If the claim of the employee or dependent for compensation is contested in a proceeding before a compensation judge or the commissioner, the decision of the judge or commissioner shall provide for the payment of unpaid interest on all compensation awarded, including interest accruing both before and after the filing of the decision.

Sec. 54. Minnesota Statutes 1986, section 176.225, subdivision 1, is amended to read:

Subdivision 1. [GROUNDS.] Upon reasonable notice and hearing or opportunity to be heard, the ~~division commissioner~~, a compensation judge, or upon appeal, the ~~workers' compensation~~ court of appeals or the supreme court may award compensation, in addition to the total amount of compensation award, of up to 25 percent of that total amount where an employer or insurer has:

- (a) instituted a proceeding or interposed a defense which does not present a real controversy but which is frivolous or for the purpose of delay; or,
- (b) unreasonably or vexatiously delayed payment; or,

- (c) neglected or refused to pay compensation; or,
- (d) intentionally underpaid compensation; or

(e) unreasonably or vexatiously discontinued compensation in violation of ~~section 176.242~~ sections 59 and 60.

Sec. 55. Minnesota Statutes 1986, section 176.225, subdivision 4, is amended to read:

Subd. 4. [HEARING BEFORE COMMISSIONER OF COMMERCE.] Upon receipt of a complaint filed under subdivision 3, the commissioner of commerce shall hear and determine the matter in the manner provided by ~~this~~ chapter 14. On finding that a charge made by the complaint is true, the commissioner of commerce ~~shall~~ *may suspend or* revoke the license of the insurer to do business in this state. The insurer may appeal from the action of the commissioner revoking the license in the manner provided in ~~this~~ chapter 14.

Sec. 56. Minnesota Statutes 1986, section 176.231, subdivision 2, is amended to read:

Subd. 2. [INITIAL REPORT, WRITTEN REPORT.] Where subdivision 1 requires an injury to be reported within 48 hours, the employer may make an initial report by telephone, telegraph, or personal notice, and file a written report of the injury within seven days from its occurrence or within such time as the commissioner of labor and industry designates. All written reports of injuries required by subdivision 1 shall include the date of injury, amounts of payments made, if any, and the date of the first payment. The reports shall be ~~in quadruplicate~~ on a form designed by the commissioner, with ~~two copies~~ *the original* to the commissioner and, ~~and~~, *one copy* to the insurer, ~~and one copy to the employee.~~

If an insurer or self-insurer repeatedly fails to pay benefits within three days of the due date, pursuant to section 176.221, the insurer or self-insurer shall be ordered by the commissioner to explain, in person, the failure to pay benefits due in a reasonable time. If prompt payments are not thereafter made, the commissioner shall refer the insurer or self-insurer to the commissioner of commerce for action pursuant to section 176.225, subdivision 4.

Sec. 57. Minnesota Statutes 1986, section 176.231, subdivision 10, is amended to read:

Subd. 10. [FAILURE TO FILE REQUIRED REPORT, PENALTY.] If an employer, *insurer*, physician, chiropractor, or other health provider fails to file with the commissioner any report required by this section in the manner and within the time limitations prescribed, or otherwise fails to provide a report required by this section in the manner provided by this section, the commissioner may impose a penalty of up to \$200 for each failure.

The imposition of a penalty may be appealed to a compensation judge within 30 days of notice of the penalty.

Penalties collected by the state under this subdivision shall be paid into the special compensation fund.

Sec. 58. Minnesota Statutes 1986, section 176.231, is amended by adding a subdivision to read:

Subd. 11. [FAILURE TO FILE REQUIRED REPORT; SUBSTITUTE

FILING.] *Where this section requires the employer to file a report of injury with the commissioner, and the employer is unable or refuses to file the report, the insurer shall file the report within ten days of a request from the division. The report shall be filed in the manner prescribed by this section. If both the employer and the insurer fail to file the report within 30 days of notice of the injury, the commissioner shall file the report.*

The filing of a report of injury by the commissioner does not subject an employee or the dependents of an employee to the three-year time limitations under section 176.151, paragraphs (1) and (2).

A substitute filing under this subdivision shall not be a defense to a penalty assessed under subdivision 10.

Sec. 59. [176.238] [NOTICE OF DISCONTINUANCE OF TEMPORARY TOTAL, TEMPORARY PARTIAL, OR PERMANENT TOTAL COMPENSATION.]

Subdivision 1. [NECESSITY FOR NOTICE AND SHOWING; CONTENTS.] Except as provided in section 176.221, subdivision 1, once the employer has commenced payment of benefits, the employer may not discontinue payment of compensation until it provides the employee with notice in writing of intention to do so. A copy of the notice shall be filed with the division by the employer. The notice to the employee and the copy to the division shall state the date of intended discontinuance and set forth a statement of facts clearly indicating the reason for the action. Copies of whatever medical reports or other written reports in the employer's possession which are relied on for the discontinuance shall be attached to the notice.

Subd. 2. [CONTINUANCE OF EMPLOYER'S LIABILITY; SUSPENSION.] (a) [DISCONTINUANCE BECAUSE OF RETURN TO WORK.] If the reason for discontinuance is that the employee has returned to work, temporary total compensation may be discontinued effective the day the employee returned to work. Written notice shall be served on the employee and filed with the division within 30 days of the date the employer has notice that the employee has returned to work.

(b) [DISCONTINUANCE FOR REASONS OTHER THAN RETURN TO WORK.] If the reason for the discontinuance is for other than that the employee has returned to work, the liability of the employer to make payments of compensation continues until the copy of the notice and reports have been filed with the division. When the division has received a copy of the notice of discontinuance, the statement of facts and available medical reports, the duty of the employer to pay compensation is suspended, except as provided in the following subdivisions and in section 60.

Subd. 3. [INTERIM ADMINISTRATIVE DECISION.] An employee may request the commissioner to schedule an administrative discontinuance conference to obtain an expedited interim decision concerning the discontinuance of compensation. Procedures relating to discontinuance conferences are set forth in section 60.

Subd. 4. [OBJECTION TO DISCONTINUANCE.] An employee may serve on the employer and file with the commissioner an objection to discontinuance if:

(a) the employee elects not to request an administrative conference under section 60;

(b) if the employee fails to timely proceed under that section;

(c) if the discontinuance is not governed by that section; or

(d) if the employee disagrees with the commissioner's decision issued under that section. Within ten calendar days after receipt of an objection to discontinuance, the commissioner shall refer the matter to the office for a de novo hearing before a compensation judge to determine the right of the employee to further compensation.

Subd. 5. [PETITION TO DISCONTINUE.] Instead of filing a notice of discontinuance, an employer may serve on the employee and file with the commissioner a petition to discontinue compensation. A petition to discontinue compensation may also be used when the employer disagrees with the commissioner's decision under section 60. Within ten calendar days after receipt of a petition to discontinue, the commissioner shall refer the matter to the office for a de novo hearing before a compensation judge to determine the right of the employer to discontinue compensation.

The petition shall include copies of medical reports or other written reports or evidence in the possession of the employer bearing on the physical condition or other present status of the employee which relate to the proposed discontinuance. The employer shall continue payment of compensation until the filing of the decision of the compensation judge and thereafter as the compensation judge, court of appeals, or the supreme court directs, unless, during the interim, occurrences arise justifying the filing of a notice under subdivision 1 or 2 and the discontinuance is permitted by the commissioner's order or no conference under section 60 is requested.

Subd. 6. [EXPEDITED HEARING BEFORE A COMPENSATION JUDGE.] A hearing before a compensation judge shall be scheduled within 30 calendar days after the office receives the file from the commissioner if:

(a) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the notice of discontinuance was filed and where no administrative conference has been held;

(b) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the commissioner's decision under this section has been issued;

(c) a petition to discontinue has been filed by the insurer in lieu of filing a notice of discontinuance; or

(d) a petition to discontinue has been filed within 60 calendar days after the commissioner's decision under this section has been issued.

If the petition or objection is filed later than the deadlines listed above, the expedited procedures in this section apply only where the employee is unemployed at the time of filing the objection and shows, to the satisfaction of the chief administrative judge, by sworn affidavit, that the failure to file the objection within the deadlines was due to some infirmity or incapacity of the employee or to circumstances beyond the employee's control. The hearing shall be limited to the issues raised by the notice or petition unless all parties agree to expanding the issues. If the issues are expanded, the time limits for hearing and issuance of a decision by the compensation judge under this subdivision shall not apply.

Once a hearing date has been set, a continuance of the hearing date will be granted only under the following circumstances:

(a) the employer has agreed, in writing, to a continuation of the payment of benefits pending the outcome of the hearing; or

(b) the employee has agreed, in a document signed by the employee, that benefits may be discontinued pending the outcome of the hearing.

Absent a clear showing of surprise at the hearing or the unexpected unavailability of a crucial witness, all evidence must be introduced at the hearing. If it is necessary to accept additional evidence or testimony after the scheduled hearing date, it must be submitted no later than 14 days following the hearing, unless the compensation judge, for good cause, determines otherwise.

The compensation judge shall issue a decision pursuant to this subdivision within 30 days following the close of the hearing record.

Subd. 7. [ORDER OF COMPENSATION JUDGE.] If the order of the compensation judge confirms a discontinuance of compensation, the service and filing of the order relieves the employer from further liability for compensation subject to the right of review provided by this chapter, and to the right of the compensation judge to set aside the order at any time prior to the review and to grant a new hearing pursuant to this chapter. Once an appeal to the workers' compensation court of appeals is filed, a compensation judge may not set aside the order. In any appeal from the compensation judge's decision under this section, the court of appeals shall conclude any oral arguments by the parties within 60 days following certification of the record from the office.

Subd. 8. [NOTICE FORMS.] Notices under this section shall be on forms prescribed by the commissioner.

Subd. 9. [SERVICE ON ATTORNEY.] If the employee is presently represented by an attorney for the same injury, all notices required by this section shall also be served on the attorney.

Subd. 10. [FINES; VIOLATION.] An employer who violates requirements set forth in this section or section 60 is subject to a fine of up to \$500 for each violation payable to the special compensation fund.

Subd. 11. [APPLICATION OF SECTION.] This section shall not apply to those employees who have been adjudicated permanently totally disabled, or to those employees who have been administratively determined pursuant to division rules to be permanently totally disabled.

Sec. 60. [176.239] [ADMINISTRATIVE DECISION CONCERNING DISCONTINUANCE OF COMPENSATION.]

Subdivision 1. [PURPOSE.] The purpose of this section is to provide a procedure for parties to obtain an expedited interim administrative decision in disputes over discontinuance of temporary total, temporary partial, or permanent total compensation.

Subd. 2. [REQUEST FOR ADMINISTRATIVE CONFERENCE.] If the employee disagrees with the notice of discontinuance, the employee may request that the commissioner schedule an administrative conference to be conducted pursuant to this section.

If temporary total, temporary partial, or permanent total compensation has been discontinued because the employee has returned to work, and the employee believes benefits should be reinstated due to occurrences during the initial 14 calendar days of the employee's return to work, the employee's request must be received by the commissioner within 21 calendar days after the employee has returned to work. If the employer has failed to properly serve and file the notice as provided in section 59, the employee's time period to request an administrative conference is extended up to and including the 40th calendar day subsequent to the return to work.

If temporary total, temporary partial, or permanent total compensation has been discontinued for a reason other than a return to work, the employee's request must be received by the commissioner within 12 calendar days after the notice of discontinuance is received by the commissioner. If the employer discontinues compensation without giving notice as required by section 59, the employee's time period for requesting an administrative conference is extended up to and including the 40th calendar day after which the notice should have been served and filed.

The commissioner may determine that an administrative conference is not necessary under this section for reasons prescribed by rule and permit the employer to discontinue compensation, subject to the employee's right to file an objection to discontinuance under section 59, subdivision 4.

In lieu of making a written request for an administrative conference with the commissioner, an employee may make an in-person or telephone request for the administrative conference.

Subd. 3. [PAYMENT THROUGH DATE OF DISCONTINUANCE CONFERENCE.] *If a notice of discontinuance has been served and filed due to the employee's return to work, and the employee requests a conference, the employer is not obligated to reinstate or otherwise pay temporary total, temporary partial, or permanent total compensation unless so ordered by the commissioner.*

When an administrative conference is conducted under circumstances in which the employee has not returned to work, compensation shall be paid through the date of the administrative conference unless:

- (a) the employee has returned to work since the notice was filed;*
- (b) the employee fails to appear at the scheduled administrative conference; or*
- (c) due to unusual circumstances or pursuant to the rules of the division, the commissioner orders otherwise.*

Subd. 4. [SCHEDULING OF CONFERENCE.] *If the employee timely requests an administrative conference under this section, the commissioner shall schedule a conference within ten calendar days after receiving the request.*

Subd. 5. [CONTINUANCES.] *An employee or employer may request a continuance of a scheduled administrative conference. If the commissioner determines there is good cause for a continuance, the commissioner may grant the continuance for not more than 14 calendar days unless the parties agree to a longer continuance. If compensation is payable through the day of the administrative conference pursuant to subdivision 3, and the employee is granted a continuance, compensation need not be paid during*

the period of continuance unless the commissioner orders otherwise. If the employer is granted a continuance and compensation is payable through the day of the administrative conference pursuant to subdivision 3, then compensation shall continue to be paid during the continuance. The commissioner may grant an unlimited number of continuances provided that payment of compensation during any continuance is subject to this subdivision.

Subd. 6. [SCOPE OF THE ADMINISTRATIVE DECISION.] If benefits have been discontinued due to the employee's return to work, the commissioner shall determine whether, as a result of occurrences arising during the initial 14 calendar days after the return to work, the employee is entitled to additional payment of temporary total, temporary partial, or permanent total compensation.

If periodic payment of temporary total, temporary partial, or permanent total compensation has been discontinued for reasons other than a return to work, the commissioner shall determine whether the employer has reasonable grounds to support the discontinuance. Only information or reasons specified on the notice of discontinuance shall provide a basis for a discontinuance, unless the parties agree otherwise.

Subd. 7. [INTERIM ADMINISTRATIVE DECISION.] After considering the information provided by the parties at the administrative conference, the commissioner shall issue to all interested parties a written decision on payment of compensation. Administrative decisions under this section shall be issued within five working days from the close of the conference. Disputed issues of fact shall be determined by a preponderance of the evidence.

Subd. 8. [DISAGREEMENT WITH ADMINISTRATIVE DECISION.] An employee who disagrees with the commissioner's decision under this section may file an objection to discontinuance under section 59, subdivision 4. An employer who disagrees with the commissioner's decision under this section may file a petition to discontinue under section 59, subdivision 5.

Subd. 9. [ADMINISTRATIVE DECISION BINDING; EFFECT OF SUBSEQUENT DETERMINATIONS.] The commissioner's decision under this section is binding upon the parties and the rights and obligations of the parties are governed by the decision.

If an objection or a petition is filed under subdivision 8, the commissioner's administrative decision remains in effect and the parties' obligations or rights to pay or receive compensation are governed by the commissioner's administrative decision, pending a determination by a compensation judge pursuant to section 59, subdivision 6.

If the commissioner has denied a discontinuance or otherwise ordered commencement of benefits, the employer shall continue paying compensation until an order is issued by a compensation judge, the court of appeals, or the supreme court, allowing compensation to be discontinued, or unless, during the interim, occurrences arise justifying the filing of a notice under section 59, subdivision 1 or 2, and the discontinuance is permitted by the commissioner or no conference is requested. If a compensation judge, the court of appeals, or the supreme court later rules that the discontinuance was proper or that benefits were otherwise not owing the employee, payments made under the commissioner's administrative

decision and order shall be treated as an overpayment which the insurer may recover from the employee subject to section 176.179.

If the commissioner has permitted a discontinuance or otherwise not ordered commencement of benefits, the service and filing of the administrative decision relieves the employer from further liability for compensation subject to the right of review afforded by this chapter.

Subd. 10. [APPLICATION OF SECTION.] This section is applicable to all cases in which the employee's request for an administrative conference is received by the division after the effective date of this section even if the injury occurred prior to the effective date. This section shall not apply to those employees who have been adjudicated permanently totally disabled, or to those employees who have been administratively determined pursuant to division rules to be permanently totally disabled.

Sec. 61. Minnesota Statutes 1986, section 176.271, subdivision 1, is amended to read:

Subdivision 1. Unless otherwise provided by this chapter or by the commissioner of labor and industry, all proceedings before the division under this chapter are initiated by the filing of a written petition on a prescribed form with the commissioner of labor and industry at the commissioner's principal office. All claim petitions shall include the information required by section 176.291.

Sec. 62. Minnesota Statutes 1986, section 176.275, is amended to read:
176.275 [FILING OF PAPERS; PROOF OF SERVICE.]

Subdivision 1. [FILING.] If a document is required to be filed by this chapter or any rules adopted pursuant to authority granted by this chapter, the filing shall be completed by the receipt of the document at the division, department, office, or the court of appeals. The workers' compensation division, department, office, and the workers' compensation court of appeals shall file accept any paper document which has been delivered to it for legal filing immediately upon its receipt in the office of the commissioner of the department of labor and industry. The commissioner of the department of labor and industry shall file any paper which has been delivered to the commissioner for filing immediately upon its receipt.

A notice or other document required to be served or filed at either the department, the office, or the court of appeals which is inadvertently served or filed at the wrong one of these agencies shall be deemed to have been served or filed with the proper agency. The receiving agency shall note the date of receipt of a document and shall forward the documents to the proper agency no later than two working days following receipt.

Subd. 2. [PROOF OF SERVICE.] Whenever a provision of this chapter or rules adopted pursuant to authority granted by this chapter require either a proof of service or affidavit of service, the requirement is satisfied by the inclusion of a proof of service on the document which has been served, in a form acceptable by the state district courts or approved by the commissioner.

Sec. 63. Minnesota Statutes 1986, section 176.291, is amended to read:
176.291 [DISPUTES AND DEFAULTS; PETITIONS; PROCEDURE.]

Where there is a dispute as to a question of law or fact in connection with a claim for compensation, or where there has been a default in the

payment of compensation for a period of ten days, a party may present ~~serve on all other parties and file a verified notarized petition to~~ with the commissioner stating the matter in dispute ~~or the fact of default~~. The petition shall be on a form prescribed by the commissioner.

The petition shall also state and include, where applicable:

- (1) names and residence or business address of parties;
- (2) facts relating to the employment at the time of injury, including amount of wages received;
- (3) extent and character of injury;
- (4) notice to or knowledge by employer of injury;
- (5) facts which the commissioner by rule requires; and,
- ~~(6) such other facts as are necessary for the information of the commissioner, a compensation judge or the workers' compensation court of appeals copies of written medical reports or other information in support of the claim;~~
- (6) names and addresses of all known witnesses intended to be called in support of the claim;
- (7) the desired location of any hearing and estimated time needed to present evidence at the hearing;
- (8) any requests for a prehearing or settlement conference;
- (9) a list of all known third parties, including the departments of human services and jobs and training, who may have paid any medical bills or other benefits to the employee for the injuries or disease alleged in the petition or for the time the employee was unable to work due to the injuries or disease, together with a listing of the amounts paid by each;
- (10) the nature and extent of the claim; and
- (11) a request for an expedited hearing which must include an attached affidavit of significant financial hardship which complies with the requirements of section 79.

Incomplete petitions may be stricken from the calendar as provided by section 68. Within 30 days of a request by a party, an employee who has filed a claim petition pursuant to section 176.271 or this section shall furnish a list of physicians and health care providers from whom the employee has received treatment for the same or a similar condition as well as authorizations to release relevant information, data, and records to the requester. The petition may be stricken from the calendar upon motion of a party for failure to timely provide the required list of health care providers or authorizations.

Sec. 64. Minnesota Statutes 1986, section 176.301, subdivision 1, is amended to read:

Subdivision 1. [~~TRIAL BY COURT; REFERENCE TO COMMISSIONER CHIEF ADMINISTRATIVE LAW JUDGE.~~] When a workers' compensation issue ~~has been joined~~ is present in the district court action, the court may try the action itself without a jury, or refer the matter to the commissioner. ~~In the latter case, the commissioner shall refer the matter to the chief administrative law judge for assignment to a compensation judge. The compensation judge shall report findings and decisions to the~~

district court. The court may approve or disapprove such decision in the same manner as it approves or disapproves the report of a referee. The court shall enter judgment upon such decision.

Sec. 65. Minnesota Statutes 1986, section 176.305, subdivision 1, is amended to read:

Subdivision 1. [HEARINGS ON PETITIONS.] The petitioner shall serve a copy of the petition on each adverse party personally or by first class mail. The original petition shall then be filed with the commissioner together with an appropriate affidavit of service. When any petition has been filed with the workers' compensation division, the commissioner shall, within ten days, refer the matter presented by the petition to a settlement judge. ~~The settlement judge shall schedule a settlement conference if appropriate within 60 days. If a settlement conference is not appropriate, or if such a conference or conferences do not result in progress toward a settlement, the settlement judge shall certify the matter for a hearing before a compensation judge and shall refer the matter to the chief administrative law judge to be heard by a compensation judge for a settlement conference under this section, for an administrative conference under section 27, or for hearing to the office.~~

Sec. 66. Minnesota Statutes 1986, section 176.305, is amended by adding a subdivision to read:

Subd. 1a. [SETTLEMENT AND PRETRIAL CONFERENCES; SUMMARY DECISION.] The commissioner shall schedule a settlement conference, if appropriate, within 60 days after receiving the petition. All parties must appear at the conference, either personally or by representative, must be prepared to discuss settlement of all issues, and must be prepared to discuss or present the information required by the joint rules of the division and the office. If a representative appears on behalf of a party, the representative must have authority to fully settle the matter.

If settlement is not reached, the presiding officer may require the parties to present copies of all documentary evidence not previously filed and a summary of the evidence they will present at a formal hearing. If appropriate, a written summary decision shall be issued within ten days after the conference stating the issues and a determination of each issue. If a party fails to appear at the conference, all issues may be determined contrary to the absent party's interest, provided the party in attendance presents a prima facie case.

The summary decision is final unless a written request for a formal hearing is served on all parties and filed with the commissioner within 30 days after the date of service and filing of the summary decision. Within ten days after receipt of the request, the commissioner shall certify the matter to the office for a de novo hearing.

Sec. 67. Minnesota Statutes 1986, section 176.305, subdivision 2, is amended to read:

Subd. 2. [COPY OF PETITION.] The commissioner shall deliver the original petition and answer, after certification for a hearing ~~before a compensation judge by a settlement judge~~, to the office of administrative hearings for assignment to a compensation judge.

Sec. 68. Minnesota Statutes 1986, section 176.305, is amended by adding a subdivision to read:

Subd. 4. [STRIKING FROM CALENDAR.] A compensation judge or the commissioner, after receiving a properly served motion, may strike a case from the active trial calendar after the employee has been given 30 days to correct the deficiency if it is shown that the information on the petition or included with the petition is incomplete. Once a case is stricken, it may not be reinstated until the missing information is provided to the adverse parties and filed with the commissioner or compensation judge. If a case has been stricken from the calendar for one year or more and no corrective action has been taken, the commissioner or a compensation judge may, upon the commissioner's or judge's own motion or a motion of a party which is properly served on all parties, dismiss the case. The petitioner must be given at least 30 days advance notice of the proposed dismissal before the dismissal is effective.

Sec. 69. Minnesota Statutes 1986, section 176.306, subdivision 1, is amended to read:

Subdivision 1. [CHIEF ADMINISTRATIVE LAW JUDGE.] The chief administrative law judge shall schedule workers' compensation hearings on as regular a schedule as may be practicable in no fewer than six widely separated locations throughout the state, including at least four locations outside of the seven county metropolitan area and Duluth, for the purpose of providing a convenient forum for parties to a compensation hearing and shall maintain a permanent office in Duluth staffed by at least one compensation judge. *Continuances of the scheduled hearing date may be granted only under section 77.*

Sec. 70. Minnesota Statutes 1986, section 176.306, is amended by adding a subdivision to read:

Subd. 3. [SCHEDULING MATTERS.] A compensation judge may schedule a pretrial or settlement conference, whether or not a party requests such a conference.

Sec. 71. Minnesota Statutes 1986, section 176.312, is amended to read:

176.312 [AFFIDAVIT AFFIDAVITS OF PREJUDICE AND PETITIONS FOR REASSIGNMENT.]

In accordance with rules adopted by the chief administrative law judge, an affidavit of prejudice for cause may be filed by a party to the claim against a compensation judge, in the same manner as an affidavit of prejudice is filed pursuant to law or rule of district court assigned to hear a case. The filing of an affidavit of prejudice against a compensation judge has the same effect and shall be treated in the same manner as in district court.

A petition for reassignment of a case to a different compensation judge for hearing may be filed once, in any case, by a party to the claim within ten days after the filing party has received notice of the assigned judge. Upon receipt of a timely petition for reassignment, the chief administrative law judge shall assign the case to another judge.

An affidavit of prejudice or a petition for reassignment shall be filed with the chief administrative law judge and shall not result in the continuance or delay of a hearing scheduled under section 176.341.

This section does not apply to prehearing or settlement conferences.

Sec. 72. Minnesota Statutes 1986, section 176.321, subdivision 2, is

amended to read:

Subd. 2. [CONTENTS.] The answer shall admit, deny, or affirmatively defend against the substantial averments of the petition, and shall state the contention of the adverse party with reference to the matter in dispute.

Each fact alleged by the petition or answer and not specifically denied by the answer or reply is deemed admitted, but the failure to deny such a fact does not preclude the workers' compensation court of appeals, commissioner, or compensation judge from requiring proof of the fact.

The answer shall include the names and addresses of all known witnesses; whether or not the employer intends to schedule an adverse examination and, if known, the date, time, and place of all adverse examinations; the desired location for a hearing; any request for a prehearing or settlement conference; the estimated time needed to present evidence at a hearing; and, if an affidavit of significant financial hardship and request for an expedited hearing are included with the petition, any objection the employer may have to that request. If the date, time, and place of all adverse examinations is unknown at the time the answer is filed, the employer must notify the commissioner in writing of the date, time, and place of all adverse examinations within 50 days of the filing of the claim petition.

Sec. 73. Minnesota Statutes 1986, section 176.321, subdivision 3, is amended to read:

Subd. 3. [EXTENSION OF TIME IN WHICH TO FILE ANSWER.] Upon showing of cause, the commissioner of the department of labor and industry may extend the time in which to file an answer or reply for not more than 30 additional days. The time to file an answer or reply may also be extended upon agreement of the petitioner, *provided that the agreement must be filed with the commissioner, and provided that the commissioner must be notified in writing by the employer no later than five days beyond the time required for the filing of the answer of the fact that an agreement has been reached, including the length of the extension. If an answer is not filed and there has been no extension by order of the commissioner or by agreement, the failure to file an answer shall be treated as a default. Any case received by the office that does not include an answer or written extension order or agreement shall be immediately set for a hearing at the first available date under section 176.331.*

Sec. 74. [176.322] [SUMMARY JUDGMENT.]

If the parties agree to a stipulated set of facts and only legal issues remain, the commissioner or compensation judge may determine the matter without a hearing based upon the stipulated facts and the determination is appealable to the court of appeals pursuant to sections 176.421 and 176.442.

Sec. 75. Minnesota Statutes 1986, section 176.331, is amended to read:

176.331 [AWARD BY DEFAULT PROCEEDINGS WHEN ANSWER NOT FILED.]

Except in cases involving multiple employers or multiple insurers, if an adverse party fails to file and serve an answer and the petitioner presents proof of this fact, the commissioner or compensation judge may enter whatever award or order to which the petitioner is entitled on the basis of the facts alleged in the petition, but the compensation judge may require

~~proof of an alleged fact. If the commissioner requires proof or obtain an extension from the commissioner or the petitioner as required by section 176.321, subdivision 3, the commissioner shall request refer the matter to the chief administrative law judge to assign the matter to a compensation judge for an immediate hearing and prompt award or other order. The adverse party that failed to file an answer may appear at the hearing, present evidence and question witnesses, but shall not be granted a continuance for any reason.~~

If an adverse party who fails to serve and file an answer is neither insured for workers' compensation liability nor a licensed self-insured as required by section 176.181 and the special compensation fund is a party to the proceeding, the commissioner or compensation judge may enter an order awarding benefits to the petitioning party without a hearing if so requested by the special compensation fund.

~~Where in a default case the petition does not state facts sufficient to support an award, the compensation judge shall give the petitioner or the petitioner's attorney written notice of this deficiency. The petitioner may thereupon serve and file another petition as in the case of an original petition.~~

Sec. 76. Minnesota Statutes 1986, section 176.341, subdivision 3, is amended to read:

Subd. 3. [NOTICE MAILED TO EACH PARTY.] *Unless section 79 applies, at least 30 days prior to the date of hearing, the chief administrative law judge shall mail a notice of the time and place of hearing to each interested party. This subdivision does not apply to hearings which have been continued from an earlier date. In those cases, the notice shall be given in a manner deemed appropriate by the chief administrative law judge after considering the particular circumstances in each case.*

Sec. 77. Minnesota Statutes 1986, section 176.341, is amended by adding a subdivision to read:

Subd. 4. [CONTINUANCES.] *Only the chief administrative law judge or designee, on a showing of good cause, may grant a continuance of a hearing at the office. Except in cases of emergency or other good cause shown, any request for a continuance must be signed by both the party and the attorney seeking the continuance.*

A continuance of a hearing will be granted only upon a showing of good cause. Good cause is established when the underlying eventuality is unforeseen, is not due to lack of preparation, is relevant, is brought to the chief administrative law judge's attention in a timely manner and does not prejudice the adversary.

Continuances will not be granted for the reason that an attorney for one of the parties has scheduled a vacation for the date set for the hearing unless the attorney has, prior to the setting of the hearing date, notified the office of the unavailable dates.

Continuances which are requested during the course of a hearing are subject to the same standards but may be granted or denied by the compensation judge assigned to the hearing. Continuances of prehearing or settlement conferences at the department or at the office are subject to the same standards but may be granted or denied by a settlement judge, the calendar judge, compensation judge, or other presiding officer assigned

to the prehearing or settlement conference.

Sec. 78. Minnesota Statutes 1986, section 176.341, is amended by adding a subdivision to read:

Subd. 5. [EVIDENCE.] Absent a clear showing of surprise at the hearing or the unexpected unavailability of a crucial witness, all evidence must be submitted at the time of the hearing. Upon a showing of good cause, the compensation judge may grant an extension not to exceed 30 days following the hearing date.

Sec. 79. Minnesota Statutes 1986, section 176.341, is amended by adding a subdivision to read:

Subd. 6. [SIGNIFICANT FINANCIAL HARDSHIP; EXPEDITED HEARINGS.] An employee may file a request for an expedited hearing which must be granted upon a showing of significant financial hardship. In determining whether a significant financial hardship exists, consideration shall be given to whether the employee is presently employed, the employee's income from all sources, the nature and extent of the employee's expenses and debts, whether the employee is the sole support of any dependents, whether either foreclosure of homestead property or repossession of necessary personal property is imminent, and any other matters which have a direct bearing on the employee's ability to provide food, clothing, and shelter for the employee and any dependents.

A request for an expedited hearing must be accompanied by a sworn affidavit of the employee providing facts necessary to satisfy the criteria for a significant financial hardship. The request may be made at the time a claim petition is filed or any time thereafter. Unless the employer objects to the request in the answer to the claim petition or within 20 calendar days of the filing of a request made subsequent to the filing of the claim petition, the affidavit is a sufficient showing of significant financial hardship.

If a request for an expedited hearing has been served and filed, the commissioner or compensation judge shall issue an order granting or denying the request, provided that where the parties agree that significant financial hardship exists or no objection to the request is timely filed, the request is automatically granted and the compensation judge or commissioner need not issue an order. If it is denied, the matter will be returned to the regular calendar of cases and the request for an expedited hearing may be renewed at a settlement conference. If no objection has been timely filed or if the request is granted, the commissioner shall immediately refer the matter to the office to commence prehearing procedures.

The calendar judge shall issue a prehearing order and notice of the date, time, and place for a prehearing conference which shall be set for no later than 45 days following the filing of the affidavit of significant financial hardship. The prehearing order shall require the parties to serve and file prehearing statements no later than five working days prior to the date set for the prehearing conference. The prehearing statements shall include those items listed in the joint rules of the division and the office which the calendar judge deems appropriate.

Following any prehearing conference and absent an agreement or stipulation from the parties, the commissioner or compensation judge shall issue an order establishing deadlines for the parties to complete their preparation for hearing and, after consultation with the calendar judge, establishing the date, time, and place for a hearing.

Sec. 80. Minnesota Statutes 1986, section 176.351, subdivision 2a, is amended to read:

If the case has not yet been assigned, the application shall be made to the calendar judge if the case has been certified to the office, or to the division if the case has not been certified to commissioner, the office, or to the mediation or rehabilitation and medical services section if the matter is pending in that section~~ court of appeals, whichever is applicable.

The application must show how the applicant's legal rights, duties, or privileges may be determined or affected by the case; state the grounds and purposes for which intervention is sought;

(8) proof of service or copy of the registered mail receipt;

(9) at the option of the intervenor, a proposed stipulation which states that all of the payments for which reimbursement is claimed are related to the injury or condition in dispute in the case and that, if the petitioner is successful in proving the compensability of the claim, it is agreed that the sum be reimbursed to the intervenor; and

(10) if represented by an attorney, the name, address, telephone number, and Minnesota Supreme Court license number of the attorney.

Sec. 82. Minnesota Statutes 1986, section 176.361, subdivision 5, is amended to read:

Subd. 5. [ORDER.] If an objection to intervention remains following settlement or pretrial conferences, the ~~calendar~~ commissioner or compensation judge shall rule on the intervention and the order is binding on the compensation judge to whom the case is assigned for hearing.

Sec. 83. Minnesota Statutes 1986, section 176.361, subdivision 7, is amended to read:

Subd. 7. [EFFECTS OF NONCOMPLIANCE.] Failure to comply with this section shall not result in a denial of the claim for reimbursement unless the compensation judge, or commissioner, or settlement judge determines that the noncompliance has materially prejudiced the interests of the other parties.

The compensation judge's decision shall include a determination of all contested issues of fact and law and an award or disallowance of compensation or other order as the pleadings, evidence, this chapter and rule require. A compensation judge's decision shall include a memorandum only if necessary to delineate the reasons for the decision or to discuss the credibility of witnesses. A memorandum shall not contain a recitation of the evidence presented at the hearing but shall be limited to the compensation judge's basis for the decision.

No part of the salary of a compensation judge shall be paid unless the chief administrative law judge determines that all decisions of that judge have been issued within the time ~~limit~~ *limits* prescribed by this ~~section~~ *chapter*.

Sec. 85. Minnesota Statutes 1986, section 176.411, subdivision 1, is amended to read:

Upon a showing of cause, the chief administrative law judge may direct that a transcript be prepared without expense to the party requesting its preparation, in which case the cost of the transcript shall be paid by the office of administrative hearings.

All fees received by the office of administrative hearings for the preparation of the record for submission to the workers' compensation court of appeals or for the cost of transcripts prepared by the office shall be deposited in the office of administrative hearings account in the state treasury and shall be used solely for the purpose of keeping the record of hearings conducted under this chapter and the preparation of transcripts of those hearings.

"Section 1. Minnesota Statutes 1986, section 135A.06, is amended to read:

135A.06 [SYSTEM PLANS AND MISSIONS.]

Subdivision 1. [SUBMISSION OF PLANS.] It is the intent of the legislature that the planning efforts of the public post-secondary education systems be summarized and reported to the legislature. It is the further intent that the system missions be differentiated from one another to best

serve the needs of the citizens of Minnesota. In order to accomplish these goals, the University of Minnesota board of regents, the state university board, the state board for community colleges, and the state board of vocational technical education shall each submit to the governor and the legislature on December 1 of each even-numbered year a planning report for its system. The planning report shall contain the mission of the system and short- and long-range plans for programs, staff, and facilities. The report shall specify the mission and plans for two, five, and ten years. The assumptions used in developing the plans shall be included. The report shall also include plans for and progress toward achieving mission differentiation while maintaining the state's overall post-secondary objectives. *The report shall include plans for and progress in developing quality assessment activities to improve student learning and to enhance the effectiveness of academic programs.*

Subd. 2. [MISSION.] Each system shall review its mission as it relates to instruction, research, and public service. The systems in cooperation with the higher education coordinating board shall jointly review their missions and develop strategies to achieve clearer mission differentiation and an overall intersystem plan that ensures achieving the state's overall post-secondary objectives.

Subd. 2a. [QUALITY.] *Each system shall, in cooperation with the higher education coordinating board, develop measures and prepare plans to assess the quality of its institutions and programs.*

Subd. 3. [SYSTEM PLANS.] Each system shall develop a program plan for instruction, research, and public service. Each system shall consult with the higher education coordinating board and with the other systems throughout the planning process. The higher education coordinating board shall coordinate intersystem efforts in the development of the program plans to achieve intersystem cooperation and differentiation. *The board shall coordinate intersystem efforts to develop quality assessment standards and methods.*

Each planning report shall consider at least the following elements:

(a) A statement of program priorities for undergraduate, graduate, and professional education. Program plans shall also include data about program cost and average class size within each institution.

(b) A review of plans for adjusting the number of facilities, staff, and programs to projected level of demand. Plans for adjustments shall consider campus and program mergers, campus and program closings, new governance structures, the relationship between fixed costs and projected enrollment changes, and other methods including consolidation of institutions, services, and programs that serve the same geographic area under different governing boards.

(c) Enrollment projections for two, five, and ten years. If a system uses projections which are different from the most recent available projections produced by the higher education coordinating board, the system shall compare its projections with enrollment projections prepared by the higher education coordinating board, and the system shall identify the method and assumptions used to prepare its projections.

(d) Estimated financial costs and savings of alternative plans for adjusting facilities, staff, and programs to declining enrollments and fiscal resources.

(e) Opportunities for providing services cooperatively with other public and private institutions in the same geographic area.

(f) Differentiating and coordinating missions to reduce or eliminate duplication of services and offerings.

(g) *Methods for assessing the quality of programs and institutions and using assessment results to improve student learning.*

Subd. 4. [CAPITAL REQUESTS.] A capital budget request submitted by a system must specifically relate a proposed capital project to the plans required under this section.

Subd. 5. [HECB REVIEW AND COMMENT.] The higher education coordinating board shall review and comment on the reports prepared by the systems. In order to provide sufficient time for this review, systems shall submit the reports to the coordinating board on September 1 prior to the December 1 submission to the governor and legislature. Before the higher education coordinating board forwards its review and comment to the legislature, each system shall be given the opportunity by the higher education coordinating board to respond to the higher education coordinating board review. In order to provide sufficient time for the systems to respond, the HECB shall provide copies of its review and comment to the systems by October 15 and the systems shall submit any responses to the higher education coordinating board by November 15, prior to the December 1 submission to the governor and the legislature. The system responses shall accompany the higher education coordinating board review and comment when it is submitted to the governor and the legislature. As part of its review and comment, the higher education coordinating board shall present information on the costs, enrollment, and participation in public post-secondary institutions and, on the progress the systems and the board are making toward an integrated intersystem planning effort, and on efforts to assess the quality of institutions.

Subd. 6. [PRIVATE COLLEGES AND PROPRIETARY SCHOOLS.] *The members of the private college council and the Minnesota association of private proprietary schools shall perform the duties relating to quality assessment required of public post-secondary systems by this section.*

Sec. 2. [TASK FORCE ON QUALITY ASSESSMENT.]

The executive director of the board or a designee shall convene the task force.

Subd. 3. [DUTIES.] The task force shall conduct an inventory of assessment methods currently used by the post-secondary systems and institutions. The task force shall analyze the use of all assessment methods included in the inventory.

The task force shall specify appropriate goals of post-secondary education for students, institutions, systems, and the state. These goals should include the general learned abilities that distinguish people who have completed an undergraduate program, regardless of field of specialization. Appropriate goals shall be specified for cognitive learning, and may be specified for socialization, citizenship, and, if applicable, occupational preparation.

"Section 1. [ROBBINSDALE REPAIR AND BETTERMENT LEVY AND BONDING.]

Subdivision 1. [FACILITY REPAIR AND BETTERMENT.] The school board of independent school district No. 281, Robbinsdale, by resolution adopted by a majority vote after notice and hearing, may adopt a capital facility repair and betterment program for its existing district-owned facilities. The program must set forth the facilities to be improved, a schedule of work not exceeding five years from the adoption or amendment of the program, the estimated cost of the improvements to be made, and the proposed methods of financing the program. The program is subject to commissioner review under section 121.15. The program must be a part of the capital improvement program of the district according to the procedures in section 473.863. The program must be reviewed by the district annually before July 1 after notice and hearing. After the district's review the program may be amended to include the ensuing five-year period.

Subd. 2. [SPECIAL CAPITAL EXPENDITURE LEVY.] After the adoption of a program, the school board, by resolution adopted by majority vote, may annually levy an amount not more than two percent of the insured replacement value of district-owned facilities as certified to the commissioner by the board, but the aggregate amount levied must not exceed the actual or estimated cost, whichever is less, of the improvements identified in the program. The proceeds of the levies must be paid into a special account in the capital expenditure fund of the district and used solely for capital expenditures identified in the program, including principal and interest on obligations issued under subdivision 6. The levy authorized by this subdivision may be made in addition to all other authorized levies.

Subd. 3. [TERMINATION OF LEVY.] If a contract for one or more

improvements identified in the program has not been entered into within one year after the date of adoption of or amendment to the program, the authority to levy under subdivision 2 shall end. Any money in the special account must then be transferred to and irrevocably pledged to the debt service fund of the district to be used solely to reduce levies for bonded indebtedness of the district, or if there is no debt service fund, to the capital expenditure fund of the district. When the program ends, any balance in the special account must be used as provided in this subdivision.

Subd. 4. [PUBLIC HEARING.] Adoption of a program must be preceded by a public hearing. The hearing must be held after two weekly publications of a notice of the hearing in a newspaper of general circulation in the district. The second publication of the notice must be at least five days before the hearing.

Subd. 5. [REFERENDUM.] The authorization for the levy under subdivision 2 may be revoked or reduced as provided in this subdivision. A referendum on the question of revoking or reducing the authorized amount must be called on the written petition of two percent of the residents of the school district as determined by the most recent census. A petition to revoke or reduce the levy must be received by September 1 of the year in which the levy is proposed to be certified, and, if required, the referendum must be held by October 10 of that year. The ballot must state the number of mills required to raise the authorized amount. The ballot question must read substantially as follows:

"Shall the authority to make an extra capital expenditure levy in (year) granted to independent school district No. _____ in (this act) be (revoked/ reduced from \$_____ to \$_____)?"

In other respects the referendum must be conducted as other elections are conducted under sections 123.32 and 124A.03.

Subd. 6. [ISSUE BONDS.] The district, by resolution adopted by a two-thirds vote of the board, may issue and sell general obligation bonds within net debt limits to finance all or a part of the cost of the improvements identified in the program. The obligations must be issued and sold as provided in chapter 475, except that voter approval for issuance is not required.

S.F. No. 281: A bill for an act relating to motor vehicles; abolishing authority to appoint corporations as deputy registrars; providing for transfer of appointments of corporations as deputy registrars to individuals under certain conditions; amending Minnesota Statutes 1986, section 168.33, subdivision 2.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1986, section 168.012, subdivision 1c, is amended to read:

Subd. 1c. (a) The annual administrative fee for a tax-exempt vehicle under this section is \$5. The license plate fee for a tax-exempt vehicle, except a trailer, is \$10 for two plates per vehicle, payable only on the first tax-exempt registration of the vehicle. The registration period for a tax-exempt vehicle is biennial. The administrative fee is due on March 1 biennially and payable the preceding January 1, with validating stickers issued at time of payment.

~~(b) The owner of a tax-exempt vehicle shall apply for tax-exempt license plates, and pay the administrative and plate fees, and the filing fee under section 168.33, subdivision 7, only to a deputy registrar in the county in which the vehicle is domiciled.~~

Sec. 2. Minnesota Statutes 1986, section 168.33, subdivision 2, is amended to read:

Subd. 2. [POWERS.] (a) The registrar shall have the power to appoint, hire and discharge and fix the compensation of the necessary employees, in the manner provided by law, as may be required to enable the registrar to properly carry out the duties imposed by the provisions of this chapter. ~~As of April 14, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, without regard to whether the county auditor of the county in which the city is situated has been appointed as the deputy registrar for the county or has been discontinued as the deputy registrar for the county, and without regard to whether the county in which the city is situated has established a county license bureau which issues motor vehicle licenses as provided in section 373.32.~~

~~Effective August 1, 1976, the registrar may appoint, and for cause discontinue, a deputy registrar for any city as the public interest and convenience may require, if the auditor for the county in which the city is situated chooses not to accept appointment as the deputy registrar for the~~

county or is discontinued as a deputy registrar, or if the county in which the city is situated has not established a county license bureau which issues motor vehicle license as provided in section 373.32. Any person appointed by the registrar as a deputy registrar for any city shall be a resident of the county in which the city is situated.

(b) The registrar may shall appoint, and may for cause discontinue, the county auditor of each county that has not established a county license bureau under section 373.32 or the director of the county license bureau of each county that has established such a bureau as a deputy registrar. Before appointing a county auditor as a deputy registrar in a county that has not established a county license bureau under section 373.32, the registrar shall notify the county board of its option to establish a county license bureau. If the county board notifies the registrar that it chooses not to establish a county license bureau, or if it takes no action within 90 days of its notification by the registrar, the registrar may appoint the auditor as a deputy registrar. Each auditor or director shall maintain and operate at least one registration and motor vehicle tax collection bureau in the county seat.

(c) Upon approval of the county board, the auditor or director, with the approval of the ~~director of motor vehicles registrar~~, may appoint, and for cause discontinue, the clerk or equivalent officer of each city or ~~any other person an officer, director, or other person representing and accepting the appointment on behalf of a nonprofit corporation~~ as a deputy registrar as public interest and convenience may require, regardless of the appointee's county of residence. ~~Notwithstanding any other provision, a person other than a~~ The county auditor or a director of a county license bureau, who was appointed by the registrar before August 1, 1976, as a deputy registrar for any city, may continue contract with any other person, in accordance with this subdivision and with rules adopted by the registrar, to serve as provide services that ordinarily would be provided by a deputy registrar and may be discontinued for cause only by the registrar. A county auditor or director may contract for services as a deputy registrar only if:

(1) the auditor or director has established that interests of public need and convenience would be served by the establishment of a deputy registrar's office at a location at which one does not exist;

(2) the proposed office would not be within 15 miles or 25 minutes driving time of an existing office;

(3) no city clerk or equivalent officer is available for appointment as deputy registrar to serve that location, or the city has declined to have a city officer serve as deputy registrar; and

(4) the projected estimated number of applications that would be processed at the proposed office is not great enough to support the establishment of a county or city office to serve that location, and in any event would not exceed 25,000 a year.

A contract must be awarded to the lowest qualified bidder, but in no event may the compensation paid to a contractor for each application processed by the contractor exceed the filing fee set by subdivision 7. The county auditor or director who appointed or contracted with the deputy registrars ~~shall be~~ or contractors is responsible for the acts of deputy registrars appointed or awarded contracts by the auditor or director. Each such deputy, before entering upon the discharge of duties, shall take and

subscribe an oath to faithfully discharge the duties and to uphold the laws of the state. If ~~A contractor or a deputy registrar appointed hereunder who~~ is not an officer or employee of a county or city, ~~such deputy~~ shall in addition give bond to the state in the sum of \$10,000, or such larger sum as may be required by the registrar, conditioned upon the faithful discharge of duties as deputy registrar. ~~A corporation governed by chapter 302A may be appointed a deputy registrar. Upon application by an individual serving as a deputy registrar and the giving of the requisite bond as provided in subdivision 2, personally assured by the individual or another individual approved by the commissioner of public safety, a corporation named in an application shall become the duly appointed and qualified successor to the deputy registrar.~~ Each deputy registrar ~~appointed hereunder and contractor~~ shall keep and maintain, in a convenient public place within the place for which appointed, a registration and motor vehicle tax collection bureau, to be approved by the registrar, for the registration of motor vehicles and the collection of motor vehicle taxes ~~thereon~~.

(d) The registrar shall adopt rules requiring the operation of registration and motor vehicle tax collection bureaus outside normal business hours at locations where public interest and convenience may require such operation and where such operation would not impose undue hardship or expense on a county or city.

(e) A courier or other person transmitting applications, payments, certificates, licenses, or other documents and materials connected with the registration of motor vehicles and the payment of motor vehicle taxes between the office of a deputy registrar or contractor and a motor vehicle dealer, bank or other financial institution, or insurance office or agency must be an employee of that deputy registrar or contractor. If a deputy registrar or contractor wishes to provide courier service to a place and another deputy or contractor maintains an office closer to that place, the deputy or contractor wishing to provide the service may do so only if the distance from that deputy's or contractor's office to the place to be served is no more than 150 percent of the distance from that place to the closest office of a deputy or contractor.

(f) The deputy registrar shall keep such records and make such reports to the registrar as ~~that officer, from time to time,~~ the registrar may require. Such records ~~shall~~ must be maintained at the facility of the deputy registrar. The records and facilities of the deputy registrar ~~shall~~ must at all times be open to the inspection of the registrar or the registrar's agents. The deputy registrar shall report to the registrar by the next working day following receipt all registrations made and taxes and fees collected by the deputy registrar. The filing fee imposed ~~pursuant to~~ by subdivision 7 ~~shall~~ must be deposited in the treasury of the place for which the deputy registrar is appointed or the county to which the contractor is under contract, ~~or if not a public official, such deputy shall retain the filing fee,~~ but the registration tax and any additional fees for delayed registration the deputy registrar has collected the deputy registrar shall deposit by the next working day following receipt in an approved state depository to the credit of the state through the state treasurer.

(g) The state auditor shall audit the books and accounts of each deputy registrar who is not a public official and each contractor providing services of a deputy registrar once each year or as often as funds and personnel of the state auditor permit. The deputy registrar or contractor shall pay to the state the total cost and expenses of the examination, including the

salaries paid to the auditors while actually engaged in making the examination. The revolving fund of the state auditor must be credited with all collections made for any examination.

(h) The place for which the deputy registrar is appointed through its governing body shall provide the deputy registrar with facilities and personnel to carry out the duties imposed by this subdivision if such deputy is a public official. In all other cases, the deputy or contractor shall maintain a suitable facility for serving the public.

Sec. 3. [TRANSFER OF APPOINTMENT.]

Notwithstanding section 168.33, subdivision 2, an appointing authority shall transfer the appointment of a corporation as a deputy registrar to the person who, in an individual capacity, held the appointment for that office before the appointment of the corporation or, if a corporation has been sold or transferred since its appointment as a deputy registrar but before February 19, 1987, to the purchaser or transferee or, if more than one, one of the purchasers or transferees. To qualify for a transfer of an appointment under this section, a person shall apply in writing to the registrar by August 1, 1987.

Sec. 4. [TERMINATION OF APPOINTMENTS.]

Subdivision 1. [DEFINITION.] For purposes of this section, "private deputy registrar" means a deputy registrar of motor vehicles who is neither a public official nor a person representing and accepting appointment as deputy registrar on behalf of a nonprofit corporation.

Subd. 2. [EXISTING PRIVATE DEPUTY REGISTRARS.] Notwithstanding section 168.33, subdivision 2, a deputy registrar holding an appointment on the effective date of this act, or a person to whom an appointment is transferred under section 3, may continue to serve as a deputy registrar until the deputy registrar retires, dies, or voluntarily terminates operations. Nothing in section 168.33, subdivision 2, or section 3 prevents a private deputy registrar or a contractor providing the services of a deputy registrar from operating an office as a business corporation so long as the appointment as deputy registrar is held by an individual.

Subd. 3. [OPERATIONS IN COUNTY SEATS; EXCEPTIONS.] Notwithstanding section 168.33, subdivision 2, a county auditor or director of a county license bureau in a county where a private deputy registrar covered by subdivision 2 operates a registration and motor vehicle tax collection bureau in the county seat need not maintain and operate a bureau in the county seat until the private deputy registrar ceases operations there.

Subd. 4. [COMPENSATION.] By January 1, 1988, the registrar of motor vehicles shall submit to the legislature a plan for compensating persons who, before February 19, 1987, purchased a corporation appointed as a deputy registrar for the loss of the resale value of that purchase. The plan must include a method by which the registrar will determine the loss for each purchaser."

Delete the title and insert:

certain conditions; requiring county auditors or directors of county license bureaus to operate and maintain registration and motor vehicle tax collection bureaus in county seats; providing certain exceptions; permitting counties to contract with private individuals for deputy registrar services in certain instances; requiring the registrar of motor vehicles to adopt rules governing the hours of operation of deputy registrar offices; requiring the registrar to notify counties of their option to establish county license bureaus before appointing county auditors as deputy registrars; regulating courier services; requiring the audit of private deputy registrars and contractors; permitting private individuals holding appointments as deputy registrars or qualifying for transfers of appointments held by corporations to continue to operate as deputy registrars; requiring the registrar of motor vehicles to develop a plan for compensating persons who by a certain date purchased corporations holding appointments as deputy registrars; amending Minnesota Statutes 1986, sections 168.012, subdivision 1c; and 168.33, subdivision 2."

(b) the minimum required proportion of the relief association membership submits a signed petition to the board of trustees recommending to the board, the balance of the membership of the relief association and to the municipality that the relief association be consolidated into the fund. Subd. 3. [BOARD OF TRUSTEES RESPONSE.] In responding to a petition of the minimum required proportion of the relief association membership, the board of trustees shall hold a special meeting within one month of the receipt and authentication of the petition at which the public hearing shall be conducted. Approval or disapproval of consolidation shall be determined by majority vote.

Subd. 5. [APPROVAL TIME LIMITS.] If the consolidation process is initiated by the board of trustees of the relief association or by the minimum required proportion of the relief association membership, the governing body of the municipality shall approve or disapprove the consolidation action by a resolution of the governing body of the municipality within four months of the receipt of the initiating action by the relief association.

Subd. 6. [IMPACT OF DISAPPROVAL.] If a consolidation action is disapproved by action of the governing body of the municipality or by majority referendum vote of the membership of the relief association, no consolidation action may be initiated until after January 1 of the year next following the date of disapproval.

Final action on the question of the approval of the consolidation by the governing body of the municipality shall occur at a public hearing held for that purpose and shall occur within one month of the conclusion of the remaining actions preliminary to the finalization of the consolidation. If the governing body of the municipality upon its final action on the consolidation disapproves the consolidation, or the deadline for the municipality to take final action upon the question of consolidation expires, the approvals by the relief association and the municipality to initiate the consolidation shall no longer be effective.

Subd. 9. [DIVISION OF SALARIED AND VOLUNTEER FIREFIGHTER RELIEF ASSOCIATION.] If the relief association includes in its membership both volunteer firefighters and salaried firefighters, the board of

trustees of the relief association shall, before the effective date of the consolidation, undertake the necessary steps to separate the volunteer firefighters portion of the relief association from the salaried firefighters portion of the relief association and to establish the volunteer firefighters portion of the relief association as a distinct relief association governed by chapter 424A. Any special fund assets of the original relief association shall be valued at their fair market value and divided between the new volunteer firefighters relief association and the existing relief association on the basis of their relative actuarial accrued liabilities as determined by an approved actuary as provided in section 356.215. The municipality shall adopt a resolution specifying how any fire state aid received by the municipality under sections 69.011 to 69.051 shall be allocated between the newly established volunteer firefighters relief association and the existing relief association or the fund, whichever applies, as of the date of allocation.

Sec. 12. [353A.05] [ACTIONS PRELIMINARY TO CONSOLIDATION FINALIZATION.]

Subdivision 1. [COMMISSION ACTIONS.] Upon initiation of consolidation as provided in section 11, the executive director of the commission shall direct the actuary retained by the commission to undertake the preparation of the actuarial calculations necessary to complete the consolidation.

These actuarial calculations shall include for each active member, each deferred former member, each retired member, and each current beneficiary the computation of the present value of future benefits, the future normal costs, if any, and the actuarial accrued liability on the basis of the existing relief association benefit plan and on the basis of the public employees police and fire fund benefit plan. These actuarial calculations shall also include for the total active, deferred, retired, and benefit recipient membership the sum of the present value of future benefits, the future normal costs, if any, and the actuarial accrued liability on the basis of the existing relief association benefit plan, on the basis of the public employees police and fire fund benefit plan and on the basis of the benefit plan which produced the largest present value of future benefits for each person. The actuarial calculations shall be prepared using the entry age actuarial cost method for all components of the benefit plan and using the actuarial assumptions applicable to the fund for the most recent actuarial valuation prepared under section 356.215, except that the actuarial calculations on the basis of the existing relief association benefit plan shall be prepared using an interest rate actuarial assumption during the postretirement period which is in the same amount as the interest rate actuarial assumption applicable to the preretirement period. The actuarial calculations shall include the computation of the present value of the initial postretirement adjustment anticipated by the executive director of the state board as payable after the effective date of the consolidation from the Minnesota postretirement investment fund under section 11A.18.

The chief administrative officer of the relief association shall, upon request, provide in a timely manner to the executive director of the commission and to the actuary retained by the commission the most current available information or documents, whichever applies, regarding the demographics of the active, deferred, retired, and benefit recipient membership of the relief association, the financial condition of the relief association and the existing benefit plan of the relief association.

Upon completion of the actuarial calculations required by this subdivision, the actuary retained by the commission shall issue a report in the form of an appropriate summary of the actuarial calculations and shall provide a copy of that report to the executive director of the commission, the executive director of the public employees retirement association, the chief administrative officer of the relief association, the chief administrative officer of the municipality in which the relief association is located, the state auditor, and the legislative auditor. For purposes of determining whether or not the relief association has authority to consolidate, the report shall include the total present value of future benefits for current benefit recipients, for deferred members and for active members who qualify for or who are within two years of qualifying for a service pension, under the benefit plan providing the largest present value, based on either age or service.

Subd. 2. [STATE BOARD ACTIONS.] Upon approval of consolidation by the membership as provided in section 11, the executive director of the state board shall review the existing investment portfolio of the relief association for compliance with the requirements and limitations set forth in sections 11A.14, 11A.18, 11A.23, and 11A.24 and for appropriateness for retention in the light of the established investment objectives of the state board. The executive director of the state board, using any reporting service retained by the state board, shall determine the approximate market value of the existing assets of the relief association upon the effective date of consolidation and the transfer of assets from the relief association to the individual relief association consolidation accounts at market value.

The state board may require that the relief association liquidate any investment security or other item of value which is determined to be ineligible or inappropriate for retention by the state board. The liquidation shall occur before the effective date of consolidation and transfer of assets.

If requested to do so by the chief administrative officer of the relief association or of the municipality, the state board shall provide advice on the means and procedures available to liquidate investment securities and other assets determined to be ineligible or inappropriate.

Subd. 3. [FUND ACTIONS.] Upon approval of consolidation by the membership as provided in section 11, the executive director of the public employees retirement association shall request from the relief association and the municipality the information necessary to allow the fund to complete the consolidation, which at a minimum shall include the information required to be provided to the executive director of the commission and to the actuary retained by the commission by subdivision 1. The chief administrative officer of the relief association and the chief administrative officer of the municipality shall provide the requested information in a timely manner. The data shall be reported on forms or in a manner prescribed by the executive director of the public employees retirement association. The data shall be current as of the date of the approval of the consolidation by the membership and shall thereafter include updated data on a monthly basis following the initial collection of data, also in the manner or on forms prescribed by the executive director of the public employees retirement association. The chief administrative officer of the municipality and the chief administrative officer of the relief association shall certify as to the accuracy of the data reported to the public employees retirement association, and the public employees retirement association may rely on that data without undertaking any affirmative duty to verify

the data.

Sec. 13. [353A.06] [FINALIZATION OF CONSOLIDATION.]

Upon the completion of the applicable actions preliminary to consolidation finalization under section 12, each entity shall report the result of those actions to the relief association and to the municipality. Upon final approval by the municipality as provided in section 11, subdivision 8, the consolidation of the relief association with the public employee police and fire fund shall be scheduled to occur. The consolidation shall be effective as of the date established for consolidation by the board of the public employees retirement association. The effect of the consolidation shall be as provided in sections 14 to 16.

Sec. 14. [353A.07] [EFFECT ON ADMINISTRATION.]

Subd. 2. [TRANSFER OF RECORDS.] On the effective date of consolidation, the chief administrative officer of the relief association shall transfer all records and documents relating to the special fund of the relief association to the fund. To the extent possible, original copies of all records and documents shall be transferred. For any records and documents which apply to both the general fund and the special fund of the relief association, the chief administrative officer may transfer a photostatic copy of the applicable original record or document if the copy is accompanied by a certification by the chief administrative officer that the copy is a true and exact copy of the original. Any photostatic copy of any document so certified may be treated by the fund for all purposes as an original copy.

Subd. 3. [TRANSFER OF ASSETS.] On the effective date of consolidation, the chief administrative officer of the relief association shall effect the transfer of the entire assets of the special fund of the relief association to the fund. The transfer may include any investment securities of the special fund which are not determined to be ineligible or inappropriate by the executive director of the state board under section 12, subdivision 2, at the market value of the investment security as of the effective date of the consolidation. The transfer shall include any accounts receivable determined by the executive director of the state board as capable of being collected. The transfer shall also include an amount, in cash, representing any remaining investment security or other asset of the special fund which was liquidated, after defraying any accounts payable.

As of the effective date of consolidation, subject to the authority of the state board, the board of trustees of the public employee retirement association shall have legal title to and management responsibility for any transferred assets as trustees for any person having a beneficial interest arising out of benefit coverage provided by the relief association. The fund shall be the successor in interest for all claims for and against the special fund of the relief association or the municipality with respect to the special fund of the relief association, except any claim against the relief association or the municipality or any person connected with the relief association or the municipality in a fiduciary capacity, based on any act or acts by that person which were not done in good faith and which constituted a breach of the obligation of the person as a fiduciary. As a successor in interest,

the fund may assert any applicable defense in any judicial proceeding which the board of the relief association or the municipality would have otherwise been entitled to assert.

Subd. 4. [TERMINATION OF SPECIAL FUND.] As of the effective date of consolidation and the transfer of administration, records, assets, and liabilities from the relief association to the separate consolidation fund, the special fund of the relief association shall cease to exist as a legal entity. If the relief association has a general fund as of the effective date of consolidation, the general fund may continue to exist as a legal entity at the discretion of the board of the relief association. If the relief association does not have a general fund as of the effective date of consolidation, the board of the relief association may establish a general fund, which may conduct business on behalf of the relief association as the board of the relief association may direct. Following consolidation, the general fund may retain the name of the relief association, shall be the only fund of the relief association and shall continue to be governed by any applicable general or special law provision other than any provisions governing the benefits previously payable from the special fund of the relief association. Any relief association continuing in the form of the general fund shall function as a fraternal organization.

The municipality shall maintain the service previously provided to assist the relief association through making the appropriate payroll deduction of relief association membership dues from relief association members.

Subd. 5. [COSTS OF CONSOLIDATION.] The reasonable and necessary costs arising from the actions of the commission, the state board, and the fund preliminary to consolidation as provided in section 12 shall be paid by the relief association from the special fund as those costs are incurred before the effective date of the consolidation and shall be considered to be authorized administrative expenses of the relief association for section 69.80. If the governing body of the municipality fails to grant final approval of the consolidation as provided in section 11, subdivision 8, the municipality shall reimburse the special fund of the relief association for any costs arising from the actions preliminary to consolidation which it has incurred. The reimbursement shall occur within 30 days of the date on which the municipality declined to grant final approval of the consolidation or the date on which the deadline for final approval by the municipality of the consolidation expired.

Subd. 6. [POSTCONSOLIDATION BYLAW AMENDMENTS.] Following the effective date of consolidation, if the relief association continues in the form of the general fund, the board of the relief association shall adopt the appropriate amendments to its bylaws and articles of incorporation to reflect its change in status and operation. The amendments shall be effective upon filing the applicable amendments with the executive director of the commission and with the state auditor and shall not require municipal ratification as provided in section 69.77, subdivision 2a.

Sec. 15. [353A.08] [EFFECT ON BENEFIT COVERAGE.]

Subdivision 1. [ELECTION OF COVERAGE BY CURRENT RETI-REES.] Any person who is receiving a service pension, disability benefit, or survivorship benefit shall have the option to elect to have benefit coverage provided under the relevant provisions of the public employees police and fire fund benefit plan or to retain benefit coverage provided under the relief association benefit plan in effect on the effective date of the con-

solidation. The relevant provisions of the public employees police and fire fund benefit plan for the person electing that benefit coverage shall be limited to participation in the Minnesota postretirement investment fund for any future postretirement adjustments in the amount of the benefit or pension payable as of the effective date of the consolidation, the date as of which pension or benefit payments are to be paid and the termination of a survivor or disability benefit or suspension of a retirement annuity before the death of the person. The survivorship benefit payable on behalf of any service pension or disability benefit recipient who elects benefit coverage provided under the relevant provisions of the public employees police and fire fund benefit plan shall be calculated under the relief association benefit plan in effect on the effective date of the consolidation and shall be subject to participation in the Minnesota postretirement investment fund for any future postretirement adjustments in the amount of the survivorship benefit payable.

By electing the public employees police and fire fund benefit plan, any current service pension or disability benefit recipient who, as of the first January 1 occurring after the effective date of consolidation, has been receiving the pension or benefit for at least 18 months or any survivor benefit recipient who, as of the first January 1 occurring after the effective date of consolidation, has been receiving the benefit on the person's own behalf or in combination with a prior applicable service pension or disability benefit for at least 18 months shall be entitled to receive any adjustment payable from the Minnesota postretirement investment fund under section 11A.18 as of the first January 1 occurring after the effective date of consolidation.

The election by any pension or benefit recipient shall be made on or before the deadline established by the board of the public employees retirement association, which shall be established in a manner which recognizes the number of persons eligible to make the election and the anticipated time required to conduct any required benefit counseling.

Subd. 2. [ELECTION OF COVERAGE BY CURRENT DEFERRED RETIREES.] Any person who has terminated active employment as a police officer or firefighter, whichever applies, with the municipality, has sufficient credit for service to entitle the person to an eventual service pension and has not taken a refund of accumulated member contributions, if applicable, shall have the option to elect to have benefit coverage provided under the relevant provisions of the public employees police and fire fund benefit plan or to retain benefit coverage provided by the relief association benefit plan in effect on the effective date of consolidation. The relevant provisions of the public employees police and fire fund benefit plan for the person electing that benefit coverage shall be the provisions specified in subdivision 1.

The election shall be made when the person files an application for receipt of the deferred service pension and shall accompany that application.

Subd. 3. [ELECTION OF COVERAGE BY ACTIVE MEMBERS.] Any person who is employed as a police officer or as a firefighter other than a volunteer firefighter, whichever applies, by the municipality and is an active member of the relief association shall have the option to elect to have benefit coverage provided under the relevant provisions of the public employees police and fire fund benefit plan or to retain benefit coverage provided by the relief association benefit plan in effect on the effective

date of consolidation. The relevant provisions of the public employee police and fire fund benefit plan for the person electing that benefit coverage shall be the relevant provisions of the public employee police and fire fund benefit plan applicable to retirement annuities, disability benefits, and survivor benefits, including participation in the Minnesota postretirement investment fund, but excluding any provisions governing the purchase of credit for prior service or making payments in lieu of member contribution deductions applicable to any period which occurred before the effective date of consolidation.

An active member shall be eligible to make an election at one of the following times:

(a) on or before the date occurring 180 days after the effective date of consolidation;

(b) after the date on which the active member attains the age of 49 years and six months and before the date on which the active member attains the age of 50 years; or

(c) on the date on which the active member terminates active employment as a police officer or firefighter, whichever applies, with the municipality in which the local relief association subject to consolidation was located.

Subd. 4. [IRREVOCABLE ELECTION.] Any election made under this section shall be irrevocable once it has been filed. Each election shall be made on a form prescribed by the executive director of the public employees retirement association and shall be filed with the executive director. If the current retiree, current benefit recipient, current deferred retiree, or current active member has, as of the effective date of consolidation or the election of benefit coverage, whichever applies, a spouse or other person who has reached the age of majority who under the benefit plan of the relief association would be entitled to receive a survivor benefit upon the death of the person making the election, the election made as provided in this section shall not be considered valid without a statement signed by the potential survivor and accompanying the election form which indicates that the potential survivor has been informed of the election and understands the consequences of the election.

The election form, if validly executed and accompanied by any required statement or statements, shall be effective on the first day of the month next following its filing with the executive director of the public employees retirement association or the date of retirement, whichever is earlier. If the person making the election becomes disabled or dies before the effective date of the election, any disability or survivor benefits which are payable shall be governed by the existing benefit plan of the relief association.

If the person entitled to make the election elects to retain coverage by the benefit plan of the relief association or fails to make the election in a timely fashion, the person shall have future pension or benefit payments governed by the provisions of the existing benefit plan of the relief association in effect on the effective date of consolidation.

Subd. 5. [RETURNING DISABILITANTS; REEMPLOYED ANNUITANTS.] Any person who is receiving a disability benefit from a consolidating local relief association as of the effective date of the consolidation and who recovers sufficiently from that disability following the effective date of the consolidation to allow for a return to active employment as a

police officer or firefighter, whichever applies, with the municipality in which the consolidating relief association was located shall retain eligibility to the local relief association benefit plan only and shall not be entitled to elect the public employees police and fire fund benefit plan as an active member, even if the public employees police and fire fund benefit plan was elected as a benefit recipient.

Any person who becomes disabled following the effective date of the consolidation shall be entitled to make a benefit plan coverage election as an active member upon the termination of active employment and commencement of the disability benefit and, upon any return to active service, shall retain benefit plan coverage by the previously selected benefit plan coverage election.

Any person who retired from a consolidating local relief association before the effective date of the consolidation or retires after the effective date of the consolidation, who has elected coverage by the public employees police and fire fund benefit plan and who returns to active employment with an employing unit covered by the public employees retirement association following the effective date of consolidation shall be subject to the provisions of section 353.37, subdivision 1.

Subd. 6. [SPECIAL BENEFIT PROVISIONS.] *If the benefit plan of the relief association as of the date on which consolidation is initiated provides for special benefit coverage as specified in section 9, subdivision 28, any person who would have otherwise been entitled to that special benefit coverage shall retain entitlement upon consolidation to that special benefit coverage notwithstanding the election which the person makes regarding other aspects of the benefit coverage as provided in subdivision 1, 2, or 3. No. 388: A bill for an act relating to environment; authorizing the pollution control agency to issue administrative orders assessing penalties; establishing a hearing procedure; providing for the distribution and expenditure of monetary penalties; amending Minnesota Statutes 1986, section 115B.20, subdivisions 2, 3, and 4; proposing coding for new law in Minnesota Statutes, chapter 116.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [116.072] [ADMINISTRATIVE PENALTIES FOR HAZARDOUS WASTE VIOLATIONS.]

Subdivision 1. [AUTHORITY TO ISSUE PENALTY ORDERS.] The director may issue an order requiring violations to be corrected and administratively assessing monetary penalties for hazardous waste violations under sections 115.061 and 116.07, and Minnesota Rules, chapter 7045. The order must be issued as provided in this section.

Subd. 2. [AMOUNT OF PENALTY; CONSIDERATIONS.] (a) The director may issue an order assessing a penalty up to \$10,000 for all violations identified during an inspection.

(b) In determining the amount of a penalty the director may consider:

- (1) the willfulness of the violation;*
- (2) the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;*
- (3) the history of past violations;*
- (4) the number of violations;*
- (5) the economic benefit gained by the person by allowing or committing the violation; and*
- (6) other factors as justice may require, if the director specifically identifies the additional factors in the director's order.*

(c) For a violation after an initial violation, the director shall, in determining the amount of a penalty, consider the factors in paragraph (b) and the:

- (1) similarity of the most previous violation and the violation to be penalized;*
- (2) time elapsed since the last violation;*
- (3) number of previous violations; and*
- (4) response of the person to the most previous violation identified.*

Subd. 3. [CONTENTS OF ORDER.] An order assessing an administrative penalty under this section shall include:

- (1) a concise statement of the facts alleged to constitute a violation;*
- (2) a reference to the section of the statute, rule, variance, order, stipulation agreement, or term or condition of a permit that has been violated;*
- (3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and*
- (4) a statement of the person's right to review of the order.*

Subd. 4. [CORRECTIVE ORDER.] (a) The director may issue an order assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the director before the 31st day after the order was received demonstrating that the violation has been corrected or that appropriate steps toward correcting the violation have been taken. The director shall determine whether the violation has been corrected and notify the person subject to the order of the director's determination.

Subd. 5. [PENALTY.] (a) Except as provided in paragraph (b), if the director determines that the violation has been corrected or appropriate steps have been taken to correct the action, the penalty must be forgiven. Unless the person requests review of the order under subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the director showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the director's determination under subdivision 4, paragraph (b), if the person subject to the order has provided information to the director that the director determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For a repeated or serious violation, the director may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 6, 7, or 8 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 6. [EXPEDITED ADMINISTRATIVE HEARING.] (a) Within 30 days after receiving an order or within 20 days after receiving notice that the director has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing to review the director's action. The person to whom the order is directed and the director are the parties to the expedited hearing. The director must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the director unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under the conference contested case rules of the office of administrative hearings, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the director's action to the director within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the director may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the director may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the director on the recommendations and the director will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the director, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Subd. 7. [DISTRICT COURT HEARING.] (a) Within 30 days after the receipt of an order or within 20 days of receipt of notice that the director has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may file a petition in district court for review of the order in lieu of requesting an administrative hearing under subdivision 6. The petition shall be filed with the court administrator with proof of service on the director. The petition shall be captioned in the name of the person making the petition as petitioner and the director as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order, including the facts upon which each claim is based.

(b) At trial, the director must establish by a preponderance of the evidence that a violation subject to this section occurred, the petitioner is responsible for the violation, a penalty immediately assessed as provided for under subdivision 5, paragraph (b) or (c), is justified by the violation, and the factors listed in subdivision 2 were considered when the penalty amount was determined and the penalty amount is justified by those factors.

Subd. 8. [MEDIATION.] In addition to review under subdivision 6 or 7, the director is authorized to enter into mediation concerning an order issued under this section if the director and the person to whom the order is issued both agree to mediation.

Subd. 9. [ENFORCEMENT.] (a) The attorney general may proceed on

behalf of the state to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney fees, costs, and interest.

Subd. 10. [REVOCAION AND SUSPENSION OF PERMIT.] If a person fails to pay a penalty owed under this section the agency has grounds to revoke or refuse to reissue or renew a hazardous waste permit issued by the agency.

Subd. 11. [CUMULATIVE REMEDY.] The authority of the agency to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law. The payment of a penalty does not preclude the use of other enforcement provisions in connection with the violation for which the penalty was assessed."

The ombudsman, after discussing with the recipient his or her condition and in consultation with a health practitioner who practices in the specialty area of the recipient’s primary diagnosis, shall investigate and determine whether an expedited appeal is warranted. In making the determination, the ombudsman shall evaluate whether the medical condition of the recipient, if not expeditiously diagnosed and treated, could cause physical or mental disability, substantial deterioration of physical or mental health, continuation of severe pain, or death. The ombudsman may order a second medical opinion from the prepaid health plan or order a second medical opinion from a non-prepaid health plan provider at prepaid health plan expense. If the ombudsman determines that an expedited appeal is warranted, the state welfare referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case. In urgent or emergency situations in which a prepaid health plan provider has prescribed treatment, and the prepaid health plan has denied authorization for that treatment, the referee may order the health plan to authorize treatment pending the outcome of the appeal if an expedited hearing would not prevent disability, deterioration, severe pain, or death.”

Subd. 8. Subd. 10. [IMPACT ON PUBLIC OR TEACHING HOSPITALS AND COMMUNITY CLINICS.] (a) Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program, provided the terms of participation in the program are competitive with the terms of other participants.

(b) Prepaid health plans serving counties with a nonprofit community clinic must contract with the clinic to provide services to clients who choose to receive services from the clinic, if the clinic agrees to payment rates that are competitive with rates paid to other providers for similar services.

(c) (3) may contract with other health care and social service practitioners to provide services to enrollees; and

(d) (4) shall institute recipient grievance procedures according to the method established by the project, utilizing applicable requirements of chapter 62D. Disputes not resolved through this process shall be appealable to the commissioner as provided in subdivision 11.

(b) Demonstration providers must comply with the standards for claims settlement under section 72A.20, subdivision 12a, paragraphs (d), (e), (g), and (h), when contracting with other health care and social service practitioners to provide services to enrollees. For purposes of the Minnesota base rate schedule, for vehicles with six or more axles in the "S" and "T" categories, the base rates are \$1,520 and \$1,620 respectively.

For each vehicle with a gross weight in excess of 81,000 pounds an additional tax of \$50 is imposed for each ton or fraction thereof in excess of 81,000 pounds, subject to subdivision 12.

Truck-tractors except those herein defined as farm and commercial zone vehicles shall be taxed in accord with the foregoing gross weight tax schedule on the basis of the combined gross weight of the truck-tractor and any semitrailer or semitrailers which the applicant proposes to combine with the truck-tractor.

Commercial zone trucks include only trucks, truck-tractors, and semi-trailer combinations which are:

(1) used by an authorized local cartage carrier operating under a permit issued under section 221.296 and whose gross transportation revenue consists of at least 60 percent obtained solely from local cartage carriage, and are operated solely within an area composed of two contiguous cities of the first class and municipalities contiguous thereto as defined by section 221.011, subdivision 17; or,

The license plates issued for commercial zone vehicles shall be plainly marked. A person operating a commercial zone vehicle outside the zone or area in which its operation is authorized is guilty of a misdemeanor and, in addition to the penalty therefor, shall have the registration of the vehicle as a commercial zone vehicle revoked by the registrar and shall be required to reregister the vehicle at 100 percent of the full annual tax prescribed in the Minnesota base rate schedule, and no part of this tax shall be refunded during the balance of the registration year.

On commercial zone trucks the tax shall be based on the total gross weight of the vehicle and during each of the first eight years of vehicle life shall be 75 percent of the Minnesota base rate schedule. During the ninth and succeeding years of vehicle life the tax shall be 50 percent of the Minnesota base rate schedule.

On trucks, truck-tractors and semitrailer combinations, except those defined as farm trucks and farm combinations, *except for pickup trucks with a carrying capacity of 2,000 pounds or less and in the ninth or succeeding year of vehicle life*, and except for those commercial zone vehicles specifically provided for in this subdivision, the tax for each of the first eight years of vehicle life shall be 100 percent of the tax imposed in the Minnesota base rate schedule, and during the ninth and succeeding years of vehicle

life, the tax shall be 75 percent of the Minnesota base rate prescribed by this subdivision.

For a truck with a manufacturer's nominal rated carrying capacity of 2,000 pounds or less, in the ninth or succeeding year of vehicle life, that would conform to the definition of pickup truck except that the carrying capacity of the truck is greater than 1,500 pounds, the tax is the same as for a pickup truck of the same age, taxed under subdivision 1a. If the truck does not have a manufacturer's rated carrying capacity, the capacity is computed by subtracting the unladen weight of the truck from its gross vehicle weight. Subd. 4b. [FORMULA TERMS, 1984-1985 AND AFTER.] To predict the logarithm of the base cost for each district pursuant to subdivision 3 for ~~each school year~~ *the 1985-1986 base year*, the multiple regression formula shall use the following terms for each district:

(1) the logarithm of the lesser of (a) the number of authorized FTE's per square mile transported by the district in the regular transportation category, or (b) 200;

(2) whether the district is nonrural, based upon criteria established by the department of education; and

(3) the logarithm of the percentage of all FTE's transported in the regular category using buses that are not owned by the district.

To predict the logarithm of the base cost for each district according to subdivision 3 for the 1986-1987 base year and thereafter, the multiple regression formula shall use the following terms for each district:

(1) *the logarithm of the lesser of:*

(a) 200; or

(b) the quotient obtained by dividing the sum of:

(i) the number of FTE pupils transported in the regular category in the base year, plus

(ii) the number of secondary pupils transported to and from school in the base year who live more than one mile but less than two miles from the public school which they could attend or from the nonpublic school actually attended, plus

(iii) the number of pupils residing less than one mile from school who were transported to and from school in the base year because of extraordinary traffic hazards,

(c) by the area of the district in square miles;

(2) whether the district is nonrural, based upon criteria established by the department of education; and

(3) the logarithm of the percentage of all FTE's transported in the regular category using buses that are not owned by the district.

Sec. 3. Minnesota Statutes 1986, section 124.225, subdivision 7b, is amended to read:

Subd. 7b. [INFLATION FACTORS.] The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by ~~4.3~~ 6.0 percent to determine the district's aid entitlement per FTE for the ~~1984-1985~~ 1986-1987 school year, by ~~8.9~~ 5.4 percent to determine the district's aid entitlement per FTE for the ~~1985-1986~~ 1987-1988 school year, and by ~~6.0~~ 5.1 percent to determine the district's aid entitlement per FTE for the ~~1986-1987~~ 1988-1989 school year.

Sec. 4. Minnesota Statutes 1986, section 124.225, subdivision 8a, is amended to read:

A district may levy less than the amount raised by 1.75 mills. Transportation aid shall be computed as if the district had levied the amount raised by 1.75 mills.

(a) For the ~~1986-1987 and 1987-1988~~ school year and each year thereafter years, a district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its nonregular transportation aid pursuant to subdivision 8i, and its nonregular transportation levy equalization aid pursuant to subdivision 8j, minus its contracted services aid reduction pursuant to subdivision 8k, minus the amount raised by 2.25 mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than the amount raised by 2.25 mills. Transportation aid shall be computed as if the district had levied the amount raised by 2.25 mills.

(b) For the 1988-1989 school year and thereafter, a district's transportation aid is equal to the sum of its basic transportation aid under subdivision 8b, its nonregular transportation aid under subdivision 8i, and its nonregular transportation levy equalization aid under subdivision 8j, minus its contracted services aid reduction under subdivision 8k, minus its basic transportation levy limitation for the levy attributable to that school year under section 275.125, subdivision 5.

(c) If the total appropriation for transportation aid for any fiscal year is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the aid entitlement of off-formula districts in the same proportion.

Sec. 5. Minnesota Statutes 1986, section 124.225, subdivision 8i, is amended to read:

(c) For the 1988-1989 school year and thereafter, nonregular transportation aid equals (1) 60 percent of the actual cost in the current year for nonregular transportation services per total pupil unit which exceeds \$30, times (2) the number of total pupil units in the district in the current year.

The commissioner of revenue shall establish and certify the basic transportation mill rate to the commissioner of education by August 1 of each year for levies payable in the following year. The basic transportation mill rate shall be a rate, rounded up to the nearest hundredth of a mill, that, when used to calculate the levy for all districts, raises the amount specified in this subdivision. The basic transportation mill rate for the 1988-1989 school year shall be sufficient to raise \$71,437,600. The basic transportation mill rate certified by the commissioner of revenue may not be changed due to changes or corrections made to a district's adjusted assessed valuation after the mill rate has been certified.~~

The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (d) at the district's initiative ~~after at least one attempt to obtain this consent through a conciliation conference held pursuant to clause (e)~~;

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a);

If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

(e) The decision of the hearing officer pursuant to clause (d) shall be rendered not more than 45 calendar days from the date of the receipt of the request for the hearing. appealed to the hearing review officer within 15 calendar days of receipt of that written decision, by the parent, guardian, or the school board of the district where the child resides.

If the decision is appealed, a written transcript of the hearing shall be made by the school district and shall be accessible to the parties involved within five calendar days of the filing of the appeal. The hearing review officer shall issue a final decision based on an impartial review of the local decision and the entire record within 30 calendar days after the filing of the appeal. The hearing review officer shall seek additional evidence if necessary and may afford the parties an opportunity for written or oral argument; provided any hearing held to seek additional evidence shall be an impartial due process hearing but shall be deemed not to be a contested case hearing for purposes of chapter 14. The hearing review officer may grant specific extensions of time beyond the 30-day period at the request of any party.

The final decision shall:

- (1) be in writing;
- (2) include findings and conclusions; and
- (3) be based upon the standards set forth in subdivision 3a and in the rules of the state board.

(g) The decision of the hearing review officer shall be final unless appealed by the parent or guardian or school board to the court of appeals. The judicial review shall be in accordance with chapter 14.

(h) The commissioner of education, having delegated general supervision of special education to the appropriate staff, shall be the hearing review officer except for appeals in which:

- (3) the commissioner has been involved in the selection of the administrators of the district that is a party to the hearing;
- (4) the commissioner has a personal, economic, or professional interest in the outcome of the hearing other than the proper administration of the federal and state laws, rules, and policies;
- (5) the appeal challenges a state or local policy which was developed with substantial involvement of the commissioner; or
- (6) the appeal challenges the actions of a department employee or official.

For any appeal to which the above exceptions apply, the state board of education shall name an impartial and competent hearing review officer.

In all appeals, the parent or guardian of the handicapped student or the district that is a party to the hearing may challenge the impartiality or competence of the proposed hearing review officer by applying to the state board of education.

(i) Pending the completion of proceedings pursuant to this subdivision, unless the district and the parent or guardian of the child agree otherwise,

the child shall remain in the child's current educational placement and shall not be denied initial admission to school.

(j) The child's school district of residence, if different from the district where the child actually resides, shall receive notice of and may be a party to any hearings or appeals pursuant to this subdivision.

Sec. 8. Minnesota Statutes 1986, section 120.17, subdivision 5, is amended to read:

(b) When it is determined pursuant to section 128A.05, subdivisions 1 or 2 that the child is entitled to attend either school, the state board shall provide the appropriate educational program for the child. The state board shall make a tuition charge to the child's district of residence for the actual cost of providing the program; provided, however, that effective for the 1983-1984 school year and thereafter, the amount of tuition charged shall not exceed the sum of \$1,000 plus the foundation aid formula allowance of the district for that child, for an entire school year, or a prorated amount based on the portion of the school year for which the child is a resident of the district or is actually in membership in the program. For purposes of this subdivision, "foundation aid formula allowance" shall have the meaning attributed to it in section 124.32, subdivision 1a. The district of the child's residence shall pay the tuition and may claim foundation aid for the child. The district of the child's residence shall not receive aid pursuant to section 124.32, subdivision 5, for tuition paid pursuant to this subdivision. (e) Notwithstanding the provisions of clauses (b) and (c), the state board may agree to supply staff from the Minnesota ~~School~~ *state academy* for the deaf and the Minnesota ~~Braille and Sight-Saving School~~ *state academy for the blind* to participate in the programs provided by the district where the institutions are located when the programs are provided to students in attendance at the state schools.

The period of redemption for all other lands sold to the state at a tax judgment sale shall be five years from the date of sale.

Sec. 2. Minnesota Statutes 1986, section 462.445, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE OF POWERS.] An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 462.415 to 462.705 (but not the power to levy and collect taxes or special assessments except as provided in sections 462.515 to 462.545 with respect to redevelopment projects only) including the following powers in addition to others granted in these sections:

(1) To sue and be sued; to have a seal, which shall be judicially noticed, and to alter the same at pleasure; to have perpetual succession; and to make, and from time to time to amend and repeal, rules and regulations not inconsistent with these sections;

(2) To employ an executive director, technical experts, and such officers, agents, and employees, permanent and temporary, as it may require, and determine their qualifications, duties, and compensation; for such legal services as it may require, to call upon the chief law officer of the municipality or to employ its own counsel and legal staff; so far as practicable, to use the services of local public bodies, in its area of operation, such local public bodies, if requested, to make such services available;

(3) To delegate to one or more of its agents or employees such powers or duties as it may deem proper;

(4) Within its area of operation to undertake, prepare, carry out, and operate projects and to provide for the construction, reconstruction, improvement, extension, alteration, or repair of any project or part thereof;

(5) Subject to the provisions of section 462.511, to give, sell, transfer, convey, or otherwise dispose of real or personal property or any interest therein and to execute such leases, deeds, conveyances, negotiable instruments, purchase agreements, and other contracts or instruments, and take such action, as may be necessary or convenient to carry out the purposes of these sections;

(6) Within its area of operation to acquire real or personal property or any interest therein by gifts, grant, purchase, exchange, lease, transfer, bequest, devise, or otherwise, and by the exercise of the power of eminent domain, in the manner provided by Minnesota Statutes 1945, chapter 117, and any amendments thereof or supplements thereto, to acquire real property which it may deem necessary for its purposes under these sections, after the adoption by it of a resolution declaring that the acquisition of the real property is necessary to eliminate one or more of the conditions found to exist in the resolution adopted pursuant to section 462.425 or found to exist by section 462.415, subdivision 5, or is necessary to carry out a redevelopment project as defined in section 462.421, subdivision 13;

(7) Within its area of operation, and without the adoption of an urban renewal plan, to acquire, by all means as set forth in clause (6) of this subdivision, including by the exercise of the power of eminent domain, in the manner provided by chapter 117, and without the adoption of a resolution provided for in subdivision 1, clause (6), real property, and to demolish, remove, rehabilitate or reconstruct the buildings and improvements

or construct new buildings and improvements thereon, or to so provide through other means as set forth in Laws 1974, chapter 228, or to grade, fill and construct foundations or otherwise prepare the site for improvements, and to dispose of said property pursuant to section 462.525, provided that the provisions of section 462.525 requiring conformance to an urban renewal plan shall not apply, and to finance such activities by means of the redevelopment project fund or by means of tax increments or tax increment bonds or by the methods of financing provided for in section 462.545 or by means of contributions from the municipality provided for in section 462.581, clause (9), or by any combination of such means; provided that, real property with buildings or improvements thereon shall only be acquired when the buildings or improvements are substandard; and provided further that the exercise of the power of eminent domain under this clause shall be limited to real property which contains buildings and improvements which are vacated and substandard. For the purpose of this subparagraph, substandard buildings or improvements mean *hazardous buildings as defined in section 463.15, subdivision 3, or buildings or improvements that are dilapidated or obsolescent, faultily designed, lack adequate ventilation, light, or sanitary facilities, or any combination of these or other factors that are detrimental to the safety or health of the community.*

(8) Within its area of operation to determine the level of income constituting low or moderate family income. Such income level shall be that level below which there is not available within the area of operation a substantial supply of decent, safe and sanitary housing provided by private enterprise without subsidy at prices or rents within the financial means of persons and families of such incomes. The authority may establish various income levels for various family sizes. In making its determination the authority may consider income levels which may be established by the federal housing administration or a similar or successor federal agency for the purpose of federal loan guarantees or subsidies for persons of low or moderate income. The authority may use such determination as a basis for the maximum amount of income for admissions to housing development projects owned or operated by it;

(9) To provide in federally assisted projects such relocation payments and assistance as may be necessary to comply with the requirements of the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and any amendments or supplements thereto.

Sec. 3. [DEFINITIONS.]

Subdivision 1. [TERMS DEFINED.] For the purposes of sections 3 to 10, the following terms have the meanings given in this section.

Subd. 2. [CITY.] "City" means the city of Minneapolis or the city of Saint Paul. For each city, any port authority, housing and redevelopment authority or other agency or instrumentality, the jurisdiction of which is the territory of the city, is included within the meaning of city.

Subd. 3. [CITY COUNCIL.] "City council" means either the city council of Minneapolis or the city council of Saint Paul.

Subd. 4. [CITY MATCHING FUNDS.] "City matching funds" means the funds of a city specified in a revitalization and financing program to be expended to implement a revitalization program. The sources of city matching funds may include:

(1) funds from the general fund or any special fund of a city used to implement a revitalization program;

(2) funds paid or repaid to a city from the proceeds of any grant that a city has received from the federal government, any profit or nonprofit corporation, or any other entity or individual, that are to be used to implement a revitalization program;

(4) the greater of the fair market value or the cost to the city of acquiring land, buildings, equipment, or other real or personal property that a city contributes, grants, or loans to a profit or nonprofit corporation, or other entity or individual in connection with the implementation of a revitalization program;

(5) city funds to be used to install, reinstall, repair, or improve the infrastructure facilities of a targeted neighborhood;

(6) funds contributed by a city to pay issuance costs or to otherwise provide financial support for revenue bonds or obligations issued by a city for a project or program related to the implementation of a revitalization program;

(7) funds derived from fees received by a city in connection with its community development activities that are to be used in implementing a revitalization program.

City matching funds do not include:

(1) any city funds used to provide a service or exercise a function that is ordinarily provided throughout the city unless an increased level of the service or function is to be provided in a targeted neighborhood in accordance with a revitalization program;

(2) the proceeds of any revenue bonds issued by the city under chapter 458, 462C, 472, or 474; or

(3) any administrative expenses that are incurred in connection with the planning or implementation of sections 4 to 9.

Subd. 5. [LOST UNIT.] "Lost unit" means a rental housing unit that is lost as a result of revitalization activities because it is demolished, converted to an owner-occupied unit which is not a cooperative, converted to a nonresidential use, or if the gross rent to be charged exceeds 125 percent of the gross rent charged for the unit six months prior to the start of rehabilitation.

Subd. 6. [TARGETED NEIGHBORHOOD.] "Targeted neighborhood" means an area including one or more census tracts as determined and measured by the bureau of census of the United States Department of Commerce that meet the criteria of section 4, subdivision 2, and any additional area designated under section 4, subdivision 3.

Subd. 7. [TARGETED NEIGHBORHOOD FUNDS.] "Targeted neighborhood funds" means the funds designated in the revitalization program to be used to implement the revitalization program.

Subd. 8. [TARGETED NEIGHBORHOOD REVITALIZATION AND FINANCING PROGRAM.] "Targeted neighborhood revitalization and financing program," "revitalization program," or "program" means the

targeted neighborhood revitalization and financing program adopted in accordance with section 5.

Sec. 4. [DESIGNATION OF TARGETED NEIGHBORHOODS.]

Subdivision 1. [CITY AUTHORITY.] A city may by resolution designate targeted neighborhoods within its borders after adopting detailed findings that the designated neighborhoods meet the eligibility requirements set forth in subdivision 2 or 3.

Subd. 2. [ELIGIBILITY REQUIREMENTS FOR TARGETED NEIGHBORHOODS.] An area within a city is eligible for designation as a targeted neighborhood if the area meets two of the following three requirements:

(a) The area had an unemployment rate that was twice the unemployment rate for the Minneapolis and Saint Paul standard metropolitan statistical area as determined by the 1980 federal decennial census.

(b) The median household income in the area was equal to or less than 50 percent of the median household income for the Minneapolis and Saint Paul standard metropolitan statistical area as determined by the 1980 federal decennial census.

(c) The area is characterized by residential dwelling units in need of substantial rehabilitation. An area qualifies under this clause if (1) 25 percent or more of the residential dwelling units are in substandard condition as determined by the city; or (2) 70 percent or more of the residential dwelling units in the area were built before 1940 as determined by the 1980 federal decennial census.

Subd. 3. [ADDITIONAL AREA ELIGIBLE FOR INCLUSION IN TARGETED NEIGHBORHOOD.] The city may add to the area designated as a targeted neighborhood under subdivision 2 additional area extending up to four contiguous city blocks in all directions from the designated targeted neighborhood. For the purpose of this subdivision, "city block" shall have the meaning determined by the city.

Sec. 5. [TARGETED NEIGHBORHOOD REVITALIZATION AND FINANCING PROGRAM REQUIREMENTS.]

Subdivision 1. [COMPREHENSIVE REVITALIZATION AND FINANCING PROGRAM.] For each targeted neighborhood for which a city requests state financial assistance under section 6, the city must prepare a comprehensive revitalization and financing program that includes the following:

(1) the revitalization objectives of the city for the targeted neighborhood;

(2) the specific activities or means by which the city intends to pursue and implement the revitalization objectives;

(3) the extent to which the activities identified in clause (2) will benefit low and moderate income families, will alleviate the blighted condition of the targeted neighborhood, or otherwise assist in the revitalization of the targeted neighborhood;

(4) a statement of the intended outcomes to be achieved by implementation of the revitalization program, how the outcomes will be measured both qualitatively and quantitatively, and the estimated time over which they will occur; and

(5) a financing program and budget that identifies the financial resources

necessary to implement the revitalization program. The financing program and budget must include the following items:

- (i) the estimated total cost to implement the revitalization program;
- (ii) the estimated cost to implement each activity in the revitalization program identified in clause (2);
- (iii) the estimated amount of financial resources that will be available from all sources other than from the appropriation available under section 6 to implement the revitalization program;
- (iv) the estimated amount of the appropriation available under section 6 that will be necessary to implement the revitalization program;
- (v) a description of the activities identified in the revitalization program for which the state appropriation will be used and the time or times at which the state appropriation will be committed or expended; and
- (vi) a statement of how the city intends to meet the requirement for a financial contribution matching the state appropriation from city matching funds in accordance with section 6, subdivision 3.

Subd. 2. [TARGETED NEIGHBORHOOD PARTICIPATION IN REVITALIZATION PROGRAM DEVELOPMENT.] The city must develop a process to consult the residents in the targeted neighborhood concerning the development, drafting, and implementation of the revitalization program. The process may include the establishment of an advisory board in each city. The process must include at least one public hearing.

Subd. 3. [PRELIMINARY CITY REVIEW; STATE AGENCY REVIEW.] Before adoption of the revitalization program under subdivision 4, the city must submit a draft program to the department of energy and economic development, and the Minnesota housing finance agency for their comment. The city may not adopt the revitalization program until comments have been received from the state agencies or 30 days have elapsed without response after the program was sent to them. Any comments received by the city from the state agencies within the 30-day period must be responded to in writing by the city before adoption of the program by the city.

Subd. 4. [CITY APPROVAL.] The city may adopt the revitalization program only after holding a public hearing after the program has been prepared. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days prior to the date of the hearing.

Subd. 5. [PROGRAM CERTIFICATION.] A certification by the city that a revitalization program has been approved by the city council for the targeted neighborhood must be provided to the community development division of the department of energy and economic development together with a copy of the program. A copy of the program must also be provided to the Minnesota housing finance agency.

Subd. 6. [REVITALIZATION PROGRAM MODIFICATION.] The revitalization program may be modified at any time by the city council after a public hearing, notice of which is published in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing. If the city council determines that the proposed modification is a significant modification to the program originally certified under subdivision 5, it must

implement the revitalization program approval and certification process of subdivisions 2 to 5 for the proposed modification.

Sec. 6. [DISBURSEMENT; CITY MATCHING FUNDS; DRAWDOWN; USES OF STATE FUNDS.]

Subdivision 1. [DISBURSEMENT OF STATE FUNDS.] Upon receipt from a city of the certification that a revitalization program has been adopted or modified, the community development division of the department of energy and economic development must, within 30 days, disburse to the city the amount of state funds identified as necessary to implement the revitalization program or program modification. State funds may be disbursed to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state funds have been disbursed to the city, they shall become targeted neighborhood funds for use by the city in accordance with an adopted revitalization program and subject only to the restrictions on their use contained in sections 3 to 10.

Subd. 2. [FUND DISBURSEMENT.] A city may receive a part of the appropriations made available that is the proportion that the population of that city bears to the combined population of Minneapolis and Saint Paul. One city may agree to reduce its entitlement amount so that the other may receive an amount in excess of its entitlement amount. The population of each city for the purposes of this subdivision shall be determined according to the most recent estimates available to the community development division of the department of energy and economic development. Any interest earned by a city from funds disbursed to the city must be rebated to the community development division of the department of energy and economic development annually unless the revitalization program identifies the interest as necessary to implement the revitalization program and the requirement for city matching funds is satisfied with respect to the interest.

Subd. 3. [CITY MATCHING FUNDS; DRAWDOWN OF STATE FUNDS; RESTRICTION ON USE OF STATE FUNDS.] A city may expend state funds only if the revitalization program identifies city matching funds to be used to implement the program in an amount equal to the state appropriation. A city must keep the state funds in a segregated fund for accounting purposes. No state funds shall be used to pay the general administrative expenses of a city that are incurred in connection with the planning or implementation of sections 3 to 10.

Sec. 7. [CITY POWERS AND ELIGIBLE USES OF TARGETED NEIGHBORHOOD FUNDS.]

Subdivision 1. [CONSOLIDATION OF EXISTING POWERS IN TARGETED NEIGHBORHOODS.] A city may exercise any of its corporate powers within a targeted neighborhood including, but not limited to, all of the powers enumerated and granted by chapters 458, 462, 462C, 472, 472A, and 474. For the purposes of chapter 458, a targeted neighborhood shall be considered an industrial development district. A city may exercise the powers of chapter 458 in conjunction with, and in addition to, exercising the powers granted by chapters 462 and 462C in order to promote and assist housing construction and rehabilitation within a targeted neighborhood. For the purposes of section 462C.02, subdivision 9, a targeted neighborhood shall be considered a "targeted area."

Subd. 2. [GRANTS AND LOANS.] In addition to the authority granted by other law, a city may make grants and loans to individuals, for-profit and nonprofit corporations, and other organizations to implement a revitalization program. The grants and loans shall contain the terms concerning use of funds, repayment, and other conditions the city deems proper to implement a revitalization program.

Subd. 3. [ELIGIBLE USES OF TARGETED NEIGHBORHOOD FUNDS.] The city may expend targeted neighborhood funds for any purpose authorized by subdivision 1 or 2. Any use of targeted neighborhood funds must be authorized by a revitalization program.

Sec. 8. [HAZARDOUS BUILDING PENALTY.]

A city may assess a penalty equal to one percent of the assessed value of a building located in a targeted neighborhood defined in section 4 that the city determined to be hazardous as defined in section 463.15, subdivision 3. If the owner of the building has not paid the penalty and fixed the property within 30 days after receiving notice of the penalty, the penalty shall be considered delinquent and is increased by 25 percent each 60 days the penalty is not paid and the property remains hazardous. For the purposes of this section, a penalty which is delinquent shall be considered as a delinquent property tax and subject to Minnesota Statutes, chapters 279, 280, and 281, in the same manner as delinquent property taxes.

The results of the financial audit must be submitted to the legislative audit commission, the state planning agency, the department of energy and economic development, and the Minnesota housing finance agency.

Subd. 2. [ANNUAL REPORT.] A city that begins to implement a revitalization program in any calendar year must, by March 1 of the succeeding calendar year, provide a detailed report on the revitalization program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 5, subdivision 1, clause (4), are being achieved. The report must include at least the following:

(a) The number of housing units removed, created, lost, replaced, relocated, and assisted as a result of the program. The level of rent of the units and the income of the households affected must be included in the report.

(b) The number and type of commercial establishments removed, created, and assisted as a result of a revitalization program. The report must include information regarding the number of new jobs created by category, whether the jobs are full time or part time, and the salary or wage levels of both new and expanded jobs in the affected commercial establishments.

(c) A description of a statement of the cost of the public improvement projects that are part of the program and the number of jobs created per

each \$20,000 of funds expended on commercial projects and applicable public improvement projects.

(d) The increase in the assessed valuation for the city as a result of the assistance to commercial and housing assistance.

(e) The amount of private investment that is a result of the use of public funds in a targeted neighborhood.

ARTICLE 9

IRON RANGE RESOURCES AND REHABILITATION

Section 1. [NORTHEAST MINNESOTA ECONOMIC DEVELOPMENT FUND.]

Subdivision 1. [APPROPRIATION.] \$7,000,000 is appropriated from the general fund to the commissioner of iron range resources and rehabilitation. The amount appropriated under this section shall not cancel but shall remain available until expended.

Subd. 2. [PURPOSE OF EXPENDITURES.] The money appropriated in this section may be used for projects and programs for which technological and economic feasibility have been demonstrated and that have the following purposes:

(1) creating and maintaining productive, permanent, skilled employment, including employment in technologically innovative businesses; and

(2) encouraging diversification of the economy and promoting the development of minerals, alternative energy sources utilizing indigenous fuels, forestry, small business, and tourism.

Subd. 3. [USE OF MONEY.] The money appropriated under this section may be used to provide loans, loan guarantees, interest buy-downs, and other forms of participation with private sources of financing, provided that a loan to a private enterprise shall be for a principal amount not to exceed one-half of the cost of the project for which financing is sought, and the rate of interest on a loan shall be no less than the lesser of (1)

eight percent or (2) the rate of interest set by the Minnesota development board for comparable small business development loans at that time.

Money appropriated in this section shall be expended only in or for the benefit of the tax relief area defined in Minnesota Statutes, section 273.134.

Subd. 4. [PROJECT APPROVAL.] The board shall by August 1, 1987, and each year thereafter prepare a list of projects to be funded from the money appropriated in this section with necessary supporting information including description of the projects, plans, and cost estimates. These projects shall not be approved by the board unless it finds that:

(1) the project will materially assist, directly or indirectly, the creation of additional long-term employment opportunities;

(2) the prospective benefits of the expenditure exceed the anticipated costs; and

(3) in the case of assistance to private enterprise, the project will serve a sound business purpose.

To be proposed by the board, a project must be approved by at least eight iron range resources and rehabilitation board members and the commissioner of iron range resources and rehabilitation. The list of projects shall be submitted to the legislative advisory commission for its review. The list with the recommendation of the legislative advisory commission shall be submitted to the governor, who shall, by November 15 of each year, approve or disapprove, or return for further consideration, each project. The money for a project may be expended only upon approval of the project by the governor.

The board may submit supplemental projects for approval at any time. Supplemental projects must be submitted to the members of the legislative advisory commission for their review and recommendations of further review. If a recommendation is not provided within ten days, no further review by the legislative advisory commission is required, and the governor shall approve or disapprove each project or return it for further consideration. If the recommendation by any member is for further review, the governor shall submit the request to the legislative advisory commission for its review and recommendation. Failure or refusal of the commission to make a recommendation promptly is a negative recommendation.

Subd. 5. [ADVISORY COMMITTEES.] Before submission to the board of a proposal for a project for expenditure of money appropriated under this section, the commissioner of iron range resources and rehabilitation shall appoint a technical advisory committee consisting of at least seven persons who are knowledgeable in areas related to the objectives of the proposal. If the project involves investment in a scientific research proposal, at least four of the committee members must be knowledgeable in the specific scientific research area relating to the project. Members of the committees shall be compensated as provided in Minnesota Statutes, section 15.059, subdivision 3. The board shall not act on a proposal until it has received the evaluation and recommendations of the technical advisory committee.

Subd. 6. [USE OF REPAYMENTS AND EARNINGS.] Principal and interest received in repayment of loans made pursuant to this section shall be deposited in the state treasury. These receipts are appropriated to the board for the purposes of this section.

Sec. 2. Minnesota Statutes 1986, section 298.292, is amended to read:
298.292 [POLICY.]

Subdivision 1. [PURPOSES.] The legislature is cognizant of the severe economic dislocations and widespread unemployment that result when a single industry on which an area is largely dependent, experiences a drastic reduction in activity. The northeast Minnesota economic protection trust fund is hereby created to be devoted to economic rehabilitation and diversification of industrial enterprises where these conditions ensue as the result of the decline of such a single industry. Priority shall be given to using the northeast Minnesota economic protection trust fund for the following purposes:

(a) (1) projects and programs that are designed to create and maintain productive, permanent, skilled employment, including employment in technologically innovative businesses;

(b) (2) projects and programs to encourage diversification of the economy and to promote the development of minerals, alternative energy sources utilizing indigenous fuels, forestry, small business, and tourism; and

(c) (3) projects and programs for which technological and economic feasibility have been demonstrated.

(d) Subd. 2. [USE OF FUNDS.] Money in the northeast Minnesota economic protection trust fund may be used for the following purposes:

(1) to provide loans, loan guarantees, interest buy-downs and other forms of participation with private sources of financing, but a loan to a private enterprise shall be for a principal amount not to exceed one-half of the cost of the project for which financing is sought, and the rate of interest on a loan shall be no less than the lesser of (1) eight percent or (2) the rate of interest set by the Minnesota development board for comparable small business development loans at that time;

(e) funding (2) to fund reserve accounts established to secure the payment when due of the principal of and interest on bonds issued pursuant to section 298.2211; and

(f) (3) to pay in periodic payments or in a lump sum payment any or all of the interest on bonds issued pursuant to chapter 474 for the purpose of constructing, converting, or retrofitting heating facilities in connection with district heating systems or systems utilizing alternative energy sources; and

(4) to invest in a venture capital fund or enterprise that will provide capital to other entities that are engaging in, or that will engage in, projects or programs that have the purposes set forth in subdivision 1. No such investments may be made in a venture capital fund or enterprise unless at least two other unrelated investors make investments of at least \$500,000 in the venture capital fund or enterprise, and the investment by the northeast Minnesota economic protection trust fund may not exceed the amount of the largest investment by an unrelated investor in the venture capital fund or enterprise. For purposes of this subdivision, an "unrelated investor" is a person or entity that is not related (1) to the entity in which the investment is made or (2) to any individual who owns more than 40 percent of the value of the entity, in any of the following relationships: spouse, parent, child, sibling, employee, or owner of interest in the entity that exceeds ten percent of the value of all interests in it. For purposes of determining the

limitations under this clause, the amount of investments made by an investor other than the northeast Minnesota economic protection trust fund shall be the sum of all investments made in the venture capital fund or enterprise during the period beginning one year prior to the date of the investment by the northeast Minnesota economic protection trust fund.

Money from the trust fund shall be expended only in or for the benefit of the tax relief area defined in section 273.134.

Sec. 3. Minnesota Statutes 1986, section 298.296, subdivision 2, is amended to read:

Subd. 2. [EXPENDITURE OF FUNDS.] Before January 1, 2002, funds may be expended on projects and for administration of the trust fund only from the net interest, earnings, and dividends arising from the investment of the trust at any time, including net interest, earnings, and dividends that have arisen prior to July 13, 1982, plus \$10,000,000 made available for use in fiscal year 1983, except that any amount required to be paid out of the trust fund to provide the property tax relief specified in Laws 1977, chapter 423, article X, section 4, and to make school bond payments and payments to recipients of taconite production tax proceeds pursuant to section 298.225, may be taken from the corpus of the trust. On and after January 1, 2002, funds may be expended on projects and for administration from any assets of the trust. Annual administrative costs, not including detailed engineering expenses for the projects, shall not exceed five percent of the net interest, dividends, and earnings arising from the trust in the preceding fiscal year.

Principal and interest received in repayment of loans made pursuant to this section, *and earnings on other investments made pursuant to section 298.292, subdivision 2, clause (4)*, shall be deposited in the state treasury and credited to the trust. These receipts are appropriated to the board for the purposes of sections 298.291 to 298.298.

Subdivision 1. [CREDIT UNION; ORGANIZATION; COMPANY.] An agency head may, with the written request of an employee, deduct from the pay of the employee a requested amount to be paid to any state employees' credit union, or the Minnesota benefit association, or to any organization contemplated by section 179A.06, of which the employee is a member, or to a company that has contracted to insure the employee for the medical costs of cancer or intensive care. If an employee is a member of more than one such credit union or more than one such organization, or is insured by more than one company, only one credit union and one organization and one company may be paid money by payroll deduction from the employee's pay. No deduction may be made from the salary of an employee for payment to a credit union or organization or company unless 100 employees request deductions for payment to the credit union or organization or company. The 100 employee minimum does not apply to credit unions and organizations which received authorized payroll deduction payments on June 5, 1971.

Sec. 2. Minnesota Statutes 1986, section 43A.27, is amended by adding a subdivision to read:

Subd. 6. [FOOD SERVICE EMPLOYEES.] *Employees of a contracted food service operation employed at Bemidji state university, St. Cloud state university, or Southwest state university, if the employer and the representative of employees, defined under section 179.01, subdivision 5, agree, may elect to enroll themselves and their dependents at their own or their employer's expense in the appropriate life insurance, hospital, medical, and dental benefits, and optional coverages at the time, in the manner, and under the conditions of eligibility the commissioner prescribes and otherwise approves.*

Sec. 3. Minnesota Statutes 1986, section 45.024, subdivision 2, is amended to read:

Subd. 2. [DELEGATION.] The commissioner of commerce may delegate to ~~one or more of the a deputy commissioners~~ *commissioner, assistant commissioner, or director* the exercise of the commissioner's statutory powers and duties, including the authority to decide and issue final orders in contested cases, rulemaking proceedings, and other hearings held under chapter 14.

Sec. 4. [60A.084] [NOTIFICATION ON GROUP POLICIES.]

An employer providing life or health benefits may not change benefits, limit coverage, or otherwise restrict participation until the certificate holder or enrollee has been notified of any changes, limitations, or re-

strictions. Notice in a format which meets the requirements of the Employee Retirement Income Security Act, 29 U.S.C.A., sections 1001 to 1461, is satisfactory for compliance with this section.

Sec. 5. Minnesota Statutes 1986, section 60A.17, subdivision 1a, is amended to read:

Subd. 1a. [LICENSE APPLICATION.] (a) [PROCEDURE.] An application for a license to act as an insurance agent shall be made to the commissioner by the person who seeks to be licensed. The application for license shall be accompanied by a written appointment from an admitted insurer authorizing the applicant to act as its agent under one or both classes of license. The insurer must also submit its check payable to the state treasurer for the amount of the appointment fee prescribed by section 60A.14, subdivision 1, paragraph (c), clause (9) at the time the agent becomes licensed. The application and appointment shall be on forms prescribed by the commissioner.

If the applicant is a natural person, no license shall be issued until that natural person has become qualified.

If the applicant is a partnership or corporation, no license shall be issued until at least one natural person who is a partner, director, officer, stockholder, or employee shall be licensed as an insurance agent.

(b) [RESIDENT AGENT.] The commissioner shall issue a resident insurance agent's license to a qualified resident of this state as follows:

(1) a person may qualify as a resident of this state if that person resides in this state or the principal place of business of that person is maintained in this state. Application for a license claiming residency in this state for licensing purposes, shall constitute an election of residency in this state. Any license issued upon an application claiming residency in this state shall be void if the licensee, while holding a resident license in this state, also holds, or makes application for, a resident license in, or thereafter claims to be a resident of, any other state or jurisdiction or if the licensee ceases to be a resident of this state; provided, however, if the applicant is a resident of a community or trade area, the border of which is contiguous with the state line of this state, the applicant may qualify for a resident license in this state and at the same time hold a resident license from the contiguous state;

(2) the commissioner shall subject each applicant who is a natural person to a written examination as to the applicant's competence to act as an insurance agent. The examination shall be held at a reasonable time and place designated by the commissioner;

(3) the examination shall be approved for use by the commissioner and shall test the applicant's knowledge of the lines of insurance, policies, and transactions to be handled under the class of license applied for, of the duties and responsibilities of the licensee, and pertinent insurance laws of this state;

(4) the examination shall be given only after the applicant has completed a program of classroom studies in a school, which shall *not* include a school ~~conducted by an admitted insurer~~ *sponsored by, offered by, or affiliated with an insurance company or its agents; except that this limitation does not preclude a bona fide professional association of agents, not acting on behalf of an insurer, from offering courses.* The course of study shall consist

of 30 hours of classroom study devoted to the basic fundamentals of insurance for those seeking a Minnesota license for the first time, 15 hours devoted to specific life and health topics for those seeking a life and health license, and 15 hours devoted to specific property and casualty topics for those seeking a property and casualty license. The program of studies or study course shall have been approved by the commissioner in order to qualify under this clause. If the applicant has been previously licensed for the particular line of insurance in the state of Minnesota, the requirement of a program of studies or a study course shall be waived. A certification of compliance by the organization offering the course shall accompany the applicant's license application. This program of studies in a school or a study course shall not apply to farm property perils and farm liability applicants, or to agents writing such other lines of insurance as the commissioner may exempt from examination by order;

(5) the applicant must pass the examination with a grade determined by the commissioner to indicate satisfactory knowledge and understanding of the class or classes of insurance for which the applicant seeks qualification. The commissioner shall inform the applicant as to whether or not the applicant has passed;

(6) an applicant who has failed to pass an examination may take subsequent examinations. Examination fees for subsequent examinations shall not be waived; and

(7) any applicant for a license covering the same class or classes of insurance for which the applicant was licensed under a similar license in this state, other than a temporary license, within the three years preceding the date of the application shall be exempt from the requirement of a written examination, unless the previous license was revoked or suspended by the commissioner. An applicant whose license is not renewed under subdivision 20 is exempt from the requirement of a written examination.

(c) [NONRESIDENT AGENT.] The commissioner shall issue a nonresident insurance agent's license to a qualified person who is a resident of another state or country as follows:

(1) A person may qualify for a license under this section as a nonresident only if that person holds a license in another state, province of Canada, or other foreign country which, in the opinion of the commissioner, qualifies that person for the same activity as that for which a license is sought;

(2) The commissioner shall not issue a license to any nonresident applicant until that person files with the commissioner a designation of the commissioner and the commissioner's successors in office as the applicant's true and lawful attorney upon whom may be served all lawful process in any action, suit, or proceeding instituted by or on behalf of any interested person arising out of the applicant's insurance business in this state. This designation shall constitute an agreement that this service of process is of the same legal force and validity as personal service of process in this state upon that applicant.

Service of process upon any licensee in any action or proceeding commenced in any court of competent jurisdiction of this state may be made by serving the commissioner with appropriate copies of the process along with payment of the fee pursuant to section 60A.14, subdivision 1, paragraph (c), clause (4). The commissioner shall forward a copy of the process by registered or certified mail to the licensee at the last known address of

record or principal place of business of the licensee; and

(3) A nonresident license shall terminate automatically when the resident license for that class of license in the state, province, or foreign country in which the licensee is a resident is terminated for any reason.

(d) [DENIAL.] (1) If the commissioner finds that an applicant for a resident or nonresident license has not fully met the requirements for licensing, the commissioner shall refuse to issue the license and shall promptly give written notice to both the applicant and the appointing insurer of the denial, stating the grounds for the denial. All fees which accompanied the application and appointment shall be deemed earned and shall not be refundable.

(2) The commissioner may also deny issuance of a license for any cause that would subject the license of a licensee to suspension or revocation. If a license is denied pursuant to this clause, the provisions of subdivision 6c, paragraph (c) apply.

(3) The applicant may make a written demand upon the commissioner for a hearing within 30 days of the denial of a license to determine whether the reasons stated for the denial were lawful. The hearing shall be held pursuant to chapter 14.

(e) [TERM.] All licenses issued pursuant to this section shall remain in force until voluntarily terminated by the licensee, not renewed as prescribed in subdivision 1d, or until suspended or revoked by the commissioner. A voluntary termination shall occur when the license is surrendered to the commissioner with the request that it be terminated or when the licensee dies, or when the licensee is dissolved or its existence is terminated. In the case of a nonresident license, a voluntary termination shall also occur upon the happening of the event described in paragraph (c), clause (3).

Every licensed agent shall notify the commissioner within 30 days of any change of name, address, or information contained in the application.

(f) [SUBSEQUENT APPOINTMENTS.] A person who holds a valid agent's license from this state may solicit applications for insurance on behalf of an admitted insurer with which the licensee does not have a valid appointment on file with the commissioner; provided, that the licensee has permission from the insurer to solicit insurance on its behalf and, provided further, that the insurer upon receipt of the application for insurance submits a written notice of appointment to the commissioner accompanied by its check payable to the state treasurer in the amount of the appointment fee prescribed by section 60A.14, subdivision 1, paragraph (c), clause (9). The notice of appointment shall be on a form prescribed by the commissioner.

(g) [AMENDMENT OF LICENSE.] An application to the commissioner to amend a license to reflect a change of name, or to include an additional class of license, or for any other reason, shall be on forms provided by the commissioner and shall be accompanied by the applicant's surrendered license and a check payable to the state treasurer for the amount of fee specified in section 60A.14, subdivision 1, paragraph (c).

An applicant who surrenders an insurance license pursuant to this clause retains licensed status until an amended license is received.

(h) [EXCEPTIONS.] The following are exempt from the general licensing requirements prescribed by this section:

(1) agents of township mutuals who are exempted pursuant to subdivision 1b;

(2) fraternal beneficiary association representatives exempted pursuant to subdivision 1c;

(3) any regular salaried officer or employee of a licensed insurer, without license or other qualification, may act on behalf of that licensed insurer in the negotiation of insurance for that insurer; provided that a licensed agent must participate in the sale of any such insurance;

(4) employers and their officers or employees, and the trustees or employees of any trust plan, to the extent that the employers, officers, employees, or trustees are engaged in the administration or operation of any program of employee benefits for the employees of the employers or employees of their subsidiaries or affiliates involving the use of insurance issued by a licensed insurance company; provided, that the activities of the officers, employees and trustees are incidental to clerical or administrative duties and their compensation does not vary with the volume of insurance or applications therefor;

(5) employees of a creditor who enroll debtors for life or accident and health insurance; provided the employees receive no commission or fee therefor; **and**

(6) clerical or administrative employees of an insurance agent who take insurance applications or receive premiums in the office of their employer, if the activities are incidental to clerical or administrative duties and the employee's compensation does not vary with the volume of the applications or premiums; **and**

(7) *rental vehicle companies and their employees in connection with the offer of rental vehicle personal accident insurance under section 72A.125.*

[~~MANDATORY TEMPORARY LICENSES.~~] The commissioner ~~shall~~ *may* grant a temporary insurance agent's license to a person who has ~~submitted an application for a resident license which is accepted by the commissioner and who has~~ successfully completed the examination, if any, required by the commissioner. Aggregate excess stop-loss coverage must include provisions to cover the excess claims of incurred, unpaid claim liability even in the event of plan termination. The joint plan must bear the risk of coverage for any member of the pool that becomes insolvent with outstanding contribution due by providing a surety bond from a Minnesota licensed surety in the amount of one year's contribution. In addition, the plan of self-insurance must have participants fund an amount at least equal to the point at which the excess or stop-loss insurer must assume 100 percent of the excess coverage limits of additional liability. A joint self-insurance plan must submit its proposed excess or stop-loss insurance contract to the commissioner of commerce at least 30 days prior to the proposed plan's effective date and at least 30 days subsequent to any renewal date. The commissioner shall review the contract to determine if it meets the standards established by this chapter and respond within a 30-day period. An excess or stop-loss insurance plan must be noncancelable for a minimum term of one year.

Sec. 37. [60E.03] [LIMITATION ON ADMINISTRATIVE SERVICES.]

No joint self-insurance plan may offer marketing, risk management, or administrative services unless these services are provided by vendors duly licensed by the commissioner to provide these services. No vendor of these services may be a trustee of a joint self-insurance plan for which they provide marketing, risk management, or administrative services.

Sec. 38. [60E.04] [APPLICABILITY OF PROVISIONS.]

A joint self-insurance plan is subject to the requirements of the applicable parts of chapters 60A, 65A, 65B, 72A.20, 72B, and 72C, unless otherwise specifically exempt. A joint self-insurance plan must offer a plan which complies with all applicable rules and statutes.

Sec. 39. [60E.05] [FUND MANAGEMENT.]

Funds collected from the participants under joint self-insurance plans must be held in trust subject to the following requirements:

(a) A board of trustees elected by the participants shall serve as fund managers on behalf of participants. Trustees must be plan participants. No participants may be represented by more than one trustee. A minimum of three and a maximum of seven trustees may be elected. Trustees shall receive no remuneration, but they may be reimbursed for actual and reasonable expenses incurred in connection with duties as trustees.

(b) Trustees must be bonded in an amount not less than \$100,000 nor more than \$500,000 from a licensed bonding company.

(c) Investment of plan funds is subject to the same restrictions as are applicable to political subdivisions pursuant to section 475.66. All investments must be managed by a bank or other investment organization licensed to operate in Minnesota.

(d) Trustees, on behalf of the fund, shall file annual reports with the commissioner of commerce within 30 days immediately following the end of each calendar year. The reports must summarize the financial condition of the fund, itemize collection from participants, and detail all fund expenditures.

Sec. 40. [60E.06] [RULES.]

The commissioner of commerce shall adopt rules, including emergency rules, to ensure the solvency and operation of all self-insured plans subject to this chapter. The commissioner may examine the joint self-insurance plans pursuant to sections 60A.03 and 60A.031.

Sec. 41. [60E.07] [REVENUE FEE.]

A joint self-insurance plan shall pay a two percent revenue fee. This revenue must be computed based on two percent of the paid claims level for the most recently completed calendar year. This revenue must be deposited in the general fund.

Sec. 42. [60E.08] [APPLICABILITY.]

A joint self-insurance plan is not an insurer for purposes of chapter 60C.

Sec. 43. [61A.092] [CONTINUATION OF COVERAGE FOR LIFE INSURANCE.]

Subdivision 1. [CONTINUATION OF COVERAGE.] Every group insurance policy issued or renewed within this state after August 1, 1987, providing coverage for life insurance benefits shall contain a provision that permits covered employees who are voluntarily or involuntarily terminated or laid off from their employment, if the policy remains in force for any active employee of the employer, to elect to continue the coverage for themselves and their dependents.

An employee is considered to be laid off from employment if there is a reduction in hours to the point where the employee is no longer eligible for coverage under the group life insurance policy. Termination does not include discharge for gross misconduct.

Subd. 2. [RESPONSIBILITY OF EMPLOYEE.] Every covered employee electing to continue coverage shall pay the employee's former employer, on a monthly basis, the cost of the continued coverage. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan

for such period of coverage for other similarly situated employees with respect to whom neither termination nor layoff has occurred, without respect to whether such cost is paid by the employer or employee. The employee is eligible to continue the coverage until the employee obtains coverage under another group policy, or for a period of 18 months after the termination or layoff from employment, whichever is shorter.

Subd. 3. [NOTICE OF OPTIONS.] Upon termination of or layoff from employment of a covered employee, the employer shall inform the employee of:

- (1) the employee's right to elect to continue the coverage;*
- (2) the amount the employee must pay monthly to the employer to retain the coverage;*
- (3) the manner in which and the office of the employer to which the payment to the employer must be made; and*
- (4) the time by which the payments to the employer must be made to retain coverage.*

The employee has 60 days within which to elect coverage. The 60-day period shall begin to run on the date coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.

Notice must be in writing and sent by first class certified mail to the employee's last known address which the employee has provided to the employer.

A notice in substantially the following form is sufficient: "As a terminated or laid off employee, the law authorizes you to maintain your group insurance benefits for a period of up to 18 months. To do so, you must notify your former employer within 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of \$ _____ at _____ by the _____ of each month."

Subd. 4. [RESPONSIBILITY OF EMPLOYER AND INSURER.] If the employer fails to notify a covered employee of the options set forth in subdivision 3, or if after timely receipt of the monthly payment from a covered employee the employer fails to make the payment to the insurer, with the result that the employee's coverage is terminated, the employer is still liable for the employee's coverage to the same extent as the insurer would be if the coverage were still in effect.

Subd. 5. [CONVERSION TO INDIVIDUAL POLICY.] A group insurance policy that provides posttermination or layoff coverage as required by this section must also include a provision allowing a covered employee, surviving spouse, or dependent at the expiration of the posttermination or layoff coverage provided by subdivision 2 to obtain from the insurer offering the group policy, at the employee's, spouse's, or dependent's option and expense, without further evidence of insurability and without interruption of coverage, an individual policy of insurance contract providing the same or substantially similar benefits.

A policy providing reduced benefits at a reduced premium rate may be accepted by the employee, the spouse, or a dependent in lieu of the coverage otherwise required by this subdivision.

Sec. 44. Minnesota Statutes 1986, section 61A.28, subdivision 12, is

amended to read:

Subd. 12. [ADDITIONAL INVESTMENTS.] Investments of any kind, without regard to the categories, conditions, standards, or other limitations set forth in the foregoing subdivisions and section 61A.31, subdivision 3, except that the prohibitions in clause (d) of subdivision 3 remains applicable, may be made by a domestic life insurance company in an amount not to exceed the lesser of the following:

(1) Five percent of the company's total admitted assets as of the end of the preceding calendar year, or

(2) Fifty percent of the amount by which its capital and surplus as of the end of the preceding calendar year exceeds \$675,000. Provided, however, that a company's total investment under this section in the common stock of any corporation, other than the stock of the types of corporations specified in subdivision 6(a), may not exceed ten percent of the common stock of the corporation. Provided, further, that no investment may be made under the authority of this clause or clause (1) by a company that has not completed five years of actual operation since the date of its first certificate of authority.

If, subsequent to being made under the provisions of this subdivision, an investment is determined to have become qualified or eligible under any of the other provisions of this chapter, the company may consider the investment as being held under the other provision and the investment need no longer be considered as having been made under the provisions of this subdivision.

In addition to the investments authorized by this subdivision, a domestic life insurance company may make qualified investments in any additional securities or property authorized by subdivision 6, paragraph (f), with the written order of the commissioner. This approval is at the discretion of the commissioner. This authorization does not negate or reduce the investment authority granted in subdivision 6, paragraph (f), or this subdivision.

Sec. 45. Minnesota Statutes 1986, section 61B.05, subdivision 1, is amended to read:

Subdivision 1. [COMPOSITION OF BOARD.] The board of directors of the association shall consist of nine members. *Two of the directors shall be public members and seven shall be insurer members. Public members may include licensed insurance agents. The public members shall be appointed by the commissioner.* The insurer members of the board shall be selected by the association members subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term in the manner described in the plan of operation. *The term of office for members is two years.*

Sec. 46. Minnesota Statutes 1986, section 61B.09, is amended to read:

61B.09 [DUTIES AND POWERS OF THE COMMISSIONER.]

(a) *Subdivision 1.* The commissioner shall:

(1) Notify the board of directors of the existence of an impaired insurer within three days after a determination of impairment is made or the commissioner receives notice of impairment;

(2) Upon request of the board of directors, provide the association with a statement of the premiums in the appropriate states for each member

insurer; and

(3) When an impairment is declared and the amount determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders. The failure of the insurer to promptly comply with the demand shall not excuse the association from performance under sections 61B.01 to 61B.16.

(b) *Subd. 2.* The commissioner may, after notice and hearing, suspend or revoke the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. A forfeiture shall not exceed five percent of the unpaid assessment per month, but no forfeiture shall be less than \$100 per month.

(c) *Subd. 3.* Any action of the board of directors or the association may be appealed to the commissioner by ~~any member insurer~~ within 30 days of the ~~occurrence~~ notice of the action. Any final action or order of the commissioner shall be subject to judicial review in a court of competent jurisdiction, in the manner provided by chapter 14. *In lieu of the appeal to the commissioner under this subdivision, a claimant may seek judicial review of the board's actions.*

(d) *Subd. 4.* The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of sections 61B.01 to 61B.16.

Sec. 47. Minnesota Statutes 1986, section 62A.041, is amended to read:
62A.041 [MATERNITY BENEFITS; UNMARRIED WOMEN.]

Each group policy of accident and health insurance and each group health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents that it provides to married women including the wives of employees choosing dependent family coverage. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each group policy and each group contract shall provide the same coverage for that child as that provided for the child of a married employee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

Each individual policy of accident and health insurance and each individual health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each individual policy and each individual contract shall also provide the same coverage for that child as that provided for the child of a married insured or a married enrollee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

Except for policies which only provide coverage for specified diseases, each group subscriber contract of accident and health insurance or health maintenance contract, issued or renewed after August 1, 1987, shall include maternity benefits in the same manner as any other illness covered under the policy or contract.

For the purposes of this section, the term "maternity benefits" shall not

include elective, induced abortion whether performed in a hospital, other abortion facility, or the office of a physician.

This section applies to policies and contracts issued, delivered, or renewed after August 1, 1985, that cover Minnesota residents.

Sec. 48. Minnesota Statutes 1986, section 62A.043, is amended by adding a subdivision to read:

Subd. 3. Except for policies which only provide coverage for specified diseases, no policy or certificate of health, medical, hospitalization, or accident and sickness insurance regulated under this chapter, or subscriber contract provided by a nonprofit health service plan corporation regulated under chapter 62C, or health maintenance organization regulated under chapter 62D, shall be issued, renewed, continued, delivered, issued for delivery, or executed in this state after August 1, 1987, unless the policy, plan, or contract specifically provides coverage on the same basis as for other covered benefits for surgical and nonsurgical treatment of temporomandibular joint disorder and craniomandibular disorder. Coverage shall be the same as that for treatment to any other joint in the body, and shall apply if the treatment is administered or prescribed by a physician or dentist. This section is effective for all group policies, all group subscriber contracts, and all health maintenance contracts within the scope of Minnesota Statutes, chapters 62A, 62C, and 62D, that are issued or renewed after August 1, 1987.

Sec. 49. Minnesota Statutes 1986, section 62A.141, is amended to read:

62A.141 [COVERAGE FOR HANDICAPPED DEPENDENTS.]

No group policy or plan of health and accident insurance regulated under this chapter, chapter 62C, or 62D, which provides for dependent coverage may be issued or renewed in this state after August 1, 1983, unless it covers the handicapped dependents of the insured, subscriber, or enrollee of the policy or plan. *Consequently, the policy or plan shall not contain any provision concerning preexisting condition limitations, insurability, eligibility, or health underwriting approval concerning handicapped dependents.*

If ordered by the commissioner of commerce, the insurer of a Minnesota-domiciled nonprofit association which is composed solely of agricultural members may restrict coverage under this section to apply only to Minnesota residents.

Sec. 50. Minnesota Statutes 1986, section 62A.146, is amended to read:

62A.146 [CONTINUATION OF BENEFITS TO SURVIVORS.]

No policy or plan of accident and health protection issued by an insurer, nonprofit health service plan corporation, or health maintenance organization, providing coverage of hospital or medical expense on either an expense incurred basis or other than an expense incurred basis which in addition to coverage of the insured, subscriber, or enrollee, also provides coverage to dependents, shall, except upon the written consent of the survivor or survivors of the deceased insured, subscriber or enrollee, terminate, suspend or otherwise restrict the participation in or the receipt of benefits otherwise payable under the policy or plan to the survivor or survivors until the earlier of the following dates:

(a) the date of ~~remarriage~~ of the surviving spouse *becomes covered under another group health plan*; or

(b) the date coverage would have terminated under the policy or plan had the insured, subscriber, or enrollee lived.

The survivor or survivors, in order to have the coverage and benefits extended, may be required to pay the entire cost of the protection *on a monthly basis. In no event shall the amount of premium or fee contributions charged exceed 102 percent of the cost to the plan for such period of coverage for other similarly situated spouses and dependent children who are not the survivors of a deceased insured, without regard to whether such cost is paid by the employer or employee.* Failure of the survivor to make premium or fee payments within 90 days after notice of the requirement to pay the premiums or fees shall be a basis for the termination of the coverage without written consent. In event of termination by reason of the survivor's failure to make required premium or fee contributions, written notice of cancellation must be mailed to the survivor's last known address at least 30 days before the cancellation. If the coverage is provided under a group policy or plan, any required premium or fee contributions for the coverage shall be paid by the survivor to the group policyholder or contract holder for remittance to the insurer, nonprofit health service plan corporation, or health maintenance organization.

Sec. 51. Minnesota Statutes 1986, section 62A.152, subdivision 2, is amended to read:

Subd. 2. [MINIMUM BENEFITS.] All group policies and all group subscriber contracts providing benefits for mental or nervous disorder treatments in a hospital shall also provide coverage, ~~to~~ *on the same basis as coverage for other benefits for at least the extent of 80 percent of the first \$750 of the cost of the usual and customary charges of the first ten hours of treatment incurred over a 12-month benefit period, for mental or nervous disorder consultation, diagnosis and treatment services delivered while the insured person is not a bed patient in a hospital, and at least 75 percent of the cost of the usual and customary charges for any additional hours of treatment during the same 12-month benefit period for serious and persistent mental or nervous disorders, if the services are furnished by (1) a licensed or accredited hospital, (2) a community mental health center or mental health clinic approved or licensed by the commissioner of human services or other authorized state agency, or (3) a licensed consulting psychologist licensed under the provisions of sections 148.87 to 148.98, or a psychiatrist licensed under chapter 147. Prior authorization from an accident and health insurance company, or a nonprofit health service corporation, shall be required for an extension of coverage beyond ten hours of treatment. This prior authorization must be based upon the severity of the disorder, the patient's risk of deterioration without ongoing treatment and maintenance, degree of functional impairment, and a concise treatment plan. Authorization for extended treatment may not exceed a maximum of 30 visit hours during any 12-month benefit period.*

For purposes of this section, covered treatment for a minor shall include treatment for the family if family therapy is recommended by a provider listed above in item (1), (2) or (3).

Sec. 52. [62A.155] [BENEFITS FOR TREATMENT OF EATING DISORDERS.]

Subdivision 1. [REQUIREMENT.] No group policy or group certificate of health, medical, hospitalization, or accident and sickness insurance regulated under this chapter, or group subscriber contract provided by a

nonprofit health service plan corporation regulated under chapter 62C, or health maintenance organization regulated under chapter 62D, may be issued, renewed, continued, delivered, issued for delivery, or executed in this state after August 1, 1987, unless the policy, plan, or contract specifically provides coverage for the surgical and nonsurgical treatment of bulimia, anorexia nervosa, or other eating disorder. Coverage applies only if the eating disorder was diagnosed as such by a physician and the treatment is administered or prescribed by a physician.

Subd. 2. [EXCLUSION.] Subdivision 1 does not apply to group policies, certificates, or contracts designed primarily to provide coverage payable on a per diem, fixed indemnity, or nonexpense incurred basis, or policies that provide only accident coverage.

Sec. 53. Minnesota Statutes 1986, section 62A.17, is amended to read:
62A.17 [TERMINATION OF OR LAYOFF FROM EMPLOYMENT.]

Subdivision 1. [CONTINUATION OF COVERAGE.] Every group insurance policy, group subscriber contract, and health care plan included within the provisions of section 62A.16, except policies, contracts, or health care plans covering employees of an agency of the federal government, shall contain a provision which permits every **eligible covered** employee who is *voluntarily or involuntarily* terminated or laid off from employment, if the policy, contract, or health care plan remains in force for active employees of the employer, to elect to continue the coverage for the employee and dependents.

An employee shall be considered to be laid off from employment if there is a reduction in hours to the point where the employee is no longer eligible under the policy, contract, or health care plan. Termination shall not include discharge for gross misconduct.

Subd. 2. [RESPONSIBILITY OF EMPLOYEE.] Every **eligible covered** employee electing to continue coverage shall pay the former employer, on a monthly basis, the cost of the continued coverage. If the policy, contract, or health care plan is administered by a trust, every **eligible covered** employee electing to continue coverage shall pay the trust the cost of continued coverage according to the eligibility rules established by the trust. *In no event shall the amount of premium charged exceed 102 percent of the cost for such period of coverage for similarly situated employees with respect to whom neither termination nor layoff has occurred, without regard to whether such cost is paid by the employer or employee.* The employee shall be eligible to continue the coverage until ~~reemployed and eligible for health care coverage under a group policy, contract, or plan sponsored by the same or another employer~~ *the employee becomes covered under another group health plan, or for a period of 12 18 months after the termination of or lay off from employment, whichever is shorter.*

(b) The termination of or lay off from employment was for reasons other

than the discontinuance of the business, bankruptcy, or the employee's disability or retirement.

Subd. 4. [RESPONSIBILITY OF EMPLOYER.] After timely receipt of the monthly payment from an eligible a covered employee, if the employer, or the trustee, if the policy, contract, or health care plan is administered by a trust, fails to make the payment to the insurer, nonprofit health service plan corporation, or health maintenance organization, with the result that the employee's coverage is terminated, the employer or trust shall become liable for the employee's coverage to the same extent as the insurer, nonprofit health service plan corporation, or health maintenance organization would be if the coverage were still in effect.

In the case of a policy, contract or plan administered by a trust, the employer must notify the trustee within 30 days of the termination or layoff of a covered employee of the name and last known address of the employee.

If the employer or trust fails to notify a covered employee, the employer or trust shall continue to remain liable for the employee's coverage to the same extent as the insurer would be if the coverage were still in effect.

Subd. 5. [NOTICE OF OPTIONS.] Upon the termination of or lay off from employment of an eligible employee, the employer shall inform the employee within ten days after termination or lay off of:

- (a) the right to elect to continue the coverage;
- (b) the amount the employee must pay monthly to the employer to retain the coverage;
- (c) the manner in which and the office of the employer to which the payment to the employer must be made; and
- (d) the time by which the payments to the employer must be made to retain coverage.

If the policy, contract, or health care plan is administered by a trust, the employer is relieved of the obligation imposed by clauses (a) to (d). The trust shall inform the employee of the information required by clauses (a) to (d).

The employee shall have 60 days within which to elect coverage. The 60-day period shall begin to run on the date plan coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.

Notice ~~may~~ must be in writing and sent by first class certified mail to the employee's last known address which the employee has provided the employer or trust. ~~If the employer or trust fails to so notify the employee who is properly enrolled in the program, the employee shall have the option to retain coverage if the employee makes this election within 60 days of the date terminated or laid off by making the proper payment to the employer or trust to provide continuous coverage.~~

A notice in substantially the following form shall be sufficient: "As a terminated or laid off employee, the law authorizes you to maintain your group medical insurance for a period of up to ~~12~~ 18 months. To do so you must notify your former employer within ~~ten~~ 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of \$_____ to _____ at _____ by the _____ of each month."

Subd. 6. [CONVERSION TO INDIVIDUAL POLICY.] A group insurance policy that provides posttermination or layoff coverage as required by this section shall also include a provision allowing a covered employee, surviving spouse, or dependent at the expiration of the posttermination or layoff coverage provided by subdivision 2 to obtain from the insurer offering the group policy or group subscriber contract, at the employee's, spouse's, or dependent's option and expense, without further evidence of insurability and without interruption of coverage, an individual policy of insurance or an individual subscriber contract providing at least the minimum benefits of a qualified plan as prescribed by section 62E.06 and the option of a number three qualified plan, a number two qualified plan, and a number one qualified plan as provided by section 62E.06, subdivisions 1 to 3, *provided application is made to the insurer within 30 days following notice of the expiration of the continued coverage and upon payment of the appropriate premium.* The required conversion contract must treat pregnancy the same as any other covered illness under the conversion contract. This option shall be made available at the enrollee's expense, without further evidence of insurability and without interruption of coverage.

A policy providing reduced benefits at a reduced premium rate may be accepted by the employee, the spouse, or a dependent in lieu of the optional coverage otherwise required by this subdivision.

The individual policy or contract shall be renewable at the covered under another qualified plan as defined in section 62E.02, subdivision 4, up to age 65 or to the day before the date of eligibility for coverage under title XVIII of the Social Security Act, as amended. Any revisions in the table of rate for the individual policy shall apply to the covered person's original age at entry and shall apply equally to all similar policies issued by the insurer.

(1) the date coverage would otherwise terminate under the policy;

(2) 36 months after continuation by the spouse or dependent was elected;
or

If coverage is provided under a group policy, any required premium contributions for the coverage shall be paid by the insured on a monthly basis to the group policyholder for remittance to the insurer. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for other similarly situated spouse and dependent children to whom subdivision 1 is not applicable, without regard to whether such cost is paid by the employer or employee.

Sec. 55. Minnesota Statutes 1986, section 62A.21, is amended to read:

62A.21 [CONVERSION PRIVILEGES FOR INSURED FORMER SPOUSES AND CHILDREN.]

Subd. 2b. [CONVERSION PRIVILEGE.] Every policy described in subdivision 1 shall contain a provision allowing a former spouse and dependent children of an insured, without providing evidence of insurability, to obtain

This section does not apply to trusts established under chapter 62H which have been approved by the commissioner.

Subd. 5. [PETITION TO REDUCE BOND OR SECURITY AMOUNT.] An employer subject to this section may petition the commissioner to, and the commissioner may, allow the use of a surety bond not in the form specified in subdivision 3, or grant a reduction in the amount of the surety bond or security required.

Sec. 58. Minnesota Statutes 1986, section 62A.31, subdivision 1a, is amended to read:

Subd. 1a. [APPLICATION TO CERTAIN POLICIES.] The requirements of sections 62A.31 to 62A.44 shall not apply to disability income protection insurance policies, long-term care policies issued pursuant to sections 62A.46 to 62A.56, or group policies of accident and health insurance which do not purport to supplement medicare issued to any of the following groups:

Sec. 59. Minnesota Statutes 1986, section 62A.43, subdivision 2, is amended to read:

Subd. 2. [REFUNDS.] Notwithstanding the provisions of section 62A.38, an insurer which issues a medicare supplement plan to any person who has one plan then in effect, except as permitted in subdivision 1, shall, at the request of the insured, either refund the premiums or pay any claims on the policy, whichever is greater. *Any refund of premium pursuant to this section or section 62A.38 shall be sent by the insurer directly to the insured within 15 days of the request by the insured.*

Sec. 60. Minnesota Statutes 1986, section 62A.43, is amended by adding a subdivision to read:

Subd. 4. [OTHER POLICIES NOT PROHIBITED.] *The prohibition in this section against the sale of duplicate Medicare supplement coverage does not preclude the sale of insurance coverage, such as travel, accident, and sickness coverage, the effect or purpose of which is not to supplement Medicare coverage. Notwithstanding this provision, if the commissioner determines that the coverage being sold is in fact Medicare supplement insurance, the commissioner shall notify the insurer in writing of the determination. If the insurer does not thereafter comply with sections 62A.31 to 62A.44, the commissioner may, pursuant to chapter 14, revoke or suspend the insurer's authority to sell accident and health insurance in this state or impose a civil penalty not to exceed \$10,000, or both.*

Sec. 61. Minnesota Statutes 1986, section 62A.46, is amended by adding a subdivision to read:

Subd. 11. [BENEFIT PERIOD.] *"Benefit period" means one or more separate or combined periods of confinement covered by a long-term care policy in a nursing facility or at home while receiving home care services. A benefit period begins on the first day the insured receives a benefit under the policy and ends when the insured has received no benefits for the same or related cause for an interval of 180 consecutive days.*

Sec. 62. Minnesota Statutes 1986, section 62A.48, subdivision 1, is amended to read:

Subdivision 1. [POLICY REQUIREMENTS.] No individual or group policy, certificate, subscriber contract, or other evidence of coverage of nursing home care or other long-term care services shall be offered, issued, delivered, or renewed in this state, whether or not the policy is issued in this state, unless the policy is offered, issued, delivered, or renewed by a qualified insurer and the policy satisfies the requirements of sections 62A.46 to 62A.56. A long-term care policy must cover medically prescribed long-term care in nursing facilities and at least the medically prescribed long-term home care services in section 62A.46, subdivision 4, clauses (1) to (5), provided by a home health agency. Coverage under a long-term care policy AA must include: a maximum lifetime benefit limit of at least \$100,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums, and a requirement of prior hospitalization for up to one day may be imposed only for long-term care in a nursing facility. Coverage under a long-term care policy A must include: a maximum lifetime benefit limit of at least \$50,000 for services, nursing facility and home care coverages must not be subject to separate lifetime

maximums, and a requirement of prior hospitalization for up to three days may be imposed for long-term care in a nursing facility or home care services. *If long-term care policies require the policyholder to be admitted to a nursing facility or begin home care services within a specified period after discharge from a hospital, that period may be no less than 30 days.*

Coverage under either policy designation must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage. Coverage under either policy designation may include a waiting period of up to 90 days before benefits are paid, but there must be no more than one waiting period per benefit period. No policy may exclude coverage for mental or nervous disorders which have a demonstrable organic cause, such as Alzheimer's and related dementias. No policy may require the insured to meet a prior hospitalization test more than once during a single benefit period. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. Policy options include A provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 and may be offered. A provision that the premium would be waived during any period in which benefits are being paid to the insured of confinement in a nursing facility must be offered. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.

Sec. 63. Minnesota Statutes 1986, section 62A.48, subdivision 2, is amended to read:

Subd. 2. [PER DIEM COVERAGE.] If benefits are provided on a per diem basis, the minimum daily benefit for care in a nursing facility must be the lesser of \$60 or actual charges under a long-term care policy AA or the lesser of \$40 or actual charges under a long-term care policy A and the minimum daily benefit per visit for home care under a long-term care policy AA or A must be the lesser of \$25 or actual charges under a long-term care policy AA or the lesser of \$25 or actual charges for nurse and therapy services and \$20 for home health aide and nonmedical services under a long-term care policy A. ~~If home care services are provided less frequently than daily, the minimum benefit is the lesser of actual charges or an amount determined by multiplying the number of days of the period during which services will be provided, or a reasonable interval of the service period, by \$25 and dividing the resulting amount by the number of days during this period on which home care services were rendered.~~ The home care services benefit must cover at least seven paid visits per week.

Sec. 64. Minnesota Statutes 1986, section 62A.48, subdivision 6, is amended to read:

Subd. 6. [COORDINATION OF BENEFITS.] A long-term care policy shall may be secondary coverage for services provided under sections 62A.46 to 62A.56. Nothing in sections 62A.46 to 62A.56 shall require the secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to

pay.

There shall be no coordination of benefits between a long-term care policy and a policy designed primarily to provide coverage payable on a per diem, fixed indemnity or nonexpense-incurred basis, or a policy that provides only accident coverage.

Sec. 65. Minnesota Statutes 1986, section 62A.48, is amended by adding a subdivision to read:

Subd. 7. [EXISTING POLICIES.] Nothing in sections 62A.46 to 62A.56 prohibits the renewal of policies sold outside the state of Minnesota to persons who at the time of sale were not residents of the state of Minnesota.

Sec. 66. Minnesota Statutes 1986, section 62A.50, subdivision 3, is amended to read:

Subd. 3. [DISCLOSURES.] No long-term care policy shall be offered or delivered in this state, whether or not the policy is issued in this state, and no certificate of coverage under a group long-term care policy shall be offered or delivered in this state, unless a statement containing at least the following information is delivered to the applicant at the time the application is made:

(1) a description of the benefits and coverage provided by the policy and the differences between this policy, a supplemental medicare policy and the benefits to which an individual is entitled under parts A and B of medicare *and the differences between policy designations A and AA;*

(2) a statement of the exceptions and limitations in the policy including the following language, as applicable, in bold print: "THIS POLICY DOES NOT COVER ALL NURSING CARE FACILITIES OR NURSING HOME OR HOME CARE EXPENSES AND DOES NOT COVER RESIDENTIAL CARE. READ YOUR POLICY CAREFULLY TO DETERMINE WHICH FACILITIES AND EXPENSES ARE COVERED BY YOUR POLICY.";

(3) a statement of the renewal provisions including any reservation by the insurer of the right to change premiums;

(4) a statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions;

(5) an explanation of the policy's loss ratio including at least the following language: "This means that, on the average, policyholders may expect that \$_____ of every \$100 in premium will be returned as benefits to policyholders over the life of the contract."; and

(6) a statement of the out-of-pocket expenses, including deductibles and copayments for which the insured is responsible, and an explanation of the specific out-of-pocket expenses that may be accumulated toward any out-of-pocket maximum as specified in the policy.

Sec. 67. Minnesota Statutes 1986, section 62D.05, is amended by adding a subdivision to read:

Subd. 6. [SUPPLEMENTAL BENEFITS.] A health maintenance organization may, as a supplemental benefit, provide coverage to its enrollees for health care services and supplies received from providers who are not employed by, under contract with, or otherwise affiliated with the health maintenance organization. The commissioner may, pursuant to chapter 14,

adopt, enforce, and administer rules relating to this subdivision, including: rules insuring that these benefits are supplementary and not substitutes for comprehensive health maintenance services; rules relating to protection against insolvency, including the establishment of necessary financial reserves; rules relating to appropriate standards for claims processing; rules relating to marketing practices; and other rules necessary for the effective and efficient administration of this subdivision. The commissioner, in adopting rules, shall give consideration to existing laws and rules administered and enforced by the department of commerce relating to health insurance plans. Except as otherwise provided by law, a health maintenance organization may not advertise, offer, or enter into contracts for the coverage described in this subdivision until 30 days after the effective date of rules adopted by the commissioner of health to implement this subdivision.

A plan may cover employees resident in other states only if the plan complies with the applicable laws of that state.*

Sec. 78. Minnesota Statutes 1986, section 62H.02, is amended to read:

62H.02 [REQUIRED PROVISIONS.]

A joint self-insurance plan must include aggregate excess stop-loss coverage and individual excess stop-loss coverage provided by an insurance company licensed by the state of Minnesota. The commissioner shall review the contract to determine if they meet the standards established by sections 62H.01 to 62H.08 and respond within a 30-day period. Any excess or stop-loss insurance plan ~~must be nonecancelable for a minimum term of two years~~ *contain a provision that the excess or stop-loss insurer will give the plan and the commissioner of commerce a minimum of 180 days notice of termination or nonrenewal. Sec. 80. Minnesota Statutes 1986, section 62I.02, subdivision 1, is amended to read:

Subdivision 1. [CREATION.] The Minnesota joint underwriting association is created to provide insurance coverage to any person or entity

unable to obtain insurance through ordinary methods if the insurance is required by statute, ordinance, or otherwise required by law, or is necessary to earn a livelihood or conduct a business and serves a public purpose. Prudent business practice or mere desire to have insurance coverage is not a sufficient standard for the association to offer insurance coverage to a person or entity. *For purposes of this subdivision, directors' and officers' liability insurance is considered to be a business necessity and not merely a prudent business practice.* The association shall be specifically authorized to provide insurance coverage to day care providers, foster parents, foster homes, developmental achievement centers, group homes, and sheltered workshops for mentally, emotionally, or physically handicapped persons, and citizen participation groups established pursuant to the housing and community redevelopment act of 1974, Public Law Number 93-383. Because the activities of certain persons or entities present a risk that is so great, the association shall not offer insurance coverage to any person or entity the board of directors of the association determines is outside the intended scope and purpose of the association because of the gravity of the risk of offering insurance coverage. The association shall not offer environmental impairment liability or product liability insurance. The association shall not offer coverage for activities that are conducted substantially outside the state of Minnesota unless the insurance is required by statute, ordinance, or otherwise required by law. Every insurer authorized to write property and casualty insurance in this state shall be a member of the association as a condition to obtaining and retaining a license to write insurance in this state.

Sec. 81. Minnesota Statutes 1986, section 62I.02, subdivision 3, is amended to read:

Subd. 3. [REAUTHORIZATION.] The authorization to issue insurance to day care providers, foster parents, foster homes, developmental activity centers, group homes, and sheltered workshops for mentally, emotionally, or physically handicapped persons, and citizen participation groups established pursuant to the housing and community redevelopment act of 1974, Public Law Number 93-383, is valid for a period of two years from the date it was made. The commissioner may reauthorize the issuance of insurance *for these groups and other classes of business* for additional two-year periods pursuant to sections 62I.21 and 62I.22. This subdivision is not a limitation on the number of times the commissioner may reauthorize the issuance of insurance. ~~Insurance may not be offered pursuant to this section to persons or entities other than those listed in this subdivision after December 31, 1989.~~

Sec. 82. Minnesota Statutes 1986, section 62I.02, is amended by adding a subdivision to read:

Subd. 4. The association shall have no liability for premium taxes under section 60A.15, or any other taxes or assessments imposed by the state.

Sec. 83. Minnesota Statutes 1986, section 62I.03, subdivision 5, is amended to read:

Subd. 5. [DEFICIT.] "Deficit" means, for a particular policy year ~~and line or type of insurance~~, that amount by which total paid and outstanding losses and loss adjustment expenses exceed premium revenue, including retrospective premium revenue.

Sec. 84. Minnesota Statutes 1986, section 62I.04, is amended to read:

62I.04 [POLICY ISSUANCE.]

The hearing must be conducted under chapter 14. The commissioner must give notice of intent to hold a hearing within 60 days of the filing of the change. It shall be the responsibility of the insurer to show the rate is not excessive. The rate is effective unless it is determined as a result of the hearing that the rate is excessive.

Sec. 116. Minnesota Statutes 1986, section 70A.08, subdivision 3, is amended to read:

Subd. 3. ~~Until January 1, 1988,~~ The commissioner may restrict approval on claims-made policies to forms filed by a rate service organization which have been approved.

Sec. 117. [72A.125] [RENTAL VEHICLE PERSONAL ACCIDENT INSURANCE; SPECIAL REQUIREMENTS.]

Subdivision 1. [DEFINITION.] (a) "Auto rental company" means a corporation, partnership, individual, or other person that is engaged primarily in the renting of motor vehicles at per diem rates.

(b) "Rental vehicle personal accident insurance" means accident only insurance providing accidental death benefits, dismemberment benefits and/or reimbursement for medical expenses which is issued by an insurer authorized in this state to issue accident and health insurance. These coverages are nonqualified plans under chapter 62E.

Subd. 2. [SALE BY AUTO RENTAL COMPANIES.] An auto rental company that offers or sells rental vehicle personal accident insurance in this state in conjunction with the rental of a vehicle shall only sell these products if the forms and rates have met the relevant requirements of section 62A.02, taking into account the possible infrequency and severity of loss that may be incurred. Sections 60A.17 and 60A.1701 do not apply if the persons engaged in the sale of these products are employees of the auto rental company who do not receive commissions or other remuneration for selling the product in addition to their regular compensation. Compensation may not be determined in any part by the sale of insurance products. The auto rental company before engaging in the sale of the product must file with the commissioner the following documents:

- (1) an appointment of the commissioner as agent for service of process;*
- (2) an agreement that the auto rental company assumes all responsibility for the authorized actions of all unlicensed employees who sell the insurance product on its behalf in conjunction with the rental of its vehicles;*
- (3) an agreement that the auto rental company with respect to itself and its employees will be subject to this chapter regarding the marketing of the insurance products and the conduct of those persons involved in the sale of insurance products in the same manner as if it were a licensed agent.*

An auto rental company failing to file the documents in clauses (1) to

(3) is guilty of an individual violation as to the unlicensed sale of insurance for each sale that occurs after the effective date of this section until they make the required filings. Each individual sale after the effective date of this section and prior to the filing required by this section is subject to, in addition to any other penalties allowable by law, up to a \$100 per violation fine. Further, the sale of the insurance product by an auto rental company or any employee or agent of the company after the effective date of this section without having complied with this section shall be deemed to be in acceptance of the provisions of this section.

Insurance sold pursuant to this subdivision must be limited in availability to rental vehicle customers though coverage may extend to the customer, other drivers, and passengers using or riding in the rented vehicles; and limited in duration to a period equal to and concurrent with that of the vehicle rental.

Persons purchasing rental vehicle personal accident insurance may be provided a certificate summarizing the policy provisions in lieu of a copy of the policy if a copy of the policy is available for inspection at the place of sale and a free copy of the policy may be obtained from the auto rental company's home office.

The commissioner may, after a hearing, revoke an auto rental company's right to operate under this section if the company has repeatedly violated the insurance laws of this state and the revocation is in the public interest.

The insurer may deduct from the premium any previously accrued claim for loss or damage under the policy.

For the purposes of this section, a premium is unearned during the period of time the insurer has not been exposed to any risk of loss; or

(b) Refusing, upon termination or cancellation of a policy of automobile insurance under section 65B.14, subdivision 2, or a policy of homeowner's insurance under section 65A.27, subdivision 4, or a policy of accident and sickness insurance under section 62A.01, or a policy of comprehensive health insurance under chapter 62E, to refund to the insured all unearned premiums paid on the policy covering the insured as of the time of the termination or cancellation if the unearned premium is for a period of more than one month.

The insurer may deduct from the premium any previously accrued claim for loss or damage under the policy.

Sec. 120. Minnesota Statutes 1986, section 72A.20, is amended by adding a subdivision to read:

Subd. 18. [IMPROPER BUSINESS PRACTICES.] (a) Improperly withholding, misappropriating, or converting any money belonging to a policyholder, beneficiary, or other person when received in the course of the insurance business; or (b) engaging in fraudulent, coercive, or dishonest practices in connection with the insurance business.

Sec. 121. Minnesota Statutes 1986, section 72A.20, is amended by adding a subdivision to read:

Subd. 19. [SUPPORT FOR UNDERWRITING STANDARDS.] No life or health insurance company doing business in this state shall engage in any selection or underwriting process unless the insurance company establishes beforehand substantial data, actuarial projections, or claims experience which support the underwriting standards used by the insurance company. The data, projections, or claims experience used to support the selection or underwriting process is not limited to only that of the company. The experience, projections, or data of other companies or a rate service organization may be used as well.

Sec. 122. Minnesota Statutes 1986, section 72A.31, subdivision 1, is amended to read:

Subdivision 1. No person, firm or corporation engaged in the business of financing the purchase of real or personal property or of lending money on the security of real or personal property or who acts as agent or broker for one who purchases real property and borrows money on the security thereof, and no trustee, director, officer, agent or other employee of any such person, firm, or corporation shall directly or indirectly:

(1) require, as a condition precedent to such purchase or financing the purchase of such property or to loaning money upon the security of a mortgage thereon, or as a condition prerequisite for the renewal or extension of any such loan or mortgage or for the performance of any other act in connection therewith, that the person, firm or corporation making such purchase or for whom such purchase is to be financed or to whom the money is to be loaned or for whom such extension, renewal or other act is to be granted or performed negotiate any policy of insurance or renewal thereof covering such property through a particular agent, or insurer, or

(2) refuse to accept any policy of insurance covering such property because it was not negotiated through or with any particular agent, or insurer, or

(3) refuse to accept any policy of insurance covering the property issued by an insurer that is a member insurer as defined by section 60C.03, subdivision 6, or

(4) require any policy of insurance covering the property to exceed the replacement cost of the buildings on the mortgaged premises.

This section shall not prevent the disapproval of the insurer or a policy of insurance by any such person, firm, corporation, trustee, director, officer,

agent or employee where there are reasonable grounds for believing that *the insurer is insolvent or that such insurance is unsatisfactory as to placement with an unauthorized insurer, the financial solvency of the insurer, adequacy of the coverage, adequacy of the insurer to assume the risk to be insured, the assessment features to which the policy is subject, or other grounds which are based on the nature of the coverage and which are not arbitrary, unreasonable or discriminatory, nor shall this section prevent a mortgage lender or mortgage servicer from requiring that a policy of insurance or renewal thereof be in conformance with standards of the federal national mortgage association or the federal home loan mortgage corporation, nor shall this section forbid the securing of insurance or a renewal thereof at the request of the borrower or because of the borrower's failure to furnish the necessary insurance or renewal thereof. For purposes of this section, "insurer" includes a township mutual fire insurance company operating under sections 67A.01 to 67A.26 and a farmers mutual fire insurance company operating under sections 67A.27 to 67A.39.*

Upon notice of any such disapproval of *or refusal to accept* an insurer or a policy of insurance, the commissioner may order the approval of the insurer or the acceptance of the tendered policy of insurance, or both, if the commissioner determines such disapproval *or refusal to accept* is not in accordance with the foregoing requirements. Failure to comply with such an order of the commissioner of commerce shall be deemed a violation of this section.

Sec. 123. Minnesota Statutes 1986, section 169.045, subdivision 1, is amended to read:

Subdivision 1. [DESIGNATION OF ROADWAYS, PERMIT.] The governing body of any home rule charter or statutory city or town may by ordinance authorize the operation of motorized golf carts, or four-wheel all-terrain vehicles, on designated roadways or portions thereof under its jurisdiction. Authorization to operate a motorized golf cart or four-wheel all-terrain vehicle is by permit only. ~~Permits are restricted to physically handicapped persons defined in section 169.345, subdivision 2.~~ For purposes of this section, a four-wheel all-terrain vehicle is a motorized flotation-tired vehicle with four low-pressure tires that is limited in engine displacement of less than 800 cubic centimeters and total dry weight less than 600 pounds.

Sec. 124. Minnesota Statutes 1986, section 169.045, is amended by adding a subdivision to read:

Subd. 8. [INSURANCE.] In the event persons operating a motorized golf cart or four-wheel, all-terrain vehicle under this section cannot obtain liability insurance in the private market, that person may purchase automobile insurance, including no-fault coverage, from the Minnesota Automobile Assigned Risk Plan at a rate to be determined by the commissioner of commerce.

Sec. 125. [256B.73] [DEMONSTRATION PROJECT FOR UNINSURED LOW INCOME PERSONS.]

Subdivision 1. [PURPOSE.] The purpose of the demonstration project is to determine the need for and the feasibility of establishing a statewide program of medical insurance for uninsured low income persons.

Subd. 2. [ESTABLISHMENT: GEOGRAPHIC AREA.] The commissioner of human services shall establish a demonstration project to provide

low cost medical insurance to uninsured low income persons in Cook, Lake, St. Louis, Carlton, Aitkin, Itasca, and Koochiching counties except an individual county may be excluded as determined by the county board of commissioners.

Subd. 3. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given:

- (1) "commissioner" means the commissioner of human services;*
- (2) "demonstration provider" means a Minnesota corporation doing business under chapter 62A, 62C, or 62D;*
- (3) "individual provider" means a medical provider under contract to the demonstration provider to provide medical care to enrollees; and*
- (4) "enrollee" means a person eligible to receive coverage according to subdivision 4.*

Subd. 4. [ENROLLEE ELIGIBILITY REQUIREMENTS.] To be eligible for participation in the demonstration project, an enrollee must:

- (1) not be eligible for Medicare, medical assistance, or general assistance medical care;*
- (2) have an income not more than 200 percent of the Minnesota income standards by family size used in the aid to families with dependent children program;*
- (3) not own real property in excess of the limits specified in section 256B.06, subdivision 1, paragraph (12);*
- (4) not have cash and/or liquid assets in excess of the limits specified in section 256B.06, subdivision 1, paragraph (13); and*
- (5) have no medical insurance or health benefits plan available through employment or other means that would provide coverage for the same medical services as provided by this demonstration.*

Subd. 5. [ENROLLEE BENEFITS.] Eligible individuals enrolled by the demonstration provider shall receive all necessary health care services as defined in section 256B.02, subdivision 8, except services that are available through consolidated fund programs for conditions related to chemical dependency or mental illness or are not mandated benefits according to chapter 62D may be excluded upon approval by the commissioner. The demonstration provider shall establish annual limits of coverage to arrive at an affordable monthly premium for enrollees.

Subd. 6. [ENROLLEE PARTICIPATION.] An enrollee is not required to furnish evidence of good health. The demonstration provider shall accept all persons applying for coverage who meet the criteria in subdivision 4, subject to the following provisions:

- (a) Enrollees will be required to pay a sliding fee on a monthly basis for health coverage through the demonstration project. The sliding fee shall be based on the enrollee's income and shall not exceed 50 percent of the rate that would be paid to a prepaid plan serving general assistance medical care recipients in the same geographic area.*
- (b) The demonstration provider may terminate the coverage for an enrollee who has not made payment within the first ten calendar days of the month for which coverage is being purchased. The termination for non-*

payment shall be retroactive to the first day of the month for which no payment has been made by the enrollee.

(c) An enrollee who either requests termination of coverage under the demonstration or who allows coverage to terminate due to nonpayment of the required monthly fee may be required to furnish evidence of good health prior to being reinstated in the demonstration. As an alternative to evidence of good health, the enrollee may furnish evidence of having been eligible for health care services under a plan with similar benefits.

(d) The demonstration provider shall establish limits of enrollment which allow for a sufficient number of enrollees to constitute a reasonable demonstration project. These limits shall be established by county within the project area.

Subd. 7. [CONTRACT WITH DEMONSTRATION PROVIDER.] The commissioner shall contract with the demonstration provider for the duration of the project. This contract shall be for 24 months with an option to renew for no more than 12 months. This contract may be canceled without cause by the commissioner upon 90 days' written notice to the demonstration provider or by the demonstration provider with 90 days' written notice to the commissioner. The commissioner shall assure the cooperation of the county human services or social services staff in all counties participating in the project.

Subd. 8. [MEDICAL ASSISTANCE AND GENERAL ASSISTANCE MEDICAL CARE COORDINATION.] To assure enrollees of uninterrupted delivery of health care services, the commissioner may pay the premium to the demonstration provider for persons who become eligible for medical assistance or general assistance medical care. To determine eligibility for medical assistance, any medical expenses for eligible services incurred by the demonstration provider shall be considered as evidence of satisfying the medical expense requirements of section 256B.06, subdivision 1, paragraphs (14) and (15). To determine eligibility for general assistance medical care, any medical expenses for eligible services incurred by the demonstration provider shall be considered as evidence of satisfying the medical expense requirements of section 256D.03, subdivision 3.

Subd. 9. [WAIVERS.] (a) Waivers of Minnesota Statutes, chapters 62A, 62C, and 62D, are granted until December 31, 1992.

(b) This demonstration project shall not become operational until waivers of appropriate federal regulation are obtained from the health care financing administration.

Sec. 126. Minnesota Statutes 1986, section 471.98, subdivision 2, is amended to read:

Subd. 2. "Political subdivision" includes a statutory or home rule charter city, a county, a school district, a town, a watershed management organization as defined in section 473.876, subdivision 9, or an instrumentality thereof having independent policy making and appropriating authority. For the purposes of this section and section 471.981, the governing body of a town is the town board.

Sec. 127. [604.08] [VOLUNTEER ATHLETIC COACHES AND OFFICIALS; IMMUNITY FROM LIABILITY.]

Subdivision 1. [GRANT.] No individual who provides services or assistance without compensation as an athletic coach, manager, or official

for a sports team that is organized or performing under a nonprofit charter is liable for money damages to a player or participant as a result of the individual's acts or omissions in the providing of that service or assistance.

This section applies to organized sports competitions and practice and instruction in that sport.

For purposes of this section, "compensation" does not include reimbursement for expenses.

Subd. 2. [LIMITATION.] Subdivision 1 does not apply:

(1) to the extent that the acts or omissions are covered under an insurance policy issued to the entity for whom the coach, manager, or official serves;

(2) if the individual acts in a willful and wanton or reckless manner in providing the services or assistance, or if the individual has not successfully completed a safety orientation program established by the commissioner of public safety;

(3) if the acts or omissions arise out of the operation, maintenance, or use of a motor vehicle;

(4) if the acts or omissions are a result of the individual's permitting a sports competition or practice to be conducted without adequate supervision;

(5) to an athletic coach, manager, or official who provides services or assistance as part of a public or private educational institution's athletic program; and

(6) if the individual acts in violation of federal, state, or local law.

The limitation in clause (1) constitutes a waiver of the defense of immunity to the extent of the liability stated in the policy, but has no effect on the liability of the individual beyond the coverage provided.

Sec. 128. [SPECIAL STUDY.]

The commissioner of health, with the advice and assistance of the commissioners of commerce and human services, shall prepare a report to the legislature which addresses the issues concerning reimbursement by third-party payors of home health care benefits for individuals with a medical condition which would require inpatient hospital services in the absence of home or community-based care, and who are dependent upon medical technology in order to avoid death or serious injury. Development of the report must include participation by home care providers and third-party payors. The report must include recommendations for the adoption of definitions of home care, minimum standards of home care services, the costs of providing home care, and resolution of the issue of cost-shifting of home care. These rules are exempt from the rulemaking provisions of chapter 14. The commissioner must comply with section 14.38, subdivision 7, when adopting these rule amendments.

Subdivision 1. [CLASSIFICATION OF DATA.] *Subject to the exceptions listed in this subdivision, all communications or information received by or disclosed to a board relating to any person or matter subject to its regulatory jurisdiction, and all records of any action or proceedings thereon, except a final decision of the board, are confidential and privileged and any disciplinary hearing must be closed to the public.*

Sec. 5. [148B.05] [RIGHT TO PRACTICE.]

Subdivision 1. [ADVERSE ACTION BY A BOARD.] A suspension, revocation, condition, limitation, qualification or restriction of a regulated individual's license, filing, or right to practice is in effect pending determination of an appeal unless the court, upon petition and for good cause shown, orders otherwise. The right to provide services is automatically suspended if (1) a guardian of the person of a regulated individual is appointed by order of a probate court pursuant to sections 525.54 to 525.612, for reasons other than the minority of the individual, or (2) the individual is committed by order of a probate court pursuant to chapter 253B or sections 526.09 to 526.11. The right to provide services remains suspended until the individual is restored to capacity by a court and, upon petition by the individual, the suspension is terminated by the board after a hearing. In its discretion, a board may restore and reissue permission to provide services, but as a condition thereof may impose any disciplinary or corrective measure that it might originally have imposed.

Subd. 2. [TEMPORARY SUSPENSION OF RIGHT OF PRACTICE.] In addition to any other remedy provided by law, a board may, without a hearing, temporarily suspend the right of a regulated individual to provide services if the board finds that the regulated individual has violated a statute or rule that the board is empowered to enforce and continued practice would create a serious risk of harm to the public. The suspension is effective upon written notice to the individual specifying the statute or rule violated and remains in effect until the board issues a final order in the matter after a hearing. At the time it issues the suspension notice, the board shall schedule a disciplinary hearing to be held pursuant to the administrative procedure act. The individual must be provided with at least 20 days notice of any hearing held pursuant to this subdivision. The hearing must be scheduled to begin no later than 30 days after the suspension order is issued.

Sec. 6. [148B.06] [TAX CLEARANCE CERTIFICATE.]

Subdivision 1. [CERTIFICATE REQUIRED.] A board may not issue or renew a filing if the commissioner of revenue notifies the board and the regulated individual or applicant for a license or filing that the individual or applicant owes the state delinquent taxes in the amount of \$500 or more. A board may issue or renew a license or filing only if the commissioner of revenue issues a tax clearance certificate and the commissioner of revenue or the individual or applicant forwards a copy of the clearance to the board. The commissioner of revenue may issue a clearance certificate only if the individual or applicant does not owe the state any uncontested delinquent taxes. For purposes of this section "taxes" means all taxes payable to the commissioner of revenue, including penalties and interest due on those taxes. "Delinquent taxes" do not include a tax liability if (i) an administrative or court action that contests the amount or validity of the liability has been filed or served, (ii) the appeal period to contest the tax liability has not expired, or (iii) the regulated individual or applicant

has entered into a payment agreement to pay the liability and is current with the payments.

Subd. 2. [HEARING.] In lieu of the notice and hearing requirements of section 16, when a regulated individual or applicant is required to obtain a clearance certificate under this subdivision, a contested case hearing must be held if the individual or applicant requests a hearing in writing to the commissioner of revenue within 30 days of the date of the notice required in subdivision 1. The hearing must be held within 45 days of the date the commissioner of revenue refers the case to the office of administrative hearings. Notwithstanding any other law, the individual or applicant must be served with 20 days notice in writing specifying the time and place of the hearing and the allegations against the regulated individual or applicant. The notice may be served personally or by mail.

Subd. 3. [INFORMATION REQUIRED.] The boards shall require all regulated individuals or applicants to provide their social security number and Minnesota business identification number on all license or filing applications. Upon request of the commissioner of revenue, the board must provide to the commissioner of revenue a list of all regulated individuals and applicants, including the name and address, social security number, and business identification number. The commissioner of revenue may request a list of the individuals and applicants no more than once each calendar year. Notwithstanding sections 290.61 and 297A.43, the commissioner of revenue may release information necessary to accomplish the purpose of this subdivision.

Sec. 7. [148B.07] [REPORTING OBLIGATIONS.]

Subdivision 1. [PERMISSION TO REPORT.] A person who has knowledge of any conduct constituting grounds for discipline or adverse action relating to licensure or filing under this chapter may report the violation to the appropriate board.

Subd. 2. [INSTITUTIONS.] A state agency, political subdivision, agency of a local unit of government, private agency, hospital, clinic, prepaid medical plan, or other health care institution or organization located in this state shall report to the appropriate board any action taken by the agency, institution or organization or any of its administrators or medical or other committees to revoke, suspend, restrict, or condition a regulated individual's privilege to practice or treat patients or clients in the institution, or as part of the organization, any denial of privileges, or any other adverse action or disciplinary action for conduct that might constitute grounds for adverse action or disciplinary action by a board under this chapter. The institution or organization shall also report the resignation of any regulated individuals prior to the conclusion of any disciplinary or adverse action proceeding for conduct that might constitute grounds for disciplinary or adverse action under this chapter, or prior to the commencement of formal charges but after the individual had knowledge that formal charges were contemplated or in preparation.

Subd. 3. [PROFESSIONAL SOCIETIES.] A state or local professional society for regulated individuals shall report to the appropriate board any termination, revocation, or suspension of membership or any other disciplinary or adverse action taken against a regulated individual. If the society has received a complaint that might be grounds for discipline under this chapter against a member on which it has not taken any disciplinary or adverse action, the society shall report the complaint and the reason

why it has not taken action on it or shall direct the complainant to the appropriate board.

Subd. 4. [REGULATED INDIVIDUALS AND LICENSED PROFESSIONALS.] A regulated individual or a licensed health professional shall report to the appropriate board personal knowledge of any conduct that the regulated individual or licensed health professional reasonably believes constitutes grounds for disciplinary or adverse action under this chapter by any regulated individual, including conduct indicating that the individual may be medically incompetent, or may be medically or physically unable to engage safely in the provision of services. If the information was obtained in the course of a client relationship, the client is another regulated individual, and the treating individual successfully counsels the other individual to limit or withdraw from practice to the extent required by the impairment, the board may deem this limitation of or withdrawal from practice to be sufficient disciplinary action.

Subd. 5. [INSURERS.] Four times each year as prescribed by a board, each insurer authorized to sell insurance described in section 60A.06, subdivision 1, clause (13), and providing professional liability insurance to regulated individuals, or the medical joint underwriting association under chapter 62F, shall submit to the appropriate board a report concerning the regulated individuals against whom malpractice settlements or awards have been made to the plaintiff. The report must contain at least the following information:

- (1) the total number of malpractice settlements or awards made to the plaintiff;*
- (2) the date the malpractice settlements or awards to the plaintiff were made;*
- (3) the allegations contained in the claim or complaint leading to the settlements or awards made to the plaintiff;*
- (4) the dollar amount of each malpractice settlement or award;*
- (5) the regular address of the practice of the regulated individual against whom an award was made or with whom a settlement was made; and*
- (6) the name of the regulated individual against whom an award was made or with whom a settlement was made.*

The insurance company shall, in addition to the above information, report to the board any information it possesses that tends to substantiate a charge that a regulated individual may have engaged in conduct violating this chapter.

Subd. 6. [COURTS.] The court administrator of district court or any other court of competent jurisdiction shall report to the board any judgment or other determination of the court that adjudges or includes a finding that a regulated individual is mentally ill, mentally incompetent, guilty of a felony, guilty of a violation of federal or state narcotics laws or controlled substances act, or guilty of an abuse or fraud under Medicare or Medicaid; or that appoints a guardian of the regulated individual pursuant to sections 525.54 to 525.61 or commits a regulated individual pursuant to chapter 253B or sections 526.09 to 526.11.

Subd. 7. [SELF-REPORTING.] A regulated individual shall report to the appropriate board any personal action that would require that a report

be filed with the board by any person, health care facility, business, or organization pursuant to subdivisions 2 to 6.

Subd. 8. [DEADLINES; FORMS.] Reports required by subdivisions 2 to 7 must be submitted not later than 30 days after the occurrence of the reportable event or transaction. The boards may provide forms for the submission of reports required by this section, may require that reports be submitted on the forms provided, and may adopt rules necessary to assure prompt and accurate reporting.

Subd. 9. [SUBPOENAS.] The boards may issue subpoenas for the production of any reports required by subdivisions 2 to 7 or any related documents.

Sec. 8. [148B.08] [IMMUNITY.]

Subdivision 1. [REPORTING.] Any person, health care facility, business, or organization is immune from civil liability or criminal prosecution for submitting a report to a board under section 7 or for otherwise reporting to the board violations or alleged violations of this chapter. All the reports are confidential and absolutely privileged communications.

Subd. 2. [INVESTIGATION.] Members of the boards of social work, marriage and family therapy, and unlicensed mental health service providers, and persons employed by the office or engaged in the investigation of violations and in the preparation and management of charges of violations of this chapter on behalf of the office or boards, are immune from civil liability and criminal prosecution for any actions, transactions, or publications in the execution of, or relating to, their duties under this chapter.

Sec. 9. [148B.09] [PROFESSIONAL COOPERATION.]

A regulated individual who is the subject of an investigation by or on behalf of a board shall cooperate fully with the investigation. Cooperation includes responding fully and promptly to any question raised by or on behalf of the board relating to the subject of the investigation and providing copies of client records, as reasonably requested by the board, to assist the board in its investigation. The board shall pay for copies requested. If the board does not have a written consent from a client permitting access to the client's records, the regulated individual shall delete any data in the record that identifies the client before providing it to the board. The board shall maintain any records obtained pursuant to this section as investigative data pursuant to chapter 13.

Sec. 10. [148B.10] [DISCIPLINARY RECORD ON JUDICIAL REVIEW.]

Upon judicial review of any board disciplinary or adverse action taken under this chapter, the reviewing court shall seal the administrative record, except for the board's final decision, and shall not make the administrative record available to the public.

Sec. 11. [148B.11] [PROFESSIONAL ACCOUNTABILITY.]

Subdivision 1. [INVESTIGATION.] Each board shall maintain and keep current a file containing the reports and complaints filed against regulated individuals within the board's jurisdiction. Each complaint filed with a board pursuant to section 214.10, subdivision 1, must be investigated according to section 214.10, subdivision 2. If the files maintained by a

board show that a malpractice settlement or award to the plaintiff has been made against a regulated individual as reported by insurers under section 7, the executive director of the board shall notify the board and the board may authorize a review of the provider's practice.

Subd. 2. [ATTORNEY GENERAL INVESTIGATES.] When a board initiates a review of a regulated individual's practice it shall notify the attorney general who shall investigate the matter in the same manner as provided in section 214.10. If an investigation is to be made, the attorney general shall notify the regulated individual, and, if the incident being investigated occurred there, the administrator and chief of staff at the health care facilities or clinics in which the professional serves, if applicable.

Subd. 3. [ACCESS TO RECORDS.] The board shall be allowed access to records of a client treated by the regulated individual under review if the client signs a written consent permitting access. If no consent form has been signed, the hospital, clinic, or regulated individual shall first delete data in the record that identifies the client before providing it to the board.

Sec. 12. [148B.12] [MALPRACTICE HISTORY.]

Subdivision 1. [SUBMISSION.] Regulated individuals who have previously practiced in another state shall submit with their filing or application the following information:

(1) number, date, and disposition of any malpractice settlement or award made to the plaintiff or other claimant relating to the quality of services provided by the regulated individual; and

(2) number, date, and disposition of any civil litigations or arbitrations relating to the quality of services provided by the regulated individual in which the party complaining against the individual prevailed or otherwise received a favorable decision or order.

Subd. 2. [BOARD ACTION.] The board shall give due consideration to the information submitted under this section. A regulated individual who willfully submits incorrect information is subject to disciplinary action under this chapter.

Sec. 13. [148B.13] [PUBLICATION OF DISCIPLINARY ACTIONS.]

At least annually, each board shall publish and release to the public a description of all disciplinary measures or adverse actions taken by the board. (2) is convicted by a court of competent jurisdiction of a crime that the board determines is of a nature to render the convicted person unfit to practice marriage and family therapy. The board should compile, maintain, and adopt a list of such crimes;

(4) has obtained or attempted to obtain a license or license renewal by bribery of fraudulent representation;

Subd. 2. [RESTORING A LICENSE.] Upon a vote of five of its members, the board may restore a license that has been revoked, reduce a period of suspension, or withdraw a reprimand.

Sec. 10. [148B.49] [EXCEPTIONS FROM LICENSE REQUIREMENT.]

Subdivision 1. [OTHER PROFESSIONALS.] Nothing in sections 1 to 11 shall be construed to prevent qualified members of other licensed or certified professions or occupations, such as licensed physicians, registered nurses, licensed practical nurses, psychologists licensed by the board of psychology, social workers, probation officers, members of the clergy, attorneys, school counselors who are employed by an accredited educational institution while performing those duties for which they are employed, or registered occupational therapists or certified occupational therapist assistants who are certified by the American Occupational Therapy Association, from doing work of a marriage and family therapy nature.

Subd. 2. [STUDENTS.] Nothing in sections 1 to 11 shall be construed to prevent marriage and family therapy practice by students or interns or individuals preparing for marriage and family therapy to practice under qualified supervision of a licensed professional, recognized and approved by the board in a recognized educational institution or agency so long as they are designated by titles such as "student," "trainee," "intern," or other titles clearly indicating training status.

Sec. 11. [148B.50] [PRIVILEGED COMMUNICATIONS; EXCEPTIONS.]

A person licensed under sections 1 to 11 and employees and professional associates of the person cannot be required to disclose any information that the person, employee, or associate may have acquired in rendering marriage and family therapy services, unless:

(1) disclosure is required by other state laws;

(2) failure to disclose the information presents a clear and present danger to the health or safety of an individual;

(3) the person, employee, or associate is a party defendant to a civil, criminal, or disciplinary action arising from the therapy, in which case a waiver of the privilege accorded by this section is limited to that action;

(4) the patient is a defendant in a criminal proceeding and the use of the privilege would violate the defendant's right to a compulsory process or the right to present testimony and witnesses in that persons behalf; and

(5) a patient agrees to a waiver of the privilege accorded by this section, and in circumstances where more than one person in a family is receiving therapy, each such family member agrees to the waiver. Absent a waiver from each family member, a marital and family therapist cannot disclose information received by a family member.

ARTICLE 4

BOARD OF UNLICENSED MENTAL HEALTH SERVICE PROVIDERS

Section 1. [148B.61] [DEFINITIONS.]

Subdivision 1. [TERMS.] As used in sections 1 to 8, the following terms have the meanings given them in this section.

Subd. 2. [BOARD.] "Board" means the board of mental health service providers established in section 2.

Subd. 3. [MENTAL HEALTH SERVICE PROVIDER.] "Mental health service provider" or "provider" means any person who provides, for a remuneration, mental health services as defined in subdivision 4. It does not include persons licensed by the board of medical examiners under chapter 147; the board of nursing under sections 148.171 to 148.285; or the board of psychology under sections 148.88 to 148.98; the board of social work under article 2, sections 1 to 13; the board of marriage and family therapy under article 3, sections 1 to 11; or another licensing board if the person is practicing within the scope of the license.

Subd. 4. [MENTAL HEALTH SERVICES.] "Mental health services" means the professional treatment, assessment, or counseling of another person for a cognitive, behavioral, emotional, mental, or social dysfunction, including intrapersonal or interpersonal dysfunctions.

Subd. 5. [MENTAL HEALTH CLIENT.] "Mental health client" or "client" means a person who receives the services of a mental health service provider.

Sec. 2. [148B.62] [BOARD OF UNLICENSED MENTAL HEALTH SERVICE PROVIDERS.]

Subdivision 1. [COMPOSITION.] The board of unlicensed mental health service providers consists of 17 members, including two chemical dependency counselors, two professional counselors, two pastoral counselors, five members representing other identifiable specialties and subgroups of providers subject to filing requirements, and six public members as defined in section 214.02. Within 90 days after the effective date of rules adopted by the board to implement sections 1 to 8, members of the board specified must be mental health service providers who have filed with the board pursuant to section 3.

Subd. 2. [APPOINTMENT.] Members of the board are appointed by the governor and serve under section 214.09.

Subd. 3. [BOARD ADMINISTRATION.] The board shall elect from among its members a chair and a vice-chair to serve for one year or until

a successor is elected and qualifies. The members of the board have authority to administer oaths and the board, in session, to take testimony as to matters pertaining to the duties of the board. Nine members of the board constitute a quorum for the transaction of business.

Subd. 4. [RULEMAKING.] The board shall adopt rules necessary to implement, administer, or enforce sections 1 to 8 under chapter 14 and section 214.001, subdivisions 2 and 3. The board shall consult with the commissioner of health, the commissioner of human services, and the commissioner of employee relations in the development of rules. The board may not adopt rules that restrict or prohibit persons from providing mental health services on the basis of education, training, experience, or supervision; or that restrict the use of any title.

Sec. 3. [148B.63] [FILING REQUIRED.]

Subdivision 1. [FILING.] All mental health service providers shall file with the state, on a form provided by the board, their name; home and business address; telephone number; degrees held, if any, major field, and whether the degrees are from an accredited institution and how the institution is accredited; and any other relevant experience. An applicant for filing who has practiced in another state shall authorize, in writing, the licensing or regulatory entity in the other state or states to release to the board any information on complaints or disciplinary actions pending against that individual, as well as any final disciplinary actions taken against that individual. The board shall provide a form for this purpose. The board may reject a filing if there is evidence of a violation of or failure to comply with this chapter.

Subd. 2. [ACKNOWLEDGEMENT OF FILING.] The board shall issue an acknowledgement of filing to each mental health service provider who files under subdivision 1 and relevant rules of the board, and who is determined by the board to be in compliance with this chapter. The acknowledgement of filing must not be displayed in any manner nor shall it be shown to mental health clients. The acknowledgement of filing shall contain in bold print the phrase: "This acknowledgement of filing does not imply or certify in any way that this mental health professional has met any standards or criteria of education or training.

Subd. 3. [NONTRANSFERABILITY.] Acknowledgements of filing are nontransferable.

Subd. 4. [PENALTIES.] Failure to file with the board, or supplying false or misleading information on the filing form, application for registration, or any accompanying statements shall constitute grounds for adverse action.

Subd. 5. [PROVISION OF MENTAL HEALTH SERVICES WITHOUT FILING.] Except as otherwise provided in this chapter, it is unlawful for any person not filing with the board to provide mental health services in this state as defined in section 1, subdivision 4. Any person violating subdivision 1 is guilty of a gross misdemeanor.

Sec. 4. [148B.64] [PROHIBITED USE OF ACKNOWLEDGMENT.]

No mental health service provider may display the acknowledgement received under section 3, subdivision 2, or refer to it in any advertising, on stationary, or in any communication to a client or the public, or otherwise use the fact that the provider has filed with the state as an indication of state approval or endorsement or satisfaction of standards of conduct,

training, or skill.

Sec. 5. [148B.65] [PROHIBITED CONDUCT.]

Subdivision 1. [PROHIBITED CONDUCT.] Notwithstanding any law to the contrary, the board may reject a filing or application, or may impose adverse action as described in section 6 against any mental health service provider for failure to comply with the provisions of this chapter. The following conduct is prohibited and is grounds for adverse action:

(a) *Conviction of a crime reasonably related to the provision of mental health services. Conviction, as used in this subdivision, includes a conviction of an offense which, if committed in this state, would be deemed a felony without regard to its designation elsewhere, or a criminal proceeding where a finding or verdict of guilty is made or returned but the adjudication of guilt is either withheld or not entered.*

(c) *Revocation, suspension, restriction, limitation, or other disciplinary action against the mental health professional's license, certificate, registration, or right of practice in another state or jurisdiction, for offenses that would be subject to disciplinary action in this state, or failure to report to the board that charges regarding the person's license, certificate, registration, or right of practice have been brought in another state or jurisdiction.*

(d) *Advertising that is false or misleading.*

(e) *Filing with the board false or misleading statements of credentials, training, or experience.*

(f) *Conduct likely to deceive, defraud, or harm the public; or demonstrating a willful or careless disregard for the health, welfare, or safety of a client; or any other practice that may create unnecessary danger to any client's life, health, or safety, in any of which cases, proof of actual injury need not be established.*

(g) *Adjudication as mentally incompetent, or as a person who has a psychopathic personality as defined in section 526.09 or who is dangerous to himself or herself, or adjudication pursuant to chapter 253B as chemically dependent, mentally ill, mentally retarded, or mentally ill and dangerous to the public.*

(h) *Inability to provide mental health services with reasonable safety to clients by reason of physical, mental, or emotional illness; drunkenness; or use of legend drugs, chemicals, controlled substances, or any other similar materials or mood-altering substances.*

(i) *Revealing a communication from, or relating to, a client except when otherwise required or permitted by law.*

(j) *Failure to comply with a client's request made under section 144.335 or to furnish a client record or report required by law.*

(k) *Splitting fees or promising to pay a portion of a fee to any other professional other than for services rendered by the other professional to the client.*

(l) *Engaging in abusive or fraudulent billing practices, including violations of the federal Medicare and Medicaid laws or state medical assistance laws.*

(m) *Engaging in sexual contact with a client or former client as defined in section 148A.01.*

(n) *Failure to make reports as required by section 5, or cooperate with an investigation of the board as required by section 7.*

(o) *Obtaining money, property, or services from a client, other than reasonable fees for services provided to the client, through the use of undue influence, harassment, duress, deception, or fraud.*

(p) *Undertaking or continuing a professional relationship with a client in which the objectivity of the professional would be impaired.*

(q) *Failure to provide the client with a copy of the client bill of rights, or violation of any provision of the client bill of rights.*

Subd. 2. [EVIDENCE.] In adverse actions alleging a violation of subdivision 1, paragraph (a), (b), or (c), a copy of the judgment or proceeding under the seal of the court administrator or of the administrative agency that entered the same shall be admissible into evidence without further authentication and shall constitute prima facie evidence of its contents.

Subd. 3. [MENTAL EXAMINATION; ACCESS TO MEDICAL DATA.]

(a) If the board has probable cause to believe that a mental health service provider comes under subdivision 1, paragraph (g) or (h), it may direct the provider to submit to a mental or physical examination or chemical dependency evaluation. For the purpose of this subdivision every mental health service provider is deemed to have consented to submit to a mental or physical examination or chemical dependency evaluation when directed in writing by the board and further to have waived all objections to the admissibility of the examining physicians', psychologists', or mental health professional's testimony or examination reports on the ground that the same constitute a privileged communication. Failure of a mental health service provider to submit to an examination when directed constitutes an admission of the allegations against the provider, unless the failure was due to circumstance beyond the provider's control, in which case a default and final order may be entered without the taking of testimony or presentation of evidence. A mental health service provider affected under this paragraph shall at reasonable intervals be given an opportunity to demonstrate that the provider can resume the provision of mental health services with reasonable safety to clients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the board shall be used against a mental health service provider in any other proceeding.

(b) In addition to ordering a physical or mental examination, the board may, notwithstanding section 13.42, 144.651, or any other law limiting access to medical or other health data, obtain medical data and health records relating to a mental health service provider without the provider's consent if the board has probable cause to believe that a provider comes under subdivision 1, paragraph (g), (h), or (m). The medical data may be

requested from a health care professional, as defined in section 144.335, subdivision 1, paragraph (b), an insurance company, or a government agency, including the department of human services. A health care professional, insurance company, or government agency shall comply with any written request of the board under this subdivision and is not liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision, unless the information is false and the person or organization giving the information knew, or had reason to believe, the information was false. Information obtained under this subdivision is private data under sections 13.01 to 13.87.

Sec. 6. [148B.66] [ADVERSE ACTIONS.]

Subdivision 1. [FORMS OF ADVERSE ACTION.] When the board finds that a mental health service provider has violated a provision or provisions of this chapter, it may do one or more of the following:

- (1) deny or reject the filing;*
- (2) revoke the right to practice;*
- (3) suspend the right to practice;*
- (4) impose limitations or conditions on the provider's provision of mental health services, the imposition of rehabilitation requirements, or the requirement of practice under supervision;*
- (5) impose a civil penalty not exceeding \$10,000 for each separate violation, the amount of the civil penalty to be fixed so as to deprive the provider of any economic advantage gained by reason of the violation charged or to reimburse the board for all costs of the investigation and proceeding;*
- (6) order the provider to provide unremunerated professional service under supervision at a designated public hospital, clinic, or other health care institution; or*
- (7) censure or reprimand the provider.*

Subd. 2. [PROCEDURES.] The board shall adopt a written statement of internal operating procedures for receiving and investigating complaints reviewing misconduct cases, and imposing adverse actions.

Subd. 3. [MANDATORY SUSPENSION OR REVOCATION OF RIGHT OF PRACTICE.] The board shall suspend or revoke the right of a provider to provide mental health services for violations of section 4, subdivision 1, paragraphs (a), (b), and (m).

Sec. 7. [148B.67] [MENTAL HEALTH CLIENT BILL OF RIGHTS.]

Subdivision 1. [SCOPE.] All mental health service providers other than those providing services in a facility regulated under section 144.651 shall provide to each client prior to providing treatment a written copy of the mental health client bill of rights. A copy must also be posted in a prominent location in the office of the mental health service provider. Reasonable accommodations shall be made for those clients who cannot read or who have communication impairments and those who do not read or speak English. The mental health client bill of rights shall include the following:

Subd. 2. [ACKNOWLEDGMENT BY CLIENT.] Prior to the provision

of any service, the client must sign a written statement attesting that the client has received the client bill of rights.

Sec. 8. [148B.68] [RENEWALS.]

- (5) motions to sentence or to revoke the stay of a jail sentence in contempt proceedings.

For the purposes of this pilot project, a motion to add language to an existing support obligation that is required by statute to appear in a support order shall not be considered a modification of an existing support obli-

gation. An administrative law judge may hear a stipulation reached on a contempt motion, but any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a county or district judge.

For the purpose of this pilot project, all powers, duties, and responsibilities conferred on judges of the county or district court to obtain and enforce child and medical support obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue orders to show cause and to issue bench warrants for failure to appear.

During fiscal year 1988, the chief administrative law judge, the commissioner of human services, the director of Dakota county human services, the Dakota county attorney, and the clerk of the Dakota county court shall jointly establish procedures for the implementation of this pilot project.

Nonattorney employees of Dakota county human services may prepare, sign, serve, and file motions for obtaining or enforcing child and medical support orders and any related documents, appear at prehearing conferences, and participate in proceedings before an administrative law judge. This activity shall not be considered to be the unauthorized practice of law.

For the purpose of this pilot project, the hearings shall be conducted under the conference contested case rules adopted by the chief administrative law judge. Any discovery required in a proceeding shall be conducted under the rules of family court and the rules of civil procedure. Orders issued by an administrative law judge shall be enforceable by the contempt powers of the county or district courts.

The administrative law judge shall make a report to the chief administrative law judge or the chief administrative law judge's designee, stating findings of fact and conclusions and recommendations concerning the proposed action, in accordance with sections 14.48 to 14.56. The chief administrative law judge or a designee shall render the final decision and order in accordance with sections 14.61 and 14.62. The decision and order of the chief administrative law judge or a designee shall be a final agency decision for purposes of sections 14.63 to 14.69.

Sec. 72. Minnesota Statutes 1986, section 518.57, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Upon a decree of dissolution, legal separation or annulment, the court may make a further order which is just and proper concerning the maintenance of the minor children as provided by section 518.47 518.551, and for the maintenance of any child of the parties as defined in section 518.54, as support money, and may make the same a lien or charge upon the property of the parties to the proceeding, or either of them, either at the time of the entry of the judgment or by subsequent order upon proper application."

“Sec. 79. Minnesota Statutes 1986, section 518.611, is amended by adding a subdivision to read:

Subd. 11. [CONTRACT FOR SERVICE.] To carry out the provisions of this section, the public authority responsible for child support enforcement may contract for services, including the use of electronic funds transfer.

Sec. 80. [518.613] [AUTOMATIC WITHHOLDING.]

Subdivision 1. [GENERAL.] Notwithstanding any provision of section 518.611, subdivision 2 or 3, to the contrary, whenever an obligation for child support or maintenance is initially determined and ordered or modified by the court in a county in which this section applies, the amount of child support or maintenance ordered by the court must be withheld from the income, regardless of source, of the person obligated to pay the support. For purposes of this section, “modified” does not mean a cost-of-living adjustment without any other modification of the support order.

Subd. 2. [ORDER; COLLECTION SERVICES.] Every order for child support must include the obligor’s social security number and the name and address of the obligor’s employer or other payor of funds. Upon entry

of the order for support or maintenance, the court shall mail a copy of the court's order and the provisions of section 518.611 and this section to the obligor's employer or other payor of funds and to the public agency responsible for child support enforcement. An obligee who is not a recipient of public assistance shall apply for the collection services of the public authority when an order for support is entered.

Subd. 3. [WITHHOLDING.] The employer or other payor shall withhold and forward the child support or maintenance ordered in the manner and within the time limits provided in section 518.611. Amounts received from employers or other payors under this section by the public agency responsible for child support enforcement that are in excess of public assistance received by the obligee must be remitted to the obligee. A county in which this section applies may contract for services to carry out the provisions of this section.

Subd. 4. [APPLICATION.] On and after August 1, 1987, and prior to August 1, 1989, this section applies in a county selected under section 81 and in a county that chooses to have this section apply by resolution of a majority vote of its county board. On and after August 1, 1989, this section applies in every county of the state.

Sec. 81. [518.614] [DEMONSTRATION PROJECT FOR INCOME WITHHOLDING.]

On or before July 1, 1987, the commissioner of human services shall designate no fewer than five counties in which child support or maintenance must be withheld from the obligor's income under section 80. The total population of the counties designated must equal at least 25 percent of the population of the state. The designated counties must include at least one county in which a city of the first class is located, and at least two counties that are not metropolitan counties, as defined in section 473.121, subdivision 4. The group of counties designated must be representative of urban, suburban, and rural demographic areas."

"Sec. 83. Minnesota Statutes 1986, section 518.645, is amended to read:
518.645 [FORM OF ORDER.]

Unless otherwise ordered by the court, an order for withholding of support or maintenance payments issued under this chapter shall be substantially in the following form:

IT IS ORDERED THAT:

1. The sum of _____ per _____, representing child support and/or spousal maintenance, ordered by the Court, shall be withheld from the (Husband/Wife Respondent/Petitioner)'s income on _____ by (his/her) present employer or other payor of funds, _____, and any future employer or other payor of funds, and shall be remitted to: _____, monthly or more frequently, in accordance with the provisions of Minnesota Statutes, Chapter 518. The file number above and the Obligor's name shall be included with each remittance.

2. An additional amount equal to 20 percent of the amount required to be withheld by paragraph 1 shall be withheld from the income of the Obligor by the employer or payor until the entire arrearage in paragraph 3(b) is paid.

3. The parties are notified that ~~CHILD SUPPORT AND/OR MAINTENANCE WILL BE WITHHELD FROM INCOME ONLY AFTER ALL OF THE FOLLOWING CONDITIONS HAVE BEEN MET:~~

(a) _____ or the Obligee determines that the Obligor is at least thirty days in arrears in the payment of ~~child support and/or~~ spousal maintenance;

(b) _____ or the Obligee serves written notice of income withholding on the Obligor showing the determination that ~~child support and/or~~ maintenance payments are thirty days in arrears;

(c) Within 15 days after service of the notice of income withholding, the Obligor fails to move the Court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding or on other grounds limited to mistakes of fact and, ex parte, to stay service of withholding on the employer or other payor of funds until the motion to deny withholding is heard. Within 45 days from the date of the notice of income withholding, the court shall hold the hearing on the motion to deny withholding and notify the parties of its decision; and

(d) Not sooner than 15 days after service of written notice of income withholding on the Obligor, _____ or the Obligee serves a copy of the notice of income withholding and a copy of the Court's withholding order on the employer or other payor of funds, who will then be obligated to withhold payments from income and forward the amount withheld to _____.

4. The parties and the employer or other payor of funds are further notified that ~~NO EMPLOYER MAY DISCHARGE, SUSPEND, OR OTHERWISE PENALIZE OR DISCIPLINE AN EMPLOYEE BECAUSE THE EMPLOYER MUST WITHHOLD SUPPORT OR MAINTENANCE MONEY.~~ Minnesota Statutes, section 518.611.

5. ~~The Maintenance~~ payments shall begin to be withheld no later than the first pay period that occurs after 14 days following the date of mailing of the notice to the employer or other payor of funds in paragraph 3(d) ~~and from that date.~~ *Child support payments shall begin to be withheld no later than the first pay period that occurs 14 days following the date of mailing of the court's order to the employer or other payor of funds under Minnesota Statutes, section 518.611, subdivision 2, paragraph (b).* On and after this date, the employer or other payor of funds is liable for amounts required to be withheld.

6. This order for withholding takes priority over any attachment, execution, garnishment, or wage assignment levied against the income of the Obligor. Amounts withheld are not subject to other statutory limitations on amounts levied against the income of the Obligor but must not exceed the maximum permitted under the federal Consumer Credit Protection Act, United States Code, title 15, section 1673(b)(2). If there is more than one withholding order on a single Obligor, the employer or other payor of funds shall put them into effect in the order received, up to the maximum allowed under the Consumer Credit Protection Act.

7. When the Obligor's employment is terminated or the periodic payment ends, the *Obligor and the employer or other payor of funds* ~~is are~~ required to notify _____ within ~~30~~ *ten* days of the termination date. The notice must include the Obligor's home address of record and, if known, the name and address of the Obligor's new employer or other payor of funds.

8. Upon transmittal of the last reimbursement payment to the obligor, where lump sum severance pay, accumulated sick pay or vacation pay is paid upon termination of employment, and where the employee is in arrears in making court ordered child support payments, the employer must withhold an amount which is the lesser of (1) the amount in arrears or (2) that portion of the arrearages which is the product of the obligor's monthly court ordered support amount multiplied by the number of months of net income that the lump sum payment represents.

9. If the Obligee serves the employer or other payor of funds under paragraph 3(d), the Obligee shall also serve the determination and order on _____, together with an application and fee to use collection services.

10. Service of this Order shall be _____

Sec. 84. [1987 COUNTY IMPLEMENTATION PLANS.]

The implementation plan must include a timetable for phasing in AFDC employment and training services, any barriers to implementing AFDC employment and training services, and a proposed design for the AFDC employment and training delivery system."

Mr. Spear from the Committee on Judiciary, to which was referred

S.F. No. 412: A bill for an act relating to real property; creating a lien against real property for expenses incurred by agencies or political subdivisions in taking action to protect public health, safety, or the environment with respect to the release of substances; providing for filing, enforcement, and appeal of the lien; proposing coding for new law in Minnesota Statutes, chapter 514.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [514.675] [LIEN FOR EXPENSES OF ACTIONS TO PROTECT PUBLIC HEALTH, SAFETY, OR THE ENVIRONMENT.]

Subdivision 1. [DEFINITIONS.] The definitions in this subdivision apply to this section unless the context clearly requires otherwise.

(a) "Agency" means the pollution control agency.

(b) "Release" means a release of a hazardous substance or pollutant or contaminant as those terms are defined in section 115B.02, or a discharge of pollutants subject to the requirements of section 115.061.

(c) "Remedial action" means action to prevent, control, mitigate, or remedy a release or threatened release, including related investigation, preparation, and monitoring activities.

Subd. 2. [LIEN CREATED; EXPIRATION.] (a) When the agency takes remedial action to protect the public health, safety, or the environment, the reasonable and necessary expenses incurred by the agency in taking the remedial action, including administrative and legal expenses, constitute a lien against real property as provided in this section.

(b) The lien is effective upon filing of a notice of lien under subdivision 7. The lien expires five years after the date the notice of lien is filed unless

the agency files an additional notice of lien under subdivision 7.

(c) When a lien under this section has been attached to real property and the agency determines that remedial action is completed and is adequate to protect the public health, safety, and environment, no further lien under this section may attach to the property for expenses of remedial action taken after the agency's determination, except for expenses required by a release that had not occurred at the time the determination was made. Any person whose property rights may be affected by attachment of a lien may request the agency to make a determination under this clause by submitting a written request to the director stating the reasons why a determination is needed and the facts in support of the determination. The director shall submit the request, together with the director's recommendations, to the agency for its determination.

Subd. 3. [PROPERTY OWNED BY PERSON NOT LEGALLY RESPONSIBLE FOR EXPENSES.] *If the owner of the property to which a lien attaches under this section is not legally responsible for the payment of remedial action expenses, the following provisions apply:*

(a) The amount of the lien is limited to an increase in market value of the real property attributable to the remedial action.

(b) Except as provided in subdivision 5, the lien has priority over all other liens and encumbrances on the real property, regardless of when recorded, including liens and encumbrances recorded before the effective date of this section.

(c) The lien may be attached only against real property where the release first occurred.

Subd. 4. [PROPERTY OWNED BY PERSON LEGALLY RESPONSIBLE FOR EXPENSES.] *If the owner of the property to which a lien attaches under this section is legally responsible for the payment of remedial action expenses, the following provisions apply:*

(a) The amount of the lien is the full amount of the reasonable and necessary expenses incurred in taking the remedial action, including legal and administrative expenses.

(b) To the extent of an increase in market value of the real property attributable to the remedial action, and except as provided in subdivision 5, the lien has priority over all other liens and encumbrances on the real property, regardless of when recorded, including liens and encumbrances recorded before the effective date of this section.

(c) With respect to an amount of a lien that exceeds any increase in market value of the real property attributable to the remedial action or a lien on real property where there is no increase in market value attributable to the remedial action, the lien is subordinate to all other liens and encumbrances recorded or arising before the notice of the lien is filed.

(d) The lien may be attached to the following real property:

(1) real property where the release occurred or where the remedial action is taken;

(2) real property contiguous to the real property against which the lien may be filed under clause (1) if, within the five years preceding the filing of the notice of lien, the contiguous property was included in the legal description of the real property against which the lien may be filed under

clause (1); and

(3) real property where the substances present in the release were generated or stored before coming to be located at the property where the release occurred, provided that no increase in market value of real property described in this clause may be attributed to remedial action taken at other real property.

Subd. 5. [EXCEPTIONS TO PRIORITY LIEN.]

(a) A lien on real property, the greater part of which is devoted to single or multifamily housing, is subordinate to all other liens and encumbrances recorded or arising before the notice of lien is filed.

(b) A lien created by this section is subordinate to a lien for real estate taxes or special assessments.

(c) A lien recorded before a notice of lien is filed under this section by a lienholder who is not legally responsible for the payment of remedial action expenses has priority over a lien under this section but only up to an amount not to exceed the market value of the real property determined before remedial action begins. Subject to a challenge under subdivision 9, the market value of the real property before remedial action begins is determined by appraisal as provided in subdivision 7.

Subd. 6. [PROCEDURES BEFORE FILING NOTICE OF LIEN.] (a) Before seeking to file a notice of lien under paragraph (b), the agency shall provide to the owner of the property against which the lien is to be filed, and to any lienholder or encumbrancer of record, notice of the agency's intent to take remedial action and a reasonable opportunity to negotiate an agreement with the agency concerning the taking of remedial action or reimbursement of the agency's remedial action expenses. In the case of remedial action to be taken under section 115B.17, the procedures required as a condition of taking action under section 115B.17, subdivision 1, constitute notice and reasonable opportunity for negotiation under this subdivision provided that the owner of the real property and a lienholder or encumbrancer of record are notified of the agency's request for remedial action and are afforded a reasonable opportunity to negotiate an agreement with the agency concerning the taking of remedial action or the reimbursement of the agency's remedial action expenses.

(b) After the agency takes the actions under paragraph (a), the agency may petition the district court of the county in which the real property is located for an order allowing the filing of a notice of lien against the real property. The petition must include the name of the owner, a lienholder or encumbrancer of record, and the legal description of the real property to which the notice of lien is proposed to attach. A copy of the petition must be served as provided in the rules of civil procedure on the owner of the real property and a lienholder or encumbrancer of record. The court shall issue an order allowing the agency to file the notice of lien if the agency shows that:

(1) the agency has determined that the real property to which the lien is proposed to attach is real property where the release first occurred or that the owner of the real property is legally responsible for the payment of the remedial action expenses;

(2) the agency afforded notice and reasonable opportunity to negotiate an agreement to the owner and other parties as required in paragraph (a);

(3) an agreement for taking remedial action or for reimbursing the agency's expenses of remedial action has not been reached;

(4) money appropriated for that purpose has been allocated by the agency for remedial action;

(5) the agency has authorized the commencement of remedial action;

(6) with respect to property to which the lien may attach under subdivision 4, paragraph (d), clause (2), the real property meets the requirements of that provision; and

(7) with respect to property to which the lien may attach under subdivision 4, paragraph (d), clause (3), the agency has determined that substances present in the release were generated or stored at the real property before coming to be located at the real property where the release occurred.

The proceeding under this paragraph is summary in nature and is limited to a determination of whether the agency has made the showing required in clauses (1) to (7). Adjudication of other matters relating to the validity, amount, or priority of the lien must be made in an action for enforcement of the lien under subdivision 9. When the agency shows that it has taken an action or made a determination as provided in this paragraph, the action or determination of the agency is not subject to judicial review in this proceeding. In the case of an agency action or determination, it is sufficient if the agency shows that the action or determination was made by agency resolution in accordance with legal procedure and was accompanied by a written statement of the reasons for the action or determination, provided that the agency showing is insufficient if a party opposed to the petition demonstrates a reasonable probability of success in challenging the validity of the lien in a later enforcement action where the merits of the agency action or determination could be considered. The party must demonstrate a probability of success sufficient to meet the burden imposed on a person seeking a temporary injunction.

A court order allowing the filing of a lien notice must describe the real property against which the lien may be filed. The court shall make its findings and issue its decision in a proceeding under this clause within 60 days after the agency files its petition.

Subd. 7. [FILING AND RECORDING; APPRAISAL.] (a) Subject to an order of the court allowing the filing under subdivision 6, paragraph (b), the agency may file a notice of lien any time after remedial action begins. The notice of lien must state the date when remedial action began, the address and telephone number of the agency, the purpose of the remedial action, the name of the owner, and the legal description of the real property subject to the lien. The agency may file an additional notice of lien without petition or court order within one year before a lien would otherwise expire under subdivision 2, if the remedial action has commenced but has not been completed.

(b) After expenses have been incurred for remedial action, a lien statement may be filed showing (1) the purpose and amount of the expenses incurred in taking the remedial action; (2) the address and telephone number of the agency; (3) the amount of an increase in the market value of the real property attributable to the remedial action; and (4) the name of the owner and the legal description of the property subject to the lien. The filing of a lien statement perfects the lien retroactively to the date on which the notice of lien was filed.

(c) Except for a lien against real property under subdivision 4, where no increase in market value is claimed, appraisals of the market value of the real property before and after the remedial action must be attached to the lien statement. Except as otherwise provided in this paragraph, an appraisal of the market value of the real property must be made before the agency takes remedial action, and must consider the existence and scope of the release for which remedial action will be taken, the value and current use of improvements on the property, and the effect that the release or remedial action may have upon the continued use of the improvements. Appraisals must be performed by a qualified, independent appraiser selected by the agency. An appraisal is not required before a preparation or investigation incident to the remedial action is completed, or before taking remedial action to address an emergency requiring immediate action to protect the public health, safety, or the environment. In the case of emergency remedial action, the appraisal of market value of the real property before remedial action must be made as soon as practicable after the remedial action begins.

(d) When a notice of lien has been filed but a lien statement has not been filed, the agency shall execute a release of the notice upon request of a person with a legal interest in the real property if the agency determines that a claim for expenses incurred in taking remedial action has been satisfied or that legally enforceable arrangements have been made by agreement, stipulation, or otherwise for taking remedial action or reimbursement of the agency's remedial action expenses. After a lien statement has been filed, the agency shall execute a partial or full satisfaction of the lien upon request of a person with a legal interest in the real property if the claim for expenses incurred in taking remedial action has been partially or fully paid.

(e) Notices and statements must be filed in the office of the county recorder or the office of the registrar of titles of the county in which the real property is located. An attestation, certification, or acknowledgement is not required as a condition of filing.

Subd. 8. [OFFICER RESPONSIBLE FOR ADMINISTRATION; DISPOSITION OF PAYMENTS.] The filing, mailing, or serving of a document authorized or required under this section is the responsibility of the director of the agency, or a delegate of the director. Amounts received in payment of claims for expenses incurred in taking remedial action, or in satisfaction of a lien under this section, must be deposited in the fund from which the expenses were paid by the agency.

Subd. 9. [ENFORCEMENT.] (a) When the lien created under this section is perfected by the filing of a lien statement, the lien is enforceable by foreclosure in the manner provided for the foreclosure of judgment liens under chapter 550. Except as provided in paragraph (b), the lien may be enforced against a person who owned the real property at the time the notice of lien was filed or who acquires ownership of the real property after the notice of lien is filed.

(b) In the case of an owner of the real property at the time that the first notice of lien is filed, the lien is enforceable against the owner only when ownership of the real property is transferred to another person or when the agency obtains a judgment that the owner is a person legally responsible for the payment of remedial action expenses.

(c) When the agency seeks to enforce a lien under this section, a person

whose legal interest in the property may be adversely affected by enforcement of the lien may challenge the validity, amount, and priority of the lien, subject to the following provisions:

(1) When the lien is challenged on the grounds that the owner of the real property is not legally responsible for the payment of remedial action expenses, the legal responsibility of the owner must be determined under sections 115.061 and 115.071, sections 115B.01 to 115B.18, or other applicable law.

(2) When an increase in market value attributable to the remedial action is challenged, the court shall make a final determination of the increased value attributable to the remedial action consistent with the provisions for determining value of property in chapter 117, as far as practicable.

(3) The agency's certification of its remedial action expenses is prima facie evidence that the expenses are reasonable and necessary.

(4) If the owner of the real property is not legally responsible for the payment of remedial action expenses, the owner may raise as an affirmative defense to enforcement of the lien that the agency has not made reasonable efforts to recover the expenses from persons known to the agency who are legally responsible for the payment of the expenses and financially able to satisfy a judgment.

Subd. 10. [OTHER REMEDIES PRESERVED.] This section does not affect the right of the agency to use a remedy available under other law to recover expenses incurred in taking remedial action.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment."

And when so amended the bill do pass and be re-referred to the Committee on Environment and Natural Resources. Amendments adopted. Report adopted.

Minnesota Statutes, chapter 340A, as published in Minnesota Statutes 1986, is reenacted.

ARTICLE II

Section 1. Minnesota Statutes 1986, section 145.63, is amended to read:

145.63 [LIMITATION ON LIABILITY FOR SPONSORING ORGANIZATIONS AND MEMBERS OF REVIEW ORGANIZATIONS.]

Subdivision 1. [MEMBERS.] No person who is a member or employee of, who acts in an advisory capacity to or who furnishes counsel or services

to, a review organization shall be liable for damages or other relief in any action brought by a person or persons whose activities have been or are being scrutinized or reviewed by a review organization, by reason of the performance by the person of any duty, function or activity of such review organization, unless the performance of such duty, function or activity was motivated by malice toward the person affected thereby. No person shall be liable for damages or other relief in any action by reason of the performance of the person of any duty, function, or activity as a member of a review committee or by reason of any recommendation or action of the review committee when the person acts in the reasonable belief that the action or recommendation is warranted by facts known to the person or the review organization after reasonable efforts to ascertain the facts upon which the review organization's action or recommendation is made, except that any corporation designated as a review organization under the Code of Federal Regulations, title 42, section 466 (1983) shall be subject to actions for damages or other relief by reason of any failure of a person, whose care or treatment is required to be scrutinized or reviewed by the review organization, to receive medical care or treatment as a result of a determination by the review organization that medical care was unnecessary or inappropriate.

Sec. 10. Minnesota Statutes 1986, section 176.181, subdivision 2, is amended to read:

Subd. 2. [COMPULSORY INSURANCE; SELF-INSURERS.] (4) (a) Every employer, except the state and its municipal subdivisions, liable under this chapter to pay compensation shall insure payment of compensation with some insurance carrier authorized to insure workers' compensation liability in this state, or obtain a written order from the commissioner of commerce exempting the employer from insuring liability for compensation and permitting self-insurance of the liability. The terms, conditions and requirements governing self-insurance shall be established by the commissioner pursuant to chapter 14. The commissioner of commerce shall also adopt, pursuant to clause (2)(c), rules permitting two or more employers, whether or not they are in the same industry, to enter into agreements to pool their liabilities under this chapter for the purpose of qualifying as group self-insurers. With the approval of the commissioner of commerce, any employer may exclude medical, chiropractic and hospital benefits as required by this chapter. An employer conducting distinct operations at different locations may either insure or self-insure the other portion of operations as a distinct and separate risk. An employer desiring to be exempted from insuring liability for compensation shall make application to the commissioner of commerce, showing financial ability to pay the compensation, whereupon by written order the commissioner of commerce, on deeming it proper, may make an exemption. The commissioner of commerce may require further statements of financial ability of the employer to pay compensation. Upon ten days written notice the commissioner of commerce may revoke the order granting an exemption, in which event the employer shall immediately insure the liability. As a condition for the granting of an exemption the commissioner of commerce may require the employer to furnish security the commissioner of commerce considers sufficient to insure payment of all claims under this chapter. If the required security is in the form of currency or negotiable bonds, the commissioner of commerce shall deposit it with the state treasurer. In the event of any default upon the part of a self-insurer to abide by any final order or decision of the commissioner of labor and industry directing and awarding payment of compensation and benefits to any employee or the dependents of any deceased employee, then upon at least ten days notice to the self-insurer, the commissioner of commerce may by written order to the state treasurer require the treasurer to sell the pledged and assigned securities or a part thereof necessary to pay the full amount of any such claim or award with interest thereon. This authority to sell may be exercised from time to time to satisfy any order or award of the commissioner of labor and industry or any judgment obtained thereon. When securities are sold the money obtained shall be deposited in the state treasury to the credit of the commissioner of commerce and awards made against any such self-insurer by the commissioner of commerce shall be paid to the persons entitled thereto by the state treasurer upon warrants prepared by the commissioner of commerce and approved by the commissioner of finance out of the proceeds of the sale of securities. Where the security is in the form of a surety bond or personal guaranty the commissioner of commerce, at any time, upon at least ten days notice and opportunity to be heard, may require the surety to pay the amount of the award, the payments to be enforced in like manner

as the award may be enforced.

(2)(a) (b) No association, corporation, partnership, sole proprietorship, trust or other business entity shall provide services in the design, establishment or administration of a group self-insurance plan under rules adopted pursuant to this subdivision unless it is licensed to do so by the commissioner of commerce. An applicant for a license shall state in writing the type of activities it seeks authorization to engage in and the type of services it seeks authorization to provide. The license shall be granted only when the commissioner of commerce is satisfied that the entity possesses the necessary organization, background, expertise, and financial integrity to supply the services sought to be offered. The commissioner of commerce may issue a license subject to restrictions or limitations, including restrictions or limitations on the type of services which may be supplied or the activities which may be engaged in. The license is for a two-year period.

(b) (c) To assure that group self-insurance plans are financially solvent, administered in a fair and capable fashion, and able to process claims and pay benefits in a prompt, fair and equitable manner, entities licensed to engage in such business are subject to supervision and examination by the commissioner of commerce.

(e) (d) Any three or more employers, excluding the state and its political subdivisions, as described in section 471.617, subdivision 1, who are liable for compensation according to this chapter may jointly self-insure that liability. Joint plans must meet the following requirements:

(1) A joint self-insurance plan must include aggregate excess stop-loss coverage provided by an insurance company licensed by the state of Minnesota. Aggregate excess stop-loss coverage must include provisions to cover incurred, unpaid claim liability in the event of plan termination. The excess or stop-loss insurer must bear the risk of coverage for any member of the pool that becomes insolvent with an outstanding contribution due. In addition, the plan of self-insurance must have participants fund an amount at least equal to the point at which the excess or stop-loss insurer must assume 100 percent of additional liability. A joint self-insurance plan must submit its proposed excess or stop-loss insurance contract to the commissioner of commerce at least 30 days prior to the proposed plan's effective date and at least 30 days subsequent to any renewal date. The commissioner shall review the contract to determine if it meets the standards established by this subdivision and respond within a 30-day period. The initial excess or stop-loss insurance coverage must be non-cancelable for a minimum term of two years. Subsequent contracts must provide for at least 60 days' notice of cancellation or nonrenewal thereafter. This notice must be given to the commissioner as well as the joint self-insurance plan.

(2) If the joint self-insurance plan is unable to obtain excess or stop-loss insurance in the private market, the workers' compensation reinsurance association must provide such coverage to the joint self-insurance plan. Inability to obtain coverage in the private market is deemed to be established, with no further proof required, if the joint self-insurance plan has been refused by at least two insurers licensed to do business in this state, who offer excess or stop-loss insurance.

(3) The workers' compensation reinsurance association shall adopt initial forms and rates for such coverage 180 days after the effective date of this subdivision. Thereafter, the forms and rates may be modified in the

usual manner for the association's forms and rates. The workers' compensation reinsurance association shall offer limits of coverage to a joint self-insurance plan in at least the amounts required by the commissioner for the plan.

(4) No joint self-insurance plan may offer marketing, risk management, or administrative services unless these services are provided by vendors duly licensed by the commissioner to provide these services. No vendor of these services may be a trustee of a joint self-insurance plan for which they provide marketing, risk management, or administrative services.

(5) A joint self-insurance plan is subject to the requirements of the applicable parts of chapters 60A, 72A, 72B, 72C, and 79 unless otherwise specifically exempt. A joint self-insurance plan must offer a plan which complies with all applicable rules and statutes.

(6) Funds collected from the participants under joint self-insurance plans must be held in trust subject to the following requirements:

(i) A board of trustees elected by the participants shall serve as fund managers on behalf of participants. Trustees must be plan participants. No participants may be represented by more than one trustee. A minimum of three and a maximum of seven trustees may be elected. Trustees shall receive no remuneration, but they may be reimbursed for actual and reasonable expenses incurred in connection with duties as trustees.

(ii) Trustees shall be bonded in an amount not less than \$100,000 nor more than \$500,000 from a licensed bonding company.

(iii) Investment of plan funds is subject to the same restrictions as are applicable to political subdivisions pursuant to section 475.66. All investments must be managed by a bank or other investment organization licensed to operate in Minnesota.

(iv) Trustees, on behalf of the fund, shall file annual reports with the commissioner of commerce within 30 days immediately following the end of each calendar year. The reports must summarize the financial condition of the fund, itemize collection from participants, and detail all fund expenditures.

(7) A joint self-insurance plan shall pay a two percent revenue fee. This revenue must be computed based on two percent of the paid claims level for the most recently completed calendar year. This revenue must be deposited in the fund.

(8) Workers' compensation insurance contracts in effect at the time of enactment of this clause may be canceled without penalty until July 1, 1988, by employers who participate in a joint self-insurance plan established under this clause. The premium for any policy so canceled shall be refunded on a pro rata basis.

(e) To carry out the purposes of this subdivision, the commissioner of commerce may promulgate administrative rules, including emergency rules, pursuant to sections 14.01 to 14.70. These rules may:

(i) establish reporting requirements for administrators of group self-insurance plans;

(ii) establish standards and guidelines to assure the adequacy of the financing and administration of group self-insurance plans;

(iii) (3) establish bonding requirements or other provisions assuring the financial integrity of entities administering group self-insurance plans;

(iv) (4) establish standards, including but not limited to minimum terms of membership in self-insurance plans, as necessary to provide stability for those plans;

(v) (5) establish standards or guidelines governing the formation, operation, administration and dissolution of self-insurance plans; and

(vi) (6) establish other reasonable requirements to further the purposes of this subdivision.

Sec. 11. Minnesota Statutes 1986, section 176.181, subdivision 3, is amended to read:

Subd. 3. [FAILURE TO INSURE, PENALTY.] Any employer who fails to comply with the provisions of subdivision 2 to secure payment of compensation is liable to the state of Minnesota for a penalty of ~~\$100~~ \$750, if the number of uninsured employees is less than five and for a penalty of ~~\$400~~ \$1,500 if the number of such uninsured employees is five or more. If the commissioner determines that the failure to comply with the provisions of subdivision 2 was willful and deliberate, the employer shall be liable to the state of Minnesota for a penalty of ~~\$500~~ \$2,500, if the number of uninsured employees is less than five, and for a penalty of ~~\$2,000~~ \$5,000 if the number of uninsured employees is five or more. If the employer continues noncompliance, the employer is liable for five times the lawful premium for compensation insurance for such employer for the period the employer fails to comply with such provisions, commencing ten days after notice has been served upon the employer by the commissioner of the department of labor and industry by certified mail. These penalties may be recovered jointly or separately in a civil action brought in the name of the state by the attorney general in any court having jurisdiction. Whenever any such failure occurs the commissioner of the department of labor and industry shall immediately certify ~~the~~ *that* fact ~~thereof~~ to the attorney general. Upon receipt of such certification the attorney general shall forthwith commence and prosecute ~~such~~ *the* action. All penalties recovered by the state in any such action shall be paid into the state treasury and credited to the special compensation fund. If an employer fails to comply with the provisions of subdivision 2, to secure payment of compensation after having been notified of the employer's duty, the attorney general, upon request of the commissioner, may proceed against the employer in any court having jurisdiction for an order restraining the employer from having any person in employment at any time when the employer is not complying with the provisions of subdivision 2 *or for an order compelling the employer to comply with subdivision 2.*

Sec. 12. Minnesota Statutes 1986, section 176.182, is amended to read:

176.182 [BUSINESS LICENSES OR PERMITS; COVERAGE REQUIRED.]

Every state *or local* licensing agency shall withhold the issuance *or renewal* of a license or permit to operate a business in Minnesota until the applicant presents acceptable evidence of compliance with the workers' compensation insurance coverage requirement of section 176.181, subdivision 2, *by providing the name of the insurance company, the policy number, and dates of coverage or the permit to self-insure. The commissioner shall assess a penalty to the employer of \$1,000 payable to the*

special compensation fund, if the information is not reported or is falsely reported.

Neither the state nor any governmental subdivision of the state shall enter into any contract for the doing of any public work before receiving from all other contracting parties acceptable evidence of compliance with the workers' compensation insurance coverage requirement of section 176.181, subdivision 2.

This section shall not be construed to create any liability on the part of the state or any governmental subdivision to pay workers' compensation benefits or to indemnify the special compensation fund, an employer, or insurer who pays workers' compensation benefits.

Sec. 13. Minnesota Statutes 1986, section 176.183, subdivision 1, is amended to read:

Subdivision 1. When any employee sustains an injury arising out of and in the course of employment while in the employ of an employer, other than the state or its political subdivisions, not insured or self-insured as provided for in this chapter, the employee or the employee's dependents shall nevertheless receive benefits as provided for in this chapter from the special compensation fund, and the commissioner has a cause of action against the employer for reimbursement for all moneys paid out or to be paid out, and, in the discretion of the court, as punitive damages an additional amount not exceeding 50 percent of all moneys paid out or to be paid out. As used in this subdivision, "employer" includes officers of corporations who have legal control, either individually or jointly with another or others, of the payment of wages. An action to recover the moneys shall be instituted unless the commissioner determines that no recovery is possible. ~~All moneys recovered shall be deposited in the general fund.~~ There shall be no payment from the special compensation fund if there is liability for the injury under the provisions of section 176.215, by an insurer or self-insurer.

Sec. 14. Minnesota Statutes 1986, section 176.183, subdivision 1a, is amended to read:

Subd. 1a. When an employee or the employee's dependent is entitled to benefits under this chapter from a self-insurer, present or past, other than the state and its municipal subdivisions, but the self-insurer fails to pay the benefits, the employee or the employee's dependents, regardless of the date when the accident, personal injury, occupational disease, or death occurred, shall nevertheless receive the benefits from the special compensation fund. The commissioner has a cause of action against the self-insuring employer for reimbursement for all benefits and other expenditures paid out or to be paid out and, in the discretion of the court, the self-insurer is liable for punitive damages in an amount not to exceed 50 percent of the total of all benefits and other expenditures paid out or to be paid out. The commissioner shall institute an action to recover the total expenditures from the fund unless the commissioner determines that no recovery is possible. All proceeds recovered shall be deposited in the ~~general~~ *special compensation fund.*

By assumption of the obligations of a self-insured employer pursuant to this subdivision, the special compensation fund has the right to direct reimbursement under the same conditions and in the same amounts from the workers' compensation insurers reinsurance association and from any

other agreement, contract, or insurance policies which would have reimbursed or indemnified the self-insured employer for payments made pursuant to this chapter.

Sec. 15. Minnesota Statutes 1986, section 176.183, subdivision 2, is amended to read:

Subd. 2. The commissioner of labor and industry, in accordance with the terms of the order awarding compensation, shall pay compensation to the employee or the employee's dependent from the special compensation fund. The commissioner of labor and industry shall certify to the commissioner of finance and to the legislature annually the total amount of compensation paid from the special compensation fund under subdivisions 1 and 1a. The commissioner of finance shall upon proper certification reimburse the special compensation fund from the general fund appropriation provided for this purpose. The amount reimbursed shall be limited to the certified amount paid under this section or the appropriation made for this purpose, whichever is the lesser amount. Compensation paid under this section which is not reimbursed by the general fund shall remain a liability of the special compensation fund and shall be financed by the percentage assessed under section ~~176.131~~, subdivision ~~40~~ 176.129.

Sec. 16. [176.184] [INSPECTIONS; ENFORCEMENT.]

Subdivision 1. [PROOF OF INSURANCE.] The commissioner of labor and industry in order to carry out the purpose of section 176.181 may request satisfactory proof of authority to self-insure workers' compensation liability or satisfactory proof of insurance coverage for workers' compensation liability. If an employer does not provide satisfactory proof as requested within seven working days of the mailing of the request, the commissioner may proceed in accordance with the provisions of subdivisions 2 to 7.

Subd. 2. [AT PLACE OF EMPLOYMENT.] In order to carry out the purposes of section 176.181, the commissioner, upon presenting appropriate credentials to the owner, operator, or agent in charge, is authorized to enter without delay and at reasonable times any place of employment and to inspect and investigate during regular working hours and at other reasonable times, within reasonable limits, and in a reasonable manner, any records pertaining to that employer's workers' compensation insurance policy, number of employees, documents governing conditions and benefits of employment, contracts with employees and their authorized representatives, and any other documents which may be relevant to the enforcement of section 176.181, and to question privately any employer, owner, operator, agent, or employee with respect to matters relevant to the enforcement of section 176.181.

Subd. 3. [POWERS; COMMISSIONER AND DISTRICT COURT.] In making inspections and investigations under this chapter, the commissioner has the power to administer oaths, certify official acts, take and cause to be taken depositions of witnesses, issue subpoenas, and compel the attendance of witnesses and production of papers, books, documents, records, and testimony. In case of failure of any person to comply with any subpoena lawfully issued, or on the refusal of any witness to produce evidence or to testify to any matter regarding which the person may be lawfully interrogated, the district court shall, upon application of the commissioner, compel obedience in proceedings for contempt, as in the case of disobedience of the requirements of a subpoena issued by the court or a refusal

to testify.

Subd. 4. [RIGHTS OF EMPLOYER AND EMPLOYEE REPRESENTATIVE.] A representative of the employer and a representative authorized by employees must be given an opportunity to participate in any conference or discussion held prior to, during, or after any inspection. Where there is no authorized employee representative, the commissioner shall consult with a reasonable number of employees. No employee as a consequence of aiding an inspection may lose any privilege or payment that the employee would otherwise earn.

Subd. 5. [REQUEST FOR INVESTIGATION BY EMPLOYEE.] (a) Any employee or representative of an employee who believes that their employer is uninsured against workers' compensation liability may request an inspection by giving notice to the commissioner of the belief and grounds for the belief. Any notice must be written, shall set forth with reasonable particularity the grounds for the notice, and must be signed by the employee or representative of employees. A copy of the notice must be provided the employer, representative, or agent no later than the time of inspection, except that, upon the request of a person giving the notice, the employee's name and the names of individual employees referred to in the notice may not appear in the copy or on any record published, released, or made available. If upon receipt of the notification the commissioner determines that reasonable grounds exist to believe that the employer is uninsured against workers' compensation liability, the commissioner shall make an inspection in accordance with this section as soon as practicable. If the commissioner determines that there are not reasonable grounds to believe that a violation exists, the commissioner shall so notify the employee or representative of employees in writing. Upon notification, the employee or the employee representative may request the commissioner to reconsider the determination. Upon receiving the request, the commissioner shall review the determination.

(b) The commissioner, upon receipt of a report of violation of the mandatory insurance provisions of sections 176.181 or 176.185 verified by review of the department's insurance registration records and other relevant information, shall initiate a preliminary investigation to determine if reasonable grounds exist to believe that the employer is uninsured against workers' compensation liability, and upon certification of reasonable belief that the employer is uninsured the commissioner shall make an inspection in accordance with paragraph (a).

Subd. 6. [ORDER PERMITTING ENTRY.] Upon the refusal of an owner, operator, or agent in charge to permit entry as specified in this section, the commissioner may apply for an order in the district court in the county in which entry was refused, to compel the employer to permit the commissioner to enter and inspect the place of employment.

Subd. 7. [ADVANCE NOTICE.] Advance notice may not be authorized by the commissioner except:

(1) in circumstances where the inspection can most effectively be conducted after regular business hours or where special preparations are necessary for an inspection;

(2) where necessary to assure the presence of representatives of the employer and employees or the appropriate personnel needed to aid in the inspection; and

(3) in other circumstances where the commissioner determines that the giving of advance notice would enhance the probability of an effective and thorough inspection.

When advance notice is given to an employer, notice must also be given by the commissioner to the authorized representative of employees if the identity of the representative is known to the employer.

Sec. 17. Minnesota Statutes 1986, section 176.225, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF BOOKS AND RECORDS.] To determine whether an employer or insurer is liable for the payment provided by subdivision 1, the division, a compensation judge, or the workers' compensation court of appeals upon appeal may examine the books and records of the employer or insurer relating to the payment of compensation, and may require the employer or insurer to furnish any other information relating to the payment of compensation.

The right of the division to review the records of an employer or insurer includes the right of the special compensation fund to examine records for the proper administration of sections 176.129, 176.131, 176.132, 176.181, and 176.183. The special compensation fund may not review the records of the employer or insurer relating to a claim under section 176.131 until the special compensation fund has accepted liability under that section or a final determination of liability under that section has been made. The special compensation fund may withhold reimbursement to the employer or insurer under section 176.131 or 176.132 if the employer or insurer denies access to records requested for the proper administration of section 176.129, 176.131, 176.132, 176.181, or 176.183.

Sec. 2. [45.026] [INVESTIGATIONS AND SUBPOENAS.]

Subdivision 1. [GENERAL POWERS.] In connection with the administration of chapters 45 to 83, 309, and 332, the commissioner of commerce may:

(1) make such public or private investigations within or without this state as the commissioner considers necessary to determine whether any person has violated or is about to violate chapters 45 to 83, 309, and 332 or any rule or order under those chapters, or to aid in the enforcement of chapters 45 to 83, 309, and 332, or in the prescribing of rules or forms under those chapters;

(2) require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, as to all the facts and circumstances concerning the matter being investigated;

(3) hold hearings, upon reasonable notice, in respect to any matter arising out of the administration of chapters 45 to 83, 309, and 332;

(4) conduct investigations and hold hearings for the purpose of compiling information with a view to recommending changes in chapters 45 to 83, 309, and 332 to the legislature;

(5) examine the books, accounts, records, and files of every licensee under chapters 45 to 83, 309, and 332 and of every person who is engaged in any activity regulated under chapters 45 to 83, 309, and 332; the commissioner or a designated representative shall have free access during normal business hours to the offices and places of business of the person, and to all books, accounts, papers, records, files, safes, and vaults maintained in the place of business;

(6) publish information which is contained in any order issued by the commissioner; and

(7) require any person subject to chapters 45 to 83, 309, and 332 to report all sales or transactions that are regulated under chapters 45 to 83, 309, and 332. The reports must be made within ten days after the commissioner has ordered the report. The report is accessible only to the respondent and other governmental agencies unless otherwise ordered by

a court of competent jurisdiction.

Subd. 2. [POWER TO COMPEL PRODUCTION OF EVIDENCE.] For the purpose of any investigation, hearing, or proceeding under chapters 45 to 83, 309, and 332, the commissioner or a designated representative may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of books, papers, correspondence, memoranda, agreements, or other documents or records that the commissioner considers relevant or material to the inquiry.

Subd. 3. [COURT ORDERS.] In case of contumacy by, or refusal to obey a subpoena issued to any person, the district court, upon application by the commissioner, may issue to any person an order directing that person to appear before the commissioner, or the officer designated by the commissioner, there to produce documentary evidence if so ordered or to give evidence relating to the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

Subd. 4. [SCOPE OF PRIVILEGE.] No person is excused from attending and testifying or from producing any document or record before the commissioner, or from obedience to the subpoena of the commissioner or any officer designated by the commissioner or in a proceeding instituted by the commissioner, on the ground that the testimony or evidence required may tend to incriminate that person or subject that person to a penalty of forfeiture. No person may be prosecuted or subjected to a penalty or forfeiture for or on account of a transaction, matter, or thing concerning which the person is compelled, after claiming the privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that the individual is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

Subd. 5. [LEGAL ACTIONS; INJUNCTIONS; CEASE AND DESIST ORDERS.] Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of chapters 45 to 83, 309, and 332, or any rule or order adopted under those chapters, the commissioner has the following powers: (1) the commissioner may bring an action in the name of the state in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with chapters 45 to 83, 309, and 332, or any rule or order adopted or issued under those chapters, or the commissioner may refer the matter to the attorney general or the county attorney of the appropriate county. Upon a proper showing, a permanent or temporary injunction, restraining order, or other appropriate relief must be granted; (2) the commissioner may issue and cause to be served upon the person an order requiring the person to cease and desist from violations of chapters 45 to 83, 309, and 332, or any rule or order adopted or issued under those chapters. The order must be calculated to give reasonable notice of the rights of the person to request a hearing and must state the reasons for the entry of the order. A hearing must be held not later than seven days after the request for the hearing is received by the commissioner, after which and within 20 days after receiving the administrative law judge's report, the commissioner shall issue a further order vacating the cease and desist order or making it permanent as the facts require. If no hearing is requested within 30 days of service of the order, the order will become final and will remain in effect until it is modified or vacated by the commissioner. Unless otherwise provided, all hearings must be conducted in

accordance with chapter 14. If the person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person is in default, and the proceeding may be determined against that person upon consideration of the cease and desist order, the allegations of which may be considered to be true. The commissioner may adopt rules of procedure concerning all proceedings conducted under this subdivision.

Subd. 6. [VIOLATIONS AND PENALTIES.] The commissioner may impose a civil penalty not to exceed \$2,000 per violation upon a person who violates chapters 45 to 83, 309, and 332, unless a different penalty is specified.

Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to chapters 45 to 83, 309, or 332, or censure that person if the commissioner finds that:

- (1) the order is in the public interest; or
- (2) the person has violated chapters 45 to 83, 309, or 332.

Subd. 8. [STOP ORDER.] In addition to any other actions authorized by this section, the commissioner may issue a stop order denying effectiveness to or suspending or revoking any registration subject to chapters 45 to 83, 309, or 332.

Subd. 9. [POWERS ADDITIONAL.] The powers contained in subdivisions 1 to 8 are in addition to all other powers of the commissioner.

Sec. 3. [45.027] [SERVICE OF PROCESS.]

Subdivision 1. [REQUIREMENT.] When a person, including any non-resident of this state, engages in conduct prohibited or made actionable by chapters 45 to 83, 309, and 332, or any rule or order under those chapters, and the person has not filed a consent to service of process under chapters 45 to 83, 309, and 332, that conduct is equivalent to an appointment of the commissioner as the person's attorney to receive service of process in any noncriminal suit, action, or proceeding against the person which is based on that conduct and is brought under chapters 45 to 83, 309, and 332, or any rule or order under those chapters.

Subd. 2. [HOW MADE.] Service of process under this section may be made by leaving a copy of the process in the office of the commissioner, and is not effective unless: (1) the plaintiff, who may be the commissioner in an action or proceeding instituted by the commissioner, sends notice of the service and a copy of the process by certified mail to the defendant or respondent at the last known address; and (2) the plaintiff's affidavit of compliance is filed in the action or proceeding on or before the return day of the process, if any, or within such further time as the court allows.

Sec. 4. [47.206] [INTEREST RATE COMMITMENTS.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the terms defined in this subdivision have the meanings given them.

(a) "Lender" means any person or entity referred to in section 47.20, subdivision 1, or any person making a conventional loan as defined under section 47.20, subdivision 2, clause (3), or cooperative apartment loan as defined under section 47.20, subdivision 2, clause (4), except that conventional loans or cooperative apartment loans include any loan or

advance of credit in an original principal balance of less than \$200,000.

(b) "Loan" means all loans and advances of credit authorized under section 47.20, subdivision 1, clauses (1) to (4), and conventional loans as defined under section 47.20, subdivision 2, clause (3), or cooperative apartment loans as defined under section 47.20, subdivision 2, clause (4), except that conventional loans or cooperative apartment loans also include all such loans and advances of credit in an original principal balance of less than \$200,000.

(c) "Borrower" means a natural person who has submitted an application for a loan to a lender.

(d) "Commitment" means any promise or undertaking by a lender to make a loan, in the event the loan application is approved, at a particular rate of interest or points or both, and includes offers to lock in a rate of interest or points either indefinitely or for a specific time period.

Subd. 2. [DISCLOSURES; INTEREST RATE COMMITMENTS.] A lender offering borrowers the opportunity to obtain a commitment for a rate of interest or points or both in advance of closing shall disclose, in writing, to the borrowers at the time the offer is made: (1) the expiration date or term of the commitment, which may not be less than the reasonably anticipated closing date or time required to process, approve, and close the loan; (2) the circumstances under which the borrower will be permitted to close at a lower rate of interest or points than expressed in the commitment under any circumstances; (3) that the commitment is enforceable by the borrower; and (4) any consideration required for the commitment.

Subd. 3. [COMMITMENTS IN WRITING.] If the lender permits the borrower to orally communicate his acceptance of a rate of interest or points, the commitment must be confirmed by an agreement in writing conforming to the requirements of section 513.33, subdivision 2, within three business days of the oral acceptance.

Subd. 4. [LIABILITY.] If a lender fails to honor a commitment for a rate of interest or points or causes unreasonable delay in obtaining the commitment and the failure or delay results in additional costs and expenses to the borrower, either to close the loan or secure a replacement loan, the lender is liable to the borrower for such costs and expenses. In addition, the lender is liable to the borrower for \$500 for each failure to honor a commitment or unreasonable delay in obtaining a commitment. This subdivision applies to a commitment entered into after January 1, 1987.

Sec. 5. Minnesota Statutes 1986, section 60A.17, subdivision 6c, is amended to read:

Subd. 6c. [REVOCAION OR SUSPENSION OF LICENSE.] (a) The commissioner may by order suspend or revoke an insurance agent's or agency's license issued to a natural person or impose a civil penalty appropriate to the offense, not to exceed \$5,000 upon that licensee, or both, if, after notice and hearing, the commissioner finds as to that licensee any one or more of the following conditions:

(2) any cause for which issuance of the license could have been refused had it then existed and been known to the commissioner at the time of issuance;

(3) violation of, or noncompliance with, any insurance law or violation of any rule or order of the commissioner or of a commissioner of insurance of another state or jurisdiction;

(4) obtaining or attempting to obtain any license through misrepresentation or fraud;

(9) that in the conduct of the agent's affairs under the license, the licensee has used fraudulent, coercive, or dishonest practices, or the licensee has been shown to be incompetent, untrustworthy, or financially irresponsible;

(10) that the agent's license has been suspended or revoked in any other state, province, district, territory, or foreign country;

(11) that the licensee has forged another's name to an application for insurance; or

(12) that the licensee has violated subdivision 6b.

(b) The commissioner may by order suspend or revoke an insurance agent's or insurance agency's license issued to a partnership or corporation or impose a civil penalty not to exceed \$5,000 upon that licensee, or both, if, after notice and hearing, the commissioner finds as to that licensee, or as to any partner, director, shareholder, officer, or employee of that licensee, any one or more of the conditions set forth in paragraph (a).

(c) A revocation of a license shall prohibit the licensee from making a new application for a license for at least one year. Further, the commissioner may, as a condition of relicensure, require the applicant to file a reasonable bond for the protection of the citizens of this state, which bond shall be maintained by the licensee in full force for a period of five years immediately following issuance of the license, unless the commissioner at the commissioner's discretion shall after two years permit the licensee to sooner terminate the maintenance filing of the bond.

(d) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of chapters 60A to 72A or of any rule or order of the commissioner:

(1) The commissioner may issue and cause to be served upon the person an order requiring the person to cease and desist from the violation. The order shall give reasonable notice of the time and place of hearing and shall state the reasons for the entry of the order. A hearing shall be held not later than seven days after the issuance of the order unless the person requests a delay. After the hearing and within 30 days of filing of any exceptions to the administrative law judge's report, the commissioner shall issue an order vacating the cease and desist order or making it permanent

as the facts require. All hearings shall be conducted in accordance with the provisions of chapter 14. If the person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person shall be deemed in default, and the proceeding may be determined against the person upon consideration of the cease and desist order, the allegations of which may be deemed to be true;

(2) The commissioner may bring an action in the district court in the appropriate county to enjoin the acts or practices and to enforce compliance with chapters 60A to 72A and any rule or order of the commissioner; and

(3) In any proceeding under chapters 60A to 72A relating to injunction, the request for injunction may be brought on for hearing and disposition upon an order to show cause returnable upon not more than eight days notice to the defendant. The case shall have precedence over other matters on the court calendar and shall not be continued without the consent of the state of Minnesota, except upon good cause shown to the court, and then only for a reasonable length of time as may be necessary in the opinion of the court to protect the rights of the defendant.

(e) The commissioner may, in the manner prescribed by chapter 14, impose a civil penalty not to exceed \$5,000 upon a person whose license has lapsed, or been suspended, revoked, or otherwise terminated, for engaging in conduct prohibited by paragraph (a) before, during, or after the period of licensure.

This subdivision shall not be construed to prohibit charges by an investment adviser based upon the total value of the assets under management averaged over a definite period, or as of definite dates, or taken as of a definite date, nor charges based upon the performance of the managed assets as compared to an established index in compliance with rules ~~promulgated~~ *adopted* by the commissioner.

The commissioner may not institute a revocation or suspension proceeding under this clause more than one year from the date of the order relied on, and may not enter an order under this clause on the basis of an order under another state law unless the order was based on facts which would currently constitute a ground for an order under this section;

The 60 percent assessment in this subdivision is composed of a 10 percent factor based on the ratio of Minnesota generated deposition to the total deposition in the state and a 50 percent factor allocated for the utilities' support of the work under this subdivision.

The posting must be done with placards in accordance with label requirements and rules adopted under this section.

(b) Fields being treated with pesticides through irrigation systems must be posted throughout the period of pesticide treatment.

Subd. 4. [CHEMIGATION REQUIREMENTS.] (a) A person may apply pesticides through an irrigation system if the pesticide is suitable and labeled for this method of application and the systems are fitted with effective antisiphon devices or check valves that prevent the backflow of pesticides or pesticide-water mixtures into water supplies or other materials during times of irrigation system failure or equipment shutdown. The devices or valves must be installed between:

(1) the irrigation system pump discharge and the point of pesticide injection; and

(2) the point of pesticide injection and the pesticide supply.

section 115.071.

PESTICIDE REGISTRATION

Sec. 25. [18B.24] [PESTICIDE REGISTRATION.]

Subdivision 1. [REQUIREMENT.] A person may not use or distribute a pesticide in this state unless it is registered with the commissioner. (4) a true and complete copy of the labeling accompanying the pesticide as provided for in FIFRA; and

(5) current material safety data sheets for each pesticide.

(b) As part of the application, the commissioner may require the submission of any relevant information including the complete formula of a pesticide, including the active and inert ingredients.

Subd. 3. [APPLICATION FEE.] (a) An application for initial registration and renewal must be accompanied by a nonrefundable application fee of \$100 for each pesticide to be registered.

(b) An additional fee of \$100 must be paid by the applicant for each pesticide to be registered if the application is a renewal application that is submitted after December 31.

(c) An additional fee of \$200 must be paid by the applicant for each pesticide distributed or used in the state before initial state registration.

Subd. 4. [EFFECT OF REGISTRATION AFTER RENEWAL APPLICATION.] If a registration is in effect on December 31 and a renewal application has been made and the application fee paid, the registration continues in full force and effect until the commissioner notifies the applicant that the registration is denied or canceled, or the renewed registration expires.

Subd. 5. [APPLICATION REVIEW AND REGISTRATION.] (a) The commissioner may not deny the registration of a pesticide because the commissioner determines the pesticide is not essential.

(b) The commissioner shall review each application and may approve, deny, or cancel the registration of any pesticide. The commissioner may impose state use restrictions on a pesticide as part of the registration to prevent unreasonable adverse effects on the environment.

(c) The commissioner must notify the applicant of the approval, denial,

cancellation, or state use restrictions within 30 days after the application and fee are received.

(d) The applicant may request a hearing on any adverse action of the commissioner within 30 days after being notified by the commissioner.

Sec. 26. [18B.25] [PESTICIDE REGISTRATION FOR SPECIAL LOCAL NEEDS.]

- (2) a pesticide on which restrictions are being considered.*

(c) The applicant may request in writing privacy of information submitted as provided in section 37.

Subd. 2. [APPLICATION REVIEW.] (a) After reviewing the application accompanied by the application fee, the commissioner shall, subject to the terms and conditions of the authorization by the administrator of the United States Environmental Protection Agency to register pesticides to meet special local needs, register pesticides if the commissioner determines that:

(1) the pesticide's composition warrants the proposed claims for the pesticide;

(2) the pesticide's label and other material required to be submitted comply with this chapter;

(3) the pesticide will perform its intended function without unreasonable adverse effect on the environment;

(4) the pesticide will not generally cause unreasonable adverse effects on the environment when used in accordance with label directions; and

(5) a special local need for the pesticide exists.

(b) The commissioner may revoke or modify a special local need registration if the commissioner determines that the terms or conditions of the registration do not comply with paragraph (a).

Subd. 3. [APPLICATION FEE.] An application fee for a special local need registration must be accompanied by a nonrefundable fee of \$100.

Sec. 27. [18B.26] [EXPERIMENTAL USE PESTICIDE PRODUCT REGISTRATION.]

Subd. 2. [APPLICATION REVIEW AND REGISTRATION.] (a) After reviewing the application accompanied by the application fee, the commissioner may issue an experimental use pesticide product registration if the commissioner determines that the applicant needs the registration to accumulate information necessary to register a pesticide under section 25.

The commissioner may prescribe terms, conditions, and a limited period of time for the experimental use product registration. After an experimental use pesticide product registration is issued, the commissioner may revoke or modify the registration at any time if the commissioner finds that its terms or conditions are being violated or are inadequate to avoid unreasonable adverse effects on the environment.

(b) The commissioner may deny issuance of an experimental use pesticide product registration permit if the commissioner determines that issuance of a registration is not warranted or that the use to be made of the pesticide under the proposed terms and conditions may cause unreasonable adverse effects on the environment.

Subd. 3. [APPLICATION.] A person must file an application for experimental use pesticide product registration with the commissioner. An application to register an experimental use pesticide product must include:

- (1) the name and address of the applicant;*
- (2) a federal environmental protection agency approval document;*

- (7) other information requested by the commissioner.*

Subd. 4. [APPLICATION FEE.] (a) An application for registration of an experimental use pesticide product must be accompanied by a nonrefundable application fee of \$100.

(b) An additional fee of \$200 must be paid by the applicant for each pesticide distributed or used in the state before an initial experimental use pesticide product registration was issued for the pesticide.

PESTICIDE LICENSES AND CERTIFICATION

Sec. 28. [18B.27] [RECIPROCAL LICENSING AND CERTIFICATION AGREEMENTS.]

The commissioner may waive all or part of the examination requirements provided for in sections 28 to 34 on a reciprocal basis with any other jurisdiction which has substantially the same requirements. Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1986, section 144.55, subdivision 6, is amended to read:

Subd. 6. [SUSPENSION, REVOCATION, AND REFUSAL TO RENEW.]

(a) The commissioner may refuse to grant or renew, or may suspend or revoke, a license on any of the following grounds:

(1) Violation of any of the provisions of sections 144.50 to 144.56 or the rules or standards issued pursuant thereto;

(2) Permitting, aiding, or abetting the commission of any illegal act in the institution;

(3) Conduct or practices detrimental to the welfare of the patient; or

(4) Obtaining or attempting to obtain a license by fraud or misrepresentation.

(b) *The commissioner shall not renew a license for a boarding care bed in a resident room with more than four beds.*

Sec. 2. Minnesota Statutes 1986, section 144A.05, is amended to read:

144A.05 [LICENSE RENEWAL.]

Unless the license expires in accordance with section 144A.06 or is suspended or revoked in accordance with section 144A.11, a nursing home license shall remain effective for a period of one year from the date of its issuance. The commissioner of health by rule shall establish forms and procedures for the processing of license renewals. The commissioner of health shall approve a license renewal application if the facility continues to satisfy the requirements, standards and conditions prescribed by sections 144A.01 to 144A.17 and the rules promulgated thereunder. *The commissioner shall not approve the renewal of a license for a nursing home bed in a resident room with more than four beds.* Except as provided in section 144A.08, a facility shall not be required to submit with each application for a license renewal additional copies of the architectural and engineering plans and specifications of the facility. Before approving a license renewal, the commissioner of health shall determine that the facility's most recent balance sheet and its most recent statement of revenues and expenses, as audited by the state auditor, by a certified public accountant licensed by this state or by a public accountant as defined in section 412.222, have been received by the department of human services.

Sec. 3. Minnesota Statutes 1986, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to replace a bed decertified after May 23, 1983 or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. In allowing replacement of a decertified bed, the commissioners shall ensure that the number of added or recertified beds does not exceed the total number of decertified beds in the state in that level of care. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify a new bed in a facility that commenced construction before May 23, 1983. For the purposes of this section, "commenced construction" means that all of the following conditions were met: the final working drawings and specifications were approved by the commissioner of health; the construction contracts were let; a timely construction schedule was developed, stipulating dates for beginning, achieving various stages, and completing construction; and all zoning and building permits were secured;

(c) to certify beds in a new nursing home that is needed in order to meet the special dietary needs of its residents, if: the nursing home proves to the commissioner's satisfaction that the needs of its residents cannot otherwise be met; elements of the special diet are not available through most food distributors; and proper preparation of the special diet requires incurring various operating expenses, including extra food preparation or serving items, not incurred to a similar extent by most nursing homes;

(d) to license a new nursing home bed in a facility that meets one of the exceptions contained in clauses (a) to (c);

(e) to license nursing home beds in a facility that has submitted either a completed licensure application or a written request for licensure to the commissioner before March 1, 1985, and has either commenced any required construction as defined in clause (b) before May 1, 1985, or has, before May 1, 1985, received from the commissioner approval of plans for phased-in construction and written authorization to begin construction on a phased-in basis. For the purpose of this clause, "construction" means any erection, building, alteration, reconstruction, modernization, or improvement necessary to comply with the nursing home licensure rules; or

(f) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans' affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans' affairs or the United States Veterans Administration-;

(g) to license or certify beds in a new facility constructed to replace a

facility that was destroyed after June 30, 1987, by fire, lightning, or other hazard provided:

(1) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(2) at the time the facility was destroyed the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(3) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility;

(4) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 4, subdivision 5; and

(5) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility;

(h) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, or to license or certify beds in a facility for which the total costs of remodeling or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, if the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the remodeling or renovation;

(i) to license or certify beds in a facility that has been involuntarily delicensed or decertified for participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification;

(j) to license or certify beds in a project approved by the interagency board for quality assurance under section 4;

(k) to license or certify nursing home beds in a hospital facility that are relocated from a different hospital facility provided:

(1) the hospital in which the nursing home beds were originally located ceases to function as an acute care facility; or

(2) necessary support services for nursing homes as required for licensure under sections 144A.02 to 144A.10, such as dietary service, physical plant, housekeeping, physical therapy, occupational therapy, and administration, are no longer available from the original hospital site; and

(3) the hospitals share common ownership or affiliation; and

(4) the nursing home beds are not certified for participation in the medical assistance program; or

(1) to license or certify beds that are moved from one location to another within an existing identifiable complex of hospital buildings or from a hospital-attached nursing home to the hospital building if the facility will make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate

as a result of the relocation and will delicense the same number of acute care beds within the existing complex of hospital buildings or building.

Sec. 4. [144A.073] [REVIEW OF PROPOSALS REQUIRING EXCEPTIONS TO THE MORATORIUM.]

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:

(a) "Conversion" means the relocation of a nursing home bed from a nursing home to an attached hospital.

(b) "Renovation" means extensive remodeling of, or construction of an addition to, a facility on an existing site with a total cost exceeding ten percent of the appraised value of the facility or \$200,000, whichever is less.

(c) "Replacement" means the demolition and reconstruction of all or part of an existing facility.

(d) "Upgrading" means a change in the level of licensure of a bed from a boarding care bed to a nursing home bed, in a certified boarding care facility that is attached to a nursing home or a boarding care bed in a freestanding boarding care facility that currently meets all health department standards for a nursing home.

Subd. 2. [REQUEST FOR PROPOSALS.] By July 1, 1988, and subsequent years, the interagency board shall publish in the State Register a request for proposals for nursing home projects requiring exceptions to the nursing home moratorium. The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency board by September 30. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made. To be considered for approval, a proposal must include the following information:

(1) whether the request is for renovation, replacement, upgrading, or conversion;

(2) a description of the problem the project is designed to address;

(3) a description of the proposed project;

(4) an analysis of projected costs, including initial construction and remodeling costs, site preparation costs, financing costs, and estimated operating costs during the first two years after completion of the project;

(5) for proposals involving replacement of all or part of a facility, the proposed location of the replacement facility and an estimate of the cost of addressing the problem through renovation;

(6) for proposals involving renovation, an estimate of the cost of addressing the problem through replacement; and

(7) the proposed timetable for commencing construction and completing the project.

Subd. 3. [REVIEW AND APPROVAL OF PROPOSALS.] Within the limits of money specifically appropriated to the medical assistance program

for this purpose, the interagency board for quality assurance may grant exceptions to the nursing home licensure or certification moratorium for proposals that satisfy the requirements of this section. The interagency board shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the board. The commissioners of human services and health shall provide staff and technical assistance to the board for the review and analysis of proposals. The interagency board shall hold a public hearing before making a final decision on project approvals. The board shall approve or disapprove proposals before December 1 based on a comparison and ranking of proposals using the criteria in subdivision 4. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires seven months after approval unless the facility has commenced construction as defined in section 144A.071, subdivision 3, paragraph (b). The board shall report to the legislature annually by January 1. The report must include the projects approved, the criteria used to select proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

Subd. 4. [CRITERIA FOR REVIEW.] (a) The following criteria must be used to compare and rank all proposals submitted:

(1) the extent to which the average occupancy rate of the facility supports the need for the proposed project;

(2) the extent to which the average occupancy rate of all facilities in the county in which the applicant is located, together with all contiguous Minnesota counties, supports the need for the proposed project;

(3) the extent to which the proposal furthers state long-term care goals, including the goal of enhancing the availability and use of alternative care services and the goal of reducing the number of long-term care resident rooms with more than two beds;

(4) the cost effectiveness of the proposal, including the proposal's long-term effects on the costs of the medical assistance program, as determined by the commissioner of human services; and

(5) the feasibility and appropriateness of the proposal, as determined by the commissioner of health.

(b) In addition to the criteria in paragraph (a), the following criteria must be used to evaluate, compare, and rank proposals involving renovation or replacement:

(1) the extent to which the project improves conditions that affect the health or safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits, and wood frame construction;

(2) the extent to which the project improves conditions that affect the quality of life of residents in a facility or the ability of the facility to provide efficient care, such as a relatively high number of residents in a room; inadequate lighting or ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for dining rooms, day rooms, or rooms used for other activities; problems relating to heating, cooling, or energy efficiency; inefficient location of nursing stations; or narrow

corridors.

Subd. 5. [REPLACEMENT RESTRICTIONS.] Proposals submitted or approved under this section involving replacement must provide for replacement of the facility on the existing site except as allowed in this subdivision. Facilities located in a metropolitan statistical area may relocate to a site within the same census tract or a contiguous census tract. In the seven-county metropolitan area, the health planning areas as adopted in March 1982 by the metropolitan council shall be used. Facilities located outside a metropolitan statistical area may relocate to a site within the same city or township, or within a contiguous township. A replacement facility must not be relocated to a site more than six miles from the existing site.

Subd. 6. [CONVERSION RESTRICTIONS.] Proposals submitted or approved under this section involving conversion must satisfy the following conditions:

(a) Conversion is limited to a total of five beds.

(b) An equivalent number of hospital beds must be delicensed.

(c) The average occupancy rate in the existing nursing home beds must be greater than 96 percent according to the most recent annual statistical report of the department of health.

(d) The cost of remodeling the hospital rooms to meet current nursing home construction standards must not exceed ten percent of the appraised value of the nursing home or \$200,000, whichever is less.

(e) The conversion must not result in an increase in operating costs.

Subd. 7. [UPGRADING RESTRICTIONS.] Proposals submitted or approved under this section involving upgrading must satisfy the following conditions:

(a) No proposal for upgrading may be approved after June 30, 1989.

(b) No more than one proposal for upgrading may be approved for a facility.

(c) Upgrading is limited to a total of ten beds.

(d) The facility must meet minimum nursing home care standards.

(e) Upgrading must not result in an increase in per diem operating costs, except for the upgrading of those freestanding boarding care facilities which currently meet existing nursing home building and space standards.

(f) If beds are upgraded to nursing home beds, the number of boarding care beds in a facility must not increase in the future.

(g) The average occupancy rate in the existing nursing home beds must be greater than 96 percent according to the most recent annual statistical report of the department of health.

(h) The cost of remodeling the facility to meet current nursing home construction standards must not exceed ten percent of the appraised value of the facility or \$200,000, whichever is less.

Subd. 8. [RULEMAKING.] The interagency board shall adopt rules to implement this section.

Sec. 5. Minnesota Statutes 1986, section 144A.27, is amended to read:

144A.27 [ACTING ADMINISTRATORS.]

If a licensed nursing home administrator is removed from the position by death or other unexpected cause, the controlling persons of the nursing home suffering the removal may designate an acting nursing home administrator who ~~may serve without a license for no more than 90 days, unless an extension is granted by the board of examiners shall secure an acting administrator's license within 30 days of appointment as the acting administrator.~~

Sec. 6. Minnesota Statutes 1986, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing homes in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the

commissioner shall:

(1) allow nursing homes that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing homes licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing homes referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each proprietary nursing home as an operating cost of that nursing home. *For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing homes shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year.* The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing home as an operating cost of that nursing home. Total *adjusted* real estate tax liability, *payments in lieu of real estate tax*, actual special assessments paid, and license fees paid as required by the Minnesota department of health, for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the 60th percentile or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e).

Sec. 7. Minnesota Statutes 1986, section 256B.431, subdivision 2e, is amended to read:

Subd. 2e. ~~NEGOTIATED RATES CONTRACTS FOR SERVICES FOR VENTILATOR DEPENDENT PERSONS.~~ *Until procedures for determining operating cost payment rates according to mix of resident needs are*

established, the commissioner may negotiate, with a nursing home that is eligible to receive medical assistance payments, a payment rate of up to 125 percent of the allowed payment rate to be paid for a period of up to three months for individuals who have been hospitalized for more than 100 days, or who have extensive care needs based on nursing hours actually provided or mental or physical disability, or who need respite care for a specified and limited time period. In addition, the commissioner shall take into consideration facilities which historically provided nursing hours at or near the maximum limits which were subsequently reduced as a consequence of payment rate reductions. The payment rate shall be based on an assessment of the nursing home's resident mix as determined by the commissioner of health. When circumstances dictate, the commissioner has authority to renegotiate payment rates for an additional period of time. The payment rate negotiated and The commissioner may contract with a nursing home eligible to receive medical assistance payments to provide services to a ventilator dependent person identified by the commissioner according to criteria developed by the commissioner, including:

- (1) nursing home care has been recommended for the person by a preadmission screening team;
- (2) the person has been assessed at case mix classification K;
- (3) the person has been hospitalized for at least six months and no longer requires inpatient acute care hospital services; and
- (4) the commissioner has determined that necessary services for the person cannot be provided under existing nursing home rates.

The commissioner may issue a request for proposals to provide services to a ventilator dependent person to nursing homes eligible to receive medical assistance payments and shall select nursing homes from among respondents according to criteria developed by the commissioner, including:

- (1) the cost effectiveness and appropriateness of services;
- (2) the nursing home's compliance with federal and state licensing and certification standards; and
- (3) the proximity of the nursing home to a ventilator dependent person identified by the commissioner who requires nursing home placement.

The commissioner may negotiate an adjustment to the operating cost payment rate for a nursing home selected by the commissioner from among respondents to the request for proposals. The negotiated adjustment must reflect only the actual additional cost of meeting the specialized care needs of a ventilator dependent person identified by the commissioner for whom necessary services cannot be provided under existing nursing home rates and which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or 9505.0170 to 9505.0475. The negotiated adjustment shall not affect the payment rate charged to private paying residents under the provisions of section 256B.48, subdivision 1. The negotiated adjustment paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rulemaking procedures required by chapter 14 and section 256B.502.

Sec. 8. Minnesota Statutes 1986, section 256B.431, subdivision 3a, is amended to read:

Subd. 3a. [PROPERTY-RELATED COSTS AFTER JULY 1, 1985.] (a)

For rate years beginning on or after July 1, 1985, the commissioner, by permanent rule, shall reimburse nursing home providers that are vendors in the medical assistance program for the rental use of real estate and depreciable equipment. "Real estate" means land improvements, buildings, and attached fixtures used directly for resident care. "Depreciable equipment" means the standard moveable resident care equipment and support service equipment generally used in long-term care facilities.

(b) In developing the method for determining payment rates for the rental use of nursing homes, the commissioner shall consider factors designed to:

- (1) simplify the administrative procedures for determining payment rates for property-related costs;
- (2) minimize discretionary or appealable decisions;
- (3) eliminate any incentives to sell nursing homes;
- (4) recognize legitimate costs of preserving and replacing property;
- (5) recognize the existing costs of outstanding indebtedness allowable under the statutes and rules in effect on May 1, 1983;
- (6) address the current value of, if used directly for patient care, land improvements, buildings, attached fixtures, and equipment;
- (7) establish an investment per bed limitation;
- (8) reward efficient management of capital assets;
- (9) provide equitable treatment of facilities;
- (10) consider a variable rate; and
- (11) phase-in implementation of the rental reimbursement method.

(c) No later than January 1, 1984, the commissioner shall report to the legislature on any further action necessary or desirable in order to implement the purposes and provisions of this subdivision.

(d) For rate years beginning on or after July 1, 1987, a nursing home which has reduced licensed bed capacity after January 1, 1986, shall be allowed to:

- (1) aggregate the applicable investment per bed limits based on the number of beds licensed prior to the reduction; and*
- (2) establish capacity days for each rate year following the licensure reduction based on the number of beds licensed on the previous April 1 if the commissioner is notified of the change by April 4. The notification must include a copy of the delicensure request that has been submitted to the commissioner of health.*

(e) Until the rental reimbursement method is fully phased in, a nursing home whose final property related payment rate is the rental rate shall continue to have its property related payment rates established based on the rental reimbursement method.

Sec. 9. Minnesota Statutes 1986, section 256B.431, is amended by adding a subdivision to read:

Subd. 3b. [DEPRECIATION RECAPTURE.] The sale of a nursing home which occurred on or after July 1, 1987, shall result in depreciation recapture payments to be paid by the buyer to the commissioner within 60

days of the department's notification if the sale price exceeds the nursing home's allowable historical cost of capital assets including land recognized by the commissioner at the time of the sale, reduced by accumulated depreciation. The gross recapture amount shall be the lesser of the actual gain on the sale or actual depreciation recognized for the purpose of calculating medical assistance payment rates from the latter of the date of previous sale or November 1, 1972, through the date of the sale. The gross recapture amount shall be allocated to each reporting year from November 1, 1972, through the date of the sale in the same ratio as depreciation amounts recognized for the purpose of calculating medical assistance payment rates. The amount allocated to each reporting year shall be divided by the total actual resident days in that reporting year, thereby determining a cost-per-resident day. The recapture amount shall be the cost-per-resident day for each reporting year times the actual medical assistance resident days for the corresponding rate year following each reporting year. No payment of depreciation recapture shall be assessed with respect to a portion of a rate year beginning after June 30, 1985, in which the property related payment rate was based on the nursing home's rental value. The recapture amount shall be reduced by one percent for each month of continuous ownership since the previous date of sale of the nursing home up to a maximum of 100 months. For the purpose of this subdivision, the sale of a nursing home means the sale or transfer of a nursing home's capital assets or capital stock or the redemption of ownership interests by members of a partnership. In the case of a sale or transfer of a nursing home in which the new operator leases depreciable equipment used in the nursing home business from the prior operator, or an affiliate of the prior operator, the net present value of the lease shall be added to the transaction price for the purpose of determining the actual gain on the sale. In the case of a partial sale of a nursing home, the provisions of this subdivision will be applied proportionately to sales or accumulations of sales that exceed 20 percent of a nursing home's capital assets or capital stock. Depreciation recapture payments resulting from the sale of a nursing home which occurred before July 1, 1985, shall be calculated in accordance with reimbursement regulations in effect on the date of the sale.

Sec. 10. Minnesota Statutes 1986, section 256B.431, is amended by adding a subdivision to read:

Subd. 3c. [PLANT AND MAINTENANCE COSTS.] For the rate years beginning on or after July 1, 1987, the commissioner shall allow as an expense in the reporting year of occurrence the lesser of the actual allowable plant and maintenance costs for supplies, minor equipment, equipment repairs, building repairs, purchased services and service contracts, except for arms-length service contracts whose primary purpose is supervision, or \$325 per licensed bed.

Sec. 11. Minnesota Statutes 1986, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983 and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under

subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

A facility that meets the criteria of this paragraph shall submit annual cost reports on forms prescribed by the commissioner.

For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commis-

sioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1, 1985, but must not retroactively adjust the operating cost payment rate.

(d) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

- (1) the sale or transfer of a nursing home upon death of an owner;*
- (2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;*
- (3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;*
- (4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;*
- (5) a sale and leaseback to the same licensee which does not constitute a change in facility license;*
- (6) a transfer of an interest to a trust;*
- (7) gifts or other transfers for no consideration;*
- (8) a merger of two or more related organizations;*
- (9) a transfer of interest in a facility held in receivership;*
- (10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;*
- (11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; or*
- (12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.*

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

(e) For rate years beginning on or after July 1, 1986, the commissioner may exclude from a provision of 12 MCAR 2.050 any facility that is certified by the commissioner of health as an intermediate care facility, licensed by the commissioner of human services as a chemical dependency treatment program and enrolled in the medical assistance program as an institution for mental disease. The commissioner of human services shall establish a medical assistance payment rate for these facilities. Chapter 14 does not apply to the procedures and criteria used to establish the ratesetting structure. The ratesetting method is not appealable.

Sec. 12. Minnesota Statutes 1986, section 256B.50, subdivision 2, is amended to read:

Subd. 2. [APPRAISED VALUE; APPEALS BOARD.] (a) Appeals concerning the appraised value of a nursing home's real estate must be heard by a three-person appeal board appointed by the commissioner. The real estate as defined in section 256B.431, subdivision 3, must be appraised using the depreciated replacement cost method.

(b) Members of the appeals board shall be appointed by the commissioner from the list of appraisers approved for state contracts by the commissioner of administration. In making the selection, the commissioner of human services shall ensure that each member is experienced in the use of the depreciated replacement cost method and is free of any personal, political, or economic conflict of interest that may impair the member's ability to function in a fair and objective manner.

(c) The appeals board shall appoint one of its members to act as chief representative and shall examine witnesses when it is necessary to make a complete record. Facts to be considered by the board are limited to those in existence at the time of the appraisal being appealed. The board shall issue a written report regarding each appeal to the commissioner within 30 days following the close of the record. The report must contain findings of fact, conclusions, and a recommended disposition based on a majority decision of the board. A copy of the report must be served upon all parties.

(d) The commissioner shall issue an order adopting, rejecting, or modifying the appeal board's recommendation within 30 days of receipt of the report. A copy of the decision must be served upon all parties.

(e) Within 30 days of receipt of the commissioner's order, the appealing party may appeal to the Minnesota court of appeals. The court's decision is limited to a determination of the appraised value of the real estate and must not include costs assessed against either party. (a) An appeal request concerning the appraised value of a nursing home's real estate as established by an appraisal conducted after July 1, 1986, shall state the appraised value the nursing home believes is correct for the building, land improvements, and attached equipment and the name and address of the firm with whom contacts may be made regarding the appeal. The appeal request shall include a separate appraisal report prepared by an independent appraiser of real estate which supports the total appraised value claimed by the nursing home. The appraisal report shall be based on an on-site inspection of the nursing home's real estate using the depreciated replacement cost method, must be in a form comparable to that used in the commissioner's appraisal, and must pertain to the same time period covered by the appealed appraisal. The appraisal report shall include information related to the training, experience, and qualifications of the appraiser who conducted and prepared the appraisal report for the nursing home.

(b) A nursing home which has filed an appeal request prior to the effective date of this law concerning the appraised value of its real estate as established by an appraisal conducted before July 1, 1986, must submit to the commissioner the information described under paragraph (a) within 60 days of the effective date of this act in order to preserve the appeal.

(c) An appeal request which has been filed pursuant to the provisions of paragraph (a) or (b) shall be finally resolved through an agreement entered into by and between the commissioner and the nursing home or by the determination of an independent appraiser based upon an on-site inspection of the nursing home's real estate using the depreciated replace-

ment cost method, in a form comparable to that used in the commissioner's appraisal, and pertaining to the same time period covered by the appealed appraisal. The appraiser shall be selected by the commissioner and the nursing home by alternately striking names from a list of appraisers approved for state contracts by the commissioner of administration. The appraiser shall make assurances to the satisfaction of the commissioner and the nursing home that the appraiser is experienced in the use of the depreciated cost method of appraisals and that the appraiser is free of any personal, political, or economic conflict of interest that may impair the ability to function in a fair and objective manner. The commissioner shall pay costs of the appraiser through a negotiated rate for services of the appraiser.

(d) *The decision of the appraiser is final and is not appealable. Exclusive jurisdiction for appeals of the appraised value of nursing homes lies with the procedures set out in this subdivision. No court of law shall possess subject matter jurisdiction to hear appeals of appraised value determinations of nursing homes.*

Sec. 13. [STUDY AND REPORT.]

The interagency board for quality assurance shall study the following issues and report to the legislature by December 15, 1988, on its findings and recommendations:

(1) *the advisability of changing the definition of "hardship" for purposes of the nursing home moratorium;*

(2) *the advisability of defining the need for nursing home beds in terms of the population aged 75 and older; and*

(3) *the existence of a geographic maldistribution of long-term care beds and alternative care services in the state.*

Sec. 14. [APPROPRIATIONS AND POSITIONS.]

Subd. 2. [POSITIONS.] The approved complement of the department of human services is increased by one-half of a full-time equivalent position. The approved complement of the department of health is increased by one-half of a full-time equivalent position.

Subd. 3. [MANUFACTURER'S DUTY TO REFUND OR REPLACE.]

(a) If the manufacturer, its agents, or its authorized dealers are unable to conform the new motor vehicle to any applicable express warranty by repairing or correcting any defect or condition which substantially impairs the use or market value of the motor vehicle to the consumer after a reasonable number of attempts, the manufacturer shall, at the consumer's option, either replace the new motor vehicle with a comparable motor vehicle or accept return of the vehicle from the consumer and refund to the consumer the full purchase price, or the total amount actually paid by the consumer under any vehicle lease, including the cost of any options or other modifications arranged, installed, or made by the manufacturer, its agent, or its authorized dealer within 30 days after the date of original delivery, and all other charges including, but not limited to, sales tax, license fees and registration fees, reimbursement for towing and rental vehicle expenses incurred by the consumer as a result of the vehicle being out of service for warranty repair, less a reasonable allowance for the consumer's use of the vehicle not exceeding ten cents per mile driven or ten percent

of the purchase price or full lease cost of the vehicle, whichever is less. Refunds must be made to the consumer, and lienholder, if any, as their interests appear on the records of the registrar of motor vehicles. Refunds shall include the amount stated by the dealer as the trade-in value of a consumer's used motor vehicle, plus any additional amount paid by the consumer for the new motor vehicle. For a lease vehicle, refunds shall include the total amount actually paid by the consumer under any vehicle lease, less any finance charges paid by the consumer. A reasonable allowance for use is that amount directly attributable to use by the consumer and any previous consumer prior to the first report of the nonconformity to the manufacturer, agent, or dealer. It is an affirmative defense to any claim under this section (1) that an alleged nonconformity does not substantially impair the use or market value, or (2) that a nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of a motor vehicle by anyone other than the manufacturer, its agent or its authorized dealer.

(b) It is presumed that a reasonable number of attempts have been undertaken to conform a new motor vehicle to the applicable express warranties, if (1) the same nonconformity has been subject to repair four or more times by the manufacturer, its agents, or its authorized dealers within the express warranty term or during the period of one year following the date of original delivery of the motor vehicle to a consumer, whichever is the earlier date, but the nonconformity continues to exist, or (2) the vehicle is out of service by reason of repair for a cumulative total of 30 or more business days during the term or during the period, whichever is the earlier date.

(c) If the nonconformity results in a complete failure of the braking or steering system of the new motor vehicle and is likely to cause death or serious bodily injury if the vehicle is driven, it is presumed that a reasonable number of attempts have been undertaken to conform the vehicle to the applicable express warranties if the nonconformity has been subject to repair at least once by the manufacturer, its agents, or its authorized dealers within the express warranty term or during the period of one year following the date of original delivery of the motor vehicle to a consumer, whichever is the earlier date, and the nonconformity continues to exist.

(d) The term of an express warranty, the one-year period and the 30-day period shall be extended by any period of time during which repair services are not available to the consumer because of a war, invasion, strike, or fire, flood, or other natural disaster.

(e) The presumption contained in paragraph (b) applies against a manufacturer only if the manufacturer, its agent, or its authorized dealer has received prior written notification from or on behalf of the consumer at least once and an opportunity to cure the defect alleged. If the notification is received by the manufacturer's agent or authorized dealer, the agent or dealer must forward it to the manufacturer by certified mail, return receipt requested.

(f) A consumer is eligible to receive a refund or replacement vehicle under this section if the nonconformity is reported to the manufacturer, its authorized agent or dealer, at any time during the motor vehicle's express warranty period, even if the motor vehicle's express warranty expires before the requirements of paragraphs (a), (b), and (c) have been met.

(g) At the time of purchase the manufacturer must provide directly to

the consumer a written statement on a separate piece of paper, in 10-point all capital type, in substantially the following form: "IMPORTANT: IF THIS VEHICLE IS DEFECTIVE, YOU MAY BE ENTITLED UNDER STATE LAW TO REPLACEMENT OF IT OR A REFUND OF ITS PURCHASE PRICE. HOWEVER, TO BE ENTITLED TO REFUND OR REPLACEMENT, YOU MUST FIRST NOTIFY THE MANUFACTURER, ITS AGENT, OR ITS AUTHORIZED DEALER OF THE PROBLEM IN WRITING AND GIVE THEM AN OPPORTUNITY TO REPAIR THE VEHICLE."

(h) The amount of the sales tax to be paid by the manufacturer to the consumer under paragraph (a) shall be the tax paid by the consumer when the vehicle was purchased less an amount equal to the tax paid multiplied by a fraction, the denominator of which is the purchase price of the vehicle and the numerator of which is the allowance deducted from the refund for the consumer's use of the vehicle."

Subdivision 1. [RESTRICTION ON MANDATORY RETIREMENT AGE.]

(a) It is unlawful for any *private sector* employer, ~~public or private, excluding the United States government and any of its instrumentalities,~~ to refuse to hire or employ, or to discharge, dismiss, reduce in grade or position, or demote any individual on the grounds that the individual has reached an age of less than 70, except in cases where federal statutes or rules or other state statutes, not including special laws compel or specifically authorize such action. Nothing in this section shall prohibit compulsory retirement of employees who have attained 70 years of age or more; provided further that nothing in this section shall prohibit compulsory retirement of an employee who has attained at least 65 years of age and who for the two year period immediately before retirement is employed in an executive or a high policy making position if that employee is entitled to an immediate nonforfeitable annual retirement benefit from a pension, profit sharing, savings or deferred compensation plan of an employer, or any combination of these benefits which totals in the aggregate at least \$27,000. If the retirement benefit is in a form other than a straight life annuity, the equivalent annualized payment value of the benefit shall be actuarially determined according to rules promulgated by the commissioner of labor and industry. Pilots and flight crew members shall not be subject to the provisions of this section or section 363.02, subdivision 6, but shall be retired from this employment pursuant to standards contained in regulations promulgated by the federal aviation administration for airline pilots and flight officers and are subject to the bona fide occupational requirements for these employees as promulgated by the federal aviation administration.

For that year and thereafter until a different written indication is made, the executive director of the teachers retirement fund shall purchase with the salary deductions and state matching funds attributable to the salary deductions shares in the account of the Minnesota supplemental retirement investment fund chosen by the person elect to purchase shares in one or a combination of the income share account, the growth share account, the money market account, the bond market account, or the common stock index account established in section 11A.17. The person may elect to participate in one or more of the investment accounts~~

in the fund by specifying, on a form provided by the executive director of the teachers retirement fund, the percentage of salary deductions and state matching funds to be used to purchase shares in each of the accounts.

Twice in any calendar year, each person described in section 136.80, subdivision 1, may indicate in writing on forms provided by the teachers retirement association a choice of options for subsequent purchases of shares. After a choice is made, and until a different written indication is made, the executive director shall purchase shares in the supplemental fund as selected.

A change in choice of investment option is effective no later than the first pay date that occurs 30 or more days after receipt of the request for a change.

Twice in any calendar year a person described in section 136.80, subdivision 1, may also change the investment options selected for all or a portion of the person's shares previously purchased. If a partial transfer is made a minimum of \$1,000 must be transferred and a minimum balance of \$1,000 must remain in the previously selected investment option. A change is restricted to a transfer from one or more accounts to a single account. Changes in investment options for the person's shares must be effected as soon as cash flow to an account practically permits, but not later than six months after the requested change.

If a person fails to indicate a choice as provided herein, the executive director of the teachers retirement fund shall purchase shares in the income account of the Minnesota supplemental retirement investment fund for the coming year. The shares so purchased shall stand in the name of the board of trustees of the teachers retirement fund, but a record shall be kept indicating the number of shares in each account of the Minnesota supplemental retirement investment fund purchased with the salary deductions and state matching funds attributable to the salary deductions of each person. The record shall be known as the "employee's share account record." The employee's share account record shall show, in addition to the number of shares therein, any cash balance of salary deductions or state matching funds attributable to those deductions which stands uninvested in shares.

Sec. 2. Minnesota Statutes 1986, section 136.82, subdivision 1, is amended to read:

of a person employed by the state board for community colleges, may, upon application, in their sole discretion, permit greater withdrawals in any one year.

(2) When requested to do so in writing on forms provided by the executive director of the teachers retirement fund by a person having shares to the credit of the employee's share account record, if the person has left employment by the state university board or state board for community colleges because of a total and permanent disability as defined in section 354.05, subdivision 14, and if the executive director of the teachers retirement fund finds that the person is totally and permanently disabled and will as a result be unable to return to similar employment, the person shall receive the cash realized on the redemption of the shares. The person may direct the redemption of not more than 20 percent of the shares in the employee's share account record in any one year and may not direct more than one redemption in any one calendar month; provided, however, that the state university board in the case of a person employed by the state university board, and the state board for community colleges in the case of a person employed by the state board for community colleges, may, upon application, in their sole discretion, permit greater withdrawals in any one year. If the person returns to good health, the person shall owe no restitution to the state or any fund created by its laws for a redemption directed pursuant to this paragraph.

In that case the surviving spouse shall receive the cash realized from the redemption of the shares. Upon the death of the surviving spouse any shares remaining in the employee's share account record shall be redeemed by the executive director of the teachers retirement fund and the cash realized therefrom distributed to the estate of the surviving spouse.

(4) In the event of the death of a person having shares to the credit of the employee's share account record and leaving no surviving spouse, then the executive director of the teachers retirement fund shall redeem all shares to the credit of the employee's share account record and pay the cash realized therefrom to the estate of the deceased person.

(5) When requested to do so in writing on forms provided by the executive director of the teachers retirement fund by a person having shares to the credit of the employee's share account record, if the person is no longer employed by the state university board or state board for community colleges, but does not qualify under the provisions of paragraphs (1) to (4). In that case one-half of the cash realized on the redemption of shares shall be received by the person and one-half shall become the property of the supplemental retirement plan account of the teachers retirement fund. An-

COMBINED SERVICE DISABILITY AND SURVIVOR BENEFITS

Section 1. [356.302] [DISABILITY BENEFIT WITH COMBINED SERVICE.]

Subdivision 1. [DEFINITIONS.] (a) The terms used in this section are defined in this subdivision.

(b) "Average salary" means the highest average of covered salary for the appropriate period of credited service that is required for the calculation of a disability benefit by the covered retirement plan and that is drawn from any period of credited service and covered salary in a covered retirement plan.

(c) "Covered retirement plan" or "plan" means a retirement plan listed in subdivision 7.

(d) "Duty-related" means a disabling illness or injury that occurred while the person was actively engaged in employment duties or that arose out of the person's active employment duties.

(e) "General employee retirement plan" means a covered retirement plan listed in subdivision 7, clauses (1) to (8).

(f) "Occupationally disabled" means the condition of having any medically determinable physical or mental impairment that makes a person unable to satisfactorily perform the minimum requirements of the person's employment position or a substantially similar employment position.

(g) "Public safety employee retirement plan" means a covered retirement plan listed in subdivision 7, clauses (9) to (11).

(h) "Totally and permanently disabled" means the condition of having any medically determinable physical or mental impairment that makes a person unable to engage in any substantial gainful activity and that is expected to continue or has continued for a period of at least one year or that is expected to result directly in the person's death.

Subd. 2. [ENTITLEMENT.] Notwithstanding any law to the contrary

governing any covered retirement plan, a member of a covered retirement plan may receive a combined service disability benefit from each covered retirement plan in which the person has credit for at least six months of allowable service if that person meets the applicable qualifying conditions. Subdivision 3 applies to a member of a general employee retirement plan. Subdivision 4 applies to a member of a public safety employee retirement plan. Subdivision 5 applies to a member of a covered retirement plan with general employee and public safety employee retirement plan service.

Subd. 3. [GENERAL EMPLOYEE PLAN ELIGIBILITY REQUIREMENTS.] A disabled member of a covered retirement plan who has credit for allowable service in a combination of general employee retirement plans is entitled to a combined service disability benefit if the member:

(1) is less than 65 years of age on the date of application for the disability benefit;

(2) has become totally and permanently disabled;

(3) has credit for allowable service in any combination of general employee retirement plans totaling at least ten years if the person has not reached age 50 or at least five years if the person has reached age 50;

(4) has credit for at least six months of allowable service with the current general employee retirement plan before the commencement of the disability;

(5) has at least five continuous years of allowable service credit by the general employee retirement plan or has at least a total of five years of allowable service credit by a combination of general employee retirement plans in a 72-month period during which no interruption of allowable service credit from a termination of employment exceeded 29 days; and

(6) is not receiving a retirement annuity or disability benefit from any covered general employee retirement plan at the time of the commencement of the disability.

Subd. 4. [PUBLIC SAFETY PLAN ELIGIBILITY REQUIREMENTS.] A disabled member of a covered retirement plan who has credit for allowable service in a combination of public safety employee retirement plans is entitled to a combined service disability benefit if the member:

(1) is less than 55 years of age on the date of application for the disability benefit;

(2) has become occupationally disabled;

(3) has credit for allowable service in any combination of public safety employee retirement plans totaling at least one year if the disability is duty-related or totaling at least five years if the disability is not duty-related;

(4) has credit for at least six months of allowable service with the current public safety employee retirement plan before the commencement of the disability; and

(5) is not receiving a retirement annuity or disability benefit from any covered public safety employee retirement plan at the time of the commencement of the disability.

Subd. 5. [GENERAL AND PUBLIC SAFETY PLAN ELIGIBILITY REQUIREMENTS.] A disabled member of a covered retirement plan who has credit for allowable service in a combination of both public safety

employee retirement plans and general employee retirement plans must meet the qualifying requirements in subdivisions 3 and 4 to receive a combined service disability benefit from the applicable general employee and public safety employee retirement plans, except that the person need only be a member of a covered retirement plan at the time of the commencement of the disability and that the minimum allowable service requirements of subdivision 3, clauses (3) and (5), and subdivision 4, clauses (3) and (4), may be met in any combination of covered retirement plans.

Subd. 6. [COMBINED SERVICE DISABILITY BENEFIT COMPUTATION.] (a) The combined service disability benefit from each covered retirement plan must be based on the allowable service in each retirement plan, except as specified in paragraphs (b) to (f).

(b) The disability benefit must be governed by the law in effect for each covered retirement plan on the date of the commencement of the member's most recent qualifying disability as a member of a covered retirement plan.

(c) All plans must base the disability benefit on the same average salary to the extent practicable.

(d) If the method of the covered retirement plan used to compute a disability benefit varies based on the length of allowable service credit, the benefit accrual formula percentages used by the plan must recognize the allowable service credit in the plan as a continuation of any previous allowable service credit with other covered retirement plans.

(e) If the covered retirement plan is a defined benefit or formula plan and the method used to compute a disability benefit does not vary based on the length of allowable service credit, the portion of the specified benefit amount from the plan must bear the same proportion to the total specified benefit amount as the allowable service credit in that plan bears to the total allowable service credit in all covered retirement plans. If the covered retirement plan is a defined contribution or nonformula plan, the disability benefit amount for allowable service under the plan is not affected, but the service and covered salary under the plan must be used in calculations by other covered retirement plans.

(f) A period for which a person has allowable service credit in more than one covered retirement plan must be used only once in determining the total allowable service credit for calculating the combined service disability benefit, with any period of duplicated service credit handled as provided in section 356.30, subdivision 1, clause (3), items (i) and (j).

Subd. 7. [COVERED RETIREMENT PLANS.] This section applies to the following retirement plans:

(1) *had credit for sufficient allowable service in any combination of covered retirement plans to meet any minimum allowable service credit requirement of the covered retirement fund for qualification for a survivor*

benefit or annuity;

(2) had credit for at least six months of allowable service with the most recent covered retirement plan before the date of death and was an active member of that covered retirement plan on the date of death; and

(3) was not receiving a retirement annuity from any covered retirement plan on the date of death.

Subd. 3. [COMBINED SERVICE SURVIVOR BENEFIT COMPUTATION.] (a) The combined service survivor annuity or survivor benefit from each covered retirement plan must be based on the allowable service in each covered retirement plan, except as provided by paragraphs (b) to (f).

(b) The survivor annuity or survivor benefit must be governed by the law in effect for each covered retirement plan on the date of death of the deceased member.

(c) All plans must base the survivor annuity or survivor benefit on the same average salary.

(d) If the method of the covered retirement plan used to compute a survivor benefit or annuity varies based on the length of allowable service credit, the benefit accrual formula percentages used by the plan must recognize the allowable service credit in the plan as a continuation of any previous allowable service credit with other covered retirement plans.

(e) If the covered retirement plan is a defined benefit or formula plan and the method used to compute a survivor benefit or annuity does not vary based on the length of allowable service credit, the portion of the specified benefit or annuity amount from the plan must bear the same proportion to the total specified benefit or annuity amount as the allowable service credit in that plan bears to the total allowable service credit in all covered retirement plans. If the covered retirement plan is a defined contribution or nonformula plan, the survivor benefit amount for allowable service under the plan is not affected, but the service and covered salary under the plan must be used in calculations by other covered retirement plans.

(f) A period for which a person has allowable service credit in more than one covered retirement plan must be used only once in determining the total allowable service credit for calculating the combined service survivor annuity or survivor benefit. A period of duplicated service credit must be handled as provided in section 356.30, subdivision 1, clause (3), items (i) and (j).

However, if a claimant received weekly worker's compensation for temporary total disability under the provisions of chapter 176 or under a similar law of the United States for more than seven weeks within the base period, or if a claimant, whose own serious illness caused a loss of credit weeks within the base period, received compensation due to the illness from some other source or under a law of this state other than chapter 176 or under a similar law of the United States for more than seven weeks within the base period,

the claimant's base period shall be lengthened by the same number of weeks, but not to exceed 52 weeks, for which the claimant received the payments. No extended base period shall include wage credits upon which benefits were established and paid with respect to a prior valid claim first four of the last five completed calendar quarters immediately preceding the first day of an individual's benefit year; except: (a) if during the base period an individual received workers' compensation for temporary disability under chapter 176 or a similar law of the United States, or if an individual whose own serious illness caused a loss of work for which the individual received compensation due to the illness from some other source or under a law of this state other than chapter 176 or a similar law of the United States, the individual's base period shall be lengthened to the extent stated as follows:

(1) if an individual was compensated, as described above, for a loss of work of seven to 13 weeks, the original base period shall be extended to include one calendar quarter preceding the original base period; or

(2) if an individual was compensated, as described above, for a loss of work of 14 to 26 weeks, the original base period shall be extended to include two calendar quarters preceding the original base period; or

(3) if an individual was compensated, as described above, for a loss of work of 27 to 39 weeks, the original base period shall be extended to include the first three calendar quarters preceding the original base period; or

(4) if an individual was compensated, as described above, for a loss of work of 40 to 52 weeks, the original base period shall be extended to include the first four quarters preceding the original base period; or

(b) if the commissioner finds that, during the base period described above, the individual has insufficient wage credits to establish a valid claim, the individual may request a determination of validity using an alternate base period of the last four completed calendar quarters preceding the first day of an individual's benefit year. This alternate base period may be used by an individual only once during any five calendar year period to establish a valid claim.

In no instance shall the base period be extended to include more than four additional calendar quarters.

No base period, extended base period, or alternate base period under paragraph (b) shall include wage credits upon which a claim was established and benefits were paid with respect to that valid claim.

Sec. 9. Minnesota Statutes 1986, section 268.06, subdivision 3a, is amended to read:

Subd. 3a. [RATE FOR NEW EMPLOYERS.] Notwithstanding the provisions of subdivision 2, each employer, who becomes subject to this law, shall pay contributions at a rate:

(a) Not exceeding 2-7/10 percent, that is the higher of (1) one percent and (2) the state's three-year benefit cost rate for the 36 consecutive month period immediately preceding July 1 of each year for each employer who becomes subject to this law prior to January 1, 1984. For purposes of this clause, the state's three-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants under this law during the 36 consecutive calendar months immediately preceding July 1 of each year by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

(b) Not exceeding 2-7/10 percent, that is the higher of (1) one percent and (2) the state's four-year benefit cost rate for the 48 consecutive month period immediately preceding July 1 of each year for each employer, except employers in the construction industry, as determined by the commissioner, who becomes subject to this law subsequent to December 31, 1983 and prior to January 1, 1985. For purposes of this clause, the state's four-year benefit cost rate shall be computed and derived by dividing the total dollar amount of benefits paid to claimants of construction employers, as determined by the commissioner, during the 48 consecutive calendar months immediately preceding July 1, 1983 by the total dollar amount of wages of construction employers subject to contributions during the same period. The rate so determined shall be applicable for the calendar year 1984.

each employer, except employers in the construction industry, as determined by the commissioner who becomes subject to this law on January 1, 1985 and thereafter. For purposes of this clause, the state's five-year benefit cost rate shall be computed annually and shall be derived by dividing the total dollar amount of benefits paid to claimants under this law during the 60 consecutive calendar months immediately preceding July 1, 1984 and each year thereafter by the total dollar amount of wages subject to contributions under this law during the same period. The rate so determined shall be applicable for the calendar year next succeeding each computation date.

The rate so determined shall be applicable for the calendar year next succeeding each computation date.

Subd. 8. [DETERMINATION OF CONTRIBUTION RATES.] (a) For each calendar year the commissioner shall determine the contribution rate of each employer by adding the minimum rate to the experience ratio, ~~except that if the ratio for the current calendar year increases or decreases the experience ratio for the preceding calendar year by more than one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, the increase or decrease for the current year shall be limited to one and one-half percentage points for 1982; and 2-1/2 percentage points for 1983 and each year thereafter, provided that a small business employer shall be eligible, upon application, for a reduction in the limitation to 1-1/2 percentage points for 1983 and each year thereafter.~~ "Small business employer" for the purpose of this subdivision means an employer with an annual covered payroll of \$250,000 or less, or fewer than 20 employees in three of the four quarters ending June 30, of the previous calendar year.

(c) Notwithstanding paragraph (b), the maximum weekly benefit amount of claims for benefits which establish a benefit year subsequent to July 1, 1979 shall be 66-2/3 percent of the average weekly wage, except as provided in clause (d) as determined under this paragraph.

Sec. 15. Minnesota Statutes 1986, section 268.071, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] As used in this section, unless the context clearly requires otherwise:

(1) [EXTENDED BENEFIT PERIOD.] "Extended benefit period" means a period which

(a) Begins with the third week after a week for which there is a state "on" indicator; and

(b) Ends with either of the following weeks, whichever occurs later: The third week after the first week for which there is a state "off" indicator; or the 13th consecutive week of the period;

Provided, that no extended benefit period may begin before the 14th week following the end of a prior extended benefit period which was in effect with respect to this state.

(2) [STATE "ON" INDICATOR.] There is a "state 'on' indicator" for this state for a week if the commissioner determines, in accordance with the regulations of the United States Secretary of Labor, that for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this law

(a) equaled or exceeded 120 percent of the average of such rates for the corresponding 13-week period ending in each of the preceding two calendar years, and

(b) equaled or exceeded five percent.

The determination of whether there has been a state "on" indicator beginning any extended benefit period may be made as provided in clauses (a) and (b) above or a "state 'on' indicator" shall exist if the rate described in clause (b) equaled or exceeded six percent irrespective of whether the percentage requirement provided by clause (a) is met or exceeded.

(3) [STATE "OFF" INDICATOR.] There is a "state 'off' indicator" for this state for a week if, for the period consisting of such week and the immediately preceding 12 weeks, the rate of insured unemployment is less than six percent and the requirements for a "state 'on' indicator" under clause (2) of this subdivision are not satisfied.

(4) [RATE OF INSURED UNEMPLOYMENT.] "Rate of insured unemployment," for purposes of clauses (2) and (3), means the percentage derived by dividing the average weekly number of individuals filing claims for regular benefits in this state for weeks of unemployment with respect to the most recent 13 consecutive week period, as determined by the commissioner on the basis of the commissioner's reports to the United States secretary of labor, by the average monthly employment covered under this law for the first four of the most recent six completed calendar quarters

ending before the end of such 13 week period.

(5) [REGULAR BENEFITS.] "Regular benefits" means benefits payable to an individual under this law or under any other state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to United States Code, title 5, chapter 85) other than extended benefits and additional benefits.

(6) [EXTENDED BENEFITS.] "Extended benefits" means benefits (including benefits payable to federal civilian employees and to ex-servicemen pursuant to United States Code, title 5, chapter 85) payable to an individual under the provisions of this section for weeks of unemployment in the individual's eligibility period.

(7) [ADDITIONAL BENEFITS.] "Additional benefits" means benefits payable to exhaustees by reason of conditions of high unemployment or by reason of other special factors under the provisions of any state law.

(9) [EXHAUSTEE.] "Exhaustee" means an individual who, with respect to any week of unemployment in the individual's eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were available under this law or any other state law (including dependents' allowances and benefits payable to federal civilian employees and ex-servicemen under United States Code, title 5, chapter 85) in the individual's current benefit year that includes such week;

Provided, that, for the purposes of this paragraph, an individual shall be deemed to have received all of the regular benefits that were available to the individual although as a result of a pending appeal with respect to wage credits ~~or credit weeks~~ that were not considered in the original monetary determination in the individual's benefit year, the individual may subsequently be determined to be entitled to added regular benefits; or

(b) The individual's benefit year having expired prior to such week, has no, or insufficient, wages and/or employment on the basis of which the individual could establish a new benefit year that would include such week or having established a benefit year that includes such week, the individual is precluded from receiving regular compensation by reason of: (i) a state law provision which meets the requirements of section 3304 (a) (7) of the Internal Revenue Code of 1954, or (ii) a disqualification determination which canceled wage credits or totally reduced benefit rights, or (iii) benefits are not payable by reason of a seasonal limitation in a state unemployment insurance law; and

(c) Has no right to unemployment benefits or allowances, as the case may be, under the railroad unemployment insurance act, the trade expansion act of 1962, the automotive products act of 1965 and such other federal laws as are specified in regulations issued by the United States Secretary of Labor; and has not received and is not seeking unemployment benefits under the unemployment compensation law of Canada; but if the individual is seeking such benefits and the appropriate agency finally determines that the individual is not entitled to benefits under such law the individual is

considered an exhaustee.

(10) [STATE LAW.] "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the Internal Revenue Code of 1954.

Sec. 16. [268.073] [ADDITIONAL UNEMPLOYMENT COMPENSATION BENEFITS.]

(2) the employer does not intend to resume operations which would lead to the reemployment of those employees at any time in the future; and

(3) the unemployment rate for the county in which the facility is located was ten percent during the month of the reduction or any of the three months preceding or succeeding the reduction.

Subd. 2. [PAYMENT OF BENEFITS.] All benefits payable under this section are payable from the fund.

(3) the individual is not subject to a disqualification for benefits under section 268.09; for the purpose of this subdivision, the disqualifying conditions set forth in section 268.09, and the requalifying requirements thereunder, apply to the receipt of additional benefits under this section;

Sec. 17. Minnesota Statutes 1986, section 268.08, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY CONDITIONS.] An individual shall be eligible to receive benefits with respect to any week of unemployment only if the commissioner finds that the individual:

(1) has registered for work at and thereafter has continued to report to an employment office, or agent of the office, in accordance with rules the commissioner may adopt; except that the commissioner may by rule waive or alter either or both of the requirements of this clause as to types of cases or situations with respect to which the commissioner finds that compliance with the requirements would be oppressive or would be inconsistent with the purposes of sections 268.03 to 268.24;

(2) has made a claim for benefits in accordance with rules as the commissioner may adopt;

(3) was able to work and was available for work, and was actively seeking work. Benefits shall not be denied by application of this clause to an individual who is in training with the approval of the commissioner or in training approved pursuant to section 236 of the Trade Act of 1974, as amended.

An individual is deemed unavailable for work with respect to any week which occurs in a period when the individual is a full-time student in attendance at, or on vacation from an established school, college or university unless a majority of the ~~credit weeks~~ wage credit earned in the base period were for services performed during weeks in which the student was attending school as a full-time student.

An individual serving as a juror shall be considered as available for work and actively seeking work on each day the individual is on jury duty; and

(4) has been unemployed for a waiting period of one week during which the individual is otherwise eligible for benefits under sections 268.03 to 268.24. However, payment for the waiting week shall be made to the individual after the individual has qualified for and been paid benefits for four weeks of unemployment in a benefit year which period of unemployment is terminated because of the individual's return to employment. No individual is required to serve a waiting period of more than one week within the one-year period subsequent to filing a valid claim and commencing with the week within which the valid claim was filed.

Sec. 18. Minnesota Statutes 1986, section 268.10, subdivision 1, is amended to read:

Subdivision 1. [FILING.] (a) Claims for benefits shall be made in accordance with such rules as the commissioner may prescribe. Each employer shall post and maintain printed statements of such rules in places readily accessible to individuals in the employer's service and shall make available to each such individual at the time of becoming unemployed, a printed statement of such rules. Such printed statements shall be supplied by the commissioner to each employer without cost to the employer.

(1) (b) Any employer upon separation of an employee from employment for any reason which may result in disqualification for benefits under section 268.09, shall furnish to such employee a separation notice which shall provide the employer's name, address, and employer account number as registered with the department, the employee's name and social security account number, the inclusive dates of employment, and the reason for the separation. A copy of such separation notice shall be filed with the commissioner within seven days of such separation. The commissioner shall require each individual filing a claim for benefits to establish a benefit year to furnish the reason for separation from all employers in the individual's base period.

(2) Upon the filing, by an individual, of a claim for benefits, the commissioner shall give notice to all such base period employers of the filing of such claim and request each such base period employer, within seven days after the mailing of such notice, to furnish the following information:

(a) The total wage credits earned in the base period;

(b) The number of credit weeks which end within the base period;

(c) The week ending dates for each calendar week within the base period in which the individual earned less than the amount required to make a credit week and the amount of earnings in each such week;

(d) The reason for the separation or separations of such individual from the employ of the employer in the base period; and

(e) Such employer's protest, if any, relating to the ineligibility or disqualification of such individual.

(3) If any base period employer, after the notice of filing of a claim and the request for wage and separation information has been duly mailed to the employer's last known address, fails to file information as provided by items (a) through (e) of clause 2 of this subdivision within seven days, the commissioner shall:

(a) Determine the validity of an individual's claim based on the claimant's statements or any other available information. An employer shall be liable for a late filing fee of not less than \$5 nor more than \$25, as the commissioner may determine, to be paid to the department of jobs and training and credited to the contingent fund if the employer has failed without good cause to submit the wage and separation information as required in clause 2 of this subdivision within seven days after the request has been duly mailed to the employer's last known address.

(c) For the purpose of complying with section 268.04, subdivision 2, the commissioner may require all base period employers to provide such information as the commissioner may prescribe, including, but not limited to, wages paid during any part of the base period, whether or not such information was previously provided.

(d) Upon establishment of a benefit year, the commissioner shall give notice to the last employer for whom the individual worked and all base period employers. The employer so notified shall have seven days after the mailing of the notice to file a protest to monetary entitlement or a protest raising an issue of ineligibility or disqualification.

(e) If, upon review of the wage information on file with the department, it is found that an employer failed to provide wage information for the claimant, the commissioner shall accept a claimant certification as to the wage credits earned, based upon the claimant's records, and issue a monetary determination of validity certification. This determination may be modified based upon corrected information subsequently received from the employer or other sources. The employer who failed to report the individual's wages or filed an erroneous report may be penalized in accordance with section 268.16 or 268.18. In the absence of fraud, if a redetermination of validity of claim based on an employer's late corrected or erroneous report subsequently cancels or reduces the amount of benefits to which a claimant was entitled under the initial determination, the claimant shall not be required to make repayment to the fund of any benefits paid prior to such redetermination; and

(b) (f) The commissioner shall determine any issue of disqualification raised by ~~clause (4)~~ under paragraph (d) or by an employer's late report. If an employer fails to file a separation notice within the time limits prescribed in ~~clause (4)~~ paragraph (b), any relief from benefit charges provided by section 268.09, subdivision 1, clause (4), shall apply to weeks of unemployment beginning after the filing of the late report or protest.

Sec. 19. Minnesota Statutes 1986, section 268.10, subdivision 2, is amended to read:

Subd. 2. [EXAMINATION OF CLAIMS; DETERMINATION; APPEAL.] (1) An official, designated by the commissioner, shall promptly examine each claim for benefits filed to establish a benefit year pursuant to this section, and, on the basis of the facts found, shall determine whether or not such claims are valid, and if valid, the weekly benefit amount payable, the maximum benefit amount payable during the benefit year, and the date the benefit year terminates, and this determination shall be known as the determination of validity. Notice of the determination of validity or any redetermination as provided for in clause (4) shall be promptly given the claimant and all other interested parties. If within the time limits for filing a protest an employer notifies the department that an individual's weekly benefit amount as determined under section 268.07 exceeds the individual's weekly wages earned with the employer, the individual's weekly benefit amount shall be the lesser of (1) the weekly benefit amount as determined under section 268.07, or (2) the weekly benefit amount which is 50 percent of the quotient derived by dividing the total wage credits earned in the individual's base period credit weeks from all employers in insured work by the number of base period credit weeks. If within the time specified for the filing of wage and separation information a protest as provided in subdivision 1, ~~clause (2)~~, the employer makes an allegation of disqualification or raises an issue of the chargeability to the employer's account of benefits that may be paid on such claim, if the claim is valid, the issue thereby raised shall be promptly determined by said official and a notification of the determination delivered or mailed to the claimant and the employer. If an initial determination or an appeal tribunal decision or the commissioner's decision awards benefits, the benefits shall be paid promptly

regardless of the pendency of any appeal period or any appeal or other proceeding which may thereafter be taken. Except as provided in clause (6), if an appeal tribunal decision modifies or reverses an initial determination awarding benefits, or if a commissioner's decision modifies or reverses an appeal decision awarding benefits, any benefits paid under the award of such initial determination or appeal tribunal decision shall be deemed erroneous payments.

(2) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, an official of the department or any interested party or parties raises an issue of claimant's eligibility for benefits for any week or weeks in accordance with the requirements of the provisions of sections 268.03 to 268.24 or any official of the department or any interested party or parties or benefit year employer raises an issue of disqualification in accordance with the rules of the commissioner, a determination shall be made thereon and a written notice thereof shall be given to the claimant and such other interested party or parties or benefit year employer. A determination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(3) A determination issued pursuant to clauses (1) and (2) shall be final unless an appeal therefrom is filed by a claimant or employer within 15 days after the mailing of the notice of the determination to the last known address or personal delivery of the notice. Every notice of determination shall contain a prominent statement indicating in clear language the method of appealing the determination, the time within which such an appeal must be made, and the consequences of not appealing the determination. A timely appeal from a determination of validity in which the issue is whether an employing unit is an employer within the meaning of this chapter or whether services performed for an employer constitute employment within the meaning of this chapter shall be subject to the provisions of section 268.12, subdivision 13.

(4) At any time within 24 months from the date of the filing of a valid claim for benefits by an individual, the commissioner on the commissioner's own motion may reconsider a determination of validity made thereon and make a redetermination thereof on finding that an error in computation or identity or the crediting of wage credits has occurred in connection therewith or if the determination was made as a result of a nondisclosure or misrepresentation of a material fact. A determination or redetermination issued under this clause which denies benefits for weeks for which the claimant has previously been paid benefits is an overpayment of those benefits subject to section 268.18.

(5) However, the commissioner may refer any disputed claims directly to a referee for hearing and determination in accordance with the procedure outlined in subdivision 3 and the effect and status of such determination in such a case shall be the same as though the matter had been determined upon an appeal to the tribunal from an initial determination.

(6) If a referee's decision affirms an initial determination awarding benefits or the commissioner affirms an appeal tribunal decision awarding benefits, the decision, if finally reversed, shall not result in a disqualification and benefits paid shall neither be deemed overpaid nor shall they be considered in determining any individual employer's future contribution rate under section 268.06.

Sec. 20. Minnesota Statutes 1986, section 268.12, subdivision 8, is amended to read:

Subd. 8. [RECORDS; REPORTS.] (1) Each employing unit shall keep true and accurate work records for such periods of time and containing such information as the commissioner may prescribe. Such records shall be open to inspection, audit, and verification, and be subject to being copied by any authorized representative of the commissioner at any reasonable time and as often as may be necessary. The commissioner, appeal referee, or any other duly authorized representative of the commissioner, may require from any employing unit any sworn or unsworn reports, with respect to persons employed by it, which the commissioner, appeal referee, or any other duly authorized representative of the commissioner deems necessary for the effective administration of sections 268.03 to 268.24, ~~provided that quarterly contribution and wage report forms shall include the employee's name, social security number, and total wages paid to the employee.~~

(2) The commissioner may cause to be made such summaries, compilations, photographs, duplications, or reproductions of any records, reports, or transcripts thereof as the commissioner may deem advisable for the effective and economical preservation of the information contained therein, and such summaries, compilations, photographs, duplications or reproductions, duly authenticated, shall be admissible in any proceeding under sections 268.03 to 268.24, if the original record or records would have been admissible therein. Notwithstanding any restrictions contained in section 16B.50, except restrictions as to quantity, the commissioner is hereby authorized to duplicate, on equipment furnished by the federal government or purchased with funds furnished for that purpose by the federal government, records, reports, summaries, compilations, instructions, determinations, or any other written matter pertaining to the administration of the Minnesota economic security law.

(3) Notwithstanding any inconsistent provisions elsewhere, the commissioner may provide for the destruction or disposition of any records, reports, transcripts, or reproductions thereof, or other papers in the commissioner's custody, which are more than two years old, the preservation of which is no longer necessary for the establishment of contribution liability or benefit rights or for any purpose necessary to the proper administration of sections 268.03 to 268.24, including any required audit thereof, provided, that the commissioner may provide for the destruction or disposition of any record, report, or transcript, or other paper in the commissioner's custody which has been photographed, duplicated, or reproduced in the manner provided in clause (2).

(4) Notwithstanding the provisions of the Minnesota State Archives Act the commissioner shall with the approval of the legislative auditor destroy all benefit checks and benefit check authorization cards that are more than two years old and no person shall make any demand, bring any suit or other proceeding to recover from the state of Minnesota any sum alleged to be due on any claim for benefits after the expiration of two years from the date of filing such claim.

Sec. 21. Minnesota Statutes 1986, section 268.121, is amended to read:

in section 268.04, subdivision 25, paid to each employee of that employer covered by this chapter. The commissioner shall provide the legislature with recommendations for statutory changes to fully implement this section no later than January 1, 1983. The report must include the employee's name, social security number, and the total wages paid to the employee. The report is due and must be filed at the same time as the contribution report in accordance with rules established by the commissioner for filing of quarterly contribution reports. Sec. 22. Minnesota Statutes 1986, section 268.15, subdivision 3, is amended to read:

Subd. 3. [CONTINGENT ACCOUNT.] There is hereby created in the state treasury a special account, to be known as the economic security contingent account, which shall not lapse nor revert to any other fund. Such account shall consist of all moneys appropriated therefor by the legislature, all moneys in the form of interest and penalties collected pursuant to ~~section~~ sections 268.16 and 268.18, and all moneys received in the form of voluntary contributions to this account and interest thereon. All moneys in such account shall be supplemental to all federal moneys that would be available to the commissioner but for the existence of this account. Moneys in this account are hereby appropriated to the commissioner and shall be expended in accordance with the provisions of section 3.30, in connection with the administration of sections 268.03 to 268.24. Commencing with the fiscal year beginning July 1, 1987, the commissioner is authorized to expend annually, in addition to any federal money and without reference to section 3.30, the sum of \$500,000, from available money in this fund which is derived from interest and penalties collected pursuant to sections 268.16 and 268.18 and money received in the form of voluntary payments and interest thereon, for the purpose of providing for: (1) the investigation of fraud on the part of any person in claiming or obtaining benefits under sections 268.03 to 268.24 or fraud on the part of any employer in attempting to avoid or reduce any contribution or other payment required from an employing unit under those sections; (2) determination of benefit overpayments and contribution underpayments for reasons other than fraud; (3) recovery of money due to the commissioner as a result of clauses (1) and (2); (4) the verification of work search efforts especially in areas with robust economies; and (5) those special services which are reasonably directed toward assisting the unemployed in returning to suitable work. Whenever the commissioner expends moneys from said contingent account for the proper and efficient administration of the Minnesota economic security law for which funds have not yet been made available by the federal government, such moneys so withdrawn from the contingent account shall be replaced as hereinafter provided. Upon the deposit in the economic security administration fund of moneys which are received in reimbursement of payments made as above provided for said contingent account, the commissioner shall certify to the state treasurer the amount of such reimbursement and thereupon the state treasurer shall transfer such amount from the economic security administration fund to said contingent account. All moneys in this account shall be deposited, administered, and disbursed in the same manner and under the same conditions and requirements as is provided by law for the other special accounts in the state treasury. The state treasurer shall be liable on the treasurer's official bond for the faithful performance of duties in connection with the economic security contingent

account provided for herein. Notwithstanding anything to the contrary contained herein, on June 30 of each year, except 1982, all amounts in excess of \$300,000 in this account shall be paid over to the unemployment compensation fund established under section 268.05 and administered in accordance with the provisions set forth therein.

Sec. 23. Minnesota Statutes 1986, section 268.16, subdivision 2, is amended to read:

Subd. 2. [REPORTS; DELINQUENCIES; PENALTIES.] (1) (a) Any employer who knowingly fails to make and submit to the department of jobs and training any *contribution report of wages paid by or due from the employer for insured work in the manner and at the time such the report is required by rules prescribed by the commissioner shall pay to the department of jobs and training for the contingent account a penalty in the amount of 1-1/2 percent of contributions accrued during the period for which such the report is required, for each month from and after such date until such the report is properly made and submitted to the department of jobs and training. In no case shall the amount of the penalty imposed hereby be less than \$5 per month. The maximum penalty imposed hereby shall be \$25 or the amount determined at the rate of 1-1/2 percent per month, whichever is greater. Any employing unit which fails to make and submit to the commissioner any report, other than one of wages paid or payable for insured work, as and when required by the rules of the commissioner, shall be subject to a penalty in the sum of \$10 payable to the department of jobs and training for the contingent account. All such penalties shall be in addition to interest and any other penalties provided for by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.*

(2) (b) If any employing unit required by sections 268.03 to 268.24 to make and submit contribution reports shall fail to do so within the time prescribed by these sections or by rules under the authority thereof, or shall make, willfully or otherwise, an incorrect, false or fraudulent contribution report, it shall, on the written demand of the commissioner, make such contribution report, or corrected report, within ten days after the mailing of such written demand and at the same time pay the whole contribution, or additional contribution, due on the basis thereof. If such employer shall fail within that time to make such report, or corrected report, the commissioner shall make a report, or corrected report, from the commissioner's own knowledge and from such information as the commissioner can obtain through testimony, or otherwise, and assess a contribution on the basis thereof, which contribution, plus penalties and interest which thereafter accrued (less any payments theretofore made) shall be paid within ten days after the commissioner has mailed to such employer a written notice of the amount thereof and demand for its payment. Any such contribution report or assessment made by the commissioner on account of the failure of the employer to make a report or corrected report shall be prima facie correct and valid, and the employer shall have the burden of establishing its incorrectness or invalidity in any action or proceeding in respect thereto. Whenever such delinquent employer shall file a report or corrected report, the commissioner may, on finding it substantially correct, substitute it for the commissioner's report.

(c) Any employer who fails to file the wage detail report required by section 268.121 shall pay to the department for the contingent account a penalty of one-half of one percent of total wages paid and wages due but

not paid during the period for each month the report is delinquent. The penalty shall not be assessed if the wage detail report is properly made and filed within 30 days after a demand for the report is mailed to the employer's address of record. In no case shall the amount of the penalty, if assessed, be less than \$25. Penalties due under this subdivision may be waived where good cause for late filing is found by the commissioner.

(d) Any employer who files the wage detail report required by section 268.121, but knowingly fails to include any of the required information or knowingly enters erroneous information, shall be subject to a penalty of \$25 for each individual for whom the information is missing or erroneous.

(e) Any employing unit which fails to make and submit to the commissioner any report, other than a contribution report or wage detail report, as and when required by rule, shall be subject to a penalty in the sum of \$50 payable to the department for the contingent account.

(f) The penalties provided for in paragraphs (a), (c), (d), and (e) are in addition to interest and any other penalties imposed by sections 268.03 to 268.24 and shall be collected as provided by section 268.161.

The annuity from each fund shall be determined by the appropriate provisions of the law except that the requirement that a person must have at least ~~ten~~ five years allowable service in the respective system or association shall not apply for the purposes of this section provided the combined service in two or more of these funds equals ~~ten~~ five or more years.

(a) A member with at least ~~ten~~ five years of allowable service or a former member with at least 20 years of allowable service is deemed to have elected a 100 percent joint and survivor annuity payable to a surviving spouse only on or after the date the member or former member attained or would have attained the age of 55.

(b) The surviving spouse of a member who had credit for less than ~~ten~~ five years of service shall receive, for life, a monthly annuity equal to 20 percent of that portion of the average monthly salary of the member from which deductions were made for retirement. If the surviving spouse remarries, the annuity shall cease as of the date of the remarriage.

(c) The surviving spouse of a member who had credit for at least ~~ten~~ five years of service and who dies after attaining 55 years of age, may elect to receive a 100 percent joint and survivor annuity, for life, notwithstanding a subsequent remarriage, in lieu of the annuity prescribed in clause (b).

A dependent child over the age of 18 years and under the age of 22 years also may receive the monthly benefit provided herein, if the child is continuously attending an accredited school as a full time student during the normal school year as determined by the director. If the child does not continuously attend school but separates from full time attendance during any portion of a school year, the annuity shall cease at the end of the month of separation. In addition, a payment of \$20 per month shall be prorated equally to surviving dependent children when the former member is survived by one or more dependent children. (g) The surviving spouse of a deceased former member who had credit for ~~ten~~ five or more years of allowable service, but excluding the spouse of a former member receiving a disability benefit under the provisions of section 352B.10, clause (3), shall be entitled to receive the 100 percent joint and survivor annuity at such time as the deceased member would have reached the age of 55 years, provided the surviving spouse has not remarried prior to that date. The annuity from each fund shall be determined by the appropriate provisions of the law except that the requirement that a person must have at least ~~ten~~ five years allowable service in the respective system or association shall not apply for the purposes of this section provided the combined service in two or more of these funds equals ~~ten~~ five or more years.

Sec. 36. [423A.19] [REDUCED VESTING REQUIREMENT.]

Subdivision 1. [REDUCED VESTING.] Notwithstanding any law to the contrary, for a police or salaried firefighters relief association that implements the provision with municipal approval as provided in subdivision 4, a person with at least five years of service credited by the relief association is entitled, upon termination of active service and reaching at least the required normal retirement age, to receive a pro rata monthly service pension. The pro rata monthly service pension must be calculated in the amount and manner specified by the board of trustees, but not to exceed that portion of the service pension payable upon meeting the minimum

age and years of service requirements that the person's actual years and portions of years of service bear to the minimum service requirement.

Subd. 2. [SURVIVOR BENEFIT COVERAGE.] A person entitled to or receiving a reduced vesting service pension as provided in subdivision 1 is entitled to surviving spouse benefit coverage, surviving child benefit coverage, or both, if all other qualification requirements are met. The survivor benefit must be calculated in the amount and manner specified by the board of trustees, but not to exceed that portion of survivor benefit payable to a survivor of a deceased retired member who had met the minimum years of service requirement which the actual years and portions of years of service of the person bear to the minimum service requirement for a service pension.

Subd. 3. [POSTRETIREMENT ADJUSTMENTS.] A reduced vesting service pension as provided in subdivision 1 or a survivor benefit payable on behalf of a deceased person entitled to or receiving a reduced vesting service pension as provided in subdivision 2 is entitled to postretirement adjustments if the comparable pension or benefit payable when the full minimum service requirement has been met is subject to postretirement adjustments. The postretirement adjustment must be the same percentage increase as the postretirement adjustment for the comparable pension or benefit payable when the full minimum service requirement has been met.

Subd. 4. [IMPLEMENTATION.] The reduced vesting requirement must be implemented by a local relief association through an amendment to the bylaws of the relief association with approval by the governing body of the municipality as required by section 69.77, subdivision 2i. The bylaw amendment may not be effective until a certified copy of it and the municipal approval has been filed by the municipal clerk with the executive director of the legislative commission on pensions and retirement, the state auditor, and the secretary of state.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1986, section 471.705, is amended by adding a subdivision to read:

Subd 1c. [NOTICE OF MEETINGS.] (a) [REGULAR MEETINGS.] A schedule of the regular meetings of a public body shall be kept on file at its primary offices. If a public body decides to hold a regular meeting at a time or place different from the time or place stated in its schedule of regular meetings, it shall give the same notice of the meeting that is provided in this subdivision for a special meeting.

(b) [SPECIAL MEETINGS.] For a special meeting, except an emergency meeting or a special meeting for which a notice requirement is otherwise expressly established by statute, the public body shall post written notice of the date, time, place and purpose of the meeting on the principal bulletin board of the public body, or if the public body has no principal bulletin board, on the door of its usual meeting room. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings with the public body. This notice shall be posted and mailed or delivered at least three days before the date of the meeting. As an alternative to mailing or otherwise delivering notice to persons who have filed a written request for notice of special meetings, the public body may publish the notice once, at least three days before the meeting, in the official newspaper of the public body or, if there is none, in a qualified newspaper of general circulation within the area of the public body's authority. A person filing a request for notice of special meetings may limit the request to notification of meetings concerning particular subjects, in which case the public body is required to send notice to that person only concerning special meetings involving those subjects. A public body may establish an expiration date for requests for notices of special meetings pursuant to this paragraph and require refiling of the request once each year. Not more than 60 days before the expiration date of a request for notice, the public body shall send notice of the refiling requirement to each person who filed during the preceding year.

(c) [EMERGENCY MEETINGS.] For an emergency meeting, the public body shall make good faith efforts to provide notice of the meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number. Notice of the emergency meeting shall be given by telephone or by any other method used to notify the members of the public body. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the members. Notice shall include the subject of the meeting. Posted or published notice of an emergency meeting shall not be required. An "emergency" meeting is a special meeting called because of circumstances that, in the judgment of the public

body, require immediate consideration by the public body. If matters not directly related to the emergency are discussed or acted upon at an emergency meeting, the minutes of the meeting shall include a specific description of the matters.

(d) [RECESSED OR CONTINUED MEETINGS.] *If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary. For purposes of this clause, the term "meeting" includes a public hearing conducted pursuant to chapter 429 or any other law or charter provision requiring a public hearing by a public body.*

(e) [CLOSED MEETINGS.] *The notice requirements of this subdivision apply to closed meetings.*

(f) [STATE AGENCIES.] *For a meeting of an agency, board, commission, or department of the state, (i) the notice requirements of this subdivision apply only if a statute governing meetings of the agency, board or commission does not contain specific reference to the method of providing notice, and (ii) all provisions of this subdivision relating to publication shall be satisfied by publication in the state register.*

(g) [ACTUAL NOTICE.] *If a person receives actual notice of a meeting of a public body at least 24 hours before the meeting, all notice requirements of this subdivision are satisfied with respect to that person, regardless of the method of receipt of notice.*

(h) [LIABILITY.] *No fine or other penalty may be imposed on a member of a public body for a violation of this subdivision unless it is established that the violation was willful and deliberate by the member."*

- (4) require financial controls and auditing procedures.*

Subd. 4. [JOINT COUNTY MENTAL HEALTH AGREEMENTS.] In order to provide efficiently the services required by sections 1 to 25, counties are encouraged to join with one or more county boards to establish a multicounty local mental health authority pursuant to the joint powers act, section 471.59, the human services act, sections 402.01 to 402.10, community mental health center provisions, section 245.62, or to enter into multicounty mental health agreements. Subd. 3. [INDIVIDUAL TREATMENT PLANS.] All providers of outpatient, residential, or acute care hospital inpatient treatment and all regional treatment centers must develop an individual treatment plan for each of their clients. The individual treatment plan must be based on a diagnostic assessment. To the extent possible, the client shall be involved in all phases of developing and implementing the individual treatment plan. The individual treatment plan must be developed within ten days of client

intake and reviewed every 90 days thereafter.

Sec. 8. [245.468] [EDUCATION AND PREVENTION SERVICES.]

By July 1, 1988, county boards must provide or contract for education and prevention services to persons residing in the county. Education and prevention services must be designed to:

Subd. 2. [SPECIFIC REQUIREMENTS.] The county board shall require that all service providers of emergency services provide immediate direct access to mental health professionals during regular business hours. For evenings, weekends, and holidays, the service may be by direct toll free telephone access to a mental health professional, a mental health practitioner, or a designated person with training in human services who is under the clinical supervision of a mental health professional. Whenever emergency service during nonbusiness hours is provided by anyone other than a mental health professional, a mental health professional must be available for consultation within 30 minutes.

Sec. 11. [245.471] [COMMUNITY SUPPORT SERVICES PROGRAM.]

Subdivision 1. [AVAILABILITY OF COMMUNITY SUPPORT SERVICES PROGRAM.] By July 1, 1988, county boards must provide or contract for sufficient community support services within the county to meet the needs of persons with serious and persistent mental illness residing in the county. Clients may be required to pay a fee. The county board shall require that all service providers of community support services set fee schedules approved by the county board which are based on the client's ability to pay. The community support services program must be designed to improve the ability of persons with serious and persistent mental illness to:

Subd. 2. [DAY TREATMENT SERVICES PROVIDED.] (a) By July 1, 1989, day treatment services must be developed as a part of the community support program available to persons with serious and persistent mental illness residing in the county. Clients may be required to pay a fee. Day treatment services must be designed to:

- (1) *provide a structured environment for treatment;*
- (2) *provide family and community support;*

(3) prevent placement in settings that are more intensive, costly, or restrictive than are necessary and appropriate to meet client need; and

(4) establish fee schedules approved by the county board that are based on a client's ability to pay.

(b) County boards may request a waiver from including day treatment services if they can document that:

(1) an alternative plan of care exists through the county's community support program for clients who would otherwise need day treatment services;

(2) that day treatment, if included, would be duplicative of other components of the community support program; and

(3) that because of county demographics and geography, the provision of day treatment services is not cost effective and feasible.

Sec. 12. [245.472] [RESIDENTIAL TREATMENT SERVICES.]

Subdivision 1. [AVAILABILITY OF RESIDENTIAL TREATMENT SERVICES.] By July 1, 1988, county boards must provide or contract for enough residential treatment services to meet the needs of all persons with mental illness residing in the county. Residential treatment services include both intensive and structured residential treatment with length of stay based on client residential treatment need. Services must be as close to the county as possible. Residential treatment must be designed to:

(1) prevent placement in settings that are more intensive, costly, or restrictive than are necessary and appropriate to meet client needs;

(2) help clients achieve the highest level of independent living;

(3) help clients gain the necessary skills to be referred to a community support services program or outpatient services; and

(4) stabilize crisis admissions.

Subd. 2. [SPECIFIC REQUIREMENTS.] Providers of residential services must be licensed under applicable rules adopted by the commissioner and must be clinically supervised by a mental health professional.

Sec. 13. [245.473] [ACUTE CARE HOSPITAL INPATIENT SERVICES.]

Subdivision 1. [AVAILABILITY OF ACUTE CARE HOSPITAL INPATIENT SERVICES.] By July 1, 1988, county boards must make available, through contract or direct provision, enough acute care hospital inpatient treatment services as close to the county as possible to meet the needs of persons with mental illness residing in the county. Acute care hospital inpatient treatment services must be designed to:

(1) stabilize and treat the medical, including psychiatric, condition of people with acute or serious and persistent mental illness;

(2) improve functioning; and

(3) facilitate appropriate referrals, follow-up, and placements.

Subd. 2. [SPECIFIC REQUIREMENTS.] Providers of acute care hospital inpatient services must meet applicable standards established by the commissioner of health and the commissioner of human services.

Sec. 14. [245.474] [REGIONAL TREATMENT CENTER INPATIENT SERVICES.]

- (4) facilitate appropriate discharge, aftercare, and follow-up placements in the community.*

Subd. 2. [QUALITY OF SERVICE.] The commissioner shall biennially determine the needs of all mentally ill patients served by regional treatment centers by administering a client-based evaluation system. The client-based evaluation system must include at least the following independent measurements: behavioral development assessment; habilitation program assessment; medical needs assessment; maladaptive behavioral assessment; and vocational behavior assessment. The commissioner shall propose to the legislature staff ratios for the mental health and support units in regional treatment centers as indicated by the results of the client-based evaluation system. The proposed staffing ratios shall include professional, nursing, direct care, medical, clerical, and support staff based on the client-based evaluation system. The commissioner shall recompute staffing ratios and recommendations on a biennial basis.

Sec. 15. [245.475] [CASE MANAGEMENT SERVICES.]

Subdivision 1. [AVAILABILITY OF CASE MANAGEMENT SERVICES.] (a) By July 1, 1988, the county board shall provide or contract for sufficient case management services to meet the needs of all persons with serious and persistent mental illness residing in the county. Staffing ratios must be sufficient to serve the needs of the clients.

(b) All providers of case management services must develop an individual service plan. This plan must state for each of their clients:

- (1) the goals of each service;*
- (2) the activities for accomplishing each goal;*
- (3) a schedule for each activity; and*
- (4) the frequency of face-to-face client contacts, as appropriate to client need and implementation of the plan.*

The individual service plan must incorporate all individual treatment plans. The individual treatment plan may not be a substitute for the development of an individual service plan. The individual service plan must be developed within 30 days of client intake and reviewed every 90 days after it is developed. The case manager is responsible for developing the individual service plan based on a diagnostic assessment and on the assessment of client needs, and for implementing and monitoring the delivery of services. To the extent possible, the person with serious and persistent mental illness, the person's family, service providers, and significant others must be involved in all phases of development and implementation of the individual service plan.

Subd. 2. [DESIGNATION OF CASE MANAGER.] The county board shall designate a case manager within five working days after receiving an application for community support services or immediately after authorizing payment for residential treatment, acute care hospital inpatient treatment, or regional treatment center services under section 16.

The county board shall send a written notice to the applicant and the applicant's representative, if any, that identifies the designated case manager.

Subd. 3. [DIAGNOSTIC ASSESSMENT.] The case manager shall promptly arrange for a diagnostic assessment of the applicant when one is not available as described in section 7, subdivision 2, to determine the applicant's eligibility as a person with serious and persistent mental illness for ongoing case management, community support services or other mental health services. The county board shall notify in writing the applicant and the applicant's representative, if any, if the applicant is determined ineligible for services.

Subd. 4. [ARRANGEMENT OF SERVICES.] Upon a determination of eligibility for ongoing case management, the case manager shall develop an individual service plan as specified in subdivision 1, arrange and authorize payment for appropriate services, review the client's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

Subd. 5. [BENEFITS ASSISTANCE.] By July 1, 1988, help in applying for federal benefits, including supplemental security income, medical assistance, and Medicare, must be provided to individuals with serious and persistent mental illness for whom the county is financially responsible and who may qualify for these benefits. The case manager must offer help in applying for federal benefits to all persons with serious and persistent mental illness.

Sec. 16. [245.476] [SCREENING FOR HOSPITAL AND RESIDENTIAL TREATMENT.]

Subdivision 1. [SCREENING REQUIRED.] By January 1, 1989, the county board shall screen all persons before they may be admitted for treatment of mental illness to a residential treatment facility or an acute care inpatient hospital, or informally admitted to a regional treatment center if the mental health block grant, community social service money, general assistance medical care, medical assistance, or the regional treatment center account is used to pay for the services. Screening prior to admission must occur within five working days of the request for placement. If a person is admitted for treatment of mental illness on an emergency basis to a residential facility or acute care hospital or held for emergency care by a regional treatment center under section 253B.05, subdivision 1, screening must occur within five days of the admission. Persons must be screened to ensure that: (1) an admission is necessary, (2) the length of stay is as short as possible consistent with individual client need, and (3) a case manager is immediately assigned to individuals with serious and persistent mental illness and an individual service plan is developed. A county board representative authorized to approve the use of community social service money and the mental health block grant must be involved in the placement decision when the mental health professional conducting

the screening is not a county employee authorized to approve the use of these funds. The screening process and placement decision must be documented.

Subd. 2. [QUALIFICATIONS.] Screening for residential and inpatient services must be conducted by a mental health professional. Mental health professionals providing screening for inpatient and residential services must not be financially affiliated with the admitting acute care inpatient hospital, residential treatment facility, or regional treatment center. The commissioner may waive this requirement in sparsely populated areas.

Subd. 3. [INDIVIDUAL PLACEMENT AGREEMENT.] The county board shall enter into an individual placement agreement with a provider of residential services to a person eligible for services under this section. The agreement must specify the payment rate and terms and conditions of county payment for the placement. The client may be required to pay a fee, based on a fee schedule approved by the county board. The fee charged to the client must be based on the client's ability to pay.

Sec. 17. [245.477] [APPEALS.]

Any person whose application for mental health services under sections 1 to 16 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated may contest that action before the state agency as specified in section 256.045.

Sec. 18. [245.478] [LOCAL MENTAL HEALTH PROPOSAL.]

Subdivision 1. [TIME PERIOD.] The first local mental health proposal period is from July 1, 1988, to December 31, 1989. The county board shall submit its first proposal to the commissioner by January 1, 1988. The first proposal must be submitted as an amendment to the current community social services plan required by section 256E.09. Subsequent proposals must be an integral part of and on the same two-year cycle as the community social service plan. The proposal must be made available upon request to all residents of the county at the same time it is submitted to the commissioner.

Subd. 2. [PROPOSAL CONTENT.] The local mental health proposal must be an identifiable section of the community social service plan and must include:

(1) the local mental health advisory council's or mental health subcommittee of an existing advisory council's report on unmet needs and any other needs assessment used by the county board in preparing the local mental health proposal;

(2) a description of the local mental health advisory council's or the mental health subcommittee of an existing advisory council's involvement in preparing the local mental health proposal and methods used by the county board to obtain participation of citizens, mental health professionals, and providers in development of the local mental health proposal;

(3) information for the preceding year, including the actual number of clients who received each of the mental health services listed in sections 8 to 16, and actual expenditures and revenues for each mental health service;

(4) for the first proposal period only, information for the year during which the proposal is being prepared:

(i) a description of the current mental health system identifying each mental health service listed in sections 8 to 16;

(ii) a description of each service provider, including a listing of the professional qualifications of the staff involved in service delivery, that is either the sole provider of one of the services described in sections 8 to 16 or that provides over \$10,000 of mental health services per year;

(iii) a description of how the mental health services in the county are unified and coordinated;

(iv) the estimated number of clients receiving each mental health service; and

(v) estimated expenditures and revenues for each mental health service; and

(5) the following information describing how the county board intends to meet the requirements of sections 1 to 25 during the proposal period:

(i) specific objectives and outcome goals for each mental health service listed in sections 8 to 16;

(ii) a description of each service provider, including county agencies, contractors, and subcontractors, that is expected either to be the sole provider of one of the services described in sections 8 to 16 or to provide over \$10,000 of mental health services per year, including a listing of the professional qualifications of the staff involved in service delivery;

(iii) a description of how the mental health services in the county will be unified and coordinated;

(iv) the estimated number of clients who will receive each mental health service; and

(v) estimated expenditures and revenues for each mental health service.

Subd. 3. [PROPOSAL FORMAT.] The local mental health proposal must be made in a format prescribed by the commissioner. The commissioner shall design the format to meet requirements for allocation of funds under both the community social services act, chapter 256E, and the mental health block grant, section 19.

Subd. 4. [PROVIDER APPROVAL.] The commissioner's review of the local mental health proposal must include a review of the qualifications of each service provider required to be identified in the local mental health proposal under subdivision 2. The commissioner may reject a county board's proposal for a particular provider if:

(1) the provider does not meet the professional qualifications contained in sections 1 to 25;

(2) the provider does not possess adequate fiscal stability or controls to provide the proposed services as determined by the commissioner; or

(3) the provider is not in compliance with other applicable state laws or rules.

Subd. 5. [SERVICE APPROVAL.] The commissioner's review of the local mental health proposal must include a review of the appropriateness of the amount and types of mental health services in the local mental health proposal. The commissioner may reject the county board's proposal if the commissioner determines that the amount and types of services proposed

are not cost effective, do not meet client needs, or do not comply with sections 1 to 25.

Subd. 6. [PROPOSAL APPROVAL.] The commissioner shall review each local mental health proposal within 90 days and work with the county board to make any necessary modifications to comply with sections 1 to 25. After the commissioner has approved the proposal, the county board is eligible to receive an allocation from the mental health block grant as described in chapter 19 and community social service state aids under chapter 256E.

Subd. 7. [PARTIAL OR CONDITIONAL APPROVAL.] If the local mental health proposal is in substantial but not full compliance with sections 1 to 25 and necessary modifications cannot be made before the proposal period begins, the commissioner may grant partial or conditional approval and withhold a proportional share of the county board's community social services and mental health block grant allocation until full compliance is achieved.

Subd. 8. [AWARD NOTICE.] Upon approval of the county board proposal, the commissioner shall send a notice of approval for funding. The notice must specify any conditions of funding and is binding on the county board. Failure of the county board to comply with the approved proposal and funding conditions may result in withholding or repayment of funds as specified in section 21.

Subd. 9. [PLAN AMENDMENT.] If the county board finds it necessary to make significant changes in the approved local proposal, it must present the proposed changes to the commissioner for approval at least 60 days before the changes take effect. "Significant changes" means:

(1) the county board proposes to provide a mental health service through a provider other than the provider listed for that service in the approved local proposal;

(2) the county board expects the total annual expenditures for any single mental health service to vary more than ten percent from the amount in the approved local proposal;

(3) the county board expects a combination of changes in expenditures per mental health service to exceed more than ten percent of the total mental health services expenditures; or

(4) the county board proposes a major change in the specific objectives and outcome goals listed in the approved local proposal.

Sec. 19. [245.479] [MENTAL HEALTH BLOCK GRANT.]

Subdivision 1. [DEFINITION.] For purposes of this section, "CSSA base level" means the total expenditures indicated in each county's actual 1987 expenditure report under "State CSSA, Title XX and County Tax" for services to persons with mental illness:

(1) plus the total for emotionally disturbed children placed in Rule 5 facilities under the "Families and Children" target population in the actual 1987 expenditure report. The department of human services and the counties will analyze and determine the number of emotionally disturbed children placed in Rule 5 facilities;

(2) minus the county share for regional treatment center services as identified in the approved 1987 community social service plan for services

to persons with mental illness.

Subd. 2. [ADJUSTMENTS TO CSSA BASE LEVEL.] The commissioner shall work with the county board to develop an adjusted base level as necessary to reflect the following changes:

(1) the county board redefines its community social service expenditures to be more consistent with state reporting instructions under sections 256E.08 and 256E.10; or

(2) the county board demonstrates that a reduced base level is appropriate due to a decline in the county's population.

Subd. 3. [ALLOWABLE USES.] The county board shall use its allocation from the state mental health block grant for mental health services for which other sources of funding are not available. Until December 31, 1989, mental health block grant expenditures must be in addition to expenditures which are defined in the same manner as the CSSA base level in subdivision 1 and are at least equal in total dollars to the CSSA base level. The mental health block grant must not be used for inpatient services as defined in section 2, subdivisions 2 and 22.

Subd. 4. [PAYMENT LIMITS.] Payments to each county from the mental health block grant are limited to the lesser of:

(1) 90 percent of the county's expenditures as defined in subdivision 3 and as described in the approved local proposal; or

(2) the total allocated under subdivisions 8 to 10.

Subd. 5. [COUNTY MATCH.] At least 10 percent of the county's expenditures as defined in subdivision 3 shall be paid from the county's own funds unless the county qualifies for an exception under subdivision 6. These funds must not be funds which the county is also using as the legally required match for other state funds.

Subd. 6. [RECOGNITION OF EXTRA CSSA EFFORT.] The 90 percent limit for the state share in subdivision 4, clause (1), shall be increased if a county's CSSA base level includes extra effort as defined by this subdivision. The increase shall be up to 100 percent and shall equal the amount by which the county's CSSA base level exceeds the sum of the following amounts for the current year:

(1) 20 percent of the county's state community social services allocation under section 256E.06;

(2) the county tax funds required by section 256E.06 to match the state funds in clause (1);

(3) 20 percent of the county's Title XX allocation under section 256E.07; and

(4) 10 percent of the county's mental health block grant allocation under subdivisions 8 to 10.

Subd. 7. [TIME PERIOD FOR ALLOCATIONS.] The first allocations from the mental health block grant must be for the six-month period July 1 to December 31, 1988. Later allocations must be on a calendar year basis.

Subd. 8. [MENTAL HEALTH BLOCK GRANT BASE LEVEL ALLOCATIONS.] Each county's annual allocation from the mental health

block grant must include an amount at least equal to the sum of the following amounts for persons with mental illness who were the financial responsibility of the county board:

(1) the state funds expended by or for the county board under Minnesota Statutes 1986, sections 245.73 and 256E.12, in fiscal year 1987, with the exclusion of grants made for special one-time projects, the exclusion of grants for programs closed in 1987 or 1988, and with the addition of an annualized equivalent of grants made for new programs opening in 1987 or 1988; and

(2) the federal mental health block grant funds allocated for the county board under Minnesota Statutes 1986, section 245.713, subdivision 1, for calendar year 1987.

Subd. 9. [ALLOCATION OF INCREASED FUNDS.] If the statewide total available for allocation under this section is more than the amount in subdivision 8 and the reserve fund in subdivision 10, the increased funds must be distributed on the basis of the number of persons residing in each county as determined by the most recent data of the state demographer.

Subd. 10. [RESERVE FUND.] The reserve fund must include funds returned from counties under section 22. The commissioner shall make allocations from the reserve fund on the following criteria:

(1) the approved local proposal must show that the county board's allocation under subdivisions 8 and 9 will be less than 85 percent of the county board's expenditures in subdivision 3, or the county board provides new information showing that an unexpected increase in the need or cost of mental health services will result in the county board's mental health block grant allocation falling below 85 percent of the county board's expenditures in subdivision 3;

(2) based on past performance, the county board must demonstrate ability to use funds in a cost effective way to provide quality services;

(3) the county board and its contractors must demonstrate that third-party fees, appropriate client fees, and other alternate funds are being used wherever reasonably possible; and

(4) the county board has chosen services and vendors that are cost effective and appropriate to client needs.

Subd. 11. [PAYMENTS TO COUNTY BOARDS.] After the commissioner has approved an allocation from the mental health block grant, payments must be on a quarterly basis. Each payment must include the estimated mental health block grant share for the current quarter and an adjustment based on the actual mental health block grant share for the preceding quarter. The commissioner shall make a payment only after receiving a completed expenditure report for the preceding quarter.

Subd. 12. [COUNTY OF FINANCIAL RESPONSIBILITY.] For purposes of sections 1 to 25, the county of financial responsibility is the same as that for community social services under section 256E.08, subdivision 7. Disputes between counties regarding financial responsibility must be resolved by the commissioner in accordance with section 256D.18, subdivision 4.

Sec. 20. [245.481] [TRANSFER OF FUNDS.]

Subdivision 1. [BETWEEN APPROPRIATIONS.] To establish the mental

health block grant, the appropriations for fiscal year 1989 must include a transfer of funds into the mental health block grant from the appropriations under sections 245.73 and 256E.12.

Subd. 2. [BETWEEN FISCAL YEARS.] Funds appropriated to the commissioner for mental health services for fiscal year 1988 are available for expenditure in fiscal year 1989.

Subd. 3. [LATER APPROPRIATIONS.] Each appropriation for the mental health block grant after fiscal year 1989 shall include an increase at least equal to the projected increase in overall national consumer prices as determined by the commissioner of finance.

Subd. 4. [FUTURE TRANSFERS.] The commissioner shall include in the annual report required under section 1 recommendations regarding additional transfers to the mental health block grant.

Sec. 21. [245.482] [REPORTING AND EVALUATION.]

Subdivision 1. [FISCAL REPORTS.] The commissioner shall develop a unified format for quarterly fiscal reports that will include information that the commissioner determines necessary to carry out sections 1 to 25 and section 256E.08. The county board shall submit a completed fiscal report in the required format no later than 20 days after the end of each quarter.

Subd. 2. [PROGRAM REPORTS.] The commissioner shall develop a unified format for an annual program report that will include information that the commissioner determines necessary to carry out sections 1 to 25 and section 256E.10. The county board shall submit a completed program report in the required format no later than March 15 of each year.

Subd. 3. [PROVIDER REPORTS.] The commissioner may develop a format and procedures for direct reporting from service providers to the commissioner to include information that the commissioner determines necessary to carry out sections 1 to 25. In particular, the provider reports must include aggregate information by county of residence about mental health services paid for by funding sources other than counties.

Subd. 4. [INACCURATE OR INCOMPLETE REPORTS.] The commissioner shall promptly notify a county or provider if a required report is clearly inaccurate or incomplete. The commissioner may delay all or part of a community social services or mental health block grant payment if an appropriately completed report is not received as required by this section.

Subd. 5. [STATEWIDE EVALUATION.] The commissioner shall use the county and provider reports required by this section and chapter 256E to complete the statewide report required in section 1.

Sec. 22. [245.483] [TERMINATION OR RETURN OF AN ALLOCATION.]

Subdivision 1. [FUNDS NOT NEEDED.] If the commissioner determines that funds are not needed to carry out an approved local proposal, or that a county board's projected expenditures will not be sufficient to qualify for its entire mental health block grant allocation, and if the county board agrees the funds are not needed, the county board shall immediately return the unneeded funds. County board agreement is not needed when the county's final expenditure report for the year indicates that the county's actual expenditures were not sufficient to qualify for its entire mental health block

grant allocation.

Subd. 2. [FUNDS NOT PROPERLY USED.] If the commissioner determines that a county is not meeting the requirements of sections 1 to 25 or that funds are not being used according to the approved local proposal, all or part of the community social services and mental health block grant allocation may be terminated upon 30 days notice to the county board. The commissioner may require repayment of any funds not used according to the approved local proposal. If the commissioner receives a written appeal from the county board within the 30-day period, opportunity for a hearing under the Minnesota administrative procedure act, chapter 14, must be provided before the allocation is terminated or is required to be repaid. The 30-day period begins when the county board receives the commissioner's notice by certified mail.

Subd. 3. [USE OF RETURNED FUNDS.] The commissioner may reallocate mental health block grant funds returned under subdivision 1 or 2 through the reserve fund under section 19.

Subd. 4. [DELAYED PAYMENTS.] If the commissioner finds that a county board or its contractors are not in compliance with the approved local proposal or sections 1 to 25, the commissioner may delay all or part of the quarterly community social services and mental health block grant payment until the county board and its contractors meet the requirements. The commissioner shall not delay a payment without first issuing a notice under subdivision 2 that all or part of the allocation will be terminated or required to be repaid.

Subd. 5. [STATE ASSUMPTION OF RESPONSIBILITY.] If the commissioner determines that services required by sections 1 to 25 will not be provided by the county board in the manner or to the extent required by sections 1 to 25, the commissioner shall contract directly with providers to ensure that clients receive appropriate services. In this case, the commissioner shall use the county board's community social services and mental health block grant allocation to the extent necessary to carry out the county's responsibilities under sections 1 to 25. The commissioner shall work with the county board to allow for a return of authority and responsibility to the county board as soon as compliance with sections 1 to 25 can be assured.

Sec. 23. [245.484] [RULES.]

The commissioner shall adopt permanent rules as necessary to carry out sections 1 to 25.

Sec. 24. [245.485] [NO RIGHT OF ACTION.]

Sections 1 to 23 do not independently establish a right of action on behalf of recipients of services or service providers against a county board or the commissioner. A claim for monetary damages must be brought under section 3.736 or 3.751.

Sec. 25. [245.486] [LIMITED APPROPRIATIONS.]

Nothing in sections 1 to 24 shall be construed to require the commissioner or county boards to fund services beyond the limits of legislative appropriations.

Sec. 26. Minnesota Statutes 1986, section 245.713, subdivision 2, is amended to read:

Subd. 2. [TOTAL FUNDS AVAILABLE; REDUCTIONS ALLOCATION.] ~~The amount of funds available for allocation to counties for use by qualified community mental health centers shall be the total amount of Funds granted to the state by the federal government under United States Code, title 42, sections 300X to 300X-9 each federal fiscal year for mental health services reduced by the sum of the following shall be allocated as follows:~~

(a) Any amount set aside by the commissioner of human services for American Indian tribal organizations within the state, which funds shall not duplicate any direct federal funding of American Indian tribal organizations and which funds shall ~~not exceed~~ *be at least 25 percent of the total block grant federal allocation to the state for mental health services; provided that sufficient applications for funding are received by the commissioner which meet the specifications contained in requests for proposals and*. Money from this source may be used for special committees to advise the commissioner on mental health programs and services for American Indians and other minorities or underserved groups; ~~and~~. *For purposes of this subdivision, "American Indian organization" means an American Indian tribe or band or an organization providing mental health services which is legally incorporated as a nonprofit organization registered with the secretary of state and governed by a board of directors having at least a majority of American Indian directors.*

(b) Any amount calculated into the base of the block grant that is made available by the commissioner for qualified community mental health centers that were receiving grants for operations or other continuing grant obligations defined in United States Code, title 42, sections 300X to 300X-9 immediately prior to its enactment.

(c) An amount not to exceed ten percent of the total federal block grant allocation for mental health services to be retained by the commissioner for administration.

(d) (c) Any amount permitted under federal law which the commissioner approves for demonstration or research projects for severely disturbed children and adolescents, the underserved, special populations or multiply disabled mentally ill persons. The groups to be served, the extent and nature of services to be provided, the amount and duration of any grant awards are to be based on criteria set forth in the Alcohol, Drug Abuse and Mental Health Block Grant Law, United States Code, title 42, sections 300X to 300X-9, and on state policies and procedures determined necessary by the commissioner. Grant recipients must comply with applicable state and federal requirements and demonstrate fiscal and program management capabilities that will result in provision of quality, cost-effective services.

(e) (d) The amount required under federal law, for federally mandated expenditures.

(e) An amount not to exceed ten percent of the federal block grant allocation for mental health services to be retained by the commissioner for planning and evaluation.

Sec. 27. Minnesota Statutes 1986, section 256B.02, subdivision 8, is amended to read:

Subd. 8. [MEDICAL ASSISTANCE; MEDICAL CARE.] "Medical assistance" or "medical care" means payment of part or all of the cost of the following care and services for eligible individuals whose income and re-

sources are insufficient to meet all of this cost:

(1) Inpatient hospital services. A second medical opinion is required prior to reimbursement for elective surgeries. The commissioner shall publish in the State Register a proposed list of elective surgeries that require a second medical opinion prior to reimbursement. The list is not subject to the requirements of sections 14.01 to 14.70. The commissioner's decision whether a second medical opinion is required, made in accordance with rules governing that decision, is not subject to administrative appeal;

(2) Skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 256B.50, subdivision 1, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562;

(3) Physicians' services;

(4) Outpatient hospital or nonprofit community health clinic services or physician-directed clinic services. The physician-directed clinic staff shall include at least two physicians, one of whom is on the premises whenever the clinic is open, and all services shall be provided under the direct supervision of the physician who is on the premises. Hospital outpatient departments are subject to the same limitations and reimbursements as other enrolled vendors for all services, except initial triage, emergency services, and services not provided or immediately available in clinics, physicians' offices, or by other enrolled providers. "Emergency services" means those medical services required for the immediate diagnosis and treatment of medical conditions that, if not immediately diagnosed and treated, could lead to serious physical or mental disability or death or are necessary to alleviate severe pain. Neither the hospital, its employees, nor any physician or dentist, shall be liable in any action arising out of a determination not to render emergency services or care if reasonable care is exercised in determining the condition of the person, or in determining the appropriateness of the facilities, or the qualifications and availability of personnel to render these services consistent with this section;

(5) Community mental health center services, as defined in rules adopted by the commissioner pursuant to section 256B.04, subdivision 2, and provided by a community mental health center as defined in section 245.62, subdivision 2;

(6) Home health care services;

(7) Private duty nursing services;

(8) Physical therapy and related services;

(9) Dental services, excluding cast metal restorations;

(10) Laboratory and X-ray services;

(11) The following if prescribed by a licensed practitioner: drugs, eye-glasses, dentures, and prosthetic devices. The commissioner shall designate a formulary committee which shall advise the commissioner on the names of drugs for which payment shall be made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less

expensive and equally effective as trademark drugs. The commissioner shall appoint the formulary committee members no later than 30 days following July 1, 1981. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve two-year terms and shall serve without compensation. The commissioner may establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. Prior authorization may be required by the commissioner, with the consent of the drug formulary committee, before certain formulary drugs are eligible for payment. The formulary shall not include: drugs or products for which there is no federal funding; over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, prenatal vitamins, and vitamins for children under the age of seven; or any other over-the-counter drug identified by the commissioner, in consultation with the appropriate professional consultants under contract with or employed by the state agency, as necessary, appropriate and cost effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14, the administrative procedure act; nutritional products, except for those products needed for treatment of phenylketonuria, hyperlysinemia, maple syrup urine disease, a combined allergy to human milk, cow milk, and soy formula, or any other childhood or adult diseases, conditions, or disorders identified by the commissioner as requiring a similarly necessary nutritional product; anorectics; and drugs for which medical value has not been established. Separate payment shall not be made for nutritional products for residents of long-term care facilities; payment for dietary requirements is a component of the per diem rate paid to these facilities. Payment to drug vendors shall not be modified before the formulary is established except that the commissioner shall not permit payment for any drugs which may not by law be included in the formulary, and the commissioner's determination shall not be subject to chapter 14, the administrative procedure act. The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

The basis for determining the amount of payment shall be the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Establishment of this fee shall not be subject to the requirements of the administrative procedure act. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written" on the prescription as required by section 151.21, subdivision 2.

Notwithstanding the above provisions, implementation of any change in the fixed dispensing fee which has not been subject to the administrative procedure act shall be limited to not more than 180 days, unless, during that time, the commissioner shall have initiated rulemaking through the administrative procedure act;

(12) Diagnostic, screening, and preventive services;

(13) Health care prepayment plan premiums and insurance premiums if paid directly to a vendor and supplementary medical insurance benefits under Title XVIII of the Social Security Act;

(14) Abortion services, but only if one of the following conditions is met:

(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;

(b) The pregnancy is the result of criminal sexual conduct as defined in section 609.342, clauses (c), (d), (e)(i), and (f), and the incident is reported within 48 hours after the incident occurs to a valid law enforcement agency for investigation, unless the victim is physically unable to report the criminal sexual conduct, in which case the report shall be made within 48 hours after the victim becomes physically able to report the criminal sexual conduct; or

(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion;

(15) Transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by nonambulatory persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services. For the purpose of this clause, a person who is incapable of transport by taxicab or bus shall be considered to be nonambulatory;

(16) To the extent authorized by rule of the state agency, costs of bus or taxicab transportation incurred by any ambulatory eligible person for obtaining nonemergency medical care;

(17) Personal care attendant services provided by an individual, not a relative, who is qualified to provide the services, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a registered nurse. Payments to personal care attendants shall be adjusted annually to reflect changes in the cost of living or of providing services by the average annual adjustment granted to vendors such as nursing homes and home health agencies; and

(18) *To the extent authorized by rule of the state agency, case management services to persons with serious and persistent mental illness;*

(19) *To the extent authorized by rule of the state agency, case management services to persons with brain injuries; and*

(20) Any other medical or remedial care licensed and recognized under state law unless otherwise prohibited by law, except licensed chemical dependency treatment programs or primary treatment or extended care treatment units in hospitals that are covered under Laws 1986, chapter 394, sections 8 to 20. The commissioner shall include chemical dependency services in the state medical assistance plan for federal reporting purposes,

but payment must be made under Laws 1986, chapter 394, sections 8 to 20.

Sec. 28. Minnesota Statutes 1986, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) Reimbursement under the general assistance medical care program shall be limited to the following categories of service: inpatient hospital care, outpatient hospital care, services provided by medicare certified rehabilitation agencies, prescription drugs, equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level, eyeglasses and eye examinations provided by a physician or optometrist, hearing aids, prosthetic devices, laboratory and X-ray services, physician's services, medical transportation, chiropractic services as covered under the medical assistance program, podiatric services, and dental care. In addition, payments of state aid shall be made for day treatment services provided by a mental health center established under sections 245.61 to 245.69, subdivision 1, and funded through chapter 256E and for:

(1) outpatient services provided by a mental health center or clinic which is under contract with the county board and is certified under Minnesota Rules, parts 9520.0750 to 9520.0870;

(2) day treatment services provided under contract with the county board; and

(3) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization.

(b) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under section 256B.02, subdivision 8. The rates payable under this section must be calculated according to section 256.966, subdivision 2.

(c) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985, to December 31, 1985, reductions below

the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(d) Any county may, from its own resources, provide medical 5 payments for which state payments are not made.

(e) Chemical dependency services that are reimbursed under Laws 1986, chapter 394, sections 8 to 20, must not be reimbursed under general assistance medical care.

Sec. 29. Minnesota Statutes 1986, section 256E.12, subdivision 3, is amended to read:

Subd. 3. The commissioner shall allocate grants under this section to finance up to 90 percent of each county's costs for services for chronically mentally ill persons. The commissioner shall promulgate emergency and permanent rules to govern grant applications, approval of applications, allocation of grants, and maintenance of financial statements by grant recipients. The commissioner shall require collection of data and periodic reports as the commissioner deems necessary to demonstrate the effectiveness of the services in helping chronically mentally ill persons remain and function in their own communities. The commissioner shall report to the legislature no later than January 15, 1983 on the effectiveness of the experimental program and shall make recommendations regarding making this program an integral part of the social development programs administered by counties. The experimental program shall expire no later than June 30, 1987 1988.

Sec. 30. [REPEALER.]

Minnesota Statutes 1986, section 245.69, subdivision 1a, is repealed effective the day following final enactment. Minnesota Statutes 1986, sections 245.713, subdivisions 1 and 3; 245.73; and 256E.12, are repealed effective July 1, 1988.

Mr. Solon from the Committee on Commerce, to which was referred

H.F. No. 450: A bill for an act relating to commerce; regulating the advertisement of interest rates of investment products; proposing coding for new law in Minnesota Statutes, chapter 45.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [45.025] [ADVERTISEMENT OF INTEREST RATES.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section only,

the following terms have the meanings given them:

(a) "Advertisement" includes:

(1) *printed or published material, audio visual material, and descriptive literature of an issuer or agent used in direct mail, newspapers, magazines, other periodicals, radio scripts, television scripts, billboards, and other similar displays, excluding advertisements prepared for the sole purpose of obtaining employees, agents, or agencies;*

(2) *descriptive literature and sales aids of all kinds issued by an issuer or agent for presentation to members of the public, including but not limited to circulars, leaflets, booklets, depictions, illustrations, and form letters;*

(3) *prepared sales talks, presentations, and materials for use by issuers and agents and representations made by issuers and agents in accordance with these talks, presentations, and materials; and*

(4) *statements, written or oral, by an agent or issuer.*

(b) "Agent" is a person who effects or attempts to effect or assist in the purchase or sale of an investment product.

(c) "Commissioner" means the commissioner of commerce.

(d) "Effective annual yield" is the annualized income expressed as a simple interest rate per annum based on the initial investment principal.

(e) "Effective net annual yield" means the effective annual yield, based on a hypothetical \$1,000 investment, minus any annual fee or similar regular periodic charges.

(f) "Investment product" includes but is not limited to:

(1) *certificate of deposits, deposits, or fiduciary funds entrusted to banks, savings associations, trust companies, credit unions, savings banks, industrial loan and thrift companies, and any other financial institution whether or not licensed by or registered with the department of commerce;*

(2) *annuities, endowment policies, or other life insurance products;*

(3) *securities, including: a note; stock; treasury stock; bond; debenture; evidence of indebtedness; certificate of interest or participation in any profit sharing agreement; collateral trust certificate; preorganizational certificate or subscription; transferrable shares; investment contract, including but not limited to metals, gems, and coins; voting trust certificate; certificate of deposit for a security; certificate of interest or participation in an oil, gas, or mining right, title or lease, or in payments out of production under the right, title or lease; or, in general, any interest or instrument commonly known as a security, or any certificate of interest or participation in, temporary or interim certificate for, receipt for guarantee of, or warrant or right to subscribe to or purchase, any of the securities listed in this clause.*

(g) "Issuer" includes but is not limited to: banks, savings associations, trust companies, credit unions, savings banks, industrial loan and thrift companies, insurance companies, investment companies, trusts, or a person who issues an investment product.

(h) "Person" means an individual, corporation, a partnership, an association, a joint stock company, a trust where the interests of the beneficiaries are evidenced by a security, an unincorporated organization, a

government, a political subdivision of a government, or any other entity.

Subd. 2. [GENERAL RESTRICTION.] A person may not advertise the interest rate of an investment product unless the effective net annual yield is disclosed in an equally prominent manner.

The name and address of the issuer and any prepayment expense, surrender charge, or withdrawal penalty charged by the issuer must also be disclosed in a prominent manner. If the expense, charge, or penalty varies according to the length of time the product is held, the advertisement must disclose the expense, fee, or penalty imposed if surrendered or terminated within one year.

Subd. 3. [VARIABLE RATES.] With the exception of life insurance policy and annuity contract illustrations based upon a prospective purchaser's age and sex that do not provide a comparison with another policy or contract, an investment product whose interest rate varies according to the income or earnings of the issuer may not advertise projections of effective annual yield for a period exceeding one year. In addition, the advertisement must include in a prominent manner substantially the following statement:

"The effective annual yield or total return will fluctuate along with market and other economic conditions. Past performance does not guarantee future results."

Subd. 4. [PAST PERFORMANCE.] If the advertisement refers to the past performance of an investment product, the advertisement must disclose the effective net annual yield for the one-year period immediately preceding the most recent quarter. "Quarters" for the purposes of this subdivision end on March 31, June 30, September 30, and December 31.

Subd. 5. [COMPARATIVE ILLUSTRATIONS.] Illustrations comparing a life insurance policy or annuity contract of one company with a life insurance policy or an annuity contract of another company must clearly disclose with equal prominence for each policy or contract:

- (1) the guaranteed rate of interest paid on the cash value;*
- (2) the current dividend scale or current rate of interest paid on the cash value;*
- (3) the nonguaranteed nature of any current dividends, current interest rates, charges, or other fees applied to the policy or contract, including the issuer's rights to alter any of these factors;*
- (4) any limitations on the crediting of dividends or interest;*
- (5) the frequency and timing by which dividends or the current interest rate is determined; and*
- (6) the net cash surrender value at all ages and contract durations illustrated.*

Subd. 6. [WAIVER.] The commissioner may by rule or order waive or defer implementation of the provisions of subdivisions 2 to 5 with regard to any person or persons who comply with similar restrictions imposed by the Securities and Exchange Commission or other regulatory agency.

Subd. 7. [MISDEMEANOR.] A person who willfully violates a provision of this section, knowing that the advertisement was false or misleading in any material respect, may be fined not more than \$700 or imprisoned not

more than 90 days, or both. Each act in violation of this section constitutes a separate offense and a prosecution or conviction for any violation of this section does not bar prosecution or conviction for another violation under this section.

Subd. 8. [CIVIL REMEDY.] A person violating this section is liable to a purchaser of the investment product. The purchaser may sue either in equity for rescision upon tender of the investment product or at law for damages if the purchaser no longer owns the investment product. In an action for rescision, the purchaser is entitled to recover the consideration paid for the investment product, together with interest at the legal rate, costs, and reasonable attorney fees, less the amount of any income received on the investment product. In an action at law, damages are the consideration paid for the investment product together with interest at the legal rate to the date of disposition, costs, and reasonable attorney fees, less the value of the investment product at the date of disposition. If the advertisement advertises an investment product whose interest rate varies according to the earnings or income of the issuer and if the advertisement projects the accumulated earnings for a period longer than one year, the issuer and agent are jointly and severally liable to the purchaser for the difference in the principal and interest received by the purchaser and the principal and interest as projected in the advertisement.

Subd. 9. [DENIAL, SUSPENSION, OR REVOCATION.] The commissioner may by order deny, suspend, or revoke an agent's or issuer's license or may censure the licensee if the commissioner finds that: (1) the order is in the public interest; (2) the agent or issuer violated any provision of this section; and (3) the agent or issuer is licensed by the department."

Amend the title as follows:

"Sec. 2. Minnesota Statutes 1986, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in 1983 payable in 1984 and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) satisfy judgments rendered against the governmental subdivision by a court of competent jurisdiction in any tort action, or to pay the costs of settlements out of court against the governmental subdivision in a tort action when substantiated by a stipulation for the dismissal of the action filed with the court of competent jurisdiction and signed by both the plaintiff and the legal representative of the governmental subdivision, but only to the extent of the increase in levy for such judgments and out of court settlements over levy year 1970, taxes payable in 1971;

(b) pay the costs of complying with any written lawful order initially issued prior to January 1, 1977 by the state of Minnesota, or the United States, or any agency or subdivision thereof, which is authorized by law, statute, special act or ordinance and is enforceable in a court of competent jurisdiction, or any stipulation agreement or permit for treatment works or disposal system for pollution abatement in lieu of a lawful order signed by the governmental subdivision and the state of Minnesota, or the United States, or any agency or subdivision thereof which is enforceable in a court of competent jurisdiction. The commissioner of revenue shall in consultation with other state departments and agencies, develop a suggested form for use by the state of Minnesota, its agencies and subdivisions in issuing orders pursuant to this subdivision;

(c) pay the costs to a governmental subdivision for their minimum re-

quired share of any program otherwise authorized by law for which matching funds have been appropriated by the state of Minnesota or the United States, excluding the administrative costs of public assistance programs, to the extent of the increase in levy over the amount levied for the local share of the program for the taxes payable year 1971. This clause shall apply only to those programs or projects for which matching funds have been designated by the state of Minnesota or the United States on or before September 1, of the previous year and only when the receipt of these matching funds is contingent upon the initiation or implementation of the project or program during the year in which the taxes are payable or those programs or projects approved by the commissioner;

(d) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. Except for the costs of general assistance as defined in section 256D.02, subdivision 4, general assistance medical care under section 256D.03 and the costs of hospital care pursuant to section 261.21, the aggregate amounts levied pursuant to this clause are subject to a maximum increase of 18 percent over the amount levied for these purposes in the previous year;

(e) pay the costs of principal and interest on bonded indebtedness *except on bonded indebtedness issued under sections 13 to 16* or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(f) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(g) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(h) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(i) pay the amounts required to compensate for a decrease in manufactured homes property tax receipts to the extent that the governmental subdivision's portion of the total levy in the current levy year, pursuant to section 274.19, subdivision 8, as amended, is less than the distribution of the manufactured homes tax to the governmental subdivision pursuant to Minnesota Statutes 1969, section 273.13, subdivision 3, in calendar year 1971;

(j) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(k) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing

body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(l) pay the increased cost of municipal services as the result of an annexation or consolidation ordered by the Minnesota municipal board but only to the extent and for the levy years as provided by the board in its order pursuant to section 414.01, subdivision 15. Special levies authorized by the board shall not exceed 50 percent of the levy limit base of the governmental subdivision and may not be in effect for more than three years after the board's order;

(m) pay the increased costs of municipal services provided to new private industrial and nonresidential commercial development, to the extent that the extension of such services are not paid for through bonded indebtedness or special assessments, and not to exceed the amount determined as follows. The governmental subdivision may calculate the aggregate of:

(1) the increased expenditures necessary in preparation for the delivering of municipal services to new private industrial and nonresidential commercial development, but limited to one year's expenditures one time for each such development;

(2) the amount determined by dividing the overall levy limitation established pursuant to sections 275.50 to 275.56, and exclusive of special levies and special assessments, by the total taxable value of the governmental subdivision, and then multiplying this quotient times the total increase in assessed value of private industrial and nonresidential commercial development within the governmental subdivision. For the purpose of this clause, the increase in the assessed value of private industrial and nonresidential commercial development is calculated as the increase in assessed value over the assessed value of the real estate parcels subject to such private development as most recently determined before the building permit was issued. In the fourth levy year subsequent to the levy year in which the building permit was issued, the increase in assessed value of the real estate parcels subject to such private development shall no longer be included in determining the special levy.

The aggregate of the foregoing amounts, less any costs of extending municipal services to new private industrial and nonresidential commercial development which are paid by bonded indebtedness or special assessments, equals the maximum amount that may be levied as a "special levy" for the increased costs of municipal services provided to new private industrial and nonresidential commercial development. In the levy year following the levy year in which the special levy made pursuant to this clause is discontinued, one-half of the amount of that special levy made in the preceding year shall be added to the permanent levy base of the governmental subdivision;

(n) recover a loss or refunds in tax receipts incurred in nonspecial levy funds resulting from abatements or court action in the previous year pursuant to section 275.48;

(o) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215

and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(p) the amounts allowed under section 174.27 to establish and administer a commuter van program;

(q) pay the costs of financial assistance to local governmental units and certain administrative, engineering, and legal expenses pursuant to Laws 1979, chapter 253, section 3;

"Sec. 4. Minnesota Statutes 1986, section 429.061, subdivision 2, is amended to read:

Subd. 2. [ADOPTION; INTEREST.] At such meeting or at any adjournment thereof the council shall hear and pass upon all objections to the proposed assessment, whether presented orally or in writing. The council may amend the proposed assessment as to any parcel and by resolution adopt the same as the special assessment against the lands named in the assessment roll. Notice of any adjournment of the hearing shall be adequate if the minutes of the meeting so adjourned show the time and place when and where the hearing is to be continued.

The council may consider any objection to the amount of a proposed assessment as to a specific parcel of land at an adjourned hearing upon further notice to the affected property owner as it deems advisable. At the adjourned hearing the council or a committee of it may hear further written or oral testimony on behalf of the objecting property owner and may consider further written or oral testimony from appropriate city officials and other witnesses as to the amount of the assessment. The council or committee shall prepare a record of the proceedings at the adjourned hearing and written findings as to the amount of the assessment. The amount of the assessment as finally determined by the council shall become a part of the adopted assessment roll. No appeal may be taken as to the amount of any assessment adopted under this section unless written objection signed by the affected property owner is filed with the municipal clerk prior to the assessment hearing or presented to the presiding officer at the hearing. All objections to the assessments not received at the assessment hearing in the manner prescribed by this subdivision are waived, unless the failure to object at the assessment hearing is due to a reasonable cause.

If the adopted assessment differs from the proposed assessment as to any particular lot, piece, or parcel of land, the clerk must mail to the owner a notice stating the amount of the adopted assessment. Owners must also be notified by mail of any changes adopted by the council in interest rates or prepayment requirements from those contained in the notice of the proposed assessment.

The assessment, with accruing interest, shall be a lien upon all private and public property included therein, from the date of the resolution adopting the assessment, concurrent with general taxes; but the lien shall not be enforceable against public property as long as it is publicly owned, and during such period the assessment shall be recoverable from the owner of such property only in the manner and to the extent provided in section 435.19. ~~Except as provided below~~ *Unless otherwise provided in the resolution*, all assessments shall be payable in equal annual installments extending over such period, not exceeding 30 years, as the resolution determines, payable on the first Monday in January in each year, but the number of installments need not be uniform for all assessments included in a single assessment roll if a uniform criterion for determining the number of installments is provided by the resolution. The first installment of each assessment shall be included in the first tax rolls completed after its adoption and shall be payable in the same year as the taxes contained therein; except that the payment of the first installment of any assessment levied upon unimproved property may be deferred until a designated future year, or until the platting of the property or the construction of improvements thereon, upon such terms and conditions and based upon such standards and criteria as may be provided by resolution of the council. If special assessments against the property have been deferred pursuant to this subdivision, the governmental unit shall file with the county recorder in the county in which the property is located a certificate containing the legal description of the affected property and of the amount deferred. In any event, every assessment the payment of which is so deferred, when it becomes payable, shall be divided into a number of installments such that the last installment thereof will be payable not more than 30 years after the levy of the assessment. All assessments shall bear interest at such rate as the resolution determines, ~~not exceeding eight percent per annum~~, ~~except that the rate may in any event equal the average annual interest rate on bonds issued to finance the improvement for which the assessments are~~

levied. To the first installment of each assessment shall be added interest on the entire assessment from a date specified in the resolution levying the assessment, not earlier than the date of the resolution, until December 31 of the year in which the first installment is payable, and to each subsequent installment shall be added interest for one year on all unpaid installments; or alternatively, any assessment may be made payable in equal annual installments including principal and interest, each in the amount annually required to pay the principal over such period with interest at such rate as the resolution determines, not exceeding the maximum period and rate specified above. In the latter event no prepayment shall be accepted under subdivision 3 without payment of all installments due to and including December 31 of the year of prepayment, together with the original principal amount reduced only by the amounts of principal included in such installments, computed on an annual amortization basis. When payment of an assessment is deferred, as authorized in this subdivision, interest thereon for the period of deferment may be made payable annually at the same times as the principal installments of the assessment would have been payable if not deferred; or interest for this period may be added to the principal amount of the assessment when it becomes payable; or, if so provided in the resolution levying the assessment, interest thereon to December 31 of the year before the first installment is payable may be forgiven.

Sec. 5. Minnesota Statutes 1986, section 429.091, subdivision 2, is amended to read:

Subd. 2. [TYPES OF OBLIGATIONS PERMITTED.] ~~Except for bonds issued for a pedestrian skyway system,~~ The council may by resolution adopted prior to the sale of obligations pledge the full faith, credit, and taxing power of the municipality for the payment of the principal and interest. Such obligations shall be called improvement bonds and the council shall pay the principal and interest out of any fund of the municipality when the amount credited to the specified fund is insufficient for the purpose and shall each year levy a sufficient amount to take care of accumulated or anticipated deficiencies, which levy shall not be subject to any statutory or charter tax limitation. Obligations for the payment of which the full faith and credit of the municipality is not pledged shall be called improvement warrants or, in the case of bonds for fire protection ~~or pedestrian skyway systems,~~ revenue bonds and shall contain a promise to pay solely out of the proper special fund or funds pledged to their payment. It shall be the duty of the municipal treasurer to pay maturing principal and interest on warrants or revenue bonds out of funds on hand in the proper funds and not otherwise."
