*Subd. 2. [COMMUNITY RESOURCES PROGRAM OBJECTIVES.] A community resources program must address the following objectives:*

*(1) establish means for stabilizing families so family members can become more functional as a family unit and as members of the community. This objective addresses family stabilization by ensuring that children attend and adequately participate in schools providing elementary and secondary education, strengthening the family unit through counseling and other services, and increasing the family unit's health through nutrition, parenting skills, health assessment, drug abuse programs, and other services;*

*(2) provide opportunities for families and individuals that lead to greater self-sufficiency through improved housing, health, environment, education, employment, and independent living;*

*(3) establish the community as a safer environment by finding the means to reduce crime and the fear of crime in the community and other parts of the city; and*

(8) a budget that identifies the financial resources necessary to implement the community resources program. The budget must include the following items: (i) the estimated total cost to implement the community resources program; (ii) the estimated cost to implement each activity in the community resources program identified in clause (2); and (iii) the estimated amount of financial resources that will be available from all sources other than from the appropriation available under section 8 to implement the community resources program, including the amount of private funding to be made available to assist in funding the community resources program.

(b) The information required to be in the program under this subdivision must be specific to a targeted neighborhood to the greatest extent possible. If information is not specific to a targeted neighborhood that is to receive assistance under the program, the program must include a statement explaining the reason.

*Subd. 4. [COMMUNITY PARTICIPATION.] Each city must adopt a process to involve the residents in targeted neighborhoods and assisted housing in planning, developing, and implementing the program. As part of this process, the city must ensure that this community-based process has sufficient resources to assist in the development of the program. A description of the process must be included in the community resources program.*

*Subd. 5. [COMMUNITY RESOURCES PROGRAM ADVISORY BOARD.] Each city must establish a community resources program advisory board to assist the city in developing and implementing the community resources program. The advisory board must consist of at least two representatives of the city council appointed by the city council, one or more representatives of the county board appointed by the county board, one or more representatives of the school board appointed by the school board, and representatives of the targeted neighborhoods. The representatives of the targeted neighborhoods must reflect the geographic, cultural, racial, and ethnic diversity of the targeted neighborhoods. The city may determine the size of the advisory board and may designate an existing entity as the advisory board if the entity meets the membership requirements outlined in this subdivision.*

*Subd. 6. [DEVELOPMENT OF COMMUNITY RESOURCES PROGRAM.] (a) The advisory board must work closely with city staff in developing and drafting the community resources program. The advisory board must be involved in assessing needs, prioritizing funds, and developing criteria for evaluating program proposals. In developing the program, the advisory board must give priority to the recommendations made by the targeted neighborhood strategic planning groups.*

*(b) The advisory board must conduct a public hearing and secure input from residents of targeted neighborhoods, governmental units affected by the program, and other organizations and persons.*

*(c) The advisory board may make any changes to the program resulting from testimony given at the public hearing. The advisory board must formally recommend to the city council a proposed community resources program.*

*Subd. 7. [REVIEW BY AFFECTED GOVERNMENTAL UNITS.] The city must develop a process to consult with affected governmental units including the state, county, and school districts. These affected governmental units may provide technical and informational assistance to the city and advisory board to ensure that the community resources services that are included in the program are coordinated with services provided by other governmental units and do not unnecessarily duplicate any existing services. The process must also include a comment period for the county board, school board, and commissioner to review a draft program and to provide comments to the city. If the county board, school board, or commissioner have comments, they must respond to the city in writing within 30 days. The city must respond to comments received from the county board and school board in writing before the city adopts the program.*

*Subd. 8. [CITY APPROVAL.] The city council must hold a public hearing before submitting the program to the commissioner for approval. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing. In addition, to the maximum extent possible, notice shall be published in the most widely circulated community newspaper in the targeted neighborhoods.*

*Subd. 9. [REVIEW AND APPROVAL BY COMMISSIONER.] (a) Before the city adopts a community resources program, the commissioner must approve the program.*

The panel must consist of the commissioner; the commissioners of human services, jobs and training, Minnesota housing finance agency, and public safety; one representative of each of the cities that have submitted a program appointed by the appropriate city council; and two members of the public appointed by the commissioner.*

*(c) The advisory panel must review each city's community resources program to determine if the process, including any information required to be in the program objectives, meets the requirements of subdivisions 4 to 8. The panel will also review the program to ensure that there is not unnecessary duplication of services already provided in the targeted neighborhood.*

*(d) The commissioner must notify the city in writing within 30 days after receiving the program of a preliminary decision on the approval of the program and any recommendations of the commissioner for modification of the program. The commissioner must specify in writing the reasons for each recommendation for modification of the program. If the commissioner has no recommendations for the program's modification, the commissioner must approve the program. The commissioner may not disapprove any part of the program unless the commissioner determines that (1) the process,*

including any information required to be in the program, by which that part of the program was developed, does not meet the requirements of subdivisions 4 to 8, (2) the program is inconsistent with program objectives, or (3) the program results in unnecessary duplication of services already provided in the targeted neighborhood. If modifications to the program are recommended by the commissioner, the city must modify the program and resubmit it to the commissioner within 30 days for approval.

(e) If the city does not accept all of the commissioner's recommendations, the city must notify the commissioner in writing within 15 days after receiving the commissioner's recommendations. The city must specify in writing the reasons for not accepting the commissioner's recommendations.

(f) The commissioner must notify the city, within ten days after receiving the city's decision, of the commissioner's approval or disapproval of specific programs, projects, or elements of the program. State funding may only be released to the city for those programs, projects, or elements given final approval by the commissioner.

**Subd. 10. [PROGRAM CERTIFICATION.]** The city council may only adopt those programs, projects, or elements of the community resources program that the commissioner has approved. A certification by the city that a community resources program has been approved by the city council must be provided to the commissioner together with a copy of the program. A copy of the program must also be provided to the county board and school board.

**Subd. 11. [COMMUNITY RESOURCES PROGRAM MODIFICATION.]** The community resources program may be modified at any time by the city council after review by the community resources advisory board and a public hearing. Notice of the public hearing must be published in a newspaper of general circulation in the city not less than ten days nor more than 30 days before the date of the hearing. In addition, to the maximum extent possible, notice shall be published in the most widely circulated community newspaper in the targeted neighborhoods. If the city council or advisory board determines that the proposed modification is a significant modification to the program originally certified under subdivision 10, it must implement the community resources program approval and certification process of subdivisions 5 to 10 for the proposed modification.

**Sec. 4. [466A.04] [CITY POWERS.]**

**Subdivision 1. [GENERAL POWERS.]** A city may exercise any of its corporate powers in implementing the community resources program.

**Subd. 2. [COMMUNITY INITIATIVES PROGRAM.]** A city may establish a community initiatives program as part of the community resources program. A community initiatives program, in addition to the authority granted by other law, authorizes a city to set aside funds and to develop a process to request proposals for the purpose of making grants, loans, and other forms of assistance to, or entering into service contracts with, nonprofit organizations, including neighborhood organizations, representing community residents. The organizations may also represent residents from a contiguous neighborhood. State money used for the community initiatives program must be used for implementing activities included in the community resources program. The contracts entered into by the city with a nonprofit organization under this subdivision must contain terms concerning use of money and other conditions the city deems proper to

*implement a community initiatives program.*

*Subd. 3. [GRANTS AND LOANS.] In addition to the authority granted by other law, a city may make grants, loans, and other forms of assistance to, and enter into service contracts with, individuals, for profit and non-profit corporations, and other organizations to implement a community resources program. The contracts entered into by the city under this subdivision must contain terms concerning use of money, repayment, and other conditions the city deems proper to implement a community resources program.*

*Subd. 4. [ELIGIBLE USES FOR COMMUNITY RESOURCE MONEY.] The city may spend community resource money for any purpose authorized by subdivisions 1 to 3 except that an amount equal to at least 90 percent of the state payment according to section 5 made available to the city must be spent in or for residents in targeted neighborhoods or assisted housing. Use of community resource money must be authorized in a community resources program. If a resident of a targeted neighborhood or assisted housing is a recipient of community resources services and moves to a residence in another part of the city, eligibility continues for the community resources services.*

**Sec. 5. [466A.05] [PAYMENT; DRAWDOWN; USES OF STATE MONEY.]**

*Subdivision 1. [PAYMENT OF STATE MONEY.] Upon receiving from a city the certification that a community resources program has been adopted or modified, the commissioner shall, within 30 days after receiving the certification, pay to the city the amount of state money identified as necessary to implement the community resources program or program modification. State money may be paid to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state money has been paid to the city, it becomes community resource money for use by the city according to an adopted community resources program and subject to the restrictions on its use in sections 1 to 7.*

*Subd. 2. [ALLOCATION.] A city may receive a part of the appropriations made available that is the proportion that the population of the city bears to the combined population of the cities. A city may agree to reduce its entitlement amount and to make it available to another city. The population of each city for the purposes of this subdivision is determined according to the most recent estimates available to the commissioner. Interest earned by a city from money paid to the city must be repaid to the commissioner annually unless the community resources program identifies the interest as necessary to implement the community resources program.*

*Subd. 3. [RESTRICTION ON USE OF STATE MONEY.] A city must keep the state money in a segregated fund for accounting purposes.*

**Sec. 6. [466A.06] [ANNUAL AUDIT AND REPORT.]**

*Subdivision 1. [ANNUAL FINANCIAL AUDIT.] In 1989 and subsequent years, at the end of each calendar year, the legislative auditor shall conduct a financial audit to review the spending of state money under sections 1 to 7. Before spending state money to implement a community resources program, the city must consult with the legislative auditor to determine appropriate accounting methods and principles to assist the legislative auditor in conducting its financial audit. The results of the financial audit must be submitted to the legislative audit commission and*

*the commissioner.*

*Subd. 2. [ANNUAL REPORT.] A city that begins to implement a community resources program in a calendar year must, by March 1 of the succeeding calendar year, provide a detailed report to the commissioner and legislature on the community resources program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 3, subdivision 3, paragraph (a), clause (3), are being achieved.*

**Sec. 7. [466A.07] [WAIVER OF STATE RULES AND REGULATIONS.]**

*Subdivision 1. [CITY REQUEST.] As part of the community resources program, the city may identify and request a waiver from rules and regulations adopted by state agencies that could impede implementation of the program. In requesting a waiver the city must specify its reasons for the waiver and define the benefits to be obtained for the waiver.*

*Subd. 2. [COMMISSIONER'S DUTIES.] The commissioner shall, in consultation with the city, establish a process to review the waiver request. The process shall at a minimum include consultation with the commissioner of the agency promulgating the rule, consideration of the impact of the waiver on the delivery of the community resources service or activity, the time frame to rule on the waiver, the method to evaluate the budget of the waiver, and the effective date and termination date of the waiver. The commissioner shall determine if the waiver will be approved.*

**Sec. 8. [APPROPRIATION; DISTRIBUTION.]**

*\$ . . . . . is appropriated from the general fund for the biennium ending June 30, 1991, to the commissioner of state planning for payment to the cities as provided in section 5. \$ . . . . . is for fiscal year 1990 and \$ . . . . . is for fiscal year 1991.*

Delete everything after the enacting clause and insert:

"Section 1. [144.0723] [CLIENT REIMBURSEMENT CLASSIFICATIONS; PROCEDURES FOR RECONSIDERATION.]

*Subdivision 1. [CLIENT REIMBURSEMENT CLASSIFICATIONS.] The commissioner of health shall establish reimbursement classifications based upon the assessment of each client in intermediate care facilities for the mentally retarded conducted after December 31, 1988, under section 256B.501, subdivision 3g, or under rules established by the commissioner of human services under section 256B.501, subdivision 3j. The reimbursement classifications established by the commissioner must conform to the rules established by the commissioner of human services to set payment rates for intermediate care facilities for the mentally retarded beginning on or after October 1, 1990.*

*Subd. 2. [NOTICE OF CLIENT REIMBURSEMENT CLASSIFICATION.] The commissioner of health shall notify each client and intermediate care facility for the mentally retarded in which the client resides of the reimbursement classification established under subdivision 1. The notice must inform the client of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the commissioner, and the opportunity to request a reconsideration of the classification. The notice of classification must be sent by first-class mail. The individual client notices may be sent to the client's intermediate care facility for the mentally retarded for distribution to the client. The facility must distribute the notice to the client's case manager and to the client or to the client's representative. This notice must be distributed within three working days after the facility receives the notices from the department. For the purposes of this section, "representative" includes the client's legal representative as defined in Minnesota Rules, part 9525.0015, subpart 18, the person authorized to pay the client's facility expenses, or any other individual designated by the client.*

*Subd. 3. [REQUEST FOR RECONSIDERATION.] The client, client's representative, or the intermediate care facility for the mentally retarded may request that the commissioner reconsider the assigned classification. The request for reconsideration must be submitted in writing to the commissioner within 30 days after the receipt of the notice of client classification. The request for reconsideration must include the name of the client, the name and address of the facility in which the client resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation establishing that the needs of the client at the time of the assessment resulting in the disputed classification justify a change of classification.*

*Subd. 4. [ACCESS TO INFORMATION.] Upon written request, the intermediate care facility for the mentally retarded must give the client's case manager, the client, or the client's representative a copy of the assessment form and the other documentation that was given to the department to support the assessment findings. The facility shall also provide access to and a copy of other information from the client's record that has been requested by or on behalf of the client to support a client's reconsideration request. A copy of any requested material must be provided within three working days after the facility receives a written request for the information. If the facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment. Notwithstanding this section, any order issued by the commissioner under this subdivision must require that the facility immediately comply with the request for information and that as of the date the order is issued, the facility shall forfeit to the state a \$100 fine the first day of noncompliance, and an increase in the \$100 fine by \$50 increments for each day the noncompliance continues.*

*Subd. 5. [FACILITY'S REQUEST FOR RECONSIDERATION.] (a) In addition to the information required in subdivision 3, a reconsideration request from an intermediate care facility for the mentally retarded must contain the following information:*

*(1) the date the reimbursement classification notices were received by the facility;*

(2) the date the classification notices were distributed to the client's case manager and to the client or to the client's representative; and

(3) a copy of a notice sent to the client's case manager, and to the client or to the client's representative that tells the client or the client's representative (i) that a reconsideration of the client's reimbursement classification is being requested; (ii) the reason for the request; (iii) that the client's rate may change if the request is approved by the department; (iv) that copies of the facility's request and supporting documentation are available for review; and (v) that the client also has the right to request a reconsideration.

(b) If the facility fails to provide this information with the reconsideration request, the request must be denied, and the facility may not make further reconsideration requests on that specific reimbursement classification.

*Subd. 6. [RECONSIDERATION.] The commissioner's reconsideration must be made by individuals not involved in reviewing the assessment that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the commissioner under subdivisions 3 and 5. If necessary for evaluating the reconsideration request, the commissioner may conduct on-site reviews. At the commissioner's discretion, the commissioner may review the reimbursement classifications assigned to all clients in the facility. Within 15 working days after receiving the request for reconsideration, the commissioner shall affirm or modify the original client classification. The original classification must be modified if the commissioner determines that the assessment resulting in the classification did not accurately reflect the status of the client at the time of the assessment. The client and the intermediate care facility for the mentally retarded shall be notified within five working days after the decision is made. The commissioner's decision under this subdivision is the final administrative decision of the agency.*

*Subd. 7. [AUDIT AUTHORITY.] The department of health may audit assessments of clients in intermediate care facilities for the mentally retarded. The audits may be conducted at the facility, and the department may conduct the audits on an unannounced basis.*

*Subd. 8. [RULEMAKING.] The commissioner of health shall adopt rules necessary to implement these provisions.*

Sec. 4. Minnesota Statutes 1988, section 144.562, subdivision 3, is amended to read:

To determine whether an emergency situation exists, the commissioner shall require the hospital to provide documentation that continued services in the swing bed are required by the patient; that no skilled nursing facility beds are available within 25 miles from the patient's home, or in some more remote facility of the resident's choice, that can provide the appropriate level of services required by the patient; and that other alternative services are not available to meet the needs of the patient. If the commissioner approves a greater length of stay, the hospital shall develop a plan providing for the discharge of the patient upon the availability of a nursing home bed or other services that meet the needs of the patient. Permission to extend a patient's length of stay must be requested by the hospital at least ten days prior to the end of the maximum length of stay.

(d) The hospital must agree, in writing, to limit admission to a swing bed only to (1) patients who have been hospitalized and not yet discharged from the facility, or (2) patients who are transferred directly from an acute care hospital.

(e) The hospital must agree, in writing, to report to the commissioner of health by December 1, 1985, and annually thereafter, in a manner required by the commissioner (1) the number of patients readmitted to a swing bed within 60 days of a patient's discharge from the facility, (2) the hospital's charges for care in a swing bed during the reporting period with a description of the care provided for the rate charged, and (3) the number of beds used by the hospital for transitional care and similar subacute inpatient care.

(f) The hospital must agree, in writing, to report statistical data on the utilization of the swing beds on forms supplied by the commissioner. The data must include the number of swing beds, the number of admissions to and discharges from swing beds, medicare reimbursed patient days, total patient days, and other information required by the commissioner to assess the utilization of swing beds.

[VIOLATION, PENALTY.] Violation of this section and ~~section 144A.611~~ by a nursing home or certified boarding care home shall be grounds for the issuance of a correction order to the ~~nursing home by the state commissioner of health.~~ Under the provisions of section 144.653 or 144A.10, the failure of the nursing home or certified boarding care home to ~~correct the deficiency or deficiencies specified in~~ comply with the correction order shall result in the assessment of a fine in accordance with the schedule of fines promulgated by rule of the state commissioner of health the amount of \$300.

Subd. 8. [EXCEPTIONS.] Employees of nursing homes conducted in

accordance with the teachings of the body known as the Church of Christ, Scientist, shall be exempt from the requirements of this section and section 144A.611.

Sec. 32. Minnesota Statutes 1988, section 144A.611, is amended to read:

144A.611 [REIMBURSABLE EXPENSES PAYABLE TO NURSING ASSISTANTS.]

Subdivision 1. [NURSING HOMES AND CERTIFIED BOARDING CARE HOMES.] The actual costs of tuition and reasonable expenses for ~~that approved program deemed by the commissioner of education to be minimally necessary to protect the health and welfare of nursing home residents the nursing assistant training program approved under section 144A.61,~~ which are paid to nursing ~~home~~ assistants pursuant to subdivision 2, ~~shall be~~ are a reimbursable expense for nursing homes and certified boarding care homes under the provisions of chapter 256B and the rules promulgated thereunder.

Subd. 2. [NURSING ASSISTANTS.] A nursing assistant who has completed an approved training program shall be reimbursed by the nursing home or certified boarding care home for actual costs of tuition and reasonable expenses for the training program 90 days after the date of employment, or upon completion of the approved training program, whichever is later.

(b) Provisions designed to prevent reimbursement by the commissioner under this section and section 144A.61 to more than one nursing home or *certified boarding care home* for the training of any individual nursing assistant; and

(c) Provisions permitting the reimbursement by the commissioner to nursing homes, *certified boarding care homes*, and nursing assistants for the retraining of a nursing assistant after an absence from the labor market of not less than ~~five years~~ *24 months*.

Sec. 33. Minnesota Statutes 1988, section 256B.0625, subdivision 2, is amended to read:

Subd. 2. [SKILLED AND INTERMEDIATE NURSING CARE.] Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562; ~~unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute~~

care beds; (b) the health care financing administration approves the necessary state plan amendments; (c) the patient was screened as provided in section 256B.091; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year.

Sec. 34. Minnesota Statutes 1988, section 256B.091, subdivision 3, is amended to read:

Subd. 3. [SCREENING TEAM; DUTIES.] Local screening teams shall seek cooperation from other public and private agencies in the community which offer services to the disabled and elderly. The responsibilities of the agency responsible for screening shall include:

(a) Provision of information and education to the general public regarding availability of the screening program;

(b) Acceptance of referrals from individuals, families, human service professionals and nursing home personnel of the community agencies;

(c) Assessment of health and social needs of referred individuals and identification of services needed to maintain these persons in the least restrictive environments;

(d) Identification of available noninstitutional services to meet the needs of individuals referred;

(e) Recommendations for individuals screened regarding:

(1) Nursing home or boarding care home admission; and

(2) Maintenance in the community with specific service plans and referrals and designation of a lead agency to implement each individual's plan of care;

(f) *Assessment of active treatment needs:*

(1) *in cooperation with a qualified mental health professional for persons with a primary or secondary diagnosis of mental illness; and*

(2) *in cooperation with a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions.*

*For purposes of this subdivision, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;*

(g) Provision of follow up services as needed; and

~~(g)~~ (h) Preparation of reports which may be required by the commissioner of human services.

Sec. 35. Minnesota Statutes 1988, section 256B.25, is amended by adding a subdivision to read:

Subd. 4. [PAYMENT DURING SUSPENDED ADMISSIONS.] *A nursing home or boarding care home that has received a notice to suspend admissions under section 144A.10, subdivision 4a, shall be ineligible to receive*

*payment for admissions that occur during the effective dates of the suspension. Upon termination of the suspension by the commissioner of health, payments may be made for eligible persons, beginning with the day after the suspension ends.*

Sec. 36. Minnesota Statutes 1988, section 256B.421, subdivision 14, is amended to read:

Subd. 14. [FRINGE BENEFITS.] "Fringe benefits" means ~~workers' compensation insurance~~, group health or dental insurance, group life insurance, retirement benefits or plans, and uniform allowances.

Sec. 37. Minnesota Statutes 1988, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing home, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing homes in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1987, or until the new base period is established, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052 (Emergency), on January 1, 1987, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing homes must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining

allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing homes that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing homes licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing homes referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing home's historical operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing home as an operating cost of that nursing home. Allowable costs under this subdivision for payments made by a nonprofit nursing home that are in lieu of real estate taxes shall not exceed the amount which the nursing home would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing homes shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior

year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing home as an operating cost of that nursing home, and for rate years beginning July 1, 1989, and July 1, 1990, workers' compensation insurance, provided the nursing home submits by April 5 a copy of its actual invoice for workers' compensation insurance for coverage which most nearly approximates the nursing home's rate year. The commissioner shall substitute the amount of the annual actual workers' compensation insurance premium for the amount of workers' compensation insurance reported on the cost report at an amount that is the lesser of the actual workers' compensation insurance premium submitted or 120 percent of workers' compensation insurance reported on the cost report. If the actual invoice for workers' compensation insurance is not provided by April 5, the commissioner shall disallow the nursing home's workers' compensation insurance. The disallowance shall remain in effect until the nursing home provides the actual invoice for workers' compensation insurance and amends its cost report as provided in Minnesota Rules, part 9549.0041, subpart 14. Upon receipt of that invoice, the commissioner shall adjust the nursing home's payment rate accordingly. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, workers' compensation insurance increases, and license fees paid as required by the Minnesota department of health, for each nursing home (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the 60th percentile care-related operating cost limits or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e).

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing home that meets the criteria for the special dietary needs of its residents as specified in section 144A.071, subdivision 3, clause (c), and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing home's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

Sec. 38. Minnesota Statutes 1988, section 256B.431, subdivision 2c, is amended to read:

Subd. 2c. [OPERATING COSTS AFTER JULY 1, 1986; *ONETIME ADJUSTMENTS*.] (a) For rate years beginning on or after July 1, 1986, the commissioner may allow a ~~one time~~ onetime adjustment to historical operating costs of a nursing home that has been found by the commissioner of health to be significantly below ~~care related~~ care-related minimum standards appropriate to the mix of resident needs in that nursing home when it is determined by the commissioners of health and human services that the nursing home is unable to meet minimum standards through reallocation of nursing home costs and efficiency incentives or allowances. In developing procedures to allow adjustments, the commissioner shall specify the terms and conditions governing any additional payments made to a nursing home as a result of the adjustment. The commissioner shall establish procedures to recover amounts paid under this subdivision, in whole or in part, and to

adjust current and future rates, for nursing homes that fail to use the adjustment to satisfy ~~care~~ *care-related* minimum standards.

*(b) For rate years beginning on or after July 1, 1989, the commissioner may allow a onetime adjustment to historical operating costs of a nursing home that the commissioner of health finds is significantly below care-related minimum standards appropriate to the mix of resident needs in that nursing home as a result of an action of the legislature to increase the minimum number of nursing hours required under section 144A.04, subdivision 7, paragraph (a). A nursing home that satisfies the criteria for an adjustment under this paragraph is eligible for the adjustment even if the nursing home previously received a onetime adjustment under paragraph (a). The requirements, procedures, and rules that apply to a onetime adjustment under paragraph (a) also apply to an adjustment under this paragraph, except that:*

*(1) the time period upon which the onetime adjustment is based is October 1, 1987, to September 30, 1988;*

*(2) the time period over which the onetime adjustment is to be reimbursed is October 1, 1989, to September 30, 1990;*

*(3) the nursing home may not have received an interim or settle-up payment rate during the reporting period ending September 30, 1988;*

*(4) the documentation requirements apply to the reporting years ending September 30, 1987, and September 30, 1988;*

*(5) the commissioner may only adjust a nursing home's care-related operating cost payment rates for the number of productive nursing hours per standardized day that the nursing home is below the care-related minimum standard of 1.0 in section 144A.04, subdivision 7, paragraph (a), and above .95, multiplied by 1.50;*

*(6) the nursing home's efficiency incentive may not be used to offset the onetime adjustment; and*

*(7) the commissioner's fiscal and compliance review must relate to the care-related minimum standard in section 144A.04, subdivision 7, paragraph (a), the reporting period ending September 30, 1990, and the implementation provisions shall relate to the rate year beginning July 1, 1991, or the nine-month period following the reporting year ending September 30, 1990.*

Sec. 39. Minnesota Statutes 1988, section 256B.431, subdivision 2e, is amended to read:

Subd. 2e. [CONTRACTS FOR SERVICES FOR VENTILATOR DEPENDENT PERSONS.] The commissioner may contract with a nursing home eligible to receive medical assistance payments to provide services to a ventilator dependent person identified by the commissioner according to criteria developed by the commissioner, including:

(1) nursing home care has been recommended for the person by a preadmission screening team;

(2) the person has been assessed at case mix classification K;

(3) the person has been hospitalized for at least six months and no longer requires inpatient acute care hospital services; and

(4) the commissioner has determined that necessary services for the

person cannot be provided under existing nursing home rates.

The commissioner may issue a request for proposals to provide services to a ventilator dependent person to nursing homes eligible to receive medical assistance payments and shall select nursing homes from among respondents according to criteria developed by the commissioner, including:

- (1) the cost effectiveness and appropriateness of services;
- (2) the nursing home's compliance with federal and state licensing and certification standards; and
- (3) the proximity of the nursing home to a ventilator dependent person identified by the commissioner who requires nursing home placement.

The commissioner may negotiate an adjustment to the operating cost payment rate for a nursing home selected by the commissioner from among respondents to the request for proposals. The negotiated adjustment must reflect only the actual additional cost of meeting the specialized care needs of a ventilator dependent person identified by the commissioner for whom necessary services cannot be provided under existing nursing home rates and which are not otherwise covered under Minnesota Rules, parts 9549.0010 to 9549.0080 or 9505.0170 to 9505.0475. *The negotiated payment rate must not exceed 200 percent of the highest multiple bedroom payment rate for a Minnesota nursing home, as initially established by the commissioner for the rate year for case mix classification K.* The negotiated adjustment shall not affect the payment rate charged to private paying residents under the provisions of section 256B.48, subdivision 1. The negotiated adjustment paid pursuant to this paragraph is specifically exempt from the definition of "rule" and the rulemaking procedures required by chapter 14 and section 256B.502.

Sec. 40. Minnesota Statutes 1988, section 256B.431, subdivision 2i, is amended to read:

Subd. 2i. [OPERATING COSTS AFTER JULY 1, 1988.] (a) [OTHER OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the other operating cost limits established in Minnesota Rules, part 9549.0055, subpart 2, item E, to 110 percent of the median of the array of allowable historical other operating cost per diems and index these limits as in Minnesota Rules, part 9549.0056, subparts 3 and 4. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted other operating cost limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 3 and 4.

(b) [CARE-RELATED OPERATING COST LIMITS.] For the rate year beginning July 1, 1988, the commissioner shall increase the care-related operating cost limits established in Minnesota Rules, part 9549.0055, subpart 2, items A and B, to 125 percent of the median of the array of the allowable historical case mix operating cost standardized per diems and the allowable historical other care-related operating cost per diems and index those limits as in Minnesota Rules, part 9549.0056, subparts 1 and 2. The limits must be established in accordance with subdivision 2b, paragraph (d). For rate years beginning on or after July 1, 1989, the adjusted care-related limits must be indexed as in Minnesota Rules, part 9549.0056, subparts 1 and 2.

(c) [SALARY ADJUSTMENT PER DIEM.]

[1988-1990.] For the rate period October 1, 1988, to June 30, 1990, the commissioner shall add the appropriate salary adjustment per diem calculated in clause (1) or (2) to the total operating cost payment rate of each nursing home. The salary adjustment per diem for each nursing home must be determined as follows:

(1) for each nursing home that reports salaries for registered nurses, licensed practical nurses, and aides, orderlies and attendants separately, the commissioner shall determine the salary adjustment per diem by multiplying the total salaries, payroll taxes, and fringe benefits allowed in each operating cost category, except management fees and administrator and central office salaries and the related payroll taxes and fringe benefits, by 3.5 percent and then dividing the resulting amount by the nursing home's actual resident days; and

(2) for each nursing home that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the salary adjustment per diem is the weighted average salary adjustment per diem increase determined under clause (1).

Each nursing home that receives a salary adjustment per diem pursuant to this ~~subdivision~~ paragraph shall adjust nursing home employee salaries by a minimum of the amount determined in clause (1) or (2). The commissioner shall review allowable salary costs, including payroll taxes and fringe benefits, for the reporting year ending September 30, 1989, to determine whether or not each nursing home complied with this requirement. The commissioner shall report the extent to which each nursing home complied with the legislative commission on long-term care by August 1, 1990.

[WAGE DISPARITY ADJUSTMENT PER DIEM; 1988-1990.] *For the rate period October 1, 1989, to June 30, 1991, the commissioner shall add the appropriate salary adjustment per diem calculated under clauses (1) to (3) to the total operating cost payment rate of each nursing home. The salary adjustment per diem for each nursing home must be determined as follows:*

*(1) All nursing homes must be grouped according to Minnesota hospital association districts as indicated in the Minnesota salary survey of hospitals and nursing homes for 1988 as published by the department of jobs and training. The percentage adjustment is determined according to the percentage disparity that exists between the care-related salaries of hospital employees and nursing home employees in each district. For this purpose the disparity is determined as follows:*

*(i) The median hourly wage for staff nurses, licensed practical nurses, and nurse assistants employed in nursing homes in each district is combined on a district basis. A corresponding value is determined for hospitals in each district.*

*(ii) The value determined in subclause (i) for hospital employees is divided by the corresponding value for the nursing home wages determined in subclause (i). The resulting value is the wage disparity for each district.*

*(iii) Nursing homes with disparity values of greater than one but less than or equal to 1.1 will receive a one percent adjustment. Nursing homes with a disparity value of greater than 1.1 but less than or equal to 1.2 will receive a two percent adjustment. Nursing homes with a disparity value of greater than 1.2 will receive a three percent adjustment.*

(2) For each nursing home that reports salaries for registered nurses, licensed practical nurses, and aides, orderlies and attendants separately, the commissioner shall determine the salary adjustment per diem by multiplying the total salaries, payroll taxes, and fringe benefits allowed in each operating cost category, except management fees and administrator and central office salaries and the related payroll taxes and fringe benefits, by the appropriate percentage determined under clause (1) and then dividing the resulting amount by the nursing home's actual resident days.

(3) For each nursing home that does not report salaries for registered nurses, licensed practical nurses, aides, orderlies, and attendants separately, the salary adjustment per diem is the weighted average salary adjustment per diem increase determined under clause (2) for the district in which the nursing home is located.

Each nursing home that receives a salary adjustment per diem pursuant to this clause must adjust nursing home employee salaries by a minimum of the amount determined under clauses (1) to (3). The commissioner shall review allowable salary costs, including payroll taxes and fringe benefits, for the reporting year ending September 30, 1990, to determine whether or not each nursing home complied with this requirement. The commissioner shall report the extent to which each nursing home complied with the legislative commission on long-term care by August 1, 1991.

(d) ~~[PENSION CONTRIBUTIONS.]~~ For rate years beginning on or after July 1, 1989, the commissioner shall exempt allowable employee pension contributions separately reported by a nursing home on its annual cost report from the care-related operating cost limits and the other operating cost limits. Hospital-attached homes that provide allowable employee pension contributions may report the costs that are allocated to nursing home operations independently for verification by the commissioner. For rate years beginning on or after July 1, 1989, amounts verified as allowable employee pension contributions are exempt from care-related operating cost limits and other operating cost limits. For purposes of this paragraph, "employee pension contributions" means contributions required under the Public Employee Retirement Act and contributions to other employee pension plans if the pension plan existed on March 1, 1988.

(e) ~~[NEW BASE YEAR.]~~ The commissioner shall establish the reporting year ending September 30, 1989, as a new base year. The commissioner shall establish new base years for both the reporting year ending September 30, 1989, and the reporting year ending September 30, 1990. In establishing new base years, the commissioner must take into account:

- (1) statutory changes made in geographic groups;
- (2) redefinitions of cost categories; and
- (3) reclassification, pass-through, or exemption of certain costs such as workers' compensation and employee pension contributions.

Sec. 41. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 2j. [HOSPITAL-ATTACHED NURSING HOME STATUS.] (a) For the purpose of setting rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for rate years beginning after June 30, 1989, a hospital-attached nursing home means a nursing home recognized by the federal Medicare program to be a hospital-based nursing facility for purposes of*

*being subject to higher cost limits accorded hospital-based nursing facilities under the Medicare program, provided that the nursing home's cost report filed under Minnesota Rules, parts 9549.0010 to 9549.0080, shall use the same cost allocation principles and methods used in the reports filed for the Medicare program.*

*(b) For rate years beginning after June 30, 1989, a nursing home and hospital, which have applied for hospital-based nursing facility status under the federal Medicare program during the reporting year or the nine-month period following the nursing home's reporting year, shall be considered a hospital-attached nursing home for purposes of setting payment rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for the rate year following the reporting year or the nine-month period in which the facility made its Medicare application. The nursing home must file its cost report or an amended cost report for that reporting year before the following rate year using Medicare principles and Medicare's recommended cost allocation methods had the Medicare program's hospital-based nursing facility status been granted to the nursing home. For each subsequent rate year, the nursing home must meet the definition requirements in paragraph (a). If the nursing home is denied hospital-based nursing facility status under the Medicare program, the nursing home's payment rates for the rate years the nursing home was considered to be a hospital-attached nursing home pursuant to this paragraph shall be recalculated treating the nursing home as a non-hospital-attached nursing home.*

Sec. 42. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 2k. [CASE MIX COST ALLOCATION ADJUSTMENT.] For rate years beginning after June 30, 1989, the commissioner shall adjust a nursing home's total payment rate established in Minnesota Rules, part 9549.0070, subpart 1, according to paragraphs (a) to (h):*

*(a) A nursing home whose nursing facility beds are not 100 percent certified for Medicare by the end of the reporting year ending September 30, 1988, and each full reporting year thereafter, is not eligible for a case mix cost allocation adjustment per diem.*

*(b) The commissioner shall calculate each nursing home's Medicare case mix score by dividing each home's standardized Medicare resident days by its actual Medicare resident days for the reporting year.*

*(c) The commissioner shall calculate each nursing home's total case mix score by dividing each home's standardized resident days by its actual resident days for the reporting year.*

*(d) The commissioner shall subtract the nursing home's total case mix score from the home's Medicare case mix score and multiply the difference by the allowable historical case mix operating cost standardized per diem, as established in Minnesota Rules, part 9549.0054, subpart 3.*

*(e) The commissioner shall calculate the case mix cost allocation adjustment factor by multiplying the amount calculated in paragraph (c) by the number of actual Medicare resident days in the reporting year.*

*(f) The commissioner shall calculate the case mix cost allocation adjustment per diem by multiplying the case mix cost allocation adjustment factor by the care-related annual adjustment factor, as established in Minnesota Rules, part 9549.0055, subpart 1, item A, and dividing the product by the*

*sum of the number of actual medical assistance resident days and private pay resident days in the reporting year.*

*(g) The commissioner shall add the case mix cost allocation adjustment per diem calculated in paragraph (e) to the nursing home's total payment rate.*

*(h) A case mix cost allocation adjustment paid under this subdivision is subject to retroactive recovery if the Health Care Financing Administration disapproves the commissioner's state plan amendment.*

Sec. 43. Minnesota Statutes 1988, section 256B.431, subdivision 3a, is amended to read:

Subd. 3a. [PROPERTY-RELATED COSTS AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner, by permanent rule, shall reimburse nursing home providers that are vendors in the medical assistance program for the rental use of real estate and depreciable equipment. "Real estate" means land improvements, buildings, and attached fixtures used directly for resident care. "Depreciable equipment" means the standard movable resident care equipment and support service equipment generally used in long-term care facilities.

(b) In developing the method for determining payment rates for the rental use of nursing homes, the commissioner shall consider factors designed to:

(1) simplify the administrative procedures for determining payment rates for property-related costs:

(2) minimize discretionary or appealable decisions;

(3) eliminate any incentives to sell nursing homes;

(4) recognize legitimate costs of preserving and replacing property;

(5) recognize the existing costs of outstanding indebtedness allowable under the statutes and rules in effect on May 1, 1983;

(6) address the current value of, if used directly for patient care, land improvements, buildings, attached fixtures, and equipment;

(7) establish an investment per bed limitation;

(8) reward efficient management of capital assets;

(9) provide equitable treatment of facilities;

(10) consider a variable rate; and

(11) phase-in implementation of the rental reimbursement method.

(c) No later than January 1, 1984, the commissioner shall report to the legislature on any further action necessary or desirable in order to implement the purposes and provisions of this subdivision.

(d) For rate years beginning on or after July 1, 1987, a nursing home which has reduced licensed bed capacity after January 1, 1986, shall be allowed to:

(1) aggregate the applicable investment per bed limits based on the number of beds licensed prior to the reduction; and

(2) establish capacity days for each rate year following the licensure reduction based on the number of beds licensed on the previous April 1 if the commissioner is notified of the change by April 4. The notification

must include a copy of the delicensure request that has been submitted to the commissioner of health.

(e) Until the rental reimbursement method is fully phased in, a nursing home whose final property-related payment rate is the rental rate shall continue to have its property-related payment rates established based on the rental reimbursement method.

*(f) For rate years beginning on or after July 1, 1989, the interest expense that results from a refinancing of a nursing home's demand call loan, when the loan that must be refinanced was incurred before May 22, 1983, is an allowable interest expense if:*

*(1) the demand call loan or any part of it was in the form of a loan that was callable at the demand of the lender;*

*(2) the demand call loan or any part of it was called by the lender through no fault of the nursing home;*

*(3) the demand call loan or any part of it was made by a government agency operating under a statutory or regulatory loan program;*

*(4) the refinanced debt does not exceed the sum of the allowable remaining balance of the demand call loan at the time of payment on the demand call loan and refinancing costs;*

*(5) the term of the refinanced debt does not exceed the remaining term of the demand call loan, had the debt not been subject to an on-call payment demand; and*

*(6) the refinanced debt is not a debt between related organizations as defined in Minnesota Rules, part 9549.0020, subpart 38.*

Sec. 44. Minnesota Statutes 1988, section 256B.431, subdivision 3f, is amended to read:

Subd. 3f. [PROPERTY COSTS AFTER JULY 1, 1988.] (a) [INVESTMENT PER BED LIMIT.] For the rate year beginning July 1, 1988, the replacement-cost-new per bed limit must be \$32,571 per licensed bed in multiple bedrooms and \$48,857 per licensed bed in a single bedroom. *For the rate year beginning July 1, 1989, the replacement-cost-new per bed limit for a single bedroom must be \$49,907 adjusted according to Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1).* Beginning January 1, ~~1989~~ 1990, the replacement-cost-new per bed limits must be adjusted annually as specified in Minnesota Rules, part 9549.0060, subpart 4, item A, subitem (1).

(b) [RENTAL FACTOR.] For the rate year beginning July 1, 1988, the commissioner shall increase the rental factor as established in Minnesota Rules, part 9549.0060, subpart 8, item A, by 6.2 percent rounded to the nearest 100th percent for the purpose of reimbursing nursing homes for soft costs and entrepreneurial profits not included in the cost valuation services used by the state's contracted appraisers. For rate years beginning on or after July 1, 1989, the rental factor is the amount determined under this paragraph for the rate year beginning July 1, 1988.

(c) [OCCUPANCY FACTOR.] For rate years beginning on or after July 1, 1988, in order to determine property-related payment rates under Minnesota Rules, part 9549.0060, for all nursing homes except those whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use 95 94 percent of capacity

days. For a nursing home whose average length of stay in a skilled level of care within a nursing home is 180 days or less, the commissioner shall use the greater of resident days or 80 percent of capacity days but in no event shall the divisor exceed ~~95~~ 94 percent of capacity days.

(d) [EQUIPMENT ALLOWANCE.] For rate years beginning on July 1, 1988, and July 1, 1989, the commissioner shall add ten cents per resident per day to each nursing home's property-related payment rate. The ten-cent property-related payment rate increase is not cumulative from rate year to rate year. For the rate year beginning July 1, 1990, the commissioner shall increase each nursing home's equipment allowance as established in Minnesota Rules, part 9549.0060, subpart 10, by ten cents per resident per day. For rate years beginning on or after July 1, 1991, the adjusted equipment allowance must be adjusted annually for inflation as in Minnesota Rules, part 9549.0060, subpart 10, item E.

~~(e) [REFINANCING.] If a nursing home is refinanced, the commissioner shall adjust the nursing home's property-related payment rate for the savings that result from refinancing. The adjustment to the property-related payment rate must be as follows:~~

~~(1) The commissioner shall recalculate the nursing home's rental per diem by substituting the new allowable annual principle and interest payments for those of the refinanced debt.~~

~~(2) The nursing home's property-related payment rate must be decreased by the difference between the nursing home's current rental per diem and the rental per diem determined under clause (1).~~

~~If a nursing home payment rate is adjusted according to this paragraph, the adjusted payment rate is effective the first of the month following the date of the refinancing for both medical assistance and private paying residents. The nursing home's adjusted property-related payment rate is effective until June 30, 1990.~~

(e) [POST-CHAPTER 199 RELATED-ORGANIZATION DEBTS AND INTEREST EXPENSE.] For rate years beginning on or after July 1, 1990, Minnesota Rules, part 9549.0060, subpart 5, item E, do not apply to outstanding related-organization debt incurred prior to May 23, 1983, provided that the debt was an allowable debt under Minnesota Rules, parts 9510.0010 to 9510.0480, the debt is subject to repayment through annual principle payments, and the nursing home demonstrates to the commissioner's satisfaction that the interest rate on the debt was less than market interest rates for similar arms-length transactions at the time the debt was incurred. If the debt was incurred due to a sale between family members, the nursing home must also demonstrate that the seller no longer participates in the management or operation of the nursing home from the date of the sale. Debts meeting the conditions of this paragraph are subject to all other provisions of Minnesota Rules, parts 9549.0010 to 9549.0080.

(f) [CAPITAL ASSET REPLACEMENT FUND.] For rate years beginning on or after July 1, 1990, the commissioner shall establish a capital asset replacement fund per diem for each nursing home. The capital asset replacement fund per diem equals the nursing home's allowable appraised value multiplied by .03, divided by the home's capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by paragraph (c) for the preceding reporting year. The nursing home must establish, manage, and use the capital asset replacement fund as provided in

clauses 1 to 7.

(1) *The nursing home must annually deposit to the capital asset replacement fund, within 30 days after the end of the reporting year, an amount equal to the capital asset replacement fund per diems multiplied by the nursing home's proportion of resident days appropriate to the capital asset replacement fund per diem established for that reporting year. For the reporting year ending September 30, 1989, the nursing home's resident days must be multiplied by .25.*

(2) *Capital asset replacement funds must be invested in liquid marketable investments such as savings or money market accounts, certificates of deposit and United States treasury bills. A separate capital asset replacement fund account must be maintained for each nursing home.*

(3) *Capital asset replacement funds and the interest income earned on the capital asset replacement funds may only be used for the cost of capitalized repair, renovation, or replacement of the nursing home's buildings, attached fixtures, or land improvements that were incurred after June 30, 1990.*

(4) *Capital asset replacement funds and the interest income earned on the capital asset replacement funds attach to the nursing home, and shall remain the property of the nursing home regardless of a sale, change of ownership, or reorganization of provider entity. If the nursing home is decertified or delicensed, and the nursing home's beds are not replaced as certified nursing home beds under the medical assistance program, the commissioner shall recapture all remaining capital asset replacement funds, including any interest income earned thereon.*

(5) *Capital asset replacement funds managed or used contrary to any of the provisions of this paragraph must be recaptured by the commissioner through desk audit or field audit adjustments.*

(6) *The terms "renovation" and "replacement" have the meanings given them in section 144A.073, subdivision 1.*

(7) *The terms "reporting year," "rate year," "buildings," "attached fixtures," "land improvements," "repairs," and "resident days," have the meanings given them in Minnesota Rules, parts 9549.0010 to 9549.0080.*

(g) [BUILDING CAPITAL ALLOWANCE FOR NURSING HOMES WITH OPERATING LEASES.] *For rate years beginning on or after July 1, 1990, a nursing home with operating lease costs incurred for the nursing home's buildings shall receive its building capital allowance computed in accordance with Minnesota Rules, part 9549.0060, subpart 8.*

Sec. 45. Minnesota Statutes 1988, section 256B.431, subdivision 3g, is amended to read:

Subd. 3g. [PROPERTY COSTS AFTER JULY 1, 1990, FOR CERTAIN FACILITIES.] *For rate years beginning on or after July 1, 1990, non-hospital attached nursing homes that, on or after January 1, 1976, but prior to ~~December 31, 1985~~ January 1, 1987, were newly licensed after new construction, or increased their licensed beds by a minimum of 35 percent through new construction, and whose building capital allowance is less than their allowable annual principal and interest on allowable debt prior to the application of the replacement-cost-new per bed limit and whose remaining weighted average debt amortization schedule as of January 1, 1988, exceeded 15 years, must receive a property-related payment rate*

equal to the greater of their rental per diem or their annual allowable principal and allowable interest without application of the replacement-cost-new per bed limit *divided by their capacity days as determined under Minnesota Rules, part 9549.0060, subpart 11, as modified by subdivision 3f, paragraph (c), from the preceding reporting year*; plus their equipment allowance. A nursing home that is eligible for a property-related payment rate under this subdivision and whose property-related payment rate in a subsequent rate year is its rental per diem must continue to have its property-related payment rates established for all future rate years based on the rental reimbursement method in Minnesota Rules, part 9549.0060.

The commissioner may require the nursing home to apply for refinancing as a condition of receiving special rate treatment under this subdivision.

Sec. 46. Minnesota Statutes 1988, section 256B.431, subdivision 4, is amended to read:

Subd. 4. [SPECIAL RATES.] (a) For the rate years beginning July 1, 1983, and July 1, 1984, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property-related costs calculated pursuant to the statutes and rules in effect on May 1, 1983, and for operating costs negotiated by the commissioner based upon the 60th percentile established for the appropriate group under subdivision 2a, to be effective from the first day a medical assistance recipient resides in the home or for the added beds. For newly constructed nursing homes which are not included in the calculation of the 60th percentile for any group, subdivision 2f, the commissioner shall establish by rule procedures for determining interim operating cost payment rates and interim property-related cost payment rates. The interim payment rate shall not be in effect for more than 17 months. The commissioner shall establish, by emergency and permanent rules, procedures for determining the interim rate and for making a retroactive cost settle-up after the first year of operation; the cost settled operating cost per diem shall not exceed 110 percent of the 60th percentile established for the appropriate group. Until procedures determining operating cost payment rates according to mix of resident needs are established, the commissioner shall establish by rule procedures for determining payment rates for nursing homes which provide care under a lesser care level than the level for which the nursing home is certified.

(b) For the rate years beginning on or after July 1, 1985, a newly constructed nursing home or one with a capacity increase of 50 percent or more may, upon written application to the commissioner, receive an interim payment rate for reimbursement for property related costs, operating costs, and real estate taxes and special assessments calculated under rules promulgated by the commissioner.

(c) For rate years beginning on or after July 1, 1983, the commissioner may exclude from a provision of 12 MCAR S 2.050 any facility that is licensed by the commissioner of health only as a boarding care home, certified by the commissioner of health as an intermediate care facility, is licensed by the commissioner of human services under Minnesota Rules, parts 9520.0500 to 9520.0690, and has less than five percent of its licensed boarding care capacity reimbursed by the medical assistance program. Until a permanent rule to establish the payment rates for facilities meeting these

criteria is promulgated, the commissioner shall establish the medical assistance payment rate as follows:

(1) The desk audited payment rate in effect on June 30, 1983, remains in effect until the end of the facility's fiscal year. The commissioner shall not allow any amendments to the cost report on which this desk audited payment rate is based.

(2) For each fiscal year beginning between July 1, 1983, and June 30, 1985, the facility's payment rate shall be established by increasing the desk audited operating cost payment rate determined in clause (1) at an annual rate of five percent.

(3) For fiscal years beginning on or after July 1, 1985, but before January 1, 1988, the facility's payment rate shall be established by increasing the facility's payment rate in the facility's prior fiscal year by the increase indicated by the consumer price index for Minneapolis and St. Paul.

(4) For the fiscal year beginning on January 1, 1988, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted prior year's payment rate plus the real estate tax and special assessment per diem.

(5) For fiscal years beginning on or after January 1, 1989, the facility's payment rate must be established using the following method: The commissioner shall divide the real estate taxes and special assessments payable as stated in the facility's current property tax statement by actual resident days to compute a real estate tax and special assessment per diem. Next, the prior year's payment rate less the real estate tax and special assessment per diem must be adjusted by the higher of (1) the percentage change in the consumer price index (CPI-U U.S. city average) as published by the Bureau of Labor Statistics between the previous two Septembers, new series index (1967-100), or (2) 2.5 percent, to determine an adjusted payment rate. The facility's payment rate is the adjusted payment rate plus the real estate tax and special assessment per diem.

(6) For the purpose of establishing payment rates under this paragraph, the facility's rate and reporting years coincide with the facility's fiscal year.

(d) A facility that meets the criteria of paragraph (c) shall submit annual cost reports on forms prescribed by the commissioner.

(e) For the rate year beginning July 1, 1985, each nursing home total payment rate must be effective two calendar months from the first day of the month after the commissioner issues the rate notice to the nursing home. From July 1, 1985, until the total payment rate becomes effective, the commissioner shall make payments to each nursing home at a temporary rate that is the prior rate year's operating cost payment rate increased by 2.6 percent plus the prior rate year's property-related payment rate and the prior rate year's real estate taxes and special assessments payment rate. The commissioner shall retroactively adjust the property-related payment rate and the real estate taxes and special assessments payment rate to July 1,

1985, but must not retroactively adjust the operating cost payment rate.

(f) For the purposes of Minnesota Rules, part 9549.0060, subpart 13, item F, the following types of transactions shall not be considered a sale or reorganization of a provider entity:

- (1) the sale or transfer of a nursing home upon death of an owner;
- (2) the sale or transfer of a nursing home due to serious illness or disability of an owner as defined under the social security act;
- (3) the sale or transfer of the nursing home upon retirement of an owner at 62 years of age or older;
- (4) any transaction in which a partner, owner, or shareholder acquires an interest or share of another partner, owner, or shareholder in a nursing home business provided the acquiring partner, owner, or shareholder has less than 50 percent ownership after the acquisition;
- (5) a sale and leaseback to the same licensee which does not constitute a change in facility license;
- (6) a transfer of an interest to a trust;
- (7) gifts or other transfers for no consideration;
- (8) a merger of two or more related organizations;
- (9) a transfer of interest in a facility held in receivership;
- (10) a change in the legal form of doing business other than a publicly held organization which becomes privately held or vice versa;
- (11) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing home or the issuance of stock; or
- (12) an involuntary transfer including foreclosure, bankruptcy, or assignment for the benefit of creditors.

Any increase in allowable debt or allowable interest expense or other cost incurred as a result of the foregoing transactions shall be a nonallowable cost for purposes of reimbursement under Minnesota Rules, parts 9549.0010 to 9549.0080.

*(g) Upon receiving a recommendation from the commissioner of health for a review of rates under section 144A.15, subdivision 6, the commissioner may grant an adjustment to the nursing home's payment rate. The commissioner shall review the recommendation of the commissioner of health, together with the nursing home's cost report to determine whether or not the deficiency or need can be corrected or met by reallocating nursing home staff, costs, revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that the deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the nursing home's actual resident days from the most recent desk-audited cost report. The payment rate adjustment must meet the conditions in section 256B.47, subdivision 2, and shall remain in effect until the receivership under section 144A.15 ends, or until another date the commissioner sets.*

*Upon the subsequent sale or transfer of the nursing home, the commissioner may recover amounts paid through payment rate adjustments under*

*this paragraph. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. The buyer or transferee must also repay the private-pay resident the amount the private-pay resident paid through payment rate adjustment.*

(h) For rate years beginning on or after July 1, 1986, the commissioner may exclude from a provision of Minnesota Rules, parts 9549.0010 to 9549.0080, any facility that is certified by the commissioner of health as an intermediate care facility, licensed by the commissioner of human services as a chemical dependency treatment program, and enrolled in the medical assistance program as an institution for mental disease. The commissioner of human services shall establish a medical assistance payment rate for these facilities. Chapter 14 does not apply to the procedures and criteria used to establish the ratesetting structure. The ratesetting method is not appealable.

Sec. 47. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 7. [ONETIME ADJUSTMENT TO NURSING HOME PAYMENT RATES TO COMPLY WITH OMNIBUS BUDGET RECONCILIATION ACT.] The commissioner shall determine a onetime nursing staff adjustment to the payment rate to adjust payment rates to upgrade certain nursing homes' professional nursing staff complement to meet the minimum standards of 1987 Public Law Number 100-203. The adjustments to the payment rates determined under this subdivision cover cost increases to meet minimum standards for professional nursing staff. For a nursing home to be eligible for the payment rate adjustment, a nursing home must have all of its current licensed beds certified solely for the intermediate level of care. When the commissioner establishes that it is not cost effective to upgrade an eligible nursing home to the new minimum staff standards, the commissioner may exclude the nursing home if it is either an institution for mental disease or a nursing home that would have been determined to be an institution for mental disease, but for the fact that it has 16 or fewer licensed beds.*

*(a) The increased cost of professional nursing for an eligible nursing home shall be determined according to clauses (1) to (4):*

*(1) subtract from the number 8760 the compensated hours for professional nurses, both employed and contracted, and, if the result is greater than zero, then multiply the result by \$4.55;*

*(2) subtract from the number 2920 the compensated hours for registered nurses, both employed and contracted, and, if the result is greater than zero, then multiply the result by \$9.30;*

*(3) if an eligible nursing home has less than 61 licensed beds, the director of nurses' compensated hours must be included in the compensated hours for professional nurses in clause (1). If the director of nurses is also a registered nurse, the director of nurses' hours must be included in the compensated hours for registered nurses in clause (2); and*

*(4) the onetime nursing staff adjustment to the payment rate shall be the sum of clauses (1) and (2) as adjusted by clause (3), if appropriate, and then divided by the nursing home's actual resident days for the reporting year ending September 30, 1988.*

*(b) The onetime nursing staff adjustment to the payment rate is effective from October 1, 1989, to June 30, 1991.*

*(c) If a nursing home is granted a waiver to the minimum professional nursing staff standards under Public Law Number 100-203 for either the professional nurse adjustment referred to in clause (1), or the registered nurse adjustment in clause (2), the commissioner must recover the portion of the nursing home's payment rate that relates to a onetime nursing staff adjustment granted under this subdivision. The amount to be recovered must be based on the type and extent of the waiver granted.*

Sec. 48. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 8. [ONETIME PER DIEM RATE ADJUSTMENT FOR INCREASED COSTS UNDER THE OMNIBUS BUDGET RECONCILIATION ACT.] For the rate years beginning July 1, 1989, and July 1, 1990, the commissioner shall add 35 cents per resident per day to the nursing home's payment rate. The adjustment may not be paid to freestanding boarding care homes.*

Sec. 49. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 9. [ONETIME ADJUSTMENT FOR FREESTANDING BOARDING CARE HOMES TO COVER INCREASED COSTS UNDER THE OMNIBUS BUDGET RECONCILIATION ACT.] (a) The commissioner shall determine a onetime adjustment to the payment rate of a freestanding boarding care home necessary for that home to comply with the provisions of Public Law Number 100-203 except those requirements outlined in subdivision 7. The adjustment to the payment rate determined under this subdivision covers increased costs for a medical director, nurse aide training for newly hired aides, ongoing in-service training for nurses aides, and other requirements identified by the commissioner that are required because of the Omnibus Budget Reconciliation Act of 1987. These costs will only be reimbursed if they are required in the final regulations pertaining to Public Law Number 100-203.*

*(b) Each facility eligible for this adjustment shall submit to the commissioner a detailed estimate of the cost increases the facility will incur for these costs.*

*(c) The costs that are determined by the commissioner to be reasonable and necessary for a freestanding boarding care home to comply with Public Law Number 100-203, except those costs outlined in subdivision 7, must be included in the calculation of the adjustment.*

*(d) The maximum allowable annual adjustment per bed is \$400.*

*(e) The onetime adjustment is the cost allowed in paragraph (b), subject to the limits in paragraph (c), divided by the nursing home's actual resident days for the reporting year that ended September 30, 1988.*

*(f) The onetime adjustment determined is effective from October 1, 1989, to June 30, 1991.*

Sec. 50. Minnesota Statutes 1988, section 256B.431, is amended by adding a subdivision to read:

*Subd. 10. [APPRAISAL SAMPLE STABILIZATION AND SPECIAL REAPPRAISALS.] (a) The percentage change in appraised values for*

*nursing homes in the sample used for routine updating of appraised values under Minnesota Rules, part 9549.0060, subpart 2, shall be stabilized by eliminating from the sample of nursing home appraisals that represent the five highest and the five lowest deviations from those nursing home's previously established appraised values.*

*(b) A special reappraisal request must be submitted to the commissioner within 60 days after the project's completion date to be considered eligible for a special reappraisal. If a project has multiple completion dates or involves multiple projects, only projects or parts of projects with completion dates within one year of the completion date associated with a special reappraisal request can be included for the purpose of establishing the nursing home's eligibility for a special reappraisal. A facility which is eligible to request, has requested, or has received a special reappraisal during the calendar year must not be included in the random sample process used to determine the average percentage change in appraised value of nursing homes in the sample.*

Sec. 51. Minnesota Statutes 1988, section 256B.47, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION OF COSTS.] To ensure the avoidance of double payments as required by section 256B.433, the direct and indirect reporting year costs of providing residents of nursing homes that are not hospital attached with therapy services that are billed separately from the nursing home payment rate or according to Minnesota Rules, parts 9500.0750 to 9500.1080, must be determined and deducted from the appropriate cost categories of the annual cost report as follows:

(a) The costs of wages and salaries for employees providing or participating in providing and consultants providing services shall be allocated to the therapy service based on direct identification.

(b) The costs of fringe benefits and payroll taxes relating to the costs in paragraph (a) must be allocated to the therapy service based on direct identification or the ratio of total costs in paragraph (a) to the sum of total allowable salaries and the costs in paragraph (a).

(c) The costs of housekeeping, plant operations and maintenance, real estate taxes, special assessments, ~~property~~ and insurance, other than the amounts classified as a fringe benefit, must be allocated to the therapy service based on the ratio of service area square footage to total facility square footage.

(d) The costs of bookkeeping and medical records must be allocated to the therapy service either by the method in paragraph (e) or based on direct identification. Direct identification may be used if adequate documentation is provided to, and accepted by, the commissioner.

(e) The costs of administrators, bookkeeping, and medical records salaries, except as provided in paragraph (d), must be allocated to the therapy service based on the ratio of the total costs in paragraphs (a) to (d) to the sum of total allowable nursing home costs and the costs in paragraphs (a) to (d).

*(f) The cost of property must be allocated to the therapy service and removed from the rental per diem, based on the ratio of service area square footage to total facility square footage multiplied by the building capital allowance.*

Sec. 52. Minnesota Statutes 1988, section 256B.48, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED PRACTICES.] A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

(a) Charging private paying residents rates for similar services which exceed those which are approved by the state agency for medical assistance recipients as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may (1) charge private paying residents a higher rate for a private room, and (2) charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the commissioner. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be ~~offered~~ *available* to all residents *in all areas of the nursing home* and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private paying resident a rate in violation of this clause is subject to an action by the state of Minnesota or any of its subdivisions or agencies for civil damages. A private paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this clause. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable attorneys' fees or their equivalent. A private paying resident or the resident's legal representative, the state, subdivision or agency, or a nursing home may request a hearing to determine the allowed rate or rates at issue in the cause of action. Within 15 calendar days after receiving a request for such a hearing, the commissioner shall request assignment of an administrative law judge under sections 14.48 to 14.56 to conduct the hearing as soon as possible or according to agreement by the parties. The administrative law judge shall issue a report within 15 calendar days following the close of the hearing. The prohibition set forth in this clause shall not apply to facilities licensed as boarding care facilities which are not certified as skilled or intermediate care facilities level I or II for reimbursement through medical assistance.

(b) Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of \$100, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home.

(c) Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.

(d) Providing differential treatment on the basis of status with regard to public assistance.

(e) Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance *or refusal to purchase*

*special services*. Admissions discrimination shall include, but is not limited to:

(1) basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs; and

(2) engaging in preferential selection from waiting lists based on an applicant's ability to pay privately *or an applicant's refusal to pay for a special service*.

The collection and use by a nursing home of financial information of any applicant pursuant to the preadmission screening program established by section 256B.091 shall not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this paragraph.

(f) Requiring any vendor of medical care as defined by section 256B.02, subdivision 7, who is reimbursed by medical assistance under a separate fee schedule, to pay any amount based on utilization or service levels or any portion of the vendor's fee to the nursing home except as payment for renting or leasing space or equipment or purchasing support services from the nursing home as limited by section 256B.433. All agreements must be disclosed to the commissioner upon request of the commissioner. Nursing homes and vendors of ancillary services that are found to be in violation of this provision shall each be subject to an action by the state of Minnesota or any of its subdivisions or agencies for treble civil damages on the portion of the fee in excess of that allowed by this provision and section 256B.433. Damages awarded must include three times the excess payments together with costs and disbursements including reasonable attorney's fees or their equivalent.

(g) Refusing, for more than 24 hours, to accept a resident returning to the same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.

The prohibitions set forth in clause (b) shall not apply to a retirement home with more than 325 beds including at least 150 licensed nursing home beds and which:

(1) is owned and operated by an organization tax-exempt under section 290.05, subdivision 1, clause (i); and

(2) accounts for all of the applicant's assets which are required to be assigned to the home so that only expenses for the cost of care of the applicant may be charged against the account; and

(3) agrees in writing at the time of admission to the home to permit the applicant, or the applicant's guardian, or conservator, to examine the records relating to the applicant's account upon request, and to receive an audited statement of the expenditures charged against the applicant's individual account upon request; and

(4) agrees in writing at the time of admission to the home to permit the applicant to withdraw from the home at any time and to receive, upon withdrawal, the balance of the applicant's individual account.

For a period not to exceed 180 days, the commissioner may continue to make medical assistance payments to a nursing home or boarding care

home which is in violation of this section if extreme hardship to the residents would result. In these cases the commissioner shall issue an order requiring the nursing home to correct the violation. The nursing home shall have 20 days from its receipt of the order to correct the violation. If the violation is not corrected within the 20-day period the commissioner may reduce the payment rate to the nursing home by up to 20 percent. The amount of the payment rate reduction shall be related to the severity of the violation, and shall remain in effect until the violation is corrected. The nursing home or boarding care home may appeal the commissioner's action pursuant to the provisions of chapter 14 pertaining to contested cases. An appeal shall be considered timely if written notice of appeal is received by the commissioner within 20 days of notice of the commissioner's proposed action.

In the event that the commissioner determines that a nursing home is not eligible for reimbursement for a resident who is eligible for medical assistance, the commissioner may authorize the nursing home to receive reimbursement on a temporary basis until the resident can be relocated to a participating nursing home.

Certified beds in facilities which do not allow medical assistance intake on July 1, 1984, or after shall be deemed to be decertified for purposes of section 144A.071 only.

Sec. 53. Minnesota Statutes 1988, section 256B.48, subdivision 6, is amended to read:

Subd. 6. [MEDICARE CERTIFICATION.] All nursing homes certified as skilled nursing facilities under the medical assistance program shall *fully* participate in medicare part A and part B unless, after submitting an application, medicare certification is denied by the federal health care financing administration. "*Fully participate*" means all the nursing home's beds certified as skilled under the medical assistance program are Medicare certified. Medicare review shall be conducted at the time of the annual medical assistance review. Charges for medicare-covered services provided to residents who are simultaneously eligible for medical assistance and medicare must be billed to medicare part A or part B before billing medical assistance. Medical assistance may be billed only for charges not reimbursed by medicare.

Until September 30, 1987, the commissioner of health may grant exceptions from this requirement when a nursing home submits a written request for exception and it is determined that there is sufficient participation in the medicare program to meet the needs of medicare beneficiaries in that region of the state. For the purposes of this section, the relevant region is the county in which the nursing home is located together with contiguous Minnesota counties. There is sufficient participation in the medicare program in a particular region when the proportion of skilled resident days paid by the medicare program is at least equal to the national average based on the most recent figure that can be supplied by the federal health care financing administration. A nursing home that is granted an exception under this subdivision must give appropriate notice to all applicants for admission that medicare coverage is not available in the nursing home and publish this fact in all literature and advertisement related to the nursing home.

Sec. 54. Minnesota Statutes 1988, section 256B.48, subdivision 8, is amended to read:

Subd. 8. [NOTIFICATION TO A SPOUSE.] When a private pay resident

who has not yet been screened by the preadmission screening team is admitted to a nursing home or boarding care facility, the nursing home or boarding care facility must notify the resident and the resident's spouse of the following:

(1) their right to retain certain resources under sections 256B.14, subdivision 2, and 256B.17; and

(2) that the federal Medicare hospital insurance benefits program covers posthospital extended care services in a qualified skilled nursing facility for up to ~~400~~ 150 days and that there are several limitations on this benefit. The resident and the resident's family must be informed about all mechanisms to appeal limitations imposed under this federal benefit program.

This notice may be included in the nursing home's or boarding care facility's admission agreement and must clearly explain what resources the resident and spouse may retain if the resident applies for medical assistance. The department of human services must notify nursing homes and boarding care facilities of changes in the determination of medical assistance eligibility that relate to resources retained by a resident and the resident's spouse.

The preadmission screening team has primary responsibility for informing all private pay applicants to a nursing home or boarding care facility of the resources the resident and spouse may retain.

**Sec. 55. [256B.495] [LONG-TERM CARE RECEIVERSHIP FEES.]**

*Subdivision 1. [PAYMENT OF RECEIVERSHIP FEES.] The commissioner in consultation with the commissioner of health may establish a receivership fee payment that exceeds a long-term care facility payment rate when the commissioner of health determines a long-term care facility is subject to the receivership provisions under section 144A.14 or 144A.15 or the commissioner of human services determines that a facility is subject to the receivership under section 245A.12 or 245A.13. In establishing the receivership fee payment, the commissioner must reduce the receiver's requested receivership fee by amounts that the commissioner determines are included in the long-term care facility's payment rate and that can be used to cover part or all of the receivership fee. Amounts that can be used to reduce the receivership fee shall be determined by reallocating facility staff or costs that were formerly paid by the long-term care facility before the receivership and are no longer required to be paid. The amounts may include any efficiency incentive, allowance, and other amounts not specifically required to be paid for expenditures of the long-term care facility.*

*If the receivership fee cannot be covered by amounts in the long-term care facility's payment rate, a receivership fee payment shall be set according to paragraphs (a) and (b) and payment shall be according to paragraphs (c) to (e).*

*(a) The receivership fee per diem shall be determined by dividing the annual receivership fee payment by the long-term care facility's resident days from the most recent cost report for which the commissioner has established a payment rate or the estimated resident days in the projected receivership fee period.*

*(b) The receivership fee per diem shall be added to the long-term care facility's payment rate.*

*(c) Notification of the payment rate increase must meet the requirements*

of section 256B.47, subdivision 2.

(d) *The payment rate in paragraph (b) for a nursing home shall be effective the first day of the month following the receiver's compliance with the notice conditions in paragraph (c). The payment rate in paragraph (b) for an intermediate care facility for the mentally retarded shall be effective on the first day of the rate year in which the receivership fee per diem is determined.*

(e) *The commissioner may elect to make a lump sum payment of a portion of the receivership fee to the receiver. In this case, the commissioner and the receiver shall agree to a repayment plan. Regardless of whether the commissioner makes a lump sum payment under this paragraph, the provisions of paragraphs (a) to (d) and subdivision 2 also apply.*

**Subd. 2. [DEDUCTION OF RECEIVERSHIP FEE PAYMENTS UPON TERMINATION OF RECEIVERSHIP.]** *If the commissioner has established a receivership fee per diem for a long-term care facility in receivership, the commissioner must deduct the receivership fee payments according to paragraphs (a) to (c).*

(a) *The total receivership fee payments shall be the receivership fee per diem multiplied by the number of resident days for the period of the receivership fee payments. If actual resident days for the receivership fee payment period are not made available within two weeks of the commissioner's written request, the commissioner shall compute the resident days by prorating the facility's resident days based on the number of calendar days from each portion of the long-term care facility's reporting years covered by the receivership period.*

(b) *The amount determined in paragraph (a) must be divided by the long-term care facility's resident days for the reporting year in which the receivership period ends.*

(c) *The per diem amount in paragraph (b) shall be subtracted from the long-term care facility's operating cost payment rate for the rate year following the reporting year in which the receivership period ends.*

**Subd. 3. [REESTABLISHMENT OF RECEIVERSHIP FEE PAYMENT.]** *The commissioner of health may request the commissioner to reestablish the receivership fee payment when the original terms of the receivership fee payment have significantly changed with regard to the cost or duration of the receivership agreement. The commissioner, in consultation with the commissioner of health, may reestablish the receivership fee payment when the commissioner determines the cost or duration of the receivership agreement has significantly changed. The provisions of developing a receivership fee payment in subdivisions 1 and 2 apply to the reestablishment process.*

**Sec. 56. [STUDY OF NURSING HOME WORKERS' COMPENSATION COSTS.]**

*The commissioner of human services, in consultation with an advisory committee, shall study workers' compensation costs of nursing homes and make recommendations to the legislature by January 1, 1990, regarding changes to the nursing home rate system that will ensure adequate reimbursement to cover workers' compensation costs without reducing incentives for nursing homes to control costs by taking action to reduce the risk of work-related injuries to employees.*

**Sec. 57. [STUDY AND REPORT OF QUALITY INDICATORS.]**

*(a) The interagency board for quality assurance shall study the following issues and report to the legislature by November 1, 1990, on its findings and recommendations:*

*(1) identifying indicators of high quality long-term care service provided in Minnesota nursing homes and boarding care homes; and*

*(2) establishing a program of incentive payments to reward nursing facilities that provide the highest quality care to residents.*

*(b) A study advisory committee consisting of nursing home consumers and representatives of the nursing home industry must be appointed by the executive director of the interagency board for quality assurance to participate in the study process.*

Sec. 58. [APPROPRIATION.]

*\$500,000 is appropriated from the general fund to the commissioner of human services for the fiscal year ending June 30, 1991, for the increased costs of exceptions to the moratorium on licensure and certification of long-term care beds. The commissioner of health may license or certify beds through the exception review process, provided the projected total annual increased state medical assistance costs of all licenses or certifications granted during the biennium under any exception to the moratorium do not exceed an annual amount of \$500,000.*

Sec. 59. [REPEALER.]

*Minnesota Statutes 1988, section 144A.10, subdivision 4a, is repealed. Laws 1988, chapter 689, article 2, section 269, subdivision 4, is repealed. Minnesota Statutes 1988, section 144A.61, subdivision 6, is repealed effective January 1, 1990.*

Sec. 60. [EFFECTIVE DATE.]

*The change in section 8 involving Minnesota Statutes 1988, section 144A.04, subdivision 7, paragraph (a), is effective October 1, 1989. Sections 32 and 33 are effective July 1, 1990."*

- (6) addresses the unique problems of paying for mental health services for children, including:
  - (i) access to private insurance coverage; and
  - (ii) public funding;
- (7) when clinically appropriate to the child's needs, includes the child and the child's family in planning the child's program of mental health services; and

Residential treatment facilities must also arrange for appropriate follow-up care in the community. Before the child is discharged, the residential treatment facility must notify the child's case manager, if any, so that the case manager can monitor the transition and arrangements for the child's appropriate follow-up care in the community.*

Screening shall be in compliance*

with section 256F.07 or 257.071, whichever applies, to determine whether:

The screening process and placement decision must be documented in the child's record.

*Subd. 9. [PLAN AMENDMENT.] If the county board finds it necessary to make significant changes in the approved children's section of the local mental health proposal, it must present the proposed changes to the commissioner for approval at least 30 days before the changes take effect. Sec. 2. [ECONOMIC DEVELOPMENT AUTHORITY POWERS.]

*If the county rural development finance authority exercises the powers of an economic development authority, the county may exercise all of the powers relating to an economic development authority granted to a city under Minnesota Statutes, sections 469.090 to 469.108. The county rural development finance authority may create and define the boundaries of economic development districts at any place or places within the county. SENTENCING PROVISIONS

Section 1. Minnesota Statutes 1988, section 243.18, is amended to read:  
243.18 [DIMINUTION OF SENTENCE.]

*Subdivision 1. [GOOD TIME.]* Every inmate sentenced for any term other than life, confined in a state adult correctional facility or on parole therefrom, may diminish the term of sentence one day for each two days during which the inmate has not violated any facility rule or discipline.

The commissioner of corrections, in view of the aggravated nature and frequency of offenses, may take away any or all of the good time previously gained, and, in consideration of mitigating circumstances or ignorance on the part of the inmate, may afterwards restore the inmate, in whole or in part, to the standing the inmate possessed before such good time was taken away.

*Subd. 2. [WORK REQUIRED.]* An inmate for whom a work assignment is available may not earn good time under subdivision 1 for any day on which the inmate does not perform the work assignment. The commissioner may excuse an inmate from work only for illness, physical disability, or to participate in an education or treatment program.

Sec. 2. Minnesota Statutes 1988, section 244.05, subdivision 4, is amended to read:

Subd. 4. [MINIMUM IMPRISONMENT, LIFE SENTENCE.] An inmate serving a mandatory life sentence shall not be given supervised release under this section without having served a minimum term of imprisonment of 47 25 years.

Sec. 3. Minnesota Statutes 1988, section 244.09, subdivision 5, is amended to read:

Subd. 5. The commission shall, on or before January 1, 1980, promulgate sentencing guidelines for the district court. The guidelines shall be based on reasonable offense and offender characteristics. The guidelines promulgated by the commission shall be advisory to the district court and shall establish:

(1) The circumstances under which imprisonment of an offender is proper; and

(2) A presumptive, fixed sentence for offenders for whom imprisonment is proper, based on each appropriate combination of reasonable offense and offender characteristics. The guidelines may provide for an increase or decrease of up to 15 percent in the presumptive, fixed sentence.

The sentencing guidelines promulgated by the commission may also establish appropriate sanctions for offenders for whom imprisonment is not

proper. Any guidelines promulgated by the commission establishing sanctions for offenders for whom imprisonment is not proper shall make specific reference to noninstitutional sanctions, including but not limited to the following: payment of fines, day fines, restitution, community work orders, work release programs in local facilities, community based residential and nonresidential programs, incarceration in a local correctional facility, and probation and the conditions thereof.

In establishing *and modifying* the sentencing guidelines, the commission shall take into substantial consideration *public safety and current sentencing and release practices and correctional resources, including but not limited to the capacities of local and state correctional facilities.*

The provisions of sections 14.01 to 14.69 do not apply to the promulgation of the sentencing guidelines, and the sentencing guidelines, including severity levels and criminal history scores, are not subject to review by the legislative commission to review administrative rules. However, on or before January 1, 1986, the commission shall adopt rules pursuant to sections 14.01 to 14.69 which establish procedures for the promulgation of the sentencing guidelines, including procedures for the promulgation of severity levels and criminal history scores, and these rules shall be subject to review by the legislative commission to review administrative rules.

#### “ARTICLE I

#### CHAPTER 103H

#### GROUNDWATER PROTECTION

##### Section 1. [103H.001] [DEGRADATION PREVENTION GOAL.]

*Subdivision 1. [GOAL.] It is the goal of the state that groundwater be maintained in its natural condition, free from degradation caused by human activity. The legislature recognizes that for many human activities the degradation prevention goal cannot always be practicably achieved. In areas where degradation prevention is practicable, the legislature intends that prevention is achieved, and where degradation prevention is not currently practicable, the legislature intends to encourage the development of methods and technology that will make degradation prevention practicable in the future.*

*Subd. 2. [FOCUS OF CHAPTER 103H.] The focus of this chapter is not on pollution spills, incidents, or specific releases or their cleanup actions but rather on protection of groundwater from pollution that occurs from a number of accepted activities or normal uses that cumulatively cause pollution to be commonly detected in groundwater and can be a risk to human health.*

Sec. 2. [103H.005] [DEFINITIONS.]

*Subdivision 1. [APPLICABILITY.] The definitions in this section apply to this chapter.*

*Subd. 2. [AGRICULTURAL CHEMICAL.] "Agricultural chemical" means a pesticide, fertilizer, plant amendment, or soil amendment.*

*Subd. 3. [ADOPTED LONG-TERM RISK MEASUREMENT.] "Adopted long-term risk measurement" means a concentration of a substance or chemical adopted by rule of the commissioner of health that is a potential drinking water contaminant because of a systemic or carcinogenic toxicological result from consumption.*

*Subd. 4. [BEST MANAGEMENT PRACTICES.] "Best management practices" means practicable voluntary practices that are capable of preventing, minimizing, reducing, and eliminating the source of degradation of groundwater, considering economic factors, availability, technical feasibility, implementability, effectiveness, and environmental effects. Best management practices apply to schedules of activities; design and operation standards; restrictions of practices; maintenance procedures; management plans; practices to prevent site releases, spillage, or leaks; application and use of chemicals; drainage from raw material storage; operating procedures; treatment requirements; and other activities causing groundwater degradation.*

*Subd. 5. [COMMON DETECTION.] "Common detection" means detection of a pollutant that is not due to misuse or unusual or unique circumstances, but is likely to be the result of normal use of a product or practice and that frequency of detection of the pollutant can be expected under similar conditions.*

*Subd. 6. [DEGRADATION.] "Degradation" means changing groundwater from its natural condition by human activities.*

*Subd. 7. [FERTILIZER.] "Fertilizer" has the meaning given in chapter 18C.*

*Subd. 8. [PESTICIDE.] "Pesticide" has the meaning given in section 18B.01, subdivision 18.*

*Subd. 9. [PLANT AMENDMENT.] "Plant amendment" has the meaning given in chapter 18C.*

*Subd. 10. [POLLUTANT.] "Pollutant" means a chemical or substance for which an adopted long-term risk measurement has been adopted.*

*Subd. 11. [POLLUTION.] "Pollution" means degradation of groundwater by a pollutant as a result of human activities.*

*Subd. 12. [REGISTERED USE.] "Registered use" means for a pesticide the use by the pesticide authorized by the pesticide's registration and labeling under chapter 18B.*

*Subd. 13. [REGISTRANT.] "Registrant" means the person who has registered a pesticide under chapter 18B.*

*Subd. 14. [SENSITIVE AREA.] "Sensitive area" means a geographic area defined by natural features where there is a significant risk of groundwater degradation from activities conducted at or near the land surface.*

*Subd. 15. [SOIL AMENDMENT.] "Soil amendment" has the meaning*

given in chapter 18C.

*Subd. 16. [WATER RESOURCE PROTECTION REQUIREMENTS.] "Water resource protection requirements" means requirements adopted by rule for one or more pollutants intended to prevent, minimize, reduce, or eliminate the source of pollution of groundwater. Water resource protection requirements include design criteria standards, operation and maintenance procedures, practices to prevent releases, spills, leaks, and incidents, restrictions on use and practices, and treatment requirements.*

*Subd. 17. [WATER OR GROUNDWATER.] "Water" or "groundwater" means groundwater as defined in section 115.01, subdivision 21.*

### PROTECTION OF SENSITIVE AREAS

Sec. 3. [103H.101] [PROTECTION OF SENSITIVE AREAS.]

*Subdivision 1. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] The commissioner of natural resources in consultation with the Minnesota geological survey, soil and water conservation districts, and other interested parties shall develop specific criteria for identifying sensitive groundwater areas and adopt the criteria by rule.*

*Subd. 2. [IDENTIFICATION OF SENSITIVE AREAS.] The commissioner of natural resources shall, in consultation with the Minnesota geological survey, identify the location of sensitive areas by mapping and other appropriate methods after consulting the Minnesota geological survey, soil and water conservation districts, and local water planning authorities.*

*Subd. 3. [NOTIFICATION OF LOCATION OF SENSITIVE AREAS.] The commissioner of natural resources shall:*

*(1) notify political subdivisions with planning or zoning authority and provide maps and other materials that show where sensitive areas are located and indicate the type of risk of groundwater degradation that may occur from activities at or near the surface; and*

*(2) publish notification of sensitive areas in a newspaper of general circulation in the county where the sensitive areas are located.*

*Subd. 4. [INFORMATION GATHERING.] The commissioner of natural resources shall coordinate the collection of state and local information to identify sensitive areas. Information must be automated on or accessible to systems developed at the land management information center of the state planning agency.*

*Subd. 5. [STATE PROTECTION OF SENSITIVE AREAS.] State agencies must consider the special characteristics of a designated sensitive area and prevent, minimize, reduce, or eliminate the source of groundwater degradation in exercising their authority in the area or undertaking or authorizing an activity that may cause groundwater degradation within a sensitive area.*

Sec. 4. [103H.105] [CONSERVATION EASEMENTS TO PROTECT SENSITIVE AREAS.]

*(a) Agricultural land within a sensitive area is marginal agricultural land for purposes of section 40.43, subdivision 2, and is eligible for the conservation reserve program under section 40.43.*

*(b) Notwithstanding section 40.43, subdivision 2, clauses (2) and (5),*

*and subdivision 4, the board of water and soil resources may authorize acquisition of hillside easements that restrict hillside pasturing or grazing of livestock.*

**Sec. 5. [103H.111] [LIABILITY AFTER PROTECTION OF SENSITIVE AREA.]**

*Subdivision 1. [DEFENSE TO LIABILITY.] By complying with subdivision 2, a landowner has a complete defense to liability under other law for degradation of groundwater caused by surface water recharging groundwater. The defense applies to the property allowing recharge of groundwater that is located in a sensitive area and subject to a plan under subdivision 2 after subdivision 2 is complied with.*

*Subd. 2. [PROTECTION PLAN AND PROJECT.] A person has the defense under subdivision 1 if:*

*(1) the soil and water conservation district adopts a plan to protect groundwater from degradation through surface water recharge that applies to the person's property;*

*(2) the projects and practices prescribed by the plan are implemented and clarified as being implemented by the soil and water conservation district;*

*(3) the projects and practices are maintained according to the plan; and*

*(4) unlawful practices are not allowed by the landowner on the property that would disrupt the project and practices implemented under the plan.*

**Sec. 6. [103H.151] [BEST MANAGEMENT PRACTICES.]**

*Subdivision 1. [DEVELOPMENT BY POLLUTION CONTROL AGENCY.] Except as provided in subdivision 2 for agricultural chemicals and practices, the pollution control agency shall develop best management practices for the prevention of groundwater degradation for specific activity categories. The pollution control agency shall contact and receive comments from affected persons and businesses in developing the best management practices. The pollution control agency must publish notice and also solicit comments and recommendations from state agencies and local governments affected by or regulating the activities.*

*Subd. 2. [AGRICULTURAL CHEMICAL BEST MANAGEMENT PRACTICES.] The commissioner of agriculture shall develop best management practices for agricultural chemicals and practices. The commissioner shall give public notice and contact and receive comment from affected persons and businesses interested in developing the best management practices.*

*Subd. 3. [EDUCATION AND PROMOTION.] The commissioners of the pollution control agency and agriculture, in conjunction with the board of water and soil resources, soil and water conservation districts, and the Minnesota extension service, must promote best management practices and provide education about how the use of best management practices will prevent, minimize, reduce, and eliminate the source of groundwater degradation. The promotion and education may include demonstration projects.*

#### GROUNDWATER QUALITY MONITORING

**Sec. 7. [103H.175] [GROUNDWATER QUALITY MONITORING.]**

*Subdivision 1. [MONITORING RESULTS TO BE SUBMITTED TO*

COMMISSIONER OF HEALTH.] *The results of monitoring groundwater quality by state agencies and political subdivisions must be submitted to the commissioner of health.*

*Subd. 2. [COMPUTERIZED DATA BASE.] The commissioner of health shall maintain a computerized data base of the results of groundwater quality monitoring in a manner that is accessible to the pollution control agency, department of agriculture, and department of natural resources. The commissioner of health shall assess the quality and reliability of the data and organize the data in a usable format.*

#### ADOPTED LONG-TERM RISK MEASUREMENTS

##### Sec. 8. [103H.201] [ADOPTED LONG-TERM RISK MEASUREMENTS.]

*Subdivision 1. [PROCEDURE.] (a) If groundwater quality monitoring results show that there is a degradation of groundwater, the commissioner of health may promulgate adopted long-term risk measurements for substances degrading the groundwater.*

*(b) Adopted long-term risk measurements shall be determined by two methods depending on their toxicological end point.*

*(c) For systemic toxicants that are not carcinogens, the adopted long-term risk measurement shall be derived using United States Environmental Protection Agency risk assessment methods using a reference dose, a drinking water equivalent, an uncertainty factor, and a factor for relative source contamination, which in general will measure an estimate of daily exposure to the human population, including sensitive subgroups, that is unlikely to result in deleterious effects during long-term exposure.*

*(d) For toxicants that are known or probable carcinogens, the adopted long-term risk measurement shall be derived from a quantitative estimate of the chemical's carcinogenic potency published by the United States Environmental Protection Agency's carcinogen assessment group.*

*(e) Maximum contaminant levels adopted under the federal Clean Water Drinking Act are adopted long-term risk measurements for the chemicals and substances for which they are adopted.*

*Subd. 2. [REVIEW AND REVISION.] The commissioner of health must review adopted long-term risk measurements every four years and revise them if necessary.*

#### EVALUATION AND COMMON DETECTION OF POLLUTION

##### Sec. 9. [103H.251] [EVALUATION OF DETECTION OF POLLUTANTS.]

*Subdivision 1. [METHODS.] (a) The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants shall evaluate the detection of pollutants in groundwater of the state. Evaluation of the detection may include collection technique, sampling handling technique, laboratory practices, other quality control practices, climatological conditions, and potential pollutant sources.*

*(b) If conditions indicate a likelihood of the detection of the pollutant or pollutant breakdown product to be a common detection, the commissioner of agriculture or the pollution control agency must begin development of best management practices and continue to monitor for the pollutant or pollutant breakdown products.*

*Subd. 2. [ANALYSIS OF POLLUTION TREND.] The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants shall develop and implement groundwater monitoring and hydrogeologic evaluation following pollution detection to evaluate pollution frequency and concentration trend. Assessment of the site-specific and pollutant-specific conditions and the likelihood of common detection must include applicable monitoring, pollutant use information, physical and chemical properties of the pollutant, hydrogeologic information, and review of information and data from other local, state, or federal monitoring data bases.*

**Sec. 10. [103H.275] [MANAGEMENT OF POLLUTANTS WHERE GROUNDWATER IS POLLUTED.]**

*Subdivision 1. [AREAS WHERE GROUNDWATER DEGRADATION IS DETECTED.] (a) If groundwater degradation is detected, a state agency or political subdivision that regulates an activity causing or potentially causing a contribution to the pollution identified shall promote implementation of best management practices to prevent or minimize the source of degradation to the extent practicable.*

*(b) The pollution control agency or for agricultural chemicals and practices the commissioner of agriculture may adopt water resource protection requirements under subdivision 3 that are commensurate with the groundwater degradation.*

*Subd. 2. [AREAS WHERE DETECTION INDICATES RISK.] (a) If common detection of groundwater degradation exceeds adopted long-term risk measurements or the common detection trend analysis indicates the common detection will exceed the adopted long-term risk measurement, the pollution control agency or for agricultural chemicals the commissioner of agriculture:*

- (1) must adopt a water resource protection requirement; and*
- (2) may develop more effective best management practices.*

*(b) The water resource protection requirements shall be:*

*(1) designed to prevent, reduce, minimize, and eliminate the source of the pollution to the extent practicable;*

*(2) consistent with the goal of section 1; and*

*(3) designed to prevent the pollution from exceeding or remaining above the adopted long-term risk measurement.*

*Subd. 3. [ADOPTION OF WATER RESOURCE PROTECTION REQUIREMENTS.] (a) The pollution control agency or for agricultural chemicals and practices the commissioner of agriculture shall adopt by rule water resource protection requirements to prevent, minimize, reduce, and eliminate the source of pollution. The water resource protection requirements must be based on the use and effectiveness of best management practices and the product use and practices contributing to the pollution detected. The water resource protection requirements may be adopted for one or more pollutants or a similar class of pollutants.*

*(b) Before the water resource protection requirements are adopted, the pollution control agency or the commissioner of agriculture for agricultural chemicals and practices must notify affected persons and businesses for comments and input in developing the water resource protection requirements.*

(c) *Unless the water resource protection requirements are to cover the entire state, the water resource protection requirements are only effective in areas designated by the commissioner of the pollution control agency by order or for agricultural chemicals and practices in areas designated by the commissioner of agriculture by order. *Subd. 4. [SATISFACTION OF LIEN.] The amount due and interest of a lien under this section may be paid at any time. When the amount of the lien including accrued interest is paid, the commissioner or board must execute a satisfaction of the lien and record the satisfaction with the county recorder or registrar of deeds where the lien was filed.*

*Subd. 5. The explorer may identify portions of the data that, if released, would impair the competitive position of the explorer submitting the data. Data identified must be considered to be not public data.*

*(b) If requested to disclose the data, the commissioner shall mail notice of the request to the explorer and determine whether release of the data would impair the competitive position of the explorer submitting the data. If the commissioner determines that release of the data would impair the competitive position of the explorer submitting the data, the commissioner may not release the data to a person other than parties to the proceedings relating to the permit under consideration. Parties to the proceedings shall maintain the confidentiality of data.*

*(c) Data that are classified as not public may not be released by the commissioner until 30 days after mailed notice to the explorer of the commissioner's intention to release the data. The commissioner may not release data to a person engaged in exploration, mining, milling, or related industry pertaining to minerals. *Subd. 4. [PERMIT REQUIREMENTS.] An irrigation system operating under a chemigation permit must be fitted with effective antisiphon devices or check valves that prevent the backflow of fertilizers or fertilizer-water mixtures into water supplies or other materials during times of irrigation system failure or equipment shutdown. The devices or valves must be installed between:*

*(2) for a period of two years following the effective date of the rule, the equivalent of phosphorus and potassium may also be shown in the form of phosphoric acid and potash.*

*(e) After the effective date of the rule requiring that phosphorus and potassium be shown in the elemental form, the guaranteed analysis for nitrogen, phosphorus, and potassium constitute the grade. [17.713 s. 8]*

*Subd. 4. [GUARANTEED ANALYSIS OF SOIL OR PLANT AMENDMENT.] The guaranteed analysis of a soil amendment or plant amendment must be an accurate statement of composition including the percentages of each ingredient. If the product is a microbiological product, the number of viable microorganisms per milliliter for a liquid or the number of viable microorganisms per gram for a dry product must also be listed. [17.713 s. 8]*

(2) *if the overall index value of the fertilizer is shown below the level established by rule.*

(c) *A deficiency in an official sample of mixed fertilizer resulting from nonuniformity is not distinguishable from a deficiency due to actual plant nutrient shortage and is properly subject to official action.*

(d) *For the purpose of determining the commercial index value to be applied, the commissioner shall determine at least annually the values per unit of nitrogen, available phosphoric acid, and soluble potash in fertilizers in this state.*

*(e) If a fertilizer in the possession of the consumer is found by the commissioner to be short in weight, the registrant or licensee of the fertilizer must submit a penalty payment of two times the value of the actual shortage to the consumer within 30 days after official notice from the commissioner.*

*Subd. 4. [DISPOSAL THAT BECOMES HAZARDOUS WASTE.] A person who knowingly, or with reason to know, disposes of a fertilizer, soil amendment, or plant amendment so that the product becomes hazardous waste is subject to the penalties in section 115.071.*

REGISTRATION AND LICENSING

Sec. 32. [18C.601] [GENERAL LICENSING AND REGISTRATION CONDITIONS.]

*Subdivision 1. [SUBSTANTIATION OF CLAIMS.] The commissioner may require a person applying for a license or registration to manufacture or distribute a product for use in this state to submit authentic experimental evidence or university research data to substantiate the claims made for the product. The commissioner may rely on experimental data, evaluations, or advice furnished by experts at the University of Minnesota as evidence to substantiate claims and may accept or reject additional sources of evidence in evaluating a fertilizer, soil amendment, or plant amendment. The experimental evidence must relate to conditions in this state for which the product is intended. The commissioner may also require evidence of value when used as directed or recommended.*

*Subd. 2. [INSUFFICIENT EVIDENCE.] If the commissioner determines that the evidence submitted does not substantiate the product's usefulness in this state, the commissioner may require the applicant to submit samples, conduct tests, or submit additional information, including conditions affecting performance, to evaluate the product's performance and usefulness.*

*Subd. 3. [REFUSAL TO LICENSE OR REGISTER.] The commissioner may refuse to license a person or register a specialty fertilizer, soil amendment, or plant amendment if:*

*(1) the application for license or registration is not complete;*

*(2) the commissioner determines that the fertilizer, soil amendment, plant amendment, or other additive with substantially the same contents will not or is not likely to produce the results or effects claimed if used as directed;*

(3) *the commissioner determines that the fertilizer, soil amendment, plant amendment, or other additive with substantially the same contents is not useful in this state; or*

(4) *the facility does not properly safeguard for bulk storage.*

*Subd. 4. [CONDITIONAL LICENSE AND REGISTRATION.] (a) After reviewing an application accompanied by the application fee, the commissioner may issue a conditional license or registration:*

(1) *to prevent unreasonable adverse effects on the environment; or*

(2) *if the commissioner determines that the applicant needs the license or registration to accumulate information necessary to substantiate claims; or*

(3) *to correct minor label violations.*

*(b) The commissioner may prescribe terms, conditions, and a limited period of time for the conditional license or registration.*

*(c) The commissioner may revoke or modify a conditional license or registration if the commissioner finds that the terms or conditions are being violated or are inadequate to avoid unreasonable adverse effects on the environment.*

*(d) The commissioner may deny issuance of a conditional license or registration if the commissioner determines that issuance of a license or registration is not warranted or that the use to be made of the product under the proposed terms and conditions may cause unreasonable adverse effects on the environment.*

### **Sec. 33. [18C.605] [PROTECTION OF TRADE SECRETS.]**

*Subdivision 1. [NOTATION OF PROTECTED INFORMATION.] In submitting data required by this chapter, the applicant may:*

(2) *submit the marked material separately from other material.*

*Subd. 2. [PROTECTION OF INFORMATION BY COMMISSIONER.] (a) After consideration of the applicant's request submitted under subdivision 1, the commissioner may not allow the information to become public that the commissioner determines to contain or relate to trade secrets or to commercial or financial information obtained from an applicant. If necessary, information relating to formulas of products may be revealed to a state or federal agency consulted with similar protection of trade secret authority and may be revealed at a public hearing or in findings of facts issued by the commissioner.*

*(b) If the commissioner proposes to release information that the applicant or registrant believes to be protected from disclosure under paragraph (a), the commissioner must notify the applicant or registrant by certified mail. The commissioner may not make the information available for inspection until 30 days after receipt of the notice by the applicant or registrant. During this period, the applicant or registrant may begin an action in an appropriate court for a declaratory judgment as to whether the information is subject to protection under this section.*

## Sec. 35. [18C.615] [FERTILIZER LICENSES.]

*Subdivision 1. [LICENSE REQUIRED.] (a) A person may not sell, distribute, custom apply, or otherwise manipulate fertilizers without obtaining a license from the commissioner from each fixed location where the person does business within the state and one license for all fixed locations that are located outside of the state. [17.715 s. 1, 2]*

*(b) The fees due, plus the penalty, may be recovered in a civil action against the licensee or registrant.*

*(c) The assessment of the penalty does not prevent the commissioner from taking other actions as provided in this chapter. [17.718 s. 1]*

*Subd. 4. [RESPONSIBILITY FOR INSPECTION FEES.] If more than one person is involved in the distribution of a fertilizer, soil amendment,*

or plant amendment, the distributor who imports, manufactures, or produces the fertilizer or who has the specialty fertilizer, soil amendment, or plant amendment registered is responsible for the inspection fee on products produced or brought into this state. The distributor must separately list the inspection fee on the invoice to the licensee. The last licensee must retain the invoices showing proof of inspection fees paid for three years and must pay the inspection fee on products brought into this state before July 1, 1989, unless the reporting and paying of fees have been made by a prior distributor of the fertilizer. *Subd. 4. [FEE FOR LATE APPLICATION.] If an application for renewal of a fertilizer license or registration of a specialty fertilizer, soil amendment, or plant amendment is not filed before January 1 or July 1 of a year, as required, an additional application fee of one-half of the amount due must be paid before the renewal license or registration may be issued. [17.717 s. 4a]*

*Subd. 5. [FEE FOR PRODUCT USE WITHOUT INITIAL REGISTRATION OR LICENSE.] An additional application fee equal to the amount due must be paid by an applicant for each license or registration required for products distributed or used in this state before an initial license or registration for the products distributed or used is issued by the commissioner.*

*(b) Money in the incident response account is appropriated to the commissioner to make payments as provided in this subdivision.*

*Subd. 3. [INCIDENT RESPONSE FEE.] (a) The commissioner shall impose an incident response fee on registration of pesticides under chapter 18B and registration of fertilizers, plant amendments, and soil amendments under chapter 18C. For fertilizers that are not registered under chapter*

18C, an incident response fee shall be imposed on each brand or grade of fertilizer, soil amendment, or plant amendment distributed in the state and required to be listed on a licensee's tonnage report under chapter 18C. The commissioner shall charge the incident response fee as part of the registration fee of the agricultural chemicals. The commissioner shall determine the amount of the incident response fee, notwithstanding section 16A.128, based on:

(1) the amount needed to reimburse the response account of the environmental response, compensation, and compliance fund under section 115B.20, subdivision 1;

(2) the amount needed to maintain an emergency response balance in the account of \$1,000,000;

(3) the amount estimated to be needed for responses to incidents as provided in subdivision 2, clause (2); and

(1) the amount needed for reimbursement of response costs under section 4; and

(2) the amount needed to maintain a minimum balance in the account of \$1,000,000.

(b) The commissioner shall set the response reimbursement fee on an annual basis as a rate per weight or volume of agricultural chemical sold. The rate shall be based on the amount of active ingredients in the agricultural chemical. The response reimbursement fee may not be less than \$25 for each agricultural chemical sold by a person or entity at wholesale or more than \$3,000, except the response reimbursement fee may exceed \$3,000 for an agricultural chemical containing a substance for which the United States Environmental Protection Agency has announced a health advisory in the federal register.

(c) The commissioner must reduce or eliminate the response reimbursement fee if the balance in the account exceeds \$5,000,000.

*(d) The commissioner of revenue shall collect the response reimbursement fee on a quarterly basis and has the collection and enforcement authority to collect the fee as if it were a tax under chapter 297 or 297A.*

*(e) The money collected from the response reimbursement fee shall be deposited in the fund and credited to the incident reimbursement account.*

*Subd. 6. [REVENUE SOURCES.] (a) Revenue from the following sources must be deposited in the state treasury and credited to the fund:*

*(1) the proceeds of the fees imposed by subdivisions 3 and 5;*

*(2) money recovered by the state for expenses paid with money from the fund excluding reimbursements to the environmental response, compensation, and compliance fund under section 115B.20, subdivision 4, clause 4;*

*(4) money received by the commissioner in the form of gifts, grants other than federal grants, reimbursements, and appropriations from any source intended to be used for the purposes of the fund.*

*(b) Money deposited in the fund shall be credited to the incident response account except for money collected from the response reimbursement fee under subdivision 5 and money recovered relating to response reimbursement payments under section 4, subdivision 6.*

**Sec. 4. [18D.04] [REIMBURSEMENT OR PAYMENT OF RESPONSE COSTS.]**

*Subdivision 1. *statements or misrepresentations are made in the affidavit or other evidence submitted to the commissioner to show an inability to pay corrective action costs.*

*Subd. 3. [PARTIAL REIMBURSEMENT.] If the commissioner determines that an incident was caused in part, but not entirely by a violation of chapter 18B or 18C, the commissioner shall reimburse or pay the corrective action costs of the eligible person based on the culpability of the eligible person and the percentage of the costs not attributable to the violation.*

*Subd. 4. [REIMBURSEMENT PAYMENTS.] (a) The commissioner shall pay a person that is eligible for reimbursement or payment under subdivisions 1, 2, and 3 from the response reimbursement account for:*

*(1) 80 percent of the total reasonable and necessary corrective action costs greater than \$1,000 and less than \$100,000; and*

*(2) 100 percent of the total reasonable and necessary corrective action costs equal to or greater than \$100,000 but less than \$250,000.*

*(b) A reimbursement or payment may not be made until the commissioner has determined that the costs are reasonable and for a reimbursement that the costs were actually incurred.*

*(c) Money in the response reimbursement account is appropriated to the commissioner to make payments and reimbursements under this subdivision.*

*Subd. 5. [REIMBURSEMENT OR PAYMENT DECISIONS.] (a) The commissioner must issue an order granting or denying a request within 30 days following a request for reimbursement or for payment under subdivisions 1, 2, or 3.*

*(b) After an initial request is made for reimbursement notwithstanding subdivisions 1 to 4, the commissioner may deny additional requests for reimbursement.*

*(c) If a request is denied, the eligible person may appeal the decision as a contested case hearing under chapter 14.*

*Subd. 6. [SUBROGATION.] (a) If a person other than a responsible party is paid or reimbursed from the response reimbursement account as a condition of payment or reimbursement, the state is subrogated to the rights of action the person paid or reimbursed has against the responsible party. The commissioner shall collect the amounts from the responsible party and on request of the commissioner the attorney general shall bring an action to enforce the collection.*

*(b) Amounts collected under this subdivision must be deposited in the agriculture chemical incident response fund and credited to the response reimbursement account.*

**Sec. 5. [REIMBURSEMENT FOR INCIDENTS BEFORE THE EFFECTIVE DATE OF THIS ACT.]**

*(a) A responsible party in a pesticide or fertilizer incident which occurred before June 30, 1989, must be reimbursed for such costs as provided for under section 4, subdivision 4, if the person:*

(3) the loan being filed for enrollment is an eligible loan; and

(4) premium charges required of the borrower and lender have been deposited in the reserve account.

*The lender shall submit the loan enrollment form to the commissioner within ten business days after the lender makes the loan. *Subd. 3. [LIMITATION OF TRANSFERS.] A maximum premium amount of \$150,000 may be transferred into the reserve accounts of all lenders participating in the program by the commissioner over any three-year period in connection with any one borrower or any group of borrowers among which a common enterprise exists. This maximum premium amount may be exceeded upon the written request by a lender only if the commissioner approves in writing the transfer of an amount in excess of \$150,000. For the purpose of this paragraph the term "common enterprise" has the meaning given it in the Code of Federal Regulations, title 12, part 32, as amended through December 31, 1988.*

*Subd. 4. [CONTROL AND INVESTMENT OF RESERVE ACCOUNT.] (a) Money credited to the reserve account is under the exclusive control of the commissioner. The commissioner may not withdraw money from the reserve account except as provided in this subdivision and sections 7 and 9.*

*(b) Money in the capital access account must be deposited by the commissioner in an account at the lender, unless the commissioner determines that the lender is not in substantial compliance with the requirements of the agreement. If money in the capital access account is not deposited by the commissioner in an account at the lender, the money must be invested or reinvested by the commissioner in: (1) direct obligations of the United States or the state of Minnesota or in obligations the principal and interest of which are unconditionally guaranteed by the United States or the state of Minnesota, or (2) a deposit account at a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.*

Any withdrawal made as provided in this subdivision may be made before paying a claim. None of the amounts withdrawn need to be transferred back to the reserve account. A withdrawal under this subdivision must be credited to the capital access account.*

*Subd. 5. [PLEDGE OF THE RESERVE ACCOUNT.] The commissioner shall pledge to the lender that: the money in the reserve account will be available to pay claims as provided in section 7; the lender will have a first security interest in the money in the reserve account to pay the claims; and the commissioner will not encumber or pledge the money to any other party.*

[QUARTERLY REPORTS; INSPECTIONS.] (a) If the reserve account is not maintained at the lender, the commissioner shall provide to the lender quarterly transaction reports indicating the balance in the reserve account, payments and transfers into the reserve account, withdrawals from the reserve account, and interest or income earned on money credited to the reserve account.*

The amount of principal and accrued interest included in the claim may not exceed the principal amount covered under the program upon enrollment, plus accrued interest attributable to the covered principal amount.*

*(c) The lender shall determine when and how much to charge off on an enrolled loan in a manner consistent with its normal method for making these determinations on similar loans which are not enrolled loans.*

*(d) If the lender submits two or more claims contemporaneously and there are insufficient funds in its reserve account at that time to cover the entire amount of the claims, the lender may designate the order of priority in which the commissioner shall pay the claims.*

*Subd. 2. [DISBURSEMENT OF RESERVE ACCOUNT.] (a) Upon receipt by the commissioner of a claim submitted by the lender, the commissioner shall, within ten business days, pay or authorize the lender to withdraw from the reserve account the amount of the claim as submitted, unless the information provided by the lender was known by the lender to be false at the time the loan was submitted for enrollment.*

*(b) If there is insufficient money in the reserve account to cover the entire amount of the lender's claim, the commissioner shall pay to the lender or authorize the lender to withdraw an amount equal to the current balance in the reserve account and the following applies:*

*(1) If the enrolled loan for which the claim has been submitted is not an early loan, the payment fully satisfies the claim, and the lender has no right to receive any further amount from the reserve account with respect to that claim.*

*(2) If the loan is an early loan, the partial payment does not satisfy the lender's claim, and, at any time that the remaining balance of the claim is not greater than 75 percent of the balance in the reserve account at the time of the loss, the commissioner, upon request of the lender, shall pay the remaining balance of the claim when sufficient money is available in the reserve account.*

*Subd. 3. [RECOVERY BY LENDER SUBSEQUENT TO CLAIM.] If the lender recovers from a borrower any amount for which payment of a claim is made, the lender shall promptly pay to the commissioner for deposit in the reserve account the amount recovered. The lender need pay to the commissioner for deposit in the reserve account only amounts in excess of the amount of recovery needed to cover the lender's loss on an enrolled loan.*

*For the purposes of this subdivision and section 8, the lender's loss on an enrolled loan includes principal and accrued interest.*

Sec. 8. [116J.8767] [SUBROGATION OF CLAIMS.]

*Subdivision 1. [LIMITATION.] The commissioner may exercise the right of subrogation under this section if the commissioner determines that the lender has not exercised reasonable care and diligence in its collection activities with respect to the loan or that there is a reasonable basis for believing that the lender will not exercise reasonable care and diligence in the future with respect to the collection activities.*

*Subd. 2. [ASSIGNMENT OF RIGHTS.] If the payment of a claim has fully covered the lender's loss on an enrolled loan, or if the payment of a claim when combined with any recovery from the borrower has fully covered the lender's loss, the commissioner, upon request, is subrogated to the rights of the lender with respect to any collateral, security or other right of recovery in connection with the loan that has not been realized by the lender. The lender thereafter shall assign to the commissioner any right, title, or interest to any collateral, security, or other right of recovery in connection with the loan.*

*Subd. 3. [LENDER OBLIGATIONS.] If an assignment has been made, the commissioner is not required to undertake any obligations of the lender as provided in its loan documents, except for any obligations directly related to the commissioner's assigned rights of recovery in connection with the loan. The lender shall fulfill any other obligations it may have under the loan documents in the same manner and to the same degree as required had the assignment not been made. The lender shall provide the commissioner with all reasonable assistance the commissioner requests in proceeding with respect to any collateral, security, or other right of recovery.*

*Subd. 4. [PAYMENT OF LENDER'S LOSS.] The commissioner may exercise the right of subrogation in connection with an enrolled loan if the lender's loss has not been fully covered and the commissioner pays money from the reserve account in an amount sufficient to fully cover the lender's loss. Upon making the payment, the commissioner is subrogated to the rights of the lender.*

*Subd. 5. [RECOVERED FUNDS.] Money received by the commissioner as a result of enforcement actions taken with respect to any collateral, security, or other rights of recovery must be promptly deposited by the commissioner in the reserve account, less any out-of-pocket expenses incurred by the commissioner in taking enforcement actions.*

#### Sec. 9. [116J.8768] [EXCESS RESERVE AMOUNTS.]

*Subdivision 1. [REPORTS.] The lender shall submit quarterly reports with the commissioner indicating the number and aggregate outstanding balance of all enrolled loans as of the end of each quarter. Delete everything after the enacting clause and insert:

“Section 1. [115.55] [CAPITAL REPLACEMENT FUND.]

*Subdivision 1. [FUND REQUIREMENT.] (a) Each wastewater treatment facility permittee shall annually set aside from user fees or another source a minimum of five cents per 1,000 gallons of wastewater flow through the facility to be deposited in a dedicated fund administered by the permittee for future capital improvements or replacement of the facility.*

*(b) For purposes of this section, “permittee” means a statutory or home rule charter city, sanitary district, or other political subdivision or public corporation that has been issued a permit as required under Minnesota Rules, part 7001.0030.*

*Subd. 2. *(b) If a private vendor is a joint permittee with a public entity, the public entity is responsible for collection of the fees.*

*Subd. 3. [CAPITAL IMPROVEMENTS.] Capital improvements include major components and structural additions that have a design life of more than 20 years. The need for capital improvements may result from a change in water quality standards, a need for increased capacity, or a failure of the facility or parts of the facility to provide adequate treatment. This fund shall not be used for the annual operation, maintenance, or replacement of equipment, accessories, parts, and appurtenances necessary to maintain the capacity and performance for which the existing treatment facility was designed and constructed, which ordinarily would be included in the facility's replacement schedule. Failure of a permittee to annually set aside the specified funds may constitute grounds for the state to deny financial assistance under chapters 116 and 446A.*

*Subd. 4. [REPORTING REQUIREMENTS.] A permittee that does not submit an annual financial report to the state auditor must submit an annual report on the fund to the public facilities authority.*

*Subd. 5. [EXEMPTION.] (a) A permittee may apply to the public facilities authority for an exemption from subdivision 1. The public facilities authority may grant an exemption upon a showing by the permittee that there are adequate municipal financial resources or bond reserve capacity*

for future capital improvements or replacement of the facility.

(b) *The metropolitan waste control commission is not subject to this section.*

Sec. 2. Minnesota Statutes 1988, section 116.18, subdivision 3a, is amended to read:

Subd. 3a. [STATE INDEPENDENT GRANTS PROGRAM.] (a) *The public facilities authority must adopt the objective of maintaining financial assistance to municipalities that the agency has listed on its annual municipal project list of approximately 50 percent of the eligible cost of construction for municipalities with populations over 25,000 and 80 percent of the eligible cost for municipalities with populations of 25,000 or less. Financial assistance may be provided by the public facilities authority through a combination of low interest loans under the state revolving fund under chapter 446A, independent state grants, and other financial assistance available to the municipality. The public facilities authority shall determine the appropriate combination of grants and loans. The Minnesota public facilities authority may award independent grants for projects certified by the state pollution control commissioner for 50 up to 35 percent or, if the population of the municipality is 25,000 or less, 80 up to 65 percent of the eligible cost of construction. These grants may be awarded in separate steps for planning and design in addition to actual construction. Until December 31, 1990, Not more than 20 percent \$2,000,000 of the total amount of grants awarded under this subdivision in any single fiscal year may be awarded to a single grantee.*

(b) *Up to ten percent \$1,000,000 of the money to be awarded as grants under this subdivision in any single fiscal year shall be set aside for municipalities having substantial economic development projects that cannot come to fruition without municipal wastewater treatment improvements. The agency shall forward its municipal needs list to the authority at the beginning of each fiscal year, and the authority shall review the list and identify those municipalities having substantial economic development projects. After the first 90 percent of the total available money is allocated to municipalities in accordance with agency priorities, the set-aside shall be used by the authority to award grants to remaining municipalities that have been identified.*

(c) *Grants may also be awarded under this subdivision to reimburse municipalities willing to proceed with projects and be reimbursed in a subsequent year conditioned upon appropriation of sufficient money under subdivision 1 for that year at the grant percentage determined in paragraph (a).*

(d) *A municipality that applies for a state independent grant to be reimbursed for a project must receive an additional five percent of the total eligible cost of construction beyond the normal percentage to which the municipality is entitled under paragraph (a). Municipalities that entered into an intent to award agreement with the agency under paragraph (c), in the state fiscal years 1985 to 1988, will be reimbursed at 55 percent or, if the population of the municipality is 25,000 or less, 85 percent of the eligible cost of construction.*

Sec. 3. Minnesota Statutes 1988, section 116.18, subdivision 3b, is amended to read:

Subd. 3b. [CAPITAL COST COMPONENT GRANT.] (a) *The definitions of "capital cost component," "capital cost component grant," "service fee,"*

“service contract,” and “private vendor” in section 471A.02 apply to this subdivision.

(b) Beginning in fiscal year 1989, up to \$1,500,000 of the money to be awarded as grants under subdivision 3a in any single fiscal year may be set aside for the award of capital cost component grants to municipalities on the municipal needs list for part of the capital cost component of the service fee under a service contract for a term of at least 20 years with a private vendor for the purpose of constructing and operating wastewater treatment facilities.

(d) Except as provided in this subdivision, municipalities receiving capital cost component grants shall not be required to comply with federal and state regulations regarding facilities planning and procurement contained in sections 116.16 to 116.18, except those necessary to issue a National Pollutant Discharge Elimination System permit or state disposal system permit and those necessary to assure that the proposed facilities are reasonably capable of meeting the conditions of the permit over 20 years. The municipality and the private vendor shall be parties to the permit. Municipalities receiving capital cost component grants may also be exempted by rules of the agency from other state and federal regulations relating to the award of state and federal grants for wastewater treatment facilities, except those necessary to protect the state from fraud or misuse of state funds.

(e) Funds shall be distributed from the set-aside to municipalities that apply for the funds in accordance with these provisions in the order of their ranking on the municipal needs list.

(f) The authority shall award capital cost component grants to municipalities selected by the state pollution control commissioner upon certification by the state pollution control commissioner that the municipalities' projects and applications have been reviewed and approved in accordance with this subdivision and agency rules adopted under paragraph (g).

(g) The agency shall adopt permanent rules to provide for the administration of grants awarded under this subdivision.

(h) The commissioner of trade and economic development may adopt rules containing procedures for administration of the authority's duties as set forth in paragraph (f).

[NO LEGAL TITLE WITHOUT CERTIFICATE.] A person acquiring a watercraft through a sale or gift does not acquire a right, title, claim, or interest in the watercraft until the person has been issued a certificate of title to the watercraft or has received a manufacturer's or importer's certificate. A waiver or estoppel does not operate in favor of that person against another person who has obtained possession of the certificate of title or manufacturer's or importer's certificate for the watercraft for valuable consideration.*

*Subd. 6. [WATERCRAFT LICENSE MAY NOT BE ISSUED WITHOUT TITLE.] The commissioner may not issue or renew a watercraft license to an owner of a titled watercraft unless the owner has been issued or has applied for a certificate of title for the watercraft.*

**Sec. 4. [361A.03] [APPLICATION AND ISSUANCE OF CERTIFICATE OF TITLE.]**

*Subdivision 1. [APPLICATION.] The owner of a titled watercraft must apply for the first certificate of title of a watercraft in this state to the commissioner or a deputy registrar on a form prescribed by the commissioner. The appropriate fee under section 12 must accompany the application. The application must be signed by the owner and contain:*

(1) the full names, dates of birth, and addresses of owners who are natural persons and the full names and addresses of other owners;

(2) a description of the watercraft including its make, model, year, length, the principal material used in construction, the builder's hull identification number, and the manufacturer's inboard engine serial number;

(3) the date of purchase by the applicant, the name and address of the person from whom the watercraft was acquired;

(4) the name and address of the person who is to possess the title and any conditions of possession; and

(5) other information required by the commissioner to determine whether the owner is entitled to a certificate of title and whether security interests

*exist in the watercraft.*

*Subd. 2. [ISSUANCE.] (a) The commissioner shall issue a certificate of title for a watercraft upon verification that:*

- (1) the application is genuine;*
- (2) the applicant is the owner of the watercraft; and*
- (3) payment of the required fee.*

*(b) The original certificate of title must be mailed to the first secured party disclosed in the application or, if none, to the owner named in the application.*

*Subd. 3. [CONTENTS.] (a) A certificate of title issued by the commissioner must contain:*

- (1) the date issued;*
- (2) the full names, dates of birth, and addresses of owners who are natural persons and the full names and addresses of other owners;*
- (3) the names and addresses of secured parties;*
- (4) the title number assigned to the watercraft;*
- (5) a description of the watercraft including its make, model, year of manufacture, length, principal material used in construction, registration number, and manufacturer's hull identification number or, if none, the builder's hull identification number assigned to the watercraft by the commissioner;*

*(6) spaces for assignment of title by the owner or by the dealer and for warranting that the signer is the owner and that the watercraft is not subject to security interests, liens, or encumbrances except as noted on the face of the certificate of title;*

*(7) spaces on the certificate for application of title by a new owner subject to the security interests of secured parties named and for the assignment or release of the security interest of a secured party; and*

*(8) other information the commissioner may require.*

*(b) A certificate of title issued by the commissioner is prima facie evidence of the facts appearing on it.*

*Subd. 4. [ISSUANCE WITHOUT ABSOLUTE PROOF OF OWNERSHIP.] (a) If application is made for a certificate of title for a watercraft and the commissioner is not satisfied of the ownership of the watercraft or the existence of security interests in the watercraft, the watercraft may be assigned a title number but the commissioner must:*

*(1) withhold issuance of a certificate of title until the applicant presents documents that satisfy the commissioner of the applicant's ownership of the watercraft and of security interest in the watercraft; or*

*(2) require the applicant to file a bond in the form prescribed by the commissioner and executed by the applicant as a condition to issuing a certificate of title.*

*(b) A bond filed under this subdivision must be accompanied by the deposit of cash or executed by a surety company authorized to do business in this state. The bond must be in an amount equal to 1-1/2 times the value*

*of the watercraft as determined by the commissioner. The bond must be conditioned to indemnify prior owners, secured parties, and later purchasers of the watercraft or persons acquiring a security interest in the watercraft, or successors in interest of the persons, against expenses, losses, or damages, including reasonable attorney fees, by reason of the issuance of the certificate of title to the watercraft or on account of a defect in or undisclosed security interest upon the right, title, and interest of the applicant in the watercraft.*

*(c) An interested person has a right of action to recover on the bond for a breach of its conditions, but the aggregate liability of the surety to all persons may not exceed the amount of the bond.*

*(d) The commissioner shall return the bond and any deposit accompanying the bond if:*

*(1) the commissioner has not been notified of the pendency of an action to recover on the bond;*

*(2) questions of ownership and outstanding security interests have been resolved to the satisfaction of the commissioner;*

*(3) the bond has been posted for three years or the watercraft is not registered for license purposes in this state under section 361.03; and*

*(4) the currently valid certificate of title is surrendered.*

*Subd. 5. [RECORDS.] (a) The commissioner shall maintain records of certificates of title issued under this section according to one of the following systems:*

*(1) under a distinctive title number assigned to a watercraft;*

*(2) under the registration number awarded to a watercraft in accordance with the registration and numbering law of the state where it is registered;*

*(3) alphabetically, under the name of the owner; or*

*(4) under another system determined by the commissioner.*

*(b) Records relating to watercraft titling maintained by the commissioner are public records and are open to public inspection during regular office hours.*

*Subd. 6. [GROUNDS FOR REFUSAL TO ISSUE CERTIFICATE OF TITLE.] The commissioner may not issue a certificate of title if a required fee is not paid or the commissioner has reasonable grounds to believe that:*

*(1) the applicant is not the owner of the watercraft;*

*(2) the application contains a false statement; or*

*(3) the applicant failed to furnish required information or documents or additional information the commissioner reasonably requires.*

**Sec. 5. [361A.04] [DEALER ACQUISITION AND TRANSFER.]**

*Subdivision 1. [CERTIFICATE OF ORIGIN REQUIRED.] (a) A dealer may not purchase or acquire a new titled watercraft without obtaining a manufacturer's or importer's certificate of origin from the seller.*

*(b) A manufacturer, importer, dealer, or other person may not sell or otherwise dispose of a new titled watercraft to a dealer for purposes of display and resale without delivering to the dealer a manufacturer's or*

*(6) other information required by the commissioner.*

*Subd. 3. [SALE OF NEW WATERCRAFT.] A dealer selling or exchanging a new titled watercraft, before delivering the watercraft to a purchaser, shall apply to the commissioner for a new title in the name of the purchaser. The application must contain the name and address of any secured party holding a security interest created or reserved at the time of sale and the date of the security agreement and must be accompanied by a manufacturer's or importer's certificate of origin. The application must be signed by the dealer and the owner, and the dealer shall promptly mail or deliver the application to the commissioner or a deputy registrar.*

*Subd. 4. [USED WATERCRAFT ACQUIRED FOR RESALE.] (a) If a dealer buys or acquires a used titled watercraft for resale, the dealer must apply to the commissioner or deputy registrar and obtain a title number before selling or exchanging the watercraft in the same manner as a new watercraft on forms the commissioner provides or apply for and obtain a certificate of title.*

*(b) If a dealer acquires a used titled watercraft for resale and the watercraft is covered by a certificate of title that is surrendered to the dealer by the owner at the time of delivery of the watercraft, the dealer need not send the certificate of title to the commissioner. Upon transferring the watercraft to another person, the dealer must promptly execute the assignment, showing the name and address of the person to whom the watercraft is transferred and forward the certificate to the commissioner or deputy registrar with the application for a new certificate of title.*

*(b) The person acquiring the watercraft must obtain a new certificate of title by applying to the commissioner or a deputy registrar on a form prescribed by the commissioner, and submitting the required fee. The application for certificate of title must be filed within 15 days after delivery of the watercraft to the person acquiring the watercraft.*

*(c) Upon request of the owner or the person who acquired the watercraft, a secured party in possession of the certificate of title must deliver the certificate to the person acquiring the watercraft, the commissioner, or a deputy registrar, unless the transfer is a breach of the security agreement. The delivery of the certificate does not affect the rights of the secured party under the security agreement.*

*(d) If a security interest or encumbrance is first created at the time of transfer of ownership, the certificate must be retained by or delivered to the secured party.*

*Subd. 2. [TRANSFER BY LAW.] (a) Except as otherwise provided in this chapter, if the ownership of a titled watercraft is transferred by operation of law, including inheritance or bequest, order in bankruptcy, insolvency, replevin, execution, sale, or satisfaction of mechanic's lien, or repossession upon default in performance of the terms of a security agreement, the person acquiring the watercraft by operation of law must promptly submit the last certificate of title, if available, or the manufacturer's or importer's certificate or other satisfactory proof of the transfer of ownership to the commissioner or deputy registrar with the application for a new certificate of title and the required fee.*

*(b) If a secured party acquires a titled watercraft under the terms of a security agreement or by operation of law, the secured party must promptly submit to the commissioner, a deputy registrar, or the person acquiring the watercraft from the secured party the last certificate of title, if available, an application for a new certificate of title with the required fee, and an affidavit by the secured party or an authorized representative stating the facts entitling the secured party to possession and ownership of the watercraft, including a copy of the journal entry, court order, or instrument upon which the claim of possession and ownership is founded. If the secured party cannot produce the required proof of ownership, the secured party may submit other evidence with the application and the commissioner may*

*issue a new certificate of title if the evidence provides satisfactory proof of ownership.*

**Sec. 7. [361A.06] [TEMPORARY WATERCRAFT USE PERMITS.]**

*Subdivision 1. [ISSUANCE TO TITLE APPLICANT.] (a) The commissioner may issue a temporary watercraft use permit to a person applying for a certificate of title for a new or used watercraft to allow that person to operate the watercraft on the waters of this state pending completion of the titling and watercraft licensing process.*

*(b) The watercraft use permit must be carried aboard the watercraft to allow immediate inspection. The watercraft use permit must contain a description of the watercraft, including its trade name, if any, year, series or model, hull material, length, hull identification number, and other information prescribed by the commissioner. A permit is valid only for the watercraft for which it is issued.*

It must be mailed to the first secured party named in it or, if none, to the owner. The commissioner shall indicate in the department records that a duplicate has been issued.*

*Subdivision 1. [SUSPENSION OR REVOCATION.] The commissioner shall suspend or revoke a certificate of title upon notice and reasonable opportunity to be heard if authorized by law or if the commissioner finds that:*

*Subd. 3. [SEIZURE OR IMPOUNDMENT.] The commissioner may seize and impound a certificate of title that has been suspended or revoked.*

*Subd. 4. [SUBSEQUENT GOOD FAITH PURCHASER.] Suspension or revocation of a certificate of title does not affect the validity of a subsequent transfer to a purchaser relying in good faith on the assignment of a suspended or revoked title if the certificate of title was not surrendered to or seized by the commissioner under subdivisions 2 and 3, and the commissioner shall issue a new certificate of title to an applicant who is a good faith purchaser for value in those circumstances.*

Sec. 10. [361A.09] [RESPONSIBILITIES OF COMMISSIONER.]

*The commissioner shall prescribe and provide suitable forms of applications, certificates of title, notices of security interests, and other notices and forms necessary to implement this chapter. In addition, the commissioner may:*

[PERFECTION.] A security interest is perfected by the delivery to the commissioner of the existing certificate of title, if any, or an application for a certificate of title, containing the name and address of the secured party, the date of the security agreement, and the required fee. It is perfected as of the time of its creation if the delivery is completed within the following ten days. In other instances it is perfected as of the time of the delivery. The method provided in this chapter is exclusive.*

Sec. 15. [361A.14] [OWNER-CREATED SECURITY INTEREST.]

**Sec. 19. [361A.18] [EFFECT OF SUSPENSION OR REVOCATION ON SECURITY INTEREST.]**

*Suspension or revocation of a certificate of title does not, in itself, affect the validity of a security interest noted on it.*

**Sec. 20. [361A.19] [PREVIOUSLY LICENSED WATERCRAFT UNDISCLOSED SECURITY INTERESTS.]**

*If the commissioner is not satisfied that there are no undisclosed security interests created before the watercraft is initially titled, the commissioner may, in addition to its options under section 4, subdivision 4, issue a distinctive certificate of title for the watercraft containing the legend: "This watercraft may be subject to an undisclosed lien," and any other information the commissioner prescribes.*

(b) In particular the designation plan must evaluate:

(1) whether the designation will result in the recovery of resources or energy from materials which would otherwise be wasted;

(2) whether the designation will lessen the demand for and use of *indiscriminate* land disposal;

(3) whether the designation is necessary for the financial support of the facility;

(4) whether less restrictive methods for ensuring an adequate solid waste supply are available; ~~and~~

Sec. 43. Minnesota Statutes 1988, section 115C.08, subdivision 4, is amended to read:

Subd. 4. [EXPENDITURES.] Money in the fund may only be spent:

(1) to administer the petroleum tank release cleanup program established in sections 115C.03 to 115C.10;

(2) for agency administrative costs under sections 116.46 to 116.50, sections 115C.03 to 115C.06, and costs of corrective action taken by the agency under section 115C.03, including investigations;

Subd. 5. [FUND TRANSFER.] *The board shall authorize the commissioner of finance to transfer to the harmful substance compensation fund the amount requested by the harmful substance compensation board under section 37, subdivision 4. Transfer of the amount must be made at the earliest practical date after authorization by the board. If the unexpended balance in the fund is less than \$1,000,000 the transfer must be made at the earliest practical date after the unexpended balance in the fund exceeds that amount.*

Sec. 45. Minnesota Statutes 1988, section 116.07, is amended by adding a subdivision to read:

Subd. 4j. [PERMITS; SOLID WASTE FACILITIES.] *(a) The agency may not issue a permit for new or additional capacity for a mixed municipal solid waste resource recovery or disposal facility as defined in section 115A.03 unless each county projected in the permit to use the facility has in place a solid waste management plan approved under section 115A.46 or 473.803. The agency shall issue the permit only if the capacity of the facility is consistent with the needs for resource recovery or disposal capacity identified in the approved plan or plans. Consistency shall be determined by the metropolitan council for counties in the metropolitan area and by the agency for counties outside the metropolitan area. Plans approved before January 1, 1990, need not be revised if the capacity sought in the permit is consistent with the approved plan or plans.*

*(b) The agency shall require as part of the permit application for a waste incineration facility identification of preliminary plans for ash management and ash leachate treatment or ash utilization. The permit issued by the agency shall include requirements for ash management and ash leachate treatment.*

Sec. 46. Minnesota Statutes 1988, section 466.04, subdivision 1, is amended to read:

Subdivision 1. [LIMITS; PUNITIVE DAMAGES.] *(a) Liability of any municipality on any claim within the scope of sections 466.01 to 466.15 shall not exceed:*

(a) (1) \$200,000 when the claim is one for death by wrongful act or omission and \$200,000 to any claimant in any other case;

(b) (2) \$600,000 for any number of claims arising out of a single occurrence; or

(c) (3) twice the limits provided in clauses (a) (1) and (b), but not less than \$300,000 per claim; (2) when the claim arises out of the release or threatened release of a hazardous substance, whether the claim is brought under sections 115B.01 to 115B.15 or under any other law.

(b) No award for damages on any such claim shall include punitive damages.

Sec. 47. Minnesota Statutes 1988, section 473.149, subdivision 2d, is amended to read:

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN.] By January 1, 1985, (a) After considering any county land disposal abatement proposals and waste stream analysis that have been submitted by that date, pursuant to under section 473.803, subdivision 1b, the council shall amend its policy plan to include specific and quantifiable metropolitan objectives for abating to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste and of specific components of the solid waste stream, including residuals and ash, either by type of waste or class of generator.

(b) The objectives must be stated in annual increments through the year 1990 and thereafter in five-year increments through the year 2000 for a period of at least 20 years from the date of adoption of policy plan revisions. The plan must include a reduced estimate of the capacity, based on the council's abatement objectives, needed for the disposal of various types of waste in each five-year increment and the general area of the region where the capacity should be developed. The plan must include a reduced estimate, based on the council's abatement objectives, of the added solid waste disposal capacity needed in appropriate sectors of the metropolitan area, stated in annual increments through the year 1990 and thereafter in five year increments through the year 2000.

(c) The plan must include objectives for waste reduction and measurable objectives for local abatement of solid waste through resource recovery and waste reduction, recycling, and source separation programs and activities for each metropolitan county and for cities of the first class, the second class, and the third class, respectively, stated in annual increments through the year 1990 and in five-year increments through the year 2000 for a period of at least 20 years.

(d) The standards must be based upon and implement the council's metropolitan abatement objectives. The council's plan must include standards and procedures to be used by the council in determining whether a metropolitan county or class of cities within a metropolitan county has implemented the council's metropolitan land disposal abatement plan and has achieved the objectives for local abatement.

Sec. 48. Minnesota Statutes 1988, section 473.149, subdivision 2c, is amended to read:

Subd. 2c. [SOLID WASTE DISPOSAL FACILITIES DEVELOPMENT SCHEDULE.] (a) By January 1, 1985, after requesting and considering recommendations from the counties, cities, and towns, the council as part

of its policy plan shall determine the number of sites and the capacity of sites to be acquired within each metropolitan county for solid waste disposal facilities in accordance with section 473.833.

(b) The council shall adopt a schedule of disposal capacity to be developed in each county through the year 2000. The schedule may not allow capacity in excess of the council's reduced estimate of the disposal capacity needed because of the council's land disposal abatement plan, except as the council deems necessary to allow reallocation of capacity as required by this subdivision.

(c) The council shall make the implementation of elements of the schedule, including the disposal capacity allocated to each county, contingent on actions of each county and class of city in that county in adopting and implementing abatement plans pursuant to section 473.803, subdivision 1b. The council shall review the development schedule every year and shall revise the development schedule and the allocation of disposal capacity required for each county based on the progress made in that county in the implementation of the council's abatement plans and achievement of metropolitan and local abatement objectives. *The council shall review and revise, by resolution following public hearing, the development schedule and the allocation of disposal capacity required based on significant changes in the landfill capacity of the metropolitan area. The schedule must include procedures and criteria for making revisions. A site for which an environmental impact statement was being prepared as of January 1, 1989, under section 473.833, subdivision 2a, and that is not selected under section 473.833, subdivision 3, must be eliminated from the inventory of solid waste disposal sites established under section 473.149, subdivision 2b, and may not be considered as a waste disposal site in the future.*

(d) The schedule may include procedures to be used by counties in selecting sites for acquisition pursuant to section 473.833. The schedule must include standards and procedures for council certification of need pursuant to section 473.823. The schedule must include a facility closure schedule and plans for postclosure management and disposition, for the use of property after acquisition and before facility development, and for the disposition of property and development rights, as defined in section 473.833, no longer needed for disposal facilities. The schedule must also include a closure schedule and plans for postclosure management for facilities in existence before the adoption of the development schedule.

Sec. 49. Minnesota Statutes 1988, section 473.149, is amended by adding a subdivision to read:

*Subd. 2f. [FUTURE SOLID WASTE DISPOSAL CAPACITY.] The council, as part of its policy plan, shall determine the number and capacity of solid waste disposal sites needed in the metropolitan area, including sites for disposal of solid waste residuals and ash, for a period of at least 20 years from the date of adoption of policy plan revisions. The plan must include a reduced estimate of capacity, based on the council's waste abatement objectives, needed for the disposal of various types of waste in five-year increments and the general area of the metropolitan area where the capacity should be developed.*

Sec. 50. Minnesota Statutes 1988, section 473.803, is amended by adding a subdivision to read:

*Subd. 2a. [WASTE ABATEMENT.] The council may require any county*

*that fails to meet the waste abatement objectives contained in the council's policy plan to amend its master plan to address methods to achieve the objectives. The master plan amendment is subject to council review and approval as provided in subdivision 2 and must consider at least:*

- (1) minimum recycling service levels for solid waste generators;*
- (2) mandatory generator participation in recycling programs including separation of recyclable material from mixed municipal solid waste;*
- (3) use of organized solid waste collection under section 115A.94; and*
- (4) waste abatement participation incentives including provision of storage bins, weekly collection of recyclable material, expansion of the types of recyclable material for collection, collection of recyclable material on the same day as collection of solid waste, and financial incentives such as basing charges to generators for waste collection services on the volume of waste generated and discounting collection charges for generators who separate recyclable material for collection separate from their solid waste.*

Sec. 51. [473.8061] [ELIMINATION OF SOLID WASTE DISPOSAL SITE INVENTORY.]

*The inventory of sites suitable for mixed municipal solid waste disposal facilities under sections 473.803, subdivision 1a, and 473.806, is eliminated and metropolitan counties may release the proposed sites.*

Sec. 52. Minnesota Statutes 1988, section 473.811, subdivision 1a, is amended to read:

Subd. 1a. [RIGHT OF ACCESS.] Whenever the county or county site selection authority deems it necessary to the evaluation of a waste facility for enforcement purposes ~~or to the evaluation of a site or buffer area for inclusion in the inventory of disposal sites pursuant to section 473.149, subdivision 2b, and section 473.803, subdivision 1a;~~ or for selection or final acquisition under section 473.833, or for the accomplishment of any other purpose under sections 473.149, 473.153, and 473.801 to 473.834, the county, county site selection authority or any member, employee, or agent thereof, when authorized by it, may enter upon any property, public or private, for the purpose of obtaining information or conducting surveys or investigations, provided that the entrance and activity is undertaken after reasonable notice and during normal business hours and provided that compensation is made for any damage to the property caused by the entrance and activity.

Sec. 53. Minnesota Statutes 1988, section 473.823, subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (a) The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the council to its review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, *the effectiveness of proposed buffer areas to ensure, at a minimum, protection of surrounding land uses from adverse or incompatible impacts due to landfill operation and related activities,* the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production. ~~No~~

(b) A permit may *not* be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan council's solid waste policy plan. The metropolitan council shall determine whether a permit is in accordance with the policy plan. In making its determination, the council shall consider the areawide need and benefit of the applicant facility *and the effectiveness of proposed buffer areas to adequately protect surrounding land uses in accordance with its policy plan*, and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities described in a waste control commission implementation plan or county report or master plan.

(c) If the council determines that a permit is in accordance with its policy plan, the council shall approve the permit. If the council determines that a permit is not in accordance with its policy plan, it shall disapprove the permit. The council's approval of permits may be subject to conditions necessary to satisfy criteria and standards in its policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a solid waste facility used primarily for resource recovery and the geographic territory from which a resource recovery facility or transfer station serving such a facility may draw its waste.

(d) For the purpose of this review and approval by the council, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the metropolitan council within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the council, unless a time extension is authorized by the agency, the council shall issue to the agency in writing its determination whether the permit is disapproved, approved, or approved with conditions. If the council does not issue its determination to the agency within the 60-day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the council's policy plan. ~~No~~

(e) A permit ~~shall~~ *may not* be issued in the metropolitan area for a solid waste facility used primarily for resource recovery or a transfer station serving ~~such a~~ *the* facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the council finds and determines that adequate markets exist for the products recovered and that establishment of the facility is consistent with the criteria and standards in the metropolitan and county plans respecting the protection of existing resource recovery facilities and transfer stations serving such facilities.

Sec. 54. Minnesota Statutes 1988, section 473.823, subdivision 6, is amended to read:

Subd. 6. [COUNCIL; CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the council indicating the council's determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The council shall amend its policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need that conform to the certification standards stated in this subdivision. The standards and procedures shall be based on the council's disposal abatement plan adopted pursuant

to section 473.149, subdivision 2d, the council's solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the provisions of any master plans of counties that have been approved by the council under section 473.803, subdivision 2, and that are consistent with the council's abatement plan and development schedule. The council shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives. In its certification the council shall not consider alternatives which have been eliminated from consideration by the adoption of the inventory pursuant to section 473.149, subdivision 2b, or the selection of sites under section 473.833, subdivision 3.

Sec. 55. Minnesota Statutes 1988, section 473.831, subdivision 2, is amended to read:

Subd. 2. [USE OF PROCEEDS.] (a) The proceeds of bonds issued under subdivision 1 shall be used by the council:

~~(a)~~ (1) to provide funds for the environmental analysis of solid waste disposal sites; and

~~(b)~~ (2) to make grants to metropolitan counties to pay for: ~~(1)~~ (i) the cost of the environmental review of sites, ~~(2)~~ the acquisition of development rights for all or part of the period that the development limitation imposed by section 473.806 is in effect, ~~(3)~~ (ii) the acquisition of permanent or temporary right, title, or interests in property, including easements and development rights, for solid waste disposal sites and surrounding buffer areas required to be acquired by the county, pursuant to sections 473.833 and 473.840, by the council's policy plan and development schedule adopted pursuant to section 473.149, subdivision 2e, and ~~(4)~~ (iii) the acquisition and improvement of resource recovery facilities; and

*(3) to reimburse a city or town that contains a solid waste disposal site identified by the council under section 473.149, subdivision 2b, for costs incurred by the city or town after publication of an environmental impact statement preparation notice for the site.*

*(b) Under paragraph (a), clause (3):*

*(1) reimbursement may not exceed \$100,000 for a city or town;*

*(2) costs eligible for reimbursement are those incurred for data collection, technical review and analysis necessary to evaluate the draft environmental impact statement prepared by the county under section 473.833, subdivision 2a, and the site selection decision made under section 473.833, subdivision 3; and*

*(3) legal fees are not eligible for reimbursement.*

*(c) If the council is required by law or rule to prepare environmental analyses on one or more solid waste disposal sites and surrounding buffer areas, the council may use the proceeds of the bonds issued under subdivision 1 to contract for consultant services in the preparation of such analyses only upon a finding that equivalent expertise is not available among its own staff.*

Sec. 56. Minnesota Statutes 1988, section 473.833, subdivision 2a, is amended to read:

Subd. 2a. [ENVIRONMENTAL IMPACT STATEMENT.] (a) Each metropolitan county shall complete an environmental impact statement on the environmental effects of the decision required by subdivision 3. The statement shall be prepared and reviewed in accordance with chapter 116D and the rules issued pursuant thereto under chapter 116D, except as otherwise required by section 473.149 and this section. The determination of adequacy must be made within one year following the council's adoption of the facilities development schedule pursuant to section 473.149, subdivision 2e. The statement must be consistent with the establishment of facilities in accordance with the requirements of the council's development schedule, must not address or reconsider alternatives eliminated from consideration under sections 473.149, 473.803, subdivisions 1, 1a, and 1b, and this section, and must not address matters to be determined by the council under section 473.823, subdivision 6. The statement must address matters respecting permitting under section 473.823 only to the extent deemed necessary for the siting decision required by subdivision 3.

(b) The pollution control agency and the council shall assist and advise counties in the scoping decision and the preparation notice.

(c) *The site selection authority established in subdivision 3, or the council, if it makes the selection under subdivision 3, shall prepare a record of decision, including specific findings of fact, that identifies how the environmental impact statement required by this subdivision was used by the site selection authority to make its site selection decision.*

Sec. 57. Minnesota Statutes 1988, section 473.840, subdivision 2, is amended to read:

Subd. 2. [DEFINITIONS.] (a) "Qualifying property" is a parcel of real property any part of which is located within the site or buffer area of a candidate site under section 473.153, ~~or a site included in the metropolitan inventory adopted under section 473.149, subdivision 2b,~~ for the purposes of environmental review under section 473.833, subdivision 2a.

(b) An "eligible owner" is a person who: (1) owns the entire parcel of qualifying property; (2) owned the entire parcel of property at the time the site was selected as a candidate site or included in the metropolitan inventory; and (3) has not previously entered a contract under subdivision 4 for the sale of any or all of the parcel.

Sec. 58. Minnesota Statutes 1988, section 473.843, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF FEE; APPLICATION.] The operator of a mixed municipal solid waste disposal facility in the metropolitan area shall pay a fee on solid waste accepted and disposed at the facility as follows:

(a) A facility that weighs the waste that it accepts must pay a fee of ~~50 cents~~ \$2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility.

(b) A facility that does not weigh the waste but that measures the volume of the waste that it accepts must pay a fee of ~~50 cents~~ \$2 per cubic yard of waste accepted at the entrance of the facility.

(c) Waste residue, from recycling facilities at which recyclable materials

are separated or processed for the purposes of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse, is exempt from ~~one-half~~ of the amount of fee imposed by this subdivision if there is at least an 85 percent volume reduction in the solid waste processed. To qualify for exemption under this clause, waste residue must be brought to a disposal facility separately. The commissioner of revenue, with the advice and assistance of the council and the agency, shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 59. Minnesota Statutes 1988, section 473.843, subdivision 2, is amended to read:

Subd. 2. [DISPOSITION OF PROCEEDS.] After reimbursement to the department of revenue for costs incurred in administering this section, the proceeds of the fees imposed under this section, including interest and penalties, must be deposited as follows:

~~(a) one-half~~ (1) *three-fourths* of the proceeds must be deposited in the landfill abatement fund established in section 473.844; and

~~(b) one-half~~ (2) *one-fourth* of the proceeds must be deposited in the metropolitan landfill contingency action fund established in section 473.845.

Sec. 60. Minnesota Statutes 1988, section 473.844, subdivision 1a, is amended to read:

Subd. 1a. [USE OF FUNDS.] (a) The money in the fund may be spent only for the following purposes:

(1) assistance to any person for resource recovery projects funded under subdivision 4 or projects to develop and coordinate markets for reusable or recyclable waste materials, including related public education, planning, and technical assistance;

(2) grants to counties under section 473.8441; and

(3) program administration by the metropolitan council;

(4) public education on solid waste reduction and recycling; and

(5) solid waste research.

(b) The council shall allocate at least 50 percent of the annual revenue received by the fund for grants to counties under section 473.8441.

Sec. 61. Minnesota Statutes 1988, section 473.8441, subdivision 5, is amended to read:

Subd. 5. [GRANT ALLOCATION PROCEDURE.] (a) The council shall distribute the funds annually so that each qualifying county receives a base amount of \$25,000 an equal share of 50 percent of the council's allocation to the program described in this section, plus a proportionate share of the remaining funds available for the program. A county's proportionate share is an amount that has the same proportion to the total remaining funds as the number of households in the county has to the total number of households in all metropolitan counties. ~~The council shall distribute the funds in two parts.~~

~~(b) The first distribution consists of the base amount plus one-third of the county's proportionate share. To qualify for the first distribution, a~~

county must submit an application for council approval before December 1, 1987. Not more than one-half of the first distribution may be spent for planning and consultants.

(e) The second distribution consists of the remaining funds available for the program. To qualify for the second distribution, a county must have received funds under the first distribution and must submit for council approval by December 1, 1988, a report on expenditures and activities under the program; a local recycling implementation strategy as required by section 473.803, subdivision 1e; and a proposed performance funding system that will allocate all of the remaining funds available under the program for recycling implementation activities in accordance with performance.

(b) To qualify for distribution of funds, a county, by August 15 of each year, must submit for council approval a report on expenditures and activities under the program during the preceding fiscal year and any proposed changes in its recycling implementation strategy or performance funding system.

Sec. 62. Minnesota Statutes 1988, section 473.845, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT.] The metropolitan landfill contingency action fund is created as an account in the state treasury. The fund consists of revenue deposited in the fund under section 473.843, subdivision 2, clause (b); amounts recovered under subdivision 6 7; and interest earned on investment of money in the fund.

Sec. 63. Minnesota Statutes 1988, section 473.845, subdivision 2, is amended to read:

Subd. 2. [WATER SUPPLY MONITORING AND HEALTH ASSESSMENTS.] Up to ten percent of the money in the fund may be appropriated to the commissioner of health for water supply monitoring and health assessments. The commissioner shall monitor the quality of water in public water supply wells and may monitor private water supply wells in the metropolitan area that may be affected by their location in relation to a facility for mixed municipal solid waste. Testing under this subdivision must be for substances not funded under the Federal Safe Drinking Water Act. *The health assessments must be conducted in areas that may be affected by contaminants from mixed municipal solid waste facilities.*

Sec. 64. Minnesota Statutes 1988, section 473.848, is amended to read:  
473.848 [RESTRICTION ON DISPOSAL.]

Subdivision 1. [RESTRICTION.] (a) After January 1, 1990, a person may not dispose of unprocessed mixed municipal solid waste at waste disposal facilities located in the metropolitan area ~~may not accept mixed municipal solid waste for disposal~~ unless:

(1) the waste has been certified as unprocessable by a county under subdivision 2; or

(2)(i) the waste has been transferred to the disposal facility from a resource recovery facility ~~identified by the council~~;

(ii) no other resource recovery facility in the metropolitan area is capable of processing the waste; and

(iii) *the waste has been certified as unprocessable by the operator of the resource recovery facility under subdivision 3.*

(b) *For purposes of this section, mixed municipal solid waste does not include street sweepings, construction debris, mining waste, foundry sand, and other materials, if they are not capable of being processed by resource recovery as determined by the council.*

*Subd. 2. [COUNTY CERTIFICATION; COUNCIL APPROVAL.] (a) Each county that has not implemented designation of all or a portion of its mixed municipal solid waste to a resource recovery facility shall submit a semi-annual certification report to the council detailing:*

*(1) the quantity of waste generated in the county that was not processed prior to transfer to a disposal facility during the six months preceding the report;*

*(2) the reasons the waste was not processed;*

*(3) a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques; and*

*(4) any progress made by the county in reducing the amount of unprocessed waste.*

*(b) The council shall approve a county's report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the council does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the council does not approve three or more consecutive reports from any one county, the council shall develop specific reduction techniques that are designed for the particular needs of the county. The county shall implement those techniques by specific dates to be determined by the council.*

*Subd. 3. [FACILITY CERTIFICATION; COUNTY REPORTS.] (a) The operator of each resource recovery facility that receives waste from counties in the metropolitan area shall certify as unprocessable each load of mixed municipal solid waste it does not process. Certification must be made to each county that sends its waste to the facility at intervals specified by the county. Certification must include at least the number and size of loads certified as unprocessable and the reasons the waste is unprocessable. Loads certified as unprocessable must include the loads that would otherwise have been processed but were not processed because the facility was not in operation.*

*(b) A county that sends its waste to a resource recovery facility shall submit a semiannual report to the council detailing the quantity of waste generated within the county that was not processed during the six months preceding the report, the reasons the waste was not processed, and a strategy for reducing the amount of unprocessed mixed municipal solid waste.*

*Subd. 4. [COUNCIL REPORT.] The council shall include, as part of its report to the legislative commission on waste management required under section 473.149, an accounting of the quantity of unprocessed waste transferred to disposal facilities, the reasons the waste was not processed, a*

*strategy for reducing the amount of unprocessed waste, and progress made by counties to reduce the amount of unprocessed waste. The council may adopt standards for determining when waste is unprocessable and procedures for expediting certification and reporting of unprocessed waste.*

Sec. 65. Laws 1984, chapter 644, section 85, as amended by Laws 1987, chapter 348, section 50, is amended to read:

Sec. 85. [EFFECTIVE DATE.]

Sections 1 to 45, 48 to 51, 56 to 72, and 78 to 84 are effective the day following final enactment. Sections 46, 47, and 73 to 77 are effective January 1, 1985, except that the fees imposed in sections 46, 47, and 73 shall be effective January 1, ~~1990~~ 1991, with respect to nonhazardous solid waste from metalcasting facilities. Prior to January 1, ~~1990~~ 1991, an operator of a facility that is located in the metropolitan area for the disposal of mixed municipal solid waste shall deduct from the disposal charge for nonhazardous solid waste from metalcasting facilities the fee imposed under sections 46, 47, and 73.

Section 52 is effective for taxable years after December 31, 1983. Section 55 is effective for sales after June 30, 1984. Sections 53 and 54 are effective for taxable years after December 31, 1984.

Sec. 66. [SOLID WASTE MANAGEMENT DISTRICT; STUDY.]

*The pollution control agency shall conduct a study of the legislation authorizing the establishment of solid waste management districts, Minnesota Statutes 1988, sections 115A.62 to 115A.72, and related mechanisms, such as joint powers agreements authorized by Minnesota Statutes, section 471.59, to determine their effectiveness in the area of solid waste management. By December 1, 1989, the agency shall report its findings, together with any recommendation for legislation, to the legislative commission on waste management.*

Sec. 67. [METROPOLITAN COUNCIL; SOLID WASTE POLICY PLAN.]

*At the earliest practical date, the metropolitan council shall amend its solid waste management policy plan, required under Minnesota Statutes, section 473.149, to include a definition of buffer area as that term is used in relation to the inventory of solid waste disposal sites in section 473.149, subdivision 2b, and other related state law. The master plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the master plan shall contain criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan.

### LANDLORD-TENANT PROVISIONS

Section 1. [504.181] [ESCROW OF RENT TO REMEDY VIOLATIONS.]

*Subdivision 1. [DEFINITIONS.] The definitions in section 566.18 apply to this section.*

*Subd. 2. [ESCROW OF RENT.] If a violation exists in a building, a tenant may deposit the amount of rent due to the owner with the court administrator using the following procedure:*

*(a) For a violation of section 566.18, subdivision 6, clause (a), the tenant may deposit with the court administrator the rent due the owner along with a copy of the written notice of the code violation as provided in section 566.19, subdivision 2. The tenant may not deposit the rent or file the written notice of the code violation until the time granted to make repairs has expired without satisfactory repairs being made, unless the tenant alleges that the time granted is excessive.*

*(b) For a violation of section 566.18, subdivision 6, clause (b) or (c), the tenant must give written notice to the owner specifying the violation. The notice must be delivered personally or sent to the person or place where rent is normally paid. If the violation is not corrected within 14 days, the tenant may deposit the amount of rent due to the owner with the court administrator along with an affidavit specifying the violation. The court must provide a simplified form affidavit for use under this clause.*

*As long as proceedings are pending under this section, the tenant must pay rent as directed by the court and may not withhold rent to remedy a violation.*

*Subd. 3. [COUNTERCLAIM FOR POSSESSION.] The owner may file a counterclaim for possession of the premises in cases where the owner alleges that the tenant did not deposit the full amount of rent with the court administrator. The court must set the date for a hearing on the counterclaim not less than seven nor more than 14 days from the day of filing the counterclaim. If the rent escrow hearing and the hearing on the counterclaim for possession cannot be heard on the same day, the matters must be consolidated and heard on the date scheduled for the hearing on the counterclaim. The contents of the counterclaim for possession must meet the requirements for a complaint in unlawful detainer under section 566.05. The owner must serve the counterclaim as provided in section 566.06.*

*except that the affidavits of service or mailing may be brought to the hearing rather than filed with the court before the hearing. The court must provide a simplified form for use under this section.*

*Subd. 4. [FILING FEE.] The court administrator may charge a filing fee in the amount set for complaints and counterclaims in conciliation court, subject to the filing of an inability to pay affidavit.*

*Subd. 5. [NOTICE OF HEARING.] A hearing must be held within ten to 14 days of the day a tenant deposits rent with the court administrator. If the cost of remedying the violation, as estimated by the tenant, is within the jurisdictional limit for conciliation court, the court administrator shall notify the owner and the tenant of the time and place of the hearing by first class mail. The notice of hearing must be mailed within one business day of the day the tenant deposits the rent with the court administrator. The tenant must provide the court administrator with the owner's name and address. If the owner has disclosed a post office box as the owner's address under section 504.22, notice of the hearing may be mailed to the post office box. If the cost of remedying the violation, as estimated by the tenant, is above the jurisdictional limit for conciliation court, the tenant must serve the notice of hearing according to the rules of civil procedure. The notice of hearing must specify the amount the tenant has deposited with the court administrator, and must inform the owner that possession of the premises will not be in issue at the hearing unless the owner files a counterclaim for possession or an action under sections 566.01 to 566.17.*

*Subd. 6. [HEARING.] The hearing shall be conducted by a court without a jury. The court normally shall receive only evidence admissible under the rules of evidence, but in the interest of justice and the summary determination of the case, the court may receive evidence not so admissible, including certified copies of inspection reports.*

*Subd. 7. [RELEASE OF RENT PRIOR TO HEARING.] If the tenant gives written notice to the court administrator that the violation has been remedied, the court administrator must release the rent to the owner and, unless the hearing has been consolidated with another action, must cancel the hearing. If the tenant and the owner enter into a written agreement signed by both parties apportioning the rent between them, the court administrator must release the rent in accordance with the written agreement and cancel the hearing.*

*Subd. 8. [CONSOLIDATION WITH UNLAWFUL DETAINER.] Actions under this section and actions in unlawful detainer brought under sections 566.01 to 566.17 which involve the same parties must be consolidated and heard on the date scheduled for the unlawful detainer.*

*(3) order that rent be deposited with the court as it becomes due to the owner or abate future rent until the owner remedies the violation; or*

*(4) impose fines as required in section 15.*

(b) *When a proceeding under this section has been consolidated with a counterclaim for possession or an action in unlawful detainer under sections 566.01 to 566.17, and the owner prevails, the tenant may redeem the tenancy as provided in section 504.02.*

(c) *When a proceeding under this section has been consolidated with a counterclaim for possession or an action under an unlawful detainer under sections 566.01 to 566.17 on the grounds of nonpayment, the court may not require the tenant to pay the owner's filing fee as a condition of retaining possession of the premises when the tenant has deposited with the court the full amount of money found by the court to be owed to the owner.*

*Subd. 10. [RELEASE OF RENT AFTER HEARING.] Upon finding, after a hearing on the matter has been held, that no violation exists in the building or that the tenant did not deposit the full amount of rent due with the court administrator, the court shall order the immediate release of the rent to the owner. Upon finding that a violation existed, but was remedied between the commencement of the action and the hearing, the court may order rent abatement and must release the rent to the parties accordingly. Any rent found to be owed to the tenant must be released to the tenant.*

*Subd. 11. [RETALIATION; WAIVER; RIGHTS AS ADDITIONAL.] The provisions of section 566.28 apply to proceedings under this section. No corporation shall be organized under this chapter or qualified to do business thereunder with a capital represented by shares of common stock of less than \$25,000 in cities with less than 50,000 people; \$50,000 in cities with more than 50,000 people and less than 100,000 people; and \$75,000 in cities with 100,000 people, or more, according to the last official census; each share of that common stock to have a par value of not less than \$1 per share. No corporation shall begin doing business under this chapter unless the required capital is fully paid, and unless a ~~paid-in capital surplus~~ of no less than ten percent of that required capital shall have also

been fully paid and set up. After the required capital of a corporation organized or doing business under this chapter shall have been fully paid and a ~~paid-in capital surplus~~ of not less than ten percent thereof also fully paid and set up, additional capital stock in that corporation may be sold at not less than par, provided, however, that there is always maintained a ~~paid-in capital surplus~~ of at least ten percent of the capital of the corporation represented by shares of common stock.

Sec. 19. Minnesota Statutes 1988, section 53.03, subdivision 1, is amended to read:

Subdivision 1. [APPLICATION, FEE, NOTICE.] Any corporation hereafter organized as an industrial loan and thrift company, shall, after compliance with the requirements set forth in sections 53.01 and 53.02, file a written application with the department of commerce for a certificate of authorization. A corporation that will not sell or issue thrift certificates for investment as permitted by this chapter need not comply with subdivision 2b. The application must be in the form prescribed by the department of commerce. The application must be made in the name of the corporation, executed and acknowledged by an officer designated by the board of directors of the corporation, requesting a certificate authorizing the corporation to transact business as an industrial loan and thrift company, at the place and in the name stated in the application. At the time of filing the application the applicant shall pay a \$1,000 filing fee and a \$500 investigation fee. The fees must be turned over by the commissioner to the state treasurer and credited to the general fund. The applicant shall also submit a copy of the bylaws of the corporation, its articles of incorporation and all amendments thereto at that time. If the application is contested, 50 percent of an additional fee equal to the actual costs incurred by the department of commerce in approving or disapproving the application, payable to the state treasurer and credited to the general fund shall be paid by the applicant and 50 percent equally by the intervening parties. A notice of the filing of the application must be published once within 30 days of the receipt of the form prescribed by the department of commerce, at the expense of the applicant, in a *qualified* newspaper published in the municipality in which the proposed industrial loan and thrift company is to be located, or, if there be none, in a *qualified* newspaper ~~published at the county seat of the county~~ *likely to give notice in the municipality* in which the company is proposed to be located. If the department of commerce receives a written objection to the application from any person within 20 days of the notice having been fully published a contested case hearing must be conducted on the application. Notice of a hearing in connection with this section must be published once in the form prescribed by the department of commerce, at the expense of the applicant, in the same manner as a notice of application.

Sec. 20. Minnesota Statutes 1988, section 53.03, subdivision 5, is amended to read:

Subd. 5. [PLACE OF BUSINESS.] Not more than one place of business may be maintained under any certificate of authorization issued subsequent to the enactment of Laws 1943, chapter 67, pursuant to the provisions of this chapter, but the department of commerce may issue more than one certificate of authorization to the same corporation upon compliance with all the provisions of this chapter governing an original issuance of a certificate of authorization. To the extent that previously filed applicable information remains unchanged, the applicant need not refile this information, unless requested. The filing fee for a branch application shall be \$500 and

the investigation fee \$250. If a corporation has been issued more than one certificate of authorization, the corporation shall allocate a portion of ~~con-~~~~tributed~~ capital *stock* to each office for which a certificate has been issued, in order to comply with the capital requirements of sections 53.02 and 53.05, clause (2), which sections are applicable to each office and the capital allocated thereto in the same manner as if each certificate had been issued to a separate corporation. An industrial loan and thrift corporation with deposit liabilities may change one or more of its locations upon the written approval of the commissioner of commerce. A fee of \$100 must accompany each application to the commissioner for approval to change the location of an established office. An industrial loan and thrift corporation that does not sell and issue thrift certificates for investment may change one or more locations by giving 30 days' written notice to the department of commerce which shall promptly amend the certificate of authorization accordingly.

Sec. 21. Minnesota Statutes 1988, section 53.05, is amended to read:

53.05 [POWERS, LIMITATION.]

No industrial loan and thrift company may do any of the following:

(1) carry demand banking accounts; use the word "savings" unless the institution's investment certificates, savings accounts, and savings deposits are insured by the Federal Deposit Insurance Corporation and then only if the word is not followed by the words "and loan" in its corporate name; use the word "bank" or "banking" in its corporate name; operate as a savings bank;

(2) have outstanding at any one time certificates of indebtedness, savings accounts, and savings deposits; ~~exclusive of those held by the company, as security for loans made by it of more than seven times the sum of the contributed capital and appropriated reserves of the company until July 1, 1985, or the date an industrial loan and thrift company obtains a commitment for insurance or guarantee of accounts acceptable to the commissioner as required by section 53.10, whichever is earlier, and thereafter 15 30~~ times the sum of ~~contributed capital stock and appropriated reserves surplus~~ of the company;

(3) accept trusts, except as provided in section 47.75, subdivision 1, or act as guardian, administrator, or judicial trustee in any form;

(4) deposit any of its funds in any banking corporation, unless that corporation has been designated by vote of a majority of directors or of the executive committee present at a meeting duly called, at which a quorum was in attendance;

(5) change any allocation of capital made pursuant to section 53.03 or reduce or withdraw in any way any portion of the ~~contributed~~ capital *stock* and ~~appropriated reserves surplus~~ without prior written approval of the commissioner of commerce;

(6) take any instrument in which blanks are left to be filled in after execution;

(7) lend money in excess of ~~15 20 percent of the total of its contributed capital and appropriated reserves stock and surplus at all its authorized locations~~ to a person primarily liable. ~~"Contributed capital and appropriated reserves" means the total of the company's contributed capital and appropriated reserves at all its authorized locations.~~

If a loan has been made to a person primarily liable and payments have been made on a certificate of indebtedness securing it, the amount of the payments may be added to the limitation contained in this clause for the purpose of determining whether additional loans may be made to that person. However, industrial loan and thrift companies with deposit liabilities must comply with the provisions of section 48.24; or

(8) issue cashier's checks pursuant to section 48.151, unless and at all times the aggregate liability to all creditors on these instruments is protected by a special fund in cash or due from banks to be used solely for payment of the cashier's checks.

Sec. 22. Minnesota Statutes 1988, section 53.06, is amended to read:

53.06 [DIRECTORS. RESIDENCE.]

At least three-fourths of the directors of any industrial loan and thrift company holding a certificate that includes the right to issue thrift certificates for investment must be residents of the county in which the industrial loan and thrift company maintains its principal place of business, an adjacent county or any county in which the industrial loan and thrift company maintains a place of business pursuant to this chapter Minnesota.

Sec. 23. Minnesota Statutes 1988, section 53.08, is amended to read:

53.08 [DIVIDENDS.]

*Subdivision 1.* [GENERAL CONDITIONS FOR DIVIDENDS.] When an industrial loan and thrift company is organized under this chapter or operating thereunder, the board of directors may declare a dividend of so much of the net profits of the corporation, after providing for all expenses, reserves, interest, and taxes accrued or due from the corporation, as they shall judge expedient, but before any dividend is declared, not less than one-tenth of the net profits of the industrial loan and thrift company of the preceding half year, or for such period as is covered by the dividend, shall be carried to an invested income fund or appropriated reserves surplus until the aggregate of invested income undivided profits and appropriated reserves surplus shall amount to 20 percent of its capital represented by shares of common stock.

*Subd. 2.* [SPECIAL CONDITIONS FOR DEPOSIT COMPANIES.] In addition to the conditions in subdivision 1, industrial loan and thrift companies having outstanding time certificates of indebtedness, savings accounts, or savings deposits must comply with the following special conditions:

(1) the dividend period for the purpose of declaring dividends shall be the period beginning on January 1 and ending as of the close of business December 31 of each calendar year and the net income for this period shall be determined from the consolidated report of income of each company;

(2) the department of commerce will supply each company with forms to be completed with information called for. The forms must be mailed or delivered to the commissioner within ten days of the date of declaration of any dividend and at least 15 days before the proposed payment date of any dividend. The forms shall contain a statement by the commissioner providing that if certain requirements as set forth in the statement are met, the company may pay a cash dividend or dividends without specific approval of the commissioner in the year after the dividend period in amounts so as not to reduce the company's capital, surplus, undivided profits, and reserves below these requirements;

*(3) declared dividends shall be deducted from undivided profits and carried on the books as another liability entitled "dividends payable." The other liability account shall be reversed upon payment or nonapproval by the commissioner; and*

*(4) except as provided in clause (2), no company shall pay a cash dividend to its stockholders until written approval for the dividend has been obtained from the commissioner.*

Sec. 24. Minnesota Statutes 1988, section 53.09, subdivision 3, is amended to read:

Subd. 3. [PENALTIES.] The penalties for violation of this chapter, or for any wrongdoing in connection therewith, shall be the same as those applied to state banks under the laws of this state. *In addition to being subject to the penalties in section 48.28, a company in violation of section 53.05, clause (2), may cure this violation in the manner provided in section 48.28.*

Sec. 25. Minnesota Statutes 1988, section 54.294, subdivision 1, is amended to read:

Subdivision 1. [DOCUMENTS FILED FOR EXAMINATION.] *Notwithstanding the examination frequency prescribed by section 46.04, the examination of the face amount certificate companies described in Minnesota Statutes 1974, section 54.26, shall be carried out on an annual basis by the commissioner. In conducting such examination, the commissioner may utilize reports which have been audited and attested to by independent certified public accountants. The procedures employed by the independent certified public accountants shall conform to generally accepted auditing standards. Each face amount certificate investment company shall file with the commissioner copies of its prospectuses, semiannual and annual reports to shareholders, S-1 registration statements and amendments thereto, and annual reports to the United States Securities and Exchange Commission, all as filed pursuant to the requirements of the Securities Act of 1933, as amended and the rules and regulations adopted pursuant thereto, the Securities Exchange Act of 1934, as amended and the rules and regulations adopted pursuant thereto, and the Investment Company Act of 1940, as amended and the rules and regulations adopted pursuant thereto. The commissioner may accept as filed copies of the foregoing material previously filed with the commissioner of commerce. Other face amount certificate investment companies described in Minnesota Statutes 1974, section 54.26, shall file with the commissioner copies of their semiannual and annual reports, which annual reports have been audited and attested to by independent certified public accountants as to assets maintained on deposit and the value thereof, and semiannual and annual reports, which annual reports have been certified by independent certified public accountants, as to certificate liabilities.*

Sec. 26. Minnesota Statutes 1988, section 56.131, subdivision 1, is amended to read:

Subdivision 1. [INTEREST RATES AND CHARGES.] (a) On any loan in a principal amount not exceeding \$35,000 or ten percent of a corporate licensee's ~~contributed~~ capital stock and ~~appropriated reserves surplus~~ as defined in section 53.015, if greater, a licensee may contract for and receive interest, calculated according to the actuarial method, not exceeding the equivalent of the greater of any of the following:

(1) the total of: (i) 33 percent per year on that part of the unpaid balance of the principal amount not exceeding \$350; and (ii) 19 percent per year on that part of the unpaid balance of the principal amount exceeding \$350; or

(2) 21.75 percent per year on the unpaid balance of the principal amount.

(b) On any loan where interest has been calculated according to the method provided for in paragraph (a), clause (1), interest must be contracted for and earned as provided in that provision or at the single annual percentage rate computed to the nearest 1/100 of one percent that would earn the same total interest at maturity of the contract as would be earned by the application of the graduated rates provided in paragraph (a), clause (1), when the debt is paid according to the agreed terms and the calculations are made according to the actuarial method.

(c) Loans may be interest-bearing or precomputed.

(d) To compute time on interest-bearing and precomputed loans, including, but not limited to the calculation of interest, a day is considered 1/30 of a month when calculation is made for a fraction of a calendar month. A year is 12 calendar months. A calendar month is that period from a given date in one month to the same numbered date in the following month, and if there is no same numbered date, to the last day of the following month. When a period of time includes a whole month and a fraction of a month, the fraction of a month is considered to follow the whole month.

In the alternative, for interest-bearing loans, a licensee may charge interest at the rate of 1/365 of the agreed annual rate for each actual day elapsed.

(e) With respect to interest-bearing loans:

(1) Interest must be computed on unpaid principal balances outstanding from time to time, for the time outstanding. Each payment must be applied first to the accumulated interest and the remainder of the payment applied to the unpaid principal balance; provided however, that if the amount of the payment is insufficient to pay the accumulated interest, the unpaid interest continues to accumulate to be paid from the proceeds of subsequent payments and is not added to the principal balance.

(2) Interest must not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, then the principal amount payable under the new loan contract may include any unpaid interest which has accrued. The unpaid principal balance of a precomputed loan is the balance due after refund or credit of unearned interest as provided in paragraph (f), clause (3). The resulting loan contract is deemed a new and separate loan transaction for all purposes.

(f) With respect to precomputed loans:

(1) Loans must be repayable in substantially equal and consecutive monthly installments of principal and interest combined, except that the first installment period may be more or less than one month by not more than 15 days, and the first installment payment amount may be larger than the remaining payments by the amount of interest charged for the extra days and must be reduced by the amount of interest for the number of days less than one month to the first installment payment; and monthly installment payment dates may be omitted to accommodate borrowers with seasonal income.

(2) Payments may be applied to the combined total of principal and precomputed interest until the loan is fully paid. Payments must be applied in the order in which they become due.

(3) When any loan contract is paid in full by cash, renewal or refinancing, or a new loan, one month or more before the final installment due date, a licensee shall refund or credit the borrower with the total of the applicable charges for all fully unexpired installment periods, as originally scheduled or as deferred, which follow the day of prepayment; if the prepayment is made other than on a scheduled payment date, the nearest scheduled installment payment date must be used in the computation; provided further, if the prepayment occurs prior to the first installment due date, the licensee may retain 1/30 of the applicable charge for a first installment period of one month for each day from the date of the loan to the date of prepayment, and shall refund or credit the borrower with the balance of the total interest contracted for. If the maturity of the loan is accelerated for any reason and judgment is entered, the licensee shall credit the borrower with the same refund as if prepayment in full had been made on the date the judgment is entered.

(4) If an installment, other than the final installment, is not paid in full within ten days of its scheduled due date, a licensee may contract for and receive a default charge not exceeding five percent of the amount of the installment, but not less than \$4.

A default charge under this subdivision may not be collected on an installment paid in full within ten days of its scheduled due date, or deferred installment due date with respect to deferred installments, even though a default or deferral charge on an earlier installment has not been paid in full. A default charge may be collected at the time it accrues or at any time thereafter.

(5) If the parties agree in writing, either in the loan contract or in a subsequent agreement, to a deferment of wholly unpaid installments, a licensee may grant a deferment and may collect a deferment charge as provided in this section. A deferment postpones the scheduled due date of the earliest unpaid installment and all subsequent installments as originally scheduled, or as previously deferred, for a period equal to the deferment period. The deferment period is that period during which no installment is scheduled to be paid by reason of the deferment. The deferment charge for a one-month period may not exceed the applicable charge for the installment period immediately following the due date of the last undeferred payment. A proportionate charge may be made for deferment for periods of more or less than one month. A deferment charge is earned pro rata during the deferment period and is fully earned on the last day of the deferment period. Should a loan be prepaid in full during a deferment period, the licensee shall make or credit to the borrower a refund of the unearned deferment charge in addition to any other refund or credit made for prepayment of the loan in full.

(6) If two or more installments are delinquent one full month or more on any due date, and if the contract so provides, the licensee may reduce the unpaid balance by the refund credit which would be required for prepayment in full on the due date of the most recent maturing installment in default. Thereafter, and in lieu of any other default or deferment charges, the single annual percentage rate permitted by this subdivision may be charged on the unpaid balance until fully paid.

(7) Following the final installment as originally scheduled or deferred, the licensee, for any loan contract which has not previously been converted to interest-bearing under ~~paragraph (f)~~, clause (6), may charge interest on any balance remaining unpaid, including unpaid default or deferment charges, at the single annual percentage rate permitted by this subdivision until fully paid.

Sec. 27. Minnesota Statutes 1988, section 56.155, subdivision 2, is amended to read:

Subd. 2. [PROPERTY INSURANCE.] A licensee may require the obligors to provide insurance on real or personal property security against reasonable risks of loss, damage, and destruction. The amount and term of the insurance shall be reasonable in relation to the value of the security, ~~but the amount and term of the insurance and shall not exceed the principal amount of the loan and term of the loan less any existing insurance, including homeowner's insurance as defined by section 65A.27, subdivision 4, on the secured property as to which the lender has been provided a loss payable clause, except that the lender may insure or arrange for insurance not to exceed the reasonable value of any motor vehicle collateral less any existing insurance on the motor vehicle as to which the lender has been provided a loss payable clause. The term of the insurance shall also be reasonable in relation to the value of the security and shall not exceed the term of the loan.~~ The restrictions contained in this subdivision shall not apply to the sale or provision of homeowner's insurance as defined in section 65A.27. In all cases when insurance is offered the obligor shall be informed that the obligor has the option of providing insurance through existing policies of insurance that the obligor owns or controls, or by procuring and furnishing the offered coverage through any insurer authorized to transact an insurance business within this state. The purchase of such insurance through the licensee or from an agent, broker, or insurer specified by the licensee shall not be required."

## PROTECTION OF SENSITIVE AREAS

### Sec. 3. [103H.101] [PROTECTION OF SENSITIVE AREAS.]

Subdivision 1. [CRITERIA FOR DETERMINATION OF SENSITIVE AREAS.] *The commissioner of natural resources in consultation with the Minnesota geological survey, soil and water conservation districts, local water planning authorities, and other interested parties shall develop specific criteria for identifying sensitive groundwater areas and adopt the criteria by rule.*

Subd. 2. [IDENTIFICATION OF SENSITIVE AREAS.] *The commissioner of natural resources shall, in consultation with the Minnesota geological survey, identify the location of sensitive areas by mapping and other appropriate methods after consulting the Minnesota geological survey, soil and water conservation districts, and local water planning authorities.*

*Subd. 3. [NOTIFICATION OF LOCATION OF SENSITIVE AREAS.] The commissioner of natural resources shall:*

*(1) notify political subdivisions with planning or zoning authority and provide maps and other materials that show where sensitive areas are located and indicate the type of risk of groundwater degradation that may occur from activities at or near the surface; and*

*(2) publish notification of sensitive areas in a newspaper of general circulation in the county where the sensitive areas are located.*

*Subd. 4. [INFORMATION GATHERING.] The commissioner of natural resources shall coordinate the collection of state and local information to identify sensitive areas. Information must be automated on or accessible to systems developed at the land management information center of the state planning agency.*

*Subd. 5. [STATE PROTECTION OF SENSITIVE AREAS.] State agencies must consider the special characteristics of a designated sensitive area and prevent and minimize groundwater degradation in exercising their authority in the area or undertaking or authorizing an activity that may cause groundwater degradation within a sensitive area.*

**Sec. 4. [103H.105] [CONSERVATION EASEMENTS TO PROTECT SENSITIVE AREAS.]**

*(a) Agricultural land within a sensitive area is marginal agricultural land for purposes of section 40.43, subdivision 2, and is eligible for the conservation reserve program under section 40.43.*

*(b) Notwithstanding section 40.43, subdivision 2, clauses (2) and (5), and subdivision 4, the board of water and soil resources may authorize acquisition of hillside easements that restrict hillside pasturing or grazing of livestock.*

**Sec. 5. [103H.111] [LIABILITY AFTER PROTECTION OF SENSITIVE AREA.]**

*Subdivision 1. [DEFENSE TO LIABILITY.] By complying with subdivision 2, a landowner has a complete defense to liability under other law for degradation of groundwater caused by surface water recharging groundwater. The defense applies to the property allowing recharge of groundwater that is located in a sensitive area and subject to a plan under subdivision 2 after subdivision 2 is complied with.*

*Subd. 2. [PROTECTION PLAN AND PROJECT.] A person has the defense under subdivision 1 if:*

*(1) the soil and water conservation district adopts a plan to protect groundwater from degradation through surface water recharge that applies to the person's property;*

*(2) the projects and practices prescribed by the plan are implemented and clarified as being implemented by the soil and water conservation district;*

*(3) the projects and practices are maintained according to the plan; and*

*(4) unlawful practices are not allowed by the landowner on the property that would disrupt the project and practices implemented under the plan.*

**Sec. 6. [103H.151] [BEST MANAGEMENT PRACTICES.]**

*Subdivision 1. [DEVELOPMENT BY POLLUTION CONTROL AGENCY.] Except as provided in subdivision 2 for agricultural chemicals and practices, the pollution control agency in consultation with local water planning authorities shall develop best management practices for the prevention of groundwater degradation for specific activity categories. The pollution control agency shall contact and receive comments from affected persons and businesses in developing the best management practices. The environmental quality board shall assess the quality and reliability of the data and organize the data in a usable format.*

#### ADOPTED LONG-TERM RISK MEASUREMENTS

##### Sec. 8. [103H.201] [ADOPTED LONG-TERM RISK MEASUREMENTS.]

*Subdivision 1. [PROCEDURE.] (a) If groundwater quality monitoring results show that there is a degradation of groundwater, the commissioner of health may promulgate adopted long-term risk measurements for substances degrading the groundwater.*

*(b) Adopted long-term risk measurements shall be determined by two methods depending on their toxicological end point.*

*(c) For systemic toxicants that are not carcinogens, the adopted long-term risk measurement shall be derived using United States Environmental Protection Agency risk assessment methods using a reference dose, a drinking water equivalent, an uncertainty factor, and a factor for relative source contamination, which in general will measure an estimate of daily exposure to the human population, including sensitive subgroups, that is unlikely to*

result in deleterious effects during long-term exposure.

(d) For toxicants that are known or probable carcinogens, the adopted long-term risk measurement shall be derived from a quantitative estimate of the chemical's carcinogenic potency published by the United States Environmental Protection Agency's carcinogen assessment group.

(e) Maximum contaminant levels adopted under the federal Clean Water Drinking Act are adopted long-term risk measurements for the chemicals and substances for which they are adopted.

Subd. 2. [REVIEW AND REVISION.] *The commissioner of health must review adopted long-term risk measurements every four years and revise them if necessary.*

## EVALUATION AND COMMON DETECTION OF POLLUTION

### Sec. 9. [103H.251] [EVALUATION OF DETECTION OF POLLUTANTS.]

Subdivision 1. [METHODS.] *(a) The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants shall evaluate the detection of pollutants in groundwater of the state. Evaluation of the detection may include collection technique, sampling handling technique, laboratory practices, other quality control practices, climatological conditions, and potential pollutant sources.*

*(b) If conditions indicate a likelihood of the detection of the pollutant or pollutant breakdown product to be a common detection, the commissioner of agriculture or the pollution control agency must begin development of best management practices and continue to monitor for the pollutant or pollutant breakdown products.*

Subd. 2. [ANALYSIS OF POLLUTION TREND.] *The commissioner of agriculture for pollution resulting from agricultural chemicals and practices and the pollution control agency for other pollutants shall develop and implement groundwater monitoring and hydrogeologic evaluation following pollution detection to evaluate pollution frequency and concentration trend. Assessment of the site-specific and pollutant-specific conditions and the likelihood of common detection must include applicable monitoring, pollutant use information, physical and chemical properties of the pollutant, hydrogeologic information, and review of information and data from other local, state, or federal monitoring data bases.*

### Sec. 10. [103H.275] [MANAGEMENT OF POLLUTANTS WHERE GROUNDWATER IS POLLUTED.]

Subdivision 1. [AREAS WHERE GROUNDWATER POLLUTION IS DETECTED.] *If groundwater pollution is detected, a state agency or political subdivision that regulates an activity causing or potentially causing a contribution to the pollution identified shall promote implementation of best management practices to prevent or minimize the source of pollution to the extent practicable.*

Subd. 2. [AREAS WHERE DETECTION INDICATES RISKS.] *(a) If, by common detection, groundwater pollution exists, the pollution control agency or for agricultural chemicals the commissioner of agriculture may, or if the common detection trend analysis indicates the common detection will exceed the adopted long-term risk measurement the pollution control agency or for agricultural chemicals the commissioner of agriculture must:*

- (1) adopt a water resource protection plan; and
- (2) develop more effective best management practices.

(b) The water resources protection plan shall be:

- (1) designed to prevent and reduce the pollution to the extent practicable;
- (2) consistent with the goal of section 1; and
- (3) designed to prevent the pollution from exceeding the adopted long-term risk measurement.

**Subd. 3. [AREAS WHERE SIGNIFICANT HEALTH RISK EXISTS.]**

If, by common detection, groundwater pollution meets or exceeds, or the common detection trend analysis indicates the common detection will exceed the adopted long-term risk measurement, the pollution control agency or for agricultural chemicals and practices the commissioner of agriculture shall adopt by rule water resource protection requirements to prevent and minimize the pollution to the extent practicable. The proposed rule must be submitted to the commission on water for review before adoption. The water resource protection requirements must be based on the use and effectiveness of best management practices, the product use and practices contributing to the pollution detected, economic factors, availability, technical feasibility, implementability, and effectiveness. The water resource protection requirements may be adopted for one or more pollutants or a similar class of pollutants. A water resource protection requirement may not be adopted before January 1, 1991.

(b) Before the water resource protection requirements are adopted, the pollution control agency or the commissioner of agriculture for agricultural chemicals and practices must notify affected persons and businesses for comments and input in developing the water resource protection requirements.

(c) Unless the water resource protection requirements are to cover the entire state, the water resource protection requirements are only effective in areas designated by the commissioner of the pollution control agency by order or for agricultural chemicals and practices in areas designated by the commissioner of agriculture by order. The procedures for issuing the order and the effective date of the order must be included in the water resource protection requirements rule.

(d) The water resource protection requirements rule must contain procedures for notice to be given to persons affected by the rule and order of the commissioner. The procedures may include notice by publication, personal service, and other appropriate methods to inform affected persons of the rule and commissioner's order.

(e) A person who is subject to a water resource protection requirement may apply to the pollution control agency, or for agricultural chemicals and practices the commissioner of agriculture, and suggest an alternative protection requirement. Within 30 days after receipt, the agency or commissioner of agriculture must approve or deny the request. If the pollution control agency or commissioner of agriculture approves the request, an order must be issued approving the alternative protection requirement.

(f) A person who violates a water resource protection requirement relating to pollutants is subject to the penalties for violating a rule adopted under chapter 116. A person who violates a water resource protection requirement relating to agricultural chemicals and practices is subject to

*the penalties for violating a rule adopted under chapter 18B.*

*(g) The authority of the pollution control agency and the commissioner of agriculture in this section is supplemental to other authority given by law and does not restrict other authorities.*

**Sec. 11. [NITROGEN COMPOUNDS IN GROUNDWATER STUDY.]**

*The pollution control agency and the department of agriculture, in consultation with the board of water and soil resources, shall prepare a report on nitrate and related inorganic nitrogen compounds in groundwater. The report shall consider recommendations made by local government in comprehensive local water plans and shall incorporate the findings of the nitrogen fertilizer task force. This report shall be submitted to the legislative commission on water by July 1, 1991. The commission shall provide recommendations to the legislature by November 15, 1991, based upon this report.*

*The report shall be based on existing information and shall examine areas in which improvements in the state and local response to this problem are feasible. The report shall address the following issues: the determination of trends in nitrogen pollution; causative factors; the development of recommended best management practices to reduce and minimize the pollution; regulatory controls; the feasibility of proposed treatment and corrective or mitigative measures; and the economic impacts of proposed corrective measures.*

In the disclosure, the seller must indicate, for each well, whether the well is in use, not in use, or sealed.*

*(b) At the time of closing of the sale, the disclosure information must be provided on a well certificate signed by the seller of the property.*

*(c) A county recorder or registrar of titles may not record a deed, instrument, or writing for which a certificate of value is required under section 272.115, or any deed or contract for deed from a governmental body exempt from the payment of state deed tax, unless the well certificate required by this subdivision is delivered to the county recorder or registrar of titles. The board of water and soil resources must enter a written agreement to collect the costs of sealing the well in a manner provided under section 23, subdivision 3. If the costs are not paid according to the agreement, the board of water and soil resources may enforce the lien in any manner provided under section 23, subdivisions 2 and 3.*

**Sec. 23. [103I.341] [COLLECTION AND ENFORCEMENT OF WELL SEALING COSTS.]**

The lien attaches to the real property where the well is located. The lien is perfected by filing a copy of the lien with the county recorder or registrar of deeds where the well and property are located and serving or mailing by return receipt a copy of the lien to the property owner.*

*Subd. 2. [ENFORCEMENT OF LIEN.] The commissioner or the board of water and soil resources may enforce the lien in the manner provided*

*for a judgment lien under chapter 550 or certify the amount to the county auditor, which must be assessed against the property and collected in the same manner as real estate taxes.*

*Subd. 3. [ASSESSMENT OF INSTALLMENTS.] (a) In lieu of certifying the entire amount to be collected, the commissioner or the board of water and soil resources may have the amount due assessed in seven or less equal annual installments plus interest due at the rate determined by the state court administrator for judgments under section 549.09.*

*(b) The interest due is an additional perfected lien on the property without further action by the commissioner or the board of water and soil resources.*

*(c) The interest and the installment due must be entered on the tax lists for the year and collected in the same manner as real estate taxes for that year by collecting one-half of the total of the installment and interest with and as part of the real estate taxes.*

*Subd. 4. [SATISFACTION OF LIEN.] The amount due and interest of a lien under this section may be paid at any time. When the amount of the lien including accrued interest is paid, the commissioner or board must execute a satisfaction of the lien and record the satisfaction with the county recorder or registrar of deeds where the lien was filed.*

*Subd. 5. [APPROPRIATION OF RECOVERED COSTS.] Costs of sealing wells recovered from property owners shall be deposited in the state treasury and credited to the account from which the amounts were originally appropriated.
