524.2-205 [PROCEEDING FOR ELECTIVE SHARE; TIME LIMIT.]

(a) The surviving spouse may elect to take an elective share in the augmented ~~net~~ estate by filing in the court and mailing or delivering to the personal representative, if any, a petition for the elective share within nine months after the date of death, or within six months after the probate of the decedent's will, whichever limitation last expires. However, nonprobate transfers, described in section 524.2-202, clauses (1) and (3), shall not be included within the augmented estate for the purpose of computing the elective share, if the petition is filed later than nine months after death. The court may extend the time for election as it sees fit for cause shown by the surviving spouse before the time for election has expired.

(b) The surviving spouse shall give notice of the time and place set for hearing to persons interested in the estate and to the distributees and recipients of portions of the augmented net estate whose interests will be affected by the taking of the elective share.

(c) The surviving spouse may withdraw his demand for an elective share at any time before entry of an order by the court determining the elective share.

(d) After notice and hearing, the court shall determine the amount of the elective share and shall order its payment from the assets of the augmented net estate or by contribution as appears appropriate under section 524.2-207. If it appears that a fund or property included in the augmented net estate has not come into the possession of the personal representative, or has been distributed by the personal representative, the court nevertheless shall fix the liability of any person who has any interest in the fund or property or who has possession thereof, whether as trustee or otherwise. The proceeding may be maintained against fewer than all persons against whom relief could be sought, but no person is subject to contribution in any greater amount than he would have been if relief had been secured against all persons subject to contribution.

(e) The order or judgment of the court may be enforced as necessary in suit for contribution or payment in other courts of this state or other jurisdictions.

(f) *Whether or not an election has been made under subsection (a), the surviving spouse may elect statutory rights in the homestead by filing in the manner provided in this section a petition in which the spouse asserts the*

rights provided in section 525.145, provided that:

(1) when the homestead is subject to a testamentary disposition, the filing must be within nine months after the date of death, or within six months after the probate of the decedent's will, whichever limitation last expires; or

(2) where the homestead is subject to other disposition, the filing must be within nine months after the date of death.

The court may extend the time for election for cause shown by the surviving spouse before the time for filing has expired.

Sec. 4. Minnesota Statutes 1985 Supplement, section 525.145, is amended to read:

525.145 [DESCENT OF HOMESTEAD.]

(1) Where there is a surviving spouse the homestead, including a manufactured home which is the family residence, shall descend free from any testamentary or other disposition thereof to which the spouse has not consented in writing or by election to take under the will as provided by law, as follows:

(a) if there be no surviving child or issue of any deceased child, to the spouse;

(b) if there be children or issue of deceased children surviving, then to the spouse for the term of the spouse's natural life and the remainder in equal shares to the children and the issue of deceased children by right of representation.

(2) Where there is no surviving spouse and the homestead has not been disposed of by will it shall descend as other real estate.

(3) Where the homestead passes by descent or will to the spouse or children or issue of deceased children, it shall be exempt from all debts which were not valid charges thereon at the time of decedent's death except that the homestead shall be subject to a claim filed pursuant to section 246.53 for state hospital care or 256B.15 for medical assistance benefits. If the homestead passes to a person other than a spouse or child or issue of a deceased child, it shall be subject to the payment of the items mentioned in section 524.2-101. No lien or other charge against any homestead which is so exempted shall be enforced in the probate court, but the claimant may enforce the lien or charge by an appropriate action in the district court.

(4) For purposes of this section, except as provided in section 524.2-301, the surviving spouse is deemed to consent to any testamentary or other disposition of the homestead to which the spouse has not previously consented in writing unless the spouse files in the manner provided in section 524.2-205, subsection (f), a petition that asserts the homestead rights provided to the spouse by this section."

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [3.761] [DEFINITIONS.]

*Subdivision 1. [TERMS DEFINED.] For purposes of this section and sections 2 to 5, the terms defined in this section have the meanings given them.*

*Subd. 3. [CONTESTED CASE.] “Contested case” means a proceeding defined in section 14.02, subdivision 3, in which the position of the state is represented by counsel, but excludes a contested case for the purpose of establishing or fixing a rate or for granting or renewing a license.*

*Subd. 4. [EXPENSES.] “Expenses” means the costs incurred by the party in the litigation, including:*

- (1) filing fees;*
- (2) subpoena fees and mileage;*

*Subd. 5. [FEES.] “Fees” means the reasonable attorney fees or reasonable fees by a person not an attorney who is authorized by law or rule to represent the party and may include reasonable charges by the party, the party's employee, or agent. The amount of fees must be based upon prevailing market rates for the kind and quality of the services furnished, subject to the following limitations:*

*(a) In a court action, an expert witness may not be compensated at a rate in excess of the highest rate of compensation for expert witnesses paid by the United States.*

*(b) In a contested case proceeding, an expert witness may not be compen-*

sated at a rate in excess of the highest rate of compensation for expert witnesses paid by the state agency involved.

(c) Attorney or agent fees may not be awarded in excess of \$100 per hour unless the court or administrative law judge determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys or agents for the proceedings involved, justifies a higher fee.

Subd. 6. [PARTY.] (a) Except as modified by paragraph (b), "party" means a person named or admitted as a party, or seeking and entitled as of right to be admitted as a party, in a court action or contested case proceeding, or a person admitted by an administrative law judge for limited purposes, and who is:

(b) "Party" also includes a partner, officer, shareholder, member, or owner of an entity described in paragraph (a), clauses 1 and 2.

Subd. 7. [STATE.] "State" means the state of Minnesota or an agency or official of the state of Minnesota acting in an official capacity.

Subd. 8. [SUBSTANTIALLY JUSTIFIED.] "Substantially justified" means that the state's position had a reasonable basis in law and fact, based on the totality of the circumstances prior to and during the litigation or contested case proceeding.

## Sec. 2. [3.762] [FEES AND EXPENSES; CIVIL ACTION OR CONTESTED CASE PROCEEDING INVOLVING STATE.]

(a) A court or administrative law judge may award fees and expenses to a prevailing party other than the state in a civil action or contested case proceeding, other than a tort action, brought by or against the state, if the court or administrative law judge finds that the position of the state was not substantially justified.

(b) The court or administrative law judge may reduce the amount to be awarded under this section, or deny an award, to the extent that the prevailing party during the course of the proceedings engaged in conduct that unduly and unreasonably protracted the final resolution of the matter in controversy. The decision of an administrative law judge under this section must be made a part of the record containing the final decision of the agency and must include written findings and conclusions.

(c) This section does not preclude a party from recovering costs, disbursements, fees, and expenses under other applicable law.

## Sec. 3. [3.763] [PAYMENT OF COSTS AND FEES.]

Subdivision 1. [CIVIL ACTION.] A judgment against the state in a civil action for fees and expenses under section 2 must be paid from funds of the agency.

*Subd. 2. [CONTESTED CASE PROCEEDING.] Fees and other expenses awarded in a contested case proceeding under section 2 must be paid by the agency over which the party prevails from funds of the agency.*

Sec. 4. [3.764] [PROCEDURE FOR AWARD OF FEES; CONTESTED CASE.]

*Subdivision 1. [APPLICATIONS.] The chief administrative law judge shall by rule establish uniform procedures for the submission and consideration of applications for an award of fees and expenses in a contested case proceeding. If a court reviews the underlying decision of the contested case under sections 14.63 to 14.68, an award for fees and expenses may be made only pursuant to subdivision 3.*

*Subd. 2. [APPEAL.] A party dissatisfied with the fee determination made under subdivision 1 may petition for leave to appeal to the court having jurisdiction to review the merits of the underlying decision of the contested case. If the court denies the petition for leave to appeal, no appeal may be taken from the denial. If the court grants the petition, it may modify the determination only if it finds that the failure to make an award, or the calculation of the amount of the award, was an abuse of discretion.*

*Subd. 3. [JUDICIAL REVIEW.] (a) In awarding fees and expenses under subdivision 1 to a prevailing party in an action for judicial review of a contested case under sections 14.63 to 14.68, the court may include in that award fees and expenses to the extent authorized in section 2.*

*(b) Fees and expenses awarded under this subdivision may be paid in accordance with section 3, subdivision 2.*

Sec. 5. [3.765] [REPORTS ON AWARDS.]

*The state court administrator and the chief administrative law judge shall report annually to the legislature on the amount of fees and expenses awarded under section 2 during the preceding fiscal year in court actions and contested case proceedings. The reports shall describe the number, nature, and amount of the awards, the claims involved in the controversy, and any other relevant information that may aid the legislature in evaluating the scope and impact of the awards. State agencies shall provide the chief administrative law judge with information needed to comply with the requirements of this section.*

Sec. 6. Minnesota Statutes 1984, section 14.62, is amended by adding a subdivision to read:

*Subd. 3. [AWARD OF FEES AND OTHER EXPENSES.] Fees and expenses must be awarded as provided in sections 1 to 5.*

The commissioner rejecting a petition for a hearing shall give notice of that determination to the petitioning party within 30 days of receipt of the petition and state the reasons for the rejection.*

The commissioner may penalize, disqualify, or suspend a provider from receiving payment for services rendered under this chapter, if the commissioner determines that the provider has violated any part of this chapter or rule adopted under this chapter. The commissioner's authority under this section also includes the authority to make determinations regarding any other activity involving the questions of utilization of medical services, and any other determination the commissioner deems necessary for the proper administration of this section.*

*Except as provided in paragraph (b) of this subdivision, the commissioner has the sole authority to make determinations under this section with a right of appeal to the medical services review board as provided in subdivision 3 and the workers' compensation court of appeals. Sec. 15. Minnesota Statutes 1985 Supplement, section 176.103, subdivision 3, is amended to read:

Subd. 3. [MEDICAL SERVICES REVIEW BOARD; SELECTION; POWERS.] (a) There is created a medical services review board *as an independent board* composed of the commissioner or the commissioner's designee as an ex officio member, two persons representing chiropractic, one person representing hospital administrators, and six physicians representing different specialties which the commissioner determines are the most frequently utilized by injured employees. The board shall also have one person representing employees, one person representing employers or insurers, and one person representing the general public. The members shall be appointed by the commissioner *of administration* and shall be governed by section 15.0575. Terms of the board's members may be renewed. The board shall appoint from among its clinical members a clinical advisory subcommittee on clinical quality and a clinical advisory subcommittee on clinical cost containment. Each subcommittee shall consist of at least three members one of whom shall be a member who is not a chiropractor or licensed physician.

The commissioner *of administration* may appoint alternates for one-year terms to serve as a member when a member is unavailable. The number of alternates shall not exceed one chiropractor, one hospital administrator, three physicians, one employee representative, one employer or insurer representative, and one representative of the general public.

The clinical quality subcommittee shall review clinical results for adequacy and recommend to the commissioner scales for disabilities and apportionment.

The clinical cost containment subcommittee shall review and recommend to the commissioner rates for individual clinical procedures and aggregate costs. The subcommittees shall make regular reports to the board and the commissioner which shall evaluate the reports for the purpose of determining whether or not a particular health care provider continues to qualify for payment under this chapter or is subject to any other sanctions or penalties authorized under this section and to determine whether an employee has been off work longer than necessary.

In evaluating the clinical consequences of the services provided to an employee by a clinical health care provider, the board shall consider the following factors in the priority listed:

- (1) the clinical effectiveness of the treatment;
- (2) the clinical cost of the treatment; and

(3) the length of time of treatment.

In its consideration of these factors, the board shall utilize the information and recommendations developed by the subcommittees. In addition, the board shall utilize any other data developed by the subcommittees pursuant to the duties assigned to the subcommittees under this section.

After making a determination, the board shall submit its recommendation in writing to the commissioner. The board shall advise the commissioner on the adoption of rules regarding all aspects of medical care and services provided to injured employees.

(b) The board shall appoint three of its members to hear appeals from decisions of the commissioner regarding quality control and supervision of medical care; any other disputes regarding medical, surgical, and hospital care; decisions regarding the eligibility of medical providers to receive payments; or any other determinations of the commissioner pursuant to subdivision 2. The three-member panel shall be composed of one member who does not represent a health care specialty, one member who represents the same specialty as the specialty at issue or, if the same specialty is not available, one member whose specialty is as close as possible considering the board's composition, and one member representing a different specialty. The three-member panel shall conduct a hearing in the same manner, giving the same notice and following other procedures required of the rehabilitation review panel in section 176.102, subdivision 3a. A majority vote of the three-member panel constitutes the decision of the full board. This decision may be appealed to the workers' compensation court of appeals.

(c) In any situation where a conflict of interest prevents the appointment of a full three-member panel or in any other situation where the commissioner deems it necessary to resolve a conflict of interest, the commissioner may appoint a temporary substitute board member to serve until the situation creating the conflict of interest has been resolved.

(d) The board may adopt rules of procedure. The rules may be joint rules with the rehabilitation review panel.

*(e) The board shall, pursuant to the administrative procedure act, adopt rules: (1) requiring health care providers to furnish clinical results data to the board; (2) requiring health care providers to furnish clinical cost data to the board; and (3) requiring insurers, within 30 days after an individual has reached maximum medical improvement, to furnish aggregate cost data to the board. Subd. 2. [COMPULSORY INSURANCE; SELF-INSURERS.] (1) Every employer, except the state and its municipal subdivisions, liable under this chapter to pay compensation shall insure payment of compensation with some insurance carrier authorized to insure workers' compensation liability in this state, or obtain a written order from the commissioner of commerce exempting the employer from insuring his liability for compensation and permitting him to self-insure the liability. The terms, conditions and requirements governing self-insurance shall be established by the commissioner pursuant to chapter 14. The commissioner of commerce shall also adopt, pursuant to clause (2)(c), rules permitting two or more employers, whether or not they are in the same industry, to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as group self-insurers. With the approval of the commissioner of commerce, any employer may exclude medical, chiropractic and hospital benefits as required by this chapter. An employer conducting distinct operations at different locations may either insure or self-insure the other portion of his operations as a distinct and separate risk. An employer desiring to be exempted from insuring his liability for compensation shall make application to the commissioner of commerce, showing his financial ability to pay the compensation, whereupon by written order the commissioner of commerce may make an exemption

as he deems proper. The commissioner of commerce may require further statements of financial ability of the employer to pay compensation. Upon ten days written notice the commissioner of commerce may revoke his order granting an exemption, in which event the employer shall immediately insure his liability. As a condition for the granting of an exemption the commissioner of commerce may require the employer to furnish security the commissioner of commerce considers sufficient to insure payment of all claims under this chapter. If the required security is in the form of currency or negotiable bonds, the commissioner of commerce shall deposit it with the state treasurer. In the event of any default upon the part of a self-insurer to abide by any final order or decision of the commissioner of labor and industry directing and awarding payment of compensation and benefits to any employee or the dependents of any deceased employee, then upon at least ten days notice to the self-insurer, the commissioner of commerce may by written order to the state treasurer require him to sell the pledged and assigned securities or a part thereof necessary to pay the full amount of any such claim or award with interest thereon. This authority to sell may be exercised from time to time to satisfy any order or award of the commissioner of labor and industry or any judgment obtained thereon. When securities are sold the money obtained shall be deposited in the state treasury to the credit of the commissioner of commerce and awards made against any such self-insurer by the commissioner of commerce shall be paid to the persons entitled thereto by the state treasurer upon warrants prepared by the commissioner of commerce and approved by the commissioner of finance out of the proceeds of the sale of securities. Where the security is in the form of a surety bond or personal guaranty the commissioner of commerce, at any time, upon at least ten days notice and opportunity to be heard, may require the surety to pay the amount of the award, the payments to be enforced in like manner as the award may be enforced.

(2)(a) No association, corporation, partnership, sole proprietorship, trust or other business entity shall provide services in the design, establishment or administration of a group self-insurance plan under rules adopted pursuant to this subdivision unless it is licensed to do so by the commissioner of commerce. An applicant for a license shall state in writing the type of activities it seeks authorization to engage in and the type of services it seeks authorization to provide. The license shall be granted only when the commissioner of commerce is satisfied that the entity possesses the necessary organization, background, expertise, and financial integrity to supply the services sought to be offered. The commissioner of commerce may issue a license subject to restrictions or limitations, including restrictions or limitations on the type of services which may be supplied or the activities which may be engaged in. The license is for a two year period.

(b) To assure that group self-insurance plans are financially solvent, administered in a fair and capable fashion, and able to process claims and pay benefits in a prompt, fair and equitable manner, entities licensed to engage in such business are subject to supervision and examination by the commissioner of commerce.

(c) To carry out the purposes of this subdivision, the commissioner of commerce may promulgate administrative rules, including emergency rules, pursuant to sections 14.01 to 14.70. These rules may:

(i) establish reporting requirements for administrators of group self-insurance plans;

(ii) establish standards and guidelines to assure the adequacy of the financing and administration of group self-insurance plans;

(iii) establish bonding requirements or other provisions assuring the financial integrity of entities administering group self-insurance plans;

(iv) establish standards, including but not limited to minimum terms of membership in self-insurance plans, as necessary to provide stability for those plans;

(v) establish standards or guidelines governing the formation, operation, administration and dissolution of self-insurance plans; and

(vi) establish other reasonable requirements to further the purposes of this subdivision.

*(d) To provide small businesses with the opportunity to self-insure on a group basis, the commissioner of commerce shall promulgate group self-insurance plan rules for groups of employers whose total earned premium prior to entering into a group self-insurance plan is not less than \$100,000. The rules shall provide:*

*(i) a waiver of joint and several liability requirements of the employers in the group of self-insurance plan where adequate alternative insurance or security is provided to insure payment of all claims;*

*(ii) a method to assist small business group self-insurance plans to obtain alternative insurance or security;*

*(iii) procedures by which the workers' compensation reinsurance association shall provide alternative insurance or security and the rates and charges for the insurance or security. No application for alternative insurance or security coverage shall be accepted for coverage unless the group self-insurance plan has been refused by at least two reinsurance or excess insurance insurers; and*

This notification is not required in cases where compliance with this subdivision would result in the claim being barred by section 176.151 or other sections or a proceeding under section 176.103, 176.242 or 176.243 or other proceeding for which the commissioner determines this notice is not necessary.

Sec. 37. Minnesota Statutes 1984, section 176.275, is amended to read:

Sec. 39. Minnesota Statutes 1984, section 176.301, subdivision 1, is amended to read:

Subdivision 1. [TRIAL BY COURT; REFERENCE TO COMMISSIONER.] When issue has been joined in the district court action, the court may try the action itself without a jury, or refer the matter to the commissioner. ~~In the latter case, the commissioner shall refer the matter to the chief administrative law judge for assignment to a compensation judge. The compensation judge shall report his findings and decisions to the district court. The court may approve or disapprove such decision in the same manner as it approves or disapproves the report of a referee. The court shall enter judgment upon such decision.~~

Sec. 40. Minnesota Statutes 1984, section 176.305, is amended to read:

If a settlement conference is not appropriate, or if such a conference or conferences do not result in progress toward a settlement, the settlement judge shall certify the matter for a hearing before a compensation judge and shall refer the matter to the chief administrative law judge to be heard by a compensation judge.~~

Subd. 2. [REHABILITATION BENEFITS.] *If the petition filed with the commissioner alleges only a claim for rehabilitation benefits, the commissioner shall proceed pursuant to section 176.102.*

Subd. 4. [PRIMARY LIABILITY OR CAUSATION DENIAL.] *If the petition filed with the commissioner alleges a claim for the initial payment of workers' compensation benefits, for which the employer or insurer has under section 176.271, subdivision 2, denied liability either on the basis that the personal injury did not arise out of and in the course of employment or that the personal injury now claimed was not caused by a previously admitted work related personal injury, the commissioner shall proceed under this subdivision.*

Interest reduction assistance payments authorized prior to January 1, ~~1987~~ 1993, may be paid after January 1, ~~1987~~ 1993.

Sec. 2. [474A.01] [LEGISLATIVE FINDINGS AND PURPOSE.]

*The legislature finds that tax reform legislation adopted by the United States House of Representatives as H.R. 3838, 99th Cong. 1st Sess. (1985) on December 17, 1985, is causing uncertainty in the ability of the state government and local governments to sell obligations, the interest on which is exempt from federal income taxation.*

*The legislature further finds that this uncertainty is preventing the state government and local governments from financing at a reasonable cost public facilities, economic development projects, health care projects and facilities, housing for persons of low and moderate income, and loans to students, all of which are essential to the operation of state and local governments and for the health, welfare, and benefit of the people and the economy of the entire state.*

*It is the purpose of this act to provide a mechanism by which the obligations issued by and on behalf of state government and local governments will be allocated and accounted for by providing certificates of registration or certificates of entitlement to issuers in order to ensure that the obligations do not become taxable as a result of exceeding the volume limitation placed on certain obligations by the pending federal tax reform legislation.*

*It is the purpose and intent of the legislature to have this act prospectively*

replace and override any method of allocating the authority to issue certain tax-exempt obligations that may be a part of any federal tax reform legislation.

*It is also the purpose of this act to replace existing state laws that allocate the authority to issue certain obligations.*

Sec. 3. [474A.02] [DEFINITIONS.]

*(b) Seventy-five percent of the proceeds of the obligations will be used to acquire and rehabilitate or replace an existing structure which is functionally obsolete or contains structural or other defects justifying substantial renovation or clearance.*

*(c) The project will be undertaken and the obligations issued pursuant to a written program administered by the local issuer and the financing provides for a substantial commitment of local public funds.*

*(d) Substantially all of the proceeds of the obligations will be used to finance facilities with respect to which an urban development action grant has been made under section 119 of the federal Housing and Community Development Act of 1974.*

*Subd. 4. [DEPARTMENT.] "Department" means the Minnesota department of finance.*

(3) allows the governor during a specified interim period or the state legislature by law to provide for a different allocation of the authority to issue obligations that are subject to the annual limit or volume cap among uses and among issuers.

Subd. 9. [GOVERNMENTAL VOLUME CAP.] "Governmental volume cap" means the amount of issuance authority available for obligations subject to the annual limit or volume cap of the federal volume limitation act less the amount that the federal volume limitation act requires be held available for "qualified 501(c)(3) bonds" or obligations with a comparable definition in the federal volume limitation act.

[MANUFACTURING PROJECT.] "Manufacturing project" means properties, real or personal, used in connection with a revenue producing enterprise in connection with assembling, fabricating, manufacturing, mixing, or processing any products of agriculture, forestry, mining, or manufacture. Properties used for storing, warehousing, or distributing qualify under this definition (1) if they are used as part of or in connection with an assembly, fabricating, manufacturing, mixing, or processing facility, or (2) if they are used for the storing of agricultural products and are located outside of the metropolitan area, as defined in section 473.121, subdivision 2. Manufacturing project includes properties, real or personal, used in connection with research and development activity to develop or improve products, production processes, or materials. For purposes of this subdivision, "a product

of manufacture" includes information and directions which dictate the functions to be performed by data processing equipment, commonly called computer software, regardless of whether they are embodied in or recorded on tangible personal property. A project qualifies as a manufacturing project only if 75 percent of the proceeds of the proposed obligations will be used for construction, acquisition, installation, or addition of properties described in this subdivision.

**Subd. 13. [MULTIFAMILY HOUSING PROJECT.]** "Multifamily housing project" means a development defined in Minnesota Statutes, section 462C.02, subdivision 5, or described in Minnesota Statutes, section 462C.02, subdivision 2, 3, or 4, for which the applicable housing plan and program approval requirements of Minnesota Statutes, sections 462C.03, 462C.04, and 462C.05, have been met.

**Subd. 14. [NONEXEMPT PERSON.]** "Nonexempt person" means a person or entity other than an exempt person as defined in section 103(b)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1985.

**Subd. 15. [NOTICE OF ALLOCATION OF ENTITLEMENT.]** "Notice of allocation of entitlement" means a document provided to an entitlement issuer.

**Subd. 16. [OTHER ISSUER.]** "Other issuer" means any entity other than an entitlement issuer authorized by law to issue obligations subject to existing federal tax law or federal volume limitation act, including but not limited to the University of Minnesota, any home rule charter or statutory city, any town, any federally recognized American Indian tribe located in Minnesota, any housing and redevelopment authority referred to in chapter 462, or any body authorized to exercise the powers of a housing and redevelopment authority, any port authority referred to in chapter 458, or any body authorized to exercise the powers of a port authority, any area or municipal redevelopment agency referred to in chapter 472, any county, or any other municipal authority or agency established pursuant to special law other than the iron range resources and rehabilitation board, or any entity issuing on behalf of the foregoing, acting as an issuer of obligations pursuant to law.

**Subd. 17. [POLLUTION CONTROL PROJECT.]** "Pollution control project" means properties, real or personal, used in the abatement or control of noise, air, or water pollution, or in the disposal of solid waste, in connection with a revenue producing enterprise, engaged in or to be engaged in any business or industry. A project qualifies as a pollution control project only:

(1) if 75 percent of the proceeds of the obligations will be used for the construction, acquisition, installation, or addition of properties described in this subdivision; or

(2) if it is not a manufacturing project and 75 percent of the proceeds of the obligations will be used for the construction, acquisition, installation, or addition of properties described in this subdivision and in subdivision 12.

**Subd. 18. [POOL.]** "Pool" means the amount of issuance authority for obligations that are to be allocated to issuers.

**Subd. 19. [PRELIMINARY RESOLUTION.]** "Preliminary resolution"

means a resolution adopted by the governing body of the issuer or in the case of the iron range resources and rehabilitation board by the commissioner of the board. The resolution must express a preliminary intention of the issuer to issue obligations for a specific project and must identify the proposed project, the proposed site for the project, and the proposed amount of the obligations to be issued. The resolution for a waste management project need not include the site for the project if the resolution identifies a specific process and a deadline for site selection.

*Subd. 20.* [QUALIFIED 501(c)(3) BONDS.] "Qualified 501(c)(3) bonds" mean obligations so defined or obligations with a comparable definition in the federal volume limitation act.

*Subd. 21.* [SUBSTANTIAL COMMITMENT OF LOCAL PUBLIC FUNDS.] "Substantial commitment of local public funds" means that either of the following two conditions is satisfied:

(a) Under the project financing, the governmental unit appropriates, pledges, guarantees, or otherwise provides local public funds to pay part of the cost of financing the obligations, including bond issuance, debt service, loan origination, and carrying expenses, or of the facility financed with the proceeds of the obligations. This condition is satisfied only if, at the time the obligations are issued, the issuer reasonably expects that the aggregate value of the local public funds will exceed the lesser of \$1,000,000 or one percent of the face amount of the obligations. No provision may be made for a nonexempt person to reimburse the governmental unit for the local public funds.

(b) The governmental unit appropriates, pledges, guarantees, or otherwise provides a program contribution of local public funds or governmental services to the program or a facility financed with the proceeds of the obligations. This condition is satisfied only if the issuer reasonably expects at the time the obligations are issued that the aggregate value of the local public funds will exceed \$5,000,000 or five percent of the aggregate face amount of the obligations. The issuer must value the services at the reasonable cost of delivering them. The program contribution must be used for one or more of the following purposes:

(1) reducing the cost of financing the obligations, as described in clause (a);

(2) securing the payment of debt service on obligations issued pursuant to the program;

(3) financing public improvements under a comprehensive redevelopment or renewal program, if the costs are reasonably allocable to a facility financed with the proceeds of the obligations and if the improvements are made no earlier than three years prior to issuance of the obligations to which the contribution applies or more than one year after issuance; or

(4) other costs reasonably related to the program.

If the governmental unit is reimbursed by a nonexempt person for any part of the program within five years after the contribution was made, the reimbursement must be applied for one or more of the purposes described in this paragraph.

For purposes of this subdivision, "governmental unit" means the issuer

that issues the obligations for the project or the governmental unit that approves the obligations for the purposes of section 103(k)(2) of the Internal Revenue Code of 1954, as amended through December 31, 1985, or both.

*Subd. 22. [WASTE MANAGEMENT PROJECT.]* "Waste management project" means a project which is authorized by chapter 115A or 400, or sections 473.801 to 473.834.

*Subd. 23. [WRITTEN DEVELOPMENT PROGRAM; PROGRAM.]* "Written development program" or "program" means a written economic development plan that contains at least substantially all of the following:

- (1) a description of the area subject to the plan, which may not exceed 20 percent of the total acreage of the issuer;
- (2) a statement of the objectives for the development of the area subject to the plan;
- (3) a statement of the development plan for the area subject to the plan, including the property within the area, if any, which is to be acquired by a governmental unit;
- (4) a description of the type of specific development reasonably expected to take place within the area subject to the plan; and
- (5) a description of the kind and an estimate of the amount of public funds, including local public funds, expected to be spent in connection with the development of the area subject to the plan.

*Subd. 2. [1986 VOLUME CAP UNDER FEDERAL VOLUME LIMITATION ACT.]* No later than five days after enactment of this bill the department shall determine the aggregate dollar amount of authority to issue obligations under the federal volume limitation act during calendar year 1986 and of this amount, the department shall determine the following amounts:

- (1) the amount, if any, that the federal volume limitation act requires to be reserved for qualified 501(c)(3) bonds;

- (3) the amount available for allocation through the pool.

*Subd. 3. [1987 VOLUME CAP UNDER EXISTING FEDERAL TAX LAW.]* By no later than January 1, 1987, the department shall determine the aggregate dollar amount of authority to issue obligations under the existing

*federal tax law that is available for issuance by issuers during calendar year 1987. Of this amount, the department should determine the amount that is allocated to entitlement issuers, the amount that is available for allocation under the pool, and the amount available for issuance of mortgage revenue bonds; the aggregate dollar amount of authority to issue obligations under the federal volume limitation act during calendar year 1987.*

**Subd. 4. [1987 VOLUME CAP UNDER THE FEDERAL VOLUME LIMITATION ACT.]** *By no later than January 1, 1987, the department shall determine the aggregate dollar amount of authority to issue obligations under the federal volume limitation act during calendar year 1986, and of this amount, the department shall determine the following amounts:*

*(1) the amount, if any, that the federal volume limitation act requires to be reserved for qualified 501(c)(3) bonds;*

*(2) the amount of the governmental volume cap available to entitlement issuers as calculated under section 7, stating separately the amount available for issuance of "qualified mortgage bonds" or obligations with a comparable definition in the federal volume limitation act; and*

*(3) the amount available for allocation through the pool.*

*Of the amounts determined under this subdivision, one-half of the amount that is determined to be available for entitlement issuers shall be allocated to entitlement issuers under section 7, one-half shall be allocated through the pool under section 11, and only one-half of the amount that is available to be issued for qualified 501(c)(3) bonds shall be allocated under section 12. Issuance authority for the entitlement granted by section 7, subdivision 1, paragraph (8), shall be determined in accordance with the procedure contained in Minnesota Statutes 1985 Supplement, section 462C.09, subdivision 2a, provided that no more than \$13,750,000 of issuance authority shall be allocated in this manner. The amount of issuance authority not allocated to entitlement issuers under section 7, to the pool for distribution under section 11, or to the qualified 501(c)(3) bond pool for distribution under section 12 shall remain unallocated unless otherwise provided by law.*

**Subd. 5. [ADJUSTMENTS FOR CHANGES TO VOLUME CAP IN FEDERAL VOLUME LIMITATION ACT.]** *If the annual volume cap in the federal volume limitation act as determined under subdivisions 2 and 4 becomes greater than or less than the annual volume cap that existed in the federal volume limitation act in the form that existed as of January 1, 1986, the department shall adjust the calculations made under subdivisions 2 and 4.*

**Sec. 5. [473A.04] [ENTITLEMENT ALLOCATIONS UNDER EXISTING FEDERAL TAX LAW.]**

**Subdivision 1. [HIGHER EDUCATION COORDINATING BOARD ALLOCATION.]** *\$25,000,000 for each calendar year of the aggregate limit of bond issuance authority allocated to the state under the existing federal tax law is allocated to the higher education coordinating board for the issuance of obligations pursuant to chapter 136A. On September 1, any unused portion of the bonding authority allocated to the higher education coordinating board pursuant to this subdivision shall be canceled and the authority shall be allocated pursuant to section 474.19.*

**Subd. 2. [IRON RANGE RESOURCES AND REHABILITATION**

ALLOCATION.] From January 1 to August 31 of each calendar year, \$30,000,000 of the aggregate limit of bond issuance authority allocated to the state for any calendar year under the existing federal tax law is allocated to the iron range resources and rehabilitation commissioner. From September 1 to October 31 of each year, the iron range resources and rehabilitation commissioner may retain his allocation or a portion of it only if he has submitted to the energy and economic development authority on or before September 1 a letter which states (1) his intent to issue obligations pursuant to his allocation or a portion of it before the end of the calendar year or within the time period permitted under existing federal tax law, and (2) a description of the specific project or projects for which the obligations will be issued, together with an application deposit in the amount of one percent of the amount of the remaining unused allocation or the portion of it pursuant to which he intends to issue obligations. If the iron range resources and rehabilitation commissioner does not submit the required letter of intent and the application deposit, the amount originally allocated to the iron range resources and rehabilitation commissioner or the portion not already used not subject to a letter of intent shall be canceled and subject to reallocation. If the iron range resources and rehabilitation commissioner returns for reallocation all or any part of his allocation on or before October 31, that portion of his application deposit equal to one percent of the amount returned shall be refunded within 30 days.

Upon the request of a statutory city located in a taconite tax relief area which received an entitlement allocation under Minnesota Statutes 1984, section 474.18, of \$5,000,000 or more for calendar year 1985, the iron range resources and rehabilitation commissioner shall enter into an agreement with the city whereby the commissioner issues obligations, in an amount requested by the city but not to exceed \$5,000,000, on behalf of the city.

Subd. 3. [ENERGY AND ECONOMIC DEVELOPMENT AUTHORITY ALLOCATION.] \$60,000,000 of the aggregate limit of bond issuance authority allocated for each calendar year to the state under the existing federal tax law is allocated to the department of energy and economic development for use or allocation pursuant to section 116J.58, subdivision 4. After August 31 of each year, any entity which receives an allocation from the department of energy and economic development pursuant to section 116J.58, subdivision 4, may retain its allocation or a portion of it only if it has submitted to the department of energy and economic development responsible for administering Laws 1984, chapter 582, on or before September 1 a letter which states (1) its intent to issue obligations pursuant to its allocation or a portion of it before the end of the calendar year or within the time period permitted by a federal limitation act, and (2) a description of the specific project or projects for which the obligations will be issued together with an application deposit in the amount of one percent of the amount of its remaining unused allocation or the portion of it pursuant to which it intends to issue obligations. If any entity which receives an allocation from the department of energy and economic development pursuant to section 116J.58, subdivision 4, does not submit the required letter of intent and the application deposit, the amount originally allocated to the entity which receives an allocation from the department of energy and economic development pursuant to section 116J.58, subdivision 4, or the portion not already used and not subject to a letter of intent shall be canceled and subject to reallocation. If the entity which receives an allocation from the energy and economic development department pursuant to section 116J.58, subdivision 4, returns for reallocation all or any part of its allocation on or before October 31, that portion of its

application deposit equal to one percent of the amount returned shall be refunded within 30 days.

*Subd. 4. [ENTITLEMENT CITIES.] From January 1 to August 31 of each calendar year an amount of bond issuance authority under the existing federal tax law shall be allocated to (a) cities of the first class, and (b) the largest Minnesota city located in a standard metropolitan statistical area that does not contain a city of the first class, if the city has a population of 25,000 or more. The amount allocated to a first-class city shall be an amount equal to \$200 multiplied by the city's population. The amount allocated to each city qualifying under clause (b) is \$5,000,000. After August 31 of each year, an issuer receiving an allocation under this subdivision may retain all or a portion of its allocation only if it has submitted to the department by September 1 a letter stating its intent to issue obligations pursuant to its allocation before the end of the calendar year or within the time period permitted under existing federal tax law and an application deposit equal to one percent of the amount of the unused allocation for which it intends to issue obligations. The portion of any unused issuance authority for which an application deposit and letter of intent has not been received by the department on September 1 is canceled and must be reallocated. If an issuer returns for reallocation all or part of its reallocation under this subdivision by October 31, the application deposit for the amount of the returned authority must be refunded to the issuer.*

*For purposes of this subdivision, "city" means a statutory or home rule charter city, and "population" means the population determined under section 477A.011, subdivision 3.*

*Subd. 5. [NOTICE OF ENTITLEMENT ALLOCATION.] The department shall provide a notice of allocation of entitlement to each issuer of the amount of their entitlement allocation under this section no later than ten days after enactment of this bill for calendar year 1986 and by no later than January 1, 1987, for calendar year 1987.*

*Subd. 6. [NOTICE OF ISSUE.] Issuers that issue obligations subject to existing federal tax law shall give a notice of issue stating the date of issuance of the obligations, the allocation under which the obligations are issued, and the principal amount of the obligations to the department of energy and economic development within five days after the obligations are issued. If the notice of issue is not filed within five days after the obligations are issued the obligations shall be considered not to have received an allocation under existing federal tax law by the department. Within 30 days after receipt of the notice, the department shall refund a portion of the application deposit required under this section equal to one percent of the principal amount of the obligations issued.*

*Subd. 7. [ENTITLEMENT TRANSFERS.] An entitlement issuer may enter into an agreement with another entitlement issuer whereby the recipient entitlement issuer issues bonds pursuant to issuance authority allocated to the original entitlement issuer under this section.*

*Subd. 8. [POOL ALLOCATION.] Any amount of the aggregate limit of bond issuance authority allocated to the state for any calendar year pursuant to a federal limitation act which is not allocated under this section shall be allocated among issuers.*

Sec. 6. [474A.05] [QUALIFIED MORTGAGE BONDS UNDER

## EXISTING FEDERAL LAW.]

*Subdivision 1. [HOUSING FINANCE AGENCY ALLOCATION.] The applicable limit for the Minnesota housing finance agency, pursuant to existing federal tax law, for any calendar year, shall be 100 percent of the state ceiling for that year, reduced only by (1) any amounts of bonds which have been or may be allocated by law to specified cities, and (2) any amounts of bonds which are allocated to cities. The aggregate amount allocated to cities, under clause (1) or (2), together with the amount of bonds reserved for the agency, shall not exceed the limit for the state under existing federal tax law.*

*By August 1 of each year, any city which has received by law an allocation of the state ceiling shall submit its housing programs to the Minnesota housing finance agency for approval pursuant to section 462C.04, subdivision 2, in an amount of bonds equal to or less than, the city's allocation. If the amount of bonds, for which program approval is granted on or before September 1 is less than the amount allocated by law to the city, the applicable limit for the agency shall be increased by the difference between the amount allocated by law to the city, and the amount for which program approval has been granted.*

*Subd. 2. [CITY ALLOCATION.] Unless otherwise authorized by law, a city that intends to issue during any calendar year mortgage revenue bonds that are subject to existing federal tax law, shall by January 2 of that year submit to the Minnesota housing finance agency a program that will use a portion of the state mortgage revenue bond ceiling. The total amount of bonds included in all programs submitted pursuant to this subdivision by a city may not exceed \$10,000,000. Each program shall be accompanied by a certificate from the city that states that the revenue bond is feasible. By February 1, the Minnesota housing finance agency shall review each program pursuant to section 462C.04, subdivision 2. The Minnesota housing finance agency shall approve all programs that the agency determines are consistent with this chapter, and that meet the following conditions:*

*(1) all of the loans must be reserved for a period of not less than six months for persons and families whose adjusted family income is below 80 percent of the limits on adjusted gross income provided in section 462C.03, subdivision 2; and*

*(2) loans must be made only to finance homes that are serviced by municipal water and sewer utilities; provided that if the approval of all programs would result in an allocation to cities in excess of 27-1/2 percent of the state ceiling for the calendar year 1985, reduced by the amount of bonds that are allocated by law to specified cities, the Minnesota housing finance agency shall approve programs that are submitted by a city which meets any of the following three criteria: (i) a city of the first class, or (ii) a city that did not receive an allocation under this subdivision or Minnesota Statutes 1984, section 462C.09, during the preceding two calendar years, or (iii) a group of cities that plan to jointly issue bonds for the program provided further that if approval of all of the programs submitted by cities that meet one or more of the criteria in clause (i), (ii), or (iii) would result in a total allocation to cities in excess of the portion of the state ceiling available for allocation, then from among those programs the agency shall select by lot the programs to be*

approved. If a portion of the state ceiling remains unallocated after the agency has approved all programs submitted by cities that meet one or more of the criteria in clause (i), (ii), or (iii), the Minnesota housing finance agency shall select by lot from among the remaining programs to be approved. The Minnesota housing finance agency shall determine if a program meets the conditions in clauses (1) and (2) based solely upon the program with accompanying information submitted to the agency. Approval of a program shall constitute an allocation of a portion of the state ceiling for mortgage revenue bonds equal to the proposed bond issue or issues contained in the program, provided that the allocation for the last selected program that receives an allocation may be equal to or less than the amount of the bond issue or issues in the program.

If a city which received an allocation pursuant to this subdivision, or which has been allocated a portion of the state ceiling by law and has received approval of one or more programs, has not issued bonds by September 1 in an amount equal to the allocation, and the city intends to issue mortgage revenue bonds prior to the end of the calendar year, the city shall by September 1 submit to the Minnesota housing finance agency for each program a letter that states the city's intent to issue the mortgage revenue bonds prior to the end of the calendar year. If the Minnesota housing finance agency does not receive the letter from the city, then the allocation of the state ceiling for that program shall expire on September 1, and the applicable limit for the Minnesota housing finance agency shall be increased by an amount equal to the unused portion of the allocation to the city. A city referred to in subdivision 1, clause (2) shall not be required to apply under this subdivision with respect to bonds allocated by law to any such city. Nothing in this subdivision shall prevent any such city from applying for an additional allocation of bonds under this subdivision.

Subd. 3. [REALLOCATION.] On or before September 1 of each year, the Minnesota housing finance agency shall identify the amount, if any, of its applicable limit for housing mortgage bonds for that calendar year that it does not intend to issue. Any city that intends to issue mortgage revenue bonds prior to the end of the calendar year for which it has not received an allocation of the state ceiling may submit a program for approval on or before September 1 to the Minnesota housing finance agency for a portion of the amount of the Minnesota housing finance agency's applicable limit which the agency does not intend to issue. The total amount of bonds included in all programs of any city submitted pursuant to this subdivision shall not exceed \$10,000,000. The program shall be accompanied by the same certificate required by subdivision 2. The Minnesota housing finance agency shall allocate the amount of the state ceiling to be allocated pursuant to this subdivision using the same factors listed in subdivision 2, provided that a program for any city receiving an allocation pursuant to subdivision 2 during the calendar year shall be ranked below all other programs if the bonds proposed in the program, when added to the bonds included in programs approved pursuant to subdivision 2, exceed \$10,000,000. A city that submitted a program pursuant to subdivision 2 but that did not receive an allocation may renew its application with a letter of intent to issue. Nothing in this subdivision shall prevent any city referred to in subdivision 1, clause (1) from applying for an additional allocation of bonds under this subdivision.

Subd. 4. [AGENCY REVIEW.] The 30-day review requirement in section

462C.04, subdivision 2, shall not apply to programs submitted to the agency that require an allocation of the state ceiling pursuant to this section. A failure by the agency to complete any action by the dates set forth in this section shall not result in the approval of any program or the allocation of any portion of the applicable limit of the agency. Approval by the agency of programs after the dates provided in this section shall be effective in allocating a portion of the state ceiling. Programs approved by the agency may be amended with the approval of the agency under section 462C.04, subdivision 2, provided that the dollar amount of bonds for the program may not be increased.

Subd. 5. [STATE CERTIFICATION.] *The executive director of the Minnesota housing finance agency is designated as the state official to provide the preissuance certification required by section 103A(J)(4)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1985.*

Sec. 7. [474A.06] [DETERMINATION OF ENTITLEMENT ALLOCATIONS UNDER FEDERAL VOLUME LIMITATION ACT.]

Subdivision 1. [ENTITLEMENT ISSUERS.] *The dollar amount of issuance authority available for issuance by entitlement issuers under the federal volume limitation act shall be determined as follows:*

- (1) *to the state of Minnesota 24 percent of the governmental volume cap;*
- (2) *to the city of Minneapolis 8.7 percent of the governmental volume cap, plus an additional 3.5 percent of the governmental volume cap or \$16,000,000, whichever is less, which additional amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in the federal volume limitation act;*
- (3) *to the city of St. Paul 6.4 percent of the governmental volume cap, plus an additional 1.4 percent of the governmental volume cap or \$8,500,000, whichever is less, which additional amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in the federal volume limitation act;*
- (4) *to the city of Duluth 2.1 percent of the governmental volume cap, plus an additional five-tenths of one percent of the governmental volume cap or \$3,000,000, whichever is less, which additional amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in the federal volume limitation act;*
- (5) *to the city of Moorhead six-tenths of one percent of the governmental volume cap;*
- (6) *to the city of Rochester six-tenths of one percent of the governmental volume cap;*
- (7) *to the city of St. Cloud six-tenths of one percent of the governmental volume cap;*
- (8) *to a city or cities that received an allocation to issue mortgage revenue bonds during 1986 under Minnesota Statutes 1985 Supplement, section 462C.09, subdivision 2a, an amount or amounts equal to such allocations for "qualified mortgage bonds" or for obligations with a comparable definition in the federal volume limitation act.*

*The department shall provide a notice of allocation of entitlement to each*

*entitlement issuer of the amount of their entitlement stating separately the amount that may be issued for "qualified mortgage bonds" or for obligations with a comparable definition as used in the federal volume limitation act no later than ten days after enactment of this bill.*

**Sec. 8. [474A.07] [ALLOCATION OF STATE ENTITLEMENT UNDER FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [STATE ENTITLEMENTS.] The authority to issue obligations allocated to the state of Minnesota must be allocated by the governor to state issuers by executive order, provided that 11.5 percent of the issuance authority allocated to the state is allocated to the iron range resources and rehabilitation commissioner. Upon the request of a statutory city located in the taconite tax relief area which received an entitlement allocation under Minnesota Statutes 1985 Supplement, section 474.18, of \$5,000,000 or more for calendar year 1985, the iron range resources and rehabilitation commissioner shall enter into an agreement with the city whereby the commissioner issues obligations on behalf of the city, in an amount requested by the city but not to exceed 17 percent of the amount allocated to the commissioner under this subdivision.*

*Subd. 2. [LIMIT ON ISSUANCE; QUALIFIED MORTGAGE BONDS.] Of any amount allocated under subdivision 1 to the Minnesota housing finance agency, no more than \$145,000,000 of "qualified mortgage bonds" or obligations with a comparable definition in the federal volume limitation act shall be issued during calendar year 1986.*

**Sec. 9. [474A.08] [ENTITLEMENT ISSUERS UNDER THE FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [NOTICE OF ISSUE.] Entitlement issuers that issue obligations under the federal volume limitation act for which an entitlement allocation was received under section \_\_\_\_\_, shall provide a notice of issue to the department on forms provided by the department stating: the date of issuance of the obligations; the title of the issue; the principal amount of the obligations; whether and to what extent the obligations are subject, in whole or in part, to the volume cap of the federal volume limitation act; whether the obligations constitute "qualified 501(c)(3) bonds" as defined in the federal volume limitation act. Any issue of obligations for which a notice of issue is not provided to the department within five days after issuance shall be deemed not to have received an allocation under the federal volume limitation act.*

*Subd. 2. [ENTITLEMENT TRANSFERS.] An entitlement issuer may enter into an agreement with another entitlement issuer whereby the recipient entitlement issuer issues obligations pursuant to issuance authority allocated to the original entitlement issuer.*

**Sec. 10. [474A.09] [RESERVATION OR CANCELLATION OF ENTITLEMENT ALLOCATIONS; FEDERAL VOLUME LIMITATION ACT.]**

*After August 31, 1986, an entitlement issuer may retain all or a portion of its entitlement allocation under the federal volume limitation act only if the department has received by August 31, a letter stating the intent of the entitlement issuer to issue obligations under its entitlement allocation before the*

end of the calendar year or within the time permitted by the federal volume limitation act and an application deposit equal to one percent of the unused allocation for which it intends to issue obligations, in addition to the deposit required by section 5, subdivisions 2, 3, and 4. The portion of any unused issuance authority for which an application deposit and letter of intent has not been received by the department by August 31, 1986, is canceled and shall be reallocated. Notwithstanding the provisions of this subdivision, the department may retain \$15,000 of the state's entitlement allocation for the issuance of obligations of the state. If any time after August 31, 1986, the department determines that part or all of this retained allocation will not be required for obligations issued by the state, the portion not required shall cancel and shall be reallocated under section 11.

**Sec. 11. [474A.10] [ALLOCATION OF POOL AMOUNT UNDER EXISTING FEDERAL TAX LAW AND UNDER THE FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [POOL AMOUNT.] From January 1 to December 31 of calendar year 1986 and for 1987 from January 1 to June 30, the amounts available for allocation under this section shall be allocated among issuers under this section. An entitlement issuer may apply for an allocation under this section after September 1 and only if the applicant has adopted a final resolution authorizing the sale of obligations equal to any allocation received under section 5 or 7 or has returned any remaining allocation for reallocation pursuant to this section, provided that entitlement issuers that received an allocation for "qualified mortgage bonds" or for other obligations with a comparable definition as defined in the federal volume limitation act under section 7, clause (8) may apply for an allocation at any time and provided that a city of the first class may apply for an allocation for a manufacturing project at any time.*

*Subd. 2. [APPLICATION.] An issuer may apply for an allocation of issuance authority pursuant to this section by submitting to the department on or before the 10th or the 25th day of any month an application on forms provided by the department accompanied by a preliminary resolution of the issuer. Applications for refunding issues must be ranked and awarded as though the project was undertaken at the time that the application is submitted.*

Subd. 4. [ALLOCATION PROCEDURE.] (a) The department shall allocate available issuance authority to applications by the tenth day succeeding such application deadline specified in subdivision 2 in the following order of priority and available issuance authority may not be allocated to any other project:

(1) applications for manufacturing projects;

(2) applications for pollution control projects or waste management projects; and

(3) applications for commercial redevelopment projects or, with respect to the federal volume limitations act, for multifamily housing projects.

Within each category of applications available authority shall be assigned on the basis of the numerical rank determined under this section. In the case of an application for issuance authority that includes more than one project to be financed by one issue of obligations, the points assigned to the application shall be computed on the basis of the weighted average of points for the projects. The projects must all be of the same category of projects to be submitted as a multiproject application. If two or more applications have the same numerical rank, the allocation of issuance authority as between the applications shall be by lot unless otherwise agreed by the respective issuers.

(b) From January 1 through September 1, no more than 20 percent of the total amount of issuance authority available for allocation during the calendar year pursuant to this section may be allocated to pollution control and waste management projects.

(c) From January 1 through September 1, no more than 35 percent of the total amount of issuance authority available for allocation during the calendar year pursuant to this section under existing federal tax law may be allocated to commercial redevelopment projects or, with respect to the federal volume limitations act, to commercial redevelopment projects and multifamily housing projects. This amount is increased to 50 percent of the total available authority for the next month's allocation if the following two conditions occur: (1) on or after June 30 the total amount of issuance authority available

*under this section which has not been allocated or has been allocated to but was returned by an issuer exceeds 45 percent of the total amount of issuance authority available for allocation under this section for the calendar year; or (2) the entire amount of issuance authority available under this clause for commercial redevelopment and multifamily housing projects has been allocated.*

**Sec. 12. [474A.11] [501(c)(3) POOL; FEDERAL VOLUME LIMITATION ACT.]**

*This section applies only to allocations made under the federal volume limitations act. The amount, if any, of issuance authority that must be set aside for qualified 501(c)(3) bonds, as determined in section 4, subdivision 2, in 1986 or section 4, subdivision 4, in 1987 shall be allocated under this section. Issuers that desire to issue qualified 501(c)(3) bonds must apply for certificates of registration under section 13. Certificates will be provided for proposed issues of obligations in the order in which they arrive at the department. If the total amount of awards of issuance authority for certificates during any one week exceeds the amount available for allocation under section 4, subdivision 2, for 1986 or subdivision 4 for 1987, then the certificates will be issued by lot, unless otherwise agreed by the issuers making the application.*

*No certificate shall be awarded if the proposed issue is, in whole or in part, qualified 501(c)(3) bonds and the amount of such obligations previously issued in the calendar year is equal to or in excess of any minimum amount of issuance authority for that type of obligation as provided in the federal volume limitation act for calendar year 1986 or for 1987, is equal to or in excess of the amount of issuance authority available for qualified 501(c)(3) bonds as determined under section 4, subdivision 2, for 1986 or subdivision 4 for 1987.*

**Sec. 13. [474A.12] [CERTIFICATE OF REGISTRATION.]**

*Subdivision 1. [REQUIREMENT FOR CERTIFICATE OF REGISTRATION.] (a) Any obligation issued without having first received a certificate of registration shall be deemed not to have received an allocation for the purpose of complying with the federal volume limitation act. This subdivision shall not apply to obligations issued under the authority of an entitlement allocation.*

*(b) Any obligation issued without having first received a certificate of registration shall be deemed not to have received an allocation for proposed existing federal tax law, provided that an allocation received under the federal volume limitations act shall be deemed an allocation under existing federal tax law. This subdivision does not apply to obligations issued under the authority of an entitlement allocation.*

*Subd. 2. [PREREQUISITES TO APPLYING FOR CERTIFICATE OF REGISTRATION.] Prior to applying for a certificate of registration for an issue of obligations, the procedural requirements imposed by this act and by any other law must be met. If this act does not impose any procedural requirements with respect to a type of obligation, a certificate of registration may be applied for directly for an issue of that type obligations, so long as the procedural requirements of any other law are first met.*

*Subd. 3. [APPLICATION FOR CERTIFICATE OF REGISTRATION.] An issuer shall make application for a certificate of registration on forms provided by the department. The application shall contain the following:*

- (1) the name and address of the issuer;*
- (2) the address, telephone number, and name of an authorized representative of the issuer;*
- (3) the principal amount of obligations proposed to be issued by the issuer;*
- (4) the title of the proposed issue;*
- (5) a statement of the issuer that the proposed issue of obligations is expected to be issued on or before noon of the Thursday following the Friday that the certificate is issued;*
- (6) whether and to what extent the obligations are subject, in whole or in part, to the volume cap of existing federal tax law;*
- (7) whether and to what extent the obligations are subject, in whole or in part to the federal volume limitation act;*
- (8) whether the obligations constitute qualified 501(c)(3) bonds; and*
- (9) a request of the issuer for an amount of allocation under existing federal tax law or the federal volume limitation act, or both.*

*Subd. 4. [ISSUANCE OF CERTIFICATE OF REGISTRATION.] Except as provided in subdivision 6, the department shall issue a certificate of registration for any obligation for which a completed application has been submitted to the department under subdivision 2. The department shall issue certificates of registration beginning on the second Friday following enactment of this bill and on each Friday thereafter. A certificate of registration shall expire and be deemed not to have been issued if the department has not received by noon of the Thursday following the Friday on which the certificate of registration was issued a notice of issue on a form provided by the department stating that the obligations for which the certificate of registration were provided were issued. The notice of issue shall be executed by an officer of the issuer or by the bond counsel approving the issue and shall state the principal amount of the obligations issued and the difference, if any, between the amount issued and the amount stated in the certificate of registration. If the notice of issue is not provided to the department by the time required and if an allocation under the federal volume limitation act was provided to the issue, then the issue shall be deemed not to have received an allocation for the purpose of complying with the federal volume limitation act. Issuers that receive certificates for issues of obligations containing an allocation under the federal volume limitations act and do not return the notice of issue by the time required, must pay to the department the lesser of \$5,000 or one percent of the principal amount of the issue not issued prior to applying for a certificate of registration for a subsequent issue of obligations. If there are applications for certificates of registration for any one Friday's issuance of certificates for an aggregate dollar amount of obligations that would cause the volume cap placed on such obligations by the federal volume limitation act to be exceeded, the department shall conduct a lottery to determine which issues of obligations will be issued certificates that grant an allocation.*

*Subd. 5. [CONTENTS OF CERTIFICATE OF REGISTRATION.] The commissioner of the department, or a designee, must execute each certificate of registration. The certificate must state the title and the principal amount of the issue of obligations and the extent to which the issue is granted an allocation under the federal volume limitation act or under existing federal tax law, or both.*

*Subd. 6. [LIMITATIONS ON THE ISSUANCE OF ALLOCATIONS.] No allocation shall be provided under the federal volume limitations act under any of the following circumstances:*

*(a) No allocation may be granted to an issue of obligations that would cause the annual volume cap in the federal volume limitation act or under existing federal tax law to be exceeded.*

*(b) The principal amount of the proposed issue exceeds \$25,000,000 unless the issuer is the Minnesota housing finance agency or the Minnesota higher education coordinating board, or unless the issue is a pooled or joint issue or any issue of a joint powers board, provided that for joint or pooled issues or issues of a joint powers board the aggregate amount of the issue cannot exceed \$100,000,000.*

*Subd. 7. [CERTIFICATES ARE NOT TRANSFERABLE.] Certificates of registration are not transferable.*

**Sec. 14. [474A.13] [STATE HELD HARMLESS.]**

*The state shall not be held liable in any manner to any issuer, holder of obligations, or other person for carrying out the duties imposed under this act.*

**Sec. 15. [474A.14] [RATIFICATION OF EXISTING OBLIGATIONS.]**

*Any obligation issued by any issuer during calendar year 1986 until the day of enactment of this act may receive an allocation under this act if a certificate of registration is obtained or for entitlement issuers issuing from their entitlement allocation a notice of issue by the Friday after the first Friday after enactment of this act.*

**Sec. 16. [474A.15] [PROSPECTIVE OVERRIDE OF FEDERAL VOLUME LIMITATION ACT.]**

*This act prospectively overrides and replaces the method of allocating the authority to issue obligations among uses and among issuers as provided in the federal volume limitation act to the extent allowed by the federal volume limitation act.*

**Sec. 17. [474A.16] [STATE CERTIFICATION.]**

*The commissioner of the department is designated as the state official to provide pre-issuance certification as required by the federal volume limitation act.*

**Sec. 18. [474A.17] [APPROPRIATION; RECEIPTS.]**

*Any fees collected by the department under this act are appropriated to the general fund.*

(2) that amount attributable to use by the consumer during any period subsequent to such report of the reported nonconformity; and

(3) that amount attributable to use by the consumer of the farm tractor provided by the manufacturer or its authorized dealers while the farm tractor is out of service by reason of repair of the reported nonconformity.

#### Sec. 2. [325F.6652] [NOTICE TO CONSUMER.]

At the time of purchase the manufacturer must provide directly to the consumer a written statement on a separate piece of paper, in 10-point all capital type, in substantially the following form: "IMPORTANT: IF THIS VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER STATE LAW TO REPLACEMENT OF IT OR A REFUND OF ITS PURCHASE PRICE. HOWEVER, TO BE ENTITLED TO REFUND OR REPLACEMENT, YOU MUST FIRST NOTIFY THE MANUFACTURER, ITS AGENT, OR ITS AUTHORIZED DEALER OF THE PROBLEM IN WRITING AND GIVE THEM AN OPPORTUNITY TO REPAIR THE VEHICLE."

#### Sec. 3. [325F.6653] [MANUFACTURER'S DUTY TO REPAIR.]

If a farm tractor does not conform to applicable express written warranties and the consumer reports the nonconformity to the manufacturer and its authorized dealer during the term of the express written warranties or during the period of one year following the date of the original delivery of the farm tractor to the consumer, whichever is earlier, the manufacturer or its authorized dealers shall make the repairs necessary to make the farm tractor conform to the express written warranties, notwithstanding that the repairs are made after the expiration of the warranty term or the one-year period. For a self-propelled vehicle this section is limited to warranties on the engine and power train.

#### Sec. 4. [325F.6654] [MANUFACTURER'S DUTY TO REFUND OR REPLACE.]

Subdivision 1. [DUTY.] (a) If the manufacturer or its authorized dealers are unable to make the farm tractor conform to any applicable express written warranty by repairing or correcting any condition which substantially impairs the use or market value of the farm tractor to the consumer within the time periods and after the number of attempts specified in subdivision 2, the manufacturer, through its authorized dealer who sold the farm tractor, shall, at the option of the consumer, replace the farm tractor with a comparable one, charging the consumer only a reasonable allowance for the consumer's

use of the farm tractor, or accept the return of the farm tractor from the consumer and refund to the consumer the cash purchase price, including sales tax, license fees, registration fees, and any similar governmental charges, less a reasonable allowance for prior use. Refunds shall be made to the consumer and lienholder, if any, as their interests may appear in the county recorder's office. If no replacement or refund is made, the consumer may bring a civil action to enforce the obligation. No action may be brought unless the manufacturer has received prior direct written notification from or on behalf of the consumer and has been offered an opportunity to cure the condition alleged within a reasonable time that is not to exceed 60 business days.

(b) For a self-propelled vehicle, this section is limited to warranties on the engine and power train.

*Subd. 2. [WHEN DUTY ARISES.] The replacement or refund obligation specified in subdivision 1 shall arise if the manufacturer or its authorized dealers are unable to make the farm tractor conform to applicable express written warranties within the express written warranty term or during the period of one year following the date of the original physical delivery of the farm tractor to the consumer, whichever is the earlier date, and (1) the same nonconformity has been subject to repair four or more times by the manufacturer or its authorized dealers, but such nonconformity continues to exist; or (2) the farm tractor is out of service by reason of repair of the same nonconformity for a cumulative total of 60 or more business days when the service department of the authorized dealer in possession of the farm tractor is open for purposes of repair, provided that days when the consumer has been provided by the manufacturer or its authorized dealers with the use of another farm tractor which performs the same function shall not be counted.*

#### Sec. 5. [325F.6655] [EXTENSION OF WARRANTY.]

*The terms of any express written warranty, the one-year period, and the 60-day repair period shall be extended by any period of time during which repair services or replacement parts are not available to the consumer because of a war, invasion, or strike, or fire, flood, or other natural disaster.*

#### Sec. 6. [325F.6656] [ALTERNATIVE DISPUTE SETTLEMENT.]

*Subdivision 1. [PROCEDURE.] If a manufacturer has established, or participates in, an informal dispute settlement procedure which substantially complies with the provisions of the Code of Federal Regulations, title 16, part 703, as amended, and the requirements of this section; the provisions of section 4 concerning refunds or replacement do not apply to a consumer who has not first used this procedure.*

*Subd. 2. [FINDINGS AS EVIDENCE.] The findings and decisions in an informal dispute settlement procedure shall address and state in writing whether the consumer would be entitled to a refund or replacement under the presumptions and criteria set out in section 4, and are admissible as non-binding evidence in any legal action and are not subject to further foundation requirements.*

*Subd. 3. [REPLACEMENT OR REFUND.] If, in an informal dispute settlement procedure, it is decided that a consumer is entitled to a replacement vehicle under section 4, then the consumer has the option of selecting and*

receiving either a replacement vehicle or a full refund as authorized by section 4. Any refund selected by a consumer shall include all amounts authorized by section 4.

*Subd. 4. [REQUIREMENTS.] (a) In any informal dispute settlement procedure provided for by this section:*

*(1) no documents shall be received by any informal dispute settlement mechanism unless those documents have been provided to each of the parties in the dispute prior to the mechanism's meeting, with an opportunity for the parties to comment on the documents in writing, or with oral presentation at the request of the mechanism;*

*(2) "nonvoting" manufacturer or dealer representatives shall not attend or participate in the internal dispute settlement procedures unless the consumer is also present and given a chance to be heard, or unless the consumer previously consents to the manufacturer or dealer participation without the consumer's presence and participation;*

*(3) consumers shall be given an adequate opportunity to contest a manufacturer's assertion that a nonconformity falls within intended specifications for the vehicle by having the basis of the manufacturer's claim appraised by a technical expert selected and paid for by the consumer prior to the informal dispute settlement hearing;*

*(4) no disputes shall be heard where there has been a recent attempt by the manufacturer to repair a consumer's vehicle, but no response has yet been received by the informal dispute mechanism from the consumer as to whether the repairs were successfully completed. This provision shall not prejudice a consumer's rights under this section nor shall it extend the informal dispute mechanism's 40-day time limit for deciding disputes, as established by the Code of Federal Regulations, title 16, part 703; and*

*(5) the manufacturer shall provide and the informal dispute settlement mechanism shall consider all information relevant to resolving the dispute, such as the prior dispute records and information required by the Code of Federal Regulations, title 16, part 703.6, and any relevant technical service bulletins which may have been issued by the manufacturer or lessor regarding the motor vehicle being disputed.*

*(b) A settlement reached under this section is binding on all participating parties.*

*Subd. 5. [EXHAUSTION OF SETTLEMENT REMEDY.] No consumer shall be required to first participate in an informal dispute settlement procedure before filing an action in district court if the informal dispute settlement procedure does not comply with the requirements of this section, notwithstanding the procedure's compliance with the Code of Federal Regulations, title 16, part 703.*

*Subd. 6. [CIVIL REMEDY.] Any consumer injured by a violation of this section may bring a civil action to enforce this section and recover costs and disbursements, including reasonable attorney's fees.*

**Sec. 7. [325F.6657] [AFFIRMATIVE DEFENSES.]**

*It shall be an affirmative defense to claim under sections 1 to 8 that (1) an*

Sec. 8. [325F.6658] [LIMITATION ON ACTIONS.]

*Any action brought under sections 1 to 8 shall be commenced within six months following (1) expiration of the express written warranty term, or (2) one year following the date of the original delivery of the farm tractor to the customer, whichever is later.*

Sec. 9. [325F.6659] [REMEDY NONEXCLUSIVE.]

*Nothing in this section limits the rights or remedies which are otherwise available to a consumer under any other law.*

Sec. 10. [EFFECTIVE DATE.]

*Sections 1 to 9 apply to farm tractors sold after the first day of January following the effective date of sections 1 to 9."*

*Subdivision 1. [PRICES.] The board shall establish a stabilization plan for each marketing area. A plan must at least establish minimum stabilized prices for:*

- (1) raw milk;*
- (2) milk products sold by processors or distributors to retailers; and*
- (3) milk products sold to consumers.*

*Subd. 2. [POOLING ARRANGEMENTS.] A stabilization plan may provide for a classified pricing system based upon utilization, a handler pooling arrangement, or a marketwide pooling arrangement. A stabilization plan with a marketwide pooling arrangement may require raw milk produced by dairy farmer-processors to be included in the pooling arrangement.*

*Subd. 3. [APPLICABILITY TO PROCESSORS PURCHASING IN MULTIPLE MARKETING AREAS.] A stabilization plan must provide a method to determine how it applies to processors purchasing raw milk in two*

or more marketing areas.

*Subd. 4. [AREAS UNDER FEDERAL MILK MARKETING ORDER.] A stabilization plan for a marketing area that includes an area of a federal milk marketing order may require licensed processors subject to both the state stabilization plan and to the federal milk marketing order to pay:*

*(1) minimum raw milk class prices that exceed the minimum raw milk class prices established by the federal order; and*

*(2) the difference between the federal and state minimum prices directly to dairy farmers on the basis of a handler pooling arrangement basis.*

*Subd. 5. [ADOPTION.] (a) Adoption of a stabilization plan is not subject to chapter 14, but a stabilization plan may be adopted or amended only after the board has mailed a proposed plan to the dairy marketing licensees in the marketing area and has given public notice of the proposed plan through news media generally circulated or broadcast in the marketing area, held a public meeting in the marketing area within 7 to 12 days after the mailing, and mailed a copy of the final stabilization plan to the dairy marketing licensees in the marketing area.*

*(b) A stabilization plan or an amendment to a stabilization plan is effective seven days after the new or amended stabilization plan is mailed to the dairy marketing licensees in the marketing area. An effective stabilization plan has the same force and effect as a rule adopted under chapter 14.*

*Subd. 6. [APPEAL; STAY OF STABILIZATION PLAN.] A stabilization plan may be appealed to the district court. An action may be brought in the county in which the person bringing the action resides or in the county in which the board has its main office. In reviewing the plan, the court shall consider whether it meets the criteria, and was adopted in accordance with the procedures, prescribed in this chapter.*

*If a stabilization plan or portion of a plan is appealed, a stay of the stabilization plan or portion of the plan may not be granted before final determination of the matter by the court.*

**Sec. 7. [32C.06] [PRICES; SETTING.]**

*Subdivision 1. [RAW MILK.] (a) Stabilized prices for raw milk to be paid by processors to dairy farmers in each marketing area must be beneficial to the public interest, protect dairy farmers, and ensure an adequate supply of pure and wholesome milk to the inhabitants of the state.*

*(b) In establishing or changing stabilized prices to be paid by processors to dairy farmers for raw milk in each marketing area, the board shall consider:*

*(1) the available supply of raw milk;*

*(2) the adequacy of the reserve supply of raw milk available to processors;*

*(3) the difference between raw milk production and dairy product consumption;*

*(4) the cost of dairy feed; and*

*(5) farm wage rates.*

*Subd. 2. [MILK PRODUCTS.] (a) In establishing stabilized prices for a*

marketing area, other than the price paid to a dairy farmer by a processor for raw milk, the board shall consider the operative economic factors in a marketing area including:

- (1) the prevailing raw milk prices in the marketing area;
- (2) the processing and distribution costs incurred by processors, distributors, and retailers, including a reasonable return upon investment;
- (3) the quantity of dairy products consumed in the area; and
- (4) other economic factors that significantly affect the supply of and demand for dairy products in the area.

(b) Stabilized prices for milk products other than raw milk may reflect packaging costs and the cost differences between home-delivered products, products sold at a fixed location, and products sold directly to consumers by processors and distributors.

(c) Stabilized prices may be adjusted based on:

- (1) the butterfat content or other components of the raw milk;
- (2) the location where the raw milk is obtained;
- (3) the location of a plant where a portion of the raw milk purchased by a processor is transferred or diverted by the processor from the plant where the raw milk is normally utilized; and
- (4) other factors provided for price adjustments under the Agricultural Marketing Agreement Act of 1937 as amended, United States Code, title 7, section 601, et seq.

(d) Stabilized prices may vary from one marketing area to another.

Subd. 3. [RAW MILK FROM NONDAIRY FARMER SOURCES.] The board may establish stabilized prices to be paid by a processor for raw milk purchased from sources other than dairy farmers in the same manner as it establishes prices for raw milk purchased from dairy farmers.

Subd. 4. [BOARD DISCRETION.] The board need not establish stabilized prices for all milk products in each marketing area.

Subd. 5. [QUANTITY DISCOUNTS.] (a) A stabilization plan may establish quantity discount rates for dairy products. Discount rates must:

- (1) provide that a variety of dairy product brands are available to consumers purchasing from large retailers;
- (2) protect against financial injury to small independent processors and distributors;
- (3) be based on the retailer's total purchases of specific dairy products; and
- (4) be based upon a graduated scale of discounts proportionate to purchases made by retailers during a designated base period of one month, one quarter, six months, or one year.

(b) If a retailer operates two or more separate places of business, the board shall base the quantity discount rate for each place of business upon the quantity of dairy products purchased for resale at that place of business

alone.

(c) All processors and distributors delivering dairy products to a quantity discount retailer may give quantity discounts in accordance with the rates regardless of the quantities of the products actually purchased by the retailer from each individual processor or distributor.

Subd. 6. [SIMULTANEOUS PRICE CHANGES.] *The board shall provide that changes in stabilized prices paid to dairy farmer prices are accompanied by simultaneous changes in the other stabilized prices established by the board.*

Sec. 8. [32C.07] [MARKETING AREAS.]

Subdivision 1. [DESIGNATION.] *The board shall designate marketing areas with stabilized prices for the entire state. The board may change the number and alter the boundaries of the marketing areas.*

Subd. 2. [CONSIDERATIONS.] (a) *In designating marketing areas the board shall consider:*

(1) *conditions affecting the production, distribution, and sale of dairy products in the marketing areas;*

(2) *the need for establishing area boundaries that will facilitate cooperation between the board and federal authorities engaged in regulating prices paid by processors for raw milk; and*

(3) *other relevant factors.*

Sec. 9. [32C.08] [LOCAL ADVISORY BOARDS.]

*If a public hearing is scheduled by the board in a marketing area to establish stabilized prices, the board may, at least ten days before the date set for the hearing, appoint a local advisory board. A local advisory board must include two producers; two processors; two retailers who are actively engaged in milk production, processing, and marketing in the area; and two consumers in the area. The local advisory board shall meet with the board at the call of the board before, during, or after the public hearing, except that no more than three meetings or conferences between the board and the local advisory board may be held. The members of the local advisory board may not receive a per diem, but must receive mileage and expenses as provided in section 15.014, subdivision 2. A local advisory board ceases to exist when the board has set its stabilization plan for the local advisory board's marketing area.*

Sec. 10. [32C.09] [REFERENDUM ON CONTINUANCE OF STABILIZED PRICES.]

*If a petition is presented to the commissioner containing names of grade A dairy farmers equal to at least 25 percent of the total grade A dairy farmers in the state subject to sections 1 to 8 of this act, with the signature of at least one dairy farmer from every county in which a dairy farmer resides, the commissioner shall conduct a statewide referendum among all grade A dairy farmers in the state on whether to maintain stabilized prices. The referendum must be by secret mail ballot in accordance with rules established by the commissioner, and shall report the results of the referendum to the legislature the next time it convenes.*

Sec. 11. [32C.10] [DAIRY LICENSES.]

*Subdivision 1. [GENERAL REQUIREMENT.] Each dairy farmer-processor, dairy marketer, distributor, processor, or retailer buying or selling dairy products in the state shall obtain a dairy license.*

*Subd. 2. [SEPARATE BUSINESS LOCATIONS.] A dairy license under this section is required for each separate place of business.*

*Subd. 3. [AGRICULTURE DEPARTMENT LICENSE REQUIRED.] A processor or distributor may not obtain a dairy license without first having obtained a license under chapter 32 from the commissioner.*

Sec. 12. [32C.11] [LICENSE APPLICATIONS.]

*Subdivision 1. [FORMS.] The commissioner, with the approval of the board, shall prepare and distribute dairy license application forms.*

*Subd. 2. [PROCESSORS AND DISTRIBUTORS.] A processor or distributor applicant must affirm that:*

*(1) the applicant will not sell dairy products to a person required to have a dairy license unless the person has a license;*

*(2) the applicant will offer the applicant's service to the entire marketing area; and*

*(3) the applicant will offer each of the applicant's customers in the marketing area the same frequency of delivery and the same in-store services that are customary in the customer's community.*

*Subd. 3. [DISTRIBUTORS AND RETAILERS.] A distributor or retailer applicant must affirm that the applicant will not purchase dairy products from persons not licensed by the commissioner.*

Sec. 13. [32C.12] [LICENSE ISSUANCE, VALIDITY, AND REVOCATION.]

*Subdivision 1. [LICENSE HEARING.] (a) Within ten days after the commissioner receives an application for a license, the commissioner shall notify the board. Within ten days after being notified, the board shall make a recommendation for issuance of the license or notify the applicant of the date when a hearing will be held to receive evidence relative to the applicant's eligibility.*

*(b) A hearing under paragraph (a) must be held within 20 days after the date the notice is given. Within five days after the close of the eligibility hearing, the board shall notify the applicant and the commissioner of its recommendation to issue or deny a license.*

*(c) The commissioner must issue or deny a license within ten days after receiving the recommendation. The commissioner may not charge a fee for a dairy license.*

*Subd. 2. [VALIDITY.] A dairy marketing license is valid unless:*

*(1) the ownership or location of the licensed business is changed;*

*(2) the license is suspended or revoked; or*

*(3) the licensed business is discontinued or is inactive for a period of more than 30 days.*

*Subd. 3. [SUSPENSION OR REVOCATION.] The commissioner may not suspend or revoke a license without a hearing, which is a contested case procedure subject to chapter 14.*

**Sec. 14. [32C.13] [RECORDS AND REPORTS.]**

*Subdivision 1. [RECORD CONSOLIDATION.] The commissioner and the board shall accommodate dairy licensees by allowing all records required under this section and chapter 32 to be consolidated.*

*Subd. 2. [REQUIRED RECORDS:] (a) A dairy licensee shall maintain, in a manner prescribed by the commissioner by rule, a record of:*

*(1) all raw milk received or purchased by the licensee, showing the names and addresses of the dairy farmers and others from whom the raw milk was purchased, the quantity, price paid, butterfat test, and any deductions made;*

*(2) all dairy products sold or used, classified as to grade, use, location, market outlet, size and type of container, the composition of the product in terms of butterfat and solids, the quantity sold, and the prices received; and*

*(3) the quantity of each dairy product manufactured by a licensee, together with the composition of the product, the quantity sold, and the prices received.*

*Subd. 3. [ADDITIONAL RECORDS.] In addition to the records required under subdivision 2, the commissioner may require dairy licensees to maintain records of:*

*(1) the shrinkage, wastage, or loss of raw milk and butterfat, and of skim milk and butterfat destroyed or used for special purposes such as livestock feed;*

*(2) the inventory of raw milk and other dairy products on hand at the end of a designated accounting period;*

*(3) all items of expense incurred by the licensee in procuring raw milk and other ingredients, and in processing, manufacturing, storing, distributing, and selling dairy products, including overhead and general and administrative costs, and all other items of cost incurred by each licensee in the conduct of its business; and*

*(4) any other record.*

*Subd. 4. [RECORDS OF PROFIT OR LOSS NOT REQUIRED.] A dairy licensee may not be required to reveal profit or loss.*

*Subd. 5. [FORM OF RECORDS.] The commissioner shall require records to be in a form that will allow the board to make statistical studies.*

*Subd. 6. [RECORD MAINTENANCE.] Records required under this section must be preserved for three years.*

**Sec. 15. [32C.14] [BUYING, SELLING, AND PRICING VIOLATIONS.]**

*Subdivision 1. [BUYING OR SELLING WITHOUT A LICENSE.] A dairy farmer-processor, dairy marketer, distributor, processor, or retailer may not buy or sell dairy products without a dairy license.*

*Subd. 2. [BUYING OR SELLING AT PRICES OTHER THAN STABI-*

LIZED PRICES.] A dairy licensee may not buy or sell dairy products with a stabilized price for less than the minimum price or more than the maximum price established by the board.

Subd. 3. [CIRCUMVENTING STABILIZED PRICING.] A dairy licensee may not use or attempt to use a method, device, or transaction:

(1) intended to accomplish, or having the effect of accomplishing, the sale or attempted sale or the purchase or attempted purchase of dairy products at less than the minimum prices established by the board;

(2) designed to circumvent the stabilized prices set by the board; or

(3) having the effect of substantially undermining the effectiveness of the stabilized prices.

Subd. 4. [SELLING PRODUCTS OF DIFFERENT BRANDS AT DIFFERENT PRICES.] A retailer may not sell or offer for sale dairy products of one brand at a price different from the price charged by the retailer for an equal quantity of a product of the same type, quality, or grade, but of a different brand, unless the price differential is equal to the difference in the prices paid by the retailer for the products.

Subd. 5. [DAIRY PRODUCTS PRICED WITH OTHER PRODUCTS.] A dairy marketer may not charge a combined price for a dairy product and another commodity or service that is less or is represented to be less than the aggregate of the price of the dairy product and the price or value of the other commodity or service when sold or offered for sale separately.

Subd. 6. [SELLING BELOW COST.] If a stabilized price has not been established for a dairy product, a dairy marketer may not sell, offer for sale, or advertise for sale the dairy product below cost, or give, offer to give, or advertise the intent to give away the dairy product, to damage a competitor or destroy competition. This section does not apply to a sale made in conformance with section 325D.06, clauses (1) to (4). An enforcement action may not be commenced under this section if the retail price is 15 percent or more above the list price of the processor.

Subd. 7. [PRIMA FACIE EVIDENCE OF SALE BELOW COST.] (a) In an action for an injunction from or to impose civil penalties for a violation of this section, evidence that a dairy product was sold, offered for sale, or advertised for sale at a price that damages or destroys competition is prima facie evidence that the product was sold, offered for sale, or advertised for sale below cost to damage a competitor or to destroy competition.

(b) For purposes of paragraph (a), price is presumed to damage or destroy competition if:

(1) a retail price is less than eight percent above the current net delivered price of the processor including a rebate, discount, refund, and price differential; or

(2) a price charged to a retailer by a distributor is less than five percent above the current net delivered price of the processor including any rebate, discount, refund, and price differential."

Subd. 20b. [MODIFICATIONS REDUCING FEDERAL ADJUSTED GROSS INCOME.] There shall be subtracted from federal adjusted gross income:

(1) interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) the portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 40 per centum of the portion of the gain;

(3) losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(4) if included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether the amount is received as a refund or credited to another taxable year's income tax liability;

(5) the amount of any distribution from a qualified pension or profit-sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(6) pension income as provided by section 290.08, subdivision 26;

(7) the first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota. This modification does not apply to compensation defined in clause (6);

(8) unemployment compensation to the extent includible in gross income for federal income tax purposes under section 85 of the Internal Revenue Code of 1954;

(9) for an estate or trust, the amount of any income or gain which is not assignable to Minnesota under the provisions of section 290.17;

(10)(a) income from the business of mining as defined in section 290.05, subdivision 1, clause (a) which is not subject to the Minnesota income tax;

(b) to the extent included in computing federal adjusted gross income, expenses and other items allocable to the business of mining or producing iron ore, the mining or production of which is subject to the occupation tax imposed by section 298.01, subdivision 1, shall be allowed as a subtraction to the extent that the expenses or other items are included in computing the modifications provided in section 290.01, subdivision 20a, clause (7) or paragraph (a) of this clause and to the extent that the expenses or other items are not deductible, capitalizable, retainable in basis, or taken into account by allowance or otherwise in computing the occupation tax. Occupation taxes imposed under chapter 298, royalty taxes imposed under chapter 299, and depletion expenses may not be subtracted under this paragraph;

(11) to the extent included in federal adjusted gross income, distributions from a qualified governmental pension plan which represent a return of designated employee contributions to the plan and which contributions were included in gross income pursuant to Minnesota Statutes 1984, section 290.01, subdivision 20a, clause (18). The provisions of this clause shall apply before the provisions of clause (6) apply and an amount subtracted under this clause may not be subtracted under clause (6); and

(12) to the extent included in federal adjusted gross income, distributions from an individual retirement account which represent a return of contributions if the contributions were included in gross income pursuant to Minnesota Statutes 1984, section 290.01, subdivision 20a, clause (17). The distribution shall be allocated first to return of contributions included in gross income until the amount of the contributions has been exhausted; and

*(13) to the extent included in federal adjusted gross income, income, or gain as provided by section 29. If the gain is long term capital gain for federal income tax purposes, the modification is limited to 40 percent of the gain.*

Sec. 28. Minnesota Statutes 1985 Supplement, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal adjusted gross income as defined in the Internal Revenue Code;

(2) the taxpayer's federal tax preference items; less the sum of

(i) interest income as defined in section 290.01, subdivision 20b, clause (1); and

(ii) the amount of interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed qualified net investment income, as defined in section 55(e)(5) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income or amounts that are not allowable under section 55(e)(8) of the Internal Revenue Code.

In the case of an estate or trust, adjusted gross income must be modified as provided in section 55(e)(6)(B) of the Internal Revenue Code.

(b) "Federal tax preference items" means items as defined in sections 57, 58, and 443(d) of the Internal Revenue Code, modified as follows:

(1) The capital gain preference item shall be reduced where the gain would be modified because some or all of the assets have a higher basis for Minnesota purposes than for federal purposes.

(2) In the case of a nonresident individual, or an estate or trust, with a net operating loss that is a larger amount for Minnesota than for federal, the capital gain preference item shall be reduced to the extent it was reduced in the allowance of the net operating loss.

(3) Federal preference items from the business of mining or producing iron ore and other ores which are subject to the occupation tax and exempt from taxation under section 290.05, subdivision 1, shall not be a preference item for Minnesota.

(4) Other federal preference items to the extent not allowed in the computation of Minnesota gross income, as determined by the commissioner, are not preference items for Minnesota.

(5) *The capital gain preference item must be reduced to the extent it includes any gain on a transaction described in section 29.*

(c) "Internal Revenue Code" means the Internal Revenue Code of 1954, as amended through December 31, 1984.

(d) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section), reduced by the sum of the nonrefundable credits allowed under this chapter.

Sec. 29. Minnesota Statutes 1984, section 290.08, is amended by adding a subdivision to read:

*Subd. 27. [GAINS ON AGRICULTURAL PRODUCTION PROPERTY.] Gross income does not include income or gains realized by an individual taxpayer, family farm corporation, or authorized farm corporation on (i) the sale of agricultural production property, including real property, and equipment used in a farm business that was owned and operated by the taxpayer as the taxpayer's principal business, if the taxpayer had a debt-to-asset-ratio of at least 70 percent at the time of the sale and at least 70 percent of the proceeds of the sale were used solely to discharge indebtedness secured by a mortgage, lien, or other security interest on the property sold, or (ii) the discharge of farm business indebtedness of a taxpayer who owns and operates a farm business if at the time of the discharge the taxpayer had a debt-to-asset-ratio of at least 70 percent. For purposes of this subdivision, "family farm corporation" and "authorized farm corporation" have the meanings given them in section 500.24, subdivision 2."*

WHEREAS, the family farm agricultural system is the most productive agricultural system in the world; and

WHEREAS, the benefits of this traditional and productive system are enjoyed by all citizens; and

WHEREAS, high interest rates, low farm prices, scarce credit, and declining real estate and equipment values have created a financial crisis for family farmers in the United States; and

WHEREAS, this economic instability has forced many family farmers into bankruptcy, foreclosure, or the sale of assets to discharge indebtedness to creditors; and

WHEREAS, the current Internal Revenue Code imposes income taxes on sale transactions at a time when the family farmer is least able to pay the additional taxes; NOW, THEREFORE,

BE IT RESOLVED by the Legislature of the State of Minnesota that Congress should enact and the President sign legislation to exclude from taxation under the Internal Revenue Code income or gains recognized on the sale of agricultural production property used in a farm business owned and operated by the taxpayer as the taxpayer's principal business, if at the time of sale the taxpayer had a debt-to-asset-ratio of at least 70 percent and at least 70 percent of the proceeds of the sale were used solely to discharge indebtedness secured by a security interest on the property.

BE IT FURTHER RESOLVED, that Congress should enact and the President sign legislation excluding from taxation under the Internal Revenue Code income or gains recognized on any discharge of farm business indebtedness of a farmer who owns and operates a farm business, if at the time of the discharge the taxpayer had a debt-to-asset-ratio of at least 70 percent.

BE IT FURTHER RESOLVED that the legislation include a provision excluding such gains from preference items for purposes of the alternative minimum tax.

BE IT FURTHER RESOLVED that the Secretary of State of Minnesota is instructed to transmit copies of this resolution to the President of the United States, the President of the Senate of the United States, the Speaker of the House of Representatives of the United States, the Minnesota Senators and Representatives in Congress, and members of the Ways and Means Committee of the United States House of Representatives, and the members of the Finance Committee of the United States Senate.

“Section 1. Minnesota Statutes 1984, section 246.04, is amended to read:

246.04 [BOOKS AND ACCOUNTS.]

The commissioner of human services shall keep at his office a proper and complete system of books and accounts with each institution, showing every expenditure authorized and made therefor. Such books shall contain a separate account of each extraordinary or special appropriation made by the legislature, with every item of expenditure therefrom. *The commissioner shall maintain a separate fund for all chemical dependency appropriations that will provide for an ascertainable review of receipts and expenditures under section 246.18, subdivision 2.*

Sec. 2. Minnesota Statutes 1984, section 246.18, is amended to read:

246.18 [DISPOSAL OF FUNDS.]

*Subdivision 1. [GENERALLY.] Except as provided in subdivision 2, every officer and employee of the several institutions under the jurisdiction of the commissioner of human services shall pay to the accounting officer thereof any funds in his hands belonging to the institution. Every accounting officer, at the close of each month or oftener, shall forward to the commissioner of human services a statement of the amount and sources of all moneys received. On receipt of such statement, the commissioner shall transmit the same to the commissioner of finance, who shall deliver to the state treasurer a draft upon the accounting officer for the same specifying the funds to which it is to be credited. Upon payment of such draft, the amount shall be so credited.*

*Subd. 2. [CHEMICAL DEPENDENCY FUND.] Money received by a chemical dependency treatment facility operated by a hospital or nursing home under the jurisdiction of the commissioner of human services must be*

*deposited in the state treasury and credited to a chemical dependency fund. Money in the chemical dependency fund is appropriated to the commissioner to operate chemical dependency programs.*

*Subd. 3. [CHEMICAL DEPENDENCY ACCOUNTS.] The commissioner of finance shall provide accounting procedures for separate interest bearing chemical dependency accounts within the chemical dependency fund for each state facility providing chemical dependency services that will allow money to be readily available to finance chemical dependency programs. After June 30, 1992, the commissioner must not allocate money to a state facility for chemical dependency programs in excess of the amount of deposits of money received by the facility and deposited in the facility's chemical dependency account without the approval of the governor after consultation with the legislative advisory commission, except that before June 30, 1992, the commissioner may transfer or supplement funds in chemical dependency accounts to cover any revenue shortfall in a particular state hospital chemical dependency program. Twenty percent of the money in the chemical dependency fund that was reappropriated from the state hospital account must be transferred to the state hospitals' chemical dependency accounts on a pro rata basis as an advance payment for chemical dependency services to be delivered under sections 8 to 16.*

Sec. 3. Minnesota Statutes 1985 Supplement, section 246.23, is amended to read:

246.23 [PERSONS ADMISSIBLE TO STATE HOSPITALS.]

*No person who has not a settlement in a county, as defined in section 256D.18, shall be admitted to a state hospital for persons with mental illness, mental retardation, or chemical dependency, except that the commissioner of human services may authorize admission thereto when the residence cannot be ascertained, or when the circumstances in his judgment make it advisable. Except for emergency admissions under sections 253B.05 and 253B.11, or when authorized by the commissioner, a chemical dependency program must not admit a chemically dependent person unless the cost of services will be paid for by private money or nongovernmental third-party payments, the person has been placed by a county or a federally recognized tribal unit that is responsible for payment, or the hospital obtains approval of the admission from the county financially responsible for the person. The commissioner shall maintain and enhance cooperative and effective relationships between counties and state hospitals and between the various state hospital chemical dependency programs. In carrying out this responsibility the commissioner shall maintain a regionally based system of chemical dependency programs. When application is made to a judge of probate for admission to any of the state hospitals above named for admission thereto, if he finds that the person for whom application is made has not such residence, or that his residence cannot be ascertained, he shall so report to the commissioner; and he may recommend that such person be admitted notwithstanding, giving his reasons therefor. The commissioner of human services shall thereupon investigate the question of residence and, if he finds that such person has not such residence and has a legal residence in another state or country, he may cause him to be returned thereto at the expense of this state.*

Sec. 4. Minnesota Statutes 1984, section 246.50, is amended by adding a

subdivision to read:

*Subd. 9. "Chemical dependency programs" means all planned services for chemically dependent persons provided by the commissioner in a specific state hospital, the chemical dependency unit operated by the Ah-Gwah-Ching nursing home, and diagnostic evaluation, prevention, referral, outpatient, or aftercare services developed as part of licensed residential or nonresidential chemical dependency treatment programs.*

Sec. 5. Minnesota Statutes 1984, section 246.51, subdivision 1, is amended to read:

Subdivision 1. [PROCEDURES.] The commissioner shall make investigation as necessary to determine, and as circumstances require redetermine, what part of the cost of care, if any, the patient is able to pay. If the patient is unable to pay the full cost of care the commissioner shall make a determination as to the ability of the relatives to pay. The patient or relatives or both shall provide the commissioner documents and proofs necessary to determine their ability to pay. Failure to provide the commissioner with sufficient information to determine ability to pay may make the patient or relatives, both, liable for the full *per capita* cost of care until the time when sufficient information is provided. No parent shall be liable for the cost of care given a patient at a state hospital after the patient has reached the age of 18 years. The commissioner's determination shall be conclusive in any action to enforce payment of the cost of care unless appealed from as provided in section 246.55. All money received, *except for chemical dependency receipts*, shall be paid to the state treasurer and placed in the general fund of the state and a separate account kept of it. Responsibility under this section shall not apply to those relatives having gross earnings of less than \$11,000 per year.

Sec. 6. Minnesota Statutes 1985 Supplement, section 246.54, is amended to read:

246.54 [LIABILITY OF COUNTY; REIMBURSEMENT.]

*Except for chemical dependency services provided under sections 8 to 16, the patient's or resident's county shall pay to the state of Minnesota a portion of the cost of care provided in a state hospital to a patient or resident legally settled in that county. A county's payment shall be made from the county's own sources of revenue and payments shall be paid as follows: payments to the state from the county shall equal ten percent of the per capita rate, as determined by the commissioner, for each day, or the portion thereof, that the patient or resident spends at a state hospital. If payments received by the state under sections 246.50 to 246.53 exceed 90 percent of the per capita rate, the county shall be responsible for paying the state only the remaining amount. The county shall not be entitled to reimbursement from the patient or resident, the patient's or resident's estate, or from the patient's or resident's relatives, except as provided in section 246.53. No such payments shall be made for any patient or resident who was last committed prior to July 1, 1947.*

Sec. 7. [246.64] [CHEMICAL DEPENDENCY SERVICE AGREEMENTS.]

*Subdivision 1. [CHEMICAL DEPENDENCY RATES.] Notwithstanding*

sections 246.50, subdivision 5; 246.511; and 251.011, the commissioner shall establish separate rates for each chemical dependency service operated by the commissioner and may establish separate rates for each service component within the program by establishing fees for services or different per diem rates for each separate chemical dependency unit within the program based on actual costs attributable to the service or unit. The rate must allocate the cost of all anticipated maintenance, treatment, and expenses including depreciation of buildings and equipment, interest paid on bonds issued for capital improvements for chemical dependency programs, reimbursement and other indirect costs related to the operation of chemical dependency programs other than that paid from the Minnesota state building fund, and losses due to bad debt. The rate must not include allocations of chaplaincy, patient advocacy, or quality assurance costs that are not required for chemical dependency licensure by the commissioner or certification for chemical dependency by the Joint Commission on Accreditation of Hospitals. Notwithstanding any other law, the commissioner shall treat these costs as nonhospital department expenses.

*Subd. 2. [DEPRECIATION COLLECTIONS.]* Beginning July 1, 1987, depreciation collected under subdivision 1 must be credited to the general fund and principal and interest on the bonded debt collected under subdivision 1 must be deposited in the state bond fund.

*Subd. 3. [RESPONSIBILITIES OF COMMISSIONER.]* The commissioner shall credit all receipts from billings for rates set in subdivision 1, except those credited according to subdivision 2, to the chemical dependency fund. This money must not be used for a hospital activity that is not a chemical dependency service or an allocation of expenditures that are included in the base for computation of the rates under subdivision 1. The commissioner may expand chemical dependency services so long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. The commissioner may expand or reduce chemical dependency staff complement as long as expenditures are recovered by patient fees, transfer of funds, or supplementary appropriations. An increase or decrease in chemical dependency staff shall not result in an increase or decrease in staff in any facility or unit not providing chemical dependency services. Notwithstanding chapters 176 and 268, the commissioner shall provide for the self-insurance of state hospital chemical dependency programs for the costs of unemployment compensation and workers' compensation claims. The commissioner shall provide a biennial report to the chairs of the senate finance subcommittee on health and human services, the house of representatives health and human services division of appropriations, and the senate and house of representatives health and human services committees.

*Subd. 4. [TRADE SECRET INFORMATION.]* Notwithstanding any law to the contrary, data concerning matters affecting the competitive position of the chemical dependency programs is "trade secret information" for purposes of classification under section 13.37, subdivision 2.

**Sec. 8. [254B.01] [DEFINITIONS.]**

*Subdivision 1. [APPLICABILITY.]* The definitions in this section apply to sections 8 to 20.

*Subd. 2. [AMERICAN INDIAN.]* For purposes of services provided under

section 16, subdivision 7; "American Indian" means a person who is a member of an Indian tribe, and the commissioner shall use the definitions of "Indian" and "Indian tribe" and "Indian organization" provided in Public Law Number 93-638. For purposes of services provided under section 16, subdivision 4, "American Indian" means a resident of federally recognized tribal lands who is recognized as an Indian person by the federally recognized tribal governing body.

*Subd. 3. [CHEMICAL DEPENDENCY SERVICES.] "Chemical dependency services" means a planned program of care for the treatment of chemical dependency or chemical abuse to minimize or prevent further chemical abuse by the person. Diagnostic, evaluation, prevention, referral, detoxification, and aftercare services that are not part of a program of care licensable as a residential or nonresidential chemical dependency treatment program are not chemical dependency services for purposes of this section.*

*Subd. 4. [COMMISSIONER.] Unless otherwise indicated, "commissioner" means the commissioner of human services.*

*Subd. 5. [LOCAL AGENCY.] "Local agency" means the agency designated by a board of county commissioners or a human services board to make placements and submit state invoices according to sections 8 to 20.*

*Subd. 6. [LOCAL MONEY.] "Local money" means county levies, community social services block grants, federal social services money, or other money that may be spent at county discretion to provide chemical dependency services eligible for payment according to sections 8 to 20.*

**Sec. 9. [254B.02] [CHEMICAL DEPENDENCY ALLOCATION PROCESS.]**

*Subdivision 1. [CHEMICAL DEPENDENCY TREATMENT ALLOCATION.] The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation. Twelve percent of the money must be reserved for treatment of American Indians by eligible vendors under section 12. The remainder of the money must be allocated among the counties according to the following formula, using state demographer data and other data sources determined by the commissioner:*

*(a) The county non-Indian and-over age 14 per capita-months of eligibility for aid to families with dependent children, general assistance, and medical assistance is divided by the total state non-Indian and over age 14 per capita-months of eligibility to determine the caseload factor for each county.*

*(b) The average median family income for the previous three years for the state is divided by the average median family income for the previous three years for each county to determine the income factor.*

*(c) The non-Indian and over age 14 population of the county is multiplied by the sum of the income factor and the caseload factor to determine the adjusted population.*

*(d) \$15,000 shall be allocated to each county.*

*(e) The remaining funds shall be allocated proportional to the county adjusted population.*

*Subd. 2. [COUNTY ADJUSTMENT; MAXIMUM ALLOCATION.] The commissioner shall determine the state money used by each county in fiscal year 1986, using all state data sources. If available records do not provide specific chemical dependency expenditures for every county, the commissioner shall determine the amount of state money using estimates based on available data. In state fiscal year 1988, a county must not be allocated more than 150 percent of the state money spent by or on behalf of the county for chemical dependency treatment services eligible for payment under section 12. The allocation maximums must be increased by 25 percent each year. After fiscal year 1992, there must be no allocation maximum. The commissioner shall reallocate the excess over the maximum to counties allocated less than the fiscal year 1986 state money, using the following process:*

*(a) The allocation is divided by 1985 state expenditures to determine percentage of prior expenditure, and counties are ranked by percentage of prior expenditure.*

*(b) The allocation of the lowest ranked county is raised to the same percentage of prior expenditure as the second lowest ranked county. The allocation of these two counties is then raised to the percentage of prior expenditures of the third lowest ranked county.*

*(c) The operations under paragraph (b) are repeated with each county by ranking until the money in excess of the allocation maximum has been allocated.*

*Subd. 3. [RESERVE ACCOUNT.] The commissioner shall allocate money from the reserve account to counties that, during the current fiscal year, have met or exceeded the base level of expenditures for eligible chemical dependency services from local money. The commissioner shall establish the base level for fiscal year 1988 as the amount of local money used for eligible services in calendar year 1986. In later years, the base level must be increased in the same proportion as state appropriations to implement sections 8 to 20 are increased. The base level must not be decreased if appropriations are decreased in later years. The local match rate for the reserve account is the same rate as applied to the initial allocation. Reserve account payments must not be included when calculating the county adjustments made according to subdivision 2.*

*Subd. 4. [ALLOCATION SPENDING LIMITS.] Money allocated according to subdivision 1 and section 16, subdivision 4, is available for payments for up to two years. The commissioner shall deduct payments from the most recent year allocation in which money is available. Allocations under this section that are not used within two years must be reallocated to the reserve account for payments under subdivision 3. Allocations under section 16, subdivision 4, that are not used within two years must be reallocated for payments under section 16, subdivision 5.*

*Subd. 5. [ADMINISTRATIVE ADJUSTMENT.] The commissioner may make payments to local agencies from money allocated under this section to support administrative activities under sections 10 and 11. The administrative payment must not exceed five percent of the first \$50,000, four percent of the next \$50,000, and three percent of the remaining county allocation and must not be paid if the level of expenditures indicates that the allocation for the year will be exhausted by payments for services from the allocation.*

Twenty-five percent of the administrative allowance shall be advanced at the beginning of each year and remaining payments must be made under this section at the end of each quarter from any unspent allocation for that year.

**Sec. 10. [254B.03] [RESPONSIBILITY TO PROVIDE CHEMICAL DEPENDENCY TREATMENT.]**

*Subdivision 1. [LOCAL AGENCY DUTIES.] (a) Every local agency shall provide chemical dependency services to persons residing within its jurisdiction who meet criteria established by the commissioner for placement in a chemical dependency residential or nonresidential treatment service. Chemical dependency money must be administered by the local agencies according to law and rules adopted by the commissioner under sections 14.01 to 14.69.*

*(b) In order to contain costs, the county board shall, with the approval of the commissioner of human services, select eligible vendors of chemical dependency services who can provide economical care. Unless the local agency is a social services department directly administered by a county or human services board, the local agency shall not be an eligible vendor under section 12. The commissioner may approve proposals from county boards to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. If a county implements a demonstration or experimental medical services funding plan, the commissioner shall transfer the money as appropriate.*

*Subd. 2. [CHEMICAL DEPENDENCY SERVICES.] (a) Payment from the chemical dependency fund is limited to payments for services other than detoxification that, if located outside of federally recognized tribal lands, would be required to be licensed by the commissioner as a residential or nonresidential treatment program under sections 245.781 to 245.812. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245.791. Vendors receiving payments from the chemical dependency fund must not require copayment from a recipient of benefits for services provided under this subdivision.*

*(b) A county may, from its own resources, provide chemical dependency services for which state payments are not made.*

*(c) The commissioner shall coordinate chemical dependency services and determine whether there is a need for any proposed expansion of chemical dependency treatment services. The commissioner shall deny vendor certification to any provider that has not received prior approval from the commissioner for the creation of new programs or the expansion of existing program capacity. The commissioner shall consider the provider's capacity to obtain clients from outside the state based on plans, agreements, and previous utilization history, when determining the need for new treatment services.*

*Subd. 3. [LOCAL AGENCIES TO PAY STATE FOR COUNTY SHARE.] Local agencies shall submit invoices to the state on forms supplied by the commissioner and according to procedures established by the commissioner. Local agencies shall pay the state for the county share of the invoiced services.*

*Subd. 4. [DIVISION OF COSTS.] The county shall, out of local money, reimburse the state for 15 percent of the cost of chemical dependency serv-*

ices costs paid by the state under this section. Counties may use the indigent hospitalization levy for treatment and hospital payments made under this section. Fifteen percent of any state collections from private or third-party pay must be distributed to the county that paid for the treatment under this section. If all funds allocated according to section 9 are exhausted by a county and the county has met or exceeded the base level of expenditures under section 9, subdivision 3, the county shall reimburse the state for 15 percent of the costs paid by the state under this section. The commissioner may refuse to pay state funds for services to persons not eligible under section 11, subdivision 1, if the commissioner determines that funds will otherwise not be available for persons who are entitled to chemical dependency fund services.

*Subd. 5. [RULES; APPEAL.] The commissioner shall adopt rules as necessary to implement sections 8 to 20. The commissioner shall establish an appeals process for use by vendors or recipients when services certified by the county are disputed. The commissioner may adopt rules and standards for the appeal process to assure adequate redress for persons referred to inappropriate services.*

*Subd. 6. [PILOT PROJECTS.] The commissioner may transfer funds for chemical dependency services from the general fund appropriations for the general assistance, general assistance medical care, and medical assistance programs for pilot projects to design and test procedures needed to implement this legislation. The commissioner shall exempt funds from these sources that are used in pilot projects from relevant provisions of state laws and rules governing the use of these funds. The commissioner may make grants and contracts for this purpose, and the provisions of chapter 14 shall not apply to the procedures and criteria used to implement pilot projects.*

*Subd. 7. [COMMISSIONER REVIEW; COMPLAINTS.] The commissioner shall:*

*(1) provide training and assistance to counties on procedures for processing placements and making payments;*

*(2) visit facilities and review records as necessary to determine compliance with procedures established by law and rule;*

*(3) take complaints from vendors and recipients and investigate county placement activities as needed to determine compliance with law and rule.*

*Counties and vendors shall make regular reports as required by the commissioner to facilitate commissioner review.*

*Subd. 8. [REPORT TO LEGISLATURE.] The commissioner shall report to the legislature each biennium beginning in 1989 on chemical dependency services provided and expenditures made, and shall make recommendations regarding funding levels and new legislation.*

**Sec. 11. [254B.04] [ELIGIBILITY FOR CHEMICAL DEPENDENCY FUND SERVICES.]**

*Subdivision 1. [ELIGIBILITY.] Persons eligible for benefits under sections 256D.01 to 256D.21 and persons eligible for federal health care benefits under section 256B.06 are entitled to chemical dependency fund services.*

*Subd. 2. [AMOUNT OF CONTRIBUTION.] The commissioner shall adopt a sliding fee scale to determine the amount of contribution to be required from persons whose income and nonexempt property are greater than the standard of assistance under sections 256B.06 and 256D.01 to 256D.21. The commissioner may adopt an existing fee scale from another assistance program or from the state facilities by publication in the state register. The fee scale must not provide assistance to persons whose income is more than 115 percent of the state median income. Payments of liabilities under this section are medical expenses for purposes of determining spend-down under sections 256B.06 and 256D.01 to 256D.21.*

**Sec. 12. [254B.05] [VENDOR ELIGIBILITY.]**

*Programs licensed by the commissioner are eligible vendors. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245.791. American Indian programs that, if located outside of federally recognized tribal lands, would be required to be licensed to provide chemical dependency primary treatment, extended care, transitional residence, or outpatient treatment services, are eligible vendors. Detoxification programs are not eligible vendors. Programs that, if located outside of federally recognized tribal lands, would not be licensed as a chemical dependency residential or nonresidential treatment program under sections 245.781 to 245.812 are not eligible vendors. To be eligible for payment under the Consolidated Chemical Dependency Treatment Fund, a vendor must participate in the Drug and Alcohol Abuse Normative Evaluation System or a comparable system determined by the commissioner.*

**Sec. 13. [254B.06] [REIMBURSEMENT; PAYMENT; DENIAL.]**

*Subdivision 1. [STATE COLLECTIONS.] The commissioner is responsible for all collections from persons determined to be partially responsible for the cost of care of an eligible person receiving services under sections 8 to 20. The commissioner may collect all third-party payments for chemical dependency services provided under sections 8 to 20, including private insurance and federal medicaid and medicare financial participation. The commissioner shall deposit in the general fund a percentage of collections to pay for the cost of billing and collections. The remaining receipts must be deposited in the chemical dependency fund.*

*Subd. 2. [ALLOCATION OF COLLECTIONS.] The commissioner shall allocate all federal financial participation collections to the reserve fund under section 9, subdivision 3. The commissioner shall retain 85 percent of patient payments and third-party payments and allocate the collections to the treatment allocation for the county that is financially responsible for the person. Fifteen percent of patient and third-party payments must be paid to the county financially responsible for the patient. Collections for patient payment and third-party payment for services provided under section 16 shall be allocated to the allocation of the tribal unit which placed the person. Collections of federal financial participation for services provided under section 16 shall be allocated to the tribal reserve account under section 16, subdivision 5.*

*Subd. 3. [PAYMENT; DENIAL.] The commissioner shall pay eligible vendors for placements made by local agencies under section 10, subdivision 1, and placements by tribal-designated agencies according to section 16. The*

*commissioner may reduce or deny payment of the state share when services are not provided according to the placement criteria established by the commissioner. The commissioner may pay for all or a portion of improper county chemical dependency placements and bill the county for the entire payment made when the placement did not comply with criteria established by the commissioner.*

Sec. 14. [254B.07] [THIRD-PARTY LIABILITY.]

*The state agency provision and payment of, or liability for, chemical dependency medical care is the same as in section 256B.042.*

Sec. 15. [254B.08] [FEDERAL WAIVERS.]

*The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation for the provision of services to persons who need chemical dependency services. The commissioner may seek amendments to the waivers or apply for additional waivers to contain costs. The commissioner shall ensure that payment for the cost of providing chemical dependency services under the federal waiver plan does not exceed the cost of chemical dependency services that would have been provided without the waived services.*

Sec. 16. [254B.09] [INDIAN RESERVATION ALLOCATION OF CHEMICAL DEPENDENCY FUND.]

*Subdivision 1. [AMERICAN INDIAN CHEMICAL DEPENDENCY ACCOUNT.] The commissioner shall pay eligible vendors for chemical dependency services to American Indians on the same basis as other payments, except that no local match is required when an invoice is submitted by the governing authority of a federally recognized American Indian tribal body on behalf of a current resident of the reservation under this section.*

*Subd. 2. [AMERICAN INDIAN AGREEMENTS.] The commissioner may enter into agreements with federally recognized tribal units to pay for chemical dependency treatment services provided under sections 8 to 20. The agreements must require the governing body of the tribal unit to fulfill all county responsibilities regarding the form and manner of invoicing, and provide that only invoices for eligible vendors according to section 12 will be included in invoices sent to the commissioner for payment, to the extent that money allocated under subdivision 3 is used.*

*Subd. 3. [TRIBAL NONPARTICIPATION.] If a federally recognized tribal governing body has not entered into an agreement under subdivision 2 or cancels the agreement, money must be reallocated to the account established by subdivision 5.*

*Subd. 4. [TRIBAL ALLOCATION.] Forty-two and one-half percent of the American Indian chemical dependency account must be allocated to the federally recognized American Indian tribal governing bodies that have entered into an agreement under subdivision 2 as follows: \$10,000 must be allocated to each governing body and the remainder must be allocated in direct proportion to the population of the reservation according to the most recently available estimates from the federal Bureau of Indian Affairs.*

*Subd. 5. [TRIBAL RESERVE ACCOUNT.] The commissioner shall reserve 7.5 percent of the American Indian chemical dependency account.*

*The reserve must be allocated to those tribal units that have used all money allocated under subdivision 4 according to agreements made under subdivision 2. An American Indian tribal governing body may receive not more than 30 percent of the reserve account in a year. Money must be allocated as invoices are received.*

*Subd. 6. [AMERICAN INDIAN TRIBAL PLACEMENTS.] After entering into an agreement under subdivision 2, the governing authority of each reservation may submit invoices to the state for the cost of providing chemical dependency services to residents of the reservation according to the placement regulations governing county placements, except that local match requirements are waived. The governing body may designate an agency to act on its behalf to provide placement services and manage invoices by written notice to the commissioner and evidence of agreement by the agency designated.*

*Subd. 7. [NONRESERVATION INDIAN ACCOUNT.] Fifty percent of the American Indian chemical dependency allocation must be held in reserve by the commissioner in an account for treatment of Indians not residing on lands of a reservation receiving money under subdivision 4. This money must be used to pay for services certified by county invoice to have been provided to an American Indian eligible recipient. Money allocated under this subdivision may be used for payments on behalf of American Indian county residents only if, in addition to other placement standards, the county certifies that the placement was appropriate to the cultural orientation of the client.*

Sec. 17. Minnesota Statutes 1985 Supplement, section 256B.02, subdivision 8, is amended to read:

Subd. 8. [MEDICAL ASSISTANCE; MEDICAL CARE.] "Medical assistance" or "medical care" means payment of part or all of the cost of the following care and services for eligible individuals whose income and resources are insufficient to meet all of this cost:

(1) Inpatient hospital services. A second medical opinion is required prior to reimbursement for elective surgeries. The commissioner shall publish in the State Register a proposed list of elective surgeries that require a second medical opinion prior to reimbursement. The list is not subject to the requirements of sections 14.01 to 14.70. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal;

(2) Skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 256B.50, subdivision 1, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562;

(3) Physicians' services;

(4) Outpatient hospital or nonprofit community health clinic services or physician-directed clinic services. The physician-directed clinic staff shall include at least two physicians, one of whom is on the premises whenever the

clinic is open, and all services shall be provided under the direct supervision of the physician who is on the premises. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section;

(5) Community mental health center services, as defined in rules adopted by the commissioner pursuant to section 256B.04, subdivision 2, and provided by a community mental health center as defined in section 245.62, subdivision 2;

(6) Home health care services;

(7) Private duty nursing services;

(8) Physical therapy and related services;

(9) Dental services, excluding cast metal restorations;

(10) Laboratory and X-ray services;

(11) The following if prescribed by a licensed practitioner: drugs, eye-glasses, dentures, and prosthetic devices. The commissioner shall designate a formulary committee which shall advise the commissioner on the names of drugs for which payment shall be made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over the counter

drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; or any other over the counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and his determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Establishment of this fee shall not be subject to the requirements of the administrative procedure act. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the administrative procedure act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the administrative procedure act;

(12) Diagnostic, screening, and preventive services;

(13) Health care prepayment plan premiums and insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act;

(14) Abortion services, but only if one of the following conditions is met:

(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;

(b) The pregnancy is the result of criminal sexual conduct as defined in

section 609.342, clauses (c), (d), (e)(i), and (f), and the incident is reported within 48 hours after the incident occurs to a valid law enforcement agency for investigation, unless the victim is physically unable to report the criminal sexual conduct, in which case the report shall be made within 48 hours after the victim becomes physically able to report the criminal sexual conduct; or

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion;

(15) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory;

(16) To the extent authorized by rule of the state agency, costs of bus or taxicab transportation incurred by any ambulatory eligible person for obtaining nonemergency medical care;

(17) Personal care attendant services provided by an individual, not a relative, who is qualified to provide the services, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. Payments to personal care attendants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies; and

(18) Any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law, *except licensed chemical dependency treatment programs or primary treatment or extended care treatment units in hospitals that are covered under sections 8 to 20. The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes, but payment must be made under sections 8 to 20.*

Sec. 18. Minnesota Statutes 1984, section 256B.70, is amended to read:

256B.70 [DEMONSTRATION PROJECT WAIVER.]

Each hospital that participates as a provider in a demonstration project, established by the commissioner of human services to deliver medical assistance, *or chemical dependency services on a prepaid, capitation basis*, is exempt from the prospective payment system for inpatient hospital service during the period of its participation in that project.

Sec. 19. Minnesota Statutes 1985 Supplement, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist,

hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for day treatment services provided by a mental health center established under sections 245.61 to 245.69, subdivision 1, and funded through chapter 256E and for prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization.

(b) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8. The rates payable under this section must be calculated according to section 256.966, subdivision 2.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical 5 payments for which state payments are not made.

*(e) Chemical dependency services that are reimbursed under sections 8 to 20 must not be reimbursed under general assistance medical care.*

Sec. 20. Minnesota Statutes 1984, section 256E.08, subdivision 7, is amended to read:

Subd. 7. [COUNTY OF FINANCIAL RESPONSIBILITY.] (a) Except as described in paragraphs (b) and (c), the county responsible for payment for community social services is the county in which the recipient of services resides at the time of application if the applicant is not in a facility described in section 256B.02, subdivision 2, or has never resided in this state other than in such a facility. If the applicant is in a facility described in section 256B.02 and has previously resided in this state without being in such a facility, then the county of financial responsibility is the county in which he or she resided immediately before entering the facility. The county of financial responsibility does not change as a result of referral or approval of referral for services to another county by the county of financial responsibility. Minors are considered as residing in the county in which their parents or guardians reside. When a minor reaches the age of 18, the county of financial responsibility is the county in which the minor resides. If a person continues in residential care or treatment after reaching the age of 18, the county which initiated the treatment is the county of financial responsibility. When there is a dispute as to the county of financial responsibility, the county providing or arranging for services shall pay for them pending final determination of the county of residence. Disputes concerning the county of financial responsibility shall be settled in the manner prescribed in section 256D.18, subdivision 4. When the county board providing the care or service is not the county of the minor's legal residence, it has a claim for recovery of costs upon the county where the minor has residence.

(b) The county of financial responsibility for detoxification services and chemical dependency emergency admissions is the county where the client is when the need for services is identified. If the client is a resident of a chemical dependency facility, paragraph (a) applies.

(c) The county of financial responsibility for social services for a person receiving aid to families with dependent children, general assistance, or

medical assistance is the county from which that person is receiving the aid or assistance.

Sec. 21. [APPROPRIATIONS.]

*Subdivision 1. [CHEMICAL DEPENDENCY FUND.] The general fund appropriations for the general assistance, general assistance medical care, and medical assistance programs are reduced by the amount attributable to chemical dependency services covered under sections 8 to 16 and this amount is reappropriated to the commissioner of human services for transfer to the chemical dependency fund.*

*The general fund appropriation for the state hospital account is reduced by the amount attributable to chemical dependency programs and this amount is reappropriated to the commissioner of human services for transfer to the chemical dependency fund. This amount must be increased by the amount of salary supplement funds allocated for chemical dependency services for each biennium.*

*Notwithstanding any other law, \$1,050,000 of the federal alcohol and drug block grant is appropriated to the commissioner of human services for the chemical dependency fund.*

*Subd. 2. [AMERICAN INDIAN GRANTS.] The general fund appropriation for chemical dependency services grants for American Indians is reduced by \$640,000 and reappropriated to the commissioner of human services for transfer to the chemical dependency services fund.*

Sec. 22. [EXEMPTION.]

*Medical assistance funding for all intermediate care facilities providing chemical dependency services on or before January 1, 1986, shall be exempted from the provisions of sections 8 to 20. The commissioner shall include in the biennial report required under section 10, subdivision 8, recommendations regarding the necessity for continuing this exception beyond July 1, 1989.*

Sec. 23. [SUNSET.]

*The new sections and subdivisions and amendments enacted by sections 1 to 22 are repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the state hospital chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units.*

Sec. 24. [EFFECTIVE DATE.]

*Section 10, subdivision 6, and section 15 are effective the day following final enactment. Sections 1 to 9; 10, subdivisions 1 to 5, 7, and 8; 11 to 14; and 16 to 23 are effective July 1, 1987."*

Subdivision 1. [AMOUNT CONSTITUTING INTEREST.] For purposes of this chapter, in the case of any contract for the sale or exchange of property there shall be treated as interest that part of a payment to which section 483 of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985, applies. The treatment of loans with below-market interest rates shall be the same as is provided in section 7872 of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985.

Sec. 3. Minnesota Statutes 1985 Supplement, section 290.09, subdivision 7, is amended to read:

Subd. 7. [DEPRECIATION.] (A) [CUMULATIVE DEPRECIATION.] (a) There shall be allowed as a depreciation deduction a reasonable allowance for the exhaustion, wear and tear (including a reasonable allowance for obsolescence):

(1) of property used in the trade or business, or

(2) of property held for the production of income.

In the case of recovery property as provided in clause (c), the deduction allowable under clause (c) shall be deemed to constitute the reasonable allowance provided by this subdivision, except for the provisions of Part (B) relating to first year depreciation and except with respect to that portion of the basis of the property to which section 167(k) of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985, applies.

(b) The term "reasonable allowance" as used in clause (a) shall include (but shall not be limited to) an allowance computed in accordance with regulations prescribed by the commissioner, under any of the following methods:

(1) the straight line method.

(2) the declining balance method, using a rate not exceeding twice the rate which would have been used had the annual allowance been computed under the method described in paragraph (1).

(3) the sum of the years-digits method, and

(4) any other consistent method productive of an annual allowance, which, when added to all allowances for the period commencing with the taxpayer's use of the property and including the taxable year, does not, during the first two-thirds of the useful life of the property, exceed the total of such allowances which would have been used had such allowances been computed under the method described in (2). Nothing in this clause shall be construed to limit or reduce an allowance otherwise allowable under clause (a).

(c) For purposes of this subdivision "reasonable allowance" shall be the accelerated cost recovery system provisions of section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985, except as provided in this subdivision. In the case of recovery property within the meaning of section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985, the term "reasonable allowance" as used in clause (a) shall mean 85 percent of the deduction allowed pursuant to section 168 of the Internal Revenue Code of 1954 for property placed in service after December 31, 1980 and for taxable years beginning before January 1, 1982.

For taxable years beginning after December 31, 1981 the term reasonable allowance as used in clause (a) shall mean the following percent of the deduction allowed pursuant to section 168 of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985:

(2) For 15 or, 18, or 19 year real property the allowable percentage is 60 percent.

For property placed in service after December 31, 1980 the term "reasonable allowance" as used in clause (a) shall mean 100 percent of the deduction allowed pursuant to section 168 of the Internal Revenue Code of 1954 where the taxpayer uses for federal income tax purposes the straight line method provided in section 168(b)(3), (f)(12), or (j)(1) or a method provided

in section 168(e)(2) of the Internal Revenue Code of 1954, as amended through December 31, ~~1984~~ 1985. For property placed in service after December 31, 1980 and for which the full amount of the deduction allowed under section 168 of the Internal Revenue Code of 1954, as amended through December 31, ~~1984~~ 1985 has been allowed, the remaining depreciable basis in those assets for Minnesota purposes shall be a depreciation allowance computed by using the straight line method over the following number of years:

- (1) 3 year property - 1 year.
- (2) 5 year property - 2 years.
- (3) 10 year property - 5 years.
- (4) All 15 ~~and~~, 18, ~~and~~ 19 year property - 7 years.

When an asset is exchanged for another asset including an involuntary conversion and under the provision of the Internal Revenue Code gain is not recognized in whole or in part on the exchange of the first asset, the basis of the second asset shall be the same as its federal basis provided that the difference in basis due to the limitations provided in this clause can be written off as provided in the preceding sentence.

After the full amount of the allowable deduction for that property under the provision of section 168 of the Internal Revenue Code of 1954, as amended through December 31, ~~1984~~ 1985, has been obtained, the remaining depreciable basis in those assets for Minnesota purposes that shall be allowed as a depreciation allowance as provided above shall include the amount of any basis reduction made for federal purposes under section 48(q) of the Internal Revenue Code, as amended through December 31, ~~1984~~ 1985, to reflect the investment tax credit. No amount shall be allowed as a deduction under section 196 of the Internal Revenue Code of 1954, as amended through December 31, ~~1984~~ 1985.

The provisions of section 168(i)(4) of the Internal Revenue Code of 1954, as amended through December 31, ~~1984~~ 1985 shall apply to restrict research credit carrybacks and net operating loss carrybacks which are allocable to elected qualified leased property, notwithstanding section 290.068, subdivision 3, or 290.095, subdivision 3.

The provisions of section 280F of the Internal Revenue Code of 1954, as amended through ~~May 25~~ December 31, 1985, shall apply to limit the depreciation deductions, (including the first year depreciation deduction provided in paragraph (B)), for luxury automobiles and other property as provided in that section, and provided that if that section applies, the taxpayer shall be allowed to deduct the same amount of depreciation as was deducted for federal income tax purposes.

(d) Paragraphs (2), (3), and (4) of clause (b) shall apply only in the case of property (other than intangible property) described in clause (a) with a useful life of three years or more.

(1) the construction, reconstruction, or erection of which is completed after December 31, 1958, and then only to that portion of the basis which is prop-

erly attributable to such construction, reconstruction, or erection after December 31, 1958, or

(2) acquired after December 31, 1958, if the original use of such property commenced with the taxpayer and commences after such date.

(e) Where, under rules prescribed by the commissioner, the taxpayer and the commissioner have, after June 30, 1959, entered into an agreement in writing specifically dealing with the useful life and rate of depreciation of any property, the rate so agreed upon shall be binding on both the taxpayer and the commissioner in the absence of facts or circumstances not taken into consideration in the adoption of such agreement. The responsibility of establishing the existence of such facts and circumstances shall rest with the party initiating the modification. Any change in the agreed rate and useful life specified in the agreement shall not be effective for taxable years before the taxable year in which notice in writing by certified mail is served by the party to the agreement initiating such change. This clause shall not apply with respect to recovery property as defined in clause (c).

(f) In the absence of an agreement under clause (e) containing a provision to the contrary, a taxpayer may at any time elect in accordance with rules prescribed by the commissioner to change from the method of depreciation prescribed in clause (b)(2) to the method described in clause (b)(1).

(g) The basis on which exhaustion, wear and tear, and obsolescence are to be allowed in respect of any property shall be the adjusted basis provided in this chapter for the purpose of determining the gain on the sale or other disposition of such property.

(B) [FIRST YEAR DEPRECIATION.] The term "reasonable allowance" as used in this subdivision may, at the election of the taxpayer, include an amount as provided under section 179 of the Internal Revenue Code of 1954, as amended through December 31, ~~1984~~ 1985.

Section 1. Minnesota Statutes 1985 Supplement, section 290.12, subdivision 2, is amended to read:

Subd. 2. [ADJUSTMENTS.] In computing the amount of gain or loss under subdivision 1 proper adjustment shall be made for any expenditure, receipt, loss, or other item properly chargeable to capital account by the tax-

payer during his ownership thereof the basis of the property is its adjusted basis for federal income tax purposes, except as otherwise provided in this chapter. The basis shall be diminished by the amount of the deductions for exhaustion, wear and tear, obsolescence, amortization, depletion, and the allowance for amortization of bond premium if an election to amortize was made in accordance with section 290.09, subdivision 13, which could, during the period of his ownership thereof, have been deducted by the taxpayer under this chapter in respect of such property. In addition, if the property was acquired before January 1, 1933, the basis, if other than the fair market value as of such date, shall be diminished by the amount of exhaustion, wear and tear, obsolescence, amortization, or depletion actually sustained before such date. In respect of any period since December 31, 1932, during which property was held by a person or an organization not subject to income taxation under this chapter, proper adjustment shall be made for exhaustion, wear and tear, obsolescence, amortization, and depletion of such property to the extent sustained. For the purpose of determining the amount of these adjustments the taxpayer who sells or otherwise disposes of property acquired by gift shall be treated as the owner thereof from the time it was acquired by the last preceding owner who did not acquire it by gift, and the taxpayer who sells or otherwise disposes of property acquired by gift through an inter vivos transfer in trust shall be treated as the owner from the time it was acquired by the grantor.

No adjustment shall be made:

(1) for taxes or other carrying charges described in section 290.10, clause (11); or

(2) for expenditures described in section 290.09, subdivision 16 (relating to circulation expenditures), for which deductions have been taken by the taxpayer in determining taxable income for the taxable year or prior years the basis of the property is its adjusted basis for federal income tax purposes, except as otherwise provided in this chapter.

Sec. 2. Minnesota Statutes 1985 Supplement, section 290.21, subdivision 4, is amended to read:

Subd. 4. (a) 85 percent of dividends received by a corporation during the taxable year from another corporation, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of the other corporation and the dividends were paid from income arising out of business done in this state by the corporation paying the dividends. If the dividends were declared from income arising out of business done within and without this state, then a proportion of the remainder shall be allowed as a deduction. The proportion must be that which the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation. The amounts must be determined by the returns under this chapter of the corporation paying the dividends for the taxable year preceding their distribution. The burden is on

*the taxpayer to show that the amount of remainder claimed as a deduction has been received from income arising out of business done in this state.*

(b) *If the trade or business of the taxpayer consists principally of the holding of the stocks and the collection of the income and gains therefrom, dividends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of the other corporation, from income arising out of business done in this state by the corporation paying the dividends. If the dividends were declared from income arising out of business done within and without this state, then a proportion of the dividends shall be allowed as a deduction. The proportion must be that which the amount of the taxable net income of the corporation paying the dividends assignable or allocable to this state bears to the entire net income of the corporation. The amounts must be determined by the returns under this chapter of the corporation paying the dividends for the taxable year preceding their distribution. The burden is on the taxpayer to show that the amount of dividends claimed as a deduction has been received from income arising out of business done in this state.*

(c) *The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.*

*The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1954, as amended through December 31, 1984.*

*The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1954, as amended through December 31, 1984.*

*The dividend deduction provided in this subdivision shall not be allowed with respect to any dividend for which a deduction is not allowed under the provisions of section 246(c) of the Internal Revenue Code of 1954, as amended through December 31, 1984.*

(d) *If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law Number 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.*

(e) *Dividends received by a corporation from another corporation which is organized under the laws of a foreign country or a political subdivision of a foreign country, if the dividends are paid from income arising from sources without the United States, the commonwealth of Puerto Rico, and the possessions of the United States. The deduction provided by this clause does not apply if the corporate stock with respect to which dividends are paid constitutes the stock in trade of the taxpayer, or would be included in the inventory*

of the taxpayer, or constitutes property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or if the trade or business of the taxpayer consists principally of the holding of stocks and the collection of the income or gains therefrom. No dividend may be deducted under this clause if it is deducted under clause (a):

Sec. 3. Minnesota Statutes 1984, section 290.36, is amended to read:

290.36 [INVESTMENT COMPANIES; REPORT OF NET INCOME; COMPUTATION OF AMOUNT OF INCOME ALLOCABLE TO STATE.]

The taxable net income of investment companies shall be computed ~~and be~~ exclusively as follows:

Each investment company transacting business as such in this state shall report to the commissioner the net income returned by the company for the taxable year to the United States under the provisions of the Internal Revenue Code of 1954, as amended through December 31, 1983, less the credits provided therein *and subject to the adjustments required by this chapter*. The commissioner shall compute therefrom the taxable net income of the investment company by assigning to this state that proportion of such net income, less such credits which the aggregate of the gross payments collected by the company during the taxable year from old and new business upon investment contracts issued by the company and held by residents of this state, bears to the total amount of the gross payments collected during such year by the company from such business upon investment contracts issued by the company and held by persons residing within the state and elsewhere.

As used in this section, the term "investment company" means any person, co-partnership, association, or corporation, whether local or foreign, coming within the purview of section 54.26, and who or which is registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 and following), and who or which solicits or receives payments to be made to himself or itself and which issues therefor, or has issued therefor and has or shall have outstanding so-called bonds, shares, coupons, certificates of membership, or other evidences of obligation or agreement or pretended agreement to return to the holders or owners thereof money or anything of value at some future date; and as to whom the gross payments received during the taxable year in question upon outstanding investment contracts, plus interest and dividends earned on investment contracts determined by prorating the total dividends and interest for the taxable year in question in the same proportion that certificate reserves as defined by the Investment Company Act of 1940 is to total assets, shall be at least 50 percent of the company's gross payments upon investment contracts plus gross income from all other sources except dividends from subsidiaries for the taxable year in question. The term "investment contract" shall mean any such so-called bonds, shares, coupons, certificates of membership, or other evidences of obligation or agreement or pretended agreement issued by an investment company.

Sec. 4. Minnesota Statutes 1984, section 290.56, subdivision 3, is amended to read:

Subd. 3. [FAILURE TO REPORT CHANGE OR CORRECTION OF FEDERAL RETURN.] If a taxpayer shall fail to report a change or correc-

tion or renegotiation by the Commissioner of Internal Revenue or other officer of the United States or other competent authority or shall fail to file a copy of an amended return within 90 days as required by subdivision 2, the commissioner may, within six years thereafter, recompute the tax, including a refundment thereof, based upon such information as may be available to him, notwithstanding any period of limitations to the contrary.

*If a taxpayer reports the change, correction, or renegotiation, or files the amended return after the 90-day period required by subdivision 2 has expired, the time limit for the commissioner to recompute and reassess the tax due under this chapter, including making a refund, is the time limit provided in subdivision 4 determined from the date the report or amended return was filed with the commissioner.*

#### Sec. 5. [EFFECTIVE DATE.]

*Section 1 is effective for taxable years beginning after December 31, 1980. Section 2 is effective for taxable years beginning after June 30, 1985. Section 3 is effective for taxable years beginning after December 31, 1985. Section 4 is effective for reports or returns filed after the day of final enactment.*

### ARTICLE 3

#### INCOME TAX TECHNICAL

Section 1. Minnesota Statutes 1985 Supplement, section 270.77, is amended to read:

#### 270.77 [SUBSTANTIAL UNDERSTATEMENT OF LIABILITY.]

(a) The commissioner of revenue shall impose a penalty for substantial understatement of liability of any tax payable to the commissioner. ~~Except as otherwise provided in this section, the penalty must be determined under section 6661 of the Internal Revenue Code of 1954, as amended through December 31, 1984.~~

(b) ~~The provisions of section 6661 (b)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1984 do not apply.~~

(c) ~~The penalty is not limited to taxes imposed by chapter 290.~~

(d) ~~A substantial understatement of liability for a tax not imposed by chapter 290 is an understatement that exceeds ten percent of the tax required to be shown on the return or \$5,000, whichever is greater. There must be added to the tax an amount equal to ten percent of the amount of any underpayment attributable to the understatement. There is a substantial understatement of tax for the period if the amount of the understatement for the period exceeds the greater of: (1) ten percent of the tax required to be shown on the return for the period; or (2)(a) \$10,000 in the case of a corporation other than an S corporation as defined in section 290.9725 when the tax is imposed by chapter 290, or (b) \$5,000 in the case of any other taxpayer, and in the case of a corporation any tax not imposed by chapter 290. The term "understatement" means the excess of the amount of the tax required to be shown on the return for the period, over the amount of the tax imposed which is shown on the return. The amount of the understatement shall be reduced by that portion of the understatement which is attributable to the tax treatment of any item by the taxpayer if there is or was substantial authority for the treatment, or any~~

*item with respect to which the relevant facts affecting the item's tax treatment are adequately disclosed in the return or in a statement attached to the return. The special rules in cases involving tax shelters provided in section 6661(b)(2)(C) of the Internal Revenue Code of 1954, as amended through December 31, 1985, shall apply and shall apply to a tax shelter the principal purpose of which is the avoidance or evasion of state taxes. The commissioner may abate all or any part of the addition to the tax provided by this section on a showing by the taxpayer that there was reasonable cause for the understatement, or part of it, and that the taxpayer acted in good faith.*

Sec. 2. Minnesota Statutes 1985 Supplement, section 290.06, subdivision 3g, is amended to read:

Subd. 3g. [INFLATION ADJUSTMENT OF CREDITS.] For taxable years beginning after December 31, 1985, the credits provided for individuals in subdivision 3f shall be adjusted for inflation. The dollar amount of each credit for the prior year in subdivision 3f shall be increased ~~in the same manner as by the same percentage~~ provided in subdivision 2d for the expansion of the tax rate brackets. *The resulting amount must be rounded to the nearest whole dollar amount.*

Sec. 3. Minnesota Statutes 1984, section 290.067, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS.] The credit for expenses incurred for the care of each dependent shall not exceed \$720 in any taxable year, and the total credit for all dependents of a claimant shall not exceed \$1,440 in a taxable year. The total credit shall be reduced according to the amount of the combined federal adjusted gross income, plus the ordinary income portion of any lump sum distribution under section 402(e) of the Internal Revenue Code of 1954, as amended through December 31, 1983, of the claimant and his spouse, if any, as follows:

income up to \$10,000, \$720 maximum for one dependent, \$1,440 for all dependents;

income of \$10,001 to \$11,000, \$660 maximum for one dependent, \$1,320 for all dependents;

income over \$11,000, the maximum credit for one dependent shall be reduced by \$10 for every \$200 of additional income, \$20 for all dependents;

\$24,001 and over, no credit.

~~A married claimant shall file his income tax return for the year for which he claims the credit either jointly or separately on one form with his spouse. In the case of a married claimant only one spouse may claim the credit.~~

The commissioner shall construct and make available to taxpayers tables showing the amount of the credit at various levels of income and expenses. The tables shall follow the schedule contained in this subdivision, except that the commissioner may graduate the transitions between expenses and income brackets.

Sec. 4. Minnesota Statutes 1985 Supplement, section 290.068, subdivision 3, is amended to read:

Subd. 3. [LIMITATION; CARRYBACK AND CARRYOVER.] (a)(1)

The credit for the taxable year shall not exceed the liability for tax. "Liability for tax" for purposes of this section means the tax imposed under this chapter for the taxable year reduced by the sum of the nonrefundable credits allowed under this chapter.

(2) In the case of a corporation which is a partner in a partnership, the credit allowed for the taxable year shall not exceed the lesser of the amount determined under clause (1) for the taxable year or an amount (separately computed with respect to the corporation's interest in the trade or business or entity) equal to the amount of tax attributable to that portion of taxable income which is allocable or apportionable to the corporation's interest in the trade or business or entity.

(b) If the amount of the credit determined under this section for any taxable year exceeds the limitation under clause (a), the excess shall be a research credit carryback to each of the three preceding taxable years and a research credit carryover to each of the 15 succeeding taxable years. The entire amount of the excess unused credit for the taxable year shall be carried first to the earliest of the taxable years to which the credit may be carried and then to each successive year to which the credit may be carried. The amount of the unused credit which may be added under this clause shall not exceed the taxpayer's liability for tax less the research credit for the taxable year.

For the purposes of sections 290.46 and 290.50, if the claim for refund relates to an overpayment attributable to a research and experimental expenditure credit carryback under this subdivision, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period of limitation shall be that period which ends with the expiration of the 15th day of the 45th month following the end of the taxable year in which the research and experimental expenditure credit arises which results in the carryback, *plus any extension of time granted for filing the return, but only if the return was filed within the extended time*. With respect to any portion of a credit carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, the period of limitations shall be that period which ends with the expiration of the 15th day of the 45th month following the end of the subsequent taxable year, *plus any extension of time granted for filing the return, but only if the return was filed within the extended time*. In any case in which a taxpayer is entitled to a refund in a carryback year due to the carryback of a research and experimental expenditure credit, interest shall be computed only from the end of the taxable year in which the credit arises. With respect to any portion of a credit carryback from a taxable year attributable to a loss carryback from a subsequent taxable year, interest shall be computed from the end of the subsequent taxable year.

Sec. 5. Minnesota Statutes 1985 Supplement, section 290.089, subdivision 3, is amended to read:

Subd. 3. [STANDARD DEDUCTION.] In lieu of the deductions provided in subdivision 2, an individual may claim or be allowed a standard deduction as follows:

(a) Subject to modification pursuant to clause (b), the standard deduction shall be an amount equal to ten percent of the gross income of the taxpayer or the joint gross income of a married couple filing a joint return, up to a maximum deduction of \$2,400.

In the case of a married individual filing a separate return, the standard deduction is ten percent of the gross income of the taxpayer, up to a maximum of \$1,200, except that the standard deduction shall not be allowed to either if the net income of one of the spouses is determined without regard to the standard deduction.

(b) For taxable years beginning after December 31, 1985, the maximum amount of the standard deduction shall be adjusted for inflation in the same manner and percentage as provided in section 290.06, subdivision 2d, for the expansion of the rate brackets. The commissioner shall then round the maximum amount of the standard deduction to the nearest hundred dollar amount. When adjusting the maximum amount of standard deduction for inflation, the commissioner shall use the actual dollar amount of the maximum amount of the standard deduction prior to rounding the dollar amounts.

(c) The commissioner of revenue may establish a standard deduction tax table incorporating the rates set forth in section 290.06, subdivision 2c, and the standard deduction, and the personal credits. The tax of any individual taxpayer whose gross income is less than \$20,000 an amount determined by the commissioner shall, if an election is made not to itemize nonbusiness deductions, be computed in accordance with tables prepared and issued by the commissioner of revenue. The tables shall be prepared to reflect the allowance of the standard deduction and the personal and dependent credits.

Sec. 6. Minnesota Statutes 1985 Supplement, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal adjusted gross income as defined in the Internal Revenue Code;

(2) the taxpayer's federal tax preference items; less the sum of

(i) interest income as defined in section 290.01, subdivision 20b, clause (1); and

(ii) the amount of interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed qualified net investment income, as defined in section 55(e)(5) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income or amounts that are not allowable under section 55(e)(8) of the Internal Revenue Code.

In the case of an estate or trust, adjusted gross income must be modified as provided in section 55(e)(6)(B) of the Internal Revenue Code and reduced by the deductions allowed under sections 642(c), 651(a), and 661(a) of the Internal Revenue Code.

(b) "Federal tax preference items" means items as defined in sections 57, 58, and 443(d) of the Internal Revenue Code, modified as follows:

(1) The capital gain preference item shall be reduced where the gain would be modified because some or all of the assets have a higher basis for Minne-

sota purposes than for federal purposes.

(2) In the case of a nonresident individual, or an estate or trust, with a net operating loss that is a larger amount for Minnesota than for federal, the capital gain preference item shall be reduced to the extent it was reduced in the allowance of the net operating loss.

(3) Federal preference items from the business of mining or producing iron ore and other ores which are subject to the occupation tax and exempt from taxation under section 290.05, subdivision 1, shall not be a preference item for Minnesota.

(4) Other federal preference items to the extent not allowed in the computation of Minnesota gross income, as determined by the commissioner, are not preference items for Minnesota.

(c) "Internal Revenue Code" means the Internal Revenue Code of 1954, as amended through December 31, 1984.

(d) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section and section 290.032), reduced by the sum of the nonrefundable credits allowed under this chapter.

Sec. 7. Minnesota Statutes 1985 Supplement, section 290.095, subdivision 9, is amended to read:

Subd. 9. [SPECIAL PERIOD OF LIMITATION WITH RESPECT TO NET OPERATING LOSS CARRYBACKS.] For the purposes of sections 290.46 and 290.50 if the claim for refund relates to an overpayment attributable to a net operating loss carryback under this section or as the result in the case of an individual of an adjustment of "federal adjusted gross income" because of the carryback under section 172 of the Internal Revenue Code of 1954, as amended through December 31, 1983 1985, in lieu of the period of limitation prescribed in sections 290.46 and 290.50, the period shall be that period which ends with the expiration of the 15th day of the 46th month (or the 45th month, in the case of a corporation) following the end of the taxable year of the net operating loss which results in such carryback or adjustment of "federal adjusted gross income-," *plus any extension of time granted for filing the return, but only if the return was filed within the extended time.* During this extended period, for taxable years beginning before January 1, 1985, married individuals who elected to file separate returns or a combined return may change their election and file a joint return.

Sec. 8. Minnesota Statutes 1985 Supplement, section 290.095, subdivision 11, is amended to read:

Subd. 11. [CARRYBACK OR CARRYOVER ADJUSTMENTS.] (a) For individuals the amount of a net operating loss that may be carried back or carried over shall be the same dollar amount allowable in the determination of federal adjusted gross income. For estates and trusts the amount of a net operating loss that may be carried back or carried over shall be the same dollar amount allowable in the determination of federal taxable income.

(b) The following adjustments to the amount of the net operating loss that may be carried back or carried over must be made for:

(1) Nonassignable income or losses *for estates and trusts* as required by

section 290.17, subdivision 2.

(2) Adjustments to the determination of federal adjusted gross income that must be made because of changes in the Internal Revenue Code that have not yet been adopted by the legislature by updating the reference to the Internal Revenue Code contained in section 290.01, subdivision 20.

(3) Gains or losses which result from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes subject to the limitations contained in section 290.01, subdivision 20b, clauses (2) and (3).

(4) Interest, taxes, and other expenses not allowed under section 290.10, clause (9), *for estates and trusts*.

(5) The modification for accelerated cost recovery system depreciation as provided in section 290.01, subdivision 20f.

(c)(1) The net operating loss carryback or carryover applied as a deduction in the taxable year to which the net operating loss is carried back or carried over shall be equal to the net operating loss carryback or carryover applied in the taxable year in arriving at federal adjusted gross income (or federal taxable income for trusts and estates) subject to the modifications contained in clause (b) and to the following modifications:

(A) Increase the amount of carryback or carryover applied in the taxable year by the amount of losses and interest, taxes and other expenses not assignable or allowable to Minnesota incurred in the taxable year.

(B) Decrease the amount of carryback or carryover applied in the taxable year by the amount of income not assignable to Minnesota earned in the taxable year.

(C) A taxpayer who is not a resident of Minnesota during any part of the taxable year and who has no income assignable to Minnesota during the taxable year shall apply no net operating loss carryback or carryover in the taxable year.

(2) The provisions of section 172(b) of the Internal Revenue Code of 1954 as amended through December 31, 1983 (relating to carrybacks and carryovers) shall apply. The net operating loss carryback or carryover to the next consecutive taxable year shall be the net operating loss carryback or carryover as calculated in clause (c)(1) less the amount applied in the earlier taxable year(s). No additional net operating loss carryback or carryover shall be allowed if the entire amount has been used to offset Minnesota income in a year earlier than was possible on the federal return. A net operating loss carryback or carryover that was allowed to offset federal income in a year earlier than was possible on the Minnesota return shall still be allowed to offset Minnesota income but only if the loss was assignable to Minnesota in the year the loss occurred.

(d) A net operating loss shall be allowed to be carried back or carried forward only to the extent that loss was assignable to Minnesota in the year the loss occurred or in the year to which the loss was carried over, whichever would allow more of the loss to be allowed for Minnesota purposes.

Sec. 9. Minnesota Statutes 1985 Supplement, section 290.10, is amended

to read:

290.10 [NONDEDUCTIBLE ITEMS.]

In computing the net income no deduction shall in any case be allowed for:

For purposes of this section, reference to the Internal Revenue Code means the Internal Revenue Code of 1954, as amended through December 31, 1984.

Sec. 10. Minnesota Statutes 1985 Supplement, section 290.13, subdivision 1, is amended to read:

Subdivision 1. [TRANSACTIONS IN WHICH NO GAIN OR LOSS IS RECOGNIZED.] Gain or loss from transactions described in section 1031, 1032, 1035, 1036, or 1042 of the Internal Revenue Code of 1954, as amended through December 31, 1984 1985, shall be recognized at the time and in the manner, including the basis computation, provided in those sections.

Sec. 11. Minnesota Statutes 1985 Supplement, section 290.14, is amended to read:

290.14 [GAIN OR LOSS ON DISPOSITION OF PROPERTY, BASIS.]

Except as otherwise provided in this chapter, the basis for determining the gain or loss from the sale or other disposition of property acquired on or after January 1, 1933, shall be the cost to the taxpayer of such property *its adjusted basis for federal income tax purposes*, with the following exceptions:

(1) If the property should have been included in the last inventory, it shall be the last inventory value thereof;

(2) If the property was acquired by gift, it shall be the same as it would be if it were being sold or otherwise disposed of by the last preceding owner not acquiring it by gift; if the facts required for this determination cannot be ascertained, it shall be the fair market value as of the date, or approximate date, of acquisition by the last preceding owner, as nearly as the requisite facts can be ascertained by the commissioner;

(3) If the property was acquired by gift through an inter vivos transfer in trust, it shall be the same as it would be if it were being sold or otherwise disposed of by the grantor;

(4) Except as otherwise provided in this clause, the basis of property in the hands of a person acquiring the property from a decedent or to whom the property passed from a decedent shall, if not sold, exchanged or otherwise disposed of before the decedent's death by the person, be the fair market value of the property at the date of decedent's death or, in the case of an election

under section 2032 (relating to alternate valuation) of the Internal Revenue Code of 1954, as amended through December 31, 1983, its valuation at the applicable valuation date prescribed by that section, or in the case of an election under section 2032A (relating to valuation of farm real property) of the Internal Revenue Code of 1954, as amended through December 31, 1983, its value determined by that section.

For the purposes of the preceding paragraph, the following property shall be considered to have been acquired from or to have passed from the decedent:

(a) property acquired by bequest, devise, or inheritance, or by the decedent's estate from the decedent;

(b) property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent, with the right reserved to the decedent at all times before his death to revoke the trust;

(c) property transferred by the decedent during his lifetime in trust to pay the income for life to or on the order or direction of the decedent with the right reserved to the decedent at all times before his death to make any change in the enjoyment thereof through the exercise of a power to alter, amend, or terminate the trust;

(d) property passing without full and adequate consideration under a general power of appointment exercised by the decedent by will;

(e) in the case of a decedent's dying after December 31, 1956, property acquired from the decedent by reason of death, form of ownership, or other conditions (including property acquired through the exercise or nonexercise of a power of appointment), if by reason thereof the property is required to be included in determining the value of the decedent's gross estate for Minnesota inheritance or estate tax purposes. In this case, if the property is acquired before the death of the decedent, the basis shall be the amount determined under the first paragraph of this clause reduced by the amount allowed to the taxpayer as deductions in computing taxable net income under this chapter or prior Minnesota income tax laws for exhaustion, wear and tear, obsolescence, amortization, and depletion on the property before the death of the decedent. The basis shall be applicable to the property commencing on the death of the decedent. This paragraph shall not apply to annuities and property described in paragraphs (a), (b), (c) and (d) of this clause.

This clause shall not apply to property which constitutes a right to receive an item of income in respect of a decedent under section 290.077.

(5) If substantially identical property was acquired in the place of stocks or securities which were sold or disposed of and in respect of which loss was not allowed as a deduction under section 290.089 or 290.09, subdivision 5, the basis in the case of property so acquired shall be the same as that provided in section 1091 of the Internal Revenue Code of 1954, as amended through December 31, 1983.

(6) Neither the basis nor the adjusted basis of any portion of real property shall, in the case of a lessor of the property, be increased or diminished on account of income derived by the lessor in respect of the property and excludable from gross income under section 290.08, subdivision 14.

If an amount representing any part of the value of real property attributable to

buildings erected or other improvements made by a lessee in respect of the property was included in gross income of the lessor for any taxable year beginning before January 1, 1943, the basis of each portion of the property shall be properly adjusted for the amount included in gross income.

*(1) Corporations, partnerships or individuals subject to the occupation tax under Minnesota Statutes, chapter 298; shall use the occupation tax basis;*

~~(7) (2) The basis of property subject to the provisions of section 1034 of the Internal Revenue Code of 1954, as amended through December 31, 1983 1985 (relating to the rollover of gain on sale of principal residence) shall be the same as the basis for federal income tax purposes. The basis shall be increased by the amount of gain realized on the sale of a principal residence outside of Minnesota, while a nonresident of this state, which gain was not recognized because of the provisions of section 1034.~~

Sec. 12. Minnesota Statutes 1985 Supplement, section 290.21, subdivision 4, is amended to read:

Subd. 4. (a) 85 percent of dividends received by a corporation during the taxable year from another corporation, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom. The remaining 15 percent shall be allowed if the recipient owns 80 percent or more of all the voting stock of the other corporation.

(b) If the trade or business of the taxpayer consists principally of the holding of the stocks and the collection of the income and gains therefrom, dividends received by a corporation during the taxable year from another corporation, if the recipient owns 80 percent or more of all the voting stock of the other corporation.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1954, as amended through December 31, 1984.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1954, as amended through December 31, 1984.

The dividend deduction provided in this subdivision shall not be allowed with respect to any dividend for which a deduction is not allowed under the provisions of section 246(c) of the Internal Revenue Code of 1954, as amended through December 31, 1984.

(d) If dividends received by a corporation that does not have nexus with

Minnesota under the provisions of Public Law Number 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.

For purposes of computing either the arithmetic average or weighted apportionment formulas under section 290.19, subdivision 1 for each corporation involved, the numerator of the fraction shall be that corporation's sales, property, and payroll in Minnesota and the denominator shall be the total sales, payroll, and property of all the corporations shown on the combined report. Sec. 18. Minnesota Statutes 1985 Supplement, section 290.92, subdivision 2a, is amended to read:

Subd. 2a. [COLLECTION AT SOURCE.] (1) [DEDUCTIONS.] Every employer making payment of wages shall deduct and withhold upon such wages a tax as provided in this section.

(2) [WITHHOLDING ON PAYROLL PERIOD.] The employer shall withhold the tax on the basis of each payroll period or as otherwise provided in this section.

(3) [WITHHOLDING TABLES.] Unless the amount of tax to be withheld is determined as provided in subdivision 3, the amount of tax to be withheld for each individual shall be based upon tables to be prepared and distributed by the commissioner. The tables shall be computed for the several permissible withholding periods and shall take account of exemptions allowed under

this section; and the amounts computed for withholding shall be such that the amount withheld for any individual during his taxable year shall approximate in the aggregate as closely as possible the tax which is levied and imposed under this chapter for that taxable year, upon his salary, wages, or compensation for personal services of any kind for the employer, and shall take into consideration ~~the optional deduction for federal income tax~~ and the deduction allowable under section 290.089, subdivision 3, and the personal credits allowed against the tax.

(4) [MISCELLANEOUS PAYROLL PERIOD.] If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which such wages are paid.

(5) [MISCELLANEOUS PAYROLL PERIOD.] (a) In any case in which wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the number of days, including Sundays and holidays, which have elapsed since the date of the last payment of such wages by such employer during the calendar year, or the date of commencement of employment with such employer during such year, or January 1 of such year, whichever is the later.

(b) In any case in which the period, or the time described in clause (a), in respect of any wages is less than one week, the commissioner, under regulations prescribed by him, may authorize an employer to determine the amount to be deducted and withheld under the tables applicable in the case of a weekly payroll period, in which case the aggregate of the wages paid to the employee during the calendar week shall be considered the weekly wages.

(6) [WAGES COMPUTED TO NEAREST DOLLAR.] If the wages exceed the highest bracket, in determining the amount to be deducted and withheld under this subdivision, the wages may, at the election of the employer, be computed to the nearest dollar.

(7) [REGULATIONS ON WITHHOLDING.] The commissioner may, by rule, authorize employers:

(a) to estimate the wages which will be paid to any employee in any quarter of the calendar year;

(b) to determine the amount to be deducted and withheld upon each payment of wages to such employee during such quarter as if the appropriate average of the wages so estimated constituted the actual wages paid; and

(c) to deduct and withhold upon any payment of wages to such employee during such quarter such amount as may be necessary to adjust the amount actually deducted and withheld upon wages of such employee during such quarter to the amount required to be deducted and withheld during such quarter without regard to this paragraph (7).

(8) [ADDITIONAL WITHHOLDING.] The commissioner is authorized to provide by rule for increases or decreases in the amount of withholding otherwise required under this section in cases where the employee requests

the changes. Such additional withholding shall for all purposes be considered tax required to be deducted and withheld under this section.

(9) [TIPS.] In the case of tips which constitute wages, this subdivision shall be applicable only to such tips as are included in a written statement furnished to the employer pursuant to section 6053 of the Internal Revenue Code of 1954, as amended through December 31, 1983 1985, and only to the extent that the tax can be deducted and withheld by the employer, at or after the time such statement is so furnished and before the close of the calendar year in which such statement is furnished, from such wages of the employee (excluding tips, but including funds turned over by the employee to the employer for the purpose of such deduction and withholding) as are under the control of the employer; and an employer who is furnished by an employee a written statement of tips (received in a calendar month) pursuant to section 6053 of the Internal Revenue Code of 1954 as amended through December 31, 1983 1985, to which subdivision 1 is applicable may deduct and withhold the tax with respect to such tips from any wages of the employee (excluding tips) under his control, even though at the time such statement is furnished the total amount of the tips included in statements furnished to the employer as having been received by the employee in such calendar month in the course of his employment by such employer is less than \$20. Such tax shall not at any time be deducted and withheld in an amount which exceeds the aggregate of such wages and funds as are under the control of the employer minus any tax required by other provisions of state or federal law to be collected from such wages and funds.

(10) [VEHICLE FRINGE BENEFITS.] An employer may elect shall not deduct and withhold any tax under this section with respect to any vehicle fringe benefit provided to an employee if the employer has so elected for federal purposes and the requirement of and the definition contained in section 3402(s) of the Internal Revenue Code of 1954, as amended through May 25 December 31, 1985, are complied with.

Sec. 19. Minnesota Statutes 1985 Supplement, section 290.93, subdivision 10, is amended to read:

Subd. 10. [UNDERPAYMENT OF ESTIMATED TAX.] (1) In the case of any underpayment of estimated tax by an individual, except as provided in paragraph (4), (5), or (6), there must be added to and become a part of the taxes imposed by this chapter, for the taxable year an amount determined at the rate specified in section 270.75 upon the amount of the underpayment for the period of the underpayment.

(2) For purposes of the preceding paragraph, the amount of underpayment shall be the excess of

(a) the amount of the installment which would be required to be paid if the estimated tax were equal to 80 percent (66-2/3 percent in the case of farmers referred to in subdivision 5(2)) of the taxes shown on the return for the taxable year or 80 percent (66-2/3 percent in the case of farmers referred to above) the taxes for such year if no return was filed, over

(b) the amount, if any, of the installment paid on or before the last day prescribed for such payment.

(3) The period of the underpayment shall run from the date the installment

was required to be paid to whichever of the following dates is the earlier

(a) The 15th day of the fourth month following the close of the taxable year.

(b) With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this subparagraph, a payment of estimated tax on any installment date shall be considered a payment of any unpaid required installments in the order in which the installments are required to be paid.

(4) The addition to the tax with respect to any underpayment of any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the lesser

*The amount of any installment required to be paid shall be 25 percent of the required annual payment except as provided in paragraph (c). The term "required annual payment" means the lesser of*

(a) 80 percent (66-2/3 percent in the case of farmers referred to in subdivision 5, paragraph (2)), of the tax shown on the return for the taxable year or 80 percent (66-2/3 percent in the case of farmers referred to above) of the tax for the year if no return is filed, or

(b) The total tax liability shown on the return of the individual for the preceding taxable year (if a return showing a liability for such taxes was filed by the individual for the preceding taxable year of 12 months), or

(c) An amount equal to the applicable percentage of the tax for the taxable year (after deducting personal credits) computed by placing on an annualized basis the taxable income and alternative minimum taxable income for the months in the taxable year ending before the month in which the installment is required to be paid. The applicable percentage of the tax is 20 percent in the case of the first installment, 40 percent for the second installment, 60 percent for the third installment, and 80 percent for the fourth installment. For purposes of this subparagraph, the taxable income and alternative minimum taxable income shall be placed on an annualized basis by

(i) Multiplying by 12 (or in the case of a taxable year of less than 12 months, the number of months in the taxable year) the taxable income and alternative minimum taxable income computed for the months in the taxable year ending before the month in which the installment is required to be paid.

(ii) Dividing the resulting amount by the number of months in the taxable year ending before the month in which such installment date falls.

(5) No addition to the tax shall be imposed under this subdivision for any taxable year if:

(a) the individual did not have any liability for tax for the preceding taxable year,

(b) the preceding taxable year was a taxable year of 12 months, and

(c) the individual was a resident of Minnesota throughout the preceding

taxable year.

(6) No addition to the tax shall be imposed under this subdivision with respect to any underpayment to the extent the commissioner determines that the provisions of section 6654(e)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1984, apply.

(7) For the purposes of applying this subdivision, the estimated tax shall be computed without any reduction for the amount which the individual estimates as his credit under section 290.92, subdivision 12 (relating to tax withheld at source on wages), and any other refundable credits which are allowed against income tax liability, and the amount of such credits for the taxable year shall be deemed a payment of estimated tax, and an equal part of such amounts shall be deemed paid on each installment date (determined under subdivisions 6 and 7) for such taxable year, unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts so withheld shall be deemed payments of estimated tax on the dates on which such amounts were actually withheld.

Sec. 20. Minnesota Statutes 1984, section 290A.03, subdivision 8, is amended to read:

Subd. 8. [CLAIMANT.] (a) "Claimant" means a person, other than a dependent, who filed a claim authorized by this chapter and who was domiciled in this state during the calendar year for which the claim for relief was filed.

(b) In the case of a claim relating to rent constituting property taxes, the claimant shall have resided in a rented or leased unit on which ad valorem taxes or payments made in lieu of ad valorem taxes, including payments of special assessments imposed in lieu of ad valorem taxes, are payable at some time during the calendar year covered by the claim:

(c) "Claimant" shall not include a resident of a nursing home, intermediate care facility, or long term residential facility whose rent constituting property taxes is paid pursuant to the supplemental security income program under title XVI of the Social Security Act, the Minnesota supplemental aid program pursuant to sections 256D.35 to 256D.41, the medical assistance program pursuant to title XIX of the Social Security Act, or the general assistance medical care program pursuant to section 256D.03, subdivision 3. If only a portion of the rent constituting property taxes is paid by these programs, the resident shall be a claimant for purposes of this chapter, but the refund calculated pursuant to section 290A.04 shall be multiplied by a fraction, the numerator of which is income as defined in subdivision 3 reduced by the total amount of income from the above sources other than vendor payments under the medical assistance program or the general assistance medical care program and the denominator of which is income as defined in subdivision 3 plus vendor payments under the medical assistance program or the general assistance medical care program, to determine the allowable refund pursuant to this chapter. *For purposes of this paragraph and paragraph (d), household income or income as defined in subdivision 3 must not be reduced by the \$2,000 reduction provided in subdivision 3, paragraph (2), clause (f), for claimants who are disabled or age 65 or more.*

(d) Notwithstanding paragraph (c), if the claimant was a resident of the

nursing home, intermediate care facility or long term residential facility for only a portion of the calendar year covered by the claim, the claimant may compute rent constituting property taxes by disregarding the rent constituting property taxes from the nursing home, intermediate care facility, or long term residential facility and use only that amount of rent constituting property taxes or property taxes payable relating to that portion of the year when the claimant was not in the facility. The claimant's household income is his income for the entire calendar year covered by the claim.

(e) In the case of a claim for rent constituting property taxes of a part year Minnesota resident, the income and rental reflected in this computation shall be for the period of Minnesota residency only. Any rental expenses paid which may be reflected in arriving at federal adjusted gross income cannot be utilized for this computation. When two individuals of a household are able to meet the qualifications for a claimant, they may determine among them as to who the claimant shall be. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final. If a homestead property owner was a part year Minnesota resident, the income reflected in the computation made pursuant to section 290A.04 shall be for the entire calendar year, including income not assignable to Minnesota.

(f) If a homestead is occupied by two or more renters, who are not husband and wife, the rent shall be deemed to be paid equally by each, and separate claims shall be filed by each. The income of each shall be his household income for purposes of computing the amount of credit to be allowed.

commissioner shall determine which municipalities and independent nonprofit firefighting corporations are qualified to receive fire state aid and which municipalities and counties are qualified to receive police state aid. Any municipality, independent nonprofit firefighting corporation or county which received state aid for the year immediately previous shall be presumed to be qualified to receive state aid for the year in question. If subsequent examination reveals that the state aid recipient was not in fact qualified to receive state aid for any year, the commissioner shall retroactively disqualify the recipient and shall take any necessary steps to recover the state aid payments which had been made for the years of disqualification, plus interest at a rate equal to the maximum lawful interest rate for a state bank pursuant to section 48.195, as of the date of disqualification, compounded annually from the date on which the state aid payment was made until the date on which the payment is recovered. The determination of qualification by the commissioner shall be based on information contained in the fire department, personnel and equipment certification required pursuant to section 69.011, the annual financial report required pursuant to section 69.051, any actuarial valuation or experience study report required pursuant to sections 69.77 or 69.773, any audits conducted by the state auditor or an independent auditor, and any other relevant information which comes to the attention of the commissioner. Upon completion of the determination, on or before June 1, the commissioner shall calculate pursuant to subdivision 6 the amount of fire state aid and police state aid which each county, *municipality, or independent nonprofit firefighting corporation* is to receive for subsequent apportionment pursuant to subdivision 7 and shall certify to the commissioner of finance the name of each county in which are located one or more qualified state aid recipients, *municipality, or independent nonprofit firefighting corporation* and the amount of state aid which each county is to receive for subsequent apportionment. The commissioner shall also certify to each county auditor the name of each qualified state aid recipient located in the county and any other information deemed necessary for the county auditor to make the subsequent apportionment of state aid.

Sec. 2. Minnesota Statutes 1984, section 69.021, subdivision 5, is amended to read:

Subd. 5. [CALCULATION OF STATE AID.] The amount of state aid available for apportionment shall be two percent of the fire, lightning, sprinkler leakage and extended coverage premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report and two percent of the premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report. The amount for apportionment in respect to firefighter's state aid shall not be greater or lesser than the amount of premium taxes paid to the state upon the premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report. The total amount for apportionment in respect to police state aid shall not be greater or lesser than the amount of premium taxes paid to the state upon the premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report. The total amount for apportionment in respect to police state aid shall be distributed to the counties for apportionment to municipalities maintaining police departments and to the county on the basis of the number of active peace officers, as certified pursuant to section 69.011, subdivision 2, clause (b). The commissioner shall calculate the percentage of increase or decrease reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

Sec. 3. Minnesota Statutes 1984, section 69.021, subdivision 7, is amended to read:

Agreement shall be in writing and filed with the commissioner in duplicate. The commissioner shall forward one copy of the agreement to the county auditor of the county wherein the fire department is located and retain one copy.

(d) No municipality entitled to receive police state aid shall be apportioned less police state aid for any year under Laws 1976, Chapter 315, than the amount which was apportioned to it for calendar year 1975 based on premiums reported to the commissioner for calendar year 1974; provided, the amount of police state aid to other municipalities within the county and to the county shall be adjusted in proportion to the total number of peace officers in the municipalities and the county; so that the amount of police state aid apportioned shall not exceed the amount of police state aid available for apportionment.

The owner or, when applicable, the contract vendee shall have only one such option and may not expand or otherwise modify his election without the consent of the utility. The required acquisition of land pursuant to this subdivision shall be considered an acquisition for a public purpose and for use in the utility's business, for purposes of chapter 117 and section 500.24, respectively; provided that a utility shall divest itself completely of all such lands used for farming or capable of being used for farming not later than the time it can receive the market value paid at the time of acquisition of lands less any diminution in value by reason of the presence of the utility route or site. Upon the owner's election made under this subdivision, the easement interest over and adjacent to the lands designated by the owner to be acquired in fee, sought in the condemnation petition for a high voltage transmission line right-of-way shall automatically be converted into a fee taking.

Sec. 8. Minnesota Statutes 1984, section 124.195, subdivision 5, is amended to read:

Subd. 5. [COMMISSIONER'S ASSUMPTIONS.] For purposes of determining the amount of state general fund cash to be paid to school districts pursuant to subdivision 3, the commissioner of education shall:

- (1) 50 percent within seven business days of each due date; and
- (2) 100 percent within 14 business days of each due date;

Sec. 9. Minnesota Statutes 1985 Supplement, section 124.2131, subdivision 3, is amended to read:

Subd. 3. [DECREASE IN IRON ORE ASSESSED VALUE.] If in any year the assessed value of class 9a and 9b property, as defined in sections

section 273.13, subdivision 30, and 273.165, subdivision 2, in any district is less than the assessed value of such property in the immediately preceding year, the equalization aid review committee shall redetermine for all purposes the adjusted assessed value of the immediately preceding year taking into account only the decrease in assessed value of class 9a and 9b property. If subdivision 2, clause (a) is applicable to such a district, the decrease in class 9a and 9b property shall be applied to the adjusted assessed value as limited therein. In all other respects, the provisions of clause (1) shall be applicable.

Sec. 10. Minnesota Statutes 1984, section 270.12, subdivision 2, is amended to read:

Subd. 2. The board shall meet annually on August 15 at the office of the commissioner of revenue and examine and compare the returns of the assessment of the property in the several counties, and equalize the same so that all the taxable property in the state shall be assessed at its market value, subject to the following rules:

(1) The board shall add to the aggregate valuation of the real property of every county, which the board believes to be valued below its market value in money, such percent as will bring the same to its market value in money;

(2) The board shall deduct from the aggregate valuation of the real property of every county, which the board believes to be valued above its market value in money, such percent as will reduce the same to its market value in money;

(3) If the board believes the valuation of the real property of any town or district in any county, or the valuation of the real property of any county not in towns or cities, should be raised or reduced, without raising or reducing the other real property of such county, or without raising or reducing it in the same ratio, the board may add to, or take from, the valuation of any one or more of such towns or cities, or of the property not in towns or cities, such percent as the board believes will raise or reduce the same to its market value in money;

(4) The board shall add to the aggregate valuation of any class of personal property of any county, town, or city, which the board believes to be valued below the market value thereof, such percent as will raise the same to its market value in money;

(5) The board shall take from the aggregate valuation of any class of personal property in any county, town or city, which the board believes to be valued above the market value thereof, such percent as will reduce the same to its market value in money;

(6) The board shall not reduce the aggregate valuation of all the property of the state, as returned by the several county auditors, more than one percent on the whole valuation thereof; and

(7) When it would be of assistance in equalizing values the board may require any county auditor to furnish statements showing assessments of real and personal property of any individuals, firms, or corporations within the county. The board shall consider and equalize such assessments and may increase the assessment of individuals, firms, or corporations above the amount returned by the county board of equalization when it shall appear to

be undervalued, first giving notice to such persons of the intention of the board so to do, which notice shall fix a time and place of hearing. The board shall not decrease any such assessment below the valuation placed by the county board of equalization; and

*(8) In equalizing values pursuant to this section, the board shall utilize a 12-month assessment/sales ratio study conducted by the department of revenue containing only sales that occurred between October 1 of the year immediately preceding the previous year to September 30 of the previous year. The sales prices used in the study must be discounted for terms of financing. The board shall use the median ratio as the statistical measure of the level of assessment for any particular category of property.*

Sec. 11. Minnesota Statutes 1985 Supplement, section 273.11, subdivision 8, is amended to read:

Subd. 8. [LIMITED EQUITY COOPERATIVE APARTMENTS.] For the purposes of this subdivision, the terms defined in this subdivision have the meanings given them.

A "limited equity cooperative" is a corporation organized under chapter 308, which has as its primary purpose the provision of housing and related services to its members, ~~who must be persons or families of low and moderate income as defined in section 462A.03, subdivision 10, whose income must not exceed 110 percent of the St. Paul-Minneapolis metropolitan area income as determined by the United States Department of Housing and Urban Development~~ at the time they purchase their membership, and which meets the following requirements:

(a) The articles of incorporation set the sale price of occupancy entitling cooperative shares or memberships at no more than a transfer value determined as provided in the articles. That value may not exceed the sum of the following:

(1) the consideration paid for the membership or shares by the first occupant of the unit, as shown in the records of the corporation;

(2) the fair market value, as shown in the records of the corporation, of any improvements to the real property that were installed at the sole expense of the member with the prior approval of the board of directors;

(3) accumulated interest, or an inflation allowance not to exceed the greater of a ten percent annual noncompounded increase on the consideration paid for the membership or share by the first occupant of the unit, or the amount that would have been paid on that consideration if interest had been paid on it at the rate of the percentage increase in the revised consumer price index for all urban consumers for the Minneapolis-St. Paul metropolitan area prepared by the United States Department of Labor, provided that the amount determined pursuant to this clause may not exceed \$500 for each year or fraction of a year the membership or share was owned; plus

(4) real property capital contributions shown in the records of the corporation to have been paid by the transferor member and previous holders of the same membership, or of separate memberships that had entitled occupancy to the unit of the member involved. These contributions include contributions to a

corporate reserve account the use of which is restricted to real property improvements or acquisitions, contributions to the corporation which are used for real property improvements or acquisitions, and the amount of principal amortized by the corporation on its indebtedness due to the financing of real property acquisition or improvement or the averaging of principal paid by the corporation over the term of its real property-related indebtedness.

(b) The articles of incorporation require that the board of directors limit the purchase price of stock or membership interests for new member-occupants or resident shareholders to an amount which does not exceed the transfer value for the membership or stock as defined in clause (a).

(c) The articles of incorporation require that the total distribution out of capital to a member shall not exceed that transfer value.

(d) The articles of incorporation require that upon liquidation of the corporation any assets remaining after retirement of corporate debts and distribution to members will be conveyed to a charitable organization described in section 501(c)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1984; or a public agency.

A "limited equity cooperative apartment" is a dwelling unit owned or leased by a limited equity cooperative. If the dwelling unit is leased by the cooperative the lease agreement must meet the conditions for a cooperative lease stated in section 273.124, subdivision 6.

"Occupancy entitling cooperative share or membership" is the ownership interest in a cooperative organization which entitles the holder to an exclusive right to occupy a dwelling unit owned or leased by the cooperative.

For purposes of taxation, the assessor shall value a unit owned by a limited equity cooperative at the lesser of its market value or the value determined by capitalizing the net operating income of a comparable apartment operated on a rental basis at the capitalization rate used in valuing comparable buildings that are not limited equity cooperatives. If a cooperative fails to operate in accordance with the provisions of clauses (a) to (d), the property shall be subject to additional property taxes in the amount of the difference between the taxes determined in accordance with this subdivision for the last ten years that the property had been assessed pursuant to this subdivision and the amount that would have been paid if the provisions of this subdivision had not applied to it. The additional taxes, plus interest at the rate specified in section 549.09, shall be extended against the property on the tax list for the current year.

Sec. 12. Minnesota Statutes 1985 Supplement, section 273.124, subdivision 6, is amended to read:

Subd. 6. [LEASEHOLD COOPERATIVES.] When one or more dwellings or one or more buildings which each contain several dwelling units is owned by a nonprofit corporation subject to the provisions of chapter 317 or a limited partnership which corporation or partnership operates the property in conjunction with a cooperative association, homestead treatment may be claimed for each dwelling unit occupied by a member of the cooperative. To qualify for the treatment provided by this subdivision, the following conditions must be met: (a) the cooperative association must be organized under

sections 308.05 to 308.18; (b) the cooperative association must have a lease for occupancy of the property for a term of at least 20 years; (c) *to the extent permitted under state or federal law*, the cooperative association must have a right under a written agreement with the owner to purchase the property if the owner proposes to sell it; if the cooperative association does not purchase the property when it is offered for sale, the owner may not subsequently sell the property to another purchaser at a price lower than the price at which it was offered for sale to the cooperative association unless the cooperative association approves the sale; and (d) if a limited partnership owns the property, it must include as the managing general partner either the cooperative association or a nonprofit organization operating under the provisions of chapter 317. Homestead treatment must be afforded to units occupied by members of the cooperative association and the units must be assessed as provided in subdivision 1, provided that any unit not so occupied shall be classified and assessed pursuant to the appropriate class. No more than three acres of land may, for assessment purposes, be included with each dwelling unit that qualifies for homestead treatment under this subdivision.

Sec. 13. Minnesota Statutes 1985 Supplement, section 273.13, subdivision 15a, is amended to read:

Subd. 15a. [GENERAL FUND, REPLACEMENT OF REVENUE.] (1) Payment from the general fund shall be made, as provided herein, for the purpose of replacing revenue lost as a result of the reduction of property taxes provided in subdivisions 22 and 23.

(2) Each county auditor shall certify, not later than May 1 of each year to the commissioner of revenue the amount of reduction resulting from subdivisions 22 and 23 in his county. This certification shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under the provisions of section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner of revenue shall review such certifications to determine their accuracy. He may make such changes in the certification as he may deem necessary or return a certification to the county auditor for corrections.

(3) Based on current year tax data reported in the abstracts of tax lists, the commissioner of revenue shall annually determine the taxing district distribution of the amounts certified under clause (2). The commissioner of revenue shall pay to each taxing district, other than school districts, its total payment for the year in equal installments on or before July 15, ~~August 15,~~ ~~September 15,~~ ~~October 15,~~ ~~November 15,~~ and December 15 of each year.

Sec. 14. Minnesota Statutes 1985 Supplement, section 273.13, subdivision 26, is amended to read:

Subd. 26. [CLASS 5.] (a) Residential real estate containing less than four units, other than seasonal residential, recreational, and homesteads, is class 5a. Class 5a shall also include post-secondary student housing not to exceed one acre of land which is owned by a nonprofit corporation organized under chapter 317 and is used exclusively by a sorority or fraternity organization for housing. Class 5a property is assessed at 28 percent of market value.

(b) Structures of five stories or more and constructed with materials meeting the requirements for type I or II construction as defined in the state

building code, if at least 90 percent of the structure is used or to be used as apartment housing, is class 5b. Class 5b property is assessed at 25 percent of market value. The 25 percent assessment ratio applies to these structures for a period of 40 years from the date of completion of original construction, or the date of initial though partial use, whichever is earlier.

*(c) Manufactured homes not classified under any other provision constitute class 5c. Class 5c property is assessed at 28 percent of market value.*

Sec. 15. Minnesota Statutes 1985 Supplement, section 273.13, subdivision 28, is amended to read:

Subd. 28. [CLASS 7.] (a) Class 7a is a structure that is situated on real property that is used for housing for the elderly or for low and moderate income families as defined by Title II of the National Housing Act or the Minnesota housing finance agency law of 1971 or regulations promulgated by the agency pursuant thereto and financed by a direct federal loan or federally insured loan or a loan made by the Minnesota housing finance agency pursuant to the provisions of either of those acts and acts amendatory thereof. Class 7a property must, for 15 years from the date of the completion of the original construction or substantial rehabilitation, or for the original term of the loan, be assessed at 20 percent of the market value.

(b) Class 7b is a structure which is

(1) situated upon real property that is used for housing lower income families or elderly or handicapped persons, as defined in section 8 of the United States Housing Act of 1937, as amended, and

(2) owned by an entity which has entered into a housing assistance payments contract under section 8 which provides assistance for 100 percent of the dwelling units in the structure, other than dwelling units intended for management or maintenance personnel. Class 7b property must, for the term of the housing assistance payments contract, including all renewals, or for the term of its permanent financing, whichever is shorter, be assessed at 20 percent of its market value.

Class 7c property must be assessed at ten percent of its market value for 15 years from the date of the completion of the original construction or for the original term of the loan except that if (1) construction of the structure had been commenced after December 31, 1983; and (2) the project had been approved by the governing body of the municipality in which it is located after June 30, 1983; and (3) financing of the project had been approved by a federal or state agency after June 30, 1983, it must be assessed at 20 percent.

The 20 percent and ten percent assessment ratios apply to the properties described in paragraphs (a), (b), and (c) only in proportion to occupancy of

the structure by elderly or handicapped persons or low and moderate income families as defined in the applicable laws unless construction of the structure had been commenced prior to January 1, 1984; or the project had been approved by the governing body of the municipality in which it is located prior to June 30, 1983; or financing of the project had been approved by a federal or state agency prior to June 30, 1983.

For all properties described in paragraphs (a), (b), and (c), the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents.

The provisions of paragraphs (a) and (c) apply only to nonprofit and limited dividend entities.

(d) Class 7d property is a parcel of land, not to exceed one acre, and its improvements or a parcel of unimproved land, not to exceed one acre, if it is owned by a neighborhood real estate trust and at least 60 percent of the dwelling units, if any, on all land owned by the trust are leased to or occupied by lower income families or individuals. Subdivision 1. Payment from the county shall be made as provided herein for the purpose of replacing revenue lost as a result of the reduction of property taxes provided in section 273.135.

Subd. 2. The commissioner of revenue shall determine, not later than ~~May~~ *April* 1 of each year, the amount of reduction resulting from section 273.135 in each county containing a tax relief area as defined by section 273.134, basing his determinations on a review of abstracts of tax lists submitted by the county auditors pursuant to section 275.29. He may make changes in the abstracts of tax lists as he deems necessary. The commissioner of revenue, after such review, shall submit to the St. Louis county auditor, on or before ~~June 1~~ *April 15*, the amount of the first half payment payable hereunder and

on or before ~~October~~ *September* 15 the amount of the second half payment.

Subd. 3. The St. Louis county auditor shall pay out of the taconite property tax relief account to each county treasurer one-half of the amount certified under subdivision 2 not later than ~~June~~ *May* 15 and the remaining half not later than ~~November~~ *October* 15 of each year.

Subd. 4. The county treasurer shall distribute *as part of the May and October settlements* the funds received by him as if they had been collected as a part of the property tax reduced by section 273.135.

Sec. 17. Minnesota Statutes 1984, section 273.1391, subdivision 3, is amended to read:

Subd. 3. Not later than December 1, each county auditor having jurisdiction over one or more tax relief areas defined in subdivision 2 shall certify to the commissioner of revenue his estimate of the total amount of the reduction, determined under subdivision 2, in taxes payable the next succeeding year with respect to all tax relief areas in his county. *The commissioner shall make payments to the county by May 15 and October 15 annually. The county treasurer shall distribute as part of the May and October settlements the funds received from the commissioner.*

Sec. 18. Minnesota Statutes 1985 Supplement, section 273.42, subdivision 2, is amended to read:

Subd. 2. Owners of land defined as class 1a, 1b, *1c*, 2a, 2c, 4a, 5a, or 6a, pursuant to section 273.13 listed on records of the county auditor or county treasurer over which runs a high voltage transmission line as defined in section 116C.52, subdivision 3, except a high voltage transmission line the construction of which was commenced prior to July 1, 1974, shall receive a property tax credit in an amount determined by multiplying a fraction, the numerator of which is the length of high voltage transmission line which runs over that parcel and the denominator of which is the total length of that particular line running over all property within the city or township by ten percent of the transmission line tax revenue derived from the tax on that portion of the line within the city or township pursuant to section 273.36. In the case of property owners in unorganized townships, the property tax credit shall be determined by multiplying a fraction, the numerator of which is the length of the qualifying high voltage transmission line which runs over the parcel and the denominator of which is the total length of the qualifying high voltage transmission line running over all property within all the unorganized townships within the county, by the total utility property tax credit fund amount available within the county for that year pursuant to subdivision 1. Where a right-of-way width is shared by more than one property owner, the numerator shall be adjusted by multiplying the length of line on the parcel by the proportion of the total width on the parcel owned by that property owner. The amount of credit for which the property qualifies shall not exceed 20 percent of the total gross tax on the parcel prior to deduction of the state paid agricultural credit and the state paid homestead credit, provided that, if the property containing the right-of-way is included in a parcel which exceeds 40 acres, the total gross tax on the parcel shall be multiplied by a fraction, the numerator of which is the sum of the number of acres in each quarter-quarter section or portion thereof which contains a right-of-way and the denominator of which is the total number of acres in the parcel set forth on the tax state-

ment, and the maximum credit shall be 20 percent of the product of that computation, prior to deduction of those credits. The auditor of the county in which the affected parcel is located shall calculate the amount of the credit due for each parcel and transmit that information to the county treasurer. The county auditor, in computing the credits received pursuant to sections 273.13 and 273.135, shall reduce the gross tax by the amount of the credit received pursuant to this section, unless the amount of the credit would be less than \$10.

If, after the county auditor has computed the credit to those qualifying property owners in unorganized townships, there is money remaining in the utility property tax credit fund, then that excess amount in the fund shall be returned to the general school fund of the county.

Sec. 19. Minnesota Statutes 1985 Supplement, section 274.19, subdivision 1, is amended to read:

Subdivision 1. *The provisions of subdivisions 1 to 7 apply to manufactured homes that are assessed under subdivision 8, clause (c).* Each manufactured home shall be valued each year by the assessor and be assessed with reference to its value on January 2 of that year. The notice shall contain the amount of valuation in terms of market value, the assessor's office address, and the date, place, and time set for the meeting of the local board of review or equalization and the county board of equalization.

(ii) the unit is affixed to the land by a permanent foundation or is installed at its location in accordance with the manufactured home building code contained in sections 327.31 to 327.34, and the rules adopted thereto, or is affixed to the land in a manner comparable to other real property in the taxing district; and

(b) an amount equal to the total dollar amount of the payments received pursuant to those sections or revenue recognized pursuant to section 477A.15

The reduction of the capital expenditure levy and the community services levy shall be computed on the basis of the amount so ascertained.

On the fifth day of March and the 20th day of May, ~~and October~~ of each year, the county treasurer shall make full settlement with the county auditor of all receipts collected by him for all purposes, from the date of the last settlement up to and including each day mentioned. The county auditor shall, within 30 days after each settlement, send an abstract of same to the state auditor in the form prescribed by the state auditor. At each settlement the treasurer shall make complete returns of the receipts on the current tax list,

showing the amount collected on account of the several funds included in the list.

*Settlement of receipts from May 20 to December 31 of each year shall be made as provided in section 21.*

For purposes of this section, "receipts" shall include all tax payments received by the county treasurer on or before the settlement date.

Sec. 23. Minnesota Statutes 1984, section 276.10, is amended to read:

**276.10 [APPORTIONMENT AND DISTRIBUTION OF FUNDS.]**

On the settlement day in March, ~~and May, and October~~ of each year, the county auditor and county treasurer shall distribute all undistributed funds in the treasury, apportioning them, as provided by law, and placing them to the credit of the state, town, city, school district, special district and each county fund. Within 20 days after the distribution is completed, the county auditor shall make a report of it to the state auditor in the form prescribed by the state auditor. The county auditor shall issue his warrant for the payment of moneys in the county treasury to the credit of the state, town, city, school district, or special districts on application of the persons entitled to receive them. The county auditor may apply the mill rate from the year previous to the year of distribution when apportioning and distributing delinquent tax proceeds, provided that the composition of the previous year's mill rate between taxing districts is not significantly different than that which existed for the year of the delinquency.

Sec. 24. Minnesota Statutes 1984, section 276.11, is amended to read:

**276.11 [WHEN TREASURER SHALL PAY FUNDS FROM MARCH AND MAY SETTLEMENT.]**

As soon as practical after ~~each the March and the May settlement settlements~~ the county treasurer shall pay over to the state treasurer or the treasurer of any town, city, school district, or special district, on the warrant of the county auditor, all receipts arising from taxes levied by and belonging to the state, or to such municipal corporation, or other body, and deliver up all orders and other evidences of indebtedness of such municipal corporation or other body, taking triplicate receipts therefor. The treasurer shall file one of the receipts with the county auditor, and shall return one by mail on the day of its reception to the clerk of the town, city, school district, or special district to which payment was made. The clerk shall preserve the receipt in the clerk's office. Upon written request of the state, a municipal corporation or other public body, the county treasurer shall, to the extent practicable, make partial payments of amounts collected periodically in advance of the next settlement and distribution. Accompanying each payment shall be a statement prepared by the county treasurer designating the years for which taxes included in the payment were collected and, for each year, the amount of the taxes and any penalties thereon. The county treasurer shall pay, upon written request of the state, a municipal corporation or other public body except school districts, at least 70 percent of the estimated collection within 30 days after the ~~March and May settlement date dates~~. Within seven business days after the due date, the county treasurer shall pay to the treasurer of the school districts 50 percent of the estimated collections arising from taxes levied by and belonging to the school district and the remaining 50 percent of the estimated col-

lections shall be paid to the treasurer of the school district within the next seven business days. The treasurer shall pay the balance of the amounts collected to the state or to a municipal corporation or other body within 60 days after the *March and May settlement date dates*, provided, however, that after 45 days interest shall accrue at a rate of eight percent per annum to the credit of and shall be paid to the state, municipal corporation or other body. Interest shall be payable upon appropriation from the general revenue fund of the county and, if not paid, may be recovered by the state, municipal corporation, or other body, in a civil action.

Sec. 25. [276.111] [DISTRIBUTIONS AND FINAL YEAR END SETTLEMENT.]

*Within seven business days after October 15, the county treasurer shall pay to the school districts 50 percent of the estimated collections arising from taxes levied by and belonging to the school district from May 20 to October 20 and the remaining 50 percent of the estimated tax collections must be paid to the school district within the next seven business days. Within ten business days after November 15, the county treasurer shall pay to the school district 100 percent of the estimated collections arising from taxes levied by and belonging to the school districts from October 20 to November 20.*

*Not later than November 15, the county treasurer shall pay to each taxing district, except any school district, 70 percent of the estimated tax collections from May 20 to October 20. Not later than December 15, the county treasurer shall pay to each taxing district, except school districts, 90 percent of the estimated tax collections through November 30 which have not previously been distributed to the taxing district.*

*On December 26, the county treasurer shall make full settlement with the county auditor of all receipts collected from the 20th day of May to December 24. After subtracting any tax distributions which have been made to the taxing districts in October, November, and December, the treasurer shall pay to each of the taxing districts on or before December 31, the balance of the tax amounts collected on behalf of each taxing district. Interest shall accrue at a rate of eight percent per annum to the credit of and shall be paid to the taxing district if this final settlement amount is not paid by December 31. Interest shall be payable upon appropriation from the general revenue fund of the county and, if not paid may be recovered by the state, municipal corporation, or other body, in a civil action.*

Sec. 26. Minnesota Statutes 1984, section 278.03, is amended to read:

278.03 [PAYMENT OF TAX.]

If the proceedings instituted by the filing of the petition have not been completed before the 16th day of May next following the filing, the petitioner shall pay to the county treasurer 50 percent of the tax levied for such year against the property involved, unless permission to continue prosecution of the petition without such payment is obtained as herein provided. If the proceedings instituted by the filing of the petition have not been completed by the next October 16, or, in the case of class 3cc agricultural homestead, class 3b agricultural homestead, and class 3 agricultural nonhomestead property, November 16, the petitioner shall pay to the county treasurer 50 percent of the unpaid balance of the taxes levied for the year against the property

involved if the unpaid balance is \$2,000 or less and 80 percent of the unpaid balance if the unpaid balance is over \$2,000, unless permission to continue prosecution of the petition without payment is obtained as herein provided. The petitioner, upon ten days notice to the county attorney and to the county auditor, given at least ten days prior to the 16th day of May or the 16th day of October, or, in the case of class 3cc agricultural homestead, class 3b agricultural homestead, and class 3 agricultural nonhomestead property, the 16th day of November, may apply to the court for permission to continue prosecution of the petition without payment; and, if it is made to appear

(1) That the proposed review is to be taken in good faith;

(2) That there is probable cause to believe that the property may be held exempt from the tax levied or that the tax may be determined to be less than 50 percent of the amount levied; and

(3) That it would work a hardship upon petitioner to pay the taxes due,

the court may permit the petitioner to continue prosecution of the petition without payment, or may fix a lesser amount to be paid as a condition of continuing the prosecution of the petition.

Failure to make payment of the amount required when due shall operate automatically to dismiss the petition and all proceedings thereunder unless the payment is waived by an order of the court permitting the petitioner to continue prosecution of the petition without payment. The county treasurer shall, upon request of the petitioner, issue duplicate receipts for the tax payment, one of which shall be filed by the petitioner in the proceeding.

Sec. 27. Minnesota Statutes 1985 Supplement, section 278.05, subdivision 5, is amended to read:

Subd. 5. Any time after the filing of the petition and before the trial of the issues raised thereby, when the defense or claim presented is that the property has been partially, unfairly, or unequally assessed, or that the parcel has been assessed at a valuation greater than its real or actual value, or that a parcel which is classified as homestead under the provisions of section 273.13, subdivision 22 or 23, has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class in that portion of the county in which the parcel is located, for which the commissioner is able to establish and publish a sales ratio study, the attorney representing the state, county, city or town in the proceedings may serve on the petitioner, or his attorney, and file with the clerk of the district court, an offer to reduce the valuation of any tract or tracts to a valuation set forth in the offer. If, within ten days thereafter, the petitioner, or his attorney, gives notice in writing to the county attorney, or the attorney for the city or town, that the offer is accepted, he may file the offer with proof of notice, and the clerk shall enter judgment accordingly. Otherwise, the offer shall be deemed withdrawn and evidence thereof shall not be given; and, unless a lower valuation than specified in the offer is found by the court, no costs or disbursements shall be allowed to the petitioner, but the costs and disbursements of the state, county, city or town, including interest at six percent on the tax based on the amount of the offer from and after the 16th day of October, or, in the case of class 3cc agricultural homestead, class 3b agricultural home-

*stead, and class 3 agricultural nonhomestead property, the 16th day of November, of the year the taxes are payable, shall be taxed in its favor and included in the judgment and when collected shall be credited to the county revenue fund, unless the taxes were paid in full before the 16th day of October, or, in the case of class 3cc agricultural homestead, class 3b agricultural homestead, and class 3 agricultural nonhomestead property, the 16th day of November, of the year in which the taxes were payable, in which event interest shall not be taxable.*

Sec. 28. Minnesota Statutes 1984, section 279.01, as amended by Laws 1985, chapter 300, section 12, is amended to read:

#### 279.01 [DUE DATE; PENALTIES, INTEREST.]

Subdivision 1. *Except as provided in subdivision 3, on May 16, of each year, with respect to property actually occupied and used as a homestead by the owner of the property, a penalty of three percent shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer, and a penalty of seven percent on nonhomestead property, except that this penalty shall not accrue until June 1 of each year on commercial use real property used for seasonal residential recreational purposes and classified as class 1c, 2e, or 6a, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1 shall attach an affidavit to his payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the 16th day of each month, up to and including October 16 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the 16th day of each month up to and including December 16 following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the 16th day of each month up to and including December 16 following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the remaining one-half until October 16 following; provided, also, that the same may be paid in installments as follows: One-fourth prior to March 16; one-fourth prior to May 16; one-fourth prior to August 16; and the remaining one-fourth prior to October 16, subject to the aforesaid penalties. Where the taxes delinquent after October 16 against any tract or parcel exceed \$100, upon resolution of the county board, they may be paid in installments of not less than 25 percent thereof, together with all accrued penalties and costs, up to the next tax judgment sale, and after such payment, penalties, interest, and*

costs shall accrue only on the sum remaining unpaid. Any county treasurer who shall make out and deliver or countersign any receipt for any such taxes without including all of the foregoing penalties therein, shall be liable to the county for the amount of such penalties.

Subd. 2. In the case of any tax on class 3cc, 3b, and 3c homestead property paid within 30 days after the due date specified in this section or after the 30-day extension as specified in subdivision 3, the county board may, with the concurrence of the county treasurer, delegate to the county treasurer the power to abate the penalty provided for late payment. Notwithstanding section 270.07, if any county board so elects, the county treasurer may abate the penalty if in his judgment the imposition of the penalty would be unjust and unreasonable.

Subd. 3. In the case of class 3cc agricultural homestead, class 3b agricultural homestead property, and class 3 agricultural nonhomestead property, no penalties shall attach to the second one-half property tax payment as provided in this section if paid by November 15. Thereafter for class 3cc agricultural homestead and class 3b homestead property, on November 16 following, a penalty of six percent shall accrue and be charged on all such unpaid taxes and on December 16 following, an additional two percent shall be charged on all such unpaid taxes. Thereafter for class 3 agricultural nonhomestead property, on November 16 following, a penalty of eight percent shall accrue and be charged on all such unpaid taxes and on December 16 following, an additional four percent shall be charged on all such unpaid taxes.

If the owner of class 3cc agricultural homestead, class 3b, or class 3 agricultural property receives a consolidated property tax statement that shows only an aggregate of the taxes and special assessments due on that property and on other property not classified as class 3cc agricultural homestead, class 3b, or class 3 agricultural property, the aggregate tax and special assessments shown due on the property by the consolidated statement will be due on November 15 provided that at least 50 percent of the property's market value is classified class 3cc agricultural, class 3b, or class 3 agricultural.

287.12 [TAXES, HOW APPORTIONED.]

All taxes paid to the county treasurer on or after July 1, 1985, under the provisions of sections 287.01 to 287.12 shall be credited to the county revenue fund.

On or before the tenth day of each month the county treasurer shall determine the receipts from the mortgage registration tax during the preceding month. The treasurer shall report to the county welfare agency on or before the tenth day of each month 95 percent of the receipts attributable to the statutory rate in section 287.05. That amount, in addition to 97 percent of the amount determined under section 287.29, must be shown as a deduction from the report filed with the department of human services as required by section 256.82. *The net receipts from the preceding month must be credited to the county welfare fund by the tenth day of each month.*

Sec. 31. Minnesota Statutes 1985 Supplement, section 287.29, subdivision 1, is amended to read:

Subdivision 1. On or before the tenth day of August 1985, and each month thereafter, the county treasurer shall determine and report to the county welfare agency the receipts attributable to the tax imposed during the preceding month. The report must accompany the report required in section 287.12. The receipts shall be deposited in the county treasury and credited to the county revenue fund. *The net receipts from the preceding month must be credited to the county welfare fund by the tenth day of each month.*

Sec. 32. Minnesota Statutes 1985 Supplement, section 290A.03, subdivision 6, is amended to read:

Subd. 6. [HOMESTEAD.] "Homestead" means the dwelling occupied by a claimant as his principal residence and so much of the land surrounding it, not exceeding ten acres, as is reasonably necessary for use of the dwelling as a home and any other property used for purposes of a homestead as defined in section 273.13, subdivision 22, except for agricultural land assessed as part of a homestead pursuant to section 273.13, subdivision 23, "homestead" is limited to 320 acres or, where the farm homestead is rented, one acre. The homestead may be owned or rented and may be a part of a multi-dwelling or multipurpose building and the land on which it is built. A manufactured home, as defined in section ~~468.014~~ 274.19, subdivision 8, assessed as personal property may be a dwelling for purposes of this subdivision.

Sec. 33. Minnesota Statutes 1985 Supplement, section 290A.03, subdivision 13, is amended to read:

Subd. 13. [PROPERTY TAXES PAYABLE.] "Property taxes payable"

means the property tax exclusive of special assessments, penalties, and interest payable on a claimant's homestead before reductions made pursuant to section 273.13, subdivisions 22 and 23, but after deductions made pursuant to sections 124.2137, 273.115, 273.116, 273.135, 273.1391, 273.42, subdivision 2, and any other state paid property tax credits in any calendar year. In the case of a claimant who makes ground lease payments, "property taxes payable" includes the amount of the payments directly attributable to the property taxes assessed against the parcel on which the house is located. No apportionment or reduction of the "property taxes payable" shall be required for the use of a portion of the claimant's homestead for a business purpose if the claimant does not deduct any business depreciation expenses for the use of a portion of the homestead in the determination of federal adjusted gross income. For homesteads which are manufactured homes as defined in section ~~168.014~~ 274.19, subdivision 8, "property taxes payable" shall also include the amount of the gross rent paid in the preceding year for the site on which the homestead is located, which is attributable to the net tax paid on the site. The amount attributable to property taxes shall be determined by multiplying the net tax on the parcel by a fraction, the numerator of which is the gross rent paid for the calendar year for the site and the denominator of which is the gross rent paid for the calendar year for the parcel. When a homestead is owned by two or more persons as joint tenants or tenants in common, such tenants shall determine between them which tenant may claim the property taxes payable on the homestead. If they are unable to agree, the matter shall be referred to the commissioner of revenue and his decision shall be final. Property taxes are considered payable in the year prescribed by law for payment of the taxes.

In the case of a claim relating to "property taxes payable," the claimant must have owned and occupied the homestead on January 2 of the year in which the tax is payable and (i) the property must have been classified as homestead property pursuant to section 273.13, subdivision 22 or 23 on or before June 1 of the year in which the "property taxes payable" were levied; or (ii) the claimant must provide documentation from the local assessor that application for homestead classification has been made prior to October 1 of the year in which the "property taxes payable" were payable and that the assessor has approved the application.

Sec. 34. Minnesota Statutes 1984, section 296.16, subdivision 1, is amended to read:

Subdivision 1. [INTENT.] All gasoline received in this state and all gasoline produced in or brought into this state except aviation gasoline and marine gasoline shall be determined to be intended for use in motor vehicles in this state. Approximately three-fourths of one percent of all gasoline received in this state and three-fourths of one percent of all gasoline produced or brought into this state, except gasoline used for aviation purposes, is being used as fuel for the operation of motor boats on the waters of this state and of the total revenue derived from the imposition of the gasoline fuel tax for uses other than ~~in motor boats for aviation purposes~~, three-fourths of one percent of such revenues is the amount of tax on fuel used in motor boats operated on the waters of this state. Approximately three-fourths of one percent of all gasoline received in and produced or brought into this state, except gasoline used for aviation purposes, is being used as fuel for the operation of snowmobiles

in this state, and of the total revenue derived from the imposition of the gasoline fuel tax for uses other than ~~in snowmobiles~~ *for aviation purposes*, three-fourths of one percent of such revenues is the amount of tax on fuel used in snowmobiles operated in this state.

Sec. 35. Minnesota Statutes 1984, section 296.17, subdivision 6, is amended to read:

Subd. 6. [RECIPROCAL AGREEMENTS.] ~~The commissioner is hereby empowered to~~ *of public safety or the commissioner of revenue may enter into reciprocal agreements with the appropriate officials of any other state under which he either commissioner may waive all or any part of the requirements imposed by this section upon those who use in Minnesota gasoline or other motor vehicle fuel upon which the tax has been paid to such other state, provided that the officials of such other state grant equivalent privileges with respect to gasoline or other motor vehicle fuel used in such other state but upon which the tax has been paid to Minnesota.*

*The commissioner is also hereby empowered to of public safety or the commissioner of revenue may enter into reciprocal agreements with the appropriate officials of other states, exempting vehicles licensed in such other states from the license and use tax provisions contained in this section, which otherwise would apply to vehicles licensed by such other state, provided that such other state grant equivalent privileges with respect to vehicles licensed by Minnesota.*

[MINNESOTA BASED INTERSTATE CARRIERS.] *Notwithstanding the exemption contained in subdivision 9, as the commissioner of public safety enters into interstate fuel tax compacts which require base state licensing and filing and which eliminate filing in the nonresident compact states, the Minnesota based motor vehicles registered pursuant to section 168.187 will be required to license under the fuel tax compact in Minnesota.*

*The commissioner of public safety will have all the powers granted to the commissioner of revenue under this section, including the authority to collect and issue licenses, to collect the tax due, and issue any refunds. Sec. 37. Minnesota Statutes 1984, section 298.24, subdivision 1, is amended to read:

Subdivision 1. (a) There is hereby imposed upon taconite and iron sulphides, and upon the mining and quarrying thereof, and upon the production of iron ore concentrate therefrom, and upon the concentrate so produced, a tax of \$1.25 cents per gross ton of merchantable iron ore concentrate produced therefrom. The tax on concentrates produced in 1978 and subsequent years prior to 1985 shall be equal to \$1.25 multiplied by the steel mill products index during the production year, divided by the steel mill products index in 1977. The index stated in code number 1013, or any subsequent equivalent, as published by the United States Department of Labor, Bureau of Labor Statistics Wholesale Prices and Price Indexes for the month of Jan-

uary of the year in which the concentrate is produced shall be the index used in calculating the tax imposed herein. In no event shall the tax be less than \$1.25 per gross ton of merchantable iron ore concentrate. The tax on concentrates produced in 1985 and 1986 shall be at the rate determined for 1984 production. For concentrates produced in 1987 and subsequent years, the tax shall be equal to the preceding year's tax plus an amount equal to the preceding year's tax multiplied by the percentage increase in the implicit price deflator from the fourth quarter of the second preceding year to the fourth quarter of the preceding year. "Implicit price deflator" means the implicit price deflator for the gross national product prepared by the bureau of economic analysis of the United States department of commerce.

(b) On concentrates produced in 1984, an additional tax is imposed equal to eight-tenths of one percent of the total tax imposed by clause (a) per gross ton for each one percent that the iron content of such product exceeds 62 percent, when dried at 212 degrees Fahrenheit.

(c) The tax imposed by this subdivision on concentrates produced in 1984 shall be computed on the production for the current year. The tax on concentrates produced in 1985 shall be computed on the average of the production for the current year and the previous year. The tax on concentrates produced in 1986 and thereafter shall be the average of the production for the current year and the previous two years. The rate of the tax imposed will be the current year's tax rate. This clause shall not apply in the case of the closing of a taconite facility if the property taxes on the facility would be higher if this clause and section 298.25 were not applicable.

(d) If the tax or any part of the tax imposed by this subdivision is held to be unconstitutional, a tax of \$1.25 per gross ton of merchantable iron ore concentrate produced shall be imposed.

Sec. 38. Minnesota Statutes 1985 Supplement, section 298.28, subdivision 1, is amended to read:

Subdivision 1. [DISTRIBUTION.] The proceeds of the taxes collected under section 298.24, except the tax collected under section 298.24, subdivision 2, shall, upon certification of the commissioner of revenue, be allocated as follows:

(1) 2.5 cents per gross ton of merchantable iron ore concentrate, hereinafter referred to as "taxable ton," to the city or town in the county in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. If the mining, quarrying, and concentration, or different steps in either thereof are carried on in more than one taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities and towns among such subdivisions upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each such taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner.

(2) (a) 12.5 cents per taxable ton, less any amount distributed under clause

(7), paragraph (a), and paragraph (b) of this clause, to be distributed as provided in section 298.282.

(b) An amount annually certified by the county auditor of a county containing a taconite tax relief area within which there is an organized township if, as of January 2, 1982, more than 75 percent of the assessed valuation of the township consists of iron ore. The amount will be the portion of a township's certified levy equal to the proportion of (1) the difference between 50 percent of the township's January 2, 1982, assessed value and its current assessed value to (2) the sum of its current assessed value plus the difference determined in (1). The county auditor shall extend the township's levy against the sum of the township's current assessed value plus the difference between 50 percent of its January 2, 1982, assessed value and its current assessed value. If the current assessed value of the township exceeds 50 percent of the township's January 2, 1982, assessed value, this clause shall not apply.

(3) 29 cents per taxable ton plus the increase provided in paragraph (c) to qualifying school districts to be distributed, based upon the certification of the commissioner of revenue, as follows:

(a) Six cents per taxable ton to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in clause (1).

(b) 23 cents per taxable ton, less any amount distributed under part (d), shall be distributed to a group of school districts comprised of those school districts wherein the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district tax levies as follows: each district shall receive that portion of the total distribution which its certified levy for the prior year, computed pursuant to sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 275.125, comprises of the sum of certified levies for the prior year for all qualifying districts, computed pursuant to sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 275.125. For purposes of distributions pursuant to this part, certified levies for the prior year computed pursuant to sections 124A.03, 124A.06, subdivision 3a, 124A.08, subdivision 3a, 124A.10, subdivision 3a, 124A.12, subdivision 3a, 124A.14, subdivision 5a, and 275.125 shall not include the amount of any increased levy authorized by referendum pursuant to section 124A.03, subdivision 2.

(c) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by clause (3)(b) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in clause (3)(b) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988 and subsequent years, the increase over the amount established for the prior year shall be

determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). Each district shall receive the product of:

(i) \$150 times the pupil units identified in section 124.17, subdivision 1, clauses (1) and (2), enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of 1-3/4 mills times the district's taxable valuation in the second previous year; times

(ii) the lesser of:

(A) one, or

(B) the ratio of the amount certified pursuant to section 124A.03, subdivision 2, in the previous year, to the product of 1-3/4 mills times the district's taxable valuation in the second previous year.

If the total amount provided by clause (3)(c) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to clause (3)(c) shall not be applied to reduce foundation aids which the district is entitled to receive pursuant to section 124A.02 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in clause (9).

(d) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

(4) 19.5 cents per taxable ton to counties to be distributed, based upon certification by the commissioner of revenue, as follows:

(a) 15.5 cents per taxable ton shall be distributed to the county in which the taconite is mined or quarried or in which the concentrate is produced, less any amount which is to be distributed pursuant to part (b). The apportionment formula prescribed in clause (1) is the basis for the distribution.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be paid to the county in which the power plant is located.

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause

(1).

(5) (a) 17.75 cents per taxable ton, less any amount required to be distributed under part (b), to St. Louis county acting as the counties' fiscal agent, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be paid to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) Three cents per taxable ton shall be paid to the iron range resources and rehabilitation board for the purposes of section 298.22. The amount determined in this clause shall be increased in 1981 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1 and shall be increased in 1988 and subsequent years according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1. The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this clause may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(7) (a) .20 cent per taxable ton shall be paid to the range association of municipalities and schools, for the purpose of providing an areawide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(b) 1.5 cents per taxable ton shall be paid to the northeast Minnesota economic protection trust fund.

(8) the amounts determined under clauses (4)(a), (4)(c), (5), and (7)(b) shall be increased in 1979 and subsequent years prior to 1988 in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. Those amounts shall be increased in 1988 and subsequent years in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1.

(9) the proceeds of the tax imposed by section 298.24 which remain after the distributions and payments in clauses (1) to (8), as certified by the commissioner of revenue, and parts (a) and (b) of this clause have been made, together with interest earned on all money distributed under this subdivision prior to distribution, shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota eco-

conomic protection trust fund created in section 298.292 as follows: Two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection trust fund. The proceeds shall be placed in the respective special accounts.

(a) There shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977; provided, however, that the amount distributed in 1981 to the unorganized territory number 2 of Lake county and the town of Beaver Bay based on the between-terminal trackage of Erie Mining Company will be distributed in 1982 and subsequent years to the unorganized territory number 2 of Lake county and the towns of Beaver Bay and Stony River based on the miles of track of Erie Mining Company in each taxing district.

(b) There shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22. *The amount distributed under this subclause (b) shall be expended within or for the benefit of the tax relief area defined in section 273.134.*

On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. The commissioner of revenue shall annually on or before October 10 report an estimated distribution amount to each taxing district and the officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such county or city in the year in which such estimate is made, and payable in the next ensuing calendar year, except that one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. In any calendar year in which a general property tax levy subject to sections 275.50 to ~~275.59~~ 275.58 has been made, if the taxes distributable to any such county or city are greater than the amount estimated by the commissioner to be paid to any such county or city in such year, the excess of such distribution shall be held in a special fund by the county or city and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.50 to ~~275.59~~ 275.58, of such county or city payable in such year. If the amounts distributable to any such county or city after final determination by the commissioner of revenue under this section are less than the amounts by which a taxing district's levies were reduced pursuant to this section, such county or city may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.50 to ~~275.59~~ 275.58 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

Subd. 2. [DOMESTIC MUTUAL INSURANCE COMPANIES.] On or before April 15, June 15, ~~September 15~~ and December 15 of each year, every domestic mutual insurance company including township and farmers' insurance companies shall pay to the commissioner of revenue ~~quarterly~~ installments *equal to one-third* of the insurer's total estimated tax for the current year based on a sum equal to two percent of the gross direct fire, lightning, and sprinkler leakage premiums, less return premiums on all direct business, except auto and ocean marine fire business received by it, or by its agents for it, in cash or otherwise, on property located in this state, during such year. If unpaid by such dates, there shall be added to the tax for the taxable year an amount determined pursuant to subdivisions 1a to 1c. Failure of a company to make ~~quarterly~~ payments of at least ~~one-fourth~~ *one-third* of either (a) the total tax paid during the previous calendar year or (b) 80 percent of the actual tax for the current calendar year shall subject the company to the penalty and interest provided in this subdivision.

Sec. 2. Minnesota Statutes 1985 Supplement, section 60A.17, subdivision 1a, is amended to read:

Subd. 1a. [LICENSE APPLICATION.] (a) [PROCEDURE.] An application for a license to act as an insurance agent shall be made to the commissioner by the person who seeks to be licensed. The application for license shall be accompanied by a written appointment from an admitted insurer authorizing the applicant to act as its agent under one or both classes of license. The insurer must also submit its check payable to the state treasurer for the amount of the appointment fee prescribed by section 60A.14, subdivision 1, paragraph (c), clause (9) at the time the agent becomes licensed. The application and appointment shall be on forms prescribed by the commissioner.

If the applicant is a natural person, no license shall be issued until that natural person has become qualified.

If the applicant is a partnership or corporation, no license shall be issued until at least one natural person who is a partner, director, officer, stockholder, or employee shall be licensed as an insurance agent.

(b) [RESIDENT AGENT.] The commissioner shall issue a resident insurance agent's license to a qualified resident of this state as follows:

(1) a person may qualify as a resident of this state if that person resides in this state or the principal place of business of that person is maintained in this state. Application for a license claiming residency in this state for licensing purposes, shall constitute an election of residency in this state. Any license issued upon an application claiming residency in this state shall be void if the licensee, while holding a resident license in this state, also holds, or makes application for, a resident license in, or thereafter claims to be a resident of, any other state or jurisdiction or if the licensee ceases to be a resident of this state; provided, however, if the applicant is a resident of a community or trade area, the border of which is contiguous with the state line of this state, the applicant may qualify for a resident license in this state and at the same time hold a resident license from the contiguous state;

(2) the commissioner shall subject each applicant who is a natural person to a written examination as to the applicant's competence to act as an insurance agent. The examination shall be held at a reasonable time and place designated by the commissioner;

(3) the examination shall be approved for use by the commissioner and shall test the applicant's knowledge of the lines of insurance, policies, and transactions to be handled under the class of license applied for, of the duties and responsibilities of the licensee, and pertinent insurance laws of this state;

(4) the examination shall be given only after the applicant has completed a program of classroom studies in a school, which shall include a school conducted by an admitted insurer. The course of study shall consist of 30 hours of classroom study devoted to the basic fundamentals of insurance for those seeking a Minnesota license for the first time, 15 hours devoted to specific life and health topics for those seeking a life and health license, and 15 hours devoted to specific property and casualty topics for those seeking a property and casualty license. The program of studies or study course shall have been approved by the commissioner in order to qualify under this clause. If the applicant has been previously licensed for the particular line of insurance in the state of Minnesota, the requirement of a program of studies or a study course shall be waived. A certification of compliance by the organization offering the course shall accompany the applicant's license application. This program of studies in a school or a study course shall not apply to farm property perils and farm liability applicants, or to agents writing such other lines of insurance as the commissioner may exempt from examination by order;

(5) the applicant must pass the examination with a grade determined by the commissioner to indicate satisfactory knowledge and understanding of the class or classes of insurance for which the applicant seeks qualification. The commissioner shall inform the applicant as to whether or not the applicant has passed;

(6) an applicant who has failed to pass an examination may take subsequent examinations. Examination fees for subsequent examinations shall not be waived; and

(7) any applicant for a license covering the same class or classes of insurance for which the applicant was licensed under a similar license in this state, other than a temporary license, within the three years preceding the date of the application shall be exempt from the requirement of a written examination, unless the previous license was revoked or suspended by the commissioner. *An applicant whose license is not renewed under subdivision 20 is exempt from the requirement of a written examination.*

(c) [NONRESIDENT AGENT.] The commissioner shall issue a nonresident insurance agent's license to a qualified person who is a resident of another state or country as follows:

(1) A person may qualify for a license under this section as a nonresident only if that person holds a license in another state, province of Canada, or other foreign country which, in the opinion of the commissioner, qualifies that person for the same activity as that for which a license is sought;

(2) The commissioner shall not issue a license to any nonresident applicant until that person files with the commissioner a designation of the commissioner and the commissioner's successors in office as the applicant's true and lawful attorney upon whom may be served all lawful process in any action, suit, or proceeding instituted by or on behalf of any interested person arising out of the applicant's insurance business in this state. This designation shall constitute an agreement that this service of process is of the same legal force and validity as personal service of process in this state upon that applicant.

Service of process upon any licensee in any action or proceeding commenced in any court of competent jurisdiction of this state may be made by serving the commissioner with appropriate copies of the process along with payment of the fee pursuant to section 60A.14, subdivision 1, paragraph (c), clause (4). The commissioner shall forward a copy of the process by registered or certified mail to the licensee at the last known address of record or principal place of business of the licensee; and

(3) A nonresident license shall terminate automatically when the resident license for that class of license in the state, province, or foreign country in which the licensee is a resident is terminated for any reason.

(d) [DENIAL.] (1) If the commissioner finds that an applicant for a resident or nonresident license has not fully met the requirements for licensing, the commissioner shall refuse to issue the license and shall promptly give written notice to both the applicant and the appointing insurer of the denial, stating the grounds for the denial. All fees which accompanied the application and appointment shall be deemed earned and shall not be refundable.

(2) The commissioner may also deny issuance of a license for any cause that would subject the license of a licensee to suspension or revocation. If a license is denied pursuant to this clause, the provisions of subdivision 6c, paragraph (c) apply.

(3) The applicant may make a written demand upon the commissioner for a hearing within 30 days of the denial of a license to determine whether the reasons stated for the denial were lawful. The hearing shall be held pursuant to chapter 14.

(e) [TERM.] All licenses issued pursuant to this section shall remain in force until voluntarily terminated by the licensee, not renewed as prescribed in subdivision 1d, or until suspended or revoked by the commissioner. A voluntary termination shall occur when the license is surrendered to the commissioner with the request that it be terminated or when the licensee dies, or when the licensee is dissolved or its existence is terminated. In the case of a nonresident license, a voluntary termination shall also occur upon the happening of the event described in paragraph (c), clause (3).

Every licensed agent shall notify the commissioner within 30 days of any change of name, address, or information contained in the application.

(f) [SUBSEQUENT APPOINTMENTS.] A person who holds a valid agent's license from this state, may solicit applications for insurance on behalf of an admitted insurer with which the licensee does not have a valid appointment on file with the commissioner; provided, that the licensee has permission from the insurer to solicit insurance on its behalf and, provided further, that the insurer upon receipt of the application for insurance submits a written notice of appointment to the commissioner accompanied by its check payable to the state treasurer in the amount of the appointment fee prescribed by section 60A.14, subdivision 1, paragraph (c), clause (9). The notice of appointment shall be on a form prescribed by the commissioner.

(g) [AMENDMENT OF LICENSE.] An application to the commissioner to amend a license to reflect a change of name, or to include an additional class of license, or for any other reason, shall be on forms provided by the commissioner and shall be accompanied by the applicant's surrendered license and a check payable to the state treasurer for the amount of fee specified in section 60A.14, subdivision 1, paragraph (c).

An applicant who surrenders an insurance license pursuant to this clause retains licensed status until an amended license is received.

(h) [EXCEPTIONS.] The following are exempt from the general licensing requirements prescribed by this section:

(1) agents of township mutuals who are exempted pursuant to subdivision 1b;

(2) fraternal beneficiary association representatives exempted pursuant to subdivision 1c;

(3) any regular salaried officer or employee of a licensed insurer, without license or other qualification, may act on behalf of that licensed insurer in the negotiation of insurance for that insurer; provided that a licensed agent must participate in the sale of any such insurance;

(4) employers and their officers or employees, and the trustees or employees of any trust plan, to the extent that the employers, officers, employees, or trustees are engaged in the administration or operation of any program of employee benefits for the employees of the employers or employees of their subsidiaries or affiliates involving the use of insurance issued by a licensed insurance company; provided, that the activities of the officers, employees and trustees are incidental to clerical or administrative duties and their compensation does not vary with the volume of insurance or applications therefor;

(5) employees of a creditor who enroll debtors for life or accident and health insurance; provided the employees receive no commission or fee therefor; and

(6) clerical or administrative employees of an insurance agent who take insurance applications or receive premiums in the office of their employer, if the activities are incidental to clerical or administrative duties and the employee's compensation does not vary with the volume of the applications or premiums.

When any tax payable to the commissioner of revenue or to the department of revenue is overpaid and an amount is due the taxpayer as a refund of the overpayment, the overpayment shall bear interest from the date of payment of the tax until the date the refund is paid or credit is made, unless another period for computing interest is provided by law. The interest rate per annum on overpayments shall be ~~80 percent~~ of the interest rate contained in section 270.75, subdivision 5; the rate shall be adjusted annually and become effective as provided in section 270.75, subdivision 5; ~~and the result of the adjustment in the rate shall be rounded to the nearest full percent.~~ The determination of the commissioner pursuant to this subdivision is not a "rule" and is not subject to the administrative procedure act contained in chapter 14.

Sec. 17. Minnesota Statutes 1985 Supplement, section 273.124, is amended by adding a subdivision to read:

*Subd. 13. [SOCIAL SECURITY NUMBER REQUIRED FOR HOMESTEAD APPLICATION.] Beginning with the January 2, 1987, assessment, every property owner applying for homestead classification must furnish to the county assessor that owner's social security or taxpayer identification number. If the social security or taxpayer identification number is not provided, the county assessor shall classify the property as nonhomestead. The social security numbers of the property owners are private data on individuals as defined by section 13.02, subdivision 12, but, notwithstanding that section, the private data may be disclosed to the commissioner of revenue.*

*At the request of the commissioner, each county must give the commissioner a listing that includes the name and social security or taxpayer identification number of each property owner applying for homestead classification.*

*If, in comparing the lists supplied by the counties, the commissioner finds that a property owner is claiming more than one homestead, the commissioner shall notify the appropriate counties. Within 90 days of the notification, the county assessor shall investigate to determine if the homestead classification was properly claimed. If the property owner does not qualify, the county assessor shall notify the county auditor who will determine the amount of homestead credit that had been improperly allowed. The county auditor shall send a notice to the owners of the affected property, demanding reimbursement of the homestead credit plus a penalty equal to 25 percent of the homestead credit. The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.*

*If the amount of homestead credit and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount to the succeeding year's tax list to be collected as part of the property taxes.*

*Any amount of homestead credit recovered from the property owner must be transmitted to the commissioner by the end of each month. The amount of penalty collected must be deposited in the county general fund.*

*The commissioner will provide suggested homestead applications to each*

county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

*In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.*

Sec. 18. Minnesota Statutes 1984, section 290.53, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO MAKE AND FILE RETURN.] In case of any failure to make and file a return as required by this chapter within the time prescribed by law or prescribed by the commissioner in pursuance of law, there shall be added to the tax *or subtracted from the refund* in lieu of the penalty provided in subdivision 1: *ten percent of the amount of tax unpaid or of the amount of the refund claimed* if the failure is for not more than 30 days with an additional five percent for each additional 30 days or fraction thereof during which such failure continues, not exceeding 25 percent in the aggregate.

*In addition to the penalty imposed above, in the case of a failure to file a return of tax imposed by this chapter within 60 days of the date prescribed for filing of the return (determined with regard to any extensions of time for filing), where the return has been demanded by the commissioner under the provisions of section 290.47, the amount there shall be added to the tax under this subdivision shall not be less than or subtracted from the refund the lesser of \$50 \$100 or 100 percent of the amount required to be shown as the amount of tax which is due with the return or the amount of the refund.*

The amount so added to any tax shall be collected at the same time and in the same manner and as a part of the tax, and the amount of said tax together with the amount so added shall bear interest at the rate specified in section 270.75 from the time such tax should have been paid until paid unless the tax has been paid before the discovery of the neglect, in which case the amount so added shall be collected in the same manner as the tax.

For the purposes of this subdivision the amount of any taxes required to be shown on the return shall be reduced by the amount of any part of the tax which is paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed upon the return.

Prior to the release of any information to any official of the United States or any other state under the provisions of this section, the person to whom the information is to be released shall sign an agreement which provides that he will protect the confidentiality of the returns and information revealed thereby to the extent that it is protected under the laws of the state of Minnesota. The commissioner and all other public officials and employees shall keep and maintain the same secrecy in respect to any information furnished by any department, commission, or official of the United States or of any other state in respect to the income of any person as is required by this section in respect to information concerning the affairs of taxpayers under this chapter. Nothing herein contained shall be construed to prohibit the commissioner from publishing statistics so classified as not to disclose the identity of particular returns or reports and the items thereof. Upon request of a majority of the members of the senate tax committee or of the house tax committee or the tax study commission, the commissioner shall furnish abstracted financial information to those committees for research purposes from returns or reports filed pursuant to this chapter, provided that he shall not disclose the name, address, social security number, business identification number or any other item of information associated with any return or report which the commissioner believes is likely to identify the taxpayer. The commissioner shall not furnish the actual return, or a portion thereof, or a reproduction or copy of any return or portion thereof. "Abstracted financial information" means only the dollar amounts set forth on each line on the form including the filing status.

Any person violating the provisions of this section shall be guilty of a gross misdemeanor.

In order to locate the named payee on state warrants issued pursuant to this chapter or chapter 290A and undeliverable by the United States postal service, the commissioner may publish in any newspaper of general circulation in this state or make available to radio or television stations a list of the name and last known address of the payee as shown on the reports or returns filed with the commissioner. The commissioner may exclude the names of payees whose refunds are in an amount which is less than a minimal amount to be determined by the commissioner. The list shall not contain any particulars set forth on any report or return. The publication or announcement shall include instructions on claiming the warrants.

An employee of the department of revenue may, in connection with his official duties relating to any audit, collection activity, or civil or criminal tax investigation or any other offense under this chapter, disclose return information to the extent that such disclosure is necessary in obtaining information, which is not otherwise reasonably available, with respect to the correct determination of tax, liability for tax, or the amount to be collected or with respect to the enforcement of any other provision of this chapter.

In order to facilitate processing of returns and payments of taxes required

by this chapter, or to facilitate the development, implementation, and use of computer programs and automated procedures for purposes of administering this chapter or chapter 290A, the commissioner may contract with outside vendors and may disclose private and nonpublic data to the vendor. The data disclosed will be administered by the vendor consistent with this section, and the vendor must agree to subject himself and his employees to the civil and criminal penalties provided by law for unlawful disclosure.

Information from a tax return required under this chapter on a holder of a license issued by the Minnesota racing commission or an owner of a horse may be provided by the commissioner to the Minnesota racing commission.

*The commissioner may if an attorney owes the state delinquent taxes that would prohibit license clearance under the provisions of section 60A.17, subdivision 20, provide to the Minnesota supreme court and the board of professional responsibility information regarding the amount of any uncontested delinquent taxes due under this chapter or a failure to file a return due under this chapter by an attorney admitted to practice law in this state under chapter 481.*

If any such tax is not paid within the time herein specified for the payment thereof or within 30 days after final determination of an appeal to the Minnesota tax court relating thereto, there shall be added thereto a specific penalty equal to ten percent of the amount so remaining unpaid, but in no event shall the penalty for failure to pay such tax within the time provided for such payment be less than \$10.

Subd. 5. "Debt" means a legal obligation of a natural person to pay a fixed and certain amount of money, which equals or exceeds \$25 and which is due and payable to a claimant agency. The term includes criminal fines imposed under section 609.10. A debt may arise under a contractual or statutory obligation, a court order, or other legal obligation, but need not have been reduced to judgment. A debt does not include (1) any legal obligation of a current recipient of assistance which is based on overpayment of an assistance grant, or (2) any legal obligation to pay a claimant agency for medical care, including hospitalization if the debtor *would have* qualified for a low income credit equal to tax liability pursuant to *Minnesota Statutes 1984, section 290.06, subdivision 3d, clause (1), at the time when the medical care was rendered, provided that, for purposes of this subdivision, the income amounts in that section shall be adjusted for inflation for debts incurred in calendar years 1987 and thereafter. Sec. 4. Minnesota Statutes 1985 Supplement, section 273.1314, subdivision 6, is amended to read:

[LOCAL CONTRIBUTION.] No area may be designated as an enterprise zone unless the municipality agrees to make a qualifying local contribution in the form of a property tax reduction for employment property as provided by section 273.1313 for any business qualifying for a state tax reduction pursuant to this section. A qualifying local contribution may in the alternative be a local contribution or investment out of other municipal funds, but excluding any special federal grants or loans, equivalent to the property tax reduction. In concluding the agreement with the municipality the commissioner may require that the local contribution will be made in a specified ratio to the amount of the state credits authorized. If the local contribution is to be used to fund additional reductions in state taxes, the commissioner and the governing body of the municipality shall enter an agreement for timely payment to the state to reimburse the state for the amount of tax revenue foregone as a result. The qualifying local contribution for a special enterprise zone under section 273.1312, subdivision 4, paragraph (c), clause (4), shall be the complete abatement of property taxes on property in the zone. *The qualifying local contribution for development within the portion of an enterprise zone that is located in a town that has been added by boundary amendment to an enterprise zone that is located within five municipalities and was designated in 1984 shall be provided by the town.*

Subd. 16a. [ZONE BOUNDARY REALIGNMENT.] The commissioner may approve specific applications by a municipality to amend the boundaries of a zone or of an area or areas designated pursuant to subdivision 9, paragraph (e) at any time. Boundaries of a zone may not be amended to create noncontiguous subdivisions. If the commissioner approves the amended boundaries, the change is effective on the date of approval. Notwithstanding the area limitation under section 273.1312, subdivision 4, paragraph (b), the commissioner may approve a specific application to amend the boundaries of an enterprise zone which is located within five municipalities and was designated in 1984, to increase its area to not more than 800 acres, *and may approve an additional specific application to amend the boundaries of that zone to further increase its area to include all or part of the territory of a town that surrounds one of the five municipalities.*

Subd. 20b. [MODIFICATIONS REDUCING FEDERAL ADJUSTED GROSS INCOME.] There shall be subtracted from federal adjusted gross income:

(1) interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) the portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 40 per centum of the portion of the gain;

(3) losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(4) if included in federal adjusted gross income, the amount of any overpayment of income tax to Minnesota, or any other state, for any previous taxable year, whether the amount is received as a refund or credited to another taxable year's income tax liability;

(5) the amount of any distribution from a qualified pension or profit-sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(6) pension income as provided by section 290.08, subdivision 26;

(7) the first \$3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next \$2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota. This modification does not apply to compensation defined in clause (6);

(8) unemployment compensation to the extent includible in gross income for federal income tax purposes under section 85 of the Internal Revenue Code of 1954;

(9) for an estate or trust, the amount of any income or gain which is not assignable to Minnesota under the provisions of section 290.17;

(10)(a) income from the business of mining as defined in section 290.05, subdivision 1, clause (a) which is not subject to the Minnesota income tax;

[FARM PROPERTY DISPOSITION INCOME.] For a person, a family farm corporation, or an authorized farm corporation, gross income does not include any gain realized upon foreclosure of a mortgage on real or personal property used in a farm business that was owned and operated by the taxpayer as the taxpayer's principal business. For the purposes of this subdivision, real property includes any dwellings located on the property. This modification does not apply to any net cash proceeds distributed to the taxpayer after discharge of the debt. For purposes of this subdivision "family farm corporation" and "authorized farm corporation" are as defined in section 500.24, subdivision 2, except that the term "farming" as used in those definitions includes the production of livestock, dairy animals or dairy products, poultry or poultry products, fur-bearing animals, horticultural and nursery stock that is covered by sections 18.44 to 18.61, fruit, vegetables, forage, grain, and bees and apiary products.*

Sec. 3. Minnesota Statutes 1985 Supplement, section 290.091, subdivision 2, is amended to read:

*Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:*

(a) "Alternative minimum taxable income" means the sum of the follow-

ing for the taxable year:

(1) the taxpayer's federal adjusted gross income as defined in the Internal Revenue Code;

(2) the taxpayer's federal tax preference items; less the sum of

(i) interest income as defined in section 290.01, subdivision 20b, clause (1); and

(ii) the amount of interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed qualified net investment income, as defined in section 55(e)(5) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income or amounts that are not allowable under section 55(e)(8) of the Internal Revenue Code; and

(iii) to the extent included in the taxpayer's federal adjusted gross income, gain excluded from gross income under section 290.01, subdivision 20b, clause (13).

In the case of an estate or trust, adjusted gross income must be modified as provided in section 55(e)(6)(B) of the Internal Revenue Code.

(b) "Federal tax preference items" means items as defined in sections 57, 58, and 443(d) of the Internal Revenue Code, modified as follows:

(1) The capital gain preference item shall be reduced

(i) where the gain would be modified because some or all of the assets have a higher basis for Minnesota purposes than for federal purposes; and

(ii) to the extent it includes gain excluded from gross income under section 290.01, subdivision 20b, clause (13).

(2) In the case of a nonresident individual, or an estate or trust, with a net operating loss that is a larger amount for Minnesota than for federal, the capital gain preference item shall be reduced to the extent it was reduced in the allowance of the net operating loss.

(3) Federal preference items from the business of mining or producing iron ore and other ores which are subject to the occupation tax and exempt from taxation under section 290.05, subdivision 1, shall not be a preference item for Minnesota.

(4) Other federal preference items to the extent not allowed in the computation of Minnesota gross income, as determined by the commissioner, are not preference items for Minnesota.

(c) "Internal Revenue Code" means the Internal Revenue Code of 1954, as amended through December 31, 1984.

(d) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section), reduced by the sum of the nonrefundable credits allowed under this chapter.

(a) Any tax due under this chapter on a gain realized on a forced sale pursuant to foreclosure of a mortgage or other security interest in agricultural production property, other real property, or equipment, used in a farm business that was owned and operated by the taxpayer shall be a dischargeable debt in a bankruptcy proceeding under United States Code, title 11, section 727.

~~A gain~~ (b) *Income realized on a sale or exchange of agricultural production property, other real property, or equipment, used in a farm business that was owned and operated by the taxpayer shall be exempt from taxation under this chapter, if the taxpayer was insolvent at the time of the sale and the proceeds of the sale were used solely to discharge indebtedness secured by a mortgage, lien or other security interest on the property sold. For purposes of this section, "insolvent" means insolvent as defined in section 108(d)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1984. This paragraph applies only to the extent that the gain is includable in federal adjusted gross income or in the computation of the alternative minimum taxable income under section 290.091 for purposes of the alternative minimum tax. The amount of the exemption is limited to the excess of the taxpayer's (1) liabilities over (2) the total assets and any exclusion claimed under section 108 of the Internal Revenue Code of 1954, as amended through December 31, 1985, determined immediately before application of this paragraph.*

(c) *For purposes of this section, any tax due under this chapter specifically includes, but is not limited to, tax imposed under sections 290.02 and 290.03 on income derived from a sale or exchange, whether constituting gain, discharge of indebtedness or recapture of depreciation deductions, or the alternative minimum tax imposed under section 290.091.*

Such a return may include a reduction in gross income to effect subtraction of any amount added to gross income for that year pursuant to Minnesota Statutes 1984, section 290.01, subdivision 20a, clause (3); if the increase in the federal tax liability was a result of recapture of the investment tax credit attributable to disposition of property described in section 2. Any reduction in income arising from a farm pursuant to this article shall not be considered in the computation of the farm loss modification under Minnesota Statutes 1984, section 290.09, subdivision 29, in an amended return.*

*Subd. 2. [PAYMENT OF REFUNDS.] The commissioner of revenue shall pay refunds to claimants who file amended returns based on this article notwithstanding expiration of the period of limitations in Minnesota Statutes, section 290.50, or any other law. During the period described in this subdivision, no government unit may construct a public building or facility on the proposed airport site or within five miles of it until it has submitted its plan for the building or facility to the metropolitan council for review and comment as provided in this subdivision.

Sec. 55. [473.637] [AIRCRAFT NOISE ZONES.]

Within 120 days after the selection and approval of a site for a new major airport in the metropolitan area, the metropolitan council shall determine the probable levels of noise that will result in various parts of the metropolitan area from the operation of aircraft using the site, shall establish aircraft noise zones based on that determination and applicable to property affected by the noise, and shall establish acceptable levels of perceived noise decibels for each land use, using the composite noise rating method and tables or the noise exposure forecast method and tables. Each government unit having power to adopt land use and development control measures applicable to property included in any aircraft noise zone shall adopt or incorporate in existing land use and development control measures the applicable acceptable level of perceived noise decibels established by the council, and shall adopt whatever other control measures may be necessary to prevent the use, construction, or improvement of property and buildings subject to a level of perceived noise decibels in excess of the acceptable level established for that land use. The council shall mail a map showing the aircraft noise zones and a copy of the applicable acceptable levels of perceived noise decibels to the governing body of each government unit having authority to adopt land use and development control measures applicable to property in each aircraft noise zone, to the metropolitan airports commission, and to the state commissioner of transportation. The control measures adopted by a government unit to comply with this section must be submitted to and approved by the council and placed into effect by the government unit as provided in section 473.215, subdivision 2. The council may change the aircraft noise zones and the applicable acceptable levels of perceived noise decibels to conform with the actual levels of noise produced by aircraft using the airport site when it is in operation, and may require changes in control measures applicable to airport noise zones to conform with changes made by it. No property may be used, and no building or other structure may be constructed or improved, within any aircraft noise zone if persons using the property and buildings would be subjected to a level of perceived noise decibels in excess of the acceptable level established by the council for that land use.

Sec. 56. [473.638] [CONTROL MEASURE INVOLVING TAKING; CONDEMNATION BY METROPOLITAN AIRPORTS COMMISSION.]

Subdivision 1. [EMINENT DOMAIN.] If either the provisions or the application of section 473.215, subdivision 2, or any land use and develop-

*ment control measure applicable to public or private property in an airport development area is determined by a court of competent jurisdiction to constitute a taking, the metropolitan airports commission in the exercise of its power to acquire lands for the airport has the power to acquire the property or any similar property, or an interest in it, to the extent needed for the application of the measure, by eminent domain exercised in accordance with chapter 117. The right of eminent domain must be exercised if the commission has or will have funds to pay the condemnation award and the council determines that it is necessary to protect the airport from encroachment or hazards, to protect residents in the area, to encourage the most appropriate use of property in the airport development area, or to protect and conserve the natural resources of the metropolitan area.*

*Subd. 2. [RETENTION OR SALE OF PROPERTY.] The commission may retain any property now owned by it or acquired under subdivision 1 and use it for a lawful purpose, or it may provide for the sale or other disposition of the property in accordance with a redevelopment plan in the same manner and upon the same terms as the housing and redevelopment authority and governing body of a municipality under the provisions of section 462.525, all subject to the provisions of section 473.215, subdivision 2, or to existing land use and development control measures approved by the council.*

*Subd. 3. [SHARING OF COSTS.] The metropolitan airports commission and any other government unit in the metropolitan area may enter into an agreement under which the cost of acquiring a property and the proceeds from the sale or other disposition of it under subdivision 2 are to be shared by the commission and such government unit. The commission, the metropolitan council, or any government unit may also enter into any agreements with the United States or the state of Minnesota, or any agency or subdivision of either, and do all acts and things required by state or federal law or rules as a condition or consideration for the loan or grant of funds or property for the purpose of land acquisition or improvement under subdivisions 1 and 2.*

**Sec. 57. [473.639] [RELATION TO AIRPORT HAZARD ZONING.]**

*Sections 473.215 and 473.216 and any criteria, guidelines, or land use and development control measure approved by the council under those sections in no way supersede or limit the powers conferred on a municipality to do airport hazard zoning, or the commissioner of transportation by sections 360.061 to 360.073. Any criteria, guidelines, or land use and development control measure approved by the council under section 473.215 or 473.216 must be consistent with any exercise of powers by the commissioner under sections 360.061 to 360.093.*

**Sec. 58. [473.64] [GOVERNMENT UNITS IN AIRPORT DEVELOPMENT AREA; TAX SHARING.]**

*The governing bodies of government units located wholly or partly in an airport development area shall jointly study and decide upon a plan for the sharing of property tax revenues derived from property located in an airport development area. If 80 percent of the government units having territory within the airport development area agree upon a plan, the plan is effective, and all government units shall enter into whatever agreements may be necessary for this purpose. The plan, however, may not impair the existing*

*contract obligations of any government unit. This section does not apply to the metropolitan airports commission or the council.*

Sec. 59. Minnesota Statutes 1984, section 473.811, subdivision 7, is amended to read:

Subd. 7. [JOINT ACTION.] Any local governmental unit or metropolitan ~~commission~~ agency may act together with any county, city, or town within or without the metropolitan area, or with the pollution control agency or the waste management board under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, and 473.801 to 473.823 and sections 473.827, 473.831, 473.833, 473.834, 116.05 and 115A.06.

Any agreement regarding data processing services relating to the generation, management, identification, labeling, classification, storage, collection, treatment, transportation, processing or disposal of waste and entered into pursuant to section 471.59, or other law authorizing joint or cooperative action may provide that any party to the agreement may agree to defend, indemnify and hold harmless any other party to the agreement providing the services, including its employees, officers or volunteers, against any judgments, expenses, reasonable attorney's fees and amounts paid in settlement actually and reasonably incurred in connection with any third party claim or demand arising out of an alleged act or omission by a party to the agreement, its employees, officers or volunteers occurring in connection with any exchange, retention, storage or processing of data, information or records required by the agreement. Any liability incurred by a party to an agreement under this subdivision shall be subject to the limitations set forth in section 3.736 or 466.04.

Sec. 60. Minnesota Statutes 1984, section 473.823, subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. No permit may be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the policy plan. In making its determination, the council shall consider the area-wide need and benefit of the applicant facility and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities described in a waste control commission development program implementation plan or county report or master plan. If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits

may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a solid waste facility used primarily for resource recovery and the geographic territory from which a resource recovery facility or transfer station serving such a facility may draw its waste. For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60 day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. No permit shall be issued in the metropolitan area for a solid waste facility used primarily for resource recovery or a transfer station serving such a facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the council finds and determines that adequate markets exist for the products recovered and that establishment of the facility is consistent with the criteria and standards in the metropolitan and county plans respecting the protection of existing resource recovery facilities and transfer stations serving such facilities."

Sec. 4. [523A.04] [NOTICE.]

*Every durable power of attorney for health care must include the following language:*

*This is an important legal document. It creates a durable power of attorney for health care. Before executing this document, you should know these important facts:*

*This document gives the person you designate as your attorney-in-fact the power to make health care decisions for you, subject to any limitations or statement of your desires that you include in this document. The power to make health care decisions for you may include consent, refusal of consent, or withdrawal of consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. You may state in this document any types of treatment or placements that you do not desire.*

*The person you designate in this document has a duty to act consistent with your desires as stated in this document or otherwise made known or, if your desires are unknown, to act in your best interests. This person is not bound to act consistent with your desires if the person determines that they are not in your best interests.*

*Except as you otherwise specify in this document, the power of the person you designate to make health care decisions for you may include the power to consent to your doctor not giving treatment or stopping treatment that would keep you alive.*

*Unless you specify a shorter period in this document, this power will exist for six years from the date you execute this document and, if you are unable to make health care decisions for yourself at the time when this six-year period ends, this power will continue to exist until the time when you become able to make health care decisions for yourself. The determination as to whether you are unable to make health care decisions will be made by your attorney-in-fact.*

*Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped if you object.*

*You have the right to revoke the appointment of the person designated in this document by notifying that person of the revocation orally or in writing.*

*You have the right to revoke the authority granted to the person designated*

in this document to make health care decisions for you by notifying the treating physician, hospital, or other health care provider orally or in writing.

The person designated in this document to make health care decisions for you has the right to examine your medical records and to consent to their disclosure unless you limit this right in this document.

If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.

Sec. 5. [523A.05] [ATTORNEY-IN-FACT; DECISIONS.]

Subdivision 1. [PRIORITY.] Unless the durable power of attorney provides otherwise, the attorney-in-fact designated in a durable power of attorney for health care who is known to the health care provider to be available and willing to make health care decisions has priority over any other person to act for the principal in all matters relating to health care decisions, except that the attorney-in-fact does not have authority to make a particular health care decision if the principal is able to give informed consent with respect to that decision.

Subd. 2. [SCOPE.] Subject to any limitations in the durable power of attorney, the attorney-in-fact designated in a durable power of attorney for health care may make health care decisions for the principal, before or after the death of the principal, to the same extent as the principal could make the principal's own health care decisions if the principal had the capacity to do so, including but not limited to:

(1) making a disposition under sections 525.921 to 525.93, the uniform anatomical gift act;

(2) authorizing an autopsy; or

(3) directing the disposition of remains.

In exercising the authority under the durable power of attorney for health care, the attorney-in-fact has a duty to act consistently with the desires of the principal as expressed in the durable power of attorney or otherwise made known to the attorney-in-fact at any time or, if the principal's desires are unknown, to act in the best interests of the principal. The attorney-in-fact is not bound to act consistent with the principal's desires if the attorney-in-fact determines that they are not in the principal's best interests.

Subd. 3. [OTHER RIGHTS NOT AFFECTED.] Nothing in this chapter affects any right the person designated as attorney-in-fact may have, apart from the durable power of attorney for health care, to make or participate in the making of health care decisions on behalf of the principal.

Sec. 6. [523A.06] [ATTORNEY-IN-FACT; LIMITATIONS ON AUTHORITY TO CONSENT.]

Subdivision 1. [LIMITATIONS.] A durable power of attorney for health care may not authorize the attorney-in-fact to consent to any of the following on behalf of the principal:

(1) commitment to or placement in a mental health treatment facility;

(2) convulsive treatment;

(3) psychosurgery;

(4) sterilization; or

(5) abortion.

*Subd. 2. [OTHER LAWS NOT AFFECTED.] This section does not prohibit commitment to or placement in a mental health treatment facility under the existing procedures of chapter 253B or the provision of other treatment listed in subdivision 1 to the extent it is permissible under other law.*

**Sec. 7. [523A.07] [ATTORNEY-IN-FACT; MEDICAL INFORMATION.]**

*Except to the extent the right is limited by the durable power of attorney for health care, an attorney-in-fact has the same right as the principal to receive information regarding the proposed health care, to receive and review medical records, and to consent to the disclosure of medical records.*

**Sec. 8. [523A.08] [EXPIRATION OF DURABLE POWER OF ATTORNEY.]**

*Unless a shorter period is provided in the durable power of attorney for health care, a durable power of attorney for health care expires six years after the date of its execution unless at the end of the six-year period the principal lacks the capacity to make health care decisions, in which case the durable power of attorney for health care continues in effect until the time when the principal regains the capacity to make health care decisions. The determination as to whether the principal lacks capacity to make health care decisions will be made by the attorney-in-fact.*

**Sec. 9. [523A.09] [REVOCATION.]**

*Subdivision 1. [PRINCIPAL'S POWER.] At any time while the principal has the capacity to execute a durable power of attorney for health care, the principal may do any of the following:*

*(1) revoke the appointment of the attorney-in-fact under the durable power of attorney for health care by notifying the attorney-in-fact orally or in writing; or*

*(2) revoke the authority granted to the attorney-in-fact to make health care decisions by notifying the health care provider orally or in writing.*

*There is a rebuttable presumption that the principal has the capacity to revoke a durable power of attorney for health care.*

*Subd. 2. [MEDICAL RECORDS; NOTIFICATION OF ATTORNEY-IN-FACT.] If the principal notifies the health care provider orally or in writing that the authority granted to the attorney-in-fact to make health care decisions is revoked, the health care provider shall make the notification a part of the principal's medical records and shall make a reasonable effort to notify the attorney-in-fact of the revocation.*

*Subd. 3. [REVOCATION OF PRIOR POWERS.] Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.*

*Subd. 4. [EFFECT OF MARRIAGE DISSOLUTION OR ANNUL-*

MENT.] *Unless the durable power of attorney expressly provides otherwise, if after executing a durable power of attorney for health care the principal's marriage is dissolved or annulled, the dissolution or annulment revokes any designation of the former spouse as an attorney-in-fact to make health care decisions for the principal. If any designation is revoked solely by this subdivision, it is revived by the principal's remarriage to the former spouse.*

*Subd. 5. [IMMUNITY IN CERTAIN CASES.] If authority granted by a durable power of attorney for health care is revoked under this section, a person is not subject to criminal or civil liability for relying in good faith upon the durable power of attorney unless the person has actual knowledge of the revocation.*

Sec. 10. [523A.10] [IMMUNITY OF HEALTH CARE PROVIDER.]

*Subdivision 1. [GENERAL SCOPE.] Subject to any limitations stated in the durable power of attorney and to sections 6 and 12 to 15, a health care provider is not subject to criminal or civil liability, or professional disciplinary action except to the same extent as would be the case if the principal, having had the capacity to give informed consent, had made the health care decision on the principal's own behalf under like circumstances, if the health care provider relies on a health care decision and the following requirements are satisfied:*

*(1) the decision is made by an attorney-in-fact who the health care provider believes in good faith is authorized under this chapter to make the decision;*

*(2) the health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney or as instructed by the attorney-in-fact or otherwise made known to the health care provider, and if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has made a good faith effort to determine the desires of the principal to the extent that the principal is able to convey those desires to the health care provider and the results of the effort are made a part of the principal's medical records; and*

*(3) the health care provider acts in accordance with prevailing medical standards.*

*Subd. 2. [FAILURE TO WITHDRAW CARE.] Notwithstanding the health care decision of the attorney-in-fact designated by a durable power of attorney for health care, the health care provider is not subject to criminal or civil liability, or professional disciplinary action for failing to withdraw health care necessary to keep the principal alive when the health care has been provided under the direction of the principal or in a situation where informed consent was not necessary.*

Sec. 11. [523A.11] [OTHER LAWS NOT AFFECTED.]

*Subdivision 1. [EXISTING RIGHT TO MAKE DECISION.] Subject to section 4, nothing in this chapter affects any right a person may have to make health care decisions on behalf of another.*

*Subd. 2. [EMERGENCY TREATMENT.] This chapter does not affect the law governing health care treatment in an emergency.*

## Sec. 12. [523A.12] [PRIORITY OF PRINCIPAL.]

*Nothing in this chapter authorizes an attorney-in-fact to consent to health care, or to consent to the withholding or withdrawal of health care necessary to keep the principal alive, if the principal objects to the health care or to the withholding or withdrawal of the health care. If the principal objects, the case is governed by the law that would apply if there were no durable power of attorney for health care.*

## Sec. 13. [523A.13] [EXECUTION OF DURABLE POWER OF ATTORNEY MAY NOT BE REQUIRED.]

*No health care provider or insurer may condition admission to a facility, or the providing of treatment, or insurance, on the requirement that a person execute a durable power of attorney for health care.*

## Sec. 14. [523A.14] [PENALTIES.]

*Subdivision 1. [CONCEALING DURABLE POWER OF ATTORNEY.] An individual who willfully conceals, cancels, defaces, or obliterates the durable power of attorney for health care of another without the person's consent or who falsifies or forges a revocation of a durable power of attorney for health care of another is guilty of a gross misdemeanor punishable pursuant to section 609.03.*

*Subd. 2. [FORGING DURABLE POWER OF ATTORNEY.] An individual who falsifies or forges the durable power of attorney for health care of another, or willfully conceals or withholds personal knowledge of a revocation, is guilty of a gross misdemeanor punishable pursuant to section 609.03.*

*Subd. 3. [REQUIRED OR PROHIBITED EXECUTION.] Any person who requires or prohibits the execution of a durable power of attorney for health care as a condition for being insured for, or receiving, health care services is guilty of a misdemeanor punishable pursuant to section 609.03.*

*Subd. 4. [FORCED EXECUTION.] Any person who coerces or fraudulently induces another to execute a durable power of attorney for health care is guilty of a misdemeanor punishable pursuant to section 609.03.*

*Subd. 5. [OTHER SANCTIONS PRESERVED.] The sanctions provided in this section do not displace any sanction applicable under other law.*

## Sec. 15. [523A.15] [MERCY KILLINGS; EUTHANASIA; SUICIDE.]

*Nothing in this chapter authorizes mercy killing, euthanasia, or suicide, or permits any affirmative or deliberate act or omission to end life other than the withholding or withdrawal of health care pursuant to a durable power of attorney for health care so as to permit the natural process of dying. In making health care decisions under a durable power of attorney for health care, an attempted suicide by the principal may not be construed to indicate a desire of the principal that health care treatment be restricted or inhibited."*

Sec. 3. Minnesota Statutes 1984, section 115.01, is amended by adding a subdivision to read:

*Subd. 20. [POTABLE WATER.] "Potable water" means water which is or may be used as a source of supply for human consumption including drinking, culinary use, food processing, and other similar purposes, and which is suitable for such uses in its untreated state or when treated using generally recognized treatment methods.*

Sec. 5. [115.063] [HAZARDOUS AND RADIOACTIVE WASTE; STATE POTABLE WATER PROTECTION POLICY.]

*The legislature finds that:*

*(1) the waters of the state, because of their abundant quantity and high natural quality, constitute a unique natural resource of immeasurable value which must be protected and conserved for the benefit of the health, safety, welfare, and economic well-being of present and future generations of the people of the state;*

*(2) the actual or potential use of the waters of the state for potable water supply is the highest priority use of that water and deserves maximum protection by the state; and*

*(3) the disposal of hazardous waste and radioactive waste in Minnesota may pose a serious risk of pollution of the waters of the state, particularly potable water.*

*It is therefore the policy of the state of Minnesota, consistent with the state's primary responsibility and rights to prevent, reduce, and eliminate water pollution and to plan for the preservation of water resources, that disposal systems for hazardous waste or radioactive waste should not be located in any place or be constructed or operated in any manner that can reasonably be expected to cause pollution of potable water.*

*The location, construction, or operation of any disposal system for haz-*

ardous waste or radioactive waste, whether generated within or outside of the state, in any place or in any manner that can reasonably be expected to cause the pollution of potable water is prohibited.

Sec. 7. [115.067] [BELOW GRADE DISPOSAL SYSTEMS; PROHIBITION; EXCEPTION.]

*The construction or operation of a disposal system for hazardous waste or radioactive waste in whole or in part below the natural grade of the land where it is located is prohibited unless the person proposing to construct or operate the system demonstrates that the disposal system cannot reasonably be expected to cause the pollution of potable water.*

Sec. 8. [115.069] [RADIONUCLIDE POLLUTION; HIGH LEVEL NUCLEAR WASTE DISPOSAL SYSTEM.]

*The determination of whether the location, construction, or operation of a disposal system for spent nuclear fuel or high-level radioactive waste can reasonably be expected to cause radionuclide pollution of potable ground water in violation of section 7 shall be made in accordance with the provisions of section 10.*

*Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 9 and 10.*

*Subd. 2. [GROUND WATER.] "Ground water" means the water contained below the surface of the earth in the saturated zone including, without limitation, all waters whether under confined, unconfined, or perched conditions, in near surface unconsolidated sediment or regolith, or in rock formations deeper underground.*

*Subd. 3. [UNDISTURBED PERFORMANCE.] "Undisturbed performance" means the predicted behavior of a disposal system, including consideration of the uncertainties in predicted behavior, if the disposal system is not disrupted by human intrusion or unlikely natural events.*

Sec. 10. [116C.76] [NUCLEAR WASTE DISPOSAL SYSTEM RELEASE INTO GROUND WATER.]

*Subdivision 1. [RADIONUCLIDE RELEASE LEVELS.] Disposal systems for spent nuclear fuel or high-level radioactive wastes must be designed to provide a reasonable expectation that the undisturbed performance of the disposal system will not cause the radionuclide concentrations, averaged over any year, in ground water to exceed:*

- (1) five picocuries per liter of radium-226 and radium-228;*
- (2) 15 picocuries per liter of alpha-emitting radionuclides including radium-226 and radium-228, but excluding radon; or*
- (3) the combined concentrations of radionuclides that emit either beta or gamma radiation that would produce an annual dose equivalent to the total body of any internal organ greater than four millirems per year if an individual consumed two liters per day of drinking water from the ground water;*

*Subd. 2. [DISPOSAL RESTRICTED.] Spent nuclear fuel or high-level radioactive waste may not be disposed at a location where the average*

*annual radionuclide concentrations in ground water exceed the limits in subdivision 1 before construction of the disposal system.*

*Subd. 3. [PROTECTION AGAINST RADIONUCLIDE RELEASE.] Disposal systems must be selected, located, and designed to keep any allowable radionuclide releases to the ground water as low as reasonably achievable.*

Sec. 11. [EFFECTIVE DATE.]

*Subdivision 1. [ALTERNATIVES TO CONVENTIONAL INSURANCE.] In the event that the state is unable to obtain certain types of insurance, or the commissioner determines insurance to be unreasonably costly, the commissioner may implement alternatives to the purchase of conventional insurance. A mechanism for implementing possible alternatives to conventional insurance is the risk management fund created in subdivision 2.*

All state agencies which have had or may have casualty claims against them with respect to the risks for which the commissioner has implemented conventional insurance alternatives shall contribute to the fund a portion of the money appropriated to them. The commissioner shall determine the proportionate share of each agency on the basis of the agency's*

casualty claim experience as compared to other affected agencies. The money in the fund to pay casualty claims arising from state activities and for administrative costs, including costs for the adjustment and defense of the claims, is appropriated to the commissioner. Interest earned from the investment of money in the fund shall be credited to the fund and be available to the commissioner for the expenditures authorized in this subdivision. The fund is exempt from the provisions of section 16A.15, subdivision 1. In the event that proceeds in the fund are insufficient to pay outstanding claims and associated administrative costs, the commissioner, in consultation with the commissioner of finance, may assess state agencies participating in the fund amounts sufficient to pay the costs. **"Sec. 59. [145.682] [CERTIFICATION OF EXPERT REVIEW; AFFIDAVIT.]**

*Subdivision 1. [DEFINITION.] For purposes of this section, "health care provider" means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.*

*Subd. 2. [REQUIREMENT.] In an action alleging malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider which includes a cause of action as to which expert testimony is necessary to establish a prima facie case, the plaintiff must: (1) unless otherwise provided in subdivision 3, paragraph (b), serve upon defendant with the summons and complaint an affidavit as provided in subdivision 3; and (2) serve upon defendant within 180 days after commencement of the suit an affidavit as provided by subdivision 4.*

*Subd. 3. [AFFIDAVIT OF EXPERT REVIEW.] The affidavit required by subdivision 2, clause (1), must be by the plaintiff's attorney and state that:*

*(a) the facts of the case have been reviewed by the plaintiff's attorney with an expert whose qualifications provide a reasonable expectation that the expert's opinions could be admissible at trial and that, in the opinion of this expert, one or more defendants deviated from the applicable standard of care and by that action caused injury to the plaintiff; or*

(b) the expert review required by paragraph (a) could not reasonably be obtained before the action was commenced because of the applicable statute of limitations. If an affidavit is executed pursuant to this paragraph, the affidavit in paragraph (a) must be served on defendant or the defendant's counsel within 90 days after service of the summons and complaint.

Subd. 4. [IDENTIFICATION OF EXPERTS TO BE CALLED.] The affidavit required by subdivision 2, clause (2), must be by the plaintiff's attorney and state the identity of each person whom plaintiff expects to call as an expert witness at trial to testify with respect to the issues of malpractice or causation, the substance of the facts and opinions to which the expert is expected to testify, and a summary of the grounds for each opinion. Answers to interrogatories that state the information required by this subdivision satisfy the requirements of this subdivision if they are signed by the plaintiff's attorney and served upon the defendant within 180 days after commencement of the suit against the defendant.

The parties or the court for good cause shown, may by agreement, provide for extensions of the time limits specified in subdivision 2, 3, or this subdivision. Nothing in this subdivision may be construed to prevent either party from calling additional expert witnesses or substituting other expert witnesses.

Subd. 5. [RESPONSIBILITIES OF PLAINTIFF AS ATTORNEY.] If the plaintiff is acting pro se, the plaintiff shall sign the affidavit or answers to interrogatories referred to in this section and is bound by those provisions as if represented by an attorney.

Subd. 6. [PENALTY FOR NONCOMPLIANCE.] Failure to comply with subdivision 2, clause (1), within 60 days after demand for the affidavit results, upon motion, in mandatory dismissal with prejudice of each cause of action as to which expert testimony is necessary to establish a prima facie case.

Failure to comply with subdivision 2, clause (2), and subdivision 4 results, upon motion, in mandatory dismissal with prejudice of each cause of action as to which expert testimony is necessary to establish a prima facie case.

Subd. 7. [CONSEQUENCES OF SIGNING AFFIDAVIT.] The signature of the plaintiff or the plaintiff's attorney constitutes a certification that the person has read the affidavit or answers to interrogatories, and that to the best of the person's knowledge, information, and belief formed after a reasonable inquiry, it is true, accurate, and made in good faith. A certification made in violation of this subdivision subjects the attorney or plaintiff responsible for such conduct to reasonable attorney's fees, costs, and disbursements.

Sec. 60. Minnesota Statutes 1984, section 245.814, is amended to read:

245.814 [LIABILITY INSURANCE FOR FOSTER PARENTS LICENSED PROVIDERS.]

Subdivision 1. [INSURANCE FOR FOSTER PARENTS.] The commissioner of human services shall within the appropriation provided purchase and provide insurance to foster parents to cover their liability for:

- (1) injuries or property damage caused or sustained by foster children in

their home; and

(2) actions arising out of alienation of affections sustained by the natural parents of a foster child.

Coverage shall apply to all foster boarding homes licensed by the department of human services, licensed by a federally recognized tribal government, or established by the juvenile court and certified by the commissioner of corrections pursuant to section 260.185, subdivision 1, clause (c) (5), to the extent that the liability is not covered by the provisions of the standard homeowner's or automobile insurance policy. The insurance shall not cover property owned by the foster parents, damage caused intentionally by a child over 12 years of age, or property damage arising out of business pursuits or the operation of any vehicle, machinery, or equipment.

*Subd. 2. [LIABILITY INSURANCE; RISK POOL.] If the commissioner determines that appropriate commercial liability insurance coverage is not available for a licensed foster home, group home, developmental achievement center, or day care provider, and that coverage available through the joint underwriting authority of the commissioner of commerce or other public entity is not appropriate for the provider or a class of providers, the commissioner of human services and the commissioner of commerce may jointly establish a risk pool to provide coverage for licensed providers out of premiums or fees paid by providers. The commissioners may set limits on coverage, establish premiums or fees, determine the proportionate share of each provider to be collected in a premium or fee based on the provider's claim experience and other factors the commissioners consider appropriate, establish eligibility and application requirements for coverage, and take other action necessary to accomplish the purposes of this subdivision. A human services risk pool fund is created for the purposes of this subdivision. Fees and premiums collected from providers for risk pool coverage are appropriated to the risk pool fund. Interest earned from the investment of money in the fund must be credited to the fund and money in the fund is appropriated to the commissioner of human services to pay administrative costs and covered claims for participating providers. In the event that money in the fund is insufficient to pay outstanding claims and associated administrative costs, the commissioner of human services may assess providers participating in the risk pool amounts sufficient to pay the costs. The commissioner of human services may not assess a provider an amount exceeding one year's premiums collected from that provider."*

Sec. 75. [548.36] [COLLATERAL SOURCE CALCULATIONS.]

*Subdivision 1. [DEFINITION.] For purposes of this section, "collateral sources" means payments related to the injury or disability in question made to the plaintiff, or on the plaintiff's behalf up to the date of the verdict, by or pursuant to:*

*(1) a federal, state, or local income disability or workers' compensation act; or other public program providing medical expenses, disability payments, or similar benefits;*

*(2) health, sickness, or automobile accident insurance or liability insurance that provides health benefits or income disability coverage; or similar insurance benefits, except life insurance benefits available to the plaintiff, whether purchased by the plaintiff or provided by others, and payments made pursuant to the United States Social Security Act, a pension, or other income disability coverage;*

*(4) a contractual or voluntary wage continuation plan provided by employers or any other system intended to provide wages during a period of disability.*

*Subd. 2. [MOTION.] In a civil action, whether based on contract or tort, when liability is admitted or is determined by the trier of fact, and when damages include an award to compensate the plaintiff for losses available to the date of the verdict by collateral sources, a party may file a motion within ten days of the date of entry of the verdict requesting determination of collateral sources. If the motion is filed, the parties shall submit written evidence of, and the court shall determine:*

*(1) amounts of collateral sources that have been paid for the benefit of the*

*plaintiff or are otherwise available to the plaintiff as a result of losses except those for which a subrogation right has been asserted; and*

*(2) amounts that have been paid, contributed, or forfeited by, or on behalf of, the plaintiff or members of the plaintiff's immediate family for the two-year period immediately before the accrual of the action to secure the right to a collateral source benefit that the plaintiff is receiving as a result of losses.*

*(b) If the court cannot determine the amounts specified in paragraph (a) from the written evidence submitted, the court may within ten days request additional written evidence or schedule a conference with the parties to obtain further evidence.*

*Subd. 4. [CALCULATION OF ATTORNEYS' FEES.] If the fees for legal services provided to the plaintiff are based on a percentage of the amount of money awarded to the plaintiff, the percentage must be based on the amount of the award as adjusted under subdivision 3. Any subrogated provider of a collateral source not separately represented by counsel shall pay the same percentage of attorneys' fees as paid by the plaintiff and shall pay its proportionate share of the costs.*

*Subd. 5. [JURY NOT INFORMED OF COLLATERAL SOURCES.] The jury shall not be informed of the existence of collateral sources or any future benefits which may or may not be payable to the plaintiff.*

Sec. 76. Minnesota Statutes 1984, section 549.09, subdivision 1, is amended to read:

Subdivision 1. [WHEN OWED; RATE.] (a) When the judgment is for the recovery of money, including a judgment for the recovery of taxes, interest from the time of the verdict or report until judgment is finally entered shall be computed by the clerk as provided in clause (c) and added to the judgment. (b) Except as otherwise provided by contract or allowed by law, pre-verdict or pre-report interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action, *or the time of a written demand, whichever occurs first*, except as provided herein. If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counter-offer within 60 days. After that time interest on the judgment shall be calculated by the judge in the following manner. The prevailing party shall receive interest on any judgment from the time the action was commenced *or a written demand was made*, or as to special damages from the time when special damages were incurred, ~~if later than commencement of the action~~, until the time of verdict or report only if the amount of its offer is closer to the judgment than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment, whichever is less, and only from the time the action was commenced *or a written demand was made*, or as to special damages from when the special damages

were incurred, if later than commencement of the action, until the time the settlement offer was made. *Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact.* Except as otherwise provided by contract or allowed by law, pre-verdict or pre-report interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;

(2) judgments, decrees, or orders in dissolution, annulment, or legal separation actions;

(3) judgments for future damages;

(4) punitive damages, fines, or other damages that are noncompensatory in nature;

(4) (5) judgments not in excess of the amount specified in section 487.30; and

(5) (6) that portion of any verdict or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court. (c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year; provided, however, that in no event shall the rate of interest be less than eight percent per annum. *The state court administrator shall also determine the average rate of interest on judgments to be used during the succeeding calendar year for computation of the discount rate under section 82, subdivision 4, clause (1).* The state court administrator shall communicate the interest rate rates to the clerks of court for their use in computing the interest on verdicts and the discount rate under section 82.

#### Sec. 77. [549.191] [CLAIM FOR PUNITIVE DAMAGES.]

*Upon commencement of a civil action, the complaint must not seek punitive damages. After filing the suit a party may make a motion to amend the pleadings to claim punitive damages. The motion must allege the applicable legal basis under section 549.20 or other law for awarding punitive damages in the action and must be accompanied by one or more affidavits showing the factual basis for the claim. At the hearing on the motion, if the court finds prima facie evidence in support of the motion, the court shall grant the moving party permission to amend the pleadings to claim punitive damages. For purposes of tolling the statute of limitations, pleadings amended under this section relate back to the time the action was commenced.*

Sec. 78. Minnesota Statutes 1984, section 549.21, is amended to read:

**549.21 [REIMBURSEMENT FOR CERTAIN COSTS IN CIVIL ACTIONS.]**

Upon motion of a party, the court in its discretion may award to that party costs, disbursements, reasonable attorney fees and witness fees if the party or attorney against whom costs, disbursements, reasonable attorney and witness fees are charged acted in bad faith; asserted a claim or defense ~~knowing it to be that is~~ frivolous; asserted an unfounded position ~~solely to delay the ordinary course of the proceedings or to harass that is costly to the other party;~~ or committed a fraud upon the court. ~~To qualify for an award under this section, a party shall give timely notice of intent to claim an award.~~ An award under this section shall be without prejudice and as an alternative to any claim for sanctions that may be asserted under the rules of civil procedure. Nothing herein shall authorize the award of costs, disbursements or fees against a party or attorney advancing a claim or defense unwarranted under existing law, if it is supported by a good faith argument for an extension, modification, or reversal of the existing law.

Sec. 79. Minnesota Statutes 1984, section 595.02, is amended by adding a subdivision to read:

*Subd. 4. [WAIVER OF PRIVILEGE FOR HEALTH CARE PROVIDERS.] A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person's own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action; and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff's attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.*

*A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.*

*For purposes of this subdivision, "health care provider" means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.*

Sec. 80. Minnesota Statutes 1984, section 604.02, subdivision 1, is amended to read:

Subdivision 1. When two or more persons are jointly liable, contributions

to awards shall be in proportion to the percentage of fault attributable to each, except that each is jointly and severally liable for the whole award. *Provided, however, that a person whose fault is less than that of a claimant is liable to the claimant only for that portion of the judgment which represents the percentage of fault attributable to that person.*

Sec. 81. Minnesota Statutes 1984, section 604.02, is amended by adding a subdivision to read:

*Subd. 4. [DEFINITION.] For purposes of this section, "person" includes a municipality as defined in section 466.01.*

*(c) "Future damages" means all damages which the trier of fact finds will accrue after the damage findings are made.*

*(d) "Noneconomic loss" means all nonpecuniary harm for which damages are recoverable, including, but not limited to, pain, disability, disfigurement, embarrassment, emotional distress, and loss of consortium.*

*(e) "Past damages" means all damages that have accrued when the damage findings are made.*

*Subd. 2. [DISCOUNT REQUIRED.] In all actions seeking damages for personal injury, wrongful death, or loss of means of support, awards of all future damages, including economic and noneconomic loss, reasonably certain to occur must be discounted to present value as provided in this section.*

*Subd. 3. [FUTURE DAMAGES; EVIDENCE.] The amount of all future damages, including economic and noneconomic loss reasonably certain to occur, must be ascertained at the time of trial without reference to projected inflationary or noninflationary changes. Evidence of noninflationary changes in earnings or earning capacity that are reasonably certain to occur are admissible, but this evidence is limited to the present value of the future changes without regard to inflationary changes. Projected increases in earnings or earning capacity dependent upon general economic statistics are not admissible.*

*Subd. 4. [DISCOUNT RATE.] The award calculated under subdivision 3 must be reduced to present value at the time of trial by application of a discount rate equal to:*

*(1) the average rate of interest on judgments under section 549.09 for the five calendar years immediately preceding the commencement of trial, rounded to the nearest one-tenth, less*

*(2) the average increase in the Consumer Price Index for all Urban Consumers, all items, as published by the U. S. Department of Labor, Bureau of Labor Statistics, rounded to the nearest one-tenth, for the same five-year*

*Subd. 21. [GROUNDWATER.] “Groundwater” means water contained below the surface of the earth in the saturated zone including, without limitation, all waters whether under confined, unconfined, or perched conditions, in near-surface unconsolidated sediment or regolith, or in rock formations deeper underground.*

Sec. 5. [115.063] [HAZARDOUS AND RADIOACTIVE WASTE; STATE POTABLE WATER PROTECTION POLICY.]

*The legislature finds that:*

*(1) the waters of the state, because of their abundant quantity and high natural quality, constitute a unique natural resource of immeasurable value which must be protected and conserved for the benefit of the health, safety, welfare, and economic well-being of present and future generations of the people of the state;*

*(2) the actual or potential use of the waters of the state for potable water supply is the highest priority use of that water and deserves maximum protection by the state; and*

*(3) the disposal of hazardous waste and radioactive waste in Minnesota may pose a serious risk of pollution of the waters of the state, particularly potable water.*

*It is therefore the policy of the state of Minnesota, consistent with the state's primary responsibility and rights to prevent, reduce, and eliminate water pollution and to plan for the preservation of water resources, that disposal systems for hazardous waste or radioactive waste should not be located in any place or be constructed or operated in any manner that can reasonably be expected to cause pollution of potable water.*

Sec. 6. [115.065] [PROHIBITION OF DISPOSAL.]

*The location, construction, or operation of any disposal system for hazardous waste or radioactive waste, whether generated within or outside of the state, in any place or in any manner that can reasonably be expected to cause the pollution of potable water is prohibited.*

Sec. 7. [115.067] [BELOW GRADE DISPOSAL SYSTEMS; PROHIBITION; EXCEPTION.]

*The construction or operation of a disposal system for hazardous waste or radioactive waste in whole or in part below the natural grade of the land where it is located is prohibited unless the person proposing to construct or operate the system demonstrates that the disposal system cannot reasonably be expected to cause the pollution of potable water.*

Sec. 8. [115.069] [RADIONUCLIDE POLLUTION; HIGH-LEVEL NUCLEAR WASTE DISPOSAL SYSTEM.]

*The determination of whether the location, construction, or operation of a disposal system for spent nuclear fuel or high-level radioactive waste can reasonably be expected to cause radionuclide pollution of potable groundwater in violation of section 7 shall be made in accordance with the provisions of section 10.*

Sec. 9. [116C.75] [DEFINITIONS.]

*Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 9 and 10.*

*Subd. 2. [GROUNDWATER.] "Groundwater" means the water contained below the surface of the earth in the saturated zone including, without limitation, all waters whether under confined, unconfined, or perched conditions, in near surface unconsolidated sediment or regolith, or in rock formations deeper underground.*

*Subd. 3. [UNDISTURBED PERFORMANCE.] "Undisturbed performance" means the predicted behavior of a disposal system, including consideration of the uncertainties in predicted behavior, if the disposal system is not disrupted by human intrusion or unlikely natural events.*

**Sec. 10. [116C.76] [NUCLEAR WASTE DISPOSAL SYSTEM RELEASE INTO GROUNDWATER.]**

*Subdivision 1. [RADIONUCLIDE RELEASE LEVELS.] Disposal systems for spent nuclear fuel or high-level radioactive wastes must be designed to provide a reasonable expectation that the undisturbed performance of the disposal system will not cause the radionuclide concentrations, averaged over any year, in groundwater to exceed:*

- (1) five picocuries per liter of radium-226 and radium-228;*
- (2) 15 picocuries per liter of alpha-emitting radionuclides including radium-226 and radium-228, but excluding radon; or*
- (3) the combined concentrations of radionuclides that emit either beta or gamma radiation that would produce an annual dose equivalent to the total body of any internal organ greater than four millirems per year if an individual consumed two liters per day of drinking water from the groundwater.*

*Subd. 2. [DISPOSAL RESTRICTED.] Spent nuclear fuel or high-level radioactive waste may not be disposed at a location where the average annual radionuclide concentrations in groundwater exceed the limits in subdivision 1 before construction of the disposal system.*

*Subd. 3. [PROTECTION AGAINST RADIONUCLIDE RELEASE.] Disposal systems must be selected, located, and designed to keep any allowable radionuclide releases to the groundwater as low as reasonably achievable."*

The facility must be above grade unless the board determines, after environmental review under section 25, subdivision 2, that an alternative design would provide greater protection for human health and the environment. No waste may be accepted for containment at the facility except the following:*

*(a) Waste rendered nonhazardous;*

*(b) Industrial waste; and*

*(c) Waste that is not eligible for acceptance under clause (a) or (b), if the agency determines that all of the following requirements are met:*

*(1) there is no feasible and prudent alternative to containment of the waste that would minimize adverse impact upon human health and the environment;*

*(2) the waste has been treated using feasible and prudent technology that minimizes the possibility of migration of any hazardous constituents of the waste; and*

*(3) the waste meets the standards adopted to protect human health and the environment under the authority of 42 U.S.C. section 6924(m), and any additional protective standards adopted by the agency under section 116.07, subdivision 4.*

*If no federal or state standards have been adopted for a waste as provided in clause (3), the waste may not be accepted for containment.*

*A person proposing a waste for containment at the facility has the burden of demonstrating that the waste may be accepted under the requirements of this subdivision. The demonstration under clause (c) must document in a form satisfactory to the agency the manner in which the person has attempted to meet the standard for acceptance of the waste under clause (a) and the characteristics of the waste that prevent compliance with that standard."*

Delete everything after the enacting clause and insert:

“ARTICLE 1

Section 1. Minnesota Statutes 1984, section 336.9-501, is amended to read:

336.9-501 [DEFAULT; PROCEDURE WHEN SECURITY AGREEMENT COVERS BOTH REAL AND PERSONAL PROPERTY.]

(1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this part and except as limited by subsection (3) those provided in the security agreement. He may reduce his claim to judgment, foreclose, or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies, and duties provided in section 336.9-207. The rights and remedies referred to in this subsection are cumulative.

(2) After default, the debtor has the rights and remedies provided in this part, those provided in the security agreement, and those provided in section 336.9-207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subsections referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subsection (3) of section 336.9-504 and section 336.9-505) and with respect to redemption of collateral (section 336.9-506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) Subsection (2) of section 336.9-502 and subsection (2) of section 336.9-504 insofar as they require accounting for surplus proceeds of collateral;

(b) Subsection (3) of section 336.9-504 and subsection (1) of section 336.9-505 which deal with disposition of collateral;

(c) Subsection (2) of section 336.9-505 which deals with acceptance of collateral as discharge of obligation;

(d) Section 336.9-506 which deals with redemption of collateral; and

(e) Subsection (1) of section 336.9-507 which deals with the secured party's liability for failure to comply with this part.

(4) If the security agreement covers both real and personal property, the secured party may proceed under this part as to the personal property or he may proceed as to both the real and the personal property in accordance with

his rights and remedies in respect of the real property in which case the provisions of this part do not apply.

(5) When a secured party has reduced his claim to judgment the lien of any levy which may be made upon his collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in such collateral. A judicial sale, pursuant to such execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this article.

(6) A person may not begin to enforce a security interest in collateral that is agricultural property subject to sections 5 to 24 that has secured a debt of more than \$5,000 unless: a mediation notice under subsection (7) is served on the debtor and a copy filed with the farm mediation commission; and the person receives a release order under sections 5 to 24.

Sec. 5. [583.20] [CITATION.]

Sections 5 to 24 may be cited as the "farmer-lender mediation act."

Sec. 6. [583.21] [LEGISLATIVE FINDINGS.]

The legislature finds that the agricultural sector of the state's economy is under severe financial stress due to low farm commodity prices, continuing high interest rates, and reduced net farm income. The suffering agricultural economy adversely affects economic conditions for all other businesses in rural communities as well. Thousands of this state's farmers are unable to meet current payments of interest and principal payable on mortgages and other loan and land contracts and are threatened with the loss of their farm-

land, equipment, crops, and livestock through mortgage and lien foreclosures, cancellation of contracts for deed, and other collection actions. The agricultural economic emergency requires an orderly process with state assistance to adjust agricultural indebtedness to prevent civil unrest and to preserve the general welfare and fiscal integrity of the state.

Sec. 7. [583.22] [DEFINITIONS.]

*Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 7 to 24.*

## Sec. 10. [583.25] [FARM MEDIATION BOARDS.]

*A debtor that owns agricultural property or a creditor of the debtor may request mediation of the indebtedness by a farm mediation board by applying*

to the commission. The commission shall make voluntary mediation application forms available at the county recorder's office in each county. The commission must evaluate each request and may direct a mediator to meet with the debtor and creditor to assist in mediation.

Sec. 13. [583.28] [MANDATORY MEDIATION PROCEEDINGS.]

*Subdivision 1. [MEDIATION NOTICE.] A creditor desiring to start a proceeding to enforce a debt against agricultural property under chapter 580 or 581 or sections 336.9-501 to 336.9-508, to terminate a contract for deed to purchase agricultural property under section 559.21, or to garnish, levy on, execute on, seize, or attach agricultural property, must serve an applicable mediation notice under sections 1, 2, 3, and 4 on the debtor and the commission. The creditor may not begin the proceeding subject to sections 5 to 24 until the creditor is issued a release order.*

*Subd. 2. [MEDIATION REQUEST.] (a) A debtor must file a certified mediation request form with the commission by 14 days after receiving a mediation notice. The mediation request form must state all known creditors. The commission shall make mediation request forms available in the county recorder's office of each county.*

*(b) A debtor who fails to file a mediation request waives the right to mediation under the farmer-lender mediation act. The commission shall file a release order with the creditor stating that the creditor may proceed against the agricultural property because the debtor has failed to file a mediation request.*

*(c) If a debtor has not received a mediation notice and is subject to a proceeding of a creditor enforcing a debt against agricultural property under chapter 580 or 581 or sections 336.9-501 to 336.9-508, terminating a contract for deed to purchase agricultural property under section 559.21, or garnishing, levying on, executing on, seizing, or attaching agricultural property, the debtor may file a mediation request with the commission. The mediation request form must indicate that the debtor has not received a mediation notice.*

*Subd. 3. [CREDIT ANALYST AND FARM ADVOCATE.] (a) After receiving a mediation notice, the commission shall provide a credit analyst knowledgeable in agricultural and financial matters to meet with the debtor and assure that information relative to the finances of the debtor is prepared for the initial mediation meeting.*

*(b) After receiving the mediation notice, the commission shall notify the debtor that a farm advocate may be available without charge to assist the debtor and the credit analyst.*

*Subd. 4. [INITIAL MEDIATION MEETING.] By ten days after receiving a mediation request, the commission shall send a mediation meeting notice to the debtor and a mediation meeting notice and claim form to all known creditors of the debtor setting a time and place for an initial mediation meeting between the debtor, all known creditors of the debtor, and a mediator directed by the commission to assist in mediation. An initial mediation meeting must be held within 15 days of the notice.*

*Subd. 5. [EFFECT OF MEDIATION MEETING NOTICE.] If a creditor*

receives a mediation meeting notice to a creditor under subdivision 4 the creditor and the creditor's successors in interest may not continue proceedings to enforce a debt against agricultural property of the debtor under chapter 580 or 581 or sections 336.9-501 to 336.9-508, to terminate a contract for deed to purchase agricultural property under section 559.21, or to garnish, levy on, execute on, seize, or attach agricultural property. Time periods under and affecting those procedures stop running until the commission issues a release order to the creditor or a mediation agreement is reached.

*Subd. 6. [DUTIES OF MEDIATOR.] At the initial mediation meeting and subsequent meetings, the mediator shall:*

- (1) listen to the debtor and the creditors desiring to be heard;*
- (2) attempt to mediate between the debtor and the creditors;*

- (4) attempt to fairly adjust, refinance, or pay the debts; and*
- (5) advise, counsel, and assist the debtor and creditors in attempting to arrive at an agreement for the future conduct of financial relations among them.*

*Subd. 7. [MEDIATOR LIABILITY AND IMMUNITY.] (a) A mediator is immune from civil liability for actions within the scope of the position as mediator. A mediator does not have a duty to advise a creditor or debtor about the law or to encourage or assist a debtor or creditor in reserving or establishing legal rights. This subdivision is an addition to and not a limitation of immunity otherwise accorded to a mediator under law.*

*(b) A mediator cannot be examined about a communication or document, including worknotes, made or used in the course of or because of mediation under this section and section 12. This paragraph does not apply to the parties in the dispute in an application to a court by a party to have a mediated settlement agreement set aside or reformed. A communication or document otherwise not privileged does not become privileged because it is used in the cause of mediation. This paragraph is not intended to limit the privilege accorded to communication during mediation by the common law.*

*Subd. 8. [MEDIATION PERIOD.] The mediator may call mediation meetings during the mediation period, which is up to 60 days after the initial mediation meeting.*

*Subd. 9. [MEDIATION AGREEMENT.] (a) If an agreement is reached among the debtor and creditors the mediator shall draft a written mediation agreement, have it signed by the creditors, and submit the agreement to the commission for approval. The commission shall review the mediation agreement and, if the debtors and creditors are not unjustly treated, shall approve the mediation agreement and issue release or postponement orders to implement the agreement.*

*(b) The debtor and creditors must be notified of the approval or disapproval within five days after the commission receives the mediation agreement. The notification of the approval or disapproval of a mediation agreement is a release order unless a postponement is issued with the approval or*

*disapproval.*

*(c) The debtor and creditors who are parties to the approved mediation agreement and creditors who have filed claim forms and have not objected to the mediation agreement:*

*(1) are bound by the terms of the agreement;*

*(2) may enforce the mediation agreement as a legal contract; and*

*(3) may use the mediation agreement as a defense against an action contrary to the mediation agreement.*

*Subd. 10. [UNSUCCESSFUL MEDIATION.] (a) If a mediation agreement is not reached the farm mediation board shall make a recommendation to the commission by ten days after the final mediation meeting as to whether a postponement order should be issued.*

*(b) The farm mediation board may recommend to the commission that a postponement order be issued if:*

*(1) there is a reasonable likelihood that the farming operation will become viable; or*

*(2) the creditors have not made good faith efforts to reach a mediation agreement with the debtor and the debtor has made good faith efforts to reach a mediation agreement.*

*(c) The farm mediation board may not recommend to the commission that a postponement order be issued if creditors will be irreparably harmed by the issuance of a postponement order.*

**Sec. 14. [583.30] [CREDITOR NOT ATTENDING MEDIATION MEETING.]**

*Subdivision 1. [FILING AND EFFECT OF CLAIM FORM.] A creditor that is notified of the initial mediation meeting is subject to and bound by a mediation agreement if the creditor does not attend mediation meetings unless the creditor files a claim form. In lieu of attending a mediation meeting, a creditor may file a notice of claim and proof of claim on a claim form with the farm mediation board before the scheduled meeting. By filing a claim form the creditor agrees to be bound by a mediation agreement reached at the mediation meeting unless an objection is filed within the time specified. The farm mediation board must notify the creditors who have filed claim forms of the terms of any agreement reached at the farm mediation board meeting.*

*Subd. 2. [OBJECTIONS TO AGREEMENTS.] A creditor who has filed a claim form may serve a written objection to the terms of the agreement on the farm mediation board and the debtor by ten days after receiving notice of the agreement. If a creditor files an objection to the terms of an agreement, the farm mediation board may meet again with debtors and creditors by ten days after receiving the objection to attempt to reach a new agreement. Notwithstanding the mediation period under section 13, subdivision 8, if an objection is filed, the mediation board may call mediation meetings during the ten-day period following receipt of the objection.*

**Sec. 15. [583.31] [ORDER AFTER UNSUCCESSFUL MEDIATION.]**

*The commission must issue a release order or a postponement order within ten days after receiving the farm mediation board's recommendation after unsuccessful mediation. The commission shall file the order with the debtor, all known creditors of the debtor, and the farm mediation board.*

Sec. 16. [583.32] [POSTPONEMENT ORDER.]

*Subdivision 1. [STANDARD TO ISSUE POSTPONEMENT ORDER.]*

*(a) The commission shall consider the farm mediation board recommendation and may issue a postponement order if:*

*(1) there is a reasonable likelihood that the farming operation will be viable; or*

*(2) the creditors have not made good faith efforts to reach a mediation agreement with the debtor and the debtor has made good faith efforts to reach a mediation agreement.*

*(b) The commission may not issue a postponement order if creditors will be irreparably harmed by issuance of a postponement order.*

*Subd. 2. [TERMINATION AND RELEASE.] A postponement order issued under the farmer-lender mediation act must contain a termination date. The expiration of the postponement order is a release order.*

*Subd. 3. [EFFECT.] A postponement order is binding on the debtor and creditors and may be used as a complete defense and bar to any actions contrary to the order.*

Sec. 17. [583.33] [FARM FINANCIAL PLAN.]

*Subdivision 1. [PLAN APPROVAL.] (a) By 30 days after receiving a postponement order, the farm mediation board shall develop a financial plan and submit it to the debtor, creditors, and the commission. The plan must be designed to maximize the long-term viability of the farm operation and may include temporary suspension or reduction of payments during the postponement period and voluntary adjustment of debt by creditors.*

*(b) The commission may amend the financial plan but must approve the financial plan within ten days after receiving it from the farm mediation board. The financial plan is effective when approved by the commission. The commission may issue a release order or a postponement order to implement the financial plan, except that a postponement order may not exceed one year. A copy of the approved plan with the release or postponement order, if any, must be filed with the debtor and affected creditors.*

*(c) Notwithstanding section 18, the commission may extend the terms of a postponement order against a creditor for an additional period of up to one year after the termination date if it determines that the creditor has not acted in good faith with the debtor, commission, or farm mediation board.*

*Subd. 2. [DISAPPROVAL AND NONCOMPLIANCE.] If the debtor fails to comply with the terms of the plan, upon request of the debtor or creditor the commission may issue a release order at any time.*

Sec. 18. [583.34] [EXTENSION OF DEADLINES.]

*Upon petition by a farm mediation board, a debtor, or a creditor, the commission may, for good cause, extend a deadline imposed by sections 13*

to 17 for up to 30 days, except that a postponement order may not exceed one year.

**Sec. 19. [583.35] [EFFECT OF MEDIATION ON CREDITOR.]**

*A creditor that has participated in mediation with a debtor and has been issued a release order is not required to file notices before proceeding under sections 1 to 4, against the debtor's property and is not subject to the farmer-lender mediation act as it applies to the debtor involved in the mediation.*

**Sec. 20. [583.36] [PRIVATE DATA.]**

*All data regarding the finances of individual debtors and creditors created, collected, and maintained by the commission or farm mediation boards of the commission or board are classified as private data on individuals under section 13.02, subdivision 12, or nonpublic data under section 13.02, subdivision 9.*

**Sec. 21. [583.37] [CLOSED MEETINGS.]**

*Meetings of the commission and farm mediation boards are open to the public and are subject to provisions of the open meeting law, section 471.705, except any portion of commission meetings that discusses or refers to private or nonpublic data. The commission shall give notice of meetings.*

**Sec. 24. [583.40] [INCONSISTENT LAWS.]**

*The farmer-lender mediation act has precedence over any inconsistent or conflicting laws and statutes including chapters 336, 580, and 581, and section 559.21.*

**Sec. 25. [TRAINING, COMPENSATION, AND EXPENSES OF MEDIATORS AND CREDIT ANALYSTS.]**

*The bureau of mediation services shall provide training for mediators as directed by the commission.*

**Sec. 26. [REPEALER.]**

*Sections 2, 3, and 4 to 25, and Minnesota Statutes, section 336.9-501,*

*subsections (6) and (7), are repealed on July 1, 1988.*

Sec. 27. [EFFECTIVE DATE.]

*Sections 1 to 26 are effective the day following final enactment.*

## ARTICLE 2

Section 1. Minnesota Statutes 1984, section 48.195, is amended to read:

48.195 [INTEREST RATES; USURY LIMIT FOR DEPOSITORY INSTITUTIONS.]

Notwithstanding any law to the contrary, a bank, savings bank, savings association, savings and loan association, or credit union organized under the laws of this state, or a national bank or federally chartered savings bank, savings and loan association, or credit union, doing business in this state, may charge on any loan or discount made or upon any note, bill or other evidence of debt, except an extension of credit made pursuant to section 48.185 or subject to section 334.011, interest at a rate of not more than four and one-half percent in excess of the discount rate, including any surcharge thereon, on 90 day commercial paper in effect at the federal reserve bank located in the Ninth Federal Reserve District.

Sec. 2. Minnesota Statutes 1985 Supplement, section 53.04, subdivision 3a, is amended to read:

Subd. 3a. (a) The right to make loans, secured or unsecured, at the rates and on the terms and other conditions permitted licensees under chapter 56. Loans made under the authority of section 56.125 must be in amounts in compliance with section 53.05, clause (7). All other loans made under the authority of chapter 56 must be in amounts in compliance with section 53.05, clause (7), or 56.131, subdivision 1, paragraph (a), whichever is less. *Except for loans subject to the usury rates and procedures under section 334.011, the right to extend credit or lend money and to collect and receive charges therefor as provided by chapter 334, or in lieu thereof, to charge, collect, and receive interest at the rate of 21.75 percent per annum, including the right to contract for, charge, and collect all other charges including discount points, fees, late payment charges, and insurance premiums on the loans to the same extent permitted on loans made under the authority of chapter 56, regardless of the amount of the loan. The provisions of sections 47.20 and 47.21 do not apply to loans made under this subdivision, except as specifically provided in this subdivision. Nothing in this subdivision is deemed to supersede, repeal, or amend any provision of section 53.05. A licensee making a loan under this chapter secured by a lien on real estate shall comply with the requirements of section 47.20, subdivision 8.*

(b) Loans made under this subdivision at a rate of interest not in excess of that provided for in paragraph (a) may be secured by real or personal property, or both. If the proceeds of a loan made after August 1, 1987 are used in whole or in part to satisfy the balance owed on a contract for deed, the rate of interest charged on the loan must not exceed the rate provided in section 47.20, subdivision 4a. If the proceeds of a loan secured by a first lien on the borrower's primary residence are used to finance the purchase of the borrower's primary residence, the loan must comply with the provisions of section 47.20.

(c) A loan made under this subdivision that is secured by real estate and that is in a principal amount of \$7,500 or more and a maturity of 60 months or more may contain a provision permitting discount points, if the loan does not provide a loan yield in excess of the maximum rate of interest permitted by this subdivision. Loan yield means the annual rate of return obtained by a licensee computed as the annual percentage rate is computed under Federal Regulation Z. If the loan is prepaid in full, the licensee must make a refund to the borrower to the extent that the loan yield will exceed the maximum rate of interest provided by this subdivision when the prepayment is taken into account.

(d) An agency or instrumentality of the United States government or a corporation otherwise created by an act of the United States Congress or a lender approved or certified by the secretary of housing and urban development, or approved or certified by the administrator of veterans affairs, or approved or certified by the administrator of the farmers home administration, or approved or certified by the federal home loan mortgage corporation, or approved or certified by the federal national mortgage association, that engages in the business of purchasing or taking assignments of mortgage loans and undertakes direct collection of payments from or enforcement of rights against borrowers arising from mortgage loans, is not required to obtain a certificate of authorization under this chapter in order to purchase or take assignments of mortgage loans from persons holding a certificate of authorization under this chapter.

Sec. 3. Minnesota Statutes 1985 Supplement, section 56.131, subdivision 1, is amended to read:

Subdivision 1. [INTEREST RATES AND CHARGES.] (a) *Except for a loan subject to the usury rates under section 334.011*, on any loan in a principal amount not exceeding \$35,000 or ten percent of a corporate licensee's contributed capital and appropriated reserves as defined in section 53.015, if greater, a licensee may contract for and receive interest, calculated according to the actuarial method, not exceeding the equivalent of the greater of any of the following:

(1) the total of: (i) 33 percent per year on that part of the unpaid balance of the principal amount not exceeding \$350; and (ii) 19 percent per year on that part of the unpaid balance of the principal amount exceeding \$350; or

(2) 21.75 percent per year on the unpaid balance of the principal amount.

(b) On any loan where interest has been calculated according to the method provided for in paragraph (a), clause (1), interest must be contracted for and earned as provided in that provision or at the single annual percentage rate computed to the nearest one hundredth of one percent that would earn the same total interest at maturity of the contract as would be earned by the application of the graduated rates provided in paragraph (a), clause (1), when the debt is paid according to the agreed terms and the calculations are made according to the actuarial method.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time on interest-bearing and precomputed loans, including, but not limited to the calculation of interest, a day is considered 1/30 of a month when calculation is made for a fraction of a calendar month. A year is

12 calendar months. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a whole month and a fraction of a month, the fraction of a month is considered to follow the whole month.

In the alternative, for interest-bearing loans, a licensee may charge interest at the rate of  $1/365$  of the agreed annual rate for each actual day elapsed.

(e) With respect to interest-bearing loans:

(1) Interest must be computed on unpaid principal balances outstanding from time to time, for the time outstanding. Each payment must be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest must not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (f), clause (3). The resulting loan contract is deemed a new and separate loan transaction for all purposes.

(f) With respect to precomputed loans:

(1) Loans must be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be more or less than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days and must be reduced by the amount of interest for the number of days less than one month to the first installment payment; and monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments must be applied in the order in which they become due.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the borrower with the total of the applicable charges for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; if the prepayment is made other than on a scheduled payment date, the nearest scheduled installment payment date must be used in the computation; provided further, if the prepayment occurs prior to the first installment due date, the licensee may retain  $1/30$  of the applicable charge for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the borrower with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment

in full had been made on the date the judgment is entered.

(4) If an installment, other than the final installment, is not paid in full within ten days of its scheduled due date, a licensee may contract for and receive a default charge not exceeding five percent of the amount of the installment, but not less than \$4.

A default charge under this subdivision may not be collected on an installment paid in full within ten days of its scheduled due date, or deferred installment due date with respect to deferred installments, even though a default or deferral charge on an earlier installment has not been paid in full. A default charge may be collected at the time it accrues or at any time thereafter.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one-month period may not exceed the applicable charge for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee shall make or credit to the borrower a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the single annual percentage rate permitted by this subdivision may be charged on the unpaid balance until fully paid.

(7) Following the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under paragraph (f), clause (6), may charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the single annual percentage rate permitted by this subdivision until fully paid.

Sec. 4. Minnesota Statutes 1984, section 334.01, subdivision 2, is amended to read:

Subd. 2. [CONTRACTS OF \$100,000 OR MORE.] A contract for the loan or forbearance of money, goods, or things in action, in the amount of \$100,000 or more, and any extensions, including extensions of installments and related changes in the terms thereof, and open end credit sales under section 334.16, shall be exempt from the provisions of this chapter except as provided in section 334.011, and the interest for the indebtedness shall be at

the rate of \$6 upon \$100 for a year, unless a different rate is contracted for in writing.

Sec. 5. Minnesota Statutes 1984, section 334.011, is amended to read:

334.011 [RATES OF INTEREST; BUSINESS AND AGRICULTURAL LOANS.]

Subdivision 1. [USURIOUS RATE.] (a) Notwithstanding the provisions of chapter 48, 53, or 56, or any other law to the contrary, a person may, in the case of not charge interest at a rate of more than 4-1/2 percent greater than the discount rate on 90-day commercial paper in effect at the Federal Reserve bank in the Federal Reserve district encompassing Minnesota under a contract for the loan or forbearance of money, goods, or other things in action in an amount of for less than \$100,000 \$200,000 for business or agricultural purposes, charge interest at a rate of not more than four and one-half percent in excess of the discount rate on 90 day commercial paper in effect at the Federal Reserve bank in the Federal Reserve district encompassing Minnesota.

(b) A rate of interest that violates this subdivision is usurious.

For the purposes of this subdivision, the term "business" means a commercial or industrial enterprise which is carried on for the purpose of active or passive investment or profit.

Subd. 1a. [DEFINITIONS.] (a) "Agricultural" means the production, harvest, exhibition, marketing, transportation, processing, or manufacture of agricultural products, including horticultural, viticultural, and dairy products, livestock, wildlife, poultry, bees, forest products, and fish and shellfish, and any parts thereof; of agricultural products including processed and manufactured products, and any and all products raised or produced on farms and any products processed or manufactured from products thereof raised or produced on farms.

(d) "Person" has the meaning given under section 336.1-201.

Subd. 1b. [LOAN FOR RESIDENCE EXCEPTION.] No A loan shall be made pursuant is not subject to this subdivision section if the proceeds of the loan are used primarily to finance the purchase or maintenance of real estate used principally for the borrower's residence.

Subd. 2. [REMEDY FOR BEING CHARGED USURIOUS INTEREST.] If a greater rate of interest than that permitted by subdivision 1 is usurious interest rate is charged then under subdivision 1, the entire interest due on that note, bill or other evidence of debt the loan is forfeited. If the greater a usurious rate of interest has been paid, the person who paid it may recover in a civil action an amount equal to twice the amount of interest paid. The action

*must be begun by two years after the last amount of usurious interest under the loan has been paid, except if the person who made the loan begins an action to collect the amount due on the loan at any time, twice the amount of the usurious interest paid shall be subtracted from the amount due and the remaining interest must be forfeited.*

Subd. 3. [RATE DETERMINED WHEN LOAN IS MADE.] If the rate of interest charged is ~~permitted by this section at the time~~ not usurious when the loan was made, that rate of interest does not later become usurious because of a fluctuation in the federal discount rate.

Subd. 4. [NOTICE OF USURY RATES.] ~~This section is effective the day following final enactment.~~ (a) A person in the business of making loans for business or agricultural purposes must post a maximum interest rate notice in a conspicuous place at the business location where borrowers will be likely to observe the notice and provide a copy of the notice with or in the loan agreement.

(b) The maximum interest rate notice must contain the following heading:

"MAXIMUM INTEREST RATE FOR  
AGRICULTURAL AND BUSINESS LOANS  
OF \$200,000 OR LESS IS \_\_\_\_\_%"

(c) The percentage rate must be filled in at the current maximum rate chargeable under subdivision 1.

(d) The maximum interest rate notice must contain the following words:

If a greater rate is charged than allowed at the time the loan is made, the borrower may have remedies that include not paying the entire interest or an action to recover twice the amount of the interest paid."

(e) The maximum interest rate notice in or with a loan agreement under paragraphs (b), (c), and (d) must be in ten point type. The maximum interest rate notice to be posted must have the heading under paragraphs (b) and (c) in letters at least two inches high and the notice in paragraph (d) in letters at least one-half inch high.

The person in the business of lending money has the burden of proof to show compliance with subdivision 4.

Sec. 6. Minnesota Statutes 1985 Supplement, section 334.021, is amended to read:

334.021 [CORPORATION PROHIBITED FROM INTERPOSING DEFENSE OF USURY.]

cooperative corporation, cooperative association, or limited partnership, and further includes any association or joint stock company having any of the powers and privileges of corporations not possessed by an individual or a partnership.

Sec. 7. Laws 1985, chapter 4, section 2, is amended to read:

Sec. 2. [LEGISLATIVE FINDINGS, PUBLIC PURPOSE, SCOPE OF PROGRAM.]

The legislature finds that many farm families face extreme financial hardship or possible foreclosure in 1985 1986 because of their inability to obtain farm operating loans at affordable rates of interest. In many of these cases excessive interest rates reduce projected cash flow to a level where lending institutions refuse to renew a line of credit or demand the partial or total liquidation of remaining assets.

The legislature further finds that with relatively little public expense, and with the voluntary cooperation and assistance of Minnesota farm lenders, operating loans can be made to farm operators at an interest rate that will allow continuation of viable farm operations during 1985 1986.

The legislature further finds that the use of money in the general fund for the purpose of assisting qualified farm operators is a public purpose and is necessary to protect the health, safety, and general welfare of the people of this state.

Sec. 8. Laws 1985, chapter 4, section 6, subdivision 2, as amended by Laws 1985, chapter 114, section 2, is amended to read:

Subd. 2. [LOAN CRITERIA.] (a) To be eligible for the state interest payment, the farm operating loan must:

(1) be made to a farmer at an interest rate between seven and ten percent per year;

(2) be due and payable by March 1, 1986 1987, after it is made;

(3) be for operating expenses of the farm business; and

(4) be made to a farmer that shows the ability to repay the operating loan.

(b) The lender may use additional criteria in determining whether to make a farm operating loan to a farmer.

(c) The lender must encourage the farmer to participate in the vocational adult farm business management program. The lender must agree to offer to pay enrollment fees, less the amount of a locally available reduction in or subsidy to fees ordinarily paid by the enrollee, for loan recipients who wish to enroll and participate in a vocational adult farm business management program or equivalent. A lender is not required to pay farm management program enrollment fees for more than one farmer per loan.

Sec. 9. Laws 1985, chapter 4, section 6, subdivision 3, as amended by Laws 1985, chapter 114, section 2, as amended by Laws 1985, First Special Session chapter 13, section 371, is amended to read:

Subd. 3. [LOAN SUBMISSION.] The lender must submit to the commissioner all farm operating loans made by the lender for which the lender

requests the state to pay part of the interest, except that no loan or line of credit made by a lender to refinance credit on 1985 1986 operating loans made by a lender may be approved by the commissioner. The commissioner must review the loan within five days after receipt. The commissioner may not pay interest on loans submitted after December 31, 1985 1986.

Sec. 10. Laws 1985, chapter 4, section 6, subdivision 4, as amended by Laws 1985, chapter 114, section 2, is amended to read:

Subd. 4. [PAYMENT AMOUNT.] The amount of interest paid by the state must be two-thirds of the amount of interest foregone by the lender as a result of the lender making the loan at an interest rate less than the commissioner's interest index. The interest is payable on the unpaid principal of the first \$75,000 of the loan, except as provided in section 7. The maximum interest payment per farmer may not exceed \$3,750. At the request of the lender, the commissioner shall pay 50 percent of the total amount due to the lender within ten days after the request is submitted to the commissioner. The commissioner shall pay all interest due by ~~March 1, 1986~~ June 30, 1987.

Sec. 11. Laws 1985, chapter 4, section 8, is amended to read:

Sec. 8. [FORMS AND GUIDELINES.]

(a) Notwithstanding Minnesota Statutes, chapter 14, the commissioner shall adopt and provide guidelines to administer sections 4 to 6 and the forms to be submitted by a lender under sections 5 and 6. The forms under sections 5 and 6 constitute an application form for interest payment.

(b) The commissioner shall present a report to the senate agriculture and natural resources committee and the house of representatives agriculture committee containing the guidelines, when adopted.

(c) On April 15, 1985, and every third month afterwards until January 15, 1986 1987, the commissioner shall report to the chairpersons of the agriculture and appropriations committees of the house of representatives and the agriculture and natural resources and finance committees of the senate on the implementation and economic impact of this act. ### ARTICLE 3

#### FARM DEBT RESTRUCTURING

Section 1. [583.41] [FARM DEBT RESTRUCTURING LOANS.]

*Subdivision 1. [ELIGIBILITY; CONDITIONS.] A debtor to whom the farmer-lender mediation act applies is eligible to receive a loan from the state to restructure all or part of the debt that is involved in mediation. The mediator must first attempt to reach a mediation agreement between the debtor and creditors without a state loan. If a mediation agreement is not reached, the mediator may attempt to reach a mediation agreement using a state farm debt restructuring loan. The farm mediation commission may approve a state farm debt restructuring loan only if a mediation agreement can be reached as a result of making the loan and a viable farming operation will result and either:*

*(1) the creditors agree to reduce the total outstanding debt by at least 25 percent; or*

*(2) a lender provides a collateralized letter of credit guaranteeing 90 percent of the loan.*

*Subd. 2. [TERMS.] The loan must be repaid within 20 years and must provide for payments of principal and interest at least annually so that the loan will be amortized over its term with equal annual payments of principal and interest, except that a loan to be amortized over a term of ten years or less need not provide for equal annual payments of principal and interest.*

*Subd. 3. [SECURITY.] The loan must be secured by agricultural real estate by means of a purchase money mortgage evidenced by a negotiable note or notes as defined in section 336.3-104 or by a contract for deed.*

**Sec. 2. [583.42] [FARM DEBT RESTRUCTURING REVENUE BONDS.]**

*In order to provide money to be loaned to debtors to restructure farm debt, the commissioner of finance may sell and issue revenue bonds secured by the loan payments and also secured by any money on deposit in the farm debt restructuring loan account, which is established as a separate account in the state treasury. Neither the state nor any other agency or political subdivision of the state is liable on the revenue bonds, except to the extent of loan payments received and money on deposit in the farm debt loan restructuring account.*

**Sec. 3. [583.43] [GENERAL OBLIGATION BONDS.]**

*Subdivision 1. [PROCEDURE.] Upon request of the farm mediation commission, the commissioner of finance may issue general obligation bonds of the state in a principal amount not exceeding \$40,000,000. The bonds shall be secured as provided in the Minnesota Constitution, article XI, section 7, and, except as provided in this section, shall be issued and secured as provided in Minnesota Statutes, section 16A.641. The proceeds of the bonds, except any premium and accrued interest, shall be deposited in the state treasury and credited to the special account established in section 2 and used solely for the purposes specified above and in section 16A.641, subdivision 8. The premium and accrued interest, if any, shall be deposited in the farm debt restructuring loan program bond account in the state bond fund.*

*Subd. 2. [TERMS OF BONDS.] The commissioner of finance may fix the terms of the bonds in any manner permitted for bonds of a municipality under*

chapter 475, and may enter into, on behalf of the state, all agreements deemed necessary for this purpose, including those authorized to be entered into by municipalities in chapter 475.

*Subd. 3. [SALE OF BONDS.] If determined by the commissioner of finance to be necessary in order to reduce costs of issuance, to secure a favorable prevailing interest rate, or to receive the bond proceeds by a specified date, or if the terms of the bonds are fixed as provided in sections 475.54, subdivision 5a, and 475.56, paragraph (b), the bonds may be sold by negotiation and without solicitation of sealed bids.*

*Subd. 4. [BOND FUND ACCOUNT.] The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account that shall be designated as the state farm debt restructuring loan program bond account, to record receipts and disbursements of money transferred to the fund to pay bonds issued under this section and to record income from the investment of the money. The income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the commissioner of finance, as determined by the commissioner of finance, times the average balance in the account that year.*

*Subd. 5. [TRANSFERS, APPROPRIATION.] In addition to any other money transferred to the state farm debt restructuring loan program bond account and in order to reduce the amount of taxes otherwise required by the Minnesota Constitution to be levied for the state bond fund, the commissioner of finance shall transfer from the general fund to the state farm debt restructuring loan program bond account, on December 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand in that account, to pay all bonds issued under this section and the interest on them due and to become due to and including July 1 in the second ensuing year. All money to be so credited and all income from its investment is annually appropriated for the payment of the bonds and interest on them, and shall be available in the state farm debt restructuring loan program bond account before the levy of the tax in any year required by the Minnesota Constitution, article XI, section 7. The legislature may also appropriate to the state farm debt restructuring loan program bond account any other money in the state treasury not otherwise appropriated, for the security of bonds issued under this section in the event that sufficient money should not be available in the account from the appropriation in this section, before the levy of the tax in any year. The commissioner of finance shall make the appropriate entries in the accounts of the respective funds.*

*Subd. 6. [CONSTITUTIONAL LEVY.] On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then in the state farm debt restructuring loan program bond account, to pay the entire amount of principal and interest due then or earlier and principal and interest to become due on or before July 1 in the second year thereafter on bonds issued under this section. This tax must be levied upon all real property used for a homestead, as well as other taxable property, notwithstanding section 273.13, subdivisions 6 and 7. The tax must not be limited in rate or amount until all the bonds and interest on them are fully paid. The proceeds of this tax are appropriated and must be credited to the state bond fund, and the principal and interest on the bonds are payable from*

*all the proceeds. As much of the proceeds as is necessary, is appropriated for the payments. If at any time there is insufficient money from the proceeds of the taxes to pay the principal and interest when due on the bonds, the principal and interest must be paid out of the general fund in the state treasury, and the amount necessary for the payment is appropriated.*

*Subd. 7. [COMPLIANCE WITH FEDERAL LAW.] The commissioner of finance may covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.*

*Subd. 8. [TAXABILITY OF INTEREST.] The bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.*

**Sec. 4. [EFFECTIVE DATE.]**

*This article is effective the day following final enactment.*

**ARTICLE 6**

**Section 1. [40A.151] [MINNESOTA CONSERVATION FUND.]**

*Subdivision 1. [ESTABLISHMENT.] The Minnesota conservation fund is established as an account in the state treasury. Money from counties under section 2 must be deposited in the state treasury and credited to the Minnesota conservation fund account.*

*Subd. 2. [USE OF FUND.] Money in the fund is annually appropriated to the commissioner of revenue to reimburse taxing jurisdictions as provided in section 3 and section 473H.10.*

**Sec. 2. [40A.152] [COUNTY CONSERVATION FEE; ACCOUNT.]**

*Subdivision 1. [FEE.] A county shall impose an additional fee of \$3 per transaction on the recording or registration of a mortgage subject to the tax under section 287.05 and an additional \$3 on the recording or registration of a deed subject to the tax under section 287.21. One-half of the fee must be deposited in a special conservation account to be created in the county general revenue fund and one-half must be transferred to the commissioner of revenue for deposit in the state treasury and credited to the Minnesota conservation fund.*

*Subd. 2. [USE OF ACCOUNT.] Money from the county conservation account shall be spent by the county to reimburse the county and taxing jurisdictions within the county for revenue lost under the conservation tax credit under section 3 or the valuation of agricultural preserves under section 473H.10. Money remaining in the account after those payments may be spent for the following purposes:*

- (1) agricultural land preservation and conservation planning and implementation of official controls under this chapter or chapter 473H;*
- (2) soil conservation activities and enforcement of soil loss ordinances;*
- (3) incentives for landowners who create exclusive agricultural use zones;*
- (4) payments to municipalities within the county for the purposes of clauses (1) to (3).*

*Subd. 3. [TRANSFER TO STATE FUND.] Money in the county conservation account that is not encumbered by the county within one year of deposit in the account must be transferred to the commissioner of revenue for*

*deposit in the Minnesota conservation fund.*

Sec. 3. [273.118] [CONSERVATION TAX CREDIT.]

*Subdivision 1. [ELIGIBILITY; AMOUNT OF CREDIT.] Land located in an exclusive agricultural use zone created under chapter 40A is eligible for a property tax credit of \$1.50 per acre. To qualify for the tax credit in any year the owner shall file with the assessor by June 30 of that year a record of the restrictive covenant received by the owner under section 40A.10, subdivision 3. An owner who has given notice of termination of the exclusive agricultural use zone under section 40A.11, subdivision 2, is not eligible for the credit. The assessor shall indicate the amount of the property tax reduction on the property tax statement of each taxpayer receiving a credit under this section. The credit paid pursuant to this section shall be deducted from the tax due on the property before computation of the homestead credit paid pursuant to section 273.13 and the state agricultural credit paid pursuant to section 124.2137.*

*Subd. 2. [REIMBURSEMENT FOR LOST REVENUE.] The county may transfer money from the county conservation account created in section 2 to the county revenue fund to reimburse the fund for the cost of the property tax credit. The county auditor shall certify to the commissioner of revenue on or before June 1 of each year the amount of tax lost to the county from the property tax credit under subdivision 1 and the extent that the tax lost exceeds funds available in the county conservation account. On or before July 15 of each year, the commissioner shall reimburse the county from the Minnesota conservation fund under section 1 for the taxes lost in excess of the county account. If money in the Minnesota conservation fund is insufficient to make the reimbursement, there is annually appropriated from the general fund to the commissioner of revenue an amount sufficient to make the remaining reimbursement.*

Sec. 4. Minnesota Statutes 1985 Supplement, section 473H.10, subdivision 3, is amended to read:

Subd. 3. [COMPUTATION OF TAX; STATE REIMBURSEMENT.] (a) After the assessor has determined the market value of all land valued according to subdivision 2, he shall compute the assessed value of those properties by applying the appropriate classification percentages. When the county auditor computes the rate of tax pursuant to section 275.08, he shall include the assessed value of land as provided in this clause.

(b) The county auditor shall compute the tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times the total rate of tax for all purposes as provided in clause (a).

(c) The county auditor shall then compute the maximum ad valorem property tax on lands valued according to subdivision 2 and nonresidential buildings by multiplying the assessed value times 105 percent of the previous year's statewide average mill rate levied on property located within townships for all purposes.

(d) The tax due and payable by the owner of preserve land valued according to subdivision 2 and nonresidential buildings will be the amount determined in clause (b) or (c), whichever is less. If the gross tax in clause (c) is less than the gross tax in clause (b), the state shall reimburse the taxing

jurisdictions for the amount of difference. Residential buildings shall continue to be valued and classified according to the provisions of sections 273.11 and 273.13, as they would be in the absence of this section, and the tax on those buildings shall not be subject to the limitation contained in this clause.

*The county may transfer money from the county conservation account created in section 2 to the county revenue fund to reimburse the fund for the tax lost as a result of this subdivision or to pay taxing jurisdictions within the county for the tax lost. The county auditor shall certify to the commissioner of revenue on or before June 1 the total amount of tax lost to the county and taxing jurisdictions located within his county as a result of this subdivision and the extent that the tax lost exceeds funds available in the county conservation account. Payments shall be made by the state as provided in section 273.13, subdivision 15a to each of the affected taxing jurisdictions if the county conservation account is insufficient to make the reimbursement. There is annually appropriated from the general fund in the state treasury Minnesota conservation fund under section 1 to the commissioner of revenue an amount sufficient to make the reimbursement provided in this subdivision. If money in the fund is insufficient to make the reimbursements the appropriation is from the general fund.*

Sec. 5. [EFFECTIVE DATE.]

*Section 3 is effective for taxes levied in 1987 and payable in 1988 and after. Section 4 is effective June 1, 1987.*

For mediated settlements, a court order that implements the landowner's alternatives or the court's alternatives must state the time schedule for application for 50 percent cost share. If the court orders implementation of the district's plan and time schedule, a landowner is only eligible for 50 percent cost share.*

ARTICLE 8

Section 1. Minnesota Statutes 1984, section 336.9-312, is amended to read:

336.9-312 [PRIORITIES AMONG CONFLICTING SECURITY INTERESTS IN THE SAME COLLATERAL.]

(1) The rules of priority stated in other sections of this part and in the following sections shall govern when applicable: section 336.4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; section 336.9-103 on security interests related to other jurisdictions; section 336.9-114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(2) (a) *A production money security interest in farm products and proceeds of the farm products takes priority over a conflicting security interest*

*in the farm products or proceeds of the farm products, if the production money security interest in the farm products and proceeds of the farm products is perfected by 20 days after the debtor receives the goods or services acquired with the value secured by the production money security interest. Priority among conflicting production money security interests in the same farm products or proceeds rank equally and are entitled to share ratably in the farm products or proceeds of the farm products.*

*(b) A production money security interest is a security interest in farm products for new value given to enable the debtor to acquire goods or services used in producing or raising the farm products if the value is in fact so used. The new value given may be by loan of money by a lender or other financier or by extension of credit by a seller or other supplier. A security interest in farm products taken or retained by the seller, lessor, or any other supplier or financier of equipment, to secure a debt owed with respect to the equipment is not a production money security interest.*

*(c) The creating or perfecting of a production money security interest shall not operate under any circumstances as a default on, an accelerating event under, or otherwise as a breach of: any note or other instrument or agreement of any kind or nature to pay debt; any loan or credit agreement; or any security arrangement of any kind or nature whether the collateral is real or personal property.*

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the 21 day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of section 336.9-304); and

(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within 20 days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be deter-

mined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) so long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under section 336.8-321 on securities, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

## Sec. 2. [COMMENT TO SECTION 336.9-312(2).]

*Subsection (2) is an instance of the preference which this code gives a new value secured party. The principle of this provision is that a person who extends credit that enables a debtor to produce new crops or raise livestock, and secures this credit with a security interest in the farm products, gets first claim to the collateral, outranking the interest of another secured party who claims the collateral as after-acquired property. So subsection (2) creates an exception to the first-to-file-or-perfect rule of subsection (5) as do subsections (3) and (4). The purposes behind all these exceptions are the same: to encourage infusion of new value into businesses and to prevent unjust enrichment. Subsection (2) has the effect of putting farming on a par with any other business with respect to secured financing.*

*When two or more production money security interests attach to the same collateral, priority is not determined on a first-to-file basis. Rather, the interests rank equally and the secured parties share ratably in the collateral or its proceeds (Cf. section 336.9-315). Subsection (5) governs in the case of a priority conflict between and among production money security interests and purchase money security interests in the same farm products collateral.*

*A supplier of new value will be encouraged to extend new value only if the supplier is certain that the supplier's interest in the farm products will be entitled to priority. The subsection should be broadly construed concerning the activities involved in producing or raising crops and livestock. "Producing crops" includes preparing the land for planting, cultivating or otherwise tending crops, harvesting, preparing crops for sale or storage prior to sale, storing crops prior to sale, transporting to sale, selling, or engaging in any other activity that proximately relates to the growing and marketing of crops or products of crops. "Raising livestock" includes feeding or grazing, fencing, providing health care, breeding, slaughtering, preparing for sale, transporting to sale, selling, or engaging in any other activity that proximately relates to the care and marketing of livestock or products*

of livestock.

*The financier of farm machinery or other farm equipment in a sense enables the production of crops or raising of livestock. Yet, this person has the security of a first claim to the equipment itself and as to farm products should rank below suppliers of goods, services, and money that is consumed in the production process.*

*The purposes behind this subsection could be frustrated by language in loan agreements, which typically is unbargained-for boilerplate, that could be construed to prohibit a debtor from creating production money security interests. So this sort of language is neutered. A creditor should not be allowed through contract to accomplish a result that contravenes the policy of positive law.*

Sec. 3. Minnesota Statutes 1985 Supplement, section 514.952, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF RESPONSE.] (a) If a lender responds *by ten calendar days after receiving the lien-notification statement* with a letter of commitment for part or all of the amount in the lien-notification statement, the supplier may not obtain a lien for the amount stated in the letter of commitment.

(b) If a lender responds with a refusal to provide a letter of commitment the rights of the lender and the supplier are not affected.

Sec. 4. Minnesota Statutes 1984, section 514.952, subdivision 6, is amended to read:

Subd. 6. [LIEN PRIORITY.] (a) *For conflicting liens or security interests in the same collateral an agricultural production input lien does not have priority over liens that arise under chapter 395 or 514, or over perfected liens or security interests for unpaid rent for the land where the crops were grown.*  
jml;mar06p16;r

(b) *Except as provided in paragraph (a), agricultural production input liens are a security interest and have priority according to chapter 336, the uniform commercial code, except as provided in subdivision 5 over conflicting liens or security interests in crops, livestock, and their products or proceeds if the lien or security interest does not secure new value given to enable the debtor to acquire goods or services in producing or raising the crops, livestock, or their products and the value was in fact used for that purpose.*

(c) *Priority among conflicting agricultural production input liens and production money security interests under section 336.9-312, subsection (2), in the same crops, livestock, or their products or proceeds shall be on a pro rata basis.*

(d) *The creating or perfecting of an agricultural production input lien shall not operate under any circumstances as a default on, an accelerating event under, or otherwise as a breach of: any note or other instrument or agreement of any kind or nature to pay debt; any loan or credit agreement; or any security arrangement of any kind or nature whether the collateral is real or personal property.*

Sec. 5. [514.960] [LANDLORD LIEN.]

*Subdivision 1. [LIEN; ATTACHMENT.] A person or entity that leases property for agricultural production has a lien for unpaid rent on the crops produced on the property in the crop year, and the crop products and their proceeds.*

*Subd. 2. [PERFECTION.] (a) To perfect a landlord lien, the lien must attach and the person or entity entitled to the lien must file a lien statement with the appropriate filing office under section 336.9-401 by 30 days after the crops become growing crops.*

*(b) A landlord lien that is not perfected has the priority of an unperfected security interest under section 336.9-312.*

*Subd. 3. [DUTIES OF FILING OFFICER.] The filing officer shall enter on the lien statement the time of day and date of filing. The filing officer shall file, amend, terminate, note the filing of a lien statement, and charge the fee for filing under this section in the manner provided by section 336.9-403 for a financing statement. A lien statement is void and may be removed from the filing system 18 months after the date of filing. The lien statement may be physically destroyed after 30 months from the date of filing.*

*Subd. 4. [PRIORITY.] A landlord lien has priority over all other liens or security interests in crops grown or produced on the property that was leased and the crop products and proceeds.*

*Subd. 5. [ENFORCEMENT OF LIEN.] The holder of a landlord lien may enforce the lien in the manner provided in sections 336.9-501 to 336.9-508 subject to section 550.17. For enforcement of the lien, the lienholder is the secured party and the person leasing the property is the debtor, and each has the respective rights and duties of a secured party and a debtor under sections 336.9-501 to 336.9-508. If a right or duty under sections 336.9-501 to 336.9-508 is contingent upon the existence of express language in a security agreement or may be waived by express language in a security agreement, the requisite language does not exist.*

*Subd. 6. [ENFORCEMENT ACTIONS; LIEN EXTINGUISHED.] An action to enforce a landlord lien may be brought in district court in a county where the property is located after the lien is perfected. A lien statement may be amended, except the amount demanded, by leave of the court in the furtherance of justice. A landlord lien is extinguished if an action to enforce the lien is not brought within 18 months after the date the lien statement is filed.*

#### Sec. 6. [SCOPE OF APPLICATION.]

*If a person gives new value on or after January 1, 1986, and secures the new value given with a security interest that would qualify as a production money security interest after the effective date of this act, the security interest has the priority of a production money security interest under section 1.*

#### Sec. 7. [REPEALER.]

*Minnesota Statutes 1985 Supplement, section 514.952, subdivision 5, is repealed.*

#### Sec. 8. [EFFECTIVE DATE.]

*This act is effective July 1, 1986.*

### ARTICLE 9

#### Section 1. [LEGISLATIVE FINDINGS.]

*The legislature finds that there is a rural economic emergency resulting from the agricultural economic depression. Foreclosure sales and subsequent deficiency judgments are debilitating the persons foreclosed and taking away their hope for readjustment after foreclosure, which is detrimental to the welfare of the state.*

Sec. 2. [580.225] [SATISFACTION OF JUDGMENT.]

*The amount received from foreclosure sale under this chapter is full satisfaction of the mortgage debt except as provided in section 5.*

Sec. 3. Minnesota Statutes 1984, section 580.23, subdivision 1, is amended to read:

580.23 [REDEMPTION BY MORTGAGOR.]

Subdivision 1. When lands have been sold in conformity with the preceding sections of this chapter the mortgagor, his personal representatives or assigns, within six months after such sale, except as otherwise provided in subdivision 2, may redeem such lands, as hereinafter provided, by paying the sum of money for which the same were sold, with interest from the time of sale at the rate provided to be paid on the mortgage debt and, if no rate be provided in the mortgage note, at the rate of six percent per annum, together with any further sums which may be payable pursuant to section 582.03. ~~Where the redemption period is as provided in this subdivision the mortgagee, or his successors, assigns, or personal representative, or any other purchaser so purchasing at the sheriff's sale shall by purchasing the property at the sheriff's sale thereby waive his right to a deficiency judgment against the mortgagor.~~

Sec. 4. Minnesota Statutes 1984, section 581.09, is amended to read:

581.09 [SATISFACTION OF JUDGMENT; EXECUTION FOR DEFICIENCY.]

Upon confirmation of the report of sale, the clerk shall enter satisfaction of the judgment to the extent of the sum bid for the premises, less expenses and costs, ~~and for any balance of such judgment, execution may issue as in other cases; but no such execution shall issue on the judgment until after a sale of the mortgaged premises, and the application of the amount realized as aforesaid.~~ *The amount entered is full satisfaction of the judgment except as provided in section 5.*

Sec. 5. [582.30] [DEFICIENCY JUDGMENTS.]

*Subdivision 1. [DEFICIENCY ALLOWED.] If the amount the holder of a mortgage receives from a foreclosure sale under chapter 580 is less than the entire amount remaining unpaid on the mortgage, or under chapter 581 is less than the amount of the judgment entered, the holder of the mortgage may obtain a personal judgment against the mortgagor for the deficient amount except as provided in this section. The judgment may not be for more than the difference between the amount received from the foreclosure sale and (1) the total amount that attaches to the sale proceeds under section 580.09; or (2) for a foreclosure by action, the amount of the judgment under section 581.03.*

Subd. 2. [GENERAL PROHIBITION FOR PROPERTY WITH SIX-

MONTH REDEMPTION PERIOD.] *A deficiency judgment is not allowed if the property has been sold by advertisement under chapter 580 and has a redemption period of six months under section 580.23, subdivision 1.*

*Subd. 3. [AGRICULTURAL PROPERTY.] (a) If property used in agricultural production is foreclosed and sold, a deficiency judgment may only be obtained by filing a separate action for a deficiency judgment within 90 days after the foreclosure sale. A court may allow a deficiency judgment only if it determines that the sale of the property was conducted in a commercially reasonable manner.*

*(b) The amount of the deficiency judgment is limited to the difference of the fair market value of the property, and the amount remaining unpaid on the mortgage if the foreclosure is under chapter 580 or the amount of the judgment if the foreclosure is under chapter 581. A separate jury proceeding must be brought to determine the fair market value of the property. The property may not be presumed to be sold for its fair market value. A party adversely affected by a deficiency judgment may submit evidence relevant to establishing the fair market value of the property. Notice of the time and place where the fair market value of the property is to be determined must be given to all parties adversely affected by the judgment.*

*Subd. 4. [JUDGMENT ON MORTGAGE NOTE.] A personal judgment may not be executed against a party personally liable on a mortgage note secured by real property used in agricultural production unless the fair market value of the property is determined by a jury in a separate proceeding as provided in subdivision 3, paragraph (b). The personal judgment on the mortgage note may not be for more than the difference of the amount due on the note and the fair market value of the property.*

*Subd. 5. [STATUTE OF LIMITATIONS ON EXECUTING JUDGMENT.] A deficiency judgment or personal judgment obtained under subdivision 3 or 4 may be enforced by execution but the personal judgment may not be executed after three years from the date judgment was entered.*

**Sec. 6. [EFFECTIVE DATE.]**

*This act is effective the day following final enactment.*

- (2) how the stabilization plan applies to different classes of dairy products;*
- (3) the methods to be used to designate marketing areas;*

Sec. 6. [32C.05] [STABILIZATION PLANS.]

*Subdivision 1. [MINIMUM PRICES.] The board shall establish a stabilization plan that designates marketing areas, and for each marketing area, at least establishes minimum prices for:*

- (2) milk products sold by processors or distributors to retailers; and*
- (3) milk products sold to consumers.*

*Subd. 2. [POOLING ARRANGEMENTS.] A stabilization plan may provide for a classified pricing system based upon utilization, a handler pooling arrangement, or a marketwide pooling arrangement. A stabilization plan with a marketwide pooling arrangement may require raw milk produced by dairy farmer-processors to be included in the pooling arrangement.*

*Subd. 3. [APPLICABILITY TO PROCESSORS PURCHASING IN MULTIPLE MARKETING AREAS.] A stabilization plan must provide a method to determine how it applies to processors purchasing raw milk in two or more marketing areas. The applicability of a stabilization plan may not be dependent on where the seller's dairy farm is located or where the title passes.*

*Subd. 4. [AREAS UNDER FEDERAL MILK MARKETING ORDER.] A stabilization plan for a marketing area that includes an area of a federal milk marketing order may require licensed processors subject to the state stabilization plan and the federal milk marketing order to pay:*

*(1) minimum raw milk class prices that exceed the minimum raw milk class prices established by the federal order; and*

*(2) the difference between the federal and state minimum prices directly to dairy farmers on the basis of a handler pooling arrangement basis.*

*Subd. 5. [ADOPTION.] (a) Adoption of a stabilization plan is not subject to chapter 14, but a stabilization plan may be adopted or amended only after the board has mailed a proposed plan to the dairy marketing licensees in the marketing area, held a public meeting in the marketing area within 7 to 12 days after the mailing, and mailed a copy of the final stabilization plan to the dairy marketing licensees in the marketing area.*

*(b) A stabilization plan or an amendment to a stabilization plan is effective seven days after the new or amended stabilization plan is mailed to the dairy marketing licensees in the marketing area. An effective stabilization plan has the same force and effect as a rule adopted under chapter 14.*

*Subd. 6. [APPEAL; STAY OF STABILIZATION PLAN.] A stabilization plan may be appealed to the district court. An action may be brought in the county in which the person bringing the action resides or in the county in which the board has its main office. In reviewing the plan, the court shall consider whether it meets the criteria, and was adopted in accordance with the procedures, prescribed in this chapter.*

*If a stabilization plan or portion of a plan is appealed, a stay of the stabilization plan or portion of the plan may not be granted before final determination of the matter by the court.*

#### **Sec. 7. [32C.06] [STABILIZED PRICES.]**

*Subdivision 1. [MINIMUM PRICES FOR RAW MILK.] (a) Minimum prices for raw milk to be paid by processors to dairy farmers in each marketing area must be beneficial to the public interest, protect dairy farmers, and ensure an adequate supply of pure and wholesome milk to the inhabitants of the state.*

*(b) In establishing or changing minimum prices to be paid by processors to dairy farmers for raw milk in each marketing area, the board shall consider:*

- (1) the available supply of raw milk;
- (2) the adequacy of the reserve supply of raw milk available to processors;
- (3) whether there is a balance between raw milk production and consumption or use of the raw milk; and
- (4) the cost of feed, wages, and expenses to produce raw milk.

*Subd. 2. [RAW MILK FROM NONDAIRY FARMER SOURCES.] The board may establish stabilized prices to be paid by a processor for raw milk purchased from sources other than dairy farmers in the same manner as it establishes prices for raw milk purchased from dairy farmers.*

*Subd. 3. [MILK PRODUCTS.] (a) In establishing stabilized prices for a marketing area, other than the price paid to a dairy farmer by a processor for raw milk, the board shall consider the operative economic factors in a marketing area including:*

- (1) the prevailing raw milk prices in the marketing area;
- (2) the processing and distribution costs incurred by processors, distributors, and retailers, including a reasonable return upon investment;
- (3) the quantity of dairy products consumed in the area; and
- (4) other economic factors that significantly affect the supply of and demand for dairy products in the area.

*(b) Stabilized prices for milk products other than raw milk may reflect packaging costs and the cost differences between home-delivered products, products sold at a fixed location, and products sold directly to consumers by processors and distributors.*

*(c) Minimum prices may be adjusted based on:*

- (1) the butterfat content or other components of the raw milk;
- (2) the location where the raw milk is obtained;
- (3) the location of a plant where a portion of the raw milk purchased by a processor is transferred or diverted by the processor from the plant where the raw milk is normally utilized; and
- (4) other factors provided for price adjustments under the Agricultural Marketing Agreement Act of 1937 as amended, United States Code, title 7, section 601, et seq.

*(d) Stabilized prices may vary from one marketing area to another.*

*Subd. 4. [BOARD DISCRETION.] The board is not required to establish stabilized prices for all milk products in each marketing area.*

*Subd. 5. [QUANTITY DISCOUNTS.] (a) A stabilization plan may establish quantity discount rates for dairy products. Discount rates must:*

- (1) provide that a variety of dairy product brands are available to consumers purchasing from large retailers;
- (2) protect against financial injury to small independent processors and distributors;
- (3) be based on the retailer's total purchases of specific dairy products;

and

(4) be based upon a graduated scale of discounts proportionate to purchases made by retailers during a designated base period of one month, one quarter, six months, or one year.

(b) If a retailer operates two or more separate places of business, the board shall base the quantity discount rate for each place of business upon the quantity of dairy products purchased for resale at that place of business alone.

(c) All processors and distributors delivering dairy products to a quantity discount retailer may give quantity discounts in accordance with the rates regardless of the quantities of the products actually purchased by the retailer from each individual processor or distributor.

Subd. 6. [SIMULTANEOUS PRICE CHANGES.] The board shall provide that changes in minimum prices paid to dairy farmer are accompanied by simultaneous changes in the other stabilized prices established by the board.

#### Sec. 8. [32C.07] [MARKETING AREAS.]

Subdivision 1. [DESIGNATION.] The board shall designate marketing areas with stabilized prices for the entire state. The board may change the number and alter the boundaries of the marketing areas.

Subd. 2. [CONSIDERATIONS.] (a) In designating marketing areas the board shall consider:

(1) conditions affecting the production, distribution, and sale of dairy products in the marketing areas;

(2) the need for establishing area boundaries that will facilitate cooperation between the board and federal authorities engaged in regulating prices paid by processors for raw milk; and

(3) other relevant factors.

#### Sec. 9. [32C.08] [LOCAL ADVISORY BOARDS.]

If a public hearing is scheduled by the board in a marketing area to establish stabilized prices, the board may, at least ten days before the date set for the hearing, appoint a local advisory board. A local advisory board must include two producers; two processors, two retailers who are actively engaged in milk production, processing, and marketing in the area, and two consumers in the area. The local advisory board shall meet with the board at the call of the board before, during, or after the public hearing, except that not more than three meetings or conferences between the board and the local advisory board may be held. The members of the local advisory board may not receive a per diem, but must receive mileage and expenses as provided in section 15.014, subdivision 2. A local advisory board ceases to exist when the board has adopted a stabilization plan for the local advisory board's marketing area.

#### Sec. 10. [32C.09] [REFERENDUM ON CONTINUANCE OF STABILIZED PRICES.]

If a petition is presented to the commissioner containing names of grade A

dairy farmers equal to at least 25 percent of the total grade A dairy farmers in the state subject to sections 1 to 8, with the signature of at least one dairy farmer from every county where a dairy farmer resides, the commissioner shall conduct a statewide referendum among all grade A dairy farmers in the state on whether to maintain stabilized prices. The referendum must be by secret mail ballot in accordance with rules established by the commissioner, and shall report the results of the referendum to the legislature the next time it convenes.

Sec. 11. [32C.10] [DAIRY MARKETING LICENSES.]

*Subdivision 1. [GENERAL REQUIREMENT.] Each dairy farmer-processor, dairy marketer, or retailer buying or selling dairy products in the state shall obtain a dairy marketing license.*

*Subd. 2. [SEPARATE BUSINESS LOCATIONS.] A dairy marketing license under this section is required for each separate place of business.*

*Subd. 3. [AGRICULTURE DEPARTMENT LICENSE REQUIRED.] A processor or distributor may not obtain a dairy marketing license without first having obtained a required license under chapter 32 from the commissioner.*

Sec. 12. [32C.11] [LICENSE APPLICATIONS.]

*Subdivision 1. [FORMS.] The commissioner, with the approval of the board, shall prepare and distribute dairy marketing license application forms.*

*Subd. 2. [PROCESSORS AND DISTRIBUTORS.] A processor or distributor applicant must affirm that:*

*(1) the applicant will not sell dairy products to a person required to have a dairy license unless the person has a license;*

*(2) the applicant will offer the applicant's service to the entire marketing area; and*

*(3) the applicant will offer each of the applicant's customers in the marketing area the same frequency of delivery and the same in-store services that are customary in the customer's community.*

*Subd. 3. [DISTRIBUTORS AND RETAILERS.] A distributor or retailer applicant must affirm that the applicant will not purchase dairy products from persons not licensed by the commissioner.*

Sec. 13. [32C.12] [LICENSE ISSUANCE, VALIDITY, AND REVOCATION.]

*Subdivision 1. [LICENSE HEARING.] (a) Within ten days after the commissioner receives an application for a license, the commissioner shall notify the board. Within ten days after being notified, the board shall make a recommendation for issuance of the license or notify the applicant of the date when a hearing will be held to receive evidence relative to the applicant's eligibility.*

*(b) A hearing under paragraph (a) must be held within 20 days after the date the notice is given. Within five days after the close of the eligibility hearing, the board shall notify the applicant and the commissioner of its*

*recommendation to issue or deny a license.*

*(c) The commissioner must issue or deny a license within ten days after receiving the recommendation. The commissioner may not charge a fee for a dairy license.*

*Subd. 2. [VALIDITY.] A dairy marketing license is valid unless:*

*(1) the ownership or location of the licensed business is changed;*

*(2) the license is suspended or revoked; or*

*(3) the licensed business is discontinued or is inactive for a period of more than 30 days.*

*Subd. 3. [SUSPENSION OR REVOCATION.] The commissioner may not suspend or revoke a dairy marketing license without a hearing, which is a contested case procedure subject to chapter 14.*

**Sec. 14. [32C.13] [RECORDS AND REPORTS:]**

*Subdivision 1. [RECORD CONSOLIDATION.] The commissioner and the board shall accommodate dairy marketing licensees by allowing all records required under this section and chapter 32 to be consolidated.*

*Subd. 2. [REQUIRED RECORDS.] A dairy marketing licensee shall maintain, in a manner prescribed by the commissioner by rule, a record of:*

*(1) all raw milk received or purchased by the licensee, showing the names and addresses of the dairy farmers and others from whom the raw milk was purchased, the quantity, price paid, butterfat test, and any deductions made;*

*(2) all dairy products sold or used, classified as to grade, use, location, market outlet, size and type of container, the composition of the product in terms of butterfat and solids, the quantity sold, and the prices received; and*

*(3) the quantity of each dairy product manufactured by a licensee, together with the composition of the product, the quantity sold, and the prices received.*

*Subd. 3. [ADDITIONAL RECORDS.] In addition to the records required under subdivision 2, the commissioner may require dairy licensees to maintain records of:*

*(1) the shrinkage, wastage, or loss of raw milk and butterfat, and of skim milk and butterfat destroyed or used for special purposes such as livestock feed;*

*(2) the inventory of raw milk and other dairy products on hand at the end of a designated accounting period;*

*(3) all items of expense incurred by the licensee in procuring raw milk and other ingredients, and in processing, manufacturing, storing, distributing, and selling dairy products, including overhead and general and administrative costs; and all other items of cost incurred by each licensee in the conduct of its business; and*

*(4) any other record.*

*Subd. 4. [RECORDS OF PROFIT OR LOSS NOT REQUIRED.] A dairy licensee may not be required to reveal profit or loss.*

*Subd. 5. [FORM OF RECORDS.] The commissioner shall require records to be in a form that will allow the board to make statistical studies.*

*Subd. 6. [RECORD MAINTENANCE.] Records required under this section must be preserved for three years.*

**Sec. 15. [32C.14] [BUYING, SELLING, AND PRICING VIOLATIONS.]**

*Subdivision 1. [BUYING OR SELLING WITHOUT A LICENSE.] A dairy farmer-processor, distributor, processor, or retailer may not buy or sell dairy products without a dairy marketing license.*

*Subd. 2. [BUYING OR SELLING AT PRICES OTHER THAN STABILIZED PRICES.] A dairy marketing licensee may not buy or sell dairy products with a stabilized price for less than the minimum price or more than the maximum price established by the board.*

*Subd. 3. [CIRCUMVENTING STABILIZED PRICING.] A dairy marketing licensee may not use or attempt to use a method, device, or transaction:*

*(1) intended to accomplish, or having the effect of accomplishing, the sale or attempted sale or the purchase or attempted purchase of dairy products at less than the minimum prices established by the board;*

*(2) designed to circumvent the stabilized prices set by the board; or*

*(3) having the effect of substantially undermining the effectiveness of the stabilized prices.*

*Subd. 4. [SELLING PRODUCTS OF DIFFERENT BRANDS AT DIFFERENT PRICES.] A retailer may not sell or offer for sale dairy products of one brand at a price different from the price charged by the retailer for an equal quantity of a product of the same type, quality, or grade, but of a different brand, unless the price differential is equal to the difference in the prices paid by the retailer for the products.*

*Subd. 5. [DAIRY PRODUCTS PRICED WITH OTHER PRODUCTS.] A dairy marketer may not charge a combined price for a dairy product and another commodity or service that is less or is represented to be less than the aggregate of the price of the dairy product and the price or value of the other commodity or service when sold or offered for sale separately.*

*Subd. 6. [SELLING BELOW COST.] If a stabilized price has not been established for a dairy product, a dairy marketer may not sell, offer for sale, or advertise for sale the dairy product below cost, or give, offer to give, or advertise the intent to give away the dairy product, to damage a competitor or destroy competition. This section does not apply to a sale made in conformance with section 325D.06, clauses (1) to (4). An enforcement action may not be commenced under this section if the retail price is 15 percent or more above the list price of the processor.*

*Subd. 7. [PRIMA FACIE EVIDENCE OF SALE BELOW COST.] (a) In an action for an injunction from or to impose civil penalties for a violation of this section, evidence that a dairy product was sold, offered for sale, or advertised for sale at a price that damages or destroys competition is prima facie evidence that the product was sold, offered for sale, or advertised for*

sale below cost to damage a competitor or to destroy competition.

(b) For purposes of paragraph (a), price is presumed to damage or destroy competition if:

(1) a retail price is less than eight percent above the current net delivered price of the processor including a rebate, discount, refund, and price differential; or

(2) a price charged to a retailer by a distributor is less than five percent above the current net delivered price of the processor including any rebate, discount, refund, and price differential.

Sec. 16. [32C.15] [UNFAIR DAIRY MARKETING PRACTICES.]

Subdivision 1. [DAMAGING A COMPETITOR.] A dairy marketer may not:

(1) restrain, lessen, or destroy competition;

(2) damage a competitor;

(3) damage a person dealing in dairy products;

(4) impair or prevent fair competition in the sale of dairy products to retailers in this state; or

(5) engage in or threaten to engage in a prohibited practice or method of doing business.

Subd. 2. [METHOD TO DEFEAT DAIRY UNFAIR TRADE PRACTICES.] A dairy marketer may not apply or attempt to apply a method or device in the sale or distribution of dairy products intending to defeat the policy or to evade a provision of sections 15 to 21 or an order or rule adopted by the commissioner or the board.

Subd. 3. [INDUCING PROHIBITED ACTS.] In the course of doing business in this state, a person may not knowingly induce an act or knowingly receive a benefit from an act prohibited by sections 15 to 21 of this act.

Subd. 4. [FINANCIAL INTEREST IN RETAILER.] A dairy marketer may not own, control, or have more than a five percent financial interest in a retail business selling or offering for sale dairy products in this state, unless the business name, address, nature, and extent of the dairy marketer's ownership or control of the retail business is prominently displayed at the main public entrance to the premises where the business is being conducted. The information displayed must be in capitalized type not less than 24 point in size.

Sec. 17. [32C.16] [SALE AND LEASEBACK OF PROPERTY.]

Subdivision 1. [GENERAL PROHIBITION.] A dairy marketer may not purchase real or personal property from a retailer and leaseback or resell the property to the retailer under a deferred payment contract except as allowed in this section.

Subd. 2. [RENTAL AGREEMENT.] A dairy marketer and a retailer may enter a written lease signed by both parties that specifies:

(1) a rental rate that is consistent with the value of similar property in the

area where the retailer is located at the time the lease is executed; and

(2) other terms and conditions consistent with leases of similar property in that locality made at or about the same time by persons not having the relationship existing between the retailer, as the purchaser, and the lessor, as the seller, of dairy products.

*Subd. 3. [CONTRACTS TO SELL PROPERTY.]* (a) A dairy marketer and a retailer may enter a written contract for the sale of property signed by both parties specifying:

(1) a purchase price that is consistent with the fair market value of similar property in the area where the retailer is located at the time the contract is executed;

(2) the down payment on the purchase price;

(3) the periodic payments on the unpaid balance of the purchase price; and

(4) other terms and conditions consistent with sale contracts of similar property in that locality made at or about the same time by persons not having the relationship existing between the retailer, as the purchaser, and the dairy marketer, as the seller, of dairy products.

(b) A contract or agreement for the leaseback or resale to a retailer of property purchased from the retailer by the dairy marketer may not contain a requirement that the retailer must purchase dairy products from a specified dairy marketer.

#### Sec. 18. [32C.17] [FURNITURE, TRADE FIXTURES, AND EQUIPMENT.]

*Subdivision 1. [INDUCEMENT FOR PURCHASE.]* A dairy marketer may not furnish, give, lend, lease, or sell furniture, fixtures, fittings, or equipment to a retailer as an incentive or inducement for the retailer to purchase, handle, store, display, sell, or trade in a dairy product of a dairy marketer.

*Subd. 2. [RESTRICTION ON SALES TO RETAILERS.]* To maintain fair, open, and free competition for the trade and custom of the retailers purchasing dairy products for resale, a dairy marketer may not sell or offer to sell to a retailer furniture, trade fixtures, or equipment except as allowed in this section.

*Subd. 3. [TIME PAYMENT SALES.]* (a) A dairy marketer may not sell furniture, trade fixtures, or equipment at less than their cost to a retailer that purchases dairy products from the dairy marketer. A sale made by a dairy marketer at less than 15 percent above the actual current invoice or replacement cost, less depreciation in the case of used furniture, trade fixtures, or equipment computed at the annual rate of 15 percent of the seller's cost, is prima facie evidence that the sale was made below the dairy marketer's cost.

(b) If the full purchase price of the furniture, trade fixtures, or equipment sold to the retailer is not paid to the dairy marketer by the retailer by 40 days after delivery, the retailer must pay at least ten percent of the purchase price within the 40 days and provide the dairy marketer a conditional sales contract or a promissory note with a purchase money security interest in the

furniture, trade fixtures, or equipment:

(c) *The conditional sales contract or purchase money security agreement must specifically describe each item of the sale. The dairy marketer, by ten days after the contract or security agreement is entered into, must file the conditional sales contract, or purchase money security agreement and financing statement, as required to enforce the purchase money secured debt. The conditional sales contract or purchase money security agreement must specify:*

(1) *the cash payment made by the retailer to the dairy marketer or the value of the trade-in accepted to apply on the purchase price, but the trade-in credit may not exceed the depreciated value of the items representing the trade-in credit as carried on the business records of the purchaser, or if records are not available, at an annual depreciation rate of 15 percent of the purchaser's cost; and*

(2) *the amount of the unpaid purchase price must be paid by the retailer in 60 equal monthly installments with the last installment of principal and interest maturing not later than 60 months from the execution of the conditional sales contract or purchase money security agreement given to the dairy marketer by the retailer.*

(d) *The rate of interest on the purchases may not be less than the prevailing market rate, and the rates of interest charged for various sales agreements on any given day must be the same for all retailers.*

**Subd. 4. [SERVICING.]** *The mechanical, electrical, and other servicing of furniture, trade fixtures, or equipment sold to a retailer by a dairy marketer is the sole responsibility of the retailer unless at the time of the sale, the dairy marketer and the retailer agree in writing that the dairy marketer is responsible for the servicing. The contract must require the dairy marketer to charge the retailer for the servicing at the same price charged by third persons rendering the service in the area or community where the retailer is located. The charge for the servicing, including the full cost of all repair and replacement parts, must be paid by the retailer to the dairy marketer by 40 days after the performance of the work.*

#### **Sec. 19. [32C.18] [PROHIBITED GIFTS, LOANS, CREDIT, AND COMPENSATION.]**

**Subdivision 1. [GIFTS AND LOANS.]** *A dairy marketer may not give, lend, or advance money, credit, or another thing of value to a retailer, or to a person for the benefit or relief of a retailer.*

**Subd. 2. [FINANCIAL OBLIGATIONS.]** *A dairy marketer may not become obligated for the repayment of a loan of money or financial commitment of a retailer.*

**Subd. 3. [EXTEND CREDIT WHEN DELIVERY DEBTS ARE DUE.]** *A dairy marketer may not extend or give an additional credit to a retailer if there is indebtedness attributable to the delivery of dairy products from the retailer on the 15th day of the next calendar month after delivery.*

**Subd. 4. [CREDIT FOR UNSALEABLE PRODUCTS.]** *A dairy marketer may not credit an account of or pay a retailer for a dairy product that the retailer claims has become stale, spoiled, or otherwise unsaleable, unless*

*the particular product is in fact spoiled or otherwise unsaleable.*

*Subd. 5. [COMPENSATION IN CONNECTION WITH SALE.] A dairy marketer may not make or offer to make any gift of money, merchandise, trading stamps, coupons, service, supplies, or anything of value, or to grant or offer to grant any rebate, discount, or advertising allowance in connection with any sale to a distributor or retailer in this state of a dairy product except as expressly allowed under sections 15 to 21 of this act.*

*Subd. 6. [RETAILER LICENSES.] (a) A dairy marketer may not:*

*(1) have an interest in or pay for a license for a retailer; or*

*(2) advance, furnish, lend, or give money for the payment of a license fee and expense incident to obtaining a license for a retailer.*

*(b) A dairy marketer may purchase a required license in the dairy marketer's name to sell the dairy marketer's dairy products in this state.*

*Sec. 20. [32C.19] [PROHIBITED SIGNS AND ADVERTISING.]*

*Subdivision 1. [ADVERTISING.] (a) A dairy marketer may not:*

*(1) provide, pay for, guarantee, or in any other manner assume, satisfy, or discharge the cost or obligation of a retailer for painting, decorating, improving, repairing, or rebuilding an existing billboard, outdoor sign, display area, wall, fence, building, or structure, or other type of outdoor display advertising having a fixed location; or*

*(2) build, construct, erect, or purchase a new billboard, outdoor sign, or other outdoor advertising having a fixed location, or a structure or facility for use as an outdoor display for the direct benefit of a retailer.*

*(b) A dairy marketer may engage in all forms of outdoor advertising to promote dairy products manufactured, processed, or distributed by the dairy marketer if a reference is not made to a retailer.*

*Subd. 2. [INDOOR SIGNS.] (a) A dairy marketer may not furnish or maintain inside signs of a permanent nature unless the signs are used only for advertising or promoting:*

*(1) dairy products manufactured, distributed, or sold by the person furnishing the sign; or*

*(2) items of food made principally from the dairy product advertised or the brand name of the dairy product advertised.*

*(b) A dairy marketer may furnish point of sale advertising material made of paper or other similar materials to a retailer without charge only to promote the sale of a dairy product of the person furnishing the material.*

*Subd. 3. [MEDIA ADVERTISING.] (a) A dairy marketer may not furnish, give, lend, finance, pay for, contribute to, or by other means, scheme, or device, participate in cooperative advertising using newspapers, radio, television, or other advertising media if a retailer selling, handling, or offering for sale a dairy product of the dairy marketer is named or otherwise identified or referred to in the advertising.*

*(b) A dairy marketer may purchase and pay for the lines or space actually used in advertising one or more of its dairy products in a newspaper adver-*

tisement, handbill, or other form of printed advertising put out by a retailer or for the time actually so used in any radio or television program sponsored by a retailer.

Subd. 4. [ADVERTISING ON RETAILER'S PREMISES.] (a) A dairy marketer may not pay, loan, or give money, credit, compensation, or anything of value to a retailer for:

(1) the privilege of placing a sign, advertisement, or other sales promotion material in or upon the premises of the retailer; or

(2) storing, advertising, or displaying a dairy product in connection with its sale or promotion.

(b) A dairy marketer may furnish paint and maintain an insulated truck body used exclusively in the sale and delivery of its dairy products by the person making retail sales.

Sec. 21. [32C.20] [DAIRY MARKETERS AS HANDLERS OR HAULERS.]

A dairy marketer may not engage in the business of a processor or distributor selling or offering dairy products for sale at wholesale to retailers while at the same time engaging in the business of hauling, handling, or delivering dairy products to a retailer for a fee, or for itself, or another processor or distributor if the business results in a sale of a dairy product at wholesale to a retailer at a price lower than the retailer could obtain from the processor or distributor without the hauling, handling, or delivering.

#### ENFORCEMENT

Sec. 22. [32C.21] [ENFORCEMENT.]

The commissioner shall enforce this chapter as provided in sections 23 to 25. The commissioner may adopt permanent and emergency rules to carry out sections 23 to 25.

Sec. 23. [32C.22] [ENTRY, INSPECTION, AND INVESTIGATION.]

Subdivision 1. [ENTRY.] The commissioner may enter, at reasonable hours:

(1) places of business operated by dairy marketing licensees where raw milk, milk products, or frozen dairy products are produced, stored, processed, manufactured, or sold; and

(2) places where a dairy marketing licensee maintains books, papers, accounts, records, or other documents related to the licensed business.

Subd. 2. [SUBPOENA AND INSPECTION.] (a) The commissioner may subpoena, and inspect, audit, and make copies of books, papers, records, accounts, or documents to determine whether the provisions of sections 11 to 21, rules of the commissioner or the board, and stabilization plans are being complied with.

(b) The commissioner may subpoena, and may inspect, audit, and make copies of, relevant books, papers, records, accounts, or other documents of persons doing business with persons with dairy marketing licenses.

(c) The commissioner may subpoena and take the testimony, under oath,

*of persons believed to have information needed to administer and enforce the provisions of sections 11 to 21.*

*Subd. 3. [INVESTIGATIONS.] The commissioner may call together dairy marketers, retailers, and dairy farmers to investigate and hold hearings on trade practices and make findings relative to a trade practice involving the manufacture, sale, or distribution of dairy products.*

*Subd. 4. [CONFIDENTIALITY OF INFORMATION.] (a) Information acquired by the commissioner under this section is private data under section 13.02, subdivision 12, or nonpublic data under section 13.02, subdivision 9, and may only be used by the commissioner and the board for the administration and enforcement of sections 1 to 21.*

*(b) A person who divulges information that is private data on individuals or nonpublic data under this subdivision to an unauthorized person is guilty of a misdemeanor.*

#### Sec. 24. [32C.23] [REMEDIES.]

*Subdivision 1. [REVOCAION OR SUSPENSION OF LICENSE.] (a) If the commissioner or director has reason to believe that a dairy marketing licensee has violated sections 11 to 21, a rule of the board or commissioner, or the stabilization plan, the commissioner or director may file a complaint with the board against the licensee and must serve a copy of the complaint on the licensee. The complaint must state the nature of the alleged violation.*

*(b) The board, after a hearing and finding that a dairy marketing licensee has violated a provision of sections 11 to 21, a stabilization plan, or a rule of the board or commissioner, may suspend or revoke the license. A procedure to suspend or revoke a license is a contested case subject to chapter 14.*

*Subd. 2. [ENFORCEMENT BY COMMISSIONER OF VIOLATIONS RECOGNIZED BY BOARD.] If the board is aware of a violation or potential violation of this chapter, the board shall notify the commissioner of the violation. The commissioner shall investigate the alleged violation and begin the appropriate enforcement action.*

*Subd. 3. [CIVIL PENALTY.] The commissioner may, upon recommendation of the board, assess a civil penalty not to exceed \$500 per day for each violation or continuing violation, and may collect the civil penalty by a civil proceeding in an appropriate court. Penalties collected by the commissioner must be deposited in the state treasury and credited to the dairy marketing account.*

*Subd. 4. [COMPLIANCE ENFORCEMENT.] The commissioner may bring an action at law or in equity to enforce compliance with a provision of this chapter or rule of the board or commissioner, or to obtain a declaratory judgment.*

*Subd. 5. [INJUNCTIVE RELIEF.] (a) The commissioner may bring an action for injunctive relief against any person violating or threatening to violate provisions of this chapter. The action does not require:*

*(1) alleging or proving actual damages or injury or that an adequate legal remedy does not exist, so that injunctive relief can be obtained promptly without awaiting injury or actual damage; or*

(2) showing the intent or the effect of restraining, lessening or destroying competition, injuring a competitor or injuring a person dealing in dairy products, or impairing or preventing fair competition in the sale of dairy products in the state.

(b) The court shall grant injunctive relief unless the person objecting proves that the granting of the injunctive relief will permanently or irreparably, and substantially injure or damage the person. The proof must be offered within ten days after the injunctive action is filed, as time is of the essence in granting the injunctive relief.

(c) The injunctive relief must be temporary and may not extend beyond a violation of this chapter. The injunctive relief may not abridge or be in lieu of any other civil remedy provided in this chapter, except that temporary injunctive relief may be made permanent upon a showing by the board that the violation:

- (1) has caused injury to competitors or competition;
- (2) has restrained or lessened competition;
- (3) has impaired fair competition in the sale of dairy products; or
- (4) is reasonably expected to cause the effects stated in clause (1), (2), or (3).

(d) This subdivision may not be construed as allowing the commissioner to bring an action for damages that will benefit the commissioner or members of the board.

#### Sec. 25. [32C.24] [CEASE AND DESIST ORDER.]

Subdivision 1. [HEARING.] (a) If the commissioner has reason to believe that a person is violating provisions of sections 15 to 21, or a rule of the board or commissioner, the commissioner may serve a complaint upon the person stating the alleged violation. The complaint must contain a notice of hearing with the time and place at least 20 days after the service of the complaint. The person receiving the complaint has the right to appear at the hearing to show cause why an order should not be entered by the commissioner requiring the person to cease and desist from the violation charged in the complaint. A person may apply and, upon good cause, be allowed by the commissioner to intervene and appear in the proceeding by counsel or in person. The testimony in the proceeding must be reduced to writing and filed in the office of the commissioner.

(b) If, after the hearing, the commissioner determines that there has been a violation of provisions of sections 15 to 21, or rule of the board or commissioner, the commissioner shall make a report in writing stating the findings. The commissioner shall issue and serve an order upon the person requiring the person to cease and desist from the violation. The commissioner at any time after notice and opportunity for hearing, may reopen and alter, modify, or set aside, in whole or in part, an order issued under this section.

Subd. 2. [REVIEW BY DISTRICT COURT.] (a) A person required by an order of the commissioner to cease and desist from an act or practice may obtain a review of the order in district court by filing with the court within 20

days after the date of service of the order a written petition requesting that the order of the commissioner be set aside. A copy of the petition must be served upon the commissioner. The commissioner shall certify and file in the court a transcript of the entire record and order of the commissioner. Upon the filing of the petition and transcript, the court has jurisdiction of the proceeding and of the question determined.

(b) The court may:

(1) make and enter upon the pleadings, evidence, and proceedings in the transcript a decree, affirming, modifying, or setting aside the order of the commissioner or enforcing it to the extent that the order is affirmed; and

(2) issue writs ancillary to its jurisdiction or necessary in its judgment to prevent injury to the public or to competitors pendente lite.

(c) The findings of the commissioner relating to the facts, if supported by the evidence in the proceeding before the commissioner, are conclusive. To the extent that the order of the commissioner is affirmed, the court shall issue its own order commanding obedience to the terms of the order of the commissioner. If either party applies to the court for leave to acquire and offer additional evidence, and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to acquire and offer the evidence in the proceeding before the commissioner, the court may order that the additional evidence be taken before the commissioner. The evidence shall be offered upon the hearing in the manner and upon the terms and conditions determined by the court. The commissioner may modify findings as to the facts, or make new findings, by reason of the additional evidence taken. The commissioner shall file the modified or new findings which, if supported by the evidence, are conclusive and the commissioner's recommendation, if any, for the modification or setting aside of the commissioner's original order with the return of the additional evidence. The judgment and decree of the court is final, except that it is subject to review by the court of appeals.

Subd. 3. [ENFORCEMENT.] Violations of a cease and desist order of the commissioner must be punished by the district court under the laws of contempt. Each day of failure to obey a cease and desist order of the commissioner is a separate violation and each violation of a particular act enjoined by the court is a separate violation.

Sec. 26. [32C.25] [CIVIL ACTIONS.]

Subdivision 1. [TREBLE DAMAGES.] A person who has business or property damaged resulting from a violation of sections 15 to 21 is entitled to an action in district court to recover three times the damages plus costs, including reasonable attorneys fees.

Subd. 2. ARTICLE 15

Section 1. Minnesota Statutes 1984, section 169.81, subdivision 2, is amended to read:

Subd. 2. [LENGTH OF VEHICLES.] (a) No single unit motor vehicle, except truck cranes which may not exceed 45 feet, unladen or with load may exceed a length of 40 feet extreme overall dimensions inclusive of front and rear bumpers, except that the governing body of a city is authorized by permit to provide for the maximum length of a motor vehicle, or combination of motor vehicles, or the number of vehicles that may be fastened together, and which may be operated upon the streets or highways of a city; provided, that the permit may not prescribe a length less than that permitted by state law. A motor vehicle operated in compliance with the permit on the streets or highways of the city is not in violation of this chapter.

(b) No single semitrailer may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer adjacent to the truck or truck-tractor, in excess of 48 feet, except as provided in paragraph (d) that a single semitrailer may have an overall length in excess of 48 feet if (1) the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet, and (2) if the semitrailer is operated only in a combination of vehicles which does not exceed an overall length of 65 feet. No single trailer may have an overall length inclusive of tow bar assembly and exclusive of rear protective bumpers which do not increase the overall length by more than six inches, in excess of 45 feet. For determining compliance with the provisions of this subdivision, the length of the semitrailer or trailer must be determined separately from the overall length of the combination of vehicles.

(c) No semitrailer or trailer used in a three-vehicle combination may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer or trailer adjacent to the truck or truck-tractor, and further exclusive of the tow bar assembly, in excess of 28-1/2 feet. The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28-1/2 feet, except that the commissioner may renew a permit that was granted before April 16, 1984 for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph.

(d) The commissioner may issue an annual permit for a semitrailer in

excess of 48 feet in length, if the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet and if a combination of vehicles, which includes a semitrailer in excess of 48 feet for which a permit has been issued under this paragraph, does not exceed an overall length of 65 feet. The annual fee for a permit issued under this paragraph is \$36.

Sec. 2. Minnesota Statutes 1984, section 169.825, subdivision 11, is amended to read:

Subd. 11. [GROSS WEIGHT SEASONAL INCREASES.] (a) The limitations provided in this section are increased:

(1) by ten percent from January 1 to March 7 each winter, statewide;

(2) by ten percent from December 1 through December 31 each winter in the zone bounded as follows: beginning at Pigeon River in the northeast corner of Minnesota; thence in a southwesterly direction along the north shore of Lake Superior along Trunk Highway No. 61 to the junction with Trunk Highway No. 210; thence westerly along Trunk Highway No. 210 to the junction with Trunk Highway No. 10; thence northwesterly along Trunk Highway No. 10 to the junction with Trunk Highway No. 59; thence northerly along Trunk Highway No. 59 to the junction with Trunk Highway No. 2; thence westerly along Trunk Highway No. 2 to the junction with Trunk Highway No. 32; thence northerly along Trunk Highway No. 32 to the junction with Trunk Highway No. 11; thence northeast along Trunk Highway No. 11 to the east line of Range 43W to the Minnesota-North Dakota border; thence northerly along that border to the Minnesota-Canadian Border; thence easterly along said Border to Lake Superior; and

(3) by ten percent from October 1 to November 30 each year for the movement of sugar beets and potatoes from the field of harvest to the point of the first unloading. The commissioner shall not issue permits under this clause if to do so will result in a loss of federal highway funding to the state.

(b) The duration of a ten percent increase in load limits is subject to limitation by order of the commissioner, subject to implementation of springtime load restrictions, or March 7.

(c) When the ten percent increase is in effect, a permit is required for a motor vehicle, trailer, or semitrailer combination that has a gross weight in excess of 80,000 pounds, an axle group weight in excess of that prescribed in subdivision 10, or a single axle weight in excess of 20,000 pounds and which travels on interstate routes.

(d) In cases where gross weights in an amount less than that set forth in this section are fixed, limited, or restricted on a highway or bridge by or under another section of this chapter, the lesser gross weight as fixed, limited, or restricted may not be exceeded and must control instead of the gross weights set forth in this section.

(e) Notwithstanding any other provision of this subdivision, no vehicle may exceed a total gross vehicle weight of 80,000 pounds on routes which have not been designated by the commissioner under section 169.832, subdivision 11.

Sec. 3. Minnesota Statutes 1984, section 169.86, subdivision 5, is

amended to read:

All such fees for permits issued by the commissioner of transportation shall be deposited in the state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) \$15 for each single trip permit.

(b) \$36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight and dimension.

(2) motor vehicles used to alleviate a temporary crisis adversely affecting the safety or well-being of the public;

(3) motor vehicles which travel on interstate highways and carry loads authorized under subdivision 1a;

(4) motor vehicles operating with gross weights authorized under section 169.825, subdivision 11, paragraph (a), clause (3).

(1) truck cranes;

(2) construction equipment, machinery, and supplies;

(4) farm equipment when the movement is not made according to the provisions of section 169.80, subdivision 1, paragraphs (a) to (f);

(5) double-deck buses;

(6) commercial boat hauling.

(e) for vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limi- tations on axles	Cost Per Mile For Each Group Of:		
	Two consec- utive axles spaced within 8 feet or less	Three consec- utive axles spaced within 9 feet or less	Four consec- utive axles spaced with- in 14 feet or less

(2) The court shall add to the amount calculated under clause (1) the reasonable cost of child care incurred by the custodial parent for the generation of income.

(3) The court shall set the noncustodial parent's support obligation by multiplying the amount under clause (2) by an amount equal to the proportion that the noncustodial parent's net income bears to the total net income of the parents.

(5) a determination of whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule;

(6) a description of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule;

(7) a quantification of the data to the extent practicable; and

(8) both the short-term and long-term consequences of the rules, if adopted.

If the agency has made a good faith effort to comply with the requirements of this section, the rule may not be invalidated solely on the ground that the contents of the statement of need and reasonableness are insufficient or inaccurate as long as the agency supplements the rulemaking record with additional or corrected information.

“Section 1. [297A.258] [PRIVATE SUPPLIERS OF PUBLIC SERVICES.]

*A private vendor that has entered into a service contract with a municipality under sections 3 and 4 is a political subdivision for purposes of determining the tax imposed under this chapter. This section applies only to the extent that the vendor is acting for the purposes of constructing, maintaining, or operating related facilities pursuant to the service contract.*

*The commissioner may provide for the issuance of a limited exemption certificate to a private vendor for purposes of administering this section. The commissioner may further require a vendor to obtain a certificate in order to qualify as a political subdivision under this section.*

*For purposes of this section, “private vendor,” “service contract,” and “related facilities” have the meanings given in sections 3 and 4.*

Sec. 2. [471A.01] [PUBLIC PURPOSE FINDINGS.]

*The legislature finds that the privatization of facilities for the prevention, control, and abatement of water pollution, and the furnishing of potable water provides municipalities an opportunity under appropriate circumstances to provide those capital intensive public services in a manner that will speed construction and is less costly and more efficient than the furnishing of those services through facilities exclusively owned and operated by municipalities. The legislature further finds that existing law creates unnecessary and costly obstacles to the privatization of those capital intensive public services and that a comprehensive act is required to permit municipalities to enter into appropriate contractual arrangements with private parties to facilitate the privatization of those capital intensive public services.*

**Subd. 13. [SERVICE FEE.]** "Service fee" means the payments the municipality is required under the service contract to make, or cause to be made, to the private vendor, including payments made by third parties to the private vendor for products or services and credited against payments the municipality would otherwise have to make, or cause to be made, under the service contract.

Under the service contract the municipality may, under terms and conditions agreed to by the municipality and the private vendor:

(1) obligate itself to pay or cause to be paid a service fee for the availability and use of the capital intensive public services to be furnished under the service contract;

(3) either pledge its full faith and credit or obligate a specific source of payment for the payment of the service fee and the performance of other

*obligations under the service contract and the payment of damages for failure to perform the obligations.*

*The obligation of the municipality to pay the service fee and perform any other permitted obligations under the service contract are not considered a debt within the meaning of any statutory or charter provision, and no election is required as a precondition to the municipality entering into any permitted obligation or undertaking a project under a service contract.*

*Subd. 3. [PROCUREMENT PROCEDURES.] The municipality may agree under the service contract that the private vendor will acquire and construct any and all related facilities without compliance with any competitive bidding requirements; provided (1) the municipality, or municipalities if the related facilities furnish capital intensive public services to more than one municipality, has in the aggregate either no or no more than a 50 percent ownership interest in the related facilities, and (2) the municipality enters into the service contract only after requesting from two or more private vendors proposals for the furnishing of the capital intensive public services, under terms and conditions the municipality determines to be fair and reasonable. *(2) establish by ordinance, revise when considered advisable, and collect just and reasonable rates and charges for the capital intensive public services provided under the service contract. The ordinance may obligate the owners, lessees, or occupants of property, or any or all of them, to pay charges for the capital intensive public services available for their properties and may obligate the user of a related facility to pay a reasonable charge for the use of the related facility. The rates and charges may be billed and collected in a manner the municipality shall determine. On or before October 15 in each year, the municipality shall certify to the county auditor all unpaid outstanding charges for services provided under the service contract and a statement of the description of the lands against which the charges arose. However, no municipality or group of municipalities may have a controlling interest in the private vendor.*

*Subd. 8. [USE OF BOND PROCEEDS.] The municipality may issue bonds and other obligations and apply their proceeds toward the payment of the costs of the related facilities in the same manner and subject to the same conditions and limitations that would apply if the related facilities were acquired, constructed, owned, and operated exclusively by the municipality and for these purposes, related facilities shall be considered to be a project within the meaning of section 474.02, subdivision 1a.*

*Subd. 9. [REQUIRED PUBLIC USE.] The municipality may agree, subject to any applicable state statutory requirements as to designated use of the related facilities, that the sole and exclusive right to provide the capital intensive public services within its jurisdiction be assumed by the private*

vendor under the service contract and may require that any and all members of the public within its jurisdiction use the services provided under the service contract in the same manner and subject to the same limitations and conditions that would apply if the related facilities were acquired, constructed, owned, and operated exclusively by the municipality.

*Subd. 10. [CONDEMNATION POWERS.] The municipality may exercise the right of eminent domain in the manner provided by chapter 117, for the purpose of acquiring for itself or the private vendor any and all related facilities. If the related facilities are acquired for the private vendor, the service contract shall be for a term of at least five years.*

*Subd. 11. [CONTRACTOR'S BOND AND MECHANICS' LIENS.] The municipality may waive or require the furnishing of a contractor's payment and performance bond of the kind described in section 574.26 in connection with the installation and construction of any related facilities. If the bond is required, the provisions of chapter 514 relating to liens for labor and materials are not applicable with respect to work done or labor or materials supplied for the related facilities. If the bond is waived, the provisions of chapter 514 apply with respect to work done or labor or materials supplied for the related facilities.*

#### Sec. 5. [471A.04] [LEVY LIMITS.]

*For purposes of applying sections 275.50 to 275.56, any property taxes levied for the payment of the service fee shall be treated as a special levy under the provisions of section 275.50, to the same extent and subject to the same limitations that would apply if the capital cost component of the service fee represented principal and interest payments on bonded indebtedness of the municipality within the meaning of section 275.50, subdivision 5, clause (e), and if the balance of the service fee represented operation and maintenance expenses for related facilities owned and operated exclusively by the municipality. The provisions of section 275.11 and any levy limits imposed by home rule charter do not apply to taxes levied to pay the service fee.*

#### Sec. 6. [471A.05] [EXEMPTION FROM PROPERTY TAXES.]

*If the service contract provides that property taxes imposed with respect to the related facilities are to be included in the service fee as pass-through costs, the municipality may apply to the commissioner of revenue for an exemption from property taxation of the related facilities. The property is exempt from ad valorem taxation, if the commissioner of revenue determines that the related facilities serve the general public and that similar municipally-owned facilities are exempt from ad valorem property taxation. The commissioner of revenue must notify the assessor that the property is exempt from taxation. The exemption is only effective during the term of the service contract from and after the date of filing the certificate in the case of property taxes. The exemption is not effective with respect to any property taxes levied or imposed but not collected prior to the date of approval of the exemption by the commissioner of revenue.*

#### Sec. 7. [471A.06] [JOINT POWERS AGREEMENT.]

*Two or more municipalities may enter into joint powers agreements they consider appropriate under the provisions of section 471.59 for purposes of exercising the powers granted in sections 2 to 13.*

## Sec. 8. [471A.07] [STATE GRANTS AND LOANS.]

*On or before January 1, 1987, the pollution control agency shall submit to the legislature proposed legislation and draft implementing regulations providing for (1) the use by the administrator of unrestricted funds to provide grants and loans for related facilities that constitute wastewater treatment facilities as defined by section 115.71, subdivision 8, and (2) the use of such funding as a means of speeding construction of wastewater treatment facilities and better targeting scarce unrestricted funds to help finance wastewater treatment facilities (including reimbursement of municipalities for a portion of the capital cost component in service contracts under capital cost component loans and capital cost component grants).*

## Sec. 9. [471A.08] [HEARING.]

*Subdivision 1. [PUBLIC HEARING REQUIRED.] Except as provided in subdivision 2, a municipality shall, before entering into a service contract under sections 2 to 13, conduct a public hearing on the proposal to provide specified capital intensive public services under sections 2 to 13. The hearing may be conducted either before or after the date on which any request for proposals is made under section 4, subdivision 3, clause (2). A notice of the hearing shall be published in the local official newspaper of the municipality no less than 15 and no more than 45 days prior to the date set for hearing and shall describe the general nature of the proposal. Any written information developed for the proposal prior to the hearing shall be available to the public for inspection prior to the hearing. The hearing on the proposal shall be sufficient even though the site of the related facilities, the name of the private vendor, and the specific structure of the contractual arrangements with the private vendor are not known at the time of the hearing.*

*Subd. 2. [EXISTING CONTRACTS.] A municipality that entered into a service contract prior to the effective date of sections 2 to 13 may exercise any of the powers authorized by those sections without complying with subdivision 1.*

## Sec. 10. [471A.09] [INVESTMENT OF FUNDS.]

*Any sums paid to the private vendor under the service contract are not considered public funds and may be invested in any securities in which the private vendor is authorized by law to invest.*

## Sec. 11. [471A.10] [PUBLIC EMPLOYEE LAWS.]

*Unless expressly provided therein, no state law, charter provision, or ordinance of a municipality relating to public employees shall apply to a person solely by reason of that person's employment by a private vendor in connection with services rendered under a service contract.*

## Sec. 12. [471A.11] [REGULATION OF RATES AND CHARGES AND PUBLIC UTILITY LAWS.]

*A municipality may regulate by ordinance, contract, or otherwise the rates and charges imposed by the private vendor with respect to any capital intensive public services provided to the public under the service contract. Whether or not the imposition of such rates and charges is so regulated, no capital intensive public services provided under the service contract are subject to regulation under the provisions of chapter 216B, unless the*

*municipality elects to subject the services to regulation under that chapter. An election for regulation may be affected by resolution of the governing body of the municipality requesting regulation and filing the resolution with the state public utilities commission.*

Sec. 13. [471A.12] [POWERS; ADDITIONAL AND SUPPLEMENTAL.]

*The powers conferred by sections 2 to 13 shall be liberally construed in order to accomplish their purposes and shall be in addition and supplemental to the powers conferred by any other law or charter. If any other law or charter is inconsistent with sections 2 to 13, those sections are controlling as to service contracts entered into under those sections. However, nothing in sections 2 to 13 limits or qualifies (1) any other law that a municipality must comply with to obtain any permit in connection with related facilities or (2) any performance standard or effluent limitations applicable to related facilities.*

Sec. 14. Minnesota Statutes 1984, section 474.02, is amended by adding a subdivision to read:

*Subd. 1h. The term "project" shall also include related facilities as defined by section 3, subdivision 11.*

Subdivision 1. The commissioner may issue a stop order denying effectiveness to, or suspending or revoking the effectiveness of, any registration statement if he finds (a) that the order is in the public interest and (b) that

(1) the registration statement as of its effective date or as of any earlier date in the case of an order denying effectiveness, or any amendment under section 80A.12, subdivision 9, as of its effective date, or any report under section 80A.12, subdivision 8, is incomplete in any material respect or contains any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

(2) any provision of sections 80A.01 to 80A.31 or any rule, order, or condition lawfully imposed under sections 80A.01 to 80A.31 has been willfully violated in connection with the offering, by (i) the person filing the registration statement, (ii) the issuer, any partner, officer, or director of the issuer, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling or controlled by the issuer, but

only if the person filing the registration statement is directly or indirectly controlled by or acting for the issuer, or (iii) any underwriter;

(3) the security registered or sought to be registered is the subject of an administrative stop order or similar order or a permanent or temporary injunction of any court of competent jurisdiction entered under any other federal or state act applicable to the offering; but (i) the commissioner may not institute a proceeding against an effective registration statement under this clause more than one year from the date of the order or injunction relied on, and (ii) may not enter an order under this clause on the basis of an order or injunction entered under any other state act unless that order or injunction was based on facts which would currently constitute a ground for a stop order under this section;

(4) the issuer's enterprise or method of business includes or would include activities which are illegal where performed;

(5) the offering has worked or tended to work a fraud upon purchasers or would so operate;

(6) except with respect to securities which are being registered by notification, the terms of the securities are unfair and inequitable; provided, however, that the commissioner may not determine that an offering is unfair and inequitable solely on the grounds that the securities are to be sold at an excessive price where the offering price has been determined by arms length negotiation between nonaffiliated parties. The selling price of any security being sold by a broker-dealer licensed in this state shall be presumed to have been determined by arms length negotiation;

(7) when a security is sought to be registered by coordination there has been a failure to comply with the undertaking required by section 80A.10, subdivision 2, clause (d);

(8) the applicant or registrant has failed to pay the proper filing fee; but the commissioner may enter only a denial order under this clause and he shall vacate any such order when the deficiency has been corrected; or

(9) the offering of securities sought to be registered is not firmly underwritten and (i) the ~~maximum~~ *minimum* amount of proceeds from the sale of the securities is ~~(i)~~ not more than \$500,000, and (ii) *the maximum amount of proceeds is* more than 200 percent of the minimum amount of proceeds required to go forward with the offering.

If the board has probable cause to believe that a person comes within this clause, it shall direct the person to submit to a mental or physical examination. For the purpose of this clause, every person licensed under this chapter shall be deemed to have given his consent to submit to a mental or physical examination when directed in writing by the board and further to have waived all objections to the admissibility of the examining physicians' testimony or examination reports on the ground that the same constitute a privileged communication. Failure of a person to submit to such examination when directed shall constitute an admission of the allegations against him, unless the failure was due to circumstances beyond his control, in which case a default and final order may be entered without the taking of testimony or presentation of evidence. A person affected under this clause shall at reasonable intervals be afforded an opportunity to demonstrate that he can resume the competent practice of chiropractic with reasonable skill and safety to patients.

*In addition to ordering a physical or mental examination, the board may, notwithstanding section 13.42, 144.651, or any other law limiting access to health data, obtain health data and health records relating to a licensee or applicant without the licensee's or applicant's consent if the board has probable cause to believe that a doctor of chiropractic comes under subdivision 1, clause (12). The health data may be requested from a provider, as defined in section 144.335, subdivision 1, paragraph (b), an insurance company, or a government agency, including the department of human services. A provider, insurance company, or government agency shall comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision, unless the information is false and the provider or entity giving the information knew, or had reason to believe, the information was false. Information obtained under this subdivision is classified as private under sections 13.01 to 13.87.*

In any proceeding under this clause, neither the record of proceedings nor the orders entered by the board shall be used against a person in any other proceeding.

(13) *Aiding or abetting an unlicensed person in the practice of chiropractic, except that it is not a violation of this clause for a doctor of chiropractic to employ, supervise, or delegate functions to a qualified person who may or may not be required to obtain a license or registration to provide health services if that person is practicing within the scope of his or her license or registration or delegated authority.*

(14) *Improper management of health records, including failure to maintain adequate health records, to comply with a patient's request made pursuant to section 144.335 or to furnish a health record or report required by law.*

(15) *Failure to make reports required by section 5, subdivision 2, or to*

cooperate with an investigation of the board as required by section 7, or the submission of a knowingly false report against another doctor of chiropractic under section 5.

(16) Splitting fees, or promising to pay a portion of a fee or a commission, or accepting a rebate.

(17) Revealing a privileged communication from or relating to a patient, except when otherwise required or permitted by law.

For the purposes of clause (2), conduct that subverts or attempts to subvert the licensing examination process includes, but is not limited to: (a) conduct that violates the security of the examination materials, such as removing examination materials from the examination room or having unauthorized possession of any portion of a future, current, or previously administered licensing examination; (b) conduct that violates the standard of test administration, such as communicating with another examinee during administration of the examination, copying another examinee's answers, permitting another examinee to copy one's answers, or possessing unauthorized materials; or (c) impersonating an examinee or permitting an impersonator to take the examination on one's own behalf.

For the purposes of ~~clause~~ clauses (4) and (5), conviction shall be deemed to include a criminal proceeding in which a finding or verdict of guilt is made or returned but the adjudication of guilt is either withheld or not entered as used in these subdivisions includes a conviction of an offense that if committed in this state would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilt is made or returned but the adjudication of guilt is either withheld or not entered.

For the purposes of clauses (4) and (5), and (6), a copy of the judgment or proceeding under seal of the clerk of the court or of the administrative agency which entered the same shall be admissible into evidence without further authentication and shall constitute prima facie evidence of its contents.

For the purposes of clause ~~(10)~~ (11), unprofessional conduct means any unethical, deceptive or deleterious conduct or practice harmful to the public, any departure from or the failure to conform to the minimal standards of acceptable chiropractic practice, or a willful or careless disregard for the health, welfare or safety of patients, in any of which cases proof of actual injury need not be established. Unprofessional conduct shall include, but not be limited to, the following acts of a chiropractor:

(g) *Soliciting patients with the promise, enticement, or implication, that the providing doctor of chiropractic will not charge more than a patient's health coverage plan or organization will pay, regardless of the nature of the diagnosis and/or treatment and/or regardless of the nature of the health coverage plan or organization's scope of coverage; or*

~~(g)~~ (h) Any other act that the board by rule may define.

Subd. 2. [ISSUANCE FOLLOWING REFUSAL, REVOCATION OR CANCELATION.] The state board of chiropractic examiners may, at any time within two years of the refusal or revocation or cancelation of a license under this section, by a majority vote, issue a new license or grant a license to the person affected, restoring him to, or conferring upon him, all the rights and privileges of, and pertaining to, the practice of chiropractic, as defined and regulated by sections 148.01 to 148.10. Any person to whom such have been restored shall pay a fee set by the board upon issuance of a new license.

Subd. 3. [REPRIMAND; PENALTIES; PROBATION.] In addition to the other powers granted to the board under this chapter, the board may, in connection with any person whom the board, after a hearing, adjudges unqualified or whom the board, after a hearing, finds to have performed one or more of the acts described in subdivision 1:

Subd. 4. [TEMPORARY SUSPENSION.] In addition to any other remedy provided by law, the board may, without a hearing, temporarily suspend a license for not more than 60 days if the board finds that a person has violated a statute or rule which the board is empowered to enforce and continued practice by the person would create an imminent risk of harm to others. The suspension shall take effect upon written notice to the person, specifying the statute or rule violated. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held pursuant to the Administrative Procedure Act. The person shall be provided with at least 20 days notice of any hearing held pursuant to this subdivision.

The license remains suspended until the licensee is restored to capacity by a court and, upon petition by the licensee, the suspension is terminated by the board after a hearing.*

**Sec. 5. [148.102] [REPORTS OF STATE OR LOCAL SOCIETIES.]**

*Subdivision 1. [REQUIREMENT.] A state or local chiropractic society shall report to the board any termination, revocation, or suspension of membership or any other disciplinary action taken against a doctor of chiropractic. Subd. 4. [COURTS.] The clerk of district court or any other court of competent jurisdiction shall report to the board any judgment or other determination of the court which adjudges or includes a finding that a doctor of chiropractic is mentally ill, mentally incompetent, guilty of a felony, guilty of an abuse or fraud, appoints a guardian of the doctor of chiropractic pursuant to sections 525.54 to 525.61 or commits a doctor of chiropractic pursuant to chapter 253B or sections 526.09 to 526.11.

Subd. 5. [SELF-REPORTING.] A doctor of chiropractic shall report to the board any action concerning himself or herself which would require that a report be filed with the board by any person, health care facility, business, or organization pursuant to subdivision 4.

(3) make a false statement in any prescription, order, report, or record required under this chapter; or

(4) affix a false or forged label to a package or receptacle containing a controlled substance.

Sec. 3. Minnesota Statutes 1984, section 152.11, subdivision 1, is amended to read:

Subdivision 1. No person may dispense a controlled substance included in Schedule II of section 152.02 without a prescription written by a doctor of medicine, a doctor of osteopathy licensed to practice medicine, a doctor of dental surgery, a doctor of dental medicine, a doctor of podiatry, or a doctor of veterinary medicine, lawfully practicing his profession in this state. ~~Provided that~~ In emergency situations, as authorized by federal law, such a schedule II drug may be dispensed upon oral prescription reduced promptly to writing and filed by the pharmacist, as authorized by federal law. ~~Such~~ Oral prescriptions for schedule II substances shall be processed and retained in conformity with section 152.101 and section 4, subdivision 4. A prescription for a schedule II substance must be filled within seven days from the date the prescription was written. No prescription for a Schedule II substance may be refilled. Beginning July 1, 1987, a prescription for a schedule II substance must be recorded on an official prescription blank in the manner required in section 4, unless the prescription is written for a person who is a patient of a hospital or nursing home at the time the prescription is written and filled and the drug is dispensed directly without the prescription being given to the patient.

For the purposes of ~~Laws 1971, Chapter 937~~ this chapter, a written prescription or oral prescription, which shall be reduced to writing, for a controlled substance in Schedules II, III, IV or V is void unless (1) it is written in ink and contains the name and address of the person for whose use it is

intended; (2) it states the amount of the controlled substance to be compounded or dispensed, with directions for its use; (3) if a written prescription, it contains the signature, address and federal registry number of the prescriber and a designation of the branch of the healing art pursued by the prescriber; and if an oral prescription, the name and address of the prescriber and a designation of his branch of the healing art; and (4) it shows the date when signed by the prescriber, or the date of acceptance in the pharmacy if an oral prescription. Every licensed pharmacist who compounds any such prescription shall retain such prescription in a file for a period of not less than two years, open to inspection by any officer of the state, county, or municipal government, whose duty it is to aid and assist with the enforcement of this chapter. Every such pharmacist shall distinctly label the container with the directions contained in the prescription for the use thereof.

#### Sec. 4. [152.115] [MULTIPLE PRESCRIPTION SYSTEM.]

*Subdivision 1. [OFFICIAL PRESCRIPTION BLANKS.] The commissioner of public safety shall furnish serially-numbered, triplicate-copy official prescription blanks to persons authorized to write prescriptions for schedule II substances. Prior to distributing blanks to authorized persons, the commissioner shall imprint upon each blank the name, address, category of professional licensure and specialization, federal drug enforcement administration number, and state professional license number of the person to whom the blanks will be furnished. Each official prescription blank must contain spaces for: (1) the date the prescription is written; (2) the name, address, and age of the person for whom the substance is prescribed or, if the ultimate user is an animal, the species of the animal and the name and address of the owner; (3) information concerning the form of identification presented to the pharmacist or other methods used to authenticate the prescription; (4) the drug prescribed, the numerical and written dosage, instructions for use, and a notation of whether the drug was dispensed directly to the patient by the practitioner; (5) the date the prescription is filled; (6) the name, address, and federal drug enforcement administration number of the dispensing pharmacy and the name and license number of the pharmacist who fills the prescription; and (7) the national drug code product identification number of the substance prescribed. The commissioner of public safety shall charge a fee for the blanks that is sufficient to cover printing and distribution costs. Official prescription blanks are not transferable. Lost or stolen blanks must be immediately reported to the commissioner of public safety. Within seven days after a practitioner's license to practice or federal drug enforcement administration number has been suspended, canceled, denied, surrendered, or revoked, the practitioner shall return to the commissioner of public safety all official prescription blanks in the practitioner's possession that have not been used for prescriptions. A person who possesses an official prescription blank other than as authorized in this section is guilty of a misdemeanor.*

*Subd. 2. [DUTIES OF PRESCRIBERS.] Except as allowed under subdivision 4 and section 152.11, subdivision 1, a prescription for a schedule II drug authorized by section 152.11 must be written on an official prescription blank issued by the commissioner of public safety under subdivision 1. No more than one prescription may be written on each blank. The prescribing practitioner shall enter on the blank the following information: (1) the date*

the prescription is written; (2) the drug prescribed, the dosage, and instructions for use; and (3) the name, address, and age of the patient (or, in the case of an animal, its owner) for whom the substance is prescribed. This information must be legible on all three copies of the blank. The prescriber shall sign the first and second copies and give them to the person authorized to receive the prescription. If a practitioner dispenses a schedule II drug directly to a patient, the practitioner must mark the appropriate space on the prescription form, enter the national drug code product identification number, and send the first and second copies to the commissioner of public safety. The prescriber shall retain the third copy for a period of not less than two years from the date the prescription is written.

*Subd. 3. [DUTIES OF PHARMACISTS.]* A pharmacist shall not dispense a schedule II substance except pursuant to a prescription properly written on an official prescription blank or pursuant to an emergency oral prescription authorized under subdivision 4. Before filling a prescription written on an official prescription blank, the pharmacist shall request identification from the person presenting the prescription. If the identification provided reasonably satisfies the pharmacist that the person is the patient for whom the prescription was written or is the legitimate representative of the patient, the pharmacist shall record identifying numbers and a brief description of the identification provided. If no satisfactory identification is available, the pharmacist shall contact the prescriber for information verifying the authenticity of the prescription and generally identifying the person presenting the prescription. The pharmacist must not deny a person medication solely because no identification is provided, but only if circumstances create a reasonable question regarding the legitimacy of the prescription or the authority of the person presenting the prescription to receive the substance. A pharmacist who dispenses a prescription recorded on an official prescription blank shall enter on copies one and two of the blank, in the spaces provided,

(1) the date the prescription is filled;

(2) identifying numbers and a brief description of the identification provided by the person presenting the prescription or, if no form of identification was provided, the method used to authenticate the prescription and establish the authority of the person to receive it;

(3) the name, address, and federal drug enforcement administration number of the dispensing pharmacy;

(4) the name and state professional license number of the pharmacist who fills the prescription; and

(5) the national drug code product identification number.

The dispensing pharmacist shall sign the first copy and send it to the commissioner of public safety within 40 days from the date the prescription is filled. The dispensing pharmacist shall retain the second copy for a period of not less than two years in conformity with section 152.101.

*Subd. 4. [EMERGENCY ORAL PRESCRIPTIONS.]* A schedule II substance may be dispensed without an official prescription blank pursuant to an emergency oral prescription as authorized by federal law. A substance dispensed pursuant to an emergency oral prescription must not be dispensed

later than 24 hours after the oral authorization was received and the amount of the substance dispensed must not exceed a three-day supply if taken according to the directions for its use. At the time the oral prescription is given, the prescriber shall provide the pharmacist with the information required to be entered upon an official blank by the prescriber under subdivision 2. The pharmacist shall promptly record the information provided by the prescriber and the information required to be entered on an official blank by the dispensing pharmacist under subdivision 3. Within 72 hours after authorizing an emergency oral prescription, the prescribing practitioner shall record the information required under subdivision 2 upon an official prescription blank and deliver to the pharmacist the original and one copy upon which has been written the words "authorization for emergency dispensing." The pharmacist shall enter the required information upon the official form, file a copy with the commissioner of public safety as required under subdivision 3, and retain a copy in conformity with subdivision 3 and section 152.101. If the pharmacist does not receive the prescription within 72 hours after dispensing the substance, the pharmacist shall notify the commissioner of public safety no later than seven days after the substance was dispensed.

*Subd. 5. [USE AND RELEASE OF INFORMATION.] Information submitted to the commissioner of public safety under this section is confidential data on individuals, as defined in section 13.02, subdivision 3, and must be used only for bona fide drug-related criminal investigations or prosecutions; by one or more of the state boards responsible for regulating persons authorized to write or dispense prescriptions, for investigations or disciplinary actions; or by the commissioner of human services. The commissioner of public safety shall not release or permit access to information received under this section except for these purposes to authorized officers of the department of public safety and authorized representatives or investigators of the commissioner of human services or the boards of medical examiners, podiatry, dentistry, veterinary medicine, or pharmacy. Prescription blanks and information concerning specific prescribers, patients, or pharmacists must be destroyed after two years unless related to an active investigation or pending civil, criminal, or disciplinary proceeding. The system for retrieving information submitted to the commissioner of public safety under this section must be designed to preclude improper access to information through the use of automated information security techniques and devices. The commissioner of public safety shall consult the commissioner of human services, the board of pharmacy and each of the state boards responsible for regulating persons authorized to write or dispense prescriptions during the process of developing the information system and the standards and criteria for evaluating data, and shall submit the proposed design to the boards and the commissioner of human services for final review and comment before implementation.*

*Subd. 6. [IMPLEMENTATION.] The commissioner of public safety, with the assistance of the commissioner of human services and the boards of pharmacy, medical examiners, veterinary medicine, podiatry, and dentistry, shall provide information to all affected practitioners, in a timely manner, to assist them in complying with this act.*

*Subd. 7. [RULEMAKING.] The commissioner of public safety may adopt*

*permanent rules to implement this section.*

The commissioner is authorized to cancel the license without a hearing. At any time before the expiration of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize.

S.F. No. 1727: A bill for an act relating to local government; providing immunity to municipalities for certain claims that occur as a result of the use of parks and recreation areas; amending Minnesota Statutes 1984, section 466.03, by adding a subdivision.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1985 Supplement, section 3.736, subdivision 3, is amended to read:

Subd. 3. [EXCLUSIONS.] Without intent to preclude the courts from finding additional cases where the state and its employees should not, in equity and good conscience, pay compensation for personal injuries or property losses, the legislature declares that the state and its employees are not liable for the following losses:

(a) Any loss caused by an act or omission of a state employee exercising due care in the execution of a valid or invalid statute or regulation;

(b) Any loss caused by the performance or failure to perform a discretionary duty, whether or not the discretion is abused;

(c) Any loss in connection with the assessment and collection of taxes;

(d) Any loss caused by snow or ice conditions on any highway, *public sidewalk* or other public place or *by acts taken to secure public safety because of those conditions*, except when the condition is affirmatively caused by the negligent acts of a state employee;

(e) Any loss caused by wild animals in their natural state;

(f) Any loss other than injury to or loss of property or personal injury or death;

(g) Any loss caused by the condition of unimproved real property owned by the state, which means land that the state has not improved, and appurtenances, fixtures and attachments to land that the state has neither affixed nor improved;

(h) Any loss incurred by a user within the boundaries of the outdoor recreation system and arising from the construction, operation, or maintenance of the system, as defined in section 86A.04, or from the clearing of land, removal of refuse, and creation of trails or paths without artificial surfaces, or from the construction, operation, or maintenance of a water access site created by the iron range resources and rehabilitation board, except that the state is liable for conduct that would entitle a trespasser to damages against a private person.

(i) Any loss of benefits or compensation due under a program of public assistance or public welfare, except where state compensation for loss is expressly required by federal law in order for the state to receive federal grants-in-aid;

(j) Any loss based on the failure of any person to meet the standards needed for a license, permit, or other authorization issued by the state or its agents;

(k) Any loss based on the usual care and treatment, or lack of care and treatment, of any person at a state hospital or state corrections facility where reasonable use of available appropriations has been made to provide care;

(l) Any loss, damage, or destruction of property of a patient or inmate of a state institution;

(m) Any loss for which recovery is prohibited by section 169.121, subdivision 9.

The state will not pay punitive damages.

## Sec. 2. [16B.85] [RISK MANAGEMENT.]

*Subdivision 1. [ALTERNATIVES TO CONVENTIONAL INSURANCE.] In the event that the state is unable to obtain certain types of insurance, or the commissioner determines insurance to be unreasonably costly, the commissioner may implement alternatives to the purchase of conventional insurance. A mechanism for implementing possible alternatives to conventional insurance is the risk management fund created in subdivision 2.*

*Subd. 2. [RISK MANAGEMENT FUND.] A state risk management fund is created. All state agencies which have had or may have casualty claims against them with respect to the risks for which the commissioner has implemented conventional insurance alternatives shall contribute to the fund a portion of the money appropriated to them. The commissioner shall determine the proportionate share of each agency on the basis of the agency's casualty claim experience as compared to other affected agencies. The money in the fund to pay casualty claims arising from state activities and for administrative costs, including costs for the adjustment and defense of the claims, is appropriated to the commissioner. Interest earned from the investment of money in the fund shall be credited to the fund and be available to the commissioner for the expenditures authorized in this subdivision. The fund is exempt from the provisions of section 16A.15, subdivision 1. In the event that proceeds in the fund are insufficient to pay outstanding claims and associated administrative costs, the commissioner, in consultation with the commissioner of finance, may assess state agencies participating in the fund amounts sufficient to pay the costs. The commissioner shall determine the proportionate share of the assessment of each agency on the basis of the agency's casualty claim experience as compared to other affected agencies.*

Sec. 3. Minnesota Statutes 1984, section 60A.06, is amended by adding a subdivision to read:

*Subd. 3. Unless specifically authorized by section 60A.06, subdivision 1, clause (4), it is unlawful to combine in one policy coverage permitted by section 60A.06, subdivision 1, clauses (4) and (5)(a). This subdivision does not prohibit the simultaneous sale of these products, but the sale must involve two separate and distinct policies. This subdivision does not apply to group policies.*

Sec. 4. Minnesota Statutes 1985 Supplement, section 60A.10, subdivision 1, is amended to read:

**Subdivision 1. [DOMESTIC COMPANIES.] (1) [DEPOSIT AS SECURITY FOR ALL POLICYHOLDERS REQUIRED.]** No company in this state, other than farmers' mutual, or real estate title insurance companies, shall do business in this state unless it has on deposit with the commissioner, for the protection of both its resident and nonresident policyholders, securities to an amount, the actual market value of which, exclusive of interest, shall never be less than \$200,000 until July 1, 1986, \$300,000 until July 1, 1987, \$400,000 until July 1, 1988, and \$500,000 on and after July 1, 1988 or one-half the applicable financial requirement set forth in section 60A.07, whichever is less. The securities shall be retained under the control of the commissioner as long as any policies of the depositing company remain in force.

(2) [SECURITIES DEFINED.] For the purpose of this subdivision, the word "securities" means bonds or other obligations of, or bonds or other obligations insured or guaranteed by, the United States, any state of the United States, any municipality of this state, or any agency or instrumentality of the foregoing.

(3) [PROTECTION OF DEPOSIT FROM LEVY.] No judgment creditor or other claimant may levy upon any securities held on deposit with, or for the account of, the commissioner. Upon the entry of an order by a court of competent jurisdiction for the rehabilitation, liquidation or conservation of any depositing company as provided in chapter 60B, that company's deposit together with any accrued income thereon shall be transferred to the commissioner as rehabilitator, liquidator, or conservator.

Sec. 5. Minnesota Statutes 1984, section 60A.13, is amended by adding a subdivision to read:

*The supplemental reports must include the following data for the previous year ending on the 31st day of December:*

- (6) net underwriting gain or loss; and*
- (7) net operation gain or loss, including net investment income.*

*This report is due by the first of May of each year and the first report must cover the year 1986. The commissioner shall annually compile and review all reports submitted by insurers pursuant to this section. These filings must be published and made available to any interested insured or citizen.*

Sec. 6. Minnesota Statutes 1984, section 60A.25, is amended to read:

**60A.25 [INSOLVENT COMPANIES; NOTIFICATION OF POLICYHOLDERS.]**

*Subdivision 1. [NOTIFICATION OF POLICYHOLDERS.] Whenever any foreign or domestic insurance company authorized to transact the business of insurance in Minnesota is adjudicated insolvent, or whenever its policies are declared null and void by court order, the commissioner of commerce shall ascertain the names and last known addresses of all Minnesota policyholders of said company, and shall notify all Minnesota policyholders within 30 days of such adjudication or court order. In the case of foreign insurers authorized to do business in this state, the commissioner of commerce may elect to notify all of the company's licensed agents in Minnesota with a directive that the agents notify all insureds of the company's insolvency or that its policies have been declared null and void.*

*Subd. 2. [REMITTANCE OF PREMIUMS.] Every agency contract written by an insurance company writing property and casualty insurance in Minnesota shall contain or be construed to contain the following provision: "Notwithstanding any other provision of this contract, the obligation of the agent to remit written premiums to the company shall be changed upon the commencement of any administrative or legal proceeding by any state against the carrier regarding its financial condition. After the commencement of the proceedings, the obligation of the agent to remit premiums shall be confined to the premiums earned before the commencement of the proceedings. The agent shall not owe or remit to the company or to the liquidator or receiver any premiums that are unearned as of the date of the commencement of the delinquency proceedings, and any unearned premiums in the possession of the agent on the date shall be returned promptly by the agent to the insured or, with the approval of the insured, be used to purchase new coverage for the insured with a different insurer."*

Sec. 7. Minnesota Statutes 1984, section 60C.09, subdivision 1, is amended to read:

*Subdivision 1. [DEFINITION.] A covered claim is any unpaid claim, including one for unearned premium, which:*

*(a) (1) Arises out of and is within the coverage of an insurance policy issued by a member insurer if the insurer becomes an insolvent insurer after April 30, 1979; or*

*(2) Would be within the coverage of an extended reporting endorsement to a claims-made insurance policy if insolvency had not prevented the member insurer from fulfilling its obligation to issue the endorsement, if:*

*(i) the claims-made policy contained a provision affording the insured the right to purchase a reporting endorsement;*

*(ii) coverage will be no greater than if a reporting endorsement had been issued;*

(iii) the insured has not purchased other insurance which applies to the claim; and

(iv) the insured's deductible under the policy is increased by an amount equal to the premium for the reporting endorsement if one had been issued.

(b) Arises out of a class of business which is not excepted from the scope of Laws 1971, chapter 145 by section 60C.02; and

(c) Is made by:

(i) A policyholder, or an insured beneficiary under a policy, who, at the time of the insured event, was a resident of this state; or

(ii) A person designated in the policy as having an insurable interest in or related to property situated in this state at the time of the insured event; or

(iii) An obligee or creditor under any surety bond, who, at the time of default by the principal debtor or obligor, was a resident of this state; or

(iv) A third party claimant under a liability policy or surety bond, if: (a) the insured or the third party claimant was a resident of this state at the time of the insured event; (b) the claim is for bodily or personal injuries suffered in this state by a person who when he suffered the injuries was a resident of this state; or (c) the claim is for damages to real property situated in this state at the time of damage; or

(v) A direct or indirect assignee of a person who except for the assignment might have claimed under (i), (ii) or (iii).

A covered claim also includes any unpaid claim which arises or exists within 30 days after the time of entry of an order of liquidation with a finding of insolvency by a court of competent jurisdiction unless prior thereto the insured replaces the policy or causes its cancellation or the policy expires on its expiration date.

Sec. 8. Minnesota Statutes 1984, section 62A.02, subdivision 2, is amended to read:

Subd. 2. [APPROVAL.] No such policy shall be issued, nor shall any application, rider, or endorsement be used in connection therewith, until the expiration of ~~30~~ 60 days after it has been so filed unless the commissioner shall sooner give his written approval thereto.

Sec. 9. Minnesota Statutes 1984, section 62A.02, subdivision 3, is amended to read:

Subd. 3. [DISAPPROVAL.] The commissioner shall, within ~~30~~ 60 days after the filing of any form, disapprove the form:

(1) if the benefits provided therein are unreasonable in relation to the premium charged;

(2) if it contains a provision or provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the policy; or

(3) If the proposed premium rate is excessive because the insurer has failed to exercise reasonable cost control.

For the purposes of clause (1), the commissioner shall establish by rule a

schedule of minimum anticipated loss ratios which shall be based on (i) the type or types of coverage provided, (ii) whether the policy is for group or individual coverage, and (iii) the size of the group for group policies. Except for individual policies of disability or income protection insurance, the minimum anticipated loss ratio shall not be less than 50 percent after the first year that a policy is in force. All applicants for a policy shall be informed in writing at the time of application of the anticipated loss ratio of the policy. For the purposes of this subdivision, "anticipated loss ratio" means the ratio at the time of form filing or at the time of subsequent rate revision of the present value of all expected future benefits, excluding dividends, to the present value of all expected future premiums. Nothing in this paragraph shall prohibit the commissioner from disapproving a form which meets the requirements of this paragraph but which the commissioner determines still provides benefits which are unreasonable in relation to the premium charged. ~~The commissioner may until December 31, 1978, exercise emergency power for the purpose of implementing the minimum anticipated loss ratio requirement, and for this purpose may adopt emergency rules as provided in sections 14.29 to 14.36. Notwithstanding the expiration of the commissioner's emergency power, any emergency rule adopted by him prior to the expiration of his emergency power may remain effective for the periods authorized in sections 14.29 to 14.36.~~

If the commissioner notifies an insurer which has filed any form that the form does not comply with the provisions of this section or sections 62A.03 to 62A.05 and section 72A.20, it shall be unlawful thereafter for the insurer to issue the form or use it in connection with any policy. In the notice the commissioner shall specify the reasons for his disapproval and state that a hearing will be granted within 20 days after request in writing by the insurer.

Sec. 10. Minnesota Statutes 1984, section 62A.17, subdivision 2, is amended to read:

Subd. 2. [RESPONSIBILITY OF EMPLOYEE.] Every eligible employee electing to continue coverage shall pay his former employer, on a monthly basis, the cost of the continued coverage. If the policy, contract, or health care plan is administered by a trust, every eligible employee electing to continue coverage shall pay the trust the cost of continued coverage according to the eligibility rules established by the trust. The employee shall be eligible to continue the coverage until he becomes re-employed and ~~eligible for~~ *has obtained* health care coverage under a group policy, contract, or plan sponsored by the same or another employer, or for a period of 12 months after the termination of or lay off from employment, whichever is shorter.

Sec. 11. Minnesota Statutes 1984, section 62B.07, subdivision 2, is amended to read:

Subd. 2. The commissioner shall within ~~30~~ 60 days after the filing of policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements and riders, disapprove any such form if the premium rates charged or to be charged are excessive in relation to benefits, or if it contains provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the coverage, or are contrary to any provision of the insurance laws or of any rule or regulation promulgated thereunder. In order to determine whether the premium to be charged under a

particular policy form submitted by an insurer is excessive in relation to benefits, and to facilitate the submission and approval of policy forms and premium rates to be used in connection therewith, the commissioner shall give full consideration to and make reasonable allowances for underwriting expenses including, but not limited to, claim adjustment expenses, general administrative expenses including costs for handling return premiums, compensation to agents, expense allowances to creditors, if any, branch and field expenses and other acquisition costs, the types of policies actually issued and authorized as defined in section 62B.03, (1), (2), (3) and (4), and any and all other factors and trends demonstrated to be relevant. An insurer may support these factors by statistical information, experience, actuarial computations, and/or estimates certified by an executive officer of the insurer, and the commissioner shall give due consideration to such supporting data.

Sec. 12. Minnesota Statutes 1984, section 62B.07, subdivision 3, is amended to read:

Subd. 3. If the commissioner notifies the insurer that the form is disapproved, it is unlawful thereafter for the insurer to issue or use it. In his notice, the commissioner shall specify the reason for his disapproval and state that a hearing will be granted within 20 days after a request in writing by the insurer. No policy, certificate of insurance, notice of proposed insurance, nor any application, endorsement or rider, shall be issued or used until the expiration of 30 60 days after it has been filed, unless the commissioner gives his prior written approval thereto.

Sec. 13. Minnesota Statutes 1984, section 62C.14, subdivision 10, is amended to read:

Subd. 10. Except as otherwise provided in subdivision 9, all forms received by the commissioner shall be deemed filed 30 60 days after received unless disapproved by order transmitted to the corporation stating that the form used in a specified respect is contrary to law, contains a provision or provisions which are unfair, inequitable, misleading, inconsistent or ambiguous, or is in part illegible. It shall be unlawful to issue or use a document disapproved by the commissioner.

Sec. 14. Minnesota Statutes 1984, section 62E.14, subdivision 3, is amended to read:

Subd. 3. [PRE-EXISTING CONDITIONS.] No person who obtains coverage pursuant to this section shall be covered for any pre-existing condition during the first six months of coverage under the state plan if the person was diagnosed or treated for that condition during the 90 days immediately preceding the filing of an application. *Notwithstanding this restriction, terminated employees subject to sections 62A.17 and 62E.16 may, in lieu of a conversion contract election, enroll with a waiver of the preexisting condition limitation.*

Sec. 15. Minnesota Statutes 1984, section 62F.01, is amended to read:

62F.01 [CITATION; EXPIRATION DATE.]

~~Subdivision 1. Sections 62F.01 to 62F.14 may be cited as the "Temporary Joint Underwriting Association Act".~~

Sec. 16. Minnesota Statutes 1984, section 62F.02, subdivision 1, is amended to read:

Subdivision 1. [CREATION.] There is created a temporary joint underwriting association to provide medical malpractice insurance coverage to any licensed health care provider unable to obtain this insurance through ordinary methods. Every insurer authorized to write and writing personal injury liability insurance in this state shall be a member of the association as a condition to obtaining and retaining a license to write insurance in this state.

The commissioner may reauthorize the issuance of insurance for additional two-year periods under the terms of subdivision 1. This subdivision is not a limitation on the number of times the commissioner may reauthorize the issuance of insurance, except that a hearing is not required for reauthorization.*

Sec. 19. Minnesota Statutes 1984, section 62F.06, subdivision 1, is amended to read:

Subdivision 1. A policy issued by the association shall provide for a continuous period of coverage beginning with its effective date and terminating automatically at 12:01 a.m. on September 1, 1988, or sooner as provided in sections 62F.01 to 62F.14. The policy shall be issued subject to the group retrospective rating plan and the stabilization reserve fund authorized by section 62F.09. The policy shall be written to apply to ~~injury which results from acts or omissions~~ *claims first made against the insured and reported to the association* during the policy period. No policy form shall be used by the association unless it has been filed with the commissioner, and the commissioner may disapprove the form within 30 days if he determines it is misleading or violates public policy.

Sec. 20. Minnesota Statutes 1984, section 62F.09, is amended to read:

62F.09 [STABILIZATION RESERVE FUND.]

Subdivision 1. There is created a stabilization reserve fund administered by ~~three directors, as follows: the commissioner, a representative of the association appointed by the commissioner, and a representative of the policyholders of the association, appointed by the commissioner.~~

Subd. 2. ~~The directors shall act by majority vote with two directors constituting a quorum for the transaction of any business or the exercise of any power of the fund. The directors shall serve without salary, but shall be reimbursed for expenses in the manner provided for state employees. The directors shall not be subject to personal liability or accountability in the administration of the fund the association or its designee.~~

Subd. 3 2. Each policyholder shall pay to the association a stabilization

If all moneys accruing to the fund are exhausted in payment of retrospective premium charges, all liability and obligations of the association's policyholders with respect to the payment of retrospective premium charges shall terminate and shall be conclusively presumed to have been discharged. Any moneys remaining in the fund after all retrospective premium charges have been paid shall be returned to policyholders under procedures authorized by the ~~directors~~ association.

Sec. 21. Minnesota Statutes 1984, section 62G.16, subdivision 9, is amended to read:

Subd. 9. All forms received by the commissioner shall be deemed filed 30 60 days after received unless disapproved by order transmitted to the legal service plan corporation stating that the form used in a specified respect is contrary to law, contains a provision or provisions which are unfair, inequitable, misleading, inconsistent or ambiguous, or is in part illegible. It shall be unlawful to issue or use a document disapproved by the commissioner.

Sec. 22. [62I.01] [CITATION.]

*Sections 22 to 41 may be cited as the Minnesota joint underwriting association act.*

Sec. 23. [62I.02] [MINNESOTA JOINT UNDERWRITING ASSOCIATION.]

*Subdivision 1. [CREATION.] The Minnesota joint underwriting association is created to provide insurance coverage to any person or entity unable to obtain insurance through ordinary methods if the insurance is required by statute, ordinance, or otherwise required by law, or is necessary to earn a livelihood or conduct a business. Prudent business practice or mere desire to have insurance coverage is not a sufficient standard to require the association to offer insurance coverage to a person or entity. The association is specifically authorized to provide insurance coverage to day care providers, foster parents, foster homes, developmental activity centers, group homes, and sheltered workshops for mentally, emotionally, or physically handi-*

capped persons, and citizen participation groups established pursuant to the housing and community redevelopment act of 1974, Public Law Number 93-383. Because the activities of certain persons or entities present a risk that is so great, the association may refuse to offer insurance coverage to any person or entity the board of directors of the association determines is outside the intended scope and purpose of the association because of the gravity of the risk of offering insurance coverage. The association is not required to offer environmental impairment liability or product liability insurance, or coverage for activities that are conducted substantially outside the state of Minnesota unless the insurance is required by statute, ordinance, or otherwise required by law. Every insurer authorized to write property and casualty insurance in this state shall be a member of the association as a condition to obtaining and retaining a license to write insurance in this state.

Subd. 2. [DIRECTOR.] *The association shall have a board of directors composed of 11 persons chosen annually as follows: five persons elected by members of the association at a meeting called by the commissioner; three public members, as defined in section 214.02, appointed by the commissioner; and three members, appointed by the commissioner representing groups to whom coverage has been extended by the association. If at any time no coverage is currently extended by the association, then either additional public members may be appointed to fill these three positions or, at the option of the commissioner, representatives from groups who had previously been covered by the association may serve as directors.*

Sec. 24. [62I.03] [DEFINITION.]

Subdivision 1. [SCOPE.] *As used in sections 22 to 41 the following terms have the meanings given them in this section.*

Subd. 2. [ASSOCIATION.] *"Association" means the Minnesota joint underwriting association.*

Subd. 3. [COMMISSIONER.] *"Commissioner" means the commissioner of commerce.*

Subd. 4. [DIRECT WRITTEN PREMIUMS.] *"Direct written premiums" means that amount at column (2), lines 5, 8, 9, 17, 21, 22, 23, 24, 25, 26, and 27, page 14, of the annual statement filed annually with the department of commerce pursuant to section 60A.13.*

Subd. 5. [DEFICIT.] *"Deficit" means, for a particular policy year and line or type of insurance, that amount by which total paid and outstanding losses and loss adjustment expenses exceed premium revenue, including retrospective premium revenue.*

Sec. 25. [62I.04] [POLICY ISSUANCE.]

*Any person or entity that is a resident of the state of Minnesota who has a current written notice of refusal to insure from an insurer licensed to offer insurance in the state of Minnesota may make written application to the association for coverage. The applicable premium or required portion of it must be paid prior to coverage by the association.*

*The application shall be filed simultaneously with the association and the market assistance plan for the association.*

*The association is authorized to (1) issue or cause to be issued insurance*

policies to applicants subject to limits specified in the plan of operation; (2) underwrite the insurance and adjust and pay losses with respect to it, or appoint service companies to perform those functions; (3) assume reinsurance from its members; and (4) cede reinsurance.

Sec. 26. [62I.05] [PLAN OF OPERATION.]

*Within 45 days after the appointment of the directors of the association, the directors shall submit to the commissioner for review, a proposed plan of operation, consistent with the provisions of this chapter.*

*The plan of operation shall provide economic, fair, and nondiscriminatory administration and for the prompt, efficient provision of insurance coverage of the types provided by section 23. It shall provide for an expedited review and determination by the board of any application for a type of coverage that has not been previously excluded or authorized. The action of the board on the application shall be an amendment to the plan of operation and the type of coverage shall thereafter be specified in the plan as either excluded or authorized. It may contain other provisions necessary for the operation of the association, including but not limited to preliminary assessment of all members for initial expenses necessary to commence operations, establishment of necessary facilities, management of the association, assessment of members to defray losses and expenses, commission arrangements, reasonable and objective underwriting standards, acceptance and cessation of reinsurance, appointment of servicing carriers or other servicing arrangements and procedures for determining amounts of insurance to be provided by the association.*

*The plan of operation is subject to approval by the commissioner. If the commissioner disapproves all or any part of the proposed plan of operation, the directors shall within 15 days submit for review an appropriate revised plan of operation. If a revised plan is not submitted within 15 days the commissioner shall promulgate a plan of operation. The plan of operation approved or promulgated by the commissioner is effective and operational upon the order of the commissioner.*

*Amendments to the plan of operation may be made by the directors of the association subject to approval by the commissioner.*

Sec. 27. [62I.06] [POLICY FORMS; PREMIUM RATE.]

*Subdivision 1. [REQUIREMENT.] The policies and contracts of coverage issued pursuant to this chapter shall contain the usual and customary provisions of similar insurance policies issued by private insurance companies. If a standard form is used in the private marketplace for any type of coverage that is to be extended by the association, then the association shall use that form. If there are varying types of forms used in the marketplace the association may choose to use a standard policy form issued by a service organization or other entity who commonly prepares standardized types of forms. If the board determines that neither of these alternatives is appropriate, then it shall adopt a policy form based upon the terms and conditions of the policies used for this type of coverage that are the most commonly used in the private market. As far as practical the board shall attempt to adopt forms that are consistent with the practice in the private market. No policy forms shall be used by the association unless it has been filed with the commissioner, and*

*the commissioner may disapprove the form within 30 days if the commissioner determines that it is misleading, it violates public policy, or for any reason that the commissioner would be empowered to reject a similar form filed by a private company.*

*Subd. 2. [CANCELLATION.] If the insured fails to pay a stabilization reserve fund charge the association may cancel the policy by mailing or delivering to the insured at the insured's address shown on the policy at least ten days written notice stating the date that the cancellation is effective.*

*Subd. 3. [RATES.] The rates, rating plan, rating rules, rating classification and territories applicable to insurance written by the association and related statistics are subject to chapter 70A. Rates shall be on an actuarially sound basis, giving consideration to the group retrospective rating plan. The commissioner shall take all appropriate steps to make available, upon request of the association, loss and expense experience of insurers previously writing or currently writing insurance of any type the association offers or intends to offer.*

*Subd. 4. [APPROVAL.] All policies issued by the association are subject to the group retrospective rating plan approved by the commissioner under which the final premium for the insureds of the association, as a group, will be equal to the administrative expenses, loss and loss adjustment expenses and taxes, plus a reasonable allowance for contingency and servicing. If the board of directors feels it is appropriate and in the interest of fairness and equity, the insureds of the association may be broken down into more than one group. The rating plan may provide for varying rates within the rating plan for such groups as their relative burden to the group as a whole would merit. Policyholders shall be given full credit for all investment income, net of expenses and reasonable management fee on policyholder supplied funds. The standard premium, before retrospective adjustment, for each policy issued by the association shall be established for portions of the policy period coinciding with the association's fiscal year on the basis of the association rates, rating plans, rating rules, rating classifications and territories then in effect. The maximum premium for all policyholders of the association as a group shall be limited as provided in sections 22 to 41.*

*Subd. 5. [EXAMINATIONS.] The commissioner shall examine the business of the association as often as is appropriate to insure that the group retrospective rating plan is operating in a manner consistent with this chapter or other Minnesota laws. If it is found that the operation is deficient or inconsistent with this chapter or other Minnesota laws the commissioner may order the association to take corrective action.*

*Subd. 6. [DEFICITS.] The association shall certify to the commissioner the estimated amount of any deficit remaining after the stabilization reserve fund has been exhausted and payment of the maximum final premium for all policyholders of the association. Within 60 days after the certification, the commissioner shall authorize the association to recover the members' respective shares of the deficit by assessing all members an amount sufficient to fully fund the obligations of the association. The assessment of each member shall be determined in the manner provided in section 28. An assessment made pursuant to this section shall be deductible by the member from past or future premium taxes due the state.*

*Subd. 7. [AMENDMENTS TO RATING PLAN.] In addition to the usual manner of amending the rating plan set forth in this section and section 26, the following procedure may also be used:*

*(1) Any person may, by written petition served upon the commissioner of commerce request that a hearing be held to amend the rating plan, or any part of the rating plan.*

*(2) The commissioner shall forward a copy of the petition to the chief administrative law judge within three business days of its receipt. The chief administrative law judge shall, within three business days of receipt of the copy of the petition or a request for hearing by the commissioner, set a hearing date, assign an administrative law judge to hear the matter, and notify the commissioner of the hearing date and the administrative law judge assigned to hear the matter. The hearing date must be set not less than 60 days nor more than 90 days from the date of receipt of the petition by the commissioner or the date of the commissioner's request for hearing if the commissioner is the person requesting a hearing.*

*(3) The commissioner shall publish a notice of the hearing in the State Register at least 30 days before the hearing date. The notice should be similar to that used for rulemaking under the administrative procedure act. Approval of the notice by the administrative law judge is not required.*

*(4) The hearing and all matters which occur after the hearing are a contested case under chapter 14. Within 45 days from the commencement of the hearing and within 15 days of the completion of the hearing the administrative law judge shall submit a report to the commissioner of commerce. The parties, or the administrative law judge, if the parties cannot agree, shall adjust all time requirements under the contested case procedure to conform with the 45 day requirement.*

*(5) The commissioner shall render a decision within ten business days of the receipt of the administrative law judge's report.*

*(6) If all parties to the proceeding agree, any of the previous requirements may be waived or modified.*

*(7) A petition for a hearing to amend the rating plan or any part of the rating plan received by the commissioner within 180 days of the date of the commissioner's decision in a prior proceeding to amend the rating plan is invalid and requires no action provided the petition involves the same rates as the previous hearing. If the petition involves matters in addition to those dealt with in the previous hearing, then the additional matters shall be treated as a separate petition for hearing and a hearing may be held on those matters.*

#### Sec. 28. [62I.07] [MEMBERSHIP ASSESSMENTS.]

*Each member of the association shall participate in its losses and expenses in the proportion that the direct written premiums of the member bears to the total aggregate direct written premiums written in this state by all members. The members' participation in the association shall be determined annually on the direct written premiums written during the preceding calendar year as reported on the annual statements and other reports filed by the member with the commissioner.*

## Sec. 29. [621.08] [APPLICATION PROCEDURE.]

*A person or entity that has been denied coverage or is unable to find an insurer willing to write coverage is eligible to make an application to the association. The application shall be on a form approved by the board of directors. To show eligibility to participate in the association the applicant shall certify that the applicant has been unable to find anyone to offer the coverage sought by the applicant. No further proof shall be required of the applicant. The application shall be filed simultaneously with the association and the market assistance plan of the association.*

## Sec. 30. [621.09] [MARKET ASSISTANCE PLAN.]

*Subdivision 1. [CREATION.] A market assistance program committee consisting of 12 members is created. The 12 members shall be appointed by the commissioner of commerce. The commissioner's designated representative shall serve as an ex officio member. The commissioner shall appoint six members of the committee as representatives of insurers; two members who are insurance agents; two public members; and two members representative of groups to whom the association has issued coverage. If, at any time after appointment, a member of the committee, through change of employment or similar circumstances, is no longer representative of the group the member was appointed to represent, that member shall be deemed unable to continue to serve as a member of the committee and the commissioner shall appoint a replacement for the balance of that member's term.*

*Subd. 2. [TERMS AND VACANCIES.] In the event of a member's inability to continue to serve, the commissioner shall appoint a replacement. The committee shall elect a chair and vice chair from among the members. The term of each member is one year commencing on June 1, except that the first members to be appointed to the committee shall serve from the date of their appointment until June 1 immediately following their appointment.*

*Subd. 3. [MEETINGS.] The committee shall convene upon the call of the commissioner, the chair or vice chair or at the request of one of the committee members. No quorum requirements are necessary.*

## Sec. 31. [621.10] [DISPOSITION OF APPLICATION.]

*Subdivision 1. [ACTION UPON APPLICATION.] Upon receipt of an application, the committee or persons the committee appoints or designates will immediately review the application to determine what assistance the committee can give. The assistance may include: (1) discussion with the applicant's most recent underwriter, if any, to determine if the applicant's coverage can be maintained with the most recent carrier; (2) discussion with other known available insurance markets to determine if any other carrier will accept the applicant; (3) negotiating extensions of coverage with the most recent carrier or a temporary carrier, if possible, to permit additional exploration of insurance markets or accumulation of essential underwriting data; and (4) referring the application to the first five participating insurers (participants) on the relevant list provided in subdivision 2. Subsequent applications will be sent to the next five participants on a rotating basis. If at any time there are less than ten participants on the master list then the master list will no longer be utilized.*

*Subd. 2. [LIST OF PARTICIPATING INSURERS.] A list of participants*

shall be prepared and updated at least every two years in the following manner: (1) the committee will secure a mailing list from the department of commerce of every licensed insurer admitted to do business as well as every eligible licensed surplus lines licensee; (2) the committee will mail to each admitted insurer and eligible surplus lines licensee an outline of the conditions of participation; (3) a master list of participants willing to take part in the market assistance program will be created from the responses to the initial mailing. The master list will be updated at least every two years pursuant to clauses (1) and (2). Order on the master list will be determined by random selection.

Subd. 3. [REFERRAL TO PARTICIPANTS.] Upon receipt of an application, the committee or the persons the committee appoints or designates may mail or telex copies of the application to the first five participants on the master list.

Subd. 4. [QUOTES.] Participants must quote on at least one out of every three applications submitted. Each participant will have the right to individually evaluate the risk the applicant poses and develop a price commensurate with that risk.

Subd. 5. [REFERRAL.] If no quote is received from the first five participants on the list, the next five participants on the list shall receive the application and the same procedure shall be followed until a quote is obtained or the list is exhausted. All participants may, if the committee feels it appropriate, be given the application at once.

Subd. 6. [RESPONSE FROM PARTICIPANT.] Participants may provide a quote on the same coverage basis they normally provide for similar coverage for that type of insurance in Minnesota. Participants will return their quotations or refusals to quote to the committee within ten days. The applicant or the applicant's agent, if any, will be notified of the quotations. The agent will then complete the placement of the insurance, if the applicant accepts coverage from the participant at the price quoted, without need for an agency appointment from that participant. The insurer is not required to pay the agent any commission, but the agent may negotiate a fee with the applicant prior to initial submission of the application.

Subd. 7. [LIMITATION ON REAPPLICATION.] An applicant provided a quotation in accordance with the above procedure will not be eligible to seek additional quotations from the market assistance plan or to obtain coverage from the association if the quotation received would not be deemed to be a notice of refusal for purposes of determining eligibility for participation in the association.

Subd. 8. [REVIEW BY THE COMMITTEE.] If the procedures in subdivisions 1 to 7 do not produce a quote, the application may be submitted to the committee. The committee after reviewing the application shall proceed as follows: (1) attempt to place the applicant with a single carrier; or (2) attempt to arrange coverage on a quota share basis with a number of carriers.

Subd. 9. [DISQUALIFICATION AFTER COVERAGE GRANTED.] If an application is filed with the market assistance program less than 15 business days before the expiration date of the applicant's current insurance

coverage the market assistance program may continue to seek coverage for the applicant after coverage is extended by the association. The market assistance program will have 15 business days from the date of filing of the application with the market assistance program to obtain an offer of coverage for the applicant. If the market assistance program is able to secure an offer of coverage for the applicant within 15 business days of filing of the application and if the offer of coverage would not otherwise be considered a refusal for purposes of the association, the applicant will be deemed to not be qualified to participate in the association and coverage, if any, shall be terminated. If the applicant accepts the coverage obtained by the market assistance plan, coverage from the association will terminate when the new coverage begins.

*Subd. 10. [NOTIFICATION OF FAILURE TO PLACE.]* If the market assistance program does not produce a quote, it shall notify the submitting agent or the applicant at least 24 hours before the time the applicant's current insurance coverage terminates. A copy of the notification must be submitted to the commissioner and the association at the same time notice is made to the agent or applicant. Notwithstanding the foregoing, the market assistance program may continue to act pursuant to subdivision 9. Notice that the market assistance program is continuing to act pursuant to subdivision 9 shall be included in the notice required by this subdivision.

#### Sec. 32. [62I.11] [PROGRAM PARTICIPATION.]

*Subdivision 1. [TERMINATION.]* A participant may terminate its participation in the program at any time by providing written notice of the termination 90 days in advance of the effective date of the termination to the commissioner and to the committee.

*Subd. 2. [NEW PARTICIPANTS.]* New participants may join the program at any time by submitting a written request to the commissioner and to the committee.

#### Sec. 33. [62I.12] [ASSOCIATION ADMINISTRATION.]

*Subdivision 1. [ADMINISTRATOR.]* The association shall be administered by a qualified insurer or vendor of risk management services selected by the commissioner. If the commissioner deems it necessary, the commissioner may select more than one person to administer the association.

*Subd. 2. [DUTIES.]* The administrator shall perform all services necessary to accomplish the purposes of the association, including the servicing of policies or contracts of coverage, data management, and collection of assessments.

*Subd. 3. [APPEALS.]* Anyone adversely affected by the decision of the administrator may object to the decision by appealing to the commissioner within 15 days after the decision. The appeal must be made by letter mailed to the commissioner with a copy to the administrator within the 15-day period. The letter must include a summary of the administrator's decision from which the appeal is taken, the basis for the objection to the administrator's decision, and any argument or evidence in support of the appeal. Within 15 days after receipt of the letter, the administrator shall file a response, including the basis of the administrator's decision and all argument and evidence in support of the decision, with the commissioner. Within

ten days after receipt of the administrator's response, the commissioner shall either affirm, reverse, or modify the administrator's decision as the commissioner deems appropriate.

Sec. 34. [621.13] [ACTION BY THE MINNESOTA JOINT UNDERWRITING ASSOCIATION UPON THE APPLICATION.]

*Subdivision 1. [GENERALLY:] Eligibility for coverage by the association is subject to the terms and conditions of subdivisions 2 and 3.*

*Subd. 2. [MINIMUM OF QUALIFICATIONS:] Anyone who is unable to obtain insurance in the private market and who so certifies to the association in the application is eligible to make written application to the association for coverage. Payment of the applicable premium or required portion of it must be paid prior to coverage by the association. An offer of coverage at a rate in excess of the rate that would be charged by the association for similar coverage and risk shall be deemed to be a refusal of coverage for purposes of eligibility for participation in the association. It shall not be deemed to be a written notice of refusal if the rate for coverage offered is less than five percent in excess of the joint underwriting association rates for similar coverage and risk. However, the offered rate must also be the rate that the insurer has filed with the department of commerce if the insurer is required to file its rates with the department. If the insurer is not required to file its rates with the department, the offered rate must be the rate generally charged by the insurer for similar coverage and risk.*

*Subd. 3. [DISQUALIFYING FACTORS.] For good cause, coverage may be denied or terminated by the association. Good cause may exist if the applicant or insured: (1) has an outstanding debt due or owing to the association at the time of application or renewal arising from a prior policy; (2) refuses to permit completion of an audit requested by the commissioner or administrator; (3) submits misleading or erroneous information to the commissioner or administrator; (4) disregards safety standards, laws, rules or ordinance pertaining to the risk being insured; (5) fails to supply information requested by the commissioner or administrator; (6) fails to comply with the terms of the policies or contracts for coverage issued by the association; and (7) has not satisfied the requirements of the market assistance program as set forth in section 25.*

*Subd. 4. [DISQUALIFICATION AFTER COVERAGE GRANTED.] If an application is filed with the market assistance program less than 15 business days before the expiration of the applicant's current insurance coverage, the market assistance program may continue to seek coverage for the applicant after coverage is extended by the assigned risk plan. The market assistance program will have 15 business days from the date of filing the application with the market assistance program to obtain an offer of coverage for the applicant. If the market assistance program is able to secure an offer of coverage for the applicant within 15 business days of filing of the application and if the offer of coverage would not otherwise be considered refusal for purposes of the assigned risk plan, the applicant will be deemed to be not qualified to participate in the association plan and coverage, if any, shall be terminated.*

*Subd. 5. [NOTICE.] An application for coverage under the association must be granted or denied within ten days after receipt by the administrator*

of a properly completed application and any supplemental information requested by the administrator. Anyone covered by the association must be given at least 30 days notice of nonrenewal or cancellation of coverage.

Sec. 35. [62I.14] [ASSESSMENTS.]

*In the event the commissioner deems it necessary to make an assessment, an assessed insurer must pay the assessment within 30 days of receipt of notice of the assessment. The commissioner may suspend or revoke an insurer's certificate of authority and impose a civil penalty in an amount not to exceed \$5,000 for an insurer's failure to pay the assessment within the 30 day period.*

Sec. 36. [62I.15] [EXTENSION OF COVERAGE.]

*If the association determines that the applicant meets the underwriting standards of the association as described in the plan of operation and there is no unpaid, uncontested premium due from the application for prior insurance, including failure to make written objections to premium charges within 30 days after billing, or if there is no other allowable reason as set forth in this chapter for denial of coverage, the association upon receipt of the premium or portion of it as described in the plan of operation shall issue a policy of insurance to the applicant.*

Sec. 37. [62I.16] [STABILIZATION RESERVE FUND.]

*Subdivision 1. [CREATION.] There is created a stabilization reserve fund. Each policyholder shall pay to the association a stabilization reserve fund charge of 33 percent of each premium payment due for insurance through the association. This charge shall be separately stated in the policy. The association shall cancel the policy of any policyholder who fails to pay the stabilization reserve fund charge.*

*Subd. 2. [PAYMENT.] The association shall promptly pay into the stabilization reserve fund all fund charges it collects from its policyholders and any retrospective premium refunds payable under the group retrospective rating plan.*

*Subd. 3. [SUPERVISION.] All money paid into the fund shall be held in trust by the corporate trustee selected by the board of directors. The corporate trustee may invest the money held in trust subject to the approval of the board. All investment income shall be credited to the fund. All expenses of the administration of the fund shall be charged against the fund. The money held in trust shall be used solely for the purpose of discharging when due any retrospective premium charges payable by policyholders and any retrospective premium refunds payable to policyholders under the group retrospective rating plan. Payment of retrospective premium charges shall be made upon certification of the amount due. If all money accruing to the fund is exhausted in payment of retrospective premium charges, all liability and obligations of the association's policyholders with respect to the payment of retrospective premium charges shall terminate and shall be conclusively presumed to have been discharged. Any stabilization reserve fund charges from a particular policy year and line or type of insurance not used to pay retrospective premiums must be returned to policyholders after all claims and expense obligations from that particular policy year and line or type of insurance are satisfied.*

*Subd. 4. [EXEMPTION.] The board of directors may, upon their own motion or upon application of any applicant or insured, exempt any group from the payment of the stabilization reserve charge. The exemption shall be granted only to those groups who are unable to obtain insurance coverage in the private market as a result of the private market's refusal to write coverage for that group rather than because of loss experiences or risks posed by the applicant or insured as an individual. It shall be presumed that a group is qualified for this exemption if more than 20 percent of the members of that group are unable to obtain the insurance coverage that they seek. The board of directors shall also consider granting exemption if any members of the same group are unable to obtain coverage in the private market even though no claims have been made against them or payments made on their behalf by any insurer within the last three years.*

*Subd. 5. [SURCHARGE.] In addition to determining the basic rate for coverages to be offered by the joint underwriting association, the association shall also develop a surcharge plan or similar method for adjusting the rate to be charged to those persons who have had claims made against them. The surcharge plan shall take into effect the risk posed to the association by the applicant or the insured. The surcharge plan shall be sufficient to provide for the sound financial operation of the plan based upon commonly agreed upon actuarial principles.*

#### Sec. 38. [62I.17] [IMMUNITY FROM LIABILITY.]

*No cause of action of any nature shall arise against the association, the commissioner or the commissioner's authorized representatives, or any other person or organization, for any statements made in good faith by them during any proceedings or concerning any matters within the scope of this chapter.*

#### Sec. 39. [62I.18] [RIGHT OF APPEAL.]

*Any applicant to the association, any person insured pursuant to this chapter or their representatives, any affected insurer, or any person who has applied for coverage pursuant to this chapter may appeal to the commissioner within 30 days after any ruling, action, or decision by or on behalf of the association with respect to those items that the plan of operation defines as appealable matters.*

#### Sec. 40. [62I.19] [ANNUAL STATEMENTS.]

*On March 1 of each year the association shall file with the commissioner a report of its transactions, financial conditions, and operations during the preceding year. The report shall be on a form approved by the commissioner. The commissioner may at any time require the association to furnish additional information to assist in evaluating the scope, operation, and experience of the association.*

#### Sec. 41. [62I.20] [MERGER OF OTHER PLANS.]

*Upon application by the governing body of the liquor liability assigned risk plan authorized by section 340A.409 or the temporary joint underwriting association authorized by chapter 62F to be merged with the association, the commissioner shall, if the commissioner deems it appropriate, hold a public hearing in regard to the merger. The commissioner upon motion or*

*upon the motion of any insured under plans shall hold a hearing. Unless it can be shown that the rights of the insured would be adversely affected by the merger or that it would be less efficient or more costly to merge the plans, the commissioner shall consent to the merger. The commissioner shall also consent to the merger at any time there are less than ten insureds in any plan.*

Sec. 42. Minnesota Statutes 1985 Supplement, section 64B.03, is amended to read:

64B.03 [REPRESENTATIVE FORM OF GOVERNMENT.]

(a) A society has a representative form of government when it has a supreme governing body constituted in one of the following ways:

(b) A society has a representative form of government when the officers of the society are elected either by the supreme governing body or by the board of directors.

Sec. 50. Minnesota Statutes 1984, section 70A.04, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVENESS; MARKET TEST.] (a) Rates are presumed not to be excessive if a reasonable degree of price competition exists at the consumer level with respect to the class of business to which they apply. In determining whether a reasonable degree of price competition exists, the commissioner shall consider all relevant tests, including, but not limited to, the following:

1. The number of insurers actively engaged in the class of business.
2. The nature of rate differentials in that class of business.
3. Whether long-run profitability for insurers generally of the class of business is unreasonably high in relation to its riskiness.

In addition to any other manner of determining whether a reasonable degree of price competition exists with respect to any class of insurance, it is

*presumed that a reasonable degree of competition does not exist if less than five insurers write more than 75 percent of the direct written premiums.*

(b) If such competition does not exist, rates are excessive if they are likely to produce a long-run profit that is unreasonably high in relation to the riskiness of the class of business, or if expenses are unreasonably high in relation to the services rendered.

*In determining whether an excessive rate is being charged by an individual insurer for a class of insurance where a reasonable degree of competition does not exist, the commissioner shall determine whether the rate charged produces a rate of return that is not in excess of a reasonable rate of return. To determine what is a reasonable rate of return, the riskiness of the class of insurance, the profitability of the insurer, and other relevant factors shall be considered.*

Sec. 51. Minnesota Statutes 1984, section 70A.06, subdivision 1, is amended to read:

Subdivision 1. Every licensed insurer and every rate service organization licensed under section 70A.14 shall ~~furnish~~ file with the commissioner all rates and all changes and amendments of rates made by it for use in this state not later than their effective date. No rates contained in a filing shall become effective unless they have been filed with the commissioner. In any filing, the commissioner may require the insurer or rate service organization to file supporting data and explanatory data which shall include:

- (1) the experience and judgment of the filer, and, to the extent it wishes or the commissioner requires, of other insurers or rate service organizations;
- (2) its interpretation of any statistical data relied upon;
- (3) descriptions of the actuarial and statistical methods employed; and
- (4) any other matters deemed relevant by the commissioner or the filer.

*Notwithstanding the foregoing, if the supporting data is not filed within 30 days after so requested by the commissioner, the rate is no longer effective and is presumed to be an excessive rate.*

Sec. 52. Minnesota Statutes 1984, section 70A.06, subdivision 2, is amended to read:

Subd. 2. Interest must be computed from the date the rate was filed as simple interest per annum.*

Subd. 2. [TIMING OF ORDER.] The order under subdivision 1 shall be issued within ~~30~~ 60 days after the close of the hearing or within such reasonable time extension as the commissioner may fix.

Subd. 3. [APPROVAL OF SUBSTITUTED RATE.] No rate replacing a disapproved rate may be used until it has been filed with the commissioner and not disapproved within ~~30~~ 60 days thereafter, except that the rate disap-

Sec. 57. Minnesota Statutes 1984, section 72A.20, is amended by adding a subdivision to read:

*Subd. 18. [RENEWAL OF INSURANCE POLICY WITH ALTERED RATES.] If an insurance company licensed to do business in this state offers or purports to offer to renew any commercial liability and/or property insurance policy at less favorable terms as to the dollar amount of coverage or deductibles, higher rates, and/or higher rating plan, the new terms, the new rates and/or rating plan may take effect on the renewal date of the policy if the insurer has sent to the policyholder notice of the new terms, new rates and/or rating plan at least 30 days prior to the expiration date. If the insurer has not so notified the policyholder, the policyholder may elect to cancel the renewal policy within the 30-day period after receipt of the notice. Sec. 59. [145.682] [CERTIFICATION OF EXPERT REVIEW; AFFIDAVIT.]

*Subdivision 1. [DEFINITION.] For purposes of this section, "health care provider" means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.*

*Subd. 2. [REQUIREMENT:] In an action alleging malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider which includes a cause of action as to which expert testimony is necessary to establish a prima facie case, the plaintiff must: (1) unless otherwise provided in subdivision 3, paragraph (b), serve upon defendant with the summons and complaint an affidavit as provided in subdivision 3; and (2) serve upon defendant within 180 days after commencement of the suit an affidavit as provided by subdivision 4.*

*Subd. 3. [AFFIDAVIT OF EXPERT REVIEW.] The affidavit required by subdivision 2, clause (1), must be by the plaintiff's attorney and state that:*

*(a) the facts of the case have been reviewed by the plaintiff's attorney with an expert whose qualifications provide a reasonable expectation that the expert's opinions could be admissible at trial and that, in the opinion of this expert, one or more defendants deviated from the applicable standard of care and by that action caused injury to the plaintiff; or*

*(b) the expert review required by paragraph (a) could not reasonably be obtained before the action was commenced because of the applicable statute of limitations. If an affidavit is executed pursuant to this paragraph, the affidavit in paragraph (a) must be served on defendant or the defendant's counsel within 90 days after service of the summons and complaint.*

*Subd. 4. [IDENTIFICATION OF EXPERTS TO BE CALLED.] The affidavit required by subdivision 2, clause (2), must be by the plaintiff's attorney and state the identity of each person whom plaintiff expects to call as an expert witness at trial to testify with respect to the issues of malpractice or causation, the substance of the facts and opinions to which the expert is expected to testify, and a summary of the grounds for each opinion. Answers to interrogatories that state the information required by this subdivision satisfy the requirements of this subdivision if they are signed by the plaintiff's attorney and served upon the defendant within 180 days after commencement of the suit against the defendant.*

*The parties or the court for good cause shown, may by agreement, provide for extensions of the time limits specified in subdivision 2, 3, or this subdivision. Nothing in this subdivision may be construed to prevent either party from calling additional expert witnesses or substituting other expert witnesses.*

*Subd. 5. [RESPONSIBILITIES OF PLAINTIFF AS ATTORNEY.] If the plaintiff is acting pro se, the plaintiff shall sign the affidavit or answers to interrogatories referred to in this section and is bound by those provisions as if represented by an attorney.*

*Subd. 6. [PENALTY FOR NONCOMPLIANCE.] Failure to comply with subdivision 2, clause (1), within 60 days after demand for the affidavit results, upon motion, in mandatory dismissal with prejudice of each cause of action as to which expert testimony is necessary to establish a prima facie case.*

*Failure to comply with subdivision 2, clause (2), and subdivision 4 results, upon motion, in mandatory dismissal with prejudice of each cause of action as to which expert testimony is necessary to establish a prima facie case.*

*Subd. 7. [CONSEQUENCES OF SIGNING AFFIDAVIT.] The signature*

*of the plaintiff or the plaintiff's attorney constitutes a certification that the person has read the affidavit or answers to interrogatories, and that to the best of the person's knowledge, information, and belief formed after a reasonable inquiry, it is true, accurate, and made in good faith. A certification made in violation of this subdivision subjects the attorney or plaintiff responsible for such conduct to reasonable attorney's fees, costs, and disbursements.*

Sec. 60. Minnesota Statutes 1984, section 245.814, is amended to read:

**245.814 [LIABILITY INSURANCE FOR FOSTER PARENTS LICENSED PROVIDERS.]**

*Subdivision 1. [INSURANCE FOR FOSTER PARENTS.] The commissioner of human services shall within the appropriation provided purchase and provide insurance to foster parents to cover their liability for:*

(1) injuries or property damage caused or sustained by foster children in their home; and

(2) actions arising out of alienation of affections sustained by the natural parents of a foster child.

Coverage shall apply to all foster boarding homes licensed by the department of human services, licensed by a federally recognized tribal government, or established by the juvenile court and certified by the commissioner of corrections pursuant to section 260.185, subdivision 1, clause (c) (5), to the extent that the liability is not covered by the provisions of the standard homeowner's or automobile insurance policy. The insurance shall not cover property owned by the foster parents, damage caused intentionally by a child over 12 years of age, or property damage arising out of business pursuits or the operation of any vehicle, machinery, or equipment.

*Subd. 2. [LIABILITY INSURANCE; RISK POOL.] If the commissioner determines that appropriate commercial liability insurance coverage is not available for a licensed foster home, group home, developmental achievement center, or day care provider, and that coverage available through the joint underwriting authority of the commissioner of commerce or other public entity is not appropriate for the provider or a class of providers, the commissioner of human services and the commissioner of commerce may jointly establish a risk pool to provide coverage for licensed providers out of premiums or fees paid by providers. The commissioners may set limits on coverage, establish premiums or fees, determine the proportionate share of each provider to be collected in a premium or fee based on the provider's claim experience and other factors the commissioners consider appropriate, establish eligibility and application requirements for coverage, and take other action necessary to accomplish the purposes of this subdivision. A human services risk pool fund is created for the purposes of this subdivision. Fees and premiums collected from providers for risk pool coverage are appropriated to the risk pool fund. Interest earned from the investment of money in the fund must be credited to the fund and money in the fund is appropriated to the commissioner of human services to pay administrative costs and covered claims for participating providers. In the event that money in the fund is insufficient to pay outstanding claims and associated administrative costs, the commissioner of human services may assess providers*

*participating in the risk pool amounts sufficient to pay the costs. The commissioner of human services may not assess a provider an amount exceeding one year's premiums collected from that provider.*

*Subd. 8. Any claim for a loss other than injury to or loss of property or personal injury or death.*

Actual notice of sufficient facts to reasonably put the governing body of the municipality or its insurer on notice of a possible claim shall be construed to comply with the notice requirements of this section. Failure to state the amount of compensation or other relief demanded does not invalidate the notice; but in such case, the claimant shall furnish full information regarding the nature and extent of the injuries and damages within 15 days after demand by the municipality. ~~No action therefor shall be maintained unless such notice has been given and unless the action is commenced within one year after such notice.~~ The time for giving such notice does not include the time, ~~not exceeding 90 days~~, during which the person injured is incapacitated by the injury from giving the notice.

~~Subd. 2. [EXCEPTIONS TO THE NOTICE REQUIREMENT.] Notice shall not be required to maintain an action for damages for or on account of any loss or injury within the scope of section 466.02 if such injury or loss:~~

(b) involves a motor vehicle or other equipment owned by the municipality or operated by an officer, employee or agent of the municipality.

Sec. 74. Minnesota Statutes 1984, section 541.15, is amended to read:

541.15 [PERIODS OF DISABILITY NOT COUNTED.]

(a) Except as provided in paragraph (b), any of the following grounds of disability, existing at the time when a cause of action accrued or arising anytime during the period of limitation, shall suspend the running of the period of limitation until the same is removed; provided that such period, except in the case of infancy, shall not be extended for more than five years, nor in any case for more than one year after the disability ceases:

The suspension may not be extended for more than eight years.*

*For purposes of this paragraph, health care provider means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.*

*(2) health, sickness, or automobile accident insurance or liability insurance that provides health benefits or income disability coverage; or similar insurance benefits, except life insurance benefits available to the plaintiff, whether purchased by the plaintiff or provided by others, and payments made pursuant to the United States Social Security Act, a pension, or other income disability coverage;*

*(3) a contract or agreement of a group, organization, partnership, or corporation to provide, pay for, or reimburse the costs of hospital, medical, dental or other health care services; or*

*(4) a contractual or voluntary wage continuation plan provided by employers or any other system intended to provide wages during a period of disability.*

*Subd. 2. [MOTION.] In a civil action, whether based on contract or tort, when liability is admitted or is determined by the trier of fact, and when damages include an award to compensate the plaintiff for losses available to the date of the verdict by collateral sources, a party may file a motion within ten days of the date of entry of the verdict requesting determination of collateral sources. If the motion is filed, the parties shall submit written evidence of, and the court shall determine:*

*(1) amounts of collateral sources that have been paid for the benefit of the plaintiff or are otherwise available to the plaintiff as a result of losses except those for which a subrogation right has been asserted; and*

*(2) amounts that have been paid, contributed, or forfeited by, or on behalf of, the plaintiff or members of the plaintiff's immediate family for the two-year period immediately before the accrual of the action to secure the right*

to a collateral source benefit that the plaintiff is receiving as a result of losses.

*Subd. 3. [DUTIES OF THE COURT.] (a) The court shall reduce the award by the amounts determined under subdivision 2, clause (1), and offset any reduction in the award by the amounts determined under subdivision 2, clause (2).*

*(b) If the court cannot determine the amounts specified in paragraph (a) from the written evidence submitted, the court may within ten days request additional written evidence or schedule a conference with the parties to obtain further evidence.*

*Subd. 4. [CALCULATION OF ATTORNEYS' FEES.] If the fees for legal services provided to the plaintiff are based on a percentage of the amount of money awarded to the plaintiff, the percentage must be based on the amount of the award as adjusted under subdivision 3. Any subrogated provider of a collateral source not separately represented by counsel shall pay the same percentage of attorneys' fees as paid by the plaintiff and shall pay its proportionate share of the costs.*

*Subd. 5. [JURY NOT INFORMED OF COLLATERAL SOURCES.] The jury shall not be informed of the existence of collateral sources or any future benefits which may or may not be payable to the plaintiff.*

Sec. 76. Minnesota Statutes 1984, section 549.09, subdivision 1, is amended to read:

Subdivision 1. [WHEN OWED; RATE.] (a) When the judgment is for the recovery of money, including a judgment for the recovery of taxes, interest from the time of the verdict or report until judgment is finally entered shall be computed by the clerk as provided in clause (c) and added to the judgment. (b) Except as otherwise provided by contract or allowed by law, pre-verdict or pre-report interest on pecuniary damages shall be computed as provided in clause (c) from the time of the commencement of the action, *or the time of a written demand, whichever occurs first*, except as provided herein. If either party serves a written offer of settlement, the other party may serve a written acceptance or a written counter-offer within 60 days. After that time interest on the judgment shall be calculated by the judge in the following manner. The prevailing party shall receive interest on any judgment from the time the action was commenced *or a written demand was made*, or as to special damages from the time when special damages were incurred, if later ~~than commencement of the action~~, until the time of verdict or report only if the amount of its offer is closer to the judgment than the amount of the opposing party's offer. If the amount of the losing party's offer was closer to the judgment than the prevailing party's offer, the prevailing party shall receive interest only on the amount of the settlement offer or the judgment, whichever is less, and only from the time the action was commenced *or a written demand was made*, or as to special damages from when the special damages were incurred, if later ~~than commencement of the action~~, until the time the settlement offer was made. *Subsequent offers and counteroffers supersede the legal effect of earlier offers and counteroffers. For the purposes of clause (3), the amount of settlement offer must be allocated between past and future damages in the same proportion as determined by the trier of fact.* Except as otherwise provided by contract or allowed by law, pre-verdict or pre-report

interest shall not be awarded on the following:

(1) judgments, awards, or benefits in workers' compensation cases, but not including third-party actions;

(2) judgments, decrees, or orders in dissolution, annulment, or legal separation actions;

(3) judgments for future damages;

(4) punitive damages, fines, or other damages that are noncompensatory in nature;

(4) (5) judgments not in excess of the amount specified in section 487.30; and

(5) (6) that portion of any verdict or report which is founded upon interest, or costs, disbursements, attorney fees, or other similar items added by the court. (c) The interest shall be computed as simple interest per annum. The rate of interest shall be based on the secondary market yield of one year United States treasury bills, calculated on a bank discount basis as provided in this section.

On or before the 20th day of December of each year the state court administrator shall determine the rate from the secondary market yield on one year United States treasury bills for the most recent calendar month, reported on a monthly basis in the latest statistical release of the board of governors of the federal reserve system. This yield, rounded to the nearest one percent, shall be the annual interest rate during the succeeding calendar year; provided, however, that in no event shall the rate of interest be less than eight percent per annum. *The state court administrator shall also determine the average rate of interest on judgments to be used during the succeeding calendar year for computation of the discount rate under section 82, subdivision 4, clause (1).* The state court administrator shall communicate the interest rate rates to the clerks of court for their use in computing the interest on verdicts and the discount rate under section 82.

#### Sec. 77. [549.191] [CLAIM FOR PUNITIVE DAMAGES.]

*Upon commencement of a civil action, the complaint must not seek punitive damages. After filing the suit a party may make a motion to amend the pleadings to claim punitive damages. The motion must allege the applicable legal basis under section 549.20 or other law for awarding punitive damages in the action and must be accompanied by one or more affidavits showing the factual basis for the claim. At the hearing on the motion, if the court finds prima facie evidence in support of the motion, the court shall grant the moving party permission to amend the pleadings to claim punitive damages. For purposes of tolling the statute of limitations, pleadings amended under this section relate back to the time the action was commenced.*

Sec. 78. Minnesota Statutes 1984, section 549.21, is amended to read:

#### 549.21 [REIMBURSEMENT FOR CERTAIN COSTS IN CIVIL ACTIONS.]

Upon motion of a party, the court in its discretion may award to that party costs, disbursements, reasonable attorney fees and witness fees if the party or attorney against whom costs, disbursements, reasonable attorney and

witness fees are charged acted in bad faith; asserted a claim or defense knowing it to be that is frivolous; asserted an unfounded position solely to delay the ordinary course of the proceedings or to harass that is costly to the other party; or committed a fraud upon the court. To qualify for an award under this section, a party shall give timely notice of intent to claim an award. An award under this section shall be without prejudice and as an alternative to any claim for sanctions that may be asserted under the rules of civil procedure. Nothing herein shall authorize the award of costs, disbursements or fees against a party or attorney advancing a claim or defense unwarranted under existing law, if it is supported by a good faith argument for an extension, modification, or reversal of the existing law.

Sec. 79. Minnesota Statutes 1984, section 595.02, is amended by adding a subdivision to read:

*Subd. 4. [WAIVER OF PRIVILEGE FOR HEALTH CARE PROVIDERS.] A party who commences an action for malpractice, error, mistake, or failure to cure, whether based on contract or tort, against a health care provider on the person's own behalf or in a representative capacity, waives in that action any privilege existing under subdivision 1, paragraphs (d) and (g), as to any information or opinion in the possession of a health care provider who has examined or cared for the party or other person whose health or medical condition has been placed in controversy in the action. This waiver must permit all parties to the action, and their attorneys or authorized representatives, to informally discuss the information or opinion with the health care provider if the provider consents. Prior to an informal discussion with a health care provider, the defendant must mail written notice to the other party at least 15 days before the discussion. The plaintiff's attorney or authorized representative must have the opportunity to be present at any informal discussion. Appropriate medical authorizations permitting discussion must be provided by the party commencing the action upon request from any other party.*

*A health care provider may refuse to consent to the discussion but, in that event, the party seeking the information or opinion may take the deposition of the health care provider with respect to that information and opinion, without obtaining a prior court order.*

*For purposes of this subdivision, "health care provider" means a physician, surgeon, dentist, or other health care professional or hospital, including all persons or entities providing health care as defined in section 145.61, subdivisions 2 and 4, or a certified health care professional employed by or providing services as an independent contractor in a hospital.*

Sec. 81. Minnesota Statutes 1984, section 604.02, is amended by adding a

subdivision to read:

“Sec. 7. Minnesota Statutes 1984, section 501.125, subdivision 1, is amended to read:

Subdivision 1. [GENERAL PROPERTIES AND INVESTMENTS.] (a) In acquiring, investing, reinvesting, exchanging and managing property, a

trustee is authorized to acquire every kind of property, real, personal or mixed, and every kind of investment, specifically including, but not by way of limitation, bonds, debentures and other individual or corporate obligations, mutual funds, and corporate stocks, ~~which an ordinarily prudent person of discretion and intelligence, who is a trustee of the property of others, would acquire as such trustee.~~ A trustee, in determining the prudence of a particular investment, shall consider the role that the proposed investment or investment course of action plays within the overall portfolio of assets. In applying the total asset management approach, a trustee shall exercise the judgment and care under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds. If the trustee has special skills or expertise or if the trustee holds itself out as having special skills or expertise, the trustee is under a duty to use those skills or expertise.

(b) Except as may be provided to the contrary in the instrument, the following are among the factors that should be considered by a trustee in applying the total asset management approach:

- (1) the probable income as well as the probable safety of the capital;
- (2) marketability of investments;
- (3) length of the term of investments;
- (4) duration of the trust;
- (5) liquidity needs;
- (6) requirements of the beneficiary or beneficiaries;
- (7) other assets of the beneficiary or beneficiaries, including earning capacity; and
- (8) effect of investments in increasing or diminishing liability for taxes.

Sec. 8. Minnesota Statutes 1984, section 501.125, is amended by adding a subdivision to read:

The aggregate amount of investments held by a trustee under the authority of this subdivision valued at cost may not exceed ten percent of the net fair market value of the trust corpus, including investments made under the authority of this section valued at fair market value, immediately after the investment is made. Any investment that would have been authorized by this subdivision if it had been in effect at the time the investment was made is authorized by this subdivision.*

Sec. 9. Minnesota Statutes 1985 Supplement, section 501.125, subdivision 6, is amended to read:

*Subd. 6. [INVESTMENT COMPANIES.] (a) In the absence of an express*

prohibition in the trust instrument, whenever the instrument directs, requires, authorizes, or permits investment in obligations of the United States or obligations, the payment of the principal of and interest on which is unconditionally guaranteed by the United States, the trustee may invest in and hold those obligations either directly or in the form of securities of, or other interests in, an acquire and retain securities of any open-end or closed-end management type investment company (1) or investment trust registered under the Federal Investment Company Act of 1940, whose shares are registered under the Federal Securities Act of 1933, and (2) whose investments are limited to these obligations and repurchase agreements fully collateralized by these obligations, if the repurchase agreements are entered into only with those primary reporting dealers that report to the Federal Reserve Bank of New York and with the 100 largest United States commercial banks.

(b) Nothing in this subdivision shall be construed to alter the degree of care and judgment required of trustees by subdivision 1.

Sec. 10. Minnesota Statutes 1984, section 501.66, is amended by adding a subdivision to read:

*Subd. 6a. The trustee may invest and reinvest trust assets in new, unproven, untried, or other enterprises with a potential for significant growth whether producing a current return, either by investing directly or by investing as a limited partner or otherwise in one or more commingled funds which in turn invest primarily in those enterprises; provided that the aggregate amount of investments held by a trustee under the authority of this subdivision valued at cost may not exceed ten percent of the net fair market value of the trust corpus, including investments made under the authority of this section valued at fair market value, immediately after the investment is made.*

Sec. 11. Minnesota Statutes 1984, section 501.66, subdivision 28, is amended to read:

Subd. 28. The trustee may employ attorneys, accountants, investment advisors, agents or other persons, even if they are associated with the trustee, to advise or assist the trustee in the performance of his duties; to act without independent investigation upon their recommendations; and instead of acting personally, to employ one or more agents to perform any act of administration, whether or not discretionary; *except that:*

*(1) the trustee may not delegate all of the trustee's duties; and*

*(2) the employment does not relieve the trustee of liability for the discretionary acts of a person, which if done by the trustee, would result in liability to the trustee, or of the duty to select and retain a person with reasonable care.*

No. 2098: A bill for an act relating to public safety; creating the crimes of aggravated unlicensed operation of a motor vehicle in the first, second, third, and fourth degrees; providing for the seizure, impoundment, and forfeiture of a motor vehicle operated by a driver whose license or operating privilege is suspended or revoked; prescribing penalties for persons who operate unregistered motor vehicles on streets or highways; requiring mandatory imprisonment and other sanctions for persons convicted of driving while under the influence of alcohol or a controlled substance for a third time; amending Minnesota Statutes 1984, sections 168.09, subdivision 1; 168.10, subdivision 4; 169.121, by adding a subdivision; and 171.241; proposing coding for new law in Minnesota Statutes, chapter 171; repealing Minnesota Statutes 1984, section 171.24; Minnesota Statutes 1985 Supplement, section 169.129.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 168.041, is amended to read:

168.041 [IMPOUNDING REGISTRATION PLATES AND CERTIFICATES.]

Subdivision 1. When any person is convicted of driving a motor vehicle after the suspension or revocation of the ~~drivers~~ driver's license or driving

privileges of such person, the court shall require the registration plates and registration certificates of any motor vehicle involved in such violation owned by such person or registered in his name to be surrendered to the court. Upon surrender thereof the court shall issue a receipt therefor.

If the violator is not the owner of such motor vehicle, the court shall require the registration plates and the registration certificate of any motor vehicle used by the violator, with the permission of the owner who had knowledge of the fact that the violator's drivers license had been revoked or suspended prior to the commission of the offense, to be surrendered to the court.

Subd. 2. If any person is convicted of violating any law or municipal ordinance, except parking laws or ordinances, regulating the operation of motor vehicles on the streets or highways, and the record of ~~such~~ the person so convicted shows a previous conviction for driving after suspension or revocation of his driver's license or driving privileges, the court may direct the commissioner of public safety to suspend the driver's license of ~~such~~ the person for not exceeding one year. The court may also require the registration plates and registration certificates of any motor vehicles owned by the violator or registered in his name to be surrendered to the court.

Subd. 3. *Except as otherwise provided in subdivision 3a*, if a person is convicted of any offense which makes mandatory the revocation of the ~~drivers~~ driver's license of such person, or is convicted of driving a motor vehicle without having a valid driver's license in force, the court may require the registration plates and registration certificates of any motor vehicle owned by such person or any motor vehicles registered in his name to be surrendered to the court.

*Subd. 3a. If a person's driver's license or driving privileges are revoked pursuant to a third violation of section 169.121 or 169.123 within five years, or a fourth or subsequent violation of section 169.121 or 169.123 within ten years, the court shall require the registration plates and registration certificates of any motor vehicle involved in the violation and owned by or registered in the name of the violator, including vehicles registered jointly in the name of the violator and the violator's spouse, to be surrendered to the court. An impoundment order must be issued under this subdivision when the person appears in court on any criminal charge or civil driver's license matter arising out of the incident resulting in the most recent license revocation. If no criminal charge or civil license matter is initiated in court, the attorney general may initiate a registration plate and certificate impoundment proceeding, requesting an impoundment order under this subdivision. This proceeding shall be brought in municipal or county court in the jurisdiction where the violation of section 169.121 or 169.123 occurred.*

Subd. 4. *Except as provided in subdivision 6 or subdivision 7, the court shall retain custody of the surrendered plates and certificates. Any registration plates surrendered to the court pursuant to this section must be destroyed by the court. Any registration certificates surrendered to the court must be forwarded to the registrar of motor vehicles by the court. Except as provided in subdivision 5a, 6, or 7, no new registration plates may be issued to the person, violator, or owner until such time as the ~~drivers~~ driver's license of the person, violator, or owner has been reissued or reinstated.*

Subd. 5. At the time of ordering the surrender of the registration plates and registration certificates of a *the person, violator, or owner*, the court shall notify the registrar of motor vehicles of that fact. ~~Except as provided in subdivision 6 or subdivision 7, no new or duplicate registration plates or new registration certificates shall be issued to such violator or owner until his plates and certificates are returned to him by the court. The registration plates must be destroyed by the court. When the registration plates are destroyed, the court shall notify the registrar of motor vehicles of that fact.~~

*Subd. 5a. If the driver's license revocation which is the basis for a registration plate and certificate impoundment order is rescinded, upon application to the registrar of motor vehicles, the person whose registration plates and certificates have been impounded must receive new plates and the certificate for the impounded vehicle at no cost. The application must include a copy of the order rescinding the driver's license revocation.*

Subd. 6. Any such *person, violator, or owner* may apply to the registrar of motor vehicles court which ordered the surrender of registration plates and certificates for new registration plates which shall bear a special series number which may be readily identified by traffic law enforcement officers. A fee of \$5 shall accompany the application. ~~The registrar of motor vehicles shall forthwith notify the court of such application. The court may return the registration certificate of such violator or owner to the registrar of motor vehicles, together with its consent to the issuance of such registration plates to such violator or owner. Thereupon the registrar of motor vehicles shall issue such new registration plates. The court may authorize the issuance of special plates if (1) a member of the person's, violator's, or owner's household has a valid driver's license, or (2) the person, violator, or owner has a limited license issued pursuant to section 171.30. If the court authorizes the issuance of special plates, it shall notify the registrar of motor vehicles and the registrar must issue the special plates upon payment of a \$100 fee for each vehicle for which special plates are requested. Until the driver's license of such person, violator, or owner is reinstated or reissued, any new registration plates issued to him or to an owner whose plates have been impounded ordered surrendered shall bear a special series number.~~

Subd. 7. If ~~an~~ *the owner* wishes to sell a motor vehicle during the time its registration plates and registration certificate are ~~impounded~~ *have been ordered surrendered* or during the time its registration plates bear a special series number, he may apply to the court which ~~impounded~~ *ordered the surrender of* such plates and certificate, for consent to transfer title to the motor vehicle. If the court is satisfied that the proposed sale is in good faith and for a valid consideration, that the owner will thereby be deprived of the custody and control of the motor vehicle, and that the sale is not for the purpose of circumventing the provisions of this section, it may certify its consent to the registrar of motor vehicles and ~~return the impounded registration plates and certificates.~~ *If during* ~~The registrar shall then transfer the registration certificate to the new owner upon proper application and shall issue new registration plates to the new owner. After the time the registration plates and certificate of registration are impounded have been surrendered to the court pursuant to this section, if the title to said motor vehicle is transferred by the foreclosure of a chattel mortgage, the cancelation of a conditional sales contract, a sale upon execution, or by decree or order of a court of competent jurisdiction, the court shall order the license plates and registration certificate surrendered to the new owner and notify the registrar of motor vehicles of such action. The registrar of motor vehicles shall then transfer the registra-~~

tion plates and registration certificates to the new owner and shall issue new registration plates to the new owner.

Subd. 8. Nothing contained in this section is intended to change or modify any provision of this chapter, with respect to the taxation of motor vehicles or the time within which the taxes thereon shall ~~shall~~ must be paid.

Subd. 9. Any person who fails to surrender any impounded registration plates or registration certificates to the court upon demand pursuant to this section or who operates any motor vehicle on a street or highway at a time when a court has ordered the surrender of its registration plates and registration certificate is guilty of a misdemeanor.

Sec. 2. Minnesota Statutes 1985 Supplement, section 169.121, subdivision 1, is amended to read:

Subdivision 1. [CRIME.] It is a misdemeanor for any person to drive, operate or be in physical control of any motor vehicle within this state or upon the ice of any boundary water of this state:

- (a) when the person is under the influence of alcohol;
- (b) when the person is under the influence of a controlled substance, as defined in section 152.01, subdivision 4;
- (c) when the person is under the influence of a combination of any two or more of the elements named in clauses (a) and (b), and (f);
- (d) when the person's alcohol concentration is 0.10 or more; or
- (e) when the person's alcohol concentration as measured within two hours of the time of driving is 0.10 or more; or
- (f) when the person is under the influence of any substance that affects the nervous system, brain, or muscles of the person so as to substantially impair the person's ability to drive or operate the motor vehicle in the manner that an ordinary, prudent, and cautious person using reasonable care would drive or operate under like conditions.

Sec. 3. Minnesota Statutes 1984, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled or other substance in the person's blood, breath, or urine as shown by an analysis of those items.

For the purposes of this subdivision:

- (a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;
- (b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than 0.10 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a pros-

ecution under this section or an ordinance in conformity with it.

If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 1, clause (e), that the defendant consumed a sufficient quantity of alcohol after the time of actual driving, operating, or physical control of a motor vehicle and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.10. Provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person was ~~under the influence of alcohol or a controlled substance~~ violated this section, including tests obtained more than two hours after the alleged violation and results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample, as defined in section 169.123, subdivision 2b, paragraph (b).

Sec. 4. Minnesota Statutes 1984, section 169.121, is amended by adding a subdivision to read:

*Subd. 3a. [HABITUAL OFFENDER PENALTIES.] A person convicted of violating this section or an ordinance in conformity with it within ten years of two or more prior convictions under this section, section 169.129, an ordinance in conformity with either of them, or a statute or ordinance from another state in conformity with either of them, must be sentenced, subject to the maximum sentence authorized by subdivision 3, to compulsory attendance at a chemical dependency program approved by the commissioner of public safety, and either or both of the following:*

- (1) to a minimum term of imprisonment of not less than 30 days; or*
- (2) to payment of a fine of not less than \$1,000.*

Sec. 5. Minnesota Statutes 1984, section 169.121, subdivision 6, is amended to read:

*Subd. 6. [PRELIMINARY SCREENING TEST.] When a peace officer has reason to believe from the manner in which a person is driving, operating, controlling, or acting upon departure from a motor vehicle, or has driven, operated, or controlled a motor vehicle, that the driver may be violating or has violated subdivision 1, he may require the driver to provide a sample of his breath for a preliminary screening test using a device approved by the commissioner of public safety for this purpose. The results of this preliminary screening test shall be used for the purpose of deciding whether an arrest should be made and whether to require the tests authorized in section 169.123, but shall not be used in any court action except to prove that a test was properly required of a person pursuant to section 169.123, subdivision 2. Following the screening test additional tests may be required of the driver pursuant to the provisions of section 169.123.*

The driver who refuses to furnish a sample of his breath is subject to the provisions of section 169.123 unless, in compliance with section 169.123, he submits to a blood, breath or urine test to determine the presence of alcohol or a controlled or other substance in violation of subdivision 1.

Sec. 6. Minnesota Statutes 1985 Supplement, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state or upon the ice of any boundary water of this state consents, subject to the provisions of this section and section 169.121, to a chemical test of his blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled *or other* substance in violation of section 169.121, subdivision 1. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has probable cause to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of 0.10 or more.

(b) At the time a test is requested, the person shall be informed:

(1) that Minnesota law requires the person to take a test to determine if the person is under the influence of alcohol or a controlled *or other* substance;

(2) that if testing is refused, the person's right to drive will be revoked for a minimum period of one year or, if the person is under the age of 18 years, for a period of one year or until he or she reaches the age of 18 years, whichever is greater;

(3) that if a test is taken and the results indicate that the person is under the influence of alcohol or a controlled *or other* substance, the person will be subject to criminal penalties and the person's right to drive may be revoked for a minimum period of 90 days or, if the person is under the age of 18 years, for a period of six months or until he or she reaches the age of 18 years, whichever is greater;

(4) that after submitting to testing, the person has the right to consult with an attorney and to have additional tests made by a person of his own choosing; and

(5) that if he refuses to take a test, the refusal will be offered into evidence against him at trial.

(c) The peace officer who requires a test pursuant to this subdivision may direct whether the test shall be of blood, breath, or urine. However, if the officer directs that the test shall be of a person's blood or urine, the person may choose whether the test shall be of his blood or urine.

Sec. 7. Minnesota Statutes 1984, section 169.123, subdivision 2a, is amended to read:

Subd. 2a. [REQUIREMENT OF URINE TEST.] Notwithstanding subdivision 2, if there are reasonable and probable grounds to believe there is impairment by a controlled *or other* substance which is not subject to testing by a blood or breath test, a urine test may be required even after a blood or

breath test has been administered.

Sec. 8. Minnesota Statutes 1984, section 169.123, subdivision 3, is amended to read:

Subd. 3. [MANNER OF MAKING TEST; ADDITIONAL TESTS.] Only a physician, medical technician, physician's trained mobile intensive care paramedic, registered nurse, medical technologist or laboratory assistant acting at the request of a peace officer may withdraw blood for the purpose of determining the presence of alcohol or a controlled or other substance in violation of section 169.121, subdivision 1. This limitation does not apply to the taking of a breath or urine sample. The person tested has the right to have a person of his own choosing administer a chemical test or tests in addition to any administered at the direction of a peace officer; provided, that the additional test sample on behalf of the person is obtained at the place where the person is in custody, after the test administered at the direction of a peace officer, and at no expense to the state. The failure or inability to obtain an additional test or tests by a person shall not preclude the admission in evidence of the test taken at the direction of a peace officer unless the additional test was prevented or denied by the peace officer. The physician, medical technician, physician's trained mobile intensive care paramedic, medical technologist, laboratory assistant or registered nurse drawing blood at the request of a peace officer for the purpose of determining alcohol concentration shall in no manner be liable in any civil or criminal action except for negligence in drawing the blood. The person administering a breath test shall be fully trained in the administration of breath tests pursuant to training given by the commissioner of public safety.

Sec. 9. Minnesota Statutes 1984, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL; REVOCATION OF LICENSE.] If a person refuses to permit a test, none shall be given, but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence. If a person submits to a test and the test results indicate an alcohol concentration of 0.10 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled or other substance and that the person refused to submit to a test, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of one year. If the person refusing to submit to testing is under the age of 18 years, the commissioner shall revoke the person's license or permit to drive, or his or her nonresident operating privilege, for a period of one year or until the person reaches the age of 18 years, whichever is greater. Upon certification by the peace officer that there existed probable cause to believe the person had been driving,

operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled *or other* substance and that the person submitted to a test and the test results indicate an alcohol concentration of 0.10 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or his nonresident operating privilege, for a period of 90 days or, if the person is under the age of 18 years, for a period of six months or until he or she reaches the age of 18 years, whichever is greater.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 10. Minnesota Statutes 1984, section 169.123, subdivision 6, is amended to read:

Subd. 6. [HEARING.] A hearing under this section shall be before a municipal or county judge, in any county in the judicial district where the alleged offense occurred. The hearing shall be to the court and may be conducted at the same time and in the same manner as hearings upon pre-trial motions in the criminal prosecution under section 169.121, if any. The hearing shall be recorded. The commissioner of public safety shall appear and be represented by the attorney general or through the prosecuting authority for the jurisdiction involved.

The hearing shall be held at the earliest practicable date, and in any event no later than 60 days following the filing of the petition for review. The judicial district administrator shall establish procedures to ensure efficient compliance with the provisions of this subdivision. To accomplish this, the administrator may, whenever possible, consolidate and transfer review hearings among the county courts within the judicial district.

The scope of the hearing shall be limited to the issues of:

(1) whether the peace officer had probable cause to believe the person was driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled *or other* substance, and whether the person was lawfully placed under arrest for violation of section 169.121, or the person was involved in a motor vehicle accident or collision resulting in property damage, personal injury or death, or the person refused to take a screening test provided for by section 169.121, subdivision 6, or the screening test was administered and recorded an alcohol concentration of 0.10 or more; and

(2) whether at the time of the request for the test the peace officer informed the person of his rights and the consequences of taking or refusing the test as required by subdivision 2; and

(3) either (a) whether the person refused to permit the test, or (b) whether a test was taken and the test results indicated an alcohol concentration of 0.10 or more at the time of testing, and whether the testing method used was valid and reliable, and whether the test results were accurately evaluated.

It shall be an affirmative defense for the petitioner to prove that, at the time of the refusal, his refusal to permit the test was based upon reasonable

grounds.

Certified or otherwise authenticated copies of laboratory or medical personnel reports, records, documents, licenses and certificates shall be admissible as substantive evidence.

The court shall order either that the revocation be rescinded or sustained and forward the order to the commissioner of public safety. The court shall file its order within 14 days following the hearing. If the revocation is sustained, the court shall also forward the person's driver's license or permit to the commissioner of public safety for his further action if the license or permit is not already in the commissioner's possession.

Sec. 11. Minnesota Statutes 1984, section 361.12, subdivision 1, is amended to read:

Subdivision 1. No person shall operate or be in actual physical control of any watercraft while under the influence of alcohol; ~~as provided in section 169.121, subdivision 4~~ or a controlled *or other* substance, ~~as defined in section 152.01, subdivision 4 as provided in section 169.121, subdivision 1~~. No owner or other person having charge or control of any watercraft shall knowingly authorize or permit any person who is under the influence of alcohol; *or a controlled or other substance* to operate such watercraft.

Sec. 12. [EFFECTIVE DATE.]

- (b) In an action by a shareholder when it is established that:

(1) the directors or the persons having the authority otherwise vested in the board are deadlocked in the management of the corporate affairs and the shareholders are unable to break the deadlock;

(2) the directors or those in control of the corporation have acted fraudulently, illegally, or in a manner unfairly prejudicial toward one or more shareholders in their capacities as shareholders, directors, or officers, or as employees of a closely held corporation;

(3) the shareholders of the corporation are so divided in voting power that, for a period that includes the time when two consecutive regular meetings were held, they have failed to elect successors to directors whose terms have expired or would have expired upon the election and qualification of their successors;

(4) the corporate assets are being misapplied or wasted; or

(5) the period of duration as provided in the articles has expired and has not been extended as provided in section 302A.801;

- (c) In an action by a creditor when:

(1) the claim of the creditor has been reduced to judgment and an execution thereon has been returned unsatisfied; or

(2) the corporation has admitted in writing that the claim of the creditor is due and owing and it is established that the corporation is unable to pay its debts in the ordinary course of business; or

(d) In an action by the attorney general to dissolve the corporation in accordance with section 302A.757 when it is established that a decree of dissolution is appropriate.

Subd. 2. [BUY-OUT ON MOTION.] In an action under subdivision 1, clause (b), involving a closely held corporation at the time the action is commenced and in which one or more of the circumstances described in that clause is established, the court may, upon motion of a corporation or a shareholder or beneficial owner of shares of the corporation, order the sale by a plaintiff or a defendant of all shares of the corporation held by the plaintiff or defendant to either the corporation or the moving shareholders, whichever is specified in the motion, if the court determines in its discretion that an order would be fair and equitable to all parties under all of the circumstances of the case.

The purchase price of any shares so sold shall be the fair value of the shares as of the date of the commencement of the action or as of another date found equitable by the court, provided that, if the shares in question are then subject to sale and purchase pursuant to the bylaws of the corporation, a

shareholder control agreement, the terms of the shares, or otherwise, the court shall order the sale for the price and on the terms set forth in them, unless the court determines that the price or terms are unreasonable under all the circumstances of the case.

Within five days after the entry of the order, the corporation shall provide each selling shareholder or beneficial owner with the information it is required to provide under section 302A.473, subdivision 5, paragraph (a).

If the parties are unable to agree on fair value within 40 days of entry of the order, the court shall determine the fair value of the shares under the provisions of section 302A.473, subdivision 7, and may allow interest or costs as provided in section 302A.473, subdivisions 1 and 8.

The purchase price shall be paid in one or more installments as agreed on by the parties, or, if no agreement can be reached within 40 days of entry of the order, as ordered by the court. Upon entry of an order for the sale of shares under this subdivision and provided that the corporation or the moving shareholders post a bond in adequate amount with sufficient sureties or otherwise satisfy the court that the full purchase price of the shares, plus such additional costs, expenses, and fees as may be awarded, will be paid when due and payable, the selling shareholders shall no longer have any rights or status as shareholders, officers, or directors, except the right to receive the fair value of their shares plus such other amounts as might be awarded.

Subd. 3. [CONDITION OF CORPORATION.] In determining whether to order equitable relief, dissolution, or a buy-out, the court shall take into consideration the financial condition of the corporation but shall not refuse to order equitable relief, dissolution, or a buy-out solely on the ground that the corporation has accumulated or current operating profits.

Subd. 3a. [CONSIDERATIONS IN GRANTING RELIEF INVOLVING CLOSELY HELD CORPORATIONS.] In determining whether to order equitable relief, dissolution, or a buy-out, the court shall take into consideration the duty which all shareholders in a closely held corporation owe one another to act in an honest, fair, and reasonable manner in the operation of the corporation and the reasonable expectations of the shareholders as they exist at the inception and develop during the course of the shareholders' relationship with the corporation and with each other.

Subd. 3b. [DISSOLUTION AS REMEDY.] *In deciding whether to order dissolution, the court shall consider whether lesser relief suggested by one or more parties, such as any form of equitable relief, a buy-out, or a partial liquidation, would be adequate to permanently relieve the circumstances established under subdivision 1, clause (b) or (c). Lesser relief may be ordered in any case where it would be appropriate under all the facts and circumstances of the case.*

Subd. 4. [EXPENSES.] If the court finds that a party to a proceeding brought under this section has acted arbitrarily, vexatiously, or otherwise not in good faith, it may in its discretion award reasonable expenses, including attorneys' fees and disbursements, to any of the other parties.

Subd. 5. [VENUE; PARTIES.] Proceedings under this section shall be brought in a court within the county in which the registered office of the corporation is located. It is not necessary to make shareholders parties to the

action or proceeding unless relief is sought against them personally."

Ms. Berglin moved to amend S.F. No. 1721 as follows:

Page 3, after line 24, insert:

“Sec. 2. [518.581] [SPOUSAL AND PENSION BENEFIT.]

*Subdivision 1. [AWARD OF BENEFIT.] If a current or former public employee's marriage is dissolved, the court may order the employee, the public retirement plan, or both, to pay amounts as part of the division of vested pension rights which the court may make under section 518.58, or as an award of maintenance in the form of a percentage, periodic, or other payments or in the form of a fixed dollar amount. The court may, as part of the order, award a spouse all or part of any survivor benefit. Under no circumstances may the pension fund be required to pay more than the equivalent of one surviving spouse benefit, regardless of the number of spouses or former spouses who may be sharing in a portion of the total benefit.*

*Subd. 2. [PAYMENT OF FUNDS BY RETIREMENT PLAN.] In any case where the court has ordered that a spouse has an interest in a public pension plan, the court may order the public retirement plan to withhold payment of any refund upon termination of employment or lump sum distribution to the extent of the spouse's interest in the plan.*

*Subd. 3. [NOTICE TO FORMER SPOUSE.] A former spouse must be notified by a public retirement system of any application by the employee for a refund of retirement benefits if the former spouse has filed with the employee's pension fund:*

*(1) a copy of the court order determining that the former spouse has an interest in the pension fund;*

*(2) the name and last known address of the employee; and*

*(3) the name and address of the former spouse.*

*Subd. 4. [COMPLIANCE WITH COURT ORDERS.] Except as provided in this section, a public pension plan shall within 30 days comply with any court order, including a withholding order, issued by a court having jurisdiction over dissolution of marriage that is served on the pension plan, provided that the order or other writing states the name, last known address of the payee, and name and address of the former spouse. In the event that the court order or withholding order requires the pension plan to perform an act or pay an amount that is inconsistent with the terms of the pension plan or an election made by the plan participant, the pension plan shall, within 30 days after service of the order, either comply with the order or, in writing, notify the former spouse claiming an interest in the pension plan of the particular reasons why it is unable to comply with the order. After receiving the notice, the former spouse claiming an interest in the pension plan may commence an action against the pension plan, or move to amend the decree of dissolution to bring it into conformity with the terms of the pension plan, or do both. After commencement of an action against the pension plan or service on the pension plan of a notice of motion to amend the decree of dissolution, and pending an order of the court, the pension plan may not distribute to the plan participant or other beneficiary any benefit or portion of a benefit that is claimed by the former spouse.*

*Subd. 5. [LIMITATION.] Subdivision 1 does not apply unless the order by the court is determined to be a qualified domestic relations order.*

*Subd. 6. [PUBLIC PENSION PLAN PROCEDURES.] (a) In the case of any domestic relations order received by a public pension plan:*

*(1) the plan administrator shall promptly notify the current or former public employee and any other alternate payee of the receipt of such order and the plan's procedures for determining the qualified status of domestic relations orders; and*

*(2) within a reasonable period after receipt of the order, the plan administrator shall determine whether the order is a qualified domestic relations order and notify the current or former public employee and each alternate payee of such determination.*

*(b) Each public pension plan shall establish reasonable procedures to determine the qualified status of domestic relations orders and to administer distributions under qualified orders.*

*During any period in which the issue of whether a domestic relations order is a qualified domestic relations order is being determined by the plan administrator, by a court of competent jurisdiction, or otherwise, the plan administrator shall segregate in a separate account in the plan or in an escrow account the amounts that would have been payable to the alternate payee or payees during that period if the order had been determined to be a qualified domestic relations order.*

*If within 18 months the order or modification of an order is determined to be a qualified domestic relations order, the plan administrator shall pay the segregated amounts plus any interest to the person or persons entitled to them. If, however, within 18 months, it is determined that the order is not a qualified domestic relations order, or the issue as to whether such order is a qualified domestic relations order is not resolved, then the plan administra-*

tor shall pay the segregated amounts plus any interest to the person or persons who would have been entitled to those amounts if there had been no order. A determination after the end of the 18-month period that an order is a qualified domestic relations order must be applied prospectively only.

*Subd. 7. [DEFINITIONS.] For purposes of this section the following terms have the meanings given in this subdivision.*

*(a) "Current or former public employee" and "employee" mean an individual who has a vested interest in a public pension plan.*

*(b) "A public pension plan" is any Minnesota public pension plan or fund which provides pension or retirement coverage for public employees and which provides surviving spouse benefits, including any plan or fund enumerated in sections 356.20, subdivision 2, or 356.30, subdivision 3, any local police or firefighter's relief association, volunteer firefighters relief association, or any retirement or pension plan or fund established, maintained, or supported by the state or any governmental subdivision or public body whose revenues are derived from taxation, fees, assessments, or from other public sources.*

*(c) The term "surviving spouse benefit" means (1) a benefit a surviving spouse may be eligible for under the laws and bylaws of the public pension plan if the employee dies before retirement, or (2) a benefit selected for or available to a surviving spouse under the laws and bylaws of the public pension plan upon the death of the employee after retirement.*

*(d) The term "alternate payee" means any spouse, former spouse, child, or other dependent of a current or former public employee who is recognized by a domestic relations order as having a right to receive all or part of the benefits payable under a public pension plan with respect to the current or former public employee.*

*(e) The term "domestic relations order" means any judgment, decree, or order, including approval of a property settlement agreement, which: (1) relates to the provision of alimony payments or marital property rights to a spouse, former spouse, child, or other dependent of a current or former public employee; and (2) is made under a state domestic relations law.*

*(f) The term "qualified domestic relations order" means a domestic relations order:*

*(1) that creates or recognizes the existence of an alternate payee's right to, or assigns to an alternate payee the right to, receive all or a portion of the benefits payable with respect to a current or former public employee under a public pension plan; and*

*(2) that specifies:*

*(i) the name and last known mailing address, if any, of the current or former public employee and the name and mailing address of each alternate payee covered by the order;*

*(ii) the amount or percentage of the current or former public employee's benefit to be paid by the public pension plan to each alternate payee, and the manner in which the amount or percentage is to be determined;*

*(iii) the number of payments or period to which the order applies;*

(iv) each public pension plan to which the order applies;

(v) that the public pension plan is not required to provide any type or form of benefit, or any option, not otherwise provided under the plan;

(vi) that the public pension plan is not required to provide increased benefits (determined on the basis of actuarial value); and

(vii) that payment of benefits to an alternate payee is not required if the benefits are required to be paid to another alternate payee under another order previously determined to be a qualified domestic relations order.”

Page 4, after line 29, insert:

“Sec. 5. Minnesota Statutes 1984, section 518.64, is amended by adding a subdivision to read:

*Subd. 6. [PROPERTY SETTLEMENTS.] A judgment, decree, or order that constitutes a qualifying domestic relations order under section 414(p) of the Internal Revenue Code of 1954, as amended through December 31, 1985, a spousal pension benefit under section 518.581, or a qualifying order under United States Code, title 5, section 8345(j)(1), as amended through December 31, 1985, or is in substantial compliance with any of those laws, may be amended even though the portion of the judgment, decree, or order to be amended constitutes a property settlement if the amendment:*

*(1) merely requires a pension plan to pay a benefit previously awarded to a former spouse directly to that former spouse;*

*(2) makes technical changes in the judgment, decree, or order to qualify it as a qualifying domestic relations order spousal pension benefit, or qualifying order, but makes no substantive change that is adverse to either party as to the amount or duration of an award previously made in the judgment, order, or decree; or*

*(3) is an income withholding order or an amendment to an income withholding order to include a pension plan as a payor.*

*Nothing in this section grants the court jurisdiction to amend a property settlement if the amendment would substantively change the judgment, order, or decree in a manner that would be detrimental to either party or to another plan beneficiary with accrued or vested rights in the plan. Nothing in this section authorizes the court to order a plan participant or pension plan to pay a benefit before the time that the benefit would otherwise be payable under the terms of the pension plan, nor to require a plan participant to make an election for a particular time, method, or form of benefit payment.*

*For purposes of this section, “pension plan” means a public or private retirement plan, including a plan qualifying under section 401 of the Internal Revenue Code of 1954, as amended through December 31, 1985, the civil service retirement and disability fund, and a plan or fund established under the laws of Minnesota that receives contributions from moneys derived from taxation.”*

(a) If the executive secretary or consulted board member determines that a communication received alleges a violation of statute or rule that involves

sexual contact with a patient or client, the communication shall be forwarded to the designee of the attorney general for an investigation of the facts alleged in the communication. If, after an investigation it is the opinion of the executive secretary or consulted board member that there is sufficient evidence to justify disciplinary action, the board shall conduct a disciplinary conference or hearing. If, after a hearing or disciplinary conference the board determines that misconduct involving sexual contact with a patient or client occurred, the board shall take disciplinary action. Notwithstanding subdivision 2, a board may not attempt to correct improper activities or redress grievances through education, conciliation, and persuasion, unless in the opinion of the executive secretary or consulted board member there is insufficient evidence to justify disciplinary action. The board may settle a case by stipulation prior to, or during, a hearing if the stipulation provides for disciplinary action.

(b) In addition to the information required under section 214.07, subdivision 1, each board shall include in its reports to the legislature summaries of each individual case that involved possible sexual contact with a patient or client. The summary must include a description of the alleged misconduct; the general results of the investigation; the nature of board activities relating to that case; the disposition of the case; and the reasons for board decisions concerning the disposition of the case. Each health-related licensing board shall have access to any data of the department of human services relating to a person subject to the jurisdiction of the licensing board. The data shall have the same classification under sections 13.01 to 13.88, the Minnesota government data practices act, in the hands of the agency receiving the data as it had in the hands of the department of human services.

(e) Each health-related licensing board shall establish procedures for exchanging information with other states regarding disciplinary actions against licensees. The procedures must provide for the collection of information from other states about disciplinary actions taken against persons who are licensed to practice in Minnesota or who have applied to be licensed in this state and the dissemination of information to other states regarding disciplinary actions taken in Minnesota.

(f) *Each health-related licensing board shall provide complaints or other information relevant to fraud or abuse of the medical assistance program to the attorney general. Information provided to the attorney general under this*

(b) Each construction employer described above under paragraph (a) who becomes subject to this chapter shall pay contributions at a rate, not exceeding ~~7-1/2 percent~~ the maximum contribution rate for all employers as provided under subdivision 8, that is the higher of (1) one percent, or (2) the state's five-year benefit cost rate for construction employers for the 60 consecutive month period immediately preceding July 1, 1984 and of each year thereafter. For purposes of this clause, the state's five-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants of construction employers, as determined by the commissioner, during the 60 consecutive calendar months immediately preceding July 1, 1984 and of each year thereafter by the total dollar amount of wages of construction employers subject to contributions during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

Sec. 11. Minnesota Statutes 1984, section 268.06, subdivision 5, is amended to read:

Subd. 5. [BENEFITS CHARGED AS AND WHEN PAID.] Benefits paid to an individual pursuant to a valid claim shall be charged against the account of his employer as and when paid, except that benefits paid to an individual who earned base period wages for part-time employment shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer if the employer: (1) provided weekly base period part-time employment; (2) continues to provide weekly employment equal to at least 90 percent of the part-time employment provided in the base period; and (3) is an interested party because of the individual's loss of other employment. The amount of benefits so chargeable against each base period employer's account shall bear the same ratio to the total benefits paid to an individual as the base period wage credits of the individual earned from such employer bear to the total amount of base period wage credits of the individual earned from all his base period employers.

In making computations under this provision, the amount of wage credits if not a multiple of \$1, shall be computed to the nearest multiple of \$1.

Benefits shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer for unemployment (1) that is directly caused by a major natural disaster declared by the president pursuant to section 102(2) of the Disaster Relief Act of 1974 (42 United States Code 5122(2)), if the unemployed individual would have been eligible for disaster unemployment assistance with respect to that unemployment but for the individual's receipt of unemployment insurance benefits, or (2) that is directly caused by a fire, flood, or act of God where 70 percent or more of the employees employed in the affected location become unemployed as a result and the employer substantially reopens its operations in that same area within 360 days of the fire, flood, or act of God. Benefits shall be charged to the employer's account where the unemployment is caused by the willful act of the employer or a person acting on behalf of the

employer.

Sec. 12. Minnesota Statutes 1984, section 268.06, subdivision 8, is amended to read:

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] (a) For each calendar year the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the experience ratio; ~~except that if the ratio for the current calendar year increases or decreases the experience ratio for the preceding calendar year by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, the increase or decrease for the current year shall be limited to one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.~~ "Small business employer" for the purpose of this subdivision means an employer with an annual covered payroll of \$250,000 or less, or fewer than 20 employees in three of the four quarters ending June 30, of the previous calendar year.

(b) The minimum rate for all employers that have benefits charged to their account at any time during the period described in subdivision 6 shall be one percent if the amount in the unemployment compensation fund is less than \$80,000,000 on June 30 of the preceding calendar year; or nine-tenths of one percent if the fund is more than \$80,000,000 but less than \$90,000,000; or eight-tenths of one percent if the fund is more than \$90,000,000 but less than \$110,000,000; or seven-tenths of one percent if the fund is more than \$110,000,000 but less than \$130,000,000; or six-tenths of one percent if the fund is more than \$130,000,000 but less than \$150,000,000; or five-tenths of one percent if the fund is more than \$150,000,000 but less than \$170,000,000; or three-tenths of one percent if the fund is more than \$170,000,000 but less than \$200,000,000; or one-tenth of one percent if the fund is \$200,000,000 or more; ~~provided that no employer shall have a contribution rate of more than 7.5 percent.~~

(c) *The minimum rate for all employers that have not had benefits charged to their account at any time during the period described in subdivision 6 shall be two-tenths of one percent less than the minimum rate under paragraph (b) for 1987 and each year thereafter, provided that no rate can be less than zero percent.*

(d) *The maximum rate for for all employers shall be eight and one-half percent.*

(e) *A voluntary contribution paid under subdivision 24 shall not qualify an employer for assignment of a minimum rate under paragraph (c).*

(f) For the purposes of this section the unemployment compensation fund shall not include any moneys advanced from the Federal Unemployment Account in the unemployment trust fund in accordance with Title XII of the Social Security Act, as amended. ~~No employer first assigned an experience ratio in accordance with subdivision 6, shall have his contribution rate increased or decreased by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter over the contribution rate assigned for the preceding calendar year in accordance with~~

~~subdivision 3a; provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.~~

Sec. 13. Minnesota Statutes 1984, section 268.06, is amended by adding a subdivision to read:

*Subd. 8a. [SOLVENCY ASSESSMENT.] If the fund balance is less than \$50,000,000 on December 31, 1986, or any year thereafter, a solvency assessment will be in effect for the following calendar year. Each employer, except those making payments in lieu of contributions under subdivisions 25, 26, 27, and 28, and those assigned a minimum rate under subdivision 8, paragraph (c), shall pay a quarterly solvency assessment of ten percent multiplied by the contributions paid or due and payable for each calendar quarter in that year. Quarterly contributions and the solvency assessment payments shall be combined and will be computed notwithstanding the maximum rate established in subdivision 3a or 8, by multiplying the quarterly taxable payroll by the assigned contribution rate multiplied by 1.10.*

Sec. 14. Minnesota Statutes 1984, section 268.07, subdivision 2, is amended to read:

*Subd. 2. [WEEKLY BENEFIT AMOUNT AND DURATION.] (a) If the commissioner finds that an individual has earned 15, or more, credit weeks within the base period of employment in insured work with one or more employers, benefits shall be payable to such individual during his benefit year as follows:*

*(1) Weekly benefit amount shall be equal to 60 percent of the first \$85, 40 percent of the next \$85 and 50 percent of the remainder of the average weekly wage of such individual. The amount so computed if not a whole dollar shall be rounded down to the next lower dollar amount. To establish a benefit year for unemployment compensation insurance benefits, effective after January 1, 1987, and thereafter, an individual must have:*

*(1) wage credits in two or more calendar quarters of the individual's base period; and*

*(2) minimum total base period wage credits equal to the high quarter wages multiplied by 1.4; and*

*(3) high quarter wage credits of not less than \$1,300.*

*(b) An individual who is unable to establish a valid claim under paragraph (a), clauses (1) to (3), may establish a valid claim if the individual has:*

*(1) wage credits in at least three calendar quarters of the base period; and*

*(2) high quarter wage credits equal to at least 20 times the state minimum wage multiplied by 13; and*

*(3) combined wage credits in at least two of the remaining three calendar quarters equal to at least 20 times the state minimum wage multiplied by 13.*

*(c) If the commissioner finds that an individual has sufficient wages within the base period to establish a valid claim, the weekly benefit amount payable to the individual during the individual's benefit year shall be equal to 1/26 of the individual's high quarter wage credits, rounded to the next lower whole*

dollar.

(d) *Notwithstanding paragraph (c), the maximum weekly benefit amount of claims for benefits which establish a benefit year subsequent to July 1, 1979 1988, shall be ~~66-2/3~~ 60 percent of the average weekly wage, except as provided in clause (d) as determined under this paragraph.* On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(a) (1) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment.

(b) (2) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage.

(c) (3) The average annual wage shall be divided by 52 to determine the average weekly wage.

The maximum weekly benefit amount as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to June 30 of each year.

(d) (e) *The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1982, and prior to July 1, 1983, shall be \$184. Notwithstanding paragraph (c), the maximum weekly benefit amount for claims for benefits which establish a benefit year prior to July 1, 1988, shall be \$228.*

*The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1983, and prior to July 1, 1984, shall be \$191.*

*The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1984, and prior to July 1, 1985, shall be \$198.*

(2) *An individual's maximum amount of regular benefits payable in a benefit year shall not exceed the lesser of (a) 26 times his weekly benefit amount or (b) 70 percent of the number of credit weeks earned by such an individual computed to the nearest whole week times his weekly benefit amount.*

(3) (f) *Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his weekly benefit amount less that part of his earnings, including holiday pay, payable to him with respect to such week which is in excess of \$25 or \$200 for earnings from service in the national guard or a United States military reserve unit. Jury duty pay is not considered as earnings and shall not be deducted from benefits paid. Such benefit, if not a whole dollar amount shall be rounded down to the next lower dollar amount.*

(4) *The provisions of clauses (1) and (2) shall apply to claims for benefits which establish a benefit year subsequent to June 30, 1983.*

(g) *Any otherwise eligible individual shall be entitled during any benefit*

*year to a total amount of benefits equal to one-third of his total base period wage credits rounded to the next lower dollar not to exceed 26 times his weekly benefit amount.*

Sec. 15. Minnesota Statutes 1984, section 268.07, subdivision 2a, is amended to read:

Subd. 2a. [EXCEPTION.] Notwithstanding the provisions of subdivision 2, if the commissioner finds that an individual has earned ~~credit weeks wage credits~~ in seasonal employment, benefits shall be payable only if the commissioner finds that the individual has earned ~~+5 credit weeks wage credits equal to or in excess of 30 times the individual's weekly benefit amount~~ in employment which is not seasonal, in addition to any ~~credit weeks wage credits~~ in seasonal employment. For the purposes of this subdivision, "seasonal employment" means employment with a single employer in the recreation or tourist industry which is available with the employer for 15 consecutive weeks or less each calendar year.

Sec. 16. Minnesota Statutes 1984, section 268.07, subdivision 3, is amended to read:

Subd. 3. [WHEN WAGE CREDITS ARE NOT AVAILABLE.] (1) ~~No individual may receive benefits in a benefit year unless, subsequent to the beginning of the next preceding benefit year during which benefits were received, the individual performed service in insured work as defined in section 268.04, subdivision 17, and earned remuneration for the service in an amount equal to not less than the minimum wage credits required to qualify for benefits~~ *To establish a second benefit year following the expiration of an immediately preceding benefit year, an individual must have sufficient wage credits to establish a claim under the provisions of subdivision 2 and must have performed services after the establishment of the expired benefit year. The services performed must have been in insured work and the wage credits from the services must equal not less than ten times the weekly benefit amount of the second benefit year.*

(2) No employer who provided 90 percent or more of the wage credits in a claimant's base period shall be charged for benefits based upon earnings of the claimant during a subsequent base period unless the employer has employed the claimant in any part of the subsequent base period.

(3) Wages paid by an employing unit may not be used for benefit purposes by any individual who (a) individually or jointly with a spouse, parent or child owns or controls directly or indirectly 25 percent or more interest in the employing unit; or (b) is the spouse, parent or minor child of any individual who owns or controls directly or indirectly 25 percent or more interest in the employing unit; and (c) is not permanently separated from employment.

This clause is effective when the individual has been paid four times the individual's weekly benefit amount in the current benefit year.

(4) Wages paid in seasonal employment, as defined in subdivision 2a, are not available for benefit purposes during weeks in which there is no seasonal employment available with the employer.

(5) *No employer shall be charged for benefits if he is a base period employer on a second claim solely because of the transition from a base*

*period consisting of the 52-week period preceding the claim date to a base period consisting of the first four of the last five completed calendar quarters preceding the claim date.*

Sec. 17. Minnesota Statutes 1984, section 268.071, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] As used in this section, unless the context clearly requires otherwise:

(1) [EXTENDED BENEFIT PERIOD.] "Extended benefit period" means a period which

(a) Begins with the third week after a week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later: The third week after the first week for which there is a state "off" indicator; or the 13th consecutive week of the period;

Provided, that no extended benefit period may begin before the 14th week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) [STATE "ON" INDICATOR.] There is a "state 'on' indicator" for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this law

(a) equaled or exceeded 120 percent of the average of such rates for the corresponding 13 week period ending in each of the preceding two calendar years, and

(b) equaled or exceeded five percent.

The determination of whether there has been a state "on" indicator beginning any extended benefit period may be made as provided in clauses (a) and (b) above or a "state 'on' indicator" shall exist if the rate described in clause (b) equaled or exceeded six percent irrespective of whether the percentage requirement provided by clause (a) is met or exceeded.

(3) [STATE "OFF" INDICATOR.] There is a "state 'off' indicator" for this state for a week if, for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment is less than six percent and the requirements for a "state 'on' indicator" under clause (2) of this subdivision are not satisfied.

(4) [RATE OF INSURED UNEMPLOYMENT.] "Rate of insured unemployment," for purposes of clauses (2) and (3), means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of his reports to the United States secretary of labor, by the average monthly employment covered under this law for the first four of the most recent six completed calendar quarters ending before the end of such 13 week period.

(5) [REGULAR BENEFITS.] "Regular benefits" means benefits payable

to an individual under this law or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits and additional benefits.

(6) [EXTENDED BENEFITS.] "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

(7) [ADDITIONAL BENEFITS.] "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(8) [ELIGIBILITY PERIOD.] "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(9) [EXHAUSTEE.] "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this law or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week;

Provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although as a result of a pending appeal with respect to wage credits or ~~credit~~ ~~weeks~~ that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week or having established a benefit year that includes such week, he is precluded from receiving regular compensation by reason of: (i) a state law provision which meets the requirements of section 3304 (a) (7) of the Internal Revenue Code of 1954, or (ii) a disqualification determination which cancelled wage credits or totally reduced his benefit rights, or (iii) benefits are not payable by reason of a seasonal limitation in a state unemployment insurance law; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act, the trade expansion act of 1962, the automotive products act of 1965 and such other federal laws as are specified in regulations issued by the United States secretary of labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.

(10) [STATE LAW.] "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the Internal Revenue Code of 1954.

Sec. 18. [268.0711] [ADDITIONAL UNEMPLOYMENT COMPENSATION BENEFITS; REDUCED OPERATIONS.]

*Subdivision 1. Additional unemployment compensation benefits are authorized under this section only if the commissioner determines that:*

*(1) an employer has reduced operations at an establishment resulting in the reduction of at least 50 percent of the employer's work force and the lay-off of at least 50 employees at that establishment;*

*(2) the employer does not intend to resume operations which would lead to the reemployment of those employees at any time in the future; and*

*(3) the unemployment rate for the county in which the establishment is located was ten percent during the month of the reduction or any of the three months preceding or succeeding the reduction.*

*Subd. 2. [PAYMENT OF BENEFITS.] All benefits payable under this section are payable from the fund.*

*Subd. 3. [ELIGIBILITY CONDITIONS.] An individual is eligible to receive additional benefits under this section for any week during the individual's benefit year if the commissioner finds that:*

*(1) the individual's unemployment is the result of a reduction in operations as provided under subdivision 1;*

*(2) the individual is unemployed and meets the eligibility requirements for the receipt of unemployment benefits under section 268.08;*

*(3) the individual is not subject to a disqualification for benefits under section 268.09; for the purpose of this subdivision, the disqualifying conditions set forth in section 268.09, and the requalifying requirements thereunder, apply to the receipt of additional benefits under this section;*

*(4) the individual has exhausted all rights to regular benefits payable under section 268.07, is not entitled to receive extended benefits under section 268.071, and is not entitled to receive unemployment compensation benefits under any other state or federal law for the week in which the individual is claiming additional benefits;*

*(5) the individual has made a claim for additional benefits with respect to any week the individual is claiming benefits in accordance with the regulations as the commissioner may prescribe with respect to claims for regular benefits; and*

*(6) the individual has worked at least 26 weeks during the individual's base period in employment with an employer for whom the commissioner has determined there was a reduction in operations under subdivision 1.*

*Subd. 4. [WEEKLY BENEFIT AMOUNT.] A claimant's weekly benefit amount under this section shall be the same as the individual's weekly benefit amount payable during the individual's current benefit year under section 268.08.*

*Subd. 5. [MAXIMUM BENEFITS PAYABLE.] A claimant's maximum amount of additional benefits payable in the individual's benefit year shall be the lesser of one-sixth of total base period wage credits earned by the individual in the employ of an employer for whom the commissioner has deter-*

*mined there was a reduction in operations under subdivision 1, computed to the nearest whole week, or 13 times the individual's weekly benefit amount. Unemployment compensation benefits paid to an individual under any state or federal law other than regular benefits payable under section 268.07 shall be deducted from that individual's maximum amount of additional benefits.*

*Subd. 6. The additional benefits provided under this section shall be payable to any claimant whose unemployment is the result of a reduction in operations under subdivision 1 which has occurred on July 1, 1984, or thereafter, provided the claimant has filed a claim for additional benefits which is effective January 1, 1986, or thereafter.*

**Sec. 19. [268.0712] [ADDITIONAL UNEMPLOYMENT COMPENSATION BENEFITS; DISTRESSED AREAS.]**

*Subdivision 1. [ELIGIBILITY.] A claimant who lives in an economic development region designated pursuant to section 462.385 where the insured unemployment rate is more than 1.5 times the rate of insured unemployment in this state, as calculated under section 268.071, subdivision 1, clause (4), is eligible for additional regular unemployment benefits equal to four times the claimant's weekly benefit amount if the individual has exhausted all rights to regular benefits payable under section 268.07, is not entitled to receive extended benefits under section 268.071 or additional benefits under section 18, and is not entitled to receive unemployment compensation benefits under any other state or federal law for the week in which the individual is claiming additional benefits under this section.*

*Subd. 2. [ELIGIBILITY PERIOD.] (a) The period for which benefits are payable in an economic development region is the same as the period for which benefits are available under section 268.071; except that, for purposes of that section, the "on-indicator" is the first week after the rate of insured unemployment in the economic development region equals 1.5 times the rate of insured unemployment in this state and the "off indicator" is the first week after the rate of insured unemployment in the economic development region is less than 1.5 times the rate of insured unemployment in this state. For purposes of this subdivision, the "rate of insured unemployment in this state" is calculated in the manner provided under section 268.071, subdivision 4, clause (4); and the "rate of insured unemployment in the economic development region" is calculated in the manner provided under section 268.071, subdivision 1, clause (4), except that, the number of individual filing claims and the average monthly employment for purposes of this calculation is with respect to the particular economic development region only.*

**Sec. 20. Minnesota Statutes 1985 Supplement, section 268.08, subdivision 1, is amended to read:**

**Subdivision 1. [ELIGIBILITY CONDITIONS.]** An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or

situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt;

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended.

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the ~~credit weeks~~ *wage credits* earned in the base period were for services performed during weeks in which the student was attending school as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty; and

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. However, payment for the waiting week shall be made to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment. *Such payment shall be the lesser of (i) the minimum weekly benefit amount in effect at the time of payment under section 268.07, subdivision 2, paragraph (a) or (b), whichever is applicable, or (ii) the weekly benefit amount the individual is entitled to under sections 268.07 and 268.08.*

No individual is required to serve a waiting period of more than one week within the one-year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 21. Minnesota Statutes 1984, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from employment under clauses (1), (2), or (3) shall be disqualified for waiting week credit and benefits. For separations under clauses (1) and (2), the disqualification shall continue until ~~four~~ *eight* calendar weeks have elapsed following his separation and the individual has earned ~~four~~ *eight* times his weekly benefit amount in insured work.

(1) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued his employment with such employer. For the purpose of this clause, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment or based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act in behalf of the

individual shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(2) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with his work or for misconduct which interferes with and adversely affects his employment.

An individual shall not be disqualified under clauses (1) and (2) of this subdivision under any of the following conditions:

(a) The individual voluntarily discontinued his employment to accept work offering substantially better conditions of work or substantially higher wages or both;

(b) The individual is separated from employment due to his own serious illness provided that such individual has made reasonable efforts to retain his employment;

An individual who is separated from his employment due to his illness of chemical dependency which has been professionally diagnosed or for which he has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment he knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain his employment.

(c) The individual accepts work from a base period employer which involves a change in his location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues his employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(d) The individual left employment because he had reached mandatory retirement age and was 65 years of age or older;

(e) The individual is terminated by his employer because he gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which he receives his normal wage or salary which is equal to or greater than his weekly benefit amount;

(f) The individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter

178;

(g) The individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual.

(3) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with his work or gross misconduct which interferes with and adversely affects his employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom he was discharged for gross misconduct connected with his work.

For the purpose of this clause "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, gross misconduct also includes misconduct involving an act of patient or resident abuse as defined in section 626.557, subdivision 2, clause (d).

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with his work.

(4) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing clauses, excepting clauses (2)(c) and (2)(e), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure, without good cause, to accept an offer of suitable re-employment shall not be used as a factor in determining the future contribution rate of the employer whose offer of re-employment he failed to accept or whose offer of re-employment was refused solely due to the distance of the available work from his residence, the individual's own serious illness or his other employment at the time of the offer.

(5) An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after his separation from employment with the employer.

(6) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from his own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 22. Minnesota Statutes 1984, section 268.09, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK OR RE-EMPLOYMENT.] An individual shall be disqualified for waiting

week credit and benefits during the week of occurrence and until ~~four~~ eight calendar weeks have elapsed following his refusal or failure and he has earned ~~four~~ eight times his weekly benefit amount in insured work if the commissioner finds that he has failed, without good cause, either to apply for available, suitable work of which he was advised by the employment office, or the commissioner or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commissioner, or to accept a base period employer's offer of re-employment offering substantially the same or better hourly wages and conditions of work as were previously provided by that employer in his base period.

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience, his length of unemployment and prospects of securing local work in his customary occupation, and the distance of the available work from his residence, *and how the offered work's wage compares with the wage the individual received during the high quarter of the individual's base period. With respect to the work's wage, the work shall be deemed suitable if it is otherwise suitable considering the above factors and the wage rate offered to the claimant is equal to 100 percent of the claimant's average weekly wage during the high quarter of the claimant's base period, if the work is offered during the first four weeks following a valid claim for benefits; equal to at least 85 percent of the claimant's average weekly wage during the high quarter of the claimant's base period, if the work is offered during weeks five through eight following a valid claim for benefits; equal to at least 75 percent of the claimant's average weekly wage during the high quarter of the claimant's base period, if the work is offered during weeks nine through 12 following a valid claim for benefits; or equal to at least 70 percent of the claimant's average weekly wage during the high quarter of the claimant's base period, if the work is offered after 12 weeks of benefits have been received.*

(b) Notwithstanding any other provisions of sections 268.03 to 268.24, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;

(4) if the individual is in training with the approval of the commissioner.

Sec. 23. Minnesota Statutes 1984, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] (a) Claims for benefits shall be made in accordance with such regulations as the commissioner may prescribe. Each employer shall post and maintain printed statements of such regulations in

places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commissioner to each employer without cost to him.

(4) (b) Any employer upon separation of an employee from his employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall provide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of his employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the reason for separation from all employers in his base period.

(2) Upon the filing, by an individual, of a claim for benefits, the commissioner shall give notice to all such base period employers of the filing of such claim and request each such base period employer, within seven days after the mailing of such notice, to furnish the following information:

(a) The total wage credits earned in the base period;

(b) The number of credit weeks which end within the base period;

(c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;

(d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and

(e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual.

(3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to his last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of economic security and credited to the contingent fund if he has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to his last known address.

(c) Upon establishment of a benefit year, the commissioner shall give notice to the last employer for whom the individual worked and all base period employers. The employer so notified shall have seven days after the mailing of the notice to file a protest to monetary entitlement or raise an issue of ineligibility or disqualification.

(d) If, upon review of the wage information on file with the department, it is found that an employer failed to provide wage information for the claim-

ant, the commissioner shall accept a claimant certification as to the wages earned, based upon the claimant's records, and issue a monetary determination of validity certification. This determination may be modified based upon corrected information subsequently received from the employer or other sources. The employer who failed to report the individual's wages or filed an erroneous report may be penalized in accordance with section 268.16 or 268.18. In the absence of fraud, if a redetermination of validity of claim based on an employer's late or erroneous report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such redetermination; and

(b) (e) The commissioner shall determine any issue of disqualification raised by ~~clause (1) under paragraph (c)~~ or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in ~~clause (1) paragraph (b)~~, any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.

Sec. 24. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. ~~If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks from all employers in insured work by the number of base period credit weeks.~~ If within the time specified for the filing of ~~wage and separation information~~ a protest as provided in subdivision 1, ~~clause (2) paragraph (c)~~, the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal

tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 25. Minnesota Statutes 1984, section 268.12, subdivision 8, is amended to read:

Subd. 8. [RECORDS; REPORTS.] (1) Each employing unit shall keep true and accurate work records for such periods of time and containing such

information as the commissioner may prescribe. Such records shall be open to inspection, audit, and verification, and be subject to being copied by any authorized representative of the commissioner at any reasonable time and as often as may be necessary. The commissioner, appeal referee, or any other duly authorized representative of the commissioner, may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commissioner, appeal referee, or any other duly authorized representative of the commissioner deems necessary for the effective administration of sections 268.03 to 268.24, ~~provided that quarterly contribution and wage report forms shall include the employee's name, social security number, and total wages paid to the employee.~~

(2) The commissioner may cause to be made such summaries, compilations, photographs, duplications, or reproductions of any records, reports, or transcripts thereof as he may deem advisable for the effective and economical preservation of the information contained therein, and such summaries, compilations, photographs, duplications or reproductions, duly authenticated, shall be admissible in any proceeding under sections 268.03 to 268.24, if the original record or records would have been admissible therein. Notwithstanding any restrictions contained in section 16B.50, except restrictions as to quantity, the commissioner is hereby authorized to duplicate, on equipment furnished by the federal government or purchased with funds furnished for that purpose by the federal government, records, reports, summaries, compilations, instructions, determinations, or any other written matter pertaining to the administration of the Minnesota economic security law.

(3) Notwithstanding any inconsistent provisions elsewhere, the commissioner may provide for the destruction or disposition of any records, reports, transcripts, or reproductions thereof, or other papers in his custody, which are more than two years old, the preservation of which is no longer necessary for the establishment of contribution liability or benefit rights or for any purpose necessary to the proper administration of sections 268.03 to 268.24, including any required audit thereof, provided, that the commissioner may provide for the destruction or disposition of any record, report, or transcript, or other paper in his custody which has been photographed, duplicated, or reproduced in the manner provided in clause (2).

(4) Notwithstanding the provisions of the Minnesota State Archives Act the commissioner shall with the approval of the legislative auditor destroy all benefit checks and benefit check authorization cards that are more than two years old and no person shall make any demand, bring any suit or other proceeding to recover from the state of Minnesota any sum alleged to be due him on any claim for benefits after the expiration of two years from the date of filing such claim.

Sec. 26. Minnesota Statutes 1984, section 268.121, is amended to read:

268.121 [WAGE REPORTING.]

Beginning on April 1, 1984, each employer subject to this chapter shall provide the commissioner with a quarterly report of *the wages*, as defined in ~~section 268.04, subdivision 25~~, paid to each employee of that employer covered by this chapter. ~~The commissioner shall provide the legislature with his recommendations for statutory changes to fully implement this section no~~

later than January 1, 1983. The report must include the employee's name, social security number, and the total wages paid to the employee. The report is due and must be filed at the same time as the contribution report in accordance with rules established by the commissioner for filing of quarterly contribution reports. For the purpose of this section, "wages paid" includes wages actually or constructively paid and wages overdue and delayed beyond the usual time of payment.

Sec. 27. Minnesota Statutes 1984, section 268.16, subdivision 2, is amended to read:

Subd. 2. [REPORTS; DELINQUENCIES; PENALTIES.] (H) (a) Any employer who knowingly fails to make and submit to the department of economic security any contribution report of wages paid by or due from him for insured work in the manner and at the time such the report is required by regulations rules prescribed by the commissioner shall pay to the department of economic security for the contingent account a penalty in the amount of one and one-half percent of contributions accrued during the period for which such the report is required, for each month from and after such the due date until such the report is properly made and submitted to the department of economic security. In no case shall the amount of the penalty imposed hereby be less than \$5 per month. The maximum penalty imposed hereby shall be \$25 or the amount determined at the rate of 1-1/2 percent per month, whichever is greater. Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the regulations of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of economic security for the contingent account. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

(2) (b) If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by regulations under the authority thereof, or shall make, willfully or otherwise, an incorrect, false or fraudulent contribution report, he shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make for him a report, or corrected report, from his own knowledge and from such information as he can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, if he finds it substantially correct, substitute it for the commissioner's report.

(c) Any employer who fails to file the wage detail report required by section 268.121 shall pay to the department for the contingent account a penalty of one-half of one percent of total wages paid and wages due but not paid during the period for each month the report is delinquent. The penalty shall not be assessed if the wage detail report is properly made and filed within 30 days after a demand for the report is mailed to the employer's address of record. In no case shall the amount of the penalty, if assessed, be less than \$25. Penalties due under this subdivision may be waived where good cause for late filing is found by the commissioner.

(d) Any employer who files the wage detail report required by section 268.121, but knowingly fails to include any of the required information or knowingly enters erroneous information, shall be subject to a penalty of \$25 for each individual for whom the information is missing or erroneous.

(e) Any employing unit which fails to make and submit to the commissioner any report, other than a contribution report or wage detail report, as and when required by rule, shall be subject to a penalty in the sum of \$50 payable to the department for the contingent account.

(f) The penalties provided for in paragraphs (a), (c), (d), and (e) are in addition to interest and any other penalties imposed by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

Sec. 28. Minnesota Statutes 1984, section 268.16, is amended by adding a subdivision to read:

*Subd. 2a. [COSTS.] Any employing unit which fails to make and submit reports or pay any contributions or reimbursement when due is liable to the department for any recording fees, sheriff fees, or litigation costs incurred in obtaining the reports or collecting the amounts due.*

*If any check or money order, in payment of any amount due under sections 268.03 to 268.24, is not honored when presented for payment, the employing unit will be assessed a fee of \$20 which shall be in addition to any other fees required under sections 268.03 to 268.24. The fee shall be assessed regardless of the amount of the check or money order or the reason for nonpayment with the exception of processing errors made by a financial institution.*

*Costs due under this subdivision shall be paid to the department and credited to the administration fund.*

Sec. 29. [REVISOR'S INSTRUCTION.]

*The revisor of statutes shall change all references in chapter 268 to the "department of economic security" to the "department of jobs and training."*

Sec. 30. [268.86] [LOAN.]

*Up to \$20,000,000 is appropriated and authorized as a loan from the general fund to the commissioner of jobs and training for transfer to the unemployment compensation fund established under section 268.05 for the purpose of paying unemployment benefits due during the period from November 10, 1986, through January 1, 1987, to the extent there are insufficient funds in the unemployment compensation fund for the payment of benefits. The commissioner may transfer to the unemployment compensa-*

tion fund and spend only amounts from this loan as are necessary to pay all unemployment benefits due during the period from November 10, 1986, through January 1, 1987, without requiring an advance from the secretary of the treasury of the United States under section 1201 of the Social Security Act, as amended. Amounts transferred from this loan are repayable to the general fund immediately after January 1, 1987, from contributions obtained by the commissioner pursuant to section 268.06. The amounts necessary to make the repayment are appropriated from the unemployment compensation fund for transfer to the general fund. These appropriations are available until June 30, 1987.

Sec. 31. [REPEALER.]

Minnesota Statutes 1984, section 268.04, subdivisions 8, 29, and 30, are repealed.

Sec. 32. [EFFECTIVE DATE.]

Section 11 is effective January 1, 1986. Sections 1, 6, 7, 18, 19, 25, 26, 27, 28, 29, and 30 are effective the day following final enactment. Sections 21 and 22 are effective July 1, 1986. Sections 2, 3, 4, 5, 8, 9, 10, 12, 13, 15, 16, 17, 23, 24, and 31 are effective January 1, 1987. Section 14, subdivision 2, except paragraph (b), is effective January 1, 1987; section 14, subdivision 2, paragraph (b), is effective January 1, 1988."

“ARTICLE I

UNEMPLOYMENT COMPENSATION

Section 1. Minnesota Statutes 1984, section 268.03, is amended to read:

268.03 [DECLARATION OF PUBLIC POLICY.]

As a guide to the interpretation and application of sections 268.03 to 268.24, the public policy of this state is declared to be as follows: Economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of this state. Involuntary unemployment is therefore a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burdens. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious social consequences of poor relief assistance. The legislature, therefore, declares that in its considered judgment the public good and the general welfare of the citizens of this state will be promoted by providing, under the police powers of the state for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own establishment of an unemployment insurance fund. *The reserves of the unemployment insurance fund are to be used to provide a temporary replacement of a portion of lost wages to individuals with a permanent attachment to the work force, who become involuntarily unemployed through no fault of their own, and who are actively seeking, and are willing and available to accept, suitable reemployment.*

Sec. 2. Minnesota Statutes 1984, section 268.04, subdivision 25, is amended to read:

Subd. 25. [WAGES.] “Wages” means all remuneration for services, including commissions and bonuses, back pay as of the date of payment, and tips and gratuities paid to an employee by a customer of an employer and accounted for by the employee to the employer, and the cash value of all remuneration in any medium other than cash, except that such term shall not include:

(a) For the purpose of determining contributions payable under section 268.06, subdivision 2, that part of the remuneration which exceeds, for each calendar year, the greater of \$7,000 or that part of the remuneration which exceeds 60 percent of the average annual wage rounded to the nearest \$100 computed in accordance with the provisions of clause (A) (i) \$11,400 for calendar year 1987 and \$12,000 for calendar year 1988 and all calendar years thereafter, for each employer that has an experience ratio of one-tenth of one percent or more, or (ii) \$10,000 for calendar year 1987, and \$12,000 for calendar year 1988 and thereafter, for each employer that has an experience ratio of less than one-tenth of one percent, paid to an individual by an employer with respect to covered employment in this state, or with respect to employment under the unemployment compensation law of any other state during any calendar year paid to such individual by such covered employer or his predecessor during such calendar year; provided, that if the

term "wages" as contained in the Federal Unemployment Tax Act is amended to include remuneration in excess of the amount required to be paid hereunder to an individual by an employer under the federal act for any calendar year, wages for the purposes of sections 268.03 to 268.24 shall include remuneration paid in a calendar year up to an amount equal to the dollar limitation specified in the Federal Unemployment Tax Act. For the purposes of this clause, the term "employment" shall include service constituting employment under any employment security law of another state or of the federal government;

(b) The amount of any payment made to, or on behalf of, an employee under a plan or system established by an employer which makes provision for his employees generally or for a class or classes of his employees (including any amount paid by an employer for insurance or annuities, or into a fund, to provide for any such payment), on account of (1) retirement or (2) sickness or accident disability or (3) medical and hospitalization expenses in connection with sickness or accident disability, or (4) death, provided the employee has not the option to receive, instead of provision for such death benefit, any part of such payment, or if such death benefit is insured, any part of the premium (or contributions to premiums) paid by his employer and has not the right, under the provisions of the plan or system or policy of insurance providing for such death benefit, to assign such benefit, or to receive a cash consideration in lieu of such benefit either upon his withdrawal from the plan or system providing for such benefit or upon termination of such plan or system or policy of insurance or of his employment with such employer;

(c) The payment by an employer (without deduction from the remuneration of the employee) (1) of the tax imposed upon an employee under section 3101 of the federal Internal Revenue Code, or (2) of any payment required from an employee under a state unemployment compensation law, with respect to remuneration paid to an employee for domestic service in a private home of the employer or for agricultural labor;

(d) Any payments made to a former employee during the period of active military service in the armed forces of the United States by such employer, whether legally required or not;

(e) Any payment made to, or on behalf of, an employee or his beneficiary (1) from or to a trust described in section 401(a) of the federal Internal Revenue Code which is exempt from tax under section 501(a) of such code at the time of such payment unless such payment is made to an employee of the trust as remuneration for services rendered as an employee and not as a beneficiary of the trust, or (2) under or to an annuity plan which, at the time of such payment is a plan described in section 403(a) of the federal Internal Revenue Code, or (3) under or to a bond purchase plan which, at the time of such payment, is a qualified bond purchase plan described in section 405(a) of the federal Internal Revenue Code;

The average annual wage determined shall be effective for the calendar year next succeeding the determination. The value of any meals and lodgings furnished by or on behalf of the employer, if at the time of such furnishings it is reasonable to believe that the employee will be able to exclude such items from income under United States Code, title 26, section 119.

Sec. 3. Minnesota Statutes 1984, section 268.04, subdivision 29, is amended to read:

Subd. 29. "Credit week" is any week for which wages or back pay, actually or constructively paid, wages overdue and delayed beyond the usual time of payment, and back pay by or from one or more employers to an employee for insured work equal or exceed 30 percent of the average weekly wage times the adult minimum wage in effect under section 177.24, subdivision 1, on December 31 of the year two years before the year in which the claim is made. The product shall be computed to the nearest whole dollar. ~~On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:~~

(a) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment;

(b) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage; and

(c) The average annual wage shall be divided by 52 to determine the average weekly wage.

The average weekly wage as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to December 31 of the year of the computation.

Sec. 4. Minnesota Statutes 1984, section 268.06, subdivision 5, is amended to read:

Subd. 5. [BENEFITS CHARGED AS AND WHEN PAID.] Benefits paid to an individual pursuant to a valid claim shall be charged against the account of his employer as and when paid, except that benefits paid to an individual who earned base period wages for part-time employment shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer if the employer: (1) provided weekly base period part-time employment; (2), continues to provide weekly employment equal to at least 90 percent of the part-time employment provided in the base period; and (3) is an interested party because of the individual's loss of other employment; or (2) provided weekly employment in the base period on an on-call as needed basis, continues to employ the individual on the same basis and provides employment substantially equal to the employment provided in the base period, and is an interested party because of the individual's loss of other employment.

The amount of benefits so chargeable against each base period employer's account shall bear the same ratio to the total benefits paid to an individual as the base period wage credits of the individual earned from such employer bear to the total amount of base period wage credits of the individual earned from all his base period employers.

In making computations under this provision, the amount of wage credits if not a multiple of \$1, shall be computed to the nearest multiple of \$1.

Benefits shall not be charged to an employer that is liable for payments in lieu of contributions or to the experience rating account of an employer for unemployment that is directly caused by a major natural disaster declared by the president pursuant to section 102(2) of the Disaster Relief Act of 1974 (42 United States Code 5122(2)), if the unemployed individual would have been eligible for disaster unemployment assistance with respect to that unemployment but for the individual's receipt of unemployment insurance benefits.

Sec. 5. Minnesota Statutes 1984, section 268.06, subdivision 8, is amended to read:

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] For each calendar year the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the experience ratio, ~~except that if the ratio for the current calendar year increases or decreases the experience ratio for the preceding calendar year by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, the increase or decrease for the current year shall be limited to one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter. "Small business employer" for the purpose of this subdivision means an employer with an annual covered payroll of \$250,000 or less, or fewer than 20 employees in three of the four quarters ending June 30, of the previous calendar year.~~

The minimum rate for all employers *that have had benefits charged to their account at any time during the period described in subdivision 6* shall be one percent if the amount in the unemployment compensation fund is less than \$80,000,000 on June 30 of the preceding calendar year; or nine-tenths of one percent if the fund is more than \$80,000,000 but less than \$90,000,000; or eight-tenths of one percent if the fund is more than \$90,000,000 but less than \$110,000,000; or seven-tenths of one percent if the fund is more than \$110,000,000 but less than \$130,000,000; or six-tenths of one percent if the fund is more than \$130,000,000 but less than \$150,000,000; or five-tenths of one percent if the fund is more than \$150,000,000 but less than \$170,000,000; or three-tenths of one percent if the fund is more than \$170,000,000 but less than \$200,000,000; or one-tenth of one percent if the fund is \$200,000,000 or more; provided that no employer shall have a contribution rate of more than 7.5 percent.

*The minimum rate for all employers that have not had benefits charged to their account at any time during the period described in subdivision 6 shall be eight-tenths of one percent for calendar year 1987 and seven-tenths of one percent for calendar year 1988 and thereafter.*

For the purposes of this section the unemployment compensation fund shall not include any moneys advanced from the Federal Unemployment Account in the unemployment trust fund in accordance with Title XII of the Social Security Act, as amended. ~~No employer first assigned an experience ratio in accordance with subdivision 6, shall have his contribution rate increased or decreased by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter over the contribution rate assigned for the preceding calendar year in accordance with subdivision 3a, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.~~

Sec. 6. [268.062] [STANDBY SOLVENCY SURTAX.]

*If the balance in the unemployment compensation fund as calculated on April 1 of a year is less than 12.5 percent of benefits paid out in the previous year, a ten percent surtax is imposed on employers payable to the unemployment compensation fund. The surtax is imposed on the experience portion of the employer's contributions for the calendar year preceding the April 1 calculation. The surtax shall be assessed on the July 1 next following the April 1 calculation and is due March 1 of the year following its imposition. The surtax imposed by this subdivision is not a part of the employer's contribution rate for the purpose of the maximum tax limitation of section 268.06, subdivision 8. An employer's surtax under this section and contribution rate under section 268.06, subdivision 8, shall not in the aggregate exceed 8.15 percent.*

Sec. 7. Minnesota Statutes 1984, section 268.07, subdivision 2, is amended to read:

Subd. 2. [WEEKLY BENEFIT AMOUNT AND DURATION.] If the commissioner finds that an individual has earned ~~15, 18 or more,~~ credit weeks within the base period of employment in insured work with one or more employers *for claims establishing a benefit year prior to July 1, 1988, or 20 or more credit weeks for claims establishing a benefit year subsequent to June 30, 1988,* benefits shall be payable to such individual during his benefit year as follows:

(1) *The weekly benefit amount shall be equal to 60 percent of the first \$85, 40 percent of the next \$85 and 50 percent of the remainder of the average weekly wage of such individual.*

*(a) for claims which establish a benefit year prior to July 1, 1987, the individual's total base period wage credits multiplied by 1.0 percent; or*

*(b) for claims which establish a benefit year subsequent to June 30, 1987, the individual's total base period wage credits multiplied by 1.1 percent if it is the individual's first claim during the five-year period immediately preceding the claim filing, or 1.0 percent for subsequent claims filed within that five-year period.*

The amount so computed *under this paragraph*, if not a whole dollar, shall be rounded down to the next lower dollar amount. ~~The maximum weekly benefit amount of claims for benefits which establish a benefit year subsequent to July 1, 1979 shall be 66-2/3 percent of the average weekly wage, except as provided in clause (d).~~

On or before June 30 of each year the commissioner shall determine the average weekly wage paid by employers subject to sections 268.03 to 268.24 in the following manner:

(a) The sum of the total monthly employment reported for the previous calendar year shall be divided by 12 to determine the average monthly employment.

(b) The sum of the total wages reported for the previous calendar year shall be divided by the average monthly employment to determine the average annual wage.

(c) The average annual wage shall be divided by 52 to determine the average weekly wage.

The maximum weekly benefit amount as so determined computed to the nearest whole dollar shall apply to claims for benefits which establish a benefit year which begins subsequent to June 30 of each year.

(d) The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1982, and prior to July 1, 1983, shall be \$184.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1983, and prior to July 1, 1984, shall be \$191.

The maximum weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1984, and prior to July 1, 1985, shall be \$198.

(2) An individual's maximum amount of regular benefits payable in a benefit year shall not exceed the lesser of (a) 26 times his weekly benefit amount or (b) ~~70~~ 66-2/3 percent of the number of credit weeks earned by such an individual computed to the nearest whole week times his weekly benefit amount; *except that, the maximum number of weeks of benefits that can be received as calculated under this paragraph shall be increased by one for each full year, excluding the first five years, of continuous employment the individual has worked with the same employer, subject to a maximum of eight additional weeks. For purposes of this paragraph, "continuous employment" means an individual has 26 or more credit weeks in a calendar year with the same employer with credit being given for leaves of absence for health reasons.*

(3) Each eligible individual who is unemployed in any week shall be paid with respect to such week a benefit in an amount equal to his weekly benefit amount less that part of his earnings, including holiday pay, payable to him with respect to such week which is in excess of \$25 or \$200 for earnings from service in the national guard or a United States military reserve unit. *In addition, one-fourth of the individual's earnings up to the amount of the individual's benefit shall not apply to reduce the individual's benefit. Jury duty pay is not considered as earnings and shall not be deducted from benefits paid. Such benefit, if not a whole dollar amount shall be rounded down to the next lower dollar amount.*

(4) The provisions of clauses (1) and (2) shall apply to claims for benefits which establish a benefit year subsequent to June 30, 1983. *The minimum*

*weekly benefit amount for claims for benefits which establish a benefit year subsequent to June 30, 1986, shall be \$68. The maximum weekly benefit amount for claims for benefits that establish a benefit year subsequent to June 30, 1986, shall be \$228.*

Sec. 8. Minnesota Statutes 1984, section 268.07, subdivision 2a, is amended to read:

Subd. 2a. [EXCEPTION.] Notwithstanding the provisions of subdivision 2, if the commissioner finds that an individual has earned credit weeks in seasonal employment, benefits shall be payable only if the commissioner finds that the individual has earned ~~45~~ 18 credit weeks in employment which is not seasonal, in addition to any credit weeks in seasonal employment. For the purposes of this subdivision, "seasonal employment" means employment with a single employer in the recreation or tourist industry which is available with the employer for ~~45~~ 18 consecutive weeks or less each calendar year.

Sec. 9. [268.073] [ADDITIONAL UNEMPLOYMENT COMPENSATION BENEFITS.]

*Subdivision 1. Additional unemployment compensation benefits are authorized under this section only if the commissioner determines that:*

*(1) an employer has reduced operations at an establishment resulting in the reduction of at least 50 percent of the employer's work force and the lay-off of at least 50 employees at that establishment;*

*(2) the employer does not intend to resume operations which would lead to the reemployment of those employees at any time in the future; and*

*(3) the unemployment rate for the county in which the establishment is located was ten percent during the month of the reduction or any of the three months preceding or succeeding the reduction.*

Subd. 2. [PAYMENT OF BENEFITS.] *All benefits payable under this section are payable from the fund.*

Subd. 3. [ELIGIBILITY CONDITIONS.] *An individual is eligible to receive additional benefits under this section for any week during the individual's benefit year if the commissioner finds that:*

*(1) the individual's unemployment is the result of a reduction in operations as provided under subdivision 1;*

*(2) the individual is unemployed and meets the eligibility requirements for the receipt of unemployment benefits under section 268.08;*

*(3) the individual is not subject to a disqualification for benefits under section 268.09; for the purpose of this subdivision, the disqualifying conditions set forth in section 268.09, and the requalifying requirements thereunder, apply to the receipt of additional benefits under this section;*

*(4) the individual has exhausted all rights to regular benefits payable under section 268.07, is not entitled to receive extended benefits under section 268.071, and is not entitled to receive unemployment compensation benefits under any other state or federal law for the week in which the individual is claiming additional benefits;*

(5) the individual has made a claim for additional benefits with respect to any week the individual is claiming benefits in accordance with the regulations as the commissioner may prescribe with respect to claims for regular benefits; and

(6) the individual has worked at least 26 weeks during the individual's base period in employment with an employer for whom the commissioner has determined there was a reduction in operations under subdivision 1.

*Subd. 4. [WEEKLY BENEFIT AMOUNT.] A claimant's weekly benefit amount under this section shall be the same as the individual's weekly benefit amount payable during the individual's current benefit year under section 268.08.*

*Subd. 5. [MAXIMUM BENEFITS PAYABLE.] A claimant's maximum amount of additional benefits payable in the individual's benefit year shall be six times the individual's weekly benefit amount. Unemployment compensation benefits paid to an individual under any state or federal law other than regular benefits payable under section 268.07 shall be deducted from that individual's maximum amount of additional benefits.*

*Subd. 6. The additional benefits provided under this section shall be payable to any claimant who meets the eligibility conditions under subdivision 3 whose unemployment occurred on July 1, 1984, or thereafter, provided the claimant has filed a claim for additional benefits which is effective January 1, 1986, or thereafter.*

Sec. 10. Minnesota Statutes 1985 Supplement, section 268.08, subdivision 1, is amended to read:

**Subdivision 1. [ELIGIBILITY CONDITIONS.]** An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt;

(3) was able to work and was available for work, and was actively seeking work. The individual's weekly benefit amount shall be reduced one-fifth for each day the individual is unable to work or is unavailable for work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended.

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the credit weeks earned in the base period were for services performed during weeks in which the student was attending school

as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty; and

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. However, payment for the waiting week shall be made to the individual as follows: *ten percent of the amount of the individual's weekly benefit amount otherwise payable shall be paid to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment; the remaining 90 percent of the individual's weekly benefit amount shall be paid to the individual after the last week for which the individual has qualified for and been paid benefits.* No individual is required to serve a waiting period of more than one week within the one-year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 11. Minnesota Statutes 1984, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which he is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of his weekly benefit amount in the form of

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or dismissal payment is made in a lump sum, the employer may allocate such lump sum payment over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided any such payment shall be applied for a period immediately following the last day of work but not to exceed 28 calendar days; or

(2) vacation allowance paid directly by the employer for a period of requested vacation, including vacation periods assigned by the employer under the provisions of a collective bargaining agreement, or uniform vacation shutdown; or

(3) compensation for loss of wages under the workers' compensation law of this state or any other state or under a similar law of the United States, or under other insurance or fund established and paid for by the employer except that this does not apply to an individual who is receiving temporary partial compensation pursuant to section 176.101, subdivision 3k; or

(4) 50 percent of the pension payments from any fund, annuity or insurance maintained or contributed to by a base period employer including the armed forces of the United States if the employee contributed to the fund, annuity or insurance and all of the pension payments if the employee did not contribute to the fund, annuity or insurance; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act as amended, or similar old age benefits under any act of congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would

otherwise be due under sections 268.03 to 268.24, he shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that he is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

*If an individual's benefit is reduced because of the receipt of a pension from the employer that the individual left due to the reasons described in clause (b), the individual's benefit year shall be extended by the number of weeks necessary for the individual to receive the benefit which would have been paid in the benefit year except for that reduction if the following conditions are satisfied:*

*(a) the individual is ineligible for benefits solely due to the lapse of the benefit year;*

*(b) the individual is unemployed due to the closing of a place of employment or is otherwise permanently laid off and not due to a voluntary decision of the individual to retire; and*

*(c) the individual had not attained mandatory retirement age at the time the individual became unemployed.*

Sec. 12. Minnesota Statutes 1984, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from employment under clauses (1), (2), or (3) shall be disqualified for waiting week credit and benefits. For separations under clauses (1) and (2), the disqualification shall continue until ~~four~~ eight calendar weeks have elapsed following his separation and the individual has earned ~~four~~ eight times his weekly benefit amount in insured work.

(1) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued his employment with such employer. For the purpose of this clause, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment or based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act in behalf of the individual shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(2) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with his work or for misconduct which interferes with and adversely affects his employment.

An individual shall not be disqualified under clauses (1) and (2) of this subdivision under any of the following conditions:

(a) The individual voluntarily discontinued his employment to accept work offering substantially better conditions of work or substantially higher wages or both;

(b) The individual is separated from employment due to his own serious illness provided that such individual has made reasonable efforts to retain his employment;

An individual who is separated from his employment due to his illness of chemical dependency which has been professionally diagnosed or for which he has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment he knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain his employment.

(c) The individual accepts work from a base period employer which involves a change in his location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues his employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(d) The individual left employment because he had reached mandatory retirement age and was 65 years of age or older;

(e) The individual is terminated by his employer because he gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which he receives his normal wage or salary which is equal to or greater than his weekly benefit amount;

(f) The individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(g) The individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment

with the base period employer was not available for the individual.

(3) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with his work or gross misconduct which interferes with and adversely affects his employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom he was discharged for gross misconduct connected with his work.

For the purpose of this clause "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a health care facility, gross misconduct also includes misconduct involving an act of patient or resident abuse as defined in section 626.557, subdivision 2, clause (d).

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with his work.

(4) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing clauses, excepting clauses (2)(c) and (2)(e), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure, without good cause, to accept an offer of suitable re-employment shall not be used as a factor in determining the future contribution rate of the employer whose offer of re-employment he failed to accept or whose offer of re-employment was refused solely due to the distance of the available work from his residence, the individual's own serious illness or his other employment at the time of the offer.

(5) An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after his separation from employment with the employer.

(6) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from his own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 13. Minnesota Statutes 1984, section 268.09, subdivision 2, is amended to read:

Subd. 2. [FAILURE TO APPLY FOR OR ACCEPT SUITABLE WORK OR RE-EMPLOYMENT.] An individual shall be disqualified for waiting week credit and benefits during the week of occurrence and until ~~four~~ eight calendar weeks have elapsed following his refusal or failure and he has earned ~~four~~ eight times his weekly benefit amount in insured work if the commissioner finds that he has failed, without good cause, either to apply for available, suitable work of which he was advised by the employment office,

or the commissioner or to accept suitable work when offered him, or to return to his customary self-employment (if any) when so directed by the commissioner, or to accept a base period employer's offer of re-employment offering substantially the same or better hourly wages and conditions of work as were previously provided by that employer in his base period.

(a) In determining whether or not any work is suitable for an individual, the commissioner shall consider the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience, his length of unemployment and prospects of securing local work in his customary occupation, and the distance of the available work from his residence.

(b) Notwithstanding any other provisions of sections 268.03 to 268.24, no work shall be deemed suitable, and benefits shall not be denied thereunder to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(1) if the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(2) if the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(3) if as a condition of being employed the individual would be required to join a union or to resign from or refrain from joining any bona fide labor organization;

(4) if the individual is in training with the approval of the commissioner.

*(c) Except as otherwise provided in paragraph (b), work is suitable if it meets the requirements of paragraph (a) and pays 75 percent or more of the individual's gross weekly wages.*

#### Sec. 14. [UNEMPLOYMENT BENEFIT BORROWINGS.]

*The commissioner of jobs and training must determine on October 1, 1986, whether there will be sufficient funds in the unemployment compensation fund established under section 268.05, subdivision 5, for the payment of unemployment benefits from November 10, 1986, to January 1, 1987.*

*If the commissioner determines there is a possibility that there will be insufficient money in the fund to pay those benefits the commissioner must notify the commissioner of finance immediately. The commissioner of finance must, upon receiving notice, arrange for short term borrowing an amount necessary to cover the insufficiency as calculated by the commissioner of jobs and training and deposit the money in the unemployment compensation fund.*

*The commissioner of jobs and training must spend only amounts from the borrowing as are necessary to pay all unemployment benefits due from November 1, 1986, to January 1, 1987, without requiring an advance from the secretary of the treasury of the United States under section 1201 of the social security act, as amended.*

*The loan is repayable immediately subsequent to January 1, 1987, from employers contributions made to the commissioner pursuant to section 268.06. Interest on the loan shall be paid from funds available to the com-*

*missioner of jobs and training to the extent it does not violate federal law or regulations otherwise the interest shall be paid from the general fund.*

Sec. 15. Minnesota Statutes 1984, section 16A.671, subdivision 1, is amended to read:

Subdivision 1. [AUTHORITY; ADVISORY RECOMMENDATION.] To ensure that cash is available when needed to pay warrants drawn on the general fund under appropriations and allotments and for transfers under section 14, the governor may authorize the commissioner (1) to issue certificates of indebtedness in anticipation of the collection of taxes levied for and other revenues appropriated to the general fund for expenditure during each biennium; and (2) to issue additional certificates to refund outstanding certificates and interest on them, under the Constitution, article XI, section 6.

Sec. 16. [REEMPLOYMENT BENEFIT STUDY.]

*The commissioner of the department of jobs and training shall study the feasibility and public policy implication of providing partial weekly benefits to individuals that return to work prior to the time their benefit eligibility ceases. The commissioner shall report the results of the study along with any recommendations to each house of the legislature by January 1, 1987.*

Sec. 17. [QUARTERLY QUALIFYING STUDY.]

*The commissioner of the department of jobs and training shall make a detailed study of quarterly qualifying statutes in other states and shall present that study, along with a proposal for its implementation, to the legislature no later than January 1, 1987. The proposal shall be as revenue- and benefit-neutral as practicable with reference to the laws in effect as of January 1, 1987, as is reasonably possible. The report shall include a detailed explication of the need for adoption of this system, including pertinent citations of federal laws, and a timetable for its implementation.*

Sec. 18. [EFFECTIVE DATE.]

*Sections 1, 4, 9, 10, 11, 12, 13, 14, 15, 16, and 17 are effective the day following final enactment. Sections 2, 3, 7, and 8 are effective July 1, 1986. Sections 5 and 6 are effective January 1, 1987.*

Subd. 18. [NOTICE TO EMPLOYER.] The commissioner shall at least twice each year notify each employer of the benefits as determined by the department which have been charged to his account subsequent to the last notice. Unless reviewed in the manner hereinafter provided, charges set forth in such notice, or as modified by a redetermination, a decision of a ~~referee~~ *an unemployment insurance judge*, or the commissioner, shall be final and shall be used in determining the contribution rates for all years in which the charges occur within the employer's experience period and shall not be subject to collateral attack by way of review of a rate determination, application for adjustment or refund, or otherwise.

Sec. 9. Minnesota Statutes 1984, section 268.06, subdivision 19, is amended to read:

Subd. 19. [NOTICE OF RATE.] The commissioner shall mail to each employer notice of his rate of contributions as determined for any calendar year pursuant to this section. Such notice shall contain the contribution rate, factors used in determining the individual employer's experience rating, and such other information as the commissioner may prescribe. Unless reviewed in the manner hereinafter provided, the rate as determined or as modified by a redetermination, a decision of a ~~referee~~ *an unemployment insurance judge*, or the commissioner shall be final except for fraud and shall be the rate upon which contributions shall be computed for the calendar year for which such rate was determined, and shall not be subject to collateral attack for any errors, clerical or otherwise, whether by way of claim for adjustment or refund, or otherwise. If the legislature changes any of the factors used to determine the contribution rate of any employer for any year subsequent to the original mailing of such notice for the year, the earlier notice shall be void. The notice based on the new factors shall be deemed to be the only

notice of rate of contributions for that year and shall be subject to the same finality, redetermination and review procedures as provided above.

Sec. 10. Minnesota Statutes 1984, section 268.06, subdivision 20, is amended to read:

Subd. 20. [PROTEST, REVIEW, REDETERMINATION, APPEAL.] A review of the charges made to an employer's account as set forth in the notice of charges referred to in subdivision 18 and a review of an employer's contribution rate as set forth in the notice of his rate for any calendar year as provided in subdivision 19, may be had by the employer if he files with the commissioner a written protest setting forth his reasons therefor within 30 days from the date of the mailing of the notice of charges or contribution rate to him. The date shall appear on the notice. Upon receipt of the protest, the commissioner shall refer the matter to an official designated by him to review the charges appearing on the notice appealed from or the computations of the protesting employer's rate, as the case may be, to determine whether or not there has been any clerical error or error in computation in either case. The official shall either affirm or make a redetermination rectifying the charges or rate as the case may be, and a notice of the affirmation or redetermination shall immediately be mailed to the employer. If the employer is not satisfied with the affirmation or redetermination, he may appeal by filing a notice with the department within ten days after the date of mailing appearing upon the redetermination. Upon the receipt of the appeal, the commissioner shall refer the matter to a ~~referee~~ *the office of administrative hearings* for a hearing and after opportunity for a fair hearing, the ~~referee~~ *unemployment insurance judge* shall affirm, modify or set aside the original determination with its affirmation or the redetermination, as appears just and proper. The commissioner may at any time upon his own motion correct any clerical error of the department resulting in charges against an employer's account or any error in the computation of an employer's contribution rate. The ~~referee~~ *unemployment insurance judge* may order the consolidation of two or more appeals whenever, in his judgment, consolidation will not be prejudicial to any interested party. At any hearing a written report of any employee of the department which has been authenticated shall be admissible in evidence. Appeals from the decision of the ~~referee~~ *unemployment insurance judge* shall be provided by section 268.10, subdivision 5.

Sec. 11. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit

amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks from all employers in insured work by the number of base period credit weeks. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an ~~appeal tribunal~~ *unemployment insurance judge* decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an ~~appeal tribunal~~ *unemployment insurance judge* decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an ~~appeal~~ *unemployment insurance judge* decision awarding benefits, any benefits paid under the award of such initial determination or ~~appeal tribunal~~ *unemployment insurance judge* decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a

material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to ~~a referee~~ *the office of administrative hearings* for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the ~~tribunal~~ *unemployment insurance judge* from an initial determination.

(6) If ~~a referee's~~ *an unemployment insurance judge's* decision affirms an initial determination awarding benefits or the commissioner affirms an ~~appeal tribunal~~ *unemployment insurance judge* decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 12. Minnesota Statutes 1984, section 268.10, subdivision 3, is amended to read:

Subd. 3. [APPEAL; HEARING.] *Upon receipt of an appeal from an initial determination made under subdivision 2, the commissioner shall immediately forward the appeal and all necessary documents to the chief administrative law judge for assignment of an unemployment insurance judge to hear the case and the scheduling of a date, time, and place for the hearing. Unless an appeal is withdrawn, the date for hearing before a referee an unemployment insurance judge shall be set and notice of the hearing shall be mailed to the last known address of all interested parties at least ten days prior to the date set for the hearing. The notice shall be mailed by the office of administrative hearings. The hearing may be conducted by means of a conference telephone call except that the appellant may request that the hearing be conducted in person. The hearing shall be a trial de novo, and, upon the evidence presented, the referee unemployment insurance judge shall affirm, modify, or set aside the initial determination. Where the same or substantially similar evidence is relevant and material to the issues in appeals by more than one individual or in appeals by one individual with respect to two or more weeks of unemployment, the appeals may be consolidated into one hearing pursuant to the procedural rules adopted by the chief administrative law judge. The referee unemployment insurance judge shall exclude from any consolidated hearing the appeal of an individual who may be prejudiced because of the consolidation. A referee An unemployment insurance judge shall not hear any appeal in which the referee unemployment insurance judge has a direct interest. The parties and the commissioner shall be notified of the referee's unemployment insurance judge's decision and the reason for it. The referee's unemployment insurance judge's decision is deemed to be the final decision unless a further appeal is initiated pursuant to subdivision 5.*

Sec. 13. Minnesota Statutes 1984, section 268.10, subdivision 4, is amended to read:

Subd. 4. [REFEREES TRANSCRIPTS; REVIEW OF DECISIONS.] ~~In order to assure the prompt disposition of all claims for benefits, the commissioner shall appoint one or more impartial referees. The commissioner shall~~

by rule adopt a procedure by which referees hear and decide disputed claims, subject to appeal to the commissioner. No person shall participate on behalf of the commissioner in any case in which that person is an interested party. The commissioner may designate alternates to serve in the absence or disqualification of a referee. The department shall cause a transcript to be prepared of all cases heard by an unemployment insurance judge from which an appeal is made to the commissioner. There shall be no charges, fees, transcript costs, or other cost imposed upon the employee in prosecuting an appeal. All decisions of referees unemployment insurance judges shall be made available to the public in accordance with rules the commissioner may prescribe, except that names of interested parties may be deleted.

The commissioner within the same period of time may on the commissioner's own motion order a review of a decision. Upon review, the commissioner or authorized representative may affirm, modify, or set aside any finding of fact or decision, or both, of the referee on the basis of the evidence previously submitted in the case, or remand the matter back to the referee for the taking of additional evidence and new findings and decision based on all of the evidence before the referee. The notice of appeal must set forth the issues raised on appeal. The notice of the decision of the unemployment compensation judge must explain how an appeal may be filed. On an appeal taken under this subdivision, the commissioner or authorized representative is limited to the issues raised by the parties in the notice of the appeal from the unemployment insurance judge's decision. The commissioner or authorized representative, on the basis of evidence previously submitted, may affirm the decision of the unemployment insurance judge, may remand the case for further proceedings, or may modify or reverse the decision if the unemployment insurance judge's decision is in error of law, violates the procedures of chapter 268, is unsupported by substantial evidence in view of the record as a whole when the issue in dispute involves a question of fact, or is arbitrary or capricious. Notice of all hearings on review shall be given to all interested parties in the same manner as provided for by subdivision 3. Upon the motion of a party, the commissioner or authorized representative may remove to himself or herself or transfer to another referee unemployment insurance judge the proceedings on any claim pending before a referee unemployment insurance judge. Any proceedings removed to the commissioner or authorized representative shall be heard upon notice in accordance with the requirements of subdivision 3. The department of economic security shall mail to all interested parties and the chief administrative law judge a notice of the filing of and a copy of the findings and decision of the commissioner or his representative.

Sec. 15. Minnesota Statutes 1984, section 268.10, subdivision 6, is amended to read:

Subd. 6. [COMMISSIONER.] The manner in which disputed claims are

presented, the reports required from the claimant and from employers, and the conduct of ~~hearings and~~ appeals shall be in accordance with the rules adopted by the commissioner for ~~determining the rights of the parties, whether or not the regulations.~~ *Rules relating to the conduct of hearings before unemployment insurance judges shall be adopted by the chief administrative law judge. The rules of the commissioner and the chief administrative law judge need not conform to common law or statutory rules of evidence and other technical rules of procedure. A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing shall be recorded, but need not be transcribed unless the disputed claim is further appealed.*

Any individual claiming benefits in any proceedings before the commissioner or his representatives or a court may be represented by counsel or other duly authorized agent, except that said agent in any court proceedings under these sections, must be an attorney at law; but no counsel shall either charge or receive for the services more than an amount approved by the commissioner and no fees shall be collected from an individual claiming benefits by any agent unless he is an attorney at law.

The decision of the ~~referee~~ *unemployment insurance judge*, together with his findings of fact and reasons in support of them, is final unless an interested party, within 30 days after the mailing of a copy of it to the interested parties' last known addresses, files an appeal with the commissioner and serves a copy of the appeal on the chief administrative law judge, or unless the commissioner, within 30 days after mailing of the decision, on his own motion orders the matter certified to him for review. The commissioner may without further hearing affirm, modify, or set aside the findings of fact or decision, or both, of the ~~referee~~ *unemployment insurance judge* on the basis of the evidence previously submitted in the case, or direct the taking of additional evidence. (4) The court of appeals may, by writ of certiorari to the commissioner, review all questions of law and fact presented by the record in accordance with chapter 14. The commissioner shall not be required to certify the record to the court unless the party commencing the proceedings for review pays to the commissioner the cost of certification of the record at the rate of ten cents per 100 words less any amount previously paid by the party for a transcript. The commissioner shall, upon receipt of the payment, prepare and certify to the court a true and correct typewritten copy of all matters contained in the record. The costs collected by the commissioner shall be deposited in the economic security administration fund provided for in section 268.15.

(5) A final decision of the commissioner or referee, in the absence of appeal, is conclusive for all the purposes of sections 268.03 to 268.24 except as otherwise provided, and, together with the records therein made, shall be admissible in any subsequent judicial proceeding involving liability for contributions. A final decision of the commissioner or referee may be introduced in any proceeding involving a claim for benefits.

(6) In the event a final decision of the commissioner or ~~referee~~ *unemployment insurance judge* determines the amount of contributions due under sections 268.03 to 268.24, then, if the amount, together with interest and penalties, is not paid within 30 days after the decision, the provisions of section 268.161 shall apply. The commissioner shall proceed thereunder, substituting a certified copy of the final decision in place of the contribution report.

Sec. 21. Minnesota Statutes 1984, section 268.18, subdivision 1, is amended to read:

Subdivision 1. [ERRONEOUS PAYMENTS.] Any claimant for benefits who, by reason of his own mistake or through the error of any individual engaged in the administration of sections 268.03 to 268.24 or because of a determination or redetermination issued pursuant to section 268.10, subdivision 2, has received any sum as benefits to which he was not entitled under these sections, shall promptly return such benefits in cash to the nearest office of the Minnesota department of economic security. If such claimant fails to return such benefits, the department of economic security shall, as soon as it discovers such erroneous payment, determine the amount thereof and notify said individual to return the same. Unless the claimant files a written appeal with the department of economic security within 15 days after the mailing of the notice of determination to his last known address or personal delivery of the notice, the determination shall become final. If the claimant files an appeal with the department in writing within the time aforesaid the matter shall be set for hearing before a referee of the department ~~an unemployment insurance judge of the office of administrative hearings~~ and heard as other benefit matters are heard in accordance with section 268.10 with the same rights of review as outlined for benefit cases in that section. The commissioner of the department of economic security is hereby authorized to deduct from any future benefits payable to the claimant under these sections in either the current or any subsequent benefit year an amount equivalent to the overpayment determined or the overpayment may be collected without interest by civil action in the name of the commissioner. If a claimant has been overpaid benefits under the law of another state and that state certifies to the department the facts involved and that the individual is liable under its law to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state. Benefits paid for weeks more than three years prior to the discovery of error are not erroneous payments.

Sec. 22. Minnesota Statutes 1984, section 268.18, subdivision 2, is amended to read:

Subd. 2. [FRAUD.] Any claimant who files a claim for or receives benefits by knowingly and willfully misrepresenting or misstating any material fact or by knowingly and willfully failing to disclose any material fact which would make him ineligible for benefits under sections 268.03 to 268.24 is guilty of fraud. After the discovery of facts by the commissioner indicating fraud in claiming or obtaining benefits under sections 268.03 to 268.24, he is hereby authorized to make a determination that the claimant was ineligible for each week with reference to which benefits were claimed or obtained by fraud for the amount as was in excess of what the claimant would have been entitled to had he not made the fraudulent statements or failed to disclose any material facts. The commissioner also may disqualify an individual from benefits for one to 52 weeks in which the claimant is otherwise eligible for benefits following the week in which the fraud was determined. A disqualification imposed for fraud shall not be removed by subsequent insured work or the expiration of a benefit year but shall not apply to any week more than

104 weeks after the week in which the fraud was determined. The claimant shall promptly repay in cash to the department of economic security any benefits fraudulently obtained. Unless the claimant files a written appeal with the department of economic security within 15 days after the mailing of the notice of determination to his last known address or personal delivery of the notice, the determination shall become final. If the claimant appeals from the determination within the time above specified the matter shall be referred to a referee an unemployment insurance judge for a hearing as in other benefit cases and thereafter the procedure for review shall be the same as set forth in section 268.10. The commissioner is hereby authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined or the overpayment may be collected without interest by civil action in the name of the commissioner. If a claimant has been overpaid benefits under the law of another state and that state certifies to the department the facts involved and that the individual is liable to repay the benefits and requests the department to recover the overpayment, the commissioner is authorized to deduct from future benefits payable to the claimant in either the current or any subsequent benefit year an amount equivalent to the amount of overpayment determined by that state. A determination of fraud may be made at any time.

"Sec. 12. Minnesota Statutes 1984, section 268.071, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] As used in this section, unless the context clearly requires otherwise:

(1) [EXTENDED BENEFIT PERIOD.] "Extended benefit period" means a period which

(a) Begins with the third week after a week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later: The third week after the first week for which there is a state "off" indicator; or the 13th consecutive week of the period;

Provided, that no extended benefit period may begin before the 14th week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) [STATE "ON" INDICATOR.] There is a "state 'on' indicator" for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this law

(a) equaled or exceeded 120 percent of the average of such rates for the corresponding 13 week period ending in each of the preceding two calendar years, and

(b) equaled or exceeded five percent.

The determination of whether there has been a state "on" indicator beginning any extended benefit period may be made as provided in clauses (a) and (b) above or a "state 'on' indicator" shall exist if the rate described in clause (b) equaled or exceeded six percent irrespective of whether the percentage requirement provided by clause (a) is met or exceeded.

(3) [STATE "OFF" INDICATOR.] There is a "state 'off' indicator" for this state for a week if, for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment is less than six

percent and the requirements for a "state 'on' indicator" under clause (2) of this subdivision are not satisfied.

(4) [RATE OF INSURED UNEMPLOYMENT.] "Rate of insured unemployment," for purposes of clauses (2) and (3), means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of his reports to the United States secretary of labor, by the average monthly employment covered under this law for the first four of the most recent six completed calendar quarters ending before the end of such 13 week period.

(5) [REGULAR BENEFITS.] "Regular benefits" means benefits payable to an individual under this law or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits and additional benefits.

(6) [EXTENDED BENEFITS.] "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in his eligibility period.

(7) [ADDITIONAL BENEFITS.] "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(8) [ELIGIBILITY PERIOD.] "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(9) [EXHAUSTEE.] "Exhaustee" means an individual who, with respect to any week of unemployment in his eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available to him under this law or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his current benefit year that includes such week;

Provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to him although as a result of a pending appeal with respect to wage credits or, credit weeks, or *alternative credit weeks* that were not considered in the original monetary determination in his benefit year, he may subsequently be determined to be entitled to added regular benefits; or

(b) His benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which he could establish a new benefit year that would include such week or having established a benefit year that includes such week, he is precluded from receiving regular compensation by reason of: (i) a state law provision which meets the requirements of section 3304 (a) (7) of the Internal Revenue Code of 1954, or (ii) a disqualification determination which cancelled wage credits or totally reduced his benefit rights, or (iii) benefits are not payable by reason of a

seasonal limitation in a state unemployment insurance law; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act, the trade expansion act of 1962, the automotive products act of 1965 and such other federal laws as are specified in regulations issued by the United States secretary of labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if he is seeking such benefits and the appropriate agency finally determines that he is not entitled to benefits under such law he is considered an exhaustee.

(10) [STATE LAW.] "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the Internal Revenue Code of 1954."

"Sec. 18. Minnesota Statutes 1984, section 268.09, is amended by adding a subdivision to read:

*Subd. 2a. An individual who has qualified for benefits under the alternative credit week requirement, as provided under section 268.07, subdivision 2, and who is disqualified for benefits under subdivisions 1 and 2 of this section, other than for gross misconduct, shall be disqualified for waiting week credit and benefits. The disqualification shall continue until eight weeks have elapsed following the separation or refusal of suitable work or reemployment and until the individual has worked for a minimum of 20 hours in each of eight weeks in insured work.*

Sec. 19. Minnesota Statutes 1984, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] Claims for benefits shall be made in accordance with such regulations as the commissioner may prescribe. Each employer shall post and maintain printed statements of such regulations in places readily accessible to individuals in his service and shall make available to each such individual at the time he becomes unemployed, a printed statement of such regulations. Such printed statements shall be supplied by the commissioner to each employer without cost to him.

(1) Any employer upon separation of an employee from his employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall provide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of his employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the reason for separation from all employers in his base period.

(2) Upon the filing, by an individual, of a claim for benefits, the commissioner shall give notice to all such base period employers of the filing of such claim and request each such base period employer, within seven days after the mailing of such notice, to furnish the following information:

- (a) The total wage credits earned in the base period;
  - (b) The number of credit weeks *or alternative credit weeks* which end within the base period;
  - (c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;
  - (d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and
  - (e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual.
- (3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to his last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of economic security and credited to the contingent fund if he has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to his last known address. In the absence of fraud, if a redetermination of validity of claim based on an employer's late report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid to him prior to such redetermination; and

(b) Determine any issue of disqualification raised by clause (1) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in clause (1), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report.

Sec. 20. Minnesota Statutes 1984, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined

under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks or *alternative credit weeks* from all employers in insured work by the number of base period credit weeks or *alternative credit weeks*. If within the time specified for the filing of wage and separation information as provided in subdivision 1, clause (2), the employer makes an allegation of disqualification or raises an issue of the chargeability to his account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the regulations of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to his last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on his own motion may reconsider a determination of validity made thereon and make a redetermination thereof if he finds that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been

paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may in his discretion refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06."

Mr. Merriam moved to amend S.F. No. 1711 as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1985 Supplement, section 35.71, is amended to read:

35.71 [UNCLAIMED AND UNREDEEMED ANIMALS IM-  
POUNDED; SCIENTIFIC USE OR OTHER DISPOSITION.]

Subdivision 1. [DEFINITIONS.] As used in this section, *the following terms have the meanings given them:*

(a) "Adoption" means the delivery of a dog or cat to a person 18 years of age or older to be kept as a pet or companion animal.

(b) "Cat" means any member of the felid family except those specifically raised for experimentation, teaching, or research.

(c) "Dealer" means any person who is licensed or required to be licensed under the federal Animal Welfare Act who buys or sells dogs or cats to institutions or other dealers. "Dealer" does not include a person who sells dogs or cats to individuals to be kept as pets or a nonprofit organization devoted to the placement of pets and companion animals.

(d) "Dog" means any member of the canid family except those specifically raised for experimentation, teaching, or research.

(e) "Establishment" means any public or private agency, person, society, or corporation having custody of animals which are seized under the authority of the state or any political subdivision of the state and.

(f) "Institution" means a school or college of agriculture, veterinary medicine, medicine, pharmacy, or dentistry, or an educational or scientific establishment properly concerned with investigation or instruction concerning the structure or functions of living organisms or the cause, prevention, control, or cure of diseases or abnormal conditions of human beings or animals.

Subd. 2. [APPLICATION FOR LICENSE.] An institution may apply to the board for a license to obtain animals, *other than dogs or cats*, from establishments. If, after investigation, the board finds that the institution requesting a license is a fit and proper agency to receive a license, and that the public interest will be served by granting it a license, the board may issue a license to the institution authorizing it to obtain animals under this section.

Subd. 3. [STRAY ANIMALS; SEIZURE, DISPOSITION.] All animals seized by public authority must be held for redemption by the owner for at least five regular business days of the impounding agency or for a longer time specified by municipal ordinance. For the purpose of this subdivision, "regular business day" means a day during which the establishment having custody of an animal is open to the public not less than four consecutive hours between the hours of 8:00 A.M. and 7:00 P.M. Establishments must maintain the following records of the animals in custody, and preserve the records for at least six months:

(a) the description of the animal by species, breed, sex, approximate age, and other distinguishing traits;

(b) the location at which the animal was seized;

(c) the date of *the* seizure;

(d) the name and address of the person from whom any animal three months of age or over was received;

(e) the name and address of the person to whom any animal three months of age or over was transferred.

The records must be maintained in a form permitting easy perusal by the public. A person may view the records and animals in custody at any time during which the establishment is open to the public. At the end of the five-day period, all animals, *other than dogs and cats*, which remain unredeemed must be made available to any licensed institution which has requested that number of animals. However, if a tag affixed to the animal or a statement by the animal's owner after the animal's seizure specifies that the animal may not be used for research, the animal must not be made available to any institution and may, in the discretion of the establishment, be destroyed after the expiration of the five-day period. If a request is made by a licensed institution to an establishment for more animals than are available at the time of the request, the establishment must withhold from destruction all unclaimed and unredeemed animals until the request has been filled. The actual expense of holding animals beyond the time of notice to the institution of their availability must be borne by the institution receiving them. An establishment which fails or refuses to comply with this section is ineligible for any further public funds from any county or municipality. Upon receipt of a sworn statement by an authorized officer or employee of a licensed institution of noncompliance by any establishment with this section, the treasurer of any municipality or other political subdivision of the state may not pay any public funds to the establishment until the complainant withdraws its statement of noncompliance or until the board either determines that the complaint of noncompliance was without foundation or that the establishment has given adequate assurance of future compliance and the treasurer of the municipality or other political subdivision has been notified of the determination in writing. If it appears upon a person's complaint that an officer, agent, or employee of an establishment is violating or failing to carry out the provisions of this section, the attorney general or county attorney of the county in which the establishment is located, in addition to any other remedies, may bring an action in the name of the state against the establishment, officer, agent, or employee to enjoin compliance with this section.

Subd. 4. [TRANSPORTATION OF ANIMALS.] A licensed institution must provide, at its own expense, for the transportation of animals from the establishment to the institution and must use them only in the conduct of its scientific and educational activities.

Subd. 5. [ANNUAL LICENSE FEE.] Each licensed institution must pay to the board a license fee of \$50 for each calendar year or part of a calendar year. License fees must be deposited in the general fund of the state treasury.

Subd. 6. [REVOCAION OF LICENSE.] After 15 days' written notice and an opportunity to be heard, the board may revoke the license granted any institution if the institution has (1) violated this section, or (2) failed to comply with the conditions of the board in respect to the issuance of its license.

Subd. 7. [DISPOSITION OF DOGS AND CATS.] *Any dog or cat not redeemed by its owner after five days must either be placed for adoption under the procedures of the establishment or be euthanized humanely.*

Subd. 8. [EXPERIMENTATION PROHIBITED.] *It is unlawful for any*

*establishment or any person acting under the authority of an establishment to sell, give away, transfer, or otherwise make available any dog or cat coming into its possession for the purpose of experimentation, teaching, or research. It is unlawful for any person, firm, corporation, association, dealer, or institution to accept any dog or cat from any person or establishment by gift, sale, or transfer for the purpose of experimentation, teaching, or research, either directly or indirectly. This section does not prohibit the owner of a dog or cat from donating the dog or cat to a legally licensed supplier of dogs or cats.*

*Subd. 9. [RESTRICTION ON PETS IN RESEARCH.] Beginning July 1, 1987, no person or institution may accept dogs or cats for the purpose of experimentation, teaching, or research from any source including dealers and establishments, whether located inside or outside Minnesota, unless the dogs or cats can be shown to have been raised specifically for the purpose of experimentation and research, and no person may sell or distribute to a destination in Minnesota or elsewhere, any dogs or cats for the purpose of experimentation, teaching, or research unless the dogs or cats can be shown to have been raised specifically for the purpose of experimentation, teaching, or research.*

*Subd. 10. [NO ESTABLISHMENT TO BE A DEALER.] No establishment or person who has an interest in or who is employed by an establishment may be a dealer.*

*Subd. 11. [DEALERS TO PROVIDE PUBLIC ACCESS.] A person may view dogs and cats in the custody of a dealer during the time the dealer is open to the public. Dealers are required to be open at least four consecutive hours between 8:00 a.m. and 7:00 p.m. on at least five of the seven days of each week.*

*Subd. 12. [RULES.] The board may adopt rules consistent with this section necessary to carry out the provisions of this section, and may, if the board considers it advisable or in the public interest, inspect or investigate any institution which has applied for a license or has been granted a license under this section.*

The commissioner of finance shall credit to the trust fund all amounts received under sections 7 and 8 and shall ensure that trust fund money is invested under section 11A.25. All money earned by the trust fund must be credited to the trust fund. The trust fund earns its proportionate share of the total annual state investment income.*

*Subd. 2. [AVAILABILITY OF FUNDS FOR DISBURSEMENT.] Until the total amount of assets in the trust fund exceeds \$20,000,000, not more than 60 percent of the gross amount contributed to the trust fund each year under section 8, plus 100 percent of all earnings credited to the trust fund the previous fiscal year, are available for disbursement. When the commissioner of finance certifies that the assets in the trust fund exceed \$20,000,000, only the annual earnings and the funds received under section 7 that are credited to the trust fund are available for disbursement.*

*Subd. 3. [EXCEPTION.] Notwithstanding subdivision 2, money received under section 7 may be disbursed in its entirety. This money must not be taken into account when calculating the annual contributions to the trust fund under this section.*

**Sec. 4. [116K.23] [DISBURSEMENT OF FUNDS FOR CHILD ABUSE PREVENTION.]**

*Subdivision 1. [AUTHORITY TO DISBURSE FUNDS.] The director, acting upon the recommendations of the advisory council established under this section, may disburse trust fund money to any public or private nonprofit agency to fund a child abuse prevention program.*

*Subd. 2. [ADVISORY COUNCIL.] An advisory council of 15 members is established under section 15.059. The commissioners of human services, health, education, public safety, and corrections, and the attorney general shall each appoint one member. The council shall make recommendations for the disbursement of trust fund money and otherwise advise and assist the director to carry out this act.*

*Subd. 3. [PLAN FOR DISBURSEMENT OF FUNDS.] By June 1, 1987, and biennially thereafter, the director, assisted by the advisory council, shall develop a plan to disburse money from the trust fund. In developing the plan, the director shall review prevention programs. The plan must ensure that all geographic areas of the state have an equal opportunity to establish prevention programs and receive trust fund money. The director shall send the plan to the legislature and the governor by June 1 of each odd-numbered year.*

*Subd. 4. [RESPONSIBILITIES OF THE DIRECTOR.] (a) The director shall:*

*(1) provide for the coordination and exchange of information on the establishment and maintenance of prevention programs;*

*(2) develop and publish criteria for receiving trust fund money by prevention programs;*

*(3) review, approve, and monitor the spending of trust fund money by*

prevention programs;

(4) provide statewide educational and public informational seminars to develop public awareness on preventing child abuse; to encourage professional persons and groups to recognize instances of child abuse and work to prevent them; to make information on child abuse prevention available to the public and to organizations and agencies; and to encourage the development of prevention programs;

(5) establish a procedure for an annual, internal evaluation of the functions, responsibilities, and performance of the director in carrying out this act. In a year in which the state plan is prepared, the evaluation must be coordinated with the preparation of the state plan;

(6) provide technical assistance to local councils and agencies working in the area of child abuse prevention; and

(7) accept and review grant applications beginning June 1, 1987.

(b) The director shall recommend to the governor and the legislature changes in state programs, statutes, policies, budgets, and standards that will reduce the problems of child abuse, improve coordination among state agencies that provide prevention services, and improve the condition of children, parents, or guardians in need of prevention program services.

Sec. 5. [116K.24] [LOCAL CHILD ABUSE PREVENTION COUNCILS.]

Subdivision 1. [ESTABLISHMENT OF COUNCIL.] A child abuse prevention council may be established in any county or group of counties that was eligible to receive funds under section 145.917 as of January 1, 1986. A council organized in such a county or group of counties shall be authorized by the director to review programs seeking trust fund money on finding that the council meets the criteria in this subdivision:

(a) The council has submitted a plan for the prevention of child abuse that includes a survey of programs and services, assesses the need for additional programs or services, and demonstrates that standards and procedures have been established to ensure that funds will be distributed and used according to this act.

(b) A single-county council shall consist of:

(1) members of a multidisciplinary child protection team which must be established under section 626.558; and

(2) if necessary, enough additional members appointed by the county with knowledge in the area of child abuse so that a majority of the council is composed of members who do not represent public agencies.

(c) A multi-county council shall be selected by the combined membership of those multidisciplinary teams which have been established in the counties under section 626.558 and shall consist of:

(1) one representative each from local human services agencies, county attorney offices, county sheriff offices, and health and education agencies, chosen from among the membership of all the teams;

(2) one representative from any other public agency group represented

*among the combined teams; and*

*(3) enough additional members from the public who have knowledge in the area of child abuse so that a majority of the council is composed of members who do not represent public agencies.*

*(d) In any multi-county group eligible to establish a council under this subdivision, at least 50 percent of the counties must have established a multidisciplinary team under section 626.558 before a council may be established.*

*Subd. 2. [REVIEW BY COUNCIL.] To be eligible to receive a grant from the trust fund, an applicant must have had its program reviewed by a child abuse prevention council from the applicant's geographic area found by the director to meet the criteria in this section. In reviewing all such programs, the council shall consider the extent to which the applicant meets the criteria and standards in this act and the degree to which the program meets the needs of the geographic area. The council shall provide to the advisory council its comments and recommendations concerning each program reviewed and shall provide the advisory council with its prioritization by rank ordering of all programs reviewed.*

#### **Sec. 6. [116K.25] [PROCEDURES AND CRITERIA FOR DISBURSEMENT.]**

*Subdivision 1. [ESTABLISHMENT.] The director shall establish in the plan for prevention of child abuse the criteria for distribution of trust fund money. All money shall be distributed for programs and services involving primary or secondary prevention, and no money shall be distributed for programs and services involving tertiary prevention.*

*Subd. 2. [MATCHING AND OTHER REQUIREMENTS.] Trust fund money shall only be distributed to applicants that demonstrate an ability to match 30 percent of the amount of trust fund money requested and whose proposals meet the other criteria. The matching requirement may be met through in-kind donations. In awarding grants, the director shall consider the extent to which the applicant has demonstrated a willingness and ability to:*

*(1) continue the prevention program or service if trust fund money is eliminated or reduced; and*

*(2) provide prevention program models and consultation to other organizations and communities.*

*Subd. 3. [USE OF FUNDS.] Matching funds must not consist, in whole or in part, of state or federal funds. Any trust fund money received must not be used to compensate for a decrease in previously existing funding levels unless that decrease is attributable to a decision made by state, federal, or other entities not controlled by the applicant and the applicant demonstrates that it has made reasonable efforts to retain all previously existing funding.*

*Subd. 4. [STATEWIDE OR REGIONAL PROGRAMS.] The director may fund programs that intend to serve the entire state or a region larger than the area served by any local council even if the program has not been reviewed by any local council. The director may, however, solicit comments or recommendations about the applicant or the program from a local council*

covering any area to be served by the applicant's proposed program.

*Subd. 5. [LOCAL COUNCIL AS RECIPIENT OF FUNDS.] The director may disburse funds to a local council on the same basis as to any other applicant, or as administrative costs in carrying out this act, if all criteria and standards are met. Funds disbursed as administrative costs to a local council must not exceed five percent of total funds disbursed to the area served by the local council.*

*Subd. 6. [ADMINISTRATIVE EXPENSES.] The director may keep up to five percent of trust fund money collected in any year under sections 7 and 8 for administering and otherwise carrying out responsibilities under this act, except that during fiscal year 1987 the director may keep up to \$75,000 of trust fund money collected for these purposes.*

*Subd. 7. [CONTRACTS.] The director shall use state or local resources and staff if practicable, but may enter into contracts with public or nonprofit private agencies to fulfill the requirements of this act.*

*Subd. 8. [RULES.] The director may adopt rules to carry out this act.*

**Sec. 7. [116K.26] [ACCEPTANCE OF FEDERAL FUNDS AND OTHER DONATIONS.]**

*The director may accept federal money and gifts, donations, and bequests for the purposes of this act. Money so received must be deposited in the trust fund and must be made available annually to the director for disbursement.*

**Sec. 8. Minnesota Statutes 1984, section 144.226, is amended by adding a subdivision to read:**

*Subd. 3. [BIRTH CERTIFICATE COPY SURCHARGE.] In addition to any fee prescribed under subdivision 1, there shall be a surcharge of \$2 for each certified copy of a birth certificate. The local or state registrar shall forward this amount to the commissioner of finance for deposit into the account for the children's trust fund for the prevention of child abuse established under section 3. This surcharge shall not be charged under those circumstances in which no fee for a certified copy of a birth certificate is permitted under subdivision 1, paragraph (a). Upon certification by the commissioner of finance that the assets in that fund exceed \$20,000,000, this surcharge shall be discontinued.*

**Sec. 9. [ANNUAL APPROPRIATION.]**

*All earnings from trust fund assets, all sums received under section 7, and 60 percent of the amount collected under section 8 are appropriated annually from the children's trust fund for the prevention of child abuse to the director of state planning to carry out sections 1 to 7. In fiscal year 1987 only, the first \$75,000 collected under section 8 is appropriated from the children's trust fund for the prevention of child abuse to the director of state planning to carry out sections 1 to 7.*

**Sec. 10. [EFFECTIVE DATE.]**

*Sections 1 to 9 are effective August 1, 1986."*

S.F. No. 2231: A bill for an act relating to employment; regulating systems of sharing or pooling gratuities; defining service charges; amending Minnesota Statutes 1984, section 177.23, subdivision 9; Minnesota Statutes 1985 Supplement, section 177.24, subdivision 3.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1984, section 177.23, subdivision 9, is amended to read:

Subd. 9. "Gratuities" means monetary contributions received directly or indirectly by an employee from a guest, patron, or customer for services rendered and includes an obligatory charge assessed to customers, guests or patrons which might reasonably be construed by the guest, customer, or patron as being a payment for personal services rendered by an employee and for which no clear and conspicuous notice is given by the employer to the customer, guest, or patron that the charge is not the property of the employee where the customer is entirely free to determine whether to make any payment at all and, if so, the amount.

*A "service charge" is an obligatory sum of money included in the statement of charges. Clear and conspicuous notice must be made on either the menu, placard, the front of the statement of charges, or other notice given to the customer indicating that all or part of the service charge is the property of the management. Such notice must be clearly printed, stamped, or written in bold type. A service charge assessed to customers, patrons, or guests without such notice is the property of the direct service employees. Type which is at least 18 point (one-fourth inch) on the placard, or 10 point (one-eighth inch) or larger on all other notices shall be considered clear and conspicuous.*

Sec. 2. Minnesota Statutes 1985 Supplement, section 177.24, subdivision 3, is amended to read:

Subd. 3. [SHARING OF GRATUITIES.] For purposes of this chapter, any gratuity received by an employee or deposited in or about a place of business for personal services rendered by an employee is the sole property of the employee. No employer may require an employee to contribute or share a gratuity received by the employee with the employer or other

employees or to contribute any or all of the gratuity to a fund or pool operated for the benefit of the employer or his employees. This section does not prevent an employee from voluntarily and individually sharing his gratuities with other employees. The agreement to share gratuities must be made by the employees free of any employer participation. Employees may establish a system for the sharing or pooling of gratuities among direct service employees or other employees, provided that the employer shall not in any fashion coerce employees to initiate or agree upon such a system. However, where more than one direct service employee provides personal service to the same customer from whom gratuities are received, the employer may require that such employees establish a tip pooling or sharing system that shall be limited to the direct service employees serving the same customer. The employer may not, however, participate in the establishment and conditions for such a system. If an employee requests the employer to distribute a portion of the employee's tips, the amount of which shall be determined by the employee, to other employees, the employer shall be permitted to do so. Neither the employer nor any management personnel shall, under any circumstances, receive any portion of the gratuities received by the employees.

The commissioner may require the employer to pay restitution in the amount of the gratuities diverted. If the records maintained by the employer do not provide sufficient information to determine the exact amount of gratuities diverted, the commissioner may make a determination of gratuities diverted based on available evidence and mediate a settlement with the employer. *The commissioner shall not deny the tip credit solely because the employer participated in a tip pooling or sharing arrangement in violation of this subdivision.*

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1984, section 273.1314, is amended by adding a subdivision to read:

*Subd. 8a. [ADDITIONAL ENTERPRISE ZONE ALLOCATIONS.] (a) In addition to tax reductions authorized in subdivision 8, the commissioner may allocate \$1,000,000 for tax reductions pursuant to subdivision 9 to enterprise zones designated under section 273.1312, subdivision 4, paragraph (c), clauses (1) and (3). Of this amount, a minimum of \$200,000 must be allocated to an area added to an enterprise zone pursuant to section 2. Allocations made pursuant to this subdivision may not be used to reduce a tax liability, or increase a tax refund, prior to July 1, 1987. Limits on the maximum allocation to a zone imposed by subdivision 8 shall not apply to allocations made under this subdivision.*

*(b) A city encompassing an enterprise zone, or portion of an enterprise zone, qualifies for an additional allocation under this subdivision if the following requirements are met:*

*(1) the city encompassing an enterprise zone, or portion of an enterprise zone, has signed contracts with qualifying businesses that commit the city's total initial allocation received pursuant to subdivision 8.*

*(2) the city encompassing an enterprise zone, or portion of an enterprise zone, submits an application to the commissioner requesting an additional allocation for tax reductions authorized by subdivision 9. The application must identify a specific business expansion project which would not take place but for the availability of enterprise zone tax incentives.*

*(c) The commissioner shall use the following criteria when determining which qualifying cities shall receive an additional allocation under this subdivision and the amount of the additional allocation the city is to receive:*

*(1) Additional allocations to qualifying cities under this subdivision shall be made within 60 days of receipt of an application.*

(2) *Applications from cities with the highest level of economic distress, as determined using criteria listed in section 273.1312, subdivision 4, paragraph (c), clauses (A) to (E), shall receive priority for an additional allocation under this subdivision.*

(3) *If the commissioner determines that two cities submitting applications within one week of each other have equal levels of economic distress, the application from the city with the business prospect which will have the greatest positive economic impact shall receive priority for an additional allocation. Criteria used by the commissioner to determine the potential economic impact a business would have shall include the number of jobs created and retained, the amount of private investment which will be made by the business, and the extent to which the business would help alleviate the economic distress in the immediate community.*

(4) *The commissioner shall determine the amount of any additional allocation a city may receive. The commissioner shall base the amount of additional allocations on the commissioner's determination of the amount of tax incentives which are necessary to ensure the business prospect will expand in the city. No single allocation under this subdivision may exceed \$200,000. No city may receive more than \$500,000 under this subdivision.*

Sec. 2. Minnesota Statutes 1985 Supplement, section 273.1314, subdivision 16a, is amended to read:

[ZONE BOUNDARY REALIGNMENT.] The commissioner may approve specific applications by a municipality to amend the boundaries of a zone or of an area or areas designated pursuant to subdivision 9, paragraph (e) at any time. Boundaries of a zone may not be amended to create noncontiguous subdivisions. If the commissioner approves the amended boundaries, the change is effective on the date of approval. Notwithstanding the area limitation under section 273.1312, subdivision 4, paragraph (b), the commissioner may approve a specific application to amend the boundaries of an enterprise zone which is located within five municipalities and was designated in 1984, to increase its area to not more than 800 acres, and may approve an additional specific application to amend the boundaries of that enterprise zone to include a sixth municipality.

If the amount of the certificates or notes to be issued to finance any such purchase exceeds one percent of the assessed valuation of the city, excluding money and credits, they shall not be issued for at least ten days after publication in the official newspaper of a council resolution determining to issue them; and if before the end of that time, a petition asking for an election on the proposition signed by voters equal to ten percent of the

number of voters at the last regular municipal election is filed with the clerk, such certificates or notes shall not be issued until the proposition of their issuance has been approved by a majority of the votes cast on the question at a regular or special election. A tax levy shall be made for the payment of the principal and interest on such certificates or notes, in accordance with section 475.61, as in the case of bonds.

This condition is satisfied only if at the time the obligations are issued, the issuer reasonably expects that the aggregate value of the local public funds will exceed the lesser of \$1,000,000 or one percent of the face amount of the obligations. For purposes of this subdivision, "governmental unit" means the issuer that issues the obligations for the project or the governmental unit that approves the obligations for purposes of section 103(k)(2) of the Internal Revenue Code of 1954, as amended through December 31, 1985, or both.

The remaining amount of annual volume cap for calendar year 1987 not so allocated, or made available for allocation, shall remain unallocated unless otherwise provided by law.*

*Subd. 3. [ADJUSTMENTS FOR CHANGES TO VOLUME CAP IN FEDERAL VOLUME LIMITATION ACT.] If the annual volume cap in a federal volume limitation act that becomes law is greater than or less than the annual volume cap that existed in a federal volume limitation act in the*

form that existed as of January 1, 1986, the department shall adjust the calculations made under subdivisions 2 and 3.

Sec. 13. [474A.04] [ENTITLEMENT ALLOCATIONS UNDER EXISTING FEDERAL TAX LAW.]

*Subdivision 1. [HIGHER EDUCATION COORDINATING BOARD ALLOCATION.]* Of the aggregate annual volume cap under the existing federal tax law, \$25,000,000 for each calendar year is allocated to the higher education coordinating board for the issuance of obligations pursuant to chapter 136A. On September 1, any unused portion of the amount allocated to the higher education coordinating board pursuant to this subdivision shall be canceled and the authority shall be allocated pursuant to section 14.

*Subd. 2. [IRON RANGE RESOURCES AND REHABILITATION ALLOCATION.]* Of the aggregate annual volume cap under the existing federal tax law, \$30,000,000 for each calendar year is allocated to the iron range resources and rehabilitation commissioner. After September 1 of each year, the iron range resources and rehabilitation commissioner may retain any unused portion of such allocation only if the commissioner has submitted to the department on or before September 1 a preliminary resolution for a specific project and a letter which states (1) the intent to issue obligations pursuant to such allocation or a portion of it before the end of the calendar year or within the time period permitted under existing federal tax law, and (2) a description of the specific project or projects for which the obligations will be issued, together with an application deposit in the amount of one percent of the amount of the unused allocation or the portion of it pursuant to which the commissioner intends to issue obligations; provided that nothing herein shall preclude the commissioner from subsequently reallocating the retained allocation among the projects described in clause (2). On September 1, any unused portion of the amount allocated to the iron range resources and rehabilitation commissioner and not reserved by a preliminary resolution, a letter of intent, and an application deposit shall be canceled and subject to reallocation in accordance with section 14. If the iron range resources and rehabilitation commissioner returns for reallocation all or any part of the allocation on or before October 31, that portion of the application deposit equal to one percent of the amount returned shall be refunded within 30 days, except to the extent that the deposit is required to be retained pursuant to section 22.

Upon the request of a statutory city located in the taconite tax relief area which received an entitlement allocation under Minnesota Statutes 1984, section 474.18, of \$5,000,000 or more for calendar year 1985, the iron range resources and rehabilitation commissioner shall enter into an agreement with the city whereby the commissioner issues obligations, in an amount requested by the city but not to exceed \$5,000,000, on behalf of the city.

*Subd. 3. [ENERGY AND ECONOMIC DEVELOPMENT AUTHORITY ALLOCATION.]* Of the aggregate annual volume cap under the existing federal tax law, \$60,000,000 for each calendar year is allocated to the energy and economic development authority. After September 1 of each year, the energy and economic development authority or any entity which receives an allocation from the energy and economic development authority

may retain any unused portion of its allocation only if it has submitted to the department, on or before September 1 a preliminary resolution for a specific project and a letter which states (1) its intent to issue obligations pursuant to its allocation or a portion of it before the end of the calendar year or within the time period permitted under existing federal tax law, and (2) a description of the specific project or projects for which the obligations will be issued, together with an application deposit in the amount of one percent of the amount of its unused allocation or the portion of it pursuant to which it intends to issue obligations; provided that nothing herein shall preclude the energy and economic development authority from subsequently reallocating the retained allocation among the projects described in clause (2). On September 1 any unused portion of the amount allocated to the energy and economic development authority and not reserved by a preliminary resolution, a letter of intent, and an application deposit shall be canceled and subject to reallocation in accordance with section 14. If the energy and economic development authority returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned shall be refunded within 30 days, except to the extent that the deposit is required to be retained under section 22.

Subd. 4. [ENTITLEMENT CITIES.] Of the aggregate annual volume cap under existing federal tax law, for each calendar year the amount determined pursuant to this subdivision shall be allocated to (1) cities of the first class, and (2) the largest Minnesota city located in a metropolitan statistical area that does not contain a city of the first class, if the city has a population of 25,000 or more. The amount allocated to a first class city shall be an amount equal to \$200 multiplied by the city's population. The amount allocated to each city qualifying under clause (2) is \$5,000,000. After September 1 of each year, an issuer receiving an allocation under this subdivision may retain any unused portion of its allocation only if it has submitted to the department by September 1 a letter stating its intent to issue obligations pursuant to its allocation before the end of the calendar year or within the time permitted under existing federal tax law and an application deposit equal to one percent of the amount of the unused allocation for which it intends to issue obligations. Any unused portion of an allocation for which an application deposit and letter of intent has not been received by the department by September 1 must be canceled and reallocated under section 14. If an issuer returns for reallocation all or part of its allocation under this subdivision by October 31, the application deposit equal to one percent of the amount returned must be refunded to the issuer, except to the extent that the deposit is required to be retained under section 22.

For purposes of this subdivision, "population" means the population determined under section 477A.011, subdivision 3.

Subd. 5. [NOTICE OF ENTITLEMENT ALLOCATION.] As soon as possible in each calendar year, the department shall provide to each entitlement issuer a written notice of the amount of its entitlement allocation under this section.

Subd. 6. [ENTITLEMENT TRANSFERS.] An entitlement issuer may enter into an agreement with another entitlement issuer whereby the recipient entitlement issuer issues obligations pursuant to issuance authority allocated to the original entitlement issuer under this section.

Sec. 14. [474A.05] [ALLOCATION OF POOL AMOUNT UNDER EXISTING FEDERAL TAX LAW.]

*Subdivision 1. [POOL AMOUNT.] Of the aggregate annual volume cap under existing federal tax law, the amount determined pursuant to section 12, subdivision 1, clause (2), shall be allocated among issuers pursuant to this section for each calendar year. An entitlement issuer may apply for an allocation pursuant to this section only after September 1. An entitlement issuer may apply for an allocation before November 1 only if the entitlement issuer has adopted a final resolution authorizing the sale of obligations equal to any allocation received under section 13 or has returned all of its unused allocation for reallocation under this section.*

*Notwithstanding the preceding paragraph, the following entitlement issuers may apply for an allocation under this section:*

*(a) A city of the first class may apply for an allocation for a manufacturing project at any time.*

*(b) State issuers, other than the iron range resources and rehabilitation commissioner, may apply for and receive allocations under this section at any time in an aggregate amount not to exceed that portion of its entitlement allocation returned for reallocation under section 13.*

*(c) The iron range resources and rehabilitation commissioner may apply for an allocation under this section after September 1, if the commissioner has adopted preliminary resolutions for the amount of issuance authority retained by the commissioner under section 13, subdivision 2.*

*Subd. 2. [APPLICATION.] An issuer may apply for an allocation pursuant to this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution, and (2) an application deposit in the amount of one percent of the requested allocation. An issuer may elect not to submit an application for an allocation for a project for which the issuer previously adopted a preliminary resolution.*

*Subd. 3. [ALLOCATION CRITERIA.] The department shall rank each application received pursuant to this section on the basis of the number of points awarded to it, with one point being awarded for each of the following criteria satisfied:*

*(a) The current rate of unemployment for the applicant is at or above 110 percent of the statewide average unemployment rate for the most recently available reporting period, as determined by the department of economic security. The unemployment rate for the applicant shall be the greater of (1) the most recent estimate available for the smallest jurisdiction which wholly includes the jurisdiction of the applicant, as reported by the department of economic security, or (2) another estimate supplied by the applicant with respect to its jurisdiction, which is documented by the applicant.*

*(b) The number of individuals employed in the applicant's jurisdiction declined from the second calendar year before the application, to the first calendar year before the application. The estimate of the number of individuals employed for each year shall be based on the same source, and shall be (1) the most recent estimate available for the smallest jurisdiction which*

wholly includes the applicant, as reported by the department of economic security, or (2) another estimate supplied by the applicant with respect to its jurisdiction, which is documented by the applicant.

(c) The project will provide additional general tax revenue to the taxing jurisdictions in which the project is located beginning not later than three years after issuance of the obligations.

(d) The number of jobs to be created by the project is at least two jobs for each \$100,000 of issuance authority requested for the project.

(e) As of the date of application the total market value of all taxable property in the applicant's jurisdiction, based on the most recent certification of assessed value to the commissioner of revenue, has either (1) declined in relation to the first calendar year before the certification, or (2) increased in relation to the first calendar year before the certification at a rate which is not in excess of 90 percent of the rate of increase of the state average market value over the same period.

(f) The total capital expenditures for the project exceed by ten percent the amount of the proceeds of the obligations to be issued for the project.

(g) The project is wholly located in an enterprise zone designated pursuant to section 273.1312.

(h) The project site meets the criteria necessary to qualify as a tax increment redevelopment district as defined in section 273.73, subdivision 10. To qualify under this clause the project need not be included in a tax increment financing district.

(i) The project meets one of the following energy conservation criteria: (1) the project is eligible for the additional federal investment tax credits for energy property, (2) the project involves construction or expansion of a district heating system as defined in section 116J.36, or (3) the project involves construction of an energy source as described in section 116J.26, clause (a), (b), or (d) or 116M.03, subdivisions 22, 23 and 26.

(j) The project consists of the renovation, rehabilitation, or reconstruction of an existing building which is (1) located in a historic district designated under section 138.73, or on a site listed in the state registry of historical sites under sections 138.53 to 138.5819; or (2) designated in the National Register pursuant to United States Code, title 16, section 470a.

(k) Service connections to sewer and water systems are available to the project at the time the application is submitted.

(l) As provided by a binding agreement by the principal user or users of the project with the applicant, at least ten percent of the individuals employed by the principal user or users of the project will be minority or low income individuals.

(m) When the application is submitted either (1) the anticipated owner of the project, or any party of which the owner is a controlling partner or shareholder, or which is a controlling shareholder or partner of the owner, does not own or operate a substantially similar business within the state or (2) the project is an expansion of the operations of an existing business which is not likely to have the effect of transferring existing employment from one

or more other municipalities within the state to the municipality in which the project is located.

(n) A controlling interest in the project will be owned by one or more women or minority persons.

(o) Seventy-five percent or more of the proceeds of the proposed issue will be used to rehabilitate an existing structure.

*Subd. 4. [ALLOCATION PROCEDURE.]* (a) The department shall allocate available issuance authority under this section on Monday of each week to applications received on or before Monday of the preceding week in the following order of priority and available issuance authority may not be allocated to any other project:

(1) applications for manufacturing projects;

(2) applications for pollution control projects or waste management projects; and

(3) applications for commercial redevelopment projects.

Within each category of applications available authority shall be allocated on the basis of the numerical rank determined pursuant to this section. In the case of an application for issuance authority that includes more than one project to be financed by one issue of obligations, the points assigned to the application shall be computed on the basis of the weighted average of points for the projects. The projects must all be of the same category of projects to be submitted as a multiproject application. If two or more applications have the same numerical rank, the allocation between the applications shall be by lot unless otherwise agreed by the respective issuers. If an application is rejected, the department shall return the application deposit to the applicant within 30 days.

(b)(1) From January 1 through September 1, no more than 20 percent of the total amount available for allocation during the calendar year pursuant to this section may be allocated to pollution control and waste management projects.

(2) From January 1 to September 1, no more than 35 percent of the total amount available for allocation during the calendar year pursuant to this section may be allocated to commercial redevelopment projects. This amount is increased to 50 percent of the total available authority for the next month's allocation if the following two conditions occur: (i) on or after June 30 the total amount of issuance authority available under this section which has not been allocated or has been allocated to but was returned by an issuer exceeds 45 percent of the total amount of issuance authority available for allocation under this section for the calendar year; or (ii) The entire amount of issuance authority available under this subparagraph for commercial redevelopment projects has been allocated.

*Subd. 5. [LETTER OF INTENT.]* After September 1 of each year, an issuer which has received an allocation pursuant to this section prior to September 1 may retain any unused portion of such allocation only if such issuer has submitted to the department on or before September 1 a letter stating its intent to issue obligations pursuant to such allocation before the end of the calendar year or within the time period permitted by existing

*federal tax law. If the letter of intent is not submitted to the department of energy and economic development, the one percent application deposit shall be returned to the issuer, the allocation shall be canceled, and the issuance authority shall be available for reallocation pursuant to this section. If an issuer returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned shall be refunded within 30 days, except to the extent that the deposit is required to be retained under section 22.*

*Subd. 6. [FINAL ALLOCATION.] From September 1 to December 31 of each year, the annual volume cap under existing federal tax law, which is not both previously allocated and subject to a preliminary resolution for a specific project, whether or not committed pursuant to a letter of intent, or which is not reserved for qualified mortgage bonds, is available for allocation or reallocation and shall be allocated among issuers; provided that nothing herein shall be construed as preventing the iron range resources and rehabilitation commissioner, the energy and economic development authority, or an entitlement issuer from reallocating subsequent to August 31 its retained allocation among projects identified in preliminary resolutions filed with the department prior to September 1 of that year. An application for this allocation must include evidence of passage of a preliminary resolution and state that it is the intent of the applicant that the obligations will be issued by the end of the year or within the time period permitted by existing federal tax law, and must be accompanied by an application deposit in the amount of one percent of the requested allocation. Applications must be made and allocations shall be awarded in accordance with subdivisions 3 and 4.*

*Authority may be allocated under this subdivision to any project, notwithstanding the percentage limits and other restrictions contained in subdivision 4. Applications must be ranked and authority allocated first according to the order of priority and ranking of points under subdivisions 3 and 4. The remaining authority must be allocated according to the ranking of points under subdivision 3. If two or more applications receive an equal number of points, allocations among them must be made by lot unless otherwise agreed by the respective applicants.*

*If issuance authority remains or becomes available following the last Monday on which allocations are made for any calendar year, the department must allocate the available authority to the department of finance. The department of finance shall allocate the remaining authority between the Minnesota housing finance agency and the higher education coordinating board. Amounts allocated to the Minnesota housing finance agency shall be used for the issuance of mortgage credit certificates, and amounts allocated to the higher education coordinating board shall be used for the issuance of obligations under chapter 136A.*

*Subd. 7. [RETURN OF ALLOCATION.] If on or after November 1 but prior to December 1 of any year, an issuer determines that it will not issue obligations pursuant to an allocation received by it pursuant to this section or section 13 by the end of that year or within the time period permitted by existing federal tax law, the issuer may notify the department and such amount will be available for reallocation pursuant to this subdivision. In such case, the department shall refund to the issuer within 30 days that portion of any application deposit equal to one-third of one percent of the*

amount returned for reallocation, except to the extent the deposit is required to be retained under section 22. The amounts available for reallocation shall be allocated on or before December 31 pursuant to subdivision 6.

**Sec. 15. [474A.06] [NOTICE OF ISSUE UNDER EXISTING FEDERAL TAX LAW.]**

*Issuers that issue obligations subject to existing federal tax law shall file with the department within five days after such obligations are issued a written notice of issue stating the date of issuance of the obligations, the allocation under which the obligations are issued, and the principal amount of the obligations. If obligations are to be issued as a series of obligations, the notice of issue must be filed for each series of obligations that is issued. If the notice of issue is not filed within five days after the obligations are issued, the obligations shall be considered not to have received an allocation under existing federal tax law. Within 30 days after receipt of the notice, the department shall refund a portion of the application deposit required under section 13 or section 14 equal to one percent of the principal amount of the obligations issued.*

**Sec. 16. [474A.07] [QUALIFIED MORTGAGE BONDS UNDER EXISTING FEDERAL TAX LAW.]**

*Subdivision 1. [HOUSING FINANCE AGENCY ALLOCATION.] The applicable volume limit for qualified mortgage bonds for the Minnesota housing finance agency, pursuant to existing federal tax law, for any calendar year shall be 100 percent of the state ceiling for qualified mortgage bonds that year, reduced only by (1) any amounts of qualified mortgage bonds which have been or may be allocated by law to specified cities, and (2) any amounts of qualified mortgage bonds which are allocated to cities pursuant to subdivisions 2 and 3. The aggregate amount allocated to cities, under clause (1) or (2), together with the amount of qualified mortgage bonds reserved for the agency, shall not exceed the limit for the state under existing federal tax law.*

*By August 1 of each year, any city which has received by law an allocation of the state ceiling for qualified mortgage bonds shall submit its housing programs to the Minnesota housing finance agency for approval pursuant to section 462C.04, subdivision 2, in an amount of bonds equal to or less than, the city's allocation. If the amount of qualified mortgage bonds, for which program approval is granted on or before September 1 is less than the amount allocated by law to the city, the applicable limit for the agency shall be increased by the difference between the amount allocated by law to the city, and the amount for which program approval has been granted.*

*Subd. 2. [CITY ALLOCATION.] Unless otherwise authorized by law, a city that intends to issue during any calendar year qualified mortgage bonds that are subject to existing federal tax law, shall by January 2 of that year submit to the Minnesota housing finance agency a program that will use a portion of the state qualified mortgage bond ceiling. The total amount of qualified mortgage bonds included in all programs submitted pursuant to this subdivision by a city may not exceed \$10,000,000. Each program shall be accompanied by a certificate from the city that states that the qualified mortgage bond issue is feasible. By February 1, the Minnesota housing finance agency shall review each program pursuant to section 462C.04,*

*subdivision 2. The Minnesota housing finance agency shall approve all programs that the agency determines are consistent with chapter 462C, and that meet the following conditions:*

*(1) all of the loans must be reserved for a period of not less than six months for persons and families whose adjusted family income is below 80 percent of the limits on adjusted gross income provided in section 462C.03, subdivision 2; and*

*(2) loans must be made only to finance homes that are serviced by municipal water and sewer utilities; provided that if the approval of all programs would result in an allocation to cities in excess of 27-1/2 percent of the state ceiling for the calendar year 1985, reduced by the amount of qualified mortgage bonds that are allocated by law to specified cities, the Minnesota housing finance agency shall approve programs that are submitted by a city which meets any of the following three criteria: (i) a city of the first class, (ii) a city that did not receive an allocation under this subdivision or Minnesota Statutes 1984, section 462C.09, subdivision 2(a), or Minnesota Statutes 1985 Supplement, section 462C.09, subdivision 2(a), during the preceding two calendar years, or (iii) a group of cities that plan to jointly issue bonds for the program provided further that if approval of all of the programs submitted by cities that meet one or more of the criteria in (i), (ii), or (iii) would result in a total allocation to cities in excess of the portion of the state ceiling available for allocation, then from among those programs the agency shall select by lot the programs to be approved. If a portion of the state ceiling remains unallocated after the agency has approved all programs submitted by cities that meet one or more of the criteria in (i), (ii), or (iii), the Minnesota housing finance agency shall select by lot from among the remaining programs the programs to be approved. The Minnesota housing finance agency shall determine if a program meets the conditions in clauses (1) and (2) based solely upon the program with accompanying information submitted to the agency. Approval of a program shall constitute an allocation of a portion of the state ceiling for qualified mortgage bonds equal to the proposed bond issue or issues contained in the program, provided that the allocation for the last selected program that receives an allocation may be equal to or less than the amount of the bond issue or issues proposed in the program.*

*If a city which received an allocation pursuant to this subdivision, or which has been allocated a portion of the state ceiling by law and has received approval of one or more programs, has not issued bonds by September 1 in an amount equal to the allocation, and the city intends to issue qualified mortgage bonds prior to the end of the calendar year, the city shall by September 1 submit to the Minnesota housing finance agency for each program a letter that states the city's intent to issue the qualified mortgage bonds prior to the end of the calendar year. If the Minnesota housing finance agency does not receive the letter from the city, then the allocation of the state ceiling for that program shall expire on September 1, and the applicable limit for the Minnesota housing finance agency shall be increased by an amount equal to the unused portion of the allocation to the city. A city referred to in subdivision 1, clause (1), shall not be required to apply under this subdivision with respect to bonds allocated by law to any such city. Nothing in this subdivision shall prevent any such city from applying for an*

*additional allocation of bonds under this subdivision.*

*Subd. 3. [ADDITIONAL CITY ALLOCATION.] On or before September 1 of each year, the Minnesota housing finance agency shall identify the amount, if any, of its applicable limit for qualified mortgage bonds for that calendar year that it does not intend to issue. Any city that intends to issue qualified mortgage bonds prior to the end of the calendar year for which it has not received an allocation of the state ceiling may submit a program for approval on or before September 1 to the Minnesota housing finance agency for a portion of the amount of the Minnesota housing finance agency's applicable limit as provided in subdivision 1 which the agency does not intend to issue. The total amount of qualified mortgage bonds included in all programs of any city submitted pursuant to this subdivision shall not exceed \$10,000,000. The program shall be accompanied by the same certificate required by subdivision 2. The Minnesota housing finance agency shall allocate the amount of the state ceiling to be allocated pursuant to this subdivision using the same factors listed in subdivision 2, provided that a program for any city receiving an allocation pursuant to subdivision 2 during the calendar year shall be ranked below all other programs if the bonds proposed in the program, when added to the bonds included in programs approved pursuant to subdivision 2, exceed \$10,000,000. A city that submitted a program pursuant to subdivision 2 but that did not receive an allocation may renew its application with a letter of intent to issue. Nothing in this subdivision shall prevent any city referred to in subdivision 1, clause (1), from applying for an additional allocation of bonds under this subdivision.*

*Subd. 4. [AGENCY REVIEW.] The 30-day review requirement in section 462C.04, subdivision 2, shall not apply to programs submitted to the agency that require an allocation of the state ceiling pursuant to this section. A failure by the agency to complete any action by the dates set forth in this section shall not result in the approval of any program or the allocation of any portion of the applicable limit of the agency. Approval by the agency of programs after the dates provided in this section shall be effective in allocating a portion of the state ceiling. Programs approved by the agency may be amended with the approval of the agency under section 462C.04, subdivision 2, provided that the dollar amount of bonds for the program may not be increased.*

*Subd. 5. [STATE CERTIFICATION.] The executive director of the Minnesota housing finance agency is designated as the state official to provide the preissuance certification required by section 103A(j)(4)(A) of the Internal Revenue Code of 1954, as amended through December 31, 1985.*

*Subd. 6. [CORRECTION AMOUNTS FOR MORTGAGE CREDIT CERTIFICATE PROGRAMS.] A reduction in the state ceiling for qualified mortgage bonds caused by the failure of a mortgage credit certificate program to comply with a federal statute or regulation shall be assessed against the amount of qualified mortgage bonds allocated by law, other than by way of this section, to the city which adopted the program; provided that if no such allocation exists or it is less than the correction amount determined by the secretary of the treasury, then the amount of the correction amount in excess of the allocation shall be assessed against the 27-1/2 percent of the state ceiling allocated to the cities under subdivision 2.*

Sec. 17. [474A.08] [DETERMINATION OF ENTITLEMENT ALLO-

## CATIONS UNDER FEDERAL VOLUME LIMITATION ACT.]

*Subdivision 1. [ENTITLEMENT ISSUERS.] The dollar amount of the governmental volume cap allocated to entitlement issuers under a federal volume limitation act for each calendar year shall be determined by the department as follows:*

*(1) to the department of finance 24 percent of the governmental volume cap to be allocated among state issuers under section 18;*

*(2) to the first-class city with the largest population among first-class cities, 8.7 percent of the governmental volume cap, plus an additional 3.5 percent of the governmental volume cap or \$16,000,000, whichever is less, which additional amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in a federal volume limitation act prior to September 1, and thereafter may also be used for the issuance of obligations to finance multifamily housing projects;*

*(3) to the first-class city with the second largest population among first-class cities, 6.4 percent of the governmental volume cap, plus an additional 1.4 percent of the governmental volume cap or \$8,500,000, whichever is less, which additional amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in a federal volume limitation act prior to September 1, and thereafter may also be used for the issuance of obligations to finance multifamily housing projects;*

*(4) to the first class city with the third largest population among first class cities, 2.1 percent of the governmental volume cap, plus an additional five-tenths of one percent of the governmental volume cap or \$3,000,000, whichever is less, which additional amount is to be used solely for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition as used in a federal volume limitation act prior to September 1 and thereafter may also be used for the issuance of obligations to finance multifamily housing projects;*

*(5) to each city identified in section 13, subdivision 4, clause (2), six-tenths of one percent of the governmental volume cap;*

*(6) to a city or cities that received an allocation to issue qualified mortgage bonds during 1986 under Minnesota Statutes 1985 Supplement, section 462C.09, subdivision 2a, an amount or amounts for 1986 equal to such allocation, which amount may be used prior to September 1 for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition in a federal volume limitation act, and thereafter may also be used for the issuance of obligations to finance multifamily housing projects; and*

*(7) to a city or cities determined in accordance with the procedure set forth in section 16, subdivisions 2 and 3, an allocation to issue qualified mortgage bonds during 1987, in an amount determined in accordance with such procedure contained in section 16, subdivisions 2 and 3, which amount may be used prior to September 1 for the issuance of "qualified mortgage bonds" or for obligations with a comparable definition in a federal volume limitation act, and thereafter may also be used for the issuance of obligations to finance multifamily housing projects.*

*For any entitlement issuer that received an allocation for a qualified multifamily housing project and did not issue obligations for the project within the time period specified under section 22, subdivision 3, the amount allocated to the entitlement issuer under this subdivision for 1987 must be reduced by the amount of the unused allocation and the amount of any other allocation retained by that issuer after September 1, 1986, for which obligations have not been issued in 1986. The amount of any reduction in allocation must be added to the amounts available for pool allocation under section 20.*

*For purposes of this subdivision, "population" means the population determined under section 477A.011, subdivision 3.*

*Subd. 2. [NOTICE OF OF ENTITLEMENT ALLOCATION.] As soon as possible in each calendar year, the department shall provide a notice of entitlement allocation to each entitlement issuer stating separately the amount that may be issued for "qualified mortgage bonds" or for obligations with a comparable definition, a federal volume limitation act and the amount that may be issued for other obligations.*

**Sec. 18. [474A.09] [ALLOCATION OF STATE ENTITLEMENTS UNDER FEDERAL VOLUME LIMITATION ACT.]**

*The amount allocated to the department of finance under section 17, subdivision 1, clause (1), may be allocated or reallocated by the commissioner of the department of finance internally among state issuers, provided that 11.5 percent of such entitlement allocation is allocated to the iron range resources and rehabilitation commissioner. Upon the request of a statutory city located in the taconite tax relief area that received an entitlement allocation under Minnesota Statutes 1985 Supplement, section 474.18, of \$5,000,000 or more for calendar year 1985, the iron range resources and rehabilitation commissioner shall enter into an agreement with the city whereby the commissioner issues obligations on behalf of the city, in an amount requested by the city but not to exceed 17 percent of the amount allocated to the commissioner under this subdivision.*

**Sec. 19. [474A.10] [ENTITLEMENT ISSUERS UNDER THE FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [NOTICE OF ISSUE.] Each entitlement issuer that issues obligations pursuant to an entitlement allocation received under section 17 shall provide a notice of issue to the department on forms provided by the department stating (1) the date of issuance of the obligations; (2) the title of the issue; (3) the principal amount of the obligations; and (4) the dollar amount of the obligations subject to the governmental volume cap of a federal volume limitation act. For obligations that are issued as a part of a series of obligations, a notice must be provided for each series. Any issue of obligations for which a notice of issue is not provided to the department within five days after issuance shall be deemed not to have received an allocation under a federal volume limitation act. Within 30 days after receipt of the notice of issue, the department shall refund a portion of any deposit made pursuant to subdivision 3 equal to one percent of the principal amount of the obligations issued.*

*Subd. 2. [ENTITLEMENT TRANSFERS.] Any entitlement issuer may enter into an agreement with another entitlement issuer whereby the recipi-*

*ent entitlement issuer issues obligations pursuant to issuance authority allocated to the original entitlement issuer.*

*Subd. 3. [RESERVATION OR CANCELLATION OF ENTITLEMENT ALLOCATIONS.] After September 1, 1986, an entitlement issuer may retain all or a portion of its entitlement allocation under a federal volume limitation act only if the department has received by September 1 a letter stating the intent of the entitlement issuer to issue obligations under its entitlement allocation before the end of the calendar year or within the time permitted by a federal volume limitation act and an application deposit equal to one percent of the unused allocation for which it intends to issue obligations, provided that there shall be credited against the required deposit, any deposit made in accordance with section 13 for a corresponding allocation under existing federal tax law. Any unused portion of an allocation for which an application deposit and letter of intent have not been received by the department by September 1, 1986, is canceled and shall be reallocated under section 20. Notwithstanding the provisions of this subdivision, the department of finance may retain \$15,000,000 of its entitlement allocation for the issuance of obligations. If any time after August 31, 1986, the department of finance determines that part or all of such retained allocation will not be required for obligations issued by the state, the portion not required shall be canceled and shall be reallocated under section 20.*

**Sec. 20. [474A.11] [ALLOCATION OF POOL AMOUNT UNDER THE FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [POOL AMOUNT.] For calendar year 1986 and from January 1 to June 30 of calendar year 1987, the portion of the governmental volume cap and any allocations canceled or returned for reallocation under section 19 shall be allocated to issuers, other than state issuers, under this section.*

*An entitlement issuer, other than state issuers, may apply for an allocation under this section only after September 1. If an entitlement issuer, other than state issuers, applies for an allocation prior to November 1, the entitlement issuer must have either adopted a final resolution authorizing the sale of obligations in an amount equal to any allocation received under section 17 or returned any remaining allocation for reallocation under this section.*

*Notwithstanding the preceding paragraph, the following entitlement issuers may apply for an allocation under this section:*

*(a) Entitlement issuers that received an allocation only under section 17, subdivision 1, clause (6) or (7), may apply for an allocation at any time.*

*(b) A city of the first class may apply for an allocation for a manufacturing project at any time.*

*(c) Any entitlement issuer, other than state issuers, may apply for an allocation for a qualified multifamily housing project after September 1 if (1) it has adopted a preliminary resolution for specific projects for the amount of any of its retained entitlement allocation, and (2) the amount of allocation applied for does not exceed \$10,000,000.*

*(d) State issuers, other than the iron range resources and rehabilitation commissioner, may apply for and receive allocations under this section in an*

aggregate amount not to exceed that portion of the state's entitlement allocation returned for reallocation under section 19.

(e) The iron range resources and rehabilitation commissioner may apply for an allocation under this section only after September 1, if the commissioner has adopted preliminary resolutions for the amount of issuance authority retained by the commissioner under section 19.

Subd. 2. [APPLICATION.] An issuer may apply for an allocation pursuant to this section by submitting to the department an application on forms provided by the department accompanied by (1) a preliminary resolution, and (2) if the application is submitted prior to September 1 of any calendar year, an application deposit in the amount of one percent of the requested allocation, or if the application is submitted on or after September 1 of 1986, an application deposit in the amount of two percent of the requested allocation, provided that there shall be credited against the required deposit any deposit made with respect to the same project in accordance with section 14.

An application deposit for a qualified multifamily housing project must include an additional application deposit in the amount of one percent of the requested allocation. An application pursuant to this section may be combined with an application under section 14.

Subd. 3. [ALLOCATION CRITERIA.] The department shall rank each application received under this section on the basis of the number of points awarded to it, with one point being awarded for each of the criteria listed in section 14, subdivision 3, that are satisfied, and one point being awarded for each of the following criteria:

(1) the project is a multifamily housing project; and

(2) the project is a multifamily housing project designed for rental primarily to handicapped persons or to elderly persons.

An application for an allocation relating to an issue of obligations the proceeds of which are to be used to refund outstanding obligations shall be ranked as if the proceeds were to be used to finance the related project and based on the satisfaction of the criteria by the project and the applicant as of the time that the application is submitted.

Subd. 4. [ALLOCATION PROCEDURE.] (a) The department shall allocate available issuance authority on Monday of each week to applications received by Monday of the preceding week, in the following order of priority and available issuance authority may not be allocated to any other project prior to September 1, 1986:

(1) applications for manufacturing projects;

(2) applications for pollution control projects or waste management projects; and

(3) applications for commercial redevelopment projects or multifamily housing projects.

Within each category of applications available authority shall be allocated on the basis of the numerical rank determined under this section. In the case of an application for an allocation relating to more than one project to be financed by one issue of obligations, the points assigned to the application

shall be computed on the basis of the weighted average of points for the projects. The projects must all be of the same category of projects to be submitted as a multiproject application. If two or more applications have the same numerical rank, the allocation of issuance authority as between the applications shall be by lot unless otherwise agreed by the respective issuers. If an application is rejected, the department shall so notify the applicant and shall return the application deposit to the applicant within 30 days unless the applicant requests in writing that the application be resubmitted.

(b) From January 1 to September 1, no more than 20 percent of the total amount of issuance authority available for allocation during the calendar year pursuant to this section may be allocated to pollution control and waste management projects.

(c) From January 1 to September 1, no more than 35 percent of the total amount of issuance authority available for allocation during the calendar year pursuant to this section may be allocated to commercial redevelopment projects and multifamily housing projects. This amount is increased to 50 percent of the total available authority for the next month's allocation if the following two conditions occur: (1) on or after June 30 the total amount of issuance authority available under this section which has not been allocated or has been allocated to but was returned by an issuer exceeds 45 percent of the total amount of issuance authority available for allocation under this section for the calendar year; and (2) the entire amount of issuance authority available under this clause for commercial redevelopment and multifamily housing projects has been allocated.

After September 1, allocations shall be made under this subdivision to any project including, without limitation, projects for owner-occupied housing; notwithstanding the percentage limits and other restrictions contained in this subdivision. Applications must be ranked and allocations made first according to the order of priority and ranking of points under subdivision 3 and this subdivision. Any remaining amount must be allocated according to the ranking of points under subdivision 3. If two or more applications receive an equal number of points, allocations among such applications must be made by lot unless otherwise agreed by the respective applicants.

Subd. 5. [CERTIFICATE OF ALLOCATION.] The granting of an allocation of issuance authority by the department pursuant to this section shall be evidenced by issuance of a certificate of allocation provided to the applicant in accordance with section 22.

Subd. 6. [FINAL ALLOCATION.] If issuance remains or becomes available following the last Monday on which allocations are made during any calendar year, the department must allocate the remaining authority to the department of finance, and the department of finance shall allocate such remaining authority between the Minnesota housing finance agency and the higher education coordinating board. Amounts so allocated to the Minnesota housing finance agency shall be used for the issuance of mortgage credit certificates, and amounts allocated to the higher education coordinating board shall be used for the issuance of obligations under chapter 136A.

Sec. 21. [474A.12] [501(c)(3) POOL; FEDERAL VOLUME LIMITATION ACT.]

*Subdivision 1. [501(c)(3) POOL.] This section applies only to allocations made under a federal volume limitation act. The amount, if any, of the aggregate annual volume cap that must be set aside for qualified 501(c)(3) bonds in 1986 or in 1987 shall be allocated under this section.*

*Subd. 2. [HIGHER EDUCATION FACILITIES AUTHORITY.] Of the portion of the annual volume cap allocated under this section, \$20,000,000 for each calendar year is allocated to the higher education facilities authority for the issuance of obligations under sections 136A.25 through 136A.42. After September 1 of each year, the higher education facilities authority may retain any unused portion of such allocation only if the higher education facilities authority submits to the department on or before September 1 a letter which states (1) its intent to issue obligations pursuant to its allocation or a portion of it before the end of the calendar year or within the time period permitted under a federal volume limitation act, and (2) a description of the specific project or projects for which the obligations will be issued, together with an application deposit in the amount of one percent of the amount of the unused allocation or the portion of it pursuant to which it intends to issue obligations; provided that nothing herein shall preclude the commissioner from subsequently reallocating the retained allocation among the projects described in clause (2). On September 1 any unused portion of the amount allocated to the higher education facilities authority and not reserved by a letter of intent and an application deposit shall be canceled and subject to reallocation in accordance with subdivision 3. If the higher education facilities authority returns for reallocation all or any part of such allocation on or before October 31, that portion of the application deposit equal to one percent of the amount returned shall be refunded within 30 days.*

*Subd. 3. [APPLICATION.] An issuer may apply for an allocation of bond issuance authority under this section by submitting to the department an application on forms provided by the department, accompanied by (1) a preliminary resolution of the issuer, and (2) an application deposit in the amount of one percent of the requested allocation. The higher education facilities authority may apply for an allocation under subdivision 4 or subdivision 6 only if it has adopted a final resolution authorizing the sale of obligations in an amount equal to the allocation received and not returned for reallocation under subdivision 2.*

*Subd. 4. [ALLOCATION.] As of the 10th and 25th day of each month prior to September 1, the department shall allocate issuance authority available under this section on the basis of applications then on hand, assigning allocations in the order in which the applications are received by the department; provided that if two or more applications are filed with the department on the same day and if there is insufficient issuance authority for the applications, the allocation between or among such applications shall be by lot unless otherwise agreed by the respective applicants; and provided further that before September 1 of any year the amount allocated to any one issuer for any one 501(c)(3) organization shall not exceed \$15,000,000.*

*Subd. 5. [LETTER OF INTENT.] After September 1 of each calendar year, an issuer which has received an allocation pursuant to this section prior to September 1, may retain any unused portion of such allocation only if the issuer has submitted to the department on or before September 1 a letter stating its intent to issue obligations before the end of the calendar year*

*or within the time period permitted by a federal volume limitation act. If the letter of intent is not submitted to the department, the one percent application deposit shall be returned to the issuer, the allocation shall be canceled and is available for reallocation pursuant to subdivision 6. If an issuer returns for reallocation all or any part of its allocation on or before October 31, that portion of its application deposit equal to one percent of the amount returned shall be refunded within 30 days.*

*Subd. 6. [ALLOCATION AFTER SEPTEMBER 1.] On September 1 of each year the aggregate amount set aside for qualified 501(c)(3) bonds, less any amounts previously allocated or reallocated and either reserved by an issuer with a letter of intent or with respect to which a notice of issue has been filed shall be reallocated in accordance with this subdivision.*

*Bond issuance authority subject to reallocation under this subdivision on and after September 1 in any year shall be allocated by the department in the order in which the applications were received by the department; provided that if two or more applications are filed with the department on the same day and if there is insufficient issuance authority for the applications, the allocation between or among such applications shall be by lot unless otherwise agreed by the respective applicants. As soon as practicable after September 1, the department shall publish in the State Register a notice of the aggregate amount available for reallocation pursuant to this subdivision. Within five days after September 10, October 10, November 10, December 10, and December 20, the department shall allocate available authority under this subdivision. If issuance remains or becomes available following the final December 20th allocation, the department must allocate the remaining authority to the department of finance, and the department of finance shall allocate such remaining authority between the Minnesota housing finance agency and the higher education coordinating board. Amounts so allocated to the Minnesota housing finance agency shall be used for the issuance of mortgage credit certificates, and amounts allocated to the higher education coordinating board shall be used for the issuance of obligations under chapter 136A.*

*Subd. 7. [NOTICE OF 501(c)(3) ALLOCATION.] The department shall issue a notice granting an allocation of issuance authority under this section. No allocation shall be made if the sum of the principal amount of proposed allocation and the aggregate principal amount of allocations previously made and not returned for reallocation is in excess of the amount of issuance authority set aside for qualified 501(c)(3) bonds under a federal volume limitation act.*

*Subd. 8. [NOTICE OF ISSUE.] Issuers that issue obligations under this section shall provide a notice of issue to the department on forms provided by the department stating (1) the date of issuance of the obligations; (2) the title of the issue; (3) the principal amount of the obligations; and (4) the dollar amount of the obligations subject to the annual volume cap of a federal volume limitation act. For obligations issued as a part of a series of obligations, a notice must be provided for each series. Any issue of obligations for which a notice of issue is not provided to the department within five days after issuance shall be deemed not to have received an allocation under a federal volume limitation act. Within 30 days after receipt of the notice of issue, the department shall refund a portion of any deposit made pursuant to subdivi-*

sion 3 equal to one percent of the principal amount of the obligations issued.

**Sec. 22. [474A.13] [CERTIFICATE OF ALLOCATION UNDER FEDERAL VOLUME LIMITATION ACT.]**

*Subdivision 1. [ISSUANCE OF CERTIFICATE OF ALLOCATION.] The department shall issue a certificate of allocation for any allocation granted under section 20, except as provided in subdivision 4.*

*Subd. 2. [ISSUANCE OF CERTIFICATE OF ALLOCATION; GENERAL OBLIGATIONS.] The department shall issue a certificate of allocation for any general obligation for which an allocation request is received upon forms provided by the department, except as provided in subdivision 4. Such forms shall contain:*

- (1) the name and address of the issuer;*
- (2) the address, telephone number, and name of an authorized representative of the issuer;*
- (3) the principal amount of general obligations proposed to be issued by the issuer;*
- (4) the title of the proposed issue;*
- (5) a statement of the issuer that the proposed issue of obligations is expected to be offered for sale on or before the expiration date of the certificate of allocation for which the request is being made;*
- (6) the amount of the allocation requested; and*
- (7) a certification that the general obligations do not constitute "industrial development bonds" as defined in section 103(b) of the Internal Revenue Code of 1954, as amended through December 31, 1985, which certification shall be accompanied by an opinion of bond counsel to such effect.*

*No certificate of allocation shall be issued pursuant to this authorization in excess of \$10,000,000. If submitted on or after September 1 for calendar year 1986, an allocation request shall be accompanied by a deposit in the amount of one percent of the amount of allocation requested. The department shall issue certificates of allocation on Monday of each week for applications received by Monday of the preceding week and shall make the allocations among the applications by lot.*

*Subd. 3. [NOTICE OF ISSUE.] A certificate of allocation shall expire and be deemed not to have been issued if the department has not received a notice of issue on a form provided by the department stating that the obligations for which the certificate of allocation was provided were issued, or in the case of a general obligation, a final resolution providing for sale was adopted, within the following periods:*

- (1) for a certificate of allocation issued on or prior to August 15, 1986, or anytime in 1987, within 30 days of the date of issuance of the certificate;*
- (2) for a certificate of allocation issued between August 16 and September 1, 1986, by September 16, 1986;*
- (3) for a certificate of allocation issued on or after September 1, within 15 days of the date of issuance of the certificate; and*

(4) for a certificate of allocation issued to an entitlement issuer for a qualified multifamily housing project, within 30 days of issuance of the certificate of allocation.

Any of the periods specified in clauses (1), (2), or (3) may be extended for an additional period of the same number of days if an additional deposit in the amount of three percent of the amount of the certificate of allocation is provided before the end of the initial period. The period specified in clause (4) may be extended for an additional 30 days if an additional deposit in the amount of four percent of the amount of the certificate of allocation is provided before the end of the initial period.

The notice of issue shall be executed by an officer of the issuer or by the bond counsel approving the issue and shall state the principal amount of the obligations issued or to be issued and the difference, if any, between the amount issued or to be issued and the amount stated in the certificate of allocation. If the notice of issue is not provided to the department by the time required, then (1) the certificate of allocation shall expire and the issue shall be deemed not to have received an allocation for the purpose of complying with a federal volume limitation act, and (2) the deposit required by section 19, 20, or this section shall be forfeited by the issuer. If such notice is received by the department on or prior to the prescribed deadline, then within 30 days after receipt of this notice, the department shall refund a portion of any application deposit equal to one percent of the principal amount of the obligations issued.

**Subd. 4. [LIMITATIONS ON THE ISSUANCE OF CERTIFICATES.]** No certificate of allocation shall be granted under a federal volume limitation act under any of the following circumstances:

(1) the amount of the allocation requested, when added to (i) the aggregate amount of certificates of allocation issued and not expired; (ii) amounts remaining available to be allocated pursuant to section 20; and (iii) entitlement authority allocated pursuant to section 17 and not returned pursuant to section 19, subdivision 3, for reallocation would cause the governmental volume cap to be exceeded. If two or more applications for a certificate of allocation are filed with the department on the same day and there is insufficient issuance authority for the applications, certificates shall be issued first for applications made pursuant to subdivision 2 and thereafter for applications made pursuant to subdivision 1; or

(2) the principal amount of the proposed allocation exceeds \$25,000,000 unless the issuer is the Minnesota housing finance agency or the Minnesota higher education coordinating board, or unless the issue is a pooled or joint issue or any issue of a joint powers board, provided that for joint or pooled issues or issues of a joint powers board the aggregate amount of the issue cannot exceed \$100,000,000.

**Subd. 5. [CERTIFICATES ARE NOT TRANSFERABLE.]** Certificates of allocation are not transferable.

**Sec. 23. [474A.14] [NOTICE OF AVAILABLE AUTHORITY.]**

The department shall publish in the State Register at least twice monthly, a notice of the amount of issuance authority, if any, available for allocation pursuant to sections 14, 20, and 21.

Sec. 24. [474A.15] [STATE HELD HARMLESS.]

*The state shall not be liable in any manner to any issuer, holder of obligations, or other person for carrying out the duties imposed on it under sections 10 to 30.*

Sec. 25. [474A.16] [EXCLUSIVE METHOD OF ALLOCATION.]

*Sections 10 to 30 shall be the exclusive method for allocating authority to issue obligations for the purposes of complying with the volume limitation of a federal volume limitation act and existing federal tax law. An issuer of obligations may elect to obtain an allocation of authority under either existing federal tax law, a federal volume limitation act, or both.*

Sec. 26. [474A.17] [ADMINISTRATIVE PROCEDURE ACT NOT APPLICABLE.]

*Minnesota Statutes, chapter 14, shall not apply to actions taken by any state agency, entity, or the governor under sections 10 to 30.*

Sec. 27. [474A.18] [PROSPECTIVE OVERRIDE OF FEDERAL VOLUME LIMITATION ACT.]

*Sections 10 to 30 prospectively override and replace the method of allocating the authority to issue obligations among uses and among issuers as provided in a federal volume limitation act to the extent allowed by a federal volume limitation act.*

Sec. 28. [474A.19] [GOVERNOR'S ACTION.]

*If at any time before June 30, 1987, a federal volume limitation act is enacted into law in a form different from that existing as of December 31, 1985, which (1) eliminates or adds any requirement that a specific type of obligation is subject to a volume limitation that is inconsistent with the allocation mechanism provided for in sections 10 to 30, or (2) provides for other restrictions on the allocation of issuance authority that are inconsistent with the allocation mechanism provided for in sections 10 to 30, the governor may, consistent with a federal volume limitation act as enacted, by executive order or proclamation, establish such revisions to the allocation system as may be necessary and appropriate and which the governor, in consultation with the legislative advisory commission and the attorney general, shall determine are most consistent with the purposes of and the allocation mechanism provided for in this sections 10 to 30. Any executive order or proclamation made by the governor under this section shall not withdraw or impair any allocation made if obligations have been issued under such allocations unless the obligations are not subject to the volume cap of a federal volume limitation act and written notice is provided to the issuer.*

Sec. 29. [474A.20] [STATE CERTIFICATION.]

*The commissioner of the department is designated as the state official to provide any pre-issuance or post-issuance certification required by a federal volume limitation act.*

Sec. 30. [474A.21] [APPROPRIATION; RECEIPTS.]

*Any fees collected by the department under sections 10 to 30 are appropriated to the general fund except the amount which is necessary to repay*

*application deposits, which amount is appropriated to the department from the general fund for that purpose.*

Sec. 31. Minnesota Statutes 1984, section 475.55, is amended by adding a subdivision to read:

*Subd. 7. [OBLIGATIONS SUBJECT TO FEDERAL TAXATION.] Notwithstanding subdivision 1, if the governing body determines that interest on any obligations is subject to federal income taxation, the obligations may bear interest at the rate determined in accordance with subdivision 1 plus three percent per annum.*

*Obligations may also be issued which provide that, if interest on the obligations becomes subject to federal income taxation or if certain events occur that under the terms of the obligations cause the interest on the obligations to be deemed to be subject to federal income taxation, the obligations may provide for payment of interest from the date of issuance or another date provided by them at a rate which does not exceed the greater of (a) the maximum rate determined under subdivision 1 plus three percent per annum, or (b) the maximum rate determined under subdivision 1 at the time the interest on the obligations becomes or is deemed to become subject to federal income taxation.*

Sec. 32. Minnesota Statutes 1985 Supplement, section 475.56, is amended to read:

#### 475.56 [INTEREST RATE.]

(a) Any municipality issuing obligations under any law may issue obligations bearing interest at a single rate or at rates varying from year to year which may be lower or higher in later years than in earlier years. Such higher rate for any period prior to maturity may be represented in part by separate coupons designated as additional coupons, extra coupons, or B coupons, but the highest aggregate rate of interest contracted to be so paid for any period shall not exceed the maximum rate authorized by law. Such higher rate may also be represented in part by the issuance of additional obligations of the same series, over and above but not exceeding two percent of the amount otherwise authorized to be issued, and the amount of such additional obligations shall not be included in the amount required by section 475.59 to be stated in any bond resolution, notice, or ballot, or in the sale price required by section 475.60 or any other law to be paid; but if the principal amount of the entire series exceeds its cash sale price, such excess shall not, when added to the total amount of interest payable on all obligations of the series to their stated maturity dates, cause the average annual rate of such interest to exceed the maximum rate authorized by law. This section does not authorize a provision in any such obligations for the payment of a higher rate of interest after maturity than before.

(b) Any obligation of an issue of obligations otherwise subject to section 475.55, ~~subdivision subdivisions 1 and 7,~~ may bear interest at a rate varying periodically at the time or times and on the terms, including convertibility to a fixed rate of interest, determined by the governing body of the municipality, but the rate of interest for any period shall not exceed the maximum rate of interest for the obligations determined in accordance with section 475.55,

~~subdivision subdivisions 1 and 7.~~ For purposes of section 475.61, subdivisions 1 and 3, the interest payable on variable rate obligations for their term shall be determined as if their rate of interest is the maximum rate permitted for the obligations under section 475.55, ~~subdivision subdivisions 1 and 7,~~ or the lesser maximum rate of interest payable on the obligations in accordance with their terms, but if the interest rate is subsequently converted to a fixed rate the levy may be modified to provide at least five percent in excess of amounts necessary to pay principal of and interest at the fixed rate on the obligations when due. For purposes of computing debt service or interest pursuant to section 475.67, subdivision 12, interest throughout the term of bonds issued pursuant to this subdivision is deemed to accrue at the rate of interest first borne by the bonds. The provisions of this paragraph do not apply to obligations issued by a statutory or home rule charter city with a population of less than 10,000, as defined in section 477A.011, subdivision 3, or to obligations that are not rated A or better, or an equivalent subsequently established rating, by Standard and Poor's Corporation, Moody's Investors Service or other similar nationally-recognized rating agency, *except that any statutory or home rule charter city, regardless of population or bond rating, may issue variable rate obligations as a participant in a bond pooling program established by the league of Minnesota cities that meets this bond rating requirement.*

Sec. 33. [REPEALER.]

*Minnesota Statutes 1984, sections 462C.09, subdivision 4; 474.16, subdivisions 1, 2, and 5; 474.21; and 474.25; and Minnesota Statutes 1985 Supplement, sections 462C.09, subdivisions 1, 2a, 3, 5, and 6; 474.16, subdivisions 3, 6, 7, 8, 9, 10, 11, 12, 13, 14, and 15; 474.17; 474.19; 474.20; 474.23; and 474.26 are repealed. Nothing in this section is intended to affect the validity of any allocation granted pursuant to the repealed sections prior to the effective date of this act, including any allocation carried forward for use in a later calendar year.*

Sec. 34. [EFFECTIVE DATE; SUNSET.]

*Sections 10 to 30 and 33 are effective the day following final enactment and are repealed effective July 2, 1987."*
