(1) if the subject of the data has resided in the same county for at least the past five years, the study must include information from the county sheriff, the local chief of police, and the county agency

(2) if the subject of the data has resided in the state, but not in the same county, for the past five years, the study must include agency's record of substantiated abuse of adults, neglect of adults, and the maltreatment of

minors, and information from the agencies listed in clause (1) and the bureau of criminal apprehension; and

(3) if the subject of the data has not resided in the state for at least five years, the study must include information from the agencies listed in clauses (1) and (2) and the national criminal records repository and the state law enforcement agencies in the states where the subject of the data has maintained a residence during the past five years. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4).

(e) (f) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke or ~~suspend~~ a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(d) (g) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(h) No person in paragraph (a), clause (1), (2), (3), or (4), who is disqualified as a result of this act may be retained by the agency in a position involving direct contact with persons served by the program.

(i) The commissioner shall not implement the procedures contained in this subdivision until appropriate rules have been adopted, except for the applicants and license holders for child foster care, adult foster care, and family day care homes.

(j) Applicants or license holders are not civilly liable for termination of persons in paragraph (a), clause (1), (2), (3), or (4), made in good faith reliance on a notice of disqualification provided by the commissioner.

(k) The commissioner may establish records to fulfill the requirements of this section. The information contained in the records is only available to the commissioner for the purpose authorized in this section.

Sec. 14. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

Subd. 3a. [NOTIFICATION TO SUBJECT OF STUDY RESULTS.] The commissioner shall notify the applicant or license holder and the individual who is the subject of the study, in writing, of the results of the study. When the study is completed, a notice that the study was undertaken and completed must be maintained in the personnel files of the program. The commissioner shall notify the individual studied if the information contained in the study could cause disqualification from direct contact with persons served by the program. The commissioner shall disclose the information to the individual studied. An applicant or license holder who is not the subject of the study must be informed that the commissioner has found information that could cause disqualification of the subject from direct contact with persons served by the program. However, the applicant or

license holder may not be told what that information is unless the data practices act provides for release of the information and the individual studied authorizes the release of the information.

Sec. 15. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

Subd. 3b. [RECONSIDERATION OF DISQUALIFICATION.] (a) Within 30 days after receiving notice of possible disqualification under subdivision 3a, the individual who is the subject of the study may request reconsideration of the notice of possible disqualification. The individual must submit the request for reconsideration to the commissioner in writing. The individual must present information to show that:

(1) the information the commissioner relied upon is incorrect; or

(2) the subject of the study does not pose a risk of harm to any person served by the applicant or license holder.

(b) The commissioner may set aside the disqualification if the commissioner finds that the information the commissioner relied upon is incorrect or the individual does not pose a risk of harm to any person served by the applicant or license holder and rules adopted by the commissioner do not preclude reconsideration. The commissioner shall review the consequences of the event or events that could lead to disqualification, the vulnerability of the victim at the time of the event, the time elapsed without a repeat of the same or similar event, and documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event.

(c) The commissioner shall respond in writing to all reconsideration requests within 15 working days after receiving the request for reconsideration. If the disqualification is set aside, the commissioner shall notify the applicant or license holder in writing of the decision.

(d) Except as provided in subdivision 3c, the commissioner's decision to grant or deny a reconsideration of disqualification under this subdivision, or to set aside or uphold the results of the study under subdivision 3, is the final administrative agency action.

(e) Persons whose employment is terminated based on a notice of disqualification from the commissioner are not eligible for benefits under sections 268.03 to 268.231 with respect to the individual's unemployment, if the disqualification resulted from "gross misconduct" as defined in section 268.09, subdivision 1, clause (d), or if the disqualification resulted from an act of "abuse" of a "vulnerable adult," as defined in section 626.557, or "sexual abuse" or "physical abuse" of a child as defined in section 626.556.

Sec. 16. Minnesota Statutes 1988, section 245A.04, is amended by adding a subdivision to read:

Subd. 3c. [CONTESTED CASE.] If a disqualification is not set aside, a person who, on or after the effective date of rules adopted under subdivision 3, paragraph (i), is an employee of an employer, as defined in section 179A.03, subdivision 15, may request a contested case hearing under chapter 14. Rules adopted under this chapter may not preclude an employee in a contested case hearing for disqualification from submitting evidence concerning information gathered under subdivision 3, paragraph (e).

Sec. 17. Minnesota Statutes 1988, section 245A.04, subdivision 5, is amended to read:

Subd. 5. [COMMISSIONER'S RIGHT OF ACCESS.] When the commissioner is exercising the powers conferred by sections 245A.01 to 245A.15, the commissioner must be given access to the physical plant and grounds where the program is provided, documents, persons served by the program, and staff whenever the program is in operation and the information is relevant to inspections or investigations conducted by the commissioner. The commissioner must be given access without prior notice and as often as the commissioner considers necessary if the commissioner is conducting an investigation of allegations of abuse, neglect, *maltreatment*, or other violation of applicable laws or rules. In conducting inspections, the commissioner may request and shall receive assistance from other state, county, and municipal governmental agencies and departments. The applicant or license holder shall allow the commissioner to photocopy, photograph, and make audio and video tape recordings during the inspection of the program at the commissioner's expense. The commissioner shall obtain a court order or the consent of the subject of the records or the parents or legal guardian of the subject before photocopying hospital medical records.

Persons served by the program have the right to refuse to consent to be interviewed, photographed, or audio or videotaped. Failure or refusal of an applicant or license holder to fully comply with this subdivision is reasonable cause for the commissioner to deny the application or immediately suspend or revoke the license.

Sec. 18. Minnesota Statutes 1988, section 245A.04, subdivision 6, is amended to read:

Subd. 6. [COMMISSIONER'S EVALUATION.] Before granting, suspending, revoking, or making probationary a license, the commissioner shall evaluate information gathered under this section. The commissioner's evaluation shall consider facts, conditions, or circumstances concerning the program's operation, the well-being of persons served by the program, consumer evaluations of the program, and information about the character and qualifications of the personnel employed by the applicant or license holder.

The commissioner shall evaluate the results of the study required in subdivision 3 and determine whether a risk of harm to the persons served by the program exists. In conducting this evaluation, the commissioner shall apply the disqualification standards set forth in rules adopted under this chapter. If any rule currently does not include these disqualification standards, the commissioner shall apply the standards in section 364.03, subdivision 2 3, until the rule is revised to include disqualification standards. The commissioner shall revise all rules authorized by this chapter to include disqualification standards. *Prior to the adoption of rules establishing disqualification standards, the commissioner shall forward the proposed rules to the commissioner of human rights for review and recommendation concerning the protection of individual rights. The recommendation of the commissioner of human rights is not binding on the commissioner of human services.* The provisions of chapter 364 do not apply to applicants or license holders governed by sections 245A.01 to 245A.16 except as provided in this subdivision.

Sec. 19. Minnesota Statutes 1988, section 245A.04, subdivision 7, is amended to read:

Subd. 7. [ISSUANCE OF A LICENSE; PROVISIONAL LICENSE.] (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license. At minimum, the license shall state:

- (1) the name of the license holder;
- (2) the address of the program;
- (3) the effective date and expiration date of the license;
- (4) the type of license;
- (5) the maximum number and ages of persons that may receive services from the program; and
- (6) any special conditions of licensure.

(b) The commissioner may issue a provisional license for a period not to exceed one year if:

(1) the commissioner is unable to conduct the evaluation or observation required by subdivision 4, paragraph (a), clauses (3) and (4), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

A provisional license must not be issued except at the time that a license is first issued to an applicant.

A license shall not be transferable to another individual, corporation, partnership, voluntary association or other organization, or *controlling individual*, or to another location. All licenses expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date.

Sec. 20. Minnesota Statutes 1988, section 245A.06, subdivision 1, is amended to read:

Subdivision 1. [CONTENTS OF CORRECTION ORDERS.] (a) If the commissioner finds that the applicant or license holder has failed to comply with an applicable law or rule and this failure does not imminently endanger the health, safety, or rights of the persons served by the program, the commissioner may issue a correction order to the applicant or license holder. The correction order must state:

- (1) the conditions that constitute a violation of the law or rule;
- (2) the specific law or rule violated; and
- (3) the time allowed to correct each violation.

(b) *Nothing in this section prohibits the commissioner from proposing a sanction as specified in section 245A.07, prior to issuing a correction order or fine.*

Sec. 21. Minnesota Statutes 1988, section 245A.06, subdivision 5, is amended to read:

Subd. 5. [FORFEITURE OF FINES.] The license holder shall pay the fines assessed ~~within 15 calendar days of receipt of notice of~~ *on or before the payment date specified in the commissioner's order.* If the license holder fails to fully comply with the order, the commissioner shall suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine.

Sec. 22. Minnesota Statutes 1988, section 245A.06, is amended by adding a subdivision to read:

Subd. 5a. [ACCRUAL OF FINES.] A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in an order to forfeit is corrected. A fine assessed for a violation stops accruing when the commissioner receives the written notice. The commissioner shall reinspect the program within three working days after receiving the notice. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order to forfeit, accrual of the daily fine resumes on the date of reinspection and the amount of fines that otherwise would have accrued between the date the commissioner received the notice and date of the reinspection is added to the total assessment due from the license holder. The commissioner shall notify the license holder by certified mail that accrual of the fine has resumed. The license holder may challenge the resumption in a contested case under chapter 14 by written request within 15 days after receipt of the notice of resumption. Recovery of the resumed fine must be stayed if a controlling individual or a legal representative on behalf of the license holder makes a written request for a hearing. The request for hearing, however, may not stay accrual of the daily fine for violations that have not been corrected. The cost of reinspection conducted under this subdivision for uncorrected violations must be added to the total amount of accrued fines due from the license holder.

Sec. 23. Minnesota Statutes 1988, section 245A.07, subdivision 2, is amended to read:

Subd. 2. [IMMEDIATE SUSPENSION IN CASES OF IMMINENT DANGER TO HEALTH, SAFETY, OR RIGHTS.] If the license holder's failure to comply with applicable law or rule has placed the health, safety, or rights of persons served by the program in imminent danger, the commissioner shall act immediately to suspend the license. No state funds shall be made available or be expended by any agency or department of state, county, or municipal government for use by a license holder regulated under sections 245A.01 to 245A.16 while a license is under immediate suspension. A notice stating the reasons for the immediate suspension and informing the license holder of the right to a contested case hearing under chapter 14 must be delivered by personal service to the address shown on the application or the last known address of the license holder. The license holder may appeal an order immediately suspending a license by notifying the commissioner in writing by certified mail within five calendar days after receiving notice that the license has been immediately suspended. A license holder *and any controlling individual* shall discontinue operation of the program upon receipt of the commissioner's order to immediately suspend the license.

Sec. 24. Minnesota Statutes 1988, section 245A.08, subdivision 5, is

amended to read:

Subd. 5. [NOTICE OF THE COMMISSIONER'S FINAL ORDER.] After considering the findings of fact, conclusions, and recommendations of the administrative law judge, the commissioner shall issue a final order. The commissioner shall consider, but shall not be bound by, the recommendations of the administrative law judge. The appellant must be notified of the commissioner's final order as required by chapter 14. The notice must also contain information about the appellant's rights under chapter 14. The institution of proceedings for judicial review of the commissioner's final order shall not stay the enforcement of the final order except as provided in section 14.65. A license holder *and each controlling individual of a license holder* whose license has been revoked because of noncompliance with applicable law or rule must not be granted a license for five years following the revocation.

Sec. 25. Minnesota Statutes 1988, section 245A.12, is amended to read:

245A.12 [VOLUNTARY RECEIVERSHIP FOR RESIDENTIAL FACILITIES PROGRAMS.]

A majority of controlling ~~persons~~ *individuals* of a residential program may at any time ask the commissioner to assume operation of the residential program through appointment of a receiver. On receiving the request for a receiver, the commissioner may enter into an agreement with a majority of controlling ~~persons~~ *individuals* and provide for the appointment of a receiver to operate the residential program under conditions acceptable to both the commissioner and the majority of controlling persons. The agreement must specify the terms and conditions of the receivership and preserve the rights of the persons being served by the residential program. A receivership set up under this section terminates at the time specified by the parties to the agreement or 30 days after either of the parties gives written notice to the other party of termination of the receivership agreement.

Sec. 26. Minnesota Statutes 1988, section 245A.13, is amended to read:

245A.13 [INVOLUNTARY RECEIVERSHIP FOR RESIDENTIAL FACILITIES PROGRAMS.]

Subdivision 1. [APPLICATION.] *In addition to any other remedy provided by law, the commissioner may petition the district court in the county where the residential program is located for an order directing the controlling ~~persons~~ individuals of the residential program to show cause why the commissioner or the commissioner's designated representative should not be appointed receiver to operate the residential program. The petition to the district court must contain proof by affidavit: (1) that the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or has decided to deny an application for licensure of the residential program; or (2) it appears to the commissioner that the health, safety, or rights of the residents may be in jeopardy because of the manner in which the residential program may close, the residential program's financial condition, or violations committed by the residential program of federal or state laws or rules. If the license holder or, applicant, or controlling individual operates more than one residential program, the commissioner's petition must specify and be limited to the residential program for which the commissioner has either begun license suspension or revocation proceedings, suspended or revoked a license, or has decided to*

deny an application for licensure of the residential program it seeks receivership. The affidavit submitted by the commissioner must set forth alternatives to receivership that have been considered, including rate adjustments. The order to show cause is returnable not less than five days after service is completed and must provide for personal service of a copy to the residential program administrator and to the persons designated as agents by the controlling persons individuals to accept service on their behalf.

Subd. 2. [APPOINTMENT OF RECEIVER; RENTAL.] If the court finds that involuntary receivership is necessary as a means of protecting the health, safety, or rights of persons being served by the residential program, the court shall appoint ~~the commissioner or the commissioner's designated representative~~ as a receiver to operate the residential program. *In the event that no receiver can be found who meets the conditions of this section, the commissioner or commissioner's designated representative may serve as the receiver.* The court shall determine a fair monthly rental for the physical plant, taking into account all relevant factors ~~including necessary to meet required arms-length obligations of controlling individuals such as mortgage payments, real estate taxes, special assessments, and the conditions of the physical plant.~~ The rental fee must be paid by the receiver to the appropriate controlling persons individuals for each month that the receivership remains in effect. No payment made to a controlling person individual by the receiver or any state agency during a period of involuntary receivership shall include any allowance for profit or be based on any formula that includes an allowance for profit.

Subd. 3. [POWERS AND DUTIES OF THE RECEIVER.] Within ~~48~~ 36 months after the receivership order, a receiver appointed to operate a residential program during a period of involuntary receivership shall provide for the orderly transfer of the persons served by the residential program to other residential programs or make other provisions to protect their health, safety, and rights. The receiver shall correct or eliminate deficiencies in the residential program that the commissioner determines endanger the health, safety, or welfare of the persons being served by the residential program unless the correction or elimination of deficiencies involves major alteration in the structure of the physical plant. If the correction or elimination of the deficiencies requires major alterations in the structure of the physical plant, the receiver shall take actions designed to result in the immediate transfer of persons served by the residential program. During the period of the receivership, the receiver shall operate the residential program in a manner designed to ~~guarantee~~ preserve the health, safety, rights, adequate care, and supervision of the persons served by the residential program. The receiver may make contracts and incur lawful expenses. The receiver shall collect incoming payments from all sources and apply them to the cost incurred in the performance of the receiver's functions including the receiver's fee set under subdivision 4. No security interest in any real or personal property comprising the residential program or contained within it, or in any fixture of the physical plant, shall be impaired or diminished in priority by the receiver. The receiver shall pay all valid obligations of the residential program and may deduct these expenses, if necessary, from rental payments owed to any controlling person individual by virtue of the receivership.

Subd. 4. [RECEIVER'S FEE; LIABILITY; ASSISTANCE FROM THE COMMISSIONER.] A receiver appointed under an involuntary receivership is entitled to a reasonable receiver's fee as determined by the court. *The*

receiver's fee is governed by section 256B.495. The receiver is liable only in an official capacity for injury to person and property by reason of the conditions of the residential program. The receiver is not personally liable, except for gross negligence and intentional acts.

Subd. 5. [TERMINATION.] An involuntary receivership terminates ~~42~~ 36 months after the date on which it was ordered or at any other time designated by the court or when any of the following events occurs:

(1) the commissioner determines that the residential program's license application should be granted or should not be suspended or revoked;

(2) a new license is granted to the residential program; or

(3) the commissioner determines that all persons residing in the residential program have been provided with alternative residential programs.

Subd. 6. [EMERGENCY PROCEDURE.] *If it appears from the petition filed under subdivision 1, from an affidavit or affidavits filed with the petition, or from testimony of witnesses under oath if the court determines it necessary, that there is probable cause to believe that an emergency exists in a residential program, the court shall issue a temporary order for appointment of a receiver within five days after receipt of the petition. Notice of the petition must be served on the residential program administrator and on the persons designated as agents by the controlling individuals to accept service on their behalf. A hearing on the petition must be held within five days after notice is served unless the administrator or designated agent consents to a later date. After the hearing, the court may continue, modify, or terminate the temporary order.*

Subd. 7. [RATE RECOMMENDATION.] *The commissioner of human services may review rates of a residential program participating in the medical assistance program which is in involuntary receivership and that has needs or deficiencies documented by the department of health or the department of human services. If the commissioner of human services determines that a review of the rate established under section 256B.501 is needed, the commissioner shall:*

(1) review the order or determination that cites the deficiencies or needs; and

(2) determine the need for additional staff, additional annual hours by type of employee, and additional consultants, services, supplies, equipment, repairs, or capital assets necessary to satisfy the needs or deficiencies.

Subd. 8. [ADJUSTMENT TO THE RATE.] *Upon review of rates under subdivision 7, the commissioner may adjust the residential program's payment rate. The commissioner shall review the circumstances, together with the residential program cost report, to determine whether or not the deficiencies or needs can be corrected or met by reallocating residential program staff, costs revenues, or other resources including any investments, efficiency incentives, or allowances. If the commissioner determines that any deficiency cannot be corrected or the need cannot be met, the commissioner shall determine the payment rate adjustment by dividing the additional annual costs established during the commissioner's review by the residential program's actual resident days from the most recent desk-audited cost report or the estimated resident days in the projected receivership period. The payment rate adjustment must meet the conditions in Minnesota Rules, parts 9553.0010 to 9553.0080, and remains in effect*

during the period of the receivership or until another date set by the commissioner. Upon the subsequent sale or transfer of the residential program, the commissioner may recover amounts that were paid as payment rate adjustments under this subdivision. The buyer or transferee shall repay this amount to the commissioner within 60 days after the commissioner notifies the buyer or transferee of the obligation to repay. This provision does not limit the liability of the seller to the commissioner pursuant to section 256B.0641.

Sec. 27. Minnesota Statutes 1988, section 245A.14, subdivision 3, is amended to read:

Subd. 3. [CONDITIONAL LICENSE.] Until such time as the commissioner adopts appropriate rules for conditional licenses, no license holder or applicant for a family or group family day care license is required to spend more than \$100 to meet fire safety rules in excess of those required to meet Group "R" occupancies under the Uniform Building Code, chapter 12, as incorporated by reference in Minnesota Rules, part 1305.0100.

When the commissioner determines that an applicant or license holder of a family or group family day care license would be required to spend over \$100 for physical changes to ensure fire safety, the commissioner may issue a conditional license when all of the following conditions have been met:

(a) The commissioner shall notify the ~~provider~~ license holder or applicant in writing of the fire safety deficiencies.

(b) The commissioner shall notify the ~~provider~~ license holder or applicant in writing of alternative compliance standards that would correct deficiencies, if available.

(c) The ~~provider~~ license holder or applicant agrees in writing to notify each parent, on a form prescribed by the commissioner that requires the signature of the parent, of the fire safety deficiencies, and the existence of the conditional license.

Sec. 28. Minnesota Statutes 1988, section 245A.14, is amended by adding a subdivision to read:

Subd. 6. [LICENSING OF DROP-IN DAY CARE CENTERS FOR CHILDREN.] *In any rule adopted by the commissioner of human services to set standards for the operation of child care programs in a center, there may not be specific provisions to govern centers that provide only drop-in care. For purposes of this section, "drop-in care" means care provided by a program that operates for more than 30 days in any 12-month period; is not excluded by section 245A.03, subdivision 2; provides care to an individual child for no more than a total of 30 hours in any calendar month; and does not have a regularly scheduled ongoing child care program with a stable enrollment. For centers that provide only drop-in care, the commissioner shall set flexible standards for permitting children of adjacent age groups to be cared for in the same day care group and shall set reduced staff distribution requirements. As long as one qualified teacher is on the premises of a center that provides only drop-in care with a licensed capacity of 30 or less while the center is open for drop-in care there need not be a head teacher for every age group. In centers that provide only drop-in care and that accept both infants and older children, infants can be supervised by assistant teachers as long as other staff are present in appropriate ratios as determined by the commissioner. For centers that provide only drop-in*

child care, the commissioner may establish lesser requirements for furnishings, equipment, materials, and supplies. The commissioner may exempt a center that provides only drop-in care from other standards governing child care centers, as long as those exemptions are specifically stated in the rule.

Sec. 29. Minnesota Statutes 1988, section 245A.16, subdivision 1, is amended to read:

Subdivision 1. [DELEGATION OF AUTHORITY TO AGENCIES.] (a) County agencies and private agencies that have been designated or licensed by the commissioner to perform licensing functions and activities under section 245A.04, to recommend denial of applicants under section 245A.05, to recommend correction orders and fines under section 245A.06, or to recommend suspending, revoking, and making licenses probationary under section 245A.07, shall comply with rules and directives of the commissioner governing those functions and with this section.

(b) *By January 1, 1991, the commissioner shall study and make recommendations to the legislature regarding the licensing and provision of support services to child foster homes. In developing the recommendations, the commissioner shall consult licensed private agencies, county agencies, and licensed foster home providers.*

Sec. 30. Minnesota Statutes 1988, section 254A.08, subdivision 2, is amended to read:

Subd. 2. For the purpose of this section, a detoxification program means a social rehabilitation program established for the purpose of facilitating access into care and treatment by detoxifying and evaluating the person and providing entrance into a comprehensive program. ~~Such a~~ *Evaluation of the person shall include verification by a professional, after preliminary examination, that the person is intoxicated or has symptoms of chemical dependency and appears to be in imminent danger of harming self or others. A detoxification program shall have available the services of a licensed physician for medical emergencies and routine medical surveillance. A detoxification program licensed by the commissioner of human services to serve both adults and minors at the same site must provide separate sleeping areas for adults and minors.*

Sec. 31. [RULES FOR DROP-IN CARE.]

Sec. 32. [RULES PROVIDING VARIANCES.]

Sec. 2. [268.453] [JOB IMPACT STATEMENT.]

Subdivision 1. [JOB IMPACT STATEMENT REQUIREMENT.] When it is determined by the government unit that a governmental action or development will result or could potentially result in the displacement of jobs or the parties involved in the development or governmental action claim it will retain or increase at least ten or more jobs, the government unit that is responsible for the governmental action must prepare a job impact statement before initiating the governmental action. If the responsible government unit does not prepare a statement, a person, community group, labor organization, or other organization may appeal to the commissioner to require the responsible government unit to prepare a statement. The commissioner must determine within ten working days if a statement is required; and if a statement is required, the commissioner shall require the responsible government unit to prepare a statement. When there is more than one government unit responsible for governmental actions affecting a specific development, the units involved must work together in preparing the statement. This government unit may request information from all government units involved in the development.

Subd. 2. [EXEMPTION.] No job impact statement is required if a government unit informs the commissioner that the governmental action under appeal is the result of a budgeting decision and the government unit has determined that the governmental action will not result in a significant restructuring of the administration or delivery of government services.

Subd. 3. [JOB IMPACT STATEMENT CONTENTS.] (a) A job impact statement required under subdivision 1 must include the following information:

(1) number and types of permanent jobs that will be displaced, retained, or created as a result of the development;

(2) actual or estimated wage rates and benefits of the permanent jobs that will be displaced, retained, or created;

(3) the total financial assistance provided by government units to the development; and

(4) past experience of parties involved in the development of meeting employment projections for other developments.

(b) In addition to the information required under paragraph (a), the following information must be included in the job impact statement when

there has been or potentially could be a displacement of jobs as a result of a governmental action or development:

(1) description of the demographic characteristics of the work force that could be displaced;

(2) description of skill levels and educational needs of the jobs that could be displaced;

(3) discussion of the likelihood of workers that may be displaced by the development of finding new jobs with comparable pay and benefits; and

(4) identification, if any, of alternatives to mitigate the job displacement due to the governmental action or development.

In preparing the information required under this subdivision, the commissioner must assist the government unit if requested by the unit.

Subd. 4. [PUBLIC COMMENT.] The government unit must distribute the job impact statement to labor unions or other employee representatives that might be affected by the governmental action, community-based organizations that have expressed an interest in the development, and other persons or organizations that request a copy of the job impact statement. In addition, the job impact statement must be posted for at least 30 days at the employment site where workers may be displaced as a result of the governmental action.

After the completion and distribution of the job impact statement, a public hearing must be held when the governmental action will result in the displacement of jobs. The appropriate governing board or senior official of the government unit must hold the public hearing on the completed statement prior to the government unit's approval of any development that receives or benefits from a governmental action. Notice of the public hearing must be provided in a qualified newspaper not less than ten days nor more than 30 days before the date of the hearing. After the public meeting and after any changes have been made as a result of testimony at the public hearing, the government unit must submit the statement to the commissioner.

Sec. 3. [268.454] [DISPLACED WORKER BENEFITS.]

If the statement finds that workers will be displaced or if the actual development or governmental action results in the displacement of existing workers, the government units responsible for the governmental action must secure necessary benefits for the displaced workers. The government units must assess which of the following benefits are required by the displaced workers:

(1) retraining and education expenses;

(2) relocation expenses;

(3) health insurance expenses;

(4) supplemental unemployment insurance payments;

(5) child care expenses when the displaced worker is enrolled in education or retraining; and

(6) emergency expenses for shelter, clothing, and food.

The government units must work with employment and training services providers, other government units, community organizations, labor organizations, and other organizations in securing the necessary benefits.

Sec. 4. [268.455] [REPORT.]

Subdivision 1. [GOVERNMENT UNIT REPORT.] Each government unit must submit a report to the commissioner by December 1 of each even-numbered year. The report must summarize all job impact statements completed during the previous two years. An explanation of any significant changes in actual employment and wage information compared to the jobs impact statement prepared for that development or governmental action in any of the three previous years must be included in the report.

Subd. 2. [COMMISSIONER'S REPORT.] The commissioner must submit a report to the governor and legislature by February 1 of every odd-numbered year that summarizes the results of the individual statements and the monitoring reports required in subdivision 1 submitted to the commissioner in the previous two years.

Sections 1 to 4 do not apply to developments or governmental actions taken before the effective date of this article.

Sec. 6. [APPROPRIATION.]

ARTICLE 2
PREFEASIBILITY STUDIES

Section 1. [268.461] [PREFEASIBILITY STUDY GRANTS.]

Subdivision 1. [AUTHORIZATION.] The commissioner may make grants of up to \$10,000 to eligible organizations to provide an initial assessment of the feasibility of alternatives to announced potential, or actual plant closings. The alternatives may include employee ownership, other new ownership, new product or production process, or public assistance to keep a plant open. Two or more eligible organizations may jointly apply for a grant under this section. For purposes of this section, "eligible organization" means a home rule charter or statutory city, county, town, non-profit organization, community action agency, or labor or business organization.

Subd. 2. [APPLICATION PROCESS.] Applicants must submit a statement of need for a grant, information relating to the workforce at the plant, information of efforts to coordinate the community's response to the plant closing, and other information required by the commissioner. The commissioner shall respond to the applicant within five working days of receiving the organization's application. The commissioner must inform each organization that applied for but did not receive a grant the reasons for the grant not being awarded. The commissioner may request further information from those organizations that did not receive a grant, and the organization may reapply for the grant.

Subd. 3. [PREFEASIBILITY STUDY REQUIREMENTS.] The prefeasibility study may include the current and potential viability, profitability, and productivity of the establishment that may close and alternative uses for the establishment. The study is not to be a major examination of each possible alternative but is meant to quickly determine if further action or examination is possible or feasible. The prefeasibility study may contain:

(1) a description of the establishment's present products, production techniques, management structure, and history;

(2) a brief discussion of the feasibility of the various alternatives for ownership, production technique, and products;

(3) an estimate of the financing required to keep the establishment open and the potential sources of that financing;

(4) a description of the employer's, employees', and community's efforts to maintain the operation of the establishment;

(5) evidence of good faith efforts to demonstrate cooperation among labor, business, and affected community organizations to develop alternatives; and

(6) other information the commissioner may require.

Subd. 4. [ANNUAL REPORT.] *The commissioner must provide a biennial report to the legislature on the prefeasibility study grant program.*

Subd. 8. [ESTABLISHMENT.] "Establishment" means a single site of employment or one or more facilities or operating units within a single site of employment owned by an employer.

Subd. 9. [MASS LAYOFF.] "Mass layoff" means a reduction in the work force at an establishment, within three years of an acquisition by an employer, that:

(1) is not the result of a plant closing; and

(2) results in an employment loss at the single site of employment or an establishment during any 30-day period for at least:

(i) 25 percent of the employees, excluding any part-time employees, and at least 25 employees, excluding any part-time employees; or

(ii) 50 employees, excluding any part-time employees.

[PART-TIME EMPLOYEE.] "Part-time employee" means an employee who is employed for an average of fewer than 20 hours per week in the three months preceding the date of plant closing or mass layoff or an employee who has been employed for fewer than six of the 12 months preceding the date of the plant closing or mass layoff.

Subd. 12. [PLANT CLOSING.] "Plant closing" means the shutdown or termination of operations of an establishment, within three years of an acquisition by an employer, if the shutdown results in an employment loss at the single site of employment during any 30-day period for 25 or more employees, excluding any part-time employees.

Subd. 13. [PUBLIC ASSISTANCE.] "Public assistance" means financial assistance provided to a person by the state, city, county, or town. Financial assistance includes loans, grants, interest subsidies, property acquisition writedowns, tax credits, tax abatements, tax increment financing, interest cost savings from tax-exempt bonds and other securities issued on behalf of the employer, wage subsidies provided under this chapter, and utility connections paid by the public entity to the business entity.

Sec. 2. [268.982] [EMPLOYER FINANCIAL RESPONSIBILITIES.]

Subdivision 1. [PAYMENT.] An employer that engages in a plant closing or mass layoff within three years after an acquisition must pay the commissioner an amount equal to ten percent of the total wages and salaries paid to affected employees of the establishment during the 12 months prior to the plant closing or mass layoff. The payment must be made within two weeks of the date of the plant closing or mass layoff. The money collected under this subdivision may only be used for:

(1) economic development planning grants under section 4, subdivision 1;

(2) emergency grants under section 4, subdivision 2;

(3) *wage subsidies under section 4, subdivision 3; or*

(4) *administrative cost reimbursement under subdivision 2.*

Subd. 2. [FISCAL AGENT.] The commissioner must act as the fiscal agent for the money and may disburse the money for eligible uses outlined under this section upon the recommendation of the community response committee established under section 3. Up to five percent of the money received under subdivision 1 may be used for the administrative costs.

Subd. 3. [PENALTY.] The commissioner may impose a penalty on an employer who willfully fails to comply with this section in an amount equal to ten percent of the payment required under subdivision 1.

Sec. 3. [268.983] [COMMUNITY RESPONSE COMMITTEE.]

A community response committee may be created in each community in which an employer has engaged in a plant closing or mass layoff. The committee must consist of at least seven members and have representatives of the city or town in which the establishment is located, the appropriate county, employees that were laid off due to the plant closing or mass layoff, and representatives of community groups in the area in which the establishment is located. When the establishment is located within the boundaries of a city, the mayor of that city shall appoint the members of the community response committee. When the establishment is located outside of a city's boundaries, the committee shall be appointed by the governing body of the county in which the establishment is located. Before funds made available under section 2 may be spent or distributed, a committee must be established.

The committee must:

(1) undertake a needs analysis of the community and the workers laid off because of the plant closing or mass layoff;

(2) make recommendations to the commissioner for the distribution of the funds made available under section 2 based on the needs analysis required under clause (1); and

(3) work closely with the commissioner and employment and training service providers to ensure that services are made available to employees laid off because of a plant closing or mass layoff.

Sec. 4. [268.984] [GRANTS AND SUBSIDIES.]

Subdivision 1. [ECONOMIC DEVELOPMENT PLANNING GRANTS.] The commissioner may award economic development planning grants to government units or other public agencies, nonprofit organizations, for-profit organizations, or other persons to examine the short-term and long-term alternatives for strengthening the economy in the area surrounding the establishment that has experienced the plant closing or mass layoff. The examination of alternatives must address the following:

(1) an estimate of the economic effect of the plant closing or mass layoff in terms of direct and indirect jobs lost and, if possible, the reduction in the area's income;

(2) an estimate of the ability of other employers in the area to absorb in their work force the laid-off workers;

(3) an identification of area businesses that have the potential for expansion and the financial and other resources as well as the worker skills

required of such an expansion;

(4) an identification of financial and other incentives that might be required to reopen the establishment under new ownership and management;

(5) a statement of whether the closed establishment can be reopened as an employee-owned establishment;

(6) an identification of the industries that might be candidates for expansion in the area and the incentives that might be required to encourage their development or location in the area; and

(7) an identification of the skills required by the laid-off workers to increase their chances of finding employment in the area or other regions of the state.

Subd. 2. [EMERGENCY GRANTS.] The commissioner may provide emergency grants to workers and their families directly affected by the plant closing or mass layoff. The emergency grants may be used for the immediate food, clothing, shelter, transportation, training, and relocation needs of these workers. The commissioner may contract with a local unit of government, other public agency, community action program, or a non-profit organization to provide the emergency grants awarded under this subdivision. The committee or organization contracting with the commissioner shall coordinate their efforts with existing area providers of these emergency needs.

Subd. 3. [WAGE SUBSIDIES.] The commissioner may contract with a certified local service provider to provide wage subsidies to workers laid off because of a plant closing or mass layoff. Wage subsidy money under this subdivision must be distributed in the same manner that wage subsidies are used under section 268.677. Wage subsidies under this subdivision must be given to businesses and other employers who have jobs available that offer potential for long-term employment. Business and other employers that receive wage subsidy payments under this subdivision are subject to section 268.681.

Sec. 5. [268.985] [SEVERANCE PAYMENT.]

Subdivision 1. [SEVERANCE PAYMENT.] Each employer owning or operating a facility engaged in a plant closing or mass layoff within three years after an acquisition shall make a severance payment to an affected employee if the affected employee has been employed by the employer for three or more years. The payment may, at the option of the employer, be made before or at the termination of the affected employee. The severance payment must be equal to the gross weekly wage of the affected employee at the time of termination, multiplied by the number of full and partial years for which the employee has been employed by the employer. For an affected employee whose gross weekly wage has been reduced within one year of a plant closing as a result of a reduction in the average weekly number of hours worked by the employee, the severance payment must be equal to the affected employee's gross weekly wage before the reduction in the average weekly number of hours worked, multiplied by the number of full and partial years for which the employee has been employed by the employer.

Subd. 2. [OTHER PAYMENTS.] Vacation pay, commissions, sick leave, wages, and other types of payments made for a reason other than compensation for termination of employment are not severance payments under

subdivision 1.

Sec. 6. [268.986] [HEALTH CARE COVERAGE.]

Each employer who engages in a plant closing or mass layoff within three years after an acquisition and who has had an employer-paid health insurance plan in place within the previous three-year period preceding the date of the plant closing or mass layoff shall pay to each affected employee an amount equal to 12 times the most recent monthly premium paid by the employer on behalf of the employee. The employer may choose to make periodic payments of this amount over a one-year period. The employer is not obligated to make this payment if the employer chooses to continue the health insurance plan for one year after the plant closing or mass layoff or until the employee becomes covered under another health insurance plan, whichever is sooner. The employer must pay at least the same portion of the premium that the employer paid before the employee was terminated. The employer shall also continue to make the health insurance plan available to each affected employee as required in section 62A.17 or in federal law.

Sec. 7. [268.987] [PRIORITY OF CLAIMS.]

To the extent not otherwise determined by federal law, a money claim on behalf of an affected employee against an employer engaged in a plant closing has priority over all other unsecured claims against an employer, except wage and salary claims.

Sec. 8. [268.988] [EMPLOYER APPEAL PROCESS.]

Subdivision 1. [APPEAL OF PAYMENT.] An employer may appeal to the commissioner to reduce or eliminate the payment required or penalty imposed under section 2, the severance and health benefit payments required under sections 5 and 6, and the repayments of public assistance required under section 9. The employer must appeal under this subdivision at least 30 days before the date of the plant closing or mass layoff.

The employer may not cause a plant closing or mass layoff until the commissioner has made a decision on an appeal by the employer. The commissioner must make a decision within 30 days of the appeal request by an employer. The 30-day limit may be extended if both the employer and the commissioner agree to the extension. The commissioner may contract with a public accounting firm or others to provide technical assistance. The commissioner, or any of the persons the commissioner has contracted with, must have access to all the employer's financial records and other related information for the past five years to assist in making a decision on an appeal.

Subd. 2. [APPEAL GROUNDS.] The employer may appeal under subdivision 1 only if the employer determines that the plant closing or mass layoff is likely to be due to one or more of the following:

(1) a natural disaster, including flood, damage or destruction due to weather, earthquakes, fire, or drought;

(2) a decrease in sales of the employer resulting from economic or market factors that directly affect the demand for the products produced or provided at the establishment; or

(3) the plant closing or mass layoff results from the determination that the acquired establishment is not a viable economic operation.

The employer must establish by a preponderance of the evidence that the plant closing or mass layoff was due to one of the reasons outlined in clause (1), (2), or (3), and not because of the financial needs of the employer to pay for debt incurred because of an acquisition, a reorganization, or duplication of the operations of the employer. In cases where the operations of the establishment have been terminated or significantly affected by a fire, flood, or other unexpected natural disaster and the result is a plant closing or mass layoff, the employer is not required to appeal 30 days before the plant closing or mass layoff. The employer may appeal under this subdivision, but is not required to make payments to the commissioner or affected employees until the commissioner makes a decision on the appeal.

Subd. 3. [APPEAL OF REPAYMENT OF PUBLIC ASSISTANCE.] The employer may appeal the amount of public assistance the employer must pay back under section 9. The commissioner must make a decision within 30 days of the appeal request of the employer. The commissioner may contract with public accounting firms or others for technical assistance in determining the correct amount of the repayment.

Subd. 4. [APPEAL FROM COMMISSIONER'S DECISION.] The employer may appeal the decision of the commissioner as a contested case proceeding under chapter 14.

Sec. 9. [268.989] [REPAYMENT OF PUBLIC ASSISTANCE.]

An employer who causes a plant closing or mass layoff within three years of acquisition shall pay back or reimburse an amount equal to the amount of public assistance which it or the acquired business entity has received in the past five-year period from a government unit. The amount of public assistance to be repaid under this section equals the sum of the following:

- (1) the reduction in the employer's capital expenditures at the establishment as a result of the public assistance, including assistance in acquiring land, buildings, and equipment;*
- (2) the reduction of the employer's financing costs at the establishment, including savings in interest costs resulting from tax-exempt financing;*
- (3) the reduction in the employer's taxes on the operations at the establishment; and*
- (4) the reduction in the employer's operating costs at the establishment as the result of other assistance besides tax reductions or abatements.*

The amount of public assistance to be repaid that is calculated in clauses (1) to (4) must be adjusted to reflect any amounts that have been recaptured or the employer has been required to repay under the provisions of another law or contractual agreement. The public assistance required to be repaid under this section must be made to the government unit authorizing or enabling the employer to receive the public assistance, regardless of whether the cost or reduction in revenues was borne by another government unit. The employer may appeal the payment amount to the commissioner. The government unit that the public assistance is to be repaid to under this section may enter into an agreement with the recipient of public assistance for the repayment or reimbursement of the public assistance and the time of the repayment.

No policy may require the insured to meet a prior hospitalization test more than once during a single benefit period be homebound or house confined to receive home care services. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. A provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 may be offered. A provision that the premium would be waived during any period in which benefits are being paid to the insured during confinement in a nursing facility must be included. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.

Sec. 20. [62A.60] [RETROACTIVE DENIAL OF EXPENSES.]

In cases where the subscriber or insured is liable for costs beyond applicable copayments or deductibles, no insurer may retroactively deny payment to a person who is covered when the services are provided for health care services that are otherwise covered, if the insurer or its representative failed to provide prior or concurrent review or authorization for the expenses when required to do so under the policy, plan, or certificate. If prior or concurrent review or authorization was provided by the insurer or its representative, the insurer may not deny payment for the authorized service or time period except in cases where fraud or substantive misrepresentation occurred.

Sec. 21. Minnesota Statutes 1988, section 62B.01, is amended to read:

62B.01 [SCOPE.]

62B.01 to 62B.14, except insurance in connection with a loan or other credit transaction of more than five years duration mortgage life, mortgage accidental death, and mortgage disability insurance. Insurance shall not be subject to the provisions of sections 62B.01 to 62B.14 where its issuance is an isolated transaction on the part of the insurer not related to an agreement or a plan for insuring debtors of the creditor. (2) any charge for treatment for cosmetic purposes other than for reconstructive surgery when such service is incidental to or follows surgery resulting from injury, sickness, or other diseases of the involved part or when such service is performed on a covered dependent child because of congenital disease or anomaly which has resulted in a functional defect as determined by the attending physician;

Sec. 25. [65A.061] [CREDITORS LIMITED TO EXISTING INSURANCE.]

When a creditor requires a debtor to provide insurance on real or personal property security against reasonable risks of loss, damage, or destruction, no insurance shall be sold or placed by or through the creditor if the debtor provides the creditor with a loss payable through existing policies of insurance that the debtor owns or controls. This section does not apply if the existing insurance is in an amount less than the amount of indebtedness to be secured on the real or personal property.

This section does not prevent the disapproval of the insurer or a policy of insurance where there are reasonable grounds for believing that the insurer is insolvent or that the insurance is unsatisfactory as to placement with an unauthorized insurer, adequacy of the coverage, adequacy of the insurer to assume the risk to be insured, the assessment features to which the policy is subject, or other grounds that are based on the nature of the coverage and that are not arbitrary, unreasonable or discriminatory. This section does not prevent a mortgage lender or mortgage servicer from requiring that a policy of insurance or renewal of the policy be in conformance with standards of the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation, nor does this section forbid the securing of a policy of insurance or a renewal of the policy at the request of the borrower or because of the borrower's failure to furnish the necessary insurance or renewal.

This section supersedes any inconsistent provision of law to the contrary.

Sec. 26. Minnesota Statutes 1988, section 72A.20, is amended by adding

a subdivision to read:

Subd. 4a. [STANDARDS FOR PREAUTHORIZATION APPROVAL.] If a policy of accident and sickness insurance or a subscriber contract requires preauthorization approval for any nonemergency services or benefits, the decision to approve or disapprove the requested services or benefits must be communicated to the insured or the insured's health care provider within ten business days of the preauthorization request and receipt of all information reasonably necessary to make a decision on the request.

Sec. 27. Minnesota Statutes 1988, section 72A.20, subdivision 15, is amended to read:

Subd. 15. [PRACTICES NOT HELD TO BE DISCRIMINATION OR REBATES.] Nothing in subdivision 8, 9, or 10, or in section 72A.12, subdivisions 3 and 4, shall be construed as including within the definition of discrimination or rebates any of the following practices:

(1) in the case of any contract of life insurance or annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance, provided that any bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interests of the company and its policyholders;

(2) in the case of life insurance policies issued on the industrial debit plan, making allowance, to policyholders who have continuously for a specified period made premium payments directly to an office of the insurer, in an amount which fairly represents the saving in collection expense;

(3) readjustment of the rate of premium for a group insurance policy based on the loss or expense experienced thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year;

(4) in the case of an individual or group health insurance policy, the payment of differing amounts of reimbursement to insureds who elect to receive health care goods or services from providers designated by the insurer, provided that each insurer shall on or before August 1 of each year file with the commissioner summary data regarding the financial reimbursement offered to providers so designated.

Any insurer which proposes to offer an arrangement authorized under this clause shall disclose prior to its initial offering and on or before August 1 of each year thereafter as a supplement to its annual statement submitted to the commissioner pursuant to section 60A.13, subdivision 1, the following information:

(a) the name which the arrangement intends to use and its business address;

(b) the name, address, and nature of any separate organization which administers the arrangement on the behalf of the insurers; and

(c) the names and addresses of all providers designated by the insurer under this clause and the terms of the agreements with designated health care providers.

The commissioner shall maintain a record of arrangements proposed under this clause, including a record of any complaints submitted relative to the arrangements.

If the commissioner requests copies of contracts with a provider under this clause and the provider requests a determination, all information contained in the contracts that the commissioner determines may place the provider or health care plan at a competitive disadvantage is nonpublic data.

Sec. 28. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 20. [CANCELLATIONS AND NONRENEWALS.] No insurer shall cancel or fail to renew an individual life or individual health policy or an individual nonprofit health service plan subscriber contract for nonpayment of premium unless it mails or delivers to the named insured, at the address shown on the policy or subscriber contract at least 30 days before lapse, final notice of the cancellation or nonrenewal and the effective date of the cancellation or nonrenewal.

If the named insured is not the policy or subscriber contract owner, the notice required by this subdivision must be sent to the insured's last known address, if any, and to the owner's last known address.

Proof of mailing of the notice of lapse for failure to pay the premium before the expiration of the grace period is sufficient proof that notice required in this subdivision has been given.

This subdivision does not apply to a life or health insurance policy or contract upon which premiums are paid at a monthly interval or less and that contains any grace period required by statute for the payment of premiums during which time the insurance continues in force.

Sec. 29. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 21. [USE OF STATEMENTS OF A MINOR.] No statement of a minor or information obtained by an insurer or a representative of an insurer from a minor may be used in any manner in regard to a claim unless the parent or guardian of the minor has granted permission for the minor to be interviewed or the minor's statement to be taken.

Sec. 30. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 22. [LOSS EXPERIENCE.] An insurer shall without cost to the insured provide an insured with the loss or claims experience of that insured for the current policy period and for the two policy periods preceding the current one for which the insurer has provided coverage, within 30 days of a request for the information by the policy holder. The insurer shall not be responsible for providing information without cost more often than once in a 12-month period. The insurer is not required to provide the information if the policy covers the employee of more than one employer and the information is not maintained separately for each employer and not all employers request the data.

Loss experience for additional years, if available, must be provided only if the insured makes a written request for information that is required by another insurer with whom the insured has applied for coverage.

This subdivision does not apply to individual life and health insurance policies or personal automobile or homeowner's insurance policies.

Sec. 31. Minnesota Statutes 1988, section 72A.20, is amended by adding

a subdivision to read:

Subd. 23. [SOLICITATIONS AND SALES OF INSURANCE PRODUCTS TO BORROWERS.] (a) A loan officer, a loan representative, or other person involved in taking or processing a loan may not solicit an insurance product, except for credit life and disability or mortgage life, mortgage accidental death, or mortgage disability, from the completion of the initial loan application, as defined in the federal Equal Credit Opportunity Act, United States Code, title 15, sections 1691 to 1691f, and any regulations adopted under those sections, until after the closing of the loan transaction.

(b) This subdivision applies only to loan transactions covered by the federal Truth-in-Lending Act, United States Code, title 15, sections 1601 to 1666j, and any regulations adopted under those sections.

(c) This subdivision does not apply to sales of title insurance, homeowner's insurance, a package homeowner's-automobile insurance product, automobile insurance, or a similar insurance product, required to perfect title to, or protect, property for which a security interest will be taken if the product is required as a condition of the loan.

(d) Nothing in this subdivision prohibits the solicitation or sale of any insurance product by means of mass communication.

Sec. 32. [72A.205] [PROHIBITED PROVISIONS AND COVERAGES.]

No policy of insurance paying a death benefit that returns premiums or premiums plus interest, or multiples of less than four times the premiums or premiums plus interest, in lieu of benefits may be issued in this state unless the application for the policy is completed in the presence of the applicant and a licensed insurance agent, and the application contains a disclosure stating that the full death benefit may not be paid and clearly indicating the period for which the death benefit may be withheld. The disclosure required by this section must be approved by the commissioner prior to its use. This section does not prohibit the return of premiums or premiums plus interest in connection with a voluntary or judicially ordered rescission of the policy, nor in accordance with the terms of exclusions from coverage for suicides, aviation, or war risk.

Sec. 33. Minnesota Statutes 1988, section 72A.325, is amended to read:

72A.325 [INSURANCE FOR FUNERAL OR BURIAL EXPENSE; FREEDOM OF CHOICE.]

(a) No insurance company, or agent, or other person engaged in the business of providing insurance or other benefits for the payment of any funeral or burial expense affiliate or associate of a company or agent, shall designate, endorse, or otherwise promote any particular a trust established under section 149.11, mortician, funeral director, funeral establishment, cemetery, or any other party offering funeral or burial services or supplies, as the direct or indirect beneficiary or recipient of the benefits, so as to deprive the family, next of kin, or other representative of the deceased policyholder of the right to select the funeral or burial services and supplies of their choice, under a life insurance policy. No insurance company or agent shall assign or promote or facilitate the assignment of benefits under a life insurance policy to an affiliate or associate where such assignment is for the purpose of directly or indirectly providing the benefits to a trust established under section 149.11, mortician, funeral

director, funeral establishment, cemetery, or any party offering funeral or burial services or supplies.

(b) No owner, director, or employee, or relative of an owner, director, or employee, of a funeral establishment, trade association, or entity having a direct equity interest in a funeral establishment or relative of any person having at least a ten percent ownership interest in the entity, shall receive any fee, commission, or other reimbursement on any insurance sale facilitated through the funeral establishment.

(c) No owner, director, or employee of a funeral establishment or trade association shall receive any fee for endorsing insurance policies, plans, or services.

(d) The sale of life insurance to facilitate funeral or burial services by a company or agency which is an affiliate of a funeral director or a funeral establishment, or which pays a fee or commission to a funeral director or funeral establishment in connection with that sale of life insurance is prohibited.

(e) For purposes of this section, the following terms have the meanings given them:

(1) "Affiliate" of another person means any person directly or indirectly controlling, controlled by, or under common control with, the other person;

(2) "Associate" of a person means any person acting jointly or in concert with the person; and

(3) "Relative" of another person means mother, father, sister, brother, husband, wife, son, daughter, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or person in the third degree of kinship to the other person.

Sec. 34. Minnesota Statutes 1988, section 149.11, is amended to read:

149.11 [PREARRANGED FUNERAL PLANS; CONTRACTS; TRUST FUNDS.]

(a) When prior to the death of any person, that person or another enters into any transaction, makes a contract, or any series or combination of transactions or contracts with another person, partnership, association or corporation, other than an insurance company licensed to do business in the state of Minnesota, by the terms of which, certain personal property related to the funeral services or the burial, cremation, or other disposition of human remains will be used upon the death of the person for whom the property is to be used, or when the professional services of a funeral director or embalmer will then be furnished, or both, then the total of all money paid by the terms of the transaction, contract or series or combination of transactions or contracts shall be held in trust for the purpose for which it has been paid until the death of the person for whose benefit the money was paid, or refunded to the person who made the payment or payments, upon demand. A prearranged funeral or burial contract buyer may, at the buyer's option, declare the funeral or burial trust to be irrevocable up to an amount equivalent to the current allowable supplemental security income asset exclusion used for determining eligibility for public assistance. The contract buyer may, at the buyer's option, also declare the interest to be irrevocable to the extent permitted by federal laws and rules governing public assistance. The buyer of either a revocable or an irrevocable prearranged funeral or burial contract retains the right to designate as trustee

a different funeral establishment at any time before the death of the person for whose benefit the money was paid. Upon the death of that person, the next of kin or other legal representative of that person's estate retains the right to designate as trustee a different funeral establishment. Accruals of interest or dividends declared upon the sum of money held in trust are subject to the same trust. The person, partnership, association or corporation holding the money in trust shall inform the person on whose behalf the money is held that all money paid plus all accrued earnings will be held in trust until the death of that person or until a request for a refund is made if made prior to death, *except for a prearranged funeral or burial trust declared irrevocable by the buyer under this section.* The location of the trust account including the name and address of the institution in which the money is being held and any identifying account numbers, and any subsequent changes in that information must be disclosed in writing to the person on whose behalf the money is being held, at the time the funds are deposited into the trust account and at the time of any subsequent changes in the information. The personal property shall include but not be limited to a casket, burial vault not interred in a grave, combination casket-vault or other receptacle not described in paragraph (b) for the interment, entombment, cremation, or other disposition of human remains.

(b) Nothing in this section shall prevent the sale and delivery of cemetery lots, graves, burial vaults preinterred in a grave, cremation urns, crypt spaces, niches, or grave or lot markers or monuments before their use is required. Nothing in this section prevents the preconstruction sale of crypt spaces to be permanently installed except that any seller of mausoleum space or columbarium space, selling burial space in a mausoleum or columbarium that is not completely constructed and usable, must comply with section 306.90.

(c) It is the intent of the legislature that the provisions of this section shall be construed as a limitation upon the manner in which a person or legal entity is permitted to accept funds in prepayment of funeral services to be performed in the future or in prepayment of funeral or burial goods to be used in connection with the funeral or final disposition of human remains. It is further intended to allow members of the public to arrange and pay for funerals, final dispositions, funeral services, and funeral and burial goods for themselves and their families in advance of need while at the same time providing all possible safeguards so that the prepaid funds cannot be dissipated, whether intentionally or not, so as to be available for the payment of the services and goods selected.

Sec. 35. [REVISOR'S INSTRUCTION.]

The revisor of statutes shall, as part of the regular process of statutory revision, prepare a bill for introduction that amends Minnesota Statutes to reflect the intent of the legislature as expressed in section 3 to make uniform the service of process provisions in Minnesota Statutes, chapters 45 to 83, 155A, 309, and 332.

Sec. 36. [REPEALER.]

Minnesota Statutes 1988, sections 60A.23, subdivision 7; and 72A.13, subdivision 2, are repealed.

Sec. 37. [EFFECTIVE DATE.]

Sections 1 to 3, 5, 6, 8, 9, 11 to 14, 18, 20, 23 to 25, 27, 29, 31, 32, 35, and 36 are effective the day following final enactment. Sections 4, 10,

The case manager shall provide a copy of the plan to the person, legal representative, parents, near relatives, the ombudsman established under section 245.92, and the protection and advocacy system established under United States Code, title 42, section 6042, at least 30 days prior to the date the proposed discharge is to occur. The information provided to parents and near relatives must include notice of the rights of parents and near relatives to object to a proposed discharge by requesting a review as provided in clause (7). If a discharge occurs, the case manager and a staff person from the regional treatment center from which the person was discharged must conduct a monitoring visit as required in Minnesota Rules, part 9525.0115, within 90 days of discharge and provide an evaluation within 15 days of the visit to the person, legal representative, parents, near relatives, ombudsman, and the protection and advocacy system established under United States Code, title 42, section 6042.

(3) In order for a discharge or transfer from a regional treatment center to be approved, the concurrence of a majority of the screening team members is required. The screening team shall determine that the services outlined in the discharge plan are available and accessible in the community before the person is discharged. The recommendation of the screening team cannot be changed except by subsequent action of the team and is binding on the county and on the commissioner. If the commissioner or the county determines that the decision of the screening team is not in the best interests of the person, the commissioner or the county may seek judicial review of the screening team recommendation. A person or legal representative may appeal under section 256.045, subdivision 3 or 4a.

(4) For persons who have overriding health care needs or behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, the following additional conditions must be met:

(i) For a person with overriding health care needs, either a registered nurse or a licensed physician shall review the proposed community services to assure that the medical needs of the person have been planned for adequately. For purposes of this paragraph, "overriding health care needs" means a medical condition that requires daily clinical monitoring by a licensed registered nurse.

(ii) For a person with behaviors that cause injury to self or others, or cause damage to property that is an immediate threat to the physical safety of the person or others, a qualified mental retardation professional, as

defined in paragraph (a), shall review the proposed community services to assure that the behavioral needs of the person have been planned for adequately. The qualified mental retardation professional must have at least one year of experience in the areas of assessment, planning, implementation, and monitoring of individual habilitation plans that have used behavior intervention techniques.

(5) No person with mental retardation or a related condition may be discharged from a regional treatment center before an appropriate community placement is available to receive the person.

(6) A resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than 15 beds. Effective July 1, 1993, a resident of a regional treatment center may not be discharged to a community intermediate care facility with a licensed capacity of more than ten beds.

(7) If the person, legal representative, parent, or near relative of the person proposed to be discharged from a regional treatment center objects to the proposed discharge, the individual who objects to the discharge may request a review under section 256.045, subdivision 4a, and may request reimbursement as allowed under section 256.045. The person must not be transferred from a regional treatment center while a review or appeal is pending. Within 30 days of the request for a review, the local agency shall conduct a conciliation conference and inform the individual who requested the review in writing of the action the local agency plans to take. The conciliation conference must be conducted in a manner consistent with section 256.045, subdivision 4a. A person, legal representative, parent, or near relative of the person proposed to be discharged who is not satisfied with the results of the conciliation conference may submit to the commissioner a written request for a hearing before a state human services referee under section 256.045, subdivision 4a. The person, legal representative, parent, or near relative of the person proposed to be discharged may appeal the order to the district court of the county responsible for furnishing assistance by serving a written copy of a notice of appeal on the commissioner and any adverse party of record within 30 days after the day the commissioner issued the order and by filing the original notice and proof of service with the court administrator of the district court. Judicial review must proceed under section 256.045, subdivisions 7 to 10. For a person under public guardianship, the ombudsman established under section 245.92 may object to a proposed discharge by requesting a review or hearing or by appealing to district court as provided in this clause. The person must not be transferred from a regional treatment center while a review or appeal is pending.

public buildings.

Sec. 2. Minnesota Statutes 1988, section 473.1623, subdivision 4, is amended to read:

Subd. 4. [FINANCIAL REPORTING; BUDGETING.] (a) The advisory committee, with the assistance of the state auditor and the legislative auditor, shall develop uniform or consistent standards, formats, and procedures for the budgets and financial reports of the council and all metropolitan agencies. The council shall report to the legislature from time to time on progress made by the committee in improving the uniformity and quality of budgets and financial reports and on legislation that may be needed for this purpose.

(b) The council and each metropolitan agency shall prepare a summary budget for agency fiscal year 1988 and each year thereafter. The advisory committee, with the assistance of the state auditor and the legislative auditor, shall develop guidelines and models for the summary budgets. The purpose of the summary budget is to increase public knowledge and agency accountability by providing citizens outside of the agency with a condensed, accessible, and graphic description of the financial affairs of the agency. The document should contain a coherent, effectively communicated, understandable statement of: financial trends and forecasts; budget policies and policy changes; agency financial assumptions, objectives and plans; revenue sources and expenditures by program category; personnel policies, decisions, and allocation; budgetary performance measures; and similar matters serving the purpose of the document.

(c) The council and each metropolitan agency shall include in the annual budget:

(1) a statement of the reserve or fund balance carried forward at the end of the budget year, for at least the two preceding fiscal years;

(2) a comparison of budgeted and actual expenditures, reported by department and, if the agency has a program budget, by program, for at least the two preceding fiscal years; and

(3) a listing of proposed or anticipated consulting contracts or projects and the amount of each contract or project.

Sec. 3. Minnesota Statutes 1988, section 473.1623, is amended by adding a subdivision to read:

Subd. 4a. [SUMMARY BUDGET.] The council and each metropolitan agency shall prepare a summary budget for agency fiscal year 1988 and each year thereafter. The advisory committee, with the assistance of the state auditor and the legislative auditor, shall develop guidelines and models for the summary budgets. The purpose of the summary budget is to increase public knowledge and agency accountability by providing citizens outside of the agency with a condensed, accessible, and graphic description of the financial affairs of the agency. The document should contain a coherent, effectively communicated, understandable statement of: financial trends and forecasts; budget policies and policy changes; agency financial assumptions, objectives, and plans; revenue sources and expenditures by program category; personnel policies, decisions, and allocation; budgetary performance measures; and similar matters serving the purpose of the document.

(1) a statement of the reserve or fund balance carried forward at the end of the budget year, for at least the two preceding fiscal years;

(2) a comparison of budgeted and actual expenditures, reported by department and, if the agency has a program budget, by program, for at least the two preceding fiscal years;

(3) a comparison of budgeted and actual revenues, reported by revenue source, for at least the two preceding fiscal years; and

(4) a listing, by contract or project, of proposed or anticipated expenditures for consultants and professional, technical, and other similar services.

Sec. 5. Minnesota Statutes 1988, section 473.167, subdivision 2, is amended to read:

*Subd. 2. [LOANS FOR ACQUISITION.] The council may make loans to counties, towns, and statutory and home rule charter cities within the metropolitan area for the purchase of property within the right-of-way of a state trunk highway shown on an official map adopted pursuant to section 394.361 or 462.359 or for the purchase of property within the proposed right-of-way of a principal or intermediate arterial highway designated by the council as a part of the metropolitan highway system plan and approved by the council pursuant to subdivision 1. The loans shall be made by the council, from the fund established pursuant to this subdivision, for purchases approved by the council. The loans shall bear no interest. The council shall make loans only: (1) to accelerate the acquisition of primarily undeveloped property when there is a reasonable probability that the property will increase in value before highway construction, and to update an expired environmental impact statement on a project for which the right-of-way is being purchased; or (2) to avert the imminent conversion or the granting of approvals which would allow the conversion of property to uses which would jeopardize its availability for highway construction. The council shall not make loans for the purchase of property at a price which exceeds the fair market value of the property or which includes the costs of relocating or moving persons or property. A private property owner may elect to receive the purchase price either in a lump sum or in not more than four annual installments without interest on the deferred installments. If the purchase agreement provides for installment payments, the council shall make the loan in installments corresponding to those in the purchase agreement. The recipient of an acquisition loan shall convey the property for the construction of the highway at the same price which the recipient paid for the property. *The price may include the costs of preparing environmental documents that were required for the acquisition and that were paid for with money that the recipient received from the loan fund.* Upon notification by the council that the plan to construct the highway has been abandoned or the anticipated location of the highway changed, the recipient shall sell the property at market value in accordance with the procedures required for the disposition of the property. All rents and other money received because of the recipient's ownership of the property and all proceeds from the conveyance or sale of the property shall be paid to the council. *If a recipient is not permitted to include in the conveyance price the cost of**

preparing environmental documents that were required for the acquisition, then the recipient is not required to repay the council an amount equal to 40 percent of the money received from the loan fund and spent in preparing the environmental documents. The proceeds of the tax authorized by subdivision 3, all money paid to the council by recipients of loans, and all interest on the proceeds and payments shall be maintained as a separate fund. For administration of the loan program the council may expend from the fund each year an amount no greater than three percent of the amount of the authorized levy for that year.

Sec. 6. Minnesota Statutes 1988, section 473.167, subdivision 3, is amended to read:

Subd. 3. [TAX.] The council may levy a tax on all taxable property in the metropolitan area, as defined in section 473.121, to provide funds for loans made pursuant to subdivisions 2 and 2a. This tax for the right-of-way acquisition loan fund shall be certified by the council, levied, and collected in the manner provided by section 473.13. The tax shall be in addition to that authorized by section 473.249 and any other law and shall not affect the amount or rate of taxes which may be levied by the council or any metropolitan agency or local governmental unit. The amount of the levy shall be as determined and certified by the council, except as otherwise provided in this subdivision.

The property tax levied by the metropolitan council for the right-of-way acquisition loan fund shall not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of 5/100 of one mill multiplied by the total assessed valuation of all taxable property located within the metropolitan area as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, except as provided in section 473.249, subdivision 3, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan area divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan area; ~~and~~

(c) for taxes payable in 1990, an amount not to exceed \$3,000,000; and

(d) for taxes payable in ~~1990~~ 1991 and subsequent years, the product of (1) the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the ~~previous year~~ taxes payable in 1988 determined ~~pursuant to this subdivision~~ under clause (a) multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current assessment year divided by the total market valuation of all taxable property located within the metropolitan area for the ~~previous~~ 1987 assessment year.

For the purpose of determining the metropolitan council's property tax levy limitation for the right-of-way acquisition loan fund for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to

469.179), and high voltage transmission lines (section 273.425).

The property tax levied under this subdivision for taxes payable in 1988 and subsequent years shall not be levied at a rate higher than that determined by the metropolitan council to be sufficient, considering the other anticipated revenues of and disbursements from the right-of-way acquisition loan fund, to produce a balance in the loan fund at the end of the next calendar year equal to twice the amount of the property tax levy limitation for taxes payable in the next calendar year determined under this section.

Sec. 7. Minnesota Statutes 1988, section 473.167, subdivision 5, is amended to read:

Subd. 5. [LEVY INCREASE.] For the purpose of determining the levy limitation for taxes payable in 1989 under subdivision 3, the levy limitation for taxes payable in 1988 shall be multiplied by two. ~~The levy limitation so determined for taxes payable in 1989 shall be the basis for determining levy limitations for taxes payable in 1990 and subsequent years under subdivision 3.~~

Sec. 8. Minnesota Statutes 1988, section 473.173, subdivision 3, is amended to read:

Subd. 3. In developing the rules the council and the advisory metropolitan land use committee, as defined in section 473.852, shall give consideration to all factors deemed relevant including but not limited to the following:

(1) The impact a proposed matter will have on the orderly, ~~economic~~ *economical* development, public and private, of the metropolitan area and its consistency with the metropolitan development guide;

(2) The relationship a proposed matter will have to the policy statement goals, standards, programs and other applicable provisions of the development guide;

(3) The impact a proposed matter will have on policy plans adopted by the council and on the implementation plans and functions performed and to be performed by a metropolitan agency that is subject to section 473.161;

(4) Functions of municipal governments in respect to control of land use as provided for under the municipal planning act.

Sec. 9. Minnesota Statutes 1988, section 473.173, subdivision 4, is amended to read:

Subd. 4. The rules shall include, without limitation, provisions to effectuate and comply with the following powers and requirements:

(1) No applicant shall be required to submit a proposed matter for review more than once unless it is materially altered.

(1a) A public hearing shall be held prior to the final determination with regard to a proposed matter.

(2) The council shall be empowered to suspend action on a proposed matter during the period of review and for a period not to exceed 12 months following the issuance of its final determination. In its final determination, the council may prescribe appropriate conditions with regard to a proposed matter which, if incorporated or complied with, would cause the council to remove the suspension.

(3) The council's recommendation or determination concerning a proposed matter, including the determination as to its metropolitan significance, shall be issued within 90 days following its receipt of a proposal accompanied by adequate supporting information, *unless all parties consent in writing to an extension. The council shall extend the time to complete the proceeding by an additional 30 days if the council determines that a fair hearing cannot be completed in the time allowed.* To avoid duplication, the review may be suspended for not more than 90 days to await completion of review of a matter by another public agency.

(4) The council shall be required to review a proposed matter upon request of an affected local governmental unit or metropolitan agency that is subject to section 473.161. The rules shall include a procedure for review of a proposed matter upon petition by a specified number of residents of the metropolitan area 18 years of age or older.

(5) The council shall be empowered to review all proposed matters of metropolitan significance regardless of whether the council has received a request from an affected body to conduct that review.

(6) The council shall review all proposed matters determined to be of metropolitan significance as to their consistency with and effect upon metropolitan system plans as defined in section 473.852 and their adverse effects on other local governmental units.

(7) Previously approved policy plans and implementation plans and areas of operational authority of metropolitan agencies that are subject to section 473.161 shall not be subject to review under this section, except as specifically provided in section 473.171.

(8) *When announcing the scope of a significance review in the notice commencing the review, the council shall state with particularity, with respect to each issue identified in the scoping document, the policies, provisions, statements, or other elements in metropolitan development guide chapters or policy plans and any other criteria or standards that will be considered or relied on in assessing and determining the metropolitan significance of the proposed project. The statement may be amended by notice to all parties given at least seven days before the public hearing. The statement does not preclude council comment on the consistency of the proposed project with any plans or policies of the council.*

(9) *Hearings must be conducted in accordance with the following procedures, unless waived in writing by the parties:*

(a) *The parties have the right to counsel.*

(b) *All testimony must be under oath.*

(c) *A complete and accurate record of all proceedings must be maintained.*

(d) *Any party or witness may be questioned by the hearing committee or judge, or by other parties.*

(e) *The burden of proof that a matter is of metropolitan significance is on the council.*

(f) *Decisions of the council on the metropolitan significance of a project must be based on a fair preponderance of the relevant evidence contained in the record and on written findings.*

Sec. 10. Minnesota Statutes 1988, section 473.249, subdivision 1, is

amended to read:

Subdivision 1. The metropolitan council may levy a tax on all taxable property in the metropolitan area defined in section 473.121 to provide funds for the purposes of sections 473.121 to 473.249 and for the purpose of carrying out other responsibilities of the council as provided by law. This tax for general purposes shall be levied and collected in the manner provided by section 473.13.

The property tax levied by the metropolitan council for general purposes shall not exceed the following amount for the years specified:

(a) for taxes payable in 1988, the product of 8/30 of one mill multiplied by the total assessed valuation of all taxable property located within the metropolitan area as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(b) for taxes payable in 1989, the product of (1) the metropolitan council's property tax levy limitation for general purposes for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan area divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan area; and

(c) for taxes payable in 1990 and subsequent years, the product of (1) the metropolitan council's property tax levy limitation for general purposes for the previous year determined under this subdivision multiplied by (2) *the lesser of*

(i) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan area for the current assessment year divided by the total market valuation of all taxable property located within the metropolitan area for the previous assessment year, *or*

(ii) *an index equal to the implicit price deflator for state and local government purchases of goods and services for the most recent month for which data are available divided by the implicit price deflator for state and local government purchases of goods and services for the same month of the previous year.*

For the purpose of determining the metropolitan council's property tax levy limitation for general purposes for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan area without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

(4) Sell, lease, and convey real or personal estate owned by the county, and give contracts or options to sell, lease or convey it, and make orders respecting it as deemed conducive to the interests of the county's inhabitants.

No sale, lease or conveyance of real estate owned by the county, nor any

contract or option for it, shall be valid, without first advertising for bids or proposals in the official newspaper of the county for three consecutive weeks and once in a newspaper of general circulation in the area where the property is located. The notice shall state the time and place of considering the proposals, contain a legal description of any real estate, and a brief description of any personal property. *Leases that do not exceed \$15,000 for any one year may be negotiated and are not subject to the competitive bid procedures of this section.* All proposals estimated to exceed \$15,000 in any one year shall be considered at ~~that~~ the time set for the bid opening, and the one most favorable to the county accepted, but the county board may, in the interest of the county, reject any or all proposals. Sales of personal property the value of which is estimated to be \$15,000 or more shall be made only after advertising for bids or proposals as provided for real estate. Sales of personal property the value of which is estimated to be less than \$15,000 may be made either on competitive bids or in the open market, in the discretion of the county board. *Notwithstanding anything to the contrary herein, the county may, when acquiring real property for county highway right-of-way, exchange parcels of real property of substantially similar or equal value without advertising for bids. The estimated values for these parcels shall be determined by the county assessor.*

If real estate or personal property remains unsold after advertising for and consideration of bids or proposals the county may employ a broker to sell the property. The broker may sell the property for not less than 90 percent of its appraised market value as determined by the county. The broker's fee shall be set by agreement with the county but may not exceed ten percent of the sale price and must be paid from the proceeds of the sale.

In no case shall lands be disposed of without there being reserved to the county all iron ore and other valuable minerals in and upon the lands, with right to explore for, mine and remove the iron ore and other valuable minerals, nor shall the minerals and mineral rights be disposed of, either before or after disposition of the surface rights, otherwise than by mining lease, in similar general form to that provided by section 93.20 for mining leases affecting state lands. The lease shall be for a term not exceeding 50 years, and be issued on a royalty basis, the royalty to be not less than 25 cents per ton of 2,240 pounds, and fix a minimum amount of royalty payable during each year, whether mineral is removed or not. Prospecting options for mining leases may be granted for periods not exceeding one year. The options shall require, among other things, periodical showings to the county board of the results of exploration work done.

And when so amended the bill do pass. Amendments adopted. Report adopted.

Ms. Berglin from the Committee on Health and Human Services, to which was referred

S.F. No. 946: A bill for an act relating to human services; authorizing creation of the Minnesota family investment plan; establishing grant projects for refugees; fraud prevention; appropriating money; amending Minnesota Statutes 1988, sections 256.045, subdivision 3; 256.12, subdivision

14; 256.736, subdivision 10, 16, and by adding subdivisions; 256.74, subdivisions 1 and 1a; and 256D.051, subdivision 6, and by adding subdivisions; proposing coding for new law in Minnesota Statutes, chapter 256; repealing Minnesota Statutes 1988, section 256D.051, subdivision 6a.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. Minnesota Statutes 1988, section 245.771, subdivision 3, is amended to read:

Subd. 3. [EMPLOYMENT AND TRAINING PROGRAMS.] *The commissioner of human services, in consultation with the commissioner of jobs and training, is authorized to implement and allocate money to food stamp employment and training programs in as many counties as is necessary to meet federal participation requirements and comply with federal laws and regulations. The commissioner of human services may contract with the commissioner of jobs and training to implement and supervise employment and training programs for food stamp recipients that are required by federal regulations.*

Sec. 2. [256.031] [MINNESOTA FAMILY INVESTMENT PLAN.]

Subdivision 1. [CITATION.] Sections 256.031 to 256.036 may be cited as the Minnesota family investment plan.

Subd. 2. [LEGISLATIVE FINDINGS.] The legislature recognizes the need to fundamentally change the way government supports families. The legislature finds that many features of the current system of public assistance do not help families carry out their two basic functions: the economic support of the family unit and the care and nurturing of children. The legislature recognizes that the Minnesota family investment plan is an investment strategy that will support and strengthen the family's social and financial functions. This investment in families will provide long-term benefits through stronger and more independent families.

Subd. 3. [AUTHORIZATION FOR THE DEMONSTRATION.] The commissioner of human services, in consultation with the commissioners of education, finance, jobs and training, health, and state planning, and the directors of the higher education coordinating board and the office of jobs policy, is authorized to proceed with the planning and designing of the Minnesota family investment plan and test policies, methods, and cost impact on an experimental basis by using field trials. Sections 256.031 to 256.033 describe the basic principles of the program. Sections 256.034 to 256.036 provide a basis for congressional action. Using sections 256.031 to 256.036, the commissioner shall seek congressional authority to implement the program in field trials. After obtaining congressional authority to implement the Minnesota family investment plan in field trials, the commissioner shall request specific appropriations from the legislature to implement field trials. The field trials must be conducted for as many years as necessary, and in different geographical settings, to provide reliable instruction about the desirability of expanding the program statewide.

Subd. 4. [GOALS OF THE MINNESOTA FAMILY INVESTMENT PLAN.] The commissioner shall design the program to meet the following goals:

(1) to support families' transition to financial independence by emphasizing options, removing barriers to work and education, providing necessary support services, and building a supportive network of education, employment and training, health, social, counseling, and family-based services;

(2) to allow resources to be more effectively and efficiently focused on investing in families by removing the complexity of current rules and procedures and consolidating public assistance programs;

(3) to prevent long-term dependence on public assistance through paternity establishment, child support enforcement, emphasis on education and training, and early intervention with minor parents; and

(4) to provide families with an opportunity to increase their living standard by rewarding efforts aimed at transition to employment and by allowing families to keep a greater portion of earnings when they become employed.

Subd. 5. [FEDERAL WAIVERS.] *The commissioner of human services shall seek authority from Congress to implement the Minnesota family investment plan on a demonstration basis. If necessary, the commissioner shall seek waivers of compliance with requirements for: aid to families with dependent children under United States Code, title 42, sections 601 to 679a, as amended; medical assistance under United States Code, title 42, sections 1396 to 1396s, as amended; food stamps under United States Code, title 7, sections 2011 to 2030, as amended; and other federal requirements that would inhibit implementation of the Minnesota family investment plan. The commissioner shall seek terms from the federal government that are consistent with the goals of the Minnesota family investment plan. The commissioner shall also seek terms from the federal government that will maximize federal financial participation so that the extra costs to the state of implementing the program are minimized, to the extent that those terms are consistent with the goals of the Minnesota family investment plan. An agreement with the federal government under this section shall provide that the agreements may be canceled by the state or federal government upon six months' notice or immediately upon mutual agreement. If the agreements are canceled, families receiving assistance under the Minnesota family investment plan who are eligible for the aid to families with dependent children, general assistance, medical assistance, general assistance medical care, and the food stamp programs must be placed on those programs.*

Sec. 3. [256.032] [DEFINITIONS.]

Subdivision 1. [SCOPE OF DEFINITIONS.] *The terms used in sections 256.031 to 256.036 have the meanings given them unless otherwise provided or indicated by the context.*

Subd. 2. [CAREGIVER.] *"Caregiver" means a minor child's natural or adoptive parent or parents who live in the home with the minor child. For purposes of determining eligibility for this program, "caregiver" also means any of the following individuals who live with and provide care and support to a minor child when the minor child's natural or adoptive parent or parents do not reside in the same home: grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, niece, persons of preceding generations as denoted by prefixes of "great" or "great-great," or a spouse of any person named in the above groups even after the marriage ends by death or divorce.*

Subd. 3. [CASE MANAGEMENT.] *"Case management" means the*

assessment of family needs and coordination of services necessary to support the family in its social and economic roles, in addition to the services described in section 256.736, subdivision 11.

Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of human services or a designee.

Subd. 5. [CONTRACT.] "Contract" means a family self-sufficiency plan, described in section 256.035, subdivision 7, based on the case manager's assessment of the family's needs and abilities and developed, together with a parental caregiver, by a county agency or its designee.

Subd. 6. [DEPARTMENT.] "Department" means the department of human services.

Subd. 7. [FAMILY.] For purposes of determining eligibility for this program, "family" includes the following individuals who live together: a minor child or a group of minor children related to each other as siblings, half siblings, stepsiblings, or adopted siblings, together with their natural or adoptive parents, or their caregiver as defined in subdivision 2. "Family" also includes a pregnant woman in the third trimester of pregnancy with no children.

Subd. 8. [FAMILY WAGE LEVEL.] "Family wage level" means 120 percent of the transitional standard, as defined in subdivision 13.

Subd. 9. [ORIENTATION.] "Orientation" means a presentation that meets the requirements of section 256.736, subdivision 10a, provides information to caregivers about the Minnesota family investment plan, and encourages parental caregivers to engage in activities that will stabilize the family and lead to self-sufficiency.

Subd. 10. [PROGRAM.] "Program" means the Minnesota family investment plan.

Subd. 11. [SIGNIFICANT CHANGE.] "Significant change" means a change of ten percent or \$50, whichever is less, in monthly gross family earned income, or a change in family composition.

Subd. 12. [TRANSITIONAL STATUS.] "Transitional status" means the status of caregivers who are independently pursuing self-sufficiency or caregivers who are complying with the terms of a contract with a county agency or its designee.

Subd. 13. [TRANSITIONAL STANDARD.] "Transitional standard" means the sum of the AFDC standard of assistance and the full cash value of food stamps for a family of the same size and composition in effect when implementation of the Minnesota family investment plan begins and adjusted annually thereafter for changes in the cost of living. This standard applies to families in which the parental caregiver is in transitional status and to families in which the caregiver is exempt from having a contract or is exempt from complying with the terms of the contract. Full cash value of food stamps is the amount of the cash value of food stamps to which a family of a given size would be entitled for a month, determined by assuming unearned income equal to the AFDC standard for a family of that size and composition and subtracting the standard deduction and maximum shelter deduction from gross family income, as allowed under the Food Stamp Act of 1977, as amended, and Public Law Number 100-435.

Sec. 4. [256.033] [ELIGIBILITY FOR THE MINNESOTA FAMILY

INVESTMENT PLAN.]

Subdivision 1. [ELIGIBILITY CONDITIONS.] A family is eligible for and entitled to assistance under the Minnesota family investment plan if:

(1) the family's net income, after deducting an amount to cover taxes and actual dependent care costs up to the maximum disregarded under United States Code, title 42, section 602(a)(8)(A)(iii), does not exceed the applicable standard of assistance for that family as defined under section 256.032, subdivision 13; and

(2) the family's nonexcluded resources do not exceed \$2,000.

Subd. 2. [DETERMINATION OF FAMILY INCOME.] The aid to families with dependent children income exclusions listed in Code of Federal Regulations, title 45, sections 233.20(a)(3) and 233.20(a)(4), must be used when determining a family's available income, except that:

(1) the disregard of the first \$75 of gross earned income is replaced with a single disregard described in section 256.035, subdivision 4, paragraph (a);

(2) all earned income of a minor child receiving assistance through the Minnesota family investment plan is excluded when the child is attending school at least half-time;

(3) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments are excluded in accordance with United States Code, title 42, section 602(a)(8)(A)(viii);

(4) educational grants and loans as provided in section 256.74, subdivision 1, clause (2), are excluded; and

(5) all other income listed in Minnesota Rules, part 9500.2380, subpart 2, is excluded.

Subd. 3. [DETERMINATION OF FAMILY RESOURCES.] When determining a family's resources, the following are excluded:

(1) the family's home, together with the surrounding property not separated from the home by intervening property owned by others;

(2) one burial plot for each family member;

(3) one prepaid burial contract with an equity value of no more than \$1,500 for each member of the family;

(4) licensed automobiles, trucks, or vans up to a total equity value of \$4,500;

(5) the value of personal property needed to produce earned income, including tools, implements, farm animals, and inventory;

(6) the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business; and

(7) clothing, necessary household furniture, equipment, and other basic maintenance items essential for daily living.

Subd. 4. [TREATMENT OF SSI AND MSA.] The monthly benefits and any other income received through the supplemental security income or Minnesota supplemental aid programs and any real or personal property of a person receiving supplemental security income or Minnesota supplemental aid must be excluded in determining the family's eligibility for the

Minnesota family investment plan and the amount of assistance. In determining the amount of assistance to be paid to the family, the needs of the person receiving supplemental security income or Minnesota supplemental aid must not be taken into account.

Subd. 5. [ABILITY TO APPLY FOR FOOD STAMPS.] A family that is ineligible for assistance through the Minnesota family investment plan due to income or resources may apply for, and if eligible receive, benefits under the food stamp program.

Sec. 5. [256.034] [PROGRAM SIMPLIFICATION.]

Subdivision 1. [CONSOLIDATION OF TYPES OF ASSISTANCE.] Under the Minnesota family investment plan, assistance previously provided to families through the AFDC, food stamp, and general assistance programs must be combined into a single cash assistance program. If authorized by Congress, families receiving assistance through the Minnesota family investment plan are automatically eligible for and entitled to medical assistance under chapter 256B. Federal, state, and local funds that would otherwise be allocated for assistance to families under the AFDC, food stamp, and general assistance programs must be transferred to the Minnesota family investment plan. The provisions of the Minnesota family investment plan prevail over any provisions of sections 256.72 to 256.87 or 256D.01 to 256D.21 with which they are irreconcilable. The food stamp, general assistance, and work readiness programs for single persons and couples who are not responsible for the care of children are not replaced by the Minnesota family investment plan.

Subd. 2. [COUPON OPTION.] Families have the option to receive a portion of their assistance, designated by the commissioner, in the form of food coupons or vendor payments.

Subd. 3. [MODIFICATION OF ELIGIBILITY TESTS.] (a) A needy family is eligible and entitled to receive assistance under the program even if its children are not found to be deprived of parental support or care by reason of death, continued absence from the home, physical or mental incapacity of a parent, or unemployment of a parent, provided the family's income and resources do not exceed the eligibility requirements in section 256.033. In addition, a family member who is physically and mentally fit, who is between the ages of 18 and 60 years, who is enrolled at least half-time in an institution of higher education, and whose family income and resources do not exceed the eligibility requirements in section 256.033, is eligible for assistance under the Minnesota family investment plan even if the conditions for eligibility as prescribed under the federal Food Stamp Act of 1977, as amended, are not met.

(b) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is considered to have assigned to the public agency responsible for child support enforcement at the time of application all rights to child support and maintenance from any other person the applicant may have in the applicant's own behalf or on behalf of any other family member for whom application is made under the Minnesota family investment plan. The provisions of section 256.74, subdivision 5, govern the assignment. An applicant for, or a person receiving, assistance under the Minnesota family investment plan shall cooperate with the efforts of the county agency to collect child and spousal support. The county agency is entitled to any child support and maintenance received by or on behalf of the person receiving assistance or another member of the family for

which the person receiving assistance is responsible. Failure by an applicant or a person receiving assistance to cooperate with the efforts of the county agency to collect child and spousal support without good cause must be sanctioned according to section 256.035, subdivision 3.

(c) An applicant for, or a person receiving, assistance under the Minnesota family investment plan is not required to comply with the employment and training requirements prescribed under sections 256.736, subdivisions 3, 3a, and 14; and 256D.05, subdivision 1; section 402(a)(19) of the Social Security Act; the federal Food Stamp Act of 1977, as amended; Public Law Number 100-485; or any other state or federal employment and training program, unless compliance is specifically required in a contract with the county agency.

Subd. 4. [SIMPLIFICATION OF BUDGETING PROCEDURES.] The monthly amount of assistance provided by the Minnesota family investment plan must be calculated on a prospective basis taking into account actual income or circumstances that existed in a previous month and other relevant information to predict income and circumstances for the next month or months. When a family has a significant change in circumstances, the budgeting cycle must be interrupted and the amount of assistance for the payment month must be based on the county agency's best estimate of the family's income and circumstances for that month. Families may be required to report their income monthly, but income may be averaged over a period of more than one month.

Subd. 5. [SIMPLIFICATION OF VERIFICATION PROCEDURES.] Verification procedures must be reduced to the minimum that is workable and consistent with the goals and requirements of the Minnesota family investment plan.

Sec. 6. [256.035] [INCOME SUPPORT AND TRANSITION.]

Subdivision 1. [EXPECTATIONS.] All families eligible for assistance under the Minnesota family investment plan are expected to be in transitional status as defined in section 256.032, subdivision 12. To be considered in transitional status, families must meet the following expectations:

(a) For a family headed by a single adult parent, the expectation is that the parent will independently pursue self-sufficiency until the family has received assistance for 24 months within the preceding 36 months. Beginning with the 25th month of assistance, the parent must be developing or have a contract and comply with the terms of the contract with the county agency or its designee.

(b) For a family with a minor parent, the expectation is that, concurrent with the receipt of assistance, the minor parent must be developing or have a contract with the county agency. The terms of the contract must include compliance with section 256.736, subdivision 3b.

(c) For a family with two adult parents, the expectation is that one or both parents will independently pursue self-sufficiency until the family has received assistance for six months within the preceding 12 months. Beginning with the seventh month of assistance, one parent must be developing or have a contract and comply with the terms of the contract with the county agency or its designee.

Subd. 2. [EXEMPTIONS.] A caregiver is exempt from the requirement of developing a contract and complying with the terms of the contract

developed with the county agency, or engaging in transitional activities, if:

(1) the caregiver is not the natural or adoptive parent of a minor child; or

(2) in the case of a parental caregiver, the county agency determines that:

(i) individual circumstances prevent compliance;

(ii) support services necessary to enable compliance are not available;

(iii) activities identified in the contract are not available; or

(iv) a parental caregiver is willing to accept suitable employment but employment is not available.

Subd. 3. [SANCTIONS.] A family whose parental caregiver is not exempt from the expectations in subdivision 1 and who is not complying with those expectations must have assistance reduced by a value equal to ten percent of the transitional standard as defined in section 256.032, subdivision 13. The reduced assistance must be paid in the form of protective, vendor, or two-party payments. This reduction and form of payment continues until the failure to comply ceases. The county agency must notify the parental caregiver of its intent to implement these sanctions and the opportunity to have a conciliation conference, upon request, before the sanctions are implemented.

Subd. 4. [TREATMENT OF INCOME.] To help families during their transition from the Minnesota family investment plan to self-sufficiency, the following income supports are available:

(a) The \$30 and one-third and \$75 disregards allowed under section 256.74, subdivision 1, and the 20 percent earned income deduction allowed under the federal Food Stamp Act of 1977, as amended, are replaced with a single disregard of not less than 35 percent of gross earned income to cover taxes and other work-related expenses and to reward the earning of income. This single disregard is available for the entire time a family receives assistance through the Minnesota family investment plan.

(b) The dependent care deduction, as prescribed under section 256.74, subdivision 1, and United States Code, title 7, section 2014(e), is replaced for families with earned income who need assistance with dependent care with an entitlement to a dependent care subsidy from money earmarked for the Minnesota family investment plan.

(c) The family wage level, as defined in section 256.032, subdivision 8, allows families to supplement earned income with assistance received through the Minnesota family investment plan. If, after earnings are adjusted according to the disregard described in paragraph (a), earnings have raised family income to a level equal to or greater than the family wage level, the amount of assistance received through the Minnesota family investment plan must be reduced.

(d) The first \$50 of any timely support payment for a month received by the public agency responsible for child support enforcement shall be paid to the family and disregarded in determining eligibility and the amount of assistance in accordance with United States Code, title 42, sections 602(a)(8)(A)(vi) and 657(b)(1). This paragraph applies regardless of whether the caregiver is in transitional status, is exempt from having or complying

with the terms of a contract, or has had a sanction imposed under subdivision 3.

Subd. 5. [COST-OF-LIVING ADJUSTMENT.] The transitional standard and the family wage level must be adjusted annually to account for changes in the cost of living.

Subd. 6. [ORIENTATION.] All caregivers receiving assistance through the Minnesota family investment plan must attend orientation.

Subd. 7. [CONTRACT.] (a) To receive the transitional standard of assistance, a single adult parent who is a member of a family that has received assistance through the Minnesota family investment plan for 24 months within the preceding 36 months, a minor parent receiving assistance through the Minnesota family investment plan, and one parent in a two-parent family that has received assistance through the Minnesota family investment plan for six months within the preceding 12 months, must comply with the terms of a contract with the county agency or its designee unless exempt under subdivision 2. Case management must be provided to a caregiver who is a parent to assist the caregiver in meeting established goals and to monitor the caregiver's progress toward achieving those goals. The parental caregiver and the county agency must finalize the contract as soon as possible, but in any event within a reasonable period of time after the deadline specified in subdivision 1, paragraph (a), (b), or (c), whichever applies.

(b) A contract must identify the parental caregiver's employment goal and explain what steps the family must take to pursue self-sufficiency. Activities may include:

(1) orientation;

(2) employment;

(3) employment and training services as defined under section 256.736, subdivision 1a, paragraph (d);

(4) preemployment activities;

(5) participation in an educational program leading to a high school or general equivalency diploma and post-secondary education programs, excluding post-baccalaureate degrees as provided in section 256.736, subdivision 1a, paragraph (d);

(6) case management;

(7) social services; or

(8) other programs or services leading to self-sufficiency. The contract must also identify the services that the county agency will provide to the family that the family needs to enable the parental caregiver to comply with the contract, including support services such as transportation and child care.

Subd. 8. [EMPLOYMENT BONUS.] A family leaving the program as a result of increased earnings through employment is entitled to an employment bonus. This bonus is a onetime cash incentive, not more than the family's monthly payment standard, to cover initial expenses incurred by the family leaving the Minnesota family investment plan.

Subd. 9. [CHILD CARE.] The commissioner shall ensure that each Minnesota family investment plan caregiver who is a parent in transitional status and who needs assistance with child care costs to independently

pursue self-sufficiency or comply with the terms of a contract with the county agency receives a child care subsidy through child care money earmarked for the Minnesota family investment plan. The subsidy must cover all actual child care costs for eligible hours up to the maximum rate allowed under sections 256H.15 and 256H.16. A caregiver who is a parent who leaves the program as a result of increased earnings from employment and who needs child care assistance to remain employed is entitled to extended child care assistance as provided under United States Code, title 42, section 602(g)(1)(A)(ii).

Subd. 10. [HEALTH CARE.] A family leaving the program as a result of increased earnings from employment is eligible for extended medical assistance as provided under Public Law Number 100-485, section 303, as amended.

Sec. 7. [256.036] [PROTECTIONS.]

Subdivision 1. [SUPPORT SERVICES.] If assistance with child care or transportation is necessary to enable a caregiver who is a parent to work, obtain training or education, attend orientation, or comply with the terms of a contract with the county agency, and the county determines that child care or transportation is not available, the family's applicable standard of assistance continues to be the transitional standard.

Subd. 2. [VOLUNTEERS.] Case management and support services are guaranteed upon request to volunteers from the following groups: caregivers between ages 18 and 21 and caregivers who have not received high school or general equivalency diplomas. For other caregivers receiving assistance under the Minnesota family investment plan who are independently pursuing self-sufficiency, case management and support services other than child care are available to the extent that resources permit.

Subd. 3. [NOTIFICATION REQUIREMENT.] The county agency shall contact a family headed by a single adult parent when the family has received assistance through the Minnesota family investment plan for 18 months within the preceding 36 months. The county agency shall remind the family that beginning with the 24th month of assistance, receipt of the transitional standard is contingent upon transitional status. The county agency shall encourage the family to begin preparing for the change in expectations.

Subd. 4. [TIMELY ASSISTANCE.] Applications must be processed in a timely manner according to the processing standards of the federal Food Stamp Act of 1977, as amended, and no later than 30 days following the date of application, unless the county agency has requested information that the applicant has not yet supplied. Financial assistance must be provided on no less than a monthly basis to eligible families.

Subd. 5. [DUE PROCESS.] Any family that applies for or receives assistance under the Minnesota family investment plan whose application for assistance is denied or not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, is entitled, upon request, to a hearing under section 256.045. A parental caregiver may request a conciliation conference, under section 256.736, subdivisions 4a and 11, when the caregiver disputes the contents of a contract developed under the Minnesota family investment plan or disputes a decision regarding failure or refusal to cooperate with the terms of a contract. The disputes are not subject to administrative

review under section 256.045, unless they result in a denial, suspension, reduction, or termination, and the parental caregiver complies with section 256.045. A caregiver need not request a conciliation conference to request a hearing according to section 256.045.

Subd. 6. [TREATMENT OF FOOD ASSISTANCE.] *The portion of cash assistance provided under the Minnesota family investment plan that the commissioner designates as representing food assistance must be disregarded for other local, state, or federal programs.*

Subd. 7. [ADJUSTMENT OF FOOD ASSISTANCE AMOUNT.] *The commissioner shall assure that increases in the federal food stamp allotments and deductions are reflected in the food assistance portion of the assistance provided under the Minnesota family investment plan.*

Subd. 8. [EXPEDITED BENEFITS.] *Provisions for expedited benefits under the Minnesota family investment plan may not be less restrictive than provisions for expedited benefits under the Food Stamp Act of 1977, as amended, and state food stamp policy and include either expediting issuance of a predesignated portion of assistance provided through the Minnesota family investment plan or through the existing food stamp program.*

Subd. 9. [SPECIAL RIGHTS OF MIGRANT AND SEASONAL FARMWORKERS AND HOMELESS PEOPLE.] *Federally prescribed procedures, means of applying for and obtaining assistance, reporting and verification requirements, and other similar provisions specifically for migrant and seasonal farmworkers or homeless people under the Food Stamp Act of 1977, as amended, continue to be available to eligible migrant, seasonal farmworker, or homeless families. The commissioner shall comply with the bilingual requirements of United States Code, title 7, section 2020(e)(1)(B).*

Sec. 8. [IMPLEMENTATION.]

The commissioner is authorized to proceed with the planning and designing of the Minnesota family investment plan, according to the requirements of Minnesota Statutes, sections 256.031 to 256.036. Sections 256.031 to 256.036 may not be implemented or enforced until the legislature authorizes a specific date for implementation either statewide or on a field trial basis.

Sec. 9. Minnesota Statutes 1988, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] (a) Any person applying for, receiving or having received public assistance or a program of social services granted by a local agency under sections 256.031 to 256.036 and 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, may contest that action or decision before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

(b) All prepaid health plans under contract to the commissioner pursuant

to chapter 256B or 256D must provide for a complaint system according to section 62D.11. The prepaid health plan must notify the ombudsman within three working days of any formal complaint made under section 62D.11 by persons enrolled in a prepaid health plan under chapter 256B or 256D. At the time a complaint is made, the prepaid health plan must notify the recipient of the name and telephone number of the ombudsman. Recipients may request the assistance of the ombudsman in the complaint system process. The prepaid health plan shall issue a written resolution within 30 days of filing with the prepaid health plan. The ombudsman may waive the requirement that the complaint system procedures be exhausted prior to an appeal if the ombudsman determines that the complaint must be resolved expeditiously in order to provide care in an urgent situation.

(c) A state human services referee shall conduct a hearing on the matter and shall recommend an order to the commissioner of human services. The commissioner need not grant a hearing if the sole issue raised by an appellant is the commissioner's authority to require mandatory enrollment in a prepaid health plan in a county where prepaid health plans are under contract with the commissioner.

(d) In a notice of appeal from a ruling of a prepaid health plan, a recipient may request an expedited hearing. The ombudsman, after discussing with the recipient his or her condition and in consultation with a health practitioner who practices in the specialty area of the recipient's primary diagnosis, shall investigate and determine whether an expedited appeal is warranted. In making the determination, the ombudsman shall evaluate whether the medical condition of the recipient, if not expeditiously diagnosed and treated, could cause physical or mental disability, substantial deterioration of physical or mental health, continuation of severe pain, or death. The ombudsman may order a second medical opinion from the prepaid health plan or order a second medical opinion from a nonprepaid health plan provider at prepaid health plan expense. If the ombudsman determines that an expedited appeal is warranted, the state welfare referee shall hear the appeal and render a decision within a time commensurate with the level of urgency involved, based on the individual circumstances of the case. In urgent or emergency situations in which a prepaid health plan provider has prescribed treatment, and the prepaid health plan has denied authorization for that treatment, the referee may order the health plan to authorize treatment pending the outcome of the appeal.

Sec. 15. Minnesota Statutes 1988, section 256.736, subdivision 3b, is amended to read:

Subd. 3b. [MANDATORY ASSESSMENT AND SCHOOL ATTENDANCE FOR ~~MINOR CERTAIN CUSTODIAL PARENTS.~~] *This subdivision applies to the extent permitted under federal law and regulation.*

(a) [DEFINITIONS.] The definitions in this paragraph apply to this subdivision.

(1) "~~Minor~~ Custodial parent" means a recipient of AFDC who is ~~under age 18, and who is~~ the natural or adoptive parent of a child living with the ~~minor~~ custodial parent.

(2) "School" means:

(i) an educational program which leads to a high school diploma. The program or coursework may be, but is not limited to, a program under the post-secondary enrollment options of section 123.3514, a regular or alternative program of an elementary or secondary school, a technical institute, or a college;

(ii) coursework for a general educational development (GED) diploma of not less than six hours of classroom instruction per week; or

(iii) any other post-secondary educational program that is approved by the public school or the local agency under subdivision 11.

(b) [ASSESSMENT AND PLAN; REQUIREMENT; CONTENT.] *The county agency must examine the educational level of each custodial parent under the age of 20 to determine if the recipient has completed a high school education or its equivalent. If the custodial parent has not completed a high school education or its equivalent and is not exempt from the requirement to attend school under paragraph (f), the county agency must complete an individual assessment for the custodial parent. The assessment must be performed as soon as possible but within 60 days of determining AFDC eligibility for the custodial parent. The assessment must provide an initial examination of the custodial parent's educational progress and needs, literacy level, child care and supportive service needs, family circumstances, skills, and work experience. In the case of a custodial parent under the age of 18, the assessment must also consider the effect of a child's development and educational needs on the parent's ability to participate in the program. The county agency must advise the parent that the parent's first goal must be to complete an appropriate educational option if one is identified for the parent through the assessment and, in consultation with educational agencies, must review the various school completion options with the parent and assist the parent in selecting the most appropriate option.*

(c) [RESPONSIBILITY FOR ASSESSMENT AND PLAN.] *For custodial parents who are under age 18, the assessment and the employability plan must be completed by the county social services agency, as specified in section 257.33. For custodial parents who are age 18 or 19, the assessment and employability plan must be completed by the case manager. The social services agency or the case manager shall consult with representatives of educational agencies required to assist in developing educational plans under section 126.235.*

(d) [EDUCATION DETERMINED TO BE APPROPRIATE.] *If the case manager or county social services agency identifies an appropriate educational option, it must develop an employability plan in consultation with the custodial parent which reflects the assessment. The plan must specify that participation in an educational activity is required, what school or educational program is most appropriate, the services that will be provided, the activities the parent will take part in including child care and supportive services, the consequences to the custodial parent for failing to participate*

or comply with the specified requirements, and the right to appeal any adverse action. The employability plan must, to the extent possible, reflect the preferences of the participant.

(e) [EDUCATION DETERMINED TO BE NOT APPROPRIATE.] If the case manager determines that there is no appropriate educational option for a custodial parent who is age 18 or 19, the case manager shall indicate the reasons for the determination. The case manager shall then notify the county agency which must refer the custodial parent to case management services under subdivision 11 for completion of an employability plan and services. If the custodial parent fails to participate or cooperate with case management services and does not have good cause for the failure, the county agency shall apply the sanctions listed in subdivision 4, beginning with the first payment month after issuance of notice. If the county social services agency determines that school attendance is not appropriate for a custodial parent under age 18, the county agency shall refer the custodial parent to social services for services as provided in section 257.33.

(f) [SCHOOL ATTENDANCE REQUIRED.] Notwithstanding subdivision 3, a ~~minor~~ custodial parent must attend school if all of the following apply:

(1) ~~the minor parent has no child living with the parent who is younger than six weeks of age the custodial parent is less than 20 years of age;~~

(2) transportation services needed to enable the ~~minor~~ custodial parent to attend school are available;

(3) licensed or legal nonlicensed child care services needed to enable the ~~minor~~ custodial parent to attend school are available;

(4) the ~~minor~~ custodial parent has not already graduated from high school and has not received a general educational development (GED) diploma received a high school diploma or its equivalent; and

(5) the ~~minor~~ custodial parent does not have good cause for failing to attend school, as provided in paragraph (d) is not exempt because the custodial parent:

(i) is ill or incapacitated seriously enough to prevent him or her from attending school;

(ii) is needed in the home because of the illness or incapacity of another member of the household; this includes a custodial parent of a child who is younger than six weeks of age;

(iii) works 30 or more hours per week; or

(iv) is pregnant if it has been medically verified that the child's birth is expected in the current month or within the next six months.

(e) (g) [ENROLLMENT AND ATTENDANCE.] The ~~minor~~ custodial parent must be enrolled in school and meeting the school's attendance requirements. The ~~minor~~ custodial parent is considered to be attending when the ~~minor~~ parent he or she is enrolled but the school is not in regular session, including during holiday and summer breaks.

(d) (h) [GOOD CAUSE FOR NOT ATTENDING SCHOOL.] The local agency shall not impose the sanctions in subdivision 4 if it determines that a custodial parent has good cause for not being enrolled or for not meeting the school's attendance requirements. The local agency shall determine

whether good cause for not attending or not enrolling in school exists, according to this paragraph:

(1) Good cause exists when the minor parent is ill or injured seriously enough to prevent the minor parent from attending school.

(2) Good cause exists when the minor parent's child is ill or injured and the minor parent's presence in the home is required to care for the child.

(3) Good cause exists when the local agency has verified that the only available school program requires round trip commuting time from the minor custodial parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

(4) Good cause exists when there is an interruption in availability of child care services.

(5) (2) Good cause exists when the minor custodial parent has indicated a desire to attend school, but the public school system is not providing for the minor parent's his or her education and alternative programs are not available.

(6) Good cause exists when the school does not cooperate with the local agency in providing verification of the minor parent's education or attendance.

(7) Good cause exists when the minor parent or the minor parent's child has a medical appointment or an appointment with the local welfare agency, is required to appear in court during the minor parent's normal school hours, or has any other obligation consistent with the case management contract.

(8) For the minor parent of a child between six and 12 weeks of age, good cause exists when child care is not available on the premises of the school, or a medical doctor certifies that it would be better for the health of either the parent or the child for the parent to remain at home with the child for a longer period of time.

(e) (i) [FAILURE TO COMPLY.] *The case manager and social services agency shall establish ongoing contact with appropriate school staff to monitor problems that custodial parents may have in pursuing their educational plan, and shall jointly seek solutions to prevent parents from failing to complete education. If the school notifies the local agency that the minor custodial parent is not enrolled or is not meeting the school's attendance requirements, and the local agency or appears to be facing barriers to completing education, the information must be conveyed to the case manager for a custodial parent age 18 or 19, or to the social services agency for a custodial parent under age 18. The case manager or social services agency shall reassess the appropriateness of school attendance as specified in paragraph (f). If after consultation, school attendance is still appropriate and the case manager or social services agency determines that the minor custodial parent has failed to enroll or is not meeting the school's attendance requirements and the custodial parent does not have good cause, the local agency case manager or social services agency shall inform the custodial parent's financial worker who shall apply the sanctions listed in subdivision 4 beginning with the first payment month after issuance of notice.*

(f) (j) [NOTICE AND HEARING.] A right to notice and fair hearing shall be provided in accordance with section 256.045 and the Code of

Federal Regulations, title 45, section 205.10.

(g) (k) [SOCIAL SERVICES.] When a ~~minor~~ *custodial parent under the age of 18 has failed to attend school, is not exempt, and does not have good cause, the local agency shall refer the ~~minor~~ custodial parent to the social services agency for services, as provided in section 257.33.*

(h) (l) [VERIFICATION.] No less often than quarterly, the ~~local agency~~ *financial worker must verify that the ~~minor~~ custodial parent is meeting the requirements of this subdivision. Notwithstanding section 13.32, subdivision 3, when the local agency notifies the school that a ~~minor~~ custodial parent is subject to this subdivision, the school must furnish verification of school enrollment and, attendance, and progress to the local agency. The county agency must not impose the sanctions in paragraph (i) if the school fails to cooperate in providing verification of the minor parent's education, attendance, or progress.*

Sec. 16. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. Each county is urged to adopt grant diversion as the second program required under this clause;

(14) provide an assessment of each AFDC recipient who is required or volunteers to participate in one of the employment and training services specified in clause (13), including job search, and to recipients who volunteer for participation in case management under subdivision 11. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which: (i) reflects the assessment required by clause 14; (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs; (iii) is based on available resources and local employment opportunities; (iv) specifies the services to be provided by the employment and training service provider; (v) specifies the activities the recipient will participate in; (vi) specifies necessary supportive services such as child care; (vii) to the extent possible, reflects the preferences of the participant; and (viii) specifies the recipient's employment goal; and

(16) assure that no work assignment under this section or sections 256.737 and 256.738 results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under the above sections; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) a participant filling an established unfilled position vacancy.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a priority caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency or its case manager, the county that approved the plan is responsible for the costs of case management, child care, and other services required to carry out the plan. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the nonpriority caretaker relocates to another county or when a priority caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 19. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction who are determined eligible for AFDC on or after July 1, 1989, and who are required to attend an orientation. The county agency shall require attendance at orientation of all caretakers except those who are (1) physically disabled, mentally ill, or developmentally disabled and whose condition has or is expected to continue for at least 90 days and will prevent participation in educational programs or employment and training services; (2) aged 55 or older; or (3) currently employed in unsubsidized employment that is expected to continue at least 30 days and that provides an average of at least 30 hours of employment per week.

(b) The orientation must consist of a presentation that informs caretakers of:

(1) the identity, location, and phone numbers of employment and training and support services available in the county;

(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;

(3) the availability of assistance for participants to help select appropriate child care services and that, on request, assistance will be provided to select appropriate child care services;

(4) the obligations of the county agency and service providers under contract to the county agency;

(5) the rights, responsibilities, and obligations of participants;

(6) the grounds for exemption from mandatory employment and training services or educational requirements;

(7) the consequences for failure to participate in mandatory services or requirements;

(8) *the method of entering educational programs or employment and training services available through the county; and*

(9) *the availability and the benefits of the early and periodic screening, diagnosis and treatment (EPSDT) program.*

(c) *Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.*

(d) *County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The local agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.*

Sec. 20. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

Subd. 10b. [INFORMING.] Each county agency must provide written information concerning the topics identified in subdivision 10a, paragraph (b), to all AFDC caretakers within the county agency's jurisdiction who are exempt from the requirement to attend orientation, except those under age 16, and to recipients who have good cause for failing to attend orientation as specified in rules adopted by the commissioner. The written materials must tell the individual how the individual may indicate the desire to participate in educational programs and employment and training services offered through the county. The written materials must be mailed or hand delivered to the recipient at the time the recipient is determined to be exempt or have good cause for failing to attend an orientation.

Sec. 21. Minnesota Statutes 1988, section 256.736, subdivision 11, is amended to read:

Subd. 11. [CASE MANAGEMENT SERVICES.] (a) For clients described in subdivision 2a, the case manager shall:

(1) ~~Assess the education, skills, and ability of the caretaker to secure and retain a job which, when added to child support, will support the caretaker's family.~~ *Provide an assessment as described in subdivision 10, paragraph (a), clause (14). equivalency diploma. Caretakers who are literate and have completed high school shall be counseled to set realistic attainable goals, taking into account the long-term needs of both the caretaker and the caretaker's family;

(3) Coordinate services such as child care, transportation, and education assistance necessary to enable the caretaker to work toward the goals developed in clause (2). When a client needs child care services in order to attend a Minnesota public or nonprofit college, university or technical institute, the case manager shall contact the appropriate agency to reserve child care funds for the client. A caretaker who needs child care services in order to complete high school or a general ~~education~~ *equivalency* diploma is eligible for child care under section 268.91;

(4) Develop, execute, and monitor a contract between the local agency and the caretaker. The contract must *be based upon the employability development plan described in subdivision 10, paragraph (a), clause (15), and must include:* (a) specific goals of the caretaker including stated measurements of progress toward each goal; (b) specific services provided by the county agency; and (c) conditions under which the county will withdraw the services provided;

The contract may include other terms as desired or needed by either party. In all cases, however, the case manager must ensure that the caretaker has set forth in the contract realistic goals consistent with the ultimate goal of self-sufficiency for the caretaker's family; and

(5) Develop and refer caretakers to counseling or peer group networks for emotional support while participating in work, education, or training.

(b) In addition to the duties in paragraph (a), for minor parents and pregnant minors, the case manager shall:

(1) Ensure that the contract developed under paragraph (a)(4) considers all factors set forth in section 257.33, subdivision 2;

If minor parents and pregnant minors are unwilling to live in a group home or foster care setting or if no group home or foster care setting is available, the case manager shall assess their need for training in parenting and independent living skills and when appropriate shall refer them to available counseling programs designed to teach needed skills; and

(3) Inform minor parents or pregnant minors of, and assist them in evaluating the appropriateness of, the high school graduation incentives program under section 126.22, including post-secondary enrollment options, and the employment-related and community-based instruction programs.

(c) A caretaker may request a conciliation conference to attempt to resolve disputes regarding the contents of a contract developed under this section or a housing and support systems assessment conducted under this section. The caretaker may request a hearing pursuant to section 256.045 to dispute the contents of a contract or assessment developed under this section. The caretaker need not request a conciliation conference in order to request a hearing pursuant to section 256.045.

Sec. 22. Minnesota Statutes 1988, section 256.736, subdivision 14, is amended to read:

Subd. 14. [~~EMPLOYMENT JOB SEARCH.~~] (a) The commissioner of human services shall establish ~~an employment~~ *a job search* program under ~~United States Code, title 42, section 602(a)(35)~~ *Public Law 100-485*. The principal wage earner in an AFDC-UP assistance unit must ~~participate~~ *be referred to and must begin participation* in the ~~employment~~ *job search* program within four months of being determined eligible for AFDC-UP unless:

(1) the caretaker is already participating in another approved employment and training service;

(2) the caretaker's employability plan specifies other activities; ~~or~~

(3) *the caretaker is exempt from registration under subdivision 3; or*

(4) *the caretaker is unable to secure employment due to inability to communicate in the English language, is participating in an English as a second language course, and is making satisfactory progress towards completion of the course. If an English as a second language course is not available to the caretaker, the caretaker is exempt from participation until a course becomes available.*

~~The employment and training service provider shall refer caretakers unable to communicate in the English language to English as a second language courses.~~

(b) The ~~employment~~ *job search* program must provide the following services:

(1) an initial period of up to four weeks of job search activities for not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county board if the caretaker fails to cooperate with the employment search requirement; and

(2) an additional period of job search following the first period at the discretion of the employment and training service provider. The total of these two periods of job search may not exceed eight weeks *for any consecutive 12-month period beginning with the month of application.*

(c) The employment search program may provide services to non-AFDC-UP caretakers.

Sec. 23. Minnesota Statutes 1988, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average monthly number of caretakers receiving AFDC in the county who are under age 21 and the average monthly number of AFDC cases open in the county for 24 or more consecutive months and residing in the county for the 12-month period ending ~~March~~ *December 31* of the previous fiscal year.

(2) Twenty percent of the state money must be allocated based on the average monthly number of nonpriority caretakers receiving AFDC in the county for the period ending ~~March~~ *December 31* of the previous fiscal

year. Funds may be used to develop employability plans for nonpriority caretakers if resources allow.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending ~~March~~ *December* 31 of the previous fiscal year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for priority group members in each county.

(b) No more than 15 percent of the money allocated under paragraph (a) may be used for administrative activities.

(c) Except as provided in paragraph (d), at least 70 percent of the money allocated to counties must be used for case management services and employment and training services for caretakers in the priority groups. Up to 30 percent of the money may be used for employment search activities and employment and training services for nonpriority caretakers.

(d) A county ~~whose proportion of the statewide average monthly AFDC-UP caseload exceeds its proportion of the statewide AFDC caseload having a high proportion of nonpriority caretakers that interferes with the county's ability to meet the 70 percent spending requirement of paragraph (c) above~~ may, with the approval of the commissioner of human services, use up to 40 percent of the money allocated under this section for ~~employment search activities~~ *orientation* and employment and training services for nonpriority caretakers.

(e) *Money appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on each county's proportion of the total statewide number of AFDC refugee cases. However, counties with less than one percent of the statewide number of AFDC refugee cases do not receive an allocation.*

(f) Counties and the department of jobs and training shall bill the commissioner of human services for any expenditures incurred by the county, the county's employment and training service provider, or the department of jobs and training that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services *and the United States Department of Agriculture* for the reimbursement and appropriate the reimbursed money to the county or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(g) *The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the fourth quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.*

Sec. 24. Minnesota Statutes 1988, section 256.736, is amended by adding a subdivision to read:

Subd. 18. [PROGRAM OPERATION BY INDIAN TRIBES.] (a) The commissioner may enter into agreements with any federally recognized Indian tribe with a reservation in the state to provide employment and training programs under this section to members of the Indian tribe receiving AFDC. For purposes of this section, "Indian tribe" means a tribe, band, nation, or other organized group or community of Indians that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and for which a reservation exists as is consistent with Public Law Number 100-485, as amended.

(b) Agreements entered into under this subdivision must require the governing body of the Indian tribe to fulfill all county responsibilities required under this section in operation of the employment and training services covered by the contract, excluding the county share of costs in subdivision 13 and any county function related to AFDC eligibility determination or grant payment. The commissioner may enter into an agreement with a consortium of Indian tribes providing the governing body of each Indian tribe in the consortium agrees to these conditions.

(c) Agreements entered into under this subdivision must require the Indian tribe to operate the employment and training services within a geographic service area not to exceed the counties within which a border of the reservation falls. Indian tribes may also operate services in Hennepin and Ramsey counties or other geographic areas as approved by the commissioner of human services in consultation with the commissioner of jobs and training.

(d) Agreements entered into under this subdivision must require the Indian tribe to operate a federal jobs program under Public Law Number 100-485, section 482(i).

(e) Agreements entered into under this subdivision must require conformity with section 13.46 and any applicable federal regulations in the use of data about AFDC recipients.

(f) Agreements entered into under this subdivision must require financial and program participant activity recordkeeping and reporting in the manner and using the forms and procedures specified by the commissioner and that federal reimbursement received must be used to expand operation of the employment and training services.

(g) Agreements entered into under this subdivision must require that the Indian tribe coordinate operation of the programs with county employment and training programs, Indian Job Training Partnership Act programs, and educational programs in the counties in which the tribal unit's program operates.

(h) Agreements entered into under this subdivision must require the Indian tribe to allow inspection of program operations and records by representatives of the department.

(i) Agreements entered into under this subdivision must require the Indian tribe to contract with an employment and training service provider certified by the commissioner of jobs and training for operation of the programs, or become certified itself.

(j) Agreements entered into under this subdivision must require the Indian tribe to specify a starting date for each program with a procedure to enable

tribal members participating in county-operated employment and training services to make the transition to the program operated by the tribal unit. Programs must begin on the first day of a month specified by the agreement.

(k) If the commissioner and Indian tribe enter into an agreement, the commissioner may immediately reallocate county case management and employment and training block grant money from the counties in the Indian tribe's service area to the Indian tribe, prorating each county's annual allocations according to that percentage of the number of tribal unit members receiving AFDC residing in the county compared to the total number of AFDC recipients residing in the county and also prorating the annual allocation according to the month in which the Indian tribe program starts. If the Indian tribe cancels the agreement or fails, in the commissioner's judgment, to fulfill any requirement of the agreement, the commissioner shall reallocate money back to the counties in the Indian tribe's service area.

(l) Indian tribe members receiving AFDC and residing in the service area of an Indian tribe operating employment and training services under an agreement with the commissioner must be referred by county agencies in the service area to the Indian tribe for employment and training services.

community work experience program. Concurrence with respect to job duties of persons placed under the community work experience program shall be obtained from the appropriate exclusive bargaining representative. The appropriate oversight committee shall be given monthly lists of all job placements under a community work experience program.

~~As the commissioner phases in case management and other employment and training services under section 256.736, and no later than June 30, 1989, the commissioner may phase out projects under this section.~~

Subd. 2. [ADDITIONAL PROGRAMS PROGRAM REQUIREMENTS.] ~~In addition to the pilot programs established in subdivision 1, the commissioner may approve the application of up to eight additional counties to enter into a community work experience program. The programs under this subdivision are governed by subdivision 1 except as in paragraphs (a) and (b). (a) Programs under this section are limited to projects that serve a useful public service such as: health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety and child care. To the extent possible, the prior training, skills, and experience of a recipient must be used in making appropriate work experience assignments.~~

~~(2) basic educational or vocational or occupational training for an identifiable job opportunity.~~

~~(b) (c) If the recipient refuses suitable employment and a training program, the county agency may, subject to subdivision 1, require the recipient to participate in a community work experience program as a condition of eligibility.~~

~~(d) The county agency shall limit the maximum number of hours any participant under this section may be required to work in any month to a number equal to the amount of the aid to families with dependent children payable to the family divided by the greater of the federal minimum wage or the applicable state minimum wage.~~

~~(g) The county agency shall apply the grant reduction sanctions specified in section 256.736, subdivision 4, clause (6), when it is determined that~~

a mandatory participant has failed, without good cause, to participate in the program.

Sec. 26. [256.738] [ON-THE-JOB TRAINING.]

(a) County agencies may, in accordance with section 256.736, subdivision 10, develop on-the-job training programs that permit voluntary participation by AFDC recipients. A county agency that chooses to provide on-the-job training as one of its optional employment and training services may make payments to employers for on-the-job training costs that, during the period of the training, average less than 50 percent of the wages paid by the employer to the participant. The payments are deemed to be in compensation for the extraordinary costs associated with training participants under this section and in compensation for the costs associated with the lower productivity of the participants during training.

(b) County agencies shall limit the length of training based on the complexity of the job and the recipient's previous experience and training. Placement in an on-the-job training position with an employer is for the purpose of training and employment with the same employer, who has agreed to retain the person upon satisfactory completion of training.

(c) Placement of any recipient in an on-the-job training position must be compatible with the assessment and employability development plan established for the recipient under section 256.736, subdivision 10, paragraph (a), clauses (14) and (15).

Sec. 27. Minnesota Statutes 1988, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and mother or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an assistance unit must be budgeted in the normal retrospective cycle. The number of months of ineligibility is determined by dividing the amount of the lump sum income and all other income, after application of the applicable disregards, by the standard of need for the assistance unit. An amount remaining after this calculation is income in the first month of eligibility. If the total monthly income including the lump sum income is larger than the standard of need for a single month the first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. In making its determination the county agency shall disregard the following from family income:

(1) all of the earned income of each dependent child receiving aid to families with dependent children who is a full-time student or part-time

student, and not a full-time employee, attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment as well as all the earned income derived from the job training and partnership act (JTPA) for a dependent child for six calendar months per year, together with unearned income derived from the job training and partnership act;

(2) all educational grants and loans;

(3) the first ~~\$75~~ \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) ~~an amount equal to the actual expenditures but not to exceed \$160 for the care of each dependent child or incapacitated individual living in the same home and receiving aid. In the case of a person not engaged in full-time employment or not employed throughout the month, the commissioner shall prescribe by rule a lesser amount to be disregarded;~~

~~(5)~~ thirty dollars plus one-third of the remainder of each individual's earned income ~~not already disregarded~~ for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; ~~or~~ (b) refused without good cause to accept an offer of suitable employment; ~~or~~ (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of the remainder of earned income ~~described in clause (5)~~ shall ~~must~~ be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this disregard because of the provisions of clauses ~~(5)~~(a) to ~~(5)~~(d) shall ~~must~~ be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards ~~under clause (d)~~, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) *an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is employed for 30 or more hours per week; or (b) \$174 for each individual age two or older, and \$199 for each individual under the age of two, when the family member whose needs are included in the eligibility determination is not employed throughout the month or when employment is less than 30 hours per week. The dependent care disregard must be applied after all other disregards have been applied;*

(6) *the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit; and. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance;*

(7) *that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and*

(8) *all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.*

~~The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit shall be paid to the assistance unit within 15 days after the end of the month in which the collection of such periodic support payments occurred and shall be disregarded in determining the amount of assistance.~~

Sec. 28. Minnesota Statutes 1988, section 256.74, subdivision 1a, is amended to read:

Subd. 1a. [STEPPARENT'S INCOME.] In determining income available, the county agency shall take into account the remaining income of the dependent child's stepparent who lives in the same household after disregarding:

(1) *the first \$75 of the stepparent's gross earned income. The commissioner shall prescribe by rule lesser amounts to be disregarded for stepparents who are not engaged in full-time employment or not employed throughout the month;*

(2) *an amount for support of the stepparent and any other individuals whom the stepparent claims as dependents for determining federal personal income tax purposes liability and who live in the same household but whose needs are not considered in determining eligibility for assistance under sections 256.72 to 256.87. "Section 1. [462A.057] [MINNESOTA RURAL AND URBAN HOMESTEADING PROGRAM.]

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meanings given them.

(1) "Contract for deed" is the agreement between the home buyer and eligible applicant that meets the requirements of subdivision 7.

(2) "Eligible organization" or "organization" means a political subdivision, nonprofit or cooperative organization, housing and redevelopment authority, or other organization designated by the agency, which demonstrates the capacity to perform the duties outlined in subdivision 4.

(3) "Eligible property" or "property" means a single family residential dwelling and surrounding property that is vacant, condemned, abandoned, or otherwise defined as eligible by the agency, which, if rehabilitated, may prevent or arrest the spread of blight.

(4) "Home buyer" means an individual or family who has not owned a residential dwelling in the past three years and who is homeless, receiving public assistance, or cannot afford or obtain a conventional loan for home ownership.

(5) "Designated home ownership area" or "designated area" means a specific area where the acquisition, rehabilitation, and sale of eligible properties may take place under this section. In the metropolitan area, as defined in section 473.121, subdivision 2, a designated area must be a specific four square block area.

(6) "Neighborhood advisory board" or "advisory board" means the board established by an organization under subdivision 5.

(7) "Program" means the Minnesota rural and urban homesteading program established in subdivision 2.

Subd. 2. [AUTHORIZATION.] The agency may make grants of up to \$300,000 to eligible organizations to acquire, rehabilitate, and sell eligible property for the purposes of preventing the spread of blight, conserving the existing housing supply, strengthening neighborhoods, and providing safe and affordable housing. Up to ten percent of the grant award may be used for the administrative costs of the organization and for other costs associated with the acquisition and sale of properties under this program, including the payment of property taxes during the period between the purchase and sale of the property.

Subd. 3. [AGENCY POWERS; DUTIES.] (a) The agency must:

(1) establish criteria for selecting eligible organizations;

(2) establish the terms and provisions of the contract for deed under subdivision 7;

(3) establish the standards for being a good neighbor in consultation with other state agencies, local governmental agencies, and other organizations. The good neighbor standards must include: (i) attendance at home maintenance classes organized by the organization, (ii) continued maintenance of the property to ensure that the property retains its value, (iii) continued payment of heat, electricity, sewer, water and other utilities, (iv) attendance at job training, chemical dependency services, educational

programs including progress toward a general equivalency diploma, and other social services that assist the home buyer with obtaining self-sufficiency, and (v) participation in neighborhood functions, including assisting others with home maintenance;

(4) establish construction and safety standards for properties that have been rehabilitated that must be met before the organization may sell the property to a home buyer. These standards should be designed to reduce the likelihood that major repairs will be necessary for at least five years;

(5) work with organizations in seeking waivers from building code requirements which may be barriers to providing affordable housing but do not jeopardize the structural integrity or safety of the property; and

(6) monitor the financial and other program activities of grant recipients, including auditing the financial records of the organizations.

(b) The agency may require that all contracts related to properties under the program, including the contracts for deed under subdivision 7, be approved by the agency before the execution of the contract. The agency may also require appraisals of property under the program.

Subd. 4. [ELIGIBLE ORGANIZATION; CAPACITY.] The eligible organization must demonstrate to the agency that it has the capacity to:

(1) organize and continue an ongoing relationship with the neighborhood advisory boards required under subdivision 5;

(2) provide the necessary staff to administer the program on the local level for an extended period of time;

(3) assist home buyers with obtaining social services that may be required to move the home buyer toward self-sufficiency and maintaining the good neighbor provisions of the contract for deed under subdivision 7;

(4) select and acquire property that meets program requirements and contract with businesses or organizations for the rehabilitation of the property;

(5) raise funds or in-kind contributions from persons, foundations, government units, and businesses to assist in the funding for this program. In-kind contributions may include tools and equipment for the tool library and property at no or minimal cost to the organization;

(6) organize and maintain or arrange for a tool library for lending tools to home buyers and other residents of the neighborhood area for the maintenance or improvement of their property;

(7) provide or arrange for classes on home maintenance and other relevant topics to home buyers and other neighborhood residents; and

(8) monitor the progress of home buyers who have acquired property under this section to determine if they maintain the good neighbor policies required under subdivision 7.

Subd. 5. [NEIGHBORHOOD ADVISORY BOARD.] Each organization must establish a neighborhood advisory board for each designated area. The advisory board must consist of residents of the designated area that reflect the racial composition of the area and who have demonstrated a commitment to strengthening their neighborhood and assisting home buyers. In the metropolitan area, as defined in section 473.121, subdivision 2, at least 20 percent of the advisory board must be minority residents.

The advisory board must:

(1) recommend to the organization properties that may be acquired for the program in the designated area;

(2) consent to the purchase of properties by the organization for the program;

(3) recommend to the organization the selection of home buyers;

(4) make recommendations for any termination of a contract for deed made under subdivision 10;

(5) assist the home buyer by ensuring that they receive training in home maintenance and the necessary social services to move the home buyer toward self-sufficiency; and

(6) assist the organization in monitoring the home buyer's progress of maintaining the good neighbor provisions of the contract for deed.

Subd. 6. [PURCHASE AND REHABILITATION.] An eligible organization may acquire up to five properties in a designated area with the advisory board's approval. The organization must rehabilitate these properties to the standards established by the agency. All rehabilitation of the properties except menial labor must be contracted out to businesses or organizations experienced in rehabilitation of residential property. The total maximum cost of the acquisition, rehabilitation, closing costs, and back taxes must be no greater than \$50,000 per individual property. The \$50,000 maximum may be exceeded if the excess costs over \$50,000 are attributed to rehabilitation or improvements to make the property handicapped accessible.

Subd. 7. [SALE OF PROPERTY TO HOME BUYER.] The eligible organization may sell rehabilitated property to home buyers. The organization's selection of the home buyer must have the recommendation of the advisory board in the designated area in which the property is located. The organization may not discriminate against the home buyer in the sale of the property based on race or sex. A contract for deed agreement between the home buyer and the organization must be entered into for each sale of property under this subdivision. The terms and other provisions of the contract for deed must be established by the agency. The following requirements must be included in the contract:

(1) the organization must retain title to the property until the entire purchase price is paid to the eligible organization;

(2) the purchase price paid by the home buyer must be equal to the total costs of acquiring and rehabilitating the property;

(3) no down payment or interest payment is required of the home buyer;

(4) the monthly payment must equal 25 percent of the home buyer's gross monthly income and must be applied according to subdivision 8;

(5) the organization may require verification of a home buyer's income;

(6) the organization may require the escrow of property tax and hazard insurance payments or verification that payments of property taxes and hazard insurance have been made by the homeowner;

(7) the home buyer may prepay the entire purchase price at any time during the term of the contract for deed and the title to the property must

be transferred to the homeowner at the time of prepayment;

(8) the organization may repurchase the property according to the terms established under subdivision 9;

(9) the home buyer agrees to meet the good neighbor standards set by the agency; and

(10) any other requirements established by the agency that meet the requirements and purposes of this section.

The contract for deed must be reviewed every five years to determine if the home buyer may be eligible to receive mortgage financing from another financing source including a mortgage company or other private financial institution. If other financing is made available to the home buyer, the contract for deed must be prepaid.

Subd. 8. [APPLICATION OF PAYMENTS.] The monthly payments required under subdivision 7 must be applied or distributed in the following order:

(1) hazard insurance for the property;

(2) property taxes due on the property; and

(3) the contract for deed principal amount.

The amount applied to the contract for deed principal amount may be used by the organization for (i) reasonable administrative costs of the organization directly related to the property, (ii) an escrow account for the maintenance and improvement of the property, and (iii) further acquisition and rehabilitation of eligible properties under the program.

The agency may audit the financial records of the organization to determine if the organization is collecting reasonable administrative costs from the monthly payment.

If the monthly payment is not sufficient to pay the hazard insurance and property taxes, the organization may use money from the amount collected under clause (3), money received from the grant award under subdivision 2, or other money of the organization to pay the difference. An amount equal to the amount to offset the difference between the monthly payment and payments for hazard insurance and property taxes must be added to the contract purchase price.

If the monthly payment is not sufficient to pay the hazard insurance and property taxes, the home buyer must agree to work toward increasing their income so that monthly payments are sufficient to pay the hazard insurance and property taxes. If the organization determines that the home buyer is not making sufficient effort to increase the home buyer's income after six months, the organization may find that the home buyer has failed to meet good neighbor standards and the contract for deed may be terminated.

Subd. 9. [RIGHT TO REPURCHASE.] The organization may repurchase the property if the home buyer rents, assigns, vacates, transfers, or offers to sell the property within 20 years of the purchase of the property from the organization. This option to repurchase does not apply to a transfer of the property to a surviving joint tenant or heir of the home buyer. If the organization chooses not to exercise its option to repurchase the property, the agency may repurchase the property.

The repurchase price paid by the organization or the agency may not exceed the lesser of the (1) appraised value of the property at the time of

repurchase, or (2) the sum of:

(i) the total amount paid by the homeowner to the organization for debt payment on the contract for deed;

(ii) the value of any major improvements to the property that are paid directly by the home buyer and were not part of the monthly payment required under subdivision 7; and

(iii) the product of the sum of (i) and (ii), and the increase in inflation based on the housing component of the federal Consumer Price Index.

Subd. 10. [TERMINATION OF CONTRACT FOR DEED.] The contract for deed under subdivision 7 may be terminated by the organization if any of the following occurs:

(1) the home buyer fails to make timely payments required by the contract for deed;

(2) the home buyer refuses to provide verification of income at the request of the organization;

(3) the home buyer fails to adequately maintain the property in compliance with all state, county, or municipal building, fire, health, or other codes and standards applicable to the eligible housing;

(4) the home buyer is found to be guilty of a criminal action relating to controlled substances, firearms, assault, or other serious offenses as determined by the agency; and

(5) the home buyer fails to meet the good neighbor standards established by the agency.

The organization must consult with the advisory board before terminating the contract for deed, except in the case where required payments are not made in a timely manner.

If the organization terminates the contract for deed, the home buyer may be evicted from the property. The home buyer is not entitled to any compensation for the payments made for the property when a contract for deed is terminated.

Subd. 11. [SUCCESSOR TO NEIGHBORHOOD ORGANIZATION.] If an organization is dissolved for any purpose or if the agency determines that the organization is unable to administer the program, the organization shall assign and transfer its entire interest in all the contracts for deed referred to in subdivision 7 to the agency.

Subd. 12. [REPORTS.] (a) Each organization that receives a grant under this section must submit an annual report to the agency by December 1 of each year that describes the use of grant funds. The report must include a description of the number of eligible properties acquired, the number of properties purchased by home buyers, the amount of nonpublic money used for the program, the effort by the organization and the advisory boards in ensuring that the home buyers maintain a good neighbor status, and any other information required by the agency.

(b) Beginning in 1991, the agency must submit an annual report to the legislature and the governor by January 15 that summarizes the reports of the organizations. The report may also include recommendations to improve the program.

Sec. 2. Minnesota Statutes 1988, section 462A.21, is amended by adding a subdivision to read:

Subd. 15. It may make grants to eligible organizations for the Minnesota rural and urban homesteading program under section 1 and may pay the costs and expenses necessary and incidental to the grant program.

Sec. 2. [268.97] [DEFINITIONS.]

Subd. 2. [COMMISSIONER.] "Commissioner" means the commissioner of jobs and training.

Subd. 3. [DISLOCATED WORKER.] "Dislocated worker" means an individual who has been terminated or laid off, or has received notice of termination or layoff from employment, as a result of a permanent closure or a substantial layoff at a plant, facility, or enterprise.

Subd. 7. [PREFEASIBILITY STUDY GRANT.] "Prefeasibility study grant" or "grant" means the grant awarded under section 5.

Subd. 8. [SUBSTANTIAL LAYOFF] "Substantial layoff" means any reduction in work force which is not the result of a permanent closure and which results in an employment loss at a single site of employment during any 30-day period for:

(1) 33 percent of the employees and at least 50 employees, excluding those who work less than 20 hours per week; or

(2) at least 500 employees who are full-time equivalents.

Sec. 3. [268.971] [EARLY WARNING SYSTEM.]

Subdivision 1. [EARLY WARNING INDICATORS.] The commissioner, in cooperation with the commissioners of revenue and trade and economic development, shall establish and oversee an early warning system to identify industries and businesses likely to experience a permanent closure or substantial layoff by collecting and analyzing information which may include, but not be limited to: products and markets experiencing declining growth rates; companies and industries subject to competition from production in low-wage countries; changes in ownership, layoff, and employment patterns; payments of unemployment compensation contributions; and state tax payments. The commissioner may request the assistance of businesses, business organizations, and trade associations in identifying businesses, industries, and specific plants, facilities, or enterprises that are likely to

experience a permanent closure or substantial layoff. The commissioner may request information and other assistance from other state agencies for the purposes of this subdivision.

Subd. 2. [NOTICE.] The commissioner shall encourage businesses and industries considering a decision to effect a permanent closure, substantial layoff, or relocation of operations located in this state to give notice of that decision as early as possible to: the commissioner; the employees of the affected plant, facility, or enterprise; any employee organization representing the employees; and the local government unit in which the affected plant, facility, or enterprise is located. This notice must be in addition to any notice required under the worker adjustment and retraining notification act, United States Code, title 29, section 2101.

Subd. 3. [EMPLOYER RESPONSIBILITY.] An employer providing notice of a permanent closure, substantial layoff, or relocation of operations under the worker adjustment and retraining notification act, United States Code, title 29, section 2101, or under subdivision 2, shall report to the commissioner the names, addresses, and occupations of the employees who will be or have been terminated or laid off.

Sec. 4. [268.972] [RAPID RESPONSE PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED.] (a) The commissioner shall establish a rapid response program to assist employees, employers, labor organizations, local government units, and community organizations to quickly and effectively respond to announced or actual permanent closures or substantial layoffs.

(b) The program must include or address at least the following:

(1) within five working days after becoming aware of an announced or actual permanent closure or substantial layoff, establish on-site contact with the employer, employees, labor organization if there is one representing the employees, and leaders of the local government units and community organizations to provide coordination of efforts to: formulate a community-wide response to the permanent closure or substantial layoff; provide information on the public and private service and programs that might be available; inform the affected parties of the prefeasibility study grants under section 5; and collect any information required by the commissioner to assist in responding to the permanent closure or substantial layoff;

(2) provide ongoing technical assistance to employers, employees, labor organizations, local government units, and community organizations to assist them in reacting to or developing responses to permanent closures or substantial layoffs;

(3) establish and administer the prefeasibility study grant program under section 5 to provide an initial assessment of the feasibility of options other than permanent closure or substantial layoff;

(4) work with employment and training service providers, employers, labor organizations, local government units, and community organizations in providing training, education, community support service, job search programs, job clubs, and other services to address the needs of potential or actual dislocated workers;

(5) coordinate with providers of economic development related financial and technical assistance services so that communities that are experiencing

permanent closures or substantial layoffs have immediate access to economic development related services; and

(6) collect and make available information on programs that might assist dislocated workers and the communities affected by permanent closures or substantial layoffs.

Subd. 2. [APPLICABILITY.] Notwithstanding section 2, subdivisions 6 and 8, the commissioner may waive the threshold requirements for finding a permanent closure or substantial layoff in special cases where the governor's job training council recommends waiver to the commissioner following a finding by the council that the number of workers dislocated as a result of a permanent closure or substantial layoff would have a substantial impact on the community or labor market where the closure or layoff occurs and, in the absence of intervention through the rapid response program, would overwhelm the capacity of other programs to provide effective assistance.

Sec. 5. [268.973] [PREFEASIBILITY STUDIES.]

Subdivision 1. [PREFEASIBILITY STUDY GRANTS.] (a) The commissioner may make grants for up to \$10,000 to eligible organizations to provide an initial assessment of the feasibility of options other than permanent closure or substantial layoff. The options may include: employee ownership; other new ownership; new products or production processes; or public financial or technical assistance to keep a plant, facility, or enterprise open. Two or more eligible organizations may jointly apply for a grant under this section.

(b) Interested eligible organizations must apply to the commissioner for the grants. As part of the application process, applicants must provide: a statement of need for a grant; information relating to the work force at the plant, facility, or enterprise; the area's unemployment rate; the community's and surrounding area's labor market characteristics; information about efforts to coordinate the community's response to the permanent closure or substantial layoff; a timetable for the prefeasibility study; a description of the eligible organization applying for the grant; a description of the qualifications of persons conducting the study; and any other information required by the commissioner.

(c) The commissioner must respond to the applicant within five working days of receiving the organization's application. The commissioner must inform each eligible organization that applied for but did not receive a grant the reasons for the grant not being awarded. The commissioner may request further information from an eligible organization that did not receive a grant, and the eligible organization may reapply for a grant.

Subd. 2. [PREFEASIBILITY STUDY.] (a) The prefeasibility study must explore the current and potential viability, profitability, and productivity of the plant, facility, or enterprise that may permanently close or substantially lay off individuals, and other options for use of the plant, facility, or enterprise. The study is not intended to be a major examination of each possible other option, but rather is meant to quickly determine if further action or examination is feasible and should more fully be explored.

(b) The prefeasibility study must contain:

(1) a description of the plant's, facility's, or enterprise's present products, production techniques, management structure, and history;

(2) a brief discussion of the feasibility of the various other options for ownership, production technique, and products;

(3) an estimate of the financing required to keep the plant, facility, or enterprise open and the potential sources of that financing;

(4) a description of the employer's, employees', and community's efforts to maintain the operation of the plant, facility, or enterprise; and

(5) any other information the commissioner may require.

Subd. 3. [REPORTS.] (a) The commissioner must report monthly to the program subcommittee of the governor's job training council on the grants made and studies completed during the previous month.

(b) The commissioner must provide an annual report to the governor, legislature, and the governor's job training council on the administration of the prefeasibility study grant program. The report must also include details of actions taken as a result of a grant.

Sec. 6. [268.974] [DISLOCATED WORKER COORDINATION.]

[SERVICES.] The commissioner shall coordinate the actions taken by state agencies and public post-secondary educational institutions to respond to or address the specific needs of dislocated workers and to provide services to dislocated workers including education and retraining. The commissioner shall also assist local government units, community groups, labor organizations, and others in coordinating their efforts and providing services to dislocated workers.

Subd. 2. [LIMITATION.] For purposes of subdivision 1, "dislocated workers" eligible for services under subdivision 1 are limited to individuals who are:

(1) Minnesota taxpayers;

(2) permanently laid off from a job with an employer located in the state of Minnesota; and

(3) eligible for or have exhausted unemployment compensation and are unlikely to return to their previous industry or occupation.

Sec. 7. [268.975] [PERFORMANCE STANDARDS.]

The commissioner shall establish performance standards for the programs and activities administered or funded through the rapid response program under section 4. The commissioner may use existing federal performance standards, or if the commissioner determines that the federal standards are inadequate or not suitable, may formulate new performance standards to ensure that the programs and activities of the rapid response program are effectively administered.

Sec. 2. [62J.01] [HEALTH CARE ACCESS COMMISSION.]

Subdivision 1. [MEMBERSHIP; COMPENSATION; CHAIR.] The Minnesota health care access commission consists of 15 members. (7) identify cost savings to public programs that will result from implementation of the health care access program;

(8) develop a cost containment policy after reviewing cost containment methods such as hospital admission precertification, concurrent review of hospital stays, discharge planning, hospital bill audit prior to discharge, primary gatekeepers, claims data analysis, a drug formulary, pharmacy data analysis, bulk discounts, emergency room use, outpatient surgery oversight, protocols for preventive care and common acute care, practice data compared to peers, practitioner rewards and penalties, and other cost containment methods;

(9) develop a financial plan for implementing the health care access program, including an actuarial analysis; a sliding fee scale analysis; reserve fund requirements; revenue projections from a payroll tax in an amount sufficient to generate one-half of the total costs of the health care access program, but not more than \$150,000,000 per year; and recommendations and revenue projections from any alternative sources of financing identified by the commission;

(10) develop a system to administer the health care access program;

(11) define the number, functions, and duties of administrative staff;

(12) develop a system for collection of premium payments; and

(13) collect and analyze data regarding the problem of uncompensated health care and report the commission's findings and recommendations, including definitions of the terms "uncompensated care," "unsponsored care," and "bad debt," as they relate to the provision of health care in Minnesota; and recommendations for more equitably distributing the burden of uncompensated health care.

Subd. 4. [PROPOSED LEGISLATION.] The commission shall develop

and propose to the legislature a draft for legislation necessary to fully implement the health care access program. The commission must consider and may include in its proposal provisions that:

(1) create specific authority for the commission to contract with carriers and health care providers, establish conversion and continuation privileges for health plans to be offered through the health care access program, negotiate premium rates and coverage provisions, develop reasonable cost containment measures, and contract for the management of enrollment and plan selection;

(3) exempt payments from the commission to a carrier or health plan from the tax imposed by section 60A.15 and the assessment under section 62E.11;

(4) require the commission and its contractors to contract with community clinics when feasible and appropriate;

(5) require enrollee contracts to contain a detailed statement of benefits offered and include any maximums, limitations, and exclusions;

(6) establish the coverage and benefits provided by health plans offered through the commission, which may be less than the minimum coverage and benefit levels mandated by state law for other health plans, policies, or contracts;

(7) require every resident of the state to have coverage at least equivalent to the coverage and benefits of the basic plan offered by the commission;

(8) establish eligibility requirements for participation in the health care access program that will enable those Minnesota residents to participate who do not have health coverage, who have inadequate coverage, who are self-employed, or who are covered by the comprehensive health insurance plan under chapter 62E;

(9) establish eligibility requirements for employers to participate in the health care access program that will allow those employers to participate who do not offer coverage, who offer inadequate coverage, or who choose to participate in order to reduce the costs of coverage;

(15) require employers that discontinue health coverage without offering

equivalent substitute coverage to pay a penalty to be deposited in the health care access account.

Subd. 5. [REPORT.] The commission shall report to the legislature by February 15, 1991, with the results of its study and its specific recommendations, including proposed language for legislation necessary to implement the health care access program.

Sec. 3. [APPROPRIATION.]

The purchaser at any sale, upon foreclosure of mortgage or execution or at any judicial sale during the ~~year~~ *period* of redemption, may pay any taxes or assessments on which any penalty would otherwise accrue, and may pay the premium upon any policy of insurance procured in renewal of any expiring policy upon mortgaged premises, *may pay any costs incurred under section 582.031*, and may, in case any interest or installment of principal upon any prior or superior mortgage, *lien, or contract for deed* is in default or shall become due during ~~such year~~ *the period* of redemption, pay the same, and, in all such cases, the sum so paid, with interest, shall be a part of the sum required to be paid to redeem from such sale. If the costs are incurred after a foreclosure sale, the purchaser at the foreclosure sale must comply with the provisions of section 582.03. The provisions of this section are in addition to, and do not limit or replace, any other rights or remedies available to holders of mortgages and sheriff's certificates, at law or under the applicable mortgage agreements."

No. 748: A bill for an act relating to human services; establishing state child mortality review panel; authorizing the state to require local reviews; protecting data generated by the review panel as confidential and nondiscoverable; clarifying neglect or endangerment of a child; requiring an autopsy in cases involving sudden death of an infant; requiring the commissioner of health to develop uniform procedures for coroner and

medical examiner investigations relating to sudden deaths of infants; amending Minnesota Statutes 1988, sections 256.01, by adding a subdivision; 383B.225, by adding a subdivision; 390.11, subdivision 10; 390.32, by adding a subdivision; 609.378; 626.556, subdivision 2; and 626.558; proposing coding for new law in Minnesota Statutes, chapter 145.

Reports the same back with the recommendation that the bill be amended as follows:

Pages 1 to 4, delete sections 1 to 5 and insert:

“Section 1. [145.898] [SUDDEN INFANT DEATH.]

The commissioner of health shall develop uniform investigative guidelines and protocols for coroners and medical examiners conducting death investigations and autopsies of children under two years of age.

Sec. 2. Minnesota Statutes 1988, section 256.01, is amended by adding a subdivision to read:

Subd. 12. [CHILD MORTALITY REVIEW PANEL.] (a) The commissioner may establish a child mortality review panel for reviewing deaths of children in Minnesota including deaths attributed to maltreatment or in which maltreatment may be a contributing cause. The commissioners of health, education, and public safety and the attorney general shall each designate a representative to the panel. Other panel members shall be appointed by the commissioner. The purpose of the panel is to make recommendations to the state and local agencies for improving the child protection system, including modifications in statute, rule, policy, and procedure.

(b) The commissioner may require a local agency to establish a local child mortality review panel. The commissioner may establish procedures for conducting local reviews and may require that all professionals with knowledge of a child mortality case participate in the local review. In this section, “professional” means a person licensed to perform or a person performing a specific service in the child protective service system. “Professional” includes law enforcement personnel, social service agency attorneys, and social service, health care, mental health care providers, and educators.

(c) If the commissioner of human services has reason to believe that a child's death was caused by maltreatment or that maltreatment was a contributing cause, the commissioner has access to not public data under chapter 13 maintained by state agencies, statewide systems, or political subdivisions that are related to the child's death or circumstances surrounding the care of the child. Access to data under this paragraph is limited to police investigative data; autopsy records and coroner or medical examiner investigative data; hospital, public health, or other medical records of the child; hospital and other medical records of the child's parent that relate to prenatal care; and records created by social service agencies that provided services to the child or family within three years preceding the child's death. A state agency, statewide system, or political subdivision shall provide the data upon request of the commissioner. Not public data may be shared with members of the state or local child mortality review panel in connection with an individual case.

(d) Notwithstanding the data's classification in the possession of any other agency, data acquired by a local or state child mortality review panel

in the exercise of its duties are protected nonpublic or confidential data as defined in section 13.02, but may be disclosed as necessary to carry out the purposes of the review panel. The data are not subject to subpoena or discovery. The commissioner may disclose conclusions of the review panel, but shall not disclose data that were confidential or private data on decedents under section 13.10, or private, confidential, or nonpublic data in the disseminating agency.

A person attending a child mortality review panel meeting shall not disclose what transpired at the meeting except to carry out the purposes of the mortality review panel. The proceedings and records of the mortality review panel are protected nonpublic data as defined in section 13.02, subdivision 13, and are not subject to discovery or introduction into evidence in a civil or criminal action against a professional or state or local agency arising out of the matters the panel is reviewing. Information, documents, and records otherwise available from original sources are not immune from discovery or use in a civil or criminal action merely because they were presented during proceedings of the review panel. A person who presented information before the review panel or who is a member of the panel shall not be prevented from testifying about matters within the person's knowledge. However, in a civil or criminal proceeding a person cannot be asked about the person's presentation of information to the review panel or opinions formed by the person as a result of the review meetings."

Subd. 10e. [DETERMINATIONS.] Upon the conclusion of every assessment or investigation it conducts, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.

(a) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions committed by a person responsible for the

child's care:

(1) an assault, as defined in section 609.02, subdivision 10, or any physical contact not exempted by section 609.379, where the assault or physical contact is either severe or recurring and causes either injury or significant risk of injury to the child;

(2) neglect as defined in subdivision 2, paragraph (c); or

(3) sexual abuse as defined in subdivision 2, paragraph (a).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(c) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in imminent and serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child."

Subd. 10. (a) "Cost to wholesaler" means the basic cost of the cigarettes, prior to deducting manufacturer's timely payment and stamping discounts and any other discounts or rebates, plus the cost of doing business by the

wholesaler, as defined in sections 325D.30 to 325D.42.

(b) The cost of doing business by the wholesaler is presumed to be four percent of the basic cost of the cigarettes, plus cartage to the retail outlet, if furnished or paid for by the wholesaler, in the absence of proof of a lesser or higher cost. Such cartage cost is presumed to be one-half of one percent of the basic cost of the cigarettes in the absence of proof of a lesser or higher cost.

(c) *A wholesaler electing to sell cigarettes at a price other than that presumed by law must submit to the commissioner documentation substantiating the actual cost of the cigarettes before selling at actual cost. The commissioner shall review the documents submitted and, if necessary, request additional documentation to verify the accuracy of the cost computations. If, within 15 days of submission of the documentation, the commissioner has not notified the wholesaler of any deficiencies in the cost computations, the wholesaler may begin selling at actual cost. The cost computations are effective for a period of not more than 12 months beginning 15 days after submission of the documentation. Fifteen days before expiration of the 12-month period, the wholesaler must submit new cost documentation for review by the commissioner to continue selling at less than the price presumed by law. Sec. 10. Minnesota Statutes 1988, section 65A.33, subdivision 3, is amended to read:

Subd. 3. "Property or liability insurance" means the coverage against direct loss to real or tangible personal property at a fixed location that is provided in the standard fire policy, extended coverage endorsement, homeowners insurance, as defined in section 65A.27, subdivision 4, cooperative housing insurance, condominium insurance, builders risk, and such vandalism and malicious mischief insurance and such other classes of insurance as may be added to the program with respect to said property by amendment as hereinafter provided. Property or liability insurance does not include automobile, ~~farm~~, commercial liability, or such manufacturing risks as may be excluded by the commissioner.

Sec. 11. Minnesota Statutes 1988, section 65B.15, subdivision 1, is amended to read:

Subdivision 1. No cancellation or reduction in the limits of liability of coverage during the policy period of any policy shall be effective unless notice thereof is given and unless based on one or more reasons stated in the policy which shall be limited to the following:

1. Nonpayment of premium; or
2. The policy was obtained through a material misrepresentation; or
3. Any insured made a false or fraudulent claim or knowingly aided or abetted another in the presentation of such a claim; or
4. The named insured failed to disclose fully motor vehicle accidents and moving traffic violations of the named insured for the preceding 36 months if called for in the written application; or
5. The named insured failed to disclose in the written application any requested information necessary for the acceptance or proper rating of the risk; or
6. The named insured knowingly failed to give any required written notice of loss or notice of lawsuit commenced against the named insured,

or, when requested, refused to cooperate in the investigation of a claim or defense of a lawsuit; or

7. The named insured or any other operator who either resides in the same household, ~~unless the other operator is identified by name in any other policy as an insured~~; or customarily operates an automobile insured under such policy, *unless the other operator is identified as a named insured in another policy as an insured*:

(a) has, within the 36 months prior to the notice of cancellation, had that person's driver's license under suspension or revocation; or

(b) is or becomes subject to epilepsy or heart attacks, and such individual does not produce a written opinion from a physician testifying to that person's medical ability to operate a motor vehicle safely, such opinion to be based upon a reasonable medical probability; or

(c) has an accident record, conviction record (criminal or traffic), physical condition or mental condition, any one or all of which are such that the person's operation of an automobile might endanger the public safety; or

(d) has been convicted, or forfeited bail, during the 24 months immediately preceding the notice of cancellation for criminal negligence in the use or operation of an automobile, or assault arising out of the operation of a motor vehicle, or operating a motor vehicle while in an intoxicated condition or while under the influence of drugs; or leaving the scene of an accident without stopping to report; or making false statements in an application for a driver's license, or theft or unlawful taking of a motor vehicle; or

(e) has been convicted of, or forfeited bail for, one or more violations within the 18 months immediately preceding the notice of cancellation, of any law, ordinance, or rule which justify a revocation of a driver's license.

8. The insured automobile is:

(1) so mechanically defective that its operation might endanger public safety; or

(2) used in carrying passengers for hire or compensation, provided however that the use of an automobile for a car pool shall not be considered use of an automobile for hire or compensation; or

(3) used in the business of transportation of flammables or explosives; or

(4) an authorized emergency vehicle; or

(5) subject to an inspection law and has not been inspected or, if inspected, has failed to qualify within the period specified under such inspection law; or

(6) substantially changed in type or condition during the policy period, increasing the risk substantially, such as conversion to a commercial type vehicle, a dragster, sports car or so as to give clear evidence of a use other than the original use.

Sec. 12. Minnesota Statutes 1988, section 65B.44, subdivision 3, is amended to read:

Subd. 3. [DISABILITY AND INCOME LOSS BENEFITS.] Disability

and income loss benefits shall provide compensation for 85 percent of the injured person's loss of present and future gross income from inability to work proximately caused by the nonfatal injury subject to a maximum of \$250 per week. Loss of income includes the costs incurred by a self-employed person to hire substitute employees to perform tasks which are necessary to maintain the income of the injured person, which are normally performed by the injured person, and which cannot be performed because of the injury.

If the injured person is unemployed at the time of injury and is receiving or is eligible to receive unemployment benefits under chapter 268, but the injured person loses eligibility for those benefits because of inability to work caused by the injury, disability and income loss benefits shall provide compensation for the lost benefits in an amount equal to the unemployment benefits which otherwise would have been payable, subject to a maximum of \$250 per week.

Compensation under this subdivision shall be reduced by any income from substitute work actually performed by the injured person or by income the injured person would have earned in available appropriate substitute work which the injured person was capable of performing but unreasonably failed to undertake.

For the purposes of this section "inability to work" means disability which prevents the injured person from engaging in any substantial gainful occupation or employment on a regular basis, for wage or profit, for which the injured person is or may by training become reasonably qualified. If the injured person returns to employment and is unable by reason of the injury to work continuously, compensation for lost income shall be reduced by the income received while the injured person is actually able to work. The weekly maximums may not be prorated to arrive at a daily maximum, even if the injured person does not incur loss of income for a full week.

For the purposes of this section, an injured person who is "unable by reason of the injury to work continuously" includes, but is not limited to, a person who misses time from work, including reasonable travel time, and loses income, vacation, or sick leave benefits, to obtain medical treatment for an injury arising out of the maintenance or use of a motor vehicle.

Sec. 13. Minnesota Statutes 1988, section 65B.49, subdivision 5a, is amended to read:

Subd. 5a. [RENTAL VEHICLES.] (a) Every plan of reparation security insuring a natural person as named insured, covering private passenger vehicles as defined under section 65B.001, subdivision 3, *and pickup trucks and vans as defined under section 168.011* must provide that all of the obligation for damage and loss of use to a rented *private passenger vehicle, including pickup trucks and vans as defined under section 168.011*, would be covered by the property damage liability portion of the plan. The obligation of the plan must not be contingent on fault or negligence. In all cases where the plan's property damage liability coverage is less than \$25,000, the coverage available under the subdivision must be \$25,000. Other than as described in this paragraph, nothing in this section amends or alters the provisions of the plan of reparation security as to primacy of the coverages in this section.

(b) A vehicle is rented for purposes of this subdivision if the rate for the use of the vehicle is determined on a weekly or daily basis. A vehicle is

not rented for purposes of this subdivision if the rate for the vehicle's use is determined on a monthly or longer period.

(c) The policy or certificate issued by the plan must inform the insured of the application of the plan to *private passenger* rental vehicles, *including pickup trucks and vans as defined under section 168.011*, and that the insured may not need to purchase additional coverage from the rental company.

(d) Where an insured has two or more vehicles covered by a plan or plans of reparation security containing the rented motor vehicle coverage required under paragraph (a), the insured may select the plan the insured wishes to collect from and that plan is entitled to a pro rata contribution from the other plan or plans based upon the property damage limits of liability. If the person renting the motor vehicle is also covered by the person's employer's insurance policy or the employer's automobile self-insurance plan, the reparation obligor under the employer's policy or self-insurance plan has primary responsibility to pay claims arising from use of the rented vehicle.

(e) A notice advising the insured of rental vehicle coverage must be given by the reparation obligor to each current insured with the first renewal notice after January 1, 1989. The notice must be approved by the commissioner of commerce. The commissioner may specify the form of the notice.

(f) When a motor vehicle is rented or leased in this state on a weekly or daily basis, there must be attached to the rental contract a separate form containing a written notice in at least 10-point bold type, if printed, or in capital letters, if typewritten, which states:

Under Minnesota law, a personal automobile insurance policy issued in Minnesota must cover the rental of this motor vehicle against damage to the vehicle and against loss of use of the vehicle. Therefore, purchase of any collision damage waiver or similar insurance affected in this rental contract is not necessary if your policy was issued in Minnesota.

No collision damage waiver or other insurance offered as part of or in conjunction with a rental of a motor vehicle may be sold unless the person renting the vehicle provides a written acknowledgment that the above consumer protection notice has been read and understood.

(g) When damage to a rented vehicle is covered by a plan of reparation security as provided under paragraph (a), the rental contract must state that payment by the reparation obligor within the time limits of section 72A.201 is acceptable, and prior payment by the renter is not required.

(h) To be compensated for the loss of use of a damaged rented motor vehicle, the car rental company must prove:

(1) that had the vehicle been available, it would have been rented; and

(2) that no other vehicle was available for rental in place of the damaged vehicle.

The standard of proof set forth in this paragraph does not limit the responsibility of a reparation obligor to provide an insured with coverage for any loss of use for which the reparation obligor is otherwise responsible. A car rental company may be compensated for loss of use of a damaged rental motor vehicle only for the period when the damaged car actually

would have been rented.

Sec. 14. Minnesota Statutes 1988, section 65B.525, subdivision 1, is amended to read:

Subdivision 1. The supreme court and the several courts of general trial jurisdiction of this state shall by rules of court or other constitutionally allowable device, provide for the mandatory submission to *binding* arbitration of all cases at issue where the claim at the commencement of arbitration is in an amount of \$5,000 or less against any insured's reparation obligor for no-fault benefits or comprehensive or collision damage coverage.

Sec. 15. Minnesota Statutes 1988, section 72A.20, subdivision 17, is amended to read:

Subd. 17. [RETURN OF PREMIUMS.] (a) Refusing, upon surrender of an individual policy of life insurance *in the case of the insured's death, or in the case of a surrender prior to death, of an individual insurance policy not covered by the standard nonforfeiture laws under section 61A.24,* to refund to the ~~estate of the insured~~ owner all unearned premiums paid on the policy covering the insured as of the time of the insured's death if the unearned premium is for a period of more than one month.

~~The insurer may deduct from the premium any previously accrued claim for loss or damage under the policy.~~

~~For the purposes of this section, a premium is unearned during the period of time the insurer has not been exposed to any risk of loss.~~

(b) Refusing, upon termination or cancellation of a policy of automobile insurance under section 65B.14, subdivision 2, or a policy of homeowner's insurance under section 65A.27, subdivision 4, or a policy of accident and sickness insurance under section 62A.01, or a policy of comprehensive health insurance under chapter 62E, to refund to the insured all unearned premiums paid on the policy covering the insured as of the time of the termination or cancellation if the unearned premium is for a period of more than one month.

~~The insurer may deduct from the premium any previously accrued claim for loss or damage under the policy~~

(c) This subdivision does not apply to policies of insurance providing coverage only for motorcycles or other seasonally rated or limited use vehicles where the rate is reduced to reflect seasonal or limited use.

(d) For purposes of this section, a premium is unearned during the period of time the insurer has not been exposed to any risk of loss. Except for premiums for motorcycle coverage or other seasonally rated or limited use vehicles where the rate is reduced to reflect seasonal or limited use, the unearned premium is determined by multiplying the premium by the fraction that results from dividing the period of time from the date of termination to the date the next scheduled premium is due by the period of time for which the premium was paid.

(e) The owner may cancel a policy referred to in this section at any time during the policy period. This provision supersedes any inconsistent provision of law or any inconsistent policy provision.

Sec. 16. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 20. No insurance company doing business in this state shall engage in any selection or underwriting practice that is arbitrary, capricious, or unfairly discriminatory.

Sec. 17. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 21. [LIMITATIONS ON HEALTH CARE PROVIDERS.] (a) No insurer providing benefits under the Minnesota no-fault automobile insurance act or a plan authorized by sections 471.617 or 471.98 to 471.982 may limit the type of licensed health care provider who may provide treatment for covered conditions under a policy so long as the services provided are within the scope of licensure for the provider. The insurer may not exclude a specific method of treatment for a covered condition if that exclusion has the effect of excluding a specific type of licensed health care provider from treating a covered condition.

(b) This subdivision does not limit the right of an insurer to contract with individual members of any type of licensed health care provider to the exclusion of other members of the group, nor shall it limit the right to the insurer to exclude coverage for a type of treatment if the insurer can show the treatment is not medically necessary or is not medically appropriate.

Sec. 18. Minnesota Statutes 1988, section 72A.20, is amended by adding a subdivision to read:

Subd. 22. [DISCRIMINATION IN AUTOMOBILE INSURANCE POLICIES.] No insurer that offers an automobile insurance policy in this state shall:

(1) use the employment status of the applicant or the failure to maintain no-fault coverage as a result of an overseas assignment or coverage provided by an employer as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

No insurer that offers an automobile insurance policy in this state shall:

(1) use the applicant's status as a tenant, as the term is defined in section 566.18, subdivision 2, as an underwriting standard or guideline; or

(2) deny coverage to a policyholder for the same reason.

Sec. 19. Minnesota Statutes 1988, section 72A.201, subdivision 5, is amended to read:

Subd. 5. [STANDARDS FOR FAIR SETTLEMENT OFFERS AND AGREEMENTS.] The following acts by an insurer, an adjuster, a self-insured, or a self-insurance administrator constitute unfair settlement practices:

(1) making any partial or final payment, settlement, or offer of settlement, which does not include an explanation of what the payment, settlement, or offer of settlement is for;

(2) making an offer to an insured of partial or total settlement of one part of a claim contingent upon agreement to settle another part of the claim;

(3) refusing to pay one or more elements of a claim by an insured for which there is no good faith dispute;

(4) threatening cancellation, rescission, or nonrenewal of a policy as an inducement to settlement of a claim;

(5) *notwithstanding any inconsistent provision of section 65A.01, subdivision 3, failing to issue payment for any amount finally agreed upon in settlement of all or part of any claim within five business days from the receipt of the agreement by the insurer or from the date of the performance by the claimant of any conditions set by such agreement, whichever is later;*

(6) *failing to inform the insured of the policy provision or provisions under which payment is made;*

(7) *settling or attempting to settle a claim or part of a claim with an insured under actual cash value provisions for less than the value of the property immediately preceding the loss, including all applicable taxes and license fees. In no case may an insurer be required to pay an amount greater than the amount of insurance;*

(8) *except where limited by policy provisions, settling or offering to settle a claim or part of a claim with an insured under replacement value provisions for less than the sum necessary to replace the damaged item with one of like kind and quality, including all applicable taxes, license, and transfer fees;*

(9) *reducing or attempting to reduce for depreciation any settlement or any offer of settlement for items not adversely affected by age, use, or obsolescence;*

(10) *reducing or attempting to reduce for betterment any settlement or any offer of settlement unless the resale value of the item has increased over the preloss value by the repair of the damage.*

Sec. 20. Minnesota Statutes 1988, section 72A.201, is amended by adding a subdivision to read:

Subd. 11. [DISCLOSURE MANDATORY.] An insurer must disclose the coverage and limits of an insurance policy within 30 days after the information is requested in writing by a claimant.

Sec. 21. Minnesota Statutes 1988, section 72A.201, is amended by adding a subdivision to read:

Subd. 12. [PREJUDGMENT INTEREST.] If a judgment is entered against an insured, the principal amount of which is within the applicable policy limits, the insurer is responsible for their insured's share of the costs, disbursements, and prejudgment interest, as determined under section 549.09, included in the judgment even if the total amount of the judgment is in excess of the applicable policy limits.

Sec. 22. Minnesota Statutes 1988, section 79.251, is amended by adding a subdivision to read:

Subd. 6. [AGENTS.] A person licensed under section 60A.17 may submit an application for coverage to the assigned risk plan and receive a fee from the assigned risk plan for submitting the application. However, the licensee is not an agent of the assigned risk plan for purposes of state law. All checks or similar instruments submitted in payment of assigned risk plan premiums must be made payable to the assigned risk plan and not the agent.

Sec. 23. [REPEALER.]

(a) Minnesota Statutes 1988, section 621.12, is repealed.

(b) Minnesota Rules, part 2780.2700, is repealed.

Sec. 24. [EFFECTIVE DATES.]

Sections 1, 4 to 8, 10 to 12, and 14 to 23 are effective the day following final enactment.

Sections 2, 3, 9, and 13 are effective for policies issued or renewed on or after August 1, 1989."

Amend the title as follows:

Page 1, line 8, after "60A.08," insert "subdivision 12, and"

Page 1, line 12, delete "subdivisions" and insert "a subdivision"

Page 1, line 13, after "3;" insert "65B.49, subdivision 5a;"

And when so amended the bill do pass. Amendments adopted. Report adopted.

ARTICLE I: JOINT CONVENTIONS

HOW GOVERNED

Rule 1.01. The Speaker of the House shall preside at all Conventions of the two houses of the Legislature and shall call the members to order. The Chief Clerk of the House shall be the Secretary and the Sergeant at Arms of the House shall be the Sergeant at Arms of the Convention.

PRESIDENT'S DUTIES

Rule 1.02. The President of the Convention shall preserve order and decorum. He may speak on all points of order in preference to other members and shall decide questions of order, subject to an appeal to the Convention by any member. He shall rise to put a question but may state it while seated.

PRESIDENT'S RIGHT TO VOTE

Rule 1.03. The President shall have the right to vote in all cases except appeals from his decisions. He shall vote last on all questions.

STATING QUESTIONS

Rule 1.04. Questions shall be put to the Convention in the following form: "As many as are of the opinion that (the question) shall pass, say 'Aye.'" After an affirmative vote is expressed the nays shall be called as follows: "As many as are of the contrary opinion, say 'No.'" If the President is in doubt or a division is called, those in the affirmative shall rise first and those in the negative afterward.

ORDER OF DEBATE

Rule 1.05. When any member wishes to speak to the Convention on any matter, he shall rise and respectfully address the President, and not speak further until recognized. He shall confine himself to the question under debate and avoid personal remarks. When two or more members rise at the same time, the President shall designate the member to speak first. No member shall speak more than twice on the same question without permission of the Convention.

CALLING MEMBER TO ORDER

Rule 1.06. If any member of the Joint Convention is called to order for offensive words in debate, the member calling him to order shall report the words to which exception is taken and the Secretary shall record them. No member may be called to order for any language used in debate if exception is not taken before any other member has spoken or any other business has taken place. A member called to order shall immediately sit down unless another member moves to permit him to explain. In any case, the Joint Convention, if appealed to, shall decide without debate. Only if the decision is in favor of the member called to order shall he be at liberty to proceed.

CALL OF THE CONVENTION

Rule 1.07. Five members may demand a call of the Convention at any time except after voting has commenced. When such a call is demanded, the doors shall be closed, the roll shall be called, the absent members shall be sent for, and no member may be permitted to leave the Chamber, unless excused by the President, until the call is lifted. Proceedings under the roll call may be suspended by a majority vote of all the members of the Convention. A call of the Convention may be lifted by a majority vote of all the members of the Convention.

ELECTIONS

Rule 1.08. In all elections by the Joint Convention, members shall vote viva voce and the roll of Senate members shall be called first. Whenever there is an election of any officer in Joint Convention, the result shall be certified by the President of the Senate and the Speaker of the House and announced by them to their respective houses. The result shall be entered on the Journal of each house and communicated to the Governor by the Secretary of the Convention.

NO SMOKING

Rule 1.09. No person is permitted to smoke in the Chamber or in the gallery during a Joint Convention.

PARLIAMENTARY PROCEDURE

Rule 1.10. The rules of the House shall be the Rules of the Joint Convention of both houses in all cases in which the foregoing rules are not applicable.

ARTICLE II: BILLS

FORM

Rule 2.01. The title of each bill shall clearly state its subject and briefly state its purpose. When a bill amends or repeals an existing act, the title shall refer to the chapter, section or subdivision.

Reference shall be made to Minnesota Statutes for the provisions appearing therein unless reference to previous session laws is required for some special reason.

Bills shall refer to Minnesota Statutes as follows:

“Minnesota Statutes , section ”

Bills shall refer to the session laws as follows:

“Laws , chapter , section ”

A bill for the amendment of a statute shall contain the full text of the section or subdivision to be amended as it appears in the latest edition of Minnesota Statutes unless it has been amended, in which event it shall contain the full text as amended.

The words and characters constituting the amending matter shall be inserted in the proper place in the text and underscored. The words and characters to be eliminated by the amendment shall be stricken by drawing a line through

them. The text of a new section or subdivision shall also be underscored when a bill amends an existing chapter or section by adding a new section or subdivision. In the omnibus appropriation bills required by Joint Rule 2.02, sections making an appropriation or transfer and not amending a statute or session law need not have new material underscored. Before a committee favorably reports upon a bill, the chairman of the committee shall see that the bill conforms to this rule. When a bill is printed in the Journal, the new matter shall be in italics or underscored and the matter to be eliminated shall be capitalized and in parentheses or stricken by drawing a line through it. A bill drafted by the Revisor of Statutes for the purposes of correcting errors in Minnesota Statutes need not comply with the provisions of this paragraph if the bill is labeled "REVISOR'S BILL" immediately below the title, and if there is attached thereto a memorandum of information explaining the reasons for the bill.

If the bill is for an original law and not for an amendment of an existing law, the sections and subdivisions shall be arranged, subdivided, and numbered in like manner as Minnesota Statutes. If such a bill assigns to the sections thereof headnotes or identification by the decimal system of numbering used in Minnesota Statutes, such headnotes and decimal identification may be submitted by standing committee chairmen to the Revisor of Statutes for examination. Any such headnotes shall be capital letters enclosed in brackets, and shall be subject to the provisions of Minnesota Statutes, section 648.36.

All numbers in titles shall be expressed in figures. All numbers of section or chapter of law shall be in figures. In odd-numbered years, at least twenty calendar days prior to the last day the Legislature can meet in regular session [Tuesday, May 2, 1989], the Committee on Finance of the Senate and the Committee on Appropriations of the House shall report to their respective houses, unless directed by concurrent resolution to report different appropriation bills, ~~eight~~ five separate appropriation bills as follows:

No other appropriations shall be contained in any of said bills but all other appropriations shall be contained in separate bills.

DEADLINES

Rule 2.03. (a) In odd-numbered years, committee reports on bills favorably acted upon by a committee in the house of origin after ~~April 10, 1987~~ *April 14, 1989*, and committee reports on bills originating in the other house favorably acted upon by a committee after ~~April 28, 1987~~ *April 26, 1989*, shall be referred in the Senate to the Committee on Rules and Administration, and in the House of Representatives to the Committee on Rules and Legislative Administration for disposition. Referral is not required when a committee after the earlier date and by the later date set by this paragraph acts on a bill that is a companion to a bill that has met the earlier deadline in the other house. This rule does not apply to the Senate Committees on Finance and on Taxes and Tax Laws, and the House Committees on Appropriations and on Taxes.

Conference committees on the major appropriation bills specified in Joint Rule 2.02 shall have their reports on the members' desks by the last Thursday on which the Legislature can meet in regular session [May 18, 1989]. After the last Friday on which the Legislature can meet in regular session [May 19, 1989], neither house shall act on bills other than those contained in:

- (1) Reports of Conference Committees;
- (2) Messages from the other house;
- (3) Reports of the Committee on Rules and Administration in the Senate or the Committee on Rules and Legislative Administration in the House; or
- (4) Messages from the Governor.

(b) In even-numbered years the Legislature shall establish by concurrent resolution deadlines based on the date intended to be the date of adjournment sine die.

AMENDING BILLS ORIGINATING IN OTHER HOUSE

Rule 2.04. Either house shall have the power to amend any bill, memorial, or resolution passed by the other house.

RECEDING FROM POSITION

Rule 2.05. Prior to a Conference Committee on any matter, either house may recede from its position on any difference existing between the two houses. In order to recede, and if the matter is not in the possession of a house, that house shall request return of the matter from the other house. To recede, a majority of a house shall govern, except in cases otherwise provided in the Constitution. If the question is put and lost, it shall not be put again on the same day. A reconsideration of the question shall in all respects be regulated by the rules of that house.

CONFERENCE COMMITTEES

Rule 2.06. In all cases of disagreement between the Senate and House on amendments adopted by either house to a bill, memorial or resolution passed by the other house, a Conference Committee consisting of not less than three members nor more than five members from each house may be requested by either house. The other house shall appoint a similar committee.

The manner of procedure shall be as follows: The house of origin passes a bill and transmits it to the other body. If the other body adopts an amendment to the bill and passes it as amended, it shall return the bill with a record of its actions to the house of origin. If the house of origin refuses to concur in the amendment, it shall ask for a Conference Committee, appoint such a committee on its part, and transmit the bill with a record of its action to the other house. If the other house adheres to its amendment, it shall appoint a like committee and return the bill to the house of origin.

All Conference Committees shall be open to the public. Meetings of Conference Committees shall be announced as far in advance as practical. At an agreed upon hour the Conference Committee shall meet. The members from each house shall state to the members from the other house, orally or in writing, the reason for their respective positions. The members shall confer thereon and shall report to their respective houses the agreement they have reached, or, if none, the fact of a disagreement. No report of a Conference Committee may be made to either house unless it reports action taken at an open meeting of the Conference Committee. A report in violation of this rule is out of order.

If an agreement is reported, the house of origin shall act first upon the report. A Conference Committee report must be limited to provisions that are germane to the bill and amendment that were referred to the Conference Committee. A provision is not germane if it relates to a substantially different subject or is intended to accomplish a substantially different purpose from that of the bill and amendment that were referred to the Conference Committee. If the report is adopted and repassed as amended by the Conference Committee by the house of origin, the report, the bill and a record of its action shall be transmitted to the other house.

~~All Conference Committees shall be open to the public. Meetings of Conference Committees shall be announced as far in advance as practical.~~

Except after the last Thursday on which the Legislature can meet in regular session in odd-numbered years [May 18, 1989], and after the last Thursday on which the Legislature intended, when it adopted the concurrent resolution required by Rule 2.03, paragraph (b), to meet in regular session

in even-numbered years, a written copy of a report of a Conference Committee shall be placed on the desk of each member of a house twelve hours before action on the report by that house. If the report has been reprinted in the Journal of either house for a preceding day and is available to the members, the Journal copy shall serve as the written report. The member presenting the Conference Committee report to the body shall disclose, either in writing or orally, the substantial changes from the bill or the amendment as they were last before the body.

ENROLLMENT AND SIGNATURE

Rule 2.07. After a bill or memorial has been passed by both houses, it shall be carefully and properly enrolled by the Revisor of Statutes under the direction of the Secretary of the Senate for a matter originating in the Senate or the Chief Clerk of the House for a matter originating in the House. The Revisor of Statutes shall obtain the signatures and certificates of the proper officers to the enrolled copy of the bill or memorial and present it to the Governor for his approval.

A bill or memorial may be prepared for presentation to the Governor on good quality paper approximately 8 1/2" x 14" in size and may be produced by means of a copying machine. An enrolled bill shall be labeled "An Act" and it shall be identical to the bill passed by the Legislature. An enrolled bill which is amendatory of any existing law or constitutional provision shall indicate deletions and additions in the manner provided in Rule 2.01 for printed bills.

ARTICLE IV: ELECTION OF REGENTS

JOINT COMMITTEE

Rule 4.01. Each person recommended by the regent candidate advisory council is considered to be nominated. Other persons may be nominated by a member of the committee at the meeting. Nominations may be made by committee members only. Nominations must be made for a specified congressional or student seat, or for any at-large seat.

Voting must be by public ballot. Each member has one vote for each recommendation to be made. A majority vote of the members of the committee from each house is required for a candidate to be recommended.

JOINT CONVENTION

Rule 4.02. At the Joint Convention of the senate and house of representatives called to elect regents, the joint committee shall report the name of the person or persons recommended for each seat. These persons are considered to be nominated. Any member of the legislature may submit additional nominations. If there is more than one at-large seat to be filled, all candidates for an at-large seat run for any of the at-large seats.

The roll shall be called viva voce on the election of regents. The roll must be called first on congressional district seats until they are filled, then on the student seat, and then on the at-large seats. The candidate for each seat receiving a majority of the votes cast must be declared elected. If no candidate receives a majority of the votes cast for a seat, on each succeeding ballot the candidate with the fewest votes must be dropped from consideration and the votes cast again until a majority vote is achieved. Any candidate with fewer than 20 votes on any ballot shall also be dropped on succeeding ballots.

COMMUNITY AND URBAN REFORESTATION

Section 1. [COMMUNITY AND URBAN REFORESTATION STUDY.]

Subdivision 1. [LEGISLATIVE FINDINGS.] The legislature recognizes that the perils of disease and, increasingly in recent times, commercial and residential development present a serious threat to the prosperity and even survival of our community and urban forests. Prompt action must be taken to reverse this trend.

To this end, the Minnesota shade tree advisory committee, in conjunction with the University of Minnesota and the state department of agriculture shall conduct a study of problems presently facing our community and urban forests. The study shall focus upon such aspects of the problem as preserving the cooling effect of forestation with resulting energy savings, filtration of harmful particulate matter and absorption of harmful emissions, noise reduction, strategic planting and preservation of existing trees to maximize the benefits trees contribute to our environment, and such other aspects of the problem as the committee considers advisable.

Subd. 3. [RECOMMENDATIONS.] The committee shall make its recommendations to the appropriate committees of the legislature in January of 1990. Recommendations shall take the form of specific steps to halt the decline in community and urban forestation and to promote planting and preservation. The recommendations shall be prioritized to stress the more

critical needs and shall be accompanied by cost estimates wherever possible.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment.

AGRICULTURAL INTERPRETIVE CENTER

Section 1. [POLICY OF PRESERVING HISTORY OF BASIC INDUSTRIES.]

Minnesota's historic basic industries are agriculture, mining, and forestry. The history of these great human enterprises reaches back to and beyond the settlement of Minnesota by Minnesotans from other continents. Throughout their long history each has evolved in ways that no single generation could foresee and no individual alone can remember. Their history holds intense fascination for contemporary Minnesotans. It is the policy of the state to preserve and present that history in ways that do justice to its dramatic past and dynamic future. For these reasons the maintenance of a living history agricultural interpretive center is a desirable public purpose.

“Section 1. [254A.075] [MULTIDISCIPLINARY CHEMICAL ABUSE PREVENTION TEAM.]

Subdivision 1. [ESTABLISHMENT OF TEAM.] A county, a multicounty organization of counties formed by an agreement under section 471.59, or a city with a population of no more than 50,000, may establish a multidisciplinary chemical abuse prevention team. The chemical abuse prevention team may include, but not be limited to, representatives of health, mental health, public health, law enforcement, educational, social service, court service, community education, religious, and other appropriate agencies, and parent and youth groups. For purposes of this section, “chemical abuse” has the meaning given in Minnesota Rules, part 9530.6605, subpart 6. When possible the team must coordinate its activities with existing local groups, organizations, and teams dealing with the same issues the team is addressing.

Subd. 2. [DUTIES OF TEAM.] (a) A multidisciplinary chemical abuse prevention team shall:

(1) assist in coordinating chemical abuse prevention and treatment services provided by various groups, organizations, and agencies in the community;

(2) disseminate information on the chemical abuse prevention and treatment services that are available within the community in which the team is established;

(3) develop and conduct educational programs on chemical abuse prevention for adults and youth within the community in which the team is established;

(4) conduct activities to address other high-risk behaviors related to chemical abuse, including, but not limited to, suicide, delinquency, and family violence; and

(5) conduct other appropriate chemical abuse prevention activities.

(b) The team, in carrying out its duties under this subdivision, must focus on chemical abuse issues and needs unique to the community in which the team is established. In defining the needs and goals of the team, the team shall consult with the governmental body of the city or county in which the team is established. When a team is established in a multicounty area, the team shall consult with representatives of the county boards of each county.

(c) The team, in carrying out its duties, shall comply with the government data practices act in chapter 13, and requirements for confidentiality of

records under Code of Federal Regulations, title 42, sections 2.1 to 2.67, as amended through December 31, 1988, and section 254A.09.

Subd. 3. [GRANTS FOR DEMONSTRATION PROGRAM.] The state planning agency may award a grant to a county, multicounty organization, or city, as described in subdivision 1, for establishing and operating a multidisciplinary chemical abuse prevention team. The agency may approve up to five applications for grants under this subdivision. The grant funds must be used to establish a multidisciplinary chemical abuse prevention team to carry out the duties in subdivision 2.

Subd. 4. [STATE PLANNING; ADMINISTRATION OF GRANTS.] The state planning agency shall develop a process for administering grants under subdivision 3. The process must be compatible with the community grant program that the agency administers under the Drug Free Schools and Communities Act, Public Law Number 100-690. The process for administering the grants must include establishing criteria the state planning agency shall apply in awarding grants. The state planning agency shall issue requests for proposals for grants under subdivision 3. The request must be designed to obtain detailed information about the applicant and other information the state planning agency considers necessary to evaluate and select a grant recipient. The applicant shall submit a proposal for a grant on a form and in a manner prescribed by the state planning agency. The state planning agency shall award grants under this section so that 50 percent of the funds appropriated for the grants go to the metropolitan area comprised of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties, and 50 percent of the funds go to the area outside the metropolitan area. The process for administering the grants must also include procedures for monitoring the recipients' use of grant funds and reporting requirements for grant recipients.

Sec. 2. [MONITORING AND REPORT OF CHEMICAL ABUSE PREVENTION TEAMS.]

The state planning agency shall monitor the activities of teams funded under the demonstration program for multidisciplinary chemical abuse prevention teams under section 1, and report to the legislature on or before January 1, 1991, on the teams' operation and progress.

S.F. No. 1137: A bill for an act relating to health; establishing a blood lead level screening program for children; requiring local health boards to conduct environmental inspections; providing subsidized lead abatement services; requiring a report on soil and blood lead; appropriating money; proposing coding for new law in Minnesota Statutes, chapter 144.

Reports the same back with the recommendation that the bill be amended as follows:

Delete everything after the enacting clause and insert:

“Section 1. [144.851] [DEFINITIONS.]

Subdivision 1. [APPLICABILITY.] The definitions in this section apply to sections 1 to 15.

Subd. 2. [ABATEMENT.] “Abatement” means the use of the best available technology to remove or encapsulate deteriorating or intact lead paint or to reduce the availability of lead in soil and house dust, air, water, municipal solid waste, industrial waste, construction debris, compost, medicines, and any other sources considered a lead hazard by the commissioner.

Subd. 3. [BOARD OF HEALTH.] “Board of health” means an administrative authority established under section 145A.03 or 145A.07.

Subd. 4. [COMMISSIONER.] “Commissioner” means the commissioner of health.

Subd. 6. [ELEVATED BLOOD LEAD LEVEL.] “Elevated blood lead level” means at least 25 micrograms per deciliter.

Subd. 7. [ENCAPSULATION.] “Encapsulation” refers to the secure covering or containment of a lead source in soil or the stabilization of deteriorating paint and repainting to prevent harmful exposure to a toxic level of lead. Encapsulation includes maintenance of a stable condition of paint or soil cover and monitoring by the property owner. Sod cover or placement of soils below 25 parts per million and seeding is permitted. Treatment for walkways and car parking areas may be included in an order.

Subd. 8. [HIGH-EFFICIENCY VACUUMING.] “High-efficiency vacuuming” means the use of the best available vacuum technology to effectively reduce dust lead levels so as to produce a lead safe environment in dwellings or other locations containing a lead dust hazard or deteriorating paint requiring abatement.

Subd. 9. [IMMEDIATE LEAD HAZARD.] “Immediate lead hazard” means a lead source in deteriorating paint, dust, or bare soil with a toxic level of lead that is found to be readily available for ingestion by children or adults.

Subd. 10. [LEAD ABATEMENT CONTRACTOR.] “Lead abatement contractor” means an employer or other person or entity who, for financial gain, directly performs or causes to be performed, through subcontracting or similar delegation, work related to lead hazard abatement or immediate hazard removal.

Subd. 11. [LEAD HAZARD.] “Lead hazard” means the existence of a

toxic level of lead that is potentially a source of exposure to children who are known to ingest paint or tamper with painted surfaces or tamper with and consume soil.

Subd. 12. [LEAD SAFE.] "Lead safe" means a property, portion of a property, or lead source that is free of immediate lead hazards.

Subd. 13. [LOCAL HEALTH BOARD.] "Local health board" means a city or county board of health established under section 145A.03 or 145A.07.

Subd. 14. [LOW BLOOD LEAD LEVEL.] "Low blood lead level" means the blood lead level guideline of ten micrograms per deciliter.

Subd. 15. [TOXIC LEVEL OF LEAD.] "Toxic level of lead" means a lead level that pollutes the environment or causes harm to persons through consumption, ingestion, or prolonged exposure. Toxic levels for the following sources must be no greater than the following protocols set for determining abatement:

(1) any painted surface in deteriorating condition that is available for teething or tampering by a child must not contain a lead level greater than .5 percent lead by dry weight or loose chips containing greater than .01 percent lead as measured by atomic absorption spectrophotometry or test sample of 1.0 milligrams of lead per square centimeter of surface as measured on-site by portable XRF Analyzer or properly calibrated comparable technology;

(2) median lead content of any bare soil accessible to children must not exceed 100 parts per million;

(3) lead levels must not exceed 300 micrograms per square meter for any surface dust in the interior or exterior of a dwelling or workplace and 100 parts per million of lead dust in furniture, carpets, or household belongings; and

(4) lead levels for drinking water must not exceed a lead content of five parts per billion.

Sec. 2. [144.852] [PROACTIVE LEAD EDUCATION STRATEGY.]

The commissioner shall contract with local health boards, lead advocacy organizations, and businesses to design and implement a uniform, proactive educational program to promote the prevention of exposure to all sources of lead to target populations. Priority shall be given to provide ongoing education to health care and social service providers, registered lead abatement contractors, building trades professionals and nonprofessionals, property owners, and parents. Educational materials shall be multilingual and multicultural to meet the needs of diverse populations.

Sec. 3. [144.853] [LEAD SCREENING FOR CHILDREN.]

The commissioner shall contract with the local health boards of Minneapolis, St. Paul, and Duluth to promote and subsidize a baseline blood lead test of all children at risk who live in the high risk areas served by these local health boards and who are under six years of age. The lead screening must be advocated on a statewide basis through the proactive education efforts of local health boards. The lead screening must be promoted to be carried out in conjunction with routine blood tests. Medical laboratories performing blood lead analyses must provide copies of the laboratory report form for all blood lead levels of at least ten micrograms per deciliter to the commissioner and to the board of health of the city or

county in which the patient resides. The information obtained from the screenings must be reported by address and census tract and made available for research and to the public. The commissioner shall work through the statewide WIC program to ensure that testing of children in low-risk areas is integrated as a state reimbursed screening component of WIC services. The commissioner shall also evaluate the accessibility and affordability of lead screening for children throughout the state as provided by other health care providers and report the findings to the legislature by January 1, 1990.

Sec. 4. [144.854] [PERMIT REQUIRED.]

The owner of any property or a lead abatement contractor must obtain a permit from a local health board before beginning any sandblasting or burning of paint with a toxic level of lead.

Sec. 5. [144.855] [RESIDENTIAL ASSESSMENT AND ABATEMENT.]

Subdivision 1. [RESIDENCE ASSESSMENT.] If a child is identified as having a blood lead level that exceeds 25 micrograms per deciliter, the local health board must do a timely assessment of the child's residence to determine the sources of lead contamination and must provide education to the residents and the owner on the best means of reducing the danger of the lead sources. If a child or pregnant woman is identified as having a blood lead level that exceeds ten micrograms per deciliter, a lead abatement advocate or local health board shall provide education on prevention methods and services.

Subd. 2. [ABATEMENT ORDERS.] If the level of lead in paint, soil, dust, or water found during the assessment conducted under subdivision 1 exceeds the interim standards for a toxic level of lead, the board of health may issue an order for monitoring, immediate hazard removal, encapsulation, or permanent removal of the lead source.

Subd. 3. [WARNING NOTICE.] A warning notice must be posted on all entrances to properties for which an order to abate an intact lead paint source has been issued by a board of health. This notice must remain posted until the abatement has been completed in accordance with the order, or until the board of health removes it. This warning must be at least 8-1/2 by 11 inches in size, and must include the following provisions, or provisions using substantially similar language:

(a) "This property contains dangerous amounts of lead to which children under age six and pregnant women should not be exposed."

(b) "It is unlawful to remove or deface this warning. This warning may be removed only upon the direction of the local board of health."

Subd. 4. [RELOCATION OF RESIDENTS.] Relocation of residents is required from rooms or dwellings for removal of intact paint and the removal or disruption of intact lead-painted surfaces and plaster walls during construction or remodeling projects. The commissioner shall contract with local boards for safe housing for relocation requirements. Efforts must be made to minimize disruption and ensure that a family may return to their place of residence, if they desire, after abatement is completed.

Subd. 5. [RETESTING REQUIRED.] Monitoring for compliance after an abatement order issued for any case of an elevated blood lead level shall be prompt and include the retesting of all sources previously in violation. Persons relocated during abatement may reoccupy the residence

or rooms only when the retesting confirms compliance with a lead safe environment.

Sec. 6. [144.856] [REGISTRATION OF ABATEMENT CONTRACTORS.]

After July 1, 1989, abatement contractors who contract for the removal of leaded soil, dust, or deteriorating paint must register by phone, by mail, or in person with the commissioner and notify the local board of health of all abatement projects undertaken in response to an abatement order. All abatement contractors shall be given instructional materials on safe abatement methods and the requirements of relocation from rooms or dwellings by residents. By July 1, 1990, the commissioner shall develop or contract for a training program for abatement contractors and adopt rules specifying the abatement methods that must be used by contractors to provide for the safe sandblasting, collection, handling, storage, encapsulation, removal, transportation, and disposal of any material containing lead. By January 1, 1991, the commissioner shall report to the legislature concerning the need for licensure or certification of lead abatement contractors.

Sec. 7. [144.857] [LEAD ABATEMENT ADVOCATE.]

The commissioner shall administer a program to fund community-based advocates who, following the detection of a toxic level of lead, a low or elevated blood lead level, or after the issuance of an abatement order, will visit the family in their residence to instruct them about lead prevention, safety measures, materials, and procedures to be followed before, during, and after an abatement order.

Sec. 8. [144.858] [RULES.]

By June 30, 1990, the commissioner of the pollution control agency and the commissioner of health shall jointly adopt rules to set abatement procedures for the removal of intact paint through sandblasting, burning, or other methods approved by the commissioner.

Sec. 9. [144.859] [COMMITTEE ON LEAD PREVENTION.]

The commissioner of state planning shall convene a committee consisting of a representative of the Minnesota housing finance agency, the pollution control agency, the department of health, the state planning agency, the department of education, abatement contractors, realtors, community council representatives from high-risk areas, parents of lead-burdened children, lead researchers, and cultural groups at a high risk of lead poisoning. The committee shall evaluate the costs of providing assistance to property owners and local communities required to do abatement under this law and of providing subsidized programs to assist them. The committee shall also present recommendations for a statewide subsidized abatement service program. The commissioner shall report the findings and recommendations to the legislature by January 1, 1990.

Sec. 10. [144.860] [ENVIRONMENTAL SURVEY; ABATEMENT ORDERS.]

Subdivision 1. [ENVIRONMENTAL SURVEY REQUIRED.] The commissioner shall administer and contract for an environmental survey of soil lead levels and lead hazards in paint throughout high-risk areas, as is demonstrated by significant numbers of children with low and elevated blood lead levels.

Inspections shall include ten samples of interior floor dust from a square meter area and ten surface scrape soil samples from foundation soils near entrances, midyard, and streetside locations.

When an immediate lead hazard is found in a multiunit building, the commissioner may order an inspection of all units in the building.

Subd. 2. [ISSUANCE OF ABATEMENT ORDERS.] If an inspection reveals the need for the removal or encapsulation of an immediate lead hazard, if detection of a low or elevated blood lead level is found, or if the local board of health determines that a lead hazard exists at a residence, an order for abatement shall be issued. This order shall involve, in order of priority:

(1) an order for continued maintenance of a stable, nondeteriorating condition of a lead source for a temporary or permanent approach;

(2) an order for an immediate hazard removal of loose paint, dust, or loose soil with a toxic level of lead;

(3) an order for encapsulation of a lead source with a toxic level of lead; or

(4) an order for the removal of intact lead paint, painted surfaces, furnishings, or soil that is readily available to a child with a known pica for paint or soil.

Subd. 3. [HANDLING OF WASTE.] All liquid and solid waste generated or collected that is known to contain lead must be handled, source separated, processed, recycled, or disposed of in a manner to minimize the generation or distribution of lead in air or water.

Subd. 4. [NOTIFICATION OF LAW.] All abatement orders must include educational materials on safety specifications. The orders must also provide current information on tools and services required to perform the proposed abatement in compliance with safety and relocation specifications.

Sec. 11. [144.861] [ABATEMENT PROCEDURES.]

Subdivision 1. [FURNITURE AND POSSESSIONS.] In cases of abating an intact lead paint hazard or lead paint abatement dust, household furniture and personal possessions with a toxic level of lead dust shall be cleaned, encapsulated, or removed as part of the abatement procedure.

Subd. 2. [MAINTENANCE AND MONITORING REQUIRED.] Where a known intact surface or reservoir with a toxic level of lead exists, but does not pose a risk of being a lead hazard, the board of health shall issue an order requiring maintenance of a stable condition or secure encapsulation and monitoring for potential hazards from deterioration, weathering, remodeling, or the disturbing of soil cover by the property owner.

Subd. 3. [PROHIBITED PROCEDURES.] The dry scraping, brushing, sweeping, or dusting of a lead source containing a toxic level of lead is prohibited. Removal of intact lead-based paint through interior or exterior sanding, sandblasting, burning, or any other methods which the commissioner considers to generate a lead hazard, is prohibited.

Subd. 4. [HANDLING OF DUST.] During any lead abatement, dust and waste must be removed through high-efficiency vacuuming or repeated detergent washing of all surfaces and items requiring abatement. Household or industrial vacuuming is allowed only when the lead source is

saturated with a wet detergent or solvent. Cleanup must include the complete drying of all washed surfaces immediately following final wash.

Subd. 5. [PROTECTION OF NONCONTAMINATED AREAS.] Precautions must be taken to keep immediate lead hazards in dust, soil, and loose paint from noncontaminated and lead safe areas, materials, or belongings. Foundation soil, sidewalks, steps, plants, and other exterior property are to be covered with sheets of cloth or plastic.

Subd. 6. [RECOMMENDED PROCEDURES.] Lead paint removal on exteriors shall include, to the maximum extent feasible, the use of high-powered water spraying and wetting during scraping procedures and the secure covering of windows and entrances to reduce the generation and distribution of lead paint dust. Interior lead paint removal shall include the use of solvents, wet washing, high-efficiency vacuuming, and removal of painted surfaces.

Sec. 12. [144.862] [ENFORCEMENT OF COMPLIANCE.]

If a lead source constitutes an immediate lead hazard, or if there is failure to adequately protect workers, the environment, or residents, or if the source of lead remains a lead hazard for a child known to teethe on or consume nonfood items, the local health board shall order the abatement to be done by a registered lead abatement contractor. The costs of abatement may be levied on the property owner's property tax statement.

Sec. 13. [144.863] [SUBSIDIZED ABATEMENT SERVICES.]

The commissioner shall provide subsidized lead abatement services to tenants or property owners with incomes equal to or below 185 percent of the federal poverty guidelines or to any day care facility with a detected immediate lead hazard. The commissioner shall provide these services by contracting with organizations and businesses with experience in environmental lead abatement and lead prevention advocacy and which employ a principal investigator with experience in lead research. Abatement services must include, but are not limited to, water bill subsidy, temporary or permanent relocation of residents, immediate hazard removal, and temporary or permanent encapsulation or permanent removal of a lead source. Services shall be made available statewide with a priority given to persons living in residences where an elevated blood lead level has been detected. Tenant subsidy shall include relocation and immediate hazard removal and prevention tools. The commissioner may allow residences, at which a low or elevated blood lead level has been detected, to water designated play areas during drought conditions.

Sec. 14. [144.864] [PARKING REQUIREMENTS.]

For the purposes of paving new parking facilities for over ten cars which would result in the destruction of land and natural resources within 100 feet of an existing day care facility or within 1,000 feet of a federal reserve or national park, an environmental impact statement and documentation of nonpolluting environmental alternatives are required.

Sec. 15. [REPORT ON PAINT, SOIL, AND BLOOD LEAD.]

The commissioner shall contract with local health boards, Minnesota lead prevention advocacy organizations, and businesses with research experience to draft a report for review. The report shall consist of a statistical and geographic analysis by census tract of the data collected in

section 10 and an analysis of data from the statewide survey. The department shall review the literature, recommend appropriate response actions, and provide an estimate of the social costs of lead exposure. Cost estimates for treating the estimation of lead hazards shall include analysis of current abatement techniques and the effectiveness of the definitions for a toxic level of lead in paint, soil, dust, and water. Recommendations related to safety considerations shall address the progress of the state lead abatement programs, the benefits of the proactive lead education strategy, and subsidized abatement services. The report shall be submitted to the commissioner of health and the legislature by January 1, 1991.

Sec. 16. [APPROPRIATION.]

Sec. 4. Minnesota Statutes 1988, section 62E.10, subdivision 2a, is amended to read:

Subd. 2a. [APPEALS.] A person may appeal to the commissioner within 30 days after notice of an action, ruling, or decision by the board. *If the dispute relates to the rights and benefits of coverage available under the plan, the person must first exhaust the writing carrier's internal grievance process before appealing to the commissioner, unless exhaustion of the internal grievance process may delay the provision of medical care necessary to sustain life or to avoid substantial injury to the insured. If the internal grievance process is not concluded within 45 days after it is commenced, the person may appeal to the commissioner before the internal process has been exhausted.* A final action or order of the commissioner under this subdivision is subject to judicial review in the manner provided by chapter 14. In lieu of the appeal to the commissioner, a person may seek judicial review of the board's action.

Sec. 5. Minnesota Statutes 1988, section 62E.10, subdivision 7, is amended to read:

Subd. 7. [GENERAL POWERS.] The association may:

- (a) Exercise the powers granted to insurers under the laws of this state;
- (b) Sue or be sued;
- (c) Enter into contracts with insurers, similar associations in other states or with other persons for the performance of administrative functions including the functions provided for in clauses (e) and (f);
- (d) Establish administrative and accounting procedures for the operation of the association;
- (e) Provide for the reinsuring of risks incurred as a result of issuing the coverages required by sections 62E.04 and 62E.16 by members of the association. Each member which elects to reinsure its required risks shall determine the categories of coverage it elects to reinsure in the association. The categories of coverage are:

- (1) Individual qualified plans, excluding group conversions;
- (2) Group conversions;
- (3) Group qualified plans with fewer than 50 employees or members; and
- (4) Major medical coverage.

A separate election may be made for each category of coverage. If a member elects to reinsure the risks of a category of coverage, it must reinsure the risk of the coverage of every life covered under every policy issued in that category. A member electing to reinsure risks of a category of coverage shall enter into a contract with the association establishing a reinsurance plan for the risks. This contract may include provision for the pooling of members' risks reinsured through the association and it may provide for assessment of each member reinsuring risks for losses and operating and administrative expenses incurred, or estimated to be incurred in the operation of the reinsurance plan. This reinsurance plan shall be approved by the commissioner before it is effective. Members electing to administer the risks which are reinsured in the association shall comply

with the benefit determination guidelines and accounting procedures established by the association. The fee charged by the association for the reinsurance of risks shall not be less than 110 percent of the total anticipated expenses incurred by the association for the reinsurance; and

(f) Provide for the administration by the association of policies which are reinsured pursuant to clause (e). Each member electing to reinsure one or more categories of coverage in the association may elect to have the association administer the categories of coverage on the member's behalf. If a member elects to have the association administer the categories of coverage, it must do so for every life covered under every policy issued in that category. The fee for the administration shall not be less than 110 percent of the total anticipated expenses incurred by the association for the administration;

(g) *Notwithstanding section 62E.06, subdivision 1, establish a fee schedule for payments for services covered by the comprehensive health insurance plan according to section 7;*

(h) *Provide for the assignment of benefits on the terms and subject to the conditions the association determines are appropriate; and*

(i) *Provide for the development of new methods to allow the enrollee to participate in the choice and regulation of the enrollee's own health care in accordance with the principle that participation by the health care consumer in decisions affecting care is an effective means of ensuring that the health care services actually rendered are necessary, low in cost, and reasonably effective.*

Sec. 6. Minnesota Statutes 1988, section 62E.10, subdivision 9, is amended to read:

Subd. 9. [STUDIES, DEMONSTRATION PROJECTS, AND EXPERIMENTAL DELIVERY METHOD SYSTEMS.] ~~The association may petition the commissioner of commerce for a waiver to allow the experimental use of alternative means of health care delivery. The commissioner may approve the use of the alternative means the commissioner considers appropriate. The commissioner may waive any of the requirements of this chapter and chapters 60A, 62A, and 62D in granting the waiver. The commissioner may also grant to the association any additional powers as are necessary to facilitate the specific waiver, including the power to implement a provider payment schedule.~~

~~This subdivision is effective until August 1, 1990.~~

~~The commissioner of commerce in consultation with the governor's commission on health plan regulatory reform shall study and report to the legislature by January 15, 1989, on the current means utilized to finance the annual operating deficits incurred under the association. In conducting the study, the commissioner shall analyze any negative financial impacts which the current deficits are having on the contributing members of the association and recommend alternative sources of funding or other approaches which could be utilized to finance the operating deficit. The study shall also address the current association funding inequities between employers which self insure for employee health benefit coverage and those employers which have health coverage subject to state regulation. The association shall conduct studies, demonstration projects, and experimental delivery systems the association considers appropriate to give effect to the principles in section 62E.10, subdivisions 1, paragraph (b), and 7, paragraph (i).~~

The studies, demonstration projects, and experimental delivery systems may be administered by the writing carrier or by third parties the association in its discretion considers most likely to achieve its purposes. The writing carrier, as a condition of its acceptance of a contract to provide comprehensive health insurance, shall agree to provide data and information for studies and demonstration projects and other experimental delivery systems the association considers appropriate in discharging its obligations under this section. The association may petition the commissioner of commerce for, and the commissioner may grant, a waiver of any of the requirements of this chapter and chapters 60A, 62A, and 62D, to allow the experimental use of alternative health delivery systems.

Sec. 7. Minnesota Statutes 1988, section 62E.10, is amended by adding a subdivision to read:

Subd. 10. [FEE SCHEDULE.] (a) The association shall establish a fee schedule for payments for services covered by the comprehensive health insurance plan. The fee schedule must be designed to reduce the amount paid for services rendered under the plan without substantially reducing the access to services or quality of services. The fee schedule must be established no later than January 1, 1990. The fee schedule must be based on a weighted average of the following payments made to providers in the seven-county Minneapolis-St. Paul metropolitan area:

- (1) payments made under the medical assistance program;*
- (2) payments made under the Medicare program;*
- (3) payments made by the two largest contributing members of the association;*
- (4) workers' compensation payments; and*
- (5) payments by commercial insurers according to the fee schedule established by the Health Insurance Association of America.*

(b) A proposed fee schedule established under paragraph (a) must be published in the State Register along with notice of a public hearing on the fee schedule and solicitation of public comment on the fee schedule. Following the public hearing and comment period, the final fee schedule must be published in the State Register and is effective 30 days after publication.

(c) The association and the writing carrier must not reduce payments for services prior to the establishment of a fee schedule under this section.

(d) Information collected by the association for purposes of establishing a fee schedule under paragraph (a) is nonpublic, trade secret information as defined in section 13.37, subdivision 1, paragraph (b). The association may not disclose any information, formulas, or calculations relating to the fee schedule that would result in the direct or indirect release of the information described in paragraph (a), clause (3).

(e) As a condition of receiving a payment for services covered by the plan, a provider must agree not to charge to or collect from the enrollee any amount in excess of the fee schedule payment for a service. A provider who accepts a payment from the writing carrier is deemed to have agreed to this condition. However, a licensed physician may elect to be exempt from the requirements of this paragraph by annually informing the association at the times and in the manner prescribed by the association. The

association shall provide to enrollees a list of the physicians who do not accept the fee schedule as payment in full and shall inform enrollees that they are responsible for any portion of the provider's charges that exceed the fee schedule payment. A physician who has not informed the association that the physician elects to be exempt from this paragraph and who accepts a payment on behalf of an enrollee is deemed to have agreed to accept the fee schedule payment as payment in full and may not charge to or collect from the enrollee any charges in excess of the fee schedule payment.

Sec. 8. Minnesota Statutes 1988, section 62E.12, is amended to read:

62E.12 [MINIMUM BENEFITS OF COMPREHENSIVE HEALTH INSURANCE PLAN.]

The association through its comprehensive health insurance plan shall offer policies which provide the benefits of a number one qualified plan, a number two qualified plan and a qualified medicare supplement plan. They shall offer health maintenance organization contracts in those areas of the state where a health maintenance organization has agreed to make the coverage available and has been selected as a writing carrier. Notwithstanding the provisions of section 62E.06 the state plan shall exclude coverage of:

(1) services of a private duty nurse other than on an inpatient basis and;

(2) any charges for treatment in a hospital located outside of the state of Minnesota in which the covered person is receiving treatment for a mental or nervous disorder, unless similar treatment for the mental or nervous disorder is medically necessary, unavailable in Minnesota and provided upon referral by a licensed Minnesota medical practitioner; and

(3) services or articles that are determined by the writing carrier to be not medically necessary or to be experimental or investigative.

Sec. 9. [RESEARCH AND DATA COLLECTION; REPORT.]

Subd. 2. [DATA COLLECTION.] The board of directors of the comprehensive health association shall collect and analyze information and data concerning:

(1) the characteristics of the persons enrolled in the comprehensive health insurance plan;

(2) the types and locations of providers who serve enrollees;

(3) the amounts of payments made to providers for covered services; and

(4) other related information.

Subd. 3. [REPORT.] The board shall review the data collected under subdivision 2 and other relevant data and research relating to the delivery of health care, and report to the legislature by November 1, 1990, with recommendations for administrative and legislative changes to improve the efficiency and effectiveness of the comprehensive health insurance plan. The board shall propose specific language for legislation to accompany any recommendation for legislative change. The report must include at

least the following:

- (1) an analysis of the feasibility of an assumption of risk by the writing carrier;
- (2) an analysis of the risk factors in the population served by the plan;
- (3) a discussion of the feasibility of developing and implementing outcome measurements;
- (4) a description of the types and locations of medical providers who serve enrollees and a comparison of provider payments to payments made by other payers;
- (5) a description and analysis of the demographics of the enrollee population;
- (6) a description and evaluation of studies, demonstration projects, and experimental delivery systems conducted under section 6;
- (7) an analysis of potential cost-containment activities and alternative health care delivery methods; and
- (8) other information and recommendations the board considers appropriate.

Sec. 10. [EFFECTIVE DATE.]

Section 1 is effective July 1, 1989, and applies to policies issued or renewed on or after that date. The changes in section 3, paragraph (b), relating to the terms of members of the board of directors, are effective August 1, 1989, and apply to members appointed or elected on or after that date. The changes in section 3, paragraph (a), relating to the public members of the board of directors, are effective August 1, 1989, and apply to members selected on or after that date, so that full compliance with the changes will be achieved when the commissioner has appointed four public members subsequent to August 1, 1989, according to the existing schedule for the expiration of terms and appointment of members. The remaining changes in section 3, and sections 2 and 4 to 9 are effective July 1, 1989."

(4) The operation of a bona fide seniority system which mandates differences in such things as wages, hiring priorities, layoff priorities, vacation credit, and job assignments based on seniority, so long as the operation of the system is not a subterfuge to evade the provisions of this chapter;

(5) With respect to age discrimination, a practice by which a labor organization or employer offers or supplies varying insurance benefits or other fringe benefits to members or employees of differing ages, so long as the cost to the labor organization or employer for the benefits is reasonably equivalent for all members or employees;

(6) A restriction imposed by state statute, home rule charter, ordinance, or civil service rule, and applied uniformly and without exception to all

individuals, which establishes a maximum age for entry into employment as a peace officer or firefighter.

(7) Nothing in this chapter concerning age discrimination shall be construed to validate or permit age requirements which have a disproportionate impact on persons of any class otherwise protected by section 363.03, subdivision 1 or 5.

(8) It is not an unfair employment practice for an employer, employment agency, or labor organization:

(i) to require or request a person to undergo physical examination, which may include a medical history, for the purpose of determining the person's capability to perform available employment, provided (a) that an offer of employment has been made on condition that the person meets the physical or mental requirements of the job; (b) that the examination tests only for essential job-related abilities; and (c) that the examination except for examinations authorized under chapter 176 is required of all persons conditionally offered employment for the same position regardless of disability; or

(ii) with the consent of the employee, to obtain additional medical information for the purposes of establishing an employee health record;

(iii) to administer preemployment tests, provided that the tests (a) measure only essential job-related abilities, (b) are required of all applicants for the same position regardless of disability except for tests authorized under chapter 176, and (c) accurately measure the applicant's aptitude, achievement level, or whatever factors they purport to measure rather than reflecting the applicant's impaired sensory, manual, or speaking skills except when those skills are the factors that the tests purport to measure; or

(iv) to limit receipt of benefits payable under a fringe benefit plan for disabilities to that period of time which a licensed physician reasonably determines a person is unable to work; or

(v) to provide special safety considerations for pregnant women involved in tasks which are potentially hazardous to the health of the unborn child, as determined by medical criteria.

Sec. 5. Minnesota Statutes 1988, section 363.02, subdivision 2, is amended to read:

Subd. 2. [HOUSING.] (1) The provisions of section 363.03, subdivision 2, shall not apply to:

(a) rooms in a temporary or permanent residence home run by a nonprofit organization, if the discrimination is by sex; or

(b) the rental by a resident owner or occupier of a one-family accommodation of a room or rooms in the accommodation to another person or persons if the discrimination is by sex, marital status, status with regard to public assistance or disability. ~~Nothing in this chapter shall be construed to require any~~ Except as provided elsewhere in this chapter or other state or federal law, no person or group of persons selling, renting, or leasing property is required to modify the property in any way, or exercise a higher degree of care for a person having a disability than for a person who does not have a disability; nor shall this chapter be construed to relieve any person or persons of any obligations generally imposed on all persons regardless of any disability in a written lease, rental agreement, or contract

of purchase or sale, or to forbid distinctions based on the inability to fulfill the terms and conditions, including financial obligations of the lease, agreement or contract.

(2) The provisions of section 363.03, subdivision 2, prohibiting discrimination because of familial status shall not be construed to defeat the applicability of any local, state or federal restrictions regarding the maximum number of occupants permitted to occupy a dwelling unit and shall not apply to:

(a) any unoccupied dwelling unit in one building of a housing complex consisting of two buildings or, in a housing complex consisting of three or more buildings, any unoccupied dwelling unit in up to one third of all buildings in the housing complex. For the purposes of this clause, "housing complex" means a group of buildings each containing five or more units on a contiguous parcel of land owned by the same person; a building shall not be exempt from section 363.03, subdivision 2, pursuant to this clause unless the owner has filed an election to designate the building as exempt with the commissioner; an election made by an owner pursuant to this clause may not be withdrawn for purposes of designating another building in the housing complex as exempt for a period of one year from the filing of the election; or

(b) any unit in a condominium created prior to April 12, 1980, any unit in a condominium, other than a condominium converted from a residential building, created on or after April 12, 1980, and any unit in an adults-only condominium created from an existing adults-only rental building on or after April 12, 1980; or

(c) an unoccupied dwelling unit in any building in which at least a majority of the dwelling units are occupied by elderly persons or are unoccupied and available for occupancy solely by households of which at least one member is an elderly person; or

(d) any owner occupied building containing four or fewer dwelling units; or

(e) an unoccupied dwelling unit in any building which is the subject of a valid certificate filed with the commissioner pursuant to the provisions of this clause. To be valid, a certificate must be on a form provided by the commissioner, be received by the commissioner, state that on the date that the certificate is received by the commissioner at least a majority of the dwelling units in the building are occupied by elderly persons or are unoccupied and available for occupancy solely by households of which at least one member is an elderly person, state that on the date that the certificate is received by the commissioner there is on file with the owner of the building or a specified duly authorized agent of the owner for each occupied unit relied upon in support of the certificate a signed statement by an elderly person occupying the unit on the date that the certificate is received by the commissioner that the person is an elderly person, state that for a period of 180 days following the receipt of the certificate by the commissioner the owner or duly authorized agent will preserve the signed statements of the elderly persons and will, upon request, make the statements available for inspection by the commissioner or by any local commission having jurisdiction over the building, be signed by the owner or the duly authorized agent, and be in all respects true and accurate. A valid certificate shall remain valid for a period of 180 days following the date on which it is received by the commissioner. Any owner or authorized

agent who files a certificate containing statements or information that the owner or authorized agent knows or should reasonably know to be false shall be guilty of a misdemeanor;

(f) any unoccupied dwelling unit of up to one-third of the units in a building that is not part of a multibuilding complex; or

(g) any dwelling unit in a building owned by a cooperative apartment corporation, other than a building converted from a residential rental building to a cooperative apartment corporation building on or after April 12, 1980, unless that conversion was from an existing adults-only residential rental building.

(b) housing for elderly persons. "Housing for elderly persons" means housing:

(i) provided under any state or federal program that the commissioner determines is specifically designed and operated to assist elderly persons, as defined in the state or federal program;

(ii) intended for, and solely occupied by, persons 62 years of age or older; or

(iii) intended and operated for occupancy by at least one person 55 years of age or older per unit, provided that:

(A) there are significant facilities and services specifically designed to meet the physical or social needs of older persons, or if the provision of these facilities and services is not practicable, that the housing is necessary to provide important housing opportunities for older persons;

(B) at least 80 percent of the units are occupied by at least one person 55 years of age or older per unit; and

(C) there is publication of, and adherence to, policies and procedures that demonstrate an intent by the owner or manager to provide housing for persons 55 years of age or older.

Housing does not fail to meet the requirements for housing for elderly persons by reason of persons residing in the housing as of the effective date of this act who do not meet the age requirements of clauses (b)(ii) and (b)(iii) if new occupants of the housing meet the age requirements of clause (b)(ii) or (b)(iii). In addition, housing does not fail to meet the requirements by reason of unoccupied units if unoccupied units are reserved for occupancy by persons who meet the age requirements of clause (b)(ii) or (b)(iii).

Sec. 6. Minnesota Statutes 1988, section 363.02, subdivision 2a, is amended to read:

Subd. 2a. [MANUFACTURED HOME PARKS.] The provisions of subdivision 2, prohibiting discrimination because of familial status:

(1) do not apply to a manufactured home park the majority of whose lots are reserved by park rule to households containing at least one elderly person; and

(2) do not apply to a section or sections of a manufactured home park which are identified by park rule and do not comprise more than one-third of the lots in the park. In order to qualify for exemption under this subdivision, a park owner must comply with section 327C.02, subdivision 2, 327C.05, or 327C.07, subdivision 4, when adopting or amending a rule

concerning the permitted familial status of residents or of buyers of homes offered for in park sale.

Sec. 7. Minnesota Statutes 1988, section 363.02, subdivision 2b, is amended to read:

Subd. 2b. [EVICTION DUE TO FAMILIAL STATUS.] The provisions of section 363.03, subdivision 2, prohibiting discrimination because of familial status, do not apply to eviction from, or denial of continuing tenancy in, dwelling units exempt through certification under this section, provided that (1) one year has elapsed from the commencement of the familial status and (2) six months prior written notice has been given to the tenant, unless the eviction or denial of continuing tenancy is for non-payment of rent, damage to the premises, disturbance of other tenants, or other breach of the lease.

Sec. 8. Minnesota Statutes 1988, section 363.02, subdivision 6, is amended to read:

Subd. 6. [AGE.] By law or published retirement policy, a mandatory retirement age may be established without being a violation of this chapter if it is established consistent with section 181.81. Nothing in this chapter nor in section 181.81 shall prohibit employee pension and retirement plans from granting pension credit to employees over the age of 65 at a lesser rate than is granted to other employees, provided that in no event may an employee's accumulated pension credits be reduced by continued employment, and further provided that no other state or federal law is violated by the reduced rate of pension credit accrual. Nothing in this chapter shall be construed to prohibit the establishment of differential privileges, benefits, services or facilities for persons of designated ages if (a) such differential treatment is provided pursuant to statute, or (b) the designated age is greater than 59 years or less than 21 years. *Clause (b) does not apply to hiring, tenure, compensation, upgrading, or conditions of employment.*

Sec. 9. Minnesota Statutes 1988, section 363.03, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYMENT.] Except when based on a bona fide occupational qualification, it is an unfair employment practice:

(1) For a labor organization, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age,

(a) to deny full and equal membership rights to a person seeking membership or to a member;

(b) to expel a member from membership;

(c) to discriminate against a person seeking membership or a member with respect to hiring, apprenticeship, tenure, compensation, terms, upgrading, conditions, facilities, or privileges of employment; or

(d) to fail to classify properly, or refer for employment or otherwise to discriminate against a person or member.

(2) For an employer, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, membership or activity in a local commission, disability, or age,

(a) to refuse to hire or to maintain a system of employment which unreasonably excludes a person seeking employment; or

(b) to discharge an employee; or

(c) to discriminate against a person with respect to hiring, tenure, compensation, terms, upgrading, conditions, facilities, or privileges of employment.

(3) For an employment agency, because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age,

(a) to refuse or fail to accept, register, classify properly, or refer for employment or otherwise to discriminate against a person; or

(b) to comply with a request from an employer for referral of applicants for employment if the request indicates directly or indirectly that the employer fails to comply with the provisions of this chapter.

(4) For an employer, employment agency, or labor organization, before a person is employed by an employer or admitted to membership in a labor organization, to

(a) require the person to furnish information that pertains to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance ~~or~~, disability, or age; or, *subject to section 363.02, subdivision 1, to require or request a person to undergo physical examination; unless, for the sole and exclusive purpose of national security, information pertaining to national origin is required by the United States, this state or a political subdivision or agency of the United States or this state, or for the sole and exclusive purpose of compliance with the public contracts act or any rule, regulation, or laws of the United States or of this state requiring the information pertaining to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance or disability is required by the United States or a political subdivision or agency of the United States or examination; or*

(b) *seek and obtain for purposes of making a job decision, information from any source that pertains to the person's race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age, unless for the sole and exclusive purpose of compliance with the public contracts act or any rule, regulation, or laws of the United States or of this state requiring the information; or*

(c) cause to be printed or published a notice or advertisement that relates to employment or membership and discloses a preference, limitation, specification, or discrimination based on race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or age.

Any individual who is required to provide information that is prohibited by this subdivision is an aggrieved party under section 363.06.

(5) For an employer, an employment agency or a labor organization, with respect to all employment related purposes, including receipt of benefits under fringe benefit programs, not to treat women affected by pregnancy, childbirth, or disabilities related to pregnancy or childbirth, the same as other persons who are not so affected but who are similar in their ability or inability to work.

(6) For an employer with 50 or more permanent, full-time employees, an employment agency or a labor organization, not to make reasonable accommodation to the known disability of a qualified disabled person or job applicant unless the employer, agency, or organization can demonstrate that the accommodation would impose an undue hardship on the business, agency, or organization. "Reasonable accommodation" means steps which must be taken to accommodate the known physical or mental limitations of a qualified disabled person. "Reasonable accommodation" may include but is not limited to, *nor does it necessarily require*: (a) making facilities readily accessible to and usable by disabled persons; and (b) job restructuring, modified work schedules ~~that do not reduce the total number of hours normally worked~~, acquisition or modification of equipment or devices, and the provision of aides on a temporary or periodic basis.

In determining whether an accommodation would impose an undue hardship on the operation of a business or organization, factors to be considered include:

(a) the overall size of the business or organization with respect to number of employees or members and the number and type of facilities;

(b) the type of the operation, including the composition and structure of the work force, and the number of employees at the location where the employment would occur;

(c) the nature and cost of the needed accommodation;

(d) the reasonable ability to finance the accommodation at each site of business; and

(e) documented good faith efforts to explore less restrictive or less expensive alternatives, including consultation with the disabled person or with knowledgeable disabled persons or organizations.

A prospective employer need not pay for an accommodation for a job applicant if it is available from an alternative source without cost to the employer or applicant.

Sec. 10. Minnesota Statutes 1988, section 363.03, is amended by adding a subdivision to read:

Subd. 1a. [DISCLOSURE OF MEDICAL INFORMATION.] If any health care records or medical information adversely affects any employment decision concerning an applicant or employee, the employer must notify the affected party of that information within ten days of the final decision.

Sec. 11. Minnesota Statutes 1988, section 363.03, subdivision 2, is amended to read:

Subd. 2. [REAL PROPERTY.] It is an unfair discriminatory practice:

(1) For an owner, lessee, sublessee, assignee, or managing agent of, or other person having the right to sell, rent or lease any real property, or any agent of any of these:

(a) to refuse to sell, rent, or lease or otherwise deny to or withhold from any person or group of persons any real property because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status; or

(b) to discriminate against any person or group of persons because of race, color, creed, religion, national origin, sex, marital status, status with

regard to public assistance, disability, or familial status in the terms, conditions or privileges of the sale, rental or lease of any real property or in the furnishing of facilities or services in connection therewith, except that nothing in this clause shall be construed to prohibit the adoption of reasonable rules intended to protect the safety of minors in their use of the real property or any facilities or services furnished in connection therewith; or

(c) in any transaction involving real property, to print, circulate or post or cause to be printed, circulated, or posted any advertisement or sign, or use any form of application for the purchase, rental or lease of real property, or make any record or inquiry in connection with the prospective purchase, rental, or lease of real property which expresses, directly or indirectly, any limitation, specification, or discrimination as to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status, or any intent to make any such limitation, specification, or discrimination except that nothing in this clause shall be construed to prohibit the advertisement of a dwelling unit as available to adults-only if the person placing the advertisement reasonably believes that the provisions of this subdivision prohibiting discrimination because of familial status do not apply to the dwelling unit.

(2) For a real estate broker, real estate salesperson, or employee, or agent thereof:

(a) to refuse to sell, rent, or lease or to offer for sale, rental, or lease any real property to any person or group of persons or to negotiate for the sale, rental, or lease of any real property to any person or group of persons because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status or represent that real property is not available for inspection, sale, rental, or lease when in fact it is so available, or otherwise deny or withhold any real property or any facilities of real property to or from any person or group of persons because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status; or

(b) to discriminate against any person because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status in the terms, conditions or privileges of the sale, rental or lease of real property or in the furnishing of facilities or services in connection therewith; or

(c) to print, circulate, or post or cause to be printed, circulated, or posted any advertisement or sign, or use any form of application for the purchase, rental, or lease of any real property or make any record or inquiry in connection with the prospective purchase, rental or lease of any real property, which expresses directly or indirectly, any limitation, specification or discrimination as to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status or any intent to make any such limitation, specification, or discrimination except that nothing in this clause shall be construed to prohibit the advertisement of a dwelling unit as available to adults-only if the person placing the advertisement reasonably believes that the provisions of this subdivision prohibiting discrimination because of familial status do not apply to the dwelling unit.

(3) For a person, bank, banking organization, mortgage company, insurance company, or other financial institution or lender to whom application is made for financial assistance for the purchase, lease, acquisition, construction, rehabilitation, repair or maintenance of any real property or any agent or employee thereof:

(a) to discriminate against any person or group of persons because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status of the person or group of persons or of the prospective occupants or tenants of the real property in the granting, withholding, extending, modifying or renewing, or in the rates, terms, conditions, or privileges of the financial assistance or in the extension of services in connection therewith; or

(b) to use any form of application for the financial assistance or make any record or inquiry in connection with applications for the financial assistance which expresses, directly or indirectly, any limitation, specification, or discrimination as to race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, or familial status or any intent to make any such limitation, specification, or discrimination; or

(c) to discriminate against any person or group of persons who desire to purchase, lease, acquire, construct, rehabilitate, repair, or maintain real property in a specific urban or rural area or any part thereof solely because of the social, economic, or environmental conditions of the area in the granting, withholding, extending, modifying, or renewing, or in the rates, terms, conditions, or privileges of the financial assistance or in the extension of services in connection therewith.

(4) For any real estate broker or real estate salesperson, for the purpose of inducing a real property transaction from which the person, the person's firm, or any of its members may benefit financially, to represent that a change has occurred or will or may occur in the composition with respect to race, creed, color, national origin, sex, marital status, status with regard to public assistance, or disability of the owners or occupants in the block, neighborhood, or area in which the real property is located, and to represent, directly or indirectly, that this change will or may result in undesirable consequences in the block, neighborhood, or area in which the real property is located, including but not limited to the lowering of property values, an increase in criminal or antisocial behavior, or a decline in the quality of schools or other public facilities.

(5) For a person to deny a totally or partially blind, physically handicapped, or deaf person with a service dog full and equal access to real property provided for in this section. The person may not be required to pay extra compensation for the service dog but is liable for damage done to the premises by the service dog.

(6) For a home improvement, repair, or maintenance business to discriminate in terms, conditions, or extension of services against any person or group of persons who desire to rehabilitate, repair, or maintain real property in a specific urban or rural area or any part of the area because of the social or economic conditions of the area.

Notwithstanding the provisions of any law, ordinance, or home rule charter to the contrary, no person shall be deemed to have committed an unfair discriminatory practice based upon age if the unfair discriminatory practice

alleged is attempted or accomplished for the purpose of obtaining or maintaining one of the exemptions provided for a dwelling unit provided for in section 363.02, subdivision 2.

Sec. 12. Minnesota Statutes 1988, section 363.03, is amended by adding a subdivision to read:

Subd. 2a. [REAL PROPERTY; DISABILITY DISCRIMINATION.] (a) For purposes of subdivision 2, discrimination includes:

(1) a refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by the disabled person if modifications may be necessary to afford the disabled person full enjoyment of the premises; a landlord may, where it is reasonable to do so, condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, excluding reasonable wear and tear;

(2) a refusal to make reasonable accommodations in rules, policies, practices, or services, when accommodations may be necessary to afford a disabled person equal opportunity to use and enjoy a dwelling; or

(3) in connection with the design and construction of covered multifamily dwellings for first occupancy after March 13, 1991, a failure to design and construct those dwellings in a manner that:

(i) the public use and common use portions are readily accessible to and usable by a disabled person;

(ii) all the doors designed to allow passage into and within all premises are sufficiently wide to allow passage by disabled persons in wheelchairs; and

(iii) all premises contain the following features of adaptive design: an accessible route into and through the dwelling; light switches, electrical outlets, thermostats, and other environmental controls in accessible locations; reinforcements in bathroom walls to allow later installation of grab bars; and usable kitchens and bathrooms so that an individual in a wheelchair can maneuver about the space.

(b) As used in this subdivision, the term "covered multifamily dwellings" means:

(1) a building consisting of four or more units if the building has one or more elevators; and

(2) ground floor units in other buildings consisting of four or more units.

(c) This subdivision does not invalidate or limit any law of the state or political subdivision of the state, or other jurisdiction in which this subdivision applies, that requires dwellings to be designed and constructed in a manner that affords disabled persons greater access than is required by this subdivision.

(d) This subdivision does not require that a dwelling be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others.

Sec. 13. Minnesota Statutes 1988, section 363.03, subdivision 3, is amended to read:

Subd. 3. [PUBLIC ACCOMMODATIONS.] It is an unfair discriminatory practice:

(1) To deny any person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation because of race, color, creed, religion, disability, national origin or sex. It is an unfair discriminatory practice for a taxicab company to discriminate in the access to, full utilization of or benefit from service because of a person's disability. ~~Nothing in this subdivision requires any person to exercise a higher degree of care for a person having a disability or to modify property in any way except as required by the accessibility provisions of the state building code.~~

(2) For a place of public accommodation not to make reasonable accommodation to the known physical disability of a disabled person. In determining whether an accommodation is reasonable, the factors to be considered may include:

(a) the frequency and predictability with which members of the public will be served by the accommodation at that location;

(b) the size of the business or organization at that location with respect to physical size, annual gross revenues, and the number of employees;

(c) the extent to which disabled persons will be further served from the accommodation;

(d) the type of operation;

(e) the nature and amount of both direct costs and legitimate indirect costs of making the accommodation and the reasonableness for that location to finance the accommodation;

(f) the extent to which any persons may be adversely affected by the accommodation.

State or local building codes control where applicable. Violations of state or local building codes are not violations of this chapter and must be enforced under normal building code procedures. Nothing in this subdivision requires structural changes to real property except as required by state or local building codes.

This subdivision does not create a different standard of care. It applies only to unfair discriminatory practice cases brought under this statute and to no other causes of action.

Sec. 14. Minnesota Statutes 1988, section 363.03, subdivision 7, is amended to read:

Subd. 7. [REPRISALS.] It is an unfair discriminatory practice for any employer, labor organization, employment agency, public accommodation, public service, educational institution, or owner, lessor, lessee, sublessee, assignee or managing agent of any real property, or any real estate broker, real estate salesperson or employee or agent thereof to intentionally engage in any reprisal against any person because that person:

(1) Opposed a practice forbidden under this chapter or has filed a charge, testified, assisted, or participated in any ~~matter~~ manner in an investigation, proceeding or hearing under this chapter; or

(2) Associated with a person or group of persons who are disabled or who are of different race, color, creed, religion, or national origin.

A reprisal includes, but is not limited to, any form of intimidation, retaliation, or harassment. It is a reprisal for an employer to do any of the following with respect to an individual because that individual has engaged in the activities listed in clause (1) or (2): refuse to hire the individual; depart from any customary employment practice; transfer or assign the individual to a lesser position in terms of wages, hours, job classification, job security, or other employment status; or inform another employer that the individual has engaged in the activities listed in clause (1) or (2).

Sec. 15. Minnesota Statutes 1988, section 363.03, subdivision 8, is amended to read:

Subd. 8. [CREDIT; ~~SEX~~ DISCRIMINATION.] It is an unfair discriminatory practice:

(1) to discriminate in the extension of personal or commercial credit to a person, or in the requirements for obtaining credit, because of *race, color, creed, religion, disability, national origin, sex* or marital status; or

(2) for a credit card issuer to refuse to issue a credit card to a woman under her current or former surname unless there is an intent to defraud or mislead, except that a credit card issuer may require that a woman requesting a card under a former surname open a separate account in that name. A credit card issuer may also require disclosure of any other names under which the credit card applicant may have a credit history.

Sec. 16. Minnesota Statutes 1988, section 363.05, subdivision 2, is amended to read:

Subd. 2. [SERVICE, ENFORCEMENT, AND EFFECT OF SUBPOENA.] (a) Disobedience of a subpoena issued by the commissioner pursuant to subdivision 1 shall be punishable in like manner as a contempt of the district court in proceedings instituted upon application of the commissioner made to the district court of the county where the alleged unfair discriminatory practice in connection with a charge made by a charging party or a complaint filed by the commissioner has occurred or where the respondent resides or has a principal place of business.

(b) It is not a violation of rights conferred by chapter 13 or any other statute related to the confidentiality of government data for ~~an~~ a state agency, *statewide system, or political subdivision, as defined in section 13.02, subdivision 11*, to provide data or information under a subpoena issued by the commissioner under this section.

(c) *A subpoena issued under subdivision 1 must be served personally or by mailing a copy of the subpoena, by first class mail, postage prepaid, to the person to be served. The subpoena must include two copies of a notice and acknowledgment of service on a form to be provided by the commissioner, and a return envelope, postage prepaid, addressed to the sender. If acknowledgment of service is not received by the commissioner within 20 days, service is not effective. Unless good cause is shown for not doing so, a court or administrative law judge shall order the payment of the costs of personal service by the person served if the person does not complete and return the notice and acknowledgment of receipt of the subpoena within the time allowed.*

Sec. 17. Minnesota Statutes 1988, section 363.073, subdivision 1, is amended to read:

Subdivision 1. [SCOPE OF APPLICATION.] No department or agency

of the state shall receive, enter into, or accept any bid or proposal for a contract nor execute any contract for goods, services, or the performance of any function, or any agreement to transfer funds for any reason in excess of \$50,000 with any person having more than 20 full-time employees in Minnesota at any time during the previous 12 months, unless the person has an affirmative action plan for the employment of minority persons, women, and the disabled that has been approved by the commissioner of human rights. Receipt of a certificate of compliance issued by the commissioner shall signify that a person has an affirmative action plan that has been approved by the commissioner. A certificate shall be valid for a period of two years.

Sec. 18. Minnesota Statutes 1988, section 363.117, is amended to read:

363.117 [WITHDRAWAL FROM A LOCAL COMMISSION.]

Notwithstanding the provisions of any law or ordinance to the contrary, a person who has filed a charge with a local commission may bring a civil action as provided in section 363.14 at the following times:

(a) Within 45 days after *receipt of notice that the local commission has determined that there is no probable cause to credit the allegations contained in the charge; receipt of notice is presumed to be five days from the date of service by mail of the written notice; or*

(b) After 45 days from the filing of the charge if a hearing has not been held or if the local commission has not entered into a conciliation agreement to which the charging party is a signator. The charging party shall notify the local commission of an intention to bring a civil action, which shall be commenced within 90 days of giving the notice.

A charging party bringing a civil action shall mail by registered or certified mail a copy of the summons and complaint to the local commission and upon their receipt the local commission shall terminate all proceedings before the local commission relating to the charge. No charge shall be filed or reinstated with the local commission after a civil action relating to the same unfair discriminatory practice has been brought unless the civil action has been dismissed without prejudice.

Sec. 19. Minnesota Statutes 1988, section 363.123, is amended to read:

363.123 [VIOLATION OF ACT.]

It shall be a violation of ~~Laws 1973, this chapter 729~~ for any person furnishing credit service to discriminate against any person who is the recipient of federal, state or local public assistance, including medical assistance, or who is a tenant receiving federal, state or local housing subsidies, including rental assistance or rent supplements, ~~solely~~ because the individual is such a recipient.

Sec. 20. Minnesota Statutes 1988, section 363.14, subdivision 1, is amended to read:

Subdivision 1. [COURT ACTIONS, SUITS BY PRIVATE PARTIES, INTERVENTION.] (a) The commissioner or a person may bring a civil action seeking redress for an unfair discriminatory practice directly to district court. In addition, a person may bring a civil action:

(1) within 45 days after *receipt of notice that the commissioner has dismissed a charge because it is frivolous or without merit, because the charging party has failed to provide required information, because the*

commissioner has determined that further use of department resources is not warranted, or because the commissioner has determined that there is no probable cause to credit the allegations contained in a charge filed with the commissioner;

The district court shall hold a hearing to determine the amount of the fine authorized by this subdivision. In imposing a fine, the court shall consider the seriousness of the conduct, whether the amount of the fine is disproportionate to the conduct in which the person engaged, its impact on victims and any legitimate enterprise involved in that conduct, as well as the economic circumstances of the convicted person, including the effect of the imposition of the fine on the person's immediate family. For purposes of this subdivision, loss does not include pain and suffering.

Sec. 8. [609.905] [CRIMINAL FORFEITURE.]

Subdivision 1. [FORFEITURE.] When a person is convicted of violating

section 6, the court may order the person to forfeit to the prosecuting authority any real or personal property subject to forfeiture under this section. (1) a position, office, appointment, tenure, commission, or employment contract that was acquired or maintained in violation of section 6 or through which the person conducted or participated in the conduct of the affairs of an enterprise in violation of section 6 or that afforded the person a source of influence or control over the affairs of an enterprise that the person exercised in violation of section 6;

(2) any compensation, right, or benefit derived from a position, office, appointment, tenure, commission, or employment contract described in this section that accrued to the person during the period of conduct in violation of section 6;

(3) any interest in, security of, claim against, or property or contractual right affording the person a source of influence or control over the affairs of an enterprise that the person exercised in violation of section 6; and

(4) any amount payable or paid under any contract for goods or services that was awarded or performed in violation of section 6.

(3) has been placed beyond the jurisdiction of the court;

(4) has been substantially diminished in value by the conduct of the defendant;

(5) has been commingled with other property that cannot be divided without difficulty or undue injury to innocent persons; or

(6) is otherwise unreachable without undue injury to an innocent person.

Sec. 9. [609.907] [PRESERVATION OF PROPERTY SUBJECT TO FORFEITURE.]

Subdivision 1. [TEMPORARY RESTRAINING ORDER.] (a) When an indictment or complaint is filed under section 6, the district court may take any of the following actions if the prosecuting authority shows by a preponderance of the evidence that the action is necessary to preserve the reachability of property subject to criminal forfeiture:

(1) enter a restraining order or injunction;

(2) require the execution of a satisfactory performance bond; or

(3) take any other reasonable action, including the appointment of a receiver.

(b) Before granting the remedies provided by this subdivision, the court shall hold a hearing, after notice to all affected persons, giving them a reasonable opportunity to respond. At the hearing, the rules of evidence do not apply.

Subd. 2. [PREINDICTMENT ORDER.] (a) If no indictment or complaint has been filed, the district court may take actions provided in subdivision 1 if the prosecuting authority makes the showing required by subdivision 1 and also shows that:

(1) there is probable cause to believe that the property with respect to which the order is sought would, in the event of a conviction, be subject to criminal forfeiture under section 8; and

(2) the requested order would not result in substantial and irreparable harm or injury to the party against whom the order is to be entered, or to other affected persons, that outweighs the need to preserve the reachability of the property.

(b) An order entered under this subdivision is effective for a maximum of 90 days unless:

(1) extended by the district court for good cause; or

(2) terminated by the filing of an indictment or complaint alleging that the property is subject to forfeiture.

Subd. 3. [RESTRAINING ORDER WITHOUT NOTICE.] (a) On application by the prosecuting authority, the district court may grant, without notice to any party, a temporary restraining order to preserve the reachability of property subject to criminal forfeiture under section 8 if:

(1) an indictment or complaint alleging that property is subject to criminal forfeiture has been filed or the district court determines that there is probable cause to believe that property with respect to which the order is sought would, in the event of a conviction, be subject to criminal forfeiture under section 8;

(2) the property is in the possession or control of the party against whom the order is to be entered; and

(3) the district court makes a specific finding in writing that the property can be concealed, disposed of, or placed beyond the jurisdiction of the court before any party may be heard in opposition.

(b) A temporary restraining order granted without notice to any party under this subdivision expires within the time fixed by the court, not to exceed five days. The court may extend the order for good cause shown, or if the party against whom it is entered consents to an extension. After a temporary restraining order is granted under this subdivision, a hearing concerning the entry of an order under this section shall be held at the earliest practicable time and before the temporary order expires.

Sec. 10. [609.908] [DISPOSITION OF FORFEITURE PROCEEDS.]

Subdivision 1. [DISPOSITION ALTERNATIVES.] After making due provisions for the rights of innocent persons, the prosecuting authority shall, as soon as feasible, dispose of all property ordered forfeited under section 8 by:

- (1) *public sale;*
- (2) *transfer to a state governmental agency for official use;*
- (3) *sale or transfer to an innocent person; or*
- (4) *destruction, if the property is not needed for evidence in a pending criminal or civil proceeding.*

Subd. 2. [NO REVERSION TO DEFENDANT.] An interest in personal or real property not exercisable by or transferable for value by the prosecuting authority expires and does not revert to the defendant. Forfeited property may not be purchased by the defendant, relative of the defendant, or any person acting in concert with the defendant or on the defendant's behalf.

Subd. 3. [SALE PROCEEDS.] The proceeds of a sale or other disposition of forfeited property under this section whether by final judgment, settlement, or otherwise, must be applied as follows:

- (1) *to the fees and costs of the forfeiture and sale including expenses of seizure, maintenance, and custody of the property pending its disposition, advertising, and court costs;*
- (2) *to all costs and expenses of investigation and prosecution including costs of resources and personnel incurred in investigation and prosecution; and*
- (3) *the balance to the appropriate agencies under section 609.5315, subdivision 5.*

Sec. 11. [609.909] [ADDITIONAL RELIEF AVAILABLE.]

With respect to property ordered forfeited, fine imposed, or civil penalty imposed in a criminal proceeding under section 6 or civil proceeding under section 13, the district court may, on petition of the prosecuting authority or any other person within 60 days of a final order:

- (1) *authorize the compromise of claims;*
- (2) *award compensation to persons providing information that results in a forfeiture under section 8;*
- (3) *grant petitions for mitigation or remission of forfeiture or fines;*
- (4) *restore forfeited property or imposed fines to victims of a violation of section 6; and*
- (5) *take any other action to protect the rights of innocent persons that is in the interest of justice and is consistent with the purposes of sections 5 to 14.*

Sec. 12. [609.910] [RELATION TO OTHER SANCTIONS.]

Subdivision 1. [REMEDY NOT EXCLUSIVE.] Except as provided in this section, a criminal penalty, forfeiture, or fine imposed under section 6, 7, 8, or 13 does not preclude the application of any other criminal penalty or civil remedy for the separate criminal acts. A prosecuting authority may not file a civil action under section 13 if any prosecuting authority has filed a previous criminal proceeding under section 6 against the same person based on the same criminal conduct and the charges were dismissed or the person acquitted.

Subd. 2. [RESTITUTION.] A restitution payment to a victim under section 7 does not limit the liability for damages in a civil action or proceeding for an amount greater than the restitution payment.

Sec. 13. [609.911] [CIVIL REMEDIES.]

Subdivision 1. [RELIEF AVAILABLE.] The prosecuting authority may institute civil proceedings in district court against a person seeking relief from conduct constituting a violation of section 6 or to prevent or restrain future violations. If the prosecuting authority proves the alleged violation by a preponderance of the evidence, and the court has made due provision for the rights of innocent persons, the court may:

(1) order a defendant to divest an interest in an enterprise or in real property;

(2) impose reasonable restrictions on the future activities or investments of a defendant, including prohibiting a defendant from engaging in the same type of endeavor as the enterprise in which the defendant was engaged in violation of section 6;

(3) order the dissolution or reorganization of an enterprise;

(4) order the suspension or revocation of a license, permit, or prior approval granted to an enterprise by a state agency; or

(5) order the surrender of the charter of a corporation organized under Minnesota law, dissolution of an enterprise, or the revocation of a certificate authorizing a foreign corporation to conduct business in Minnesota, if the court finds that:

(i) the board of directors or a managerial agent acting on behalf of the corporation, in conducting the affairs of the corporation, authorized or engaged in conduct prohibited by section 6; and

(ii) the public interest in preventing future criminal conduct requires the action.

Subd. 2. [INJUNCTIVE RELIEF] In a proceeding under this section, the court may grant injunctive relief.

Subd. 3. [CIVIL PENALTY.] The prosecuting authority may institute proceedings against an enterprise or an individual to recover a civil penalty. The penalty may be imposed in the discretion of the district court for conduct constituting a violation of section 6. The civil penalty may not exceed \$1,000,000 less a fine imposed under section 6. Penalties collected under this section must be applied to the costs and expenses of investigation and prosecution, including costs of resources and personnel incurred in investigation and prosecution, and the balance, if any, to the state general fund.

Subd. 4. [ATTORNEY FEES.] If the district court issues an injunction, or grants other relief under this section, or the prosecuting authority otherwise substantially prevails, the prosecuting authority shall also recover reasonable attorney fees in the trial and appellate courts and costs of investigation and litigation reasonably incurred.

Subd. 5. [PERSONAL JURISDICTION.] Personal service of process in a proceeding under this section may be made on any person outside of Minnesota if the person was a principal in any conduct constituting a violation of section 6 in this state. The person is deemed to have submitted

to the jurisdiction of the courts of this state for the purposes of this section.

Sec. 14. [609.912] [NOTICE TO OTHER PROSECUTING AUTHORITIES.]

When a county attorney begins an investigation involving sections 5 to 13, the county attorney shall notify the attorney general. When the attorney general begins an investigation involving sections 5 to 13, the attorney general shall notify the county attorney of each county in which a substantial part of the investigation is likely to be conducted.

Sec. 12. Minnesota Statutes 1988, section 10A.25, subdivision 2, is amended to read:

Subd. 2. In a year in which an election is held for an office sought by a candidate, no expenditures shall be made by the principal campaign committee of that candidate, nor any approved expenditures made on behalf of that candidate which expenditures and approved expenditures result in an aggregate amount in excess of the following:

Sec. 14. Minnesota Statutes 1988, section 10A.25, subdivision 5, is amended to read:

Subd. 5. Sec. 15. Minnesota Statutes 1988, section 10A.27, subdivision 1, is amended to read:

Sec. 16. Minnesota Statutes 1988, section 10A.275, is amended to read:
10A.275 [MULTICANDIDATE POLITICAL PARTY EXPENDITURES.]

Subdivision 1. [EXCEPTIONS.] Notwithstanding any other provisions of this chapter, the following expenditures by a state political party ~~or~~; a substate unit of a state political party ~~as described in section 10A.27,~~

~~subdivision 4;~~ or two or more substate units of a state political party acting together, with at least one substate unit being either: the state party organization or the party organization within congressional districts, counties, or legislative districts, shall not be considered contributions to or expenditures on behalf of any candidate for the purposes of section 10A.25 or 10A.27, and shall not be allocated to any candidates pursuant to section 10A.22, subdivision 5:

(a) expenditures on behalf of candidates of that party generally without referring to any of them specifically in any advertisement published, posted or broadcast;

(b) expenditures for the preparation, display, mailing or other distribution of an official party sample ballot listing the names of three or more individuals whose names are to appear on the ballot;

(c) expenditures for any telephone conversation including the names of three or more individuals whose names are to appear on the ballot; or

(d) expenditures for any political party fundraising effort on behalf of three or more candidates; or

(e) expenditures for party committee staff member services that benefit three or more candidates. This paragraph applies only to staff members paid from the political committee of a state political party as defined in section 10A.27, subdivision 4.

Subd. 2. [SUBSTATE UNIT OF STATE POLITICAL PARTY.] For purposes of this section, "substate unit of a state political party" means the party organization within each house of the legislature; the state party organization; or the party organization within congressional districts, counties, legislative districts, municipalities, or precincts.

Sec. 17. Minnesota Statutes 1988, section 10A.31, subdivision 5, is amended to read:

Subd. 5. In each calendar year the money in the general account ~~shall~~ must be allocated to candidates as follows:

- (1) 21 percent for the offices of governor and lieutenant governor together;
- (2) 3.6 percent for the office of attorney general;
- (3) 1.8 percent each for the offices of secretary of state, state auditor, and state treasurer;
- (4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative.

In each calendar year the money in each party account ~~shall~~ must be allocated as follows:

- (1) 14 percent for the offices of governor and lieutenant governor together;
- (2) 2.4 percent for the office of attorney general;
- (3) 1.2 percent each for the offices of secretary of state, state auditor, and state treasurer;

(4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator and 46-2/3 percent for the office of state representative;

(5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;

(6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate account and must be spent for legitimate political party operations, including voter education; the sample ballot; operations of precinct caucuses, county unit conventions, and state conventions; and the maintenance and programming of computers used to provide lists of voters, party workers, party officers, patterns of voting, and other data for use in political party activities; money allocated to a state committee under this clause must be paid to the committee as it is received in the account, on a monthly or other basis agreed to between the committee and the board.

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula;

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election,

amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account not distributed to candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. Money from the general account refused by any candidate ~~shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision~~ must be transferred to the special election account established in section 18.

Sec. 18. Minnesota Statutes 1988, section 10A.31, is amended by adding a subdivision to read:

Subd. 12. [SPECIAL ELECTION ACCOUNT.] The special election account is established as a separate account in the state election campaign fund. Money from the special election account must be distributed to each eligible candidate for a legislative office in a special election in an amount equal to the amount available to a candidate for the same office in the same district at the last general election. If there is insufficient money in the account to make the payments required under this subdivision, the entire amount of money available must be apportioned equally to all eligible legislative candidates. For purposes of this subdivision, "eligible candidate" means a candidate who meets the eligibility requirements for receiving money from the state election campaign fund as provided under section 10A.32. Money from the special election account must be distributed in the same manner as provided for general account money to legislative candidates in a general election.

Sec. 19. Minnesota Statutes 1988, section 10A.32, subdivision 3, is amended to read:

Subd. 3. As a condition of receiving any money from the state elections campaign fund, a candidate shall agree by stating in writing to the board that (a) the candidate's expenditures and approved expenditures shall not exceed the expenditure limits as set forth in section 10A.25 and that (b) except for an amount equal to 25 percent of the expenditure limits set forth

in section 10A.25, but not exceeding \$15,000, the candidate shall not accept contributions or allow approved expenditures to be made on the candidate's behalf for the period beginning with January 1 of the election year or with the registration of the candidate's principal campaign committee, whichever occurs later, and ending December 31 of the election year, which aggregate contributions and approved expenditures exceed the difference between the amount which may legally be expended by or for the candidate, and the amount which the candidate receives from the state elections campaign fund. The agreement, insofar as it relates to the expenditure limits set forth in section 10A.25, remains effective until the dissolution of the principal campaign committee of the candidate or the opening of filings for the next succeeding election to the office held or sought at the time of agreement, whichever occurs first. Money in the account of the principal campaign committee of a candidate on January 1 of the election year for the office held or sought shall be considered contributions accepted by that candidate in that year for the purposes of this subdivision. That amount of all contributions accepted by a candidate in an election year which equals the amount of noncampaign disbursements and contributions and expenditures to promote or defeat a ballot question which are made by that candidate in that year shall not count toward the aggregate contributions and approved expenditure limit imposed by this subdivision. Except for an amount equal to 25 percent of the expenditure limits set forth in section 10A.25, but not exceeding \$15,000, any amount by which the aggregate contributions and approved expenditures agreed to under clause (b) exceed the difference shall be returned to the state treasurer in the manner provided in subdivision 2. In no case shall the amount returned exceed the amount received from the state elections campaign fund.

The candidate may submit the signed agreement to the filing officer on the day of filing the affidavit of candidacy or petition to appear on the ballot, or to the board no later than September 1.

The board prior to the first day of filing for office shall forward forms for the agreement to all filing officers. The filing officer shall without delay forward signed agreements to the board. An agreement may not be rescinded after September 1.

Before the first day of filing for office, the board shall also forward a copy of section 10A.25, subdivision 3, to all filing officers. Before September 1, the filing officer shall provide a copy of section 10A.25, subdivision 3, to each candidate who files an affidavit of candidacy or whose name is to appear on the ballot by petition.

For the purposes of this subdivision only, the total amount to be distributed to each candidate is calculated to be the candidate's share of the total estimated funds in the candidate's party account as provided in subdivision 3a, plus the total amount estimated as provided in subdivision 3a to be in the general account of the state elections campaign fund and set aside for that office divided by the number of candidates whose names are to appear on the general election ballot for that office. If for any reason the amount actually received by the candidate is greater than the candidate's share of the estimate, and the contributions thereby exceed the difference, the agreement shall not be considered violated.

A candidate whose campaign spending is unlimited under conditions imposed by section 10A.25, subdivision 10, and who certifies that the candidate made campaign expenditures equal to the full amount of the

public financing received is not required to return any portion of the money received from the state elections campaign fund under the aggregate contribution limit provisions of this subdivision.

Sec. 20. Minnesota Statutes 1988, section 10A.33, is amended to read:

For the purpose of this subdivision, "contribution" includes an expenditure to promote or defeat the election or nomination of a candidate to a political office that is made with the authorization or expressed or implied consent of, or in cooperation or in concert with, or at the request or suggestion of, a candidate or committee established to support or oppose a candidate. For the purpose of this subdivision, "contribution" also includes the posting of campaign signs on commercial property free of charge or for a nominal fee.*

Sec. 23. Minnesota Statutes 1988, section 383B.055, subdivision 1, is amended to read:

amended to read:

Subd. 2. *The county filing officer of Hennepin county shall develop forms for all statements and reports required to be filed under sections 383B.041 to 383B.054. The filing officer shall furnish sufficient copies of the forms provided by the ethical practices board to all officers with whom candidates file affidavits or applications of candidacy and nominating petitions.*

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula:

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account not distributed to candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for

other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. (2) 16-1/3 percent for the office of United States senator for which an election will be held in 1994 and every six years afterward; and

(3) 67-1/3 percent for the offices of representative in Congress.

Sec. 23. Minnesota Statutes 1988, section 10A.31, is amended by adding a subdivision to read:

Subd. 5a. (3) *the amount in the candidate's party account allocated in that county and set aside for the candidates for the office the candidate is seeking.*

The sum of all the county shares calculated in the formula in this paragraph is the candidate's share of the candidate's party account.

(b) *With respect to the formula in paragraph (a), the terms "last general election" and "candidate's district" have the following meanings:*

(1) *In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.*

(2) For a party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, "last general election" means the last general election in which the name of a candidate of that party appeared on the ballot in each voting precinct in the state.

(3) In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election must be applied to the area encompassing the newly drawn district even though the area was in a different district in the last general election.

(c) If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party must be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in paragraph (a), clauses (1) and (2). Every owner, lessee, or other person having charge of boilers, pressure vessels, or any boat subject to inspection under this chapter shall cause ~~the same~~ *them* to be inspected by the division of boiler inspection. Boilers and boats subject to inspection under this chapter ~~shall~~ *must* be inspected at least annually and pressure vessels inspected at least every two years *except as provided under section 183.45*. A person who fails to have the inspection required by this section shall pay to the commissioner a penalty in the amount of the cost of inspection up to a maximum of \$1,000.

Sec. 2. Minnesota Statutes 1988, section 183.45, is amended to read:

183.45 [INSPECTION.]

Subdivision 1. [WHEN REQUIRED.] All boilers and steam generators ~~shall~~ *must* be inspected by the division of boiler inspection before ~~same~~ *they* are used and all boilers ~~shall~~ *must* be inspected at least once each year thereafter *except as provided under subdivision 2*. Inspectors may subject all boilers to hydrostatic pressure or hammer test, and shall ascertain by a thorough internal and external examination that they are well made and of good and suitable material; that the openings for the passage of water and steam, respectively, and all pipes and tubes exposed to heat, are of proper dimensions and free from obstructions; that the flues are circular in form; that the arrangements for delivering the feed water are such that the boilers cannot be injured thereby; and that such boilers and their connections may be safely used without danger to life or property. Inspectors shall ascertain that the safety valves are of suitable dimensions, sufficient in number, and properly arranged, and that the safety valves are so adjusted as to allow no greater pressure in the boilers than the amount prescribed by the inspector's certificate; that there is a sufficient number of gauge cocks, properly inserted, to indicate the amount of water, and suitable gauges that will correctly record the pressure; and that the fusible metals

are properly inserted where required so as to fuse by the heat of the furnace whenever the water in the boiler falls below its prescribed limit; and that provisions are made for an ample supply of water to feed the boilers at all times; and that means for blowing out are provided, so as to thoroughly remove the mud and sediment from all parts when under pressure.

Subd. 2. [QUALIFYING BOILER.] (a) "Qualifying boiler" means a boiler of 200,000 pounds per hour or more capacity which has an internal continuous water treatment program approved by the department and which the chief boiler inspector has determined to be in compliance with paragraph (c).

(b) A qualifying boiler must be inspected at least once every 24 months internally and externally while not under pressure, and at least once every 18 months externally while under pressure. If the inspector considers it necessary to conduct a hydrostatic test to determine the safety of a boiler, the test must be conducted by the owner or user of the equipment under the supervision of an inspector.

(c) The owner of a qualifying boiler must keep accurate records showing the date and actual time the boiler is out of service, the reason or reasons therefor, and the chemical physical laboratory analysis of samples of the boiler water taken at regular intervals of not more than 48 hours of operation which adequately show the condition of the water, and any elements or characteristics thereof, capable of producing corrosion or other deterioration of the boiler or its parts.

(d) If an inspector determines there are substantial deficiencies in equipment or in operating procedures, inspections of a qualifying boiler may be required once every 12 months until such time as the chief boiler inspector finds that the substantial deficiencies have been corrected.

Sec. 3. [EFFECTIVE DATE.]

The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim

petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. The examination shall be completed and the report of the examination shall be served on the employee and filed with the commissioner within 120 days of service of the claim petition.

No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather addition information which was not included on the petition as required by section 176.291.

ARTICLE 3

WORKERS' COMPENSATION SYSTEM CHANGES

Section 1. Minnesota Statutes 1988, section 176.011, subdivision 11a, is amended to read:

Subd. 11a. [FAMILY FARM.] "Family farm" means any farm operation which (1) pays or is obligated to pay less than ~~\$8,000~~ \$20,000 in cash wages, exclusive of machine hire, to farm laborers for services rendered during the preceding calendar year, and (2) has total liability and medical payment coverage equal to \$250,000 and \$5,000, respectively, under a farm liability insurance policy. For purposes of this subdivision, farm laborer does not include any spouse, parent or child, regardless of age, of a farmer employed by the farmer, or any executive officer of a family farm corporation as defined in section 500.24, subdivision 2, or any spouse, parent or child, regardless of age, of such an officer employed by that family farm corporation, or other farmers in the same community or members of their families exchanging work with the employer. Notwithstanding any law to the contrary, a farm laborer shall not be considered as an independent contractor for the purposes of this chapter; provided that a commercial baler or commercial thresher shall be considered an independent contractor.

Sec. 2. Minnesota Statutes 1988, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed

by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed ~~66~~ ^{2/3} 80 percent of the ~~product of the daily wage times the number of days normally worked~~ *employee's after-tax weekly wage*, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 3. Minnesota Statutes 1988, section 176.011, is amended by adding a subdivision to read:

Subd. 18a. [AFTER-TAX WEEKLY WAGE.] "After-tax weekly wage" means the weekly wage reduced by the amounts required to be withheld by the Federal Insurance Contributions Act, United States Code, title 16, sections 3101 to 3126, but without regard to the yearly maximum, and by state and federal income tax laws using as the number of allowances the number of exemptions that the employee is entitled to under federal law for the employee and the employee's dependents.

Sec. 4. Minnesota Statutes 1988, section 176.021, subdivision 3, is amended to read:

*Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section ~~176.101~~ 13. If doubt exists as to the eventual permanent partial disability, payment ~~for the economic recovery compensation or impairment compensation, which ever is due, pursuant to section 176.101,~~ shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of ~~economic recovery compensation or lump sum or periodic payment of impairment compensation~~ *permanent partial disability compensation*, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent*

partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. ~~Economic recovery compensation or impairment compensation pursuant to section 176.101 is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and no credit shall be taken for payment of economic recovery compensation or impairment compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. Economic recovery compensation or impairment compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.~~

~~The right to receive economic recovery compensation or impairment permanent partial compensation vests in an injured employee or in the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained, provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met. The right is not abrogated by the employee's death prior to the making of the payment.~~

~~Disability ratings for permanent partial disability shall be based on objective medical evidence.~~

Sec. 5. Minnesota Statutes 1988, section 176.041, subdivision 4, is amended to read:

Subd. 4. [OUT-OF-STATE EMPLOYMENTS.] (a) *Except as provided in paragraph (b), if an employee who regularly performs the primary duties of employment outside of this state or is hired to perform the primary duties of employment outside of this state, receives an injury within this state in the employ of the same employer, such injury shall be covered within the provisions of this chapter if the employee chooses to forego any workers' compensation claim resulting from the injury that the employee may have a right to pursue in some other state, provided that the special compensation fund is not liable for payment of benefits pursuant to section 176.183 if the employer is not insured against workers' compensation liability pursuant*

to this chapter and the employee is a nonresident of Minnesota on the date of the personal injury.

(b) An employee who has been hired outside of this state, or regularly performs the primary duties of employment outside of this state, and the employee's employer, are exempt from the provisions of this chapter while the employee is temporarily within this state performing work for the employer provided the employer has furnished workers' compensation insurance coverage under the workers' compensation law or other similar law of another state which covers the employee's employment while in this state. The benefits under the workers' compensation law or similar law of the other state, or other remedies under that state's law, are the exclusive remedy against the employer for any injury, whether resulting in death or not, received by the employee while working for that employer within this state. A certificate from the commissioner of labor and industry or other similar official of another state certifying that the employer is insured in that state and has provided extraterritorial coverage insuring its employees while working within this state is prima facie evidence that the employer carries workers' compensation insurance on those employees.

Sec. 6. Minnesota Statutes 1988, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, ~~economic recovery compensation, impairment compensation,~~ medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 7. Minnesota Statutes 1988, section 176.081, subdivision 1, is amended to read:

Subdivision 1. (a) A fee for legal services of 25 percent of the first \$4,000 of compensation awarded to the employee and 20 percent of the next \$27,500 of compensation awarded to the employee is permissible and does not require approval by the commissioner, compensation judge, or any other party except as provided in ~~clause paragraph~~ (b). If the employer or the insurer or the defendant is given written notice of claims for legal services or disbursements, the claim shall be a lien against the amount paid or payable as compensation. In no case shall fees be calculated on the basis of any undisputed portion of compensation awards. Allowable fees under this chapter shall be based solely upon genuinely disputed portions of claims, including disputes related to the payment of rehabilitation benefits or to other aspects of a rehabilitation plan. Fees for administrative conferences under ~~section 176.242, 176.2421, 176.243, or 176.244 sections 176.106 and 176.239~~ shall be determined on an hourly basis, according to the criteria in subdivision 5.

(b) An attorney who is claiming legal fees under this section for representing an employee in a workers' compensation matter shall file a statement of ~~attorney's~~ attorney fees with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. A copy of the signed retainer agreement shall also be filed. The employee and insurer shall receive a copy of the statement. The statement shall be on a form prescribed by the commissioner and shall clearly and conspicuously state that the employee or insurer has

ten calendar days to object to the attorney fees requested. If no objection is timely made by the employee or insurer, the amount requested shall be conclusively presumed reasonable providing the amount does not exceed the limitation in subdivision 1. The commissioner, compensation judge, or court of appeals shall issue an order granting the fees and the amount requested shall be awarded to the party requesting the fee.

If a timely objection is filed, or the fee is determined on an hourly basis, the commissioner, compensation judge, or court of appeals shall review the matter and make a determination based on the criteria in subdivision 5.

If no timely objection is made by an employer or insurer, reimbursement under subdivision 7 shall be made if the statement of fees requested this reimbursement.

(c) An attorney representing employers or insurers shall file a statement of attorney fees or wages with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. The statement of attorney fees or wages must contain the following information: the average hourly wage or the value of hours worked on that case if the attorney is an employee of the employer or insurer, the number of hours worked on that case, and the average hourly rate or amount charged an employer or insurer for that case if the attorney is not an employee of the employer or insurer.

(d) Employers and insurers may not pay attorney fees or wages for legal services of more than \$6,500 per case unless the additional fees or wages are approved under subdivision 2.

Sec. 8. Minnesota Statutes 1988, section 176.081, subdivision 2, is amended to read:

Subd. 2. An application for attorney fees in excess of the amount authorized in subdivision 1 shall be made to the commissioner, compensation judge, or district judge, before whom the matter was heard. An appeal of a decision by the commissioner, a compensation judge, or district court judge on additional fees may be made to the workers' compensation court of appeals. The application shall set forth the fee requested ~~and~~, *the number of hours spent on the case*, the basis for the request, and whether or not a hearing is requested. The application, with affidavit of service upon the ~~employee attorney's client~~, shall be filed by the attorney requesting the fee. If a hearing is requested by an interested party, a hearing shall be set with notice of the hearing served upon known interested parties. In all cases the employee shall be served with notice of hearing.

Sec. 9. Minnesota Statutes 1988, section 176.081, subdivision 3, is amended to read:

Subd. 3. ~~An employee who~~ *A party that* is dissatisfied with its attorney fees, may file an application for review by the workers' compensation court of appeals. Such application shall state the basis for the need of review and whether or not a hearing is requested. A copy of such application shall be served upon the *party's* attorney ~~for the employee~~ by the court administrator and if a hearing is requested by either party, the matter shall be set for hearing. The notice of hearing shall be served upon known interested parties. ~~The attorney for the employee shall be served with a notice of the hearing.~~ The workers' compensation court of appeals shall have the authority to raise ~~the question of~~ the issue of the attorney fees at any time upon

its own motion and shall have continuing jurisdiction over attorney fees.

Sec. 10. Minnesota Statutes 1988, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For an injury producing temporary total disability, the compensation is ~~66-2/3~~ 80 percent of the *after-tax* weekly wage at the time of injury.

~~(1) provided that during the year commencing on October 1, 1979, and each year thereafter, commencing on October 1;~~ (b) The maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31, of the preceding year.

~~(2) (c) The minimum weekly compensation benefits for temporary total disability shall be not less than 50-20 percent of the statewide average weekly wage or the injured employee's actual after-tax weekly wage, whichever is less. In no case shall a weekly benefit be less than 20 percent of the statewide average weekly wage.~~

~~Subject to subdivisions 3a to 3c~~ (d) This compensation shall be paid during the period of disability, payment to be made at the intervals when the wage was payable, as nearly as may be-, and shall cease whenever any one of the following occurs:

(1) the disability ends;

(2) the employee returns to work;

(3) the employee retires by withdrawing from the labor market;

(4) the employee refuses an offer of work that is consistent with a plan of rehabilitation filed with the commissioner, which meets the requirements of section 176.102, subdivision 1, or, if no plan has been filed, that the employee can do in the employee's physical condition; or

(5) 90 days have passed after the employee has reached maximum medical improvement, except as provided in section 176.102, subdivision 11, paragraph (b).

(e) For purposes of paragraph (d), clause (5), the 90-day period after maximum medical improvement commences on the earlier of:

(1) the date that the employee receives a written medical report indicating that the employee has reached maximum medical improvement; or

(2) the date that the employer or insurer serves the report on the employee and the employee's legal representative and files a copy with the division.

(f) Once compensation has ceased under paragraph (d), clauses (1), (2), and (3), it may be recommenced at a later date if: the employee returns to work, the employee is laid off due to economic conditions or is medically unable to continue at the job, and the layoff or inability to continue occurs prior to 90 days after the employee reaches maximum medical improvement. Compensation recommenced under this paragraph is subject to cessation under paragraph (d). Recommenced compensation may not be paid beyond 90 days after the employee reaches maximum medical improvement, except as provided under section 176.102, subdivision 11, paragraph (b).

(g) Once compensation has ceased under paragraph (d), clauses (4) and (5), it may not be recommenced at a later date except as provided under section 176.102, subdivision 11, paragraph (b).

Sec. 11. Minnesota Statutes 1988, section 176.101, is amended by adding a subdivision to read:

Subd. 1a. [EXTENDED DISABILITY COMPENSATION.] (a) If an employee, who has a permanent partial disability, is not working because of the personal injury after payment of permanent partial disability benefits is complete, the employee shall be eligible for extended disability compensation. If an employee received any permanent partial compensation in a lump sum, payment will be considered complete after expiration of the period that the employee would have received permanent partial compensation had it been paid periodically.

(b) Extended disability compensation is paid at the rate for temporary total compensation, escalated under section 176.645, for the number of weeks equal to 246 multiplied by the employee's percentage rating of permanent partial disability, determined according to the rules adopted by the commissioner pursuant to section 176.105, subdivision 4. The total extended compensation for any injury may not exceed this product.

(c) Extended disability compensation shall cease if the employee is no longer disabled, returns to work, refuses a job offer described in subdivision 1, paragraph (d), clause (4), or retires from the labor market.

(d) An employee is not eligible for extended disability compensation if, at any time before the employee would have become eligible:

(1) the employee refuses a job offer, as described in subdivision 1, paragraph (d), clause (4); or

(2) the employee returns to work and terminates employment, unless the employee was medically unable to continue work or was terminated without just cause.

(e) An employee is eligible for extended compensation at any time after payment of permanent partial benefits is complete so long as the employee meets the qualifications of this section and has not been paid the maximum number of weeks under paragraph (b) for that injury; provided that, extended compensation may not be paid beyond 350 weeks after the date of injury.

Sec. 12. Minnesota Statutes 1988, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be ~~66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition.~~ paid as follows:

(1) for the first 26 weeks that the employee returns to work, the compensation shall be 80 percent of the difference between the after-tax weekly wage of the employee at the time of injury and the after-tax weekly wage the employee is earning in the employee's partially disabled condition;

(2) for the second 26 weeks that the employee returns to work, the compensation shall be 60 percent of the difference between the after-tax weekly wage of the employee at the time of injury and the after-tax weekly wage the employee is earning in the employee's partially disabled condition; and

(3) for the third 26 weeks that the employee returns to work, the compensation shall be 40 percent of the difference between the after-tax weekly

wage of the employee at the time of injury and the after-tax weekly wage the employee is earning in the employee's partially disabled condition.

(b) This compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to a maximum compensation equal to 105 percent of the statewide average weekly wage.

(c) Temporary partial compensation may be paid only while the employee is working and earning less than the employee's weekly wage at the time of the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid after the employee has returned to work for 78 weeks or after 350 weeks after the date of injury, whichever occurs first.

Sec. 13. Minnesota Statutes 1988, section 176.101, is amended by adding a subdivision to read:

Subd. 3. [PERMANENT PARTIAL DISABILITY.] (a) Compensation for permanent partial disability is as provided in this subdivision. For permanent partial disability up to the percent of the whole body shown in the following schedule, the amount of compensation is equal to the proportion that the loss of function of the disabled part bears to the whole body multiplied by the amount aligned with that percent in the following schedule:

<i>Percent of Disability</i>	<i>Amount</i>
0-25	\$ 75,000
26-30	80,000
31-35	85,000
36-40	90,000
41-45	95,000
46-50	100,000
51-55	120,000
56-60	140,000
61-65	160,000
66-70	180,000
71-75	200,000
76-80	240,000
81-85	280,000
86-90	320,000
91-95	360,000
96-100	400,000

An employee may not receive compensation for more than a 100 percent disability of the whole body, even if the employee sustains disability to two or more body parts.

(b) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. If the employee is not working, the compensation is payable in installments at the same intervals and in the same amount as the initial temporary total disability rate. If the employee returns to work, the remaining compensation is payable in a lump sum 30 days after the employee returned to work provided the employment has not been substantially interrupted by the injury for any part of the 30 days and the employee is still employed at the job at the end of the period.

Sec. 14. Minnesota Statutes 1988, section 176.101, subdivision 4, is

amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be ~~66-2/3~~ 80 percent of the ~~daily~~ after-tax weekly wage at the time of the injury, subject to a maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to the minimum weekly compensation for a temporary total disability. This compensation shall be paid during the permanent total disability of the injured employee but after a total of \$25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. The dependency of this person shall be determined as though the employee were deceased.

Sec. 15. Minnesota Statutes 1988, section 176.101, subdivision 5, is amended to read:

Subd. 5. [~~TOTAL DISABILITY DEFINITION.~~] (a) For purposes of subdivision 4, permanent total disability means only:

(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties; or

(2) any other injury which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income ~~constitutes total disability.~~

(b) For purposes of paragraph (a), clause (2), totally and permanently incapacitated means that the employee's physical disability, in combination with the employee's age, education and training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income. Local labor market conditions may not be considered in making the total and permanent incapacitation determination.

Sec. 16. Minnesota Statutes 1988, section 176.102, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] (a) This section only applies to vocational rehabilitation of injured employees and their spouses as provided under subdivision 1a. Physical rehabilitation of injured employees is considered treatment subject to section 176.135.

(b) Rehabilitation is intended to restore the injured employee; ~~through physical and vocational rehabilitation;~~ so the employee may return to a job

related to the employee's former employment or to a job in another work area which produces an economic status as close as possible to that the employee would have enjoyed without disability. Rehabilitation to a job with a higher economic status than would have occurred without disability is permitted if it can be demonstrated that this rehabilitation is necessary to increase the likelihood of reemployment. Economic status is to be measured not only by opportunity for immediate income but also by opportunity for future income.

Sec. 17. Minnesota Statutes 1988, section 176.102, subdivision 2, is amended to read:

Subd. 2. [ADMINISTRATORS.] The commissioner shall hire a director of rehabilitation services in the classified service. The commissioner shall monitor and supervise rehabilitation services, including, but not limited to, making determinations regarding the selection and delivery of rehabilitation services and the criteria used to approve qualified rehabilitation consultants and rehabilitation vendors. The commissioner may also make determinations regarding fees for rehabilitation services *and shall by rule, subject to chapter 14, establish a fee schedule or otherwise limit fees charged by qualified rehabilitation consultants and vendors.* The commissioner may hire qualified personnel to assist in the commissioner's duties under this section and may delegate the duties and performance.

Sec. 18. Minnesota Statutes 1988, section 176.102, subdivision 3, is amended to read:

Subd. 3. [REVIEW PANEL.] There is created a rehabilitation review panel composed of the commissioner or a designee, who shall serve as an ex officio member and ~~two members~~ *one member each from representing employers, insurers, rehabilitation, and medicine, one member representing chiropractors, and four* ~~two members each representing labor and rehabilitation vendors, and six members who are qualified rehabilitation consultants.~~ The members shall be appointed by the commissioner and shall serve four-year terms which may be renewed. Compensation for members shall be governed by section 15.0575. The panel shall select a chair. The panel shall review and make a determination with respect to appeals from orders of the commissioner regarding certification approval of qualified rehabilitation consultants and vendors. The hearings are de novo and initiated by the panel under the contested case procedures of chapter 14, and are appealable to the workers' compensation court of appeals in the manner provided by section 176.421.

Sec. 19. Minnesota Statutes 1988, section 176.102, subdivision 3a, is amended to read:

Subd. 3a. [DISCIPLINARY ACTIONS.] The panel has authority to discipline qualified rehabilitation consultants and vendors and may impose a penalty of up to \$1,000 per violation, and may suspend or revoke certification. Complaints against registered qualified rehabilitation consultants and vendors shall be made to the commissioner who shall investigate all complaints. If the investigation indicates a violation of this chapter or rules adopted under this chapter, the commissioner may initiate a contested case proceeding under the provisions of chapter 14. In these cases, the rehabilitation review panel shall make the final decision following receipt of the report of an administrative law judge. The decision of the panel is appealable to the workers' compensation court of appeals in the manner

provided by section 176.421. The panel shall continuously study rehabilitation services and delivery, develop and recommend rehabilitation rules to the commissioner, and assist the commissioner in accomplishing public education.

The commissioner may appoint alternates for one-year terms to serve as a member when a member is unavailable. The number of alternates shall not exceed one labor member, one employer or insurer member, and one member representing medicine, ~~chiropractic~~, or rehabilitation vendors, and one member representing qualified rehabilitation consultants.

Sec. 20. Minnesota Statutes 1988, section 176.102, subdivision 4, is amended to read:

Subd. 4. [REHABILITATION PLAN; DEVELOPMENT.] (a) ~~An employer or insurer shall provide rehabilitation consultation by a qualified rehabilitation consultant or by another person permitted by rule to provide consultation to an injured employee within five days after the employee has 60 days of lost work time due to the personal injury, except as otherwise provided in this subdivision. Where an employee has incurred an injury to the back, the consultation shall be made within five days after the employee has 30 days of lost work time due to the injury. The lost work time in either case may be intermittent lost work time. If an employer or insurer has medical information at any time prior to the time specified in this subdivision that the employee will be unable to return to the job the employee held at the time of the injury rehabilitation consultation shall be provided immediately after receipt of this information.~~

For purposes of this section "lost work time" means only those days during which the employee would actually be working but for the injury. In the case of the construction industry, mining industry, or other industry where the hours and days of work are affected by seasonal conditions, "lost work time" shall be computed by using the normal schedule worked when employees are working full time. A rehabilitation consultation must be provided by the employer to an injured employee upon request of the employee, the employer, or the commissioner. If a rehabilitation consultation is requested, the employer shall provide a qualified rehabilitation consultant; except that, if the injured employee objects to the employer's selection, the employee may select a qualified rehabilitation consultant of the employee's own choosing within 30 days following the first in-person contact between the employee and the original qualified rehabilitation consultant. If the consultation indicates that rehabilitation services are appropriate pursuant to subdivision 1, the employer shall provide such services. If the consultation indicates that rehabilitation services are not appropriate pursuant to subdivision 1, the employer shall notify the employee of this determination within seven days after the consultation.

(b) In order to assist the commissioner in determining whether or not to request rehabilitation consultation for an injured employee, an employer must notify the commissioner whenever the employee's temporary total disability will likely exceed 13 weeks. The notification must be made within 90 days from the date of the injury or when the likelihood of at least a 13-week disability can be determined, whichever is earlier, and must include a current physician's report.

(c) The qualified rehabilitation consultant appointed by the employer or insurer shall disclose in writing at the first meeting or written communication with the employee any ownership interest or affiliation between the

firm which employs the qualified rehabilitation consultant and the employer, insurer, adjusting or servicing company, including the nature and extent of the affiliation or interest.

Commencement of payment by an employer or insurer does not waive any rights to any defense the employer has on any claim or incident either with respect to the compensability of the claim under this chapter or the amount of the compensation due. Where there are multiple employers, the first employer shall pay, unless it is shown that the injury has arisen out of employment with the second or subsequent employer. If liability is denied for an injury which is required to be reported to the commissioner under section 176.231, subdivision 1, the denial of liability must be filed with the commissioner within 14 days after notice to or knowledge by the employer of an injury which is alleged to be compensable under this chapter. If the employer or insurer has commenced payment of compensation under this subdivision but determines within ~~30~~ 60 days of notice to or knowledge by the employer of the injury that the disability is not a result of a personal injury, payment of compensation may be terminated upon the filing of a notice of denial of liability within ~~30~~ 60 days of notice or knowledge. After the ~~30-day~~ 60-day period, payment

may be terminated only by the filing of a notice as provided under section 176.239. Upon the termination, payments made may be recovered by the employer if the commissioner or compensation judge finds that the employee's claim of work related disability was not made in good faith. A notice of denial of liability must state in detail specific reasons explaining why the claimed injury or occupational disease was determined not to be within the scope and course of employment and shall include the name and telephone number of the person making this determination.

For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. 79.095 [APPOINTMENT OF ACTUARY.]

The commissioner ~~shall~~ *may* employ the services of a casualty ~~actuary~~ *actuaries* experienced in ~~worker's~~ *workers'* compensation whose duties shall include but not be limited to investigation of complaints by insured parties relative to rates, rate classifications, or discriminatory practices of an insurer. The salary of ~~the~~ *an* actuary employed pursuant to this section is not subject to the provisions of section 43A.17, subdivision 1.

Sec. 2. Minnesota Statutes 1988, section 79.55, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVENESS.] ~~No premium is excessive in a competitive market. In the absence of a competitive market,~~ Premiums are excessive if the expected underwriting profit, together with expected income from invested reserves for the market in question, that would accrue to an insurer would be unreasonably high in relation to the risk undertaken by the insurer in transacting the business.

Sec. 3. Minnesota Statutes 1988, section 79.56, is amended by adding a subdivision to read:

Subd. 5. [RATE REGULATION.] *(a) Whenever an insurer files a change in its existing rate level or rating plan, the commissioner may hold a hearing to determine if the rate level or rating plan is excessive, inadequate, or unfairly discriminatory. The hearing must be conducted pursuant to chapter 14. The commissioner shall give notice of intent to hold a hearing within 90 days of the filing of the change. It is the responsibility of the insurer to show that the rate level or rating plan is not excessive, inadequate, or unfairly discriminatory. The rate level or rating plan is effective unless it is determined as a result of the hearing that the rate level or rating plan is excessive, inadequate, or unfairly discriminatory. Upon such a finding, the rate level or rating plan is retroactively rescinded and any premiums collected thereunder must be refunded. This subdivision does not apply to any changes resulting from assessments for the assigned risk plan, reinsurance association, guarantee fund, special compensation fund, or statutory benefit level changes to sections 176.101, subdivisions 1, 2, and 4; 176.111; 176.132; and 176.645 as a result of annual adjustments in the statewide average weekly wage. The disapproval of a rate level or rating plan under this subdivision must be done in the same manner as under section 70A.11, except that the standards of section 79.55 apply.*

(b) Notwithstanding paragraph (a), if the commissioner of labor and industry petitions the commissioner for a hearing pursuant to this subdivision, the commissioner must hold a hearing if the commissioner of labor and industry certifies that the hearing is necessary because a decision of the supreme court or enactment of a statute has effected a substantial change in the basis upon which the existing rate levels or rating plan was filed. The commissioner of labor and industry must make a prima facie showing that law change has effected a substantial change in the basis upon which the existing rate levels or rating plan was filed.

(c) Notwithstanding paragraph (a), the commissioner may hold a hearing if the commissioner determines that the hearing is necessary because of

circumstances which result in a substantial change in the basis upon which the existing rate levels or rating plan was filed. The commissioner must make a prima facie showing that the circumstances resulted in a substantial change in the basis upon which the existing rate levels or rating plan was filed.

Sec. 4. [79.561] [PARTICIPATION.]

An employer, or person representing a group of employers, which will be directly affected by a change in an insurer's existing rate level or rating plan filed under section 3, and the commissioner of labor and industry, must be allowed to participate in any hearing under that subdivision challenging the change in rate level or rating plan as being excessive, inadequate, or unfairly discriminatory.

Sec. 5. Minnesota Statutes 1988, section 79.58, subdivision 2, is amended to read:

Subd. 2. [RATING PLANS.] The commissioner may disapprove a rating plan of a data service organization if, after a hearing conducted pursuant to chapter 14, the commissioner finds that it is *excessive, inadequate, or unfairly discriminatory. The rating plan is effective until disapproved. It is the responsibility of the data service organization to show that the rating plan is not excessive, inadequate, or unfairly discriminatory.* Any order of disapproval shall require the data service organization to use an alternative rating plan until approval of a rating plan by the commissioner. The commissioner shall not approve any rating plan based upon any data other than Minnesota data, except that other data may be utilized as a supplement to Minnesota data when the commissioner determines that an exceptional case requires such data to establish the statistical credibility of an occupational classification.

Sec. 6. Minnesota Statutes 1988, section 79.61, subdivision 1, is amended to read:

Subdivision 1. [REQUIRED ACTIVITY.] Any data service organization shall perform the following activities:

(a) File statistical plans, including classification definitions, amendments to the plans, and definitions, with the commissioner for approval, and assign each compensation risk written by its members to its approved classification for reporting purposes;

(b) Establish requirements for data reporting and monitoring methods to maintain a high quality data base;

(iii) pure premium relativities for the approved classification system for which data are reported, provided that the relativities for insureds engaged in similar occupations and presenting substantially similar risks shall, if different, differ by at least ten percent; and

(iv) an evaluation of the effects of changes in law on loss data.

The report shall also include explicit discussion and explanation of methodology, alternatives examined, assumptions adopted, and areas of judgment and reasoning supporting judgments entered into, and the effect of various combinations of these elements on indications for modification of an overall pure premium rate level change. The pure premium relativities and rate level indications shall not include a loading for expenses or profit and no expense or profit data or recommendations relating to expense or profit shall be included in the report or collected by a data service organization;

(d) Collect, compile, summarize, and distribute data from members or other sources pursuant to a statistical plan approved by the commissioner;

(e) Prepare merit rating plan and calculate any variable factors necessary for utilization of the plan. Such a plan may be used by any of its members, at the option of the member provided that the application of a plan shall not result in rates that are unfairly discriminatory;

(f) Provide loss data specific to an insured to the insured at a reasonable cost;

(g) Distribute information to an insured or interested party that is filed with the commissioner and is open to public inspection; ~~and~~

(h) Assess its members for operating expenses on a fair and equitable basis-;

(i) Separate the incurred but not reported losses of its members;

(j) Separate paid and outstanding losses of its members;

(k) Provide information indicating cases in which its members have established a reserve in excess of \$50,000;

(l) Provide information on the income on invested reserves of its members;

(m) Provide information as to policies written at other than the filed rates;

(n) File information based solely on Minnesota premium income of its members concerning investment income, legal expenses, subrogation recoveries, administrative expenses, and commission expenses;

(o) File information based solely on Minnesota data concerning its members' reserving practices, premium income, indemnity, and medical benefits paid; and

(p) Provide any records of the data service organizations that are requested by the commissioner or otherwise required by statute.

Sec. 7. [79.65] [CHAPTER APPLICABILITY TO DATA SERVICE ORGANIZATIONS.]

Subdivision 1. [EXAMINATION BY COMMISSIONER.] Data service organizations are subject to all the provisions of this chapter. The commissioner or an authorized representative of the commissioner may visit the rating association at any reasonable time and examine, audit, or evaluate the rating association's operations, records, and practices. For purposes of this section, "authorized representative of the commissioner" includes employees of the department of commerce or labor and industry or other parties retained by the commissioner. Examination under this section may be done of any member of data service organizations for purposes of workers' compensation insurance regulation.

Subd. 2. [COSTS AND EXPENSES.] The commissioner may order and the data service organization shall pay the costs and expenses of any examination, audit, or evaluation conducted pursuant to subdivision 1. A sum sufficient to pay these costs and expenses is appropriated from the special compensation fund to the commissioner of commerce.

Sec. 8. [79.651] [INVESTIGATIONS AND SUBPOENAS.]

Subdivision 1. [GENERAL POWERS.] In connection with the administration of chapter 79, the commissioner of commerce may:

(1) make public or private investigations within or without this state as the commissioner considers necessary to determine whether any person has violated or is about to violate chapter 79 or any rule or order under chapter 79, or to aid in the enforcement of chapter 79, or in the prescribing of rules or forms under chapter 79;

(2) require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, as to all the facts and circumstances concerning the matter being investigated;

(3) hold hearings, upon reasonable notice, in respect to any matter arising out of the administration of chapter 79;

(4) conduct investigations and hold hearings for the purpose of compiling information with a view to recommending changes in chapter 79 to the legislature;

(5) examine the books, accounts, records, and files of every licensee under chapter 79 and of every person who is engaged in any activity regulated under chapter 79; the commissioner or a designated representative shall have free access during normal business hours to the offices and places of business of the person, and to all books, accounts, papers, records, files, safes, and vaults maintained in the place of business;

(6) publish information which is contained in any order issued by the commissioner; and

(7) require any person subject to chapter 79 to report all sales or transactions that are regulated under chapter 79. The reports must be made within ten days after the commissioner has ordered the report. The report is accessible only to the respondent and other governmental agencies unless otherwise ordered by a court of competent jurisdiction.

Subd. 2. [POWER TO COMPEL PRODUCTION OF EVIDENCE.] For the purpose of any investigation, hearing, or proceeding under chapter 79, the commissioner or a designated representative may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of books, papers, correspondence, memoranda, agreements, or other documents or records that the commissioner considers relevant or material to the inquiry.

Subd. 3. [COURT ORDERS.] In case of a refusal to appear or a refusal to obey a subpoena issued to any person, the district court, upon application by the commissioner, may issue to any person an order directing that person to appear before the commissioner, or the officer designated by the commissioner, there to produce documentary evidence if so ordered or to give evidence relating to the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

Subd. 4. [SCOPE OF PRIVILEGE.] No person is excused from attending and testifying or from producing any document or record before the commissioner, or from obedience to the subpoena of the commissioner or any officer designated by the commissioner or in a proceeding instituted by the commissioner, on the ground that the testimony or evidence required may tend to incriminate that person or subject that person to a penalty of forfeiture. No person may be prosecuted or subjected to a penalty or forfeiture for or on account of a transaction, matter, or thing concerning which the person is compelled, after claiming the privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that the individual is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

Subd. 5. [LEGAL ACTIONS; INJUNCTIONS; CEASE AND DESIST ORDERS.] Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of chapter 79, or any rule or order adopted under chapter 79, the commissioner has the following powers: (1) the commissioner may bring an action in the name of the state in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with chapter 79, or any rule or order adopted or issued under chapter 79, or the commissioner may refer the matter to the attorney general or the county attorney of the appropriate county. Upon a proper showing, a permanent or temporary injunction, restraining order, or other appropriate relief must be granted; (2) the commissioner may issue and cause to be served upon the person an order requiring the person to cease and desist from violations of chapter 79, or any rule or order adopted or issued under chapter 79. The order must be calculated to give reasonable notice of the rights of the person to request a hearing and must state the reasons for the entry of the order. A hearing must be held not later than seven days after the request for the hearing is received by the commissioner, after which and within 20 days after receiving the administrative law judge's report, the commissioner shall issue a further order vacating the cease and desist order or making it permanent as the facts require. If no hearing is requested within 30 days of service of the order, the order will become final and will remain in effect until it is modified or vacated by the commissioner. Unless otherwise provided, all hearings must be conducted in accordance with chapter 14. If the person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person is in default, and the proceeding may be determined against that person upon consideration of the cease and desist order, the allegations of which may be considered to be true. The commissioner may adopt rules of procedure concerning all proceedings conducted under this subdivision.

Subd. 6. [VIOLATIONS AND PENALTIES.] The commissioner may impose a civil penalty not to exceed \$2,000 per violation upon a person who violates chapter 79, unless a different penalty is specified.

Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to chapter 79, or censure that person if the commissioner finds that:

- (1) the order is in the public interest; or*
- (2) the person has violated chapter 79.*

Subd. 8. [STOP ORDER.] In addition to any other actions authorized

by this section, the commissioner may issue a stop order denying effectiveness to or suspending or revoking any registration subject to chapter 79.

Subd. 9. [POWERS ADDITIONAL.] The powers contained in subdivisions 1 to 8 are in addition to all other powers of the commissioner.

Sec. 9. [79.652] [ACCESS TO INSURER.]

The commissioner, or the designated person, shall have free access during normal business hours to all books, records, securities, documents, and any or all papers relating to the property, assets, business, and affairs of any company, applicant, association, or person which may be examined pursuant to this act for the purpose of ascertaining, appraising, and evaluating the assets, conditions, affairs, operations, ability to fulfill obligations, and compliance with all the provisions of law of the company or person insofar as any of the above pertain to the business of insurance of a person, organization, or corporation transacting, having transacted, or being organized to transact business in this state. Every company or person being examined, its officers, directors, and agents, shall provide to the commissioner or the designated person convenient and free access at all reasonable hours at its office to all its books, records, securities, documents, any or all papers relating to the property, assets, business, and affairs of the company or person. The officers, directors, and agents of the company or person shall facilitate the examination and aid in the examination so far as it is in their power to do so.

Sec. 10. Minnesota Statutes 1988, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. [COVERAGE OUTSIDE STATE.] Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The fund may apply for and obtain any licensure required in any other state in order to issue such coverage.

Sec. 11. [MANDATED REDUCTIONS.]

(a) As a result of the workers' compensation law changes in article 3 and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of rates in effect on August 1, 1989, must be reduced by 16 percent and applied by the insurer to all policies issued, renewed, or outstanding on or after that date. An insurer may not adjust its filed rating plan to recoup the 16 percent mandated rate reduction under this section. The reduction must be computed on the basis of a 16 percent premium reduction prorated to the expiration of that policy. An insurer shall provide written notice by September 1, 1989, to all employers having an outstanding policy with the insurer as of August 1, 1989, to read as follows: "As a result of the changes in the workers' compensation insurance system enacted by the 1989 legislature, you are entitled to a credit or refund to your current premium in an amount of \$ which reflects a 16 percent mandated premium reduction prorated to the expiration of your policy."

(b) No rate increases may be filed between April 10, 1989, and January 1, 1990.

Sec. 12. [NOTICE OF INTENT TO CHALLENGE RATE LEVEL

CHANGE.]

Notwithstanding section 3, the commissioner shall have an additional 90 days to give notice of intent to hold a hearing pursuant to that section. This section applies only to challenges to an insurer's change in existing rate levels or rating plan filed between the date the 1990 rate-making report is approved by the commissioner of commerce and six months thereafter.

Sec. 13. [RECORDS DEPOSITED WITH THE COMMISSIONER.]

All records of data services organizations authorized by Minnesota Statutes, section 79.61, or its predecessors, pertaining to proceedings before the department of commerce or its predecessors regarding rates or classifications must be deposited with the commissioner no later than August 1, 1989.

Sec. 14. [CONTINGENT APPROPRIATION.]

(a) \$250,000 is appropriated from the special compensation fund to a workers' compensation contingent account for the purposes of this article. The appropriation in this section may only be spent with the approval of the governor after consultation with the legislative advisory commission under Minnesota Statutes, section 3.30.

(b) \$100,000 from the general contingent account for workers' compensation appropriated under Laws 1987, chapter 404, section 44, is available for the purposes of article 3.

Sec. 15. [REPEALER.]

Minnesota Statutes 1988, sections 79.54, 79.57, and 79.58, subdivision 1, are repealed.

Sec. 16. [EFFECTIVE DATE.]

Section 11, paragraph (b), is effective the day following final enactment.

Section 1. Minnesota Statutes 1988, section 10A.31, subdivision 5, is amended to read:

Subd. 5. In each calendar year the money in the general account shall be allocated to candidates as follows:

- (1) 21 percent for the offices of governor and lieutenant governor together;
- (2) 3.6 percent for the office of attorney general;
- (3) 1.8 percent each for the offices of secretary of state, state auditor, and state treasurer;
- (4) In each calendar year during the period in which state senators serve a four-year term, 23-1/3 percent for the office of state senator and 46-2/3 percent for the office of state representative;
- (5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative.

In each calendar year the money in each party account shall be allocated as follows:

- (1) 14 percent for the offices of governor and lieutenant governor together;
- (2) 2.4 percent for the office of attorney general;
- (3) 1.2 percent each for the offices of secretary of state, state auditor, and state treasurer;

- (5) In each calendar year during the period in which state senators serve a two-year term, 35 percent each for the offices of state senator and state representative;

(6) ten percent for the state committee of a political party; money allocated to each state committee under this clause must be deposited in a separate account and must be spent for legitimate political party operations, including voter education; the sample ballot; operations of precinct caucuses, county unit conventions, and state conventions; and the maintenance and programming of computers used to provide lists of voters, party workers, party officers, patterns of voting, and other data for use in political party activities; money allocated to a state committee under this clause must be paid to the committee *by the state treasurer as notified by the state ethical practices board* as it is received in the account; on a monthly

~~or other basis agreed to between the committee and the board.~~, with payment on the 15th day of the calendar month following the month in which the tax returns were received, provided that these distributions would be equal to the amount of money indicated in the department of revenue's weekly unedited reports of income tax returns for that month, subject to final annual adjustment and settlement as indicated according to the certification by the commissioner of revenue under subdivision 6. If the amount of total payments received before September 15 is greater than the amount certified by the commissioner of revenue on September 15, the total amount of payments distributed between September 1 and December 31 must be reduced by the amount of the overpayment.

To assure that moneys will be returned to the counties from which they were collected, and to assure that the distribution of those moneys rationally relates to the support for particular parties or for particular candidates within legislative districts, money from the party accounts for legislative candidates shall be distributed as follows:

Each candidate for the state senate and state house of representatives whose name is to appear on the ballot in the general election shall receive money from the candidate's party account set aside for candidates of the state senate or state house of representatives, whichever applies, according to the following formula:

For each county within the candidate's district the candidate's share of the dollars allocated in that county to the candidate's party account and set aside for that office shall be:

(a) The sum of the votes cast in the last general election in that part of the county in the candidate's district for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct of the state and (ii) for the state senate and state house of representatives, divided by

(b) The sum of the votes cast in that county in the last general election for all candidates of that candidate's party (i) whose names appeared on the ballot in each voting precinct in the state and (ii) for the state senate and state house of representatives, multiplied by

(c) The amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

The sum of all the county shares calculated in the formula above is the candidate's share of the candidate's party account.

In a year in which an election for the state senate occurs, with respect to votes for candidates for the state senate only, "last general election" means the last general election in which an election for the state senate occurred.

For any party under whose name no candidate's name appeared on the ballot in each voting precinct in the state in the last general election, amounts in the party's account shall be allocated based on (a) the number of people voting in the last general election in that part of the county in the candidate's district, divided by (b) the number of the people voting in that county in the last general election, multiplied by (c) the amount in the candidate's party account allocated in that county and set aside for the candidates for the office for which the candidate is running.

In a year in which the first election after a legislative reapportionment is held, "the candidate's district" means the newly drawn district, and voting data from the last general election will be applied to the area encompassing the newly drawn district notwithstanding that the area was in a different district in the last general election.

If in a district there was no candidate of a party for the state senate or state house of representatives in the last general election, or if a candidate for the state senate or state house of representatives was unopposed, the vote for that office for that party shall be the average vote of all the remaining candidates of that party in each county of that district whose votes are included in the sums in clauses (a) and (b). The average vote shall be added to the sums in clauses (a) and (b) before the calculation is made for all districts in the county.

Money from a party account not distributed to candidates for state senator and representative in any election year shall be returned to the general fund of the state. Money from a party account not distributed to candidates for other offices in an election year shall be returned to the party account for reallocation to candidates as provided in clauses (1) to (6) in the following year. Money from the general account refused by any candidate shall be distributed to all other qualifying candidates in proportion to their shares as provided in this subdivision.

Sec. 2. Minnesota Statutes 1988, section 290.067, subdivision 2, is amended to read:

Subd. 2. The maximum total credit shall be reduced according to the amount of the income of the claimant and a spouse, if any, as follows:

income up to ~~\$12,200~~ \$13,350, \$720 maximum for one dependent, \$1,440 for all dependents;

income over ~~\$12,200~~ \$13,350, the maximum credit for one dependent shall be reduced by ~~\$12~~ \$18 for every ~~\$200~~ \$350 of additional income, ~~\$24~~ \$36 for all dependents;

The credit may not exceed the excess, if any, for the taxable year of

(k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

(m) Receipts from the issuance of travelers checks and money orders must be attributed to the state in which the checks and money orders are purchased.

(n) Receipts from investments of a financial institution in securities of this state, its political subdivisions, agencies, and instrumentalities must be attributed to this state.

(o) Receipts from a financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is not included in the numerator or the denominator of the receipts factor provided the financial institution's activities within this state with respect to any interest in the property are limited in the manner provided in section 290.015, subdivision 3, paragraph (b). If a financial institution is subject to tax under this chapter, its interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (n) and subdivision 7.

Sec. 12. Minnesota Statutes 1988, section 290.21, subdivision 4, is amended to read:

Subd. 4. (a) Eighty percent of dividends received by a corporation during the taxable year from another corporation, in which the recipient owns 20 percent or more of the stock, by vote and value, not including stock described in section 1504(a)(4) of the Internal Revenue Code of 1986, as amended through December 31, 1987, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom.

The remaining 20 percent of dividends if the dividends received are the stock in an affiliated company transferred in an overall plan of reorganization and the dividend is eliminated in consolidation under Treasury Department Regulation 1.1502-14(a), as amended through December 31,

1988.

(b) Seventy percent of dividends received by a corporation during the taxable year from another corporation in which the recipient owns less than 20 percent of the stock, by vote or value, not including stock described in section 1504(a)(4) of the Internal Revenue Code of 1986 as amended through December 31, 1987, when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of income and gain therefrom.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code of 1986, as amended through December 31, 1987.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code of 1986, as amended through December 31, 1987.

The dividend deduction provided in this subdivision shall not be allowed with respect to any dividend for which a deduction is not allowed under the provisions of section 246(c) of the Internal Revenue Code of 1986, as amended through December 31, 1987.

(d) If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law Number 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.

(e) The deduction provided by this subdivision does not apply if the dividends are paid by a FSC as defined in section 922 of the Internal Revenue Code of 1986, as amended through December 31, 1987.

(f) If one or more of the members of the unitary group whose income is included on the combined report received a dividend, the deduction under this subdivision for each member of the unitary business required to file a return under this chapter is the product of: (1) 100 percent of the dividends received by members of the group; (2) ~~80 percent or 70 percent, the percentage allowed pursuant to paragraph (a) or (b);~~ and (3) the percentage of the taxpayer's business income apportionable to this state for the taxable year under section 290.191 or 290.20.

Sec. 13. Minnesota Statutes 1988, section 290.35, subdivision 1, is amended to read:

Subdivision 1. [COMPUTATION OF TAXABLE NET INCOME.] The

taxable net income of insurance companies taxable under this chapter shall be computed as follows:

Each such company shall report to the commissioner the net income returned by it for the taxable year to the United States under the provisions of the act of congress, known as the revenue act of 1936, or that it would be required to return as net income thereunder if it were in effect. *In determining net income, the amount allowed as a deduction for interest credited to policy reserves shall not exceed the larger of the amount allowed by law or the amount the insurance company has actually credited.* Notwithstanding the provisions of the Revenue Act of 1936, whether or not an insurance company is exempt from taxation must be determined under section 290.05.

Sec. 14. Minnesota Statutes 1988, section 290.37, subdivision 1, is amended to read:

Subdivision 1. [PERSONS MAKING RETURNS.] (a) A taxpayer shall file a return for each taxable year the taxpayer is required to file a return under section 6012 of the Internal Revenue Code of 1986, as amended through December 31, 1987, except that an individual who is not a Minnesota resident for any part of the year is not required to file a Minnesota income tax return if the individual's gross income derived from Minnesota sources under sections 290.081, paragraph (a), and 290.17, is less than the filing requirements for a single individual who is a full year resident of Minnesota.

The decedent's final income tax return, and all other income tax returns for prior years where the decedent had gross income in excess of the minimum amount at which an individual is required to file and did not file, shall be filed by the decedent's personal representative, if any. If there is no personal representative, the return or returns shall be filed by the transferees as defined in section 290.29, subdivision 3, who receive any property of the decedent.

The trustee or other fiduciary of property held in trust shall file a return with respect to the taxable net income of such trust if that exceeds an amount determined by the commissioner if such trust belongs to the class of taxable persons.

Every corporation shall file a return, if the corporation is subject to the state's jurisdiction to tax under section 290.014, subdivision 5, except that a foreign operating corporation as defined in section 290.01, subdivision 6b, is not required to file a return. The return in the case of a corporation must be signed by a person designated by the corporation. The commissioner ~~may~~ shall adopt rules for the filing of one return on behalf of the members of an affiliated group of corporations that are required to file a combined report ~~if the affiliated group includes a bank subject to tax under this chapter.~~ Members of an affiliated group that elect to file one return on behalf of the members of the group under rules adopted by the commissioner may modify or rescind the election by filing the form required by the commissioner.

The receivers, trustees in bankruptcy, or assignees operating the business or property of a taxpayer shall file a return with respect to the taxable net income of such taxpayer if a return is required.

(b) Such return shall (1) contain a written declaration that it is correct

and complete, and (2) shall contain language prescribed by the commissioner providing a confession of judgment for the amount of the tax shown due thereon to the extent not timely paid.

(c) An exempt organization that is subject to tax on unrelated business income under section 290.05, subdivision 3, must file a return for each taxable year in which the organization is required to file a return under section 6012 of the Internal Revenue Code of 1986, as amended through December 31, 1988, because of the receipt of unrelated business income. If an organization is required to file a return under federal law but has no federal tax liability for the taxable year, the commissioner may provide that the filing requirement under this paragraph is satisfied by filing a copy of the taxpayer's federal return.

Sec. 15. Minnesota Statutes 1988, section 290.92, subdivision 4b, as added by Laws 1989, chapter 28, section 19, is amended to read:

Subd. 4b. [WITHHOLDING BY PARTNERSHIPS.] (a) A partnership shall deduct and withhold a tax as provided in paragraph (b) when the partnership pays or credits amounts to any of its nonresident individual partners on account of their distributive shares of partnership income for a taxable year of the partnership.

(b) The amount of tax withheld is determined by multiplying the partner's distributive share allocable to Minnesota under section 290.17, paid or credited during the taxable year by the highest rate used to determine the income tax liability for an individual under section 290.06, subdivision 2c, except that the amount of tax withheld may be determined based on tables provided by the commissioner if the partner submits a withholding exemption certificate under subdivision 5.

(c) A partnership required to deduct and withhold tax under this subdivision shall file a return with the commissioner. The tax required to be deducted and withheld during that year must be paid with the return. The return and payment is due on or before the due date specified for filing the partnership return under section 290.42.

(d) A partnership required to withhold and remit tax under this subdivision is liable for payment of the tax to the commissioner, and a person having control of or responsibility for the withholding of the tax or the filing of returns due under this subdivision is personally liable for the tax due. The commissioner may reduce or abate the tax withheld under this subdivision if the partnership had reasonable cause to believe that no tax was due under this section.

(e) Notwithstanding paragraph (a), a partnership is not required to deduct and withhold tax for a nonresident partner if:

(1) the partner elects to have the tax due paid as part of the partnership's composite return under section 290.39, subdivision 5;

(2) the partner has Minnesota assignable federal adjusted gross income from the partnership of less than \$1,000; ~~or~~

(3) the partnership is liquidated or terminated, the income was generated by a transaction related to the termination or liquidation, and no cash or other property was distributed in the current or prior taxable year; *or*

(4) *the distributive shares of partnership income are attributable to:*

(i) *income required to be recognized because of discharge of indebtedness;*

(ii) *income recognized because of a sale, exchange, or other disposition of real estate, depreciable property, or property described in section 179 of the Internal Revenue Code of 1986, as amended through December 31, 1988; or*

(iii) *income recognized on the sale, exchange, or other disposition of any property that has been the subject of a basis reduction pursuant to sections 108, 734, 743, 754, or 1017 of the Internal Revenue Code of 1986, as amended through December 31, 1988,*

to the extent that the income does not include cash received or receivable or, if there is cash received or receivable, to the extent that the cash is required to be used to pay indebtedness by the partnership or a secured debt on partnership property.

(f) For purposes of subdivisions 6, paragraph (1)(c), 6a, 7, 11, and 15, a partnership is considered an employer.

(g) *To the extent that income is exempt from withholding under paragraph (e), clause (4), the commissioner has a lien in an amount up to the amount that would be required to be withheld with respect to the income of the partner attributable to the partnership interest, but for the application of paragraph (e), clause (4). The lien arises under section 270.69 from the date of assessment of the tax against the partner, and attaches to that partner's share of the profits and any other money due or to become due to that partner in respect of the partnership. Notice of the lien may be sent by mail to the partnership, without the necessity for recording the lien. The notice has the force and effect of a levy under section 270.70, and is enforceable against the partnership in the manner provided by that section. Upon payment in full of the liability subsequent to the notice of lien, the partnership must be notified that the lien has been satisfied.*

Sec. 16. Minnesota Statutes 1988, section 290.934, subdivision 3a, is amended to read:

Subd. 3a. [REQUIRED INSTALLMENTS.] (1) Except as otherwise provided in this subdivision, the amount of a required installment is 25 percent of the required annual payment.

(2) Except as otherwise provided in this subdivision, the term "required annual payment" means the lesser of:

(a) 90 percent of the tax shown on the return for the taxable year, or if no return is filed 90 percent of the tax for such year; or

(b) 100 percent of the tax shown on the return of the corporation for the preceding taxable year providing such return was for a full 12-month period, did show a liability, and was filed by the corporation.

(3) Except for determining the first required installment for any taxable year, paragraph (2), clause (b), does not apply in the case of a large corporation. The term "large corporation" means a corporation or any predecessor corporation that had taxable net income of \$1,000,000 or more for any taxable year during the testing period. The term "testing period" means the three taxable years immediately preceding the taxable year involved. A reduction allowed to a large corporation for the first installment that is allowed by applying paragraph (2), clause (b), must be recaptured by increasing the next required installment by the amount of the reduction.

(4) In the case of a required installment, if the corporation establishes that the annualized income installment is less than the amount determined in paragraph (1), the amount of the required installment is the annualized income installment and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing subsequent required installments to the extent the reductions have not previously been recovered. ~~A reduction shall be treated as recaptured for purposes of this paragraph if 90 percent of the reduction is recaptured.~~

(5) The "annualized income installment" is the excess, if any, of:

(a) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(i) for the first two months of the taxable year, in the case of the first required installment;

(ii) for the first two months or for the first five months of the taxable year, in the case of the second required installment;

(iii) for the first six months or for the first eight months of the taxable year, in the case of the third required installment; and

(iv) for the first nine months or for the first 11 months of the taxable year, in the case of the fourth required installment, over;

(b) the aggregate amount of any prior required installments for the taxable year.

(c) For the purpose of this paragraph, the annualized income shall be computed by placing on an annualized basis the taxable income for the year up to the end of the month preceding the due date for the quarterly payment multiplied by 12 and dividing the resulting amount by the number of months in the taxable year (2, 5, 6, 8, 9, or 11 as the case may be) referred to in clause (a).

(d) The "applicable percentage" used in clause (a) is:

In the case of the following required installments:	The applicable percentage is:
1st	22.5
2nd	45
3rd	67.5
4th	90

(6)(a) If this paragraph applies, the amount determined for any installment must be determined in the following manner:

(i) take the taxable income for all months during the taxable year preceding the filing month;

(ii) divide that amount by the base period percentage for all months during the taxable year preceding the filing month;

(iii) determine the tax on the amount determined under item (ii); and

(iv) multiply the tax computed under item (iii) by the base period percentage for the filing month and all months during the taxable year preceding the filing month.

(b) For purposes of this paragraph:

(i) the "base period percentage" for any period of months is the average

percent which the taxable income for the corresponding months in each of the three preceding taxable years bears to the taxable income for the three preceding taxable years;

(ii) the term "filing month" means the month in which the installment is required to be paid;

(iii) this paragraph shall only apply if the base period percentage for any six consecutive months of the taxable year equals or exceeds 70 percent; and

(iv) the commissioner may provide by rule for the determination of the base period percentage in the case of reorganizations, new corporations, and other similar circumstances.

(c) In the case of a required installment, determined under this paragraph, if the corporation determines that the installment is less than the amount determined in paragraph (1), the amount of the required installment is the amount determined under this paragraph and the recapture of previous quarters' reductions allowed by this paragraph must be recovered by increasing subsequent required installments to the extent the reductions have not previously been recovered. ~~A reduction shall be treated as recaptured for purposes of this paragraph if 90 percent of the reduction is recaptured.~~

Sec. 17. Minnesota Statutes 1988, section 295.34, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 2, every telephone company shall file a return with the commissioner of revenue on or before April 15 of each year, and submit payment therewith, of the following percentages of its gross earnings, including long distance access charges, of the preceding calendar year derived from business within this state:

(a) for gross earnings from service to rural subscribers and from exchange business of all cities of the fourth class and statutory cities having a population of 10,000 or less

for calendar years beginning before December 31, 1988, four percent,

for calendar year 1989, three percent, provided that the estimated tax payments made on March 15 and June 15, 1989, pursuant to section 295.365, must be made as if the tax were imposed at a rate of four percent,

for calendar year 1990, 1.5 percent,

for calendar year 1991, one percent, and

for calendar years beginning after December 31, 1991, exempt; and

(b) for gross earnings derived from all other business

for calendar years beginning before December 31, 1988, seven percent,

for calendar year 1989, 5.5 percent, provided that the estimated tax payments made on March 15 and June 15, 1989, pursuant to section 295.365, must be made as if the tax were imposed at a rate of seven percent,

for calendar year 1990, three percent,

for calendar year 1991, 2.5 percent, and

for calendar years beginning after December 31, 1991, exempt.

A tax shall not be imposed on the gross earnings of a telephone company

from business originating or terminating outside of Minnesota, except that the gross earnings tax is imposed on all long distance access charges allocated to interstate service received in payment from a telephone company before December 31, 1989.

The tax imposed is in lieu of all other taxes, except the taxes imposed by chapter 290, property taxes assessed beginning in 1989, payable in 1990, and sales and use taxes imposed as a result of chapter 297A. All money paid by a company for connecting fees and switching charges to any other company shall be reported as earnings by the company to which they are paid. For the purposes of this section, the population of any statutory city shall be considered as that stated in the latest federal census.

(c) For the period January 1, 1984 through December 31, 1986, all money paid by a company for connecting fees and switching charges, including carriers access charges except that portion paid for directory assistance and billing and collection services, to any other company must be reported as earnings by the company to which they are paid, but are not deemed to be earnings of the collecting and paying company.

(d) Gross earnings include customer access charges. Customer access charges are not gross earnings from business originating or terminating outside of Minnesota for purposes of the gross earnings tax. Customer access charges include the flat rate monthly charges received by a telephone company from its customers, that are authorized by the Federal Communications Commission and that compensate a telephone company for the cost of a local telephone plant to the extent attributable to interstate service.

Sec. 18. Minnesota Statutes 1988, section 298.01, is amended by adding a subdivision to read:

Subd. 3c. [ALTERNATIVE MINIMUM TAX.] For purposes of calculating the alternative minimum tax under section 290.0921, Minnesota alternative minimum taxable income must be computed under the provisions of subdivisions 3, 3a, and 3b, and the provisions of section 290.0921, except that:

(1) the adjustment for adjusted current earnings under section 56(g) of the Internal Revenue Code of 1986, as amended through December 31, 1988, must be determined using gross income as defined in subdivision 3a; and

(2) the tax preference for depletion under section 57(a)(1) of the Internal Revenue Code of 1986, as amended through December 31, 1988, must be included in alternative minimum taxable income.

Sec. 19. Minnesota Statutes 1988, section 298.01, is amended by adding a subdivision to read:

Subd. 4d. [ALTERNATIVE MINIMUM TAX.] For purposes of calculating the alternative minimum tax under section 290.0921, Minnesota alternative minimum taxable income must be computed under the provisions of subdivisions 4, 4a, 4b and 4c, and the provisions of section 290.0921, except that:

(1) for purposes of the depreciation adjustments provided by section 56(a)(1) of the Internal Revenue Code of 1986, as amended through December 31, 1988, the basis for depreciable property placed in service is the remaining depreciable basis as defined in subdivision 4c;

(2) the adjustment for adjusted current earnings under section 56(g) of the Internal Revenue Code of 1986, as amended through December 31, 1988, must be determined using gross income as defined in subdivision 4a;

(3) the tax preference for depletion under section 57(a)(1) of the Internal Revenue Code of 1986, as amended through December 31, 1988, must be included in alternative minimum taxable income; and

(4) for purposes of calculating the tax preference for accelerated depreciation or amortization of certain property placed in service before January 1, 1987, under section 57(a)(7) of the Internal Revenue Code of 1986, as amended through December 31, 1988, the deduction allowable for the taxable year shall mean the deduction allowable under subdivision 4c, provided that this modification must not reduce the amount of tax preference to less than zero.

Sec. 20. [STATEMENT OF PURPOSE.]

The purpose of section 17 is to confirm and clarify the original intent of the legislature in enacting the exemption for gross earnings from business originating or terminating outside of Minnesota in Minnesota Statutes, section 295.34. Section 17 does not create a new category of earnings subject to the gross earnings tax. It ratifies existing state interpretation of the telephone gross earnings tax and Minnesota Statutes, section 295.34.

Sec. 21. [REFUND ON ACCESS CHARGES.]

All persons who purchased telecommunications services from a long distance carrier and who on January 1, 1988, utilized customer provided access for such long distance telecommunication services but who were directly or indirectly billed by the long distance carrier a surcharge, reflecting the tax on long distance access charges, are entitled to a refund of all such amounts. The refund claim shall be filed at the end of each calendar year with the commissioner of revenue and shall set forth the basis for the refund and the amount to be refunded. The money necessary to pay the refunds is hereby appropriated to the commissioner out of the general fund. This section is effective for all amounts paid in calendar year 1989.

Sec. 22. [REPEALER.]

Minnesota Statutes 1988, section 290.092, subdivision 5, is repealed.

Sections 18 and 19 are effective for ores mined after December 31, 1989. Section 22 is effective the day following final enactment. Section 13 is effective for taxable years beginning after December 31, 1988.

ARTICLE 3
PROPERTY TAX REFUND

Section 1. Minnesota Statutes 1988, section 290A.03, subdivision 11, is amended to read:

Subd. 11. [RENT CONSTITUTING PROPERTY TAXES.] "Rent constituting property taxes" means ~~the amount 21 percent of the gross rent actually paid in cash, or its equivalent, or that portion of gross rent which is attributable (a) to the property tax paid on the unit or (b) to the amount paid in lieu of property taxes, in any calendar year by a claimant solely for the right of occupancy of the claimant's Minnesota homestead in the calendar year, and which rent constitutes the basis, in the succeeding calendar year of a claim for relief under this chapter by the claimant. The amount of rent attributable to property taxes paid or payments in lieu made on the unit shall be determined by multiplying the net tax on the property where the unit is located by a fraction, the numerator of which is the gross rent paid by the claimant for the calendar year for the unit and the denominator of which is the gross rent paid for the calendar year for the property in which the unit is located. In no case may the rent constituting property taxes exceed 50 percent of the gross rent paid by the claimant during that calendar year. In the case of a claimant who resides in a unit for which (1) a rent subsidy is paid to, or for, the claimant based on the income of the claimant or the claimant's family, or (2) a subsidy is paid to a public housing authority that owns or operates the claimant's rental unit, pursuant to United States Code, title 42, section 1437c, 20 percent of gross rent actually paid in cash or its equivalent shall be the claimant's "rent constituting property taxes paid."~~ For purposes of this subdivision, "rent subsidy" does not include any housing assistance received under aid to families with dependent children, general assistance, Minnesota supplemental assistance, supplemental security income, or similar income maintenance programs.

Sec. 2. Minnesota Statutes 1988, section 290A.04, subdivision 1, is amended to read:

Subdivision 1. A refund shall be allowed each claimant in the amount that property taxes payable or rent constituting property taxes exceed the percentage of the household income of the claimant specified in subdivision 2 or 2a in the year for which the taxes were levied or in the year in which the rent was paid as specified in subdivision 2 or 2a. If the amount of property taxes payable or rent constituting property taxes is equal to or less than the percentage of the household income of the claimant specified in subdivision 2 or 2a in the year for which the taxes were levied or in the year in which the rent was paid, the claimant shall not be eligible for a state refund pursuant to this section. For purposes of claiming this refund, a claimant who owns a homestead part of the year and rents part of the year may add the rent constituting property taxes to the qualifying tax on the homestead.

Sec. 3. Minnesota Statutes 1988, section 290A.04, subdivision 2, is amended to read:

Subd. 2. A claimant who, on the federal tax return filed for the prior year, claimed a personal exemption for a dependent pursuant to section 151 of the Internal Revenue Code, and whose property taxes payable or rent constituting property taxes are in excess of the percentage of the

household income stated below shall pay an amount equal to the percent of income shown for the appropriate household income level along with the percent to be paid by the claimant of the remaining amount of property taxes payable or rent constituting property taxes. The state refund will be equal to the amount of property taxes payable or rent constituting property taxes that remain, up to the state refund amount shown below.

The equipment or device shall meet standards, rules, or criteria prescribed by the Minnesota pollution control agency, and must be installed or operated in accordance with a permit or order issued by that agency. The Minnesota pollution control agency shall upon request of the commissioner furnish information or advice to the commissioner. On determining that property qualifies for exemption, the commissioner shall issue an order exempting the property from taxation. The equipment or device shall continue to be exempt from taxation as long as the permit issued by the Minnesota pollution control agency remains in effect.

(10) Wetlands. For purposes of this subdivision, "wetlands" means (1) land described in section 105.37, subdivision 15, or (2) land which is mostly under water, produces little if any income, and has no use except for wildlife or water conservation purposes, provided it is preserved in its natural condition and drainage of it would be legal, feasible, and economically practical for the production of livestock, dairy animals, poultry, fruit, vegetables, forage and grains, except wild rice. Upon receipt of an application for the exemption and credit provided in this clause and section 273.116 for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of the decision. Sec. 3. Minnesota Statutes 1988, section 272.02, is amended by adding a subdivision to read:

Subd. 6. [PROPERTY LEASED TO SCHOOL DISTRICTS.] Property that is leased or rented to a school district is exempt from taxation if it meets the following requirements:

Sec. 4. Minnesota Statutes 1988, section 273.11, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] Except as provided in subdivisions 6, 8, ~~and 9, and 11~~, or section 273.17, subdivision 1, all property shall be valued at its market value. The market value as determined pursuant to this section shall be stated such that any amount under \$100 is rounded up

to \$100 and any amount exceeding \$100 shall be rounded to the nearest \$100. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall the assessor adopt as a criterion of value the price for which such property would sell at a forced sale, or in the aggregate with all the property in the town or district; but the assessor shall value each article or description of property by itself, and at such sum or price as the assessor believes the same to be fairly worth in money. In assessing any tract or lot of real property, the value of the land, exclusive of structures and improvements, shall be determined, and also the value of all structures and improvements thereon, and the aggregate value of the property, including all structures and improvements, excluding the value of crops growing upon cultivated land. In valuing real property upon which there is a mine or quarry, it shall be valued at such price as such property, including the mine or quarry, would sell for a fair, voluntary sale, for cash. In valuing real property which is vacant, the fact that such property is platted shall not be taken into account. An individual lot of such platted property shall not be assessed in excess of the assessment of the land as if it were unplatted until the lot is improved with a permanent improvement all or a portion of which is located upon the lot, or for a period of three years after final approval of said plat whichever is shorter. When a lot is sold or construction begun, the gross tax capacity of that lot or any single contiguous lot fronting on the same street shall be eligible for reassessment. All property, or the use thereof, which is taxable under section 272.01, subdivision 2, or 273.19, shall be valued at the market value of such property and not at the value of a leasehold estate in such property, or at some lesser value than its market value.

Sec. 5. Minnesota Statutes 1988, section 273.11, is amended by adding a subdivision to read:

Subd. 11. [HOMESTEADS; LIMITATION IN MARKET VALUE INCREASES.] (a) After determining the market value of property classified class 1 or 2a, the assessor shall compare the market value with the market value determined in the preceding assessment. Notwithstanding any law to the contrary, the percentage increase in value entered in the current assessment over the previous year's assessment must not exceed the greater of \$10,000 or ten percent.

(b) Any increase in value in excess of the amount determined in paragraph (a) must be entered equally in the three subsequent assessment years. An excess amount entered under this paragraph is not subject to the limitation in paragraph (a).

(c) This subdivision does not apply to increases in value attributable to improvements made to the property. It does not apply to property becoming subject to taxation since the last assessment.

(d) The limitation contained in this subdivision also applies to the local boards of review under section 274.01, the county boards of equalization under section 274.13, and the state board of equalization and the commissioner of revenue under sections 270.11, 270.12, and 270.16. Except for property subject to the provisions of paragraph (c), the cumulative increases made by the assessor, the boards, and the commissioner may not exceed the maximum increase allowed under paragraph (a). Excess increases must be entered in subsequent years under paragraph (b).

Sec. 6. Minnesota Statutes 1988, section 273.111, subdivision 3, is

amended to read:

Subd. 3. (a) Real estate consisting of ten acres or more *or a nursery or greenhouse qualifying for classification as class 1b, 2a, or 2b under section 273.13, subdivision 23, paragraph (d)*, shall be entitled to valuation and tax deferment under this section only if it is actively and exclusively devoted to agricultural use as defined in subdivision 6 and either: (1) is the homestead of the owner, or of a surviving spouse, child, or sibling of the owner or is real estate which is farmed with the real estate which contains the homestead property; or

(2) has been in possession of the applicant, the applicant's spouse, parent, or sibling, or any combination thereof, for a period of at least seven years prior to application for benefits under the provisions of ~~Laws 1969, chapter 4039~~, *this section or is real estate which is farmed with the real estate which qualifies under this clause*; or

(3) is the homestead of a shareholder in a family farm corporation as defined in section 500.24, notwithstanding the fact that legal title to the real estate may be held in the name of the family farm corporation; or

(4) *is in the possession of a nursery or greenhouse or an entity owned by a proprietor, partnership, or corporation which also owns the nursery or greenhouse operations on the parcel or parcels.*

(b) Valuation of real estate under this section is limited to parcels the ownership of which is in noncorporate entities except for:

(1) family farm corporations organized pursuant to section 500.24; and

(2) *corporations that derive 80 percent or more of their gross receipts from the wholesale or retail sale of horticultural or nursery stock.*

Corporate entities who previously qualified for tax deferment pursuant to this section and who continue to otherwise qualify under subdivisions 3 and 6 for a period of at least three years following the effective date of this section will not be required to make payment of the previously deferred taxes, notwithstanding the provisions of subdivision 9. Sale of the land prior to the expiration of the three-year period shall result in payment of deferred taxes as follows: sale within the first year requires payment of payable 1980, 1981, and 1982 deferred taxes; sale during the second year requires payment of payable 1981 and 1982 taxes deferred; and sale at any time during the third year will require payment of payable 1983 taxes deferred. Deferred taxes shall be paid even if the land qualifies pursuant to subdivision 11a. Special assessments are payable at the end of the three-year period or at time of sale, whichever comes first.

Sec. 7. Minnesota Statutes 1988, section 273.124, subdivision 1, is amended to read:

Subdivision 1. [GENERAL RULE.] Residential real estate that is occupied and used for the purposes of a homestead by its owner, who must be a Minnesota resident, is a *residential* homestead.

Agricultural land, as defined in section 273.13, subdivision 23, that is occupied and used as a homestead by its owner, who must be a Minnesota resident, is an agricultural homestead.

Dates for establishment of a homestead and homestead treatment provided to particular types of property are as provided in this section.

The assessor shall require proof, by affidavit or otherwise, of the facts upon which classification as a homestead may be determined.

For purposes of this section, homestead property shall include property which is used for purposes of the homestead but is separated from the homestead by a road, street, lot, waterway, or other similar intervening property. The term "used for purposes of the homestead" shall include but not be limited to uses for gardens, garages, or other outbuildings commonly associated with a homestead, but shall not include vacant land held primarily for future development. In order to receive homestead treatment for the noncontiguous property, the owner shall apply for it to the assessor by July 1 of the year when the treatment is initially sought. After initial qualification for the homestead treatment, additional applications for subsequent years are not required.

In the case of property owned by a married couple in joint tenancy or tenancy in common, the assessor must not deny homestead treatment in whole or in part if only one of the spouses is occupying the property and the other spouse is absent due to divorce or separation, or is a resident of a nursing home or a boarding care facility.

If an individual is purchasing property with the intent of claiming it as a homestead, and is required by the terms of the financing agreement to have one or both parents shown on the deed as coowners, the assessor shall allow a full homestead classification and extend full homestead credit. This provision only applies to first time purchasers, whether married or single, or to a person who had previously been married and is purchasing as a single individual for the first time. The application for homestead benefits must be on a form prescribed by the commissioner and must contain the data necessary for the assessor to determine if full homestead benefits are warranted.

Sec. 8. Minnesota Statutes 1988, section 273.124, subdivision 9, is amended to read:

Subd. 9. [HOMESTEAD ESTABLISHED AFTER ASSESSMENT DATE.] Any property that was not used for the purpose of a homestead on the assessment date, but which was used for the purpose of a homestead ~~on~~ by June 1 of a year, constitutes class 1 or class 2a ~~to the extent of one-half of the valuation that would have been includable in class 1 or class 2a.~~

Any taxpayer meeting the requirements of this subdivision must notify the county assessor, or the assessor who has the powers of the county assessor pursuant to section 273.063, in writing, prior to June 15 of the year of occupancy in order to qualify under this subdivision.

The county assessor and the county auditor may make the necessary changes on their assessment and tax records to provide for proper homestead classification as provided in this subdivision.

The owner of any property qualifying under this subdivision, which has not been accorded the benefits of this subdivision, regardless of whether or not the notification has been timely filed, may be entitled to receive homestead classification by proper application as provided in section 270.07 or 375.192.

The county assessor shall publish in a newspaper of general circulation within the county no later than June 1 of each year a notice informing the public of the requirement to file an application for homestead prior to June

15.

Sec. 9. Minnesota Statutes 1988, section 273.124, is amended by adding a subdivision to read:

Subd. 14. [AGRICULTURAL HOMESTEADS; SPECIAL PROVISIONS.] (a) Real estate of less than ten acres that is the homestead of its owner must be classified as class 2a under section 273.13, subdivision 23, paragraph (a), if:

(1) the parcel on which the house is located is contiguous to agricultural land on at least two sides;

(2) its owner also owns a noncontiguous parcel of agricultural land that is at least 20 acres;

(3) the noncontiguous land is located not farther than two townships or cities, or a combination of townships or cities from the homestead; and

Homesteads initially classified as class 2a under the provisions of this subdivision shall remain classified as class 2a, irrespective of subsequent changes in the use of adjoining properties, so long as the homestead remains under the same ownership and the owner owns a noncontiguous parcel of agricultural land that is at least 20 acres.

(b) Noncontiguous land shall be included as part of a homestead under section 273.13, subdivision 23, paragraph (a), only if the homestead is classified as class 2a and the detached land is located in the same township or city, or not farther than two townships or cities or combination thereof from the homestead.

(c) Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified as a homestead under section 273.13, subdivision 23, paragraph (a). If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably necessary for the use of the dwelling as a home, must also be assessed class 2a.

Sec. 10. Minnesota Statutes 1988, section 273.13, subdivision 22, is amended to read:

Subd. 22. [CLASS 1.] (a) Except as provided in subdivision 23, real estate which is residential and used for homestead purposes is class 1. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) with assistance by the administration of veterans affairs has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

The commissioner of jobs and training shall provide a copy of the certification to the commissioner of revenue.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net tax capacity of .4 percent of its market value and a gross tax capacity of .87 percent of its market value. The remaining market value of class 1b property has a gross or net tax capacity using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 200 250 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, *which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort or a partner in a partnership that owns the resort, even if the title to the homestead is held by the corporation or partnership.* Class 1c property has a tax capacity of ~~.9~~ .75 percent of market value with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

Sec. 11. Minnesota Statutes 1988, section 273.13, subdivision 23, is amended to read:

Subd. 23. [CLASS 2.] (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land that does not exceed ~~\$65,000~~ \$68,000 has a net tax capacity of ~~.805~~ .925 percent of market value for taxes levied in 1989 and .95 percent for taxes levied in 1990 and thereafter and a gross tax capacity of 1.75 percent of market value~~., the excess market value over \$65,000~~ \$68,000 but not exceeding \$100,000 has a tax capacity of ~~2.2~~ 1.9 percent and the market value exceeding \$100,000 has a tax capacity of three percent. If the market value of the house, garage, and surrounding one acre of land is less than ~~\$65,000~~ \$100,000, the value of the remaining land including improvements equal to the difference between ~~\$65,000~~ \$100,000 and the market value of the house, garage, and surrounding one acre of land has a net tax capacity of ~~1.12~~ .37 percent of market value and a gross tax capacity of 1.75 percent of market value for the first 320 acres of land and the remaining value over 320 acres has a net tax capacity of ~~1.295~~ .37 percent of market value and a gross tax capacity of 1.75 percent of market value. The remaining value of class 2a property over ~~the \$65,000~~ \$100,000 of market value that does not exceed 320 acres has a net tax capacity of ~~1.44~~ 1.3 percent of market value and a gross tax capacity of 2.25 percent of market value. The remaining property over ~~the \$65,000~~ \$100,000 of market value in excess of 320 acres has a net tax capacity of ~~1.665~~ 1.55 percent of market value and a gross tax capacity of 2.25 percent of market value.

Noncontiguous land shall constitute class 2a only if the homestead is classified as class 2a and the detached land is located in the same township or city or not farther than two townships or cities or combination thereof from the homestead.

Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified class 2a. If agricultural land is classified class 2a, any other dwellings on the land used for purposes of a homestead by persons holding vested remainder interests who are actively engaged in farming the property, and up to one acre of the land surrounding each homestead and reasonably

necessary for the use of the dwelling as a home, must also be assessed class 2a and is entitled to the homestead credit.

For taxes levied in 1988, payable in 1989 only, the tax to be paid on class 2a property and class 1b property under section 273.13, subdivision 22, paragraph (b), used for agricultural purposes shall be reduced by 54 percent of the tax. The amount of the reduction shall not exceed \$725.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; and (2) real estate that is nonhomestead agricultural land. Class 2b property has a net tax capacity of 1.55 percent of market value and a gross tax capacity of 2.25 percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, primarily used during the preceding year for agricultural purposes. Agricultural use may include pasture, timber, waste, unusable wild land, and land included in federal farm programs.

(d) Real estate of less than ten acres used principally for raising poultry, livestock, fruit, vegetables or other agricultural products, including the breeding of fish for sale and consumption provided that it is located if the fish breeding occurs on land zoned for agricultural use, shall be considered as agricultural land, if it is not used primarily for residential purposes. The term "agricultural products" as used in the preceding sentence means any of the products identified in section 273.111, subdivision 6, clause (2). "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products.

(e) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

- (1) wholesale and retail sales;
- (2) processing of raw agricultural products or other goods;
- (3) warehousing or storage of processed goods; and
- (4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

Sec. 12. Minnesota Statutes 1988, section 273.13, subdivision 24, is

amended to read:

The governing body may provide for assessment under the first clause of the preceding sentence only for property which is located in an area which has been designated by the governing body for the receipt of tax reductions authorized by section 469.171, subdivision 1.

For this purpose, property is devoted to commercial use on a specific day if it is used, or offered for use, and a fee is charged for the use. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than ~~200~~ 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity; and

Class 4c property classified under clauses (1), (2), (3), ~~and~~ (4), and (6) has a tax capacity of 2.5 percent of market value.

(d) Class 4d property includes any structure:

Classification under this clause is only available to property of a nonprofit or limited dividend entity.

Class 4d property has a tax capacity of 1.5 percent of market value.

Residential rental property that would otherwise be assessed as class 4 property under paragraph (a); paragraph (b), clauses (1) and (2); paragraph (c), clauses (1), (2), (3), or (4); or paragraph (d), is assessed as class 5 property under subdivision 31, paragraph (d), if it is found to be a standard building under section 273.1316.

Sec. 14. [273.1316] [CLASSIFICATION OF SUBSTANDARD RESIDENTIAL RENTAL PROPERTY.]

Subdivision 1. [DENIAL OF RENTAL CLASSIFICATION.] No substandard building shall be classified as residential rental property under section 273.13, subdivision 25.

Subd. 2. [DEFINITION.] "Substandard building" means a building that:

(1) has been determined by a state, county, or city agency that is charged by the governing body of the appropriate political subdivision with the responsibility for enforcing health, housing, building, fire prevention, or housing maintenance codes:

(i) to materially endanger the health and safety of the occupants; or

(ii) if unoccupied, to be a hazardous building within the meaning of section 463.15, subdivision 3; or

(iii) to be substantially out of compliance with the housing and maintenance code of that county or city, to the extent that the reasonably anticipated cost of repairs necessary to achieve compliance would be at least \$1,000; and

(2) has not been repaired or brought to a condition of compliance within three months after the date of the violation notice to the owner as provided in subdivision 3 or within the time prescribed by the agency in the notice

in accordance with applicable state law or local ordinance, whichever period is shortest.

A building is not substandard under this subdivision if it was rendered substandard solely by reason of a tornado, flood, or other natural disaster.

Subd. 3. [VIOLATION NOTICE.] The initial notice of violation by the agency to the owner must be written and must contain:

(1) the details of the violation;

(2) the date by which repairs must be completed or compliance with other requirements must be achieved;

(3) a general description of the tax consequences if the violations are not corrected; and

(4) information on where and how an appeal may be filed.

The agency may, if authorized by law or ordinance, extend the compliance date prescribed in the violation notice, for good cause shown, or may determine that good faith efforts at compliance are sufficient to prevent designation as a substandard building.

Subd. 4. [NOTICE OF NONCOMPLIANCE.] When the period specified in subdivision 3 has expired without compliance, the agency shall mail to the owner a notice of noncompliance. The notice of noncompliance must be mailed by certified mail, return receipt requested, to the owner of the property at the owner's last known address. The notice must contain:

(1) the details of the noncompliance;

(2) a statement that the local assessor has been notified of the noncompliance and that the property will be reclassified;

(3) a general description of the tax consequences resulting from the denial of a residential rental property tax classification; and

(4) information on where and how an appeal may be filed.

Subd. 5. [APPEALS TO BOARD.] Appeals shall be made to the board created under this subdivision. Each county and city, prior to issuance of a violation notice under subdivision 3, must establish a board to hear appeals under this subdivision. The board shall have five members appointed by the governing body. A decision of the appeal board may be appealed to the district court of the county in which the building is located, concerning the violation and determination of material endangerment or hazard made under subdivision 2 and concerning a determination of noncompliance under subdivision 4. An appeal must be made no later than 30 days after receipt of the notice of the action or determination being appealed. If the board determines that the substandard building has been brought to a condition of compliance, the board shall require the agency to mail to the taxpayer a notice of compliance, which notice shall be in the form and include the information prescribed by the local assessor.

Subd. 6. [TIMING OF PROCESS.] If a notice of noncompliance is mailed before July 1 of any year, and the property owner has not successfully appealed the determination by October 15 of that year, the property will be disqualified from residential rental classification for taxes levied in that year and all subsequent years until the agency determines that the property is no longer a substandard building, or the property owner prevails on an appeal of the matter. If a notice of noncompliance is mailed after June 30

of any year, the disqualification would initially be effective for taxes levied in the following year.

Subd. 7. [REFUND UPON APPEAL.] If the property owner prevails on an appeal at any time after taxes have been paid based on assessment of the property as class 5 property, the agency shall notify the property owner concerning the procedures for the filing for a refund. The notice shall be in the form and include the information prescribed by the local tax assessor. The taxpayer may then file for a refund of the difference between the amount of the tax paid and the tax that would have been payable if the property had not been incorrectly assessed under this section, and each governmental subdivision that levied the tax on the property shall refund to the property owner its proportionate share of the refund.

Subd 8. [SPECIFICATION OF VIOLATIONS.] A notice of noncompliance shall not be mailed by the agency to the taxpayer until the state or the governing body of the appropriate political subdivision has prescribed by statute or ordinance the nature and types of violations of codes referred to in subdivision 2, that would constitute a nuisance or material endangerment to the health and safety of occupants of buildings, or that would constitute a hazardous building within the meaning of section 463.15, subdivision 3.

Sec. 15. Minnesota Statutes 1988, section 273.135, subdivision 2, is amended to read:

Subd. 2. For taxes payable in ~~1989 only~~ 1990 and subsequent years, the amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 66 percent of the net tax up to the taconite breakpoint plus a percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than \$10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the net tax up to the taconite breakpoint plus a percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than \$10.

(c)(1) The maximum reduction of the net tax up to the taconite breakpoint is \$225.40 on property described in clause (a) and \$200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by \$15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent

years.

(2) ~~The total maximum reduction of the net tax on property described in clause (a) is \$490 for taxes payable in 1985. The total maximum reduction for the net tax on property described in clause (b) is \$435 for taxes payable in 1985. These maximum amounts shall increase by \$15 per year for taxes payable in 1986 and thereafter.~~

For the purposes of this subdivision, ~~"net tax" means the tax on the property after deduction of any credit under section 273.13, subdivision 22 or 23, "taconite breakpoint" means the lowest possible net tax for a homestead qualifying for the maximum reduction pursuant to section 273.13, subdivision 22, rounded to the nearest whole dollar, "homestead credit equivalency percentage" means a percentage equal to the percentage reduction authorized in section 273.13, subdivision 22 54 percent, "effective tax rate" means tax divided by the market value of the a property, and the "base year effective tax rate" means the tax on the a property with an identical market value to that of the property receiving the credit in the current year after the application of the credits payable under section 273.13, subdivisions 22 and 23, and this section for taxes payable in 1988, divided by the market value of the property. A new parcel of property or a parcel with a current year classification that is different from its base year classification has the same base year effective tax rate as an equivalent homesteaded parcel.~~

Sec. 16. Minnesota Statutes 1988, section 273.1391, subdivision 2, is amended to read:

Subd. 2. For taxes payable in 1989 only, the amount of the reduction authorized by subdivision 1 shall be:

(a) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a county with a population of less than 100,000 in which taconite is mined or quarried and wherein a school district is located which does meet the qualifications of a tax relief area, and provided that at least 90 percent of the area of the school district which does not meet the qualifications of section 273.134 lies within such county, 57 percent of the ~~net tax up to the taconite breakpoint plus a percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint~~ on qualified property located in the school district that does not meet the qualifications of section 273.134, provided that the amount of said reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to *the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate*. In no case will the reduction resulting from this credit be less than \$10. The reduction provided by this clause shall only be applicable to property located within the boundaries of the county described therein.

(b) In the case of property located within a school district which does not meet the qualifications of section 273.134 as a tax relief area, but which is located in a school district in a county containing a city of the first class and a qualifying municipality, but not in a school district containing a city of the first class or adjacent to a school district containing a city of the first class unless the school district so adjacent contains a qualifying municipality, 57 percent of the ~~net tax up to the taconite breakpoint plus a~~

percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint, but not to exceed the maximums specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to the product of 95 percent of the base year effective tax rate multiplied by the ratio of the current year's tax rate to the payable 1989 tax rate. In no case will the reduction resulting from this credit be less than \$10.

(c)(1) The maximum reduction of the net tax up to the taconite breakpoint is \$200.10 for taxes payable in 1985. This maximum amount shall increase by \$15 multiplied by the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

(2) The total maximum reduction of the net tax is \$435 for taxes payable in 1985. This total maximum amount shall increase by \$15 per year for taxes payable in 1986 and thereafter.

For the purposes of this subdivision, "net tax" means the tax on the property after deduction of any credit under section 273.13, subdivision 22 or 23, "taconite breakpoint" means the lowest possible net tax for a homestead qualifying for the maximum reduction pursuant to section 273.13, subdivision 22, rounded to the nearest whole dollar, "homestead credit equivalency percentage" means a percentage equal to the percentage reduction authorized in section 273.13, subdivision 22 54 percent, and "effective tax rate" means tax divided by the market value of the a property, and the "base year effective tax rate" means the tax on the a property with an identical market value to that of the property receiving the credit in the current year after application of the credits payable under section 273.13, subdivisions 22 and 23, and this section for taxes payable in 1988, divided by the market value of the property. A new parcel with a current year classification that is different from its base year classification has the same base year effective tax rate as an equivalent homesteaded parcel.

Sec. 17. Minnesota Statutes 1988, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of tax capacity rates.

(c) "Gross tax capacity" means the product of the appropriate percentages of market value listed as gross tax capacities in section 273.13 and equalized estimated market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 6, for the municipality, as defined in section 473F02, subdivision 8, in which the unique taxing jurisdiction is located and, (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the gross tax capacity of transmission lines deducted from a local government's total gross tax capacity under section 273.425. For purposes of determining the gross tax capacity of property referred to in clauses (1) and (2) for disparity reduction aid payable in 1989, the gross tax capacity before equalization shall equal the property's 1987 assessed

~~value multiplied by 12 percent.~~ Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of the appropriate percentages of market value listed as net tax capacities in section 273.13 and ~~equalized estimated~~ market values. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 6, for the municipality, as defined in section 473F02, subdivision 8, in which the unique taxing jurisdiction is located ~~and~~, (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, ~~and (3) the net tax capacity of transmission lines deducted from a local government's total net tax capacity under section 273.425.~~ ~~For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent.~~ Net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. For computation of aids payable in 1989 only, if the aggregate assessment sales ratio is less than or equal to 92 percent, the assessment sales ratios by class shall be adjusted proportionally so that the aggregate ratio of the unequalized market values to the equalized market values equals 92 percent; otherwise the equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(f) "~~Homestead effective Local tax rate~~" means ~~the product of (i) 46 percent; (ii) 2-17 percent; and (iii) the total tax capacity rate for taxes payable in 1989 within a unique taxing jurisdiction multiplied by the 1988 aggregate assessment sales ratio. A sales ratio of .92 is used if the actual sales ratio is less than .92 the quotient derived by dividing the sum of (1) gross taxes levied within a unique taxing jurisdiction plus (2) the disparity reduction aid actually used to reduce taxes levied within the unique taxing jurisdiction for taxes in 1989 by the gross tax capacity of the unique taxing jurisdiction.~~

(g) For purposes of calculating the transition aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's ~~homestead effective~~ local tax rate; (ii) its net tax capacity; and (iii) ~~103 1.028146 plus the product of (i) a unique taxing jurisdiction's local tax rate; (ii) its distribution value pursuant to section 473F08, subdivision 2b, for taxes payable in 1989; and (iii) 1.028146.~~

(h) For purposes of calculating and allocating transition aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties" or "gross taxes" means the total gross taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F02,

subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction before reduction by any credits for taxes payable in the year prior to that in which the aids are payable. *For purposes of homestead and agricultural credit aid only, "gross taxes levied on all properties" include the payable 1989 apportioned fiscal disparities levies of the local government's exercising taxing authority within a unique taxing jurisdiction. A local government's fiscal disparity levy shall be apportioned among the unique taxing jurisdictions in which it exercises taxing authority in the ratio that each unique taxing jurisdiction's distribution value as determined pursuant to section 473F.08, subdivision 2b, bears to the total distribution value of the local government.* For purposes of disparity reduction aid only, total gross taxes shall be reduced by the taxes levied for any school district referendum levies authorized pursuant to section 124A.03, subdivision 2, and any school district debt levies authorized pursuant to section 475.61. Gross taxes levied cannot be less than zero.

(i) "Income maintenance aids" means:

(1) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(2) preadmission screening and alternative care grants under section 256B.091, subdivision 8;

(3) general assistance, and work readiness under section 256D.03, subdivision 2;

(4) general assistance medical care under section 256D.03, subdivision 6;

(5) aid to families with dependent children under section 256.82, subdivision 1, including emergency assistance under section 256.871, subdivision 6; and funeral expense payments under section 256.935, subdivision 1; and

(6) supplemental aid under section 256D.36, subdivision 1.

(j) "Adjustment factor" means the ratio of (1) the greater of (i) the estimated percentage increase in the estimated market value of the first \$68,000 of residential homesteads from the assessment two years prior to the year in which the aid is payable to the assessment one year prior to the year in which the aid is payable, or (ii) the estimated percentage increase in the estimated market value of farm homesteads from the assessment two years prior to the year in which the aid is payable to the assessment one year prior to the year in which the aid is payable to (2) the estimated percentage increase in the estimated market value of all taxable property within the unique taxing jurisdiction. The adjustment factor cannot be less than one. Estimates of market value for the assessment one year prior to the year in which the aid is paid will be made on the basis of the abstract submitted pursuant to section 270.11. Discrepancies between the estimate and actual market values will not result in increased or decreased aid in the year in which the estimates are used to compute aid, but the initial aid used to compute homestead and agricultural credit aid in the subsequent year will be adjusted to reflect actual market values.

Sec. 18. Minnesota Statutes 1988, section 273.1398, subdivision 2, is amended to read:

Subd. 2. [~~TRANSITION~~ **HOMESTEAD AND AGRICULTURAL CREDIT**

AID.] (a) ~~Transition~~ *Initial homestead and agricultural credit aid* for each unique taxing jurisdiction for taxes payable in 1990 equals the total gross taxes levied on all properties, minus the unique taxing jurisdiction's subtraction factor. ~~Transition~~ *The commissioner of revenue may, in computing the amount of the homestead and agricultural credit aid paid in 1990, adjust the gross tax capacity, net tax capacity, and gross taxes of a taxing jurisdiction for taxes payable in 1989 to reflect auditor's errors in taxes payable for 1989. Homestead and agricultural school credit aid cannot be less than zero. The transition aid so determined for school districts for purposes of general education and transportation levies shall be multiplied by the ratio of the adjusted gross tax capacity based upon the 1988 adjusted gross tax capacity to the estimated 1987 adjusted gross tax capacity based upon the 1987 adjusted assessed value. Each county assessor and the city assessors of Minneapolis, Duluth, and St. Cloud shall furnish the commissioner of revenue with the 1988 market values for taxes payable in 1989 for any new classes of property established in this article. The commissioner shall use those values, and estimate values where needed, in developing the 1988 tax capacity for each unique taxing jurisdiction under this section.*

In 1991 and subsequent years, the initial homestead and agricultural credit aid shall equal that calculated for taxes payable in the prior year.

(b) *The initial homestead and agricultural credit aid calculated in paragraph (a) shall be increased by the adjustment factor.*

~~(b)~~ (c)(1) *The transition homestead and agricultural credit aid is allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable 1989 gross taxes bears to the total payable 1989 gross taxes levied within the unique taxing jurisdiction.*

(2) *The 1990 homestead and agricultural credit aid so determined for school districts for purposes of general education and transportation levies shall be multiplied by the ratio of the adjusted gross tax capacity based upon the 1988 adjusted gross tax capacity to the estimated 1987 adjusted gross tax capacity based upon the 1987 adjusted assessed value.*

(3) *If a local government's total tax capacity rate for all funds for taxes payable in 1989 varies within the area in which it exercises taxing authority, the local government's allocated transition homestead and agricultural credit aid must be further allocated between the part of its levy in respect to which the tax capacity rate is constant throughout the area in which it exercises taxing authority and the part of its levy in respect to which the tax capacity rate varies throughout the area in which it exercises taxing authority.*

(e) *In 1991 and subsequent years, a local government shall receive transition aid equal to that it received in 1990 subject to the requirement of the last sentence of subdivision 6.*

(d) *The difference between (1) the income maintenance aids payable to a county and (2) the income maintenance aids that would be payable to the county pursuant to the rates in effect for calendar year 1989 shall be reduced by the sum of the amount of transition aid a county receives under this subdivision for all unique taxing jurisdictions located within its borders. The reduction must not reduce the difference to less than zero. The reduction shall be prorated among all payments of the increased income maintenance aids so that each payment is reduced by an equal percentage*

amount. The commissioner of revenue shall certify each county's transition aid to the commissioner of human services for purposes of this adjustment.

Sec. 19. Minnesota Statutes 1988, section 273.1398, subdivision 3, is amended to read:

Subd. 3. [DISPARITY REDUCTION AID.] (a) For taxes payable in 1989, a disparity reduction aid shall be calculated for each unique taxing jurisdiction. The aid is the greater of:

(1) the difference between (i) the total 1988 gross tax payable on all taxable property within the unique taxing jurisdiction, and (ii) the gross tax capacity of the unique taxing jurisdiction; or

(2) 20 percent of the difference between (i) the 1988 gross tax of the city or township, and (ii) 23 percent of the city's or township's gross tax capacity.

In no case can the aid be less than \$0.

(b) ~~The disparity reduction aid is allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable gross taxes bears to the total payable gross taxes levied within the unique taxing jurisdiction.~~

~~(e) In~~ For 1990 and subsequent years, a local government shall receive disparity reduction aid equal to that it received in 1989 disparity reduction aid shall equal the unique taxing jurisdiction's 1989 net tax capacity multiplied by the quotient of (1) a unique taxing jurisdiction's disparity reduction aid after any reductions pursuant to section 275.08, subdivision 1d, for taxes payable in 1989 divided by (2) the unique taxing jurisdiction's payable 1989 gross tax capacity.

(c) *The disparity reduction aid is allocated to each local government levying taxes in the unique taxing jurisdiction in the proportion that the local government's payable gross taxes bears to the total payable gross taxes levied within the unique taxing jurisdiction.*

Sec. 20. Minnesota Statutes 1988, section 298.28, subdivision 6, is amended to read:

Subd. 6. [PROPERTY TAX RELIEF] (a) ~~Twelve~~ Fifteen cents per taxable ton, less any amount required to be distributed under paragraphs (b) and (c), must be allocated to St. Louis county acting as the counties' fiscal agent, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .1875 cent per taxable ton of the tax imposed and collected from such taxpayer shall be paid to the county.

(c) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a school district other than a school district in which the mining and concentrating processes are conducted, .5625 cent per taxable ton of the tax imposed and collected from the taxpayer shall be paid to the school district.

Sec. 21. Minnesota Statutes 1988, section 473F08, subdivision 3, is amended to read:

Subd. 3. On or before October 15 of 1976 and each subsequent year, the county auditor shall apportion the levy of each governmental unit in the auditor's county in the manner prescribed by this subdivision. The auditor shall:

(a) Determine the areawide portion of the levy for each governmental unit by multiplying the tax capacity rate of the governmental unit for the preceding levy year times the distribution value set forth in subdivision 2, clause (b), *provided that for taxes payable in 1990 only the tax capacity rate for the prior year shall be multiplied by 1.028146*; and

(b) Determine the local portion of the current year's levy by subtracting the resulting amount from clause (a) from the governmental unit's current year's levy.

Sec. 22. Minnesota Statutes 1988, section 477A.011, subdivision 1a, is amended to read:

Subd. 1a. [CITY.] City means a statutory or home rule charter city *and a township with a population of 5,000 or more for purposes of the aid payable under section 477A.013. City does not include a township for purposes of the aid payable under section 477A.0132.*

Sec. 23. Minnesota Statutes 1988, section 477A.011, is amended by adding a subdivision to read:

Subd. 1b. [TOWN.] "*Town*" means a township with a population of less than 5,000.

Sec. 24. Minnesota Statutes 1988, section 477A.011, subdivision 20, is amended to read:

Subd. 20. [CITY TAX CAPACITY.] "City tax capacity" means (1) 23 percent of the net tax capacity computed using *the net tax capacity rates listed in Minnesota Statutes 1988, section 273.13, for aids payable in 1990 and the net tax capacity rates listed in section 273.13 for aids payable in 1991 and subsequent years* for all taxable property within the city based on the assessment two years prior to that for which aids are being calculated, plus (2) a city's levy on the fiscal disparities distribution under section 473F08, subdivision 3, paragraph (a), for taxes payable in the year prior to that for which aids are being calculated. The market value utilized in computing net tax capacity shall be reduced by the sum of (1) a city's market value of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 2, paragraph (a), ~~and~~ (2) the market value of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, *and (3) the market value of transmission lines deducted from a city's total net tax capacity under section 273.425.* The net tax capacity will be computed using equalized market values.

Sec. 25. Minnesota Statutes 1988, section 477A.011, is amended by adding a subdivision to read:

Subd. 25. [NET TAX CAPACITY.] "*Net tax capacity*" means for equalization aids payable in 1990 the net tax capacity of a city computed using the net tax capacity rates in Minnesota Statutes 1988, section 273.13, and based on 1988 estimated market values. All class 1a property will be deemed to have a net tax capacity of one percent of estimated market value. For equalization aids payable in 1991 and subsequent years, the net tax capacity of a city shall be computed using the net tax capacity rates in

section 273.13 and based on the estimated market values from the assessment two years prior to the year in which the aids are payable. All class 1a property will be deemed to have a net tax capacity of .95 percent of estimated market value. The market value utilized in computing net tax capacity shall be reduced by the sum of (1) a city's market value of commercial industrial property as defined in section 473F.02, subdivision 3, multiplied by the ratio determined pursuant to section 473F.08, subdivision 2, paragraph (a), (2) the market value of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2, and (3) the market value of transmission lines deducted from a city's total net tax capacity under section 273.425. The net tax capacity will be computed using equalized market values.

Sec. 26. Minnesota Statutes 1988, section 477A.011, is amended by adding a subdivision to read:

Subd. 26. [HOMESTEAD BASE TAX CAPACITY PERCENTAGE.] "Homestead base tax capacity percentage" means the percent equivalent to a city's net tax capacity of the first \$68,000 of estimated market value of all nonagricultural homesteads divided by the city's net tax capacity. For aids payable in 1990, the net tax capacity of the first \$68,000 of a homestead's estimated market value shall be computed using a net tax capacity rate of one percent.

Sec. 27. Minnesota Statutes 1988, section 477A.011, is amended by adding a subdivision to read:

Subd. 27. [ADJUSTED NET TAX CAPACITY.] "Adjusted net tax capacity" means the per capita net tax capacity of a city multiplied by the ratio of (1) the average homestead base tax capacity percentage for all cities to (2) the city's homestead base tax capacity percentage.

Sec. 28. Minnesota Statutes 1988, section 477A.011, is amended by adding a subdivision to read:

Subd. 28. [EQUALIZATION AID RATIO.] "Equalization aid ratio" means one minus the ratio of (1) a city's adjusted net tax capacity to (2) \$900. The equalization aid ratio cannot be less than zero.

Sec. 29. Minnesota Statutes 1988, section 477A.013, subdivision 3, is amended to read:

Subd. 3. [CITY AID DISTRIBUTION.] In 1989, a city whose initial aid is greater than \$0 will receive the following aid increases in addition to an amount equal to the local government aid it received in 1988 under Minnesota Statutes 1987 Supplement, section 477A.013:

(1) for a city whose expenditure/unlimited aid ratio is at least 1.5, two percent of city revenue;

(2) for a city whose expenditure/unlimited aid ratio is at least 1.4 but less than 1.5, 2.5 percent of city revenue;

(3) for a city whose expenditure/unlimited aid ratio is at least 1.3 but less than 1.4, three percent of city revenue;

(8) for a city whose expenditure/unlimited aid ratio is at least .95 but less than 1.0, 7.5 percent of city revenue;

(9) for a city whose expenditure/unlimited aid ratio is at least .75 but less than .95, 8.5 percent of city revenue; and

(10) for a city whose expenditure/unlimited aid ratio is less than .75, nine percent of city revenue.

In 1990 and subsequent years, a city whose initial aid is greater than \$0 will receive an amount equal to the aid it received under this subdivision and *Minnesota Statutes 1988, section 477A.013*, subdivision 4, in the year prior to that for which aids are being calculated plus an aid increase equal to 50 percent of the rates listed in clauses (1) to (10) multiplied by city revenue.

A city's aid increase under this subdivision is limited to the lesser of (1) 20 percent of its levy for taxes payable in the year prior to that for which aids are being calculated after the adjustments provided in section 273.1398, subdivision 2, or (2) its initial aid amount, provided that no city will receive an increase that is less than two percent of its ~~1988~~ 1989 local government aid for aids payable in ~~1989~~ 1990.

A city whose initial aid is \$0 will receive in ~~1989~~ 1990 an amount equal to 102 percent of the local government aid it received in ~~1988~~ 1989 under *Minnesota Statutes 1987 Supplement 1988, section 477A.013*. A city whose initial aid is \$0 will receive in ~~1990~~ 1991 and subsequent years an amount equal to the aid it received in the previous year under this subdivision and subdivision 4.

Sec. 30. [477A.0132] [EQUALIZATION AID.]

Equalization aid is equal to a city's equalization aid ratio multiplied by 3.25 percent of the total taxes levied within a city excluding school levies; taxes levied on the captured value of tax increment finance districts as defined in section 469.177, subdivision 2; taxes levied on the net tax capacity excluded in determining local tax rates pursuant to section 273.425, and taxes levied on the portion of commercial industrial properties' tax capacity as defined in section 473F.02, subdivision 3, subject to the area-wide tax provided in section 473F.08, subdivision 6. As used in this section, "total taxes levied" means the amount of taxes levied after any reduction due to disparity reduction aid.

Sec. 31. *Minnesota Statutes 1988, section 477A.014, subdivision 1, is amended to read:*

Subdivision 1. [CALCULATIONS AND PAYMENTS.] The commissioner of revenue shall make all necessary calculations and make payments pursuant to sections 477A.012, 477A.013, 477A.0132, and 477A.03 directly to the affected taxing authorities annually. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those state-wide total figures that are pertinent, before August 15 of the year preceding the aid distribution year.

Sec. 32. Minnesota Statutes 1988, section 477A.014, subdivision 3, is amended to read:

Subd. 3. [AID AMOUNT CORRECTION.] If, due to an error in the factors used to calculate a taxing authority's aid pursuant to section 477A.012 or, 477A.013, or 477A.0132 the amount indicated in the certification of the commissioner to the taxing authority for a year is less than the amount to which it is entitled pursuant to this section, the commissioner of revenue shall additionally distribute the amount necessary to make the full correct distribution to the taxing authority. The additional distribution shall be paid from the general fund and shall not diminish the distributions made to other taxing authorities under this section.

Sec. 33. [FISCAL DISPARITIES ADJUSTMENT.]

For purposes of determining the areawide levy and local levies under section 473F08, subdivisions 3, 4, 5, and 6, for taxes payable in 1990, the initial computation shall be done based on chapter 473F. However, after the dollar amount of the areawide and local levies has been determined under section 473F08, subdivisions 3, 4, 5, and 6, the dollar amount of the levies shall be spread on the basis of this act. The dollar amount of the areawide tax shall be levied against the portion of commercial-industrial net tax capacity equal to the portion of commercial-industrial gross tax capacity that would have been subject to the areawide tax under Minnesota Statutes 1988. Prior to November 20, 1989, the county auditors with the assistance of the county assessors shall determine the net tax capacity of commercial-industrial property in each municipality as of the January 2, 1971, assessment. The net tax capacity shall be computed by multiplying the municipality's market value of commercial-industrial assessed value by class by the net tax capacity rates in section 273.13.

Sec. 34. [REPEALER.]

Minnesota Statutes 1988, sections 134.34, subdivision 6; 275.50, subdivision 3g; and 477A.013, subdivision 4, are repealed.

Sec. 35. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment and is intended to confirm and clarify the taxation and equalization of state-assessed public utility property.

Section 5 is effective for assessments of market value in 1989 and thereafter. If an assessor has increased the market value for the 1989 assessment by an amount in excess of the amount allowed under section 5, the assessor shall reduce the market value to that allowed under section 5. If the assessor has mailed a notice of the increase in market value to the property owner, the assessor must mail a revised notice to the property owner. Notices must state that the increases in market value have been limited under this act.

Section 20 is effective for taconite produced in 1989, proceeds distributed in 1990, and thereafter.

Except where otherwise provided, the remainder of this article is effective for taxes levied in 1989, payable in 1990, and thereafter.

The property owners may appeal the county's determination by filing a notice of appeal with the Minnesota tax court within 60 days of the date of the notice from the county.

If the amount of homestead benefits and penalty is not paid within 60 days, and if no appeal has been filed, the county auditor shall certify the amount to the succeeding year's tax list to be collected as part of the property taxes.

Any amount of homestead benefits recovered from the property owner must be transmitted to the commissioner by the end of each calendar quarter. Any amount recovered attributable to taconite homestead credit shall be transmitted to the St. Louis county auditor to be deposited in the taconite property tax relief account. The amount of penalty collected must be deposited in the county general fund.

The commissioner will provide suggested homestead applications to each county. If a property owner has applied for more than one homestead and the county assessors cannot determine which property should be classified as homestead, the county assessors will refer the information to the commissioner. The commissioner shall make the determination and notify the counties within 60 days.

In addition to lists of homestead properties, the commissioner may ask the counties to furnish lists of all properties and the record owners.

The market value of class 1a property that exceeds \$68,000 but does not exceed \$100,000 has a tax capacity of 2.5 percent of its market value. (iii) with assistance by the administration of veterans affairs has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

- (F) a pension from any local government retirement fund located in the state of Minnesota as a result of that disability; or
- (iii) whose household income as defined in section 290A.03, subdivision 5, is 150 percent or less of the federal poverty level.

Property is classified and assessed pursuant to clause (1) only if the commissioner of jobs and training certifies to the assessor that the owner of the property satisfies the requirements of this subdivision. ~~The commissioner of jobs and training shall provide a copy of the certification to the commissioner of revenue.~~

The remaining market value of class 1b property has a gross or net tax capacity using the rates for class 1 or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lake-shore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 200 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner. Class 1c property has a tax capacity of .9 percent of market value with the following limitation: the area of the property must not exceed 100 feet of lakeshore footage for each cabin or campsite located on the property up to a total of 800 feet and 500 feet in depth, measured away from the lakeshore.

(d) For taxes levied in 1988, payable in 1989 only, the tax to be paid on class 1a or class 1b property shall be reduced by 54 percent of the tax imposed on the first \$68,000 of market value. The amount of the reduction shall not exceed \$725.

taconite breakpoint, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to 95 percent of the base year effective tax rate. In no case will the reduction *for each homestead* resulting from this credit be less than \$10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the net tax up to the taconite breakpoint plus a percentage equal to the homestead credit equivalency percentage of the net tax in excess of the taconite breakpoint, provided that the reduction shall not exceed the maximum amounts specified in clause (c), and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to 95 percent of the base year effective tax rate. In no case will the reduction *for each homestead* resulting from this credit be less than \$10.

(c)(1) The maximum reduction of the net tax up to the taconite breakpoint is \$225.40 on property described in clause (a) and \$200.10 on property described in clause (b), for taxes payable in 1985. These maximum amounts shall increase by \$15 times the quantity one minus the homestead credit equivalency percentage per year for taxes payable in 1986 and subsequent years.

In no case will the reduction *for each*

homestead resulting from this credit be less than \$10.

(b) In the case of property located within the boundaries of a school district which qualifies as a tax relief area but which is outside the boundaries of a municipality which meets the qualifications prescribed in section 273.134, 57 percent of the tax, provided that the reduction shall not exceed the maximum amounts specified in clause (c) and shall not exceed an amount sufficient to reduce the effective tax rate on each parcel of property to 95 percent of the base year effective tax rate. Sec. 21. Minnesota Statutes 1988, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of tax capacity rates.

(c) "Gross tax capacity" means the product of the appropriate percentages of market value listed as gross tax capacities in section 273.13 and equalized market values. "Total gross tax capacity" means the gross tax

capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 6, for the municipality, as defined in section 473F02, subdivision 8, in which the unique taxing jurisdiction is located and (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2. For purposes of determining the gross tax capacity of property referred to in clauses (1) and (2) for disparity reduction aid payable in 1989, the gross tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of the appropriate percentages of market value listed as net tax capacities in section 273.13 and equalized market values. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 6, for the municipality, as defined in section 473F02, subdivision 8, in which the unique taxing jurisdiction is located and (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent. Net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. For computation of aids payable in 1989 only, if the aggregate assessment sales ratio is less than or equal to 92 percent, the assessment sales ratios by class shall be adjusted proportionally so that the aggregate ratio of the unequalized market values to the equalized market values equals 92 percent; otherwise the equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(f) "Homestead effective rate" means the product of (i) 46 percent; (ii) 2.17 percent; and (iii) the total tax capacity rate for taxes payable in 1989 within a unique taxing jurisdiction multiplied by the 1988 aggregate assessment sales ratio. A sales ratio of .92 is used if the actual sales ratio is less than .92.

(g) For purposes of calculating the ~~transition~~ *homestead and agricultural credit* aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's homestead effective rate; (ii) its net tax capacity; and (iii) 103.

(h) For purposes of calculating and allocating ~~transition~~ *homestead and agricultural credit* aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties" or "gross taxes" means the total gross taxes levied on all properties except that levied on the captured value of tax increment districts as defined

in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F.02, subdivision 3, subject to the areawide tax as provided in section 473F.08, subdivision 6, in a unique taxing jurisdiction before reduction by any credits for taxes payable in the year prior to that in which the aids are payable. For purposes of disparity reduction aid only, total gross taxes shall be reduced by the taxes levied for any school district referendum levies authorized pursuant to section 124A.03, subdivision 2, and any school district debt levies authorized pursuant to section 475.61. Gross taxes levied cannot be less than zero.

(i) "Income maintenance aids" means:

(1) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(2) preadmission screening and alternative care grants under section 256B.091, subdivision 8;

Sec. 22. Minnesota Statutes 1988, section 273.1398, subdivision 4, is amended to read:

Subd. 4. [DISPARITY REDUCTION CREDIT.] (a) Beginning with taxes payable in 1989, class 4a, class 3a, and class 3b property *qualifies for a disparity reduction credit if: (1) the property is located in a border city that has an enterprise zone designated pursuant to section 469.168, subdivision 4;* (2) *the property is located in cities a city with a population greater than 2,500 and less than 35,000 according to the 1980 decennial census which are;* (3) *the city is adjacent to cities a city in another state or immediately adjacent to a city adjacent to a city in another state qualify for disparity reduction credits, if;* and (4) the adjacent city in the other state has a population of greater than 5,000 and less than 75,000.

(b) The credit is an amount sufficient to reduce (i) the taxes levied on class 4a property to three percent of the property's market value and (ii) the tax on class 3a and class 3b property to 3.3 percent of market value.

(c) The county auditor shall annually certify the costs of the credits to the department of revenue. The department shall reimburse local governments for the property taxes foregone as the result of the credits in proportion to their total levies.

Sec. 23. Minnesota Statutes 1988, section 273.1398, subdivision 5, is amended to read:

Subd. 5. [ADDITIONAL HOMESTEAD AND AGRICULTURAL CREDIT GUARANTEE.] Beginning with taxes payable in 1990, each

unique taxing jurisdiction may receive additional homestead and agricultural credit *guarantee* payments.

(1) Each year, the commissioner shall certify to the county auditor the total education aids paid under chapters 124 and 124A, ~~transition homestead and agricultural credit~~ aid and disparity reduction aid paid under section 273.1398, local government aid to cities, counties, and towns paid under chapter 477A, and income maintenance aid paid to counties for each taxing jurisdiction. The county auditor shall apportion each local government's aids to the unique taxing jurisdiction based upon the proportion that the unique taxing jurisdiction's tax capacity bears to the total tax capacity of the local government.

(2) Each year, the county auditor will compute a gross tax capacity rate for each taxing jurisdiction equal to its total levy divided by its gross tax capacity. For each unique taxing jurisdiction, a total gross tax capacity rate will be determined. This total gross tax capacity rate will be applied against the gross tax capacity of each property that would have been eligible for the homestead credit or the agricultural credit for taxes payable in 1989. A credit amount will be determined for each parcel based upon the credit rate structure in effect for taxes payable in 1989. The resulting credit amounts will be summed for all parcels in the unique taxing jurisdiction.

If the amount determined in clause (2) is greater than the amount determined in clause (1), the difference will be additional homestead and agricultural credit *guarantee* payments for the unique taxing jurisdiction. The additional credit amount shall proportionately reduce the tax capacity rates of all local governments levying taxes within the unique taxing jurisdiction. The county auditor shall certify the amounts of ~~all~~ additional credits determined under this ~~section~~ *subdivision* in a form prescribed by the commissioner.

Sec. 24. Minnesota Statutes 1988, section 273.1398, subdivision 6, is amended to read:

Subd. 6. [PAYMENT.] The commissioner shall certify the aids provided in subdivisions 2 and 3 before September 30 of the year preceding the distribution year to the county auditor of the affected local government and pay them and the credit reimbursements to local governments other than school districts at the times provided in section 477A.015 for payment of local government aid to taxing jurisdictions. Aids and credit reimbursements to school districts must be certified to the commissioner of education and paid under section 273.1392. Payment shall not be made to any taxing jurisdiction that has ceased to levy a property tax nor shall ~~transition homestead and agricultural credit~~ aid be payable on the part of a levy to which ~~transition homestead and agricultural credit~~ aid was separately allocated under subdivision 2, paragraph (b), clause (2), which is no longer levied.

Sec. 25. Minnesota Statutes 1988, section 275.07, subdivision 3, is amended to read:

Subd. 3. The county auditor shall adjust each local government's levy certified under subdivision 1 by the amount of ~~transition homestead and agricultural credit~~ aid certified by section 273.1398, subdivision 2. If a local government's ~~transition homestead and agricultural credit~~ aid was further allocated between portions of its levy pursuant to section 273.1398, subdivision 2, paragraph (b)(2), the levy or fund to which the ~~transition homestead and agricultural credit~~ aid was allocated is the levy or fund

which must be adjusted.

Sec. 26. [276.131] [DISTRIBUTION OF PENALTIES, INTEREST, AND COSTS.]

The penalties, interest, and costs collected on special assessments and real and personal property taxes must be distributed as follows:

(1) all penalties and interest collected on special assessments against real or personal property must be distributed to the taxing jurisdiction that levied the assessment;

(2) 50 percent of all penalties and interest collected on real and personal property taxes must be distributed to the county in which the property is located, and the other 50 percent must be distributed to the school district in which the property is located. If the proceedings instituted by the filing of the petition have not been completed before the 16th day of May next following the filing, the petitioner shall pay to the county treasurer 50 percent of the tax levied for such year against the property involved, unless permission to continue prosecution of the petition without such payment is obtained as herein provided. If the proceedings instituted by the filing of the petition have not been completed by the next October 16, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, November 16, the petitioner shall pay to the county treasurer 50 percent of the unpaid balance of the taxes levied for the year against the property involved if the unpaid balance is \$2,000 or less and 80 percent of the unpaid balance if the unpaid balance is over \$2,000, unless permission to continue prosecution of the petition without payment is obtained as herein provided. The petitioner, upon ten days notice to the county attorney and to the county auditor, given at least ten days prior to the 16th day of May or the 16th day of October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, the 16th day of November, may apply to the court for permission to continue prosecution of the petition without payment; and, if it is made to appear

(1) That the proposed review is to be taken in good faith;

(2) That there is probable cause to believe that the property may be held exempt from the tax levied or that the tax may be determined to be less than 50 percent of the amount levied; and

(3) That it would work a hardship upon petitioner to pay the taxes due,

the court may permit the petitioner to continue prosecution of the petition without payment, or may fix a lesser amount to be paid as a condition of continuing the prosecution of the petition.

Failure to make payment of the amount required when due shall operate automatically to dismiss the petition and all proceedings thereunder unless

the payment is waived by an order of the court permitting the petitioner to continue prosecution of the petition without payment. The county treasurer shall, upon request of the petitioner, issue duplicate receipts for the tax payment, one of which shall be filed by the petitioner in the proceeding.

Sec. 28. Minnesota Statutes 1988, section 278.05, subdivision 4, is amended to read:

No sales ratio study received into evidence shall be conclusive or binding on the court and evidence of its reliability or unreliability may be introduced by any party including, but not limited to, evidence of inadequate adjustment of sale prices for terms of financing, inadequate adjustment of sales prices to reflect the difference in the date of sale compared to the assessment date, and inadequate sample size.

No reduction in value on the grounds of discrimination shall be granted on the basis of a sales ratio study published by the department of revenue unless

Sec. 29. Minnesota Statutes 1988, section 278.05, subdivision 5, is amended to read:

Subd. 5. Any time after the filing of the petition and before the trial of the issues raised thereby, when the defense or claim presented is that the property has been partially, unfairly, or unequally assessed, or that the parcel has been assessed at a valuation greater than its real or actual value, or that a parcel which is classified as homestead under the provisions of section 273.13, subdivision 22 or 23, has been assessed at a valuation which exceeds by ten percent or more the valuation which the parcel would have if it were valued at the average assessment/sales ratio for real property in the same class in that portion of the county in which the parcel is located, for which the commissioner is able to establish and publish a sales ratio study, the attorney representing the state, county, city or town in the proceedings may serve on the petitioner, or the petitioner's attorney, and file

with the court administrator of the district court, an offer to reduce the valuation of any tract or tracts to a valuation set forth in the offer. If, within ten days thereafter, the petitioner, or the attorney, gives notice in writing to the county attorney, or the attorney for the city or town, that the offer is accepted, the official notified may file the offer with proof of notice, and the court administrator shall enter judgment accordingly. Otherwise, the offer shall be deemed withdrawn and evidence thereof shall not be given; and, unless a lower valuation than specified in the offer is found by the court, no costs or disbursements shall be allowed to the petitioner, but the costs and disbursements of the state, county, city or town, including interest at six percent on the tax based on the amount of the offer from and after the 16th day of October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, the 16th day of November, of the year the taxes are payable, shall be taxed in its favor and included in the judgment and when collected shall be credited to the county revenue fund, unless the taxes were paid in full before the 16th day of October, or, in the case of class 1b agricultural homestead, class 2a agricultural homestead, and class 2e 2b(2) agricultural nonhomestead property, the 16th day of November, of the year in which the taxes were payable, in which event interest shall not be taxable.

Sec. 30. Minnesota Statutes 1988, section 279.01, subdivision 1, is amended to read:

Subdivision 1. Except as provided in subdivision 3, on May 16, of each year, with respect to property actually occupied and used as a homestead by the owner of the property, a penalty of three percent shall accrue and thereafter be charged upon all unpaid taxes on real estate on the current lists in the hands of the county treasurer, and a penalty of seven percent on nonhomestead property, except that this penalty shall not accrue until June 1 of each year on commercial use real property used for seasonal residential recreational purposes and classified as class 4d 1c or 4c, and on other commercial use real property classified as class 3a, provided that over 60 percent of the gross income earned by the enterprise on the class 3a property is earned during the months of May, June, July, and August. Any property owner of such class 3a property who pays the first half of the tax due on the property after May 15 and before June 1 shall attach an affidavit to the payment attesting to compliance with the income provision of this subdivision. Thereafter, for both homestead and nonhomestead property, on the first day of each month, up to and including October 1 following, an additional penalty of one percent for each month shall accrue and be charged on all such unpaid taxes. When the taxes against any tract or lot exceed \$50, one-half thereof may be paid prior to May 16; and, if so paid, no penalty shall attach; the remaining one-half shall be paid at any time prior to October 16 following, without penalty; but, if not so paid, then a penalty of four percent shall accrue thereon for homestead property and a penalty of four percent on nonhomestead property. Thereafter, for homestead property, on the first day of November and December following, an additional penalty of two percent for each month shall accrue and be charged on all such unpaid taxes. Thereafter, for nonhomestead property, on the first day of November and December following, an additional penalty of four percent for each month shall accrue and be charged on all such unpaid taxes. If one-half of such taxes shall not be paid prior to May 16, the same may be paid at any time prior to October 16, with accrued penalties to the date of payment added, and thereupon no penalty shall attach to the

remaining one-half until October 16 following.

A county may provide by resolution that in the case of a property owner that has multiple tracts or parcels with aggregate taxes exceeding \$50, payments may be made in installments as provided in this subdivision.

The county treasurer may accept payments of more or less than the exact amount of a tax installment due. If the accepted payment is less than the amount due, payments must be applied first to the penalty accrued for the year the payment is made. Acceptance of partial payment of tax does not constitute a waiver of the minimum payment required as a condition for filing an appeal under section 278.03 or any other law, nor does it affect the order of payment of delinquent taxes under section 280.39.

Sec. 31. Minnesota Statutes 1988, section 279.01, subdivision 3, is amended to read:

Subd. 3. In the case of class 1b agricultural homestead, class 2a agricultural homestead property, and class ~~2e~~ 2b(2) agricultural nonhomestead property, no penalties shall attach to the second one-half property tax payment as provided in this section if paid by November 15. Thereafter for class 1b agricultural homestead and class 2a homestead property, on November 16 following, a penalty of six percent shall accrue and be charged on all such unpaid taxes and on December 1 following, an additional two percent shall be charged on all such unpaid taxes. Thereafter for class ~~2e~~ 2b(2) agricultural nonhomestead property, on November 16 following, a penalty of eight percent shall accrue and be charged on all such unpaid taxes and on December 1 following, an additional four percent shall be charged on all such unpaid taxes.

If the owner of class 1b agricultural homestead, class 2a, or class ~~2e~~ 2b(2) agricultural property receives a consolidated property tax statement that shows only an aggregate of the taxes and special assessments due on that property and on other property not classified as class 1b agricultural homestead, class 2a, or class ~~2e~~ 2b(2) agricultural property, the aggregate tax and special assessments shown due on the property by the consolidated statement will be due on November 15 provided that at least 50 percent of the property's market value is classified class 1b agricultural, class 2a, or class ~~2e~~ 2b(2) agricultural.

Sec. 32. Minnesota Statutes 1988, section 279.37, subdivision 7, is amended to read:

Subd. 7. The county auditor's statement and county treasurer's receipt issued for payment of a deferred installment, as herein provided for, shall not read for any specific year's taxes, but shall read for partial or full release of judgment, as the case may be, and shall show the year that such judgment was entered. In distributing the taxes collected in this manner, the county auditor shall apply the same in the inverse order to that in which such taxes were levied. All penalties and interest collected under the provisions of this section shall be apportioned by the county auditor in accordance with ~~Minnesota Statutes 1941, sections 276.13 and 276.14~~ section 276.131. A duplicate treasurer's receipt for payment of a deferred installment, as hereinafter provided, shall be delivered to the court administrator of the district court, and the court administrator of the district court shall credit the amount so paid upon the judgment entered.

Sec. 33. Minnesota Statutes 1988, section 290A.03, subdivision 12, is amended to read:

Subd. 12. [GROSS RENT.] "Gross rent" means rental paid for the right of occupancy, at arms-length, of a homestead, exclusive of charges for any medical services furnished by the landlord as a part of the rental agreement, whether expressly set out in the rental agreement or not. If the landlord and tenant have not dealt with each other at arms-length and the commissioner determines that the gross rent charged was excessive, the commissioner may adjust the gross rent to a reasonable amount for purposes of this chapter.

Any amount paid by a claimant residing in property assessed pursuant to section ~~273.13~~ 273.124, subdivision 3, 4, 5, or 6 for occupancy in that property shall be excluded from gross rent for purposes of this chapter. However, property taxes imputed to the homestead of the claimant or the dwelling unit occupied by the claimant that qualifies for homestead treatment pursuant to section ~~273.13~~ 273.124, subdivision 3, 4, 5, or 6 shall be included within the term "property taxes payable" as defined in subdivision 13, notwithstanding the fact that ownership is not in the name of the claimant.

Sec. 34. Minnesota Statutes 1988, section 298.28, subdivision 3, is amended to read:

Subd. 3. [CITIES; TOWNS.] (a) 12.5 cents per taxable ton, less any amount distributed under subdivision 8, and paragraph (b), must be allocated to the taconite municipal aid account to be distributed as provided in section 298.282.

(b) An amount must be allocated to towns or cities that is annually certified by the county auditor of a county containing a taconite tax relief area within which there is (1) an organized township if, as of January 2, 1982, more than 75 percent of the assessed valuation of the township consists of iron ore or (2) a city if, as of January 2, 1980, more than 75 percent of the assessed valuation of the city consists of iron ore.

(c) The amount allocated under paragraph (b) will be the portion of a township's or city's certified levy equal to the proportion of (1) the difference between 50 percent of January 2, 1982, assessed value in the case of a township and 50 percent of the January 2, 1980, assessed value in the case of a city and its current assessed value to (2) the sum of its current assessed value plus the difference determined in (1), provided that the amount distributed shall not exceed \$55 per capita in the case of a township or \$75 per capita in the case of a city. For purposes of this limitation, population will be determined according to the 1980 decennial census conducted by the United States Bureau of the Census. ~~The county auditor shall extend the township's or city's levy against the sum of the township's or city's current assessed value plus the difference between 50 percent of its January 2, 1982, assessed value and its current assessed value in the case of a township and between 50 percent of its January 2, 1980, assessed value and its current assessed value in the case of a city.~~ If the current assessed value of the township exceeds 50 percent of the township's January 2, 1982, assessed value, or if the current assessed value of the city exceeds 50 percent of the city's January 2, 1980, assessed value, this paragraph shall not apply. *For purposes of this paragraph, "assessed value," when used in reference to years other than 1980 or 1982, means, for distributions for production year 1989, production taxes payable in 1990, the appropriate gross tax capacities multiplied by 8.2 and for distributions for production year 1990 and thereafter, production taxes payable in 1991 and*

thereafter, the appropriate net tax capacities multiplied by 10.2.

Sec. 35. Minnesota Statutes 1988, section 375.192, subdivision 2, is amended to read:

Subd. 2. Notwithstanding section 270.07, upon written application by the owner of the property, if the application seeks a reduction in estimated market value not in excess of ~~\$2,000~~ \$10,000, the county board may grant the reduction or abatement of estimated market valuation or taxes and of any costs, penalties or interest on them as the board deems just and equitable and order the refund in whole or part of any taxes, costs, penalties or interest which have been erroneously or unjustly paid. The application must be approved by the county assessor, or, if the property is located in a city of the first or second class having a city assessor, by the city assessor, and by the county auditor before consideration by the county board. The methods of obtaining a reduction or abatement of ad valorem values contained in subdivisions 1 and 2 are in addition to the method provided in section 270.07.

Sec. 36. Minnesota Statutes 1988, section 469.174, subdivision 8, is amended to read:

Subd. 8. [PROJECT.] "Project" means a project as described in section 469.142; an industrial development district as described in section 469.058, subdivision 1; an economic development district as described in section 469.101, subdivision 1; a project as defined in section 469.002, subdivision 12; a development district as defined in section 469.125, subdivision 8 9, or any special law; or a project as defined in section 469.153, subdivision 2, paragraph (a), (b), or (c).

Sec. 37. Minnesota Statutes 1988, section 469.175, subdivision 7, is amended to read:

Subd. 7. [CREATION OF HAZARDOUS SUBSTANCE SUBDISTRICT; RESPONSE ACTIONS.] (a) A municipality or authority which is creating or has created a tax increment financing district may establish within the district a hazardous substance subdistrict upon the notice and after the discussion, public hearing, and findings required for approval of the original plan. The geographic area of the subdistrict is made up of any parcels in the district designated for inclusion by the municipality or authority that are designated hazardous substance sites, and any additional parcels in the district designated for inclusion that are contiguous to the hazardous substances sites except for the interposition of a right-of-way. Before or at the time of approval of the tax increment financing plan, the municipality must make the findings under paragraphs (b) to (d), and set forth in writing the reasons and supporting facts for each.

(b) Development or redevelopment of the site, in the opinion of the municipality, would not reasonably be expected to occur solely through private investment and tax increment otherwise available, and therefore the hazardous substance district is deemed necessary.

(c) Other parcels that are not designated hazardous substance sites are expected to be developed together with a designated hazardous substance site.

(d) The subdistrict is not larger than, and the period of time during which increments are elected to be received is not longer than, that which is necessary in the opinion of the municipality to provide for the additional

costs due to the designated hazardous substance site.

(e) Upon request by a municipality or authority that has incurred expenses for removal or remedial actions to implement a development response action plan, the attorney general may:

(1) bring a civil action on behalf of the municipality or authority to recover the expenses, including administrative costs and litigation expenses, under section 115B.04 or other law; or

(2) assist the municipality or agency in bringing an action as described in clause (1), by providing legal and technical advice, intervening in the action, or other appropriate assistance.

The decision to participate in any action to recover expenses is at the discretion of the attorney general.

(f) If the attorney general brings an action as provided in paragraph (e), clause (1), the municipality or authority shall certify its reasonable and necessary expenses incurred to implement the development response action plan and shall cooperate with the attorney general as required to effectively pursue the action. The certification by the municipality or authority is prima facie evidence that the expenses are reasonable and necessary. The attorney general may deduct litigation expenses incurred by the attorney general from any amounts recovered in an action brought under paragraph (e), clause (1). The municipality or authority shall reimburse the attorney general for litigation expenses not recovered in an action under paragraph (e), clause (1), and for litigation expenses incurred to assist in bringing an action under paragraph (e), clause ~~(1)~~ (2). All money recovered or paid to the attorney general for litigation expenses under this paragraph shall be paid to the general fund of the state for deposit to the account of the attorney general. For the purposes of this section, "litigation expenses" means attorney fees and costs of discovery and other preparation for litigation.

(g) The municipality or authority shall reimburse the pollution control agency for its administrative expenses incurred to review and approve a development action response plan and associated activities, and for expenses incurred for any services rendered to the attorney general to support the attorney general in actions brought or assistance provided under paragraph (e). All money paid to the pollution control agency under this paragraph shall be deposited in the environmental response, compensation and compliance fund.

(h) Actions taken by a municipality or authority consistent with a development response action plan are deemed to be authorized response actions for the purpose of section 115B.17, subdivision 12. A municipality or agency that takes actions consistent with a development response action plan qualifies for the defenses available under sections 115B.04, subdivision 11, and 115B.05, subdivision 9.

(i) All money recovered by a municipality or authority in an action brought under paragraph (e) in excess of the amounts paid to the attorney general and the pollution control agency must be treated as excess increments and be distributed as provided in section 469.176, subdivision 2, clause (4), to the extent the removal and remedial actions were initially financed with increment revenues.

Sec. 38. Minnesota Statutes 1988, section 469.176, subdivision 4c, is

[ECONOMIC DEVELOPMENT DISTRICTS.] Revenue derived from tax increment from an economic development district may not be used to provide improvements, loans, subsidies, grants, interest rate subsidies, or assistance in any form to developments consisting of buildings and ancillary facilities, if *at least* 25 percent of the buildings and facilities (determined on the basis of square footage) are used for the purposes listed in section 144(a)(8) of the Internal Revenue Code of 1986 (determined without regard to the 25 percent restriction in subparagraph (A)). The restrictions under this paragraph apply only to districts located in development regions, as defined in section 462.384, with populations in excess of 1,000,000. The actual market value of property within a district, on which its debt limit under this subdivision is based, is (a) the value certified by the county auditors ~~and, where applicable, by the commissioner of revenue under section 270.87,~~ or (b) this value divided by the ratio certified by the commissioner of revenue, whichever results in a higher value.

(b) 5.5 cents per taxable ton must be distributed to the school districts in which the lands from which taconite was mined or quarried were located or within which the concentrate was produced. The distribution must be based on the apportionment formula prescribed in subdivision 2.

(c)(i) 22 cents per taxable ton, less any amount distributed under paragraph (e), shall be distributed to a group of school districts comprised of those school districts ~~wherein in which~~ the taconite was mined or quarried or the concentrate produced or in which there is a qualifying municipality as defined by section 273.134 in direct proportion to school district indexes as follows: for each school district, its pupil units determined under section 124.17 for the prior school year shall be multiplied by the ratio of the average adjusted gross tax capacity per pupil unit for school districts receiving aid under this clause as calculated pursuant to chapter 124A for the school year ending prior to distribution to the adjusted gross tax capacity per pupil unit of the district. Each district shall receive that portion of the distribution which its index bears to the sum of the indices for all school districts that receive the distributions.

(ii) Notwithstanding clause (i), each school district that receives a distribution under sections 298.018; 298.23 to 298.28, exclusive of any amount received under this clause; 298.34 to 298.39; 298.391 to 298.396; 298.405; or any law imposing a tax on severed mineral values that is less than the amount of its levy reduction under section 275.125, subdivision 9, for the second year prior to the year of the distribution shall receive a distribution equal to the difference; the amount necessary to make this payment shall be derived from proportionate reductions in the initial distribution to other school districts under clause (i).

(d) On July 15, in years prior to 1988, an amount equal to the increase derived by increasing the amount determined by paragraph (c) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in paragraph (c) where a levy increase pursuant to section 124A.03, subdivision 2, is authorized by referendum, according to the following formula. On July 15, 1988, the increase over the amount established for 1987 shall be determined as if there had been an increase in the tax rate under section 298.24, subdivision 1, paragraph (b), according to the increase in the implicit price deflator. On July 15, 1989, and subsequent years, the increase over the amount established for the prior year shall be determined according to the increase in the implicit price deflator as provided in section 298.24, subdivision 1, paragraph (a). Each district shall receive the product of:

(i) \$150 times the pupil units identified in section 124.17, subdivision

1, enrolled in the second previous year or the 1983-1984 school year, whichever is greater, less the product of ~~1-3/4 mills~~ *a gross tax capacity rate of 1.44 percent or a net tax capacity rate of 1.79 percent* times the district's taxable valuation in the second previous year; times

If the total amount provided by paragraph (d) is insufficient to make the payments herein required then the entitlement of \$150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to paragraph (d) shall not be applied to reduce general education aid which the district receives pursuant to section 124A.23 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of iron range resources and rehabilitation who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection trust fund as provided in subdivision 11.

(e) There shall be distributed to any school district the amount which the school district was entitled to receive under section 298.32 in 1975.

Sec. 28. Minnesota Statutes 1988, section 298.282, subdivision 2, is amended to read:

Subd. 2. (a) Each year following the final determination of the amount of taxes payable under section 298.24, the commissioner of revenue shall determine the amount in the taconite municipal aid account as of July 1 of ~~such~~ *that* year and the amount to be distributed to each qualifying municipality during ~~such~~ *the* year. The amount to be distributed to each qualifying municipality shall be determined by determining an index for each qualifying municipality by subtracting its local effort tax capacity rate, multiplied by its equalized gross tax capacity, from its fiscal need factor. For the purposes of this subdivision, the following terms have the meanings given them herein. A municipality's "local effort tax capacity rate" means its fiscal need factor per capita divided by ~~\$17~~ *\$21* per capita ~~per mill for each one percent of the gross tax capacity rate or \$17 per capita for each one percent of the net tax capacity rate~~ for the first \$350 of its fiscal need factor per capita; plus its fiscal need factor per capita divided by ~~\$15~~ *\$18* per capita ~~per mill for each one percent of the gross tax capacity rate or \$15 per capita for each one percent of the net tax capacity rate~~ on that part of its fiscal need factor per capita, if any, in excess of \$350. In no case shall a municipality's local effort tax capacity rate be less than ~~eight mills~~ *a gross tax capacity rate of 6.56 percent or a net tax capacity rate of 8.16 percent*. A municipality's "equalized captured gross tax capacity" means its previous year tax capacity, less the tax capacity in any tax increment district, divided by the municipality's aggregate sales ratio covering the period ending two years prior to the year of aid distribution. A municipality's "fiscal need factor" means the three-year average of the sum of its municipal levy, taconite aids received under section 298.28, subdivisions 2, 11, paragraph (b), and this section and its local

government aid distribution amount, for taxes payable and distribution amounts receivable in the three years immediately preceding the aid distribution year.

The ratio of the resulting index for each qualifying municipality to the sum of all qualifying municipalities' indexes shall be multiplied by the total amount in the taconite municipal aid account less the amount distributed pursuant to subdivision 5. ~~For the distribution made in 1987, one-third of the distribution shall be distributed pursuant to this subdivision and two-thirds pursuant to Minnesota Statutes 1984, section 298.282, subdivision 2. For the distribution made in 1988, two-thirds shall be distributed pursuant to this subdivision and one-third pursuant to Minnesota Statutes 1984, section 298.282, subdivision 2.~~

(b) If the distribution under this section, sections 273.138, 298.26 and 298.28, and chapter 477A, to any municipality would exceed that municipality's levy limit base for that year, computed pursuant to sections 275.50 to 275.58, the amount in excess of the levy limit base for that year shall reduce the amount distributed to the municipality under this section and this excess amount shall be distributed to the other qualifying municipalities in the same manner as the distribution made pursuant to subdivision 2, except that the qualifying municipality receiving an initial distribution when added to that received pursuant to sections 273.138, 298.26, 298.28, and chapter 477A in excess of the qualifying municipality's levy limit base, shall not receive a distribution nor shall its index be used in computing the distribution pursuant to this clause. The distributions to be received in the year in which the taxes are payable shall be compared to the levy limit base for that same year. Upon completion of ~~such~~ the determination, the commissioner of revenue shall certify to the chief clerical officer of each qualifying municipality the amount which will be distributed to ~~such~~ the municipality from the taconite municipal aid account that year.

Sec. 29. Minnesota Statutes 1988, section 366.27, is amended to read:
