The terms of each series of ~~such~~ bonds shall be fixed so that the amount of principal and interest on all outstanding and undischarged bonds, together with the bonds proposed to be issued, due in any year shall not exceed ~~5 mills~~ a gross tax capacity rate of .41 percent times the gross tax capacity or a net tax capacity rate of .51 percent times the net tax capacity of all taxable property in the metropolitan area as last finally equalized prior to a proposed issue. The bonds shall be secured in accordance with section 475.61, subdivision 1, and any taxes required for their payment shall be levied by the council, shall not affect the amount or rate of taxes which may be levied by the council for other purposes, shall be spread against all taxable property in the metropolitan area and shall not be subject to limitation as to rate or amount. Any taxes certified by the council to the county auditors for collection shall be reduced by the amount received by the council from the commissioner of finance or the federal government for the purpose of paying the principal and interest on bonds to which the levy relates. Sec. 73. Minnesota Statutes 1988, section 473.446, subdivision 1, is amended to read:

Subdivision 1. [TAXATION WITHIN TRANSIT TAXING DISTRICT.] For the purposes of sections 473.404 to 473.449 and the metropolitan transit system, except as otherwise provided in this subdivision, the regional transit board shall levy each year upon all taxable property within the metropolitan

transit taxing district, defined in subdivision 2, a transit tax consisting of:

(a) an amount which shall be used for payment of the expenses of operating transit and paratransit service and to provide for payment of obligations issued by the commission under section 473.436, subdivision 6;

(b) an additional amount, if any, as the board determines to be necessary to provide for the full and timely payment of its certificates of indebtedness and other obligations outstanding on July 1, 1985, to which property taxes under this section have been pledged; and

(c) an additional amount necessary to provide full and timely payment of certificates of indebtedness, bonds, including refunding bonds or other obligations issued or to be issued under section 473.39 by the council for purposes of acquisition and betterment of property and other improvements of a capital nature and to which the council or board has specifically pledged tax levies under this clause.

The property tax levied by the regional transit board for general purposes under clause (a) must not exceed the following amount for the years specified:

(1) for taxes payable in 1988, the product of two mills multiplied by the total assessed valuation of all taxable property located within the metropolitan transit taxing district as adjusted by the provisions of Minnesota Statutes 1986, sections 272.64; 273.13, subdivision 7a; and 275.49;

(2) for taxes payable in 1989, the product of (i) the regional transit board's property tax levy limitation for general purposes for the taxes payable year 1988 determined under clause (1) multiplied by (ii) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property located within the metropolitan transit taxing district divided by the assessment year 1987 total market valuation of all taxable property located within the metropolitan transit taxing district; and

(3) for taxes payable in 1990 and subsequent years, the product of (i) the regional transit board's property tax levy limitation for general purposes for the previous year determined under this subdivision multiplied by (ii) an index for market valuation changes equal to the total market valuation of all taxable property located within the metropolitan transit taxing district for the current assessment year divided by the total market valuation of all taxable property located within the metropolitan transit taxing district for the previous assessment year.

For the purpose of determining the regional transit board's property tax levy limitation for general purposes for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property within the metropolitan transit taxing district without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive full peak service and limited off-peak service by an amount equal to the tax levy that would be produced by applying a *gross tax capacity* rate of ~~0.5 mills~~ *.41 percent* or a *net tax capacity* rate of *.51 percent* on the property. The county auditor shall reduce the tax levied pursuant to this subdivision on all property within statutory and home rule charter cities and towns that receive limited peak service by an amount equal to the tax levy that would

be produced by applying a *gross tax capacity rate of 0.75 mills .62 percent or a net tax capacity rate of .77 percent* on the property. The amounts so computed by the county auditor shall be submitted to the commissioner of revenue as part of the abstracts of tax lists required to be filed with the commissioner under section 275.29. Any prior year adjustments shall also be certified in the abstracts of tax lists. The commissioner shall review the certifications to determine their accuracy and may make changes in the certification as necessary or return a certification to the county auditor for corrections. The commissioner shall pay to the regional transit board the amounts certified by the county auditors on the dates provided in section 273.1398. There is annually appropriated from the general fund in the state treasury to the department of revenue the amounts necessary to make these payments ~~in fiscal year 1987 and thereafter.~~

For the purposes of this subdivision, "full peak and limited off-peak service" means peak period regular route service, plus weekday midday regular route service at intervals longer than 60 minutes on the route with the greatest frequency; and "limited peak period service" means peak period regular route service only.

Sec. 74. Minnesota Statutes 1988, section 473.661, subdivision 3, is amended to read:

Subd. 3. In any budget certified by the commissioners, ~~pursuant to any of the provisions of under~~ this section, the amount included for operation and maintenance shall not exceed an amount which, when extended against the ~~gross or net~~ tax capacity of property ~~then~~ taxable therefor under the ~~provisions of~~ section 473.621, subdivision 5, will require a levy at ~~the a~~ *gross tax capacity rate of one-third of one mill upon such gross .28 percent or a net tax capacity rate of .34 percent.* Taxes levied by the corporation shall not affect the amount or rate of taxes which may be levied by any other local government unit within the metropolitan area under the provisions of any ~~law or~~ charter.

Sec. 75. Minnesota Statutes 1988, section 473.667, subdivision 9, is amended to read:

Subd. 9. [ADDITIONAL TAXES.] Nothing herein shall prevent the commission from levying a tax not to exceed ~~in any year 1/20 of one mill on the a~~ *gross tax capacity rate of .05 percent or a net tax capacity rate of .06 percent* on taxable property within its taxing jurisdiction, ~~over and above in addition to~~ any levies found necessary for the debt service fund ~~as~~ authorized by section 473.671. Nothing herein shall prevent the levy and appropriation for purposes of the commission of any other tax on property or on any income, transaction, or privilege, when and if authorized by law. All collections of any taxes so levied shall be included in the revenues appropriated for the purposes referred to in this section, unless otherwise provided in the law authorizing ~~such the~~ levies; but no covenant as to the continuance or as to the rate and amount of any such levy shall be made with the holders of the commission's bonds unless specifically authorized by law.

Sec. 76. Minnesota Statutes 1988, section 473.671, is amended to read:

473.671 [LIMIT OF TAX LEVY.]

The taxes levied against the property of the metropolitan area in any one year shall not exceed ~~one-third of one mill upon the a~~ *gross tax capacity thereof rate of .28 percent or a net tax capacity rate of .34 percent,*

exclusive of the taxes ~~it may be necessary to levy~~ levied to pay the principal or interest on any bonds or indebtedness of ~~said the city issued by it~~ under the provisions of Laws 1943, chapter 500, and exclusive of any ~~amounts required taxes~~ levied to pay the share of ~~such the city~~ for payments on bonded indebtedness of the corporation provided for in Laws 1943, chapter 500. The tax ~~levied~~ may not exceed ~~one mill~~ *a gross tax capacity rate of .82 percent or a net tax capacity rate of 1.02 percent* on property located in rural towns other than urban towns, unless allowed by resolution of the town electors. The proceeds of the tax shall be paid into a fund reserved for these purposes. Any proceeds remaining in the reserve fund at the time the tax is terminated or the district is dissolved shall be transferred and irrevocably pledged to the debt service fund of the local unit to be used solely to reduce tax levies for bonded indebtedness of taxable property in the district. A tax levied in accordance with this subdivision for paying capital costs is a levy for the payment of principal and interest on bonded indebtedness within the meaning of section 275.50, subdivision 5, clause (e).

Sec. 78. Minnesota Statutes 1988, section 473.883, subdivision 6, is amended to read:

If at any time the amounts available from the levy on property in the territory of the organization are insufficient to pay principal and interest on the bonds when due, the county shall make payment from any available funds in the county treasury. The amount of any taxes which are required to be levied outside of the territory of the watershed management organization or unit or taken from the general funds of the county to pay principal or interest on the bonds shall be reimbursed to the county from taxes levied within the territory of the watershed management organization or unit.

Sec. 3. Minnesota Statutes 1988, section 273.1398, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) In this section, the terms defined in this subdivision have the meanings given them.

(b) "Unique taxing jurisdiction" means the geographic area subject to the same set of tax capacity rates.

(c) "Gross tax capacity" means the product of the appropriate percentages of market value listed as gross tax capacities in section 273.13 and equalized market values. "Total gross tax capacity" means the gross tax capacities for all property within the unique taxing jurisdiction. The total gross tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's gross tax capacity of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 6, for the municipality, as defined in section 473F02, subdivision 8, in which the unique taxing jurisdiction is located and (2) the gross tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2. For purposes of determining the gross tax capacity of property referred to in clauses (1) and (2) for disparity reduction aid payable in 1989, the gross tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent. Gross tax capacity cannot be less than zero.

(d) "Net tax capacity" means the product of the appropriate percentages of market value listed as net tax capacities in section 273.13 and equalized market values. "Total net tax capacity" means the net tax capacities for all property within the unique taxing jurisdiction. The total net tax capacity used shall be reduced by the sum of (1) the unique taxing jurisdiction's net tax capacity of commercial industrial property as defined in section 473F02, subdivision 3, multiplied by the ratio determined pursuant to section 473F08, subdivision 6, for the municipality, as defined in section 473F02, subdivision 8, in which the unique taxing jurisdiction is located and (2) the net tax capacity of the captured value of tax increment financing districts as defined in section 469.177, subdivision 2. For purposes of determining the net tax capacity of property referred to in clauses (1) and (2), the net tax capacity before equalization shall equal the property's 1987 assessed value multiplied by 12 percent. Net tax capacity cannot be less than zero.

(e) "Equalized market values" are market values that have been equalized by dividing the assessor's estimated market value for the second year prior to that in which the aid is payable by the assessment sales ratios determined

by class in the assessment sales ratio study conducted by the department of revenue pursuant to section 124.2131 in the second year prior to that in which the aid is payable. For computation of aids payable in 1989 only, if the aggregate assessment sales ratio is less than or equal to 92 percent, the assessment sales ratios by class shall be adjusted proportionally so that the aggregate ratio of the unequalized market values to the equalized market values equals 92 percent; otherwise the equalized market values shall equal the unequalized market values divided by the assessment sales ratio.

(f) "Homestead effective rate" means the product of (i) 46 percent; (ii) 2.17 percent; and (iii) the total tax capacity rate for taxes payable in 1989 within a unique taxing jurisdiction multiplied by the 1988 aggregate assessment sales ratio. A sales ratio of .92 is used if the actual sales ratio is less than .92.

(g) For purposes of calculating the transition aid authorized pursuant to subdivision 2, the "subtraction factor" is the product of (i) a unique taxing jurisdiction's homestead effective rate; (ii) its net tax capacity; and (iii) 103.

(h) For purposes of calculating and allocating transition aid authorized pursuant to subdivision 2 and the disparity reduction aid authorized in subdivision 3, "gross taxes levied on all properties" or "gross taxes" means the total gross taxes levied on all properties except that levied on the captured value of tax increment districts as defined in section 469.177, subdivision 2, and that levied on the portion of commercial industrial properties' assessed value or gross tax capacity, as defined in section 473F02, subdivision 3, subject to the areawide tax as provided in section 473F08, subdivision 6, in a unique taxing jurisdiction before reduction by any credits for taxes payable in the year prior to that in which the aids are payable. For purposes of disparity reduction aid only, total gross taxes shall be reduced by the taxes levied for any school district referendum levies authorized pursuant to section 124A.03, subdivision 2, and any school district debt levies authorized pursuant to section 475.61. Gross taxes levied cannot be less than zero.

(i) "Income maintenance aids" means:

(1) medical assistance under sections 256B.041, subdivision 5, and 256B.19, subdivision 1;

(2) preadmission screening and alternative care grants under section 256B.091, subdivision 8;

(3) general assistance, and work readiness under section 256D.03, subdivision 2;

(4) general assistance medical care under section 256D.03, subdivision 6;

(5) aid to families with dependent children under section 256.82, subdivision 1, including emergency assistance under section 256.871, subdivision 6; and funeral expense payments under section 256.935, subdivision 1; ~~and~~

(6) supplemental aid under section 256D.36, subdivision 1; *and*

(7) *work readiness service costs and emergency work grants under section 256D.051, subdivision 6.*

Sec. 4. Minnesota Statutes 1988, section 273.1398, is amended by adding a subdivision to read:

Subd. 2a. [INCOME MAINTENANCE AIDS REDUCTION.] The income maintenance aids payable to a county in 1990 and thereafter under Laws 1988, chapter 719, and section 2 of this article, must be reduced by the amount the county levied in 1988 payable in 1989 for programs included in income maintenance aids but not below zero. The reduction must be prorated among the payments so that each payment is reduced proportionally. The amount payable by a county for programs included in income maintenance aids for calendar year 1989 must be estimated by the department of human services and certified to the department of revenue by July 15, 1989. If the amount paid by a county for programs included in income maintenance aids is less than or greater than the amount certified to the department of revenue, the amount of difference shall be adjusted accordingly. The commissioner of revenue shall certify the amount of the reduction for each county to the department of human services. On July 15 of each year, the department of revenue shall pay to the county agency the increased income maintenance aids for the January 1 to June 30 period. Payments to the county agency shall be made in equal payments monthly for the increased income maintenance aids for the period of July 1 to December 31.

The county may appeal to the department of revenue if the actual county share of income maintenance program costs for the first four months of a calendar year exceed one-third of the department of human services estimate by 15 percent or more.

Actual costs for income maintenance aid for a year will be reconciled with the estimated costs for that year subsequent to July 1 of the following year.

"Increased income maintenance aids" means the difference between:

- (1) the income maintenance aids payable to a county under this section, section 2, and Laws 1988, chapter 719, article 8; and*
- (2) the income maintenance aids that would be payable to the county under the rates in effect for calendar year 1989.*

Sec. 5. Minnesota Statutes 1988, section 275.50, subdivision 2, is amended to read:

Sec. 6. Minnesota Statutes 1988, section 275.50, subdivision 5, is amended to read:

Subd. 5. Notwithstanding any other law to the contrary for taxes levied in ~~1988 1989~~ payable in ~~1989 1990~~ and subsequent years, "special levies" means those portions of ad valorem taxes levied by governmental subdivisions to:

(a) pay the costs not reimbursed by the state or federal government, of payments made to or on behalf of recipients of aid under any public assistance program authorized by law, and the costs of purchase or delivery of social services. ~~Except for the costs of general assistance as defined in section 256D.02, subdivision 4, general assistance medical care under section 256D.03 and the costs of hospital care pursuant to section 261.21,~~ The aggregate amounts levied ~~pursuant to~~ *under this clause paragraph for the costs of purchase or delivery of social services* are subject to a maximum increase of ~~48~~ *six* percent over the amount levied for these purposes in the previous year. Effective with taxes levied in 1989, the portion of this special levy for income maintenance programs identified in section 273.1398, subdivision 1, paragraph (i), is ~~eliminated~~ *limited to the amount of the levy for those purposes in 1988, provided that it shall be reduced by the amount levied under this paragraph in 1988 for the cost of administration of any program of public assistance;*

(b) pay the costs of principal and interest on bonded indebtedness except on bonded indebtedness issued under section 471.981, subdivisions 4 to 4c or to reimburse for the amount of liquor store revenues used to pay the principal and interest due in the year preceding the year for which the levy limit is calculated on municipal liquor store bonds;

(c) pay the costs of principal and interest on certificates of indebtedness, except tax anticipation or aid anticipation certificates of indebtedness, issued for any corporate purpose except current expenses or funding an insufficiency in receipts from taxes or other sources or funding extraordinary expenditures resulting from a public emergency; and to pay the cost for certificates of indebtedness issued pursuant to sections 298.28 and 298.282;

(d) fund the payments made to the Minnesota state armory building commission pursuant to section 193.145, subdivision 2, to retire the principal and interest on armory construction bonds;

(e) provide for the bonded indebtedness portion of payments made to another political subdivision of the state of Minnesota;

(f) pay the amounts required, in accordance with section 275.075, to correct for a county auditor's error of omission but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(g) pay amounts required to correct for an error of omission in the levy certified to the appropriate county auditor or auditors by the governing body of a city or town with statutory city powers in a levy year, but only to the extent that when added to the preceding year's levy it is not in excess of an applicable statutory, special law or charter limitation, or the limitation imposed on the governmental subdivision by sections 275.50 to 275.56 in the preceding levy year;

(h) pay amounts required by law to be paid to pay the interest on and to reduce the unfunded accrued liability of public pension funds in accordance with the actuarial standards and guidelines specified in sections 356.215 and 356.216 reduced by 106 percent of the amount levied for that purpose in 1976, payable in 1977. For the purpose of this special levy, the estimated receipts expected from the state of Minnesota pursuant to sections 69.011 to 69.031 or any other state aid expressly intended for the support of public

pension funds shall be considered as a deduction in determining the required levy for the normal costs of the public pension funds. No amount of these aids shall be considered as a deduction in determining the governmental subdivision's required levy for the reduction of the unfunded accrued liability of public pension funds;

(i) to compensate the state for the cost of a reassessment ordered by the commissioner of revenue pursuant to section 270.16; and

(j) pay the debt service on tax increment financing revenue bonds to the extent that revenue to pay the bonds or to maintain reserves for the bonds is insufficient as a result of the provisions of Laws 1988, chapter 719, article 5-;

(k) pay the cost of operation of the district courts, provided that the special levy under this paragraph shall not exceed the amount levied for that purpose in 1988, annually increased by:

(1) a caseload factor determined as the courts' projected caseload for the calendar year in which the taxes will be payable, divided by its estimated caseload for the calendar year in which the taxes are levied; and

(2) three percent; and

(l) pay the cost of the district public defender system, provided that the special levy under this paragraph shall not exceed the amount levied for that purpose in 1988, annually increased by:

(1) a caseload factor determined as the public defenders' projected caseload for the calendar year in which the taxes will be payable, divided by its estimated caseload for the calendar year in which the taxes are levied; and

(2) three percent.

Sec. 7. Minnesota Statutes 1988, section 275.51, subdivision 3f, is amended to read:

Subd. 3f. [LEVY LIMIT BASE.] (a) The property tax levy limit base for governmental subdivisions for taxes levied in 1988 shall be equal to the total actual levy for taxes payable in 1988 plus the amount of any payments the governmental subdivision was certified to receive in 1988 under sections 477A.011 to 477A.014 and minus any special levies claimed for taxes payable in 1988 pursuant to Laws 1987, chapter 268, article 5, section 12, subdivision 4, clauses (1), (2), (3), and (4). A county's levy limit base will be increased by the amount of any increase in its levy under section 134.07 over that levied under section 134.07 for taxes payable in 1988 which is required under section 134.341. For governmental subdivisions located in the seven-county metropolitan area, the total actual levy for taxes payable in 1988 shall include the fiscal disparities distribution levy pursuant to Minnesota Statutes 1986, section 473F.08, subdivision 7a with additions and subtractions as specified in paragraphs (b) and (c).

(b) The amounts to be added to the actual 1988 levy are (1) the amount of local government aid the governmental subdivision was certified to receive in 1988 under sections 477A.011 to 477A.014, (2) its 1988 taconite aids under sections 298.28 and 298.282, and (3) its 1988 wetlands and native prairie reimbursements under Minnesota Statutes 1986, sections 273.115, subdivision 3, and 273.116, subdivision 3.

(c) The amounts to be subtracted from the actual 1988 levy are (1) any

special levies claimed for taxes payable in 1988 pursuant to Laws 1987, chapter 268, article 5, section 12, subdivision 4, clauses (1), (2), (3), and (4), and (2) for a governmental subdivision participating in a regional library system receiving grants from the department of education under section 134.34, the amount levied for taxes payable in 1988 for the operating costs of a public library service.

(b) (d) For taxes levied in 1989 and subsequent years, a governmental subdivision's levy limit base is equal to its adjusted levy limit base for the preceding year ~~not including the adjustment made under subdivision 3h, paragraph (e)~~, plus, provided that for taxes levied in 1989, the amount of the administrative reimbursement aid received in 1988 shall be added to the base and the amount levied in 1988 for the operation of the district court and the public defender system shall be subtracted from the base.

The amount levied as a special levy in 1988 under section 134.34 shall be added to the base.

(e) For a governmental subdivision that becomes subject to levy limits for the first time in levy year 1989, its levy limit base shall equal the sum of:

(1) its 1988 payable 1989 levy; plus

(2) 1989 local government aid paid under chapter 477A; and

(3) less any portion of its levy which would have been a special levy under Minnesota Statutes 1988, section 275.50, subdivision 5.

Sec. 8. Minnesota Statutes 1988, section 275.51, subdivision 3h, is amended to read:

Subd. 3h. [ADJUSTED LEVY LIMIT BASE.] For taxes levied in ~~1988~~ 1989 and thereafter, the adjusted levy limit base is equal to the levy limit base computed pursuant to subdivision 3f, increased by:

~~(a) a percentage equal to four percent for taxes levied in 1988 and three percent for taxes levied in 1989 and subsequent years; and~~

~~(b) a percentage equal to one-third of the greater of the percentage increases in population or in number of households, if any, for the most recent 12-month period for which data is available, using figures derived pursuant to subdivision 6-;~~

~~For taxes levied in 1989 and subsequent years, to the resulting product must be added the estimated reduction in a county's income maintenance aids as defined in section 273.1398, subdivision 1, pursuant to section 273.1398, subdivision 2, paragraph (d). The department of human services shall annually estimate the increase in income maintenance aids referred to in section 273.1398, subdivision 2, paragraph (d), and certify it by county to the department of revenue by July 15 of the levy year preceding that in which the aids are payable. If the actual increase in a county's income maintenance aid referred to in section 273.1398, subdivision 2, paragraph (d), is less than or greater than the amount added to a county's adjusted levy limit base in the prior year, its adjusted levy limit base for the subsequent year will be increased or decreased by the appropriate amount.~~

~~(c) the amount of a permanent increase in the levy limit base approved at a general or special election held during the 12-month period ending September 30 of the levy year under section 275.58, subdivisions 1 and~~

2; and

(d) for levy year 1989, for counties levying for the first time under section 134.34 due to the requirements of Laws 1987, chapter 398, article 9, section 2, the amount of the 1989 levy under section 134.34 to the extent required under section 134.341 shall be added to the base.

Sec. 9. Minnesota Statutes 1988, section 275.51, subdivision 3i, is amended to read:

Subd. 3i. [LEVY LIMITATION.] The levy limitation for a governmental subdivision shall be equal to the adjusted levy limit base determined pursuant to subdivision 3h, reduced by:

(1) the local government aid that the governmental subdivision has been certified to receive pursuant to sections 477A.011 to 477A.014-; and

(2) taconite aids under sections 298.28 and 298.282 including any aid received in the levy year that was required to be placed in a special fund for expenditure in the next succeeding year.

As provided in section 298.28, one cent per taxable ton of the amount distributed under section 298.28, subdivision 5, paragraph (d), must not be deducted from the levy limit base of a county that receives the aid.

This amount is the amount of property taxes which a governmental subdivision may levy for all purposes other than those for which special levies and special assessments are made.

For taxes levied in 1989 and later years, the levy limit for a county calculated under clause (1) must be decreased by an additional amount equal to the difference between what would have been a county's production year 1986 payable 1987 distribution under Minnesota Statutes 1984, section 298.28, based on 1986 production and its actual distribution for production year 1986, payable 1987.

Sec. 10. Minnesota Statutes 1988, section 275.51, subdivision 3j, is amended to read:

Subd. 3j. [APPEALS.] ~~A governmental subdivision subject to the limitations in this section~~ *county may appeal to the commissioner of revenue for an adjustment in its levy limit base under this section. If the governmental subdivision county can provide evidence satisfactory to the commissioner that its levy for taxes payable in 1988 had been reduced because it had made expenditures from reserve funds 1989 under Minnesota Statutes 1988, section 275.50, subdivision 5, paragraph (a), included a levy for the cost of administration of the programs listed in that paragraph, the commissioner may permit the governmental subdivision county to increase its levy limit base under this section by the amount determined by the commissioner to have been levied for that purpose, provided that the total adjustment shall not be in excess of three percent of the county's income maintenance aids as defined in section 273.1398, subdivision 2, paragraph (d), for 1989. The commissioner's decision is final.*

Sec. 11. Minnesota Statutes 1988, section 275.51, is amended by adding a subdivision to read:

Subd. 3k. [SPECIAL LEVY REQUIREMENT.] *A levy for any purpose that is defined as a special levy under section 275.50, subdivision 5, shall not be included within the levy limit base of a governmental subdivision for determination of the levy limit for levies in 1989 and subsequent years.*

Sec. 12. Minnesota Statutes 1988, section 275.58, subdivision 1, is amended to read:

Subdivision 1. ~~Notwithstanding~~ *Subject to* the provisions of sections 275.50 to 275.56, ~~but subject and~~ to other law or charter provisions establishing per capita, mill or other limitations on the amount of taxes that may be levied, the levy of a governmental subdivision, as defined by section 275.50, subdivision 1, may be increased ~~above the limitation imposed by sections 275.50 to 275.56~~ in any per capita or dollar amount which is approved by the majority of voters of the governmental subdivision voting on the question at a general or special election. When the governing body of the governmental subdivision resolves to increase the levy of the governmental subdivision pursuant to this section, it shall provide for submission of the proposition of an increase in the levy limit base per capita or the proposition of an additional levy, as the case may be, at a general or special election. Notice of such election shall be given in the manner required by law. If the proposition is for an adjustment to the governmental subdivision's levy limit base per capita, increasing the levy limit base per capita over the per capita amount established pursuant to section 275.51, subdivision 3, such notice shall state the purpose of such per capita adjustment and the per capita amount of such adjustment. If the proposition is for an additional levy, such notice shall state the purpose and maximum yearly amount of such additional levy.

Sec. 13. Minnesota Statutes 1988, section 475.58, subdivision 1, is amended to read:

Subdivision 1. [APPROVAL BY MAJORITY OF ELECTORS; EXCEPTIONS.] Obligations authorized by law or charter may be issued by any municipality upon obtaining the approval of a majority of the electors voting on the question of issuing the obligations, but an election shall not be required to authorize obligations issued:

- (1) to pay any unpaid judgment against the municipality;
- (2) for refunding obligations;
- (3) for an improvement, which obligation is payable wholly or partly from the proceeds of special assessments levied upon property specially benefited by the improvement, or of taxes levied upon the increased value of property within a district for the development of which the improvement is undertaken, including obligations which are the general obligations of the municipality, if the municipality is entitled to reimbursement in whole or in part from the proceeds of such special assessments or taxes and not less than 20 percent of the cost of the improvement is to be assessed against benefited property or is estimated to be received from such taxes within the district;
- (4) payable wholly from the income of revenue producing conveniences;
- (5) under the provisions of a home rule charter which permits the issuance of obligations of the municipality without election;
- (6) under the provisions of a law which permits the issuance of obligations of a municipality without an election;
- (7) to fund pension or retirement fund liabilities pursuant to section 475.52, subdivision 6; and
- (8) *for the construction of a county jail under a capital improvement*

plan under section 373.40.

Sec. 14. [EFFECTIVE DATE.]

Except as provided otherwise for section 7, paragraph (a), sections 5 to 12 are effective for taxes levied in 1989, payable in 1990, and thereafter. Section 13 is effective for obligations issued after May 22, 1989.

ARTICLE 8

PROPOSED AND FINAL TAX NOTICE

Section 1. Minnesota Statutes 1988, section 124.2131, subdivision 1, is amended to read:

Subdivision 1. [ADJUSTED GROSS TAX CAPACITY.] (a) [COMPUTATION.] The department of revenue shall annually conduct an assessment/sales ratio study of the taxable property in each school district in accordance with the procedures referenced in paragraphs (b) and (c). Based upon the results of this assessment/sales ratio study, the department of revenue shall determine an aggregate equalized gross tax capacity for the various strata of taxable property in each school district, which tax capacity shall be designated as the adjusted gross tax capacity. The department of revenue shall take such steps as are necessary in the performance of that duty and may incur such expense as is necessary therefor. The commissioner of revenue is authorized to reimburse any county or governmental official for requested services performed in ascertaining such adjusted gross tax capacity. On or before March 15 annually, the department of revenue shall file with the chair of the tax committee of the house of representatives and the chair of the committee on taxes and tax laws of the senate a report of adjusted gross tax capacities. On or before ~~June~~ April 15, annually, the department of revenue shall file its final report on the gross tax capacities established by the previous year's assessment with the commissioner of education and each county auditor for those school districts for which the auditor has the responsibility for determination of mill rates. A copy of the adjusted gross tax capacity so filed shall be forthwith mailed to the clerk of each district involved and to the county assessor or supervisor of assessments of the county or counties in which each district is located.

(b) [METHODOLOGY.] In making its annual assessment/sales ratio studies, the department of revenue shall use a methodology consistent with the most recent Standard on Assessment Ratio Studies published by the assessment standards committee of the International Association of Assessing Officers. The commissioner of revenue shall supplement this general methodology with specific procedures necessary for proper execution of the study in accordance with other Minnesota laws impacting the assessment/sales ratio study. The commissioner shall document these specific procedures in writing and shall publish the procedures in the State Register, but these procedures will not be considered "rules" pursuant to the Minnesota administrative procedure act. By January 15, 1985, the commissioner shall report to the chairs of the house tax committee and the senate committee on taxes and tax laws the results of a study which the commissioner shall prepare comparing the 1983 sales ratio study based upon the original 1983 assessment/sales ratio study methodology with the new methodology as provided in clause (b). The 1984 adjusted assessed values which are certified to the commissioner of education shall be computed using the 1983 assessment/sales ratio study methodology unless the 1985 legislature directs otherwise.

(c) [AGRICULTURAL LANDS.] For purposes of determining the adjusted gross tax capacity of agricultural lands for the calculation of 1987 adjusted gross tax capacities and thereafter, the market value of agricultural lands shall be the price for which the property would sell in an arms length transaction.

Sec. 2. Minnesota Statutes 1988, section 124.42, subdivision 1, is amended to read:

Subdivision 1. [QUALIFICATION; APPLICATION; AWARD; INTEREST.] Any school district in which the required levy for debt service in any year will exceed its maximum effort debt service levy by ten percent or by \$5,000, whichever is less, is qualified for a debt service loan hereunder in an amount not exceeding the amount applied for, and not exceeding one percent of the net debt of the district, and not exceeding the difference between the required and the maximum effort debt service levy in that year. Applications shall be filed with the commissioner in each calendar year up to and including ~~September 15~~ July 1. The commissioner shall determine whether the applicant is entitled to a loan and the amount thereof, and on or before October 1 shall certify to each applicant district the amount granted and its due date. The commissioner shall notify the county auditor of each county in which the district is located that the amount certified is available and appropriated for payment of principal and interest on its outstanding bonds, and the auditors shall reduce by that amount the taxes otherwise leviable as the district's debt service levy on the tax rolls for that year. Each debt service loan shall bear interest from its date at a rate equal to the average annual rate payable on Minnesota state school loan bonds most recently issued prior to the disbursement of the loan to the district, but in no event less than 3-1/2 percent per annum on the principal amount from time to time remaining unpaid, payable on December 15 of the year following that in which the loan is received and annually thereafter.

Sec. 3. Minnesota Statutes 1988, section 124.42, subdivision 4, is amended to read:

Subd. 4. Each district receiving a debt service loan shall levy for debt service in that year and each year thereafter, until all its debts to the fund are paid, (a) the amount of its maximum effort debt service levy, or (b) the amount of its required debt service levy less the amount of any debt service loan in that year, whichever is greater. Whenever the maximum effort debt service levy is greater the district shall remit to the commissioner, within ten days after its receipt of the last regular tax distribution in the year in which it is collected, that portion of the maximum effort debt service tax collections, including penalties and interest, which exceeds the required debt service levy. On or before ~~November 1~~ September 1 in each year the commissioner shall notify the county auditor of each county containing taxable property situated within the school district of the amount of the maximum effort debt service levy of the district for that year, and said county auditor or auditors shall extend upon the tax rolls an ad valorem tax upon all taxable property within the district in the aggregate amount so certified.

Sec. 4. Minnesota Statutes 1988, section 124.83, subdivision 1, is amended to read:

Subdivision 1. [HEALTH AND SAFETY PROGRAM.] To receive health and safety revenue a district must submit to the commissioner of education an application for aid and levy by ~~August 15~~ July 1 in the previous school

year. The application may be for hazardous substance removal, fire code compliance, or life safety repairs. The application must include a health and safety program adopted by the school district board. The program must include the estimated cost of the program by fiscal year.

Sec. 5. Minnesota Statutes 1988, section 124A.23, subdivision 1, is amended to read:

Subdivision 1. [GENERAL EDUCATION TAX CAPACITY RATE.] The commissioner of revenue shall establish the general education tax capacity rate and certify it to the commissioner of education by ~~September 1~~ *July 1* of each year for levies payable in the following year. The general education tax capacity rate shall be a rate, rounded up to the nearest tenth of a ~~mill~~ *percent*, that, when applied to the adjusted gross tax capacity for all districts, raises the amount specified in this subdivision. The general education tax capacity rate for the 1990 fiscal year shall be the rate that raises \$1,100,580,000. The general education tax capacity rate certified by the commissioner of revenue may not be changed due to changes or corrections made to a district's adjusted gross tax capacity after the tax capacity rate has been certified.

Sec. 6. Minnesota Statutes 1988, section 124A.26, subdivision 1, is amended to read:

Subdivision 1. [REVENUE REDUCTION.] A district's general education revenue for a school year shall be reduced if the *estimated* net unappropriated operating fund balance as of June 30 in the second prior school year exceeds \$600 times the actual pupil units in the second prior year. The amount of the reduction shall equal the lesser of:

- (1) the amount of the excess, or
- (2) \$150 times the actual pupil units for the school year.

Sec. 7. Minnesota Statutes 1988, section 270.11, subdivision 2, is amended to read:

Subd. 2. [COUNTY ASSESSOR'S REPORTS OF ASSESSMENT FILED WITH COMMISSIONER.] Each county assessor shall file by ~~June 15~~ *April 1* with the commissioner of revenue a copy of the abstract that will be acted upon by the ~~local and county board boards~~ of review. The abstract must list the real and personal property in the county, ~~as equalized by the local board of review or equalization,~~ itemized by assessment districts. ~~A printed or typewritten copy of the proceedings of the local board of review or equalization must also be filed with the commissioner.~~ The assessor of each county in the state shall file with the commissioner, within five working days following final action of ~~the local board of review or equalization and within five days following final action of the county board of equalization,~~ any changes made by the ~~local or county board of equalization.~~ The information must be filed in the manner prescribed by the commissioner. It must be accompanied by a printed or typewritten copy of the proceedings of the ~~county board of equalization~~ *appropriate board.*

The final abstract of assessments after adjustments by the state board of equalization and inclusion of any omitted property shall be submitted to the commissioner of revenue on or before ~~November 15~~ *September 1* of each calendar year. *The final abstract must separately report the captured tax capacity of tax increment financing districts under section 469.177, subdivision 2, the metropolitan revenue contribution value under section*

473F07, and the value subject to the power line credit under section 273.42.

Sec. 8. Minnesota Statutes 1988, section 270.12, subdivision 2, is amended to read:

Subd. 2. The board shall meet annually between ~~July~~ *April 15 and October 1* ~~October 1~~ *June 30* at the office of the commissioner of revenue and examine and compare the returns of the assessment of the property in the several counties, and equalize the same so that all the taxable property in the state shall be assessed at its market value, subject to the following rules:

(1) The board shall add to the aggregate valuation of the real property of every county, which the board believes to be valued below its market value in money, such percent as will bring the same to its market value in money;

(2) The board shall deduct from the aggregate valuation of the real property of every county, which the board believes to be valued above its market value in money, such percent as will reduce the same to its market value in money;

(3) If the board believes the valuation of the real property of any town or district in any county, or the valuation of the real property of any county not in towns or cities, should be raised or reduced, without raising or reducing the other real property of such county, or without raising or reducing it in the same ratio, the board may add to, or take from, the valuation of any one or more of such towns or cities, or of the property not in towns or cities, such percent as the board believes will raise or reduce the same to its market value in money;

(4) The board shall add to the aggregate valuation of any class of personal property of any county, town, or city, which the board believes to be valued below the market value thereof, such percent as will raise the same to its market value in money;

(5) The board shall take from the aggregate valuation of any class of personal property in any county, town or city, which the board believes to be valued above the market value thereof, such percent as will reduce the same to its market value in money;

(6) The board shall not reduce the aggregate valuation of all the property of the state, as returned by the several county auditors, more than one percent on the whole valuation thereof;

(7) When it would be of assistance in equalizing values the board may require any county auditor to furnish statements showing assessments of real and personal property of any individuals, firms, or corporations within the county. The board shall consider and equalize such assessments and may increase the assessment of individuals, firms, or corporations above the amount returned by the county board of equalization when it shall appear to be undervalued, first giving notice to such persons of the intention of the board so to do, which notice shall fix a time and place of hearing. The board shall not decrease any such assessment below the valuation placed by the county board of equalization; and

(8) In equalizing values pursuant to this section, the board shall utilize a 12-month assessment/sales ratio study conducted by the department of revenue containing only sales *that are filed in the county auditor's office under section 272.115, by November 1 of the previous year and that occurred*

between October 1 of the year immediately preceding the previous year to September 30 of the previous year. The sales prices used in the study must be discounted for terms of financing. The board shall use the median ratio as the statistical measure of the level of assessment for any particular category of property.

Sec. 9. Minnesota Statutes 1988, section 270.12, subdivision 3, is amended to read:

Subd. 3. When a taxing jurisdiction lies in two or more counties, if the sales ratio studies prepared by the department of revenue show that the average levels of assessment in the several portions of the taxing jurisdictions in the different counties differ by more than five percent, the board may order the apportionment of the levy. When the sales ratio studies prepared by the department of revenue show that the average levels of assessment in the several portions of the taxing jurisdictions in the different counties differ by more than ten percent, the board shall order the apportionment of the levy unless (a) the proportion of total adjusted gross tax capacity value in one of the counties is less than ten percent of the total adjusted gross tax capacity in the taxing jurisdiction and the average level of assessment in that portion of the taxing jurisdiction is the level which differs by more than five percent from the assessment level in any one of the other portions of the taxing jurisdiction; (b) significant changes have been made in the level of assessment in the taxing jurisdiction which have not been reflected in the sales ratio study, and those changes alter the assessment levels in the portions of the taxing jurisdiction so that the assessment level now differs by five percent or less; or (c) commercial, industrial, mineral, or public utility property predominates in one county within the taxing jurisdiction and another class of property predominates in another county within that same taxing jurisdiction. If one or more of these factors are present, the board may order the apportionment of the levy.

Notwithstanding any other provision, the levy for the metropolitan mosquito control district, metropolitan council, metropolitan transit district, and metropolitan transit area must be apportioned without regard to the percentage difference.

If, pursuant to this subdivision, the board apportions the levy, then that levy apportionment among the portions in the different counties shall be made in the same proportion as the adjusted gross tax capacity as determined by the commissioner in each portion is to the total adjusted gross tax capacity of the taxing jurisdiction.

For the purposes of this section, the average level of assessment in a taxing jurisdiction or portion thereof shall be the aggregate assessment sales ratio. Gross tax capacities as determined by the commissioner shall be the gross tax capacities as determined for the year preceding the year in which the levy to be apportioned is levied.

Actions pursuant to this subdivision shall be commenced subsequent to the annual meeting on ~~July~~ *April* 15 of the state board of equalization, but notice of the action shall be given to the affected jurisdiction and the appropriate county auditors by the following ~~October~~ *June* 30.

Apportionment of a levy pursuant to this subdivision shall be considered as a remedy to be taken after equalization pursuant to subdivision 2, and when equalization within the jurisdiction would disturb equalization within

other jurisdictions of which the several portions of the jurisdiction in question are a part.

Sec. 10. Minnesota Statutes 1988, section 270.13, is amended to read:

270.13 [RECORD OF PROCEEDINGS CHANGING GROSS TAX CAPACITY; DUTIES OF COUNTY AUDITOR.]

A record of all proceedings of the commissioner of revenue affecting any change in the gross tax capacity of any property, as revised by the state board of equalization, shall be kept by the commissioner of revenue and a copy thereof, duly certified, shall be mailed each year to the auditor of each county wherein such property is situated, on or before ~~October 1~~ *June 30* or 30 days after submission of the abstract required by section 270.11, subdivision 2, whichever is later. This record shall specify the amounts or amount, or both, added to or deducted from the gross tax capacity of the real property of each of the several towns and cities, and of the real property not in towns or cities, also the percent or amount of both, added to or deducted from the several classes of personal property in each of the towns and cities, and also the amount added to or deducted from the assessments of individuals, copartnerships, associations, or corporations. If a municipality is located in two or more counties within the area, the auditors of those counties shall certify the data required by section 473F05 to the county auditor who is responsible under other provisions of law for allocating the levies of that municipality between or among the affected counties. The increase in gross tax capacity determined by this section shall be reduced by the amount of any decreases in the gross tax capacity of commercial-industrial property resulting from any court decisions, court related stipulation agreements, or abatements for a prior year, and only in the amount of such decreases made during the 12-month period ending on ~~June 30 May 15~~ of the current assessment year, where such decreases, if originally reflected in the determination of a prior year's gross tax capacity under section 473F05, would have resulted in a smaller contribution from the municipality in that year. An adjustment for such decreases shall be made only if the municipality made a contribution in a prior year based on the higher gross tax capacity of the commercial-industrial property.

These rules shall provide standards and procedures appropriate for the implementation of and within the limitations of subdivisions 3a and 3b. These rules shall also provide standards for the discipline, control, management, and protection of handicapped children. The state board shall not adopt rules for pupils served in level 1, 2, or 3, as defined in Minnesota Rules, part 3525.2340, establishing either case loads or the maximum number of pupils that may be assigned to special education teachers. The state board, in consultation with the departments of health and human services, shall adopt permanent rules for instruction and services for children under age five and their families. ~~Until June 30, 1988, a developmental achievement center under contract to a school district to provide special instruction and services is eligible for variance from rules relating to personnel licensure. Subd. 3b. [PROCEDURES FOR DECISIONS.] Every district shall utilize at least the following procedures for decisions involving identification, assessment, and educational placement of handicapped children:

(3) the proposed provision, addition, denial or removal of special education services for their child;

(b) The district shall not proceed with the initial formal assessment of

a child, the initial placement of a child in a special education program, or the initial provision of special education services for a child without the prior written consent of the child's parent or guardian. The refusal of a parent or guardian to consent may be overridden by the decision in a hearing held pursuant to clause (d) at the district's initiative;

(c) Parents and guardians shall have an opportunity to meet with appropriate district staff in at least one conciliation conference if they object to any proposal of which they are notified pursuant to clause (a). The conciliation process shall not be used to deny or delay a parent or guardian's right to a due process hearing. If the parent or guardian refuses efforts by the district to conciliate the dispute with the school district, the requirement of an opportunity for conciliation shall be deemed to be satisfied;

(d) Parents, guardians, and the district shall have an opportunity to obtain an impartial due process hearing initiated and conducted in *either* the school district where the child resides *or the district providing special instruction and services, as determined by the parent or guardian*, if the parent or guardian continues to object to:

The hearing shall take place before an impartial hearing officer mutually agreed to by the school board and the parent or guardian. If the school board and the parent or guardian are unable to agree on a hearing officer, the school board shall request the commissioner to appoint a hearing officer. The hearing officer shall not be a school board member or employee of the school district where the child resides or of the child's school district of residence, an employee of any other public agency involved in the education or care of the child, or any person with a personal or professional interest which would conflict with the person's objectivity at the hearing. A person who otherwise qualifies as a hearing officer is not an employee of the district solely because the person is paid by the district to serve as a hearing officer. If the hearing officer requests an independent educational assessment of a child, the cost of the assessment shall be at district expense. The proceedings shall be recorded and preserved, at the expense of the school district, pending ultimate disposition of the action.

Subd. 4. [DISTRICT INFORMATION.] To receive screening aid, a district or a group of districts must submit information on a form provided by the department of education.

Subd. 3. [TRANSITIONAL LEVY.] The board of the combined district may levy for the expenses of negotiation, administrative expenses directly related to the transition from cooperation to combination, and the cost of necessary new athletic and music uniforms. The referendum may be called by the school board or shall be called by the school board upon written petition of qualified voters residing in the attendance area. The referendum shall be held on a date set by the school board. One election may be held in a calendar year to approve an increase that is initiated by a school board and one election may be held in a calendar year to approve an increase invoked by petition. The ballot shall state the maximum amount of the increased levy in dollars and as a percentage of net tax capacity in the first year it is to be levied, and that the proceeds of the levy shall be used to prevent the elementary school from being closed. The ballot may designate a specific number of years for which the levy authorization shall apply. The ballot may contain a textual portion with the required information and a question stating substantially the following:

If approved, the amount provided shall be authorized for certification for the number of years approved, if applicable.

Subd. 2. [COOPERATION AND COMBINATION REVENUE.] Cooperation and combination revenue equals, for each resident and nonresident pupil receiving instruction in a cooperating or combined district, \$100 times the actual pupil units. A district may not receive revenue under this section if it receives revenue under section 275.125, subdivision 8e.

Subd. 3. [COOPERATION AND COMBINATION LEVY.] To obtain cooperation and combination revenue, a district may levy an amount equal to the cooperation and combination revenue multiplied by the lesser of one or the following ratio:

(1) the quotient derived by dividing the adjusted gross tax capacity for the district in the year preceding the year the levy is certified by the actual pupil units in the district for the year to which the levy is attributable, to

Subd. 6. [ADDITIONAL AID.] In addition to the aid in subdivision 5, districts shall receive aid under this subdivision. For the first year of cooperation, a district shall receive, for each resident and nonresident pupil receiving instruction in a cooperating district, \$100 times the actual pupil units. Cooperation and combination aid must be reduced by an amount equal to the aid paid under subdivision 6 plus the difference between the aid paid under subdivision 5 for the first two years of the agreement and the aid that would have been paid if the revenue had been \$60 times the actual pupil units. If the aid is insufficient to recover the entire amount, the department of education shall reduce other aids due the district to recover the entire amount. The cooperation and combination levy shall be reduced by an amount equal to the difference between the levy for the first two years of the agreement and the levy that would have been authorized if the revenue had been \$60 times the actual pupil units. Before a school board certifies levies to the county auditor, the commissioner shall determine the district's eligibility for exceptional need revenue for the following school year. Eligibility must be based on pupil and staff data from the prior year, levies certified in the prior year, adjusted gross or net tax capacity in the prior year, and fund balances on June 30 of the same year.

Sec. 3. Minnesota Statutes 1988, section 124.38, subdivision 7, is amended to read:

Subd. 7. [MAXIMUM EFFORT DEBT SERVICE LEVY.] "Maximum effort debt service levy" means the lesser of:

(1) A levy in whichever of the following amounts is applicable:

(a) In any school district granted a debt service loan after July 31, 1981 or granted a capital loan which is approved after July 31, 1981, a levy in a total dollar amount computed as ~~46 mills~~ a gross tax capacity rate of 13.08 percent on the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 16.27 percent on the adjusted net tax capacity for taxes payable in 1991 and thereafter;

(b) In any school district granted a debt service loan before August 1, 1981 or granted a capital loan which was approved before August 1, 1981, a levy in a total dollar amount computed as ~~45 mills~~ a gross tax capacity rate of 12.26 percent on the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of 15.26 percent on the net tax capacity for taxes payable in 1991 and thereafter, until and unless the district receives an additional loan; or

(2) A levy in whichever of the following amounts is applicable:

(a) In any school district which received a debt service or capital loan from the state before January 1, 1965, a levy in a total dollar amount computed as 4.10 mills on the market value in each year, unless the district applies or has applied for an additional loan subsequent to January 1, 1965,

or issues or has issued bonds on the public market, other than bonds refunding state loans, subsequent to January 1, 1967;

(b) In any school district granted a debt service or capital loan between January 1, 1965, and July 1, 1969, a levy in a total dollar amount computed as 5-1/2 mills on the market value in each year, until and unless the district receives an additional loan;

(c) In any school district granted a debt service or capital loan between July 1, 1969 and July 1, 1975, a levy in a total dollar amount computed as 6.3 mills on market value in each year until and unless the district has received an additional loan;

(d) In any school district for which a capital loan was approved prior to August 1, 1981, a levy in a total dollar amount equal to the sum of the amount of the required debt service levy and an amount which when levied annually will in the opinion of the commissioner be sufficient to retire the remaining interest and principal on any outstanding loans from the state within 30 years of the original date when the capital loan was granted; provided, that the school board in any district affected by the provisions of clause (2)(d) may elect instead to determine the amount of its levy according to the provisions of clause (1); provided further that if a district's capital loan is not paid within 30 years because it elects to determine the amount of its levy according to the provisions of clause (2)(d), the liability of the district for the amount of the difference between the amount it levied under clause (2)(d) and the amount it would have levied under clause (1), and for interest on the amount of that difference, shall not be satisfied and discharged pursuant to section 124.43, subdivision 4.

Sec. 4. Minnesota Statutes 1988, section 124.43, subdivision 1, is amended to read:

Subdivision 1. [REVIEW BY COMMISSIONER.] (a) The commissioner may, after review and a favorable recommendation by the state board of education, recommend to the legislature capital loans to school districts. Proceeds of the loans shall be used only for sites for school buildings and for acquiring, bettering, furnishing, or equipping school buildings under contracts to be entered into within 12 months from and after the date on which each loan is granted.

(b) Any school board that intends to submit an application for a capital loan shall submit a proposal to the commissioner for review and comment pursuant to section 121.15 by September 1 of any year, and the commissioner shall prepare a review and comment on the proposed facility, regardless of the amount of the capital expenditure required to construct the facility. The state board shall not make a favorable recommendation on an application for a capital loan for any facility unless:

(1) the facility receives a positive review and comment pursuant to section 121.15; and

(2) the state board determines that

(A) the facilities are needed to replace facilities dangerous to the health and safety of pupils, or to provide for pupils for whom no adequate facilities exist;

(B) the facilities could not be made available through dissolution and attachment of the district to another district or through pairing, interdistrict cooperation, or consolidation with another district, or through the purchase

or lease of facilities from existing institutions within the area. The preference of the school district regarding reorganization shall not be a criterion used by the state board in determining whether the facilities could be made available through reorganization;

(C) the facilities are comparable in size and quality to facilities recently constructed in other districts of similar enrollment; and

(D) the district's need for the facilities is comparable to needs that comparable districts are meeting through local bond issues.

The state board may recommend that the loan be approved in a reduced amount in order to meet the foregoing criteria. If the state board recommends that a loan not be approved, the commissioner shall not recommend approval of the loan. If the state board recommends that the loan be approved in a reduced amount, the commissioner shall not recommend approval of a loan larger than that recommended by the state board.

(c) As part of reviewing an application for a capital loan, the commissioner of education shall prepare estimated yearly repayments by the school district and the estimated amount of principal and interest that may be forgiven after the term of the loan. These estimates shall assume no growth in gross tax capacity over the term of the loan, shall assume a levy equal to ~~16 mills~~ *a gross tax capacity rate of 13.08 percent* times the adjusted gross tax capacity *for taxes payable in 1990 or a net tax capacity rate of 16.27 percent for taxes payable in 1991 and thereafter*, and shall be prepared using a methodology approved by the commissioner of finance. The commissioner of education shall use a discount factor provided by the commissioner of finance in determining the present value of the estimated amount of interest and principal which may be forgiven after the term of the loan.

(d) No loan shall be recommended for approval for any district exceeding an amount computed as follows:

(1) The amount requested by the district under subdivision 2;

(2) Plus the aggregate principal amount of general obligation bonds of the district outstanding on June 30 of the year following the year the application was received, not exceeding the limitation on net debt of the district in section 475.53, subdivision 4, or ~~24 percent of the adjusted gross tax capacity~~, *the following amount:*

(i) for the period October 1, 1988, to September 30, 1989, 197 percent of its adjusted gross tax capacity,

(ii) for any 12-month period beginning October 1 of any year after 1988, 245 percent of its adjusted net tax capacity as most recently determined, whichever is less;

(3) Less the maximum net debt permissible for the district on December 1 of the year the application is received, under the limitation in section 475.53, subdivision 4, or ~~24 percent of the most recent adjusted gross tax capacity available at the time of application~~, *the following amount:*

(i) for the period October 1, 1988, to September 30, 1989, 197 percent of its adjusted gross tax capacity,

(ii) for any 12-month period beginning October 1 of any year after 1988, 245 percent of its adjusted net tax capacity as most recently determined, whichever is less; and

(4) Less any amount by which the amount voted exceeds the total cost of the facilities for which the loan is granted, as estimated in accordance with subdivision 4, provided that the loan may be approved in an amount computed as provided in clauses (1) to (3), subject to subsequent reduction in accordance with this clause.

Sec. 5. Minnesota Statutes 1988, section 124.82, subdivision 3, is amended to read:

Subd. 3. [FACILITIES DOWN PAYMENT LEVY REFERENDUM.] A district may levy the tax capacity rate approved by a majority of the electors voting on the question to provide funds for a down payment for an approved project. The election must take place no more than five years before the estimated date of commencement of the project. The referendum must be held on a date set by the school board. A referendum for a project not receiving a positive review and comment by the commissioner under section 121.15 must be approved by at least 60 percent of the voters at the election. The referendum may be called by the school board and may be held:

(1) separately, before an election for the issuance of obligations for the project under chapter 475; or

(2) in conjunction with an election for the issuance of obligations for the project under chapter 475; or

(3) notwithstanding section 475.59, as a conjunctive question authorizing both the down payment levy and the issuance of obligations for the project under chapter 475. Any obligations authorized for a project may be issued within five years of the date of the election.

The ballot must provide a general description of the proposed project, state the estimated total cost of the project, state whether the project has received a positive or negative review and comment from the commissioner of education, state the maximum amount of the down payment levy ~~in mills~~ *as a percentage of net tax capacity*, state the amount that will be raised by that tax capacity rate in the first year it is to be levied, and state the maximum number of years that the levy authorization will apply.

The ballot must contain a textual portion with the information required in this section and a question stating substantially the following:

“Shall the down payment levy proposed by the board of School District No. be approved?”

If approved, the amount provided by the approved tax capacity rate applied to ~~each year's gross~~ *the net tax capacity for the year preceding the year the levy is certified* may be certified for the number of years approved.

In the event a conjunctive question proposes to authorize both the down payment levy and the issuance of obligations for the project, appropriate language authorizing the issuance of obligations must also be included in the question.

The district must notify the commissioner of education of the results of the referendum.

Sec. 6. Minnesota Statutes 1988, section 134.33, subdivision 1, is amended to read:

Subdivision 1. An establishment grant as described in section 134.32, subdivision 2, shall be made to any regional public library system for the

first two state fiscal years after a board of county commissioners has contracted to join that system and has agreed that the county will provide the levels of support for public library service specified in this section. In the first year of participation, the county shall provide an amount of support equivalent to ~~3 mill~~ *a gross tax capacity rate of .25 percent times the adjusted gross tax capacity for taxes payable in 1990, or a net tax capacity rate of .31 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter*, of the taxable property of the county as determined by the commissioner of revenue for the second year preceding that calendar year or two-thirds of the per capita amount established under the provisions of section 134.34, subdivision 1, whichever amount is less. In the second year of participation and in each year thereafter, the county shall provide an amount of support equivalent to ~~4 mill~~ *a gross tax capacity rate of .33 percent times the adjusted gross tax capacity for taxes payable in 1990, or a net tax capacity rate of .41 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter*, of the taxable property of the county as determined by the commissioner of revenue for the second year preceding that calendar year or the per capita amount established under the provisions of section 134.34, subdivision 1, whichever is less. The minimum level of support shall be certified annually to the county by the department of education. In no event shall the department of education require any county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for an establishment grant. This section shall not be construed to prohibit any county from providing a higher level of support for public libraries than the level of support specified in this section.

Sec. 7. Minnesota Statutes 1988, section 134.34, subdivision 1, is amended to read:

Subdivision 1. A regional library basic system support grant shall be made to any regional public library system where there are at least three participating counties and where each participating city and county, except in the first year of participation as provided in section 134.33, is providing for public library service support the lesser of (a) an amount equivalent to ~~4 mill~~ *a gross tax capacity rate of .33 percent times the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of .41 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter* of the taxable property of that city or county, as determined by the commissioner of revenue for the second year preceding that calendar year or (b) a per capita amount calculated under the provisions of this subdivision. The per capita amount is established for calendar year 1980 as \$3. In succeeding calendar years, the per capita amount shall be increased by a percentage equal to one-half of the percentage by which the total state adjusted gross tax capacity of property as determined by the commissioner of revenue for the second year preceding that calendar year increases over that total adjusted gross tax capacity for the third year preceding that calendar year. The minimum level of support shall be certified annually to the participating cities and counties by the department of education. A city which is a part of a regional public library system shall not be required to provide this level of support if the property of that city is already taxable by the county for the support of that regional public library system. In no event shall the department of education require any city or county to provide a higher level of support than the level of support specified in this section in order for a system to qualify for a regional library basic system support grant. This section shall not be construed to prohibit a city or county from

providing a higher level of support for public libraries than the level of support specified in this section.

These levies shall not be included in computing the limitations upon the levy of any participating district. The board may, any time after these levies have been certified to the participating school districts, issue and sell certificates of indebtedness in anticipation of the collection of ~~such the levies; but in aggregate amounts such as that will not exceed the portion of the levies which is then not collected and not delinquent.~~

Sec. 9. Minnesota Statutes 1988, section 136D.74, subdivision 2, is amended to read:

Subd. 2. Sec. 11. Minnesota Statutes 1988, section 273.1102, subdivision 3, is amended to read:

Subd. 3. [1988 ADJUSTMENT.] ~~For School districts~~ *district* levy limitations or authorities expressed in terms of mills and adjusted assessed value, ~~their levy limitations in any special law that is not codified in Minnesota Statutes shall be converted by the department of education to "equalized gross tax capacity rates" for taxes payable in 1989 and 1990 and equalized net tax capacity rates for taxes payable in 1991 and thereafter.~~ For purposes of this calculation, the 1987 adjusted assessed values of the district shall be converted to "adjusted gross tax capacities" by multiplying the equalized market values by class of property by the gross tax capacity rates provided in section 273.13. Each county assessor and the city assessors of Minneapolis, Duluth, and St. Cloud shall furnish the commissioner of revenue the 1987 market value for taxes payable in 1988 for any new classes of property established in this article. The commissioner shall use those values, and estimate values where needed, in developing the 1987 tax capacity for each school district under this section. The requirements of section 124.2131, subdivisions 1, paragraph (c), and 2 and 3, shall remain in effect.

Sec. 12. Minnesota Statutes 1988, section 275.011, subdivision 1, is amended to read:

(b) for taxes payable in 1989, the product of (1) the property tax levy limitation for the taxes payable year 1988 determined under clause (a) multiplied by (2) an index for market valuation changes equal to the assessment year 1988 total market valuation of all taxable property subject to the tax divided by the assessment year 1987 total market valuation of all taxable property subject to the tax; and

(c) for taxes payable in 1990 and subsequent years, the product of (1) the property tax levy limitation for the previous year determined pursuant to this subdivision multiplied by (2) an index for market valuation changes equal to the total market valuation of all taxable property subject to the tax for the current assessment year divided by the total market valuation of all taxable property subject to the tax for the previous assessment year.

For the purpose of determining the property tax levy limitation for the taxes payable year 1988 and subsequent years under this subdivision, "total market valuation" means the total market valuation of all taxable property subject to the tax without valuation adjustments for fiscal disparities (chapter 473F), tax increment financing (sections 469.174 to 469.179), and high voltage transmission lines (section 273.425).

This levy shall not be considered in computing the aid reduction under section 124.155.

Sec. 14. Minnesota Statutes 1988, section 275.125, subdivision 6h, is amended to read:

[MINNEAPOLIS HEALTH INSURANCE SUBSIDY LEVY.] Each year special school district No. 1, Minneapolis, may make an additional levy not to exceed the amount raised by ~~1 mill~~ a gross tax capacity rate of .09 percent times the adjusted gross tax capacity for taxes payable in 1990 or a net tax capacity rate of .11 percent times the adjusted net tax capacity for taxes payable in 1991 and thereafter of the property in the district for the preceding year. ~~In addition, in 1987 the district may levy an amount not to exceed the amount raised by 1 mill times the adjusted gross tax capacity of the property in the district for the preceding year for health insurance subsidies for fiscal year 1988.~~ The proceeds may be used only to subsidize health insurance costs for eligible teachers as provided in this section.

Sec. 15. Minnesota Statutes 1988, section 275.125, subdivision 6i, is amended to read:

This levy shall not be made in more than 20 successive years and each year before it is made, it must be approved by the commissioner and the approval shall specify its amount. This levy shall ~~in each year~~ be

275.14 [CENSUS.]

For the purposes of sections 275.11 to 275.16, the population of a city shall be that established by the last federal census, by a special census taken by the United States Bureau of the Census, by an estimate made by the metropolitan council, or by the state demographer made according to section 116K.04, subdivision 4, whichever has the latest stated date of count or estimate, before July 2 of the current levy year. The population of a school district must be determined by the most recent federal census.

In any year in which no federal census is taken pursuant to law in any school district affected by sections 275.11 to 275.16 a population estimate may be made and submitted to the state demographer for approval as hereinafter provided. The school board of a school district, in case it desires a population estimate, shall pass a resolution by ~~September~~ July 1 containing a current estimate of the population of the school district and shall submit the resolution to the state demographer. The resolution shall describe the criteria on which the estimate is based and shall be in a form and accompanied by the data prescribed by the state demographer. The state demographer shall determine whether or not the criteria and process described in the resolution provide a reasonable basis for the population estimate and shall inform the school district of that determination within 30 days of receipt of the resolution. If the state demographer determines that the criteria and process described in the resolution do not provide a reasonable basis for the population estimate, the resolution shall be of no effect. If the state demographer determines that the criteria and process do provide a reasonable basis for the population estimate, the estimate shall be treated as the population of the school district for the purposes of sections 275.11 to 275.16 until the population of the school district has been established by the next federal census or until a more current population estimate is prepared and approved as provided herein, whichever occurs first. The state demographer shall establish guidelines for acceptable population estimation criteria and processes. The state demographer shall issue advisory opinions upon request in writing to cities or school districts as to proposed criteria and processes prior to their implementation in an estimation. The advisory opinion shall be final and binding upon the demographer unless the demographer can show cause why it should not be final and binding.

In the event that a census tract employed in taking a federal or local census overlaps two or more school districts, the county auditor shall, on the basis of the best information available, allocate the population of said census tract to the school districts involved.

The term “council,” as used in sections 275.11 to 275.16, means any

board or body, whether composed of one or more branches, authorized to make ordinances for the government of a city within this state."

and 25; or 354.091, employees shall have allowable service for the purpose of meeting the minimum service requirements for eligibility to a retirement annuity or other retirement benefit credited in full, but shall have benefit accrual service for the purpose of computing a retirement annuity or other retirement benefit credited on a fractional basis either weekly or annually based upon the relationship that the number of hours of service bears to either 40 hours per week or 2,080 hours per year, with any salary paid for the fractional service credited on the basis of the rate of salary applicable for a full-time week or a full-time year;

(b) (2) Vacation and sick leave accruals shall be prorated in accordance with the pertinent collective bargaining agreement or plan covering the position;

(c) (3) Employee dental, medical and hospital benefits coverage shall be available of the same type and coverage afforded to comparable full-time employees. (d) (4) Dependent life insurance coverage shall be available to employees in shared positions on the same terms as for comparable full-time employees. Dependent medical, hospital and dental benefits coverage shall be available to employees in shared positions of the same type and coverage afforded to comparable full-time employees, except that the employer shall contribute the appropriate shared time percent of the dollar amount contributed for comparable full-time employees electing the same program, the remainder to be paid by payroll deduction by the employee electing such coverage;

(e) (5) Employees in shared positions shall be entitled to the prorated holiday provisions of the applicable collective bargaining agreement or plan covering the position;

Contributions by the employer toward the benefits, if any, shall be equal to the appropriate shared time percent of the full-time benefits. When not divisible, the cost of the full-time benefits normally allocable to the employer shall be allocated, the appropriate shared time percent to the employee in a shared position, by payroll deduction, and the remaining percent to the employer.

Sec. 2. Minnesota Statutes 1988, section 352.01, subdivision 11, is amended to read:

Subd. 11. [ALLOWABLE SERVICE.] "Allowable service" means:

(1) Service by an employee for which on or before July 1, 1957, the

employee was entitled to allowable service credit on the records of the system by reason of employee contributions in the form of salary deductions, payments in lieu of salary deductions, or in any other manner authorized by Minnesota Statutes 1953, chapter 352, as amended by Laws 1955, chapter 239.

(2) Service by an employee for which on or before July 1, 1961, the employee chose to obtain credit for service by making payments to the fund under Minnesota Statutes 1961, section 352.24.

(3) Except as provided in clauses (9) and (10), service by an employee after July 1, 1957, for any calendar month in which the employee is paid salary from which deductions are made, deposited, and credited in the fund, including deductions made, deposited, and credited as provided in section 352.041.

(4) Except as provided in clauses (9) and (10), service by an employee after July 1, 1957, for any calendar month for which payments in lieu of salary deductions are made, deposited, and credited in the fund, as provided in section 352.27 and Minnesota Statutes 1957, section 352.021, subdivision 4.

For purposes of clauses (3) and (4), except as provided in clauses (9) and (10), any salary paid for a fractional part of any calendar month is deemed the compensation for the entire calendar month.

(5) The period of absence from their duties by employees who are temporarily disabled because of injuries incurred in the performance of duties and for which disability the state is liable under the workers' compensation law until the date authorized by the director for the commencement of payments of a total and permanent disability benefit from the retirement fund.

(6) The unused part of an employee's annual leave allowance for which the employee is paid salary.

(7) Any service covered by a refund repaid as provided in section 352.23 or 352D.05, subdivision 4, except service rendered as an employee of the adjutant general for which the person has credit with the federal civil service retirement system.

(8) Any service before July 1, 1978, by an employee of the transit operating division of the metropolitan transit commission or by an employee on an authorized leave of absence from the transit operating division of the metropolitan transit commission who is employed by the labor organization which is the exclusive bargaining agent representing employees of the transit operating division, which was credited by the metropolitan transit commission-transit operating division employees retirement fund or any of its predecessor plans or funds as past, intermediate, future, continuous, or allowable service as defined in the metropolitan transit commission-transit operating division employees retirement fund plan document in effect on December 31, 1977.

(9) Service after July 1, 1983, by an employee who is employed on a part-time basis for less than 50 percent of full time, for which the employee is paid salary from which deductions are made, deposited, and credited in the fund, including deductions made, deposited, and credited as provided in section 352.041 or for which payments in lieu of salary deductions are made, deposited, and credited in the fund as provided in section 352.27

shall be credited on a fractional basis either by pay period, monthly, or annually based on the relationship that the percentage of salary earned bears to a full-time salary, with any salary paid for the fractional service credited on the basis of the rate of salary applicable for a full-time pay period, month, or a full-time year. For periods of part-time service that is duplicated service credit, section 356.30, subdivision 1, clauses (i) and (j), govern.

~~(10) Any service by an employee in the Minnesota demonstration job-sharing program under sections 43A.40 to 43A.465 which is less than 40 hours per week or 2,080 hours per year and for which the employee is paid salary from which deductions are made, deposited and credited in the fund, shall be credited on a fractional basis either weekly or annually based on the relationship that the number of hours of service bears to either 40 hours per week or 2,080 hours per year, with any salary paid for the fractional service credited on the basis of the rate of salary applicable for a full-time week or a full-time year.~~

The allowable service determined and credited on a fractional basis ~~under clauses (9) and (10)~~ shall be used in calculating the amount of benefits payable, but service as determined on a fractional basis must not be used in determining the length of service required for eligibility for benefits.

~~(11) (10)~~ Any period of authorized leave of absence without pay that does not exceed one year and for which the employee obtained credit by payment to the fund in lieu of salary deductions. To obtain credit, the employee shall pay an amount equal to the employee and employer contribution rate in section 352.04, subdivisions 2 and 3, multiplied by the employee's hourly rate of salary on the date of return from leave of absence and by the days and months of the leave of absence without pay for which the employee wants allowable service credit. The employing department, at its option, may pay the employer amount on behalf of its employees. Payments made under this clause shall include interest at the rate of six percent per year from the date of termination of the leave of absence to the date payment is made unless payment is completed within one year of the return from leave of absence.

Sec. 3. Minnesota Statutes 1988, section 352.021, subdivision 5, is amended to read:

Subd. 5. [CONTINUING COVERAGE.] Any state employee who has made contributions to the retirement fund for a period of one year and who, continuing in state service after that year, becomes eligible for membership in the state teachers retirement association *as a full-time teacher, as defined in section 354.05, subdivision 2*, may continue coverage under the system by filing in its office written notice of election to continue. The election to be covered by the system under this subdivision or section 352.01, subdivision 2b, clause (3), must be made on a form approved by the director within 90 days after appointment to the position. If the option is exercised, the employee is not thereafter entitled to membership in the teachers retirement association while employed by the state in a position that entitled the employee to make this election.

Sec. 4. Minnesota Statutes 1988, section 352.03, subdivision 11, is amended to read:

Subd. 11. [LEGAL ADVISER, ATTORNEY GENERAL.] The attorney general shall be the legal adviser of the board and of the director. The

board may sue or be sued *or petitioned under section 5* in the name of the board of directors of the system. In actions brought by it or against it, the board shall be represented by the attorney general- *and, except as provided in section 5, subdivision 9,* venue of actions shall be in the Ramsey county district court.

Sec. 5. [352.031] [APPEALS PROCEDURE.]

Subdivision 1. [DEFINITIONS.] Unless the language or context clearly indicates that a different meaning is intended, for the purpose of this section, the following terms have the meanings given them.

(a) "Board" means the board of directors of the Minnesota state retirement system.

(b) "Documentation" includes, but is not limited to:

(1) sworn and notarized affidavits made on the personal knowledge of any person;

(2) official letters or documents;

(3) documents from the file of the petitioner; and

(4) other relevant documents that are admissible as evidence in a court of law.

(c) "Executive director" means the executive director of the Minnesota state retirement system.

(d) "Person" includes any state agency or other governmental unit that employs persons covered under statutes listed in subdivision 2.

(e) "Record" means:

(1) the petition and the documentation that the petitioner submits with a petition;

(2) the executive director's answer to the petition and the documentation submitted with it; and

(3) the documentation that the board allows to be submitted in connection with the hearing on the petition if submitted in a timely fashion.

Subd. 2. [NOTICE OF TERMINATION OR DENIAL.] If the executive director terminates a benefit or denies an application or a written request of any person claiming a right under chapter 352, other than sections 352.96 and 352.97; chapters 3A, 352B, 352C, and 352D; sections 490.121 to 490.133; or the applicable sections of chapters 355 and 356, the executive director shall serve upon that person a written notice. The notice must contain:

(1) the reasons for the termination or denial;

(2) notification that the person may petition the board for a review of the termination or denial and that the petition for review must be filed within 60 days of the receipt of the written notice;

(3) a statement that failure to petition the board within 60 days will preclude the person from contesting, in any other court procedure or administrative hearing, the issues determined by the executive director; and

(4) a copy of this section.

Subd. 3. [PETITION FOR REVIEW.] A person who claims a right under

subdivision 2 and regarding whom a benefit has been terminated or an application or written request has been denied may petition for a review of that decision by the board. A petition under this section must be served upon the executive director personally, or by mail postmarked no later than 60 days after the petitioner received the notice required by subdivision 2. The petition must include the sworn, notarized statement of the reasons the petitioner believes the decision of the executive director should be reversed or modified and may include relevant documentation.

Subd. 4. [ANSWER; RECORD FOR HEARING.] Within a reasonable time after receiving a petition, the executive director shall serve the petitioner with an answer to the petition with all relevant documentation and with notice of the time and place of the regular or special board meeting at which the board will consider the petition. The documentation need not duplicate the documentation submitted by the petitioner. Not later than ten days before the board meeting at which the petition will be heard, the executive director shall deliver a copy of the relevant documentation to each board member personally or by mail. Each board member who participates in the decision on the petition must be familiar with all relevant documentation.

Subd. 5. [HEARING.] The board shall hold a timely hearing on a petition for review. The board must make its decision on a petition solely on the relevant documentation as submitted and the proceedings of the hearing. At the hearing, the petitioner, the petitioner's attorney, and the executive director may state and discuss with the board their positions with respect to the petition. The board may allow further documentation to be placed in the record at or subsequent to the board meeting at which the petition is considered. If the board allows additional documentation into the record at or subsequent to the board meeting, it may make a final determination on the petition at that board meeting only upon the agreement of both the petitioner and the executive director.

Subd. 6. [TERMINATION OF BENEFITS.] If the executive director proposes to terminate a benefit that is being paid to any person, before terminating the benefit, the executive director, in addition to the other procedures prescribed in this section, shall give the person written or oral notice of the proposed termination. The notice must explain the reason for the proposed termination. The person must be given an opportunity to explain, orally or in writing, why the benefit should not be terminated. If the executive director is unable to contact the person and the executive director determines that a failure to terminate the benefit might result in unauthorized payment by the association, the executive director may terminate the benefit with only a written notice containing the information required by subdivision 2, mailed to the address to which the benefit was last sent and, if that address is a financial institution, to the last known address of the person.

Subd. 7. [MEDICAL ADVISOR ACTION.] If a person petitions the board to reverse or modify a determination by the executive director finding that the petitioner, for medical reasons, does not or has ceased to qualify for a disability benefit, the board may resubmit the matter to the medical advisor for reconsideration, with or without instructions to obtain further medical examinations. The board may make a determination contrary to the recommendation of the medical advisor only if there is expert medical evidence in the record to support its contrary decision. If there is no medical opinion contrary to the opinion of the medical advisor in the record and

the medical advisor asserts that the decision was made in accordance with the disability standard in section 352.01, subdivision 17; 352B.10; or 490.121, subdivision 13, the board must follow the determination of the medical advisor. The board may make a determination different from the recommendation of the medical advisor on issues that do not involve a medical opinion.

Subd. 8. [BOARD FINDINGS.] After the board has made a decision on a petition, the executive director shall prepare findings of fact, the board's reasons for its conclusions, and the board's final order for the signature of the chair or other board member as the board, by resolution, may designate. The executive director shall serve the findings, conclusions, and order on the petitioner by certified mail.

Subd. 9. [APPEALS.] Within 30 days of receipt of the findings, conclusions, and final order, the petitioner may appeal the board's decision by writ of certiorari to the court of appeals. Failure to appeal within 30 days precludes the petitioner from later raising, in any court procedure or administrative hearing, those substantive and procedural issues that reasonably should have been raised upon appeal.

Subd. 10. [REFERRAL FOR ADMINISTRATIVE HEARING.] Notwithstanding sections 14.03; 14.06; and 14.57 to 14.69, a challenge to a determination of the executive director must be conducted exclusively under the procedures in this section. The board in its sole discretion may refer a petition brought under this section to the office of administrative hearings for a contested case hearing under sections 14.57 to 14.69.

Subd. 11. [PETITIONS WITHOUT NOTICE.] A person who is not entitled to a review under this section may nevertheless receive review of the decision of the executive director that affects the person's rights by petitioning the board under this section within 60 days of the time the person knew or should have known of the disputed decision.

Sec. 6. Minnesota Statutes 1988, section 352.116, subdivision 3, is amended to read:

Subd. 3. [OPTIONAL ANNUITIES.] The board shall establish an optional retirement annuity in the form of a joint and survivor annuity. The board may also establish an optional annuity in the form of an annuity payable for a period certain and for life thereafter or establish an optional annuity which takes the form of a joint and survivor annuity providing that, if after the joint and survivor annuity becomes payable, the person with the designated remainder interest in the annuity dies before the former member, the annuity amount must be reinstated to a normal single life annuity amount as of the first day of the month after the day the person dies. In addition, the board may also establish an optional annuity that takes the form of an annuity calculated on the basis of the age of the retired employee at retirement and payable for the period before the retired employee becomes eligible for social security old age retirement benefits in a greater amount than the amount of the annuity calculated under subdivision 2 on the basis of the age of the retired employee at retirement ~~but equal so far as possible to the social security old age retirement benefit and the adjusted retirement annuity amount payable immediately after the retired employee becomes eligible for social security old age retirement benefits and payable for the period after the retired employee becomes eligible for social security old age retirement benefits in an amount less than the amount of the annuity calculated under subdivisions 2 and 3.~~ The social security leveling option

may be calculated based on broad average social security old age retirement benefits. For each year that the retiring employee is under age 62, up to five percent of the total single life annuity required reserves may be used to accelerate the optional retirement annuity. This greater amount must be paid until the end of the month in which the retired employee reaches age 62, at which time the annuity must be reduced. The optional forms must be actuarially equivalent to the normal single life annuity forms provided in sections 352.115 and 352.116, whichever applies.

Sec. 7. Minnesota Statutes 1988, section 352.22, subdivision 1, is amended to read:

Subdivision 1. [SERVICE TERMINATION.] Any employee who ceases to be a state employee by reason of termination of state service or layoff is entitled to a refund provided in subdivision 2 or a deferred retirement annuity as provided in subdivision 3. Application for a refund may be made 30 or more days after the termination of state service or layoff if the applicant has not again become a state employee required to be covered by the system.

Sec. 8. Minnesota Statutes 1988, section 352.22, subdivision 2a, is amended to read:

Subd. 2a. [AMOUNT OF CERTAIN REFUND REPAYMENTS PROHIBITED.] For any employee who is entitled to a refund under subdivision 1 and who, before July 1, 1978, was a member of the metropolitan transit commission transit operating division employees retirement fund, the refund for contributions made before July 1, 1978, must equal the following amounts:

(a) For any employee contributions made before January 1, 1950, the amount equal to one-half of the employee contributions without interest;

(b) For any employee contributions made after December 31, 1949, but before January 1, 1975, the amount of the employee contributions plus simple interest at the rate of two percent per year; and

(c) For any employee contributions made after December 31, 1974, but before July 1, 1978, the amount of the employee contributions plus simple interest at the rate of 3-1/2 percent per year. The refund of contributions made on or after July 1, 1978, must be determined under subdivision 2. Interest must be computed to the first day of the month in which the refund is processed and must be based on fiscal year balances. No refunds of contributions made to the metropolitan transit commission-transit operating division employees retirement fund received before July 1, 1978, or for service rendered before July 1, 1978, may be repaid.

Sec. 9. Minnesota Statutes 1988, section 352.93, subdivision 3, is amended to read:

Subd. 3. [PAYMENTS; DURATION AND AMOUNT.] The annuity under this section shall begin to accrue as provided in section 352.115, subdivision 8, and must be paid for an additional 84 full calendar months or to the first of the month following the month in which the employee becomes age 65, whichever occurs first, except that payment must not cease before the first of the month following the month in which the employee becomes 62. It must then be reduced to the amount as calculated under section 352.115, except that if this amount, when added to the social security benefit based on state service the employee is eligible to receive at the

time, is less than the benefit payable under subdivision 2, the retired employee shall receive an amount that when added to the social security benefit will equal the amount payable under subdivision 2.

When an annuity is reduced under this subdivision, the percentage adjustments, if any, that have been applied to the original annuity under section 11A.18, before the reduction, must be compounded and applied to the reduced annuity. A former correctional employee employed by the state in a position covered by the regular plan or the unclassified employees retirement program between the ages of 58 and 65 shall receive a partial return of correctional contributions at retirement with five percent interest based on the following formula:

Employee contributions		Years and complete
contributed as a		months of regular
correctional employee		service between
in excess of the		ages 58 and 65
contributions the	X
employee would have		7
contributed as a		
regular employee		

Sec. 10. Minnesota Statutes 1988, section 352B.08, subdivision 3, is amended to read:

Subd. 3. [OPTIONAL ANNUITY FORMS.] In lieu of the single life annuity provided in subdivision 2, the member or former member with ~~ten~~ five years or more of service may elect an optional annuity form. The board of the Minnesota state retirement system shall establish a joint and survivor annuity, payable to a designated beneficiary for life, adjusted to the actuarial equivalent value of the single life annuity. The board shall also establish an additional optional annuity with an actuarial equivalent value of the single life annuity in the form of a joint and survivor annuity which provides that the elected annuity be reinstated to the single life annuity provided in subdivision 2, if after commencing the elected joint and survivor annuity, the designated beneficiary dies before the member, which reinstatement is not retroactive but takes effect for the first full month occurring after the death of the designated beneficiary. The board may also establish other actuarial equivalent value optional annuity forms. In establishing actuarial equivalent value optional annuity forms, each optional annuity form shall have the same present value as a regular single life annuity using the mortality table adopted by the board and the interest assumption specified in section 356.215, subdivision 4d, and the board shall obtain the written recommendation of the commission-retained actuary. These recommendations shall be a part of the permanent records of the board.

Sec. 11. Minnesota Statutes 1988, section 352B.10, subdivision 5, is amended to read:

Subd. 5. [OPTIONAL ANNUITY.] A disabled member ~~not eligible for~~ may, instead of survivorship coverage under section 352B.11, subdivision 2, ~~may~~ choose the normal disability benefit or an optional annuity as provided in section 352B.08, subdivision 2. The choice of an optional annuity must be made before commencement of payment of the disability benefit. It is effective ~~30 days after receipt of this choice or~~ on the date on which the disability benefit begins to accrue, ~~whichever is later. Upon becoming effective, the optional annuity begins to accrue on the date~~

provided for the disability benefit.

Sec. 12. Minnesota Statutes 1988, section 352B.11, subdivision 2, is amended to read:

Subd. 2. [DEATH; PAYMENT TO SPOUSE AND CHILDREN.] If a member serving actively as a member, a member receiving the disability benefit provided by section 352B.10, subdivision 1, or a former member receiving a disability benefit as provided by section 352B.10, subdivision 3 2, dies from any cause, the surviving spouse and dependent children are entitled to benefit payments as follows:

(a) A member with at least five years of allowable service ~~or a former member with at least 20 years of allowable service~~ is deemed to have elected a 100 percent joint and survivor annuity payable to a surviving spouse only on or after the date the member or former member became or would have become 55.

(b) The surviving spouse of a member who had credit for less than five years of service shall receive, for life, a monthly annuity equal to 20 percent of that part of the average monthly salary of the member from which deductions were made for retirement. If the surviving spouse remarries, the annuity shall cease as of the date of the remarriage.

(c) The surviving spouse of a member who had credit for at least five years service and who died after attaining 55 years of age, may elect to receive a 100 percent joint and survivor annuity, for life, notwithstanding a subsequent remarriage, in lieu of the annuity prescribed in paragraph (b).

(d) The surviving spouse of any member who had credit for five years or more and who was not 55 years of age at death, shall receive the benefit equal to 20 percent of the average monthly salary as described in clause (b) until the deceased member would have reached the age of 55 years, and beginning the first of the month following that date, may elect to receive the 100 percent joint and survivor annuity. If the surviving spouse remarries before the deceased member's 55th birthdate, benefits or annuities shall cease as of the date of remarriage. Remarriage after the deceased member's 55th birthday shall not affect the payment of the benefit.

(e) Each dependent child shall receive a monthly annuity equal to ten percent of that part of the average monthly salary of the former member from which deductions were made for retirement. A dependent child over 18 and under 22 years of age also may receive the monthly benefit provided in this section, if the child is continuously attending an accredited school as a full-time student during the normal school year as determined by the director. If the child does not continuously attend school but separates from full-time attendance during any part of a school year, the annuity shall cease at the end of the month of separation. In addition, a payment of \$20 per month shall be prorated equally to surviving dependent children when the former member is survived by one or more dependent children. Payments for the benefit of any qualified dependent child must be made to the surviving spouse, or if there is none, to the legal guardian of the child. The maximum monthly benefit must not exceed 40 percent of the average monthly salary for any number of children.

(f) If the member dies under circumstances that entitle the surviving spouse and dependent children to receive benefits under the workers' compensation law, the workers' compensation benefits received by them must

not be deducted from the benefits payable under this section.

(g) The surviving spouse of a deceased former member who had credit for five or more years of allowable service, but not the spouse of a former member receiving a disability benefit under section 352B.10, subdivision 3 2, is entitled to receive the 100 percent joint and survivor annuity at the time the deceased member would have reached the age of 55 years, if the surviving spouse has not remarried before that date. If a former member dies who does not qualify for other benefits under this chapter, the surviving spouse or, if none, the children or heirs are entitled to a refund of the accumulated deductions left in the fund plus interest at the rate of five percent per year compounded annually.

Sec. 13. Minnesota Statutes 1988, section 352D.04, subdivision 1, is amended to read:

Subdivision 1. (a) An employee exercising an option to participate in the retirement program provided by this chapter may elect to purchase shares in one or a combination of the income share account, the growth share account, the money market account, the bond market account, the guaranteed return account, or the common stock index account established in section 11A.17. The employee may elect to participate in one or more of the investment accounts in the fund by specifying, on a form provided by the executive director, the percentage of the employee's contributions provided in subdivision 2 to be used to purchase shares in each of the accounts.

(b) Twice in any calendar year, a participant may indicate in writing on forms provided by the Minnesota state retirement system a choice of options for subsequent purchases of shares. Until a different written indication is made by the participant, the executive director shall purchase shares in the supplemental fund as selected by the participant. If no initial option is chosen, 100 percent income shares must be purchased for a participant. A change in choice of investment option is effective no later than the first pay date first occurring after 30 days following the receipt of the request for a change.

(c) One month before the start of a new guaranteed investment contract, a participant or former participant may elect to transfer all or a portion of the participant's shares previously purchased in the income share, growth share, common stock index, bond market, or money market accounts to the new guaranteed investment contract in the guaranteed return account. ~~If a partial transfer is made, a minimum of \$1,000 must be transferred and a minimum balance of \$1,000 must remain in the previously selected investment options.~~ Upon expiration of a guaranteed investment contract, the participant's shares attributable to that contract must be transferred to a new guaranteed investment contract unless the executive director is otherwise directed by the participant. Shares in the guaranteed return account may not be withdrawn from the fund or transferred to another account until the guaranteed investment contract has expired, unless the participant qualifies for withdrawal under section 352D.05 or for benefit payments under sections 352D.06 to 352D.075.

(d) Twice in any calendar year a participant or former participant may also change the investment options selected for all or a portion of the participant's shares previously purchased in accounts other than the guaranteed return account. ~~However, if a partial transfer is made a minimum of \$1,000 must be transferred and a minimum balance of \$1,000 must remain in the previously selected investment option.~~ Changes in investment

options for the participant's shares must be effected as soon as cash flow to an account practically permits, but not later than six months after the requested change.

Sec. 14. Minnesota Statutes 1988, section 352D.06, subdivision 1, is amended to read:

Subdivision 1. When a participant attains at least age 58 55, is retired from covered service, and applies for a retirement annuity, the cash value of the participant's shares shall be transferred to the Minnesota postretirement investment fund and used to provide an annuity for the retired employee based upon the participant's age when the benefit begins to accrue according to the reserve basis used by the state employees retirement fund in determining pensions and reserves.

Sec. 15. Minnesota Statutes 1988, section 352D.075, subdivision 2, is amended to read:

Subd. 2. If a participant dies leaving a spouse and there is no named beneficiary who survives to receive payment or the spouse is named beneficiary, the spouse may receive:

(1) The value of the participant's total shares;

(2) The value of one-half of the total shares and beginning at age 58 55 or thereafter receive an annuity based on the value of one-half of the total shares, provided that if the spouse dies before receiving any annuity payments the value of said shares shall be paid to the spouse's children in equal shares, but if no such children survive then to the parents of the spouse in equal shares, but if no such children or parents survive, then to the estate of the spouse; or

(3) Beginning at age 58 55 or thereafter receive an annuity based on the value of the total shares, provided that if the spouse dies before receiving any annuity payments the value of said shares shall be paid to the spouse's children in equal shares, but if no such children survive then to the parents of the spouse in equal shares, but if no such children or parents survive, then to the estate of the spouse; and further provided, if said spouse dies after receiving annuity payments but before receiving payments equal to the value of the employee shares, the value of the employee shares remaining shall be paid to the spouse's children in equal shares, but if no such children survive then to the parents of the spouse in equal shares, but if no such children or parents survive, then to the estate of the spouse.

Sec. 16. [DEADLINE EXTENSION IN CERTAIN INSTANCES.]

Notwithstanding any provision of Minnesota Statutes, section 352D.12, a participant on the effective date of this section may transfer prior service contributions or repay any refund under that section by September 30, 1989, or within one year of the person's participation, whichever is later.

Sec. 17. [REPEALER.]

The notice must contain:

(3) a statement that failure to petition the board within 60 days will preclude the person from contesting, in any other court procedure or administrative hearing, the issues determined by the executive director; and

(4) a copy of this section.

Subd. 3. [PETITION FOR REVIEW.] A person who claims a right under the statutory provisions listed in subdivision 2 and whose benefit has been terminated or whose application or written request has been denied may petition for a review of that decision by the board. A petition under this section must be served upon the executive director personally, or by mail postmarked no later than 60 days after the petitioner received the notice required by subdivision 2. The petition must include the sworn, notarized statement of the reasons the petitioner believes the decision of the executive

director should be reversed or modified and may include relevant documentation.

Subd. 4. [ANSWER; RECORD FOR HEARING.] Within a reasonable time after receiving a petition, the executive director shall serve the petitioner with an answer to the petition with all relevant documentation and with notice of the time and place of the regular or special board meeting at which the board will consider the petition. The documentation need not duplicate the documentation submitted by the petitioner. The board may allow further documentation to be placed in the record at or subsequent to the board meeting at which the petition is considered. Subd. 9. [APPEALS.] Within 30 days of receipt of the findings, conclusions, and final order, the petitioner may appeal the board's decision by writ of certiorari to the court of appeals. (11) police matrons employed in a police department of a city who are transferred to the jurisdiction of a joint city and county detention and corrections authority;

(12) persons who are excluded from coverage under the federal old age, survivors, disability, and health insurance program for the performance of service as specified in United States Code, title 42, section 410(a) (8) (A), as amended through January 1, 1987;

(13) full-time students who are enrolled and are regularly attending classes at an accredited school, college, or university and who are not employed full time by a governmental subdivision;

(14) resident physicians, medical interns, and pharmacist interns who are serving in public hospitals;

(15) appointed or elected officers, paid entirely on a fee basis, who were not members on June 30, 1971;

(16) persons holding a part-time adult supplementary technical institute license who render part-time teaching service in a technical institute if the service is incidental to the person's regular nonteaching occupation, the applicable technical institute stipulates annually in advance that the part-time teaching service will not exceed 300 hours in a fiscal year, and the part-time teaching service actually does not exceed 300 hours in a fiscal year; ~~and~~

(17) persons exempt from licensure under section 125.031; *and*

(18) *except as provided in section 353.86, volunteer firefighters, as defined in subdivision 35, engaging in activities undertaken as part of volunteer firefighter duties, but a person who is a volunteer firefighter may still qualify as a public employee under subdivision 2 and may be a member of the public employees retirement association and a participant in the public employees retirement fund or the public employees police and fire fund on the basis of compensation received from public employment activities other than those as a volunteer firefighter.*

(b) Immediately following the expiration of a six-month period of employment by an employee covered by paragraph (a), clause (6), if the employee continues in public service and earns more than \$425 from a governmental subdivision in any one calendar month, the department head shall report the employee for membership and cause employee contributions to be made on behalf of the employee in accordance with section 353.27, subdivision 4, and the employee remains a member until termination of public service. This paragraph may not be construed to exclude an employee from membership whose employment is expected to continue for more than six months but who is serving a probationary period.

(c) If compensation from a governmental subdivision to an employee covered by paragraph (a), clause (7), exceeds \$5,100 per calendar year or school year after being stipulated in advance, the stipulation is no longer valid and contributions must be made on behalf of the employee in accordance with section 353.27, subdivision 12, from the month in which the employee first exceeded \$425.

(d) Paragraph (a), clause (10), does not prevent a person from being a member of and contributing to the public employees retirement association and also belonging to or contributing to another public pension fund for other service occurring during the same period of time. A person who meets the definition of "public employee" in subdivision 2, by virtue of other service occurring during the same period of time shall become a member of the association unless contributions are made to another public retirement fund on the salary based on the other service or to the teachers retirement association in accordance with section 354.05, subdivision 2.

Subd. 10. [SALARY.] "Salary" means the periodical compensation of a public employee, before deductions for deferred compensation, supplemental retirement plans, or other voluntary salary reduction programs, and also means "wages" and includes net income from fees. Fees paid to district court reporters are not considered a salary. Lump sum annual or lump sum sick leave payments, severance payments, and all payments in lieu of any employer-paid group insurance coverage, including the difference between single and family rates that may be paid to a member with single coverage, are not deemed to be salary. Before the time that all sick leave has been used, amounts paid to an employee under a disability insurance policy or program where the employer paid the premiums are considered salary, and, after all sick leave has been used, the payment is not considered salary. Workers' compensation payments are not considered salary. *Except as provided in section 353.86, compensation of any kind paid to a volunteer firefighter, as defined in subdivision 35, is not considered salary.* For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the public employees

police and fire fund and who has elected coverage by the public employees police and fire fund benefit plan as provided in section 353A.08 following the consolidation, "salary" means the rate of salary upon which member contributions to the special fund of the relief association were made prior to the effective date of the consolidation as specified by law and by bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure and the actual periodical compensation of the public employee after the effective date of the consolidation.

Sec. 3. Minnesota Statutes 1988, section 353.01, is amended by adding a subdivision to read:

Subd. 36. [VOLUNTEER FIREFIGHTER.] For purposes of this chapter, a person is considered a volunteer firefighter if the person's hours of service as a volunteer firefighter for a governmental unit are provided with no promise, expectation, or receipt of compensation for the service rendered, except for reimbursement of expenses, reasonable benefits, normal fees, or a combination thereof.

Sec. 4. [353.86] [VOLUNTEER FIREFIGHTERS; PARTICIPATION; LIMITATION; AND REFUND.]

Notice must be given on a form prescribed by the executive director of the association and must be filed in the offices of the association not later than June 30, 1990.

Subd. 3. [LIMITATION.] No volunteer firefighter to whom subdivision 1 applies or the governmental employer of the volunteer firefighter may be required to make back contributions to the public employees retirement association for past volunteer firefighter services rendered before July 1, 1989, notwithstanding section 353.27, subdivision 12.

Subd. 4. [REFUND.] Upon timely filing of a valid notice of termination of participation in accordance with subdivision 2, a volunteer firefighter to whom subdivision 1 applies must be given a refund of all past employee contributions made on account of volunteer firefighter service with five percent interest compounded annually.

[FURTHER OPTION.] A volunteer firefighter, as defined in section 353.01, subdivision 35, who is or becomes a member of, and a participant in, the public employees retirement fund or the public employees police and fire fund and makes contributions to either of those funds based on compensation for services other than services as a volunteer firefighter, has the option of making contributions to the same fund for

service performed as a volunteer firefighter with compensation received for those volunteer firefighter services considered salary, provided that the volunteer firefighter is not a participant in, or covered under, a local volunteer firefighter plan and notwithstanding the fact that the volunteer firefighter service is performed for one governmental unit and the non-volunteer firefighter service is performed for another governmental unit.

Sec. 5. Minnesota Statutes 1988, section 353.64, subdivision 1, is amended to read:

Subdivision 1. Subd. 2. The commissioners shall on or before October 10th of each calendar year, certify to the county auditor of each county in the ~~metropolitan area~~ *state* the total amount to be raised by the commissioners during the next calendar year through taxation, and each county auditor shall extend and assess against all property in the auditor's county which is then taxable by the corporation for the purpose for which the levy is made under the provisions of section 473.621, subdivision 5, that sum which bears the same proportion to the total amount as the gross tax capacity of such taxable property bears to the gross tax capacity of all property in the ~~metropolitan area~~ *state* which is then taxable by the corporation for the purpose for which the levy is made. The county auditor shall extend, spread, and include the same with and as a part of the general taxes for state, county, and municipal purposes, to be collected and enforced therewith, together with penalties and interest and costs, and the county treasurer, upon collection of the same, shall transfer the same to the treasurer of the corporation.

Sec. 9. Minnesota Statutes 1988, section 473.661, subdivision 3, is amended to read:

Subd. 3. In any budget certified by the commissioners, pursuant to any of the provisions of this section, the amount included for operation and maintenance shall not exceed an amount which, when extended against the gross tax capacity of property then taxable therefor under the provisions of section 473.621, subdivision 5, will require a levy at the rate of one-third of one mill upon such gross tax capacity. Taxes levied by the corporation shall not affect the amount or rate of taxes which may be levied by any other local government unit within the ~~metropolitan area~~ *state* under the provisions of any law or charter.

Sec. 10. Minnesota Statutes 1988, section 473.667, subdivision 3, is amended to read:

Subd. 3. The bonds shall be designated as general obligation revenue bonds, and shall be payable primarily from and secured under resolutions of the commission by an irrevocable pledge and appropriation of the revenues to be derived from rates, fees, charges, and rentals to be imposed, maintained, and collected for all use, service, and availability of airport and air navigation facilities owned and to be owned or operated by the commission. They shall be further secured by the pledge of the full faith and credit of the commission, which shall be obligated to levy upon all taxable property within the ~~metropolitan area~~ *state* a tax at such times and in such amounts, if any, as may be required to provide funds sufficient to pay all of the bonds and interest thereon when due and to maintain a reserve securing such payments in the manner and to the extent provided in this section. This tax, if ever required to be levied, shall not be subject to any limitation of rate or amount. The security afforded by this section extends equally and ratably to all general obligation revenue bonds of the commission, except that nothing herein shall prevent the commission from pledging current revenues from a particular facility or group of facilities first to the payment and security of bonds issued to finance such facilities.

Subd. 4. At or before the due date of each principal and interest payment on said bonds and certificates the treasurer shall remit from the debt service fund to the payment agent for the issue an amount sufficient for such payment, without further order from the commission. At or before the time of delivery of any series of bonds the commission shall withdraw from the proceeds thereof, or from revenues then on hand and available for the purpose, and shall deposit in the debt service fund such amount, if any, as may be required to establish in the fund a balance of cash and investments at least equal to the total amount of principal and interest then due and to become due on bonds of the commission to the end of the following year, but not exceeding the total amount of principal

and interest then due and to become due on bonds of the commission to the end of the second following year. The commission shall also deposit in the fund on or before October 10 in each year, from revenues received in excess of budgeted current expenses of operation and maintenance of its property and of carrying on its business and activities, or from other available moneys, amounts at least sufficient to permit cancellation of the taxes referred to in subdivision 2 and to pay principal and interest due on the following year on general obligation revenue bonds of the commission; and, to the extent determined by the commission, sufficient to produce a balance of cash and investments therein not exceeding the total amount of principal and interest due and to become due on all bonds of the commission to the end of the second following year. If such revenues or other available moneys are insufficient in any year to produce the required minimum balance or any larger balance established by the commission, then unless provision is made for restoring the deficiency in accordance with the provisions of subdivision 8, the commission shall levy and appropriate to the debt service fund, and certify to the county auditors of all counties in the ~~metropolitan area~~ *state*, a tax in accordance with subdivision 3 in an amount at least five percent in excess of the deficiency. For the purpose of determining the balance in the debt service fund at any time, investments held therein shall be valued at the principal amount payable at maturity if they mature in the following year, or otherwise at market value, plus the amount of interest receivable thereon to the end of the following year.

Sec. 12. Minnesota Statutes 1988, section 473.667, subdivision 6, is amended to read:

Subd. 6. [REIMBURSEMENT OF DEBT SERVICE FUND DEFICIENCIES.] If a debt service fund deficiency tax is ever certified in accordance with subdivision 4, each county auditor shall extend it on the tax roll of the auditor's county in that proportion which the gross tax capacity of taxable property within the county then bears to the gross tax capacity of all taxable property within the ~~metropolitan area~~ *state*, and shall certify to the commission the amount so extended. Thereafter the commission shall be obligated to repay to the treasurer of each county the amount extended upon its tax roll with interest at six percent per annum from the dates of payment of the deficiency tax to the commission to the date or dates of repayment. The commission shall certify to each county auditor the principal amount to be so paid to the county before October 10 in each subsequent year, and the county auditor shall reduce by this amount the taxes levied by the county which are to be extended upon its tax rolls then in preparation.

Sec. 13. Minnesota Statutes 1988, section 473.671, is amended to read:

473.671 [LIMIT OF TAX LEVY.]

The taxes levied against the property of the ~~metropolitan area~~ *state* in any one year shall not exceed one-third of one mill upon the gross tax capacity thereof, exclusive of the taxes it may be necessary to levy to pay the principal or interest on any bonds or indebtedness of said city issued by it under the provisions of Laws 1943, chapter 500, and exclusive of any amounts required to pay the share of such city for payments on bonded indebtedness of the corporation provided for in Laws 1943, chapter 500. “Sec. 36. Minnesota Statutes 1988, section 256D.05, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] (a) *Except as provided in section 256D.06, subdivision 1d*, each person or family whose income and resources are less than the standard of assistance established by the commissioner shall be eligible for and entitled to general assistance if the person or family is:

(1) a person who is suffering from a permanent or temporary illness, injury, or incapacity which is medically certified and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the local agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person who is or may be eligible for displaced homemaker services, programs, or assistance under section 268.96, but only if that person is enrolled as a full-time student;

(6) a person who is unable to secure suitable employment due to inability to communicate in the English language, provided that the person is not an illegal alien, and who, if assigned to a language skills program by the local agency, is participating in that program;

(7) a person not described in clause (1) or (3) who is diagnosed by a licensed physician or licensed consulting psychologist as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(8) a person who has an application pending for the social security disability program or the program of supplemental security income for the aged, blind, and disabled, or who has been terminated from either program and has an appeal from that termination pending;

(9) a person who is unable to obtain or retain employment because advanced age significantly affects the person's ability to seek or engage in substantial work;

(10) a person completing a secondary education program;

(11) a family with one or more minor children; provided that, if all the children are six years of age or older, all the adult members of the family register for and cooperate in the work readiness program under section 256D.051; and provided further that, if one or more of the children are under the age of six and if the family contains more than one adult member, all the adult members except one adult member register for and cooperate in the work readiness program under section 256D.051. The adult members required to register for and cooperate with the work readiness program are not eligible for financial assistance under section 256D.051, except as provided in section 256D.051, subdivision 6, and shall be included in the general assistance grant. If an adult member fails to cooperate with requirements of section 256D.051, the local agency shall not take that member's

needs into account in making the grant determination. The time limits of section 256D.051, subdivisions 4 and 5, do not apply to people eligible under this clause;

(12) a person who has substantial barriers to employment, including but not limited to factors relating to work or training history, as determined by the local agency in accordance with permanent or emergency rules adopted by the commissioner after consultation with the commissioner of jobs and training;

(13) a person who is certified by the commissioner of jobs and training before August 1, 1985, as lacking work skills or training or as being unable to obtain work skills or training necessary to secure employment, as defined in a permanent or emergency rule adopted by the commissioner of jobs and training in consultation with the commissioner;

A person who is terminated for failure to comply with literacy training requirements may not reapply for assistance under this clause for 60 days. The local agency must provide an oral explanation to the person of the person's responsibilities under this clause, the penalties for failure to comply, the agency's duties under section 256D.0505, subdivision 2, and the person's right to appeal (1) at the time an application is approved based on this clause, and (2) at the time the person is referred to literacy training; or

(16) a child under the age of 18 who is not living with a parent, stepparent, or legal custodian, but only if: the child is legally emancipated or living with an adult with the consent of an agency acting as a legal custodian; the child is at least 16 years of age and the general assistance grant is approved by the director of the local agency or a designated representative as a component of a social services case plan for the child; or the child is living with an adult with the consent of the child's legal custodian and the local agency.

In order to retain eligibility under this paragraph, a recipient must continue to cooperate with work and training requirements as determined by the local agency.

Section 1. Minnesota Statutes 1988, section 176.155, subdivision 1, is amended to read:

Subdivision 1. [EMPLOYER'S PHYSICIAN.] The injured employee must submit to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. *The examination must be scheduled at a location within 150 miles of the employee's residence unless the employer can show cause to the department or a compensation judge to order an examination at a location further from the petitioner's residence.* The employee is entitled upon request to have a personal physician present at any such examination. Each party shall defray the cost of that party's physician. Any report or written statement made by the employer's physician as a result of an examination of the employee, regardless of whether the examination preceded the injury or was made subsequent to the injury, shall be made available, upon request and without charge, to the injured employee or representative of the employee. The employer shall pay reasonable travel expenses, *in advance if requested*, incurred by the employee in attending the examination including mileage, parking, and, if necessary, lodging and meals. The employer shall also pay the employee for any lost wages resulting from attendance at the examination. A self-insured employer or insurer who is served with a claim petition pursuant to section 176.271, subdivision 1, or 176.291, shall schedule any necessary examinations of the employee, if an examination by the employer's physician or health care provider is necessary to evaluate benefits claimed. No evidence relating to the examination or report shall be received or considered by the commissioner, a compensation judge, or the court of appeals in determining any issues unless the report has been served and filed as required by this section, unless a written extension has been granted by the commissioner or compensation judge. The commissioner or a compensation judge shall extend the time for completing the adverse examination and filing the report upon good cause shown. The extension must not be for the purpose of delay and the insurer must make a good faith effort to comply with this subdivision. Good cause shall include but is not limited to:

(1) that the extension is necessary because of the limited number of physicians or health care providers available with expertise in the particular injury or disease, or that the extension is necessary due to the complexity of the medical issues, or

(2) that the extension is necessary to gather addition information which was not included on the petition as required by section 176.291.

ARTICLE 3

WORKERS' COMPENSATION SYSTEM CHANGES

Section 1. Minnesota Statutes 1988, section 176.011, subdivision 11a, is amended to read:

Subd. 11a. [FAMILY FARM.] "Family farm" means any farm operation which (1) pays or is obligated to pay less than ~~\$8,000~~ \$20,000 in cash wages, exclusive of machine hire, to farm laborers for services rendered

during the preceding calendar year, and (2) has total liability and medical payment coverage equal to \$250,000 and \$5,000, respectively, under a farm liability insurance policy. For purposes of this subdivision, farm laborer does not include any spouse, parent or child, regardless of age, of a farmer employed by the farmer, or any executive officer of a family farm corporation as defined in section 500.24, subdivision 2, or any spouse, parent or child, regardless of age, of such an officer employed by that family farm corporation, or other farmers in the same community or members of their families exchanging work with the employer. Notwithstanding any law to the contrary, a farm laborer shall not be considered as an independent contractor for the purposes of this chapter; provided that a commercial baler or commercial thresher shall be considered an independent contractor.

Sec. 2. Minnesota Statutes 1988, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed ~~66~~ ^{2/3} 80 percent of the ~~product of the daily wage times the number of days normally worked~~ employee's after-tax weekly wage, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 3. Minnesota Statutes 1988, section 176.011, is amended by adding a subdivision to read:

Subd. 18a. [AFTER-TAX WEEKLY WAGE.] "After-tax weekly wage" means the weekly wage reduced by the amounts required to be withheld by the Federal Insurance Contributions Act, United States Code, title 16, sections 3101 to 3126, but without regard to the yearly maximum, and by state and federal income tax laws using as the number of allowances the number of exemptions that the employee is entitled to under federal law for the employee and the employee's dependents.

Sec. 4. Minnesota Statutes 1988, section 176.021, subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section ~~176.101~~ 13. If doubt exists as to the eventual permanent partial disability, payment for ~~the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101,~~ shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of ~~economic recovery compensation or lump sum or periodic payment of impairment compensation~~ *permanent partial disability compensation*, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. ~~Economic recovery compensation or impairment compensation pursuant to section 176.101 is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability; and no credit shall be taken for payment of economic recovery compensation or impairment compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. Economic recovery compensation or impairment compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101.~~ The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.

The right to receive ~~economic recovery compensation or impairment~~ *permanent partial* compensation vests in an injured employee or in the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained, provided that the employee lives for at least 30 days beyond the date of the injury. ~~Upon the death of an employee who is receiving economic recovery compensation~~

~~or impairment compensation; further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met. The right is not abrogated by the employee's death prior to the making of the payment.~~

~~Disability ratings for permanent partial disability shall be based on objective medical evidence.~~

Sec. 5. Minnesota Statutes 1988, section 176.041, subdivision 4, is amended to read:

Subd. 4. [OUT-OF-STATE EMPLOYMENTS.] *(a) Except as provided in paragraph (b), if an employee who regularly performs the primary duties of employment outside of this state or is hired to perform the primary duties of employment outside of this state, receives an injury within this state in the employ of the same employer, such injury shall be covered within the provisions of this chapter if the employee chooses to forego any workers' compensation claim resulting from the injury that the employee may have a right to pursue in some other state, provided that the special compensation fund is not liable for payment of benefits pursuant to section 176.183 if the employer is not insured against workers' compensation liability pursuant to this chapter and the employee is a nonresident of Minnesota on the date of the personal injury.*

(b) An employee who has been hired outside of this state, or regularly performs the primary duties of employment outside of this state, and the employee's employer, are exempt from the provisions of this chapter while the employee is temporarily within this state performing work for the employer provided the employer has furnished workers' compensation insurance coverage under the workers' compensation law or other similar law of another state which covers the employee's employment while in this state. The benefits under the workers' compensation law or similar law of the other state, or other remedies under that state's law, are the exclusive remedy against the employer for any injury, whether resulting in death or not, received by the employee while working for that employer within this state. A certificate from the commissioner of labor and industry or other similar official of another state certifying that the employer is insured in that state and has provided extraterritorial coverage insuring its employees while working within this state is prima facie evidence that the employer carries workers' compensation insurance on those employees.

Sec. 6. Minnesota Statutes 1988, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, ~~economic recovery compensation; impairment compensation;~~ medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 7. Minnesota Statutes 1988, section 176.081, subdivision 1, is amended to read:

Subdivision 1. (a) A fee for legal services of 25 percent of the first \$4,000 of compensation awarded to the employee and 20 percent of the

next \$27,500 of compensation awarded to the employee is permissible and does not require approval by the commissioner, compensation judge, or any other party except as provided in ~~clause~~ *paragraph* (b). If the employer or the insurer or the defendant is given written notice of claims for legal services or disbursements, the claim shall be a lien against the amount paid or payable as compensation. In no case shall fees be calculated on the basis of any undisputed portion of compensation awards. Allowable fees under this chapter shall be based solely upon genuinely disputed portions of claims, including disputes related to the payment of rehabilitation benefits or to other aspects of a rehabilitation plan. Fees for administrative conferences under ~~section 176.242, 176.2421, 176.243, or 176.244~~ *sections 176.106 and 176.239* shall be determined on an hourly basis, according to the criteria in subdivision 5.

(b) An attorney who is claiming legal fees ~~under this section~~ *for representing an employee in a workers' compensation matter* shall file a statement of ~~attorney's~~ *attorney* fees with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. A copy of the signed retainer agreement shall also be filed. The employee and insurer shall receive a copy of the statement. The statement shall be on a form prescribed by the commissioner and shall clearly and conspicuously state that the employee or insurer has ten calendar days to object to the attorney fees requested. If no objection is timely made by the employee or insurer, the amount requested shall be conclusively presumed reasonable providing the amount does not exceed the limitation in subdivision 1. The commissioner, compensation judge, or court of appeals shall issue an order granting the fees and the amount requested shall be awarded to the party requesting the fee.

If a timely objection is filed, or the fee is determined on an hourly basis, the commissioner, compensation judge, or court of appeals shall review the matter and make a determination based on the criteria in subdivision 5.

If no timely objection is made by an employer or insurer, reimbursement under subdivision 7 shall be made if the statement of fees requested this reimbursement.

(c) *An attorney representing employers or insurers shall file a statement of attorney fees or wages with the commissioner, compensation judge before whom the matter was heard, or workers' compensation court of appeals on cases before the court. The statement of attorney fees or wages must contain the following information: the average hourly wage or the value of hours worked on that case if the attorney is an employee of the employer or insurer, the number of hours worked on that case, and the average hourly rate or amount charged an employer or insurer for that case if the attorney is not an employee of the employer or insurer.*

(d) *Employers and insurers may not pay attorney fees or wages for legal services of more than \$6,500 per case unless the additional fees or wages are approved under subdivision 2.*

Sec. 8. Minnesota Statutes 1988, section 176.081, subdivision 2, is amended to read:

Subd. 2. An application for attorney fees in excess of the amount authorized in subdivision 1 shall be made to the commissioner, compensation judge, or district judge, before whom the matter was heard. An appeal of

a decision by the commissioner, a compensation judge, or district court judge on additional fees may be made to the workers' compensation court of appeals. The application shall set forth the fee requested ~~and, the number of hours spent on the case,~~ the basis for the request, and whether or not a hearing is requested. The application, with affidavit of service upon the ~~employee attorney's client,~~ shall be filed by the attorney requesting the fee. If a hearing is requested by an interested party, a hearing shall be set with notice of the hearing served upon known interested parties. In all cases the employee shall be served with notice of hearing.

Sec. 9. Minnesota Statutes 1988, section 176.081, subdivision 3, is amended to read:

Subd. 3. ~~An employee who~~ *A party that* is dissatisfied with *its* attorney fees, may file an application for review by the workers' compensation court of appeals. Such application shall state the basis for the need of review and whether or not a hearing is requested. A copy of such application shall be served upon the *party's* attorney ~~for the employee~~ by the court administrator and if a hearing is requested by either party, the matter shall be set for hearing. The notice of hearing shall be served upon known interested parties. ~~The attorney for the employee shall be served with a notice of the hearing.~~ The workers' compensation court of appeals shall have the authority to raise the ~~question~~ of the issue of the attorney fees at any time upon its own motion and shall have continuing jurisdiction over attorney fees.

Sec. 10. Minnesota Statutes 1988, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For an injury producing temporary total disability, the compensation is ~~66-2/3~~ 80 percent of the *after-tax* weekly wage at the time of injury.

(1) ~~provided that during the year commencing on October 1, 1979, and each year thereafter, commencing on October 1,~~ (b) The maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31, of the preceding year.

(3) *the employee retires by withdrawing from the labor market;*

(4) *the employee refuses an offer of work that is consistent with a plan of rehabilitation filed with the commissioner, which meets the requirements of section 176.102, subdivision 1, or, if no plan has been filed, that the employee can do in the employee's physical condition; or*

(5) *90 days have passed after the employee has reached maximum medical improvement, except as provided in section 176.102, subdivision 11,*

paragraph (b).

(e) For purposes of paragraph (d), clause (5), the 90-day period after maximum medical improvement commences on the earlier of:

(f) Once compensation has ceased under paragraph (d), clauses (1), (2), and (3), it may be recommenced at a later date if: the employee returns to work, the employee is laid off due to economic conditions or is medically unable to continue at the job, and the layoff or inability to continue occurs prior to 90 days after the employee reaches maximum medical improvement. Compensation recommenced under this paragraph is subject to cessation under paragraph (d). Recommenced compensation may not be paid beyond 90 days after the employee reaches maximum medical improvement, except as provided under section 176.102, subdivision 11, paragraph (b).

Sec. 11. Minnesota Statutes 1988, section 176.101, is amended by adding a subdivision to read:

Subd. 1a. [EXTENDED DISABILITY COMPENSATION.] (a) If an employee, who has a permanent partial disability, is not working because of the personal injury after payment of permanent partial disability benefits is complete, the employee shall be eligible for extended disability compensation. (b) Extended disability compensation is paid at the rate for temporary total compensation, escalated under section 176.645, for the number of weeks equal to 246 multiplied by the employee's percentage rating of permanent partial disability, determined according to the rules adopted by the commissioner pursuant to section 176.105, subdivision 4. number of weeks under paragraph (b) for that injury; provided that, extended compensation may not be paid beyond 350 weeks after the date of injury.

Sec. 12. Minnesota Statutes 1988, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] *(a) In all cases of temporary partial disability the compensation shall be ~~66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition~~ paid as follows:*

Economic status is to be measured not only by opportunity for immediate income but also by opportunity for future income.

Sec. 40. Minnesota Statutes 1988, section 176.132, subdivision 3, is amended to read:

Subd. 3. [PAYMENT.] The payment of supplementary benefits shall be the responsibility of the employer or insurer currently paying total disability benefits, or any other payer of such benefits. When the eligible individual is not currently receiving benefits because the total paid has reached the maximum prescribed by law the employer and insurer shall, nevertheless, pay the supplementary benefits that are prescribed by law. The employer or insurer paying the supplementary benefit shall have the right of full reimbursement from the special compensation fund for the amount of such benefits paid.

Sec. 41. Minnesota Statutes 1988, section 176.136, subdivision 1, is amended to read:

Subdivision 1. [SCHEDULE.] (a) The commissioner shall by rule establish procedures for determining whether or not the charge for a health service is excessive. In order to accomplish this purpose, the commissioner shall consult with insurers, associations and organizations representing the medical and other providers of treatment services and other appropriate groups. The procedures established by the commissioner shall *must* limit the charges allowable for medical, chiropractic, podiatric, surgical, hospital and other health care provider treatment or services, as defined and compensable under section 176.135, to the 75th percentile of usual and customary fees or charges based upon billings for each class of health care provider during all of the calendar year preceding the year in which the determination is made of the amount to be paid the health care provider for the billing.

(b) *The medical fee rules for providers other than hospitals, which are promulgated on October 1, 1988, and based upon 1987 medical cost data, must remain in effect until September 30, 1990; and the medical fee rules for providers other than hospitals, which are promulgated on October 1, 1990, must be based on the 1988 medical cost data and must remain in effect until September 30, 1991.*

(c) The procedures established by the commissioner for determining whether or not the charge for a health service is excessive shall *must* be structured to encourage providers to develop and deliver services for rehabilitation of injured workers. The procedures shall *must* incorporate the provisions of sections 144.701, 144.702, and 144.703 to the extent that the commissioner finds that these provisions effectively accomplish the intent of this section or are otherwise necessary to insure that quality hospital care is available to injured employees.

Sec. 42. Minnesota Statutes 1988, section 176.136, is amended by adding a subdivision to read:

Subd. 1a. [CHARGES FOR INDEPENDENT MEDICAL EXAMINATIONS.] The commissioner shall adopt rules that reasonably limit amounts which may be charged for, or in connection with, independent or adverse medical examinations requested by any party, including the amount that may be charged for depositions, witness fees, or other expenses. The scheduled amount for the examination itself may not exceed the scheduled amount for complex consultations by treating physicians, although additional reasonable charges may be permitted to reflect additional duties or activities. An insurer or employer may not pay fees above the amount in the schedule.

Sec. 43. Minnesota Statutes 1988, section 176.221, subdivision 1, is amended to read:

Subdivision 1. [COMMENCEMENT OF PAYMENT.] Within 14 days of notice to or knowledge by the employer of an injury compensable under this chapter the payment of temporary total compensation shall commence. Within 14 days of notice to or knowledge by an employer of a new period of temporary total disability which is caused by an old injury compensable under this chapter, the payment of temporary total compensation shall commence; provided that the employer or insurer may file for an extension with the commissioner within this 14-day period, in which case the compensation need not commence within the 14-day period but shall commence

no later than 30 days from the date of the notice to or knowledge by the employer of the new period of disability. Commencement of payment by an employer or insurer does not waive any rights to any defense the employer has on any claim or incident either with respect to the compensability of the claim under this chapter or the amount of the compensation due. Where there are multiple employers, the first employer shall pay, unless it is shown that the injury has arisen out of employment with the second or subsequent employer. Liability for compensation under this chapter may be denied by the employer or insurer by giving the employee written notice of the denial of liability. If liability is denied for an injury which is required to be reported to the commissioner under section 176.231, subdivision 1, the denial of liability must be filed with the commissioner within 14 days after notice to or knowledge by the employer of an injury which is alleged to be compensable under this chapter. If the employer or insurer has commenced payment of compensation under this subdivision but determines within ~~30~~ 60 days of notice to or knowledge by the employer of the injury that the disability is not a result of a personal injury, payment of compensation may be terminated upon the filing of a notice of denial of liability within ~~30~~ 60 days of notice or knowledge. After the ~~30-day~~ 60-day period, payment may be terminated only by the filing of a notice as provided under section 176.239. Upon the termination, payments made may be recovered by the employer if the commissioner or compensation judge finds that the employee's claim of work related disability was not made in good faith. A notice of denial of liability must state in detail specific reasons explaining why the claimed injury or occupational disease was determined not to be within the scope and course of employment and shall include the name and telephone number of the person making this determination.

Sec. 44. Minnesota Statutes 1988, section 176.645, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] For injuries occurring after October 1, 1975 for which benefits are payable under section 176.101, subdivisions 1, 2 and 4, and section 176.111, subdivision 5, the total benefits due the employee or any dependents shall be adjusted in accordance with this section. On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on October 1, 1977 or thereafter under this section shall exceed ~~six~~ four percent a year. In those instances where the adjustment under the formula of this section would exceed this maximum the increase shall be deemed to be ~~six~~ four percent.

Sec. 45. Minnesota Statutes 1988, section 176.645, subdivision 2, is amended to read:

Subd. 2. [TIME OF FIRST ADJUSTMENT.] For injuries occurring on or after October 1, 1981, the initial adjustment made pursuant to subdivision 1 ~~shall be~~ is deferred until the first anniversary of the date of the

injury. *For injuries occurring on or after August 1, 1989, the initial adjustment under subdivision 1 is deferred until the third anniversary of the date of injury.*

Sec. 46. Minnesota Statutes 1988, section 176.66, subdivision 11, is amended to read:

Subd. 11. [AMOUNT OF COMPENSATION.] The compensation for an occupational disease is ~~66-2/3~~ 80 percent of the employee's *after-tax* weekly wage on the date of injury subject to a maximum compensation equal to the maximum compensation in effect on the date of last exposure. The employee shall be eligible for supplementary benefits notwithstanding the provisions of section 176.132, after four years have elapsed since the date of last significant exposure to the hazard of the occupational disease if that employee's weekly compensation rate is less than the current supplementary benefit rate.

Sec. 47. [176.90] [AFTER-TAX CALCULATION.]

For purposes of sections 176.011, subdivision 18; 176.101, subdivisions 1, 2, 3, and 4; 176.111, subdivisions 6, 7, 8, 12, 14, 15, 20, and 21; and 176.66, the commissioner shall publish by September 1 of each year tables or formulas for determining the after-tax weekly wage to take effect the following October 1. The tables or formulas must be based on the applicable federal income tax and social security laws and state income tax laws in effect on the preceding April 1. These tables or formulas are conclusive for the purposes of converting weekly wage into after-tax weekly wage. The commissioner may contract with the department of revenue or any other person or organization in order to adopt the tables or formulas. The adoption of the tables or formulas is exempt from the administrative rulemaking provisions of chapter 14.

Sec. 48. [176.95] [ADMINISTRATIVE COSTS.]

The annual cost to the commissioner of labor and industry of administering the workers' compensation system under this chapter must be charged to the state general fund. Administrative costs include the cost of administering the workers' compensation division of the department of labor and industry and the workers' compensation division of the office of administrative hearings.

Sec. 49. [ADMINISTRATIVE COSTS CHANGE-OVER.]

For the biennium beginning July 1, 1991, 50 percent of the costs of administering the workers' compensation system must be charged to the state general fund and 50 percent to the special compensation fund.

Sec. 50. [EXISTING DISABILITY RATINGS.]

Existing disability ratings adopted under Minnesota Statutes, section 176.105, subdivision 1, may not be changed before June 30, 1992.

Sec. 51. [AFTER-TAX CALCULATION.]

Notwithstanding section 47, the commissioner of labor and industry shall publish by July 15, 1989, a table or formula for determining the after-tax weekly wage effective August 1, 1989, until October 1, 1989, as otherwise required under that section.

Sec. 52. [APPROPRIATION.]

\$124,800 is appropriated from the workers' compensation special compensation fund to the commissioner of labor and industry to administer the workers' compensation system in accordance with this article and is available until June 30, 1989. The approved complement of the department of labor and industry is increased by ten positions.

Section 1. Minnesota Statutes 1988, section 79.095, is amended to read:
79.095 [APPOINTMENT OF ACTUARY.]

The commissioner ~~shall~~ *may* employ the services of a casualty ~~actuary~~ *actuaries* experienced in ~~worker's~~ *workers'* compensation whose duties shall include but not be limited to investigation of complaints by insured parties relative to rates, rate classifications, or discriminatory practices of an insurer. The salary of ~~the~~ *an* actuary employed pursuant to this section is not subject to the provisions of section 43A.17, subdivision 1.

Sec. 2. Minnesota Statutes 1988, section 79.55, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVENESS.] ~~No premium is excessive in a competitive market. In the absence of a competitive market,~~ Premiums are excessive if the expected underwriting profit, together with expected income from invested reserves for the market in question, that would accrue to an insurer would be unreasonably high in relation to the risk undertaken by the insurer in transacting the business.

Sec. 3. Minnesota Statutes 1988, section 79.56, is amended by adding a subdivision to read:

Subd. 5. [RATE REGULATION.] *(a) Whenever an insurer files a change in its existing rate level or rating plan, the commissioner may hold a hearing to determine if the rate level or rating plan is excessive, inadequate, or unfairly discriminatory. The hearing must be conducted pursuant to chapter 14. The commissioner shall give notice of intent to hold a hearing within 90 days of the filing of the change. It is the responsibility of the insurer to show that the rate level or rating plan is not excessive, inadequate, or unfairly discriminatory. The rate level or rating plan is effective unless it is determined as a result of the hearing that the rate level or rating plan is excessive, inadequate, or unfairly discriminatory. Upon such a finding, the rate level or rating plan is retroactively rescinded and any premiums collected thereunder must be refunded. This subdivision does not apply to any changes resulting from assessments for the assigned risk*

plan, reinsurance association, guarantee fund, special compensation fund, or statutory benefit level changes to sections 176.101, subdivisions 1, 2, and 4; 176.111; 176.132; and 176.645 as a result of annual adjustments in the statewide average weekly wage. The disapproval of a rate level or rating plan under this subdivision must be done in the same manner as under section 70A.11, except that the standards of section 79.55 apply.

(b) Notwithstanding paragraph (a), if the commissioner of labor and industry petitions the commissioner for a hearing pursuant to this subdivision, the commissioner must hold a hearing if the commissioner of labor and industry certifies that the hearing is necessary because a decision of the supreme court or enactment of a statute has effected a substantial change in the basis upon which the existing rate levels or rating plan was filed. The commissioner of labor and industry must make a prima facie showing that law change has effected a substantial change in the basis upon which the existing rate levels or rating plan was filed.

(c) Notwithstanding paragraph (a), the commissioner may hold a hearing if the commissioner determines that the hearing is necessary because of circumstances which result in a substantial change in the basis upon which the existing rate levels or rating plan was filed. The commissioner must make a prima facie showing that the circumstances resulted in a substantial change in the basis upon which the existing rate levels or rating plan was filed.

Sec. 4. [79.561] [PARTICIPATION.]

An employer, or person representing a group of employers, which will be directly affected by a change in an insurer's existing rate level or rating plan filed under section 3, and the commissioner of labor and industry, must be allowed to participate in any hearing under that subdivision challenging the change in rate level or rating plan as being excessive, inadequate, or unfairly discriminatory.

Sec. 5. Minnesota Statutes 1988, section 79.58, subdivision 2, is amended to read:

Subd. 2. [RATING PLANS.] The commissioner may disapprove a rating plan of a data service organization if, after a hearing *conducted pursuant to chapter 14*, the commissioner finds that it is *excessive, inadequate, or unfairly discriminatory. The rating plan is effective until disapproved. It is the responsibility of the data service organization to show that the rating plan is not excessive, inadequate, or unfairly discriminatory.* Any order of disapproval shall require the data service organization to use an alternative rating plan until approval of a rating plan by the commissioner. The commissioner shall not approve any rating plan based upon any data other than Minnesota data, except that other data may be utilized as a supplement to Minnesota data when the commissioner determines that an exceptional case requires such data to establish the statistical credibility of an occupational classification.

Sec. 6. Minnesota Statutes 1988, section 79.61, subdivision 1, is amended to read:

Subdivision 1. [REQUIRED ACTIVITY.] Any data service organization shall perform the following activities:

(a) File statistical plans, including classification definitions, amendments to the plans, and definitions, with the commissioner for approval, and assign

each compensation risk written by its members to its approved classification for reporting purposes;

(b) Establish requirements for data reporting and monitoring methods to maintain a high quality data base;

(c) Prepare and distribute a periodic report, in a form prescribed by the commissioner, on ratemaking including, but not limited to the following elements:

(iv) an evaluation of the effects of changes in law on loss data.

The report shall also include explicit discussion and explanation of methodology, alternatives examined, assumptions adopted, and areas of judgment and reasoning supporting judgments entered into, and the effect of various combinations of these elements on indications for modification of an overall pure premium rate level change. The pure premium relativities and rate level indications shall not include a loading for expenses or profit and no expense or profit data or recommendations relating to expense or profit shall be included in the report or collected by a data service organization;

(d) Collect, compile, summarize, and distribute data from members or other sources pursuant to a statistical plan approved by the commissioner;

(e) Prepare merit rating plan and calculate any variable factors necessary for utilization of the plan. Such a plan may be used by any of its members, at the option of the member provided that the application of a plan shall not result in rates that are unfairly discriminatory;

(g) Distribute information to an insured or interested party that is filed with the commissioner and is open to public inspection; ~~and~~

(h) Assess its members for operating expenses on a fair and equitable basis-;

(i) Separate the incurred but not reported losses of its members;

(k) Provide information indicating cases in which its members have established a reserve in excess of \$50,000;

(l) Provide information on the income on invested reserves of its members;

(m) Provide information as to policies written at other than the filed rates;

(n) File information based solely on Minnesota premium income of its members concerning investment income, legal expenses, subrogation recoveries, administrative expenses, and commission expenses;

Sec. 7. [79.65] [CHAPTER APPLICABILITY TO DATA SERVICE ORGANIZATIONS.]

Subdivision 1. [EXAMINATION BY COMMISSIONER.] Data service organizations are subject to all the provisions of this chapter. The commissioner or an authorized representative of the commissioner may visit the rating association at any reasonable time and examine, audit, or evaluate the rating association's operations, records, and practices. For purposes of this section, "authorized representative of the commissioner" includes employees of the department of commerce or labor and industry or other parties retained by the commissioner. Examination under this section may be done of any member of data service organizations for purposes of workers' compensation insurance regulation.

Subd. 2. [COSTS AND EXPENSES.] The commissioner may order and the data service organization shall pay the costs and expenses of any examination, audit, or evaluation conducted pursuant to subdivision 1. A sum sufficient to pay these costs and expenses is appropriated from the special compensation fund to the commissioner of commerce.

Sec. 8. [79.651] [INVESTIGATIONS AND SUBPOENAS.]

Subdivision 1. [GENERAL POWERS.] In connection with the administration of chapter 79, the commissioner of commerce may:

(1) make public or private investigations within or without this state as the commissioner considers necessary to determine whether any person has violated or is about to violate chapter 79 or any rule or order under chapter 79, or to aid in the enforcement of chapter 79, or in the prescribing of rules or forms under chapter 79;

(2) require or permit any person to file a statement in writing, under oath or otherwise as the commissioner determines, as to all the facts and circumstances concerning the matter being investigated;

(3) hold hearings, upon reasonable notice, in respect to any matter arising out of the administration of chapter 79;

(4) conduct investigations and hold hearings for the purpose of compiling information with a view to recommending changes in chapter 79 to the legislature;

(5) examine the books, accounts, records, and files of every licensee under chapter 79 and of every person who is engaged in any activity regulated under chapter 79; the commissioner or a designated representative shall have free access during normal business hours to the offices and places of business of the person, and to all books, accounts, papers, records, files, safes, and vaults maintained in the place of business;

(6) publish information which is contained in any order issued by the commissioner; and

(7) require any person subject to chapter 79 to report all sales or transactions that are regulated under chapter 79. The reports must be made within ten days after the commissioner has ordered the report. The report

is accessible only to the respondent and other governmental agencies unless otherwise ordered by a court of competent jurisdiction.

Subd. 2. [POWER TO COMPEL PRODUCTION OF EVIDENCE.] For the purpose of any investigation, hearing, or proceeding under chapter 79, the commissioner or a designated representative may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of books, papers, correspondence, memoranda, agreements, or other documents or records that the commissioner considers relevant or material to the inquiry.

Subd. 3. [COURT ORDERS.] In case of a refusal to appear or a refusal to obey a subpoena issued to any person, the district court, upon application by the commissioner, may issue to any person an order directing that person to appear before the commissioner, or the officer designated by the commissioner, there to produce documentary evidence if so ordered or to give evidence relating to the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

Subd. 4. [SCOPE OF PRIVILEGE.] No person is excused from attending and testifying or from producing any document or record before the commissioner, or from obedience to the subpoena of the commissioner or any officer designated by the commissioner or in a proceeding instituted by the commissioner, on the ground that the testimony or evidence required may tend to incriminate that person or subject that person to a penalty of forfeiture. No person may be prosecuted or subjected to a penalty or forfeiture for or on account of a transaction, matter, or thing concerning which the person is compelled, after claiming the privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that the individual is not exempt from prosecution and punishment for perjury or contempt committed in testifying.

Subd. 5. [LEGAL ACTIONS; INJUNCTIONS; CEASE AND DESIST ORDERS.] Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of chapter 79, or any rule or order adopted under chapter 79, the commissioner has the following powers: (1) the commissioner may bring an action in the name of the state in the district court of the appropriate county to enjoin the acts or practices and to enforce compliance with chapter 79, or any rule or order adopted or issued under chapter 79, or the commissioner may refer the matter to the attorney general or the county attorney of the appropriate county. Upon a proper showing, a permanent or temporary injunction, restraining order, or other appropriate relief must be granted; (2) the commissioner may issue and cause to be served upon the person an order requiring the person to cease and desist from violations of chapter 79, or any rule or order adopted or issued under chapter 79. The order must be calculated to give reasonable notice of the rights of the person to request a hearing and must state the reasons for the entry of the order. A hearing must be held not later than seven days after the request for the hearing is received by the commissioner, after which and within 20 days after receiving the administrative law judge's report, the commissioner shall issue a further order vacating the cease and desist order or making it permanent as the facts require. If no hearing is requested within 30 days of service of the order, the order will become final and will remain in effect until it is modified or vacated by the commissioner. Unless otherwise provided, all hearings must be conducted in accordance with chapter 14.

If the person to whom a cease and desist order is issued fails to appear at the hearing after being duly notified, the person is in default, and the proceeding may be determined against that person upon consideration of the cease and desist order, the allegations of which may be considered to be true. The commissioner may adopt rules of procedure concerning all proceedings conducted under this subdivision.

Subd. 6. [VIOLATIONS AND PENALTIES.] The commissioner may impose a civil penalty not to exceed \$2,000 per violation upon a person who violates chapter 79, unless a different penalty is specified.

Subd. 7. [ACTIONS AGAINST LICENSEES.] In addition to any other actions authorized by this section, the commissioner may, by order, deny, suspend, or revoke the authority or license of a person subject to chapter 79, or censure that person if the commissioner finds that:

- (1) the order is in the public interest; or*
- (2) the person has violated chapter 79.*

Subd. 8. [STOP ORDER.] In addition to any other actions authorized by this section, the commissioner may issue a stop order denying effectiveness to or suspending or revoking any registration subject to chapter 79.

Subd. 9. [POWERS ADDITIONAL.] The powers contained in subdivisions 1 to 8 are in addition to all other powers of the commissioner.

Sec. 9. [79.652] [ACCESS TO INSURER.]

The commissioner, or the designated person, shall have free access during normal business hours to all books, records, securities, documents, and any or all papers relating to the property, assets, business, and affairs of any company, applicant, association, or person which may be examined pursuant to this act for the purpose of ascertaining, appraising, and evaluating the assets, conditions, affairs, operations, ability to fulfill obligations, and compliance with all the provisions of law of the company or person insofar as any of the above pertain to the business of insurance of a person, organization, or corporation transacting, having transacted, or being organized to transact business in this state. Every company or person being examined, its officers, directors, and agents, shall provide to the commissioner or the designated person convenient and free access at all reasonable hours at its office to all its books, records, securities, documents, any or all papers relating to the property, assets, business, and affairs of the company or person. The officers, directors, and agents of the company or person shall facilitate the examination and aid in the examination so far as it is in their power to do so.

Sec. 10. Minnesota Statutes 1988, section 176A.03, is amended by adding a subdivision to read:

Subd. 3. [COVERAGE OUTSIDE STATE.] Policies issued by the fund pursuant to this chapter may also provide workers' compensation coverage required under the laws of states other than Minnesota, including coverages commonly known as "all states coverage." The fund may apply for and obtain any licensure required in any other state in order to issue such coverage.

Sec. 11. [MANDATED REDUCTIONS.]

- (a) As a result of the workers' compensation law changes in article 3*

and the resulting savings to the costs of Minnesota's workers' compensation system, an insurer's approved schedule of rates in effect on August 1, 1989, must be reduced by 16 percent and applied by the insurer to all policies issued, renewed, or outstanding on or after that date. An insurer may not adjust its filed rating plan to recoup the 16 percent mandated rate reduction under this section. The reduction must be computed on the basis of a 16 percent premium reduction prorated to the expiration of that policy. An insurer shall provide written notice by September 1, 1989, to all employers having an outstanding policy with the insurer as of August 1, 1989, to read as follows: "As a result of the changes in the workers' compensation insurance system enacted by the 1989 legislature, you are entitled to a credit or refund to your current premium in an amount of \$ which reflects a 16 percent mandated premium reduction prorated to the expiration of your policy."

(b) No rate increases may be filed between April 10, 1989, and January 1, 1990.

Sec. 12. [NOTICE OF INTENT TO CHALLENGE RATE LEVEL CHANGE.]

Notwithstanding section 3, the commissioner shall have an additional 90 days to give notice of intent to hold a hearing pursuant to that section. This section applies only to challenges to an insurer's change in existing rate levels or rating plan filed between the date the 1990 rate-making report is approved by the commissioner of commerce and six months thereafter.

Sec. 13. [RECORDS DEPOSITED WITH THE COMMISSIONER.]

All records of data services organizations authorized by Minnesota Statutes, section 79.61, or its predecessors, pertaining to proceedings before the department of commerce or its predecessors regarding rates or classifications must be deposited with the commissioner no later than August 1, 1989.

Sec. 14. [CONTINGENT APPROPRIATION.]

(a) \$250,000 is appropriated from the special compensation fund to a workers' compensation contingent account for the purposes of this article. The appropriation in this section may only be spent with the approval of the governor after consultation with the legislative advisory commission under Minnesota Statutes, section 3.30.

(b) \$100,000 from the general contingent account for workers' compensation appropriated under Laws 1987, chapter 404, section 44, is available for the purposes of article 3.

Sec. 15. [REPEALER.]

Minnesota Statutes 1988, sections 79.54, 79.57, and 79.58, subdivision 1, are repealed.

Sec. 16. [EFFECTIVE DATE.]

Section 11, paragraph (b), is effective the day following final enactment.

AFFORDABLE HOUSING PROGRAMS

Section 1. Minnesota Statutes 1988, section 4.071, is amended to read:

4.071 [OIL OVERCHARGE MONEY.]

Except for money appropriated under section 22, money received by the state as a result of litigation or settlements of alleged violations of federal petroleum pricing regulations may not be spent until the legislative commission on Minnesota resources has reviewed the proposed projects and the money is specifically appropriated by law. A work plan must be prepared for each proposed project for review by the commission. The commission must recommend specific projects to the legislature.

Sec. 2. [129A.11] [ACCESSIBLE HOUSING INFORMATION.]

The commissioner of jobs and training may make accessible housing information grants to eligible organizations to develop, maintain, and publicize a list of accessible housing units within their area of operation, based on recommendations of the disability council. In making grant recommendations to the commissioner, the disability council must consider the area of operation of the recommended grant recipients to ensure that every county in the state is within the area of operation of one of the organizations. For purposes of this section, accessible housing unit means an accessible housing unit that meets the handicapped facility requirements of the state building code, Minnesota Rules, chapter 1340. The list may also include housing units that do not meet handicapped facility code requirements, but that are accessible to disabled persons. The list must be made available at no cost to persons seeking accessible housing and must be updated at least every two months. An eligible organization must have the capability to develop, maintain, and publicize a list of accessible housing units within the organization's area of operation.

Sec. 3. [268.44] [EMERGENCY MORTGAGE AND RENTAL ASSISTANCE PILOT PROJECT.]

Subdivision 1. [ADMINISTRATION.] The commissioner of jobs and training shall administer an emergency mortgage and rental assistance pilot project for individuals who are in imminent danger of losing their housing as a result of having insufficient income to allow payment of their rental or mortgage costs. Eligible project participants are individuals ineligible for emergency assistance or general assistance for housing and whose income does not exceed 80 percent of the area median income during the previous two years. No individual or family may receive more than six months of rental or mortgage assistance. The commissioner of jobs and training may establish eligibility priorities for emergency rental or mortgage assistance among the categories of persons needing assistance, including persons subject to immediate eviction for nonpayment of rent or foreclosure for nonpayment of mortgage installments or property taxes, when nonpayment is attributable to illness, unemployment, underemployment, or any other failure of resources beyond the person's control.

Subd. 2. [LOCAL RESPONSIBILITIES.] The commissioner of jobs and training must disburse funds to local agencies responsible for the distribution of emergency assistance. The local agencies may distribute funds to eligible project participants and may determine the amount of assistance on a case-by-case basis. Local agencies must provide program participants

with referral services relating to housing and other resources and programs that may be available to them.

Subd. 3. [MORTGAGE ASSISTANCE.] Eligible homeowners at risk of losing their housing as a result of a short-term disruption or decrease in income may receive monthly mortgage or mortgage arrears assistance interest-free loans. The local distributing agency must determine repayment schedules on a case-by-case basis. The commissioner of jobs and training must inform mortgagees of the mortgage assistance project.

Subd. 4. [RENTAL ASSISTANCE.] Eligible applicants who are in imminent danger of losing their housing may receive monthly rental or rental arrears assistance payments. Monthly rental assistance payments may not exceed the fair market rent of the rental housing unit. Persons may be required to repay the rental assistance based on their financial ability to pay, as determined by the local distributing agency.

Sec. 4. Minnesota Statutes 1988, section 462A.03, is amended by adding a subdivision to read:

Subd. 21. [CITY.] "City" has the meaning given in section 462C.02, subdivision 6.

Subd. 14c. [NEIGHBORHOOD PRESERVATION.] It may agree or enter commitments to purchase, make, or participate in making loans described in subdivision 14 for programs approved by the agency for the preservation of designated neighborhoods. A designated neighborhood must meet the following requirements:

(1) at least 70 percent of the residential buildings are at least 35 years old;

(2) at least 60 percent of the residential buildings are owner-occupied;

(3) the average market value of the neighborhood's owner-occupied housing is not more than 100 percent of the purchase price limit for existing homes eligible for purchase in the neighborhood under the agency's home mortgage loan program; and

(4) the geographic area of the neighborhood consists of contiguous parcels of land.

To achieve the policy of economic integration stated in section 462A.02, subdivision 6, the programs may authorize loans to borrowers having ownership interests in properties in the neighborhood who are not eligible mortgagors as defined in section 462A.03, subdivision 13. The aggregate original principal balances of noneligible mortgagor loans in a neighborhood benefiting from financing under this subdivision must not exceed 25 percent of the total amount of neighborhood preservation loan funds allocated to the neighborhood under the program.

Sec. 6. Minnesota Statutes 1988, section 462A.05, subdivision 27, is amended to read:

Subd. 27. The agency, or the corporations referred to in subdivision 26, may acquire property or property interests under subdivisions 25 and 26 and section 462A.06, subdivision 7, for the following purposes: (1) to protect a loan or grant in which the agency or corporation has an interest;

Property or property interests acquired for the purpose specified in clause (1) may be acquired by foreclosure, deed in lieu of foreclosure, or otherwise.

Multifamily property acquired as provided in clause (2) must be managed on a fee basis by an entity other than the agency or corporation. The agency or corporation may manage the property on a temporary basis until an agreement is entered into with another entity to manage the property. ARTICLE 2

LANDLORD-TENANT PROVISIONS

Section 1. [504.181] [ESCROW OF RENT TO REMEDY VIOLATIONS.]

Subdivision 1. [DEFINITIONS.] The definitions in section 566.18 apply to this section.

Subd. 2. [ESCROW OF RENT.] If a violation exists in a building, a tenant may deposit the amount of rent due to the owner with the court administrator using the following procedure:

(a) For a violation of section 566.18, subdivision 6, clause (a), the

tenant may deposit with the court administrator the rent due the owner along with a copy of the written notice of the code violation as provided in section 566.19, subdivision 2. The tenant may not deposit the rent or file the written notice of the code violation until the time granted to make repairs has expired without satisfactory repairs being made, unless the tenant alleges that the time granted is excessive.

(b) For a violation of section 566.18, subdivision 6, clause (b) or (c), the tenant must give written notice to the owner specifying the violation. The notice must be delivered personally or sent to the person or place where rent is normally paid. If the violation is not corrected within 14 days, the tenant may deposit the amount of rent due to the owner with the court administrator along with an affidavit specifying the violation. The court must provide a simplified form affidavit for use under this clause.

As long as proceedings are pending under this section, the tenant must pay rent as directed by the court and may not withhold rent to remedy a violation.

Subd. 3. [COUNTERCLAIM FOR POSSESSION.] The owner may file a counterclaim for possession of the premises in cases where the owner alleges that the tenant did not deposit the full amount of rent with the court administrator. The court must set the date for a hearing on the counterclaim not less than seven nor more than 14 days from the day of filing the counterclaim. If the rent escrow hearing and the hearing on the counterclaim for possession cannot be heard on the same day, the matters must be consolidated and heard on the date scheduled for the hearing on the counterclaim. The contents of the counterclaim for possession must meet the requirements for a complaint in unlawful detainer under section 566.05. The owner must serve the counterclaim as provided in section 566.06, except that the affidavits of service or mailing may be brought to the hearing rather than filed with the court before the hearing. The court must provide a simplified form for use under this section.

Subd. 4. [DEFENSES.] The defenses provided in section 566.23 are defenses to an action brought under this section.

Subd. 5. [FILING FEE.] The court administrator may charge a filing fee in the amount set for complaints and counterclaims in conciliation court, subject to the filing of an inability to pay affidavit.

Subd. 6. [NOTICE OF HEARING.] A hearing must be held within ten to 14 days of the day a tenant deposits rent with the court administrator. If the cost of remedying the violation, as estimated by the tenant, is within the jurisdictional limit for conciliation court, the court administrator shall notify the owner and the tenant of the time and place of the hearing by first class mail. The notice of hearing must be mailed within one business day of the day the tenant deposits the rent with the court administrator. The tenant must provide the court administrator with the owner's name and address. If the owner has disclosed a post office box as the owner's address under section 504.22, notice of the hearing may be mailed to the post office box. If the cost of remedying the violation, as estimated by the tenant, is above the jurisdictional limit for conciliation court, the tenant must serve the notice of hearing according to the rules of civil procedure. The notice of hearing must specify the amount the tenant has deposited with the court administrator, and must inform the owner that possession of the premises will not be in issue at the hearing unless the owner files a counterclaim for possession or an action under sections 566.01 to 566.17.

Subd. 7. [HEARING.] The hearing shall be conducted by a court without a jury. A certified copy of an inspection report meets the requirements of rule 803(8) of the Rules of Evidence as an exception to the rule against hearsay, and meets the requirements of rules 901 and 902 of the Rules of Evidence as to authentication.

Subd. 8. [RELEASE OF RENT PRIOR TO HEARING.] If the tenant gives written notice to the court administrator that the violation has been remedied, the court administrator must release the rent to the owner and, unless the hearing has been consolidated with another action, must cancel the hearing. If the tenant and the owner enter into a written agreement signed by both parties apportioning the rent between them, the court administrator must release the rent in accordance with the written agreement and cancel the hearing.

Subd. 9. [CONSOLIDATION WITH UNLAWFUL DETAINER.] Actions under this section and actions in unlawful detainer brought under sections 566.01 to 566.17 which involve the same parties must be consolidated and heard on the date scheduled for the unlawful detainer.

Subd. 10. [JUDGMENT.] (a) Upon finding that a violation exists, the court may, in its discretion, do any or all of the following:

(1) order relief as provided in section 566.25, including retroactive rent abatement;

(2) order that all or a portion of the rent in escrow be released for the purpose of remedying the violation;

(3) order that rent be deposited with the court as it becomes due to the owner or abate future rent until the owner remedies the violation; or

(4) impose fines as required in section 9.

(b) When a proceeding under this section has been consolidated with a counterclaim for possession or an action in unlawful detainer under sections 566.01 to 566.17, and the owner prevails, the tenant may redeem the tenancy as provided in section 504.02.

(c) When a proceeding under this section has been consolidated with a counterclaim for possession or an action under an unlawful detainer under sections 566.01 to 566.17 on the grounds of nonpayment, the court may not require the tenant to pay the owner's filing fee as a condition of retaining possession of the premises when the tenant has deposited with the court the full amount of money found by the court to be owed to the owner.

Subd. 11. [RELEASE OF RENT AFTER HEARING.] Upon finding, after a hearing on the matter has been held, that no violation exists in the building or that the tenant did not deposit the full amount of rent due with the court administrator, the court shall order the immediate release of the rent to the owner. Upon finding that a violation existed, but was remedied between the commencement of the action and the hearing, the court may order rent abatement and must release the rent to the parties accordingly. Any rent found to be owed to the tenant must be released to the tenant.

Subd. 12. [RETALIATION; WAIVER; RIGHTS AS ADDITIONAL.] The provisions of section 566.28 apply to proceedings under this section. The tenant rights under this section may not be waived or modified and are in addition to and do not limit other rights or remedies which may be available to the tenant and owner, except as provided in subdivision 2.

Sec. 2. Minnesota Statutes 1988, section 504.255, is amended to read:

Except as otherwise provided in this subdivision section, if a landlord, an agent or other person acting under the landlord's direction or control, interrupts or causes the interruption of electricity, heat, gas, or water services to the tenant, the tenant may recover from the landlord treble damages or \$500, whichever is greater, and reasonable attorney's fees. It is a defense to any action brought under this subdivision section that the interruption was the result of the deliberate or negligent act or omission of a tenant or anyone acting under the direction or control of the tenant. The tenant may recover only actual damages under this subdivision section if:

(a) the tenant has not given the landlord, an agent or other person acting under the landlord's direction or control, notice of the interruption; or

(b) the landlord, an agent or other person acting under the landlord's direction or control, after receiving notice of the interruption from the tenant and within a reasonable period of time after the interruption, taking into account the nature of the service interrupted and the effect of the interrupted service on the health, welfare and safety of the tenants, has reinstated or made a good faith effort to reinstate the service or has taken other remedial action; or

(c) the interruption was for the purpose of repairing or correcting faulty or defective equipment or protecting the health and safety of the occupants of the premises involved and the service was reinstated or a good faith effort was made to reinstate the service or other remedial action was taken by the landlord, an agent, or other person acting under the landlord's direction or control within a reasonable period of time, taking into account the nature of the defect, the nature of the service interrupted and the effect of the interrupted service on the health, welfare and safety of the tenants.

ARTICLE 6

NEIGHBORHOOD REVITALIZATION PROGRAM

Section 1. Minnesota Statutes 1988, section 282.01, subdivision 1, is amended to read:

Subdivision 1. [CLASSIFICATION; USE; EXCHANGE.] It is the general policy of this state to encourage the best use of tax-forfeited lands, recognizing that some lands in public ownership should be retained and managed for public benefits while other lands should be returned to private ownership. All parcels of land becoming the property of the state in trust under the provisions of any law now existing or hereafter enacted declaring the forfeiture of lands to the state for taxes, shall be classified by the county board of the county wherein such parcels lie as conservation or nonconservation. Such classification shall be made with consideration, among other things, to the present use of adjacent lands, the productivity of the soil, the character of forest or other growth, accessibility of lands to established roads, schools, and other public services, their peculiar suitability or desirability for particular uses and the suitability of the forest resources on the land for multiple use, sustained yield management. Such classification, furthermore, shall aid: to encourage and foster a mode of land utilization that will facilitate the economical and adequate provision of transportation, roads, water supply, drainage, sanitation, education, and recreation; to facilitate reduction of governmental expenditures; to conserve and develop the natural resources; and to foster and develop agriculture and other industries in the districts and places best suited thereto.

In making such classification the county board may make use of such data and information as may be made available by any office or department of the federal, state, or local governments, or by any other person or agency possessing information pertinent thereto at the time such classification is

made. Such lands may be reclassified from time to time as the county board may deem necessary or desirable, except as to conservation lands held by the state free from any trust in favor of any taxing district.

If any such lands are located within the boundaries of any organized town, with taxable valuation in excess of \$20,000, or incorporated municipality, the classification or reclassification and sale shall first be approved by the town board of such town or the governing body of such municipality insofar as the lands located therein are concerned. The town board of the town or the governing body of the municipality will be deemed to have approved the classification or reclassification and sale if the county board is not notified of the disapproval of the classification or reclassification and sale within 90 days of the date the request for approval was transmitted to the town board of the town or governing body of the municipality. If the town board or governing body desires to acquire any parcel lying in the town or municipality by procedures authorized in this subdivision, it shall, within 90 days of the request for classification or reclassification and sale, file a written application with the county board to withhold the parcel from public sale. The county board shall then withhold the parcel from public sale for one year.

Any tax-forfeited lands may be sold by the county board to any organized or incorporated governmental subdivision of the state for any public purpose for which such subdivision is authorized to acquire property or may be released from the trust in favor of the taxing districts upon application of any state agency for any authorized use at not less than their value as determined by the county board. The commissioner of revenue ~~shall have power to~~ *may convey by deed in the name of the state any tract of tax-forfeited land held in trust in favor of the taxing districts, to any governmental subdivision for any authorized public use, provided that an application therefor shall be* *is* submitted to the commissioner with a statement of facts as to the use to be made of ~~such~~ *the* tract and the need therefor and the recommendation of the county board. *The commissioner of revenue shall convey by deed in the name of the state any tract of tax-forfeited land held in trust in favor of the taxing districts, to a political subdivision that submits an application to the commissioner of revenue and the county board. The application must include a resolution, adopted by the governing body of the political subdivision, finding that the conveyance of a tract of tax-forfeited land to the political subdivision is necessary to provide for the redevelopment of land as productive taxable property.* The deed of conveyance shall be upon a form approved by the attorney general and shall be conditioned upon continued use for the purpose stated in the application, provided, however, that if the governing body of such governmental subdivision by resolution determines that some other public use shall be made of such lands, and such change of use is approved by the county board and an application for such change of use is made to, and approved by, the commissioner, such changed use may be made of such lands without the necessity of the governing body conveying the lands back to the state and securing a new conveyance from the state to the governmental subdivision for such new public use.

Whenever any governmental subdivision to which any tax-forfeited land has been conveyed for a specified public use as provided in this section shall fail to put such land to such use, or to some other authorized public use as provided herein, or shall abandon such use, the governing body of the subdivision shall authorize the proper officers to convey the same, or

such portion thereof not required for an authorized public use, to the state of Minnesota, and such officers shall execute a deed of such conveyance forthwith, which conveyance shall be subject to the approval of the commissioner and in form approved by the attorney general, provided, however, that a sale, lease, transfer or other conveyance of such lands by a housing and redevelopment authority, a port authority, an economic development authority, or a city as authorized by ~~sections 469.001 to 469.047 chapter 469 or by sections 12 to 20~~ shall not be an abandonment of such use and such lands shall not be reconveyed to the state nor shall they revert to the state. A certificate made by a housing and redevelopment authority, a port authority, an economic development authority, or a city referring to a conveyance by it and stating that the conveyance has been made as authorized by ~~sections 469.001 to 469.047 chapter 469 or by sections 12 to 20~~ may be filed with the county recorder or registrar of titles, and the rights of reverter in favor of the state provided by this subdivision will then terminate. No vote of the people shall be required for such conveyance. In case any such land shall not be so conveyed to the state, the commissioner of revenue shall by written instrument, in form approved by the attorney general, declare the same to have reverted to the state, and shall serve a notice thereof, with a copy of the declaration, by certified mail upon the clerk or recorder of the governmental subdivision concerned, provided, that no declaration of reversion shall be made earlier than five years from the date of conveyance for failure to put such land to such use or from the date of abandonment of such use if such lands have been put to such use. The commissioner shall file the original declaration in the commissioner's office, with verified proof of service as herein required. The governmental subdivision may appeal to the district court of the county in which the land lies by filing with the court administrator a notice of appeal, specifying the grounds of appeal and the description of the land involved, mailing a copy thereof by certified mail to the commissioner of revenue, and filing a copy thereof for record with the county recorder or registrar of titles, all within 30 days after the mailing of the notice of reversion. The appeal shall be tried by the court in like manner as a civil action. If no appeal is taken as herein provided, the declaration of reversion shall be final. The commissioner of revenue shall file for record with the county recorder or registrar of titles, of the county within which the land lies, a certified copy of the declaration of reversion and proof of service.

Any city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, which has acquired tax-forfeited land for a specified public use pursuant to the terms of this section, may convey said land in exchange for other land of substantially equal worth located in said city of the first class, provided that the land conveyed to said city of the first class now or hereafter having a population of 450,000, or over, or its board of park commissioners, in exchange shall be subject to the public use and reversionary provisions of this section; the tax-forfeited land so conveyed shall thereafter be free and discharged from the public use and reversionary provisions of this section, provided that said exchange shall in no way affect the mineral or mineral rights of the state of Minnesota, if any, in the lands so exchanged.

prepare a comprehensive revitalization and financing program that includes the following:

(1) the revitalization objectives of the city for the targeted neighborhood;

(2) the specific activities or means by which the city intends to pursue and implement the revitalization objectives;

(3) the extent to which the activities identified in clause (2) will benefit low- and moderate-income families, will alleviate the blighted condition of the targeted neighborhood, or will otherwise assist in the revitalization of the targeted neighborhood;

(4) a statement of the intended outcomes to be achieved by implementation of the revitalization program, how the outcomes will be measured both qualitatively and quantitatively, and the estimated time over which they will occur; and

(5) a financing program and budget that identifies the financial resources necessary to implement the revitalization program, including:

(i) the estimated total cost to implement the revitalization program;

(ii) the estimated cost to implement each activity in the revitalization program identified in clause (2);

(iii) the estimated amount of financial resources that will be available from all sources other than from the appropriation available under section 15 to implement the revitalization program, including the amount of private investment expected to result from the use of public money in the targeted neighborhood;

(iv) the estimated amount of the appropriation available under section 15 that will be necessary to implement the revitalization program;

(v) a description of the activities identified in the revitalization program for which the state appropriation will be committed or spent; and

(vi) a statement of how the city intends to meet the requirement for a financial contribution from city matching money in accordance with section 15, subdivision 3.

Subd. 2. [TARGETED NEIGHBORHOOD PARTICIPATION IN REVITALIZATION PROGRAM DEVELOPMENT.] *A city requesting state financial assistance under section 15 shall develop a process to involve the residents of the targeted neighborhood in the development, drafting, and implementation of the revitalization program. The process shall include the establishment of an advisory board as defined in subdivision 3 or the use of a citizen participation process established by the city. The process to involve residents of the targeted neighborhood must include at least one public hearing. A description of the process must be included in the revitalization program.*

Subd. 3. [ADVISORY BOARD.] *The governing body of a city requesting state financial assistance under section 15 may establish a nine-member advisory board to assist the city in implementing the revitalization program. The advisory board shall consist of two city council members appointed by the city council, one county commissioner appointed by the county board of the county in which the city is located, two legislators appointed by the city legislative delegation, and four residents who reside in a targeted neighborhood appointed by the city council. The advisory board*

shall advise the city on the preparation of the revitalization program, including the conversion from absent-owner rental housing to home ownership, the promotion of commercial and industrial growth in targeted neighborhoods, the integration of human service programs, and the redevelopment in targeted neighborhoods.

Subd. 4. [PRELIMINARY CITY REVIEW; STATE AGENCY REVIEW.] Before adoption of a revitalization program under subdivision 5, a city must submit a draft program to the commissioner, the Minnesota housing finance agency, and the state planning agency for their comments. The city may not adopt the revitalization program until comments have been received from the state agencies or 30 days have elapsed without response after the program was sent to them. Comments received by the city from the state agencies within the 30-day period must be responded to in writing by the city before adoption of the program by the city.

Subd. 5. [CITY APPROVAL.] A city may adopt a revitalization program only after holding a public hearing after the program has been prepared. Notice of the hearing must be provided in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing.

Subd. 6. [PROGRAM CERTIFICATION.] A certification by a city that a revitalization program has been approved by the city council for the targeted neighborhood must be provided to the commissioner together with a copy of the program. A copy of the program must also be provided to the Minnesota housing finance agency and the state planning agency.

Subd. 7. [REVITALIZATION PROGRAM MODIFICATION.] A revitalization program may be modified at any time by the city council after a public hearing, notice of which is published in a newspaper of general circulation in the city and in the targeted neighborhood not less than ten days nor more than 30 days before the date of the hearing. If the city council determines that the proposed modification is a significant modification to the program originally certified under subdivision 6, it must implement the revitalization program approval and certification process of subdivisions 2 to 6 for the proposed modification.

Sec. 15. [469.204] [PAYMENT; CITY MATCHING MONEY; DRAW-DOWN; USES OF STATE MONEY.]

Subdivision 1. [PAYMENT OF STATE MONEY.] Upon receipt from a city of a certification that a revitalization program has been adopted or modified, the commissioner shall, within 30 days, pay to the city the amount of state money identified as necessary to implement the revitalization program or program modification. State money may be paid to the city only to the extent that the appropriation limit for the city specified in subdivision 2 is not exceeded. Once the state money has been paid to the city, it becomes targeted neighborhood money for use by the city in accordance with an adopted revitalization program and subject only to the restrictions on its use in sections 12 to 20.

Subd. 2. [ALLOCATION.] Each city of the first class, as defined in section 410.01, may receive a part of the appropriations made available that is the proportion that the population of such city bears to the combined population of such cities of the first class. One city may agree to reduce its entitlement amount and to make it available to another city. For the purposes of this subdivision the population of each city is determined

according to the most recent estimates available to the commissioner. Interest earned by a city from money paid to the city must be repaid to the commissioner annually unless the revitalization program identifies the interest as necessary to implement the revitalization program and the requirement for city matching money is satisfied with respect to the interest.

Subd. 3. [CITY MATCHING MONEY; DRAWDOWN AND RESTRICTION ON USE OF STATE MONEY.] A city may spend state money only if the revitalization program identifies city matching money to be used to implement the program in an amount equal to the state appropriation paid to the city. A city must keep the state money in a segregated fund for accounting purposes.

Sec. 16. [469.205] [CITY POWERS AND ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.]

Subdivision 1. [CONSOLIDATION OF EXISTING POWERS IN TARGETED NEIGHBORHOODS.] A city may exercise any of its corporate powers within a targeted neighborhood. Those powers shall include, but not be limited to, all of the powers enumerated and granted to any city by chapters 462C, 469, and 474A. For the purposes of sections 469.048 to 469.068, a targeted neighborhood is considered an industrial development district. A city may exercise the powers of chapters 469.048 to 469.068 in conjunction with, and in addition to, exercising the powers granted by sections 469.001 to 469.047 and chapter 462C, in order to promote and assist housing construction and rehabilitation within a targeted neighborhood. For the purposes of section 462C.02, subdivision 9, a targeted neighborhood is considered a "targeted area."

Subd. 2. [GRANTS AND LOANS.] In addition to the authority granted by other law, a city may make grants, loans, and other forms of public assistance to individuals, for-profit and nonprofit corporations, and other organizations to implement a revitalization program. The public assistance must contain the terms the city considers proper to implement a revitalization program.

Subd. 3. [ADDITIONAL AUTHORITY.] In addition to the authority granted in subdivisions 1, 2, and 3, a city may expend up to ten percent of its targeted neighborhood money to fund the cost of implementing the provisions of sections 463.15 to 463.26 in areas of the city located outside the targeted neighborhood. If the city uses funds for such purposes, it must describe the use of the funds in the revitalization program.

Subd. 4. [ELIGIBLE USES OF TARGETED NEIGHBORHOOD MONEY.] The city may spend targeted neighborhood money for any purpose authorized by subdivision 1, 2, or 3, except that an amount equal to at least 50 percent of the state payment under section 15 made to the city must be used for housing activities. Use of target neighborhood money must be authorized in a revitalization program.

Sec. 17. [469.206] [HAZARDOUS PROPERTY PENALTY.]

A city may assess a penalty up to one percent of the market value of real property, including any building located within the city that the city determines to be hazardous as defined in section 463.15, subdivision 3. The city shall send a written notice to the address to which the property tax statement is sent at least 90 days before it may assess the penalty. If the owner of the property has not paid the penalty and fixed the property

within 90 days after receiving notice of the penalty, the penalty is considered delinquent and is increased by 25 percent each 60 days the penalty is not paid and the property remains hazardous. For the purposes of this section, a penalty that is delinquent is considered a delinquent property tax and subject to Minnesota Statutes, chapters 279, 280, and 281, in the same manner as delinquent property taxes.

Sec. 18. [469.207] [ANNUAL AUDIT AND REPORT.]

Subdivision 1. [ANNUAL FINANCIAL AUDIT.] In 1989 and subsequent years, at the end of each calendar year, the legislative auditor shall conduct a financial audit to review the spending of state money under sections 12 to 20. Before spending state money to implement a revitalization program, the city must consult with the legislative auditor to determine appropriate accounting methods and principles that will assist the legislative auditor in conducting its financial audit. The results of the financial audit must be submitted to the legislative audit commission, the commissioner, the state planning agency, and the Minnesota housing finance agency.

Subd. 2. [ANNUAL REPORT.] A city that begins to implement a revitalization program in a calendar year must, by March 1 of the succeeding calendar year, provide a detailed report on the revitalization program or programs being implemented in the city. The report must describe the status of the program implementation and analyze whether the intended outcomes identified in section 14, subdivision 1, clause (4), are being achieved. The report must include at least the following:

(1) the number of housing units, including lost units, removed, created, lost, replaced, relocated, and assisted as a result of the program. The level of rent of the units and the income of the households affected must be included in the report;

(2) the number and type of commercial establishments removed, created, and assisted as a result of a revitalization program. The report must include information regarding the number of new jobs created by category, whether the jobs are full-time or part-time, and the salary or wage levels of both new and expanded jobs in the affected commercial establishments;

(3) a description of a statement of the cost of the public improvement projects that are part of the program and the number of jobs created for each \$20,000 of money spent on commercial projects and applicable public improvement projects;

(4) the increase in the tax capacity for the city as a result of the assistance to commercial and housing assistance; and

(5) the amount of private investment that is a result of the use of public money in a targeted neighborhood.

The report must be submitted to the commissioner, the Minnesota housing finance agency, the state planning agency, and the legislative audit commission, and must be available to the public.

Sec. 19. [APPROPRIATION; DISTRIBUTION.]

\$10,000,000 is appropriated from the general fund to the commissioner of trade and economic development for payment to the cities referred to in section 15, subdivision 2. \$5,000,000 is for fiscal year 1989 and \$5,000,000 is for fiscal year 1990.

Sec. 20. [REPEALER.]

Laws 1987, chapter 386, article 6, sections 4, 5, 6, 7, 8, 9, 10 and 11, and Laws 1987, chapter 384, article 3, section 22, are repealed, provided that actions taken under those provisions prior to the effective date of this chapter with respect to any program or to a targeted neighborhood are ratified and affirmed and must be treated as if validly taken under the provisions of sections 12 to 18.

Sec. 21. [EFFECTIVE DATE.]

Sections 12 to 18 and 20 are effective the day after final enactment, provided that the provisions of sections 12 to 15 and 16, subdivisions 2 and 4, shall not apply to any program funded by the state in fiscal year 1988."

MOTIONS AND RESOLUTIONS - CONTINUED

Mr. Moe, R.D. moved that the following Protest and Dissent be printed in the Journal. The motion prevailed.

PROTEST AND DISSENT

The undersigned members of the Senate dissent and protest the actions of the Chairman of the Committee of the Whole and the Senate majority caucus relative to the Gustafson amendment to Senate File 775 for the following reasons:

1. In clear violation of the accepted and stated practices of the Minnesota Senate and contrary to the spirit of the rules of the Minnesota Senate for the 76th Legislature regarding the question of germaneness, the Chairman ruled that an amendment, whose subject was workers' compensation, to Senate File 775, whose subject was workers' compensation, was not germane. The judgement of the chair was upheld by the majority caucus.

This judgement was in direct contradiction to the language of Rule 37, which defines a non-germane amendment as "one that relates to a substantially different subject." It is difficult to conceive a bill to which this amendment would be germane if it is not germane to Senate File 775.

2. This ruling also ignores several precedents where similar amendments have been held to be germane, even where the subject matter was less related than it was in this instance. When members of the Senate are unable to find consistency in the rulings of the chair, the legislative process is disrupted.

3. This ruling appears to be motivated less by concern for parliamentary procedure than a desire to avoid discussion of workers' compensation reform. It is an effort to silence members of the minority and prevent the Senate from even considering minority proposals.

4. The undersigned members dissent and protest this disregard for the democratic process, the violation of standards of free and open debate and the violation of the constitutional rights of the constituents of minority members to fair and equitable representation in the legislative process.

Legislative Bodies are governed by constitutional restraints, by law and by their own rules and precedents. We the undersigned believe the actions of the Chairman of the Committee of the Whole of the Minnesota Senate and the Senate majority caucus violate the spirit and the letter of the Permanent Rules of the Senate, as well as established precedents.

We wish to make these actions and our dissent to them a matter of public record to be called to the attention of the people of Minnesota. For these reasons, this protest and dissent is entered upon the pages of the Senate Journal.

[ORIGINAL GROSS TAX CAPACITY.] (a) Except as provided in paragraph (b), "original gross tax capacity" means the gross tax capacity of all taxable real property within a tax increment financing district as most recently certified by the commissioner of revenue as of the date of the request by an authority for certification by the county auditor, together with subsequent adjustments as set forth in section 469.177, subdivisions 1 and 4. In determining the original gross tax capacity the gross tax capacity of real property exempt from taxation at the time of the request shall be zero, except for real property which is tax exempt by reason of public ownership by the requesting authority and which has been publicly owned for less than one year prior to the date of the request for certification, in which event the gross tax capacity of the property shall be the gross tax capacity as most recently determined by the commissioner of revenue.

(b) The original gross tax capacity of any designated hazardous substance site or hazardous substance subdistrict shall be determined ~~on January 2 following~~ *as of the date the agency or municipality authority certifies to the county auditor that the agency or municipality has entered a redevelopment or other agreement for the removal actions or remedial actions specified in a development response action plan, or otherwise provided funds to finance the development response action plan. The original gross tax capacity equals (i) the gross tax capacity of the parcel or parcels in the site or subdistrict, as most recently determined by the commissioner of revenue, less (ii) the estimated reasonable and necessary costs of the removal actions and remedial actions as specified in a development response action plan to be undertaken with respect to the parcel as certified to the county auditor by the municipality or agency or parcels, (iii) but not less than zero.*

(c) The original gross tax capacity of a hazardous substance site or subdistrict shall be increased by the amount by which it was reduced pursuant to paragraph (b), clause (ii), upon certification by the municipality that the *cost of the removal and remedial actions specified in the development response action plan, except for long-term monitoring and similar activities, have been completed paid or reimbursed.*

(d) For purposes of this subdivision, "real property" shall include any property normally taxable as personal property by reason of its location on or over publicly owned property.

Sec. 4. Minnesota Statutes 1988, section 469.174, subdivision 16, is amended to read:

Subd. 16. [DESIGNATED HAZARDOUS SUBSTANCE SITE.] "Designated hazardous substance site" means any parcel or parcels with respect to which the authority or municipality has certified to the county auditor that the authority or municipality has entered into a redevelopment or other agreement providing for the removal actions or remedial actions specified in a development response action plan or the municipality or authority will use other available money, including without limitation tax increments, to finance the removal or remedial actions.

Sec. 5. Minnesota Statutes 1988, section 469.175, subdivision 7, is

amended to read:

Subd. 7. [CREATION OF HAZARDOUS SUBSTANCE SUBDISTRICT; RESPONSE ACTIONS.] (a) ~~A municipality or~~ An authority which is creating or has created a tax increment financing district may establish within the district a hazardous substance subdistrict upon the notice and after the discussion, public hearing, and findings required for approval of *or modification* to the original plan. The geographic area of the subdistrict is made up of any parcels in the district designated for inclusion by the municipality or authority that are designated hazardous substance sites, and any additional parcels in the district designated for inclusion that are contiguous except for the interposition of a right-of-way. Before or at the time of approval of the tax increment financing plan *or plan modification providing for the creation of the hazardous substance subdistrict*, the ~~municipality~~ authority must make the findings under paragraphs (b) to (d), and set forth in writing the reasons and supporting facts for each.

(b) Development or redevelopment of the site, in the opinion of the municipality, would not reasonably be expected to occur solely through private investment and tax increment otherwise available, and therefore the hazardous substance district is deemed necessary.

(c) Other parcels that are not designated hazardous substance sites are expected to be developed together with a designated hazardous substance site.

(d) The subdistrict is not larger than, and the period of time during which increments are elected to be received is not longer than, that which is necessary in the opinion of the municipality to provide for the additional costs due to the designated hazardous substance site.

(e) Upon request by a ~~municipality or~~ an authority that has incurred expenses for removal or remedial actions to implement a development response action plan, the attorney general may:

(1) bring a civil action on behalf of the ~~municipality or~~ authority to recover the expenses, including administrative costs and litigation expenses, under section 115B.04 or other law; or

(2) assist the ~~municipality or~~ agency authority in bringing an action as described in clause (1), by providing legal and technical advice, intervening in the action, or other appropriate assistance.

The decision to participate in any action to recover expenses is at the discretion of the attorney general.

(f) If the attorney general brings an action as provided in paragraph (e), clause (1), the ~~municipality or~~ authority shall certify its reasonable and necessary expenses incurred to implement the development response action plan and shall cooperate with the attorney general as required to effectively pursue the action. The certification by the ~~municipality or~~ authority is prima facie evidence that the expenses are reasonable and necessary. The attorney general may deduct litigation expenses incurred by the attorney general from any amounts recovered in an action brought under paragraph (e), clause (1). The ~~municipality or~~ authority shall reimburse the attorney general for litigation expenses not recovered in an action under paragraph (e), clause (1), and for litigation expenses incurred to assist in bringing an action under paragraph (e), clause (1), *but only from amounts recovered*

by the authority in an action brought under paragraph (e). All money recovered or paid to the attorney general for litigation expenses under this paragraph shall be paid to the general fund of the state for deposit to the account of the attorney general. For the purposes of this section, "litigation expenses" means attorney fees and costs of discovery and other preparation for litigation.

(g) The ~~municipality or~~ authority shall reimburse the pollution control agency for its administrative expenses incurred to review and approve a development action response plan and ~~associated activities~~, and for expenses incurred for any services rendered to the attorney general to support the attorney general in actions brought or assistance provided under paragraph (e), *but only from amounts recovered by the municipality or authority in an action brought under paragraph (e) or from the additional tax increment required to be used as described in section 469.176, subdivision 4e.* All money paid to the pollution control agency under this paragraph shall be deposited in the environmental response, compensation and compliance fund.

(h) Actions taken by a ~~municipality or~~ an authority consistent with a development response action plan are deemed to be authorized response actions for the purpose of section 115B.17, subdivision 12. ~~A municipality or agency~~ An authority that takes actions consistent with a development response action plan qualifies for the defenses available under sections 115B.04, subdivision 11, and 115B.05, subdivision 9.

(i) All money recovered by a ~~municipality or~~ authority in an action brought under paragraph (e) in excess of the amounts paid to the attorney general and the pollution control agency must be treated as excess increments and be distributed as provided in section 469.176, subdivision 2, clause (4), to the extent the removal and remedial actions were initially financed with increment revenues.

Sec. 6. Minnesota Statutes 1988, section 471.56, subdivision 5, is amended to read:

Subd. 5. In addition to other authority granted by this section, a county containing a city of the first class, a statutory or home rule charter city of the first or second class, and a metropolitan ~~commission~~ agency, as defined in section 473.121, may:

(2) enter into option agreements to buy or sell securities described in section 475.66, subdivision 3, clause (a), including option agreements to sell securities owned by it which are the subject of reverse repurchase agreements under section 475.76 which expire at or before the due date of the option agreement.

Sec. 7. [473.132] [SHORT-TERM INDEBTEDNESS.]

The council may issue certificates of indebtedness or capital notes to purchase equipment to be owned and used by the council and having an expected useful life at least as long as the terms of the certificates or notes. The certificates or notes shall be payable in not more than five years and shall be issued on the terms and in the manner the council determines.

For this purpose the council may secure payment of the certificates or notes by resolution or by trust indenture entered into by the council with a corporate trustee within or outside the state, and by a mortgage in the equipment financed. The total principal amount of the notes or certificates issued in a fiscal year should not exceed one-half of one percent of the tax capacity of the metropolitan area for that year. The full faith and credit of the council shall be pledged to the payment of the certificates or notes, and a tax levy shall be made for the payment of the principal and interest on the certificates or notes, in accordance with section 475.61, as in the case of bonds issued by a municipality. The tax levy authorized by this section must be deducted from the amount of taxes the council is otherwise authorized to levy under section 473.249.

Sec. 8. Minnesota Statutes 1988, section 473.541, subdivision 3, is amended to read:

Subd. 3. [GENERAL OBLIGATION BONDS.] The council may by resolution authorize the issuance of general obligation bonds for the acquisition or betterment of any interceptors or treatment works determined to be necessary or desirable for the metropolitan disposal system, or for the refunding of outstanding bonds, certificates of indebtedness, or judgments. The council shall provide for the issuance and sale and for the security of such bonds in the manner provided in chapter 475, and shall have the same powers and duties as a municipality issuing bonds under that law, except that no election shall be required and the net debt limitations in chapter 475 shall not apply to such bonds *and obligations of such issue may mature not later than 40 years from the date of issue.* The council may also pledge for the payment of such bonds any revenues receivable under section 473.517.

Sec. 9. Minnesota Statutes 1988, section 473.541, is amended by adding a subdivision to read:

Subd. 4. [REVENUE BONDS.] (a) *The council may, by resolution, authorize the issuance of revenue bonds for any purpose for which general obligation bonds may be issued under subdivision 3. The bonds shall be sold, issued, and secured in the manner provided in chapter 475 for bonds payable solely from revenues, except as otherwise provided in this subdivision, and the council shall have the same powers and duties as a municipality and its governing body in issuing bonds under that chapter. The bonds may be sold at public or private sale at such price, bear interest at such rate or rates, mature at such time or times, and be in such form as the council may determine. The bonds shall be payable from and secured by a pledge of all or any part of revenues receivable under section 473.517, shall not, and shall state they do not, represent or constitute a general obligation or debt of the council, and shall not be included in the net debt of any city, county, or other subdivision of the state for the purpose of any net debt limitation. The proceeds of the bonds may be used to pay credit enhancement fees.*

(b) *The bonds may be secured by a bond resolution, or a trust indenture entered into by the council with a corporate trustee within or outside the state, which shall define the revenues and bond proceeds pledged for the payment and security of the bonds. The pledge shall be a valid charge on the revenues received under section 473.517. No mortgage of or security interest in any tangible real or personal property shall be granted to the bondholders or the trustee, but they shall have a valid security interest in the revenues and bond proceeds received by the council and pledged to*

the payment of the bonds as against the claims of all persons in tort, contract, or otherwise, irrespective of whether such parties have notice thereof and without possession or filing as provided in the uniform commercial code or any other law, subject, however, to the rights of the holders of any general obligation bonds issued under subdivision 3. In the bond resolution or trust indenture, the council may make such covenants as it determines to be reasonable for the protection of the bondholders, including a covenant to issue general obligation bonds to refund the revenue bonds if and to the extent required to pay principal and interest on the bonds and to certify a deficiency tax levy as provided in section 473.521, subdivision 4.

(c) Neither the council, nor any council member, officer, employee, or agent of the council nor any person executing the bonds shall be liable personally on the bonds by reason of their issuance. The bonds shall not be payable from nor a charge upon any funds other than the revenues and bond proceeds pledged to the payment thereof. The council shall not be subject to any liability on the bonds and shall not pay or obligate itself to pay the bonds from funds other than the revenues and bond proceeds pledged. No holder of bonds shall have the right to compel any exercise of the taxing power of the council, except any deficiency tax levy the council covenants to certify under section 473.521, subdivision 4, or of any other public body, for the payment of principal of or interest on the bonds, nor to enforce payment thereof against any property of the council or other public body other than that expressly pledged for their payment.

Sec. 10. Minnesota Statutes 1988, section 475.51, is amended by adding a subdivision to read:

Subd. 13. [BOND REINVESTMENT PROGRAM.] "Bond reinvestment program" means a program under which a municipality, either directly or through an agent employed for the purpose, offers and sells its obligations to the holders of other obligations of the municipality. These offers and sales are directed at the reinvestment in new obligations of funds derived from maturing principal and interest, and may also include offers and sales of additional newly issued obligations in addition to the reinvestment of principal and interest paid or to be paid on outstanding obligations and provision for the temporary investment of funds received for the purchase of new obligations in tax-exempt securities pending the issuance of the new obligations.

Sec. 11. Minnesota Statutes 1988, section 475.51, is amended by adding a subdivision to read:

Subd. 14. [OTHER GOVERNMENTAL UNIT.] "Other governmental unit" means any public corporation, authority, governmental unit, or other political subdivision of the state of Minnesota that is not a municipality.

Sec. 12. Minnesota Statutes 1988, section 475.54, subdivision 4, is amended to read:

Subd. 4. [REDEMPTION.] Any obligation may be issued reserving the right of redemption and payment thereof prior to maturity, at par and accrued interest or at such premium and at such time or times as shall be determined by the governing body. Notice of the call of any prepayable obligation shall be published in a daily or weekly periodical published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service;

provided that published notice of the call need not be given if the obligation is in registered form and notice has been mailed to the registered holder of the obligation. When any such obligation has been validly called for redemption in accordance with its terms, and the principal thereof and all interest thereon to the date of redemption have been paid or deposited with the paying agent, interest thereon shall cease; provided that no obligation issued subsequent to July 1, 1967, shall be deemed validly called for redemption unless the notice herein required has been published or so mailed prior to the date fixed for its redemption. If actual notice of the call has been given through a different means of communication, the holder of an obligation may waive published or mailed notice.

Sec. 13. Minnesota Statutes 1988, section 475.54, is amended by adding a subdivision to read:

Subd. 6a. [FOREIGN CURRENCY OBLIGATIONS.] Any obligation issued as part of a series in a principal amount of \$25,000,000 or more may be payable in currency other than currency of the United States if at the time of issue of the obligation the municipality enters into an agreement with a bank or dealer described in section 475.66, subdivision 1, that provides for payments to the municipality in the foreign currency at the times and in the amounts necessary to pay principal and interest on the obligations when due and payable in the foreign currency and corresponding payments by the municipality in United States currency of a determinate amount or amounts and at the times the agreement specifies. For purposes of chapter 475, the outstanding amount of the municipality's obligations payable in a foreign currency is the principal component of all remaining payments to be made by the municipality in United States currency under the agreement and the amount or rate of interest on the obligations is the interest component of the payments.

Sec. 14. Minnesota Statutes 1988, section 475.55, subdivision 6, is amended to read:

The information is not public and is accessible only to the individual or entity that is the subject of it, except if disclosure:

A municipality or its agent may use the information in a register for purposes of offering obligations under a bond reinvestment program.

Obligations issued under a bond reinvestment program may be in any denomination as determined by the governing body or an officer acting pursuant to delegation from the governing body.

Sec. 16. Minnesota Statutes 1988, section 475.60, subdivision 1, is amended to read:

Subdivision 1. [ADVERTISEMENT.] All obligations shall be negotiated and sold by the governing body, except when authority therefor is delegated by the governing body or by the charter of the municipality to a board, department, or officers of the municipality. Except as provided in section 475.56, obligations shall be sold at not less than par value plus accrued interest to date of delivery. Except as provided in subdivision 2 all obligations shall be sold at public sale after notice given at least ten days in advance by publication in a legal newspaper having general circulation in the municipality and ten days in advance by publication in a daily or weekly periodical, published in a Minnesota city of the first class, or its metropolitan area, which circulates throughout the state and furnishes financial news as a part of its service.

(2) obligations sold by an issuer in an amount not exceeding the total sum of \$1,200,000 in any 12-month period;

(3) obligations issued by a governing body other than a school board in anticipation of the collection of taxes or other revenues appropriated for expenditure in a single year, if sold in accordance with the most favorable of two or more proposals solicited privately;

(4) obligations sold to any board, department, or agency of the United States of America or of the state of Minnesota, in accordance with rules or regulations promulgated by such board, department, or agency;

(5) obligations issued to fund pension and retirement fund liabilities under section 475.52, subdivision 6, obligations issued with tender options under section 475.54, subdivision 5a, ~~crossover~~ refunding obligations referred to in section 475.67, ~~subdivision 13~~, and any issue of obligations comprised in whole or in part of obligations bearing interest at a rate or rates which vary periodically referred to in section 475.56; ~~and~~

(6) obligations to be issued for a purpose, in a manner, and upon terms and conditions authorized by law, if the governing body of the municipality, on the advice of bond counsel or special tax counsel, determines that interest on the obligations cannot be represented to be excluded from gross income for purposes of federal income taxation;

(7) *obligations sold pursuant to a bond reinvestment program;*

(8) *obligations sold to a municipality or other governmental unit; and*

(9) *obligations issued in the form of an installment purchase contract, lease purchase agreement, or other similar agreement.*

Sec. 18. Minnesota Statutes 1988, section 475.60, subdivision 3, is amended to read:

Subd. 3. [PUBLISHED NOTICE.] Published notice, where required, shall specify the maximum principal amount of the obligations, the place of receipt and consideration of bids and such other details as to the obligations and terms of sale as the governing body deems suitable. The published notice shall either specify the date and time for receipt of bids or provide that the bids will be received at a date and time not less than ten nor more than 60 days after the date of publication. If the published notice does not state the specific date or amount for the sale, it shall specify the manner in which notice of the date or amount of the sale will be given to prospective bidders. Notification of prospective bidders shall be given by electronic data transmission or other form of communication common to the municipal bond trade at least four days (omitting Saturdays, Sundays, and legal holidays) before the date for receipt of bids. If within five days after the date of publication a prospective bidder requests in writing to be notified by mail, the municipality shall do so. Failure to give the notice as described in the preceding sentence to a bidder shall not affect the validity of the sale or of the obligations. The governing body may employ an agent to receive and open the bids at any place within or outside the corporate limits of the municipality, in the presence of an officer of the municipality *or the officer's designee*, but the obligations shall not be sold except by action of the governing body or authorized officers of the municipality after communication of the bids to them. Additional notice may be given for such time and in such manner as the governing body deems suitable. At the time and place so fixed, the bids shall be opened and the offer complying with the terms of sale and deemed most favorable shall be accepted, but the governing body may reject any and all such offers, in which event, or if no offers have been received, it may award the obligations to any person who within 30 days thereafter presents an offer complying with the terms of sale and deemed more favorable than any received previously, or upon like notice the governing body may invite other bids upon the same or different terms and conditions, except that if the original published notice does not state the specific date or amount for the sale and if the material terms and conditions of the sale remain the same, except for the date and amount, notice of the date or amount may be given in the manner provided above.

Sec. 19. Minnesota Statutes 1988, section 475.66, subdivision 1, is amended to read:

Subdivision 1. All debt service funds shall be deposited and secured as provided in chapter 118, except for amounts invested as authorized in this

section, and may be deposited in interest-bearing accounts, and such deposits may be evidenced by certificates of deposit with fixed maturities. Time deposits shall be withdrawable and certificates of deposit and investments shall mature and shall bear interest payable at times and in amounts which, in the judgment of the governing body or its treasurer or other officer or committee to which it has delegated investment decisions, will provide cash at the times and in the amounts required for the purposes of the debt service fund, provided however, that the governing body may authorize the purchase of longer term investments subject to an agreement to repurchase such investments at times and prices sufficient to yield the amounts estimated to be so required. Repurchase agreements may be entered into with
