*commissioners and the commissioner. The resolution appointing agricultural inspectors must set the compensation to be paid to the persons appointed and in addition provide for reimbursement of necessary traveling expenses. [18.231 s. 1]*

**Subd. 2. [TOWN BOARD MEMBERS AS LOCAL WEED AND PLANT PEST INSPECTORS.]** *(a) The members of town boards are local weed and plant pest inspectors within their respective towns.*

*(b) A town board may appoint persons as assistant weed and plant pest inspectors. An assistant weed and plant pest inspector has the powers and authority of a town board member as a weed and plant pest inspector. An appointment may be for full time or part time. Notice of an appointment, with a statement of the time for which appointment is made, must be delivered to the commissioner within ten days after the date the appointment was made.*

*(c) The town board shall compensate the local weed and plant pest inspectors and assistant inspectors at a rate of at least \$1 per hour plus necessary traveling expenses. The hourly compensation must be an amount determined by the town board that is consistent with the hourly wage rate prevailing in the community or area for similar work and sufficient to obtain competent inspectors. The compensation is to be in addition to the amount allowed by law for other supervisory duties, if any, performed by the local weed and plant pest inspectors or assistant inspectors. [18.231 s. 2]*

The compensation must be paid from the general revenue fund or other fund of the municipality designated by the council and is in addition to compensation and expenses paid to the local weed and plant pest inspectors or assistant inspectors for other duties as an official or employee of the municipality. *(b) The commissioner must be sent notice within ten days of the appointment or designation. [18.231 s. 3a]*

**Subd. 5. [PAYMENT OF EXPENSES.]** *(a) Failure on the part of a*

*municipality or town to include the item of weed inspection in the annual budget is not an excuse and does not justify the nonpayment of charges or expenses incurred by inspectors under sections 2 to 22. The charges or expenses must be audited and paid as other obligations of the municipality or town are paid.*

*(b) If the commissioner determines that weed inspection has not been done commensurate with the bill presented, the commissioner may recommend to the county board, town board, or municipal council that the bill not be paid. [18.231 s. 4]*

*Subd. 6. [PAYMENT BY COUNTY.] If a municipality or town neglects or refuses, for a period of 60 days, to make payments of charges or expenses incurred by local weed and plant pest inspectors, the inspectors must be paid by the county auditor on the recommendation of the commissioner, and the total of the amounts paid by the county must be included by the county auditor as a part of the next annual tax levy in the municipality or town and withheld from that municipality or town in making the next apportionment to the municipality or town. [18.231 s. 5]*

**Sec. 14. [18.861] [DUTIES OF LOCAL WEED AND PLANT PEST INSPECTORS.]**

*Subdivision 1. [EXAMINATION OF LAND.] A local weed and plant pest inspector shall examine all lands, roads, alleys, and public ground in the inspector's jurisdiction to determine if the property is in compliance with the weed and plant pest law and the rules of the commissioner. [18.241 s. 1]*

*Subd. 2. [NOTICE.] (a) If a local weed and plant pest inspector finds that property is not in compliance, the inspector shall cause a notice, in writing, on a form to be prescribed by the commissioner, to be given to the proper public official or to the owner or occupant, or to the agent of an owner of nonresidential lands where noxious weeds are standing or growing and in danger of going to seed or otherwise spreading, or plant pests are located or plants harboring the eggs or offspring of plant pests are located.*

*(b) The notice must require:*

*(1) the noxious weeds to be cut down, otherwise destroyed, or eradicated on the land in a specified time and manner; or*

*(2) plant pests eradicated or the plant pests or pest-harboring plants eradicated or otherwise destroyed. [18.241 s. 1]*

[18.271 s. 1]*

*Subd. 3. [LACK OF NOTICE DOES NOT RELIEVE LANDOWNER.] Failure of an inspector to publish general notices or to serve individual notices does not relieve a person from the duty of compliance with the weed and plant pest law. Published general notice is legal and sufficient notice. [18.271 s. 1]*

*Subd. 4. [INDIVIDUAL NOTICES.] (a) An inspector may cause individual notices to be served on landowners and occupants if more prompt or definite control or eradication of noxious weeds or plant pests in certain special or individual instances involving one or a limited number of persons is needed than is accomplished by the general published notices. Individual notices must be in writing and served on the owner and the occupant, if the occupant is not the owner, giving specific instructions and methods of when and how certain named weeds and plant pests are to be controlled or eradicated.*

*(b) The methods of control may include definite systems of tillage, cropping, management, and use of livestock and must be designed to minimize adverse environmental impact.*

*(c) Individual notices must be served in the same manner as a summons in a civil action in the district court or by certified mail. Service on persons living temporarily or permanently outside of the inspectors' jurisdiction whose property is vacant or unoccupied may be made by sending the notice by certified mail to the last known address of the person, to be ascertained, if necessary, from the last tax list in the county treasurer's office. [18.271 s. 2]*

*Subd. 5. [DESTRUCTION BY INSPECTOR.] (a) If a person is served a notice but fails to eradicate or otherwise destroy noxious weeds or plant pests or a crop where the weeds or plant pests are intermingled or growing, within the time and manner designated by the inspector, the local weed and plant pest inspector having jurisdiction, or if there is no local weed and plant pest inspector, the county agricultural inspector or the commissioner, shall cause the weeds or plant pest habitat to be eradicated or otherwise destroyed at the expense of the county where the land is located.*

*(b) The claim for the expense of serving notices and the cost of eradicating or otherwise destroying the noxious weeds or plant pests is a legal charge against the county where the land is located. After eradicating or otherwise destroying noxious weeds or plant pests, the inspector or the commissioner directing the control shall file verified and itemized statements of the costs of the services rendered in connection with serving of notices and eradicating or otherwise destroying the noxious weeds or plant pests on each separate tract or lot of land, with the county auditor where the land is located. The county auditor shall immediately issue proper warrants to pay the persons owed for the amounts specified.*

*(c) The amount of the expenses is a lien in favor of the county against the land where the weed or plant pest control occurred and must be certified by the county auditor and entered on the auditor's tax books as a tax on the land. The amount must be collected as other real estate taxes are*

collected. The amount of the expenses when collected must be used to reimburse the county for its weed and plant pest control expenditure. [18.271 s. 3]

*Subd. 6. [CANNABIS SATIVA L.] Notwithstanding the provisions of subdivision 5 relating to procedures for payment of costs and expenses incurred, a county agricultural inspector may provide for the destruction of the plant Cannabis sativa L. at the expense of the county if strict compliance with subdivision 5 is considered impractical. [18.271 s. 3a]*

*Subd. 7. [COSTS AND EXPENSES.] (a) Notwithstanding the provisions of subdivision 5 relating to procedures for payment of costs and expenses incurred, if the local weed and plant pest inspector or the assistant weed and plant pest inspector of a city causes noxious weeds or plant pests to be eradicated or otherwise destroyed on property within the municipality under the authority of this section, the procedures in paragraphs (b) and (c) apply for costs and expenses thus incurred.*

*(b) Notice in writing of the work done and the costs and expenses involved must be served on the owner or occupant of the property in accordance with the individual notice provisions of subdivision 4. The notice must provide a tabulation of the total costs and expenses involved and indicate that if the total amount is not paid to the city within 30 days or before the following October 1, whichever is later, the costs and expenses become a lien in favor of the municipality and a penalty of eight percent must be added to the amount due as of that date, with the total costs, expenses, and penalty to be certified to the county auditor and entered on the auditor's tax books as a tax on the land.*

*(c) Amounts collected by the county auditor under this subdivision must be paid to the city to reimburse the municipality for the municipality's weed and plant pest control expenditures. [18.271 s. 4]*

*Subdivision 1. [INSPECTION AND NOTICE BY INSPECTOR.] (a) Notwithstanding subdivisions 1 to 3, the local weed and plant pest inspector or county agricultural inspector may eradicate or otherwise destroy the weeds or pests, and the crop on areas not exceeding three acres in the aggregate in any one field or crop of 40 acres or less, other than permanent pasture or meadow, without a notification or application to the mayor or a county commissioner.*

*(b) Except as provided in paragraph (a), if a local weed and plant pest inspector or county agricultural inspector determines it is necessary to eradicate or otherwise destroy a growing crop or a part of the crop to prevent the spread of noxious weeds or plant pests within the inspector's jurisdiction, the inspector shall notify the mayor of the municipality or a county commissioner to inspect the crop. The notice must be in writing on a form prescribed by the commissioner. [18.251]*

*Subd. 2. [INSPECTION AND DETERMINATION BY MAYOR OR COUNTY COMMISSIONER.] (a) If, after an inspection, the mayor or county commissioner determines that the weeds or plant pests and the crop or portion of the crop should be eradicated or otherwise destroyed, the eradicating or destroying must be performed immediately under the direction or by the authority of the local weed and plant pest inspector or under the direction of the county agricultural inspector.*

*(b) If the mayor or county commissioner determines after the inspection that the weeds or plant pests and the crop or a portion of the crop should not be eradicated or otherwise destroyed, the mayor or county commissioner shall report that determination to the commissioner.*

*(c) If, after being notified by the local weed and plant pest inspector or the county agricultural inspector to inspect a crop, the mayor or county commissioner fails to make the inspection and to report to the local weed and plant pest inspector or agricultural inspector within seven days after receiving a notice to inspect the crop, the local weed and plant pest inspector or county agricultural inspector may proceed to eradicate or otherwise destroy the weeds or plant pests and crop in the same manner as if the mayor or county commissioner notified had made an inspection and determined that the weeds or plant pests and crops should be eradicated or otherwise destroyed. [18.251]*

*Subd. 3. [DETERMINATION BY THE COMMISSIONER.] The commissioner shall make a final determination of whether the weeds or plant pests and the crop or portion of the crop should be eradicated or otherwise destroyed. If the commissioner determines that the weeds or plant pests and the crop or a portion of the crop should be eradicated or otherwise destroyed, the local weed and plant pest inspector or county agricultural inspector shall immediately cause the weeds or plant pests and the crop or portion of the crop to be eradicated or otherwise destroyed. [18.241 s. 4]*

*Subdivision 1. [COUNTY FUNDING OF WEED AND PLANT PEST CONTROL.] (a) County boards shall provide funds and adequate equipment, materials, and labor for control, eradication, and other destruction of weeds and plant pests on county highways and property, and for assistance of county agricultural inspectors and local weed and plant pest inspectors in the county to inspect weed and plant pests and control and enforce the weed and plant pest law.*

*(b) Counties may cooperate with the state, towns, municipalities, and private property owners and provide county funds, equipment, materials, labor, and facilities for weed and plant pest inspection, control, and eradication with or without reimbursement from the public agency or private property benefited. [18.241 s. 3]*

*Subd. 2. [TOWN AND MUNICIPALITY FUNDING.] Towns and municipalities may by vote of their electors or governing boards provide funds, equipment, materials, and labor for weed and plant pest control and arrange for their use on public or private property within their jurisdiction with or without reimbursement from the public agency or property benefited. S.F. No. 388: A resolution memorializing the President and Congress to establish a multimodal demonstration project on the interstate highway 35W corridor.

Reports the same back with the recommendation that the resolution be amended as follows:

Page 1, delete lines 5 to 25 and insert:

“WHEREAS, activities have been undertaken, including the preparation of a draft environmental impact statement, which may eventually lead to a major highway construction project in the corridor of interstate highway 35W in the cities of Minneapolis, Richfield, Bloomington, and Burnsville; and

WHEREAS, these activities have generated apprehensiveness in established residential neighborhoods concerning the potential disruption which a major construction project would produce; and

WHEREAS, the interstate highway 35W corridor presents an opportunity to deal with urban freeway traffic congestion in a creative manner which could avoid the necessity of adding new freeway lanes; and

WHEREAS, the use of intensive traffic management techniques, accident reduction and mitigation strategies, and increased transit use through existing and new modes hold the potential of substantially expanding the corridor's capacity for moving traffic without disruptive new construction; and

WHEREAS, the Congress of the United States has once before recognized a unique transportation situation in the Twin Cities metropolitan area by authorizing federal funding in a “high density urban highway intermodal transportation connection” demonstration project in the trunk highway 55 corridor in the city of Minneapolis; and

WHEREAS, the use of flexible highway design standards in the interstate highway 35W corridor would test whether a combination of new and enhanced transit and new and intensive traffic management techniques can succeed in making extensive new highway construction unnecessary by reducing the need for increased highway capacity; and

WHEREAS, the use of flexible highway design standards in the interstate highway 35W corridor would encourage the implementation of transit and shared ride facilities such as high occupancy vehicle lanes and bypasses of freeway meters, and allow for flexibility in implementing the stages of the project; and

WHEREAS, using flexible design standards could result in substantial cost savings for both the state and federal governments as well as avoiding the many adverse results of new urban freeway construction; NOW, THEREFORE,

BE IT RESOLVED by the Legislature of the State of Minnesota that the Congress of the United States is urged to enact, and the President of the United States is urged to approve, legislation authorizing the State of Minnesota to use flexible design standards in a reconstruction of interstate highway 35W between the common section of interstate highways 35W and 94 and the intersection of interstate highways 35W and 35E.

BE IT FURTHER RESOLVED that any federal funding made available for use in highway reconstruction in the interstate highway 35W corridor be taken from federal aid which would otherwise be available to Minnesota under the federal interstate reconstruction, resurfacing, restoration, and rehabilitation program.

BE IT FURTHER RESOLVED that the Secretary of State of the State of Minnesota is directed to prepare certified copies of this resolution and to transmit them to the President of the United States, the President and Secretary of the United States Senate, the Speaker and Chief Clerk of the United States House of Representatives, and to Minnesota's Senators and Representatives in Congress."

*(2) deductions for depreciation allowed under section 290.01, subdivision 19e.*

(b) A financial institution that (i) is not engaged in activities within this state under subdivision 1, paragraph (a), and (ii) does not satisfy the requirements of paragraph (a) is not subject to taxes imposed by this chapter.

Sec. 2. Minnesota Statutes 1988, section 290.015, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS.] (a) A person is not subject to tax under this chapter if the person is engaged in the business of selling tangible personal property and taxation of that person under this chapter is precluded by Public Law Number 86-272, United States Code, title 15, sections 381 to 384 or would be so precluded except for the fact that the person stored tangible personal property in a state licensed facility under chapter 231.

(b) Ownership of an interest in the following types of property (including those contacts with this state reasonably required to evaluate and complete the acquisition or disposition of the property, the servicing of the property or the income from it, the collection of income from the property, or the acquisition or liquidation of collateral relating to the property) shall not be a factor in determining whether the owner is subject to tax under this chapter:

(1) an interest in a real estate mortgage investment conduit, a real estate investment trust, or a regulated investment company *or a fund of a regulated*

*investment company*, as those terms are defined in the Internal Revenue Code of 1986, as amended through December 31, 1987;

~~(5)~~ (6) *an interest of a person other than an individual, estate, or trust, in any intangible, tangible, real, or personal property acquired in satisfaction, whether in whole or in part, of any asset embodying a payment obligation which is in default, whether secured or unsecured, the ownership of an interest in which would be exempt under the preceding provisions of this subdivision, provided the property is disposed of within a reasonable period of time; or*

~~(6)~~ (7) *amounts held in escrow or trust accounts, pursuant to and in accordance with the terms of property described in this subdivision.*

If the person is a member of the unitary group, paragraph (b) ~~does~~, *clauses (2) to (7), do not apply to an interest acquired from another member of the unitary group.*

Sec. 3. Minnesota Statutes 1988, section 290.015, subdivision 4, is amended to read:

Subd. 4. [LIMITATIONS.] (a) This section does not subject a trade or business to any regulation, including any tax, of any local unit of government or subdivision of this state if the trade or business does not own or lease tangible or real property located within this state and has no employees or independent contractors present in this state to assist in the carrying on of the business.

(b) The purchase of tangible personal property or intangible property or services by a person that conducts a trade or business with the principal place of business outside of Minnesota (the "non-Minnesota person") from a person within Minnesota shall not be taken into account in determining whether the non-Minnesota person is subject to the taxes imposed by this chapter, except for services involving either the direct solicitation of Minnesota customers or relationships with Minnesota customers after sales are made. *This paragraph is subject to the limitations contained in subdivision*

3, paragraph (b), clauses (4) and (5).

(c) No contact with any Minnesota financial institution by any financial institution with its principal place of business outside Minnesota with respect to transactions described in subdivision 3, or with respect to deposits received from or by a Minnesota financial institution, shall be taken into account in determining whether such a financial institution is subject to the taxes imposed by this chapter. The fact of participation by a Minnesota financial institution in a transaction which also involves a borrower and a financial institution that conducts a trade or business with its principal place of business outside of Minnesota shall not be a factor in determining whether such financial institution is subject to the taxes imposed by this chapter. This paragraph does not apply to transactions between or among members of the same unitary group.

Sec. 4. Minnesota Statutes 1988, section 290.092, subdivision 2, is amended to read:

Subd. 2. [EXEMPTIONS.] Corporations subject to tax under sections 290.05, subdivision 3; or 60A.15, subdivision 1 and 290.35; real estate investment trusts; regulated investment companies *as defined in section 851(a) of the Internal Revenue Code of 1986 or funds of regulated investment companies as defined in section 851(h) of the Internal Revenue Code of 1986, as amended through December 31, 1988*; cooperatives taxable under subchapter T of the Internal Revenue Code of 1986 or organized under chapter 308 or a similar law of another state; and entities having a valid election in effect under section 1362 or 860D(b) of the Internal Revenue Code of 1986, as amended through December 31, 1987 1988, are not subject to the tax imposed in subdivision 1 or subdivision 5.

Sec. 5. Minnesota Statutes 1988, section 290.092, subdivision 4a, is amended to read:

Subd. 4a. [NEW BUSINESS EXCLUSION.] For the first five taxable years during which a corporation is subject to taxation under this chapter, the amount of its Minnesota property and payrolls must be excluded from the alternative minimum tax base unless it is disqualified in this subdivision. A corporation is considered subject to taxation under this chapter if it would be subject to Minnesota's jurisdiction to tax as provided in section 290.015, before claiming this exclusion. The following does not qualify for this exclusion:

(1) a corporation that is a member of a unitary group that includes at least one business that does not qualify for this exclusion;

(2) any corporation organized under the laws of this state or certified to do business within this state at least five taxable years before the taxable year in which this exclusion is claimed;

(3) corporations created by: reorganizations, as defined in section 368 of the Internal Revenue Code of 1986, as amended through December 31, 1987; or split-ups, split-offs, or spin-offs, as described in section 355 of the Internal Revenue Code of 1986, as amended through December 31, 1987; or the transfer or acquisition, whether directly or indirectly, of assets which constitute a trade or business, including stock purchases under section 338 of the Internal Revenue Code of 1986, as amended through December 31, 1987, where the surviving, newly formed, or acquiring corporation conducts substantially the same activities as the predecessor corporation,

regardless of whether or not the survivor corporation also conducts additional activities, and the predecessor corporation would not otherwise qualify for this exclusion if it had continued to conduct those activities;

(4) any change in identity or form of business where the original business entity would have been subject to Minnesota's taxing jurisdiction, as provided in section 290.015, at least five taxable years before the taxable year in which this exclusion is claimed;

(5) a corporation, the primary business activity of which is the providing of professional services as defined in section 319A.02; operation as a financial institution, as defined in section 290.01, subdivision 4a; sales or management of real estate; or operation as an insurance agency, as defined in section ~~60A.03~~ 60A.02; or

(6) a corporation the affairs of which the commissioner finds were arranged as they were primarily to reduce taxes by qualifying as a new business under this subdivision.

Sec. 6. Minnesota Statutes 1988, section 290.191, subdivision 6, is amended to read:

Subd. 6. [DETERMINATION OF RECEIPTS FACTOR FOR FINANCIAL INSTITUTIONS.] (a) For purposes of this section, the rules in this subdivision and subdivisions 7 and 8 apply in determining the receipts factor for financial institutions.

(b) "Receipts" for this purpose means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the taxpayer's trade or business.

(c) "Money market instruments" means federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

(d) "Securities" means United States Treasury securities, obligations of United States government agencies and corporations, obligations of state and political subdivisions, corporate stock and other securities, participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities and similar investments to the extent the investments are reflected as assets under generally accepted accounting principles.

(e) Receipts from the lease or rental of real or tangible personal property, including both finance leases and true leases, must be attributed to this state if the property is located in this state. Tangible personal property that is characteristically moving property, such as motor vehicles, rolling stock, aircraft, vessels, mobile equipment, and the like, is considered to be located in a state if:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state

under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations ~~not secured that are unsecured~~ by real or tangible personal property *or secured by intangible property* must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation *and syndication* loans must be attributed under paragraphs (e) to (h). A participation loan is ~~a loan in which more than one lender is a creditor to a common borrower~~ *an arrangement in which a lender makes a loan to a borrower and then sells all or a part of the loan to a purchasing financial institution. A syndication loan is a multibank loan transaction in which all the lenders are named as parties to the loan documentation, are known to the borrower, and have privity of contract with the borrower.*

(j) Interest income and other receipts including service charges from financial institution credit card and travel and entertainment credit card receivables and credit card holders' fees must be attributed to the state to which the card charges and fees are regularly billed.

(k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

(m) Receipts from the issuance of travelers checks and money orders must be attributed to the state in which the checks and money orders are purchased.

(n) Receipts from investments of a financial institution in securities of this state, its political subdivisions, agencies, and instrumentalities must be attributed to this state.

(o) Receipts from a financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the receipts factor provided the financial institution's activities within this state with respect to any interest in the property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7.

Sec. 7. Minnesota Statutes 1988, section 290.191, subdivision 11, is amended to read:

Subd. 11. [FINANCIAL INSTITUTIONS; PROPERTY FACTOR.] (a) For financial institutions, the property factor includes, as well as tangible property, intangible property as set forth in this subdivision.

(b) Intangible personal property must be included at its tax basis for federal income tax purposes.

(c) Goodwill must not be included in the property factor.

(d) Coin and currency located in this state must be attributed to this state.

(e) Lease financing receivables must be attributed to this state if and to the extent that the property is located within this state.

(f) Assets in the nature of loans that are secured by real or tangible personal property must be attributed to this state if and to the extent that the security property is located within this state.

(g) Assets in the nature of consumer loans and installment obligations that are unsecured or secured by intangible property must be attributed to this state if the loan was made to a resident of this state.

(h) Assets in the nature of commercial loan and installment obligations that are unsecured *by real or tangible personal property* or secured by intangible property must be attributed to this state if the ~~loan~~ proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the assets must be attributed to the state in which there is located the office of the borrower from which the application would be made in the regular course of business. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) A participating financial institution's portion of a participation ~~loan~~ and syndication loans must be attributed under paragraphs (e) to (h).

(j) Financial institution credit card and travel and entertainment credit card receivables must be attributed to the state to which the credit card charges and fees are regularly billed.

(k) Receivables arising from merchant discount income derived from financial institution credit card holder transactions with a merchant are attributed to the state in which the merchant is located. In the case of merchants located within and without the state, only ~~receipts~~ *receivables* from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Assets in the nature of securities and money market instruments are apportioned to this state based upon the ratio that total deposits from this state, its residents, its political subdivisions, agencies and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies and instrumentalities. In the case of an unregulated financial institution, the assets are apportioned to this state based upon the ratio that its gross business income earned from sources within this state bears to gross business income earned from sources within all states. For purposes of this subsection, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities are attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(m) A financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the property factor provided the financial institution's activities within this state with respect to any interest in such property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the property factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (l).

Sec. 8. Minnesota Statutes 1988, section 290.371, is amended to read:

Subdivision 1. [REPORT REQUIRED.] Every corporation that, during any calendar year or fiscal accounting year beginning after December 31, 1986, obtained any business from within this state as described in section 290.015, subdivision 1, ~~with the exception of:~~

~~(1) activity levels lower than those set forth in section 290.015, subdivision 2, paragraph (a); if the corporation is a financial institution; or~~

~~(2) activities described in section 290.015, subdivision 3, paragraph (b); or~~

Subd. ~~3~~ 2. [EXEMPTIONS.] A corporation is not required to file a notice of business activities report if:

(1) by the end of an accounting period for which it was otherwise required to file a notice of business activities report under this section, it had received a certificate of authority to do business in this state;

(2) a timely return or report has been filed under section 290.05, subdivision 4; or 290.37;

(4) the corporation's activities in Minnesota, or the interests in property which it owns, consist solely of activities or property exempted from jurisdiction to tax under section 290.015, subdivision 3, paragraph (b); ~~or~~

(5) *the corporation has a valid election in effect under section 1362 of the Internal Revenue Code of 1986, as amended through December 31,*

1988.

*Subdivision 1. [GRANTS AUTHORIZED.] The commissioner may make grants to local governments to:*

*(1) conduct floodplain damage reduction studies to determine the most feasible, practical, and effective methods and programs for mitigating the damages due to flooding within flood prone rural and urban areas and their watersheds; and*

*(2) plan and implement flood mitigation measures. [104.11 s. 1]*

*Subd. 2. [ACTION ON GRANT APPLICATIONS.] (a) A local government may apply to the commissioner for a grant on forms provided by the commissioner. The commissioner shall confer with the local government requesting the grant and may make a grant up to \$75,000 based on the following considerations:*

*(1) the extent and effectiveness of mitigation measures already implemented by the local government requesting the grant;*

(2) the feasibility, practicality, and effectiveness of the proposed mitigation measures and the associated nonflood related benefits and detriments;

(3) the level of grant assistance that should be provided to the local government, based on available facts regarding the nature, extent, and severity of flood problems;

(4) the frequency of occurrence of severe flooding that has resulted in declaration of the area as a flood disaster area by the president of the United States;

(5) the economic, social, and environmental benefits and detriments of the proposed mitigation measures;

(6) whether the floodplain management ordinance or regulation adopted by the local government meets the minimum standards established by the commissioner, the degree of enforcement of the ordinance or regulation, and whether the local government is complying with the ordinance or regulation;

(7) the degree to which the grant request is consistent with local water plans developed under chapters 103B and 103D;

(8) the financial capability of the local government to solve its flood hazard problems without financial assistance; and

(9) the estimated cost and method of financing of the proposed mitigation measures based on local money and federal and state financial assistance.

(b) If the amount of the grant requested is \$75,000 or more, the commissioner shall determine, under the considerations in paragraph (a), whether any part of the grant should be awarded. The commissioner must submit an appropriation request to the governor and the legislature for funding consideration before each odd-numbered year, consisting of requests or parts of grant requests of \$75,000 or more. The commissioner must prioritize the grant requests, under the considerations in paragraph (a), beginning with the projects the commissioner determines most deserving of financing.

(c) A grant may not exceed one-half the total cost of the proposed mitigation measures.

(d) After July 1, 1991, grants made under this section may be made to local governments whose grant requests are part of, or responsive to, a comprehensive local water plan prepared under chapter 103B or 103D. [104.11 s. 2]"

"SOUTHERN MINNESOTA RIVERS BASIN AREA II

Sec. 16. [103F171] [SOUTHERN MINNESOTA RIVERS BASIN AREA II BOUNDARIES.]

For the purposes of sections 16 to 24, the term "southern Minnesota rivers basin area II" means the area within the watersheds of rivers and streams that are tributaries of the Minnesota river from the south between the cities of Ortonville and Mankato. Major rivers included within the watershed are the Yellow Bank, Lac Qui Parle, Yellow Medicine, Redwood, and Cottonwood. All of Lac Qui Parle, Yellow Medicine, and Redwood

*counties, and parts of Lincoln, Lyon, Pipestone, Murray, Cottonwood, and Brown counties are included within the boundaries of the area. [104.42]*

**Sec. 17. [103E173] [PROGRAM.]**

*There shall be a state grant-in-aid pilot program of providing financial assistance to units of local government, including counties, soil and water conservation districts, and watershed districts, located in the southern Minnesota river basin area II for project and construction costs for the building of floodwater retarding and retention structures within a general plan for floodplain management. [104.43]*

**Sec. 18. [103E175] [AID FORMULA.]**

*Grants may be made by the board of water and soil resources to a local governmental unit for the purposes of sections 16 to 24 in an amount not to exceed 75 percent of the total cost of each project, including site acquisition, engineering, and construction. If federal funds are being utilized for a portion of the project costs, the state contribution may not exceed 50 percent of the remaining nonfederal costs. If the structure is located in the state of South Dakota, the two states shall share the nonfederal costs equally. Money granted by the state may not be used for any project of stream channelization. [104.44]*

**Sec. 19. [103E177] [OPERATION WITHIN AGENCY.]**

*Subdivision 1. [BOARD OF WATER AND SOIL RESOURCES.] The board of water and soil resources shall supervise the grant-in-aid pilot program pursuant to sections 16 to 24.*

*Subd. 2. [PROCEDURES AND FORMS.] The board shall devise procedures and forms for application for grants by the local units of government, and review of and decision on the applications by the state board.*

*Subd. 3. [STAFF POSITION.] A professional engineer shall be employed by the board to work exclusively on the technical implementation and engineering of the pilot project established pursuant to sections 16 to 24. The engineer shall assist the local units of government and the board to achieve the purposes of the project, and shall have duties including:*

- (1) field review and analysis of projects and project sites;*
- (2) preparation of permit applications, including evaluation of environmental effects;*
- (3) development of recommended pertinent provisions of permits for specific projects;*
- (4) preparation of plans for further consideration of remedial flood control structural measures as part of a general rural floodplain management effort; and*
- (5) evaluation of the effectiveness of completed projects constructed under this project. [104.45]*

**Sec. 20. [103E179] [SELECTION OF PROJECTS.]**

*Subdivision 1. [EVALUATION OF AREA AND SITES; FEDERAL COOPERATION.] Before a grant is made, a priority system shall be devised for the selection of projects to receive the aid. The board of water and soil resources is the granting authority and shall cooperate with the United States Army Corps of Engineers, the department of natural resources, the*

*Soil Conservation Service and the area II action committee in analysis of the general floodplain management plan for the area and in hydrological and engineering studies on specific proposed sites. From that information, the board of water and soil resources shall determine the relative severity of the flooding problem which would be wholly or partly solved by each project. The range of priorities based on these findings shall provide a basis for selection of project sites.*

*Subd. 2. [PROJECT REQUIREMENT FOR EACH WATERSHED.] Notwithstanding the requirement in subdivision 1 that project selection be based on a priority system, not more than one project may be located within any one of the Cottonwood, Lac Qui Parle, Redwood, Yellow Medicine, and Yellow Bank rivers watersheds unless agreed upon by the area II action committee composed of representatives of each of those watersheds. [104.46]*

Sec. 21. [103F181] [CONDITIONS FOR GRANTS.]

*Subdivision 1. [LOCAL EXPRESSION OF WILLINGNESS.] The local unit of government shall apply for a grant by a resolution requesting state funding assistance for the construction of a floodwater retention or retarding structure within its jurisdiction. The resolution shall include provisions concerning local funding, if any. The local unit of government shall state its intent to obtain necessary land rights for proposed construction sites and to assume responsibility for maintenance of the structure on its completion.*

*Subd. 2. [GENERAL PLAN.] The local unit of government shall demonstrate that the construction project that it proposes is consistent with its general plan for floodplain management. The general plan of the local government unit shall be in conformity with the policy and objectives of this chapter and shall, where reasonable and practicable, include non-structural means of floodplain management.*

*Subd. 3. [FEDERAL AID AVAILABILITY.] The board of water and soil resources shall complete a detailed analysis of the availability of federal funds and programs to supplement or complement state and local efforts on each project and include the eligibility requirements and time frame for receiving the federal aid.*

*Subd. 4. [ENVIRONMENTAL IMPACT STATEMENT.] The local unit of government, assisted by the project staff engineer, shall make a comprehensive evaluation of the positive and negative environmental effects which would be reasonably likely to take place if the particular proposed project would be constructed. [104.47]*

Sec. 22. [103F183] [APPROVED PROJECTS.]

*Subdivision 1. [CONTRACTS.] When a proposed project is approved to receive a grant, the board of water and soil resources shall negotiate a contract with the local unit of government involved. The contract shall specify the terms of state and local cooperation, including the financing arrangement for the construction and an agreement on maintenance of the structure after completion.*

*Subd. 2. [PERMITS.] Before grant money is spent on construction of the structure, permits required for construction must be obtained from state agencies. [104.48]*

Sec. 23. [103F185] [INTERSTATE COOPERATION.]

*The board of water and soil resources and the staff engineer may enter into a working agreement with the South Dakota-Minnesota Boundary Waters Commission, or successor organization, in regard to flood retention and retarding structures constructed pursuant to sections 16 to 24 that involve territory of the state of South Dakota as well as this state. [104.49]*

Sec. 24. [103F187] [REPORT TO LEGISLATURE.]

*When the project has been in operation for a period of two years, the board of water and soil resources and the staff engineer shall prepare and deliver a report to the legislature on the program and its consequences with an evaluation of the feasibility and benefit of continuing the project. **Sec. 45. [103F369] [COMPREHENSIVE LAND USE PLAN.]**

*Subdivision 1. [ADOPTION OF EXISTING PLAN.] The comprehensive land use plan prepared by the board and approved by resolution adopted*

on February 12, 1981, is the comprehensive land use plan authorized by section 44, subdivision 1, and shall be implemented by the board as provided in this section and section 47. [114B.03 s. 1]

*Subd. 2. [PLAN PROVIDES MINIMUM STANDARDS.] The standards set forth in the plan are the minimum standards which may be adopted by the board and by the counties for the protection and enhancement of the natural, scientific, historical, recreational and cultural values of the Mississippi river and related shoreland areas subject to the plan. Except for forest management, fish and wildlife habitat improvement, and open space recreational uses as defined in the plan, state or county lands within the boundaries established by the plan may not be offered for public sale or lease. **Sec. 47. [103E373] [REVIEW AND CERTIFICATION OF LAND USE ACTIONS.]**

*Subdivision 1. [PURPOSE.] To assure that the comprehensive land use plan prepared by the board is not nullified by unjustified exceptions in particular cases and to promote uniformity in the treatment of applications for exceptions, a review and certification procedure is established for the following categories of land use actions taken by the counties and directly or indirectly affecting land use within the area covered by the plan:*

*(1) the adoption or amendment of an ordinance regulating the use of land, including rezoning of particular tracts of land;*

*(2) the granting of a variance from provisions of the land use ordinance; and*

*Subd. 4. [DISAPPROVAL OF ACTIONS.] (a) If a notice of disapproval is issued by the board, the county or the applicant may, within 30 days of the notice, file with the board a demand for a hearing. If a demand is not filed within the 30-day period, the disapproval becomes final.*

### PROJECT RIVERBEND

#### Sec. 50. [103F381] [FINDINGS.]

*The legislature finds that the Minnesota river from the city of Franklin in Renville county to LeSueur in LeSueur county possesses outstanding scenic, recreational, natural, historical, scientific, and similar values. Because it is in the interest of present and future generations to retain these values, the legislature finds that the adoption and implementation of a comprehensive land use plan is necessary.* [MN L 1982, c 627, sec 1, subd 1]

*(a) The comprehensive plan known as "Project Riverbend Fifth Draft, June 1981" shall be implemented by the board and the counties as provided in sections 51 to 56. The counties shall adopt land use ordinances consistent with the plan. The standards set forth in the plan are the minimum standards that may be adopted by the board and the counties. The board may amend*

*the comprehensive land use plan in any way that does not reduce the minimum standards set forth in the plan.*

*(b) The board shall develop and establish a schedule for implementation and administration of the plan by the counties. The schedule shall be binding on the counties subject to approval by the governing bodies of the respective counties. [MN L 1982, c 627, sec 3]*

**Sec. 54. [103F389] [REVIEW AND CERTIFICATION OF LAND USE ACTIONS.]**

*Subdivision 1. [LAND USE ACTIONS COVERED.] To ensure that the comprehensive land use plan is not nullified by unjustified exceptions in particular cases and to promote uniformity in the treatment of applications for exceptions, a review and certification procedure is established for the following categories of land use actions taken by the counties and directly or indirectly affecting land use within the area covered by the plan:*

*(1) the adoption or amendment of an ordinance regulating the use of land, including rezoning of a particular tract of land;*

*(2) the granting of a variance from provisions of the land use ordinances; and*

*(3) the approval of a plat which is inconsistent with the land use ordinance. [MN L 1982, c 627, sec 4, subd 1]*

**Subd. 2. [LAND USE ACTIONS MUST BE CONSISTENT WITH PLAN.]**

*(b) In determining consistency of ordinances and ordinance amendments, the provisions of the comprehensive land use plan shall be considered minimum standards. An aggrieved person may appeal a decision of the type specified in subdivision 1, clauses (1) to (3), which is reviewed by the board under this section in the manner provided for review of a decision of a board of adjustment under section 394.27, subdivision 9, but only after the procedures prescribed under this section have been completed. [MN L 1982, c 627, sec 4, subd 2]*

**Subd. 3. [PROCEDURE FOR CERTIFICATION.]** *(a) A copy of all notices of public hearings or, when a hearing is not required, a copy of the application to consider any actions of a type specified in subdivision 1, clauses (1) to (3), must be forwarded to the board by the county at least ten days prior to the hearing or meetings to consider the land use actions.*

*(b) The county shall notify the board of its final decision on the proposed action within ten days of the decision.*

*(c) By 30 days from the time it receives the notice, the board shall notify the county and the applicant of its approval or disapproval of the proposed action. [MN L 1982, c 627, sec 4, subd 3]*

**Subd. 4. [DISAPPROVAL OF ACTIONS.]** *(a) If the board issues a notice of disapproval, either the county or the applicant may, within 30 days of notice, file a demand for a hearing with the board.*

*(b) If a demand is not filed during that period, the disapproval becomes final.*

*(c) If a demand is filed within the 30-day period, a hearing shall be held within 60 days of demand and shall be preceded by two weeks published notice. Within 30 days after the hearing, the board shall either affirm its disapproval of the proposed action or certify its approval. [MN L 1982, c 627, sec 4, subd 4]*

**Sec. 55. [103F391] [RESTRICTIONS ON LAND INCORPORATED OR ANNEXED.]**

*(a) If land subject to the comprehensive land use plan of the board is annexed, incorporated, or otherwise subjected to the land use planning authority of a home rule charter or statutory city, a moratorium shall exist on all subdivision platting and building permits on that land until zoning regulations are adopted for the land that comply with the provisions of the comprehensive plan of the board.*

*(b) The moratorium shall also apply to construction, grading and filling, and vegetative cutting as those activities are defined in the comprehensive plan.*

*(c) This section does not apply to work done pursuant to lawful permits issued before the land became subject to the land use planning authority of the city. [MN L 1982, c 627, sec 5]*

**Sec. 56. [103F393] [BIENNIAL REPORT.]**

*During the first year of each biennial legislative session, the board shall prepare and present to the appropriate policy committees of the legislature a report concerning the actions of the board in exercising the authority granted by the legislature under sections 51 to 56. The report shall include an assessment of the effectiveness of the board's comprehensive land use plan and its implementation in protecting and enhancing the outstanding scenic, recreational, natural, historical, scientific, and similar values of the Minnesota river and related shorelands situated within the member counties. ##### Sec. 16. [103G.221] [DRAINAGE OF WETLANDS.]

*Subdivision 1. [DRAINAGE OF WETLANDS GENERALLY PROHIBITED WITHOUT REPLACEMENT.] Except as provided in subdivisions 2 and 3, wetlands may not be drained, and a permit authorizing drainage of wetlands may not be issued, unless the wetlands to be drained are replaced by wetlands that will have equal or greater public value. [105.391 s. 3]*

*Subd. 2. [DRAINAGE OF WETLANDS FOR CROPLAND.] (a) Wetlands that are lawful, feasible, and practical to drain and if drained would provide high quality cropland and that is the projected land use, as determined by the commissioner, may be drained without a permit and without replacement of wetlands of equal or greater public value if the commissioner does not choose, within 60 days of receiving an application for a permit to drain the wetlands to:*

*(1) place the wetlands in the state water bank program under article 6, section 76; or*

*(2) acquire them in fee under section 97A.145.*

*(b) If the commissioner does not make the offer under paragraph (a), clause (1) or (2), to a person applying for a permit, the wetlands may be drained without a permit. [105.391 s. 3]*

*Subd. 3. [PERMIT TO DRAIN WETLANDS TEN YEARS AFTER PUBLIC WATERS DESIGNATION.] (a) The owner of property underneath*

wetlands on privately owned property may apply to the commissioner for a permit to drain the wetlands after ten years from their original designation as public waters. After receiving the application, the commissioner shall review the status of the wetlands and current conditions.

(b) If the commissioner finds that the status of the wetlands and the current conditions make it likely that the economic or other benefits from agricultural use to the owner from drainage would exceed the public benefits of maintaining the wetlands, the commissioner shall grant the application and issue a drainage permit.

(c) If the application is denied, the owner may not apply again for another ten years. [105.391 s. 3]

Sec. 17. [103G.225] [STATE WETLANDS AND PUBLIC DRAINAGE SYSTEMS.]

If the state owns wetlands on or adjacent to existing public drainage systems, the state shall consider the use of the wetlands as part of the drainage system. If the wetlands interfere with or prevent the authorized functioning of the public drainage system, the state shall provide for necessary work to allow proper use and maintenance of the drainage system while still preserving the wetlands. [105.391 s. 11]

Sec. 18. [103G.231] [PROPERTY OWNER'S USE OF WETLANDS.]

Subdivision 1. [AGRICULTURAL USE DURING DROUGHT.] A property owner may use the bed of wetlands for pasture or cropland during periods of drought if:

(1) dikes, ditches, tile lines, or buildings are not constructed; and

(2) the agricultural use does not result in the drainage of the wetlands. [105.391 s. 10]

Subd. 2. [FILLING WETLANDS FOR IRRIGATION BOOMS.] A landowner may fill a wetland to accommodate wheeled booms on irrigation devices if the fill does not impede normal drainage. [105.391 s. 10]

Sec. 19. [103G.235] [RESTRICTIONS ON ACCESS TO WETLANDS.]

To protect the public health or safety, local units of government may by ordinance restrict public access to wetlands from municipality, county, or township roads that abut wetlands. [105.391 s. 9]"

*(c) St. Louis county may sell to Manson Berg, 2930 Miller Trunk Highway, Duluth: the easterly 164.1 feet of the South Half of the Northwest Quarter of the Southwest Quarter of the Southwest Quarter, Section 12, Township 50 North, Range 15 West. The adjacent property has belonged to Mr. Berg since 1978. Due to incorrect survey lines, part of Mr. Berg's trailer park along with water and sewage system was located on 1.24 acres of tax-forfeited land. This land is surrounded by private property and has no road access.*

*(d) St. Louis county may sell to Mablo Enrico, 202 First Street N.W., Chisholm: part of Outlot B, beginning at a point 83.96 feet South and 212.77 feet West of the Northwest corner, go South 47 degrees 9 minutes East 393 feet to a point on the West line of a platted road, thence South 42 degrees 51 minutes West along the west side of said road 100 feet, thence North 47 degrees 9 minutes West 396 feet to a point on the shore of Long Lake, thence in a northerly and easterly direction 100 feet to the point of beginning. *(e) St. Louis county may sell to William Moffat, P. O. Box 434, Tower: an undivided three-eighths interest in the easterly 175 feet of Government Lot 8, Section 19, Township 62 North, Range 14 West. *(f) St. Louis county may sell to Rodney and Mary Lou Halunen, 1009 1st Street South, Virginia: the North Half of Lot 8 of Ruth Ann's Acres, Little Fourteen Lake, Government Lot 1, Section 13, Township 60 North, Range 19 West. The county recommends that it be split and sold to the two landowners in paragraphs (f) and (g).*

*(g) St. Louis county may sell to Steve Prelesnik, Route 1, Box 790, Britt: the South Half of Lot 8 of Ruth Ann's Acres, Little Fourteen Lake, Government Lot 1, Section 13, Township 60 North, Range 19 West. The county recommends that it be split and sold to the two landowners in paragraphs (f) and (g).*

*The conveyance must be in a form approved by the attorney general.*

*The property that may be sold is located in St. Louis county and described as: an undivided one-half interest in Lot 23, Bass Lake Shores, that is platted as part of Government Lot 8, Section 34, Township 55, North of Range 15, West of the fourth principal meridian.*

*An undivided one-half interest of Lot 23 was forfeited for nonpayment of delinquent taxes for the years 1950 and 1953. The Mencels own the other undivided one-half interest in Lot 23 and an adjacent parcel that includes a building partially located on Lot 23. The state's interest is not manageable as an undivided interest and it would be in the public's interest to place the entire property with the Mencels.*

**Sec. 6. [STATE'S LIABILITY.]**

*The state and the rural finance authority are not liable to any eligible lending institution for payment of the principal or interest on the loan to an eligible agricultural business or eligible small business. *(b) The accuracy of the quarterly reports submitted by a participating*

*lending institution must be verified by examination of the lending institution's records when the lending institution is examined.*

*(c) A lending institution that violates or does not comply with a provision of sections 1 to 8 is subject to penalties under Minnesota Statutes, chapter 47, in the same manner as if sections 1 to 8 were provisions of chapter 47.*

**Sec. 9. [FUNDS AVAILABLE.]**

*The commissioner of finance shall specify \$200,000,000 that will not be needed for expenditures. This amount is available to the rural finance authority to approve for use for the linked deposit program and for the state board of investment to purchase certificates of deposit.*

**Sec. 10. [APPROPRIATION.]**

*Subdivision 1. [STATE INVESTMENT BOARD.] \$8,000,000 is appropriated from the general fund to the state board of investment for the linked deposit program, to be available until December 31, 1991. ## **PERMANENT RULES OF THE SENATE**

### **PARLIAMENTARY REFERENCE**

1. The rules of parliamentary practice comprised in Mason's Manual of Legislative Procedure shall govern the Senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the Senate and the joint rules and orders of the Senate and House of Representatives.

### **HOUR OF CONVENING**

2. The Senate shall convene on days of meeting at 2 o'clock p.m. unless the Senate directs otherwise.

### **PRESIDENT**

3. The President shall take the chair at the hour to which the Senate adjourned. He shall immediately call the members to order and, on the appearance of a quorum, shall proceed with the regular order of business. He shall preserve order and decorum, may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the Senate by a member. An appeal is decided by a majority vote of those present and voting. Upon an appeal from the decision of the President, the question is, "Shall the decision of the President be the judgment of the Senate?"

### **SUBSTITUTES FOR THE PRESIDENT**

4. The President may call a member to preside. In the absence of the President the Chair of the Committee on Rules and Administration, or his designee, shall preside over the Senate. In the absence of the President and the Chair, a member may be selected by the Senate to perform the duties of the President. Substitutions do not extend beyond adjournment.

### **ABSENCE OF MEMBERS**

5. No member or officer of the Senate shall be absent from a session of the Senate unless excused by the Senate.

### **DECORUM DURING BUSINESS**

When a member is speaking, no one shall pass between the member speaking and the President. No member, or other person, shall proceed to or remain by the Secretary's desk while the yeas and nays are being called or counted. No member may speak without using a microphone.

Under the order of business of Motions and Resolutions the Senate may by a majority vote of the whole Senate temporarily revert or proceed to any other order of business.

He shall place them on the Calendar in the order in which they have been acted upon in Committee of the Whole. The Calendar shall be printed and placed upon the members' desks at least one calendar day before the matters on it are considered.

### CONSENT CALENDAR

9. If a committee determines that a bill it recommends to pass is of a routine nature or otherwise of a nature which likely will not be opposed, it may in its report recommend that the bill be placed on the Consent Calendar. If the report is adopted, the bill shall be printed and placed on the Consent Calendar after its second reading. On the question of adoption of the report the question of accepting the recommendation that the bill be placed on the Consent Calendar may be divided from the question of adopting the report in other respects.

A majority of the whole Senate, or the Chair of the Committee on Rules and Administration, may order a bill on General Orders to be placed on the Consent Calendar.

The Consent Calendar consists of bills placed on it. Senate bills shall be positioned ahead of House bills. The Consent Calendar shall be printed and placed on the members' desks at least one calendar day before the matters on it are considered.

If a member objects to consideration of a bill on the Consent Calendar at any time during its consideration in the Senate before the question on

final passage is put, and that objection is supported by at least two other members, the bill shall be referred to the Committee of the Whole, and shall be placed at the bottom of General Orders subject to Rule 11, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

### SPECIAL ORDER

10. The Chair of the Committee on Rules and Administration may designate a special order for a bill that has been given its second reading.

A special order shall provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

During consideration of a special order, Rule 20 is suspended. As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions shall be that of the Committee of the Whole.

On any question a member may call for the yeas and nays which shall be entered in the Journal.

Unless it is otherwise disposed of, after consideration a bill on Special Orders of the Senate shall immediately proceed to its third reading and final passage.

### GENERAL ORDERS

11. The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate, which are referred to the Committee of the Whole, and which are not made the order of the day, for a particular day, and number them. The lists are called the "General Orders". They shall be taken up in the order in which they are numbered unless otherwise ordered by a majority of the committee.

General Orders, together with all bills included on it required to be printed under the rules or orders of the Senate, shall be printed and placed upon the members' desks at least one calendar day before being considered in Committee of the Whole.

### MOTIONS

12. When a motion is made it shall be stated by the President. If it is in writing it shall be handed to the Secretary and read to the members.

13. A motion or amendment shall be written if the President or a member requests. In that case it must be signed by *identify* the member or committee offering it.

14. After a motion is stated by the President, or read by the Secretary, it is in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

### PRECEDENCE OF MOTIONS

(Motions numbered 1, 2, 4 and 5 above shall be decided without debate.)

6. To refer.
7. To postpone to a day certain.
8. To amend.
9. To postpone indefinitely.

These several motions have precedence in the foregoing order; but when a motion for the previous question has been seconded, or the main question ordered, a motion to lay on the table is not in order.

A motion to postpone to a day certain, to refer, to postpone indefinitely, or to amend, having been decided, shall not again be put on the same day, nor at the same stage of the bill or proposition.

### **MOTION TO ADJOURN**

16. A motion to adjourn is always in order, and also a motion to adjourn to a time certain. The latter motion is debatable solely as to the time. When either motion is rejected it shall not be renewed until further business has been transacted.

### **AMENDMENTS TO RULES AND SUSPENSION OF RULES**

17. Every proposition to amend a rule of the Senate shall be referred to the Committee on Rules and Administration. The proposition shall not be acted upon until the report of the committee is received by the Senate. A rule shall not be suspended except by at least two-thirds vote of the whole Senate. A motion to suspend the rules for the purpose of advancing a bill shall be made only under the order of business, "Motions and Resolutions".

### **ORDER IN DEBATE**

18. When a member is about to speak in debate, or deliver a matter to the Senate, the member shall rise and respectfully address "Mr. President". The member shall not proceed to speak further until recognized by the President. The member shall speak only to the question under debate and avoid personality. In discussing a resolution, each member is limited to ten minutes.

19. When a member is called to order, he shall be silent until it is determined whether or not he is in order. If a member is called to order for words spoken in debate, the words excepted to shall be taken down in writing by the Secretary immediately.

20. No member shall speak more than twice on the same question on the same day without leave of the Senate.

### **COMMITTEES NOT TO BE ABSENT**

21. Committees shall not be absent from the Senate without permission of the Senate. The names of the members excused shall be printed in the Journal.

### **MEMBERS TO VOTE UNLESS EXCUSED**

22. Every member who is in the Senate Chamber during a roll call shall vote upon the request of another member unless, for special reasons, excused by the Senate.

A motion by a member to be excused from voting shall be made before the question is put. A member wishing to be excused from voting may make a brief statement of the reason for making the request and the question on the motion shall be taken without further debate.

When members have had an opportunity to vote and fail to do so, a majority of all the members of the Senate may, by motion, direct the President to close the roll. The vote on a motion to close the roll shall be taken without debate and no member is required to vote on the motion.

### **CALL OF THE SENATE**

23. A member may impose a call of the Senate requiring the attendance of all members before any further proceedings occur except a motion to adjourn. Upon the imposition of a call, a record of those present shall be obtained upon the request of any member, and the Sergeant at Arms instructed to bring in the absent members. When the Senate has been placed under call, a member may demand that the doors be closed and no member permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority vote of all the members of the Senate, or until the Senate adjourns. A majority vote of all the members of the Senate may excuse from attendance members not answering the call.

A call cannot be made after voting has commenced.

### **QUESTIONS—HOW STATED AND DECIDED**

24. Questions shall be distinctly put. The President shall declare all votes but if a member rises to question a vote, the President shall order a division.

### **ONLY MEMBERS PRESENT TO VOTE**

25. Upon a division and count of the Senate on a question, only members present in the Senate Chamber shall be counted. No member may vote on a question except at the member's own seat in the Chamber.

### **ANY MEMBER MAY DEMAND YEAS AND NAYS**

26. At any time prior to the start of voting on a question, a member may call for the yeas and nays which shall be entered in the Journal. A call for the yeas and nays cannot be interrupted except as provided in Rule 22.

### **AUTHORIZED ELECTRICAL VOTING DEVICE**

27. Unless otherwise ordered, a vote, except upon elections and upon the overriding of a governor's veto, may be taken by means of the electrical voting system which is under the control of the President.

### **CERTIFICATE FOR MONEY**

28. No certificate authorizing the payment of money appropriated by the Legislature shall be issued by the Secretary by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of all members of the Senate upon a call of the yeas and nays.

### **THE PREVIOUS QUESTION**

29. Unless the motion for the previous question is made specifically applicable to a subsidiary motion, the previous question shall be in this form:

“Shall the main question now be put?” It shall only be admitted when demanded by a majority of the members present, and its effect is to put an end to all debate, and bring the Senate to a direct vote upon amendments reported by a committee, if any, then upon all pending amendments in their order and then upon the main question.

On a motion for the previous question a call of the Senate is in order before the President submits the question to the Senate.

On a previous question there is no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending the motion, shall be decided, whether on appeal or otherwise, without debate.

### **DIVISION OF QUESTION**

30. A member may call for a division of the question when the question will admit of it. A motion to strike out and insert is indivisible. A motion to strike out being lost does not preclude an amendment nor a motion to strike out and insert.

### **RECONSIDERATION**

31. When a motion or question has been once put and carried in the affirmative or negative, it is in order for a member who voted with the prevailing side to move for reconsideration on the same day on which the vote was taken or within the next two calendar days or, if later, the first day the Senate meets after the vote was taken. The motion takes precedence over all other questions except a motion to adjourn or recess. When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day the Senate meets except as provided in this rule. When notice of intention to move reconsideration of the final action of the Senate on a question is given by a member, the Secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

During the six calendar days before the first Tuesday following the third Saturday in May of any year a notice of intention to move for reconsideration is not in order, but a motion to reconsider may be made and have priority over all other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

### INTRODUCTION OF BILLS

32. Bills, memorials, concurrent or joint resolutions may be introduced by a member or by order of the Senate on a report of a committee. An original and three copies are required for introduction. The number of authors shall not exceed five. A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall place it in the hands of the Secretary, and the Secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the President who shall present them to the Senate.

The name of the author or authors shall be prefixed to each bill, memorial or resolution and the name of a committee introducing a bill, memorial or resolution shall be endorsed on it.

### RECESS BILL INTRODUCTIONS

33. During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, a bill filed with the Secretary for introduction shall be given a file number and may be unofficially referred by the President, with the approval of the Chair of the Committee on Rules and Administration, to an appropriate standing committee of the Senate. All bills filed for introduction during this period shall be presented to the Senate when it reconvenes and shall be referred to the standing committees previously indicated by the President, subject to objection under Rule 35.

### REPORTING OF BILLS

34. Every bill, memorial, order, resolution or vote requiring the approval of the Governor shall be reported to the Senate on three different days previous to its passage. The first report, called the first reading, is made when it has been received for introduction; the second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate; the third report, called the third reading, is made when it is ready for final passage.

### REFERRING OF BILLS

35. All bills shall be referred by the President without motion to the proper standing committee unless otherwise referred by the Senate. A bill introduced by a committee need not be referred to a standing committee unless a question arises but rather shall lie over one day before being given its second reading. When a question arises concerning the proper reference of a bill during the order of business of first reading on the day of introduction or at the time of report on it by a standing committee to which the bill was previously referred, the bill shall be referred without debate to the Committee on Rules and Administration to report the proper reference, and upon adoption of the report of the Committee on Rules and Administration, it shall be referred accordingly.

All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, shall, before passage, be referred to the Committee on Finance.

*All bills delegating emergency rulemaking to a department or agency of state government and all bills exempting a department or agency of state government from rulemaking, when referred to and reported by any other than the Committee on Governmental Operations, shall, before passage, be referred to the Committee on Governmental Operations.*

36. No bill or resolution shall be referred to committee or amended until it has been given its first reading. No bill or resolution shall be objected to on its introduction.

### AMENDMENTS TO BE GERMANE

37. An amendment proposed to the Senate or to the Committee of the Whole that is not germane is out of order. A non-germane amendment includes one that relates to a substantially different subject, or is intended to accomplish a substantially different purpose than that of the original bill to which it is proposed. Whether an amendment is germane is a question to be decided by the President, who may put the question to the body if he chooses.

### AMENDMENTS TO BILLS

38. In drawing an amendment to a bill or resolution reference shall be made therein, first to the number of the bill, then to the page, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted.

### AMENDMENTS TO TITLE

39. The title to a bill may be amended at any time during its pendency in the Senate.

### RECALL FROM COMMITTEE

40. With the concurrence of the first author of the bill, a majority of the Senate may at any time recall a bill from any committee or take a bill from the table and place it on General Orders.

By a report of the Committee on Rules and Administration adopted by the Senate, the Committee on Rules and Administration, on request of the first author, may remove a bill from committee and re-refer it to any other committee or place it on General Orders.

### DISTRIBUTION AND PRINTING OF BILLS

41. To the extent practical the Secretary shall provide a copy of any bill to the public. He may charge a reasonable fee.

Unless otherwise ordered by the Senate, all Senate bills which have been reported upon favorably or without recommendation by a committee shall be printed prior to consideration by the Senate or the Committee of the Whole. ~~A committee chair, a majority of the last committee to consider a bill, or the Senate may require that~~ A House bill amended by the Senate *must* be unofficially engrossed and printed when placed on General Orders. A bill may be printed by order of the Secretary when amended after second reading. A bill shall be printed when ordered by a majority vote of the Senate. Action by the Senate on a bill which has not been printed is a waiver of the printing requirement.

### COMMITTEE OF THE WHOLE

42. All bills, memorials, orders, resolutions and votes requiring the approval of the Governor shall, after a second reading, be considered in Committee of the Whole before they are finally acted upon by the Senate, except as provided for in Rules 9 and 10.

43. The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole. The rules observed in the Senate govern, as far as practicable, the proceedings of the Committee of the Whole, and the Chair of the Committee of the Whole has the powers of the President, as appropriate. However, a member may speak more than twice on the same subject and a call for the previous question cannot be made. The yeas and nays shall be taken only upon the request of three members, and when taken shall be recorded in the Journal along with the amendment; provided, however, that a member may, with the approval of the Chair of the Committee on Rules and Administration, submit a description of the amendment for printing. In those cases the Secretary shall retain in the minutes of the Committee of the Whole the full text of the amendment.

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If a recommendation contains a proposed amendment of a bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question is on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the Calendar.

### AMENDMENT ON THIRD READING

45. No amendment is in order on third reading without the unanimous consent of the Senate unless it fills a blank, amends the title as provided by Rule 39, is proposed to the chief author of the bill by the Revisor of Statutes to correct technical defects found by the Revisor while engrossing earlier amendments to the bill, or is proposed to a bill on the Consent Calendar before the bill is given its third reading.

In filling blanks, the largest sum, the longest time and the greatest distance shall be first taken.

### MOTION TO REFER

46. A bill or resolution may be referred to committee at any time prior to its passage, and if an amendment is reported on the referral to any other than the Committee of the Whole, it shall again be read the second time, considered in Committee of the Whole, read the third time and placed on final passage. If the referral is to the Committee of the Whole it shall be placed at the head of General Orders, except when the referral is under Rule 9.

### FINAL PASSAGE

47. The final question upon a bill or other matter requiring action by both Houses after its first and second reading, and after the consideration in Committee of the Whole, is upon its final passage.

### TRANSMITTING OF BILLS TO THE HOUSE

48. Except as provided in Rule 31, immediately after the passage of a bill or other matter in which the concurrence of the House of Representatives is requested, the Secretary shall transmit it to the House. On the concurrence of a bill or other matter of the House by the Senate, or on the concurrence or disagreement in a vote of the House, the Secretary shall notify the House.

### COMPARISON AND SUBSTITUTION OF BILLS

49. Unless there is a motion by the Chair of the Committee on Rules and Administration or objection under Rule 35, a House bill, after its first reading, shall be referred as follows:

(a) If there is no Senate companion bill, the House bill shall be referred to the appropriate standing committee;

(b) If there is a Senate companion bill, the House bill shall be referred to the standing committee possessing the Senate companion;

(c) If the Senate companion bill has been reported to the Senate, the House bill shall be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report shall recommend that the House bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee shall so state and recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended shall be given its second reading and substituted for the Senate companion bill and the Senate companion bill shall be indefinitely postponed.

Reports of the Committee on Rules and Administration pursuant to this rule shall be prepared and submitted on behalf of the committee by the Secretary.

A House bill placed on the Calendar by substitution shall not be given its third reading on the same day as the substitution.

### ENGROSSING AND ENROLLING OF BILLS

50. All engrossing and enrolling of bills shall be done at the direction and under authority of the Senate.

Every bill, memorial, order or resolution originating in the Senate shall be carefully engrossed before being transmitted to the House of Representatives for concurrence.

All bills shall be carefully enrolled under the supervision of the Committee on Rules and Administration, which may report to the Senate at any time on the enrollment of bills.

### DISPOSITION OF BILLS ON ADJOURNMENT

51. Adjournment of the regular session in an odd-numbered year to a date certain in the following year shall be equivalent to daily adjournment,

except that a bill on the Calendar, Consent Calendar, or General Orders shall be returned to the standing committee other than the Committee on Rules and Administration from which it was last reported to the Senate, unless otherwise provided for by motion prior to adjournment. Bills returned to committee pursuant to this rule shall, upon request of the author, be given priority for consideration by the committee ahead of all other bills in the order in which they appeared on the Calendar, Consent Calendar, or General Orders.

### **PETITIONS AND OTHER COMMUNICATIONS**

52. In presenting a petition, memorial, remonstrance or other communication addressed to the Senate, a member shall only state the general purpose of it.

Every petition, memorial, remonstrance, resolution, bill and report of committee, shall have an appropriate title, and the name of the member presenting it written on it.

### **RESOLUTIONS**

53. Memorial resolutions addressed to the President or the Congress of the United States, or a house or member of Congress, or a department or officer of the United States, or a state or foreign government, joint resolutions, and resolutions requiring the signature of the Governor shall follow the same procedure as bills before being adopted.

Upon a member giving notice of intention to debate a resolution not required to follow the same procedure as bills and not offered by the Committee on Rules and Administration, the resolution shall lie over one calendar day without debate or other action. Upon the request of a member, the resolution shall be referred to the proper committee. Whenever a question arises concerning the proper reference the procedure provided by Rule 35 applies.

### **CONFIRMATIONS**

54. Every gubernatorial appointment requiring the advice and consent of the Senate shall be referred by the President to the appropriate committee. If a question arises as to the proper committee, the appointment shall be referred without debate to the Committee on Rules and Administration for a report making the proper reference.

The final question on the appointment is, "Will the Senate, having given its advice, now consent to this appointment?" The question shall not be put the same day the appointment is received or on the day it is reported by committee unless by unanimous consent.

### **SIGNING OF ACTS, RESOLUTIONS**

55. In addition to his duties under Rule 3, the President shall sign all acts, memorials, addresses and resolutions. All writs, warrants and subpoenas issued by the Senate shall be signed by the President and attested by the Secretary. Upon a finding by the Committee on Rules and Administration that the President refuses or is unable to sign any of the documents described in this rule, the Chair of the Committee on Rules and Administration, or some other member selected by the committee shall assume

the duties of the President under this rule until the President is able to sign the documents described or until the Senate elects a new President, whichever occurs first.

### APPOINTMENT OF COMMITTEES

56. The majority and minority shall each be represented on all standing committees of the Senate *substantially in proportion to their numbers in the Senate*. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group shall be given adequate notice about its positions prior to the commencement of the session. Both the majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee. The minority group shall transmit notice of its assignments to the majority group within ten calendar days after receipt of the notice of positions available. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee assignments.

The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority. The uniform criteria shall be promulgated by the majority group and transmitted to the minority group together with notification of committee positions available to the minority.

Committee assignments as made by the majority and minority groups shall be followed by the Senate in the resolution establishing representation on all Senate standing committees.

After the organization of the Senate, all committees of the Senate and members of commissions to be appointed by the Senate authorized by rule, statute, resolution or otherwise, shall be appointed by the Subcommittee on Committees of the Committee on Rules and Administration, unless otherwise provided, subject to confirmation by the Senate. In the appointment of members of conference committees between the two houses, the Subcommittee on Committees of the Committee on Rules and Administration of the Senate shall appoint those who are in accord with the position of the Senate, and whenever practical, give preference to authors of bills in dispute and to members of standing committees in which the bills were considered.

Copies of Senate tapes shall be available to the public from the Secretary, for a fee determined by the Secretary to be adequate to cover the cost of preparing the copies. A copy shall be provided free to a member of the Senate upon request for use in legislative business. Upon a finding of probable cause, further proceedings on the complaint are open to the public. S.F. No. 784: A bill for an act relating to commerce; prohibiting car rental companies from holding renters liable for damages, except under certain circumstances; proposing coding for new law in Minnesota Statutes, chapter 325E.

Reports the same back with the recommendation that the bill be amended as follows:

Page 1, after line 6, insert:

“Section 1. Minnesota Statutes 1988, section 65B.49, subdivision 5a, is amended to read:

Subd. 5a. [RENTAL VEHICLES.] (a) Every plan of reparation security insuring a natural person as named insured, covering private passenger vehicles as defined under section 65B.001, subdivision 3, must provide that all of the obligation for damage and loss of use to a rented vehicle would be covered by the property damage liability portion of the plan. The obligation of the plan must not be contingent on fault or negligence. In all cases where the plan's property damage liability coverage is less than \$25,000, the coverage available under the subdivision must be \$25,000. Other than as described in this paragraph, nothing in this section amends or alters the provisions of the plan of reparation security as to primacy of the coverages in this section.

(b) A vehicle is rented for purposes of this subdivision if the rate for the use of the vehicle is determined on a weekly or daily basis. A vehicle is not rented for purposes of this subdivision if the rate for the vehicle's use is determined on a monthly or longer period.

(c) The policy or certificate issued by the plan must inform the insured of the application of the plan to rental vehicles and that the insured may not need to purchase additional coverage from the rental company.

(d) Where an insured has two or more vehicles covered by a plan or plans of reparation security containing the rented motor vehicle coverage required under paragraph (a), the insured may select the plan the insured wishes to collect from and that plan is entitled to a pro rata contribution from the other plan or plans based upon the property damage limits of liability. If the person renting the motor vehicle is also covered by the

person's employer's insurance policy or the employer's automobile self-insurance plan, the reparation obligor under the employer's policy or self-insurance plan has primary responsibility to pay claims arising from use of the rented vehicle.

(e) A notice advising the insured of rental vehicle coverage must be given by the reparation obligor to each current insured with the first renewal notice after January 1, 1989. The notice must be approved by the commissioner of commerce. The commissioner may specify the form of the notice.

~~(f) When a motor vehicle is rented or leased in this state on a weekly or daily basis, there must be attached to the rental contract a separate form containing a written notice in at least 10-point bold type, if printed, or in capital letters, if typewritten, which states:~~

~~Under Minnesota law, a personal automobile insurance policy issued in Minnesota must cover the rental of this motor vehicle against damage to the vehicle and against loss of use of the vehicle. Therefore, purchase of any collision damage waiver or similar insurance affected in this rental contract is not necessary if your policy was issued in Minnesota.~~

~~No collision damage waiver or other insurance offered as part of or in conjunction with a rental of a motor vehicle may be sold unless the person renting the vehicle provides a written acknowledgment that the above consumer protection notice has been read and understood.~~

(g) When damage to a rented vehicle is covered by a plan of reparation security as provided under paragraph (a), the rental contract must state that payment by the reparation obligor within the time limits of section 72A.201 is acceptable, and prior payment by the renter is not required.

~~(h)~~ (g) To be compensated for the loss of use of a damaged rented motor vehicle, the car rental company must prove:

- (1) that had the vehicle been available, it would have been rented; and
- (2) that no other vehicle was available for rental in place of the damaged vehicle.

The standard of proof set forth in this paragraph does not limit the responsibility of a reparation obligor to provide an insured with coverage for any loss of use for which the reparation obligor is otherwise responsible. A car rental company may be compensated for loss of use of a damaged rental motor vehicle only for the period when the damaged car actually would have been rented."

Ms. Berglin from the Committee on Health and Human Services, to which was referred

S.F. No. 235: A bill for an act relating to health, human services, and corrections; establishing requirements to prevent overconcentration of residential facilities; requiring county plans for the dispersal and downsizing of facilities in overconcentrated areas; limiting municipal zoning restrictions on certain residential facilities; proposing coding for new law in Minnesota Statutes, chapters 245A and 462; repealing Minnesota Statutes 1988, sections 245A.11; and 462.357, subdivisions 6a, 7, and 8.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [245A.111] [OVERCONCENTRATION AND DISPERSAL OF RESIDENTIAL PROGRAMS.]

*Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:*

(a) [STATE-LICENSED RESIDENTIAL FACILITY.] “State-licensed residential facility” means a program or facility licensed by the commissioner of health, the commissioner of human services, or the commissioner of corrections to provide lodging in conjunction with monitoring, supervision, treatment, rehabilitation, habilitation, education, or training of the residents in the facility. “State-licensed residential facility” does not include:

(1) a foster care program operated in the permanent residence of the license holder, or in which a client or the client’s guardian owns, rents, or leases the home;

(2) a motel, hotel, or board and lodging facility licensed by the commissioner of health, unless the facility receives more than 50 percent of its residents under a contract or other arrangement with the state or a local government human services agency to provide lodging for people who are mentally ill or chemically dependent, or who have other human services needs;

(3) a hospital or nursing home licensed only by the commissioner of health;

(4) a regional treatment center operated by the commissioner of human services;

(5) a municipal, county, or regional jail, workhouse, or juvenile detention facility, or a state correctional program operated by the commissioner of corrections;

(6) semi-independent living services for persons with mental retardation or related conditions or mental illness, if the license holder has no financial or ownership interest in the housing used by persons receiving the semi-independent living services;

(7) a residential school operated by the commissioner of education; or

(8) a facility described in section 256B.431, subdivision 4, paragraph (c).

(b) [FREESTANDING FOSTER CARE PROGRAM.] “Freestanding foster care program” means a foster care program that is licensed by the

*commissioner of human services and that is not operated in the permanent residence of the license holder.*

(c) [OVERCONCENTRATED AREA.] *“Overconcentrated area” means a municipality or planning district with more than one percent of its population residing in state-licensed residential facilities. If a municipality has planning districts, the concentration percentage is determined for each district and not for the municipality as a whole. Municipal population is determined using the figures reported annually by the state demographer.*

(d) [NURSING HOME.] *“Nursing home” has the meaning given in section 256B.421, subdivision 7.*

*Subd. 2. [REQUIREMENTS FOR SITING OF RESIDENTIAL PROGRAMS.] (a) In order to protect residents of state-licensed residential facilities from the potential detrimental impact of an overconcentration of facilities and to preserve the character of residential neighborhoods, the following requirements apply to the locations of state-licensed residential facilities:*

*(1) for facilities other than freestanding foster care programs, the facility must not be located within 450 feet of an existing freestanding foster care program or within 1,320 feet of another state-licensed residential facility or a facility described in subdivision 1, paragraph (a), clause (8);*

*(2) for freestanding foster care programs, the program must not be located within 450 feet of an existing state-licensed residential facility, including another freestanding foster care program, or a facility described in subdivision 1, paragraph (a), clause (8);*

*(3) the facility must not be located within an overconcentrated area; and*

*(4) if the facility will be located in a multiple-family dwelling and does not have exclusive use of the dwelling, a total of no more than 25 percent of the units or the floor area in the building may be used by the facility. In the case of two- to four-family dwellings, if the facility does not have exclusive use of the dwelling, no more than one of the units may be used by the facility.*

*(b) At the joint request of a county and a city or town, the licensing commissioner may waive one or more of the requirements of paragraph (a) if the commissioner is satisfied that the waiver will not be detrimental to the residents of affected facilities. A city or town may not submit a request for a waiver under this paragraph unless the local governing body has approved the request using the procedures for granting conditional use permits.*

*Subd. 3. [INITIAL LICENSES.] The commissioner of human services, the commissioner of health, and the commissioner of corrections shall not issue an initial license to an applicant for licensure as a state-licensed residential facility unless the facility satisfies the requirements of subdivision 2.*

*Subd. 4. [DISPERSAL OF OVERCONCENTRATED PROGRAMS.] (a) By July 1, 1990, every county shall report to the commissioner of human services on the number, location, and type of state-licensed residential facilities located in the county and the extent to which the existing locations of the facilities satisfy the requirements of subdivision 2. If the existing locations of facilities do not satisfy the requirements of subdivision 2, the*

county shall submit with the report a plan for the dispersal, downsizing, and future siting of state-licensed residential facilities. A county may prepare a joint plan with other contiguous counties. In developing the plan, the counties shall solicit the participation of license holders, local zoning and land use planning authorities, consumers, advocacy groups, and the general public. The plan must be designed to achieve the objectives of this section and must include:

(1) specific target neighborhoods, data describing the extent to which each of the target neighborhoods is overconcentrated, and the addresses and licensed capacity of facilities in the target neighborhoods;

(2) a description of the specific actions the county will take to bring the county's state-licensed residential facilities into full compliance with subdivision 2 by January 1, 1996, including changes in client placement policies and procedures, the levels of concentration that will be achieved, timeliness for achieving target levels of concentration, and the agency or agencies that will be responsible for carrying out each action;

(3) identification of priority areas for the siting of new facilities, including a description of the existing level of concentration in priority areas and the level of concentration that will exist after full implementation of the plan;

(4) specific plans for community and neighborhood education and public relations efforts to ease siting of facilities;

(5) a mechanism for soliciting and recording complaints about state-licensed residential facilities to be used in making decisions about dispersal, downsizing, and the awarding of county contracts, including samples of forms that will be used, methods for collecting information, and the objective criteria that will be used in decision making;

(6) plans for the coordinated development of related services, including projections of services that will be needed, a description of existing services in the priority areas for siting new facilities, timeliness for developing needed services, a description of the methods that will be used to develop services, and the agency or agencies that will be responsible for developing needed services;

(7) the annualized, detailed costs of implementing the plan on forms provided by the commissioner;

(8) a statement of the standards and criteria that will be used to monitor and evaluate the implementation of the dispersal plan;

(9) provisions to ensure that no person in a state-licensed residential facility will be displaced as a result of the plan until a relocation plan has been implemented that provides for an acceptable alternative placement; and

(10) for counties required to submit plans, an annual report on the county's progress toward substantial compliance with the plan which is due on July 1 of each year following July 1, 1990.

(b) By September 1, 1989, the commissioner must provide counties with planning guidelines for preparing the plans and reports. The commissioner shall approve plans and reports required under paragraph (a) if they conform with the requirements of paragraph (a), they are prepared using forms and in a manner prescribed by the commissioner, and the commissioner

determines that the plan will achieve the objectives of this section. The guidelines must be developed in consultation with the commissioners of health and corrections. The commissioner of human services shall provide copies of all plans and reports received under this subdivision to the commissioners of health and corrections. The commissioner of human services may not approve a county plan unless the plan has been approved by the commissioners of health and corrections. Within 90 days after receiving a plan or report, the commissioner shall certify whether the plan or report satisfies the requirements of this section.

(c) The commissioner may order a county that has not submitted a plan or report required under paragraph (a) to pay a fine. The commissioner shall notify the affected county of the order to pay the fine. The notice must be in writing and delivered by certified mail or personal service to the chair of the county board of commissioners or county human service board. The notice must state the reasons for ordering the fine. The notice must inform the county of the right to a contested case hearing under chapter 14. The county may appeal the commissioner's order by notifying the commissioner, by certified mail, within ten calendar days after receiving the commissioner's order.

(d) After January 1, 1991, the commissioner may order a county to pay a fine if the county does not have an approved plan. The notice and appeal provisions of paragraph (c) apply to orders issued under this paragraph.

(e) After July 1, 1991, the commissioner may order a county to pay a fine if the commissioner determines that the county has failed to make good faith efforts to implement the plan. The notice requirements of paragraph (c) apply to fines ordered under this paragraph. The notice must state the reasons for the commissioner's determination and must identify the specific actions the county must take to implement the plan. The notice must also include a timetable that sets deadlines for each required action that must be taken by the county to implement the plan. If the county fails to meet a deadline set in the commissioner's notice, the commissioner may order the county to pay an additional fine. The appeal provisions of paragraph (c) apply to fines ordered under this paragraph.

(f) The amount of the fine to be imposed by the commissioner under this section for noncompliance is ten percent of the county's annual allocation under chapter 256E, the community social services act, or \$10,000, whichever is less.

(g) After January 1, 1991, the commissioner may develop or arrange for the development of a plan for any county that does not have an approved plan, and may impose the plan upon the county. The commissioner shall calculate the actual cost of the development of the plan and withhold an equivalent amount from the community social services act funding or state administrative aids for any county affected by the plan.

(h) After January 1, 1991, the commissioner of human services, the commissioner of health, and the commissioner of corrections shall not issue or renew a residential facility license unless the county has certified that issuing or renewing the license is consistent with the county's plan developed under this subdivision. If the county is not required to have a plan, it must certify that the facility meets the standards outlined in subdivision 2. The county shall respond to a commissioner's request for certification within 15 calendar days after receiving the request.

(i) *The commissioner may not order a county to pay a fine under paragraph (e) for failure to implement a plan unless the legislature has taken action regarding the costs of implementing the plan. Beginning January 1, 1991, the commissioner shall provide an annual report to the legislature on the estimated costs to the state, counties, and providers of implementing county plans, including recommendations regarding appropriations of money and other legislative action that will be needed for full implementation of the plans by the deadlines established in this section.*

**Subd. 5. [RELOCATION PLANS FOR DISPLACED RESIDENTS.]** *No person in a state-licensed residential facility may be displaced as a result of this section until a relocation plan has been implemented that provides for an acceptable alternative placement.*

**Subd. 6. [INITIAL LICENSES ISSUED BEFORE REPORTS AND PLANS ARE SUBMITTED.]** *For the period beginning on the effective date of this section and ending June 30, 1990, if the licensing commissioner notifies a municipality under section 2, subdivision 3, of a pending application for an initial license for a residential program proposed to be located in the municipality and the municipality does not provide the commissioner with information that shows that the facility would violate the requirements of subdivision 2, the commissioner may issue an initial license without further verification that the requirements of subdivision 2 are satisfied.*

**Sec. 2. [462.3575] [REQUIREMENTS FOR HUMAN SERVICES, HEALTH, AND CORRECTIONAL RESIDENTIAL PROGRAMS.]**

**Subdivision 1. [HUMAN SERVICES PROGRAMS.]** (a) *It is the policy of this state that persons in need of residential services from programs licensed by the commissioner of human services should not be excluded from the benefits of normal residential surroundings by municipal zoning ordinances, comprehensive municipal plans, regional development plans, or other land use plans or regulations.*

(b) *A residential program licensed by the commissioner of human services with a licensed capacity of six or fewer persons is a permitted use of property in districts where one- and two-family dwellings are allowed. The program must not be subjected to conditional or special use requirements for the purposes of zoning and other land use plans or regulations. A town, municipality, or other local government authority may only impose conditions or requirements on the property that apply to all one- or two-family properties in that zoning district.*

(c) *A residential program licensed by the commissioner of human services with a licensed capacity of 16 or fewer persons is a permitted use of property in districts where multiple family dwellings are allowed. The program must not be subjected to conditional or special use requirements for the purposes of zoning and other land use plans or regulations. A town, municipality, or other local government authority may only impose conditions or requirements on the property that apply to all multiple-family properties of similar size in that zoning district.*

(d) *Nothing in this section requires local governments to allow one- or two-family dwellings in multiple-family districts.*

**Subd. 2. [CORRECTIONS PROGRAMS.]** *A residential program licensed by the commissioner of corrections with a licensed capacity of 50 or fewer residents is a permitted use of property in zones in which a hotel or motel is allowed and is not subject to conditional or special use requirements*

*for the purposes of zoning and other land use plans or regulations, provided the program is not located within 750 feet of any residential use of property. A town, municipality, or other local government authority may only impose conditions or requirements on the program that apply to similar uses in the zoning district.*

*Subd. 3. [NOTIFICATION OF MUNICIPALITIES.] The commissioner of human services, the commissioner of health, and the commissioner of corrections shall notify a municipality of a pending application for an initial license or license renewal for a residential program located within the municipality. The notice must be provided at least 45 days before the license is issued or renewed and must solicit the written comments of the municipality regarding the appropriateness of the zoning district, distance or concentration issues arising under section 1, and other matters of concern to the municipality. This subdivision does not limit the authority of the commissioner to issue or renew a license if at least 45 days' notice was provided.*

*Subd. 4. [CONCILIATION CONFERENCE.] An applicant or license holder who has been denied a conditional or special use permit to operate a residential program licensed by the commissioner of health, the commissioner of human services, or the commissioner of corrections, or who believes that the zoning or land use planning authority or other local government authority has imposed conditions on the use of property in violation of this section, may request a review of the decision by submitting a written request for review to the local government authority within ten days after the date of receiving notice of the authority's action to require or to deny a permit or to impose conditions on the use of property. Upon receipt of the request for review, the local government authority shall notify the appropriate licensing commissioner of the request and schedule a conciliation conference. The local government authority shall notify the applicant or license holder, the county, and the commissioner of the time, date, and location of the conciliation conference. The conference must occur within 30 days after receipt of the request for review. The commissioner shall assign a trained conciliator to be present at the conciliation conference and assist in the resolution of the dispute without judicial review. Within five days after the conciliation conference, the local government authority must give the applicant or license holder, the county, and the commissioner written notice, by certified mail, of the final action it will take, when the action will be taken, and the applicant or license holder's right to appeal the final action.*

(7) if the court believes that it is in the best interests of the child and of public safety that the child's driver's license be canceled, the court may recommend to the commissioner of public safety that the child's license be canceled for any period up to the child's 18th birthday. The commissioner is authorized to cancel the license without a hearing. At any time before the expiration of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize; or

(8) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

Sec. 3. Minnesota Statutes 1988, section 260.221, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY AND INVOLUNTARY.] The juvenile court may upon petition, terminate all rights of a parent to a child in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child. Abandonment is presumed when:

(i) the parent has had no contact or merely incidental contact with the child for six months in the case of a child under six years of age, or for 12 months in the case of a child ages six to 11; and

(ii) the social service agency has made reasonable efforts to facilitate contact, unless the parent establishes that an extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from making contact with the child. This presumption does not apply to children whose custody has been determined under chapter 257 or 518. The court is not prohibited from finding abandonment in the absence of this presumption; or

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the

parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental, or emotional health and development, if the parent is physically and financially able, and reasonable efforts by the social service agency have failed to correct the conditions that formed the basis of the petition; or

(3) That a parent has been ordered to contribute to the support of the child or financially aid in the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; or

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental, or emotional needs of the child; or

(5) That following upon a determination of *neglect or dependency*, or of a child's need for protection or services, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child under the age of 12 has resided out of the parental home under court order for more than one year following an adjudication of dependency, neglect, *need for protection or services* under section 260.015, subdivision 2a, clause (1), (2), (6), (8), or (9), or neglected and in foster care, and an order for disposition under section 260.191, including adoption of the case plan required by section 257.071;

(ii) conditions leading to the determination will not be corrected within the reasonably foreseeable future; and

(iii) reasonable efforts have been made by the social service agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year after a child has been placed out of the home; or

(6) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.26 and either the person has not filed a notice of intent to retain parental rights under section 259.261 or that the notice has been successfully challenged; or

(7) That the child is neglected and in foster care.

Sec. 4. Minnesota Statutes 1988, section 260.221, subdivision 3, is amended to read:

Subd. 3. [WHEN PRIOR FINDING REQUIRED.] For purposes of subdivision 1, clause (b), no prior judicial finding of dependency, neglect, *need for protection or services*, or neglected and in foster care is required, except as provided in subdivision 1, clause (b), item (5).

The regulations shall be uniform for each class or kind of buildings, structures or land and for each class or kind of use throughout such district, but the regulations in one district may differ from those in other districts. The ordinance embodying these regulations shall be known as the zoning ordinance and shall consist of text and maps. A city may by ordinance extend the application of its zoning regulations to unincorporated territory located within two miles of its limits in any direction, but not in a county or town which has adopted zoning regulations; provided that where two or more noncontiguous municipalities have boundaries less than four miles apart, each is authorized to control the zoning of land on its side of a line equidistant between the two noncontiguous municipalities unless a town or county in the affected area has adopted zoning regulations. Any city may thereafter enforce such regulations in the area to the same extent as if such property were situated within its corporate limits, until the county or town board adopts a comprehensive zoning regulation which includes the area.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1988, section 84.911, subdivision 1, is amended to read:

Subdivision 1. [MANDATORY CHEMICAL TESTING.] A person who operates or is in physical control of a snowmobile or all-terrain vehicle anywhere in this state or on the ice of any boundary water of this state is required, subject to the provisions of this section, to take or submit to a test of the person's blood, breath, or urine for the purpose of determining the presence and amount of alcohol or a controlled substance. The test shall be administered at the direction of an officer authorized to make arrests under section 84.91, subdivision 2. Taking or submitting to the test is mandatory when requested by an officer who has probable cause to believe the person was operating or in physical control of a snowmobile or all-terrain vehicle in violation of section 84.91, subdivision 1, paragraph (a), and one of the following conditions exists:

(1) the person has been lawfully placed under arrest for violating section 84.91, subdivision 1, paragraph (a);

(2) the person has been involved while operating a snowmobile or all-terrain vehicle in an accident resulting in property damage, personal injury, or death;

(3) the person has refused to take the preliminary screening test provided for in section 84.91, subdivision 3; or

(4) the screening test was administered and recorded an alcohol concentration of ~~0.10~~ 0.08 or more.

Sec. 2. Minnesota Statutes 1988, section 169.121, subdivision 1, is amended to read:

Subdivision 1. [CRIME.] It is a misdemeanor for any person to drive, operate, or be in physical control of any motor vehicle within this state or upon the ice of any boundary water of this state:

(a) when the person is under the influence of alcohol;

(b) when the person is under the influence of a controlled substance, as defined in section 152.01, subdivision 4;

(c) when the person is under the influence of a combination of any two or more of the elements named in clauses (a), (b), and (f);

(d) when the person's alcohol concentration is ~~0.10~~ 0.08 or more;

(e) when the person's alcohol concentration as measured within two hours of the time of driving is ~~0.10~~ 0.08 or more; or

(f) when the person is knowingly under the influence of any chemical compound or combination of chemical compounds that is listed as a hazardous substance in rules adopted under section 182.655 and that affects the nervous system, brain, or muscles of the person so as to substantially impair the person's ability to drive or operate the motor vehicle.

Sec. 3. Minnesota Statutes 1988, section 169.121, subdivision 2, is amended to read:

Subd. 2. [EVIDENCE.] Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for driving, operating, or being in physical control of a motor vehicle in violation of subdivision 1, the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by an analysis of those items.

For the purposes of this subdivision:

(a) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(b) evidence that there was at the time an alcohol concentration of more than 0.05 and less than ~~0.10~~ 0.08 is relevant evidence in indicating whether or not the person was under the influence of alcohol.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section or an ordinance in conformity with it.

If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 1, clause (e), that the defendant consumed a sufficient quantity of alcohol after the time of actual driving, operating, or physical control of a motor vehicle and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed ~~0.10~~ 0.08. Provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person violated this section, including tests obtained more than two hours after the alleged violation and results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample, as defined in section 169.123, subdivision 2b, paragraph (b).

Sec. 4. Minnesota Statutes 1988, section 169.123, subdivision 2, is amended to read:

Subd. 2. [IMPLIED CONSENT; CONDITIONS; ELECTION AS TO TYPE OF TEST.] (a) Any person who drives, operates, or is in physical control of a motor vehicle within this state or upon the ice of any boundary water of this state consents, subject to the provisions of this section and section 169.121, to a chemical test of that person's blood, breath, or urine for the purpose of determining the presence of alcohol or a controlled substance. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has probable cause to believe the person was driving, operating, or in physical control of a motor vehicle in violation of section 169.121 and one of the following conditions exist: (1) the person has been lawfully placed under arrest for violation of section 169.121, or an ordinance in conformity with it; or (2) the person has been involved in a motor vehicle accident or collision resulting in property damage, personal injury, or death; or (3) the person has refused to take the screening test provided for by section 169.121, subdivision 6; or (4) the screening test was administered and recorded an alcohol concentration of ~~0.10~~ 0.08 or more.

(b) At the time a test is requested, the person shall be informed:

(1) that Minnesota law requires the person to take a test to determine if the person is under the influence of alcohol or a controlled substance;

(2) that if testing is refused, the person's right to drive will be revoked for a minimum period of one year or, if the person is under the age of 18 years, for a period of one year or until the person reaches the age of 18 years, whichever is greater;

(3) that if a test is taken and the results indicate that the person is under the influence of alcohol or a controlled substance, the person will be subject to criminal penalties and the person's right to drive may be revoked for a minimum period of 90 days or, if the person is under the age of 18 years, for a period of six months or until the person reaches the age of 18 years, whichever is greater;

(4) that after submitting to testing, the person has the right to consult with an attorney and to have additional tests made by someone of the person's own choosing; and

(5) that if the person refuses to take a test, the refusal will be offered into evidence against the person at trial.

(c) The peace officer who requires a test pursuant to this subdivision may direct whether the test shall be of blood, breath, or urine. Action may be taken against a person who refuses to take a blood test only if an alternative test was offered and action may be taken against a person who refuses to take a urine test only if an alternative test was offered.

Sec. 5. Minnesota Statutes 1988, section 169.123, subdivision 4, is amended to read:

Subd. 4. [REFUSAL; REVOCATION OF LICENSE.] If a person refuses to permit a test, none shall be given, but the peace officer shall report the refusal to the commissioner of public safety and the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred. A refusal to submit to an alcohol concentration test does not constitute a violation of section 609.50, unless the refusal was accompanied by force or violence or the threat of force or violence. If a person submits to a test and the test results indicate an alcohol concentration of ~~0.10~~ 0.08 or more, the results of the test shall be reported to the commissioner of public safety and to the authority having responsibility for prosecution of misdemeanor offenses for the jurisdiction in which the acts occurred.

Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person refused to submit to a test, the commissioner of public safety shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of one year. If the person refusing to submit to testing is under the age of 18 years, the commissioner shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of one year or until the person reaches the age of 18 years, whichever is greater. Upon certification by the peace officer that there existed probable cause to believe the person had been driving, operating or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance and that the person submitted to a test and the test results indicate an alcohol concentration of ~~0.10~~ 0.08 or more, the commissioner of public safety shall revoke the person's license or permit to drive, or nonresident operating privilege, for a period of 90 days or, if the person is under the age of 18 years, for a period of six months or until the person reaches the age of 18 years, whichever is greater.

If the person is a resident without a license or permit to operate a motor vehicle in this state, the commissioner of public safety shall deny to the person the issuance of a license or permit for the same period after the

date of the alleged violation as provided herein for revocation, subject to review as hereinafter provided.

Sec. 6. Minnesota Statutes 1988, section 169.123, subdivision 5a, is amended to read:

Subd. 5a. [PEACE OFFICER AGENT FOR NOTICE OF REVOCATION.] On behalf of the commissioner of public safety a peace officer requiring a test or directing the administration of a chemical test shall serve immediate notice of intention to revoke and of revocation on a person who refuses to permit a test or on a person who submits to a test the results of which indicate an alcohol concentration of ~~0.10~~ 0.08 or more. The officer shall take the license or permit of the driver, if any, and issue a temporary license effective only for seven days. The peace officer shall send the person's driver's license to the commissioner of public safety along with the certificate required by subdivision 4.

Sec. 7. Minnesota Statutes 1988, section 169.123, subdivision 6, is amended to read:

Subd. 6. [HEARING.] A hearing under this section shall be before a municipal or county judge, in any county in the judicial district where the alleged offense occurred. The hearing shall be to the court and may be conducted at the same time and in the same manner as hearings upon pretrial motions in the criminal prosecution under section 169.121, if any. The hearing shall be recorded. The commissioner of public safety shall appear and be represented by the attorney general or through the prosecuting authority for the jurisdiction involved.

The hearing shall be held at the earliest practicable date, and in any event no later than 60 days following the filing of the petition for review. The judicial district administrator shall establish procedures to ensure efficient compliance with the provisions of this subdivision. To accomplish this, the administrator may, whenever possible, consolidate and transfer review hearings among the county courts within the judicial district.

The scope of the hearing shall be limited to the issues of:

(1) whether the peace officer had probable cause to believe the person was driving, operating, or in physical control of a motor vehicle while under the influence of alcohol or a controlled substance, and whether the person was lawfully placed under arrest for violation of section 169.121, or the person was involved in a motor vehicle accident or collision resulting in property damage, personal injury or death, or the person refused to take a screening test provided for by section 169.121, subdivision 6, or the screening test was administered and recorded an alcohol concentration of ~~0.10~~ 0.08 or more; and

(2) whether at the time of the request for the test the peace officer informed the person of the person's rights and the consequences of taking or refusing the test as required by subdivision 2; and

(3) either (a) whether the person refused to permit the test, or (b) whether a test was taken and the test results indicated an alcohol concentration of ~~0.10~~ 0.08 or more at the time of testing, and whether the testing method used was valid and reliable, and whether the test results were accurately evaluated.

It shall be an affirmative defense for the petitioner to prove that, at the time of the refusal, the petitioner's refusal to permit the test was based

upon reasonable grounds.

Certified or otherwise authenticated copies of laboratory or medical personnel reports, records, documents, licenses and certificates shall be admissible as substantive evidence.

The court shall order either that the revocation be rescinded or sustained and forward the order to the commissioner of public safety. The court shall file its order within 14 days following the hearing. If the revocation is sustained, the court shall also forward the person's driver's license or permit to the commissioner of public safety for further action by the commissioner of public safety if the license or permit is not already in the commissioner's possession.

Sec. 8. Minnesota Statutes 1988, section 169.129, is amended to read:  
169.129 [AGGRAVATED VIOLATIONS: PENALTY.]

Any person who drives, operates, or is in physical control of a motor vehicle, the operation of which requires a driver's license, within this state or upon the ice of any boundary water of this state in violation of section 169.121 or an ordinance in conformity with it before the person's driver's license or driver's privilege has been reinstated following its cancellation, suspension or revocation (1) because the person drove, operated, or was in physical control of a motor vehicle while under the influence of alcohol or a controlled substance or while the person had an alcohol concentration of ~~0.10~~ 0.08 or more or (2) because the person refused to take a test which determines the presence of alcohol or a controlled substance when requested to do so by a proper authority, is guilty of a gross misdemeanor. Jurisdiction over prosecutions under this section is in the county court.

Sec. 9. Minnesota Statutes 1988, section 192A.555, is amended to read:  
192A.555 [DRUNKEN OR RECKLESS DRIVING.]

Chemical and other tests for intoxication shall be made only in accordance with rules issued under this code.

Sec. 10. Minnesota Statutes 1988, section 361.12, subdivision 4, is amended to read:

Subd. 4. [EVIDENCE.] (a) Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for operating or being in physical control of any motorboat in violation of subdivision 1, paragraph (a), the court may admit evidence of the amount of alcohol or a controlled substance in the person's blood, breath, or urine as shown by an analysis of those items.

(b) For the purposes of this subdivision:

(1) evidence that there was at the time an alcohol concentration of 0.05 or less is prima facie evidence that the person was not under the influence of alcohol;

(2) evidence that there was at the time an alcohol concentration of more than 0.05 and less than ~~0.10~~ 0.08 is relevant evidence in indicating whether

or not the person was under the influence of alcohol.

(c) Evidence of the refusal to take a preliminary screening test required under subdivision 3 or a chemical test required under section 361.121 is admissible into evidence in a prosecution under this section.

(d) This subdivision does not limit the introduction of any other competent evidence bearing upon the question whether or not the person violated this section, including results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample. A sample is adequate if the instrument analyzes the sample and does not indicate the sample is deficient.

Sec. 11. Minnesota Statutes 1988, section 361.121, subdivision 1, is amended to read:

Subdivision 1. [CHEMICAL TESTING.] A person who operates or is in physical control of a motorboat while underway or in use on the waters of this state is required, subject to the provisions of this section, to take or submit to a test of the person's blood, breath, or urine for the purpose of determining the presence and amount of alcohol or a controlled substance. "Section 1. Minnesota Statutes 1988, section 116.07, subdivision 2, is amended to read:

Subd. 2. [ADOPTION OF STANDARDS.] The pollution control agency shall improve air quality by promoting, in the most practicable way possible, the use of energy sources and waste disposal methods which produce or emit the least air contaminants consistent with the agency's overall goal of reducing all forms of pollution. The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles, recognizing that due to variable factors, no single standard of purity of air is applicable to all areas of the state. In adopting standards the pollution control agency shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause air pollution in one area of the state, may cause less or not cause any air pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, prevailing wind directions and velocities, and the fact that a standard of air quality which may be proper as to an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such standards of air quality shall be premised upon scientific knowledge of causes as well as effects based on technically substantiated criteria and commonly accepted practices. No local government unit shall set standards of air quality which are more stringent than those set by the pollution control agency.

The pollution control agency shall promote solid waste disposal control by encouraging the updating of collection systems, elimination of open dumps, and improvements in incinerator practices. The agency shall also adopt standards for the control of the collection, transportation, storage, processing, and disposal of solid waste and sewage sludge for the prevention and abatement of water, air and land pollution, recognizing that due to variable factors, no single standard of control is applicable to all areas of the state. In adopting standards, the pollution control agency shall give due recognition to the fact that elements of control which may be reasonable

and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, topography, soils and geology, climate, transportation, and land use. Such standards of control shall be premised on technical criteria and commonly accepted practices.

The pollution control agency shall also adopt standards describing the maximum levels of noise in terms of sound pressure level which may occur in the outdoor atmosphere, recognizing that due to variable factors no single standard of sound pressure is applicable to all areas of the state. Such standards shall give due consideration to such factors as the intensity of noises, the types of noises, the frequency with which noises recur, the time period for which noises continue, the times of day during which noises occur, and such other factors as could affect the extent to which noises may be injurious to human health or welfare, animal or plant life, or property, or could interfere unreasonably with the enjoyment of life or property. In adopting standards, the pollution control agency shall give due recognition to the fact that the quantity or characteristics of noise or the duration of its presence in the outdoor atmosphere, which may cause noise pollution in one area of the state, may cause less or not cause any noise pollution in another area of the state, and it shall take into consideration in this connection such factors, including others which it may deem proper, as existing physical conditions, zoning classifications, topography, meteorological conditions and the fact that a standard which may be proper in an essentially residential area of the state, may not be proper as to a highly developed industrial area of the state. Such noise standards shall be premised upon scientific knowledge as well as effects based on technically substantiated criteria and commonly accepted practices. No local governing unit shall set standards describing the maximum levels of sound pressure which are more stringent than those set by the pollution control agency.

The pollution control agency shall adopt standards for the identification of hazardous waste and for the management, identification, labeling, classification, storage, collection, transportation, processing, and disposal of hazardous waste, recognizing that due to variable factors, a single standard of hazardous waste control may not be applicable to all areas of the state. In adopting standards, the pollution control agency shall recognize that elements of control which may be reasonable and proper in densely populated areas of the state may be unreasonable and improper in sparsely populated or remote areas of the state. The agency shall consider existing physical conditions, topography, soils, and geology, climate, transportation and land use. Standards of hazardous waste control shall be premised on technical knowledge, and commonly accepted practices. No local government unit shall set standards of hazardous waste control which are in conflict or inconsistent with those set by the pollution control agency.

*A person who generates less than 100 kilograms of hazardous waste per month is exempt from the agency hazardous waste rules relating to transportation, manifesting, storage, and labeling for photographic fixer and x-ray negative wastes that are hazardous solely because of silver content. Nothing in this paragraph exempts the generator from the agency's rules relating to on-site accumulation or outdoor storage. A political subdivision or other local unit of government may not adopt management requirements that are more restrictive than this paragraph."*

(c) *Exposure to rabies arising out of and in the course of employment is a personal injury under this subdivision for purposes of section 176.135.*

Ms. Berglin from the Committee on Health and Human Services, to which was referred

S.F. No. 491: A bill for an act relating to health care: providing a program of affordable health care coverage for Minnesota residents; creating a health care access commission to implement and administer the program; establishing eligibility requirements and funding sources; modifying income eligibility requirements for medical assistance; imposing penalties; appropriating money; amending Minnesota Statutes 1988, section 256B.056, subdivision 4; proposing coding for new law in Minnesota Statutes, chapter 290; proposing coding for new law as Minnesota Statutes, chapter 62J.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

#### “ARTICLE 1

##### Section 1. [62J.01] [FINDINGS.]

*The legislature finds that substantial numbers of Minnesotans have no health care coverage and that most of these residents are wage earners or their dependents. One-third of these individuals are children. When these individuals enter the health care system they have often foregone preventive care and are in need of more expensive treatment that often exceeds their financial resources. Much of the cost for these uncompensated services to the uninsured are already in the health care system in the form of increased insurance and provider rates and property and income taxes. These costs, spread among the already insured, represent a woefully inefficient method for providing basic preventive and acute care for the uninsured and represent an added cost to employers now providing health insurance to their employees.*

*The legislature further finds that it is essential for the state to initiate and participate in a system to ensure basic and affordable health care to all Minnesotans while addressing the economic pressures on the health care system as a whole in Minnesota.*

##### Sec. 2. [62J.02] [HEALTH CARE ACCESS COMMISSION.]

*Subdivision 1. [MEMBERSHIP; COMPENSATION; CHAIR.] The Minnesota health care access commission consists of 11 members. Seven members, three of whom are experienced health care professionals, are appointed by the governor. The commissioners of health, human services, employee relations, and commerce, or their designated representatives, are also members. The governor shall appoint the chair of the commission after considering the commission's recommendation. The terms, compensation, and removal of the members appointed by the governor are as provided in section 15.0575.*

*Subd. 2. [STAFF] The commission shall select a director to serve at its pleasure as the chief administrative officer of the commission. The director may hire advisors, consultants, and employees, as authorized by the commission, and prescribe their duties. Employees are not state employees,*

but are covered by section 3.736. At the option of the commission, the employees may participate in the following plans for employees in the unclassified service: the state retirement plan, the state deferred compensation plan, and the health insurance and life insurance plans.

*Subd. 3. [GENERAL DUTIES.] The commission shall:*

*(1) implement and administer the health care access program created in sections 1 to 11;*

*(2) coordinate the health care access program with other state and federal health care programs;*

*(3) administer the health care access account created in section 11;*

*(4) subject to chapter 14, adopt, amend, and repeal rules, including emergency rules, necessary to implement and administer sections 1 to 11;*

*(5) conduct necessary investigations and inquiries and compel the submission of information, documents, and records it considers necessary to carry out its duties;*

*(6) report annually to the legislature and the governor on its activities and on recommended insurance and health care law changes to improve access to health care for residents of this state;*

*(7) employ and supervise staff;*

*(8) make every effort to ensure representation in service delivery by eligible practitioners, without regard to race, color, or sex; and*

*(9) conduct other activities it considers necessary to carry out the intent of the legislature as expressed in sections 1 to 11.*

**Sec. 3. [62J.03] [CONTRACTING AUTHORITY.]**

*Subdivision 1. [GENERAL.] The commission may request bids from, and negotiate and contract with, carriers the commission determines are best qualified to underwrite and service health care plans that meet the requirements of section 4. The commission may also contract directly with health care providers. The commission may establish any conversion and continuation privileges for those plans it considers appropriate. The commission may negotiate premium rates and coverage provisions with all carriers regulated under chapters 62A, 62C, and 62D. The commission may negotiate separate contracts to cover eligible persons who are in need of, and receive, immediate medical treatment but who have not as yet selected a health care plan. The commission shall also negotiate reasonable cost containment measures to be applied to all carriers under chapters 62A, 62C, and 62D. Contracts to manage enrollment and plan selection must be bid or negotiated separately from contracts to service the plans, which shall be awarded only on the basis of competitive bids. The commission shall consider the cost of the plans, conversion options relating to the contracts, service capabilities, character, financial position, and reputation of the carriers and other factors the commission considers appropriate including, but not limited to, plan utilization review provisions, case management provisions, and preauthorization requirements. Each contract must be for a uniform term of at least one year but may be made automatically renewable from term to term in the absence of notice of termination by either party. The commission shall, to the extent feasible, offer a choice of plans available from two or more carriers regulated under chapters 62A, 62C, and 62D. The commission may offer only one plan in*

*an area of the state if only one acceptable bid exists or if offering more than one plan would result in substantial, additional administrative costs. Payments from the commission to a carrier are exempt from the tax imposed by section 60A.15 and are not included in the carrier's premiums for the purposes of assessments under 62E.11.*

*Subd. 2. [COMMUNITY CLINICS.] The commission, or an entity selected by the commission to administer health care plans on its behalf, shall to the extent appropriate contract with community clinics. For purposes of this subdivision, "community clinics" means an entity that:*

*(1) through its staff and supporting resources or through its contracts or cooperative arrangements with other public or private entities, provides primary health services for all intended residents of its service area;*

*(2) was established to serve the primary health needs of low-income population groups;*

*(3) uses a sliding fee scale based on ability to pay, and does not limit access or care because of the financial limitations of the client;*

*(4) has nonprofit status under chapter 317; and*

*(5) has a governing board, for which at least 51 percent of the membership resides in and represents the local community served by the clinic.*

*Subd. 3. [CONTRACT TO CONTAIN STATEMENT OF BENEFITS.] A contract under this section must contain a detailed statement of benefits offered and must include any maximums, limitations, exclusions, and other provisions the commission considers necessary or desirable. A contract providing only the coverage specified in section 4, subdivision 2, may not contain a provision denying coverage for any preexisting conditions.*

*Subd. 4. [ACTUARIAL DATA.] The commission shall estimate, on an actuarially sound basis, the expected cost of providing coverage under the health care access program, recognizing variations in the cost of providing coverage through various systems and in different areas in the state. The commission shall make this actuarial data available to potential carriers under the health care access program.*

**Sec. 4. [62J.04] [BENEFITS.]**

*Subdivision 1. [AVAILABILITY.] The commission shall make available to all residents of this state health care plans meeting the requirements of subdivisions 2 and 3.*

*Subd. 2. [MINIMUM CORE COVERAGE.] (a) The commission shall make available a health care plan that provides the benefits described in this subdivision.*

*(b) Only the following services and articles are covered:*

*(1) hospital services for not more than 30 days;*

*(2) professional services for the diagnosis or treatment of injuries, illnesses, or conditions, other than dental, which are rendered by a physician or at a physician's direction;*

*(3) preventive health services, including screenings, immunizations, and yearly disease detection;*

*(4) diagnostic x-rays and laboratory tests;*

(5) prostheses, not including eye glasses and hearing aids;

(6) prenatal and well child care;

(7) transportation provided by a licensed ambulance service to the nearest facility qualified to treat the condition; and

(8) drugs requiring a physician's prescription, but not to exceed \$500 in any year.

(c) The following are not covered:

(1) any charge for care for injury or disease either (i) arising out of an injury in the course of employment and subject to a workers' compensation or similar law, (ii) for which benefits are payable without regard to fault under coverage statutorily required to be contained in any motor vehicle, or other liability insurance policy or equivalent self-insurance, or (iii) for which benefits are payable under another policy of accident and health insurance, Medicare, or any other governmental program except as otherwise provided by section 62A.04, subdivision 3, clause (4);

(2) any charge for treatment for cosmetic purposes other than for reconstructive surgery when the service is incidental to or follows surgery resulting from injury, sickness, or other diseases of the involved part or when the service is performed on a covered dependent child because of congenital disease or anomaly which has resulted in a functional defect as determined by the attending physician;

(3) care which is primarily for custodial or domiciliary purposes that would not qualify as eligible services under Medicare;

(4) a charge for confinement in a private room to the extent it exceeds the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician, provided, however, that if the institution does not have semiprivate rooms, its most common semiprivate room charge is considered to be 90 percent of its lowest private room charge;

(5) that part of any charge for services or articles rendered or prescribed by a physician, dentist, or other health care personnel that exceeds the prevailing charge in the locality where the service is provided; and

(6) a charge for services or articles that are not within the scope of authorized practice of the institution or individual providing the services or articles.

(d) The commission shall establish copayment requirements and a dollar limitation per person on the total annual out-of-pocket expenses for covered services. Copayments must be imposed for prescription drug benefits at a level of \$5 per prescription. Copayments must be imposed for routine office visits at a level of \$5 per visit. Copayments must be imposed for ambulance transportation covered under this subdivision at a level of \$25 per use of those services, if the patient is not admitted to a hospital within 24 hours after the services. Copayments must be imposed for emergency room services at a level of \$25 per visit if the patient is not admitted to a hospital within 24 hours after the visit. No copayments may be imposed on preventive health services covered under this subdivision.

(e) Coverage under a minimum core coverage plan is subject to a maximum lifetime benefit of \$50,000 per individual.

*Subd. 3. [OPTIONAL COVERAGES.] The commission shall make available a number one qualified plan, a number two qualified plan, a number three qualified plan, and a qualified Medicare supplement plan under chapter 62E and other optional coverages provided by carriers selected by the commission. Eligible persons may elect to purchase optional coverages.*

**Sec. 5. [62J.05] [MANDATORY HEALTH INSURANCE; PARTICIPATION IN HEALTH CARE ACCESS PROGRAM.]**

*(a) By July 1, 1990, every resident of the state is required to have coverage under a health care plan that provides benefits at least equivalent to the minimum core coverage in section 4, subdivision 2. For purposes of this paragraph, health coverage under Medicare; medical assistance; general assistance medical care; the comprehensive health insurance act; or a plan of coverage as defined by section 62E.02, subdivision 9, that meets the requirements of a qualified plan under chapter 62E is considered at least equivalent to the minimum core coverage in section 4, subdivision 2.*

*(b) A person must participate in and obtain coverage through the health care access program if the person meets the eligibility requirements in section 6, subdivision 1, and the health care access account under section 11 has sufficient funds to allow payment of the commission's share of the premium.*

*(c) For purposes of sections 1 to 11, "resident" means a person who is presently living in Minnesota in the person's principal and permanent home and who:*

- (1) has lived in Minnesota for at least six consecutive months; or*
- (2) is employed by an employer who is subject to the payroll tax in section 12.*

**Sec. 6. [62J.06] [ELIGIBILITY TO PARTICIPATE IN HEALTH CARE ACCESS PROGRAM.]**

*Subdivision 1. [RESIDENTS WITH NO COVERAGE OR INADEQUATE COVERAGE.] (a) A Minnesota resident is eligible to participate in the health care access program if the resident:*

*(1) does not have coverage available under a policy, plan, or contract of health or accident insurance regulated under chapter 62A, 62C, 62D, 62H, or 64B, or Medicare, medical assistance, general assistance medical care, an employment-based insurance program, or other subsidized health insurance program;*

*(2) has coverage under a health care plan that does not meet the level of minimum core benefits in section 4, subdivision 2;*

*(3) does not have coverage available under an employment-based group insurance program, and for whom all income received is self-employment income, as defined in section 13, subdivision 1, paragraph (c); or*

*(4) has coverage under the comprehensive health insurance plan under chapter 62E.*

*Subd. 2. [EMPLOYER PARTICIPATION.] The following employers are eligible to participate in the health care access program:*

*(1) an employer who does not provide or make available a health care plan to employees; and*

(2) an employer who provides or makes available to employees a health care plan, including plans under section 62E.03, who chooses to participate in the health care access program, provided the employer obtains and provides employees with at least the level of coverage required under section 62E.03.

**Sec. 7. [62J.07] [UNINSURED PERSONS REQUIRED TO PARTICIPATE; RECOVERY OF PAYMENTS BY COMMISSION.]**

A person who is not covered under a health care plan who seeks medical care from a health care provider is enrolled in the health care access program from the time the person first seeks treatment. The commission may recover from the person the costs of the treatment if the person is financially able to pay for the costs. The commission may also recover the annual premium amount the person would owe for coverage under the health care access program.

**Sec. 8. [62J.08] [PREMIUMS.]**

**Subdivision 1. [PREMIUMS PAID BY PARTICIPANT; SUBSIDIZED BY FUND.]** An enrollee in the health care access program shall pay the first installment of the premium for coverage upon the effective date of the coverage. The premium payment must be deposited in the account in section 11. The enrollee's share of the premium for minimum core coverage under section 4, subdivision 2, is determined by the income-based sliding fee schedule in subdivision 2. The remainder of the premium for this coverage is paid by the health care access account established in section 11. An enrollee who chooses optional coverage under section 4, subdivision 3, must pay the entire premium for the optional coverage and minimum core coverage.

**Subd. 2. [SLIDING FEE SCHEDULE FOR PREMIUMS.]** A participant's share of the premium for minimum core coverage is based on the participant's net disposable income, according to the schedule in this subdivision. A participant with a net disposable income listed in column A must pay the corresponding percent of the premium in column B, up to an annual premium amount in column C. In addition, the participant must pay a percent, as listed in column D, of any remaining premium above the annual premium amount in column C. The remainder of the enrollee's premium is paid for by the health care access account established in section 11.

"Net Disposable Income" means total gross income, as defined by the commission in rule, minus \$5,750 for the head of household or single individual and minus \$1,900 for each dependent. These deductions from gross income must be adjusted upward, if appropriate, every two years to reflect inflation. The commission shall publish notice of these adjustments in the State Register. Gross income does not include the ordinary and necessary expenses paid or incurred in carrying on a trade or business as defined under section 162 of the Internal Revenue Code of 1986, as amended through December 31, 1988.

Sec. 9. [62J.09] [ENROLLMENT AND PREMIUM PAYMENTS.]

The time, manner, conditions, and terms of eligibility and payment of premiums for enrollment of eligible persons for coverage under section 6 must be determined by the commission in rule. The rules shall:

(1) include a procedure for referring persons eligible for coverage under the comprehensive health insurance plan to that plan if the commission considers it appropriate;

(2) establish procedures for the subsequent enrollment of eligible persons who are denied enrollment in the program because there are insufficient funds in the account to allow payment of the commission's share of the premium; and

(3) provide for the withholding by employers of premiums payable under section 8 from the wages of employees. The commission may provide for payment by employers of the premiums withheld from wages to the commission or directly to providers for insurance or services under sections 1 to 11.

Sec. 10. [62J.10] [PROGRAM INFORMATION AND ENROLLMENT.]

Subdivision 1. [SOLICITATION OF ELIGIBLE PERSONS.] The commission shall disseminate appropriate information to the residents of this state about the existence of the program and the means of enrollment. The commission shall use the press, radio, and television, as well as publication in appropriate state offices and publications. The commission shall devise and implement methods to maintain public awareness of the provisions of sections 1 to 11 and shall administer sections 1 to 11 in a manner that facilitates public participation.

Subd. 2. [HEALTH INSURANCE INFORMATION; PENALTY.] A resident of the state shall furnish to the health care access commission the information required by the commission to determine the health care coverage of the person and the person's dependents. The commission may require proof of coverage. An employer shall distribute evidence of insurance forms to all employees. A person required to give information to the commission under this subdivision who willfully fails to supply information or willfully supplies false or fraudulent information is guilty of a gross misdemeanor.

Subd. 3. [HEALTH CARE APPLICATIONS.] The health care access

*commission shall prepare and distribute information and evidence of insurance and application forms for health insurance under sections 1 to 11. The applications and other information must be made available to employers; health care provider offices and facilities; local human services agencies; public and community health offices and clinics; school clinics; county extension offices; and women, infants, and children (WIC) program sites. Employers must furnish applications and information to employees.*

Sec. 11. [62J.11] [HEALTH CARE ACCESS ACCOUNT.]

*Subdivision 1. [CREATION.] The health care access account is established in the state treasury. There is annually appropriated from the account to the commission the amount needed to pay for implementing and administering the health care access program established under sections 1 to 11, including payment of approved claims, refunds, administrative costs, and other related service charges. This appropriation may not exceed \$150,000,000 in any state fiscal year. Nothing in sections 1 to 11 obligates the commission to pay its share of the premium cost of an otherwise eligible person if the appropriation in this subdivision is insufficient to allow payment of the commission's share of the premium.*

*Subd. 2. [SOURCE OF FUNDING.] The account is funded with revenue from the sources specified in subdivision 5 and sections 8; 12, subdivision 10; and 13, subdivision 7.*

*Subd. 3. [INVESTMENT OF ACCOUNT ASSETS.] Except as otherwise provided in subdivision 6, when money in the account exceeds the amount the commission determines is currently needed, the commission shall direct the state treasurer to certify this amount to the state board of investment for investment subject to section 11A.24. Investment income and losses attributable to the account must be credited to the account.*

*Subd. 4. [ALLOCATION.] The commission shall allocate the appropriation to ensure that eligible persons of every income level for which there is a premium subsidy are enrolled and the appropriation is not used to disproportionately subsidize any particular income group.*

*Subd. 5. [ASSESSMENT ON EMPLOYERS THAT DISCONTINUE COVERAGE.] An employer that discontinues all plans of health coverage provided or made available to employees employed in this state and does not provide substantially similar coverage to replace it shall pay a special assessment to the account. The special assessment consists of an amount equal to five times the total annual premium or financing obligation of that employer for the previous calendar year. One-half of the assessment must be paid to the account by January 1 of the year following the discontinuance, and one-half of the assessment must be paid to the account by January 1 of the next year. The commission has all the powers under chapter 290 to impose and collect the assessment under this subdivision. The commissioner of revenue shall provide the commission with information necessary to allow the commission to administer and enforce this subdivision.*

*Subd. 6. [SURPLUS.] Any surplus remaining in the fund at the end of a fiscal year may be used by the commission, in its discretion, to increase the premium subsidies for those participants whose net disposable income is less than \$20,000.*

Sec. 12. [290.924] [HEALTH CARE ACCESS; PAYROLL TAX.]

*Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms in paragraphs (b) to (g) have the meanings given them.*

*(b) "Commissioner" means the commissioner of revenue.*

*(c) "Employee" has the meaning given it in section 290.92, subdivision 1, clause (3). The provisions of section 290.92, subdivision 4a, clause (2), apply in determining who is an employee for purposes of this section.*

*(d) "Employer" has the meaning given it in section 290.92, subdivision 1, clause (4). The provisions of section 290.92, subdivision 4a, clause (2), apply in determining who is an employer for purposes of this section.*

*(e) "Payroll period" has the meaning given it in section 290.92, subdivision 1, clause (2).*

*(f) "Taxable wages" means wages paid to an employee exceeding \$10,000 in a calendar year.*

*(g) "Wages" has the meaning given it in section 290.92, subdivision 1, clause (1). The provisions of section 290.92, subdivision 2a, clauses (6), (9), and (10), subdivision 4, and subdivision 4a, clauses (1) and (2), apply in determining wages for purposes of this section.*

*Subd. 2. [TAX IMPOSED; EMPLOYERS.] (a) A tax is imposed on an employer paying wages to employees during a payroll period. The amount of tax is equal to five-tenths percent of wages paid to employees less the credit allowed in paragraph (b).*

*(b) A credit against the tax imposed in paragraph (a) is allowed to an employer offering a health care plan of coverage as defined in section 62E.02, subdivision 9, that meets the requirements of a qualified plan under chapter 62E and who pays at least 50 percent of the premium costs or other financing costs for that coverage for employees and their dependents. The credit is equal to the lesser of (1) the amount of tax imposed under this subdivision, or (2) 100 percent of premium or other financing costs paid by the employer if that amount is at least 75 percent of the premium costs or other financing costs for coverage of the employees and their dependents. If the amount paid by the employer is less than 75 percent of the premium or other costs, the percentage of the premium or other costs paid by the employer allowed as a credit under this clause must be proportionately reduced so that an employer paying 50 percent of the premium or other financing costs of coverage for employees and their dependents is allowed only 50 percent of the costs paid by the employer as a credit. If the employer pays less than 50 percent of the premium or other financing costs, no credit is allowed. The credit may be applied only against the tax imposed with respect to employees for whom the employer pays the applicable percentage of premium or other financing costs of insurance coverage for the employees and their dependents. A credit may be carried forward to later reporting periods in the calendar year but may not be carried forward to a succeeding calendar year.*

*(c) The United States and its agencies and instrumentalities are exempt from the tax imposed in this subdivision.*

*Subd. 3. [TAX IMPOSED; EMPLOYEES.] A tax is imposed on an employee paid wages by an employer during a payroll period. The amount of tax is equal to three-tenths percent of taxable wages paid to the employee.*

*Subd. 4. [PAYMENT; WITHHOLDING.] The tax imposed in subdivision*

2 must be reported and paid by an employer to the commissioner of revenue at the times and in the manner that the tax imposed in section 290.92 is paid. The tax imposed in subdivision 3 must be deducted and withheld from the wages of each employee each payroll period and reported and paid to the commissioner in the same manner and at the same time as the tax imposed in section 290.92 is withheld and paid. An employee is not liable for the tax imposed in subdivision 3 if the employer fails to deduct and withhold it. The employer is liable for payment of the tax required to be deducted and paid under subdivision 3, and is not liable to a person for the amount of the payment.

**Subd. 5. [RETURNS.]** The commissioner shall prepare return forms and instructions for reporting and withholding and paying the taxes imposed in this section. The commissioner may prepare tables for use by employers in reporting and withholding and paying the taxes. The tables may require that the amount of tax imposed on taxable wages be prorated over the calendar year. The commissioner may determine whether employers must use the withholding tables and may give employers permission to withhold and pay the tax by another method determined satisfactory by the commissioner. The returns and instructions are not rules for purposes of chapter 14. The return must be in the form and contain the information required by the commissioner. Failure to provide the information renders the return unprocessable. A return is not treated as filed until it is in a processible form. The commissioner may extend the period of time for filing the return for up to 60 days. A return that is required to be filed with the commissioner under this section must contain a written declaration that it is correct and complete. It must contain, in language prescribed by the commissioner, a confession of judgment for the tax shown due on it to the extent it is not timely paid.

**Subd. 6. [REFUNDS.]** If the taxes paid or withheld and paid under subdivision 4 exceed by more than \$1 the taxes imposed in subdivision 2 or 3, the excess must be refunded by the commissioner to the extent provided in this subdivision. The commissioner shall provide by rule for refund to the persons who paid the tax. Refund of an overpayment may be made to an employer only to the extent that the overpayment was not deducted and withheld from the wages of an employee. When the amount of the refund exceeds \$10, it must be returned with interest at the rate given in section 270.76 computed from 90 days after the date the return was due.

**Subd. 7. [PENALTIES; INTEREST.]** To the extent applicable to the taxes imposed in this section, all civil and criminal penalties and the imposition of interest relating to withholding, reporting, deposit, and payment of taxes under section 290.92 are imposed on and apply to persons having a duty to withhold, report, deposit, and pay the taxes imposed in this section.

**Subd. 8. [POWERS OF THE COMMISSIONER.]** The taxes imposed in this section must be assessed by the commissioner in the manner provided in section 290.92. The time limits for assessment and collection in section 290.92 apply. The commissioner has the powers given in this chapter to administer, assess, collect, and enforce the taxes imposed in this section.

**Subd. 9. [RULES.]** The commissioner of revenue may adopt rules under chapter 14 to administer and enforce reporting, payment, and collection of taxes imposed under this section.

**Subd. 10. [DEPOSIT OF FUNDS.]** The taxes paid or withheld and paid to the commissioner together with penalties and interest must be deposited

*in the general fund and credited to the health care access account created in section 11. Refunds of the taxes imposed in this section and the administrative expenses of the commissioner must be paid from that account. There is annually appropriated to the commissioner from the health care access account the amounts required to pay the refunds authorized in this section.*

**Sec. 13. [290.925] [HEALTH CARE ACCESS; EARNED INCOME TAX.]**

*(b) "Commissioner" means the commissioner of revenue.*

*(c) "Self-employment income" means self-employment income as defined in section 1402(b) of the Internal Revenue Code of 1986, as amended through December 31, 1988, derived by a resident individual either within or without, or both within and without, the state and by a nonresident individual within the state to the extent the income does not constitute "wages" for purposes of section 12. "Self-employment income" is determined without regard to the benefit and contribution base amount and minimum earnings in section 1402(b)(1) and (2) of the Internal Revenue Code.*

*(d) "Taxable self-employment income" means self-employment income of an individual exceeding \$10,000 in a taxable year.*

*Subd. 2. [TAX IMPOSED.] A tax is imposed on the self-employment income of an individual. The amount of the tax is equal to three-tenths percent of taxable self-employment income for the taxable year.*

*Subd. 3. [RETURNS; PAYMENT.] The tax must be reported and paid to the commissioner in the same manner and at the same times as the tax imposed in section 290.03 is reported and paid. The provisions of section 290.93 apply to the tax imposed in this section.*

*Subd. 4. [PENALTIES; INTEREST.] To the extent applicable to the taxes imposed in this section, all civil and criminal penalties and the imposition of interest relating to the reporting and payment of taxes under section 290.03 apply to the tax imposed in this section.*

*Subd. 5. [REFUNDS.] Overpayments of the tax imposed in this section must be refunded or credited as provided in sections 290.50 and 290.93.*

*Subd. 6. [POWERS OF THE COMMISSIONER.] The commissioner has the powers given in this chapter to administer, assess, collect, and enforce the tax imposed in this section.*

*Subd. 7. [DEPOSIT OF FUNDS.] The taxes paid to the commissioner under this section together with penalties and interest must be deposited in the general fund and credited to the health care access account created in section 11. Refunds of the tax imposed in this section and the administrative expenses of the commissioner must be paid from that account. There is annually appropriated to the commissioner from the health care access account the amounts required to pay the refunds of tax imposed in this section.*

**Sec. 14. [UNCOMPENSATED CARE STUDY.]**

*The commission shall study the problem of uncompensated health care*

*in the state and report to the legislature and the governor. The report shall include definitions of the terms "uncompensated care", "unsponsored care", and "bad debt", as they relate to the providing of health care in this state. The commission shall collect data necessary to determine the nature and extent of the problem. The report must include recommendations for more equitably distributing the burden of uncompensated health care in this state.*

Sec. 15. [APPROPRIATION.]

*§ . . . . is appropriated from the general fund to the health care access commission to pay for the administrative and operating expenses of the commission. The appropriation is available until June 30, 1990, at which time the commission shall repay this amount to the general fund from the account created in section 11.*

Sec. 16. [EFFECTIVE DATES.]

*(a) Sections 1 to 4 and 8 to 11, 14, and 15 are effective July 1, 1989.*

*(b) Sections 12 and 13 are effective January 1, 1990.*
