"Section 1. [40.41] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 4.

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of agriculture.

Subd. 3. [MARGINAL AGRICULTURAL LAND.] "Marginal agricultural land" means erosive land that is composed of class IIIe, IVe, V, VI, VII, or VIII soil, as identified in the land capability classification system of the United States department of agriculture and the county soil survey.

Sec. 2. [40.43] [CONSERVATION RESERVE PROGRAM.]

Subdivision 1. [AUTHORITY.] The commissioner may contract with landowners for the conservation of marginal agricultural land. The contracts must be for a period of five to ten years with provision for renewal for an additional five- to ten-year period. The commissioner may adjust payment rates for a renewal period after examining the condition of the established cover, land values, and crop values. A contract may not provide for payment of more than \$10,000 to a landowner in any year. Contracts under this section are exempt from contractual provisions of chapter 16B.

Subd. 2. [ELIGIBLE LAND.] Land may be placed in the conservation reserve program if the land:

(1) is marginal agricultural land;

(2) is privately owned;

(3) is not currently set aside or diverted under another federal or state government program; and

(4) has been in crop production or rotation pasture in at least two of the prior five years.

Subd. 3. [LANDOWNER'S AGREEMENT.] (a) The contract must require the landowner:

(1) to place marginal agricultural land in the program for the period of the contract;

(2) not to place more than 20 percent of the landowner's total acreage within the state in the program, unless the land has previously been in a conservation program approved by the commissioner;

(3) to seed the land by the date specified in the contract and establish and maintain a continuous cover either of a grass-legume mixture or of native grasses for the term of the contract at seeding rates determined by the commissioner, and, if required by the commissioner, to plant trees on the land;

(4) not to burn, fill, impair, or destroy the wildlife habitat and other natural features of the land;

(5) not to use the land for agricultural crop production purposes as determined by the commissioner;

(6) to prevent livestock from grazing on land in the program, unless a severe drought or other natural disaster has occurred and the approval of the commissioner is obtained after the commissioner has consulted with the commissioner of natural resources;

(7) not to conduct chemical spraying or mowing, except for spot weed control necessary to comply with noxious weed control laws or emergency control of pests necessary to protect public health;

(8) not to convert other wetlands, woodlots, shelterbelts, windbreaks, brushlands, native prairie, or wild hay land that has not been in crop production and is a part of the same farm operation to the production of wheat, corn, oats, barley, soybeans, grain or cane sorghum, sugar beets, forage crops, or pasture during the term of the contract;

(9) to forfeit all rights to further payments and to refund to the state all payments received under the contract if the contract is violated and the commissioner determines that the violation warrants termination of the contract; and

(10) to comply with additional provisions required by the commissioner.

(b) The commissioner may require that the landowner make refunds or accept payment adjustments if the commissioner determines that a violation by the landowner does not warrant termination of the contract.

Subd. 4. [COMMISSIONER'S AGREEMENT.] The commissioner must:

(1) make a payment to the landowner to establish the cover crop required by the contract in an amount up to \$75 per acre as determined by the commissioner;

(2) make a payment to the landowner to pay the cost of planting trees required by the contract in an amount up to \$75 per acre;

(3) make annual payments to the landowner for the period of the contract at a rate equal to five percent of the most recent fair market value of the land in the program, as established by the county assessor; and

(4) provide advice about soil and water conservation through the local soil and water conservation district in cooperation with field personnel of the department of natural resources.

Subd. 5. [CONTRACT RENEWAL.] A contract may be renewed at the end of the contract period for an additional period of five to ten years by mutual agreement of the commissioner and the landowner, subject to a rate adjustment by the commissioner. If the landowner sells or otherwise transfers the ownership or right of occupancy of the land during the contract period, the new landowner is subject to the original contract unless a new contract is entered.

Subd. 6. [CONTRACT TERMINATION.] The commissioner may terminate a contract by mutual agreement with the owner if the commissioner determines that the termination would be in the public interest. The commissioner may agree to a modification of a contract that is necessary to carry out the purposes of the program or facilitate its administration.

Sec. 3. [40.45] [COOPERATION AND TECHNICAL ASSISTANCE.]

Subdivision 1. [COOPERATION.] In implementing section 2, the commissioner must share information and cooperate with the commissioner of natural resources, the United States Fish and Wildlife Service, the Agricultural Stabilization and Conservation Service and Soil Conservation Service of the United States Department of Agriculture, the agricultural extension service of the University of Minnesota, county boards, and interested private organizations and individuals.

Subd. 2. [TECHNICAL ASSISTANCE.] The commissioner must provide technical assistance through the local soil and water conservation districts to landowners enrolled in the conservation reserve program. The commissioner of natural resources must provide technical advice and assistance to the commissioner on the form and content of the conservation reserve contract and on cultural practices relating to the establishment and maintenance of permanent cover. The commissioners of agriculture and natural resources shall jointly prepare an informational booklet about state and federal programs for land acquisition, conservation, and retirement and make the booklets available to the public.

Sec. 4. [40.47] [RULES.]

The commissioner may adopt rules to administer and implement sections 2 and 3.

"PART 1

INTESTATE SUCCESSION

Section 1. [524.2-101] [INTESTATE ESTATE.]

Except as provided in sections 525.14 and 525.145, and subject to the allowances provided in section 525.15, and the payment of the expenses of administration, funeral expenses, expenses of last illness, taxes, and debts, any part of the estate of a decedent not effectively disposed of by the decedent's will passes to the decedent's heirs as prescribed in sections 2 to 13.

Sec. 2. [524.2-102] [SHARE OF THE SPOUSE.]

The intestate share of the surviving spouse is:

- (1) if there is no surviving issue of the decedent, the entire intestate estate;*
- (2) if there are surviving issue all of whom are issue of the surviving spouse also, the first \$70,000, plus one-half of the balance of the intestate estate;*
- (3) if there are surviving issue one or more of whom are not issue of the surviving spouse, one-half of the intestate estate.*

Sec. 3. [524.2-103] [SHARE OF HEIRS OTHER THAN SURVIVING SPOUSE.]

The part of the intestate estate not passing to the surviving spouse under section 2, or the entire intestate estate if there is no surviving spouse, passes as follows:

- (1) to the issue of the decedent; any who are children of the decedent take*

equally and others by representation;

(2) if there is no surviving issue, to the parent or parents equally;

(3) if there is no surviving issue or parent, to the issue of the parents or either of them by representation;

(4) if there is no surviving issue, parent, or issue of a parent, to the next of kin in equal degree, except that when there are two or more collateral kindred in equal degree claiming through different ancestors, those who claim through the nearest ancestor shall take to the exclusion of those claiming through an ancestor more remote.

Sec. 4. [524.2-104] [REQUIREMENT THAT HEIR SURVIVE DECEDENT FOR 120 HOURS.]

A person who fails to survive the decedent by 120 hours is deemed to have predeceased the decedent for purposes of descent of the homestead, exempt property and intestate succession, and the decedent's heirs are determined accordingly. If the time of death of the decedent or of the person who would otherwise be an heir, or the times of death of both, cannot be determined, and it cannot be established that the person who would otherwise be an heir has survived the decedent by 120 hours, it is deemed that the person failed to survive for the required period. This section is not to be applied where its application would result in a taking of intestate estate by the state under section 5.

Sec. 5. [524.2-105] [NO TAKER.]

If there is no taker under the provisions of sections 2 to 13, the intestate estate passes to the state.

Sec. 6. [524.2-106] [REPRESENTATION.]

If representation is called for by sections 2 to 13:

(1) In the case of issue of the decedent, the estate is divided into as many shares as there are surviving children of the decedent and deceased children who left issue who survive the decedent, each surviving child receiving one share and the share of each deceased child being divided among his or her issue in the same manner.

(2) In the case of issue of the parents of the decedent (other than issue of the decedent) the estate is divided into as many shares as there are surviving heirs in the nearest degree of kinship and deceased persons in the same degree who left issue who survived the decedent, each surviving heir in the nearest degree receiving one share and the share of each deceased person in the same degree being divided among his children, and the descendants of deceased children of him, in the same manner as specified in clause (1).

Sec. 7. [524.2-107] [DEGREE OF KINDRED AND KINDRED OF HALF BLOOD.]

The degree of kindred shall be computed according to the rules of the civil law. Relatives of the half blood inherit the same share they would inherit if they were of the whole blood.

Sec. 8. [524.2-108] [AFTERBORN HEIRS.]

Relatives of the decedent conceived before his death but born thereafter

inherit as if they had been born in the lifetime of the decedent.

Sec. 9. [524.2-109] [MEANING OF CHILD AND RELATED TERMS.]

If, for purposes of intestate succession, a relationship of parent and child must be established to determine succession by, through, or from a person:

(1) An adopted person is the child of an adopting parent and not of the natural parents except that adoption of a child by the spouse of a natural parent has no effect on the relationship between the child and that natural parent. If a parent dies and a child is subsequently adopted by a stepparent who is the spouse of a surviving parent, any rights of inheritance of the child or the child's issue from or through the deceased parent of the child which exist at the time of the death of that parent shall not be affected by the adoption.

(2) In cases not covered by clause (1), a person born out of wedlock is a child of the mother. That person is also a child of the father, if:

(i) the natural parents participated in a marriage ceremony before or after the birth of the child, even though the attempted marriage is void; or

(ii) the paternity is established by an adjudication or by acknowledgment, consent, or agreement pursuant to sections 257.51 to 257.74 before the death of the father or is established thereafter by clear and convincing proof, except that the paternity established under this clause is ineffective to qualify the father or his kindred to inherit from or through the child unless the father has openly treated the child as his, and has not refused to support the child.

Sec. 10. [524.2-111] [DEBTS TO DECEDENT.]

A debt owed to the decedent is not charged against the intestate share of any person except the debtor. If the debtor fails to survive the decedent, the debt is not taken into account in computing the intestate share of the debtor's issue.

Sec. 11. [524.2-112] [ALIENAGE.]

No person is disqualified to take as an heir because he or a person through whom he claims is or has been an alien.

Sec. 12. [524.2-113] [PERSONS RELATED TO DECEDENT THROUGH TWO LINES.]

A person who is related to the decedent through two lines of relationship is entitled to only a single share based on the relationship which would entitle such person to the larger share.

Sec. 13. [524.2-114] [INSTRUMENTS REFERENCING INTESTACY LAWS.]

If a maker has executed a will or other instrument on or before December 31, 1986, which directs disposition of all or part of the estate pursuant to the intestacy laws of the state of Minnesota, the laws to be applied shall be in accordance with the laws of intestate succession in effect on or before December 31, 1986, unless the will or instrument directs otherwise.

PART 2

Sec. 14. [524.2-201] [RIGHT TO ELECTIVE SHARE.]

(a) *If a married person domiciled in this state dies, the surviving spouse has a right of election to take an elective share of one-third of the augmented estate under the limitations and conditions hereinafter stated.*

(b) *If a married person not domiciled in this state dies, the right, if any, of the surviving spouse to take an elective share in property in this state is governed by the law of the decedent's domicile at death.*

Sec. 15. [524.2-202] [AUGMENTED ESTATE.]

The augmented estate means the estate reduced by funeral and administration expenses, the homestead, family allowances and exemptions, liens, mortgages, and enforceable claims, to which is added the sum of the following amounts:

(1) *The value of property transferred by the decedent at any time during the marriage, to or for the benefit of any person other than the surviving spouse, to the extent that the decedent did not receive adequate and full consideration in money or money's worth for the transfer, if the transfer is of any of the following types:*

(i) *any transfer under which the decedent retained at the time of death the possession or enjoyment of, or right to income from, the property;*

(ii) *any transfer to the extent that the decedent retained at the time of death a power, either alone or in conjunction with any other person, to revoke or to consume, invade or dispose of the principal for his or her own benefit;*

(iii) *any transfer whereby property is held at the time of decedent's death by decedent and another with right of survivorship;*

(iv) *any transfer made within one year of death of the decedent to the extent that the aggregate transfers to any one donee in the year exceeds \$30,000.*

Any transfer is excluded if made with the written consent or joinder of the surviving spouse. Property is valued as of the decedent's death except that property given irrevocably to a donee during lifetime of the decedent is valued as of the date the donee came into possession or enjoyment if that occurs first.

(2) *The value of property owned by the surviving spouse at the decedent's death, plus the value of property transferred by the spouse at any time during marriage to any person other than the decedent which would have been includible in the spouse's augmented estate if the surviving spouse had predeceased the decedent, to the extent the owned or transferred property is derived from the decedent by any means other than testate or intestate succession or as an obligation of support without a full consideration in money or money's worth. For purposes of this clause:*

(i) *Property derived from the decedent includes, but is not limited to, any beneficial interest of the surviving spouse in a trust created by the decedent during the decedent's lifetime, any property appointed to the spouse by the decedent's exercise of a general or special power of appointment also exercisable in favor of others than the spouse, any proceeds of insurance, including accidental death benefits, on the life of the decedent attributable to premiums paid by the decedent, any lump sum immediately payable and the commuted value of the proceeds of annuity contracts under which the de-*

cedent was the primary annuitant attributable to premiums paid by him, the commuted value of amounts payable after the decedent's death under any public or private pension, disability compensation, benefit, or retirement plan, exclusive of the federal social security system, by reason of service performed or disabilities incurred by the decedent, any property held at the time of decedent's death by decedent and the surviving spouse with right of survivorship, any property held by decedent and transferred by contract to the surviving spouse by reason of the decedent's death, and the value of the share of the surviving spouse resulting from rights in community property in this or any other state formerly owned with the decedent.

(ii) Property owned by the spouse at the decedent's death is valued as of the date of death. Property transferred by the spouse is valued at the time the transfer became irrevocable, or at the decedent's death, whichever occurred first. Income earned by included property prior to the decedent's death is not treated as property derived from the decedent.

(iii) Property owned by the surviving spouse as of the decedent's death, or previously transferred by the surviving spouse, is presumed to have been derived from the decedent except to the extent that the surviving spouse establishes that it was derived from another source.

(3) The value of property paid to or for the benefit of any person other than the surviving spouse as a result of the decedent's death if the property is any of the following types:

(i) any proceeds of insurance (including accidental death benefits, but excluding insurance proceeds paid for a bona fide business purpose) on the life of the decedent attributable to premiums paid by the decedent during the marriage,

(ii) any lump sum immediately payable and the commuted value of the proceeds of annuity contracts under which the decedent was the primary annuitant attributable to premiums paid by the decedent during the marriage, or

(iii) the commuted value of amounts payable after the decedent's death under any public or private pension, disability compensation, benefit or retirement plan, exclusive of the federal social security system, by reason of service performed or disabilities incurred by the decedent, attributable to premiums or contributions paid by the decedent during the marriage.

For purposes of this clause, any premiums paid by the decedent's employer, the decedent's partner, a partnership of which the decedent was a member, or the decedent's creditors, are deemed to have been paid by the decedent.

Unless the payer of any such property has received written notice of intention to file a petition for the elective share, the property may be paid, upon request and satisfactory proof of the decedent's death, to the designated beneficiary of the property. Payment made discharges the payer from all claims for the amounts paid. The protection here given does not extend to payments made after the payer has received written notice of intention to file a petition for the elective share. Unless the notice is withdrawn by the surviving spouse, the surviving spouse must concur in any demand for withdrawal if the payer is to be protected under this provision.

For an insurer, the written notice of intention to file a petition for the elective share shall be mailed to its home office by registered mail, return receipt requested, or shall be served upon the insurer in the same manner as a summons in a civil action. Upon receipt of written notice of intention to file a petition for the elective share, an insurer may pay any amounts owed by it specified in clause (3) into the court in which the probate proceedings relating to the estate of the decedent are venued, or if no proceedings have been commenced, into the court having jurisdiction of decedents' estates located in the county of the insured's residence. The court shall hold the funds and, upon its determination under clause (d) of section 18, shall order its disbursement in accordance with the determination. If no petition is filed in the court within the specified time under clause (a) of section 18, or if filed, the demand for an elective share is withdrawn under clause (c) of section 18, the court shall order disbursement to the designated beneficiary. Payment made into the court discharges the insurer from all claims for the amounts paid.

Upon petition to the probate court by the designated beneficiary, the court may order that all or part of the property may be paid to the designated beneficiary in such amount and subject to such conditions as are consistent with this section.

Sec. 16. [524.2-203] [RIGHT OF ELECTION PERSONAL TO SURVIVING SPOUSE.]

The right of election of the surviving spouse may be exercised only during his lifetime by him. In the case of a protected person, the right of election may be exercised only by order of the court in which protective proceedings as to his property are pending, after finding (1) that exercise is necessary to provide adequate support for the protected person during his probable life expectancy and (2) that the election will be consistent with the best interests of the natural bounty of the protected person's affection.

Sec. 17. [524.2-204] [WAIVER OF RIGHT TO ELECT AND OF OTHER RIGHTS.]

The right of election of a surviving spouse and the rights of the surviving spouse to the homestead, exempt property and family allowance, or any of them, may be waived, wholly or partially, after marriage, by a written contract, agreement or waiver signed by the party waiving after fair disclosure. Unless it provides to the contrary, a waiver of "all rights", or equivalent language, in the property or estate of a spouse is a waiver only of the right to elective share. Any waiver prior to marriage must be made pursuant to section 519.11.

Sec. 18. [524.2-205] [PROCEEDING FOR ELECTIVE SHARE; TIME LIMIT.]

(a) The surviving spouse may elect to take an elective share in the augmented net estate by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within nine months after the date of death, or within six months after the probate of the decedent's will, whichever limitation last expires. However, nonprobate transfers, described in section 15, clause (1) and clause (3), shall not be included within the augmented estate for the purpose of computing the elective share, if the petition is filed later than nine months after death. The court

may extend the time for election as it sees fit for cause shown by the surviving spouse before the time for election has expired.

(b) *The surviving spouse shall give notice of the time and place set for hearing to persons interested in the estate and to the distributees and recipients of portions of the augmented net estate whose interests will be affected by the taking of the elective share.*

(c) *The surviving spouse may withdraw his demand for an elective share at any time before entry of an order by the court determining the elective share.*

(d) *After notice and hearing, the court shall determine the amount of the elective share and shall order its payment from the assets of the augmented net estate or by contribution as appears appropriate under section 20. If it appears that a fund or property included in the augmented net estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than he would have been if relief had been secured against all persons subject to contribution.*

(e) *The order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions.*

Sec. 19. [524.2-206] [EFFECT OF ELECTION ON BENEFITS BY WILL OR STATUTE.]

A surviving spouse is entitled to the allowances provided in section 525.15 whether or not he or she elects to take an elective share.

Sec. 20. [524.2-207] [CHARGING SPOUSE WITH GIFTS RECEIVED; LIABILITY OF OTHERS FOR BALANCE OF ELECTIVE SHARE.]

(a) *In the proceeding for an elective share, values included in the augmented estate which pass or have passed to the surviving spouse, or which would have passed to the surviving spouse but were renounced, are applied first to satisfy the elective share and to reduce any contributions due from other recipients of transfers included in the augmented estate. For purposes of this paragraph, the electing spouse's beneficial interest in any life estate or in any trust shall be computed as if worth one-half of the total value of the property subject to the life estate, or of the trust estate, unless higher or lower values for these interests are established by proof.*

(b) *Remaining property of the augmented estate is so applied that liability for the balance of the elective share of the surviving spouse is equitably apportioned among the recipients of the augmented estate in proportion to the value of their interests therein.*

(c) *Only original transferees from, or appointees of, the decedent and their donees, to the extent the donees have the property or its proceeds, are subject to the contribution to make up the elective share of the surviving spouse. A person liable to contribution may choose to give up the property transferred to him or to pay its value as of the time it is considered in computing the augmented estate.*

PART 3

SPOUSE AND CHILDREN UNPROVIDED FOR IN WILLS

Sec. 21. [524.2-301] [OMITTED SPOUSE.]

(a) *If a testator fails to provide by will for his surviving spouse who married the testator after the execution of the will, the omitted spouse shall receive the same share of the estate he would have received if the decedent left no will unless it appears from the will that the omission was intentional or the testator provided for the spouse by transfer outside the will and the intent that the transfer be in lieu of a testamentary provision is shown by statements of the testator or from the amount of the transfer or other evidence.*

(b) *In satisfying a share provided by this section, the devises made by the will abate as provided in section 524.3-902.*

Sec. 22. [524.2-302] [PRETERMITTED CHILDREN.]

(a) *If a testator fails to provide in his will for any of his children born or adopted after the execution of his will, the omitted child receives a share in the estate equal in value to that which he would have received if the testator had died intestate unless:*

(1) *it appears from the will that the omission was intentional;*

(2) *when the will was executed the testator had one or more children and devised substantially all his estate to the other parent of the omitted child; or*

(3) *the testator provided for the child by transfer outside the will and the intent that the transfer be in lieu of a testamentary provision is shown by statements of the testator or from the amount of the transfer or other evidence.*

(b) *If at the time of execution of the will the testator fails to provide in his will for a living child solely because he believes the child to be dead, the child receives a share in the estate equal in value to that which he would have received if the testator had died intestate.*

(c) *In satisfying a share provided by this section, the devises made by the will abate as provided in section 524.3-902.*

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 41.56, subdivision 3, is amended to read:

Subd. 3. [DEFAULT, FILING CLAIM.] (a) Within 90 days of a default on a guaranteed family farm security loan, the lender shall send notice to the ~~applicant~~ participant stating that the commissioner must be notified if the default continues for 180 days, and the consequences of that default. The lender and the ~~applicant~~ participant may agree to take any steps reasonable to assure the fulfillment of the loan obligation.

(b) *If the commissioner determines that a participant has defaulted and cannot make scheduled family farm security loan payments because of unique or temporary circumstances, the commissioner may make a loan to the participant to pay the participant's family farm security loan payments for up to two consecutive years. The loan to the participant must be:*

(1) *for an amount that the commissioner determines can be paid back in addition to the family farm security loan after examining the participant's cash flow projections;*

(2) *structured to be completely amortized within eight years; and*

(3) *at an interest rate of four percent below the prevailing Federal Land Bank interest rate for land purchase loans.*

(c) After 180 days from the initial default, if the ~~applicant~~ participant has not made arrangements to meet his obligation, the lender shall file a claim with the commissioner, identifying the loan and the nature of the default, and assigning to the state all of the lender's security and interest in the loan in exchange for payment according to the terms of the family farm security loan guarantee. In the case of a seller-sponsored loan, the seller may elect to pay the commissioner all sums owed the commissioner by the ~~applicant~~ participant and retain title to the property in lieu of payment by the commissioner under the terms of the loan guarantee. If the commissioner determines that the terms of the family farm security loan guarantee have been met, he shall

authorize payment of state funds to the lender, and shall notify the defaulting party. The state of Minnesota shall then succeed to the interest of the mortgagee or the vendor of the contract for deed. Taxes shall be levied and paid on the land as though the owner were a natural person and not a political subdivision of the state. The commissioner may, on behalf of the state, commence foreclosure or termination proceedings in the manner provided by law.

Sec. 2. Minnesota Statutes 1984, section 41.56, subdivision 4, is amended to read:

Subd. 4. [SALE OF DEFAULTED PROPERTY.] In the event that title to any property is acquired by the state, upon conveyance of title to the state and expiration of the period of redemption, the commissioner shall, ~~within 15 days of the expiration of the period of redemption,~~ undertake to sell the property by publishing a notice of the impending sale at least once each week for four successive weeks in a legal newspaper and also in a newspaper of general distribution in the county in which the property to be sold is situated. The notice must describe the lots or tracts to be offered and the terms of sale. Except as further provided, the terms and method of sale shall be determined by the commissioner.

The commissioner shall first attempt to sell the property to a person who is eligible for a family farm security loan. If the commissioner is unable to effect a sale to an eligible person, the commissioner shall attempt to sell the property for cash as provided in subdivision 4a. If the commissioner is unable to effect a sale to an eligible person or for cash, or if the commissioner finds that sale to an eligible person or for cash would not best protect the interests of the state, the commissioner may sell the property on terms which the commissioner finds will best protect the interests of the state. The commissioner may lease any real property which he is unable to sell with reasonable promptness. In any event, any acquired farm property must be sold within ~~two~~ three years after the conveyance of title to the state or after the expiration of the period of redemption. The commissioner may contract for the services of a licensed real estate agent or broker to assist in selling any property acquired under this section and may pay for the services from the proceeds of the sale before proceeds are distributed under subdivision 4b.

Sec. 3. Minnesota Statutes 1984, section 41.56, subdivision 4a, is amended to read:

Subd. 4a. [SALE FOR CASH.] When the commissioner sells any farm property for cash, he shall follow the procedures provided in this subdivision. ~~If the sale will be completed more than 15 days after the last published notice of sale as provided in subdivision 4, the commissioner shall publish another notice as provided in that subdivision.~~ The commissioner shall sell the property to the highest bidder by taking sealed bids or by bids at public auction. The commissioner may refuse to accept any or all bids and, upon refusal, negotiate a sale at least the price of the highest bid, if any. ~~If a bid is accepted, the successful bidder shall be selected within 15 days of the date of the last published notice of sale.~~ The successful bidder shall submit bid security in the form of a certified check or bid bond, money order, or bank draft in the amount of ~~two~~ five percent of the bid price on the day of selection and shall remit the balance of the purchase price within 90 days of the date of sale.

Upon remittance by the purchaser of the balance within 90 days of the date of sale, the commissioner shall transfer title to the property, including any acquired mineral rights, to the purchaser by quitclaim deed. In the event that the purchaser fails to remit all of the balance within 90 days of the date of sale, the purchaser forfeits all rights to the property and any money paid for the property and the commissioner shall recommence the sale process specified in this subdivision.

Sec. 4. Minnesota Statutes 1984, section 41.57, subdivision 2, is amended to read:

Subd. 2. [PAYMENT ADJUSTMENT.] To be eligible for payment adjustment a family farm security loan shall have a maximum term of 20 years and shall provide for payments at least annually so that the loan shall be amortized over its term with equal annual payments of principal and interest, adjusted for variable interest rates, except that a loan to be amortized over a term of ten years or less need not provide for equal annual payments of principal and interest. During the first ten years of a family farm security loan, the commissioner shall annually pay to the lender four percent of the outstanding balance due at the beginning of that year and the *applicant participant* shall pay the remainder of the payment due. After the tenth year, the *applicant participant* shall make payments according to the stated interest rate. The *applicant participant* may petition the commissioner for one ten year renewal of the payment adjustment. If a renewal is granted, in the 21st year the *applicant participant* shall reimburse the commissioner for the sums paid on the *applicant's participant's* behalf under this subdivision. If no renewal is granted, the *applicant participant* shall reimburse the commissioner in the 11th year for the sums paid on the *applicant's participant's* behalf under this subdivision. The obligation to repay the payment adjustment is a lien against the property. If the *applicant participant* does not reimburse the state within the required time period, the commissioner may charge interest at the rate of two percent above the prevailing rate charged by the Federal Land Bank of St. Paul on the net amount owed for the period of delinquency. To recover the adjustment payment due in delinquency cases, the commissioner may proceed to foreclose by advertisement on the lien as if it were a real estate mortgage following the procedures in chapter 580.

Sec. 5. Minnesota Statutes 1984, section 41.57, subdivision 3, is amended to read:

Subd. 3. [ANNUAL REVIEW OF NET WORTH.] The *applicant participant*, his dependents and spouse shall annually submit to the commissioner a statement of their net worth. If their net worth in any year exceeds the sum of \$135,000, the *applicant participant* shall be ineligible for a payment adjustment in that year.

Sec. 6. Minnesota Statutes 1984, section 41.58, is amended by adding a subdivision to read:

Subd. 4. [RESTRUCTURING SELLER SPONSORED LOANS.] *The commissioner may enter an agreement with a seller and a participant to restructure a seller sponsored loan as follows:*

(1) the seller must agree to reduce the remaining balance of the loan by at least ten percent;

(2) *the restructured loan must be amortized for the remaining period of the seller sponsored loan;*

(3) *the reduced balance is 100 percent guaranteed under subdivision 1.*

Sec. 7. Minnesota Statutes 1984, section 41.59, subdivision 1, is amended to read:

Subdivision 1. [IMMEDIATE REPAYMENT OF LOAN.] Any ~~applicant~~ *applicant participant* who sells or conveys the property for which a family farm security loan was issued shall immediately retire the entire indebtedness still owed to the lender and the commissioner. The new owner may negotiate a family farm security loan in his own right, but under no circumstances may the original loan be assumed by the new owner. If the new owner is granted a family farm security loan, the new owner may agree to assume the original ~~applicant's~~ *applicant's participant's* responsibility to reimburse the commissioner for a payment adjustment received, as a portion of the total purchase price. That portion of the purchase price may not be included under the guarantee or considered when calculating the payment adjustment for the new owner. This subdivision is not intended to prohibit the ~~applicant~~ *applicant participant* from granting a security interest in the property for the purposes of securing an additional loan.

Any ~~applicant~~ *applicant participant* who fails to personally maintain the land covered by a family farm security loan in active agricultural production for a period of time longer than one year is in default. The default may be waived by the commissioner in the event of a physical disability or other extenuating circumstances.

Sec. 8. Minnesota Statutes 1984, section 41.61, subdivision 1, is amended to read:

Subdivision 1. [SPECIAL ACCOUNT; STANDING APPROPRIATION.] There is created a special account in the state treasury for the purposes of financing the family farm security program.

The amount needed from time to time to pay lenders for defaulted loans and make other payments authorized by this chapter including *loans for defaulted loan payments under section 41.56, subdivision 3, paragraph (b), and insurance premiums and, taxes, repairs and maintenance costs, and sale expenses* on defaulted farms is appropriated from the special account to the commissioner. Money is also appropriated to the commissioner from the special account so that the commissioner may purchase the rights of first lienholders at mortgage foreclosure sales *and purchase United States department of agriculture commodity credit corporation loans for grain storage bins and silos.* The sum of all outstanding family farm security loans guaranteed by the commissioner at any time may not exceed \$100,000,000.

Mr. Sieloff moved to amend H.F. No. 779, as amended pursuant to Rule 49, adopted by the Senate April 17, 1985, as follows:

(The text of the amended House File is identical to S.F. No. 822.)

Page 1, after line 7, insert:

“Section 1. Minnesota Statutes 1984, section 290.01, subdivision 20b, is

amended to read:

Subd. 20b. [MODIFICATIONS REDUCING FEDERAL ADJUSTED GROSS INCOME.] There shall be subtracted from federal adjusted gross income:

(1) Interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 40 per centum of the portion of the gain. This modification shall not be applicable if the difference in basis is due to disallowance of depreciation pursuant to section 290.101.

(3) Income from the performance of personal or professional services which is subject to the reciprocity exclusion contained in section 290.081, clause (a);

(4) Losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(5) If included in federal adjusted gross income, the amount of any credit received, whether received as a refund or credit to another taxable year's income tax liability, pursuant to chapter 290A, and the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether the amount is received as a refund or credited to another taxable year's income tax liability;

(6) To the extent included in federal adjusted gross income, or the amount reflected as the ordinary income portion of a lump sum distribution under section 402(e) of the Internal Revenue Code of 1954, notwithstanding any other law to the contrary, the amount received by any person (i) from the United States, its agencies or instrumentalities, the Federal Reserve Bank or from the state of Minnesota or any of its political or governmental subdivisions or from any other state or its political or governmental subdivisions, or a Minnesota volunteer firefighter's relief association, by way of payment as a pension, public employee retirement benefit, or any combination thereof, (ii) as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 404, 405, 408, 409 or 409A of the Internal Revenue Code of 1954, or (iii) severance pay distributed to an individual upon discontinuance of the individual's employment due to termination of business operations by the individual's employer, provided that the termination is reasonably likely to be permanent, involves the discharge of at least 75 percent of the employees at that site within a one-year period, and the business is not acquired by another person who continues operations at that site. The maximum amount of this subtraction shall be \$11,000 less the amount by which the individual's

federal adjusted gross income, plus the ordinary income portion of a lump sum distribution as defined in section 402(e) of the Internal Revenue Code of 1954, exceeds \$17,000. For purposes of the preceding sentence, "federal adjusted gross income" shall not include railroad retirement or social security benefit amounts provided in sections 86 and 72(r) of the Internal Revenue Code of 1954. For purposes of this clause, "severance pay" means an amount received for cancellation of an employment contract or a collectively bargained termination payment made as a substitute for income which would have been earned for personal services to be rendered in the future. In the case of a volunteer firefighter who receives an involuntary lump sum distribution of his pension or retirement benefits, the maximum amount of this subtraction shall be \$11,000; this subtraction shall not be reduced by the amount of the individual's federal adjusted gross income in excess of \$17,000;

(7) To the extent included in the taxpayer's federal adjusted gross income for the taxable year, gain recognized upon a transfer of property to the spouse or former spouse of the taxpayer in exchange for the release of the spouse's marital rights;

(8) The amount of any distribution from a qualified pension or profit sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(9) Interest, including payment adjustment to the extent that it is applied to interest, earned by the seller of the property on a family farm security loan executed before January 1, 1986 that is guaranteed by the commissioner of agriculture as provided in sections 41.51 to 41.60;

(10) The first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota. This modification does not apply to compensation defined in subdivision 20b, clause (6);

(11) In the case of wages or salaries paid or incurred on or after January 1, 1977, the amount of any credit for employment of certain new employees under sections 44B and 51 to 53 of the Internal Revenue Code of 1954 which is claimed as a credit against the taxpayer's federal tax liability, but only to the extent that the credit is connected with or allocable against the production or receipt of income included in the measure of the tax imposed by this chapter;

(12) Unemployment compensation to the extent includible in gross income for federal income tax purposes under section 85 of the Internal Revenue Code of 1954;

(13) For an estate or trust, the amount of any income or gain which is not assignable to Minnesota under the provisions of section 290.17;

(14) Interest earned on a contract for deed entered into for the sale of property for agricultural use if the rate of interest set in the contract is no more than nine percent per year for the duration of the term of the contract. This

exclusion shall be available only if (1) the purchaser is an individual who, together with his spouse and dependents, has a total net worth valued at less than \$150,000 and (2) the property sold under the contract is farm land as defined in section 41.52, subdivision 6 of no more than 1,000 acres that the purchaser intends to use for agricultural purposes. Compliance with these requirements shall be stated in an affidavit to be filed with the first income tax return on which the taxpayer claims the exclusion provided in this clause. Upon request accompanied by the information necessary to make the determination, the commissioner shall determine whether interest to be paid on a proposed transaction will qualify for this exclusion; the determination shall be provided within 30 days of receipt of the request, unless the commissioner finds it necessary to obtain additional information, or verification of the information provided, in which case the determination shall be provided within 30 days of receipt of the final item of information or verification. The exclusion provided in this clause shall apply to interest earned on contracts for deed entered into after December 31, 1981 and before July 1, 1983;

(15) Income from the business of mining as defined in section 290.05, subdivision 1, clause (a) which is not subject to the Minnesota income tax;

(16) To the extent included in federal adjusted gross income, distributions from a qualified governmental pension plan which represent a return of designated employee contributions to the plan and which contributions were included in gross income pursuant to subdivision 20a, clause (17). The provisions of this clause shall apply before the provisions of clause (6) apply and an amount subtracted under this clause may not be subtracted under clause (6);

(17) To the extent included in federal adjusted gross income, distributions from an individual retirement account which represent a return of contributions if the contributions were included in gross income pursuant to subdivision 20a, clause (16). The distribution shall be allocated first to return of contributions included in gross income until the amount of the contributions has been exhausted; and

(18) To the extent included in federal adjusted gross income, social security benefits as defined and as provided in section 86 of the Internal Revenue Code of 1954, railroad retirement benefits as provided in section 72(r) of the Internal Revenue Code of 1954, and sick pay paid under the Railroad Unemployment Insurance Act as provided in section 105(i) of the Internal Revenue Code of 1954, provided that any amount subtracted under this clause may not be subtracted under clause (6);

(19) To the extent included in federal adjusted gross income, the portion of any gain attributable to the discharge of indebtedness relating to a family farm, but if the gain is long-term capital gain for federal income tax purposes, the modification is limited to 40 percent of the portion of the gain. This modification does not apply to any cash proceeds distributed to the taxpayer after discharge of the debt. For purposes of this clause, "family farm" means the business of agriculture that the taxpayer, the taxpayer's spouse, or a person related to the taxpayer or the taxpayer's spouse within the third degree of kindred, resides on the property or is actively engaged in the operation of the business, and includes any dwellings located on the property. "Agriculture" means the production of livestock, dairy animals or

dairy products, poultry or poultry products, fur-bearing animals, horticultural and nursery stock that is covered by sections 18.44 to 18.61, fruit, vegetables, forage, grain, and bees and apiary products."

[PLAN APPROVAL.] A district or county planning a designation for waste generated wholly within the metropolitan area defined in section 473.121 shall submit its designation plan to the metropolitan council for review and approval or disapproval. Other districts or counties shall submit the designation plan to the waste management board for review and approval or disapproval. The reviewing authority shall complete its review and make its decision within 90 120 days following submission of the plan for review. The reviewing authority shall approve the designation plan if the plan satisfies the requirements of subdivision 2. *The reviewing authority may attach conditions to its approval that relate to matters required in a designation ordinance under section 115A.86, subdivision 1. Subd. 3. [OPERATOR.] "Operator" means:

- (1) the permittee of a mixed municipal solid waste disposal facility that has an agency permit; or*
- (2) the person in control of a mixed municipal solid waste disposal facility that does not have an agency permit.*

The revenue from the fees shall be credited to the county general fund and shall be used only for landfill abatement purposes, or costs of closure, postclosure care, and response actions or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities.

Waste residue from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from one-half the amount of the fee imposed by a county under this section if there is at least an 85 percent volume reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate county.

Sec. 12. [115A.95] [RECYCLABLE MATERIALS.]

A resource recovery facility that is burning waste, or converting waste to energy or to materials for combustion, and is owned or operated by a public agency or supported by public funds or by obligations issued by a public agency may not accept recyclable materials except for transfer to a recycler.

The statement must not address or reconsider alternatives eliminated from consideration pursuant to subdivisions 1 and 2 and must not address the matters ~~to be decided~~ *subject to decision* by the council pursuant to subdivision 6b.

Sec. 15. Minnesota Statutes 1984, section 473.153, subdivision 6b, is amended to read:

Subd. 6b. [CERTIFICATION OF NEED.] No new facility for disposing of ash and other waste generated by the commission shall be permitted in the

metropolitan area without a certification of need issued by the council indicating the council's determination:

(a) that the disposal of waste with concentrations of hazardous materials is necessary; and

(b) that ~~the~~ additional ash disposal capacity ~~planned for the facility~~ is needed.

The council shall certify need only to the extent that there are no feasible and prudent methods of reducing the concentrations of hazardous materials in the waste and no feasible and prudent alternatives to ~~the~~ ash disposal facility, including large-scale composting and co-composting of sludge, which would minimize adverse impact upon natural resources. Methods and alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of methods or alternatives, including large-scale composting and co-composting of sludge as an alternative to incineration. In its certification the council shall not consider alternatives which have been eliminated from consideration by the selection of sites pursuant to ~~subdivisions subdivision 2 and 6~~.

Sec. 16. Minnesota Statutes 1984, section 473.801, subdivision 1, is amended to read:

Sec. 17. Minnesota Statutes 1984, section 473.811, subdivision 5, is amended to read:

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] Each metropolitan county may adopt ordinances governing the collection of solid waste. Each local unit of government within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted an ordinance, the local unit shall adopt either the county ordinance by reference or a more strict ordinance. *A county may adopt an ordinance requiring the separation from mixed municipal waste, by generators before collection, of materials that can readily be separated for use or reuse as substitutes for raw materials or for transformation into a usable soil amendment.* Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by the council pursuant to section 473.827. A licensed collector or a metropolitan county or local government unit may request review by the council of an ordinance adopted under this subdivision. The council shall approve or disapprove the ordinance within 60 days of the submission of a request for review. The ordinance shall remain in effect unless it is disapproved. Ordinances of counties and local units of government shall provide for the enforcement of any designation of facilities by the council under section 473.827. Nothing in this subdivision shall be construed to limit the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the council for ordinances regulating collection.

Sec. 18. Minnesota Statutes 1984, section 473.811, subdivision 5a, is amended to read:

Subd. 5a. [ORDINANCES; SOLID WASTE FACILITIES.] Each metropolitan county shall by ordinance establish and from time to time revise rules, regulations, and standards for solid waste facilities within the county, relating to location, sanitary operation, periodic inspection and monitoring, maintenance, termination and abandonment, and other pertinent matters. *The county ordinance may require facilities accepting mixed municipal solid waste for disposal to install scales.* The county ordinance shall require permits or licenses for solid waste facilities and shall require that such facilities be registered with a county office.

Sec. 19. Minnesota Statutes 1984, section 473.823, subdivision 6, is amended to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need *that conform to the certification standards stated in this subdivision.* The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the council's solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the *provisions of any master plans of counties adopted pursuant to section 473.803, subdivision 1b and that have been approved by the council under section 473.803, subdivision 2, and that are consistent with the council's abatement plan and development schedule.* The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives. In its certification the council shall not consider alternatives which have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3.

Each of the county auditors shall annually assess and extend upon the tax rolls in his county the portion of the taxes levied by the council in each year which is certified to him by the council. (4) *for the acquisition and improvement of resource recovery facilities.*

(b) If the council is required by law or regulation to prepare environmental analyses on one or more solid waste disposal sites and surrounding buffer areas, the council may use the proceeds of the bonds issued under subdivision 1 to contract for consultant services in the preparation of such analyses only upon a finding that equivalent expertise is not available among its own staff.

S.F. No. 919: A bill for an act relating to agriculture; protecting buyers when subject to a security interest; amending Minnesota Statutes 1984, section 336.9-307.

Mr. Sieloff moved to amend S.F. No. 919 as follows:

Page 1, after line 6, insert:

“Section 1. Minnesota Statutes 1984, section 336.9-306, is amended to read:

336.9-306 [“PROCEEDS”; SECURED PARTY’S RIGHTS ON DISPOSITION OF COLLATERAL.]

(1) “Proceeds” includes whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Money, checks, deposit accounts, and the like are “cash proceeds.” All other proceeds are “noncash proceeds.”

(2) Except where this article otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected 20 days after receipt of the proceeds by the debtor unless

(a) a filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds; or

(b) a filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds; or

(c) the security interest in the proceeds is perfected before the expiration of the 20 day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this article for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in the following proceeds:

(a) in identifiable noncash proceeds and in separate deposit accounts containing only proceeds;

(b) in identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;

(c) in identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and

(d) in all cash and deposit accounts of the debtor, in which proceeds have been commingled with other funds, but the perfected security interest under this paragraph (d) is

(i) subject to any right of setoff; and

(ii) limited to an amount not greater than the amount of any cash proceeds received by the debtor within 20 days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such period and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a) to (c) of this subsection (4).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.

(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under section 336.9-308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph (a).

(d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods.

(6) If the goods are farm products disposed of by a person engaged in farming operations, a security interest continues only in 80 percent of the proceeds."

Renumber the sections in sequence

Page 1, line 2, after the semicolon, insert "limiting security interests in farm product proceeds;"

The tax district shall be established by resolution adopted by the county board after a hearing. Notice of the time, place, and purpose of the hearing shall be published for two successive weeks in the official newspaper of the county, ending at least seven days before the day of the hearing. The resolution shall describe with particularity the territory or area to be included in the tax district. After adoption, the resolution shall be filed with the county auditor and county recorder. The district may be dissolved by following the procedures prescribed for the establishment of the district.

After adoption of the resolution under this clause, a county may annually levy a tax on all taxable property in the district for the purposes for which the tax district was established. The proceeds of the tax shall be paid into a fund reserved for these purposes. Any proceeds remaining in the reserve fund at the time the tax is terminated or the district is dissolved shall be transferred and irrevocably pledged to the debt service fund of the county to be used solely to reduce tax levies for bonded indebtedness of taxable property in the district. A tax levied in accordance with this subdivision for paying capital costs is a levy for the payment of principal and interest on bonded indebtedness within the meaning of section 275.50, subdivision 5, clause (e).

After adoption of the resolution under this clause, and after a contract for the construction of all or part of an improvement has been entered into or the work has been ordered done by day labor, the county may issue obligations in the amount it deems necessary to pay in whole or in part the capital cost incurred and estimated to be incurred in making the improvement. The obligations shall be payable out of the proceeds of the tax levied pursuant to this clause. The county may, by resolution of its board adopted prior to the sale of obligations, pledge the full faith, credit and taxing power of the county to assure payment of the principal and interest in the event the proceeds of the tax levy in the district are insufficient to pay principal and interest. The amount of any taxes that are required to be levied outside of the territory of the tax district or taken from the general funds of the county to pay principal and interest on the obligations shall be reimbursed to the county from taxes levied within the territory of the tax district. Obligations shall be issued in accordance with chapter 475, except that an election is not required and the amount of any obligations shall not be included in determining the net indebtedness of the county under the provisions of any law or charter limiting indebtedness.”

and for the enforcing of the terms of the bond if action is brought on the bond, including reasonable attorney's fees, in any case where such action is successfully maintained and for the compliance with the laws appertaining thereto. The penalty of such bond shall be not less than the contract price, and if after the giving of the bond the contract price should for any reason be increased, the obligee may require an additional bond, the penalty of which shall be not less than the amount of such increase, and if such additional bond be not furnished within ten days after such demand, the work on the contract shall cease until such additional bond shall have been furnished. In contracts made by the commissioner of administration or the department of transportation of the state, the penalty of the bond shall be in such amount as the commissioner of administration or the commissioner of transportation may fix, but not less than three-quarters of the contract price.

If the commissioner determines that a performance bond is required, it shall not be less than five percent of the contract price.

Subd. 3. [BID DEPOSIT.] For a contract made by the commissioner for a forestry development project, the commissioner may require a bid deposit in lieu of a performance bond for charges that may accrue because of doing the specified work and to enforce the terms of the contract, including reasonable attorney's fees if an action is successful. The commissioner may set the amount of the bid deposit, but it may not be less than five percent of the contract price.

Sec. 4. [574.264] [SECURITY IN LIEU OF BOND.]

Subdivision 1. If securities listed in this section are deposited, their value shall not be less than the amount required for the bond or bid deposit and the person required to file the performance bond or bid deposit shall submit an agreement authorizing the commissioner to sell or otherwise take possession of the securities in the event of default under the contract. The security deposits are for the protec-

tion of the state and for the performance and completion of the contract in accordance with its terms and as security for all costs and charges that may accrue for the doing of the work specified and compliance with the laws relating to it.

Subd. 2. [CLAIMS AGAINST BID DEPOSITS.] The bid deposit is subject to claims as provided for other deposits in section 574.261, subdivision 2."

Sec. 2. Minnesota Statutes 1984, section 260.011, subdivision 2, is amended to read:

Subd. 2. The purpose of the laws relating to juvenile courts is to secure for each child alleged or adjudicated neglected or dependent and under the jurisdiction of the court, the care and guidance, preferably in his own home, as will serve the spiritual, emotional, mental, and physical welfare of the child and the best interests of the state; *to provide judicial procedures which protect the welfare of the child*; to preserve and strengthen the child's family ties whenever possible, removing him from the custody of his parents only when his welfare or safety cannot be adequately safeguarded without removal; and, when the child is removed from his own family, to secure for him custody, care and discipline as nearly as possible equivalent to that which should have been given by his parents.

The purpose of the laws relating to children alleged or adjudicated to be delinquent is to promote the public safety and reduce juvenile delinquency by maintaining the integrity of the substantive law prohibiting certain behavior and by developing individual responsibility for lawful behavior. This purpose should be pursued through means that are fair and just, that recognize the unique characteristics and needs of children, and that give children access to opportunities for personal and social growth.

The laws relating to juvenile courts shall be liberally construed to carry out these purposes.

Sec. 3. Minnesota Statutes 1984, section 260.133, subdivision 2, is amended to read:

The court may grant relief as it deems proper, including an order:

- (1) restraining any party from committing acts of domestic child abuse; or
- (2) excluding the alleged abusing party from the dwelling which the family or household members share or from the residence of the child.

However, no order excluding the alleged abusing party from the dwelling may be issued unless the court finds that:

(1) the order is in the best interests of the child or children remaining in the dwelling; *and*

(2) a remaining adult family or household member is able to care adequately for the child or children in the absence of the excluded party; *and*

(3) ~~the local welfare agency has developed a plan to provide appropriate social services to the remaining family or household members.~~

Before the temporary order is issued, the local welfare agency shall advise the court and the other parties who are present that appropriate social services will be provided to the family or household members during the effective period of the order.

An ex parte temporary order for protection shall be effective for a fixed period not to exceed 14 days. Within five days of the issuance of the temporary order, the petitioner shall file a dependency and neglect petition with the court pursuant to section 260.131, and the court shall give docket priority to the petition.

The court may renew the temporary order for protection one time for a fixed period not to exceed 14 days if a dependency and neglect petition has been filed with the court and if the court determines, upon informal review of the case file, that the renewal is appropriate.

Sec. 4. Minnesota Statutes 1984, section 260.135, subdivision 1, is amended to read:

Subdivision 1. After a petition has been filed and unless the parties hereinafter named voluntarily appear, the court shall set a time for a hearing and shall issue a summons requiring the person who has custody or control of the child to appear with the child before the court at a time and place stated. The summons shall have a copy of the petition attached, and shall advise the parties of the right to counsel and of the consequences of failure to obey the summons. *The court shall give docket priority to any dependency, neglect, or neglected and in foster care petition that contains allegations of child abuse. As used in this subdivision, the term "child abuse" has the meaning given it in section 17, subdivision 2.*

Sec. 5. Minnesota Statutes 1984, section 260.155, is amended by adding a subdivision to read:

Subd. 4a. [EXAMINATION OF CHILD.] In any dependency, neglect, or neglected and in foster care proceeding the court may, on its own motion or

the motion of any party, take the testimony of a child witness informally when it is in the child's best interests to do so. Informal procedures that may be used by the court include taking the testimony of a child witness outside the courtroom. The court may also require counsel for any party to the proceeding to submit questions to the court before the child's testimony is taken, and to submit additional questions to the court for the witness after questioning has been completed. The court may excuse the presence of the child's parent, guardian, or custodian from the room where the child is questioned in accordance with subdivision 5.

Sec. 6. Minnesota Statutes 1984, section 260.156, is amended to read:

An out-of-court statement made by a child under the age of ten years alleging, explaining, denying, or describing any act of sexual contact or penetration performed with or on the child or any act of physical abuse or neglect of the child by another, not otherwise admissible by statute or rule of evidence, is admissible in evidence in any dependency or neglect proceeding or any proceeding for termination of parental rights if:

Sec. 8. Minnesota Statutes 1984, section 260.191, is amended by adding a subdivision to read:

Subd. 1d. [PARENTAL VISITATION.] If the court orders that the child be placed outside of the child's home or present residence, it shall set reasonable rules for supervised or unsupervised parental visitation that contribute to the objectives of the court order and the maintenance of the familial relationship. No parent may be denied visitation unless the court finds at a hearing that the visitation would act to prevent the achievement of the order's objectives or that it would endanger the child's physical or emotional well-being.

Sec. 9. Minnesota Statutes 1984, section 260.191, is amended by adding a subdivision to read:

Subd. 2a. [EFFECT OF ORDER.] Any person who provides services to a

mined solely on the basis of applicable statutory and common law.

(2) contract for consultant or other services necessary to carry out the board's duties under sections 3 to 14;

(3) grant reasonable partial compensation on an emergency basis pending the final decision on a claim, subject to the adoption of rules by the board, if the claim is one with respect to which an award will probably be made and undue hardship will result to the claimant if immediate payment is not made.

Subd. 3. [INVESTIGATION; OBTAINING INFORMATION.] The board may investigate any claim for compensation and for this purpose it may request from any person information regarding any matter, fact, or circum-

stance which is relevant to deciding the claim. In order to obtain this information the board, subject to any applicable privilege, may:

(a) request any person to produce documents, papers, books, or other tangible things in his possession, custody, or control;

(b) request the sworn testimony of any person as to any relevant fact or opinion;

(c) direct written questions to any person and request written answers and objections; and

(d) request a mental or physical examination or autopsy of the claimant.

The board shall give written notice of any request under this subdivision at least 15 days before the person is expected to comply with the request. If any person fails or refuses to comply with the request, the board may apply to a district court for an order to compel compliance with the request. The district court shall issue the order upon a showing of cause by the board, subject to applicable protective provisions of the rules of civil procedure.

Sec. 6. [115B.29] [ELIGIBLE INJURY AND PROPERTY DAMAGE.]

Subdivision 1. [ELIGIBLE PERSONAL INJURY.] (a) A personal injury is eligible for compensation from the fund if it is a medically verified injury, including a chronic or acute disease or death, which is related to exposure to a hazardous substance released from a site where the substance was deposited. An eligible personal injury includes but is not limited to cancer, genetic mutations, behavioral abnormalities, physiological malfunctions, and physical deformations.

(b) A personal injury is not eligible for compensation from the fund if:

(1) the exposure took place outside the geographical boundaries of the state;

(2) the injury is one that is compensable under the workers compensation law, chapter 176;

(3) the injury arises out of the ordinary use of a consumer product; or

(4) it is the result of the release of a hazardous substance for which the injured or damaged party is a responsible person.

Subd. 2. [ELIGIBLE PROPERTY DAMAGE.] Damage to real property owned by the claimant is eligible for compensation from the fund if the damage results from the presence in or on the property of a hazardous substance released from a site where the substance was deposited. Damage to property

is not eligible for compensation from the fund if it results from the release of a hazardous substance for which the claimant is a responsible person..

Subd. 3. [TIME FOR FILING CLAIM.] A claim is not eligible for compensation from the fund unless it is filed with the board within the time provided in this subdivision.

(a) A claim for compensation for personal injury must be filed within two years after the injury and its connection to exposure to a hazardous substance has been discovered.

(b) A claim for compensation for property damage must be filed within two years after the damage occurred.

Notwithstanding the provisions of this subdivision, claims for compensation that would otherwise be barred by the passage of time may be filed not later than January 1, 1988.

Sec. 7. [115B.30] [OTHER ACTIONS.]

Subdivision 1. [BY CLAIMANT.] Except as provided in subdivision 4, a claimant who receives compensation from the fund may bring a personal injury, wrongful death, or other action in court for damages not compensated by the fund. In any case where the final judgment does not exceed 25 percent of the amount previously recovered from the fund, the court may assess costs and fees, not including attorney fees, against the claimant. A decision by the board to grant or deny compensation is inadmissible as evidence in any court action brought by the claimant to recover for additional injury or damage, except that if a verdict or decision is rendered for the claimant, the court shall take judicial notice of any board decision granting compensation in determining whether or not fees must be assessed as provided in this subdivision, and in entering judgment shall reduce the total damages to the extent already compensated by the fund.

Subd. 2. [SUBROGATION BY STATE.] The state is subrogated to all the claimant's rights to recover losses compensated from the fund from other sources, including responsible persons as defined in section 115B.03. The state may bring a subrogation action in its own name or in the name of the claimant. Money recovered by the state under this subdivision must be deposited in the fund.

Subd. 3. [JOINDER OF ACTIONS.] Nothing in subdivision 1 or 2 precludes joinder of actions brought by the state and a claimant or intervention in an action by any party.

Subd. 4. [SIMULTANEOUS CLAIM AND COURT ACTION PROHIBITED.] A claimant may not commence a court action to recover for any injury or damage for which the claimant seeks compensation from the fund during the time that a claim is pending before the board. A person may not file a claim with the board for compensation for any injury or damage for which the claimant seeks to recover in a pending court action. The time for filing a claim under section 6 or the statute of limitations for any civil action is suspended during the period of time that a claimant is precluded from filing a claim or commencing an action under this subdivision.

Sec. 8. [115B.31] [CLAIM FOR COMPENSATION.]

Subdivision 1. [FORM.] A claim for compensation from the fund must be

filed with the board in the form required by the board. When a claim does not include all of the information required by subdivision 2 and applicable board rules, board staff shall notify a claimant of the absence of required information within 14 days of the filing of the claim. All required information must be received by the board not later than 60 days after the claimant received notice of its absence or the claim will be inactivated and may not be resubmitted for at least one year following the date of inactivation. The board may decide not to inactivate a claim under this subdivision if it finds serious extenuating circumstances.

Subd. 2. [REQUIRED INFORMATION.] A claimant must provide as part of the claim:

(1) a sworn verification by the claimant of the facts set forth in the claim to the best of the claimant's knowledge;

(2) evidence of the claimant's exposure to a named hazardous substance;

(3) evidence that the exposure experienced by the claimant causes or significantly contributes to injury of the type suffered by the claimant, except when the claim is based on an earlier decision of the board as provided in section 9, subdivision 3;

(4) evidence of the injury eligible for compensation suffered by the claimant and the compensable losses resulting from the injury;

(5) evidence of any property damage eligible for compensation and the amount of compensable losses resulting from the damage;

(6) information regarding any collateral sources of compensation; and

(7) other information required by the rules of the board.

Subd. 3. [DEATH CLAIMS.] In any case in which death is claimed as a compensable injury, the claim may be brought on behalf of the claimant by the individuals eligible for death benefits and by the claimant's estate for compensable medical expenses.

Sec. 9. [115B.32] [DETERMINATION OF CLAIM.]

Subdivision 1. [STANDARD FOR PERSONAL INJURY.] The board shall grant compensation to a claimant who shows that it is more likely than not that:

(1) the claimant suffers a medically verified injury that is eligible for compensation from the fund and that has resulted in a compensable loss;

(2) the claimant has been exposed to a hazardous substance in an amount and duration sufficient to cause or significantly contribute to injury of the type suffered by claimant; and

(3) the exposure of the claimant could reasonably have resulted from the release of the hazardous substance from an identified site where the substance was deposited.

Subd. 2. [STANDARD FOR PROPERTY DAMAGE.] The board shall grant compensation to a claimant who shows that it is more likely than not that:

(1) the claimant has suffered property damage that is eligible for compen-

sation and that has resulted in compensable loss; and

(2) the presence of the hazardous substance in or on the property could reasonably have resulted from the release of the hazardous substance from an identified site where the substance was deposited.

Subd. 3. [EFFECT OF PRIOR DECISION; EXCEPTION.] (a) Except as provided in this subdivision, the board may not rely on an earlier decision granting or denying compensation as dispositive of any later claim.

(b) If the board finds that exposure to a particular hazardous substance in a particular amount, duration, and location causes or significantly contributes to an injury of the type suffered by a claimant, it may rely on that finding as dispositive of any future claim by another claimant who shows that it is more likely than not that he or she suffered the same type of injury and was exposed to the same hazardous substance in substantially the same amount, duration, and location.

Sec. 10. [115B.33] [COMPENSABLE LOSSES.]

Subdivision 1. [PERSONAL INJURY LOSSES.] Losses compensable by the fund for personal injury are limited to:

(a) medical expenses directly related to the claimant's injury;

(b) up to two-thirds of the claimant's lost wages not to exceed \$2,000 per month or \$24,000 per year;

(c) up to two-thirds of a self-employed claimant's lost income, not to exceed \$2,000 per month or \$24,000 per year;

(d) death benefits to dependents as follows:

(1) to a spouse with no dependent children, a sum equal to the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by 60 months;

(2) to a spouse with three or fewer dependent children, a sum equal to two-thirds of the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by the number of months remaining until the youngest dependent child attains the age of 18;

(3) to a spouse with four or more dependent children, a sum equal to three-fourths of the deceased claimant's lost wages or lost income, calculated on a monthly basis not to exceed \$2,000 per month, multiplied by the number of months remaining until the youngest dependent child attains the age of 18;

(4) to three or fewer dependent children when there is no surviving spouse, an amount as calculated in clause (2) but using one-half of the deceased claimant's lost wages or lost income as the base for the calculation;

(5) to four or more dependent children when there is no surviving spouse, an amount as calculated in clause (3) but using two-thirds of the deceased claimant's lost wages or lost income as the base for the calculation; and

(6) to any other individual who can show dependence on the deceased claimant, an amount equal to the amount of actual average monthly contribution made by the claimant to that individual prior to his or her inability to contribute or one-fourth of the deceased claimant's lost wages or lost in-

come, calculated on a monthly basis not to exceed \$2,000 per month, whichever is less, multiplied by 36 months. A person who cannot show actual dependence on the deceased claimant may not recover death benefits. For the purposes of all the provisions in clause (d), lost wages includes the value of lost household labor; and

(e) the value of household labor lost due to the claimant's injury or disease not to exceed \$2,000 per month or \$24,000 per year.

Subd. 2. [PROPERTY DAMAGE LOSSES.] Losses compensable by the fund for property damage are limited to the following loss caused by damage to the principal residence of the claimant: the reasonable cost of replacing or decontaminating the primary source of drinking water for the property to the extent actually expended by the claimant or assessed by a local taxing authority, if the department of health has determined that the water is contaminated or has included the property in a well advisory area and has certified that the replacement or decontamination of the source of drinking water effectively has or will eliminate the contamination, up to a maximum of \$25,000.

Sec. 11. [115B.34] [DETERMINATION OF CLAIMS.]

Subdivision 1. [ASSIGNMENT OF CLAIMS.] The chairman of the board shall assign each claim that has been accepted for filing to a member of the board.

Subd. 2. [PRELIMINARY DECISION.] The board member to whom the claim is assigned shall review all materials filed in support of the claim and may cause an investigation to be conducted into the validity of the claim. The board member may make a preliminary decision on the basis of the papers filed in support of the claim and the report of any investigation of it. The decision must be in writing and include the reasons for the decision.

Subd. 3. [CIRCULATION OF PRELIMINARY DECISION.] Copies of the preliminary decision made under subdivision 2 must be circulated to the other two board members as soon as practicable. On receipt of the preliminary decision, the other two members have 20 days to challenge it by written notice to the member who made the decision. If neither member challenges the preliminary decision, a copy must be sent to the claimant who may challenge the decision by written notice to the board within 30 days of receipt of the decision. If no notice is received within the required time, the preliminary decision becomes a final decision of the board.

Subd. 4. [CHALLENGES.] If a board member or a claimant challenges a preliminary decision made pursuant to subdivision 2, the full board shall order the claimant to appear before the board. The appearance is not a contested case hearing under chapter 14. The claimant may produce further evidence to support the claim, including books, studies, reports, and any other written material and oral testimony of witnesses, including experts. The board members may ask questions of the claimant and any witnesses presented by the claimant. After the appearance, the board shall make a final decision on the claim as soon as practicable. The decision must be in writing and include the reasons for the decision. A copy of each final decision must be sent to the claimant, including, for a claim that is granted, an explanation of the form in which the claim will be paid.

Subd. 5. [RECORD.] Any appearance by a claimant or witnesses must be tape recorded but a formal record pursuant to chapter 14 is not required.

Subd. 6. [APPEAL.] A final decision of the board made pursuant to this section is conclusive on all matters decided. There is no right to judicial review of a final decision of the board.

Sec. 12. [115B.35] [AMOUNT AND FORM OF PAYMENT.]

If the board decides to grant compensation, it shall determine the net uncompensated loss payable to the claimant by computing the total amount of compensable losses payable to the claimant and subtracting the total amount of any compensation received by the claimant for the same injury or damage from other sources including, but not limited to, all forms of insurance and social security and any emergency award made by the board. The board shall pay compensation in the amount of the net uncompensated loss, provided that no claimant may receive more than \$250,000.

Compensation from the fund may be awarded in a lump sum or in installments at the discretion of the board.

Sec. 13. [115B.36] [ATTORNEY FEES.]

The board may by rule limit the fee charged by any attorney for representing a claimant before the board.

Sec. 14. [115B.37] [PARTIAL RECOUPMENT.]

At the end of each fiscal year, the board shall certify to the commissioner of revenue the amount expended from the fund to compensate persons injured by hazardous substances less amounts recovered under subrogation claims under section 7. The commissioner of revenue shall compute the rate of a surtax to be added to the hazardous waste generator tax in section 115B.22 which, collected over the next calendar year, will recoup 50 percent of the expenditures made from the fund during the previous fiscal year in excess of the subrogation claims recovered. The computation by the commissioner of the rate in this section shall not be considered a rule and shall not be subject to the administrative procedure act contained in chapter 14. The surtax is imposed effective January 1, 1987. Surtaxes collected under this section must be deposited in the fund.

Sec. 15. [APPROPRIATION.]

\$2,000,000 is appropriated from the general fund to the hazardous substance injury compensation fund, to be available until expended. Up to \$250,000 of this appropriation may be used for staff assistance, administrative services, and office space.

WHEREAS, the State of Minnesota is proud of the veterans of this nation's wars; and

WHEREAS, 8,800 Americans including 121 Minnesotans remain unac-

counted for from the Korean conflict and 2,483 Americans including 49 Minnesotans remain unaccounted for from the Vietnam conflict; NOW, THEREFORE,

BE IT RESOLVED by the House of Representatives of the State of Minnesota, the Senate concurring, that an official symbol is established in memory of those Americans who are missing and unaccounted for. The symbol established is a "Red Ribbon" and that the Red Ribbon will be displayed in all public buildings and other appropriate locations on the national day of recognition as designated by the Congress of the United States.

BE IT FURTHER RESOLVED that the Chief Clerk is directed to prepare enrolled copies of this resolution, to be authenticated by his signature and those of the Speaker, the President of the Senate, and the Secretary of the Senate, and present them to representatives of the various Minnesota veterans organizations.

WHEREAS, the plans for the President of the United States' trip to Germany include a visit and wreath laying at a cemetery where members of the Waffen SS who died in the Battle of the Bulge are buried; and

WHEREAS, the Waffen SS is one of the units primarily responsible for the perpetration of the holocaust; and

WHEREAS, it is not only beyond understanding why any tribute would be paid to the deceased Waffen SS members but is morally wrong and offensive to the survivors of the holocaust and the American and other allied soldiers who fought against the Nazi regime; and

WHEREAS, alternatives have been suggested, including visiting one of the many former concentration or extermination camp sites, as an appropriate remembrance of World War II; and

WHEREAS, the President of the United States should heed the just indignation of religious and veterans groups and many individual Americans about the proposed honoring of the battle casualties including Waffen SS troopers; NOW, THEREFORE,

BE IT RESOLVED by the Senate of the State of Minnesota that it is its sense that a visit by the President of the United States to a cemetery including Waffen SS troopers is an outrage. The visit should be replaced with one to a former concentration or extermination camp site to honor those who were victims of the Waffen SS or other groups perpetrating the Nazi horror.

A bill for an act relating to agriculture; clarifying the meaning of lender in the Minnesota emergency farm operating loans act; amending Laws 1985, chapter 4, section 3, subdivision 8.

April 30, 1985

The Honorable David M. Jennings
Speaker of the House of Representatives

The Honorable Jerome M. Hughes
President of the Senate

We, the undersigned conferees for H.F. No. 1216, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 1216 be further amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Laws 1985, chapter 4, section 3, subdivision 8, is amended to read:

Subd. 8. [LENDER.] “Lender” means a bank, *savings and loan association, or credit union* chartered by the state or federal government and a farm credit system lender. “Lender” also means the *Federal Deposit Insurance Corporation*.

Sec. 2. Laws 1985, chapter 4, section 6, is amended to read:

Sec. 6. [INTEREST PAYMENT PROGRAM ON NEW FARM OPERATING LOANS.]

Subdivision 1. [APPLICATION; FARMER CRITERIA.] A farmer may apply to a lender for a farm operating loan on which the state will pay part of the interest. To be eligible for the state payment, the farmer must have a debt to asset ratio greater than 50 percent and must not have a positive cash flow at the commissioner's interest index rate.

Subd. 2. [LOAN CRITERIA.] (a) To be eligible for the state interest payment, the farm operating loan must:

- (1) be made to a farmer at an interest rate between seven and ten percent per year;
- (2) be due and payable by March 1, 1986, after it is made;
- (3) be for operating expenses of the farm business; and
- (4) be made to a farmer that shows a positive cash flow at the reduced interest rate, demonstrates a reasonable chance of obtaining debt restructuring necessary to achieve a positive cash flow, or shows the ability to repay the operating loan.

(b) The lender may use additional criteria in determining whether to make a farm operating loan to a farmer.

(c) The lender must encourage the farmer to participate in the vocational adult farm business management program. The lender must agree to offer to pay enrollment fees, less the amount of a locally available reduction in or subsidy to fees ordinarily paid by the enrollee, for loan recipients who wish to enroll and participate in a vocational adult farm business management program or equivalent. A lender is not required to pay farm management program enrollment fees for more than one farmer per loan.

Subd. 3. [LOAN SUBMISSION.] The lender must submit to the commissioner all farm operating loans made by the lender for which the lender requests the state to pay part of the interest. ~~The lender must certify that the approved farm operating loan has been submitted to the farmers home administration for any loan guarantee programs that are available.~~ The commissioner must review the loan within five days after receipt. The commissioner may not pay interest on loans submitted after December 31, 1985.

Subd. 4. [PAYMENT AMOUNT.] The amount of interest paid by the state must be two-thirds of the amount of interest foregone by the lender as a result of the lender making the loan at an interest rate less than the commissioner's interest index. The interest is payable on the unpaid principal of the first \$75,000 of the loan, except as provided in section 7. The maximum interest payment per farmer may not exceed \$3,750. ~~The commissioner shall make payments beginning January 1, 1986, and pay all interest due by March 1, 1986. At the request of the lender, the commissioner shall pay 50 percent of the total amount due to the lender within ten days after the request is submitted to the commissioner. The commissioner shall pay all interest due by March 1, 1986.~~

Sec. 3. [EFFECTIVE DATE.]

This act is effective the day following final enactment."

"A bill for an act relating to agriculture; clarifying the meaning of lender in the Minnesota emergency farm operating loans act; changing certain eligibility criteria; providing for earlier payments; amending Laws 1985, chapter 4, sections 3, subdivision 8; and 6."

For taxable years beginning during a calendar year in which the inflation adjustments are suspended for one-half of the taxable year as a result of paragraph (b), the taxable net income adjustment factor shall be determined by multiplying the factor for the previous year by an amount equal to the current year factor minus one, divided by two, plus one.

Sec. 25. Minnesota Statutes 1984, section 290.068, subdivision 3, is amended to read:

Subd. 3. [LIMITATION; CARRYBACK AND CARRYOVER.] (a)(+) The credit for the taxable year shall not exceed the liability for tax. "Liability for tax" for purposes of this section means the tax imposed under this chapter for the taxable year reduced by the sum of the nonrefundable credits allowed under this chapter.

(2) In the case of an individual who

(A) owns an interest in an unincorporated business;

(B) is a partner in a partnership;

(C) is a beneficiary of an estate or trust; or

(D) is a shareholder in an S corporation;

the credit allowed for the taxable year shall not exceed the lesser of the amount determined under clause (1) for the taxable year or an amount (separately computed with respect to such person's interest in the trade or business or entity) equal to the amount of tax attributable to that portion of a person's taxable income which is allocable or apportionable to the person's interest in the trade or business or entity.

(b) If the amount of the credit determined under this section for any taxable year exceeds the limitation under clause (a), the excess shall be a research credit carryback to each of the three preceding taxable years and a research credit carryover to each of the 15 succeeding taxable years. The entire amount of the excess unused credit for the taxable year shall be carried first to the earliest of the taxable years to which the credit may be carried and then to each successive year to which the credit may be carried. The amount of the unused credit which may be added under this clause shall not exceed the taxpayer's liability for tax less the research credit for the taxable year.

For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to a research and experimental expenditure credit carryback under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 46th month, or the 45th month, in the case of a corporation, following the end of the taxable year in which the research and experimental expenditure credit arises which results in the carryback. With respect to any portion of a credit

carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, the period of limitations shall be that period which ends with the expiration of the 15th day of the 46th month, or, in the case of a corporation, the 45th month following the end of the subsequent taxable year. In any case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of a research and experimental expenditure credit, interest shall be computed only from the end of the taxable year in which the credit arises. With respect to any portion of a credit carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, interest shall be computed from the end of the subsequent taxable year.

Sec. 26. Minnesota Statutes 1984, section 290.068, subdivision 4, is amended to read:

Subd. 4. [~~ESTATES AND TRUSTS; PARTNERSHIPS.~~] In the case of ~~estates and trusts, and~~ partnerships, the credit shall be allocated to corporate partners in the same manner provided by section 44F 30(f)(2) of the Internal Revenue Code.

Sec. 27. Minnesota Statutes 1984, section 290.069, subdivision 4a, is amended to read:

[RECAPTURE; EQUITY INVESTMENT CREDIT.] (a) A taxpayer who receives a tax reduction pursuant to *Minnesota Statutes 1984, section 290.069*, subdivision 4 shall repay to the commissioner an amount of the tax reduction as specified in paragraph (b) if any of the following conditions occur within a four-year period after the date of the investment:

- (1) The taxpayer transfers, sells, or otherwise disposes of the stock other than transfer by the estate of a taxpayer who died after acquiring the stock.
- (2) The taxpayer or a related person acquires an interest in the qualified small business in excess of that permitted by subdivision 4, clause (b)(2).
- (3) The transferee ceases operations in Minnesota.
- (b) The amount of the repayment is determined pursuant to the following schedule:

Six months or more but less than 12 months	87-1/2 percent
12 months or more but less than 18 months	75 percent
18 months or more but less than 24 months	62-1/2 percent
24 months or more but less than 30 months	50 percent
30 months or more but less than 36 months	37-1/2 percent
36 months or more but less than 42 months	25 percent
42 months or more but less than 48 months	12-1/2 percent

(c) If a credit was allowed for a qualified small business whose principal place of business was located in an enterprise zone and the business ceases operations in the zone within three years after the investment is made, the taxpayer shall file an amended return claiming the credit without regard to *Minnesota Statutes 1984, section 290.069*, subdivision 4, paragraph (c).

Sec. 28. Minnesota Statutes 1984, section 290.069, subdivision 4b, is amended to read:

Subd. 4b. [MULTISTATE BUSINESSES.] If a qualified small business is engaged in a business partly within and partly without the state, the credit allowable pursuant to subdivision 2 ~~or 4~~ for technology transferred to ~~or a net investment made in~~ the business must be apportioned. The credit determined pursuant to subdivision 2 ~~or 4~~ must be multiplied by the arithmetical average of the qualified small business' property and payrolls, determined as provided by section 290.19, subdivision 1, clauses (2)(a)(2) and (2)(a)(3), using data from the most recently available year. After the technology is transferred ~~or the investment made~~, the qualified small business shall certify to the transferor taxpayer its factors under section 290.19, subdivision 1, clauses (2)(a)(2) and (2)(a)(3) for each of the succeeding two tax years. If the factors for either of these years would result in at least a 25 percent change in the allowable credit, the taxpayer shall file an amended return repaying or claiming the difference in the credit. The preceding sentence does not apply if the qualified small business ceases operations in Minnesota and the recapture provisions of subdivision 2a or 4a apply.

Sec. 29. Minnesota Statutes 1984, section 290.069, subdivision 5, is amended to read:

Subd. 5. [CARRYOVER; OTHER CONDITIONS.] If the amount of the allowable credit pursuant to subdivision 2 or 3 for the taxable year exceeds the taxpayer's tax liability ~~or if the limitation contained in subdivision 4, clause (a)(3) applies~~, the unused credit for the taxable year is a carryover to each of the succeeding five taxable years. The entire amount of the unused credit must be carried to the earliest of the taxable years to which it may be carried. "Tax liability" means the tax imposed by this chapter reduced by the sum of the nonrefundable credits allowed under this chapter except the credit allowed by section 290.068. The credits allowed by subdivisions 2 and 3 shall only be available to corporations and banks whose tax is computed pursuant to section 290.06, subdivision 1.

The maximum limitations on the amount of credits pursuant to subdivisions 2, ~~or 3,~~ ~~and 4~~ shall be determined by aggregating ~~together~~ the credits of all the corporations in the controlled group of corporations with the taxpayer. In order to facilitate compliance with and enforcement of this provision the commissioner may require the taxpayer to claim the credit on a combined report of the unitary business or to file a copy of the consolidated federal return with the state return or both.

Sec. 30. Minnesota Statutes 1984, section 290.069, subdivision 6, is amended to read:

Subd. 6. [REPEALER.] This section is repealed effective for contributions made to a small business office or to an innovation center public corporation as provided in subdivision 3, ~~and~~ for technology transferred as described in subdivision 2, ~~and for investments made as described in subdivision 4~~ in taxable years beginning after December 31, 1985.

Sec. 31. Minnesota Statutes 1984, section 290.069, subdivision 7, is amended to read:

Subd. 7. [COMMISSIONER'S POWER TO DISALLOW CREDIT.] The commissioner may disallow a credit under subdivision 2 ~~or 4~~ if he determines that the transaction giving rise to the credit was entered into by the parties

primarily to reduce taxes and not primarily for an independent business or commercial purpose other than the reduction of taxes.

Sec. 32. Minnesota Statutes 1984, section 290.08, subdivision 1, is amended to read:

Sec. 35. Minnesota Statutes 1984, section 290.089, subdivision 3, is amended to read:

Subd. 3. [STANDARD DEDUCTION.] In lieu of the deductions provided in subdivision 2, an individual may claim or be allowed a standard deduction as follows:

The tax of any individual taxpayer whose adjusted gross income is less than \$20,000 shall, if an election is made not to itemize nonbusiness deductions, be computed in accordance with tables prepared and issued by the commissioner of revenue. Sec. 36. Minnesota Statutes 1984, section 290.09, subdivision 1, is

amended to read:

Subdivision 1. [LIMITATIONS.] Except as provided in this subdivision, the deductions provided in this section from gross income shall only be allowed to corporations in computing net income. The provisions of subdivisions 2, clause (c), and 28; and 29 shall also apply to individuals, estates, and trusts to the extent provided in those subdivisions.

Sec. 37. Minnesota Statutes 1984, section 290.09, subdivision 2, is amended to read:

Subd. 2. [TRADE OR BUSINESS EXPENSES.] (a) [IN GENERAL.] There shall be allowed as a deduction all the ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, including

(1) A reasonable allowance for salaries or other compensation for personal services actually rendered;

(2) Traveling expenses (including amounts expended for meals and lodging other than amounts which are lavish or extravagant under the circumstances) while away from home in the pursuit of a trade or business; and

(3) Rentals or other payments required to be made as a condition to the continued use or possession, for purposes of the trade or business, of property to which the taxpayer has not taken or is not taking title or in which he has no equity; and

(4) *For persons engaged in the business of mining or producing iron ore, the mining or production of which is subject to the occupation tax imposed by section 298.01, subdivision 1, those expenses that are not deductible, capitalizable, or taken into account by allowance or otherwise in computing the occupation tax.*

(b) No deduction shall be allowed under this subdivision for any contribution or gift which would be allowable as a deduction under section 290.21 were it not for the percentage limitations set forth in such section;

(c) All expense money paid by the legislature to legislators;

(d) Entertainment, amusement, or recreation expenses shall be allowed under this subdivision only to the extent that they qualify as a deduction under section 274 of the Internal Revenue Code of 1954, as amended through December 31, 1983.

(e) No deduction shall be allowed under this subdivision for illegal bribes, kickbacks, and other payments, fines, and penalties, or treble damage payments under the antitrust laws except as provided in section 162 of the Internal Revenue Code of 1954, as amended through December 31, 1983.

Sec. 38. Minnesota Statutes 1984, section 290.09, subdivision 7, is amended to read:

Subd. 7. [DEPRECIATION.] (A) [CUMULATIVE DEPRECIATION.] (a) There shall be allowed as a depreciation deduction a reasonable allowance for the exhaustion, wear and tear (including a reasonable allowance for obsolescence):

(1) of property used in the trade or business, or

(2) of property held for the production of income.

In the case of recovery property as provided in clause (c), the deduction allowable under clause (c) shall be deemed to constitute the reasonable allowance provided by this subdivision, except for the provisions of Part (B) relating to first year depreciation and except with respect to that portion of the basis of the property to which section 167(k) of the Internal Revenue Code of 1954, as amended through December 31, 1983, applies.

(b) The term "reasonable allowance" as used in clause (a) shall include (but shall not be limited to) an allowance computed in accordance with regulations prescribed by the commissioner, under any of the following methods:

(1) the straight line method.

(2) the declining balance method, using a rate not exceeding twice the rate which would have been used had the annual allowance been computed under the method described in paragraph (1).

(3) the sum of the years-digits method, and

(4) any other consistent method productive of an annual allowance; which, when added to all allowances for the period commencing with the taxpayer's use of the property and including the taxable year, does not, during the first two-thirds of the useful life of the property, exceed the total of such allowances which would have been used had such allowances been computed under the method described in (2). Nothing in this clause (b) shall be construed to limit or reduce an allowance otherwise allowable under clause (a).

(c) For purposes of this subdivision "reasonable allowance" shall be the accelerated cost recovery system provisions of section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1983, except as provided in this subdivision. In the case of recovery property within the meaning of section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1983, the term "reasonable allowance" as used in clause (a) shall mean 85 percent of the deduction allowed pursuant to section 168 of the Internal Revenue Code of 1954 for property placed in service after December 31, 1980 and for taxable years beginning before January 1, 1982.

For taxable years beginning after December 31, 1981 the term reasonable allowance as used in clause (a) shall mean the following percent of the deduction allowed pursuant to section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1983:

(1) For 3, 5 and 10 year property and for 15 year public utility property the allowable percentage is 83 percent and 80 percent for taxable years beginning after December 31, 1982.

(2) For 15 year real property the allowable percentage is 60 percent.

For property placed in service after December 31, 1980 the term "reasonable allowance" as used in clause (a) shall mean 100 percent of the deduction allowed pursuant to section 168 of the Internal Revenue Code of 1954 where the taxpayer uses for federal income tax purposes the straight line method provided in section 168(b)(3) or a method provided in section 168(e)(2) of the Internal Revenue Code of 1954, as amended through December 31, 1983. For property placed in service after December 31, 1980

and for which the full amount of the deduction allowed under section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1983 has been allowed, the remaining depreciable basis in those assets for Minnesota purposes shall be a depreciation allowance computed by using the straight line method over the following number of years:

- (1) 3 year property - 1 year.
- (2) 5 year property - 2 years.
- (3) 10 year property - 5 years.
- (4) All 15 year property - 7 years.

When an asset is exchanged for another asset including an involuntary conversion and under the provision of the Internal Revenue Code gain is not recognized in whole or in part on the exchange of the first asset, the basis of the second asset shall be the same as its federal basis provided that the difference in basis due to the limitations provided in this clause can be written off as provided in the preceding sentence.

After the full amount of the allowable deduction for that property under the provision of section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1983, has been obtained, the remaining depreciable basis in those assets for Minnesota purposes that shall be allowed as a depreciation allowance as provided above shall include the amount of any basis reduction made for federal purposes under section 48(q) of the Internal Revenue Code, as amended through December 31, 1983, to reflect the investment tax credit. No amount shall be allowed as a deduction under section 196 of the Internal Revenue Code of 1954, as amended through December 31, 1983.

The provisions of section 168(i)(4) of the Internal Revenue Code of 1954, as amended through December 31, 1983 shall apply to restrict research credit carrybacks and net operating loss carrybacks which are allocable to elected qualified leased property, notwithstanding section 290.068, subdivision 3, or 290.095, subdivision 3.

~~The modification provided in this clause shall apply before applying a limitation on farm losses as contained in subdivision 29.~~

(d) Paragraphs (2), (3), and (4) of clause (b) shall apply only in the case of property (other than intangible property) described in clause (a) with a useful life of three years or more.

(1) the construction, reconstruction, or erection of which is completed after December 31, 1958, and then only to that portion of the basis which is properly attributable to such construction, reconstruction, or erection after December 31, 1958, or

(2) acquired after December 31, 1958, if the original use of such property commenced with the taxpayer and commences after such date.

(e) Where, under rules prescribed by the commissioner, the taxpayer and the commissioner have, after June 30, 1959, entered into an agreement in writing specifically dealing with the useful life and rate of depreciation of any property, the rate so agreed upon shall be binding on both the taxpayer and the commissioner in the absence of facts or circumstances not taken into

consideration in the adoption of such agreement. The responsibility of establishing the existence of such facts and circumstances shall rest with the party initiating the modification. Any change in the agreed rate and useful life specified in the agreement shall not be effective for taxable years before the taxable year in which notice in writing by certified mail is served by the party to the agreement initiating such change. This clause shall not apply with respect to recovery property as defined in clause (c).

(f) In the absence of an agreement under clause (e) containing a provision to the contrary, a taxpayer may at any time elect in accordance with rules prescribed by the commissioner to change from the method of depreciation prescribed in clause (b)(2) to the method described in clause (b)(1).

(g) The basis on which exhaustion, wear and tear, and obsolescence are to be allowed in respect of any property shall be the adjusted basis provided in this chapter for the purpose of determining the gain on the sale or other disposition of such property.

(B) [FIRST YEAR DEPRECIATION.] The term "reasonable allowance" as used in this subdivision may, at the election of the taxpayer, include an amount as provided under section 179 of the Internal Revenue Code of 1954, as amended through December 31, 1983.

Sec. 39. Minnesota Statutes 1984, section 290.091, is amended to read:

290.091 [MINIMUM TAX ON PREFERENCE ITEMS.]

In addition to all other taxes imposed by this chapter there is hereby imposed on individuals, estates, and trusts a tax which, in the case of a resident individual, shall be equal to 40 percent of the amount of the taxpayer's alternative minimum tax liability for tax preference items pursuant to the provisions of sections 55, 57, 58 and 443(d) of the Internal Revenue Code of 1954 as amended through December 31, 1983. For purposes of the tax imposed by this section, the following modifications shall be made:

(1) Alternative tax itemized deductions shall include the amount allowable as a deduction for the taxable year under section 164 of the Internal Revenue Code for Minnesota income tax paid or accrued.

(2) ~~The capital gain preference item shall be reduced where the gain would be modified because some or all of the assets have a higher basis for Minnesota purposes than for federal purposes.~~

(3) In the case of a nonresident individual, or an estate or trust, with a net operating loss that is a larger amount for Minnesota than for federal, the capital gain preference item shall be reduced to the extent it was reduced in the allowance of the net operating loss.

(4) (3) Federal preference items from the business of mining or producing iron ore and other ores which are subject to the occupation tax and exempt from taxation under section 290.05, subdivision 1, shall not be a preference item for Minnesota *except to the extent that they are subtracted from federal adjusted gross income pursuant to section 290.01, subdivision 20a.*

(5) (4) The term "regular tax" as defined in section 55(f)(2) of the Internal Revenue Code shall be increased by the amount of the credit allowable under section 38 of the Internal Revenue Code and it shall be computed before the

limitation on tax provided in section 1301 of the Internal Revenue Code.

~~(6) Federal preference items which arise from a farm shall not be a preference item to the extent they exceed the loss allowed under section 290.09, subdivision 29, other than interest and taxes.~~

In the case of any taxpayer who is not a full year resident individual, or who is an estate or trust the tax shall equal 40 percent of that federal liability, multiplied by a fraction the numerator of which is the amount of the taxpayer's preference item income allocated to this state pursuant to the provisions of sections 290.17 to 290.20, and the denominator of which is the taxpayer's total preference item income for federal purposes.

The tax benefit rule contained in section 58(h) of the Internal Revenue Code is applied to the Minnesota minimum tax only to the extent that it determines if there is a federal minimum tax. No separate tax benefit rule is allowable for the Minnesota minimum tax.

~~For property placed in service after December 31, 1980, and in a taxable year beginning before January 1, 1983, the preference items contained in section 57 (a)(12) of the Internal Revenue Code of 1954, as amended through December 31, 1983, shall not apply.~~

Sec. 40. Minnesota Statutes 1984, section 290.095, subdivision 7, is amended to read:

Subd. 7. [TENTATIVE CARRYBACK ADJUSTMENTS.] (a) Application for adjustment. A taxpayer may file an application for a tentative carryback adjustment of the tax for the prior taxable year affected by a loss or credit carryback from any taxable year. The application shall be signed and verified as provided in section 290.37, subdivision 1, and shall be filed on or after the date of filing of the return for the taxable year from which the carryback results and within a period of 12 months from the end of such taxable year (or with respect to any portion of a credit carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, the application shall be filed within a period of 12 months from the end of the subsequent taxable year), in the manner and form required by rules prescribed by the commissioner. The application shall set forth in such detail and with such supporting data and explanation as such rules shall require:

- (1) The amount of the loss or credit;
- (2) The amount of the tax previously determined for the prior taxable year affected by such carryback;
- (3) The amount of decrease in such tax, attributable to such carryback, such decrease being determined by applying the carryback in the manner provided by law to the items on the basis of which such tax was determined;
- (4) The unpaid amount of such tax;
- (5) Such other information for purposes of carrying out the provisions of this subdivision as may be required by such rules.

An application under this subdivision shall not constitute a claim for refund until 90 days from the date on which the application was filed, at which time it will become a claim for refund under the provisions of section 290.50.

(b) Allowance of adjustments. Within a period of 90 days from the date on

which an application for a tentative carryback adjustment is filed under (a), or from the last day of the month in which falls the last date prescribed by law (including any extension of time granted the taxpayer) for filing the return for the taxable year from which such carryback results, whichever is the later, the commissioner shall make, to the extent he deems practicable in such period a limited examination of the application, to discover omissions and errors of computation therein, and shall determine the amount of the decrease in the tax attributable to such carryback upon the basis of the application and the examination, except that the commissioner may disallow, without further action, any application which he finds contains errors of computation which he deems cannot be corrected by him within such 90-day period or material omissions. Such decrease shall be applied against any unpaid amount of tax decreased and any remainder shall, within such 90-day period, be either credited against any tax or installment thereof then due from the taxpayer, or refunded to the taxpayer.

(c) The provisions of this subdivision shall apply to net operating loss carrybacks as provided in subdivision 3 or 11; capital loss carrybacks as provided in section 290.16, subdivision 6; ~~farm loss carrybacks as provided in section 290.09, subdivision 29;~~ research credit carrybacks as provided in section 290.068, subdivision 3; and to any other carrybacks which may be provided in this chapter.

Sec. 41. Minnesota Statutes 1984, section 290.095, subdivision 9, is amended to read:

Subd. 9. [SPECIAL PERIOD OF LIMITATION WITH RESPECT TO NET OPERATING LOSS CARRYBACKS.] For the purposes of sections 290.46 and 290.50 if the claim for refund relates to an overpayment attributable to a net operating loss carryback under this section or as the result in the case of an individual of an adjustment of "federal adjusted gross income" because of the carryback under section 172 of the Internal Revenue Code of 1954, as amended through December 31, 1983 in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period shall be that period which ends with the expiration of the 15th day of the 46th month (or the 45th month, in the case of a corporation) following the end of the taxable year of the net operating loss which results in such carryback or adjustment of "federal adjusted gross income." During this extended period, *for taxable years beginning before January 1, 1985*, married individuals who elected to file separate returns or a combined return may change their election and file a joint return.

Sec. 42. Minnesota Statutes 1984, section 290.095, subdivision 11, is amended to read:

Subd. 11. [CARRYBACK OR CARRYOVER ADJUSTMENTS.] (a) For individuals the amount of a net operating loss that may be carried back or carried over shall be the same dollar amount allowable in the determination of federal adjusted gross income. For estates and trusts the amount of a net operating loss that may be carried back or carried over shall be the same dollar amount allowable in the determination of federal taxable income.

(b) The following adjustments to the amount of the net operating loss that may be carried back or carried over must be made for:

(1) Nonassignable income or losses as required by section 290.17, sub-

division 2.

(2) Modifications required because of the restrictions on farm losses as provided in section 290.09, subdivision 29.

(3) Adjustments to the determination of federal adjusted gross income that must be made because of changes in the Internal Revenue Code that have not yet been adopted by the legislature by updating the reference to the Internal Revenue Code contained in section 290.01, subdivision 20.

(4) Modifications to income contained in federal adjusted gross income according to the provisions of section 290.01, subdivision 20c.

(5) Gains or losses which result from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes subject to the limitations contained in section 290.01, subdivision 20b, clauses (2) and (4).

(6) (3) Interest, taxes, and other expenses not allowed under section 290.10, clause (9) or section 290.101.

(7) The modification for accelerated cost recovery system depreciation as provided in section 290.01, subdivision 20f.

(c)(1) The net operating loss carryback or carryover applied as a deduction in the taxable year to which the net operating loss is carried back or carried over shall be equal to the net operating loss carryback or carryover applied in the taxable year in arriving at federal adjusted gross income (or federal taxable income for trusts and estates) subject to the modifications contained in clause (b) and to the following modifications:

(A) Increase the amount of carryback or carryover applied in the taxable year by the amount of losses and interest, taxes and other expenses not assignable or allowable to Minnesota incurred in the taxable year.

(B) Decrease the amount of carryback or carryover applied in the taxable year by the amount of income not assignable to Minnesota earned in the taxable year and the amount of federal jobs credit earned in the taxable year.

(C) A taxpayer who is not a resident of Minnesota during any part of the taxable year and who has no income assignable to Minnesota during the taxable year shall apply no net operating loss carryback or carryover in the taxable year.

(2) The provisions of section 172(b) of the Internal Revenue Code of 1954 as amended through December 31, 1983 (relating to carrybacks and carryovers) shall apply. The net operating loss carryback or carryover to the next consecutive taxable year shall be the net operating loss carryback or carryover as calculated in clause (c)(1) less the amount applied in the earlier taxable year(s). No additional net operating loss carryback or carryover shall be allowed if the entire amount has been used to offset Minnesota income in a year earlier than was possible on the federal return. A net operating loss carryback or carryover that was allowed to offset federal income in a year earlier than was possible on the Minnesota return shall still be allowed to offset Minnesota income but only if the loss was assignable to Minnesota in the year the loss occurred.

(d) A net operating loss shall be allowed to be carried back or carried

forward only to the extent that loss was assignable to Minnesota in the year the loss occurred or in the year to which the loss was carried over, whichever would allow more of the loss to be allowed for Minnesota purposes.

(e) If a taxpayer has a net operating loss for federal purposes and the provisions of the farm loss limitation as provided in section 290.09, subdivision 29 apply, the limitations applying to the farm losses that are carried back or carried over are applied first and the net operating loss that is carried back or carried over is limited to the excess, if any, that the net operating loss exceeds the farm loss limitation.

Sec. 43. Minnesota Statutes 1984, section 290.10, is amended to read:

290.10 [NONDEDUCTIBLE ITEMS.]

In computing the net income no deduction shall in any case be allowed for:

- (4) Premiums paid on any life insurance policy covering the life of the taxpayer or of any other person;
- (5) The shrinkage in value, due to the lapse of time, of a life or terminable interest of any kind in property acquired by gift, devise, bequest or inheritance;

- (9) Expenses, interest and taxes connected with or allocable against the production or receipt of all income not included in the measure of the tax imposed by this chapter, *except that for persons engaged in the business of mining or producing iron ore, the mining of which is subject to the occupation tax imposed by section 298.01, subdivision 1, this shall not prohibit deductions to the extent that they are allowed under section 290.01, subdivi-*

(10) In situations where this chapter provides for a subtraction from gross income of a specific dollar amount of an item of income assignable to this state, and within the measure of the tax imposed by this chapter, that portion of the federal income tax liability assessed upon such income subtracted, and any expenses attributable to earning such income, shall not be deductible in computing net income;

(12) (11) No deduction or credit shall be allowed for any amount paid or incurred during the taxable year in carrying on any trade or business if the trade or business (or the activities which comprise the trade or business) consists of trafficking in controlled substances (within the meaning of schedule I and II of the federal Controlled Substances Act) which is prohibited by federal law or the law of Minnesota.

Sec. 44. Minnesota Statutes 1984, section 290.12, subdivision 1, is amended to read:

Subdivision 1. [MEASUREMENT.] The gain from the sale or other disposition of property shall be the excess of the amount realized therefrom over the basis provided in this chapter and the loss shall be the excess of such basis over the amount realized, except that such basis shall, in the case of both gain and loss, be adjusted as provided in subdivision 2. *The provisions of this section apply only to corporations.*

Sec. 45. Minnesota Statutes 1984, section 290.12, subdivision 2, is amended to read:

Subd. 2. [ADJUSTMENTS.] In computing the amount of gain or loss under subdivision 1 proper adjustment shall be made for any expenditure, receipt, loss, or other item properly chargeable to capital account by the taxpayer during his ownership thereof. The basis shall be diminished by the amount of the deductions for exhaustion, wear and tear, obsolescence, amortization, depletion, and the allowance for amortization of bond premium if an election to amortize was made in accordance with section 290.09, subdivision 13, which could, during the period of his ownership thereof, have been deducted by the taxpayer under this chapter in respect of such property. ~~The basis shall also be diminished by the amount of depreciation relating to a substandard building disallowed by section 290.101.~~ In addition, if the property was acquired before January 1, 1933, the basis, if other than the fair market value as of such date, shall be diminished by the amount of exhaustion, wear and tear, obsolescence, amortization, or depletion actually sustained before such date. In respect of any period since December 31, 1932, during which property was held by a person or an organization not subject to income taxation under this chapter, proper adjustment shall be made for exhaustion, wear and tear, obsolescence, amortization, and depletion of such property to the extent sustained. For the purpose of determining the amount of these adjustments the taxpayer who sells or otherwise disposes of property acquired by gift shall be treated as the owner thereof from the time it was

acquired by the last preceding owner who did not acquire it by gift, and the taxpayer who sells or otherwise disposes of property acquired by gift through an inter vivos transfer in trust shall be treated as the owner from the time it was acquired by the grantor:

No adjustment shall be made:

(1) for taxes or other carrying charges described in section 290.10, clause ~~(1)~~ (10), or

(2) for expenditures described in section 290.09, subdivision 16 (relating to circulation expenditures), for which deductions have been taken by the taxpayer in determining taxable income for the taxable year or prior years.

Sec. 46. Minnesota Statutes 1984, section 290.14, is amended to read:

290.14 [GAIN OR LOSS ON DISPOSITION OF PROPERTY, BASIS.]

The determination of basis under this section applies only to corporations. Except as for basis determinations otherwise provided in this chapter for corporations, the basis for determining the gain or loss from the sale or other disposition of property acquired on or after January 1, 1933, shall be the cost to the taxpayer of such property, with the following exceptions:

(1) If the property should have been included in the last inventory, it shall be the last inventory value thereof;

(2) If the property was acquired by gift, it shall be the same as it would be if it were being sold or otherwise disposed of by the last preceding owner not acquiring it by gift; if the facts required for this determination cannot be ascertained, it shall be the fair market value as of the date, or approximate date, of acquisition by the last preceding owner, as nearly as the requisite facts can be ascertained by the commissioner;

(3) If the property was acquired by gift through an inter vivos transfer in trust, it shall be the same as it would be if it were being sold or otherwise disposed of by the grantor;

(4) Except as otherwise provided in this clause, the basis of property in the hands of a person acquiring the property from a decedent or to whom the property passed from a decedent shall, if not sold, exchanged or otherwise disposed of before the decedent's death by the person, be the fair market value of the property at the date of decedent's death or, in the case of an election under section 2032 (relating to alternate valuation) of the Internal Revenue Code of 1954, as amended through December 31, 1983, its valuation at the applicable valuation date prescribed by that section, or in the case of an election under section 2032A (relating to valuation of farm real property) of the Internal Revenue Code of 1954, as amended through December 31, 1983, its value determined by that section.

For the purposes of the preceding paragraph, the following property shall be considered to have been acquired from or to have passed from the decedent:

(a) Property acquired by bequest, devise, or inheritance, or by the decedent's estate from the decedent;

(b) Property transferred by the decedent during his lifetime in trust to pay

the income for life to or on the order or direction of the decedent, with the right reserved to the decedent at all times before his death to revoke the trust;

(c) Property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent with the right reserved to the decedent at all times before his death to make any change in the enjoyment thereof through the exercise of a power to alter, amend, or terminate the trust;

(d) Property passing without full and adequate consideration under a general power of appointment exercised by the decedent by will;

(e) In the case of a decedent's dying after December 31, 1956, property acquired from the decedent by reason of death, form of ownership, or other conditions (including property acquired through the exercise or non-exercise of a power of appointment), if by reason thereof the property is required to be included in determining the value of the decedent's gross estate for Minnesota inheritance or estate tax purposes. In this case, if the property is acquired before the death of the decedent, the basis shall be the amount determined under the first paragraph of this clause reduced by the amount allowed to the taxpayer as deductions in computing taxable net income under this chapter or prior Minnesota income tax laws for exhaustion, wear and tear, obsolescence, amortization, and depletion on the property before the death of the decedent. The basis shall be applicable to the property commencing on the death of the decedent. This paragraph shall not apply to annuities and property described in paragraphs (a), (b), (c) and (d) of this clause.

This clause shall not apply to property which constitutes a right to receive an item of income in respect of a decedent under section 290.077.

(5) If substantially identical property was acquired in the place of stocks or securities which were sold or disposed of and in respect of which loss was not allowed as a deduction under section 290.089 or section 290.09, subdivision 5, the basis in the case of property so acquired shall be the same as that provided in section 1091 of the Internal Revenue Code of 1954, as amended through December 31, 1983.

(6) Neither the basis nor the adjusted basis of any portion of real property shall, in the case of a lessor of the property, be increased or diminished on account of income derived by the lessor in respect of the property and excludable from gross income under section 290.08, subdivision 14.

If an amount representing any part of the value of real property attributable to buildings erected or other improvements made by a lessee in respect of the property was included in gross income of the lessor for any taxable year beginning before January 1, 1943, the basis of each portion of the property shall be properly adjusted for the amount included in gross income.

(7) If the property was acquired by the taxpayer as a transfer of property in exchange for the release of the taxpayer's marital rights, the basis of the property shall be the same as it would be if it were being sold or otherwise disposed of by the person who transferred the property to the taxpayer.

(8) The basis of property subject to the provisions of section 1034 of the Internal Revenue Code of 1954, as amended through December 31, 1983 (relating to the rollover of gain on sale of principal residence) shall be the

same as the basis for federal income tax purposes. The basis shall be increased by the amount of gain realized on the sale of a principal residence outside of Minnesota, while a nonresident of this state, which gain was not recognized because of the provisions of section 1034.

Sec. 47. Minnesota Statutes 1984, section 290.16, subdivision 1a, is amended to read:

Subd. 1a. [INAPPLICABLE TO INDIVIDUALS, TRUSTS, ESTATES.] With respect to individuals, trusts and estates, the provisions of this section shall not be applicable and gains and losses shall be reported as provided in section 290.01, subdivisions 20 to ~~20f~~ 20e.

Sec. 48. Minnesota Statutes 1984, section 290.19, subdivision 1, is amended to read:

Subdivision 1. [COMPUTATION, BUSINESS CONDUCTED PARTLY WITHIN STATE; APPORTIONMENT.] The taxable net income from a trade or business carried on partly within and partly without this state shall be computed by deducting from the gross income of such business, wherever derived, deductions of the kind permitted by section 290.09, so far as connected with or allocable against the production or receipt of such income. The remaining net income shall be apportioned to Minnesota as follows:

(1) If the business consists of the mining, producing, smelting, refining, or any combination of these activities of copper and nickel ores, or of the manufacture of personal property and the sale of said property within and without the state, the remainder shall be apportioned to Minnesota on the basis of the percentage obtained by taking the arithmetical average of the following three percentages:

(a) The percentage which the sales made within this state is of the total sales wherever made;

(b) The percentage which the total tangible property, real, personal, and mixed, owned or rented, and used by the taxpayer in this state during the tax period in connection with such trade or business is of the total tangible property, real, personal, or mixed, wherever located, owned or rented and, used by the taxpayer in connection with such trade or business during the tax period; and,

(c) The percentage which the taxpayer's total payrolls paid or incurred in this state or paid in respect to labor performed in this state in connection with such trade or business is of the taxpayer's total payrolls paid or incurred in connection with such entire trade or business;

(d) The percentage of such remainder to be assigned to this state shall not be in excess of the sum of the following percentages: 70 percent of the percentage determined under clause (1) (a), 15 percent of the percentage determined under clause (1) (b), and 15 percent of the percentage determined under clause (1) (c);

(2) (a) In all other cases the remainder shall be apportioned to Minnesota on the basis of the percentage obtained by taking the arithmetical average of the following three percentages:

(1) The percentage which the sales, gross earnings, or receipts from busi-

ness operations, in whole or in part, within this state bear to the total sales, gross earnings, or receipts from business operations wherever conducted;

(2) The percentage which the total tangible property, real, personal, and mixed, owned or rented, and used by the taxpayer in this state during the tax period in connection with such trade or business is of the total tangible property, real, personal, or mixed, wherever located, owned, or rented, and used by the taxpayer in connection with such trade or business during the tax period; and

(3) The percentage which the taxpayer's total payrolls paid or incurred in this state or paid in respect to labor performed in this state in connection with such trade or business is of the taxpayer's total payrolls paid or incurred in connection with such entire trade or business;

(4) The percentage of such remainder to be assigned to this state shall not be in excess of the sum of the following percentages: 70 percent of the percentage determined under clause (2) (a) (1), 15 percent of the percentage determined under clause (2) (a) (2), and 15 percent of the percentage determined under clause (2) (a) (3);

(b) If the methods prescribed under clause (2) (a) will not properly reflect taxable net income assignable to the state, there may be used, if practicable and if such use will properly and fairly reflect such income, the percentage which the sales, gross earnings, or receipts from business operations, in whole or in part, within this state bear to the total sales, gross earnings, or receipts from business operations wherever conducted; or the separate or segregated accounting method; however, for athletic teams when the visiting team does not share in the gate receipts, all of the team's income is apportioned to the state in which the team's operation is based;

(3) If the business consists exclusively of the selling of tangible personal property and services in response to orders received by United States mail or telephone, and 100 percent of the taxpayer's property and payroll is within Minnesota, then the taxpayer may apportion net income to Minnesota as provided in clause (1), except that the percentages applicable in clause (1)(d) shall be 80 percent of the percentage determined under clause (1)(a), 10 percent of the percentage determined under clause (1)(b), and 10 percent of the percentages determined under clause (1)(c). In determining eligibility for this section, the occasional sales of tangible or intangible assets used in conducting business activities shall be disregarded.

(4) The sales, payrolls, earnings, and receipts referred to in this section shall be those for the taxable year in respect of which the tax is being computed. The property referred to in this section shall be the average of the property owned or rented and used by the taxpayer during the taxable year in respect of which the tax is being computed. For purposes of computing the property factor referred to in this section, United States government property which is used by the taxpayer shall be considered as being owned by the taxpayer.

Sec. 49. Minnesota Statutes 1984, section 290.23, subdivision 3, is amended to read:

Subd. 3. [UNUSED LOSS CARRYOVERS AND EXCESS DEDUCTIONS ON TERMINATION AVAILABLE TO BENEFICIARIES.] If on

the termination of an estate or trust, the estate or trust has

(1) a net operating loss carryover under section 290.095, or a capital loss carryover under section 290.01, subdivisions 20 to ~~20f~~ or ~~any other loss or credit carryover allowed under this chapter 20e~~; or

(2) for the last taxable year of the estate or trust deductions (other than the charitable deduction) in excess of gross income for such year,

then such carryover or such excess shall be allowed as a deduction, in accordance with rules prescribed by the commissioner, to the beneficiaries succeeding to the property of the estate or trust.

Sec. 50. Minnesota Statutes 1984, section 290.311, subdivision 1, is amended to read:

Subdivision 1. [PARTNERS.] (a) Partner's modifications. In determining gross income and Minnesota taxable income of a partner, any modification described in section 290.01, subdivisions 20 to ~~20e~~, which relates to an item of partnership income, gain, loss or deduction shall be made in accordance with the partner's distributive share, for federal income tax purposes, of the item to which the modification relates. *The basis of a partner's interest is the same as determined for federal income tax purposes for all partners, except corporate partners, notwithstanding section 290.31, subdivisions 5 and 19.*

(b) Character of items. Each item of partnership income, gain, loss, or deduction shall have the same character for a partner under this section which it has for federal income tax purposes. Where an item is not characterized for federal income tax purposes, it shall have the same character for a partner as if realized directly from the source from which realized by the partnership, or incurred in the same manner as incurred by the partnership.

(c) Minnesota tax avoidance or evasion. Where a partner's distributive share of an item of partnership income, gain, loss or deduction is determined for federal income tax purposes by special provision in the partnership agreement with respect to such item, and where the effect of such provision is the avoidance or evasion of tax under this section, the partner's distributive share of such item, and any modifications required with respect thereto shall be determined as if the partnership agreement made no special provision with respect to such item.

Sec. 51. Minnesota Statutes 1984, section 290.37, subdivision 1, is amended to read:

Subdivision 1. [PERSONS MAKING RETURNS.] (a) The commissioner of revenue shall annually determine the gross income levels at which individuals, trusts, and estates shall be required to file a return for each taxable year. An individual who is not a Minnesota resident for any part of the year is not required to file a Minnesota income tax return if the individual's Minnesota gross income computed under section 290.06, subdivision 2c, clause (c)(1) is less than the filing requirements for an individual who is a full year resident of Minnesota with the same marital status and number of personal credits.

The decedent's final income tax return, and all other income tax returns for prior years where the decedent had gross income in excess of the minimum

amount at which an individual is required to file and did not file, shall be filed by his or her personal representative, if any. If there is no personal representative, the return or returns shall be filed by the transferees as defined in section 290.29, subdivision 3, who receive any property of the decedent.

The trustee or other fiduciary of property held in trust shall file a return with respect to the taxable net income of such trust if that exceeds an amount determined by the commissioner if such trust belongs to the class of taxable persons.

Every corporation shall file a return. The return in this case shall be signed by an officer of the corporation.

The receivers, trustees in bankruptcy, or assignees operating the business or property of a taxpayer shall file a return with respect to the taxable net income of such taxpayer if that exceeds an amount on which a tax at the rates herein provided would exceed the specific credits allowed a return is required.

(b) Such return shall (1) ~~be verified or~~ contain a written declaration that it is ~~made under the penalties of criminal liability for willfully making a false return correct and complete,~~ and (2) shall contain *language prescribed by the commissioner providing a confession of judgment for the amount of the tax shown due thereon to the extent not timely paid.*

(c) For purposes of this subdivision the term "gross income" shall mean gross income as defined in section 61 of the Internal Revenue Code of 1954, as amended through December 31, 1983, modified and adjusted in accordance with the provisions of sections 290.01, subdivision 20b, clauses (1), (6), and (10), ~~290.08, (3), and (4)~~ and 290.17.

Sec. 52. Minnesota Statutes 1984, section 290.38, is amended to read:

290.38 [JOINT RETURNS OF HUSBAND AND WIFE.]

A husband and wife ~~may must~~ make a single return jointly ~~even though one of the spouses has neither gross income nor deductions if they filed a joint federal income tax return.~~ If a joint return is made the tax shall be computed on the aggregate income and the liability with respect to the tax shall be joint and several. If ~~both the~~ husband and wife have ~~gross income elected to file separate federal income tax returns they may elect to either file a single return jointly or may must~~ file separate returns pursuant to this section ~~or as provided in section 290.39, subdivision 2.~~ This election to file a joint or separate returns ~~may must~~ be changed ~~within the period provided for the assessment of additional taxes on said return or returns if they change their election for federal purposes.~~ In the event taxpayers desire to change their election, such change shall be done in the manner and on such form as the commissioner shall prescribe by ~~regulation rule.~~

No joint return shall be made if the husband and wife have different taxable years; ~~except that if such taxable years begin on the same day and end on different days because of the death of either or of both, then the joint return may be made with respect to the taxable year of each.~~ The above exception shall not apply if the surviving spouse remarries before the close of his taxable year or if the taxable year of either spouse is a fractional part of a year under section 290.32.

In the case of the death of one spouse or both spouses the joint return with respect to the decedent may be made only by the personal representative of his estate; except that in the case of the death of one spouse the joint return may be made by the surviving spouse with respect to both himself and the decedent if (a) no return for the taxable year has been made by the decedent, (b) no personal representative has been appointed, and (c) no personal representative is appointed before the last day prescribed by law for filing the return of the surviving spouse. If a personal representative of the estate of the decedent is appointed after the joint return has been filed by the surviving spouse, the personal representative may disaffirm such joint return by filing, within one year after the last day prescribed by law for filing the return of the surviving spouse, a separate return for the taxable year of the decedent with respect to which the joint return was made, in which case the return made by the survivor shall constitute his separate return *provided that the election has been also disaffirmed for federal purposes.*

~~If husband and wife determine their federal income tax on a joint return but determine their Minnesota income taxes separately, they shall determine their Minnesota gross income separately as if their federal adjusted gross incomes had been determined separately.~~

Sec. 53. Minnesota Statutes 1984, section 290.41, subdivision 2, is amended to read:

Subd. 2. [BY PERSONS, CORPORATIONS, COOPERATIVES, GOVERNMENTAL ENTITIES OR SCHOOL DISTRICTS.] Every person, corporation, or cooperative, the state of Minnesota and its political subdivisions, and every city, county and school district in Minnesota, making payments in the regular course of a trade or business during the taxable year to any person or corporation of \$600 or more on account of rents or royalties, or of \$10 or more on account of interest, or \$10 or more on account of dividends or patronage dividends, or \$600 or more on account of either wages, salaries, commissions, fees, prizes, awards, pensions, annuities, or any other fixed or determinable gains, profits or income, not otherwise reportable under section 290.92, subdivision 7, or on account of earnings of \$10 or more distributed to its members by savings, building and loan associations or credit unions chartered under the laws of this state or the United States, (a) shall make a return (except in cases where a valid agreement to participate in the combined federal and state information reporting system has been entered into, and such return is therefore filed only with the commissioner of internal revenue pursuant to the applicable filing and informational reporting requirements of the Internal Revenue Code of 1954 as amended through December 31, 1983) in respect to such payments in excess of the amounts specified, giving the names and addresses of the persons to whom such payments were made, the amounts paid to each, and (b) shall make a return in respect to the total number of such payments and total amount of such payments, for each category of income specified, which were in excess of the amounts specified. This subdivision shall not apply to the payment of interest or dividends to a person who was a nonresident of Minnesota for the entire year.

A person, corporation, or cooperative required to file returns under this subdivision on interest, dividends, or patronage dividend payments with respect to more than 50 payees for any calendar year must file all of these

returns on magnetic media unless the person establishes to the satisfaction of the commissioner that compliance with this requirement would be an undue hardship.

Upon request from the commissioner, any public pension plan as defined in section 356.61 in which the employer picks up the employee contributions under section 356.62 shall furnish the commissioner, on magnetic media to the extent possible, with the name, address, and social security number of each employee who participated in the plan during that calendar year for which picked up contributions were made.

Sec. 54. Minnesota Statutes 1984, section 290.49, subdivision 10, is amended to read:

Subd. 10. [INCORRECT DETERMINATION OF FEDERAL ADJUSTED GROSS INCOME.] Notwithstanding any other provision of this chapter, if a taxpayer whose gross income is determined under section 290.01, subdivisions 20 to ~~20f~~ 20e, omits from income such an amount as will under the Internal Revenue Code of 1954, as amended through December 31, 1983 extend the statute of limitations for the assessment of federal income taxes; or otherwise incorrectly determines his federal adjusted gross income resulting in adjustments by the Internal Revenue Service then the period of assessment and determination of tax shall be the same as that under the Internal Revenue Code of 1954, as amended through December 31, 1983. When a change is made to federal income during the extended time provided under this subdivision, the provisions under section 290.56 regarding additional extensions apply.

Sec. 55. Minnesota Statutes 1984, section 290.50, subdivision 5, is amended to read:

Subd. 5. [OVERPAYMENTS; CREDITS AND REFUNDS.] (a) If the amount allowable as a credit under section 290.92, subdivision 12 (relating to credit for tax withheld at source) or an amount determined to be an overpayment under section 290.93, subdivision 9, or 290.936 exceeds the taxes imposed by this chapter against which such credit is allowable the amount of such excess shall be considered an overpayment. An amount paid as tax shall constitute an overpayment even if in fact there was no tax liability with respect to which such amount was paid.

(b) Notwithstanding any other provision of law to the contrary, in the case of any overpayment the commissioner, within the applicable period of limitations, may credit the amount of such overpayment against any liability in respect of Minnesota income tax on the part of the person who made the overpayment or against any liability in respect to Minnesota income tax on the part of either spouse who shall have filed a joint or combined return for the taxable year in which the overpayment was made and shall refund any balance of more than one dollar to such person if the taxpayer shall so request.

The commissioner is authorized to prescribe rules providing for the crediting against the estimated income tax for any taxable year of a corporation of the amount determined by the commissioner to be an overpayment of the income tax for a preceding taxable year.

Sec. 56. [290.491] [TAX ON GAIN; DISCHARGE IN BANK-

RUPTCY.]

Any tax due under this chapter on a gain realized on a forced sale pursuant to foreclosure of a mortgage or other security interest in agricultural production property, other real property, or equipment, used in a farm business that was owned and operated by the taxpayer shall be a dischargeable debt in a bankruptcy proceeding under 11 U.S.C.A. 727.

Sec. 57. Minnesota Statutes 1984, section 290.50, subdivision 6, is amended to read:

Subd. 6. [WITHHOLDING OF REFUNDS FROM CHILD SUPPORT DEBTORS.] Upon a finding by a court of this state that a person obligated to pay child support is delinquent in making payments, the amount of child support unpaid and owing including attorneys fees and costs incurred in ascertaining or collecting child support shall be withheld from a refund due the person under this section. The public agency responsible for child support enforcement or the parent or guardian of a child for whom the support, attorneys fees and costs are owed may petition the district or county court for an order providing for the withholding of the amount of child support, attorneys fees and costs unpaid and owing as determined by court order. The person from whom the refund may be withheld shall be notified of the petition pursuant to the rules of civil procedure prior to the issuance of an order pursuant to this subdivision. The order may be granted on a showing to the court that required support payments, attorneys fees and costs have not been made when they were due.

On order of the court, the money shall be withheld by the commissioner from the refund due to the person obligated to pay and the amount withheld shall be remitted to the public agency responsible for child support enforcement or to the parent or guardian petitioning on behalf of the child, provided that any delinquent tax obligations of the taxpayer owed to the revenue department shall be satisfied first. Any amount received by the responsible public agency or the petitioning parent or guardian in excess of the amount of public assistance expended for the benefit of the child to be supported, or the amount of any support, attorneys fees and costs that had been the subject of the claim pursuant to this subdivision which has been paid by the taxpayer prior to the diversion of the refund, shall be remitted to the person entitled to the money. If the refund is based on a joint or combined return, the portion of the refund that shall be remitted to the petitioner shall be the proportion of the total refund that equals the proportion of the total federal adjusted gross income of the spouses that is the federal adjusted gross income of the spouse who is delinquent in making the child support payments. A petition filed pursuant to this subdivision shall be in effect with respect to any refunds due under this section until the support money, attorneys fees and costs have been paid in full or the court orders the commissioner to discontinue withholding the money from the refund due the person obligated to pay the support, attorneys fees and costs. If a petition is filed pursuant to this subdivision and a claim is made pursuant to chapter 270A with respect to the same individual's refund and notices of both are received prior to the time when payment of the refund is made on either claim, the claim relating to the liability that accrued first in time shall be paid first; any amount of the refund remaining shall then be applied to the other claim. The provisions of section 290.61 shall not prohibit the exchange of information among the department, the petitioner, and the court to the extent necessary to accomplish the intent of this subdivi-

(2) [WITHHOLDING ON PAYROLL PERIOD.] The employer shall withhold the tax on the basis of each payroll period or as otherwise provided in this section.

(3) [WITHHOLDING TABLES.] Unless the amount of tax to be withheld is determined as provided in subdivision 3, the amount of tax to be withheld for each individual shall be based upon tables to be prepared and distributed by the commissioner. The tables shall be computed for the several permissible withholding periods and shall take account of exemptions allowed under this section; and the amounts computed for withholding shall be such that the amount withheld for any individual during his taxable year shall approximate in the aggregate as closely as possible the tax which is levied and imposed under this chapter for that taxable year, upon his salary, wages, or compensation for personal services of any kind for the employer, and shall take into consideration ~~the allowable deduction for federal income tax and the deduction allowable under section 290.089, subdivision 3, and the personal credits allowed against the tax.~~

(4) [MISCELLANEOUS PAYROLL PERIOD.] If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which such wages are paid.

(5) [MISCELLANEOUS PAYROLL PERIOD.] (a) In any case in which wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the number of days, including Sundays and holidays, which have elapsed since the date of the last payment of such wages by such employer during the calendar year, or the date of commencement of employment with such employer during such year, or January 1 of such year, whichever is the later.

(b) In any case in which the period, or the time described in clause (a), in respect of any wages is less than one week, the commissioner, under regulations prescribed by him, may authorize an employer to determine the amount to be deducted and withheld under the tables applicable in the case of a weekly payroll period, in which case the aggregate of the wages paid to the employee during the calendar week shall be considered the weekly wages.

(6) [WAGES COMPUTED TO NEAREST DOLLAR.] If the wages exceed the highest bracket, in determining the amount to be deducted and withheld under this subdivision, the wages may, at the election of the employer, be computed to the nearest dollar.

(7) [REGULATIONS ON WITHHOLDING.] The commissioner may, by

~~regulations rule~~, authorize employers:

(a) To estimate the wages which will be paid to any employee in any quarter of the calendar year;

(b) To determine the amount to be deducted and withheld upon each payment of wages to such employee during such quarter as if the appropriate average of the wages so estimated constituted the actual wages paid; and

(c) To deduct and withhold upon any payment of wages to such employee during such quarter such amount as may be necessary to adjust the amount actually deducted and withheld upon wages of such employee during such quarter to the amount required to be deducted and withheld during such quarter without regard to this paragraph (7).

(8) [ADDITIONAL WITHHOLDING.] The commissioner is authorized to provide by rule for increases or decreases in the amount of withholding otherwise required under this section in cases where the employee requests the changes. Such additional withholding shall for all purposes be considered tax required to be deducted and withheld under this section.

(9) [TIPS.] In the case of tips which constitute wages, this subdivision shall be applicable only to such tips as are included in a written statement furnished to the employer pursuant to section 6053 of the Internal Revenue Code of 1954, as amended through December 31, 1983, and only to the extent that the tax can be deducted and withheld by the employer, at or after the time such statement is so furnished and before the close of the calendar year in which such statement is furnished, from such wages of the employee (excluding tips, but including funds turned over by the employee to the employer for the purpose of such deduction and withholding) as are under the control of the employer; and an employer who is furnished by an employee a written statement of tips (received in a calendar month) pursuant to section 6053 of the Internal Revenue Code of 1954 as amended through December 31, 1983 to which subdivision 1 is applicable may deduct and withhold the tax with respect to such tips from any wages of the employee (excluding tips) under his control, even though at the time such statement is furnished the total amount of the tips included in statements furnished to the employer as having been received by the employee in such calendar month in the course of his employment by such employer is less than \$20. Such tax shall not at any time be deducted and withheld in an amount which exceeds the aggregate of such wages and funds as are under the control of the employer minus any tax required by other provisions of state or federal law to be collected from such wages and funds.

Sec. 59. Minnesota Statutes 1984, section 290.92, subdivision 18, is amended to read:

Subd. 21. [EXTENSION OF WITHHOLDING TO UNEMPLOYMENT COMPENSATION BENEFITS.] For purposes of this section, any supplemental unemployment compensation benefit paid to an individual to the extent includable in such individual's Minnesota adjusted gross income, shall be treated as if it were a payment of wages by an employer to an employee for a payroll period.

Subd. 10. [UNDERPAYMENT OF ESTIMATED TAX.] (1) In the case of any underpayment of estimated tax by an individual, except as provided in paragraph (4) or (5), there may be added to and become a part of the taxes imposed by this chapter, for the taxable year an amount determined at the rate specified in section 270.75 upon the amount of the underpayment for the period of the underpayment.

(2) For purposes of the preceding paragraph, the amount of underpayment shall be the excess of

(a) The amount of the installment which would be required to be paid if the estimated tax were equal to 80 percent (66 $\frac{2}{3}$ percent in the case of farmers referred to in subdivision 5(2) of this section) of the taxes shown on the return for the taxable year or the taxes for such year if no return was filed, over

(b) The amount, if any, of the installment paid on or before the last day prescribed for such payment.

(a) The 15th day of the fourth month following the close of the taxable year.

(b) With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this subparagraph, a payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under paragraph (2)(a) for such installment date.

(4) The addition to the tax with respect to any underpayment of any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the lesser

(a) The total tax liability shown on the return of the individual for the preceding taxable year (if a return showing a liability for such taxes was filed by the individual for the preceding taxable year of 12 months), or

preceding taxable year, or

(c) An amount equal to 80 percent (66 $\frac{2}{3}$ percent in the case of farmers referred to in subdivision 5(2) of this section) of the tax for the taxable year (after deducting personal credits) computed by placing on an annualized basis the taxable income for the months in the taxable year ending before the month in which the installment is required to be paid. For purposes of this subparagraph, the taxable income shall be placed on an annualized basis by

(i) Multiplying by 12 (or in the case of a taxable year of less than 12 months, the number of months in the taxable year) the taxable income computed for the months in the taxable year ending before the month in which the installment is required to be paid.

(ii) Dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date falls, or

(d) An amount equal to 90 percent of the tax computed, at the rates applicable to the taxable year, on the basis of the actual taxable income for the months in the taxable year ending before the month in which the installment is required to be paid.

Sec. 2. Minnesota Statutes 1984, section 16A.641, subdivision 11, is amended to read:

Subd. 11. [CONSTITUTIONAL TAX LEVY.] Under the Constitution, article XI, section 7, the state auditor must levy each year on all taxable

property within the state a tax sufficient, with the amount then on hand in the state bond fund, to pay all principal and interest on state bonds due and to become due to and including July 1 in the second ensuing year. ~~If levied, this tax must be assessed and extended against real property used for the purposes of a homestead, as well as other taxable property, notwithstanding section 273.13, subdivisions 6 and 7.~~ The tax is not subject to limitation of rate or amount. However, the amount of money appropriated from other sources as provided in subdivision 10, and actually received and on hand prior to the levy in any year, reduces the amount of the tax otherwise required to be levied. The proceeds of the tax must be credited to the state bond fund.

Sec. 3. Minnesota Statutes 1984, section 16B.60, subdivision 5, is amended to read:

Subd. 5. [AGRICULTURAL BUILDING.] "Agricultural building" means a structure on agricultural land as defined in section 273.13, subdivision 6 23, designed, constructed, and used to house farm implements, livestock, or agricultural produce or products used by the owner, lessee, and sublessee of the building and members of their immediate families, their employees, and persons engaged in the pickup or delivery of agricultural produce or products.

Sec. 4. Minnesota Statutes 1984, section 18.023, subdivision 7, is amended to read:

Subd. 7. [FINANCING.] (a) A municipality may collect the amount assessed against the property under subdivision 2 as a special assessment and may issue obligations as provided in section 429.101, subdivision 1, provided that a municipality at its option make any assessment levied payable with interest in installments not to exceed five years from the date of the assessment.

(b) After a contract for the sanitation or approved treatment of trees on private property has been let, or the work commenced, the municipality may issue obligations to defray the expense of any such work financed by special assessments imposed upon private property. Section 429.091 shall apply to such obligations with the following modifications:

(1) Such obligations shall be payable not more than five years from the date of issuance; and

(2) No election shall be required.

~~Obligations issued under the provisions of this clause shall not be considered bonded indebtedness for the purposes of section 273.13, subdivisions 6 and 7.~~ The certificates shall not be included in the net debt of the issuing municipality.

Sec. 5. Minnesota Statutes 1984, section 47.58, subdivision 2, is amended to read:

bank, or savings and loan association, does not exceed five percent of that lender's total deposits and savings accounts. This limitation shall be determined at each June 30 and December 31 for the following six month period. Any decline in the total of deposits and savings accounts subsequent to a determination may be disregarded. Security for loans made under this section shall be a first lien on residential property (a) which the borrower occupies as principal residence and which qualifies for a homestead ~~credit~~ *classification* pursuant to section 273.13, and (b) to which the borrower alone has title.

Sec. 6. Minnesota Statutes 1984, section 47.58, subdivision 3, is amended to read:

Subd. 3. [PAYMENT; REPAYMENT; AMOUNT.] The committed principal amount of a reverse mortgage loan shall be paid to the borrower over the period of months or years as specified in the loan agreement. The borrower and lender may, by written agreement, amend the loan agreement from time to time. Pursuant to the terms of the contract the borrower shall make repayment to the lender:

(a) Upon payment to the borrower of the final installment unless, by written agreement between the borrower and lender whereunder the borrower agrees to periodically pay the lender interest accruing on the outstanding loan balance, repayment of the outstanding loan balance is postponed until default in payment of interest or until the occurrence of any of the events specified in clauses (b) to (e);

(b) Upon sale of the property securing the loan;

(c) Upon the death of the last surviving borrower;

(d) Upon the borrower terminating use of the property as principal residence so as to disqualify the property from ~~the homestead credit given in~~ *classification under section 273.13*; or

(e) Upon renegotiation of the terms of the reverse mortgage loan agreement, unless the parties agree in writing to postpone repayment.

Except as otherwise provided in this subdivision, the outstanding loan balance as projected by the lender to the anticipated time of payment to the borrower of the final installment of committed principal shall not exceed 80 percent of the appraised value of the property at inception of the loan. If upon reappraisal of the property made at any time during the term of the loan, the projected outstanding loan balance does not exceed 70 percent of the reappraised value of the property, the schedule of the lender's installment payments may be extended and the amount of the committed principal amount increased, provided the revised outstanding loan balance at payment of the lender's final installment of committed principal does not exceed 80 percent of the reappraised value of the property.

Sec. 7. Minnesota Statutes 1984, section 84B.08, subdivision 6, is amended to read:

Subd. 6. On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in

the second year thereafter on Voyageurs National Park bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments.

Sec. 8. Minnesota Statutes 1984, section 85A.05, subdivision 5, is amended to read:

Subd. 5. [TAX LEVY.] On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then and theretofore credited to the Minnesota zoological garden bond account, to pay the entire amount of principal and interest then and theretofore due and principal and interest to become due on or before July 1 in the second year thereafter on Minnesota zoological garden bonds. This tax shall be levied upon all real property used for the purposes of a homestead, as well as other taxable property, notwithstanding the provisions of section 273.13, subdivisions 6 and 7, and shall be subject to no limitation of rate or amount until all such bonds and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota zoological garden bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated, with such sums from tax levies and the general fund subject to future reimbursement to the bond fund by the Minnesota zoological garden bond account as indicated in section 85A.04, subdivision 2.

Sec. 9. Minnesota Statutes 1984, section 93.55, subdivision 2, is amended to read:

Subd. 2. The commissioner shall notify the last owner of record on file in either the county recorder's or registrar of titles' office of a hearing on an order to show cause why the mineral interest should not forfeit to the state absolutely. The notice shall be served in the same manner as provided for the service of summons in a civil action to determine adverse claims under chapter 559 and shall contain the following: (1) the legal description of the property upon or beneath which the interest exists; (2) a recitation that the statement of severed mineral interest either did not comply with the requirements specified by section 93.52 for such a statement or was not filed within the time specified in section 93.55, or both; and (3) that the court will be requested to enter an order adjudging the forfeiture of the mineral interest to be absolute in the absence of a showing that there was substantial compliance with laws requiring the registration and taxation of severed mineral interests. For the purposes of this section, substantial compliance with laws requiring the registration and taxation of severed mineral interests means: (1) that the records in the office of the county recorder or registrar of titles specified the

true ownership of the severed mineral interest during the time period within which the statement of severed mineral interest should have been registered with the county recorder or the registrar of titles, or that probate, divorce, bankruptcy, mortgage foreclosure, or other proceedings affecting the title had been timely initiated and diligently pursued by the true owner during the time period within which the severed mineral interest statement should have been registered, and (2) that all taxes relating to severed mineral interests had been timely paid, including any taxes which would have been due and owing under section ~~273.13~~ 273.165, subdivision 2a 1, had the interest been properly filed for record as required by section 93.52 within the time specified in section 93.55. For the purposes of this section, "timely paid" means paid within the time period during which tax forfeiture would not have been possible had a real property tax been assessed against the property.

Sec. 10. Minnesota Statutes 1984, section 97.488, subdivision 1a, is amended to read:

Subd. 1a. [APPLICATION.] The provisions of subdivision 1 do not apply to plants on land classified for property tax purposes as class 3 or 3b 2a or 2c agricultural land pursuant to section 273.13, or on ditches and roadways. The provisions of subdivision 1 do not apply to noxious weeds designated pursuant to sections 18.171 to 18.315 or to weeds otherwise designated as troublesome by the department of agriculture. When control of noxious weeds is necessary, it takes priority over the protection of endangered plant species, as long as reasonable effort is taken to preserve the endangered plant species first.

(9) Real and personal property used primarily for the abatement and control of air, water, or land pollution to the extent that it is so used, other than real property used primarily as a solid waste disposal site.

Any taxpayer requesting exemption of all or a portion of any equipment or device, or part thereof, operated primarily for the control or abatement of air or water pollution shall file an application with the commissioner of revenue. The equipment or device shall meet standards, regulations or criteria prescribed by the Minnesota Pollution Control Agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota Pollution Control Agency shall upon request of the commissioner furnish information or advice to the commissioner. If the commissioner determines that property qualifies for exemption, he shall issue an order exempting the property from taxation. The equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota Pollution Control Agency remains in effect.

(10) Wetlands. For purposes of this subdivision, "wetlands" means (1) land described in section 105.37, subdivision 15, or (2) land which is mostly

under water, produces little if any income, and has no use except for wildlife or water conservation purposes, provided it is preserved in its natural condition and drainage of it would be legal, feasible, and economically practical for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains, except wild rice. "Wetlands" shall include adjacent land which is not suitable for agricultural purposes due to the presence of the wetlands. "Wetlands" shall not include woody swamps containing shrubs or trees, wet meadows, meandered water, streams, rivers, and floodplains or river bottoms. Exemption of wetlands from taxation pursuant to this section shall not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands.

(11) Native prairie. The commissioner of the department of natural resources shall determine lands in the state which are native prairie and shall notify the county assessor of each county in which the lands are located. Pasture land used for livestock grazing purposes shall not be considered native prairie for the purposes of this clause and section 273.116. Upon receipt of an application for the exemption and credit provided in this clause and section 273.116 for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of his decision. Exemption of native prairie pursuant to this clause shall not grant the public any additional or greater right of access to the native prairie or diminish any right of ownership to it.

(12) Property used in a continuous program to provide emergency shelter for victims of domestic abuse, provided the organization that owns and sponsors the shelter is exempt from federal income taxation pursuant to section 501(c)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1982, notwithstanding the fact that the sponsoring organization receives funding under section 8 of the United States Housing Act of 1937, as amended.

(13) If approved by the governing body of the municipality in which the property is located, property not exceeding one acre which is owned and operated by any senior citizen group or association of groups that in general limits membership to persons age 55 or older and is organized and operated exclusively for pleasure, recreation, and other nonprofit purposes, no part of the net earnings of which inures to the benefit of any private shareholders; provided the property is used primarily as a clubhouse, meeting facility or recreational facility by the group or association and the property is not used for residential purposes on either a temporary or permanent basis.

(14) To the extent provided by section 295.44, real and personal property used or to be used primarily for the production of hydroelectric or hydromechanical power on a site owned by the state or a local governmental unit which is developed and operated pursuant to the provisions of section 105.482, subdivisions 1, 8 and 9.

(15) If approved by the governing body of the municipality in which the property is located, and if construction is commenced after June 30, 1983:

(a) a "direct satellite broadcasting facility" operated by a corporation licensed by the federal communications commission to provide direct satellite

broadcasting services using direct broadcast satellites operating in the 12-ghz. band;

(b) a "fixed satellite regional or national program service facility" operated by a corporation licensed by the federal communications commission to provide fixed satellite-transmitted regularly scheduled broadcasting services using satellites operating in the 6-ghz. band; and

(c) (b) a facility at which a licensed Minnesota manufacturer produces distilled spirituous liquors, liqueurs, cordials, or liquors designated as specialties regardless of alcoholic content, but not including ethyl alcohol, distilled with a majority of the ingredients grown or produced in Minnesota.

An exemption provided by paragraph (15) shall apply for a period not to exceed five years. When the facility no longer qualifies for exemption, it shall be placed on the assessment rolls as provided in subdivision 4. Before approving a tax exemption pursuant to this paragraph, the governing body of the municipality shall provide an opportunity to the members of the county board of commissioners of the county in which the facility is proposed to be located and the members of the school board of the school district in which the facility is proposed to be located to meet with the governing body. The governing body shall present to the members of those boards its estimate of the fiscal impact of the proposed property tax exemption. The tax exemption shall not be approved by the governing body until the county board of commissioners has presented its written comment on the proposal to the governing body, or 30 days has passed from the date of the transmittal by the governing body to the board of the information on the fiscal impact, whichever occurs first.

The exemptions granted by this subdivision shall be subject to the limits contained in the other subdivisions of this section, section 272.025, or section 273.13, subdivisions 17, 17b, 17c, or 17d.

(16) Real and personal property owned and operated by a private, non-profit corporation exempt from federal income taxation pursuant to United States Code, title 26, section 501(c)(3), primarily used in the generation and distribution of hot water for heating buildings and structures.

Sec. 33. Minnesota Statutes 1984, section 272.02, is amended by adding a subdivision to read:

Subd. 1a. The exemptions granted by subdivision 1 are subject to the limits contained in the other subdivisions of this section, section 272.025, or 273.13, subdivision 28, paragraphs (a), (b), (c) and (d).

Sec. 34. Minnesota Statutes 1984, section 272.039, is amended to read:

272.039 [LEGISLATIVE FINDINGS AND CONCLUSIONS RELATED TO THE TAXATION OF MINERALS OWNED SEPARATELY FROM THE SURFACE.]

The legislature finds, for the reasons stated below, that a class of real property has been created which, although not exempt from taxation, is not assessed for tax purposes and does not, therefore, contribute anything toward the cost of supporting the governments which protect and preserve the continued existence of the property. These reasons are as follows: (1) In the case of *Washburn v. Gregory*, 1914, 125 Minn. 491, 147 N.W. 706, the Minne-

sota Supreme Court determined that where mineral interests are owned separately from the surface interests in real estate, the mineral interest is a separate interest in land, separately taxable, and does not forfeit if the overlying surface interest forfeits for nonpayment of taxes due on the surface interest; (2) Since this 1914 decision, mineral interests owned separately from the surface have been valued and assessed for tax purposes, as a practical matter, only if the value of the minerals has been determined through drilling and drill core analysis; and (3) The absence of any taxation of mineral interests owned separately from the surface, except where drilling analysis is available, has encouraged the separation of ownership of surface and mineral estates and resulted in the creation of hundreds of thousands of acres of untaxed mineral estate lands which thus are immune from tax forfeiture. The legislature also finds that the province of Ontario in Canada, which has land ownership patterns and mineral characteristics similar to that of Minnesota, has imposed a tax of \$.50 an acre on minerals owned separately from the surface since 1968, and \$.10 an acre before that. The legislature further finds that the identification of separately owned mineral interests by taxing authorities requires title searches which are extremely burdensome and, where no public tract index is available, prohibitively expensive. This result is caused in part by the decision in *Wichelman v. Messner*, 1957, 250 Minn. 88, 83 N.W. (2d) 800, where the so called "40 year law" was held inapplicable to mineral interests owned separately from surface interests. On the basis of the above findings, and for the purpose of requiring mineral interests owned separately from surface interests to contribute to the cost of government at a time when other interests in real property are heavily burdened with real property taxes, the legislature concludes that the taxation of severed mineral interests as provided in section ~~273.13~~ 273.165, subdivision 2a 1 is necessary and in the public interest, and provides fair taxation of a class of real property which has escaped taxation for many years. The legislature further concludes that such a tax is not prohibited by Minnesota Constitution, Article 10, Section 2. The legislature concludes finally that the amendments and repeals made by Laws 1973, Chapter 650 to sections 93.52 to 93.58, are necessary to provide adequate identification of mineral interests owned separately from the surface and to prevent the continued escape from taxation of obscure and fractionalized severed mineral interests.

Sec. 35. Minnesota Statutes 1984, section 272.04, subdivision 1, is amended to read:

Subdivision 1. When any mineral, gas, coal, oil, or other similar interests in real estate are owned separately and apart from and independently of the rights and interests owned in the surface of such real estate, such mineral, gas, coal, oil, or other similar interests may be assessed and taxed separately from such surface rights and interests in such real estate, including but not limited to the taxation provided in section ~~273.13~~ 273.165, subdivision 2a 1, and may be sold for taxes in the same manner and with the same effect as other interests in real estate are sold for taxes.

Sec. 36. Minnesota Statutes 1984, section 272.115, subdivision 4, is amended to read:

Subd. 4. Beginning with taxes payable in ~~1979~~ 1986, no real estate sold on or after January 1, 1978 for which a certificate of value is required pursuant to subdivision 1 shall receive the homestead credit provided under section

273.13, subdivisions 6 and 7; amount or the agricultural mill credit provided amount computed in section 124.2137 275.082; or the taconite homestead credit provided in sections 273.134 to 273.136, unless a certificate of value has been filed with the county auditor in accordance with this section.

This subdivision shall apply to any real estate taxes that are payable the year or years following the sale of the property.

Sec. 37. Minnesota Statutes 1984, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, and 9 or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but he shall value each article or description of property by itself, and at such sum or price as he believes the same to be fairly worth in money. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. ~~An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the assessed value of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment.~~ All property, or the use thereof, which is taxable under sections 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 38. Minnesota Statutes 1984, section 273.11, subdivision 8, is amended to read:

Subd. 8. [LIMITED EQUITY COOPERATIVE APARTMENTS.] For the purposes of this subdivision, the terms defined in this subdivision have the meanings given them.

A "limited equity cooperative" is a corporation organized under Minnesota Statutes, chapter 308, which has as its primary purpose the provision of housing and related services to its members, who must be persons or families of low and moderate income as defined in section 462A.03, subdivision 10, at the time they purchase their membership, and which meets the following requirements:

- (a) The articles of incorporation set the sale price of occupancy entitling

cooperative shares or memberships at no more than a transfer value determined as provided in the articles. That value may not exceed the sum of the following:

(1) the consideration paid for the membership or shares by the first occupant of the unit, as shown in the records of the corporation;

(2) the fair market value, as shown in the records of the corporation, of any improvements to the real property that were installed at the sole expense of the member with the prior approval of the board of directors;

(3) accumulated interest, or an inflation allowance not to exceed the greater of a ten percent annual noncompounded increase on the consideration paid for the membership or share by the first occupant of the unit, or the amount that would have been paid on that consideration if interest had been paid on it at the rate of the percentage increase in the revised consumer price index for all urban consumers for the Minneapolis-St. Paul metropolitan area prepared by the United States Department of Labor, provided that the amount determined pursuant to this clause may not exceed \$500 for each year or fraction of a year the membership or share was owned; plus

(4) real property capital contributions shown in the records of the corporation to have been paid by the transferor member and previous holders of the same membership, or of separate memberships that had entitled occupancy to the unit of the member involved. These contributions include contributions to a corporate reserve account the use of which is restricted to real property improvements or acquisitions, contributions to the corporation which are used for real property improvements or acquisitions, and the amount of principal amortized by the corporation on its indebtedness due to the financing of real property acquisition or improvement or the averaging of principal paid by the corporation over the term of its real property-related indebtedness.

(b) The articles of incorporation require that the board of directors limit the purchase price of stock or membership interests for new member-occupants or resident shareholders to an amount which does not exceed the transfer value for the membership or stock as defined in clause (a).

(c) The articles of incorporation require that the total distribution out of capital to a member shall not exceed that transfer value.

(d) The articles of incorporation require that upon liquidation of the corporation any assets remaining after retirement of corporate debts and distribution to members will be conveyed to a charitable organization described in section 501(c)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1982 1984, or a public agency.

A "limited equity cooperative apartment" is a dwelling unit owned or leased by a limited equity cooperative. If the dwelling unit is leased by the cooperative the lease agreement must meet the conditions for a cooperative lease stated in Minnesota Statutes, section ~~273.133~~ 273.124, subdivision 3 5.

"Occupancy entitling cooperative share or membership" is the ownership interest in a cooperative organization which entitles the holder to an exclusive right to occupy a dwelling unit owned or leased by the cooperative.

For purposes of taxation, the assessor shall value a unit owned by a limited equity cooperative at the lesser of its market value or the value determined by

capitalizing the net operating income of a comparable apartment operated on a rental basis at the capitalization rate used in valuing comparable buildings that are not limited equity cooperatives. If a cooperative fails to operate in accordance with the provisions of clauses (a) to (d), the property shall be subject to additional property taxes in the amount of the difference between the taxes determined in accordance with this subdivision for the last ten years that the property had been assessed pursuant to this subdivision and the amount that would have been paid if the provisions of this subdivision had not applied to it. The additional taxes, plus interest at the rate specified in section 549.09, shall be extended against the property on the tax list for the current year.

Sec. 39. Minnesota Statutes 1984, section 273.1104, subdivision 1, is amended to read:

Subdivision 1. The term value as applied to iron ore in section ~~273.13~~ 273.165, subdivision 2 and in section ~~273.15~~ 273.13, subdivision 3, paragraph (b) shall be deemed to be three times the present value of future income notwithstanding the provisions of section 273.11. The present value of future income shall be determined by the commissioner of revenue in accordance with professionally recognized mineral valuation practice and procedure. Nothing contained herein shall be construed as requiring any change in the method of determining present value of iron ore utilized by the commissioner prior to the enactment hereof or as limiting any remedy presently available to the taxpayer in connection with the commissioner's determination of present value, or precluding the commissioner from making subsequent changes in the present worth formula.

Sec. 40. Minnesota Statutes 1984, section 273.115, subdivision 3, is amended to read:

Subd. 3. Payment shall be made according to the procedure provided in section ~~273.13, subdivision 15a~~ 273.1393, for the purpose of replacing revenue lost as a result of the exemption provided in section 272.02, subdivision 1, clause (15), and the credit provided in this section.

Sec. 41. Minnesota Statutes 1984, section 273.115, subdivision 7, is amended to read:

Subd. 7. The total credits allowed by subdivision 1 shall be deducted from the gross property tax before determination of the homestead credit amount provided by section ~~273.13, subdivisions 6 and 7~~ 275.082 and the taconite homestead credit provided by section 273.135.

Sec. 42. Minnesota Statutes 1984, section 273.116, subdivision 3, is amended to read:

Subd. 3. Payment shall be made according to the procedure provided in section ~~273.13, subdivision 15a~~ 273.1393, for the purpose of replacing revenue lost as a result of the exemption provided in section 272.02, subdivision 1, and the credit provided in this section.

Sec. 43. Minnesota Statutes 1984, section 273.116, subdivision 7, is amended to read:

Subd. 7. The total credits allowed by subdivision 1 shall be deducted from the gross property tax before determination of the homestead credit amount

provided by section ~~273.13, subdivisions 6 and 7~~ 275.082 and the taconite homestead credit provided by section 273.135.

Sec. 44. Minnesota Statutes 1984, section 273.118, is amended to read:

273.118 [TAX PAID IN RECOGNITION OF CONGRESSIONAL MEDAL OF HONOR.]

An owner of *homestead* property ~~classified under section 273.13, subdivision 6, 6a, 7, 7d, or 14a,~~ who submits to the commissioner of revenue his property tax statement and reasonable proof that the owner of the property:

- (a) is a veteran as defined in section 197.447;
- (b) was a resident of this state for at least six months before entering military service, or has been a resident of this state for five consecutive years before submitting the statement and proof; and
- (c) has been awarded the congressional medal of honor;

shall be paid by the commissioner of revenue, within 30 days after the commissioner receives the statement and proof, the amount of the owner's property tax liability as shown on the statement; up to \$2,000. The surviving spouse of a property owner who has received a payment under this section may receive payment of property taxes under this section as long as the spouse continues to own and occupy the property for which the taxes were paid under this section and the property continues to ~~have an eligible classification~~ *be a homestead*. Property taxes paid under this section reduce property taxes payable for purposes of chapter 290A, ~~the Property Tax Refund Act.~~

Sec. 45. Minnesota Statutes 1984, section 273.12, is amended to read:

273.12 [ASSESSMENT OF REAL PROPERTY.]

It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to every element and factor affecting the market value thereof, including its location with reference to roads and streets and the location of roads and streets thereon or over the same, and to take into consideration a reduction in the acreage of each tract or lot sufficient to cover the amount of land actually used for any improved public highway and the reduction in area of land caused thereby, provided, that in determining the market value of vacant land, the fact that such land is platted shall not be taken into account. ~~An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the assessed value of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment.~~ It shall be the duty of every assessor and board, in estimating and determining the value of lands for the purpose of taxation, to consider and give due weight to lands which are comparable in character, quality, and location, to the end that all lands similarly located and improved will be assessed upon a uniform basis and without discrimination and, for agricultural lands, to consider and give recognition to its earning potential as measured by its free market rental rate.

Sec. 46. Minnesota Statutes 1984, section 273.121, is amended to read:

273.121 [VALUATION OF REAL PROPERTY, NOTICE.]

Any county assessor or city assessor having the powers of a county assessor, valuing or classifying taxable real property shall in each year notify those persons whose property is to be assessed or reclassified that year if the person's address is known to the assessor, otherwise the occupant of the property. In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor shall not deny ~~the 3b or 3c property classification~~ homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility. The notice shall be in writing and shall be sent by ordinary mail at least ten days before the meeting of the local board of review or equalization. It shall contain the amount of the valuation in terms of market value, the new classification, the assessor's office address, and the dates, places, and times set for the meetings of the local board of review or equalization and the county board of equalization. If the assessment roll is not complete, the notice shall be sent by ordinary mail at least ten days prior to the date on which the board of review has adjourned. The assessor shall attach to the assessment roll a statement that the notices required by this section have been mailed. Any such assessor who is not provided sufficient funds from his governing body to provide such notices, may make application to the commissioner of revenue to finance such notices. The commissioner of revenue shall conduct an investigation and if he is satisfied that the assessor does not have the necessary funds, issue his certification to the commissioner of finance of the amount necessary to provide such notices. The commissioner of finance shall issue a warrant for such amount and shall deduct such amount from any state payment to such county or municipality. The necessary funds to make such payments are hereby appropriated. Failure to receive the notice shall in no way affect the validity of the assessment, the resulting tax, the procedures of any board of review or equalization, or the enforcement of delinquent taxes by statutory means.

Sec. 47. Minnesota Statutes 1984, section 273.123, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section (a) "disaster or emergency" means

- (1) a major disaster as determined by the president of the United States;
- (2) a natural disaster as determined by the secretary of agriculture;
- (3) a disaster as determined by the administrator of the small business administration; or
- (4) a tornado, storm, flood, earthquake, landslide, explosion, fire or similar catastrophe, as a result of which a local emergency is declared pursuant to section 12.29.

(b) "disaster or emergency area" means an area

(1) in which the president of the United States, the secretary of agriculture, or the administrator of the small business administration has determined that a disaster exists pursuant to federal law or in which a local emergency has

been declared pursuant to section 12.29; and

(2) for which an application by the local unit of government requesting property tax relief under this section has been received by the governor and approved by the executive council.

(c) "homestead property" means homestead dwelling located on property classified pursuant to section 273.13, subdivision 6, 6a, 7, 7b, 7d, or 14a, including manufactured homes and sectional homes used as homesteads and taxed pursuant to section 273.13, subdivision 3, clause (b), (c), or (d) that is classified as class 1a, 1b, or 2a property.

Sec. 48. Minnesota Statutes 1984, section 273.123, subdivision 4, is amended to read:

Subd. 4. [STATE REIMBURSEMENT.] The county auditor shall calculate the tax on the property described in subdivision 2 based on the assessment made on January 1 of the year in which the disaster or emergency occurred. The difference between the tax determined on the January 1 assessed value and the tax actually payable based on the reassessed value determined under subdivision 2 shall be reimbursed to each taxing jurisdiction in which the damaged property is located. The amount shall be certified by the county auditor and reported to the commissioner of revenue. The commissioner shall make the payments to the taxing jurisdictions containing the property at the time distributions are made pursuant to section 273.13, subdivision 15a 273.1393, in the same proportion that the ad valorem tax is distributed.

Sec. 49. Minnesota Statutes 1984, section 273.123, subdivision 5, is amended to read:

Subd. 5. [COMPUTATION OF CREDITS.] The amounts of any ~~homestead, agricultural, or similar~~ credits or tax relief which reduce the gross tax shall be computed upon the reassessed value determined under subdivision 2. For purposes of the property tax refund, property taxes payable, as defined in section 290A.03, subdivision 13, and net property taxes payable, as defined in section 290A.04, subdivision 2d, shall be computed upon the reassessed value determined under subdivision 2.

Sec. 50. [273.124] [HOMESTEAD DETERMINATION; SPECIAL RULES.]

Subdivision 1. [GENERAL RULE.] Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a homestead. Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for

future development. In order to receive homestead treatment for the non-contiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

Subd. 2. [TOWNHOUSES; COMMON AREAS; CONDOMINIUMS; COOPERATIVES.] (a) The total value of townhouse property, including the value added as provided in this paragraph, must have the benefit of homestead treatment or other special classification if the townhouse otherwise qualifies. The value of townhouse property must be increased by the value added by the right to use any common areas in connection with the townhouse development. The common areas of the development must not be separately taxed.

(b) Condominium property qualifying as a homestead under section 515A.1-105 and property owned by a cooperative association that qualifies as a homestead must have the benefit of homestead treatment or other special classification if the condominium or cooperative association property otherwise qualifies. If the condominium or cooperative association property is owned by the occupant and used for the purposes of a homestead but is located upon land which is leased, that leased land must be valued and assessed as if it were homestead property within class 1 if all of the following criteria are met:

(1) the occupant is using the property as his permanent residence;

(2) the occupant or the cooperative association is paying the ad valorem property taxes and any special assessments levied against the land and structure;

(3) the occupant or the cooperative association has signed a land lease; and

(4) the term of the land lease is at least 50 years, notwithstanding the fact that the amount of the rental payment may be renegotiated at shorter intervals.

Subd. 3. [COOPERATIVES AND CHARITABLE CORPORATIONS.] When one or more dwellings, or one or more buildings which each contain several dwelling units, are owned by a corporation or association organized under sections 308.05 to 308.18, and each person who owns a share or shares in the corporation or association is entitled to occupy a dwelling, or dwelling unit in the building, the corporation or association may claim homestead treatment for each dwelling, or for each unit in case of a building containing several dwelling units, for the dwelling or for the part of the value of the building occupied by a shareholder. Each dwelling or unit must be designated by legal description or number, and the assessed value of each dwelling that qualifies for assessment under this subdivision must include not more than one-half acre of land, if platted, nor more than 80 acres if unplatted. The assessed value of the building or buildings containing several dwelling units is the sum of the assessed values of each of the respective units comprising the building. To qualify for the treatment provided by this subdivision, the corporation or association must be wholly owned by persons having a right to occupy a dwelling or dwelling unit owned by the corpora-

tion or association. A charitable corporation organized under the laws of Minnesota and not otherwise exempt thereunder with no outstanding stock qualifies for homestead treatment with respect to member residents of the dwelling units who have purchased and hold residential participation warrants entitling them to occupy the units.

Subd. 4. [NONPROFIT CORPORATIONS.] When a building containing several dwelling units is owned by an entity organized under chapter 317 and operating as a nonprofit corporation which enters into membership agreements with persons under which they are entitled to life occupancy in a unit in the building, homestead classification must be given to each unit so occupied and the entire building must be assessed in the manner provided in subdivision 3 for cooperatives and charitable corporations.

Subd. 5. [LEASEHOLD COOPERATIVES.] When one or more dwellings or one or more buildings which each contain several dwelling units is owned by a nonprofit corporation subject to the provisions of chapter 317 or a limited partnership which corporation or partnership operates the property in conjunction with a cooperative association, homestead treatment may be claimed for each dwelling unit occupied by a member of the cooperative. To qualify for the treatment provided by this subdivision, the following conditions must be met: (a) the cooperative association must be organized under sections 308.05 to 308.18; (b) the cooperative association must have a lease for occupancy of the property for a term of at least 20 years; (c) the cooperative association must have a right under a written agreement with the owner to purchase the property if the owner proposes to sell it; if the cooperative association does not purchase the property when it is offered for sale, the owner may not subsequently sell the property to another purchaser at a price lower than the price at which it was offered for sale to the cooperative association unless the cooperative association approves the sale; and (d) if a limited partnership owns the property, it must include as the managing general partner either the cooperative association or a nonprofit organization operating under the provisions of chapter 317. Homestead treatment must be afforded to units occupied by members of the cooperative association and the units must be assessed as provided in subdivision 1, provided that any unit not so occupied shall be classified and assessed pursuant to the appropriate class. No more than three acres of land may, for assessment purposes, be included with each dwelling unit that qualifies for homestead treatment under this subdivision.

Subd. 6. [LEASED BUILDINGS OR LAND.] For purposes of class 1 determinations, homesteads include:

(a) buildings and appurtenances owned and used by the occupant as a permanent residence which are located upon land the title to which is vested in a person or entity other than the occupant;

Homestead treatment applies even if legal title to the property is in the name of the corporation or partnership and not in the name of the person residing on it. "Family farm corporation" and "family farm" have the meanings given in section 500.24.

(b) In addition to property specified in paragraph (a), any other residences owned by corporations or partnerships described in paragraph (a) which are located on agricultural land and occupied as homesteads by shareholders or partners who are actively engaged in farming on behalf of the corporation or partnership must also be assessed as class 1 property, but the property eligible is limited to the residence itself and as much of the land surrounding the homestead, not exceeding one acre, as is reasonably necessary for the use of the dwelling as a home, and does not include any other structures that may be located on it.

Subd. 8. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead on June 1 of a year, constitutes class 1 to the extent of one-half of the valuation that would have been includable in class 1.

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

Subd. 10. [LIMITATION ON HOMESTEAD CLASSIFICATION.] If the assessor has classified a property as both homestead and nonhomestead, the greater of the value attributable to the portion of the property classified as class 1 or the value of the first tier of assessment percentages provided under section 273.13, subdivision 25, paragraph (a) is entitled to homestead treatment.

If the assessor has classified a property as both homestead and nonhomestead, the reductions in tax provided under sections 273.135 and 273.1391 apply to the value of both the homestead and the nonhomestead portions of the property.

Subd. 11. Every person who, for the purpose of obtaining or aiding another in obtaining any benefit under this subdivision, shall knowingly make or submit to any assessor any affidavit or other statement which is false in any material matter shall be guilty of a felony.

The assessor shall determine and list separately on his records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

The commissioner of revenue shall determine and announce the revised ~~bracket~~ homestead base value on December 15 of each year preceding the assessment date.

Sec. 63. Minnesota Statutes 1984, section 273.1313, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) As used in this section, the following terms have the meanings given them.

(b) "Commissioner" means the commissioner of revenue.

(c) "Employment property" means taxable property, excluding land but including buildings, structures, fixtures, and improvements that satisfy each of the following conditions:

(1) The property is located within an enterprise zone designated according to section 273.1312.

(2) The property is commercial or industrial property which is not used in a trade or business which either is described in section 103(b)(6)(O) of the

Internal Revenue Code of 1954, as amended through ~~January 15, 1983~~ *December 31, 1984*, or is property of a public utility.

(d) "Market value" of a parcel of employment property means the value of the taxable property as annually determined pursuant to section 273.12, less (i) the market value of all property existing at the time of application for classification, as last assessed prior to the time of application, and (ii) any increase in the market value of the property referred to in clause (i) as assessed in each year after the employment property is first placed in service. In each year, any change in the values of the employment property and the other property on the land shall be deemed to be proportionate unless caused by a capital improvement or loss.

(e) "Municipality" means any home rule charter or statutory city or county, but a county may not exercise the powers granted in this section with reference to property situated within a city.

(f) Notwithstanding the provisions of paragraphs (c) and (d) "employment property" and "market value" includes in the case of taxable real property located in an enterprise zone designated under section 273.1312, subdivision 4, paragraph (c), clause (3), the entire value of the commercial and industrial property, including land, used in a trade or business which is not used in a trade or business which either is described in section 103(b)(0)(ii) of the Internal Revenue Code of 1954, as amended through ~~January 15, 1983~~ *December 31, 1984*, or is the property of a public utility. The provisions of this paragraph shall not apply to employment property located in an enterprise zone designated pursuant to section 273.1312, subdivision 4, paragraph (c), clause (3), that is assessed pursuant to the first clause of the first sentence of section 273.13, subdivision 9 24, paragraph (4) (b).

Sec. 64. Minnesota Statutes 1984, section 273.1313, subdivision 2, is amended to read:

Subd. 2. [PROGRAM.] (a) The governing body of any municipality which contains a designated enterprise zone as provided by section 273.1312 shall by resolution establish a program for classification of new property or improvements to existing property as employment property pursuant to the provisions of this section. Applications for classification under the program shall be filed with the municipal clerk or auditor in a form prescribed by the commissioner, with additions as may be prescribed by the municipal governing body. The application shall contain, where appropriate, a legal description of the parcel of land on which the facility is to be situated or improved; a general description of the facility or improvement and its proposed use, the probable time schedule for undertaking any construction or improvement, and information regarding the matters referred to in paragraph (d); the market value and the assessed value of the land and of all other taxable property then situated on it, according to the most recent assessment; and if the property is to be improved or expanded, an estimate of the probable cost of the new construction or improvement and the market value of the new or improved facility (excluding land) when completed.

(b) Upon receipt of an application the municipal clerk or auditor, subject to any prior approval required by the resolution establishing the program, shall furnish a copy to the assessor for the property and to the governing body of each school district and other public body authorized to levy taxes on the

property, and shall publish a notice in the official newspaper of the time and place of a hearing to be held by the governing body on the application, not less than 30 days after the notice is published, stating that the applicant, the assessor, representatives of the affected taxing authorities, and any taxpayer of the municipality may be heard or may present their views in writing at or before the hearing. The hearing may be adjourned from time to time, but the governing body shall take action on the application by resolution within 30 days after the hearing. If disapproved, the reasons shall be set forth in the resolution, and the applicant may appeal to the commissioner within 30 days thereafter, but only on the ground that the determination is arbitrary, in relation to prior determinations as to classification under the program, or based upon a mistake of law. If approved, the resolution shall include determinations as to the matters set forth in paragraph (d), and the clerk or auditor shall transmit it to the commissioner.

(c) Within 60 days after receipt of an approved application or an appeal from the disapproval of an application, the commissioner shall take action on it. The commissioner shall approve each application approved by the governing body if he finds that it complies with the provisions of this section. If he disapproves the application, or finds grounds exist for appeal of a disapproved application, he shall transmit the finding to the governing body and the applicant. When grounds for appeal have been determined to exist, the governing body shall reconsider and take further action on the application within 30 days after receipt of the commissioner's notice and serve written notice of the action upon the applicant. The applicant, within 30 days after receipt of notice of final disapproval by the commissioner or the governing body, may appeal from the disapproval to a court of competent jurisdiction.

(d) In the case of enterprise zones qualifying pursuant to section 273.1312, subdivision 4, paragraph (c), clause (1), an application shall not be approved unless the governing body finds and determines that the construction or improvement of the facility:

(1) Is reasonably likely to create new employment or prevent a loss of employment in the municipality;

(2) Is not likely to have the effect of transferring existing employment from one or more other municipalities within the state;

(3) Is not likely to cause the total market value of employment property within the municipality to exceed five percent of the total market value of all taxable property within the municipality; or if it will, the resulting limitation upon the increase of the assessed value of all taxable property within the municipality, considering the amount of additional municipal services likely to be required for the employment property, is not likely to substantially impede the operation or the financial integrity of the municipality or any other public body levying taxes on property in the municipality; and

(4) Will not result in the reduction of the assessed value of existing property within the municipality owned by the applicant, through abandonment, demolition, or otherwise, without provision for the restoration of the existing property within a reasonable time in a manner sufficient to restore the assessed valuation.

(e) In the case of enterprise zones qualifying pursuant to section 273.1312,

subdivision 4, paragraph (c), clause (3), an application for assessment as employment property under section 273.13, subdivision 9 24, *paragraph (b)*, or for a tax reduction pursuant to section 273.1314, subdivision 9, may not be approved unless the governing body finds and determines that the construction or improvement of the facility is not likely to have the effect of transferring existing employment from one or more other municipalities within the state.

Sec. 65. Minnesota Statutes 1984, section 273.1313, subdivision 3, is amended to read:

Subd. 3. [CLASSIFICATION.] Property shall be classified as employment property and assessed as provided for class 4d property in section 273.13, subdivision 9 24, *paragraph (4) (b)*, for taxes levied in the year in which the classification is approved and for the four succeeding years after the approval. The property tax to be paid in respect to property taxable within a tax relief area on ~~class 3b property, on class 3e property, and on class 3ee homestead~~ property, as otherwise determined by law and regardless of the market value of the property, for all purposes shall be reduced in the amount prescribed by subdivision 2, subject to the limitations contained therein.

Sec. 68. Minnesota Statutes 1984, section 273.135, subdivision 2, is amended to read:

Sec. 74. [273.1393] [HOMESTEAD CREDIT REPLACEMENT AID.]

Subdivision 1. [PAYMENT.] There shall be paid to each taxing jurisdiction in 1986 and subsequent years a homestead credit replacement aid, determined as provided in this section.

Subd. 2. [COMPUTATION.] The aid will be the sum of

(1) the amount of homestead credit reimbursement paid to the taxing jurisdiction in 1985 pursuant to Minnesota Statutes 1984, section 273.13, subdivision 15a, on agricultural homesteads;

(2) for aid paid in 1986 only, the additional amount of homestead credit reimbursement that would have been paid to the taxing jurisdiction in 1985 pursuant to Minnesota Statutes 1984, section 273.13, subdivision 15a, if there had been no \$650 maximum on homestead credits paid on nonagricultural homesteads;

(3) the taxing jurisdiction's nonfarm homestead increase share. That share is determined by multiplying the amount determined in clause (2) by a fraction, the numerator of which is the ratio of the estimated assessed value of the total homestead base value of nonagricultural homesteads in the taxing jurisdiction for the current assessment year to the estimated total assessed value of all property within the taxing jurisdiction for the current assessment year, and the denominator of which is the ratio of the estimated assessed value of the total homestead base value of nonagricultural homesteads in the taxing jurisdiction for the previous assessment year to the estimated total

assessed value of all property within the taxing jurisdiction for the previous assessment year. The resultant fraction shall be adjusted for the percentage change in the total homestead base value from the previous assessment year to the current assessment year. The county auditor shall certify the estimated assessed value of the total homestead base value, of nonagricultural homesteads and the estimated assessed value of all property in the taxing jurisdiction as of July 15 to the commissioner of revenue; plus

(4) for distributions made in 1986 and thereafter, the amounts determined under clauses (1), (2), and (3) for counties that are attributable to current year levy for general assistance, medical assistance and general assistance medical care shall be adjusted for estimated change in these levy amounts. The commissioners of health and human services shall certify these amounts for counties to the commissioner of revenue on August 15. For school districts, the amounts determined under clauses (1), (2), and (3) that are attributable to current year levies certified pursuant to sections 124A.03, subdivisions 1 and 3, 124A.06, 124A.08, 124A.10, 124A.12, 124A.14, and 275.125, subdivisions 5, 5b, and 5c shall be adjusted for estimated change in these levy amounts. The commissioner of education shall certify these amounts for school districts to the commissioner of revenue on August 15. All remaining amounts determined under clauses (1), (2), and (3) shall be increased by a percentage equal to the implicit price deflator increase as determined in section 477A.011, subdivision 6.

Subd. 3. [PAYMENT.] The commissioner shall certify and pay the homestead credit certification and replacement aid at the times provided in section 273.1392 for certification and payments to school districts and at the times provided in sections 477A.014 and 477A.015 for certification and payment of local government aid to other taxing jurisdictions. Aids to school districts must be certified to the commissioner of education. Payment shall not be made to any special taxing jurisdiction that has ceased to levy a property tax.

Subd. 4. [APPROPRIATION.] An amount sufficient to make the payments required in this section is annually appropriated from the general fund to the commissioner of revenue.

Sec. 75. [273.1394] [AGRICULTURAL CREDIT REPLACEMENT AID.]

Subdivision 1. [PAYMENT.] There shall be paid to each taxing jurisdiction in 1986 and subsequent years an agricultural credit replacement aid determined as provided in this section.

Subd. 2. [COMPUTATION.] The aid will be the sum of

(1) the amount of aid that would have been paid to a taxing jurisdiction in 1985 pursuant to Minnesota Statutes 1984, section 124.2137, if the aid paid to school districts under that provision had been distributed among all taxing jurisdictions containing property with respect to which the credit had been paid in proportion to the mill rates of each such taxing jurisdiction applied to the properties receiving the credit; and as if the amount of agricultural credit paid pursuant to Minnesota Statutes 1984, section 124.2137, had been paid as if the percentages utilized had been changed as follows: 33 percent to 35 percent, 15 percent to 23 percent, and 10 percent to 23 percent, provided

that for noncommercial seasonal recreational residential property the 15 percent factor shall be used, plus

(2) the taxing jurisdiction's agricultural increase share. For purposes of this section, agricultural values shall include timberlands. That share is determined by multiplying the amount determined in clause (1) by a fraction, the numerator of which is the ratio of the estimated assessed value of property qualifying for the agricultural credit under Minnesota Statutes 1984, section 124.2137, in the taxing jurisdiction for the current assessment year to the estimated total assessed value of all property within the taxing jurisdiction for the current assessment year, and the denominator of which is the ratio of the estimated assessed value of property qualifying for the agricultural credit under Minnesota Statutes 1984, section 124.2137, in the taxing jurisdiction for the previous assessment year to the estimated total assessed value of all property within the taxing jurisdiction for the previous assessment year. The county auditor shall certify the estimated assessed value of property qualifying for the agricultural credit under Minnesota Statutes 1984, section 124.2137, and the estimated assessed value of all property in the taxing jurisdiction as of July 15 to the commissioner of revenue; plus

(3) for distributions made in 1986 and thereafter, the amounts determined under clauses (1) and (2) for counties that are attributable to current year levy for general assistance, medical assistance and general assistance medical care shall be adjusted for estimated change in these levy amounts. The commissioner of health and human services shall certify these amounts for counties to the commissioner of revenue on August 15. For school districts, the amounts determined under clauses (1) and (2) that are attributable to current year levies certified pursuant to sections 124A.03, subdivisions 1 and 3, 124A.06, 124A.08, 124A.10, 124A.12, 124A.14, and 275.125, subdivisions 5, 5b, and 5c shall be adjusted for estimated change in these levy amounts. The commissioner of education shall certify these amounts for school districts to the commissioner of revenue on August 15. All remaining amounts determined under clauses (1) and (2) shall be increased by a percentage equal to the implicit price deflator increase as determined in section 477A.011, subdivision 6.

Subd. 3. [CERTIFICATION AND PAYMENT.] The commissioner shall certify and pay the agricultural credit replacement aid at the times provided in section 273.1392 for certification and payments to school districts and at the times provided in sections 477A.014 and 477A.015 for certification and payment of local government aid to other taxing jurisdictions. Aids to school districts must be certified to the commissioner of education. Payment shall not be made to any special taxing district that has ceased to levy a property tax.

Subd. 4. [APPROPRIATION.] An amount sufficient to make the payments required in this section is annually appropriated from the general fund to the commissioner of revenue.

Sec. 76. [273.165] [TAXATION OF SEPARATE MINERAL INTERESTS AND UNMINED IRON ORE.]

Subdivision 1. [MINERAL INTEREST.] "Mineral interest," for the purpose of this subdivision, means an interest in any minerals, including but not limited to gas, coal, oil, or other similar interest in real estate, which is

owned separately and apart from the fee title to the surface of such real property. Mineral interests which are filed for record in the offices of either the county recorder or registrar of titles, whether or not filed pursuant to sections 93.52 to 93.58, are taxed as provided in this subdivision unless specifically excluded by this subdivision. A tax of 25 cents per acre or portion of an acre of mineral interest is imposed and is payable annually. If an interest is a fractional undivided interest in an area, the tax due on the interest per acre or portion of an acre is equal to the product obtained by multiplying the fractional interest times 25 cents, computed to the nearest cent. However, the minimum annual tax on any mineral interest is \$2. No such tax on mineral interests is imposed on the following: (1) mineral interests valued and taxed under other laws relating to the taxation of minerals, gas, coal, oil, or other similar interests; or (2) mineral interests which are exempt from taxation pursuant to constitutional or related statutory provisions. Taxes received under this subdivision must be apportioned to the taxing districts included in the area taxed, in the same proportion as the surface interest mill rate of a taxing district bears to the total mill rate applicable to surface interests in the area taxed. The tax imposed by this subdivision is not included within any limitations as to rate or amount of taxes which may be imposed in an area to which the tax imposed by this subdivision applies. The tax imposed by this subdivision does not cause the amount of other taxes levied or to be levied in the area, which are subject to any such limitation, to be reduced in any amount. Twenty percent of the revenues received from the tax imposed by this subdivision must be distributed under the provisions of section 116J.64.

Subd. 2. [IRON ORE.] Unmined iron ore included in class 9 must be assessed with and as a part of the real estate in which it is located, but at the rate established in section 273.13, subdivision 30. Iron ore which either (a) is mined by underground methods and either placed in stockpile or concentrated and placed in stockpile or (b) is mined by open-pit methods and, in accordance with good engineering and metallurgical practice, requires concentration other than crushing or screening or both to make it suitable for commercial blast furnace use, and is either placed in stockpile for the purpose of concentration in the course of a concentration operation, or is concentrated and placed in stockpile, for three taxable years after being mined only, must be listed and assessed in the taxing district where mined at the same amount per ton as it would be assessed if still unmined, except that if the ore contains phosphorous in excess of 180 percent or is classified in the trade as manganiferous ore, then irrespective of whether it requires concentration or has been concentrated it must be so listed and assessed as if it were unmined or for five taxable years after being mined only, and thereafter the ore in stockpiles must be valued and assessed as mined iron ore, as otherwise provided by law. The real estate in which iron ore is located, other than the ore, must be classified and assessed in accordance with the provisions of the appropriate classes. In assessing any tract or lot of real estate in which iron ore is known to exist, the assessable value of the ore exclusive of the land in which it is located, and the assessable value of the land exclusive of the ore must be determined and set down separately and the aggregate of the two must be assessed against the tract or lot.

Sec. 77. Minnesota Statutes 1984, section 273.38, is amended to read:

273.38 [PERCENTAGE OF ASSESSMENTS; EXCEPTIONS.]

The commissioner of revenue shall assess at five percent of market value distribution lines, and the attachments and appurtenances thereto, used primarily for supplying electricity to farmers at retail, and which shall be taxed at the average rate of taxes levied for all purposes throughout the county, and which shall be entered, certified and credited as provided in section 273.42. It is further provided that the distribution lines and the attachments and appurtenances thereto of cooperative associations organized under the provisions of Laws 1923, Chapter 326, and laws amendatory thereof and supplemental thereto, and engaged in the electrical heat, light and power business, upon a mutual, non-profit and cooperative plan, shall be assessed and taxed as provided in sections 273.40 and 273.41.

Sec. 78. Minnesota Statutes 1984, section 273.42, subdivision 2, is amended to read:

Subd. 2. Owners of land defined as class ~~3, 3b, 3e, 3ee, 3d or 3f~~ *1a, 1b, 2a, 2c, 4a, or 5a*, pursuant to section 273.13 listed on records of the county auditor or county treasurer over which runs a high voltage transmission line as defined in section 116C.52, subdivision 3, except a high voltage transmission line the construction of which was commenced prior to July 1, 1974, shall receive a property tax credit in an amount determined by multiplying a fraction, the numerator of which is the length of high voltage transmission line which runs over that parcel and the denominator of which is the total length of that particular line running over all property within the city or township by ten percent of the transmission line tax revenue derived from the tax on that portion of the line within the city or township pursuant to section 273.36. In the case of property owners in unorganized townships, the property tax credit shall be determined by multiplying a fraction, the numerator of which is the length of the qualifying high voltage transmission line which runs over the parcel and the denominator of which is the total length of the qualifying high voltage transmission line running over all property within all the unorganized townships within the county, by the total utility property tax credit fund amount available within the county for that year pursuant to section 273.42, subdivision 1. Where a right-of-way width is shared by more than one property owner, the numerator shall be adjusted by multiplying the length of line on the parcel by the proportion of the total width on the parcel owned by that property owner. The amount of credit for which the property qualifies shall not exceed 20 percent of the total gross tax on the parcel prior to deduction of the state paid agricultural credit and the state paid homestead credit, provided that, if the property containing the right of way is included in a parcel which exceeds 40 acres, the total gross tax on the parcel shall be multiplied by a fraction, the numerator of which is the sum of the number of acres in each quarter-quarter section or portion thereof which contains a right of way and the denominator of which is the total number of acres in the parcel set forth on the tax statement, and the maximum credit shall be 20 percent of the product of that computation, prior to deduction of those credits. The auditor of the county in which the affected parcel is located shall calculate the amount of the credit due for each parcel and transmit that information to the county treasurer. The county auditor, in computing the ~~credits~~ *credit* received pursuant to ~~sections 273.13 and section 273.135 and the credit amount computed pursuant to section 275.082~~, shall reduce the gross tax by the amount of the credit received pursuant to this section, unless the amount of the credit would be less than \$10.

If, after the county auditor has computed the credit to those qualifying

property owners in unorganized townships, there is money remaining in the utility property tax credit fund, then that excess amount in the fund shall be returned to the general school fund of the county.

Sec. 79. Minnesota Statutes 1984, section 274.19, subdivision 1, is amended to read:

The taxes shall be due on the last day of August. Taxes remaining unpaid after the due date shall be deemed delinquent, and a penalty of eight percent shall be assessed and collected as part of the unpaid taxes. On September 30 the county treasurer shall make a list of taxes remaining unpaid and shall certify the list immediately to the clerk of district court, who shall issue warrants to the sheriff for collection.

Sec. 82. Minnesota Statutes 1984, section 274.19, subdivision 4, is amended to read:

Subd. 4. Any person who claims that his ~~class 2a property manufactured home~~ has been unfairly or unequally assessed, or that such property has been assessed at a valuation greater than its real or actual value, or that the tax levied against the same is illegal, in whole or in part, or has been paid, or that the property is exempt from the tax so levied, may have the validity of his claim, defense or objection determined by the district court of the county in which the tax is levied or by the tax court by filing a petition for such determination, in the office of the clerk of the district court on or before the first day of September of the year in which such tax becomes payable. A petition for determination under this section may be transferred by the district court to the tax court.

Sec. 83. Minnesota Statutes 1984, section 274.19, subdivision 6, is amended to read:

The tax assessed on ~~class 2a property~~ *manufactured homes* shall be deemed to be a personal property tax and laws relating to assessment, review, and collection of personal property taxes shall be applicable to this tax, if not inconsistent with provisions in ~~Laws 1975, Chapter 376~~ *this section*.

Sec. 85. Minnesota Statutes 1984, section 274.19, is amended by adding a subdivision to read:

Subd. 8. [MANUFACTURED HOMES; SECTIONAL STRUCTURES.]

(a) *For purposes of this section, a "manufactured home" means a structure transportable in one or more sections, which is built on a permanent chassis, and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities, and contains the plumbing, heating, air-conditioning, and electrical systems therein, including any accessory structure which is an addition or supplement to the manufactured home and, when installed, becomes a part of the manufactured home.*

If the local unit notifies the commissioner of revenue, or the commissioner of education in the case of a school district, before October tenth of its inability to certify its levy by that date, and the commissioner is satisfied that the delay is unavoidable and is not due to the negligence of the local unit's officials or staff, the commissioner shall extend the time within which the local unit shall certify its levy.

Subd. 5. [SEASONAL RESIDENTIAL RECREATIONAL PROPERTY.] The assessed value of seasonal residential recreational property is reduced by 15 percent of the first \$32,500 of assessed value.

Subd. 6. [HOMESTEAD EXEMPTION BASE VALUE.] For purposes of this section, for taxes levied in 1985, the homestead exemption base value is \$68,000. For taxes levied in 1986 and subsequent years, the commissioner of revenue shall adjust the homestead exemption base value used for the preceding year by the estimated percentage increase in the statewide average assessors' estimated market value, as equalized by the state board of equalization, of a residential home for the current assessment over the previous assessment. The revised homestead exemption base value shall be rounded to the nearest \$500. The commissioner shall determine and announce the revised homestead base value on December 15 of each year preceding the assessment date.

Sec. 88. [275.082] [COMPUTATION OF TAX ON PARCELS.]

After the mill rate has been computed for a taxing jurisdiction, based on the reduced assessed value of homestead property determined under section 87, the tax on each homestead parcel shall be computed on the assessed value of the property determined under section 273.13, and without regard to any exemption provided in section 87. The tax so computed on the parcel shall be decreased by (1) the amount of credit that would have been paid on that parcel pursuant to Minnesota Statutes 1984, section 273.13, subdivision 6 or 7, provided that the credit amount shall be computed with respect to a nonagricultural homestead without regard to the \$650 maximum, and with respect to an agricultural homestead as if the \$650 maximum were replaced with a maximum equal to \$9,200 multiplied by the local mill rate; and (2) the amount of credit that would have been paid on that parcel pursuant to Minnesota Statutes 1984, section 124.2137, provided that the credit amount shall be computed as if the maximum assessed value subject to the credit was \$400,000.

Sec. 89. Minnesota Statutes 1984, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1983 payable in 1984 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action

when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, but only to the extent of the increase in levy for such judgments and out of court settlements over levy year 1970, taxes payable in 1971;

(b) pay the costs of complying with any written lawful order initially issued prior to January 1, 1977 by the state of Minnesota, or the United States, or any agency or subdivision thereof, which is authorized by law, statute, special act or ordinance and is enforceable in a court of competent jurisdiction, or any stipulation agreement or permit for treatment works or disposal system for pollution abatement in lieu of a lawful order signed by the governmental subdivision and the state of Minnesota, or the United States, or any agency or subdivision thereof which is enforceable in a court of competent jurisdiction. The commissioner of revenue shall in consultation with other state departments and agencies, develop a suggested form for use by the state of Minnesota, its agencies and subdivisions in issuing orders pursuant to this subdivision;

(c) pay the costs to a governmental subdivision for their minimum required share of any program otherwise authorized by law for which matching funds have been appropriated by the state of Minnesota or the United States, excluding the administrative costs of public assistance programs, to the extent of the increase in levy over the amount levied for the local share of the program for the taxes payable year 1971. This clause shall apply only to those programs or projects for which matching funds have been designated by the state of Minnesota or the United States on or before September 1, of the previous year and only when the receipt of these matching funds is contingent upon the initiation or implementation of the project or program during the year in which the taxes are payable or those programs or projects approved by the commissioner;

(d) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. Except for the costs of general assistance as defined in section 256D.02, subdivision 4, general assistance medical care under section 256D.03 and the costs of hospital care pursuant to section 261.21, the aggregate amounts levied pursuant to this clause are subject to a maximum increase of 18 percent over the amount levied for these purposes in the previous year;

(e) pay the costs of principal and interest on bonded indebtedness or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(f) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(g) fund the payments made to the Minnesota state armory building com-

mission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(h) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(i) pay the amounts required to compensate for a decrease in manufactured homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section ~~273.13~~ 274.19, subdivision 3 8, as amended, is less than the distribution of the manufactured homes tax to the governmental subdivision pursuant to *Minnesota Statutes 1969*, section 273.13, subdivision 3, in calendar year 1971;

(j) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(k) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(l) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal board but only to the extent and for the levy years as provided by the board in its order pursuant to section 414.01, subdivision 15. Special levies authorized by the board shall not exceed 50 percent of the levy limit base of the governmental subdivision and may not be in effect for more than three years after the board's order;

(m) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) The increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) The amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development

as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development. In the levy year following the levy year in which the special levy made pursuant to this clause is discontinued, one-half of the amount of that special levy made in the preceding year shall be added to the permanent levy base of the governmental subdivision;

(n) recover a loss or refunds in tax receipts incurred in non-special levy funds resulting from abatements or court action in the previous year pursuant to section 275.48;

(o) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(p) the amounts allowed under section 174.27 to establish and administer a commuter van program;

(q) pay the costs of financial assistance to local governmental units and certain administrative, engineering, and legal expenses pursuant to Laws 1979, chapter 253, section 3;

(r) compensate for revenue lost as a result of abatements or court action pursuant to sections 270.07, 270.17 or 278.01 due to a reassessment ordered by the commissioner of revenue pursuant to section 270.16;

(s) pay the total operating cost of a county jail as authorized in section 641.01. If the county government utilizes this special levy, then any amount levied by the county government in the previous year for operating its county jail and included in its previous year's levy limitation computed pursuant to section 275.51 shall be deducted from the current levy limitation;

(t) pay the costs of implementing section 18.023, including sanitation and reforestation; and

(u) pay the estimated cost for the following calendar year of the county's share of funding the Minnesota cooperative soil survey.

Sec. 90. Minnesota Statutes 1984, section 275.51, subdivision 3i, is

amended to read:

Subd. 3i. [LEVY LIMITATION.] The levy limitation for a governmental subdivision shall be equal to the adjusted levy limit base determined pursuant to subdivision 3h, reduced by (a) the total amount of local government aid that the governmental subdivision has been certified to receive pursuant to sections 477A.011 to 477A.014; (b) taconite aids pursuant to sections 298.28 and 298.282 including any aid received in the levy year which was required to be placed in a special fund for expenditure in the next succeeding year; (c) state reimbursements for wetlands and native prairie property tax exemptions pursuant to sections 273.115, subdivision 3 and 273.116, subdivision 3; ~~and~~ (d) payments in lieu of taxes to a county pursuant to section 477A.12 which are required to be used to provide property tax levy reduction certified to be paid in the calendar year in which property taxes are payable; (e) *homestead credit replacement aid paid under section 273.1393*; and (f) *agricultural credit aid paid under section 273.1393*. If the sum of the taconite aids deducted exceeds the adjusted levy limit base, the excess must be used to reduce the amounts levied as special levies pursuant to section 275.50, subdivisions 5 and 7. The commissioner of revenue shall notify a governmental subdivision of any excess taconite aids to be used to reduce special levies.

As provided in section 298.28, subdivision 1, one cent per taxable ton of the amount distributed under section 298.28, subdivision 1, clause (4)(c) shall not be deducted from the levy limit base of the counties that receive that aid. The resulting figure is the amount of property taxes which a governmental subdivision may levy for all purposes other than those for which special levies and special assessments are made.

Sec. 91. Minnesota Statutes 1984, section 276.04, is amended to read:

276.04 [NOTICE OF RATES; PROPERTY TAX STATEMENTS.]

On receiving the tax lists from the county auditor, the county treasurer shall, if directed by the county board, give three weeks' published notice in a newspaper specifying the rates of taxation for all general purposes and the amounts raised for each specific purpose. He shall, whether or not directed by the county board, cause to be printed on all tax statements, or on an attachment, a tabulated statement of the dollar amount due to each taxing authority from the parcel of real property for which a particular tax statement is prepared. The dollar amounts due the county, township or municipality and school district shall be separately stated but the amounts due other taxing districts, if any, may be aggregated. The dollar amounts, including the dollar amount of any special assessments, may be rounded to the nearest even whole dollar. For purposes of this section whole odd-numbered dollars may be adjusted to the next higher even-numbered dollar. The statement shall include the following sentence, printed in upper case letters in bold face print: "THE STATE OF MINNESOTA DOES NOT RECEIVE ANY PROPERTY TAX REVENUES. THE STATE OF MINNESOTA REDUCES YOUR PROPERTY TAX BY PAYING CREDITS AND REIMBURSEMENTS TO LOCAL UNITS OF GOVERNMENT." The property tax statements for ~~class 2a~~ *manufactured homes and sectional structures taxed as personal property* shall contain the same information that is required on the tax statements for real property. The county treasurer shall mail to taxpayers' statements of their personal property taxes due, such statements to

be mailed not later than February 15 (except in the case of ~~Class 2a~~ *manufactured homes and sectional structures taxed as personal property*), statements of the real property taxes due shall be mailed not later than January 31; provided, that the validity of the tax shall not be affected by failure of the treasurer to mail such statement. The taxpayer is defined as the owner who is responsible for the payment of the tax. Such real and personal property tax statements shall contain the market value, as defined in section 272.03, subdivision 8, used in determining the tax. The statement shall show the amount attributable to *the decrease in tax under Minnesota Statutes 1984, section 124.2137 as "state paid agricultural credit" amount* and the amount attributable to *Minnesota Statutes 1984, section 273.13, subdivisions 6 and 7 as "state paid homestead credit amount."* ~~The statement shall show the reduction attributable to the aid given pursuant to section 273.139 and shall indicate that the reduction is paid by the state of Minnesota.~~ If so directed by the county board, the treasurer shall visit places in the county as he deems expedient for the purpose of receiving taxes and the county board is authorized to pay the expenses of such visits and of preparing duplicate tax lists. Failure to mail the tax statement shall not be deemed a material defect to affect the validity of any judgment and sale for delinquent taxes.

Sec. 92. Minnesota Statutes 1984, section 278.01, subdivision 2, is amended to read:

Subd. 2. [HOMESTEADS.] Any person having any estate, right, title or interest in or lien upon any parcel which is classified as homestead under the provisions of section 273.13, subdivisions ~~6, 6a, 7, 7b, 10 or 12~~ *22 or 23*, who claims that said parcel has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class, in that portion of the county in which that parcel is located, for which the commissioner is able to establish and publish a sales ratio study as determined by the applicable real estate assessment/sales ratio study published by the commissioner of revenue, may have the validity of his claim, defense, or objection determined by the district court of the county in which the tax is levied or by the tax court by serving two copies of a petition for such determination upon the county auditor and one copy each on the county treasurer and the county attorney and filing the same, with proof of such service, in the office of the clerk of the district court before the 16th day of May of the year in which such tax becomes payable. The county auditor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be sent to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court.

Sec. 93. Minnesota Statutes 1984, section 278.05, subdivision 5, is amended to read:

Subd. 5. Any time after the filing of the petition and before the trial of the issues raised thereby, when the defense or claim presented is that the property has been partially, unfairly, or unequally assessed, or that the parcel has been assessed at a valuation greater than its real or actual value, or that a parcel which is classified as homestead under the provisions of section

273.13, subdivisions ~~6, 6a, 7, 7b, 10 or 12~~ 22 or 23, has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class in that portion of the county in which the parcel is located, for which the commissioner is able to establish and publish a sales ratio study, the attorney representing the state, county, city or town in the proceedings may serve on the petitioner, or his attorney, and file with the clerk of the district court, an offer to reduce the valuation of any tract or tracts to a valuation set forth in the offer. If, within ten days thereafter, the petitioner, or his attorney, gives notice in writing to the county attorney, or the attorney for the city or town, that the offer is accepted, he may file the offer with proof of notice, and the clerk shall enter judgment accordingly. Otherwise, the offer shall be deemed withdrawn and evidence thereof shall not be given; and, unless a lower valuation than specified in the offer is found by the court, no costs or disbursements shall be allowed to the petitioner, but the costs and disbursements of the state, county, city or town, including interest at six percent on the tax based on the amount of the offer from and after the 16th day of October of the year the taxes are payable, shall be taxed in its favor and included in the judgment and when collected shall be credited to the county revenue fund, unless the taxes were paid in full before the 16th day of October of the year in which the taxes were payable, in which event interest shall not be taxable.

Sec. 94. Minnesota Statutes 1984, section 279.01, subdivision 1, is amended to read:

Subdivision 1. On May 16, of each year, with respect to property actually occupied and used as a homestead by the owner of the property, a penalty of three percent shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer, and a penalty of seven percent on nonhomestead property, except that this penalty shall not accrue until June 1 of each year on commercial use real property used for seasonal residential recreational purposes and classified as class ~~3 or 3a 1c, 2c, or 7e,~~ and on other commercial use real property classified as class ~~4e 3a,~~ provided that over 60 percent of the gross income earned by the enterprise on the class ~~4e 3a~~ property is earned during the months of May, June, July, and August. Any property owner of such class ~~4e 3a~~ property who pays the first half of the tax due on the property after May 15 and before June 1 shall attach an affidavit to his payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the 16th day of each month, up to and including October 16 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes. When the taxes against any tract or lot exceed \$10, one-half thereof may be paid prior to May 16; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the 16th day of each month up to and including December 16 following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the 16th day of each month up to and including December 16 following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and there-

upon no penalty shall attach to the remaining one-half until October 16 following; provided, also, that the same may be paid in installments as follows: One-fourth prior to March 16; one-fourth prior to May 16; one-fourth prior to August 16; and the remaining one-fourth prior to October 16, subject to the aforesaid penalties. Where the taxes delinquent after October 16 against any tract or parcel exceed \$40, they may be paid in installments of not less than 25 percent thereof, together with all accrued penalties and costs, up to the next tax judgment sale, and after such payment, penalties, interest, and costs shall accrue only on the sum remaining unpaid. Any county treasurer who shall make out and deliver or countersign any receipt for any such taxes without including all of the foregoing penalties therein, shall be liable to the county for the amount of such penalties.

281.17 [PERIOD FOR REDEMPTION.]

The period of redemption for all lands sold to the state at a tax judgment sale shall be three years from the date of sale to the state of Minnesota if the land is within an incorporated area unless it is: (a) homesteaded land as defined in section 273.13, subdivision 7 22, (b) agricultural land as defined in section 273.13, subdivision 6 22, *paragraph (c) or subdivision 23, paragraph (a)*, or (c) seasonal recreational land as defined in section 273.13, subdivision 4 28, *paragraph (e)*, in which event the period of redemption is five years from the date of sale to the state of Minnesota.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale.

Sec. 97. Minnesota Statutes 1984, section 290A.03, subdivision 6, is

amended to read:

Subd. 6. [HOMESTEAD.] "Homestead" means the dwelling occupied by a claimant as his principal residence and so much of the land surrounding it, not exceeding ten acres, as is reasonably necessary for use of the dwelling as a home and any other property used for purposes of a homestead as defined in section 273.13, subdivision 7 22, except for agricultural land assessed as part of a homestead pursuant to section 273.13, subdivision 6 23, "homestead" is limited to 320 acres or, where the farm homestead is rented, one acre. The homestead may be owned or rented and may be a part of a multi-dwelling or multi-purpose building and the land on which it is built. A manufactured home, as defined in section 168.011, subdivision 8, assessed as personal property may be a dwelling for purposes of this subdivision.

Sec. 98. Minnesota Statutes 1984, section 290A.03, subdivision 13, is amended to read:

Subd. 13. [PROPERTY TAXES PAYABLE.] "Property taxes payable" means the property tax exclusive of special assessments, penalties, and interest payable on a claimant's homestead before reductions made pursuant to section 275.082 attributable to Minnesota Statutes 1984, section 273.13, subdivisions 6, 7 and 14a, but after deductions made pursuant to sections 275.082 attributable to Minnesota Statutes 1984, section 124.2137, 273.115, 273.116, 273.135, ~~273.139~~, 273.1391, 273.42, subdivision 2, and any other state paid property tax credits in any calendar year. In the case of a claimant who makes ground lease payments, "property taxes payable" includes the amount of the payments directly attributable to the property taxes assessed against the parcel on which the house is located. No apportionment or reduction of the "property taxes payable" shall be required for the use of a portion of the claimant's homestead for a business purpose if the claimant does not deduct any business depreciation expenses for the use of a portion of the homestead in the determination of federal adjusted gross income. For homesteads which are manufactured homes as defined in section 168.011, subdivision 8, "property taxes payable" shall also include the amount of the gross rent paid in the preceding year for the site on which the homestead is located, which is attributable to the net tax paid on the site. The amount attributable to property taxes shall be determined by multiplying the net tax on the parcel by a fraction, the numerator of which is the gross rent paid for the calendar year for the site and the denominator of which is the gross rent paid for the calendar year for the parcel. When a homestead is owned by two or more persons as joint tenants or tenants in common, such tenants shall determine between them which tenant may claim the property taxes payable on the homestead. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final. Property taxes are considered payable in the year prescribed by law for payment of the taxes.

In the case of a claim relating to "property taxes payable," the claimant must have owned and occupied the homestead on January 2 of the year in which the tax is payable and (i) the property must have been classified as homestead property pursuant to section 273.13, ~~subdivisions 6, 7, or 14a subdivisions 22 or 23~~ on or before June 1 of the year in which the "property taxes payable" were levied; or (ii) the claimant must provide documentation from the local assessor that application for homestead classification has been made prior to October 1 of the year in which the "property taxes payable" were payable and that the assessor has approved the application.

Sec. 99. Minnesota Statutes 1984, section 290A.03, subdivision 14, is

amended to read:

Subd. 14. [NET TAX.] "Net tax" means

(a) the property tax, exclusive of special assessments, interest, and penalties, and after reduction for any state paid property tax credits as required in subdivision 13 except for the reduction pursuant to *section 275.082, attributable to Minnesota Statutes 1984*, section 273.13, subdivisions 6, 7, and 14a, or

The commissioner may extend the time for filing these claims for a period not to exceed six months in the case of sickness, absence, or other disability, or when in his judgment other good cause exists:

A claim filed after the original or extended due date shall be allowed, but the amount of credit shall be reduced by five percent of the amount otherwise allowable, plus an additional five percent for each month of delinquency, not exceeding a total reduction of 25 percent which may be cancelled or reduced by the commissioner in the case of sickness, absence, or other disability, or when in his judgment other good cause exists. In any event no claim shall be allowed if the initial claim is filed two years after the original due date for filing the claim.

The time limit on redetermination of claims for refund and examination of records shall be governed by sections 290.49, 290.50, and 290.56 and for purposes of computing the time limit as provided in these sections the due date of the property tax refund return shall be the same as the due date contained in section 290.42 for an income tax return covering the year in which the rent was paid or the year preceding the year in which the property taxes are payable.

If the commissioner of finance determines that the forecasts indicate a projected general fund balance that exceeds 100 percent of the estimated amount of those payments, the full payment will be made to those claimants by May 1.

Sec. 6. Minnesota Statutes 1984, section 290A.19, is amended to read:

If the renter moves prior to December 31, the owner or managing agent shall at his option either provide the certificate to the renter at the time he moves, or mail the certificate to the forwarding address if an address has been provided by the renter. The certificate shall be made available to the renter not later than January 31 of the year following the year in which the rent was paid. Any owner or managing agent who willfully fails to furnish a certificate as provided herein shall be liable to the commissioner for a penalty of \$20 for each act or failure to act. The penalty shall be assessed and collected in the manner provided in chapter 290 for the assessment and collection of income tax.

(b) If the owner or managing agent elects to provide the renter with the certificate at the time he moves, rather than after December 31, the amount of rent constituting property taxes shall be computed as follows:

(i) The net tax shall be reduced by 1/12th for each month remaining in the calendar year.

(ii) In calculating the denominator of the fraction pursuant to section 290A.03, subdivision 11, the gross rent paid through the last month of claimant's occupancy shall be substituted for "the gross rent paid for the calendar year for the property in which the unit is located."

(c) The certificate of rent constituting property taxes shall include the address of the property, including the county, and the property tax parcel identification number and any additional information which the commissioner determines is appropriate.

(d) If the owner or managing agent fails to provide the renter with a certificate of rent constituting property taxes, the commissioner shall allocate the net tax on the building to the unit on a square footage basis or other appropriate basis as the commissioner determines. The renter shall supply the commissioner with a statement from the county treasurer which gives the amount of property tax on the parcel, the address and property tax parcel identification number of the property, and the number of units in the building.

(e) Effective January 1, 1986, the commissioner shall provide to the com-

The maximum amount of this total which may be authorized by the commissioner for tax reductions pursuant to subdivision 9 that will reduce tax revenues which otherwise would have been received during fiscal years 1984 and 1985 is limited to \$9,000,000. Of the total limitation and the 1984-1985 biennial limitation the commissioner shall allocate to enterprise zones designated under section 273.1312, subdivision 4, paragraph (c), clause (3), an amount equal to \$16,610,940 and \$5,000,000 respectively. These funds shall be allocated among such zones on a per capita basis except that the maximum allocation to any one city is \$6,610,940 and no city's allocation shall exceed \$210 on a per capita basis. An amount sufficient to fund the state funded property tax credits, the refundable income tax credits, and the sales tax exemption, as authorized pursuant to this section is appropriated to the commissioner of revenue. Upon designation of an enterprise zone the commissioner shall certify the total amount available for tax reductions in the zone for its duration. The amount certified shall reduce the amount available for tax reductions in other enterprise zones. If subsequent estimates indicate or actual experience shows that the approved tax reductions will result in amounts of tax reductions in excess of the amount certified for the zone, the commissioner shall implement a plan to reduce the available tax reductions in the zone to an amount within the sum certified for the zone. If subsequent estimates indicate or actual experience shows that the approved tax reductions will result in amounts of tax reductions below the amount certified, the difference shall be available for certification in other zones or used in connection with an amended plan of tax reductions for the zone as the commissioner determines appropriate. If the tax reductions authorized result in reduced revenues for a dedicated fund, the commissioner of finance shall transfer equivalent amounts to the dedicated fund from the general fund as

necessary. *Of the \$36,400,000 in tax reductions authorized under this subdivision, an additional \$800,000 in tax reductions may be authorized within an enterprise zone located within five municipalities which was designated by the commissioner in 1984.*

Boundaries of a zone may not be amended to create noncontiguous subdivisions. If the commissioner approves the amended boundaries, the change is effective on the date of approval. *Notwithstanding the area limitation under section 273.1312, subdivision 4, paragraph (b), the commissioner may approve a specific application to amend the boundaries of an enterprise zone which is located within five municipalities and was designated in 1984, to increase its area to not more than 800 acres.*

Sec. 11. [273.1316] [ECONOMIC DIVERSIFICATION INCENTIVES PROGRAM.]

Subdivision 1. [LEGISLATIVE FINDINGS AND PURPOSE.] The legislature finds that it is in the best interest of the state of Minnesota to facilitate the diversification of its economy and to encourage the development of new technologies which will result in long-term growth and expansion in state employment. The legislature also finds that the economic growth of the state is occurring unevenly, and that a significant area of the state has not participated in this general economic growth. Accordingly, the legislature hereby establishes a state economic diversification incentives program for the purpose of ensuring long-term growth and stability in the state's economy which will be beneficial to all areas of the state.

(b) An allocation under this section may not be approved for an amount greater than \$20,000 for each permanent job to be created by the project, except for a sales tax abatement for an eligible business under subdivision 5, paragraph (e), provided that the allocation may not exceed 25 percent of the total cost of the project, and the total allocation does not exceed \$5,000,000.

Subd. 11. [APPLICATIONS.] Applications for allocations under this section must contain the information as required under section 273.1314, subdivision 3, and any other information the commissioner considers relevant in designating a business to receive an allocation under this section.

Subd. 12. [ALLOCATION EVALUATION.] The commissioner shall review and evaluate applications for allocations under this section to determine whether the allocation should be approved. 298.292 [POLICY.]

The legislature is cognizant of the severe economic dislocations and widespread unemployment that result when a single industry on which an area is largely dependent, experiences a drastic reduction in activity. The northeast Minnesota economic protection trust fund is hereby created to be devoted to economic rehabilitation and diversification of industrial enterprises where these conditions ensue as the result of the decline of such a single industry. Priority shall be given to using the northeast Minnesota eco-

conomic protection trust fund for the following purposes:

(a) projects and programs that are designed to create and maintain productive, permanent, skilled employment, including employment in technologically innovative businesses;

(b) projects and programs to encourage diversification of the economy and to promote the development of minerals, alternative energy sources utilizing indigenous fuels, forestry, small business, and tourism;

(c) projects and programs for which technological and economic feasibility have been demonstrated;

(d) loans, loan guarantees, interest buy-downs and other forms of participation with private sources of financing, but a loan to a private enterprise shall be for a principal amount not to exceed one-half of the cost of the project for which financing is sought, and the rate of interest on a loan shall be no less than eight percent; and

Prior to enactment by Congress of the United States of America of a federal limitation act, "previous use" means the principal amount of obligations of a type subject to limitation under the terms of section 721 of the Tax Reform Bill of 1984, H.R. 4170, as reported by the Ways and Means Committee of the United States House of Representatives on March 5, 1984, issued by a local issuer during a specified period.

In the case where an entitlement issuer's previous use calculation for 1984 and 1985 included bonds described in the previous sentence, "previous use" does not include obligations issued by an issuer other than the entitlement issuer pursuant to a transfer of the entitlement issuer's allocation in excess of \$10,000,000. "Previous use" does not include obligations issued prior to June 1, 1984, for the purpose of refunding or refinancing obligations issued by a local issuer which qualify for an exemption from federal income taxation pursuant to section 103(b) of the Internal Revenue Code of 1954, as amended.

On September 1, 1985, any unused portion of the bonding authority allocated to the higher education coordinating board shall be canceled and the authority shall be allocated pursuant to section 474.19. If the ~~energy and economic development authority department~~ determines that pursuant to a federal limitation act, the higher education coordinating board cannot issue obligations whose interest is exempt from inclusion in gross income for purposes of federal income taxation pursuant to section 103(a) of the Internal Revenue Code of 1954, as amended, this allocation shall cancel and the allocation provided in subdivision 3 shall be increased to \$55,000,000 for calendar year 1984 and to \$65,000,000 for calendar year 1985.

If the iron range resources and rehabilitation commissioner returns for reallocation all or any part of his allocation on or before October 31, that portion of his application deposit equal to one percent of the amount returned shall be refunded within 30 days. The iron range resources and rehabilitation commissioner may enter into a joint powers agreement with any other state or municipal entity which has authority to issue obligations subject to a federal limitation act whereby the other entity issues the bonds on behalf of the iron range resources and rehabilitation commissioner. *The iron range resources and rehabilitation commissioner shall give priority*

ARTICLE 8

JOBS

Section 1. [PURPOSE.]

The legislature finds that changes in the state economy and in the availability and nature of federal support have created new needs among the people of this state for assistance in their quest for jobs, for training to fill those jobs, for income maintenance programs, and for a wide array of other human services. At the same time, those changes have altered the role of state government in the planning, development, and delivery of all human services, creating a need for coordinating all the agencies that share responsibilities for those services. Accordingly, the legislature finds that in order to maximize productivity of human resources and economic opportunity within the state of Minnesota, it is necessary to streamline and coordinate the state's employment, training, and public assistance programs and to set new priorities so that state government might better meet its duty to help its citizens realize the dignity of a paycheck and achieve economic independence. Further, the legislature finds it necessary to act swiftly and decisively to achieve the dual goal of lowering the unemployment rate among the people of this state and decreasing the welfare caseload that is at once a reflection of the difficulties challenging some and a burden that must be borne by all.

After the legislature has acted, and before July 1 of each odd-numbered year, the coordinator shall revise the biennial plan to incorporate legislative action. Upon approval by the governor, the revised plan governs the administration and delivery of all employment programs and income maintenance and support services.

The system must provide for localized, single-point client intake with direct access to a statewide database. The system must include information on all available public and private programs for employment and income maintenance. The system must emphasize methods to match client needs with employment opportunities, appropriate services, programs, providers, funding sources, and other sources of assistance. The system must be coordinated with other state databases. Access to the system, within federal and state data practices provisions, must be available in each public assistance office. Employees in public assistance offices shall actively use the system to assist clients.

Subd. 4. [DUTIES WITH RESPECT TO COMMUNITY INVESTMENT PROGRAMS.] The coordinator shall:

(1) confer with the commissioners of employment and training, energy and economic development, human services, education, agriculture, public safety, natural resources, and health, and representatives of local governments to determine the type of activities valuable to the state and local communities and the type of jobs that would provide valuable training, skills, and work experience to part-time program employees;

number of general assistance cases and aid to families with dependent children cases in the local service unit for the most recent six-month period; 30 percent of the funds allocated to local service units under the program must be allocated at the discretion of the coordinator.

Where federal and state law allow, wage subsidy funds may be pooled and used in combination with funds from other employment and training or income maintenance programs for the purpose of enhancing clients' opportunities to obtain full-time employment and achieve economic independence.

Subd. 6. [SPECIAL WAGE SUBSIDY PROGRAMS.] (a) The coordinator shall monitor local and statewide unemployment rates. If the coordinator determines that an economic emergency exists in one or more local service units, he may recommend to the governor to increase the wage subsidy funding received by service providers for the affected area or areas.

(b) When the unemployment rate for the state of Minnesota equals or exceeds nine percent, the coordinator shall recommend to the governor to increase statewide wage subsidy funding.

These funds shall be distributed to local service units in a proportion equal to the number of unemployed people in each local service unit divided by the total number of unemployed people in the state at the end of the most recent quarter.

Sec. 48. [268A.05] [EMPLOYMENT AND TRAINING PROGRAMS FOR APPLICANTS FOR AND RECIPIENTS OF AID TO FAMILIES WITH DEPENDENT CHILDREN, GENERAL ASSISTANCE, AND FOOD STAMPS.]

Subdivision 1. The commissioner shall develop and administer employment and training programs to assist appropriate recipients of aid to families with dependent children, food stamps, and general assistance to become economically independent. The programs shall have as their objective improving clients' opportunities for economic independence through permanent employment. The programs shall provide sufficient employment and training options to allow local service units to effectively meet the support services, educational, and training needs of their public assistance clients.

Sec. 49. [268A.06] [LOCAL DELIVERY OF EMPLOYMENT AND TRAINING PROGRAMS AND SERVICES FOR PUBLIC ASSISTANCE RECIPIENTS.]

Subdivision 1. Unless otherwise determined by the coordinator, the counties are responsible for the delivery of employment and training programs for public assistance recipients. In carrying out the employment and training programs in sections 44 to 55, counties shall contract with an established and certified public, nonprofit, or private employment and training agency or capable post-secondary education institution and, unless the county already operates the job training partnership act program, shall not develop new administrative bodies or assign responsibilities to existing county departments. In contracting, counties must give preference, whenever possible, to state employment and training providers, including, but not limited to, job service, opportunities industrialization centers, displaced homemaker programs, work incentive programs, and job training partnership act programs.

Subd. 1a. The counties are responsible for enforcing employment and training requirements for recipients of aid to families with dependent children, food stamps, and general assistance, and must include provisions for enforcement of these requirements in any contracts with providers under subdivision 1.

Subd. 2. In establishing a contract, the county shall agree to out-station income maintenance and social service staff as necessary to accept applications and determine eligibility, monitor ongoing client eligibility, and authorize services and grants available under programs administered by the county social service or income maintenance agencies that are related to employment and training or the client's successful participation in employment and training activities.

Subd. 3. The commissioner of employment and training shall furnish sufficient co-located or out-stationed staff as are necessary to make the services provided through the department of employment and training and the programs it administers or supervises available to clients being served by the contract agency.

Subd. 2. The commissioner shall recommend to the governor the priorities, performance standards, and special projects which are consistent with the coordinator's biennial plan.

Subd. 3. Strong consideration for income maintenance recipients must be included in the goals, objectives, and criteria of the governor's coordination and special services plan under section 121 of Public Law 97-300. Local service delivery area plans and job service plans must describe methods of complying with the coordination criteria under the governor's coordination and special services plan as required under section 104 of Public Law 97-300 and under United States Code 1976, title 29, as amended.

Sec. 51. [268A.08] [COMMUNITY INVESTMENT PROGRAMS.]

Subdivision 1. In order to improve its use of natural, human, and economic resources, the state shall encourage the establishment of community investment programs. These programs shall hire people who are experiencing prolonged unemployment and economic hardship and who have been receiving public assistance for six months. The community investment programs shall be directed toward improving or maintaining the state's social and physical environment.

Subd. 2. [SCOPE OF ACTIVITIES.] Community investment programs shall consist of one or more projects. These projects must be beneficial to the state and the communities in which they are located and must provide program employees with training and work experience. The projects must include activities which:

Subd. 3. [ACCESS TO EMPLOYMENT.] The coordinator shall prohibit use of participants in the programs to do the work that was part or all of the duties or responsibilities of an authorized public employee position established as of January 1, 1985. The exclusive bargaining representative shall be provided notice in advance of any placements in a community investment program. Concurrence with respect to job duties of persons placed under the community investment program shall be obtained from the appropriate exclusive bargaining representative. In order to gain state approval, a county's community investment plan must (a) plan for, at a minimum, sufficient jobs to provide part-time employment for 50 percent of the individuals who have for six months received general assistance pursuant to sections 256D.01 to 256D.18, and aid to families with dependent children pursuant to

sections 256.72 to 256.879, who are not exempt from work requirements or not otherwise engaged in employment or training related activities, and who volunteer for the employment; and (b) plan for placements in programs that do not replace work that was part or all of the duties or responsibilities of an authorized public employee position established as of January 1, 1985. Community investment programs which include other funding sources or authorized programs may provide employment for the groups eligible for the included programs. These programs include, but are not limited to: the Minnesota conservation corps, Minnesota summer youth program, county emergency jobs program, and the jobs training partnership act.

Subd. 4. [EMPLOYMENT CONDITIONS.] (a) An eligible nonprofit or public employer may not terminate, lay off, or reduce the regular working hours of an employee for the purpose of hiring an individual with funds available under this program. An eligible employer may not hire an individual with funds available through this program if any other person is on layoff from the same or a substantially equivalent job.

(b) Community investment program participants are employees of the project site or the county within the meaning of workers' compensation laws, personal income tax, and the federal insurance contribution act, but not retirement or civil service laws.

(c) Each project and job shall be in compliance with all applicable affirmative action, fair labor, health, safety, and environmental standards.

(d) Individuals employed under the community investment program shall be paid a wage at the same wage rates as work site or employees doing comparable work in that locality, unless otherwise specified in law.

(e) Each general assistance recipient must have available no fewer hours of employment than are necessary to meet general assistance standards. Recipients of the aid to families with dependent children program who are eligible on the basis of an unemployed parent, shall not have available more than 100 hours per month. All employees shall be limited to a maximum of 32 hours or four days per week, so that they can continue to seek full-time private sector employment, unless otherwise specified in law.

(f) The commissioner shall establish, by rule, the terms and conditions governing the voluntary participation of public assistance recipients. The rules shall, at a minimum, establish the procedures by which the minimum and maximum number of work hours and maximum allowable travel distances are determined, the amounts and methods by which work expenses will be paid, the manner in which support services will be provided, and periodic reviews of clients continuing employment in community investment programs.

Subd. 5. [COUNTY BOARDS OF COMMISSIONERS.] (a) The county boards of commissioners shall:

(5) submit plans which incorporate identified local human and environment needs, jobs requiring skills at the level found among the area's unemployed, including public assistance recipients;

(6) submit reports and meet administrative standards established by rule;

(7) monitor the performance of entities under contract to administer individual community investment projects;

(8) enter into contracts with other governmental and private bodies to jointly fund or jointly administer approvable projects when agreements expand the resources available, the scope of people employed, or further recognized public purposes; and

(9) submit the first biennial plan between October 1, 1985, and May 1, 1986, and subsequent plans no later than September 1 of each odd-numbered year.

(b) The plan must be in the format prescribed by the coordinator.

Subd. 6. [STATE FINANCIAL PARTICIPATION.] The statutorily established state rates of financial participation or available state appropriations or grants shall not be affected by their incorporation into a community investment program.

Subd. 7. [RULEMAKING.] The commissioner shall have emergency and permanent rulemaking authority to implement this section.

Subd. 8. [VOLUNTARY PARTICIPATION.] Participation in the community investment program by any recipient of aid to families with dependent children or general assistance shall be voluntary.

Sec. 52. [268A.09] [STATE FUNDING OF EMPLOYMENT AND TRAINING PROGRAMS.]

Subdivision 1. Any administrative aid for employment and training programs administered under sections 44 to 55 must be paid to the counties by the commissioner according to the formula established in rules by the commissioner. The rules must provide that 75 percent of the funds are allocated among counties based on general assistance caseloads of individuals not exempt from work requirements as forecast by the department of human services and that 25 percent are allocated in a way that encourages full-time, private-sector job placement, program completion by public assistance clients, and other performance characteristics.

Subd. 2. The commissioner has permanent rulemaking authority to implement this section.

Sec. 53. [268A.10] [OFFICE OF INDIVIDUAL ENTERPRISE.]

Subdivision 1. The commissioner shall establish an office of individual enterprise that shall be responsible for coordinating state activities related to self-employment enterprises, including, but not limited to, home-based businesses, individual self-employment initiatives, and collective and cooperative efforts as involve individual entrepreneurs.

Subd. 2. The commissioner shall undertake activities to expand the marketing of goods or services produced by the state's independent entrepreneurs in public facilities and in conjunction with other state-funded activities and may establish a council or committee to select products and services to be included.

Subd. 3. The commissioner shall provide or arrange information, technical assistance, and support as necessary to help individuals determine whether they wish to become self-employed, to obtain needed training, to develop business plans and financing, and to sustain the initiatives.

Subd. 4. The commissioner of energy and economic development shall develop resources for a pilot program, in cooperation with the commissioners of employment and training and human services to enable low-income persons to start or expand self-employment opportunities or home-based businesses which are designed to make the individual entrepreneurs economically independent. The commissioner of human services shall seek necessary waivers from federal regulations to allow recipients of aid to families with dependent children to participate and retain eligibility while establishing a business.

Subd. 5. The commissioner shall conduct a study of the needs of individual entrepreneurs and beginning businesses and recommend to the governor how state programs and resources can provide further assistance.

Subd. 6. [RULEMAKING.] The commissioner shall have permanent rulemaking authority to implement this section.

Sec. 54. [268A.11] [FIRST SOURCE AGREEMENTS.]

Subdivision 1. Any business or private enterprise receiving grants or loans from the state in amounts over \$50,000 per year, shall as part of the grant or loan agree to list any vacant or new positions with the job services of the department of employment and training. An agreement obligates the employer to consider qualified applicants but does not establish an obligation to hire individuals referred by the department.

Subd. 2. The commissioner of energy and economic development shall incorporate the provisions of this section into grant and loan instruments and assist the commissioner of employment and training in promoting private sector listings with job services and in evaluating their effect on employers and individuals who are referred.

Subd. 3. [RULEMAKING.] The commissioner shall have permanent rulemaking authority to implement this section.

Sec. 55. [268A.12] [CHILD CARE SLIDING FEE PROGRAM.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section the following terms have the meanings given.

(a) "Child care services" means family day care homes, group day care homes, nursery schools, day nurseries, child day care centers, play groups, head start, parent cooperatives, and in-home child care as defined in the Minnesota plan for social services to families and children.

(b) "Child" means any person 14 years of age or younger.

(c) "Commissioner" means the commissioner of employment and training.

Subd. 2. [DUTIES OF COMMISSIONER.] The commissioner shall develop standards for county boards regarding the provision of child care services to enable eligible families to participate in employment or training programs. The commissioner shall establish a program to allocate available appropriations to counties for the purpose of reducing the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. The commissioner shall require counties to collect and report data that the commissioner deems necessary to evaluate the effectiveness of the program in preventing and reducing participants' dependence on public assistance and in providing other benefits, including improvement in the care provided to children. The commissioner shall report to the full productivity and opportunity coordinator no later than January 15 of each even-numbered year on the effectiveness of the program.

Subd. 3. [ALLOCATION.] (a) No later than June 1 of each odd-numbered year, the commissioner shall notify all county boards of the allocation and the procedures used for the sliding fee program. Allocations must be made by July 1 of each odd-numbered year. If the appropriation is insufficient to meet the needs in all counties, the amount shall be prorated among the counties.

(b) For the purposes of this section, the commissioner shall allocate money appropriated between the metropolitan area, comprising the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and the area outside the metropolitan area so that no more than 55 percent of the total fund goes to either area after excluding allocations for statewide administrative costs. The commissioner shall allocate 50 percent of the funds among counties on the basis of the number of families below poverty, as determined from the most recent special census and 50 percent on the basis of caseloads of aid to families with dependent children for the preceding fiscal year as determined by the commissioner of human services.

Subd. 4. [FINANCIAL ELIGIBILITY.] (a) Child care services must be available to families who need child care to find or keep employment or to obtain the training or education necessary to find employment and who:

(1) receive aid to families with dependent children under sections 256.72 to 256.87; or

(2) have household income below the eligibility levels for aid to families with dependent children;

(3) have household income within a range established by the commissioner.

(b) *Child care services for the families receiving aid to families with dependent children must be made available as in-kind services, to cover any difference between the actual cost and the amount disregarded under the aid to families with dependent children program. Services to families whose incomes are below the threshold for eligibility for aid to families with dependent children, but that are not receiving aid to families with dependent children, must be made available without cost to the families.*

(c) *Child care services to families with incomes in the commissioner's established range must be made available on a sliding fee basis. The lower limit of the sliding fee range must be the eligibility limit for aid to families with dependent children. The upper limit of the range must not be less than 70 percent, and must not be more than 90 percent, of the state median income for a family of four, adjusted for family size.*

(d) *If a disproportionate amount of the funds are provided to any one of the groups described in section 55, subdivision 4, paragraph (a), the county board shall document to the commissioner the reason the group received a disproportionate share.*

Subd. 5. [EMPLOYMENT OR TRAINING ELIGIBILITY.] (a) *Persons who are seeking employment and who are eligible for assistance under this section are eligible to receive the equivalent of one month of child care.*

(b) *Employed persons who work at least ten hours per week and receive at least minimum wage for all hours worked are eligible for child care assistance.*

Persons eligible under this section for child care assistance for education or training shall receive assistance for the length of the program or 24 months, whichever is shorter. Any education or training program with demonstrated effectiveness may be approved by the department of education and accredited by the appropriate agency as an eligible program, including but not limited to high school or an equivalent program, an English competency program, technical or vocational training, or a four-year or associate degree program.

Subd. 6. [COUNTY CONTRIBUTION.] *In addition to payments from parents, the program must be funded by county contributions. Counties shall contribute five percent of the cost of the program in the program's first year and 15 percent in the second and subsequent years. By rule, the commissioner may require each county to pay to the state treasurer the portion of sliding fee allocations paid by the state for which the county is responsible. The county shall advance its portion of sliding fee costs, based upon allocations made by the commissioner for that county for expenditures in the succeeding month. Adjustments of any overestimate or underestimate based on actual expenditures shall be made by the state agency by adjusting the estimate for any succeeding month.*

Subd. 7. [SLIDING FEE SCALE.] *In setting the sliding fee schedule, the commissioner shall exclude from the amount of income used to determine eligibility, an amount for federal and state income and social security taxes attributable to that income level according to federal and state standardized tax tables. The fee schedule must be designed to use any available tax credits and to progress smoothly from appropriated assistance to tax-related assis-*

tance.

Subd. 8. [LIMITS ON USE OF STATE FUNDS.] The state's payment is limited to the difference between the fee set by the commissioner and the provider's charge for care. When the provider of child care services charges more than 125 percent of the median charge for similar care arrangements in the geographic area defined by the commissioner of human services for the purpose of ascertaining the median charge, the state's payment is limited to the difference between 125 percent of the median charge for similar care arrangements in the geographic area and the parents' fee.

Subd. 9. [EXTENSION OF WORK INCENTIVE OPPORTUNITIES.] The county board shall ensure that child care services available to county residents are well advertised and that everyone who receives or applies for aid to families with dependent children is informed of training and employment opportunities and programs, including child care services.

Subd. 10. [ADMINISTRATIVE EXPENSES.] A county must not use more than seven percent of its allocation for its administrative expenses under this section.

Sec. 56. [TRANSFER OF POWERS.]

The department of economic security as now constituted is abolished. The responsibilities of the department of economic security are transferred to the department of employment and training and the department of human services as specified in sections 1 to 54. Responsibilities of the department of human services specified in sections 12, 13, 14, and 21, together with designated support functions, are transferred to the department of employment and training. Section 15.039 governs the transfer of powers, except that positions in the unclassified service established under section 268.011, subdivision 2, are abolished. Commencing with the passage and signing of this act, the commissioners of economic security, human services, administration, finance, and employee relations shall cooperate in assuring a smooth transfer of the designated personnel, equipment, and supplies to carry out the purposes of this act.

Sec. 57. [REVISOR'S INSTRUCTION; NAME CHANGES.]

In Minnesota Statutes 1986 and later editions of the statutes, the revisor shall change the words "economic security" to "employment and training," except as otherwise specified by sections 1 to 55.

Sec. 58. [REVISOR'S INSTRUCTION; RENUMBERING.]

In Minnesota Statutes 1986 and later editions of the statutes, the revisor shall renumber each section listed in column A with the number in column B. The revisor shall also make necessary cross-reference changes consistent with renumbering. In the renumbered sections, the revisor shall change the words "economic security" to "employment and training."

ARTICLE 9

TACONITE

Section 1. [276A.01] [DEFINITIONS.]

Subdivision 1. The terms defined in this section have the meanings given to them for purposes of sections 1 to 9 unless context otherwise requires.

Subd. 2. "Area" means the territory included within all tax relief areas defined in section 273.134.

Subd. 3. "Commercial-industrial property" means the following categories of property, as defined in section 273.13, excluding that portion of such property (1) which may, by law, constitute the tax base for a tax increment pledged pursuant to section 462.585 or 474.10, certification of which was requested prior to January 1, 1985, to the extent and while such tax increment is so pledged; or (2) which is exempt from taxation pursuant to section 272.02.

(1) That portion of class 3 property consisting of tools, implements, and machinery, except high voltage transmission lines, construction of which began after July 1, 1974; and

(2) That portion of class 4a, 4c, or 4d property which is either used or zoned for use for any commercial or industrial purpose, except for such property which is, or, in the case of property under construction, will when completed be used exclusively for residential occupancy and the provision of services to residential occupants thereof. Property must be considered as used exclusively for residential occupancy only if each of not less than 80 percent of its occupied residential units is, or, in the case of property under construction, will when completed be occupied under an oral or written agreement for occupancy over a continuous period of not less than 30 days.

If the classification of property prescribed by section 273.13 is modified by legislative amendment, the references in this subdivision are to such successor class or classes of property, or portions thereof, as embrace the kinds of property designated in this subdivision.

Subd. 4. "Residential property" means the following categories of property, as defined in section 273.13, excluding that portion of such property exempt from taxation pursuant to section 272.02:

(1) Class 3b, 3c, 3cc, and 3f property limited to the homestead dwelling, a garage, and the one acre of land on which the dwelling is located.

(2) That portion of class 4 property used exclusively for residential occupancy.

(3) That property valued and assessed under section 273.13, subdivision 17, 17b, 17c, 17d, 19, or 20.

Subd. 5. "Governmental unit" means a county, city, town, school district, or other taxing unit or body which levies ad valorem taxes in whole or in part within the area.

Subd. 6. "Administrative auditor" means the person selected pursuant to section 2.

Subd. 7. "Population" means the most recent estimate of the population of a municipality made by the state demographer and filed with the commissioner of revenue. The state demographer shall annually estimate the population of each municipality as provided in section 116K.04, subdivision 4, clause (10), and, in the case of a municipality which is located partly within and partly without the area, the proportion of the total which resides within the area, and shall file the estimates with the commissioner of revenue.

Subd. 8. "Municipality" means a city, town, or township located in whole or part within the area. If a municipality is located partly within and partly without the area, the references in sections 1 to 9 to property or any portion thereof subject to taxation or taxing jurisdiction within the municipality are to the property or portion thereof that is located in that portion of the municipality within the area, except that the fiscal capacity of the municipality must be computed upon the basis of the valuation and population of the entire municipality.

Subd. 9. "County" means each county in which a governmental unit is located in whole or in part.

Subd. 10. "Adjusted assessed value" of real property within a municipality means the adjusted assessed value of real property within the municipality, determined in the manner and with respect to the property described for school districts in section 475.53, subdivision 4. For purposes of sections 1 to 9, the equalization aid review committee shall annually make determinations and reports with respect to each municipality which are comparable to those it makes for school districts under section 124.2131, subdivision 1, in the same manner and at the same times prescribed by the subdivision. The commissioner of revenue shall annually determine; for each municipality, information comparable to that required by section 475.53, subdivision 4, for school districts, as soon as practicable after it becomes available. The commissioner of revenue shall then compute the adjusted assessed value of property within each municipality.

Subd. 11. "Valuation" means the adjusted assessed value of real and personal property within a municipality, excluding that portion of the adjusted assessed value of high voltage transmission lines taxed on a situs basis and excluded from the assessed value of the county under section 273.425. For purposes of section 5, subdivision 2, the assessed value for the current year of class 2a property taxed pursuant to section 274.19 must be added to the prior year's adjusted assessed value.

Subd. 12. "Fiscal capacity" of a municipality means its valuation, determined as of January 2 of any year, divided by its population, determined as

of a date in the same year.

Subd. 13. "Average fiscal capacity" of municipalities means the sum of the valuations of all municipalities, determined as of January 2 of any year, divided by the sum of their populations, determined as of a date in the same year.

Subd. 14. "Levy" means the amount certified to the county auditor pursuant to chapter 275, less all reductions made by the auditor pursuant to any provision of law in determining the amount to be spread against taxable property.

Sec. 2. [276A.02] [ADMINISTRATIVE AUDITOR.]

Subdivision 1. On or before July 1, 1987, and each subsequent odd-numbered year, the auditors of the counties within the area shall meet at the call of the auditor of St. Louis county and elect from among their number one auditor to serve as administrative auditor for a period of two years and until a successor is elected. If a majority is unable to agree upon a person to serve as administrative auditor, the commissioner of finance shall appoint one from among the auditors of the counties in the area. If the administrative auditor ceases to serve as a county auditor within the area during the term for which he was elected or appointed, a successor must be chosen in the same manner as is provided herein for the original selection, to serve for the unexpired term.

Subd. 2. The administrative auditor shall utilize the staff and facilities of the auditor's office of the county he or she serves to perform the functions imposed upon him or her by sections 1 to 9. That county shall be reimbursed for the marginal expenses incurred by its county auditor and staff hereunder by contributions from each other county in the area in an amount which bears the same proportion to the total expenses as the population of the other county bears to the total population of the area. The administrative auditor shall annually, on or before February 1, certify the amounts of total expense for the preceding calendar year, and the share of each county, to the treasurer of each other county. Payment must be made by the treasurer of each other county to the treasurer of the county incurring expense on or before the succeeding March 1.

Sec. 3. [276A.03] [ASSESSED VALUATION; 1985 AND SUBSEQUENT YEARS.]

On or before November 20, 1985, and each subsequent year, the assessors within each county in the area shall determine and certify to the county auditor the assessed valuation in that year of commercial-industrial property subject to taxation within each municipality in his or her county, determined without regard to section 273.76, subdivision 3.

Sec. 4. [276A.04] [INCREASE IN ASSESSED VALUATION.]

On or before September 1, 1987, and each subsequent year, the auditor of each county in the area shall determine the amount, if any, by which the assessed valuation determined in the preceding year pursuant to section 3, of commercial-industrial property subject to taxation within each municipality in the county exceeds the assessed valuation in 1985 of commercial-industrial property subject to taxation within that municipality. If a municipality is

located in two or more counties within the area, the auditors of those counties shall certify the data required by section 3 to the county auditor responsible for allocating the levies of that municipality between or among the affected counties. That county auditor shall determine the amount of the net excess, if any, for the municipality under this section, and certify that amount under section 5. The increase in assessed valuation determined by this section must be reduced by the amount of any decreases in the assessed valuation of commercial-industrial property resulting from any court decisions, court related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on June 30 of the current assessment year, where such decreases, if originally reflected in the determination of a prior year's valuation under section 3, would have resulted in a smaller contribution from the municipality in that year. An adjustment for such decreases shall be made only if the municipality made a contribution in a prior year based on the higher valuation of the commercial-industrial property.

Sec. 5. [276A.05] [COMPUTATION OF AREA-WIDE TAX BASE.]

Subdivision 1. Each county auditor shall certify the determinations pursuant to sections 3 and 4 to the administrative auditor on or before November 20 of each year. The administrative auditor shall determine the sum of the amounts certified pursuant to section 4, and divide that sum by 2-1/2. The resulting amount shall be known as the "area-wide tax base for _____(year)."

Subd. 2. The commissioner of revenue shall certify to the administrative auditor, on or before November 20 of each year, the population of each municipality for the preceding year, the proportion of that population which resides within the area, the average fiscal capacity of municipalities for the preceding year, and the fiscal capacity of each municipality for the preceding year.

Subd. 3. The administrative auditor shall determine, for each municipality, the product of (i) its population, (ii) the proportion which the average fiscal capacity of municipalities for the preceding year bears to the fiscal capacity of that municipality for the preceding year, and (iii) two. The product shall be the area-wide tax base distribution index for that municipality, provided that (a) if the product in the case of any municipality is less than its population, its index must be increased to its population, and (b) if a municipality is located partly within and partly without the area its index is that which is otherwise determined hereunder, multiplied by the proportion which its population residing within the area bears to its total population as of the preceding year.

Subd. 4. The administrative auditor shall determine the proportion which the index of each municipality bears to the sum of the indices of all municipalities. In the case of each municipality, the administrative auditor shall then multiply this proportion by the area-wide tax base.

Subd. 5. The product of the multiplication prescribed by subdivision 4 shall be known as the "area-wide tax base for _____(year) attributable to _____(municipality)." The administrative auditor shall certify the product to the auditor of the county in which the municipality is located on or before November 25.

Sec. 6. [276A.06] [TAXABLE VALUE.]

Subdivision 1. The county auditor shall determine the taxable value of each governmental unit within the county in the manner prescribed by this section.

Subd. 2. The taxable value of a governmental unit is its assessed valuation, as determined in accordance with other provisions of law including section 273.76, subdivision 3, subject to the following adjustments:

(a) There must be subtracted from its assessed valuation, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to 40 percent of the amount certified in that year pursuant to section 4 in respect to that municipality as the total preceding year's assessed valuation of commercial-industrial property which is subject to the taxing jurisdiction of the governmental unit within the municipality, determined without regard to section 273.76, subdivision 3, bears to the total preceding year's assessed valuation of commercial-industrial property within the municipality, determined without regard to section 273.76, subdivision 3;

(b) There must be added to its assessed valuation, in each municipality in which the governmental unit exercises ad valorem taxing jurisdiction, an amount which bears the same proportion to the area-wide base for the year attributable to that municipality as the total preceding year's assessed valuation of residential property which is subject to the taxing jurisdiction of the governmental unit within the municipality bears to the total preceding year's assessed valuation of residential property of the municipality.

Subd. 3. On or before October 15, 1987, and each subsequent year, the county auditor shall apportion the levy of each governmental unit in the county in the manner prescribed by this subdivision. The auditor shall:

(a) determine the area-wide portion of the levy for each governmental unit by multiplying the mill rate of the governmental unit for the preceding levy year times the distribution value set forth in subdivision 2, clause (b); and

(b) determine the local portion of the current year's levy by subtracting the resulting amount from clause (a) from the governmental unit's current year's levy.

Subd. 4. In 1987 and subsequent years, the county auditor shall divide that portion of the levy determined pursuant to subdivision 3, clause (b), by the assessed valuation of the governmental unit, taking section 273.76, subdivision 3, into account, less that portion subtracted from assessed valuation pursuant to subdivision 2, clause (a). The resulting rate applies to all taxable property except commercial-industrial property, which must be taxed in accordance with subdivision 7.

Subd. 5. On or before November 30, 1987, and each subsequent year, the county auditor shall certify to the administrative auditor that portion of the levy of each governmental unit determined pursuant to subdivision 3, clause (a). The administrative auditor shall then determine the rate of taxation sufficient to yield an amount equal to the sum of such levies from the area-wide tax base. On or before December 5, the administrative auditor shall certify the rate to each of the county auditors.

Subd. 6. If a governmental unit is located in two or more counties, the computations and certifications required by subdivisions 3 to 5 with respect to it must be made by the county auditor who is responsible for allocating its levies between or among the affected counties.

Subd. 7. The rate of taxation determined in accordance with subdivision 5 applies in the taxation of each item of commercial-industrial property subject to taxation within a municipality, including property located within any tax increment financing district, as defined in section 273.73, subdivision 9, to that portion of the assessed valuation of the item which bears the same proportion to its total assessed valuation as 40 percent of the amount determined pursuant to section 4 in respect to the municipality in which the property is taxable bears to the amount determined pursuant to section 3. The rate of taxation determined in accordance with subdivision 4 applies in the taxation of the remainder of the assessed valuation of the item.

Subd. 8. The administrative auditor shall determine for each county the difference between the total levy on distribution value pursuant to subdivision 3, clause (a), within the county and the total tax on contribution value pursuant to subdivision 7, within the county. On or before May 16 of each year, the administrative auditor shall certify the differences so determined to each county auditor. In addition, the administrative auditor shall certify to those county auditors for whose county the total tax on contribution value exceeds the total levy on distribution value the settlement the county is to make to the other counties of the excess of the total tax on contribution value over the total levy on distribution value in the county. On or before June 15 and November 15 of each year, each county treasurer in a county having a total tax on contribution value in excess of the total levy on distribution value shall pay one-half of the excess to the other counties in accordance with the administrative auditor's certification.

Subd. 9. For the purpose of computing the amount or rate of any salary, aid, tax, or debt authorized, required, or limited by any provision of any law or charter, where the authorization, requirement, or limitation is related to any value or valuation of taxable property within any governmental unit, the value or valuation must be adjusted to reflect the adjustments to valuation effected by subdivision 2, provided that: (1) in determining the market value of commercial-industrial property or any class thereof within a governmental unit for any purpose other than section 5, (a) the reduction required by this subdivision is that amount which bears the same proportion to the amount subtracted from the governmental unit's assessed valuation pursuant to subdivision 2, clause (a), as the market value of commercial-industrial property, or such class thereof, located within the governmental unit bears to the assessed valuation of commercial-industrial property, or such class thereof, located within the governmental unit, and (b) the increase required by this subdivision is that amount which bears the same proportion to the amount added to the governmental unit's assessed valuation pursuant to subdivision 2, clause (b), as the market value of commercial-industrial property, or such class thereof, located within the governmental unit bears to the assessed valuation of commercial-industrial property, or such class thereof, located within the governmental unit; and (2) in determining the value of real and personal property within a municipality for purposes of section 5, the adjustment prescribed by clause (1)(a) must be made and that

prescribed by clause (1)(b) must not be made.

Sec. 7. [276A.07] [ADJUSTMENTS IN DATES.]

If, by reason of the enactment of any other law, the date by which the commissioner of revenue is required to certify to the county auditors the records of proceedings affecting the assessed valuation of property is advanced to a date earlier than November 15, the dates specified in sections 3 to 5 and 8 may be modified in the years to which the other law applies in the manner and to the extent prescribed by the administrative auditor.

Sec. 8. [276A.08] [REASSESSMENTS AND OMITTED PROPERTY.]

Subdivision 1. If the commissioner of revenue orders a reassessment of all or any portion of the property in a municipality other than in the form of a mathematically prescribed adjustment of valuation, or if omitted property is placed upon the tax rolls, and the reassessment has not been completed or the property placed upon the rolls by November 15, the assessed valuation of the affected property must, for purposes of sections 2 to 6, be determined from the abstracts filed by the county auditor with the commissioner of revenue.

Subd. 2. If the reassessment, when completed and incorporated by the commissioner of revenue in his or her certification of the assessed valuation of the municipality, or the listing of omitted property, when placed on the rolls, results in an increase in the assessed valuation of commercial-industrial property in the municipality which differs from that used, pursuant to subdivision 1, for purposes of sections 2 to 6, the increase in the assessed valuation of commercial-industrial property in that municipality in the succeeding year, as otherwise computed under section 4, must be adjusted in a like amount, by an increase if the reassessment or listing discloses a larger increase than was used for purposes of sections 2 to 6, or by a decrease if the reassessment or listing discloses a smaller increase than was used for those purposes, provided that an adjustment must not reduce the amount determined under section 4 to an amount less than zero.

Subd. 3. Subdivisions 1 and 2 do not apply to the determination of the tax rate under section 6, subdivision 4, or to the determination of the assessed valuation of commercial-industrial property and each item thereof for purposes of section 6, subdivision 7.

Sec. 9. [276A.09] [CHANGE IN STATUS OF MUNICIPALITY.]

Subdivision 1. If a municipality is dissolved, is consolidated with all or part of another municipality, annexes territory, has a portion of its territory detached from it, or is newly incorporated, the secretary of state shall immediately certify that fact to the commissioner of revenue. The secretary of state shall also certify to the commissioner of revenue the current population of the new, enlarged, or successor municipality, if determined by the Minnesota municipal board incident to consolidation, annexation, or incorporation proceedings. The population so certified shall govern for purposes of sections 1 to 9 until the state demographer files the first population estimate as of a later date with the commissioner of revenue. If an annexation of unincorporated land occurs without proceedings before the Minnesota municipal board, the population of the annexing municipality as previously determined shall continue to govern for purposes of sections 1 to 9 until the

state demographer files the first population estimate as of a later date with the commissioner of revenue.

Subd. 2. In determining the adjusted assessed value of property attributable to a successor municipality for a year prior to a change in status, the amount must be deemed the sum of the amounts of its predecessor municipalities and towns. If any of the predecessors were divided incident to the change, then for purposes of sections 1 to 9 the adjusted assessed value of property located therein must be allocated to the successor in which the property is located.

Sec. 10. Minnesota Statutes 1984, section 273.136, subdivision 1, is amended to read:

Subdivision 1. Payment from the ~~taconite property tax relief account~~ county shall be made as provided herein for the purpose of replacing revenue lost as a result of the reduction of property taxes provided in section 273.135.

Sec. 11. Minnesota Statutes 1984, section 273.136, subdivision 2, is amended to read:

Subd. 2. The commissioner of revenue shall determine, not later than May 1 of each year, ~~commencing in 1974~~, the amount of reduction resulting from section 273.135 in each county containing a tax relief area as defined by section 273.134, basing his determinations on a review of abstracts of tax lists submitted by the county auditors pursuant to section 275.29. He may make such changes in the abstracts of tax lists as he deems necessary. ~~The commissioner of revenue, after such review, shall submit to the commissioner of finance, on or before June 1, the amount of the first half payment payable hereunder and on or before October 15 the amount of the second half payment.~~

Sec. 12. Minnesota Statutes 1984, section 273.136, subdivision 4, is amended to read:

Subd. 4. The county treasurer shall distribute the funds received by him ~~under subdivision 3~~ as if they had been collected as a part of the property tax reduced by section 273.135.

Sec. 13. Minnesota Statutes 1984, section 298.03, is amended to read:

298.03 [VALUE OF ORE; HOW ASCERTAINED.]

The valuation of iron or other ores for the purposes of determining the amount of tax to be paid under the provisions of section 298.01 shall be ascertained by subtracting from the value of such ore, at the place where the same is brought to the surface of the earth, such value to be determined by the commissioner of revenue:

(1) The reasonable cost of supplies used and labor performed at the mine in separating the ore from the ore body, including hoisting, elevating, or conveying the same to the surface of the earth;

(2) If the ore is taken from an open pit mine, an amount for each ton of ore mined or produced during the year equal to the cost of removing the overburden, divided by the number of tons of ore uncovered, the number of tons of ore uncovered in each case to be determined by the commissioner of revenue;

(3) If the ore is taken from an underground mine, an amount for each ton of ore mined or produced during the year equal to the cost of sinking and constructing shafts and running drifts, divided by the number of tons of ore that can be advantageously taken out through such shafts and drifts, the number of tons of ore that can be advantageously taken out in each case to be determined by the commissioner of revenue;

(4) The amount of royalties paid on the ore mined or produced during the year;

(5) *For persons mining or producing iron ore the mining or production of which is subject to the occupation tax imposed by section 298.01, subdivision 1, the amount of the ad valorem taxes levied and paid for such years against the realty in which the ore is deposited; for all others a percentage of the ad valorem taxes levied and paid for such year against the realty in which the ore is deposited equal to the percentage that the tons mined or produced during such year bears to the total tonnage in the mine;*

(6) In the case of taconite, semi-taconite and iron sulphide operations, the tax payable under section 298.24, but not exceeding 25 cents per taxable ton, and that payable under section 298.35, on the concentrates produced in said year and any taxes paid under Laws 1955, Chapters 391, 429, 514, 576 or 540, or any other law imposing on such taconite operations a specific tax for school or other governmental purposes;

(7) The amount or amounts of all the foregoing subtractions shall be ascertained and determined by the commissioner of revenue. Deductions for interest on plant investment shall not exceed the greater of (a) four percent of book value, or (b) the amount actually paid but not exceeding six percent of book value. No subtraction shall be allowed for shrinkage of iron ore.

Sec. 14. Minnesota Statutes 1984, section 298.031, subdivision 2, is amended to read:

Subd. 2. [VALUE OF CERTAIN ORE; HOW ASCERTAINED.] (1) The taxpayer shall be given a credit in each taxable year upon the occupation tax assessed in such year under Minnesota Statutes 1957, Chapter 298, against a given mine after credit for labor credits has been given, in an amount equal to the occupation tax under said chapter 298 upon an amount produced by multiplying the number of tons of ore sold at a discount by the amount of such discount.

Sec. 4. Minnesota Statutes 1984, section 475.52, subdivision 6, is amended to read:

Subd. 6. [CERTAIN PURPOSES.] Any municipality may issue bonds for paying judgments against it; for refunding outstanding bonds; ~~or~~ for funding floating indebtedness; *or for funding all or part of the municipality's current and future unfunded liability for a pension or retirement fund or plan referred to in section 356.20, subdivision 2, as those liabilities are most recently computed pursuant to sections 356.215 and 356.216 by purchasing from an insurance company or financial corporation a contractual obligation providing for the deposit annually in the pension or retirement fund or plan the amount required to liquidate all or part of the liability within the period required by law. A pension or relief association referred to in section 69.77 shall be a party to any contractual obligation made under this section that affects the funding of liabilities for pension and retirement benefits for which it is responsible.*

issuing municipality or person at the time or times determined by the governing body, if the municipality has first entered into an agreement with a suitable financial institution obligating the financial institution to provide funds to the municipality on a timely basis for purchase of bonds tendered to it. The purchase of a tendered obligation by or on behalf of the municipality shall not be deemed a payment or discharge of the obligation. Obligations tendered for purchase may be remarketed by or on behalf of the municipality or any other purchaser. The municipality may enter into agreements deemed appropriate to provide for the purchase of tendered obligations, including provisions under which undelivered obligations may be deemed tendered for purchase and new obligations may be substituted for them, the reimbursement to any person of amounts provided to purchase tendered obligations on behalf of the municipality, the remarketing of tendered obligations, and similar or related agreements. Sec. 6. Minnesota Statutes 1984, section 475.56, is amended to read:

475.56 [INTEREST RATE.]

Any municipality issuing obligations under any law may issue obligations bearing interest at a single rate or at rates varying from year to year which may be lower or higher in later years than in earlier years. Such higher rate for any period prior to maturity may be represented in part by separate coupons designated as additional coupons, extra coupons, or B coupons, but the highest aggregate rate of interest contracted to be so paid for any period shall not exceed the maximum rate authorized by law. Such higher rate may also be represented in part by the issuance of additional obligations of the same series, over and above but not exceeding two percent of the amount otherwise authorized to be issued, and the amount of such additional obligations shall not be included in the amount required by section 475.59 to be stated in any bond resolution, notice, or ballot, or in the sale price required by section 475.60 or any other law to be paid; but if the principal amount of the entire series exceeds its cash sale price, such excess shall not, when added to the total amount of interest payable on all obligations of the series to their stated maturity dates, cause the average annual rate of such interest to exceed the maximum rate authorized by law. This section does not authorize a provision in any such obligations for the payment of a higher rate of interest after maturity than before. *Any obligation of an issue of obligations otherwise subject to section 475.55, subdivision 1, may bear interest at a rate varying periodically at the time or times and on the terms, including convertibility to a fixed rate of interest, determined by the governing body of the municipality, but the rate of interest for any period shall not exceed the maximum rate of interest for the obligations determined in accordance with section 475.55, subdivision 1. For purposes of section 475.61, subdivisions 1 and 3, the interest payable on variable rate obligations for their term shall be determined as if their rate of interest is the maximum rate permitted for the obligations under section 475.55, subdivision 1, or the lesser maximum rate of interest payable on the obligations in accordance with their terms, but if the interest rate is subsequently converted to a fixed rate the levy may be modified to provide at least five percent in excess of amounts necessary to pay principal of and interest at the fixed rate on the obligations when due.*

Sec. 7. Minnesota Statutes 1984, section 475.58, subdivision 1, is amended to read:

Subdivision 1. [APPROVAL BY MAJORITY OF ELECTORS; EXCEPTIONS.] Obligations authorized by law or charter may be issued by any municipality upon obtaining the approval of a majority of the electors voting on the question of issuing the obligations, but an election shall not be required to authorize obligations issued:

- (2) for refunding obligations;
- (3) for an improvement, which obligation is payable wholly or partly from the proceeds of special assessments levied upon property specially benefited by the improvement, or of taxes levied upon the increased value of property within a district for the development of which the improvement is undertaken, including obligations which are the general obligations of the municipality, if the municipality is entitled to reimbursement in whole or in part from the proceeds of such special assessments or taxes and not less than 20 percent of the cost of the improvement is to be assessed against benefited property or is estimated to be received from such taxes within the district;

- (5) under the provisions of a home rule charter which permits the issuance of obligations of the municipality without election; ~~and~~
- (6) under the provisions of a law which permits the issuance of obligations of a municipality without an election; *and*
- (7) *to fund unfunded pension liabilities.*

or in part of obligations bearing interest at a rate or rates which vary periodically.

Sec. 9. Minnesota Statutes 1984, section 475.67, subdivision 8, is amended to read:

Subd. 8. Securities purchased for the escrow account shall be limited to:

(a) general obligations of the United States, securities whose principal and interest payments are guaranteed by the United States, and securities issued by the following agencies of the United States: Banks for Cooperatives, Federal Home Loan Banks, Federal Intermediate Credit Banks, Federal Land Banks, and the Federal National Mortgage Association; or

(b) obligations issued or guaranteed by any state or any political subdivision of a state, which at the date of purchase are rated the highest or the next highest rating given by Standard and Poor's Corporation, Moody's Investors Service, or a similar nationally recognized rating agency, but not less than the rating on the refunded bonds immediately prior to the refunding.

Sec. 10. Minnesota Statutes 1984, section 475.67, is amended by adding a subdivision to read:

Subd. 13. Crossover refunding obligations may be issued by a municipality without regard to the limitations in subdivisions 4 to 10. The proceeds of crossover refunding obligations, less any proceeds applied to payment of the costs of their issuance, shall be deposited in a debt service fund irrevocably appropriated to the payment of principal of and interest on the refunding obligations until the date the proceeds are applied to payment of the obligations to be refunded. The debt service fund shall be maintained as an escrow account with a suitable financial institution within or without the state and amounts in it shall be invested in securities described in subdivision 8 maturing or callable at the option of the holder on the dates and bearing interest at the rates required to provide funds sufficient, with any cash retained or deposited in the escrow account, to pay when due principal and interest to become due on the refunding obligations on or before the next date on which the refunding of the obligations to be refunded may be effected. Excess proceeds, if any, of the tax levy pursuant to section 475.61, subdivision 1, made with respect to the obligations to be refunded, may be deposited in the escrow account. In the resolution authorizing the issuance of crossover refunding obligations, the governing body may pledge to their payment any sources of payment of the obligations to be refunded. The pledge shall become effective on the date of payment of the obligations to be refunded. Subdivisions 11 and 12 shall not apply to any crossover refunding obligations, or the obligations to be refunded, if the resolution or ordinance authorizing the issuance of the obligations to be refunded states that the obligations are issued in contemplation of the issuance of crossover refunding obligations. No tax levy shall be required under section 475.61, subdivision 1, for the refunding obligations for years prior to the date on which the refunding of the obligations to be refunded is effected.

Sec. 2. [473.5962] [CONVENTION AND CONSTRUCTION BOARD.]

Subdivision 1. [ESTABLISHMENT.] A convention construction board is established to oversee construction of the convention facilities. The board shall not be deemed a state agency. The board shall design, construct, equip, furnish, and improve convention facilities, and at the request of the commission, related facilities. The board shall consist of five members. Notwithstanding any other provision of law, the governor shall initially appoint five members and designate one member as chair within 30 days following the effective date of this section and members may be appointed without regard to residence, office, position, or employment but shall have in their individ-

Not more than one member of the commission and no member of the city council of the city may be appointed. The appointments are not subject to section 15.0597, but the terms and removal of board members and the filling of vacancies on the board are as provided in section 15.0575. A person shall not be deemed to have an interest in any contract because of any public office held by the person. Each member of the board shall qualify by taking and subscribing the oath of office prescribed by the Minnesota Constitution, article V, section 6. The oath, duly certified by the officer administering it, shall be filed with the chairperson of the commission.

Notwithstanding the foregoing, contractors for actual construction services shall be selected through a process of public bidding determined by

the board and approved by the commissioner of administration, but the board may narrow the listing of eligible bidders to those that the board determines to possess sufficient expertise to perform the intended functions. The board's determination of eligible bidders must be made according to criteria adopted by the board and made public before the process of public bidding begins. Any construction manager or contractor shall certify, before the contracts are finally signed, a construction price and completion date to the board and shall post a bond in an amount at least equal to 100 percent of the certified price, including but not limited to costs incurred by the board or the commission or loss of revenues by the commission resulting from incomplete construction on the completion date. The board shall secure surety bonds as required in section 574.26, securing payment of just claims in connection with all public work undertaken by it. Persons entitled to the protection of the bonds may enforce them as provided in sections 574.28 to 574.32, and shall not be entitled to a lien under the provisions of sections 514.01 to 514.16.

(c) The board may employ persons and contract for services necessary to carry out its functions. The board shall adopt a personnel policy in accordance with the guidelines adopted by the council under section 473.141, subdivision 9. Employees of the board are not public employees for purposes of chapters 43A and 179A and are not members of a public pension fund.

(d) The board may, subject to approval by the commission, accept gifts of money, property, or services, may apply for and accept grants or loans of money or other property from the United States, the state, any subdivision of the state, or any person for any of its purposes, may enter into any agreement required in connection with them, and may hold, use, and dispose of the money, property, or services in accordance with the terms of the gift, grant, loan, or related agreement.

(e) The board may require any employee to obtain and file with it an individual bond or fidelity insurance policy. It may procure insurance in the amounts it deems necessary against liability of the board or its officers and employees for personal injury or death and property damage or destruction, with the force and effect stated in chapter 466, and against risks of damage to or destruction of any of its facilities, equipment, or other property.

(f) In exercising its powers to contract for the purchase of services, materials, supplies, and equipment, pursuant to sections 1 to 8, the board shall designate and set aside each fiscal year for awarding to small businesses approximately ten percent of the value of anticipated contracts and subcontracts of that kind for that year, in the manner required of the commissioner of administration for state procurement contracts pursuant to sections 16B.19 to 16B.22.

Subd. 6. [ENVIRONMENTAL IMPACT STATEMENT.] The board shall be the responsible governmental unit for preparation of an environmental assessment worksheet for the convention facilities. The board shall complete the environmental assessment worksheet within 30 days of notifying the environmental quality board of the facility site and scope of the convention facilities. If an environmental impact statement is necessary, the board shall prepare it. The final statement shall be accepted by the environmental quality board no later than 180 days following the determination that

an environmental impact statement is necessary. The environmental assessment worksheet and any environmental impact statement for the proposed convention center shall be prepared in accordance with sections 1 to 8, and to the extent consistent with this act, in accordance with chapter 116D and rules issued pursuant to it. Any declaratory judgment action pursuant to section 116D.04, subdivision 10, shall be heard and decided within 60 days of the decision challenged and shall be initiated within 15 days of the decision. The board may engage the department of transportation, the pollution control agency, or any other department or agency of the state, or private consultant to conduct studies necessary to the preparation of the worksheet or statement. The board shall reimburse state departments or agencies for costs incurred in conducting the studies.

Subd. 7. [PERMITS.] Within 60 days following the acceptance of the environmental impact statement by the environmental quality board, or a decision that an environmental impact statement is not required, the pollution control agency and any other department, agency, or unit of government shall take final action to approve or deny any permits necessary for the proposed convention center.

Subd. 8. [COMMENCEMENT OF CONSTRUCTION; CONDITIONS.] The construction or improvement of convention facilities in accordance with the contracts and applicable law shall commence as promptly as practicable following issuance of bonds for them authorized in sections 1 to 8, but the board shall not authorize the commencement of construction or improvement of any convention facilities until the commission has determined that each of the following has occurred or is satisfied:

(a) Demolition and construction costs under construction contracts, not including costs for construction managers, architectural, engineering, and other professional fees, insurance, bonds, permits, licenses, taxes, and similar costs for constructing or improving the convention facilities are not reasonably expected to require more than \$126,000,000 in public funds.

(b) The city has conveyed to the commission without cost the city's title to all parcels of land on which the existing convention hall and auditorium in the city are located and which are owned by the city on the date this section becomes effective, together with title to all structures and improvements on them and furnishings and equipment used in the operation of the facility. The title shall be free and clear of all liens and encumbrances not acceptable to the commission.

(c) In addition to the conveyance referred to in paragraph (b), the city has conveyed or has entered into arrangements satisfactory to the commission to convey to the commission without cost the fee title to other parcels of land satisfactory to the commission for all of the facility site or the city by binding contract has agreed to incur \$25,000,000 for acquisition, relocation, condemnation, demolition, clearance, and related costs, including professional fees, concerning any or all of the parcels. The title shall be free and clear of all liens and encumbrances not acceptable to the commission.

(d) The design plans for the convention facilities will be in substantial conformity with design criteria set forth in a "Report on a Minnesota Convention and Trade Show Facility" dated February 5, 1985, prepared by the Minnesota convention facility commission and submitted to the governor and

legislature.

(e) *Proceeds of the bonds, net of issuance costs, reserves and proceeds for the payment of interest on the bonds, will be paid, loaned, or otherwise made available to the board and will be sufficient, together with all other funds available to the commission or board for such purpose, to acquire, construct, improve, equip, and furnish the convention facilities in accordance with plans or designs which will be approved by the board.*

(f) *The board has executed agreements which will provide for the construction or improvement of the convention facilities for a certified construction price and a stated completion date and which include performance bonds in an amount at least equal to 100 percent of the certified price to cover any costs which may be incurred over and above the certified price, including but not limited to costs incurred by the commission or board or loss of revenues resulting from incomplete construction on the completion date.*

(g) *The board has executed agreements with the appropriate labor organizations and construction contractors which provide that no labor strike or management lockout will halt, delay, or impede construction or improvement of the convention facilities.*

(h) *The revenues available to the commission will be sufficient to pay projected operating expenses, including any appropriate reserves for operations, repairs and replacements, and improvements of the convention facilities.*

Sec. 3. [473.5963] [ACQUISITION AND OPERATION; COMMISSION POWERS.]

The commission may acquire, own, lease, control, operate, and maintain convention facilities and related facilities. The commission may equip, furnish, and improve convention facilities. The commission may design, construct, equip, and improve related facilities at locations selected by the commission and approved by the city council of the city. With respect to contracts related to convention facilities and related facilities, the commission shall have the same rights and obligations of the commission that are provided by section 473.556, subdivisions 7 and 14, with respect to contracts related to sports facilities. For purposes of sections 1 to 8, including paying amounts owing under contracts entered into by the board, paying costs of operation and maintenance and paying or securing debt service and maintenance of reserves for any bonds issued pursuant to sections 1 to 8, the commission may expend money received by it from any source not required by law or contract to be expended for another purpose and enter into contracts to that effect with any persons, including the city, the council, or bondholders. The board shall maintain public financial records according to a system approved by the legislative auditor and make the records available to the legislative auditor upon request. The legislative auditor may conduct financial or performance audits of the board. The commission may pledge any of its property or funds, not otherwise restricted by law or contract, to the payment of principal of, premium, if any, or interest on bonds or other debt incurred in connection with the convention facilities or related facilities. The acquisition of any convention facilities or related facilities may be pursuant to a lease, lease with option to purchase agreement, installment sale contract, contract for deed, mortgage note, loan agreement, or other similar

contract or direct purchase, which may be secured by or payable from any property or money available to the commission not pledged or required by law or contract to be applied for another purpose. The commission may acquire all property and property rights necessary or desirable for convention facilities or related facilities by exercise of the power of eminent domain pursuant to chapter 117. In exercising its powers under sections 1 to 8, the commission shall not be subject to sections 473.161, 473.165, 473.173, and 473.556, subdivision 6.

Sec. 4. [473.5964] [TRANSFER OF CONVENTION HALL AND AUDITORIUM AND CITY EMPLOYEES.]

Subdivision 1. [CONVEYANCE AND ASSUMPTION OF CONTRACTS.] The city may transfer to the commission without consideration all right, title, and interest in the existing convention hall and auditorium in the city, together with any furnishings or equipment related to them, pursuant to agreements, instruments, and actions as the parties may agree upon. The commission shall thereupon assume and become obligated to perform all contracts of the city with respect to the operation, maintenance, and use of the facilities other than contracts of employment with city employees and collective bargaining agreements; provided that before the transfer the city shall have provided copies of all the contracts to the commission and advised the commission of all material terms of any contracts which are not in writing.

Subd. 2. [CONVEYANCE NOT RESTRICTED.] The property conveyed pursuant to this section shall not constitute a violation of any restrictions, reservations, rights of reentry, possibilities of reverter, forfeiture clauses, or other conditions arising from any previous conveyance of all or part of the property to the city from the state. After the conveyance to the commission, the commission's title shall not be subject to any restrictions, reservations, rights of reentry, possibilities of reverter, forfeiture clauses or other conditions contained in any previous state conveyance to the city, except for any reservation of minerals or mineral rights in the state.

Subd. 3. [REDUCTION IN CITY PARTICIPATION.] The amount of \$25,000,000 referred to in section 2, subdivision 8, paragraph (c), shall be reduced by any amount by which the city's net operating income from the facility for the city's fiscal year to date of transfer is negative, after adjustment for accounts receivable and accounts payable by the city from operation of the facility and only to the extent the city can establish that the city's net operating income from the facility for the entire fiscal year would have been more than the net operating income to the date of such transfer.

Subd. 4. [CITY EMPLOYEES.] Upon transfer by the city to the commission of the existing convention hall and auditorium contemplated in subdivision 1, all employees of the city who are appointed, classified full time, or on the effective date of this section are classified part time with at least 2,080 cumulative hours of employment with the city, and who work primarily in the administration, operation, or maintenance of the facility shall continue to be employees of the city without impairment of their civil service and other status as city employees and continue, under the direction of the commission, to be employed at the facility. The commission shall reimburse the city for their compensation and all other costs incurred by the city related to city

employees at the facility. The employment of other persons at the facility who are not city employees shall be on conditions that do not impair the status of the city employees.

Sec. 5. [473.5965] [FINANCING AND AID FOR FACILITIES.]

Subdivision 1. [CITY AND COUNCIL CONTRACTS.] The city or the council, collectively or individually, may enter into contracts with either the commission or board to exercise any power of the commission or board, granted under sections 1 to 8 or to perform any activity in which the commission or board may engage under sections 1 to 8. The city or the council may pledge, lease, sell, or transfer to, or lease, purchase, or acquire from the commission all or part of any convention facilities, related facilities, sports facilities, or property to be used or useful in these facilities or for their financing on the terms and conditions their governing bodies shall determine, but subject to the approval of the commission in regard to its properties. The city and council may exercise all powers conferred upon them by law to carry out the contracts.

Subd. 2. [PARTICIPATION BY THE CITY.] Before or after issuance of bonds pursuant to sections 1 to 8, the city may incur or pay costs relating to preliminary architectural, design, engineering, planning, financial, and legal services relevant to the acquisition, financing, construction, or operation of convention facilities and related facilities. The commission shall reimburse the city or otherwise pay for the costs in an amount up to \$300,000, but only to the extent of amounts received pursuant to section 6, subdivision 3. The city shall at the request of the council pay or reimburse the council for the payment of any costs incurred by the council with the prior approval of the city in connection with the financing of the convention facilities or any related facilities. The city may provide or pledge funds to pay all or part of the cost of acquisition and betterment of the convention facilities, related facilities or sports facilities, including any debt service or other borrowing costs incurred and costs relating to related refunding obligations. The city may provide or pledge funds to pay all or part of the costs to be incurred for the operation, leasing, maintenance, administration, or promotion of the convention facilities, or related facilities. Funds may be paid to the commission or the board for the purposes of this section. Funds referred to in this section are all money of the city not required by law or contract to be otherwise applied, and may include the proceeds of the tax levied pursuant to subdivision 7 and tax increments available to the city under any law and not required by contract or pledge to be otherwise applied. The acquisition and betterment of all or part of the convention facilities, any related facilities, or sports facilities, including any debt service or rental payments with respect to them, shall be a project for purposes of sections 273.71 to 273.78, and the costs related to the project shall constitute costs of redevelopment with respect to any industrial development district located in the city pursuant to chapter 458, public redevelopment costs of any project located in the city pursuant to chapter 462, capital and administration costs of any development district located in the city pursuant to chapter 472A and costs of the type referred to in Laws 1971, chapter 677, section 7, paragraph (c), with respect to any development district established pursuant to Laws 1971, chapter 677. The city may pledge or apply or, if the council is the issuer, enter into an agreement with the council pledging or applying any or all such tax incre-

ments to the payment of principal of, premium, if any, and interest on bonds issued pursuant to this section throughout the term of the bonds.

Subd. 3. [BONDS.] Subject to this section, the city may by resolution authorize, sell, and issue its bonds to finance all or a portion of the costs of acquisition or betterment of the convention facilities. Subject to this section, if the city council of the city should determine not to issue bonds to fund all costs for the acquisition and betterment of the convention facilities, the council, upon notice of the determination, shall by resolution authorize, sell, and issue its bonds to finance the costs not so financed by the city. Either or both of the city and the council may also authorize, sell, and issue bonds to finance the costs of acquisition and betterment of related facilities or sports facilities or to refund in accordance with section 475.67 bonds issued pursuant to this section or section 473.581. Before the city or the council issue bonds under this section, the commissioner of finance shall review the principal amount, terms, and conditions of the issuance. The bonds issued by the council shall be general obligation bonds, and bonds issued by the city may, but need not, be general obligations. If bonds are general obligations, taxes for them shall be levied and canceled in accordance with section 475.61 or section 6, as applicable. Bonds issued by the city may be limited obligations made payable from any or all funds available to the city, funds of the commission or the board (but only with the consent of the commission), taxes levied under subdivision 6 and appropriations received under section 6. Bonds issued by the council may also be payable from taxes levied under subdivision 7, appropriations received under section 6, and tax increments of the city. The bonds may be issued in one or more series and sold without election at public or private sale and at the price the issuer may determine. The bonds shall be secured, bear the interest rate or rates, have the rank or priority, be executed in the manner, be payable in the manner, mature and be subject to the redemptions, repurchases, tender options or other terms as the issuer may determine. The issuer may enter into and perform all contracts deemed necessary or desirable by it to issue the bonds and apply the proceeds of the bonds, including an indenture of trust with a trustee within or without the state and any related collateral security agreements. The resolution or indenture pursuant to which the bonds are issued may have the provisions and terms deemed necessary or desirable by the issuer to pay or secure payment of the bonds, to apply the proceeds of the bonds, or to aid the issuance or sale of the bonds or the acquisition or betterment of the facilities financed by them. In addition to other provisions, the resolution or indenture may provide for:

(a) the escrow, pledge, application, and disbursement of any bond proceeds or other funds;

(b) the mortgage or pledge of any funds or property;

(c) the custody, collection, securing, investment, payment, or transfer of any funds or property;

(d) the creation and maintenance of any reserves, sinking funds, or other special funds;

(e) the manner of amending the resolution or indenture;

(f) events of default and remedies for defaults;

(g) *the maintenance of insurance and application of insurance proceeds; and*

(h) *the appointment, duties, and rights of any trustee, paying agent, receiver, or other fiduciary and their successors.*

Bond proceeds for the acquisition or betterment of convention facilities, net of issuance costs, reserves, and proceeds for the payment of interest on the bonds shall be loaned or otherwise deposited for the benefit of the commission or the board. Any cost of acquisition and betterment referred to in sections 1 to 8 shall include all costs of acquisition or betterment referred to in section 475.65, capitalized interest for a period not longer than 36 months, any underwriter's discount, reserves for debt service, repair, or operations or costs for credit enhancement of the bonds. The debt represented by the bonds shall not be included in computing any debt limitation applicable to the city, the council, or any county and any levy of taxes required by section 475.61 or section 6 to pay the principal of and interest on the bonds shall not be subject to any levy limitation or be included in computing or applying any levy limitation applicable to the city, the council, or any county. Subject to this section, bonds authorized by this section shall be sold, issued, and secured in the manner provided in chapter 475, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter.

Subd. 4. [VARIABLE RATE DEMAND BONDS.] *Any bond may be issued pursuant to this section giving the owner of the bond the right to tender or the issuer of the bonds to demand tender of the bond to the issuer, or other person designated by the issuer, for purchase by the issuer or the person at the time or times determined by the issuer, if the issuer has first entered into an agreement with a financial institution obligating the financial institution to provide funds on a timely basis for purchase of bonds tendered to the issuer. The purchase of any tendered bonds by or on behalf of the issuer shall not be deemed a payment or discharge of the bonds. Bonds tendered for purchase may be remarketed by or on behalf of the issuer or any other purchaser. The issuer may enter into agreements deemed necessary or appropriate to provide for the purchase of tendered bonds, including provisions under which undelivered bonds may be deemed tendered for purchase and new bonds may be substituted for them, the reimbursement to any person of amounts provided to purchase tendered bonds, the remarketing of tendered bonds, and similar or related agreements. Bonds subject to tender for purchase shall not be deemed to mature within the meaning of section 475.54, subdivision 1, on any date for tender. Any bond may bear interest at a rate varying at the time or times and on the terms, including convertibility to a fixed rate of interest, determined by the issuer, but with respect to any general obligation bonds the rate of interest for any period shall not exceed the maximum rate of interest for the bonds determined in accordance with section 475.55, subdivision 1. For purposes of section 475.61, subdivisions 1 and 3, and section 6, subdivisions 1 and 2, the interest payable on such variable rate general obligation bonds for the term of the bonds shall be determined as if the rate of interest on the bonds is the maximum rate permitted for the bonds under section 475.55, subdivision 1, or the lesser maximum rate of interest payable on the bonds in accordance with their terms, but if the interest rate is subsequently converted to a fixed rate the levy may*

be modified to provide at least five percent in excess of amounts necessary to pay principal of and interest at the fixed rate on the bonds when due.

Subd. 5. [LIMITATIONS.] (a) No bonds may be issued under this section for the initial construction or improvement of the convention facilities unless the commission has determined that all conditions to commencement of construction provided in section 2, subdivision 8, are reasonably expected to be satisfied.

(b) No bonds may be issued under this section for construction or improvement of the convention facilities unless the issuer and the commission have each determined that the anticipated revenue available to pay the principal of, premium, if any, and interest on the bonds will be sufficient to pay when due all such debt service on the bonds and to maintain any required debt service reserves.

(c) No bonds issued by the council are required to be issued under this section unless the council has determined that it reasonably expects that any appropriations to be made under section 6 and deposited in the debt service account for the bonds, together with any taxes levied under subdivision 7 or tax increments from the city which are irrevocably pledged or appropriated to the payment of principal of, premium, if any, and interest on the bonds, will be sufficient if timely deposited (i) to pay when due all such debt service on the bonds, (ii) to maintain any required debt service reserves, (iii) to provide additional debt service coverage satisfactory to the council, and (iv) to permit cancellation of any levy made pursuant to section 6, subdivision 1, for each year during the term of the bonds in accordance with section 6, subdivision 2.

(d) No bonds may be issued by the council under this section unless the city and the commission consent to the bond resolution or indenture pursuant to which the bonds are issued.

Any written determination pursuant to this subdivision shall be conclusive and the validity of any bonds or the obligations of the issuer or any other person or body with respect to them shall not be impaired by any determination which is erroneous.

Subd. 6. [SECURITY.] The pledge of any tax or other funds to the payment of principal of, premium, if any, or interest on bonds pursuant to this section or pursuant to a bond resolution or trust indenture shall be a valid charge on the tax and other funds from the date when bonds are first issued or secured under the resolution or indenture and shall secure the payment of principal and interest and redemption premium due and the maintenance at all times of any reserves securing the payment. Except by express mortgage or pledge, no mortgage of or security interest in any tangible real or personal property shall arise from the pledge of the tax or other funds in favor of bondholders or the trustee, but they shall have a valid security interest in the tax and other funds received and receivable, as against the claims of all other persons in tort, contract or otherwise, irrespective of whether the parties have notice of it, and without possession or filing as provided in the uniform commercial code or any other law. Any covenants made in the bond resolution or trust indenture (if approved by the commission or board, respectively) shall be binding upon the commission and the board, respectively, and the board and commission may observe and perform the cove-

nants. The commission and the board may pledge or apply any or all of their property or funds available to them to the payment of principal of, premium, if any, and interest on the bonds. No pledge, mortgage, covenant, or agreement securing bonds issued pursuant to this section may be impaired, revoked, amended by law, or by action of the city, council, commission, or board except in accordance with the terms of the resolution or indenture under which the bonds are issued until the obligations of the issuer under it are fully discharged.

Subd. 7. [LIQUOR AND LODGING TAXES.] The city may, in addition to taxes authorized by chapter 297A and section 473.592, levy a sales tax of not more than four percent on the gross receipts described in section 473.592 from sales that occur within two miles of the facility site and not more than two percent from sales that occur elsewhere in the city to provide money for the purposes stated in subdivision 1 or this subdivision. Before the issuance of any bonds under this section payable from the tax, the city shall levy the tax at whatever rate or rates are necessary to produce revenues from year to year which are determined by the issuer of the bonds to be required, together with all other funds available for the purpose or pledged to the payment of principal of, premium, if any, and interest on the bonds, to pay when due all such debt service on the bonds and to accumulate and maintain any debt service reserves for them. If the city is not the issuer, the city shall pay to the issuer the proceeds of the tax required to be so levied. The tax required to be imposed by the preceding sentence shall be suspended, reimposed, reduced, or increased upon the determination of the issuer, and if the issuer is not the city, written notice of the determination by the issuer to the city that the actions are necessary or appropriate for the purposes for which the tax was imposed, provided that the covenants in the resolution or indenture of trust pursuant to which the bonds were issued are not violated by the action. The tax shall be collected and remitted as provided in section 473.592, except the commissioner of revenue shall remit collections, less refunds and collection costs, to the city for application as required by this subdivision. When the purpose for which the tax is levied has been accomplished, the tax shall be canceled and any excess tax proceeds paid to the city. If the issuer of any bonds payable from or secured in whole or part by the tax is the council, before issuance of bonds under this subdivision, an agreement shall be entered into between the city, the council, and the commission implementing this subdivision, and the agreement shall constitute a contract with and for the benefit and security of all holders of the bonds.

Sec. 6. [473.5966] [COUNCIL TAX AND STATE APPROPRIATION.]

Subdivision 1. [TAX LEVY.] Section 475.61 shall not apply to general obligation bonds issued by the council pursuant to section 5. Before issuance and delivery of general obligation bonds or the pledge of taxes to pay any bonds pursuant to subdivision 4, in accordance with section 473.08 and this section, the metropolitan council shall by resolution levy a direct general ad valorem tax upon all taxable property in the metropolitan counties named in section 473.121 to be levied and collected for each year of the term of the bonds. The tax levies for all years shall be in amounts that if collected in full they, together with any other estimated collection of funds pledged for their payment, will produce at least five percent in excess of the amount needed to pay when due the principal of and interest on the bonds. The resolution of the

council shall irrevocably appropriate taxes levied to a debt service fund created for the payment of the bonds.

Subd. 2. [LEVY REDUCTION.] Tax levies imposed pursuant to subdivision 1 shall be irrevocable, except that if amounts are deposited in the debt service fund for the applicable bonds pursuant to appropriation under subdivision 3 or other amounts are held in the debt service fund in excess of all principal and interest coming due on the applicable bonds before the council's expected receipt of taxes levied for them, no earlier than October 1 or later than October 10 of each year, the secretary of the council shall certify to the auditor of each county the county's share of the excess, which shall be in proportion to the share of the levy borne by the county, and the auditor shall reduce the county's next levy by 105 percent of that amount and the treasurer may reduce by 105 percent of that amount the taxes otherwise required to be remitted to the council.

Subd. 3. [STATE APPROPRIATION.] \$6,000,000 is appropriated from the general fund of the state treasury to be paid to the board on or before July 1, 1985, for the board's preconstruction costs and other initial operating costs, with any amounts not expected to be so applied to be provided to the commission for any convention facilities operating reserve. \$6,000,000 is annually appropriated to the board on July 1, 1986, and each following July 1 from the general fund, of which an amount equal to the scheduled payment of principal and interest coming due in the following calendar year on any bonds payable from receipts from this appropriation shall be deposited in the debt service fund for the bonds, (or the lesser amount as determined by the resolution or indenture pursuant to which the bonds were issued) and the remainder shall be remitted to the commission for any of its or the board's purposes. This subdivision does not constitute a binding covenant or agreement with the council, the city, the commission or the holders of any bonds issued under sections 1 to 8 or a debt or obligation of the state and may be repealed, amended, or modified in accordance with law.

Subd. 4. [MODIFICATIONS REGARDING PRIOR BONDS.] The council may by resolution pledge the tax authorized by subdivision 1 to pay when due the principal of, premium, if any, and interest on all bonds issued pursuant to section 473.581, but only upon the release of (a) all security interests, pledges, and restrictions on encumbrances or transfer of sports facilities owned by the commission created in favor of or for the benefit of holders of the issue of bonds or (b) all pledges to pay the debt service or costs of the commission from taxes levied under section 473.592, subdivision 1. The releases shall occur upon the written consent of all holders of bonds of the issue, notwithstanding any other law. Upon the release of the pledge of taxes levied pursuant to section 473.592, subdivision 1, the taxes shall not be imposed for payment of the debt service and any pledge or application of the taxes for payment of the debt service or maintenance of a reserve for the issue required under section 473.581, subdivision 4, shall be repealed. Any pledge by the council under this subdivision may be made without election and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any debt limitation. Upon the pledge of taxes for payment of an issue of bonds pursuant to this subdivision, with the consent of all holders of the issue, any reserves or other funds pledged to secure the issue may be reduced or eliminated by the council and the funds so

released remitted to the commission.

Sec. 7. [473.5967] [PROPERTY TAX EXEMPT.]

Any real or personal property acquired, owned, and used, by the commission, board, the council, or the city pursuant to sections 1 to 8 is exempt from taxation to the same extent as property referred to under section 473.556, subdivision 4.

Sec. 8. [473.5968] [POWERS GRANTED HEREIN NOT LIMITED.]

Except as specifically provided in sections 1 to 7, the exercise of the powers granted in sections 1 to 7 shall not be limited by the provisions of chapters 273, 462, 472A, 475, or of any city charter.

Sec. 9. [NAME CHANGE.]

The metropolitan sports facilities commission is renamed the Minnesota sports and convention facilities commission. The revisor of statutes shall change the name of the commission and any related terms accordingly wherever they appear in Minnesota Statutes.

A contract for deed vendee or anyone claiming under the contract or liable for the contract payment, in any case where the contract has not yet been terminated as of May 24, 1983, may petition the district court in the same manner, requesting that the contract termination be ~~delayed~~ *postponed* for up to 90 days. Upon receiving the petition, the court shall order a stay in the foreclosure proceedings *or contract termination* until after the hearing on the petition. ~~As a condition precedent to the postponement of the foreclosure sale, the party serving the verified complaint shall file it and pay to the clerk for the person foreclosing the mortgage the actual costs incurred, including attorney's fees, in the foreclosure proceeding before postponement. As a condition precedent to delay of the contract termination, the party seeking relief shall file the verified complaint and pay to the clerk for the person canceling the contract, the actual costs, including attorney's fees incurred in the cancellation. If payment is made by other than cash or certified check, the order postponing the sale or termination is not final until after the check or other negotiable instrument has been paid. The court may order costs and attorney fees to be paid by the person applying for relief. If the court orders attorney fees to be paid, the amount may not exceed \$150 or one-half of the attorney fees allowed in section 582.01, whichever is less. The court may order the attorney fees to be prorated and combined with payments ordered under section 583.08. The court may not order attorney fees to be paid by the person applying for relief, if the person is receiving public assistance or legal aid for their own legal representation.~~

(1) that the petitioner is unemployed, underemployed, facing catastrophic medical expenses, or facing economic problems due to low farm commodity prices; and

(2) that the petitioner has an inability to make payments on the mortgage or contract for deed.

If the court ~~grants or denies a delay in~~ *postponement* of the sale, the mortgagee shall publish notice of the new sale date as provided in section 580.03. ~~If the court grants a postponement of the sale, the mortgagee shall not publish notice of a new sale date as provided in section 580.03 until the postponement period has expired, except as provided in section 583.08.~~ Section 580.07 does not apply to foreclosure sales postponed by a court pursuant to sections 583.01 to 583.12.

Sec. 8. Minnesota Statutes 1984, section 583.07, is amended to read:

583.07 [REDUCTION OF REDEMPTION PERIOD.]

no event shall the redemption period be less than 30 days. If the court does not grant a ~~delay~~ *in postponement* of the foreclosure sale, the redemption period shall be as provided in section 580.23.

Sec. 9. Minnesota Statutes 1984, section 583.10, is amended to read:

H.F. No. 345: A bill for an act relating to insurance; no-fault automobile; providing mandatory underinsured motorist coverage; clarifying legislative intent concerning stacking of insurance policies; coordinating the priority of applicability of security for the payment of certain benefits; amending Minnesota Statutes 1984, sections 65B.43, by adding subdivisions; 65B.47, by adding a subdivision; 65B.49, subdivision 4, and by adding a subdivision; and 65B.70, by adding a subdivision.

Mr. Petty moved to amend H.F. No. 345, the unofficial engrossment, as follows:

Page 2, after line 16, insert:

“Sec. 6. Minnesota Statutes 1984, section 65B.44, subdivision 1, is amended to read:

Subdivision 1. [INCLUSIONS.] Basic economic loss benefits shall provide reimbursement for all loss suffered through injury arising out of the maintenance or use of a motor vehicle, subject to any applicable deductibles, exclusions, disqualifications, and other conditions, and shall provide a maximum of ~~\$30,000~~ \$40,000 for loss arising out of the injury of any one person, consisting of:

(a) \$20,000 for medical expense loss arising out of injury to any one person; and

(b) A total of ~~\$10,000~~ \$20,000 for income loss, replacement services loss, funeral expense loss, survivor's economic loss, and survivor's replacement services loss arising out of the injury to any one person.

Sec. 7. Minnesota Statutes 1984, section 65B.44, subdivision 3, is amended to read:

Subd. 3. [DISABILITY AND INCOME LOSS BENEFITS.] Disability and income loss benefits shall provide compensation for 85 percent of the injured person's loss of present and future gross income from inability to work proximately caused by the nonfatal injury subject to a maximum of ~~\$200~~ \$250 per week. Loss of income includes the costs incurred by a self-employed person to hire substitute employees to perform tasks which are necessary to maintain his income, which he normally performs himself, and which he cannot perform because of his injury.

If the injured person is unemployed at the time of injury and is receiving or is eligible to receive unemployment benefits under chapter 268, but the injured person loses his eligibility for those benefits because of inability to work caused by the injury, disability and income loss benefits shall provide compensation for the lost benefits in an amount equal to the unemployment benefits which otherwise would have been payable, subject to a maximum of ~~\$200~~ \$250 per week.

Compensation under this subdivision shall be reduced by any income from substitute work actually performed by the injured person or by income the injured person would have earned in available appropriate substitute work which he was capable of performing but unreasonably failed to undertake.

For the purposes of this section “inability to work” means disability

which prevents the injured person from engaging in any substantial gainful occupation or employment on a regular basis, for wage or profit, for which he is or may by training become reasonably qualified. If the injured person returns to his employment and is unable by reason of his injury to work continuously, compensation for lost income shall be reduced by the income received while he is actually able to work. The weekly maximums may not be prorated to arrive at a daily maximum, even if the injured person does not incur loss of income for a full week."

Page 3, after line 4, insert:

"Sec. 8. Minnesota Statutes 1984, section 65B.49, subdivision 3, is amended to read:

Subd. 3. [RESIDUAL LIABILITY INSURANCE.] (1) Each plan of reparation security shall also contain stated limits of liability, exclusive of interest and costs, with respect to each vehicle for which coverage is thereby granted, of not less than ~~\$25,000~~ \$30,000 because of bodily injury to one person in any one accident and, subject to said limit for one person, of not less than ~~\$50,000~~ \$60,000 because of injury to two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, of not less than \$10,000 because of such injury to or destruction of property of others in any one accident.

(2) Under residual liability insurance the reparation obligor shall be liable to pay, on behalf of the insured, sums which the insured is legally obligated to pay as damages because of bodily injury and property damage arising out of the ownership, maintenance or use of a motor vehicle if the injury or damage occurs within this state, the United States of America, its territories or possessions, or Canada. A reparation obligor shall also be liable to pay sums which another reparation obligor is entitled to recover under the indemnity provisions of section 65B.53, subdivision 1.

(3) Every plan of reparation security shall be subject to the following provisions which need not be contained therein:

(a) The liability of the reparation obligor with respect to the residual liability coverage required by this clause shall become absolute whenever injury or damage occurs; such liability may not be cancelled or annulled by any agreement between the reparation obligor and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the reparation obligor to make payment on account of such injury or damage.

(c) The reparation obligor shall have the right to settle any claim covered by the residual liability insurance policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability for the accident out of which such claim arose."

For each vehicle with a gross weight in excess of 81,000 pounds an additional tax of \$50 is imposed for each ton or fraction thereof in excess of 81,000 pounds, subject to subdivision 12.

For the registration year 1987 and each subsequent registration year through 1991, the commissioner of revenue shall recompute and publish the tax rates provided in the Minnesota base rate schedule, including the tax provided for vehicles with a gross weight in excess of 81,000 pounds. The commissioner shall calculate the new rates by increasing each rate in effect at the time of the calculation by four percent. The calculation for each registration year must be published by the previous July 1. The rates calculated under this subdivision must be rounded to the nearest dollar and are effective for all vehicles taxed under the Minnesota base rate schedule.

Truck-tractors except those herein defined as farm and urban truck-tractors and commercial zone vehicles shall be taxed in accord with the foregoing gross weight tax schedule on the basis of the combined gross weight of the truck-tractor and any semitrailer or semitrailers which the applicant proposes to combine with the truck-tractor. In addition, to the gross weight tax imposed on the truck-tractor, each semitrailer shall be taxed a fee of \$10 for a one-year period or \$50 for a five-year period whichever the applicant elects.

Commercial zone trucks include only trucks, truck-tractors, and semi-trailer combinations which are:

The license plates issued for commercial zone vehicles shall be plainly marked. A person operating a commercial zone vehicle outside the zone or area in which its operation is authorized is guilty of a misdemeanor and, in addition to the penalty therefor, shall have the registration of the vehicle as a commercial zone vehicle revoked by the registrar and shall be required to reregister the vehicle at 100 percent of the full annual tax prescribed in the Minnesota base rate schedule, and no part of this tax shall be refunded during the balance of the registration year.

On commercial zone trucks the tax shall be based on the total gross weight of the vehicle and during the first eight years of vehicle life shall be 75 percent of the Minnesota base rate schedule. During the ninth and succeeding years of vehicle life the tax shall be 50 percent of the Minnesota base rate schedule, except as otherwise provided in this subdivision. On commercial zone trucks, during the ninth and succeeding years of vehicle life, the tax shall be:

(a) for the 1982 registration year, 35 percent of the tax imposed in the Minnesota base rate schedule;

169.833 [ADDITION OF TRUNK HIGHWAYS TO DESIGNATED ROUTE SYSTEM; PRIORITY LIST.]

Subdivision 1. [PRIORITY LIST PREPARED.] (a) By December 31 of each odd-numbered year beginning in 1985, each highway district must submit to the commissioner its list of identified market arteries and recommended priorities for upgrading. The priority list must be prepared in accordance with this section by the district engineer in consultation with county and city engineers in the district. Each district engineer must hold one or more public meetings on the list and report to the commissioner in detail how the district upgrading priority list reflects testimony received in the public meetings.

(b) In making its priority list each district must consider the priorities of counties, municipalities, regions and adjoining districts. Each district must submit to the commissioner a preliminary list of market arteries identified for upgrading by September 1, 1985.

Subd. 2. [SELECTION OF MARKET ARTERIES.] The district priority list must identify all market arteries and determine those in need of upgrading. Roads considered for identification as market arteries must include roads connecting Minnesota with border states and provinces, roads connecting interstate highways with state trunk highways, and roads connecting trunk highways with one another. In determining the need for upgrading market arteries, the district must consider shippers' needs, community views, road conditions, regional development plans and the plans of adjoining districts. In identifying market arteries and determining the need for upgrading, the district must give priority to roads serving communities without access to rail service or a year-round, ten-ton route.

~~Subdivision 4~~ *Subd. 3. [IDENTIFICATION OF PROJECTS.] The com-*

missioner shall develop a priority list of trunk highway routes to be added to the system of routes designated under section 169.832 improvements to upgrade market arteries identified in the district priority lists developed under this section. The commissioner shall consult with representatives of the trucking, shipping, and agricultural industries and, local authorities, and regional development commissions in developing the list. A route shall be added to the designated route system after completion of road improvements that provide road strength adequate to carry the permissible weights under section 169.825 or when the commissioner otherwise determines that designation of a route is reasonable. In developing the list the commissioner shall give highest priority to improvements that will eliminate prohibitions or restrictions that interrupt year-round full service on market arteries.

Subd. 2. [FUNDING OF ADDITIONS TO THE SYSTEM.] On July 1 of each year the commissioner of finance shall certify to the commissioner the estimated increase in revenue to the trunk highway fund resulting from the increase in the gasoline and special fuel excise tax under section 296.02. The commissioner shall expend 15 percent of the increase in revenue to the trunk highway fund resulting from the increase in the gasoline and special fuel excise tax under section 296.02 and 15 percent of future increases in gasoline and special fuel excise tax revenues to the trunk highway fund for the purposes of subdivision 1. In the event that actual expenditures during any fiscal year are less or greater than 15 percent when compared to actual revenue the commissioner shall adjust his expenditures for the purpose of subdivision 1 for the following years in order to achieve compliance with this subdivision.

"Subd. 1b. [SPECIAL PERMITS.] (a) The commissioner of transportation may issue a permit authorizing a hauler, during the times and under the conditions specified by the commissioner, to move a vehicle or combination of vehicles with a gross vehicle weight not exceeding 88,000 pounds on state trunk highways, if the vehicle or combination of vehicles has six or more axles and all wheels are equipped with brakes. The maximum wheel load on a non-steering axle shall not exceed the lesser of 500 pounds per inch of tire width or the manufacturer's recommended load for the tire used. The maximum gross weight on a group of consecutive axles shall not exceed the limits set in section 169.825, subdivision 10, for any combination of five or fewer axles. The seasonal increases allowed under section 169.825, subdivision 11, do not apply to vehicles operating under a permit issued under this subdivision. The commissioner shall not issue permits under this section if their issuance will result in a loss of federal highway funding to the state.

(b) Before a permit is issued under this subdivision, the applicant must present to the commissioner an inspection report issued by the department of public safety for each vehicle or combination of vehicles. The inspection report must certify that at the time of inspection each loaded vehicle properly distributed the weight as prescribed in section 169.825. The inspection report must also certify that at the time of inspection each vehicle complied with federal bureau of motor carrier safety standards. At the time of inspec-

tion, each vehicle or combination of vehicles must be loaded to the requested permitted weight. The inspection report will expire 12 months after the date of inspection. The commissioner shall issue at no charge a 48-hour permit to authorize transportation to and from the point of inspection.

The applicant must pay to the commissioner a permit fee of \$200 and an inspection fee of \$50 for each vehicle or combination of vehicles that will be operated under the permit. The permit and inspection fees shall be deposited in the state treasury and credited to the trunk highway fund.

(c) The permit and a copy of the inspection report must be carried with each vehicle or combination of vehicles operating under a permit issued under this subdivision and must be displayed on request of any officer empowered to enforce this section. Each vehicle certified for compliance must display an identifying sticker as prescribed by the commissioner."

"Sec. 13. Minnesota Statutes 1984, section 169.87, subdivision 1, is amended to read:

Subdivision 1. [OPTIONAL POWER SEASONAL LOAD RESTRICTION.] Local authorities, with respect to highways under their jurisdiction, may prohibit the operation of vehicles upon any such highway or impose restrictions as to the weight of vehicles to be operated upon any such highway, whenever any such highway, by reason of deterioration, rain, snow, or other climatic conditions, will be seriously damaged or destroyed unless the use of vehicles thereon is prohibited or the permissible weights thereof reduced.

The local authority enacting any such prohibition or restriction shall erect or cause to be erected and maintained signs plainly indicating the prohibition or restriction at each end of that portion of any highway affected thereby, and

the prohibition or restriction shall not be effective unless and until such signs are erected and maintained.

Municipalities, with respect to highways under their jurisdiction, may also, by ordinance, prohibit the operation of trucks or other commercial vehicles, or may impose limitations as to the weight thereof, on designated highways, which prohibitions and limitations shall be designated by appropriate signs placed on such highways.

The commissioner shall likewise have authority, as hereinabove granted to local authorities, to determine and to impose prohibitions or restrictions as to the weight of vehicles operated upon any highway under the jurisdiction of the commissioner, and, *except as provided in this subdivision*, such restrictions shall be effective when signs giving notice thereof are erected upon the highway or portion of any highway affected by such action.

~~When a local authority petitions the commissioner to establish a truck route for travel into, through, or out of the territory under its jurisdiction, the commissioner shall investigate the matter. If the commissioner determines from his investigation that the operation of trucks into, through, or out of the territory involves unusual hazards because of any or all of the following factors; load carried, type of truck used, or topographic or weather conditions, the commissioner may make his order designating certain highways under his jurisdiction as truck routes into, through, or out of such territory. When these highways have been marked as truck routes pursuant to the order, trucks traveling into, through, or out of the territory shall comply with the order.~~ *The commissioner shall propose the prohibitions and restrictions and publish them in the qualified legal newspaper of each affected county by November 1 of each year. The commissioner shall, within ten days of the publication, notify the county auditor of each affected county, by mail, of the proposed prohibitions and restrictions. The commissioner may impose restrictions that are not proposed by November 1 only in cases of unanticipated road damage so severe as to warrant immediate emergency action. Emergency road restrictions are not subject to the hearing requirement.*

If a meeting is requested by the county board of one or more counties in which the proposed prohibition or restriction is effective, a proposed prohibition or restriction may not be posted and does not become effective unless the commissioner holds a public meeting. Notice of the meeting must be published in the qualified legal newspaper of the county. The commissioner or his designee shall hold a public meeting in the affected county and shall determine whether the adverse economic impact of the prohibition or restriction on the affected communities is so severe that the prohibition or restriction must be modified or suspended. If more than one county board requests a meeting on a single proposed prohibition or restriction the commissioner may hold one consolidated meeting on the proposal.

A county board may request a meeting only if it determines that the proposed prohibition or restriction would adversely affect one or more communities in the county by denying it all access to unrestricted routes."

(3) Pollution control fund means the Minnesota state water pollution control fund created by subdivision 1;

(4) Bond account means the Minnesota state water pollution control bond account created in the state bond fund by section 116.17, subdivision 4;

(5) Terms defined in section 115.01 have the meanings therein given them;

(6) The eligible cost of any municipal project, except as otherwise provided in clauses (7) and (8), includes (a) preliminary planning to determine the economic, engineering, and environmental feasibility of the project; (b) engineering, architectural, legal, fiscal, economic, sociological, project administrative costs of the agency and the municipality, and other investigations and studies; (c) surveys, designs, plans, working drawings, specifications, procedures, and other actions necessary to the planning, design, and construction of the project; (d) erection, building, acquisition, alteration, remodeling, improvement, and extension of disposal systems; (e) inspection and supervision of construction; and (f) all other expenses of the kinds enumerated in section 475.65.

(7) For state *independent grant and matching grant* purposes hereunder, the eligible cost for grant applicants shall be the eligible cost as determined by the United States environmental protection agency under the Federal

Water Pollution Control Act, as amended, 33 U.S.C. 1314, et seq.

(8) Notwithstanding clause (7), for state grants under the state independent grants program, the eligible cost includes the acquisition of land for stabilization ponds, the construction of collector sewers for totally unsewered statutory and home rule charter cities and towns described under section 368.01, subdivision 1 or subdivision 1a, that are in existence on January 1, 1985, and the provision of reserve capacity sufficient to serve the reasonable needs of the municipality for 20 years in the case of treatment works and 40 years in the case of sewer systems. Notwithstanding clause (7), for state grants under the state independent grants program, the eligible cost does not include the provision of collector sewers as defined in agency rules, the provision of service to seasonal homes, or cost increases from contingencies that exceed three percent of as-bid costs or cost increases from unanticipated site conditions that exceed an additional two percent of as-bid costs.

Sec. 2. [116.162] [STATE GRANT PROGRAM FOR COMBINED SEWER OVERFLOW.]

Subdivision 1. [DEFINITIONS.] (a) Except as otherwise provided in this section, the terms used in this section have the meanings given in section 116.16, subdivision 2.

(b) "Combined sewer" means a sewer that is designed and intended to serve as a sanitary sewer and a storm sewer, or as an industrial sewer and a storm sewer.

(c) "Combined sewer overflow" means a discharge of a combination of storm and sanitary wastewater or storm and industrial wastewater directly or indirectly into the waters of the state, occurring when the volume of wastewater flow exceeds the conveyance or storage capacity of a combined sewer system.

Subd. 2. [PROGRAM PURPOSE.] The agency shall administer a state grant program to assist eligible recipients to abate combined sewer overflow to the Mississippi river from its confluence with the Rum river to its confluence with the St. Croix river.

Subd. 3. [ELIGIBLE RECIPIENTS.] A statutory or home rule charter city is eligible for grants under the program if the city has a permit, stipulation agreement, consent decree, or order issued by the agency requiring construction to abate combined sewer overflow and if the city adopts an approved plan to abate combined sewer overflow.

Subd. 4. [ELIGIBLE COSTS.] The eligible costs under this section include the costs listed in section 116.16, subdivision 2, paragraph (6), as determined by the agency, using as guidelines the regulations promulgated by the United States environmental protection agency under the Federal Water Pollution Control Act, United States Code, title 33, sections 1314 to 1328, except that the eligible costs include easements necessary for implementing the combined sewer overflow abatement plan and do not include:

- (1) the preparation of combined sewer overflow abatement plans;*
- (2) acquisition of interests in real property other than easements;*
- (3) storm water treatment facilities;*

(4) costs for a program to disconnect any structures or devices, excluding catch basins on public property, constructed to direct or convey storm water, snow melt, or surface water from private or public property into a public sanitary or combined sewer;

(5) costs incurred before the effective date of this section; and

(6) costs incurred after the effective date of this section but without prior written approval of the agency.

Subd. 5. [GRANT PROGRAM.] The agency shall annually award grants to eligible recipients in that year for combined sewer overflow projects. The agency shall determine eligible costs for each eligible recipient and compare those individual costs to the total eligible cost required to abate combined sewer overflows. This comparison determines each eligible recipient's proportionate share of the costs, and the appropriation for the program must be distributed among eligible recipients according to their proportionate share.

Subd. 6. [GRANT CONDITIONS; ADMINISTRATION.] (a) A recipient of a grant under this section shall construct the combined sewer overflow abatement facilities in accordance with the construction schedule contained in the permit, stipulation agreement, consent decree, or order issued by the agency. The agency shall require that the construction schedule to abate combined sewer overflow be completed within ten years. As a condition of receiving a grant, the recipient shall implement a program approved by the agency to disconnect any structures or devices, excluding catch basins on public property, constructed to direct or convey storm water, snow melt, or surface water from private or public property into a public sanitary or combined sewer. The deadlines for submittal of facilities plans, plans and specifications, and other documents to the agency for a grant are governed by the construction schedule contained in the permit, stipulation agreement, consent decree, or order issued by the agency requiring combined sewer overflow abatement construction.

(b) A recipient of a grant under this section is not eligible to receive a grant to abate combined sewer overflow under the state independent grants program.

Subd. 7. [RULES.] The agency shall promulgate permanent rules and may promulgate emergency rules for the administration of the grant program established by this section. The rules must contain as a minimum:

(1) procedures for application;

(2) criteria for eligibility of combined sewer overflow abatement projects;

(3) conditions for use of the grants;

(4) procedures for the administration of grants; and

(5) other matters that the agency finds necessary for the proper administration of the program.

Sec. 3. Minnesota Statutes 1984, section 116.18, subdivision 1, is amended to read:

Subdivision 1. [APPROPRIATION FROM THE FUND.] The sum of \$167,000,000, or so much thereof as may be necessary, is appropriated from

the Minnesota state water pollution control fund in the state treasury to the pollution control agency, for the period commencing on July 23, 1971 and ending June 30, 1985, to be granted and disbursed to municipalities and agencies of the state in aid of the construction of projects conforming to section 116.16, in accordance with the rules, priorities, and criteria therein described.

Sec. 4. Minnesota Statutes 1984, section 116.18, subdivision 2a, is amended to read:

Subd. 2a. [STATE MATCHING GRANTS PROGRAM BEGINNING OCTOBER 1, 1984.] For projects tendered, on or after October 1, 1984, a grant of federal money under section 201(g), section 202, 203, or 206(f) of the Federal Water Pollution Control Act, as amended, United States Code, title 33, sections 1251 to 1376, at 55 percent or more of the eligible cost for construction of the treatment works, state money appropriated under subdivision 1 must be expended for up to ~~45~~ 30 percent of the eligible cost of construction for municipalities for which the construction would otherwise impose significant financial hardship; provided, that not less than ~~25~~ ten percent of the eligible cost must be paid by the municipality or agency constructing the project. If a municipality is tendered federal and state grants in a percentage cumulatively exceeding ~~75~~ 90 percent of the eligible cost of construction, the state pollution control agency shall reduce the grant to the municipality under this chapter to the extent necessary to ensure that not less than ~~25~~ ten percent of the eligible cost will be paid by the municipality. The amounts of the matching grants must be based on per connection capital cost, median household income, and per capita adjusted assessed valuation.

Sec. 5. Minnesota Statutes 1984, section 116.18, subdivision 3a, is amended to read:

Subd. 3a. [STATE INDEPENDENT GRANTS PROGRAM.] (a) The agency may award independent grants for projects for 50 percent or, if the agency requires advanced treatment, 65 percent of the eligible cost of construction. The agency may award independent grants for up to an additional ~~15~~ 30 percent or, if the agency requires advanced treatment, up to an additional ~~ten~~ 25 percent of the eligible cost of construction to municipalities for which the construction would otherwise impose significant financial hardship; the amounts of the additional grants shall be based on per connection capital cost, median household income, and per capita adjusted assessed valuation. These grants may be awarded in separate steps for planning and design in addition to actual construction. ~~Not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded for projects for the control of combined sewer overflow as defined by federal regulation.~~ Until December 31, 1990, not more than 20 percent of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.

(b) Up to ten percent of the money to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the commissioner of energy and economic development at the beginning of each fiscal year, and the com-

missioner shall review the list and identify those municipalities having substantial economic development projects. After the first 90 percent of the total available money is allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the agency to award grants to remaining municipalities that have been identified.

(c) Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and apply to be reimbursed in the a subsequent year conditioned upon appropriation of sufficient money under subdivision 1 for that year. The maximum amount of the reimbursement the agency may commit in any single fiscal year is equal to the amount newly appropriated under subdivision 1 to the state grants programs for that year.

Sec. 6. [116.19] [MUNICIPAL POWERS.]

Subdivision 1. [PURPOSE.] Notwithstanding a statute or home rule charter to the contrary, a recipient of a grant from the agency may exercise the authority provided in this section to abate combined sewer overflow or provide money to pay all or part of the costs of the abatement and of making improvements to any utility required to effect the abatement.

Subd. 2. [GENERAL.] A recipient may acquire real or personal property by purchase, including installment purchase, lease, including a financing lease, condemnation, gift, or grant, or may sell real or personal property at its fair market value determined by the recipient and simultaneously enter into an installment purchase or lease, including a financing lease, for purposes of reacquiring real or personal property. A recipient may construct, enlarge, improve, replace, repair, maintain, and operate a public sewer system, including storm sewers, sanitary sewers, and facilities for separating storm sewers from combined storm and sanitary sewers, or any other public utilities combined with the public sewer system as provided in this section. To accomplish these purposes, a recipient may exercise the powers granted a municipality by chapters 115, 117, 412, 429, 435, 444, 471, and 475, and may combine the public sewer system, for purposes of operation or revenue collection or both or for other purposes the city council determines, with one or more other public utilities. Charges for the services provided by a combined utility may be determined in any reasonable manner.

Subd. 3. [DEBT.] A recipient may incur indebtedness and may issue and sell bonds or other obligations, including notes, an installment purchase contract, or obligations to make payments under a financing lease, and pledge the full faith and credit of the city to its payment for storm and sanitary sewers and systems without submitting the question of issuing the bonds, or otherwise incurring the obligations, to the electors. The bonds or other obligations may be issued in one or more series, may bear interest at the rate or rates, including floating rates, and may be sold at public or private sale and at the price the recipient determines. A recipient may, in addition to or in substitution for the pledge of its full faith and credit, pledge the revenues or net revenues of its public sewer system or a combined utility or a part of it, or mortgage the assets of the system or combined utility. A recipient may vest in a trustee or trustees, located within or outside the state, the right to enforce any covenants made to secure or to pay the bonds or other obligations, and may determine the powers and duties of the trustee or trustees. Except as

provided in this section, the bonds or other obligations must be issued and sold according to chapter 475.

Subd. 4. [PROPERTY TAX.] In addition and supplemental to the grants of authority in subdivisions 2 and 3, the governing body may establish a special taxing district or districts within the corporate limits of the city that include some or all of the real or personal property served by a combined sewer separated after the effective date of this section, and may levy and collect ad valorem taxes in the district or districts for the purposes of this section. The taxes must be collected by the county and paid over to the city as are other taxes. The taxes are not restricted by any other tax levy limitations imposed upon the city by any other law or charter provision.

Subd. 5. [ASSESSMENTS.] The governing body of the city may divide the city into drainage districts or areas, and may levy and collect assessments based on benefit to property, whether the benefit be direct or indirect, and the assessments so levied may be based upon the existing or highest and best land usage, square footage, front footage or area. The assessments may be levied in accordance with the procedures set forth in the city's home rule charter, if any, or chapter 429, as the council determines. The assessments may be levied and collected from all property whether public or private, and in the case of public property the agency of government responsible for the property must provide the necessary money in its budget request.

Subd. 6. [PRIVATE FINANCE.] To secure financing for the purposes of this section, the governing body of the city may use private financing methods, such as private ownership and construction by any means available to the owner of new facilities to benefit the city under a lease, financing lease, installment purchase agreement or service contract, or the sale or mortgaging of all or part of the city's existing public sewer system, combined utility including the public sewer system, or water utility, to benefit the city under a lease, financing lease, installment purchase agreement or service contract. The private financing methods are not subject to any limitations imposed by a home rule charter, if any, or by chapter 475. Any property benefiting the city under the private financing methods is exempt from taxation and the payment of amounts in lieu of taxes to the same extent as property owned by the city.

Sec. 7. [116.46] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 7 to 9 and section 15.

Subd. 2. [AGENCY.] "Agency" means the pollution control agency.

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of health.

Subd. 4. [ELEVATED BLOOD LEAD LEVEL.] "Elevated blood lead level" means a confirmed concentration of 25 micrograms or more of lead in each deciliter of whole blood.

Subd. 5. [RESPONSE ACTION.] "Response action" means action to limit exposure to lead contaminated soil sites, including fencing, covering sites with vegetation, removal and replacement of contaminated soil, and other appropriate measures.

Sec. 8. [116.47] [IDENTIFICATION OF LEAD CONTAMINATED

SOIL SITES.]

Subdivision 1. [PRELIMINARY SCREENING.] By January 1, 1986, the agency must identify and develop a preliminary list of sites in the state where significant concentrations of lead in soil are likely and where the probability exists for children's contact with the soil. In identifying these sites the agency must consider:

(1) both stationary and mobile lead emission sources;

(2) dispersion and depositional patterns of lead emissions; and

(3) the presence of populations susceptible to lead exposure or lead absorption, including children at day care centers, schools, parks, and playgrounds, children who have elevated levels of lead in their blood, and children whose socioeconomic status has given them a higher exposure to lead or increased lead absorption.

Subd. 2. [SOIL TESTING.] By January 1, 1987, the agency must sample sites on the preliminary list to determine the concentration of lead in the soil. The agency must refer sites to the commissioner where lead in the soil exceeds the interim standard for lead in the soil of 1,000 parts per million. After adoption of the rules under section 9, subdivision 1, the agency shall refer to the commissioner all sites with concentrations above the standard for lead in soil.

Subd. 3. [ACCESS TO PROPERTY.] The agency or a person authorized by the agency may, upon presentation of credentials, enter public or private property to conduct surveys or investigations.

Subd. 4. [HEALTH SCREENING.] For each site referred by the agency, the commissioner must review the existing health data on the resident population or collect data on the level of lead in the blood if the present data are inadequate. If the level of lead in the blood is elevated in a population at a site, the commissioner shall examine the site for all sources of lead exposure and report to the agency findings and recommendations to reduce the level of lead in the blood.

Sec. 9. [116.48] [RULES.]

Subdivision 1. [STANDARD FOR LEAD IN SOIL.] By January 1, 1988, the agency shall adopt rules that establish a standard of lead contamination in the soil that threatens the health or welfare of susceptible populations.

Subd. 2. [PRIORITIES FOR RESPONSE ACTION.] By January 1, 1988, the agency must adopt rules establishing the priority for response actions. The rules must consider the potential for children's contact with the soil and the existing level of lead in the soil and may consider the relative risk to the public health, the size of the population at risk, and blood lead levels of resident populations.

Sec. 10. [REPORT ON LEAD CONTAMINATION IN THE SOIL.]

By January 1, 1987, the pollution control agency shall submit a report to the senate and house committees on health and human services describing the extent of lead contamination in the soil, the lead levels in the blood of populations at contaminated sites, the size of the population at risk from exposure to lead in the soil, and an estimate of the cost of response actions

required to prevent exposure to soil contaminated by lead.

Sec. 11. [124.252] [SMOKING PREVENTION PROGRAMS.]

Subdivision 1. [ELIGIBILITY AND PURPOSE.] Each school board that institutes a smoking prevention program that meets the criteria in subdivision 2 and submits the proposed program to the commissioner of education is eligible for state aid for the following purposes:

[DISTRICT AID.] An eligible district must receive 52 cents in fiscal year 1986 and 54 cents in fiscal year 1987 and thereafter for each pupil, in average daily membership, enrolled in a public elementary, secondary, or area vocational technical institute or nonpublic elementary or secondary school. Aid for nonpublic school pupils must be paid to the district upon request by or on behalf of the pupils. A school district must not receive less than \$1,000 in fiscal year 1986 and \$1,040 in fiscal year 1987.

Subd. 4. [APPLICATIONS.] A district that is eligible for aid shall apply to the commissioner of education by October 1 of each school year on a form supplied by the commissioner.

Sec. 14. [144.393] [PUBLIC COMMUNICATIONS PROGRAM.]

The commissioner may conduct a long-term coordinated public information program that includes public service announcements, public education forums, mass media, and written materials. The program must promote nonsmoking and include background survey research and evaluation. The program must be designed to run over at least five years, subject to the availability of money.

nation or absorption and its health effects on children;

(4) review state and local housing codes and advise the governing bodies and administrative departments adopting or administering the codes to insure that the hazard of absorption and contamination from leaded paint is adequately addressed and considered, and provide technical support for enforcement of the codes by local health departments and local building inspection departments; and

(5) study and determine the extent of exposure to lead in drinking water caused by plumbing and develop recommendations and techniques for reducing this exposure.

Sec. 19. Minnesota Statutes 1984, section 145.882, is amended to read:

145.882 [MATERNAL AND CHILD HEALTH BLOCK GRANT DISTRIBUTION.]

Subdivision 1. [CONTINUATION OF 1983 PROJECTS.] (a) Notwithstanding subdivisions 2 and 3, recipients of maternal and child health grants for special projects in state fiscal year 1983 shall continue to be funded at the

same level as in state fiscal year 1983 until ~~September 30, 1985~~ *December 31, 1987* if they comply with the provisions of sections ~~145.881, and 145.882 to 145.888~~. Beginning January 1, 1988, recipients of maternal and child health special project grants awarded in state fiscal year 1983 must receive:

(1) for calendar year 1988, no less than 80 percent of the amount awarded in state fiscal year 1983; and

(2) for calendar year 1989, no less than 70 percent of the amount awarded in state fiscal year 1983.

(b) The amount of grants awarded under this subdivision must be deducted from the allocation under subdivisions 3 and 4 for the community health services area within which the grantee is located. In order to receive money under this subdivision, recipients must continue to comply with sections 145.881 and 145.882 to 145.888. These recipients are also eligible to apply for state grants under sections ~~145.883 to 145.888~~ subdivisions 2, 3, and 4. Any decrease in the amount of federal funding to the state for the maternal and child health block grant shall ~~must~~ be apportioned to reflect a proportional decrease for each recipient until ~~September 30, 1985~~. Any increase in the amount of federal funding to the state shall ~~must~~ be distributed for services to children with handicaps and to special projects as provided in sections 145.883 to 145.888, except that an amount not to exceed ten percent may be retained by the commissioner of health to address cost of living increases and increases in supplies and services under subdivisions 3 and 4 of this section.

After ~~September 30, 1985~~, (c) The advisory task force shall review and recommend the proportion of maternal and child health block grant funds to be expended for indirect costs, direct services and special projects. The proportion of funds expended in direct services through special projects shall be maintained at not less than the level expended in state fiscal year 1984.

Subd. 2. [ALLOCATION TO THE COMMISSIONER OF HEALTH.] Beginning January 1, 1986, up to one-third of the total maternal and child health block grant money may be retained by the commissioner of health for administrative and technical assistance services, projects of regional or statewide significance, direct services to children with handicaps, and other activities of the commissioner.

Subd. 3. [ALLOCATION TO COMMUNITY HEALTH SERVICES AREAS.] The maternal and child health block grant money remaining after distributions made under subdivisions 1 and 2 must be allocated according to the formula in subdivision 4 to community health services areas for distribution by local boards of health to qualified programs that provide essential services within the community health services area.

Subd. 4. [DISTRIBUTION FORMULA.] The amount available for each community health services area is determined according to the following formula:

(a) Each community health services area is allocated an amount based on the following three variables:

(1) the proportion of resident mothers within the city, county, or counties who are under 20 years of age or over 35 years of age, as determined by averaging the data available for the three most current years;

(2) the proportion of resident infants within the city, county, or counties whose weight at birth is less than 2,500 grams, as determined by averaging the data available for the three most current years; and

(3) the proportion of resident children within the city, county, or counties under the age of 19 who are on general assistance or medical assistance and the proportion of resident women within the city, county, or counties aged 19 to 49 who are on general assistance or medical assistance, as determined by using the data available for the most current year.

(b) Each variable is expressed as a city or county score consisting of the city or county frequency of each variable divided by the statewide frequency of the variable.

(c) A total score for each city or county jurisdiction is computed by totalling the scores of the three factors and dividing the total by three.

(d) Each community health services area is allocated an amount equal to the total score obtained above for the city, county, or counties in its area multiplied by the amount of money available for special projects of local significance.

Subd. 5. [NONPARTICIPANTS IN THE COMMUNITY HEALTH SERVICES SUBSIDY PROGRAM.] A city or county that is not participating in the community health services subsidy program must be allocated money under subdivisions 3 and 4, and for this limited purpose the city or county is a "community health services area." For these areas, the commissioner shall convene a meeting of public and private nonprofit agencies in the city or county that have expressed an intent to submit an application for funding, in order to attempt to develop a single coordinated grant application for the city or county. Applications, whether consolidated into a single application or submitted as individual applications, must be submitted according to section 145.885. Grants for qualified programs providing essential services in these areas are awarded and distributed by the commissioner.

Subd. 6. [REALLOCATION.] If no approvable applications are received for a community health services area, the commissioner must reallocate the money available for that area to other community health service areas for which approvable applications have been received.

Subd. 7. [USE OF BLOCK GRANT MONEY.] (a) Maternal and child health block grant money allocated to a local board of health or community health services area under this section must be used for qualified programs for high risk and low income individuals. Block grant money must be used for programs that:

(1) specifically address the highest risk populations, particularly low income and minority groups with a high rate of infant mortality and children with low birth weight, by providing services calculated to produce measurable decreases in infant mortality rates, instances of children with low birth weight, and medical complications associated with pregnancy and childbirth;

(2) specifically target pregnant women whose age, medical condition, or maternal history substantially increases the likelihood of complications associated with pregnancy and childbirth or the birth of a child with an illness,

disability, or special medical needs;

(3) specifically address the health needs of young children who have or are likely to have a chronic disease or disability or special medical needs; or

(4) provide family planning and preventive medical care for specifically identified target populations, such as minority and low income teenagers, in a manner calculated to decrease the occurrence of inappropriate pregnancy and minimize the risk of complications associated with pregnancy and childbirth.

(b) Maternal and child health block grant money may be used for purposes other than the purposes listed in this subdivision only if the local board of health or community health services area can demonstrate that existing programs fully address the needs of the highest risk target populations described in this subdivision.

Subd. 8. [REPORT.] The commissioner shall prepare, with the advice of the advisory task force, an annual report to the legislature which details the distribution of maternal and child health block grant funds money, including the amounts to be expended for indirect costs, direct services, and special projects local grants. The report shall also identify the statewide needs of low income and high risk populations and the department of health's plans and local board plans for meeting their needs. The legislature must receive the report no later than January of each year.

Sec. 20. Minnesota Statutes 1984, section 145.883, subdivision 8, is amended to read:

Subd. 8. [MATERNAL AND CHILD HEALTH BLOCK GRANT MONEY.] "Maternal and child health block grant money" means the money received by the state from the federal maternal and child health block grant. The commissioner shall carry forward from state fiscal year 1985, and succeeding years, only sufficient funds money for qualified programs approved through the federal fiscal year award period.

Sec. 21. Minnesota Statutes 1984, section 145.883, is amended by adding a subdivision to read:

Subd. 9. [COMMUNITY HEALTH SERVICES AREA.] "Community health services area" means a city, county, or multi-county area that is organized as a local board of health under section 145.913 and for which a state subsidy is received under sections 145.911 to 145.922.

Sec. 22. Minnesota Statutes 1984, section 145.884, subdivision 1, is amended to read:

Subdivision 1. [RULES.] The commissioner shall, in the name of the state and within the limit of the federal maternal and child health block grant appropriation, make grants to public and private nonprofit agencies administering under sections 145.881 to 145.888 for qualified programs of maternal and child health care services. The commissioner shall promulgate rules for the administration of grants authorized by this subdivision. The rules shall establish and contain as a minimum:

(a) procedures for grant applications;

(b) conditions and procedures for the administration of grants;

(c) criteria of eligibility for grants; and

(d) other matters the commissioner finds necessary for the proper administration of the grant program.

Sec. 23. Minnesota Statutes 1984, section 145.885, is amended to read:

145.885 [APPLICATION FOR A GRANT.]

Subdivision 1. [REQUIREMENTS FOR ALL APPLICATIONS.] An application for a grant shall be submitted to the commissioner at a time and in a form and manner as the commissioner prescribes. Department of health technical staff shall be available to provide technical assistance in development of grant applications. The application must contain:

(a) (1) a complete description of the program and the manner in which the applicant intends to conduct the program;

(b) (2) a description of the manner in which the program responds to needs and priorities for services identified by the maternal and child health task force under section 145.881, subdivision 2, and rules adopted by the commissioner; differences must be explained in detail;

(3) a budget and justification for the amount of grant funds requested;

(c) (4) a description of the target population served by the qualified program and estimates of the number of low income or high risk patients the program is expected to serve;

(d) (5) the name or names of the person or persons who shall have primary responsibility for the administration and delivery of services of the qualified program; and

(e) (6) the reporting and accounting procedures to be followed by the qualified agency to enable the commissioner to evaluate the activities of the qualified program.

Subd. 2. [ADDITIONAL REQUIREMENTS FOR LOCAL BOARDS.] Applications by local boards under section 19, subdivision 3, must also contain a summary of the process used to develop the local program, including evidence that the local board notified local public and private providers of the availability of funding through the local board for maternal and child health services; a list of all public and private agency requests for grants submitted to the local board indicating which requests were included in the grant application; and an explanation of how priorities were established for selecting the requests to be included in the grant application. The local board shall include, with the grant application, a written statement of the criteria to be applied to public and private agency requests for funding.

Sec. 24. Minnesota Statutes 1984, section 145.886, is amended to read:

145.886 [GRANT REVIEW PROCESS.]

Primary review of all grant applications shall be conducted by the department of health technical staff. All technically completed applications will be forwarded for secondary review to a grants review panel established by the commissioner.
