Mr. Dicklich moved to amend S.F. No. 134 as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1986, section 216B.03, is amended to read:

216B.03 [REASONABLE RATE.]

Every rate made, demanded, or received by any public utility, or by any two or more public utilities jointly, shall be just and reasonable. Rates shall not be unreasonably preferential, unreasonably prejudicial or discriminatory, but shall be sufficient, equitable and consistent in application to a class of consumers. *Demand charges for a class of customers which include a customer with a connected load of over 100,000 kilowatts may not exceed the fixed cost of providing service to the class of customers, and may not include any recovery of any portion of the utility's authorized rate of return on equity.* To the maximum reasonable extent, the commission shall set rates to encourage energy conservation and renewable energy use and to further the goals of sections 116J.05, 216B.164, and 216B.241. Any doubt as to reasonableness should be resolved in favor of the consumer. For rate making purposes a public utility may treat two or more municipalities served by it as a single class wherever the populations are comparable in size or the conditions of service are similar.

Sec. 2. Minnesota Statutes 1986, section 216B.50, is amended by adding a subdivision to read:

Subd. 4. [ADJUSTMENT TO RATES.] The commission, as part of its investigation under subdivision 1, shall determine the extent to which and when any gain from a sale of a plant must be passed through to the utility's customers. Any pass through of a gain must be allocated in the utility's next general rate case to each customer class in the same proportion as the class was allocated or assigned the costs of the plant that was sold.

Sec. 3. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment. Section 2 is effective the day following final enactment and applies to any application for approval of the sale or purchase of a power plant filed after December 1, 1986."

Delete the title and insert:

"A bill for an act relating to utilities; requiring that demand charges for large customers of electric utilities not exceed certain costs; regulating the sale of power plants; amending Minnesota Statutes 1986, sections 216B.03;

[DURATION OF RESIDENCE.] The governing body of any city by resolution may require an eligible voter to maintain residence in a precinct for a period of 30 days prior to voting on any question affecting only that precinct or voting to elect public officials representing only that precinct. The governing body of any town by resolution may require an eligible voter to maintain residence in that town for a period of 30 days prior to voting in a town election. *The school board of any school district by resolution may require an eligible voter to maintain residence in that school district for a period of 30 days prior to voting in a school district election.*

Sec. 5. Minnesota Statutes 1986, section 201.018, subdivision 2, is amended to read:

Subd. 2. [REGISTRATION REQUIRED.] An eligible voter must register in a manner specified by section 201.054, in order to vote in any primary, special primary, general, *school district*, or special election held in the county. ~~An eligible voter who maintains residence in a school district which uses the county voter registration system as authorized by section 201.095, must register in a manner specified by section 201.054, in order to vote in any school election held in that district.~~

(2) showing any document approved by the secretary of state as proper identification; or

(3) having a voter who is registered to vote in the precinct sign an oath in the presence of the election judge vouching that the voter personally knows that the individual is a resident of the precinct. A voter who has been vouched for on election day may not sign a proof of residence oath vouching for any other individual on that election day.

A county, *school district*, or municipality may require that an election judge responsible for election day registration initial each completed registration card.

The secretary of state shall prescribe the form for the duplicate registration file to be used on election day in the polling place and the file shall include the name, address, month and day of birth, *school district number*, and a space for the voters to sign the file when they vote. The secretary of state shall prescribe the form for a county or municipality to request the day and month of birth from currently registered voters. The county or municipality shall not request the day and month of birth from currently registered voters by any communication other than the prescribed form and the form shall clearly indicate that a currently registered voter does not lose registration status by failing to provide the day and month of birth. The secretary of state shall prescribe procedures for transporting the duplicate registration files

The election judges on each counting team shall be evenly divided between the major political parties. The numbers entered on the summary sheet shall not be considered final until the ballots in all the boxes have been counted and corrections have been made if ballots have been deposited in the wrong boxes.

Sec. 39. Minnesota Statutes 1986, section 204C.20, subdivision 4, is amended to read:

Subd. 4. [SECRETARY OF STATE.] On or before July 1 of each even numbered year, the secretary of state shall prescribe the form for summary statements of election returns and the methods by which returns for the state primary and state general election shall be recorded by precinct, county, and state election officials. Each county auditor and municipal *or school district* clerk required to furnish summary statements shall prepare them in the manner prescribed by the secretary of state. The summary statement of the primary returns shall be in the same form as the summary statement of the general election returns except that a separate part of the summary statement shall be provided for the partisan primary ballot and a separate part for the nonpartisan primary ballot.

The messenger shall receive the same compensation as an election judge would receive for performing the same service and shall be subject to the same penalties as an election judge for violation of any provision of the Minnesota election law.

Sec. 47. Minnesota Statutes 1986, section 204C.36, is amended to read:
204C.36 [RECOUNTS IN COUNTY, SCHOOL DISTRICT, AND MUNICIPAL ELECTIONS.]

- (a) Five votes or less when the total vote cast for nomination or election to that office is 100 votes or less;
- (b) Ten votes or less when the total vote cast for nomination or election to that office is more than 100 but not more than 500 votes;
- (c) Twenty votes or less when the total vote cast for nomination or election to that office is more than 500 but not more than 2,000 votes;

Candidates for municipal *or school district* offices shall file a written request with the municipal *or school district* clerk *as appropriate*. All requests shall be filed during the time for notice of contest of the primary or election for which a recount is sought.

Upon receipt of a request made pursuant to this section, the county auditor shall recount the votes for a county office at the expense of the county ~~and~~, the governing body of the municipality shall recount the votes for a municipal office at the expense of the municipality, *and the school board of the school district shall recount the votes for a school district office at the expense of the school district.*

A losing candidate for nomination or election to a county ~~or~~, municipal, *or school district* office may request a recount in the manner provided in this section at the candidate's own expense when the vote difference is greater than the difference required by clauses (a) to (e). The votes shall be recounted as provided in this section if the requesting candidate files with the county auditor ~~or~~, municipal clerk, *or school district clerk* a bond, cash or surety in an amount set by the governing body of the jurisdiction *or the school board of the school district* for the payment of the recount expenses.

Time for notice of contest of a nomination or election to a county office which is recounted pursuant to this section shall begin to run upon certification of the results of the recount by the county canvassing board. Time for notice of contest of a nomination or election to a municipal office which is recounted pursuant to this section shall begin to run upon certification of the results by the governing body of the municipality. *Time for notice of contest of a school district election that is recounted under this subdivision begins to run on certification of the results of the recount by the school board.*

Sec. 48. [205A.01] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definitions in chapter 200 and in this section apply to this chapter.

Subd. 2. [SCHOOL DISTRICT.] "School district" means an independent or special school district, as defined in section 120.02.

Sec. 49. [205A.02] [ELECTION LAW APPLICABLE.]

Except as provided in this chapter, the Minnesota election law applies to school district elections, as far as practicable. Elections in common school districts shall be governed by section 123.11.

Sec. 50. [205A.03] [PRIMARY ELECTIONS.]

Subdivision 1. [RESOLUTION.] The school board of a school district may, by resolution adopted at least 12 weeks before the next school district general election, decide to choose nominees for school district elective offices by a primary as provided in subdivisions 1 to 6. The resolution, when adopted, is effective for all ensuing elections of board members in that school district until it is revoked.

Subd. 2. [DATE.] The school district primary must be held at a time designated by the school board in the resolution adopting the primary system, but no later than six weeks before the school district general election. The clerk shall give notice of the primary in the manner provided in section 54.

Subd. 3. [CANDIDATES, FILING.] The clerk shall place upon the primary ballot without partisan designation the names of individuals whose candidacies have been filed and for whom the proper filing fee has been paid. When not more than twice the number of individuals to be elected to a school district elective office file for nomination for the office, their names must not be placed upon the primary ballot and must be placed on the school district general election ballot as the nominees for that office.

Subd. 4. [RESULTS.] The school district primary must be conducted and the returns made in the manner provided for the state primary as far as practicable. Within two days after the primary, the school board of the school district shall canvass the returns, and the two candidates for each office who receive the highest number of votes, or a number of candidates equal to twice the number of individuals to be elected to the office who receive the highest number of votes, are the nominees for the office named. Their names must be certified to the school district clerk who shall place them on the school district general election ballot without partisan designation and without payment of an additional fee.

Subd. 5. [RECOUNT.] A losing candidate at the school district primary may request a recount of the votes for that nomination subject to section 204C.36.

Subd. 6. [VACANCY IN NOMINATION.] When a vacancy occurs in a nomination made at a school district primary, the vacancy must be filled in the manner provided in section 204B.13.

Sec. 51. [205A.04] [GENERAL ELECTION.]

Except as may be provided in a special law or charter provision to the contrary, the general election in each school district must be held on the third Tuesday in May, unless the school board provides by resolution for holding the school district general election on the first Tuesday after the first Monday in November. When the time of a school district's general election is changed from May to November, the terms of all board members shall be lengthened to expire on January 1; when the time of a school district's general election is changed from November to May, the terms of all board members shall be shortened to expire on July 1. Whenever the time of a school district election is changed, the school district clerk shall

immediately notify in writing the county auditor or auditors of the counties in which the school district is located and the secretary of state of the change of date.

Sec. 52. [205A.05] [SPECIAL ELECTIONS.]

Subdivision 1. [QUESTIONS.] Special elections must be held for a school district on a question on which the voters are authorized by law to pass judgment. The school board may on its own motion, and upon petition of 50 or more voters of the school district or five percent of the number of voters voting at the preceding regular school district election, shall by resolution call a special election to vote on any matter requiring approval of the voters of a district. A question is carried only with the majority in its favor required by law. The election officials for a special election are the same as for the most recent school district general election unless changed according to law. Otherwise, special elections must be conducted and the returns made in the manner provided for the school district general election. A special election may not be held during the 20 days before and the 20 days after any scheduled statewide election.

Subd. 2. [VACANCIES IN SCHOOL DISTRICT OFFICES.] Special elections shall be held in school districts in conjunction with school district primary and general elections to fill vacancies in elective school district offices.

Sec. 53. [205A.06] [CANDIDATES, FILING.]

Subdivision 1. [AFFIDAVIT OF CANDIDACY.] Not more than ten nor less than eight weeks before a school district primary, or before the school district general election if there is no school district primary, an individual who is eligible and desires to become a candidate for an office to be voted on at the election must file an affidavit of candidacy with the school district clerk. The affidavit must be in substantially the same form as that in section 204B.06, subdivision 1. The school district clerk shall also accept an application signed by at least five voters and filed on behalf of an eligible voter in the school district whom they desire to be a candidate, if service of a copy of the application has been made on the candidate and proof of service is endorsed on the application being filed. No individual shall be nominated by nominating petition for a school district elective office except in the event of a vacancy in nomination as provided in section 50, subdivision 6. Upon receipt of the proper filing fee, the clerk shall place the name of the candidate on the official ballot without partisan designation.

Subd. 2. [NOTICE OF FILING DATES.] At least two weeks before the first day to file affidavits of candidacy, the school district clerk shall publish a notice in the official newspaper stating the first and last dates on which affidavits of candidacy may be filed in the clerk's office and the closing time for filing on the last day for filing. The clerk shall post a similar notice in the administrative offices of the school district at least ten days before the first day to file affidavits of candidacy.

Subd. 3. [FILING FEES.] The filing fee for a school district office is \$2.

Subd. 4. [PETITION IN PLACE OF FEES.] A candidate for school district office may file a petition in place of the filing fees in subdivision 3. The petition must meet the requirements of section 204B.11, subdivision 2.

Subd. 5. [WITHDRAWAL.] A candidate for a school district elective office may withdraw from the election by filing an affidavit of withdrawal with the school district clerk by 12:00 noon of the day after the last day for filing affidavits of candidacy. After that date, no candidate may file an affidavit of withdrawal.

Sec. 54. [205A.07] [NOTICE.]

Subdivision 1. [PUBLICATION AND POSTING.] The clerk of a school district shall give two weeks' published notice and give ten days' posted notice of a school district primary, general or special election, stating the time of the election, the location of each polling place, the offices to be filled, and all propositions or questions to be voted upon at the primary, general or special election. The notice shall be posted in the administrative offices of the school district for public inspection.

Subd. 2. [SAMPLE BALLOT, POSTING.] For every school district primary, general or special election, the school district clerk shall at least four days before the primary, general or special election, post a sample ballot in the administrative offices of the school district for public inspection, and shall post a sample ballot in each polling place on election day.

Sec. 55. [205A.08] [BALLOTS.]

Subdivision 1. [BUFF BALLOT.] The names of all candidates for offices to be voted on at a school district general election must be placed on a single ballot printed on buff paper and known as the "buff ballot."

Subd. 2. [PRIMARY BALLOTS.] The school district primary ballot must conform as far as practicable with the school district general election ballot except that no blank spaces may be provided for writing in the names of candidates.

Subd. 3. [VACANCIES.] The names of candidates to fill vacancies at a school district special election held in conjunction with the primary or general election must be placed on the school district primary and general election ballots. The names of candidates to fill a vacancy in the office of school board member in a school district must be listed under the separate heading "Special election for school board member to fill vacancy in term expiring _____," with the date of expiration of the term and any other information necessary to distinguish the office.

Subd. 4. [GOLDENROD BALLOTS; QUESTIONS.] All questions relating to a proposition for the issuance of bonds, and all other questions relating to school district affairs submitted at an election to the voters of the school district, shall be printed on one separate goldenrod ballot and shall be prepared, printed, and distributed under the direction of the school district clerk at the same time and in the same manner as other school district ballots. The ballots, when voted, shall be deposited in a separate goldenrod ballot box provided by the local authorities for each voting precinct. The ballots shall be canvassed, counted, and returned in the same manner as other school district ballots. The returns shall provide appropriate blank spaces for the counting, canvassing, and return of the results of the questions submitted on the goldenrod ballot.

Sec. 56. [205A.09] [VOTING HOURS.]

Subdivision 1. [METROPOLITAN AREA SCHOOL DISTRICTS.] At a school district election in a school district located in whole or in part

within a metropolitan county as defined by section 473.121, the school board, by resolution adopted before giving notice of the election, may designate the time during which the polling places will remain open for voting at the next succeeding and all later school district elections. The polling places must open no later than 10:00 a.m. and close no earlier than 8:00 p.m. The resolution shall remain in force until it is revoked by the school board.

Subd. 2. [OTHER SCHOOL DISTRICTS.] At a school district election in a school district other than one described in subdivision 1, the school board, by resolution adopted before giving notice of the election, may designate the time, in no event less than three hours, during which the polling places will remain open for voting at the next succeeding and all later school district general elections. The resolution must remain in force until it is revoked by the school board or changed because of request by voters as provided in this subdivision. If a petition requesting longer voting hours, signed by a number of voters equal to 20 percent of the votes cast at the last school district election, is presented to the school district clerk no later than 30 days before a school district election, then the polling places for that election must open at 10:00 a.m. and close at 8:00 p.m. The school district clerk must give ten days' published notice and posted notice of the changed voting hours and notify appropriate county auditors of the change. School districts covered by this subdivision must certify their election hours to the county auditor in January of each year.

Sec. 57. [205A.10] [PROCEDURE.]

Subdivision 1. [MATERIALS, BALLOTS.] The school district clerk shall prepare and have printed the necessary election materials, including ballots, for a school district election. The name of each candidate for office shall be rotated with the names of the other candidates for the same office so that the name of each candidate appears substantially an equal number of times at the top, at the bottom, and at each intermediate place in the group of candidates for that office.

Subd. 2. [ELECTION, CONDUCT.] A school district election must be by secret ballot and must be held and the returns made in the manner provided for the state general election, as far as practicable. The vote totals from an absentee ballot counting board established pursuant to section 203B.13 may be tabulated and reported by the school district as a whole rather than by precinct. For school district elections not held in conjunction with a statewide election, the school board shall appoint election judges as provided in section 204B.21, subdivision 2.

Subd. 3. [CANVASS OF RETURNS, CERTIFICATE OF ELECTION, BALLOTS, DISPOSITION.] Within two days after a school district election, the school board shall canvass the returns and declare the results of the election. After the time for contesting elections has passed, the school district clerk shall issue a certificate of election to each successful candidate. If there is a contest, the certificate of election to that office must not be issued until the outcome of the contest has been determined by the proper court. If there is a tie vote, the school board shall determine the result by lot. The clerk shall deliver the certificate of election to the successful candidate by personal service or certified mail. The successful candidate shall file an acceptance and oath of office in writing with the clerk within 30 days of the date of mailing or personal service. A person who fails to qualify prior to the time specified shall be deemed to have

refused to serve, but that filing may be made at any time before action to fill the vacancy has been taken. The school district clerk shall certify the results of the election to the county auditor, and the clerk shall be the final custodian of the ballots and the returns of the election.

Subd. 4. [RECOUNT.] *A losing candidate at a school district election may request a recount of the votes for that office subject to the requirements of section 204C.36.*

Sec. 58. [205A.11] [PRECINCTS; POLLING PLACES.]

The precincts and polling places for school district elections are those precincts or parts of precincts and polling places set in sections 204B.14 to 204B.16, except that at a school district election not held on the day of a statewide election, the school board may combine several precincts into a single precinct with one polling place and one set of election judges. The school board shall establish combined precincts by resolution at least 30 days before an election, post a map of the combined precincts, and file a copy of the map and resolution with the county auditor.

Sec. 59. [205A.12] [SCHOOL BOARD ELECTION DISTRICTS.]

Subdivision 1. [GENERAL PROVISIONS.] *Any independent school district may alter its organization into separate election districts for the purpose of election of board members by following the procedures in this section.*

Subd. 2. [ELECTION.] *Except in a school district located wholly or partly within a city of the first class, upon resolution of the board, made on its own motion or on presentation of a petition substantially in the form required in section 60, signed by at least 50 electors of the district or ten percent of the number of votes cast in the most recent regular school board election, whichever is larger, the board shall adopt a proposal to divide the district into as many separate election districts as there are members of the board, which proposal must be submitted to an election under this chapter. If the election is initiated by petition, the resolution calling the election must be adopted within six months after the date of receipt of the petition. Only one election within any two-year period may be held under this section.*

Subd. 3. [BALLOT QUESTION.] *The question presented at the special election shall be: "Shall the school district be reorganized into election districts with boundaries as established in Resolution No. _____ of the school board, dated _____?"*

Yes _____

No _____"

Subd. 4. [ELECTION DISTRICT BOUNDARIES.] *Each proposed election district must be as equal in population as practicable and must be composed of compact, contiguous territory. The district may utilize the most recent federal decennial census figures available or may conduct a special census for this purpose. The board shall designate each election district by number.*

Subd. 5. [BOARD ELECTIONS.] *If the proposal for the establishment of election districts is approved by the voters, the board shall specify the election districts from which vacancies shall be filled as they occur until such time as each board member represents an election district. A candidate*

for school board in a subsequent election must file an affidavit of candidacy to be elected as a school board member for the election district in which the candidate resides. One and only one member of the board shall be elected from each election district. Each board member must be a resident of the election district for which elected but the creation of an election district or a change in election district boundaries shall not disqualify a board member from serving for the remainder of a term.

Subd. 6. [REDEFINING ELECTION DISTRICT BOUNDARIES.] The school board may by resolution redefine district boundaries after a school district general election. The board shall hold a public hearing on the proposed resolution before its adoption. One week's published notice of the hearing must be given. Within six months after the official certification of each federal decennial or special census, the school board shall either confirm the existing election district boundaries as conforming to the standards of subdivision 4 or redefine election district boundaries to conform to those standards. If the school board fails to take either action within the time required, no further compensation may be paid to the school board members until the districts are either reconfirmed or redefined as required by this section. A resolution establishing original or new election district boundaries shall apply to the first election held at least six months after adoption of the resolution.

Sec. 60. [205A.13] [REQUIREMENTS FOR PETITIONS.]

Any petition to a school board authorized in this chapter or sections 124A.03 and 275.125, or any other law which requires the board to submit an issue to referendum or election, shall meet the following requirements to be valid.

(1) Each page of the petition shall contain a heading at its top which specifies the particular action the board is being petitioned to take. The signatures on any page which does not contain such a heading shall all be invalidated. All pages of the petition shall be assembled and filed with the board as a single instrument.

(2) Each page of the petition shall contain an authentication signed by the circulator of the petition specifying as follows:

"I personally have circulated this page of the petition. All signatures were made in my presence. I believe that the signers signed their own names and that each person who has signed is eligible to vote in a school district election according to Minnesota election law.

Signed: _____ Signature of Petition Circulator

Date: _____."

The signatures on any page which does not contain such an authentication shall all be invalidated.

(3) Signers of the petition shall personally sign their own names in ink or indelible pencil and shall indicate after the name the place of residence by street and number, or other description sufficient to identify the place. Except as provided in clause (4) of this subdivision, any signature which does not meet these requirements shall be invalidated.

(4) Individuals who are unable to write their names shall be required to make their marks on the petition. The circulator of the petition shall certify the mark by signing the individual's name and address and shall

thereafter print the phrase "mark certified by petition circulator."

(5) A petition, to be valid, must contain the minimum number of valid signatures of eligible voters specified in the law authorizing the petition and election.

Sec. 61. Minnesota Statutes 1986, section 206.56, is amended by adding a subdivision to read:

Subd. 17. [MUNICIPALITY.] "Municipality" means city, town, or school district.

Sec. 62. Minnesota Statutes 1986, section 206.58, subdivision 2, is amended to read:

Subd. 2. [MAY USE EXPERIMENTAL MACHINES.] The governing body of a municipality may provide for the experimental use of lever voting machines or an electronic voting system in one or more precincts without formal adoption of the machines or system. Use of the machines or system at an election shall be as valid for all purposes as if the machines or system had been permanently adopted.

When the governing body of a municipality decides to use lever voting machines or an electronic voting system, it shall, at a regular or special meeting held not less than 30 days before the election, prescribe suitable rules and instructions consistent with the provisions of sections 206.55 to 206.87 and ~~123.32, subdivision 7,~~ for using the machine or system and shall submit the rules and instructions to the secretary of state for approval. When approved, a printed copy of the rules and instructions shall be posted prominently in the polling place and shall remain open to inspection by the voters throughout election day.

Sec. 63. [206.685] [VOTING MACHINES OR ELECTRONIC VOTING DEVICES AT SCHOOL ELECTIONS.]

Where lever voting machines or electronic voting devices are used in precincts containing more than one school district or more than one school election district, separate voting machines or devices must be used and must be allocated between the school districts or school election districts in proportion to the number of voters eligible to vote in the precinct from each district.

Sec. 64. Minnesota Statutes 1986, section 209.02, is amended to read:
209.02 [CONTESTANT; GROUNDS.]

Subdivision 1. Any eligible voter, including a candidate, may contest in the manner provided in this chapter: (1) the nomination or election of any person for whom the voter had the right to vote if that person is declared nominated or elected to the senate or the house of representatives of the United States, or to a statewide, county, legislative, ~~or~~ municipal, school, or district court office; or (2) the declared result of a constitutional amendment or other question voted upon at an election. The eligible voters of any school district, ~~as defined in section 123.32, subdivision 1a,~~ may petition the state auditor, who shall be subject to the same restrictions regarding the scope and period of audit, provided that the petition shall be signed by at least ten eligible voters for each 50 resident pupils in average daily membership during the preceding school year as shown on the records in the office of the commissioner of education. Thirty days before the petition is delivered to the state auditor it shall be presented to the appropriate city or school district clerk and the county auditor. The county auditor shall determine and certify whether the petition is signed by the required number of registered voters or eligible voters as the case may be. The certificate shall be conclusive evidence thereof in any action or proceeding for the recovery of the costs, charges and expenses of any examination made pursuant to the petition.

Sec. 2. Minnesota Statutes 1986, section 122.22, subdivision 2, is amended to read:

Subd. 2. Proceedings under this section may be instituted by:

Sec. 3. Minnesota Statutes 1986, section 122.22, subdivision 4, is amended to read:

Subd. 4. A petition executed pursuant to subdivision 2(b) shall be filed with the auditor. It shall contain the following:

The persons circulating the petition shall attach their affidavit swearing or affirming that the persons executing the petition are eligible voters, as defined in section 123.32, subdivision 1a, of the district and that they signed in the presence of one of the circulators.

The auditor shall present the petition to the county board at its next meeting. At that meeting, the county board shall determine a date for a hearing. The hearing shall be not less than 20 nor more than 60 days from the date of that meeting.

Sec. 4. Minnesota Statutes 1986, section 122.23, subdivision 2, is amended to read:

Subd. 2. Upon a resolution of a school board in the area proposed for consolidation or upon receipt of a petition therefor executed by 25 percent of the voters resident in the area proposed for consolidation or by 50 such voters, whichever is lesser, the county auditor of the county which contains the greatest land area of the proposed new district shall forthwith cause a plat to be prepared. The resolution or petition shall show the approximate area proposed for consolidation. The resolution or petition may propose either that the bonded debt of the component districts will be paid according to the levies previously made for that debt under chapter 475, as provided in subdivision 16a, or that the taxable property in the newly created district will be taxable for the payment of the bonded debt previously incurred by any component district as provided in subdivision 16b. The resolution or petition may also propose that referendum levies previously approved by voters of the component districts pursuant to section 124A.03, subdivision 2, or its predecessor provision, be combined as provided in section 122.531, subdivision 2a or 2b, or that the referendum levies be discontinued. The resolution or petition may also propose that the board of the newly created district consist of seven members, and may also propose the establishment of separate election districts from which school board members will be elected, the boundaries of these election districts, and the initial term of the member elected from each of these election districts. If a county auditor receives more than one request for a plat and the requests involve parts of identical districts, the auditor shall forthwith prepare a plat which in the auditor's opinion best serves the educational interests of the inhabitants of the districts or areas affected. The plat shall show:

(a) Boundaries of the proposed district, as determined by the county auditor, and present district boundaries,

(b) The location of school buildings in the area proposed as a new district and the location of school buildings in adjoining districts,

(c) The boundaries of any proposed separate election districts, ~~in accordance with the provisions of section 123.32, and~~

Sec. 5. Minnesota Statutes 1986, section 122.23, subdivision 9, is amended to read:

Subd. 9. If the approved plat contains land area in more than one independent district maintaining a secondary school, or common district maintaining a secondary school, and if each board entitled to act on the plat approves the plat, each board shall cause notice of its action to be published at least once in its official newspaper. If five percent of the eligible voters, as defined in section 123.32, subdivision 1a, of any such district petition the clerk of the district, within 30 days after the publication of the notice, for an election on the question, the consolidation shall not become effective until approved by a majority vote in the district at an election held in the manner provided in subdivisions 11, 12, and 13.

Sec. 6. Minnesota Statutes 1986, section 122.23, subdivision 10, is amended to read:

A petition calling upon the county auditor to call and conduct an election on the question of adoption or rejection of the plat may be circulated in the land area by any person residing in the area. Upon the filing of the petition with the county auditor, executed by at least 25 percent of the eligible voters, as defined in section 123.32, subdivision 1a, in each district or part of a district contained in the land area, the county auditor shall forthwith call and conduct a special election of the electors resident in the whole land area on the question of adoption of the plat. For the purposes of this section, the term "electors resident in the whole land area" means any person residing on any remaining portion of land, a part of which is included in the consolidation plat. Any eligible voter, as defined in section 123.32, subdivision 1a, owning land included in the plat who lives upon land adjacent or contiguous to that part of the voter's land included in the plat shall be included and counted in computing the 25 percent of the eligible voters, as defined in section 123.32, subdivision 1a, necessary to sign the petition and shall also be qualified to sign the petition. Failure to file the petition within 60 days of approval of the plat by the state board terminates the proceedings.

Subd. 2. [APPLICATION.] The application of the prosecuting authority required by this section must contain:

- (1) a copy of a criminal complaint issued by a court of competent jurisdiction that alleges the commission of a felony by the account holder;*
- (2) a statement of the actual financial loss caused by the account holder in the commission of the alleged felony, if not already stated in the complaint; and*
- (3) identification of the account holder's name and financial institution account number.*

Subd. 3. Subd. 4. [DUTY OF FINANCIAL INSTITUTIONS.] Upon receipt of the order authorized by this section, a financial institution must not permit any funds or assets that were frozen by the order to be withdrawn or disposed of until further order of the court.

- (4) that a joint account holder who is not involved in the alleged criminal activity has deposited all or part of the funds or assets; or*

(5) that the funds or assets should be returned in the interests of justice.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [617.80] [DEFINITIONS.]

Subdivision 1. [GENERALLY.] The definitions in this section apply to sections 1 to 9.

Subd. 2. [BUILDING.] "Building" means a structure suitable for human

shelter, a commercial structure that is maintained for business activities that involve human occupation, or a portion of the structure.

Subd. 3. [MOVABLE PROPERTY.] "Movable property" means furniture and fixtures.

Subd. 4. [PROSTITUTION.] "Prostitution" or "prostitution related offenses" means the conduct prohibited in sections 609.321 to 609.324.

Subd. 5. [GAMBLING.] "Gambling" or "gambling related offenses" means the conduct prohibited in sections 609.75 to 609.762.

Subd. 6. [DISORDERLY HOUSE.] "Disorderly house" has the meaning assigned to it in section 609.33.

Subd. 7. [OWNER.] "Owner" means the person in whose name the building or affected portion is recorded with the county auditor for taxation purposes.

Subd. 8. [INTERESTED PARTY.] "Interested party" means a lessee, tenant, or occupant of a building or affected portion of a building and a known agent of an owner, lessee, tenant, or occupant.

Sec. 2. [617.81] [NUISANCE; ACTS CONSTITUTING; INJUNCTION; NOTICE.]

Subdivision 1. [ACTS CONSTITUTING A NUISANCE.] For purposes of sections 1 to 9, a public nuisance exists upon proof of any of the following:

(1) three or more misdemeanor convictions or two or more convictions, of which at least one is a gross misdemeanor or felony, within the previous two years for acts of prostitution or prostitution related offenses committed within the building;

(2) three or more misdemeanor convictions or two or more convictions, of which at least one is a gross misdemeanor or felony, within the previous two years for acts of gambling or gambling related offenses committed within the building; or

(3) two or more convictions within the previous two years for keeping or permitting a disorderly house within the building.

Subd. 2. [NOTICE.] Notice of a conviction described in subdivision 1 must be mailed by the court administrator to the owner of the building where the offense was committed and all other interested parties and must be filed with the county recorder's office. This notice is sufficient to inform all interested parties that the building or a portion of it is being used for purposes constituting a public nuisance.

Sec. 3. [617.82] [TEMPORARY ORDER.]

Whenever a city attorney, county attorney, or the attorney general has cause to believe that a nuisance described in section 2, subdivision 1, exists within the jurisdiction the attorney serves, that attorney may by verified petition seek a temporary injunction in district court in the county in which the alleged public nuisance exists. No temporary injunction may be issued without a prior show cause notice of hearing to the respondents named in the petition and an opportunity for the respondents to be heard. Upon proof of a nuisance described in section 2, subdivision 1, the court shall issue a temporary injunction describing the conduct to be enjoined.

Sec. 4. [617.83] [INJUNCTION; ORDER OF ABATEMENT.]

Upon proof of a nuisance described in section 2, subdivision 1, the court shall issue a permanent injunction describing the conduct to be permanently enjoined and enter an order of abatement. The order of abatement must direct the closing of the building or a portion of it for one year, except as otherwise provided in section 5 or 6, unless sooner released pursuant to section 9. Before an abatement order is enforced against a building or portion of it, the owner must be served with the abatement order and a notice of the right to file a motion under section 6 in the same manner that a summons is served under the rules of civil procedure. A copy of the abatement order must also be posted in a conspicuous place on the building or affected portion.

Sec. 5. [617.84] [MOVABLE PROPERTY.]

The order of abatement may direct the removal of movable property used in conducting or maintaining the nuisance and direct the sale of property belonging to a respondent who was notified or appeared. The sale must be conducted pursuant to the provisions of chapter 550 on the sale of property on execution. A person appointed by the court as receiver of the building may use a building or portion of it that is the subject of an abatement order in a manner approved by the court. Costs of the sale on execution, moving and storage fees, and a receivership must be paid out of the receipts from the sale of the movable property or rents collected during the receivership. The balance from the sale of movable property must be paid to the owner of the property. The balance from rents collected during any receivership must be paid to the treasury of the unit of government that brought the abatement action.

Sec. 6. [617.85] [NUISANCE; MOTION TO CANCEL LEASE.]

Subdivision 1. [MOTION.] Where an abatement of a nuisance is sought and the circumstances that are the basis for the requested abatement involved the acts of a commercial or residential tenant of part or all of a building, the owner of the building that is subject to the abatement proceeding may file before the court that has jurisdiction over the abatement proceeding a motion to cancel the lease or otherwise secure restitution of the premises from the tenant who has maintained or conducted the nuisance. In addition to the grounds provided in chapter 566, the maintaining or conducting of a nuisance as defined in section 2, subdivision 1, by a tenant, is an additional ground for seeking the cancellation of a lease or the restitution of the premises. It is no defense to a motion under this section by the owner that the lease or other agreement controlling the tenancy does not provide for eviction or cancellation of the lease upon the ground provided in this section.

Subd. 2. [CANCELLATION.] Upon a finding by the court that the tenant has maintained or conducted a nuisance in any portion of the building under the control of the tenant, the court shall order cancellation of the lease and grant restitution of the premises to the owner. The court may not order abatement of the premises if the court:

(a) cancels a lease and grants restitution of that portion of the premises to the owner under this section; and

(b) finds that the acts constituting the nuisance as defined in section 2, subdivision 1, were committed in a portion of the building under the control of the tenant whose lease has been cancelled pursuant to this section.

Sec. 7. [617.86] [NONCONFORMING USE.]

If a building is a nonconforming use for municipal zoning purposes, the closure of the building under an order of abatement constitutes a discontinuance of the use and, after that, the use of the building must conform to the use permitted in the zoning district in which the building is located. If the abatement of a portion of the building results in a reduction of the degree of the building's nonconformity, the degree of nonconformity may not be returned to its original status.

The provisions of this section apply if the owner of the building has sought and secured from the court an order canceling a lease and granting restitution of the portion of the building controlled by the tenant as provided in section 6.

Sec. 8. [617.87] [CONTEMPT.]

Whoever violates a temporary injunction, permanent injunction, or abatement order granted under sections 1 to 9 may be adjudged in contempt of court.

Sec. 9. [617.88] [RELEASE OF PROPERTY.]

If, after an order of abatement has been entered, the owner appears and pays the costs of the action and files a bond in an amount determined by the court, but not to exceed \$50,000, conditioned that the owner will immediately abate the nuisance for a period of one year, the court may, if satisfied of the owner's good faith, order the release of the building or portion of it that is subject to the order of abatement. If the premises are released, for each day during the term of the bond that the owner knowingly permits any part of the premises to be used for any activity that was the basis of the abatement order, the owner shall forfeit \$1,000 under the bond. Forfeiture under the bond does not relieve the owner from prosecution for contempt. Release of the property pursuant to this section does not release it from an injunction issued under section 4 or any other judgment, penalty, lien, or liability to which it may be subject by law.

Sec. 10. [REPEALER.]

(1) the court has issued an order authorizing transfer of title and possession and the petitioner has paid or deposited its approved appraisal value under section 117.042; or

(2) the petitioner has acquired title of the real estate.

delivery of possession of the property upon: (1) the affidavit of the petitioner; (2) notice to the occupants of the acquired real estate and others claiming a right to remain in possession of it; and (3) a hearing. Notice of the hearing must be given in the same way as notice of a motion under the rules of civil procedure. The legislature declares that it is the policy of the state to:

- (1) *preserve affordable universal telecommunications service;*
- (2) *maintain and advance the efficiency, quality, and availability of telecommunications service;*
- (3) *ensure that customers pay only reasonable charges for telecommunications services;*
- (4) *ensure that rates for noncompetitive telecommunications services do not subsidize the competitive ventures of regulated telecommunications companies;*

(5) *promote diversity in the supply of telecommunications services and products in telecommunications markets throughout the state;*

(6) *ensure that all telecommunications services bear a fair and reasonable share of the costs of facilities used in providing the services;*

(7) *ensure that customers throughout the state are not subject to unreasonable discrimination in the price or availability of telecommunications services;*

(8) *remove in an orderly manner unnecessary regulatory requirements on telecommunications providers or specific telecommunications services where effective and fair competition is found;*

(9) *make regulation of telephone companies administratively efficient;*

(10) *minimize disparities between urban and rural areas of the state; and*

(11) *foster development of the telecommunications infrastructure to encourage telecommunications-related economic development.*

Sec. 2. [237.51] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The terms used in sections 1 to 13 have the meanings given them in this section.

Subd. 2. [COMPETITIVE SERVICE.] "Competitive service" means a service that has been determined to be nonessential or to be subject to effective competition or emerging competition.

Subd. 3. [EFFECTIVE COMPETITION.] "Effective competition" exists when the criteria of section 4, subdivision 5, have been satisfied for a service.

Subd. 4. [EMERGING COMPETITION.] "Emerging competition" exists when the criteria of section 4, subdivision 5, have not been satisfied, but there is a trend toward effective competition.

Subd. 5. [LOCAL ACCESS AND TRANSPORT AREA.] "Local access and transport area (LATA)" means a geographical area designated by the Modification of Final Judgment in U.S. v. Western Electric Co., Inc., 552 F.Supp. 131 (D.D.C. 1982).

Subd. 6. [NONCOMPETITIVE SERVICE.] "Noncompetitive service" means a service that has not been classified as competitive by the commission.

Sec. 3. [237.52] [APPLICABILITY; REGULATION OF NONCOMPETITIVE SERVICES.]

Subdivision 1. [APPLICABILITY.] Sections 3, 4, 5, and 7 do not apply to a telephone company unless the company notifies the commission in writing of its decision to be subject to all of those sections. The company may not revoke its decision to be subject to those sections.

Subd. 2. [NONCOMPETITIVE SERVICES; RATE CHANGE PROCEDURES.] Except as provided in section 8, a telephone company may change its rates and charges for the noncompetitive services by complying with section 237.075 and section 7. The commission may also investigate matters related to the provision of these services and make orders relating to the services as may be appropriate under section 237.081.

Subd. 3. [DISCONTINUANCE OF SERVICE.] A telephone company

may not discontinue any noncompetitive services without the express approval of the commission.

Sec. 4. [237.53] [CLASSIFICATION OF COMPETITIVE SERVICES; HEARING.]

Subdivision 1. [EMERGING COMPETITIVE SERVICES.] The following services provided by the telephone company are subject to emerging competition unless and until reclassified as noncompetitive or subject to effective competition under this section:

- (1) *apartment door answering services;*
- (2) *automatic call distribution;*
- (3) *billing and collection services;*
- (4) *call waiting, call forwarding, and three-way calling services for businesses with three or more lines;*
- (5) *central office-based pricing packages providing switched business access lines which substitute for private branch exchange systems which may or may not share intelligence with customer premises equipment;*
- (6) *command link-type services for network reconfiguring to rearrange cross-connections between channel services;*
- (7) *custom network services and special assemblies;*
- (8) *digicom switchnet services for full duplex, synchronous, information transport;*
- (9) *digital private line service;*
- (10) *direct customer access services for telephone number information services video display;*

- (17) *seminars;*
- (18) *services not previously offered prior to August 1, 1987;*
- (19) *services which generate an annual revenue equal to or less than one-tenth of one percent of a telephone company's annual revenues in the year the company elects to be covered by this section;*
- (20) *special construction of facilities;*
- (21) *studies;*
- (22) *systems for automatic dialing; and*
- (23) *versanet-type service access line involving continuous monitoring and transmission of data from customer's premises to the central office.*

Subd. 2. [PETITION.] A person, or the commission on its own motion,

may petition to have a service of a telephone company classified as subject to effective competition or emerging competition. The petition must be served on the commission, the department of public service, the office of the attorney general, and any other person designated by the commission. The petition must contain at least:

(1) a list of the known alternative providers of the service available to the company's customers;

(2) an estimate of the company's current market share;

(3) identification of barriers to entry or exit from the market for the service; and

(4) a description of affiliate relationships with any other provider of the service in the company's market.

Subd. 3. [EXPEDITED PROCEEDING.] A person who files a petition under subdivision 2 may request that the commission determine the classification of the service through an expedited proceeding under section 6 or a contested case hearing. If an expedited proceeding is requested, the commission must provide interested persons an opportunity to comment on the appropriateness of the process and the merits of the petition.

When an expedited proceeding is requested, the commission must make a final determination within 60 days of the date on which all required information required pursuant to subdivision 2 is filed, unless during the 60 days the commission finds that a material issue of fact is in dispute in which case it must order a contested case hearing be conducted to evaluate the petition.

Subd. 4. [CONTESTED CASE HEARING.] If a contested case hearing is held under this section, the commission shall make a final determination on the petition within eight months from the date the petitioning party requests a contested case hearing or from the date the commission orders a contested case hearing under subdivision 3. When a contested case hearing is requested in the petition or when the commission acts on its own motion, this deadline may be extended for no more than 60 days by agreement of all parties or by order of the commission if the commission finds that the case cannot be completed within the required time and that without an extension there is substantial probability that the public interest will be harmed.

Subd. 5. [CRITERIA.] (a) In determining whether a service is subject to either effective competition or emerging competition from available alternative services, the commission shall consider and make findings on the following factors:

(1) the number and sizes of alternative providers of service and affiliation to other providers;

(2) the extent to which services are available from alternative providers in the relevant market;

(3) the ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions of service;

(4) the market share, the ability of the market to hold prices close to cost, and other economic measures of market power; and

(5) *the necessity of the service to the well-being of the customer.*

(b) *In order for the commission to find a service subject to effective competition alternative services must be available to over 50 percent of the company's customers for that service.*

(c) *In order for the commission to find a service subject to emerging competition alternative services must be available to over 20 percent of the company's customers for that service.*

Subd. 6. [BURDEN OF PROOF] The person that files the petition under subdivision 2 has the burden of proving that competition exists and that classifying the service as other than noncompetitive will serve the public interest.

Subd. 7. [INTER-LATA LONG-DISTANCE SERVICE.] A petition filed under subdivision 2 to have an inter-LATA long-distance service classified as subject to effective competition shall be accepted by the commission as a petition to classify the inter-LATA long-distance service provided by all telephone companies as subject to effective competition. The commission may not find that a telephone company's inter-LATA long-distance service is subject to effective competition without a finding that the service is subject to effective competition for each telephone company providing that service in the state.

Subd. 8. [INTERIM RELIEF] A telephone company that has a petition pending before the commission under this section to declare a service competitive may decrease its price for that service without notice while the commission considers the petition. A company must provide an incremental cost study if requested by the commission. The commission shall suspend a company's right under this subdivision to decrease rates if, after an expedited hearing conducted under section 6, the commission finds that the service is being priced below cost, or that the company has within the previous 12 months charged customers interim rates under this subdivision for the same service, and that service was determined by the commission to be noncompetitive.

Subd. 9. [REPORTING REQUIREMENTS; EXCEPTION.] A telephone company that offers only competitive services is not subject to the accounting and reporting requirements of this chapter unless otherwise ordered by the commission for good cause. A telephone company that offers both competitive and noncompetitive services is not subject to the reporting requirements with regard to its effective competition services unless otherwise ordered by the commission for good cause.

Subd. 10. [REGULATION REINSTATED.] The commission, on its own motion or upon complaint, shall reclassify a service as noncompetitive or as subject to emerging competition and reinstate, in whole or in part, rate regulation of the service, if, after notice and hearing, the commission finds either:

(1) that the competitive market for that service, on review of the criteria found in subdivision 5, has failed so that rate regulation of that service is necessary to protect the interest of consumers, that it has considered the alternatives to rate regulation, and that the benefits of rate regulation outweigh the burdens of rate regulation; or

(2) that unreasonable discrimination has occurred between different areas of the state.

In a proceeding begun under this section to reclassify a service, except in a proceeding begun by a provider of telephone services, the telephone company bears the burden of proving that the services are appropriately classified. In a proceeding begun under this section by a provider of telephone services, that party bears the burden of proving that the existing classification is inappropriate.

Sec. 5. [237.54] [RATES; COMPETITIVE SERVICES.]

Subdivision 1. [EFFECTIVE COMPETITION.] A company whose service has been determined by the commission to be subject to effective competition may decrease the rate for that service effective without notice to its customers or the commission, and may increase the rate for that service effective upon notice to its customers at least 30 days in advance of the increase. A company whose service is declared subject to effective competition is not subject to the requirements of section 237.07 for that service.

Subd. 2. [EMERGING COMPETITION.] (a) A telephone company whose service has been determined to be subject to emerging competition must file a price list with the commission and the department. The price list must contain the rates, tolls, and charges for the service together with the rules, regulations, and classifications used in providing that service. This chapter does not prohibit a telephone company from including limitations on liability as terms or conditions in the price lists.

(b) A company may decrease the rate for a service subject to emerging competition that is listed in the price list, effective ten days after filing a new price list with the commission. A company may increase the rate for a service subject to emerging competition effective 30 days after notice is given to affected customers, the commission, and the department. The notice to the commission and the department for a rate increase must include an incremental, or other acceptable cost study as determined by the commission, supporting the increase. The department shall investigate an increase or decrease in rates for services subject to emerging competition, and report its findings to the commission. The commission may, after a contested case hearing or an expedited hearing under section 6 if there are no material facts in dispute, order the company to adjust its rates or charges for a service subject to emerging competition if the commission finds that the price charged is excessive. The commission may, within ten months of the date a price change went into effect, order price adjustments retroactive to the date the change went into effect and order the company to make any necessary refunds to affected customers.

Subd. 3. [DISCRIMINATION.] No telephone company shall offer telecommunications service within the state upon terms or rates that are unreasonably discriminatory. No telephone company shall unreasonably limit its service offerings to particular geographic areas unless facilities necessary for the service are not available and cannot be made available at reasonable costs. The rates of a telephone company must be the same in all geographic locations of the state unless for good cause the commission approves different rates. A company that offers long-distance services shall charge uniform rates and charges on all long-distance routes and in all geographic areas in the state where it offers the services. However, a company may offer or provide volume discounts in connection with intrastate long-distance services and may pass through any state, municipal, or local taxes in the specific geographic areas from which the taxes originate. Nothing in this subdivision authorizes a telephone company to pro-

vide service outside of its authorized service area except as provided in section 237.16.

Subd. 4. [COST OF SERVICE.] Prices or rates charged for competitive services must cover the incremental costs of providing the service. If a telephone company provides both local service and long-distance services, that company shall, in determining the cost of the long-distance service, include at least the same level of contribution to common and joint costs as is contained in the access charges to other telephone companies. The company may do so on an aggregate basis, instead of on a time or mileage band basis.

Subd. 5. [COMPLAINTS.] Competitive services are subject to the complaint procedures of section 237.081. In a complaint proceeding, the company providing the service bears the burden of proving that the prices charged cover its incremental costs and a reasonable contribution to the common and joint costs of the company and are fair, just, and reasonable.

Sec. 6. [237.55] [EXPEDITED PROCEEDINGS.]

Notwithstanding chapter 14, the commission may conduct an expedited proceeding when authorized under this chapter. In an expedited proceeding, the commission shall give prior notice to interested persons and provide them with an opportunity to present statements of fact and argument and to reply, either orally or in writing or both. In an expedited proceeding, the pleadings must be verified, and oral statements of fact must be made under oath or affirmation. The commission shall make a decision in an expedited proceeding based on the record.

Sec. 7. [237.56] [GENERAL RATE PROCEEDINGS; JOINT COSTS; NONCOMPETITIVE SERVICES.]

Subdivision 1. [FINANCIAL REQUIREMENTS.] Paragraph (a) or (b) governs a proceeding initiated under section 237.075 or 237.081 to change the rates for noncompetitive services. The company shall elect that rate changes be made in accordance with either paragraph (a) or (b) and that election is binding on the commission in all respects.

(a) The company may demonstrate the revenue requirement for its noncompetitive services by providing:

(1) revenues, expenses, and embedded investments directly related to the provision of the noncompetitive services;

(2) a reasonable portion of the net income generated jointly or arising from jointly competitive and noncompetitive services, and net income received by a telephone company as a result of the sale of telephone number listings, charges and advertising for use in white pages, yellow pages, other directory and other related services, must be treated as arising jointly from competitive and noncompetitive services; and

(3) a reasonable portion of the company's total joint and common costs to be attributable to the provision of the noncompetitive services.

(b) Alternatively, the company may demonstrate the revenue requirement for its noncompetitive services by providing:

(1) revenues, expenses, and embedded investments related to all of its services; and

(2) to the extent that the company's embedded costs for competitive

services, and a reasonable portion of the joint and common costs attributable to the competitive services, exceed the revenues produced by those competitive services, the difference must be added to the company's total revenues.

Subd. 2. [CROSS-SUBSIDIZATION.] A telephone company shall not subsidize its competitive services from its noncompetitive services through allocations of costs, cost-sharing agreements, or by other means, direct or indirect. Any cross-subsidization prohibited by this subdivision constitutes an illegal restraint of trade. When an investment is for both noncompetitive and competitive services, the company shall demonstrate that the benefits received by the noncompetitive customers justify the allocation of costs proposed by the company. Allocations and cost assignments must be reviewed at least every five years and a report detailing the methods and results must be filed with the department and the commission. An independent telephone company or a municipality or cooperative telephone association is not required to file a report as required by this subdivision provided that its allocations and cost assignments are subject to review upon order of the commission. If the commission determines that the methods chosen by the company are not satisfactory, the commission may order changes in the methods used and make necessary prospective adjustments in noncompetitive rates being charged to reflect the changes in cost.

Subd. 3. [ADDITIONAL INFORMATION.] The commission may require a telephone company to provide information regarding the revenues, expenses, investments, and costs for all of its services.

Sec. 8. [237.57] [MISCELLANEOUS TARIFFS.]

Subdivision 1. [GENERAL.] Notwithstanding section 237.075, rates for noncompetitive services may be set or changed subject to this section.

Subd. 2. [LANGUAGE CHANGES.] If language describing a rate, term, or condition of service in a tariff is changed, without substantially altering the application of the tariff, the change may take effect upon one-day notice to the public utilities commission.

Subd. 3. [COST INCREASES.] If the actual costs of providing a particular service have increased since the last proceeding under section 237.075, the rate for that service may be increased to recover those costs. The company requesting this rate increase shall file with its request the cost data it relies upon for the increase. The department shall review the request and make a recommendation to the commission regarding the appropriateness of the request within 20 calendar days of filing the request by the telephone company. If the department notifies the company within 15 days of the filing that additional information is required, the department shall make its recommendation to the commission within 20 calendar days after receipt of that additional information. If the company fails to provide adequate information within 20 calendar days of the department request, the department shall recommend denial of the company request on the basis of failure to provide adequate information. The commission shall either approve or reject the request under this subdivision within 20 calendar days of the receipt of the department recommendation. In order to qualify as a change in costs, it must be a cost change related to a particular service rather than a general overall increase applicable to most of the company's services, and an actual change in costs must have occurred rather than the discovery of a change in costs as a result of conducting a new cost study.

Subd. 4. [REDUCING RATES.] A company may reduce its rates for one or more services effective 20 days after filing the rates with the commission.

Subd. 5. [BURDEN OF PROOF] The burden of proof that the requested rates are reasonable under this section is on the telephone company providing the service.

Subd. 6. [FILING OF DOCUMENTS.] A copy of filings made under this section must be served on the commission, the department, and the attorney general.

Subd. 7. [COMMISSION REVIEW.] Nothing in this section prevents the commission from ordering that a requested change not take effect, or from subsequently amending the rates either through a complaint proceeding, a commission investigation, or through a proceeding conducted under section 237.075.

Sec. 9. [237.58] [REGISTRATION; BOND.]

Subdivision 1. [REGISTRATION.] A person, firm, or corporation seeking to offer a telephone service to the public that is classified as competitive shall register with the department and the commission 30 days before beginning operation in the state. A telephone company that has been authorized by the commission to provide telephone services in this state prior to August 1, 1987, is not required to register under this subdivision. A person, firm, or corporation seeking to offer a noncompetitive service to the public must obtain authority from the commission under section 237.16.

Subd. 2. [BOND.] Telephone companies offering services that have been found to be competitive shall, unless waived by the commission, either post and maintain a bond or other security with the department to cover liabilities owed to customers for deposits or advance payments, or shall not require advance payments or deposits from customers.

Sec. 10. [237.59] [AFFILIATED TRANSACTIONS.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "affiliated company" means a person, company, corporation, or other entity in which the telephone company has an affiliated interest as defined under section 216B.48, subdivision 1.

Subd. 2. [RECORDS.] Telephone companies, except companies that provide only services that have been found to be competitive, shall maintain records for a period of three years documenting transactions in excess of \$50,000 with an affiliated company. The documentation must contain:

(1) the name of the affiliate;

(2) a description of the transaction or contract;

(3) the dollar value of the transaction or contract;

(4) in the case of goods and services purchased from an affiliate, any evidence of efforts made by the telephone company to secure the same or functionally equivalent goods or services from a nonaffiliated supplier; and

(5) in the case of services provided to an affiliate, any evidence of the fair market value of those goods or services.

Subd. 3. [COMMISSION REVIEW.] In a proceeding for the approval of rates for noncompetitive services, the burden is on the company to prove

that goods or services acquired from or sold to affiliates were transferred at reasonable value. The determination of reasonable value shall include but not be limited to durability, quality, service, and price.

Sec. 11. [237.60] [DISCLOSURE.]

Subdivision 1. [NOTICE OF SERVICE OPTIONS.] A telephone company, when a residential customer initially requests service or requests a change of service, and annually in the form of a bill insert, shall advise each residential customer of the price of all service options available to that customer. The requirement of an annual notice through a bill insert does not apply to long-distance service.

Subd. 2. [FILING.] Copies of both the written notices and information provided to customer service representatives concerning the disclosure required under subdivision 1 must be filed once every 12 months with the commission and the department. Independent telephone companies, municipalities, and cooperative telephone associations are exempt from the requirements of this subdivision unless otherwise ordered by the commission.

Subd. 3. [ENFORCEMENT.] If, after an expedited procedure conducted under section 6, the commission finds that a telephone company is failing to provide disclosure as required under subdivision 1, it shall order the company to take corrective action as necessary.

Sec. 12. [237.61] [LEGISLATIVE REPORTS.]

Beginning January 1, 1988, the commission and the department shall annually report to the legislature on the implementation of this act and recommend changes necessary to assure high quality and affordable telephone services for the residents of the state.

Sec. 13. [237.62] [PRIVATE SHARED TELECOMMUNICATIONS SERVICE.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "private shared telecommunications services" means the provision of telephone services and equipment within a user group located in discrete private premises, in building complexes, campuses, or high-rise buildings, by a commercial shared services provider or by a user association, through privately owned customer premises equipment and associated data processing and information management services and includes the provision of connections to the facilities of a local exchange and to long-distance telephone companies.

Subd. 2. [REQUIREMENTS.] A person who owns or operates a building, property, complex, or other facility where a private shared telecommunications system is operated shall establish a single demarcation point for services and facilities provided by the telephone company providing local exchange service in the area that is mutually agreeable to the property owner or operator and the telephone company. The obligation of a telephone company to provide service to a customer at a location where a private shared telecommunications system is operated is limited to providing telephone company service and facilities up to the demarcation point established for the property where the private shared telecommunications system is located.

Subd. 3. [ACCESS TO ALTERNATIVE PROVIDERS.] A tenant of a building, property, complex, or other facility where a private shared telecommunications system is operated may establish a direct connection to

At the request of a tenant where a private shared telecommunications system is operated, the owner or manager of the property shall make facilities or conduit space available to the tenant to allow the tenant to make separate connection to and to receive telephone service directly from the telephone company operating local exchange service in the area. The tenant has the choice of installing the tenant's own facilities or using the existing facilities. The facilities or conduit space must be provided by the owner or operator to the tenant at a reasonable rate and on reasonable terms and conditions. It is the obligation of the tenant to arrange for premises wire, cable, or other equipment necessary to connect the tenant's telephone equipment with the facilities of the telephone company operating local exchange service at the location of the demarcation point.

Subd. 4. [ENFORCEMENT.] If the commission finds that the owner or operator of a private shared telecommunications system has failed to comply with a request under this section, the commission may order the owner or operator to make facilities or conduit space available sufficient to allow the tenant to make separate connection with the telephone company, and provide the services at reasonable prices and on reasonable terms and conditions.

Subd. 5. [EXEMPTION.] A provider of private shared telecommunications services is exempt from section 237.16 if the telecommunications services are only provided to tenants or for the provider's own use.

Subd. 6. [SERVICE BY LOCAL TELEPHONE COMPANY.] The telephone company providing local exchange service shall provide service to anyone located within a shared services building at the demarcation point within a reasonable time upon request.

Sec. 15. Minnesota Statutes 1986, section 237.081, subdivision 1a, is amended to read:

Subd. 1a. mission may dismiss any complaint without a hearing if in its opinion a hearing is not in the public interest finds that all significant issues raised have not been resolved to its satisfaction, it shall order a hearing.

Sec. 16. Minnesota Statutes 1986, section 237.11, is amended to read:

237.11 [INSPECTION OF BOOKS OF TELEPHONE COMPANIES IN CASE OF FAILURE TO MAKE REPORTS.]

Every telephone company subject to the provisions of this chapter, wherever organized, shall keep an office in this state, and make such reports to the department as it shall from time to time require. All books, records, and files, *whether they relate to competitive or noncompetitive services*, and all of its property shall be at all times subject to inspection by the *commission and the department*. It shall close its accounts and take therefrom a balance sheet on December 31 of each year, and on or before May 1 following, such balance sheet, together with such other information as the department shall require, verified by an officer of the telephone company, shall be filed with the *commission and the department*.

In the event that any telephone company shall fail to file its annual report, as provided by this section, the department is authorized to make such an examination of the books, records, and vouchers of the company as is necessary to procure the necessary data for the annual report and cause the same to be prepared. The expense of procuring this data and preparing this report shall be paid by the telephone company failing to report, and the amount paid shall be credited by the state treasurer to funds appropriated for the expense of the department.

The department is authorized to force collection of such sum by an action at law in the name of the department.

Sec. 17. Minnesota Statutes 1986, section 237.12, is amended to read:

237.12 [CONNECTIONS BETWEEN TELEPHONE COMPANIES DISCONTINUED ONLY ON ORDER.]

Subdivision 1. [INTERCONNECTION.] When public convenience requires the same, every telephone company shall, for a reasonable compensation, permit a physical connection or connections to be made, and telephone service to be furnished between any telephone exchange system operated by it, and the telephone toll line or lines operated by another company, or between its telephone toll line or lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another company, whenever such physical connection or connections are practicable and will not result in irreparable injury to the telephone system so compelled to be connected. The term "physical connection," as used in this section, means such number of trunk lines or complete wire circuits and connections as may be required to furnish reasonable and adequate service between such telephone lines and exchanges and shall not be deemed to provide for any connection whereby one line or circuit is to be bridged upon another line or circuit. In case of failure of the telephone companies concerned to allow or agree upon such physical connection or connections, or the terms and conditions upon which the same shall be made, application may be made to the ~~department~~ *commission* for an order requiring such connection and fixing the compensation, terms and conditions thereof, and if after investigation and hearing the ~~department~~ *commission* shall find that such physical connections will not result in irreparable injury to such telephone properties, ~~it~~ *the commission*

shall by order direct that such connections be made, and prescribe reasonable conditions and compensation therefor and for the joint use thereof, and by whom the expense of making and maintaining such connection or connections shall be paid. When application is made to the department requesting physical connection it shall be presumed that such connection is necessary, and that the public convenience will be promoted thereby, and the burden of overcoming such presumption shall be upon the party resisting such application. The telephone companies so connecting shall give service over the connecting line or lines without preference to or discrimination against any service or telephone company whatever.

Subd. 2. [DISCONTINUANCE.] Wherever a physical connection or connections exist between any telephone exchange system operated by a telephone company and the toll line or lines operated by another telephone company or between its toll line or lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another telephone company, neither of the companies shall cause such connection to be severed or the service between the companies to be discontinued without first obtaining an order from the department commission upon an application for permission to discontinue such physical connection. Upon the filing of an application for discontinuance of such a connection, the department shall investigate and ascertain whether public convenience requires the continuance of such physical connection, and if the department so finds, the commission shall fix the compensation, terms and conditions of the continuance of the physical connection and service between the telephone companies.

Subd. 3. [COMPENSATION.] Telephone companies providing long-distance telephone services shall pay compensation to telephone companies providing local telephone services that includes a fair and reasonable portion of:

(1) the costs of local exchange facilities used in connection with long-distance telephone services, including facilities connecting a customer to local switching facilities; and

(2) the common costs of companies providing local telephone services.

No lines or equipment shall be constructed or installed for the purpose of furnishing local ~~rural or toll~~ telephone service to the inhabitants or telephone users in any locality in this state, where there is then in operation in the locality or territory affected thereby another telephone company already furnishing such service, without first securing from the commission a declaration, after a public hearing, that public convenience requires such proposed telephone lines or equipment; but the governing body of any municipality shall have the same powers of regulation which it now possesses with reference to the location of poles and wires so as to

prevent any interference with the safe and convenient use of streets and alleys by the public.

Sec. 19. Minnesota Statutes 1986, section 237.17, is amended to read:
237.17 [EXTENSION OF LONG DISTANCE LINES.]

Any telephone company may extend its long distance lines into or through any city of this state for the furnishing of long distance service only, subject to the regulation of the governing body of such city relative to the location of the poles and wires and the preservation of the safe and convenient use of such streets and alleys to the public; ~~provided that if such lines are to furnish service between communities or localities then served by another company, a certificate of public convenience must first be obtained as required by section 237.16.~~

Sec. 20. Minnesota Statutes 1986, section 237.22, is amended to read:
237.22 [DEPRECIATION; AMORTIZATION.]

The commission shall fix proper and adequate rates and methods of depreciation and amortization with respect to telephone company property and every telephone company shall conform its depreciation accounts for *property used in whole or in part to provide noncompetitive services* to the rates and methods fixed by the commission.

The state planning agency shall seek advice from the telephone industry, the human services department, the public utilities commission, the department of public service, the attorney general, and the various nongovernmental organizations representing consumers. The state planning agency shall report its findings to the legislature by January 1, 1988.

Sec. 22. [REPEALER.]

A school bus shall not be flagged across railroad grade crossings except at those railroad grade crossings that the local school administrative officer may designate.

The commissioner shall respond to the petition*

by investigating the conditions at the crossing to determine whether stop signs should be installed at the crossing. On determining, after an investigation following a petition from a governmental agency or subdivision or on the commissioner's own motion, that stop signs should be installed at a crossing, the commissioner shall designate the crossing as a stop crossing and shall notify the railway company operating the railroad at the crossing of this designation. Within 30 days after notification, the railway company shall erect the uniform stop crossing signs in conspicuous places on each side of the crossing in accordance with the commissioner's order.

Subd. 2. [STOPPING DISTANCES.] When a stop sign has been erected at a railroad crossing, the driver of a vehicle *approaching a railroad crossing* shall stop within 50 feet, but not less than ten feet, from the nearest track of the crossing and shall proceed only upon exercising due care.

The board shall provide for the development and implementation of a program of general public education on waste management in cooperation

and coordination with the pollution control agency, metropolitan council, department of education, department of agriculture, state planning agency, environmental quality board, environmental education board, educational institutions, and other public agencies with responsibility for waste management or public education. The objectives of the program are to: develop increased public awareness of and interest in environmentally sound waste management methods; encourage better informed decisions on waste management issues by business, industry, local governments, and the public; and disseminate practical information about ways in which households and other institutions and organizations can improve the management of waste.

The account may be used for all activities associated with the program including payment of administrative and operating costs, except statewide and agency indirect costs. *The commissioner shall determine the waste disposal cost savings associated with recycling and reuse activities, collect those savings from the account responsible for disposing of wastes produced in state buildings, and credit the savings to the resource recovery revolving account.*

Sec. 7. Minnesota Statutes 1986, section 115A.152, is amended to read:

115A.152 [TECHNICAL AND RESEARCH ASSISTANCE TO GENERATORS.]

Subdivision 1. [PURPOSES.] The board shall provide for the establishment of a technical and research assistance program for generators of hazardous *and industrial* waste in the state. The program must be designed to assist generators in the state to obtain information about management of hazardous *and industrial* wastes, to identify and apply methods of reducing the generation of hazardous *and industrial* wastes, to facilitate improved management of hazardous *and industrial* waste and compliance with hazardous *and industrial* waste rules, and for other similar purposes. The program must emphasize assistance to smaller businesses that have

inadequate technical and financial resources for obtaining information, assessing waste management methods, and developing and applying waste reduction techniques. Information and techniques developed under this program must be made available through the program to all generators in the state.

Subd. 2. [ASSISTANCE.] The assistance program must include at least the following elements:

(a) (1) outreach programs including on-site consultation at locations where hazardous *and industrial* waste is generated, seminars, workshops, training programs, and other similar activities designed to assist generators to evaluate their hazardous *and industrial* waste generation and management practices, identify opportunities for waste reduction and improved management, and identify subjects that require additional information and research;

(b) (2) a program to assemble, catalog, and disseminate information about hazardous *and industrial* waste reduction and management methods, available commercial waste management facilities and consultant services, and regulatory programs (provided that specific questions by generators about interpretation or application of waste management rules should be referred to appropriate regulatory agencies);

(c) (3) evaluation and interpretation of information needed by generators to improve their management of hazardous *and industrial* waste; and

(d) (4) informational and technical research to identify alternative technical solutions that can be applied by specific generators to reduce the generation of hazardous *and industrial* waste.

Subd. 3. [ADMINISTRATION; EVALUATION.] The assistance program must be coordinated with other public and private programs that provide management and technical assistance to smaller businesses and generators of small quantities of hazardous *and industrial* waste, including programs operated by public and private educational institutions. The board may make grants to a public or private person or association that will establish and operate the elements of the program, but the grants must require that the assistance be provided at no cost to the generators and that the grantees provide periodic reports on the improvements in waste management, waste reduction, and regulatory compliance achieved by generators through the assistance provided.

Sec. 8. Minnesota Statutes 1986, section 115A.154, is amended to read:

115A.154 [WASTE REDUCTION GRANTS.]

Subdivision 1. [PROPOSALS AND GRANTS.] The board may make grants to generators of hazardous *and industrial* waste in the state for studies to determine the feasibility of applying specific methods and technologies to reduce the generation of hazardous *and industrial* waste. Grants may be awarded only on the basis of proposals submitted to the board by generators. The board shall select proposals that offer the greatest opportunity to significantly reduce the generation of hazardous *or industrial* waste by the generators making the proposal and, if applied generally, to significantly reduce the generation of hazardous *or industrial* waste in the state. The significance of waste reduction may be measured by the volume of hazardous *or industrial* waste that is eliminated or by the reduction in risk to public health and safety and the environment that is achieved by the re-

duction. In awarding grants, the board may consider the extent of any financial and technical support that will be available from other sources for the study. The board may adopt additional criteria for awarding grants consistent with the purposes of this section.

Subd. 2. [LIMITATIONS.] The waste reduction information and techniques developed using grants awarded under this section must be made available to all *hazardous and industrial waste* generators in the state through the technical assistance and research program established under section 115A.152. Grant money awarded under this section may not be spent for capital improvements or equipment.

Sec. 9. Minnesota Statutes 1986, section 115A.156, subdivision 1, is amended to read:

Subdivision 1. [PURPOSE.] The board may make grants to eligible recipients to determine the feasibility and method of developing and operating specific types of commercial facilities and services for collecting and processing hazardous waste *and for improving management of waste rendered nonhazardous and industrial waste*. Grants may be made for:

- (1) market assessment, including generator surveys;

- (5) analysis of methods of overcoming identified technical, institutional, legal, regulatory, market, or other constraints; and
- (6) analysis of other factors affecting development, operation, and use of a facility or service.

Sec. 10. Minnesota Statutes 1986, section 115A.156, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY.] A person proposing to develop and operate specific collection and processing facilities or services to serve generators in the state *is and persons seeking to develop or operate specific types of facilities or services to manage industrial waste generated in the state, are* eligible for a grant. The board may give preference to applications by associations of two or more generators in the state proposing to develop and operate commercial facilities or services capable of collecting or processing their hazardous wastes.

Sec. 11. Minnesota Statutes 1986, section 115A.156, subdivision 5, is amended to read:

Subd. 5. [MATCHING FUNDS REQUIRED.] (a) *For hazardous waste*, a recipient other than an association of generators in the state must agree to pay at least 50 percent of the cost of the study. An association of two or more generators in the state must agree to pay at least 20 percent of the cost of the study.

(b) *For industrial waste, a grant must be matched by money or in-kind services provided by the grantee covering at least 50 percent of the project cost.*

Sec. 12. Minnesota Statutes 1986, section 115A.158, subdivision 1, is amended to read:

Subdivision 1. [REQUEST BY BOARD; CONTENTS OF PROPOSAL.] The board through its chair shall request proposals for the development and operation of specific types of commercial hazardous waste processing and collection facilities and services, *and improved management of waste rendered nonhazardous and industrial waste*, that offer the greatest possibility of achieving the policies and objectives of the waste management plan including the goal of reducing to the greatest extent feasible and prudent the need for and practice of disposal. The proposals must contain at least the following information:

(1) the technical, managerial, and financial qualifications and experience of the proposer in developing and operating facilities and services of the type proposed;

(2) the technical specifications of the proposed facility or service including the process that will be used, the amount and types of hazardous *or industrial* waste that can be handled, the types, volume, and proposed disposition of any residuals, and a description of anticipated adverse environmental effects;

(e) In addition to the application requirements of section 115A.51, an application for a project serving eligible jurisdictions in only a single county must demonstrate that cooperation with jurisdictions in other counties to develop the project is not needed or not feasible. Each application must also demonstrate that:

(1) ~~if the project is a resource recovery facility that is burning waste, or converting waste to energy or to materials for combustion, and is owned or operated by a public agency or supported by public money or by obligations issued by a public agency, it will not accept recyclable materials except for transfer to a recycler; and~~

(2) ~~the project is not financially feasible prudent without the state assistance, because of the applicant's financial capacity and the problems inherent in the waste management situation in the area, particularly transportation distances and limited waste supply and markets for resources recovered.~~

(f) For the purposes of this subdivision, a "project" means a processing facility, together with any transfer stations, transmission facilities, and other related and appurtenant facilities primarily serving the processing facility. The board shall adopt rules for the program by July 1, 1985.

(b) The median household income in the area was no more than half the median household income for the Minneapolis and Saint Paul standard metropolitan statistical area as determined by the 1980 federal decennial census.

(c) The area is characterized by residential dwelling units in need of substantial rehabilitation. An area qualifies under this clause if 25 percent or more of the residential dwelling units are in substandard condition as determined by the city or 70 percent or more of the residential dwelling units in the area were built before 1940 as determined by the 1980 federal

decennial census.

Subd. 3. [ADDITIONAL AREA ELIGIBLE FOR INCLUSION IN TARGETED NEIGHBORHOOD.] The city may add to the area designated as a targeted neighborhood under subdivision 2 additional area extending up to four contiguous city blocks in all directions from the designated targeted neighborhood. For the purpose of this subdivision, "city block" has the meaning determined by the city.

Sec. 5. [TARGETED NEIGHBORHOOD REVITALIZATION AND FINANCING PROGRAM REQUIREMENTS.]

Subdivision 1. [COMPREHENSIVE REVITALIZATION AND FINANCING PROGRAM.] (a) For each targeted neighborhood for which a city requests state financial assistance under section 6, the city must prepare a comprehensive revitalization and financing program that includes the following:

(1) the revitalization objectives of the city for the targeted neighborhood;
(2) the specific activities or means by which the city intends to pursue and implement the revitalization objectives;

(3) the extent to which the activities identified in clause (2) will benefit low and moderate income families, will alleviate the blighted condition of the targeted neighborhood, or will otherwise assist in the revitalization of the targeted neighborhood;

(4) a statement of the intended outcomes to be achieved by implementation of the revitalization program, how the outcomes will be measured both qualitatively and quantitatively, and the estimated time over which they will occur; and

(5) a financing program and budget that identifies the financial resources necessary to implement the revitalization program.

(b) The financing program and budget must include the following items:

(1) the estimated total cost to implement the revitalization program;

(2) the estimated cost to implement each activity in the revitalization program identified in paragraph (a), clause (2);

(3) the estimated amount of financial resources that will be available from all sources other than from the appropriation available under section 6 to implement the revitalization program;

(4) the estimated amount of the appropriation available under section 6 that will be necessary to implement the revitalization program;

(5) a description of the activities identified in the revitalization program for which the state appropriation will be used and the time or times at which the state appropriation will be committed or spent; and

(6) a statement of how the city intends to meet the requirement for a financial contribution matching the state appropriation from city matching money in accordance with section 6, subdivision 3.

Subd. 2. [TARGETED NEIGHBORHOOD PARTICIPATION IN REVITALIZATION PROGRAM DEVELOPMENT.] The city must develop a process to consult the residents in the targeted neighborhood concerning the development, drafting, and implementation of the revitalization program. The process may include the establishment of an advisory board in

each city. The process must include at least one public hearing.

Subd. 3. [PRELIMINARY CITY REVIEW; STATE AGENCY REVIEW.] Before adoption of the revitalization program under subdivision 4, the city must submit a draft program to the commissioner and the Minnesota housing finance agency for their comment. The city may not adopt the revitalization program until comments have been received from the state agencies or 30 days have elapsed without response after the program was sent to them. Comments received by the city from the state agencies within the 30-day period must be responded to in writing by the city before adoption of the program by the city.

Subd. 4. [CITY APPROVAL.] The city may adopt the revitalization program only after holding a public hearing after the program has been prepared. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing.

Subd. 5. [PROGRAM CERTIFICATION.] A certification by the city that a revitalization program has been approved by the city council for the targeted neighborhood must be provided to the commissioner together with a copy of the program. A copy of the program must also be provided to the Minnesota housing finance agency.

Subd. 6. [REVITALIZATION PROGRAM MODIFICATION.] The revitalization program may be modified at any time by the city council after a public hearing, notice of which is published in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing. If the city council determines that the proposed modification is a significant modification to the program originally certified under subdivision 5, it must implement the revitalization program approval and certification process of subdivisions 2 to 5 for the proposed modification.

Sec. 6. [PAYMENT; CITY MATCHING MONEY; DRAWDOWN; USES OF STATE MONEY.]

Subdivision 1. [PAYMENT OF STATE MONEY.] Upon receipt from a city of the certification that a revitalization program has been adopted or modified, the commissioner must, within 30 days, pay to the city the amount of state money identified as necessary to implement the revitalization program or program modification. State money may be paid to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state money has been paid to the city, it becomes targeted neighborhood money for use by the city in accordance with an adopted revitalization program and subject only to the restrictions on its use in sections 3 to 10.

Subd. 2. [ALLOCATION.] A city may receive a part of the appropriations made available that is the proportion that the population of the city bears to the combined population of Minneapolis and Saint Paul. One city may agree to reduce its entitlement amount so that the other may receive an amount more than its entitlement amount. The population of each city for the purposes of this subdivision is determined according to the most recent estimates available to the commissioner. Interest earned by a city from money paid to the city must be repaid to the commissioner annually unless the revitalization program identifies the interest as necessary to implement the revitalization program and the requirement for city matching

money is satisfied with respect to the interest.

Subd. 3. [CITY MATCHING MONEY; DRAWDOWN OF STATE MONEY; RESTRICTION ON USE OF STATE MONEY.] *A city may spend state money only if the revitalization program identifies city matching money to be used to implement the program in an amount equal to the state appropriation. A city must keep the state money in a segregated fund for accounting purposes. No state money may be used to pay the general administrative expenses of a city that are incurred in connection with the planning or implementation of sections 3 to 10.*

Sec. 7. [CITY POWERS AND ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.]

Subdivision 1. [CONSOLIDATION OF EXISTING POWERS IN TARGETED NEIGHBORHOODS.] *A city may exercise any of its corporate powers within a targeted neighborhood including, but not limited to, all of the powers enumerated and granted by chapters 458, 462, 462C, 472, 472A, and 474. For the purposes of chapter 458, a targeted neighborhood is considered an industrial development district. A city may exercise the powers of chapter 458 in conjunction with, and in addition to, exercising the powers granted by chapters 462 and 462C in order to promote and assist housing construction and rehabilitation within a targeted neighborhood. For the purposes of section 462C.02, subdivision 9, a targeted neighborhood is considered a "targeted area."*

Subd. 2. [GRANTS AND LOANS.] *In addition to the authority granted by other law, a city may make grants and loans to individuals, for-profit and nonprofit corporations, and other organizations to implement a revitalization program. The grants and loans must contain the terms concerning use of money, repayment, and other conditions the city deems proper to implement a revitalization program.*

Subd. 3. [ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.] *The city may spend targeted neighborhood money for any purpose authorized by subdivision 1 or 2. Use of targeted neighborhood money must be authorized in a revitalization program.*

Sec. 8. [HAZARDOUS BUILDING PENALTY.]

A city may assess a penalty equal to one percent of the assessed value of a building located in a targeted neighborhood defined in section 4 that the city determined to be hazardous as defined in section 463.15, subdivision 3. If the owner of the building has not paid the penalty and fixed the property within 30 days after receiving notice of the penalty, the penalty is considered delinquent and is increased by 25 percent each 60 days the penalty is not paid and the property remains hazardous. For the purposes of this section, a penalty that is delinquent is considered a delinquent property tax and subject to Minnesota Statutes, chapters 279, 280, and 281, in the same manner as delinquent property taxes.

Sec. 9. [ANNUAL AUDIT AND REPORT.]

Subdivision 1. [ANNUAL FINANCIAL AUDIT.] *In 1988 and subsequent years, at the end of each calendar year, the legislative auditor shall conduct a financial audit to review the spending of state money under sections 3 to 10. Before spending state money to implement a revitalization program, the city must consult with the legislative auditor to determine appropriate accounting methods and principles that will assist the legis-*

lative auditor in conducting its financial audit. The results of the financial audit must be submitted to the legislative audit commission, the state planning agency, the commissioner, and the Minnesota housing finance agency.

Subd. 2. [ANNUAL REPORT.] A city that begins to implement a revitalization program in a calendar year must, by March 1 of the succeeding calendar year, provide a detailed report on the revitalization program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 5, subdivision 1, paragraph (a), clause (4), are being achieved. The report must include at least the following:

(a) The number of housing units removed, created, lost, replaced, relocated, and assisted as a result of the program. The level of rent of the units and the income of the households affected must be included in the report.

(b) The number and type of commercial establishments removed, created, and assisted as a result of a revitalization program. The report must include information regarding the number of new jobs created by category, whether the jobs are full time or part time, and the salary or wage levels of both new and expanded jobs in the affected commercial establishments.

(c) A description of a statement of the cost of the public improvement projects that are part of the program and the number of jobs created per each \$20,000 of funds expended on commercial projects and applicable public improvement projects.

(d) The increase in the assessed valuation for the city as a result of the assistance to commercial and housing assistance.

(e) The amount of private investment that is a result of the use of public money in a targeted neighborhood.

The report must be submitted to the commissioner, the Minnesota housing finance agency, and the legislative audit commission, and must be available to the public.

Sec. 10. [APPROPRIATION; DISTRIBUTION.]

\$11,000,000 is appropriated from the general fund to the commissioner of energy and economic development for payment to the cities of Minneapolis and Saint Paul as provided in section 6. \$5,500,000 is for fiscal year 1988 and \$5,500,000 is for fiscal year 1989.

Sec. 11. [REPEALER.]

Laws 1969, chapters 833 and 984, are repealed.

A project must not be approved by the board unless it finds that:

(3) in the case of assistance to private enterprise, the project will serve a sound business purpose.

To be proposed by the board, a project must be approved by at least eight iron range resources and rehabilitation board members and the commissioner of iron range resources and rehabilitation. Sec. 2. Minnesota Statutes 1986, section 298.292, is amended to read:
298.292 [POLICY.]

[PURPOSES.] The legislature is cognizant of the severe economic dislocations and widespread unemployment that result when a single industry on which an area is largely dependent, experiences a drastic reduction in activity. The northeast Minnesota economic protection trust fund is hereby created to be devoted to economic rehabilitation and diversification of industrial enterprises where these conditions ensue as the result of the decline of such a single industry. Priority shall be given to using the northeast Minnesota economic protection trust fund for the following purposes:

(a) (1) projects and programs that are designed to create and maintain productive, permanent, skilled employment, including employment in technologically innovative businesses;

For purposes of this subdivision, an "unrelated investor" is a person or entity that is not related to the entity in which the investment is made or to any individual who owns more than 40 percent of the value of the entity, in any of the following relationships: spouse, parent, child, sibling, employee, or owner of an interest in the entity that exceeds ten percent of the value of all interests in it. For purposes of determining the limitations under this clause, the amount of investments made by an investor other than the northeast Minnesota economic protection trust fund is the sum of all investments made in the venture capital fund or enterprise during

the period beginning one year before the date of the investment by the northeast Minnesota economic protection trust fund.

On and after January 1, 2002, funds may be expended on projects and for administration from any assets of the trust. Annual administrative costs, not including detailed engineering expenses for the projects, shall not exceed five percent of the net interest, dividends, and earnings arising from the trust in the preceding fiscal year.

Principal and interest received in repayment of loans made pursuant to this section, *and earnings on other investments made under section 298.292, subdivision 2, clause (4)*, shall be deposited in the state treasury and credited to the trust. Sec. 4. [259.465] [REFERRAL FOR SERVICES.]

When a parent contacts a licensed child-placing agency and requests

out-of-home placement for a child, the agency shall refer the parent to the local welfare agency if the child-placing agency is not able to arrange a shelter or foster placement for the child as requested by the parent.

Sec. 5. Minnesota Statutes 1986, section 260.221, is amended to read:

260.221 [GROUNDS FOR TERMINATION OF PARENTAL RIGHTS.]

The juvenile court may, upon petition, terminate all rights of a parent to a child in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child; or

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental or emotional health and development, if the parent is physically and financially able; or

(3) That a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; or

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be permanently detrimental to the physical or mental health of the child; or

(5) That following upon a determination of neglect or dependency, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination; or

(6) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.26 and either the person has not filed a notice of intent to retain parental rights under section 259.261 or that the notice has been successfully challenged; or

(7) That the child is neglected and in foster care.

For purposes of clause (a), an adoptive parent may not terminate parental rights to an adopted child for a reason that would not apply to a birth parent seeking termination of parental rights to a child under clause (a)."

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983 or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules; or

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration; or

(g) to certify or license new beds in an Indian health service facility located on the Red Lake Indian Reservation, provided the new beds are used only for persons whose care will be paid for entirely by the federal government pursuant to the Indian Health Care Improvement Act, Public Law Number 94-437, and United States Code, title 42, section 1396d, as amended through December 31, 1986. Subd. 2a. [DEATH WHILE ELIGIBLE SURVIVOR BENEFIT.] If a member who has attained the age of at least 50 years and has credit for not less than ten years allowable service dies before public service has terminated, or if an employee who has filed a valid application for an annuity or disability benefit prior to termination of public service dies before the annuity or benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, *a death while eligible survivor benefit. The benefit shall be in lieu of a refund with interest provided in section 353.32, subdivision 1, or survivor benefits otherwise payable pursuant to subdivisions 1 and 2. The benefit must be an annuity equal to the 100 percent joint and survivor annuity which the member could have qualified for on the date of death, computed as provided in sections 353.651, subdivisions 2 and 3, and 353.30, subdivision 3. The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity payable under this subdivision. No payment shall accrue beyond the end of the month in which entitlement to such annuity has terminated. An amount equal to the excess, if any, of the accumulated contributions which were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse shall be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of such deceased member. Any member may request in writing that this subdivision not apply and that payment be made only to the designated beneficiary, as otherwise provided by this chapter. For a member who is employed as a full-time firefighter by the department of military affairs of the state of Minnesota, allowable service as a full-time state military affairs department firefighter credited by the Minnesota state retirement system may be used in meeting*

the minimum allowable service requirement of this subdivision.

Sec. 11. [353B.01] [LOCAL GOVERNMENT CORRECTIONAL SERVICE RETIREMENT PLAN.]

Subdivision 1. [PLAN ADMINISTRATION; FUND.] The public employees local government correctional service retirement plan is a separate plan administered by the public employees retirement association. The association shall maintain a special fund known as the public employees local government correctional service retirement fund.

Subd. 2. [REVENUE SOURCES.] Member contributions under section 15, subdivision 1 or 3, and employer contributions under section 15, subdivision 1 or 3, and other amounts authorized by law, including any investment income or invested fund assets, must be deposited in the fund.

Subd. 3. [INVESTMENT.] The public employees local government correctional service retirement fund participates in the Minnesota postretirement investment fund. The amounts provided in section 353.271 must be deposited in that fund. The balance of any assets of the fund must be deposited in the Minnesota combined investment fund as provided in section 11A.14, if applicable, or otherwise under section 11A.23.

Subd. 4. [COLLECTION OF CONTRIBUTIONS.] The collection of member and employer contributions are governed by section 353.27, subdivisions 4, 7, 8, 9, 10, 11, 12, and 13.

Subd. 5. [FUND DISBURSEMENT RESTRICTED.] The public employees local government correctional service retirement fund and its share of participation in the Minnesota postretirement investment fund may be disbursed only for the purposes provided for in this chapter. The proportional share of the expenses of the association and any benefits provided in this chapter, other than benefits payable from the Minnesota postretirement investment fund, must be paid from the correctional service retirement fund. Retirement annuities, disability benefits, survivorship benefits, and any refunds of accumulated deductions may be paid only from the correctional service retirement fund after those needs have been certified by the executive director and the amounts withdrawn from the share of participation in the Minnesota postretirement fund under section 11A.18. The amounts necessary to make the payments from the correctional service retirement fund and the participation in the Minnesota postretirement investment fund are annually appropriated from those funds for those purposes.

Sec. 12. [353B.02] [CORRECTIONAL SERVICE EMPLOYEES.]

A local government correctional service employee is a person who:

(1) meets the definition of "essential employee" in section 179A.03, subdivision 7, excluding state employees, University of Minnesota employees, firefighters, peace officers subject to licensure under sections 626.84 to 626.855, employees of hospitals other than state hospitals, confidential employees, supervisory employees other than supervisory employees of correctional officers at correctional facilities or city or county jails, principals, and assistant principals;

(2) is employed by Dakota county, Hennepin county, Ramsey county, St. Louis county, or Washington county, if the county elects to participate under section 14; and

(3) is a public employee within the meaning of section 353.01, subdi-

visions 2 and 2a.

Sec. 13. [353B.03] [CORRECTIONAL SERVICE PLAN COVERAGE.]

Subdivision 1. [INITIAL COVERAGE.] A person who is a local government correctional service employee on June 30, 1988, is a member of the local government correctional service retirement plan and shall begin contributing to the plan on July 1, 1988.

Subd. 2. [SUBSEQUENT COVERAGE.] A person who becomes a local government correctional service employee after June 30, 1988, is a member of the local government correctional service retirement plan and shall contribute to the plan.

Subd. 3. [TRANSFER OF PRIOR COVERAGE.] A person described in subdivision 1 may transfer service from the public employees retirement association plan or the public employees police and fire fund to the correctional service retirement plan. The actuary retained by the legislative commission on pensions and retirement shall calculate the present value of the annuity for all service in the association and the present value of the retirement annuity for the same amount of service if covered under the correctional service retirement plan. To transfer coverage, the employee shall elect to transfer all public employees retirement association service and pay the difference between the present value in the association and the present value in the correctional service retirement plan. A decision to transfer coverage and payment of the difference must be made on or before June 30, 1989. No transfer of coverage back to the association is permitted.

Subd. 4. [RECOGNITION OF PRIOR SERVICE.] A member of the correctional service retirement plan who elects to purchase service pursuant to subdivision 3 and who had ten or more years of allowable service in the public employees retirement association before the purchase of service is considered to have met all ten years of allowable service eligibility requirements for survivor and retirement annuities payable from the correctional service retirement plan. In calculating the retirement annuity or survivor annuity, only the actual years of allowable service purchased pursuant to subdivision 3 may be used in addition to service as a local government correctional service employee credited after July 1, 1988.

Sec. 14. [353B.04] [LOCAL GOVERNMENT EMPLOYING UNIT PARTICIPATION OPTION.]

Dakota county, Hennepin county, Ramsey county, St. Louis county, or Washington county may elect to provide its correctional employees with retirement coverage by the local government correctional service retirement plan in lieu of retirement coverage by the public employees retirement association or the public employees police and fire fund. The election must be made on a form provided by the executive director of the public employees retirement association and, once made, is irrevocable for all local government correctional service employees employed by the county.

Sec. 15. [353B.05] [CORRECTIONAL SERVICE PLAN CONTRIBUTIONS.]

Subdivision 1. [MEMBER CONTRIBUTIONS.] Beginning with the first full pay period after July 1, 1988, after the effective date of the election to provide retirement coverage by the local governmental unit, or after becoming a local government correctional service employee, whichever is

later, in lieu of employee contributions payable under section 353.27, subdivision 2, a local government correctional service employee shall make an employee contribution in an amount equal to five percent of salary.

Subd. 2. [EMPLOYER CONTRIBUTIONS.] Beginning with the first full pay period after July 1, 1988, after the effective date of the election to provide retirement coverage by the local governmental unit, or after becoming a local government correctional service employee, whichever is later, in lieu of employer contributions payable under section 353.27, subdivision 3, the employer shall contribute for a local government correctional service employee an amount equal to five percent of salary.

Subd. 3. [ADJUSTMENT IN CONTRIBUTION RATES.] Beginning with the first full pay period after the actuarial valuation of the local government correctional service retirement plan prepared by the actuary retained by the legislative commission on pensions and retirement is filed with the executive director of the public employees retirement association, the member contribution rate is a percentage that equals one-half of the calculated total actuarial requirement of the plan, and the employer contribution rate is the balance of the calculated total actuarial requirement of the plan.

Sec. 16. [353B.06] [CORRECTIONAL SERVICE PLAN RETIREMENT ANNUITY.]

Subdivision 1. [ELIGIBILITY REQUIREMENTS.] After separation from public employment, an employee covered under section 12 who has attained the age of at least 55 years and has credit for not less than ten years of coverage in the local government correctional service plan is entitled, upon application, to a normal retirement annuity. In lieu of a normal retirement annuity, a retiring employee may elect to receive the optional annuity provided in section 353.30, subdivision 3.

Subd. 2. [AVERAGE SALARY BASE.] In calculating the annuity under subdivision 3, "average salary" means an amount equivalent to the average of the highest salary earned as a local government correctional employee upon which employee contributions were paid for any five successive years of allowable service.

Subd. 3. [ANNUITY AMOUNT.] The average salary as defined in subdivision 2, multiplied by two percent for each year of allowable service for the first ten years and 2.5 percent for each additional year of allowable service, determines the amount of the normal annuity. If a person has earned allowable service in the public employees retirement association or the public employees police and fire fund for performing services other than those of a local government correctional employee, the annuity representing such service must be computed in accordance with the coordinated formula under sections 353.29 and 353.30 or section 353.651, whichever applies.

Subd. 4. [ACCRUAL AND DURATION.] The annuity under this section begins to accrue as provided in section 353.29, subdivision 7, and must be paid for an additional 84 full calendar months or to the first of the month following the month in which the employee becomes age 65, whichever occurs first. After a recipient has received the annuity calculated under this formula for 84 full calendar months or to the first of the month following the month in which the employee becomes age 65, whichever occurs first, the benefit must be recomputed in accordance with the coordinated formula in sections 353.29 and 353.30, except that if this amount,

when added to the social security benefit based on state service the employee is eligible to receive at that time, is less than the benefit payable under subdivision 3, the retired employee must receive an amount payable under subdivision 3. When an annuity is reduced under this subdivision, any percentage of adjustments that have been applied to the original annuity under section 11A.18, before the reduction, must be compounded and applied to the reduced annuity.

Subd. 5. [MULTIPLE SERVICE LIMITATION.] A former employee who has both regular and local government correctional service must, if qualified, receive an annuity based on both periods of service, but no period of service may be used more than once in calculating the annuity.

Sec. 17. [353B.07] [AUGMENTATION IN CERTAIN CASES.]

Unless prior service has been transferred or unless a combined service annuity under section 356.30 has been elected, an employee who becomes a local government correctional employee after being a member of the public employees retirement association or the public employees police and fire fund is covered under section 353.71, subdivision 2, with respect to that prior service.

Sec. 18. [353B.08] [DISABILITY BENEFITS.]

Subdivision 1. [DUTY DISABILITY QUALIFICATION REQUIREMENTS.] A local government correctional employee who is less than 55 years of age and who becomes disabled and physically unfit to perform the duties of the position as a direct result of an injury, sickness, or other disability incurred in or arising out of any act of duty that renders the employee physically or mentally unable to perform the employee's duties, is entitled to a disability benefit based on covered service only in an amount equal to 45 percent of the average salary defined in section 16, subdivision 2, plus an additional 2.5 percent for each year of covered service in excess of 20 years.

Subd. 2. [NONDUTY DISABILITY QUALIFICATION REQUIREMENTS.] A local government correctional employee who after not less than five years of covered service, before reaching the age of 55, becomes disabled and physically unfit to perform the duties of the position because of sickness or injury occurring while not engaged in covered employment, is entitled to a disability benefit based on covered service. The disability benefit must be computed in the same manner as an annuity under section 16, subdivision 3, and as though the employee had at least ten years of covered correctional service.

Subd. 3. [OPTIONAL ANNUITY.] A disabled local government correctional employee may elect the normal disability benefit or an optional annuity as provided in section 353.30, subdivision 3. The election of an optional annuity must be made before the commencement of payment of the disability benefit and is effective on the date on which the disability benefit begins to accrue as provided in section 353.33, subdivision 2. Upon becoming effective, the optional annuity begins to accrue on the same date as provided for the disability benefit.

Subd. 4. [DISABILITY BENEFIT APPLICATION.] A claim or demand for a disability benefit must be initiated by written application in the manner and form prescribed by the executive director, filed in the office of the association, showing compliance with the statutory conditions qualifying the applicant for a disability benefit. A member or former member

who became disabled during a period of membership may file an application for disability benefits within three years following termination of local government correctional service, but not after that time has elapsed. This benefit begins to accrue the day following the commencement of disability, 90 days preceding the filing of the application, or, if annual or sick leave is paid for more than the 90-day period, from the date salary ceased, whichever is latest. No payment may accrue beyond the end of the month in which entitlement has terminated. If the disabilitant dies before negotiating the check for the month in which death occurs, payment must be made to the optional annuitant or beneficiary.

Subd. 5. [DISABILITY BENEFIT TERMINATION.] *The disability benefit paid to a disabled local government correctional employee terminates at the end of the month in which the employee reaches age 62. If the disabled local government correctional employee is still disabled when the employee reaches age 62, the employee is deemed to be a retired employee and, if the employee had elected an optional annuity under subdivision 3, must receive an annuity in accordance with the terms of the optional annuity previously elected. If the employee had not elected an optional annuity under subdivision 3, the employee may elect either to receive a normal retirement annuity computed in the manner provided in section 16 or to receive an optional annuity as provided in section 353.30, subdivision 3, based on the same length of service as used in the calculation of the disability benefit. Election of an optional annuity must be made before attaining the age of 62 years. The reduction for retirement prior to age 65 as provided in section 353.30, subdivisions 1 and 1c, is not applicable.*

Subd. 6. [RESUMPTION OF EMPLOYMENT.] *Should a disabled employee resume a gainful occupation from which earnings are less than salary received at the date of disability or the salary currently paid for similar positions, or should the employee be entitled to receive workers' compensation benefits, the disability benefit must be continued in an amount that, when added to such earnings and workers' compensation benefits, does not exceed the salary received at the date of disability or the salary currently payable for the same employment position or an employment position substantially similar to the one the person held as of the date of the disability, whichever is greater.*

Sec. 19. [353B.09] [SURVIVING SPOUSE OPTIONAL ANNUITY.]

If a member or former member of the local government correctional service retirement plan has attained the age of at least 50 years and has credit for not less than 30 years of allowable service, regardless of age attained, dies before the annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse may elect to receive, in lieu of a refund with interest provided in section 353.32, subdivision 1, an annuity equal to the 100 percent joint and survivor annuity for which the member could have qualified had the member terminated service on the date of death. The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. The annuity must be computed on the coordinated formula as provided in sections 353.29, subdivisions 2 and 3, and 353.30, subdivisions 1, 1a, 1b, and 1c. Sections 353.34, subdivision 3, and 353.71, subdivision 2, apply to a deferred annuity payable under this subdivision. No payment may accrue beyond the end of the month in which entitlement to the annuity has terminated. An amount equal to any

excess of the accumulated contributions that were credited to the account of the deceased employee over and above the total of the annuities paid and payable to the surviving spouse must be paid to the deceased member's last designated beneficiary or, if none, to the legal representative of the estate of the deceased member. A member may specify in writing that this subdivision does not apply and that payment must be made only to the designated beneficiary, as otherwise provided by this chapter.

(a) In accordance with Minnesota Statutes, section 354A.12, subdivision 4, approval is granted for the Minneapolis teachers retirement fund association to amend its articles of incorporation by repealing article IX, subsection (18), authorizing lump sum postretirement adjustments payable to retirees or beneficiaries.

(b) In accordance with Minnesota Statutes, section 354A.12, subdivision 4, if the repeal authorized by paragraph (a) occurs, approval is granted for the Minneapolis teachers retirement fund association to amend or make an addition to its articles of incorporation as provided in paragraphs (c) to (g).

(c) Article IX, subsection (11), authorizing formula retirement annuity benefits, may be amended to authorize all teachers who retired before June 1, 1985, other than persons receiving a money purchase annuity under article IX, subsection (3), receiving a C death benefit under article IX, subsection (4), item C, or receiving a total disability benefit under article IX, subsection (5), to receive as of the first day of the month following the effective date of the amendment a recomputed annuity determined according to the 1975 revised formula annuity without regard to the 30-year service limitation applicable to teachers who retired after May 1, 1974, and before June 1, 1985.

(d) Article IX, subsection (14) D, providing an annual automatic annuity increase of 1-1/2 percent to all annuitants who have been receiving an annuity for at least 24 months and who have attained the age of 65 may be amended to increase the annual automatic increase annuity to two percent per fiscal year on January 1, or July 1, whichever applies, and to extend eligibility for that increase annuity to all annuitants who have been receiving an annuity for at least 12 months, irrespective of the attained age of the annuitant.

(e) Article IX, subsection (14), may be amended by adding a provision authorizing an increase in the annuity of any annuitant who retired on or before July 1, 1986, in the amount of four percent of the annuity the member is otherwise eligible to receive on July 1, 1987, including any other increases granted as of that date under articles of incorporation amendments authorized by the section but excluding the annual automatic increase annuity payable under article IX, subsection (14), item D, on July 1, 1987, for each full year that the member has been retired and receiving an annuity, to a maximum of 20 percent.

(f) Article IX, subsection (14), may be amended by adding a provision authorizing payment, as of July 1, 1987, of an increase in a normal re-

irement annuity, joint and survivor annuity or term certain optional annuity of retired teachers of the positive dollar amount difference between a minimum normal retirement annuity equal to \$25 per month for each full year of teaching service, to a maximum of 30 years, and the amount of the normal retirement annuity, joint and survivor annuity or term certain optional annuity payable on June 1, 1987, to retired teachers who were members of the basic program, who ceased active teaching service in the city public schools, who are receiving a normal retirement annuity, and who have not withdrawn a portion of required member deposits upon applying for the normal retirement annuity. (g) Article IX may be amended by adding a new subsection providing for an investment related postretirement adjustment mechanism. An annual postretirement may be paid if there is any excess investment income. The determination date is June 30, and determinations must be made as soon as practicable after that date. The board of trustees shall determine the percentage amount of the postretirement adjustment payable, but the percentage amount may not exceed the amount by which the excess investment income exceeds the minimum interest rate. The board of trustees shall include in the provision criteria to govern the exercise of its discretion in determining the instances under which an annual postretirement adjustment of less than the full determined percentage is payable. If no option is chosen, the total contributions must be used to purchase shares in the income share account.

Subd. 2. [ELECTION FOR PROSPECTIVE CONTRIBUTIONS.] A member of the plan may elect a choice of options for the subsequent purchases of shares. The election may be made no more frequently than twice in any calendar year. The election must be made in writing on a form provided by the executive director. After an election is made, and until a different election is made, the executive director shall purchase shares in the supplemental fund as indicated by the member. A change in the choice of investment option is effective as of the first day of the first pay period occurring 30 days after the receipt of the request for a change.

Subd. 3. [ELECTION FOR PRIOR CONTRIBUTIONS.] A member of the plan may elect a choice of options for the purchase of shares for prior contributions. If a change in election involves less than the total amount of prior contributions, the change must involve a minimum amount of \$1,000 for a transfer of options and a minimum amount of \$1,000 to remain in the previously selected investment option. A change in investment accounts may only involve a transfer from one account or several accounts to a single account. The transfer of amounts after a change in investment options for a member is effective as soon as the cash flow to an investment account as determined by the executive director of the state board of investment practically permits the transfer, but not later than the date occurring six months after the requested change.

Sec. 17. [356A.03] [CONTRIBUTIONS.]

The purchase of investment account shares for a member of the plan must be made from the member contributions and employer contributions under section 5 or 13.

Sec. 18. [356A.04] [RETIREMENT ANNUITY.]

Subdivision 1. [ELIGIBILITY.] A member of the plan who has attained the age of at least 58 years, has terminated covered employment, and has applied for a retirement annuity is entitled to retirement annuity as provided in subdivision 2.

Subd. 2. [ANNUITY AMOUNT.] The amount of the retirement annuity must be that equal monthly amount, payable for the life of the person, with an actuarially determined present value that is the actuarial equivalent of the cash value of the total shares to the credit of the member upon retirement based on the age of the retiring member.

Subd. 3. [ALTERNATIVE ANNUITY.] Instead of the retirement annuity under subdivision 2, a retiring member may elect an alternative annuity.

The alternative annuity must consist of a lump sum payment and a monthly annuity payable for the life of the person. The lump sum payment must be equal to one-half of the cash value of the total shares to the credit of the retiring member. The monthly annuity must be that equal monthly amount with an actuarially determined present value that is the actuarial equivalent of the cash value of the shares to the credit of the member remaining after the lump sum payment and based on the age of the retiring member.

Subd. 4. [OPTIONAL ANNUITY.] Instead of the retirement annuity under subdivision 2 or the alternative annuity under subdivision 3, a retiring member may elect an optional annuity. The optional annuity must be in the form of a joint and last survivor annuity with the spouse of the retiring member with an actuarially determined present value that is the actuarial equivalent of the cash value of the total shares, or of the shares remaining after the lump sum alternative annuity payment, whichever applies, to the credit of the member and based on the age of the retiring member and the age of the spouse of the retiring member.

Subd. 5. [APPLICATION.] The application for a retirement annuity, alternative annuity, or optional annuity must be on a form prescribed by the executive director.

Subd. 6. [ACCRUAL DATE.] A retirement annuity, alternative annuity, or optional annuity begins to accrue on the first day of the month occurring after the application is received or after covered employment is terminated.

Sec. 19. [356A.05] [DISABILITY BENEFITS.]

Subdivision 1. [ELIGIBILITY.] A member of the plan who has become totally and permanently disabled is entitled to receive a disability benefit.

Subd. 2. [DISABILITY BENEFIT AMOUNT.] A disabled member has the option to receive one of the following amounts:

- (1) the cash value of the total shares to the credit of the disabled member;*
- (2) a retirement annuity as provided in section 18, subdivision 2;*
- (3) an alternative annuity as provided in section 18, subdivision 3; or*
- (4) an optional annuity as provided in section 18, subdivision 4.*

A disability benefit paid in the form of a retirement annuity, alternative annuity, or optional annuity payable must be based on the person's age when the benefit amount begins to accrue.

Subd. 3. [NO OFFSET FOR OTHER BENEFITS.] A disability benefit may not be reduced by any amounts received or receivable from the workers' compensation program.

Subd. 4. [APPLICATION.] The application for a disability benefit must be on a form prescribed by the executive director.

Subd. 5. [ACCRUAL DATE.] A disability benefit begins to accrue on the first day of the month occurring after the date of disability or after the date of application, whichever is later.

Subd. 6. [VALUATION OF SHARES.] The cash value of shares for use in calculating any disability benefit must be determined as of the end of the month occurring after the authorization of payment of the benefit.

Subd. 7. [DISABLED PERSON RETURN TO SERVICE.] Upon a return to covered employment or covered service by a person who is receiving a

disability benefit in the form of an annuity, the benefit terminates and the person resumes membership in the plan. Upon termination of the benefit the balance of the required reserves to the credit of the person in the Minnesota postretirement investment fund supporting the disability benefit in the form of an annuity must be transferred back to the defined contribution plan and credited to the person in the supplemental fund. No amount of disability benefits may be repaid or be required to be repaid.

Sec. 20. [356A.06] [DEATH BENEFITS.]

Subdivision 1. [ELIGIBILITY.] A person who is the designated beneficiary of a deceased active, retired, or former member of the plan, if no beneficiary is designated or remains, or who is the remaining surviving relative in priority, if no designated beneficiary or surviving spouse remains, is entitled, upon application, to receive the death benefit. If no designated beneficiary, surviving spouse, or remaining surviving relative in priority is entitled to receive a death benefit, the estate of the deceased member of the plan is entitled, upon application, to receive the death benefit.

Subd. 2. [DEATH BENEFIT; BENEFICIARY.] The death benefit payable to a beneficiary is the cash value of the total shares to the credit of the deceased member.

Subd. 3. [DEATH BENEFIT; SURVIVING SPOUSE.] The death benefit payable to a surviving spouse must be one of the following amounts:

- (1) the cash value of the total shares to the credit of the deceased member;
- (2) a retirement annuity as provided in section 18, subdivision 2, beginning on or after attaining the age of 58 years; or
- (3) an alternative annuity as provided in section 18, subdivision 3, with the lump sum benefit portion payable immediately and the annuity portion beginning on or after attaining the age of 58 years.

Subd. 4. [DEATH BENEFIT; RELATIVE IN PRIORITY.] The death benefit payable to a surviving relative of the deceased member in priority must be the cash value of the total shares to the credit of the deceased member if no benefit as provided in subdivision 2 or 3 has been paid or is payable or the amount of the remaining required reserves for the death benefit provided in subdivision 3 if a surviving spouse benefit ceased upon the death of the surviving spouse. If more than one surviving relative in priority exists, the death benefit as provided in this subdivision is payable in equal shares.

Subd. 5. [APPLICATION.] The application for a death benefit must be on a form prescribed by the executive director.

Subd. 6. [ACCRUAL DATE.] A death benefit begins to accrue on the first day of the month occurring after the date on which the event resulting in eligibility occurs.

Subd. 7. [VALUATION OF SHARES; REQUIRED RESERVES.] The cash value of shares for use in calculating any death benefit must be determined as of the end of the month occurring after the date of death of the deceased member. The amount of required reserves remaining on the death of a retired member or surviving spouse is the balance of the present value of the retirement annuity of the person as of the most recent regularly occurring determination of present value of annuities and ben-

efits payable from the Minnesota postretirement investment fund as provided in section 11A.18 remaining after subtracting the amount of annuities payable since that regularly occurring determination.

Sec. 21. [356A.07] [POSTRETIREMENT ADJUSTMENTS.]

Subdivision 1. [TRANSFER OF REQUIRED RESERVES.] The required reserves for retirement annuities, disability benefits, and death benefits that are payable other than in the form of a lump sum payment as provided in this chapter must be transferred to the Minnesota postretirement investment fund as of the date of retirement. The required reserves must equal the cash value of the shares to the credit of the retired member, disabled member, or deceased member, on which any annuity or benefit payable other than in the form of a lump sum payment is based.

Subd. 2. [ADJUSTMENTS.] Annuity and benefit payments must be adjusted as provided in section 11A.18.

Sec. 22. [356A.08] [WITHDRAWAL OPTIONS.]

Subdivision 1. [RESTRICTION.] A withdrawal option is restricted to a person who was a member of the plan, who terminated covered employment or covered service, and who has allowed the minimum waiting period of 30 days following termination to elapse.

Subd. 2. [WITHDRAWAL.] A person who was a member of the plan, who terminated covered employment or covered service, and who has allowed the minimum waiting period of 30 days following termination without reemployment in covered employment to elapse may, upon application, withdraw all or a portion of the cash value of the total shares to the credit of the former member instead of leaving those shares on deposit in the supplemental fund for a retirement annuity.

Subd. 3. [REFUND REPAYMENT.] A person who resumes covered employment and who has taken a withdrawal benefit as provided in subdivision 2 may repay the withdrawal benefit and restore any available rights provided by this chapter. The amount to be repaid is an amount equal to the cash value of the total share that was withdrawn plus interest at the rate of 6.5 percent a year compounded annually from the date on which the withdrawal was taken until the date on which the withdrawal amount is repaid. Repayment must be made in a single lump sum payment.

Sec. 23. [356A.09] [UNCOLLECTED AMOUNTS.]

If no beneficiary, surviving spouse, remaining surviving relative in priority, or estate has made application for a death benefit within ten years from the date of death of the member of the plan, or if a former member of the contribution plan does not make application for a retirement annuity before the date on which the person would attain the age of 71 years or the date occurring five years from the termination of covered service, whichever is later, the cash value of the total shares to the credit of the deceased member or the former member, whichever is applicable, cancels to the credit of the administering retirement plan.

Sec. 24. [356A.10] [SINGLE INSTALLMENT PAYMENTS.]

A retirement annuity disability benefit or survivor benefit payable monthly from the plan may be paid by a single installment at the beginning of a calendar year for the monthly annuities or benefits which accrued in the previous year. Single installment payments are payable when requested by

the recipient and approved by the executive director.

Sec. 25. [356A.11] [ADMINISTRATIVE EXPENSES.]

Two percent of the dollar amount of a member contribution and two percent of the dollar amount of an employer contribution paid to the plan must be deducted before the purchase of investment shares to defray the administrative expenses of the plan. The administrative expense deduction must be credited to the administering defined benefit retirement fund.

Sec. 26. [EFFECTIVE DATE.]

Sections 1 to 25 are effective June 30, 1987.

ARTICLE 6

PUBLIC PENSION PLAN ASSET USE LIMITATION

Section 1. [356.615] [LIMITATION ON USE OF PUBLIC PENSION PLAN ASSETS.]

(a) Money held by or credited to a public pension plan as assets, including employer and employee contributions, state aid, appropriations from the state or a governmental subdivision, and accrued earnings on investments, constitutes a dedicated fund. The dedicated fund must be used exclusively to pay retirement annuities, service pensions, disability benefits, survivor benefits, refunds of contributions or other benefits provided under the benefit plan document or documents governing the public pension plan, and to pay reasonable administrative expenses approved by the governing board of the public pension plan or by another appropriate authority. No assets of a public pension plan may be loaned or transferred to the state or a governmental subdivision or be used to amortize an unfunded actuarial accrued liability in another public pension plan, whether or not the plan providing the assets consolidates or has consolidated with the plan receiving the assets. Nothing in this section prohibits a public pension plan or the state board of investment from investing the assets of a plan as authorized by law, including the investment of the assets of public pension plans by the state board of investment in a commingled investment fund.

(b) A public pension plan for purposes of this section means a pension plan or fund specified in section 356.20, subdivision 2, or 356.30, subdivision 3, or a retirement or pension plan or fund, including a supplemental retirement plan or fund, established, maintained, or supported by a governmental subdivision or public body whose revenues are derived from taxation, fees, assessments, or other public sources.

Subdivision 1. [ENTITLEMENT.] A person who was an employee of Ramsey county and a member of the public employees retirement association, who suffered an illness or injury entitling the person to workers' compensation benefits during the five successive years before the date on

which the person would have attained normal retirement age under Minnesota Statutes 1986, section 353.29, subdivision 1, or 353.30, subdivision 1a, who was granted an authorized leave of absence by Ramsey county, and who retired between June 26, 1986, and January 1, 1987, is entitled to additional credit from the public employees retirement association for additional salary under subdivision 2 and additional service under subdivision 3 and to a recalculation by the public employees retirement association of the retirement annuity under subdivision 4.

Subd. 2. [CREDIT FOR ADDITIONAL SALARY.] The additional salary for the period of the authorized leave of absence is the portion or multiple of the average salary on which deductions were made during the last six months of public service preceding the authorized leave of absence.

Subd. 3. [CREDIT FOR ADDITIONAL ALLOWABLE SERVICE.] The additional allowable service is any period of authorized leave of absence resulting from the qualifying injury or illness, not to exceed 30 months, for which the person made payments to the public employees retirement association under Minnesota Statutes 1986, section 353.01, subdivision 16, paragraph (3).

Subd. 4. [RETIREMENT ANNUITY RECALCULATION.] If the person obtains credit for additional salary and allowable service, the public employees retirement association shall recalculate the person's retirement annuity on the basis of any greater final average salary and the additional service and shall pay any difference between the old annuity and the recalculated annuity retroactively to the date of the person's retirement. Any retroactive amounts must be paid as soon as practicable.

Sec. 2. [POSTRETIREMENT ADJUSTMENT FOR CERTAIN RETIRED TEACHER.]

Subdivision 1. [RETIREMENT EFFECTIVE DATE.] In order to determine the effective date of retirement for the purposes of paying postretirement adjustments under Minnesota Statutes, section 11A.18, an annuitant from the teachers retirement association who terminated employment with the Roseau school district on June 30, 1982, and whose application for retirement was postmarked July 1, 1982, shall be deemed to have retired effective July 1, 1982.

Subd. 2. [APPROPRIATION.] \$20,320.35 is appropriated from the teachers retirement fund to the Minnesota postretirement investment fund to make a retroactive payment on July 1, 1987, of the adjustments an annuitant described in subdivision 1 would have received from January 1, 1984, to July 31, 1987, and to fund the reserves necessary to support an adjusted benefit for the annuitant for the future.

Subd. 3. [ADMINISTRATIVE HEARING.] The teachers retirement association shall hold an administrative hearing under Minnesota Statutes, sections 14.57 to 14.62, to determine the date on which the annuitant described in subdivision 1 mailed the application for retirement to the teachers retirement administration. The hearing must be held within 60 days of the effective date of this section.

Subd. 4. [EFFECT OF HEARING.] Subdivisions 1 and 2 are effective if the administrative hearing required by subdivision 3 results in a finding of fact that the annuitant described in subdivision 1 mailed the application for retirement to the teachers retirement association on or before June 30, 1982.

Sec. 3. [ALBANY COMMUNITY HOSPITAL EMPLOYEES.]

Subdivision 1. [REFUND OF CONTRIBUTIONS.] A member of the public employees retirement association who was employed by the Albany community hospital on the date the hospital was taken over by a private corporation or organization is entitled upon application to be paid a refund of accumulated employee and employer contributions made by or on behalf of the employee to the association, plus interest on those contributions at the rate of six percent a year. If an employee has previously received a refund of employee contributions, only the accumulated employer contributions plus interest may be refunded. No employer additional contributions may be refunded. A refund of contributions may be made only to a federal income tax qualified individual retirement account established by or on behalf of the person.

Subd. 2. [DEFERRED ANNUITY.] If an employee described in subdivision 1 had at least five years of allowable service credit, the employee may elect to receive, in lieu of the refund, a deferred annuity under Minnesota Statutes, section 353.34, subdivision 3, notwithstanding the length of service requirements contained in that subdivision. An employee eligible for a deferred annuity who has previously received a refund of employee contributions may reinstate the employee's eligibility for a deferred annuity by repaying the amount refunded, including any interest received, to the association, and any deferred annuities augmentation may be computed only from the date of the refund repayment.

Subd. 3. [DEADLINE.] Refunds must be paid or options must be exercised and repayments of refunds made by July 1, 1988.

Sec. 4. [CANBY COMMUNITY HOSPITAL EMPLOYEES.]

Subdivision 1. [REFUND OF CONTRIBUTIONS.] A member of the public employees retirement association who was employed by the Canby community hospital district No. 1 on the date the hospital was taken over by a private corporation or organization and whose public employment was thus terminated, may, by filing a valid application, elect to be paid a refund of accumulated employee and employer contributions made by or on behalf of the employee to the association, plus interest on those contributions at the rate of six percent a year. If an employee has previously received a refund of employee contributions, only the accumulated employer contributions plus interest may be refunded. No employer additional contributions may be refunded. A refund of contributions may be made only to a federal income tax qualified individual retirement account established by or on behalf of the person.

Subd. 2. [DEADLINE.] Refunds must be paid within 90 days of exercise of the option. Options must be exercised by July 1, 1988.

Sec. 5. [STEARNS COUNTY HISTORICAL SOCIETY EMPLOYEE.]

Notwithstanding the amendment of section 353.01, subdivision 2a, by Laws 1986, chapter 458, section 11, which excluded county historical society employees not employed by the county from membership in the public employees retirement association, an employee of the Stearns county historical society who was born on April 2, 1923, and who was a society employee on March 26, 1986, may elect to retain membership in and retirement coverage by the public employees retirement association. Notice of intent to retain membership must be given to the association within 60

days after the effective date of this section. Any contributions refunded under Laws 1986, chapter 458, section 33, on behalf of the employee must be repaid with interest at the rate of 6.5 percent a year, compounded annually, to the association within the 60-day period.

Delete everything after the enacting clause and insert:

"Section 1. [181.93] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purposes of sections 1 to 6, the following terms have the meanings given to them in this section.

Subd. 2. [EMPLOYEE.] "Employee" means a person who performs services for hire, whether full time or part time, for an employer, unless the services are performed by an independent contractor.

Subd. 3. [EMPLOYER.] "Employer" means a person or entity which employs 21 or more individuals at a single site to perform a service for hire and includes individual, corporation, partnership, association, non-profit organization, group of persons, state, county, town, city, school district, or other governmental subdivision.

Sec. 2. [181.94] [PARENTING LEAVE.]

Subdivision 1. [ONE-YEAR LEAVE; BIRTH OR ADOPTION.] An employer must grant an unpaid leave of absence to an employee who is a natural or adoptive parent in conjunction with the birth or adoption of a child. The length of the leave is determined by the employee, but may not exceed six weeks. The length of an additional leave may be negotiated between the employee and employer.

Subd. 2. [30-DAY LEAVE; MISCARRIAGE; DEATH.] An employer must grant an unpaid leave of absence of up to 30 days to an employee who is a prospective or new parent in conjunction with a miscarriage or stillbirth during the pregnancy or neonatal death within 90 days of birth.

Subd. 3. [START OF LEAVE.] The employee's leave, with at least four weeks advance notice, begins at a time requested by that employee. The employer may adopt reasonable policies governing the timing of requests for unpaid leave. The leave may not begin more than six weeks after the birth or adoption.

Subd. 4. [NO EMPLOYER RETRIBUTION.] An employer may not penalize an employee for requesting or obtaining a leave of absence as provided by this section.

Subd. 5. [CONTINUED INSURANCE.] The employer must continue to make coverage available to the employee, while on leave of absence, under any group insurance policy, group subscriber contract, or health care plan for the employee and any dependents. Nothing in this section requires the employer to pay the costs of the insurance or health care while the employee is on leave of absence.

Sec. 3. [181.95] [REINSTATEMENT AFTER LEAVE.]

Subdivision 1. [COMPARABLE POSITION.] An employee returning from a leave of absence is entitled to return to employment in the employee's former position or in a position of like status, hours, and pay. An employee returning from a leave of absence longer than one month must notify a supervisor at least two weeks prior to return from leave.

Subd. 2. [PAY; BENEFITS; ON RETURN.] An employee returning from a leave of absence must be returned to work at the same rate of pay the employee had been receiving when the leave commenced, plus any automatic adjustments in the employee's pay scale that occurred during the leave period. The employee returning from a leave retains all accrued preleave benefits of employment and seniority, as if there had been no interruption in service. If, during the leave, the employer experiences a layoff and the employee would have lost a position had the employee not been on leave, pursuant to the good faith operation of a bona fide layoff and recall system, including a system under a collective bargaining agreement, the employee is not entitled to reinstatement in the former or com-

parable position. In such circumstances, the employee retains all rights under the collective bargaining agreement as if the employee had not taken the leave.

Subd. 3. [PART-TIME RETURN.] An employee, by agreement with the employer, may return to work part time during the leave period without forfeiting the right to return to employment at the end of the leave period, as provided in sections 1 to 6.

Sec. 4. [181.96] [USE OF SICK LEAVE.]

An employee may use sick leave benefits for absences due to the illness of a minor or dependent child on the same terms that the employee may use sick leave benefits for the employee's own illness.

Sec. 5. [187.97] [RELATIONSHIP TO OTHER LEAVE.]

The length of leave provided by this law may be reduced by any period of paid parental or disability leave provided by the employer, so that the total leave does not exceed 52 weeks.

Nothing in sections 1 to 5 prevents any employer from providing parental leave benefits in addition to those provided in sections 1 to 5.

Sec. 6. [181.97] [INDIVIDUAL REMEDIES.]

In addition to any remedies otherwise provided by law, a person injured by a violation of sections 1 to 5 may bring a civil action to recover any and all damages recoverable at law, together with costs and disbursements, including reasonable attorney's fees, and may receive injunctive and other equitable relief as determined by a court."

If the chemical use assessment recommends a level of care for the child, the court may require that level of care in its disposition order. In addition, the court may require any child ordered to undergo a chemical use assessment to pay a chemical dependency assessment charge of \$75. The court shall forward the assessment charge to the commissioner of finance to be credited to the special account created in section 9. (b) "Organization" means the venture capital organization selected by the corporation to establish and administer the capital seed funds.

Subd. 2. Organizations may submit applications to the corporation for the capital seed fund program. The application must:

- (2) describe the purposes of the proposed seed capital funds, including the types of businesses to receive investments and the type of investments to be made;
- (3) present a plan for establishing the proposed seed capital funds, including the amount of private investment sought, the strategy for obtaining the investments, and the persons or organizations who may manage the funds;

- (5) provide other and further information as the corporation may require.

Subd. 3. [PROGRAM AWARD.] The corporation may award the program to the venture capital organization applicant it determines to have the best qualifications to meet the program objectives and criteria provided for in this section. The corporation shall enter an agreement with the selected venture capital organization to establish capital seed funds. The agreement must include performance evaluation standards which the organization must meet in the administration and management of program funds. The organization shall establish and administer a capital seed fund in each of the six regions. The corporation shall provide an equal amount of state money for each fund. The organization shall use the state money provided for each fund to acquire equity interests in small businesses located within the fund's designated region.

Before a fund may be certified, the organization must demonstrate that at least \$3 of private investment has been committed to the proposed seed capital fund for every \$1 of state money appropriated to the fund.

Subd. 6. [INVESTMENT APPROVAL; LIABILITY.] The board shall establish an investment committee which consists of three members of the board who are knowledgeable in economic development and finance. The organization may not act on an investment proposal until it has received the evaluation and recommendations of the investment committee or until 45 days have elapsed since the proposal was submitted to the committee, whichever occurs first. An equity interest which the organization acquires with rural capital seed program funds may not include a general partnership interest or other interest involving general liability.

{ Subd. 7. [REPORT.] The organization shall submit an annual report to the corporation by December 1 of each year. The report shall include the policies and procedures of each seed capital fund; the amount of private investment in each fund; the number, type, and amounts of investments in small businesses; and the number of new jobs created as a result of the investment. The corporation shall include the organization's report in the annual report which the corporation is required to submit to the legislature under section 10.
