The bonds of the administration must be authorized by a resolution or resolutions adopted by the administration, bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States, at such place or places within or without the state, and be subject to such terms of redemption or purchase prior to maturity as the resolutions or certificates may provide. If, for any reason, whether existing at the date of issue of any bonds or at the date of making or purchasing any loan or securities from the proceeds or after that date, the interest on any bonds is or becomes subject to federal income taxation, this shall not impair or affect the validity or the provisions made for the security of the bonds. The administration may make covenants and take or cause to be taken actions which are in its judgment necessary or desirable and possible to comply with conditions established by federal law or regulations for the exemption of interest on its obligations. The administration may refrain from compliance with those conditions if in its judgment this would serve the purposes and policies set forth in this article with respect to any particular issue of bonds, unless this would violate covenants made by the administration. The bonds of the administration may be sold at public or private sale at a price or prices determined by the administration. The underwriting discount, spread, or commission paid or allowed to the underwriters of the bonds, however, must be an amount not in excess of the amount determined by the administration to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters.

Sec. 10. [41B.10] [REVENUE BONDS; OPTIONAL RESOLUTION AND CONTRACT PROVISIONS.]

Any resolution authorizing any bonds or any issue of bonds may contain provisions, which must be a part of the contract with the holders of the bonds, as to the matters referred to in this section.

(a) It may pledge or create a lien on all or any part of the money or property of the administration and any money held in trust or otherwise by others to secure the payment of the bonds or of any issue of bonds, subject to any agreements with bondholders which exist.

(b) It may provide for the custody, collection, securing, investment, and payment of any money of the administration.

(c) It may set aside reserves or sinking funds and provide for their regulation and disposition and may create other special funds into which any money of the administration may be deposited.

(d) It may limit the loans and securities to which the proceeds of sale of bonds may be applied and may pledge repayments thereon to secure the payment of the notes or bonds or of any issue of notes or bonds.

(e) It may limit the issuance of additional bonds, the terms upon which additional bonds may be issued and secured, and the refunding of outstanding or other bonds.

(f) It may prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent to the amendment or abrogation, and the manner in which that consent may be given.

(g) It may vest in a trustee or trustees property, rights, powers, and duties in trust determined by the administration, which may include any or all of the rights, powers, and duties of the bondholders, or may limit the rights, powers, and duties of the trustee.

(h) It may define the acts or omissions to act which constitute a default in the obligations and duties of the administration and may provide for the rights and remedies of the holders of bonds in the event of a default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of this article, which in any way affect the security or protection of the bonds and the rights of the bondholders.

Sec. 11. [41B.11] [PLEDGES.]

Any pledge made by the administration is valid and binding from the time the pledge is made. The money or property pledged and later received by the administration is immediately subject to the lien of the pledge without any physical delivery of the property or money or further act, and the lien of any pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the administration, whether or not those parties have notice of the lien or pledge. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

Sec. 12. [41B.12] [REVENUE BONDS; NONLIABILITY OF INDIVIDUALS.]

Neither the members of the administration nor any person executing the bonds is liable personally on the bonds or subject to any personal liability or

accountability by reason of their issuance.

Sec. 13. [41B.13] [REVENUE BONDS; PURCHASE AND CANCELLATION BY ADMINISTRATION.]

The administration, subject to agreements with bondholders which may then exist, has power out of any funds available for the purpose to purchase bonds of the administration at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon, or (b) if the bonds are not redeemable, the redemption price applicable on the first date after the purchase upon which the bonds become subject to redemption plus accrued interest to that date.

Sec. 14. [41B.14] [REVENUE BONDS; NONLIABILITY OF STATE.]

The state of Minnesota is not liable on bonds of the administration issued under section 8 and those bonds are not a debt of the state. The bonds must contain on their face a statement to that effect.

Sec. 15. [41B.15] [STATE PLEDGE AGAINST IMPAIRMENT OF CONTRACTS.]

The state pledges and agrees with the holders of any bonds issued under section 8, that the state will not limit or alter the rights vested in the administration to fulfill the terms of any agreements made with the bondholders, or in any way impair the rights and remedies of the holders until the bonds, together with interest on them, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the bondholders, are fully met and discharged. The administration may include this pledge and agreement of the state in any agreement with the holders of bonds issued under section 8.

Sec. 16. [41B.16] [SECURITY ACCOUNT.]

Upon determining that a default may occur in the payment of principal or interest on any issue of bonds issued under section 8, or if any debt service reserve fund established in connection with those bonds is drawn upon because the revenues of the program are not then sufficient to make any payment of the principal or interest on them, the administration shall certify those facts to the commissioner of finance and shall request that the commissioner of finance transfer from the security account established under section 19, subdivision 5, to accounts or funds designated by the administration an amount required to cure the deficiency.

Sec. 17. [41B.17] [POWERS AND DUTIES OF TRUSTEE.]

Subdivision 1. [GENERAL.] *The trustee designated in any indenture or resolution securing an issue of bonds may, and upon written request of the holders of 25 percent in principal amount of the notes or bonds then outstanding shall, in the trustee's own name, subject to the provisions of the indenture or resolution:*

(1) enforce all rights of the bondholders, including the right to require the administration to collect fees, charges, interest, and payments on loans or interests therein held by the administration and eligible securities purchased by it adequate to carry out any agreement as to, or pledge of, those fees,

charges, and payments, and to require the administration to carry out any other agreements with the holders of the notes or bonds and to perform its duties under this article;

(2) bring suit upon the bonds;

(3) require the administration to account as if it were the trustee of any express trust for the holders of the bonds;

(4) enjoin any acts or things which may be unlawful or in violation of the rights of holders of the bonds; or

(5) declare all the bonds due and payable, and if all defaults are made good, then, with the consent of the holders of 25 percent of the principal amount of the bonds then outstanding, the trustee may annul the declaration and consequences.

Subd. 2. [ADDITIONAL POWERS.] *In addition to the powers in subdivision 1, the trustee has all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of bondholders or noteholders in the enforcement and protection of their rights.*

Subd. 3. [VENUE; NOTICE.] *The venue of any action or proceedings brought by a trustee under this article, is in Ramsey county. Before declaring the principal of bonds due and payable, the trustee shall first give 30 days notice in writing to the governor, the administration, and the state treasurer.*

Sec. 18. [41B.18] [REVENUE BOND FUND; REPORTS.]

Subdivision 1. [AUTHORITY.] *The administration may create and establish a special fund or funds for the security of one or more or all series of its bonds, which funds are known as debt service reserve funds. The administration may pay into each debt service reserve fund:*

(1) any money appropriated by the state only for the purposes of that fund;

(2) any money transferred from the security fund for the purposes of that fund;

(3) any proceeds of sale of bonds to the extent provided in the resolution or indenture authorizing their issuance;

(4) any funds directed to be transferred by the administration to that debt service reserve fund; and

(5) any other money made available to the administration only for the purpose of that fund from any other source.

Subd. 2. [USE OF MONEY.] *The money held in or credited to each debt service reserve fund, except as provided in this section, must be used solely for the payment of the principal of bonds of the administration as the bonds mature, the purchase of the bonds, the payment of interest on the bonds, or the payment of any premium required when the bonds or notes are redeemed before maturity; provided, that money in a debt service reserve fund may not be withdrawn at any time in an amount which would reduce the amount of the fund to less than the amount which the administration determines to be reasonably necessary for the purposes of the fund, except for the purpose of paying principal or interest due on bonds secured by the fund, for the pay-*

ment of which other money of the administration is not available.

Subd. 3. [LIMITATION.] *If the administration creates a debt service reserve fund for the security of any series of bonds, it shall not issue any additional bonds which are similarly secured if the amount of any of the debt service reserve funds at the time of issuance does not equal or exceed the minimum amount, if any, required by the resolution creating that fund, unless the administration deposits in each fund at the time of issuance, from the proceeds of the bonds or otherwise, an amount which, together with the amount then in the fund, will not be less than the minimum amount required.*

Subd. 4. [EXCESS FUNDS.] *To the extent consistent with the resolutions and indentures securing outstanding bonds, the administration may, at the close of any fiscal year, transfer to any other fund or account from any debt service reserve fund, any excess in that fund over the amount deemed by the administration to be reasonably necessary for the purpose of the fund. Any excess must be transferred first to the security fund to the extent of any prior withdrawals from the security fund which have not previously been restored to the security fund.*

Subd. 5. [CONSTRUCTION.] *Nothing in this section may be construed to limit the right of the administration to create and establish by resolution or indenture other funds or security in addition to debt service reserve funds which are necessary or desirable in connection with any bonds or programs.*

Subd. 6. [REPORT.] *The administration shall submit a biennial report of its activities, projected activities, receipts, and expenditures for the next biennium, to the governor and the legislature on or before January 15 in each odd-numbered year. The report must include the distribution of money under each administration program by county. In addition, the report must include the cost to the administration of the issuance of its bonds for each issue in the biennium.*

Subd. 7. [AUDIT.] *The books and records of the administration are subject to audit by the legislative auditor in the manner prescribed for other state agencies. The administration may also employ and contract in its resolutions and indentures for the employment of public accountants for the audit of books and records pertaining to any fund.*

Sec. 19. [41B.19] [GENERAL OBLIGATION BONDS.]

Subdivision 1. [PROCEDURE.] *For the purpose of developing the state's agricultural resources by providing for the extension of credit on real estate security and to assure the timely payment of the principal of and interest on the bonds or other obligations issued by the rural finance administration, and upon request of the rural finance administration under section 8, the commissioner of finance may at the direction of the administration, issue general obligation bonds of the state in a principal amount not exceeding $50,000,000. The bonds must be secured as provided in the Minnesota Constitution, article XI, section 7, and, except as provided in this section, must be issued and secured as provided in Minnesota Statutes, section 16A.641. The proceeds of the bonds, except any premium and accrued interest, must be deposited in the security account established by this section and used solely for the purposes specified in this section. The premium and accrued interest, if any, must be deposited in the the rural renewal bond account in*

the state bond fund.

Subd. 2. [TERMS OF BONDS.] *Notwithstanding any provision of section 16A.641 to the contrary, the commissioner of finance may fix the terms of the bonds as provided in sections 475.54, subdivision 5a, and 475.56, paragraph (b), and may enter into, on behalf of the state all agreements deemed necessary for this purpose, including those authorized to be entered into by municipalities by that section. The proceeds of the general obligation bonds may be used to reimburse the commissioner of finance for the costs of issuance of the bonds and the costs of development of programs authorized in this article.*

Subd. 3. [SALE OF BONDS.] *If determined by the commissioner of finance to be necessary in order to reduce costs of issuance, to secure a favorable prevailing interest rate, or to receive the bond proceeds by a specified date, or if the terms of the bonds are fixed as provided in sections 475.54, subdivision 5a, and 475.56, paragraph (b), the bonds may be sold by negotiation and without solicitation of sealed bids.*

Subd. 4. [BOND FUND ACCOUNT.] *The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account designated as the rural renewal bond account, to record receipts and disbursements of money transferred to the account to pay bonds issued under this section and to record income from the investment of the money in the account. The income must be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the commissioner of finance, as determined by the commissioner of finance, times the average balance in the account that year.*

Subd. 5. [RURAL FINANCE ADMINISTRATION SECURITY ACCOUNT.] *The commissioner of finance shall maintain a separate state building fund account designated as the rural finance administration security account, into which must be deposited the proceeds of the rural renewal general obligation bonds issued as provided in this section. The commissioner of finance shall maintain a separate bookkeeping account to record receipts and disbursements of money transferred to or from the security account and to record income from the investment of money in the account. Upon the written request of the administration, the commissioner of finance shall transfer from the security account to an account or accounts the administration shall designate, a sum of money sufficient in amount, if available, when added to the balances then on hand in the designated accounts, to pay bonds issued by the administration under this article and the interest on them due and to become due on the next succeeding date for the payment of the principal of and interest on the bonds of the administration or to restore to any debt service reserve fund established in connection with the bonds any amount withdrawn from the debt service reserve account to pay the bonds. The commissioner of finance shall further transfer from the security account on or before the date on which any installment of the principal of and interest on bonds authorized by this section is due, a sum sufficient in amount, when added to the balance then on hand in the rural renewal bond account, to pay all bonds issued under this section and the interest on them due and to become due on the next succeeding date for payment of the bonds.*

Subd. 6. [INVESTMENT OF SECURITY ACCOUNT.] *Money from time*

to time on deposit in the security account must be invested by the state board of investment at the request of the administration in any investment authorized by this subdivision. Money on deposit in the security account may be invested in (1) certificates of deposit insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation; (2) certificates of deposit issued by eligible agricultural lenders, whether or not fully insured or secured; (3) deposits secured by obligations of the United States or of the state of a market value equal at all times to the amount of the deposit and all banks and trust companies are authorized to give security for those deposits; (4) in qualified agricultural loans or in participation interests in qualified agricultural loans; or (5) qualified restructured loans. If and to the extent money has been transferred from the security account to provide for the timely payment of the principal of and interest on bonds issued by the administration, or to transfer money to a debt service reserve fund established in connection with the bonds, the administration shall transfer to the security account on or before December 1 of each succeeding year an amount equal to that previously transferred from the security account, provided that the administration's obligation to transfer money to the security account is limited to money then on hand in funds or accounts of the administration in excess of those appropriated to other purposes or required to provide for the payment of the principal of and interest on bonds issued by the administration and to pay the costs of issuing, carrying, administering, and securing the bonds of the administration and of administering and implementing the programs of the administration financed by the bonds.

Subd. 7. [TRANSFERS, APPROPRIATION.] *In addition to the money required to be transferred to the rural renewal bond account under subdivision 5, and in order to reduce the amount of taxes otherwise required by the Minnesota Constitution to be levied for the state bond fund, the commissioner of finance shall transfer from the general fund to the rural renewal bond account, on December 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand in that account, to pay all bonds issued under this section and the interest on them due and to become due to and including July 1 in the second ensuing year. All money to be so credited and all income from its investment is annually appropriated for the payment of the bonds and interest on them, and shall be available in the rural renewal bond account before the levy of the tax in any year required by the Minnesota Constitution, article XI, section 7. The legislature may also appropriate to the rural renewal bond account any other money in the state treasury not otherwise appropriated, for the security of bonds issued under this section in the event that sufficient money is not available in the account from the appropriation in this section, before the levy of the tax in any year. The commissioner of finance shall make the appropriate entries in the accounts of the respective funds.*

Subd. 8. [CONSTITUTIONAL LEVY.] *On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then in the rural renewal bond account, to pay the entire amount of principal and interest due on or before July 1 in the second year thereafter on bonds issued under this section. This tax must be levied upon all real property used for a homestead, as well as other taxable property, notwithstanding section 273.13, subdivision 22. The tax must not be limited in rate or amount until all the bonds and interest on them are fully paid. The proceeds of this tax are appropriated and must be credited to the state bond fund, and the principal and interest on the bonds are payable from all the proceeds. As*

much of the proceeds as is necessary is appropriated for the payments. If at any time there is insufficient money from the proceeds of the taxes to pay the principal and interest when due on the bonds, the principal and interest must be paid out of the general fund in the state treasury, and the amount necessary for the payment is hereby appropriated.

Subd. 9. [COMPLIANCE WITH FEDERAL LAW.] *The commissioner of finance may covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.*

Subd. 10. [TAXABILITY OF INTEREST.] *Interest on the bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.*

Sec. 20. [41B.20] [EXEMPTION FROM TAXES.]

The property of the administration and its income and operation shall be exempt from all taxation by the state or any of its political subdivisions.

Sec. 21. [41B.21] [CERTAIN ACTIONS.]

Any action brought by any person with respect to the rights or powers of the administration or calling into question the validity or enforceability of bonds or obligations authorized by this article is a remedial case of which the supreme court has orginal jurisdiction pursuant to article VI, section 2 of the constitution. The action may be commenced solely by service upon the state auditor, the commissioner of agriculture, or the executive director of the administration and by filing of the summons and complaint with the supreme court. Upon filing of an answer to the complaint, the court shall order a hearing which must be held not later than 30 days from the date of filing of the answer. At the hearing, the court shall establish an expedited schedule for the action.

Sec. 22. [41B.22] [CONSTRUCTION.]

This article is necessary for the welfare of the state of Minnesota and its inhabitants; therefore, it shall be liberally construed to effect its purpose.

Sec. 23. [SEVERABILITY; ACTIONS.]

Each of the provisions of this article, and each application thereof to particular circumstances, is severable. If any provision or application is found to be unconstitutional and void, it is the intention that the remaining provisions and applications shall be valid and enforceable to the full extent possible under section 645.20. The supreme court shall have original jurisdiction, pursuant to article VI, section 2 of the constitution, in all cases seeking a remedy based upon an issue raised as to the validity of any such provision or application.

PROTECTION OF CONSERVATION PRACTICES

Section 1. Minnesota Statutes 1985 Supplement, section 40.26, is amended to read:

40.26 [~~APPLICATION FOR~~ COST-SHARING FUNDS.]

Subdivision 1. [COST-SHARE REQUIRED.] ~~(a)~~ Except for a development activity, a land occupier may not be required to establish soil conservation practices unless state cost-sharing funds have been specifically approved for that land and have been made available to the land occupier under sections 40.23 and 40.242, equal to at least 75 percent of the cost of the permanent conservation practices on a voluntary basis; or a 50 percent cost share if an application for cost share is not made within 90 days after the board approves a mediated written agreement or within 90 days after the court orders implementation of a plan and time schedule prepared by the landowner or the court. For mediated settlements, a court order that implements the landowner's alternatives or the court's alternatives must state the time schedule for application for 50 percent cost share. If the court orders implementation of the district's plan and time schedule, a landowner is only eligible for 50 percent cost share.

Subd. 2. [REVIEW OF REQUIREMENTS.] ~~(b)~~ The state soil and water conservation board shall review these requirements at least once each year, and may authorize a district to provide a higher percentage of cost sharing than is required by this section. To aid in this determination, the state board may consider the location of the affected area in relation to the priority areas as established in the soil and water conservation district annual and long-range plans.

Subd. 3. [RECORDING.] *The permanent conservation practices must be recorded with the county recorder on the tracts where they occur if the cost-sharing funds are issued to the landowner.*

Sec. 2. Minnesota Statutes 1984, section 500.24, is amended by adding a subdivision to read:

Subd. 3a. [LEASE AGREEMENT; CONSERVATION PRACTICE PROTECTION CLAUSE.] *A corporation, other than a family farm corporation or an authorized farm corporation, when leasing farm land to a family farm unit, a family farm corporation, or an authorized farm corporation under provisions of section 500.24, subdivision 3, clause (i), must include within the lease agreement a provision prohibiting intentional damage or destruction to a conservation practice on the agricultural land.*

Sec. 3. Minnesota Statutes 1984, section 500.24, is amended by adding a subdivision to read:

Subd. 3b. [PROTECTION OF CONSERVATION PRACTICES.] *If a corporation, other than a family farm corporation or an authorized farm corporation, during the period of time it holds agricultural land under section 500.24, subdivision 3, clause (i), intentionally destroys a conservation practice as defined in section 40.19, subdivision 5, to which the state has made a financial contribution, the corporation must pay the commissioner of agriculture, for deposit in the general fund, an amount equal to the state's total contributions to that conservation practice plus interest from the time of investment in the conservation practice. Interest must be calculated at an annual percentage rate of 12 percent.*

ARTICLE 8

FAMILY FARM SECURITY INTEREST EXCLUSION

Section 1. [FAMILY FARM SECURITY INTEREST EXCLUSIONS.]

(a) The commissioner shall annually pay to qualified sellers of property, financed by a family farm security loan, an amount approximately equal to the additional state income tax paid as a result of the inclusion in gross income of the interest and payment adjustment earned on a seller-sponsored family farm security loan.

(b) The payment amount must be determined as follows:

(1) In order to qualify for a payment, the seller must apply to the commissioner. The application must include a copy of the seller's 1985 state income tax return and any other information that the commissioner requests to verify that the applicant is a qualified seller. The commissioner shall recompute the seller's total state income tax liability that would be due if the interest and payment adjustment amounts were not includable in gross income for state income tax purposes. The commissioner may require the seller to compute these amounts as part of the application. For calendar year 1986 the amount of the payment equals the reduction in state income tax liability that would occur if the interest and payment adjustment were not included in gross income for state tax purposes.

(2) For calendar years beginning with 1987, the additional payment amount must be determined as follows:

(i) The calendar year 1986 payment must be divided by the amount of interest and payment adjustment received during calendar year 1986.

(ii) The resulting quotient must be multiplied by the interest and payment adjustment received for the calendar year.

(iii) The product determined under clause (ii) is the payment for the calendar year.

(c) If for a tax year after 1986 the qualified seller's taxable income has changed substantially, the commissioner may provide by rule that upon reapplication a later tax year will be used to compute the quotient under clause (b)(2)(i).

(d) The commissioner may make the payments under this subdivision in the same manner provided for the payment adjustment under subdivision 2.

(e) For purposes of this subdivision, the following terms have the meanings given:

(1) "Gross income" means gross income as defined for purposes of chapter 290.

(2) "Qualified seller" means an individual who sold farm land under a seller-sponsored loan prior to July 1, 1985, and who is a resident of Minnesota during the calendar year and subject to the payment of Minnesota income taxes.

CROP RIGHTS ON FORECLOSED LAND

Section 1. Minnesota Statutes 1984, section 542.06, is amended to read:

542.06 [REPLEVIN.]

Actions to recover the possession of personal property wrongfully taken shall be tried in the county in which the taking occurred~~,~~ or~~,~~ ~~at claimant's election, in the county in which he resides, in other cases~~ in the county in which the property is situated.

Sec. 2. [557.10] [OWNERSHIP OF CROPS.]

Planted and growing crops are personal property of the person or entity

that has the property right to plant the crops.

Sec. 3. [557.11] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] *The definitions in this section apply to this section and section 4.*

Subd. 2. [PLANTING CROP OWNER.] *"Planting crop owner" means the person or entity that has a property right to plant crops, including a leasehold interest, the interest of a contract for deed vendee, and the redemption interest of a foreclosed mortgagor.*

Subd. 3. [CROP VALUE.] *"Crop value" means the value of the crop and crop inputs, including the real property fair market rental value, up to the time the planting crop owner's property right to harvest the crop is terminated.*

Sec. 4. [557.12] [HARVESTING CROPS AFTER TERMINATION OF PROPERTY INTERESTS.]

Subdivision 1. [TERMINATION OF PROPERTY INTEREST AFTER CROPS ARE PLANTED.] *If the planting crop owner's property right to harvest crops is involuntarily terminated before the crops are harvested, the person or entity with the property right to harvest the crops is liable to the planting crop owner for the crop value.*

Subd. 2. [PLANTING CROP OWNER'S LIEN.] *A planting crop owner has a lien for the crop value that attaches to the crop and crop products, and if the lien is not satisfied under subdivision 3, a planting crop owner has a lien for the crop value that attaches to the real property where the crop was planted.*

Subd. 3. [SATISFACTION OF CROP OWNER'S LIEN.] *(a) A person with the right to harvest a crop that is subject to a planting crop owner's lien may satisfy the lien by:*

(1) compensating the planting crop owner for the crop value; or

(2) allowing the planting crop owner to enter the property to grow and harvest the crops, and charging the planting crop owner the fair market rental value of the property where the crop was grown for the period when the planting crop owner's right to harvest the crops was terminated until the crops are harvested.

(b) If the person with the right to harvest the crop does not notify the planting crop owner within 30 days after termination of the planting crop owner's right to harvest the crops that the lien will be satisfied under paragraph (a), clause (2), the person with the right to harvest the crop must satisfy the lien under clause (1) unless otherwise agreed by the planting crop owner.

Subd. 4. [LIEN ON CROPS HARVESTED BY PLANTING CROP OWNER; PRIORITY.] *If the person with the right to harvest the crop satisfies the planting crop owner's lien by allowing the planting crop owner to harvest the crops, the person with the right to harvest the crops has a lien for the fair market rental value of the property where the crop was grown that attaches to the crops and crop products. The perfected lien has priority over all other liens and security interests in the crop and crop products.*

Subd. 5. [FILING AND ENFORCEMENT OF LIENS.] *(a) A planting crop owner's lien under subdivision 2 and a lien for the fair market rental value where the crop was grown under subdivision 4 are perfected against the crop and crop products by attaching and filing a financing statement covering the crop and crop products as provided under sections 336.9-401 to 336.9-410 by 90 days after the planting crop owner's right to harvest the crop is terminated. The financing statement must include a statement indicating whether it is a planting crop owner's lien or a lien for a crop harvested by a planting crop owner. A perfected lien may be enforced in the same manner as a security interest under sections 336.9-501 to 336.9-508.*

(b) A lien against the real property under subdivision 2 must be recorded and foreclosed in the same manner as a mechanics' lien under sections 514.08 to 514.15 as if the planting crop owner was a contractor. For purposes of this paragraph, the lien statement must be filed and served under section 514.08, subdivision 1, by 120 days after the crop was harvested, or if the crop was not harvested, by 12 months after the crop was planted.

Sec. 6. [EFFECTIVE DATE.]

This article is effective the day after final enactment.

For each vehicle with a gross weight in excess of 81,000 pounds an additional tax of $50 is imposed for each ton or fraction thereof in excess of 81,000 pounds, subject to subdivision 12.

Truck-tractors except those herein defined as farm and commercial zone vehicles shall be taxed in accord with the foregoing gross weight tax schedule on the basis of the combined gross weight of the truck-tractor and any semitrailer or semitrailers which the applicant proposes to combine with the truck-tractor.

Commercial zone trucks include only trucks, truck-tractors, and semitrailer combinations which are:

(1) used by an authorized local cartage carrier operating under a permit issued under section 221.296 and whose gross transportation revenue consists of at least 60 percent obtained solely from local cartage carriage, and are operated solely within an area composed of two contiguous cities of the first class and municipalities contiguous thereto as defined by section 221.011, subdivision 17; or,

(2) operated by an interstate carrier registered under section 221.60, or by an authorized local cartage carrier or other carrier receiving operating authority under chapter 221, and operated solely within a zone exempt from regulation by the interstate commerce commission pursuant to United States Code, title 49, section 10526(b).

The license plates issued for commercial zone vehicles shall be plainly marked. A person operating a commercial zone vehicle outside the zone or area in which its operation is authorized is guilty of a misdemeanor and, in addition to the penalty therefor, shall have the registration of the vehicle as a commercial zone vehicle revoked by the registrar and shall be required to reregister the vehicle at 100 percent of the full annual tax prescribed in the Minnesota base rate schedule, and no part of this tax shall be refunded during the balance of the registration year.

On commercial zone trucks the tax shall be based on the total gross weight of the vehicle and during the first eight years of vehicle life shall be 75 percent of the Minnesota base rate schedule. During the ninth and succeeding years of vehicle life the tax shall be 50 percent of the Minnesota base rate schedule, except as otherwise provided in this subdivision. On commercial zone trucks, during the ninth and succeeding years of vehicle life, the tax shall be 50 percent of the tax imposed in the Minnesota base rate schedule.

On trucks, truck-tractors and semitrailer combinations, except those defined as farm trucks and farm combinations, and except for those urban trucks and combinations and commercial zone vehicles specifically provided for in this subdivision, the tax for the first eight years of vehicle life shall be 100 percent of the tax imposed in the Minnesota base rate schedule, and during the ninth and succeeding years of vehicle life, the tax shall be 75 percent of the Minnesota base rate prescribed by this subdivision, except as otherwise provided in this subdivision.

On trucks, truck-tractors and semitrailer combinations, except those defined as farm trucks and farm combinations, and except for those commercial zone vehicles specifically provided for in this subdivision, during each of the first eight years of vehicle life the tax shall be 100 percent of the tax imposed in the Minnesota base rate schedule.

Sec. 2. Minnesota Statutes 1984, section 169.01, subdivision 7, is amended to read:

Subd. 7. [TRUCK-TRACTOR.] "Truck-tractor" means:

(a) a motor vehicle designed and used primarily for drawing other vehicles and not constructed to carry a load other than a part of the weight of the vehicle and load drawn; and

(b) a motor vehicle designed and used primarily for drawing other vehicles used exclusively for transporting motor vehicles *or boats* and capable of carrying motor vehicles *or boats* on its own structure.

Sec. 3. Minnesota Statutes 1984, section 169.80, subdivision 1, is amended to read:

Subdivision 1. [LIMITATIONS.] It is a misdemeanor for a person to drive or move, or for the owner to cause or knowingly permit to be driven or moved, on a highway a vehicle or vehicles of a size or weight exceeding the limitations stated in sections 169.80 to 169.88, or otherwise in violation of sections 169.80 to 169.88, and the maximum size and weight of vehicles as prescribed in sections 169.80 to 169.88 shall be lawful throughout this state, and local authorities shall have no power or authority to alter these limitations except as express authority may be granted in sections 169.80 to 169.88.

When all the axles of a vehicle or combination of vehicles are weighed separately the sum of the weights of the axles so weighed shall be evidence of the total gross weight of the vehicle or combination of vehicles so weighed.

When each of the axles of any group that contains two or more consecutive axles of a vehicle or combination of vehicles have been weighed separately the sum of the weights of the axles so weighed shall be evidence of the total gross weight on the group of axles so weighed.

When, in any group of three or more consecutive axles of a vehicle or combination of vehicles any axles have been weighed separately and two or more axles consecutive to each other in the group have been weighed together, the sum of the weights of the axles weighed separately and the axles weighed together shall be evidence of the total gross weight of the group of axles so weighed.

The provisions of sections 169.80 to 169.88 governing size, weight, and load shall not apply to fire apparatus, or to implements of husbandry temporarily moved upon a highway, or to loads of loose hay or corn stalks if transported by a horse-drawn vehicle or drawn by a farm tractor, or to a vehicle operated under the terms of a special permit issued as provided by law. For purposes of sections 169.80 to 169.88, a specialized vehicle resembling a low-slung two wheel trailer having a short bed or platform shall be deemed to be an implement of husbandry when the vehicle is used exclusively to transport implements of husbandry; and the term "temporarily moved upon a highway" shall mean a movement not to exceed 50 miles.

In addition to any other special permits authorized, an annual permit may be issued authorizing movements on interstate highways and movements exceeding 50 miles on non-interstate highways of oversize vehicles and loads when the vehicles or combination of vehicles are used exclusively to transport implements of husbandry. Annual permits are issued in accordance with the applicable provisions of section 169.86, except that the transporting vehicle or combination of vehicles may be moved at the discretion of the permittee without prior route approval from the permit issuing office of the department of transportation if:

(a) The overall width of the transporting vehicle, including load, does not exceed ~~12~~ *14* feet;

(b) The transporting vehicle otherwise complies with equipment requirements and length, height and weight limitations prescribed by this chapter;

(c) The movement is made after the hour of sunrise and not later than 30 minutes after sunset;

(d) The movement is not made when visibility is impaired by weather, fog or other conditions rendering persons and vehicles not clearly visible at a distance of 500 feet, or on Sundays after twelve o'clock noon, and holidays;

(e) The transporting vehicle shall display at the front and rear end of the load or vehicle a pair of flashing amber lights, as provided in section 169.59, subdivision 4, whenever the overall width of the vehicle exceeds ten feet, six inches; and

(f) The movement, if made on a trunk highway, is made on a trunk highway with a surfaced roadway width of not less than 24 feet.

The fee for an annual permit is $24.

Sec. 4. Minnesota Statutes 1984, section 169.81, subdivision 2, is amended to read:

Subd. 2. [LENGTH OF VEHICLES.] (a) No single unit motor vehicle, except truck cranes which may not exceed 45 feet, unladen or with load may exceed a length of 40 feet extreme overall dimensions inclusive of front and rear bumpers, except that the governing body of a city is authorized by permit to provide for the maximum length of a motor vehicle, or combination of motor vehicles, or the number of vehicles that may be fastened together, and which may be operated upon the streets or highways of a city; provided, that the permit may not prescribe a length less than that permitted by state law. A motor vehicle operated in compliance with the permit on the streets or highways of the city is not in violation of this chapter.

(b) No single semitrailer may have an overall length, exclusive of noncargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer adjacent to the truck or truck-tractor, in excess of 48 feet, except ~~as provided in paragraph (d)~~ *that a single semitrailer may have an overall length in excess of 48 feet if (1) the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet, and (2) if the semitrailer is operated only in a combination of vehicles which does not exceed an overall length of 65 feet.* No single trailer may have an overall length inclusive of tow bar assembly and exclusive of rear protec-

tive bumpers which do not increase the overall length by more than six inches, in excess of 45 feet. For determining compliance with the provisions of this subdivision, the length of the semitrailer or trailer must be determined separately from the overall length of the combination of vehicles.

(c) No semitrailer or trailer used in a three-vehicle combination may have an overall length, exclusive of non-cargo-carrying accessory equipment, including refrigeration units or air compressors, necessary for safe and efficient operation mounted or located on the end of the semitrailer or trailer adjacent to the truck or truck-tractor, and further exclusive of the tow bar assembly, in excess of 28-1/2 feet. The commissioner may not grant a permit authorizing the movement, in a three-vehicle combination, of a semitrailer or trailer that exceeds 28-1/2 feet, except that the commissioner may renew a permit that was granted before April 16, 1984 for the movement of a semitrailer or trailer that exceeds the length limitation in this paragraph.

~~(d) The commissioner may issue an annual permit for a semitrailer in excess of 48 feet in length, if the distance from the kingpin to the centerline of the rear axle group of the semitrailer does not exceed 41 feet and if a combination of vehicles, which includes a semitrailer in excess of 48 feet for which a permit has been issued under this paragraph, does not exceed an overall length of 65 feet. The annual fee for a permit issued under this paragraph is $36.~~

Sec. 5. Minnesota Statutes 1984, section 169.81, subdivision 3, is amended to read:

Subd. 3. [LENGTH OF VEHICLE COMBINATIONS.] (a) Statewide, except as provided in paragraph (b), no combination of vehicles coupled together, including truck-tractor and semitrailer, may consist of more than two units and no combination of vehicles, unladen or with load, may exceed a total length of 65 feet. The length limitation does not apply to the transportation of telegraph poles, telephone poles, electric light and power poles, piling, or pole length pulpwood, and is subject to the following further exceptions: the length limitations do not apply to vehicles transporting pipe or other objects by a public utility when required for emergency or repair of public service facilities or when operated under special permits as provided in this subdivision, but with respect to night transportation, a vehicle and the load must be equipped with a sufficient number of clearance lamps and marker lamps on both sides and upon the extreme ends of a projecting load to clearly mark the dimensions of the load. Mount combinations may be drawn but the combinations may not exceed 65 feet in length. The limitation on the number of units does not apply to vehicles used for transporting milk from point of production to point of first processing, in which case no combination of vehicles coupled together unladen or with load, including truck-tractor and semitrailers, may consist of more than three units and no combination of those vehicles may exceed a total length of 65 feet. Notwithstanding other provisions of this section, and except as provided in paragraph (b), no combination of vehicles consisting of a truck-tractor and semitrailer designed and used exclusively for the transportation of motor vehicles *or boats* may exceed 65 feet in length. The load may extend a total of seven feet, but may not extend more than three feet beyond the front or four feet beyond the rear, and in no case may the overall length of the combination of vehicles, unladen or with load, exceed 65 feet. For the purpose of registration, trailers coupled

with a truck-tractor, semitrailer combination are semitrailers. The state as to state trunk highways, and a city or town as to roads or streets located within the city or town, may issue permits authorizing the transportation of combinations of vehicles exceeding the limitations in this subdivision over highways, roads, or streets within their boundaries. Combinations of vehicles authorized by this subdivision may be restricted as to the use of highways by the commissioner as to state trunk highways, and a road authority as to highways or streets subject to its jurisdiction. Nothing in this subdivision alters or changes the authority vested in local authorities under the provisions of section 169.04.

(b) The following combination of vehicles regularly engaged in the transportation of commodities may operate only on divided highways having four or more lanes of travel, and on other highways as may be designated by the commissioner of transportation subject to section 169.87, subdivision 1, and subject to the approval of the authority having jurisdiction over the highway, for the purpose of providing reasonable access between the divided highways of four or more lanes of travel and terminals, facilities for food, fuel, repair, and rest, and points of loading and unloading for household goods carriers, livestock carriers, or for the purpose of providing continuity of route:

(1) a truck-tractor and semitrailer exceeding 65 feet in length;

(2) a combination of vehicles with an overall length exceeding 55 feet and including a truck-tractor and semitrailer drawing one additional semitrailer which may be equipped with an auxiliary dolly;

(3) a combination of vehicles with an overall length exceeding 55 feet and including a truck-tractor and semitrailer drawing one full trailer; and

(4) a truck-tractor and semitrailer designed and used exclusively for the transportation of motor vehicles *or boats* and exceeding an overall length of 65 feet including the load *except as restricted by applicable federal law.*

Vehicles operated under the provisions of this section must conform to the standards for those vehicles prescribed by the United States Department of Transportation, Federal Highway Administration, Bureau of Motor Carrier Safety, as amended.

Sec. 6. Minnesota Statutes 1984, section 169.825, is amended by adding a subdivision to read:

Subd. 3a. [TANDEM.] *"Tandem axles" means two consecutive axles whose centers are spaced more than 40 inches and not more than 96 inches apart.*

Sec. 7. Minnesota Statutes 1984, section 169.825, subdivision 8, is amended to read:

Subd. 8. [PNEUMATIC-TIRED VEHICLES.] No vehicle or combination of vehicles equipped with pneumatic tires shall be operated upon the highways of this state:

(a) Where the gross weight on any wheel exceeds 9,000 pounds, except that on designated *local* routes *and state trunk highways* the gross weight on any single wheel shall not exceed 10,000 pounds;

(b) Where the gross weight on any single axle exceeds 18,000 pounds,

except that on designated *local* routes *and state trunk highways* the gross weight on any single axle shall not exceed 20,000 pounds;

(c) Where the maximum wheel load exceeds 600 pounds per inch of tire width or the manufacturer's recommended load, whichever is less;

(d) Where the gross weight on any axle of a tridem exceeds 15,000 pounds, except that for vehicles to which an additional axle has been added prior to June 1, 1981, the maximum gross weight on any axle of a tridem may be up to 16,000 pounds provided the gross weight of the tridem combination does not exceed 37,000 pounds where the first and third axles of the tridem are spaced seven feet apart; 38,500 pounds where the first and third axles of the tridem are spaced eight feet apart; and 39,900 pounds where the first and third axles of the tridem are spaced nine feet apart.

(e) Where the gross weight on any group of axles exceeds the weights permitted under this section with any or all of the interior axles disregarded and their gross weights subtracted from the gross weight of all axles of the group under consideration.

Sec. 8. Minnesota Statutes 1984, section 169.825, subdivision 10, is amended to read:

Subd. 10. [GROSS WEIGHT SCHEDULE.] (a) No vehicle or combination of vehicles equipped with pneumatic tires shall be operated upon the highways of this state where the total gross weight on any group of two or more consecutive axles of any vehicle or combination of vehicles exceeds that given in the following table for the distance between the centers of the first and last axles of any group of two or more consecutive axles under consideration; the distance between axles being measured longitudinally to the nearest even foot, and when the measurement is a fraction of exactly one-half foot the next largest whole number in feet shall be used, except that when the distance between axles is more than three feet four inches and less than three feet six inches the distance of four feet shall be used:

Sec. 9. Minnesota Statutes 1984, section 169.825, subdivision 11, is amended to read:

Subd. 11. [GROSS WEIGHT SEASONAL INCREASES.] (a) The limitations provided in this section are increased:

(1) by ten percent from January 1 to March 7 each winter, statewide;

(2) by ten percent from December 1 through December 31 each winter in the zone bounded as follows: beginning at Pigeon River in the northeast corner of Minnesota; thence in a southwesterly direction along the north shore of Lake Superior along Trunk Highway No. 61 to the junction with Trunk Highway No. 210; thence westerly along Trunk Highway No. 210 to the junction with Trunk Highway No. 10; thence northwesterly along Trunk Highway No. 10 ~~to the junction with Trunk Highway No. 59; thence northerly along Trunk Highway No. 59 to the junction with Trunk Highway No. 2; thence westerly along Trunk Highway No. 2 to the junction with Trunk Highway No. 32; thence northerly along Trunk Highway No. 32 to the junction with Trunk Highway No. 11; thence northeast along Trunk Highway No. 11 to the east line of Range 43W~~ to the *Minnesota-North Dakota border; thence northerly along that border to the* Minnesota-Canadian Border; thence easterly along said Border to Lake Superior*; and*

(3) by ten percent from October 1 to November 30 each year for the movement of sugar beets and potatoes from the field of harvest to the point of the first unloading. The commissioner shall not issue permits under this clause if to do so will result in a loss of federal highway funding to the state.

(b) The duration of a ten percent increase in load limits is subject to limitation by order of the commissioner, subject to implementation of springtime load restrictions, or March 7.

(c) When the ten percent increase is in effect, a permit is required for a motor vehicle, trailer, or semitrailer combination that has a gross weight in excess of 80,000 pounds, an axle group weight in excess of that prescribed in subdivision 10, or a single axle weight in excess of 20,000 pounds and which travels on interstate routes.

(d) In cases where gross weights in an amount less than that set forth in this

section are fixed, limited, or restricted on a highway or bridge by or under another section of this chapter, the lesser gross weight as fixed, limited, or restricted may not be exceeded and must control instead of the gross weights set forth in this section.

(e) Notwithstanding any other provision of this subdivision, no vehicle may exceed a total gross vehicle weight of 80,000 pounds on routes which have not been designated by the commissioner under section 169.832, subdivision 11.

Sec. 10. Minnesota Statutes 1984, section 169.832, is amended by adding a subdivision to read:

(iii) provides access to a transportation terminal; or

(iv) provides temporary emergency service to a particular shipping or receiving point on a market artery.

(b) The commissioner may impose seasonal load restrictions under section 169.87 on a market artery only after giving 30 days' notice to the chairs of the transportation and appropriations committees of the house of representatives, and the chairs of the transportation and finance committees of the senate. The commissioner shall provide with each notice a plan to improve the market artery within the next three years so that seasonal load restrictions will not be necessary on it.

(c) The commissioner shall adopt rules under chapter 14 defining "significant centers of population and commerce" and "temporary emergency service" for purposes of this section. In drafting the rules, the commissioner shall consult with major highway users, representatives of manufacturing, retail trade and agriculture, local government and regional development commissions. The commissioner shall consider the importance of manufacturing, retailing, agriculture and natural resources in promulgating the rule, and shall hold at least four public meetings in various parts of the state prior to preparing the final draft of the rule. Between the effective date of this section and the effective date of the rule, "significant centers of population and commerce" means all home rule charter or statutory cities that had total retail sales of at least $50,000,000 as reported in the 1982 census of retail trade of the United States department of commerce.

Sec. 11. Minnesota Statutes 1984, section 169.86, subdivision 2, is amended to read:

Subd. 2. Sec. 12. Minnesota Statutes 1984, section 169.86, subdivision 5, is amended to read:

Subd. 5. [FEES.] The commissioner, with respect to highways under his jurisdiction, may charge a fee for each permit issued. All such fees for permits issued by the commissioner of transportation shall be deposited in the

state treasury and credited to the trunk highway fund. Except for those annual permits for which the permit fees are specified elsewhere in this chapter, the fees shall be:

(a) $15 for each single trip permit.

(b) $36 for each job permit. A job permit may be issued for like loads carried on a specific route for a period not to exceed two months. "Like loads" means loads of the same product, weight and dimension.

(c) $60 for an annual permit to be issued for a period not to exceed 12 consecutive months. Annual permits may be issued for:

(e) for vehicles which have axle weights exceeding the weight limitations of section 169.825, an additional cost added to the fees listed above. The additional cost is equal to the product of the distance traveled times the sum of the overweight axle group cost factors shown in the following chart:

Overweight Axle Group Cost Factors

Weight (pounds) exceeding weight limitations on axles	Cost Per Mile For Each Group Of: Two consecutive axles spaced within 8 feet or less	Three consecutive axles spaced within 9 feet or less	Four consecutive axles spaced within 14 feet or less

RAILROAD PROPERTY FIRST REFUSAL

Section 1. [222.631] [DEFINITIONS.]

Subdivision 1. [TERMS.] *For purposes of sections 1 to 3, the following terms have the meanings given them.*

Subd. 2. [FAIR MARKET VALUE.] *"Fair market value" means the price negotiated between the parties under section 2, or the market value of the property minus the value of any leasehold improvements, as determined by independent appraisers.*

Subd. 3. [LEASEHOLDER.] *"Leaseholder" means a person who holds a lease, license, or permit with respect to property within a right-of-way, and who has erected eligible leasehold improvements on the property with a total fair market value of $7,500 or more.*

Subd. 4. [RAILROAD INTEREST.] *"Railroad interest" includes a railroad corporation, its trustee or successor in interest, a railroad corporation which is in proceedings for bankruptcy under federal law, and a nonrailroad holding corporation that owns a controlling interest in a railroad.*

Subd. 5. [RIGHT-OF-WAY.] *"Right-of-way" has the meaning given it in section 222.63, subdivision 1.*

Sec. 2. [222.632] [RIGHT OF FIRST REFUSAL.]

A railroad interest that is in bankruptcy proceedings may not sell or offer for sale an interest in real property that is within the right-of-way, and a railroad interest that is abandoning a railroad line may not sell or offer for sale an interest in real property within the right-of-way to be abandoned, unless it first extends a written offer to sell that interest at a fair market value price to each person who is a leaseholder with respect to the property. Leaseholders must respond to the offer within 60 days of receipt of the notice and the railroad interest must negotiate in good faith with an interested leaseholder for a period of 90 days following the leaseholder's response. After the 90-day negotiation period, either party may file a notice of dispute with the board under section 3. The property may not be sold to a party other than the leaseholder during the response and negotiation periods or while a dispute is pending before the board. This section does not apply to a sale of an entire operating railroad line by one operating railroad to another for the purpose of operating a railroad.

Sec. 3. [222.633] [TRANSPORTATION REGULATION BOARD TO RESOLVE DISPUTES.]

(a) A railroad interest or leaseholder may apply to the transportation regulation board to resolve a dispute concerning fair market value or other

terms arising from negotiations under section 2. The board must adopt guidelines without regard to chapter 14 to implement section 2 and this section. The guidelines must define the terms "leaseholders" and "railroad interest," establish a procedure to resolve disputes, and provide for the use of independent appraisers. Final rules must be adopted no later than 360 days from the effective date of this section.

(b) The board's decision is final for purposes of judicial review and may be reviewed in the district court for the jurisdiction where the property is located. The scope of judicial review is limited to a determination whether substantial evidence exists to support the board's decision.

LANDLORD LIEN

Section 1. [514.960] [LANDLORD LIEN.]

Subdivision 1. [LIEN; ATTACHMENT.] *A person or entity that leases property for agricultural production has a lien for unpaid rent on the crops produced on the property in the crop year and on the crop products and their proceeds.*

Subd. 2. [PERFECTION.] *(a) To perfect a landlord lien, the lien must attach and the person or entity entitled to the lien must file a lien statement with the appropriate filing office under section 336.9-401 by 30 days after the crops become growing crops.*

(b) A landlord lien that is not perfected has the priority of an unperfected security interest under section 336.9-312.

Subd. 3. [DUTIES OF FILING OFFICER.] *The filing officer shall enter on the lien statement the time of day and date of filing. The filing officer shall file, amend, terminate, note the filing of a lien statement, and charge the fee for filing under this section in the manner provided by section 336.9-403 for a financing statement. A lien statement is void and may be removed from the filing system 18 months after the date of filing. The lien statement may be physically destroyed after 30 months from the date of filing.*

Subd. 4. [PRIORITY.] *A landlord lien has priority over all other liens or security interests in crops grown or produced on the property that was leased and the crop products and proceeds.*

Subd. 5. [ENFORCEMENT OF LIEN.] *The holder of a landlord lien may enforce the lien in the manner provided in sections 336.9-501 to 336.9-508, subject to section 550.17. For enforcement of the lien, the lienholder is the secured party and the person leasing the property is the debtor, and each has the respective rights and duties of a secured party and a debtor under sections 336.9-501 to 336.9-508. If a right or duty under sections 336.9-501 to 336.9-508 is contingent upon the existence of express language in a security agreement or may be waived by express language in a security agreement, the requisite language does not exist.*

Subd. 6. [ENFORCEMENT ACTIONS; LIEN EXTINGUISHED.] *An action to enforce a landlord lien may be brought in district court in a county where the property is located after the lien is perfected. A lien statement may be amended, except the amount demanded, by leave of the court in the furtherance of justice. A landlord lien is extinguished if an action to enforce the*

DEFICIENCY JUDGMENTS

Section 1. [LEGISLATIVE FINDINGS.]

The legislature finds that there is a rural economic emergency resulting from the agricultural economic depression. Foreclosure sales and subsequent deficiency judgments are debilitating the people foreclosed and taking away their hope for readjustment after foreclosure, which is detrimental to the welfare of the state.

Sec. 2. [580.225] [SATISFACTION OF JUDGMENT.]

The amount received from foreclosure sale under this chapter is full satisfaction of the mortgage debt, except as provided in section 5.

Sec. 3. Minnesota Statutes 1984, section 580.23, subdivision 1, is amended to read:

580.23 [REDEMPTION BY MORTGAGOR.]

Subdivision 1. When lands have been sold in conformity with the preceding sections of this chapter the mortgagor, his personal representatives or assigns, within six months after such sale, except as otherwise provided in subdivision 2, may redeem such lands, as hereinafter provided, by paying the sum of money for which the same were sold, with interest from the time of sale at the rate provided to be paid on the mortgage debt and, if no rate be provided in the mortgage note, at the rate of six percent per annum, together with any further sums which may be payable pursuant to section 582.03. ~~Where the redemption period is as provided in this subdivision the mortgagee, or his successors, assigns, or personal representative, or any other purchaser so purchasing at the sheriff's sale shall by purchasing the property at the sheriff's sale thereby waive his right to a deficiency judgment against the mortgagor.~~

Sec. 4. Minnesota Statutes 1984, section 581.09, is amended to read:

581.09 [SATISFACTION OF JUDGMENT; ~~EXECUTION FOR DEFICIENCY~~.]

Upon confirmation of the report of sale, the clerk shall enter satisfaction of the judgment to the extent of the sum bid for the premises, less expenses and costs, ~~and for any balance of such judgment, execution may issue as in other cases; but no such execution shall issue on the judgment until after a sale of the mortgaged premises, and the application of the amount realized as aforesaid~~. *The amount entered is full satisfaction of the judgment unless a deficiency is allowed under section 5. If a deficiency judgment is allowed under section 5, the balance of the judgment remaining unpaid may be executed and satisfied in the same manner as a personal judgment against the mortgagor.*

Sec. 5. [582.30] [DEFICIENCY JUDGMENTS.]

Subdivision 1. [DEFICIENCY ALLOWED.] *(a) Except as provided in this section, a person holding a mortgage may obtain a deficiency judgment against the mortgagor if the amount a person holding a mortgage receives from a foreclosure sale is less than:*

(1) the amount remaining unpaid on the mortgage under chapter 580; or

(2) the amount of the judgment entered under chapter 581.

(b) Except as provided in subdivision 3, the judgment may not be for more than the difference between the amount received from the foreclosure sale less expenses and costs and:

(1) for a foreclosure by advertisement, the total amount that attaches to the sale proceeds under chapter 580; or

(2) for a foreclosure by action, the amount of the judgment entered under chapter 581.

Subd. 2. [GENERAL PROHIBITION FOR PROPERTY WITH A SIX-MONTH REDEMPTION PERIOD.] *A deficiency judgment is not allowed if*

Subd. 20b. [MODIFICATIONS REDUCING FEDERAL ADJUSTED GROSS INCOME.] There shall be subtracted from federal adjusted gross income:

(1) interest income on obligations of any authority, commission or instrumentality of the United States to the extent includible in gross income for federal income tax purposes but exempt from state income tax under the laws of the United States;

(2) the portion of any gain, from the sale or other disposition of property having a higher adjusted basis for Minnesota income tax purposes than for federal income tax purposes, that does not exceed such difference in basis; but if such gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to 40 per centum of the portion of the gain;

(3) losses, not otherwise reducing federal adjusted gross income assignable to Minnesota, arising from events or transactions which are assignable to Minnesota under the provisions of sections 290.17 to 290.20, including any capital loss or net operating loss carryforwards or carrybacks or out of state loss carryforwards resulting from the losses, and including any farm loss carryforwards or carrybacks;

(5) the amount of any distribution from a qualified pension or profit-sharing plan included in federal adjusted gross income in the year of receipt to the extent of any contribution not previously allowed as a deduction by reason of a change in federal law which was not adopted by Minnesota law for a taxable year beginning in 1974 or later;

(6) pension income as provided by section 290.08, subdivision 26;

(7) the first $3,000 of compensation for personal services in the armed forces of the United States or the United Nations, and the next $2,000 of compensation for personal services in the armed forces of the United States or the United Nations wholly performed outside the state of Minnesota. Subd. 27. [FARM PROPERTY DISPOSITION INCOME.] *For a person, a family farm corporation, or an authorized farm corporation, gross income does not include any gain realized upon termination of a contract for deed, foreclosure of a mortgage, or deed in lieu of foreclosure if a foreclosure proceeding has been initiated or threatened in writing on real or personal property used in a farm business that was owned and operated by the taxpayer as the taxpayer's principal business. For the purposes of this subdivision, real property includes any dwellings located on the property. This modification does not apply to any net cash proceeds distributed to the taxpayer after discharge of the debt. For purposes of this subdivision "family farm corporation" and "authorized farm corporation" are as defined in section 500.24, subdivision 2, except that the term "farming" as used in*

those definitions includes the production of livestock, dairy animals or dairy products, poultry or poultry products, fur-bearing animals, horticultural and nursery stock that is covered by sections 18.44 to 18.61, fruit, vegetables, forage, grain, and bees and apiary products.

Sec. 3. Minnesota Statutes 1985 Supplement, section 290.091, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] For purposes of the tax imposed by this section, the following terms have the meanings given:

(a) "Alternative minimum taxable income" means the sum of the following for the taxable year:

(1) the taxpayer's federal adjusted gross income as defined in the Internal Revenue Code;

(2) the taxpayer's federal tax preference items; less the sum of

(i) interest income as defined in section 290.01, subdivision 20b, clause (1); and

(ii) the amount of interest paid or accrued within the taxable year on indebtedness to the extent that the amount does not exceed qualified net investment income, as defined in section 55(e)(5) of the Internal Revenue Code. Interest does not include amounts deducted in computing federal adjusted gross income or amounts that are not allowable under section 55(e)(8) of the Internal Revenue Code*; and*

(iii) to the extent included in the taxpayer's federal adjusted gross income, gain excluded from gross income under section 290.01, subdivision 20b, clause (13).

In the case of an estate or trust, adjusted gross income must be modified as provided in section 55(e)(6)(B) of the Internal Revenue Code.

(b) "Federal tax preference items" means items as defined in sections 57, 58, and 443(d) of the Internal Revenue Code, modified as follows:

(1) The capital gain preference item shall be reduced

(i) where the gain would be modified because some or all of the assets have a higher basis for Minnesota purposes than for federal purposes*; and*

(ii) to the extent it includes gain excluded from gross income under section 290.01, subdivision 20b, clause (13).

(2) In the case of a nonresident individual, or an estate or trust, with a net operating loss that is a larger amount for Minnesota than for federal, the capital gain preference item shall be reduced to the extent it was reduced in the allowance of the net operating loss.

(3) Federal preference items from the business of mining or producing iron ore and other ores which are subject to the occupation tax and exempt from taxation under section 290.05, subdivision 1, shall not be a preference item for Minnesota.

(4) Other federal preference items to the extent not allowed in the computation of Minnesota gross income, as determined by the commissioner, are not preference items for Minnesota.

(c) "Internal Revenue Code" means the Internal Revenue Code of 1954, as amended through December 31, 1984.

(d) "Regular tax" means the tax that would be imposed under this chapter (without regard to this section), reduced by the sum of the nonrefundable credits allowed under this chapter.

Sec. 4. Minnesota Statutes 1985 Supplement, section 290.491, is amended to read:

290.491 [TAX ON GAIN; DISCHARGE IN BANKRUPTCY.]

(a) Any tax due under this chapter on a gain realized on a forced sale pursuant to foreclosure of a mortgage or other security interest in agricultural production property, other real property, or equipment, used in a farm business that was owned and operated by the taxpayer shall be a dischargeable debt in a bankruptcy proceeding under United States Code, title 11, section 727.

~~A gain~~ *(b) Income* realized on a sale *or exchange* of agricultural production property, other real property, or equipment, used in a farm business that was owned and operated by the taxpayer shall be exempt from taxation under this chapter, if the taxpayer was insolvent at the time of the sale and the proceeds of the sale were used solely to discharge indebtedness secured by a mortgage, lien or other security interest on the property sold. For purposes of this section, "insolvent" means insolvent as defined in section 108(d)(3) of the Internal Revenue Code of 1954, as amended through December 31, 1984. *This paragraph applies only to the extent that the gain is includable in federal adjusted gross income or in the computation of the alternative minimum taxable income under section 290.091 for purposes of the alternative minimum tax. The amount of the exemption is limited to the excess of the taxpayer's (1) liabilities over (2) the total assets and any exclusion claimed under section 108 of the Internal Revenue Code of 1954, as amended through December 31, 1985, determined immediately before application of this paragraph.*

(c) For purposes of this section, any tax due under this chapter specifically includes, but is not limited to, tax imposed under sections 290.02 and 290.03 on income derived from a sale or exchange, whether constituting gain, discharge of indebtedness or recapture of depreciation deductions, or the alternative minimum tax imposed under section 290.091.

Sec. 5. [AMENDED RETURNS.]

Subdivision 1. [SPECIAL RULES.] *An amended return filed on the basis of this article for a taxable year beginning after December 31, 1982, and before January 1, 1985, shall be filed no later than June 30, 1987. Such a return may include a reduction in gross income to effect subtraction of any amount added to gross income for that year pursuant to Minnesota Statutes 1984, section 290.01, subdivision 20a, clause (3), if the increase in the federal tax liability was a result of recapture of the investment tax credit attributable to disposition of property described in section 2. Any reduction in income arising from a farm pursuant to this article shall not be considered in the computation of the farm loss modification under Minnesota Statutes 1984, section 290.09, subdivision 29, in an amended return. On an amended return for a taxable year beginning after December 31, 1982, and before*

January 1, 1985, the minimum tax imposed under Minnesota Statutes 1984, section 290.091, shall be computed by subtracting from federal preference items the amount of any gain excluded from gross income under section 290.01, subdivision 20b, clause (13), that was included in the taxpayer's federal preference items in that taxable year.

Subd. 2. [PAYMENT OF REFUNDS.] *The commissioner of revenue shall pay refunds to claimants who file amended returns based on this article notwithstanding expiration of the period of limitations in Minnesota Statutes, section 290.50, or any other law. No interest will be paid on refunds paid on claims filed for periods for which the statute of limitations had expired.*

Sec. 4. Minnesota Statutes 1985 Supplement, section 278.01, subdivision 1, is amended to read:

Notwithstanding the provisions of this section, if the market value of the property is increased or if the classification of the property is changed after the notice has been sent to the property owner, the property owner may appear before the district court or tax court without an appearance in person or written communication to the county board of equalization.~~ The county auditor shall immediately forward one copy of the petition to the appropriate governmental authority in a home rule charter or statutory city or town in which the property is located if that city or town employs its own certified assessor. A copy of the petition shall also be sent to the school board of the school district in which the property is located. A petition for determination under this section may be transferred by the district court to the tax court. An appeal may also be taken to the tax court under chapter 271 at any time following receipt of the valuation notice required by section 273.121 but prior to May 16 of the year in which the taxes are payable.

Sec. 6. Minnesota Statutes 1984, section 278.05, subdivision 4, is amended to read:

Subd. 4. [SALES RATIO STUDIES AS EVIDENCE.] The sales ratio studies published by the department of revenue, or any part of the studies, or any copy of the studies or records accumulated to prepare the studies which is prepared by the commissioner of revenue for the equalization aid review committee for use in determining school aids shall be admissible in evidence as a public record without the laying of a foundation if the sales prices used in the study are adjusted for the terms of the sale to reflect market value and are adjusted to reflect the difference in the date of sale compared to the assessment date. Additional evidence relevant to the sales ratio study is also admissible. No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.

No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study published by the department of revenue unless

(a) the sales prices are adjusted for the terms of the sale to reflect market value,

(b) the sales prices are adjusted to reflect the difference in the date of sale compared to the assessment date, *and*

(c) there is an adequate sample size~~, and~~

~~(d) the median ratio of the class of property of the subject property in the same county, city, or town of the subject property is lower than the assessment ratio of the subject property by at least ten percent.~~

~~If the above criteria are met and a reduction in value on the grounds of discrimination is granted based upon the sales ratio study, the reduction shall reflect only the difference between the assessment/sales ratio of the subject property and 110 percent of the median ratio of the class of property of the subject property~~.

Sec. 7. Minnesota Statutes 1984, section 278.07, is amended to read:

278.07 [JUDGMENT; AMOUNT; COSTS.]

If the tax is sustained in the full amount levied *or increased*, costs and disbursements ~~shall~~ *may, in the discretion of the court,* be taxed and allowed as in delinquent tax proceedings and shall be included in the judgment. If the tax so determined

shall be less than the amount thereof as levied, the court may, in its discretion, award disbursements to the petitioner, which shall be taxed and allowed and be deducted from the amount of the taxes as determined. If there be no judgment for taxes, a judgment may be entered determining the right of the parties and for the costs and disbursements as taxed and allowed.

Sec. 8. Minnesota Statutes 1984, section 278.08, subdivision 1, is amended to read:

Subdivision 1. [TAXES DUE.] Whether or not the tax is sustained in full as levied *or increased* and section 278.03 notwithstanding, the judgment shall include any interest which has accrued on the taxes for failure to pay the taxes or any part of the taxes as provided in sections 279.01 and 279.03. If the tax is reduced, no penalty shall be included in the judgment because of the failure to pay the reduced tax prior to entry of judgment. After the judgment is entered, it shall be subject to interest and penalty at the rates provided in chapter 279 for delinquent payment of property taxes.

Sec. 9. Minnesota Statutes 1985, section 325E.025, subdivision 2, is amended to read:

A utility may recover or attempt to recover payment *for a tenant's outstanding bill or charge* from a property owner where the manager, acting as the owner's agent, contracted for the utility service.

Subdivision 1. [CALCULATION, NOTICE.] At any time after the expense incurred or to be incurred in making an improvement shall be calculated under the direction of the council, the council shall determine by resolution the amount of the total expense the municipality will pay, other than the amount, if any, which it will pay as a property owner, and the amount to be assessed. If a county proposes to assess within the boundaries of a city for a county state-aid highway or county highway, the resolution must include the portion of the cost proposed to be assessed within the city. The county shall forward the resolution to the city and it may not proceed with the assessment procedure under this section for property within the city unless the city council adopts a resolution approving the assessment. Thereupon the clerk, with the assistance of the engineer or other qualified person selected by the council, shall calculate the proper amount to be specially assessed for the improvement against every assessable lot, piece or parcel of land, without regard to cash valuation, in accordance with the provisions of section 429.051. The proposed assessment roll shall be filed with the clerk and be open to public inspection. The clerk shall thereupon, under the coun-

cil's direction, publish notice that the council will meet to consider the proposed assessment. Such notice shall be published in the newspaper at least once and shall be mailed to the owner of each parcel described in the assessment roll. For the purpose of giving mailed notice under this subdivision, owners shall be those shown to be such on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer; but other appropriate records may be used for this purpose. Such publication and mailing shall be no less than two weeks prior to such meeting of the council. Except as to the owners of tax exempt property or property taxes on a gross earnings basis, every property owner whose name does not appear on the records of the county auditor or the county treasurer shall be deemed to have waived such mailed notice unless he has requested in writing that the county auditor or county treasurer, as the case may be, include his name on the records for such purpose. Such notice shall state the date, time, and place of such meeting, the general nature of the improvement, the area proposed to be assessed~~, the amount to be specially assessed against that particular lot, piece, or parcel of land~~, *the total amount of the proposed assessment*, that the proposed assessment roll is on the file with the clerk, and that written or oral objections thereto by any property owner will be considered. *The notice must also state that* no appeal may be taken as to the amount of any assessment adopted pursuant to subdivision 2, unless a written objection signed by the affected property owner is filed with the municipal clerk prior to the assessment hearing or presented to the presiding officer at the hearing. The notice shall also state that an owner may appeal an assessment to district court pursuant to section 429.081 by serving notice of the appeal upon the mayor or clerk of the municipality within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the mayor or clerk. The notice shall also inform property owners of the provisions of sections 435.193 to 435.195 and the existence of any deferment procedure established pursuant thereto in the municipality. *In addition, the notice mailed to the owner must include the following information:*

(1) the amount to be specially assessed against that particular lot, piece, or parcel of land;

(2) the right of the property owner to prepay the entire assessment and the person to whom prepayment must be made;

(3) whether partial prepayment of the assessment has been authorized by ordinance;

(4) the time within which prepayment may be made without the assessment of interest; and

(5) the rate of interest to be accrued if the assessment is not prepaid within the required time period.

Sec. 11. Minnesota Statutes 1984, section 429.061, subdivision 2, is amended to read:

Subd. 2. [ADOPTION; INTEREST.] At such meeting or at any adjournment thereof the council shall hear and pass upon all objections to the proposed assessment, whether presented orally or in writing. The council may amend the proposed assessment as to any parcel and by resolution adopt the

same as the special assessment against the lands named in the assessment roll. Notice of any adjournment of the hearing shall be adequate if the minutes of the meeting so adjourned show the time and place when and where the hearing is to be continued.

The council may consider any objection to the amount of a proposed assessment as to a specific parcel of land at an adjourned hearing upon further notice to the affected property owner as it deems advisable. At the adjourned hearing the council or a committee of it may hear further written or oral testimony on behalf of the objecting property owner and may consider further written or oral testimony from appropriate city officials and other witnesses as to the amount of the assessment. The council or committee shall prepare a record of the proceedings at the adjourned hearing and written findings as to the amount of the assessment. The amount of the assessment as finally determined by the council shall become a part of the adopted assessment roll. *No appeal may be taken as to the amount of any assessment adopted under this section unless written objection signed by the affected property owner is filed with the municipal clerk prior to the assessment hearing or presented to the presiding officer at the hearing.* All objections to the assessments not received at the assessment hearing in the manner prescribed by this ~~section~~ *subdivision* are waived, unless the failure to object at the assessment hearing is due to a reasonable cause.

If the adopted assessment differs from the proposed assessment as to any particular lot, piece, or parcel of land, the clerk must mail to the owner a notice stating the amount of the adopted assessment. Owners must also be notified by mail of any changes adopted by the council in interest rates or prepayment requirements from those contained in the notice of the proposed assessment.

The assessment, with accruing interest, shall be a lien upon all private and public property included therein, from the date of the resolution adopting the assessment, concurrent with general taxes; but the lien shall not be enforceable against public property as long as it is publicly owned, and during such period the assessment shall be recoverable from the owner of such property only in the manner and to the extent provided in section 435.19. Except as provided below, all assessments shall be payable in equal annual installments extending over such period, not exceeding 30 years, as the resolution determines, payable on the first Monday in January in each year, but the number of installments need not be uniform for all assessments included in a single assessment roll if a uniform criterion for determining the number of installments is provided by the resolution. The first installment of each assessment shall be included in the first tax rolls completed after its adoption and shall be payable in the same year as the taxes contained therein; except that the payment of the first installment of any assessment levied upon unimproved property may be deferred until a designated future year, or until the platting of the property or the construction of improvements thereon, upon such terms and conditions and based upon such standards and criteria as may be provided by resolution of the council. If special assessments against the property have been deferred pursuant to this subdivision, the governmental unit shall file with the county recorder in the county in which the property is located a certificate containing the legal description of the affected property and of the amount deferred. In any event, every assessment

the payment of which is so deferred, when it becomes payable, shall be divided into a number of installments such that the last installment thereof will be payable not more than 30 years after the levy of the assessment. All assessments shall bear interest at such rate as the resolution determines, not exceeding eight percent per annum, except that the rate may in any event equal the average annual interest rate on bonds issued to finance the improvement for which the assessments are levied. To the first installment of each assessment shall be added interest on the entire assessment from a date specified in the resolution levying the assessment, not earlier than the date of the resolution, until December 31 of the year in which the first installment is payable, and to each subsequent installment shall be added interest for one year on all unpaid installments; or alternatively, any assessment may be made payable in equal annual installments including principal and interest, each in the amount annually required to pay the principal over such period with interest at such rate as the resolution determines, not exceeding the maximum period and rate specified above. In the latter event no prepayment shall be accepted under subdivision 3 without payment of all installments due to and including December 31 of the year of prepayment, together with the original principal amount reduced only by the amounts of principal included in such installments, computed on an annual amortization basis. When payment of an assessment is deferred, as authorized in this subdivision, interest thereon for the period of deferment may be made payable annually at the same times as the principal installments of the assessment would have been payable if not deferred; or interest for this period may be added to the principal amount of the assessment when it becomes payable; or, if so provided in the resolution levying the assessment, interest thereon to December 31 of the year before the first installment is payable may be forgiven.

Sec. 12. Minnesota Statutes 1985 Supplement, section 475.66, subdivision 1, is amended to read:

Senate Resolution No. 131:

Memorial Prayer for Deceased Senators

In Memory of:
The Honorable John Engebretson
The Honorable Richard Ferrario
The Honorable Walter J. Franz
The Honorable Eugene P. Knudsen
The Honorable Clarence C. Mitchell
The Honorable Leo D. Mosier
The Honorable Joseph Simonson
The Honorable Eugene F. Welter
The Honorable Leslie E. Westin
The Honorable Donald O. Wright
The Honorable Thomas D. Vukelich

The poet has told us that "We live in deeds, not years; in thoughts, not breaths. He most lives who thinks most — feels the noblest — acts the best." It is the deeds and thoughts and noble acts of our former colleagues in the august body which we memorialize today. By this heritage which they have bequeathed to us, their spirits continually reach backward to challenge, to enlighten and encourage us who remain to exercise the work of government.

It was their lot, as it is ours, to propose and to legislate for the common good of the people of this great state. In that endeavor they strove to represent fairly the rights of the people and to see that what was guaranteed to the people by the statutes of a representative government would be safeguarded and exercised in their interest.

That challenge often calls for an uncommon dedication from the one in public office because the demands upon his or her time, resources, and talents are significant.

The Senators here today take courage and inspiration from those noble servants of another time who saw it better to serve than to be served, and to work honestly and diligently for the common good. We acknowledge and thank them for their service.

Grant to them, O Lord, the sleep of the just to all those who have been associated with us in the bonds of this fraternity; that we together with them may be found worthy to be partakers together of your heavenly kingdom.

Feed them in a green pasture, by the waters of comfort in the paradise of joy.

Mr. Moe, R.D. moved the adoption of the foregoing resolution. The motion prevailed. So the resolution was adopted.

Mr. Spear moved that House Concurrent Resolution No. 15 be taken from the table. The motion prevailed.

House Concurrent Resolution No. 15: A House concurrent resolution establishing days of remembrance of the victims of the Holocaust.

WHEREAS, from 1933 to 1945, 6,000,000 Jews were murdered in the Nazi Holocaust as part of a systematic program of genocide, and millions of other people perished as victims of Nazism;

WHEREAS, the people of the State of Minnesota should always remember the atrocities committed by the Nazis so that such horrors never be repeated;

WHEREAS, the people of the State of Minnesota should continually rededicate themselves to the principle of equal justice for all people;

WHEREAS, the people of the State of Minnesota should remain eternally vigilant against all tyranny, and recognize that bigotry provides a breeding ground for tyranny to flourish;

WHEREAS, May 6 has been designated pursuant to an Act of Congress and internationally as a Day of Remembrance of Victims of the Nazi Holocaust known as Yom Hoshoah; and

WHEREAS, it is appropriate for the people of the State of Minnesota to join in the international commemoration; NOW, THEREFORE,

BE IT RESOLVED by the House of Representatives of the State of Minnesota, the Senate concurring therein that, in memory of the victims of the Holocaust, and in the hope that we will strive always to overcome prejudice and inhumanity through education, vigilance, and resistance, the week of May 6 through May 11, 1986, is hereby designated as the Days of Remembrance of the Victims of the Holocaust.

Mr. Spear moved the adoption of the foregoing resolution. The motion prevailed. So the resolution was adopted.

Without objection, the Senate reverted to the Order of Business of Messages From the House.

The Honorable Jerome M. Hughes
President of the Senate

Dear Senator Hughes:

I am returning without my signature Senate File 2114, a bill relating to unemployment compensation. This is an unfair and unbalanced bill which will impose hardship on those Minnesotans who can least afford it.

Although the inclusion of permanent, part-time employees in the unemployment compensation system is an improvement, the benefit cuts mandated by this bill hurt those who work only part of a year. Yet, for many of our citizens, their choice is to work part of the year or not at all. Our weather patterns, federal policies and international trade factors work together to create only seasonal work opportunities in important Minnesota industries

such as mining, forest products, agriprocessing and construction.

I strongly believe that there should be reform in our unemployment compensation system. That is why I created a special independent commission to provide a balanced view on this issue. We need to eliminate the debt that is burdensome to our employers, but we must do so in a way that shares the burden. That is what our commission recommended.

Unfortunately, the commission's balanced recommendations were rejected by those who preferred a political solution rather than a responsible solution.

Reform of our system is needed, and it is desired by our businesses and our workers. The solution before me, however, does not meet the crucial test of balance and fairness. Therefore, I am vetoing the bill and returning it to you.

Sincerely,
Rudy Perpich, Governor
