Mr. Spear from the Committee on Judiciary, to which was referred

S.F. No. 31: A bill for an act relating to waters; providing for revocation of a watercraft license when the watercraft is used by an operator who is arrested for operating the watercraft while under the influence of alcohol or who refuses chemical testing; requiring the court to restrain a person from operating watercraft when that person is convicted of operating watercraft while under the influence of alcohol; prescribing penalties; amending Minnesota Statutes 1984, section 361.12, subdivision 1; proposing coding for new law in Minnesota Statutes, chapter 361.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 361.12, is amended to read:

361.12 [ALCOHOL, DRUGS, PHYSICAL OR MENTAL DISABILITY.]

Subdivision 1. [ACTS PROHIBITED.] (a) No person shall operate or be in ~~actual~~ physical control of any watercraft *on the waters of this state* while under the influence of:

- (1) alcohol, as provided in section 169.121, subdivision 1, clauses (a), (d), and (e); or*
- (2) a controlled substance, as defined in section 152.01, subdivision 4; or*
- (3) a combination of any two or more of the elements named in clauses (1) and (2).*

(b) No owner or other person having charge or control of any watercraft shall knowingly authorize or permit any person he knows or has reason to

believe who is under the influence of alcohol, or a controlled substance, as provided under paragraph (a), to operate such the watercraft on the waters of this state.

~~Subd. 2.~~ (c) No owner or other person having charge or control of any watercraft shall knowingly authorize or permit any person, who by reason of any physical or mental disability is incapable of operating such the watercraft, to operate such the watercraft on the waters of this state.

Subd. 2. [ARREST.] Conservation officers of the department of natural resources, sheriffs, sheriff's deputies, and other peace officers may arrest a person for a violation under subdivision 1 without a warrant upon probable cause, without regard to whether the violation was committed in the officer's presence.

Subd. 3. [PRELIMINARY SCREENING TEST.] When an officer authorized under subdivision 2 to make arrests has reason to believe from the manner in which a person is operating, controlling, or acting upon departure from a watercraft, or has operated or been in control of a watercraft, that the operator may be violating or has violated subdivision 1, paragraph (a), the officer may require the operator to provide a breath sample for a preliminary screening test using a device approved by the commissioner of public safety for this purpose. The results of the preliminary screening test shall be used for the purpose of deciding whether any arrest should be made under this section and whether to require the chemical tests authorized in section 2, but may not be used in any court action except to prove that a test was properly required of an operator pursuant to section 2. Following the preliminary screening test, additional tests may be required of the operator as provided under section 2. Any operator who refuses a breath sample is subject to the provisions of section 2 unless, in compliance with that section, the operator submits to a blood, breath, or urine test to determine the presence of alcohol or a controlled substance.

Subd. 4. [EVIDENCE.] (a) Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for operating or being in physical control of watercraft in violation of subdivision 1, paragraph (a), the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by an analysis of those items.

(b) For the purposes of this subdivision:

(1) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(2) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

(c) Evidence of the refusal to take a preliminary screening test required under subdivision 3 or a chemical test required under section 2 is admissible into evidence in a prosecution under this section.

(d) If proven by a preponderance of the evidence, it is an affirmative defense to a violation of subdivision 1, paragraph (a), that the defendant con-

sumed a sufficient quantity of alcohol after the time of actual operating or physical control of a watercraft and before the administration of a chemical test to cause the defendant's alcohol concentration to exceed 0.10; except that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

(e) This subdivision does not limit the introduction of any other competent evidence bearing upon the question whether or not the person was under the influence of alcohol or a controlled substance, including tests obtained more than two hours after the alleged violation and results obtained from partial tests on an infrared-breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample. A sample is adequate if the instrument analyzes the sample and does not indicate the sample is deficient.

Subd. 5. [PENALTIES.] (a) A person who violates any prohibition contained in subdivision 1 is guilty of a misdemeanor; except that a person who violates any prohibition contained in subdivision 1 within five years of a prior conviction under that subdivision or section 2, subdivision 2, or within 10 years of two or more prior convictions under that subdivision or section 2, subdivision 2, is guilty of a gross misdemeanor.

(b) A person who operates a watercraft on the waters of this state during the period the person is prohibited from operating any watercraft or after the person's watercraft operator's permit has been revoked, as provided under subdivision 6, is guilty of a misdemeanor.

Subd. 6. [OPERATING PRIVILEGES SUSPENDED; REVOKED.] (a) Upon conviction, and in addition to any penalty imposed under subdivision 5, the person is prohibited from operating any watercraft on the waters of this state for a period of 90 days between May 1 and October 31, extending over two consecutive years if necessary.

(b) A person 13 years of age or older but less than 18 years of age who violates any prohibition contained in subdivision 1 shall have his watercraft operator's permit revoked by the commissioner as required by section 361.22, subdivision 2, in addition to any other penalty imposed by the court.

Subd. 7. [DUTIES OF COMMISSIONER.] The court shall promptly forward copies of all convictions and penalties imposed under subdivision 5 and section 2, subdivision 2, to the commissioner. The commissioner shall notify the convicted person of the period during which the person is prohibited from operating a watercraft as provided under subdivision 6 or section 2, subdivision 2. The commissioner shall also periodically circulate to appropriate law enforcement agencies a list of all persons who are prohibited from operating any watercraft or have had their watercraft operator's permit revoked pursuant to subdivision 6 or section 2, subdivision 2.

Subd. 8. [IMMUNITY FROM LIABILITY.] The state or political subdivision which is the employer of an officer authorized under subdivision 2 to make an arrest for violations of subdivision 1 is immune from any liability, civil or criminal, for the care or custody of the watercraft being operated by or in the physical control of the person arrested if the officer acts in good faith and exercises due care.

Subdivision 1. [CHEMICAL TESTING.] A person who operates or is in physical control of a watercraft on the waters of this state is required, subject to the provisions of this section, to take or submit to a test of the person's blood, breath, or urine for the purpose of determining the presence and amount of alcohol or a controlled substance. The test shall be administered at the direction of an officer authorized to make arrests under section 1, subdivision 2. Taking or submitting to the test is mandatory when requested by an officer who has probable cause to believe the person was operating or in physical control of a watercraft in violation of section 1, subdivision 1, paragraph (a), and one of the following conditions exist:

(1) the person has been lawfully placed under arrest for violating section 1, subdivision 1, paragraph (a);

(2) the person has been involved in a watercraft accident resulting in property damage, personal injury, or death;

(3) the person has refused to take the preliminary screening test provided for in section 1, subdivision 3; or

(4) the screening test was administered and recorded an alcohol concentration of 0.10 or more.

Subd. 2. [PENALTIES.] (a) A person who refuses to take a test required under subdivision 1 is guilty of a misdemeanor; except that, a person who refuses to take a test within five years of a prior conviction under subdivision 1 or section 1, subdivision 1, paragraph (a), or within ten years of two or more convictions under subdivision 1 or section 1, subdivision 1, paragraph (a), is guilty of a gross misdemeanor.

(b) In addition to any penalties imposed under this subdivision, the person is prohibited from operating any watercraft on the waters of this state for a period of one year.

(c) A person who operates a watercraft on the waters of this state during the period the person is prohibited from operating any watercraft, as provided under paragraph (b), is guilty of a misdemeanor.

Subd. 3. [RIGHTS AND OBLIGATIONS.] At the time a test is requested, the person must be informed:

(1) that Minnesota law requires a person to take a test to determine if they are under the influence of alcohol or a controlled substance;

(2) that it is a misdemeanor or gross misdemeanor, as provided under subdivision 2, to refuse to take the test and, in addition to other penalties which a court may impose, the person is prohibited from operating any watercraft, as provided under subdivision 2, for refusing to take the test;

(3) that if testing is refused it will not affect the person's motor vehicle driver's license;

(4) that if the test is taken and the results indicate that the person is under the influence of alcohol or a controlled substance, the person will be subject to criminal penalties and in addition to any other penalties the court may impose, the person's operating privileges will be suspended as provided under section 1, subdivision 6, paragraph (a);

(5) that, after submitting to testing, the person has the right to have addi-

tional tests made by a person of his own choosing; and

(6) that, if he refused to take a test, the refusal will be offered into evidence against him at trial.

Subd. 4. [REQUIREMENT OF URINE TEST.] Notwithstanding subdivision 1, if there are reasonable and probable grounds to believe there is impairment by a controlled substance which is not subject to testing by a blood or breath test, a urine test may be required even after a blood or breath test has been administered.

Subd. 5. [BREATH TEST USING AN INFRARED BREATH-TESTING INSTRUMENT.] In the case of a breath test administered using an infrared breath-testing instrument, the test shall consist of analyses in the following sequence: one adequate breath sample analysis, one calibration standard analysis, and a second, adequate breath sample analysis. In the case of a test administered using an infrared breath-testing instrument, a sample is adequate if the instrument analyzes the sample and does not indicate the sample is deficient. For purposes of this section, when a test is administered using an infrared breath-testing instrument, failure of a person to provide two separate adequate breath samples in the proper sequence constitutes a refusal to take the test.

Subd. 6. [CONSENT OF PERSON INCAPABLE OF REFUSAL NOT WITHDRAWN.] A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is deemed not to have withdrawn the consent provided by subdivision 1 and the test may be given.

Subd. 7. [MANNER OF MAKING TEST; ADDITIONAL TESTS.] Only a physician, medical technician, physician's trained mobile intensive care paramedic, registered nurse, medical technologist or laboratory assistant acting at the request of a peace officer authorized to make arrests under section 1, subdivision 2, may withdraw blood for the purpose of determining the presence of alcohol or controlled substance. This limitation does not apply to the taking of a breath or urine sample. The person tested has the right to have a person of his own choosing administer a chemical test or tests in addition to any administered at the direction of a peace officer; provided, that the additional test sample on behalf of the person is obtained at the place where the person is in custody, after the test administered at the direction of a peace officer, and at no expense to the state. The failure or inability to obtain an additional test or tests by a person shall not preclude the admission in evidence of the test taken at the direction of a peace officer unless the additional test was prevented or denied by the peace officer. The physician, medical technician, physician's trained mobile intensive care paramedic, medical technologist, laboratory assistant or registered nurse drawing blood at the request of a peace officer for the purpose of determining alcohol concentration shall in no manner be liable in any civil or criminal action except for negligence in drawing the blood. The person administering a breath test shall be fully trained in the administration of breath tests pursuant to training given by the commissioner of public safety.

The notice must explain the board's investigative process and state, in general terms, that other legal recourse may be available. At least every three months the board shall give the complainant a report on the progress of board activities relating to that complaint. If, after a full investigation it is the opinion of the designee of the attorney general that there is sufficient evidence to justify disciplinary action, the board shall conduct a disciplinary conference or hearing. (c) In addition to the information required under section 214.07, subdivision 1, each board shall include in its reports to the legislature summaries of each individual case that involved possible sexual contact with a client. The summary must include a description of the alleged misconduct; the general results of the investigation; the determination made by the designee of the attorney general under section 214.10, subdivision 8, paragraph (b); the nature of board activities relating to that case; the disposition of the case; and the reasons for board decisions concerning the disposition of the case. The information disclosed under this section must not include the name or specific identifying information about any person, agency, or organization.

(d) A board member who has a current or former financial connection or professional relationship to a person who is the subject of board disciplinary

(e) Each health-related licensing board shall establish procedures for exchanging information with other Minnesota state boards, agencies, and departments responsible for licensing health-related occupations, facilities, and programs, and for coordinating investigations involving matters within the jurisdiction of more than one licensing body. The procedures must provide for the forwarding to other licensing bodies of all information and evidence, including the results of investigations, that is relevant to matters within that licensing body's regulatory jurisdiction.

116C.705 [FINDINGS.]

The legislature finds that the disposal and transportation of high level radioactive waste is of vital concern to the health, safety, and welfare of the people of Minnesota, and to the economic and environmental resources of Minnesota. To ensure the health, safety, and welfare of the people, and to protect the air, land, water, and other natural resources in the state from pollution, impairment, or destruction, it is necessary for the state to regulate and control, under the laws of the United States, the exploration for a site for high level radioactive waste disposal within the state of Minnesota and to obtain reasonable information necessary to protect environmental and economic resources of the state by ensuring the safe transportation of high level radioactive waste and adequate emergency response preparation and coordination. It is the intent of the legislature to exercise all legal authority for the purpose of regulating the disposal and transportation of high level radioactive waste.

Sec. 10. Minnesota Statutes 1984, section 116C.731, is amended to read:

116C.731 [TRANSPORTATION OF HIGH LEVEL RADIOACTIVE WASTE.]

Subdivision 1. [NOTIFICATION CERTIFICATION REQUIRED.] The division of emergency services of the department of public safety shall notify the shipper of nuclear waste immediately upon being notified of a shipment. Before a shipment of high level radioactive waste is transported into, within, or through the state, the shipper shall notify the commissioner of public safety. The notice shall include the route, date, and time of the shipment in addition to information required under Code of Federal Regulations, title 49, sections 71.5a and 73.37(f) file an application for, and receive, a transportation certificate from the director of the Minnesota pollution control agency. The agency shall issue certificates for the transportation of high level radioactive waste into, within, or through the state in accordance with this section. The director may, at the director's discretion, authorize and require certificates to be issued to a shipper annually, semi-annually, or on a per-shipment basis for each shipment of high level radioactive waste. A shipper who is required to obtain an annual or semi-annual certificate under this section shall file a certificate application with the director no later than 90 days prior to the first intended shipment date. Per-shipment certificates must be applied for no later than 72 hours prior to the intended shipment date.

Subd. 2. [HIGHWAY ROUTE DETERMINATION CERTIFICATION APPLICATION REQUIREMENTS.] Pursuant to Code of Federal Regulations, title 49, part 177, the commissioner may require preferred routes, dates, or times for transporting high level radioactive waste if the commissioner determines, in accordance with United States Department of Transportation "Guidelines for Selecting Preferred Highway Routes for Large Quantity Shipments of Radioactive Materials," that alternatives are safer than those proposed. On an annual basis the commissioner shall review federally approved highway routes for transporting high level radioactive waste in the state and select new state designated routes in accordance with Code of Federal Regulations, title 49, part 177, if safety considerations indicate the alternate

routes would be preferable. The state does not incur any liability by requiring the alternate routes, dates, or times to be used. Each application for a certificate under this section shall contain information as may be required by the director. The director shall issue a certificate if the following conditions have been met:

(a) the information required under the Code of Federal Regulations, title 10, sections 71.5a and 73.37(f);

(b) the specific routes, dates, and timetables according to which the waste is to be shipped;

(c) weather conditions anticipated on dates of shipments, including, but not limited to, floodstages of any waterways along proposed routes;

(d) the speeds at which the waste is to be shipped and, in the case of rail shipments, a plan for sidetracking or stopping all opposing trains during shipments;

(e) documentation showing that all roadways, railroad tracks, bridges, and locks coinciding with proposed routes comply with federal regulations in Code of Federal Regulations, title 49, parts 171 to 199;

(f) the qualifications and training in emergency procedures of shipper and carrier personnel directly involved in each proposed shipment, including, but not limited to, repair and maintenance crews;

(g) health and safety measures implemented specifically to protect those workers identified in paragraph (f); and

(h) a showing that a state health physicist is scheduled to accompany each shipment; the health physicist shall monitor radiation and make a complete written report to the director detailing any problems that may have arisen.

Subd. 3. [DIRECTOR'S REPORT TO MPCA BOARD.] Subject to nuclear regulatory commission regulation, at the next regularly scheduled meeting of the agency after a shipment has been made, the director shall make a report including, but not limited to, the following:

(a) all application information required by subdivision 2;

(b) any reports on file, including the report by the state health physicist who accompanied the shipment; and

(c) any requests for changes in routes, times, or dates.

All written documents shall be available for public inspection prior to the agency meeting.

The director shall notify the shipper of the agency's recommendations prior to the next shipment.

Subd. 4. [INSPECTION.] After issuance of a certificate by the director, the commissioners of health and transportation shall require the inspection of all equipment of the shipper and carrier as it enters the state or departs from a point of origin within the state. The result of these inspections shall be immediately forwarded to the director.

Subd. 4a. [HEALTH INSPECTION.] The commissioner of health shall conduct an inspection to monitor for surface radioactivity to determine

whether radiation levels are within legally permissible limits.

Subd. 4b. [TRANSPORTATION EQUIPMENT AND INSPECTION.] The commissioner of transportation shall conduct inspections to ensure the equipment transporting high level radioactive waste complies with federal regulations contained in Code of Federal Regulations, title 49, sections 174, 176, and 177.

Subd. 5. [ROUTE, DATE, OR TIME DETERMINATION.] The commissioner of public safety, in consultation with the commissioner of transportation, may require a person transporting high level radioactive waste to use alternative routes, dates, or times if the commissioner determines that alternatives are safer than those proposed. Alternate route designations shall be made in accordance with applicable and appropriate federal regulations. The state does not incur any liability by requiring alternate routes, dates, or times to be used. The commissioner of public safety may require a change in routes, dates, or times in response to emergency conditions including, but not limited to, adverse weather conditions such as flooding or snow storms. A required change in routes for these reasons does not constitute a determination of an alternate route.

Subd. 3 6. [TRANSPORTATION FEE AND ACCOUNT.] A person who intends to transport high level radioactive waste shall submit a transportation fee to the commissioner of public safety in the amount of \$1,000 for each vehicle carrying high level radioactive waste in each shipment with the information required in subdivision 4 2. In the case of irradiated reactor fuel, the transportation fee shall be \$1,000 per irradiated reactor fuel assembly. The fees shall be deposited by the commissioner into ~~the general~~ a special revolving fund to be used for emergency response preparedness, state participation in the disposal of high level radioactive waste, administration of the certification and inspection requirements of this section. The fund is created as an account in the state treasury. The state treasurer shall credit to the transportation fee fund account all amounts received under this subdivision.

Subd. 7. [NOTIFICATION OF NEW ROUTE APPROVAL.] Upon notification to the state that a shipper or carrier has filed an application with the nuclear regulatory commission for approval of a new route within or through the state for the transportation of high level radioactive waste, the commissioner of public safety shall immediately give written notice of the application to the mayors of affected statutory and home rule charter cities and to the county board chairpersons of counties located along the proposed transportation route. Written notice shall also be given by publication in at least one newspaper of general circulation in each affected county. The commissioner shall afford the affected cities and counties ample opportunity to transmit to the director, data, objections, concerns, and other information relevant to the selection of the route. The commissioner shall in turn forward the data, objections, concerns, and other information to the nuclear regulatory commission.

Subd. 4 8. [EMERGENCY RESPONSE PLAN.] The commissioner of public safety shall consult with the commissioners of health and transportation, the director of the pollution control agency, and representatives of the federal nuclear regulatory commission, the federal emergency management

agency, and the United States department of transportation and before December 1, 1984, shall prepare a plan for emergency response to a high level radioactive waste transportation accident, including plans for evacuation and cleanup. *The plan shall be revised annually to achieve conformity to the extent practicable given fiscal constraints with the response system described in the nuclear regulatory commission document number NUREG/CR-2225, entitled "An unconstrained overview of critical elements in a model state system for emergency response to radiological rail transportation incidents."* The commissioner of public safety shall report by January 1 of each year to the ~~legislature~~ *committee on agriculture and natural resources and house environment and natural resources committee* on the status of the plan and the ability of the state to respond adequately to an accident. *The report shall include, but is not limited to:*

(a) *all revisions to the state emergency response plan pursuant to this subdivision;*

(b) *all recommendations received for making any revisions; and*

(c) *the results of all hearings held pursuant to this subdivision.*

Pursuant to the goal of conformity, the commissioner of public safety may solicit, from communities situated along proposed shipment routes, information relevant to the improvement of local emergency training, equipment, and planning. The commissioner shall afford such communities annual hearings at their request.

Subd. 5 9. [APPLICABILITY.] This section does not apply to radioactive materials shipped by or for the United States government for military, national security, or national defense purposes. This section does not require disclosure of defense information or restricted data as defined in the Atomic Energy Act of 1954, United States Code, title 42, section 2014, as amended.

Sec. 11. [REPEALER.]

Minnesota Statutes 1984, section 116C.71, subdivision 12, is repealed.

Sec. 12. [EFFECTIVE DATE.]

Sections 1 to 11 are effective the day following their final enactment."

Delete the title and insert:

"A bill for an act relating to environment; requiring the issuance of transportation certificates prior to the shipment of high level radioactive waste; providing for the administration of a certification and inspection program; providing for the designation of transportation routes; creating the governor's nuclear waste council; providing coordination with the federal government's nuclear waste site planning; providing for emergency preparedness to nuclear incidents; amending Minnesota Statutes 1984, sections 116C.705; 116C.71, by adding subdivisions; 116C.72; 116C.723; 116C.724; and 116C.731; proposing coding for new law in Minnesota Statutes, chapter 116C; repealing Minnesota Statutes 1984, section 116C.71, subdivision 12."

The Honorable Jerome M. Hughes
President of the Senate

The Honorable David M. Jennings
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 122, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 122 be amended as follows:

“Section 1. [FINDINGS.]

The legislature reaffirms that the public employees retirement association is a public agency, created by and subject to the control of the legislature. The legislature is responsible for assuring that the laws establishing the association lead to responsible governance and efficient administration. The legislature must assure that the board of trustees fulfills its fiduciary obligations to the state, to the taxpayers, and to the members of the association.

The legislature finds that actions of the association board of trustees have damaged public confidence in the association's ability to fulfill its fiduciary obligations and to operate in accordance with legislative intent. The legislature finds that this act is necessary to assure that the board of trustees will fulfill its fiduciary obligations and will responsibly administer the affairs of the association in keeping with legislative intent.

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 144.495, is amended to read:

144.495 [FORMALDEHYDE RULES.]

The legislature finds that building materials containing urea formaldehyde may emit unsafe levels of formaldehyde in newly constructed housing units. The product standards prescribed in section 4 are intended to provide indoor air levels of formaldehyde that do not exceed 0.4 parts per million. If the commissioner of health determines that the standards prescribed in section 4

result in indoor air levels of formaldehyde that exceed 0.4 parts per million, the commissioner may adopt different building materials product standards to ensure that the 0.4 parts per million level is not exceeded. Within 30 days after April 24, 1980 The commissioner of health shall determine if a significant health problem is presented by the use of building materials that emit formaldehyde gases. If he determines that such a problem exists he shall promulgate rules pursuant to chapter 14, including emergency rules, establishing standards governing the sale of building materials and housing units that contain products made with urea formaldehyde may adopt rules under chapter 14 to establish product standards as provided in this section. The rules of the commissioner governing ambient air levels of formaldehyde, Minnesota Rules, parts 4620.1600 to 4620.2100, are repealed, except that the rule of the commissioner relating to new installations of urea formaldehyde foam insulation in residential housing units remains in effect.

Sec. 2. Minnesota Statutes 1984, section 325F.18, subdivision 1, is amended to read:

Subdivision 1. (a) No manufacturer shall sell any building materials and no builder shall sell or lease to the initial occupant a housing unit, other than a unit of manufactured housing, containing urea formaldehyde unless the manufacturer or builder has made the following written disclosure to any purchaser of the materials or housing unit or lessee of the housing unit: **"WARNING. THIS PRODUCT (HOUSING UNIT) CONTAINS THE CHEMICAL FORMALDEHYDE. FOR SOME PEOPLE FORMALDEHYDE MAY CAUSE HEALTH PROBLEMS, SUCH AS IRRITATION OF THE EYES, NOSE AND THROAT, SNEEZING, COUGHING, HEADACHES, SHORTNESS OF BREATH, OR CHEST OR STOMACH PAINS. CHILDREN UNDER THE AGE OF TWO, ELDERLY PEOPLE, PEOPLE WITH BREATHING PROBLEMS OR PEOPLE WITH ALLERGIES MAY HAVE MORE SERIOUS DIFFICULTIES. IF YOU HAVE QUESTIONS ABOUT PROBLEMS YOU MAY HAVE WITH FORMALDEHYDE, CONSULT A DOCTOR."**

"IMPORTANT HEALTH NOTICE.

SOME OF THE BUILDING MATERIALS USED IN THIS HOME (OR THESE BUILDING MATERIALS) EMIT FORMALDEHYDE. EYE, NOSE, AND THROAT IRRITATION, HEADACHE, NAUSEA AND A VARIETY OF ASTHMA-LIKE SYMPTOMS, INCLUDING SHORTNESS OF BREATH, HAVE BEEN REPORTED AS A RESULT OF FORMALDEHYDE EXPOSURE. ELDERLY PERSONS AND YOUNG CHILDREN, AS WELL AS ANYONE WITH A HISTORY OF ASTHMA, ALLERGIES, OR LUNG PROBLEMS, MAY BE AT GREATER RISK. RESEARCH IS CONTINUING ON THE POSSIBLE LONG-TERM EFFECTS OF EXPOSURE TO FORMALDEHYDE.

REDUCED VENTILATION RESULTING FROM ENERGY EFFICIENCY STANDARDS MAY ALLOW FORMALDEHYDE AND OTHER CONTAMINANTS TO ACCUMULATE IN THE INDOOR AIR. HIGH INDOOR TEMPERATURES AND HUMIDITY RAISE FORMALDEHYDE LEVELS. WHEN A HOME IS TO BE LOCATED IN AREAS SUBJECT TO EXTREME SUMMER TEMPERATURES, AN AIR-CONDITIONING SYSTEM CAN BE USED TO CONTROL INDOOR TEM-

PERATURE LEVELS.

IF YOU HAVE ANY QUESTIONS REGARDING THE HEALTH EFFECTS OF FORMALDEHYDE, CONSULT YOUR DOCTOR OR LOCAL HEALTH DEPARTMENT."

(b) No manufacturer shall sell or lease a manufactured home containing urea formaldehyde unless the manufacturer has made the written disclosure prescribed in Code of Federal Regulations, title 24, section 3280.309 (1984).

Subd. 1a. For the purposes of this section "building materials" means any urea formaldehyde-containing material used in the construction or insulation or renovation of a housing unit or a nonresidential building, but does not include:

- (1) draperies, carpeting, furniture and furnishings not normally permanently affixed to a housing unit; and
- (2) noncellular insulation.

Sec. 4. Minnesota Statutes 1984, section 325F.18, subdivision 4, is amended to read:

Subd. 4. The manufacturer of a product or builder of a housing unit that contains materials made with urea formaldehyde, shall pay the reasonable cost of repair or relocation if the consumer can document that the housing unit contains a significant ambient air level of formaldehyde product used in constructing the consumer's residence did not meet the product standard established in section 3, and in addition has documented medical records of illness related to formaldehyde and a statement from a physician that the consumer must vacate the premises. The party who has received the claim has the right to test the ambient air level of the housing unit at reasonable times.

If within 30 days after the presentation of the items set forth above the manufacturer or builder and the consumer do not agree on a remedy the consumer may bring suit to recover the reasonable cost of repair or relocation plus reasonable attorneys' fees. Notwithstanding the remedy under this subdivision, the consumer may bring an action for personal injury, if any, if the action is commenced within one year from the presentation of the items required by this subdivision the consumer's receipt of the order of a physician to vacate the premises due to an illness related to formaldehyde.

All plywood and particleboard used in newly constructed housing units, including manufactured homes, or sold to the public for use as building materials, shall comply with the product standards in Code of Federal Regulations, title 24, sections 3280.308 and 3280.406 (1984). All medium density fiberboard used in newly constructed housing units, including manufactured homes, or sold to the public for use as building materials, shall comply with the product standard for particleboard in Code of Federal Regulations, title 24, section 3280.308 (1984), notwithstanding the fact that medium density fiberboard is not specifically covered by that regulation. The product standards prescribed in this section may be modified by rule by the commissioner

of health only as provided in section 144.495.

Sec. 6. [STUDY.]

The commissioner of health shall study the feasibility of developing product standards for, or otherwise regulating, the materials exempted from the definition of building materials in section 325F.18, subdivision 1a. The commissioner shall report to the legislature by January 1, 1987.

The authority shall order that permanent grass, other than a noxious weed, be planted on the banks and on a strip 16-1/2 feet in width or to the crown of the leveled spoil bank, whichever is the greater, on each side of the top edge of the channel of the ditch. The acreage and additional property required for the planting must be acquired by the authority having jurisdiction.

Subd. 2. [RESEEDING AND HARVESTING GRASS.] The authority having jurisdiction over the repair and maintenance of the drainage system shall supervise all necessary reseeding. The permanent grass must be maintained in the same manner as other drainage system repairs. Harvest of the grass from the grass strip in a manner not harmful to the grass or the drainage system is the privilege of the fee owner or assigns. The county drainage inspector shall establish regulations for the fee owner and assigns to harvest the grass.

Subd. 3. [AGRICULTURAL PRACTICES PROHIBITED.] Agricultural practices, other than those required for the maintenance of a permanent growth of grass, are not permitted on any portion of the property acquired for

Subd. 3. [PRELIMINARY PROGRAM PLANS; APPLICATION FOR FEDERAL OR OTHER AID; COOPERATION WITH OTHER AGENCIES; REPORT AND RECOMMENDATIONS TO THE COUNTY BOARD; ADOPTION OF IMPROVEMENT WORK PLAN.] After adoption of the resolution recommending the improvement work unit and program as provided in subdivision 2, with amendments thereto, if any, the board or boards, when the board or boards of county commissioners by resolution so directs, may make or cause to be made such further surveys and studies as may be necessary and thereupon make or cause to be made a preliminary general plan for carrying out the program for the improvement work unit as set forth in the resolution or any part thereof, with cost estimates therefor. The board or boards, at the direction of the county board or boards, may make application for federal aid, state aid, or aid available from any other source for the works embraced in the program or any part thereof under Public Law 566 or any act amendatory thereof or supplementary thereto or any other applicable federal or state law, and may take all steps necessary to determine whether such aid will be available and the amount thereof. The board may consider how the cost of the works of improvement or any part thereof above prospective federal or other aid may be met from the funds of the district or from the proceeds of assessments on benefited property or otherwise, and make estimates therefor. If the cooperation or joint action of any adjacent soil and water conservation district or any other public agency is desirable for any purpose under the program or in connection therewith, the board, at the direction of the county board or boards, may negotiate with the authorities concerned for such cooperation or joint action as authorized in this chapter, and acts amendatory thereof, or as otherwise provided by law. Upon completion of the foregoing steps as far as necessary, the board or boards may make and file a report, summarizing its findings thereon and its recommendations for further action on the program or any part thereof. The board or boards shall make the plan together with the preliminary general plan for the improvement work unit available to the county board or boards and to all other public agencies and persons concerned, and may give such publicity thereto as the district board deems advisable. The report shall contain substantially the same engineering information required by section

112.49, subdivisions 1 and 2. The board or boards shall transmit a copy of the report and preliminary plan to any regional development agency created by Minnesota law for the region in which each project is located, and in those cases where the plan involves a project for which a permit is required from the commissioner of natural resources under chapter 105, or for which proceedings will be instituted under ~~chapter 106~~ sections 1 to 92, to the commissioner of natural resources and to the water resources board. The water resources board shall review the report and plan and, if it concludes that the plan is inconsistent with systematic administration of state water policy, shall report its conclusion to the board or boards and the commissioner of natural resources within 60 days after receiving the report and plan. Thereafter the board or boards may modify and retransmit the report and preliminary plan to the water resources board, or may request a hearing on the report and plan before the water resources board. The water resources board shall hear the matter in the same manner, and follow the same procedures, as provided in sections 105.76 to 105.79, for the hearing of cases where it consents to intervention proceedings. Except where the water resources board concludes that the report and plan are inconsistent with state water policy, the district board or boards, with the approval of the county board or boards, may adopt and sponsor the improvement work unit and a program of work for the unit.

Sec. 94. Minnesota Statutes 1984, section 40.072, subdivision 4, is amended to read:

Subd. 4. [ACTION ON WORK PROJECT PURSUANT TO REPORT; PETITION AND HEARING.] The county board or boards, acting jointly under section 471.59, may take action on a project within the improvement work unit for construction or installation of works of improvement or part thereof pursuant to the recommendations in the report only upon a petition for a project signed by at least 25 percent of the owners of the land over which the proposed improvement work passes or upon which it is located, or by the owners of at least 30 percent of the area of such land, describing such land and requesting the county board or joint county board to hold a hearing on the practicability and desirability of carrying out the project in accordance with the preliminary plan and the recommendations in the report of the district board or boards. If the report specifies that any part of the cost of the project is to be paid from the proceeds of assessments on benefited property, one or more of the petitioners, upon the filing of the petition and before any action is taken thereon, shall file a bond to the county or counties acting jointly conditioned as provided by section ~~406.041~~ 22 in the case of a county drainage system, to be approved by the chairman of the board. The county board or joint county board shall set a time and place for the hearing on the petition, and cause notice thereof to be given as provided in section ~~406.401~~ 33, subdivision 1. If upon the hearing the county board or joint county board finds that the carrying out of the project as requested in the petition will be feasible, in accordance with the recommendations of the report, and in furtherance of the objectives and purposes therein set forth, and that the estimated cost will not exceed the funds which may reasonably be expected to be available for payment thereof, the county board or joint county board may adopt a resolution so determining and directing further action on the project as hereinafter provided. By such resolution the county board or joint county board shall determine the amount to be paid from the respective sources of available or potentially available funds, including federal aid, district funds, assessments on benefited property, and other funds, if any. The amount payable from district funds may be commensurate with but shall not exceed the value of the

general public benefit of the project to the district as determined by the board or boards.

Sec. 95. Minnesota Statutes 1984, section 40.072, subdivision 5, is amended to read:

Subd. 5. [ACTION ON PROJECT WITHOUT ASSESSMENTS.] If no part of the project cost is to be paid from assessments on benefited property, the county board or joint county board may proceed with complete surveys and detailed plans and specifications and make its order establishing the project. The order shall contain findings substantially conforming to those required by section ~~106.201~~ 49, subdivision 2. Notice summarizing the findings and order shall be served upon those persons entitled to receive notice of a county drainage project pursuant to section ~~106.171~~ 46, in the manner therein provided unless such notice is waived in writing by each person entitled to receive such notice. The waiver of notice shall be filed with the county auditor. Unless an appeal is taken within 30 days after the notice is given, the county board or joint county board may proceed to acquire necessary rights or property, procure materials, let contracts, and take any other steps appropriate to complete the project. The county board or joint county board may delegate its duties and powers under this subdivision to the district board or joint district board provided that the district board or joint district board shall not exercise the power of eminent domain.

Sec. 96. Minnesota Statutes 1984, section 40.072, subdivision 6, is amended to read:

Subd. 6. [ACTION ON PROJECT WITH ASSESSMENTS.] If any part of the cost of the project is to be paid from the proceeds of assessments on benefited property, viewers shall be appointed as provided in section ~~106.141~~ 42, and shall report as required by sections ~~106.151~~ and ~~106.161~~ sections 43, 44, and 45. The board or joint board of county commissioners shall direct the petitioners or, with its consent, the board or joint board of supervisors, to provide such engineering services as may be necessary to produce final plans adequate for the construction of the proposed improvement. The county board or joint county board shall then give notice of and conduct a final hearing substantially in accordance with sections ~~106.171~~ 46 to ~~106.191~~ 49 inclusive, as in the case of a county drainage proceeding, so far as these sections are consistent with this chapter, and acts amendatory thereof. If it is determined that the total benefits to property are not as much as the amount payable from the proceeds of assessments as specified in the report of the board or boards under subdivision 3, the petition shall be dismissed and further action on the project discontinued except as hereinafter provided, unless the county board or joint county board shall determine that the deficiency may be met by increasing the amount payable from district funds or other funds, subject to the limitations hereinbefore prescribed, in which case further action for completion of the project may be taken as herein provided. If it is determined that the total benefits to property are as much as or more than the amount payable from the proceeds of assessments as specified in the report and that the other applicable requirements of law have been complied with, the county board or joint county board shall by order containing such findings establish the project as reported or amended and adopt and confirm the viewers' report as made or amended. If the total amount of benefits to be assessed upon property pursuant to the viewers' report as so

adopted and confirmed is greater than the amount specified as payable from such assessments in the report of the board or boards under subdivision 3, the county board or joint county board may reduce the amounts payable from other sources of funds accordingly in such proportions as it may determine. Further action shall be taken thereon as provided in ~~chapter 106 sections 1 to 92~~, so far as appropriate, except that each tract of land affected shall be assessed for the full amount of benefits, less damages, if any, as shown by the viewers' report as adopted and confirmed, unless the total amount of such benefits, less damages, exceeds the total actual cost of the project to be paid from the proceeds of assessments, in which case such cost shall be prorated for assessment purposes as provided in section ~~106.341 67~~. Upon filing of the viewers' report as provided in this section the county board of each county affected shall provide funds to meet its proportionate share of the total cost of the improvement, as shown by the report and order of the county board or joint county board, and for such purposes is authorized to issue bonds of the county in such amount as may be necessary in the manner provided in section ~~106.411 74~~.

The provision of section ~~106.411 74~~ requiring the county board to let a contract for construction before issuing bonds shall not be applicable to bonds issued to provide the funds required to be furnished by this section.

The county board or joint county board, pursuant to agreement with the district board or boards, may by resolution direct the district to undertake, construct, install, maintain, and operate the work of improvement upon terms mutually agreed upon. However, if it is necessary to acquire property by eminent domain, the county, or the counties acting jointly, shall exercise the power of eminent domain and shall convey the property to the district or districts pursuant to the agreement.

If, pursuant to an agreement, the responsibility for a work of improvement is vested in a district or districts, the respective county treasurers shall transmit the proceeds of all related assessments or bond issues, when collected, to the treasurer of the district, who shall credit the same to the proper funds under the direction of the district board.

Sec. 97. Minnesota Statutes 1984, section 40.072, subdivision 9, is amended to read:

Subd. 9. [REPAIR.] The term "repair" used in this section means restoring the project works of improvement or any part thereof as nearly as practicable to the same condition as when originally constructed or subsequently improved.

After the construction of a project has been completed and accepted by the board of the county or district having authority over the project, the board shall maintain the same or such part thereof as lies within its jurisdiction and provide the repairs required to render it efficient to answer its purpose. This board shall have, exercise, and perform the powers and duties of the ~~county board drainage authority under section 106.471 sections 80 to 89~~, except as follows. If this board is a board of a soil and water conservation district, the financing of repairs which require assessments and bond issues shall be the responsibility of the county board or joint county board in a manner similar to that provided for the financing of the cost of original construction of the project and as provided in section ~~106.471 sections 80 to 89~~, so far as appro-

priate.

Sec. 98. Minnesota Statutes 1984, section 40.073, is amended to read:

40.073 [APPEALS.]

Any person aggrieved by an order of the board or joint board of county commissioners in any proceedings undertaken pursuant to section 40.072, subdivisions 5 or 6, may appeal to the district court upon the grounds and in the manner provided by ~~section 406.631~~ *sections 18 and 19*, for a county drainage proceeding. Notices required by ~~section 406.631~~ *sections 18 and 19*, to be filed with the county auditor shall also be filed with the board or joint board of supervisors. No appeal shall be permitted from an order of the board or joint board of county commissioners or the board or joint board of supervisors made pursuant to section 40.072, subdivisions 5 or 6 which dismisses a petition or refuses to establish a project.

Sec. 99. Minnesota Statutes 1984, section 88.43, subdivision 2, is amended to read:

Subd. 2. [BENEFITS; ASSESSMENT; LIEN.] If any clearing or other improvement of land made by any town or city benefits any person, or benefits some and damages others, then the amount of both such benefits and damages shall be ascertained in the same manner as provided by law with respect to damages in condemnation proceedings by right of eminent domain. All provisions of law relating to the determination of the amount of damages in condemnation proceedings shall apply to the determination of the value of benefits under this section, as far as practicable. Any benefits so found shall be assessed against, and be a lien upon, the real property so benefited and shall be noted upon the public records and collected upon the same terms and in substantially the same manner as now provided by law for the collection of ditch and drainage assessments pursuant to ~~chapter 406~~ *sections 1 to 92*.

Sec. 100. Minnesota Statutes 1984, section 97.484, is amended to read:

97.484 [ASSESSMENTS TO BE PAID FROM FUND.]

Any assessments against the State of Minnesota under the provisions of ~~sections 406.381, or 406.671 and 406.672~~ *3, subdivision 2; 5; 44, subdivision 1; or section 70*, shall be paid from moneys in the Wildlife Acquisition Fund herein created on all such lands or properties heretofore or hereafter acquired for wildlife habitat.

Sec. 101. Minnesota Statutes 1984, section 97.50, subdivision 1, is amended to read:

Subdivision 1. [POWERS.] The commissioner, director, game refuge patrolmen, and conservation officers are authorized to:

(1) execute and serve all warrants and processes issued by any court having jurisdiction under any law relating to wild animals, wild rice, use of water, conservation, protection or control of public waters, state-owned dams or other works affecting public waters or water pollution, in the same manner as a constable or sheriff;

(2) arrest, without a warrant, any person detected in the actual violation of any provisions of chapters 84, 97 to 102, 105 and ~~406~~ *sections 1 to 92*, and

section 609.68; and

(3) take the person before any court in the county in which the offense was committed and make proper complaint.

When a person who is arrested for any violation of the provisions of law listed in clause (2), which is punishable as a misdemeanor, is not taken into custody and immediately taken before a court, the arresting officer shall prepare, in quadruplicate, written notice to appear before a court. The notice shall be in the form and has the effect of a summons and complaint. It shall contain the name and address of the person arrested, the offense charged, and the time and the place he is to appear before the court. This place must be before a court which has jurisdiction within the county in which the offense is alleged to have been committed.

In order to secure release, without being taken into custody and immediately taken before the court, the arrested person must give his written promise to appear before the court by signing, in quadruplicate, the written notice prepared by the arresting officer. The officer shall retain the original of the notice and deliver the copy marked "SUMMONS" to the person arrested. The officer shall then release the person from custody.

On or before the return day, the officer shall return the notice or summons to the court before whom it is returnable. If the person summoned fails to appear on the return day, the court shall issue a warrant for his arrest. Upon his or her arrest, proceedings shall be had as in other cases.

Sec. 102. Minnesota Statutes 1984, section 105.42, subdivision 1, is amended to read:

Subdivision 1. It shall be unlawful for the state, any person, partnership, association, private or public corporation, county, municipality or other political subdivision of the state, to construct, reconstruct, remove, abandon, transfer ownership, or make any change in any reservoir, dam or waterway obstruction on any public water; or in any manner, to change or diminish the course, current or cross-section of any public waters, wholly or partly within the state, by any means, including but not limited to, filling, excavating, or placing of any materials in or on the beds of public waters, without a written permit from the commissioner previously obtained. Application for such permit shall be in writing to the commissioner on forms prescribed by him. No permit shall be required for work in altered natural watercourses which are part of drainage systems established pursuant to ~~chapters 106 and sections 1 to 92 and chapter 112~~ when the work in the waters is undertaken pursuant to those chapters.

This section does not apply to any public drainage system lawfully established under the provisions of ~~chapter 106 sections 1 to 92~~ which does not substantially affect any public waters.

The commissioner, subject to the approval of the county board, shall have power to grant permits under such terms and conditions as he shall prescribe, to establish, construct, maintain and control wharfs, docks, piers, levees, breakwaters, basins, canals and hangars in or adjacent to public waters of the state except within the corporate limits of cities.

Sec. 103. Minnesota Statutes 1984, section 105.471, is amended to read:

105.471 [VENUE OF ACTIONS AGAINST COMMISSIONER; DRAINAGE AND CLASSIFICATION OF PUBLIC WATERS.]

Notwithstanding any other law to the contrary, any action for declaratory judgment that is commenced under chapter 555 by or against the commissioner to determine the validity of the commissioner's final decision regarding the classification of any waters of the state as public waters pursuant to sections 105.38 to 105.391, or the drainage of waterbasins or watercourses as provided in ~~section 106.021~~ *sections 2 and 3, subdivision 1*, shall be venued in the county where the water, watercourse or waterbasin is located, if the water, watercourse or waterbasin is located in one county, or in the judicial district where the majority of the water, watercourse or waterbasin is located, if the water, watercourse or waterbasin is located in more than one county.

Sec. 104. Minnesota Statutes 1984, section 105.74, is amended to read:

105.74 [ADDITIONAL DUTIES OF BOARD.]

In addition to duties elsewhere prescribed, the board has the function defined in sections 105.72 to 105.79 when the decision of the agency in a proceeding involves a question of water policy in one or more of the areas of water conservation, water pollution, preservation and management of wildlife, drainage, soil conservation, public recreation, forest management, and municipal planning under any of the following: Sections 84.57, 97.48, subdivision 13, 105.41, 105.42, 105.43, 105.44, 105.64, ~~106.021~~, ~~106.674~~ 2, 3, 115.04, 115.05, and chapter 110.

Sec. 105. Minnesota Statutes 1984, section 105.81, is amended to read:

105.81 [PETITION; BOND; INVESTIGATION; REPORT; HEARING; ORDER.]

For the purpose of conserving and making more adequate use of our water resources, any person, public or municipal corporation, governmental subdivision, the state or any of its departments or agencies, the commissioner of natural resources and the United States or any of its agencies, may petition the county board in the case of a system lying wholly within one county or the district court in the case of a drainage system affecting two or more counties for the installation of dams or other control works in said ditches to impound or divert waters for any beneficial use. Said petition shall contain the location of the installation, plans and specifications for the proposed structure, and a map of the areas likely to be affected by the impoundment or diversion. The petitioner shall agree to be responsible for the cost of installation and construction of the structure. Upon filing of the petition, the petitioners shall file a bond as provided in sections ~~106.041 and 106.051~~ 22 and 23. No bond shall be required if the petition is filed by the state, any of its departments or agencies, the commissioner of natural resources, the United States or any of its agencies, and cities. Said petition shall also be accompanied by a permit from the commissioner of natural resources as required in sections 105.41 and 105.42.

On receipt of the petition, bond, and permit, if required, the board or court shall appoint an engineer to investigate the effect of the proposed installation and file a report of his findings. Upon filing of the engineer's report, notice shall be given and a public hearing held as provided in section ~~106.101~~ 33. If

at this hearing it appears from the engineer's report and other evidence presented that such installation will be of a public or private benefit and that it will not impair the utility of the ditch or deprive affected land owners of the benefit thereof, the board or court shall issue a permit authorizing its installation. Before the petitioner shall install or construct any impoundment or diversion, he shall obtain such rights-of-way and flowage easements from all owners of land to be affected thereby.

The order of the court modifying the ditch system shall provide that all construction and subsequent maintenance and repairs of the ditch modification shall be done and performed by the petitioner without any cost to the owners of lands and properties previously within the drainage system.

Sec. 106. Minnesota Statutes 1984, section 111.09, subdivision 2, is amended to read:

Subd. 2. [CHIEF ENGINEER, ATTORNEY.] The board may employ a chief engineer and an attorney, and such other engineers and attorneys or agents or assistants as are needful and necessary and shall provide for their compensation. All such expenses shall be, as far as practicable, as a part of the costs of each improvement upon which such engineer and attorney perform services, and as far as applicable shall be governed by section 406.434-76.

Sec. 107. Minnesota Statutes 1984, section 111.11, is amended to read:

111.11 [ESTABLISHMENT OF DISTRICT; CLASSES.]

After the organization of the board of directors of any drainage and conservancy district organized under the provisions of sections 111.02 to 111.42 and upon filing with the clerk of the board a petition signed by not less than 25 freeholders of the district (but in no event shall more than 25 percent of the owners of the property affected be required), or by the board of county commissioners of any county, or the council of any city likely to be affected by the proposed improvement therein, asking for the construction within the limits of the conservancy district of any of the improvements authorized by the provisions of sections 111.02 to 111.42 relative to drainage, regulation, control, or conservation of the waters of any lake, pond, marsh, or body of water, river, stream, watercourse, ditch, or drain within the district which may cover the whole or any part of the improvement contemplated when the district was organized, therein describing the need of the proposed improvement, the extent thereof, and describing in general terms the bodies of water, streams, or watercourses proposed to be improved, or reservoirs or other improvements constructed; and, if the construction of a ditch or drain as a part of the proposed improvement contemplated, a description of the starting point, the general course and termination thereof shall be given therein, or if the contemplated improvements require that any ditch or drain established and constructed under any law of this state, or any portion thereof, be utilized for the protection of fires in areas subject to destruction or damage by fire or for irrigation, all as specified, a description of such ditch and drain, or the portions thereof so required, and a general description of such areas, protection whereof from fire is sought, or irrigation is sought, setting forth the reasons and necessity for such improvements and that the same, if constructed, will benefit public health and general welfare of the inhabitants in that vicinity, and the petition is to be accompanied by a bond signed by the

petitioners, or any number of them, or other parties in their behalf, in such sum as the board of directors of such district may specify and such as it shall approve, conditioned for payment of all costs or expenses in connection with such improvements in the event the petition, as therein set forth or subsequently modified, is not granted; it shall be the duty of the board of directors of the district to cause to be made, at the earliest possible date, by its engineer, all necessary surveys, maps, plats, profiles, and plans covering the proposed improvements so as to fully inform the board as to the merits and practicability of proposed improvements, and, in making the surveys, plats, profiles, and report, the engineer shall, so far as practicable, conform to the requirements of General Statutes 1923, Section 6678, and the board shall have authority to correct, change, or modify the proposed improvements, as outlined in the petition, and if the report of the engineer is favorable to the construction of the improvements, and is approved by the board of directors, the board shall, with the least possible delay, appoint three disinterested citizens of the state to act as viewers, and the viewers so selected shall, after subscribing an oath to faithfully and impartially perform their duties, proceed to personally inspect and examine all lands, highways, and other property likely to be affected by the improvements, or that may be used or taken for the construction or maintenance thereof and shall, in the performance of their duties so far as practicable comply with the provisions of sections ~~106-141 and 106-151~~ 42 to 45 and make and file with the clerk of the board with such plans and specifications a detailed statement showing the actual benefits and damages that will result to individuals, property, or corporations from the construction of the improvements, and a list of lands and other property, including highways and corporations, that will be actually benefited or damaged, and the amount thereof, and include lands, roads, corporations, and other property receiving actual benefits by way of drainage or control of flood waters, or by regulation, conservation, and application of waters for fire protection and irrigation, as hereinbefore authorized, and lands or water powers further down the valley and include all lands to which a drainage outlet is supplied by such improvement by way of increased facilities for drainage or control of flood waters or protection from fire or for irrigation, and all such property and corporations shall be assessable for the cost of the proposed improvement in proportion to the actual benefits received, as finally determined by the court; provided, the board of directors of the district may elect to levy no assessment under this section upon water powers, but collect for such improvement as otherwise provided in sections 111.02 to 111.42. General Statutes 1923, Sections 6681 and 6682, so far as applicable, shall apply to and govern the work of the viewers under sections 111.02 to 111.42. In any case where fire protection is part of the relief prayed for in the petition and the utilization of any existing ditch or drain, or any portion thereof, is alleged to be necessary thereto, the petition for such improvements, before being presented to the board of directors, shall be signed by not less than 50 percent of the resident freeholders (but in no event shall more than 25 signers be required) whose lands are affected by the ditch or drain, or portion thereof, to be utilized, and approved by resolution of the board of county commissioners of each county wherein the same is located.

Sec. 108. Minnesota Statutes 1984, section 111.13, is amended to read:

111.13 [MODIFICATIONS, APPROVAL OR REJECTION.]

At the time and place specified in the notice, the court shall hear all parties

interested for and against the granting of the petition and confirming the reports, and may order and direct the modification of the plans and specifications and the assessments of benefits and damages and amend or change the list of property reported as assessable for the construction and maintenance thereof, or may recommit the same to the engineer or viewers, or both, for changes. If upon full hearing the court shall find that the improvement will be conducive to the public health and promote the general welfare and cause the protection and reclamation of wet or overflowed lands or the control of flood waters in streams, channels, and reservoirs, or aid in the prevention of fires in the areas, or any purpose authorized by sections 111.02 to 111.42, in the drainage and conservancy district and that the benefits resulting therefrom will be greater than the costs of the construction and damages, and a sum equal to 15 percent of the cost of the construction, exclusive of damages, for maintenance, then the court shall make its findings accordingly and order and direct the construction of the improvement and confirm the report of the engineer and the findings and report of the board or the viewers with reference to benefits and damages and lands assessable, and may, by this order, authorize the board of the district to construct the whole or any part of the improvement petitioned for or to let contracts for the improvement ordered as a whole or for different parts thereof separately. All persons, parties, or corporations affected by the order shall have the right to appeal on questions of benefits and damages in the manner now provided for appeals in the case of judicial ditches, pursuant to provisions of ~~section 106.634~~ *sections 18 and 19*.

If any ditch or drain, or any portion thereof, mentioned in the petition and reports is proper to be utilized for any of the objects or purposes of sections 111.02 to 111.42, the court shall include in its findings all matters in respect thereto and in and by the order fix and limit the use and application of the same therefor, taking care not to destroy the ditch, or any part thereof, so used for the purposes for which it was established. Upon the entry of the order, the board of directors of the district shall have and exercise all the authority thereover theretofore vested in any public corporation or administrative body as to such ditch or drain, or portion thereof, and be charged with all the duties of any such public corporation or administrative body as to the upkeep, repair, and maintenance of any such ditch, or the part thereof taken under sections 111.02 to 111.42.

"Section 1. Minnesota Statutes 1984, section 117.025, is amended by adding a subdivision to read:

Subd. 4. [CONDEMNING AUTHORITY.] "Condemning authority" means an entity authorized by law to exercise the right of eminent domain under section 117.035.

Sec. 2. Minnesota Statutes 1984, section 117.025, is amended by adding a subdivision to read:

Subd. 5. [ENVIRONMENTAL IMPAIRMENT.] "Environmental impairment" means a condition that violates an environmental or pollution control law.

Sec. 3. [117.056] [PETITION RELATING TO ENVIRONMENTALLY

IMPAIRED PROPERTY.]

Subdivision 1. [PETITION.] At the time a petition is presented to a district court for condemnation under this chapter, or at any time before the proceedings are completed, the condemning authority may request the court for an order finding that:

- (1) the property being condemned is environmentally impaired;*
- (2) protection of the environment requires that the environmental impairment be mitigated;*
- (3) the condemning authority is not a responsible person for the environmental impairment; and*
- (4) paying for the evaluation and mitigation of the environmental impairment from the compensation determined to be due to the owners as damages for the taking is lawful and appropriate.*

Subd. 2. [NOTICE TO POLLUTION CONTROL AGENCY.] At least 20 days before the condemning authority requests an order under subdivision 1, the condemning authority must notify the director of the pollution control agency to allow the director to intervene in the proceedings. Within 180 days after receipt of the notice, the pollution control agency shall evaluate and determine the sufficiency of a plan that is submitted by a party to the proceedings for mitigation of the environmental impairment, and whether the plan is authorized under section 115B.17, subdivision 12. For purposes of this section, the agency may authorize the mitigation plan without applying the priority rules under section 115B.17, subdivision 13.

Subd. 3. [DEPOSIT.] (a) After requesting an order under subdivision 1, the condemning authority shall deposit with the court an amount equal to the approved appraisal of value of the property to be taken and the cost to mitigate the environmental impairment determined under section 117.085, subdivision 2, paragraph (a), clause 2.

(b) When the order requested under subdivision 1 is issued and the amount necessary to pay for the mitigation is determined by the court at least 150 percent of the estimated cost of the mitigation must remain on deposit. The balance shall be paid to the parties that the court determines are entitled to receive the deposit.

(c) When the mitigation of the environmental impairment is completed, the remaining deposit, if any, shall be paid to the entitled parties.

(d) The amount of the deposit shall bear interest at a rate determined by the court.

Subd. 4. [EXPENSES REIMBURSED.] The condemning authority shall be reimbursed for reasonable expenses incurred to investigate, evaluate, and mitigate the environmental impairment. The condemning authority agencies have a lien against the funds deposited for the reasonable expenses incurred under this section. The lien is superior to the lien of any other lienholder, except the lien of real estate taxes or special assessments levied against the property.

Subd. 5. [INSUFFICIENT DEPOSIT.] If the funds deposited with the court are insufficient to pay the expenses of mitigating the environmental

impairment, the condemning authority may:

(1) offset the award of damages;

(2) be awarded judgment against the owner; and

(3) apply to the pollution control agency for remedial action under section 115B.17, subdivision 13.

A judgment may be enforced by the condemning authority in the same manner as execution by a judgment creditor under chapter 550.

Subd. 6. [APPEAL.] The owner of the property to be condemned may appeal the district court's order by filing a petition with the court of appeals within 30 days of the district court's filing of its order pursuant to subdivision 1.

Subd. 7. [RESPONSIBLE PERSON FOR ENVIRONMENTAL IMPAIRMENT.] Notwithstanding section 115B.03, a condemning authority that acquires a right, title, or interest in property under this section and is not a responsible person for the release or threatened release of a hazardous substance from a facility in or on the property under section 115B.03, subdivision 3, does not become a responsible person by acquiring an interest in the property.

In proper cases they may reserve to the owner a right of way or other privilege in or over the land taken, or attach reasonable conditions to such taking in addition to the damages given or they may make an alternative award, conditioned upon the granting or withholding of the right specified.

Subd. 2. [DETERMINATION OF ENVIRONMENTAL IMPAIRMENT.] (a) If the commissioners find that there is environmental impairment of the property, in addition to all other factors affecting the value of the property the commissioners shall consider the following:

(1) the extent of the environmental impairment;

(2) the cost to mitigate the environmental impairment; and

(3) the value of the property after the environmental impairment is mitigated.

(b) If the commissioners find that there is an environmental impairment of the property, the award shall specify the cost to mitigate the environmental impairment and determine the extent of any other reduction in value resulting from the environmental impairment.

Subd. 3. [REPORT.] Without unreasonable delay they shall make a separate assessment and award of the damages which in their judgment will result to each of the owners of the land by reason of such taking and report the same to the court. The commissioners, in all such proceedings, may in their discretion allow and show separately in addition to the award of damages, reasonable appraisal fees not to exceed a total of \$300. Upon request of an owner the commissioners shall show in their report the amount of the award of damages which is to reimburse the owner and tenant or lessee for the value of the land taken, and the amount of the award of damages, if any, which is to reimburse the owner and tenant or lessee for damages to the remainder involved, whether or not described in the petition. The amounts awarded to each person shall also be shown separately."

Sec. 2. Minnesota Statutes 1984, section 260.011, subdivision 2, is

Subd. 2. The purpose of the laws relating to juvenile courts is to secure for each child alleged or adjudicated neglected or dependent and under the jurisdiction of the court, the care and guidance, preferably in his own home, as will serve the spiritual, emotional, mental, and physical welfare of the child and the best interests of the state; *to provide judicial procedures which protect the welfare of the child*; to preserve and strengthen the child's family ties whenever possible, removing him from the custody of his parents only when his welfare or safety cannot be adequately safeguarded without removal; and, when the child is removed from his own family, to secure for him custody, care and discipline as nearly as possible equivalent to that which should have been given by his parents.

The purpose of the laws relating to children alleged or adjudicated to be delinquent is to promote the public safety and reduce juvenile delinquency by maintaining the integrity of the substantive law prohibiting certain behavior and by developing individual responsibility for lawful behavior. This purpose should be pursued through means that are fair and just, that recognize the unique characteristics and needs of children, and that give children access to opportunities for personal and social growth.

(2) a remaining adult family or household member is able to care adequately for the child or children in the absence of the excluded party; *and*

(3) ~~the local welfare agency has developed a plan to provide appropriate social services to the remaining family or household members.~~

Subd. 3. The commissioner of employment and training shall furnish sufficient co-located staff as are necessary to make the services provided through the department of employment and training and the programs it administers or supervises available to clients being served by the contract agency.

S.F. No. 901: A bill for an act relating to human services; increasing incentives for enforcing and collecting child support; amending Minnesota Statutes 1984, sections 256.74, subdivision 5; 256.87, subdivisions 1a and 3; 257.58, subdivision 1; 518.551, subdivision 7; 518.611, subdivisions 2, 4, and 6; and 518.645; repealing Minnesota Statutes 1984, section 518.611, subdivision 3.

Page 1, after line 10, insert:

"Section 1. Minnesota Statutes 1984, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law No. 97-35, Section 2315, 42 U.S.C. 602, as amended and federal regulations at 45 C.F.R. Section 233. In making its

determination the county agency shall disregard the following from family income:

(1) All of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit him for gainful employment;

(2) All educational grants and loans awarded pursuant to a federal law when public assistance was considered in making the award and the award was made on the basis of financial need; and that part of any other educational grant or loan which is used for educational purposes, such as tuition, fees, equipment, transportation and child care expenses necessary for school attendance;

(3) The first \$75 of each individual's earned income. In the case of an individual not engaged in full-time employment or not employed throughout the month the commissioner shall prescribe by rule a lesser amount to be disregarded. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) An amount equal to the actual expenditures but not to exceed \$160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout the month, the commissioner shall prescribe by rule a lesser amount to be disregarded; and

(5) Thirty dollars plus one-third of the remainder of each individual's earned income not already disregarded for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has:

(a) Reduced his earned income without good cause within 30 days preceding any month in which an assistance payment is made; or

(b) Refused without good cause to accept an offer of suitable employment; or

(c) Left employment or reduced his earnings without good cause and applied for assistance so that he might later return to employment with the advantage of the income disregard; or

(d) Failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services.

Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs,

unless for any one of the four preceding months their needs were met in whole or in part by a grant payment.

The disregard of \$30 and one-third of the remainder of earned income described in clause (5) shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of clause (5)(a) to (5)(d) shall be considered as one of the four months. To again qualify for this earned income disregard, the individual must not be a recipient of aid for a period of 12 consecutive months. If an individual becomes ineligible for aid because this earned income disregard has been applied to income for four consecutive months and will no longer be applied to income, the local agency shall inform the individual of the medical assistance program, its standards of eligibility, and the circumstances under which the individual would be eligible for medical assistance.

(6) The commissioner shall increase the standard of need for persons with earned income in effect on January 1, 1982, by 35 percent for each assistance unit. The maximum amount paid to an assistance unit shall be no more than 74 percent of the increased standard of need. Whenever the commissioner increases the maximum payment amount for all assistance units, the commissioner shall increase the maximum standard of need by an equal percentage.

To determine the amount of assistance to be paid to an assistance unit, net income shall be determined in a manner consistent with this chapter and applicable federal law. Net earned income shall be subtracted from the increased standard of need for an assistance unit of the appropriate size and composition to determine the grant amount, except that the grant shall not exceed the standard of need in effect on January 1, 1982 for an assistance unit of the same size and composition. Unearned income shall be subtracted from the maximum payment amount for an assistance unit of the appropriate size and composition to determine the grant amount.

Medical assistance eligibility for medically needy persons who are eligible for aid to families with dependent children shall be determined according to the standard of need in effect on January 1, 1982.

The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days of the collection of such periodic support payments and shall be disregarded in determining the amount of assistance."

Nothing in this chapter limits a municipality's power to plan or ~~zone~~ adopt official controls under other laws or to adopt official controls that are consistent with or more restrictive than those enacted by the county.

Sec. 10. [40A.071] [AMENDED PLAN AND CONTROLS.]

A county or municipality that has adopted a plan and official controls under this chapter may amend the plan and controls under the initial review procedure contained in section 40A.04.

Sec. 11. [40A.121] [ANNEXATION PROCEEDINGS.]

Subdivision 1. [ANNEXATION PROHIBITED.] Land within an exclusive agricultural use zone that is within a township may not be annexed to a municipality under chapter 414, unless the Minnesota municipal board finds that either:

(1) the owner or the county has initiated termination of the zone under section 40A.11;

(2) because of size, tax base, population or other relevant factors, the township would not be able to provide normal governmental functions and services; or

(3) the zone would be completely surrounded by lands within a municipality.

Subd. 2. [EXCEPTION.] This section does not apply to annexation agreements approved by the Minnesota municipal board prior to creation of the zone.

Sec. 12. [40A.122] [EMINENT DOMAIN ACTIONS.]

Subdivision 1. [APPLICABILITY.] An agency of the state, a public benefit corporation, a local government, or any other entity with the power of eminent domain under chapter 117, shall follow the procedures in this section before:

(1) acquiring land or an easement in land with a total area over 10 acres within an exclusive agricultural use zone; or

(2) advancing a grant, loan, interest subsidy, or other funds for the construction of dwellings, commercial or industrial facilities, or water or sewer facilities that could be used to serve structures in areas that are not for agricultural use, that require an acquisition of land or an easement in an exclusive agricultural zone.

Subd. 2. [NOTICE OF INTENT.] At least 60 days prior to an action described in subdivision 1, notice of intent must be filed with the environmental quality board containing information and in the manner and form required by the environmental quality board. The notice of intent must contain a report justifying the proposed action, including an evaluation of alternatives that would not affect land within an exclusive agricultural use zone.

Subd. 3. [REVIEW AND ORDER.] The environmental quality board, in consultation with affected local governments, shall review the proposed action to determine its effect on the preservation and enhancement of agricul-

ture and agricultural uses within the zone and the relationship to local and regional comprehensive plans. If the environmental quality board finds that the proposed action might have an unreasonable effect on a zone, the environmental quality board shall issue an order within the 60-day period under subdivision 2 for the party to refrain from the proposed action for an additional 60 days.

Subd. 4. [PUBLIC HEARING.] During the additional 60 days, the environmental quality board shall hold a public hearing concerning the proposed action at a place within the affected zone or easily accessible to the zone. Notice of the hearing must be published in a newspaper having a general circulation within the area of the zone. Individual written notice must be given to the local governments with jurisdiction over the zone, the agency, corporation or government proposing to take the action, the owner of land in the zone, and any public agency having the power of review or approval of the action.

Subd. 5. [JOINT REVIEW.] The review process required in this section may be conducted jointly with any other environmental impact review by the environmental quality board.

Subd. 6. [SUSPENSION OF ACTION.] The environmental quality board may suspend an eminent domain action for up to one year if it determines that the action is contrary to the purposes of this chapter and that there are feasible and prudent alternatives that may have a less negative impact on a zone.

Subd. 7. [TERMINATION OF ZONE.] Designation as an exclusive agricultural use zone and all benefits and limitations under this chapter, including the restrictive covenant for the portion of the zone taken, ends on the date the final certificate is filed with the clerk of district court under section 117.205.

Subd. 8. [ACTION BY ATTORNEY GENERAL.] The environmental quality board may request the attorney general to bring an action to enjoin an agency, corporation or government from violating the provisions of this section.

Subd. 9. [EXCEPTION.] This section does not apply to an emergency project that is immediately necessary for the protection of life and property.

Sec. 13. [40A.123] [LIMITATION ON CERTAIN PUBLIC PROJECTS.]

Subdivision 1. [PROJECTS AND ASSESSMENTS PROHIBITED; EXCEPTION.] Notwithstanding any law to the contrary, construction projects for public sanitary sewer systems, public water systems, and public drainage systems are prohibited in exclusive agricultural use zones. New connections between land or buildings in a zone and public projects are prohibited. Land in a zone may not be assessed for public projects built in the vicinity of the zone.

Subd. 2. [EXCEPTION; OWNER OPTION.] Subdivision 1 does not apply (1) to public projects necessary to serve land primarily in agricultural use; or (2) if the owner of land in an exclusive agricultural use zone elects to use and benefit from a public project.

Subd. 3. [RECAPTURE OF DEFERRED ASSESSMENT.] If assessments are not levied against property under subdivision 1, the local government shall file a certificate with the county recorder containing a legal description of the property and the amount deferred. If the property is terminated as an exclusive agricultural use zone under section 40A.11, the deferred assessments plus interest are payable within 90 days after termination of the zone. If the deferred assessment is not paid within 90 days, the county auditor shall include the deferred assessment plus a 10 percent penalty on the tax list for the current year.

Sec. 14. Minnesota Statutes 1984, section 40A.13, subdivision 1, is amended to read:

Subdivision 1. [CONSERVATION PRACTICES TO PREVENT SOIL LOSS REQUIRED.] An owner of agricultural land in an exclusive agricultural use zone shall manage the land with sound soil conservation practices that prevent excessive soil loss. ~~Soil loss is excessive if it is greater than the soil loss tolerance for each soil type described in the United States soil conservation service field office technical guide or if the soil loss is greater than the soil loss allowed in an ordinance of the county according to the model ordinance adopted by the commissioner. The model ordinance and sections 40.19 to 40.28 and sections adopted under chapter 40 relating to soil loss apply to all land in an exclusive agricultural zone. A sound soil conservation practice prevents excessive soil loss or reduces soil loss to the most practicable extent. The county shall enforce this subdivision.~~

Sec. 15. [40A.151] [MINNESOTA CONSERVATION FUND.]

Subdivision 1. [ESTABLISHMENT.] The Minnesota conservation fund is established as an account in the state treasury. Money from counties under section 16 must be deposited in the state treasury and credited to the Minnesota conservation fund account.

Subd. 2. [USE OF FUND.] Money in the fund is annually appropriated to the commissioner of revenue to reimburse taxing jurisdictions as provided in section 17 and section 473H.10.

Sec. 16. [40A.152] [COUNTY CONSERVATION FEE; ACCOUNT.]

Subdivision 1. [FEE.] A county shall impose an additional fee of \$3 per transaction on the recording or registration of a mortgage subject to the tax under section 287.05 and an additional \$3 on the recording or registration of a deed subject to the tax under section 287.21. One-half of the fee must be deposited in a special conservation account to be created in the county general revenue fund and one-half must be transferred to the commissioner of revenue for deposit in the state treasury and credited to the Minnesota conservation fund.

Subd. 2. [USE OF ACCOUNT.] Money from the county conservation account shall be spent by the county to reimburse the county and taxing jurisdictions within the county for revenue lost under the conservation tax credit under section 17 or the valuation of agricultural preserves under section 473H.10. Money remaining in the account after those payments may be spent for the following purposes:

(1) agricultural land preservation and conservation planning and imple-

mentation of official controls under this chapter or chapter 473H;

(2) soil conservation activities and enforcement of soil loss ordinances;

(3) incentives for landowners who create exclusive agricultural use zones;

(4) payments to municipalities within the county for the purposes of clauses (1) to (3).

Subd. 3. [TRANSFER TO STATE FUND.] Money in the county conservation account that is not encumbered by the county within one year of deposit in the account must be transferred to the commissioner of revenue for deposit in the Minnesota conservation fund.

Sec. 17. [273.118] [CONSERVATION TAX CREDIT.]

Subdivision 1. [ELIGIBILITY; AMOUNT OF CREDIT.] Land located in an exclusive agricultural use zone created under chapter 40A is eligible for a property tax credit of \$1.50 per acre. To qualify for the tax credit in any year the owner shall file with the assessor by June 30 of that year a record of the restrictive covenant received by the owner under section 40A.10, subdivision 3. An owner who has given notice of termination of the exclusive agricultural use zone under section 40A.11, subdivision 2, is not eligible for the credit. The assessor shall indicate the amount of the property tax reduction on the property tax statement of each taxpayer receiving a credit under this section.

Subd. 2. [REIMBURSEMENT FOR LOST REVENUE.] The county may transfer money from the county conservation account created in section 16 to the county revenue fund to reimburse the fund for the cost of the property tax credit. The county auditor shall certify to the commissioner of revenue on or before June 1 of each year the amount of tax lost to the county from the property tax credit under subdivision 1 and the extent that the tax lost exceeds funds available in the county conservation account. On or before July 15 of each year, the commissioner shall reimburse the county from the Minnesota conservation fund under section 15 for the taxes lost in excess of the county account. If money in the Minnesota conservation fund is insufficient to make the reimbursement, there is annually appropriated from the general fund to the commissioner of revenue an amount sufficient to make the remaining reimbursement.

Sec. 18. Minnesota Statutes 1984, section 473H.10, subdivision 3, is amended to read:

Subd. 3. [COMPUTATION OF TAX; STATE REIMBURSEMENT.] (a) After the assessor has determined the market value of all land valued according to subdivision 2, he shall compute the assessed value of those properties by applying the appropriate classification percentages. When the county auditor computes the rate of tax pursuant to section 275.08, he shall include the assessed value of land as provided in this clause.

(b) The county auditor shall compute the tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times the total rate of tax for all purposes as provided in clause (a).

(c) The county auditor shall then compute the maximum ad valorem property tax on lands valued according to subdivision 2 and nonresidential build-

ings by multiplying the assessed value times 105 percent of the previous year's statewide average mill rate levied on property located within townships for all purposes.

(d) The tax due and payable by the owner of preserve land valued according to subdivision 2 and nonresidential buildings will be the amount determined in clause (b) or (c), whichever is less. If the gross tax in clause (c) is less than the gross tax in clause (b), the state shall reimburse the taxing jurisdictions for the amount of difference. Residential buildings shall continue to be valued and classified according to the provisions of sections 273.11 and 273.13, as they would be in the absence of this section, and the tax on those buildings shall not be subject to the limitation contained in this clause.

The county may transfer money from the county conservation account created in section 16 to the county revenue fund to reimburse the fund for the tax lost as a result of this subdivision or to pay taxing jurisdictions within the county for the tax lost. The county auditor shall certify to the commissioner of revenue on or before June 1 the total amount of tax lost to the county and taxing jurisdictions located within his county as a result of this subdivision and the extent that the tax lost exceeds funds available in the county conservation account. Payments shall be made by the state annually on or before July 15 to each of the affected taxing jurisdictions if the county conservation account is insufficient to make the reimbursement. There is annually appropriated from the ~~general fund in the state treasury~~ Minnesota conservation fund under section 15 to the commissioner of revenue an amount sufficient to make the reimbursement provided in this subdivision. If money in the fund is insufficient to make the reimbursements the appropriation is from the general fund.

If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts,

in the same manner as other orders of the commissioner.

(3) 29 cents per taxable ton plus the increase provided in paragraph (c) to qualifying school districts to be distributed as follows:

(a) Six cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The commissioner shall follow the apportionment formula prescribed in clause (1).

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(2) the ratio of the number of FTE pupils transported in the regular category in the district to the number of FTE pupils transported in the regular category in the state.

(j) (i) "Current year" means the school year for which aid will be paid.

Sec. 5. Minnesota Statutes 1984, section 124.225, subdivision 3, is amended to read:

Subd. 3. [FORMULA.] For each school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. The department of education shall conduct multiple regression analysis using the terms specified in subdivision 4a for the 1982-1983 and 1983-1984 school years, and using the terms specified in subdivision 4b for the 1984-1985 school year and each school year thereafter to predict the base cost for each district. Each year a formula shall be derived based upon the regression analysis, but excluding the factor described in subdivision 4a, clause (9), in the formula for the 1983-1984 school year. Each year the formula and shall be used to determine a predicted base cost for each district. The amount determined for each district shall be adjusted according to the provisions of subdivisions 7a and 7b.

Sec. 6. Minnesota Statutes 1984, section 124.225, subdivision 4b, is amended to read:

Subd. 4b. [FORMULA TERMS, 1984-1985 AND AFTER.] To predict the logarithm of the base cost for each district pursuant to subdivision 3 for the 1984-1985 school year and each school year thereafter, the multiple regression formula shall use the following terms for each district:

(1) The logarithm of the lesser of (a) the number of authorized FTE's per square mile transported by the district in the regular transportation category, or (b) 200;

(2) Whether the district is nonrural, based upon criteria established by the department of education; and

(3) The logarithm of the percentage of all FTE's transported in the regular

category using buses that are not owned by the district.

Sec. 7. Minnesota Statutes 1984, section 124.225, subdivision 7a, is amended to read:

Subd. 7a. [BASE YEAR SOFTENING FORMULA.] (1) For fiscal year 1983, each district's predicted base cost determined according to subdivision 3 shall be adjusted as provided in this clause to determine adjusted authorized predicted cost per FTE for the base school year.

(a) If the predicted base cost exceeds the base cost, the predicted base cost shall be decreased by 50 percent of the first \$40 of difference between the base cost and the predicted base cost; 70 percent of the next \$40 of difference; and 90 percent of any difference which exceeds \$80, to determine the adjusted authorized predicted cost per FTE.

(b) If the predicted base cost is less than the base cost, the predicted base cost shall be increased by 50 percent of the first \$40 of difference between the base cost and the predicted base cost; 70 percent of the next \$40 of difference; and 90 percent of any difference which exceeds \$80, to determine the adjusted authorized predicted cost per FTE.

(2) For fiscal year 1984 and each year thereafter, Each district's predicted base cost determined for each school year according to subdivision 3 shall be adjusted as provided in this clause to determine the district's adjusted authorized predicted cost per FTE for that year.

(a) If the base cost of the district is within five percent of the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to the base cost.

(b) If the base cost of the district is more than five percent greater than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 105 percent of the predicted base cost, plus 40 percent of the difference between (i) the base cost, and (ii) 105 percent of the predicted base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be less than 80 percent of base cost.

(c) If the base cost of the district is more than five percent less than the predicted base cost, the district's adjusted authorized predicted cost per FTE shall be equal to 95 percent of the predicted base cost, minus 40 percent of the difference between (i) 95 percent of predicted base cost, and (ii) the base cost. However, in no case shall a district's adjusted authorized predicted cost per FTE be more than 120 percent of base cost.

Sec. 8. Minnesota Statutes 1984, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by 22 percent to determine the district's aid entitlement per FTE for the 1982-1983 school year, by 11.7 percent to determine the district's aid entitlement per FTE for the 1983-1984 school year, and by 10.3 percent to determine the district's aid entitlement per FTE for the 1984-1985 school year, by 9.4 percent to determine the district's aid entitlement per FTE for the 1985-1986 school year, and by 8.3 percent to determine the district's aid entitlement per FTE for the 1986-1987 school year.

Sec. 9. Minnesota Statutes 1984, section 124.225, subdivision 8a, is amended to read:

Subd. 8a. [AID.] For the 1982-1983 and 1983-1984 school years, a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its excess handicapped transportation aid pursuant to subdivision 8c, its handicapped board and lodging aid pursuant to subdivision 8d, its to and from board and lodging aid pursuant to subdivision 8e, its nonpublic support services transportation aid pursuant to subdivision 8f, its during-day transportation aid pursuant to subdivision 8g, and its closed-school transportation aid pursuant to subdivision 8h, minus the amount raised by two mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. For the 1983-1984 school year transportation aid for a district which contracted for pupil transportation services in the 1981-1982 school year shall be reduced by an amount equal to \$18 times the number of FTE pupils transported on contracted school buses in the base year in the regular transportation category. A district may levy less than the amount raised by two mills. Transportation aid shall be computed as if the district had levied the amount raised by two mills. Aid for the 1982-1983 and 1983-1984 school years shall also be reduced by the following amount: the product of

(a) the number of nonhandicapped secondary pupils transported in the base year who live between one and two miles from the public school which they could attend or the nonpublic school actually attended, times

(b) 1.5, divided by the average distance to school for all FTE's transported in the district in the regular transportation category in the base year, times

(c) the district's aid entitlement per FTE determined according to subdivision 7b, times the ratio of average daily membership used in subdivision 8b.

For the 1984-1985 *each* school year and thereafter, a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its nonregular transportation aid pursuant to subdivision 8i, and its nonregular transportation levy equalization aid pursuant to subdivision 8j, minus its contracted services and reduction pursuant to subdivision 8k, minus the amount raised by 1.75 mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than the amount raised by 1.75 mills. Transportation aid shall be computed as if the district had levied the amount raised by 1.75 mills.

If the total appropriation for transportation aid for any fiscal year is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the aid entitlement of off-formula districts in the same proportion.

Sec. 10. Minnesota Statutes 1984, section 124.225, subdivision 8b, is amended to read:

Subd. 8b. [BASIC AID COMPUTATION.] For the 1982-1983 and 1983-1984 school years, a district's basic transportation aid pursuant to this section for the school year shall equal the district's aid entitlement per FTE deter-

mined according to subdivision 7b times the total number of authorized weighted FTE's transported in the regular and handicapped transportation categories in the district in the base year times the ratio of average daily membership in the district in the current year to the average daily membership in the district in the base year.

For the 1984-1985 school year and thereafter, A district's basic transportation aid pursuant to this section for each school year shall equal the district's aid entitlement per FTE determined according to subdivision 7b, times the total number of authorized FTE's transported in the regular category in the district in the current school year.

Sec. 11. Minnesota Statutes 1984, section 124.225, subdivision 10, is amended to read:

Subd. 10. [DEPRECIATION.] Any school district which owns school buses or mobile units shall transfer annually from the unappropriated fund balance account in its transportation fund to the appropriated fund balance account for bus purchases in its transportation fund at least an amount equal to 12-1/2 percent of the original cost of each type one or type two bus or mobile unit until the original cost of each type one or type two bus or mobile unit is fully amortized, plus 20 percent of the original cost of each type three bus included in the district's authorized cost under the provisions of subdivision 1, clause (b)(4), until the original cost of each type three bus is fully amortized, plus 33-1/3 percent of the cost to the district as of July 1 of each year for school bus reconditioning done by the department of corrections until the cost of the reconditioning is fully amortized; provided, if the district's transportation aid is reduced pursuant to subdivision 8a because the appropriation for that year is insufficient, this amount shall be reduced in proportion to the reduction pursuant to subdivision 8a as a percentage of the sum of

(1) the district's total transportation aid without the reduction pursuant to subdivision 8a, plus

(2) for each fiscal year years 1983 and 1984, an amount equal to two mills times the adjusted assessed valuation which is used to compute the levy limitation for the levy attributable to that year, or for fiscal year 1985 and thereafter 1.75 mills times the adjusted assessed valuation of the district for the preceding year. Any school district may transfer any amount from the unappropriated fund balance account in its transportation fund to any other operating fund or to the appropriated fund balance account for bus purchases in its transportation fund.

Sec. 12. Minnesota Statutes 1984, section 275.125, subdivision 5b, is amended to read:

Subd. 5b. [TRANSPORTATION LEVY OFF-FORMULA ADJUSTMENT.] In fiscal years 1983 and 1984 if the transportation levy in a district attributable to each fiscal year of two mills times the adjusted assessed valuation of the district exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8c, 8d, 8e, 8f, 8g, and 8h, the district's transportation levy limitation shall be adjusted as provided in this subdivision. In the year following each of those fiscal years, the district's transportation levy shall be reduced by an amount equal to the difference between (1) two mills

times the adjusted assessed valuation of the district, and (2) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8c, 8d, 8e, 8f, 8g, and 8h, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.

In fiscal year 1985 and each fiscal year thereafter, if the basic transportation levy in a district attributable to a particular fiscal year of 1.75 mills times the adjusted assessed valuation of the district exceeds the transportation aid computation under section 124.225, subdivisions 8b, 8i, 8j, and 8k, the district's levy limitation shall be adjusted as provided in this subdivision. In the year following each fiscal year, the district's transportation levy shall be reduced by an amount equal to the difference between (1) 1.75 mills times the adjusted assessed valuation of the district, and (2) the sum of the district's transportation aid computation pursuant to section 124.225, subdivisions 8b, 8i, 8j, and 8k, and the amount of any subtraction made from special state aids pursuant to section 124.2138, subdivision 2, less the amount of any aid reduction due to an insufficient appropriation as provided in section 124.225, subdivision 8a.

For the levies certified in 1983 and 1984, the following additional amount shall be subtracted:

the product of

(a) the number of nonhandicapped secondary pupils transported in the base year who live between one and two miles from the public school which they could attend or the nonpublic school actually attended, times

(b) 1.5, divided by the average distance to school for all FTE's transported in the district in the regular transportation category in the base year, times

(c) the district's aid entitlement per FTE determined according to section 124.225, subdivision 7b, times the ratio of average daily membership in the district in the current year to average daily membership in the district in the base year.

Sec. 13. Minnesota Statutes 1984, section 275.125, subdivision 5c, is amended to read:

Subd. 5c. [NONREGULAR TRANSPORTATION LEVY.] A school district may also make a levy for unreimbursed nonregular transportation costs pursuant to this subdivision. The amount of the levy shall not exceed the product of:

(a) the district's unreimbursed nonregular transportation revenue determined pursuant to section 124.225, subdivision 8j, clause (a), times

(b) the lesser of

(i) one, or

(ii) the ratio of the district's adjusted assessed valuation for the preceding year per total pupil unit in the school year to which the levy is attributable, to 90 percent of the equalizing factor for the school year to which the levy is attributable.

Sec. 14. Minnesota Statutes 1984, section 275.125, subdivision 5d, is amended to read:

Subd. 5d. [EXCESS TRANSPORTATION LEVY.] A school district may also make an excess transportation levy pursuant to this clause, which shall be the sum of:

(a) the district's actual cost in the school year after the year in which the excess transportation levy is certified for transportation to and from school of secondary pupils who live more than one mile but less than two miles from the public school which they could attend or from a nonpublic school actually attended, plus

(b) the district's actual cost in the school year after the year in which the excess transportation levy is certified for transportation costs or other related services which are necessary because of extraordinary traffic hazards, *excluding the costs in paragraph (a)*; plus

(c) the amount necessary to eliminate any projected deficit in the appropriated fund balance account for bus purchases in its transportation fund as of June 30 in the school year beginning in the calendar year following the calendar year the levy is certified; plus

(d) an amount equal to the aid subtraction computed pursuant to section 124.225, subdivision 8k, for the school year beginning in the year the levy is certified; except that for the 1983 payable 1984 levy, this amount shall be based upon the aid subtraction for the 1984-1985 school year. These amounts shall be placed in the transportation fund and used for any lawful purpose.

Levies authorized by this subdivision shall be computed according to procedures established by the commissioner.

Sec. 15. [APPROPRIATIONS.]

ARTICLE 5

ACCESS TO EXCELLENCE

Section 1. [120.076] [OPEN ENROLLMENT.]

Subdivision 1. [PURPOSE.] It is the intention of the legislature to foster

academic excellence for pupils in secondary schools. To that end, a pupil may enroll according to this section in a school district in which the pupil does not reside. The purpose of enrolling shall be to participate in the curricular offerings of the district. The pupil may participate in extracurricular or cocurricular activities as determined by the authority having jurisdiction over the activity.

Subd. 2. [PART-TIME ATTENDANCE.] A pupil may attend a nonresident school district without enrolling full time in the district. The purpose of attending shall be to participate in one or more of the curricular offerings for credit. The pupil may attend the nonresident district without the consent of the resident school district. A nonresident district may deny the pupil's attendance if there is not space available in the curricular offering.

Subd. 3. [NOTICE TO DEPARTMENT.] By July 1 each year, each school board shall notify the department of education whether it will allow nonresident pupils to enroll in the district during the following school year.

Subd. 4. [APPLICATION PROCEDURES AND DEADLINES.] A request to enroll in a nonresident district under this section shall be made on department of education forms. The department shall supply forms to each district. The form shall include demographic data and a description or name of the school or program in which the pupil wishes to enroll. The form shall be signed by the pupil's parent or guardian. The parent shall submit the application to the superintendent of the nonresident district by December 1 or, for a district with a desegregation plan, by November 1, for enrollment for the following school year. The superintendent of the nonresident district shall send a copy of each application it receives to the superintendent of each resident district within ten days of receiving the application. After the school board of the nonresident district approves or disapproves the request, it shall send a written notice to the parent of each pupil by mail by January 15 or, for a district with a desegregation plan, by November 20. The notice shall be a copy of the application form and shall specify the school or program in which the pupil may enroll.

Subd. 5. [SCHOOL BOARD APPROVAL.] The school board of the district of attendance shall approve or disapprove each request by a nonresident pupil to enroll in the district. The board shall designate the program or school the pupil may attend. In making the designation, the board shall assure that resident pupils have the same opportunity to participate in a program or enroll in a school as a nonresident pupil. The board may give preference to resident pupils to participate in a program or enroll in a school and may give preference to a nonresident pupil who would be returning to the program or school previously attended. The board may require requests from nonresident pupils to be submitted each year. The board may disapprove a request only because there is not space available in a program or school and according to subdivision 6. If the board receives more timely requests for a program or school than there is space available, the board shall approve requests on an equitable basis, including approval by lot.

Subd. 6. [RACIAL BALANCE.] A pupil wishing to transfer into or out of a district that has a desegregation plan for its schools shall apply, on the form described in subdivision 4, to the district having the desegregation plan by November 1 of each year for the following school year. If the number of

requests to transfer in and out of the district that has a desegregation plan would mean that the district would not be in compliance with state board rules about desegregation, the district shall propose limits on the number of majority and minority pupils as defined by state board rules, who may transfer into or out of each school building within the district. The district shall report its proposed transfer limits to the commissioner of education by November 10. The commissioner shall review the proposed transfer limits to determine whether they comply with state board rules, and to determine whether the proposed transfer limits conform to the district's desegregation plan. The commissioner shall either approve or modify the number of transfers to be permitted into or out of each school building, and shall notify the district thereof by November 15. Transfers allowed or disallowed under this subdivision shall not be a violation of chapter 363. Failure to comply with the limits established by the commissioner shall be a violation of this section. Within the limits established, selection of individual pupils shall be based on equitable criteria and may be made by lot. Written notice of approval or disapproval to transfer into or out of the district shall be sent by mail to the applicants by November 20.

Subd. 7. [ACCEPTANCE PROCEDURES AND DEADLINES.] The parent shall send a written notice by mail by February 1 to the superintendent of the nonresident district indicating whether the pupil will enroll in the district. By February 10 the superintendent of the nonresident district shall send written notice by mail to each superintendent of a resident district indicating each pupil who will enroll in the nonresident district the following school year.

Subd. 8. [FAILURE TO MEET DEADLINES.] If the parent does not send a written notice by February 1, the pupil shall not enroll in a nonresident district unless the pupil obtains written approval of the school board of the nonresident district and the school board of the resident district on a form provided by the department of education. Notwithstanding subdivision 7 or this subdivision, a pupil may enroll in the district of residence at any time.

Subd. 9. [PUPIL RIGHTS AND DISTRICT RESPONSIBILITIES.] A pupil enrolled in a nonresident district according to this section shall have the same rights to participate in curricular programs as a resident pupil. The provisions of sections 127.26 to 127.39 shall apply to the pupil and nonresident district during the time the pupil is enrolled. A pupil may not reenroll in the district of residence until after the time of suspension, exclusion, or expulsion has concluded.

Subd. 10. [CREDITS AND GRADUATION.] A pupil who is enrolled in a nonresident district under this section shall meet the course requirements of the nonresident district. A nonresident district shall accept credits awarded by the resident district and count them toward the graduation requirements of the district. The pupil may graduate from the nonresident district unless the nonresident and resident district agree otherwise.

Subd. 11. [INFORMATION.] A district allowing nonresident pupils to enroll under this section is encouraged to make information about district offerings available to parents and prospective pupils. A district may make other information available to help the parents and pupils make informed decisions. The department shall provide technical assistance to all districts

preparing information and to parents and pupils.

Subd. 12. [APPLICATION FORMS AND ENROLLMENT LIMITATIONS.] Notwithstanding the provisions of sections 363.03, subdivision 5, clause (3), and 127.08, a school district may use forms designating the race and handicapping condition of a pupil if such forms are developed by the department and are for the purpose of collecting information that will be used either to maintain racial balance in accordance with state board rules or to plan for the special education needs of a handicapped pupil. Notwithstanding any law to the contrary, it is not an unfair discriminatory practice for a school board to restrict or prevent enrollment in a school, program, or the district by restricting the number of or preventing handicapped pupils with a particular disability according to the space available in a school, program, or the district. Notwithstanding any law to the contrary, it is not an unfair discriminatory practice for a school board that has a desegregation plan for its schools to restrict or prevent enrollment in a school, program, or the district by restricting the number of or preventing majority or minority group pupils according to the space available in a school, program, or the district.

Subd. 13. [HANDICAPPED PUPILS.] The provisions of sections 120.17, subdivisions 6 and 7, and 120.181 regarding placement of handicapped and nonhandicapped pupils for care and treatment shall not be altered by this section. A handicapped pupil shall be provided special instruction and services by the nonresident district according to the eligibility standards and procedures of the nonresident district. The nonresident district may not bill the resident district for any costs related to a handicapped pupil enrolled under this section. The nonresident district shall be paid federal aid for a nonresident handicapped pupil enrolled in the district. If a nonresident district determines it will no longer have space available in a program for the following school year for all or some of the handicapped pupils who have been enrolled, the nonresident district shall not be responsible for providing special instruction and services after the school year ends for that pupil, notwithstanding any law, rule, or contents of an individual education plan to the contrary. When a handicapped pupil enrolled in a nonresident district will be enrolled in another nonresident district or the district of residence, the current nonresident district shall convene a team meeting by May 1 with the parent and the district in which the handicapped pupil will be enrolled. The team meeting shall facilitate development of an individual education plan for the following school year.

Sec. 2. [123.3514] [ENROLLMENT IN POST-SECONDARY INSTITUTIONS.]

Subdivision 1. [ENROLLMENT.] An eleventh or twelfth grade pupil may enroll in programs or courses in any public post-secondary institution in the state. A pupil may enroll for post-secondary credit in one or more programs or courses or may enroll as a full-time student in a degree or certificate program. A pupil may enroll in courses or programs selected by the pupil if there is space available. Credit shall be granted by the district according to section 123.3511. The institution shall not charge tuition, fees, or other charges to a pupil. No pupil may attend a public post-secondary institution under this section after the pupil has completed the equivalent of twelfth grade, even if the pupil has not graduated from high school.

Subd. 2. [TRANSPORTATION.] A district of attendance shall provide

transportation on regular school bus routes to any pupil enrolled part time or full time in a post-secondary institution if the transportation does not interfere with transportation of pupils to or from school or other authorized transportation of pupils. The district of attendance may provide transportation to any pupil enrolled in a post-secondary institution but shall not receive aid under section 124.225. The district of attendance shall reimburse the cost of transportation for a pupil who demonstrates financial need and who attends a post-secondary school part time or full time. The one-way mileage limit for reimbursement is 30 miles. The state shall pay a school district for the amounts paid to pupils demonstrating financial need.

The state shall pay transportation aid according to section 124.225 to the district of attendance. A district of residence is not required to provide or pay for transportation between a pupil's residence and the border of the district of attendance. A pupil enrolled full time under section 1 who demonstrates financial need shall be reimbursed by the district of attendance for the cost of transportation to and from the pupil's residence to the border of the district of attendance.

For a part-time pupil who demonstrates financial need, the district of attendance shall reimburse the cost of transportation to and from the pupil's residence or secondary school in the district of residence, as applicable, and the secondary school in a nonresident district. The one-way mileage limit for reimbursement is 30 miles. The state shall pay a school district for the amounts paid to part-time pupils demonstrating financial need.

Subd. 2. [APPLICATION FOR AID.] A district may apply for aid by completing an application and submitting it to the department of education. The application must include at least the following:

(1) a description of the proposed use of the aid; and

This long-range plan must be approved by the planning, evaluation, and reporting committee, the comprehensive arts planning committee, or an advisory committee about arts education, composed of district and community people and appointed by the school board. The plan must be adopted by the school

Subd. 6. [MATCHING FUNDS.] A district is encouraged to match the amount of aid by using its funds or by obtaining funds from other sources.

S.F. No. 857: A bill for an act relating to statutes; providing that selected statutes shall be subject to judicial modification as is common law; proposing coding for new law in Minnesota Statutes, chapter 3C.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [645.175] [JUDICIAL MODIFICATION OF STATUTORY LAW.]

Subdivision 1. [JUDICIAL MODIFICATION AUTHORIZED.] Notwithstanding section 645.16, a court adjudicating a case and controversy may, in deciding that case and controversy and only to the extent necessary to serve justice, modify the effect of a statute as provided in this section.

Subd. 2. [APPLICABILITY.] Subdivision 1 applies to a statute or portion of a statute that: (1) imposes rules of private law, and (2) has been in effect for more than 20 years prior to the event or transaction that is the subject of the case and controversy.

Subd. 3. [PRIVATE LAW.] For the purpose of subdivision 2, private law means rules of law relating to the legal relations of private parties, including rules in the areas of: contracts; torts; probate; commercial transactions; marriage and dissolution; partnerships; associations; corporations; principal and agent; trusts; evidence; remedies; conflict of laws; unfair competition; unfair trade practices; creditors' and debtors' rights; environmental rights; and similar subject areas; and rules of civil procedure and administrative procedure. Private law does not include rules of law relating to: taxes; crimes; criminal procedure; elections; local government; government structure; programs of education, corrections, welfare, and transportation; regulation of financial institutions, insurance companies, and securities; and similar subject areas.

Subd. 4. [BEGINNING OF 20-YEAR PERIOD FOR AMENDATORY ACTS.] For the purposes of subdivision 2, an amendment to a statute does not start a new 20-year period as to the statute amended if the amendment does not substantively affect the aspect of the statute at issue in the case or controversy because, for example, the amendment is technical or stylistic, a recodification, or directed to portions of the statute not at issue.

Subd. 5. [EXCLUSIONS.] The following statutes and subject areas are excluded from the applicability of subdivision 1: (1) this section; (2) statutes relating to real property conveyancing, title, financing, foreclosure and cancellation of title; and (3) statutes of limitation.

Subd. 6. [CIRCUMSTANCES JUSTIFYING MODIFICATION.] Judicial modification of a statute under this section is justified only if all of the following conditions are present:

(1) the application of the statute in the case and controversy without modi-

fication would lead to an unjust result in light of accepted principles of public policy, constitutional and common law;

(2) the application of the statute in the case and controversy without modification would lead to an unjust result in light of more recently enacted statutes;

(3) the modification does not lead to a result in the case and controversy that could not be foreseen by the parties and that unduly prejudices any party; and

(4) the modification does not involve changing a number.

Subd. 7. [EFFECT OF MODIFICATION.] The modification of a statute under this section does not amend or repeal the statute. Modification means that in a subsequent case and controversy involving similar circumstances a court should adhere to the statute to the extent justice permits, but should take guidance from the modifying decision in the same manner as any other judicial precedent would be followed.

Subd. 8. [NOTICE PROCEDURE WHEN STATUTE IS MODIFIED.] When a statute is modified under this section, the court shall prepare a memorandum describing the reason the statute was modified. The memorandum shall be sent to the revisor of statutes, who shall maintain a file of these memoranda and periodically prepare a summary for the legislature."

Subdivision 1. [COMPLAINT.] A land occupier adversely affected by the effects of excessive soil loss, or an elected local government official, may submit a verbal or written complaint against a land occupier alleging that excessive soil loss has occurred or is occurring. The complaint must be made to

the governing body of the local government unit that has adopted an ordinance as provided in section 40-21. If the complaint is verbal, it must be followed by a written complaint within 72 hours. The complaint shall include the approximate dates and location of the alleged violation and describe the source, nature, and extent of the excessive soil loss alleged to have occurred or which is occurring. The complaint must be made to the governing body of the local government unit that has adopted a soil loss ordinance as provided in section 40-21. (a) An adversely affected landowner, an elected or appointed official of the local government, or a soil and water conservation district board member may submit a written complaint to the local government if conditions exist that indicate there is excessive soil loss from a tract of land that affects another tract of land or body of water. The written complaint must contain:

(1) the name and address of the landowner;

(2) the location of the tract of land with the excessive soil loss;

(3) land or water that is affected by the excessive soil loss; and

(4) a description of the nature of the excessive soil loss and resulting sedimentation.

(b) The local government shall submit the complaint to the soil and water conservation district for soil loss determination.

Subd. 2. [DISTRICT DETERMINATION OF SOIL LOSS.] (a) The soil and water conservation district shall determine the average soil loss in tons per acre per year of the tract of land cited in the complaint.

(b) The soil and water conservation district may enter public or private land to make an inspection for the determination of soil loss or to complete the report. The landowners must be notified of the time of the inspections and be given an opportunity to be present when the inspection is made.

(c) The soil and water conservation district shall submit a report to the local government that states the average soil loss in tons per acre per year for each tract of land and whether the soil loss is excessive under the applicable soil loss limits. If the soil loss is excessive the report must include identification of existing management practices and a conservation plan and time schedule that will prevent excessive soil loss or reduce the soil loss to the most practicable extent.

Subd. 3. [MEDIATION.] (a) If the soil and water conservation district report shows that soil loss from the tract of land is excessive and alternative practices are available to reduce the soil loss, the local government shall request the allegedly offending landowner to participate in mediation with the local government.

(b) The local government may appoint the planning and zoning director, a planning commissioner, or other county official to act as a mediator. The local government may also contract with a mediation center to provide mediation services.

(c) The landowner, and the local government or its agent must attempt to agree on conservation practices and times to implement the practice that will reduce soil loss to the local soil loss limits.

(d) A mediated settlement must be in writing, and filed with the local government.

(e) If the local government and the landowner do not agree to a mediated settlement, or if the landowner refuses to participate in mediation, the local government shall forward the complaint to the county attorney. The county attorney may dismiss the complaint or petition for a hearing under section 17.

Subd. 4. [APPLICATION FOR COST SHARING FUNDS.] The landowner has 90 days after a mediated settlement is filed to apply for state cost-sharing funds that will provide 75 percent of the cost of the permanent conservation practices. Only 50 percent cost share will be provided if the application is not made within 90 days after the settlement is filed. The landowner must apply for 50 percent cost share within 270 days after the mediated settlement is filed.

Subd. 5. [PENALTY.] A landowner that does not comply with the provisions of the mediated settlement is subject to a civil penalty up to \$500. Soil conservation practices that are made in good faith and substantial compliance are a complete defense.

Sec. 17. [40.242] [DISTRICT COURT HEARING.]

Subdivision 1. [DETERMINATION OF PROPER CONSERVATION PLAN.] If the landowner and the local government do not agree to a mediated settlement or if the landowner has refused mediation, the county attorney may petition the district court for a hearing. The landowner shall have the opportunity to present the landowner's conservation plan and time schedule as an alternative to the local government conservation plan and time schedule. The court shall order the landowner to implement the conservation plan and time schedule that is the least burdensome to the landowner and will reduce soil loss to at least the soil loss limit. The court may amend the local government's or landowner's conservation plan and time schedule, or develop a new conservation plan and time schedule. The court shall set times to implement, make satisfactory progress, and complete the conservation plan.

Subd. 2. [COST-SHARING FUNDS.] (a) If the court orders implementation of the landowner's conservation plan and time schedule, or amends the conservation plan and time schedule, or if the court develops a new conservation plan and time schedule, the landowner is eligible to apply for 75 percent cost-share funds for permanent conservation practices. The landowner must apply for the cost share within 90 days after the court order. If the landowner does not apply within 90 days for the cost-sharing funds the cost share is reduced to 50 percent. The court shall establish a time when the landowner is not eligible for cost-sharing funds if an application is not made.

(b) If the court orders a plan and time schedule developed by the district in its report, the landowner is eligible for 50 percent cost share if the landowner applies within 90 days after the court order.

Sec. 18. [40.244] [SOIL AND WATER CONSERVATION ASSISTANCE.]

A landowner who has filed a mediated settlement under section 16 or who has received a court order under section 17 may request the soil and water conservation district to assist in the planning, design, and application of

practices necessary to reduce soil loss to the applicable soil loss limit amounts or to the greatest practical extent. The soil and water conservation district must give the landowner a high priority for technical and cost-sharing assistance.

Sec. 19. [40.246] [ATTORNEY AND LOCAL GOVERNMENT MAY PERFORM DUTY OF COUNTY.]

The city attorney or town attorney may perform the duties of a county attorney. A city or town may perform the duties of a local government only if the city or town adopts a soil loss ordinance and the land in the complaint is located within the city or town.

Sec. 20. Minnesota Statutes 1984, section 40.25, is amended to read:

40.25 [EROSION CONTROL PLAN FOR DEVELOPMENT ACTIVITIES.]

Subdivision 1. [SEDIMENTATION CONTROL PLAN.] (a) A person engaged in a development activity that will disturb over one acre of land must submit to the governing body a sedimentation control plan and time schedule that will prevent excessive soil loss to the local government having jurisdiction over the land before the development activity is to begin.

(b) A sedimentation control plan and time schedule must specify how the movement of soil and damage to other property during the construction will be minimized, including the use of temporary seeding, fiber mats, plastic, straw, mulch, sediment control basins, and other measures to prevent erosion and sediment damage. The time schedule must establish deadlines for the implementation and completion of each phase or element of the sedimentation control plan.

Subd. 2. [PERMIT REQUIRED.] The local government may appoint the zoning and planning director, building inspector, county engineer, or the soil and water conservation district to review the plan and time schedule. If the sedimentation control plan and time schedule will prevent excessive soil loss to the most practicable extent, the local government must issue a permit that authorizes the development activity contingent upon the implementation and completion of the sedimentation control plan.

Subd. 3. [PENALTY.] A person engaged in a development activity who does not obtain a sedimentation control plan permit or does not commence or complete the plan or make satisfactory progress to complete the plan is subject to a civil penalty up to \$500. Soil conservation practices made in good faith and substantial compliance are a defense.

Subd. 4. [APPLICATION.] For counties, the provisions of this section apply only to county jurisdiction over unincorporated areas.

Sec. 21. Minnesota Statutes 1984, section 40.26, is amended to read:

40.26 [APPLICATION FOR COST-SHARING FUNDS.]

(a) Except in the case of for a development activity, a land occupier may not be required to establish soil conservation practices unless state cost-sharing funds have been specifically approved for that land and have been made available to the land occupier in an amount under sections 16 and 17, equal to at least 75 percent of the cost of the permanent conservation practices on a

voluntary basis, and or a 50 percent cost share if implementation is not commenced following the issuance of an administrative order as provided in this section. The state soil and water conservation board shall review these requirements at least once each year, and may authorize districts in any particular case to provide a higher percentage of public cost sharing than is required by this section. To aid in this determination, the state board may consider the location of the affected area in relation to the priority areas as established in the district annual and long-range plans. Evidence that an application for state cost-sharing funds has been submitted to the soil and water conservation district shall constitute commencement of the work within the meaning of section 40.24. When notified of the approval of the application, the local unit shall issue to the same parties who received the original administrative order, or their successors in interest, a supplemental order, to be delivered in the same manner as provided by section 40.24. The supplemental order shall state a time, not more than 90 days after approval of the application for state cost-sharing funds, by which the work needed to comply with the original administrative order shall actually be commenced, and a time not more than one year thereafter when the work is to be satisfactorily completed. *an application for cost share is not made within 90 days after the board approves a mediated written agreement or within 90 days after the court orders implementation of a plan and time schedule prepared by the landowner or the court. For mediated settlements, a court order that implements the landowner's alternatives or the court's alternatives must state the time schedule for application for 50 percent cost share. If the court orders implementation of the district's plan and time schedule, a landowner is only eligible for 50 percent cost share.*

(b) The state soil and water conservation board shall review these requirements at least once each year, and may authorize a district to provide a higher percentage of cost sharing than is required by this section. To aid in this determination, the state board may consider the location of the affected area in relation to the priority areas as established in the soil and water conservation district annual and long-range plans.

Sec. 22. Minnesota Statutes 1984, section 40.28, is amended to read:

40.28 [PENALTY.]

A violation of an administrative order issued under section 40.24 or a supplemental order issued under section 40.26 is a misdemeanor. A person who violates section 14 is subject to a civil penalty up to \$500.

Sec. 23. [REPEALER.]

A county may change the plans and rules it incorporates if the county demonstrates in its comprehensive water plan why the changes are necessary and if the changes are agreed to by each county: (1) responsible for the appointment of a manager serving on the watershed board, or (2) represented on the joint powers board.

Subd. 6. [SCOPE OF PLANS.] Comprehensive water plans must include:

- (1) a description of the existing and expected changes to physical environment, land use, and development in the county;
- (2) available information about the surface water, groundwater, and related land resources in the county, including existing and potential distribution, availability, quality, and use;

(7) a program for implementation of the plan that is consistent with the plan's management objectives and includes schedules for amending official controls and water and related land resources plans of local units of government to conform with the comprehensive water plan, and the schedule, components, and expected state and local costs of any projects to implement the comprehensive water plan that may be proposed, although this does not mean that projects are required by this section; and

(8) a procedure for amending the comprehensive water plan.

Subd. 7. [COMPLETION.] The comprehensive water plan must be prepared and submitted for review under section 4 by June 30, 1989. Existing water and related land resources plans and official controls shall remain in effect until amended or superseded by a comprehensive water plan adopted under section 4.

Sec. 4. [110B.04] [COMPREHENSIVE WATER PLAN REVIEW AND ADOPTION.]

Subdivision 1. [LOCAL REVIEW.] When the comprehensive water plan is completed, but before its final adoption by the county board, the county board shall submit the comprehensive water plan for review and comment to:

(1) all local units of government wholly or partly within the county;

(2) the applicable regional development commission, if any;

(3) each contiguous county and watershed management organization, as defined in section 473.876;

(4) other counties or watershed management organizations within the same watershed unit that may be affected by proposals in its comprehensive water plan.

Subd. 2. [COMMENTS TO COUNTY BOARD.] (a) A local unit of government must review the comprehensive water plan and existing water and related land resources plans or official controls and in its comments describe in a general way possible amendments to its existing plans or official controls, and an estimate of the fiscal or policy effects that would be associated with those amendments, to bring them into conformance with the comprehensive water plan.

(b) A county or watershed management organization within the same watershed unit or groundwater system must review comprehensive water plans received and describe in its comments possible conflicts with its existing or proposed comprehensive water plan and suggest measures to resolve the conflicts.

(c) The regional development commission shall review the plan pursuant to

section 462.391, subdivision 1.

Subd. 3. [LOCAL REVIEW PERIOD.] Comments under subdivision 2 must be submitted to the county board within 60 days after receiving a comprehensive water plan for comment, unless the county board of the county that prepared the plan determines that good cause exists for an extension of this period and grants an extension.

Subd. 4. [PUBLIC HEARING.] The county board shall conduct a public hearing on the comprehensive water plan pursuant to section 375.51 after the 60-day period for local review and comment is completed, but before submitting it to the state for review.

Subd. 5. [STATE REVIEW.] (a) After conducting the public hearing but before final adoption, the county board must submit its comprehensive water plan, all written comments received on the plan, a record of the public hearing under subdivision 4, and a summary of changes incorporated as a result of the review process to the board for review. The board shall complete the review within 90 days after receiving a comprehensive water plan and supporting documents. The board shall consult with the departments of agriculture, health, and natural resources; the pollution control agency; the state planning agency; the environmental quality board; and other appropriate state agencies during the review.

(b) The board may disapprove a comprehensive water plan if the board determines the plan is not consistent with state law. If a plan is disapproved, the board shall provide a written statement of its reasons for disapproval. A disapproved comprehensive water plan must be revised by the county board and resubmitted for approval by the board within 120 days after receiving notice of disapproval of the comprehensive water plan, unless the board extends the period for good cause. The decision of the board to disapprove the plan may be appealed by the county as provided in section 10.

Subd. 6. [ADOPTION AND IMPLEMENTATION.] A county board shall adopt and begin implementation of its comprehensive water plan within 120 days after receiving notice of approval of the plan from the board.

Subdivision 1. [GRANTS.] The board shall make grants to counties to assist them in carrying out the provisions of sections 3 to 11. Only counties are eligible to receive grants but they may contract with other local units of government to complete planning responsibilities under section 3. Grants may be used to employ staff or to contract with other local units of government to:

- (1) develop, evaluate, and update comprehensive water plans; and*
- (2) assist local units of government in revising existing local water and related land resources plans or official controls.*

Subd. 2. [FUNDS TO LOCAL UNITS OF GOVERNMENT.] Counties that receive grants under this section shall make funds directly available to

other local units of government that are required to make substantial amendments to local water and related land resources plans and official controls as the result of the adoption of a comprehensive water plan or an amendment to it. Counties shall identify the potential recipients of funds in the application to the board.

Subd. 3. [LOCAL MATCH.] Grants to counties may not exceed 50 percent of the total cost of the comprehensive water planning program. A county may pay for the portion of water planning costs incurred in implementing sections 3 to 11 that are not covered by a grant through in-kind services and may include the in-kind services of other local units of government in determining the local share of the costs, but only if the local units of government providing in-kind services receive direct financial assistance under sections 3 to 11.

Sec. 6. [110B.06] [DUTIES OF THE BOARD.]

Sec. 7. [110B.07] [CONSISTENCY OF LOCAL PLANS AND CONTROLS WITH THE COMPREHENSIVE WATER PLAN.]

Subdivision 1. [REQUIREMENT.] Local units of government shall amend existing water and related land resources plans and official controls as necessary to conform them to the applicable, approved comprehensive water plan following the procedures in this section.

Subd. 2. [PROCEDURE.] Within 90 days after local units of government are notified by the county board of the adoption of a comprehensive water plan or of adoption of an amendment to a comprehensive water plan, the local units of government exercising water and related land resources planning and regulatory responsibility for areas within the county must submit existing water and related land resources plans and official controls to the county board for review. The county board shall identify any inconsistency between the plans and controls and the comprehensive water plan and shall recommend the amendments necessary to bring local plans and official controls into conformance with the comprehensive water plan.

Subd. 3. [REVISION AND IMPLEMENTATION.] Local units of government shall revise existing plans and official controls to conform them to the recommendations of the county board and shall initiate implementation of the revised plans and controls within 90 days after receiving the recommendations of the county board, or 90 days after resolution of an appeal, whichever is later.

Subd. 4. [APPEALS.] A local unit of government may, within 60 days after receiving the recommendations of the county board, appeal any recommendation to the water resources board for a hearing as provided in section 10.

Subd. 5. (4) a state agency has delegated the administration of a state permit program to the county.

Subd. 3. [ACQUISITION OF PROPERTY; ASSESSMENT OF COSTS; WATERSHED PETITIONS.] A county may:

Members shall be appointed, serve, and be paid their expenses but may not receive other compensation, pursuant to section 15.014.

Sec. 9. [110B.09] [INFORMAL CONFLICT RESOLUTION.]

The county, or other local unit of government may request a meeting with the chair of the water resources board to informally resolve the dispute prior to the initiation of contested case procedure under section 10 if:

(1) the interpretation and implementation of a comprehensive water plan is challenged by a local unit of government aggrieved by the plan;

(2) two or more counties disagree about the apportionment of the costs of a project implementing a comprehensive water plan; or

(3) a county and another local unit of government disagree about a change in a local water and related land resources plan or official control recommended by the county under section 7.

The subject of the hearing may not extend to questions concerning the need for a comprehensive water plan. In the report of the hearing examiner, the cost of the proceeding shall be equally

apportioned among the parties to the proceeding. Within 30 days after receiving the report of the hearing examiner, the board shall, by resolution containing findings of fact and conclusions of law, make a final decision with respect to the issue before it.

Subd. 4. [APPEAL.] Any local unit of government, or state agency, aggrieved by the final decision of the board may appeal the decision to the court of appeals in the manner provided by sections 14.63 to 14.69.

(2) the loan would not be used to refinance existing debt;

(3) the hospital was unable to obtain suitable financing from other sources;

(4) the loan is necessary to establish or maintain patient access to an essential health care service that would not otherwise be available within a reasonable distance from that facility; and

(5) the project to be financed by the loan is cost-effective and efficient.

The commissioner shall compare an application to other similar applications received during such time period as the commissioner may by rule determine and shall comment in writing to the authority on the extent to which loan applications meet the criteria set forth in this paragraph. The commissioner of health may charge a reasonable fee to any applicant in the amount of that part of the costs of the department of health incurred in the review of the application and may adopt emergency and permanent rules to implement the provisions of this paragraph.

(b) The authority shall consider the comments of the commissioner of health and shall rank applications for health care equipment loans by awarding points for the satisfaction of the criteria contained in this subdivision. The authority shall make loans to the extent of funds available for that purpose in the order of the applicants with the most points awarded under this subdivi-

sion. The authority shall award one point for the satisfaction of each of the following criteria:

- (1) The application has been approved by the commissioner of health.
- (2) Approval of the application will improve the competitiveness of a hospital over hospitals located outside of the state.
- (3) Approval of the application will contribute to creation or retention of jobs in the community where the applicant hospital is located.
- (4) Approval of the application supports the objectives of the "governor's task force on promoting Minnesota's health/medical care resources."
- (5) Approval of the application would not contribute to unnecessary duplication of services in the applicant's community.
- (6) Approval of the application would not increase health care costs.

The authority shall, in applying the criteria contained in this paragraph, compare an application to other similar applications received during such time period as it may by rule determine. The authority may adopt emergency and permanent rules necessary to implement this paragraph."

In the case where an entitlement issuer's previous use calculation for 1984 and 1985 included bonds described in the previous sentence, "previous use" does not include obligations issued by an issuer other than the entitlement issuer pursuant to a transfer of the entitlement issuer's allocation. Subd. 5. [PAYMENT OF INTEREST ON LATE PAYMENTS REQUIRED.] (a) A state agency shall pay interest to a vendor for undisputed billings when the agency has not paid the billing within 30 days following receipt of the invoice, merchandise, or service whichever is later. A negotiated contract or agreement between a vendor and a state agency which requires an audit by the state agency prior to acceptance and payment of the vendor's invoice shall not be considered past due until 30 days after the

completion of the audit by the state agency. Before any interest payment is made, the vendor must invoice the state agency for such interest.

(b) The rate of interest paid by the agency on undisputed bills not paid within 30 days shall be one *and one-half* percent per month or any part thereof.

(c) All interest penalties and collection costs must be paid from the agency's current operating budget. No agency may seek to increase its appropriation for the purpose of obtaining funds to pay interest penalties or collection costs.

(d) Any vendor who prevails in a civil action to collect interest penalties from a state agency shall be awarded its costs and disbursements, including attorney's fees, incurred in bringing the actions.

(e) No interest penalties may accrue against an agency that delays payment of a bill due to a disagreement with the vendor; provided, that the dispute must be settled within 30 days after the bill became overdue. Upon the resolution of the dispute, the agency must pay the vendor accrued interest on all proper invoices for which payment was not received within the applicable time limit contained in subdivision 3.

Sec. 5. [471.425] [PROMPT PAYMENT OF LOCAL GOVERNMENT BILLS.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings here given them.

(a) "Contract" means any written legal document or documents signed by both parties in which the terms and conditions of any interest or other penalty for late payments are clearly stated.

(a) *For municipalities who have governing boards which have regularly scheduled meetings at least once a month, the standard payment period is defined as within 30 days of the date of receipt.*

(b) *For municipalities whose governing boards do not regularly meet at least once a month, the standard payment period is defined as within 15 days of the first regularly scheduled meeting of the governing board after the date of receipt. The standard payment period shall not exceed 45 days.*

(c) *For joint powers organizations organized under section 471.59, the standard payment period is within 45 days of the date of receipt.*

Upon receiving a corrected invoice from the vendor, the municipality must pay the obligation within the standard payment period defined in subdivision 2.

Subd. 4. [PAYMENT OF INTEREST ON LATE PAYMENTS REQUIRED.] (a) Except otherwise provided in this section, a municipality shall calculate and pay interest to a vendor if the municipality has not paid the obligation according to the terms of the contract or, if no contract terms apply, within the standard payment period as defined in subdivision 2. The standard payment period for a negotiated contract or agreement between a vendor and a municipality which requires an audit by the municipality before acceptance and payment of the vendor's invoice shall not be begun until the completion of the audit by the municipality.

(b) *The rate of interest calculated and paid by the municipality on the outstanding balance of the obligation not paid according to the terms of the contract or during the standard payment period shall be one and one-half percent per month or part of a month.*

(c) *No interest penalties may accrue against a purchaser who delays payment of a vendor obligation due to a good faith dispute with the vendor regarding the fitness of the product or service, contract compliance, or any defect, error or omission related thereto. If such delay undertaken by the municipality is not in good faith, the vendor may recover costs and attorney's fees.*

(d) *The minimum monthly interest penalty payment that a municipality*

(2) review the borrower’s projected cash flows for the agricultural operation based on current information;

(3) review the lender’s written policy for evaluating the borrower’s financial worthiness; and

(4) if the borrower has defaulted on a payment, meet with the borrower within 30 days of the default and review the lender’s written policy on loan forbearance, foreclosure, and period of time that principal can be deferred. Before a lender receives a deed in lieu of foreclosure the lender must warn the borrower that there may be adverse tax and other implications of the lender receiving a deed in lieu of foreclosure, and that bankruptcy may offer another alternative relief.

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for

federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 40 per centum of the portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Income from the performance of personal or professional services which is subject to the reciprocity exclusion contained in section 290.081, clause (a);

The maximum amount of this subtraction shall be \$11,000 less the amount by which the individual's federal adjusted gross income, plus the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, exceeds \$17,000. (14) Interest earned on a contract for deed entered into for the sale of property for agricultural use if the rate of interest set in the contract is no more than nine percent per year for the duration of the term of the contract. [INVESTIGATION; OBTAINING INFORMATION.] The board may investigate any claim for compensation and for this purpose it may request from any person information regarding any matter, fact, or circumstance which is relevant to deciding the claim. Subd. 2. [ELIGIBLE PROPERTY DAMAGE.] Damage to real property owned by the claimant is eligible for compensation from the fund if the damage results from the presence in or on the property of a hazardous substance released from a site where the substance was deposited. Damage to property is not eligible for compensation from the fund if it results from the release of a hazardous substance for which the claimant is a responsible person.

Subd. 3. [TIME FOR FILING CLAIM.] A claim is not eligible for compensation from the fund unless it is filed with the board within the time provided in this subdivision.

Notwithstanding the provisions of this subdivision, claims for compensation that would otherwise be barred by the passage of time may be filed not later than January 1, 1988.

Sec. 7. [115B.30] [OTHER ACTIONS.]

Subdivision 1. [BY CLAIMANT.] Except as provided in subdivision 4, a claimant who receives compensation from the fund may bring a personal injury, wrongful death, or other action in court for damages not compensated by the fund. In any case where the final judgment does not exceed 25 percent of the amount previously recovered from the fund, the court may assess costs and fees, not including attorney fees, against the claimant. A decision by the board to grant or deny compensation is inadmissible as evidence in any court action brought by the claimant to recover for additional injury or damage, except that if a verdict or decision is rendered for the claimant, the court shall take judicial notice of any board decision granting compensation in determining whether or not fees must be assessed as provided in this subdivision, and in entering judgment shall reduce the total damages to the extent already compensated by the fund.

Subd. 2. [SUBROGATION BY STATE.] The state is subrogated to all the claimant's rights to recover losses compensated from the fund from other sources, including responsible persons as defined in section 115B.03. The state may bring a subrogation action in its own name or in the name of the

claimant. Money recovered by the state under this subdivision must be deposited in the fund.

Subd. 3. [JOINDER OF ACTIONS.] Nothing in subdivision 1 or 2 precludes joinder of actions brought by the state and a claimant or intervention in an action by any party.

Subd. 4. [SIMULTANEOUS CLAIM AND COURT ACTION PROHIBITED.] A claimant may not commence a court action to recover for any injury or damage for which the claimant seeks compensation from the fund during the time that a claim is pending before the board. A person may not file a claim with the board for compensation for any injury or damage for which the claimant seeks to recover in a pending court action. The time for filing a claim under section 6 or the statute of limitations for any civil action is suspended during the period of time that a claimant is precluded from filing a claim or commencing an action under this subdivision.

Sec. 8. [115B.31] [CLAIM FOR COMPENSATION.]

Subdivision 1. [FORM.] A claim for compensation from the fund must be filed with the board in the form required by the board. When a claim does not include all of the information required by subdivision 2 and applicable board rules, board staff shall notify a claimant of the absence of required information within 14 days of the filing of the claim. All required information must be received by the board not later than 60 days after the claimant received notice of its absence or the claim will be inactivated and may not be resubmitted for at least one year following the date of inactivation. The board may decide not to inactivate a claim under this subdivision if it finds serious extenuating circumstances.

Subd. 2. [REQUIRED INFORMATION.] A claimant must provide as part of the claim:

(1) a sworn verification by the claimant of the facts set forth in the claim to the best of the claimant's knowledge;

(2) evidence of the claimant's exposure to a named hazardous substance;

(3) evidence that the exposure experienced by the claimant causes or significantly contributes to injury of the type suffered by the claimant, except when the claim is based on an earlier decision of the board as provided in section 9, subdivision 3;

(4) evidence of the injury eligible for compensation suffered by the claimant and the compensable losses resulting from the injury;

(5) evidence of any property damage eligible for compensation and the amount of compensable losses resulting from the damage;

(6) information regarding any collateral sources of compensation; and

(7) other information required by the rules of the board.

Subd. 3. [DEATH CLAIMS.] In any case in which death is claimed as a compensable injury, the claim may be brought on behalf of the claimant by the individuals eligible for death benefits and by the claimant's estate for compensable medical expenses.

Sec. 9. [115B.32] [DETERMINATION OF CLAIM.]

Subdivision 1. [STANDARD FOR PERSONAL INJURY.] The board shall grant compensation to a claimant who shows that it is more likely than not that:

(1) the claimant suffers a medically verified injury that is eligible for compensation from the fund and that has resulted in a compensable loss;

(2) the claimant has been exposed to a hazardous substance in an amount and duration sufficient to cause or significantly contribute to injury of the type suffered by claimant; and

(3) the exposure of the claimant could reasonably have resulted from the release of the hazardous substance from an identified site where the substance was deposited.

Subd. 2. [STANDARD FOR PROPERTY DAMAGE.] The board shall grant compensation to a claimant who shows that it is more likely than not that:

(1) the claimant has suffered property damage that is eligible for compensation and that has resulted in compensable loss; and

(2) the presence of the hazardous substance in or on the property could reasonably have resulted from the release of the hazardous substance from an identified site where the substance was deposited.

Subd. 3. [EFFECT OF PRIOR DECISION; EXCEPTION.] (a) Except as provided in this subdivision, the board may not rely on an earlier decision granting or denying compensation as dispositive of any later claim.

(b) If the board finds that exposure to a particular hazardous substance in a particular amount, duration, and location causes or significantly contributes to an injury of the type suffered by a claimant, it may rely on that finding as dispositive of any future claim by another claimant who shows that it is more likely than not that he or she suffered the same type of injury and was exposed to the same hazardous substance in substantially the same amount, duration, and location.

Sec. 10. [115B.33] [COMPENSABLE LOSSES.]

Subdivision 1. [PERSONAL INJURY LOSSES.] Losses compensable by the fund for personal injury are limited to:

(a) medical expenses directly related to the claimant's injury;

(b) up to two-thirds of the claimant's lost wages not to exceed \$2,000 per month or \$24,000 per year;

(c) up to two-thirds of a self-employed claimant's lost income, not to exceed \$2,000 per month or \$24,000 per year;

(d) death benefits to dependents as follows:

(1) to a spouse with no dependent children, a sum equal to the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by 60 months;

(2) to a spouse with three or fewer dependent children, a sum equal to two-thirds of the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by the number

of months remaining until the youngest dependent child attains the age of 18;

(3) to a spouse with four or more dependent children, a sum equal to three-fourths of the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by the number of months remaining until the youngest dependent child attains the age of 18;

(4) to three or fewer dependent children when there is no surviving spouse, an amount as calculated in clause (2) but using one-half of the deceased claimant's lost wages or lost income as the base for the calculation;

(5) to four or more dependent children when there is no surviving spouse, an amount as calculated in clause (3) but using two-thirds of the deceased claimant's lost wages or lost income as the base for the calculation; and

(6) to any other individual who can show dependence on the deceased claimant, an amount equal to the amount of actual average monthly contribution made by the claimant to that individual prior to his or her inability to contribute or one-fourth of the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, whichever is less, multiplied by 36 months. A person who cannot show actual dependence on the deceased claimant may not recover death benefits. For the purposes of all the provisions in clause (d), lost wages includes the value of lost household labor; and

(e) the value of household labor lost due to the claimant's injury or disease not to exceed \$2,000 per month or \$24,000 per year.

Subd. 2. [PROPERTY DAMAGE LOSSES.] Losses compensable by the fund for property damage are limited to the following loss caused by damage to the principal residence of the claimant: the reasonable cost of replacing or decontaminating the primary source of drinking water for the property to the extent actually expended by the claimant or assessed by a local taxing authority, if the department of health has determined that the water is contaminated or has included the property in a well advisory area and has certified that the replacement or decontamination of the source of drinking water effectively has or will eliminate the contamination, up to a maximum of \$25,000.

Sec. 11. [115B.34] [DETERMINATION OF CLAIMS.]

Subdivision 1. [ASSIGNMENT OF CLAIMS.] The chairman of the board shall assign each claim that has been accepted for filing to a member of the board.

Subd. 2. [PRELIMINARY DECISION.] The board member to whom the claim is assigned shall review all materials filed in support of the claim and may cause an investigation to be conducted into the validity of the claim. The board member may make a preliminary decision on the basis of the papers filed in support of the claim and the report of any investigation of it. The decision must be in writing and include the reasons for the decision.

Subd. 3. [CIRCULATION OF PRELIMINARY DECISION.] Copies of the preliminary decision made under subdivision 2 must be circulated to the other two board members as soon as practicable. On receipt of the preliminary decision, the other two members have 20 days to challenge it by written notice to the member who made the decision. If neither member challenges

the preliminary decision, a copy must be sent to the claimant who may challenge the decision by written notice to the board within 30 days of receipt of the decision. If no notice is received within the required time, the preliminary decision becomes a final decision of the board.

Subd. 4. [CHALLENGES.] If a board member or a claimant challenges a preliminary decision made pursuant to subdivision 2, the full board shall order the claimant to appear before the board. The appearance is not a contested case hearing under chapter 14. The claimant may produce further evidence to support the claim, including books, studies, reports, and any other written material and oral testimony of witnesses, including experts. The board members may ask questions of the claimant and any witnesses presented by the claimant. After the appearance, the board shall make a final decision on the claim as soon as practicable. The decision must be in writing and include the reasons for the decision. A copy of each final decision must be sent to the claimant, including, for a claim that is granted, an explanation of the form in which the claim will be paid.

Subd. 5. [RECORD.] Any appearance by a claimant or witnesses must be tape recorded but a formal record pursuant to chapter 14 is not required.

Subd. 6. [APPEAL.] A final decision of the board made pursuant to this section is conclusive on all matters decided. There is no right to judicial review of a final decision of the board.

Sec. 12. [115B.35] [AMOUNT AND FORM OF PAYMENT.]

If the board decides to grant compensation, it shall determine the net uncompensated loss payable to the claimant by computing the total amount of compensable losses payable to the claimant and subtracting the total amount of any compensation received by the claimant for the same injury or damage from other sources including, but not limited to, all forms of insurance and social security and any emergency award made by the board. The board shall pay compensation in the amount of the net uncompensated loss, provided that no claimant may receive more than \$250,000.

Compensation from the fund may be awarded in a lump sum or in installments at the discretion of the board.

Sec. 13. [115B.36] [ATTORNEY FEES.]

The board may by rule limit the fee charged by any attorney for representing a claimant before the board.

Sec. 14. [115B.37] [PARTIAL RECOUPMENT.]

At the end of each fiscal year, the board shall certify to the commissioner of revenue the amount expended from the fund to compensate persons injured by hazardous substances less amounts recovered under subrogation claims under section 7. The commissioner of revenue shall compute the rate of a surtax to be added to the hazardous waste generator tax in section 115B.22 which, collected over the next calendar year, will recoup 50 percent of the expenditures made from the fund during the previous fiscal year in excess of the subrogation claims recovered. The computation by the commissioner of the rate in this section shall not be considered a rule and shall not be subject to the administrative procedure act contained in chapter 14. The surtax is imposed effective January 1, 1987. Surtaxes collected under this section must

be deposited in the fund.

Sec. 15. [APPROPRIATION.]

H.F. No. 265: A bill for an act relating to insurance; dramshop liability; authorizing annual aggregate policy limits; amending Minnesota Statutes

1984, section 340.11, subdivision 21.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1984, section 65B.43, is amended by adding a subdivision to read:

Subd. 16. “Uninsured motor vehicle” means a motor vehicle or motorcycle for which a plan of reparation security meeting the requirements of sections 65B.41 to 65B.71 is not in effect.

Sec. 2. Minnesota Statutes 1984, section 65B.43, is amended by adding a subdivision to read:

Subd. 17. “Underinsured motor vehicle” means a motor vehicle or motorcycle to which a bodily injury liability policy applies at the time of the accident but its limit for bodily injury liability is less than the amount needed to compensate the insured for his or her actual damages.

Sec. 3. Minnesota Statutes 1984, section 65B.43, is amended by adding a subdivision to read:

Subd. 18. “Uninsured motorist coverage” means coverage for the protection of persons insured under that coverage who are legally entitled to recover damages for bodily injury from owners or operators of uninsured motor vehicles.

Sec. 4. Minnesota Statutes 1984, section 65B.43, is amended by adding a subdivision to read:

Subd. 19. “Underinsured motorist coverage” means coverage for the protection of persons insured under that coverage who are legally entitled to recover damages for bodily injury from owners or operators of underinsured motor vehicles.

Sec. 5. Minnesota Statutes 1984, section 65B.49, subdivision 4, is amended to read:

~~Subd. 4. [UNINSURED OR HIT AND RUN MOTOR VEHICLE COVERAGE AND UNDERINSURED MOTORIST COVERAGES.]~~ (1) No plan of reparation security may be renewed, delivered or issued for delivery, or executed in this state with respect to any motor vehicle registered or principally garaged in this state unless ~~coverage is uninsured and underinsured motorist coverages are provided therein or supplemental thereto, in the amounts. The coverages combined, at a minimum, must provide limits of \$25,000 because of injury to or the death of one person in any accident, and subject to the said limit for one person, \$50,000 because of bodily injury to or the death of two or more persons in any one accident, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles and hit and run motor vehicles because of injury.~~ *In the case of injury to, or the death of, two or more persons in any accident, the amount available to any one person must not exceed the coverage limit provided for injury to, or the death of, one person in any accident. For purposes of this subdivision, uninsured motorist coverage and underinsured motorist coverage shall be a single coverage.*

(2) Every owner of a motor vehicle registered or principally garaged in this state shall maintain uninsured motor vehicle coverage and underinsured motorist coverages as provided in this subdivision.

(3) "Uninsured motor vehicle" means any motor vehicle or motorcycle for which a plan of reparation security meeting the requirements of sections 65B.41 to 65B.71 is not in effect. No reparation obligor is required to provide limits of uninsured and underinsured motorist coverages in excess of the bodily injury limit provided by the applicable plan of reparation security.

(4) No recovery shall be permitted under the uninsured motor vehicle provisions and underinsured motorist coverages of this section for basic economic loss benefits paid or payable, or which would be payable but for any applicable deductible.

(5) Unless the language of the policy provides otherwise, if at the time of the accident the injured person is occupying a motor vehicle, the limit of liability for uninsured and underinsured motorist coverages available to the injured person is the limit specified for that motor vehicle. However, if the injured person is occupying a motor vehicle of which the injured person is not a named insured, the injured person may be entitled to excess insurance protection afforded by a policy in which the injured party is a named insured. The excess insurance protection is limited to the extent of covered damages sustained, and further is available only to the extent by which the limit of liability for like coverage applicable to any one motor vehicle listed on the automobile insurance policy of which the injured person is named insured exceeds the limit of liability of the coverage available to the injured person from the occupied motor vehicle.

If at the time of the accident the injured person is not occupying a motor vehicle, the injured person is entitled to select any one limit of liability for any one vehicle afforded by a policy under which the injured person is named insured.

(6) Regardless of the number of policies involved, vehicles involved, persons covered, claims made, vehicles or premiums shown on the policy, or premiums paid, in no event shall the limit of liability for uninsured and underinsured motorist coverages for two or more motor vehicles be added together to determine the limit of insurance coverage available to an injured person for any one accident.

(7) The uninsured and underinsured motorist coverages required by this subdivision do not apply to bodily injury of the insured while occupying a motor vehicle owned by the insured, unless the occupied vehicle is an insured motor vehicle.

(8) The uninsured and underinsured motorist coverages required by this subdivision do not apply to any bodily injury until the limits of bodily injury liability policies applicable to all insured motor vehicles causing the injury have been exhausted by payment of judgments or settlements and proof of such is submitted to the insurer providing the uninsured and underinsured motorist coverages.

Sec. 6. Minnesota Statutes 1984, section 65B.49, is amended by adding a subdivision to read:

Subd. 4a. [LIABILITY ON UNDERINSURED MOTOR VEHICLES.]

With respect to underinsured motor vehicles, the maximum liability of an insurer is the lesser of the difference between the limit of underinsured motorist coverage and the amount paid to the insured by or for any person or organization who may be held legally liable for the bodily injury; or the amount of damages sustained but not recovered.

Sec. 7. Minnesota Statutes 1984, section 340.11, subdivision 21, is amended to read:

Subd. 21. [LIABILITY INSURANCE.] Every person licensed to sell at retail intoxicating liquor or nonintoxicating malt liquor at on-sale or off-sale shall, after August 1, 1983, demonstrate proof of financial responsibility with regard to liability imposed by section 340.95, to the authority issuing the license as a condition of the issuance, *maintenance*, or renewal of his license, provided this subdivision does not apply to licensees who by affidavit establish that they are on-sale nonintoxicating malt liquor licensees with sales of less than \$10,000 of nonintoxicating malt liquor for the preceding year, or off-sale nonintoxicating malt liquor licensees with sales of less than \$20,000 of nonintoxicating malt liquor for the preceding year, or holders of on-sale wine licenses under subdivision 20, with sales of less than \$10,000 of wine for the preceding year. (2) \$50,000 for loss of means of support of any one person in any one occurrence, and, subject to the limit for one person, \$100,000 for loss of means of support of two or more persons in any one occurrence; ~~or~~

(3) *an annual aggregate policy limit for dramshop liability of not less than \$300,000 per policy year may be included in the policy provisions; or*

(b) A bond of a surety company with minimum coverages as provided in clause (a)-; or

(c) A certificate of the state treasurer that the licensee has deposited with him \$100,000 in cash or securities which may legally be purchased by savings banks or for trust funds having a market value of \$100,000.

The commissioner of commerce shall advise licensees and municipalities subject to the financial responsibility requirements of this subdivision of those persons offering insurance coverage. The commissioner of commerce shall establish a program to assist licensees in obtaining insurance coverage.

The commissioner of commerce shall serve as an ex officio member of the committee. The committee shall review and act upon all properly executed applications requesting liquor liability market assistance. If the committee finds that it cannot assist in securing insurance coverage it shall notify the applicant in writing with a full explanation and recommendation for enhancing its ability to secure insurance. The commissioner of commerce shall, if necessary, establish an assigned risk plan pursuant to subdivision 23.

Sec. 8. Minnesota Statutes 1984, section 340.11, is amended by adding a subdivision to read:

(2) any amount the insurer is holding in reserve for payment of a claim or has paid in the disposition of the claim; and

(3) any amount paid in the defense of the claim.

The rejected applicant shall file a copy of the notice of refusal with the commissioner of public safety and with the assigned risk plan at the time of application for coverage under the plan.

(3) The commissioner of commerce may enter into service contracts as necessary or beneficial to accomplish the purposes of the assigned risk plan including servicing of policies or contracts of coverage, data management, and assessment collections. Services related to the administration of policies or contracts of coverages shall be performed by one or more qualified insurance companies licensed pursuant to section 60A.06, subdivision 1, clause (13) or a qualified vendor of risk management services. A qualified insurer or vendor of risk management services shall possess sufficient financial, professional, administrative, and personnel resources to provide the services required for operation of the plan. The cost of all services contracted for shall be an obligation of the assigned risk plan.

(4) The commissioner of commerce may assess all insurers licensed pursuant to section 60A.06, subdivision 1, clause (13) an amount sufficient to fully fund the obligations of the assigned risk plan, if the commissioner of commerce determines that the assets of the assigned risk plan are insufficient to meet its obligations. The assessment of each insurer shall be in a proportion equal to the proportion which the amount of insurance written as reported on page 14 of the annual statement under line 5, commercial multi-peril, and line 17, other liability, during the preceding calendar year by that insurer bears to the total written by all such carriers for such lines.

(5) Policies and contracts of coverage issued pursuant to this subdivision shall contain the usual and customary provisions of liability insurance policies, and shall contain the minimum coverage required by subdivision 21 or the local governing unit.

(6) Assigned risk policies and contracts of coverage shall be subject to premium tax pursuant to section 60A.15.

Subd. 3. [USE.] The disclosure statement shall not be used for any promotional purpose before registration of the membership camping contracts and after registration, when required to be delivered pursuant to subdivision 1 of this section, it shall be used only in its entirety. A person may not advertise or represent that the commissioner has approved or recommended the membership camping contracts or sale thereof. Delivery of such a membership camping contract shall be sufficient compliance with the requirements imposed by this section for delivery of a disclosure statement.

Subd. 5. The separate disclosure shall be in 10-point bold type and shall state: NOTICE: PURCHASE THIS MEMBERSHIP CAMPING CONTRACT ONLY ON THE BASIS OF EXISTING AMENITIES. CONSTRUCTION OF PLANNED AMENITIES IS NOT GUARANTEED. CONSTRUCTION MAY BE DEFERRED, REVISED, OR CANCELED

FOR A VARIETY OF REASONS. THE PLANNED AMENITIES FOR THIS CAMPGROUND ARE (Insert list of amenities, including estimated year of completion of each). IF THE SALESPERSON DESCRIBES A SIGNIFICANT AMENITY WHICH IS NOT ON THIS LIST, TELEPHONE COLLECT OR TOLL FREE TO (Insert headquarters telephone number) TO VERIFY THE OPERATOR'S PLAN FOR SUCH A FACILITY.

The separate disclosure shall be delivered to each person to whom an offer is made before or concurrently with:

- (1) the first written offer other than offer by means of an advertisement; or
- (2) any payment pursuant to a sale, whichever is first.

The seller shall obtain a receipt, signed by the person, acknowledging that the person has received a copy of the separate disclosure required herein prior to the execution by the purchaser of any membership camping contract. All receipts shall be kept in files which are in the possession of the membership camping operator or broker subject to inspection by the commissioner for a period of three years from the date of the receipt.

Sec. 6. [82A.06] [EXEMPTIONS.]

Subdivision 1. The following transactions are exempt from the provisions of this chapter:

- (2) an offer or sale by a government or governmental agency;
- (3) a bona fide pledge of a membership camping contract; and
- (4) any transaction which the commissioner by rule or order exempts as not being within the purposes of this chapter and the registration of which he or she finds is not necessary or appropriate in the public interest or for the protection of purchasers.

Subd. 2. The following transactions are exempt from the provisions of sections 82A.03; 82A.04; 82A.05; 82A.07; 82A.08; 82A.11, subdivisions 2 and 4; 82A.14; 82A.16; and 82A.17: any sale which is made to a person who is not then physically present in this state, and any offer which invites an offeree to attend a sales presentation in another state if:

- (1) the offeror has given at least ten days prior written notice to the commissioner of its intention to offer or sell membership camping contracts to residents of this state pursuant to this exemption and paid a fee of \$50;
- (2) the offeror has demonstrated that the sales presentation will be made, and the sale will be consummated, in a state which specifically regulates the offer and sale of membership camping contracts;
- (3) the offeror has demonstrated that it will deliver a disclosure statement to offerees who are residents of this state which contains substantially the same or greater disclosure as is required by section 82A.05; and
- (4) the offeror has filed a consent to service of process pursuant to section 82A.22.

Sec. 7. [82A.07] [AMENDMENT OF REGISTRATION.]

A person with a registration in effect, within 30 days after the person becomes aware of, or should have become aware of, the occurrence of any material change in the information on file with the commissioner, including the disclosure statement, which change could adversely affect purchasers, shall notify the commissioner in writing of the change by an application to amend the registration accompanied by a filing fee of \$25. If the amendment is approved by the commissioner, it shall become effective upon the issuance by the commissioner of an order approving the amendment. The amendment shall automatically become effective upon the expiration of 15 business days following filing with the commissioner unless the commissioner has prior thereto issued an order denying or approving the amendment.

Sec. 8. [82A.08] [ANNUAL REPORT.]

Subdivision 1. [REQUIREMENT.] During the period a registration is effective, the membership camping operator shall file an annual report in a format the commissioner may reasonably prescribe. Every annual report shall be due by the 120th day following the end of the operator's fiscal year, unless extended in writing by the commissioner for good cause. The annual report shall:

(1) specify the aggregate number of membership camping contracts sold in this state pursuant to the registration or any amendment thereof;

(2) specify the number of membership camping contracts and aggregate dollar amount of all sales of membership camping contracts in this state by the membership camping operator since the date the registration became effective, or since the last annual report was filed with the commissioner, whatever date is later;

(3) specify any exemption from registration claimed for any sale described in clause (2);

(4) list any changes in the information required to be filed under section 82A.04, subdivision 2, clause (4);

(5) include an audited or unaudited financial statement consisting of a balance sheet for the membership camping operator's last fiscal year end and an income statement for the 12 months next preceding the date of the balance sheet, both prepared by an independent certified public accountant; and

(6) provide such other information as the commissioner may by rule or order reasonably require to administer the provisions of this chapter, including but not limited to, audited financial statements.

Subd. 2. [FEE.] Every annual report filed pursuant to this section shall be accompanied by a fee of \$100.

Subd. 3. [CANCELLATION.] Failure to file the annual report shall be cause for cancellation of the registration. Cancellation shall occur ten days after mailing of the notice of cancellation to the operator or registrant. If canceled, the registration may be reinstated immediately following the filing of the report and payment of the appropriate fees.

Sec. 9. [82A.09] [ADVERTISING.]

Subdivision 1. [REQUIREMENTS.] No person shall publish or cause to be

published in this state any advertisement offering a membership camping contract which is required to be registered pursuant to this chapter, or which is exempt from registration under section 82A.06, subdivision 2, unless an actual copy of a sample of the advertisement has been filed in the office of the commissioner at least ten days prior to the first publication thereof, or at such earlier time as the commissioner by rule or order may allow, or unless the advertisement has been exempted by rule of the commissioner.

Subd. 2. [RESTRICTIONS.] No person shall publish or cause to be published in this state any advertisement concerning any membership camping contract which is required to be registered pursuant to this chapter, or which is exempt from registration under section 82A.06, subdivision 2, after the commissioner has found that the advertisement contains any statement that is false or misleading, or omits to make any statement necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading, and has so notified the person by written order. The order may be issued without prior notice or hearing. Up to 30 days after the issuance of the order, the person desiring to use the advertisement may in writing request a hearing on the order. Upon receipt of a written request, the matter shall be set for hearing to commence within 15 days after the receipt unless the person making the request consents to a later date. After the hearing, which shall be conducted in accordance with the provisions of chapter 14, the commissioner shall, by written order, either affirm, modify, or vacate the order.

Sec. 10. [82A.10] [INSPECTION OF RECORDS.]

All records of a membership camping operator and broker and their agents pertaining to the advertising or sale of membership camping contracts in this state shall be maintained by the membership camping operator or broker at that person's principal place of business and shall there be subject to inspection by the commissioner during normal business hours. The commissioner shall be promptly notified of any change of address affecting the location of the records of the membership camping operator or broker and that person's agents.

Sec. 11. [82A.11] [SALES CONTRACT; RESCISSION.]

Subdivision 1. [WRITING.] Every membership camping contract shall be in writing.

Subd. 2. [GENERALLY.] Any membership camping contract not exempt under section 82A.06, and entered into after the effective date of this chapter, is voidable at the discretion of the purchaser, for a period of three years from the date of the sale, if the contract was not registered under this chapter at the time of the sale, unless subsequently thereto the contract is registered under this chapter and in connection therewith, the purchaser has received a written offer to repurchase the contract for cash payable on closing of the repurchase, together with interest thereon from the date of the purchase at the legal rate or at the rate charged by the membership camping operator or lender to the purchaser, whichever is higher, and the purchaser has failed to accept the offer in writing within 30 days of its receipt. No offer of repurchase shall be effective unless a duplicate copy thereof has been filed with the commissioner at least 20 days prior to its delivery to the offeree and the commissioner has not objected to the offer within that time. The offer to

repurchase shall be in the form and contain the information the commissioner by rule or order prescribes. If the purchaser no longer owns the membership camping contract, the purchaser shall be entitled to maintain an action at law, and the damages shall be the consideration paid for the membership camping contract, together with interest thereon as specified above from the date of acquisition to the date of disposition, plus costs and reasonable attorney's fees, less the value received by the purchaser upon disposition of the membership camping contract.

Subd. 3. [RIGHT OF RESCISSION.] A purchaser has an unconditional right to rescind any membership camping contract, or revoke any offer, at any time prior to or within three days after the date the purchaser actually receives a legible copy of the binding contract. Predating of a document does not affect the time in which the right to rescind may be exercised.

Subd. 4. [LABELING OF CONTRACT.] Each membership camping contract shall be prominently labeled and captioned that it is a document taken in connection with a sale of membership camping contracts under this chapter.

Subd. 5. [NOTICE.] Each membership camping contract shall contain the following notice which shall be in at least ten-point type, stating:

"You are entitled to rescind this agreement for any reason within three calendar days from the day you actually receive a legible copy of this document signed by all parties. The rescission must be in writing and sent by certified mail to the membership camping operator along with this agreement and any membership card issued to you or your family at the address stated in this document. Upon rescission, you will receive a refund of all money paid within 30 days after the membership camping operator receives notice of your rescission."

The operator or broker may impose a fee of not more than \$25 for processing of a rescission. If the operator or broker does so, it shall add the following clause to the notice: "provided that the membership camping operator (or broker, if the seller is a broker) may retain a processing fee of \$_____", and insert the amount of the charge to be imposed.

In the event the membership camping contract is sold by a broker or the broker's salesperson, the above notice shall be modified to substitute the name of the broker for "membership camping operator."

Subd. 6. [EFFECTIVE DATE.] Rescission occurs when the purchaser gives written notice of rescission, whether or not the membership camping contract or any membership card accompanies the notice, to the membership camping operator or the broker at the address stated in the contract. Notice of rescission, if given by mail, is effective when the purchaser deposits a certified letter properly addressed and postage prepaid in a mailbox. A notice of rescission given by the purchaser need not take a particular form and is sufficient if it indicates by any form of written expression the intention of the purchaser not to be bound by the membership camping contract.

Subd. 7. [NONWAIVER.] No act of a purchaser shall be effective to waive the right to rescind as provided in this section.

Sec. 12. [82A.12] [ENFORCEMENT; POWERS OF COMMISSIONER.]

Subdivision 1. [GENERALLY.] The commissioner may issue a cease and desist order and may issue an order denying, suspending, or revoking any registration, amendment renewal, or exemption if the commissioner finds any of the following:

(1) that the membership camping operator or registrant or any controlling person thereof has materially or intentionally violated or failed to comply with any provision of this chapter or any rule or order of the commissioner;

(2) that the offer or sale of the membership camping contract has constituted or would constitute a material misrepresentation to purchasers, or has operated or would operate as a fraud or deceit upon purchasers;

(3) that the membership camping operator or registrant or any controlling person, agent, or employee thereof, is engaging or about to engage in false, fraudulent, or deceptive practices in connection with the offer and sale of a membership camping contract;

(4) that the membership camping operator or registrant or any controlling person or employee thereof, has engaged in any fraudulent or deceptive practice, whether or not in connection with the offer and sale of membership camping contracts, and the involvement of the person in the business of the membership camping operator or registrant creates a substantial risk of harm to prospective purchasers;

(5) that the financial condition of the membership camping operator materially adversely affects, or would materially adversely affect, the ability of the membership camping operator such that there is a reasonable likelihood that the membership camping operator will not be able to substantially fulfill its obligations under the membership camping contract, and no other financial security or assurance is provided by the membership camping operator to fulfill the obligations;

(6) that the membership camping operator's or registrant's enterprise or method of business with respect to the operation of a campground in this state includes or would include activities which are illegal or not in conformance with applicable statutes, ordinances, or regulations of any governmental entity;

(7) that the membership camping operator or registrant or any controlling person thereof has made material misrepresentations or concealed material facts in an application for registration;

(8) that any fee required by this chapter to be paid by the operator or registrant has not been paid; and

(9) that the membership camping operator or controlling person, agent, or employee thereof, has failed faithfully to perform any stipulation or agreement made with the commissioner as an inducement to grant any registration, to reinstate any registration, or to permit any disclosure statement; provided, however, that this clause shall not be deemed to require any stipulations or agreements.

Subd. 2. [HEARING ON ORDER.] If the commissioner finds that there are reasonable grounds to believe that, unless an order is issued promptly, there is an immediate and significant risk of harm to purchasers, the commissioner may issue an order under subdivision 1 without a prior hearing.

Upon the entry of such an order, the commissioner shall promptly serve a copy of the order upon the subject membership camping operator or other person. The order shall state the reasons for its issuance and shall either order a hearing, which shall be set for no later than 20 days from the date of the order, or specify that upon the written request of the membership camping operator, or other person, the matter will be set for hearing within 15 days after receipt of the request; provided that with the consent of the membership camping operator, or other person, a hearing may be held subsequent to the expiration of either period specified herein. If no hearing is requested within 30 days of service of the order and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice and hearing in accordance with the provisions of chapter 14, shall affirm, modify, or vacate the order.

Subd. 3. [ORDER TO SHOW CAUSE.] If there are not grounds to employ the procedure prescribed in subdivision 2, the commissioner may issue an order to show cause setting a hearing on a date not later than ten days after its entry and requiring a membership camping operator or other person to appear and show cause why a cease and desist order should not be issued, or why an order denying, suspending, or revoking a registration, amendment, or exemption should not be issued. The order to show cause shall give reasonable notice of the time and place for hearing thereon, which shall be within ten days after entry of the order, unless the respondent agrees otherwise, and shall state the reasons for the entry of the order. The hearing shall be conducted in accordance with the provisions of chapter 14. After the hearing, the commissioner shall enter an order making such disposition of the matter as the facts require.

Subd. 4. [BURDEN OF PROOF.] In any proceeding under this chapter, the burden of proving an exemption or an exception from a definition is upon the person claiming it.

Subd. 5. [INVESTIGATIONS.] The commissioner may make necessary public or private investigations within or outside of this state to determine whether any person has violated or is about to violate this chapter or any rule or order hereunder or to aid in the enforcement of this chapter or in the prescribing of rules and forms hereunder. For purposes of any investigation or proceeding under this chapter, the commissioner or any person designated by him or her may require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, setting forth the facts and circumstances concerning the matter to be investigated; administer oaths or affirmations, and upon his or her own motion or upon request of any party may subpoena witnesses, compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts, or any other matter reasonably calculated to lead to the discovery of material evidence. Upon failure to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the commissioner may apply to the district court for an order to compel compliance.

Sec. 13. [82A.13] [PROHIBITED PRACTICES.]

Subdivision 1. [UNTRUE STATEMENTS FILED IN DOCUMENTS.] No person shall make or cause to be made any untrue statement of a material fact in an application or other document filed with the commissioner under this chapter, or omit to state in the application or other document any material fact which is required to be stated therein, or fail to notify the commissioner of any material change as required by sections 82A.07 and 82A.16, subdivision 3.

Subd. 2. [FRAUD.] No person shall, in connection with the offer or sale of any membership camping contract, directly or indirectly:

- (1) employ any device, scheme, or artifice to defraud;*
- (2) make any untrue statement of a material fact, or omit to state material facts necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading; or*
- (3) engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person.*

Subd. 3. [MISREPRESENTATIONS.] No person may represent or cause to be represented to any prospective purchaser of a membership camping contract that the filing of any document under this chapter or the registration or exemption from registration of a membership camping contract constitutes a finding by the commissioner that any document filed under this chapter is true, complete, and not misleading, or that the commissioner has passed in any way upon the merits of any membership camping contract, and no person may represent that a membership camping contract is registered or exempted from registration when in fact, such is not the case.

Sec. 14. [82A.14] [UNFAIR PRACTICES.]

No membership camping operator shall:

(1) sell or offer to sell any membership camping contract with respect to a campground located in this state which is subject to a blanket encumbrance unless:

(i) each person holding an interest in a blanket encumbrance shall have executed and delivered a nondisturbance agreement and recorded the agreement in the real estate records of the county in which the campground is located; or

(ii) a bond or irrevocable letter of credit has been issued, or cash or a certified check in an amount sufficient to cover payment of all amounts secured by the blanket encumbrance has been deposited, in the name of the state for the benefit and protection of purchasers of membership camping contracts and subject to terms as approved by the commissioner. Any interest accruing on amounts held in the account shall be payable, as and when earned, to the membership camping operator. Any bond shall be executed by an insurance company authorized to do business in this state, which has sufficient net worth to satisfy the indebtedness and which has given consent to be sued in this state. Any irrevocable letter of credit shall be issued by a bank or savings and loan association which has sufficient net worth to satisfy the indebtedness and which has given its consent to be sued in this state. The bond, cash, certified check, or irrevocable letter of credit shall be in an amount which is not less than 110 percent of the remaining principal balance

of every indebtedness or obligation secured by a blanket encumbrance affecting the campground. The bond or agreement accompanying the cash, certified check, or irrevocable bank letter of credit shall provide for the payment of all amounts secured by the blanket encumbrance, including costs, expenses, and legal fees of the lien holder, if for any reason the blanket encumbrance is enforced. The bond, cash, certified check, or letter of credit may be reduced periodically in proportion to the reductions in the amount secured by the blanket encumbrance; or

(iii) the lender providing the major hypothecation loan to the membership camping operator (the "hypothecation lender"), and having a lien on or security interest in the membership camping operator's interest in the campground, shall have executed and delivered a nondisturbance agreement and recorded the agreement in the real estate records of the county in which the campground is located in this state. Each person holding an interest in a blanket encumbrance superior to the interest held by the hypothecation lender shall have executed, delivered, and recorded an instrument stating that the person shall give the hypothecation lender notice of, and at least 30 days' opportunity to cure, any default under the blanket encumbrance which entitles the person to foreclose upon the campground. The instrument shall state that the notice and opportunity to cure shall be given before the person commences any foreclosure action affecting the campground and in accordance with the instrument. The hypothecation lender shall have guaranteed that it will cure or arrange for the cure of the default. Any holder of a blanket encumbrance inferior to the hypothecation lender who acquires the campground in foreclosure shall take the campground subject to the hypothecation lender's nondisturbance agreement. For purposes of this provision, a "hypothecation lender" is any lender extending a loan or line of credit to a membership camping operator secured by all or substantially all of the contract receivables arising from the membership camping operator's sale of membership camping contracts in this state. For purposes of this provision, "lender" means an insurance company or a federally or state chartered bank, savings and loan association, any other lending institution, the deposits of which are guaranteed or insured, by a federal agency, or any other person which has sufficient net worth to pay the obligations pursuant to this section if there are no reasonable grounds to believe that the lender will not be able to pay these obligations in the future; or

(iv) the operator can provide an alternative plan acceptable to the commissioner;

(2) sell any campground which is located in this state and available for use by purchasers, unless:

(i) the membership camping operator sells the campground to a person who takes the campground subject to all rights and interests of purchasers, and contractually agrees not to compromise the rights and interests of purchasers in regard to future conveyances of, or encumbrances placed on the campground;

(ii) the membership camping operator immediately substitutes for the use of purchasers another campground which is in the same general area and is at least as desirable for the purpose of camping and outdoor recreation as the previous campground. For purposes of this provision, "same general area"

means a location within a 50-mile radius of the previous campground; or

(iii) the membership camping operator immediately substitutes for the use of purchasers another campground and the substitution is approved by two-thirds of all existing purchasers;

(3) substitute any campground located in this state and available for use by purchasers with a different campground, unless the substituted campground is in the same general area and is at least as desirable for the purpose of camping and outdoor recreation as the previous campground. For purposes of this provision, "same general area" means a location within a 50-mile radius of the previous campground;

(4) sell membership camping contracts with respect to any campground located in this state that is not owned by the membership camping operator or leased by the membership camping operator for a lease term at least equal to the term of the membership camping contract with respect to the campground;

(5) fail to disclose the circumstances, if any, under which any reciprocal program that has been offered as an inducement to purchasers may be terminated;

(6) materially modify any campground rules or regulations or modify purchasers' rights to or the scope and nature of an amenity in a manner which significantly degrades or diminishes the material rights of any purchaser without prior notice to purchasers resident in this state; or materially adversely modify any material campground rules or regulations or materially adversely modify purchaser's rights to or the scope and nature of an amenity in a manner which the purchaser proves:

(i) significantly degrades or diminishes any material rights of that purchaser; and

(ii) has no compensating benefit to any other purchaser or groups of purchasers;

(7) terminate or provide for termination of a membership camping contract, except for good cause. "Good cause" shall mean failure of the purchaser to substantially or consistently comply with reasonable requirements imposed upon him or her by the membership camping contract and campground rules and regulations;

(8) terminate a membership camping contract without first giving written notice setting forth all reasons for the termination to the purchaser at least 30 days prior to the termination becoming effective;

(9) increase a purchaser's membership dues after the sale of a contract in such a manner as to result in an increase thereof greater than whichever of the following increases is higher:

(i) the actual increase in costs of services or improvements for which the membership dues are imposed; or

(ii) the increase in the United States city average consumer price index for all urban consumers issued by the United States Bureau of Labor Statistics or such other federally prepared consumer price index or wage earner index as reasonably selected by the operator in its discretion;

(10) require purchaser to certify the absence of any misrepresentation or other violation of this chapter provided, however, that a purchaser's acknowledgment of receipt of a copy of the membership camping contract shall not be deemed to constitute such a certification;

(11) require the purchaser to waive the right to assert against the membership camping operator or any assignee any claim or defense the purchaser may have against the membership camping operator under the membership camping contract; or

(12) materially and repeatedly fail to maintain a campground in this state in the manner contractually agreed upon.

Sec. 15. [82A.15] [PRESERVATION OF PURCHASER'S CLAIMS AND DEFENSES.]

Any assignee of a membership camping contract or obligation relating to membership camping contracts shall be subject to all claims and defenses of the purchaser against the membership camping operator arising from the sale, notwithstanding any agreement to the contrary. An assignee who takes assignment of the membership camping contract without assumption of any obligations thereunder shall have no obligation or liability to assume the obligations or responsibilities of the membership camping operator under the membership camping contract. The assignee's liability under this section shall not exceed the amount owing to the assignee at the time the claim or defense is asserted against the assignee. The rights of the purchaser under this subdivision can only be asserted as a matter of defense to or set off against a claim by the assignee.

Sec. 16. [82A.16] [LICENSURE REQUIREMENT.]

Subdivision 1. [SALESPERSON OR BROKER.] A salesperson or broker may not offer or sell a membership camping contract until duly licensed under this chapter.

Subd. 2. [FEE AND CONTENTS.] A salesperson or broker may apply for a license by filing a fee of \$25 and an application with the commissioner which includes the following information:

(1) the applicant's name, age, residence address, and, in the case of a salesperson, the name and place of business of the membership camping operator or broker on whose behalf the salesperson will be acting;

(2) the applicant's date and place of birth;

(3) a statement whether or not the applicant within the past ten years has been convicted of a misdemeanor or felony involving theft, fraud, or dishonesty or whether or not the applicant within the past ten years has been enjoined from, had any civil penalty assessed for, or been found to have engaged in any violation of any securities, land sales, camping, or consumer protection statutes;

(4) a statement whether or not the applicant is named as a defendant in a pending criminal indictment or proceeding involving fraud, theft, or dishonesty or is a defendant in a pending lawsuit arising out of alleged violations of securities, land sales, camping, or consumer protection statutes. A copy of the charge, complaint, or lawsuit shall be provided to the commissioner;

(5) a statement describing the applicant's employment history for the past five years and whether or not any termination of employment during the last five years was occasioned by a theft, fraud, or act of dishonesty;

(6) an affidavit certifying that the applicant is knowledgeable concerning the provisions of sections 82A.05, 82A.13, 82A.14, and 82A.16 and any rules adopted under those sections;

(7) a statement whether or not the applicant has ever been licensed by this state or its political subdivisions to engage in any other business or profession; whether any such license has been denied, suspended, or revoked and, if so, the circumstances of the denial, suspension, or revocation;

(8) such other information as the commissioner may reasonably deem necessary to administer the provisions of this act, by rule or order.

Subd. 3. [AMENDMENTS.] Each licensee shall, within 15 days after the occurrence of any material change in the information contained in the initial application for license, file with the commissioner an amendment to the application setting forth the facts of change. The following shall be material changes requiring amendment:

(1) any termination of employment with a membership camping operator or broker;

(2) any new employment with a different membership camping operator or broker;

(3) upon any occasion when the salesperson or broker is named as a defendant in any criminal indictment or proceeding involving fraud, theft, or dishonesty or is a defendant in any pending lawsuit arising out of alleged violations of this chapter or any securities, land sales, or consumer protection statutes. A copy of the complaint or lawsuit shall be provided to the commissioner; and

(4) a change of name or address.

Subd. 4. [SALESPERSONS.] A salesperson must be licensed to act on behalf of a registered membership camping operator or licensed broker and may not be licensed to act on behalf of more than one membership camping operator or broker in this state during the same period of time. The license of each salesperson shall be mailed to and remain in the possession of the salesperson until canceled.

Subd. 5. [EXPIRATION.] Every license issued pursuant to this chapter shall expire on the February 28 next following the issuance of the license.

Subd. 6. [RENEWAL.] The license of a salesperson and broker shall be renewed annually by the filing of a form prescribed by the commissioner and payment of a fee of \$10.

Subd. 7. [ALTERNATIVE SYSTEM.] Notwithstanding the provisions of subdivisions 5 and 6, the commissioner may institute a system by rule pursuant to chapter 14 to provide three-year licenses from the date of issuance for any license prescribed by this section.

Subd. 8. [RESPONSIBILITY OF OPERATOR.] Each membership camping operator or broker shall be responsible for any violations of section

82A.13 or 82A.14 by any and all of its salespersons while acting as its agents in connection with the offer or sale of membership camping contracts. Unless the broker is liable for such violations pursuant to section 82A.19, subdivision 2, the operator's or broker's liability under this subdivision shall be limited to rescission and refund of the purchaser's payments for the membership camping contract.

Sec. 17. [82A.17] [DENIAL; SUSPENSION; REVOCATION OF LICENSES.]

Subdivision 1. [GROUNDS.] The commissioner may by order deny a license application, suspend or revoke any license, or may censure a licensee if he or she finds that the order is in the public interest, and that the applicant or licensee:

(1) has filed an application for a license which is incomplete in any material respect or contains any statement which, in light of the circumstances under which it is made, is false or misleading with respect to any material fact;

(2) has engaged in a fraudulent or deceptive practice;

(3) is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the membership camping contract business or any other statute designed to protect consumers; or

(4) has materially or intentionally violated or failed to comply with any provision of this chapter or any rule or order under this chapter.

Subd. 2. [ORDER TO SHOW CAUSE.] The commissioner shall issue an order requiring a licensee or applicant for a license to show cause why the license should not be revoked or suspended, or the licensee censured, or the application denied. The order shall be calculated to give reasonable notice of the time and place for hearing thereon, and shall state the reasons for the entry of the order. If the commissioner finds that there are reasonable grounds to believe that, unless an order is issued promptly, there is an immediate and significant risk of harm to purchasers, the commissioner may by order summarily suspend a license pending final determination of any order to show cause. If a license is suspended pending final determination of an order to show cause, a hearing on the merits shall be held within 30 days of the issuance of the order of suspension. All hearings shall be conducted in accordance with the provisions of chapter 14. After the hearing, the commissioner shall enter an order making such disposition of the matter as the facts require. If the licensee or applicant fails to appear at a hearing of which he or she has been duly notified, the person shall be deemed in default, and the proceeding may be determined against him or her upon consideration of the order to show cause, the allegations of which may be deemed to be true.

Sec. 18. [82A.18] [ENFORCEMENT; PENALTIES AND REMEDIES.]

Subdivision 1. [CIVIL ACTION.] Whenever the commissioner has reasonable cause to believe that any person has engaged or is about to engage in any act or practice constituting a violation of any provisions of this chapter or any rule or order thereunder, he or she may, in addition to all other remedies, institute on behalf of the state of Minnesota a civil action seeking appropriate relief. In addition to all other penalties and remedies provided by this

chapter, whether administrative or judicial in nature, the courts of this state shall have jurisdiction to grant such temporary, interlocutory, or permanent injunctive relief as is necessary to prevent and restrain violations of this chapter and may upon a proper showing appoint a receiver for the property, assets, business, and affairs of a membership camping operator.

Subd. 2. [CIVIL PENALTY.] Any person who materially or repeatedly violates section 82A.03, 82A.05, 82A.09, 82A.13, 82A.14, or 82A.16 shall be subject to a fine of not more than \$1,000 for each violation provided, however, that the total recovery arising from the same failure to comply, but involving different purchasers, shall be limited to \$5,000. A fine authorized by this subdivision may be imposed in a civil action brought by the attorney general on behalf of the state of Minnesota, and shall be deposited into the state treasury.

Subd. 3. [PENALTY FOR UNPAID FEES.] Any person who fails to pay the filing fees required by this chapter and continues to sell membership camping contracts, is liable civilly in an action brought by the attorney general on behalf of the commissioner for a penalty in an amount equal to treble the unpaid fees.

Sec. 19. [82A.19] [CIVIL LIABILITY.]

Subdivision 1. [GENERALLY.] A person who violates any provision of section 82A.05, 82A.13, or 82A.14 or any rule or order thereunder shall be liable to the purchaser who may sue for actual damages caused thereby, for rescission, or other relief as the court may deem appropriate.

Subd. 2. [JOINT AND SEVERAL LIABILITY.] Every person who materially aids in the act or a violation of section 82A.05, 82A.13, or 82A.14 is also liable jointly and severally with and to the same extent as the person, directly committing the violation unless the person who would otherwise be liable hereunder had no knowledge of or reasonable grounds to know of the existence of the facts by reason of which the liability is alleged to exist.

Subd. 3. [COSTS AND DISBURSEMENTS.] The prevailing party, in any suit authorized under this section or brought pursuant to section 82A.11, may recover costs and disbursements plus reasonable attorney's fees, in addition to any other relief granted.

Subd. 4. [REMEDIES ADDITIONAL.] The rights and remedies provided by this chapter shall be in addition to any and all other rights and remedies that may exist at law or in equity.

Subd. 5. [LIMITATIONS ON ACTIONS.] An action shall not be commenced pursuant to this section later than three years from the date the person enters into the contract.

Sec. 20. [82A.20] [RULES AND OPINIONS.]

Subdivision 1. [RULEMAKING POWER.] The commissioner may adopt rules to carry out the provisions of this chapter. For the purpose of rules and forms, the commissioner may classify membership camping contracts, persons, or matters within his or her jurisdiction, and prescribe different requirements for different classes insofar as they are consistent with this chapter. Rules shall be adopted in accordance with chapter 14, and shall not be inconsistent with the provisions of this chapter.

Subd. 2. [OPINIONS.] The commissioner, upon request and upon payment of a fee of \$50, may honor requests for interpretive opinions relating to this chapter.

Sec. 21. [82A.21] [SCOPE.]

The provisions of this chapter concerning offers and sales of membership camping contracts apply when an offer or sale is made in this state.

For the purpose of this chapter, an offer or sale is made in this state when a sales presentation is made in this state. An offer or sale is also made in this state, whether or not either party is then present in this state, when:

(1) the offer originates from this state and is intended to induce the offeree to attend a sales presentation in this state; or

(2) the offer is directed by the offeror to this state, received by the offeree in this state and is intended to induce the offeree to attend a sales presentation in this or another state.

An offer or sale is not made in this state when a publisher circulates or there is circulated on the publisher's behalf in this state any bona fide newspaper or other publication of general, regular, and paid circulation which is not published in this state, or a radio or television program originating outside this state is received in this state.

Sec. 22. [82A.22] [SERVICE OF PROCESS.]

Subdivision 1. [CONSENT TO SERVICE.] Every membership camping operator or broker, on whose behalf an application for registration or exemption is filed, shall file with the commissioner, in such form as the commissioner may prescribe, an irrevocable consent appointing the commissioner and the commissioner's successors in office to be the membership camping operator's or broker's attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against the membership camping operator or broker or his or her successor, executor, or administrator which arises under this chapter or any rule or order thereunder after the consent has been filed, with the same force and validity as if served personally on the membership camping operator or the operator's successor, executor, or administrator. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless:

(1) the plaintiff, who may be the commissioner in a suit, action, or proceeding instituted by him or her, sends notice of the service and a copy of the process by certified mail to the defendant or respondent at that person's last address on file with the commissioner; and

(2) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

Subd. 2. [APPOINTMENT OF COMMISSIONER.] When any person, including any nonresident of this state, engages in conduct prohibited or made actionable by this chapter, or any rule or order thereunder, and the person has not filed a consent to service of process under subdivision 1 and personal jurisdiction over this person cannot otherwise be obtained in this state, that conduct shall be considered equivalent to the person's appointment

of the commissioner or the commissioner's successor to be the person's attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against the person which grows out of that conduct and which is brought under this chapter or any rule or order thereunder, with the same force and validity as if served on the person personally. Service may be made by leaving a copy of the process in the office of the commissioner, and it is not effective unless:

(1) the plaintiff, who may be the commissioner in a suit, action, or proceeding instituted by the commissioner, forthwith sends notice of the service and a copy of the process by certified mail to the defendant or respondent at his or her last known address or takes other steps which are reasonably calculated to give actual notice; and

(2) the plaintiff's affidavit of compliance with this subdivision is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

Subd. 3. [CONTINUANCES.] When process is served under this section, the court or the commissioner in a proceeding before him or her shall order such continuance as may be necessary to afford the defendant or respondent reasonable opportunity to defend.

Sec. 23. [82A.23] [WAIVERS VOID.]

Any condition, stipulation, or provision purporting to bind any person acquiring any membership camping contract to waive compliance with any provision of this chapter or any rule or order thereunder is void.

Sec. 24. [82A.24] [ADMINISTRATION.]

Subdivision 1. [GENERALLY.] This chapter shall be administered by the commissioner of commerce.

Subd. 2. [RESPONSIBILITIES OF DEPARTMENT.] It is unlawful for the commissioner or any of his or her officers or employees to use for personal benefit any information which is filed with or obtained by the commissioner and which is not generally available to the public. Nothing in this chapter authorizes the commissioner or any of his or her officers or employees to disclose any confidential information except among themselves or to other administrators or regulatory authorities, or when necessary or appropriate in a proceeding or investigation under this chapter. No provision of this chapter either creates any privilege or derogates from any privilege which exists at common law or otherwise when documentary or other evidence is sought under a subpoena directed to the commissioner or any of his or her officers or employees.

Subd. 3. [PUBLIC DOCUMENTS.] All applications and other documents filed with the commissioner under this chapter, except for loan or real estate agreements and building plans and specifications which have not otherwise been made public by the membership camping operator, shall be open to public inspection in accordance with rules prescribed by the commissioner. Loan or real estate agreements and building plans and specifications which have not otherwise been made public by the operator shall be classified as protected nonpublic data or private data on individuals. The commissioner may publish information filed with him or her or obtained by him or her if, in

the judgment of the commissioner; such action is in the public interest.

Subd. 4. [DOCUMENT FILING.] A document is filed when it is received by the commissioner.

Subd. 5. [REGISTER OF FILING.] The commissioner shall keep a register of all filings which are or have ever been effective under this chapter and all denial, suspension, revocation, and other orders which have been entered under this chapter. The register shall be open for public inspection.

Subd. 6. [COPIES.] The commissioner upon request shall furnish to any person at a reasonable charge photostatic or other copies, certified under his or her seal of office if certification is requested, of any entry in the register or any order or other document on file in his or her office except for documents not available to the public pursuant to subdivision 3. Any copy so certified is admissible in evidence under section 600.13.

Subd. 7. [SERVICE OF ORDERS.] Orders of the commissioner shall be served by mailing a copy by certified mail to the most recent address of the recipient of the order as it appears in the files of the commissioner. Subpoenas shall be served in the same manner as provided in civil actions in the district courts.

Sec. 25. [82A.25] [CRIMINAL PENALTIES.]

Any person who willfully violates section 82A.03 by offering or selling unregistered, nonexempt membership camping contracts or section 82A.13 or any order of the commissioner pursuant thereto of which that person has notice, may be fined not more than \$5,000 or imprisoned not more than five years or both. Each of the acts specified shall constitute a separate offense and a prosecution or conviction for any one of the offenses shall not bar prosecution or conviction for any other offense.

Sec. 26. [82A.26.] [NONAPPLICABILITY OF CERTAIN LAW.]

Membership camping contracts registered pursuant to this chapter are exempt from the provisions of chapter 83. To the extent that licensed salespersons and licensed brokers engage in the offer or sale of membership camping contracts, those brokers and salespersons are exempt from the licensing requirements of chapter 82.

The amount

of the tax together with this amount shall bear interest at the rate specified in section 270.75 from the time the tax should have been paid until paid. The penalty imposed by this paragraph shall be collected as a part of the tax, and shall be in addition to any other penalties civil and criminal, prescribed by this subdivision.

The private road must be constructed and maintained in the same manner as a bridge or culvert. The private road must be constructed in a manner suitable for farm vehicles, but may not have a right-of-way wider than 33 feet. Private bridges and culverts, constructed as a part of any ditch system established by proceedings instituted on or after March 25, 1947, shall be maintained by the ditch authority as a part of the ditch system. Private bridges or culverts constructed as a part of any ditch system established by proceedings instituted before March 25, 1947, may be maintained, repaired, or rebuilt, as a part of the ditch by the ditch authority at the option of the ditch authority and the cost may be paid in whole or part by the ditch system.

(c) In proceedings for the repair of a public drainage ditch in which a redetermination of benefits is made as set forth in section 106.465, the drainage authority may direct that any existing bridge or culverts constructed as part of the ditch system which serve as township or city roadways, be repaired or rebuilt as a part of the ditch by the ditch authority, and the cost may be paid in whole or in part by the ditch system.

“ARTICLE I

Section 1. [PURPOSE.]

The legislature finds that profound changes in the state economy and in the availability and nature of federal support have created new needs among the people of this state for assistance in their quest for jobs, for training to fill those jobs, for income maintenance programs, and for a wide array of other human services. At the same time, those changes have altered the role of state government in the planning, development, and delivery of all human services, creating a need for coordinating all the agencies that share responsibilities for those services. Accordingly, the legislature finds that in order to maximize productivity of human resources and economic opportunity within the state of Minnesota, it is necessary to streamline and coordinate the state's employment, training, and public assistance programs and to set new priorities so that state government might better meet its duty to help its citizens realize the dignity of a paycheck and achieve economic independence. Further, the legislature finds it necessary to act swiftly and decisively to achieve the dual goal of lowering the unemployment rate among the people of this state and decreasing the welfare caseload that is at once a reflection of the difficulties challenging some and a burden that must be borne by all.

The commissioner shall establish, by rule, the conditions under which individuals participate in programs, their rights and responsibilities while participating, and the standards by which the programs must be administered, and shall provide fair hearings procedure governing participation.

Subd. 3. In administering the work incentive program under section 256.736, the commissioner shall assure that no later than July 1, 1986, at least 25 percent of all state and federal funds appropriated to that program must be spent for direct client services, including child care, transportation, institutional training, and on-the-job training. Seventy-five percent or less of the funds must be spent for services provided directly by state or county staff.

Subd. 4. In developing employment and training programs and services,

the commissioner shall identify and incorporate, to the extent possible, funding from both federal and state income maintenance, employment and training, and educational programs.

Sec. 49. [268A.06] [LOCAL DELIVERY OF EMPLOYMENT AND TRAINING PROGRAMS AND SERVICES FOR PUBLIC ASSISTANCE RECIPIENTS.]

Subdivision 1. Unless otherwise determined by the coordinator, the counties are responsible for the delivery of employment and training programs for public assistance recipients. In carrying out the employment and training programs in sections 44 to 58, counties shall contract with an established and certified public, nonprofit, or private employment and training agency or capable post-secondary education institution and, unless the county already operates the job training partnership act program, shall not develop new administrative bodies or assign responsibilities to existing county departments. In contracting, counties must give preference, whenever possible, to state employment and training providers, including, but not limited to, job service, opportunities industrialization centers, displaced homemaker programs, work incentive programs, and job training partnership act programs.

Subd. 1a. The counties are responsible for enforcing employment and training requirements for recipients of aid to families with dependent children, food stamps, and general assistance, and must include provisions for enforcement of these requirements in any contracts with providers under subdivision 1.

Subd. 2. In establishing a contract, the county shall agree to out-station income maintenance and social service staff as necessary to accept applications and determine eligibility, monitor ongoing client eligibility, and authorize services and grants available under programs administered by the county social service or income maintenance agencies that are related to employment and training or the client's successful participation in employment and training activities.

Subd. 3. The commissioner of employment and training shall furnish sufficient co-located staff as are necessary to make the services provided through the department of employment and training and the programs it administers or supervises available to clients being served by the contract agency.

Subd. 4. The commissioner shall have emergency and permanent rule-making authority to implement this section.

Sec. 50. [268A.07] [JOBS TRAINING PARTNERSHIP ACT; ADMINISTRATION.]

Subdivision 1. [COORDINATION OF STATE AND FEDERAL PROGRAMS.] The commissioner shall act as the governor's agent in administering the federal jobs training partnership act. To the extent permitted under federal regulation, this program shall be administered in conjunction with a comprehensive state employment and training strategy and its resources used in coordination with state programs and to further state objectives.

Subd. 2. The commissioner shall recommend to the governor the priorities, performance standards, and special projects which are consistent with the

coordinator's biennial plan.

Subd. 3. Strong consideration for income maintenance recipients must be included in the goals, objectives, and criteria of the governor's coordination and special services plan under section 121 of Public Law 97-300. Local service delivery area plans and job service plans must describe methods of complying with the coordination criteria under the governor's coordination and special services plan as required under section 104 of Public Law 97-300 and under United States Code 1976, title 29, as amended.

Sec. 51. [268A.08] [COMMUNITY INVESTMENT PROGRAMS.]

Subdivision 1. In order to improve its use of natural, human, and economic resources, the state shall encourage the establishment of community investment programs. These programs shall hire people who are experiencing prolonged unemployment and economic hardship and who have been receiving public assistance for six months. The community investment programs shall be directed toward improving or maintaining the state's social and physical environment.

Subd. 2. [SCOPE OF ACTIVITIES.] Community investment programs shall consist of one or more projects. These projects must be beneficial to the state and the communities in which they are located and must provide program employees with training and work experience. The projects must include activities which:

(1) expand or improve public services, including, but not limited to, education, health, social services, recreation, and safety;

(2) improve or maintain natural resources, including, but not limited to, rivers, streams and lakes, forest lands and roads, and soil conservation;

(3) make permanent improvements to public lands and buildings; or

(4) weatherize public buildings and private residential dwellings.

Subd. 3. [ACCESS TO EMPLOYMENT.] In developing community investment plans, counties shall consult with the exclusive representatives of their employees. In order to gain state approval, counties must incorporate into their community investment plans, at a minimum, sufficient jobs to provide part-time employment for 50 percent of the individuals who have for six months received general assistance pursuant to sections 256D.01 to 256D.18, and aid to families with dependent children pursuant to sections 256.72 to 256.879, who are not exempt from work requirements or not otherwise engaged in employment or training related activities, and who volunteer for the employment. Concurrence with respect to job slots filled under the community investment programs must be obtained from a review panel established by the coordinator that includes the coordinator, a statewide public employee representative as a permanent member, and the appropriate exclusive bargaining representative. Community investment programs which include other funding sources or authorized programs may provide employment for the groups eligible for the included programs. These programs include, but are not limited to: the Minnesota conservation corps, Minnesota summer youth program, county emergency jobs program, and the jobs training partnership act.

Subd. 4. [EMPLOYMENT CONDITIONS.] (a) An eligible nonprofit or

public employer may not terminate, lay off, or reduce the regular working hours of an employee for the purpose of hiring an individual with funds available under this program. An eligible employer may not hire an individual with funds available through this program if any other person is on layoff from the same or a substantially equivalent job.

(b) Community investment program participants are employees of the project site or the county within the meaning of workers' compensation laws, personal income tax, and the federal insurance contribution act, but not retirement or civil service laws.

(c) Each project and job shall be in compliance with all applicable affirmative action, fair labor, health, safety, and environmental standards.

(d) Individuals employed under the community investment program shall be paid a wage at the same wage rates as work site or employees doing comparable work in that locality, unless otherwise specified in law.

(e) Each general assistance recipient must have available no fewer hours of employment than are necessary to meet general assistance standards. Recipients of the aid to families with dependent children program who are eligible on the basis of an unemployed parent, shall not have available more than 100 hours per month. All employees shall be limited to a maximum of 32 hours or four days per week, so that they can continue to seek full-time private sector employment, unless otherwise specified in law.

(f) The commissioner shall establish, by rule, the terms and conditions governing the voluntary participation of public assistance recipients. The rules shall, at a minimum, establish the procedures by which the minimum and maximum number of work hours and maximum allowable travel distances are determined, the amounts and methods by which work expenses will be paid, the manner in which support services will be provided, and periodic reviews of clients continuing employment in community investment programs.

Subd. 5. [COUNTY BOARDS OF COMMISSIONERS.] (a) The county boards of commissioners shall:

(1) be encouraged to establish community investment programs that are administered jointly according to section 471.59, or through multi-county human service boards, pursuant to chapter 402;

(2) plan community investment programs by involving nonprofit organizations and other governmental units, community action agencies, community-based organizations, local union representatives, and representatives of client groups;

(3) give preference to individual community investment projects which are administered under contract by nonprofit organizations and other governmental units, including departments and agencies of cities, towns, school districts, state and federal agencies, park reserve districts, and other special districts;

(4) submit plans which incorporate identified local human and environment needs, jobs requiring skills at the level found among the area's unemployed, including public assistance recipients;

(5) submit reports and meet administrative standards established by rule;

(6) monitor the performance of entities under contract to administer individual community investment projects;

(7) enter into contracts with other governmental and private bodies to jointly fund or jointly administer approvable projects when agreements expand the resources available, the scope of people employed, or further recognized public purposes; and

(8) submit the first biennial plan between October 1, 1985, and May 1, 1986, and subsequent plans no later than September 1 of each odd-numbered year.

(b) The plan must be in the format prescribed by the coordinator.

Subd. 6. [STATE FINANCIAL PARTICIPATION.] The statutorily established state rates of financial participation or available state appropriations or grants shall not be affected by their incorporation into a community investment program.

Subd. 7. [RULEMAKING.] The commissioner shall have emergency and permanent rulemaking authority to implement this section.

Subd. 8. [VOLUNTARY PARTICIPATION.] Participation in the community investment program by any recipient of aid to families with dependent children shall be voluntary.

Sec. 52. [268A.09] [STATE FUNDING OF EMPLOYMENT AND TRAINING PROGRAMS.]

Subdivision 1. Any administrative aid for employment and training programs administered under sections 43 to 57 must be paid to the counties by the commissioner according to the formula established in rules by the commissioner. The rules must provide that 50 percent of the funds are allocated among counties based on general assistance caseloads of individuals not exempt from work requirements as forecast by the department of human services and that 50 percent are allocated in a way that encourages full-time, private-sector job placement, program completion by public assistance clients, and other performance characteristics.

Subd. 2. The commissioner has emergency and permanent rulemaking authority to implement this section.

Sec. 53. [268A.10] [OFFICE OF INDIVIDUAL ENTERPRISE.]

Subdivision 1. The commissioner shall establish an office of individual enterprise that shall be responsible for coordinating state activities related to self-employment enterprises, including, but not limited to, home-based businesses, individual self-employment initiatives, and collective and cooperative efforts as involve individual entrepreneurs.

Subd. 2. The commissioner shall undertake activities to expand the marketing of goods or services produced by the state's independent entrepreneurs in public facilities and in conjunction with other state-funded activities and may establish a council or committee to select products and services to be included.

Subd. 3. The commissioner shall provide or arrange information, technical assistance, and support as necessary to help individuals determine whether

they wish to become self-employed, to obtain needed training, to develop business plans and financing, and to sustain the initiatives.

Subd. 4. The commissioner of energy and economic development shall develop resources for a pilot program, in cooperation with the commissioners of employment and training and human services to enable low-income persons to start or expand self-employment opportunities or home-based businesses which are designed to make the individual entrepreneurs economically independent. The commissioner of human services shall seek necessary waivers from federal regulations to allow recipients of aid to families with dependent children to participate and retain eligibility while establishing a business.

Subd. 5. The commissioner shall conduct a study of the needs of individual entrepreneurs and beginning businesses and recommend to the governor how state programs and resources can provide further assistance.

Subd. 6. [RULEMAKING.] The commissioner shall have emergency and permanent rulemaking authority to implement this section.

Sec. 54. [268A.11] [FIRST SOURCE AGREEMENTS.]

Subdivision 1. Any business or private enterprise receiving grants or loans from the state in amounts over \$50,000 per year, shall as part of the grant or loan agree to list any vacant or new positions with the job services of the department of employment and training. An agreement obligates the employer to consider qualified applicants but does not establish an obligation to hire individuals referred by the department.

Subd. 2. The commissioner of energy and economic development shall incorporate the provisions of this section into grant and loan instruments and assist the commissioner of employment and training in promoting private sector listings with job services and in evaluating their effect on employers and individuals who are referred.

Subd. 3. [RULEMAKING.] The commissioner shall have emergency and permanent rulemaking authority to implement this section.

Sec. 55. [268A.12] [CHILD CARE SLIDING FEE PROGRAM.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section the following terms have the meanings given.

(a) "Child care services" means family day care homes, group day care homes, nursery schools, day nurseries, child day care centers, play groups, head start, parent cooperatives, and in-home child care as defined in the Minnesota plan for social services to families and children.

(b) "Child" means any person 14 years of age or younger.

(c) "Commissioner" means the commissioner of employment and training.

Subd. 2. [DUTIES OF COMMISSIONER.] The commissioner shall develop standards for county boards and certified service providers regarding the provision of child care services to enable eligible families to participate in employment or training programs. The commissioner shall establish a program to allocate available appropriations to counties for the purpose of re-

ducing the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. The commissioner shall require counties to collect and report data that the commissioner deems necessary to evaluate the effectiveness of the program in preventing and reducing participants' dependence on public assistance and in providing other benefits, including improvement in the care provided to children. The commissioner shall report to the full productivity and opportunity coordinator no later than January 15 of each even-numbered year on the effectiveness of the program.

Subd. 3. [ALLOCATION.] (a) No later than August 1 of each odd-numbered year, the commissioner shall notify all county boards of the allocation and the procedures used for the sliding fee program. If the appropriation is insufficient to meet the needs in all counties, the amount shall be prorated among the counties.

(b) For the purposes of this section, the commissioner shall allocate money appropriated between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area so that no more than 55 percent of the total fund goes to either area after excluding allocations for statewide administrative costs. The commissioner shall allocate 50 percent of the funds among counties on the basis of the number of families below poverty, as determined from the most recent special census and 50 percent on the basis of caseloads of aid to families with dependent children for the preceding fiscal year as determined by the commissioner of human services.

Subd. 4. [FINANCIAL ELIGIBILITY.] (a) Child care services must be available to families who need child care to find or keep employment or to obtain the training or education necessary to find employment and who:

(1) receive aid to families with dependent children under sections 256.72 to 256.87; or

(2) have household income below the eligibility levels for aid to families with dependent children;

(3) have household income within a range established by the commissioner.

(b) Child care services for the families receiving aid to families with dependent children must be made available as in-kind services, to cover any difference between the actual cost and the amount disregarded under the aid to families with dependent children program. Services to families whose incomes are below the threshold for aid to families with dependent children, but that are not receiving aid to families with dependent children, must be made available without cost to the families.

(c) Child care services to families with incomes in the commissioner's established range must be made available on a sliding fee basis. The lower limit of the sliding fee range must be the eligibility limit for aid to families with dependent children. The upper limit of the range must not be less than 70 percent, and must not be more than 90 percent, of the state median income for a family of four, adjusted for family size.

Subd. 5. [EMPLOYMENT OR TRAINING ELIGIBILITY.] (a) Persons

who are seeking employment and who are eligible for assistance under this section are eligible to receive the equivalent of one month of child care.

(b) Employed persons who work at least ten hours per week and receive at least minimum wage for all hours worked are eligible for child care assistance.

Persons eligible under this section for child care assistance for education or training shall receive assistance for the length of the program or 24 months, whichever is shorter. Any education or training program approved by the department of education and accredited by the appropriate agency is an eligible program, including but not limited to high school or an equivalent program, an English competency program, technical or vocational training, or a four-year or associate degree program.

Subd. 6. [COUNTY CONTRIBUTION.] In addition to payments from parents, the program must be funded by county contributions. Counties shall contribute five percent of the cost of the program in the program's first year and 15 percent in the second and subsequent years. By rule, the commissioner may require each county to pay to the state treasurer the portion of sliding fee allocations paid by the state for which the county is responsible. The county shall advance its portion of sliding fee costs, based upon allocations made by the commissioner for that county for expenditures in the succeeding month. Adjustments of any overestimate or underestimate based on actual expenditures shall be made by the state agency by adjusting the estimate for any succeeding month.

Subd. 7. [SLIDING FEE SCALE.] In setting the sliding fee schedule, the commissioner shall exclude from the amount of income used to determine eligibility, an amount for federal and state income and social security taxes attributable to that income level according to federal and state standardized tax tables. The fee schedule must be designed to use any available tax credits and to progress smoothly from appropriated assistance to tax-related assistance.

Subd. 8. [LIMITS ON USE OF STATE FUNDS.] The state's payment is limited to the difference between the fee set by the commissioner and the provider's charge for care. When the provider of child care services charges more than 125 percent of the median charge for similar care arrangements in the geographic area defined by the commissioner of human services for the purpose of ascertaining the median charge, the state's payment is limited to the difference between 125 percent of the median charge for similar care arrangements in the geographic area and the parents' fee.

Subd. 9. [EXTENSION OF WORK INCENTIVE OPPORTUNITIES.] The county board shall ensure that child care services available to county residents are well advertised and that everyone who receives or applies for aid to families with dependent children is informed of training and employment opportunities and programs, including child care services.

Subd. 10. [ADMINISTRATIVE EXPENSES.] A county must not use more than seven percent of its allocation for its administrative expenses under this section.

Sec. 56. [TRANSFER OF POWERS.]

The department of economic security as now constituted is abolished. The

responsibilities of the department of economic security are transferred to the department of employment and training and the department of human services as specified in sections 1 to 55. Responsibilities of the department of human services specified in sections 13, 14, 15, and 22, together with designated support functions, are transferred to the department of employment and training. Section 15.039 governs the transfer of powers, except that positions in the unclassified service established under section 268.011, subdivision 2, are abolished. Commencing with the passage and signing of this act, the commissioners of economic security, human services, administration, finance, and employee relations shall cooperate in assuring a smooth transfer of the designated personnel, equipment, and supplies to carry out the purposes of this act.

Sec. 57. [REVISOR'S INSTRUCTION; NAME CHANGES.]

In Minnesota Statutes 1986 and later editions of the statutes, the revisor shall change the words "economic security" to "employment and training," except as otherwise specified by sections 1 to 55.

Sec. 58. [REVISOR'S INSTRUCTION; RENUMBERING.]

In Minnesota Statutes 1986 and later editions of the statutes, the revisor shall renumber each section listed in column A with the number in column B. The revisor shall also make necessary cross-reference changes consistent with renumbering. In the renumbered sections, the revisor shall change the words "economic security" to "employment and training."

Subd. 2. [COMMISSIONER.] “Commissioner” means the commissioner of agriculture.

Subd. 3. [MARGINAL AGRICULTURAL LAND.] “Marginal agricultural land” means erosive land that is composed of class IIIe, IVe, V, VI, VII, or VIII soil, as identified in the land capability classification system of the United States department of agriculture and the county soil survey.

Sec. 2. [40.43] [CONSERVATION RESERVE PROGRAM.]

Subdivision 1. [AUTHORITY.] The commissioner may contract with landowners for the conservation of marginal agricultural land. The contracts must be for a period of five to ten years with provision for renewal for an additional five to ten year period. The commissioner may adjust payment rates for a renewal period after examining the condition of the established cover, land values, and crop values. A contract may not provide for payment of more than \$10,000 to a landowner in any year. Contracts under this section are exempt from contractual provisions of chapter 16B.

Subd. 2. [ELIGIBLE LAND.] Land may be placed in the conservation reserve program if the land:

(1) is marginal agricultural land;

(b) The commissioner may require that the landowner make refunds or accept payment adjustments if the commissioner determines that a violation by the landowner does not warrant termination of the contract.

Subd. 4. [COMMISSIONER'S AGREEMENT.] The commissioner must:

(1) make a payment to the landowner to establish the cover crop required by the contract in an amount up to \$75 per acre as determined by the commissioner;

(2) make a payment to the landowner to pay the cost of planting trees required by the contract in an amount up to \$75 per acre;

If the landowner sells or otherwise transfers the ownership or right of occupancy of the land during the contract period, the new landowner is subject to the original contract unless a new contract is entered.

Subd. 6. [CONTRACT TERMINATION.] The commissioner may terminate a contract by mutual agreement with the owner if the commissioner determines that the termination would be in the public interest. The commissioner may agree to a modification of a contract that is necessary to carry out the purposes of the program or facilitate its administration.

Sec. 3. [40.45] [COOPERATION AND TECHNICAL ASSISTANCE.]

Subdivision 1. [MANAGEMENT.] The Minnesota critical habitat private sector account shall be managed to earn the highest interest compatible with prudent investment, preservation of principal, and reasonable liquidity. Unless a legislative appropriation reverts under subdivision 3, the appropriation and interest attributable to the appropriation shall remain in the account until spent.

Subd. 5. [PLEDGES AND CONTRIBUTIONS.] The commissioner may accept contributions and pledges to the Minnesota critical habitat private sector account. Pledges made contingent on appropriations by the legislature may be accepted and shall be reported with other pledges. Subd. 3. [HOME CARE SERVICE.] "Home care service" means any of the following services when delivered in a place of residence to a person whose advanced age, illness, disability, or physical condition creates a need for the service:

- (1) nursing services, including the services of a home health aide;*

- (2) an individual who only provides services to a relative; or*
- (3) an agency that only provides chore or housekeeping services which do not involve any medical care or treatment or personal care services.*

Sec. 2. [144A.44] [HOME CARE BILL OF RIGHTS.]

Subdivision 1. [STATEMENT OF RIGHTS.] A person who receives home care services has these rights:

(1) the right to receive written information about rights, including what to do if rights are violated;

(2) the right to receive care and services according to a suitable and up-to-date plan, subject to accepted medical and nursing standards, and to take an active part in creating and changing the plan and evaluating care and services;

(3) the right to be told, as part of the doctor's treatment plan, about treatment and services that are being provided or suggested, about other choices that are available, and about the consequences of these choices including the consequences of refusing treatment;

(4) the right to refuse services or treatment;

(5) the right to know, in advance, any limits to the services available from an agency and whether the services are covered by health insurance, medical assistance, or other health programs;

(6) the right to know what the charges are for services, no matter who will be paying the bill;

(7) the right to know that there may be other services available in the community, including other home care services, agencies, and case management services, and to know where to go for information about these services;

(8) the right to choose freely among available agencies and to change agencies after services have begun, within the limits of health insurance, medical assistance, or other health programs;

(9) the right to have personal, financial, and medical information kept private;

(10) the right to be served by people who are properly trained and competent to perform their duties;

(11) the right to be treated with courtesy and respect;

(12) the right to be free from physical and verbal abuse;

(13) the right to reasonable notice of changes in services or charges;

(14) the right to a smooth transition when there will be a change in the agency which provides the services;

(15) the right to know how to contact the director of an agency who is responsible for handling problems and where to go for help outside the agency; and

(16) the right to assert these rights without retaliation.

Subd. 2. [INTERPRETATION AND ENFORCEMENT OF RIGHTS.] These rights are established for the benefit of persons who receive home care services. "Home care services" means home care services as defined in section 144A.43, subdivision 3. A home care agency may not require a person to surrender these rights as a condition of receiving services. A guardian

or conservator or, when there is no guardian or conservator, a designated person, may seek to enforce these rights. This statement of rights does not replace or diminish other rights and liberties that may exist. The commissioner of health shall establish guidelines for interpretation of these rights.

Sec. 3. [144A.45] [REGULATION OF HOME CARE SERVICES.]

Subdivision 1. [AUTHORITY TO REGULATE.] The commissioner may regulate and control the delivery of home care services in order to protect consumers; assure quality of care; improve access to services; prevent fraud, overcharging and other undesirable practices; promote desirable forms of competition; and control health care costs. The commissioner may:

(1) require home care agencies to furnish relevant information and documentation including information requested for purposes of section 144A.46;

(2) inspect the office and records of an agency during regular business hours;

(3) with the consent of the consumer, visit the home where services are being provided;

(4) issue correction orders and assess civil penalties in accordance with section 144.653, subdivisions 5 to 8; and

(5) take other action the commissioner considers appropriate to accomplish the purposes of sections 144A.43 to 144A.46.

In the exercise of the authority granted in sections 144A.43 to 144A.46, the commissioner shall comply with the applicable requirements of section 144.122, the government data practices act, and the administrative procedure act. When conducting routine office visits or inspections, the commissioner shall provide at least 48 hours advance notice to the home care agency.

Subd. 2. [LICENSURE.] A home care agency may not operate in the state without a current license issued by the commissioner of health. In addition to the exemptions listed in subdivision 3, the commissioner may by rule exempt other classes of agencies from licensure requirements. When determining whether to exempt a class of agencies, the commissioner shall consider: (1) the extent to which the agencies, or the individuals who provide services through the agencies, are regulated under another law; (2) the risk to the health, safety, and well-being of the client; and (3) other factors the commissioner considers appropriate. The commissioner may establish different classes of licenses for different types of agencies and may impose different standards and requirements for different kinds of home care services.

Subd. 3. [EXEMPTIONS.] The following agencies are exempt from the requirement to obtain a home care agency license:

(1) a person who is licensed under sections 148.171 to 148.299 and who independently provides nursing services in the home without any contractual or employment relationship to a home care agency or other organization;

(2) a personal care attendant authorized by the commissioner of human services to provide services under the medical assistance program as authorized under section 256B.02, subdivision 8, paragraph (17); and

(3) a professional corporation organized under sections 319A.01 to

319A.22.

An exemption under this subdivision does not excuse the exempted agency from complying with applicable provisions of the home care bill of rights.

Subd. 4. [ENFORCEMENT.] The commissioner may refuse to grant or renew a license, or may suspend or revoke a license, for violation of statutes or rules relating to home care services or for conduct detrimental to the welfare of the consumer. In addition to any other remedy provided by law, the commissioner may, without a prior contested case hearing, temporarily suspend a license or prohibit delivery of services by an agency for not more than 60 days if the commissioner determines that the health or safety of a consumer is in imminent danger, provided (1) advance notice is given to the agency; (2) after notice, the agency fails to correct the problem; (3) the commissioner has reason to believe that other administrative remedies are not likely to be effective; and (4) there is a subsequent opportunity for a contested case hearing. The process of suspending or revoking a license must include a plan for transferring affected clients to other agencies. At the request of a licensee who has been issued a correction order, the commissioner shall order a review of the appropriateness of the correction order by a person designated by the commissioner other than the person who issued the correction order. The review process must allow an opportunity for the licensee to submit a brief explanation of the objections to the correction order. If, after receiving the report and recommendation of the reviewer, the commissioner determines that the correction order was issued inappropriately, the commissioner shall retract the correction order and remove from the licensee's record all references to the order.

Subd. 5. [RELATION TO OTHER REGULATORY PROGRAMS.] In the exercise of the authority granted under sections 144A.43 to 144A.46, the commissioner shall not duplicate or replace standards and requirements imposed under another state regulatory program. The commissioner shall not impose additional training or education requirements upon members of a licensed or registered occupation or profession, except as necessary to address or prevent problems that are unique to the delivery of services in the home or to enforce and protect the rights of consumers listed in section 144A.44. For home care agencies certified under the medicare program, the state standards must not be inconsistent with the medicare standards for medicare services.

Subd. 6. [RULES.] The commissioner shall, in consultation with representatives of home care agencies, community health service agencies, and consumers, adopt rules to implement sections 144A.43 to 144A.46. The rules shall, to the extent possible, assure the health, safety, well-being, and appropriate treatment of persons who receive home care services.

Sec. 4. [144A.46] [INFORMATION AND REFERRAL SERVICES.]

The commissioner shall ensure that information and referral services relating to home care are available in all regions of the state. The commissioner shall collect and make available information about available home care services, costs, sources of payment, agencies, the rights of consumers, and other information the commissioner determines to be appropriate. The commissioner may require home care agencies to provide information requested for the purposes of this section, including price information, as a condition of

licensure. Specific price information furnished by agencies under this section is not public data and must not be released without the written permission of the agency. The commissioner may publish and make available:

- (1) general information about the range of costs of home care services in the state and a summary of the range of prices charged by specific agencies;*
- (2) summary information about the number and nature of complaints received about individual agencies;*
- (3) summary information about consumer evaluations of individual agencies;*
- (4) limitations on hours, availability of services, and eligibility for third-party payments, applicable to individual agencies; and*
- (5) other information the commissioner determines to be appropriate.*

Subdivision 1. [POWERS.] The director may:

- (a) Promulgate by rule, pursuant to chapter 14, and within the limits set forth in subdivision 2, the methods by which complaints against health facilities, health care providers, *home care agencies*, or administrative agencies are to be made, reviewed, investigated, and acted upon; provided, however, that he may not charge a fee for filing a complaint;

which provides for the issuance of correction orders to health care facilities or home care agencies, or under section 144A.45;

Subd. 2. [COMPLAINTS.] The director may receive a complaint from any source concerning an action of an administrative agency, a health care provider, a home care agency, or a health facility. He may require a complainant to pursue other remedies or channels of complaint open to the complainant before accepting or investigating the complaint.

The director shall keep written records of all complaints and his action upon them. After completing his investigation of a complaint, he shall inform the complainant, the administrative agency having jurisdiction over the subject matter, the health care provider, the home care agency, and the health facility of the action taken.

Sec. 9. Minnesota Statutes 1984, section 144A.53, subdivision 3, is amended to read:

Subd. 3. [RECOMMENDATIONS.] If, after duly considering a complaint and whatever material he deems pertinent, the director determines that the complaint is valid, he may recommend that an administrative agency, a health care provider, a home care agency, or a health facility should:

- (a) Modify or cancel the actions which gave rise to the complaint;
- (b) Alter the practice, rule or decision which gave rise to the complaint;
- (c) Provide more information about the action under investigation; or
- (d) Take any other step which the director considers appropriate.

If the director requests, the administrative agency, a health care provider, a home care agency, or health facility shall, within the time specified, inform the director about the action taken on his recommendation.

Sec. 10. Minnesota Statutes 1984, section 144A.53, subdivision 4, is amended to read:

Subd. 4. [REFERRAL OF COMPLAINTS.] If a complaint received by the director relates to a matter more properly within the jurisdiction of an occupational licensing board or other governmental agency, the director shall forward the complaint to that agency and shall inform the complaining party of the forwarding. The agency shall promptly act in respect to the complaint, and shall inform the complaining party and the director of its disposition. If a governmental agency receives a complaint which is more properly within the

jurisdiction of the director, it shall promptly forward the complaint to the director, and shall inform the complaining party of the forwarding. If the director has reason to believe that an official or employee of an administrative agency, a *home care agency*, or health facility has acted in a manner warranting criminal or disciplinary proceedings, he shall refer the matter to the state commissioner of health, the commissioner of human services, an appropriate prosecuting authority, or other appropriate agency.

Sec. 11. Minnesota Statutes 1984, section 144A.54, subdivision 1, is amended to read:

Subdivision 1. Except as otherwise provided by this section, the director may determine the form, frequency, and distribution of his conclusions and recommendations. The director shall transmit his conclusions and recommendations to the state commissioner of health and the legislature. Before announcing a conclusion or recommendation that expressly or by implication criticizes an administrative agency, a health care provider, a *home care agency*, or a health facility, the director shall consult with that agency, health care provider, *home care agency*, or facility. When publishing an opinion adverse to an administrative agency, a health care provider, a *home care agency*, or a health facility, he shall include in the publication any statement of reasonable length made to him by that agency, health care provider, *home care agency*, or health facility in defense or explanation of the action.

Sec. 12. [TEMPORARY PROCEDURES.]

Beginning December 1, 1985, no home care agency may provide home care services in this state without a license issued by the commissioner. The commissioner shall, in consultation with representatives of home care agencies, community health service agencies, and consumers, establish temporary licensing procedures and standards under sections 14.29 to 14.36. - (2) collecting information from providers;*
- (3) collecting licensing fees; and*

Sec. 23. [256B.031] [PREPAID HEALTH PLAN.]

Subdivision 1. [SERVICES AND INFORMATION:] The commissioner may contract with a health maintenance organization licensed and operating under chapter 62D; a health insurer licensed and operating under chapter 62A, or a health service plan corporation licensed and operating under chapter 62C, to provide medical services to medical assistance recipients as a prepaid health plan. These health insurers shall be authorized to enter into contracts with the commissioner under this section. As a condition of the contract, health insurers and health service plan corporations must agree to comply with the requirements in section 62D.04, subdivision 1, clauses (a), (b); (c), (d), and (f), and provide a complaint procedure that satisfies the requirements of section 62D.11. State contracts for these services must assure recipients of at least the comprehensive health services defined in section 256B.02, subdivision 8, and the rules that implement this section, except services by skilled nursing facilities; intermediate care facilities including ICF I, ICF II, and ICF-MR services; and services provided by waived service providers. For counties with a county operated or affiliated public teaching hospital, the commissioner must contract with the hospital if the hospital satisfies the criteria for participation as a prepaid health plan and the terms of the contract, including capitation rates, are competitive with the terms of other contracts awarded for services to similar populations. All prepaid health plans under contract shall provide information to the commissioner as required by the contract including, but not limited to, the number of people receiving services, the number of encounters, the types of services received, evidence of an operational quality assurance program, and information about utilization and actual third-party recoveries. All information received by the commissioner under this section shall be treated as trade secrets, as defined in section 13.37.

Subd. 2. [PREPAID HEALTH PLAN RATES.] For payments made during calendar years 1985 and 1986, the monthly allowable rate established by the commissioner of human services for payment to prepaid health plans must be 90 percent of the projected average monthly per capita fee-for-service payments, by county, made on behalf of eligible recipients during state fiscal year 1984. The commissioner shall exclude from the calculation recipients who are voluntarily enrolled in prepaid health plans. Maximum allowable rates may be calculated separately for each county and may be adjusted to reflect differences among classes of recipients. For payments made during calendar year 1987, the maximum allowable rates payable must be 105 percent of the previous year's rate. For payments made during calendar year 1988 and subsequent years, contracts must be awarded on a competitive basis. Rates established for prepaid health plans must be based on the services the prepaid health plan is at risk to provide under contract with the commissioner.

Subd. 3. [FREE CHOICE LIMITED.] In designated service areas of the state where the commissioner has contracted with prepaid health plans, the following recipients' free choice of provider is limited to choosing from among the prepaid health plans: (1) recipients of aid to families with dependent children; and (2) those persons who are over age 65, are eligible for medicare parts A and B, are eligible for medical assistance, and are not residents of a long-term care facility. The commissioner shall implement the mandatory enrollment during the period from July 1, 1985, to December 30, 1986. Enrollment in a prepaid health plan is mandatory for recipients designated in this section and who become eligible or whose eligibility is redetermined, after January 1, 1985. Enrollment in a prepaid health plan is mandatory only if recipients have a choice of at least two prepaid health plans. If

third-party coverage is available to a recipient through enrollment in a prepaid health plan by the former spouse; or if a duty of support has been imposed by law, order, decree, or judgment of a court under section 518.551; the obligee or recipient must participate in the prepaid health plan in which the obligee has enrolled if the commissioner has contracted with the plan.

Subd. 4. [GRIEVANCES; MONITORING.] The commissioner shall monitor the complaints and grievances filed by enrollees in prepaid health plans to assure the cost-effectiveness and quality of care provided. The commissioner shall publish an annual report with information on the number and nature of grievances, the resolution of the grievances, and any pattern of denials of medical benefits among prepaid health plans generally, or individual health plans specifically.

Subd. 5. [OMBUDSMAN.] The commissioner shall designate an ombudsman to be an advocate for persons required to enroll in prepaid health plans under this section. The ombudsman shall advocate for enrollees through prepaid health plan grievance procedures and ensure that necessary services are provided either by the prepaid health plan directly or by referral to appropriate social services. When enrollees choose their prepaid plan, they must be informed about the ombudsman program and their right to file a grievance with the prepaid health plan if they experience a problem with the plan or its providers. The ombudsman may consult with the commissioner of health or the commissioner of commerce to assure quality care for enrollees.

Sec. 24. Minnesota Statutes 1984, section 256B.19, subdivision 1, is amended to read:

Subdivision 1. [DIVISION OF COST.] The cost of medical assistance paid by each county of financial responsibility shall be borne as follows: Payments shall be made by the state to the county for that portion of medical assistance paid by the federal government and the state on or before the 20th day of each month for the succeeding month upon requisition from the county showing the amount required for the succeeding month. Ninety percent of the expense of assistance not paid by federal funds available for that purpose shall be paid by the state and ten percent shall be paid by the county of financial responsibility.

State contracts with health maintenance organizations shall assure medical assistance recipients of at least the comprehensive health maintenance services defined in section 62D.02, subdivision 7. The contracts shall require health maintenance organizations to provide information to the commissioner concerning the number of people receiving services, the number of encounters, the type of services received, evidence of an operational quality assurance program pursuant to section 62D.04 and information about utilization.

Persons who become eligible for medical assistance after July 1, 1984, who

are not participating in any Medicaid demonstration project as defined under sections 256B.70 and 256B.71, and who choose at the time of application for assistance to receive services from a health maintenance organization, shall be guaranteed six months of coverage by a state contracted health maintenance organization if the recipient remains in the health maintenance organization from the time of initial enrollment. The continued eligibility guarantee shall not be granted when ineligibility for medical assistance is due to death, loss of state or county residency, failure to respond to the county's efforts to contact the recipient, failure to locate the recipient, or when the recipient is eligible for continued eligibility as defined in section 256B.062. In counties where prepaid health plans are under contract to the commissioner to provide services to medical assistance recipients, the cost of court ordered treatment that does not include diagnostic evaluation, recommendation, or referral for treatment by the prepaid health plan is the responsibility of the county of financial responsibility.

Sec. 25. Minnesota Statutes 1984, section 256B.69, subdivision 4, is amended to read:

Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8, except that where counties enter into prepaid capitation agreements, payments shall be as provided in section 256.966, subdivision 2. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.*

(3) *Income from the performance of personal or professional services*

which is subject to the reciprocity exclusion contained in section 290.081, clause (a);

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether the amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, or the amount reflected as the ordinary income portion of a lump sum distribution under section 402(e) of the Internal Revenue Code of 1954, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, or (iii) severance pay distributed to an individual upon discontinuance of the individual's employment due to termination of business operations by the individual's employer, provided that the termination is reasonably likely to be permanent, involves the discharge of at least 75 percent of the employees at that site within a one-year period, and the business is not acquired by another person who continues operations at that site. The maximum amount of this subtraction shall be \$11,000 less the amount by which the individual's federal adjusted gross income, plus the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, exceeds \$17,000. No employer additional contributions are to be refunded.

Subd. 2. [DEFERRED ANNUITY.] If an employee described in subdivision 1 had at least five years of allowable service credit, the employee may elect to receive, in lieu of the refund, a deferred annuity pursuant to Minnesota Statutes, section 353.34, subdivision 3, notwithstanding the length of service requirements contained therein. An employee eligible for a deferred annuity who has previously received a refund of employee contributions may reinstate his or her eligibility for a deferred annuity by repaying the amount refunded, including any interest received, to the association.

Subd. 3. [DEADLINE.] Refunds shall be paid or options exercised and repayments of refunds made prior to July 1, 1985.

Sec. 23. [CITY OF ST. PAUL MODEL CITIES HEALTH CENTER PROJECT EMPLOYEES.]

Subdivision 1. [REFUND OF CONTRIBUTIONS.] A member of the public employees retirement association who is employed by the city of St. Paul and assigned to the model cities health center project on the date the project is taken over by a private corporation or organization must, upon the employee's request, be paid a refund of accumulated employee and employer

contributions made by or on behalf of the employee to the association, plus interest at the rate of six percent per year. If an employee has previously received a refund of employee contributions, only the employer contributions plus the total interest may be refunded. No employer additional contributions are to be refunded.

Subd. 2. [DEFERRED ANNUITY.] If an employee described in subdivision 1 had at least five years of allowable service credit, the employee may elect to receive, instead of the refund, a deferred annuity under Minnesota Statutes, section 353.34, subdivision 3, notwithstanding the length of service requirements contained in that subdivision. An employee eligible for a deferred annuity who has previously received a refund of employee contributions may reinstate his or her eligibility for a deferred annuity by repaying the amount refunded, including any interest received, to the association.

Subd. 3. [DEADLINE.] Refunds must be paid or options exercised and repayments of refunds made within 180 days of the date the model cities health center project is taken over by a private corporation or organization.

Sec. 24. [OWATONNA CITY HOSPITAL.]

Refunds authorized by Laws 1984, chapter 574, section 31, may be paid prior to July 1, 1985.

Sec. 25. [TEMPORARY PROVISION; COUNTY HISTORICAL SOCIETY EMPLOYEES.]

Section 3 applies to county historical society employees first employed on or after July 1, 1985. Employees first employed prior to July 1, 1985, may elect membership effective commencing on that date by filing notice of their election with the board of trustees of the association prior to September 1, 1985. Elected coverage shall not be retroactive for service prior to July 1, 1985, and no purchase of prior service credit shall be allowed.

Sec. 26. [MOORHEAD POLICE AND FIREFIGHTERS; RETIREMENT COVERAGE FOR ACTIVE MEMBERS.]

Subdivision 1. [TRANSFER OF COVERAGE.] Notwithstanding any other law, active police officers and firefighters or deferred recipients employed by the police and fire departments of the city of Moorhead on the effective date of sections 26 to 32 who receive their pension and retirement coverage from either the Moorhead police or firefighters relief association cease to be members of their respective association, and cease to accrue service credits, rights, or benefits from their respective relief association on August 1, 1985. On August 1, 1985, active police officers and firefighters employed by the city of Moorhead who meet the requirements of Minnesota Statutes, section 353.64, become members of the public employees police and fire fund established pursuant to Minnesota Statutes, sections 353.63 to 353.68. Their service before August 1, 1985, as police officers and firefighters with the city of Moorhead must be credited as allowable service by the public employees police and fire fund for purposes of section 353.01, subdivision 16.

Subd. 2. [CALCULATION OF LIABILITY.] The liability for service before August 1, 1985, to be transferred to the police and fire fund must be calculated by the actuary for the police and fire fund based on the following

data for each active police officer and firefighter: date of birth, date of entry into service, dates of breaks in service, and salaries for each of the highest five successive years of service. The liability must be calculated as of August 1, 1985, as if each police officer and firefighter were a member of the police and fire fund from the original date of entry into service under the laws governing the police and fire fund on January 1, 1985. The actuary of the police and fire fund shall calculate this liability before the approval of sections 26 to 32 by the city of Moorhead.

The legislative commission on pensions and retirement must approve the calculations of liabilities upon the recommendation of its actuary. The actuary for the police and fire fund shall furnish documents, data, and materials requested by the commission and its actuary.

The city of Moorhead shall pay a required portion of the calculated liability to the police and fire fund. The required portion shall be an amount equal to the percentage which the assets of the police and fire fund bear to the accrued liability of the fund as determined in the June 30, 1984, valuation of the fund.

The required portion of the liability for the service of the police officers and firefighters before August 1, 1985, must be added to the liability of the police and fire fund. The city of Moorhead shall certify the records upon which the liability calculations are performed and shall amortize the amount of that added liability as provided in section 28, subdivision 2.

Sec. 27. [RETIREMENT COVERAGE FOR CURRENT RECIPIENTS OF BENEFITS.]

Current recipients of retirement benefits, disability benefits, or survivor benefits paid by either relief association shall receive future benefits from the police and fire fund with future adjustments from the Minnesota postretirement investment fund, called the postretirement fund in sections 28 to 31, pursuant to Minnesota Statutes, section 11A.18.

The relief associations shall obtain estimates of reserves for current or deferred benefit recipients from the actuary of the police and fire fund. The estimates must be of the reserves necessary to support a benefit in an amount equal to that received by each recipient in July 1985, plus future adjustments from the postretirement fund, assuming the recipient was retiring at his or her attained age as of July 31, 1985, from the police and fire fund on that date. The calculation must be made using the interest assumption of the postretirement fund and the applicable police and fire fund mortality table. For recipients with eligible spouses, the reserves must include the right of the spouse to receive a surviving spouse benefit as provided by the laws and the bylaws governing the relief association as of January 1, 1985.

The relief association shall compile a list of recipients to receive future benefit adjustments from the postretirement fund, called the postfund recipients and the corresponding required reserves for those recipients. The relief association shall provide the board of the public employees retirement association with the list so that the board can pay the August 1985 payments.

The accrued liability as of July 31, 1985, for all postfund recipients must be added to the liability of the police and fire fund and ceases to be the liability of each relief association. The police and fire fund shall transfer the required reserves for the postfund recipients to the postretirement fund by July 31,

1985.

The required reserves for the January 1, 1986, increase determined using the interest assumption of the postretirement fund and the applicable police and fire fund mortality table shall be transferred by the police and fire fund to the postretirement fund on January 1, 1986. If any assets remain in either the Moorhead police relief association or in the special fund of the Moorhead firefighters relief association after the transfer of assets for the postfund recipients, those assets must be transferred to the public employees retirement association to reduce the unfunded accrued liability resulting from transfer of the liability of the active employees. If the assets transferred for the postfund recipients are insufficient, the city shall finance the remaining unfunded accrued liability as provided in section 28, subdivision 3.

Future adjustments, pursuant to section 11A.18, must be calculated on the annuity or benefit amount payable by either relief association in July 1985. For the purposes of determining and paying the January 1, 1986, adjustment from the postretirement fund, the adjustment must be calculated as though June 30, 1984, were the effective date of retirement for each postfund recipient.

Sec. 28. [FINANCIAL REQUIREMENTS FOR CITY OF MOORHEAD.]

Subdivision 1. [RECEIPT OF STATE AID.] Amortization state aid, fire state aid, or other money received by the city for pension purposes must be allocated by the city among the financial requirements of this section.

Subd. 2. [FINANCIAL REQUIREMENTS OF POLICE AND FIRE FUND MEMBERS.] The city of Moorhead shall make the employer contribution to the police and fire fund on behalf of all active police officers and firefighters employed by the police and fire departments as required in Minnesota Statutes, section 353.65, subdivision 3.

In addition, the city shall make an additional contribution to the police and fire fund to amortize the unfunded accrued liability incurred by the police and fire fund as a result of the crediting of service before August 1, 1985. The additional contribution must be the level annual dollar amount that is required to amortize by the year 2010 the unfunded accrued liability incurred as a result of the consolidation, using an interest assumption of five percent. The additional contribution is payable at the beginning of each fiscal year, commencing July 1, 1986. Upon request of the city of Moorhead, the board may permit the city to make payments according to a different schedule.

Subd. 3. [FINANCIAL REQUIREMENTS FOR POSTFUND RECIPIENTS.] The city of Moorhead shall amortize the unfunded accrued liability incurred by the police and fire fund as a result of the transfer of reserves by the police and fire fund to the postretirement fund for the postfund recipients. That liability, if any, calculated by the police and fire fund actuary as provided in section 27, must be amortized and paid in the same manner as the unfunded liability incurred as a result of the consolidation, as provided in subdivision 2, except that the amortization period must be equal to the average life expectancy of the postfund recipients as of August 1, 1985. The actuary of the police and fire fund shall determine the period of amortization based on the mortality tables applicable to the police and fire fund.

Subd. 4. [LEVY AUTHORITY.] The city of Moorhead shall levy to provide for the financial requirements of subdivisions 2 and 3. Notwithstanding any other law, any levy required to provide the necessary financing is not included in any limitation as to rate or amount set by charter and is a special levy for purposes of Minnesota Statutes, section 275.50, subdivision 5, clause (o).

Sec. 29. [TERMINATION OF RELIEF ASSOCIATIONS.]

Subdivision 1. [TRANSFER OF ASSETS.] All assets of the special fund of the Moorhead firefighters relief association and all assets of the Moorhead police relief association must be transferred to the public employees retirement association as provided in section 27. The transfer of assets must include any accounts receivable, regardless of source. Accounts payable on August 1, 1985, must also be transferred to the public employees retirement association. The public employees retirement association is the successor in interest with respect to all claims by or against either relief association or the city of Moorhead arising from operation of the relief association, except (1) any claim against either relief association or any person connected with it in a fiduciary capacity, based on any acts by that person which were not performed in good faith and which constituted a breach of the person's obligation as a fiduciary, or (2) any judicial proceeding arising from the passage of sections 26 to 32. As a successor in interest, the public employees retirement association may assert any applicable defense in any judicial proceeding which either relief association or the city of Moorhead would otherwise have been entitled to assert.

Subd. 2. [TRANSFER OF RECORDS.] Before August 1, 1985, or as soon as possible, each relief association shall transfer to the police and fire fund original copies of all records and documents in its possession relating to the relief association and any of its members. The city of Moorhead shall provide from time to time whatever additional relevant information the board may request.

Subd. 3. [TERMINATION OF SPECIAL FUND.] Upon the transfer of the assets, liabilities, and records of the Moorhead firefighters relief association to the public employees retirement association, the Moorhead firefighters are no longer authorized to retain a special fund within their relief association, and the special fund ceases to exist as a legal entity. Firefighters employed by the Moorhead fire department may retain the name "Moorhead firefighters relief association" as the name of their general fund.

Subd. 4. [TERMINATION OF RELIEF ASSOCIATION.] Upon the transfer of the assets, liabilities, and records of the Moorhead police relief association to the public employees retirement association, the Moorhead police relief association ceases to exist as a legal entity.

Sec. 30. [REVIEW OF PORTFOLIO BY STATE BOARD OF INVESTMENT.]

Before the transfer of assets to the public employees retirement association, the state board of investment may review the existing portfolio of the relief associations and require the liquidation of any assets deemed inappropriate for transfer. All assets must be transferred at market value.

Sec. 31. [SAVING CLAUSE.]

Notwithstanding any other law, any person receiving a benefit from either relief association on or before the effective date of sections 26 to 32, who is working for a state or local unit of government on that date, and who has retirement coverage for that employment from either the Minnesota state retirement system or the public employees retirement association retains benefits accrued for that employment and is entitled to accrue future benefits for it despite the transfer of service credit for service as a Moorhead police officer or firefighter to the police and fire fund.

Sec. 8. Minnesota Statutes 1984, section 352B.10, is amended to read:

352B.10 [DISABILITY BENEFITS.]

(1) Any member less than 55 years of age, who shall become disabled and physically unfit to perform his duties as a direct result of an injury, sickness, or other disability incurred in or arising out of any act of duty, which shall render the member physically or mentally unable to perform his or her duties, shall receive disability benefits during the period of such disability. H.F. No. 702: A bill for an act relating to human services; requiring notice to the designated agency in certain proceedings pertaining to persons committed as mentally ill and dangerous; authorizing the commissioner to transfer persons committed as mentally ill and dangerous between regional centers under certain circumstances; amending Minnesota Statutes 1984, sections 253B.14; 253B.18, subdivisions 4b, 5, and 6; and 253B.23, subdivision 7.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 246.04, is amended to read:

246.04 [BOOKS AND ACCOUNTS.]

The commissioner of human services shall keep at his office a proper and complete system of books and accounts with each institution, showing every expenditure authorized and made therefor. Such books shall contain a separate account of each extraordinary or special appropriation made by the legislature, with every item of expenditure therefrom. *The commissioner shall maintain a separate fund for all chemical dependency appropriations that will provide for an ascertainable review of receipts and expenditures under section 246.18, subdivision 2.*

Sec. 2. Minnesota Statutes 1984, section 246.18, is amended to read:

246.18 [DISPOSAL OF FUNDS.]

Subdivision 1. [GENERALLY.] Except as provided in subdivision 2, every officer and employee of the several institutions under the jurisdiction of the commissioner of human services shall pay to the accounting officer thereof any funds in his hands belonging to the institution. Every accounting officer, at the close of each month or oftener, shall forward to the commissioner of human services a statement of the amount and sources of all moneys received. On receipt of such statement, the commissioner shall transmit the same to the commissioner of finance, who shall deliver to the state treasurer a draft upon the accounting officer for the same specifying the funds to which it is to be credited. Upon payment of such draft, the amount shall be so credited.

Subd. 2. [CHEMICAL DEPENDENCY FUND.] Money received by a chemical dependency treatment facility operated by a hospital or nursing

home under the jurisdiction of the commissioner of human services must be deposited in the state treasury and credited to a chemical dependency fund. Money in the chemical dependency fund is appropriated to the commissioner to operate chemical dependency programs.

Subd. 3. [CHEMICAL DEPENDENCY ACCOUNTS.] The commissioner of finance shall provide accounting procedures for separate interest bearing chemical dependency accounts within the chemical dependency fund for each state facility providing chemical dependency services that will allow money to be readily available to finance chemical dependency programs. After June 30, 1989, the commissioner must not allocate money to a state facility for chemical dependency programs in excess of the amount of deposits of money received by the facility and deposited in the facility's chemical dependency account without the approval of the governor after consultation with the legislative advisory commission.

Sec. 3. Minnesota Statutes 1984, section 246.23, is amended to read:

246.23 [PERSONS ADMISSIBLE TO INSTITUTIONS.]

No person who has not a settlement in a county, as defined in section 256D.18, shall be admitted to a hospital for the mentally ill, the school for the deaf, the Minnesota braille and sightsaving school, the schools and hospitals for the mentally retarded and persons having epilepsy, or the Owatonna state school, except that the commissioner of human services may authorize admission thereto when the residence cannot be ascertained, or when the circumstances in his judgment make it advisable. *Except for emergency admissions under sections 253B.05 and 253B.11, or when authorized by the commissioner, a chemical dependency program must not admit a chemically dependent person unless that person has been placed by a county that is responsible for payment, or unless the hospital obtains approval of the admission from the county financially responsible for the person. The commissioner shall ensure that cooperative and effective relationships are developed between counties and state hospitals and between the various state hospital chemical dependency programs. In carrying out this responsibility the commissioner shall maintain and enhance a regionally based system of chemical dependency programs.* When application is made to a judge of probate for admission to any of the institutions above named for admission thereto, if he finds that the person for whom application is made has not such residence, or that his residence cannot be ascertained, he shall so report to the commissioner; and he may recommend that such person be admitted notwithstanding, giving his reasons therefor. The commissioner of human services shall thereupon investigate the question of residence and, if he finds that such person has not such residence and has a legal residence in another state or country, he may cause him to be returned thereto at the expense of this state. When the overseer of a county poorhouse believes an inmate thereof not to have a residence in the state, but to have a residence elsewhere, he shall so notify the commissioner of human services who shall thereupon proceed in the manner above provided; except that, if deemed impracticable to return such person to the state of his residence, he may so certify and such person shall thereafter be a charge upon the county, town or city in which he has longest resided within the preceding year.

Sec. 4. Minnesota Statutes 1984, section 246.50, is amended by adding a subdivision to read:

Subd. 9. "Chemical dependency programs" means all planned services for chemically dependent persons provided by the commissioner in a specific state hospital, and the chemical dependency unit operated by the Ah-Gwah-Ching nursing home.

Sec. 5. Minnesota Statutes 1984, section 246.51, subdivision 1, is amended to read:

Subdivision 1. [PROCEDURES.] The commissioner shall make investigation as necessary to determine, and as circumstances require redetermine, what part of the cost of care, if any, the patient is able to pay. If the patient is unable to pay the full cost of care the commissioner shall make a determination as to the ability of the relatives to pay. The patient or relatives or both shall provide the commissioner documents and proofs necessary to determine their ability to pay. Failure to provide the commissioner with sufficient information to determine ability to pay may make the patient or relatives, both, liable for the full ~~per capita~~ cost of care until the time when sufficient information is provided. No parent shall be liable for the cost of care given a patient at a state hospital after the patient has reached the age of 18 years. The commissioner's determination shall be conclusive in any action to enforce payment of the cost of care unless appealed from as provided in section 246.55. All money received, *except for chemical dependency receipts*, shall be paid to the state treasurer and placed in the general fund of the state and a separate account kept of it. Responsibility under this section shall not apply to those relatives having gross earnings of less than \$11,000 per year.

Sec. 6. Minnesota Statutes 1984, section 246.54, is amended to read:

246.54 [LIABILITY OF COUNTY; REIMBURSEMENT.]

Except for chemical dependency services provided under chapter 254B, the patient's county shall pay to the state of Minnesota a portion of the cost of care provided in a state hospital to a patient legally settled in that county. A county's payment shall be made from the county's own sources of revenue and payments shall be paid as follows: payments to the state from the county shall equal ten percent of the per capita rate, as determined by the commissioner, for each day, or the portion thereof, that the patient spends at a state hospital. If payments received by the state under sections 246.50 to 246.53 exceed 90 percent of the per capita rate, the county shall be responsible for paying the state only the remaining amount. The county shall not be entitled to reimbursement from the patient, the patient's estate, or from the patient's relatives, except as provided in section 246.53. No such payments shall be made for any patient who was last committed prior to July 1, 1947.

Sec. 7. [246.64] [CHEMICAL DEPENDENCY SERVICE AGREEMENTS.]

Subdivision 1. [CHEMICAL DEPENDENCY RATES.] Notwithstanding sections 246.50, subdivision 5; 246.511; and 251.011; the commissioner shall establish separate rates for each chemical dependency service operated by the commissioner and may establish separate rates for each service component within the program by establishing fees for services or different per diem rates for each separate chemical dependency unit within the program based on actual costs attributable to the service or unit. The rate must allocate the cost of all anticipated maintenance, treatment, and expenses including

depreciation of buildings and equipment, interest paid on bonds issued for capital improvements for chemical dependency programs, reimbursement and other indirect costs related to the operation of chemical dependency programs other than that paid from the Minnesota state building fund, and losses due to bad debt.

Subd. 2. [DEPRECIATION COLLECTIONS.] Depreciation collected under subdivision 1 must be credited to the general fund. Principal and interest on the bonded debt collected under subdivision 1 must be credited to the state bond fund.

Subd. 3. [RESPONSIBILITIES OF COMMISSIONER.] The commissioner shall credit all receipts from billings for rates set in subdivision 1, except those credited according to subdivision 2, to the chemical dependency fund. This money must not be used for a hospital activity that is not a chemical dependency service or an allocation of expenditures that are included in the base for computation of the rates under subdivision 1. The commissioner may expand chemical dependency services so long as expenditures are recovered by patient fees. The commissioner may expand or reduce chemical dependency staff complement as long as expenditures are recovered by patient fees.

Sec. 8. Minnesota Statutes 1984, section 252.291, subdivision 2, is amended to read:

Subd. 2. [EXCEPTIONS.] The commissioner of human services in coordination with the commissioner of health may approve a new intermediate care facility for mentally retarded persons only in the following circumstances:

(a) when the facility is developed in accordance with a request for proposal system established pursuant to subdivision 3, clause (b);

(b) when the facility and is necessary to serve the needs of identifiable mentally retarded persons who are seriously behaviorally disordered or who are physically or sensorily impaired; or

(c) (b) to license beds in new facilities where need was determined by the commissioner prior to June 10, 1983.

The commissioner shall modify the plan to ensure conformance with the medical assistance home and community-based services waiver.

Sec. 10. Minnesota Statutes 1984, section 252.32, is amended to read:

252.32 [FAMILY SUBSIDY SUPPORT PROGRAM.]

The application must specify the needs of the family and how the subsidy will be used.

Subd. 2. [INDIVIDUAL SERVICE PLAN.] An individual service plan for the dependent must be developed by the county social service agency and agreed to by the parents. Sec. 11. Minnesota Statutes 1984, section 253B.14, is amended to read:

253B.14 [TRANSFER OF COMMITTED PERSONS.]

The commissioner may transfer any committed person, ~~other than a person committed as mentally ill and dangerous to the public,~~ from one regional center to any other institution under his jurisdiction which is capable of providing proper care and treatment. When a committed person is transferred from one treatment facility to another, written notice shall be given to the committing court and to his parent or spouse or, if none is known, to an interested person, and the designated agency. *A person committed as mentally ill and dangerous may be transferred out of the Minnesota Security Hospital and between treatment facilities pursuant to section 253B.18, subdivision 6.*

Sec. 12. Minnesota Statutes 1984, section 253B.18, subdivision. 4b, is amended to read:

Subd. 4b. [PASS-ELIGIBLE STATUS; NOTIFICATION.] The following patients committed to the Minnesota security hospital shall not be placed on pass-eligible status unless that status has been approved by the medical director of the Minnesota security hospital:

(a) a patient who has been committed as mentally ill and dangerous and who

(1) was found incompetent to proceed to trial for a felony or was found not guilty by reason of mental illness of a felony immediately prior to the filing of the commitment petition;

(2) was convicted of a felony immediately prior to or during his commitment as mentally ill and dangerous; or

(3) is subject to a commitment to the commissioner of corrections; and

(b) a patient who has been committed as a psychopathic personality, as defined in section 526.09.

At least ten days prior to a determination on the status, the medical director shall notify *the designated agency*, the committing court, the county attorney of the county of commitment, an interested person, the petitioner, and the petitioner's counsel of the proposed status, and their right to request review by the special review board. If within ten days of receiving notice any notified person requests review by filing a notice of objection with the commissioner and the head of the treatment facility, a hearing shall be held before the special review board. The proposed status shall not be implemented unless it receives a favorable recommendation by a majority of the board and approval by the commissioner. The order of the commissioner is appealable as provided in section 253B.19.

Nothing in this subdivision shall be construed to give a patient an affirmative right to seek pass-eligible status from the special review board.

Sec. 13. Minnesota Statutes 1984, section 253B.18, subdivision 5, is amended to read:

Subd. 5. [PETITION; NOTICE OF HEARING; ATTENDANCE; ORDER.] A petition for an order of transfer, discharge, provisional discharge, or revocation of provisional discharge shall be filed with the commissioner and may be filed by the patient or by the head of the treatment facility. The special review board shall hold a hearing on each petition prior to making any recommendation. Within 45 days of the filing of the petition, *the designated agency*, the committing court, the county attorney of the county of commitment, an interested person, the petitioner and his counsel shall be given written notice by the commissioner of the time and place of the hearing before the special review board. Only those entitled to statutory notice of the hearing or those administratively required to attend may be present at the hearing. The commissioner shall issue his order no later than 14 days after receiving the recommendation of the special review board. A copy of the order shall be sent by certified mail to every person entitled to statutory notice of the hearing within five days after it is issued. No order by the commissioner shall be effective sooner than 15 days after it is issued.

Sec. 14. Minnesota Statutes 1984, section 253B.18, subdivision 6, is amended to read:

Subd. 6. [TRANSFER.] (a) Persons who have been found by the committing court to be mentally ill and dangerous to the public shall not be transferred out of the Minnesota Security Hospital unless it appears to the satisfaction of the commissioner, after a hearing and favorable recommendation by a majority of the special review board, that the transfer is appropriate. Transfer may be to other regional centers under the commissioner's control. In those instances where a commitment also exists to the department of corrections, transfer may be to a facility designated by the commissioner of corrections. *The commissioner, at his or her discretion, may transfer any person committed as mentally ill and dangerous from a regional center to the Minnesota Security Hospital or between regional centers.*

The following factors are to be considered in determining whether a transfer is appropriate:

- (i) the person's clinical progress and present treatment needs;
- (ii) the need for security to accomplish continuing treatment;
- (iii) the need for continued institutionalization;
- (iv) which facility can best meet the person's needs; and
- (v) whether transfer can be accomplished with a reasonable degree of safety for the public.

Sec. 15. Minnesota Statutes 1984, section 253B.23, subdivision 7, is amended to read:

Subd. 7. [APPEAL.] The commissioner or any other aggrieved party may appeal to the court of appeals from any order entered under this chapter as in other civil cases.

Upon perfection of the appeal, the return shall be filed forthwith. *Except for an appeal heard pursuant to section 253B.19*, the court of appeals shall hear the appeal within 45 days after service of the notice of appeal. This appeal shall not suspend the operation of the order appealed from until the

appeal is determined, unless otherwise ordered by the court of appeals.

Sec. 16. [254B.01] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 254B.01 to 254B.09.

Subd. 2. [AMERICAN INDIAN.] For purposes of services provided under section 254B.09, subdivision 5, "American Indian" means a person of one-quarter or more Indian blood. For purposes of services provided under section 254B.09, subdivision 4, "American Indian" means a resident of federally recognized tribal lands who is recognized as an Indian person by the federally recognized tribal governing body.

Subd. 3. [CHEMICAL DEPENDENCY SERVICES.] "Chemical dependency services" means a planned program of care for the treatment of chemical dependency or chemical abuse to minimize or prevent further chemical abuse by the person. Diagnostic, evaluation, prevention, referral, detoxification, and aftercare services that are not part of a program of care licensable as a residential or nonresidential chemical dependency treatment program are not chemical dependency services for purposes of this section.

Subd. 4. [COMMISSIONER.] Unless otherwise indicated, "commissioner" means the commissioner of human services.

Subd. 5. [LOCAL AGENCY.] "Local agency" means the agency designated by a board of county commissioners or a human services board to make placements and submit state invoices according to sections 254B.01 to 254B.09.

Subd. 6. [LOCAL MONEY.] "Local money" means county levies, community social services block grants, federal social services money, or other money that may be spent at county discretion to provide chemical dependency services eligible for payment according to sections 254B.01 to 254B.09.

Sec. 17. [254B.02] [CHEMICAL DEPENDENCY ALLOCATION PROCESS.]

Subdivision 1. [CHEMICAL DEPENDENCY TREATMENT ALLOCATION.] The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation. Fifteen percent of the money must be set aside as a reserve account for county payment under subdivision 3. Twelve percent of the money must be reserved for treatment of American Indians by eligible vendors under section 254B.09. The remainder of the money must be allocated among the counties according to the following formula, using the most recent data available from the state demographer:

(a) The average of the median income of the state for the last three years for which data is available must be divided by the average median income of each county for the last three years for which data is available, to determine the income factor for the county.

(b) The income factor must be multiplied by the population of the county less the population of American Indians in the county, to determine the adjusted population.

(c) *The adjusted population of the county must be divided by the sum of all county adjusted populations to determine the allocation rate.*

(d) *The allocation rate must be multiplied by the remainder of the money after set-asides to determine the allocation to each county.*

Subd. 2. [COUNTY ADJUSTMENT; MAXIMUM ALLOCATION.] The commissioner shall determine the state money used by each county in fiscal year 1985, using all state data sources. If available records do not provide specific chemical dependency expenditures for every county, the commissioner shall determine the amount of state money using estimates based on available data. In state fiscal year 1987, a county must not be allocated more than 150 percent of the state money spent by or on behalf of the county for chemical dependency treatment services eligible for payment under section 254B.05. For fiscal years 1988 and 1989, the allocation maximums are 200 and 250 percent of fiscal year 1985 state money used, respectively. The commissioner shall reallocate the excess over the maximum to counties allocated less than the fiscal year 1985 state money, using the following process:

(a) *The allocation is divided by 1985 state expenditures to determine percentage of prior expenditure, and counties are ranked by percentage of prior expenditure.*

(b) *The allocation of the lowest ranked county is raised to the same percentage of prior expenditure as the second lowest ranked county. The allocation of these two counties is then raised to the percentage of prior expenditures of the third lowest ranked county.*

(c) *The operations under paragraph (b) are repeated with each county by ranking until the money in excess of the allocation maximum has been allocated.*

Subd. 3. [RESERVE ACCOUNT.] The commissioner shall allocate money from the reserve account to counties that, during the current fiscal year, have met or exceeded the base level of expenditures for eligible chemical dependency services from local money. The commissioner shall establish the base level for fiscal year 1987 as the amount of local money used for eligible services in calendar year 1985. In later years, the base level must be increased in the same proportion as state appropriations to implement sections 254B.01 to 254B.09 are increased. The base level must not be decreased if appropriations are decreased in later years. The local match rate for the reserve account is the same rate as applied to the initial allocation. Money must be allocated as invoices are received. Reserve account payments must not be included when calculating the county adjustments made according to subdivision 2. A county must not receive more than 30 percent of the total reserve account that is available at the beginning of the fiscal year.

Subd. 4. [ALLOCATION SPENDING LIMITS.] Money allocated according to subdivision 1 and section 256B.09, subdivision 3, is available for payments for up to two years. The commissioner shall deduct payments from the most recent year allocation in which money is available. Allocations under this section that are not used within two years must be reallocated to the reserve account for payments according to subdivision 3. Allocations

under section 256B.09, subdivision 3, that are not used within two years must be reallocated for payments under section 256B.09, subdivision 4.

Subd. 5. [ADMINISTRATIVE ADJUSTMENT.] The commissioner may make payments to local agencies from money allocated under this section to support administrative activities under sections 254B.03 and 254B.04. The administrative payment must not exceed three percent of the county allocation and must not be paid if the level of expenditures indicates that the allocation for the year will be exhausted by payments for services from the allocation. The payment must be made under this section at the end of each state fiscal year from any unspent allocation for that year.

Sec. 18. [254B.03] [RESPONSIBILITY TO PROVIDE CHEMICAL DEPENDENCY TREATMENT.]

Subdivision 1. [LOCAL AGENCY DUTIES.] (a) Every local agency shall provide chemical dependency services to persons residing within its jurisdiction who meet criteria established by the commissioner for placement in a chemical dependency residential or nonresidential treatment service. Chemical dependency money must be administered by the local agencies according to law and rules adopted by the commissioner under sections 14.01 to 14.69.

(b) In order to contain costs, the county board shall, with the approval of the commissioner of human services, select eligible vendors of chemical dependency services who can provide economical care. The commissioner may approve proposals from county boards to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. If a county implements a demonstration or experimental medical services funding plan, the commissioner shall transfer the money as appropriate.

Subd. 2. [CHEMICAL DEPENDENCY SERVICES.] (a) Payment from the chemical dependency fund is limited to payments for services other than detoxification that, if located outside of a licensed hospital and federally recognized tribal lands, would be required to be licensed by the commissioner as a residential or nonresidential treatment program under sections 245.781 to 245.812. Vendors receiving payments from the chemical dependency fund must not require copayment from a recipient of benefits for services provided under this subdivision.

(b) A county may, from its own resources, provide chemical dependency services for which state payments are not made.

Subd. 3. [LOCAL AGENCIES TO PAY STATE FOR COUNTY SHARE.] Local agencies shall submit invoices to the state on forms supplied by the commissioner and according to procedures established by the commissioner. Local agencies shall pay the state for the county share of the invoiced services.

Subd. 4. [DIVISION OF COSTS.] The county shall reimburse the state for 15 percent of the cost of chemical dependency services costs paid by the state under this section. Fifteen percent of any state collections from private or third-party pay must be distributed to the county that paid for the treatment under this section.

Subd. 5. [RULES.] The commissioner shall adopt rules as necessary to

implement sections 254B.01 to 254B.09.

Sec. 19. [254B.04] [ELIGIBILITY FOR CHEMICAL DEPENDENCY FUND SERVICES.]

Subdivision 1. [ELIGIBILITY.] Persons eligible for benefits under sections 256D.01 to 256D.21 and persons eligible for federal health care benefits under section 256B.06 are entitled to chemical dependency fund services.

Subd. 2. [AMOUNT OF CONTRIBUTION.] The commissioner shall adopt a sliding fee scale to determine the amount of contribution to be required from persons whose income and nonexempt property are greater than the standard of assistance under sections 256B.06 and 256D.01 to 256D.21. The commissioner may adopt an existing fee scale from another assistance program or from the state facilities by publication in the state register. The fee scale must not provide assistance to persons whose income is more than 115 percent of the state median income. Payments of liabilities under this section are medical expenses for purposes of determining spend-down under sections 256B.06 and 256D.01 to 256D.21.

Sec. 20. [254B.05] [VENDOR ELIGIBILITY.]

Programs licensed by the commissioner are eligible vendors. Hospital and American Indian programs that, if located outside of a licensed hospital or outside of federally recognized tribal lands, would be required to be licensed to provide chemical dependency primary treatment, extended care, transitional residence, or outpatient treatment services, are eligible vendors. Detoxification programs are not eligible vendors. Programs that, if located outside of a hospital and outside of federally recognized tribal lands, would not be licensed as a chemical dependency residential or nonresidential treatment program under sections 245.781 to 245.812 are not eligible vendors.

Sec. 21. [254B.06] [REIMBURSEMENT; PAYMENT; DENIAL.]

Subdivision 1. [STATE COLLECTIONS.] The commissioner is responsible for all collections from persons determined to be partially responsible for the cost of care of an eligible person receiving services under sections 254B.01 to 254B.09. The commissioner may collect all third-party payments for chemical dependency services provided under sections 254B.01 to 254B.09, including private insurance and federal medicaid and medicare financial participation. The commissioner shall credit to the general fund a percentage of collections to pay for the cost of billing and collections. The remaining receipts must be credited to the chemical dependency fund.

Subd. 2. [ALLOCATION OF COLLECTIONS.] The commissioner shall allocate all federal financial participation collections to counties under section 254B.02, subdivision 1. Section 254B.02, subdivision 2, must not be applied to the quarterly allocation of federal money. The commissioner shall retain 85 percent of patient payments and third-party payments and allocate the collections to the reserve account established under section 254B.02, subdivision 3. Fifteen percent of patient and third-party payments must be paid to the county financially responsible for the patient.

Subd. 3. [PAYMENT; DENIAL.] The commissioner shall pay eligible vendors for placements made by local agencies under section 254B.03, sub-

division 1, and placements by tribal designated agencies according to section 254B.09. The commissioner may reduce or deny payment of the state share when services are not provided according to the placement criteria established by the commissioner. The commissioner may pay for all or a portion of improper county chemical dependency placements and bill the county for the entire payment made when the placement did not comply with criteria established by the commissioner.

Sec. 22. [254B.07] [THIRD-PARTY LIABILITY.]

The state agency provision and payment of, or liability for, chemical dependency medical care is the same as in section 256B.042.

Sec. 23. [254B.08] [FEDERAL WAIVERS.]

The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation for the provision of services to persons who need chemical dependency services. The commissioner may seek amendments to the waivers or apply for additional waivers to contain costs. The commissioner shall ensure that payment for the cost of providing chemical dependency services under the federal waiver plan does not exceed the cost of chemical dependency services that would have been provided without the waived services.

Sec. 24. [254B.09] [INDIAN RESERVATION ALLOCATION OF CHEMICAL DEPENDENCY FUND.]

Subdivision 1. [AMERICAN INDIAN CHEMICAL DEPENDENCY ACCOUNT.] The commissioner shall pay eligible vendors for chemical dependency services to American Indians on the same basis as other payments, except that no local match is required when an invoice is submitted by the governing authority of a federally recognized American Indian tribal body on behalf of a current resident of the reservation under this section.

Subd. 2. [AMERICAN INDIAN AGREEMENTS.] The commissioner may enter into agreements with federally recognized tribal units to pay for chemical dependency treatment services provided under sections 254B.01 to 254B.09. The agreements must require the governing body of the tribal unit to fulfill all county responsibilities regarding the form and manner of invoicing, and provide that only invoices for eligible vendors according to section 254B.05 will be included in invoices sent to the commissioner for payment, to the extent that money allocated under subdivision 3 is used.

Subd. 3. [TRIBAL NONPARTICIPATION.] If a federally recognized tribal governing body has not entered into an agreement under subdivision 2 or cancels the agreement, money must be reallocated to the account established by subdivision 5.

Subd. 4. [TRIBAL ALLOCATION.] 42.5 percent of the American Indian chemical dependency account must be allocated to the federally recognized American Indian tribal governing bodies that have entered into an agreement under subdivision 2 as follows: \$10,000 must be allocated to each governing body and the remainder must be allocated in direct proportion to the population of the reservation according to the most recently available estimates from the federal Bureau of Indian Affairs.

Subd. 5. [TRIBAL RESERVE ACCOUNT.] The commissioner shall re-

serve 7.5 percent of the American Indian chemical dependency account. The reserve must be allocated to those tribal units that have used all money allocated under subdivision 4 according to agreements made under subdivision 2. An American Indian tribal governing body may receive not more than 30 percent of the reserve account in a year. Money must be allocated as invoices are received.

Subd. 6. [AMERICAN INDIAN TRIBAL PLACEMENTS.] After entering into an agreement under subdivision 2, the governing authority of each reservation may submit invoices to the state for the cost of providing chemical dependency services to residents of the reservation according to the placement regulations governing county placements, except that local match requirements are waived. The governing body may designate an agency to act on its behalf to provide placement services and manage invoices by written notice to the commissioner and evidence of agreement by the agency designated.

Subd. 7. [NONRESERVATION INDIAN ACCOUNT.] Fifty percent of the American Indian chemical dependency allocation must be held in reserve by the commissioner in an account for treatment of Indians not residing on lands of a reservation receiving money under subdivision 4. This money must be used to pay for services certified by county invoice to have been provided to an American Indian eligible recipient. Money allocated under this subdivision may be used for payments on behalf of American Indian county residents only if, in addition to other placement standards, the county certifies that the placement was appropriate to the cultural orientation of the client.

Sec. 25. Minnesota Statutes 1984, section 256B.02, subdivision 8, is amended to read:

Subd. 8. [MEDICAL ASSISTANCE; MEDICAL CARE.] "Medical assistance" or "medical care" means payment of part or all of the cost of the following care and services for eligible individuals whose income and resources are insufficient to meet all of this cost:

(1) Inpatient hospital services. A second medical opinion is required prior to reimbursement for elective surgeries. The commissioner shall publish in the State Register a proposed list of elective surgeries that require a second medical opinion prior to reimbursement. The list is not subject to the requirements of sections 14.01 to 14.70. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal;

(2) Skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 256B.50, subdivision 1, for mentally retarded individuals residing in intermediate care facilities for the mentally retarded;

(3) Physicians' services;

(4) Outpatient hospital or nonprofit community health clinic services or physician-directed clinic services. The physician-directed clinic staff shall include at least two physicians, one of whom is on the premises whenever the clinic is open, and all services shall be provided under the direct supervision of the physician who is on the premises. Hospital outpatient departments are

subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section;

(5) Community mental health center services, as defined in rules adopted by the commissioner pursuant to section 256B.04, subdivision 2, and provided by a community mental health center as defined in section 245.62, subdivision 2;

(6) Home health care services;

(7) Private duty nursing services;

(8) Physical therapy and related services;

(9) Dental services, excluding cast metal restorations;

(10) Laboratory and xray services;

(11) The following if prescribed by a licensed practitioner: drugs, eye-glasses, dentures, and prosthetic devices. The commissioner shall designate a formulary committee which shall advise the commissioner on the names of drugs for which payment shall be made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over the counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; or any other over the counter drug identified by the commissioner, in

consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the Administrative Procedure Act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases; conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and his determination shall not be subject to chapter 14, the Administrative Procedure Act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Establishment of this fee shall not be subject to the requirements of the Administrative Procedure Act. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the Administrative Procedure Act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the Administrative Procedure Act;

(12) Diagnostic, screening, and preventive services;

(13) Health care pre-payment plan premiums and insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act;

(14) Abortion services, but only if one of the following conditions is met:

(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;

(b) The pregnancy is the result of criminal sexual conduct as defined in section 609.342, clauses (c), (d), (e)(i), and (f), and the incident is reported within 48 hours after the incident occurs to a valid law enforcement agency for investigation, unless the victim is physically unable to report the criminal

sexual conduct, in which case the report shall be made within 48 hours after the victim becomes physically able to report the criminal sexual conduct; or

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion;

(15) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory;

(16) To the extent authorized by rule of the state agency, costs of bus or taxicab transportation incurred by any ambulatory eligible person for obtaining nonemergency medical care;

(17) Personal care attendant services provided by an individual, not a relative, who is qualified to provide the services, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. Payments to personal care attendants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies; and

(18) Any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law, *except licensed chemical dependency treatment programs or primary treatment or extended care treatment units in hospitals that are covered under sections 254B.01 to 254B.09. The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes, but payment must be made under sections 254B.01 to 254B.09.*

Sec. 26. Minnesota Statutes 1984, section 256B.091, subdivision 8, is amended to read:

Subd. 8. [ALTERNATIVE CARE GRANTS.] The commissioner shall provide grants to counties participating in the program to pay costs of providing alternative care to individuals screened under subdivision 4. Payment is available under this subdivision only for individuals (1) for whom the screening team would recommend nursing home admission if alternative care were not available; (2) who are receiving medical assistance ~~or who would be eligible for medical assistance within 180 days of admission to a nursing home~~; and (3) who need services that are not available at that time in the county through other public assistance.

Grants may be used for payment of costs of providing services such as, but not limited to, foster care for elderly persons, day care whether or not offered through a nursing home, nutritional counseling, or medical social services, which services are provided by a licensed health care provider, a home health service eligible for reimbursement under Titles XVIII and XIX of the federal Social Security Act, or by persons employed by or contracted with by the county board or the local welfare agency. The county agency shall ensure that a plan of care is established for each individual in accordance with subdivision 3, clause (e)(2). The plan shall include any services prescribed by

the individual's attending physician as necessary and follow up services as necessary. The county agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program and shall provide documentation in each individual's plan of care that the most cost effective alternatives available have been offered to the individual. Grants to counties under this subdivision are subject to audit by the commissioner for fiscal and utilization control.

The commissioner shall establish a sliding fee schedule for requiring payment for the cost of providing services under this subdivision to persons who are eligible for the services but who are not yet eligible for medical assistance. The sliding fee schedule is not subject to chapter 14 but the commissioner shall publish the schedule and any later changes in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the sliding fee schedule in final forms.

The commissioner shall apply for a waiver for federal financial participation to expand the availability of services under this subdivision. The commissioner shall provide grants to counties from the nonfederal share, unless the commissioner obtains a federal waiver for medical assistance payments, of medical assistance appropriations. A county agency may use grant money to supplement but not supplant services available through other public assistance or service programs and shall not use grant money to establish new programs for which public money is available through sources other than grants provided under this subdivision. A county agency shall not use grant money to provide care under this subdivision to an individual if the anticipated cost of providing this care would exceed the average payment, as determined by the commissioner, for the level of nursing home care that the recipient would receive if placed in a nursing home. The nonfederal share may be used to pay up to 90 percent of the start-up and service delivery costs of providing care under this subdivision. Each county agency that receives a grant shall pay ten percent of the costs.

The commissioner shall promulgate emergency rules in accordance with sections 14.29 to 14.36, to establish required documentation and reporting of care delivered.

Sec. 27. Minnesota Statutes 1984, section 256B.092, is amended by adding a subdivision to read:

Subd. 1a. [SCREENING.] At the time of the client's annual review the county shall use a uniform screening tool specified by the commissioner to report the client's social, habilitative, developmental, and medical needs.

Sec. 28. Minnesota Statutes 1984, section 256B.092, subdivision 3, is amended to read:

Subd. 3. [TERMINATION OF SERVICES.] County agency case managers, under rules of the commissioner, shall authorize and terminate services of community and state hospital providers in accordance with individual service plans. Medical assistance services not needed shall not be authorized by county agencies nor funded by the commissioner. The county agencies shall not authorize, nor shall the commissioner provide medical assistance funding for, services in an intermedicate care facility.

for the mentally retarded unless an individual assessment of service needs documents that:

- (1) the person has mental retardation;
- (2) the person requires 24-hour supervision and active treatment for medical, behavioral, or habilitation needs; and
- (3) less restrictive or less costly services appropriate to the client's needs cannot be made available to meet the person's assessed service needs.

The commissioner may determine whether medical assistance funding should continue to be authorized for services to an individual in an intermediate care facility for the mentally retarded. The determination must be based on the review of the individual service plan and on the findings of the Minnesota department of health quality assurance and review survey and other information that the commissioner may request.

Sec. 29. Minnesota Statutes 1984, section 256B.092, subdivision 7, is amended to read:

Subd. 7. [SCREENING TEAMS ESTABLISHED.] Each county agency shall establish a screening team which, under the direction of the county case manager, shall make an evaluation of need for home and community-based services of persons who are ~~entitled to require~~ the level of care provided by an intermediate care facility for mentally retarded persons, an intermediate care facility, or a skilled nursing facility or for whom there is a reasonable indication that they might need the services in the near future. The screening team shall make an evaluation of need within 15 working days of the request for service after a person's individual service plan indicates that the person is in need of or may be at risk of placement in an intermediate care facility for the mentally retarded, intermediate care facility, or a skilled nursing facility and within five working days of an emergency admission of an individual to an intermediate care facility for mentally retarded persons, intermediate care facility, or a skilled nursing facility. The screening team shall consist of the case manager, the client, a parent or guardian as appropriate to the client's legal status, a qualified mental retardation professional, as defined in the Code of Federal Regulations, title 42, section 442.401, as amended through December 31, 1982, assigned by the commissioner. A qualified mental retardation professional is not required for persons being discharged from one community intermediate care facility for mentally retarded persons to another if the admitting facility is less restrictive and less costly. The case manager shall consult with the client's physician or other persons as necessary to make this evaluation. Other persons may be invited to attend meetings of the screening team. No member of the screening team shall have any direct or indirect service provider interest in the case.

Sec. 30. [256B.095] [COMMUNITY CARE INCENTIVE GRANTS.]

Subdivision 1. [GRANTS FOR ELDERLY SERVICES.] To the extent of appropriations specifically designated for this purpose, the commissioner shall provide grants to counties for community services for the elderly. Grants must be allocated according to the formula used for alternative care grants under section 256B.091, subdivision 8. Grants must be used to provide services to the elderly as part of the annual plan required under section 393.07, subdivision 2a. The county agency may use grant money to supple-

ment services available through other public assistance or service programs but must not use grant money to replace services available through other programs or to establish new programs for which public money is available through sources other than grants provided under this section. Grant money received under this section must not be used for services for persons who are receiving alternative care grant services under section 256B.091, subdivision 8.

Subd. 2. [SLIDING FEE SCHEDULE; EXEMPT RULES.] *The commissioner shall establish a sliding fee schedule for requiring payment of the cost of providing services under this section to persons who are eligible for the services but who are not eligible for medical assistance. For purposes of establishing the sliding fee schedule and later amendments to it, the commissioner is exempt from the rulemaking provisions of chapter 14, except section 14.38, subdivision 7. The commissioner shall publish the sliding fee schedule and any later amendments in the State Register and allow a period of 20 working days from the publication date for interested persons to comment before adopting the sliding fee schedule in final form.*

Subd. 3. [RULEMAKING.] *The commissioner shall adopt emergency and permanent rules concerning the grant program.*

Sec. 31. Minnesota Statutes 1984, section 256B.19, subdivision 1, is amended to read:

Subdivision 1. [DIVISION OF COST.] *The cost of medical assistance paid by each county of financial responsibility shall be borne as follows: Payments shall be made by the state to the county for that portion of medical assistance paid by the federal government and the state on or before the 20th day of each month for the succeeding month upon requisition from the county showing the amount required for the succeeding month. Ninety percent of the expense of assistance not paid by federal funds available for that purpose shall be paid by the state and ten percent shall be paid by the county of financial responsibility, for the following medical assistance expenses:*

(1) medical assistance expenses for all services except skilled nursing facility, intermediate care facility I, and intermediate care facility II care;

(2) medical assistance expenses for skilled nursing facility, intermediate care facility I, and intermediate care facility II care for persons who were admitted to a nursing home before July 1, 1985, but did not become eligible for medical assistance until after that date; and

(3) medical assistance expenses for skilled nursing facility, intermediate care facility I, and intermediate care facility II care for persons who were admitted to a nursing home in this state as a resident of another state and later became eligible for medical assistance as a Minnesota resident.

For all other medical assistance expenses for skilled nursing facility, intermediate care facility I, and intermediate care facility II care, payments must be made as follows:

(a) Seventy-five percent of the expense of assistance not paid by federal money available for that purpose must be paid by the state and 25 percent must be paid by the county of financial responsibility.

(b) The state shall pay to the county an additional amount equal to 15

percent of the nonfederal share of the average monthly medical assistance expense for skilled nursing facility, intermediate care facility I, and intermediate care facility II care incurred by that county during the fiscal year ending June 30, 1984, adjusted for inflation, as an incentive to the county to use noninstitutional long-term care services. This incentive payment must be made on or before the 20th day of each month for the succeeding month. Incentive payments received by a county under this paragraph must be used for nursing home care or alternative community services for the elderly. As a condition of receiving incentive payments, the county must not decrease county support of services to the elderly below the level of support that existed on January 1, 1985, according to criteria established by the commissioner of human services. The commissioner of human services may establish a separate account or fund to facilitate the payments.

For counties where health maintenance organizations are under contract to the state to provide services to medical assistance recipients, the division of the nonfederal share of medical assistance expenses for payments made to health maintenance organizations in the form of prepaid capitation payments, this division of medical assistance expenses shall be 95 percent by the state and five percent by the county of financial responsibility.

State contracts with health maintenance organizations shall assure medical assistance recipients of at least the comprehensive health maintenance services defined in section 62D.02, subdivision 7. The contracts shall require health maintenance organizations to provide information to the commissioner concerning the number of people receiving services, the number of encounters, the type of services received, evidence of an operational quality assurance program pursuant to section 62D.04 and information about utilization.

Persons who become eligible for medical assistance after July 1, 1984, who are not participating in any Medicaid demonstration project as defined under sections 256B.70 and 256B.71, and who choose at the time of application for assistance to receive services from a health maintenance organization, shall be guaranteed six months of coverage by a state contracted health maintenance organization if the recipient remains in the health maintenance organization from the time of initial enrollment. The continued eligibility guarantee shall not be granted when ineligibility for medical assistance is due to death, loss of state or county residency, failure to respond to the county's efforts to contact the recipient, failure to locate the recipient, or when the recipient is eligible for continued eligibility as defined in section 256B.062.

Sec. 32. Minnesota Statutes 1984, section 256B.501, subdivision 8, is amended to read:

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for medical assistance reimbursement for ~~waivered services~~ or training and habilitation services for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivisions 2, 4, 5, and 6, and procedures to be followed for rate limitation exemptions for intermediate care facilities for mentally retarded persons. No excess payment or limitation

exemption shall be authorized unless the need for the service is documented in the individual service plan of the person or persons to be served, the type and duration of the services needed are stated, and there is a basis for estimated cost of the services. *Payments made under this subdivision are limited to very dependent persons with special needs who otherwise would be placed or retained in a state hospital. The total payment for residential and day training and habilitation services for a very dependent person with special needs must not exceed the payment for providing services in a state hospital except in cases where the payment for residential services exceeds 85 percent of the payment for state hospital services. In this case, the total payment for residential and day training and habilitation services for a very dependent person with special needs must not exceed 115 percent of the payment for state hospital services, and only day training and habilitation providers are eligible to receive additional funds made available under this exception.*

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits reviews.

Sec. 33. Minnesota Statutes 1984, section 256B.70, is amended to read:

256B.70 [DEMONSTRATION PROJECT WAIVER.]

Each hospital that participates as a provider in a demonstration project, established by the commissioner of human services to deliver medical assistance, or chemical dependency services on a prepaid, capitation basis, is exempt from the prospective payment system for inpatient hospital service during the period of its participation in that project.

Sec. 34. Minnesota Statutes 1984, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.]

(a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and x-ray services, physician's services, medical transportation, and dental care. In addition, payments of state aid shall be made for day treatment services provided by a mental health center established under sections 245.61 to 245.69, subdivision 1, and funded through chapter 256E and for prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization.

(b) In order to contain costs, the county board shall, with the approval of the commissioner of human services, select vendors of medical care who can provide the most economical care consistent with high medical standards and may contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall encourage county boards to submit proposals for demonstration projects designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Payment for services provided pursuant to this

subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8, except that where counties enter into prepaid capitation agreements, payments shall be as provided in section 256.966, subdivision 2.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions. For the period July 1, 1983 to June 30, 1984, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 45 percent; payments for all other inpatient hospital care may be reduced no more than 35 percent. Reductions below the payments allowable under section 256.967 for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than 25 percent. For the period July 1, 1984 to June 30, 1985, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under section 256.967 for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent. There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical payments for which state payments are not made.

(e) Chemical dependency services, except primary diagnosis of chemical dependency in paragraphs (b) and (c), must not be reimbursed under general assistance medical care. Reimbursement must be under sections 254B.01 to 254B.09.

Sec. 35. [256D.44] [CITATION.]

Sections 256D.45 to 256D.71 may be cited as the Minnesota supplemental aid act.

The purpose of sections 256D.45 to 256D.71 is to provide a sound administrative structure for public assistance programs; to maximize the use of federal money for public assistance purposes; and to provide an integrated public assistance program for all residents who are recipients of supplemental security income; who, except for excess income or resources, would be receiving supplemental security income and have maintenance needs as determined by the application of state standards of assistance, or who have need of a clothing and personal needs allowance while residing in a state hospital, nursing home, or facility with a negotiated rate.

The value of real estate not used as a home must be counted under section 256D.54, subdivision 2, unless it produces countable income applicable to the family's needs, the family is making a contin-

Subd. 24. [UNEARNED INCOME.] "Unearned income" means any in-

Sec. 38. [256D.47] [CLIENT RIGHTS AND RESPONSIBILITIES.]

Subdivision 1. [INFORMATION.] The local agency shall provide, to each person inquiring about Minnesota supplemental aid, any information germane to a determination of eligibility.

Subd. 2. [ELIGIBILITY AND PROGRAM REQUIREMENTS.] Upon receiving a request for assistance, the local agency shall promptly advise the inquirer, applicant, or recipient of the eligibility criteria or other program information that bears upon eligibility or monthly payment amounts. The local agency shall offer informational brochures to prospective applicants, and shall inform them that eligibility cannot be officially determined and the right to appeal the agency's decision does not exist unless a formal application is made.

Subd. 3. [INFORMATION ABOUT OTHER PROGRAMS.] The local agency shall inform applicants and recipients of the availability of other programs that, based on the agency's knowledge of the person's situation, could be of interest to the applicant or recipient.

Subd. 4. [RIGHT TO APPLY.] A person who inquires about the program must be informed by the local agency of the right to apply and the manner in which formal application can be made.

Subd. 5. [RIGHT TO NOTICE AND AN OPPORTUNITY TO BE HEARD.] A grant of Minnesota supplemental aid, except emergency assistance under section 256D.59, must not be reduced, terminated, or suspended unless the recipient is given notice and an opportunity to be heard before action by the local agency. A recipient has a right to full administrative and judicial review of an order or determination of a local agency as provided for in section 256.045 after an action taken by a local agency after a hearing.

Subd. 6. [RIGHT TO REPRESENTATION.] Applicants and recipients have the right to have someone act in their behalf to ensure that their legal, civil, and human rights are upheld, and to have someone assist or represent them in the application, eligibility review, or fair hearing process, and in any other contacts with the local or state agency. An applicant or recipient who wishes to designate a representative may do so by providing a written statement of this intent to the local agency.

Subd. 7. [RIGHT TO REVIEW RECORDS.] An applicant or recipient may review the records of the local agency related to the applicant's or recipient's eligibility for or the amount of benefits received under Minnesota supplemental aid, except records classified as confidential under the Minnesota government data practices act.

Subd. 8. [CLIENT RESPONSIBILITIES.] An applicant or recipient who is otherwise eligible for Minnesota supplemental aid and may be eligible for maintenance benefits from another source shall:

(1) apply for benefits from other sources within 30 days of the local agency's determination that the applicant or recipient may be eligible for the benefits; and

(2) execute an interim assistance authorization agreement on a form pre-

scribed by the commissioner.

If a person is found to be eligible for benefits from other sources and a payment received from another source relates to the period for which Minnesota supplemental aid was received, the recipient shall reimburse the local agency for the interim assistance paid, including emergency assistance. Reimbursement must not exceed the amount of Minnesota supplemental aid paid during the time period for which the other maintenance benefits were received. Local agencies may retain, from the amount recovered under an interim assistance agreement, 25 percent plus actual reasonable fees, costs, and disbursements of appeals and litigation; of providing advocacy assistance to the recipient to facilitate the recipient's claim for maintenance benefits from another source, under rules adopted by the commissioner. The money retained under this section must be from the state share of the recovery. The local agency may contract with qualified persons to provide advocacy assistance. Rules adopted by the commissioner must include the methods by which local agencies shall identify, refer, and assist recipients who may be eligible for benefits under federal programs for the disabled.

Sec. 39. [256D.48] [RESIDENCE.]

To be eligible for Minnesota supplemental aid a person must be a resident of Minnesota. Minnesota residence is not lost unless the person intends to lose Minnesota residence and establish residence elsewhere. If a Minnesota supplemental aid recipient moves out of Minnesota with the intent to establish a home elsewhere, Minnesota supplemental aid must be terminated immediately, subject to the timely notice requirements of section 256D.63. If a former recipient returns to Minnesota after establishing residence in another state and Minnesota supplemental aid monthly payments have been discontinued, the county of financial responsibility is the county of residence after returning. United States citizenship or permanent residence status is not a requirement for eligibility.

Sec. 40. [256D.49] [RESPONSIBILITY TO PROVIDE MINNESOTA SUPPLEMENTAL AID.]

Each local agency shall provide Minnesota supplemental aid to persons residing within its jurisdiction who meet the eligibility requirements of sections 256D.54 and 256D.55. The Minnesota supplemental aid program must be administered by the local agency according to law and rules adopted by the commissioner under the administrative procedure act.

Sec. 41. [256D.50] [APPLICATION FOR ASSISTANCE.]

Subdivision 1. [FILING OF APPLICATION.] The local agency shall allow a person requesting Minnesota supplemental aid to apply for assistance on the date assistance is first requested. The application must be in writing on the form prescribed by the commissioner. The application must contain the following declaration, signed by the applicant or the applicant's authorized representative: "I declare that I have examined this application and it is a true and correct statement of every material point." On the date Minnesota supplemental aid is first requested, the local agency must inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, assistance for necessary transportation, or other emergency assistance under section 256D.59. A person in need of emergency assistance

must be granted this assistance immediately upon determination of need, and necessary assistance must continue until the first grant of Minnesota supplemental aid is paid to the person or the person is determined to be ineligible. A determination of an applicant's eligibility for Minnesota supplemental aid must be made by the local agency as soon as the required verifications are received by the local agency but no later than the time required by section 256D.52. Verifications required of the applicant must be reasonable. Minnesota supplemental aid must be granted to an applicant upon a determination that the applicant is eligible and may not be delayed in order to obtain action by the board of the local agency. The amount of the first grant of Minnesota supplemental aid awarded to an applicant must be computed to cover the time period beginning on the first day of the month in which the application was filed, or the first day of the month in which all eligibility factors were met, whichever is later.

Sec. 42. [256D.51] [VERIFICATION.]

The local agency must verify information provided by the applicant or recipient regarding the applicant's or recipient's identity; social security number; categorical basis for eligibility; income, including the income of persons for whom the applicant or recipient is a responsible relative or who is a responsible relative for the applicant or recipient; and other relevant factors; if the local agency has reason to question the accuracy of information provided by the applicant or recipient. If the applicant or recipient refuses to cooperate with the local agency in its attempt to verify the information, the local agency shall deny or terminate assistance.

Sec. 43. [256D.52] [DISPOSAL OF APPLICATION BY THE AGENCY.]

When an application is received, the local agency must promptly determine if the applicant is eligible for assistance, formally act to approve or deny the application, inform the applicant of its decision, and issue assistance if the applicant is found eligible. If the local agency is unable to determine the applicant's eligibility or ineligibility within 30 days, or within 60 days if the basis of eligibility is disability, it shall inform the applicant, in writing, of the reason.

Sec. 44. [256D.53] [RESIDENCE; COUNTY OF FINANCIAL RESPONSIBILITY.]

The applicant shall apply for Minnesota supplemental aid in the county where the applicant is living at the time of application. County of financial responsibility is the same as that prescribed in section 256B.02, subdivision 3. If the applicant resides in an excluded time facility, the county of financial responsibility is the county in which the applicant resided immediately before beginning uninterrupted excluded time residence. If upon investigation the local agency decides that the application was not filed in the county of financial responsibility and that the applicant is otherwise eligible for assistance, the local agency must provide assistance to the applicant and transmit a copy of the application, the record of any investigation made, and a copy of its decision to the state agency and to the county determined to be the county of financial responsibility. The state agency shall promptly determine county financial responsibility and order that the application be referred to the responsible county for further action. The responsible county must reimburse a

county for any assistance the county provided to the applicant under this section. The order of the state agency is binding upon the county of financial responsibility and the applicant or recipient unless reversed on appeal as provided in section 256.045. The order must be complied with pending an appeal.

Sec. 45. [256D.54] [ELIGIBILITY CRITERIA.]

Subdivision 1. [ENTITLED TO RECEIVE AID.] A person who is a resident of Minnesota; who is aged, blind, or disabled; and whose income and resources are less than the standard of assistance and limits that apply to the person; is eligible for and entitled to Minnesota supplemental aid. Persons who are found eligible for supplemental security income by the social security administration on the basis of age, blindness, or disability have met the requirements.

Subd. 2. [RESOURCES.] To be eligible for Minnesota supplemental aid, the applicant or recipient must not own or have an interest in personal property that exceeds the limits of the supplemental security income program.

Subd. 3. [EXCLUDED RESOURCES.] A local agency must exclude from a determination of the value of the resources of an applicant or recipient one motor vehicle; proceeds from reverse mortgages; a homestead or mobile home used as a home; and other property, goods, items, and materials necessary for day-to-day living.

Subd. 4. [JOINTLY HELD PROPERTY.] When real or personal property is held jointly by two or more persons, the local agency shall assume that each person owns an equal share unless the local agency or any of the owners of the property demonstrate that the share is greater or less. When a greater or lesser share is demonstrated, the local agency shall use the demonstrated share to determine the value of the property interest held by the applicant or recipient. The owner of property as a tenant-in-common owns a pro rata share of the property's value. Other types of ownership must be evaluated according to law. Jointly owned property is considered available unless the owner does not have the legal capacity to liquidate the property without the signature of the other owners. The applicant must provide information to the local agency to assist it in determining whether the property is available. If the property is unavailable, the applicant must, as a condition of continued eligibility, take reasonable actions requested by the local agency to make the property available.

Subd. 5. [TRANSFERS OF PROPERTY.] In determining the resources of an individual and an eligible spouse, the local agency shall include resource or interest exceeding the limits in subdivisions 2 and 3 that was given away or sold for less than fair market value within the 12 months preceding application for Minnesota supplemental aid or during the period of eligibility must be included in a determination of the resources of an applicant or recipient and the applicant's or recipient's spouse. A transfer for less than value as described in this subdivision must be presumed to have been made in order to establish eligibility for benefits or assistance for Minnesota supplemental aid unless the applicant, recipient, or spouse furnishes convincing evidence that the transaction was exclusively for another purpose. For purposes of this subdivision, the value of a resource or interest is the fair market value at the time it was sold or given away, less the amount of compensation received. If

the value of the transferred property exceeds the monthly standard of assistance that applies to the applicant or recipient, the applicant or recipient is ineligible for Minnesota supplemental aid. The number of months of ineligibility is determined by dividing the uncompensated value of the transferred property by the monthly standard of assistance that applies to the applicant or recipient.

Subd. 6. [BUILT-UP OF ASSETS.] A recipient who does not have allowable cash assets at the time of application may create or accumulate assets up to the maximum, provided that all of the recipient's income has been reported and fully accounted for in determining the recipient's need or the amount of assistance.

Subd. 7. [RIGHT TO REDUCE EXCESS PROPERTY OR RESOURCES.] The local agency shall allow a recipient who has property or resources in excess of the standards of the Minnesota supplemental aid program to reduce the value of property by transferring the excess to a type of property that does not exceed limits, using the excess to meet all needs for a period up to three months, or in any other way that does not result in a reduction of available resources without adequate compensation. If a recipient has property that exceeds standards, eligibility must continue if the recipient reports the property and takes steps to reduce the property within 15 days of notice by the agency. If a recipient fails to reduce excess property or resources as allowed in this subdivision, the recipient's eligibility is terminated.

Subd. 8. [CONVERSION OF PROPERTY.] When a client's real or personal property, including excluded property, has been sold and converted to cash, the cash is a resource except that proceeds from the sale of a homestead may be held for up to 90 days in an escrow account when the proceeds are to be used for the purchase of another home.

Subd. 9. [WAIVER OF EXCESS PROPERTY.] The local agency shall waive real and nonliquid personal property exceeding the limits of subdivisions 2 and 3 if the local agency determines that:

(1) the property produces a reasonable market return and is being used to support the applicant or recipient;

(2) a grant of emergency assistance under the Minnesota supplemental aid program is required and the property cannot be liquidated in time to meet the need; or

(3) forcing the applicant or recipient to dispose of the property would create an undue hardship for the applicant or recipient.

Sec. 46. [256D.55] [INCOME.]

Subdivision 1. [SUBTRACTION.] All of an applicant's or recipient's available and countable earned and unearned income must be subtracted from the applicable standard of assistance to determine eligibility and monthly payment amounts. Income must be considered income in the month of receipt and a resource thereafter.

Subd. 2. [INCOME EXCLUSIONS.] Countable income does not include: food stamps; home-produced food used by the household; Indian claim payments made by the United States Congress to compensate members of Indian

tribes for the taking of tribal lands by the federal government; cash payments to displaced persons who face relocation as a result of the Housing Act of 1965, the Housing and Urban Development Act of 1965, or the Uniform Relocation Act of 1970; displaced homemaker payments; reimbursement received for maintenance costs of providing foster care to adults or children; benefits under title IV and title VII of the Older Americans Act of 1965; Minnesota renter or homeowner property tax refunds; infrequent, inconsequential gifts of money that total no more than \$30 in a month; reimbursement payments received from the VISTA program; all reverse mortgage loan proceeds received including interest or earnings; in-kind income; payments received for providing volunteer services under title I, title II, and title III of the Domestic Service Act of 1973; loans that must be repaid; federal low income heating assistance program payments; and any other money excluded as income by state law.

Subd. 3. [SELF SUPPORT PLANS.] The county agency shall disregard, for up to 36 months, the additional amounts of other income and resources as necessary to fulfill an individual's plan for achieving self-support approved by the state agency, but only when the individual is undergoing vocational rehabilitation.

Subd. 4. [APPLICATION FOR FEDERALLY FUNDED BENEFITS.] Persons for whom the applicant or recipient has financial responsibility and who have unmet needs must apply for and if eligible accept AFDC and other federally funded benefits before allocation of earned and unearned income from the applicant or recipient to meet their needs. If the persons are determined eligible for these benefits, the earned or unearned income of the applicant or recipient must not be allocated to them.

Subd. 5. [ALLOCATION OF INCOME.] To determine the eligibility of and the monthly payment for an applicant or recipient, countable earned and unearned income may first be allocated, subject to the conditions in subdivision 4, to cover the unmet needs of persons for whom the applicant or recipient has financial responsibility who share a residence with the applicant or recipient, at the rate for each of one-half the individual supplemental security income standard of assistance. If the applicant or recipient shares a residence with another person who is financially responsible for the applicant or recipient, the income of the responsible relative must be considered available to the applicant or recipient after allowing for:

(1) the disregards and deductions in subdivisions 6, 7, 8, and 9 of this section;

(2) the amount of actual payments made to individuals who reside outside of the home who are or could be claimed as dependents for income tax purposes; and

(3) an amount equal to one-half of the individual supplemental security income standard of assistance for each additional person who resides in the home and for whom the responsible relative is financially responsible.

Subd. 6. [EARNED INCOME DISREGARDS.] The local agency shall disregard the first \$85, plus one-half of the remainder, of the applicant's or recipient's gross earned income.

Subd. 7. [EARNED INCOME DEDUCTIONS.] The local agency shall

subtract the following work expenses from the applicant's or recipient's gross earned income; transportation costs at the rate of 22 cents per mile or actual cost; meal allowances at the rate of \$3 per work day; amounts paid for uniforms required for work, tools, and equipment; health and other insurance payments required by the employer; union and professional association dues paid; mandatory retirement fund contributions; FICA and supplementary medical insurance costs; state and federal income taxes; child care; and other reasonable expenses necessary for work.

Subd. 8. [SELF-EMPLOYMENT EARNINGS.] Gross earned income from self-employment is the amount remaining after reasonable, necessary business costs are subtracted from gross receipts. Capital expenditures and depreciation must not be allowed as business costs. Material stocks and goods used in producing income, inventory if it is a part of the operating stock, and loans received for business purposes must not be considered in the determining gross earned income of the applicant or recipient.

(a) Income from rental property is self-employment earnings for each month labor is expended by the owner of the property. Actual, reasonable costs of upkeep and repairs, real estate taxes, insurance, utilities, and the interest on principal payments, are business expenses. If the applicant or recipient lives on the property, these expenses must be apportioned according to the number of rooms rented against the number occupied by the assistance unit. When no labor is expended, income from rental property is unearned income except that a deduction must be allowed for actual, reasonable, and necessary labor costs for upkeep and repair.

(b) To determine net income available for support from farm operations, the local agency must deduct operating expenses from gross receipts. Farm income includes all proceeds from sales of livestock, livestock products or crops sold or held for later disposition and income from land rented on a share or cash basis; and soil conservation payments. Operating expenses include costs of raising crops and animals, machinery repairs, hired labor, rent, and property costs. Capital expenditures and depreciation are not allowable business costs. A loss from farming operations must not be deducted from other income such as wages or other self-employment enterprises.

(c) To determine net income from room and board income, monthly expenses of \$84 must be deducted from gross income for each boarder and \$69 for each roomer.

Subd. 9. [UNEARNED INCOME DISREGARD.] The local agency shall disregard \$20 of an applicant's or recipient's income from the retirement, survivors and disability insurance program. All other unearned income is available to meet the needs of the applicants and recipients and must be deducted from the standard of need. Unearned income includes but is not limited to pension and retirement benefits, income from trusts, and military service person's contributions. The \$20 disregard is not allowed for persons residing independently.

Subd. 10. [LUMP SUMS.] Lump sum payments and windfalls are income in the month received and a resource thereafter.

Sec. 47. [256D.56] [STANDARDS OF ASSISTANCE.]

Subdivision 1. [USE OF STANDARDS; INCREASES.] The state stan-

dards of assistance for shelter, basic needs, and special need items establish the total amount of maintenance need of an applicant for or recipient of Minnesota supplemental aid. The standards must be used to determine the applicant's or recipient's eligibility for Minnesota supplemental aid, the minimum monthly payment amount, and the amount of state aid for payments. The state standards of assistance must be increased by an amount equal to the dollar value of any cost of living increases in the supplemental security income program, except that the commissioner may take other action as necessary from an examination of current expenditures under Minnesota supplemental aid to prevent loss of federal funds as provided in Public Law Number 94-585. If this authority is invoked, the commissioner shall report to the Minnesota legislature regarding the circumstances and need for the action.

Subd. 2. [STANDARD OF ASSISTANCE FOR SHELTER.] The state standard of assistance for shelter provides for the recipient's needs for shelter, heating, cooking, electrical, water, sewer, and garbage removal. Except as allowed in section 256D.57, the monthly state standard of assistance for shelter must be determined as provided in this subdivision.

(a) If the recipient does not reside with a spouse who receives Minnesota supplemental aid, the state standard of assistance for shelter is the actual cost for shelter or \$151, whichever is less.

(b) If the recipient resides with a spouse who receives Minnesota supplemental aid, the state standard of assistance for shelter for the married couple is the actual cost for shelter or \$227, whichever is less.

(c) The actual shelter cost for married and unmarried recipients who share a residence must be determined by dividing the sum of the total monthly shelter cost for the residence by the number of persons who share the residence, unless the recipient can justify a greater or lesser share.

Subd. 3. [STANDARD OF ASSISTANCE FOR BASIC NEEDS.] The state standard of assistance for basic needs provides for the needs of the recipient for food, clothing and personal needs, reading material, laundry, household supply items, transportation, and other personal needs. Except as allowed in section 256D.57, the monthly state standard of assistance for basic needs must be determined as provided in this subdivision.

(a) For an individual who does not share a residence with another person, the state assistance standard is \$234.

(b) For an individual who shares a residence with another person or persons the state assistance standard is \$184.

Subd. 4. [STANDARD OF ASSISTANCE FOR A RECIPIENT RESIDING IN A STATE HOSPITAL OR DWELLING WITH A NEGOTIATED RATE.] When a recipient is a resident of a state hospital or a dwelling with a negotiated rate, the recipient is not eligible for a shelter standard or a basic needs standard under subdivisions 2 and 3. The recipient resident of a negotiated rate facility is eligible for a separate special needs allowance under subdivision 6. The special needs allowance must be included in the negotiated rate. Except as allowed in section 256D.57, the state standard of assistance for those recipients is the clothing and personal needs allowance that has been established for medical assistance recipients under section

256B.35.

Subd. 5. [NEGOTIATED RATES.] Minnesota supplemental aid may be paid to negotiated rate facilities at the rates in effect on March 1, 1985, for services provided under the supplemental aid program to residents of the facility, up to the maximum negotiated rate specified in this section. Except as allowed under section 256D.57, the rate for room and board or a licensed facility must not exceed \$800. The maximum negotiated rate does not apply to a facility described in section 256B.431, subdivision 4, paragraph (b). The rates may be paid for persons who are placed by the local agency or who elect to reside in a room and board facility or a licensed facility for the purpose of receiving physical, mental health, or rehabilitative care, provided the local agency agrees that this care is needed by the person. When Minnesota supplemental aid is used to pay a negotiated rate, the rate payable to the facility must not exceed the rate paid by an individual not receiving Minnesota supplemental aid. To receive payment for a negotiated rate, the dwelling must comply with applicable laws and rules establishing standards necessary for health, safety, and licensure. The negotiated rate must be adjusted by the annual percentage change in the urban consumer price index (CPI-U) for Minneapolis-St. Paul as published by the Bureau of Labor Statistics between the previous two Octobers, new series index (1967-100).

Subd. 6. [SPECIAL NEEDS.] Notwithstanding subdivisions 1, 2, 3, and 4, payments must be allowed for the special needs of recipients as provided in this subdivision.

(a) Medically prescribed diets. The local agency shall pay a monthly allowance for medically prescribed diets when they are prescribed by a physician if the cost of the additional dietary needs is not met through another program. Following the initial determination of need for the special diet, eligibility for continuing payments must be reviewed no less frequently than at the time of each redetermination of eligibility. Verification of actual expenditures for additional dietary need items must not be required. The amount of this supplementary payment must be determined according to the thrifty food plan for one person established by the Food and Nutrition Service of the United States Department of Agriculture. Except as allowed in section 256D.57, payment must be determined for the following special diets at the levels indicated, except that the commissioner may provide for additional dietary need upon nutritional documentation:

- | | |
|---|---|
| <i>(1) High protein diet
(at least 80 grams daily)</i> | <i>25 percent of thrifty food plan</i> |
| <i>(2) Controlled protein diet
(40-60 grams and requires special products such as Controlyte, Paygel, Aprotin, Cal-Power, and Citroetin).</i> | <i>100 percent of thrifty food plan</i> |
| <i>(3) Controlled protein diet
(less than 40 grams and requires special products described in in clause (2) above)</i> | <i>125 percent of thrifty food plan</i> |
| <i>(4) Low cholesterol diet</i> | <i>25 percent of thrifty food plan</i> |
| <i>(5) High residue diet</i> | <i>20 percent of thrifty food plan</i> |
| <i>(6) Pregnancy & lactation diet</i> | <i>35 percent of thrifty food plan</i> |
| <i>(7) Gluten free diet</i> | <i>25 percent of thrifty food plan</i> |
| <i>(8) Lactose free diet</i> | <i>25 percent of thrifty food plan</i> |

- (9) Anti-dumping diet 15 percent of thrifty food plan
 (10) Hypoglycemic diet 15 percent of thrifty food plan
 (11) Ketogenic diet 25 percent of thrifty food plan

(b) Payment for nonrecurring special needs must be allowed for necessary repairs or replacement of household furniture and appliances.

(c) Except in an emergency, the recipient shall obtain prior authorization for special need items to be paid by the local agency. The local welfare board shall designate a person or persons authorized to approve repairs and replacements prior to formal board action.

Sec. 48. [256D.57] [LOCAL AGENCY STANDARDS OF ASSISTANCE.]

The local agency may establish standards of assistance for shelter, basic needs, special needs, clothing and personal needs, and negotiated rates in excess of the state standards of assistance. State aid is not available for the excess costs of higher local agency standards.

Sec. 49. [256D.58] [MONTHLY PAYMENT AMOUNTS.]

Subdivision 1. [PAYMENT PERIOD.] The payment period for Minnesota supplemental aid is a calendar month. The monthly payment to a recipient must be determined under this section.

Subd. 2. [PROSPECTIVE BUDGETING.] During the first two months of applicant eligibility and during a month in which a change of at least \$50 has occurred and the following month, the local agency shall subtract the amount of countable income anticipated for the payment period from the following state standards of assistance applicable to the applicant or recipient during that payment period:

- (a) shelter and basic needs; or
- (b) clothing and personal needs; or
- (c) higher local agency standards established under section 17.

In the event that the amount of anticipated income is less than the amount of income actually received during the payment period, the local agency shall issue a supplemental payment for the difference.

Subd. 3. [RETROSPECTIVE BUDGETING.] Following the first two months of payment eligibility determined by provisions of subdivision 2, the local agency shall subtract the amount of countable income actually received during the payment period two months earlier from the following state standards of assistance applicable to the recipient during the current payment period:

- (a) shelter and basic needs; or
- (b) clothing and personal needs; or
- (c) higher local agency standards established under section 256D.57.

In the event that the amount of income actually received for the current payment period is less than the amount of income received during the payment period two months earlier, the local agency shall issue a supplemental

payment for the difference. If the amount of income actually received for the current payment period exceeds the amount of income received for the payment period two months earlier, the recipient shall be considered overpaid. When the local agency is informed that income will no longer be received from a particular source, the local agency shall initiate a two-month prospective budgeting period under subdivision 2.

Subd. 4. [MONTHLY PAYMENT AMOUNT; PERSON RESIDING INDEPENDENTLY.] The monthly payment for a recipient who resides independently is the difference between the countable income and the applicable standards of assistance determined under subdivisions 2 and 3.

Subd. 5. [MONTHLY PAYMENT AMOUNT; PERSON RESIDING IN STATE HOSPITAL OR DWELLING WITH NEGOTIATED RATE.] The monthly payment for a recipient who resides in a state hospital or a dwelling with a negotiated rate is the difference between the countable income and the sum of the standard of assistance determined under subdivision 2 or 3 and the negotiated rate, if any.

Sec. 50. [256D.59] [EMERGENCY ASSISTANCE.]

Subdivision 1. [ELIGIBILITY FOR EMERGENCY ASSISTANCE.] Emergency assistance is available if the applicant or recipient has income and resources less than the limits of sections 256D.54 and 256D.55 and an emergency exists which, if not resolved, will threaten the health or safety of an applicant or recipient. To be eligible for emergency assistance, the applicant or recipient must be without resources adequate to resolve the situation.

Subd. 2. [INCOME AND RESOURCE TEST.] All income and resources available to the applicant or recipient during the month that the need for emergency assistance arose must be considered in determining the applicant's or recipient's ability to meet the emergency need. Liquid personal property and income normally disregarded or excluded under the Minnesota supplemental assistance program must be considered available to meet the emergency need.

Subd. 3. [USE OF EMERGENCY ASSISTANCE.] Emergency assistance may be granted to an applicant or recipient:

- (1) whose Minnesota supplemental aid grant money was lost or stolen;
- (2) who lacks food or shelter;
- (3) who has received a notice of eviction;
- (4) who has received a residential utility shut-off notice;
- (5) who requires a damage deposit, utility connection charge, moving expenses, or other expenses related to establishing a new residence; or
- (6) who requires assistance for necessary home repairs.

Subd. 4. [PAYMENT AMOUNT.] The amount of assistance granted under Minnesota supplemental aid emergency assistance must be based on the current Minnesota supplemental aid need standards. If the standards are insufficient to meet the emergency need, the Minnesota supplemental aid emergency assistance payment must be based on the amount necessary to resolve the emergency.

Subd. 5. [RELATIONSHIP TO REGULAR MONTHLY PAYMENTS.] When a portion of the Minnesota supplemental aid emergency assistance grant is issued to a Minnesota supplemental aid recipient for current needs, the amount of the Minnesota supplemental aid emergency assistance intended to cover current needs must be subtracted from the amount of the regular Minnesota supplemental aid grant issued for the same time period. However, if a regular grant has already been issued for the same period in which the emergency arises, the local agency shall not deduct the amount issued from a grant for a subsequent month.

Subd. 6. [LOST OR STOLEN MONEY.] Minnesota supplemental aid emergency assistance is available when a significant portion of the proceeds of the monthly Minnesota supplemental aid check is lost or stolen and the recipient is without funds to pay for food, shelter, or utilities for the remainder of the month. Only lost money from the Minnesota supplemental aid assistance check may be replaced. Loss by theft must have been reported to law enforcement officials. A written report of the event must be submitted to the local agency by the recipient in the form of an affidavit. The contents of the law enforcement report and the recipient's affidavit must be reasonably consistent as to the amount lost and the circumstances surrounding the loss. If an assistance check is lost, stolen, or destroyed, a duplicate check shall be issued if the recipient files an affidavit with the county agency attesting to the loss, theft, or destruction of the original. The duplicate check must correspond in number, date, and amount with the original check and must have endorsed on its face the term "duplicate."

Subd. 7. [PROTECTIVE PAYMENTS TO AVOID RECURRING NEED.] If emergency assistance payments are made more than once during a 12-month period, protective payment of regular Minnesota supplemental aid benefits may be implemented. If the person receives benefits from the Social Security Administration, the local agency shall petition that agency to establish a representative payee for those benefits.

Sec. 51. [256D.60] [PAYMENT METHODS.]

Minnesota supplemental aid grants must be issued by the local agency to the recipient, a protective payee, or a conservator or guardian of his or her estate, in the form of county warrants immediately redeemable in cash. Minnesota supplemental aid warrants must be issued regularly on the first day of the month and the payment must be made only to the address where the recipient resides, unless another address has been approved in advance by the local agency. If the local welfare agency has arranged for direct depositing, the agency may, at the request of the recipient, forward Minnesota supplemental aid warrants or allowance amounts directly to banks, savings and loan associations, or credit unions with which the recipient has made arrangements for direct deposit. Vendor payments may be made by the local agency only for nonrecurring emergency need payments, replacement or repair of household appliances, and home repairs.

Sec. 52. [256D.61] [PROTECTIVE PAYMENTS.]

Subdivision 1. [NEED FOR PROTECTIVE PAYEE.] The local agency shall determine whether a recipient needs a protective payee because of a physical or mental condition and inability to manage funds that makes direct payments contrary to the recipient's welfare. The determination must include medical or psychological evaluations or other reports of physical or mental conditions including observation of conditions such as extensive paralysis, serious mental retardation, continuing disorientation, or severe memory loss.

The determination of representative payment by the Social Security Administration for the recipient is sufficient reason to implement protective payment of Minnesota supplemental aid payments. Protective payments must be issued if there is:

- (1) evidence of a continuing inability to plan the use of income to meet necessary expenditures;*
- (2) observation over time indicating that dependents are not properly fed or clothed;*
- (3) continuing failure to meet obligations for rent, utilities, food, and other essentials;*
- (4) evictions or repeated incurrence of debts; or*
- (5) repeated occurrences of lost or stolen checks.*

Subd. 2. [ESTABLISHING PROTECTIVE PAYMENT.] When the local agency determines that the recipient needs a protective payee, the local agency shall appoint a payee as provided in this subdivision. When the Social Security Administration has established a representative payee for the recipient, the local agency shall appoint that representative payee as the protective payee for Minnesota supplemental aid payments, when possible. When a representative payee has not already been established, the local agency shall consider the recipient's preference of protective payee. The protective payee must have an interest in or concern for the welfare of the recipient and must be capable of and willing to provide the required assistance. The local agency director, members of the county welfare board, and vendors of goods or services including the recipient's landlord, must not serve as protective payee. The local agency shall terminate protective payments when an individual is considered able to manage funds in his or her best interest. Judicial appointment of a guardian or other legal representative must be sought by the local agency if appropriate to serve the best interest of the individual.

Subd. 3. [FAIR HEARING.] Opportunity for a fair hearing must be given to a recipient concerning the determination that a protective payment must be made or continued, and the payee selected.

Sec. 53. [256D.62] [OVERPAYMENTS AND UNDERPAYMENTS.]

Subdivision 1. [WHEN.] When the local agency finds that the recipient received less than or more than the correct amount of Minnesota supplemental aid benefits, the local agency shall issue a corrective payment of underpayments under subdivision 2 or seek recoupment of overpayments under subdivision 3.

Subd. 2. [UNDERPAYMENT OF MONTHLY GRANTS.] When the local agency determines that an underpayment of the recipient's monthly payment occurred, the agency shall issue a corrective payment, during the month the underpayment was discovered. The payment must be one payment for all the months for which underpayment was made. If the underpayment would result in a corrective payment of less than \$10, no corrective payment must be made. Corrective payments may be made only for the 12-month period immediately preceding the month in which the underpayment is discovered and must be excluded when determining the applicant's or recipient's income and resources.

Subd. 3. [OVERPAYMENT OF MONTHLY GRANTS.] When the local agency determines that an overpayment of the recipient's monthly payment occurred, the agency shall issue a notice of overpayment to the recipient within 12 months of the identification of the overpayment. If the case is no longer open, the local agency may request voluntary repayment or pursue civil recovery. If the recipient's case is open, the local agency shall recover the overpayment by withholding an amount up to one-half of the monthly disregarded income.

Sec. 54. [256D.63] [NOTICE.]

Subdivision 1. [TEN-DAY NOTICE.] Except as provided in subdivisions 2 and 3, the local agency shall give the recipient ten days' advance written notice when the agency intends to terminate, suspend, or reduce a grant. The ten-day notice must be in writing on a form prescribed by the commissioner; mailed or given to the recipient at least ten days before the effective date of the action; and clearly state the action the local agency intends to take, the reasons for the action, the right to appeal the action, and the conditions under which assistance can be continued pending an appeal.

Subd. 2. [FIVE-DAY NOTICE.] The local agency shall give at least five days advance notice when the agency has verified and documented that the case facts require termination, suspension, or reduction of the grant and the action is required because of probable fraud by the recipient.

Subd. 3. [ADEQUATE NOTICE.] The agency shall give notice of adverse action no later than the effective date of the action when: (1) the agency has factual information confirming the death of a person whose needs are included in the grant; (2) the agency receives a clear written statement, signed by the recipient, that he or she no longer wishes assistance; (3) the agency receives a clear statement, signed by the recipient, reporting information the recipient understands will require termination of or a reduction in the grant; (4) the recipient has been placed in a skilled nursing home, intermediate care, or long-term hospitalization facility; (5) the recipient has been admitted to or committed to an institution; (6) the recipient has been accepted for assistance in a new county; or (7) the recipient's whereabouts are unknown and the agency mail directed to her or him has been returned by the post office indicating no forwarding address.

Sec. 55. [256D.64] [APPEALS.]

Subdivision 1. [RIGHT TO APPEAL.] Applicants and recipients have a right to a fair hearing if they are aggrieved by an action or by inaction of the local agency. Appealable issues include (1) denial of the right to apply for assistance; (2) failure on the part of the local agency to act upon the application in a prompt or timely fashion; (3) denial of an application for assistance; (4) suspension, reduction, or termination of assistance; (5) grant calculations, including the calculated amounts of overpayments and calculated levels of recoupments due to overpayments; (6) the determination of periods of ineligibility and the applicability of those periods to various members of the family resulting from receipt of a lump sum; (7) the availability and calculation of corrective payments; (8) use of protective or vendor payments; (9) recoupment of overpayments limited to those issues which led to the alleged overpayment; and (10) other issues related to eligibility for an amount of Minnesota supplemental aid, as required by state law and rule.

Subd. 2. [COSTS RELATED TO APPEALS.] Reasonable and necessary expenses, as determined by the local agency, that are related to the applicant's or recipient's attendance at the hearing must be reimbursed by the local agency. Reasonable and necessary costs of attendance by witnesses must be reimbursed only if the appellant prevails in the appeal.

Subd. 3. [RIGHT TO APPEAL.] A grant of Minnesota supplemental aid, other than a grant made under section 256D.59, must not be reduced, terminated, or suspended unless the recipient is given notice and an opportunity to be heard prior to action by the local agency. A recipient has the right to full administrative and judicial review of an order or determination of a local agency as provided for in section 256.045 after an action taken by a local agency after a prior hearing.

Subd. 4. [CONTINUATION OF PAYMENT PENDING APPEAL DECISION.] When assistance is reduced, suspended, or terminated, the grant must be continued pending an appeal decision. If a recipient appeals a decision to reduce, suspend, or terminate a grant within ten days of the notice or prior to the effective date of the proposed action, whichever is later, the grant must be continued pending an appeal decision.

Sec. 56. [256D.65] [REPORTING REQUIREMENTS.]

The eligibility of recipients of Minnesota supplemental aid must be re-determined at least once every 12 months. Applicants and recipients must provide, report, and verify all information necessary to determine initial and ongoing eligibility at the time of application and at the time a redetermination or report form is due. Applicants and recipients must report any change in income and household circumstances which affect eligibility within eight days of the change. A report form must be completed monthly by recipients who have earned income and quarterly by recipients without earned income. Failure to complete and return the household report prior to the last ten days of a month without good cause will result in the withholding of the subsequent month's grant until the report is provided.

Sec. 57. [256D.66] [FRAUD.]

Whoever obtains or attempts to obtain, or aids or abets any person to obtain, by means of a willfully false statement or misrepresentation, by the intentional withholding or concealing of a material fact, by impersonation, or by other fraudulent device, assistance to which he or she is not entitled or assistance greater than that to which he or she is reasonably entitled is a violation of section 256.98, and is subject to the criminal and civil penalties established in that section.

Sec. 58. [256D.67] [RELATIVE'S RESPONSIBILITY.]

A spouse, or a parent of a minor applicant or recipient, is financially responsible for the applicant or recipient.

Sec. 59. [256D.68] [DUTIES OF THE COMMISSIONER.]

In addition to any other duties imposed by law, the commissioner shall supervise the administration of Minnesota supplemental aid by local agencies as provided in sections 256D.47 to 256D.71; adopt uniform rules under chapter 14 for carrying out and enforcing sections 256D.45 to 256D.71 in order that Minnesota supplemental aid may be administered as uniformly as

possible throughout the state; immediately after adoption, furnish rules to all local agencies and other interested persons; allocate money appropriated for Minnesota supplemental aid to local agencies as provided in section 256D.71; accept and supervise the disbursement of money that may be provided by the federal government or from other sources for use in this state for Minnesota supplemental aid; cooperate with other agencies including any agency of the United States or another state in all matters concerning the powers and duties of the commissioner provided in this section; and cooperate to the fullest extent with other public agencies empowered by law to provide vocational training, rehabilitation, or similar services.

Sec. 60. [256D.69] [MINNESOTA SUPPLEMENTAL AID TO BE ALLOWED AS CLAIM IN PROBATE COURT.]

At the death of any person who received Minnesota supplemental aid, or at the death of the survivor of a married couple, either or both of whom received Minnesota supplemental aid, the total amount paid as Minnesota supplemental aid on behalf of that person or persons, without interest, is a claim against the estate of the person or persons by the court having jurisdiction to probate the estate.

Sec. 61. [256D.70] [DATA PROCESSING PROCEDURES.]

The local agency shall, to the extent permitted by federal law or regulation, in addition to any other necessary records and procedures, include Minnesota supplemental aid records in any data processing system established for the medical assistance program, according to procedures established by the commissioner.

Sec. 62. [256D.71] [STATE AID.]

After December 31, 1985, state aid must be paid to local agencies for 85 percent of all Minnesota supplemental aid grants up to the payment levels specified in section 256D.58 under procedures established by the commissioner.

Sec. 63. [STUDY.]

The commissioner of human services shall study the rates paid under the general assistance and supplemental aid programs to negotiated rate facilities, and the costs of these facilities, and provide a report and recommendations to the legislature by February 15, 1986, concerning economical and effective reimbursement methods that will encourage rates that are equitable and consistent throughout the state. The commissioner may collect information from local agencies and facilities as required to complete the study.

Sec. 64. [MENTAL HEALTH DEMONSTRATION PROJECTS.]

Subdivision 1. [PURPOSE.] The purpose of this section is to establish projects to demonstrate the feasibility and value of using preadmission screening and case management services for persons who have mental illness; to facilitate the development of continuums of mental health services; to integrate community-based and state-operated treatment services in order to provide services in the least restrictive setting possible; to create incentives for the development and use of less restrictive treatment alternatives; and to obtain information on effective methods of promoting long-term health care cost containment and state budget predictability.

Subd. 2. [ESTABLISHMENT OF PROJECTS.] The commissioner of human services shall establish at least three, but no more than five, demonstration projects to demonstrate the use of local screening and case management for services to persons who have mental illness. The total of all eligible individuals under all projects established under this section must not exceed _____ persons who have mental illness. At least two projects must include nonmetropolitan counties and at least one must include a metropolitan area county. The commissioner shall make maximum use of available federal and state money and establish the broadest program possible with the available money. Demonstration projects may encompass all, or a portion of, a project area's total caseload of persons with mental illness.

Subd. 3. [PRIMARY PROVIDERS.] The commissioner of human services shall designate the primary provider of services for a county or multi-county area included in a project. Upon the recommendation of the counties participating in a project, the commissioner shall designate a single agency as the primary provider of services for that project. In at least one project, the primary provider must be a mental health center, and in at least one project, the primary provider must be a county agency. The commissioner shall contract with each primary provider concerning the obligations relating to the demonstration project including services to eligible individuals, accounting for money received, reporting and evaluation, and maintenance of services and expenditures. A primary provider may contract with other providers to provide any of the required services. Each primary provider is responsible for:

- (1) screening all eligible individuals as required under subdivision 5;*
- (2) ensuring that services are delivered, directly or under contract with other providers, to eligible individuals;*
- (3) monitoring and evaluating delivery of services;*
- (4) accounting for all money received for the project; and*
- (5) complying with the provisions of this section and standards established for the project by the commissioner.*

Subd. 4. [ELIGIBILITY.] Individuals eligible for services provided through the demonstration projects are mentally ill individuals, 18 years of age and older, for whom a county participating in a project is the county of financial responsibility, who are currently eligible for treatment under existing funding or who meet general assistance eligibility criteria; and those mentally ill individuals who are currently residents or patients of state hospitals or are proposed for admission to state hospitals according to standards in effect on the effective date of this section. Individuals residing in or admitted to, the Minnesota security hospital are not eligible for services under this section. In addition, the commissioner and a county or counties participating in a project may agree to include, as eligible individuals, children under the age of 18 who have mental illness and who are:

- (1) residents of a facility licensed under Minnesota Rules, parts 9545.0900 to 9545.1090 and 9545.1400 to 9545.1500;*
- (2) receiving day treatment services;*
- (3) being considered for placement in another county or state; and*

(4) referred for screening from court services.

Subd. 5. [SCREENING OF ELIGIBLE PERSONS.] All persons eligible under subdivision 4 must be screened to determine the need for treatment and case management services. Eligible persons must be screened by a local multi-disciplinary screening team. Each screening team must assess the mental and physical health and social functioning of eligible individuals, using a scaling criteria developed jointly by the commissioner and participating counties. Each screening team must develop an individual treatment plan for each eligible individual that will include specific planned outcomes to meet the needs of the individual. The plan must also identify:

(1) case management services the individual will receive;

(2) available noninstitutional services to be provided in order to meet the needs of the individual while maintaining the individual in the community;

(3) the level and type of inpatient or residential care needed, including admission and discharge plans to be provided as part of case management; and

(4) the lead agency for case management services.

Subd. 6. [SERVICES.] Case management services must be provided, as part of each demonstration project, to ensure coordination of the service plan by ongoing contact with the individual and with formal and informal service providers. Case management must include at least a quarterly re-evaluation of each individual service plan. In addition to case management services, the primary provider must ensure that at least the following mental health services are available and provided as necessary through providers that satisfy current licensure, approval, or certification requirements: outpatient treatment, emergency care services, day treatment, screening and assessment, consultation and education, inpatient treatment, and residential and transitional living programs.

Subd. 7. [STATE HOSPITAL ADMISSIONS.] Persons who are found to be appropriate for admission to state hospitals, using the scaling criteria outlined in subdivision 5, must be admitted. Counties participating in a demonstration project shall continue to provide case management services to these patients and are responsible for ten percent of the cost of the state hospital care. The commissioner and state hospital staff shall cooperate with providers in developing and implementing a system for screening admissions and notifying the provider of admissions and discharges of eligible individuals for whom the provider is financially responsible. The primary provider is not responsible for the cost of care of patients admitted to a state hospital without the prior preadmission screening and authorization of the primary provider. The primary provider is responsible for the full cost of care for persons admitted to a state hospital who have been screened and who are not appropriate for admission to the hospital using the scaling criteria developed under subdivision 5.

Subd. 8. [COMMITMENTS.] When committing a resident of a participating county under Minnesota Statutes, chapter 253B, the committing court is encouraged to commit the person to the primary provider, or to the facility designated by the primary provider, absent good cause to the contrary. For an individual committed to the primary provider under Minnesota Statutes,

chapter 253B, the primary provider shall assess the individual's need for services, develop an individual treatment plan as provided in this section, and ensure that necessary services are provided in accordance with this section and Minnesota Statutes, chapter 253B.

Subd. 9. [ALTERNATE CARE GRANTS.] The commissioner shall provide grants to counties participating in the program to pay the costs of providing alternative care to individuals screened under subdivision 5. Payment is available under this subdivision only for services that would not otherwise be available at that time in the county through other public programs. Project money must not be used to supplant services available through other public assistance or service programs and must not be used to establish new programs for which public money is available through sources other than grants provided under this subdivision. Project money cannot be used to provide care to an individual if the anticipated costs of providing this care would exceed the average payment, as determined by the commissioner, for the level of care that the recipient would receive if placed in a state hospital. Each county participating in the project will pay a share of the costs equal to the county share of the costs for state hospital care.

Subd. 10. [FEDERAL WAIVERS.] The commissioner of human services shall seek federal medical assistance waivers in order to obtain federal participation in the costs of screening and case management for persons with mental illness.

Subd. 11. [REPORTING AND EVALUATION.] The director of the state planning agency shall evaluate the demonstration projects established under this section and report to the commissioner of human services and the legislature by January 30, 1987. Before implementing the project, the director of the state planning agency shall consult with the commissioner of human services and participating projects to develop a reporting and evaluation method including:

(1) the reliability of the scaling instruments and criteria for determining the level of care needed and for projecting future utilization of state hospitals;

(2) a comparison of the costs and effects of providing services through the demonstration projects and through the existing system in nonproject areas;

(3) the effect on the individual's access to care;

(4) the effect on the clinical outcome for the patient;

(5) data necessary for the state to develop capitated rates in the future;

(6) methods to improve the overall case management program; and

(7) the usefulness of this model to enhance the development of community-based care and reduce inappropriate institutionalization.

Subd. 12. [RULES.] The commissioner of human services shall adopt emergency rules in order to implement this section. Rules remain in effect until the pilot program is terminated.

"Section 1. Minnesota Statutes 1984, section 268.04, subdivision 24, is amended to read:

Subd. 24. "Valid claim" with respect to any individual means a claim filed by an individual who has registered for work and who has earned wage credits and established credit weeks or *alternative credit weeks* during his base period sufficient to entitle him to benefits under section 268.07, subdivision 2.

Sec. 2. Minnesota Statutes 1984, section 268.04, subdivision 29, is amended to read:

Subd. 29. "Credit week" is any week for which wages or back pay, actually or constructively paid, wages overdue and delayed beyond the usual time of payment, and back pay by or from one or more employers to an employee for insured work equal or exceed 30 percent of the average weekly wage computed to the nearest whole dollar. On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(a) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment;

(b) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage; and

(c) The average annual wage shall be divided by 52 to determine the average weekly wage.

The average weekly wage as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to December 31 of the year of the computation \$100.

Sec. 3. Minnesota Statutes 1984, section 268.04, is amended by adding a subdivision to read:

Subd. 29a. [ALTERNATIVE CREDIT WEEK.] 'Alternative credit week' means any week for which wages or back pay, actually or constructively paid, wages overdue and delayed beyond the usual time of payment, and back pay by or from one or more employers to an employee for insured work are less than \$100 and the hours equal or exceed 20.

Sec. 4. Minnesota Statutes 1984, section 268.04, subdivision 30, is amended to read:

Subd. 30. "Average weekly wage" means the quotient derived by dividing the total wage credits earned by an individual from all employers in insured work in the base period by the number of credit weeks or alternative credit weeks.

Sec. 5. Minnesota Statutes 1984, section 268.06, subdivision 3a, is amended to read:

Subd. 3a. [RATE FOR NEW EMPLOYERS.] (a) Notwithstanding the provisions of subdivision 2, each employer, who becomes subject to this law, shall pay contributions at a rate:

(a) Not exceeding 2-7/10 percent, that is the higher of (1) one percent and (2) the state's three-year benefit cost rate for the 36 consecutive month period immediately preceding July 1 of each year for each employer who becomes subject to this law prior to January 1, 1984. For purposes of this clause, the state's three-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants under this law during the 36 consecutive calendar months immediately preceding July 1 of each year by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

(b) Not exceeding 2-7/10 percent, that is the higher of (1) one percent and (2) the state's four-year benefit cost rate for the 48 consecutive month period immediately preceding July 1 of each year for each employer, except employers in the construction industry, as determined by the commissioner, who becomes subject to this law subsequent to December 31, 1983 and prior to January 1, 1985. For purposes of this clause, the state's four-year benefit cost rate shall be computed and derived by dividing the total dollar amount of benefits paid to

claimants under this law during the 48 consecutive calendar months immediately preceding July 1, 1983 by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year 1984.

Each construction employer described above who becomes subject to chapter 268 shall pay contributions at a rate, not exceeding 7-1/2 percent that is the higher of (1) one percent, or (2) the state's four-year benefit cost rate for construction employers for the 48 consecutive month period immediately preceding July 1, 1983. For purposes of this clause, the state's four-year benefit cost rate shall be computed and derived by dividing the total dollar amount of benefits paid to claimants of construction employers, as determined by the commissioner, during the 48 consecutive calendar months immediately preceding July 1, 1983 by the total dollar amount of wages of construction employers subject to contributions during the same period. The rate so determined shall be applicable for the calendar year 1984.

(e) not exceeding 5-4/10 percent, that is the higher of (1) one percent and (2) the state's five-year benefit cost rate for the 60 consecutive month period immediately preceding July 1, 1984, and each year thereafter for each employer, except employers in the construction industry, as determined by the commissioner, who becomes subject to this law on January 1, 1985 and thereafter. For purposes of this clause *paragraph*, the state's five-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants under this law during the 60 consecutive calendar months immediately preceding July 1, 1984 and each year thereafter by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

(b) Each construction employer described above in *paragraph (a)* who becomes subject to this chapter shall pay contributions at a rate, not exceeding 7-1/2 percent *the maximum rate specified in subdivision 8*, that is the higher of (1) one percent, or (2) the state's five-year benefit cost rate for construction employers for the 60 consecutive month period immediately preceding July 1, 1984 and each year thereafter. For purposes of this clause *paragraph*, the state's five-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants of construction employers, as determined by the commissioner, during the 60 consecutive calendar months immediately preceding July 1, 1984 and each year thereafter by the total dollar amount of wages of construction employers subject to contributions during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

Sec. 6. Minnesota Statutes 1984, section 268.06, subdivision 8, is amended to read:

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] (a) For each calendar year the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the *employer's* experience ratio; except that if the ratio for the current calendar year increases or decreases the experience ratio for the preceding calendar year by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, the increase or decrease for the current year shall be lim-

ited to one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter. "Small business employer" for the purpose of this subdivision means an employer with an annual covered payroll of \$250,000 or less, or fewer than 20 employees in three of the four quarters ending June 30, of the previous calendar year.

(b) The minimum rate for all employers shall be one percent if the amount in the unemployment compensation fund is less than \$80,000,000 on June 30 of the preceding calendar year; or nine-tenths of one percent if the fund is more than \$80,000,000 but less than \$90,000,000; or eight-tenths of one percent if the fund is more than \$90,000,000 but less than \$110,000,000; or seven-tenths of one percent if the fund is more than \$110,000,000 but less than \$130,000,000; or six-tenths of one percent if the fund is more than \$130,000,000 but less than \$150,000,000; or five-tenths of one percent if the fund is more than \$150,000,000 but less than \$170,000,000; or three-tenths of one percent if the fund is more than \$170,000,000 but less than \$200,000,000; or one-tenth of one percent if the fund is \$200,000,000 or more; provided that.

(c) No employer shall have a contribution rate of more than 7.5 8.0 percent for calendar years 1986 and 1987 and 8.5 percent for calendar years 1988 and thereafter.

(d) For the purposes of this section the unemployment compensation fund shall not include any moneys advanced from the Federal Unemployment Account in the unemployment trust fund in accordance with Title XII of the Social Security Act, as amended. No employer first assigned an experience ratio in accordance with subdivision 6, shall have his contribution rate increased or decreased by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter over the contribution rate assigned for the preceding calendar year in accordance with subdivision 3a, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.

Sec. 7. Minnesota Statutes 1984, section 268.06, subdivision 24, is amended to read:

Subd. 24. [REASSIGNMENT.] (a) Notwithstanding any inconsistent provisions of law any employer who has been assigned a contribution rate pursuant to subdivisions 4, 6, and 8 of this section may, for the calendar year 1967, or any calendar year thereafter, upon the voluntary payment of an amount equivalent to any portion or all of the benefits charged to his account during the period ending June 30 of the preceding year used for the purpose of computing an employer's experience ratio as authorized by said subdivisions 4, 6, and 8, obtain a cancellation of benefits charged to his account during such period equal to such payment so voluntarily made. Upon the payment of such voluntary contribution, plus a surcharge of 25 percent of such benefit charged, within the applicable period prescribed by the provisions of this subdivision, the commissioner shall cancel the benefits equal to such payment, excluding the 25 percent surcharge, so voluntarily made and compute a new experience ratio for such employer. The employer then shall be as-

signed the contribution rate applicable to the category within which his recomputed experience ratio is included. Such voluntary payments may be made only during the 30-day period immediately following the date of mailing to the employer of his contribution rate as prescribed in this section; provided that the commissioner may extend this period if he finds that the employer's failure to make such payment within such 30-day period was for good cause; and provided further that notwithstanding any of the foregoing provisions of this subdivision; in no event shall any new experience ratio be computed for any employer or his contribution rate be reduced as a result of any such voluntary payment which he made after the expiration of the 120-day period commencing with the first day of the calendar year for which such rate is effective. Any adjustments under this subdivision shall be used only in the form of credits against accrued or future contributions.

(b) Notwithstanding subdivision 2, all employers receiving a reassigned rate under this subdivision shall pay contributions on wages as defined under section 268.04, subdivision 25, clause (a), for the year of reassignment and for each year thereafter until the employer's ratio, computed as though a voluntary contribution was not made, is less than one-tenth of one percent.

(c) When all or a part of the benefits charged to an employer's account are for the unemployment of 75 percent or more of the employees in an employing unit and the unemployment is caused by damages to the unit by fire, flood, wind or other act of God, the employer may obtain a cancellation of benefits incurred because of that unemployment in the manner provided by this subdivision without being subject to the surcharge of 25 percent otherwise required.

Sec. 8. Minnesota Statutes 1984, section 268.07, subdivision 2, is amended to read:

Subd. 2. [WEEKLY BENEFIT AMOUNT AND DURATION.] *(a) If the commissioner finds that an individual has earned 15, or more, credit weeks, or, failing that, 30 or more alternative credit weeks, within the base period of employment in insured work with one or more employers, benefits shall be the weekly benefit amount payable to such individual during his benefit year as follows:*

(1) Weekly benefit amount shall be equal to 60 percent of the first \$85, 40 percent of the next \$85, and 50 percent of the remainder of the average weekly wage of such individual. The amount so computed if not a whole dollar shall be rounded down to the next lower dollar amount. The maximum weekly benefit amount of claims for benefits which establish a benefit year subsequent to July 1, 1979 1985, shall be ~~66-2/3~~ 60 percent of the average weekly wage, except as provided in clause (d) as determined under paragraph (b).

(b) On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(a) (1) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment.

(b) (2) The sum of the total wages reported for the previous calendar year

shall be divided by the average monthly employment to determine the average annual wage.

(e) (3) The average annual wage shall be divided by 52 to determine the average weekly wage.

The maximum weekly benefit amount as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to June 30 of each year.

~~(d) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1982, and prior to July 1, 1983, shall be \$184.~~

~~The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1983, and prior to July 1, 1984, shall be \$191.~~

~~The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1984, and prior to July 1, 1985, shall be \$198.~~

(2) (c) An individual's maximum amount of regular benefits payable in a benefit year shall not exceed the lesser of (a) 26 times his weekly benefit amount or (b) 70 percent of the number of credit weeks or *alternative credit weeks* earned by such an individual computed to the nearest whole week times his weekly benefit amount.

(3) (d) Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his weekly benefit amount less that part of his earnings, ~~including~~ *excluding* holiday pay, payable to him with respect to such week which is in excess of \$25 or \$200 for earnings from service in the national guard or a United States military reserve unit. Jury duty pay is not considered as earnings and shall not be deducted from benefits paid. Such benefit, if not a whole dollar amount shall be rounded down to the next lower dollar amount.

~~(4) The provisions of clauses (1) and (2) shall apply to claims for benefits which establish a benefit year subsequent to June 30, 1983.~~

Sec. 9. Minnesota Statutes 1984, section 268.07, subdivision 2a, is amended to read:

Subd. 2a. [EXCEPTION.] Notwithstanding the provisions of subdivision 2, if the commissioner finds that an individual has earned credit weeks or *alternative credit weeks* in seasonal employment, benefits shall be payable only if the commissioner finds that the individual has earned *at least* 15 credit weeks or 30 *alternative credit weeks* in employment which is not seasonal, in addition to any credit weeks or *alternative credit weeks* in seasonal employment. For the purposes of this subdivision, "seasonal employment" means employment with a single employer in the recreation or tourist industry which is available with the employer for 15 consecutive weeks or less each calendar year.

Sec. 10. Minnesota Statutes 1984, section 268.071, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] As used in this section, unless the con-

text clearly requires otherwise:

(1) [EXTENDED BENEFIT PERIOD.] "Extended benefit period" means a period which

(a) Begins with the third week after a week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later: The third week after the first week for which there is a state "off" indicator; or the 13th consecutive week of the period;

Provided, that no extended benefit period may begin before the 14th week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) [STATE "ON" INDICATOR.] There is a "state 'on' indicator" for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this law

(a) equaled or exceeded 120 percent of the average of such rates for the corresponding 13 week period ending in each of the preceding two calendar years, and

(b) equaled or exceeded five percent.

The determination of whether there has been a state "on" indicator beginning any extended benefit period may be made as provided in clauses (a) and (b) above or a "state 'on' indicator" shall exist if the rate described in clause (b) equaled or exceeded six percent irrespective of whether the percentage requirement provided by clause (a) is met or exceeded.

(3) [STATE "OFF" INDICATOR.] There is a "state 'off' indicator" for this state for a week if, for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment is less than six percent and the requirements for a "state 'on' indicator" under clause (2) of this subdivision are not satisfied.

(4) [RATE OF INSURED UNEMPLOYMENT.] "Rate of insured unemployment," for purposes of clauses (2) and (3), means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of his reports to the United States secretary of labor, by the average monthly employment covered under this law for the first four of the most recent six completed calendar quarters ending before the end of such 13 week period.

(5) [REGULAR BENEFITS.] "Regular benefits" means benefits payable to an individual under this law or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits and additional benefits.

(6) [EXTENDED BENEFITS.] "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provi-

sions of this section for weeks of unemployment in his eligibility period.

(7) [ADDITIONAL BENEFITS.] "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(8) [ELIGIBILITY PERIOD.] "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(9) [EXHAUSTEE.] "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this law or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week;

Provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although as a result of a pending appeal with respect to wage credits or, credit weeks, or *alternative credit weeks* that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week or having established a benefit year that includes such week, he is precluded from receiving regular compensation by reason of: (i) a state law provision which meets the requirements of section 3304 (a) (7) of the Internal Revenue Code of 1954, or (ii) a disqualification determination which cancelled wage credits or totally reduced his benefit rights, or (iii) benefits are not payable by reason of a seasonal limitation in a state unemployment insurance law; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act, the trade expansion act of 1962, the automotive products act of 1965 and such other federal laws as are specified in regulations issued by the United States secretary of labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.

(10) [STATE LAW.] "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the Internal Revenue Code of 1954.

Sec. 11. Minnesota Statutes 1984, section 268.08, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an

employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt; and

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended;

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the credit weeks or alternative credit weeks earned in the base period were for services performed during weeks in which the student was attending school as a full-time student. *If the individual has qualified for benefits under the alternative credit week requirement, as provided under section 268.07, subdivision 2, paragraph (a), the individual shall be considered unavailable for work with respect to any week which occurs when the individual is a full-time student.*

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty.

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. However, payment for the waiting week shall be made to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment. No individual is required to serve a waiting period of more than one week within the one year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 12. Minnesota Statutes 1984, section 268.08, is amended by adding a subdivision to read:

Subd. 10. [APPROVED TRAINING.] (a) [ESTABLISHMENT.] The commissioner shall establish a training program for structurally unemployed workers in Minnesota under which individuals may be enrolled in an on-the-job training program, and an additional 1,000 individuals may be enrolled in classroom training in accordance with this subdivision. This subdivision does not limit or adversely affect the approved training provisions that apply to an individual under section 268.08, subdivision 1, clause (3). An individual approved under this subdivision is eligible for tuition aid under chapter 136A. The commissioner shall report to the legislature annually regarding the status of the training program under this subdivision.

(b) [APPROVAL OF TRAINING.] An individual's enrollment in a train-

ing course shall be approved for the purposes of this subdivision if the commissioner finds that:

(1) the individual is not unemployed due to the seasonal nature of the work or a temporary work shortage;

(2) the individual's separation from most recent employment was caused by job obsolescence, plant shutdown, regional decline in the individual's customary occupation, or industry slowdown;

(3) the individual has received a notice of layoff and is unlikely to return to work for that employer or in that occupation within the 12-month period immediately following the separation;

(4) reasonable and suitable work opportunities for which the individual is fitted by training, experience, and physical capabilities do not exist within the local labor market;

(5) the training course is designed to provide preparation for available employment within the local labor market or in an area to which the individual is willing to relocate;

(6) the training is conducted by an agency, education institution, or employing unit that has been approved by the commissioner of education or state board for vocational technical education or higher education coordinating board to conduct training programs; except that any agency, education institution, or employing unit that is not subject to regulation and approval by one of the above agencies may be approved by the commissioner if it is determined that the curriculum, facilities, staff, and other essentials are adequate to achieve the training objective;

(7) the training consists of a full course load, as defined by the institution, necessary to achieve the approved training objective, and the individual is making satisfactory progress in the course. The commissioner may require the training institution to periodically certify to the individual's attendance and progress.

(c) [ON-THE-JOB TRAINING.] An individual who meets the criteria set forth under paragraph (b) is eligible to participate in a full-time on-the-job training program if:

(1) the on-the-job training position is in an occupation for which the commissioner has determined a demand exists or will exist; in making this determination, the commissioner shall consider labor market information as contained in state and national occupational outlook publications, as well as other generally accepted authoritative sources with verifiable validity;

(2) the employer pays an hourly wage during training of at least the state minimum wage;

(3) the employer guarantees to provide at least 12 months of employment to the trainee after the completion of training at the prevailing area labor market wage for a trained individual in that occupation;

(4) the employer will not terminate the trainee during the period of training or guaranteed employment except for misconduct or demonstrated substandard performance;

(5) the employer has not in any way created an on-the-job training position

through a reduction in work force within the preceding six months.

(d) [TRAINING ALLOWANCE.] During participation in an approved on-the-job training program, the trainee shall maintain both satisfactory progress and attendance. During the period of training specified in the agreement between the commissioner and the employer, individuals participating in an approved on-the-job training program shall be paid with respect to each week claimed during the benefit year and prior to exhaustion of a benefit in an amount equal to the weekly benefit amount, less the part of the earnings, including holiday pay, in excess of \$100. The benefit shall be computed by rounding down to the nearest dollar amount. Notwithstanding any other provision, an individual participating in on-the-job training on a full-time basis is not considered employed for purposes of benefit eligibility.

(e) [EMPLOYER PENALTY.] An employer who enters into an on-the-job training agreement with the commissioner and terminates the trainee during the training period in a manner other than provided in this subdivision shall repay 70 percent of the amount of unemployment insurance benefits paid to the individual while in the training program with that employer. If terminated during the 12-month period of guaranteed employment, the employer shall receive a proportional reduction in the amount it must repay. Penalties assessed under this paragraph shall be in addition to any other penalties provided for by this chapter and shall be subject to the collection provisions of sections 268.16 and 268.161. Penalties under this paragraph shall be paid to the commissioner and credited to the unemployment compensation fund.

(f) [FUNDING.] In arranging for training, existing federal and state financed job training service deliverers and Wagner-Peyser mechanisms and moneys must be utilized in the most efficient and effective manner.

Sec. 13. Minnesota Statutes 1984, section 268.09, is amended by adding a subdivision to read:

Subd. 2a. An individual who has qualified for benefits under the alternative credit week requirement, as provided under section 268.07, subdivision 2, paragraph (a), and who is disqualified for benefits under subdivisions 1 and 2 of this section, other than for gross misconduct, shall be disqualified for waiting week credit and benefits. The disqualification shall continue until four weeks have elapsed following the separation or refusal of suitable work or reemployment and until the individual has worked for a minimum of 20 hours in each of four weeks in insured work.

Sec. 14. Minnesota Statutes 1984, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] Claims for benefits shall be made in accordance with such regulations as the commissioner may prescribe. Each employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commissioner to each employer without cost to him.

(1) Any employer upon separation of an employee from his employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall pro-

vide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of his employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the reason for separation from all employers in his base period.

(2) Upon the filing, by an individual, of a claim for benefits, the commissioner shall give notice to all such base period employers of the filing of such claim and request each such base period employer, within seven days after the mailing of such notice, to furnish the following information:

(a) The total wage credits earned in the base period;

(b) The number of credit weeks *or alternative credit weeks* which end within the base period;

(c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;

(d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and

(e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual.

(3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to his last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of economic security and credited to the contingent fund if he has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to his last known address. In the absence of fraud, if a redetermination of validity of claim based on an employer's late report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such redetermination; and

(b) Determine any issue of disqualification raised by clause (1) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in clause (1), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.

Sec. 15. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks or *alternative credit weeks* from all employers in insured work by the number of base period credit weeks or *alternative credit weeks*. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain

a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 16. Minnesota Statutes 1984, section 268.15, subdivision 3, is amended to read:

Subd. 3. [CONTINGENT ACCOUNT.] There is hereby created in the state treasury a special account, to be known as the economic security contingent account, which shall not lapse nor revert to any other fund. Such account shall consist of all moneys appropriated therefor by the legislature, all moneys in the form of interest and penalties collected pursuant to ~~section~~ sections 268.16 and 268.18, and all moneys received in the form of voluntary contributions to this account and interest thereon. All moneys in such account shall be supplemental to all federal moneys that would be available to the commissioner but for the existence of this account. Moneys in this account are hereby appropriated to the commissioner and shall be expended in accordance with the provisions of section 3.30, in connection with the administration of sections 268.03 to 268.24. *Commencing with the fiscal year beginning July 1, 1985, the commissioner is authorized to expend annually, in addition to any federal moneys and without reference to section 3.30, the sum of \$500,000, from available moneys in this fund which are derived from interest and penalties collected pursuant to sections 268.16 and 268.18 and moneys received in the form of voluntary payments and interest thereon, for the purpose of providing for: (1) the investigation of fraud on the part of any person in claiming or obtaining benefits under sections 268.03 to 268.24 or fraud on the part of any employer in attempting to avoid or reduce any con-*

tribution or other payment required from an employing unit under those sections; (2) determination of benefit overpayments and contribution underpayments for reasons other than fraud; (3) recovery of moneys due to the commissioner as a result of clauses (1) and (2); (4) the verification of work search efforts especially in areas with robust economies; and (5) those special services which are reasonably directed toward assisting the unemployed in returning to suitable work. Whenever the commissioner expends moneys from said contingent account for the proper and efficient administration of the Minnesota economic security law for which funds have not yet been made available by the federal government, such moneys so withdrawn from the contingent account shall be replaced as hereinafter provided. Upon the deposit in the economic security administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent account, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the economic security administration fund to said contingent account. All moneys in this account shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for the other special accounts in the state treasury. The state treasurer shall be liable on his official bond for the faithful performance of his duties in connection with the economic security contingent account provided for herein. Notwithstanding anything to the contrary contained herein, on June 30 of each year, except 1982, all amounts in excess of \$300,000 in this account shall be paid over to the unemployment compensation fund established under section 268.05 and administered in accordance with the provisions set forth therein.

“ARTICLE 1

UNEMPLOYMENT COMPENSATION

Section 1. Minnesota Statutes 1984, section 268.03, is amended to read:

268.03 [DECLARATION OF PUBLIC POLICY.]

As a guide to the interpretation and application of sections 268.03 to 268.24, the public policy of this state is declared to be as follows: Economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of this state. Involuntary unemployment is therefore a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burdens. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious social consequences of poor relief assistance. The legislature, therefore, declares that in its considered judgment the public good and the general welfare of the citizens of this state will be promoted by providing, under the police powers of the state for the ~~compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own establishment of an unemployment insurance fund. The reserves of the unemployment insurance fund are to be used to provide a temporary replacement of a portion of lost wages to individuals with a permanent attachment to the work force, who become involuntarily unemployed through no fault of their own, and who are actively seeking, and are willing and available to accept, suitable reemployment.~~

Sec. 2. Minnesota Statutes 1984, section 268.04, subdivision 25, is amended to read:

Subd. 25. [WAGES.] “Wages” means all remuneration for services, including commissions and bonuses, back pay as of the date of payment, and tips and gratuities paid to an employee by a customer of an employer and accounted for by the employee to the employer, and the cash value of all remuneration in any medium other than cash, except that such term shall not include:

(a) For the purpose of determining contributions payable under section 268.06, subdivision 2, that part of the remuneration which exceeds, for each calendar year, ~~the greater of \$7,000 or that part of the remuneration which exceeds 60 percent of the average annual wage rounded to the nearest \$100 computed in accordance with the provisions of clause (f) \$10,300 for the cal-~~

endar year 1985; \$10,900 for the calendar year 1986; and \$11,400 for the calendar year 1987 and all calendar years thereafter, paid to an individual by an employer with respect to covered employment in this state, or with respect to employment under the unemployment compensation law of any other state during any calendar year paid to such individual by such covered employer or his predecessor during such calendar year; provided, that if the term "wages" as contained in the Federal Unemployment Tax Act is amended to include remuneration in excess of the amount required to be paid hereunder to an individual by an employer under the federal act for any calendar year, wages for the purposes of sections 268.03 to 268.24 shall include remuneration paid in a calendar year up to an amount equal to the dollar limitation specified in the Federal Unemployment Tax Act. For the purposes of this clause, the term "employment" shall include service constituting employment under any employment security law of another state or of the federal government;

(b) The amount of any payment made to, or on behalf of, an employee under a plan or system established by an employer which makes provision for his employees generally or for a class or classes of his employees (including any amount paid by an employer for insurance or annuities, or into a fund, to provide for any such payment), on account of (1) retirement or (2) sickness or accident disability or (3) medical and hospitalization expenses in connection with sickness or accident disability, or (4) death, provided the employee has not the option to receive, instead of provision for such death benefit, any part of such payment, or if such death benefit is insured, any part of the premium (or contributions to premiums) paid by his employer and has not the right, under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign such benefit, or to receive a cash consideration in lieu of such benefit either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his employment with such employer;

(c) The payment by an employer (without deduction from the remuneration of the employee) (1) of the tax imposed upon an employee under section 3101 of the federal Internal Revenue Code, or (2) of any payment required from an employee under a state unemployment compensation law, with respect to remuneration paid to an employee for domestic service in a private home of the employer or for agricultural labor;

(d) Any payments made to a former employee during the period of active military service in the armed forces of the United States by such employer, whether legally required or not;

(e) Any payment made to, or on behalf of, an employee or his beneficiary (1) from or to a trust described in section 401(a) of the federal Internal Revenue Code which is exempt from tax under section 501(a) of such code at the time of such payment unless such payment is made to an employee of the trust as remuneration for services rendered as an employee and not as a beneficiary of the trust, or (2) under or to an annuity plan which, at the time of such payment is a plan described in section 403(a) of the federal Internal Revenue Code, or (3) under or to a bond purchase plan which, at the time of such payment, is a qualified bond purchase plan described in section 405(a) of the federal Internal Revenue Code;

(f) On or before July 1 of each year the commissioner shall determine the

average annual wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(1) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment;

(2) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage.

The average annual wage determined shall be effective for the calendar year next succeeding the determination.

Sec. 3. Minnesota Statutes 1984, section 268.04, subdivision 29, is amended to read:

Subd. 29. "Credit week" is any week for which wages or back pay, actually or constructively paid, wages overdue and delayed beyond the usual time of payment, and back pay by or from one or more employers to an employee for insured work equal or exceed 30 percent of the average weekly wage times the adult minimum wage in effect under section 177.24, subdivision 1, on December 31 of the year two years before the year in which the claim is made. The product shall be computed to the nearest whole dollar. On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(a) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment;

(b) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage; and

(c) The average annual wage shall be divided by 52 to determine the average weekly wage.

The average weekly wage as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to December 31 of the year of the computation.

Sec. 4. Minnesota Statutes 1984, section 268.06, subdivision 5, is amended to read:

Subd. 5. [BENEFITS CHARGED AS AND WHEN PAID.] Benefits paid to an individual pursuant to a valid claim shall be charged against the account of his employer as and when paid, except that benefits paid to an individual who earned base period wages for part-time employment shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer if the employer: (1) provided weekly base period part-time employment; (2) continues to provide weekly employment equal to at least 90 percent of the part-time employment provided in the base period; and (3) is an interested party because of the individual's loss of other employment.

For the purpose of this subdivision, an employer is deemed to satisfy clause

(2) if:

(a) *the weekly employment in the base period was on an on call as needed basis; and*

(b) *the employer continues to employ the individual on the same basis and provides employment substantially equal to the employment provided in the base period.*

The amount of benefits so chargeable against each base period employer's account shall bear the same ratio to the total benefits paid to an individual as the base period wage credits of the individual earned from such employer bear to the total amount of base period wage credits of the individual earned from all his base period employers.

In making computations under this provision, the amount of wage credits if not a multiple of \$1, shall be computed to the nearest multiple of \$1.

Benefits shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer for unemployment that is directly caused by a major natural disaster declared by the president pursuant to section 102(2) of the Disaster Relief Act of 1974 (42 United States Code 5122(2)), if the unemployed individual would have been eligible for disaster unemployment assistance with respect to that unemployment but for the individual's receipt of unemployment insurance benefits.

Sec. 5. Minnesota Statutes 1984, section 268.06, subdivision 8, is amended to read:

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] For each calendar year the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the experience ratio, ~~except that if the ratio for the current calendar year increases or decreases the experience ratio for the preceding calendar year by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, the increase or decrease for the current year shall be limited to one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.~~ "Small business employer" for the purpose of this subdivision means an employer with an annual covered payroll of \$250,000 or less, or fewer than 20 employees in three of the four quarters ending June 30, of the previous calendar year.

The minimum rate for all employers shall be one percent if the amount in the unemployment compensation fund is less than \$80,000,000 on June 30 of the preceding calendar year; or nine-tenths of one percent if the fund is more than \$80,000,000 but less than \$90,000,000; or eight-tenths of one percent if the fund is more than \$90,000,000 but less than \$110,000,000; or seven-tenths of one percent if the fund is more than \$110,000,000 but less than \$130,000,000; or six-tenths of one percent if the fund is more than \$130,000,000 but less than \$150,000,000; or five-tenths of one percent if the fund is more than \$150,000,000 but less than \$170,000,000; or three-tenths of one percent if the fund is more than \$170,000,000 but less than \$200,000,000; or one-tenth of one percent if the fund is \$200,000,000 or

more; provided that no employer shall have a contribution rate of more than 7.5 percent.

For the purposes of this section the unemployment compensation fund shall not include any moneys advanced from the Federal Unemployment Account in the unemployment trust fund in accordance with Title XII of the Social Security Act, as amended. No employer first assigned an experience ratio in accordance with subdivision 6, shall have his contribution rate increased or decreased by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter over the contribution rate assigned for the preceding calendar year in accordance with subdivision 3a, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.

Sec. 6. Minnesota Statutes 1984, section 268.07, subdivision 2, is amended to read:

Subd. 2. [WEEKLY BENEFIT AMOUNT AND DURATION.] If the commissioner finds that an individual has earned 15 20, or more, credit weeks within the base period of employment in insured work with one or more employers, benefits shall be payable to such individual during his benefit year as follows:

(1) Weekly benefit amount shall be equal to 60 one percent of the first \$85, 40 percent of the next \$85 and 50 percent of the remainder of the average weekly wage of such individual *individual's total base period wage credits*. The amount so computed if not a whole dollar shall be rounded down to the next lower dollar amount. The maximum weekly benefit amount of claims for benefits which establish a benefit year subsequent to July 1, 1979 shall be 66-2/3 percent of the average weekly wage, except as provided in clause (d).

On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(a) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment.

(b) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage.

(c) The average annual wage shall be divided by 52 to determine the average weekly wage.

The maximum weekly benefit amount as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to June 30 of each year.

(d) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1982, and prior to July 1, 1983, shall be \$184.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1983, and prior to July 1, 1984, shall be

~~\$191.~~

The minimum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1985, shall be \$56.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1984, and prior to July 1, 1985, shall be \$198.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1985, and prior to July 1, 1986, shall be \$200.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1986, and prior to July 1, 1987, shall be \$208.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1987, shall be \$216.

(2) An individual's maximum amount of regular benefits payable in a benefit year shall not exceed the lesser of (a) 26 times his weekly benefit amount or (b) ~~70~~ 66-2/3 percent of the number of credit weeks earned by such an individual computed to the nearest whole week times his weekly benefit amount.

(3) Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his weekly benefit amount less that part of his earnings, including holiday pay, payable to him with respect to such week which is in excess of \$25 or \$200 for earnings from service in the national guard or a United States military reserve unit. Jury duty pay is not considered as earnings and shall not be deducted from benefits paid. Such benefit, if not a whole dollar amount shall be rounded down to the next lower dollar amount.

(4) The provisions of clauses (1) and (2) shall apply to claims for benefits which establish a benefit year subsequent to June 30, 1983.

Sec. 7. Minnesota Statutes 1984, section 268.07, subdivision 2a, is amended to read:

Subd. 2a. [~~EXCEPTION~~ SEASONALITY EXCEPTIONS.] Notwithstanding the provisions of subdivision 2, the following seasonality exceptions shall apply:

(a) If the commissioner finds that an individual has earned credit weeks in seasonal employment, benefits shall be payable only if the commissioner finds that the individual has earned ~~15~~ 20 credit weeks in employment which is not seasonal, in addition to any credit weeks in seasonal employment. For the purposes of this ~~subdivision~~ clause, "seasonal employment" means employment with a single employer in the recreation or tourist industry which is available with the employer for ~~15~~ 20 consecutive weeks or less each calendar year.

(b) If the commissioner finds that an individual has been paid for weeks of regular unemployment compensation benefits in the same calendar quarter in the previous two years: (1) regular benefits shall not be payable to that individual during that same calendar quarter for a number of weeks equal to the

mean number of weeks the individual received regular benefits during that calendar quarter in the previous two years; and (2) the individual's duration of regular benefits shall be reduced by the mean number of weeks the individual received regular benefits during that calendar quarter in the previous two years or the number of weeks left in the calendar quarter, whichever is less. The mean number of weeks the individual received regular benefits during that calendar quarter in the previous two years shall be computed by taking the total number of weeks the individual received regular benefits during that calendar quarter in the previous two years, dividing by two, and rounding up to the nearest whole number of weeks. For the purposes of this clause, the calendar quarter shall be based on calendar weeks with a 53rd calendar week periodically to adjust for leap year and deviation of the calendar weeks from the calendar year.

Sec. 8. [268.073] [STATE EXTENDED BENEFITS.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them:

(a) "State insured unemployment rate" means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state under chapter 268 for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of his or her reports to the United States Secretary of Labor, by the average monthly employment covered under this law for the first four of the most recent six completed calendar quarters ending before the end of the 13-week period.

(b) "County insured unemployment rate" means the percentage derived by dividing the average weekly number of individuals, who reside in the given Minnesota county, filing claims for regular benefits in this state under chapter 268 for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of his or her reports to the United States Secretary of Labor, by the average monthly employment covered under this law, in the county, for the first four of the most recent six completed calendar quarters ending before the end of the 13-week period.

Subd. 2. [ELIGIBILITY AND AMOUNT.] In addition to all other benefits under this chapter, an individual shall be eligible for up to four weeks of state extended benefits each benefit year if:

(2) the individual resides in a county which has had within the eight-week period preceding the current calendar week, a county insured unemployment rate equal to twice the state insured unemployment rate; and

(3) the individual would be eligible for regular benefits under this chapter during the week in which he or she receives state extended benefits except that the individual has exhausted his or her regular benefits.

State extended benefits for a week shall be equal to the individual's regular

Sec. 9. Minnesota Statutes 1984, section 268.08, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt; and

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended;

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the credit weeks earned in the base period were for services performed during weeks in which the student was attending school as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty.

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. ~~However, payment for the waiting week shall be made to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment.~~ No individual is required to serve a waiting period of more than one week within the one year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 10. Minnesota Statutes 1984, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which he is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of his weekly benefit amount in the form of

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or

dismissal payment is made in a lump sum, the employer may allocate such lump sum payment over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided any such payment shall be applied for a period immediately following the last day of work but not to exceed 28 calendar days; or

(2) vacation allowance paid directly by the employer for a period of requested vacation, including vacation periods assigned by the employer under the provisions of a collective bargaining agreement, or uniform vacation shutdown; or

(3) compensation for loss of wages under the workers' compensation law of this state or any other state or under a similar law of the United States, or under other insurance or fund established and paid for by the employer except that this does not apply to an individual who is receiving temporary partial compensation pursuant to section 176.101, subdivision 3k; or

(4) 50 percent of the pension payments from any fund, annuity or insurance maintained or contributed to by a base period employer including the armed forces of the United States if the employee contributed to the fund, annuity or insurance and all of the pension payments if the employee did not contribute to the fund, annuity or insurance; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act as amended, or similar old age benefits under any act of congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would otherwise be due under sections 268.03 to 268.24, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that he is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

Sec. 11. Minnesota Statutes 1984, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from employment under clauses (1), (2), or (3) shall be disqualified for waiting week credit and benefits. For separations under clauses (1) and (2), the disqualification shall continue until ~~four~~ ten calendar weeks have elapsed following his separation and the individual has earned ~~four~~ ten times his weekly benefit amount in insured work.

(1) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued his employment with such employer. For the purpose of this clause, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment or based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act in behalf of the individual shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs

as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(2) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with his work or for misconduct which interferes with and adversely affects his employment.

An individual shall not be disqualified under clauses (1) and (2) of this subdivision under any of the following conditions:

(a) The individual voluntarily discontinued his employment to accept work offering substantially better conditions of work or substantially higher wages or both;

(b) The individual is separated from employment due to his own serious illness provided that such individual has made reasonable efforts to retain his employment;

An individual who is separated from his employment due to his illness of chemical dependency which has been professionally diagnosed or for which he has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment he knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain his employment.

(c) The individual accepts work from a base period employer which involves a change in his location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues his employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(d) The individual left employment because he had reached mandatory retirement age and was 65 years of age or older;

(e) The individual is terminated by his employer because he gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which he receives his normal wage or salary which is equal to or greater than his weekly benefit amount;

(f) The individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(g) The individual voluntarily leaves part-time employment with a base

period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual.

(3) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with his work or gross misconduct which interferes with and adversely affects his employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom he was discharged for gross misconduct connected with his work.

For the purpose of this clause "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, gross misconduct also includes misconduct involving an act of patient or resident abuse as defined in section 626.557, subdivision 2, clause (d).

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with his work.

(4) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing clauses, excepting clauses (2)(c) and (2)(e), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure, without good cause, to accept an offer of suitable re-employment shall not be used as a factor in determining the future contribution rate of the employer whose offer of re-employment he failed to accept or whose offer of re-employment was refused solely due to the distance of the available work from his residence, the individual's own serious illness or his other employment at the time of the offer.

(5) An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after his separation from employment with the employer.

(6) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from his own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 12. Minnesota Statutes 1984, section 268.09, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK OR RE-EMPLOYMENT.] An individual shall be disqualified for waiting week credit and benefits during the week of occurrence and until ~~four~~ ten calendar weeks have elapsed following his refusal or failure and he has

earned ~~four~~ ten times his weekly benefit amount in insured work if the commissioner finds that he has failed, without good cause, either to apply for available, suitable work of which he was advised by the employment office, or the commissioner or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commissioner, or to accept a base period employer's offer of re-employment offering substantially the same or better hourly wages and conditions of work as were previously provided by that employer in his base period.

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience, his length of unemployment and prospects of securing local work in his customary occupation, ~~and~~ the distance of the available work from his residence, ~~and how the work's wage compares with the wage the individual received at his previous employment.~~ With respect to the work's wage, the work shall be deemed suitable if the work is otherwise suitable and the work's wage is at least: 85 percent of the individual's former wage when the individual has not received more than six weeks of benefits during his or her current period of unemployment; 75 percent of the individual's former wage when the individual has received more than six weeks of benefits, but not more than 14 weeks during his or her current period of unemployment; and 65 percent of the individual's former wage when the individual has received more than 14 weeks of benefits during his or her current period of unemployment.

(b) Notwithstanding any other provisions of sections 268.03 to 268.24, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

- (1) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;
- (2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;
- (3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;
- (4) if the individual is in training with the approval of the commissioner.

Sec. 13. [EFFECTIVE DATE.]

Section 8 of this article is effective October 1, 1985. Clause (b) of section 7 of this article shall apply to claims made on or after July 1, 1987.

Sec. 14. [REPEALER.]

Minnesota Statutes 1984, section 268.04, subdivision 30, is repealed.

[PURPOSE.] It is the purpose and intent of this article to transfer all unemployment compensation hearing responsibilities and related functions except for appeal hearings before the commissioner or his or her authorized representative from the department of economic security to the office of administrative hearings.

Subd. 2. [PERSONNEL; EQUIPMENT.] All unemployment compensation referees at the department of economic security are transferred to the office of administrative hearings. Notwithstanding any laws to the contrary, all unemployment compensation referees employed by the department of economic security at the time of this transfer are eligible for appointment as unemployment judges within the office of administrative hearings, and shall be appointed as such on transfer. All personnel and positions at the department of economic security presently providing support to the hearing related functions transferred pursuant to this article, including those involved in the scheduling of hearings, processing, and mailing of hearing notices, preparation and serving of referees' decisions or correspondence, travel coordination, accounting, answering of telephones, and preparation of transcripts are transferred to the office of administrative hearings.

All equipment and supplies used solely by the transferred personnel in the performance of their duties are transferred to the office of administrative hearings.

Subd. 3. [COOPERATION.] Commencing with the passage and signing of this act, the commissioner, the commissioners of administration, finance, and employee relations and the chief administrative law judge shall cooperate in assuring a smooth transfer of the referees and related personnel and equipment in order to carry out the purposes of this article. The commissioner shall provide office space at the department of economic security for the chief administrative law judge to use prior to the transfer in order to complete a review of the existing hearing system and personnel prior to the effective date of the transfer. The commissioner of administration, after consultation with the commissioner of economic security, the commissioner of finance, and the chief administrative law judge, shall determine the appropriate location of office space for the transferred personnel. The commissioner shall continue to provide space for the conduct of hearings in the same facilities and locations which are presently utilized for that purpose.

Subd. 4. [RULES.] The chief administrative law judge may make emergency rules for the purpose of adopting procedural rules for unemployment compensation hearings. The rules shall not conflict with any provisions of chapter 268 and shall comply with any applicable federal laws, rules, or regulations.

Subd. 5. [TIMELINESS.] To satisfy United States Department of Labor funding requirements the office of administrative hearings shall meet or exceed timeliness standards under federal regulation in the conduct of unemployment compensation hearings.

Sec. 3. Minnesota Statutes 1984, section 14.51, is amended to read:

14.51 [PROCEDURAL RULES FOR HEARINGS.]

The chief administrative law judge shall adopt rules to govern the procedural conduct of all hearings, relating to both rule adoption, amendment, suspension or repeal hearings, contested case hearings, ~~and workers' compensation hearings, and unemployment compensation hearings.~~ ~~Temporary Emergency~~ rulemaking authority is granted to the chief administrative law judge for the purpose of ~~implementing Laws 1981, Chapter 346, Sections 2 to 6, 103 to 122, 127 to 135, and 144~~ the adoption of procedural rules for ~~unemployment compensation hearings.~~ The procedural rules for hearings shall be binding upon all agencies and shall supersede any other agency procedural rules with which they may be in conflict. The procedural rules for hearings shall include in addition to normal procedural matters provisions relating to recessing and reconvening new hearings when the proposed final rule of an agency is substantially different from that which was proposed at the public hearing. The procedural rules shall establish a procedure whereby the proposed final rule of an agency shall be reviewed by the chief administrative law judge to determine whether or not a new hearing is required because of substantial changes or failure of the agency to meet the requirements of sections 14.13 to 14.18. Upon his own initiative or upon written request of an interested party, the chief administrative law judge may issue a subpoena for the attendance of a witness or the production of books, papers, records or other documents as are material to the matter being heard. The subpoenas shall be enforceable through the district court in the district in which the subpoena is issued.

Sec. 4. Minnesota Statutes 1984, section 14.53, is amended to read:

14.53 [COSTS ASSESSED.]

In consultation with the commissioner of administration the chief administrative law judge shall assess agencies the cost of services rendered to them in the conduct of hearings. All agencies shall include in their budgets provisions for such assessments. *The chief administrative law judge shall assess all costs associated with unemployment compensation hearings to the department of economic security, but shall be limited to funds provided to the department for such purposes by the federal government.*

Sec. 5. Minnesota Statutes 1984, section 43A.18, subdivision 4, is amended to read:

Subd. 4. [PLANS NOT ESTABLISHED BUT APPROVED BY COMMISSIONER.] Notwithstanding any other law to the contrary, total compensation for employees listed in this subdivision shall be set by appointing

authorities within the limits of compensation plans that have been approved by the commissioner before becoming effective.

(a) Total compensation for employees who are not covered by a collective bargaining agreement in the offices of the governor, attorney general, secretary of state, state auditor and state treasurer shall be determined by the governor, attorney general, secretary of state, state auditor and state treasurer, respectively.

(b) Total compensation for unclassified positions pursuant to section 43A.08, subdivision 1, clause (h), in the higher education coordinating board, and in the state board of vocational technical education shall be determined by the state university board and the state board for community colleges, the higher education coordinating board, and the state board of vocational technical education, respectively.

(c) Total compensation for classified administrative law judges and *unemployment judges* in the office of administrative hearings shall be determined by the chief administrative law judge.

Sec. 6. Minnesota Statutes 1984, section 179A.10, subdivision 1, is amended to read:

Subdivision 1. [EXCLUSIONS.] The commissioner of employee relations shall meet and negotiate with the exclusive representative of each of the units specified in this section. The units provided in this section are the only appropriate units for executive branch state employees. The following employees shall be excluded from any appropriate unit:

(1) the positions and classes of positions in the classified and unclassified services defined as managerial by the commissioner of employee relations in accordance with section 43A.18, subdivision 3, and so designated in the official state compensation schedules;

(2) unclassified positions in the state university system and the community college system defined as managerial by their respective boards;

(3) positions of physician employees compensated under section 43A.17, subdivision 4;

(4) positions of all unclassified employees appointed by a constitutional officer;

(5) positions in the bureau of mediation services and the public employment relations board;

(6) positions of employees whose classification is pilot or chief pilot;

(7) administrative law judge, *unemployment judge*, and compensation judge positions in the office of administrative hearings; and

(8) positions of all confidential employees.

Sec. 7. Minnesota Statutes 1984, section 268.06, subdivision 18, is amended to read:

Subd. 18. [NOTICE TO EMPLOYER.] The commissioner shall at least twice each year notify each employer of the benefits as determined by the department which have been charged to his account subsequent to the last

notice. Unless reviewed in the manner hereinafter provided, charges set forth in such notice, or as modified by a redetermination, a decision of a ~~referee~~ *an unemployment judge*, or the commissioner, shall be final and shall be used in determining the contribution rates for all years in which the charges occur within the employer's experience period and shall not be subject to collateral attack by way of review of a rate determination, application for adjustment or refund, or otherwise.

Sec. 8. Minnesota Statutes 1984, section 268.06, subdivision 19, is amended to read:

Subd. 19. [NOTICE OF RATE.] The commissioner shall mail to each employer notice of his rate of contributions as determined for any calendar year pursuant to this section. Such notice shall contain the contribution rate, factors used in determining the individual employer's experience rating, and such other information as the commissioner may prescribe. Unless reviewed in the manner hereinafter provided, the rate as determined or as modified by a redetermination, a decision of a ~~referee~~ *an unemployment judge*, or the commissioner shall be final except for fraud and shall be the rate upon which contributions shall be computed for the calendar year for which such rate was determined, and shall not be subject to collateral attack for any errors, clerical or otherwise, whether by way of claim for adjustment or refund, or otherwise. If the legislature changes any of the factors used to determine the contribution rate of any employer for any year subsequent to the original mailing of such notice for the year, the earlier notice shall be void. The notice based on the new factors shall be deemed to be the only notice of rate of contributions for that year and shall be subject to the same finality, redetermination and review procedures as provided above.

Sec. 9. Minnesota Statutes 1984, section 268.06, subdivision 20, is amended to read:

Subd. 20. [PROTEST, REVIEW, REDETERMINATION, APPEAL.] A review of the charges made to an employer's account as set forth in the notice of charges referred to in subdivision 18 and a review of an employer's contribution rate as set forth in the notice of his rate for any calendar year as provided in subdivision 19, may be had by the employer if he files with the commissioner a written protest setting forth his reasons therefor within 30 days from the date of the mailing of the notice of charges or contribution rate to him. The date shall appear on the notice. Upon receipt of the protest, the commissioner shall refer the matter to an official designated by him to review the charges appearing on the notice appealed from or the computations of the protesting employer's rate, as the case may be, to determine whether or not there has been any clerical error or error in computation in either case. The official shall either affirm or make a redetermination rectifying the charges or rate as the case may be, and a notice of the affirmation or redetermination shall immediately be mailed to the employer. If the employer is not satisfied with the affirmation or redetermination, he may appeal by filing a notice with the department within ten days after the date of mailing appearing upon the redetermination. Upon the receipt of the appeal, the commissioner shall refer the matter to a ~~referee~~ *the office of administrative hearings* for a hearing and after opportunity for a fair hearing, the ~~referee~~ *unemployment judge* shall affirm, modify or set aside the original determination with its affirmation or the redetermination, as appears just and proper. The commissioner may at

any time upon his own motion correct any clerical error of the department resulting in charges against an employer's account or any error in the computation of an employer's contribution rate. The ~~referee~~ *unemployment judge* may order the consolidation of two or more appeals whenever, in his judgment, consolidation will not be prejudicial to any interested party. At any hearing a written report of any employee of the department which has been authenticated shall be admissible in evidence. Appeals from the decision of the ~~referee~~ *unemployment judge* shall be provided by section 268.10, subdivision 5.

Sec. 10. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks from all employers in insured work by the number of base period credit weeks. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an ~~appeal tribunal~~ *unemployment judge* decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an ~~appeal tribunal~~ *unemployment judge* decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an ~~appeal~~ *unemployment judge* decision awarding benefits, any benefits paid under the award of such initial determination or ~~appeal tribunal~~ *unemployment judge* decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in

accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a ~~referee~~ *the office of administrative hearings* for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the ~~tribunal~~ *unemployment judge* from an initial determination.

(6) If a ~~referee's~~ *an unemployment judge's* decision affirms an initial determination awarding benefits or the commissioner affirms an ~~appeal tribunal~~ *unemployment judge* decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 11. Minnesota Statutes 1984, section 268.10, subdivision 3, is amended to read:

Subd. 3. [APPEAL; HEARING.] *Upon receipt of an appeal from an initial determination made under subdivision 2, the commissioner shall immediately forward the appeal and all necessary documents to the chief administrative law judge for assignment of an unemployment judge to hear the case and the scheduling of a date, time, and place for the hearing. Unless an appeal is withdrawn, the date for hearing before a referee an unemployment judge shall be set and notice of the hearing shall be mailed to the last known address of all interested parties at least ten days prior to the date set for the hearing. The notice shall be mailed by the office of administrative hearings.*

The hearing may be conducted by means of a conference telephone call except that the appellant may request that the hearing be conducted in person. The hearing shall be a trial de novo, and, upon the evidence presented, the ~~referee~~ *unemployment judge* shall affirm, modify, or set aside the initial determination. Where the same or substantially similar evidence is relevant and material to the issues in appeals by more than one individual or in appeals by one individual with respect to two or more weeks of unemployment, the appeals may be consolidated into one hearing *pursuant to the procedural rules adopted by the chief hearing examiner*. The ~~referee~~ *unemployment judge* shall exclude from any consolidated hearing the appeal of an individual who may be prejudiced because of the consolidation. A ~~referee~~ *An unemployment judge* shall not hear any appeal in which the ~~referee~~ *unemployment judge* has a direct interest. The parties *and the commissioner* shall be notified of the ~~referee's~~ *unemployment judge's* decision and the reason for it. The ~~referee's~~ *unemployment judge's* decision is deemed to be the final decision unless a further appeal is initiated pursuant to subdivision 5.

Sec. 12. Minnesota Statutes 1984, section 268.10, subdivision 4, is amended to read:

Subd. 4. [~~REFEREES TRANSCRIPTS; REVIEW OF DECISIONS.~~] ~~In order to assure the prompt disposition of all claims for benefits, the commissioner shall appoint one or more impartial referees. The commissioner shall by rule adopt a procedure by which referees hear and decide disputed claims, subject to appeal to the commissioner. No person shall participate on behalf of the commissioner in any case in which that person is an interested party. The commissioner may designate alternates to serve in the absence or disqualification of a referee. The office of administrative hearings shall cause a transcript to be prepared of all cases heard by an unemployment judge from which an appeal is made to the commissioner, or in any case to be reviewed by motion of the commissioner where the commissioner requests a transcript. There shall be no charges, fees, transcript costs, or other cost imposed upon the employee in prosecuting an appeal. All decisions of referees unemployment judges shall be made available to the public in accordance with rules the commissioner may prescribe, except that names of interested parties may be deleted.~~

Sec. 13. Minnesota Statutes 1984, section 268.10, subdivision 5, is amended to read:

Subd. 5. [~~REVIEW BY COMMISSIONER.~~] Within 30 days after mailing or personal delivery of the notice of a ~~referee's~~ *an unemployment judge's* decision to the claimant or employer at the last known address, a party may appeal from the decision and obtain a review of it by the commissioner or an authorized representative. *An appeal from an unemployment judge's decision must be filed with the chief administrative law judge. Upon receipt of an appeal, the chief administrative law judge shall notify the commissioner of the appeal and shall cause a transcript of the hearing to be prepared. Upon completion of the transcript, the entire file shall be transmitted to the commissioner.* The commissioner within the same period of time may on the commissioner's own motion order a review of a decision. Upon review, the commissioner or authorized representative may affirm, modify, or set aside any finding of fact or decision, or both, of the ~~referee~~ *unemployment judge* on the basis of the evidence previously submitted in the case, or remand the

matter back to the ~~referee~~ *unemployment judge* for the taking of additional evidence and new findings and decision based on all of the evidence before the ~~referee~~ *unemployment judge*. Any individual claiming benefits in any proceedings before the commissioner or his representatives or a court may be represented by counsel or other duly authorized agent, except that said agent in any court proceedings under these sections, must be an attorney at law; but no counsel shall either charge or receive for the services more than an amount approved by the commissioner and no fees shall be collected from an individual claiming benefits by any agent unless he is an attorney at law.

(2) The commissioner may cause to be made such summaries, compilations, photographs, duplications, or reproductions of any records, reports, or transcripts thereof as he may deem advisable for the effective and economical preservation of the information contained therein, and such summaries, compilations, photographs, duplications or reproductions, duly authenticated, shall be admissible in any proceeding under sections 268.03 to 268.24, if the original record or records would have been admissible therein. Notwithstanding any restrictions contained in section 16B.50, except restrictions as to quantity, the commissioner is hereby authorized to duplicate, on equipment furnished by the federal government or purchased with funds furnished for that purpose by the federal government, records, reports, summaries, compilations, instructions, determinations, or any other written matter pertaining to the administration of the Minnesota economic security law.

(3) Notwithstanding any inconsistent provisions elsewhere, the commissioner may provide for the destruction or disposition of any records, reports, transcripts, or reproductions thereof, or other papers in his custody, which are more than two years old, the preservation of which is no longer necessary for the establishment of contribution liability or benefit rights or for any purpose necessary to the proper administration of sections 268.03 to 268.24, including any required audit thereof, provided, that the commissioner may provide for the destruction or disposition of any record, report, or transcript, or other paper in his custody which has been photographed, duplicated, or reproduced in the manner provided in clause (2).

Sec. 17. Minnesota Statutes 1984, section 268.12, subdivision 9, is amended to read:

Subd. 9. [TESTIMONIAL POWERS.] (1) In the discharge of the duties imposed by sections 268.03 to 268.24, the commissioner, ~~appeal referee~~ *unemployment judge*, or any duly authorized representative of the commissioner, shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of these sections;

(2) Witnesses, other than interested parties or officers and employees of an

employing unit which is an interested party, subpoenaed pursuant to this subdivision or sections 268.03 to 268.24, shall be allowed fees the same as witness fees in civil actions in district court, which fees need not be paid in advance of the time of giving of testimony, and such fees of witnesses so subpoenaed shall be deemed part of the expense of administering these sections;

(3) In case of contumacy by, or refusal to obey, a subpoena issued to any person, any court of this state within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which such person guilty of contumacy or refusal to obey is found or resides or transacts business, upon application by the commissioner, or ~~referee unemployment judge~~, or any duly authorized representative of the commissioner, shall have jurisdiction to issue to such person an order requiring such person to appear before the commissioner, ~~the chairman of an appeal tribunal~~, ~~referee unemployment judge~~, or any duly authorized representative of the commissioner, there to produce evidence if so ordered or there to give testimony relative to the matter under investigation or in question; and any failure to obey such order of the court may be punished by the court as a contempt thereof.

Sec. 18. Minnesota Statutes 1984, section 268.12, subdivision 10, is amended to read:

Subd. 10. [SELF-INCRIMINATION.] No person shall be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the commissioner, ~~the chairman of an appeal tribunal~~, ~~referee unemployment judge~~, or any duly authorized representative of the commissioner, or in obedience to the subpoena of any of them in any cause or proceeding before the commissioner, ~~an appeal tribunal~~, ~~referee unemployment judge~~, or any duly authorized representative of the commissioner on the grounds that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

Sec. 19. Minnesota Statutes 1984, section 268.12, subdivision 13, is amended to read:

Subd. 13. [DETERMINATIONS.] (1) An official, designated by the commissioner, upon his own motion or upon application of an employing unit, shall determine if an employing unit is an employer within the meaning of this chapter or as to whether services performed for it constitute employment within the meaning of this chapter, and shall notify the employing unit of the determination. The determination shall be final unless the employing unit, within 30 days after the mailing of notice of the determination to the employing unit's last known address, files a written appeal from it.

(2) ~~The commissioner shall designate one or more referees to conduct hearings on appeals~~ Upon receipt of an appeal under clause (1), the commissioner shall refer the matter to the office of administrative hearings for a hearing. The employing unit and any claimant whose filed claim for benefits may be

affected by a determination issued under clause (1) shall be interested parties to an appeal. The ~~referee~~ *unemployment judge* shall fix a time and place within this state for the hearing and give interested parties written notice of it, by mail, not less than ten days prior to the time of the hearing. In the discharge of the duties imposed by this subdivision, the ~~referee~~ *unemployment judge* may administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with the subject matter of the hearing. The written report of any employee of the department of economic security, made in the regular course of the performance of the employee's duties, shall be competent evidence of the facts contained in it and shall be prima facie correct, unless refuted by other credible evidence.

(3) Upon the conclusion of the hearing, the ~~referee~~ *unemployment judge* shall serve upon the interested parties by mail findings of fact and decision. The decision of the ~~referee~~ *unemployment judge*, together with his findings of fact and reasons in support of them, is final unless an interested party, within 30 days after the mailing of a copy of it to the interested parties' last known addresses, files an appeal with the ~~commissioner~~ *chief administrative law judge*, or unless the commissioner, within 30 days after mailing of the decision, on his own motion orders the matter certified to him for review. Appeal from and review by the commissioner of the decision of the ~~referee~~ *unemployment judge* shall be in the manner provided by rule. The commissioner may without further hearing affirm, modify, or set aside the findings of fact or decision, or both, of the ~~referee~~ *unemployment judge* on the basis of the evidence previously submitted in the case, or direct the taking of additional evidence. The commissioner may disregard the findings of fact of the ~~referee~~ *unemployment judge* and examine the testimony taken and make any findings of fact as the evidence taken before the ~~referee~~ *unemployment judge* may, in the judgment of the commissioner, require, and make any decision as the facts found by him require. The commissioner shall notify the employing unit of his findings and decision by mail, mailed to the interested parties' last known addresses. The decision of the commissioner is final unless judicial review of it is sought as provided by this subdivision. Any interested party to a proceeding before the commissioner may obtain a transcript of the testimony taken before the ~~referee~~ *unemployment judge* upon payment to the commissioner of the cost of the transcript at the rate of ten cents per 100 words.

(4) The court of appeals may, by writ of certiorari to the commissioner, review all questions of law and fact presented by the record in accordance with chapter 14. The commissioner shall not be required to certify the record to the court unless the party commencing the proceedings for review pays to the commissioner the cost of certification of the record at the rate of ten cents per 100 words less any amount previously paid by the party for a transcript. The commissioner shall, upon receipt of the payment, prepare and certify to the court a true and correct typewritten copy of all matters contained in the record. The costs collected by the commissioner shall be deposited in the economic security administration fund provided for in section 268.15.

(5) A final decision of the commissioner or referee, in the absence of appeal, is conclusive for all the purposes of sections 268.03 to 268.24 except as

otherwise provided, and, together with the records therein made, shall be admissible in any subsequent judicial proceeding involving liability for contributions. A final decision of the commissioner or referee may be introduced in any proceeding involving a claim for benefits.

(6) In the event a final decision of the commissioner or ~~referee~~ *unemployment judge* determines the amount of contributions due under sections 268.03 to 268.24, then, if the amount, together with interest and penalties, is not paid within 30 days after the decision, the provisions of section 268.161 shall apply. The commissioner shall proceed thereunder, substituting a certified copy of the final decision in place of the contribution report.

Sec. 20. Minnesota Statutes 1984, section 268.18, subdivision 1, is amended to read:

Subdivision 1. [ERRONEOUS PAYMENTS.] Any claimant for benefits who, by reason of his own mistake or through the error of any individual engaged in the administration of sections 268.03 to 268.24 or because of a determination or redetermination issued pursuant to section 268.10, subdivision 2, has received any sum as benefits to which he was not entitled under these sections, shall promptly return such benefits in cash to the nearest office of the Minnesota department of economic security. If such claimant fails to return such benefits, the department of economic security shall, as soon as it discovers such erroneous payment, determine the amount thereof and notify said individual to return the same. Unless the claimant files a written appeal with the department of economic security within 15 days after the mailing of the notice of determination to his last known address or personal delivery of the notice, the determination shall become final. If the claimant files an appeal with the department in writing within the time aforesaid the matter shall be set for hearing before a ~~referee of the department~~ *an unemployment judge of the office of administrative hearings* and heard as other benefit matters are heard in accordance with section 268.10 with the same rights of review as outlined for benefit cases in that section. The commissioner of the department of economic security is hereby authorized to deduct from any future benefits payable to the claimant under these sections in either the current or any subsequent benefit year an amount equivalent to the overpayment determined or the overpayment may be collected without interest by civil action in the name of the commissioner. If a claimant has been overpaid benefits under the law of another state and that state certifies to the department the facts involved and that the individual is liable under its law to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state. Benefits paid for weeks more than three years prior to the discovery of error are not erroneous payments.

Sec. 21. Minnesota Statutes 1984, section 268.18, subdivision 2, is amended to read:

Subd. 2. [FRAUD.] Any claimant who files a claim for or receives benefits by knowingly and willfully misrepresenting or misstating any material fact or by knowingly and willfully failing to disclose any material fact which would make him ineligible for benefits under sections 268.03 to 268.24 is guilty of

fraud. After the discovery of facts by the commissioner indicating fraud in claiming or obtaining benefits under sections 268.03 to 268.24, he is hereby authorized to make a determination that the claimant was ineligible for each week with reference to which benefits were claimed or obtained by fraud for the amount as was in excess of what the claimant would have been entitled to had he not made the fraudulent statements or failed to disclose any material facts. The commissioner also may disqualify an individual from benefits for one to 52 weeks in which the claimant is otherwise eligible for benefits following the week in which the fraud was determined. A disqualification imposed for fraud shall not be removed by subsequent insured work or the expiration of a benefit year but shall not apply to any week more than 104 weeks after the week in which the fraud was determined. The claimant shall promptly repay in cash to the department of economic security any benefits fraudulently obtained. Unless the claimant files a written appeal with the department of economic security within 15 days after the mailing of the notice of determination to his last known address or personal delivery of the notice, the determination shall become final. If the claimant appeals from the determination within the time above specified the matter shall be referred to a referee *an unemployment judge* for a hearing as in other benefit cases and thereafter the procedure for review shall be the same as set forth in section 268.10. The commissioner is hereby authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined or the overpayment may be collected without interest by civil action in the name of the commissioner. If a claimant has been overpaid benefits under the law of another state and that state certifies to the department the facts involved and that the individual is liable to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state. A determination of fraud may be made at any time.
