, and in any other contacts with the local or state agency. An applicant who wishes to be represented by an individual of his or her own choosing may do so only by specifying this intent, in writing, to the local agency.

Subd. 7. [RIGHT TO REVIEW RECORDS.] An applicant or recipient shall be allowed to review records held by the local agency which are related to his or her eligibility for or the amount of benefits he or she receives from Minnesota supplemental aid, except for those records classified under the Minnesota data practices act as "confidential."

Subd. 8. [CLIENT RESPONSIBILITIES.] Any applicant or recipient who is otherwise eligible for Minnesota supplemental aid and possibly eligible for

maintenance benefits from any other source shall:

(1) make application for those benefits within 30 days of the local agency's determination of potential eligibility for those benefits; and

(2) execute an interim assistance authorization agreement on a form prescribed by the commissioner.

If found eligible for benefits from other sources, and a payment received from another source relates to the period during which Minnesota supplemental aid was also being received, the recipient shall be liable to reimburse the local agency for the interim assistance paid, including amounts issued as emergency assistance. Reimbursement shall not exceed the amount of Minnesota supplemental aid paid during the time period to which the other maintenance benefits apply. The commissioner shall adopt rules authorizing local agencies to retain from the amount recovered under an interim assistance agreement 25 percent plus actual reasonable fees, costs, and disbursements of appeals and litigation, of providing advocacy assistance to the recipient in processing the recipient's claim for maintenance benefits from another source. The money retained under this section shall be from the state share of the recovery. The local agency may contract with qualified persons to provide the advocacy assistance. The rules adopted by the commissioner shall include the methods by which local agencies shall identify, refer, and assist recipients who may be eligible for benefits under federal programs for the disabled.

Sec. 8. [256D.48] [RESIDENCE.]

To be eligible for Minnesota supplemental aid a person must be a resident of Minnesota. Minnesota residence is not lost unless the individual so intends and residence is established elsewhere. If a Minnesota supplemental aid recipient moves out of Minnesota with the intent to establish a home elsewhere, Minnesota supplemental aid must be terminated immediately, subject to the timely notice provisions of section 23. If the recipient returns to Minnesota after having established residence in another state and if monthly payments have been discontinued, the county of financial responsibility must be determined on county residence after returning. United States citizenship or permanent residence status is not a requirement for eligibility.

Sec. 9. [256D.49] [RESPONSIBILITY TO PROVIDE MINNESOTA SUPPLEMENTAL AID.]

Each local agency shall provide Minnesota supplemental aid to persons residing within its jurisdiction who meet the eligibility requirements of sections 14 and 15. Minnesota supplemental aid shall be administered by the local agency according to law and rules promulgated by the commissioner pursuant to the Minnesota administrative procedure act.

Sec. 10. [256D.50] [APPLICATION FOR ASSISTANCE.]

Subdivision 1. [FILING OF APPLICATION.] Any person requesting Minnesota supplemental aid shall be permitted by the local agency to make an application for assistance on the date that assistance is first requested. The application shall be in writing and upon the form prescribed by the commissioner and shall contain the following declaration which shall be signed by the applicant or his or her authorized representative: "I declare that this ap-

plication has been examined by me and is a true and correct statement of every material point.' On the date that Minnesota supplemental aid is first requested, the local agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance pursuant to section 19. A person in need of emergency assistance shall be granted this assistance immediately upon determination of need, and necessary assistance shall continue until either the person is determined to be ineligible for Minnesota supplemental aid or the first grant of Minnesota supplemental aid is paid to the person. A determination of an applicant's eligibility for Minnesota supplemental aid shall be made by the local agency as soon as the required verifications are received by the local agency and in no event later than that time period provided under section 12. Any verifications required of the applicant shall be reasonable. Minnesota supplemental aid shall be granted to an eligible applicant without the necessity of first securing action by the board of the local agency. The amount of the first grant of Minnesota supplemental aid awarded to an applicant shall be computed to cover the time period starting with the first day of the month in which the application was filed, or the first day of the month in which all eligibility factors were met, whichever is later.

Sec. 11. [256D.51] [VERIFICATION.]

The local agency must verify information provided by the applicant or recipient regarding his or her identity; social security number; categorical basis for eligibility; the applicant's or recipient's income and the income of persons for whom the applicant or recipient has relative responsibility or who have relative responsibility for the applicant or recipient; and other relevant factors, provided the local agency has reason to question the accuracy of information provided by the applicant or recipient. If the applicant or recipient refuses to cooperate with the local agency in its attempt to verify the information, the local agency shall deny or terminate assistance.

Sec. 12. [256D.52] [DISPOSAL OF APPLICATION BY THE AGENCY.]

Upon receiving an application, the local agency must promptly determine if the applicant is eligible for assistance, must formally act to approve or deny the application, must inform the applicant of its decision, and must issue assistance if the applicant is found eligible. If the local agency is unable to determine the applicant's eligibility or ineligibility within 30 days or within 60 days if the basis of eligibility is disability, it shall inform the applicant, in writing, of the reason.

Sec. 13. [256D.53] [RESIDENCE; COUNTY OF FINANCIAL RESPONSIBILITY.]

The applicant shall make application for Minnesota supplemental aid in the county within which he or she is living at the time of application. Financial responsibility shall be the same as that prescribed in section 256B.02, subdivision 3. When the applicant resides in an excluded time facility, the county of financial responsibility shall be the county in which the applicant resided immediately prior to beginning uninterrupted excluded time residence. If upon investigation the local agency decides that the application was not filed in the county of financial responsibility as provided herein and that

the applicant is otherwise eligible for assistance, it shall, while providing assistance to the applicant, transmit a copy of the application together with the record of any investigation made by it and a copy of its decision to the state agency and to the county which it has decided is the county of financial responsibility. The state agency shall promptly determine financial responsibility and make an order referring the application to the responsible county for further action. Such action shall include reimbursement by the county of financial responsibility for any assistance which another county has provided to the applicant in accordance with this section. The order of the state agency shall be binding upon the county of financial responsibility and the applicant or recipient unless reversed on appeal as provided in section 256.045 and shall be complied with pending any such appeal.

Sec. 14. [256D.54] [ELIGIBILITY CRITERIA.]

Subdivision 1. [ENTITLED TO RECEIVE AID.] Each person who is a resident of Minnesota, and who is aged, blind, or disabled, and whose income and resources are less than the standard of assistance and limits applicable to that person, shall be eligible for and entitled to Minnesota supplemental aid. Persons who are found eligible by the social security administration on the basis of age, blindness, or disability shall be deemed to have met the requirements.

Subd. 2. [RESOURCES.] To be eligible for Minnesota supplemental aid, the applicant or recipient must not own or have an interest in personal property which exceeds the limits of the supplemental security income program.

Subd. 3. [EXCLUDED RESOURCES.] A local agency shall exclude from the determination of the resources of an applicant or recipient the following items and goods:

- (1) one motor vehicle;*
- (2) proceeds from reverse mortgages;*
- (3) a homestead or mobile home used as a home; and*
- (4) other property, goods, items, and materials necessary for day-to-day living.*

Subd. 4. [JOINTLY HELD PROPERTY.] When real or personal property is held jointly among two or more persons, the local agency shall assume that each person owns an equal share unless the local agency or any of the persons can demonstrate that the share is greater or less. If so, the local agency shall use the greater or lesser share to determine the value held by an applicant or recipient. An owner of property as a tenant in common owns a pro rata share of the property's value. All other types of ownership must be evaluated according to law. Jointly owned property shall be considered available unless the person does not have the legal capacity to liquidate the property without the signature of the other owners. The applicant must provide information to the local agency to assist it in making a determination regarding the property's availability. If the property is unavailable, the applicant must, as a condition of continued eligibility, take reasonable actions requested by the local agency to make the property available.

Subd. 5. [TRANSFERS OF PROPERTY.] In determining the resources of an individual and an eligible spouse there shall be included any resource or

interest which exceeds the limits set out in subdivisions 2 and 3 and which was given away or sold for less than fair market value within the 12 months preceding application for Minnesota supplemental aid or during the period of eligibility.

Any transaction described in this subdivision shall be presumed to have been for the purpose of establishing eligibility for benefits or assistance under this chapter unless the individual or eligible spouse furnishes convincing evidence to establish that the transaction was exclusively for another purpose.

For purposes of this subdivision, the value of a resource or interest shall be the fair market value at the time it was sold or given away, less the amount of compensation received. In any case where the transferred property exceeds the monthly standard of assistance applicable to the applicant or recipient, the recipient shall be determined ineligible for Minnesota supplemental aid. The number of months of ineligibility shall be determined by dividing the uncompensated value of the transferred property by the monthly standard of assistance applicable to the applicant or recipient.

Subd. 6. [BUILD-UP OF ASSETS.] A recipient who does not have allowable cash assets at the time of application may create such assets or may build those funds up to the maximum by legal means, provided that all of the recipient's income has been reported and fully accounted for in determining the recipient's need or the amount of assistance.

Subd. 7. [RIGHT TO REDUCE EXCESS PROPERTY OR RESOURCES.] The local agency shall allow a recipient who has property or resources in excess of the standards stated herein to reduce the value of property by transferring the excess to a type of property not exceeding limits, using the excess to meet all needs up to three months, or in any other way except one which results in a reduction of available resources without adequate compensation.

If a recipient possesses property which exceeds the standards in all areas stated herein, eligibility shall continue if the recipient observes his or her responsibility for reporting and takes the steps to reduce such property within 15 days of notice by the agency. If a recipient fails to utilize the excess property or resource in a manner described herein, his or her eligibility shall be terminated.

Subd. 8. [CONVERSION OF PROPERTY.] When a client's real or personal property, regardless of whether it had been excluded, has been sold and converted to cash, the cash is considered as a resource except that proceeds from the sale of a homestead may be held up to 90 days in an escrow account when the proceeds are to be used for the purchase of another home.

Subd. 9. [WAIVER OF EXCESS PROPERTY.] The local agency shall waive excess real and nonliquid personal property more than the limits of subdivisions 2 and 3, when the local agency determines that: the property produces a reasonable market return and it is being used for the support of the applicant or recipient; when a grant of emergency assistance under the Minnesota supplemental aid program is required and the property cannot be

liquidated in time to meet the need; or when an undue hardship would be imposed upon the applicant or recipient by the forced disposal of the property.

Sec. 15. [256D.55] [INCOME.]

Subdivision 1. [SUBTRACTION.] All of an applicant's or recipient's countable earned and unearned income which is actually available must be subtracted from the applicable standard of assistance when determining eligibility for and monthly payment amounts under Minnesota supplemental aid. Income must be considered income in the month of receipt and a resource thereafter.

Subd. 2. [INCOME EXCLUSIONS.] Countable income must not include: food stamps; home-produced food used by the household; Indian claim payments made by the United States Congress to compensate members of Indian tribes for the taking of tribal lands by the federal government; cash payments to displaced persons who face relocation as a result of the Housing Act of 1965, the Housing and Urban Development Act of 1965, or the Uniform Relocation Act of 1970; displaced homemaker payments; reimbursement received for maintenance costs of providing foster care to adults or children; benefits under Title IV and Title VII of the Older Americans Act of 1965; Minnesota renter homeowner property tax refunds; infrequent, inconsequential gifts of money which do not total more than \$30 in a month; reimbursement payments received from the VISTA program; all reverse mortgage loan proceeds received including interest or earnings; in-kind income; payments received for providing volunteer services under Title I, Title II, and Title III of the Domestic Service Act of 1973; loans which have to be repaid; federal low income heating assistance program payments; and any other type of funds excluded as income by state law.

Subd. 3. [SELF SUPPORT PLANS.] The county agency shall, for a period not in excess of 36 months, disregard the additional amounts of other income and resources in the case of an individual who has a plan for achieving self-support approved by the state agency as may be necessary for the fulfillment of the plan, but only with respect to the part or parts of the period during substantially all of which he or she is actually undergoing vocational rehabilitation.

Subd. 4. [APPLICATION FOR FEDERALLY FUNDED BENEFITS.] Persons for whom the applicant or recipient has financial responsibility and who have unmet needs must apply for and if eligible accept AFDC and other federally funded benefits prior to allocation of earned and unearned income from the applicant or recipient to meet the needs of such persons. If the persons are determined eligible for these benefits, the applicant or recipient may not allocate earned or unearned income to those persons.

Subd. 5. [ALLOCATION OF INCOME.] In determining the eligibility of and the monthly payment for an applicant or recipient, countable earned and unearned income may first be allocated, except as conditioned in subdivision 4, to cover the unmet needs of persons for whom the applicant or recipient

has financial responsibility, and who share a residence with the applicant or recipient, at the rate for each of one-half the individual supplemental security income standard of assistance. If the applicant or recipient shares a residence with another person who has financial responsibility for the applicant or recipient, the income of the responsible relative shall be considered available to the applicant or recipient after allowing the disregards and deductions in subdivisions 6, 7, 8, and 9 of this section; the amount of actual payments made to individuals who reside outside of the home who are or could be claimed as dependents for purposes of income tax filing; and an amount equal to one-half of the individual supplemental security income standard of assistance for each additional person who resides in the home and for whom he or she is financially responsible.

Subd. 6. [EARNED INCOME DISREGARDS.] From the applicant's or recipient's gross earned income, the local agency shall disregard the first \$85 plus one-half of the remaining income.

Subd. 7. [EARNED INCOME DEDUCTIONS.] From the applicant's or recipient's gross earned income, the local agency shall subtract the following work expenses: transportation costs at the rate of 22 cents per mile or actual cost; meal allowances at the rate of \$3 per work day; amounts paid for uniforms required for work, tools, and equipment; health and other employer required insurance payments; union and professional association dues when paid; mandatory retirement fund contributions; FICA and supplementary medical insurance costs; state and federal income taxes; child 0077 care; and other reasonable expenses which are necessary for work.

Subd. 8. [SELF-EMPLOYMENT EARNINGS.] The amount of gross earned income from self-employment enterprises must be the amount remaining when reasonable, necessary business costs are subtracted from gross receipts. Capital expenditures and depreciation may not be allowed as business costs. Material stocks and goods used in producing income, inventory if it is a part of the operating stock, and loans received for business purposes may not be counted in determining gross earned income of the applicant or recipient.

(a) Income from rental property must be considered self-employment earnings for each month labor is expended by the owner of the property. Actual, reasonable costs of upkeep and repairs shall be allowed as a business expense. Additional deductions shall be allowed for real estate taxes, insurance, utilities, and the interest on principal payments. If the applicant or recipient lives on the property, these expenses must be apportioned according to the number of rooms rented against the number occupied by the assistance unit. When no labor is expended, income from rental property shall be considered as unearned income except that an additional deduction shall be allowed for actual, reasonable, and necessary labor costs for upkeep and repair.

(b) To arrive at net income available for support from farm operations, the local agency must deduct operating expenses from gross receipts. Farm income includes all proceeds from sales of livestock, livestock products or crops sold or held for later disposition and income from land rented on a share or cash basis; and soil conservation payments. Operating expenses include costs of raising crops and animals, machinery repairs, hired labor, rent, and

property costs. Capital expenditures and depreciation are not allowable as business costs. In no case may a loss from farming operations be deducted from other income such as wages or other self-employment enterprises.

(c) To arrive at net income from roomers and boarders, monthly expenses of \$84 shall be deducted from gross income for boarders, \$69 for roomers, and \$153 for roomers or boarders.

Subd. 9. [UNEARNED INCOME DISREGARD.] From the applicant's or recipient's income from the retirement, survivors and disability insurance program, the local agency shall disregard \$20. All other unearned income is considered as available to meet the needs of the applicants and recipients and as such are deducted from the established Minnesota supplemental aid standard of need. Unearned income includes but is not limited to benefits and retirement pension, income from trusts, and military service person's contributions. The \$20 disregard must not be allowed to persons referred to in section 18, subdivision 4.

Subd. 10. [LUMP SUMS.] Lump sum payments and windfalls must be considered income in the month received and a resource thereafter.

Sec. 16. [256D.56] [STANDARDS OF ASSISTANCE.]

Subdivision 1. [USE OF STANDARDS; INCREASES.] The state standards of assistance for shelter, basic needs, and special need items establish the total amount of maintenance need for an applicant for or recipient of Minnesota supplemental aid, must be used to determine the applicant's or recipient's eligibility for Minnesota supplemental aid and the minimum monthly payment amount, and must be used to establish the amount of state aid for such payments. The state standards of assistance shall increase by an amount equal to the dollar value of any cost of living increases in the supplemental security income program, except that the commissioner may take other actions as necessary, from an examination of current expenditures under Minnesota supplemental aid, to prevent loss of federal funds as provided in Public Law Number 94-585; if this authority is invoked, the commissioner shall provide a report to the Minnesota legislature regarding the circumstances and the need for the action.

Subd. 2. [STANDARD OF ASSISTANCE FOR SHELTER.] The state standard of assistance for shelter provides for the recipient's shelter, heating, cooking, electrical, water, sewer, and garbage removal needs. Except as provided in section 17, the monthly state standard of assistance for shelter must be determined as follows:

(a) If the recipient does not reside with a spouse who receives Minnesota supplemental aid, the state standard of assistance is the actual costs for shelter items or \$151, whichever is less.

(b) If the recipient resides with a spouse who also receives Minnesota supplemental aid, the state standard of assistance for the married couple is the actual costs for shelter items or \$227, whichever is less.

(c) The actual shelter costs for married and unmarried recipients must be determined by dividing the sum of the total monthly shelter costs by the number of persons who share the residence, except when the recipient can justify a greater or lesser share.

Subd. 3. [STANDARD OF ASSISTANCE FOR BASIC NEEDS.] The state standard of assistance for basic needs provides for the recipient's food, clothing and personal needs, reading material, laundry, household supply items, transportation, and other personal needs. Except as provided in section 17, the following establishes the monthly state standard of assistance for basic needs:

(a) For an individual who does not share a residence with another person, the state standard of assistance is \$234.

(b) For an individual who shares a residence with another person or persons the state assistance standard is \$184.

Subd. 4. [STANDARD OF ASSISTANCE FOR A RECIPIENT RESIDING IN A STATE HOSPITAL OR DWELLING WITH A NEGOTIATED RATE.] When a recipient is a resident of a state hospital or a dwelling with a negotiated rate, the recipient shall not be eligible for a shelter standard, a basic needs standard, or for special needs pursuant to subdivisions 2, 3, and 6. The recipient's needs for those items are included in the negotiated rate paid for the person pursuant to subdivision 5. Except as provided in section 17, the state standard of assistance for those persons shall be the clothing and personal needs allowance that has been established for medical assistance recipients under section 256B.35.

Subd. 5. [NEGOTIATED RATES.] Minnesota supplemental aid may be paid for rates negotiated by the local agency for board facility or a licensed facility for the purpose of receiving physical, mental health, or rehabilitative care, provided the local agency agrees that this care is needed by the person. When Minnesota supplemental aid is used to pay a negotiated rate, the rate payable to the facility must not exceed the rate paid by an individual not receiving Minnesota supplemental aid. Except as provided in section 17, the maximum rate permissible for room and board or a licensed facility must not exceed \$800. To receive payment for a negotiated rate, the dwelling must comply with applicable laws and rules establishing standards necessary for health, safety, and licensure. The negotiated rate shall be adjusted by the annual percentage change in the urban consumer price index (CPI-U) for Minneapolis-St. Paul as published by the Bureau of Labor Statistics between the previous two Octobers, new series index (1967-100).

Subd. 6. [SPECIAL NEEDS.] Notwithstanding subdivisions 1, 2, 3, and 4, payments shall be allowed for the following special needs of recipients of Minnesota supplemental aid:

(a) Medically prescribed diets. The local agency shall pay an allowance monthly for certain medically prescribed diets when they are prescribed by a physician and if the cost of those additional dietary needs is not being met through some other program. Following the initial determination of need for the diet, the propriety of continuing payments shall be reviewed no less frequently than at the time of each redetermination of eligibility. No requirement shall be made to provide verification of actual expenditures for additional dietary need items. The amount of this supplementary payment is determined in relation to the thrifty food plan for one person established by the Food and Nutrition Service of the United States Department of Agriculture. Except as provided in section 17, payment shall be determined for the following special diets at the levels described below, except that the com-

missioner may provide for additional dietary need upon nutritional documentation:

- | | |
|--|----------------------------------|
| (1) High protein diet
(at least 80 grams daily) | 25 percent of thrifty food plan |
| (2) Controlled protein diet
(40-60 grams and requires special
products such as Controlyte, Paygel,
Aproten, Cal-Power, and Citrotein) | 100 percent of thrifty food plan |
| (3) Controlled protein diet
(less than 40 grams and requires special
products described in in clause (2)
above) | 125 percent of thrifty food plan |
| (4) Low cholestrol diet | 25 percent of thrifty food plan |
| (5) High residue diet | 20 percent of thrifty food plan |
| (6) Pregnancy & lactation diet | 35 percent of thrifty food plan |
| (7) Gluten free diet | 25 percent of thrifty food plan |
| (8) Lactose free diet | 25 percent of thrifty food plan |
| (9) Anti-dumping diet | 15 percent of thrifty food plan |
| (10) Hypoglycemic diet | 15 percent of thrifty food plan |
| (11) Ketogenic diet | 25 percent of thrifty food plan |

(b) Payment for nonrecurring special needs must be allowed for necessary repairs or replacement of household furniture and appliances.

(c) Except in an emergency, the recipient shall obtain prior authorization for special need items if payment is to be made by the local agency. The local welfare board shall designate a person or persons who shall be authorized to approve repairs and replacements prior to formal board action.

Sec. 17. [256D.57] [LOCAL AGENCY STANDARDS OF ASSISTANCE.]

The local agency may establish standards of assistance for shelter, basic needs, special needs, clothing and personal needs, and negotiated rates in excess of the corresponding state standards of assistance. State aid shall not be available for the excess costs of higher standards.

Sec. 18. [256D.58] [MONTHLY PAYMENT AMOUNTS.]

Subdivision 1. [PAYMENT PERIOD.] A calendar month shall constitute the payment period for Minnesota supplemental aid. The monthly payment to a recipient must be determined pursuant to this section.

Subd. 2. [PROSPECTIVE BUDGETING.] During the first two months of applicant eligibility and during a month and the following month, in which a change of at least \$50 has occurred, the local agency shall subtract the amount of countable income anticipated for the payment period from the state standards of assistance applicable to the applicant or recipient during that payment period:

- (a) shelter and basic needs; or

(b) clothing and personal needs; or

(c) higher local agency standards established under section 17.

In the event that the amount of anticipated income is less than the amount of income actually received during the payment period, the local agency shall issue a supplemental payment for the difference.

Subd. 3. [RETROSPECTIVE BUDGETING.] *Following the first two months of payment eligibility determined by provisions of subdivision 2, the local agency shall subtract the amount of countable income actually received during the payment period two months earlier from the following state standards of assistance applicable to the recipient during the current payment period:*

(a) shelter and basic needs; or

(b) clothing and personal needs; or

(c) higher local agency standards established under section 17.

In the event that the amount of income actually received for the current payment period is less than the amount of income received during the payment period two months earlier, the local agency shall issue a supplemental payment for the difference. If the amount of income actually received for the current payment period exceeds the amount of income received for the payment period two months earlier, the recipient shall be considered overpaid. When the local agency is informed that income will no longer be received from a particular source, the local agency shall initiate a two-month prospective budgeting period pursuant to subdivision 2.

0266

Subd. 4. [MONTHLY PAYMENT AMOUNT; PERSON RESIDING INDEPENDENTLY.] *The monthly payment for a recipient who resides independently must be the difference between the countable income and the applicable standards of assistance as determined in subdivisions 2 and 3.*

Subd. 5. [MONTHLY PAYMENT AMOUNT; PERSON RESIDING IN STATE HOSPITAL OR DWELLING WITH NEGOTIATED RATE.] *The monthly payment for a recipient who resides in a state hospital or a dwelling with a negotiated rate must be the difference between the countable income and sum of the standard of assistance as determined in subdivision 2 or 3 and the negotiated rate, if any.*

Sec. 19. [256D.59] [EMERGENCY ASSISTANCE.]

Subdivision 1. [ELIGIBILITY FOR EMERGENCY ASSISTANCE.] *Emergency assistance must be granted if the applicant or recipient has income and resources less than the limits of sections 14 and 15 and a situation exists which, if not resolved, will threaten the health or safety of an applicant or recipient. To be eligible for emergency assistance, the applicant or recipient must be without resources adequate to resolve the situation.*

Subd. 2. [INCOME AND RESOURCE TEST.] *All income and resources available to the applicant or recipient during the month that the need for emergency assistance arose must be considered in determining the applicant's or recipient's ability to meet the emergency need. Liquid personal property and income which is normally disregarded or excluded under the Minnesota supplemental assistance program must be considered available to*

meet the emergency need.

Subd. 3. [EMERGENCY ASSISTANCE USAGES.] Emergency assistance may be used to replace lost or stolen Minnesota supplemental aid grant money, or when an applicant or recipient lacks food or shelter, has received a notice of eviction, has received a residential utility shut-off notice, requires damage deposits, utility connection, initial rent or moving expenses, has other expenses related to establishing a new residence, or requires assistance for necessary home repairs.

Subd. 4. [PAYMENT AMOUNT.] The amount of assistance granted under Minnesota supplemental aid emergency assistance shall be based on the current Minnesota supplemental aid need standards. If the standards are insufficient to meet the emergency need, the Minnesota supplemental aid emergency assistance payment must be based on the amount necessary to resolve the emergency.

Subd. 5. [RELATIONSHIP TO REGULAR MONTHLY PAYMENTS.] When a portion of the Minnesota supplemental aid emergency assistance grant is issued to a Minnesota supplemental aid recipient for his or her current needs, the amount of the Minnesota supplemental aid emergency assistance intended to cover current needs must be subtracted from the amount of the regular Minnesota supplemental aid grant issued for the same time period. However, if a regular grant has already been issued for the same period in which the emergency arises, the local agency shall not deduct the amount issued from a grant for a subsequent month.

Subd. 6. [LOST OR STOLEN MONEY.] Minnesota supplemental aid emergency assistance must be a resource when a significant portion of the money a recipient had after cashing his or her assistance check is lost or stolen. The recipient must be without funds to pay for food, shelter, or utilities for the remainder of the month. The conditions for replacing lost or stolen money are:

(1) Only lost money from the Minnesota supplemental aid assistance check may be replaced.

(2) Loss by theft must have been reported to law enforcement officials.

(3) A written report of the event must be submitted to the local agency by the recipient in the form of an affidavit.

(4) The contents of the law enforcement report and the recipient's affidavit must be reasonably consistent as to the amount lost and the circumstances surrounding the loss.

Subd. 7. [PROTECTIVE PAYMENTS TO AVOID RECURRING NEED.] When payment is issued for emergency assistance on more than one occasion in a 12-month period, this shall constitute cause for establishing protective payments of regular Minnesota supplemental aid benefits. If the person receives benefits from the Social Security Administration, the local agency shall also petition that agency to establish a representative payee for those benefits.

Sec. 20. [256D.60] [PAYMENT METHODS.]

Minnesota supplemental aid grants must be issued by the local agency to

the recipient, a protective payee or a conservator or guardian of his or her estate in the form of county warrants immediately redeemable in cash. Minnesota supplemental aid warrants must be issued regularly on the first day of the month and the payment must be made only to the address at which the recipient resides, unless another address has been approved in advance by the local agency, except that at the request of the recipient and if the local welfare agency has arranged for direct depositing, the agency may forward Minnesota supplemental aid warrants or allowance amounts directly to banks, savings and loan associations, or credit unions with which the recipient has made arrangements for direct deposit. Vendor payments must not be made by the local agency except for nonrecurring emergency need payments, replacement or repair of household appliances, and home repairs.

Sec. 21. [256D.61] [PROTECTIVE PAYMENTS.]

Subdivision 1. [NEED FOR PROTECTIVE PAYEE.] The local agency shall determine whether a recipient has need of a protective payee by reason of a physical or mental condition and an inability to manage funds so that making payment to him or her would be contrary to his or her welfare. The determination must include medical or psychological evaluations or other reports of physical or mental conditions including observation of conditions such as extensive paralysis, serious mental retardation, continued disorientation, or severe memory loss. The determination of representative payment by the Social Security Administration for the recipient is deemed sufficient reason for protective payment of Minnesota supplemental aid payments. Protective payments must be issued where there is evidence of continued inability to plan the use of income to meet necessary expenditures; continued observation that dependents are not properly fed or clothed; continued failure to meet obligations for rent, utilities, food, and other essentials; evictions or a repeated incurrence of debts; or lost or stolen checks. If an assistance check is lost, stolen, or destroyed, a duplicate check shall be issued if the recipient files an affidavit with the county agency attesting to the loss, theft, or destruction of the original. The duplicate check must correspond in number, date, and amount with the original check and shall have endorsed on its face the term "duplicate."

Subd. 2. [ESTABLISHING PROTECTIVE PAYMENT.] When the local agency determines that the recipient has need of a protective payee, the local agency shall appoint a payee as follows:

(1) when the Social Security Administration has established a representative payee for the recipient, the local agency shall appoint that representative payee as the protective payee for Minnesota supplemental aid payments, when possible; or

(2) when a representative payee has not already been established, the local agency shall consider the recipient's preference of protective payee. The protective payee shall have an interest in or concern for the welfare of the recipient and must be capable of and willing to provide the required assistance. The local agency director, members of the county welfare board, and vendors of goods or services, including the recipient's landlord, may not serve as protective payee.

(3) the local agency shall make appropriate termination of protective payments when an individual is considered able to manage funds in his or her

best interest. When a judicial appointment of a guardian or other legal representative appears to serve the best interest of the individual, such appointment shall be sought by the local agency.

Subd. 3. [FAIR HEARING.] Opportunity for a fair hearing must be given to any individual claiming assistance in relation to the determination that a protective payment must be made or continued, and in relation to the payee selected.

Sec. 22. [256D.62] [PAYMENT CORRECTION.]

Subdivision 1. [WHEN.] When the local agency finds that the recipient has received less than or more than the correct payment of Minnesota supplemental aid benefits, the local agency shall issue a corrective payment or seek recoupment, respectively.

Subd. 2. [UNDERPAYMENT OF MONTHLY GRANTS.] When the local agency determines that an underpayment of the recipient's monthly payment has occurred, it shall, during that same month, issue a corrective payment. The payment must be one payment for the total number of months for which underpayment was made, except that if the underpayment would result in a corrective payment of less than \$10, no corrective payment must be made. Corrective payments may be made only for the 12-month period immediately preceding the month in which the underpayment is discovered and must be excluded when determining the applicant's or recipient's income and resources.

Subd. 3. [OVERPAYMENT OF MONTHLY GRANTS.] When the local agency determines that an overpayment of the recipient's monthly payment has occurred, it shall issue a notice of overpayment to the recipient within 12 months of the identification of the overpayment. If the person's case is no longer open, the local agency may request voluntary repayment or pursue civil recovery. If the recipient's case is open, the local agency shall recover the overpayment by withholding an amount up to one-half of the monthly disregarded income.

Sec. 23. [256D.63] [NOTICE.]

Subdivision 1. [TEN-DAY NOTICE.] The local agency shall give the recipient ten days' advance written notice when the agency intends to terminate, suspend, or reduce a grant. The ten-day notice must be in writing on a form prescribed by the commissioner; mailed or given to the recipient not later than ten days before the effective date of the action; and clearly state what action the local agency intends to take, the reasons for the action, the right to appeal the action, and the conditions under which assistance can be continued pending an appeal.

Subd. 2. [FIVE-DAY NOTICE.] Five days are sufficient for advance notice when the agency has verified and documented that the case facts require termination, suspension, or reduction of the grant and the action is required because of probable fraud by the recipient.

Subd. 3. [ADEQUATE NOTICE.] Notice given no later than the effective date of the action is sufficient when: (1) the agency has factual information confirming the death of a person in the grant; (2) the agency receives a clear written statement, signed by the recipient, that he or she no longer wishes

assistance; (3) the agency receives a clear statement, signed by the recipient, reporting information which the recipient understands will require termination or a reduction in the grant; (4) the recipient has been placed in a skilled nursing home, intermediate care, or long-term hospitalization facility; (5) the recipient has been admitted to or committed to an institution; (6) the recipient has been accepted for assistance in a new county; or (7) the recipient's whereabouts are unknown and the agency mail directed to her or him has been returned by the post office indicating no forwarding address.

Sec. 24. [256D.64] [APPEALS.]

Subdivision 1. [RIGHT TO APPEAL.] Applicants and recipients have a right to a fair hearing if they are aggrieved by an action or by inaction of the local agency. Appealable issues include the following: (1) denial of the right to apply for assistance; (2) failure on the part of the local agency to act upon the application promptly or timely; (3) denial of an application for assistance; (4) suspension, reduction, or termination of assistance; (5) grant calculations, including the calculated amounts of overpayments and calculated levels of recoupments due to those overpayments; (6) the determination of periods of ineligibility and the applicability of those periods to various members of the family resulting from receipt of a lump sum; (7) the availability and calculation of corrective payments; (8) use of protective or vendor payments; (9) recoupment of overpayments limited to those issues which led to the alleged overpayment; and (10) other issues related to eligibility for an amount of Minnesota supplemental aid, as required by state law and rule as they currently exist, or as subsequently amended.

Subd. 2. [COSTS RELATED TO APPEALS.] Reasonable and necessary expenses, as determined by the local agency, which are related to the applicant's or recipient's attendance at the hearing, must be reimbursed by the local agency. Reasonable and necessary costs of attendance by witnesses must be reimbursed only if the appellant prevails in the appeal.

Subd. 3. [RIGHT TO APPEAL.] No grant of Minnesota supplemental aid, except one made pursuant to section 19, shall be reduced, terminated, or suspended unless the recipient receives notice and is afforded an opportunity to be heard prior to any action by the local agency. Nothing in this section shall deprive a recipient of his or her right to full administrative and judicial review of an order or determination of a local agency as provided for in section 256.045 subsequent to any action taken by a local agency after a prior hearing.

Subd. 4. [CONTINUATION OF PAYMENT PENDING APPEAL DECISION.] When assistance is reduced, suspended, or terminated, the grant must be continued pending an appeal decision if the appellant files the appeal within ten days of the notice or prior to the effective date of the proposed action, whichever is later.

Sec. 25. [256D.65] [REPORTING REQUIREMENTS.]

All recipients of Minnesota supplemental aid shall have their eligibility redetermined at least once every 12 months. Applicants and recipients shall provide, report, and verify all information necessary to determine initial and ongoing eligibility. This requirement must include information requested at the time of application and at the time a redetermination or report form is due.

This responsibility also includes a report within eight days of any change in income and household circumstances which affect eligibility. The report form must be completed monthly when the recipient has earned income and quarterly when the recipient does not. Failure without good cause to complete and return the household report prior to the last ten days of a month shall result in the withholding of the subsequent month's grant until the report is provided.

Sec. 26. [256D.66] [FRAUD.]

Whoever obtains or attempts to obtain, or aids or abets any person to obtain by means of a willfully false statement or representation, or by the intentional withholding or concealment of a material fact, or by impersonation, or other fraudulent device assistance to which he or she is not entitled or assistance greater than that to which he or she is reasonably entitled shall be considered to have violated section 256.98; and shall be subject to both the criminal and civil penalties provided in that section.

Sec. 27. [256D.67] [RELATIVE'S RESPONSIBILITY.]

The financial responsibility of a relative for an applicant for or recipient of Minnesota supplemental aid shall not extend beyond the relationship of a spouse or a parent of a minor child.

Sec. 28. [256D.68] [DUTIES OF THE COMMISSIONER.]

In addition to any other duties imposed by law, the commissioner shall supervise the administration of Minnesota supplemental aid by local agencies as provided in sections 4 to 31; adopt uniform rules consistent with law for carrying out and enforcing the provisions of sections 4 to 31, to the end that Minnesota supplemental aid may be administered as uniformly as possible throughout the state; immediately upon adoption furnish rules to all local agencies and other interested persons; comply with the provisions of the Minnesota administrative procedure act when adopting rules; allocate money appropriated for Minnesota supplemental aid to local agencies as provided in section 31; accept and supervise the disbursement of any funds that may be provided by the federal government or from other sources for use in this state for Minnesota supplemental aid; cooperate with other agencies including any agency of the United States or another state in all matters concerning the powers and duties of the commissioner provided hereunder; and cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services.

Sec. 29. [256D.69] [MINNESOTA SUPPLEMENTAL AID TO BE ALLOWED AS CLAIM IN PROBATE COURT.]

On the death of any person who received Minnesota supplemental aid under sections 4 to 31, or on the death of the survivor of a married couple, either or both of whom received Minnesota supplemental aid, the total amount paid as Minnesota supplemental aid to either or both, without interest, shall be allowed as a claim against the estate of the person or persons by the court having jurisdiction to probate the estate.

Sec. 30. [256D.70] [DATA PROCESSING PROCEDURES.]

The local agency shall, to the extent permitted by federal law or regulation, in addition to any other necessary records and procedures, provide for the

inclusion of all Minnesota supplemental aid records in any data processing system established for the medical assistance program, according to procedures established by the commissioner.

Sec. 31. [256D.71] [STATE AID.]

After December 31, 1985, state aid shall be paid to local agencies for 85 percent of all Minnesota supplemental aid grants up to the payment levels specified in section 18 and according to procedures established by the commissioner."

S.F. No. 903: A bill for an act relating to human services; making certain changes in the reimbursement procedures for nursing homes; providing for an interim payment rate for newly constructed or expanded nursing homes; requiring medicare certification; creating an appeals board for appraised value disputes; amending Minnesota Statutes 1984, sections 256B.431, subdivisions 2b, 3, and 4; and 256B.50.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [144.0722] [RESIDENT REIMBURSEMENT CLASSIFICATIONS; PROCEDURES FOR RECONSIDERATION.]

Subdivision 1. [RESIDENT REIMBURSEMENT CLASSIFICATIONS.] The commissioner of health shall establish resident reimbursement classifications based upon the assessments of residents of nursing homes and boarding care homes conducted under sections 144.072 and 144.0721, or under rules established by the commissioner of human services under sections 256B.41 to 256B.48. The reimbursement classifications established by the commissioner must conform to the rules established by the commissioner of human services.

Subd. 2. [NOTICE OF RESIDENT REIMBURSEMENT CLASSIFICATION.] The commissioner of health shall notify each resident, and the nursing home or boarding care home in which the resident resides, of the reimbursement classification established under subdivision 1. The notice shall inform the resident of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the department, and the opportunity to request a reconsideration of the classification. The notice of resident classification shall be sent by first-class mail. The individual resident notices may be sent to the residents' nursing home or boarding care home for distribution to the resident.

Subd. 3. [REQUEST FOR RECONSIDERATION.] The resident or the nursing home or boarding care home may request that the commissioner reconsider the assigned reimbursement classification. The request for reconsideration must be submitted, in writing, to the commissioner within ten days of the receipt of the notice of resident classification. The request for reconsideration must include the following: (1) the name of the resident; (2) the name and address of the facility in which the resident resides; (3) the reasons for the reconsideration; (4) the requested classification changes; and (5) documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation establishing that the needs of the resident at the time of the assessment re-

sulting in the disputed classification justify a change of classification.

Subd. 4. [RECONSIDERATION.] The department's reconsideration must be made by individuals not involved in reviewing the assessment that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the department under subdivision 3. If necessary for evaluating the reconsideration request, the department may conduct on-site reviews. In its discretion, the department may review the reimbursement classifications assigned to all residents in the facility. Within 15 working days of receiving the request for reconsideration, the department shall affirm or modify the original resident classification. The original classification shall be modified if the department determines that the assessment resulting in that classification did not accurately reflect the needs of the resident at the time of the assessment. The resident and the nursing home or boarding care home shall be notified within five working days after the decision is made. The department's decision under this subdivision is the final administrative decision of the agency.

Sec. 2. Minnesota Statutes 1984, section 144.50, subdivision 2, is amended to read:

Subd. 2. Hospital, sanatorium or other institution for the hospitalization or care of human beings, within the meaning of sections 144.50 to 144.56 shall mean any institution, place, building, or agency, in which any accommodation is maintained, furnished, or offered for: the hospitalization of the sick or injured; the provision of care in a swing bed authorized under section 144.562; elective outpatient surgery for preexamined, prediagnosed low risk patients; emergency medical services offered 24 hours a day, seven days a week, in an ambulatory or outpatient setting in a facility not a part of a licensed hospital; or the institutional care of human beings. Nothing in sections 144.50 to 144.56 shall apply to a clinic, a physician's office or to hotels or other similar places that furnish only board and room, or either, to their guests.

Sec. 3. [144.562] [SWING BED APPROVAL; ISSUANCE OF LICENSE CONDITIONS; VIOLATIONS.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "swing bed" means a hospital bed licensed under sections 144.50 to 144.56 which has been granted a license condition under this section for the purpose of receiving reimbursement under the federal medicare program under United States Code, title 42, section 1395(t).

Subd. 2. [ELIGIBILITY FOR LICENSE CONDITION.] A hospital is not eligible to receive a license condition for swing beds unless (1) it has a licensed bed capacity of less than 50 beds, (2) it is located in a rural area as defined in the federal medicare regulations, Code of Federal Regulations, title 42, section 405.1041, and (3) it agrees to utilize no more than four hospital beds as swing beds at any one time.

Subd. 3. [APPROVAL OF LICENSE CONDITION.] The department of health shall approve a license condition for swing beds if the hospital meets all of the criteria of this subdivision:

(a) *The hospital must meet the eligibility criteria in subdivision 2.*

(b) *The hospital must be in compliance with the federal medicare condi-*

tions of participation for swing beds under Code of Federal Regulations, title 42, section 405.1041.

(c) *The hospital must agree, in writing, to limit the length of stay of a patient receiving services in a swing bed to not more than 40 days, or the duration of medicare eligibility, unless the department of health approves a greater length of stay in an emergency situation. For the purpose of determining whether an emergency situation exists, the department shall require the hospital to provide documentation that continued services in the swing bed are required by the patient, that no nursing home beds are available within 25 miles from the patient's home, or in some more remote facility of the resident's choice, which can provide the appropriate level of services required by the patient, and that other alternative services are not available to meet the needs of the patient. If the department approves a length of stay beyond 40 days, or the duration of medicare eligibility, the hospital shall develop a plan providing for the discharge of the patient upon the availability of a nursing home bed or other services which meet the needs of the patient. Permission to extend a patient's length of stay must be requested by the hospital at least 10 days prior to the end of the maximum length of stay.*

(d) *The hospital must agree, in writing, to limit admission to a swing bed only to patients who have been hospitalized and not yet discharged from the facility.*

(e) *The hospital must agree, in writing, that there will be at least a 60-day period between a specific patient's discharge from a facility out of a swing bed, and that patient's readmission to a swing bed.*

(f) *The hospital must agree, in writing, to report statistical data on the utilization of the swing beds on forms supplied by the department. The data must include the number of swing beds; the number of admissions to and discharges from swing beds, medicare reimbursed patient days, total patient days, and other information required by the commissioner to assess the utilization of swing beds.*

Subd. 4. [ISSUANCE OF LICENSE CONDITION; RENEWALS.] *The department of health shall issue a license condition to a hospital that complies with subdivisions 2 and 3. The license condition shall be granted when the license is first issued, when it is renewed, or during the course of the hospital's licensure year. The condition shall be valid for the hospital's licensure year. The license condition can be renewed at the time of the hospital's license renewal provided that the hospital is in compliance with subdivisions 2 and 3.*

Subd. 5. [RATE.] *No hospital may charge any person receiving nursing care in a swing bed at a rate greater than the rate paid by the secretary of human services for similar services under section 1883 of the Social Security Act for the comparable time period. A violation of this subdivision shall be considered a violation of section 256B.48, subdivision 1, clause (a).*

Subd. 6. [INSPECTIONS.] *Notwithstanding section 144.55, subdivision 4, the department of health may conduct inspections of any hospital granted a condition under this section for the purpose of assessing compliance with this section.*

Subd. 7. [VIOLATIONS; ISSUANCE OF CORRECTION ORDERS

AND FINES; SUSPENSION; REVOCATION, OR NONRENEWAL OF THE LICENSE CONDITION.] *Notwithstanding section 144.55, subdivision 4, if the hospital fails to comply with subdivision 2 or 3, the department of health shall issue a correction order and penalty assessment under section 144.653 or may suspend, revoke, or refuse to renew the license condition under section 144.55, subdivision 6. The penalty assessment for a violation of subdivision 2 or 3 is \$500.*

Subd. 8. [EFFECTIVE DATE.] Hospitals participating in the federal medicare swing bed program as of the effective date of this section shall comply with this section by January 1, 1986, or at the time of the renewal of the medicare swing bed approval, whichever is earlier.

Sec. 4. Minnesota Statutes 1984, section 144A.01, subdivision 5, is amended to read:

Subd. 5. "Nursing home" means a facility or that part of a facility which provides nursing care to five or more persons. "Nursing home" does not include a facility or that part of a facility which is a hospital, a hospital with less than five swing beds as defined in section 144.562, clinic, doctor's office, diagnostic or treatment center, or a residential facility licensed pursuant to sections 245.781 to 245.821 or 252.28.

Sec. 5. Minnesota Statutes 1984, section 144A.071, subdivision 1, is amended to read:

Subdivision 1. [FINDINGS.] The legislature finds that medical assistance expenditures are increasing at a much faster rate than the state's ability to pay them; that reimbursement for nursing home care and ancillary services comprises over half of medical assistance costs, and, therefore, controlling expenditures for nursing home care is essential to prudent management of the state's budget; that construction of new nursing homes, and the addition of more nursing home beds to the state's long-term care resources, and increased conversion of beds to skilled nursing facility bed status inhibits the ability to control expenditures; that Minnesota already leads the nation in nursing home expenditures per capita, has the fifth highest number of beds per capita elderly, and that private paying individuals and medical assistance recipients have equivalent access to nursing home care; and that in the absence of a moratorium the increased numbers of nursing homes and nursing home beds will consume resources that would otherwise be available to develop a comprehensive long-term care system that includes a continuum of care. Unless action is taken, this expansion of bed capacity and changes of beds to a higher classification of care are likely to accelerate with the repeal of the certificate of need program effective March 15, 1984. The legislature also finds that Minnesota's dependence on institutional care for elderly persons is due in part to the dearth of alternative services in the home and community. *The legislature also finds that further increases in the number of licensed nursing home beds, especially in nursing homes not certified for participation in the medical assistance program, is contrary to public policy, because: (1) nursing home residents with limited resources may exhaust their resources more rapidly in these facilities, creating the need for a transfer to a certified nursing home, with the concomitant risk of transfer trauma; (2) a continuing increase in the number of nursing home beds will foster continuing reliance on institutional care to meet the long-term care needs of residents*

of the state; (3) a further expansion of nursing home beds will diminish incentives to develop more appropriate and cost-effective alternative services and divert community resources that would otherwise be available to fund alternative services; (4) through corporate reorganization resulting in the separation of certified and licensed beds, a nursing home may evade the provisions of section 256B.48, subdivision 1, clause (a); and (5) it is in the best interests of the state to ensure that the long-term care system is designed to protect the private resources of individuals as well as to use state resources most effectively and efficiently.

The legislature declares that a moratorium on the licensure and medical assistance certification of new nursing home beds and on changes in certification to a higher level of care is necessary to control nursing home expenditure growth and enable the state to meet the needs of its elderly by providing high quality services in the most appropriate manner along a continuum of care.

Sec. 6. Minnesota Statutes 1984, section 144A.071, subdivision 2, is amended to read:

Subd. 2. [MORATORIUM.] Notwithstanding the provisions of the Certificate of Need Act, sections 145.832 to 145.845, or any other law to the contrary, The commissioner of health, in coordination with the commissioner of human services, shall deny each request by a nursing home or boarding care home, except an intermediate care facility for the mentally retarded, for addition of new certified beds or for a change or changes in the certification status of existing beds except as provided in subdivision 3. The total number of certified beds in the state in the skilled level and in the intermediate levels of care shall remain at or decrease from the number of beds certified at each level of care on May 23, 1983, except as allowed under subdivision 3. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under sections 245.781 to 245.812 and 252.28 to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount. *The commissioner of health shall deny each request for licensure of nursing home beds except as provided in subdivision 3.*

Sec. 7. Minnesota Statutes 1984, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or change in the certification status of an existing bed the addition of a new licensed nursing home bed, under the following conditions:

(a) To replace a bed decertified after May 23, 1983 or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can

be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) To certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) To certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes; or

~~(d) When the change in certification status results in a decrease in the reimbursement amount.~~

(d) To license a new nursing home bed in a facility which meets one of the exceptions contained in clauses (a) to (d);

(e) To license nursing home beds in a facility which has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has commenced any required construction, as defined in clause (b) before May 1, 1985. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the provisions of the nursing home licensure rules; or

(f) To certify or license new beds in a new facility that is to be operated by the department of veterans affairs or where the costs of constructing and operating the new beds are to be reimbursed by the department of veterans affairs or the federal veterans administration.

Sec. 8. Minnesota Statutes 1984, section 256B.02, subdivision 8, is amended to read:

Subd. 8. [MEDICAL ASSISTANCE; MEDICAL CARE.] "Medical assistance" or "medical care" means payment of part or all of the cost of the following care and services for eligible individuals whose income and resources are insufficient to meet all of this cost:

(1) Inpatient hospital services. A second medical opinion is required prior to reimbursement for elective surgeries. The commissioner shall publish in

the State Register a proposed list of elective surgeries that require a second medical opinion prior to reimbursement. The list is not subject to the requirements of sections 14.01 to 14.70. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal;

(2) Skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 256B.50, subdivision 1, for mentally retarded individuals residing in intermediate care facilities for the mentally retarded. *Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562;*

(3) Physicians' services;

(4) Outpatient hospital or nonprofit community health clinic services or physician-directed clinic services. The physician-directed clinic staff shall include at least two physicians, one of whom is on the premises whenever the clinic is open, and all services shall be provided under the direct supervision of the physician who is on the premises. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section;

(5) Community mental health center services, as defined in rules adopted by the commissioner pursuant to section 256B.04, subdivision 2, and provided by a community mental health center as defined in section 245.62, subdivision 2;

(6) Home health care services;

(7) Private duty nursing services;

(8) Physical therapy and related services;

(9) Dental services, excluding cast metal restorations;

(10) Laboratory and xray services;

(11) The following if prescribed by a licensed practitioner: drugs, eye-glasses, dentures, and prosthetic devices. The commissioner shall designate a formulary committee which shall advise the commissioner on the names of drugs for which payment shall be made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four

of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over the counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; or any other over the counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the Administrative Procedure Act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and his determination shall not be subject to chapter 14, the Administrative Procedure Act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Establishment of this fee shall not be subject to the requirements of the Administrative Procedure Act. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the Administrative Procedure Act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the Administrative Procedure Act;

(12) Diagnostic, screening, and preventive services;

(13) Health care pre-payment plan premiums and insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act;

(14) Abortion services, but only if one of the following conditions is met:

(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;

(b) The pregnancy is the result of criminal sexual conduct as defined in section 609.342, clauses (c), (d), (e)(i), and (f), and the incident is reported within 48 hours after the incident occurs to a valid law enforcement agency for investigation, unless the victim is physically unable to report the criminal sexual conduct, in which case the report shall be made within 48 hours after the victim becomes physically able to report the criminal sexual conduct; or

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion;

(15) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory;

(16) To the extent authorized by rule of the state agency, costs of bus or taxicab transportation incurred by any ambulatory eligible person for obtaining nonemergency medical care;

(17) Personal care attendant services provided by an individual, not a relative, who is qualified to provide the services, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. Payments to personal care attendants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies; and

(18) Any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law.

Sec. 9. Minnesota Statutes 1984, section 256B.091, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] It is the purpose of this section to prevent inappropriate nursing home or boarding care home placement by establishing a program of preadmission screening teams for all ~~medical assistance recipients and any individual who would become eligible for medical assistance within 180 days of applicants seeking~~ admission to a licensed nursing home or boarding care home participating in the *medical assistance* program. Further, it is the purpose of this section and the program to gain further information about how to contain costs associated with inappropriate nursing home

or boarding care home admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the appropriation available.

Sec. 10. Minnesota Statutes 1984, section 256B.091, subdivision 2, is amended to read:

Subd. 2. [SCREENING TEAMS; ESTABLISHMENT.] Each county agency designated by the commissioner of human services to participate in the program shall contract with the local board of health organized under section 145.911 to 145.922 or other public or nonprofit agency to establish a screening team to assess ~~the health and social needs of all applicants~~ prior to admission to a nursing home or a boarding care home licensed under section 144A.02 or sections 144.50 to 144.56, that is certified for medical assistance as a skilled nursing facility, intermediate care facility level I, or intermediate care facility level II; ~~the health and social needs of medical assistance recipients and individuals who would become eligible for medical assistance within 180 days of nursing home or boarding care home admission.~~ Each local screening team shall be composed of a public health nurse from the local public health nursing service and a social worker from the local community welfare agency. Each screening team shall have a physician available for consultation and shall utilize individuals' attending physicians' physical assessment forms, if any, in assessing needs. The individual's physician shall be included on the screening team if the physician chooses to participate. If the individual is being discharged from an acute care facility, a discharge planner from that facility may be present, at the facility's request, during the screening team's assessment of the individual and may participate in discussions but not in making the screening team's recommendations under subdivision 3, clause (e). If the assessment procedure or screening team recommendation results in a delay of the individual's discharge from the acute care facility, the facility shall not be denied medical assistance reimbursement or incur any other financial or regulatory penalty of the medical assistance program that would otherwise be caused by the individual's extended length of stay; 50 percent of the cost of this reimbursement or financial or regulatory penalty shall be paid by the state and 50 percent shall be paid by the county. Other personnel as deemed appropriate by the county agency may be included on the team. The county agency may contract with an acute care facility to have the facility's discharge planners perform the functions of a screening team with regard to individuals discharged from the facility and in those cases the discharge planners may participate in making recommendations under subdivision 3, clause (e). No member of a screening team shall have a direct or indirect financial or self-serving interest in a nursing home or noninstitutional referral such that it would not be possible for the member to consider each case objectively.

Sec. 11. Minnesota Statutes 1984, section 256B.091, subdivision 4, is amended to read:

Subd. 4. [SCREENING OF PERSONS.] Prior to nursing home or boarding care home admission, screening teams shall assess the needs of all persons receiving medical assistance and of all persons who would be eligible for medical assistance within 180 days of admission to a nursing home or boarding care home *applicants*, except (1) patients transferred from other nursing homes or; (2) patients who, having entered acute care facilities from nursing

homes, are returning to nursing home care; or (3) persons entering a facility described in section 256B.431, subdivision 4, paragraph (b). ~~Any other interested person may~~ The cost for screening persons who are receiving medical assistance or would be eligible for medical assistance within 180 days of nursing home or boarding care home admission will be paid by state, federal, and county funds. Other persons will be assessed by a screening team upon payment of a fee based upon a sliding fee scale approved by the commissioner.

Sec. 12. Minnesota Statutes 1984, section 256B.091, subdivision 5, is amended to read:

Subd. 5. [APPEALS.] Appeals from the screening team's ~~determination recommendation~~ shall be made pursuant to the procedures set forth in section 256.045, subdivisions 2 and 3. An appeal shall be automatic if the individual's physician does not agree with the recommendation of the screening team.

Sec. 13. Minnesota Statutes 1984, section 256B.091, subdivision 8, is amended to read:

Subd. 8. [ALTERNATIVE CARE GRANTS.] The commissioner shall provide grants to counties participating in the program to pay costs of providing alternative care to individuals screened under subdivision 4. Payment is available under this subdivision only for individuals (1) for whom the screening team would recommend nursing home admission if alternative care were not available; (2) who are receiving medical assistance or who would be eligible for medical assistance within 180 days of admission to a nursing home; ~~and~~ (3) who need services that are not available at that time in the county through other public assistance; and (4) who are age 65 or older.

Grants may be used for payment of costs of providing services such as, but not limited to, foster care for elderly persons, day care whether or not offered through a nursing home, nutritional counseling, or medical social services, which services are provided by a licensed health care provider, a home health service eligible for reimbursement under Titles XVIII and XIX of the federal Social Security Act, or by persons employed by or contracted with by the county board or the local welfare agency. The county agency shall ensure that a plan of care is established for each individual in accordance with subdivision 3, clause (e)(2). The plan shall include any services prescribed by the individual's attending physician as necessary and follow up services as necessary. The county agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program and shall provide documentation in each individual's plan of care that the most cost effective alternatives available have been offered to the individual. Grants to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The commissioner shall establish a sliding fee schedule for requiring payment for the cost of providing services under this subdivision to persons who are eligible for the services but who are not yet eligible for medical assistance. The sliding fee schedule is not subject to chapter 14 but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested

persons to comment before adopting the sliding fee schedule in final forms.

The commissioner shall apply for a waiver for federal financial participation to expand the availability of services under this subdivision. The commissioner shall provide grants to counties from the nonfederal share, unless the commissioner obtains a federal waiver for medical assistance payments, of medical assistance appropriations. A county agency may use grant money to supplement but not supplant services available through other public assistance or service programs and shall not use grant money to establish new programs for which public money is available through sources other than grants provided under this subdivision. A county agency shall not use grant money to provide care under this subdivision to an individual if the anticipated cost of providing this care would exceed the average payment, as determined by the commissioner, for the level of nursing home care that the recipient would receive if placed in a nursing home. The nonfederal share may be used to pay up to 90 percent of the start-up and service delivery costs of providing care under this subdivision. Each county agency that receives a grant shall pay ten percent of the costs.

The commissioner shall promulgate emergency rules in accordance with sections 14.29 to 14.36, to establish required documentation and reporting of care delivered.

Sec. 14. Minnesota Statutes 1984, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, age, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing

home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability of each proprietary nursing home as an operating cost of that nursing home. The commissioner shall include a reported actual special assessment for each nursing home as an operating cost of that nursing home. Total real estate tax liability and actual special assessments paid for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e).

Sec. 15. Minnesota Statutes 1984, section 256B.431, subdivision 3, is amended to read:

Subd. 3. [PROPERTY-RELATED COSTS, 1983-1985.] (a) For rate years beginning July 1, 1983 and July 1, 1984, property-related costs shall be reimbursed to each nursing home at the level recognized in the most recent cost report received by December 31, 1982 and audited by March 1, 1983, and may be subsequently adjusted to reflect the costs recognized in the final rate for that cost report, adjusted for rate limitations in effect before the effective date of this section. Property-related costs include: depreciation, interest, earnings or investment allowance, lease, or rental payments. No adjustments shall be made as a result of sales or reorganizations of provider entities.

(b) Adjustments for the cost of repairs, replacements, renewals, betterments, or improvements to existing buildings, and building service equipment shall be allowed if:

- (1) The cost incurred is reasonable, necessary, and ordinary;
- (2) The net cost is greater than \$5,000. "Net cost" means the actual cost, minus proceeds from insurance, salvage, or disposal;
- (3) The nursing home's property-related costs per diem is equal to or less than the average property-related costs per diem within its group; and
- (4) The adjustment is shown in depreciation schedules submitted to and approved by the commissioner.

(c) Annual per diem shall be computed by dividing total property-related costs by 96 percent of the nursing home's licensed capacity days for nursing homes with more than 60 beds and 94 percent of the nursing home's licensed capacity days for nursing homes with 60 or fewer beds. For a nursing home whose residents' average length of stay is 180 days or less, the commissioner may waive the 96 or 94 percent factor and divide the nursing home's property-related costs by the actual resident days to compute the nursing home's annual property-related per diem. The commissioner shall promulgate emergency and permanent rules to recapture excess depreciation upon sale of a nursing home.

(d) *Subd. 3a. [PROPERTY-RELATED COSTS AFTER JULY 1, 1985.]*
(a) For rate years beginning on or after July 1, 1985, the commissioner, by permanent rule, shall reimburse nursing home providers that are vendors in the medical assistance program for the rental use of their property. ~~The "rent" is the amount of periodic payment which a renter might expect to pay for the right to the agreed use of the real estate and the depreciable equipment as it exists real estate and depreciable equipment.~~ "Real estate" means land improvements, buildings, and attached fixtures used directly for resident care. "Depreciable equipment" means the standard moveable resident care equipment and support service equipment generally used in long-term care facilities.

(e) (b) In developing the method for determining payment rates for the rental use of nursing homes, the commissioner shall consider factors designed to:

- (1) simplify the administrative procedures for determining payment rates for property-related costs;
- (2) minimize discretionary or appealable decisions;
- (3) eliminate any incentives to sell nursing homes;
- (4) recognize legitimate costs of preserving and replacing property;
- (5) recognize the existing costs of outstanding indebtedness allowable under the statutes and rules in effect on May 1, 1983;
- (6) address the current value of, if used directly for patient care, land improvements, buildings, attached fixtures, and equipment;
- (7) establish an investment per bed limitation;
- (8) reward efficient management of capital assets;

- (9) provide equitable treatment of facilities;
- (10) consider a variable rate; and
- (11) phase in implementation of the rental reimbursement method.

(F) (c) No later than January 1, 1984, the commissioner shall report to the legislature on any further action necessary or desirable in order to implement the purposes and provisions of this subdivision.

Sec. 16. Minnesota Statutes 1984, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) *For the rate years beginning July 1, 1983 and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2, paragraph (b) to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2(f), the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.*

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated pursuant to rules promulgated by the commissioner.

(c) *For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, is certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under 12 MCAR S 2.036, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:*

(1) *The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment*

rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

A facility that meets the criteria of this paragraph shall submit annual cost reports on forms prescribed by the commissioner.

Sec. 17. Minnesota Statutes 1984, section 256B.48, is amended by adding a subdivision to read:

Subd. 6. [MEDICARE CERTIFICATION.] All nursing homes certified as skilled nursing facilities under the medical assistance program shall participate in medicare part A and part B unless, after submitting an application, medicare certification is denied by the federal health care financing administration. Medicare review will be conducted at the time of the annual medical assistance review. Charges for medicare-covered services provided to residents who are simultaneously eligible for medical assistance and medicare must be billed to medicare part A or part B prior to billing medical assistance. Medical assistance may be billed only for charges not reimbursed by medicare.

Sec. 18. Minnesota Statutes 1984, section 256B.50, is amended to read:

256B.50 [APPEALS.]

Subdivision 1. [SCOPE.] A nursing home may appeal a decision arising from the application of standards or methods pursuant to sections 256B.41 and 256B.47 if the appeal, if successful, would result in a change to the nursing home's payment rate, or appraised value. The appeal procedures also apply to appeals of payment rates calculated under 12 MCAR S 2.049 filed with the commissioner on or after May 1, 1984. This section does not apply to a request from a resident or nursing home for reconsideration of the classification of a resident under section 144.0722. To appeal, the nursing home shall notify the commissioner in writing of its intent to appeal within 30 days and submit a written appeal request within 60 days of receiving notice of the payment rate determination or decision. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the dollar amount involved for each disputed item, the computation that the nursing home believes is correct, the authority in statute or rule upon which the nursing home relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner.

Except as provided in subdivision 2, the appeal shall be heard by an administrative law judge according to sections 14.48 to 14.56, or upon agreement by both parties according to a modified appeals procedure established

by the commissioner and the administrative law judge. In any proceeding under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner's determination is incorrect. Regardless of any rate appeal, the rate established shall be the rate paid and shall remain in effect until final resolution of the appeal or subsequent desk or field audit adjustment, notwithstanding any provision of law or rule to the contrary. To challenge the validity of rules established by the commissioner pursuant to sections 256B.41, 256B.421, 256B.431, 256B.47, 256B.48, 256B.50, and 256B.502, a nursing home shall comply with section 14.44.

Subd. 2. [APPRAISED VALUE; APPEALS BOARD.] (a) Appeals concerning the appraised value of a nursing home's real estate shall be heard by a three-person appeal board appointed by the commissioner. The real estate as defined in section 256B.431, subdivision 3, must be appraised using the depreciated replacement cost method.

(b) Members of the appeals board shall be appointed by the commissioner from the list of appraisers approved for state contracts by the department of administration. In making the selection, the commissioner shall assure that each member is experienced in the use of the depreciated replacement cost method and is free of any personal, political, or economic conflict of interest that may impair the member's ability to function in a fair and objective manner.

(c) The appeals board shall appoint one of its members to act as chief representative and shall examine witnesses where deemed necessary to make a complete record. Facts to be considered by the board are limited to those in existence at the time of the appraisal being appealed. The board shall issue a written report regarding each appeal to the commissioner within 30 days following the close of the record. The report must contain findings of fact, conclusions, and a recommended disposition based on a majority decision of the board. A copy of the report must be served upon all parties.

(d) The commissioner shall issue an order adopting, rejecting, or modifying the appeal board's recommendation within 30 days of receipt of the report. A copy of the decision must be served upon all parties.

(e) Within 30 days of receipt of the commissioner's order, the appealing party may appeal to the Minnesota court of appeals. The court's decision is limited to a determination of the appraised value of the real estate and must not include costs assessed against either party.

Sec. 19. Minnesota Statutes 1984, section 256B.504, subdivision 1, is amended to read:

Subdivision 1. A legislative ~~study~~ commission is created

(a) to monitor the inspection and regulation activities, including rule developments, of the departments of health and human services with the ~~goal~~ goals of improving quality of care and controlling health care costs;

(b) to study and report on alternative long-term care services, including respite care services, day care services, and hospice services; ~~and~~

(c) to study and report on alternatives to medical assistance funding for providing long-term health care services to the citizens of Minnesota; ~~and~~

(d) to monitor the delivery of health care in Minnesota and to study and

report on strategies to contain health care costs.

The study commission shall consider the use of such alternatives as private insurance, private annuities, health maintenance organizations, preferred provider organizations, medicare, and such other alternatives as the commission may deem worthy of study.

Sec. 20. [256B.72] [RECOVERY OF THE FEDERAL SHARE.]

Notwithstanding any laws or rules to the contrary and regardless of whether any appeal has been filed, when it has been determined that an overpayment has been made by the state to any medical assistance vendor and that the federal share of the overpayment amount is due and owing to the federal government pursuant to federal law and regulations, the state shall recover from the medical assistance vendor the federal share of the determined overpayment amount using the same schedule of payments required by the federal government.

Sec. 21. Minnesota Statutes 1984, section 474.01, subdivision 7a, is amended to read:

Subd. 7a. No municipality or redevelopment agency shall undertake any project authorized by sections 474.01 to 474.13, except a project referred to in section 474.02, subdivision 1f, unless its governing body finds that the project furthers the purposes stated in this section, nor until the commissioner of energy and economic development has approved the project, on the basis of preliminary information which the commissioner may require, as tending to further the purposes and policies of sections 474.01 to 474.13. *The commissioner may not approve any projects relating to health care facilities except as permitted under subdivision 9.* Approval shall not be deemed to be an approval by the commissioner of energy and economic development or the state of the feasibility of the project or the terms of the revenue agreement to be executed or the bonds to be issued therefor, and the commissioner shall state this in communicating approval.

Sec. 22. Minnesota Statutes 1984, section 474.01, subdivision 9, is amended to read:

Subd. 9. [HEALTH CARE FACILITIES.] The welfare of the state further requires the provision of necessary health care facilities, to the end that adequate health care services be made available to residents of the state at reasonable cost. *However, some projects relating to nursing homes may be inconsistent with established state policies and detrimental to the welfare of the state. The commissioner of energy and economic development shall forward to the commissioner of human services and the commissioner of health for review all applications for projects relating to nursing homes licensed by the department of health under chapter 144A. This review process does not apply to projects approved by the housing finance agency involving residences for the elderly, the costs of which will not be reimbursed under the medical assistance program. The commissioner of human services and the commissioner of health must return the applications to the commissioner of energy and economic development with a recommendation within 30 days of receipt. The commissioner of energy and economic development may not approve an application unless the project has been determined by both the commissioner of human services and the commissioner of health to be con-*

sistent with policies of the state as reflected in a statute or rule. The following projects may not be approved:

(1) projects that will result in an increase in the number of nursing home or boarding care beds in the state;

(2) projects involving refinancing, unless the refinancing will result in a reduction in debt service charges that will be reflected in charges to patients and third party payors; and

(3) projects that are inconsistent with the established policies of the state as reflected in a statute or rule.

Sec. 23. [FEASIBILITY STUDY OF HOME EQUITY CONVERSION FOR LONG-TERM HEALTH CARE.]

Subdivision 1. [FEASIBILITY STUDY.] The commissioner of human services, with the assistance of the commissioner of commerce and the directors of the housing finance agency and the state planning agency, shall study and report to the legislature concerning the feasibility of a home equity conversion program to finance long-term health care and long-term health care insurance. The study must examine and provide recommendations concerning:

(1) methods of encouraging participation, including public subsidy mechanisms;

(2) the characteristics of target populations;

(3) federal and state legislative and regulatory barriers;

(4) the role of the medical assistance program, insurance carriers and other forms of health care coverage, lending institutions, employers, investors, consumer organizations, and other programs and interests;

(5) estimates of demand and participation;

(6) estimates of cost;

(7) methods of addressing adverse selection; and

(8) other considerations affecting the desirability and feasibility of home equity conversion to finance long-term health care and long-term health care insurance.

Subd. 2. [REPORT.] By February 15, 1986, the commissioner of the human services shall report to the legislature on the study required under subdivision 1. In addition to the information required under subdivision 1, the report must include recommendations concerning the value of a project to demonstrate the use of home equity conversion to finance long-term health care and long-term health care insurance. If the report recommends establishing a demonstration project, the report must include recommendations for designing, implementing, and funding the project.

Sec. 24. [APPROPRIATION.]

§ _____ is appropriated from the general fund to the commissioner of human services to conduct a feasibility study of home equity conversion for long-term health care.

(a) the enactment and subsequent repeal of section 115B.07, relating to proof of causation, shall not be construed in any way as a determination of legislative policy regarding the legal principles applicable to the proof of the causal connection between the release and the death, injury, or disease; and

(b) the legal principles applicable to the proof of causation shall be determined solely on the basis of applicable statutory and common law.

Subd. 2. [POWERS.] In addition to exercising any powers specified in sections 3 to 14 or in other law, the board may:

(1) in reviewing a claim, consider any information that the board determines is relevant to the claim;

(2) contract for consultant or other services necessary to carry out the board's duties under sections 3 to 14;

(3) grant compensation on an emergency basis pending the final decision on a claim, subject to the adoption of rules by the board, if the claim is one with respect to which an award will probably be made and undue hardship will result to the claimant if immediate payment is not made.

Subd. 3. [INVESTIGATION; OBTAINING INFORMATION.] The

board may investigate any claim for compensation and for this purpose it may request from any person information regarding any matter, fact, or circumstance which is relevant to deciding the claim. In order to obtain this information the board, subject to any applicable privilege, may:

(a) request any person to produce documents, papers, books, or other tangible things in his possession, custody, or control;

(b) request the sworn testimony of any person as to any relevant fact or opinion;

(c) direct written questions to any person and request written answers and objections; and

(d) request a mental or physical examination or autopsy of the claimant.

The board shall give written notice of any request under this subdivision at least 15 days before the person is expected to comply with the request. Sec. 6. [ELIGIBLE INJURY AND PROPERTY DAMAGE.]

Subdivision 1. [ELIGIBLE PERSONAL INJURY.] (a) A personal injury is eligible for compensation from the fund if it is a medically verified injury, including a chronic or acute disease or death, which is related to exposure to a hazardous substance released from a site where the substance was deposited. An eligible personal injury includes but is not limited to cancer, genetic mutations, behavioral abnormalities, physiological malfunctions, and physical deformations.

(b) A personal injury is not eligible for compensation from the fund if:

(1) the exposure took place outside the geographical boundaries of the state;

(2) the injury is one that is compensable under the workers compensation law, chapter 176;

(3) the injury arises out of the ordinary use of a consumer product; or

(4) it is the result of the release of a hazardous substance for which the injured or damaged party is a responsible person.

Subd. 2. [ELIGIBLE PROPERTY DAMAGE.] Damage to real property owned by the claimant is eligible for compensation from the fund if the damage results from the presence in or on the property of a hazardous substance released from a site where the substance was deposited. Damage to property is not eligible for compensation from the fund if it results from the release of a hazardous substance for which the claimant is a responsible person.

Subd. 3. [TIME FOR FILING CLAIM.] A claim is not eligible for compensation from the fund unless it is filed with the board within the time provided in this subdivision.

(a) A claim for compensation for personal injury must be filed within two years after the injury and its connection to exposure to a hazardous substance has been discovered.

(b) A claim for compensation for property damage must be filed within two years after the damage occurred.

Notwithstanding the provisions of this subdivision, claims for compensation that would otherwise be barred by the passage of time may be filed not later than January 1, 1988.

Sec. 7. [115B.30] [OTHER ACTIONS.]

Subdivision 1. [BY CLAIMANT.] Except as provided in subdivision 4, a claimant who receives compensation from the fund may bring a personal injury, wrongful death, or other action in court for damages not compensated by the fund. In any case where the final judgment does not exceed 25 percent of the amount previously recovered from the fund, the court may assess costs and fees, not including attorney fees, against the claimant. A decision by the board to grant or deny compensation is inadmissible as evidence in any court action brought by the claimant to recover for additional injury or damage, except that if a verdict or decision is rendered for the claimant, the court shall take judicial notice of any board decision granting compensation in determining whether or not fees must be assessed as provided in this subdivision, and in entering judgment shall reduce the total damages to the extent already compensated by the fund.

Subd. 2. [SUBROGATION BY STATE.] The state is subrogated to all the claimant's rights to recover losses compensated from the fund from other sources, including responsible persons as defined in section 115B.03. The state may bring a subrogation action in its own name or in the name of the claimant. Money recovered by the state under this subdivision must be deposited in the fund.

Subd. 3. [JOINDER OF ACTIONS.] Nothing in subdivision 1 or 2 precludes joinder of actions brought by the state and a claimant or intervention in an action by any party.

Subd. 4. [SIMULTANEOUS CLAIM AND COURT ACTION PROHIBITED.] A claimant may not commence a court action to recover for any injury or damage for which the claimant seeks compensation from the fund during the time that a claim is pending before the board. A person may not file a claim with the board for compensation for any injury or damage for which the claimant seeks to recover in a pending court action. The time for filing a claim under section 6 or the statute of limitations for any civil action

is suspended during the period of time that a claimant is precluded from filing a claim or commencing an action under this subdivision.

Sec. 8. [115B.31] [CLAIM FOR COMPENSATION.]

Subdivision 1. [FORM.] A claim for compensation from the fund must be filed with the board in the form required by the board. When a claim does not include all of the information required by subdivision 2 and applicable board rules, board staff shall notify a claimant of the absence of required information within 14 days of the filing of the claim. All required information must be received by the board not later than 60 days after the claimant received notice of its absence or the claim will be inactivated and may not be resubmitted for at least one year following the date of inactivation. The board may decide not to inactivate a claim under this subdivision if it finds serious extenuating circumstances.

Subd. 2. [REQUIRED INFORMATION.] A claimant must provide as part of the claim:

(1) a sworn verification by the claimant of the facts set forth in the claim to the best of the claimant's knowledge;

(2) evidence of the claimant's exposure to a named hazardous substance;

(3) evidence that the exposure experienced by the claimant causes or significantly contributes to injury of the type suffered by the claimant, except when the claim is based on an earlier decision of the board as provided in section 9, subdivision 3;

(4) evidence of the injury eligible for compensation suffered by the claimant and the compensable losses resulting from the injury;

(5) evidence of any property damage eligible for compensation and the amount of compensable losses resulting from the damage;

(6) information regarding any collateral sources of compensation; and

(7) other information required by the rules of the board.

Subd. 3. [DEATH CLAIMS.] In any case in which death is claimed as a compensable injury, the claim may be brought on behalf of the claimant by the individuals eligible for death benefits and by the claimant's estate for compensable medical expenses.

Sec. 9. [115B.32] [DETERMINATION OF CLAIM.]

Subdivision 1. [STANDARD FOR PERSONAL INJURY.] The board shall grant compensation to a claimant who shows that it is more likely than not that:

(1) the claimant suffers a medically verified injury that is eligible for compensation from the fund and that has resulted in a compensable loss;

(2) the claimant has been exposed to a hazardous substance in an amount and duration sufficient to cause or significantly contribute to injury of the type suffered by claimant; and

(3) the exposure of the claimant could reasonably have resulted from the release of the hazardous substance from an identified site where the substance was deposited.

Subd. 2. [STANDARD FOR PROPERTY DAMAGE.] The board shall grant compensation to a claimant who shows that it is more likely than not that:

(1) the claimant has suffered property damage that is eligible for compensation and that has resulted in compensable loss; and

(2) the presence of the hazardous substance in or on the property could reasonably have resulted from the release of the hazardous substance from an identified site where the substance was deposited.

Subd. 3. [EFFECT OF PRIOR DECISION; EXCEPTION.]

(a) Except as provided in this subdivision, the board may not rely on an earlier decision granting or denying compensation as dispositive of any later claim.

(b) If the board finds that exposure to a particular hazardous substance in a particular amount, duration, and location causes or significantly contributes to an injury of the type suffered by a claimant, it may rely on that finding as dispositive of any future claim by another claimant who shows that it is more likely than not that he or she suffered the same type of injury and was exposed to the same hazardous substance in substantially the same amount, duration, and location.

Sec. 10. [115B.33] [COMPENSABLE LOSSES.]

Subdivision 1. [PERSONAL INJURY LOSSES.] Losses compensable by the fund for personal injury are limited to:

(a) medical expenses directly related to the claimant's injury;

(b) up to two-thirds of the claimant's lost wages not to exceed \$2,000 per month or \$24,000 per year;

(c) up to two-thirds of a self-employed claimant's lost income, not to exceed \$2,000 per month or \$24,000 per year;

(d) death benefits to dependents as follows:

Sec. 11. [115B.34] [DETERMINATION OF CLAIMS.]

Subdivision 1. [ASSIGNMENT OF CLAIMS.] The chairman of the board shall assign each claim that has been accepted for filing to a member of the board.

Subd. 2. [PRELIMINARY DECISION.] The board member to whom the claim is assigned shall review all materials filed in support of the claim and may cause an investigation to be conducted into the validity of the claim. The board member may make a preliminary decision on the basis of the papers filed in support of the claim and the report of any investigation of it. The decision must be in writing and include the reasons for the decision.

Subd. 3. [CIRCULATION OF PRELIMINARY DECISION.] Copies of the preliminary decision made under subdivision 2 must be circulated to the other two board members as soon as practicable. On receipt of the preliminary decision, the other two members have 20 days to challenge it by written notice to the member who made the decision. If neither member challenges the preliminary decision, a copy must be sent to the claimant who may challenge the decision by written notice to the board within 30 days of receipt of the decision. If no notice is received within the required time, the preliminary decision becomes a final decision of the board.

Subd. 4. [CHALLENGES.] If a board member or a claimant challenges a preliminary decision made pursuant to subdivision 2, the full board shall order the claimant to appear before the board. The appearance is not a contested case hearing under chapter 14. The claimant may produce further evidence to support the claim, including books, studies, reports, and any other written material and oral testimony of witnesses, including experts. The

The decision must be in writing and include the reasons for the decision. A copy of each final decision must be sent to the claimant, including, for a claim that is granted, an explanation of the form in which the claim will be paid.

Subd. 5. [RECORD.] Any appearance by a claimant or witnesses must be tape recorded but a formal record pursuant to chapter 14 is not required.

Subd. 6. [APPEAL.] A final decision of the board made pursuant to this section is conclusive on all matters decided. There is no right to judicial review of a final decision of the board.

Sec. 12. [115B.35] [AMOUNT AND FORM OF PAYMENT.]

If the board decides to grant compensation, it shall determine the net uncompensated loss payable to the claimant by computing the total amount of compensable losses payable to the claimant and subtracting the total amount of any compensation received by the claimant for the same injury or damage from other sources including, but not limited to, all forms of insurance and social security and any emergency award made by the board. The board shall pay compensation in the amount of the net uncompensated loss, provided that no claimant may receive more than \$250,000.

Compensation from the fund may be awarded in a lump sum or in installments at the discretion of the board.

Sec. 13. [115B.36] [ATTORNEY FEES.]

The board may by rule limit the fee charged by any attorney for representing a claimant before the board.

Sec. 14. [115B.37] [PARTIAL RECOUPMENT.]

At the end of each fiscal year, the board shall certify to the commissioner of revenue the amount expended from the fund to compensate persons injured by hazardous substances less amounts recovered under subrogation claims under section 7. The commissioner of revenue shall compute a surtax to be added to the hazardous waste generator tax in section 115B.22 which collected over the next calendar year will recoup 50 percent of the expenditures made from the fund during the previous fiscal year in excess of the subrogation claims recovered. Surtaxes collected under this section must be deposited in the fund.

Sec. 15. [APPROPRIATION.]

Subdivision 1. [GENERAL.] \$2,000,000 is appropriated from the general fund to the hazardous substance injury compensation fund, to be available until expended.

S.F. No. 598: A bill for an act relating to commerce; requiring the repair, refund, or replacement of new motor vehicles used for agricultural purposes; amending Minnesota Statutes 1984, section 325F.665, subdivision 1.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 325F.665, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them:

(a) "agricultural vehicle" means:

(1) a farm truck as defined in section 168.011, subdivision 17;

(2) a farm tractor as defined in section 169.01, subdivision 8; and

(3) an implement of husbandry, as defined in section 169.01, subdivision 55, that is self-propelled.

~~(a)~~ (b) "consumer" means the purchaser, other than for purposes of resale, of a new motor vehicle used for personal, family, or household, or agricultural purposes at least 40 percent of the time, a person to whom the new motor vehicle is transferred for the same purposes during the duration of an express warranty applicable to the motor vehicle, and any other person entitled by the terms of the warranty to enforce the obligations of the warranty;

~~(b)~~ (c) "manufacturer" means a person engaged in the business of manufacturing, assembling or distributing motor vehicles, who will, under normal business conditions during the year, manufacture, assemble or distribute to dealers at least ten new motor vehicles;

~~(e)~~ (d) "manufacturer's express warranty" and "warranty" mean the written warranty of the manufacturer of a new motor vehicle of its condition and fitness for use, including any terms or conditions precedent to the enforcement of obligations under that warranty; and

~~(d)~~ (e) "motor vehicle" means (1) a passenger automobile as defined in section 168.011, subdivision 7, including pickup trucks and vans, and (2) the self-propelled motor vehicle chassis or van portion of recreational equipment

as defined in section 168.011, subdivision 25, and (3) an agricultural vehicle, which is sold to a consumer in this state.

Sec. 2. Minnesota Statutes 1984, section 325F.665, subdivision 3, is amended to read:

Subd. 3. [MANUFACTURER'S DUTY TO REFUND OR REPLACE.]
(a) If the manufacturer, its agents, or its authorized dealers are unable to conform the new motor vehicle to any applicable express warranty by repairing or correcting any defect or condition which substantially impairs the use or market value of the motor vehicle to the consumer after a reasonable number of attempts, the manufacturer shall, at the consumer's option, either replace the new motor vehicle with a comparable motor vehicle or accept return of the vehicle from the consumer and refund to the consumer the full purchase price, including the cost of any options or other modifications arranged, installed, or made by the manufacturer, its agent, or its authorized dealer within 30 days after the date of original delivery, and all other charges including, but not limited to, sales tax, license fees and registration fees, if applicable, less a reasonable allowance for the consumer's use of the vehicle not exceeding ten cents per mile driven or ten percent of the purchase price of the vehicle, whichever is less, or for an agricultural vehicle that does not have an odometer, \$10 per hour of engine time or the market lease value, whichever is less. Refunds must be made to the consumer, and lienholder, if any, as their interests appear on the records of the registrar of motor vehicles, or the county recorder of the debtor's residence. A reasonable allowance for use is that amount directly attributable to use by the consumer and any previous consumer prior to his or her first report of the nonconformity to the manufacturer, agent, or dealer and during any subsequent period when the vehicle is not out of service by reason of repair. It is an affirmative defense to any claim under this section (1) that an alleged nonconformity does not substantially impair the use or market value, or (2) that a nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of a motor vehicle by anyone other than the manufacturer, its agent or its authorized dealer.

(b) It is presumed that a reasonable number of attempts have been undertaken to conform a new motor vehicle to the applicable express warranties, if (1) the same nonconformity has been subject to repair four or more times by the manufacturer, its agents, or its authorized dealers within the express warranty term or during the period of one year following the date of original delivery of the motor vehicle to a consumer, whichever is the earlier date, but the nonconformity continues to exist, or (2) the vehicle is out of service by reason of repair for a cumulative total of 30 or more business days during the term or during the period, whichever is the earlier date.

(c) If the nonconformity results in a complete failure of the braking or steering system of the new motor vehicle and is likely to cause death or serious bodily injury if the vehicle is driven, it is presumed that a reasonable number of attempts have been undertaken to conform the vehicle to the applicable express warranties if the conformity has been subject to repair at least once by the manufacturer, its agents, or its authorized dealers within the express warranty term or during the period of one year following the date of original delivery of the motor vehicle to a consumer, whichever is the earlier date, and the nonconformity continues to exist.

(d) The term of an express warranty, the one-year period and the 30-day period shall be extended by any period of time during which repair services are not available to the consumer because of a war, invasion, strike, or fire, flood, or other natural disaster.

(e) The presumption contained in paragraph (b) applies against a manufacturer only if the manufacturer, its agent, or its authorized dealer has received prior written notification from or on behalf of the consumer at least once and an opportunity to cure the defect alleged. If the notification is received by the manufacturer's agent or authorized dealer, the agent or dealer must forward it to the manufacturer by certified mail, return receipt requested.

(f) At the time of purchase the manufacturer, either directly or through its agent or its authorized dealer, must provide the consumer a written statement on a separate piece of paper, in ten point all capital type, in substantially the following form: "IMPORTANT: IF THIS VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER STATE LAW TO REPLACEMENT OF IT OR A REFUND OF ITS PURCHASE PRICE. HOWEVER, TO BE ENTITLED TO REFUND OR REPLACEMENT, YOU MUST FIRST NOTIFY THE MANUFACTURER, ITS AGENT, OR ITS AUTHORIZED DEALER OF THE PROBLEM IN WRITING AND GIVE THEM AN OPPORTUNITY TO REPAIR THE VEHICLE."

Sec. 3. Minnesota Statutes 1984, section 325F.665, subdivision 4, is amended to read:

Subd. 4. [RESALE OF RETURNED MOTOR VEHICLE.] (a) If a motor vehicle has been returned under the provisions of subdivision 3 or a similar statute of another state, it may not be resold in this state unless:

(1) the manufacturer provides the same express warranty it provided to the original purchaser, except that the term of the warranty need only last for 12,000 miles or 12 months after the date of resale, whichever is earlier, *or for an agricultural vehicle that does not have an odometer, 600 hours or 12 months, whichever is earlier;* and

(2) the manufacturer provides the consumer with a written statement on a separate piece of paper, in ten point all capital type, in substantially the following form: "IMPORTANT: THIS VEHICLE WAS RETURNED TO THE MANUFACTURER BECAUSE IT DID NOT CONFORM TO THE MANUFACTURER'S EXPRESS WARRANTY AND THE NONCONFORMITY WAS NOT CURED WITHIN A REASONABLE TIME AS PROVIDED BY MINNESOTA LAW."

The provisions of this section apply to the resold motor vehicle for full term of the warranty required under this subdivision.

(b) Notwithstanding the provisions of paragraph (a), if a new motor vehicle has been returned under the provisions of subdivision 3 or a similar statute of another state because of a nonconformity resulting in a complete failure of the braking or steering system of the motor vehicle likely to cause death or serious bodily injury if the vehicle was driven, the motor vehicle may not be resold in this state."

An amendment to the Minnesota Constitution is proposed to the people. If the amendment is adopted article IV, section 23, will read:

Sec. 23. Every bill passed in conformity to the rules of each house and the joint rules of the two houses shall be presented to the governor. If he vetoes a bill, he shall return it with his objections to the house in which it originated. His objections shall be entered in the journal. If, after reconsideration, two-thirds of that house agree to pass the bill, it shall be sent, together with the governor's objections, to the other house, which shall likewise reconsider it. If approved by two-thirds of that house it becomes a law and shall be deposited in the office of the ~~secretary of state comptroller~~. In such cases the votes of both houses shall be determined by yeas and nays, and the names of the persons voting for or against the bill shall be entered in the journal of each house. Any bill passed during the last three days of the session which is not signed and deposited within 14 days after adjournment does not become a law.

If a bill presented to the governor contains several items of appropriation of money, he may veto one or more of the items while approving the bill. At the time he signs the bill the governor shall append to it a statement of the items he vetoes and the vetoed items shall not take effect. If the legislature is in session, he shall transmit to the house in which the bill originated a copy of the statement, and the items vetoed shall be separately reconsidered. If on reconsideration any item is approved by two-thirds of the members elected to each house, it is a part of the law notwithstanding the objections of the governor.

With the advice and consent of the senate he may appoint notaries public and other officers provided by law. He may appoint commissioners to take the acknowledgment of deeds or other instruments in writing to be used in the state. He shall take care that the laws be faithfully executed. No certificates shall be issued in an amount which with interest thereon to maturity, added to the then outstanding certificates against a fund and interest

thereon to maturity, will exceed the then unexpended balance of all money which will be credited to that fund during the biennium under existing laws. The maturities of certificates may be extended by refunding to a date not later than December 1 of the first full calendar year following the biennium in which the certificates were issued. If money on hand in any fund is not sufficient to pay all non-refunding certificates of indebtedness issued on a fund during any biennium and all certificates refunding the same, plus interest thereon, which are outstanding on December 1 immediately following the close of the biennium, the ~~state auditor~~ *comptroller* shall levy upon all taxable property in the state a tax collectible in the ensuing year sufficient to pay the same on or before December 1 of the ensuing year with interest to the date or dates of payment.

The legislature by law may appropriate funds from any source to the state bond fund. The amount of money actually received and on hand pursuant to appropriations prior to the levy of the tax in any year shall be used to reduce the amount of tax otherwise required to be levied.

Article XI, section 8, will read:

No portion of these lands shall be sold otherwise than at public sale, and in the manner provided by law. All funds arising from the sale or other disposition of the lands, or income accruing in any way before the sale or disposition thereof, shall be credited to the permanent school fund. Within limitations prescribed by law, the fund shall be invested to secure the maximum return consistent with the maintenance of the perpetuity of the fund. The principal of the permanent school fund shall be perpetual and inviolate forever. The time period for disposal must not exceed nine months and the assistance unit shall execute an agreement to dispose of the property to repay assistance received during the nine months up to the amount of the net sale proceeds. The payment must be made when the property is sold. If the property is not sold within the required time or the assistance unit becomes ineligible for any reason the entire amount received during the nine months shall be considered an overpayment and subject to recovery. For the purposes of this section "homestead" means the house owned and occupied by the child, relative or other member of the assistance unit as his dwelling place, together with the land upon which it is situated and in an area no greater than two contiguous lots in a platted or laid out city or town or 80 contiguous acres in unplatted land rural areas;* or

(2) For any month in which the assistance unit's gross income, without

application of deductions or disregards, exceeds 150 percent of the standard of need for a family of the same size and composition; *except that the earnings of a dependent child who is a full-time student may be disregarded for six calendar months per year; and the earnings of a dependent child who is a full-time student, if those earnings are derived from the jobs training and partnership act, may be disregarded for six calendar months per year.* If a stepparent's income is taken into account in determining need, the disregards specified in section 256.74, subdivision 1a shall be applied to determine income available to the assistance unit before calculating the unit's gross income for purposes of this paragraph;

(3) To any assistance unit for any month in which any caretaker relative with whom the child is living is, on the last day of that month, participating in a strike;

(4) On behalf of any other individual in the assistance unit, nor shall the individual's needs be taken into account, for any month in which, on the last day of the month, the individual is participating in a strike;

(5) To an assistance unit if its eligibility is based on a parent's unemployment and the parent who is the principal earner, without good cause, fails or refuses to *seek work, to participate in the work incentive program under section 256.736, if this program is available, to accept employment, or to register with a public employment office, unless the principal earner is exempt from these work requirements.*

If any amount of aid to families with dependent children assistance is paid to a recipient thereof in excess of the payment due it shall be recoverable by the local agency. The agency shall give written notice to the recipient of its intention to recover the overpayment. Overpayments to a current assistance unit shall be recovered either through repayment by the individual in part or in full or by reducing the amount of aid payable to the assistance unit of which the individual is a member. For any month in which an overpayment must be recovered, recoupment may be made by reducing the grant but only if the reduced assistance payment, together with the assistance unit's liquid assets and total income after deducting actual work expenses equals at least 95 percent of the standard of need for the assistance unit, except that if the overpayment is due solely to agency error, this total after deducting actual work expenses shall equal at least 99 percent of the standard of need. In cases when there is both an overpayment and underpayment the local agency shall offset one against the other in correcting the payment. *The local agency shall make reasonable efforts to recover over-*

The local agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years unless the individual has been convicted of fraud under section 256.98. The recipient may appeal the agency's determination that an overpayment has occurred in accordance with section 256.045. The county agency shall promptly repay the recipient for any underpayment and shall disregard that payment when determining the assistance unit's income and resources in the month when the payment is made and the following month.

(2) Pay ten percent of the cost of programs of training and employment established by the commissioner of economic security for persons certified hereunder;

(3) Provide that in determining a recipient's needs any monthly incentive training payment made to the recipient by the department of economic security is disregarded and the additional expenses attributable to his participation in a program are taken into account in grant determination; and

(4) Provide that when it has been certified by the commissioner of economic security, certification to be binding upon the commissioner of human services, that a relative or child certified under the work incentive program to the commissioner of economic security has been found by the commissioner, after a hearing conducted in the manner prescribed by section 268.10, subdivision 3, with the right of review in accordance with the provisions of section 268.10, subdivision 8, to have refused without good cause to participate under a work incentive program or to have refused without good cause to accept a bona fide offer of public or other employment, the county welfare departments shall provide that:

(a) If the relative makes the refusal, the relative's needs shall not be taken into account in making the grant determination, and aid for any dependent child in the family will be made in the form of *protective or vendor payments, except that when protective payments are made, the local agency may continue payments to the relative if a protective payee cannot reasonably be found.*

(b) Aid with respect to a dependent child will be denied if a child who makes the refusal is the only child receiving aid in the family.

(c) If there is more than one child receiving aid in the family, aid for the child who makes the refusal will be denied and his needs will not be taken into account in making the grant determination. If the assistance unit's eligibility is based on the *nonexempt* principal earner's unemployment and *this* principal earner fails or refuses without good cause to participate or to accept employment, the entire assistance unit is ineligible for benefits under sections 256.72 to 256.87.

Sec. 7. Minnesota Statutes 1984, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law No. 97-35, Section 2315, 42 U.S.C. 602, as amended and federal regulations at 45 C.F.R. Section 233. *Nonrecurring lump sum income received by an assistance unit shall be budgeted in the normal retrospective cycle. The number of months of ineligibility must be determined by dividing the sum of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. Any amount remaining after this calculation must be income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility shall be the payment month that corresponds with the budget month in which the lump sum income was received.* In making its determination the county agency shall disregard the following from family income:

(1) All of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit him for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) All educational grants and loans awarded pursuant to a federal law when public assistance was considered in making the award and the award was made on the basis of financial need; and that part of any other educational grant or loan which is used for educational purposes, such as tuition, fees, equipment, transportation and child care expenses necessary for school attendance;

(3) The first \$75 of each individual's earned income. ~~In the case of an individual not engaged in full-time employment or not employed throughout the month the commissioner shall prescribe by rule a lesser amount to be disregarded.~~ For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) An amount equal to the actual expenditures but not to exceed \$160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout the month, the commissioner shall prescribe by rule a lesser amount to be disregarded; and

(5) Thirty dollars plus one-third of the remainder of each individual's earned income not already disregarded for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before

the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has:

(a) Reduced his earned income without good cause within 30 days preceding any month in which an assistance payment is made; or

(b) Refused without good cause to accept an offer of suitable employment; or

(c) Left employment or reduced his earnings without good cause and applied for assistance so that he might later return to employment with the advantage of the income disregard; or

(d) Failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services.

Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment.

The disregard of \$30 and one-third of the remainder of earned income described in clause (5) shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of clause (5)(a) to (5)(d) shall be considered as one of the four months. *An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC.* To again qualify for this the earned income disregard disregards under clause (d), the individual must not be a recipient of aid for a period of 12 consecutive months. *If When an individual assistance unit becomes ineligible for aid because this earned income disregard has been applied to income for four consecutive months and will due to the fact that these disregards are no longer be applied to income, the local agency shall inform the individual of the medical assistance program, its standards of eligibility, and the circumstances under which the individual would the assistance unit shall be eligible for medical assistance benefits for a 15-month period beginning with the first month of AFDC ineligibility;*

(6) The commissioner shall increase the standard of need for persons with earned income in effect on January 1, 1982, by 35 percent for each assistance unit. The maximum amount paid to an assistance unit shall be no more than 74 percent of the increased standard of need. Whenever the commissioner increases the maximum payment amount for all assistance units, the commissioner shall increase the maximum standard of need by an equal percentage.

To determine the amount of assistance to be paid to an assistance unit, net income shall be determined in a manner consistent with this chapter and applicable federal law. Net earned income shall be subtracted from the increased

standard of need for an assistance unit of the appropriate size and composition to determine the grant amount, except that the grant shall not exceed the standard of need in effect on January 1, 1982 for an assistance unit of the same size and composition. Unearned income shall be subtracted from the maximum payment amount for an assistance unit of the appropriate size and composition to determine the grant amount.

Medical assistance eligibility for medically needy persons who are eligible for aid to families with dependent children shall be determined according to the standard of need in effect on January 1, 1982. The first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit; and

(7) Insurance settlements to pay medical bills, to compensate a member of an assistance unit for partial or permanent loss of function or a body part, or to repair or replace insured property.

Sec. 8. Minnesota Statutes 1984, section 256.74, subdivision 1a, is amended to read:

Subd. 1a. [STEPARENT'S INCOME.] In determining income available, the county agency shall take into account the remaining income of the dependent child's stepparent who lives in the same household after disregarding:

(1) The first \$75 of the stepparent's gross earned income. The commissioner shall prescribe by rule lesser amounts to be disregarded for stepparents who are not engaged in full-time employment or not employed throughout the month;

(2) An amount for support of the stepparent and any other individuals whom the stepparent claims as dependents for tax purposes and who live in the same household but whose needs are not considered in determining eligibility for assistance under sections 256.72 to 256.87. The amount equals the standard of need for a family with no earned income of the same composition as the stepparent and these other individuals;

(3) Amounts the stepparent actually paid to individuals not living in the same household but whom the stepparent claims as dependents for tax purposes; and

(4) Alimony or child support, or both, paid by the stepparent for individuals not living in the same household.

Sec. 9. Minnesota Statutes 1984, section 256.74, subdivision 2, is amended to read:

Subd. 2. [APPLICATION.] Application for assistance under sections 256.72 to 256.87 shall be made to the county agency of the county in which the dependent child is residing lives. If the child is not residing living within the state at the time of application but is eligible for assistance, the application may be made to the agency of the county where the child is present and forwarded to the agency of the county where the child last resided lived. The application shall be in writing or reduced to writing in the manner and upon the form prescribed by the state agency and verified by the oath of the applicant or in lieu thereof shall contain the following declaration which shall be signed by the applicant: "I declare that this application has been examined by

me and to the best of my knowledge and belief is a true and correct statement of every material point". The application shall be made by the person with whom the child will live and contain information as to the age and residence of the child and such other information as may be required by the rules and regulations of the state agency. One application may be made for several children of the same family if they *reside live* with the same person.

Sec. 10. Minnesota Statutes 1984, section 256.76, subdivision 1, is amended to read:

Subdivision 1. Upon the completion of such investigation the county agency shall decide whether the child is eligible for assistance under the provisions of sections 256.72 to 256.87, determine the amount of such assistance, and the date on which such assistance shall begin. *Notwithstanding the provisions of section 393.07, the county agency shall not delay approval or issuance of assistance pending formal action of the county board of commissioners.* The first month's grant shall be based upon that portion of the month from the date of application, or from the date that the applicant meets all eligibility factors, whichever occurs later, provided that on the date that assistance is first requested, the local agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, or other emergency assistance. If an emergency need is found to exist, the applicant shall be granted assistance pursuant to section 256.871 within a reasonable period of time. It shall make a grant of assistance which shall be binding upon the county and be complied with by the county until such grant is modified or vacated. *If the applicant is subsequently found to have been eligible for assistance under sections 256.72 to 256.87, assistance rendered under section 256.871 shall be considered as a regular AFDC payment and shall no longer be considered a payment under section 256.871.* The county agency shall notify the applicant of its decision in writing. Such assistance shall be paid monthly to the applicant or to the vendor of medical care upon order of the county agency from funds appropriated to the county agency for this purpose. The county agency shall, upon the granting of assistance under these sections, file an order on the form to be approved by the state agency with the auditor of the county and thereafter warrants shall be drawn and payments made only in accordance with this order to or for recipients of this assistance or in accordance with any subsequent order.

Sec. 11. Minnesota Statutes 1984, section 256.78, is amended to read:

256.78 [ASSISTANCE GRANTS RECONSIDERED.]

All assistance granted under sections 256.72 to 256.87 shall be reconsidered as frequently as may be required by the rules of the state agency. After such further investigation as the county agency may deem necessary or the state agency may require, the amount of assistance may be changed or assistance may be entirely withdrawn if the state or county agency find that the child's circumstances have altered sufficiently to warrant such action. *The period of ineligibility for AFDC which results when an assistance unit receives lump sum income must be reduced when: the assistance unit's standard of need increases due to changes in state law or due to changes in the size or composition of the assistance unit, so that the amount of aid the assistance unit would receive would have increased had it not become inelig-*

ble; or the lump sum income, or a portion thereof, becomes unavailable to the assistance unit due to expenditures to avoid a life-threatening circumstance, theft, or dissipation by a member of the family who is no longer a part of the assistance unit for the needs of persons who are not members of the assistance unit; or the assistance unit incurs and pays medical expenses for care and services specified in section 256B.02, subdivision 8. The county agency may for cause at any time revoke, modify, or suspend any order for assistance previously made. When assistance is thus revoked, modified, or suspended the county agency shall at once report to the state agency such decision together with supporting evidence required by the rules of the state agency. All such decisions shall be subject to appeal and review by the state agency as provided in section 256.045.

Sec. 12. Minnesota Statutes 1984, section 256.79, is amended to read:

256.79 [REMOVAL TO ANOTHER COUNTY.]

Any child qualified for and receiving assistance pursuant to the provisions in sections 256.72 to 256.87 in any county in this state, who moves or is taken to another county in this state shall be entitled to continue to receive assistance from the county from which ~~he~~ *the child* has moved or has been taken until ~~he~~ *the child* shall have resided for two months in the county to which ~~he~~ *the child* has moved. When ~~he~~ *the child* has resided two months in the county to which ~~he~~ *the child* has moved, or has been taken, the local agency of the county from which ~~he~~ *the child* has moved shall transfer all necessary records relating to the child to the county agency of the county to which ~~he~~ *the child* has moved. *Where the child's assistance is terminated for 30 days or less before a reapplication is made, that assistance must continue to be the financial obligation of the county from which the child has moved until the two-month residence requirement has been met.*

Notwithstanding the provisions of section 256.73, subdivision 4, the county of financial responsibility shall not change because application for assistance is not made prior to initial placement, *or when living in a battered woman's shelter or maternity shelter*, or as a result of successive placements in one or more counties pursuant to a plan of treatment for health, rehabilitation, foster care, child care or training, nor as a result of placement in any correctional program. *In the case of a child who has no established county of residence prior to placement, the county of financial responsibility shall be the county in which the child resides at the time the application is made and the applicable eligibility criteria are met.*

Sec. 13. Minnesota Statutes 1984, section 256.871, subdivision 3, is amended to read:

Subd. 3. [COUNTY OF RESPONSIBILITY.] No state or county durational residence is required to qualify for such assistance. The county which shall be *financially responsible and grant* assistance shall be the county wherein the child ~~resides~~ *lives*, who is found to be in emergency need. *Such county may obtain reimbursement from another county wherein the child has residence as provided in section 256.73.*

(a) *For persons who meet the criteria of clause (4) or (8) and persons who would qualify for aid to families with dependent children except for the*

For these persons, the commissioner shall, to the extent possible, provide covered medical services through health maintenance organizations, health insurance plans, or other forms of private health coverage. The commissioner may secure medical services for an eligible individual or family by paying or subsidizing the cost of private health care coverage available through an employer or other source. The commissioner may seek waivers from federal requirements as necessary to implement this section.

256B.07 [EXCEPTIONS IN DETERMINING RESOURCES.]

A local agency may, within the scope of regulations set by the commissioner of human services, waive the requirement of liquidation of excess assets when the liquidation would cause undue hardship. When an undue hardship waiver is granted due to excess assets created through a transfer of property under section 256B.17, subdivision 1, a cause of action exists against the person to whom the assets were transferred for that portion of medical assistance granted within 24 months of the transfer, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or county agency responsible for providing medical assistance under section 256B.02, subdivision 3. “Sec. 21. Minnesota Statutes 1984, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. To achieve these aims, the commissioner shall establish minimum standards of assistance for general assistance. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs **and**.

For a recipient who is a member of a one-person assistance unit, the standard shall not be less than the combined total of the minimum standards of assistance for shelter and basic needs in effect on February 1, 1983. The standards of assistance shall not be lower for a recipient sharing a residence

with another person unless that person is a responsible relative. *The standards of assistance for recipients who are members of an assistance unit composed of more than one person must be equal to the aid to families with dependent children standard of assistance for a family of similar size and composition.*

The standards shall be lowered for recipients who share a residence with a responsible relative who also receives general assistance or who receives AFDC person who is a responsible relative of one or more members of the assistance unit if the responsible relative also receives general assistance or aid to families with dependent children. The standards shall also be lowered for recipients who share a residence with a responsible relative if the relative would be receiving general assistance or aid to families with dependent children but is not receiving the assistance because the relative has been sanctioned or disqualified. If the responsible relative is receiving AFDC general assistance or aid to families with dependent children, or would be receiving them but for sanction or disqualification, then the amount payable standard applicable to the general assistance recipient recipient's assistance unit must not exceed equal the amount that would be attributable to him if he were included in the AFDC to the members of the assistance unit if the members were included as additional recipients in the responsible relative's general assistance or aid to families with dependent children grant.

In determining the amount attributable to members of an assistance unit which must receive a reduced standard, the amount attributed to adults shall be the amount attributed to another child added to the responsible relative's assistance unit. When an assistance unit is subject to a reduced standard, the reduced standard shall not exceed that applicable to an assistance unit which does not share a residence with a responsible relative.

Notwithstanding section 256D.05, subdivision 1, any recipient of aid to families with dependent children whose earned income is reduced but whose assistance under the AFDC program is not adjusted accordingly by reason of the operation of the budgeting procedures prescribed under section 245.74 and the rules adopted by the commissioner shall be paid assistance under this section. The amount of assistance payable under this section shall be sufficient to insure that the assistance unit's income equals but does not exceed the standard of assistance in the AFDC program for an assistance unit of like size and composition.

For recipients who are not exempt from registration with the department of economic security pursuant to section 256D.111, subdivision 2, clauses (a), (f), (g), and (h), and who share a residence with a responsible relative who is not eligible for receiving general assistance or aid to families with dependent children but who receives other income, the standards shall be lowered, subject to these limitations:

(a) The general assistance grant to the one-person assistance unit shall be in an amount such that total household income is equal to the AFDC standard for a household of like size and composition, except that the grant shall not exceed that paid to a general assistance recipient living independently.

(b) Benefits received by a responsible relative under the supplemental security income program, social security retirement program, the social security disability program, a workers' compensation program, the Minnesota supplemental aid program, or on the basis of the relative's disability, must

not be included in the household income calculation.

Sec. 22. Minnesota Statutes 1984, section 256D.01, subdivision 1b, is amended to read:

Subd. 1b. [RULES.] The commissioner ~~shall~~ *may* adopt emergency rules and *shall adopt* permanent rules to set standards of assistance and methods of calculating payment to conform with subdivision 1a. The minimum standards of assistance shall authorize the payment of rates negotiated by local agencies for recipients living in a room and board arrangement. *Except for payments made to a secure crisis shelter under section 256D.05, subdivision 3, monthly general assistance payments for rates negotiated by a local agency on behalf of recipients living in a room and board, boarding care, supervised living, or adult foster care arrangement must not exceed the limits established under the Minnesota supplemental aid program.* In order to maximize the use of federal funds, the commissioner shall adopt rules, to the extent permitted by federal law for eligibility for the emergency assistance program under aid to families with dependent children, and under the terms of sections 256D.01 to 256D.21 for general assistance, to require use of the emergency program under aid to families with dependent children as the primary financial resource when available. The commissioner shall provide by rule for eligibility for general assistance of persons with seasonal income, and may attribute seasonal income to other periods not in excess of one year from receipt by an applicant or recipient.

Sec. 23. Minnesota Statutes 1984, section 256D.06, is amended by adding a subdivision to read:

Subd. 1b. [EARNED INCOME SAVINGS ACCOUNT.] *In addition to the \$50 disregard mandated by subdivision 1, the local agency shall disregard an additional earned income up to a maximum of \$150 per month for persons residing in facilities licensed under Minnesota Rules, parts 9520.0500 to 9520.0690 and for whom discharge and work are part of a treatment plan. The additional amount disregarded shall be placed in a separate savings account by the eligible individual, to be used upon discharge from the residential facility into the community. A maximum of \$1,000, including interest, of the funds in the savings account must be excluded from the resource limits established by section 256D.08, subdivision 1, clause (1). Amounts in that account which are in excess of \$1,000 must be applied to the resident's cost of care.*

If excluded funds are removed from the savings account by the eligible individual at any time before he or she is discharged from the facility into the community, the funds must be considered income to the individual in the month of receipt and must be considered a resource in subsequent months.

If an eligible individual moves from a community facility to an inpatient hospital setting, the separate savings account must continue to be considered an excluded asset for a period of up to 18 months. During that period of time, amounts that accumulate in excess of the \$1,000 savings limit must be applied to the patient's cost of care. If the patient continues to be hospitalized at the conclusion of the 18-month period, the entire account must be applied to the patient's cost of care.

Sec. 24. [APPROPRIATION.]

\$676,000 is appropriated from the general fund to the commissioner of human services for grants under section 245.73. This appropriation is available for the biennium ending June 30, 1987. This appropriation is in addition to the appropriation to continue services currently funded under section 245.73; the commissioner of human services shall use this supplement to assure continuation of appropriate care and services for mentally ill residents of facilities affected by the limits in section 256D.01, subdivision 1b.

Sec. 5. Minnesota Statutes 1984, section 136C.44, is amended to read:

136C.44 [VOCATIONAL TECHNICAL BUILDING APPROPRIATIONS.]

Money appropriated from the state building fund to the state board of vocational technical education for post-secondary vocational technical construction in school districts shall be used for grants to school districts for the acquisition and betterment of land, buildings, and capital improvements for area vocational technical institutes. These grants shall only be made upon the conditions and in accordance with all standards and criteria established in state board rules and in the legislative act authorizing the specific post-secondary vocational facilities project. A grant shall cover 85 percent of the cost of the post-secondary vocational facilities authorized by the specific legislative act, and 15 percent of the cost of these facilities shall be financed by the school district operating the post-secondary vocational technical school, unless otherwise provided by the specific legislative act. *A grant to a joint vocational technical district formed under sections 6 to 15 must cover 100 percent of the cost, unless otherwise provided by the specific legislative act.* No local bonds shall be authorized, issued, or sold, nor shall any election be held to authorize the issuance of bonds, if the proceeds will be used to finance a project for which specific legislative approval is required, until after that specific legislative approval has been given.

Sec. 6. [136E.01] [DISTRICTS MAY FORM JOINT VOCATIONAL TECHNICAL DISTRICT.]

Notwithstanding other law, two or more independent school districts each operating an area vocational technical institute may enter into an agreement to establish a joint vocational technical district upon a majority vote of the full membership of each of the boards of the districts entering into the agreement. When resolutions approving the agreement have been adopted by the boards of two or more districts, the resolutions must be filed with the state director of vocational technical education and the commissioner of education. The commissioner shall assign an appropriate identification number as provided in section 122.03.

Sec. 7. [136E.02] [GOVERNING BOARD.]

Subdivision 1. [MEMBERS.] The district shall be operated by a joint vocational technical board, which shall consist of the number of members from each of the participating school districts specified in the agreement establishing the joint vocational technical district. Board members must be residents of the respective school districts represented and may be members of the school boards of the respective school districts. The first members shall be appointed by their respective school boards. The agreement may provide for election of members to take office at the end of a term of an appointed member. Appointed members serve at the pleasure of their respective school boards and are subject to recall by a majority vote of the appointing board. The election of members is governed by section 123.32. Board members shall report at least quarterly to their appointing boards on the activities of the joint vocational technical district.

Subd. 2. [EX OFFICIO MEMBER.] The director of the joint vocational technical district is an ex officio, nonvoting member of the joint board.

Subd. 3. [TERMS.] The agreement establishing the joint vocational technical district must specify the number of members from each participating district who will serve an initial one-year term and the number of members from each participating district who will serve an initial two-year term. The appointing board shall designate which of the appointees will serve the one-year term and which of the appointees will serve the two-year term. Terms of office of the members of the joint board expire on June 30. After the initial term, the terms of office of joint board members must be as specified in the agreement. If a vacancy occurs on the joint board, it must be filled by the appropriate school board for the remainder of the unexpired term. A person appointed to the joint board qualifies as a board member by filing with the director of the joint board a written certificate of appointment from the member's appointing board.

Subd. 4. [ORGANIZATIONAL MEETINGS.] The first meeting of the first joint board must be at a time mutually agreed to by the members appointed by the boards of the participating school districts. Thereafter the joint board shall conduct its organizational meeting in July of each year when notified of the meeting by the director of the joint vocational technical district. At the organizational meeting, the officers of the joint vocational technical district for the current year shall be chosen and other necessary organizational business shall be conducted.

Subd. 5. [OFFICERS.] The officers are a chair, vice-chair, clerk, and treasurer. The chair shall preside at all meetings of the joint board. In the absence of the chair, the vice-chair shall preside. The clerk shall keep a complete record of the minutes of each meeting and the treasurer is the custodian of the funds of the joint vocational technical district. Insofar as applicable, board members and officers of the joint vocational technical district are governed by the laws relating to board members and officers of independent school districts.

Subd. 6. [QUORUM.] A majority of the joint board is a quorum, although a smaller number may adjourn.

Sec. 8. [136E.03] [POWERS AND DUTIES.]

Subdivision 1. [IN GENERAL.] The joint board has the powers and duties specified in section 136C.05 and other powers specified by law for the board of an independent school district, except that a joint board may levy only according to sections 13, 15, and 275.125, subdivision 14a.

Subd. 2. [PROVISION OF FACILITIES AND SERVICES.] The duty and the function of the joint board is to furnish post-secondary and adult vocational education. The joint board may also provide other secondary educational programs or secondary services requested by a participating district. Secondary offerings may be provided only under the direction of properly licensed personnel.

Subd. 3. [FINANCE.] The joint board shall provide for the conduct of the schools, payment of indebtedness, and payment of other proper expenses of the district.

Subd. 4. [CONTRACTS.] The joint board shall employ and contract with necessary qualified teachers and administrators and may discharge them under section 125.12. The joint board may employ and discharge other necessary employees and may contract for the purchase or sale of educational and other services the joint board considers necessary.

Sec. 9. [136E.04] [LEGAL STATUS OF JOINT BOARD.]

Subdivision 1. [PUBLIC AGENCY.] The joint board is a public agency and may receive and spend private, federal, and state money made available to it.

Subd. 2. [LIABILITY.] A participating school district has no liability for the debts or obligations of the joint vocational technical district. An individual serving as a member of the joint board has no individual liability for those debts or obligations.

Subd. 3. [APPLICABLE LAWS.] Except as specifically provided to the contrary, the organization, operation, maintenance, and conduct of the affairs of the joint vocational technical district are governed by the general laws relating to independent school districts.

Sec. 10. [136E.05] [TEACHERS.]

Subdivision 1. [ASSIGNMENT.] (a) When an independent school district becomes a member of the joint vocational technical district, a teacher, as defined in section 125.12, subdivision 1, employed by a member district and primarily assigned as a post-secondary or adult vocational education teacher there, shall be assigned to and become an employee of the joint vocational technical district without further rights to employment in the member district, except that, for a period of two years from the date of assignment, teaching vacancies in the member district from which the teacher was assigned must be offered to the teacher assigned to the joint vocational technical district if:

(1) the teacher was placed on unrequested leave of absence by the joint vocational technical district;

(2) the teacher is properly licensed for the position; and

(3) a transfer or assignment from a post-secondary or adult vocational position to a secondary position would have been authorized in the member district under the contract in effect at the time of that teacher's assignment to the joint vocational technical district.

(b) A teacher who has previously been placed on unrequested leave of absence from a post-secondary or adult vocational education position by an independent school district that becomes a member of the joint vocational technical district only has reinstatement rights to an available post-secondary or adult vocational position in the joint vocational technical district and has no further rights to reinstatement to any post-secondary or adult vocational position in the member district. This reassignment of employment rights is not a leaving of employment for eligibility for payments under section 465.72 or under a policy or contract based on that section.

Subd. 2. [EXCLUSIVE REPRESENTATIVE.] The employee organization certified as the exclusive representative for the teachers in a particular member district who are assigned to the joint vocational technical district upon its establishment shall continue as the exclusive representative for those teachers until that organization is decertified or another organization is certified in its place under this subdivision. After the commissioner assigns an identification number to the joint vocational technical district, any employee organization representing teachers in the joint vocational technical district may petition the director of the bureau of mediation services for a certification election proceeding under chapter 179A. For purposes of certification of an exclusive representative, the teachers assigned to the joint vocational technical district are an appropriate unit of employees.

Subd. 3. [BARGAINING AGREEMENT.] (a) The terms and conditions of employment of teachers assigned to the new joint vocational technical district from each member district will be temporarily governed by the contract executed by the exclusive bargaining representative and that particular member district until a successor contract is executed between the board of the joint vocational technical district and the new exclusive bargaining representative.

(b) The date of first employment in the new joint vocational technical district is the date on which services were first performed by the teacher in the member school district from which assigned. Accumulations of sick leave and accumulated years of service to determine eligibility for any severance pay or early retirement benefits must be credited to each employee, subject to any maximum accumulation limitations negotiated in the successor contract. The joint vocational technical board shall provide, to transferred teachers, open enrollment in all insurance plans with no limitation on preexisting conditions. The successor contract must contain a negotiated plan for the placement of teachers on unrequested leave of absence in the joint vocational technical district.

Subd. 4. [APPLICABLE LAW.] Except as provided in this section, section 125.12 applies to the employment of each teacher by the joint vocational technical district.

Sec. 11. [136E.06] [NONLICENSED EMPLOYEES.]

Subdivision 1. [ASSIGNMENT.] When an independent school district becomes a member of the joint vocational technical district, each nonlicensed employee primarily employed in an AVTI who is transferred to the joint vocational technical district shall be assigned to and become an employee of

the joint vocational technical district without further employment rights in the member district, other than, for two years from the date of assignment to the joint vocational technical district, the right to exercise, in the member district, job seniority promotion and job seniority layoff provisions of the contract in effect at the time of that employee's assignment to the joint vocational technical district. This reassignment of employment rights is not a leaving of employment for eligibility for payment under section 465.72 or under a policy or contract based on that section.

Subd. 2. [EXCLUSIVE REPRESENTATIVES.] After the commissioner assigns an identification number to the joint vocational technical district, any employee organization may petition the director of the bureau of mediation services for a certification election proceeding under chapter 179A. An organization certified as the exclusive representative for nonlicensed employees in a particular member district who are assigned to the joint vocational technical district upon its establishment shall continue as the exclusive representative for those particular employees for a period of 90 days from the date on which the joint vocational technical district is established. If a petition for representation of nonlicensed employees is filed within 90 days, an exclusive representative for those particular nonlicensed employees shall continue as the exclusive representative until bureau of mediation services proceedings are concluded.

Subd. 3. [BARGAINING AGREEMENT.] (a) The terms and conditions of employment of nonlicensed employees assigned to the joint vocational technical district who were not governed by a collective bargaining agreement at the time of the assignment are governed by joint board policy. The terms and conditions of employment of nonlicensed employees assigned to the joint vocational technical district from each member district will be temporarily governed by contracts executed by an exclusive representative for a period of 90 days from the date of assignment. If a petition for representation of nonlicensed employees is filed with the bureau of mediation services within the 90 days, the contractual terms and conditions of employment for those particular nonlicensed employees who were governed by a preexisting contract will continue until bureau of mediation services proceedings are concluded and, if exclusive representatives have been elected, until successor contracts are executed between the board of the joint vocational technical district and the new exclusive representatives.

(b) The date of first employment in the joint vocational technical district is the date on which services were first performed by the employee in the member school district from which assigned. Any sick leave, vacation time, or severance pay benefits accumulated under policies of a member district or contracts between exclusive representatives and the boards of member districts continue to apply in the new joint vocational technical district to the employee assigned from those member districts, subject to any maximum accumulation limitations negotiated in a successor contract. Future leaves of absence, vacations, or other benefits to be accumulated in the new joint vocational technical district are governed by joint board policy or by contract between an exclusive representative of an appropriate unit of employees and the joint vocational technical board. The joint vocational technical board shall provide, to transferred nonlicensed employees, open enrollment in all insurance plans with no limitation on preexisting conditions.

Sec. 12. [136E.07] [TRANSFER OF PROPERTY.]

Subdivision 1. [TRANSFER OF TITLE.] When an independent school district becomes a member of the joint vocational technical school district, the member district shall transfer to the joint board title to the AVTI facility in that district and other appropriate equipment, personal property, and related records. The deed transferring the real property may specify that title to the property reverts to the granting school district if the property is no longer used for vocational or technical education purposes. All claims and contract obligations of the member district relating to the AVTI and adult and post-secondary vocational education programs, including claims for unemployment compensation, also transfer to the joint vocational technical district.

Subd. 2. [DEBT.] The bonded debt on all property transferred must be paid according to levies for that debt previously made under chapter 475. The obligation of the taxable property in the member district with reference to the payment of that bonded debt is not affected by the transfer.

Subd. 3. [TRANSFER OF FUNDS.] A member district shall transfer all fund balances, excluding the debt redemption fund, in all post-secondary and adult vocational funds to the joint vocational technical district.

Subd. 4. [TRANSFER NOT TO AFFECT LEGAL ACTION.] The transfer of property, title, and power to govern AVTIs and post-secondary and adult vocational programs does not affect a proceeding of an administrative, civil, or criminal nature pending at the time of the transfer, but the proceeding must be pursued in the name of the joint board. The joint board or its designee, upon application to the appropriate court or agency, shall be substituted as a party to the proceeding.

Sec. 13. [136E.08] [TAX LEVIES.]

Subdivision 1. [STATE AUDITOR COSTS; JUDGMENTS; INSURANCE.] The joint board may levy upon all taxable property in the joint vocational technical district an amount necessary to pay the joint vocational technical district's obligations for state auditor costs under section 6.62, to pay its obligations for judgments under section 127.05, and to pay its insurance premium costs under section 466.06.

Subd. 2. [AID ANTICIPATION CERTIFICATES.] The joint board may issue aid anticipation certificates of indebtedness under sections 124.71 to 124.76 and may pledge the full faith and credit of the joint vocational technical district to their payment under section 124.75.

Sec. 14. [136E.09] [JOINDER.]

Upon approval by the majority vote of its board and the joint board, any other independent school district with an area vocational technical institute may enter into an agreement to become a participant in a joint vocational technical district. An election is not required on this issue. The agreement must be approved by resolution of the school board of the independent district and the joint board. The resolutions must be filed with the state director.

Sec. 15. [136E.10] [PAYMENT OBLIGATION.]

Subdivision 1. [AGREEMENTS WITH STATE DIRECTOR.] The state director may enter into agreements with the joint vocational technical district

and its member school districts relating to costs of interim staffing and to payments of district service fees to member districts.

Subd. 2. [PAYMENT OF DEBT; TRANSFER; DEBT SERVICE AID.]

(a) A member district that has debt outstanding upon an AVTI facility and property that is transferred to the joint vocational technical district shall escrow in its AVTI debt redemption fund the least of:

(1) a sufficient amount to defease the outstanding debt under the terms of the bond agreement;

(2) the minimum amount required by the bond agreement; or

(3) the remaining balance in the AVTI debt redemption fund.

(b) The member district shall transfer the amount to a separate account in its debt redemption fund for payment of the debt. Any remaining balance in the AVTI debt redemption fund may be used as provided in section 123.36, subdivision 13, clauses (2), (3), and (4).

(c) The state board of vocational technical education shall pay 100 percent of the remaining debt service on the AVTI facilities of all member districts that have transferred their AVTI facilities to the board of the joint vocational technical district. If the property reverts to ownership by the member district, the state portion of debt service aid must be paid according to section 136C.41, subdivision 1.

Subd. 4. [LEVY.] (a) A member district that has transferred an AVTI facility to the joint board may levy upon all taxable property in the member district, the following:

(1) in the first levy certified after the transfer, 75 percent of the amount of the district's most recent service fee allocation;

(2) in the second levy certified after the transfer, 50 percent of the amount of the district's service fee allocation under clause (1); and

(3) in the third levy certified after the transfer, 25 percent of the amount of the district's service fee allocation under clause (1).

(b) The proceeds of the levy may be placed in the general fund or any other fund of the district. Any unexpended portion of the proceeds so received must not be considered in the net unappropriated fund balance of the member district for the three fiscal years to which the levy is attributable.

Sec. 16. Minnesota Statutes 1984, section 275.125, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] Except as may otherwise be provided in this section, the words and phrases defined in sections ~~124.01, 124.20~~ 120.02, 124.201, ~~124.212,~~ 124.225, and 124A.02, and 124A.033, when used in this section shall have the meanings ascribed to them in those sections.

Subd. 14a. [LEVY FOR LOCAL SHARE OF AVTI CONSTRUCTION.]

(a) The definitions in section 136C.02 apply to this subdivision.

(b) A district maintaining a post-secondary area vocational technical institute may levy for its local share of the cost of construction of facilities for the post-secondary area vocational-technical institute as provided in this subdivision.

(4) (c) The construction must be authorized by a specific legislative act pursuant to section 136C.07, subdivision 5, after January 1, 1980. (2) (d) The district may levy an amount equal to the local share of the cost of construction for post-secondary vocational purposes, minus the amount of any unappropriated net balance in the district's post-secondary vocational technical building construction fund. A district may levy the total amount authorized by this subdivision in one year, or a proportionate amount of the total authorized amount each year for up to three successive years.

(3) (e) By the July 1 before a district certifies the first levy pursuant to this subdivision for the local share of any construction project, at least three weeks published notice of the proposed levy shall be given in the legal newspaper with the largest circulation in the district. Page 6, after line 10, insert:

“Sec. 10. [CITATION.]

Sections 10 to 14 may be cited as the “emergency agricultural relief act of 1985.”

Sec. 11. [LEGISLATIVE FINDINGS.]

The legislature finds that conditions have deteriorated and thousands of farmers will have their land foreclosed and offered at forced sales in the spring of 1985, causing agricultural land prices to fall drastically. The foreclosures and low land prices are causing and will cause extreme stress on rural financial institutions and all rural businesses, particularly those related to agricultural production, and financial panic conditions in areas that affect over one-third of the population of the state.

The legislature finds that agricultural land prices have decreased by over 30 percent in the last five years and that this fact alone would cause grave circumstances in the rural agricultural lending and borrowing community. In addition, real interest rates have increased, crop and livestock prices are not greater than the cost of production, and net farm income is essentially nonexistent. All of these factors and the federal agricultural financial policy have caused a situation beyond the control of Minnesota farmers and lenders resulting in repossession and forced sales of farm equipment and personal property, farm foreclosures and foreclosure sales, and deficiencies from low prices accepted at the sales, that if continued, will cause irreparable harm to the state, its farmers, its lenders, and the social fabric and existence of rural communities.

The legislature finds that the foreclosure process has been disrupted, that the pain and suffering in the rural areas has caused people to take their own lives, and that this act is necessary for the people of this state and their governments to develop relief and an orderly process out of the rural economic depression.

The legislature finds that foreclosure by advertisement will not provide a fair foreclosure process as contemplated by law unless the court authorizes the procedure and provisions for the postponement of advertised sales under Minnesota Statutes, section 580.07, and prior law have been in existence for over 80 years.

The legislature finds and declares existing relief is inadequate and that these conditions have resulted in a state of public economic emergency of a nature that justifies and validates court supervision of the foreclosure process, additional measures for the extension of time before foreclosure and

foreclosure sales may be made, and for other relief.

Sec. 12. [APPLICATION.]

Subdivision 1. [DATE OF APPLICATION.] Sections 1 to 5 apply to the mortgages and security interests in this section that exist before February 1, 1985.

Subd. 2. [MORTGAGES HELD BY UNITED STATES.] Sections 1 to 5 apply to mortgages of agricultural production real estate held by the United States or by any agency, department, bureau, or instrumentality of the United States, as security or pledge of the mortgagor, its successors, or assigns.

Subd. 3. [MORTGAGES HELD AS SECURITY FOR PUBLIC DEBT.] Sections 1 to 5 apply to mortgages of agricultural production real estate held as security or pledge to secure payment of a public debt or to secure payment of the deposit of public funds.

Subd. 4. [MORTGAGES HELD BY LENDERS.] Sections 1 to 5 apply to all other mortgages of agricultural production real estate that are held by lenders that are in the business of lending money.

Subd. 5. [SECURITY INTERESTS IN AGRICULTURAL PERSONAL PROPERTY.] Sections 1 to 5 apply to all security interests in agricultural crops and livestock, and all personal property used for agricultural production that are held by lenders in the business of lending money.

Sec. 13. [MORATORIUM AND PROHIBITION OF DEFICIENCY JUDGMENTS.]

Subdivision 1. [MORATORIUM.] (a) Mortgages may not be foreclosed, or property sold by forced sale after foreclosure, for one year after sections 1 to 5 become effective, except by court order under section 5.

(b) Agricultural production crops and livestock, and all personal property used for agricultural production may not be repossessed, or security interests in the personal property foreclosed, for one year after sections 1 to 5 become effective unless the debtor agrees in writing, or by court order under section 5.

Subd. 2. [DEFICIENCY JUDGMENTS.] An action for a deficiency judgment related to a sale of real or personal agricultural property may not be started, continued, or executed for one year after sections 1 to 5 become effective.

Subd. 3. [PREVAILS OVER CONFLICTS.] Sections 1 to 5 prevail over Minnesota Statutes, chapter 583 and other laws that conflict with sections 1 to 5.

Sec. 14. [APPLICATION TO DISTRICT COURT FOR RELIEF.]

Subdivision 1. [PETITION.] A party to a mortgage or security interest may petition for relief to the district court of the county where the foreclosure proceedings are pending, or the district court of the mortgagor's or debtor's residence. The party petitioning the court must serve a summons and verified petition on parties to the mortgage or security interest and show why the repossession, foreclosure, or sale should be made.

Subd. 2. [RELIEF ALLOWED.] The court may order the repossession,

foreclosure, or sale to proceed under applicable law and conditions provided by the court if the parties to the mortgage or security interest have had adequate legal representation and:

(1) the parties to the security interest or mortgage agree;

(2) the mortgagor of the mortgaged real estate or the debtor of secured personal property does not have any equity in the property; or

(3) after considering all equitable arguments the court finds that there is no basis for the sale not to be held.

Subd. 3. [POSTPONEMENT OF FORECLOSURE SALE AND REDEMPTION PERIOD.] If the court orders the foreclosure and sale to proceed, the court may postpone the date of foreclosure sale and the corresponding redemption period up to one year if it finds the following:

(1) that the mortgagor or debtor is unable under all reasonable circumstances to make his payments; and

(2) that there is a reasonable prospect that postponement will enable the mortgagor or debtor to recover and continue farming into the foreseeable future.

Subd. 4. [REDUCTION OF REDEMPTION PERIOD.] The court may order the redemption period under Minnesota Statutes, section 580.23, to be reduced to compensate for the period of time that the sale was delayed, but the redemption period must not be less than 30 days. If the foreclosure sale is not delayed, the redemption period is as provided in Minnesota Statutes, section 580.23.

Subd. 5. [COMPROMISES.] If the parties to a security interest or mortgage agree in writing to a compromise settlement, a composition of the indebtedness, or both, the court has jurisdiction and may, by its order, confirm and approve the settlement, composition, or both.

Subd. 6. [COURT MAY REVISE AND ALTER TERMS.] A party to a mortgage or a security interest may apply to the court before the expiration of the period before the sale and present evidence that the terms set or approved by the court are not just and reasonable because circumstances have changed. The court may revise and alter the terms.

Subd. 7. [HEARING.] The hearing on the petition must be held within 30 days after the filing of the petition. The resulting order must be made and filed within five days after the hearing. An appeal may be made as in other civil actions."

Page 6, after line 13, insert:

"Sections 10 to 14 are repealed one year after they become effective, but any postponement or other relief ordered by a court continues to be valid for the period ordered by the court."

Page 6, line 15, delete "10" and insert "9 and 15" and after the period, insert "Sections 10 to 14 are effective the day following final enactment."

Renumber the sections in sequence

Amend the title as follows:

Page 1, line 7, after the semicolon, insert "declaring a public economic emergency to exist; prohibiting mortgage foreclosure and foreclosure sales for one year; prohibiting repossession, foreclosure, and foreclosure sales of agricultural personal property for one year; providing for an application to the court to allow repossession, foreclosure, and foreclosure sale; prohibiting actions for deficiency judgments; providing for the parties to compromise; and repealing the act after one year;"
